(d) A municipality, township, county, or other unit of local government may authorize, by ordinance or resolution, the operation of non-highway vehicles on roadways under its jurisdiction if the unit of local government determines that the public safety will not be jeopardized. AN ACT concerning civil law.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Probate Act of 1975 is amended by changing Section 11-5.4 as follows:

(755 ILCS 5/11-5.4)
Sec. 11-5.4. Short-term guardian.
(a) A parent, adoptive parent, or adjudicated parent whose parental rights have not been terminated, or the guardian of the person of a minor may appoint in writing, without court approval, a short-term guardian of an unmarried minor or a child likely to be born. The written instrument appointing a short-term guardian shall be dated and shall identify the appointing parent or guardian, the minor, and the person appointed to be the short-term guardian. The written instrument shall be signed by, or at the direction of, the appointing parent in the presence of at least 2 credible witnesses at least 18 years of age, neither of whom is the person appointed as the short-term guardian. The person appointed as the short-term guardian shall also sign the written instrument, but need not sign at the same time as the appointing parent.

(b) A parent or guardian shall not appoint a short-term guardian of a minor if the minor has another living parent, adoptive parent or adjudicated parent, whose parental rights have not been terminated, whose whereabouts are known, and who is willing and able to make and carry out day-to-day child care decisions concerning the minor, unless the
nonappointing parent consents to the appointment by signing the written instrument of appointment.

(c) The appointment of the short-term guardian is effective immediately upon the date the written instrument is executed, unless the written instrument provides for the appointment to become effective upon a later specified date or event. Except as provided in subsection (e-5) of this Section, the short-term guardian shall have authority to act as guardian of the minor as provided in Section 11-13.2 for a period of 365 days from the date the appointment is effective, unless the written instrument provides for the appointment to terminate upon an earlier specified date or event. Only one written instrument appointing a short-term guardian may be in force at any given time.

(d) Every appointment of a short-term guardian may be amended or revoked by the appointing parent or by the appointing guardian of the person of the minor at any time and in any manner communicated to the short-term guardian or to any other person. Any person other than the short-term guardian to whom a revocation or amendment is communicated or delivered shall make all reasonable efforts to inform the short-term guardian of that fact as promptly as possible.

(e) The appointment of a short-term guardian or successor short-term guardian does not affect the rights of the other parent in the minor.

PUBLIC ACT 98-0569
(Senate Bill No. 1587)

AN ACT concerning criminal law.
Be it enacted by the People of the State of Illinois, represented in
the General Assembly:
Section 1. Short title. This Act may be cited as the Freedom from
Drone Surveillance Act.
Section 5. Definitions. As used in this Act:
"Authority" means the Illinois Criminal Justice Information
Authority.
"Drone" means any aerial vehicle that does not carry a human
operator.
"Information" means any evidence, images, sounds, data, or other
information gathered by a drone.
"Law enforcement agency" means any agency of this State or a
political subdivision of this State which is vested by law with the duty to
maintain public order and to enforce criminal laws.
Section 10. Prohibited use of drones. Except as provided in Section
15, a law enforcement agency may not use a drone to gather information.
Section 15. Exceptions. This Act does not prohibit the use of a
drone by a law enforcement agency:
(1) To counter a high risk of a terrorist attack by a specific
individual or organization if the United States Secretary of Homeland
Security determines that credible intelligence indicates that there is that
risk.
(2) If a law enforcement agency first obtains a search warrant based
on probable cause issued under Section 108-3 of the Code of Criminal
Procedure of 1963. The warrant must be limited to a period of 45 days,
renewable by the judge upon a showing of good cause for subsequent periods of 45 days.

(3) If a law enforcement agency possesses reasonable suspicion that, under particular circumstances, swift action is needed to prevent imminent harm to life, or to forestall the imminent escape of a suspect or the destruction of evidence. The use of a drone under this paragraph (3) is limited to a period of 48 hours. Within 24 hours of the initiation of the use of a drone under this paragraph (3), the chief executive officer of the law enforcement agency must report in writing the use of a drone to the local State's Attorney.

(4) If a law enforcement agency is attempting to locate a missing person, and is not also undertaking a criminal investigation.

(5) If a law enforcement agency is using a drone solely for crime scene and traffic crash scene photography. Crime scene and traffic crash photography must be conducted in a geographically confined and time-limited manner to document specific occurrences. The use of a drone under this paragraph (5) on private property requires either a search warrant based on probable cause under Section 108-3 of the Code of Criminal Procedure of 1963 or lawful consent to search. The use of a drone under this paragraph (5) on lands, highways, roadways, or areas belonging to this State or political subdivisions of this State does not require a search warrant or consent to search. Any law enforcement agency operating a drone under this paragraph (5) shall make every reasonable attempt to only photograph the crime scene or traffic crash scene and avoid other areas.

Section 20. Information retention. If a law enforcement agency uses a drone under Section 15 of this Act, the agency within 30 days shall destroy all information gathered by the drone, except that a supervisor at that agency may retain particular information if:

(1) there is reasonable suspicion that the information contains evidence of criminal activity, or

(2) the information is relevant to an ongoing investigation or pending criminal trial.

Section 25. Information disclosure. If a law enforcement agency uses a drone under Section 15 of this Act, the agency shall not disclose any information gathered by the drone, except that a supervisor of that agency may disclose particular information to another government agency, if (1) there is reasonable suspicion that the information contains evidence of
criminal activity, or (2) the information is relevant to an ongoing investigation or pending criminal trial.

Section 30. Admissibility. If the court finds by a preponderance of the evidence that a law enforcement agency used a drone to gather information in violation of the information gathering limits in Sections 10 and 15 of this Act, then the information shall be presumed to be inadmissible in any judicial or administrative proceeding. The State may overcome this presumption by proving the applicability of a judicially recognized exception to the exclusionary rule of the Fourth Amendment to the U.S. Constitution or Article I, Section 6 of the Illinois Constitution to the information. Nothing in this Act shall be deemed to prevent a court from independently reviewing the admissibility of the information for compliance with the aforementioned provisions of the U.S. and Illinois Constitutions.

Section 35. Reporting.
(a) If a law enforcement agency owns one or more drones, then subsequent to the effective date of this Act, it shall report in writing annually by April 1 to the Authority the number of drones that it owns.
(b) On July 1 of each year, the Authority shall publish on its publicly available website a concise report that lists every law enforcement agency that owns a drone, and for each of those agencies, the number of drones that it owns.

Approved August 27, 2013.
Effective January 1, 2014.

(c) The Department shall establish and maintain tax-supported child welfare services and extend and seek to improve voluntary services throughout the State, to the end that services and care shall be available on an equal basis throughout the State to children requiring such services.
(d) The Director may authorize advance disbursements for any new program initiative to any agency contracting with the Department. As a prerequisite for an advance disbursement, the contractor must post a surety bond in the amount of the advance disbursement and have a purchase of service contract approved by the Department. The Department may pay up to 2 months operational expenses in advance. The amount of the advance disbursement shall be prorated over the life of the contract or the remaining months of the fiscal year, whichever is less, and the installment amount shall then be deducted from future bills. Advance disbursement authorizations for new initiatives shall not be made to any agency after that agency has operated during 2 consecutive fiscal years. The requirements of this Section concerning advance disbursements shall not apply with respect to the following: payments to local public agencies for child day care services as authorized by Section 5a of this Act; and youth service programs receiving grant funds under Section 17a-4.

The plan may be developed within the Department or through purchase of services by the Department to the extent that it is within its statutory authority to do.

(i) Service programs shall be available throughout the State and shall include but not be limited to the following services:

1. case management;
2. homemakers;
3. counseling;
4. parent education;
5. day care; and
6. emergency assistance and advocacy.

In addition, the following services may be made available to assess and meet the needs of children and families:

1. comprehensive family-based services;
2. assessments;
3. respite care; and
4. in-home health services.

The Department shall provide transportation for any of the services it makes available to children or families or for which it refers children or families.

(j) The Department may provide categories of financial assistance and education assistance grants, and shall establish rules and regulations concerning the assistance and grants, to persons who adopt physically or mentally handicapped, older and other hard-to-place children who (i) immediately prior to their adoption were legal wards of the Department or (ii) were determined eligible for financial assistance with respect to a prior adoption and who become available for adoption because the prior adoption has been dissolved and the parental rights of the adoptive parents have been terminated or because the child's adoptive parents have died. The Department may continue to provide financial assistance and education assistance grants for a child who was determined eligible for financial assistance under this subsection (j) in the interim period.

beginning when the child's adoptive parents died and ending with the finalization of the new adoption of the child by another adoptive parent or parents. The Department may also provide categories of financial assistance and education assistance grants, and shall establish rules and regulations for the assistance and grants, to persons appointed guardian of the person under Section 5-7 of the Juvenile Court Act or Section 2-27, 3-28, 4-25 or 5-740 of the Juvenile Court Act of 1987 for children who were wards of the Department for 12 months immediately prior to the appointment of the guardian.

The amount of assistance may vary, depending upon the needs of the child and the adoptive parents, as set forth in the annual assistance agreement. Special purpose grants are allowed where the child requires special service but such costs may not exceed the amounts which similar services would cost the Department if it were to provide or secure them as guardian of the child.

Any financial assistance provided under this subsection is inalienable by assignment, sale, execution, attachment, garnishment, or any other remedy for recovery or collection of a judgment or debt.

(j-5) The Department shall not deny or delay the placement of a child for adoption if an approved family is available either outside of the Department region handling the case, or outside of the State of Illinois.

(k) The Department shall accept for care and training any child who has been adjudicated neglected or abused, or dependent committed to it pursuant to the Juvenile Court Act or the Juvenile Court Act of 1987.

(l) The Department shall offer family preservation services, as defined in Section 8.2 of the Abused and Neglected Child Reporting Act, to help families, including adoptive and extended families. Family preservation services shall be offered (i) to prevent the placement of children in substitute care when the children can be cared for at home or in the custody of the person responsible for the children's welfare, (ii) to reunite children with their families, or (iii) to maintain an adoptive placement. Family preservation services shall only be offered when doing so will not endanger the children's health or safety. With respect to children who are in substitute care pursuant to the Juvenile Court Act of 1987, family preservation services shall not be offered if a goal other than those of subdivisions (A), (B), or (B-1) of subsection (2) of Section 2-28 of that Act has been set. Nothing in this paragraph shall be construed to create a private right of action or claim on the part of any individual or child welfare agency, except that when a child is the subject of an action

under Article II of the Juvenile Court Act of 1987 and the child's service plan calls for services to facilitate achievement of the permanency goal, the court hearing the action under Article II of the Juvenile Court Act of 1987 may order the Department to provide the services set out in the plan, if those services are not provided with reasonable promptness and if those services are available.

The Department shall notify the child and his family of the Department's responsibility to offer and provide family preservation services as identified in the service plan. The child and his family shall be eligible for services as soon as the report is determined to be "indicated". The Department may offer services to any child or family with respect to whom a report of suspected child abuse or neglect has been filed, prior to concluding its investigation under Section 7.12 of the Abused and Neglected Child Reporting Act. However, the child's or family's willingness to accept services shall not be considered in the investigation. The Department may also provide services to any child or family who is the subject of any report of suspected child abuse or neglect or may refer such child or family to services available from other agencies in the community, even if the report is determined to be unfounded, if the conditions in the child's or family's home are reasonably likely to subject the child or family to future reports of suspected child abuse or neglect. Acceptance of such services shall be voluntary. The Department may also provide services to any child or family after completion of a family assessment, as an alternative to an investigation, as provided under the "differential response program" provided for in subsection (a-5) of Section 7.4 of the Abused and Neglected Child Reporting Act.

The Department may, at its discretion except for those children also adjudicated neglected or dependent, accept for care and training any child who has been adjudicated addicted, as a truant minor in need of supervision or as a minor requiring authoritative intervention, under the Juvenile Court Act or the Juvenile Court Act of 1987, but no such child shall be committed to the Department by any court without the approval of the Department. A minor charged with a criminal offense under the Criminal Code of 1961 or the Criminal Code of 2012 or adjudicated delinquent shall not be placed in the custody of or committed to the Department by any court, except (i) a minor less than 15 years of age committed to the Department under Section 5-710 of the Juvenile Court Act of 1987, (ii) a minor for whom an independent basis of abuse, neglect, or dependency exists, which must be defined by departmental rule, or (iii)
a minor for whom the court has granted a supplemental petition to
reinstate wardship pursuant to subsection (2) of Section 2-33 of the
Juvenile Court Act of 1987. An independent basis exists when the
allegations or adjudication of abuse, neglect, or dependency do not arise
from the same facts, incident, or circumstances which give rise to a charge
or adjudication of delinquency.

As soon as is possible after August 7, 2009 (the effective date of
Public Act 96-134), the Department shall develop and implement a special
program of family preservation services to support intact, foster, and
adoptive families who are experiencing extreme hardships due to the
difficulty and stress of caring for a child who has been diagnosed with a
pervasive developmental disorder if the Department determines that those
services are necessary to ensure the health and safety of the child. The
Department may offer services to any family whether or not a report has
been filed under the Abused and Neglected Child Reporting Act. The
Department may refer the child or family to services available from other
agencies in the community if the conditions in the child's or family's home
are reasonably likely to subject the child or family to future reports of
suspected child abuse or neglect. Acceptance of these services shall be
voluntary. The Department shall develop and implement a public
information campaign to alert health and social service providers and the
general public about these special family preservation services. The nature
and scope of the services offered and the number of families served under
the special program implemented under this paragraph shall be determined
by the level of funding that the Department annually allocates for this
purpose. The term "pervasive developmental disorder" under this
paragraph means a neurological condition, including but not limited to,
Asperger's Syndrome and autism, as defined in the most recent edition of
the Diagnostic and Statistical Manual of Mental Disorders of the American
Psychiatric Association.

(l-1) The legislature recognizes that the best interests of the child
require that the child be placed in the most permanent living arrangement
as soon as is practically possible. To achieve this goal, the legislature
directs the Department of Children and Family Services to conduct
concurrent planning so that permanency may occur at the earliest
opportunity. Permanent living arrangements may include prevention of
placement of a child outside the home of the family when the child can be
cared for at home without endangering the child's health or safety;
reunification with the family, when safe and appropriate, if temporary

placement is necessary; or movement of the child toward the most permanent living arrangement and permanent legal status.

When determining reasonable efforts to be made with respect to a child, as described in this subsection, and in making such reasonable efforts, the child's health and safety shall be the paramount concern.

When a child is placed in foster care, the Department shall ensure and document that reasonable efforts were made to prevent or eliminate the need to remove the child from the child's home. The Department must make reasonable efforts to reunify the family when temporary placement of the child occurs unless otherwise required, pursuant to the Juvenile Court Act of 1987. At any time after the dispositional hearing where the Department believes that further reunification services would be ineffective, it may request a finding from the court that reasonable efforts are no longer appropriate. The Department is not required to provide further reunification services after such a finding.

A decision to place a child in substitute care shall be made with considerations of the child's health, safety, and best interests. At the time of placement, consideration should also be given so that if reunification fails or is delayed, the placement made is the best available placement to provide permanency for the child.

The Department shall adopt rules addressing concurrent planning for reunification and permanency. The Department shall consider the following factors when determining appropriateness of concurrent planning:

1. the likelihood of prompt reunification;
2. the past history of the family;
3. the barriers to reunification being addressed by the family;
4. the level of cooperation of the family;
5. the foster parents' willingness to work with the family to reunite;
6. the willingness and ability of the foster family to provide an adoptive home or long-term placement;
7. the age of the child;
8. placement of siblings.

(m) The Department may assume temporary custody of any child if:

1. it has received a written consent to such temporary custody signed by the parents of the child or by the parent having

custody of the child if the parents are not living together or by the
guardian or custodian of the child if the child is not in the custody
of either parent, or

(2) the child is found in the State and neither a parent, 
guardian nor custodian of the child can be located.

If the child is found in his or her residence without a parent, guardian, 
custodian or responsible caretaker, the Department may, instead of
removing the child and assuming temporary custody, place an authorized
representative of the Department in that residence until such time as a
parent, guardian or custodian enters the home and expresses a willingness
and apparent ability to ensure the child's health and safety and resume
permanent charge of the child, or until a relative enters the home and is
willing and able to ensure the child's health and safety and assume charge
of the child until a parent, guardian or custodian enters the home and
expresses such willingness and ability to ensure the child's safety and
resume permanent charge. After a caretaker has remained in the home for
a period not to exceed 12 hours, the Department must follow those
procedures outlined in Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile

The Department shall have the authority, responsibilities and duties
that a legal custodian of the child would have pursuant to subsection (9) of
Section 1-3 of the Juvenile Court Act of 1987. Whenever a child is taken
into temporary custody pursuant to an investigation under the Abused and
Neglected Child Reporting Act, or pursuant to a referral and acceptance
under the Juvenile Court Act of 1987 of a minor in limited custody, the
Department, during the period of temporary custody and before the child is
brought before a judicial officer as required by Section 2-9, 3-11, 4-8, or 5-
415 of the Juvenile Court Act of 1987, shall have the authority,
responsibilities and duties that a legal custodian of the child would have
under subsection (9) of Section 1-3 of the Juvenile Court Act of 1987.

The Department shall ensure that any child taken into custody is
scheduled for an appointment for a medical examination.

A parent, guardian or custodian of a child in the temporary custody
of the Department who would have custody of the child if he were not in
the temporary custody of the Department may deliver to the Department a
signed request that the Department surrender the temporary custody of the
child. The Department may retain temporary custody of the child for 10
days after the receipt of the request, during which period the Department
may cause to be filed a petition pursuant to the Juvenile Court Act of
1987. If a petition is so filed, the Department shall retain temporary custody of the child until the court orders otherwise. If a petition is not filed within the 10 day period, the child shall be surrendered to the custody of the requesting parent, guardian or custodian not later than the expiration of the 10 day period, at which time the authority and duties of the Department with respect to the temporary custody of the child shall terminate.

(m-1) The Department may place children under 18 years of age in a secure child care facility licensed by the Department that cares for children who are in need of secure living arrangements for their health, safety, and well-being after a determination is made by the facility director and the Director or the Director's designate prior to admission to the facility subject to Section 2-27.1 of the Juvenile Court Act of 1987. This subsection (m-1) does not apply to a child who is subject to placement in a correctional facility operated pursuant to Section 3-15-2 of the Unified Code of Corrections, unless the child is a ward who was placed under the care of the Department before being subject to placement in a correctional facility and a court of competent jurisdiction has ordered placement of the child in a secure care facility.

(n) The Department may place children under 18 years of age in licensed child care facilities when in the opinion of the Department, appropriate services aimed at family preservation have been unsuccessful and cannot ensure the child's health and safety or are unavailable and such placement would be for their best interest. Payment for board, clothing, care, training and supervision of any child placed in a licensed child care facility may be made by the Department, by the parents or guardians of the estates of those children, or by both the Department and the parents or guardians, except that no payments shall be made by the Department for any child placed in a licensed child care facility for board, clothing, care, training and supervision of such a child that exceed the average per capita cost of maintaining and of caring for a child in institutions for dependent or neglected children operated by the Department. However, such restriction on payments does not apply in cases where children require specialized care and treatment for problems of severe emotional disturbance, physical disability, social adjustment, or any combination thereof and suitable facilities for the placement of such children are not available at payment rates within the limitations set forth in this Section. All reimbursements for services delivered shall be absolutely inalienable by assignment, sale, attachment, garnishment or otherwise.

(n-1) The Department shall provide or authorize child welfare services, aimed at assisting minors to achieve sustainable self-sufficiency as independent adults, for any minor eligible for the reinstatement of wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987, whether or not such reinstatement is sought or allowed, provided that the minor consents to such services and has not yet attained the age of 21. The Department shall have responsibility for the development and delivery of services under this Section. An eligible youth may access services under this Section through the Department of Children and Family Services or by referral from the Department of Human Services. Youth participating in services under this Section shall cooperate with the assigned case manager in developing an agreement identifying the services to be provided and how the youth will increase skills to achieve self-sufficiency. A homeless shelter is not considered appropriate housing for any youth receiving child welfare services under this Section. The Department shall continue child welfare services under this Section to any eligible minor until the minor becomes 21 years of age, no longer consents to participate, or achieves self-sufficiency as identified in the minor's service plan. The Department of Children and Family Services shall create clear, readable notice of the rights of former foster youth to child welfare services under this Section and how such services may be obtained. The Department of Children and Family Services and the Department of Human Services shall disseminate this information statewide. The Department shall adopt regulations describing services intended to assist minors in achieving sustainable self-sufficiency as independent adults.

(o) The Department shall establish an administrative review and appeal process for children and families who request or receive child welfare services from the Department. Children who are wards of the Department and are placed by private child welfare agencies, and foster families with whom those children are placed, shall be afforded the same procedural and appeal rights as children and families in the case of placement by the Department, including the right to an initial review of a private agency decision by that agency. The Department shall insure that any private child welfare agency, which accepts wards of the Department for placement, affords those rights to children and foster families. The Department shall accept for administrative review and an appeal hearing a complaint made by (i) a child or foster family concerning a decision following an initial review by a private child welfare agency or (ii) a
prospective adoptive parent who alleges a violation of subsection (j-5) of this Section. An appeal of a decision concerning a change in the placement of a child shall be conducted in an expedited manner.

(p) There is hereby created the Department of Children and Family Services Emergency Assistance Fund from which the Department may provide special financial assistance to families which are in economic crisis when such assistance is not available through other public or private sources and the assistance is deemed necessary to prevent dissolution of the family unit or to reunite families which have been separated due to child abuse and neglect. The Department shall establish administrative rules specifying the criteria for determining eligibility for and the amount and nature of assistance to be provided. The Department may also enter into written agreements with private and public social service agencies to provide emergency financial services to families referred by the Department. Special financial assistance payments shall be available to a family no more than once during each fiscal year and the total payments to a family may not exceed $500 during a fiscal year.

(q) The Department may receive and use, in their entirety, for the benefit of children any gift, donation or bequest of money or other property which is received on behalf of such children, or any financial benefits to which such children are or may become entitled while under the jurisdiction or care of the Department.

The Department shall set up and administer no-cost, interest-bearing accounts in appropriate financial institutions for children for whom the Department is legally responsible and who have been determined eligible for Veterans' Benefits, Social Security benefits, assistance allotments from the armed forces, court ordered payments, parental voluntary payments, Supplemental Security Income, Railroad Retirement payments, Black Lung benefits, or other miscellaneous payments. Interest earned by each account shall be credited to the account, unless disbursed in accordance with this subsection.

In disbursing funds from children's accounts, the Department shall:

1. Establish standards in accordance with State and federal laws for disbursing money from children's accounts. In all circumstances, the Department's "Guardianship Administrator" or his or her designee must approve disbursements from children's accounts. The Department shall be responsible for keeping complete records of all disbursements for each account for any purpose.

(2) Calculate on a monthly basis the amounts paid from State funds for the child's board and care, medical care not covered under Medicaid, and social services; and utilize funds from the child's account, as covered by regulation, to reimburse those costs. Monthly, disbursements from all children's accounts, up to 1/12 of $13,000,000, shall be deposited by the Department into the General Revenue Fund and the balance over 1/12 of $13,000,000 into the DCFS Children's Services Fund.

(3) Maintain any balance remaining after reimbursing for the child's costs of care, as specified in item (2). The balance shall accumulate in accordance with relevant State and federal laws and shall be disbursed to the child or his or her guardian, or to the issuing agency.

(r) The Department shall promulgate regulations encouraging all adoption agencies to voluntarily forward to the Department or its agent names and addresses of all persons who have applied for and have been approved for adoption of a hard-to-place or handicapped child and the names of such children who have not been placed for adoption. A list of such names and addresses shall be maintained by the Department or its agent, and coded lists which maintain the confidentiality of the person seeking to adopt the child and of the child shall be made available, without charge, to every adoption agency in the State to assist the agencies in placing such children for adoption. The Department may delegate to an agent its duty to maintain and make available such lists. The Department shall ensure that such agent maintains the confidentiality of the person seeking to adopt the child and of the child.

(s) The Department of Children and Family Services may establish and implement a program to reimburse Department and private child welfare agency foster parents licensed by the Department of Children and Family Services for damages sustained by the foster parents as a result of the malicious or negligent acts of foster children, as well as providing third party coverage for such foster parents with regard to actions of foster children to other individuals. Such coverage will be secondary to the foster parent liability insurance policy, if applicable. The program shall be funded through appropriations from the General Revenue Fund, specifically designated for such purposes.

(t) The Department shall perform home studies and investigations and shall exercise supervision over visitation as ordered by a court.
pursuant to the Illinois Marriage and Dissolution of Marriage Act or the Adoption Act only if:

(1) an order entered by an Illinois court specifically directs the Department to perform such services; and

(2) the court has ordered one or both of the parties to the proceeding to reimburse the Department for its reasonable costs for providing such services in accordance with Department rules, or has determined that neither party is financially able to pay.

The Department shall provide written notification to the court of the specific arrangements for supervised visitation and projected monthly costs within 60 days of the court order. The Department shall send to the court information related to the costs incurred except in cases where the court has determined the parties are financially unable to pay. The court may order additional periodic reports as appropriate.

(u) In addition to other information that must be provided, whenever the Department places a child with a prospective adoptive parent or parents or in a licensed foster home, group home, child care institution, or in a relative home, the Department shall provide to the prospective adoptive parent or parents or other caretaker:

(1) available detailed information concerning the child's educational and health history, copies of immunization records (including insurance and medical card information), a history of the child's previous placements, if any, and reasons for placement changes excluding any information that identifies or reveals the location of any previous caretaker;

(2) a copy of the child's portion of the client service plan, including any visitation arrangement, and all amendments or revisions to it as related to the child; and

(3) information containing details of the child's individualized educational plan when the child is receiving special education services.

The caretaker shall be informed of any known social or behavioral information (including, but not limited to, criminal background, fire setting, perpetuation of sexual abuse, destructive behavior, and substance abuse) necessary to care for and safeguard the children to be placed or currently in the home. The Department may prepare a written summary of the information required by this paragraph, which may be provided to the foster or prospective adoptive parent in advance of a placement. The foster or prospective adoptive parent may review the supporting documents in

the child's file in the presence of casework staff. In the case of an emergency placement, casework staff shall at least provide known information verbally, if necessary, and must subsequently provide the information in writing as required by this subsection.

The information described in this subsection shall be provided in writing. In the case of emergency placements when time does not allow prior review, preparation, and collection of written information, the Department shall provide such information as it becomes available. Within 10 business days after placement, the Department shall obtain from the prospective adoptive parent or parents or other caretaker a signed verification of receipt of the information provided. Within 10 business days after placement, the Department shall provide to the child's guardian ad litem a copy of the information provided to the prospective adoptive parent or parents or other caretaker. The information provided to the prospective adoptive parent or parents or other caretaker shall be reviewed and approved regarding accuracy at the supervisory level.

(u-5) Effective July 1, 1995, only foster care placements licensed as foster family homes pursuant to the Child Care Act of 1969 shall be eligible to receive foster care payments from the Department. Relative caregivers who, as of July 1, 1995, were approved pursuant to approved relative placement rules previously promulgated by the Department at 89 Ill. Adm. Code 335 and had submitted an application for licensure as a foster family home may continue to receive foster care payments only until the Department determines that they may be licensed as a foster family home or that their application for licensure is denied or until September 30, 1995, whichever occurs first.

(v) The Department shall access criminal history record information as defined in the Illinois Uniform Conviction Information Act and information maintained in the adjudicatory and dispositional record system as defined in Section 2605-355 of the Department of State Police Law (20 ILCS 2605/2605-355) if the Department determines the information is necessary to perform its duties under the Abused and Neglected Child Reporting Act, the Child Care Act of 1969, and the Children and Family Services Act. The Department shall provide for interactive computerized communication and processing equipment that permits direct on-line communication with the Department of State Police's central criminal history data repository. The Department shall comply with all certification requirements and provide certified operators who have been trained by personnel from the Department of State Police.
In addition, one Office of the Inspector General investigator shall have training in the use of the criminal history information access system and have access to the terminal. The Department of Children and Family Services and its employees shall abide by rules and regulations established by the Department of State Police relating to the access and dissemination of this information.

(v-1) Prior to final approval for placement of a child, the Department shall conduct a criminal records background check of the prospective foster or adoptive parent, including fingerprint-based checks of national crime information databases. Final approval for placement shall not be granted if the record check reveals a felony conviction for child abuse or neglect, for spousal abuse, for a crime against children, or for a crime involving violence, including rape, sexual assault, or homicide, but not including other physical assault or battery, or if there is a felony conviction for physical assault, battery, or a drug-related offense committed within the past 5 years.

(v-2) Prior to final approval for placement of a child, the Department shall check its child abuse and neglect registry for information concerning prospective foster and adoptive parents, and any adult living in the home. If any prospective foster or adoptive parent or other adult living in the home has resided in another state in the preceding 5 years, the Department shall request a check of that other state's child abuse and neglect registry.

(w) Within 120 days of August 20, 1995 (the effective date of Public Act 89-392), the Department shall prepare and submit to the Governor and the General Assembly, a written plan for the development of in-state licensed secure child care facilities that care for children who are in need of secure living arrangements for their health, safety, and well-being. For purposes of this subsection, secure care facility shall mean a facility that is designed and operated to ensure that all entrances and exits from the facility, a building or a distinct part of the building, are under the exclusive control of the staff of the facility, whether or not the child has the freedom of movement within the perimeter of the facility, building, or distinct part of the building. The plan shall include descriptions of the types of facilities that are needed in Illinois; the cost of developing these secure care facilities; the estimated number of placements; the potential cost savings resulting from the movement of children currently out-of-state who are projected to be returned to Illinois; the necessary geographic...
distribution of these facilities in Illinois; and a proposed timetable for
development of such facilities.

(x) The Department shall conduct annual credit history checks to
determine the financial history of children placed under its guardianship
pursuant to the Juvenile Court Act of 1987. The Department shall conduct
such credit checks starting when a ward turns 12 years old and each year
thereafter for the duration of the guardianship as terminated pursuant to
the Juvenile Court Act of 1987. The Department shall determine if
financial exploitation of the child's personal information has occurred. If
financial exploitation appears to have taken place or is presently ongoing,
the Department shall notify the proper law enforcement agency, the proper
State's Attorney, or the Attorney General.

(y) Beginning on the effective date of this amendatory Act of the
96th General Assembly, a child with a disability who receives residential
and educational services from the Department shall be eligible to receive
transition services in accordance with Article 14 of the School Code from
the age of 14.5 through age 21, inclusive, notwithstanding the child's
residential services arrangement. For purposes of this subsection, "child
with a disability" means a child with a disability as defined by the federal
Individuals with Disabilities Education Improvement Act of 2004.

(z) The Department shall access criminal history record
information as defined as "background information" in this subsection
and criminal history record information as defined in the Illinois Uniform
Conviction Information Act for each Department employee or Department
applicant. Each Department employee or Department applicant shall
submit his or her fingerprints to the Department of State Police in the
form and manner prescribed by the Department of State Police. These
fingerprints shall be checked against the fingerprint records now and
hereafter filed in the Department of State Police and the Federal Bureau
of Investigation criminal history records databases. The Department of
State Police shall charge a fee for conducting the criminal history record
check, which shall be deposited into the State Police Services Fund and
shall not exceed the actual cost of the record check. The Department of
State Police shall furnish, pursuant to positive identification, all Illinois
conviction information to the Department of Children and Family
Services.

For purposes of this subsection:
"Background information" means all of the following:

Section 15. The Automobile Renting Occupation and Use Tax Act is amended by changing Section 2 as follows:

(35 ILCS 155/2) (from Ch. 120, par. 1702)

Sec. 2. Definitions. "Renting" means any transfer of the possession or right to possession of an automobile to a user for a valuable consideration for a period of one year or less.

"Renting" does not include making a charge for the use of an automobile where the rentor, either himself or through an agent, furnishes a service of operating an automobile so that the rentor remains in possession of the automobile, because this does not constitute a transfer of possession or right to possession of the automobile.

"Renting" does not include the making of a charge by an automobile dealer for the use of an automobile as a demonstrator in connection with the dealer's business of selling, where the charge is merely made to recover the costs of operating the automobile as a demonstrator and is not intended as a rental or leasing charge in the ordinary sense.

"Automobile" means (1) any motor vehicle of the first division, or (2) a motor vehicle of the second division which: (A) is a self-contained motor vehicle designed or permanently converted to provide living quarters for recreational, camping or travel use, with direct walk through

access to the living quarters from the driver's seat; (B) is a motor vehicle of the second division which is of the van configuration designed for the transportation of not less than 7 nor more than 16 passengers, as defined in Section 1-146 of the Illinois Vehicle Code; or (C) has a Gross Vehicle Weight Rating, as defined in Section 1-124.5 of the Illinois Vehicle Code, of 8,000 pounds or less.

"Department" means the Department of Revenue.

"Person" means any natural individual, firm, partnership, association, joint stock company, joint adventure, public or private corporation, limited liability company, or a receiver, executor, trustee, conservator or other representative appointed by order of any court.

"Rentor" means any person, firm, corporation or association engaged in the business of renting or leasing automobiles to users. For this purpose, the objective of making a profit is not necessary to make the renting activity a business.

"Rentee" means any user to whom the possession, or the right to possession, of an automobile is transferred for a valuable consideration for a period of one year or less, whether paid for by the "rentee" or by someone else.

"Gross receipts" from the renting of tangible personal property or "rent" means the total rental price or leasing price. In the case of rental transactions in which the consideration is paid to the rentor on an installment basis, the amounts of such payments shall be included by the rentor in gross receipts or rent only as and when payments are received by the rentor.

"Gross receipts" does not include receipts received by an automobile dealer from a manufacturer or service contract provider for the use of an automobile by a person while that person's automobile is being repaired by that automobile dealer and the repair is made pursuant to a manufacturer's warranty or a service contract where a manufacturer or service contract provider reimburses that automobile dealer pursuant to a manufacturer's warranty or a service contract and the reimbursement is merely made to recover the costs of operating the automobile as a loaner vehicle.

"Rental price" means the consideration for renting or leasing an automobile valued in money, whether received in money or otherwise, including cash credits, property and services, and shall be determined without any deduction on account of the cost of the property rented, the cost of materials used, labor or service cost, or any other expense

whatsoever, but does not include charges that are added by a rentor on account of the rentor's tax liability under this Act or on account of the rentor's duty to collect, from the rentee, the tax that is imposed by Section 4 of this Act. The phrase "rental price" does not include compensation paid to a rentor by a rentee in consideration of the waiver by the rentor of any right of action or claim against the rentee for loss or damage to the automobile rented and also does not include a separately stated charge for insurance or recovery of refueling costs or other separately stated charges that are not for the use of tangible personal property.

Persons committed to imprisonment as a condition of probation or

Judge shall be in the form of an administrative order. The fees shall be collected by the clerk of the circuit court. The county treasurer shall deposit the fees collected in the county working cash fund under Section 6-27001 or Section 6-29002 of the Counties Code, as the case may be.

(h) Jurisdiction over an offender may be transferred from the sentencing court to the court of another circuit with the concurrence of both courts. Further transfers or retransfers of jurisdiction are also authorized in the same manner. The court to which jurisdiction has been transferred shall have the same powers as the sentencing court. For all transfer cases, as defined in Section 9b of the Probation and Probation Officers Act, the probation department from the original sentencing court shall retain all probation fees collected prior to the transfer. After the transfer all probation fees shall be paid to the probation department within the circuit to which jurisdiction has been transferred.

(i) The court shall impose upon an offender sentenced to probation after January 1, 1989 or to conditional discharge after January 1, 1992 or to community service under the supervision of a probation or court services department after January 1, 2004, as a condition of such probation or conditional discharge or supervised community service, a fee of $50 for each month of probation or conditional discharge supervision or supervised community service ordered by the court, unless after determining the inability of the person sentenced to probation or conditional discharge or supervised community service to pay the fee, the court assesses a lesser fee. The court may not impose the fee on a minor who is made a ward of the State under the Juvenile Court Act of 1987 while the minor is in placement. The fee shall be imposed only upon an offender who is actively supervised by the probation and court services department. The fee shall be collected by the clerk of the circuit court. The clerk of the circuit court shall pay all monies collected from this fee to the county treasurer for deposit in the probation and court services fund under Section 15.1 of the Probation and Probation Officers Act.

A circuit court may not impose a probation fee under this subsection (i) in excess of $25 per month unless the circuit court has adopted, by administrative order issued by the chief judge, a standard probation fee guide determining an offender's ability to pay. Of the amount collected as a probation fee, up to $5 of that fee collected per month may be used to provide services to crime victims and their families.

The Court may only waive probation fees based on an offender's ability to pay. The probation department may re-evaluate an offender's ability to pay every 6 months, and, with the approval of the Director of Court Services or the Chief Probation Officer, adjust the monthly fee amount. An offender may elect to pay probation fees due in a lump sum. Any offender that has been assigned to the supervision of a probation department, or has been transferred either under subsection (h) of this Section or under any interstate compact, shall be required to pay probation fees to the department supervising the offender, based on the offender's ability to pay.

This amendatory Act of the 93rd General Assembly deletes the $10 increase in the fee under this subsection that was imposed by Public Act 93-616. This deletion is intended to control over any other Act of the 93rd General Assembly that retains or incorporates that fee increase.

(i-5) In addition to the fees imposed under subsection (i) of this Section, in the case of an offender convicted of a felony sex offense (as defined in the Sex Offender Management Board Act) or an offense that the court or probation department has determined to be sexually motivated (as defined in the Sex Offender Management Board Act), the court or the probation department shall assess additional fees to pay for all costs of treatment, assessment, evaluation for risk and treatment, and monitoring the offender, based on that offender's ability to pay those costs either as they occur or under a payment plan.

(j) All fines and costs imposed under this Section for any violation of Chapters 3, 4, 6, and 11 of the Illinois Vehicle Code, or a similar provision of a local ordinance, and any violation of the Child Passenger Protection Act, or a similar provision of a local ordinance, shall be collected and disbursed by the circuit clerk as provided under Section 27.5 of the Clerks of Courts Act.

(k) Any offender who is sentenced to probation or conditional discharge for a felony sex offense as defined in the Sex Offender Management Board Act or any offense that the court or probation department has determined to be sexually motivated as defined in the Sex

PUBLIC ACT 98-0579
(Senate Bill No. 1968)

AN ACT concerning criminal law.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Code of Criminal Procedure of 1963 is amended by changing Section 115-5 as follows:
(725 ILCS 5/115-5) (from Ch. 38, par. 115-5)
Sec. 115-5. Business records as evidence.
(a) Any writing or record, whether in the form of an entry in a book or otherwise, made as a memorandum or record of any act, transaction, occurrence, or event, shall be admissible as evidence of such act, transaction, occurrence, or event, if made in regular course of any business, and if it was the regular course of such business to make such memorandum or record at the time of such act, transaction, occurrence, or event or within a reasonable time thereafter.
All other circumstances of the making of such writing or record, including lack of personal knowledge by the entrant or maker, may be shown to affect its weight, but such circumstances shall not affect its admissibility.
The term "business," as used in this Section, includes business, profession, occupation, and calling of every kind.
(b) If any business, institution, member of a profession or calling, or any department or agency of government, in the regular course of business or activity has kept or recorded any memorandum, writing, entry, print, representation or combination thereof, of any act, transaction, occurrence, or event, and in the regular course of business has caused any or all of the same to be recorded, copied, or reproduced by any photographic, photostatic, microfilm, micro-card, miniature photographic, optical imaging, or other process which accurately reproduces or forms a

New matter indicated by italics - deletions by strikeout
medium for so reproducing the original, the original may be destroyed in
the regular course of business unless its preservation is required by law.
Such reproduction, when satisfactorily identified, is as admissible in
evidence as the original itself in any proceeding whether the original is in
existence or not and an enlargement or facsimile of such reproduction is
likewise admissible in evidence if the original reproduction is in existence
and available for inspection under direction of court. The introduction of a
reproduced record, enlargement, or facsimile does not preclude admission
of the original. This Section shall not be construed to exclude from
evidence any document or copy thereof which is otherwise admissible
under the rules of evidence.

(c) No writing or record made in the regular course of any business
shall become admissible as evidence by the application of this Section if:

(1) Such writing or record has been made by anyone in the
regular course of any form of hospital or medical business; or

(2) Such writing or record has been made by anyone during
an investigation of an alleged offense or during any investigation
relating to pending or anticipated litigation of any kind, except
during a hearing to revoke a sentence of probation or conditional
discharge or an order of court supervision that is based on a
technical violation of a sentencing order when the hearing involves
a probationer or defendant who has transferred or moved from the
county having jurisdiction over the original charge or sentence. For
the purposes of this subsection (c), "technical violation" means a
breach of a sentencing order but does not include an allegation of a
subsequent criminal act asserted in a formal criminal charge.

(d) Upon request of the moving party and with reasonable notice
given to the opposing party, in a criminal prosecution in which the
defendant is accused of an offense under Article 16 or 17 of the Criminal
Code of 1961 or the Criminal Code of 2012, the court may, after a
hearing, for good cause and upon appropriate safeguards, permit live
foundational testimony business records as evidence, subject to cross-
examination, in open court by means of a contemporaneous audio and
video transmission from outside of this State.

educator licenses. These examinations and indicators must be based on national and State professional teaching standards, as determined by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board. The State Board of Education may adopt such rules as may be necessary to implement and administer this Section. No score on a test required under this Section, other than a test of basic skills, shall be more than 5 years old at the time that an individual makes application for an educator license or endorsement.

(c) Applicants seeking a Professional Educator License or an Educator License with Stipulations shall be required to pass a test of basic skills, unless the endorsement the individual is seeking does not require passage of the test.

No candidate may be fully admitted into an educator preparation program at a recognized Illinois institution until he or she has passed a test of basic skills. An individual who passes a test of basic skills does not need to do so again for subsequent endorsements or other educator licenses.

(d) All applicants seeking a State license shall be required to pass a test of content area knowledge for each area of endorsement for which there is an applicable test. There shall be no exception to this requirement. No candidate shall be allowed to student teach or serve as the teacher of record, or begin an internship or residency required for licensure until he or she has passed the applicable content area test.

(e) All applicants seeking a State license endorsed in a teaching field shall pass the assessment of professional teaching (APT). Passage of the APT is required for completion of an approved Illinois educator preparation program.

(f) Beginning on September 1, 2015, all candidates completing teacher preparation programs in this State are required to pass an evidence-based assessment of teacher effectiveness approved by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board. All recognized institutions offering approved teacher preparation programs must begin phasing in the approved teacher performance assessment no later than July 1, 2013.

(g) Tests of basic skills and content area knowledge and the assessment of professional teaching shall be the tests that from time to time are designated by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board, and may be tests prepared by an educational testing organization or tests designed by the
State Board of Education, in consultation with the State Educator Preparation and Licensure Board. The areas to be covered by a test of basic skills shall include reading, language arts, and mathematics. The test of content area knowledge shall assess content knowledge in a specific subject field. The tests must be designed to be racially neutral to ensure that no person taking the tests is discriminated against on the basis of race, color, national origin, or other factors unrelated to the person's ability to perform as a licensed employee. The score required to pass the tests shall be fixed by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board. The tests shall be administered not fewer than 3 times a year at such time and place as may be designated by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board.

The State Board shall implement a test or tests to assess the speaking, reading, writing, and grammar skills of applicants for an endorsement or a license issued under subdivision (G) of paragraph (2) of Section 21B-20 of this Code in the English language and in the language of the transitional bilingual education program requested by the applicant.

(h) Except as provided in Section 34-6 of this Code, the provisions of this Section shall apply equally in any school district subject to Article 34 of this Code.

(i) The rules developed to implement and enforce the testing requirements under this Section shall include provisions governing test selection, test validation and determination of a passing score, administration of the tests, frequency of administration, applicant fees, frequency of applicants taking the tests, the years for which a score is valid, and appropriate special accommodations. The State Board of Education shall develop such rules as may be needed to ensure uniformity from year to year in the level of difficulty for each form of an assessment.

(4) To enter the office, riverboats, facilities, or other places of business of a licensee, where evidence of the compliance or noncompliance with the provisions of this Act is likely to be found.

Section 10. The Video Gaming Act is amended by changing Section 15 as follows:

(230 ILCS 40/15)

Sec. 15. Minimum requirements for licensing and registration. Every video gaming terminal offered for play shall first be tested and approved pursuant to the rules of the Board, and each video gaming terminal offered in this State for play shall conform to an approved model. For the examination of video gaming machines and associated equipment as required by this Section, the Board may utilize the services of one or more independent outside testing laboratories that have been accredited by a national accreditation body and that, in the judgment of the Board, are qualified to perform such examinations. Every video gaming terminal offered in this State for play must meet minimum standards set by an independent outside testing laboratory approved by the Board. Each approved model shall, at a minimum, meet the following criteria:

(1) It must conform to all requirements of federal law and regulations, including FCC Class A Emissions Standards.

(2) It must theoretically pay out a mathematically demonstrable percentage during the expected lifetime of the machine of all amounts played, which must not be less than 80%. The Board shall establish a maximum payout percentage for approved models by rule. Video gaming terminals that may be affected by skill must meet this standard when using a method of play that will provide the greatest return to the player over a period of continuous play.

(3) It must use a random selection process to determine the outcome of each play of a game. The random selection process must meet 99% confidence limits using a standard chi-squared test for (randomness) goodness of fit.

(4) It must display an accurate representation of the game outcome.

(5) It must not automatically alter pay tables or any function of the video gaming terminal based on internal computation of hold percentage or have any means of manipulation that affects the random selection process or probabilities of winning a game.

(6) It must not be adversely affected by static discharge or other electromagnetic interference.

New matter indicated by italics - deletions by strikeout
(7) It must be capable of detecting and displaying the following conditions during idle states or on demand: power reset; door open; and door just closed.

(8) It must have the capacity to display complete play history (outcome, intermediate play steps, credits available, bets placed, credits paid, and credits cashed out) for the most recent game played and 10 games prior thereto.

(9) The theoretical payback percentage of a video gaming terminal must not be capable of being changed without making a hardware or software change in the video gaming terminal, either on site or via the central communications system.

(10) Video gaming terminals must be designed so that replacement of parts or modules required for normal maintenance does not necessitate replacement of the electromechanical meters.

(11) It must have nonresettable meters housed in a locked area of the terminal that keep a permanent record of all cash inserted into the machine, all winnings made by the terminal printer, credits played in for video gaming terminals, and credits won by video gaming players. The video gaming terminal must provide the means for on-demand display of stored information as determined by the Board.

(12) Electronically stored meter information required by this Section must be preserved for a minimum of 180 days after a power loss to the service.

(13) It must have one or more mechanisms that accept cash in the form of bills. The mechanisms shall be designed to prevent obtaining credits without paying by stringing, slamming, drilling, or other means. If such attempts at physical tampering are made, the video gaming terminal shall suspend itself from operating until reset.

(14) It shall have accounting software that keeps an electronic record which includes, but is not limited to, the following: total cash inserted into the video gaming terminal; the value of winning tickets claimed by players; the total credits played; the total credits awarded by a video gaming terminal; and pay back percentage credited to players of each video game.

(15) It shall be linked by a central communications system to provide auditing program information as approved by the Board. The central communications system shall use a standard industry protocol.
protocol, as defined by the Gaming Standards Association, and shall have the functionality to enable the Board or its designee to activate or deactivate individual gaming devices from the central communications system. In no event may the communications system approved by the Board limit participation to only one manufacturer of video gaming terminals by either the cost in implementing the necessary program modifications to communicate or the inability to communicate with the central communications system.

(16) The Board, in its discretion, may require video gaming terminals to display Amber Alert messages if the Board makes a finding that it would be economically and technically feasible and pose no risk to the integrity and security of the central communications system and video gaming terminals.

The Board may adopt rules to establish additional criteria to preserve the integrity and security of video gaming in this State. The central communications system vendor may not hold any license issued by the Board under this Act.

(35 ILCS 105/3-50) (from Ch. 120, par. 439.3-50)

Sec. 3-50. Manufacturing and assembly exemption. The manufacturing and assembling machinery and equipment exemption includes machinery and equipment that replaces machinery and equipment in an existing manufacturing facility as well as machinery and equipment that are for use in an expanded or new manufacturing facility. The machinery and equipment exemption also includes machinery and equipment used in the general maintenance or repair of exempt machinery and equipment or for in-house manufacture of exempt machinery and equipment. The machinery and equipment exemption does not include machinery and equipment used in (i) the generation of electricity for wholesale or retail sale; (ii) the generation or treatment of natural or artificial gas for wholesale or retail sale that is delivered to customers through pipes, pipelines, or mains; or (iii) the treatment of water for wholesale or retail sale that is delivered to customers through pipes, pipelines, or mains. The provisions of this amendatory Act of the 98th General Assembly are declaratory of existing law as to the meaning and scope of this exemption. For the purposes of this exemption, terms have the following meanings:

(1) "Manufacturing process" means the production of an article of tangible personal property, whether the article is a
finished product or an article for use in the process of manufacturing or assembling a different article of tangible personal property, by a procedure commonly regarded as manufacturing, processing, fabricating, or refining that changes some existing material into a material with a different form, use, or name. In relation to a recognized integrated business composed of a series of operations that collectively constitute manufacturing, or individually constitute manufacturing operations, the manufacturing process commences with the first operation or stage of production in the series and does not end until the completion of the final product in the last operation or stage of production in the series. For purposes of this exemption, photoprocessing is a manufacturing process of tangible personal property for wholesale or retail sale.

(2) "Assembling process" means the production of an article of tangible personal property, whether the article is a finished product or an article for use in the process of manufacturing or assembling a different article of tangible personal property, by the combination of existing materials in a manner commonly regarded as assembling that results in an article or material of a different form, use, or name.

(3) "Machinery" means major mechanical machines or major components of those machines contributing to a manufacturing or assembly process.

(4) "Equipment" includes an independent device or tool separate from machinery but essential to an integrated manufacturing or assembly process; including computers used primarily in a manufacturer's computer assisted design, computer assisted manufacturing (CAD/CAM) system; any subunit or assembly comprising a component of any machinery or auxiliary, adjunct, or attachment parts of machinery, such as tools, dies, jigs, fixtures, patterns, and molds; and any parts that require periodic replacement in the course of normal operation; but does not include hand tools. Equipment includes chemicals or chemicals acting as catalysts but only if the chemicals or chemicals acting as catalysts effect a direct and immediate change upon a product being manufactured or assembled for wholesale or retail sale or lease.

(5) "Production related tangible personal property" means all tangible personal property that is used or consumed by the purchaser in a manufacturing facility in which a manufacturing process takes place and includes, without limitation, tangible personal property that is purchased for incorporation into real estate within a manufacturing facility and tangible personal property that is used or consumed in activities such as research and development, preproduction material handling, receiving, quality control, inventory control, storage, staging, and packaging for shipping and transportation purposes. "Production related tangible personal property" does not include (i) tangible personal property that is used, within or without a manufacturing facility, in sales, purchasing, accounting, fiscal management, marketing, personnel recruitment or selection, or landscaping or (ii) tangible personal property that is required to be titled or registered with a department, agency, or unit of federal, State, or local government.

The manufacturing and assembling machinery and equipment exemption includes production related tangible personal property that is purchased on or after July 1, 2007 and on or before June 30, 2008. The exemption for production related tangible personal property is subject to both of the following limitations:

1. The maximum amount of the exemption for any one taxpayer may not exceed 5% of the purchase price of production related tangible personal property that is purchased on or after July 1, 2007 and on or before June 30, 2008. A credit under Section 3-85 of this Act may not be earned by the purchase of production related tangible personal property for which an exemption is received under this Section.

2. The maximum aggregate amount of the exemptions for production related tangible personal property awarded under this Act and the Retailers' Occupation Tax Act to all taxpayers may not exceed $10,000,000. If the claims for the exemption exceed $10,000,000, then the Department shall reduce the amount of the exemption to each taxpayer on a pro rata basis.

The Department may adopt rules to implement and administer the exemption for production related tangible personal property.

The manufacturing and assembling machinery and equipment exemption includes the sale of materials to a purchaser who produces exempted types of machinery, equipment, or tools and who rents or leases...
that machinery, equipment, or tools to a manufacturer of tangible personal property. This exemption also includes the sale of materials to a purchaser who manufactures those materials into an exempted type of machinery, equipment, or tools that the purchaser uses himself or herself in the manufacturing of tangible personal property. This exemption includes the sale of exempted types of machinery or equipment to a purchaser who is not the manufacturer, but who rents or leases the use of the property to a manufacturer. The purchaser of the machinery and equipment who has an active resale registration number shall furnish that number to the seller at the time of purchase. A user of the machinery, equipment, or tools without an active resale registration number shall prepare a certificate of exemption for each transaction stating facts establishing the exemption for that transaction, and that certificate shall be available to the Department for inspection or audit. The Department shall prescribe the form of the certificate. Informal rulings, opinions, or letters issued by the Department in response to an inquiry or request for an opinion from any person regarding the coverage and applicability of this exemption to specific devices shall be published, maintained as a public record, and made available for public inspection and copying. If the informal ruling, opinion, or letter contains trade secrets or other confidential information, where possible, the Department shall delete that information before publication. Whenever informal rulings, opinions, or letters contain a policy of general applicability, the Department shall formulate and adopt that policy as a rule in accordance with the Illinois Administrative Procedure Act.

"Use" means the exercise by any person of any right or power over tangible personal property incident to the ownership of that property, but does not include the sale or use for demonstration by him of that property in any form as tangible personal property in the regular course of business. "Use" does not mean the interim use of tangible personal property nor the physical incorporation of tangible personal property, as an ingredient or constituent, into other tangible personal property, (a) which is sold in the regular course of business or (b) which the person incorporating such ingredient or constituent therein has undertaken at the time of such purchase to cause to be transported in interstate commerce to destinations outside the State of Illinois.

added after the initial purchase of such a motor vehicle if that
motor vehicle is used in a manner that would qualify for the rolling

of this paragraph, "used for commercial purposes" means the

primarily in the process of the manufacturing or assembling, either

tangible personal property for wholesale or retail sale or lease,
whether such sale or lease is made directly by the manufacturer or
by some other person, whether the materials used in the process are
owned by the manufacturer or some other person, or whether such
sale or lease is made apart from or as an incident to the seller's
engaging in a service occupation and the applicable tax is a Service
Use Tax or Service Occupation Tax, rather than Use Tax or
Retailers' Occupation Tax. The exemption provided by this
paragraph (5) does not include machinery and equipment used in
(i) the generation of electricity for wholesale or retail sale; (ii) the
generation or treatment of natural or artificial gas for wholesale
or retail sale that is delivered to customers through pipes,
pipelines, or mains; or (iii) the treatment of water for wholesale or

The purchase of such tangible personal property by the serviceman shall be subject to tax under the Retailers' Occupation Tax Act and the Use Tax Act. However, if a primary serviceman who has made the election described in this paragraph subcontracts service work to a secondary serviceman who has also made the election described in this paragraph, the primary serviceman does not incur a Use Tax liability if the secondary serviceman (i) has paid or will pay Use Tax on his or her cost price of any tangible personal property transferred to the primary serviceman and (ii) certifies that fact in writing to the primary serviceman.

Tangible personal property transferred incident to the completion of a maintenance agreement is exempt from the tax imposed pursuant to this Act.

In relation to a recognized integrated business composed of a series of operations which collectively constitute manufacturing, or individually constitute manufacturing operations, the manufacturing process shall be deemed to commence with the first operation or stage of production in the series, and shall not be deemed to end until the completion of the final product in the last operation or stage of production in the series; and further, for purposes of exemption (5), photoprocessing is deemed to be a manufacturing process of tangible personal property for wholesale or retail sale; (2) "assembling process" shall mean the production of any article of tangible personal property, whether such article is a finished product or an article for use in the process of manufacturing or assembling a different article of tangible personal property, by the combination of existing materials in a manner commonly regarded as assembling which results in a material of a different form, use or name; (3) "machinery" shall mean major mechanical machines or major components of such machines contributing to a manufacturing or assembling process; and (4) "equipment" shall include any independent device or tool separate from any machinery but essential to an integrated manufacturing or assembly process; including computers used primarily in a manufacturer's computer assisted design, computer assisted manufacturing (CAD/CAM) system; or any subunit or assembly comprising a component of any machinery or auxiliary, adjunct or attachment parts of machinery, such as tools, dies, jigs, fixtures, patterns and molds; or any parts which require periodic replacement in the course
of normal operation; but shall not include hand tools. Equipment includes chemicals or chemicals acting as catalysts but only if the chemicals or chemicals acting as catalysts effect a direct and immediate change upon a product being manufactured or assembled for wholesale or retail sale or lease. The purchaser of such machinery and equipment who has an active resale registration number shall furnish such number to the seller at the time of purchase. The user of such machinery and equipment and tools without an active resale registration number shall prepare a certificate of exemption for each transaction stating facts establishing the exemption for that transaction, which certificate shall be available to the Department for inspection or audit. The Department shall prescribe the form of the certificate.

Any informal rulings, opinions or letters issued by the Department in response to an inquiry or request for any opinion from any person regarding the coverage and applicability of exemption (5) to specific devices shall be published, maintained as a public record, and made available for public inspection and copying. If the informal ruling, opinion or letter contains trade secrets or other confidential information, where possible the Department shall delete such information prior to publication. Whenever such informal rulings, opinions, or letters contain any policy of general applicability, the Department shall formulate and adopt such policy as a rule in accordance with the provisions of the Illinois Administrative Procedure Act.

On and after July 1, 1987, no entity otherwise eligible under exemption (3) of this Section shall make tax free purchases unless it has an active exemption identification number issued by the Department.

The purchase of such tangible personal property by the serviceman shall be subject to tax under the Retailers' Occupation Tax Act and the Use Tax Act. However, if a primary serviceman who has made the election described in this paragraph subcontracts service work to a secondary serviceman who has also made the election described in this paragraph, the primary serviceman does not incur a Use Tax liability if the secondary serviceman (i) has paid or will pay Use Tax on his or her cost price of any tangible personal property transferred to the primary serviceman and (ii) certifies that fact in writing to the primary serviceman.

Equipment includes chemicals or chemicals acting as catalysts but only if the chemicals or chemicals acting as catalysts effect a direct and immediate change upon a product being manufactured or assembled for wholesale or retail sale or lease. The purchaser of such machinery and equipment who has an active resale registration number shall furnish such number to the seller at the time of purchase. The purchaser of such machinery and equipment and tools without an active resale registration number shall furnish to the seller a certificate of exemption for each transaction stating facts establishing the exemption for that transaction, which certificate shall be available to the Department for inspection or audit.

Except as provided in Section 2d of this Act, the rolling stock exemption applies to rolling stock used by an interstate carrier for hire, even just between points in Illinois, if such rolling stock transports, for hire, persons whose journeys or property whose shipments originate or terminate outside Illinois.

Any informal rulings, opinions or letters issued by the Department in response to an inquiry or request for any opinion from any person regarding the coverage and applicability of exemption (e) to specific devices shall be published, maintained as a public record, and made
available for public inspection and copying. If the informal ruling, opinion or letter contains trade secrets or other confidential information, where possible the Department shall delete such information prior to publication. Whenever such informal rulings, opinions, or letters contain any policy of general applicability, the Department shall formulate and adopt such policy as a rule in accordance with the provisions of the Illinois Administrative Procedure Act.

On and after July 1, 1987, no entity otherwise eligible under exemption (c) of this Section shall make tax free purchases unless it has an active exemption identification number issued by the Department.

The issuance of the drive-away permit or having the out-of-state registration plates to be transferred is prima facie evidence that the motor vehicle will not be titled in this State.

(25-5) The exemption under item (25) does not apply if the state in which the motor vehicle will be titled does not allow a reciprocal exemption for a motor vehicle sold and delivered in that state to an Illinois resident but titled in Illinois. The tax collected under this Act on the sale of a motor vehicle in this State to a resident of another state that does not allow a reciprocal exemption shall be imposed at a rate equal to the state's rate of tax on taxable property in the state in which the purchaser is a resident, except that the tax shall not exceed the tax that would otherwise be imposed under this Act. At the time of the sale, the purchaser shall execute a statement, signed under penalty of perjury, of his or her intent to title the vehicle in the state in which the purchaser is a resident within 30 days after the sale and of the fact of the payment to the State of Illinois of tax in an amount equivalent to the state's rate of tax on taxable property in his or her state of residence and shall submit the statement to the appropriate tax collection agency in his or her state of residence. In addition, the retailer must retain a signed copy of the statement in his or her records. Nothing in this item shall be construed to require the removal of the vehicle from this state following the filing of an intent to title the vehicle in the purchaser's state of residence if the purchaser titles the vehicle in his or her state of residence within 30 days after the date of sale. The tax collected under this Act in accordance with this item (25-5) shall be proportionately distributed as if the tax were collected at the 6.25% general rate imposed under this Act.

(2) the aircraft is not based or registered in this State after the sale of the aircraft; and

(3) the seller retains in his or her books and records and provides to the Department a signed and dated certification from the purchaser, on a form prescribed by the Department, certifying that the requirements of this item (25-7) are met. (35 ILCS 120/2-45) (from Ch. 120, par. 441-45)

Sec. 2-45. Manufacturing and assembly exemption. The manufacturing and assembly machinery and equipment exemption includes machinery and equipment that replaces machinery and equipment in an existing manufacturing facility as well as machinery and equipment that are for use in an expanded or new manufacturing facility.

The machinery and equipment exemption also includes machinery and equipment used in the general maintenance or repair of exempt machinery and equipment or for in-house manufacture of exempt machinery and equipment. The machinery and equipment exemption does not include machinery and equipment used in (i) the generation of electricity for wholesale or retail sale; (ii) the generation or treatment of
natural or artificial gas for wholesale or retail sale that is delivered to customers through pipes, pipelines, or mains; or (iii) the treatment of water for wholesale or retail sale that is delivered to customers through pipes, pipelines, or mains. The provisions of this amendatory Act of the 98th General Assembly are declaratory of existing law as to the meaning and scope of this exemption. For the purposes of this exemption, terms have the following meanings:

(1) "Manufacturing process" means the production of an article of tangible personal property, whether the article is a finished product or an article for use in the process of manufacturing or assembling a different article of tangible personal property, by a procedure commonly regarded as manufacturing, processing, fabricating, or refining that changes some existing material or materials into a material with a different form, use, or name. In relation to a recognized integrated business composed of a series of operations that collectively constitute manufacturing, or individually constitute manufacturing operations, the manufacturing process commences with the first operation or stage of production in the series and does not end until the completion of the final product in the last operation or stage of production in the series. For purposes of this exemption, photoprocessing is a manufacturing process of tangible personal property for wholesale or retail sale.

(2) "Assembling process" means the production of an article of tangible personal property, whether the article is a finished product or an article for use in the process of manufacturing or assembling a different article of tangible personal property, by the combination of existing materials in a manner commonly regarded as assembling that results in a material of a different form, use, or name.

(3) "Machinery" means major mechanical machines or major components of those machines contributing to a manufacturing or assembling process.

(4) "Equipment" includes an independent device or tool separate from machinery but essential to an integrated manufacturing or assembly process; including computers used primarily in a manufacturer's computer assisted design, computer assisted manufacturing (CAD/CAM) system; any subunit or assembly comprising a component of any machinery or auxiliary,
adjunct, or attachment parts of machinery, such as tools, dies, jigs, fixtures, patterns, and molds; and any parts that require periodic replacement in the course of normal operation; but does not include hand tools. Equipment includes chemicals or chemicals acting as catalysts but only if the chemicals or chemicals acting as catalysts effect a direct and immediate change upon a product being manufactured or assembled for wholesale or retail sale or lease.

(5) "Production related tangible personal property" means all tangible personal property that is used or consumed by the purchaser in a manufacturing facility in which a manufacturing process takes place and includes, without limitation, tangible personal property that is purchased for incorporation into real estate within a manufacturing facility and tangible personal property that is used or consumed in activities such as research and development, preproduction material handling, receiving, quality control, inventory control, storage, staging, and packaging for shipping and transportation purposes. "Production related tangible personal property" does not include (i) tangible personal property that is used, within or without a manufacturing facility, in sales, purchasing, accounting, fiscal management, marketing, personnel recruitment or selection, or landscaping or (ii) tangible personal property that is required to be titled or registered with a department, agency, or unit of federal, State, or local government.

The manufacturing and assembling machinery and equipment exemption includes production related tangible personal property that is purchased on or after July 1, 2007 and on or before June 30, 2008. The exemption for production related tangible personal property is subject to both of the following limitations:

(1) The maximum amount of the exemption for any one taxpayer may not exceed 5% of the purchase price of production related tangible personal property that is purchased on or after July 1, 2007 and on or before June 30, 2008. A credit under Section 3-85 of this Act may not be earned by the purchase of production related tangible personal property for which an exemption is received under this Section.

(2) The maximum aggregate amount of the exemptions for production related tangible personal property awarded under this Act and the Use Tax Act to all taxpayers may not exceed
$10,000,000. If the claims for the exemption exceed $10,000,000, then the Department shall reduce the amount of the exemption to each taxpayer on a pro rata basis.

The Department may adopt rules to implement and administer the exemption for production related tangible personal property.

The manufacturing and assembling machinery and equipment exemption includes the sale of materials to a purchaser who produces exempted types of machinery, equipment, or tools and who rents or leases that machinery, equipment, or tools to a manufacturer of tangible personal property. This exemption also includes the sale of materials to a purchaser who manufactures those materials into an exempted type of machinery, equipment, or tools that the purchaser uses himself or herself in the manufacturing of tangible personal property. The purchaser of the machinery and equipment who has an active resale registration number shall furnish that number to the seller at the time of purchase. A purchaser of the machinery, equipment, and tools without an active resale registration number shall furnish to the seller a certificate of exemption for each transaction stating facts establishing the exemption for that transaction, and that certificate shall be available to the Department for inspection or audit. Informal rulings, opinions, or letters issued by the Department in response to an inquiry or request for an opinion from any person regarding the coverage and applicability of this exemption to specific devices shall be published, maintained as a public record, and made available for public inspection and copying. If the informal ruling, opinion, or letter contains trade secrets or other confidential information, where possible, the Department shall delete that information before publication. Whenever informal rulings, opinions, or letters contain a policy of general applicability, the Department shall formulate and adopt that policy as a rule in accordance with the Illinois Administrative Procedure Act.

business from which he engages in the business of selling tangible personal property at retail in this State and the addresses of all other places of business, if any (enumerating such addresses, if any, in a separate list attached to and made a part of the application), from which he engages in the business of selling tangible personal property at retail in this State; (4) the name and address of the person or persons who will be responsible for filing returns and payment of taxes due under this Act; (5) in the case of a publicly traded corporation, the name and title of the Chief Financial Officer, Chief Operating Officer, and any other officer or employee with responsibility for preparing tax returns under this Act, along with the last 4 digits of each of their social security numbers, and in the case of all other corporations a corporation, the name, title, and social security number of each corporate officer; (6) in the case of a limited liability company, the name, social security number, and FEIN number of each manager and member; and (7) such other information as the Department may reasonably require. The application shall contain an acceptance of responsibility signed by the person or persons who will be responsible for filing returns and payment of the taxes due under this Act. If the applicant will sell tangible personal property at retail through vending machines, his application to register shall indicate the number of vending machines to be so operated. If requested by the Department at any time, that person shall verify the total number of vending machines he or she uses in his or her business of selling tangible personal property at retail.

The Department may deny a certificate of registration to any applicant if the owner, any partner, any manager or member of a limited liability company, or a corporate officer of the applicant, is or has been the owner, a partner, a manager or member of a limited liability company, or a corporate officer, of another retailer that is in default for moneys due under this Act.

The Department may require an applicant for a certificate of registration hereunder to, at the time of filing such application, furnish a bond from a surety company authorized to do business in the State of Illinois, or an irrevocable bank letter of credit or a bond signed by 2 personal sureties who have filed, with the Department, sworn statements disclosing net assets equal to at least 3 times the amount of the bond to be required of such applicant, or a bond secured by an assignment of a bank account or certificate of deposit, stocks or bonds, conditioned upon the applicant paying to the State of Illinois all moneys becoming due under this Act and under any other State tax law or municipal or county tax

ordinance or resolution under which the certificate of registration that is issued to the applicant under this Act will permit the applicant to engage in business without registering separately under such other law, ordinance or resolution. In making a determination as to whether to require a bond or other security, the Department shall take into consideration whether the owner, any partner, any manager or member of a limited liability company, or a corporate officer of the applicant is or has been the owner, a partner, a manager or member of a limited liability company, or a corporate officer of another retailer that is in default for moneys due under this Act or any other tax or fee Act administered by the Department; and whether the owner, any partner, any manager or member of a limited liability company, or a corporate officer of the applicant is or has been the owner, a partner, a manager or member of a limited liability company, or a corporate officer of another retailer whose certificate of registration has been revoked within the previous 5 years under this Act or any other tax or fee Act administered by the Department. If a bond or other security is required, the Department shall fix the amount of the bond or other security, taking into consideration the amount of money expected to become due from the applicant under this Act and under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the applicant under this Act will permit the applicant to engage in business without registering separately under such other law, ordinance, or resolution. The amount of security required by the Department shall be such as, in its opinion, will protect the State of Illinois against failure to pay the amount which may become due from the applicant under this Act and under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the applicant under this Act will permit the applicant to engage in business without registering separately under such other law, ordinance or resolution, but the amount of the security required by the Department shall not exceed three times the amount of the applicant's average monthly tax liability, or $50,000.00, whichever amount is lower.

No certificate of registration under this Act shall be issued by the Department until the applicant provides the Department with satisfactory security, if required, as herein provided for.

Upon receipt of the application for certificate of registration in proper form, and upon approval by the Department of the security furnished by the applicant, if required, the Department shall issue to such
applicant a certificate of registration which shall permit the person to whom it is issued to engage in the business of selling tangible personal property at retail in this State. The certificate of registration shall be conspicuously displayed at the place of business which the person so registered states in his application to be the principal place of business from which he engages in the business of selling tangible personal property at retail in this State.

