However, any person who is certified or licensed under this Act and who performs any of the activities set forth in this subsection (f) must comply with the provisions of this Act. (b) The determination by a circuit court that a certificate holder is subject to involuntary admission or judicial admission as provided in the Mental Health and Developmental Disabilities Code, operates as an automatic suspension. Such suspension will end only upon a finding by a court that the patient is no longer subject to involuntary admission or judicial admission, an order by the court so finding and discharging the patient. In any case where a license is suspended under this Section, the licensee may file a petition for restoration and shall include evidence acceptable to the Department that the licensee can resume practice in compliance with acceptable and prevailing standards of the profession, and the recommendation of the Board to the Director that the certificate holder be allowed to resume his practice.

(c) In cases where the Department of Healthcare and Family Services has previously determined a licensee or a potential licensee is more than 30 days delinquent in the payment of child support and has subsequently certified the delinquency to the Department, the Department may refuse to issue or renew or may revoke or suspend that person's license or may take other disciplinary action against that person based solely upon the certification of delinquency made by the Department of Healthcare and Family Services in accordance with item (5) of subsection (g) of Section 1205-15 of the Civil Administrative Code of Illinois.

(d) In enforcing this Section, the Department, upon a showing of a possible violation, may compel any individual who is certified under this Act or any individual who has applied for certification under this Act to submit to a mental or physical examination and evaluation, or both, which may include a substance abuse or sexual offender evaluation, at the expense of the Department. The Department shall specifically designate the examining physician licensed to practice medicine in all of its branches or, if applicable, the multidisciplinary team involved in providing the mental or physical examination and evaluation, or both. The

multidisciplinary team shall be led by a physician licensed to practice medicine in all of its branches and may consist of one or more or a combination of physicians licensed to practice medicine in all of its branches, licensed chiropractic physicians, licensed clinical psychologists, licensed clinical social workers, licensed clinical professional counselors, and other professional and administrative staff. Any examining physician or member of the multidisciplinary team may require any person ordered to submit to an examination and evaluation pursuant to this Section to submit to any additional supplemental testing deemed necessary to complete any examination or evaluation process, including, but not limited to, blood testing, urinalysis, psychological testing, or neuropsychological testing.

The Department may order the examining physician or any member of the multidisciplinary team to provide to the Department any and all records, including business records, that relate to the examination and evaluation, including any supplemental testing performed. The Department may order the examining physician or any member of the multidisciplinary team to present testimony concerning this examination and evaluation of the certified shorthand reporter or applicant, including testimony concerning any supplemental testing or documents relating to the examination and evaluation. No information, report, record, or other documents in any way related to the examination and evaluation shall be excluded by reason of any common law or statutory privilege relating to communication between the licensee or applicant and the examining physician or any member of the multidisciplinary team. No authorization is necessary from the certified shorthand reporter or applicant ordered to undergo an evaluation and examination for the examining physician or any member of the multidisciplinary team to provide information, reports, records, or other documents or to provide any testimony regarding the examination and evaluation. The individual to be examined may have, at his or her own expense, another physician of his or her choice present during all aspects of the examination.

Failure of any individual to submit to mental or physical examination and evaluation, or both, when directed, shall result in an automatic suspension, without hearing, until such time as the individual submits to the examination. If the Department finds a certified shorthand reporter unable to practice because of the reasons set forth in this Section, the Department shall require the certified shorthand reporter to submit to care, counseling, or treatment by physicians approved or designated by
the Department, as a condition for continued, reinstated, or renewed certification.

When the Secretary immediately suspends a certificate under this Section, a hearing upon the person's certificate must be convened by the Department within 15 days after the suspension and completed without appreciable delay. The Department shall have the authority to review the certified shorthand reporter's record of treatment and counseling regarding the impairment, to the extent permitted by applicable federal statutes and regulations safeguarding the confidentiality of medical records.

Individuals certified under this Act, affected under this Section, shall be afforded an opportunity to demonstrate to the Department that they can resume practice in compliance with acceptable and prevailing standards under the provisions of their certification.

(e) The Department shall deny a license or renewal authorized by this Act to a person who has defaulted on an educational loan or scholarship provided or guaranteed by the Illinois Student Assistance Commission or any governmental agency of this State in accordance with item (5) of subsection (g) of Section 2105-15 of the Civil Administrative Code of Illinois.

(f) The Department may refuse to issue or may suspend without hearing, as provided for in the Code of Civil Procedure, the license of any person who fails to file a return, to pay the tax, penalty, or interest shown in a filed return, or to pay any final assessment of tax, penalty, or interest as required by any tax Act administered by the Illinois Department of Revenue, until such time as the requirements of any such tax Act are satisfied in accordance with subsection (g) of Section 2105-15 of the Civil Administrative Code of Illinois.

PUBLIC ACT 98-0446
(House Bill No. 2752)

AN ACT concerning State government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Income Tax Act is amended by changing Section 1101 as follows:

(35 ILCS 5/1101) (from Ch. 120, par. 11-1101)
Sec. 1101. Lien for Tax.

(a) If any person liable to pay any tax neglects or refuses to pay the same after demand, the amount (including any interest, additional amount, addition to tax, or assessable penalty, together with any costs that may accrue in addition thereto) shall be a lien in favor of the State of Illinois upon all property and rights to property, whether real or personal, belonging to such person.

(b) Unless another date is specifically fixed by law, the lien imposed by subsection (a) of this Section shall arise at the time the assessment is made and shall continue until the liability for the amount so assessed (or a judgment against the taxpayer arising out of such liability) is satisfied or becomes unenforceable by reason of lapse of time.

(c) Deficiency procedure. If the lien arises from an assessment pursuant to a notice of deficiency, such lien shall not attach and the notice referred to in this section shall not be filed until all proceedings in court for review of such assessment have terminated or the time for the taking thereof has expired without such proceedings being instituted.

(d) Notice of lien. The lien created by assessment shall terminate unless a notice of lien is filed, as provided in section 1103 hereof, within 3 years from the date all proceedings in court for the review of such assessment have terminated or the time for the taking thereof has expired without such proceedings being instituted. Where the lien results from the filing of a return without payment of the tax or penalty shown therein to be due, the lien shall terminate unless a notice of lien is filed within 3 years from the date such return was filed with the Department. For the purposes of this subsection (d), a tax return filed before the last day prescribed by law, including any extension thereof, shall be deemed to have been filed on such last day. The time limitation period on the Department's right to file a notice of lien shall not run (1) during any period of time in which the order of any court has the effect of enjoining or restraining the Department...
from filing such notice of lien, or (2) during the term of a repayment plan that taxpayer has entered into with the Department, as long as taxpayer remains in compliance with the terms of the repayment plan.

Section 10. The Retailers' Occupation Tax Act is amended by changing Section 5a as follows:

(35 ILCS 120/5a) (from Ch. 120, par. 444a)

Sec. 5a. The Department shall have a lien for the tax herein imposed or any portion thereof, or for any penalty provided for in this Act, or for any amount of interest which may be due as provided for in Section 5 of this Act, upon all the real and personal property of any person to whom a final assessment or revised final assessment has been issued as provided in this Act, or whenever a return is filed without payment of the tax or penalty shown therein to be due, including all such property of such persons acquired after receipt of such assessment or filing of such return. The taxpayer is liable for the filing fee incurred by the Department for filing the lien and the filing fee incurred by the Department to file the release of that lien. The filing fees shall be paid to the Department in addition to payment of the tax, penalty, and interest included in the amount of the lien.

However, where the lien arises because of the issuance of a final assessment or revised final assessment by the Department, such lien shall not attach and the notice hereinafter referred to in this Section shall not be filed until all proceedings in court for review of such final assessment or revised final assessment have terminated or the time for the taking thereof has expired without such proceedings being instituted.

Upon the granting of a rehearing or departmental review pursuant to Section 4 or Section 5 of this Act after a lien has attached, such lien shall remain in full force except to the extent to which the final assessment may be reduced by a revised final assessment following such rehearing or review.

The lien created by the issuance of a final assessment shall terminate unless a notice of lien is filed, as provided in Section 5b hereof, within 3 years from the date all proceedings in court for the review of such final assessment have terminated or the time for the taking thereof has expired without such proceedings being instituted, or (in the case of a revised final assessment issued pursuant to a rehearing or departmental review) within 3 years from the date all proceedings in court for the review of such revised final assessment have terminated or the time for the taking

thereof has expired without such proceedings being instituted; and where
the lien results from the filing of a return without payment of the tax or
penalty shown therein to be due, the lien shall terminate unless a notice of
lien is filed, as provided in Section 5b hereof, within 3 years from the date
when such return is filed with the Department: Provided that the time
limitation period on the Department's right to file a notice of lien shall not
run (1) during any period of time in which the order of any court has the
effect of enjoining or restraining the Department from filing such notice of
lien, or (2) during the term of a repayment plan that taxpayer has entered
into with the Department, as long as taxpayer remains in compliance with
the terms of the repayment plan.

If the Department finds that a taxpayer is about to depart from the
State, or to conceal himself or his property, or to do any other act tending
to prejudice or to render wholly or partly ineffectual proceedings to collect
such tax unless such proceedings are brought without delay, or if the
Department finds that the collection of the amount due from any taxpayer
will be jeopardized by delay, the Department shall give the taxpayer notice
of such findings and shall make demand for immediate return and payment
of such tax, whereupon such tax shall become immediately due and
payable. If the taxpayer, within 5 days after such notice (or within such
extension of time as the Department may grant), does not comply with
such notice or show to the Department that the findings in such notice are
erroneous, the Department may file a notice of jeopardy assessment lien in
the office of the recorder of the county in which any property of the
taxpayer may be located and shall notify the taxpayer of such filing. Such
jeopardy assessment lien shall have the same scope and effect as the
statutory lien hereinbefore provided for in this Section.

If the taxpayer believes that he does not owe some or all of the tax
for which the jeopardy assessment lien against him has been filed, or that
no jeopardy to the revenue in fact exists, he may protest within 20 days
after being notified by the Department of the filing of such jeopardy
assessment lien and request a hearing, whereupon the Department shall
hold a hearing in conformity with the provisions of this Act and, pursuant
thereto, shall notify the taxpayer of its findings as to whether or not such
jeopardy assessment lien will be released. If not, and if the taxpayer is
aggrieved by this decision, he may file an action for judicial review of
such final determination of the Department in accordance with Section 12
of this Act and the Administrative Review Law.

On and after July 1, 2013, protests concerning matters that are subject to the jurisdiction of the Illinois Independent Tax Tribunal shall be filed with the Tribunal, and hearings on those matters shall be held before the Tribunal in accordance with the Illinois Independent Tax Tribunal Act of 2012. The Tribunal shall notify the taxpayer of its findings as to whether or not such jeopardy assessment lien will be released. If not, and if the taxpayer is aggrieved by this decision, he may file an action for judicial review of such final determination of the Department in accordance with Section 12 of this Act and the Illinois Independent Tax Tribunal Act of 2012.

With respect to protests filed with the Department prior to July 1, 2013 that would otherwise be subject to the jurisdiction of the Illinois Independent Tax Tribunal, the taxpayer may elect to be subject to the provisions of the Illinois Independent Tax Tribunal Act of 2012 at any time on or after July 1, 2013, but not later than 30 days after the date on which the protest was filed. If made, the election shall be irrevocable.

If, pursuant to such hearing (or after an independent determination of the facts by the Department without a hearing), the Department or the Tribunal determines that some or all of the tax covered by the jeopardy assessment lien is not owed by the taxpayer, or that no jeopardy to the revenue exists, or if on judicial review the final judgment of the court is that the taxpayer does not owe some or all of the tax covered by the jeopardy assessment lien against him, or that no jeopardy to the revenue exists, the Department shall release its jeopardy assessment lien to the extent of such finding of nonliability for the tax, or to the extent of such finding of no jeopardy to the revenue.

The Department shall also release its jeopardy assessment lien against the taxpayer whenever the tax and penalty covered by such lien, plus any interest which may be due, are paid and the taxpayer has paid the Department in cash or by guaranteed remittance an amount representing the filing fee for the lien and the filing fee for the release of that lien. The Department shall file that release of lien with the recorder of the county where that lien was filed.

Nothing in this Section shall be construed to give the Department a preference over the rights of any bona fide purchaser, holder of a security interest, mechanics lienholder, mortgagee, or judgment lien creditor arising prior to the filing of a regular notice of lien or a notice of jeopardy assessment lien in the office of the recorder in the county in which the property subject to the lien is located: Provided, however, that the word...
"bona fide", as used in this Section shall not include any mortgage of real or personal property or any other credit transaction that results in the mortgagor or the holder of the security acting as trustee for unsecured creditors of the taxpayer mentioned in the notice of lien who executed such chattel or real property mortgage or the document evidencing such credit transaction. Such lien shall be inferior to the lien of general taxes, special assessments and special taxes heretofore or hereafter levied by any political subdivision of this State.