No certificate of registration issued to a taxpayer who files returns required by this Act on a monthly basis shall be valid after the expiration of 5 years from the date of its issuance or last renewal. The expiration date of a sub-certificate of registration shall be that of the certificate of registration to which the sub-certificate relates. A certificate of registration shall automatically be renewed, subject to revocation as provided by this Act, for an additional 5 years from the date of its expiration unless otherwise notified by the Department as provided by this paragraph. Where a taxpayer to whom a certificate of registration is issued under this Act is in default to the State of Illinois for delinquent returns or for moneys due under this Act or any other State tax law or municipal or county ordinance administered or enforced by the Department, the Department shall, not less than 120 days before the expiration date of such certificate of registration, give notice to the taxpayer to whom the certificate was issued of the account period of the delinquent returns, the amount of tax, penalty and interest due and owing from the taxpayer, and that the certificate of registration shall not be automatically renewed upon its expiration date unless the taxpayer, on or before the date of expiration, has filed and paid the delinquent returns or paid the defaulted amount in full. A taxpayer to whom such a notice is issued shall be deemed an applicant for renewal. The Department shall promulgate regulations establishing procedures for taxpayers who file returns on a monthly basis but desire and qualify to change to a quarterly or yearly filing basis and will no longer be subject to renewal under this Section, and for taxpayers who file returns on a yearly or quarterly basis but who desire or are required to change to a monthly filing basis and will be subject to renewal under this Section.

The Department may in its discretion approve renewal by an applicant who is in default if, at the time of application for renewal, the applicant files all of the delinquent returns or pays to the Department such percentage of the defaulted amount as may be determined by the Department and agrees in writing to waive all limitations upon the

Department for collection of the remaining defaulted amount to the Department over a period not to exceed 5 years from the date of renewal of the certificate; however, no renewal application submitted by an applicant who is in default shall be approved if the immediately preceding renewal by the applicant was conditioned upon the installment payment agreement described in this Section. The payment agreement herein provided for shall be in addition to and not in lieu of the security that may be required by this Section of a taxpayer who is no longer considered a prior continuous compliance taxpayer. The execution of the payment agreement as provided in this Act shall not toll the accrual of interest at the statutory rate.

The Department may suspend a certificate of registration if the Department finds that the person to whom the certificate of registration has been issued knowingly sold contraband cigarettes.

A certificate of registration issued under this Act more than 5 years before the effective date of this amendatory Act of 1989 shall expire and be subject to the renewal provisions of this Section on the next anniversary of the date of issuance of such certificate which occurs more than 6 months after the effective date of this amendatory Act of 1989. A certificate of registration issued less than 5 years before the effective date of this amendatory Act of 1989 shall expire and be subject to the renewal provisions of this Section on the 5th anniversary of the issuance of the certificate.

If the person so registered states that he operates other places of business from which he engages in the business of selling tangible personal property at retail in this State, the Department shall furnish him with a sub-certificate of registration for each such place of business, and the applicant shall display the appropriate sub-certificate of registration at each such place of business. All sub-certificates of registration shall bear the same registration number as that appearing upon the certificate of registration to which such sub-certificates relate.

If the applicant will sell tangible personal property at retail through vending machines, the Department shall furnish him with a sub-certificate of registration for each such vending machine, and the applicant shall display the appropriate sub-certificate of registration on each such vending machine by attaching the sub-certificate of registration to a conspicuous part of such vending machine. If a person who is registered to sell tangible personal property at retail through vending machines adds an additional vending machine or additional vending machines to the number of vending machines he or she uses in his or her business of selling tangible personal

property at retail, he or she shall notify the Department, on a form prescribed by the Department, to request an additional sub-certificate or additional sub-certificates of registration, as applicable. With each such request, the applicant shall report the number of sub-certificates of registration he or she is requesting as well as the total number of vending machines from which he or she makes retail sales.

Where the same person engages in 2 or more businesses of selling tangible personal property at retail in this State, which businesses are substantially different in character or engaged in under different trade names or engaged in under otherwise substantially different circumstances (so that it is more practicable, from an accounting, auditing or bookkeeping standpoint, for such businesses to be separately registered), the Department may require or permit such person (subject to the same requirements concerning the furnishing of security as those that are provided for hereinbefore in this Section as to each application for a certificate of registration) to apply for and obtain a separate certificate of registration for each such business or for any of such businesses, under a single certificate of registration supplemented by related sub-certificates of registration.

Any person who is registered under the "Retailers' Occupation Tax Act" as of March 8, 1963, and who, during the 3-year period immediately prior to March 8, 1963, or during a continuous 3-year period part of which passed immediately before and the remainder of which passes immediately after March 8, 1963, has been so registered continuously and who is determined by the Department not to have been either delinquent or deficient in the payment of tax liability during that period under this Act or under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the registrant under this Act will permit the registrant to engage in business without registering separately under such other law, ordinance or resolution, shall be considered to be a Prior Continuous Compliance taxpayer. Also any taxpayer who has, as verified by the Department, faithfully and continuously complied with the condition of his bond or other security under the provisions of this Act for a period of 3 consecutive years shall be considered to be a Prior Continuous Compliance taxpayer.

Every Prior Continuous Compliance taxpayer shall be exempt from all requirements under this Act concerning the furnishing of a bond or other security as a condition precedent to his being authorized to engage in the business of selling tangible personal property at retail in this State.

This exemption shall continue for each such taxpayer until such time as he may be determined by the Department to be delinquent in the filing of any returns, or is determined by the Department (either through the Department's issuance of a final assessment which has become final under the Act, or by the taxpayer's filing of a return which admits tax that is not paid to be due) to be delinquent or deficient in the paying of any tax under this Act or under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the registrant under this Act will permit the registrant to engage in business without registering separately under such other law, ordinance or resolution, at which time that taxpayer shall become subject to all the financial responsibility requirements of this Act and, as a condition of being allowed to continue to engage in the business of selling tangible personal property at retail, may be required to post bond or other acceptable security with the Department covering liability which such taxpayer may thereafter incur. Any taxpayer who fails to pay an admitted or established liability under this Act may also be required to post bond or other acceptable security with this Department guaranteeing the payment of such admitted or established liability.

No certificate of registration shall be issued to any person who is in default to the State of Illinois for moneys due under this Act or under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the applicant under this Act will permit the applicant to engage in business without registering separately under such other law, ordinance or resolution.

Any person aggrieved by any decision of the Department under this Section may, within 20 days after notice of such decision, protest and request a hearing, whereupon the Department shall give notice to such person of the time and place fixed for such hearing and shall hold a hearing in conformity with the provisions of this Act and then issue its final administrative decision in the matter to such person. In the absence of such a protest within 20 days, the Department's decision shall become final without any further determination being made or notice given.

With respect to security other than bonds (upon which the Department may sue in the event of a forfeiture), if the taxpayer fails to pay, when due, any amount whose payment such security guarantees, the Department shall, after such liability is admitted by the taxpayer or established by the Department through the issuance of a final assessment that has become final under the law, convert the security which that
taxpayer has furnished into money for the State, after first giving the taxpayer at least 10 days' written notice, by registered or certified mail, to pay the liability or forfeit such security to the Department. If the security consists of stocks or bonds or other securities which are listed on a public exchange, the Department shall sell such securities through such public exchange. If the security consists of an irrevocable bank letter of credit, the Department shall convert the security in the manner provided for in the Uniform Commercial Code. If the security consists of a bank certificate of deposit, the Department shall convert the security into money by demanding and collecting the amount of such bank certificate of deposit from the bank which issued such certificate. If the security consists of a type of stocks or other securities which are not listed on a public exchange, the Department shall sell such security to the highest and best bidder after giving at least 10 days' notice of the date, time and place of the intended sale by publication in the "State Official Newspaper". If the Department realizes more than the amount of such liability from the security, plus the expenses incurred by the Department in converting the security into money, the Department shall pay such excess to the taxpayer who furnished such security, and the balance shall be paid into the State Treasury.

The Department shall discharge any surety and shall release and return any security deposited, assigned, pledged or otherwise provided to it by a taxpayer under this Section within 30 days after:

(1) such taxpayer becomes a Prior Continuous Compliance taxpayer; or
(2) such taxpayer has ceased to collect receipts on which he is required to remit tax to the Department, has filed a final tax return, and has paid to the Department an amount sufficient to discharge his remaining tax liability, as determined by the Department, under this Act and under every other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration issued under this Act permits the registrant to engage in business without registering separately under such other law, ordinance or resolution. The Department shall make a final determination of the taxpayer's outstanding tax liability as expeditiously as possible after his final tax return has been filed; if the Department cannot make such final determination within 45 days after receiving the final tax return, within such period it shall so notify the taxpayer, stating its reasons therefor.

Public Act 98-0583

Approved August 27, 2013.
Effective January 1, 2014.

Public Act 98-0584
(Senate Bill No. 2326)

An act concerning revenue.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Department of Revenue Law of the Civil Administrative Code of Illinois is amended by changing Section 2505-250 as follows:

Sec. 2505-250. Compromising debts due to the State. Under no circumstances shall any officer or employee of the Department compromise any debt due to this State, except in case of actions of the Director after review by the board of appeals provided for by Section 2505-505. However, claims or accounts receivable of less than $1,000 may be written off the Department's records and cancelled by the Department without complying with the provisions of Section 2 of the Uncollected State Claims Act when the Department determines that the cost of collecting the claim or account would exceed the amount to be collected. The Department shall submit to the Comptroller a list of all such claims or accounts written off the Department's records.

Section 10. The Use Tax Act is amended by changing Section 3-61 as follows:

Sec. 3-61. Motor vehicles; trailers; use as rolling stock definition.
(a) Through June 30, 2003, "use as rolling stock moving in interstate commerce" in subsections (b) and (c) of Section 3-55 means for motor vehicles, as defined in Section 1-146 of the Illinois Vehicle Code, and trailers, as defined in Section 1-209 of the Illinois Vehicle Code, when on 15 or more occasions in a 12-month period the motor vehicle and trailer has carried persons or property for hire in interstate commerce, even just between points in Illinois, if the motor vehicle and trailer transports persons whose journeys or property whose shipments originate or

terminate outside Illinois. This definition applies to all property purchased for the purpose of being attached to those motor vehicles or trailers as a part thereof.

(b) On and after July 1, 2003 and through June 30, 2004, "use as rolling stock moving in interstate commerce" in paragraphs (b) and (c) of Section 3-55 occurs for motor vehicles, as defined in Section 1-146 of the Illinois Vehicle Code, when during a 12-month period the rolling stock has carried persons or property for hire in interstate commerce for 51% of its total trips and transports persons whose journeys or property whose shipments originate or terminate outside Illinois. Trips that are only between points in Illinois shall not be counted as interstate trips when calculating whether the tangible personal property qualifies for the exemption but such trips shall be included in total trips taken.

(c) Beginning July 1, 2004, "use as rolling stock moving in interstate commerce" in paragraphs (b) and (c) of Section 3-55 occurs for motor vehicles, as defined in Section 1-146 of the Illinois Vehicle Code, when during a 12-month period the rolling stock has carried persons or property for hire in interstate commerce for greater than 50% of its total trips for that period or for greater than 50% of its total miles for that period. The person claiming the exemption shall make an election at the time of purchase to use either the trips or mileage method. Persons who purchased motor vehicles prior to July 1, 2004 shall make an election to use either the trips or mileage method and document that election in their books and records. If no election is made under this subsection to use the trips or mileage method, the person shall be deemed to have chosen the mileage method. Any election to use either the trips or mileage method will remain in effect for that motor vehicle for any period for which the Department may issue a notice of tax liability under this Act.

For purposes of determining qualifying trips or miles, motor vehicles that carry persons or property for hire, even just between points in Illinois, will be considered used for hire in interstate commerce if the motor vehicle transports persons whose journeys or property whose shipments originate or terminate outside Illinois. The exemption for motor vehicles used as rolling stock moving in interstate commerce may be claimed only for the following vehicles: (i) motor vehicles whose gross vehicle weight rating exceeds 16,000 pounds; and (ii) limousines, as defined in Section 1-139.1 of the Illinois Vehicle Code. This definition applies to all property purchased for the purpose of being attached to those motor vehicles as a part thereof.
(d) Beginning July 1, 2004, "use as rolling stock moving in interstate commerce" in paragraphs (b) and (c) of Section 3-55 occurs for trailers, as defined in Section 1-209 of the Illinois Vehicle Code, semitrailers as defined in Section 1-187 of the Illinois Vehicle Code, and pole trailers as defined in Section 1-161 of the Illinois Vehicle Code, when during a 12-month period the rolling stock has carried persons or property for hire in interstate commerce for greater than 50% of its total trips for that period or for greater than 50% of its total miles for that period. The person claiming the exemption for a trailer or trailers that will not be dedicated to a motor vehicle or group of motor vehicles shall make an election at the time of purchase to use either the trips or mileage method. Persons who purchased trailers prior to July 1, 2004 that are not dedicated to a motor vehicle or group of motor vehicles shall make an election to use either the trips or mileage method and document that election in their books and records. If no election is made under this subsection to use the trips or mileage method, the person shall be deemed to have chosen the mileage method. Any election to use either the trips or mileage method will remain in effect for that trailer for any period for which the Department may issue a notice of tax liability under this Act.

For purposes of determining qualifying trips or miles, trailers, semitrailers, or pole trailers that carry property for hire, even just between points in Illinois, will be considered used for hire in interstate commerce if the trailers, semitrailers, or pole trailers transport property whose shipments originate or terminate outside Illinois. This definition applies to all property purchased for the purpose of being attached to those trailers, semitrailers, or pole trailers as a part thereof. In lieu of a person providing documentation regarding the qualifying use of each individual trailer, semitrailer, or pole trailer, that person may document such qualifying use by providing documentation of the following:

(1) If a trailer, semitrailer, or pole trailer is dedicated to a motor vehicle that qualifies as rolling stock moving in interstate commerce under subsection (c) of this Section, then that trailer, semitrailer, or pole trailer qualifies as rolling stock moving in interstate commerce under this subsection.

(2) If a trailer, semitrailer, or pole trailer is dedicated to a group of motor vehicles that all qualify as rolling stock moving in interstate commerce under subsection (c) of this Section, then that trailer, semitrailer, or pole trailer qualifies as rolling stock moving in interstate commerce under this subsection.

New matter indicated by italics - deletions by strikeout
(3) If one or more trailers, semitrailers, or pole trailers are dedicated to a group of motor vehicles and not all of those motor vehicles in that group qualify as rolling stock moving in interstate commerce under subsection (c) of this Section, then the percentage of those trailers, semitrailers, or pole trailers that qualifies as rolling stock moving in interstate commerce under this subsection is equal to the percentage of those motor vehicles in that group that qualify as rolling stock moving in interstate commerce under subsection (c) of this Section to which those trailers, semitrailers, or pole trailers are dedicated. However, to determine the qualification for the exemption provided under this item (3), the mathematical application of the qualifying percentage to one or more trailers, semitrailers, or pole trailers under this subpart shall not be allowed as to any fraction of a trailer, semitrailer, or pole trailer.

(e) For aircraft and watercraft purchased on or after January 1, 2014, "use as rolling stock moving in interstate commerce" in paragraphs (b) and (c) of Section 3-55 occurs when, during a 12-month period, the rolling stock has carried persons or property for hire in interstate commerce for greater than 50% of its total trips for that period or for greater than 50% of its total miles for that period. The person claiming the exemption shall make an election at the time of purchase to use either the trips or mileage method and document that election in their books and records. If no election is made under this subsection to use the trips or mileage method, the person shall be deemed to have chosen the mileage method. For aircraft, flight hours may be used in lieu of recording miles in determining whether the aircraft meets the mileage test in this subsection. For watercraft, nautical miles or trip hours may be used in lieu of recording miles in determining whether the watercraft meets the mileage test in this subsection.

Notwithstanding any other provision of law to the contrary, property purchased on or after January 1, 2014 for the purpose of being attached to aircraft or watercraft as a part thereof qualifies as rolling stock moving in interstate commerce only if the aircraft or watercraft to which it will be attached qualifies as rolling stock moving in interstate commerce under the test set forth in this subsection (e), regardless of when the aircraft or watercraft was purchased. Persons who purchased aircraft or watercraft prior to January 1, 2014 shall make an election to use either the trips or mileage method and document that election in their books and

records for the purpose of determining whether property purchased on or after January 1, 2014 for the purpose of being attached to aircraft or watercraft as a part thereof qualifies as rolling stock moving in interstate commerce under this subsection (e).

(f) The election to use either the trips or mileage method made under the provisions of subsections (c), (d), or (e) of this Section will remain in effect for the duration of the purchaser's ownership of that item.

(35 ILCS 120/2-51)

Sec. 2-51. Motor vehicles; trailers; use as rolling stock definition.

(a) Through June 30, 2003, "use as rolling stock moving in interstate commerce" in paragraphs (12) and (13) of Section 2-5 means for motor vehicles, as defined in Section 1-146 of the Illinois Vehicle Code, and trailers, as defined in Section 1-209 of the Illinois Vehicle Code, when on 15 or more occasions in a 12-month period the motor vehicle and trailer has carried persons or property for hire in interstate commerce, even just between points in Illinois, if the motor vehicle and trailer transports persons whose journeys or property whose shipments originate or terminate outside Illinois. This definition applies to all property purchased for the purpose of being attached to those motor vehicles or trailers as a part thereof.

(b) On and after July 1, 2003 and through June 30, 2004, "use as rolling stock moving in interstate commerce" in paragraphs (12) and (13) of Section 2-5 occurs for motor vehicles, as defined in Section 1-146 of the Illinois Vehicle Code, when during a 12-month period the rolling stock has carried persons or property for hire in interstate commerce for 51% of
its total trips and transports persons whose journeys or property whose shipments originate or terminate outside Illinois. Trips that are only between points in Illinois shall not be counted as interstate trips when calculating whether the tangible personal property qualifies for the exemption but such trips shall be included in total trips taken.

(c) Beginning July 1, 2004, "use as rolling stock moving in interstate commerce" in paragraphs (12) and (13) of Section 2-5 occurs for motor vehicles, as defined in Section 1-146 of the Illinois Vehicle Code, when during a 12-month period the rolling stock has carried persons or property for hire in interstate commerce for greater than 50% of its total trips for that period or for greater than 50% of its total miles for that period. The person claiming the exemption shall make an election at the time of purchase to use either the trips or mileage method. Persons who purchased motor vehicles prior to July 1, 2004 shall make an election to use either the trips or mileage method and document that election in their books and records. If no election is made under this subsection to use the trips or mileage method, the person shall be deemed to have chosen the mileage method. Any election to use either the trips or mileage method will remain in effect for that motor vehicle for any period for which the Department may issue a notice of tax liability under this Act.

For purposes of determining qualifying trips or miles, motor vehicles that carry persons or property for hire, even just between points in Illinois, will be considered used for hire in interstate commerce if the motor vehicle transports persons whose journeys or property whose shipments originate or terminate outside Illinois. The exemption for motor vehicles used as rolling stock moving in interstate commerce may be claimed only for the following vehicles: (i) motor vehicles whose gross vehicle weight rating exceeds 16,000 pounds; and (ii) limousines, as defined in Section 1-139.1 of the Illinois Vehicle Code. This definition applies to all property purchased for the purpose of being attached to those motor vehicles as a part thereof.

(d) Beginning July 1, 2004, "use as rolling stock moving in interstate commerce" in paragraphs (12) and (13) of Section 2-5 occurs for trailers, as defined in Section 1-209 of the Illinois Vehicle Code, semitrailers as defined in Section 1-187 of the Illinois Vehicle Code, and pole trailers as defined in Section 1-161 of the Illinois Vehicle Code, when during a 12-month period the rolling stock has carried persons or property for hire in interstate commerce for greater than 50% of its total trips for that period or for greater than 50% of its total miles for that period. person claiming the exemption for a trailer or trailers that will not be dedicated to a motor vehicle or group of motor vehicles shall make an election at the time of purchase to use either the trips or mileage method. Persons who purchased trailers prior to July 1, 2004 that are not dedicated to a motor vehicle or group of motor vehicles shall make an election to use either the trips or mileage method and document that election in their books and records. If no election is made under this subsection to use the trips or mileage method, the person shall be deemed to have chosen the mileage method. Any election to use either the trips or mileage method will remain in effect for that trailer for any period for which the Department may issue a notice of tax liability under this Act.

For purposes of determining qualifying trips or miles, trailers, semitrailers, or pole trailers that carry property for hire, even just between points in Illinois, will be considered used for hire in interstate commerce if the trailers, semitrailers, or pole trailers transport property whose shipments originate or terminate outside Illinois. This definition applies to all property purchased for the purpose of being attached to those trailers, semitrailers, or pole trailers as a part thereof. In lieu of a person providing documentation regarding the qualifying use of each individual trailer, semitrailer, or pole trailer, that person may document such qualifying use by providing documentation of the following:

(1) If a trailer, semitrailer, or pole trailer is dedicated to a motor vehicle that qualifies as rolling stock moving in interstate commerce under subsection (c) of this Section, then that trailer, semitrailer, or pole trailer qualifies as rolling stock moving in interstate commerce under this subsection.

(2) If a trailer, semitrailer, or pole trailer is dedicated to a group of motor vehicles that all qualify as rolling stock moving in interstate commerce under subsection (c) of this Section, then that trailer, semitrailer, or pole trailer qualifies as rolling stock moving in interstate commerce under this subsection.

(3) If one or more trailers, semitrailers, or pole trailers are dedicated to a group of motor vehicles and not all of those motor vehicles in that group qualify as rolling stock moving in interstate commerce under subsection (c) of this Section, then the percentage of those trailers, semitrailers, or pole trailers that qualifies as rolling stock moving in interstate commerce under this subsection is equal to the percentage of those motor vehicles in that group that qualify as rolling stock moving in interstate commerce under

subsection (c) of this Section to which those trailers, semitrailers, or pole trailers are dedicated. However, to determine the qualification for the exemption provided under this item (3), the mathematical application of the qualifying percentage to one or more trailers, semitrailers, or pole trailers under this subpart shall not be allowed as to any fraction of a trailer, semitrailer, or pole trailer.

(e) For aircraft and watercraft purchased on or after January 1, 2014, "use as rolling stock moving in interstate commerce" in paragraphs (12) and (13) of Section 2-5 occurs when, during a 12-month period, the rolling stock has carried persons or property for hire in interstate commerce for greater than 50% of its total trips for that period or for greater than 50% of its total miles for that period. The person claiming the exemption shall make an election at the time of purchase to use either the trips or mileage method and document that election in their books and records. If no election is made under this subsection to use the trips or mileage method, the person shall be deemed to have chosen the mileage method. For aircraft, flight hours may be used in lieu of recording miles in determining whether the aircraft meets the mileage test in this subsection. For watercraft, nautical miles or trip hours may be used in lieu of recording miles in determining whether the watercraft meets the mileage test in this subsection.

Notwithstanding any other provision of law to the contrary, property purchased on or after January 1, 2014 for the purpose of being attached to aircraft or watercraft as a part thereof qualifies as rolling stock moving in interstate commerce only if the aircraft or watercraft to which it will be attached qualifies as rolling stock moving in interstate commerce under the test set forth in this subsection (e), regardless of when the aircraft or watercraft was purchased. Persons who purchased aircraft or watercraft prior to January 1, 2014 shall make an election to use either the trips or mileage method and document that election in their books and records for the purpose of determining whether property purchased on or after January 1, 2014 for the purpose of being attached to aircraft or watercraft as a part thereof qualifies as rolling stock moving in interstate commerce under this subsection (e).

(f) The election to use either the trips or mileage method made under the provisions of subsections (c), (d), or (e) of this Section will remain in effect for the duration of the purchaser's ownership of that item. (Source: P.A. 95-528, eff. 8-28-07.)

Sec. 5. In case any person engaged in the business of selling tangible personal property at retail fails to file a return when and as herein required, but thereafter, prior to the Department's issuance of a notice of tax liability under this Section, files a return and pays the tax, he shall also pay a penalty in an amount determined in accordance with Section 3-3 of the Uniform Penalty and Interest Act.

In case any person engaged in the business of selling tangible personal property at retail files the return at the time required by this Act but fails to pay the tax, or any part thereof, when due, a penalty in an amount determined in accordance with Section 3-3 of the Uniform Penalty and Interest Act shall be added thereto.

In case any person engaged in the business of selling tangible personal property at retail fails to file a return when and as herein required, but thereafter, prior to the Department's issuance of a notice of tax liability under this Section, files a return but fails to pay the entire tax, a penalty in an amount determined in accordance with Section 3-3 of the Uniform Penalty and Interest Act shall be added thereto.

In case any person engaged in the business of selling tangible personal property at retail fails to file a return, the Department shall determine the amount of tax due from him according to its best judgment and information, which amount so fixed by the Department shall be prima facie correct and shall be prima facie evidence of the correctness of the amount of tax due, as shown in such determination. In making any such determination of tax due, it shall be permissible for the Department to show a figure that represents the tax due for any given period of 6 months instead of showing the amount of tax due for each month separately. Proof of such determination by the Department may be made at any hearing before the Department or in any legal proceeding by a reproduced copy or computer print-out of the Department's record relating thereto in the name of the Department under the certificate of the Director of Revenue. If reproduced copies of the Department's records are offered as proof of such determination, the Director must certify that those copies are true and exact copies of records on file with the Department. If computer print-outs of the Department's records are offered as proof of such determination, the Director must certify that those computer print-outs are true and exact representations of records properly entered into standard electronic computing equipment, in the regular course of the Department's business, at or reasonably near the time of the occurrence of the facts recorded, from
trustworthy and reliable information. Such certified reproduced copy or
certified computer print-out shall, without further proof, be admitted into
evidence before the Department or in any legal proceeding and shall be
prima facie proof of the correctness of the amount of tax due, as shown
therein. The Department shall issue the taxpayer a notice of tax liability for
the amount of tax claimed by the Department to be due, together with a
penalty of 30% thereof.

However, where the failure to file any tax return required under
this Act on the date prescribed therefor (including any extensions thereof),
is shown to be unintentional and nonfraudulent and has not occurred in the
2 years immediately preceding the failure to file on the prescribed date or
is due to other reasonable cause the penalties imposed by this Act shall not
apply.

The taxpayer or the taxpayer's legal representative may, within 60
days after such notice, file a protest to such notice of tax liability with the
Department and request a hearing thereon. The Department shall give
notice to such person or the legal representative of such person of the time
and place fixed for such hearing, and shall hold a hearing in conformity
with the provisions of this Act, and pursuant thereto shall issue a final
assessment to such person or to the legal representative of such person for
the amount found to be due as a result of such hearing. On and after July 1,
2013, protests concerning matters that are under the jurisdiction of the
Illinois Independent Tax Tribunal shall be filed with the Illinois
Independent Tax Tribunal in accordance with the Illinois Independent Tax
Tribunal Act of 2012, and hearings concerning those matters shall be held
before the Tribunal in accordance with that Act. With respect to protests
filed with the Illinois Independent Tax Tribunal, the Tribunal shall give
notice to that person or the legal representative of that person of the time
and place fixed for a hearing, and shall hold a hearing in conformity with
the provisions of this Act and the Illinois Independent Tax Tribunal Act of
2012; and pursuant thereto the Department shall issue a final assessment to
such person or to the legal representative of such person for the amount
found to be due as a result of the hearing. With respect to protests filed
with the Department prior to July 1, 2013 that would otherwise be subject
to the jurisdiction of the Illinois Independent Tax Tribunal, the taxpayer
may elect to be subject to the provisions of the Illinois Independent Tax
Tribunal Act of 2012 at any time on or after July 1, 2013, but not later than
30 days after the date on which the protest was filed. If made, the election
shall be irrevocable.

If a protest to the notice of tax liability and a request for a hearing thereon is not filed within 60 days after such notice, such notice of tax liability shall become final without the necessity of a final assessment being issued and shall be deemed to be a final assessment.

After the issuance of a final assessment, or a notice of tax liability which becomes final without the necessity of actually issuing a final assessment as hereinbefore provided, the Department, at any time before such assessment is reduced to judgment, may (subject to rules of the Department) grant a rehearing (or grant departmental review and hold an original hearing if no previous hearing in the matter has been held) upon the application of the person aggrieved. Pursuant to such hearing or rehearing, the Department shall issue a revised final assessment to such person or his legal representative for the amount found to be due as a result of such hearing or rehearing.

Except in case of failure to file a return, or with the consent of the person to whom the notice of tax liability is to be issued, no notice of tax liability shall be issued on and after each July 1 and January 1 covering gross receipts received during any month or period of time more than 3 years prior to such July 1 and January 1, respectively, except that if a return is not filed at the required time, no notice of tax liability may be issued on and after each July 1 and January 1 for such return filed more than 3 years prior to such July 1 and January 1, respectively, not later than 3 years after the time the return is filed. The foregoing limitations upon the issuance of a notice of tax liability shall not apply to the issuance of any such notice with respect to any period of time prior thereto in cases where the Department has, within the period of limitation then provided, notified a person of the amount of tax computed even though the Department had not determined the amount of tax due from such person in the manner required herein prior to the issuance of such notice, but in no case shall the amount of any such notice of tax liability for any period otherwise barred by this Act exceed for such period the amount shown in the notice theretofore issued.

If, when a tax or penalty under this Act becomes due and payable, the person alleged to be liable therefor is out of the State, the notice of tax liability may be issued within the times herein limited after his or her coming into or return to the State; and if, after the tax or penalty under this Act becomes due and payable, the person alleged to be liable therefor departs from and remains out of the State, the time of his or her absence is no part of the time limited for the issuance of the notice of tax liability; but
the foregoing provisions concerning absence from the State shall not apply to any case in which, at the time when a tax or penalty becomes due under this Act, the person allegedly liable therefor is not a resident of this State.

The time limitation period on the Department's right to issue a notice of tax liability shall not run during any period of time in which the order of any court has the effect of enjoining or restraining the Department from issuing the notice of tax liability.

In case of failure to pay the tax, or any portion thereof, or any penalty provided for in this Act, or interest, when due, the Department may bring suit to recover the amount of such tax, or portion thereof, or penalty or interest; or, if the taxpayer has died or become a person under legal disability, may file a claim therefor against his estate; provided that no such suit with respect to any tax, or portion thereof, or penalty, or interest shall be instituted more than 6 years after the date any proceedings in court for review thereof have terminated or the time for the taking thereof has expired without such proceedings being instituted, except with the consent of the person from whom such tax or penalty or interest is due; nor, except with such consent, shall such suit be instituted more than 6 years after the date any return is filed with the Department in cases where the return constitutes the basis for the suit for unpaid tax, or portion thereof, or penalty provided for in this Act, or interest: Provided that the time limitation period on the Department's right to bring any such suit shall not run during any period of time in which the order of any court has the effect of enjoining or restraining the Department from bringing such suit.

After the expiration of the period within which the person assessed may file an action for judicial review under the Administrative Review Law or the Illinois Independent Tax Tribunal Act of 2012, as applicable, without such an action being filed, a certified copy of the final assessment or revised final assessment of the Department may be filed with the Circuit Court of the county in which the taxpayer has his principal place of business, or of Sangamon County in those cases in which the taxpayer does not have his principal place of business in this State. The certified copy of the final assessment or revised final assessment shall be accompanied by a certification which recites facts that are sufficient to show that the Department complied with the jurisdictional requirements of the Act in arriving at its final assessment or its revised final assessment and that the taxpayer had his opportunity for an administrative hearing and for judicial review, whether he availed himself or herself of either or both

of these opportunities or not. If the court is satisfied that the Department complied with the jurisdictional requirements of the Act in arriving at its final assessment or its revised final assessment and that the taxpayer had his opportunity for an administrative hearing and for judicial review, whether he availed himself of either or both of these opportunities or not, the court shall render judgment in favor of the Department and against the taxpayer for the amount shown to be due by the final assessment or the revised final assessment, plus any interest which may be due, and such judgment shall be entered in the judgment docket of the court. Such judgment shall bear the rate of interest as set by the Uniform Penalty and Interest Act, but otherwise shall have the same effect as other judgments. The judgment may be enforced, and all laws applicable to sales for the enforcement of a judgment shall be applicable to sales made under such judgments. The Department shall file the certified copy of its assessment, as herein provided, with the Circuit Court within 6 years after such assessment becomes final except when the taxpayer consents in writing to an extension of such filing period, and except that the time limitation period on the Department's right to file the certified copy of its assessment with the Circuit Court shall not run during any period of time in which the order of any court has the effect of enjoining or restraining the Department from filing such certified copy of its assessment with the Circuit Court.

If, when the cause of action for a proceeding in court accrues against a person, he or she is out of the State, the action may be commenced within the times herein limited, after his or her coming into or return to the State; and if, after the cause of action accrues, he or she departs from and remains out of the State, the time of his or her absence is no part of the time limited for the commencement of the action; but the foregoing provisions concerning absence from the State shall not apply to any case in which, at the time the cause of action accrues, the party against whom the cause of action accrues is not a resident of this State. The time within which a court action is to be commenced by the Department hereunder shall not run from the date the taxpayer files a petition in bankruptcy under the Federal Bankruptcy Act until 30 days after notice of termination or expiration of the automatic stay imposed by the Federal Bankruptcy Act.

No claim shall be filed against the estate of any deceased person or any person under legal disability for any tax or penalty or part of either, or interest, except in the manner prescribed and within the time limited by the Probate Act of 1975, as amended.

The collection of tax or penalty or interest by any means provided for herein shall not be a bar to any prosecution under this Act.

In addition to any penalty provided for in this Act, any amount of tax which is not paid when due shall bear interest at the rate and in the manner specified in Sections 3-2 and 3-9 of the Uniform Penalty and Interest Act from the date when such tax becomes past due until such tax is paid or a judgment therefor is obtained by the Department. If the time for making or completing an audit of a taxpayer's books and records is extended with the taxpayer's consent, at the request of and for the convenience of the Department, beyond the date on which the statute of limitations upon the issuance of a notice of tax liability by the Department otherwise would run, no interest shall accrue during the period of such extension or until a Notice of Tax Liability is issued, whichever occurs first.

In addition to any other remedy provided by this Act, and regardless of whether the Department is making or intends to make use of such other remedy, where a corporation or limited liability company registered under this Act violates the provisions of this Act or of any rule or regulation promulgated thereunder, the Department may give notice to the Attorney General of the identity of such a corporation or limited liability company and of the violations committed by such a corporation or limited liability company, for such action as is not already provided for by this Act and as the Attorney General may deem appropriate.

If the Department determines that an amount of tax or penalty or interest was incorrectly assessed, whether as the result of a mistake of fact or an error of law, the Department shall waive the amount of tax or penalty or interest that accrued due to the incorrect assessment.

Sec. 5-1006.5. Special County Retailers' Occupation Tax For Public Safety, Public Facilities, or Transportation.

(a) The county board of any county may impose a tax upon all persons engaged in the business of selling tangible personal property, other than personal property titled or registered with an agency of this State's government, at retail in the county on the gross receipts from the sales made in the course of business to provide revenue to be used exclusively

for public safety, public facility, or transportation purposes in that county, if a proposition for the tax has been submitted to the electors of that county and approved by a majority of those voting on the question. If imposed, this tax shall be imposed only in one-quarter percent increments. By resolution, the county board may order the proposition to be submitted at any election. If the tax is imposed for transportation purposes for expenditures for public highways or as authorized under the Illinois Highway Code, the county board must publish notice of the existence of its long-range highway transportation plan as required or described in Section 5-301 of the Illinois Highway Code and must make the plan publicly available prior to approval of the ordinance or resolution imposing the tax. If the tax is imposed for transportation purposes for expenditures for passenger rail transportation, the county board must publish notice of the existence of its long-range passenger rail transportation plan and must make the plan publicly available prior to approval of the ordinance or resolution imposing the tax.

If a tax is imposed for public facilities purposes, then the name of the project may be included in the proposition at the discretion of the county board as determined in the enabling resolution. For example, the "XXX Nursing Home" or the "YYY Museum".

The county clerk shall certify the question to the proper election authority, who shall submit the proposition at an election in accordance with the general election law.

(1) The proposition for public safety purposes shall be in substantially the following form:

"To pay for public safety purposes, shall (name of county) be authorized to impose an increase on its share of local sales taxes by (insert rate)?"

As additional information on the ballot below the question shall appear the following:

"This would mean that a consumer would pay an additional (insert amount) in sales tax for every $100 of tangible personal property bought at retail."

The county board may also opt to establish a sunset provision at which time the additional sales tax would cease being collected, if not terminated earlier by a vote of the county board. If the county board votes to include a sunset provision, the proposition for public safety purposes shall be in substantially the following form:

For the purposes of this paragraph, transportation purposes means construction, maintenance, operation, and improvement of public highways, any other purpose for which a county may expend funds under the Illinois Highway Code, and passenger rail transportation.

The votes shall be recorded as "Yes" or "No".

(3) The proposition for public facilities purposes shall be in substantially the following form:

The county board may also opt to establish a sunset provision at which time the additional sales tax would cease being collected, if not terminated earlier by a vote of the county board. If the county board votes to include a sunset provision, the proposition for public facilities purposes shall be in substantially the following form:

For purposes of this Section, "public facilities purposes" means the acquisition, development, construction, reconstruction, rehabilitation, improvement, financing, architectural planning, and
installation of capital facilities consisting of buildings, structures, and durable equipment and for the acquisition and improvement of real property and interest in real property required, or expected to be required, in connection with the public facilities, for use by the county for the furnishing of governmental services to its citizens, including but not limited to museums and nursing homes.

The votes shall be recorded as "Yes" or "No".

If a majority of the electors voting on the proposition vote in favor of it, the county may impose the tax. A county may not submit more than one proposition authorized by this Section to the electors at any one time.

This additional tax may not be imposed on the sales of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food which has been prepared for immediate consumption) and prescription and non-prescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes, and needles used by diabetics. The tax imposed by a county under this Section and all civil penalties that may be assessed as an incident of the tax shall be collected and enforced by the Illinois Department of Revenue and deposited into a special fund created for that purpose. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit the retailer to engage in a business that is taxable without registering separately with the Department under an ordinance or resolution under this Section. The Department has full power to administer and enforce this Section, to collect all taxes and penalties due under this Section, to dispose of taxes and penalties so collected in the manner provided in this Section, and to determine all rights to credit memoranda arising on account of the erroneous payment of a tax or penalty under this Section. In the administration of and compliance with this Section, the Department and persons who are subject to this Section shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and (iii) employ the same modes of procedure as are prescribed in Sections 1, 1a, 1a-1, 1d, 1e, 1f, 1i, 1j, 1k, 1m, 1n, 2 through 2-70 (in respect to all provisions contained in those Sections other than the State rate of tax), 2a, 2b, 2c, 3 (except provisions relating to transaction returns and quarter monthly payments), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 11a, 12, and 13 of the Retailers'
Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act as if those provisions were set forth in this Section.

Persons subject to any tax imposed under the authority granted in this Section may reimburse themselves for their sellers' tax liability by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which sellers are required to collect under the Use Tax Act, pursuant to such bracketed schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the County Public Safety or Transportation Retailers' Occupation Tax Fund.

(b) If a tax has been imposed under subsection (a), a service occupation tax shall also be imposed at the same rate upon all persons engaged, in the county, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the county as an incident to a sale of service. This tax may not be imposed on sales of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food prepared for immediate consumption) and prescription and non-prescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes, and needles used by diabetics. The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department of Revenue. The Department has full power to administer and enforce this subsection; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with this subsection, the Department and persons who are subject to this paragraph shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms, and (iii) employ the same modes of procedure as are prescribed in Sections 2 (except that the reference to State in the definition of supplier maintaining a place of

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their serviceman's tax liability by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the County Public Safety or Transportation Retailers' Occupation Fund.

Nothing in this subsection shall be construed to authorize the county to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by the State.

(c) The Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected under this Section to be deposited into the County Public Safety or Transportation Retailers' Occupation Tax Fund, which shall be an unappropriated trust fund held outside of the State treasury.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to the counties from which retailers have paid taxes or penalties to the Department during the second preceding calendar month. The amount to be paid to each county, and deposited by the county into its special fund created for the purposes of this Section, shall be the amount (not including credit memoranda) collected under this Section during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including (i) an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of the county, (ii) any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the county, and (iii) any amounts that are transferred to the STAR Bonds Revenue Fund. Within 10 days after receipt by the Comptroller of the disbursement certification to the counties provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with directions contained in the certification.

In addition to the disbursement required by the preceding paragraph, an allocation shall be made in March of each year to each county that received more than $500,000 in disbursements under the preceding paragraph in the preceding calendar year. The allocation shall be in an amount equal to the average monthly distribution made to each such county under the preceding paragraph during the preceding calendar year (excluding the 2 months of highest receipts). The distribution made in March of each year subsequent to the year in which an allocation was made pursuant to this paragraph and the preceding paragraph shall be reduced by the amount allocated and disbursed under this paragraph in the preceding calendar year. The Department shall prepare and certify to the Comptroller for disbursement the allocations made in accordance with this paragraph.

(d) For the purpose of determining the local governmental unit whose tax is applicable, a retail sale by a producer of coal or another mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. (e) Nothing in this Section shall be construed to authorize a county to impose a tax upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by this State.

(e-5) If a county imposes a tax under this Section, the county board may, by ordinance, discontinue or lower the rate of the tax. If the county board lowers the tax rate or discontinues the tax, a referendum must be held in accordance with subsection (a) of this Section in order to increase the rate of the tax or to reimpose the discontinued tax.

(f) Beginning April 1, 1998 and through December 31, 2013, the results of any election authorizing a proposition to impose a tax under this Section or effecting a change in the rate of tax, or any ordinance lowering the rate or discontinuing the tax, shall be certified by the county clerk and filed with the Illinois Department of Revenue either (i) on or before the first day of April, whereupon the Department shall proceed to administer and enforce the tax as of the first day of July next following the filing; or (ii) on or before the first day of October, whereupon the Department shall proceed to administer and enforce the tax as of the first day of January next following the filing.

(g) When certifying the amount of a monthly disbursement to a county under this Section, the Department shall increase or decrease the amounts by an amount necessary to offset any miscalculation of previous disbursements. Sec. 5-1006.7. School facility occupation taxes.

(a) In any county, a tax shall be imposed upon all persons engaged in the business of selling tangible personal property, other than personal property titled or registered with an agency of this State's government, at retail in the county on the gross receipts from the sales made in the course
of business to provide revenue to be used exclusively for school facility purposes if a proposition for the tax has been submitted to the electors of that county and approved by a majority of those voting on the question as provided in subsection (c). The tax under this Section shall be imposed only in one-quarter percent increments and may not exceed 1%.

This additional tax may not be imposed on the sale of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption) and prescription and non-prescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics. The Department of Revenue has full power to administer and enforce this subsection, to collect all taxes and penalties due under this subsection, to dispose of taxes and penalties so collected in the manner provided in this subsection, and to determine all rights to credit memoranda arising on account of the erroneous payment of a tax or penalty under this subsection. The Department shall deposit all taxes and penalties collected under this subsection into a special fund created for that purpose.

In the administration of and compliance with this subsection, the Department and persons who are subject to this subsection (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) are subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and (iii) shall employ the same modes of procedure as are set forth in Sections 1 through 1o, 2 through 2-70 (in respect to all provisions contained in those Sections other than the State rate of tax), 2a through 2h, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 11a, 12, and 13 of the Retailers' Occupation Tax Act and all provisions of the Uniform Penalty and Interest Act as if those provisions were set forth in this subsection.

The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act permits the retailer to engage in a business that is taxable without registering separately with the Department under an ordinance or resolution under this subsection.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their seller's tax liability by separately stating that tax as an additional charge, which may be stated in combination, in a single amount, with State tax that sellers are required to

collect under the Use Tax Act, pursuant to any bracketed schedules set forth by the Department.

(b) If a tax has been imposed under subsection (a), then a service occupation tax must also be imposed at the same rate upon all persons engaged, in the county, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the county as an incident to a sale of service.

This tax may not be imposed on sales of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food prepared for immediate consumption) and prescription and non-prescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes, and needles used by diabetics.

The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department and deposited into a special fund created for that purpose. The Department has full power to administer and enforce this subsection, to collect all taxes and penalties due under this subsection, to dispose of taxes and penalties so collected in the manner provided in this subsection, and to determine all rights to credit memoranda arising on account of the erroneous payment of a tax or penalty under this subsection.

In the administration of and compliance with this subsection, the Department and persons who are subject to this subsection shall (i) have the same rights, remedies, privileges, immunities, powers and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties and definition of terms, and (iii) employ the same modes of procedure as are set forth in Sections 2 (except that that reference to State in the definition of supplier maintaining a place of business in this State means the county), 2a through 2d, 3 through 3-50 (in respect to all provisions contained in those Sections other than the State rate of tax), 4 (except that the reference to the State shall be to the county), 5, 7, 8 (except that the jurisdiction to which the tax is a debt to the extent indicated in that Section 8 is the county), 9 (except as to the disposition of taxes and penalties collected), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State means the county), Section 15, 16, 17, 18, 19, and 20 of the Service Occupation Tax Act and all provisions of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.
Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their serviceman's tax liability by separately stating the tax as an additional charge, which may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, pursuant to any bracketed schedules set forth by the Department.

(c) The tax under this Section may not be imposed until the question of imposing the tax has been submitted to the electors of the county at a regular election and approved by a majority of the electors voting on the question. For all regular elections held prior to the effective date of this amendatory Act of the 97th General Assembly, upon a resolution by the county board or a resolution by school district boards that represent at least 51% of the student enrollment within the county, the county board must certify the question to the proper election authority in accordance with the Election Code.

For all regular elections held prior to the effective date of this amendatory Act of the 97th General Assembly, the election authority must submit the question in substantially the following form:

Shall (name of county) be authorized to impose a retailers' occupation tax and a service occupation tax (commonly referred to as a "sales tax") at a rate of (insert rate) to be used exclusively for school facility purposes?

The election authority must record the votes as "Yes" or "No".

If a majority of the electors voting on the question vote in the affirmative, then the county may, thereafter, impose the tax.

For all regular elections held on or after the effective date of this amendatory Act of the 97th General Assembly, the regional superintendent of schools for the county must, upon receipt of a resolution or resolutions of school district boards that represent more than 50% of the student enrollment within the county, certify the question to the proper election authority for submission to the electors of the county at the next regular election at which the question lawfully may be submitted to the electors, all in accordance with the Election Code.

For all regular elections held on or after the effective date of this amendatory Act of the 97th General Assembly, the election authority must submit the question in substantially the following form:

Shall a retailers' occupation tax and a service occupation tax (commonly referred to as a "sales tax") be imposed in (name of
county) at a rate of (insert rate) to be used exclusively for school facility purposes?
The election authority must record the votes as "Yes" or "No".
If a majority of the electors voting on the question vote in the affirmative, then the tax shall be imposed at the rate set forth in the question.
For the purposes of this subsection (c), "enrollment" means the head count of the students residing in the county on the last school day of September of each year, which must be reported on the Illinois State Board of Education Public School Fall Enrollment/Housing Report.
(d) The Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected under this Section to be deposited into the School Facility Occupation Tax Fund, which shall be an unappropriated trust fund held outside the State treasury.
On or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to the regional superintendents of schools in counties from which retailers or servicemen have paid taxes or penalties to the Department during the second preceding calendar month. The amount to be paid to each regional superintendent of schools and disbursed to him or her in accordance with Section 3-14.31 of the School Code, is equal to the amount (not including credit memoranda) collected from the county under this Section during the second preceding calendar month by the Department, (i) less 2% of that amount, which shall be deposited into the Tax Compliance and Administration Fund and shall be used by the Department, subject to appropriation, to cover the costs of the Department in administering and enforcing the provisions of this Section, on behalf of the county, (ii) plus an amount that the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body; (iii) less an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of the county; and (iv) less any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the county. When certifying the amount of a monthly disbursement to a regional superintendent of schools under this Section, the Department shall increase or decrease the amounts by an amount necessary to offset any miscalculation of previous disbursements within the previous 6 months from the time a miscalculation is discovered.

New matter indicated by italics - deletions by strikeout
Within 10 days after receipt by the Comptroller from the Department of the disbursement certification to the regional superintendents of the schools provided for in this Section, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with directions contained in the certification.

If the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, then the Department shall notify the Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the Treasurer out of the School Facility Occupation Tax Fund.

(e) For the purposes of determining the local governmental unit whose tax is applicable, a retail sale by a producer of coal or another mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This subsection does not apply to coal or another mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the United States Constitution as a sale in interstate or foreign commerce.

(f) Nothing in this Section may be construed to authorize a tax to be imposed upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by this State.

(g) If a county board imposes a tax under this Section pursuant to a referendum held before the effective date of this amendatory Act of the 97th General Assembly at a rate below the rate set forth in the question approved by a majority of electors of that county voting on the question as provided in subsection (c), then the county board may, by ordinance, increase the rate of the tax up to the rate set forth in the question approved by a majority of electors of that county voting on the question as provided in subsection (c). If a county board imposes a tax under this Section pursuant to a referendum held before the effective date of this amendatory Act of the 97th General Assembly, then the board may, by ordinance, discontinue or reduce the rate of the tax. If a tax is imposed under this Section pursuant to a referendum held on or after the effective date of this amendatory Act of the 97th General Assembly, then the county board may reduce or discontinue the tax, but only in accordance with subsection (h-5) of this Section. If, however, a school board issues bonds that are secured by the proceeds of the tax under this Section, then the county board may
not reduce the tax rate or discontinue the tax if that rate reduction or discontinuance would adversely affect the school board's ability to pay the principal and interest on those bonds as they become due or necessitate the extension of additional property taxes to pay the principal and interest on those bonds. If the county board reduces the tax rate or discontinues the tax, then a referendum must be held in accordance with subsection (c) of this Section in order to increase the rate of the tax or to reimpose the discontinued tax.

Until January 1, 2014, the results of any election that imposes, reduces, or discontinues a tax under this Section must be certified by the election authority, and any ordinance that increases or lowers the rate or discontinues the tax must be certified by the county clerk and, in each case, filed with the Illinois Department of Revenue either (i) on or before the first day of April, whereupon the Department shall proceed to administer and enforce the tax or change in the rate as of the first day of July next following the filing; or (ii) on or before the first day of October, whereupon the Department shall proceed to administer and enforce the tax or change in the rate as of the first day of January next following the filing.

Beginning January 1, 2014, the results of any election that imposes, reduces, or discontinues a tax under this Section must be certified by the election authority, and any ordinance that increases or lowers the rate or discontinues the tax must be certified by the county clerk and, in each case, filed with the Illinois Department of Revenue either (i) on or before the first day of May, whereupon the Department shall proceed to administer and enforce the tax or change in the rate as of the first day of July next following the filing; or (ii) on or before the first day of October, whereupon the Department shall proceed to administer and enforce the tax or change in the rate as of the first day of January next following the filing.

(h) For purposes of this Section, "school facility purposes" means (i) the acquisition, development, construction, reconstruction, rehabilitation, improvement, financing, architectural planning, and installation of capital facilities consisting of buildings, structures, and durable equipment and for the acquisition and improvement of real property and interest in real property required, or expected to be required, in connection with the capital facilities and (ii) the payment of bonds or other obligations heretofore or hereafter issued, including bonds or other obligations heretofore or hereafter issued to refund or to continue to refund bonds or other obligations issued, for school facility purposes, provided

that the taxes levied to pay those bonds are abated by the amount of the taxes imposed under this Section that are used to pay those bonds. "School-facility purposes" also includes fire prevention, safety, energy conservation, disabled accessibility, school security, and specified repair purposes set forth under Section 17-2.11 of the School Code.

(h-5) A county board in a county where a tax has been imposed under this Section pursuant to a referendum held on or after the effective date of this amendatory Act of the 97th General Assembly may, by ordinance or resolution, submit to the voters of the county the question of reducing or discontinuing the tax. In the ordinance or resolution, the county board shall certify the question to the proper election authority in accordance with the Election Code. The election authority must submit the question in substantially the following form:

Shall the school facility retailers' occupation tax and service occupation tax (commonly referred to as the "school facility sales tax") currently imposed in (name of county) at a rate of (insert rate) be (reduced to (insert rate)) (discontinued)?

If a majority of the electors voting on the question vote in the affirmative, then, subject to the provisions of subsection (g) of this Section, the tax shall be reduced or discontinued as set forth in the question.

Sec. 55.8. Tire retailers.

(a) Any person selling new or used tires at retail or offering new or used tires for retail sale in this State shall:

(1) beginning on June 20, 2003 (the effective date of Public Act 93-32), collect from retail customers a fee of $2 per new or used tire sold and delivered in this State, to be paid to the Department of Revenue and deposited into the Used Tire Management Fund, less a collection allowance of 10 cents per tire to be retained by the retail seller and a collection allowance of 10 cents per tire to be retained by the Department of Revenue and paid into the General Revenue Fund; the collection allowance for retail sellers, however, shall be allowed only if the return is filed timely and only for the amount that is paid timely in accordance with this Title XIV;

(1.5) beginning on July 1, 2003, collect from retail customers an additional 50 cents per new or used tire sold and delivered in this State; the money collected from this fee shall be deposited into the Emergency Public Health Fund;

(2) accept for recycling used tires from customers, at the point of transfer, in a quantity equal to the number of new tires purchased; and

(3) post in a conspicuous place a written notice at least 8.5 by 11 inches in size that includes the universal recycling symbol and the following statements: "DO NOT put used tires in the..."

(b) A person who accepts used tires for recycling under subsection (a) shall not allow the tires to accumulate for periods of more than 90 days.

(c) The requirements of subsection (a) of this Section do not apply to mail order sales nor shall the retail sale of a motor vehicle be considered to be the sale of tires at retail or offering of tires for retail sale. Instead of filing returns, retailers of tires may remit the tire user fee of $1.00 per tire to their suppliers of tires if the supplier of tires is a registered retailer of tires and agrees or otherwise arranges to collect and remit the tire fee to the Department of Revenue, notwithstanding the fact that the sale of the tire is a sale for resale and not a sale at retail. A tire supplier who enters into such an arrangement with a tire retailer shall be liable for the tax on all tires sold to the tire retailer and must (i) provide the tire retailer with a receipt that separately reflects the tire tax collected from the retailer on each transaction and (ii) accept used tires for recycling from the retailer's customers. The tire supplier shall be entitled to the collection allowance of 10 cents per tire, but only if the return is filed timely and only for the amount that is paid timely in accordance with this Title XIV.

The retailer of the tires must maintain in its books and records evidence that the appropriate fee was paid to the tire supplier and that the tire supplier has agreed to remit the fee to the Department of Revenue for each tire sold by the retailer. Otherwise, the tire retailer shall be directly liable for the fee on all tires sold at retail. Tire retailers paying the fee to their suppliers are not entitled to the collection allowance of 10 cents per tire.

(d) The requirements of subsection (a) of this Section shall apply exclusively to tires to be used for vehicles defined in Section 1-217 of the Illinois Vehicle Code, aircraft tires, special mobile equipment, and implements of husbandry.

(e) The requirements of paragraph (1) of subsection (a) do not apply to the sale of reprocessed tires. For purposes of this Section, "reprocessed tire" means a used tire that has been recapped, retreaded, or regrooved and that has not been placed on a vehicle wheel rim.

PUBLIC ACT 98-0586
(Senate Bill No. 2350)

AN ACT concerning regulation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Public Utilities Act is amended by changing Sections 16-111.7 and 19-140 as follows:

(220 ILCS 5/16-111.7)

Sec. 16-111.7. On-bill financing program; electric utilities.

(a) The Illinois General Assembly finds that Illinois homes and businesses have the potential to save energy through conservation and cost-effective energy efficiency measures. Programs created pursuant to this Section will allow utility customers to purchase cost-effective energy efficiency measures, including measures set forth in a Commission-approved energy efficiency and demand-response plan under Section 8-103 of this Act and that are cost-effective as that term is defined by that Section, with no required initial upfront payment, and to pay the cost of those products and services over time on their utility bill.

(b) Notwithstanding any other provision of this Act, an electric utility serving more than 100,000 customers on January 1, 2009 shall offer a Commission-approved on-bill financing program ("program") that allows its eligible retail customers, as that term is defined in Section 16-111.5 of this Act, who own a residential single family home, duplex, or other residential building with 4 or less units, or condominium at which

New matter indicated by italics - deletions by strikeout
the electric service is being provided (i) to borrow funds from a third party lender in order to purchase electric energy efficiency measures approved under the program for installation in such home or condominium without any required upfront payment and (ii) to pay back such funds over time through the electric utility's bill. Based upon the process described in subsection (b-5) of this Section, small commercial retail customers, as that term is defined in Section 16-102 of this Act, who own the premises at which electric service is being provided may be included in such program. After receiving a request from an electric utility for approval of a proposed program and tariffs pursuant to this Section, the Commission shall render its decision within 120 days. If no decision is rendered within 120 days, then the request shall be deemed to be approved.

Beginning no later than December 31, 2013, an electric utility subject to this subsection (b) shall also offer its program to eligible retail customers that own multifamily residential or mixed-use buildings with no more than 50 residential units, provided, however, that such customers must either be a residential customer or small commercial customer and may not use the program in such a way that repayment of the cost of energy efficiency measures is made through tenants' utility bills. An electric utility may impose a per site loan limit not to exceed $150,000. The program, and loans issued thereunder, shall only be offered to customers of the utility that meet the requirements of this Section and that also have an electric service account at the premises where the energy efficiency measures being financed shall be installed.

For purposes of this Section, "small commercial customer" means, for an electric utility serving more than 3,000,000 retail customers, those customers having peak demand of less than 100 kilowatts, and, for an electric utility serving less than 3,000,000 retail customers, those customers having peak demand of less than 150 kilowatts; provided, however, that in the event the Commission, after the effective date of this amendatory Act of the 98th General Assembly, approves changes to a utility's tariffs that reflects new or revised demand criteria for the utility's customer rate classifications, then the utility may file a petition with the Commission to revise the applicable definition of a small commercial customer to reflect the new or revised demand criteria for the purposes of this Section. After notice and hearing, the Commission shall enter an order approving, or approving with modification, the revised definition within 60 days after the utility files the petition.
(b-5) Within 30 days after the effective date of this amendatory Act of the 96th General Assembly, the Commission shall convene a workshop process during which interested participants may discuss issues related to the program, including program design, eligible electric energy efficiency measures, vendor qualifications, and a methodology for ensuring ongoing compliance with such qualifications, financing, sample documents such as request for proposals, contracts and agreements, dispute resolution, pre-installment and post-installment verification, and evaluation. The workshop process shall be completed within 150 days after the effective date of this amendatory Act of the 96th General Assembly.

(c) Not later than 60 days following completion of the workshop process described in subsection (b-5) of this Section, each electric utility subject to subsection (b) of this Section shall submit a proposed program to the Commission that contains the following components:

(1) A list of recommended electric energy efficiency measures that will be eligible for on-bill financing. An eligible electric energy efficiency measure ("measure") shall be a product or service for which one or more of the following is true defined by the following:

(A) the measure would be applied to or replace electric energy-using equipment; and either

(B) the projected application of the measure to equipment and systems will have estimated electricity savings (determined by rates in effect at the time of purchase) that are sufficient to cover the costs of implementing the measures, including finance charges and any program fees not recovered pursuant to subsection (f) of this Section; to assist the electric utility in identifying or approving measures, the utility may consult with the Department of Commerce and Economic Opportunity, as well as with retailers, technicians, and installers of electric energy efficiency measures and energy auditors (collectively "vendors"); or

(C) the product or service measure is included in a Commission-approved energy efficiency and demand-response plan under Section 8-103 of this Act and is cost-effective as that term is defined by that Section.

(2) The electric utility shall issue a request for proposals ("RFP") to lenders for purposes of providing financing to

New matter indicated by italics - deletions by strikeout
participants to pay for approved measures. The RFP criteria shall include, but not be limited to, the interest rate, origination fees, and credit terms. The utility shall select the winning bidders based on its evaluation of these criteria, with a preference for those bids containing the rates, fees, and terms most favorable to participants;

(3) The utility shall work with the lenders selected pursuant to the RFP process, and with vendors, to establish the terms and processes pursuant to which a participant can purchase eligible electric energy efficiency measures using the financing obtained from the lender. The vendor shall explain and offer the approved financing packaging to those customers identified in subsection (b) of this Section and shall assist customers in applying for financing. As part of the process, vendors shall also provide to participants information about any other incentives that may be available for the measures.

(4) The lender shall conduct credit checks or undertake other appropriate measures to limit credit risk, and shall review and approve or deny financing applications submitted by customers identified in subsection (b) of this Section. Following the lender's approval of financing and the participant's purchase of the measure or measures, the lender shall forward payment information to the electric utility, and the utility shall add as a separate line item on the participant's utility bill a charge showing the amount due under the program each month.

(5) A loan issued to a participant pursuant to the program shall be the sole responsibility of the participant, and any dispute that may arise concerning the loan's terms, conditions, or charges shall be resolved between the participant and lender. Upon transfer of the property title for the premises at which the participant receives electric service from the utility or the participant's request to terminate service at such premises, the participant shall pay in full its electric utility bill, including all amounts due under the program, provided that this obligation may be modified as provided in subsection (g) of this Section. Amounts due under the program shall be deemed amounts owed for residential and, as appropriate, small commercial electric service.

(6) The electric utility shall remit payment in full to the lender each month on behalf of the participant. In the event a participant defaults on payment of its electric utility bill, the
electric utility shall continue to remit all payments due under the program to the lender, and the utility shall be entitled to recover all costs related to a participant's nonpayment through the automatic adjustment clause tariff established pursuant to Section 16-111.8 of this Act. In addition, the electric utility shall retain a security interest in the measure or measures purchased under the program, and the utility retains its right to disconnect a participant that defaults on the payment of its utility bill.

(7) The total outstanding amount financed under the program in this subsection and subsection (c-5) of this Section shall not exceed $2.5 million for an electric utility or electric utilities under a single holding company, provided that the electric utility or electric utilities may petition the Commission for an increase in such amount.

(c-5) Within 120 days after the effective date of this amendatory Act of the 98th General Assembly, each electric utility subject to the requirements of this Section shall submit an informational filing to the Commission that describes its plan for implementing the provisions of this amendatory Act of the 98th General Assembly on or before December 31, 2013. Such filing shall also describe how the electric utility shall coordinate its program with any gas utility or utilities that provide gas service to buildings within the electric utility's service territory so that it is practical and feasible for the owner of a multifamily building to make a single application to access loans for both gas and electric energy efficiency measures in any individual building.

(d) A program approved by the Commission shall also include the following criteria and guidelines for such program:

(1) guidelines for financing of measures installed under a program, including, but not limited to, RFP criteria and limits on both individual loan amounts and the duration of the loans;

(2) criteria and standards for identifying and approving measures;

(3) qualifications of vendors that will market or install measures, as well as a methodology for ensuring ongoing compliance with such qualifications;

(4) sample contracts and agreements necessary to implement the measures and program; and

New matter indicated by italics - deletions by strikeout
(5) the types of data and information that utilities and vendors participating in the program shall collect for purposes of preparing the reports required under subsection (g) of this Section.

(e) The proposed program submitted by each electric utility shall be consistent with the provisions of this Section that define operational, financial and billing arrangements between and among program participants, vendors, lenders, and the electric utility.

(f) An electric utility shall recover all of the prudently incurred costs of offering a program approved by the Commission pursuant to this Section, including, but not limited to, all start-up and administrative costs and the costs for program evaluation. All prudently incurred costs under this Section shall be recovered from the residential and small commercial retail customer classes eligible to participate in the program through the automatic adjustment clause tariff established pursuant to Section 8-103 of this Act.

(g) An independent evaluation of a program shall be conducted after 3 years of the program's operation. The electric utility shall retain an independent evaluator who shall evaluate the effects of the measures installed under the program and the overall operation of the program, including, but not limited to, customer eligibility criteria and whether the payment obligation for permanent electric energy efficiency measures that will continue to provide benefits of energy savings should attach to the meter location. As part of the evaluation process, the evaluator shall also solicit feedback from participants and interested stakeholders. The evaluator shall issue a report to the Commission on its findings no later than 4 years after the date on which the program commenced, and the Commission shall issue a report to the Governor and General Assembly including a summary of the information described in this Section as well as its recommendations as to whether the program should be discontinued, continued with modification or modifications or continued without modification, provided that any recommended modifications shall only apply prospectively and to measures not yet installed or financed.

(h) An electric utility offering a Commission-approved program pursuant to this Section shall not be required to comply with any other statute, order, rule, or regulation of this State that may relate to the offering of such program, provided that nothing in this Section is intended to limit the electric utility's obligation to comply with this Act and the Commission's orders, rules, and regulations, including Part 280 of Title 83 of the Illinois Administrative Code.

(i) The source of a utility customer's electric supply shall not disqualify a customer from participation in the utility's on-bill financing program. (b) Notwithstanding any other provision of this Act, a gas utility serving more than 100,000 customers on January 1, 2009 shall offer a Commission-approved on-bill financing program ("program") that allows its retail customers who own a residential single family home, duplex, or other residential building with 4 or less units, or condominium at which the gas service is being provided (i) to borrow funds from a third party lender in order to purchase gas energy efficiency measures approved under the program for installation in such home or condominium without any required upfront payment and (ii) to pay back such funds over time through the gas utility's bill. (30 ILCS 705/4.3 new)

PUBLIC ACT 98-0589
(Senate Bill No. 2381)

AN ACT concerning finance.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Grant Information Collection Act.

Section 5. Definitions. For the purposes of this Act, unless the context otherwise requires:

"Grant funds" means any public funds dispensed by a grantor agency to any person or entity for obligation, expenditure, or use by that person or entity for a specific purpose or purposes and any funds disbursed by the State Comptroller pursuant to an appropriation made by the General Assembly to a named entity or person. Funds disbursed in accordance with a fee for service purchase of care contract are not grant funds for purposes of this Act.

Neither the method by which funds are dispensed, whether by contract, agreement, grant subsidy, letter of credit, or any other method, nor the purpose for which the funds are used can change the character of funds which otherwise would be considered grant funds as defined in this Section.

"Grantee" means the person or entity which may use grant funds.

"Grantor agency" means a State agency that dispenses grant funds.

"State agency" means State-supported universities and colleges and any department, office, commission, board, or authority within the Executive Department, other than the Office of the Lieutenant Governor, the Office of the Attorney General, the Office of the Secretary of State, the Office of the Comptroller, or the Office of the Treasurer.

Section 10. Grant information collection. The Chief Information Officer of the State, as designated by the Governor, shall coordinate with each State agency to develop, with any existing or newly available resources and technology, appropriate systems to accurately report data containing financial information. These systems shall include a module that is specific to the management and administration of grant funds.

Each grantor agency that is authorized to award grant funds to an entity other than the State of Illinois shall coordinate with the Chief Information Officer of the State to provide for the publication, at data.illinois.gov or any other publicly accessible website designated by the

Chief Information Officer, of data sets containing information regarding awards of grant funds that the grantor agency has made during the previous fiscal year. Data sets shall be published on at least a quarterly basis and shall include, at a minimum, the following:

(1) the name of the grantor agency;
(2) the name and postal zip code of the grantee;
(3) a short description of the purpose of the award of grant funds;
(4) the amount of each award of grant funds;
(5) the date of each award of grant funds; and
(6) the duration of each award of grant funds.

In addition, each grantor agency shall make best efforts, with available resources and technology, to make available in the data sets any other data that is relevant to its award of grant funds.

Data not subject to the requirements of this Section include data to which a State agency may deny access pursuant to any provision of a federal, State, or local law, rule, or regulation.

closed hospital under subsection (b) of this Section, and to transfer any remaining hospital funds under subsection (c) of this Section.

(b) Wrapping up the affairs of the Wood River Township Hospital.

(1) Within the first 10 business days of the 180-day period provided in paragraph (2) of subsection (a) of this Section, the chairman of the hospital board shall cause an audit of all claims against the Wood River Township Hospital, all receipts of the Wood River Township Hospital, the inventory of all real and personal property owned by the Wood River Township Hospital or under its control or management, and any debts owed by the Wood River Township Hospital. The chairman may, at his or her discretion, undertake any other audit of the Wood River Township Hospital. The person or entity conducting such audit shall report the findings of the audit to the hospital board within 30 days.

(2) Following the return of the audit provided in paragraph (1) of this subsection, the hospital board shall:

(i) Pay the debts, obligations, and liabilities of the Wood River Township Hospital that are outstanding upon completion of the audit in paragraph (1) of this subsection and all necessary expenses of closing up the affairs of the Wood River Township Hospital.

(ii) Enter into an agreement with a hospital within Madison County to ensure all patient records are properly transferred. If no hospital in Madison County is able or willing to accept the records, the records may be transferred to a hospital within a neighboring county contiguous to Madison County. The Wood River Township Hospital will be responsible for paying a reasonable service fee to the hospital that accepts and retains records pursuant to this subsection. Following successful transfer of the patient records, the receiving hospital shall retain and destroy the transferred patient records in accordance with the receiving hospital's record retention schedule and policies.

(iii) Sell the property of the Wood River Township Hospital if any excess remains after all the liabilities of the Wood River Township Hospital are paid.

(c) Transfer of surplus funds. If any funds are available, the hospital board shall transfer, no later than 10 business days prior to the
conclusion of the 180-day period provided in subsection (a) of this Section, all surplus funds, if any, to the Madison County Treasurer to be maintained in the Wood River Township Hospital Fund and be disposed of pursuant to subsection (d) of this Section.

If any liabilities remain, the funds available shall be set apart by the Madison County Treasurer and held for the purpose of retiring such liabilities.

(d) Payment of remaining liabilities and disposal of surplus funds. The Madison County Clerk shall pay any remaining liabilities of the Wood River Township Hospital from the Wood River Township Hospital Fund. After all the liabilities of the Wood River Township Hospital are paid, the Madison County Clerk shall distribute any funds remaining in the Wood River Township Hospital Fund to the property owners in Wood River Township as of the date of dissolution of Wood River Township Hospital. The distribution shall be proportional to the assessed value of the property in the 2005 levy year.

(e) Outstanding indebtedness.

(1) In the event that the Wood River Township Hospital has notes outstanding which are a lien on funds available in the Wood River Township Hospital Fund at the time of dissolution, such lien shall be unimpaired by such dissolution and the lien shall continue in favor of the note holders.

(2) In the event that the Wood River Township Hospital has unsecured debts outstanding at the time of dissolution, any funds in the Wood River Township Hospital Fund or otherwise available and not committed shall, to the extent necessary, be applied to the payment of such debts.

(3) Madison County may levy a tax, on behalf of the Wood River Township Hospital, upon all taxable real property located in Wood River Township for the purpose of paying the outstanding debts and obligations of the Wood River Township Hospital.

(f) Tax collection and enforcement. The dissolution of the Wood River Township Hospital shall not adversely affect proceedings for the collection or enforcement of any tax. Those proceedings shall continue to finality as though no dissolution had taken place. The proceeds thereof shall be paid over to the Madison County Treasurer to be transferred pursuant to subsection (c) of this Section. Proceedings to collect and enforce such taxes may be instituted and carried on in the name of the Wood River Township Hospital.

New matter indicated by italics - deletions by strikeout
(g) Litigation. All suits pending in any court on behalf of or against the Wood River Township Hospital may be prosecuted or defended in the name of Madison County by the State’s attorney. All judgments obtained for the Wood River Township Hospital shall be collected and enforced by Madison County and transferred and disposed of pursuant to subsections (c) and (d) of this Section respectively.

(2) provide to the pet shop a written statement provided for under subsection (f) of this Section by a licensed veterinarian within 5 business days after a diagnosis by the veterinarian;

(3) upon request of the pet shop, take the dog or cat for an examination by a second licensed veterinarian; the customer may either choose the second licensed veterinarian or allow the pet shop to choose the second veterinarian, if the pet shop agrees to do so. The party choosing the second veterinarian shall assume the cost of the resulting examination; and

(4) if the customer requests a reimbursement of veterinary fees, provide to the pet shop an itemized bill for the disease, illness, or congenital or hereditary condition of the dog or cat for which the customer is seeking a remedy.

(j) A customer is not entitled to a remedy under this Section if:

(1) the illness or death resulted from: (A) maltreatment or neglect by the customer; (B) an injury sustained after the delivery of the dog or cat to the customer; or (C) an illness or disease contracted after the delivery of the dog or cat to the customer;

(2) the customer does not carry out the recommended treatment prescribed by the veterinarian who made the diagnosis; or

(3) the customer does not return to the pet shop all documents provided to register the dog or cat, unless the documents have already been sent to the registry organization.

(k) A pet shop may contest a remedy under this Section by having the dog or cat examined by a second licensed veterinarian pursuant to paragraph (3) of subsection (i) of this Section if the dog or cat is still
living. If the dog or cat is deceased, the pet shop may choose to have the second veterinarian review any records provided by the veterinarian who examined or treated the dog or cat for the customer before its death.

If the customer and the pet shop have not reached an agreement within 10 business days after the examination of the medical records and the dog or cat, if alive, or the dog's or cat's medical records, if deceased, by the second veterinarian, then:

1) the customer may bring suit in a court of competent jurisdiction to resolve the dispute; or
2) if the customer and the pet shop agree in writing, the parties may submit the dispute to binding arbitration.

If the court or arbiter finds that either party acted in bad faith in seeking or denying the requested remedy, then the offending party may be required to pay reasonable attorney's fees and court costs of the adverse party.

(I) This Section shall not apply to any adoption of dogs or cats, including those in which a pet shop or other organization rents or donates space to facilitate the adoption.

(m) If a pet shop offers its own warranty on a pet, a customer may choose to waive the remedies provided under subsection (f) of this Section in favor of choosing the warranty provided by the pet shop. If a customer waives the rights provided by subsection (f), the only remedies available to the customer are those provided by the pet shop's warranty. For the statement to be an effective waiver of the customer's right to refund or exchange the animal under subsection (f), the pet shop must provide, in writing, a statement of the remedy under subsection (f) that the customer is waiving as well as a written copy of the pet shop's warranty. For the statement to be an effective waiver of the customer's right to refund or exchange the animal under subsection (f), it shall be substantially similar to the following language:

"I have agreed to accept the warranty provided by the pet shop in lieu of the remedies under subsection (f) of Section 3.15 of the Animal Welfare Act. I have received a copy of the pet shop's warranty and a statement of the remedies provided under subsection (f) of Section 3.15 of the Animal Welfare Act. This is a waiver pursuant to subsection (m) of Section 3.15 of the Animal Welfare Act whereby I, the customer, relinquish any and all right to return the animal for congenital and hereditary disorders provided by subsection (f) of Section 3.15 of the Animal Welfare Act. I
agree that my exclusive remedy is the warranty provided by the pet shop at the time of sale.

Section 5. School of Labor and Employment Relations; autonomy. The Board of Trustees of the University of Illinois shall operate the School of Labor and Employment Relations as a distinct and autonomous entity within the University of Illinois for the purpose of offering curricula and other educational programs, at the Urbana-Champaign and Chicago campuses and through extension services, in all phases of industrial and labor relations to promote research in those fields by maintaining a school dedicated solely to the faithful, honest, and impartial inquiry into labor-management problems of all types, and for the securement of such advances as will lay the foundations for future progress in the field of labor relations.

(40 ILCS 5/1-160)
Sec. 1-160. Provisions applicable to new hires.
(a) The provisions of this Section apply to a person who, on or after January 1, 2011, first becomes a member or a participant under any reciprocal retirement system or pension fund established under this Code, other than a retirement system or pension fund established under Article 2, 3, 4, 5, 6, 15 or 18 of this Code, notwithstanding any other provision of this Code to the contrary, but do not apply to any self-managed plan established under this Code, to any person with respect to service as a sheriff's law enforcement employee under Article 7, or to any participant of the retirement plan established under Section 22-101. Notwithstanding anything to the contrary in this Section, for purposes of this Section, a person who participated in a retirement system under Article 15 prior to January 1, 2011 shall be deemed a person who first became a member or participant prior to January 1, 2011 under any retirement system or pension fund subject to this Section. The changes made to this Section by this amendatory Act of the 98th General Assembly are a clarification of existing law and are intended to be retroactive to the effective date of Public Act 96-889, notwithstanding the provisions of Section 1-103.1 of this Code.

(b) "Final average salary" means the average monthly (or annual) salary obtained by dividing the total salary or earnings calculated under the Article applicable to the member or participant during the 96 consecutive months (or 8 consecutive years) of service within the last 120 months (or 10 years) of service in which the total salary or earnings calculated under the applicable Article was the highest by the number of months (or years) of service in that period. For the purposes of a person who first becomes a member or participant of any retirement system or pension fund to which this Section applies on or after January 1, 2011, in this Code, "final average salary" shall be substituted for the following:

(1) In Article 7 (except for service as sheriff's law enforcement employees), "final rate of earnings".
(2) In Articles 8, 9, 10, 11, and 12, "highest average annual salary for any 4 consecutive years within the last 10 years of service immediately preceding the date of withdrawal".
(3) In Article 13, "average final salary".
(4) In Article 14, "final average compensation".
(5) In Article 17, "average salary".

New matter indicated by italics - deletions by strikeout
(6) In Section 22-207, "wages or salary received by him at the date of retirement or discharge".

(b-5) Beginning on January 1, 2011, for all purposes under this Code (including without limitation the calculation of benefits and employee contributions), the annual earnings, salary, or wages (based on the plan year) of a member or participant to whom this Section applies shall not exceed $106,800; however, that amount shall annually thereafter be increased by the lesser of (i) 3% of that amount, including all previous adjustments, or (ii) one-half the annual unadjusted percentage increase (but not less than zero) in the consumer price index-u for the 12 months ending with the September preceding each November 1, including all previous adjustments.

For the purposes of this Section, "consumer price index-u" means the index published by the Bureau of Labor Statistics of the United States Department of Labor that measures the average change in prices of goods and services purchased by all urban consumers, United States city average, all items, 1982-84 = 100. The new amount resulting from each annual adjustment shall be determined by the Public Pension Division of the Department of Insurance and made available to the boards of the retirement systems and pension funds by November 1 of each year.

(c) A member or participant is entitled to a retirement annuity upon written application if he or she has attained age 67 and has at least 10 years of service credit and is otherwise eligible under the requirements of the applicable Article.

A member or participant who has attained age 62 and has at least 10 years of service credit and is otherwise eligible under the requirements of the applicable Article may elect to receive the lower retirement annuity provided in subsection (d) of this Section.

(d) The retirement annuity of a member or participant who is retiring after attaining age 62 with at least 10 years of service credit shall be reduced by one-half of 1% for each full month that the member's age is under age 67.

(e) Any retirement annuity or supplemental annuity shall be subject to annual increases on the January 1 occurring either on or after the attainment of age 67 or the first anniversary of the annuity start date, whichever is later. Each annual increase shall be calculated at 3% or one-half the annual unadjusted percentage increase (but not less than zero) in the consumer price index-u for the 12 months ending with the September preceding each November 1, whichever is less, of the originally granted

retirement annuity. If the annual unadjusted percentage change in the consumer price index-u for the 12 months ending with the September preceding each November 1 is zero or there is a decrease, then the annuity shall not be increased.

(f) The initial survivor's or widow's annuity of an otherwise eligible survivor or widow of a retired member or participant who first became a member or participant on or after January 1, 2011 shall be in the amount of 66 2/3% of the retired member's or participant's retirement annuity at the date of death. In the case of the death of a member or participant who has not retired and who first became a member or participant on or after January 1, 2011, eligibility for a survivor's or widow's annuity shall be determined by the applicable Article of this Code. The initial benefit shall be 66 2/3% of the earned annuity without a reduction due to age. A child's annuity of an otherwise eligible child shall be in the amount prescribed under each Article if applicable. Any survivor's or widow's annuity shall be increased (1) on each January 1 occurring on or after the commencement of the annuity if the deceased member died while receiving a retirement annuity or (2) in other cases, on each January 1 occurring after the first anniversary of the commencement of the annuity. Each annual increase shall be calculated at 3% or one-half the annual unadjusted percentage increase (but not less than zero) in the consumer price index-u for the 12 months ending with the September preceding each November 1, whichever is less, of the originally granted survivor's annuity. If the annual unadjusted percentage change in the consumer price index-u for the 12 months ending with the September preceding each November 1 is zero or there is a decrease, then the annuity shall not be increased.

(g) The benefits in Section 14-110 apply only if the person is a State policeman, a fire fighter in the fire protection service of a department, or a security employee of the Department of Corrections or the Department of Juvenile Justice, as those terms are defined in subsection (b) of Section 14-110. A person who meets the requirements of this Section is entitled to an annuity calculated under the provisions of Section 14-110, in lieu of the regular or minimum retirement annuity, only if the person has withdrawn from service with not less than 20 years of eligible creditable service and has attained age 60, regardless of whether the attainment of age 60 occurs while the person is still in service.

(h) If a person who first becomes a member or a participant of a retirement system or pension fund subject to this Section on or after

New matter indicated by italics - deletions by strikeout
January 1, 2011 is receiving a retirement annuity or retirement pension under that system or fund and becomes a member or participant under any other system or fund created by this Code and is employed on a full-time basis, except for those members or participants exempted from the provisions of this Section under subsection (a) of this Section, then the person's retirement annuity or retirement pension under that system or fund shall be suspended during that employment. Upon termination of that employment, the person's retirement annuity or retirement pension payments shall resume and be recalculated if recalculation is provided for under the applicable Article of this Code.

If a person who first becomes a member of a retirement system or pension fund subject to this Section on or after January 1, 2012 and is receiving a retirement annuity or retirement pension under that system or fund and accepts on a contractual basis a position to provide services to a governmental entity from which he or she has retired, then that person's annuity or retirement pension earned as an active employee of the employer shall be suspended during that contractual service. A person receiving an annuity or retirement pension under this Code shall notify the pension fund or retirement system from which he or she is receiving an annuity or retirement pension, as well as his or her contractual employer, of his or her retirement status before accepting contractual employment. A person who fails to submit such notification shall be guilty of a Class A misdemeanor and required to pay a fine of $1,000. Upon termination of that contractual employment, the person's retirement annuity or retirement pension payments shall resume and, if appropriate, be recalculated under the applicable provisions of this Code.

Sec. 15-126.1. Academic year. "Academic year": The 12-month period beginning on the first day of the fall term as determined by each employer, or if the employer does not have an academic program divided into terms, then beginning September 1. (40 ILCS 5/15-139) (from Ch. 108 1/2, par. 15-139)

Sec. 15-139. Retirement annuities; cancellation; suspended during employment.

(a) If an annuitant returns to employment for an employer within 60 days after the beginning of the retirement annuity payment period, the retirement annuity shall be cancelled, and the annuitant shall refund to the System the total amount of the retirement annuity payments which he or she received. If the retirement annuity is cancelled, the participant shall continue to participate in the System.

(b) If an annuitant retires prior to age 60 and receives or becomes entitled to receive during any month compensation in excess of the monthly retirement annuity (including any automatic annual increases) for services performed after the date of retirement for any employer under this System, that portion of the monthly retirement annuity provided by employer contributions shall not be payable.

If an annuitant retires at age 60 or over and receives or becomes entitled to receive during any academic year compensation in excess of the difference between his or her highest annual earnings prior to retirement and his or her annual retirement annuity computed under Rule 1, Rule 2, Rule 3, or Rule 4 of Section 15-136, or under Section 15-136.4, for services performed after the date of retirement for any employer under this System, that portion of the monthly retirement annuity provided by employer contributions shall be reduced by an amount equal to the compensation that exceeds such difference.

However, any remuneration received for serving as a member of the Illinois Educational Labor Relations Board shall be excluded from

"compensation" for the purposes of this subsection (b), and serving as a
member of the Illinois Educational Labor Relations Board shall not be
deemed to be a return to employment for the purposes of this Section. This
provision applies without regard to whether service was terminated prior
to the effective date of this amendatory Act of 1991.

"Academic year", as used in this subsection (b), means the 12-
month period beginning September 1.

(c) If an employer certifies that an annuitant has been reemployed
on a permanent and continuous basis or in a position in which the
annuitant is expected to serve for at least 9 months, the annuitant shall
resume his or her status as a participating employee and shall be entitled to
all rights applicable to participating employees upon filing with the board
an election to forgo all annuity payments during the period of
reemployment. Upon subsequent retirement, the retirement annuity shall
consist of the annuity which was terminated by the reemployment, plus the
additional retirement annuity based upon service granted during the period
of reemployment, but the combined retirement annuity shall not exceed the
maximum annuity applicable on the date of the last retirement.

The total service and earnings credited before and after the initial
date of retirement shall be considered in determining eligibility of the
employee or the employee's beneficiary to benefits under this Article, and
in calculating final rate of earnings.

In determining the death benefit payable to a beneficiary of an
annuitant who again becomes a participating employee under this Section,
accumulated normal and additional contributions shall be considered as
the sum of the accumulated normal and additional contributions at the date
of initial retirement and the accumulated normal and additional
contributions credited after that date, less the sum of the annuity payments
received by the annuitant.

The survivors insurance benefits provided under Section 15-145
shall not be applicable to an annuitant who resumes his or her status as a
participating employee, unless the annuitant, at the time of initial
retirement, has a survivors insurance beneficiary who could qualify for
such benefits.

If the participant's employment is terminated because of
circumstances other than death before 9 months from the date of
reemployment, the provisions of this Section regarding resumption of
status as a participating employee shall not apply. The normal and
survivors insurance contributions which are deducted during this period

shall be refunded to the annuitant without interest, and subsequent benefits under this Article shall be the same as those which were applicable prior to the date the annuitant resumed employment.

The amendments made to this Section by this amendatory Act of the 91st General Assembly apply without regard to whether the annuitant was in service on or after the effective date of this amendatory Act.

The notice must include a summary copy of the contract of employment or, if no written contract of employment exists, then the notice must specify the rate of compensation and the anticipated length of employment of that annuitant. The notice must specify whether the annuitant will be compensated from federal, corporate, foundation, or trust funds or grants of State funds that identify the principal investigator by name. The notice must include the employer's determination of whether or not the annuitant is an "affected annuitant" as defined in subsection (b).

The employer must also record, document, and certify to the System (i) the number of paid days and paid weeks worked by the annuitant in the academic year, (ii) the amount of compensation paid to the annuitant for employment during the academic year, and (ii) the amount of that compensation, if any, that comes from either federal, corporate, foundation, or trust funds or grants of State funds that identify the principal investigator by name.

As used in this Section, "academic year" means the 12-month period beginning September 1. has the meaning ascribed to that term in Section 15-126.1; "paid day" means a day on which a person performs personal services for an employer and for which the person is compensated by the employer; and "paid week" means a calendar week in which a person has at least one paid day.

For the purposes of this Section, an annuitant whose employment by an employer extends over more than one academic year shall be
deemed to be re-employed by that employer in each of those academic years.

The System may specify the time, form, and manner of providing the determinations, notifications, certifications, and documentation required under this Section.

(b) A person receiving a retirement annuity from the System becomes an "affected annuitant" on the first day of the academic year following the academic year in which the annuitant first meets both of the following condition conditions:

1. While receiving a retirement annuity under this Article, the annuitant has been employed on or after August 1, 2013 by one or more employers under this Article for a total of more than 18 paid weeks (which need not have been with the same employer or in the same academic year); except that any periods of employment for which the annuitant was compensated solely from federal, corporate, foundation, or trust funds or grants of State funds that identify the principal investigator by name are excluded.

2. While receiving a retirement annuity under this Article, the annuitant was employed on or after August 1, 2013 by one or more employers under this Article and received or became entitled to receive during an academic year compensation for that employment in excess of 40% of his or her highest annual earnings prior to retirement; except that compensation paid from federal, corporate, foundation, or trust funds or grants of State funds that identify the principal investigator by name is excluded.

A person who becomes an affected annuitant remains an affected annuitant, except for any period during which the person returns to active service and does not receive a retirement annuity from the System.

(c) It is the obligation of the employer to determine whether an annuitant is an affected annuitant before employing the annuitant. For that purpose the employer may require the annuitant to disclose and document his or her relevant prior employment and earnings history. Failure of the employer to make this determination correctly and in a timely manner or to include this determination with the notification required under subsection (a) does not excuse the employer from making the contribution required under subsection (e).

The System may assist the employer in determining whether a person is an affected annuitant. The System shall inform the employer if it
discovers that the employer's determination is inconsistent with the
employment and earnings information in the System's records.

(d) Upon the request of an annuitant, the System shall certify to the
annuitant or the employer the following information as reported by the
employers, as that information is indicated in the records of the System: (i)
the annuitant's highest annual earnings prior to retirement, (ii) the number
of paid weeks worked by the annuitant for an employer on or after August
1, 2013, (iii) the compensation paid for that employment in each academic
year, and (iii) (iv) whether any of that employment or compensation has
been certified to the System as being paid from federal, corporate,
foundation, or trust funds or grants of State funds that identify the
principal investigator by name. The System shall only be required to
certify information that is received from the employers.

(e) In addition to the requirements of subsection (a), an employer
who employs an affected annuitant must pay to the System an employer
contribution in the amount and manner provided in this Section, unless the
annuitant is compensated by that employer solely from federal, corporate,
foundation, or trust funds or grants of State funds that identify the
principal investigator by name.

The employer contribution required under this Section for
employment of an affected annuitant in an academic year shall be equal to
12 times the amount of the gross monthly retirement annuity payable to the
annuitant for the month in which the first paid day of that employment in
that academic year occurs, after any reduction in that annuity that may be
imposed under subsection (b) of Section 15-139.

If an affected annuitant is employed by more than one employer in
an academic year, the employer contribution required under this Section
shall be divided among those employers in proportion to their respective
portions of the total compensation paid to the affected annuitant for that
employment during that academic year.

If the System determines that an employer, without reasonable
justification, has failed to make the determination of affected annuitant
status correctly and in a timely manner, or has failed to notify the System
or to correctly document or certify to the System any of the information
required by this Section, and that failure results in a delayed determination
by the System that a contribution is payable under this Section, then the
amount of that employer's contribution otherwise determined under this
Section shall be doubled.
The System shall deem a failure to correctly determine the annuitant's status to be justified if the employer establishes to the System's satisfaction that the employer, after due diligence, made an erroneous determination that the annuitant was not an affected annuitant due to reasonable reliance on false or misleading information provided by the annuitant or another employer, or an error in the annuitant's official employment or earnings records.

(f) Whenever the System determines that an employer is liable for a contribution under this Section, it shall so notify the employer and certify the amount of the contribution. The employer may pay the required contribution without interest at any time within one year after receipt of the certification. If the employer fails to pay within that year, then interest shall be charged at a rate equal to the System's prescribed rate of interest, compounded annually from the 366th day after receipt of the certification from the System. Payment must be concluded within 2 years after receipt of the certification by the employer. If the employer fails to make complete payment, including applicable interest, within 2 years, then the System may, after giving notice to the employer, certify the delinquent amount to the State Comptroller, and the Comptroller shall thereupon deduct the certified delinquent amount from State funds payable to the employer and pay them instead to the System.

(g) If an employer is required to make a contribution to the System as a result of employing an affected annuitant and the annuitant later elects to forgo his or her annuity in that same academic year pursuant to subsection (c) of Section 15-139, then the required contribution by the employer shall be waived, and if the contribution has already been paid, it shall be refunded to the employer without interest.

(h) Notwithstanding any other provision of this Article, the employer contribution required under this Section shall not be included in the determination of any benefit under this Article or any other Article of this Code, regardless of whether the annuitant returns to active service, and is in addition to any other State or employer contribution required under this Article.

(i) Notwithstanding any other provision of this Section to the contrary, if an employer employs an affected annuitant in order to continue critical operations in the event of either an employee's unforeseen illness, accident, or death or a catastrophic incident or disaster, then, for one and only one academic year, the employer is not required to pay the contribution set forth in this Section for that annuitant. The employer shall,
however, immediately notify the System upon employing a person subject to this subsection (i). For the purposes of this subsection (i), "critical operations" means teaching services, medical services, student welfare services, and any other services that are critical to the mission of the employer.

(j) This Section shall be applied and coordinated with the regulatory obligations contained in the State Universities Civil Service Act. This Section shall not apply to an annuitant if the employer of that annuitant provides documentation to the System that (1) the annuitant is employed in a status appointment position, as that term is defined in 80 Ill. Adm. Code 250.80, and (2) due to obligations contained under the State Universities Civil Service Act, the employer does not have the ability to limit the earnings or duration of employment for the annuitant while employed in the status appointment position.

Sec. 15-145.1. Survivor's insurance annuities and lump sum payments benefits for Tier 2 Members; amount. Survivor eligibility, vesting, and conditions for a survivor's insurance annuity and lump sum payment amount payable to a survivor's insurance beneficiary of a deceased Tier 2 member shall be determined under the provisions of this Article applicable to survivor's insurance beneficiaries of a deceased Tier 1 member; however, the amount of a survivor's insurance annuity, including the annual increases thereon, shall be calculated pursuant to this Section. The initial survivor's insurance annuity benefit of a survivors insurance beneficiary of a Tier 2 annuitant member shall be in the amount of 66 2/3% of the Tier 2 member's retirement annuity at the date of death. In the case of the death of a Tier 2 member who has not retired, eligibility for a survivor's insurance benefit shall be determined by the applicable Section of this Article. The initial benefit shall be 66 2/3% of the earned annuity without a reduction due to age. A survivor's insurance annuity and shall be increased (1) on each January 1 occurring on or after the commencement of the annuity if the deceased Tier 2 member died while receiving a retirement annuity or (2) in other cases, on each January 1 occurring after the first anniversary of the commencement of the benefit. Each annual increase shall be calculated at 3% or one half the annual unadjusted percentage increase (but not less than zero) in the consumer price index-u for the 12 months ending with the September preceding each November 1, whichever is less, of the originally granted survivor's
insurance annuity benefit. If the annual unadjusted percentage change in the consumer price index-u for the 12 months ending with the September preceding each November 1 is zero or there is a decrease, then the survivor's insurance annuity benefit shall not be increased. A beneficiary of a Tier 2 member who elects the Portable Benefit Package provided under this Article shall not be eligible for the survivor's insurance annuity benefit that is provided under this Section. If 2 or more persons are eligible to receive survivor's insurance annuities benefits as provided under this Section based on the same deceased Tier 2 member, the calculation of the survivor's insurance annuities benefits shall be based on the total calculation of the survivor's insurance annuity benefit and divided pro rata.

The changes made to this Section by this amendatory Act of the 98th General Assembly are a clarification of existing law and are intended to be retroactive to the effective date of Public Act 96-889, notwithstanding the provisions of Section 1-103.1 of this Code.

Section 10. Equal access to marriage.

(a) All laws of this State applicable to marriage, whether they derive from statute, administrative or court rule, policy, common law, or any other source of civil or criminal law, shall apply equally to marriages of same-sex and different-sex couples and their children.

(b) Parties to a marriage and their children, regardless of whether the marriage consists of a same-sex or different-sex couple, shall have all the same benefits, protections, and responsibilities under law, whether they derive from statute, administrative or court rule, policy, common law, or any other source of civil or criminal law.

(c) Parties to a marriage shall be included in any definition or use of terms such as "spouse", "family", "immediate family", "dependent", "next of kin", "wife", "husband", "bride", "groom", "wedlock", and other terms that refer to or denote the spousal relationship, as those terms are used throughout the law, regardless of whether the parties to a marriage are of the same sex or different sexes.

(d) To the extent the law of this State adopts, refers to, or relies upon provisions of federal law as applicable to this State, parties to a marriage of the same sex and their children shall be treated under the law of this State as if federal law recognizes the marriages of same-sex couples in the same manner as the law of this State.

Section 15. Religious freedom. Nothing in this Act shall interfere with or regulate the religious practice of any religious denomination or Indian Nation or Tribe or Native Group. Any religious denomination or Indian Nation or Tribe or Native Group is free to choose which marriages it will solemnize or celebrate.

Sec. 209. Solemnization and Registration.)

Instead, any religious denomination or Indian Nation or Tribe or Native Group, or any minister, clergy, or officiant acting as a representative of a religious denomination or Indian Nation or Tribe or Native Group is free to choose which marriages it will solemnize. Notwithstanding any other law to the contrary, a refusal by a religious denomination or Indian Nation or Tribe or Native Group, or any minister, clergy, or officiant acting as a representative of a religious denomination or Indian Nation or Tribe or Native Group to solemnize any marriage under this Act shall not create or be the basis for any civil, administrative, or criminal penalty, claim, or cause of action.

As used in this subsection (a-10), "religious facilities" means sanctuaries, parish halls, fellowship halls, and similar facilities. "Religious facilities" does not include facilities such as businesses, health care facilities, educational facilities, or social service agencies.

(b) The solemnization of the marriage is not invalidated by the fact that the person solemnizing the marriage was not legally qualified to solemnize it, if either party to the marriage believed him or her to be so qualified or by the fact that the marriage was inadvertently solemnized in a county in Illinois other than the county where the license was issued.

AN ACT concerning public employee benefits.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Legislative statement.

At the time of passage of this amendatory Act of the 98th General Assembly, Illinois has both atypically large debts and structural budgetary imbalances that will, unless addressed by the General Assembly, lead to even greater and rapidly growing debts and deficits. Already, Illinois has the lowest credit rating of any state, and it faces the prospect of future credit downgrades that will further increase the high cost of borrowing.

The State has taken significant action to address these fiscal troubles, including, but not limited to, increasing the income tax and reducing pension benefits for future employees. Further, the State has enacted a series of budgets over the last several fiscal years that resulted in deep cuts to important discretionary programs that are essential to the people of Illinois.

At the time of passage of this amendatory Act of the 98th General Assembly, the State's retirement systems have unfunded actuarially accrued liabilities of approximately $100 billion. Meanwhile, the State's annual pension contribution has substantially increased in recent years, and will continue to increase in coming years. The General Assembly recognizes that without significant pension reform, the unfunded liability and the State's pension contribution will continue to grow, and further burden the fiscal stability of both the State and its retirement systems.

This amendatory Act of the 98th General Assembly is intended to address the fiscal issues facing the State and its retirement systems in a manner that is feasible, consistent with the Illinois Constitution, and advantageous to both the taxpayers and employees impacted by these changes. Having considered other alternatives that would not involve changes to the retirement systems, the General Assembly has determined that the fiscal problems facing the State and its retirement systems cannot be solved without making some changes to the structure of the retirement systems. As a result, this amendatory Act requires more fiscal responsibility of the State, while minimizing the impact on current and retired State employees.

New matter indicated by italics - deletions by strikeout
Going forward, the automatic annual increase in retirement annuity will be based on a participant's years of service to the State and inflation, which more accurately reflects changes in the cost of living. For participants who have yet to receive an annuity, a pensionable salary cap will be imposed; however, it will only impact future salary increases that exceed a cap. Those workers 45 years of age and younger will be required to work an additional 4 months for each year under 46, which results in a minimal increase in retirement age given that the life expectancy for a 45 year old is 87 years of age. Current employees will receive a 1% reduction in required employee contributions. With these changes, the State can adopt an actuarially sound funding formula that will result in the pension systems achieving 100% funding no later than 2044. The State will also make additional contributions that will considerably aid in reducing the unfunded actuarially accrued liability.

The General Assembly finds that this amendatory Act of the 98th General Assembly will lead to fiscal stability for the State and its pension systems.

Section 3. The Illinois Public Labor Relations Act is amended by changing Sections 4 and 15 and adding Section 7.5 as follows:

(5 ILCS 315/4) (from Ch. 48, par. 1604)

Sec. 4. Management Rights. Employers shall not be required to bargain over matters of inherent managerial policy, which shall include such areas of discretion or policy as the functions of the employer, standards of services, its overall budget, the organizational structure and selection of new employees, examination techniques and direction of employees. Employers, however, shall be required to bargain collectively with regard to policy matters directly affecting wages, hours and terms and conditions of employment as well as the impact thereon upon request by employee representatives, except as provided in Section 7.5.

To preserve the rights of employers and exclusive representatives which have established collective bargaining relationships or negotiated collective bargaining agreements prior to the effective date of this Act, employers shall be required to bargain collectively with regard to any matter concerning wages, hours or conditions of employment about which they have bargained for and agreed to in a collective bargaining agreement prior to the effective date of this Act, except as provided in Section 7.5.

The chief judge of the judicial circuit that employs a public employee who is a court reporter, as defined in the Court Reporters Act,
has the authority to hire, appoint, promote, evaluate, discipline, and discharge court reporters within that judicial circuit.

Nothing in this amendatory Act of the 94th General Assembly shall be construed to intrude upon the judicial functions of any court. This amendatory Act of the 94th General Assembly applies only to nonjudicial administrative matters relating to the collective bargaining rights of court reporters.

Sec. 7.5. Duty to bargain regarding pension amendments.

(a) Notwithstanding any provision of this Act, employers shall not be required to bargain over matters affected by the changes, the impact of changes, and the implementation of changes made to Article 14, 15, or 16 of the Illinois Pension Code, or Article 1 of that Code as it applies to those Articles, made by this amendatory Act of the 98th General Assembly, or over any other provision of Article 14, 15, or 16 of the Illinois Pension Code, or of Article 1 of that Code as it applies to those Articles, which are prohibited subjects of bargaining; nor shall the changes, the impact of changes, or the implementation of changes made to Article 14, 15, or 16 of the Illinois Pension Code, or Article 1 of that Code as it applies to those Articles, be subject to interest arbitration or any award issued pursuant to interest arbitration. The provisions of this Section shall not apply to an employment contract or collective bargaining agreement that is in effect on the effective date of this amendatory Act of the 98th General Assembly. However, any such contract or agreement that is subsequently modified, amended, or renewed shall be subject to the provisions of this Section. The provisions of this Section shall also not apply to the ability of an employer and employee representative to bargain collectively with regard to the pick up of employee contributions pursuant to Section 14-133.1, 15-157.1, or 16-152.1 of the Illinois Pension Code.

(b) Nothing in this Section, however, shall be construed as otherwise limiting any of the obligations and requirements applicable to each employer under any of the provisions of this Act, including, but not limited to, the requirement to bargain collectively with regard to policy matters directly affecting wages, hours and terms and conditions of employment as well as the impact thereon upon request by employee

representatives, except for the matters deemed prohibited subjects of bargaining under subsection (a) of this Section. Nothing in this Section shall further be construed as otherwise limiting any of the rights of employees or employee representatives under the provisions of this Act, except for matters deemed prohibited subjects of bargaining under subsection (a) of this Section.

(c) In case of any conflict between this Section and any other provisions of this Act or any other law, the provisions of this Section shall control.

(5 ILCS 315/15) (from Ch. 48, par. 1615)
Sec. 15. Act Takes Precedence.

(a) In case of any conflict between the provisions of this Act and any other law (other than Section 5 of the State Employees Group Insurance Act of 1971 and other than the changes made to the Illinois Pension Code by Public Act 96-889 and other than as provided in Section 7.5 this amendatory Act of the 96th General Assembly), executive order or administrative regulation relating to wages, hours and conditions of employment and employment relations, the provisions of this Act or any collective bargaining agreement negotiated thereunder shall prevail and control. Nothing in this Act shall be construed to replace or diminish the rights of employees established by Sections 28 and 28a of the Metropolitan Transit Authority Act, Sections 2.15 through 2.19 of the Regional Transportation Authority Act. The provisions of this Act are subject to Section 7.5 of this Act and Section 5 of the State Employees Group Insurance Act of 1971. Nothing in this Act shall be construed to replace the necessity of complaints against a sworn peace officer, as defined in Section 2(a) of the Uniform Peace Officer Disciplinary Act, from having a complaint supported by a sworn affidavit.

(b) Except as provided in subsection (a) above, any collective bargaining contract between a public employer and a labor organization executed pursuant to this Act shall supersede any contrary statutes, charters, ordinances, rules or regulations relating to wages, hours and conditions of employment and employment relations adopted by the public employer or its agents. Any collective bargaining agreement entered into prior to the effective date of this Act shall remain in full force during its duration.

(c) It is the public policy of this State, pursuant to paragraphs (h) and (i) of Section 6 of Article VII of the Illinois Constitution, that the provisions of this Act are the exclusive exercise by the State of powers and
functions which might otherwise be exercised by home rule units. Such powers and functions may not be exercised concurrently, either directly or indirectly, by any unit of local government, including any home rule unit, except as otherwise authorized by this Act.

Sections 20 and 25 as follows:

(30 ILCS 122/20)

Sec. 20. Pension Stabilization Fund.

(a) The Pension Stabilization Fund is hereby created as a special
fund in the State treasury. Moneys in the fund shall be used for the sole
purpose of making payments to the designated retirement systems as
provided in Section 25.

(b) For each fiscal year through State fiscal year 2014, when the
General Assembly's appropriations and transfers or diversions as required
by law from general funds do not exceed 99% of the estimated general
funds revenues pursuant to subsection (a) of Section 10, the Comptroller
shall transfer from the General Revenue Fund as provided by this Section
a total amount equal to 0.5% of the estimated general funds revenues to
the Pension Stabilization Fund.

(c) For each fiscal year through State fiscal year 2014, when the
General Assembly's appropriations and transfers or diversions as required
by law from general funds do not exceed 98% of the estimated general
funds revenues pursuant to subsection (b) of Section 10, the Comptroller
shall transfer from the General Revenue Fund as provided by this Section a total amount equal to 1.0% of the estimated general funds revenues to the Pension Stabilization Fund.

(c-5) In addition to any other amounts required to be transferred under this Section, in State fiscal year 2016 and each fiscal year thereafter through State fiscal year 2045, or when each of the designated retirement systems, as defined in Section 25, has achieved 100% funding, whichever occurs first, the State Comptroller shall order transferred and the State Treasurer shall transfer from the General Revenue Fund to the Pension Stabilization Fund an amount equal to 10% of (1) the sum of the amounts certified by the designated retirement systems under subsection (a-5) of Section 2-134, subsection (a-10) of Section 14-135.08, subsection (a-10) of Section 15-165, and subsection (a-10) of Section 16-158 of this Code for that fiscal year minus (2) the sum of (i) the transfer required under subsection (c-10) of this Section for that fiscal year and (ii) the sum of the required State contributions certified by the retirement systems under subsection (a) of Section 2-134, subsection (a-5) of Section 14-135.08, subsection (a-5) of Section 15-165, and subsection (a-5) of Section 16-158 of this Code for that fiscal year. The transferred amount is intended to represent one-tenth of the annual savings to the State resulting from the enactment of this amendatory Act of the 98th General Assembly.

(c-10) In State fiscal year 2019, the State Comptroller shall order transferred and the State Treasurer shall transfer $364,000,000 from the General Revenue Fund to the Pension Stabilization Fund. In State fiscal year 2020 and each fiscal year thereafter until terminated under subsection (c-15), the State Comptroller shall order transferred and the State Treasurer shall transfer $1,000,000,000 from the General Revenue Fund to the Pension Stabilization Fund.

(c-15) The transfers made beginning in State fiscal year 2020 pursuant to subsection (c-10) of this Section shall terminate at the end of State fiscal year 2045 or when each of the designated retirement systems, as defined in Section 25, has achieved 100% funding, whichever occurs first.

Until State fiscal year 2015, before the final transfer for a fiscal year is made, the Comptroller shall reconcile the estimated general funds revenues used in calculating the other transfers under this Section for that fiscal year with the actual general funds revenues for that fiscal year. The final transfer for the fiscal year shall be adjusted so that the total amount transferred under this Section for that fiscal year is equal to the percentage specified in subsection (b) or (c) of this Section, whichever is applicable, of the actual general funds revenues for that fiscal year. The actual general funds revenues for the fiscal year shall be calculated in a manner consistent with subsection (c) of Section 10 of this Act. (Source: P.A. 94-839, eff. 6-6-06.)

Sec. 25. Transfers from the Pension Stabilization Fund.

(1) the State Employees' Retirement System of Illinois;
(2) the Teachers' Retirement System of the State of Illinois;
(3) the State Universities Retirement System;
(4) the Judges Retirement System of Illinois; and
(5) the General Assembly Retirement System.

(b) As soon as may be practical after any money is deposited into the Pension Stabilization Fund, the State Comptroller shall apportion the deposited amount among the designated retirement systems and the State Comptroller and State Treasurer shall pay the apportioned amounts to the designated retirement systems. The amount deposited shall be apportioned among the designated retirement systems in the same proportion as their respective portions of the total actuarial reserve deficiency of the designated retirement systems, as most recently determined by the Governor's Office of Management and Budget. Amounts received by a designated retirement system under this Section shall be used for funding the unfunded liabilities of the retirement system. Payments under this Section are authorized by the continuing appropriation under Section 1.7 of the State Pension Funds Continuing Appropriation Act.

(c) At the request of the State Comptroller, the Governor's Office of Management and Budget shall determine the individual and total actuarial reserve deficiencies of the designated retirement systems. For this purpose, the Governor's Office of Management and Budget shall consider the latest available audit and actuarial reports of each of the retirement systems and the relevant reports and statistics of the Public Pension

Division of the Department of Insurance Financial and Professional Regulation.

(d) Payments to the designated retirement systems under this Section shall be in addition to, and not in lieu of, any State contributions required under Section 2-124, 14-131, 15-155, 16-158, or 18-131 of the Illinois Pension Code.

Payments to the designated retirement systems under this Section received after the effective date of this amendatory Act of the 98th General Assembly, and any investment earnings attributable to such payments, do not reduce and do not constitute payment of any portion of the required State contribution under Article 2, 14, 15, 16, or 18 of the Illinois Pension Code in the current fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contribution under Article 2, 14, 15, 16, or 18 of the Illinois Pension Code in any future fiscal year, until the designated retirement system has reached the targeted funding ratio as prescribed by law for that retirement system. Such payments may be invested in the same manner as other assets of the designated retirement system and shall be used in the calculation of the system's funding ratio for the purposes of this Section and Section 20 of this Act. Payments under this Section may be used for any associated administrative costs.

(a) The provisions of Public Act 88-593 this amendatory Act of 1994 that change the method of calculating, certifying, and paying the required State contributions to the retirement systems established under
Articles 2, 14, 15, 16, and 18 shall first apply to the State contributions required for State fiscal year 1996.

(b) The General Assembly declares that a funding ratio (the ratio of a retirement system’s total assets to its total actuarial liabilities) of 90% is an appropriate goal for State-funded retirement systems in Illinois, and it finds that a funding ratio of 90% is now the generally-recognized norm throughout the nation for public employee retirement systems that are considered to be financially secure and funded in an appropriate and responsible manner.

(c) Every 5 years, beginning in 1999, the Commission on Government Forecasting and Accountability, in consultation with the affected retirement systems and the Governor’s Office of Management and Budget (formerly Bureau of the Budget), shall consider and determine whether the funding goals adopted in Articles 2, 14, 15, 16, and 18 of this Code continue to represent an appropriate funding goals goal for those State-funded retirement systems in Illinois, and it shall report its findings and recommendations on this subject to the Governor and the General Assembly.

(3) the second, fourth, sixth, and eighth automatic annual increases payable under subsection (a) shall be at the rate of 0% of the total annuity payable at the time of the increase if he or she is at least age 44 but less than age 47 on the effective date of this amendatory Act; and

(4) the second, fourth, sixth, eighth, and tenth automatic annual increases payable under subsection (a) shall be at the rate of 0% of the total annuity payable at the time of the increase if he or she is less than age 44 on the effective date of this amendatory Act.

For the purposes of Section 1-103.1, this subsection (a-2) is applicable without regard to whether the person is in service on or after the effective date of this amendatory Act of the 98th General Assembly.

(b) Beginning January 1, 1990, for eligible participants who remain in service after attaining 20 years of creditable service, the 3% increases provided under subsection (a) shall begin to accrue on the January 1 next following the date upon which the participant (1) attains age 55, or (2) attains 20 years of creditable service, whichever occurs later, and shall continue to accrue while the participant remains in service; such increases shall become payable on January 1 or July 1, whichever occurs first, next following the first anniversary of retirement. For any person who has service credit in the System for the entire period from January 15, 1969 through December 31, 1992, regardless of the date of termination of service, the reference to age 55 in clause (1) of this subsection (b) shall be deemed to mean age 50. The increases accruing under this subsection (b) after the effective date of this amendatory Act of the 98th General Assembly shall accrue at the rate provided in subsection (a-1).

This subsection (b) does not apply to any person who first becomes a member of the System after the effective date of this amendatory Act of the 93rd General Assembly.

(b-5) Notwithstanding any other provision of this Section Article, a participant who first becomes a participant on or after January 1, 2011 (the effective date of Public Act 96-889) shall, in January or July next following the first anniversary of retirement, whichever occurs first, and in the same month of each year thereafter, but in no event prior to age 67, have the amount of the retirement annuity then being paid increased by an amount calculated as a percentage of the originally granted retirement annuity, equal to 3% or one-half of the annual unadjusted percentage increase (but not less than zero) in the Consumer Price Index for All Urban Consumers for the 12 months ending with the preceding September, as determined by the Public Pension Division of the Department of Insurance and reported to the System by November 1 of each year under subsection (a) of Section 2-108.1, whichever is less.

The changes made to this subsection (b-5) by this amendatory Act of the 98th General Assembly shall apply to increases provided under this subsection on or after the effective date of this amendatory Act without regard to whether service terminated before that effective date.

(c) The foregoing provisions relating to automatic increases are not applicable to a participant who retires before having made contributions (at the rate prescribed in Section 2-126) for automatic increases for less than the equivalent of one full year. However, in order to be eligible for the automatic increases, such a participant may make arrangements to pay

to the system the amount required to bring the total contributions for the automatic increase to the equivalent of one year’s contributions based upon his or her last salary.

(d) A participant who terminated service prior to July 1, 1967, with at least 14 years of service is entitled to an increase in retirement annuity beginning January, 1976, and to additional increases in January of each year thereafter.

The initial increase shall be 1 1/2% of the originally granted retirement annuity multiplied by the number of full years that the annuitant was in receipt of such annuity prior to January 1, 1972, plus 2% of the originally granted retirement annuity for each year after that date. The subsequent annual increases shall be at the rate of 2% of the originally granted retirement annuity for each year through 1979 and at the rate of 3% for 1980 and thereafter. The increases provided under this subsection (d) on or after the effective date of this amendatory Act of the 98th General Assembly shall be at the rate provided in subsection (a-1), notwithstanding that service terminated before that effective date.

(e) Except as may be provided in subsection (b-5), beginning January 1, 1990, all automatic annual increases payable under this Section shall be calculated as a percentage of the total annuity payable at the time of the increase, including previous increases granted under this Article.

Sec. 2-124. Contributions by State.

(a) The State shall make contributions to the System by appropriations of amounts which, together with the contributions of participants, interest earned on investments, and other income will meet the cost of maintaining and administering the System on a 100% funded basis in accordance with actuarial recommendations by the end of State fiscal year 2044.

(b) The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the prescribed rate of interest, using the formula in subsection (c).

(c) For State fiscal years 2015 through 2044, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be equal to the sum of (1) the State’s portion of the projected normal cost for that fiscal year, plus

New matter indicated by italics - deletions by strikeout
(2) an amount sufficient to bring the total assets of the System up to 100% of the total actuarial liabilities of the System by the end of State fiscal year 2044. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2044 and shall be determined under the projected unit cost method for fiscal year 2015 and under the entry age normal actuarial cost method for fiscal years 2016 through 2044.

For State fiscal years 2012 through 2014, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2006 is $4,157,000.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2007 is $5,220,300.

For each of State fiscal years 2008 through 2009, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2010 is $10,454,000 and shall be made from the proceeds of bonds sold in fiscal year 2010 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2010, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

New matter indicated by italics - deletions by strikeout
Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2011 is the amount recertified by the System on or before April 1, 2011 pursuant to Section 2-134 and shall be made from the proceeds of bonds sold in fiscal year 2011 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2011, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Beginning in State fiscal year 2045, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 100% of the total actuarial liabilities of the System.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act or Section 8.12 of the State Finance Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 100% 90%. A reference in this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter through State fiscal year 2014, as calculated under this Section and certified under Section 2-134, shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued in fiscal year 2003 for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act.
Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued in fiscal year 2003 for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(d) For purposes of determining the required State contribution to the System, the value of the System's assets shall be equal to the actuarial value of the System's assets, which shall be calculated as follows:

As of June 30, 2008, the actuarial value of the System's assets shall be equal to the market value of the assets as of that date. In determining the actuarial value of the System's assets for fiscal years after June 30, 2008, any actuarial gains or losses from investment return incurred in a fiscal year shall be recognized in equal annual amounts over the 5-year period following that fiscal year.

(e) For purposes of determining the required State contribution to the system for a particular year, the actuarial value of assets shall be assumed to earn a rate of return equal to the system's actuarially assumed rate of return.

Sec. 2-125. Obligations of State; funding guarantee.

(a) The payment of (1) the required State contributions, (2) all benefits granted under this system and (3) all expenses of administration and operation are obligations of the State to the extent specified in this Article.

(b) All income, interest and dividends derived from deposits and investments shall be credited to the account of the system in the State Treasury and used to pay benefits under this Article.

(c) Beginning July 1, 2014, the State shall be obligated to contribute to the System in each State fiscal year an amount not less than the sum of (i) the State's normal cost for the year and (ii) the portion of the unfunded accrued liability assigned to that year by law. Notwithstanding any other provision of law, if the State fails to pay an amount required under this subsection, it shall be the obligation of the Board to seek
payment of the required amount in compliance with the provisions of this Section and, if the amount remains unpaid, to bring a mandamus action in the Supreme Court of Illinois to compel the State to make the required payment.

If the System submits a voucher for contributions required under Section 2-124 and the State fails to pay that voucher within 90 days of its receipt, the Board shall submit a written request to the Comptroller seeking payment. A copy of the request shall be filed with the Secretary of State, and the Secretary of State shall provide a copy to the Governor and General Assembly. No earlier than the 16th day after the System files the request with the Comptroller and Secretary of State, if the amount remains unpaid the Board shall commence a mandamus action in the Supreme Court of Illinois to compel the Comptroller to pay a voucher for the contributions required under Section 2-124.

This subsection (c) constitutes an express waiver of the State's sovereign immunity solely to the extent that it permits the Board to commence a mandamus action in the Supreme Court of Illinois to compel the Comptroller to pay a voucher for the contributions required under Section 2-124.

(d) Beginning in State fiscal year 2016, the State shall be obligated to make the transfers set forth in subsections (c-5) and (c-10) of Section 20 of the Budget Stabilization Act and to pay to the System its proportionate share of the transferred amounts in accordance with Section 25 of the Budget Stabilization Act. Notwithstanding any other provision of law, if the State fails to transfer an amount required under this subsection or to pay to the System its proportionate share of the transferred amount in accordance with Section 25 of the Budget Stabilization Act, it shall be the obligation of the Board to seek transfer or payment of the required amount in compliance with the provisions of this Section and, if the required amount remains untransferred or the required payment remains unpaid, to bring a mandamus action in the Supreme Court of Illinois to compel the State to make the required transfer or payment or both, as the case may be.

If the State fails to make a transfer required under subsection (c-5) or (c-10) of Section 20 of the Budget Stabilization Act or a payment to the System required under Section 25 of that Act, the Board shall submit a written request to the Comptroller seeking payment. A copy of the request shall be filed with the Secretary of State, and the Secretary of State shall provide a copy to the Governor and General Assembly. No earlier than the 16th day after the System files the request with the Comptroller and
Secretary of State, if the required amount remains untransferred or the required payment remains unpaid, the Board shall commence a mandamus action in the Supreme Court of Illinois to compel the Comptroller to make the required transfer or payment or both, as the case may be.

This subsection (d) constitutes an express waiver of the State's sovereign immunity solely to the extent that it permits the Board to commence a mandamus action in the Supreme Court of Illinois to compel the Comptroller to make a transfer required under subsection (c-5) or (c-10) of Section 20 of the Budget Stabilization Act and to pay to the System its proportionate share of the transferred amount in accordance with Section 25 of the Budget Stabilization Act.

The obligations created by this subsection (d) expire when all of the requirements of subsections (c-5) and (c-10) of Section 20 of the Budget Stabilization Act and Section 25 of the Budget Stabilization Act have been met.

(e) Any payments and transfers required to be made by the State pursuant to subsection (c) or (d) are expressly subordinate to the payment of the principal, interest, and premium, if any, on any bonded debt obligation of the State or any other State-created entity, either currently outstanding or to be issued, for which the source of repayment or security thereon is derived directly or indirectly from tax revenues collected by the State or any other State-created entity. Payments on such bonded obligations include any statutory fund transfers or other prefunding mechanisms or formulas set forth, now or hereafter, in State law or bond indentures, into debt service funds or accounts of the State related to such bond obligations, consistent with the payment schedules associated with such obligations.

Sec. 2-126. Contributions by participants.

(a) Each participant shall contribute toward the cost of his or her retirement annuity a percentage of each payment of salary received by him or her for service as a member as follows: for service between October 31, 1947 and January 1, 1959, 5%; for service between January 1, 1959 and June 30, 1969, 6%; for service between July 1, 1969 and January 10, 1973, 6 1/2%; for service after January 10, 1973, 7%; for service after December 31, 1981, 8 1/2%.

(b) Beginning August 2, 1949, each male participant, and from July 1, 1971, each female participant shall contribute towards the cost of the survivor's annuity 2% of salary. A participant who has no eligible survivor's annuity beneficiary may elect to cease making contributions for survivor's annuity under this subsection. A survivor's annuity shall not be payable upon the death of a person who has made this election, unless prior to that death the election has been revoked and the amount of the contributions that would have been paid under this subsection in the absence of the election is paid to the System, together with interest at the rate of 4% per year from the date the contributions would have been made to the date of payment.

(c) Beginning July 1, 1967 and, in the case of Tier 1 participants, ending on June 30, 2014, each participant shall contribute 1% of salary towards the cost of automatic increase in annuity provided in Section 2-119.1. These contributions shall be made concurrently with contributions for retirement annuity purposes.

(d) In addition, each participant serving as an officer of the General Assembly shall contribute, for the same purposes and at the same rates as are required of a regular participant, on each additional payment received as an officer. If the participant serves as an officer for at least 2 but less than 4 years, he or she shall contribute an amount equal to the amount that would have been contributed had the participant served as an officer for 4 years. Persons who serve as officers in the 87th General Assembly but cannot receive the additional payment to officers because of the ban on increases in salary during their terms may nonetheless make contributions based on those additional payments for the purpose of having the additional payments included in their highest salary for annuity purposes; however, persons electing to make these additional contributions must also pay an amount representing the corresponding employer contributions, as calculated by the System.

(e) Notwithstanding any other provision of this Article, the required contribution of a participant who first becomes a participant on or after January 1, 2011 shall not exceed the contribution that would be due under this Article if that participant's highest salary for annuity purposes were $106,800, plus any increases in that amount under Section 2-108.1.

Sec. 2-134. To certify required State contributions and submit vouchers.

(a) The Board shall certify to the Governor on or before December 15 of each year until December 15, 2011 the amount of the required State contribution to the System for the next fiscal year and shall specifically identify the System's projected State normal cost for that fiscal year. The certification shall include a copy of the actuarial recommendations upon which it is based and shall specifically identify the System's projected State normal cost for that fiscal year.

On or before November 1 of each year, beginning November 1, 2012, the Board shall submit to the State Actuary, the Governor, and the General Assembly a proposed certification of the amount of the required State contribution to the System for the next fiscal year, along with all of the actuarial assumptions, calculations, and data upon which that proposed certification is based. On or before January 1, 2013, the State Actuary shall issue a preliminary report concerning the proposed certification and identifying, if necessary, recommended changes in actuarial assumptions that the Board must consider before finalizing its certification of the required State contributions. On or before January 15, 2013 and every January 15 thereafter, the Board shall certify to the Governor and the General Assembly the amount of the required State contribution for the next fiscal year. The Board's certification must note any deviations from the State Actuary's recommended changes, the reason or reasons for not following the State Actuary's recommended changes, and the fiscal impact of not following the State Actuary's recommended changes on the required State contribution.

On or before May 1, 2004, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2005, taking into account the amounts appropriated to and received by the System under subsection (d) of Section 7.2 of the General Obligation Bond Act.

On or before July 1, 2005, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2006, taking into account the changes in
required State contributions made by this amendatory Act of the 94th General Assembly.

On or before April 1, 2011, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2011, applying the changes made by Public Act 96-889 to the System's assets and liabilities as of June 30, 2009 as though Public Act 96-889 was approved on that date.

(a-5) For purposes of Section (c-5) of Section 20 of the Budget Stabilization Act, on or before November 1 of each year beginning November 1, 2014, the Board shall determine the amount of the State contribution to the System that would have been required for the next fiscal year if this amendatory Act of the 98th General Assembly had not taken effect, using the best and most recent available data but based on the law in effect on May 31, 2014. The Board shall submit to the State Actuary, the Governor, and the General Assembly a proposed certification, along with the relevant law, actuarial assumptions, calculations, and data upon which that certification is based. On or before January 1, 2015 and every January 1 thereafter, the Board shall determine the amount of the State contribution to the System that would have been required for the next fiscal year if this amendatory Act of the 98th General Assembly had not taken effect, using the best and most recent available data but based on the law in effect on May 31, 2014. The Board shall issue a preliminary report concerning the proposed certification and identifying, if necessary, recommended changes in actuarial assumptions that the Board must consider before finalizing its certification. On or before January 15, 2015 and every January 1 thereafter, the Board shall certify to the Governor and the General Assembly the amount of the State contribution to the System that would have been required for the next fiscal year if this amendatory Act of the 98th General Assembly had not taken effect, using the best and most recent available data but based on the law in effect on May 31, 2014. The Board's certification must note any deviations from the State Actuary's recommended changes, the reason or reasons for not following the State Actuary's recommended changes, and the impact of not following the State Actuary's recommended changes.

(b) Beginning in State fiscal year 1996, on or as soon as possible after the 15th day of each month the Board shall submit vouchers for payment of State contributions to the System, in a total monthly amount of one-twelfth of the required annual State contribution certified under subsection (a). From the effective date of this amendatory Act of the 93rd General Assembly through June 30, 2004, the Board shall not submit vouchers for the remainder of fiscal year 2004 in excess of the fiscal year 2004 certified contribution amount determined under this Section after taking into consideration the transfer to the System under subsection (d) of

Section 6z-61 of the State Finance Act. These vouchers shall be paid by the State Comptroller and Treasurer by warrants drawn on the funds appropriated to the System for that fiscal year. If in any month the amount remaining unexpended from all other appropriations to the System for the applicable fiscal year (including the appropriations to the System under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act) is less than the amount lawfully vouchered under this Section, the difference shall be paid from the General Revenue Fund under the continuing appropriation authority provided in Section 1.1 of the State Pension Funds Continuing Appropriation Act.

(c) The full amount of any annual appropriation for the System for State fiscal year 1995 shall be transferred and made available to the System at the beginning of that fiscal year at the request of the Board. Any excess funds remaining at the end of any fiscal year from appropriations shall be retained by the System as a general reserve to meet the System's accrued liabilities.

Sec. 2-162. Application and expiration of new benefit increases.
(a) As used in this Section, "new benefit increase" means an increase in the amount of any benefit provided under this Article, or an expansion of the conditions of eligibility for any benefit under this Article, that results from an amendment to this Code that takes effect after the effective date of this amendatory Act of the 94th General Assembly. "New benefit increase", however, does not include any benefit increase resulting from the changes made to this Article by this amendatory Act of the 98th General Assembly.

(b) Notwithstanding any other provision of this Code or any subsequent amendment to this Code, every new benefit increase is subject to this Section and shall be deemed to be granted only in conformance with and contingent upon compliance with the provisions of this Section.

(c) The Public Act enacting a new benefit increase must identify and provide for payment to the System of additional funding at least sufficient to fund the resulting annual increase in cost to the System as it accrues.

Every new benefit increase is contingent upon the General Assembly providing the additional funding required under this subsection.

The Commission on Government Forecasting and Accountability shall
analyze whether adequate additional funding has been provided for the new benefit increase and shall report its analysis to the Public Pension Division of the Department of Insurance Financial and Professional Regulation. A new benefit increase created by a Public Act that does not include the additional funding required under this subsection is null and void. If the Public Pension Division determines that the additional funding provided for a new benefit increase under this subsection is or has become inadequate, it may so certify to the Governor and the State Comptroller and, in the absence of corrective action by the General Assembly, the new benefit increase shall expire at the end of the fiscal year in which the certification is made.

(d) Every new benefit increase shall expire 5 years after its effective date or on such earlier date as may be specified in the language enacting the new benefit increase or provided under subsection (c). This does not prevent the General Assembly from extending or re-creating a new benefit increase by law.

(e) Except as otherwise provided in the language creating the new benefit increase, a new benefit increase that expires under this Section continues to apply to persons who applied and qualified for the affected benefit while the new benefit increase was in effect and to the affected beneficiaries and alternate payees of such persons, but does not apply to any other person, including without limitation a person who continues in service after the expiration date and did not apply and qualify for the affected benefit while the new benefit increase was in effect.

Sec. 2-165. Defined contribution plan.

(a) By July 1, 2015, the System shall prepare and implement a voluntary defined contribution plan for up to 5% of eligible active Tier 1 participants. The System shall determine the 5% cap by the number of active Tier 1 participants on the effective date of this Section. The defined contribution plan developed under this Section shall be a plan that aggregates employer and employee contributions in individual participant accounts which, after meeting any other requirements, are used for payouts after retirement in accordance with this Section and any other applicable laws.

As used in this Section, "defined benefit plan" means the retirement plan available under this Article to Tier 1 participants who have not made the election authorized under this Section.

New matter indicated by italics - deletions by strikeout
(1) Under the defined contribution plan, an active Tier 1 participant of this System could elect to cease accruing benefits in the defined benefit plan under this Article and begin accruing benefits for future service in the defined contribution plan. Service credit under the defined contribution plan may be used for determining retirement eligibility under the defined benefit plan.

(2) Participants in the defined contribution plan shall pay employee contributions at the same rate as Tier 1 participants in this System who do not participate in the defined contribution plan.

(3) State contributions shall be paid into the accounts of all participants in the defined contribution plan at a uniform rate, expressed as a percentage of compensation and determined for each year. This rate shall be no higher than the employer's normal cost for Tier 1 participants in the defined benefit plan for that year, as determined by the System and expressed as a percentage of compensation, and shall be no lower than 3% of compensation. The State shall adjust this rate annually.

(4) The defined contribution plan shall require 5 years of participation in the defined contribution plan before vesting in State contributions. If the participant fails to vest in them, the State contributions, and the earnings thereon, shall be forfeited.

(5) The defined contribution plan may provide for participants in the plan to be eligible for defined disability benefits. If it does, the System shall reduce the employee contributions credited to the participant's defined contribution plan account by an amount determined by the System to cover the cost of offering such benefits.

(6) The defined contribution plan shall provide a variety of options for investments. These options shall include investments handled by the Illinois State Board of Investment as well as private sector investment options.

(7) The defined contribution plan shall provide a variety of options for payouts to retirees and their survivors.

(8) To the extent authorized under federal law and as authorized by the System, the plan shall allow former participants in the plan to transfer or roll over employee and vested State contributions, and the earnings thereon, into other qualified retirement plans.

New matter indicated by italics - deletions by strikeout
(9) The System shall reduce the employee contributions credited to the participant's defined contribution plan account by an amount determined by the System to cover the cost of offering these benefits and any applicable administrative fees.

(b) Only persons who are active Tier 1 participants of the System on the effective date of this Section are eligible to participate in the defined contribution plan. Participation in the defined contribution plan shall be limited to the first 5% of eligible persons who elect to participate. The election to participate in the defined contribution plan is voluntary and irrevocable.

(c) An eligible active Tier 1 participant may irrevocably elect to participate in the defined contribution plan by filing with the System a written application to participate that is received by the System prior to its determination that 5% of eligible persons have elected to participate in the defined contribution plan.

When the System first determines that 5% of eligible persons have elected to participate in the defined contribution plan, the System shall provide notice to previously eligible employees that the plan is no longer available and shall cease accepting applications to participate.

(d) The System shall make a good faith effort to contact each active Tier 1 participant who is eligible to participate in the defined contribution plan. The System shall mail information describing the option to join the defined contribution plan to each of these employees to his or her last known address on file with the System. If the employee is not responsive to other means of contact, it is sufficient for the System to publish the details of the option on its website.

Upon request for further information describing the option, the System shall provide employees with information from the System before exercising the option to join the plan, including information on the impact to their vested benefits or non-vested service. The individual consultation shall include projections of the participant's defined benefits at retirement or earlier termination of service and the value of the participant's account at retirement or earlier termination of service. The System shall not provide advice or counseling with respect to whether the employee should exercise the option. The System shall inform Tier 1 participants who are eligible to participate in the defined contribution plan that they may also wish to obtain information and counsel relating to their option from any other available source, including but not limited to labor organizations, private counsel, and financial advisors.

(e) In no event shall the System, its staff, its authorized representatives, or the Board be liable for any information given to an employee under this Section. The System may coordinate with the Illinois Department of Central Management Services and other retirement systems administering a defined contribution plan in accordance with this amendatory Act of the 98th General Assembly to provide information concerning the impact of the option set forth in this Section.

(f) Notwithstanding any other provision of this Section, no person shall begin participating in the defined contribution plan until it has attained qualified plan status and received all necessary approvals from the U.S. Internal Revenue Service.

(g) The System shall report on its progress under this Section, including the available details of the defined contribution plan and the System's plans for informing eligible Tier 1 participants about the plan, to the Governor and the General Assembly on or before January 15, 2015.

(h) The Illinois State Board of Investments shall be the plan sponsor for the defined contribution plan established under this Section.

(i) The intent of this amendatory Act of the 98th General Assembly is to ensure that the State's normal cost of participation in the defined contribution plan is similar, and if possible equal, to the State's normal cost of participation in the defined benefit plan, unless a lower State's normal cost is necessary to ensure cost neutrality.

Sec. 2-166. Defined contribution plan; termination. If the defined contribution plan is terminated or becomes inoperative pursuant to law, then each participant in the plan shall automatically be deemed to have been a contributing Tier 1 participant in the System's defined benefit plan during the time in which he or she participated in the defined contribution plan, and for that purpose the System shall be entitled to recover the amounts in the participant's defined contribution accounts.

(b) Serves as a township treasurer appointed under the School Code, as heretofore or hereafter amended, and who receives for such services regular compensation as distinguished from per diem compensation, and any regular employee in the office of any township treasurer whether or not his earnings are paid from the income of the permanent township fund or from funds subject to distribution to the several school districts and parts of school districts as provided in the School Code, or from both such sources; or is the chief executive officer, chief educational officer, chief fiscal officer, or other employee of a Financial Oversight Panel established pursuant to Article 1H of the School Code, other than a superintendent or certified school business official, except that such person shall not be treated as an employee under this Section if that person has negotiated with the Financial Oversight Panel, in conjunction with the school district, a contractual agreement for exclusion from this Section.

(c) Holds an elective office in a municipality, instrumentality thereof or participating instrumentality.

(2) "Employee" does not include persons who:

(a) Are eligible for inclusion under any of the following laws:

2. Articles 15 and 16 of this Code.

However, such persons shall be included as employees to the extent of earnings that are not eligible for inclusion under the foregoing laws for services not of an instructional nature of any kind.
However, any member of the armed forces who is employed as a teacher of subjects in the Reserve Officers Training Corps of any school and who is not certified under the law governing the certification of teachers shall be included as an employee.

(b) Are designated by the governing body of a municipality in which a pension fund is required by law to be established for policemen or firemen, respectively, as performing police or fire protection duties, except that when such persons are the heads of the police or fire department and are not eligible to be included within any such pension fund, they shall be included within this Article; provided, that such persons shall not be excluded to the extent of concurrent service and earnings not designated as being for police or fire protection duties. However, (i) any head of a police department who was a participant under this Article immediately before October 1, 1977 and did not elect, under Section 3-109 of this Act, to participate in a police pension fund shall be an "employee", and (ii) any chief of police who elects to participate in this Fund under Section 3-109.1 of this Code, regardless of whether such person continues to be employed as chief of police or is employed in some other rank or capacity within the police department, shall be an employee under this Article for so long as such person is employed to perform police duties by a participating municipality and has not lawfully rescinded that election.

(c) After August 26, 2011 (the effective date of Public Act 97-609), are contributors to or eligible to contribute to a Taft-Hartley pension plan established on or before June 1, 2011 and are employees of a theatre, arena, or convention center that is located in a municipality located in a county with a population greater than 5,000,000, and to which the participating municipality is required to contribute as the person's employer based on earnings from the municipality. Nothing in this paragraph shall affect service credit or creditable service for any period of service prior to August 26, 2011, and this paragraph shall not apply to individuals who are participating in the Fund prior to August 26, 2011.

(d) Become an employee of any of the following participating instrumentalities on or after the effective date of this amendatory Act of the 98th General Assembly: the Illinois
Municipal League; the Illinois Association of Park Districts; the Illinois Supervisors, County Commissioners and Superintendents of Highways Association; an association, or not-for-profit corporation, membership in which is authorized under Section 85-15 of the Township Code; the United Counties Council; or the Will County Governmental League.

(3) All persons, including, without limitation, public defenders and probation officers, who receive earnings from general or special funds of a county for performance of personal services or official duties within the territorial limits of the county, are employees of the county (unless excluded by subsection (2) of this Section) notwithstanding that they may be appointed by and are subject to the direction of a person or persons other than a county board or a county officer. It is hereby established that an employer-employee relationship under the usual common law rules exists between such employees and the county paying their salaries by reason of the fact that the county boards fix their rates of compensation, appropriate funds for payment of their earnings and otherwise exercise control over them. This finding and this amendatory Act shall apply to all such employees from the date of appointment whether such date is prior to or after the effective date of this amendatory Act and is intended to clarify existing law pertaining to their status as participating employees in the Fund.

(c) If a disabled participating employee is eligible to receive Workers' Compensation for an accidental injury and the participating municipality or instrumentality which employed the participating employee when injured continues to pay the participating employee regular salary or other compensation or pays the employee an amount in excess of the Workers' Compensation amount, then earnings shall be deemed to be the total payments, including an amount equal to the Workers' Compensation payments. These payments shall be subject to employee contributions and allocated as if paid to the participating employee when the regular payroll amounts would have been paid if the participating employee had continued working, and creditable service shall be awarded for this period.

(d) If an elected official who is a participating employee becomes disabled but does not resign and is not removed from office, then earnings shall include all salary payments made for the remainder of that term of office and the official shall be awarded creditable service for the term of office.

(b) For death benefits, the higher of the rate determined under paragraph (a) of this Section or total earnings received in the last 12 months of service divided by twelve. (40 ILCS 5/7-139) (from Ch. 108 1/2, par. 7-139)

Sec. 7-139. Credits and creditable service to employees.

(a) Each participating employee shall be granted credits and creditable service, for purposes of determining the amount of any annuity or benefit to which he or a beneficiary is entitled, as follows:

1. For prior service: Each participating employee who is an employee of a participating municipality or participating instrumentality on the effective date shall be granted creditable service, but no credits under paragraph 2 of this subsection (a), for periods of prior service for which credit has not been received under any other pension fund or retirement system established under this Code, as follows:

If the effective date of participation for the participating municipality or participating instrumentality is on or before January 1, 1998, creditable service shall be granted for the entire period of prior service with that employer without any employee contribution.

If the effective date of participation for the participating municipality or participating instrumentality is after January 1, 1998, creditable service shall be granted for the last 20% of the period of prior service with that employer, but no more than 5 years, without any employee contribution. A participating employee may establish creditable service for the remainder of the period of prior service with that employer by making an application in writing, accompanied by payment of an employee contribution in an amount determined by the Fund, based on the employee contribution rates in effect at the time of application for the creditable service and the employee's salary rate on the effective date of participation for that employer, plus interest at the effective rate from the date of the prior service to the date of payment. Application for this creditable service may be made at any time while the employee is still in service.

A municipality that (i) has at least 35 employees; (ii) is located in a county with at least 2,000,000 inhabitants; and (iii) maintains an independent defined benefit pension plan for the benefit of its eligible employees may restrict creditable service in...
whole or in part for periods of prior service with the employer if the governing body of the municipality adopts an irrevocable resolution to restrict that creditable service and files the resolution with the board before the municipality's effective date of participation.

Any person who has withdrawn from the service of a participating municipality or participating instrumentality prior to the effective date, who reenters the service of the same municipality or participating instrumentality after the effective date and becomes a participating employee is entitled to creditable service for prior service as otherwise provided in this subdivision (a)(1) only if he or she renders 2 years of service as a participating employee after the effective date. Application for such service must be made while in a participating status. The salary rate to be used in the calculation of the required employee contribution, if any, shall be the employee's salary rate at the time of first reentering service with the employer after the employer's effective date of participation.