In case title to land to be affected by the notice of lien or notice of jeopardy assessment lien is registered under the provisions of "An Act concerning land titles", approved May 1, 1897, as amended, such notice shall be filed in the office of the Registrar of Titles of the county within which the property subject to the lien is situated and shall be entered upon the register of titles as a memorial or charge upon each folium of the register of titles affected by such notice, and the Department shall not have a preference over the rights of any bona fide purchaser, mortgagor, judgment creditor or other lien holder arising prior to the registration of such notice: Provided, however, that the word "bona fide" shall not include any mortgage of real or personal property or any other credit transaction that results in the mortgagor or the holder of the security acting as trustee for unsecured creditors of the taxpayer mentioned in the notice of lien who executed such chattel or real property mortgage or the document evidencing such credit transaction.

Such regular lien or jeopardy assessment lien shall not be effective against any purchaser with respect to any item in a retailer's stock in trade purchased from the retailer in the usual course of such retailer's business. (Source: P.A. 97-1129, eff. 8-28-12.)

Approved August 16, 2013.
Effective August 16, 2013.
Section 1. Short title. This Act may be cited as the Lake Michigan Wind Energy Act.

Section 5. Legislative findings. The General Assembly finds:

(1) that Lake Michigan is a unique and treasured public asset that supports numerous activities for the benefit of the people, wildlife, and flora of the State of Illinois;

(2) that the bed of Lake Michigan is public land held in trust for the people of the State of Illinois and cannot be alienated to a private use or person;

(3) that federal and State policy, as well as the national security, energy, and environmental needs of the United States and the people of the State of Illinois, support exploration and development of renewable energy resources;

(4) that the State of Illinois is a signatory to a federal and multistate memorandum of understanding and is committed to promoting the efficient, expeditious, orderly, and responsible evaluation of offshore wind power projects in the Great Lakes;

(5) that wind above the Illinois public trust lands of Lake Michigan is a unique and significant renewable energy resource;

(6) that the development of that resource does not involve mining or other extraction of resources from the public trust lands of Lake Michigan;

(7) that so long as all affected public trust lands and waters of Lake Michigan remain under public ownership and control, the environmentally sustainable provision of renewable energy from offshore wind above Lake Michigan, in accordance with standards set by State and federal law and regulated by the State agency charged with protecting public trust lands and the public interest, would serve a public purpose and can be consistent with the public trust;

(8) that the State's Lake Michigan Offshore Wind Energy Advisory Council recommended clarifying and confirming the State's authority to permit such development and has made other recommendations to further the sustainable and responsible development of the State's wind energy resources above Lake Michigan; and

(9) that the State of Illinois should consider the recommendations, criteria, and lessons learned from the Advisory Council's Final Report, as well as new data, technologies, and scientific understandings, as it formulates rules to regulate offshore wind energy development in a
manner that preserves public trust resources, produces public benefits, and protects the environment and public health, safety, and welfare.

The Department, in developing the wind energy siting matrix, shall take into consideration existing environmental, marine, public infrastructure, transportation, and security uses and factors, and may also consider other factors it identifies as appropriate.

(a) The Governor shall convene an Offshore Wind Energy Economic Development Policy Task Force, to be chaired by the Director of Commerce and Economic Opportunity, or his or her designee, to analyze and evaluate policy and economic options to facilitate the development of offshore wind energy, and to propose an appropriate Illinois mechanism for purchasing and selling power from possible offshore wind energy projects. The Task Force shall examine mechanisms used in other states and jurisdictions, including, without limitation, feed-in-tariffs, renewable energy certificates, renewable energy certificate carve-outs, power purchase agreements, and pilot projects. The Task Force shall report its findings and recommendations to the Governor and General Assembly by December 31, 2013.

(b) The Director of the Illinois Power Agency (or his or her designee), the Executive Director of the Illinois Commerce Commission (or his or her designee), the Director of Natural Resources (or his or her designee), and the Attorney General (or his or her designee) shall serve as ex officio members of the Task Force.

Section 5. The Illinois Vehicle Code is amended by changing Sections 5-101, 5-102, and 5-102.7 as follows:

(625 ILCS 5/5-101) (from Ch. 95 1/2, par. 5-101)
Sec. 5-101. New vehicle dealers must be licensed.

(a) No person shall engage in this State in the business of selling or dealing in, on consignment or otherwise, new vehicles of any make, or act as an intermediary or agent or broker for any licensed dealer or vehicle purchaser other than as a salesperson, or represent or advertise that he is so engaged or intends to so engage in such business unless licensed to do so in writing by the Secretary of State under the provisions of this Section.

(b) An application for a new vehicle dealer's license shall be filed with the Secretary of State, duly verified by oath, on such form as the Secretary of State may by rule or regulation prescribe and shall contain:

1. The name and type of business organization of the applicant and his established and additional places of business, if any, in this State.

2. If the applicant is a corporation, a list of its officers, directors, and shareholders having a ten percent or greater ownership interest in the corporation, setting forth the residence address of each; if the applicant is a sole proprietorship, a partnership, an unincorporated association, a trust, or any similar form of business organization, the name and residence address of the proprietor or of each partner, member, officer, director, trustee, or manager.

3. The make or makes of new vehicles which the applicant will offer for sale at retail in this State.

4. The name of each manufacturer or franchised distributor, if any, of new vehicles with whom the applicant has contracted for the sale of such new vehicles. As evidence of this fact, the application shall be accompanied by a signed statement from each such manufacturer or franchised distributor. If the applicant is in the business of offering for sale new conversion vehicles, trucks or vans, except for trucks modified to serve a special purpose which includes but is not limited to the following vehicles: street sweepers, fertilizer spreaders, emergency vehicles, implements of husbandry or maintenance type vehicles, he must furnish evidence of a sales and service agreement from both the chassis manufacturer and second stage manufacturer.
5. 3. A statement that the applicant has been approved for registration under the Retailers' Occupation Tax Act by the Department of Revenue. (b) The Dealer Recovery Trust Fund shall be used solely for the limited purpose of helping victims of dealership closings. Any interest accrued by moneys in the Fund shall be deposited and become part of the Dealer Recovery Trust Fund and its purpose. The Board has the authority to take any action by at least a two-thirds majority vote.

(k) The following persons may apply to the Board for reimbursement from the Dealer Recovery Trust Fund:

(i) A retail customer who, on or after October 1, 2011, purchases a vehicle from a dealer who subsequently files for bankruptcy or whose vehicle dealer's license is subsequently revoked by the Secretary of State or otherwise terminated and, as part of the purchase transaction, trades in a vehicle with an outstanding lien to the dealer if lien satisfaction was a condition of the purchase agreement and the retail customer determines that the lien has not been satisfied;

(ii) A retail customer who, on or after October 1, 2011, purchases a vehicle with an undisclosed lien from a dealer who subsequently files for bankruptcy or whose vehicle dealer's license is subsequently revoked by the Secretary of State or otherwise terminated;

(iii) A dealer who, on or after October 1, 2011, purchases a vehicle with an undisclosed lien from another dealer who subsequently files for bankruptcy or whose vehicle dealer's license is subsequently revoked by the Secretary of State or otherwise terminated.

(l) To be considered by the Board, an applicant must submit his or her claim to the Board within 2 years 9 months after the date of the transaction that gave rise to the claim.

(m) At each meeting of the Board, it shall consider all claims that are properly submitted to it on forms prescribed by the Secretary of State at least 30 days before the date of the Board's meeting. Before the Board may consider a claim against a dealer, it must make a written determination that the dealer has filed for bankruptcy under the provisions of 11 U.S.C. Chapter 7; that the Secretary of State has revoked his or her
dealer's license; or that the license has been otherwise terminated. Once the Board has made this determination, it may consider the applicant's claim against the dealer. If a two-thirds majority of the Board determines that the dealer has committed a violation under subsection (k), it shall grant the applicant's claim. Except as otherwise provided in this Section, the maximum amount of any award for a claim under paragraph (i) of subsection (k) of this Section shall be equal to the amount of the unpaid balance of the lien that the dealer agreed to pay off on behalf of the applicant as shown on the bill of sale or the retail installment sales contract. The maximum amount of any claim under paragraph (ii) or (iii) of subsection (k) of this Section shall be equal to the amount of the undisclosed lien. However, no award for a claim under subsection (k) of this Section shall exceed $35,000.

(n) If the balance in the Fund at the time of any Board meeting is less than the amount of the total amount of all claims awarded at that meeting, then all awards made at that meeting shall be reduced, pro rata, so that the amount of claims does not exceed the balance in the Fund. Before it reviews new claims, the Board shall issue written orders to pay the remaining portion of any claims that were so reduced, provided that the balance in the Fund is sufficient to pay those claims.

(o) Whenever the balance of the Fund falls below $500,000, the Board may charge dealers an additional assessment of up to $50 to bring the balance to at least $500,000. Not more than one additional assessment may be made against a dealer in any 12-month period.

(p) If the total amount of claims awarded against any dealer exceeds 33% of the balance in the Fund, the Board may permanently reduce the amount of those claims, pro rata, so that those claims do not exceed 33% of the balance in the Fund.

(q) The Board shall issue a written order directing the Fund Administrator to pay an applicant's claim to a secured party where the Board has received a signed agreement between the applicant and the secured party holding the lien. The agreement must (i) state that the applicant and the secured party agree to accept payment from the Fund to the secured party as settlement in full of all claims against the dealer; and (ii) release the lien and the title, if applicable, to the vehicle that was the subject of the claim. The written order shall state the amount of the claim and the name and address of the secured party to whom the claim shall be paid. The Fund Administrator shall pay the claim within 30 days after it receives the Board's order.
(r) No dealer or principal associated with a dealer's license is eligible for licensure, renewal or relicensure until the full amount of reimbursement for an unpaid claim, plus interest as determined by the Board, is paid to the Fund. Nothing in this Section shall limit the authority of the Secretary of State to suspend, revoke, or levy civil penalties against a dealer, nor shall full repayment of the amount owed to the Fund nullify or modify the effect of any action by the Secretary.

(s) Nothing in this Section shall limit the right of any person to seek relief though civil action against any other person as an alternative to seeking reimbursement from the Fund.

PUBLIC ACT 98-0453
(House Bill No. 2787)

AN ACT concerning children.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Abused and Neglected Child Reporting Act is amended by changing Sections 7.7, 7.14, 7.16, and 7.21 and by adding Section 7.22 as follows:

(325 ILCS 5/7.7) (from Ch. 23, par. 2057.7)

Sec. 7.7. There shall be a central register of all cases of suspected child abuse or neglect reported and maintained by the Department under this Act. Through the recording of initial, preliminary, and final reports, the central register shall be operated in such a manner as to enable the Department to: (1) immediately identify and locate prior reports of child

abuse or neglect; (2) continuously monitor the current status of all reports of child abuse or neglect being provided services under this Act; and (3) regularly evaluate the effectiveness of existing laws and programs through the development and analysis of statistical and other information.

The Department shall maintain in the central register a listing of unfounded reports where the subject of the unfounded report requests that the record not be expunged because the subject alleges an intentional false report was made. Such a request must be made by the subject in writing to the Department, within 10 days of the investigation. By January 1, 2014, the Department shall promulgate rules establishing criteria and standards for labeling an unfounded report as an intentional false report in the central register. The rules shall permit the reporter to submit a statement regarding the report unless the reporter has been convicted of knowingly transmitting a false report to the Department under paragraph (7) of subsection (a) of Section 26-1 of the Criminal Code of 2012.

The Department shall also maintain in the central register a listing of unfounded reports where the report was classified as a priority one or priority two report in accordance with the Department's rules or the report was made by a person mandated to report suspected abuse or neglect under this Act.

The Department shall maintain in the central register for 3 years a listing of unfounded reports involving the death of a child, the sexual abuse of a child, or serious physical injury to a child as defined by the Department in rules.

If an individual is the subject of a subsequent investigation that is pending, the Department shall maintain all prior unfounded reports pertaining to that individual until the pending investigation has been completed or for 12 months, whichever time period ends later.

The Department shall maintain all other unfounded reports for 12 months following the date of the final finding.

For purposes of this Section "child abuse or neglect" includes abuse or neglect of an adult resident as defined in this Act.

(325 ILCS 5/7.14) (from Ch. 23, par. 2057.14)

Sec. 7.14. All reports in the central register shall be classified in one of three categories: "indicated", "unfounded" or "undetermined", as the case may be. After the report is classified, the person making the classification shall determine whether the child named in the report is the

subject of an action under Article II of the Juvenile Court Act of 1987. If the child is the subject of an action under Article II of the Juvenile Court Act, the Department shall, \emph{within 45 days of classification of the report}, transmit a copy of the report to the guardian ad litem appointed for the child under Section 2-17 of the Juvenile Court Act. All information identifying the subjects of an unfounded report shall be expunged from the register forthwith, except as provided in Section 7.7. Unfounded reports may only be made available to the Child Protective Service Unit when investigating a subsequent report of suspected abuse or maltreatment involving a child named in the unfounded report; and to the subject of the report, provided the Department has not expunged the file in accordance with Section 7.7. The Child Protective Service Unit shall not indicate the subsequent report solely based upon the existence of the prior unfounded report or reports. Notwithstanding any other provision of law to the contrary, an unfounded report shall not be admissible in any judicial or administrative proceeding or action. Identifying information on all other records shall be removed from the register no later than 5 years after the report is indicated. However, if another report is received involving the same child, his sibling or offspring, or a child in the care of the persons responsible for the child's welfare, or involving the same alleged offender, the identifying information may be maintained in the register until 5 years after the subsequent case or report is closed.

Notwithstanding any other provision of this Section, identifying information in indicated reports involving serious physical injury to a child as defined by the Department in rules, may be retained longer than 5 years after the report is indicated or after the subsequent case or report is closed, and may not be removed from the register except as provided by the Department in rules. Identifying information in indicated reports involving sexual penetration of a child, sexual molestation of a child, sexual exploitation of a child, torture of a child, or the death of a child, as defined by the Department in rules, shall be retained for a period of not less than 50 years after the report is indicated or after the subsequent case or report is closed.

For purposes of this Section "child" includes an adult resident as defined in this Act.
(Source: P.A. 96-1164, eff. 7-21-10; 96-1446, eff. 8-20-10; 97-333, eff. 8-12-11.)

(325 ILCS 5/7.16) (from Ch. 23, par. 2057.16)
Sec. 7.16. For any investigation or appeal initiated on or after, or pending on July 1, 1998, the following time frames shall apply. Within 60 days after the notification of the completion of the Child Protective Service Unit investigation, determined by the date of the notification sent by the Department, a subject of a report may request the Department to amend the record or remove the record of the report from the register. Such request shall be in writing and directed to such person as the Department designates in the notification. If the Department disregards any request to do so or does not act within 10 days, the subject shall have the right to a hearing within the Department to determine whether the record of the report should be amended or removed on the grounds that it is inaccurate or it is being maintained in a manner inconsistent with this Act, except that there shall be no such right to a hearing on the ground of the report's inaccuracy if there has been a court finding of child abuse or neglect, the report's accuracy being conclusively presumed on such finding. Such hearing shall be held within a reasonable time after the subject's request and at a reasonable place and hour. The appropriate Child Protective Service Unit shall be given notice of the hearing. If the minor, who is the victim named in the report sought to be amended or removed from the State Central Register, is the subject of a pending action under Article II of the Juvenile Court Act of 1987, and the report was made while a guardian ad litem was appointed for the minor under Section 2-17 of the Juvenile Court Act of 1987, then the minor shall, through the minor's attorney or guardian ad litem appointed under Section 2-17 of the Juvenile Court Act of 1987, have the right to participate and be heard in such hearing as defined under the Department's rules. In such hearings, the burden of proving the accuracy and consistency of the record shall be on the Department and the appropriate Child Protective Service Unit. The hearing shall be conducted by the Director or his designee, who is hereby authorized and empowered to order the amendment or removal of the record to make it accurate and consistent with this Act. The decision shall be made, in writing, at the close of the hearing, or within 45 days thereof, and shall state the reasons upon which it is based. Decisions of the Department under this Section are administrative decisions subject to judicial review under the Administrative Review Law.

Should the Department grant the request of the subject of the report pursuant to this Section either on administrative review or after administrative hearing to amend an indicated report to an unfounded

report, the report shall be released and expunged in accordance with the standards set forth in Section 7.14 of this Act.

Sec. 7.21. Multidisciplinary Review Committee.
(a) The Department may establish multidisciplinary review committees in each region of the State to assure that mandated reporters have the ability to have a review conducted on any situation where a child abuse or neglect report made by them was "unfounded", and they have concerns about the adequacy of the investigation. These committees shall draw upon the expertise of the Child Death Review Teams as necessary and practicable. Each committee will be composed of the following: a health care professional, a Department employee, a law enforcement official, a licensed social worker, and a representative of the State's attorney's office. In appointing members of a committee, primary consideration shall be given to a prospective member's prior experience in dealing with cases of suspected child abuse or neglect.

(b) Whenever the Department determines that a reported incident of child abuse or neglect from a mandated reporter is "unfounded", the mandated reporter may request a review of the investigation within 10 days of the notification of the final finding. Whenever the Department determines that a reported incident of child abuse or neglect from a mandated reporter or any other reporter is "unfounded", the minor's guardian ad litem appointed under the Juvenile Court Act of 1987 may request a review of the investigation within 10 days of the notification of the final finding if the subject of the report is also the minor for whom the guardian ad litem has been appointed. The review of the investigation requested by the guardian ad litem may be conducted by the Regional Child Protection Manager.

A review under this subsection will be conducted by the committee, except those requests for review that are made by the guardian ad litem, which shall be conducted by the Regional Child Protection Manager. The Department shall make available to the committee all information in the Department's possession concerning the case. The committee shall make recommendations to the Department as to the adequacy of the investigation and of the accuracy of the final finding determination. These findings shall be forwarded to the Regional Child Protection Manager.
(c) The Department shall provide complete records of these investigations to the committee. Records provided to the committee and recommendation reports generated by the committee shall not be public record.

(c-5) On or before October 1 of each year, the Department shall prepare a report setting forth (i) the number of investigations reviewed by each committee during the previous fiscal year and (ii) the number of those investigations that the committee found to be inadequate. The report shall also include a summary of the committee's comments and a summary of the corrective action, if any, that was taken in response to the committee's recommendations. The report shall be a public record. The Department shall submit the report to the General Assembly and shall make the report available to the public upon request.

(d) The Department shall adopt rules to implement this Section.

(325 ILCS 5/7.22 new)

Sec. 7.22. Reviews of unfounded reports.

(a) Whenever the Department determines that a reported incident of child abuse or neglect is "unfounded", the minor's attorney or guardian ad litem appointed under the Juvenile Court Act of 1987 may request a review of the investigation within 10 days of the notification of the final finding and receipt of the report, as provided in Section 7.14 of this Act, if the subject of the report is also the minor for whom the attorney or guardian ad litem has been appointed.

(b) Reviews requested under subsection (a) may be requested by sending a request via U.S. Mail, postmarked within 10 days after notice of the final finding, or by faxing a request within 10 days after notice of the final finding. The date of notification of the final finding is the date the attorney or guardian ad litem received a copy of the report from the Department.

(c) By January 1, 2014, the Department shall promulgate rules addressing reviews requested under subsection (a). The rules shall provide that a review requested under subsection (a) must occur before the report is classified and a final finding is entered in the central register and that the review must be conducted by a Department employee outside the supervisory chain of the assigned investigator.

(h) Other neglect of, or misconduct toward the child; provided that in making a finding of unfitness the court hearing the adoption proceeding shall not be bound by any previous finding, order or judgment affecting or determining the rights of the parents toward the child sought to be adopted in any other proceeding except such proceedings terminating parental rights as shall be had under either this Act, the Juvenile Court Act or the Juvenile Court Act of 1987.

(i) Depravity. Conviction of any one of the following crimes shall create a presumption that a parent is depraved which can be overcome only by clear and convincing evidence: (1) first
degree murder in violation of paragraph 1 or 2 of subsection (a) of Section 9-1 of the Criminal Code of 1961 or the Criminal Code of 2012 or conviction of second degree murder in violation of subsection (a) of Section 9-2 of the Criminal Code of 1961 or the Criminal Code of 2012 of a parent of the child to be adopted; (2) first degree murder or second degree murder of any child in violation of the Criminal Code of 1961 or the Criminal Code of 2012; (3) attempt or conspiracy to commit first degree murder or second degree murder of any child in violation of the Criminal Code of 1961 or the Criminal Code of 2012; (4) solicitation to commit murder of any child, solicitation to commit murder of any child for hire, or solicitation to commit second degree murder of any child in violation of the Criminal Code of 1961 or the Criminal Code of 2012; (5) predatory criminal sexual assault of a child in violation of Section 11-1.40 or 12-14.1 of the Criminal Code of 1961 or the Criminal Code of 2012; (6) heinous battery of any child in violation of the Criminal Code of 1961; or (7) aggravated battery of any child in violation of the Criminal Code of 1961 or the Criminal Code of 2012.

There is a rebuttable presumption that a parent is depraved if the parent has been criminally convicted of at least 3 felonies under the laws of this State or any other state, or under federal law, or the criminal laws of any United States territory; and at least one of these convictions took place within 5 years of the filing of the petition or motion seeking termination of parental rights.

There is a rebuttable presumption that a parent is depraved if that parent has been criminally convicted of either first or second degree murder of any person as defined in the Criminal Code of 1961 or the Criminal Code of 2012 within 10 years of the filing date of the petition or motion to terminate parental rights.

No conviction or finding of delinquency pursuant to Article 5 of the Juvenile Court Act of 1987 shall be considered a criminal conviction for the purpose of applying any presumption under this item (i).

(j) Open and notorious adultery or fornication.
(j-1) (Blank).
(k) Habitual drunkenness or addiction to drugs, other than those prescribed by a physician, for at least one year immediately prior to the commencement of the unfitness proceeding.

There is a rebuttable presumption that a parent is unfit under this subsection with respect to any child to which that parent gives birth where there is a confirmed test result that at birth the child's blood, urine, or meconium contained any amount of a controlled substance as defined in subsection (f) of Section 102 of the Illinois Controlled Substances Act or metabolites of such substances, the presence of which in the newborn infant was not the result of medical treatment administered to the mother or the newborn infant; and the biological mother of this child is the biological mother of at least one other child who was adjudicated a neglected minor under subsection (c) of Section 2-3 of the Juvenile Court Act of 1987.

(l) Failure to demonstrate a reasonable degree of interest, concern or responsibility as to the welfare of a newborn child during the first 30 days after its birth.

(m) Failure by a parent (i) to make reasonable efforts to correct the conditions that were the basis for the removal of the child from the parent, or (ii) to make reasonable progress toward the return of the child to the parent within 9 months after an adjudication of neglected or abused minor under Section 2-3 of the Juvenile Court Act of 1987 or dependent minor under Section 2-4 of that Act, or (iii) to make reasonable progress toward the return of the child to the parent during any 9-month period after the end of the initial 9-month period following the adjudication of neglected or abused minor under Section 2-3 of the Juvenile Court Act of 1987 or dependent minor under Section 2-4 of that Act. If a service plan has been established as required under Section 8.2 of the Abused and Neglected Child Reporting Act to correct the conditions that were the basis for the removal of the child from the parent and if those services were available, then, for purposes of this Act, "failure to make reasonable progress toward the return of the child to the parent" includes (I) the parent's failure to substantially fulfill his or her obligations under the service plan and correct the conditions that brought the child into care within 9 months after the adjudication under Section 2-3 or 2-4 of the Juvenile Court Act of 1987 and (II) the parent's failure to substantially fulfill his or her obligations under the service plan and correct the conditions that brought the child into care during any 9-month period after the end of the initial 9-month period following...
the adjudication under Section 2-3 or 2-4 of the Juvenile Court Act of 1987. Notwithstanding any other provision, when a petition or motion seeks to terminate parental rights on the basis of item (iii) of this subsection (m), the petitioner shall file with the court and serve on the parties a pleading that specifies the 9-month period or periods relied on. The pleading shall be filed and served on the parties no later than 3 weeks before the date set by the court for closure of discovery, and the allegations in the pleading shall be treated as incorporated into the petition or motion. Failure of a respondent to file a written denial of the allegations in the pleading shall not be treated as an admission that the allegations are true.

(m-1) Pursuant to the Juvenile Court Act of 1987, a child has been in foster care for 15 months out of any 22 month period which begins on or after the effective date of this amendatory Act of 1998 unless the child's parent can prove by a preponderance of the evidence that it is more likely than not that it will be in the best interests of the child to be returned to the parent within 6 months of the date on which a petition for termination of parental rights is filed under the Juvenile Court Act of 1987. The 15 month time limit is tolled during any period for which there is a court finding that the appointed custodian or guardian failed to make reasonable efforts to reunify the child with his or her family, provided that (i) the finding of no reasonable efforts is made within 60 days of the period when reasonable efforts were not made or (ii) the parent filed a motion requesting a finding of no reasonable efforts within 60 days of the period when reasonable efforts were not made. For purposes of this subdivision (m-1), the date of entering foster care is the earlier of: (i) the date of a judicial finding at an adjudicatory hearing that the child is an abused, neglected, or dependent minor; or (ii) 60 days after the date on which the child is removed from his or her parent, guardian, or legal custodian.

(n) Evidence of intent to forgo his or her parental rights, whether or not the child is a ward of the court, (1) as manifested by his or her failure for a period of 12 months: (i) to visit the child, (ii) to communicate with the child or agency, although able to do so and not prevented from doing so by an agency or by court order, or (iii) to maintain contact with or plan for the future of the child, although physically able to do so, or (2) as manifested by the father's failure, where he and the mother of the child were
unmarried to each other at the time of the child's birth, (i) to commence legal proceedings to establish his paternity under the Illinois Parentage Act of 1984 or the law of the jurisdiction of the child's birth within 30 days of being informed, pursuant to Section 12a of this Act, that he is the father or the likely father of the child or, after being so informed where the child is not yet born, within 30 days of the child's birth, or (ii) to make a good faith effort to pay a reasonable amount of the expenses related to the birth of the child and to provide a reasonable amount for the financial support of the child, the court to consider in its determination all relevant circumstances, including the financial condition of both parents; provided that the ground for termination provided in this subparagraph (n)(2)(ii) shall only be available where the petition is brought by the mother or the husband of the mother.