2. For current service, each participating employee shall be credited with:

   a. Additional credits of amounts equal to each payment of additional contributions received from him under Section 7-173, as of the date the corresponding payment of earnings is payable to him.

   b. Normal credits of amounts equal to each payment of normal contributions received from him, as of the date the corresponding payment of earnings is payable to him, and normal contributions made for the purpose of establishing out-of-state service credits as permitted under the conditions set forth in paragraph 6 of this subsection (a).

   c. Municipality credits in an amount equal to 1.4 times the normal credits, except those established by out-of-state service credits, as of the date of computation of any benefit if these credits would increase the benefit.

   d. Survivor credits equal to each payment of survivor contributions received from the participating employee as of the date the corresponding payment of

New matter indicated by italics - deletions by strikeout
earnings is payable, and survivor contributions made for the purpose of establishing out-of-state service credits.

3. For periods of temporary and total and permanent disability benefits, each employee receiving disability benefits shall be granted creditable service for the period during which disability benefits are payable. Normal and survivor credits, based upon the rate of earnings applied for disability benefits, shall also be granted if such credits would result in a higher benefit to any such employee or his beneficiary.

4. For authorized leave of absence without pay: A participating employee shall be granted credits and creditable service for periods of authorized leave of absence without pay under the following conditions:
   a. An application for credits and creditable service is submitted to the board while the employee is in a status of active employment.
   b. Not more than 12 complete months of creditable service for authorized leave of absence without pay shall be counted for purposes of determining any benefits payable under this Article.
   c. Credits and creditable service shall be granted for leave of absence only if such leave is approved by the governing body of the municipality, including approval of the estimated cost thereof to the municipality as determined by the fund, and employee contributions, plus interest at the effective rate applicable for each year from the end of the period of leave to date of payment, have been paid to the fund in accordance with Section 7-173. The contributions shall be computed upon the assumption earnings continued during the period of leave at the rate in effect when the leave began.
   d. Benefits under the provisions of Sections 7-141, 7-146, 7-150 and 7-163 shall become payable to employees on authorized leave of absence, or their designated beneficiary, only if such leave of absence is creditable hereunder, and if the employee has at least one year of creditable service other than the service granted for leave of absence. Any employee contributions due may be deducted from any benefits payable.
e. No credits or creditable service shall be allowed for leave of absence without pay during any period of prior service.

5. For military service: The governing body of a municipality or participating instrumentality may elect to allow creditable service to participating employees who leave their employment to serve in the armed forces of the United States for all periods of such service, provided that the person returns to active employment within 90 days after completion of full time active duty, but no creditable service shall be allowed such person for any period that can be used in the computation of a pension or any other pay or benefit, other than pay for active duty, for service in any branch of the armed forces of the United States. If necessary to the computation of any benefit, the board shall establish municipality credits for participating employees under this paragraph on the assumption that the employee received earnings at the rate received at the time he left the employment to enter the armed forces. A participating employee in the armed forces shall not be considered an employee during such period of service and no additional death and no disability benefits are payable for death or disability during such period.

Any participating employee who left his employment with a municipality or participating instrumentality to serve in the armed forces of the United States and who again became a participating employee within 90 days after completion of full time active duty by entering the service of a different municipality or participating instrumentality, which has elected to allow creditable service for periods of military service under the preceding paragraph, shall also be allowed creditable service for his period of military service on the same terms that would apply if he had been employed, before entering military service, by the municipality or instrumentality which employed him after he left the military service and the employer costs arising in relation to such grant of creditable service shall be charged to and paid by that municipality or instrumentality.

Notwithstanding the foregoing, any participating employee shall be entitled to creditable service as required by any federal law relating to re-employment rights of persons who served in the United States Armed Services. Such creditable service shall be

New matter indicated by italics - deletions by strikeout
granted upon payment by the member of an amount equal to the employee contributions which would have been required had the employee continued in service at the same rate of earnings during the military leave period, plus interest at the effective rate.

5.1. In addition to any creditable service established under paragraph 5 of this subsection (a), creditable service may be granted for up to 48 months of service in the armed forces of the United States.

In order to receive creditable service for military service under this paragraph 5.1, a participating employee must (1) apply to the Fund in writing and provide evidence of the military service that is satisfactory to the Board; (2) obtain the written approval of the current employer; and (3) make contributions to the Fund equal to (i) the employee contributions that would have been required had the service been rendered as a member, plus (ii) an amount determined by the board to be equal to the employer's normal cost of the benefits accrued for that military service, plus (iii) interest on items (i) and (ii) from the date of first membership in the Fund to the date of payment. The required interest shall be calculated at the regular interest rate.

The changes made to this paragraph 5.1 by Public Acts 95-483 and 95-486 apply only to participating employees in service on or after August 28, 2007 (the effective date of those Public Acts).

6. For out-of-state service: Creditable service shall be granted for service rendered to an out-of-state local governmental body under the following conditions: The employee had participated and has irrevocably forfeited all rights to benefits in the out-of-state public employees pension system; the governing body of his participating municipality or instrumentality authorizes the employee to establish such service; the employee has 2 years current service with this municipality or participating instrumentality; the employee makes a payment of contributions, which shall be computed at 8% (normal) plus 2% (survivor) times length of service purchased times the average rate of earnings for the first 2 years of service with the municipality or participating instrumentality whose governing body authorizes the service established plus interest at the effective rate on the date such credits are established, payable from the date the employee completes the required 2 years of current service to date of
payment. In no case shall more than 120 months of creditable service be granted under this provision.

7. For retroactive service: Any employee who could have but did not elect to become a participating employee, or who should have been a participant in the Municipal Public Utilities Annuity and Benefit Fund before that fund was superseded, may receive creditable service for the period of service not to exceed 50 months; however, a current or former elected or appointed official of a participating municipality may establish credit under this paragraph 7 for more than 50 months of service as an official of that municipality, if the excess over 50 months is approved by resolution of the governing body of the affected municipality filed with the Fund before January 1, 2002.

Any employee who is a participating employee on or after September 24, 1981 and who was excluded from participation by the age restrictions removed by Public Act 82-596 may receive creditable service for the period, on or after January 1, 1979, excluded by the age restriction and, in addition, if the governing body of the participating municipality or participating instrumentality elects to allow creditable service for all employees excluded by the age restriction prior to January 1, 1979, for service during the period prior to that date excluded by the age restriction. Any employee who was excluded from participation by the age restriction removed by Public Act 82-596 and who is not a participating employee on or after September 24, 1981 may receive creditable service for service after January 1, 1979. Creditable service under this paragraph shall be granted upon payment of the employee contributions which would have been required had he participated, with interest at the effective rate for each year from the end of the period of service established to date of payment.

8. For accumulated unused sick leave: A participating employee who first becomes a participating employee before the effective date of this amendatory Act of the 98th General Assembly and who is applying for a retirement annuity shall be entitled to creditable service for that portion of the employee's accumulated unused sick leave for which payment is not received, as follows:

a. Sick leave days shall be limited to those accumulated under a sick leave plan established by a
participating municipality or participating instrumentality which is available to all employees or a class of employees.

b. Except as provided in item b-1, only sick leave days accumulated with a participating municipality or participating instrumentality with which the employee was in service within 60 days of the effective date of his retirement annuity shall be credited; If the employee was in service with more than one employer during this period only the sick leave days with the employer with which the employee has the greatest number of unpaid sick leave days shall be considered.

b-1. If the employee was in the service of more than one employer as defined in item (2) of paragraph (a) of subsection (A) of Section 7-132, then the sick leave days from all such employers shall be credited, as long as the creditable service attributed to those sick leave days does not exceed the limitation in item f of this paragraph 8. In calculating the creditable service under this item b-1, the sick leave days from the last employer shall be considered first, then the remaining sick leave days shall be considered until there are no more days or the maximum creditable sick leave threshold under item f of this paragraph 8 has been reached.

c. The creditable service granted shall be considered solely for the purpose of computing the amount of the retirement annuity and shall not be used to establish any minimum service period required by any provision of the Illinois Pension Code, the effective date of the retirement annuity, or the final rate of earnings.

d. The creditable service shall be at the rate of 1/20 of a month for each full sick day, provided that no more than 12 months may be credited under this subdivision 8.

e. Employee contributions shall not be required for creditable service under this subdivision 8.

f. Each participating municipality and participating instrumentality with which an employee has service within 60 days of the effective date of his retirement annuity shall certify to the board the number of accumulated unpaid sick
leave days credited to the employee at the time of termination of service.

9. For service transferred from another system: Credits and creditable service shall be granted for service under Article 4, 5, 8, 14, or 16 of this Act, to any active member of this Fund, and to any inactive member who has been a county sheriff, upon transfer of such credits pursuant to Section 4-108.3, 5-235, 8-226.7, 14-105.6, or 16-131.4, and payment by the member of the amount by which (1) the employer and employee contributions that would have been required if he had participated in this Fund as a sheriff's law enforcement employee during the period for which credit is being transferred, plus interest thereon at the effective rate for each year, compounded annually, from the date of termination of the service for which credit is being transferred to the date of payment, exceeds (2) the amount actually transferred to the Fund. Such transferred service shall be deemed to be service as a sheriff's law enforcement employee for the purposes of Section 7-142.1.

10. For service transferred from an Article 3 system under Section 3-110.8: Credits and creditable service shall be granted for service under Article 3 of this Act as provided in Section 3-110.8, to any active member of this Fund upon transfer of such credits pursuant to Section 3-110.8. If the amount by which (1) the employer and employee contributions that would have been required if he had participated in this Fund during the period for which credit is being transferred, plus interest thereon at the effective rate for each year, compounded annually, from the date of termination of the service for which credit is being transferred to the date of payment, exceeds (2) the amount actually transferred to the Fund, then the amount of creditable service established under this paragraph 10 shall be reduced by a corresponding amount in accordance with the rules and procedures established under this paragraph 10.

The board shall establish by rule the manner of making the calculation required under this paragraph 10, taking into account the appropriate actuarial assumptions; the member's service, age, and salary history; the level of funding of the employer; and any other factors that the board determines to be relevant.

Until January 1, 2010, members who transferred service from an Article 3 system under the provisions of Public Act 94-356...
may establish additional credit in this Fund, but only up to the amount of the service credit reduction in that transfer, as calculated under the actuarial assumptions. This credit may be established upon payment by the member of an amount to be determined by the board, equal to (1) the amount that would have been contributed as employee and employer contributions had all the service been as an employee under this Article, plus interest thereon compounded annually from the date of service to the date of transfer, less (2) the total amount transferred from the Article 3 system, plus (3) interest on the difference at the effective rate for each year, compounded annually, from the date of the transfer to the date of payment. The additional service credit is allowed under this amendatory Act of the 95th General Assembly notwithstanding the provisions of Article 3 terminating all transferred credits on the date of transfer.

11. For service transferred from an Article 3 system under Section 3-110.3: Credits and creditable service shall be granted for service under Article 3 of this Act as provided in Section 3-110.3, to any active member of this Fund, upon transfer of such credits pursuant to Section 3-110.3. If the board determines that the amount transferred is less than the true cost to the Fund of allowing that creditable service to be established, then in order to establish that creditable service, the member must pay to the Fund an additional contribution equal to the difference, as determined by the board in accordance with the rules and procedures adopted under this paragraph. If the member does not make the full additional payment as required by this paragraph prior to termination of his participation with that employer, then his or her creditable service shall be reduced by an amount equal to the difference between the amount transferred under Section 3-110.3, including any payments made by the member under this paragraph prior to termination, and the true cost to the Fund of allowing that creditable service to be established, as determined by the board in accordance with the rules and procedures adopted under this paragraph.

The board shall establish by rule the manner of making the calculation required under this paragraph 11, taking into account the appropriate actuarial assumptions; the member's service, age,

and salary history, and any other factors that the board determines to be relevant.

(b) Creditable service - amount:

1. One month of creditable service shall be allowed for each month for which a participating employee made contributions as required under Section 7-173, or for which creditable service is otherwise granted hereunder. Not more than 1 month of service shall be credited and counted for 1 calendar month, and not more than 1 year of service shall be credited and counted for any calendar year. A calendar month means a nominal month beginning on the first day thereof, and a calendar year means a year beginning January 1 and ending December 31.

2. A seasonal employee shall be given 12 months of creditable service if he renders the number of months of service normally required by the position in a 12-month period and he remains in service for the entire 12-month period. Otherwise a fractional year of service in the number of months of service rendered shall be credited.

3. An intermittent employee shall be given creditable service for only those months in which a contribution is made under Section 7-173.

(c) No application for correction of credits or creditable service shall be considered unless the board receives an application for correction while (1) the applicant is a participating employee and in active employment with a participating municipality or instrumentality, or (2) while the applicant is actively participating in a pension fund or retirement system which is a participating system under the Retirement Systems Reciprocal Act. A participating employee or other applicant shall not be entitled to credits or creditable service unless the required employee contributions are made in a lump sum or in installments made in accordance with board rule.

(d) Upon the granting of a retirement, surviving spouse or child annuity, a death benefit or a separation benefit, on account of any employee, all individual accumulated credits shall thereupon terminate. Upon the withdrawal of additional contributions, the credits applicable thereto shall thereupon terminate. Terminated credits shall not be applied to increase the benefits any remaining employee would otherwise receive under this Article.

(1) In computing the term of service of an employee prior to the effective date, the entire period beginning on the date he was first appointed and ending on the day before the effective date, except any intervening period during which he was separated by withdrawal from service, shall be counted for all purposes of this Article.

(2) In computing the term of service of any employee on or after the effective date, the following periods of time shall be counted as periods of service for age and service, widow's and child's annuity purposes:

(a) The time during which he performed the duties of his position.

(b) Vacations, leaves of absence with whole or part pay, and leaves of absence without pay not longer than 90 days.

(c) For an employee who is a member of a county police department or a correctional officer with the county department of corrections, approved leaves of absence without pay during which the employee serves as a full-time officer or employee of an employee association, the membership of which consists of other participants in the Fund, provided that the employee contributes to the Fund (1) the amount that he would have contributed had he remained an active employee in the position he occupied at the time the leave of absence was granted, (2) an amount calculated by the Board representing employer contributions, and (3) regular interest thereon from the date of service to the date of payment. However, if the employee's application to establish credit under this subsection is received by the Fund on or after July 1, 2002 and before July 1, 2003, the amount representing employer contributions specified in item (2) shall be waived.

For a former member of a county police department who has received a refund under Section 9-164, periods during which the employee serves as head of an employee association, the membership of which consists of other police officers, provided that the employee contributes to the Fund (1) the amount that he would have contributed had he remained an active member of the county police department in the position he occupied at the time he left service, (2) an amount calculated by the Board representing employer contributions, and (3) regular interest thereon from the
date of service to the date of payment. However, if the former member of the county police department retires on or after January 1, 1993 but no later than March 1, 1993, the amount representing employer contributions specified in item (2) shall be waived.

For leaves of absence to which this item (c) applies and for other periods to which this item (c) applies, including those leaves of absence and other periods of service beginning before January 5, 2012 (the effective date of Public Act 97-651) this amendatory Act of the 97th General Assembly, the employee or former member must continue to remain in sworn status, subject to the professional standards of the public employer or those terms established in statute.

(d) Any period of disability for which he received disability benefit or whole or part pay.

(e) For a person who first becomes an employee before the effective date of this amendatory Act of the 98th General Assembly, accumulated vacation or other time for which an employee who retires on or after November 1, 1990 receives a lump sum payment at the time of retirement, provided that contributions were made to the fund at the time such lump sum payment was received. The service granted for the lump sum payment shall not change the employee's date of withdrawal for computing the effective date of the annuity.

(f) An employee who first becomes an employee before the effective date of this amendatory Act of the 98th General Assembly may receive service credit for annuity purposes for accumulated sick leave as of the date of the employee's withdrawal from service, not to exceed a total of 180 days, provided that the amount of such accumulated sick leave is certified by the County Comptroller to the Board and the employee pays an amount equal to 8.5% (9% for members of the County Police Department who are eligible to receive an annuity under Section 9-128.1) of the amount that would have been paid had such accumulated sick leave been paid at the employee's final rate of salary. Such payment shall be made within 30 days after the date of withdrawal and prior to receipt of the first annuity check. The service credit granted for such accumulated sick leave shall not change the employee's date of withdrawal for the purpose of computing the effective date of the annuity.

(5) An employee described in subsection (e) of Section 9-108 shall receive credit for child's annuity and ordinary disability benefit for the period of time for which he was credited with service in the fund from which he was involuntarily separated through class or group transfer; provided, that no such credit shall be allowed to the extent that it results in a duplication of credits or benefits, and neither shall such credit be allowed to the extent that it was or may be forfeited by the application for and acceptance of a refund from the fund from which the employee was transferred.

(6) Overtime or extra service shall not be included in computing service. Not more than 1 year of service shall be allowed for service rendered during any calendar year.

(a) After January 1, 1944, all service of a member since he last became a member with respect to which contributions are made shall count as membership service; provided, that for service on and after July 1, 1950, 12 months of service shall constitute a year of membership service, the completion of 15 days or more of service during any month shall constitute 1 month of membership service, 8 to 15 days shall constitute 1/2 month of membership service and less than 8 days shall constitute 1/4 month of membership service. This subsection (b) applies to all such service for which the member has not begun to receive a retirement annuity before January 1, 2001.

(c) A person who first becomes a member before the effective date of this amendatory Act of the 98th General Assembly shall be entitled to additional service credit, under rules prescribed by the Board, for accumulated unused sick leave credited to his account in the last

It shall be the responsibility of the last Department to certify to the Board the length of time salary or benefits would have been paid to the member based upon the accumulated unused sick leave or the applicable sick pay plan if he had become entitled thereto because of sickness on the date that his status as an employee terminated. This period of service credit granted under this paragraph shall not be considered in determining the date the retirement annuity is to begin, or final average compensation.

Sec. 14-108. Amount of retirement annuity. A member who has contributed to the System for at least 12 months shall be entitled to a prior service annuity for each year of certified prior service credited to him, except that a member shall receive 1/3 of the prior service annuity for each year of service for which contributions have been made and all of such annuity shall be payable after the member has made contributions for a period of 3 years. Proportionate amounts shall be payable for service of less than a full year after completion of at least 12 months.

The total period of service to be considered in establishing the measure of prior service annuity shall include service credited in the Teachers' Retirement System of the State of Illinois and the State Universities Retirement System for which contributions have been made by the member to such systems; provided that at least 1 year of the total period of 3 years prescribed for the allowance of a full measure of prior service annuity shall consist of membership service in this system for which credit has been granted.

(a) In the case of a member who retires on or after January 1, 1998 and is a noncovered employee, the retirement annuity for membership service and prior service shall be 2.2% of final average compensation for each year of service. Any service credit established as a covered employee shall be computed as stated in paragraph (b).

(b) In the case of a member who retires on or after January 1, 1998 and is a covered employee, the retirement annuity for membership service and prior service shall be computed as stated in paragraph (a) for all service credit established as a noncovered employee; for service credit
established as a covered employee it shall be 1.67% of final average compensation for each year of service.

(c) For a member retiring after attaining age 55 but before age 60 with at least 30 but less than 35 years of creditable service if retirement is before January 1, 2001, or with at least 25 but less than 30 years of creditable service if retirement is on or after January 1, 2001, the retirement annuity shall be reduced by 1/2 of 1% for each month that the member's age is under age 60 at the time of retirement. For members to whom subsection (c) of Section 14-107 applies, the references to age 55 and 60 in this subsection (c) are increased as provided in subsection (c) of Section 14-107.

(d) A retirement annuity shall not exceed 75% of final average compensation, subject to such extension as may result from the application of Section 14-114 or Section 14-115.

(e) The retirement annuity payable to any covered employee who is a member of the System and in service on January 1, 1969, or in service thereafter in 1969 as a result of legislation enacted by the Illinois General Assembly transferring the member to State employment from county employment in a county Department of Public Aid in counties of 3,000,000 or more population, under a plan of coordination with the Old Age, Survivors and Disability provisions thereof, if not fully insured for Old Age Insurance payments under the Federal Old Age, Survivors and Disability Insurance provisions at the date of acceptance of a retirement annuity, shall not be less than the amount for which the member would have been eligible if coordination were not applicable.

(f) The retirement annuity payable to any covered employee who is a member of the System and in service on January 1, 1969, or in service thereafter in 1969 as a result of the legislation designated in the immediately preceding paragraph, if fully insured for Old Age Insurance payments under the Federal Social Security Act at the date of acceptance of a retirement annuity, shall not be less than an amount which when added to the Primary Insurance Benefit payable to the member upon attainment of age 65 under such Federal Act, will equal the annuity which would otherwise be payable if the coordinated plan of coverage were not applicable.

(g) In the case of a member who is a noncovered employee, the retirement annuity for membership service as a security employee of the Department of Corrections or security employee of the Department of Human Services shall be: if retirement occurs on or after January 1, 2001,
3% of final average compensation for each year of creditable service; or if retirement occurs before January 1, 2001, 1.9% of final average compensation for each of the first 10 years of service, 2.1% for each of the next 10 years of service, 2.25% for each year of service in excess of 20 but not exceeding 30, and 2.5% for each year in excess of 30; except that the annuity may be calculated under subsection (a) rather than this subsection (g) if the resulting annuity is greater.

(h) In the case of a member who is a covered employee, the retirement annuity for membership service as a security employee of the Department of Corrections or security employee of the Department of Human Services shall be: if retirement occurs on or after January 1, 2001, 2.5% of final average compensation for each year of creditable service; if retirement occurs before January 1, 2001, 1.67% of final average compensation for each of the first 10 years of service, 1.90% for each of the next 10 years of service, 2.10% for each year of service in excess of 20 but not exceeding 30, and 2.30% for each year in excess of 30.

(i) For the purposes of this Section and Section 14-133 of this Act, the term "security employee of the Department of Corrections" and the term "security employee of the Department of Human Services" shall have the meanings ascribed to them in subsection (c) of Section 14-110.

(j) The retirement annuity computed pursuant to paragraphs (g) or (h) shall be applicable only to those security employees of the Department of Corrections and security employees of the Department of Human Services who have at least 20 years of membership service and who are not eligible for the alternative retirement annuity provided under Section 14-110. However, persons transferring to this System under Section 14-108.2 or 14-108.2c who have service credit under Article 16 of this Code may count such service toward establishing their eligibility under the 20-year service requirement of this subsection; but such service may be used only for establishing such eligibility, and not for the purpose of increasing or calculating any benefit.

(k) (Blank).

(l) The changes to this Section made by this amendatory Act of 1997 (changing certain retirement annuity formulas from a stepped rate to a flat rate) apply to members who retire on or after January 1, 1998, without regard to whether employment terminated before the effective date of this amendatory Act of 1997. An annuity shall not be calculated in steps by using the new flat rate for some steps and the superseded stepped rate for other steps of the same type of service.

On each January 1 following the date of the initial increase under this subsection, the employee's monthly retirement annuity shall be increased by an additional 3%.

Beginning January 1, 1990, all automatic annual increases payable under this Section shall be calculated as a percentage of the total annuity payable at the time of the increase, including previous increases granted under this Article.

(a-1) Notwithstanding subsection (a), but subject to the provisions of subsection (a-2), all automatic increases payable under subsection (a) on or after the effective date of this amendatory Act of the 98th General Assembly shall be calculated as 3% of the lesser of (1) the total annuity payable at the time of the increase, including previous increases granted, or (2) $800 ($1,000 for portions of the annuity based on service as a noncovered employee) multiplied by the number of years of creditable service upon which the annuity is based.

Beginning January 1, 2016, the $800 ($1,000 for portions of the annuity based on service as a noncovered employee) referred in item (2) of this subsection (a-1) shall be increased on each January 1 by the annual unadjusted percentage increase (but not less than zero) in the consumer price index-u for the 12 months ending with the preceding September; these adjustments shall be cumulative and compounded. For the purposes of this subsection (a-1), "consumer price index-u" means the index published by the Bureau of Labor Statistics of the United States Department of Labor that measures the average change in prices of goods and services purchased by all urban consumers, United States city average, all items, 1982-84 = 100. The new dollar amount resulting from each annual adjustment shall be determined by the Public Pension

Division of the Department of Insurance and made available to the System by November 1 of each year.

This subsection (a-1) is applicable without regard to whether the person is in service on or after the effective date of this amendatory Act of the 98th General Assembly.

(a-2) Notwithstanding subsections (a) and (a-1), for an active or inactive Tier 1 member who has not begun to receive a retirement annuity under this Article before July 1, 2014:

(1) the second automatic annual increase payable under subsection (a) shall be at the rate of 0% of the total annuity payable at the time of the increase if he or she is at least age 50 on the effective date of this amendatory Act;

(2) the second, fourth, and sixth automatic annual increases payable under subsection (a) shall be at the rate of 0% of the total annuity payable at the time of the increase if he or she is at least age 47 but less than age 50 on the effective date of this amendatory Act;

(3) the second, fourth, sixth, and eighth automatic annual increases payable under subsection (a) shall be at the rate of 0% of the total annuity payable at the time of the increase if he or she is at least age 44 but less than age 47 on the effective date of this amendatory Act;

(4) the second, fourth, sixth, eighth, and tenth automatic annual increases payable under subsection (a) shall be at the rate of 0% of the total annuity payable at the time of the increase if he or she is less than age 44 on the effective date of this amendatory Act.

For the purposes of Section 1-103.1, this subsection (a-2) is applicable without regard to whether the person is in service on or after the effective date of this amendatory Act of the 98th General Assembly.

(b) The provisions of subsection (a) of this Section shall be applicable to an employee only if the employee makes the additional contributions required after December 31, 1969 for the purpose of the automatic increases for not less than the equivalent of one full year. If an employee becomes an annuitant before his additional contributions equal one full year's contributions based on his salary at the date of retirement, the employee may pay the necessary balance of the contributions to the system, without interest, and be eligible for the increasing annuity authorized by this Section.

(c) The provisions of subsection (a) of this Section shall not be applicable to any annuitant who is on retirement on December 31, 1969, and thereafter returns to State service, unless the member has established at least one year of additional creditable service following reentry into service.

(d) In addition to other increases which may be provided by this Section, on January 1, 1981 any annuitant who was receiving a retirement annuity on or before January 1, 1971 shall have his retirement annuity then being paid increased $1 per month for each year of creditable service. On January 1, 1982, any annuitant who began receiving a retirement annuity on or before January 1, 1977, shall have his retirement annuity then being paid increased $1 per month for each year of creditable service.

On January 1, 1987, any annuitant who began receiving a retirement annuity on or before January 1, 1977, shall have the monthly retirement annuity increased by an amount equal to 8¢ per year of creditable service times the number of years that have elapsed since the annuity began.

(e) Every person who receives the alternative retirement annuity under Section 14-110 and who is eligible to receive the 3% increase under subsection (a) on January 1, 1986, shall also receive on that date a one-time increase in retirement annuity equal to the difference between (1) his actual retirement annuity on that date, including any increases received under subsection (a), and (2) the amount of retirement annuity he would have received on that date if the amendments to subsection (a) made by Public Act 84-162 had been in effect since the date of his retirement.

Sec. 14-115. Supplemental Annuity.

(a) Each annuitant, who retired at age 55 or over and after the completion of at least 15 years of creditable service, whose status as an employee terminated before January 1, 1970, is entitled to a monthly supplemental annuity effective January 1, 1970, or on January 1 nearest the annuitant's 65th birthday, whichever is later. Such supplemental annuity shall be 1-1/2% of the monthly retirement annuity, multiplied by the number of full years which elapsed from the date of the member's latest retirement to the effective date of the supplemental annuity. This monthly supplemental annuity shall be increased on each January 1 thereafter during the lifetime of the annuitant by 1-1/2% of the monthly

retirement annuity disregarding any supplemental annuity previously granted. Beginning January 1, 1972, the rate of increase in the supplemental annuity shall be 2%. Beginning January 1, 1979, the rate of increase in the supplemental annuity shall be 3%.

The supplemental annuity under this subsection is payable only if the annuitant pays to the System, in a single sum, an amount equal to 1% of his monthly final average compensation multiplied by the number of full years of creditable service.

(b) Any member who retired with less than 15 years of creditable service whose status as an employee terminated before January 1, 1970, shall be entitled to an increase of 3% of the original monthly retirement allowance, effective January 1, 1982, or on January 1 nearest the annuitant's 65th birthday, whichever is later. On each January 1 thereafter during the lifetime of the member, he shall be entitled to an additional increase of 3% of the original monthly retirement allowance. No qualifying contribution is required for the supplemental annuity under this subsection.

(c) Beginning January 1, 1990, all automatic annual increases payable under this Section shall be calculated as a percentage of the total monthly amount of annuity payable at the time of the increase, including any supplemental annuity or other increase previously granted under this Article.

(d) Notwithstanding any other provision of this Section, all increases payable under this Section on or after the effective date of this amendatory Act of the 98th General Assembly shall be calculated as 3% of the lesser of (1) the total annuity payable at the time of the increase, including previous increases granted, or (2) $800 ($1,000 for portions of the annuity based on service as a noncovered employee) multiplied by the number of years of creditable service upon which the annuity is based.

Beginning January 1, 2016, the $800 ($1,000 for portions of the annuity based on service as a noncovered employee) referred in item (2) of this subsection (d) shall be increased on each January 1 by the annual unadjusted percentage increase (but not less than zero) in the consumer price index-u for the 12 months ending with the preceding September; these adjustments shall be cumulative and compounded. Sec. 14-131. Contributions by State.

(a) The State shall make contributions to the System by appropriations of amounts which, together with other employer contributions from trust, federal, and other funds, employee contributions, investment income, and other income, will be sufficient to meet the cost of maintaining and administering the System on a 100% funded basis in accordance with actuarial recommendations by the end of State fiscal year 2044.

For the purposes of this Section and Section 14-135.08, references to State contributions refer only to employer contributions and do not include employee contributions that are picked up or otherwise paid by the State or a department on behalf of the employee.

(b) The Board shall determine the total amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board, using the formula in subsection (e).

The Board shall also determine a State contribution rate for each fiscal year, expressed as a percentage of payroll, based on the total required State contribution for that fiscal year (less the amount received by the System from appropriations under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act, if any, for the fiscal year ending on the June 30 immediately preceding the applicable November 15 certification deadline), the estimated payroll (including all forms of compensation) for personal services rendered by eligible employees, and the recommendations of the actuary.

For the purposes of this Section and Section 14.1 of the State Finance Act, the term "eligible employees" includes employees who participate in the System, persons who may elect to participate in the System but have not so elected, persons who are serving a qualifying...
period that is required for participation, and annuitants employed by a department as described in subdivision (a)(1) or (a)(2) of Section 14-111.

(c) Contributions shall be made by the several departments for each pay period by warrants drawn by the State Comptroller against their respective funds or appropriations based upon vouchers stating the amount to be so contributed. These amounts shall be based on the full rate certified by the Board under Section 14-135.08 for that fiscal year. From the effective date of this amendatory Act of the 93rd General Assembly through the payment of the final payroll from fiscal year 2004 appropriations, the several departments shall not make contributions for the remainder of fiscal year 2004 but shall instead make payments as required under subsection (a-1) of Section 14.1 of the State Finance Act. The several departments shall resume those contributions at the commencement of fiscal year 2005.

(c-1) Notwithstanding subsection (c) of this Section, for fiscal years 2010, 2012, 2013, and 2014 only, contributions by the several departments are not required to be made for General Revenue Funds payrolls processed by the Comptroller. Payrolls paid by the several departments from all other State funds must continue to be processed pursuant to subsection (c) of this Section.

(c-2) For State fiscal years 2010, 2012, 2013, and 2014 only, on or as soon as possible after the 15th day of each month, the Board shall submit vouchers for payment of State contributions to the System, in a total monthly amount of one-twelfth of the fiscal year General Revenue Fund contribution as certified by the System pursuant to Section 14-135.08 of the Illinois Pension Code.

(d) If an employee is paid from trust funds or federal funds, the department or other employer shall pay employer contributions from those funds to the System at the certified rate, unless the terms of the trust or the federal-State agreement preclude the use of the funds for that purpose, in which case the required employer contributions shall be paid by the State. From the effective date of this amendatory Act of the 93rd General Assembly through the payment of the final payroll from fiscal year 2004 appropriations, the department or other employer shall not pay contributions for the remainder of fiscal year 2004 but shall instead make payments as required under subsection (a-1) of Section 14.1 of the State Finance Act. The department or other employer shall resume payment of contributions at the commencement of fiscal year 2005.
(e) For State fiscal years 2015 through 2044, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be equal to the sum of (1) the State's portion of the projected normal cost for that fiscal year, plus (2) an amount sufficient to bring the total assets of the System up to 100% of the total actuarial liabilities of the System by the end of State fiscal year 2044. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2044 and shall be determined under the projected unit cost method for fiscal year 2015 and under the entry age normal actuarial cost method for fiscal years 2016 through 2044.

For State fiscal years 2012 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section; except that (i) for State fiscal year 1998, for all purposes of this Code and any other law of this State, the certified percentage of the applicable employee payroll shall be 5.052% for employees earning eligible creditable service under Section 14-110 and 6.500% for all other employees, notwithstanding any contrary certification made under Section 14-135.08 before the effective date of this amendatory Act of 1997, and (ii) in the following specified State fiscal years, the State contribution to the System shall not be less than the following indicated percentages of the applicable employee payroll, even if the indicated percentage will produce a State contribution in excess of the amount otherwise required under this subsection and subsection (a): 9.8% in FY 1999; 10.0% in FY 2000; 10.2% in FY 2001; 10.4% in FY 2002; 10.6% in FY 2003; and 10.8% in FY 2004.
Notwithstanding any other provision of this Article, the total required State contribution to the System for State fiscal year 2006 is $203,783,900.

Notwithstanding any other provision of this Article, the total required State contribution to the System for State fiscal year 2007 is $344,164,400.

For each of State fiscal years 2008 through 2009, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Notwithstanding any other provision of this Article, the total required State General Revenue Fund contribution for State fiscal year 2010 is $723,703,100 and shall be made from the proceeds of bonds sold in fiscal year 2010 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2010, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Notwithstanding any other provision of this Article, the total required State General Revenue Fund contribution for State fiscal year 2011 is the amount recertified by the System on or before April 1, 2011 pursuant to Section 14-135.08 and shall be made from the proceeds of bonds sold in fiscal year 2011 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2011, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Beginning in State fiscal year 2045, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 100% of the total actuarial liabilities of the System.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act or Section 8.12 of the State Finance Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 100%.

A reference in this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter through State fiscal year 2014, as calculated under this Section and certified under Section 14-135.08, shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued in fiscal year 2003 for the purposes of Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued in fiscal year 2003 for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(f) After the submission of all payments for eligible employees from personal services line items in fiscal year 2004 have been made, the Comptroller shall provide to the System a certification of the sum of all fiscal year 2004 expenditures for personal services that would have been covered by payments to the System under this Section if the provisions of this amendatory Act of the 93rd General Assembly had not been enacted. Upon receipt of the certification, the System shall determine the amount due to the System based on the full rate certified by the Board under

Section 14-135.08 for fiscal year 2004 in order to meet the State's obligation under this Section. The System shall compare this amount due to the amount received by the System in fiscal year 2004 through payments under this Section and under Section 6z-61 of the State Finance Act. If the amount due is more than the amount received, the difference shall be termed the "Fiscal Year 2004 Shortfall" for purposes of this Section, and the Fiscal Year 2004 Shortfall shall be satisfied under Section 1.2 of the State Pension Funds Continuing Appropriation Act. If the amount due is less than the amount received, the difference shall be termed the "Fiscal Year 2004 Overpayment" for purposes of this Section, and the Fiscal Year 2004 Overpayment shall be repaid by the System to the Pension Contribution Fund as soon as practicable after the certification.

(g) For purposes of determining the required State contribution to the System, the value of the System's assets shall be equal to the actuarial value of the System's assets, which shall be calculated as follows:

As of June 30, 2008, the actuarial value of the System's assets shall be equal to the market value of the assets as of that date. In determining the actuarial value of the System's assets for fiscal years after June 30, 2008, any actuarial gains or losses from investment return incurred in a fiscal year shall be recognized in equal annual amounts over the 5-year period following that fiscal year.

(h) For purposes of determining the required State contribution to the System for a particular year, the actuarial value of assets shall be assumed to earn a rate of return equal to the System's actuarially assumed rate of return.

(i) After the submission of all payments for eligible employees from personal services line items paid from the General Revenue Fund in fiscal year 2010 have been made, the Comptroller shall provide to the System a certification of the sum of all fiscal year 2010 expenditures for personal services that would have been covered by payments to the System under this Section if the provisions of this amendatory Act of the 96th General Assembly had not been enacted. Upon receipt of the certification, the System shall determine the amount due to the System based on the full rate certified by the Board under Section 14-135.08 for fiscal year 2010 in order to meet the State's obligation under this Section. The System shall compare this amount due to the amount received by the System in fiscal year 2010 through payments under this Section. If the amount due is more than the amount received, the difference shall be termed the "Fiscal Year 2010 Shortfall" for purposes of this Section, and the Fiscal Year 2010
Shortfall shall be satisfied under Section 1.2 of the State Pension Funds Continuing Appropriation Act. If the amount due is less than the amount received, the difference shall be termed the "Fiscal Year 2010 Overpayment" for purposes of this Section, and the Fiscal Year 2010 Overpayment shall be repaid by the System to the General Revenue Fund as soon as practicable after the certification.

(j) After the submission of all payments for eligible employees from personal services line items paid from the General Revenue Fund in fiscal year 2011 have been made, the Comptroller shall provide to the System a certification of the sum of all fiscal year 2011 expenditures for personal services that would have been covered by payments to the System under this Section if the provisions of this amendatory Act of the 96th General Assembly had not been enacted. Upon receipt of the certification, the System shall determine the amount due to the System based on the full rate certified by the Board under Section 14-135.08 for fiscal year 2011 in order to meet the State's obligation under this Section. The System shall compare this amount due to the amount received by the System in fiscal year 2011 through payments under this Section. If the amount due is more than the amount received, the difference shall be termed the "Fiscal Year 2011 Shortfall" for purposes of this Section, and the Fiscal Year 2011 Shortfall shall be satisfied under Section 1.2 of the State Pension Funds Continuing Appropriation Act. If the amount due is less than the amount received, the difference shall be termed the "Fiscal Year 2011 Overpayment" for purposes of this Section, and the Fiscal Year 2011 Overpayment shall be repaid by the System to the General Revenue Fund as soon as practicable after the certification.

(k) For fiscal years 2012 through 2014 only, after the submission of all payments for eligible employees from personal services line items paid from the General Revenue Fund in the fiscal year have been made, the Comptroller shall provide to the System a certification of the sum of all expenditures in the fiscal year for personal services. Upon receipt of the certification, the System shall determine the amount due to the System based on the full rate certified by the Board under Section 14-135.08 for the fiscal year in order to meet the State's obligation under this Section. The System shall compare this amount due to the amount received by the System for the fiscal year. If the amount due is more than the amount received, the difference shall be termed the "Prior Fiscal Year Shortfall" for purposes of this Section, and the Prior Fiscal Year Shortfall shall be satisfied under Section 1.2 of the State Pension Funds Continuing Appropriation Act. If the amount due is less than the amount received, the difference shall be termed the "Prior Fiscal Year Overpayment" for purposes of this Section, and the Prior Fiscal Year Overpayment shall be repaid by the System to the General Revenue Fund as soon as practicable after the certification.

Sec. 14-132. Obligations of State; funding guarantee.

(a) The payment of the required department contributions, all allowances, annuities, benefits granted under this Article, and all expenses of administration of the system are obligations of the State of Illinois to the extent specified in this Article.

(b) All income of the system shall be credited to a separate account for this system in the State treasury and shall be used to pay allowances, annuities, benefits and administration expense.

(c) Beginning July 1, 2014, the State shall be obligated to contribute to the System in each State fiscal year an amount not less than the sum of (i) the State's normal cost for the year and (ii) the portion of the unfunded accrued liability assigned to that year by law. Notwithstanding any other provision of law, if the State fails to pay an amount required under this subsection, it shall be the obligation of the Board to seek payment of the required amount in compliance with the provisions of this Section and, if the amount remains unpaid, to bring a mandamus action in the Supreme Court of Illinois to compel the State to make the required payment.

If the System submits a voucher for contributions required under Section 14-131 and the State fails to pay that voucher within 90 days of its receipt, the Board shall submit a written request to the Comptroller seeking payment. A copy of the request shall be filed with the Secretary of State, and the Secretary of State shall provide a copy to the Governor and General Assembly. No earlier than the 16th day after the System files the request with the Comptroller and Secretary of State, if the amount remains unpaid the Board shall commence a mandamus action in the Supreme Court of Illinois to compel the Comptroller to satisfy the voucher.

This subsection (c) constitutes an express waiver of the State's sovereign immunity solely to the extent that it permits the Board to commence a mandamus action in the Supreme Court of Illinois to compel
the Comptroller to pay a voucher for the contributions required under Section 14-131.

(d) Beginning in State fiscal year 2016, the State shall be obligated to make the transfers set forth in subsections (c-5) and (c-10) of Section 20 of the Budget Stabilization Act and to pay to the System its proportionate share of the transferred amounts in accordance with Section 25 of the Budget Stabilization Act. Notwithstanding any other provision of law, if the State fails to transfer an amount required under this subsection or to pay to the System its proportionate share of the transferred amount in accordance with Section 25 of the Budget Stabilization Act, it shall be the obligation of the Board to seek transfer or payment of the required amount in compliance with the provisions of this Section and, if the required amount remains untransferred or the required payment remains unpaid, to bring a mandamus action in the Supreme Court of Illinois to compel the State to make the required transfer or payment or both, as the case may be.

If the State fails to make a transfer required under subsection (c-5) or (c-10) of Section 20 of the Budget Stabilization Act or a payment to the System required under Section 25 of that Act, the Board shall submit a written request to the Comptroller seeking payment. A copy of the request shall be filed with the Secretary of State, and the Secretary of State shall provide a copy to the Governor and General Assembly. No earlier than the 16th day after the System files the request with the Comptroller and Secretary of State, if the required amount remains untransferred or the required payment remains unpaid, the Board shall commence a mandamus action in the Supreme Court of Illinois to compel the Comptroller to make the required transfer or payment or both, as the case may be.

This subsection (d) constitutes an express waiver of the State's sovereign immunity solely to the extent that it permits the Board to commence a mandamus action in the Supreme Court of Illinois to compel the Comptroller to make a transfer required under subsection (c-5) or (c-10) of Section 20 of the Budget Stabilization Act and to pay to the System its proportionate share of the transferred amount in accordance with Section 25 of the Budget Stabilization Act.

The obligations created by this subsection (d) expire when all of the requirements of subsections (c-5) and (c-10) of Section 20 of the Budget Stabilization Act and Section 25 of the Budget Stabilization Act have been met.
(e) Any payments and transfers required to be made by the State pursuant to subsection (c) or (d) are expressly subordinate to the payment of the principal, interest, and premium, if any, on any bonded debt obligation of the State or any other State-created entity, either currently outstanding or to be issued, for which the source of repayment or security thereon is derived directly or indirectly from tax revenues collected by the State or any other State-created entity. Payments on such bonded obligations include any statutory fund transfers or other prefunding mechanisms or formulas set forth, now or hereafter, in State law or bond indentures, into debt service funds or accounts of the State related to such bond obligations, consistent with the payment schedules associated with such obligations.

Sec. 14-135.08. To certify required State contributions.

(a) To certify to the Governor and to each department, on or before November 15 of each year until November 15, 2011, the required rate for State contributions to the System for the next State fiscal year, as determined under subsection (b) of Section 14-131. The certification to the Governor under this subsection (a) shall include a copy of the actuarial recommendations upon which the rate is based and shall specifically identify the System's projected State normal cost for that fiscal year.

(a-5) On or before November 1 of each year, beginning November 1, 2012, the Board shall submit to the State Actuary, the Governor, and the General Assembly a proposed certification of the amount of the required State contribution to the System for the next fiscal year, along with all of the actuarial assumptions, calculations, and data upon which that proposed certification is based. On or before January 1 of each year beginning January 1, 2013, the State Actuary shall issue a preliminary report concerning the proposed certification and identifying, if necessary, recommended changes in actuarial assumptions that the Board must consider before finalizing its certification of the required State contributions. On or before January 15, 2013 and each January 15 thereafter, the Board shall certify to the Governor and the General Assembly the amount of the required State contribution for the next fiscal year. The Board's certification must note any deviations from the State Actuary's recommended changes, the reason or reasons for not following the State Actuary's recommended changes, and the fiscal impact of not following the State Actuary's recommended changes on the required State contribution.

(a-10) For purposes of Section (c-5) of Section 20 of the Budget Stabilization Act, on or before November 1 of each year beginning November 1, 2014, the Board shall determine the amount of the State contribution to the System that would have been required for the next fiscal year if this amendatory Act of the 98th General Assembly had not taken effect, using the best and most recent available data but based on the law in effect on May 31, 2014. The Board shall submit to the State Actuary, the Governor, and the General Assembly a proposed certification, along with the relevant law, actuarial assumptions, calculations, and data upon which that certification is based. On or before
January 1, 2015 and every January 1 thereafter, the State Actuary shall issue a preliminary report concerning the proposed certification and identifying, if necessary, recommended changes in actuarial assumptions that the Board must consider before finalizing its certification. On or before January 15, 2015 and every January 1 thereafter, the Board shall certify to the Governor and the General Assembly the amount of the State contribution to the System that would have been required for the next fiscal year if this amendatory Act of the 98th General Assembly had not taken effect, using the best and most recent available data but based on the law in effect on May 31, 2014. The Board's certification must note any deviations from the State Actuary's recommended changes, the reason or reasons for not following the State Actuary's recommended changes, and the impact of not following the State Actuary's recommended changes.

(b) The certifications under subsections (a) and (a-5) shall include an additional amount necessary to pay all principal of and interest on those general obligation bonds due the next fiscal year authorized by Section 7.2(a) of the General Obligation Bond Act and issued to provide the proceeds deposited by the State with the System in July 2003, representing deposits other than amounts reserved under Section 7.2(c) of the General Obligation Bond Act. For State fiscal year 2005, the Board shall make a supplemental certification of the additional amount necessary to pay all principal of and interest on those general obligation bonds due in State fiscal years 2004 and 2005 authorized by Section 7.2(a) of the General Obligation Bond Act and issued to provide the proceeds deposited by the State with the System in July 2003, representing deposits other than amounts reserved under Section 7.2(c) of the General Obligation Bond Act, as soon as practical after the effective date of this amendatory Act of the 93rd General Assembly.

On or before May 1, 2004, the Board shall recalculate and recertify to the Governor and to each department the amount of the required State contribution to the System and the required rates for State contributions to the System for State fiscal year 2005, taking into account the amounts appropriated to and received by the System under subsection (d) of Section 7.2 of the General Obligation Bond Act.

On or before July 1, 2005, the Board shall recalculate and recertify to the Governor and to each department the amount of the required State contribution to the System and the required rates for State contributions to the System for State fiscal year 2006, taking into account the changes in

On or before April 1, 2011, the Board shall recalculate and recertify to the Governor and to each department the amount of the required State contribution to the System for State fiscal year 2011, applying the changes made by Public Act 96-889 to the System's assets and liabilities as of June 30, 2009 as though Public Act 96-889 was approved on that date.

Sec. 14-152.1. Application and expiration of new benefit increases.

(a) As used in this Section, "new benefit increase" means an increase in the amount of any benefit provided under this Article, or an expansion of the conditions of eligibility for any benefit under this Article, that results from an amendment to this Code that takes effect after June 1, 2005 (the effective date of Public Act 94-4). "New benefit increase", however, does not include any benefit increase resulting from the changes made to this Article by Public Act 96-37 or by this amendatory Act of the 98th General Assembly.

(b) Notwithstanding any other provision of this Code or any subsequent amendment to this Code, every new benefit increase is subject to this Section and shall be deemed to be granted only in conformance with and contingent upon compliance with the provisions of this Section.

(c) The Public Act enacting a new benefit increase must identify and provide for payment to the System of additional funding at least sufficient to fund the resulting annual increase in cost to the System as it accrues.

Every new benefit increase is contingent upon the General Assembly providing the additional funding required under this subsection. The Commission on Government Forecasting and Accountability shall analyze whether adequate additional funding has been provided for the new benefit increase and shall report its analysis to the Public Pension Division of the Department of Insurance. A new benefit increase created by a Public Act that does not include the additional funding required under this subsection is null and void. If the Public Pension Division determines that the additional funding provided for a new benefit increase under this subsection is or has become inadequate, it may so certify to the Governor and the State Comptroller.

and, in the absence of corrective action by the General Assembly, the new benefit increase shall expire at the end of the fiscal year in which the certification is made.

(d) Every new benefit increase shall expire 5 years after its effective date or on such earlier date as may be specified in the language enacting the new benefit increase or provided under subsection (c). This does not prevent the General Assembly from extending or re-creating a new benefit increase by law.

(e) Except as otherwise provided in the language creating the new benefit increase, a new benefit increase that expires under this Section continues to apply to persons who applied and qualified for the affected benefit while the new benefit increase was in effect and to the affected beneficiaries and alternate payees of such persons, but does not apply to any other person, including without limitation a person who continues in service after the expiration date and did not apply and qualify for the affected benefit while the new benefit increase was in effect.

(40 ILCS 5/14-155 new)

Sec. 14-155. Defined contribution plan.

(a) By July 1, 2015, the System shall prepare and implement a voluntary defined contribution plan for up to 5% of eligible active Tier 1 members. The System shall determine the 5% cap by the number of active Tier 1 members on the effective date of this Section. The defined contribution plan developed under this Section shall be a plan that aggregates employer and employee contributions in individual participant accounts which, after meeting any other requirements, are used for payouts after retirement in accordance with this Section and any other applicable laws.

As used in this Section, "defined benefit plan" means the retirement plan available under this Article to Tier 1 members who have not made the election authorized under this Section.

(1) Under the defined contribution plan, an active Tier 1 member of this System could elect to cease accruing benefits in the defined benefit plan under this Article and begin accruing benefits for future service in the defined contribution plan. Service credit under the defined contribution plan may be used for determining retirement eligibility under the defined benefit plan.
(2) Participants in the defined contribution plan shall pay employee contributions at the same rate as Tier 1 members in this System who do not participate in the defined contribution plan.

(3) State contributions shall be paid into the accounts of all participants in the defined contribution plan at a uniform rate, expressed as a percentage of compensation and determined for each year. This rate shall be no higher than the employer's normal cost for Tier 1 members in the defined benefit plan for that year, as determined by the System and expressed as a percentage of compensation, and shall be no lower than 3% of compensation. The State shall adjust this rate annually.

(4) The defined contribution plan shall require 5 years of participation in the defined contribution plan before vesting in State contributions. If the participant fails to vest in them, the State contributions, and the earnings thereon, shall be forfeited.

(5) The defined contribution plan may provide for participants in the plan to be eligible for the defined disability benefits available to other participants under this Article. If it does, the System shall reduce the employee contributions credited to the member's defined contribution plan account by an amount determined by the System to cover the cost of offering such benefits.

(6) The defined contribution plan shall provide a variety of options for investments. These options shall include investments handled by the Illinois State Board of Investment as well as private sector investment options.

(7) The defined contribution plan shall provide a variety of options for payouts to retirees and their survivors.

(8) To the extent authorized under federal law and as authorized by the System, the plan shall allow former participants in the plan to transfer or roll over employee and vested State contributions, and the earnings thereon, into other qualified retirement plans.

(9) The System shall reduce the employee contributions credited to the member's defined contribution plan account by an amount determined by the System to cover the cost of offering these benefits and any applicable administrative fees.

(b) Only persons who are active Tier 1 members of the System on the effective date of this Section are eligible to participate in the defined

New matter indicated by italics - deletions by strikeout
contribution plan. Participation in the defined contribution plan shall be limited to the first 5% of eligible persons who elect to participate. The election to participate in the defined contribution plan is voluntary and irrevocable.

(c) An eligible Tier 1 employee may irrevocably elect to participate in the defined contribution plan by filing with the System a written application to participate that is received by the System prior to its determination that 5% of eligible persons have elected to participate in the defined contribution plan.

When the System first determines that 5% of eligible persons have elected to participate in the defined contribution plan, the System shall provide notice to previously eligible employees that the plan is no longer available and shall cease accepting applications to participate.

(d) The System shall make a good faith effort to contact each active Tier 1 member who is eligible to participate in the defined contribution plan. The System shall mail information describing the option to join the defined contribution plan to each of these employees to his or her last known address on file with the System. If the employee is not responsive to other means of contact, it is sufficient for the System to publish the details of the option on its website.

Upon request for further information describing the option, the System shall provide employees with information from the System before exercising the option to join the plan, including information on the impact to their vested benefits or non-vested service. The individual consultation shall include projections of the member's defined benefits at retirement or earlier termination of service and the value of the member's account at retirement or earlier termination of service. The System shall not provide advice or counseling with respect to whether the employee should exercise the option. The System shall inform Tier 1 employees who are eligible to participate in the defined contribution plan that they may also wish to obtain information and counsel relating to their option from any other available source, including but not limited to labor organizations, private counsel, and financial advisors.

(e) In no event shall the System, its staff, its authorized representatives, or the Board be liable for any information given to an employee under this Section. The System may coordinate with the Illinois Department of Central Management Services and other retirement systems administering a defined contribution plan in accordance with this
amendatory Act of the 98th General Assembly to provide information
concerning the impact of the option set forth in this Section.

(f) Notwithstanding any other provision of this Section, no person
shall begin participating in the defined contribution plan until it has
attained qualified plan status and received all necessary approvals from
the U.S. Internal Revenue Service.

(g) The System shall report on its progress under this Section,
including the available details of the defined contribution plan and the
System's plans for informing eligible Tier 1 members about the plan, to the
Governor and the General Assembly on or before January 15, 2015.

(h) The Illinois State Board of Investments shall be the plan
sponsor for the defined contribution plan established under this Section.

(i) The intent of this amendatory Act of the 98th General Assembly
is to ensure that the State's normal cost of participation in the defined
contribution plan is similar, and if possible equal, to the State's normal
cost of participation in the defined benefit plan, unless a lower State's
normal cost is necessary to ensure cost neutrality.

Sec. 14-156. Defined contribution plan; termination. If the defined
contribution plan is terminated or becomes inoperative pursuant to law,
then each participant in the plan shall automatically be deemed to have

during the time in which he or she participated in the defined contribution
plan, and for that purpose the System shall be entitled to recover the
amounts in the participant's defined contribution accounts.

Sec. 15-107. Employee.
(a) "Employee" means any member of the educational, administrative, secretarial, clerical, mechanical, labor or other staff of an employer whose employment is permanent and continuous or who is employed in a position in which services are expected to be rendered on a continuous basis for at least 4 months or one academic term, whichever is less, who (A) receives payment for personal services on a warrant issued pursuant to a payroll voucher certified by an employer and drawn by the State Comptroller upon the State Treasurer or by an employer upon trust, federal or other funds, or (B) is on a leave of absence without pay. Employment which is irregular, intermittent or temporary shall not be considered continuous for purposes of this paragraph.
However, a person is not an "employee" if he or she:
(1) is a student enrolled in and regularly attending classes in a college or university which is an employer, and is employed on a temporary basis at less than full time;
(2) is currently receiving a retirement annuity or a disability retirement annuity under Section 15-153.2 from this System;
(3) is on a military leave of absence;
(4) is eligible to participate in the Federal Civil Service Retirement System and is currently making contributions to that system based upon earnings paid by an employer;
(5) is on leave of absence without pay for more than 60 days immediately following termination of disability benefits under this Article;

(7) is employed on or after July 1, 1991 to perform services that are excluded by subdivision (a)(7)(f) or (a)(19) of Section 210 of the federal Social Security Act from the definition of employment given in that Section (42 U.S.C. 410).
(b) Any employer may, by filing a written notice with the board, exclude from the definition of "employee" all persons employed pursuant

to a federally funded contract entered into after July 1, 1982 with a federal military department in a program providing training in military courses to federal military personnel on a military site owned by the United States Government, if this exclusion is not prohibited by the federally funded contract or federal laws or rules governing the administration of the contract.

(c) Any person appointed by the Governor under the Civil Administrative Code of the State is an employee, if he or she is a participant in this system on the effective date of the appointment.

(d) A participant on lay-off status under civil service rules is considered an employee for not more than 120 days from the date of the lay-off.

(e) A participant is considered an employee during (1) the first 60 days of disability leave, (2) the period, not to exceed one year, in which his or her eligibility for disability benefits is being considered by the board or reviewed by the courts, and (3) the period he or she receives disability benefits under the provisions of Section 15-152, workers' compensation or occupational disease benefits, or disability income under an insurance contract financed wholly or partially by the employer.

(f) Absences without pay, other than formal leaves of absence, of less than 30 calendar days, are not considered as an interruption of a person's status as an employee. If such absences during any period of 12 months exceed 30 work days, the employee status of the person is considered as interrupted as of the 31st work day.

(g) A staff member whose employment contract requires services during an academic term is to be considered an employee during the summer and other vacation periods, unless he or she declines an employment contract for the succeeding academic term or his or her employment status is otherwise terminated, and he or she receives no earnings during these periods.

(h) An individual who was a participating employee employed in the fire department of the University of Illinois's Champaign-Urbana campus immediately prior to the elimination of that fire department and who immediately after the elimination of that fire department became employed by the fire department of the City of Urbana or the City of Champaign shall continue to be considered as an employee for purposes of this Article for so long as the individual remains employed as a firefighter by the City of Urbana or the City of Champaign. The individual shall cease to be considered an employee under this subsection (h) upon the first
termination of the individual's employment as a firefighter by the City of Urbana or the City of Champaign.

(i) An individual who is employed on a full-time basis as an officer or employee of a statewide teacher organization that serves System participants or an officer of a national teacher organization that serves System participants may participate in the System and shall be deemed an employee, provided that (1) the individual has previously earned creditable service under this Article, (2) the individual files with the System an irrevocable election to become a participant before the effective date of this amendatory Act of the 97th General Assembly, (3) the individual does not receive credit for that employment under any other Article of this Code, and (4) the individual first became a full-time employee of the teacher organization and becomes a participant before the effective date of this amendatory Act of the 97th General Assembly. An employee under this subsection (i) is responsible for paying to the System both (A) employee contributions based on the actual compensation received for service with the teacher organization and (B) employer contributions equal to the normal costs (as defined in Section 15-155) resulting from that service; all or any part of these contributions may be paid on the employee's behalf or picked up for tax purposes (if authorized under federal law) by the teacher organization.

A person who is an employee as defined in this subsection (i) may establish service credit for similar employment prior to becoming an employee under this subsection by paying to the System for that employment the contributions specified in this subsection, plus interest at the effective rate from the date of service to the date of payment. However, credit shall not be granted under this subsection for any such prior employment for which the applicant received credit under any other provision of this Code, or during which the applicant was on a leave of absence under Section 15-113.2.

(j) A person employed by the State Board of Higher Education in a position with the Illinois Century Network as of June 30, 2004 shall be considered to be an employee for so long as he or she remains continuously employed after that date by the Department of Central Management Services in a position with the Illinois Century Network, the Bureau of Communication and Computer Services, or, if applicable, any successor bureau and meets the requirements of subsection (a).

(k) In the case of doubt as to whether any person is an employee within the meaning of this Section, the decision of the Board shall be final.
Sec. 15-111. Earnings.

(a) "Earnings": An amount paid for personal services equal to the sum of the basic compensation plus extra compensation for summer teaching, overtime or other extra service. For periods for which an employee receives service credit under subsection (c) of Section 15-113.1 or Section 15-113.2, earnings are equal to the basic compensation on which contributions are paid by the employee during such periods. Compensation for employment which is irregular, intermittent and temporary shall not be considered earnings, unless the participant is also receiving earnings from the employer as an employee under Section 15-107.

With respect to transition pay paid by the University of Illinois to a person who was a participating employee employed in the fire department of the University of Illinois's Champaign-Urbana campus immediately prior to the elimination of that fire department:

(1) "Earnings" includes transition pay paid to the employee on or after the effective date of this amendatory Act of the 91st General Assembly.

(2) "Earnings" includes transition pay paid to the employee before the effective date of this amendatory Act of the 91st General Assembly only if (i) employee contributions under Section 15-157 have been withheld from that transition pay or (ii) the employee pays to the System before January 1, 2001 an amount representing employee contributions under Section 15-157 on that transition pay. Employee contributions under item (ii) may be paid in a lump sum, by withholding from additional transition pay accruing before January 1, 2001, or in any other manner approved by the System. Upon payment of the employee contributions on transition pay, the corresponding employer contributions become an obligation of the State.

(b) For a Tier 2 member, the annual earnings shall not exceed $106,800; however, that amount shall annually thereafter be increased by the lesser of (i) 3% of that amount, including all previous adjustments, or (ii) one half the annual unadjusted percentage increase (but not less than zero) in the consumer price index-u for the 12 months ending with the September preceding each November 1, including all previous adjustments.
For the purposes of this Section, "consumer price index u" means the index published by the Bureau of Labor Statistics of the United States Department of Labor that measures the average change in prices of goods and services purchased by all urban consumers, United States city average, all items, 1982-84 = 100. The new amount resulting from each annual adjustment shall be determined by the Public Pension Division of the Department of Insurance and made available to the boards of the retirement systems and pension funds by November 1 of each year.

(c) Notwithstanding any other provision of this Code, the annual earnings of a Tier 1 member for the purposes of this Code shall not exceed, for periods of service on or after the effective date of this amendatory Act of the 98th General Assembly, the greater of (i) the annual limitation determined from time to time under subsection (b-5) of Section 1-160 of this Code, (ii) the annualized rate of earnings of the Tier 1 member as of that effective date, or (iii) the annualized rate of earnings of the Tier 1 member immediately preceding the expiration, renewal, or amendment of an employment contract or collective bargaining agreement in effect on that effective date.

Sec. 15-112. Final rate of earnings. "Final rate of earnings":

(a) This subsection (a) applies only to a Tier 1 member.

For an employee who is paid on an hourly basis or who receives an annual salary in installments during 12 months of each academic year, the average annual earnings during the 48 consecutive calendar month period ending with the last day of final termination of employment or the 4 consecutive academic years of service in which the employee's earnings were the highest, whichever is greater. For any other employee, the average annual earnings during the 4 consecutive academic years of service in which his or her earnings were the highest. For an employee with less than 48 months or 4 consecutive academic years of service, the average earnings during his or her entire period of service. The earnings of an employee with more than 36 months of service prior to the date of becoming a participant are, for such period, considered equal to the average earnings during the last 36 months of such service.

(b) This subsection (b) applies to a Tier 2 member.

For an employee who is paid on an hourly basis or who receives an annual salary in installments during 12 months of each academic year, the average annual earnings obtained by dividing by 8 the total earnings of the
employee during the 96 consecutive months in which the total earnings were the highest within the last 120 months prior to termination.

For any other employee, the average annual earnings during the 8 consecutive academic years within the 10 years prior to termination in which the employee's earnings were the highest. For an employee with less than 96 consecutive months or 8 consecutive academic years of service, whichever is necessary, the average earnings during his or her entire period of service.

(c) For an employee on leave of absence with pay, or on leave of absence without pay who makes contributions during such leave, earnings are assumed to be equal to the basic compensation on the date the leave began.

This period of unused sick leave shall not be considered in determining the date the retirement annuity begins. A person who first becomes a participant on or after the effective date of this amendatory Act of the 98th General Assembly shall not receive service credit for unused sick leave.

contributions used in calculating retirement annuities under Rule 2 of Section 15-136, the effective rate of interest shall be determined by the State Comptroller rather than the board. For a fiscal year concluding no later than June 30, 2014, the State Comptroller shall determine the effective rate of interest to be used for this purpose using the factors listed above, and shall certify to the board and the Commission on Government Forecasting and Accountability the rate to be used for this purpose for fiscal year 2006 as soon as possible after the effective date of this amendatory Act of the 94th General Assembly, and for each fiscal year thereafter no later than the January 31 immediately preceding the start of that fiscal year.

For a fiscal year that begins on or after July 1, 2014, the effective rate of interest for a given fiscal year shall be equal to the interest rate of 30-year United States Treasury bonds as of the beginning of that given fiscal year, plus 75 basis points. Sec. 15-136. Retirement annuities - Amount. The provisions of this Section 15-136 apply only to those participants who are participating in the traditional benefit package or the portable benefit package and do not apply to participants who are participating in the self-managed plan.

(a) The amount of a participant's retirement annuity, expressed in the form of a single-life annuity, shall be determined by whichever of the following rules is applicable and provides the largest annuity:

Rule 1: The retirement annuity shall be 1.67% of final rate of earnings for each of the first 10 years of service, 1.90% for each of the next 10 years of service, 2.10% for each year of service in excess of 20 but not exceeding 30, and 2.30% for each year in excess of 30; or for persons who retire on or after January 1, 1998, 2.2% of the final rate of earnings for each year of service.

Rule 2: The retirement annuity shall be the sum of the following, determined from amounts credited to the participant in accordance with the actuarial tables and the effective rate of interest in effect at the time the retirement annuity begins:

(i) the normal annuity which can be provided on an actuarially equivalent basis (using the effective rate of interest in effect at the time of retirement for retirements occurring on or after July 1, 2014), by the accumulated normal contributions as of the date the annuity begins;

(ii) an annuity from employer contributions of an amount equal to that which can be provided on an actuarially equivalent basis (using the effective rate of interest in effect at the time of retirement for retirements occurring on or after July 1, 2014) from the accumulated normal contributions made by the participant under Section 15-113.6 and Section 15-113.7 plus 1.4 times all other accumulated normal contributions made by the participant; and

(iii) the annuity that can be provided on an actuarially equivalent basis (using the effective rate of interest in effect at the time of retirement for retirements occurring on or after July 1, 2014) from the entire contribution made by the participant under Section 15-113.3.
Notwithstanding any other provision of this Rule 2, a participant's retirement annuity calculated under this Rule 2 shall not be less than the retirement annuity that participant would have received under this Rule 2 had he or she retired during the fiscal year preceding the effective date of this amendatory Act of the 98th General Assembly.

With respect to a police officer or firefighter who retires on or after August 14, 1998, the accumulated normal contributions taken into account under clauses (i) and (ii) of this Rule 2 shall include the additional normal contributions made by the police officer or firefighter under Section 15-157(a).

The amount of a retirement annuity calculated under this Rule 2 shall be computed solely on the basis of the participant's accumulated normal contributions, as specified in this Rule and defined in Section 15-116. Neither an employee or employer contribution for early retirement under Section 15-136.2 nor any other employer contribution shall be used in the calculation of the amount of a retirement annuity under this Rule 2.

This amendatory Act of the 91st General Assembly is a clarification of existing law and applies to every participant and annuitant without regard to whether status as an employee terminates before the effective date of this amendatory Act.

This Rule 2 does not apply to a person who first becomes an employee under this Article on or after July 1, 2005.

Rule 3: The retirement annuity of a participant who is employed at least one-half time during the period on which his or her final rate of earnings is based, shall be equal to the participant's years of service not to exceed 30, multiplied by (1) $96 if the participant's final rate of earnings is less than $3,500, (2) $108 if the final rate of earnings is at least $3,500 but less than $4,500, (3) $120 if the final rate of earnings is at least $4,500 but less than $5,500, (4) $132 if the final rate of earnings is at least $5,500 but less than $6,500, (5) $144 if the final rate of earnings is at least $6,500 but less than $7,500, (6) $156 if the final rate of earnings is at least $7,500 but less than $8,500, (7) $168 if the final rate of earnings is at least $8,500 but less than $9,500, and (8) $180 if the final rate of earnings is $9,500 or more, except that the annuity for those persons having made an election under Section 15-154(a-1) shall be calculated and payable under the portable retirement benefit program pursuant to the provisions of Section 15-136.4.

Rule 4: A participant who is at least age 50 and has 25 or more years of service as a police officer or firefighter, and a participant who is

age 55 or over and has at least 20 but less than 25 years of service as a police officer or firefighter, shall be entitled to a retirement annuity of 2 1/4% of the final rate of earnings for each of the first 10 years of service as a police officer or firefighter, 2 1/2% for each of the next 10 years of service as a police officer or firefighter, and 2 3/4% for each year of service as a police officer or firefighter in excess of 20. The retirement annuity for all other service shall be computed under Rule 1. A Tier 2 member is eligible for a retirement annuity calculated under Rule 4 only if that Tier 2 member meets the service requirements for that benefit calculation as prescribed under this Rule 4 in addition to the applicable age requirement under subsection (a-5) of Section 15-135.

For purposes of this Rule 4, a participant's service as a firefighter shall also include the following:

(i) service that is performed while the person is an employee under subsection (h) of Section 15-107; and

(ii) in the case of an individual who was a participating employee employed in the fire department of the University of Illinois's Champaign-Urbana campus immediately prior to the elimination of that fire department and who immediately after the elimination of that fire department transferred to another job with the University of Illinois, service performed as an employee of the University of Illinois in a position other than police officer or firefighter, from the date of that transfer until the employee's next termination of service with the University of Illinois.

(b) For a Tier 1 member, the retirement annuity provided under Rules 1 and 3 above shall be reduced by 1/2 of 1% for each month the participant is under age 60 at the time of retirement. However, this reduction shall not apply in the following cases:

(1) For a disabled participant whose disability benefits have been discontinued because he or she has exhausted eligibility for disability benefits under clause (6) of Section 15-152;

(2) For a participant who has at least the number of years of service required to retire at any age under subsection (a) of Section 15-135; or

(3) For that portion of a retirement annuity which has been provided on account of service of the participant during periods when he or she performed the duties of a police officer or firefighter, if these duties were performed for at least 5 years immediately preceding the date the retirement annuity is to begin.
(b-5) The retirement annuity of a Tier 2 member who is retiring after attaining age 62 with at least 10 years of service credit shall be reduced by 1/2 of 1% for each full month that the member's age is under age 67.

(c) The maximum retirement annuity provided under Rules 1, 2, 4, and 5 shall be the lesser of (1) the annual limit of benefits as specified in Section 415 of the Internal Revenue Code of 1986, as such Section may be amended from time to time and as such benefit limits shall be adjusted by the Commissioner of Internal Revenue, and (2) 80% of final rate of earnings.