Contact or communication by a parent with his or her child that does not demonstrate affection and concern does not constitute reasonable contact and planning under subdivision (n). In the absence of evidence to the contrary, the ability to visit, communicate, maintain contact, pay expenses and plan for the future shall be presumed. The subjective intent of the parent, whether expressed or otherwise, unsupported by evidence of the foregoing parental acts manifesting that intent, shall not preclude a determination that the parent has intended to forgo his or her parental rights. In making this determination, the court may consider but shall not require a showing of diligent efforts by an authorized agency to encourage the parent to perform the acts specified in subdivision (n).

It shall be an affirmative defense to any allegation under paragraph (2) of this subsection that the father's failure was due to circumstances beyond his control or to impediments created by the mother or any other person having legal custody. Proof of that fact need only be by a preponderance of the evidence.

(o) Repeated or continuous failure by the parents, although physically and financially able, to provide the child with adequate food, clothing, or shelter.

(p) Inability to discharge parental responsibilities supported by competent evidence from a psychiatrist, licensed clinical social worker, or clinical psychologist of mental impairment, mental illness or an intellectual disability as defined in Section 1-116 of

the Mental Health and Developmental Disabilities Code, or
developmental disability as defined in Section 1-106 of that Code,
and there is sufficient justification to believe that the inability to
discharge parental responsibilities shall extend beyond a reasonable
time period. However, this subdivision (p) shall not be construed
so as to permit a licensed clinical social worker to conduct any
medical diagnosis to determine mental illness or mental
impairment.

(q) (Blank).

(r) The child is in the temporary custody or guardianship of
the Department of Children and Family Services, the parent is
incarcerated as a result of criminal conviction at the time the
petition or motion for termination of parental rights is filed, prior
to incarceration the parent had little or no contact with the child or
provided little or no support for the child, and the parent's
incarceration will prevent the parent from discharging his or her
parental responsibilities for the child for a period in excess of 2
years after the filing of the petition or motion for termination of
parental rights.

(s) The child is in the temporary custody or guardianship of
the Department of Children and Family Services, the parent is
incarcerated at the time the petition or motion for termination of
parental rights is filed, the parent has been repeatedly incarcerated
as a result of criminal convictions, and the parent's repeated
incarceration has prevented the parent from discharging his or her
parental responsibilities for the child.

(t) A finding that at birth the child's blood, urine, or
meconium contained any amount of a controlled substance as
deefined in subsection (f) of Section 102 of the Illinois Controlled
Substances Act, or a metabolite of a controlled substance, with the
exception of controlled substances or metabolites of such
substances, the presence of which in the newborn infant was the
result of medical treatment administered to the mother or the
newborn infant, and that the biological mother of this child is the
biological mother of at least one other child who was adjudicated a
neglected minor under subsection (c) of Section 2-3 of the Juvenile
Court Act of 1987, after which the biological mother had the
opportunity to enroll in and participate in a clinically appropriate
substance abuse counseling, treatment, and rehabilitation program.

Sec. 4.1. Adoption between multiple jurisdictions.

(a) The Department of Children and Family Services shall promulgate rules regarding the approval and regulation of agencies providing, in this State, adoption services, as defined in Section 2.24 of the Child Care Act of 1969, which shall include, but not be limited to, a requirement that any agency shall be licensed in this State as a child welfare agency as defined in Section 2.08 of the Child Care Act of 1969. Any out-of-state agency, if not licensed in this State as a child welfare agency, must obtain the approval of the Department in order to act as a sending agency, as defined in Section 1 of the Interstate Compact on Placement of Children Act, seeking to place a child into this State through a placement subject to the Interstate Compact on the Placement of Children. An out-of-state agency, if not licensed in this State as a child welfare agency, is prohibited from providing in this State adoption services, as defined by Section 2.24 of the Child Care Act of 1969; shall comply with Section 12C-70 of the Criminal Code of 2012; and shall provide all of the following to the Department:

(1) A copy of the agency's current license or other form of authorization from the approving authority in the agency's state. If no license or authorization is issued, the agency must provide a

reference statement, from the approving authority, stating that the agency is authorized to place children in foster care or adoption or both in its jurisdiction.

(2) A description of the program, including home studies, placements, and supervisions, that the child placing agency conducts within its geographical area, and, if applicable, adoptive placements and the finalization of adoptions. The child placing agency must accept continued responsibility for placement planning and replacement if the placement fails.

(3) Notification to the Department of any significant child placing agency changes after approval.

(4) Any other information the Department may require.

Except for children placed with relatives by the Department of Children and Family Services pursuant to subsection (b) of Section 7 of the Children and Family Services Act, placements under this Act shall comply with the Child Care Act of 1969 and the Interstate Compact on the Placement of Children. Placements of children born outside the United States or a territory thereof shall comply with rules promulgated by the United States Department of Immigration and Naturalization.

Rules promulgated by the Department of Children and Family Services shall include but not be limited to the following:

(a) Any agency providing adoption services as defined in Section 2.24 of the Child Care Act of 1969 in this State:

(i) Shall be licensed in this State as a child welfare agency as defined in Section 2.08 of the Child Care Act of 1969; or

(ii) Shall be licensed as a child placement agency in a state which is a party to the Interstate Compact on the Placement of Children and shall be approved by the Department to place children into Illinois in accordance with subsection (a-5) of this Section; or

(iii) Shall be licensed as a child placement agency in a country other than the United States or, if located in such a country but not so licensed, shall provide information such as a license or court document which authorizes that agency to place children for adoption and to establish that such agency has legal authority to place children for adoption; or

(iv) Shall be a child placement agency which is so licensed in a non-compact state and shall be approved by the Department to place children into Illinois in accordance with subsection (a-5) of
this Section, if such agency first files with the Department of Children and Family Services a bond with surety in the amount of $5,000 for each such child to ensure that such child shall not become a public charge upon this State. Such bond shall remain in effect until a judgment for adoption is entered with respect to such child pursuant to this Act. The Department of Children and Family Services may accept, in lieu of such bond, a written agreement with such agency which provides that such agency shall be liable for all costs associated with the placement of such child in the event a judgment of adoption is not entered, upon such terms and conditions as the Department deems appropriate.

The rules shall also provide that any agency that places children for adoption in this State may not, in any policy or practice relating to the placement of children for adoption, discriminate against any child or prospective adoptive parent on the basis of race.

(a-5) (Blank). Out-of-state private placing agencies that seek to place children into Illinois for the purpose of foster care or adoption shall provide all of the following to the Department:

(i) A copy of the agency's current license or other form of authorization from the approving authority in the agency's state. If no such license or authorization is issued, the agency must provide a reference statement from the approving authority stating the agency is authorized to place children in foster care or adoption or both in its jurisdiction.

(ii) A description of the program, including home studies, placements, and supervisions that the child placing agency conducts within its geographical area, and, if applicable, adoptive placements and the finalization of adoptions. The child placing agency must accept continued responsibility for placement planning and replacement if the placement fails.

(iii) Notification to the Department of any significant child placing agency changes after approval.

(iv) Any other information the Department may require. If the adoption is finalized prior to bringing or sending the child to Illinois, Department approval of the out-of-state child placing agency involved is not required under this Section, nor is compliance with the Interstate Compact on the Placement of Children.

(b) Interstate Adoptions.

New matter indicated by italics - deletions by strikeout
(1) All interstate adoption placements under this Act shall comply with the Child Care Act of 1969 and the Interstate Compact on the Placement of Children. The placement of children with relatives by the Department of Children and Family Services shall also comply with subsection (b) of Section 7 of the Children and Family Services Act.

(2) If an adoption is finalized prior to bringing or sending a child to this State, compliance with the Interstate Compact on the Placement of Children is not required.

As an alternative to requiring the bond provided for in paragraph (a)(iv) of this Section, the Department of Children and Family Services may require the filing of such a bond by the individual or individuals seeking to adopt such a child through placement of such child by a child placement agency located in a state which is not a party to the Interstate Compact on the Placement of Children:

(c) Intercountry Adoptions.

(1) The adoption of a child, if the child is a habitual resident of a country other than the United States and the petitioner is a habitual resident of the United States, or, if the child is a habitual resident of the United States and the petitioner is a habitual resident of a country other than the United States, shall comply with the Intercountry Adoption Act of 2000, as amended, and the Immigration and Nationality Act, as amended.

(2) The Department of Children and Family Services shall maintain the office of Intercountry Adoption Coordinator in order to maintain and protect the rights of prospective adoptive parents and children participating in an intercountry adoption and shall develop ongoing programs of support and services to such prospective adoptive parents and children.

(3) In the case of an intercountry adoption of a child by an Illinois resident, the Department shall promulgate rules concerning preadoption requirements, which shall include, but not be limited to, requirements relating to home studies conducted by licensed child welfare agencies and requirements relating to supporting documentation concerning the prospective adoptive parent's suitability to adopt a child.

(4) The Intercountry Adoption Coordinator shall determine whether all preadoption requirements have been met by a prospective adoptive parent. The Intercountry Adoption
Coordinator shall also determine whether the prospective adoptive parent is suitable as the adoptive parent. In determining suitability to adopt, the Intercountry Adoption coordinator shall give considerable weight to the home study, but is not bound by it. Even if the home study is favorable, the Intercountry Adoption Coordinator must issue a denial letter if, on the basis of all the information provided, the Intercountry Adoption Coordinator finds, for a specific and articulable reason, that the prospective adoptive parent has failed to establish that he or she is suitable as the adoptive parent.

(5) The Intercountry Adoption Coordinator shall issue an endorsement letter, indicating that all preadoption requirements have been met, or a denial letter, indicating the specific preadoption requirements that have not been met, no later than 21 days from receipt of the home study from the child welfare agency. If, upon receipt of the home study, the Intercountry Adoption Coordinator determines that more information is required before any determination can be made with respect to compliance with the preadoption requirements, the Intercountry Adoption Coordinator shall, within 7 days of receipt of the home study, provide notice describing the additional information, via facsimile or through electronic communication, to the licensed child welfare agency and the adoptive parent. Within 21 days of receipt of the additional information, the Intercountry Adoption Coordinator shall provide the child welfare agency with an endorsement letter or a denial letter. The Intercountry Adoption Coordinator shall mail a copy of the endorsement letter or denial letter to the prospective adoptive parent at the same time that the Intercountry Adoption Coordinator provides the letter to the child welfare agency.

(6) If the Intercountry Adoption Coordinator issues a denial letter, a prospective adoptive parent shall have the right to a review. The Intercountry Adoption Coordinator shall include in its denial letter notification advising the prospective adoptive parent of the right to seek a review, by the Director of the Department, of the determination, if requested in writing within 30 days of receipt of the denial letter. Failure to submit such a request within 30 days waives the prospective parent's right to a review.
(i) The review by the Director shall include, but is not limited to, a review of documentation submitted by the prospective adoptive parent and, if requested by the prospective adoptive parent, a telephone conference or a mutually convenient in-person meeting with the Director, or the Director's designated representative, to allow the prospective adoptive parent to present the facts and circumstances supporting the request for the endorsement letter.

(ii) The Director shall issue a decision within 30 days of receipt of the request for review.

(iii) If the Director concurs with the original denial letter of the Intercountry Adoption Coordinator, the Director's decision shall be considered a final decision and the prospective adoptive parent shall have all rights and remedies to which he or she is entitled under applicable law, including a mandamus action under Article XIV of the Code of Civil Procedure and an action under the federal Civil Rights Act, 42 U.S.C. 1983.

(7) In the case of an intercountry adoption finalized in another country, where a complete and valid Order of Adoption is issued from that country to an Illinois resident, as determined by the United States Department of State, this State shall not impose any additional preadoption requirements.

(8) The Department of Children and Family Services shall provide a report to the General Assembly, on an annual basis for the preceding year, beginning on September 1 of each year after the effective date of this amendatory Act of the 98th General Assembly. The report shall provide non-identifying statistical data on the endorsement and denial letters and the requests for review of denial letters and shall contain, but not limited to, the following:

(i) the number of endorsement letters issued by the Intercountry Adoption Coordinator;
(ii) the number of denial letters issued by the Intercountry Adoption Coordinator;
(iii) the number of requests for review of denial letters;

New matter indicated by italics - deletions by strikeout
(iv) the number of denial letter reviews which resulted in a reversal by the Director and an endorsement letter being issued; and
(v) the basis of each denial letter and the basis of each reversal of the denial letter in a particular case.

In the case of any foreign-born child brought to the United States for adoption in this State, the following preadoption requirements shall be met:

(1) Documentation that the child is legally free for adoption prior to entry into the United States shall be submitted.
(2) A medical report on the child, by authorized medical personnel in the country of the child's origin, shall be provided when such personnel are available;
(3) Verification that the adoptive family has been licensed as a foster family home pursuant to the Child Care Act of 1969, as now or hereafter amended, shall be provided;
(4) A valid home study conducted by a licensed child welfare agency that complies with guidelines established by the United States Immigration and Naturalization Service at 8 CFR 204.4(d)(2)(i), as now or hereafter amended, shall be submitted. A home study is considered valid if it contains:
   (i) A factual evaluation of the financial, physical, mental and moral capabilities of the prospective parent or parents to rear and educate the child properly;
   (ii) A detailed description of the living accommodations where the prospective parent or parents currently reside;
   (iii) A detailed description of the living accommodations in the United States where the child will reside, if known;
   (iv) A statement or attachment recommending the proposed adoption signed by an official of the child welfare agency which has conducted the home study;
(5) The placing agency located in a non-compact state or a family desiring to adopt through an authorized placement party in a non-compact state or a foreign country shall file with the Department of Children and Family Services a bond with surety in the amount of $5,000 as protection that a foreign-born child

accepted for care or supervision not become a public charge upon the State of Illinois:

(6) In lieu of the $5,000 bond, the placement agency may sign a binding agreement with the Department of Children and Family Services to assume full liability for all placements should, for any reason, the adoption be disrupted or not be completed, including financial and planning responsibility until the child is either returned to the country of its origin or placed with a new adoptive family in the United States and that adoption is finalized.