(d) This subsection (d) is subject to subsections (d-1) and (d-2). A Tier 1 member whose status as an employee terminates after August 14, 1969 shall receive automatic increases in his or her retirement annuity as follows:

Effective January 1 immediately following the date the retirement annuity begins, the annuitant shall receive an increase in his or her monthly retirement annuity of 0.125% of the monthly retirement annuity provided under Rule 1, Rule 2, Rule 3, or Rule 4 contained in this Section, multiplied by the number of full months which elapsed from the date the retirement annuity payments began to January 1, 1972, plus 0.1667% of such annuity, multiplied by the number of full months which elapsed from January 1, 1972, or the date the retirement annuity payments began, whichever is later, to January 1, 1978, plus 0.25% of such annuity multiplied by the number of full months which elapsed from January 1, 1978, or the date the retirement annuity payments began, whichever is later, to the effective date of the increase.

The annuitant shall receive an increase in his or her monthly retirement annuity on each January 1 thereafter during the annuitant's life of 3% of the monthly annuity provided under Rule 1, Rule 2, Rule 3, or Rule 4 contained in this Section. The change made under this subsection by P.A. 81-970 is effective January 1, 1980 and applies to each annuitant whose status as an employee terminates before or after that date.

Beginning January 1, 1990, all automatic annual increases payable under this Section shall be calculated as a percentage of the total annuity payable at the time of the increase, including all increases previously granted under this Article.

The change made in this subsection by P.A. 85-1008 is effective January 26, 1988, and is applicable without regard to whether status as an employee terminated before that date.

(d-1) Notwithstanding subsection (d), but subject to the provisions of subsection (d-2), all automatic increases payable under subsection (d) on or after the effective date of this amendatory Act of the 98th General Assembly shall be calculated as 3% of the lesser of (1) the total annuity payable at the time of the increase, including previous increases granted, or (2) $1,000 multiplied by the number of years of creditable service upon which the annuity is based; however, in the case of an initial increase subject to this subsection, the amount of that increase shall be prorated if less than one year has elapsed since retirement.

Beginning January 1, 2016, the $1,000 referred to in item (2) of this subsection (d-1) shall be increased on each January 1 by the annual unadjusted percentage increase (but not less than zero) in the consumer price index-u for the 12 months ending with the preceding September; these adjustments shall be cumulative and compounded. For the purposes of this subsection (d-1), "consumer price index-u" means the index published by the Bureau of Labor Statistics of the United States Department of Labor that measures the average change in prices of goods and services purchased by all urban consumers, United States city average, all items, 1982-84 = 100. The new dollar amount resulting from each annual adjustment shall be determined by the Public Pension Division of the Department of Insurance and made available to the System by November 1 of each year.

This subsection (d-1) is applicable without regard to whether the person is in service on or after the effective date of this amendatory Act of the 98th General Assembly.

(d-2) Notwithstanding subsections (d) and (d-1), for an active or inactive Tier 1 member who has not begun to receive a retirement annuity under this Article before July 1, 2014:

(1) the automatic annual increase payable under subsection (d) the second January following the date the retirement annuity begins shall be equal to 0% of the total annuity payable at the time of the increase, if he or she is at least age 50 on the effective date of this amendatory Act;

(2) the automatic annual increase payable under subsection (d) the second, fourth, and sixth January following the date the retirement annuity begins shall be equal to 0% of the total annuity payable at the time of the increase, if he or she is at least age 47 but less than age 50 on the effective date of this amendatory Act;

New matter indicated by italics - deletions by strikeout
(3) the automatic annual increase payable under subsection (d) the second, fourth, sixth, and eighth January following the date the retirement annuity begins shall be equal to 0% of the total annuity payable at the time of the increase, if he or she is at least age 44 but less than age 47 on the effective date of this amendatory Act;

(4) the automatic annual increase payable under subsection (d) the second, fourth, sixth, eighth, and tenth January following the date the retirement annuity begins shall be equal to 0% of the total annuity payable at the time of the increase, if he or she is less than age 44 on the effective date of this amendatory Act.

(d-5) A retirement annuity of a Tier 2 member shall receive annual increases on the January 1 occurring either on or after the attainment of age 67 or the first anniversary of the annuity start date, whichever is later. Each annual increase shall be calculated at 3% or one half the annual unadjusted percentage increase (but not less than zero) in the consumer price index-u for the 12 months ending with the September preceding each November 1, whichever is less, of the originally granted retirement annuity. If the annual unadjusted percentage change in the consumer price index-u for the 12 months ending with the September preceding each November 1 is zero or there is a decrease, then the annuity shall not be increased.

(e) If, on January 1, 1987, or the date the retirement annuity payment period begins, whichever is later, the sum of the retirement annuity provided under Rule 1 or Rule 2 of this Section and the automatic annual increases provided under the preceding subsection or Section 15-136.1, amounts to less than the retirement annuity which would be provided by Rule 3, the retirement annuity shall be increased as of January 1, 1987, or the date the retirement annuity payment period begins, whichever is later, to the amount which would be provided by Rule 3 of this Section. Such increased amount shall be considered as the retirement annuity in determining benefits provided under other Sections of this Article. This paragraph applies without regard to whether status as an employee terminated before the effective date of this amendatory Act of 1987, provided that the annuitant was employed at least one-half time during the period on which the final rate of earnings was based.

(f) A participant is entitled to such additional annuity as may be provided on an actuarially equivalent basis, by any accumulated additional contributions to his or her credit. However, the additional contributions

New matter indicated by italics - deletions by strikeout
made by the participant toward the automatic increases in annuity provided under this Section shall not be taken into account in determining the amount of such additional annuity.

(g) If, (1) by law, a function of a governmental unit, as defined by Section 20-107 of this Code, is transferred in whole or in part to an employer, and (2) a participant transfers employment from such governmental unit to such employer within 6 months after the transfer of the function, and (3) the sum of (A) the annuity payable to the participant under Rule 1, 2, or 3 of this Section (B) all proportional annuities payable to the participant by all other retirement systems covered by Article 20, and (C) the initial primary insurance amount to which the participant is entitled under the Social Security Act, is less than the retirement annuity which would have been payable if all of the participant's pension credits validated under Section 20-109 had been validated under this system, a supplemental annuity equal to the difference in such amounts shall be payable to the participant.

(h) On January 1, 1981, an annuitant who was receiving a retirement annuity on or before January 1, 1971 shall have his or her retirement annuity then being paid increased $1 per month for each year of creditable service. On January 1, 1982, an annuitant whose retirement annuity began on or before January 1, 1977, shall have his or her retirement annuity then being paid increased $1 per month for each year of creditable service.

(i) On January 1, 1987, any annuitant whose retirement annuity began on or before January 1, 1977, shall have the monthly retirement annuity increased by an amount equal to 8¢ per year of creditable service times the number of years that have elapsed since the annuity began.

(j) For participants to whom subsection (a-3) of Section 15-135 applies, the references to age 50, 55, and 62 in this Section are increased as provided in subsection (a-3) of Section 15-135.

(40 ILCS 5/15-155) (from Ch. 108 1/2, par. 15-155)
Sec. 15-155. Employer contributions.
(a) The State of Illinois shall make contributions by appropriations of amounts which, together with the other employer contributions from trust, federal, and other funds, employee contributions, income from investments, and other income of this System, will be sufficient to meet the cost of maintaining and administering the System on a 100% 90%
funded basis in accordance with actuarial recommendations by the end of State fiscal year 2044.

The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the recommendations of the actuary, using the formula in subsection (a-1).

(a-1) For State fiscal years 2015 through 2044, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be equal to the sum of (1) the State's portion of the projected normal cost for that fiscal year, plus (2) an amount sufficient to bring the total assets of the System up to 100% of the total actuarial liabilities of the System by the end of the State fiscal year 2044. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2044 and shall be determined under the projected unit cost method for fiscal year 2015 and under the entry age normal actuarial cost method for fiscal years 2016 through 2044.

For State fiscal years 2012 through 2014, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2006 is $166,641,900.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2007 is $252,064,100.

For each of State fiscal years 2008 through 2009, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year
2011, the State is contributing at the rate otherwise required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2010 is $702,514,000 and shall be made from the State Pensions Fund and proceeds of bonds sold in fiscal year 2010 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2010, (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2011 is the amount recertified by the System on or before April 1, 2011 pursuant to Section 15-165 and shall be made from the State Pensions Fund and proceeds of bonds sold in fiscal year 2011 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2011, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Beginning in State fiscal year 2045, the minimum contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 100% of the total liabilities of the System.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act or Section 8.12 of the State Finance Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 100% or 90%. A reference in this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and

each fiscal year thereafter through State fiscal year 2014, as calculated under this Section and certified under Section 15-165, shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued in fiscal year 2003 for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued in fiscal year 2003 for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(b) If an employee is paid from trust or federal funds, the employer shall pay to the Board contributions from those funds which are sufficient to cover the accruing normal costs on behalf of the employee. However, universities having employees who are compensated out of local auxiliary funds, income funds, or service enterprise funds are not required to pay such contributions on behalf of those employees. The local auxiliary funds, income funds, and service enterprise funds of universities shall not be considered trust funds for the purpose of this Article, but funds of alumni associations, foundations, and athletic associations which are affiliated with the universities included as employers under this Article and other employers which do not receive State appropriations are considered to be trust funds for the purpose of this Article.

(b-1) The City of Urbana and the City of Champaign shall each make employer contributions to this System for their respective firefighter employees who participate in this System pursuant to subsection (h) of Section 15-107. The rate of contributions to be made by those municipalities shall be determined annually by the Board on the basis of the actuarial assumptions adopted by the Board and the recommendations of the actuary, and shall be expressed as a percentage of salary for each such employee. The Board shall certify the rate to the affected

municipalities as soon as may be practical. The employer contributions required under this subsection shall be remitted by the municipality to the System at the same time and in the same manner as employee contributions.

(c) Through State fiscal year 1995: The total employer contribution shall be apportioned among the various funds of the State and other employers, whether trust, federal, or other funds, in accordance with actuarial procedures approved by the Board. State of Illinois contributions for employers receiving State appropriations for personal services shall be payable from appropriations made to the employers or to the System. The contributions for Class I community colleges covering earnings other than those paid from trust and federal funds, shall be payable solely from appropriations to the Illinois Community College Board or the System for employer contributions.

(d) Beginning in State fiscal year 1996, the required State contributions to the System shall be appropriated directly to the System and shall be payable through vouchers issued in accordance with subsection (c) of Section 15-165, except as provided in subsection (g).

(e) The State Comptroller shall draw warrants payable to the System upon proper certification by the System or by the employer in accordance with the appropriation laws and this Code.

(f) Normal costs under this Section means liability for pensions and other benefits which accrues to the System because of the credits earned for service rendered by the participants during the fiscal year and expenses of administering the System, but shall not include the principal of or any redemption premium or interest on any bonds issued by the Board or any expenses incurred or deposits required in connection therewith.

(g) If the amount of a participant's earnings for any academic year used to determine the final rate of earnings, determined on a full-time equivalent basis, exceeds the amount of his or her earnings with the same employer for the previous academic year, determined on a full-time equivalent basis, by more than 6%, the participant's employer shall pay to the System, in addition to all other payments required under this Section and in accordance with guidelines established by the System, the present value of the increase in benefits resulting from the portion of the increase in earnings that is in excess of 6%. This present value shall be computed by the System on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the System that is available at the
time of the computation. The System may require the employer to provide any pertinent information or documentation.

Whenever it determines that a payment is or may be required under this subsection (g), the System shall calculate the amount of the payment and bill the employer for that amount. The bill shall specify the calculations used to determine the amount due. If the employer disputes the amount of the bill, it may, within 30 days after receipt of the bill, apply to the System in writing for a recalculation. The application must specify in detail the grounds of the dispute and, if the employer asserts that the calculation is subject to subsection (h) or (i) of this Section, must include an affidavit setting forth and attesting to all facts within the employer's knowledge that are pertinent to the applicability of subsection (h) or (i). Upon receiving a timely application for recalculation, the System shall review the application and, if appropriate, recalculate the amount due.

The employer contributions required under this subsection (g) may be paid in the form of a lump sum within 90 days after receipt of the bill. If the employer contributions are not paid within 90 days after receipt of the bill, then interest will be charged at a rate equal to the System's annual actuarially assumed rate of return on investment compounded annually from the 91st day after receipt of the bill. Payments must be concluded within 3 years after the employer's receipt of the bill.

(h) This subsection (h) applies only to payments made or salary increases given on or after June 1, 2005 but before July 1, 2011. The changes made by Public Act 94-1057 shall not require the System to refund any payments received before July 31, 2006 (the effective date of Public Act 94-1057).

When assessing payment for any amount due under subsection (g), the System shall exclude earnings increases paid to participants under contracts or collective bargaining agreements entered into, amended, or renewed before June 1, 2005.

When assessing payment for any amount due under subsection (g), the System shall exclude earnings increases paid to a participant at a time when the participant is 10 or more years from retirement eligibility under Section 15-135.

When assessing payment for any amount due under subsection (g), the System shall exclude earnings increases resulting from overload work, including a contract for summer teaching, or overtime when the employer has certified to the System, and the System has approved the certification, that: (i) in the case of overloads (A) the overload work is for the sole
purpose of academic instruction in excess of the standard number of instruction hours for a full-time employee occurring during the academic year that the overload is paid and (B) the earnings increases are equal to or less than the rate of pay for academic instruction computed using the participant's current salary rate and work schedule; and (ii) in the case of overtime, the overtime was necessary for the educational mission.

When assessing payment for any amount due under subsection (g), the System shall exclude any earnings increase resulting from (i) a promotion for which the employee moves from one classification to a higher classification under the State Universities Civil Service System, (ii) a promotion in academic rank for a tenured or tenure-track faculty position, or (iii) a promotion that the Illinois Community College Board has recommended in accordance with subsection (k) of this Section. These earnings increases shall be excluded only if the promotion is to a position that has existed and been filled by a member for no less than one complete academic year and the earnings increase as a result of the promotion is an increase that results in an amount no greater than the average salary paid for other similar positions.

(i) When assessing payment for any amount due under subsection (g), the System shall exclude any salary increase described in subsection (h) of this Section given on or after July 1, 2011 but before July 1, 2014 under a contract or collective bargaining agreement entered into, amended, or renewed on or after June 1, 2005 but before July 1, 2011. Notwithstanding any other provision of this Section, any payments made or salary increases given after June 30, 2014 shall be used in assessing payment for any amount due under subsection (g) of this Section.

(j) The System shall prepare a report and file copies of the report with the Governor and the General Assembly by January 1, 2007 that contains all of the following information:

(1) The number of recalculations required by the changes made to this Section by Public Act 94-1057 for each employer.

(2) The dollar amount by which each employer's contribution to the System was changed due to recalculations required by Public Act 94-1057.

(3) The total amount the System received from each employer as a result of the changes made to this Section by Public Act 94-4.

(4) The increase in the required State contribution resulting from the changes made to this Section by Public Act 94-1057.

(k) The Illinois Community College Board shall adopt rules for recommending lists of promotional positions submitted to the Board by community colleges and for reviewing the promotional lists on an annual basis. When recommending promotional lists, the Board shall consider the similarity of the positions submitted to those positions recognized for State universities by the State Universities Civil Service System. The Illinois Community College Board shall file a copy of its findings with the System. The System shall consider the findings of the Illinois Community College Board when making determinations under this Section. The System shall not exclude any earnings increases resulting from a promotion when the promotion was not submitted by a community college. Nothing in this subsection (k) shall require any community college to submit any information to the Community College Board.

(l) For purposes of determining the required State contribution to the System, the value of the System's assets shall be equal to the actuarial value of the System's assets, which shall be calculated as follows:

As of June 30, 2008, the actuarial value of the System's assets shall be equal to the market value of the assets as of that date. In determining the actuarial value of the System's assets for fiscal years after June 30, 2008, any actuarial gains or losses from investment return incurred in a fiscal year shall be recognized in equal annual amounts over the 5-year period following that fiscal year.

(m) For purposes of determining the required State contribution to the system for a particular year, the actuarial value of assets shall be assumed to earn a rate of return equal to the system's actuarially assumed rate of return.

Sec. 15-156. Obligations of State; funding guarantees.

(a) The payment of (1) the required State contributions, (2) all benefits granted under this system and (3) all expenses in connection with the administration and operation thereof are obligations of the State of Illinois to the extent specified in this Article. The accumulated employee normal, additional and survivors insurance contributions credited to the accounts of active and inactive participants shall not be used to pay the State's share of the obligations.

(b) Beginning July 1, 2014, the State shall be obligated to contribute to the System in each State fiscal year an amount not less than

the sum of (i) the State's normal cost for the year and (ii) the portion of the unfunded accrued liability assigned to that year by law. Notwithstanding any other provision of law, if the State fails to pay an amount required under this subsection, it shall be the obligation of the Board to seek payment of the required amount in compliance with the provisions of this Section and, if the amount remains unpaid, to bring a mandamus action in the Supreme Court of Illinois to compel the State to make the required payment.

If the System submits a voucher for contributions required under Section 15-155 and the State fails to pay that voucher within 90 days of its receipt, the Board shall submit a written request to the Comptroller seeking payment. A copy of the request shall be filed with the Secretary of State, and the Secretary of State shall provide a copy to the Governor and General Assembly. No earlier than the 16th day after the System files the request with the Comptroller and Secretary of State, if the amount remains unpaid the Board shall commence a mandamus action in the Supreme Court of Illinois to compel the Comptroller to satisfy the voucher.

This subsection (b) constitutes an express waiver of the State's sovereign immunity solely to the extent that it permits the Board to commence a mandamus action in the Supreme Court of Illinois to compel the Comptroller to pay a voucher for the contributions required under Section 15-155.

(c) Beginning in State fiscal year 2016, the State shall be obligated to make the transfers set forth in subsections (c-5) and (c-10) of Section 20 of the Budget Stabilization Act and to pay to the System its proportionate share of the transferred amounts in accordance with Section 25 of the Budget Stabilization Act. Notwithstanding any other provision of law, if the State fails to transfer an amount required under this subsection or to pay to the System its proportionate share of the transferred amount in accordance with Section 25 of the Budget Stabilization Act, it shall be the obligation of the Board to seek transfer or payment of the required amount in compliance with the provisions of this Section and, if the required amount remains untransferred or the required payment remains unpaid, to bring a mandamus action in the Supreme Court of Illinois to compel the State to make the required transfer or payment or both, as the case may be.

If the State fails to make a transfer required under subsection (c-5) or (c-10) of Section 20 of the Budget Stabilization Act or a payment to the System required under Section 25 of that Act, the Board shall submit a

written request to the Comptroller seeking payment. A copy of the request shall be filed with the Secretary of State, and the Secretary of State shall provide a copy to the Governor and General Assembly. No earlier than the 16th day after the System files the request with the Comptroller and Secretary of State, if the required amount remains untransferred or the required payment remains unpaid, the Board shall commence a mandamus action in the Supreme Court of Illinois to compel the Comptroller to make the required transfer or payment or both, as the case may be.

This subsection (c) constitutes an express waiver of the State's sovereign immunity solely to the extent that it permits the Board to commence a mandamus action in the Supreme Court of Illinois to compel the Comptroller to make a transfer required under subsection (c-5) or (c-10) of Section 20 of the Budget Stabilization Act and to pay to the System its proportionate share of the transferred amount in accordance with Section 25 of the Budget Stabilization Act.

The obligations created by this subsection (c) expire when all of the requirements of subsections (c-5) and (c-10) of Section 20 of the Budget Stabilization Act and Section 25 of the Budget Stabilization Act have been met.

(d) Any payments and transfers required to be made by the State pursuant to subsection (b) or (c) are expressly subordinate to the payment of the principal, interest, and premium, if any, on any bonded debt obligation of the State or any other State-created entity, either currently outstanding or to be issued, for which the source of repayment or security thereon is derived directly or indirectly from tax revenues collected by the State or any other State-created entity. Payments on such bonded obligations include any statutory fund transfers or other prefunding mechanisms or formulas set forth, now or hereafter, in State law or bond indentures, into debt service funds or accounts of the State related to such bond obligations, consistent with the payment schedules associated with such obligations.

Sec. 15-157. Employee Contributions.

(a) Except as provided in subsection (a-5), each participating employee shall make contributions towards the retirement benefits payable under the retirement program applicable to the employee from each payment of earnings applicable to employment under this system on and
after the date of becoming a participant as follows: Prior to September 1, 1949, 3 1/2% of earnings; from September 1, 1949 to August 31, 1955, 5%; from September 1, 1955 to August 31, 1969, 6%; from September 1, 1969, 6 1/2%. These contributions are to be considered as normal contributions for purposes of this Article.

Except as provided in subsection (a-5), each participant who is a police officer or firefighter shall make normal contributions of 8% of each payment of earnings applicable to employment as a police officer or firefighter under this system on or after September 1, 1981, unless he or she files with the board within 60 days after the effective date of this amendatory Act of 1991 or 60 days after the board receives notice that he or she is employed as a police officer or firefighter, whichever is later, a written notice waiving the retirement formula provided by Rule 4 of Section 15-136. This waiver shall be irrevocable. If a participant had met the conditions set forth in Section 15-132.1 prior to the effective date of this amendatory Act of 1991 but failed to make the additional normal contributions required by this paragraph, he or she may elect to pay the additional contributions plus compound interest at the effective rate. If such payment is received by the board, the service shall be considered as police officer service in calculating the retirement annuity under Rule 4 of Section 15-136. While performing service described in clause (i) or (ii) of Rule 4 of Section 15-136, a participating employee shall be deemed to be employed as a firefighter for the purpose of determining the rate of employee contributions under this Section.

(a-5) Beginning July 1, 2014, in lieu of the contribution otherwise required under subsection (a), each Tier 1 member, other than a Tier 1 member who is a police officer or firefighter, shall contribute 6% of earnings toward the retirement benefits payable under the retirement programs applicable to the employee from each payment of earnings applicable to employment under this system.

Beginning July 1, 2014, in lieu of the contribution otherwise required under subsection (a), each Tier 1 member who is a police officer or firefighter shall contribute 7.5% of each payment of earnings applicable to employment as a police officer or firefighter under this system, unless he or she has filed a waiver with the board pursuant to subsection (a).

The contributions required under this subsection (a-5) are to be considered normal contributions for the purposes of this Article.
(b) Starting September 1, 1969 and, in the case of Tier 1 members, ending on June 30, 2014, each participating employee shall make additional contributions of 1/2 of 1% of earnings to finance a portion of the cost of the annual increases in retirement annuity provided under Section 15-136, except that with respect to participants in the self-managed plan this additional contribution shall be used to finance the benefits obtained under that retirement program.

(c) In addition to the amounts described in subsections (a) and (b) of this Section, each participating employee shall make contributions of 1% of earnings applicable under this system on and after August 1, 1959. The contributions made under this subsection (c) shall be considered as survivor's insurance contributions for purposes of this Article if the employee is covered under the traditional benefit package, and such contributions shall be considered as additional contributions for purposes of this Article if the employee is participating in the self-managed plan or has elected to participate in the portable benefit package and has completed the applicable one-year waiting period. Contributions in excess of $80 during any fiscal year beginning before August 31, 1969 and in excess of $120 during any fiscal year thereafter until September 1, 1971 shall be considered as additional contributions for purposes of this Article.

(d) If the board by board rule so permits and subject to such conditions and limitations as may be specified in its rules, a participant may make other additional contributions of such percentage of earnings or amounts as the participant shall elect in a written notice thereof received by the board.

(e) That fraction of a participant's total accumulated normal contributions, the numerator of which is equal to the number of years of service in excess of that which is required to qualify for the maximum retirement annuity, and the denominator of which is equal to the total service of the participant, shall be considered as accumulated additional contributions. The determination of the applicable maximum annuity and the adjustment in contributions required by this provision shall be made as of the date of the participant's retirement.

(f) Notwithstanding the foregoing, a participating employee shall not be required to make contributions under this Section after the date upon which continuance of such contributions would otherwise cause his or her retirement annuity to exceed the maximum retirement annuity as specified in clause (1) of subsection (c) of Section 15-136.
(g) A participating employee may make contributions for the purchase of service credit under this Article.

(h) A Tier 2 member shall not make contributions on earnings that exceed the limitation as prescribed under subsection (b) of Section 15-111 of this Article.

Sec. 15-165. To certify amounts and submit vouchers.

(a) The Board shall certify to the Governor on or before November 15 of each year until November 15, 2011 the appropriation required from State funds for the purposes of this System for the following fiscal year. The certification under this subsection (a) shall include a copy of the actuarial recommendations upon which it is based and shall specifically identify the System's projected State normal cost for that fiscal year and the projected State cost for the self-managed plan for that fiscal year.

On or before May 1, 2004, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2005, taking into account the amounts appropriated to and received by the System under subsection (d) of Section 7.2 of the General Obligation Bond Act.

On or before July 1, 2005, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2006, taking into account the changes in required State contributions made by this amendatory Act of the 94th General Assembly.

On or before April 1, 2011, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2011, applying the changes made by Public Act 96-889 to the System's assets and liabilities as of June 30, 2009 as though Public Act 96-889 was approved on that date.

(a-5) On or before November 1 of each year, beginning November 1, 2012, the Board shall submit to the State Actuary, the Governor, and the General Assembly a proposed certification of the amount of the required State contribution to the System for the next fiscal year, along with all of

the actuarial assumptions, calculations, and data upon which that proposed certification is based. On or before January 1 of each year, beginning January 1, 2013, the State Actuary shall issue a preliminary report concerning the proposed certification and identifying, if necessary, recommended changes in actuarial assumptions that the Board must consider before finalizing its certification of the required State contributions. On or before January 15, 2013 and each January 15 thereafter, the Board shall certify to the Governor and the General Assembly the amount of the required State contribution for the next fiscal year. The Board's certification must note, in a written response to the State Actuary, any deviations from the State Actuary's recommended changes, the reason or reasons for not following the State Actuary's recommended changes, and the fiscal impact of not following the State Actuary's recommended changes on the required State contribution.

(a-10) For purposes of Section (c-5) of Section 20 of the Budget Stabilization Act, on or before November 1 of each year beginning November 1, 2014, the Board shall determine the amount of the State contribution to the System that would have been required for the next fiscal year if this amendatory Act of the 98th General Assembly had not taken effect, using the best and most recent available data but based on the law in effect on May 31, 2014. The Board shall submit to the State Actuary, the Governor, and the General Assembly a proposed certification, along with the relevant law, actuarial assumptions, calculations, and data upon which that certification is based. On or before January 1, 2015 and every January 1 thereafter, the State Actuary shall issue a preliminary report concerning the proposed certification and identifying, if necessary, recommended changes in actuarial assumptions that the Board must consider before finalizing its certification. On or before January 15, 2015 and every January 1 thereafter, the Board shall certify to the Governor and the General Assembly the amount of the State contribution to the System that would have been required for the next fiscal year if this amendatory Act of the 98th General Assembly had not taken effect, using the best and most recent available data but based on the law in effect on May 31, 2014. The Board's certification must note any deviations from the State Actuary's recommended changes, the reason or reasons for not following the State Actuary's recommended changes, and the impact of not following the State Actuary's recommended changes.

(b) The Board shall certify to the State Comptroller or employer, as the case may be, from time to time, by its chairperson and secretary, with

its seal attached, the amounts payable to the System from the various funds.

(c) Beginning in State fiscal year 1996, on or as soon as possible after the 15th day of each month the Board shall submit vouchers for payment of State contributions to the System, in a total monthly amount of one-twelfth of the required annual State contribution certified under subsection (a). From the effective date of this amendatory Act of the 93rd General Assembly through June 30, 2004, the Board shall not submit vouchers for the remainder of fiscal year 2004 in excess of the fiscal year 2004 certified contribution amount determined under this Section after taking into consideration the transfer to the System under subsection (b) of Section 6z-61 of the State Finance Act. These vouchers shall be paid by the State Comptroller and Treasurer by warrants drawn on the funds appropriated to the System for that fiscal year.

If in any month the amount remaining unexpended from all other appropriations to the System for the applicable fiscal year (including the appropriations to the System under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act) is less than the amount lawfully vouchedered under this Section, the difference shall be paid from the General Revenue Fund under the continuing appropriation authority provided in Section 1.1 of the State Pension Funds Continuing Appropriation Act.

(d) So long as the payments received are the full amount lawfully vouchered under this Section, payments received by the System under this Section shall be applied first toward the employer contribution to the self-managed plan established under Section 15-158.2. Payments shall be applied second toward the employer's portion of the normal costs of the System, as defined in subsection (f) of Section 15-155. The balance shall be applied toward the unfunded actuarial liabilities of the System.

(e) In the event that the System does not receive, as a result of legislative enactment or otherwise, payments sufficient to fully fund the employer contribution to the self-managed plan established under Section 15-158.2 and to fully fund that portion of the employer's portion of the normal costs of the System, as calculated in accordance with Section 15-155(a-1), then any payments received shall be applied proportionately to the optional retirement program established under Section 15-158.2 and to the employer's portion of the normal costs of the System, as calculated in accordance with Section 15-155(a-1).

Sec. 15-198. Application and expiration of new benefit increases.

(a) As used in this Section, "new benefit increase" means an increase in the amount of any benefit provided under this Article, or an expansion of the conditions of eligibility for any benefit under this Article, that results from an amendment to this Code that takes effect after the effective date of this amendatory Act of the 94th General Assembly. "New benefit increase", however, does not include any benefit increase resulting from the changes made by this amendatory Act of the 98th General Assembly.

(b) Notwithstanding any other provision of this Code or any subsequent amendment to this Code, every new benefit increase is subject to this Section and shall be deemed to be granted only in conformance with and contingent upon compliance with the provisions of this Section.

(c) The Public Act enacting a new benefit increase must identify and provide for payment to the System of additional funding at least sufficient to fund the resulting annual increase in cost to the System as it accrues.

Every new benefit increase is contingent upon the General Assembly providing the additional funding required under this subsection. The Commission on Government Forecasting and Accountability shall analyze whether adequate additional funding has been provided for the new benefit increase and shall report its analysis to the Public Pension Division of the Department of Insurance. A new benefit increase created by a Public Act that does not include the additional funding required under this subsection is null and void. If the Public Pension Division determines that the additional funding provided for a new benefit increase under this subsection is or has become inadequate, it may so certify to the Governor and the State Comptroller and, in the absence of corrective action by the General Assembly, the new benefit increase shall expire at the end of the fiscal year in which the certification is made.

(d) Every new benefit increase shall expire 5 years after its effective date or on such earlier date as may be specified in the language enacting the new benefit increase or provided under subsection (c). This does not prevent the General Assembly from extending or re-creating a new benefit increase by law.

(e) Except as otherwise provided in the language creating the new benefit increase, a new benefit increase that expires under this Section

continues to apply to persons who applied and qualified for the affected benefit while the new benefit increase was in effect and to the affected beneficiaries and alternate payees of such persons, but does not apply to any other person, including without limitation a person who continues in service after the expiration date and did not apply and qualify for the affected benefit while the new benefit increase was in effect.

Sec. 15-200. Defined contribution plan.

(a) By July 1, 2015, the System shall prepare and implement a voluntary defined contribution plan for up to 5% of eligible active Tier 1 members. The System shall determine the 5% cap by the number of active Tier 1 members on the effective date of this Section. The defined contribution plan developed under this Section shall be a plan that aggregates employer and employee contributions in individual participant accounts which, after meeting any other requirements, are used for payouts after retirement in accordance with this Section and any other applicable laws.

As used in this Section, "defined benefit plan" means the retirement plan available under this Article to Tier 1 members who have not made the election authorized under this Section.

(1) Under the defined contribution plan, an active Tier 1 member of this System could elect to cease accruing benefits in the defined benefit plan under this Article and begin accruing benefits for future service in the defined contribution plan. Service credit under the defined contribution plan may be used for determining retirement eligibility under the defined benefit plan. An active Tier 1 member who elects to cease accruing benefits in his or her defined benefit plan shall be prohibited from purchasing service credit on or after the date of his or her election. A Tier 1 member making the irrevocable election provided under this Section shall not receive interest accruals to his or her Rule 2 benefit on or after the date of his or her election.

(2) Participants in the defined contribution plan shall pay employee contributions at the same rate as other participants under this Article as determined by the System.

(3) State contributions shall be paid into the accounts of all participants in the defined contribution plan at a uniform rate, expressed as a percentage of earnings and determined for each
year. This rate shall be no higher than the employer's normal cost for Tier 1 members in the defined benefit plan for that year, as determined by the System and expressed as a percentage of earnings, and shall be no lower than 3% of earnings. The State shall adjust this rate annually.

(4) The defined contribution plan shall require 5 years of participation in the defined contribution plan before vesting in State contributions. If the participant fails to vest in them, the State contributions, and the earnings thereon, shall be forfeited.

(5) The defined contribution plan may provide for participants in the plan to be eligible for the defined disability benefits available to other participants under this Article. If it does, the System shall reduce the employee contributions credited to the member's defined contribution plan account by an amount determined by the System to cover the cost of offering such benefits.

(6) The defined contribution plan shall provide a variety of options for investments. These options shall include investments handled by the System as well as private sector investment options.

(7) The defined contribution plan shall provide a variety of options for payouts to retirees and their survivors.

(8) To the extent authorized under federal law and as authorized by the System, the plan shall allow former participants in the plan to transfer or roll over employee and vested State contributions, and the earnings thereon, into other qualified retirement plans.

(9) The System shall reduce the employee contributions credited to the member's defined contribution plan account by an amount determined by the System to cover the cost of offering these benefits and any applicable administrative fees.

(b) Only persons who are active Tier 1 members of the System on the effective date of this Section are eligible to participate in the defined contribution plan. Participation in the defined contribution plan shall be limited to the first 5% of eligible persons who elect to participate. The election to participate in the defined contribution plan is voluntary and irrevocable.

(c) An eligible Tier 1 employee may irrevocably elect to participate in the defined contribution plan by filing with the System a written application to participate that is received by the System prior to its
determination that 5% of eligible persons have elected to participate in the defined contribution plan.

When the System first determines that 5% of eligible persons have elected to participate in the defined contribution plan, the System shall provide notice to previously eligible employees that the plan is no longer available and shall cease accepting applications to participate.

(d) The System shall make a good faith effort to contact each active Tier 1 member who is eligible to participate in the defined contribution plan. The System shall mail information describing the option to join the defined contribution plan to each of these employees to his or her last known address on file with the System. If the employee is not responsive to other means of contact, it is sufficient for the System to publish the details of the option on its website.

Upon request for further information describing the option, the System shall provide employees with information from the System before exercising the option to join the plan, including information on the impact to their vested benefits or non-vested service. The individual consultation shall include projections of the member's defined benefits at retirement or earlier termination of service and the value of the member's account at retirement or earlier termination of service. The System shall not provide advice or counseling with respect to whether the employee should exercise the option. The System shall inform Tier 1 employees who are eligible to participate in the defined contribution plan that they may also wish to obtain information and counsel relating to their option from any other available source, including but not limited to labor organizations, private counsel, and financial advisors.

(e) In no event shall the System, its staff, its authorized representatives, or the Board be liable for any information given to an employee under this Section. The System may coordinate with the Illinois Department of Central Management Services and other retirement systems administering a defined contribution plan in accordance with this amendatory Act of the 98th General Assembly to provide information concerning the impact of the option set forth in this Section.

(f) Notwithstanding any other provision of this Section, no person shall begin participating in the defined contribution plan until it has attained qualified plan status and received all necessary approvals from the U.S. Internal Revenue Service.

(g) The System shall report on its progress under this Section, including the available details of the defined contribution plan and the
System's plans for informing eligible Tier 1 members about the plan, to the Governor and the General Assembly on or before January 15, 2015.

(h) If an active Tier 1 member has not made an election under Section 15-134.5 of this Code, then the plan prescribed under this Section shall not apply to that Tier 1 member and that Tier 1 member shall remain eligible to make the election prescribed under Section 15-134.5.

(i) The intent of this amendatory Act of the 98th General Assembly is to ensure that the State's normal cost of participation in the defined contribution plan is similar, and if possible equal, to the State's normal cost of participation in the defined benefit plan, unless a lower State's normal cost is necessary to ensure cost neutrality.

(40 ILCS 5/15-201 new)

Sec. 15-201. Defined contribution plan; termination. If the defined contribution plan is terminated or becomes inoperative pursuant to law, then each participant in the plan shall automatically be deemed to have been a contributing Tier 1 member participating in the System's defined benefit plan during the time in which he or she participated in the defined contribution plan, and for that purpose the System shall be entitled to recover the amounts in the participant's defined contribution accounts.

Sec. 16-127. Computation of creditable service.

(a) Each member shall receive regular credit for all service as a teacher from the date membership begins, for which satisfactory evidence is supplied and all contributions have been paid.

(b) The following periods of service shall earn optional credit and each member shall receive credit for all such service for which satisfactory evidence is supplied and all contributions have been paid as of the date specified:

(1) Prior service as a teacher.
(2) Service in a capacity essentially similar or equivalent to that of a teacher, in the public common schools in school districts in this State not included within the provisions of this System, or of any other State, territory, dependency or possession of the United States, or in schools operated by or under the auspices of the United States, or under the auspices of any agency or department of any other State, and service during any period of professional speech correction or special education experience for a public agency within this State or any other State, territory, dependency or possession of the United States, and service prior to February 1, 1951 as a recreation worker for the Illinois Department of Public Safety, for a period not exceeding the lesser of 2/5 of the total creditable service of the member or 10 years. The maximum service of 10 years which is allowable under this paragraph shall be reduced by the service credit which is validated by other retirement systems under paragraph (i) of Section 15-113 and paragraph 1 of Section 17-133. Credit granted under this paragraph may not be used in determination of a retirement annuity or disability benefits unless the member has at least 5 years of creditable service earned subsequent to this employment with one or more of the following systems: Teachers' Retirement System of the State of Illinois, State Universities Retirement System, and the Public School Teachers' Pension and Retirement Fund of Chicago. Whenever such service credit exceeds the maximum allowed for all purposes of this Article, the first service rendered in point of time shall be...
considered. The changes to this subdivision (b)(2) made by Public Act 86-272 shall apply not only to persons who on or after its effective date (August 23, 1989) are in service as a teacher under the System, but also to persons whose status as such a teacher terminated prior to such effective date, whether or not such person is an annuitant on that date.

(3) Any periods immediately following teaching service, under this System or under Article 17, (or immediately following service prior to February 1, 1951 as a recreation worker for the Illinois Department of Public Safety) spent in active service with the military forces of the United States; periods spent in educational programs that prepare for return to teaching sponsored by the federal government following such active military service; if a teacher returns to teaching service within one calendar year after discharge or after the completion of the educational program, a further period, not exceeding one calendar year, between time spent in military service or in such educational programs and the return to employment as a teacher under this System; and a period of up to 2 years of active military service not immediately following employment as a teacher.

The changes to this Section and Section 16-128 relating to military service made by P.A. 87-794 shall apply not only to persons who on or after its effective date are in service as a teacher under the System, but also to persons whose status as a teacher terminated prior to that date, whether or not the person is an annuitant on that date. In the case of an annuitant who applies for credit allowable under this Section for a period of military service that did not immediately follow employment, and who has made the required contributions for such credit, the annuity shall be recalculated to include the additional service credit, with the increase taking effect on the date the System received written notification of the annuitant's intent to purchase the credit, if payment of all the required contributions is made within 60 days of such notice, or else on the first annuity payment date following the date of payment of the required contributions. In calculating the automatic annual increase for an annuity that has been recalculated under this Section, the increase attributable to the additional service allowable under P.A. 87-794 shall be included in the

calculation of automatic annual increases accruing after the effective date of the recalculation.

Credit for military service shall be determined as follows: if entry occurs during the months of July, August, or September and the member was a teacher at the end of the immediately preceding school term, credit shall be granted from July 1 of the year in which he or she entered service; if entry occurs during the school term and the teacher was in teaching service at the beginning of the school term, credit shall be granted from July 1 of such year. In all other cases where credit for military service is allowed, credit shall be granted from the date of entry into the service.

The total period of military service for which credit is granted shall not exceed 5 years for any member unless the service: (A) is validated before July 1, 1964, and (B) does not extend beyond July 1, 1963. Credit for military service shall be granted under this Section only if not more than 5 years of the military service for which credit is granted under this Section is used by the member to qualify for a military retirement allotment from any branch of the armed forces of the United States. The changes to this subdivision (b)(3) made by Public Act 86-272 shall apply not only to persons who on or after its effective date (August 23, 1989) are in service as a teacher under the System, but also to persons whose status as such a teacher terminated prior to such effective date, whether or not such person is an annuitant on that date.

(4) Any periods served as a member of the General Assembly.

(5)(i) Any periods for which a teacher, as defined in Section 16-106, is granted a leave of absence, provided he or she returns to teaching service creditable under this System or the State Universities Retirement System following the leave; (ii) periods during which a teacher is involuntarily laid off from teaching, provided he or she returns to teaching following the lay-off; (iii) periods prior to July 1, 1983 during which a teacher ceased covered employment due to pregnancy, provided that the teacher returned to teaching service creditable under this System or the State Universities Retirement System following the pregnancy and submits evidence satisfactory to the Board documenting that the employment ceased due to pregnancy; and (iv) periods prior to July 1, 1983 during which a teacher ceased covered employment for the

purpose of adopting an infant under 3 years of age or caring for a newly adopted infant under 3 years of age, provided that the teacher returned to teaching service creditable under this System or the State Universities Retirement System following the adoption and submits evidence satisfactory to the Board documenting that the employment ceased for the purpose of adopting an infant under 3 years of age or caring for a newly adopted infant under 3 years of age. However, total credit under this paragraph (5) may not exceed 3 years.

Any qualified member or annuitant may apply for credit under item (iii) or (iv) of this paragraph (5) without regard to whether service was terminated before the effective date of this amendatory Act of 1997. In the case of an annuitant who establishes credit under item (iii) or (iv), the annuity shall be recalculated to include the additional service credit. The increase in annuity shall take effect on the date the System receives written notification of the annuitant's intent to purchase the credit, if the required evidence is submitted and the required contribution paid within 60 days of that notification, otherwise on the first annuity payment date following the System's receipt of the required evidence and contribution. The increase in an annuity recalculated under this provision shall be included in the calculation of automatic annual increases in the annuity accruing after the effective date of the calculation.

Optional credit may be purchased under this subsection (b)(5) for periods during which a teacher has been granted a leave of absence pursuant to Section 24-13 of the School Code. A teacher whose service under this Article terminated prior to the effective date of P.A. 86-1488 shall be eligible to purchase such optional credit. If a teacher who purchases this optional credit is already receiving a retirement annuity under this Article, the annuity shall be recalculated as if the annuitant had applied for the leave of absence credit at the time of retirement. The difference between the entitled annuity and the actual annuity shall be credited to the purchase of the optional credit. The remainder of the purchase cost of the optional credit shall be paid on or before April 1, 1992.
The change in this paragraph made by Public Act 86-273 shall be applicable to teachers who retire after June 1, 1989, as well as to teachers who are in service on that date.

(6) For a person who first becomes a member before the effective date of this amendatory Act of the 98th General Assembly, any days of unused and uncompensated accumulated sick leave earned by a teacher. The service credit granted under this paragraph shall be the ratio of the number of unused and uncompensated accumulated sick leave days to 170 days, subject to a maximum of 2 years of service credit. Prior to the member's retirement, each former employer shall certify to the System the number of unused and uncompensated accumulated sick leave days credited to the member at the time of termination of service. The period of unused sick leave shall not be considered in determining the effective date of retirement. A member is not required to make contributions in order to obtain service credit for unused sick leave.

Credit for sick leave shall, at retirement, be granted by the System for any retiring regional or assistant regional superintendent of schools who first becomes a member before the effective date of this amendatory Act of the 98th General Assembly at the rate of 6 days per year of creditable service or portion thereof established while serving as such superintendent or assistant superintendent.

(7) Periods prior to February 1, 1987 served as an employee of the Illinois Mathematics and Science Academy for which credit has not been terminated under Section 15-113.9 of this Code.

(8) Service as a substitute teacher for work performed prior to July 1, 1990.

(9) Service as a part-time teacher for work performed prior to July 1, 1990.

(10) Up to 2 years of employment with Southern Illinois University - Carbondale from September 1, 1959 to August 31, 1961, or with Governors State University from September 1, 1972 to August 31, 1974, for which the teacher has no credit under Article 15. To receive credit under this item (10), a teacher must apply in writing to the Board and pay the required contributions before May 1, 1993 and have at least 12 years of service credit under this Article.
(b-1) A member may establish optional credit for up to 2 years of service as a teacher or administrator employed by a private school recognized by the Illinois State Board of Education, provided that the teacher (i) was certified under the law governing the certification of teachers at the time the service was rendered, (ii) applies in writing on or after August 1, 2009 and on or before August 1, 2012, (iii) supplies satisfactory evidence of the employment, (iv) completes at least 10 years of contributing service as a teacher as defined in Section 16-106, and (v) pays the contribution required in subsection (d-5) of Section 16-128. The member may apply for credit under this subsection and pay the required contribution before completing the 10 years of contributing service required under item (iv), but the credit may not be used until the item (iv) contributing service requirement has been met.

(c) The service credits specified in this Section shall be granted only if: (1) such service credits are not used for credit in any other statutory tax-supported public employee retirement system other than the federal Social Security program; and (2) the member makes the required contributions as specified in Section 16-128. Except as provided in subsection (b-1) of this Section, the service credit shall be effective as of the date the required contributions are completed.

Any service credits granted under this Section shall terminate upon cessation of membership for any cause.

Credit may not be granted under this Section covering any period for which an age retirement or disability retirement allowance has been paid.

Sec. 16-133. Retirement annuity; amount.

(a) The amount of the retirement annuity shall be (i) in the case of a person who first became a teacher under this Article before July 1, 2005, the larger of the amounts determined under paragraphs (A) and (B) below, or (ii) in the case of a person who first becomes a teacher under this Article on or after July 1, 2005, the amount determined under the applicable provisions of paragraph (B):

(A) An amount consisting of the sum of the following:

1. An amount that can be provided on an actuarially equivalent basis (using the rate of regular interest in effect at the time of retirement for retirements occurring on or after July 1, 2014) by the member's accumulated contributions at the time of retirement; and

2. The sum of (i) the amount that can be provided on an actuarially equivalent basis (using the rate of regular interest in effect at the time of retirement for retirements occurring on or after July 1, 2014) by the member's accumulated contributions representing service prior to July 1, 1947, and (ii) the amount that can be provided on an actuarially equivalent basis (using the rate of regular interest in effect at the time of retirement for retirements occurring on or after July 1, 2014) by the amount obtained by multiplying 1.4 times the member's accumulated contributions covering service subsequent to June 30, 1947; and

3. If there is prior service, 2 times the amount that would have been determined under subparagraph (2) of paragraph (A) above on account of contributions which would have been made during the period of prior service creditable to the member had the System been in operation and had the member made contributions at the contribution rate in effect prior to July 1, 1947.

Notwithstanding any other provision of this paragraph (A), a teacher's retirement annuity calculated under this paragraph (A) shall not be less than the retirement annuity that teacher would

have received under this paragraph (A) had he or she retired during the fiscal year preceding the effective date of this amendatory Act of the 98th General Assembly.

This paragraph (A) does not apply to a person who first becomes a teacher under this Article on or after July 1, 2005.

(B) An amount consisting of the greater of the following:

(1) For creditable service earned before July 1, 1998 that has not been augmented under Section 16-129.1: 1.67% of final average salary for each of the first 10 years of creditable service, 1.90% of final average salary for each year in excess of 10 but not exceeding 20, 2.10% of final average salary for each year in excess of 20 but not exceeding 30, and 2.30% of final average salary for each year in excess of 30; and

For creditable service earned on or after July 1, 1998 by a member who has at least 24 years of creditable service on July 1, 1998 and who does not elect to augment service under Section 16-129.1: 2.2% of final average salary for each year of creditable service earned on or after July 1, 1998 but before the member reaches a total of 30 years of creditable service and 2.3% of final average salary for each year of creditable service earned on or after July 1, 1998 and after the member reaches a total of 30 years of creditable service; and

For all other creditable service: 2.2% of final average salary for each year of creditable service; or

(2) 1.5% of final average salary for each year of creditable service plus the sum $7.50 for each of the first 20 years of creditable service.

The amount of the retirement annuity determined under this paragraph (B) shall be reduced by 1/2 of 1% for each month that the member is less than age 60 at the time the retirement annuity begins. However, this reduction shall not apply (i) if the member has at least 35 years of creditable service, or (ii) if the member retires on account of disability under Section 16-149.2 of this Article with at least 20 years of creditable service, or (iii) if the member (1) has earned during the period immediately preceding the last day of service at least one year of contributing creditable service as an employee of a department as defined in Section 14-
103.04, (2) has earned at least 5 years of contributing creditable service as an employee of a department as defined in Section 14-103.04, (3) retires on or after January 1, 2001, and (4) retires having attained an age which, when added to the number of years of his or her total creditable service, equals at least 85. Portions of years shall be counted as decimal equivalents.

(b) For purposes of this Section, final average salary shall be the average salary for the highest 4 consecutive years within the last 10 years of creditable service as determined under rules of the board. The minimum final average salary shall be considered to be $2,400 per year.

In the determination of final average salary for members other than elected officials and their appointees when such appointees are allowed by statute, that part of a member's salary for any year beginning after June 30, 1979 which exceeds the member's annual full-time salary rate with the same employer for the preceding year by more than 20% shall be excluded. The exclusion shall not apply in any year in which the member's creditable earnings are less than 50% of the preceding year's mean salary for downstate teachers as determined by the survey of school district salaries provided in Section 2-3.103 of the School Code.

(c) In determining the amount of the retirement annuity under paragraph (B) of this Section, a fractional year shall be granted proportional credit.

(d) The retirement annuity determined under paragraph (B) of this Section shall be available only to members who render teaching service after July 1, 1947 for which member contributions are required, and to annuitants who re-enter under the provisions of Section 16-150.

(e) The maximum retirement annuity provided under paragraph (B) of this Section shall be 75% of final average salary.

(f) A member retiring after the effective date of this amendatory Act of 1998 shall receive a pension equal to 75% of final average salary if the member is qualified to receive a retirement annuity equal to at least 74.6% of final average salary under this Article or as proportional annuities under Article 20 of this Code.

(40 ILCS 5/16-133.1) (from Ch. 108 1/2, par. 16-133.1)
Sec. 16-133.1. Automatic annual increase in annuity.

(a) This subsection (a) is subject to subsections (a-1) and (a-2). Each member with creditable service and retiring on or after August 26, 1969 is entitled to the automatic annual increases in annuity provided
under this Section while receiving a retirement annuity or disability retirement annuity from the system.

An annuitant shall first be entitled to an initial increase under this Section on the January 1 next following the first anniversary of retirement, or January 1 of the year next following attainment of age 61, whichever is later. At such time, the system shall pay an initial increase determined as follows:

1. 1.5% of the originally granted retirement annuity or disability retirement annuity multiplied by the number of years elapsed, if any, from the date of retirement until January 1, 1972, plus

2. 2% of the originally granted annuity multiplied by the number of years elapsed, if any, from the date of retirement or January 1, 1972, whichever is later, until January 1, 1978, plus

3. 3% of the originally granted annuity multiplied by the number of years elapsed from the date of retirement or January 1, 1978, whichever is later, until the effective date of the initial increase.

However, the initial annual increase calculated under this Section for the recipient of a disability retirement annuity granted under Section 16-149.2 shall be reduced by an amount equal to the total of all increases in that annuity received under Section 16-149.5 (but not exceeding 100% of the amount of the initial increase otherwise provided under this Section).

Following the initial increase, automatic annual increases in annuity shall be payable on each January 1 thereafter during the lifetime of the annuitant, determined as a percentage of the originally granted retirement annuity or disability retirement annuity for increases granted prior to January 1, 1990, and calculated as a percentage of the total amount of annuity, including previous increases under this Section, for increases granted on or after January 1, 1990, as follows: 1.5% for periods prior to January 1, 1972, 2% for periods after December 31, 1971 and prior to January 1, 1978, and 3% for periods after December 31, 1977.

(a-1) Notwithstanding subsection (a), but subject to the provisions of subsection (a-2), all automatic increases payable under subsection (a) on or after the effective date of this amendatory Act of the 98th General Assembly shall be calculated as 3% of the lesser of (1) the total annuity payable at the time of the increase, including previous increases granted, or (2) $1,000 multiplied by the number of years of creditable service upon

which the annuity is based; however, in the case of an initial increase under subsection (a) that is subject to this subsection:

(i) if more than one year has elapsed from the date of retirement to the effective date of the initial increase under this Section, the applicable percentage shall be the sum of the percentages for each such elapsed year; and

(ii) in the case of a disability retirement annuity granted under Section 16-149.2, the initial increase shall be subject to the reduction provided in subsection (a) for increases previously received under Section 16-149.5.

Beginning January 1, 2016, the $1,000 referred to in item (2) of this subsection (a-1) shall be increased on each January 1 by the annual unadjusted percentage increase (but not less than zero) in the consumer price index-u for the 12 months ending with the preceding September; these adjustments shall be cumulative and compounded. For the purposes of this subsection (a-1), "consumer price index-u" means the index published by the Bureau of Labor Statistics of the United States Department of Labor that measures the average change in prices of goods and services purchased by all urban consumers, United States city average, all items, 1982-84 = 100. The new dollar amount resulting from each annual adjustment shall be determined by the Public Pension Division of the Department of Insurance and made available to the System by November 1 of each year.

This subsection (a-1) is applicable without regard to whether the person is in service on or after the effective date of this amendatory Act of the 98th General Assembly.

(a-2) Notwithstanding subsections (a) and (a-1), for an active or inactive Tier 1 member who has not begun to receive a retirement annuity under this Article before July 1, 2014:

(1) the second automatic annual increase payable under subsection (a) shall be at the rate of 0% of the total annuity payable at the time of the increase if he or she is at least age 50 on the effective date of this amendatory Act;

(2) the second, fourth, and sixth automatic annual increases payable under subsection (a) shall be at the rate of 0% of the total annuity payable at the time of the increase if he or she is at least age 47 but less than age 50 on the effective date of this amendatory Act;

New matter indicated by italics - deletions by strikeout
(3) the second, fourth, sixth, and eighth automatic annual
increases payable under subsection (a) shall be at the rate of 0% of
the total annuity payable at the time of the increase if he or she is at least age 44 but less than age 47 on the effective date of this amendatory Act; and

(4) the second, fourth, sixth, eighth, and tenth automatic
annual increases payable under subsection (a) shall be at the rate of 0% of the total annuity payable at the time of the increase if he or she is less than age 44 on the effective date of this amendatory Act.

For the purposes of Section 1-103.1, this subsection (a-2) is applicable without regard to whether the person is in service on or after the effective date of this amendatory Act of the 98th General Assembly.

(b) The automatic annual increases in annuity provided under this Section shall not be applicable unless a member has made contributions toward such increases for a period equivalent to one full year of creditable service. If a member contributes for service performed after August 26, 1969 but the member becomes an annuitant before such contributions amount to one full year's contributions based on the salary at the date of retirement, he or she may pay the necessary balance of the contributions to the system and be eligible for the automatic annual increases in annuity provided under this Section.

(c) Each member shall make contributions toward the cost of the automatic annual increases in annuity as provided under Section 16-152.

(d) An annuitant receiving a retirement annuity or disability retirement annuity on July 1, 1969, who subsequently re-enters service as a teacher is eligible for the automatic annual increases in annuity provided under this Section if he or she renders at least one year of creditable service following the latest re-entry.

(e) In addition to the automatic annual increases in annuity provided under this Section, an annuitant who meets the service requirements of this Section and whose retirement annuity or disability retirement annuity began on or before January 1, 1971 shall receive, on January 1, 1981, an increase in the annuity then being paid of one dollar per month for each year of creditable service. On January 1, 1982, an annuitant whose retirement annuity or disability retirement annuity began on or before January 1, 1977 shall receive an increase in the annuity then being paid of one dollar per month for each year of creditable service.
On January 1, 1987, any annuitant whose retirement annuity began on or before January 1, 1977, shall receive an increase in the monthly retirement annuity equal to 8¢ per year of creditable service times the number of years that have elapsed since the annuity began.

(40 ILCS 5/16-133.2) (from Ch. 108 1/2, par. 16-133.2)
Sec. 16-133.2. Early retirement without discount.
(a) A member retiring after June 1, 1980 and on or before June 30, 2005 (or as provided in subsection (b) of this Section), and applying for a retirement annuity within 6 months of the last day of teaching for which retirement contributions were required, may elect at the time of application for a retirement annuity, to make a one time member contribution to the System and thereby avoid the reduction in the retirement annuity for retirement before age 60 specified in paragraph (B) of Section 16-133. The exercise of the election shall also obligate the last employer to make a one time non-refundable contribution to the System. Substitute teachers wishing to exercise this election must teach 85 or more days in one school term with one employer, who shall be deemed the last employer for purposes of this Section. The last day of teaching with that employer must be within 6 months of the date of application for retirement. All substitute teaching credit applied toward the required 85 days must be earned after June 30, 1990.

The one time member and employer contributions shall be a percentage of the retiring member's highest annual salary rate used in the determination of the average salary for retirement annuity purposes. However, when determining the one-time member and employer contributions, that part of a member's salary with the same employer which exceeds the annual salary rate for the preceding year by more than 20% shall be excluded. The member contribution shall be at the rate of 7% for the lesser of the following 2 periods: (1) for each year that the member is less than age 60; or (2) for each year that the member's creditable service is less than 35 years. If a member is at least age 55 and has at least 34 years of creditable service, no member or employer contribution for the early retirement option shall be required. The employer contribution shall be at the rate of 20% for each year the member is under age 60.

Upon receipt of the application and election, the System shall determine the one time employee and employer contributions required. The member contribution shall be credited to the individual account of the member and the employer contribution shall be credited to the Benefit Fund.
Trust Reserve. The provisions of this subsection (a) providing for the avoidance of the reduction in retirement annuity shall not be applicable until the member's contribution, if any, has been received by the System; however, the date such contributions are received shall not be considered in determining the effective date of retirement.

The number of members working for a single employer who may retire under this subsection or subsection (b) in any year may be limited at the option of the employer to a specified percentage of those eligible, not less than 30%, with the right to participate to be allocated among those applying on the basis of seniority in the service of the employer.

(b) The provisions of subsection (a) of this Section shall remain in effect for a member retiring after June 30, 2005 and on or before July 1, 2007, provided that the member satisfies both of the following requirements:

(1) the member notified his or her employer of intent to retire under this Article on or before the effective date of this amendatory Act of the 94th General Assembly under the terms of a contract or collective bargaining agreement entered into, amended, or renewed with the employer on or before the effective date of this amendatory Act of the 94th General Assembly; and

(2) the effective date of the member's retirement is on or before July 1, 2007.

The member's employer must give evidence of the member's notification by providing to the System:

(i) a copy of the member's notification to the employer or the record of that notification;

(ii) an affidavit signed by the member and the employer, verifying the notification; and

(iii) any additional documentation that the System may require.

(c) Except as otherwise provided in subsection (b), and subject to the provisions of Section 16-176, a member retiring on or after July 1, 2005 and on or before June 30, 2013 (or January 1, 2014 in the case of a member who has filed a notice of intent to retire with his or her employer on or before June 30, 2013 and attains age 55 during the period July 1, 2013 through December 31, 2013), and applying for a retirement annuity within 6 months of the last day of teaching for which retirement contributions were required, and whose last day of teaching is on or before June 30, 2013, may elect at the time of application for a retirement

annuity, to make a one-time member contribution to the System and thereby avoid the reduction in the retirement annuity for retirement before age 60 specified in paragraph (B) of Section 16-133. The exercise of the election shall also obligate the last employer to make a one-time nonrefundable contribution to the System. Substitute teachers wishing to exercise this election must teach 85 or more days in one school term with one employer, who shall be deemed the last employer for purposes of this Section. The last day of teaching with that employer must be within 6 months of the date of application for retirement. All substitute teaching credit applied toward the required 85 days must be earned after June 30, 1990.

The one-time member and employer contributions shall be a percentage of the retiring member's highest annual salary rate used in the determination of the average salary for retirement annuity purposes. However, when determining the one-time member and employer contributions, that part of a member's salary with the same employer which exceeds the annual salary rate for the preceding year by more than 20% shall be excluded. The member contribution shall be at the rate of 11.5% for the lesser of the following 2 periods: (1) for each year that the member is less than age 60; or (2) for each year that the member's creditable service is less than 35 years. The employer contribution shall be at the rate of 23.5% for each year the member is under age 60.

Upon receipt of the application and election, the System shall determine the one-time employee and employer contributions required. The member contribution shall be credited to the individual account of the member and the employer contribution shall be credited to the Benefit Trust Reserve. The avoidance of the reduction in retirement annuity provided under this subsection (c) is not applicable until the member's contribution, if any, has been received by the System; however, the date that contribution is received shall not be considered in determining the effective date of retirement.

The number of members working for a single employer who may retire under this subsection (c) in any year may be limited at the option of the employer to a specified percentage of those eligible, not less than 10%, with the right to participate to be allocated among those applying on the basis of seniority in the service of the employer.

For persons not qualifying for the early retirement without discount option under this subsection (c), the option is extended for 3 years under
subsection (d), but subject to the changes in eligibility, conditions, and required contributions provided in that subsection.

(d) A member who is not eligible for the early retirement without discount option under subsection (c) may qualify for the early retirement without discount option under this subsection (d) if the member (1) retires on or after July 1, 2013 and before July 1, 2016, (2) applies for a retirement annuity within 6 months of the last day of teaching for which retirement contributions were required, and (3) receives a certification of eligibility under this subsection from the member's last employer. Substitute teachers wishing to exercise this election must teach 85 or more days in one school term with one employer, who shall be deemed the last employer for purposes of this Section. The last day of teaching with that employer must be within 6 months of the date of application for retirement. All substitute teaching credit applied toward the required 85 days must be earned after June 30, 1990.

A qualifying member may elect at the time of application for a retirement annuity to make a one-time member contribution to the System and thereby avoid the reduction in the retirement annuity for retirement before age 60 specified in paragraph (B) of Section 16-133. The exercise of this election shall also obligate the last employer to make a one-time nonrefundable contribution to the System.

The one-time member and employer contributions shall be a percentage of the retiring member's highest annual salary rate used in the determination of the average salary for retirement annuity purposes. However, when determining the one-time member and employer contributions, that part of a member's salary with the same employer which exceeds the annual salary rate for the preceding year by more than 20% shall be excluded. The member contribution shall be at the rate of 14.4% for the lesser of the following 2 periods: (1) for each year that the member is less than age 60; or (2) for each year that the member's creditable service is less than 35 years. The employer contribution shall be at the rate of 29.3% for each year the member is under age 60.

Upon receipt of the application, election, and certification of eligibility, the System shall determine the one-time employee and employer contributions required. The member contribution shall be credited to the individual account of the member and the employer contribution shall be credited to the Benefit Trust Reserve. The avoidance of the reduction in retirement annuity provided under this subsection (d) is not applicable until the member's contribution has been received by the System.
System; however, the date that contribution is received shall not be considered in determining the effective date of retirement.

Eligibility to retire under this subsection (d) shall require the approval of the member's last employer under this Article, granted in accordance with criteria adopted by that employer with the mutual consent of the bargaining agent of a majority of the members employed by that employer. If the employer grants its approval for a member to retire under this subsection (d), the employer shall submit a certification of eligibility for the member in a manner prescribed by the System.

The early retirement without discount option under this subsection (d) terminates on July 1, 2016.

For participants to whom subsection (b) of Section 16-132 applies, the references to age 60 in this subsection are increased as provided in subsection (b) of Section 16-132.

Sec. 16-136.1. Annual increase for certain annuitants. (a) Any annuitant receiving a retirement annuity on June 30, 1969 and any member retiring after June 30, 1969 shall be eligible for the annual increases provided under this Section provided the annuitant is ineligible for the automatic annual increase in annuity provided under Section 16-133.1, and provided further that (1) retirement occurred at age 55 or over and was based on 5 or more years of creditable service or (2) if retirement occurred prior to age 55, the retirement annuity was based on 20 or more years of creditable service.

(b) This subsection (b) is subject to subsections (b-1) and (b-2). An annuitant entitled to increases under this Section shall be entitled to the initial increase as of the later of: (1) January 1 following attainment of age 65, (2) January 1 following the first anniversary of retirement, or (3) the first day of the month following receipt of the required qualifying contribution from the annuitant. The initial monthly increase shall be computed on the basis of the period elapsed between the later of the date of last retirement or attainment of age 50 and the date of qualification for the initial increase, at the rate of 1 1/2% of the original monthly retirement annuity per year for periods prior to September 1, 1971, and at the rate of 2% per year for periods between September 1, 1971 and September 1, 1978, and at the rate of 3% per year for periods thereafter.

An annuitant who has received an initial increase under this Section, shall be entitled, on each January 1 following the granting of the

initial increase, to an increase of 3% of the original monthly retirement annuity for increases granted prior to January 1, 1990, and equal to 3% of the total annuity, including previous increases under this Section, for increases granted on or after January 1, 1990. The original monthly retirement annuity for computations under this subsection (b) shall be considered to be $83.34 for any annuitant entitled to benefits under Section 16-134. The minimum original disability retirement annuity for computations under this subsection (b) shall be considered to be $33.34 per month for any annuitant retired on account of disability.

(b-1) Notwithstanding subsection (b), but subject to the provisions of subsection (b-2), all automatic increases payable under subsection (b) on or after the effective date of this amendatory Act of the 98th General Assembly shall be calculated as 3% of the lesser of (1) the total annuity payable at the time of the increase, including previous increases granted, or (2) $1,000 multiplied by the number of years of creditable service upon which the annuity is based; however, in the case of an initial increase under subsection (b) that is subject to this subsection, if more than one year has elapsed from the date of retirement to the effective date of the initial increase under this Section, the applicable percentage shall be the sum of the percentages for each such elapsed year.

Beginning January 1, 2016, the $1,000 referred to in item (2) of this subsection (b-1) shall be increased on each January 1 by the annual unadjusted percentage increase (but not less than zero) in the consumer price index-u for the 12 months ending with the preceding September; these adjustments shall be cumulative and compounded. For the purposes of this subsection (b-1), "consumer price index-u" means the index published by the Bureau of Labor Statistics of the United States Department of Labor that measures the average change in prices of goods and services purchased by all urban consumers, United States city average, all items, 1982-84 = 100. The new dollar amount resulting from each annual adjustment shall be determined by the Public Pension Division of the Department of Insurance and made available to the System by November 1 of each year.

This subsection (b-1) is applicable without regard to whether the person is in service on or after the effective date of this amendatory Act of the 98th General Assembly.

(b-2) Notwithstanding subsections (b) and (b-1), for an active or inactive Tier 1 member who is subject to this Section and has not begun to receive a retirement annuity under this Article before July 1, 2014:

For the purposes of Section 1-103.1, this subsection (b-2) is applicable without regard to whether the person is in service on or after the effective date of this amendatory Act of the 98th General Assembly.

(c) An annuitant who otherwise qualifies for annual increases under this Section must make a one-time payment of 1% of the monthly final average salary for each full year of the creditable service forming the basis of the retirement annuity or, if the retirement annuity was not computed using final average salary, 1% of the original monthly retirement annuity for each full year of service forming the basis of the retirement annuity.

(d) In addition to other increases which may be provided by this Section, regardless of creditable service, annuitants not meeting the service requirements of Section 16-133.1 and whose retirement annuity began on or before January 1, 1971 shall receive, on January 1, 1981, an increase in the retirement annuity then being paid of one dollar per month for each year of creditable service forming the basis of the retirement allowance. (d) A person who (i) was a member before July 1, 1998, (ii) retires with more than 34 years of creditable service, and (iii) does not elect to qualify for the augmented rate under Section 16-129.1 shall be entitled, at the time of retirement, to receive a partial refund of contributions made.

(e) A member's contributions toward the cost of early retirement without discount made under item (a)(4) of this Section shall not be refunded if the member has elected early retirement without discount under Section 16-133.2 and has begun to receive a retirement annuity under this Article calculated in accordance with that election. Otherwise, a member's contributions toward the cost of early retirement without discount made under item (a)(4) of this Section shall be refunded according to whichever one of the following circumstances occurs first:

(1) The contributions shall be refunded to the member, without interest, within 120 days after the member's retirement annuity commences, if the member does not elect early retirement without discount under Section 16-133.2.

(2) The contributions shall be included, without interest, in any refund claimed by the member under Section 16-151.

(3) The contributions shall be refunded to the member's designated beneficiary (or if there is no beneficiary, to the member's estate), without interest, if the member dies without having begun to receive a retirement annuity under this Article.

(4) The contributions shall be refunded to the member, without interest, if the early retirement without discount option provided under subsection (d) of Section 16-133.2 is terminated. In that event, the System shall provide to the member, within 120 days after the option is terminated, an application for a refund of those contributions.

Sec. 16-158. Contributions by State and other employing units.

(a) The State shall make contributions to the System by means of appropriations from the Common School Fund and other State funds of amounts which, together with other employer contributions, employee contributions, investment income, and other income, will be sufficient to

meet the cost of maintaining and administering the System on a 100% funded basis in accordance with actuarial recommendations by the end of State fiscal year 2044.

The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the recommendations of the actuary, using the formula in subsection (b-3).

(a-1) Annually, on or before November 15 through until November 15, 2011, the Board shall certify to the Governor the amount of the required State contribution for the coming fiscal year. The certification under this subsection (a-1) shall include a copy of the actuarial recommendations upon which it is based and shall specifically identify the System's projected State normal cost for that fiscal year.

On or before May 1, 2004, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2005, taking into account the amounts appropriated to and received by the System under subsection (d) of Section 7.2 of the General Obligation Bond Act.

On or before July 1, 2005, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2006, taking into account the changes in required State contributions made by this amendatory Act of the 94th General Assembly.

On or before April 1, 2011, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2011, applying the changes made by Public Act 96-889 to the System's assets and liabilities as of June 30, 2009 as though Public Act 96-889 was approved on that date.

(a-5) On or before November 1 of each year, beginning November 1, 2012, the Board shall submit to the State Actuary, the Governor, and the General Assembly a proposed certification of the amount of the required State contribution to the System for the next fiscal year, along with all of the actuarial assumptions, calculations, and data upon which that proposed certification is based. On or before January 1 of each year, beginning January 1, 2013, the State Actuary shall issue a preliminary report concerning the proposed certification and identifying, if necessary, recommended changes in actuarial assumptions that the Board must consider before finalizing its certification of the required State contributions.
On or before January 15, 2013 and each January 15 thereafter, the Board shall certify to the Governor and the General Assembly the amount of the required State contribution for the next fiscal year. The certification shall include a copy of the actuarial recommendations upon which it is based and shall specifically identify the System's projected State normal cost for that fiscal year. The Board's certification must note any deviations from the State Actuary's recommended changes, the reason or reasons for not following the State Actuary's recommended changes, and the fiscal impact of not following the State Actuary's recommended changes on the required State contribution.

(a-10) For purposes of Section (c-5) of Section 20 of the Budget Stabilization Act, on or before November 1 of each year beginning November 1, 2014, the Board shall determine the amount of the State contribution to the System that would have been required for the next fiscal year if this amendatory Act of the 98th General Assembly had not taken effect, using the best and most recent available data but based on the law in effect on May 31, 2014. The Board shall submit to the State Actuary, the Governor, and the General Assembly a proposed certification, along with the relevant law, actuarial assumptions, calculations, and data upon which that certification is based. On or before January 1, 2015 and every January 1 thereafter, the State Actuary shall issue a preliminary report concerning the proposed certification and identifying, if necessary, recommended changes in actuarial assumptions that the Board must consider before finalizing its certification. On or before January 15, 2015 and every January 1 thereafter, the Board shall certify to the Governor and the General Assembly the amount of the State contribution to the System that would have been required for the next fiscal year if this amendatory Act of the 98th General Assembly had not taken effect, using the best and most recent available data but based on the law in effect on May 31, 2014. The Board's certification must note any deviations from the State Actuary's recommended changes, the reason or reasons for not following the State Actuary's recommended changes, and the impact of not following the State Actuary's recommended changes.

(b) Through State fiscal year 1995, the State contributions shall be paid to the System in accordance with Section 18-7 of the School Code.

(b-1) Beginning in State fiscal year 1996, on the 15th day of each month, or as soon thereafter as may be practicable, the Board shall submit vouchers for payment of State contributions to the System, in a total monthly amount of one-twelfth of the required annual State contribution.
certified under subsection (a-1). From the effective date of this amendatory Act of the 93rd General Assembly through June 30, 2004, the Board shall not submit vouchers for the remainder of fiscal year 2004 in excess of the fiscal year 2004 certified contribution amount determined under this Section after taking into consideration the transfer to the System under subsection (a) of Section 6z-61 of the State Finance Act. These vouchers shall be paid by the State Comptroller and Treasurer by warrants drawn on the funds appropriated to the System for that fiscal year.

If in any month the amount remaining unexpended from all other appropriations to the System for the applicable fiscal year (including the appropriations to the System under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act) is less than the amount lawfully vouchered under this subsection, the difference shall be paid from the Common School Fund under the continuing appropriation authority provided in Section 1.1 of the State Pension Funds Continuing Appropriation Act.

(b-2) Allocations from the Common School Fund apportioned to school districts not coming under this System shall not be diminished or affected by the provisions of this Article.

(b-3) For State fiscal years 2015 through 2044, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be equal to the sum of (1) the State's portion of the projected normal cost for that fiscal year, plus (2) an amount sufficient to bring the total assets of the System up to 100% of the total actuarial liabilities of the System by the end of State fiscal year 2044. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2044 and shall be determined under the projected unit cost method for fiscal year 2015 and under the entry age normal actuarial cost method for fiscal years 2016 through 2044.

For State fiscal years 2012 through 2014, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and
including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section; except that in the following specified State fiscal years, the State contribution to the System shall not be less than the following indicated percentages of the applicable employee payroll, even if the indicated percentage will produce a State contribution in excess of the amount otherwise required under this subsection and subsection (a), and notwithstanding any contrary certification made under subsection (a-1) before the effective date of this amendatory Act of 1998: 10.02% in FY 1999; 10.77% in FY 2000; 11.47% in FY 2001; 12.16% in FY 2002; 12.86% in FY 2003; and 13.56% in FY 2004.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2006 is $534,627,700.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2007 is $738,014,500.

For each of State fiscal years 2008 through 2009, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2010 is $2,089,268,000 and shall be made from the proceeds of bonds sold in fiscal year 2010 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the Common School Fund in fiscal year 2010, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2011 is the amount recertified by the System on or before April 1, 2011 pursuant to subsection (a-1) of this Section and shall be made from the proceeds of bonds sold in fiscal year 2011 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the

System's share of total bond proceeds, (ii) any amounts received from the Common School Fund in fiscal year 2011, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable. This amount shall include, in addition to the amount certified by the System, an amount necessary to meet employer contributions required by the State as an employer under paragraph (e) of this Section, which may also be used by the System for contributions required by paragraph (a) of Section 16-127.

Beginning in State fiscal year 2045, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 100% of the total actuarial liabilities of the System.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act or Section 8.12 of the State Finance Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 100% 90%.

A reference in this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter through State fiscal year 2014, as calculated under this Section and certified under subsection (a-1), shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued in fiscal year 2003 for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years

2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued in fiscal year 2003 for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(c) Payment of the required State contributions and of all pensions, retirement annuities, death benefits, refunds, and other benefits granted under or assumed by this System, and all expenses in connection with the administration and operation thereof, are obligations of the State.

If members are paid from special trust or federal funds which are administered by the employing unit, whether school district or other unit, the employing unit shall pay to the System from such funds the full accruing retirement costs based upon that service, as determined by the System. Employer contributions, based on salary paid to members from federal funds, may be forwarded by the distributing agency of the State of Illinois to the System prior to allocation, in an amount determined in accordance with guidelines established by such agency and the System.

(d) Effective July 1, 1986, any employer of a teacher as defined in paragraph (8) of Section 16-106 shall pay the employer's normal cost of benefits based upon the teacher's service, in addition to employee contributions, as determined by the System. Such employer contributions shall be forwarded monthly in accordance with guidelines established by the System.

However, with respect to benefits granted under Section 16-133.4 or 16-133.5 to a teacher as defined in paragraph (8) of Section 16-106, the employer's contribution shall be 12% (rather than 20%) of the member's highest annual salary rate for each year of creditable service granted, and the employer shall also pay the required employee contribution on behalf of the teacher. For the purposes of Sections 16-133.4 and 16-133.5, a teacher as defined in paragraph (8) of Section 16-106 who is serving in that capacity while on leave of absence from another employer under this Article shall not be considered an employee of the employer from which the teacher is on leave.

(e) Beginning July 1, 1998, every employer of a teacher shall pay to the System an employer contribution computed as follows:

New matter indicated by italics - deletions by strikeout
(1) Beginning July 1, 1998 through June 30, 1999, the employer contribution shall be equal to 0.3% of each teacher's salary.

(2) Beginning July 1, 1999 and thereafter, the employer contribution shall be equal to 0.58% of each teacher's salary.

The school district or other employing unit may pay these employer contributions out of any source of funding available for that purpose and shall forward the contributions to the System on the schedule established for the payment of member contributions.

These employer contributions are intended to offset a portion of the cost to the System of the increases in retirement benefits resulting from this amendatory Act of 1998.

Each employer of teachers is entitled to a credit against the contributions required under this subsection (e) with respect to salaries paid to teachers for the period January 1, 2002 through June 30, 2003, equal to the amount paid by that employer under subsection (a-5) of Section 6.6 of the State Employees Group Insurance Act of 1971 with respect to salaries paid to teachers for that period.

The additional 1% employee contribution required under Section 16-152 by this amendatory Act of 1998 is the responsibility of the teacher and not the teacher's employer, unless the employer agrees, through collective bargaining or otherwise, to make the contribution on behalf of the teacher.

If an employer is required by a contract in effect on May 1, 1998 between the employer and an employee organization to pay, on behalf of all its full-time employees covered by this Article, all mandatory employee contributions required under this Article, then the employer shall be excused from paying the employer contribution required under this subsection (e) for the balance of the term of that contract. The employer and the employee organization shall jointly certify to the System the existence of the contractual requirement, in such form as the System may prescribe. This exclusion shall cease upon the termination, extension, or renewal of the contract at any time after May 1, 1998.

(f) If the amount of a teacher's salary for any school year used to determine final average salary exceeds the member's annual full-time salary rate with the same employer for the previous school year by more than 6%, the teacher's employer shall pay to the System, in addition to all other payments required under this Section and in accordance with guidelines established by the System, the present value of the increase in

New matter indicated by italics - deletions by strikeout
benefits resulting from the portion of the increase in salary that is in excess of 6%. This present value shall be computed by the System on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the System that is available at the time of the computation. If a teacher's salary for the 2005-2006 school year is used to determine final average salary under this subsection (f), then the changes made to this subsection (f) by Public Act 94-1057 shall apply in calculating whether the increase in his or her salary is in excess of 6%. For the purposes of this Section, change in employment under Section 10-21.12 of the School Code on or after June 1, 2005 shall constitute a change in employer. The System may require the employer to provide any pertinent information or documentation. The changes made to this subsection (f) by this amendatory Act of the 94th General Assembly apply without regard to whether the teacher was in service on or after its effective date.

Whenever it determines that a payment is or may be required under this subsection, the System shall calculate the amount of the payment and bill the employer for that amount. The bill shall specify the calculations used to determine the amount due. If the employer disputes the amount of the bill, it may, within 30 days after receipt of the bill, apply to the System in writing for a recalculation. The application must specify in detail the grounds of the dispute and, if the employer asserts that the calculation is subject to subsection (g) or (h) of this Section, must include an affidavit setting forth and attesting to all facts within the employer's knowledge that are pertinent to the applicability of that subsection. Upon receiving a timely application for recalculation, the System shall review the application and, if appropriate, recalculate the amount due.

The employer contributions required under this subsection (f) may be paid in the form of a lump sum within 90 days after receipt of the bill. If the employer contributions are not paid within 90 days after receipt of the bill, then interest will be charged at a rate equal to the System's annual actuarially assumed rate of return on investment compounded annually from the 91st day after receipt of the bill. Payments must be concluded within 3 years after the employer's receipt of the bill.

(g) This subsection (g) applies only to payments made or salary increases given on or after June 1, 2005 but before July 1, 2011. The changes made by Public Act 94-1057 shall not require the System to refund any payments received before July 31, 2006 (the effective date of Public Act 94-1057).
When assessing payment for any amount due under subsection (f), the System shall exclude salary increases paid to teachers under contracts or collective bargaining agreements entered into, amended, or renewed before June 1, 2005.

When assessing payment for any amount due under subsection (f), the System shall exclude salary increases paid to a teacher at a time when the teacher is 10 or more years from retirement eligibility under Section 16-132 or 16-133.2.

When assessing payment for any amount due under subsection (f), the System shall exclude salary increases resulting from overload work, including summer school, when the school district has certified to the System, and the System has approved the certification, that (i) the overload work is for the sole purpose of classroom instruction in excess of the standard number of classes for a full-time teacher in a school district during a school year and (ii) the salary increases are equal to or less than the rate of pay for classroom instruction computed on the teacher's current salary and work schedule.

When assessing payment for any amount due under subsection (f), the System shall exclude a salary increase resulting from a promotion (i) for which the employee is required to hold a certificate or supervisory endorsement issued by the State Teacher Certification Board that is a different certification or supervisory endorsement than is required for the teacher's previous position and (ii) to a position that has existed and been filled by a member for no less than one complete academic year and the salary increase from the promotion is an increase that results in an amount no greater than the lesser of the average salary paid for other similar positions in the district requiring the same certification or the amount stipulated in the collective bargaining agreement for a similar position requiring the same certification.

When assessing payment for any amount due under subsection (f), the System shall exclude any payment to the teacher from the State of Illinois or the State Board of Education over which the employer does not have discretion, notwithstanding that the payment is included in the computation of final average salary.

(h) When assessing payment for any amount due under subsection (f), the System shall exclude any salary increase described in subsection (g) of this Section given on or after July 1, 2011 but before July 1, 2014 under a contract or collective bargaining agreement entered into, amended, or renewed on or after June 1, 2005 but before July 1, 2011.

New matter indicated by italics - deletions by strikeout
Notwithstanding any other provision of this Section, any payments made or salary increases given after June 30, 2014 shall be used in assessing payment for any amount due under subsection (f) of this Section.

(i) The System shall prepare a report and file copies of the report with the Governor and the General Assembly by January 1, 2007 that contains all of the following information:

1. The number of recalculation required by the changes made to this Section by Public Act 94-1057 for each employer.
2. The dollar amount by which each employer's contribution to the System was changed due to recalculation required by Public Act 94-1057.
3. The total amount the System received from each employer as a result of the changes made to this Section by Public Act 94-4.
4. The increase in the required State contribution resulting from the changes made to this Section by Public Act 94-1057.

(j) For purposes of determining the required State contribution to the System, the value of the System's assets shall be equal to the actuarial value of the System's assets, which shall be calculated as follows:

As of June 30, 2008, the actuarial value of the System's assets shall be equal to the market value of the assets as of that date. In determining the actuarial value of the System's assets for fiscal years after June 30, 2008, any actuarial gains or losses from investment return incurred in a fiscal year shall be recognized in equal annual amounts over the 5-year period following that fiscal year.

(k) For purposes of determining the required State contribution to the System for a particular year, the actuarial value of assets shall be assumed to earn a rate of return equal to the system's actuarially assumed rate of return.

Sec. 16-158.2. Obligations of State; funding guarantee.

(a) Beginning July 1, 2014, the State shall be obligated to contribute to the System in each State fiscal year an amount not less than the sum of (i) the State's normal cost for the year and (ii) the portion of the unfunded accrued liability assigned to that year by law. Notwithstanding any other provision of law, if the State fails to pay an amount required under this subsection, it shall be the obligation of the Board to seek

payment of the required amount in compliance with the provisions of this Section and, if the amount remains unpaid, to bring a mandamus action in the Supreme Court of Illinois to compel the State to make the required payment.

If the System submits a voucher for contributions required under Section 16-158 and the State fails to pay that voucher within 90 days of its receipt, the Board shall submit a written request to the Comptroller seeking payment. A copy of the request shall be filed with the Secretary of State, and the Secretary of State shall provide a copy to the Governor and General Assembly. No earlier than the 16th day after the System files the request with the Comptroller and Secretary of State, if the amount remains unpaid the Board shall commence a mandamus action in the Supreme Court of Illinois to compel the Comptroller to satisfy the voucher.

This subsection (a) constitutes an express waiver of the State's sovereign immunity solely to the extent that it permits the Board to commence a mandamus action in the Supreme Court of Illinois to compel the Comptroller to pay a voucher for the contributions required under Section 16-158.

(b) Beginning in State fiscal year 2016, the State shall be obligated to make the transfers set forth in subsections (c-5) and (c-10) of Section 20 of the Budget Stabilization Act and to pay to the System its proportionate share of the transferred amounts in accordance with Section 25 of the Budget Stabilization Act. Notwithstanding any other provision of law, if the State fails to transfer an amount required under this subsection or to pay to the System its proportionate share of the transferred amount in accordance with Section 25 of the Budget Stabilization Act, it shall be the obligation of the Board to seek transfer or payment of the required amount in compliance with the provisions of this Section and, if the required amount remains untransferred or the required payment remains unpaid, to bring a mandamus action in the Supreme Court of Illinois to compel the State to make the required transfer or payment or both, as the case may be.

If the State fails to make a transfer required under subsection (c-5) or (c-10) of Section 20 of the Budget Stabilization Act or a payment to the System required under Section 25 of that Act, the Board shall submit a written request to the Comptroller seeking payment. A copy of the request shall be filed with the Secretary of State, and the Secretary of State shall provide a copy to the Governor and General Assembly. No earlier than the 16th day after the System files the request with the Comptroller and
Secretary of State, if the required amount remains untransferred or the required payment remains unpaid, the Board shall commence a mandamus action in the Supreme Court of Illinois to compel the Comptroller to make the required transfer or payment or both, as the case may be.

This subsection (b) constitutes an express waiver of the State's sovereign immunity solely to the extent that it permits the Board to commence a mandamus action in the Supreme Court of Illinois to compel the Comptroller to make a transfer required under subsection (c-5) or (c-10) of Section 20 of the Budget Stabilization Act and to pay to the System its proportionate share of the transferred amount in accordance with Section 25 of the Budget Stabilization Act.

The obligations created by this subsection (b) expire when all of the requirements of subsections (c-5) and (c-10) of Section 20 of the Budget Stabilization Act and Section 25 of the Budget Stabilization Act have been met.

(c) Any payments and transfers required to be made by the State pursuant to subsection (a) or (b) are expressly subordinate to the payment of the principal, interest, and premium, if any, on any bonded debt obligation of the State or any other State-created entity, either currently outstanding or to be issued, for which the source of repayment or security thereon is derived directly or indirectly from tax revenues collected by the State or any other State-created entity. Payments on such bonded obligations include any statutory fund transfers or other prefunding mechanisms or formulas set forth, now or hereafter, in State law or bond indentures, into debt service funds or accounts of the State related to such bond obligations, consistent with the payment schedules associated with such obligations.

Sec. 16-203. Application and expiration of new benefit increases.

(a) As used in this Section, "new benefit increase" means an increase in the amount of any benefit provided under this Article, or an expansion of the conditions of eligibility for any benefit under this Article, that results from an amendment to this Code that takes effect after June 1, 2005 (the effective date of Public Act 94-4). "New benefit increase", however, does not include any benefit increase resulting from the changes made to this Article by Public Act 95-910 or by this amendatory Act of the 98th 95th General Assembly.

New matter indicated by italics - deletions by strikeout
(b) Notwithstanding any other provision of this Code or any subsequent amendment to this Code, every new benefit increase is subject to this Section and shall be deemed to be granted only in conformance with and contingent upon compliance with the provisions of this Section.

(c) The Public Act enacting a new benefit increase must identify and provide for payment to the System of additional funding at least sufficient to fund the resulting annual increase in cost to the System as it accrues.

Every new benefit increase is contingent upon the General Assembly providing the additional funding required under this subsection. The Commission on Government Forecasting and Accountability shall analyze whether adequate additional funding has been provided for the new benefit increase and shall report its analysis to the Public Pension Division of the Department of Insurance Financial and Professional Regulation. A new benefit increase created by a Public Act that does not include the additional funding required under this subsection is null and void. If the Public Pension Division determines that the additional funding provided for a new benefit increase under this subsection is or has become inadequate, it may so certify to the Governor and the State Comptroller and, in the absence of corrective action by the General Assembly, the new benefit increase shall expire at the end of the fiscal year in which the certification is made.

(d) Every new benefit increase shall expire 5 years after its effective date or on such earlier date as may be specified in the language enacting the new benefit increase or provided under subsection (c). This does not prevent the General Assembly from extending or re-creating a new benefit increase by law.

(e) Except as otherwise provided in the language creating the new benefit increase, a new benefit increase that expires under this Section continues to apply to persons who applied and qualified for the affected benefit while the new benefit increase was in effect and to the affected beneficiaries and alternate payees of such persons, but does not apply to any other person, including without limitation a person who continues in service after the expiration date and did not apply and qualify for the affected benefit while the new benefit increase was in effect.

Sec. 16-205. Defined contribution plan.

New matter indicated by italics - deletions by strikeout
(a) By July 1, 2015, the System shall prepare and implement a voluntary defined contribution plan for up to 5% of eligible active Tier 1 members. The System shall determine the 5% cap by the number of active Tier 1 members on the effective date of this Section. The defined contribution plan developed under this Section shall be a plan that aggregates employer and employee contributions in individual participant accounts which, after meeting any other requirements, are used for payouts after retirement in accordance with this Section and any other applicable laws.

As used in this Section, "defined benefit plan" means the retirement plan available under this Article to Tier 1 members who have not made the election authorized under this Section.

(1) Under the defined contribution plan, an active Tier 1 member of this System could elect to cease accruing benefits in the defined benefit plan under this Article and begin accruing benefits for future service in the defined contribution plan. Service credit under the defined contribution plan may be used for determining retirement eligibility under the defined benefit plan. An active Tier 1 member who elects to cease accruing benefits in his or her defined benefit plan shall be prohibited from purchasing service credit on or after the date of his or her election. A Tier 1 member making the irrevocable election provided under this Section shall not receive interest accruals to his or her benefit under paragraph (A) of subsection (a) of Section 16-133 on or after the date of his or her election.

(2) Participants in the defined contribution plan shall pay employee contributions at the same rate as Tier 1 members in this System who do not participate in the defined contribution plan.

(3) State contributions shall be paid into the accounts of all participants in the defined contribution plan at a uniform rate, expressed as a percentage of salary and determined for each year. This rate shall be no higher than the employer's normal cost for Tier 1 members in the defined benefit plan for that year, as determined by the System and expressed as a percentage of salary, and shall be no lower than 0% of salary. The State shall adjust this rate annually.

(4) The defined contribution plan shall require 5 years of participation in the defined contribution plan before vesting in

New matter indicated by italics - deletions by strikeout
State contributions. If the participant fails to vest in them, the State contributions, and the earnings thereon, shall be forfeited.

(5) The defined contribution plan may provide for participants in the plan to be eligible for the defined disability benefits available to other participants under this Article. If it does, the System shall reduce the employee contributions credited to the member's defined contribution plan account by an amount determined by the System to cover the cost of offering such benefits.

(6) The defined contribution plan shall provide a variety of options for investments. These options shall include investments in a fund created by the System and managed in accordance with legal and fiduciary standards, as well as investment options otherwise available.

(7) The defined contribution plan shall provide a variety of options for payouts to retirees and their survivors.

(8) To the extent authorized under federal law and as authorized by the System, the plan shall allow former participants in the plan to transfer or roll over employee and vested State contributions, and the earnings thereon, into other qualified retirement plans.

(9) The System shall reduce the employee contributions credited to the member's defined contribution plan account by an amount determined by the System to cover the cost of offering these benefits and any applicable administrative fees.

(b) Only persons who are active Tier 1 members of the System on the effective date of this Section are eligible to participate in the defined contribution plan. Participation in the defined contribution plan shall be limited to the first 5% of eligible persons who elect to participate. The election to participate in the defined contribution plan is voluntary and irrevocable.

(c) An eligible Tier 1 employee may irrevocably elect to participate in the defined contribution plan by filing with the System a written application to participate that is received by the System prior to its determination that 5% of eligible persons have elected to participate in the defined contribution plan.

When the System first determines that 5% of eligible persons have elected to participate in the defined contribution plan, the System shall
provide notice to previously eligible employees that the plan is no longer available and shall cease accepting applications to participate.

(d) The System shall make a good faith effort to contact each active Tier 1 member who is eligible to participate in the defined contribution plan. The System shall mail information describing the option to join the defined contribution plan to each of these employees to his or her last known address on file with the System. If the employee is not responsive to other means of contact, it is sufficient for the System to publish the details of the option on its website.

Upon request for further information describing the option, the System shall provide employees with information from the System before exercising the option to join the plan, including information on the impact to their vested benefits or non-vested service. The individual consultation shall include projections of the member's defined benefits at retirement or earlier termination of service and the value of the member's account at retirement or earlier termination of service. The System shall not provide advice or counseling with respect to whether the employee should exercise the option. The System shall inform Tier 1 employees who are eligible to participate in the defined contribution plan that they may also wish to obtain information and counsel relating to their option from any other available source, including but not limited to labor organizations, private counsel, and financial advisors.

(e) In no event shall the System, its staff, its authorized representatives, or the Board be liable for any information given to an employee under this Section. The System may coordinate with the Illinois Department of Central Management Services and other retirement systems administering a defined contribution plan in accordance with this amendatory Act of the 98th General Assembly to provide information concerning the impact of the option set forth in this Section.

(f) Notwithstanding any other provision of this Section, no person shall begin participating in the defined contribution plan until it has attained qualified plan status and received all necessary approvals from the U.S. Internal Revenue Service.

(g) The System shall report on its progress under this Section, including the available details of the defined contribution plan and the System's plans for informing eligible Tier 1 members about the plan, to the Governor and the General Assembly on or before January 15, 2015.

(h) The intent of this amendatory Act of the 98th General Assembly is to ensure that the State's normal cost of participation in the defined
contribution plan is similar, and if possible equal, to the State's normal
cost of participation in the defined benefit plan, unless a lower State's
normal cost is necessary to ensure cost neutrality.

Sec. 16-206. Defined contribution plan; termination. If the defined
contribution plan is terminated or becomes inoperative pursuant to law,
then each participant in the plan shall automatically be deemed to have
been a contributing Tier 1 member in the System's defined benefit plan
during the time in which he or she participated in the defined contribution
plan, and for that purpose the System shall be entitled to recover the
amounts in the participant's defined contribution accounts.

Sec. 17-116. Service retirement pension.

(a) Each teacher having 20 years of service upon attainment of age
55, or who thereafter attains age 55 shall be entitled to a service retirement
pension upon or after attainment of age 55; and each teacher in service on
or after July 1, 1971, with 5 or more but less than 20 years of service shall
be entitled to receive a service retirement pension upon or after attainment
of age 62.

(b) The service retirement pension for a teacher who retires on or
after June 25, 1971, at age 60 or over, shall be calculated as follows:

(1) For creditable service earned before July 1, 1998 that
has not been augmented under Section 17-119.1: 1.67% for each of
the first 10 years of service; 1.90% for each of the next 10 years of
service; 2.10% for each year of service in excess of 20 but not
exceeding 30; and 2.30% for each year of service in excess of 30,
based upon average salary as herein defined.

(2) For creditable service earned on or after July 1, 1998 by
a member who has at least 30 years of creditable service on July 1,
1998 and who does not elect to augment service under Section 17-
119.1: 2.3% of average salary for each year of creditable service
earned on or after July 1, 1998.

(3) For all other creditable service: 2.2% of average salary
for each year of creditable service.

(c) When computing such service retirement pensions, the
following conditions shall apply:

1. Average salary shall consist of the average annual rate of
salary for the 4 consecutive years of validated service within the
last 10 years of service when such average annual rate was highest.

New matter indicated by italics - deletions by strikeout
In the determination of average salary for retirement allowance purposes, for members who commenced employment after August 31, 1979, that part of the salary for any year shall be excluded which exceeds the annual full-time salary rate for the preceding year by more than 20%. In the case of a member who commenced employment before August 31, 1979 and who receives salary during any year after September 1, 1983 which exceeds the annual full time salary rate for the preceding year by more than 20%, an Employer and other employers of eligible contributors as defined in Section 17-106 shall pay to the Fund an amount equal to the present value of the additional service retirement pension resulting from such excess salary. The present value of the additional service retirement pension shall be computed by the Board on the basis of actuarial tables adopted by the Board. If a member elects to receive a pension from this Fund provided by Section 20-121, his salary under the State Universities Retirement System and the Teachers' Retirement System of the State of Illinois shall be considered in determining such average salary. Amounts paid after the effective date of this amendatory Act of 1991 for unused vacation time earned after that effective date shall not under any circumstances be included in the calculation of average salary or the annual rate of salary for the purposes of this Article.

2. Proportionate credit shall be given for validated service of less than one year.

3. For retirement at age 60 or over the pension shall be payable at the full rate.

4. For separation from service below age 60 to a minimum age of 55, the pension shall be discounted at the rate of 1/2 of one per cent for each month that the age of the contributor is less than 60, but a teacher may elect to defer the effective date of pension in order to eliminate or reduce this discount. This discount shall not be applicable to any participant who has at least 34 years of service or a retirement pension of at least 74.6% of average salary on the date the retirement annuity begins.

5. No additional pension shall be granted for service exceeding 45 years. Beginning June 26, 1971 no pension shall exceed the greater of $1,500 per month or 75% of average salary as herein defined.

New matter indicated by italics - deletions by strikeout
6. Service retirement pensions shall begin on the effective date of resignation, retirement, the day following the close of the payroll period for which service credit was validated, or the time the person resigning or retiring attains age 55, or on a date elected by the teacher, whichever shall be latest.

7. A member who is eligible to receive a retirement pension of at least 74.6% of average salary and will attain age 55 on or before December 31 during the year which commences on July 1 shall be deemed to attain age 55 on the preceding June 1.

8. A member retiring after the effective date of this amendatory Act of 1998 shall receive a pension equal to 75% of average salary if the member is qualified to receive a retirement pension equal to at least 74.6% of average salary under this Article or as proportional annuities under Article 20 of this Code.

9. In the case of a person who first becomes a participant on or after the effective date of this amendatory Act of the 98th General Assembly, payments for unused sick or vacation time shall not be used in the calculation of average salary.

Sec. 17-134. Contributions for leaves of absence; military service; computing service. In computing service for pension purposes the following periods of service shall stand in lieu of a like number of years of teaching service upon payment therefor in the manner hereinafter provided: (a) time spent on a leave of absence granted by the employer; (b) service with teacher or labor organizations based upon special leaves of absence therefor granted by an Employer; (c) a maximum of 5 years spent in the military service of the United States, of which up to 2 years may have been served outside the pension period; (d) unused sick days at termination of service to a maximum of 244 days; (e) time lost due to layoff and curtailment of the school term from June 6 through June 21, 1976; and (f) time spent after June 30, 1982 as a member of the Board of Education, if required to resign from an administrative or teaching position in order to qualify as a member of the Board of Education.

(1) For time spent on or after September 6, 1948 on sabbatical leaves of absence or sick leaves, for which salaries are paid, an Employer shall make payroll deductions at the applicable rates in effect during such periods.

New matter indicated by italics - deletions by strikeout
(2) For time spent on a leave of absence granted by the employer for which no salaries are paid, teachers desiring credit therefor shall pay the required contributions at the rates in effect during such periods as though they were in teaching service. If an Employer pays salary for vacations which occur during a teacher's sick leave or maternity or paternity leave without salary, vacation pay for which the teacher would have qualified while in active service shall be considered part of the teacher's total salary for pension purposes. No more than 36 months of leave credit may be allowed any person during the entire term of service. Sabbatical leave credit shall be limited to the time the person on leave without salary under an Employer's rules is allowed to engage in an activity for which he receives salary or compensation.

(3) For time spent prior to September 6, 1948, on sabbatical leaves of absence or sick leaves for which salaries were paid, teachers desiring service credit therefor shall pay the required contributions at the maximum applicable rates in effect during such periods.

(4) For service with teacher or labor organizations authorized by special leaves of absence, for which no payroll deductions are made by an Employer, teachers desiring service credit therefor shall contribute to the Fund upon the basis of the actual salary received from such organizations at the percentage rates in effect during such periods for certified positions with such Employer. To the extent the actual salary exceeds the regular salary, which shall be defined as the salary rate, as calculated by the Board, in effect for the teacher's regular position in teaching service on September 1, 1983 or on the effective date of the leave with the organization, whichever is later, the organization shall pay to the Fund the employer's normal cost as set by the Board on the increment. Notwithstanding any other provision of this subdivision (4), teachers are only eligible for credit for service under this subdivision (4) if the special leave of absence begins before January 5, 2012 (the effective date of Public Act 97-651) this amendatory Act of the 97th General Assembly.

(5) For time spent in the military service, teachers entitled to and desiring credit therefor shall contribute the amount required for each year of service or fraction thereof at the rates in force (a) at the date of appointment, or (b) on return to teaching service as a
regularly certified teacher, as the case may be; provided such rates shall not be less than $450 per year of service. These conditions shall apply unless an Employer elects to and does pay into the Fund the amount which would have been due from such person had he been employed as a teacher during such time. In the case of credit for military service not during the pension period, the teacher must also pay to the Fund an amount determined by the Board to be equal to the employer's normal cost of the benefits accrued from such service, plus interest thereon at 5% per year, compounded annually, from the date of appointment to the date of payment.

The changes to this Section made by Public Act 87-795 shall apply not only to persons who on or after its effective date are in service under the Fund, but also to persons whose status as a teacher terminated prior to that date, whether or not the person is an annuitant on that date. In the case of an annuitant who applies for credit allowable under this Section for a period of military service that did not immediately follow employment, and who has made the required contributions for such credit, the annuity shall be recalculated to include the additional service credit, with the increase taking effect on the date the Fund received written notification of the annuitant's intent to purchase the credit, if payment of all the required contributions is made within 60 days of such notice, or else on the first annuity payment date following the date of payment of the required contributions. In calculating the automatic annual increase for an annuity that has been recalculated under this Section, the increase attributable to the additional service allowable under this amendatory Act of 1991 shall be included in the calculation of automatic annual increases accruing after the effective date of the recalculation.

The total credit for military service shall not exceed 5 years, except that any teacher who on July 1, 1963, had validated credit for more than 5 years of military service shall be entitled to the total amount of such credit.

(6) For persons who first become teachers before the effective date of this amendatory Act of the 98th General Assembly, a maximum of 244 unused sick days credited to his account by an Employer on the date of termination of employment. Members, upon verification of unused sick days, may add this service time to total creditable service.

New matter indicated by italics - deletions by strikeout
(7) In all cases where time spent on leave is creditable and no payroll deductions therefor are made by an Employer, persons desiring service credit shall make the required contributions directly to the Fund.

(8) For time lost without pay due to layoff and curtailment of the school term from June 6 through June 21, 1976, as provided in item (e) of the first paragraph of this Section, persons who were contributors on the days immediately preceding such layoff shall receive credit upon paying to the Fund a contribution based on the rates of compensation and employee contributions in effect at the time of such layoff, together with an additional amount equal to 12.2% of the compensation computed for such period of layoff, plus interest on the entire amount at 5% per annum from January 1, 1978 to the date of payment. If such contribution is paid, salary for pension purposes for any year in which such a layoff occurred shall include the compensation recognized for purposes of computing that contribution.

(9) For time spent after June 30, 1982, as a nonsalaried member of the Board of Education, if required to resign from an administrative or teaching position in order to qualify as a member of the Board of Education, an administrator or teacher desiring credit therefor shall pay the required contributions at the rates and salaries in effect during such periods as though the member were in service.

Effective September 1, 1974, the interest charged for validation of service described in paragraphs (2) through (5) of this Section shall be compounded annually at a rate of 5% commencing one year after the termination of the leave or return to service.

(a) "Final average salary": The average (or other) salary which is considered by a participating system in determining the amount of the retirement annuity or survivor's annuity.

(b) Earnings credits under all participating systems shall be considered by each system in determining final average salary, but subject to the limitations imposed by this amendatory Act of the 98th General Assembly for a participant in a defined contribution plan established under Article 2, 14, 15, or 16 of this Code. Sec. 20-121. Calculation of proportional retirement annuities.

(a) Upon retirement of the employee, a proportional retirement annuity shall be computed by each participating system in which pension credit has been established on the basis of pension credits under each system. The computation shall be in accordance with the formula or method prescribed by each participating system which is in effect at the date of the employee's latest withdrawal from service covered by any of the systems in which he has pension credits which he elects to have considered under this Article. However, the amount of any retirement annuity payable under the self-managed plan established under Section 15-158.2 of this Code or under the defined contribution plan established under Article 2, 14, 15, or 16 of this Code depends solely on the value of the participant's vested account balances and is not subject to any proportional adjustment under this Section.

(a-5) For persons who participate in a defined contribution plan established under Article 2, 14, 15, or 16 of this Code to whom the provisions of this Article apply, the pension credits established under the defined contribution plan may be considered in determining eligibility for or the amount of the defined benefit retirement annuity that is payable by any other participating system.

(b) Combined pension credit under all retirement systems subject to this Article shall be considered in determining whether the minimum qualification has been met and the formula or method of computation which shall be applied, except as may be otherwise provided with respect to vesting in State or employer contributions in a defined contribution plan. If a system has a step-rate formula for calculation of the retirement annuity, pension credits covering previous service which have been established under another system shall be considered in determining which range or ranges of the step-rate formula are to be applicable to the employee.

(c) Interest on pension credit shall continue to accumulate in accordance with the provisions of the law governing the retirement system in which the same has been established during the time an employee is in the service of another employer, on the assumption such employee, for
interest purposes for pension credit, is continuing in the service covered by such retirement system.

Sec. 20-123. Survivor's annuity. The provisions governing a retirement annuity shall be applicable to a survivor's annuity. Appropriate credits shall be established for survivor's annuity purposes in those participating systems which provide survivor's annuities, according to the same conditions and subject to the same limitations and restrictions herein prescribed for a retirement annuity. If a participating system has no survivor's annuity benefit, or if the survivor's annuity benefit under that system is waived, pension credit established in that system shall not be considered in determining eligibility for or the amount of the survivor's annuity which may be payable by any other participating system.

For persons who participate in the self-managed plan established under Section 15-158.2 or the portable benefit package established under Section 15-136.4, pension credit established under Article 15 may be considered in determining eligibility for or the amount of the survivor's annuity that is payable by any other participating system, but pension credit established in any other system shall not result in any right to a survivor's annuity under the Article 15 system.

For persons who participate in a defined contribution plan established under Article 2, 14, 15, or 16 of this Code to whom the provisions of this Article apply, the pension credits established under the defined contribution plan may be considered in determining eligibility for or the amount of the defined benefit survivor's annuity that is payable by any other participating system, but pension credits established in any other system shall not result in any right to or increase in the value of a survivor's annuity under the defined contribution plan, which depends solely on the options chosen and the value of the participant's vested account balances and is not subject to any proportional adjustment under this Section.

Sec. 20-124. Maximum benefits.

(a) In no event shall the combined retirement or survivors annuities exceed the highest annuity which would have been payable by any participating system in which the employee has pension credits, if all of his pension credits had been validated in that system.

New matter indicated by italics - deletions by strikeout
If the combined annuities should exceed the highest maximum as determined in accordance with this Section, the respective annuities shall be reduced proportionately according to the ratio which the amount of each proportional annuity bears to the aggregate of all such annuities.

(b) In the case of a participant in the self-managed plan established under Section 15-158.2 of this Code to whom the provisions of this Article apply:

(i) For purposes of calculating the combined retirement annuity and the proportionate reduction, if any, in a retirement annuity other than one payable under the self-managed plan, the amount of the Article 15 retirement annuity shall be deemed to be the highest annuity to which the annuitant would have been entitled if he or she had participated in the traditional benefit package as defined in Section 15-103.1 rather than the self-managed plan.

(ii) For purposes of calculating the combined survivor's annuity and the proportionate reduction, if any, in a survivor's annuity other than one payable under the self-managed plan, the amount of the Article 15 survivor's annuity shall be deemed to be the highest survivor's annuity to which the survivor would have been entitled if the deceased employee had participated in the traditional benefit package as defined in Section 15-103.1 rather than the self-managed plan.

(iii) Benefits payable under the self-managed plan are not subject to proportionate reduction under this Section.

(c) In the case of a participant in a defined contribution plan established under Article 2, 14, 15, or 16 of this Code to whom the provisions of this Article apply:

mental treatment operates as a suspension of that license. That person may resume their practice only upon the entry of a Departmental order based upon a finding by the Disciplinary Board that they have been determined to be recovered from mental illness by the court and upon the Disciplinary Board's recommendation that they be permitted to resume their practice.

The Department may refuse to issue or take disciplinary action concerning the license of any person who fails to file a return, or to pay the tax, penalty or interest shown in a filed return, or to pay any final assessment of tax, penalty or interest, as required by any tax Act administered by the Illinois Department of Revenue, until such time as the requirements of any such tax Act are satisfied as determined by the Illinois Department of Revenue.

The Department, upon the recommendation of the Disciplinary Board, shall adopt rules which set forth standards to be used in determining:

(a) when a person will be deemed sufficiently rehabilitated to warrant the public trust;

(b) what constitutes dishonorable, unethical or unprofessional conduct of a character likely to deceive, defraud, or harm the public;

(c) what constitutes immoral conduct in the commission of any act, including, but not limited to, commission of an act of sexual misconduct related to the licensee's practice; and

(d) what constitutes gross negligence in the practice of medicine.

However, no such rule shall be admissible into evidence in any civil action except for review of a licensing or other disciplinary action under this Act.

In enforcing this Section, the Disciplinary Board or the Licensing Board, upon a showing of a possible violation, may compel, in the case of the Disciplinary Board, any individual who is licensed to practice under this Act or holds a permit to practice under this Act, or, in the case of the Licensing Board, any individual who has applied for licensure or a permit pursuant to this Act, to submit to a mental or physical examination and evaluation, or both, which may include a substance abuse or sexual offender evaluation, as required by the Licensing Board or Disciplinary Board and at the expense of the Department. The Disciplinary Board or Licensing Board shall specifically designate the examining physician licensed to practice medicine in all of its branches or, if applicable, the
multidisciplinary team involved in providing the mental or physical examination and evaluation, or both. The multidisciplinary team shall be led by a physician licensed to practice medicine in all of its branches and may consist of one or more or a combination of physicians licensed to practice medicine in all of its branches, licensed chiropractic physicians, licensed clinical psychologists, licensed clinical social workers, licensed clinical professional counselors, and other professional and administrative staff. Any examining physician or member of the multidisciplinary team may require any person ordered to submit to an examination and evaluation pursuant to this Section to submit to any additional supplemental testing deemed necessary to complete any examination or evaluation process, including, but not limited to, blood testing, urinalysis, psychological testing, or neuropsychological testing. The Disciplinary Board, the Licensing Board, or the Department may order the examining physician or any member of the multidisciplinary team to provide to the Department, the Disciplinary Board, or the Licensing Board any and all records, including business records, that relate to the examination and evaluation, including any supplemental testing performed. The Disciplinary Board, the Licensing Board, or the Department may order the examining physician or any member of the multidisciplinary team to present testimony concerning this examination and evaluation of the licensee, permit holder, or applicant, including testimony concerning any supplemental testing or documents relating to the examination and evaluation. No information, report, record, or other documents in any way related to the examination and evaluation shall be excluded by reason of any common law or statutory privilege relating to communication between the licensee or applicant and the examining physician or any member of the multidisciplinary team. No authorization is necessary from the licensee, permit holder, or applicant ordered to undergo an evaluation and examination for the examining physician or any member of the multidisciplinary team to provide information, reports, records, or other documents or to provide any testimony regarding the examination and evaluation. The individual to be examined may have, at his or her own expense, another physician of his or her choice present during all aspects of the examination. Failure of any individual to submit to mental or physical examination and evaluation, or both, when directed, shall result in an automatic suspension, without hearing, until such time as the individual submits to the examination. If the Disciplinary Board finds a physician unable to practice because of the reasons set forth in this Section, the

Disciplinary Board shall require such physician to submit to care, counseling, or treatment by physicians approved or designated by the Disciplinary Board, as a condition for continued, reinstated, or renewed licensure to practice. Any physician, whose license was granted pursuant to Sections 9, 17, or 19 of this Act, or, continued, reinstated, renewed, disciplined or supervised, subject to such terms, conditions or restrictions who shall fail to comply with such terms, conditions or restrictions, or to complete a required program of care, counseling, or treatment, as determined by the Chief Medical Coordinator or Deputy Medical Coordinators, shall be referred to the Secretary for a determination as to whether the licensee shall have their license suspended immediately, pending a hearing by the Disciplinary Board. In instances in which the Secretary immediately suspends a license under this Section, a hearing upon such person's license must be convened by the Disciplinary Board within 15 days after such suspension and completed without appreciable delay. The Disciplinary Board shall have the authority to review the subject physician's record of treatment and counseling regarding the impairment, to the extent permitted by applicable federal statutes and regulations safeguarding the confidentiality of medical records.

An individual licensed under this Act, affected under this Section, shall be afforded an opportunity to demonstrate to the Disciplinary Board that they can resume practice in compliance with acceptable and prevailing standards under the provisions of their license.

The Department may promulgate rules for the imposition of fines in disciplinary cases, not to exceed $10,000 for each violation of this Act. Fines may be imposed in conjunction with other forms of disciplinary action, but shall not be the exclusive disposition of any disciplinary action arising out of conduct resulting in death or injury to a patient. Any funds collected from such fines shall be deposited in the Medical Disciplinary Fund.

_all fines imposed under this Section shall be paid within 60 days after the effective date of the order imposing the fine or in accordance with the terms set forth in the order imposing the fine._

(B) The Department shall revoke the license or permit issued under this Act to practice medicine or a chiropractic physician who has been convicted a second time of committing any felony under the Illinois Controlled Substances Act or the Methamphetamine Control and Community Protection Act, or who has been convicted a second time of committing a Class 1 felony under Sections 8A-3 and 8A-6 of the Illinois

Public Aid Code. A person whose license or permit is revoked under this subsection B shall be prohibited from practicing medicine or treating human ailments without the use of drugs and without operative surgery.

(C) The Disciplinary Board shall recommend to the Department civil penalties and any other appropriate discipline in disciplinary cases when the Board finds that a physician willfully performed an abortion with actual knowledge that the person upon whom the abortion has been performed is a minor or an incompetent person without notice as required under the Parental Notice of Abortion Act of 1995. Upon the Board's recommendation, the Department shall impose, for the first violation, a civil penalty of $1,000 and for a second or subsequent violation, a civil penalty of $5,000.

Sec. 23. Reports relating to professional conduct and capacity.
(A) Entities required to report.

(1) Health care institutions. The chief administrator or executive officer of any health care institution licensed by the Illinois Department of Public Health shall report to the Disciplinary Board when any person's clinical privileges are terminated or are restricted based on a final determination made in accordance with that institution's by-laws or rules and regulations that a person has either committed an act or acts which may directly threaten patient care or that a person may be mentally or physically disabled in such a manner as to endanger patients under that person's care. Such officer also shall report if a person accepts voluntary termination or restriction of clinical privileges in lieu of formal action based upon conduct related directly to patient care or in lieu of formal action seeking to determine whether a person may be mentally or physically disabled in such a manner as to endanger patients under that person's care. The Disciplinary Board shall, by rule, provide for the reporting to it by health care institutions of all instances in which a person, licensed under this Act, who is impaired by reason of age, drug or alcohol abuse or physical or mental impairment, is under supervision and, where appropriate, is in a program of rehabilitation. Such reports shall be strictly confidential and may be reviewed and considered only by the

members of the Disciplinary Board, or by authorized staff as provided by rules of the Disciplinary Board. Provisions shall be made for the periodic report of the status of any such person not less than twice annually in order that the Disciplinary Board shall have current information upon which to determine the status of any such person. Such initial and periodic reports of impaired physicians shall not be considered records within the meaning of The State Records Act and shall be disposed of, following a determination by the Disciplinary Board that such reports are no longer required, in a manner and at such time as the Disciplinary Board shall determine by rule. The filing of such reports shall be construed as the filing of a report for purposes of subsection (C) of this Section.

(1.5) Clinical training programs. The program director of any post-graduate clinical training program shall report to the Disciplinary Board if a person engaged in a post-graduate clinical training program at the institution, including, but not limited to, a residency or fellowship, separates from the program for any reason prior to its conclusion. The program director shall provide all documentation relating to the separation if, after review of the report, the Disciplinary Board determines that a review of those documents is necessary to determine whether a violation of this Act occurred.

(2) Professional associations. The President or chief executive officer of any association or society, of persons licensed under this Act, operating within this State shall report to the Disciplinary Board when the association or society renders a final determination that a person has committed unprofessional conduct related directly to patient care or that a person may be mentally or physically disabled in such a manner as to endanger patients under that person's care.

(3) Professional liability insurers. Every insurance company which offers policies of professional liability insurance to persons licensed under this Act, or any other entity which seeks to indemnify the professional liability of a person licensed under this Act, shall report to the Disciplinary Board the settlement of any claim or cause of action, or final judgment rendered in any cause of action, which alleged negligence in the furnishing of medical care

(4) State's Attorneys. The State's Attorney of each county shall report to the Disciplinary Board, within 5 days, any instances in which a person licensed under this Act is convicted of any felony or Class A misdemeanor. The State's Attorney of each county may report to the Disciplinary Board through a verified complaint any instance in which the State's Attorney believes that a physician has willfully violated the notice requirements of the Parental Notice of Abortion Act of 1995.

(5) State agencies. All agencies, boards, commissions, departments, or other instrumentalities of the government of the State of Illinois shall report to the Disciplinary Board any instance arising in connection with the operations of such agency, including the administration of any law by such agency, in which a person licensed under this Act has either committed an act or acts which may be a violation of this Act or which may constitute unprofessional conduct related directly to patient care or which indicates that a person licensed under this Act may be mentally or physically disabled in such a manner as to endanger patients under that person's care.

(B) Mandatory reporting. All reports required by items (34), (35), and (36) of subsection (A) of Section 22 and by Section 23 shall be submitted to the Disciplinary Board in a timely fashion. Unless otherwise provided in this Section, the reports shall be filed in writing within 60 days after a determination that a report is required under this Act. All reports shall contain the following information:

(1) The name, address and telephone number of the person making the report.

(2) The name, address and telephone number of the person who is the subject of the report.

(3) The name and date of birth of any patient or patients whose treatment is a subject of the report, if available, or other means of identification if such information is not available, identification of the hospital or other healthcare facility where the care at issue in the report was rendered, provided, however, no medical records may be revealed.

New matter indicated by italics - deletions by strikeout
(4) A brief description of the facts which gave rise to the issuance of the report, including the dates of any occurrences deemed to necessitate the filing of the report.

(5) If court action is involved, the identity of the court in which the action is filed, along with the docket number and date of filing of the action.

(6) Any further pertinent information which the reporting party deems to be an aid in the evaluation of the report.

The Disciplinary Board or Department may also exercise the power under Section 38 of this Act to subpoena copies of hospital or medical records in mandatory report cases alleging death or permanent bodily injury. Appropriate rules shall be adopted by the Department with the approval of the Disciplinary Board.

When the Department has received written reports concerning incidents required to be reported in items (34), (35), and (36) of subsection (A) of Section 22, the licensee's failure to report the incident to the Department under those items shall not be the sole grounds for disciplinary action.

Nothing contained in this Section shall act to in any way, waive or modify the confidentiality of medical reports and committee reports to the extent provided by law. Any information reported or disclosed shall be kept for the confidential use of the Disciplinary Board, the Medical Coordinators, the Disciplinary Board's attorneys, the medical investigative staff, and authorized clerical staff, as provided in this Act, and shall be afforded the same status as is provided information concerning medical studies in Part 21 of Article VIII of the Code of Civil Procedure, except that the Department may disclose information and documents to a federal, State, or local law enforcement agency pursuant to a subpoena in an ongoing criminal investigation or to a health care licensing body or medical licensing authority of this State or another state or jurisdiction pursuant to an official request made by that licensing body or medical licensing authority. Furthermore, information and documents disclosed to a federal, State, or local law enforcement agency may be used by that agency only for the investigation and prosecution of a criminal offense, or, in the case of disclosure to a health care licensing body or medical licensing authority, only for investigations and disciplinary action proceedings with regard to a license. Information and documents disclosed to the Department of Public Health may be used by that Department only
for investigation and disciplinary action regarding the license of a health care institution licensed by the Department of Public Health.

(C) Immunity from prosecution. Any individual or organization acting in good faith, and not in a wilful and wanton manner, in complying with this Act by providing any report or other information to the Disciplinary Board or a peer review committee, or assisting in the investigation or preparation of such information, or by voluntarily reporting to the Disciplinary Board or a peer review committee information regarding alleged errors or negligence by a person licensed under this Act, or by participating in proceedings of the Disciplinary Board or a peer review committee, or by serving as a member of the Disciplinary Board or a peer review committee, shall not, as a result of such actions, be subject to criminal prosecution or civil damages.

(D) Indemnification. Members of the Disciplinary Board, the Licensing Board, the Medical Coordinators, the Disciplinary Board's attorneys, the medical investigative staff, physicians retained under contract to assist and advise the medical coordinators in the investigation, and authorized clerical staff shall be indemnified by the State for any actions occurring within the scope of services on the Disciplinary Board or Licensing Board, done in good faith and not wilful and wanton in nature. The Attorney General shall defend all such actions unless he or she determines either that there would be a conflict of interest in such representation or that the actions complained of were not in good faith or were wilful and wanton.

Should the Attorney General decline representation, the member shall have the right to employ counsel of his or her choice, whose fees shall be provided by the State, after approval by the Attorney General, unless there is a determination by a court that the member's actions were not in good faith or were wilful and wanton.

The member must notify the Attorney General within 7 days of receipt of notice of the initiation of any action involving services of the Disciplinary Board. Failure to so notify the Attorney General shall constitute an absolute waiver of the right to a defense and indemnification.

The Attorney General shall determine within 7 days after receiving such notice, whether he or she will undertake to represent the member.

(E) Deliberations of Disciplinary Board. Upon the receipt of any report called for by this Act, other than those reports of impaired persons licensed under this Act required pursuant to the rules of the Disciplinary Board, the Disciplinary Board shall notify in writing, by certified mail, the

New matter indicated by italics - deletions by strikeout
person who is the subject of the report. Such notification shall be made within 30 days of receipt by the Disciplinary Board of the report.

The notification shall include a written notice setting forth the person's right to examine the report. Included in such notification shall be the address at which the file is maintained, the name of the custodian of the reports, and the telephone number at which the custodian may be reached. The person who is the subject of the report shall submit a written statement responding, clarifying, adding to, or proposing the amending of the report previously filed. The person who is the subject of the report shall also submit with the written statement any medical records related to the report. The statement and accompanying medical records shall become a permanent part of the file and must be received by the Disciplinary Board no more than 30 days after the date on which the person was notified by the Disciplinary Board of the existence of the original report.

The Disciplinary Board shall review all reports received by it, together with any supporting information and responding statements submitted by persons who are the subject of reports. The review by the Disciplinary Board shall be in a timely manner but in no event, shall the Disciplinary Board's initial review of the material contained in each disciplinary file be less than 61 days nor more than 180 days after the receipt of the initial report by the Disciplinary Board.

When the Disciplinary Board makes its initial review of the materials contained within its disciplinary files, the Disciplinary Board shall, in writing, make a determination as to whether there are sufficient facts to warrant further investigation or action. Failure to make such determination within the time provided shall be deemed to be a determination that there are not sufficient facts to warrant further investigation or action.

Should the Disciplinary Board find that there are not sufficient facts to warrant further investigation, or action, the report shall be accepted for filing and the matter shall be deemed closed and so reported to the Secretary. The Secretary shall then have 30 days to accept the Disciplinary Board's decision or request further investigation. The Secretary shall inform the Board of the decision to request further investigation, including the specific reasons for the decision. The individual or entity filing the original report or complaint and the person who is the subject of the report or complaint shall be notified in writing by the Secretary of any final action on their report or complaint. The Department shall disclose to the individual or entity who filed the original report or complaint, on request,
the status of the Disciplinary Board's review of a specific report or complaint. Such request may be made at any time, including prior to the Disciplinary Board's determination as to whether there are sufficient facts to warrant further investigation or action.

(F) Summary reports. The Disciplinary Board shall prepare, on a timely basis, but in no event less than once every other month, a summary report of final disciplinary actions taken upon disciplinary files maintained by the Disciplinary Board. The summary reports shall be made available to the public upon request and payment of the fees set by the Department. This publication may be made available to the public on the Department's website. Information or documentation relating to any disciplinary file that is closed without disciplinary action taken shall not be disclosed and shall be afforded the same status as is provided by Part 21 of Article VIII of the Code of Civil Procedure.

(G) Any violation of this Section shall be a Class A misdemeanor.

(H) If any such person violates the provisions of this Section an action may be brought in the name of the People of the State of Illinois, through the Attorney General of the State of Illinois, for an order enjoining such violation or for an order enforcing compliance with this Section. Upon filing of a verified petition in such court, the court may issue a temporary restraining order without notice or bond and may preliminarily or permanently enjoin such violation, and if it is established that such person has violated or is violating the injunction, the court may punish the offender for contempt of court. Proceedings under this paragraph shall be in addition to, and not in lieu of, all other remedies and penalties provided for by this Section.

Section 5. The Public Utilities Act is amended by changing Section 2-203 as follows:

(220 ILCS 5/2-203)

(Section scheduled to be repealed on January 1, 2014)

Sec. 2-203. Public Utility Fund base maintenance contribution. Each electric utility as defined in Section 16-102 of this Act providing service to more than 12,500 customers in this State on January 1, 1995 shall contribute annually a pro rata share of a total amount of $5,500,000 based upon the number of kilowatt-hours delivered to retail customers within this State by each such electric utility in the 12 months preceding the year of contribution. On or before May 1 of each year, the Illinois Commerce Commission shall determine and notify the Illinois Department of Revenue of the pro rata share owed by each electric utility based upon information supplied annually to the Commission. On or before June 1 of each year, the Department of Revenue shall send written notification to each electric utility of the amount of pro rata share they owe. These contributions shall be remitted to the Department of Revenue no earlier than July 1 and no later than July 31 of each year the contribution is due on a return prescribed and furnished by the Department of Revenue showing such information as the Department of Revenue may reasonably require. The Department of Revenue shall place the funds remitted under this Section in the Public Utility Fund in the State treasury. The funds received pursuant to this Section shall be subject to appropriation by the General Assembly. If an electric utility does not remit its pro rata share to the Department of Revenue, the Department of Revenue must inform the Illinois Commerce Commission of such failure. The Illinois Commerce Commission may then revoke the certification of that electric utility. This Section is repealed on January 1, 2015.

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Sections 21-5b and 21-5c as follows:

(105 ILCS 5/21-5b)
(Section scheduled to be repealed on January 1, 2016)

Sec. 21-5b. Alternative certification. The State Board of Education, in consultation with the State Teacher Certification Board, shall establish and implement an alternative certification program under which persons who meet the requirements of and successfully complete the program established by this Section shall be issued an alternative teaching certificate for teaching in the schools. The program shall be limited to not more than 260 new participants during each year that the program is in effect. The State Board of Education, in cooperation with one or more not-for-profit organizations in the State that support excellence in teaching, which may be in partnership with a university that offers 4-year baccalaureate and masters degree programs and that is a recognized institution as defined in Section 21B-105 of this Code, may within 30 days after submission by the program sponsor approve a course of study developed by the program sponsor that persons in the program must successfully complete in order to satisfy one criterion for issuance of an alternative certificate under this Section. The Alternative Teacher Certification program course of study must include content and skills which have been approved by the State Board of Education, in consultation with the State Teacher Certification Board, as meeting the requirement for State teacher certification.

The alternative certification program established under this Section shall be known as the Alternative Teacher Certification program. The Alternative Teacher Certification Program shall be offered by the submitting partnership, and such partnership may be offered by one or more not-for-profit organizations in the State which support excellence in teaching. The program shall be comprised of the following 3 phases: (a) the first phase is the course of study offered on an intensive basis in education theory, instructional methods, and practice teaching; (b) the second phase is the person's assignment to a full-time teaching position for
one school year; and (c) the third phase is a comprehensive assessment of
the person's teaching performance by school officials and the partnership
participants and a recommendation by the program sponsor to the State
Board of Education that the person be issued a standard alternative
teaching certificate. Successful completion of the Alternative Teacher
Certification program shall be deemed to satisfy any other practice or
student teaching and subject matter requirements established by law.

A provisional alternative teaching certificate, valid for one year of
teaching in the common schools and not renewable, shall be issued under
this Section 21-5b to persons who at the time of applying for the
provisional alternative teaching certificate under this Section:

(1) have graduated from an accredited college or university
with a bachelor's degree;

(2) have successfully completed the first phase of the
Alternative Teacher Certification program as provided in this
Section;

(3) have passed the tests of basic skills and subject matter
knowledge required by Section 21-1a; and

(4) (i) have been employed for a period of at least 5 years in
an area requiring application of the individual's education or (ii)
have attained at least a cumulative grade average of a "B" if the
individual is assigned either to a school district that has not met the
annual measurable objective for highly qualified teachers required
by the Illinois Revised Highly Qualified Teachers (HQT) Plan or to
a school district whose data filed with the State Board of Education
indicates that the district's poor and minority students are taught by
teachers who are not highly qualified at a higher rate than other
students; however, this item (4) does not apply with respect to a
provisional alternative teaching certificate for teaching in schools
situated in a school district that is located in a city having a
population in excess of 500,000 inhabitants. Assignment may be
made under clause (ii) of this item (4) only if the district
superintendent and the exclusive bargaining representative of the
district's teachers, if any, jointly agree to permit the assignment.

A person possessing a provisional alternative certificate under this
Section shall be treated as a regularly certified teacher for purposes of
compensation, benefits, and other terms and conditions of employment
afforded teachers in the school who are members of a bargaining unit
represented by an exclusive bargaining representative, if any.

Until February 15, 2000, a standard alternative teaching certificate, valid for 4 years for teaching in the schools and renewable as provided in Section 21-14, shall be issued under this Section 21-5b to persons who first complete the requirements for the provisional alternative teaching certificate and who at the time of applying for a standard alternative teaching certificate under this Section have successfully completed the second and third phases of the Alternative Teacher Certification program as provided in this Section. Alternatively, beginning February 15, 2000, at the end of the 4-year validity period, persons who were issued a standard alternative teaching certificate shall be eligible, on the same basis as holders of an Initial Teaching Certificate issued under subsection (b) of Section 21-2 of this Code, to apply for a Standard Teaching Certificate, provided they meet the requirements of subsection (c) of Section 21-2 of this Code and further provided that a person who does not apply for and receive a Standard Teaching Certificate shall be able to teach only in schools situated in a school district that is located in a city having a population in excess of 500,000 inhabitants.

Beginning February 15, 2000, persons who have completed the requirements for a standard alternative teaching certificate under this Section shall be issued an Initial Alternative Teaching Certificate valid for 4 years of teaching and not renewable. At the end of the 4-year validity period, these persons shall be eligible, on the same basis as holders of an Initial Teaching Certificate issued under subsection (b) of Section 21-2 of this Code, to apply for a Standard Teaching Certificate, provided they meet the requirements of subsection (c) of Section 21-2.

Such alternative certification program shall be implemented so that the first provisional alternative teaching certificates issued under this Section are effective upon the commencement of the 1997-1998 academic year and the first standard alternative teaching certificates issued under this Section are effective upon the commencement of the 1998-1999 academic year.

The State Board of Education, in cooperation with the partnership or partnerships establishing such Alternative Teacher Certification programs, shall adopt rules and regulations that are consistent with this Section and that the State Board of Education deems necessary to establish and implement the program.

No one may be admitted to an alternative certification program under this Section after September 1, 2014, and those alternative certification candidates who are admitted on or before September 1, 2014...
must complete their coursework before January 1, 2016, except that candidates admitted to an alternative certification program at Governors State University and participants in the Teacher Quality Partnership Grant program must be admitted on or before March 31, 2014, complete their coursework on or before August 31, 2015; and be entitled to certification on or before September 30, 2016. An alternative certification program at Governors State University shall provide the State Board of Education with the names of the candidates who will be eligible for certification under this exception.

This Section is repealed on January 1, 2017.

The State Board of Education, in consultation with the State Teacher Certification Board, shall establish and implement one or more alternative route to teacher certification programs under which persons who meet the requirements of and successfully complete the programs established by this Section shall be issued an initial teaching certificate for teaching in schools in this State. The State Board of Education may approve a course of study that persons in such programs must successfully complete in order to satisfy one criterion for issuance of a certificate under this Section. The Alternative Route to Teacher Certification programs course of study must include content and skills which have been approved by the State Board of Education, in consultation with the State Teacher Certification Board, as meeting the requirement for State teacher certification.

An initial teaching certificate, valid for teaching in the common schools, shall be issued under Section 21-3 or 21-5 to persons who first complete the requirements for the provisional alternative teaching certificate and who at the time of applying for an initial teaching certificate have successfully completed the second and third phases of the Alternative Route to Teacher Certification program as provided in this Section.

A person possessing a provisional alternative certificate or an initial teaching certificate earned under this Section shall be treated as a regularly certified teacher for purposes of compensation, benefits, and other terms and conditions of employment afforded teachers in the school who are members of a bargaining unit represented by an exclusive bargaining representative, if any.

The State Board of Education may adopt rules and regulations that are consistent with this Section and that the State Board deems necessary to establish and implement the program.

No one may be admitted to an alternative certification program under this Section after September 1, 2013, and those alternative certification candidates who are admitted on or before June 30, 2014 must complete their coursework before January 1, 2016, except that candidates admitted to an alternative certification program at Governors State University and participants in the...
Teacher Quality Partnership Grant program must be admitted on or before March 31, 2014, complete their coursework on or before August 31, 2015, and be entitled to certification on or before September 30, 2016. PUBLIC ACT 98-0604
(Senate Bill No. 0635)

AN ACT concerning regulation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Public Utilities Act is amended by changing Section 8-104 as follows:

(220 ILCS 5/8-104)

Sec. 8-104. Natural gas energy efficiency programs.

(a) It is the policy of the State that natural gas utilities and the Department of Commerce and Economic Opportunity are required to use cost-effective energy efficiency to reduce direct and indirect costs to consumers. It serves the public interest to allow natural gas utilities to recover costs for reasonably and prudently incurred expenses for cost-effective energy efficiency measures.

(b) For purposes of this Section, "energy efficiency" means measures that reduce the amount of energy required to achieve a given end use. "Energy efficiency" also includes measures that reduce the total Btus of electricity and natural gas needed to meet the end use or uses. "Cost-effective" means that the measures satisfy the total resource cost test which, for purposes of this Section, means a standard that is met if, for an investment in energy efficiency, the benefit-cost ratio is greater than one. The benefit-cost ratio is the ratio of the net present value of the total benefits of the measures to the net present value of the total costs as calculated over the lifetime of the measures. The total resource cost test

compares the sum of avoided natural gas utility costs, representing the benefits that accrue to the system and the participant in the delivery of those efficiency measures, as well as other quantifiable societal benefits, including avoided electric utility costs, to the sum of all incremental costs of end use measures (including both utility and participant contributions), plus costs to administer, deliver, and evaluate each demand-side measure, to quantify the net savings obtained by substituting demand-side measures for supply resources. In calculating avoided costs, reasonable estimates shall be included for financial costs likely to be imposed by future regulation of emissions of greenhouse gases. The low-income programs described in item (4) of subsection (f) of this Section shall not be required to meet the total resource cost test.

(c) Natural gas utilities shall implement cost-effective energy efficiency measures to meet at least the following natural gas savings requirements, which shall be based upon the total amount of gas delivered to retail customers, other than the customers described in subsection (m) of this Section, during calendar year 2009 multiplied by the applicable percentage. Natural gas utilities may comply with this Section by meeting the annual incremental savings goal in the applicable year or by showing that total cumulative annual savings within a 3-year planning period associated with measures implemented after May 31, 2011 were equal to the sum of each annual incremental savings requirement from May 31, 2011 through the end of the applicable year:

(1) 0.2% by May 31, 2012;
(2) an additional 0.4% by May 31, 2013, increasing total savings to .6%;
(3) an additional 0.6% by May 31, 2014, increasing total savings to 1.2%;
(4) an additional 0.8% by May 31, 2015, increasing total savings to 2.0%;
(5) an additional 1% by May 31, 2016, increasing total savings to 3.0%;
(6) an additional 1.2% by May 31, 2017, increasing total savings to 4.2%;
(7) an additional 1.4% by May 31, 2018, increasing total savings to 5.6%;
(8) an additional 1.5% by May 31, 2019, increasing total savings to 7.1%; and
(9) an additional 1.5% in each 12-month period thereafter.

New matter indicated by italics - deletions by strikeout
(d) Notwithstanding the requirements of subsection (c) of this Section, a natural gas utility shall limit the amount of energy efficiency implemented in any 3-year reporting period established by subsection (f) of Section 8-104 of this Act, by an amount necessary to limit the estimated average increase in the amounts paid by retail customers in connection with natural gas service to no more than 2% in the applicable 3-year reporting period. The energy savings requirements in subsection (c) of this Section may be reduced by the Commission for the subject plan, if the utility demonstrates by substantial evidence that it is highly unlikely that the requirements could be achieved without exceeding the applicable spending limits in any 3-year reporting period. No later than September 1, 2013, the Commission shall review the limitation on the amount of energy efficiency measures implemented pursuant to this Section and report to the General Assembly, in the report required by subsection (k) of this Section, its findings as to whether that limitation unduly constrains the procurement of energy efficiency measures.

(e) Natural gas utilities shall be responsible for overseeing the design, development, and filing of their efficiency plans with the Commission. The utility shall utilize 75% of the available funding associated with energy efficiency programs approved by the Commission, and may outsource various aspects of program development and implementation. The remaining 25% of available funding shall be used by the Department of Commerce and Economic Opportunity to implement energy efficiency measures that achieve no less than 20% of the requirements of subsection (c) of this Section. Such measures shall be designed in conjunction with the utility and approved by the Commission. The Department may outsource development and implementation of energy efficiency measures. A minimum of 10% of the entire portfolio of cost-effective energy efficiency measures shall be procured from local government, municipal corporations, school districts, and community college districts. Five percent of the entire portfolio of cost-effective energy efficiency measures may be granted to local government and municipal corporations for market transformation initiatives. The Department shall coordinate the implementation of these measures and shall integrate delivery of natural gas efficiency programs with electric efficiency programs delivered pursuant to Section 8-103 of this Act, unless the Department can show that integration is not feasible.

The apportionment of the dollars to cover the costs to implement the Department's share of the portfolio of energy efficiency measures shall
be made to the Department once the Department has executed rebate agreements, grants, or contracts for energy efficiency measures and provided supporting documentation for those rebate agreements, grants, and contracts to the utility. The Department is authorized to adopt any rules necessary and prescribe procedures in order to ensure compliance by applicants in carrying out the purposes of rebate agreements for energy efficiency measures implemented by the Department made under this Section.

The details of the measures implemented by the Department shall be submitted by the Department to the Commission in connection with the utility's filing regarding the energy efficiency measures that the utility implements.

A utility providing approved energy efficiency measures in this State shall be permitted to recover costs of those measures through an automatic adjustment clause tariff filed with and approved by the Commission. The tariff shall be established outside the context of a general rate case and shall be applicable to the utility's customers other than the customers described in subsection (m) of this Section. Each year the Commission shall initiate a review to reconcile any amounts collected with the actual costs and to determine the required adjustment to the annual tariff factor to match annual expenditures.

Each utility shall include, in its recovery of costs, the costs estimated for both the utility's and the Department's implementation of energy efficiency measures. Costs collected by the utility for measures implemented by the Department shall be submitted to the Department pursuant to Section 605-323 of the Civil Administrative Code of Illinois, shall be deposited into the Energy Efficiency Portfolio Standards Fund, and shall be used by the Department solely for the purpose of implementing these measures. A utility shall not be required to advance any moneys to the Department but only to forward such funds as it has collected. The Department shall report to the Commission on an annual basis regarding the costs actually incurred by the Department in the implementation of the measures. Any changes to the costs of energy efficiency measures as a result of plan modifications shall be appropriately reflected in amounts recovered by the utility and turned over to the Department.