(7) Compliance with the requirements of the Interstate Compact on the Placement of Children, when applicable, shall be demonstrated:

(8) When a child is adopted in a foreign country and a final, complete and valid Order of Adoption is issued in that country, as determined by both the United States Department of State and the United States Department of Justice, this State shall not impose any additional preadoption requirements. The adoptive family, however, must comply with applicable requirements of the United States Department of Immigration and Naturalization as provided in 8 CFR 204.4 (d)(2)(ii), as now or hereafter amended:

(d) (Blank). The Department of Children and Family Services shall maintain the office of Intercountry Adoption Coordinator, shall maintain and protect the rights of families and children participating in adoption of foreign-born children, and shall develop ongoing programs of support and services to such families and children. The Intercountry Adoption Coordinator shall determine that all preadoption requirements have been met and report such information to the Department of Immigration and Naturalization:

and the petitioners.

costs of the investigation shall be charged to the petitioners. The

Such report shall be treated as confidential and withheld from inspection unless findings adverse to the petitioners or to the child sought to be adopted are contained therein, and in that event the court shall inform the petitioners of the relevant portions pertaining to the adverse findings. In no event shall any facts set forth in the report be considered at the hearing of the proceeding, unless established by competent evidence. The report shall be filed with the record of the proceeding. If the file relating to the proceeding is not impounded, the report shall be impounded by the clerk of the court and shall be made available for inspection only upon order of the court.

Sec. 50-10. Budget contents. The budget shall be submitted by the Governor with line item and program data. The budget shall also contain performance data presenting an estimate for the current fiscal year, projections for the budget year, and information for the 3 prior fiscal years comparing department objectives with actual accomplishments, formulated according to the various functions and activities, and, wherever the nature of the work admits, according to the work units, for which the respective departments, offices, and institutions of the State government (including the elective officers in the executive department and including the University of Illinois and the judicial department) are responsible.

For the fiscal year beginning July 1, 1992 and for each fiscal year thereafter, the budget shall include the performance measures of each department's accountability report.

For the fiscal year beginning July 1, 1997 and for each fiscal year thereafter, the budget shall include one or more line items appropriating moneys to the Department of Human Services to fund participation in the Home-Based Support Services Program for Mentally Disabled Adults under the Developmental Disability and Mental Disability Services Act by persons described in Section 2-17 of that Act.

The budget shall contain a capital development section in which the Governor will present (1) information on the capital projects and capital programs for which appropriations are requested, (2) the capital spending plans, which shall document the first and subsequent years cash requirements by fund for the proposed bonded program, and (3) a statement that shall identify by year the principal and interest costs until retirement of the State's general obligation debt. shall be submitted by the Governor not later than the fourth Tuesday of March (March 23, 2004).

The budget shall contain a section indicating whether there is a projected budget surplus or a projected budget deficit for general funds in the current fiscal year, or whether the current fiscal year's general funds budget is projected to be balanced, based on estimates prepared by the Governor's Office of Management and Budget using actual figures available on the date the budget is submitted. That section shall present this information in both a numerical table format and by way of a narrative description, and shall include information for the proposed upcoming fiscal year, the current fiscal year, and the 2 years prior to the current fiscal year. These estimates must specifically and separately identify any non-recurring revenues, including, but not limited to, borrowed money, money derived by borrowing or transferring from other funds, or any non-operating financial source. None of these specifically and separately identified non-recurring revenues may include any revenue that cannot be realized without a change to law. The table shall show accounts payable at the end of each fiscal year in a manner that specifically and separately identifies any general funds liabilities accrued during the current and prior fiscal years that may be paid from future fiscal years' appropriations, including, but not limited to, costs that may be paid beyond the end of the lapse period as set forth in Section 25 of the State Finance Act and costs incurred by the Department on Aging. Together with the budget, the Governor shall transmit the estimates of receipts and expenditures, as received by the Director of the Governor's Office of Management and Budget, of the elective officers in the executive and judicial departments and of the University of Illinois.

An applicable appropriations committee of each chamber of the General Assembly, for fiscal year 2012 and thereafter, must review individual line item appropriations and the total budget for each State agency, as defined in the Illinois State Auditing Act.

New matter indicated by italics - deletions by strikeout
Sec. 602.3. Care of minor children; right of first refusal.

(a) If the court awards joint custody under Section 602.1 or visitation rights under Section 607, the court may consider, consistent with the best interest of the child as defined in Section 602, whether to award to one or both of the parties the right of first refusal to provide child care for the minor child or children during the other parent's normal parenting time, unless the need for child care is attributable to an emergency.

(b) As used in this Section, "right of first refusal" means that if a party intends to leave the minor child or children with a substitute child-care provider for a significant period of time, that party must first offer the other party an opportunity to personally care for the minor child or children. The parties may agree to a right of first refusal that is consistent with the best interest of the minor child or children. If there is no agreement and the court determines that a right of first refusal is in the best interest of the minor child or children, the court shall consider and make provisions in its order for:

(1) the length and kind of child-care requirements invoking the right of first refusal;

(2) notification to the other parent and for his or her response;

(3) transportation requirements; and

certain cases in which a repealed Act or Section has been replaced with a
successor law, this Act may incorporate amendments to the repealed Act
or Section into the successor law. This Act also corrects errors, revises
cross-references, and deletes obsolete text.
(c) In this Act, the reference at the end of each amended Section
indicates the sources in the Session Laws of Illinois that were used in the

(b) Private information, unless disclosure is required by another provision of this Act, a State or federal law or a court order.

"Unwarranted invasion of personal privacy" means the disclosure of information that is highly personal or objectionable to a reasonable person and in which the subject's right to privacy outweighs any legitimate public interest in obtaining the information. The disclosure of information that bears on the public duties of public employees and officials shall not be considered an invasion of personal privacy.

(d) Records in the possession of any public body created in the course of administrative enforcement proceedings, and any law enforcement or correctional agency for law enforcement purposes, but only to the extent that disclosure would:

   (i) interfere with pending or actually and reasonably contemplated law enforcement proceedings conducted by any law enforcement or correctional agency that is the recipient of the request;
   
   (ii) interfere with active administrative enforcement proceedings conducted by the public body that is the recipient of the request;
   
   (iii) create a substantial likelihood that a person will be deprived of a fair trial or an impartial hearing;
   
   (iv) unavoidably disclose the identity of a confidential source, confidential information furnished only by the confidential source, or persons who file complaints with or provide information to administrative, investigative,

(v) disclose unique or specialized investigative techniques other than those generally used and known or disclose internal documents of correctional agencies related to detection, observation or investigation of incidents of crime or misconduct, and disclosure would result in demonstrable harm to the agency or public body that is the recipient of the request;

(vi) endanger the life or physical safety of law enforcement personnel or any other person; or

(vii) obstruct an ongoing criminal investigation by the agency that is the recipient of the request.

(d-5) A law enforcement record created for law enforcement purposes and contained in a shared electronic record management system if the law enforcement agency that is the recipient of the request did not create the record, did not participate in or have a role in any of the events which are the subject of the record, and only has access to the record through the shared electronic record management system.

(g) Trade secrets and commercial or financial information obtained from a person or business where the trade secrets or commercial or financial information are furnished under a claim that they are proprietary, privileged or confidential, and that disclosure of the trade secrets or commercial or financial information would cause competitive harm to the person or business, and only insofar as the claim directly applies to the records requested.

The information included under this exemption includes all trade secrets and commercial or financial information obtained by a public body, including a public pension fund, from a private equity fund or a privately held company within the investment portfolio of a private equity fund as a result of either investing or evaluating a potential investment of public funds in a private equity fund. The exemption contained in this item does not apply to the aggregate financial performance information of a private equity fund, nor to the identity of the fund's managers or general partners. The exemption contained in this item does not apply to the identity of a privately held company within the investment portfolio of a private equity fund, unless the disclosure of the identity of a privately held company may cause competitive harm.

Nothing contained in this paragraph (g) shall be construed to prevent a person or business from consenting to disclosure.

(h) Proposals and bids for any contract, grant, or agreement, including information which if it were disclosed would frustrate procurement or give an advantage to any person proposing to enter into a contractor agreement with the body, until an award or final selection is made. Information prepared by or for the body in preparation of a bid solicitation shall be exempt until an award or final selection is made.

(ii) information received by a primary or secondary school, college, or university under its procedures for the evaluation of faculty members by their academic peers;

(l) Minutes of meetings of public bodies closed to the public as provided in the Open Meetings Act until the public body makes the minutes available to the public under Section 2.06 of the Open Meetings Act.

(m) Communications between a public body and an attorney or auditor representing the public body that would not be subject to discovery in litigation, and materials prepared or compiled by or for a public body in anticipation of a criminal, civil or administrative proceeding upon the request of an attorney

(n) Records relating to a public body's adjudication of employee grievances or disciplinary cases; however, this exemption shall not extend to the final outcome of cases in which discipline is imposed.

(o) Administrative or technical information associated with automated data processing operations, including but not limited to software, operating protocols, computer program abstracts, file layouts, source listings, object modules, load modules, user guides, documentation pertaining to all logical and physical design of computerized systems, employee manuals, and any other information that, if disclosed, would jeopardize the security of the system or its data or the security of materials exempt under this Section.

(p) Records relating to collective negotiating matters between public bodies and their employees or representatives, except that any final contract or agreement shall be subject to inspection and copying.

(q) Test questions, scoring keys, and other examination data used to determine the qualifications of an applicant for a license or employment.

The records, documents and information relating to a real estate sale shall be exempt until a sale is consummated.

(v) Vulnerability assessments, security measures, and response policies or plans that are designed to identify, prevent, or respond to potential attacks upon a community's population or systems, facilities, or installations, the destruction or contamination of which would constitute a clear and present danger to the health or safety of the community, but only to the extent that disclosure could reasonably be expected to jeopardize the effectiveness of the measures or the safety of the personnel who implement them or the public. Information exempt under this item may include such things as details pertaining to the mobilization or deployment of personnel or equipment, to the operation of communication systems or protocols, or to tactical operations.

(a) The Secretary of State shall issue a standard Illinois Identification Card to any natural person who is a resident of the State of Illinois who applies for such card, or renewal thereof, or who applies for a standard Illinois Identification Card upon release as a committed person on parole, mandatory supervised release, final discharge, or pardon from the Department of Corrections by submitting an identification card issued by the Department of Corrections under Section 3-14-1 of the Unified Code of Corrections, together with the prescribed fees. No identification card shall be issued to any person who holds a valid foreign state identification card, license, or permit unless the person first surrenders to the Secretary of State the valid foreign state identification card, license, or permit. The card shall be prepared and supplied by the Secretary of State and shall include a photograph and signature or mark of the applicant. However, the Secretary of State may provide by rule for the issuance of Illinois Identification Cards without photographs if the applicant has a bona fide religious objection to being photographed or to the display of his or her photograph. The Illinois Identification Card may be used for identification purposes in any lawful situation only by the person to whom it was issued. As used in this Act, "photograph" means any color photograph or digitally produced and captured image of an applicant for an identification card. As used in this Act, "signature" means the name of a person as written by that person and captured in a manner acceptable to the Secretary of State.

Section 35. The State Comptroller Act is amended by changing Sections 9.03 and 10.05 as follows:

(15 ILCS 405/9.03) (from Ch. 15, par. 209.03)
Sec. 9.03. Direct deposit of State payments.

(a) The Comptroller, with the approval of the State Treasurer, may provide by rule or regulation for the direct deposit of any payment lawfully payable from the State Treasury and in accordance with federal banking regulations including but not limited to payments to (i) persons paid from personal services, (ii) persons receiving benefit payments from the Comptroller under the State pension systems, (iii) individuals who receive assistance under Articles III, IV, and VI of the Illinois Public Aid Code, (iv) providers of services under the Mental Health and Developmental Disabilities Administrative Act, (v) providers of community-based mental health services, and (vi) providers of services under programs administered by the State Board of Education, in the accounts of those persons or entities maintained at a bank, savings and loan association, or credit union, where authorized by the payee. The Comptroller also may deposit public aid payments for individuals who receive assistance under Articles III, IV, VI, and X of the Illinois Public Aid Code directly into an electronic benefits transfer account in a financial institution approved by the State Treasurer as prescribed by the Illinois Department of Human Services and in accordance with the rules and regulations of that Department and the rules and regulations adopted by the Comptroller and the State Treasurer. The Comptroller, with the approval of the State Treasurer, may provide by rule for the electronic direct deposit of payments to public agencies and any other payee of the State. The electronic direct deposits may be made to the designated account in those financial institutions specified in this Section for the direct deposit of payments. Within 6 months after the effective date of this amendatory Act of 1994, the Comptroller shall establish a pilot program for the electronic direct deposit of payments to local school districts, municipalities, and units of local government. The payments may be made without the use of the voucher-warrant system, provided that documentation of approval by the Treasurer of each group of payments made by direct deposit shall be retained by the Comptroller. The form and method of the Treasurer's approval shall be established by the rules or regulations adopted by the Comptroller under this Section.

(b) Except as provided in subsection (b-5), all State payments for an employee's payroll or an employee's expense reimbursement must be
made through direct deposit. It is the responsibility of the paying State agency to ensure compliance with this mandate. If a State agency pays an employee's payroll or an employee's expense reimbursement without using direct deposit, the Comptroller may charge that employee a processing fee of $2.50 per paper warrant. The processing fee may be withheld from the employee's payment or reimbursement. The amount collected from the fee shall be deposited into the Comptroller's Administrative Fund.

(b-5) If an employee wants his or her payments deposited into a secure check account, the employee must submit a direct deposit form to the paying State agency for his or her payroll or to the Comptroller for his or her expense reimbursements. Upon acceptance of the direct deposit form, the Comptroller shall disburse those funds to the secure check account. For the purposes of this Section, "secure check account" means an account established with a financial institution for the employee that allows the dispensing of the funds in the account through a third party who dispenses to the employee a paper check.

(c) All State payments to a vendor that exceed the allowable limit of paper warrants in a fiscal year, by the same agency, must be made through direct deposit. It is the responsibility of the paying State agency to ensure compliance with this mandate. If a State agency pays a vendor more times than the allowable limit in a single fiscal year without using direct deposit, the Comptroller may charge the vendor a processing fee of $2.50 per paper warrant. The processing fee may be withheld from the vendor's payment. The amount collected from the processing fee shall be deposited into the Comptroller's Administrative Fund. The Office of the Comptroller shall define "allowable limit" in the Comptroller's Statewide Accounting Management System (SAMS) manual, except that the allowable limit shall not be less than 30 paper warrants. The Office of the Comptroller shall also provide reasonable notice to all State agencies of the allowable limit of paper warrants.

(d) State employees covered by provisions in collective bargaining agreements that do not require direct deposit of paychecks are exempt from this mandate. No later than 60 days after the effective date of this amendatory Act of the 97th General Assembly, all State agencies must provide to the Office of the Comptroller a list of employees that are exempt under this subsection (d) from the direct deposit mandate. In addition, a State employee or vendor may file a hardship petition with the Office of the Comptroller requesting an exemption from the direct deposit mandate.
mandate under this Section. A hardship petition shall be made available for download on the Comptroller's official Internet website.

(e) Notwithstanding any provision of law to the contrary, the direct deposit of State payments under this Section for an employee's payroll, an employee's expense reimbursement, or a State vendor's payment does not authorize the State to automatically withdraw funds from those accounts.

(f) For the purposes of this Section, "vendor" means a non-governmental entity with a taxpayer identification number issued by the Social Security Administration or Internal Revenue Service that receives payments through the Comptroller's commercial system. The term does not include State agencies.

(g) The requirements of this Section do not apply to the legislative or judicial branches of State government.

As used in this Section, an "account or claim in favor of the State" includes all amounts owing to "State agencies" as defined in Section 7 of this Act. However, the Comptroller shall not be required to accept accounts or claims owing to funds not held by the State Treasurer, where such accounts or claims do not exceed $50, nor shall the Comptroller deduct from funds held by the State Treasurer under the Senior Citizens and Disabled Persons Property Tax Relief Act or for payments to institutions from the Illinois Prepaid Tuition Trust Fund (unless the Trust Fund moneys are used for child support). The Comptroller shall not deduct from payments to be disbursed from the Child Support Enforcement Trust Fund as provided for under Section 12-10.2 of the Illinois Public Aid Code, except for payments representing interest on child support obligations under Section 10-16.5 of that Code. Section 50. The Children and Family Services Act is amended by changing Section 7.4 as follows:

(20 ILCS 505/7.4)

Sec. 7.4. Development and preservation of sibling relationships for children in care; placement of siblings; contact among siblings placed apart.

(a) Purpose and policy. The General Assembly recognizes that sibling relationships are unique and essential for a person, but even more so for children who are removed from the care of their families and placed in the State child welfare system. When family separation occurs through State intervention, every effort must be made to preserve, support and nurture sibling relationships when doing so is in the best interest of each

sibling. It is in the interests of foster children who are part of a sibling group to enjoy contact with one another, as long as the contact is in each child's best interest. This is true both while the siblings are in State care and after one or all of the siblings leave State care through adoption, guardianship, or aging out.

(b) Definitions. For purposes of this Section:

(1) Whenever a best interest determination is required by this Section, the Department shall consider the factors set out in subsection (4.05) 4.05 of Section 1-3 of the Juvenile Court Act of 1987 and the Department's rules regarding Sibling Placement, 89 111. Admin. Code 301.70 and Sibling Visitation, 89 111. Admin. Code 301.220, and the Department's rules regarding Placement Selection Criteria, 89 111. Admin. Code 301.60.

(2) "Adopted child" means a child who, immediately preceding the adoption, was in the custody or guardianship of the Illinois Department of Children and Family Services under Article II of the Juvenile Court Act of 1987.

(3) "Adoptive parent" means a person who has become a parent through the legal process of adoption.

(4) "Child" means a person in the temporary custody or guardianship of the Department who is under the age of 21.

(5) "Child placed in private guardianship" means a child who, immediately preceding the guardianship, was in the custody or guardianship of the Illinois Department of Children and Family Services under Article II of the Juvenile Court Act.

(6) "Contact" may include, but is not limited to visits, telephone calls, letters, sharing of photographs or information, e-mails, video conferencing, and other form of communication or contact.

Adoption under Section 14 of the Adoption Act regarding at least one sibling or an Order for Guardianship appointing a private guardian under Section 2-27 or the Juvenile Court Act of 1987, regarding at least one sibling. Post Permanency Sibling Contact may include, but is not limited to, visits, telephone calls, letters, sharing of photographs or information, emails, video conferencing, and other form of communication or connection agreed to by the parties to a Post Permanency Sibling Contact Agreement.

(10) "Post Permanency Sibling Contact Agreement" means a written agreement between the adoptive parent or parents, the child, and the child's sibling regarding post permanency contact between the adopted child and the child's sibling, or a written agreement between the legal guardians, the child, and the child's sibling regarding post permanency contact between the child placed in guardianship and the child's sibling. The Post Permanency Sibling Contact Agreement may specify the nature and frequency of contact between the adopted child or child placed in guardianship and the child's sibling following the entry of the Judgment Order for Adoption or Order for Private Guardianship. The Post Permanency Sibling Contact Agreement may be supported by services as specified in this Section. The Post Permanency Sibling Contact Agreement is voluntary on the part of the parties to the Post Permanency Sibling Contact Agreement and is not a requirement for finalization of the child's adoption or guardianship. The Post Permanency Sibling Contract Agreement shall not be enforceable in any court of law or administrative forum and no cause of action shall be brought to enforce the Agreement. When entered into, the Post Permanency Sibling Contact Agreement shall be placed in the child's Post Adoption or Guardianship case record and in the case file of a sibling who is a party to the agreement and who remains in the Department's custody or guardianship.

(11) "Sibling Contact Support Plan" means a written document that sets forth the plan for future contact between siblings who are in the Department's care and custody and residing separately. The goal of the Support Plan is to develop or preserve and nurture the siblings' relationships. The Support Plan shall set forth the role of the foster parents, caregivers, and others in implementing the Support Plan. The Support Plan must meet the
minimum standards regarding frequency of in-person visits provided for in Department rule.

(12) "Siblings" means children who share at least one parent in common. This definition of siblings applies solely for purposes of placement and contact under this Section. For purposes of this Section, children who share at least one parent in common continue to be siblings after their parent's parental rights are terminated, if parental rights were terminated while a petition under Article II of the Juvenile Court Act of 1987 was pending. For purposes of this Section, children who share at least one parent in common continue to be siblings after a sibling is adopted or placed in private guardianship when the adopted child or child placed in private guardianship was in the Department's custody or guardianship under Article II of the Juvenile Court Act of 1987 immediately prior to the adoption or private guardianship. For children who have been in the guardianship of the Department under Article II of the Juvenile Court Act of 1987, have been adopted, and are subsequently returned to the temporary custody or guardianship of the Department under Article II of the Juvenile Court Act of 1987, "siblings" includes a person who would have been considered a sibling prior to the adoption and siblings through adoption.

(c) No later than January 1, 2013, the Department shall promulgate rules addressing the development and preservation of sibling relationships. The rules shall address, at a minimum:

(1) Recruitment, licensing, and support of foster parents willing and capable of either fostering sibling groups or supporting and being actively involved in planning and executing sibling contact for siblings placed apart. The rules shall address training for foster parents, licensing workers, placement workers, and others as deemed necessary.

(2) Placement selection for children who are separated from their siblings and how to best promote placements of children with foster parents or programs that can meet the children's needs, including the need to develop and maintain contact with siblings.

(3) State-supported guidance to siblings who have aged out of state care regarding positive engagement with siblings.

New matter indicated by italics - deletions by strikeout
(4) Implementation of Post Permanency Sibling Contact Agreements for children exiting State care, including services offered by the Department to encourage and assist parties in developing agreements, services offered by the Department post permanency post-permanency to support parties in implementing and maintaining agreements, and including services offered by the Department post permanency post-permanency to assist parties in amending agreements as necessary to meet the needs of the children.

(5) Services offered by the Department for children who exited foster care prior to the availability of Post Permanency Post-Permanency Sibling Contact Agreements, to invite willing parties to participate in a facilitated discussion, including, but not limited to, a mediation or joint team decision-making meeting, to explore sibling contact.

(d) The Department shall develop a form to be provided to youth entering care and exiting care explaining their rights and responsibilities related to sibling visitation while in care and post permanency.

(e) Whenever a child enters care or requires a new placement, the Department shall consider the development and preservation of sibling relationships.

(1) This subsection applies when a child entering care or requiring a change of placement has siblings who are in the custody or guardianship of the Department. When a child enters care or requires a new placement, the Department shall examine its files and other available resources and determine whether a sibling of that child is in the custody or guardianship of the Department. If the Department determines that a sibling is in its custody or guardianship, the Department shall then determine whether it is in the best interests of each of the siblings for the child needing placement to be placed with the sibling. If the Department determines that it is in the best interest of each sibling to be placed together, and the sibling's foster parent is able and willing to care for the child needing placement, the Department shall place the child needing placement with the sibling. A determination that it is not in a child's best interest to be placed with a sibling shall be made in accordance with Department rules, and documented in the file of each sibling.

New matter indicated by italics - deletions by strikeout
(2) This subsection applies when a child who is entering care has siblings who have been adopted or placed in private guardianship. When a child enters care, the Department shall examine its files and other available resources, including consulting with the child's parents, to determine whether a sibling of the child was adopted or placed in private guardianship from State care. The Department shall determine, in consultation with the child's parents, whether it would be in the child's best interests to explore placement with the adopted sibling or sibling in guardianship. Unless the parent objects, if the Department determines it is in the child's best interest to explore the placement, the Department shall contact the adoptive parents or guardians of the sibling, determine whether they are willing to be considered as placement resources for the child, and, if so, determine whether it is in the best interests of the child to be placed in the home with the sibling. If the Department determines that it is in the child's best interests to be placed in the home with the sibling, and the sibling's adoptive parents or guardians are willing and capable, the Department shall make the placement. A determination that it is not in a child's best interest to be placed with a sibling shall be made in accordance with Department rule, and documented in the child's file.

(3) This subsection applies when a child in Department custody or guardianship requires a change of placement, and the child has siblings who have been adopted or placed in private guardianship. When a child in care requires a new placement, the Department may consider placing the child with the adoptive parent or guardian of a sibling under the same procedures and standards set forth in paragraph (2) of this subsection.

(4) When the Department determines it is not in the best interest of one or more siblings to be placed together the Department shall ensure that the child requiring placement is placed in a home or program where the caregiver is willing and able to be actively involved in supporting the sibling relationship to the extent doing so is in the child's best interest.

(f) When siblings in care are placed in separate placements, the Department shall develop a Sibling Contact Support Plan. The Department shall convene a meeting to develop the Support Plan. The meeting shall include, at a minimum, the case managers for the siblings, the foster

parents or other care providers if a child is in a non-foster home placement and the child, when developmentally and clinically appropriate. The Department shall make all reasonable efforts to promote the participation of the foster parents. Parents whose parental rights are intact shall be invited to the meeting. Others, such as therapists and mentors, shall be invited as appropriate. The Support Plan shall set forth future contact and visits between the siblings to develop or preserve, and nurture the siblings' relationships. The Support Plan shall set forth the role of the foster parents and caregivers and others in implementing the Support Plan. The Support Plan must meet the minimum standards regarding frequency of in-person visits provided for in Department rule. The Support Plan will be incorporated in the child's service plan and reviewed at each administrative case review. The Support Plan should be modified if one of the children moves to a new placement, or as necessary to meet the needs of the children. The Sibling Contact Support Plan for a child in care may include siblings who are not in the care of the Department, with the consent and participation of that child's parent or guardian.