The portfolio of measures, administered by both the utilities and the Department, shall, in combination, be designed to achieve the annual

New matter indicated by italics - deletions by strikeout
The utility and the Department shall agree upon a reasonable portfolio of measures and determine the measurable corresponding percentage of the savings goals associated with measures implemented by the Department.

No utility shall be assessed a penalty under subsection (f) of this Section for failure to make a timely filing if that failure is the result of a lack of agreement with the Department with respect to the allocation of responsibilities or related costs or target assignments. In that case, the Department and the utility shall file their respective plans with the Commission and the Commission shall determine an appropriate division of measures and programs that meets the requirements of this Section.

If the Department is unable to meet performance requirements for the portion of the portfolio implemented by the Department, then the utility and the Department shall jointly submit a modified filing to the Commission explaining the performance shortfall and recommending an appropriate course going forward, including any program modifications that may be appropriate in light of the evaluations conducted under item (8) of subsection (f) of this Section. In this case, the utility obligation to collect the Department's costs and turn over those funds to the Department under this subsection (e) shall continue only if the Commission approves the modifications to the plan proposed by the Department.

(f) No later than October 1, 2010, each gas utility shall file an energy efficiency plan with the Commission to meet the energy efficiency standards through May 31, 2014. Every 3 years thereafter, each utility shall file, no later than October 1, an energy efficiency plan with the Commission. If a utility does not file such a plan by October 1 of the applicable year, then it shall face a penalty of $100,000 per day until the plan is filed. Each utility's plan shall set forth the utility's proposals to meet the utility's portion of the energy efficiency standards identified in subsection (c) of this Section, as modified by subsection (d) of this Section, taking into account the unique circumstances of the utility's service territory. The Commission shall seek public comment on the utility's plan and shall issue an order approving or disapproving each plan. If the Commission disapproves a plan, the Commission shall, within 30 days, describe in detail the reasons for the disapproval and describe a path by which the utility may file a revised draft of the plan to address the Commission's concerns satisfactorily. If the utility does not refile with the
Commission within 60 days after the disapproval, the utility shall be subject to penalties at a rate of $100,000 per day until the plan is filed. This process shall continue, and penalties shall accrue, until the utility has successfully filed a portfolio of energy efficiency measures. Penalties shall be deposited into the Energy Efficiency Trust Fund and the cost of any such penalties may not be recovered from ratepayers. In submitting proposed energy efficiency plans and funding levels to meet the savings goals adopted by this Act the utility shall:

(1) Demonstrate that its proposed energy efficiency measures will achieve the requirements that are identified in subsection (c) of this Section, as modified by subsection (d) of this Section.

(2) Present specific proposals to implement new building and appliance standards that have been placed into effect.

(3) Present estimates of the total amount paid for gas service expressed on a per therm basis associated with the proposed portfolio of measures designed to meet the requirements that are identified in subsection (c) of this Section, as modified by subsection (d) of this Section.

(4) Coordinate with the Department to present a portfolio of energy efficiency measures proportionate to the share of total annual utility revenues in Illinois from households at or below 150% of the poverty level. Such programs shall be targeted to households with incomes at or below 80% of area median income.

(5) Demonstrate that its overall portfolio of energy efficiency measures, not including programs covered by item (4) of this subsection (f), are cost-effective using the total resource cost test and represent a diverse cross section of opportunities for customers of all rate classes to participate in the programs.

(6) Demonstrate that a gas utility affiliated with an electric utility that is required to comply with Section 8-103 of this Act has integrated gas and electric efficiency measures into a single program that reduces program or participant costs and appropriately allocates costs to gas and electric ratepayers. The Department shall integrate all gas and electric programs it delivers in any such utilities' service territories, unless the Department can show that integration is not feasible or appropriate.

(7) Include a proposed cost recovery tariff mechanism to fund the proposed energy efficiency measures and to ensure the

New matter indicated by italics - deletions by strikeout
recovery of the prudently and reasonably incurred costs of Commission-approved programs.

(8) Provide for quarterly status reports tracking implementation of and expenditures for the utility's portfolio of measures and the Department's portfolio of measures, an annual independent review, and a full independent evaluation of the 3-year results of the performance and the cost-effectiveness of the utility's and Department's portfolios of measures and broader net program impacts and, to the extent practical, for adjustment of the measures on a going forward basis as a result of the evaluations. The resources dedicated to evaluation shall not exceed 3% of portfolio resources in any given 3-year period.

(g) No more than 3% of expenditures on energy efficiency measures may be allocated for demonstration of breakthrough equipment and devices.

(h) Illinois natural gas utilities that are affiliated by virtue of a common parent company may, at the utilities' request, be considered a single natural gas utility for purposes of complying with this Section.

(i) If, after 3 years, a gas utility fails to meet the efficiency standard specified in subsection (c) of this Section as modified by subsection (d), then it shall make a contribution to the Low-Income Home Energy Assistance Program. The total liability for failure to meet the goal shall be assessed as follows:

1. a large gas utility shall pay $600,000;
2. a medium gas utility shall pay $400,000; and
3. a small gas utility shall pay $200,000.

For purposes of this Section, (i) a "large gas utility" is a gas utility that on December 31, 2008, served more than 1,500,000 gas customers in Illinois; (ii) a "medium gas utility" is a gas utility that on December 31, 2008, served fewer than 1,500,000, but more than 500,000 gas customers in Illinois; and (iii) a "small gas utility" is a gas utility that on December 31, 2008, served fewer than 500,000 and more than 100,000 gas customers in Illinois. The costs of this contribution may not be recovered from ratepayers.

If a gas utility fails to meet the efficiency standard specified in subsection (c) of this Section, as modified by subsection (d) of this Section, in any 2 consecutive 3-year planning periods, then the responsibility for implementing the utility's energy efficiency measures shall be transferred to an independent program administrator selected by
the Commission. Reasonable and prudent costs incurred by the independent program administrator to meet the efficiency standard specified in subsection (c) of this Section, as modified by subsection (d) of this Section, may be recovered from the customers of the affected gas utilities, other than customers described in subsection (m) of this Section. The utility shall provide the independent program administrator with all information and assistance necessary to perform the program administrator's duties including but not limited to customer, account, and energy usage data, and shall allow the program administrator to include inserts in customer bills. The utility may recover reasonable costs associated with any such assistance.

(j) No utility shall be deemed to have failed to meet the energy efficiency standards to the extent any such failure is due to a failure of the Department.

(k) Not later than January 1, 2012, the Commission shall develop and solicit public comment on a plan to foster statewide coordination and consistency between statutorily mandated natural gas and electric energy efficiency programs to reduce program or participant costs or to improve program performance. Not later than September 1, 2013, the Commission shall issue a report to the General Assembly containing its findings and recommendations.

(l) This Section does not apply to a gas utility that on January 1, 2009, provided gas service to fewer than 100,000 customers in Illinois.

(m) Subsections (a) through (k) of this Section do not apply to customers of a natural gas utility that have a North American Industry Classification System code number that is 22111 or any such code number beginning with the digits 31, 32, or 33 and (i) annual usage in the aggregate of 4 million therms or more within the service territory of the affected gas utility or with aggregate usage of 8 million therms or more in this State and complying with the provisions of item (i) of this subsection (m); or (ii) using natural gas as feedstock and meeting the usage requirements described in item (i) of this subsection (m), to the extent such annual feedstock usage is greater than 60% of the customer's total annual usage of natural gas.

(1) Customers described in this subsection (m) of this Section shall apply, on a form approved on or before October 1, 2009 by the Department, to the Department to be designated as a self-directing customer ("SDC") or as an exempt customer using natural gas as a feedstock from which other products are made,

Such application shall contain the following:

gas utility, or $150,000, whichever is less;

(D) in the case of a SDC, the customer's
certification that the required reserve account balance will
be capped at 3 years' worth of accruals and that the
customer may, at its option, make further deposits to the
account to the extent such deposit would increase the
reserve account balance above the designated cap level;

(E) in the case of a SDC, the customer's certification
that by October 1 of each year, beginning no sooner than
October 1, 2012, the customer will report to the Department

(I) in the case of either an exempt customer or a SDC, a verification signed by a plant manager or an authorized corporate officer attesting to the truthfulness and accuracy of the information contained in the application.

(2) The Department shall review the application to determine that it contains the information described in provisions (A) through (I) of item (1) of this subsection (m), as applicable. The review shall be completed within 30 days after the date the application is filed with the Department. Absent a determination by the Department within the 30-day period, the applicant shall be considered to be a SDC or exempt customer, as applicable, for all subsequent 3-year planning periods, as of the date of filing the application described in this subsection (m). If the Department determines that the application does not contain the applicable information described in provisions (A) through (I) of item (1) of this subsection (m), it shall notify the customer, in writing, of its determination that the application does not contain the required information and identify the information that is missing, and the customer shall provide the missing information within 15 working days after the date of receipt of the Department's notification.

(3) The Department shall have the right to audit the information provided in the customer's application and annual reports to ensure continued compliance with the requirements of this subsection. Based on the audit, if the Department determines the customer is no longer in compliance with the requirements of items (A) through (I) of item (1) of this subsection (m), as applicable, the Department shall notify the customer in writing of the noncompliance. The customer shall have 30 days to establish its compliance, and failing to do so, may have its status as a SDC or exempt customer revoked by the Department. The Department shall treat all information provided by any customer seeking SDC status or exemption from the provisions of this Section as strictly confidential.

(4) Upon request, or on its own motion, the Commission may open an investigation, no more than once every 3 years and not before October 1, 2014, to evaluate the effectiveness of the self-directing program described in this subsection (m).

Customers described in this subsection (m) that applied to the Department on January 3, 2013, were approved by the Department on
February 13, 2013 to be a self-directing customer or exempt customer, and receive natural gas from a utility that provides gas service to at least 500,000 retail customers in Illinois and electric service to at least 1,000,000 retail customers in Illinois shall be considered to be a self-directing customer or exempt customer, as applicable, for the current 3-year planning period effective December 1, 2013.

(Senate Bill No. 1045)

AN ACT concerning civil law.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Code of Civil Procedure is amended by changing Section 15-1508 as follows:

(735 ILCS 5/15-1508) (from Ch. 110, par. 15-1508)
(a) Report. The person conducting the sale shall promptly make a report to the court, which report shall include a copy of all receipts and, if any, certificate of sale.
(b) Hearing. Upon motion and notice in accordance with court rules applicable to motions generally, which motion shall not be made prior to sale, the court shall conduct a hearing to confirm the sale. Unless the court finds that (i) a notice required in accordance with subsection (c) of Section 15-1507 was not given, (ii) the terms of sale were unconscionable, (iii) the sale was conducted fraudulently, or (iv) justice was otherwise not done, the court shall then enter an order confirming the sale. The confirmation order shall include a name, address, and telephone number of the purchaser.

New matter indicated by italics - deletions by strikeout
The confirmation order may also:

1. Approve the mortgagee's fees and costs arising between the entry of the judgment of foreclosure and the confirmation hearing, those costs and fees to be allowable to the same extent as provided in the note and mortgage and in Section 15-1504;

2. Provide for a personal judgment against any party for a deficiency; and

3. Determine the priority of the judgments of parties who deferred proving the priority pursuant to subsection (h) of Section 15-1506, but the court shall not defer confirming the sale pending the determination of such priority.

(b-3) Hearing to confirm sale of abandoned residential property.

Upon motion and notice by first-class mail to the last known address of the mortgagor, which motion shall be made prior to the sale and heard by the court at the earliest practicable time after conclusion of the sale, and upon the posting at the property address of the notice required by paragraph (2) of subsection (l) of Section 15-1505.8, the court shall enter an order confirming the sale of the abandoned residential property, unless the court finds that a reason set forth in items (i) through (iv) of subsection (b) of this Section exists for not approving the sale, or an order is entered pursuant to subsection (h) of Section 15-1505.8. The confirmation order also may address the matters identified in items (1) through (3) of subsection (b) of this Section. The notice required under subsection (b-5) of this Section shall not be required.

(b-5) Notice with respect to residential real estate. With respect to residential real estate, the notice required under subsection (b) of this Section shall be sent to the mortgagor even if the mortgagor has previously been held in default. In the event the mortgagor has filed an appearance, the notice shall be sent to the address indicated on the appearance. In all other cases, the notice shall be sent to the mortgagor at the common address of the foreclosed property. The notice shall be sent by first class mail. Unless the right to possession has been previously terminated by the court, the notice shall include the following language in 12-point boldface capitalized type:

IF YOU ARE THE MORTGAGOR (HOMEOWNER), YOU HAVE THE RIGHT TO REMAIN IN POSSESSION FOR 30 DAYS AFTER ENTRY
OF AN ORDER OF POSSESSION, IN ACCORDANCE WITH
SECTION 15-1701(c) OF THE ILLINOIS MORTGAGE
FORECLOSURE LAW.

(b-10) Notice of confirmation order sent to municipality or county. A copy of the confirmation order required under subsection (b) shall be sent to the municipality in which the foreclosed property is located, or to the county within the boundary of which the foreclosed property is located if the foreclosed property is located in an unincorporated territory. A municipality or county must clearly publish on its website a single address to which a copy of the order shall be sent. If a municipality or county does not maintain a website, then the municipality or county must publicly post in its main office a single address to which a copy of the order shall be sent. In the event that a municipality or county has not complied with the publication requirement in this subsection (b-10), then a copy of the order shall be sent by first class mail, postage prepaid, to the chairperson of the county board or county clerk in the case of a county, to the mayor or city clerk in the case of a city, to the president of the board of trustees or village clerk in the case of a village, or to the president or town clerk in the case of a town.

(b-15) Notice of confirmation order sent to known insurers. With respect to residential real estate, the party filing the complaint shall send a copy of the confirmation order required under subsection (b) by first class mail, postage prepaid, to the last known property insurer of the foreclosed property. Failure to send or receive a copy of the order shall not impair or abrogate in any way the rights of the mortgagee or purchaser or affect the status of the foreclosure proceedings.

(c) Failure to Give Notice. If any sale is held without compliance with subsection (c) of Section 15-1507 of this Article, any party entitled to the notice provided for in paragraph (3) of that subsection (c) who was not so notified may, by motion supported by affidavit made prior to confirmation of such sale, ask the court which entered the judgment to set aside the sale. Any such party shall guarantee or secure by bond a bid equal to the successful bid at the prior sale, unless the party seeking to set aside the sale is the mortgagor, the real estate sold at the sale is residential real estate, and the mortgagor occupies the residential real estate at the time the motion is filed. In that event, no guarantee or bond shall be required of the mortgagor. Any subsequent sale is subject to the same notice requirement as the original sale.
(d) Validity of Sale. Except as provided in subsection (c) of Section 15-1508, no sale under this Article shall be held invalid or be set aside because of any defect in the notice thereof or in the publication of the same, or in the proceedings of the officer conducting the sale, except upon good cause shown in a hearing pursuant to subsection (b) of Section 15-1508. At any time after a sale has occurred, any party entitled to notice under paragraph (3) of subsection (c) of Section 15-1507 may recover from the mortgagee any damages caused by the mortgagee's failure to comply with such paragraph (3). Any party who recovers damages in a judicial proceeding brought under this subsection may also recover from the mortgagee the reasonable expenses of litigation, including reasonable attorney's fees.

(d-5) Making Home Affordable Program. The court that entered the judgment shall set aside a sale held pursuant to Section 15-1507, upon motion of the mortgagor at any time prior to the confirmation of the sale, if the mortgagor proves by a preponderance of the evidence that (i) the mortgagor has applied for assistance under the Making Home Affordable Program established by the United States Department of the Treasury pursuant to the Emergency Economic Stabilization Act of 2008, as amended by the American Recovery and Reinvestment Act of 2009, and (ii) the mortgaged real estate was sold in material violation of the program's requirements for proceeding to a judicial sale. The provisions of this subsection (d-5), except for this sentence, shall become inoperative on January 1, 2016 for all actions filed under this Article after December 31, 2015, in which the mortgagor did not apply for assistance under the Making Home Affordable Program on or before December 31, 2015.

(e) Deficiency Judgment. In any order confirming a sale pursuant to the judgment of foreclosure, the court shall also enter a personal judgment for deficiency against any party (i) if otherwise authorized and (ii) to the extent requested in the complaint and proven upon presentation of the report of sale in accordance with Section 15-1508. Except as otherwise provided in this Article, a judgment may be entered for any balance of money that may be found due to the plaintiff, over and above the proceeds of the sale or sales, and enforcement may be had for the collection of such balance, the same as when the judgment is solely for the payment of money. Such judgment may be entered, or enforcement had, only in cases where personal service has been had upon the persons

personally liable for the mortgage indebtedness, unless they have entered their appearance in the foreclosure action.

(f) Satisfaction. Upon confirmation of the sale, the judgment stands satisfied to the extent of the sale price less expenses and costs. If the order confirming the sale includes a deficiency judgment, the judgment shall become a lien in the manner of any other judgment for the payment of money.

(g) The order confirming the sale shall include, notwithstanding any previous orders awarding possession during the pendency of the foreclosure, an award to the purchaser of possession of the mortgaged real estate, as of the date 30 days after the entry of the order, against the parties to the foreclosure whose interests have been terminated.

An order of possession authorizing the removal of a person from possession of the mortgaged real estate shall be entered and enforced only against those persons personally named as individuals in the complaint or the petition under subsection (h) of Section 15-1701. No order of possession issued under this Section shall be entered against a lessee with a bona fide lease of a dwelling unit in residential real estate in foreclosure, whether or not the lessee has been made a party in the foreclosure. An order shall not be entered and enforced against any person who is only generically described as an unknown owner or nonrecord claimant or by another generic designation in the complaint.

Notwithstanding the preceding paragraph, the failure to personally name, include, or seek an award of possession of the mortgaged real estate against a person in the confirmation order shall not abrogate any right that the purchaser may have to possession of the mortgaged real estate and to maintain a proceeding against that person for possession under Article IX of this Code or, if applicable, under subsection (h) of Section 15-1701; and possession against a person who (1) has not been personally named as a party to the foreclosure and (2) has not been provided an opportunity to be heard in the foreclosure proceeding may be sought only by maintaining a proceeding under Article IX of this Code or, if applicable, under subsection (h) of Section 15-1701.

(h) With respect to mortgaged real estate containing 5 or more dwelling units, the order confirming the sale shall also provide that (i) the mortgagor shall transfer to the purchaser the security deposits, if any, that the mortgagor received to secure payment of rent or to compensate for damage to the mortgaged real estate from any current occupant of a dwelling unit of the mortgaged real estate, as well as any statutory interest
that has not been paid to the occupant, and (ii) the mortgagor shall provide an accounting of the security deposits that are transferred, including the name and address of each occupant for whom the mortgagor holds the deposit and the amount of the deposit and any statutory interest.

(215 ILCS 5/131.1) (from Ch. 73, par. 743.1)

Sec. 131.1. Definitions. As used in this Article, the following terms have the respective meanings set forth in this Section unless the context requires otherwise:

(a) An "affiliate" of, or person "affiliated" with, a specific person, is a person that directly, or indirectly through one or more intermediaries, controls, or is controlled by, or is under common control with, the person specified.

(a-5) "Acquiring party" means such person by whom or on whose behalf the merger or other acquisition of control referred to in Section 131.4 is to be affected and any person that controls such person or persons.

(a-10) "Associated person" means, with respect to an acquiring party, (1) any beneficial owner of shares of the company to be acquired, owned, directly or indirectly, of record or beneficially by the acquiring party, (2) any affiliate of the acquiring party or beneficial owner, and (3) any other person acting in concert, directly or indirectly, pursuant to any agreement, arrangement, or understanding, whether written or oral, with

the acquiring party or beneficial owner, or any of their respective affiliates, in connection with the merger, consolidation, or other acquisition of control referred to in Section 131.4 of this Code.

(a-15) "Company" has the same meaning as "company" as defined in Section 2 of this Code, except that it does not include agencies, authorities, or instrumentalities of the United States, its possessions and territories, the Commonwealth of Puerto Rico, the District of Columbia, or a state or political subdivision of a state.

(b) "Control" (including the terms "controlling", "controlled by" and "under common control with") means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting securities, the holding of shareholders' or policyholders' proxies by contract other than a commercial contract for goods or non-management services, or otherwise, unless the power is solely the result of an official position with or corporate office held by the person. Control is presumed to exist if any person, directly or indirectly, owns, controls, holds with the power to vote, or holds shareholders' proxies representing 10% or more of the voting securities of any other person, or holds or controls sufficient policyholders' proxies to elect the majority of the board of directors of the domestic company. This presumption may be rebutted by a showing made in the manner as the Director may provide by rule. The Director may determine, after furnishing all persons in interest notice and opportunity to be heard and making specific findings of fact to support such determination, that control exists in fact, notwithstanding the absence of a presumption to that effect.

(b-5) "Enterprise risk" means any activity, circumstance, event, or series of events involving one or more affiliates of a company that, if not remedied promptly, is likely to have a material adverse effect upon the financial condition or liquidity of the company or its insurance holding company system as a whole, including, but not limited to, anything that would cause the company's risk-based capital to fall into company action level as set forth in Article IIA of this Code or would cause the company to be in hazardous financial condition as set forth in Article XII 1/2 of this Code.

(b-10) "Exchange Act" means the Securities Exchange Act of 1934, as amended, together with the rules and regulations promulgated thereunder.

(d) (Blank). "Company" has the same meaning as "Company" as defined in Section 2 of this Code, except that it does not include agencies, authorities or instrumentalities of the United States, its possessions and territories, the Commonwealth of Puerto Rico, the District of Columbia or a State or political subdivision of a State.

(d-5) "Non-operating holding company" is a general business corporation functioning solely for the purpose of forming, owning, acquiring, and managing subsidiary business entities and having no other business operations not related thereto.

(d-10) "Own", "owned," or "owning" means shares (1) with respect to which a person has title or to which a person's nominee, custodian, or other agent has title and which such nominee, custodian, or other agent is holding on behalf of the person or (2) with respect to which a person (A) has purchased or has entered into an unconditional contract, binding on both parties, to purchase the shares, but has not yet received the shares, (B) owns a security convertible into or exchangeable for the shares and has tendered the security for conversion or exchange, (C) has an option to purchase or acquire, or rights or warrants to subscribe to, the shares and has exercised such option, rights, or warrants, or (D) holds a securities futures contract to purchase the shares and has received notice that the position will be physically settled and is irrevocably bound to receive the underlying shares. To the extent that any affiliates of the stockholder or beneficial owner are acting in concert with the stockholder or beneficial owner, the determination of shares owned may include the effect of aggregating the shares owned by the affiliate or affiliates. Whether shares constitute shares owned shall be decided by the Director in his or her reasonable determination.

(e) "Person" means an individual, a corporation, a limited liability company, a partnership, an association, a joint stock company, a trust, an unincorporated organization, any similar entity or any combination of the foregoing acting in concert, but does not include any securities broker performing no more than the usual and customary broker's function or joint venture partnership exclusively engaged in owning, managing, leasing or developing real or tangible personal property other than capital stock.

Sec. 131.2. Subsidiaries. A domestic company, either by itself or in cooperation with one or more persons, may organize or acquire one or more subsidiaries. In addition to investments in common stock, preferred stock, debt obligations and other securities of subsidiaries permitted under all other sections of this Code, a domestic company, other than a company subject to Articles XVIII or XIX, may also:

(a) invest, in common stock, preferred stock, debt obligations, and other securities of one or more subsidiaries, amounts which do not exceed the lesser of 10% of the company's assets or 50% of the company's surplus as regards policyholders, but after such investments the company's surplus as regards

In calculating the amount of such investments, there must be included (i) total net monies or other consideration expended and obligations assumed in the acquisition or formation of a subsidiary, including all organizational expenses and contributions to capital and surplus of the subsidiary whether or not represented by the purchase of capital stock or issuance of other securities, and (ii) all amounts expended in acquiring additional common stock, preferred stock, debt obligations, and other securities, and all contributions to the capital or surplus of a subsidiary subsequent to its acquisition or formation;

(b) invest any amount in common stock, preferred stock, debt obligations and other securities of one or more direct subsidiaries acting only as a non-operating holding company or engaged or organized exclusively for the ownership and management of assets authorized as investments for the company, provided that each subsidiary agrees to limit its investments in any asset so that such investments will not cause the amount of the total investment of the company to exceed the amount the company could have invested in such asset. For the purpose of this clause, "the total investment of the company" will include (i) any direct investment by the company in an asset and (ii) the company's proportionate share of any investment in such asset by any direct subsidiary of the company, which must be calculated by multiplying the amount of the subsidiary's investment by the percentage of the company's ownership of such subsidiary;

(c) invest in common stock of one or more insurance corporation subsidiaries any amount by which the investing company's capital and surplus exceeds the minimum capital and surplus required of a new company under Section 13 to qualify for a certificate of authority to write the kind or kinds of insurance which the company is authorized to write, if the company is a stock company, and if the company is other than a stock company, the company may invest the amount by which the company's surplus exceeds the minimum surplus required of a new company under Section 43 or 66 to qualify for a certificate of authority to write the kind or kinds of insurance which the company is authorized to write;

Sec. 131.3. (1) Investments in common stock, preferred stock, debt obligations or other securities of subsidiaries made under Section 131.2 of this Article are subject to Sections 126.3, 126.4, 126.5, 126.6, 126.7, and 133 of this Code but are not subject to any other of the otherwise applicable restrictions or prohibitions contained in this Code applicable to such investments of a domestic company subject to this Code.

(2) If a company ceases to control a subsidiary, it must dispose of any investment therein made under this section within 3 years from the time of the cessation of control or within such further time as the Director may prescribe, unless at any time after the investment is made, the investment meets the requirements for investment under any other section of this Code, and the company has notified the Director thereof.

(3) Whether any investment made pursuant to this Section meets the applicable requirements of this Section is to be determined before the investment is made by calculating the applicable investment limitations as though the investment had already been made, taking into account the then outstanding principal balance on all previous investments in debt obligations, and the value of all previous investments in equity securities as of the day they were made, net of any return of capital invested, not including dividends.

Sec. 131.4. Acquisition of control of or merger with domestic company.

(a) No person other than the issuer may make a tender for or a request or invitation for tenders of, or enter into an agreement to exchange securities for, or seek to acquire or acquire shareholders' proxies to vote or seek to acquire or acquire in the open market, or otherwise, any voting security of a domestic company or acquire policyholders' proxies of a domestic company or any entity that controls a domestic company, for consideration if, after the consummation thereof, that person would,
directly or indirectly, (or by conversion or by exercise of any right to acquire) be in control of the company, and no person may enter into an agreement to merge or consolidate with or otherwise to acquire control of a domestic company, unless the offer, request, invitation, or agreement is conditioned on receiving the approval of the Director based on Section 131.8 of this Article and no such acquisition of control or a merger with a domestic company may be consummated unless the person has filed with the Director and has sent to the company a statement containing the information required by Section 131.5 and the Director has approved the transaction or granted an exemption. For purposes of this Section a domestic company includes any other person which controls a domestic company or holds or controls sufficient policyholders' proxies to elect the majority of the board of directors of the domestic company. Prior to the acquisition, the Director may conclude that a statement need not be filed by the acquiring party if the acquiring party demonstrates to the satisfaction of the Director that:

(1) such transaction will not result in the change of control of the domestic company; or
(2) (blank); the person which is subject to the acquisition has assets in excess of $1,000,000 and shareholders of record of 500 or more and its insurance business either directly or through its affiliates is an insignificant portion of its total business; or
(3) the acquisition of, or attempt to acquire control of, such other person is subject to requirements in the jurisdiction of its domicile which are substantially similar to those contained in this Section and Sections 131.5 through 131.12; or
(4) the control of the policyholders' proxies is being acquired solely by virtue of the holders official office and not as the result of any agreement or for any consideration.

The purpose of this Section is to afford to the Director the opportunity to review acquisitions in order to determine whether or not the acquisition would be adverse to the interests of the existing and future policyholders of the company.

(b) For purposes of this Section, any controlling person of a domestic company seeking to divest its controlling interest in the domestic company in any manner shall file with the Director, with a copy to the company, confidential notice of its proposed divestiture at least 30 days prior to the cessation of control. The Director shall determine those instances in which the party or parties seeking to divest or to acquire a

controlling interest in a company shall be required to file for and obtain approval of the transaction. The information shall remain confidential until the conclusion of the transaction unless the Director, in his or her discretion, determines that confidential treatment shall interfere with enforcement of this Section. If the statement referred to in subsection (a) of this Section is otherwise filed in connection with the proposed divesture or related acquisition, this subsection (b) shall not apply.

(c) For purposes of this Section, a domestic company shall include any person controlling a domestic company unless the person, as determined by the Director, is either directly or through its affiliates primarily engaged in business other than the business of insurance. For the purposes of this Section, "person" shall not include any securities broker holding, in the usual and customary broker's function, less than 20% of the voting securities of an insurance company or of any person that controls an insurance company.

Such person shall file the statement referred to in Section 131.5 of this Code with the National Association of Insurance Commissioners (NAIC) within 5 days after making the request for a public hearing. (215 ILCS 5/131.12a) (from Ch. 73, par. 743.12a)

Sec. 131.12a. Acquisitions involving companies insurers not otherwise covered.

(1) Definitions. The following definitions shall apply for the purposes of this Section only:

(a) "Acquisition" means any agreement, arrangement or activity the consummation of which results in a person acquiring directly or indirectly the control of another person or control of the insurance in force of another person, and includes but is not limited to the acquisition of voting securities, the acquisition of assets, the transaction of bulk reinsurance and the act of merging or consolidating.

(b) An "involved company insurer" includes a company an insurer which either acquires or is acquired, is affiliated with an acquirer or acquired or is the result of a merger.

(2) Scope.

(a) Except as exempted in paragraph (b) of this subsection (2), this Section applies to any acquisition in which there is a change in control of a company insurer authorized to do business in this State.

(b) This Section shall not apply to the following:

(i) an acquisition subject to approval or disapproval by the Director pursuant to Section 131.8;

(ii) a purchase of securities solely for investment purposes so long as such securities are not used by voting or otherwise to cause or attempt to cause the substantial lessening of competition in any insurance market in this State. If a purchase of securities results in a presumption of control under subsection (b) of Section

New matter indicated by italics - deletions by strikeout
131.1, it is not solely for investment purposes unless the commissioner of the company's insurer's state of domicile accepts a disclaimer of control or affirmatively finds that control does not exist and such disclaimer action or affirmative finding is communicated by the domiciliary commissioner to the Director of this State;

(iii) the acquisition of a person by another person when both persons are neither directly nor through affiliates primarily engaged in the business of insurance, if pre-acquisition notification is filed with the Director in accordance with subsection (3)(a) of this Section, 30 days prior to the proposed effective date of the acquisition. However, such pre-acquisition notification is not required for exclusion from this Section if the acquisition would otherwise be excluded from this Section by any other subparagraph of subsection (2)(b);

(iv) the acquisition of already affiliated persons;

(v) an acquisition if, as an immediate result of the acquisition,

(A) in no market would the combined market share of the involved companies insurers exceed 5% of the total market,

(B) there would be no increase in any market share, or

(C) in no market would the combined market share of the involved companies insurers exceed 12% of the total market, and the market share increase by more than 2% of the total market.

For the purpose of this subparagraph (b)(v), "market" means direct written insurance premium in this State for a line of business as contained in the annual statement required to be filed by companies insurers licensed to do business in this State;

(vi) an acquisition for which a pre-acquisition notification would be required pursuant to this Section due solely to the resulting effect on the ocean marine insurance line of business;

(vii) an acquisition of a company an insurer whose domiciliary commissioner affirmatively finds that such company insurer is in failing condition; there is a lack of feasible alternative to improving such condition; the public benefits of improving such company's insurer's condition through the acquisition exceed the
public benefits that would arise from not lessening competition;
and such findings are communicated by the domiciliary
commissioner to the Director of this State.

(3) Pre-acquisition Notification; Waiting Period. An acquisition
covered by subsection (2) may be subject to an order pursuant to
subsection (5) unless the acquiring person files a pre-acquisition
notification and the waiting period has expired. The acquired person may
file a pre-acquisition notification. The Director shall give confidential
treatment to information submitted under this subsection in the same
manner as provided in Section 131.22 of this Article.

(a) The pre-acquisition notification shall be in such form and
contain such information as prescribed by the Director, which shall
conform substantially to the form of notification adopted by the National
Association of Insurance Commissioners relating to those markets which,
under subsection (b)(v) of Section (2), cause the acquisition not to be
exempted from the provisions of this Section. The Director may require
such additional material and information as he deems necessary to
determine whether the proposed acquisition, if consummated, would
violate the competitive standard of subsection (4). The required
information may include an opinion of an economist as to the competitive
impact of the acquisition in this State accompanied by a summary of the
education and experience of such person indicating his or her ability to
render an informed opinion.

(b) The waiting period required shall begin on the date of the
receipt by the Director of a pre-acquisition notification and shall end on
the earlier of the 30th day after the date of such receipt, or termination of
the waiting period by the Director. Prior to the end of the waiting period,
the Director on a one time basis may require the submission of additional
needed information relevant to the proposed acquisition, in which event
the waiting period shall end on the earlier of the 30th day after the receipt
of such additional information by the Director or termination of the
waiting period by the Director.

(4) Competitive Standard.

(a) The Director may enter an order under subsection (5)(a) with
respect to an acquisition if there is substantial evidence that the effect of
the acquisition may be substantially to lessen competition in any line of
insurance in this State or tend to create a monopoly therein or if the
company insurer fails to file adequate information in compliance with
subsection (3).

New matter indicated by italics - deletions by strikeout
(b) In determining whether a proposed acquisition would violate the competitive standard of paragraph (a) of this subsection the Director shall consider the following:

(i) any acquisition covered under subsection (2) involving 2 or more companies insurers competing in the same market is prima facie evidence of violation of the competitive standards:

(A) if the market is highly concentrated and the involved companies insurers possess the following shares of the market:

<table>
<thead>
<tr>
<th>Company Insurer A</th>
<th>Company Insurer B</th>
</tr>
</thead>
<tbody>
<tr>
<td>4%</td>
<td>4% or more</td>
</tr>
<tr>
<td>10%</td>
<td>2% or more</td>
</tr>
<tr>
<td>15%</td>
<td>1% or more</td>
</tr>
</tbody>
</table>

(B) if the market is not highly concentrated and the involved companies insurers possess the following shares of the market:

<table>
<thead>
<tr>
<th>Company Insurer A</th>
<th>Company Insurer B</th>
</tr>
</thead>
<tbody>
<tr>
<td>5%</td>
<td>5% or more</td>
</tr>
<tr>
<td>10%</td>
<td>4% or more</td>
</tr>
<tr>
<td>15%</td>
<td>3% or more</td>
</tr>
<tr>
<td>19%</td>
<td>1% or more</td>
</tr>
</tbody>
</table>

A highly concentrated market is one in which the share of the 4 largest companies insurers is 75% or more of the market. Percentages not shown in the tables are to be interpolated proportionately to the percentages that are shown. If more than 2 companies insurers are involved, exceeding the total of the 2 columns in the table is prima facie evidence of violation of the competitive standard in paragraph (a) of this subsection. For the purpose of this subparagraph, the company insurer with the largest share of the market shall be deemed to be Company Insurer A.

(ii) There is a significant trend toward increased concentration when the aggregate market share of any grouping of the largest companies insurers in the market from the 2 largest to the 8 largest has increased by 7% or more of the market over a period of time extending from any base year 5-10 years prior to the acquisition up to the time of the acquisition. Any acquisition covered under subsection (2) involving 2 or more companies insurers competing in the same market is prima facie evidence of
violation of the competitive standard in paragraph (a) of this subsection if:

(A) there is a significant trend toward increased concentration in the market,

(B) one of the companies insurers involved is one of the companies insurers in a grouping of such large companies insurers showing the requisite increase in the market share, and

(C) another involved company's insurer's market is 2% or more.

(iii) For the purpose of subsection (4)(b):

(A) The term "company" "insurer" includes any company or group of companies under common management, ownership or control.

(B) The term "market" means the relevant product and geographic markets. In determining the relevant product and geographical markets, the Director shall give due consideration to, among other things, the definitions or guidelines, if any, promulgated by the National Association of Insurance Commissioners and to information, if any, submitted by parties to the acquisition. In the absence of sufficient information to the contrary, the relevant product market is assumed to be the direct written insurance premium for a line of business with such line being that used in the annual statement required to be filed by companies insurers doing business in this State and the relevant geographical market is assumed to be this State.

(C) The burden of showing prima facie evidence of violation of the competitive standard rests upon the Director.

(iv) Even though an acquisition is not prima facie violative of the competitive standard under subparagraph (b)(i) and (b)(ii) of this subsection the Director may establish the requisite anticompetitive effect based upon other substantial evidence. Even though an acquisition is prima facie violative of the competitive standard under subparagraphs (b)(i) and (b)(ii) of this subsection (4), a party may establish the absence of the requisite anticompetitive effect based upon other substantial evidence. Relevant factors in making a determination under this paragraph

New matter indicated by italics - deletions by strikeout
include, but are not limited to, the following: market shares, volatility of ranking of market leaders, number of competitors, concentration, trend of concentration in the industry, and ease of entry and exit into the market.

(c) An order may not be entered under subsection (5)(a) if:

(i) the acquisition will yield substantial economies of scale or economies in resource utilization that cannot be feasibly achieved in any other way, and the public benefits which would arise from such economies exceed the public benefits which would arise from not lessening competition; or

(ii) the acquisition will substantially increase the availability of insurance, and the public benefits of such increase exceed the public benefits which would arise from not lessening competition.

(5) Orders and Penalties:

(a)(i) If an acquisition violates the standard of this Section, the Director may enter an order

(A) requiring an involved company insurer to cease and desist from doing business in this State with respect to the line or lines of insurance involved in the violation, or

(B) denying the application of an acquired or acquiring company insurer for a license to do business in this State.

(ii) Such an order shall not be entered unless there is a hearing, notice of such hearing is issued prior to the end of the waiting period and not less than 15 days prior to the end of the waiting period and not less than 15 days prior to the hearing, and the hearing is concluded and the order is issued no later than 60 days after the end of the waiting period. Every order shall be accompanied by a written decision of the Director setting forth his findings of fact and conclusions of law.

(iii) (Blank). An order entered under this paragraph shall not become final earlier than 30 days after it is issued, during which time the involved insurer may submit a plan to remedy the anticompetitive impact of the acquisition within a reasonable time. Based upon such plan or other information, the Director shall specify, if any, the conditions under and the time period during which the aspects of the acquisition causing a violation of the
standards of this Section would be remedied and the order vacated or modified:

(iv) An order pursuant to this paragraph shall not apply if the acquisition is not consummated.

(b) Any person who violates a cease and desist order of the Director under paragraph (a) and while such order is in effect may after notice and hearing and upon order of the Director be subject at the discretion of the Director to any one or more of the following:

(i) a monetary penalty of not more than $10,000 for every day of violation or

(ii) suspension or revocation of such person's license or both.

(c) Any company insurer or other person who fails to make any filing required by this Section and who also fails to demonstrate a good faith effort to comply with any such filing requirement shall be subject to a civil penalty of not more than $50,000.

(6) Inapplicable Provisions. Subsections (2) and (3) of Section 131.23 and Section 131.25 do not apply to acquisitions covered under subsection (2).

All such documents, materials, or other information shall be confidential by law and privileged, shall not be subject to the Freedom of Information Act, shall not be subject to subpoena, and shall not be subject to discovery or admissible in evidence in any private civil action. However, the Director is authorized to use such documents, materials, or other information in the furtherance of any regulatory or legal action brought as a part of the Director's official duties. Sec. 131.20a. Prior notification of transactions; dividends and distributions.

(1) (a) The following transactions listed in items (i) through (vii) involving between a domestic company and any person in its insurance holding company system, including amendments or modifications (other than termination) of affiliate agreements previously filed pursuant to this Section, which are subject to any materiality standards contained in this Section, may not be entered into unless the company has notified the Director in writing of its intention to enter into such transaction at least 30 days prior thereto, or such shorter period as the Director may permit, and the Director has not disapproved it within such period. The notice for amendments or modifications (other than termination) shall include the reasons for the change and the financial impact on the domestic company. Informal notice shall be reported, within 30 days after a termination of a previously filed agreement, to the Director for determination of the type of filing required, if any.

(iii) Reinsurance agreements or modifications thereto, including all reinsurance pooling agreements, reinsurance agreements in which the reinsurance premium or a change in the company's liabilities, or the projected reinsurance premium or a change in the company's liabilities in any of the next 3 years, equals or exceeds 5% of the company's surplus as regards policyholders, as of the 31st day of December next preceding, including those agreements that may require as consideration the transfer of assets from a company insurer to a nonaffiliate, if an agreement or understanding exists between the company insurer and nonaffiliate that any portion of those assets will be transferred to one or more affiliates of the company insurer.

(iv) All management agreements; service contracts, other than agency contracts; tax allocation agreements; all reinsurance allocation agreements related to reinsurance agreements required to be filed under this Section; and all cost-sharing arrangements, and any other contracts providing for the rendering of services on a regular systematic basis.

Any other material transaction that the Director by rule determines might render the company's surplus as regards policyholders unreasonable in relation to the company's outstanding liabilities and inadequate to its financial needs or may otherwise adversely affect the interests of the company's policyholders or shareholders.

Nothing herein contained shall be deemed to authorize or permit any transactions that, in the case of a company an insurer not a member of the same holding company system, would be otherwise contrary to law.

(b) Any transaction or contract otherwise described in paragraph (a) of this subsection that is between a domestic company insurer and any person that is not its affiliate and that precedes or follows within 180 days or is concurrent with a similar transaction between that nonaffiliate and an affiliate of the domestic company and that involves amounts that are equal to or exceed the lesser of 3% of the domestic company's insurer's admitted assets or 25% of its surplus as regards policyholders at the end of the prior year may not be entered into unless the company has notified the Director in writing of its intention to enter into the transaction at least 30 days prior thereto or such shorter period as the Director may permit, and the Director has not disapproved it within such period.

(c) A company may not enter into transactions which are part of a plan or series of like transactions with any person within the holding company system if the purpose of those separate transactions is to avoid the statutory threshold amount and thus avoid the review that would occur otherwise. If the Director determines that such separate transactions were entered into for such purpose, he may exercise his authority under subsection (2) of Section 131.24.

(d) The Director, in reviewing transactions pursuant to paragraph (a), shall consider whether the transactions comply with the standards set forth in Section 131.20 and whether they may adversely affect the interests of policyholders.

(e) The Director shall be notified within 30 days of any investment of the domestic company insurer in any one corporation if the total investment in that corporation by the insurance holding company system exceeds 10% of that corporation's voting securities.

(f) Except for those transactions subject to approval under other Sections of this Code, any such transaction or agreements which are not disapproved by the Director may be effective as of the date set forth in the notice required under this Section.

(g) If a domestic company enters into a transaction described in this subsection without having given the required notification, the Director may cause the company to pay a civil forfeiture of not more than $250,000. Each transaction so entered shall be considered a separate offense.

(2) No domestic company subject to registration under Section 131.13 may pay any extraordinary dividend or make any other extraordinary distribution to its shareholders until: (a) 30 days after the Director has received notice of the declaration thereof and has not within such period disapproved the payment, or (b) the Director approves such payment within the 30-day period. For purposes of this subsection, an extraordinary dividend or distribution is any dividend or distribution of cash or other property whose fair market value, together with that of other dividends or distributions, made within the period of 12 consecutive months ending on the date on which the proposed dividend is scheduled for payment or distribution exceeds the greater of: (a) 10% of the company's surplus as regards policyholders as of the 31st day of December next preceding, or (b) the net income of the company for the 12-month period ending the 31st day of December next preceding, but does not include pro rata distributions of any class of the company's own securities.

Notwithstanding any other provision of law, the company may declare an extraordinary dividend or distribution which is conditional upon the Director's approval, and such a declaration confers no rights upon security holders until: (a) the Director has approved the payment of the dividend or distribution, or (b) the Director has not disapproved the payment within the 30-day period referred to above.

(105 ILCS 5/21B-25)

(1) The State Board of Education, in consultation with the State Educator Preparation and Licensure Board, shall establish, by rule, the grade level and subject area endorsements to be added to the Professional Educator License. These rules shall outline the requirements for obtaining each endorsement.

(C) Thirty dollars of the initial registration fee and $30 of the annual renewal fee shall be remitted to the Attorney General who shall deposit the moneys deposited into the Attorney General Sex Offender Awareness, Training, and Education Fund. Moneys deposited into the
Fund shall be used by the Attorney General to administer the I-SORT program and to alert and educate the public, victims, and witnesses of their rights under various victim notification laws and for training law enforcement agencies, State's Attorneys, and medical providers of their legal duties concerning the prosecution and investigation of sex offenses.

The registering agency shall establish procedures to document the receipt and remittance of the $100 initial registration fee and $100 annual renewal fee.

(d) Within 3 days after obtaining or changing employment and, if employed on January 1, 2000, within 5 days after that date, a person required to register under this Section must report, in person to the law enforcement agency having jurisdiction, the business name and address where he or she is employed. (d) For redevelopment project areas for which bonds were issued before July 29, 1991, or for which contracts were entered into before June 1, 1988, in connection with a redevelopment project in the area within the State Sales Tax Boundary, the estimated dates of completion of the redevelopment project and retirement of obligations to finance redevelopment project costs (including refunding bonds under Section 11-74.4-7) may be extended by municipal ordinance to December 31, 2013. The termination procedures of subsection (b) of Section 11-74.4-8 are not required for these redevelopment project areas in 2009 but are required in 2013. The extension allowed by Public Act 87-1272 shall not apply to real property tax increment allocation financing under Section 11-74.4-8.

(e) Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were adopted on or after December 16, 1986 and for which at least $8 million worth of municipal bonds were authorized on or after December 19, 1989 but before January 1, 1990; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.
(f) Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were established on or after December 1, 1981 but before January 1, 1982 and for which at least $1,500,000 worth of tax increment revenue bonds were authorized on or after September 30, 1990 but before July 1, 1991; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

(g) In consolidating the material relating to completion dates from Sections 11-74.4-3 and 11-74.4-7 into this Section, it is not the intent of the General Assembly to make any substantive change in the law, except for the extension of the completion dates for the City of Aurora, the Village of Milan, the City of West Frankfort, the Village of Libertyville, and the Village of Hoffman Estates set forth under items (67), (68), (69), (70), and (71) of subsection (c) of this Section.

**PUBLIC ACT 98-0615**
*(House Bill No. 1604)*

AN ACT concerning revenue.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Property Tax Code is amended by changing Section 9-265 as follows:

(35 ILCS 200/9-265)

Sec. 9-265. Omitted property; interest; change in exempt use or ownership.

New matter indicated by italics - deletions by strikeout
(a) If any property is omitted in the assessment of any year or years, not to exceed the current assessment year and 3 prior years, so that the taxes, for which the property was liable, have not been paid, or if by reason of defective description or assessment, taxes on any property for any year or years have not been paid, or if any taxes are refunded under subsection (b) of Section 14-5 because the taxes were assessed in the wrong person's name, the property, when discovered, shall be listed and assessed by the board of review or, in counties with 3,000,000 or more inhabitants, by the county assessor either on his or her own initiative or when so directed by the board of appeals or board of review.

(b) The board of review in counties with less than 3,000,000 inhabitants or the county assessor in counties with 3,000,000 or more inhabitants may develop reasonable procedures for contesting the listing of omitted property under this Division.

(c) For purposes of this Section, "defective description or assessment" includes a description or assessment which omits all the improvements thereon as a result of which part of the taxes on the total value of the property as improved remain unpaid. In the case of property subject to assessment by the Department, the property shall be listed and assessed by the Department. All such property shall be placed on the assessment and tax books.

(d) The arrearages of taxes which might have been assessed, with 10% interest thereon for each year or portion thereof from 2 years after the time the first correct tax bill ought to have been received, shall be charged against the property by the county clerk.

(e) When property or acreage omitted by either incorrect survey or other ministerial assessor error is discovered and the owner has paid its tax bills as received for the year or years of omission of the parcel, then the interest authorized by this Section shall not be chargeable to the owner. However, nothing in this Section shall prevent the collection of the principal amount of back taxes due and owing.

(f) If any property listed as exempt by the chief county assessment officer has a change in use, a change in leasehold estate, or a change in titleholder of record by purchase, grant, taking or transfer, it shall be the obligation of the transferee to notify the chief county assessment officer in writing within 90 days of the change. If mailed, the notice shall be sent by certified mail, return receipt requested, and shall include the name and address of the taxpayer, the legal description of the property, and the property index number of the property when an index number exists. If
notice is provided in person, it shall be provided on a form prescribed by the chief county assessment officer, and the chief county assessment officer shall provide a date stamped copy of the notice. Except as provided in item (6) of subsection (a) of Section 9-260, item (6) of Section 16-135, and item (6) of Section 16-140 of this Code, if the failure to give the notification results in the assessing official continuing to list the property as exempt in subsequent years, the property shall be considered omitted property for purposes of this Code.

(g) In counties with fewer than 3,000,000 inhabitants, if a chief county assessment officer discovers at any time before judgment that a property has been granted a homestead exemption under Article 15 of this Code to which it was not entitled, the chief county assessment officer may consider the erroneously exempt portion of the property as omitted property under this Section for that taxable year only.

Sec. 3. Disaster Response and Recovery Fund.
(a) Whenever funds regularly appropriated to the State and local governmental bodies for disaster response and recovery are insufficient to provide services, and when the Governor has declared a disaster by proclamation in accordance with Section 7 of the Illinois Emergency Management Agency Act or any successor Act, the Governor may draw upon the Disaster Response and Recovery Fund in order to provide services or to reimburse local governmental bodies furnishing services. (b) As soon as practical after the effective date of this amendatory Act of the 98th General Assembly, the State Comptroller shall direct and the State Treasurer shall transfer $5,900,000 from the General Revenue Fund to the Disaster Response and Recovery Fund to meet the State's cost sharing obligations with the Federal Emergency Management Agency under the federal Assistance to Individuals and Households Program pursuant to 42 U.S.C. 5174.

PUBLIC ACT 98-0617
(House Bill No. 1002)

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Section 19-1 as follows:

(105 ILCS 5/19-1)

Sec. 19-1. Debt limitations of school districts.

(a) School districts shall not be subject to the provisions limiting their indebtedness prescribed in "An Act to limit the indebtedness of counties having a population of less than 500,000 and townships, school districts and other municipal corporations having a population of less than 300,000", approved February 15, 1928, as amended.

No school districts maintaining grades K through 8 or 9 through 12 shall become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 6.9% on the value of the taxable property therein to be ascertained by the last assessment for State and county taxes or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978

New matter indicated by italics - deletions by strikeout
equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979, previous to the incurring of such indebtedness.

No school districts maintaining grades K through 12 shall become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 13.8% on the value of the taxable property therein to be ascertained by the last assessment for State and county taxes or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979, previous to the incurring of such indebtedness.

No partial elementary unit district, as defined in Article 11E of this Code, shall become indebted in any manner or for any purpose in an amount, including existing indebtedness, in the aggregate exceeding 6.9% of the value of the taxable property of the entire district, to be ascertained by the last assessment for State and county taxes, plus an amount, including existing indebtedness, in the aggregate exceeding 6.9% of the value of the taxable property of that portion of the district included in the elementary and high school classification, to be ascertained by the last assessment for State and county taxes. Moreover, no partial elementary unit district, as defined in Article 11E of this Code, shall become indebted on account of bonds issued by the district for high school purposes in the aggregate exceeding 6.9% of the value of the taxable property of the entire district, to be ascertained by the last assessment for State and county taxes, nor shall the district become indebted on account of bonds issued by the district for elementary purposes in the aggregate exceeding 6.9% of the value of the taxable property for that portion of the district included in the elementary and high school classification, to be ascertained by the last assessment for State and county taxes.

Notwithstanding the provisions of any other law to the contrary, in any case in which the voters of a school district have approved a proposition for the issuance of bonds of such school district at an election held prior to January 1, 1979, and all of the bonds approved at such election have not been issued, the debt limitation applicable to such school district during the calendar year 1979 shall be computed by multiplying the value of taxable property therein, including personal property, as ascertained by the last assessment for State and county taxes, previous to the incurring of such indebtedness, by the percentage limitation applicable to such school district under the provisions of this subsection (a).
(b) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, additional indebtedness may be incurred in an amount not to exceed the estimated cost of acquiring or improving school sites or constructing and equipping additional building facilities under the following conditions:

(1) Whenever the enrollment of students for the next school year is estimated by the board of education to increase over the actual present enrollment by not less than 35% or by not less than 200 students or the actual present enrollment of students has increased over the previous school year by not less than 35% or by not less than 200 students and the board of education determines that additional school sites or building facilities are required as a result of such increase in enrollment; and

(2) When the Regional Superintendent of Schools having jurisdiction over the school district and the State Superintendent of Education concur in such enrollment projection or increase and approve the need for such additional school sites or building facilities and the estimated cost thereof; and

(3) When the voters in the school district approve a proposition for the issuance of bonds for the purpose of acquiring or improving such needed school sites or constructing and equipping such needed additional building facilities at an election called and held for that purpose. Notice of such an election shall state that the amount of indebtedness proposed to be incurred would exceed the debt limitation otherwise applicable to the school district. The ballot for such proposition shall state what percentage of the equalized assessed valuation will be outstanding in bonds if the proposed issuance of bonds is approved by the voters; or

(4) Notwithstanding the provisions of paragraphs (1) through (3) of this subsection (b), if the school board determines that additional facilities are needed to provide a quality educational program and not less than 2/3 of those voting in an election called by the school board on the question approve the issuance of bonds for the construction of such facilities, the school district may issue bonds for this purpose; or

(5) Notwithstanding the provisions of paragraphs (1) through (3) of this subsection (b), if (i) the school district has previously availed itself of the provisions of paragraph (4) of this subsection (b) to enable it to issue bonds, (ii) the voters of the
school district have not defeated a proposition for the issuance of bonds since the referendum described in paragraph (4) of this subsection (b) was held, (iii) the school board determines that additional facilities are needed to provide a quality educational program, and (iv) a majority of those voting in an election called by the school board on the question approve the issuance of bonds for the construction of such facilities, the school district may issue bonds for this purpose.

In no event shall the indebtedness incurred pursuant to this subsection (b) and the existing indebtedness of the school district exceed 15% of the value of the taxable property therein to be ascertained by the last assessment for State and county taxes, previous to the incurring of such indebtedness or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979.

The indebtedness provided for by this subsection (b) shall be in addition to and in excess of any other debt limitation.

(c) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, in any case in which a public question for the issuance of bonds of a proposed school district maintaining grades kindergarten through 12 received at least 60% of the valid ballots cast on the question at an election held on or prior to November 8, 1994, and in which the bonds approved at such election have not been issued, the school district pursuant to the requirements of Section 11A-10 (now repealed) may issue the total amount of bonds approved at such election for the purpose stated in the question.

(d) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, a school district that meets all the criteria set forth in paragraphs (1) and (2) of this subsection (d) may incur an additional indebtedness in an amount not to exceed $4,500,000, even though the amount of the additional indebtedness authorized by this subsection (d), when incurred and added to the aggregate amount of indebtedness of the district existing immediately prior to the district incurring the additional indebtedness authorized by this subsection (d), causes the aggregate indebtedness of the district to exceed the debt limitation otherwise applicable to that district under subsection (a):

(1) The additional indebtedness authorized by this subsection (d) is incurred by the school district through the issuance of bonds under and in accordance with Section 17-2.11a
for the purpose of replacing a school building which, because of
mine subsidence damage, has been closed as provided in paragraph
(2) of this subsection (d) or through the issuance of bonds under
and in accordance with Section 19-3 for the purpose of increasing
the size of, or providing for additional functions in, such
replacement school buildings, or both such purposes.

(2) The bonds issued by the school district as provided in
paragraph (1) above are issued for the purposes of construction by
the school district of a new school building pursuant to Section 17-
2.11, to replace an existing school building that, because of mine
subsidence damage, is closed as of the end of the 1992-93 school
year pursuant to action of the regional superintendent of schools of
the educational service region in which the district is located under
Section 3-14.22 or are issued for the purpose of increasing the size
of, or providing for additional functions in, the new school
building being constructed to replace a school building closed as
the result of mine subsidence damage, or both such purposes.

(e) (Blank).

(f) Notwithstanding the provisions of subsection (a) of this Section
or of any other law, bonds in not to exceed the aggregate amount of
$5,500,000 and issued by a school district meeting the following criteria
shall not be considered indebtedness for purposes of any statutory
limitation and may be issued in an amount or amounts, including existing
indebtedness, in excess of any heretofore or hereafter imposed statutory
limitation as to indebtedness:

(1) At the time of the sale of such bonds, the board of
education of the district shall have determined by resolution that
the enrollment of students in the district is projected to increase by
not less than 7% during each of the next succeeding 2 school years.

(2) The board of education shall also determine by
resolution that the improvements to be financed with the proceeds
of the bonds are needed because of the projected enrollment
increases.

(3) The board of education shall also determine by
resolution that the projected increases in enrollment are the result
of improvements made or expected to be made to passenger rail
facilities located in the school district.

Notwithstanding the provisions of subsection (a) of this Section or
of any other law, a school district that has availed itself of the provisions
of this subsection (f) prior to July 22, 2004 (the effective date of Public Act 93-799) may also issue bonds approved by referendum up to an amount, including existing indebtedness, not exceeding 25% of the equalized assessed value of the taxable property in the district if all of the conditions set forth in items (1), (2), and (3) of this subsection (f) are met.

PUBLIC ACT 98-0619
(Senate Bill No. 0492)

AN ACT concerning local government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Public Building Commission Act is amended by adding Section 23.5 as follows:

(50 ILCS 20/23.5 new)

(a) The General Assembly finds and declares that:

(2) Senate Bill 2233 of the 98th General Assembly contained provisions that would have changed the repeal dates of Sections 2.5, 20.3, 20.4, 20.5, 20.10, 20.15, 20.20, and 20.25 of this Act from 5 years after the effective date of Public Act 95-595 to June 1, 2018. Senate Bill 2233 passed both houses on May 31, 2013. Senate Bill 2233 provided that it took effect upon becoming law. Senate Bill 2233 was sent to the Governor on June 10, 2013.

New matter indicated by italics - deletions by strikeout
Senate Bill 2233 was approved by the Governor on August 9, 2013. Senate Bill 2233 became Public Act 98-299.

(3) The Statute on Statutes sets forth general rules on the repeal of statutes and the construction of multiple amendments, but Section 1 of that Act also states that these rules will not be observed when the result would be "inconsistent with the manifest intent of the General Assembly or repugnant to the context of the statute".

(4) The actions of the General Assembly clearly manifest the intention of the General Assembly to extend the repeal of Sections 2.5, 20.3, 20.4, 20.5, 20.10, 20.15, 20.20, and 20.25 of this Act and have those Sections continue in effect until June 1, 2018.

(5) Sections 2.5, 20.3, 20.4, 20.5, 20.10, 20.15, 20.20, and 20.25 of this Act were originally enacted to protect, promote, and preserve the general welfare. Any construction of this Act that results in the repeal of those Sections on June 1, 2013 would be inconsistent with the manifest intent of the General Assembly and repugnant to the context of this Act.

(c) Sections 2.5, 20.3, 20.4, 20.5, 20.10, 20.15, 20.20, and 20.25 of this Act shall be deemed to have been in continuous effect since June 1, 2008 (the effective date of Public Act 95-595), and shall continue to be in effect henceforward until June 1, 2018, unless they are otherwise lawfully repealed. All previously enacted amendments to this Act taking effect on or after June 1, 2013 are hereby validated.

(d) All actions taken in reliance on or pursuant to Sections 2.5, 20.3, 20.4, 20.5, 20.10, 20.15, 20.20, and 20.25 of this Act by the Public Building Commission or any other person or entity are hereby validated.

(e) In order to ensure the continuing effectiveness of Sections 2.5, 20.3, 20.4, 20.5, 20.10, 20.15, 20.20, and 20.25 of this Act, those Sections are set forth in full and reenacted by this amendatory Act of the 98th General Assembly. This reenactment is intended as a continuation of those
Sections. It is not intended to supersede any amendment to the Act that is enacted by the 98th General Assembly.

(f) In this amendatory Act of the 98th General Assembly, the base text of the reenacted Sections is set forth as amended by Public Act 98-299. Striking and underscoring is used only to show changes being made to the base text. In this instance, no underscoring or striking is shown in the base text because no additional changes are being made.

(g) Sections 2.5, 20.3, 20.4, 20.5, 20.10, 20.15, 20.20, and 20.25 of this Act apply to all claims, civil actions, and proceedings pending on or filed on or before the effective date of this amendatory Act of the 98th General Assembly.

Section 10. The Public Building Commission Act is amended by reenacting Sections 2.5, 20.3, 20.4, 20.5, 20.10, 20.15, 20.20, and 20.25 as follows:

Sec. 2.5. Legislative policy; conditions for use of design-build. It is the intent of the General Assembly that a commission be allowed to use the design-build delivery method for public projects if it is shown to be in the commission's best interest for that particular project.

It shall be the policy of the commission in the procurement of design-build services to publicly announce all requirements for design-build services and to procure these services on the basis of demonstrated competence and qualifications and with due regard for the principles of competitive selection.

The commission shall, prior to issuing requests for proposals, promulgate and publish procedures for the solicitation and award of contracts pursuant to this Act.

The commission shall, for each public project or projects permitted under this Act, make a written determination, including a description as to the particular advantages of the design-build procurement method, that it is in the best interests of the commission to enter into a design-build contract for the project or projects.

In making that determination, the following factors shall be considered:

(1) The probability that the design-build procurement method will be in the best interests of the commission by providing a material savings of time or cost over the design-bid-build or other delivery system.

New matter indicated by italics - deletions by strikeout
(2) The type and size of the project and its suitability to the design-build procurement method.

(3) The ability of the design-build entity to define and provide comprehensive scope and performance criteria for the project.

(5) Material requirements of the contract, including but not limited to, the proposed terms and conditions, required performance and payment bonds, insurance, and the entity's plan to comply with the utilization goals established by the corporate authorities of the Commission for minority and women business enterprises and to comply with Section 2-105 of the Illinois Human Rights Act.

(6) The performance criteria.

(7) The evaluation criteria for each phase of the solicitation.

(8) The number of entities that will be considered for the technical and cost evaluation phase.

(c) The Commission may include any other relevant information that it chooses to supply. The design-build entity shall be entitled to rely upon the accuracy of this documentation in the development of its proposal.

(d) The date that proposals are due must be at least 21 calendar days after the date of the issuance of the request for proposal. In the event the cost of the project is estimated to exceed $12,000,000, then the proposal due date must be at least 28 calendar days after the date of the issuance of the request for proposal. The Commission shall include in the request for proposal a minimum of 30 days to develop the Phase II submissions after the selection of entities from the Phase I evaluation is completed.

Sec. 20.5. Procedures for design-build selection.

(a) The Commission must use a two-phase procedure for the selection of the successful design-build entity. Phase I of the procedure will evaluate and shortlist the design-build entities based on qualifications, and Phase II will evaluate the technical and cost proposals.

(b) The Commission shall include in the request for proposal the evaluating factors to be used in Phase I. These factors are in addition to any prequalification requirements of design-build entities that the Commission has set forth. Each request for proposal shall establish the relative importance assigned to each evaluation factor and subfactor, including any weighting of criteria to be employed by the Commission. The Commission must maintain a record of the evaluation scoring to be disclosed in event of a protest regarding the solicitation.

The Commission shall include the following criteria in every Phase I evaluation of design-build entities: (1) experience of personnel; (2) successful experience with similar project types; (3) financial capability; (4) timeliness of past performance; (5) experience with similarly sized

The Commission may not consider any design-build entity for evaluation or award if the entity has any pecuniary interest in the project or has other relationships or circumstances, including but not limited to, long-term leasehold, mutual performance, or development contracts with the Commission, that may give the design-build entity a financial or tangible advantage over other design-build entities in the preparation, evaluation, or performance of the design-build contract or that create the appearance of impropriety. No design-build proposal shall be considered that does not include an entity's plan to comply with the requirements established in the minority and women business enterprises and economically disadvantaged firms established by the corporate authorities of the Commission and with Section 2-105 of the Illinois Human Rights Act.

Upon completion of the qualifications evaluation, the Commission shall create a shortlist of the most highly qualified design-build entities. The Commission, in its discretion, is not required to shortlist the maximum number of entities as identified for Phase II evaluation, provided however, no less than 2 design-build entities nor more than 6 are selected to submit Phase II proposals.

The Commission shall notify the entities selected for the shortlist in writing. This notification shall commence the period for the preparation of the Phase II technical and cost evaluations. The Commission must allow sufficient time for the shortlist entities to prepare their Phase II submittals considering the scope and detail requested by the Commission.

(c) The Commission shall include in the request for proposal the evaluating factors to be used in the technical and cost submission components of Phase II. The guaranteed maximum project cost criteria weighing factor shall not exceed 30%.

The Commission shall directly employ or retain a licensed design professional to evaluate the technical and cost submissions to determine if the technical submissions are in accordance with generally accepted industry standards.

Upon completion of the technical submissions and cost submissions evaluation, the Commission may award the design-build contract to the highest overall ranked entity.

(d) This Section is repealed on June 1, 2018; provided that any design-build contracts entered into before such date or any procurement of a project under this Act commenced before such date, and the contracts resulting from those procurements, shall remain effective.

proposals and that includes a copy of the contract awarded. Nothing 
contained in this Section shall be construed to prohibit the Board of 
Commissioners from placing additional advertisements in recognized trade 
journals. Advertisements for bids shall describe the character of the 
proposed contract in sufficient detail to enable the bidders thereon to know 
what their obligation will be, either in the advertisement itself, or by 
reference to detailed plans and specifications on file in the office of the 
Public Building Commission at the time of the publication of the first 
announcement. Such advertisement shall also state the date, time, and 
place assigned for the opening of bids. No bids shall be received at any 
time subsequent to the time indicated in said advertisement. 
(c) In addition to the requirements of Section 20.3, the 
Commission shall advertise a design-build solicitation at least once in a 
daily newspaper of general circulation in the county where the 
Commission is located. The date that Phase I submissions by design-build 
entities are due must be at least 14 calendar days after the date the 
newspaper advertisement for design-build proposals is first published. The 
advertisement shall identify the design-build project, the due date, the 
place and time for Phase I submissions, and the place where proposers can 
obtain a complete copy of the request for design-build proposals, including 
the criteria for evaluation and the scope and performance criteria. The 
Commission is not precluded from using other media or from placing 
advertisements in addition to the one required under this subsection. 
(d) The Board of Commissioners may reject any and all bids and 
proposals received and may readvertise for bids or issue a new request for 
design-build proposals. 
(e) All bids shall be open to public inspection in the office of the 
Public Building Commission after an award or final selection has been 
made. The successful bidder for such work shall enter into contracts 
furnished and prescribed by the Board of Commissioners and in addition 
to any other bonds required under this Act the successful bidder shall

execute and give bond, payable to and to be approved by the Commission, with a corporate surety authorized to do business under the laws of the State of Illinois, in an amount to be determined by the Board of Commissioners, conditioned upon the payment of all labor furnished and materials supplied in the prosecution of the contracted work. If the bidder whose bid has been accepted shall neglect or refuse to accept the contract within five (5) days after written notice that the same has been awarded to him, or if he accepts but does not execute the contract and give the proper security, the Commission may accept the next lowest bidder, or readvertise and relet in manner above provided.

(f) In case any work shall be abandoned by any contractor or design-build entity, the Commission may, if the best interests of the Commission be thereby served, adopt on behalf of the Commission all subcontracts made by such contractor or design-build entity for such work and all such sub-contractors shall be bound by such adoption if made; and the Commission shall, in the manner provided in this Act, readvertise and relet, or request proposals and award design-build contracts for, the work specified in the original contract exclusive of so much thereof as shall be accepted. Every contract when made and entered into, as provided in this Section or Section 20.20, shall be executed, held by the Commission, and filed in its records, and one copy of which shall be given to the contractor or design-build entity.

(g) The provisions of this Section with respect to design-build shall have no effect beginning on June 1, 2018; provided that any design-build contracts entered into before such date or any procurement of a project under this Act commenced before such date, and the contracts resulting from those procurements, shall remain effective. The actions of any person or entity taken on or after June 1, 2013 and before the effective date of this amendatory Act of the 98th General Assembly in reliance on the provisions of this Section with respect to design-build continuing to be effective are hereby validated.

In order to be approved for the Youth Hunting License, the applicant must request a Youth Hunting License from the Department and submit a $7 fee, which shall be separate from and additional to any other stamp, permit, tag, or license fee that may be required for hunting under this Code. The Department shall adopt rules for the administration of the program, but shall not require any certificate of competency or other hunting education as a condition of the Youth Hunting License.

PUBLIC ACT 98-0622
(Senate Bill No. 1523)

AN ACT concerning public employee benefits.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Pension Code is amended by changing Sections 1-160, 12-130, 12-133.1, 12-133.2, 12-140, 12-149, and 12-150 and adding Sections 12-150.5, 12-155.5, and 12-195 as follows:
(40 ILCS 5/1-160)
Sec. 1-160. Provisions applicable to new hires.
(a) The provisions of this Section apply to a person who, on or after January 1, 2011, first becomes a member or a participant under any reciprocal retirement system or pension fund established under this Code,

New matter indicated by italics - deletions by strikeout
other than a retirement system or pension fund established under Article 2, 3, 4, 5, 6, 15 or 18 of this Code, notwithstanding any other provision of this Code to the contrary, but do not apply to any self-managed plan established under this Code, to any person with respect to service as a sheriff's law enforcement employee under Article 7, or to any participant of the retirement plan established under Section 22-101.

(b) "Final average salary" means the average monthly (or annual) salary obtained by dividing the total salary or earnings calculated under the Article applicable to the member or participant during the 96 consecutive months (or 8 consecutive years) of service within the last 120 months (or 10 years) of service in which the total salary or earnings calculated under the applicable Article was the highest by the number of months (or years) of service in that period. For the purposes of a person who first becomes a member or participant of any retirement system or pension fund to which this Section applies on or after January 1, 2011, in this Code, "final average salary" shall be substituted for the following:

(1) In Article 7 (except for service as sheriff's law enforcement employees), "final rate of earnings".