(g) By January 1, 2013, the Department shall develop a registry so that placement information regarding adopted siblings and siblings in private guardianship is readily available to Department and private agency caseworkers responsible for placing children in the Department's care. When a child is adopted or placed in private guardianship from foster care, the Department shall inform the adoptive parents or guardians that they may be contacted in the future regarding placement of or contact with siblings subsequently requiring placement.

(h) When a child is in need of an adoptive placement, the Department shall examine its files and other available resources and attempt to determine whether a sibling of the child has been adopted or placed in private guardianship after being in the Department's custody or guardianship. If the Department determines that a sibling of the child has been adopted or placed in private guardianship, the Department shall make a good faith effort to locate the adoptive parents or guardians of the sibling and inform them of the availability of the child for adoption. The Department may determine not to inform the adoptive parents or guardians of a sibling of a child that the child is available for adoption only for a reason permitted under criteria adopted by the Department by rule, and documented in the child's case file. If a child available for adoption has a sibling who has been adopted or placed in guardianship, and the adoptive parents or guardians of that sibling apply to

New matter indicated by italics - deletions by strikeout
adopt the child, the Department shall consider them as adoptive applicants for the adoption of the child. The Department's final decision as to whether it will consent to the adoptive parents or guardians of a sibling being the adoptive parents of the child shall be based upon the welfare and best interest of the child. In arriving at its decision, the Department shall consider all relevant factors, including but not limited to:

1. the wishes of the child;
2. the interaction and interrelationship of the child with the applicant to adopt the child;
3. the child's need for stability and continuity of relationship with parent figures;
4. the child's adjustment to his or her present home, school, and community;
5. the mental and physical health of all individuals involved;
6. the family ties between the child and the child's relatives, including siblings;
7. the background, age, and living arrangements of the applicant to adopt the child;
8. a criminal background report of the applicant to adopt the child.

If placement of the child available for adoption with the adopted sibling or sibling in private guardianship is not feasible, but it is in the child's best interest to develop a relationship with his or her sibling, the Department shall invite the adoptive parents, guardian, or guardians for a mediation or joint team decision-making meeting to facilitate a discussion regarding future sibling contact.

(i) Post Permanency Sibling Contact Agreement. When a child in the Department's care has a permanency goal of adoption or private guardianship, and the Department is preparing to finalize the adoption or guardianship, the Department shall convene a meeting with the pre-adoptive parent or prospective guardian and the case manager for the child being adopted or placed in guardianship and the foster parents and case managers for the child's siblings, and others as applicable. The children should participate as is developmentally appropriate. Others, such as therapists and mentors, may participate as appropriate. At the meeting the Department shall encourage the parties to discuss sibling contact post permanency. The Department may assist the parties in drafting a Post Permanency Sibling Contact Agreement.
(1) Parties to the Agreement for Post Permanency Sibling Contact Agreement shall include:
   (A) The adoptive parent or parents or guardian.
   (B) The child's sibling or siblings, parents or guardians.
   (C) The child.
(2) Consent of child 14 and over. The written consent of a child age 14 and over to the terms and conditions of the Post Permanency Sibling Contact Agreement and subsequent modifications is required.
(3) In developing this Agreement, the Department shall encourage the parties to consider the following factors:
   (A) the physical and emotional safety and welfare of the child;
   (B) the child's wishes;
   (C) the interaction and interrelationship of the child with the child's sibling or siblings who would be visiting or communicating with the child, including:
      (i) the quality of the relationship between the child and the sibling or siblings, and
      (ii) the benefits and potential harms to the child in allowing the relationship or relationships to continue or in ending them;
   (D) the child's sense of attachments to the birth sibling or siblings and adoptive family, including:
      (i) the child's sense of being valued;
      (ii) the child's sense of familiarity; and
      (iii) continuity of affection for the child; and
   (E) other factors relevant to the best interest of the child.
(4) In considering the factors in paragraph (3) of this subsection, the Department shall encourage the parties to recognize the importance to a child of developing a relationship with siblings including siblings with whom the child does not yet have a relationship; and the value of preserving family ties between the child and the child's siblings, including:
   (A) the child's need for stability and continuity of relationships with siblings, and

New matter indicated by italics - deletions by strikeout
(B) the importance of sibling contact in the development of the child's identity.

(5) Modification or termination of Post Permanency Sibling Contact Agreement. The parties to the agreement may modify or terminate the Post Permanency Sibling Contact Agreement. If the parties cannot agree to modification or termination, they may request the assistance of the Department of Children and Family Services or another agency identified and agreed upon by the parties to the Post Permanency Sibling Contact Agreement. Any and all terms may be modified by agreement of the parties. Post Permanency Sibling Contact Agreements may also be modified to include contact with siblings whose whereabouts were unknown or who had not yet been born when the Judgment Order for Adoption or Order for Private Guardianship was entered.

(6) Adoptions and private guardianships finalized prior to the effective date of amendatory Act. Nothing in this Section prohibits the parties from entering into a Post Permanency Sibling Contact Agreement if the adoption or private guardianship was finalized prior to the effective date of this Section. If the Agreement is completed and signed by the parties, the Department shall include the Post Permanency Sibling Contact Agreement in the child's Post Adoption or Private Guardianship case record and in the case file of siblings who are parties to the agreement who are in the Department's custody or guardianship.

(20 ILCS 605/605-332)

Sec. 605-332. Financial assistance to energy generation facilities.

(a) As used in this Section:

"New electric generating facility" means a newly-constructed electric generation plant or a newly constructed generation capacity expansion at an existing facility, including the transmission lines and associated equipment that transfers electricity from points of supply to points of delivery, and for which foundation construction commenced not sooner than July 1, 2001, which is designed to provide baseload electric generation operating on a continuous basis throughout the year and:

New matter indicated by italics - deletions by strikeout
(1) has an aggregate rated generating capacity of at least 400 megawatts for all new units at one site, uses coal or gases derived from coal as its primary fuel source, and supports the creation of at least 150 new Illinois coal mining jobs; or

(2) is funded through a federal Department of Energy grant before December 31, 2010 and supports the creation of Illinois coal-mining jobs; or

(3) uses coal gasification or integrated gasification-combined cycle units that generate electricity or chemicals, or both, and supports the creation of Illinois coal-mining jobs.

"New gasification facility" means a newly constructed coal gasification facility that generates chemical feedstocks or transportation fuels derived from coal (which may include, but are not limited to, methane, methanol, and nitrogen fertilizer), that supports the creation or retention of Illinois coal-mining jobs, and that qualifies for financial assistance from the Department before December 31, 2010. A new gasification facility does not include a pilot project located within Jefferson County or within a county adjacent to Jefferson County for synthetic natural gas from coal.

"New facility" means a new electric generating facility or a new gasification facility. A new facility does not include a pilot project located within Jefferson County or within a county adjacent to Jefferson County for synthetic natural gas from coal.

"Eligible business" means an entity that proposes to construct a new facility and that has applied to the Department to receive financial assistance pursuant to this Section. With respect to use and occupation taxes, wherever there is a reference to taxes, that reference means only those taxes paid on Illinois-mined coal used in a new facility.

"Department" means the Illinois Department of Commerce and Economic Opportunity.

(b) The Department is authorized to provide financial assistance to eligible businesses for new facilities from funds appropriated by the General Assembly as further provided in this Section.

An eligible business seeking qualification for financial assistance for a new facility, for purposes of this Section only, shall apply to the Department in the manner specified by the Department. Any projections provided by an eligible business as part of the application shall be independently verified in a manner as set forth by the Department. An application shall include, but not be limited to:

New matter indicated by italics - deletions by strikeout
(1) the projected or actual completion date of the new facility for which financial assistance is sought;

(2) copies of documentation deemed acceptable by the Department establishing either (i) the total State occupation and use taxes paid on Illinois-mined coal used at the new facility for a minimum of 4 preceding calendar quarters or (ii) the projected amount of State occupation and use taxes paid on Illinois-mined coal used at the new facility in 4 calendar year quarters after completion of the new facility. Bond proceeds subject to this Section shall not be allocated to an eligible business until the eligible business has demonstrated the revenue stream sufficient to service the debt on the bonds; and

(3) the actual or projected amount of capital investment by the eligible business in the new facility.

The Department shall determine the maximum amount of financial assistance for eligible businesses in accordance with this paragraph. The Department shall not provide financial assistance from general obligation bond funds to any eligible business unless it receives a written certification from the Director of the Bureau of the Budget (now Governor's Office of Management and Budget) that 80% of the State occupation and use tax receipts for a minimum of the preceding 4 calendar quarters for all eligible businesses or as included in projections on approved applications by eligible businesses equal or exceed 110% of the maximum annual debt service required with respect to general obligation bonds issued for that purpose. The Department may provide financial assistance not to exceed the amount of State general obligation debt calculated as above, the amount of actual or projected capital investment in the facility, or $100,000,000, whichever is less. Financial assistance received pursuant to this Section may be used for capital facilities consisting of buildings, structures, durable equipment, and land at the new facility. Subject to the provisions of the agreement covering the financial assistance, a portion of the financial assistance may be required to be repaid to the State if certain conditions for the governmental purpose of the assistance were not met.

An eligible business shall file a monthly report with the Illinois Department of Revenue stating the amount of Illinois-mined coal purchased during the previous month for use in the new facility, the purchase price of that coal, the amount of State occupation and use taxes paid on that purchase to the seller of the Illinois-mined coal, and such other information as that Department may reasonably require. In sales of

Illinois-mined coal between related parties, the purchase price of the coal must have been determined in an *arm's-length* transaction. The report shall be filed with the Illinois Department of Revenue on or before the 20th day of each month on a form provided by that Department. However, no report need be filed by an eligible business in a month when it made no reportable purchases of coal in the previous month. The Illinois Department of Revenue shall provide a summary of such reports to the Governor's Office of Management and Budget.

Upon granting financial assistance to an eligible business, the Department shall certify the name of the eligible business to the Illinois Department of Revenue. Beginning with the receipt of the first report of State occupation and use taxes paid by an eligible business and continuing for a 25-year period, the Illinois Department of Revenue shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business.

Section 65. The Economic Development Area Tax Increment Allocation Act is amended by changing Section 7 as follows:

(20 ILCS 620/7) (from Ch. 67 1/2, par. 1007)

Sec. 7. Creation of special tax allocation fund. If a municipality has adopted tax increment allocation financing for an economic development project area by ordinance, the county clerk has thereafter certified the "total initial equalized assessed value" of the taxable real property within such economic development project area in the manner provided in Section 6 of this Act, and the Department has approved and certified the economic development project area, each year after the date of the certification by the county clerk of the "total initial equalized assessed value" until economic development project costs and all municipal obligations financing economic development project costs have been paid, the ad valorem taxes, if any, arising from the levies upon the taxable real property in the economic development project area by taxing districts and tax rates determined in the manner provided in subsection (b) of Section 6 of this Act shall be divided as follows:

(1) That portion of the taxes levied upon each taxable lot, block, tract or parcel of real property which is attributable to the lower of the current equalized assessed value or the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property existing at the time tax increment allocation financing was adopted, shall be allocated to and when collected shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing.

(2) That portion, if any, of those taxes which is attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the economic development project area, over and above the initial equalized assessed value of each property existing at the time tax increment allocation financing was adopted, shall be allocated to and when collected shall be paid to the municipal treasurer, who shall deposit those taxes into a special fund called the special tax allocation fund of the municipality for the purpose of paying economic development project costs and obligations incurred in the payment thereof.
The municipality, by an ordinance adopting tax increment allocation financing, may pledge the funds in and to be deposited in the special tax allocation fund for the payment of obligations issued under this Act and for the payment of economic development project costs. No part of the current equalized assessed valuation of each property in the economic development project area attributable to any increase above the total initial equalized assessed value, of such properties shall be used in calculating the general State school aid formula, provided for in Section 18-8 of the School Code, until such time as all economic development projects costs have been paid as provided for in this Section.

When the economic development project costs, including without limitation all municipal obligations financing economic development project costs incurred under this Act, have been paid, all surplus funds then remaining in the special tax allocation fund shall be distributed by being paid by the municipal treasurer to the county collector, who shall immediately thereafter pay those funds to the taxing districts having taxable property in the economic development project area in the same manner and proportion as the most recent distribution by the county collector to those taxing districts of real property taxes from real property in the economic development project area.

Upon the payment of all economic development project costs, retirement of obligations and the distribution of any excess monies pursuant to this Section the municipality shall adopt an ordinance dissolving the special tax allocation fund for the economic development project area, terminating the economic development project area, and terminating the use of tax increment allocation financing for the economic development project area. Thereafter the rates of the taxing districts shall be extended and taxes levied, collected and distributed in the manner applicable in the absence of the adoption of tax increment allocation financing.

Nothing in this Section shall be construed as relieving property in economic development project areas from being assessed as provided in the Property Tax Code, or as relieving owners of that property from paying a uniform rate of taxes, as required by Section 4 of Article IX of the Illinois Constitution.