(2) In Articles 8, 9, 10, 11, and 12, "highest average annual salary for any 4 consecutive years within the last 10 years of service immediately preceding the date of withdrawal".

(3) In Article 13, "average final salary".

(4) In Article 14, "final average compensation".

(5) In Article 17, "average salary".

(6) In Section 22-207, "wages or salary received by him at the date of retirement or discharge".

(b-5) Beginning on January 1, 2011, for all purposes under this Code (including without limitation the calculation of benefits and employee contributions), the annual earnings, salary, or wages (based on the plan year) of a member or participant to whom this Section applies shall not exceed $106,800; however, that amount shall annually thereafter be increased by the lesser of (i) 3% of that amount, including all previous adjustments, or (ii) one-half the annual unadjusted percentage increase (but not less than zero) in the consumer price index-u for the 12 months ending with the September preceding each November 1, including all previous adjustments.

For the purposes of this Section, "consumer price index-u" means the index published by the Bureau of Labor Statistics of the United States Department of Labor that measures the average change in prices of goods
and services purchased by all urban consumers, United States city average, all items, 1982-84 = 100. The new amount resulting from each annual adjustment shall be determined by the Public Pension Division of the Department of Insurance and made available to the boards of the retirement systems and pension funds by November 1 of each year.

(c) A member or participant is entitled to a retirement annuity upon written application if he or she has attained age 67 (beginning January 1, 2015, age 65 with respect to service under Article 12 of this Code that is subject to this Section) and has at least 10 years of service credit and is otherwise eligible under the requirements of the applicable Article.

A member or participant who has attained age 62 (beginning January 1, 2015, age 60 with respect to service under Article 12 of this Code that is subject to this Section) and has at least 10 years of service credit and is otherwise eligible under the requirements of the applicable Article may elect to receive the lower retirement annuity provided in subsection (d) of this Section.

(d) The retirement annuity of a member or participant who is retiring after attaining age 62 (beginning January 1, 2015, age 60 with respect to service under Article 12 of this Code that is subject to this Section) with at least 10 years of service credit shall be reduced by one-half of 1% for each full month that the member's age is under age 67 (beginning January 1, 2015, age 65 with respect to service under Article 12 of this Code that is subject to this Section).

(e) Any retirement annuity or supplemental annuity shall be subject to annual increases on the January 1 occurring either on or after the attainment of age 67 (beginning January 1, 2015, age 65 with respect to service under Article 12 of this Code that is subject to this Section) or the first anniversary of the annuity start date, whichever is later. Each annual increase shall be calculated at 3% or one-half the annual unadjusted percentage increase (but not less than zero) in the consumer price index-u for the 12 months ending with the September preceding each November 1, whichever is less, of the originally granted retirement annuity. If the annual unadjusted percentage change in the consumer price index-u for the 12 months ending with the September preceding each November 1 is zero or there is a decrease, then the annuity shall not be increased.

(f) The initial survivor's or widow's annuity of an otherwise eligible survivor or widow of a retired member or participant who first became a member or participant on or after January 1, 2011 shall be in the amount of 66 2/3% of the retired member's or participant's retirement annuity at

the date of death. In the case of the death of a member or participant who has not retired and who first became a member or participant on or after January 1, 2011, eligibility for a survivor's or widow's annuity shall be determined by the applicable Article of this Code. The initial benefit shall be 66 2/3% of the earned annuity without a reduction due to age. A child's annuity of an otherwise eligible child shall be in the amount prescribed under each Article if applicable. Any survivor's or widow's annuity shall be increased (1) on each January 1 occurring on or after the commencement of the annuity if the deceased member died while receiving a retirement annuity or (2) in other cases, on each January 1 occurring after the first anniversary of the commencement of the annuity. Each annual increase shall be calculated at 3% or one-half the annual unadjusted percentage increase (but not less than zero) in the consumer price index-u for the 12 months ending with the September preceding each November 1, whichever is less, of the originally granted survivor's annuity. If the annual unadjusted percentage change in the consumer price index-u for the 12 months ending with the September preceding each November 1 is zero or there is a decrease, then the annuity shall not be increased.

(g) The benefits in Section 14-110 apply only if the person is a State policeman, a fire fighter in the fire protection service of a department, or a security employee of the Department of Corrections or the Department of Juvenile Justice, as those terms are defined in subsection (b) of Section 14-110. A person who meets the requirements of this Section is entitled to an annuity calculated under the provisions of Section 14-110, in lieu of the regular or minimum retirement annuity, only if the person has withdrawn from service with not less than 20 years of eligible creditable service and has attained age 60, regardless of whether the attainment of age 60 occurs while the person is still in service.

(h) If a person who first becomes a member or a participant of a retirement system or pension fund subject to this Section on or after January 1, 2011 is receiving a retirement annuity or retirement pension under that system or fund and becomes a member or participant under any other system or fund created by this Code and is employed on a full-time basis, except for those members or participants exempted from the provisions of this Section under subsection (a) of this Section, then the person's retirement annuity or retirement pension under that system or fund shall be suspended during that employment. Upon termination of that employment, the person's retirement annuity or retirement pension...
payments shall resume and be recalculated if recalculation is provided for under the applicable Article of this Code.

If a person who first becomes a member of a retirement system or pension fund subject to this Section on or after January 1, 2012 and is receiving a retirement annuity or retirement pension under that system or fund and accepts on a contractual basis a position to provide services to a governmental entity from which he or she has retired, then that person's annuity or retirement pension earned as an active employee of the employer shall be suspended during that contractual service. A person receiving an annuity or retirement pension under this Code shall notify the pension fund or retirement system from which he or she is receiving an annuity or retirement pension, as well as his or her contractual employer, of his or her retirement status before accepting contractual employment. A person who fails to submit such notification shall be guilty of a Class A misdemeanor and required to pay a fine of $1,000. Upon termination of that contractual employment, the person's retirement annuity or retirement pension payments shall resume and, if appropriate, be recalculated under the applicable provisions of this Code.

(i) (Blank).

(j) In the case of a conflict between the provisions of this Section and any other provision of this Code, the provisions of this Section shall control.

Sec. 12-133.1. Annual increase in basic retirement annuity.

(a) Any employee upon withdrawal from service on or after July 1, 1965, and retiring on a retirement annuity, shall be entitled to an annual increase in his basic retirement annuity as defined herein while he is in receipt of such annuity.

The term "basic retirement annuity" shall mean the retirement annuity of the amount fixed and payable at date of retirement of the employee.

(b) The annual increase in annuity shall be 1 1/2% of the basic retirement annuity. The increase shall first occur in the month of January or the month of July, whichever first occurs next following or coincidental with the first anniversary of retirement. Effective January 1, 1972, the
annual rate of increase in annuity thereafter shall be 2% of the basic retirement annuity, provided that beginning as of January 1, 1976, the annual rate of increase shall be 3% of the basic retirement annuity.

(b-1) Notwithstanding subsection (b), all automatic annual increases payable under this Section on or after January 1, 2015 shall be calculated at 3% or one-half the annual unadjusted percentage increase (but not less than 0) in the Consumer Price Index-U for the 12 months ending with the September preceding each November 1, whichever is less, of the originally granted retirement annuity.

For the purposes of this Article, "Consumer Price Index-U" means the index published by the Bureau of Labor Statistics of the United States Department of Labor that measures the average change in prices of goods and services purchased by all urban consumers, United States city average, all items, 1982-84 = 100. The new amount resulting from each annual adjustment shall be determined by the Public Pension Division of the Department of Insurance.

Notwithstanding Section 1-103.1, this subsection (b-1) is applicable without regard to whether the employee was in active service on or after the effective date of this amendatory Act of the 98th General Assembly. This subsection (b-1) is also applicable to any former employee who on or after the effective date of this amendatory Act of the 98th General Assembly is receiving a retirement annuity pursuant to the provisions of this Section.

(b-2) Notwithstanding any other provision of this Article, no automatic annual increase in retirement annuity payable under this Section shall be granted to any person by the Fund in 2015, 2017, and 2019 under this Article or under Section 1-160 of this Code as it applies to this Article. In the years 2016, 2018, 2020, and thereafter, the Fund shall continue to pay amounts accruing from automatic annual increases in the manner provided by this Code.

Notwithstanding Section 1-103.1, this subsection (b-2) is applicable without regard to whether the employee was in active service on or after the effective date of this amendatory Act of the 98th General Assembly. This subsection (b-2) is also applicable to any former employee who on or after the effective date of this amendatory Act of the 98th General Assembly is receiving a retirement annuity pursuant to the provisions of this Article.

(c) For an employee who retires with less than 30 years of service, the increase in the basic retirement annuity shall begin not earlier than in
the month of January or the month of July, whichever occurs first, following or coincidental with the employee's attainment of age 60.

Subject to the provisions of subsection (b-2), for an employee who retires with at least 30 years of service, the annual increase under this Section shall begin in the month of January or the month of July, whichever first occurs next following or coincidental with the later of (1) the first anniversary of retirement or (2) July 1, 1998, without regard to the attainment of age 60 and without regard to whether or not the employee was in service on or after the effective date of this amendatory Act of 1998.

If such contributions were not made, the employee may make the required payment to the fund at the time of retirement, in a single sum, without interest.

(e) The additional contributions by an employee towards the annual increase in basic retirement annuity shall not be refundable, except to an employee who withdraws and applies for a refund under this Article, or dies while in service, and also in cases where a temporary annuity becomes payable. In such cases his contributions shall be refunded without interest.

(40 ILCS 5/12-133.2) (from Ch. 108 1/2, par. 12-133.2)

Sec. 12-133.2. Increases to employee annuitants. The provisions of subsections (b-1) and (b-2) of Section 12-133.1 also apply to the benefits provided under this Section.

Employees who retired on service retirement annuity prior to July 1, 1965 who were at least 55 years of age at date of retirement and had at least 20 years of credited service, who shall have attained age 65, and any employee retired on or after such date who meets such qualifying conditions and who is not eligible for an annual increase in basic retirement annuity otherwise provided in this Article, shall be entitled to receive benefits under this Section.

These benefits shall be in an amount equal to 1 1/2% of the service retirement annuity multiplied by the number of full years that the annuitant was in receipt of such annuity. This payment shall begin in January of 1970, and an additional 1 1/2% based upon the original grant of annuity shall be added in January of each year thereafter. Beginning January 1,
1972, the annual rate of increase in annuity shall be 2% of the original grant of annuity and shall also apply thereafter to any person who shall have had at least 15 years of credited service and less than 20 years on the same basis as was applicable to persons retired with 20 or more years of service; provided that beginning January 1, 1976, the annual rate of increase in retirement annuity shall be 3% of the basic retirement annuity.

Sec. 12-140. Duty disability benefit. An employee who becomes disabled as the direct result of injury incurred in the performance of an act of duty and cannot perform the duties of the regularly assigned position, is entitled to receive, while so disabled, a benefit of 75% of the salary at the date when such duty disability benefits commence, subject to the conditions hereinafter stated, except that beginning January 1, 2015, such duty disability benefits shall be reduced to 74% of that salary; beginning January 1, 2017, such duty disability benefits shall be reduced to 73% of that salary; and beginning January 1, 2019, such duty disability benefits shall be reduced to 72% of that salary.

In the event an employee returns to service from any duty disability and renders actual employment in pay status performing the duties of the regularly assigned position for at least 60 days, and again becomes disabled, whether due to the previous disability or a new disability, the salary to be used in the computation of the benefit shall be the salary in effect at the date of the last day of service prior to the latest disability.

The employee shall also receive a further benefit of $20 per month on account of each eligible minor child as prescribed in Section 12-137, but the combined benefit to employee and children shall not exceed the annual salary at the date of such disability less the sums that would be deducted from his salary for service annuity and spouse's service annuity.

The benefit prescribed herein shall be payable during disability until the employee attains age 65, if disability is incurred before age 60, or

for a period of 5 years if disability is incurred at age 60 or older. If the
disability is incurred after age 65, this 5 year period may be reduced if
such reduction can be justified on the basis of actuarial cost data approved
by the board upon the recommendation of the actuary. At such time if the
employee remains disabled the employee may retire on a retirement
annuity.

If an employee dies as the direct result of injury incurred in the
performance of an act of duty, or if death results from any cause which is
compensable under the Workers' Occupational Diseases Act, a surviving
spouse shall be entitled to a benefit (subject to the modifications stated in
Section 12-141) of 50% of the employee's salary as it was at the date of
injury resulting in death, until the date when the employee would have
attained age 65, if injury was incurred under age 60, or for a period of 5
years if disability is incurred at age 60 or older. After such date, the spouse
shall be entitled to receive the reversionary annuity that would have been
fixed had the employee continued in service at the rate of salary received
at the date of his injury resulting in death, until the employee attained age
65 or as stated herein and had then retired.

If a spouse remarries while under age 55 while in receipt of a
benefit under this section, the benefit shall terminate. Such termination
shall be final and shall not be affected by any change thereafter in his or
her marital status.

Notwithstanding Section 1-103.1, the changes to this Section made
by this amendatory Act of the 98th General Assembly apply to duty
disability benefits payable on or after January 1, 2015, regardless of
whether the recipient is deemed to be in service on or after the effective
date of this amendatory Act.

The amount of such annual tax to and including the year 1977 shall not exceed .0275% of the value, as equalized or assessed by the Department of Revenue, of all taxable property embraced within the park district, provided that for the year 1978, and for each year thereafter, the amount of such annual tax shall be at a rate on the dollar of assessed valuation of all taxable property that will produce, when extended, for the year 1978 the following sum: 0.825 times the amount of employee contributions during the fiscal year 1976; for the year 1979, 0.85 times the amount of employee contributions during the fiscal year 1977; for the year 1980, 0.90 times the amount of employee contributions during the fiscal year 1978; for the year 1981, 0.95 times the amount of employee contributions during the fiscal year 1979; for the year 1982, 1.00 times the amount of employee contributions during the fiscal year 1980; for the year 1983, 1.05 times the amount of contributions made on behalf of employees during the fiscal year 1981; and for the year 1984 and each year thereafter through the year 2013, an amount equal to 1.10 times the employee contributions during the fiscal year 2-years prior to the year for which the applicable tax is levied. For the year 2014, this calculation shall be 1.10 times the amount of employee contributions during the 12-month fiscal year ending June 30, 2012; and for the year 2015, this calculation shall be 1.70 times the amount of employee contributions during the 12-month fiscal year ending December 31, 2013. For the year 2016, this calculation shall be an amount equal to 1.70 times; for the years 2017 and 2018, this calculation shall be an amount equal to 2.30 times; and for the year 2019 and each year thereafter, until the Fund attains a funded ratio of at least 90% with the funded ratio being the ratio of the actuarial value of assets to the total actuarial liability, this calculation shall be an amount equal to 2.90 times the employee contributions during the fiscal year 2 years prior to the year for which the applicable tax is levied. Beginning in the fiscal year in which the Fund attains a funding ratio of at least 90%, the contribution shall be the lesser of (1) 2.90 times the employee contributions during the fiscal year 2 years prior to the year for which the applicable tax is levied, or (2) the amount needed to maintain a funded ratio of 90%.

In addition to the contributions required under the other provisions of this Article, by November 1 of the following specified years, the employer shall contribute to the Fund the following specified amounts:

$12,500,000 in 2015; $12,500,000 in 2016; and $50,000,000 in 2019. The additional employer contributions required under this subsection (a) are intended to decrease the unfunded liability of the Fund and shall not decrease the amount of the employer contributions required under the other provisions of this Article. The additional employer contributions made under this subsection (a) may be used by the Fund for any of its lawful purposes.

(b) As used in this Section, the term "employee contributions" means contributions by employees for retirement annuity, spouse's annuity, automatic increase in retirement annuity, and death benefit.

In making required contributions under this Section, the employer may, in lieu of levying all or a portion of the tax required under this Section, deposit an amount not less than the required amount of employer contributions derived from any source legally available for that purpose.

(c) In respect to park district employees, other than policemen, who are transferred to the employment of a city by virtue of the "Exchange of Functions Act of 1957", the corporate authorities of the city shall annually levy a tax upon all taxable property embraced in the city, as equalized or assessed by the Department of Revenue, at such rate per cent of the value of such property as shall be sufficient, when added to the amounts deducted from the salary or wages of such employees, to provide the benefits to which such employees, their dependents and beneficiaries are entitled under the provisions of this Article. The park district shall not levy a tax hereunder in respect to such employees. The tax levied by the city under authority of this Article shall be in addition to and exclusive of all other taxes authorized by law to be levied by the city for corporate, annuity fund or other purposes.

(d) All moneys accruing from the levy and collection of taxes, pursuant to this section, shall be remitted to the board by the employers as soon as they are received. Where a city has levied a tax pursuant to this Section in respect to park district employees transferred to the employment of a city, the treasurer of such city or other authorized officer shall remit the moneys accruing from the levy and collection of such tax as soon as they are received. Such remittances shall be made upon a pro rata share basis, whereby each employer shall pay to the board such employer's proportionate percentage of each payment of taxes received by it, according to the ratio which its tax levy for this fund bears to the total tax levy of such employer.
(e) Should any board of park commissioners included under the provisions of this Article be without authority to levy the tax provided in this Section the corporation authorities (meaning the supervisor, clerk and assessor) of the town or towns for which such board shall be the board of park commissioners shall levy such tax.

(f) Employer contributions to the Fund may be reduced by $5,000,000 for calendar years 2004 and 2005.

Sec. 12-150. Contributions by employees for service annuity.

(a) From each payment of salary to a present employee beginning August 4, 1961, and prior to September 1, 1971, there shall be deducted as contributions for service annuity 6% of such payment. Beginning September 1, 1971, the deduction shall be 6 1/2% of salary. Beginning January 1, 2015, the deduction shall be 8% of salary. Beginning January 1, 2017, the deduction shall be 9% of salary. Beginning January 1, 2019, the deduction shall be 10% of salary. These contributions shall continue until the amounts thus deducted will provide an accumulation, at regular interest, at least equal to the amount that would be provided on such date from employee contributions, assuming regular interest to such date, if such employee had been contributing in accordance with the provisions of "The 1919 Act" and this Article from the beginning of his service and the salary of the employee during his prior service was the same as it was on July 1, 1919, or on July 1, 1937 in the case of an employee of the board.

(b) From each payment of salary to a future entrant beginning August 4, 1961, and prior to September 1, 1971, there shall be deducted as contributions for service annuity 6% of such payment. Beginning January 1, 2017, the deduction shall be 9% of salary. Beginning January 1, 2019, the deduction shall be 10% of salary. Beginning with the first pay period on or after the date when the funded ratio of the Fund is first determined to have reached the 90% funding goal, and each pay period thereafter for as long as the Fund maintains a funding ratio of 90% or more, employee contributions shall be 8.5% of salary for the service annuity. If the funding ratio falls below 90%, then employee contributions for the service annuity shall revert to 10% of salary until such time as the Fund once again is

For the period from July 1, 1919, to August 4, 1961 such deductions for a present employee shall continue until such date as the amounts deducted will provide an accumulation at least equal to that which would be provided on such date, assuming regular interest to such date, from deductions from salary of such employee if such employee had been under the provisions of "The 1919 Act" and this Article from the beginning of his service and the salary of such employee during his period of prior service was the same as it was on July 1, 1919 or on July 1, 1937 in the case of an employee of the board.

(d) Any employee shall have the option to contribute for service annuity an amount, together with regular interest, equal to the difference between the amount he had accumulated in the fund on June 30, 1947, from contributions at the rate of 4% of salary, together with regular interest, and the amount he would have accumulated, together with regular interest, if he had made contributions at the rate of 5% of salary. All such contributions shall be subject to salary limitations and other conditions in effect prior to July 1, 1947. Upon making such contribution the employer of such employee shall contribute in the ratio of 2 to 1 with such employee.

(b) In ordering the board of park commissioners to make the required payment, the court may order a reasonable payment schedule to enable the board of park commissioners to make the required payment without significantly imperiling the public health, safety, or welfare. Any payments required to be made by the board of park commissioners pursuant to this Section are expressly subordinated to the payment of the principal, interest, and premium, if any, on any bonded debt obligation of the board of park commissioners, either currently outstanding or to be issued, for which the source of repayment or security thereon is derived directly or indirectly from tax revenues collected by the board of park commissioners. Payments on such bonded obligations include any statutory fund transfers or other prefunding mechanisms or formulas set forth, now or hereafter, in State law or bond indentures, into debt service funds or accounts of the board of park commissioners related to such bonded obligations, consistent with the payment schedules associated with such obligations.

Sec. 12-195. Application and expiration of new benefit increases.

(a) As used in this Section, "new benefit increase" means an increase in the amount of any benefit provided under this Article, or an expansion of the conditions of eligibility for any benefit under this Article, that results from an amendment to this Code that takes effect after the effective date of this amendatory Act of the 98th General Assembly.

(b) Notwithstanding any other provision of this Code or any subsequent amendment to this Code, every new benefit increase is subject to this Section and shall be deemed to be granted only in conformance with and contingent upon compliance with the provisions of this Section.

(c) The Public Act enacting a new benefit increase must identify and provide for payment to the Fund of additional funding at least sufficient to fund the resulting annual increase in cost to the Fund as it accrues.

Every new benefit increase is contingent upon the General Assembly providing the additional funding required under this subsection (c). The State Actuary shall analyze whether adequate additional funding has been provided for the new benefit increase. A new benefit increase created by a Public Act that does not include the additional funding required under this subsection (c) is null and void. If the State Actuary determines that the additional funding provided for a new benefit increase under this subsection (c) is or has become inadequate, it may so certify to the Governor and the State Comptroller and, in the absence of corrective action by the General Assembly, the new benefit increase shall expire at the end of the fiscal year in which the certification is made.

AN ACT concerning regulation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Horse Racing Act of 1975 is amended by changing Sections 26, 27, and 28.1 and by adding Sections 26.8 and 26.9 as follows:

(a) Any licensee may conduct and supervise the pari-mutuel system of wagering, as defined in Section 3.12 of this Act, on horse races conducted by an Illinois organization licensee or conducted at a racetrack located in another state or country and televised in Illinois in accordance with subsection (g) of Section 26 of this Act. Subject to the prior consent of the Board, licensees may supplement any pari-mutuel pool in order to guarantee a minimum distribution. Such pari-mutuel method of wagering shall not, under any circumstances if conducted under the provisions of this Act, be held or construed to be unlawful, other statutes of this State to the contrary notwithstanding. Subject to rules for advance wagering promulgated by the Board, any licensee may accept wagers in advance of the day of the race wagered upon occurs.

(b) No other method of betting, pool making, wagering or gambling shall be used or permitted by the licensee. Each licensee may retain, subject to the payment of all applicable taxes and purses, an amount not to exceed 17% of all money wagered under subsection (a) of this Section, except as may otherwise be permitted under this Act.

(b-5) An individual may place a wager under the pari-mutuel system from any licensed location authorized under this Act provided that wager is electronically recorded in the manner described in Section 3.12 of this Act. Any wager made electronically by an individual while physically on the premises of a licensee shall be deemed to have been made at the premises of that licensee.

(c) Until January 1, 2000, the sum held by any licensee for payment of outstanding pari-mutuel tickets, if unclaimed prior to...
December 31 of the next year, shall be retained by the licensee for payment of such tickets until that date. Within 10 days thereafter, the balance of such sum remaining unclaimed, less any uncashed supplements contributed by such licensee for the purpose of guaranteeing minimum distributions of any pari-mutuel pool, shall be paid to the Illinois Veterans' Rehabilitation Fund of the State treasury, except as provided in subsection (g) of Section 27 of this Act.

(c-5) Beginning January 1, 2000, the sum held by any licensee for payment of outstanding pari-mutuel tickets, if unclaimed prior to December 31 of the next year, shall be retained by the licensee for payment of such tickets until that date. Within 10 days thereafter, the balance of such sum remaining unclaimed, less any uncashed supplements contributed by such licensee for the purpose of guaranteeing minimum distributions of any pari-mutuel pool, shall be evenly distributed to the purse account of the organization licensee and the organization licensee.

(d) A pari-mutuel ticket shall be honored until December 31 of the next calendar year, and the licensee shall pay the same and may charge the amount thereof against unpaid money similarly accumulated on account of pari-mutuel tickets not presented for payment.

(e) No licensee shall knowingly permit any minor, other than an employee of such licensee or an owner, trainer, jockey, driver, or employee thereof, to be admitted during a racing program unless accompanied by a parent or guardian, or any minor to be a patron of the pari-mutuel system of wagering conducted or supervised by it. The admission of any unaccompanied minor, other than an employee of the licensee or an owner, trainer, jockey, driver, or employee thereof at a race track is a Class C misdemeanor.

(f) Notwithstanding the other provisions of this Act, an organization licensee may contract with an entity in another state or country to permit any legal wagering entity in another state or country to accept wagers solely within such other state or country on races conducted by the organization licensee in this State. Beginning January 1, 2000, these wagers shall not be subject to State taxation. Until January 1, 2000, when the out-of-State entity conducts a pari-mutuel pool separate from the organization licensee, a privilege tax equal to 7 1/2% of all monies received by the organization licensee from entities in other states or countries pursuant to such contracts is imposed on the organization licensee, and such privilege tax shall be remitted to the Department of Revenue within 48 hours of receipt of the moneys from the simulcast.
When the out-of-State entity conducts a combined pari-mutuel pool with the organization licensee, the tax shall be 10% of all monies received by the organization licensee with 25% of the receipts from this 10% tax to be distributed to the county in which the race was conducted.

An organization licensee may permit one or more of its races to be utilized for pari-mutuel wagering at one or more locations in other states and may transmit audio and visual signals of races the organization licensee conducts to one or more locations outside the State or country and may also permit pari-mutuel pools in other states or countries to be combined with its gross or net wagering pools or with wagering pools established by other states.

(g) A host track may accept interstate simulcast wagers on horse races conducted in other states or countries and shall control the number of signals and types of breeds of racing in its simulcast program, subject to the disapproval of the Board. The Board may prohibit a simulcast program only if it finds that the simulcast program is clearly adverse to the integrity of racing. The host track simulcast program shall include the signal of live racing of all organization licensees. All non-host licensees and advance deposit wagering licensees shall carry the signal of and accept wagers on live racing of all organization licensees. Advance deposit wagering licensees shall not be permitted to accept out-of-state wagers on any Illinois signal provided pursuant to this Section without the approval and consent of the organization licensee providing the signal. Non-host licensees may carry the host track simulcast program and shall accept wagers on all races included as part of the simulcast program upon which wagering is permitted. All organization licensees shall provide their live signal to all advance deposit wagering licensees for a simulcast commission fee not to exceed 6% of the advance deposit wagering licensee's Illinois handle on the organization licensee's signal without prior approval by the Board. The Board may adopt rules under which it may permit simulcast commission fees in excess of 6%. The Board shall adopt rules limiting the interstate commission fees charged to an advance deposit wagering licensee. The Board shall adopt rules regarding advance deposit wagering on interstate simulcast races that shall reflect, among other things, the General Assembly's desire to maximize revenues to the State, horsemen purses, and organizational licensees. However, organization licensees providing live signals pursuant to the requirements of this subsection (g) may petition the Board to withhold their live signals from an advance deposit wagering licensee if the organization licensee

discovers and the Board finds reputable or credible information that the advance deposit wagering licensee is under investigation by another state or federal governmental agency, the advance deposit wagering licensee's license has been suspended in another state, or the advance deposit wagering licensee's license is in revocation proceedings in another state. The organization licensee's provision of their live signal to an advance deposit wagering licensee under this subsection (g) pertains to wagers placed from within Illinois. Advance deposit wagering licensees may place advance deposit wagering terminals at wagering facilities as a convenience to customers. The advance deposit wagering licensee shall not charge or collect any fee from purses for the placement of the advance deposit wagering terminals. The costs and expenses of the host track and non-host licensees associated with interstate simulcast wagering, other than the interstate commission fee, shall be borne by the host track and all non-host licensees incurring these costs. The interstate commission fee shall not exceed 5% of Illinois handle on the interstate simulcast race or races without prior approval of the Board. The Board shall promulgate rules under which it may permit interstate commission fees in excess of 5%. The interstate commission fee and other fees charged by the sending racetrack, including, but not limited to, satellite decoder fees, shall be uniformly applied to the host track and all non-host licensees.

Notwithstanding any other provision of this Act, until February 1, 2017, an organization licensee, with the consent of the horsemen association representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting, may maintain a system whereby advance deposit wagering may take place or an organization licensee, with the consent of the horsemen association representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting, may contract with another person to carry out a system of advance deposit wagering. Such consent may not be unreasonably withheld. Only with respect to an appeal to the Board that consent for an organization licensee that maintains its own advance deposit wagering system is being unreasonably withheld, the Board shall issue a final order within 30 days after initiation of the appeal, and the organization licensee's advance deposit wagering system may remain operational during that 30-day period. The actions of any organization licensee who conducts advance deposit wagering or any person who has a contract with an organization licensee to conduct advance deposit wagering...
wagering who conducts advance deposit wagering on or after January 1, 2013 and prior to the effective date of this amendatory Act of the 98th General Assembly taken in reliance on the changes made to this subsection (g) by this amendatory Act of the 98th General Assembly are hereby validated, provided payment of all applicable pari-mutuel taxes are remitted to the Board. All advance deposit wagers placed from within Illinois must be placed through a Board-approved advance deposit wagering licensee; no other entity may accept an advance deposit wager from a person within Illinois. All advance deposit wagering is subject to any rules adopted by the Board. The Board may adopt rules necessary to regulate advance deposit wagering through the use of emergency rulemaking in accordance with Section 5-45 of the Illinois Administrative Procedure Act. The General Assembly finds that the adoption of rules to regulate advance deposit wagering is deemed an emergency and necessary for the public interest, safety, and welfare. An advance deposit wagering licensee may retain all moneys as agreed to by contract with an organization licensee. Any moneys retained by the organization licensee from advance deposit wagering, not including moneys retained by the advance deposit wagering licensee, shall be paid 50% to the organization licensee's purse account and 50% to the organization licensee. With the exception of any organization licensee that is owned by a publicly traded company that is incorporated in a state other than Illinois and advance deposit wagering licensees under contract with such organization licensees, organization licensees that maintain advance deposit wagering systems and advance deposit wagering licensees that contract with organization licensees shall provide sufficiently detailed monthly accountings to the horsemen association representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting so that the horsemen association, as an interested party, can confirm the accuracy of the amounts paid to the purse account at the horsemen association's affiliated organization licensee from advance deposit wagering. If more than one breed races at the same race track facility, then the 50% of the moneys to be paid to an organization licensee's purse account shall be allocated among all organization licensees' purse accounts operating at that race track facility proportionately based on the actual number of host days that the Board grants to that breed at that race track facility in the current calendar year. To the extent any fees from advance deposit wagering conducted in Illinois for wagers in Illinois or other states have been placed

(1) Between the hours of 6:30 a.m. and 6:30 p.m. an intertrack wagering licensee other than the host track may supplement the host track simulcast program with additional simulcast races or race programs, provided that between January 1 and the third Friday in February of any year, inclusive, if no live thoroughbred racing is occurring in Illinois during this period, only thoroughbred races may be used for supplemental interstate simulcast purposes. The Board shall withhold approval for a supplemental interstate simulcast only if it finds that the simulcast is clearly adverse to the integrity of racing. A supplemental interstate simulcast may be transmitted from an intertrack wagering licensee to its affiliated non-host licensees. The interstate commission fee for a supplemental interstate simulcast shall be paid by the non-host licensee and its affiliated non-host licensees receiving the simulcast.

(2) Between the hours of 6:30 p.m. and 6:30 a.m. an intertrack wagering licensee other than the host track may receive supplemental interstate simulcasts only with the consent of the host track, except when the Board finds that the simulcast is clearly adverse to the integrity of racing. Consent granted under this paragraph (2) to any intertrack wagering licensee shall be deemed consent to all non-host licensees. The interstate commission fee for the supplemental interstate simulcast shall be paid by all participating non-host licensees.

(3) Each licensee conducting interstate simulcast wagering may retain, subject to the payment of all applicable taxes and the purses, an amount not to exceed 17% of all money wagered. If any licensee conducts the pari-mutuel system wagering on races conducted at racetracks in another state or country, each such race or race program shall be considered a separate racing day for the purpose of determining the daily handle and computing the privilege tax of that daily handle as provided in subsection (a) of Section 27. Until January 1, 2000, from the sums permitted to be retained pursuant to this subsection, each intertrack wagering location licensee shall pay 1% of the pari-mutuel handle wagered

(4) A licensee who receives an interstate simulcast may combine its gross or net pools with pools at the sending racetracks pursuant to rules established by the Board. All licensees combining their gross pools at a sending racetrack shall adopt the take-out percentages of the sending racetrack. A licensee may also establish a separate pool and takeout structure for wagering purposes on races conducted at race tracks outside of the State of Illinois. The licensee may permit pari-mutuel wagers placed in other states or countries to be combined with its gross or net wagering pools or other wagering pools.

(5) After the payment of the interstate commission fee (except for the interstate commission fee on a supplemental interstate simulcast, which shall be paid by the host track and by each non-host licensee through the host-track) and all applicable State and local taxes, except as provided in subsection (g) of Section 27 of this Act, the remainder of moneys retained from simulcast wagering pursuant to this subsection (g), and Section 26.2 shall be divided as follows:

(A) For interstate simulcast wagers made at a host track, 50% to the host track and 50% to purses at the host track.

(B) For wagers placed on interstate simulcast races, supplemental simulcasts as defined in subparagraphs (1) and (2), and separately pooled races conducted outside of the State of Illinois made at a non-host licensee, 25% to the host track, 25% to the non-host licensee, and 50% to the purses at the host track.

(6) Notwithstanding any provision in this Act to the contrary, non-host licensees who derive their licenses from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River may receive supplemental interstate simulcast races at all times subject to Board approval, which shall be withheld only upon a finding that a supplemental interstate simulcast is clearly adverse to the integrity of racing.

(12) The Board shall have authority to compel all host tracks to receive the simulcast of any or all races conducted at the Springfield or DuQuoin State fairgrounds and include all such races as part of their simulcast programs.

(13) Notwithstanding any other provision of this Act, in the event that the total Illinois pari-mutuel handle on Illinois horse races at all wagering facilities in any calendar year is less than 75% of the total Illinois pari-mutuel handle on Illinois horse races at all such wagering facilities for calendar year 1994, then each wagering facility that has an annual total Illinois pari-mutuel handle on Illinois horse races that is less than 75% of the total Illinois pari-mutuel handle on Illinois horse races at such wagering facility for calendar year 1994, shall be permitted to receive, from any amount otherwise payable to the purse account at the race track with which New matter indicated by italics - deletions by strikeout
the wagering facility is affiliated in the succeeding calendar year, an amount equal to 2% of the differential in total Illinois pari-mutuel handle on Illinois horse races at the wagering facility between that calendar year in question and 1994 provided, however, that a wagering facility shall not be entitled to any such payment until the Board certifies in writing to the wagering facility the amount to which the wagering facility is entitled and a schedule for payment of the amount to the wagering facility, based on: (i) the racing dates awarded to the race track affiliated with the wagering facility during the succeeding year; (ii) the sums available or anticipated to be available in the purse account of the race track affiliated with the wagering facility for purses during the succeeding year; and (iii) the need to ensure reasonable purse levels during the payment period. The Board's certification shall be provided no later than January 31 of the succeeding year. In the event a wagering facility entitled to a payment under this paragraph (13) is affiliated with a race track that maintains purse accounts for both standardbred and thoroughbred racing, the amount to be paid to the wagering facility shall be divided between each purse account pro rata, based on the amount of Illinois handle on Illinois standardbred and thoroughbred racing respectively at the wagering facility during the previous calendar year. Annually, the General Assembly shall appropriate sufficient funds from the General Revenue Fund to the Department of Agriculture for payment into the thoroughbred and standardbred horse racing purse accounts at Illinois pari-mutuel tracks. The amount paid to each purse account shall be the amount certified by the Illinois Racing Board in January to be transferred from each account to each eligible racing facility in accordance with the provisions of this Section.

(h) The Board may approve and license the conduct of inter-track wagering and simulcast wagering by inter-track wagering licensees and inter-track wagering location licensees subject to the following terms and conditions:

(1) Any person licensed to conduct a race meeting (i) at a track where 60 or more days of racing were conducted during the immediately preceding calendar year or where over the 5 immediately preceding calendar years an average of 30 or more days of racing were conducted annually may be issued an inter-track wagering license; (ii) at a track located in a county that is
bounded by the Mississippi River, which has a population of less than 150,000 according to the 1990 decennial census, and an average of at least 60 days of racing per year between 1985 and 1993 may be issued an inter-track wagering license; or (iii) at a track located in Madison County that conducted at least 100 days of live racing during the immediately preceding calendar year may be issued an inter-track wagering license, unless a lesser schedule of live racing is the result of (A) weather, unsafe track conditions, or other acts of God; (B) an agreement between the organization licensee and the associations representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting; or (C) a finding by the Board of extraordinary circumstances and that it was in the best interest of the public and the sport to conduct fewer than 100 days of live racing. Any such person having operating control of the racing facility may also receive up to 6 inter-track wagering location licenses. In no event shall more than 6 inter-track wagering locations be established for each eligible race track, except that an eligible race track located in a county that has a population of more than 230,000 and that is bounded by the Mississippi River may establish up to 7 inter-track wagering locations and an eligible race track located in Cook County may establish up to 8 inter-track wagering locations. An application for said license shall be filed with the Board prior to such dates as may be fixed by the Board. With an application for an inter-track wagering location license there shall be delivered to the Board a certified check or bank draft payable to the order of the Board for an amount equal to $500. The application shall be on forms prescribed and furnished by the Board. The application shall comply with all other rules, regulations and conditions imposed by the Board in connection therewith.

(2) The Board shall examine the applications with respect to their conformity with this Act and the rules and regulations imposed by the Board. If found to be in compliance with the Act and rules and regulations of the Board, the Board may then issue a license to conduct inter-track wagering and simulcast wagering to such applicant. All such applications shall be acted upon by the Board at a meeting to be held on such date as may be fixed by the Board.

(3) In granting licenses to conduct inter-track wagering and simulcast wagering, the Board shall give due consideration to the best interests of the public, of horse racing, and of maximizing revenue to the State.

(4) Prior to the issuance of a license to conduct inter-track wagering and simulcast wagering, the applicant shall file with the Board a bond payable to the State of Illinois in the sum of $50,000, executed by the applicant and a surety company or companies authorized to do business in this State, and conditioned upon (i) the payment by the licensee of all taxes due under Section 27 or 27.1 and any other monies due and payable under this Act, and (ii) distribution by the licensee, upon presentation of the winning ticket or tickets, of all sums payable to the patrons of pari-mutuel pools.

(5) Each license to conduct inter-track wagering and simulcast wagering shall specify the person to whom it is issued, the dates on which such wagering is permitted, and the track or location where the wagering is to be conducted.

(6) All wagering under such license is subject to this Act and to the rules and regulations from time to time prescribed by the Board, and every such license issued by the Board shall contain a recital to that effect.

(7) An inter-track wagering licensee or inter-track wagering location licensee may accept wagers at the track or location where it is licensed, or as otherwise provided under this Act.

(8) Inter-track wagering or simulcast wagering shall not be conducted at any track less than 5 miles from a track at which a racing meeting is in progress.

(8.1) Inter-track wagering location licensees who derive their licenses from a particular organization licensee shall conduct inter-track wagering and simulcast wagering only at locations which are either within 90 miles of that race track where the particular organization licensee is licensed to conduct racing, or within 135 miles of that race track where the particular organization licensee is licensed to conduct racing in the case of race tracks in counties of less than 400,000 that were operating on or before June 1, 1986. However, inter-track wagering and simulcast wagering shall not be conducted by those licensees at any location within 5 miles of any race track at which a horse race meeting has been licensed in the current year, unless the person

having operating control of such race track has given its written consent to such inter-track wagering location licensees, which consent must be filed with the Board at or prior to the time application is made. In the case of any inter-track wagering location licensee initially licensed after December 31, 2013, inter-track wagering and simulcast wagering shall not be conducted by those inter-track wagering location licensees that are located outside the City of Chicago at any location within 8 miles of any race track at which a horse race meeting has been licensed in the current year, unless the person having operating control of such race track has given its written consent to such inter-track wagering location licensees, which consent must be filed with the Board at or prior to the time application is made.

(8.2) Inter-track wagering or simulcast wagering shall not be conducted by an inter-track wagering location licensee at any location within 500 feet of an existing church or existing school, nor within 500 feet of the residences of more than 50 registered voters without receiving written permission from a majority of the registered voters at such residences. Such written permission statements shall be filed with the Board. The distance of 500 feet shall be measured to the nearest part of any building used for worship services, education programs, residential purposes, or conducting inter-track wagering by an inter-track wagering location licensee, and not to property boundaries. However, inter-track wagering or simulcast wagering may be conducted at a site within 500 feet of a church, school or residences of 50 or more registered voters if such church, school or residences have been erected or established, or such voters have been registered, after the Board issues the original inter-track wagering location license at the site in question. Inter-track wagering location licensees may conduct inter-track wagering and simulcast wagering only in areas that are zoned for commercial or manufacturing purposes or in areas for which a special use has been approved by the local zoning authority. However, no license to conduct inter-track wagering and simulcast wagering shall be granted by the Board with respect to any inter-track wagering location within the jurisdiction of any local zoning authority which has, by ordinance or by resolution, prohibited the establishment of an inter-track wagering location within its jurisdiction. However, inter-track wagering and

simulcast wagering may be conducted at a site if such ordinance or resolution is enacted after the Board licenses the original inter-track wagering location licensee for the site in question.

(9) (Blank).

(10) An inter-track wagering licensee or an inter-track wagering location licensee may retain, subject to the payment of the privilege taxes and the purses, an amount not to exceed 17% of all money wagered. Each program of racing conducted by each inter-track wagering licensee or inter-track wagering location licensee shall be considered a separate racing day for the purpose of determining the daily handle and computing the privilege tax or pari-mutuel tax on such daily handle as provided in Section 27.

(10.1) Except as provided in subsection (g) of Section 27 of this Act, inter-track wagering location licensees shall pay 1% of the pari-mutuel handle at each location to the municipality in which such location is situated and 1% of the pari-mutuel handle at each location to the county in which such location is situated. In the event that an inter-track wagering location licensee is situated in an unincorporated area of a county, such licensee shall pay 2% of the pari-mutuel handle from such location to such county.

(10.2) Notwithstanding any other provision of this Act, with respect to intertrack wagering at a race track located in a county that has a population of more than 230,000 and that is bounded by the Mississippi River ("the first race track"), or at a facility operated by an inter-track wagering licensee or inter-track wagering location licensee that derives its license from the organization licensee that operates the first race track, on races conducted at the first race track or on races conducted at another Illinois race track and simultaneously televised to the first race track or to a facility operated by an inter-track wagering licensee or inter-track wagering location licensee that derives its license from the organization licensee that operates the first race track, those moneys shall be allocated as follows:

(A) That portion of all moneys wagered on standardbred racing that is required under this Act to be paid to purses shall be paid to purses for standardbred races.

(B) That portion of all moneys wagered on thoroughbred racing that is required under this Act to be
paid to purses shall be paid to purses for thoroughbred races.

(11) (A) After payment of the privilege or pari-mutuel tax, any other applicable taxes, and the costs and expenses in connection with the gathering, transmission, and dissemination of all data necessary to the conduct of inter-track wagering, the remainder of the monies retained under either Section 26 or Section 26.2 of this Act by the inter-track wagering licensee on inter-track wagering shall be allocated with 50% to be split between the 2 participating licensees and 50% to purses, except that an intertrack wagering licensee that derives its license from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River shall not divide any remaining retention with the Illinois organization licensee that provides the race or races, and an intertrack wagering licensee that accepts wagers on races conducted by an organization licensee that conducts a race meet in a county with a population in excess of 230,000 and that borders the Mississippi River shall not divide any remaining retention with that organization licensee.

(B) From the sums permitted to be retained pursuant to this Act each inter-track wagering location licensee shall pay (i) the privilege or pari-mutuel tax to the State; (ii) 4.75% of the pari-mutuel handle on intertrack wagering at such location on races as purses, except that an intertrack wagering location licensee that derives its license from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River shall retain all purse moneys for its own purse account consistent with distribution set forth in this subsection (h), and intertrack wagering location licensees that accept wagers on races conducted by an organization licensee located in a county with a population in excess of 230,000 and that borders the Mississippi River shall distribute all purse moneys to purses at the operating host track; (iii) until January 1, 2000, except as provided in subsection (g) of Section 27 of this Act, 1% of the pari-mutuel handle wagered on inter-track wagering and simulcast wagering at each inter-track wagering location licensee facility to the Horse Racing Tax Allocation Fund, provided that, to the extent the total amount collected and distributed to the Horse Racing Tax Allocation Fund under this subsection (h) during any calendar year

exceeds the amount collected and distributed to the Horse Racing Tax Allocation Fund during calendar year 1994, that excess amount shall be redistributed (I) to all inter-track wagering location licensees, based on each licensee's pro-rata share of the total handle from inter-track wagering and simulcast wagering for all inter-track wagering location licensees during the calendar year in which this provision is applicable; then (II) the amounts redistributed to each inter-track wagering location licensee as described in subpart (I) shall be further redistributed as provided in subparagraph (B) of paragraph (5) of subsection (g) of this Section 26 provided first, that the shares of those amounts, which are to be redistributed to the host track or to purses at the host track under subparagraph (B) of paragraph (5) of subsection (g) of this Section 26 shall be distributed based on each host track's pro rata share of the total inter-track wagering and simulcast wagering handle at all host tracks during the calendar year in question, and second, that any amounts redistributed as described in part (I) to an inter-track wagering location licensee that accepts wagers on races conducted by an organization licensee that conducts a race meet in a county with a population in excess of 230,000 and that borders the Mississippi River shall be further redistributed as provided in subparagraphs (D) and (E) of paragraph (7) of subsection (g) of this Section 26, with the portion of that further redistribution allocated to purses at that organization licensee to be divided between standardbred purses and thoroughbred purses based on the amounts otherwise allocated to purses at that organization licensee during the calendar year in question; and (iv) 8% of the pari-mutuel handle on inter-track wagering wagered at such location to satisfy all costs and expenses of conducting its wagering. The remainder of the monies retained by the inter-track wagering location licensee shall be allocated 40% to the location licensee and 60% to the organization licensee which provides the Illinois races to the location, except that an intertrack wagering location licensee that derives its license from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River shall not divide any remaining retention with the organization licensee that provides the race or races and an intertrack wagering location licensee that accepts wagers on races conducted by an organization licensee that conducts a race meet in

(12) The Board shall have all powers necessary and proper to fully supervise and control the conduct of inter-track wagering and simulcast wagering by inter-track wagering licensees and inter-track wagering location licensees, including, but not limited to the following:

(A) The Board is vested with power to promulgate reasonable rules and regulations for the purpose of administering the conduct of this wagering and to prescribe reasonable rules, regulations and conditions under which such wagering shall be held and conducted. Such rules and regulations are to provide for the prevention of practices detrimental to the public interest and for the best interests of said wagering and to impose penalties for violations thereof.

(B) The Board, and any person or persons to whom it delegates this power, is vested with the power to enter the facilities of any licensee to determine whether there has been compliance with the provisions of this Act and the rules and regulations relating to the conduct of such wagering.

(C) The Board, and any person or persons to whom it delegates this power, may eject or exclude from any licensee's facilities, any person whose conduct or reputation is such that his presence on such premises may, in the opinion of the Board, call into the question the honesty and integrity of, or interfere with the orderly conduct of such wagering; provided, however, that no person shall be excluded or ejected from such premises solely on the

(13) The Department of Agriculture may enter into agreements with licensees authorizing such licensees to conduct inter-track wagering on races to be held at the licensed race meetings conducted by the Department of Agriculture. Such agreement shall specify the races of the Department of Agriculture's licensed race meeting upon which the licensees will conduct wagering. In the event that a licensee conducts inter-track pari-mutuel wagering on races from the Illinois State Fair or DuQuoin State Fair which are in addition to the licensee's previously approved racing program, those races shall be considered a separate racing day for the purpose of determining the daily handle and computing the privilege or pari-mutuel tax on that daily handle as provided in Sections 27 and 27.1. Such agreements shall be approved by the Board before such wagering may be conducted. In determining whether to grant approval, the Board shall give due consideration to the best interests of the public and of horse racing. The provisions of paragraphs (1), (8), (8.1), and

graduated privilege tax, breakage, and Horse Racing Tax Allocation funds shall be remitted to the Department of Revenue within 48 hours after the close of the racing day upon which it is assessed or within such other time as the Board prescribes. The privilege tax hereby imposed, until January 1, 2000, shall be a flat tax at the rate of 2% of the daily pari-mutuel handle except as provided in Section 27.1.

In addition, every organization licensee, except as provided in Section 27.1 of this Act, which conducts multiple wagering shall pay, until January 1, 2000, as a privilege tax on multiple wagers an amount equal to 1.25% of all moneys wagered each day on such multiple wagers, plus an additional amount equal to 3.5% of the amount wagered each day on any other multiple wager which involves a single betting interest on 3 or more horses. The licensee shall remit the amount of such taxes to the Department of Revenue within 48 hours after the close of the racing day on which it is assessed or within such other time as the Board prescribes.

This subsection (a) shall be inoperative and of no force and effect on and after January 1, 2000.

(a-5) Beginning on January 1, 2000, a flat pari-mutuel tax at the rate of 1.5% of the daily pari-mutuel handle is imposed at all pari-mutuel wagering facilities and on advance deposit wagering from a location other than a wagering facility, except as otherwise provided for in this subsection (a-5). Until August 25, 2012, the additional 0.25% pari-mutuel tax imposed on advance deposit wagering by Public Act 96-972 shall be deposited into the Quarter Horse Purse Fund, which shall be created as a non-appropriated trust fund administered by the Board for grants to thoroughbred organization licensees for payment of purses for quarter horse races conducted by the organization licensee. Beginning on August 26, 2012, the additional 0.25% pari-mutuel tax imposed on advance deposit wagering shall be deposited into the Standardbred Purse Fund, which shall be created as a non-appropriated trust fund administered by the Board, for grants to the standardbred organization licensees for payment of purses for standardbred horse races conducted by the organization licensee. the Quarter Horse Purse Fund. The Board shall have complete discretion in distributing the Quarter Horse Purse Fund to the petitioning organization licensees. Beginning on July 26, 2010 (the effective date of Public Act 96-1287), a pari-mutuel tax at the rate of 0.75% of the daily pari-mutuel handle is imposed at a pari-mutuel facility whose license is derived from a track located in a county that borders the Mississippi River and conducted live racing in the previous year. The pari-mutuel tax imposed by this subsection (a-5) shall be remitted to the Department of Revenue within 48 hours after the close of the racing day upon which it is assessed or within such other time as the Board prescribes.

(b) On or before December 31, 1999, in the event that any organization licensee conducts 2 separate programs of races on any day, each such program shall be considered a separate racing day for purposes of determining the daily handle and computing the privilege tax on such daily handle as provided in subsection (a) of this Section.

(c) Licensees shall at all times keep accurate books and records of all monies wagered on each day of a race meeting and of the taxes paid to the Department of Revenue under the provisions of this Section. The Board or its duly authorized representative or representatives shall at all reasonable times have access to such records for the purpose of examining and checking the same and ascertaining whether the proper amount of taxes is being paid as provided. The Board shall require verified reports and a statement of the total of all monies wagered daily at each wagering facility upon which the taxes are assessed and may prescribe forms upon which such reports and statement shall be made.

(d) Any licensee failing or refusing to pay the amount of any tax due under this Section shall be guilty of a business offense and upon conviction shall be fined not more than $5,000 in addition to the amount found due as tax under this Section. Each day's violation shall constitute a separate offense. All fines paid into Court by a licensee hereunder shall be transmitted and paid over by the Clerk of the Court to the Board.

(e) No other license fee, privilege tax, excise tax, or racing fee, except as provided in this Act, shall be assessed or collected from any such licensee by the State.

(f) No other license fee, privilege tax, excise tax or racing fee shall be assessed or collected from any such licensee by units of local government except as provided in paragraph 10.1 of subsection (h) and subsection (f) of Section 26 of this Act. However, any municipality that has a Board licensed horse race meeting at a race track wholly within its
corporate boundaries or a township that has a Board licensed horse race meeting at a race track wholly within the unincorporated area of the township may charge a local amusement tax not to exceed 10¢ per admission to such horse race meeting by the enactment of an ordinance. However, any municipality or county that has a Board licensed inter-track wagering location facility wholly within its corporate boundaries may each impose an admission fee not to exceed $1.00 per admission to such inter-track wagering location facility, so that a total of not more than $2.00 per admission may be imposed. Except as provided in subparagraph (g) of Section 27 of this Act, the inter-track wagering location licensee shall collect any and all such fees and within 48 hours remit the fees to the Board, which shall, pursuant to rule, cause the fees to be distributed to the county or municipality.

(g) Notwithstanding any provision in this Act to the contrary, if in any calendar year the total taxes and fees required to be collected from licensees and distributed under this Act to all State and local governmental authorities exceeds the amount of such taxes and fees distributed to each State and local governmental authority to which each State and local governmental authority was entitled under this Act for calendar year 1994, then the first $11 million of that excess amount shall be allocated at the earliest possible date for distribution as purse money for the succeeding calendar year. Upon reaching the 1994 level, and until the excess amount of taxes and fees exceeds $11 million, the Board shall direct all licensees to cease paying the subject taxes and fees and the Board shall direct all licensees to allocate any such excess amount for purses as follows:

(i) the excess amount shall be initially divided between thoroughbred and standardbred purses based on the thoroughbred's and standardbred's respective percentages of total Illinois live wagering in calendar year 1994;

(ii) each thoroughbred and standardbred organization licensee issued an organization licensee in that succeeding allocation year shall be allocated an amount equal to the product of its percentage of total Illinois live thoroughbred or standardbred wagering in calendar year 1994 (the total to be determined based on the sum of 1994 on-track wagering for all organization licensees issued organization licenses in both the allocation year and the preceding year) multiplied by the total amount allocated for standardbred or thoroughbred purses, provided that the first $1,500,000 of the amount allocated to standardbred purses under
item (i) shall be allocated to the Department of Agriculture to be expended with the assistance and advice of the Illinois Standardbred Breeders Funds Advisory Board for the purposes listed in subsection (g) of Section 31 of this Act, before the amount allocated to standardbred purses under item (i) is allocated to standardbred organization licensees in the succeeding allocation year.

To the extent the excess amount of taxes and fees to be collected and distributed to State and local governmental authorities exceeds $11 million, that excess amount shall be collected and distributed to State and local authorities as provided for under this Act.

JOINT RESOLUTIONS

TASK FORCE ON HUNGER AND THE EFFICIENT DISTRIBUTION OF SNAP BENEFITS
(House Joint Resolution No. 43)

WHEREAS, Over 2 million Illinois residents receive Supplemental Nutrition Assistance Program (SNAP) benefits; this number includes older adults, young children, people with disabilities, and working families; and

WHEREAS, Over 60,000 food-insecure Illinois residents enroll or re-enroll in the SNAP program every month; and

WHEREAS, The SNAP program is an important component of Illinois' economy that generates over $3 billion in annual spending; and

WHEREAS, Prior to October of 2010, the overwhelming majority of Supplemental Nutrition Assistance Program (SNAP) benefits were distributed on the 1st of the month in Illinois; and

WHEREAS, Due to the SNAP distribution schedule, customers were relegated to shopping in crowded stores with elevated security, stores were unable to offer a high level of customer service due to the size of the crowds, customers who shopped later in the month found empty store shelves and diminished access to fresh fruits and vegetables, and employees saw their hours cut; and

WHEREAS, The narrow SNAP distribution schedule caused enormous operational issues for Illinois grocers and retailers, especially for those businesses that operated in areas with a high density of customers that purchased food with SNAP funds; and

WHEREAS, The SNAP distribution schedule also created operational issues for food banks, which experienced an increase in families in need at the end of the month when SNAP benefits ran out; and

WHEREAS, In October of 2010, after many meetings with representatives of the grocery industry and non-profit groups that have an interest in food access for low-income residents, the Illinois Department of Human Services instituted a change in how SNAP benefits were distributed to Illinois residents; and

WHEREAS, In order to relieve the pressure off of businesses and customers at the 1st of the month, a large number of SNAP customers were shifted from the 1st of the month to the 4th, 7th, and 10th of the month over the period of one year with great success; and

WHEREAS, The Department of Human Services currently issues SNAP benefits on the 1st, 3rd, 4th, 7th, 8th, 10th, 11th, 14th, 17th, 19th, 21st, and 23rd days of the month; and

WHEREAS, The Department of Human Services has decided to shrink the SNAP distribution dates to the first 10 days of the month; and
WHEREAS, The United States Department of Agriculture (USDA), which controls the funding for the SNAP program, sent a letter to each state encouraging states to stagger SNAP distribution throughout the month; and

WHEREAS, This change goes in the opposite direction of the advocacy position taken by the USDA and the movement of other states in recent years, changing their systems to stagger SNAP benefits throughout the month; and

WHEREAS, Neither grocers nor poverty and food advocates believe that technology should dictate policy and that more efficient solutions should be achieved to avoid hunger; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-EIGHTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE SENATE CONCURRING HEREIN, that the Task Force on Hunger and the Efficient Distribution of SNAP Benefits is created; and be it further

URGE CONGRESS TO PROPOSE AND SEND TO STATES FOR RATIFICATION A CONSTITUTIONAL AMENDMENT TO OVERTURN CITIZENS UNITED V. FEC AND OTHER RELATED CASES
(Senate Joint Resolution No. 27)

WHEREAS, The freedom of speech and other rights set forth in the United States Constitution are fundamental to our democracy; and
WHEREAS, Fair and free elections are essential to democracy and effective self-government; and
WHEREAS, The United States Constitution, as well as the Bill of Rights and further amendments, are intended to protect the rights of individual human beings ("natural persons"); corporations and other artificial entities are not mentioned in the Constitution and the citizens of this nation
have never granted constitutional rights to corporations and other artificial
entities; and

WHEREAS, In the words of Supreme Court Justice John Paul
Stevens, native son of the great State of Illinois, "Money is property; it is not
speech" protected by the First Amendment, as stated in Nixon v. Shrink
Missouri Gov't PAC, 528 U.S. 377, 398 (2000) (Stevens, J., concurring); and

WHEREAS, The Members of the Illinois General Assembly find a
compelling interest in creating a level playing field and ensuring that all
citizens, regardless of wealth, have an opportunity to have their political
views heard; and

WHEREAS, Campaign finance laws, including limits on campaign
expenditures and contributions from any source, are key tools to combating
political corruption; and

WHEREAS, The Supreme Court, in Buckley v. Valeo, held that the
use of money to influence elections is the equivalent of speech and that
government cannot constitutionally limit the amount of money that
individuals can spend to influence the electoral process; these deeply and
dangerously undemocratic precedents were expanded upon in Citizens United
Election Commission (2010 U.S. Court of Appeals, D.C. Circuit), unleashing
a torrent of corporate and private money into our political process that has
been unmatched by any campaign expenditures in United States history and
drowning out the voices of the ordinary citizens we represent; and

WHEREAS, In recent decades, a divided United States Supreme
Court has transformed the First Amendment into a powerful tool for
corporations and other artificial entities to evade and invalidate
democratically enacted reforms; and

WHEREAS, In 2012, 73% of Illinois residents, voting on ballot
questions similar to the PRAIRIE Resolution, called for a constitutional
amendment, transcending party lines and geographic location; and

WHEREAS, Article V of the United States Constitution empowers
the people and states of the United States of America to use the constitutional
amendment process to correct those egregiously wrong decisions of the
United States Supreme Court that go to the heart of our democracy and
republican form of government; therefore, be it

RESOLVED, BY THE SENATE OF THE NINETY-EIGHTH
GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE HOUSE OF
REPRESENTATIVES CONCURRING HEREIN, that we, as elected
representatives of the people, respectfully but emphatically disagree with the
aforementioned decisions of the United States Supreme Court and call upon
the United States Congress to propose and send to the states for ratification
a constitutional amendment to overturn Citizens United v. FEC, SpeechNow.org v. FEC, Buckley v. Valeo, and other related cases that allow for unlimited election spending; and be it further

RESOLVED, That such an amendment should make clear that the rights of persons protected by the Constitution are the rights of natural persons and not those of corporations or other artificial entities; and be it further

RESOLVED, That such an amendment should make clear that money can facilitate speech but its use is not, in and of itself, speech within the meaning of the First Amendment, and can be regulated; and be it further

RESOLVED, That such an amendment should make clear that corporations and other artificial entities are subject to regulation by the people through the legislative process, so long as the regulations are consistent with the powers of Congress and the states and do not limit freedom of the press; and be it further

RESOLVED, That such an amendment should make clear that federal, state, and local governments shall have the power to require disclosure of, limit, and regulate all election contributions and expenditures, whether to candidates or ballot measures, including political contributions and expenditures from individuals, corporations, unions, political committees, other artificial entities, and candidates; and be it further

RESOLVED, That we state our belief that such a constitutional amendment supports the goals of the people of Illinois in achieving a level playing field in election expenditures, regardless of their source; and be it further

RESOLVED, That the Illinois congressional delegation is urged to propose a joint resolution offering such an amendment to the United States Constitution and to work diligently to bring such a joint resolution to a vote and passage, including use of discharge petitions, cloture, and every other procedural method to secure a vote and passage; and be it further

RESOLVED, That the individual Members of the Illinois General Assembly are encouraged to ratify such an amendment to the United States Constitution that is consistent with the policy of the State of Illinois as herein declared; and be it further

RESOLVED, That we call upon other states and jurisdictions to join with us in this action by enacting similar resolutions to secure the restoration of constitutional rights and fair elections to the people of Illinois and all citizens of the United States; and be it further

RESOLVED, That suitable copies of this resolution be delivered to each member of the Illinois congressional delegation, the Speaker and the
Minority Leader of the United States House of Representatives, and the Majority Leader and Minority Leader of the United States Senate.

WHEREAS, the aforementioned benefits of consolidation can be achieved by transferring the Senior Health Insurance Program, its functions,

THEREFORE, pursuant to the powers vested in me by Article V, Section 11 of the Illinois Constitution, I hereby order:

I. Transfer

a) Effective April 1, 2013, or as soon thereafter as practicable, the powers, duties, rights and responsibilities related to the functions of the Senior Health Insurance Program, as established in Section 1405-15 of the Department of Insurance Law, as well as the staff performing those functions, shall be transferred from the Department of Insurance to the Department on Aging.

b) Whenever any provision of any previous Executive Order, any Act, or any section of any Act transferred by this Executive Order provides for membership of the Director of the Department of Insurance, or his or her respective designee, on any board, commission, council, or other entity relating to the functions of the Senior Health Insurance Program, the Director of the Department on Aging, or his or her respective designee, shall serve in that place. If more than one such person is required by law to serve on any board, commission, council, or other entity, then an equivalent number of representatives of the Department on Aging shall so serve, if necessary.

II. Effect of Transfer

a) The powers, duties, rights and responsibilities vested in or associated with the functions of the Senior Health Insurance Program shall not be affected by this Executive Order, except that all management and staff support or other resources necessary to the operations of this Program shall be provided by the Department on Aging.

Unexpended balances so transferred shall be expended only for the purpose for which the appropriation was originally made.

III. Savings Clause

a) The powers, duties, rights and responsibilities related to the functions of the Senior Health Insurance Program and transferred from the Department of Insurance by this Executive Order shall be vested in and shall be exercised by the Department on Aging. Each act done in exercise of such powers, duties, rights and responsibilities shall have the same legal effect as if done by the Department of Insurance or one of its divisions, officers or employees.

e) This Executive Order shall not affect any act done, ratified or canceled or any right occurring or established or any action or proceeding had or commenced in an administrative, civil or criminal cause regarding the functions of the Senior Health Insurance Program before this Executive Order takes effect; such actions or proceedings may be prosecuted and continued by the Department on Aging.

f) This Executive Order shall not affect the legality of any rules relating to the functions of the Senior Health Insurance Program which were duly adopted by the Department of Insurance and in full force on the effective date of this Executive Order. Any proposed rules filed with the Secretary of State by the Department of Insurance pertaining to the transferred functions that are pending in the rulemaking process on the effective date of this Executive Order shall be deemed to have been filed by the Department on Aging. As soon as practicable hereafter, the affected agencies shall revise and clarify the transferred rules under this Executive Order to reflect the reorganization of rights, powers and duties affected by this Order. If necessary, the affected agencies may also propose, adopt, or repeal rules, rule amendments, and rule recodifications using the procedures available under the Illinois Administrative Act as appropriate to effectuate this Executive Order, except that existing title, part, and section numbering for the affected rules may be retained.

If any provision of this Executive Order or its application to any person or circumstance is held invalid by any court of competent jurisdiction, this invalidity does not affect any other provision or application of this Executive Order which can be given effect without the invalid provision or application. V. Effective Date
This Executive Order shall be in full force and effect upon its filing with the Secretary of State.

2013-2
EXECUTIVE ORDER APPLYING RELEVANT MILITARY EDUCATION AND TRAINING OBTAINED BY ILLINOIS SERVICE MEMBERS TO PROFESSIONAL LICENSING STANDARDS

WHEREAS, the veterans’ unemployment rate in Illinois runs consistently higher than the national average, and the unemployment rate for female veterans in Illinois in the 18 to 24 year-old age range is twice that of non-veteran women in the same age range; and
WHEREAS, approximately 35,000 Illinois service members will leave the military between now and 2016, returning to civilian life to face a difficult transition in a recovering economy; and
WHEREAS, Public Act 097-0710, the Expedited Licensure for Service Members and Spouses Act (the “Act”) requires that “[a]ll relevant training provided by the military and completed by a service member shall be credited to that service member as meeting any training or education requirement under any applicable occupational or professional licensing Act, provided that the training or education is determined . . . to be substantially equivalent to that required under any applicable Act and is not otherwise contrary to any other licensure requirement”; and
WHEREAS, as the Act recognizes, training and education acquired during military service may be relevant to requirements for professional and occupational licensure, but, to date, there has not been a process or mechanism that would allow such training and education to be considered for purposes of state licensure requirements; and
WHEREAS, further review and clarification of gaps between, on the one hand, military training and education, and, on the other hand, requirements for state professional and occupational licensure to which such training and education may be relevant, will allow educational institutions throughout Illinois to design programs that will enable service members to bridge such gaps;

THEREFORE, I, Pat Quinn, Governor of the State of Illinois, pursuant to the supreme executive authority vested in me by Article V of the Illinois Constitution, do hereby order as follows:
I. Definitions
   a) “State licensing agency” means any department of the state that issues occupational or professional licenses.
   b) “Service member” means any person who, at the time of application for licensure to any state licensing agency, is an active duty member of the United States Armed Forces or any reserve component of the United States Armed Forces or the National Guard of any state, commonwealth, or territory of the United States or the District of Columbia, and shall also include any veteran whose active duty service concluded within the preceding two years before submitting his or her application for licensure.

II. Creation
   a) There is hereby established an assessment process for applying military training and education to state licensure requirements in the State of Illinois.

III. Purpose
   a) It is the intent of this Order to establish a statewide mechanism and process for determining how training and education acquired by service members during service in the military may be applied towards requirements for state licensure in certain civilian fields when they transition back into our communities as veterans. As set forth herein, all state licensing agencies are directed to assist in identifying gaps between, on the one hand, military education and training that is potentially relevant to a civilian field for which licensure is required, and, on the other hand, state licensure requirements in that field. Identifying such gaps will enable educational institutions to design programs (for subsequent approval by the relevant state licensing agency), through which service members may obtain any additional training and education necessary to obtain state licensure in the relevant field.

IV. Duties
   a) In addition to the state licensing agencies, the Illinois Department of Veterans’ Affairs, (“DVA”), the Illinois Department of Military Affairs (“DMA”), and the Illinois Department of Employment Security (“IDES”) are directed to participate in implementing this Order. The Director of DVA shall be responsible for coordinating efforts to implement this Order.
   b) Within 90 days of the effective date of this Order, DVA,
DMA, IDES and all state licensing agencies shall collaborate to compile a list of professional and occupational fields requiring state licensure whose requirements for licensure may overlap with training and education acquired by service members during military service. To the extent possible, the list shall include information relevant to bridging the gap between military training and education relevant to each listed field and state licensure requirements relevant to that field, including but not limited to: the extent to which service members are likely to have obtained education and training in the military that is relevant to the listed field; statewide demand for professional or occupational services in the listed field; and the availability of resources to bridge gaps between relevant military training and education and state licensure in the listed field.

c) Additionally, within 90 days of obtaining or receiving information detailing military training or education potentially relevant to a given career field from the Director of DVA or either directly or indirectly from the U.S. Department of Defense, any branch of the U.S. Armed Forces, and/or DMA, the relevant state licensing agency shall either: (i) independently identify any gaps between the military training and education identified as potentially relevant to the field and the Illinois state licensing requirements for that career field; (ii) submit documentation to the relevant governing board to identify any such gaps; or (iii) identify the specific need for additional information required in order to make a final determination as to any such gaps.

d) Finally, within 30 days of its determination with regard to the gap between military training and education relevant to a given career field and the requirements for licensure in that field, the relevant state licensing agency shall submit to the Director of DVA information detailing any additional training that must be completed by a service member in order to bridge the gap to obtain a state license. Such information shall be posted on DVA’s website in order to aid educational institutions in building and obtaining approval for gap-bridging programs, as well as to aid service members in identifying outstanding requirements for licensure in that field.

V. Savings Clause
Nothing in this Executive Order shall be construed to contravene any state or federal law.

VI. Severability
If any provision of this Executive Order or its application to any person or circumstance is held invalid by any court of competent jurisdiction, this invalidity does not affect any other provision or application of this Executive Order which can be given effect without the invalid provision or application. To achieve this purpose, the provisions of this Executive Order are declared to be severable.

VII. Effective Date
This Executive Order shall take effect immediately upon filing with the Secretary of State.
Issued by the Governor February 6, 2013.
Filed by the Secretary of State February 6, 2013.