Section 75. The Corporate Accountability for Tax Expenditures Act is amended by changing Section 25 as follows:

(20 ILCS 715/25)
Sec. 25. Recapture.
(a) All development assistance agreements shall contain, at a minimum, the following recapture provisions:

(1) The recipient must (i) make the level of capital investment in the economic development project specified in the development assistance agreement; (ii) create or retain, or both, the requisite number of jobs, paying not less than specified wages for the created and retained jobs, within and for the duration of the time period specified in the legislation authorizing, or the administrative rules implementing, the development assistance programs and the development assistance agreement.

(2) If the recipient fails to create or retain the requisite number of jobs within and for the time period specified, in the legislation authorizing, or the administrative rules implementing, the development assistance programs and the development assistance agreement, the recipient shall be deemed to no longer
qualify for the State economic assistance and the applicable recapture provisions shall take effect.

(3) If the recipient receives State economic assistance in the form of a High Impact Business designation pursuant to Section 5.5 of the Illinois Enterprise Zone Act and the business receives the benefit of the exemption authorized under Section 51 of the Retailers' Occupation Tax Act (for the sale of building materials incorporated into a High Impact Business location) and the recipient fails to create or retain the requisite number of jobs, as determined by the legislation authorizing the development assistance programs or the administrative rules implementing such legislation, or both, within the requisite period of time, the recipient shall be required to pay to the State the full amount of the State tax exemption that it received as a result of the High Impact Business designation.

(4) If the recipient receives a grant or loan pursuant to the Large Business Development Program, the Business Development Public Infrastructure Program, or the Industrial Training Program and the recipient fails to create or retain the requisite number of jobs for the requisite time period, as provided in the legislation authorizing the development assistance programs or the administrative rules implementing such legislation, or both, or in the development assistance agreement, the recipient shall be required to repay to the State a pro rata amount of the grant; that amount shall reflect the percentage of the deficiency between the requisite number of jobs to be created or retained by the recipient and the actual number of such jobs in existence as of the date the Department determines the recipient is in breach of the job creation or retention covenants contained in the development assistance agreement. If the recipient of development assistance under the Large Business Development Program, the Business Development Public Infrastructure Program, or the Industrial Training Program ceases operations at the specific project site, during the 5-year period commencing on the date of assistance, the recipient shall be required to repay the entire amount of the grant or to accelerate repayment of the loan back to the State.

(5) If the recipient receives a tax credit under the Economic Development for a Growing Economy tax credit program, the development assistance agreement must provide that (i) if the
number of new or retained employees falls below the requisite number set forth in the development assistance agreement, the allowance of the credit shall be automatically suspended until the number of new and retained employees equals or exceeds the requisite number in the development assistance agreement; (ii) if the recipient discontinues operations at the specific project site during the 5-year period after the beginning of the first tax year for which the Department issues a tax credit certificate, the recipient shall forfeit all credits taken by the recipient during such 5-year period; and (iii) in the event of a revocation or suspension of the credit, the Department shall contact the Director of Revenue to initiate proceedings against the recipient to recover wrongfully exempted Illinois State income taxes and the recipient shall promptly repay to the Department of Revenue any wrongfully exempted Illinois State income taxes. (b) The Director may elect to waive enforcement of any contractual provision arising out of the development assistance agreement required by this Act based on a finding that the waiver is necessary to avert an imminent and demonstrable hardship to the recipient that may result in such recipient's insolvency or discharge of workers. If a waiver is granted, the recipient must agree to a contractual modification, including recapture provisions, to the development assistance agreement. The existence of any waiver granted pursuant to this subsection (b) (c), the date of the granting of such waiver, and a brief summary of the reasons supporting the granting of such waiver shall be disclosed consistent with the provisions of Section 25 of this Act.

This report shall be disclosed consistent with the provisions of Section 20 of this Act.

(c) Pursuant to the terms of this subsection, the Department shall endeavor to expeditiously terminate the existing contracts in support of the Lottery in effect on the effective date of this amendatory Act of the 96th General Assembly in connection with the selection of the private manager. As part of its obligation to terminate these contracts and select the private manager, the Department shall establish a mutually agreeable timetable to transfer the functions of existing contractors to the private manager so that existing Lottery operations are not materially diminished or impaired during the transition. To that end, the Department shall do the following:

1. where such contracts contain a provision authorizing termination upon notice, the Department shall provide notice of termination to occur upon the mutually agreed timetable for transfer of functions;

2. upon the expiration of any initial term or renewal term of the current Lottery contracts, the Department shall not renew such contract for a term extending beyond the mutually agreed timetable for transfer of functions; or

3. in the event any current contract provides for termination of that contract upon the implementation of a contract with the private manager, the Department shall perform all necessary actions to terminate the contract on the date that coincides with the mutually agreed timetable for transfer of functions.

If the contracts to support the current operation of the Lottery in effect on the effective date of this amendatory Act of the 96th General Assembly are not subject to termination as provided for in this subsection (c), then the Department may include a provision in the contract with the private manager specifying a mutually agreeable methodology for incorporation.

Department employees shall operate under the same employment policies, rules, regulations, and procedures, as other employees of the Department. (9) A requirement that so long as the private manager complies with all the conditions of the agreement under the oversight of the Department, the private manager shall have the following duties and obligations with respect to the management of the Lottery:

Any prospective advisor seeking to provide services under this subsection (f) shall disclose any material business or financial relationship during the past 3 years with any potential offeror, or with a contractor or subcontractor presently providing goods, services, or equipment to the Department to support the Lottery. The Department shall evaluate the material business or financial relationship of each prospective advisor. The Department shall not select any prospective advisor with a substantial business or financial relationship that the Department deems to impair the objectivity of the services to be provided by the prospective advisor. During the course of the advisor's engagement by the Department, and for a period of one year thereafter, the advisor shall not enter into any business or financial relationship with any offeror or any vendor identified to assist an offeror in performing its obligations under the management agreement. Any advisor retained by the Department shall be disqualified from being an offeror. The Department shall not include terms in the request for qualifications that provide a material advantage whether directly or indirectly to any potential offeror, or any contractor or subcontractor presently providing goods, services, or equipment to the Department to support the Lottery, including terms contained in previous responses to requests for proposals or qualifications submitted to Illinois, another State or foreign government when those terms are uniquely associated with a particular potential offeror, contractor, or subcontractor. The request for proposals offered by the Department on December 22, 2008 as "LOT08GAMESYS" and reference number "22016176" is declared void.

The Governor or a designee shall attend the public hearing. After the public hearing, the Department shall have 14 calendar days to recommend to the Governor whether a management agreement should be entered into with a particular finalist. After reviewing the Department's recommendation, the Governor may accept or reject the Department's recommendation, and shall select a final offeror as the private manager by publication of a notice in the Illinois Procurement Bulletin on or before September 15, 2010. The Governor shall include in the notice a detailed explanation and the reasons why the final offeror is superior to other offerors and will provide management services in a manner that best achieves the objectives of this Section. The Governor shall also sign the management agreement with the private manager.

(i) Any action to contest the private manager selected by the Governor under this Section must be brought within 7 calendar days after the publication of the notice of the designation of the private manager as provided in subsection (h) of this Section.

(j) The Lottery shall remain, for so long as a private manager manages the Lottery in accordance with provisions of this Act, a Lottery conducted by the State, and the State shall not be authorized to sell or transfer the Lottery to a third party.

(k) Any tangible personal property used exclusively in connection with the lottery that is owned by the Department and leased to the private manager shall be owned by the Department in the name of the State and shall be considered to be public property devoted to an essential public and governmental function.

(l) The Department may exercise any of its powers under this Section or any other law as necessary or desirable for the execution of the Department's powers under this Section.

(m) Neither this Section nor any management agreement entered into under this Section prohibits the General Assembly from authorizing forms of gambling that are not in direct competition with the Lottery.

(n) The private manager shall be subject to a complete investigation in the third, seventh, and tenth years of the agreement (if the agreement is for a 10-year term) by the Department in cooperation with the

Auditor General to determine whether the private manager has complied with this Section and the management agreement. The private manager shall bear the cost of an investigation or reinvestigation of the private manager under this subsection.

(o) The powers conferred by this Section are in addition and supplemental to the powers conferred by any other law. If any other law or rule is inconsistent with this Section, including, but not limited to, provisions of the Illinois Procurement Code, then this Section controls as to any management agreement entered into under this Section. This Section and any rules adopted under this Section contain full and complete authority for a management agreement between the Department and a private manager. No law, procedure, proceeding, publication, notice, consent, approval, order, or act by the Department or any other officer, Department, agency, or instrumentality of the State or any political subdivision is required for the Department to enter into a management agreement under this Section. This Section contains full and complete authority for the Department to approve any contracts entered into by a private manager with a vendor providing goods, services, or both goods and services to the private manager under the terms of the management agreement, including subcontractors of such vendors.

Upon receipt of a written request from the Chief Procurement Officer, the Department shall provide to the Chief Procurement Officer a complete and un-redacted copy of the management agreement or any contract that is subject to the Department's approval authority under this subsection (o). The Department shall provide a copy of the agreement or contract to the Chief Procurement Officer in the time specified by the Chief Procurement Officer in his or her written request, but no later than 5 business days after the request is received by the Department. The Chief Procurement Officer must retain any portions of the management agreement or of any contract designated by the Department as confidential, proprietary, or trade secret information in complete confidence pursuant to subsection (g) of Section 7 of the Freedom of Information Act. The Department shall also provide the Chief Procurement Officer with reasonable advance written notice of any contract that is pending Department approval.

Notwithstanding any other provision of this Section to the contrary, the Chief Procurement Officer shall adopt administrative rules, including emergency rules, to establish a procurement process to select a successor private manager if a private management agreement has been terminated.

New matter indicated by italics - deletions by strikeout
The selection process shall at a minimum take into account the criteria set forth in items (1) through (4) of subsection (e) of this Section and may include provisions consistent with subsections (f), (g), (h), and (i) of this Section. The Chief Procurement Officer shall also implement and administer the adopted selection process upon the termination of a private management agreement. The Department, after the Chief Procurement Officer certifies that the procurement process has been followed in accordance with the rules adopted under this subsection (o), shall select a final offeror as the private manager and sign the management agreement with the private manager.

Except as provided in Sections 21.2, 21.5, 21.6, 21.7, and 21.8, the Department shall distribute all proceeds of lottery tickets and shares sold in the following priority and manner:

1. The payment of prizes and retailer bonuses.

(20 ILCS 1605/27) (from Ch. 120, par. 1177)

Sec. 27. (a) The State Treasurer may, with the consent of the Superintendent, contract with any person or corporation, including, without limitation, a bank, banking house, trust company or investment banking firm, to perform such financial functions, activities or services in connection with operation of the lottery as the State Treasurer and the Superintendent may prescribe.

(b) All proceeds from investments made pursuant to contracts executed by the State Treasurer, with the consent of the Superintendent, to perform financial functions, activities or services in connection with operation of the lottery, shall be deposited and held by the State Treasurer as ex-officio custodian thereof, separate and apart from all public money or funds of this State in a special trust fund outside the State treasury. Such trust fund shall be known as the "Deferred Lottery Prize Winners Trust Fund", and shall be administered by the Superintendent.

The Superintendent shall, at such times and in such amounts as shall be necessary, prepare and send to the State Comptroller vouchers requesting payment from the Deferred Lottery Prize Winners Trust Fund to deferred prize winners, in a manner that will insure the timely payment of such amounts owed.

This Act shall constitute an irrevocable appropriation of all amounts necessary for that purpose, and the irrevocable and continuing authority for and direction to the Superintendent and the State Treasurer to make the necessary payments out of such trust fund for that purpose.

(c) Moneys invested pursuant to subsection (a) of this Section may be invested only in bonds, notes, certificates of indebtedness, treasury bills, or other securities constituting direct obligations of the United States of America and all securities or obligations the prompt payment of principal and interest of which is guaranteed by a pledge of the full faith and credit of the United States of America. Interest earnings on moneys in
the Deferred Lottery Prize Winners Trust Fund shall remain in such fund and be used to pay the winners of lottery prizes deferred as to payment until such obligations are discharged. Proceeds from bonds purchased and interest accumulated as a result of a grand prize multi-state game ticket that goes unclaimed will be transferred after the termination of the relevant claim period directly from the lottery's Deferred Lottery Prize Winners Trust Fund to each respective multi-state partner state according to its contribution ratio.

(c-5) If a deferred lottery prize is not claimed within the claim period established by game rule, then the securities or other instruments purchased to fund the prize shall be liquidated and the liquidated amount shall be transferred to the State Lottery Fund for disposition pursuant to Section 19 of this Act.

(c-10) The Superintendent may use a portion of the moneys in the Deferred Lottery Prize Winners Trust Fund to purchase bonds to pay a lifetime prize if the prize duration exceeds the length of available securities. If the winner of a lifetime prize exceeds his or her life expectancy as determined using actuarial assumptions and the securities or moneys set aside to pay the prize have been exhausted, moneys in the State Lottery Fund shall be used to make payments to the winner for the duration of the winner's life.

(c-15) From time to time, the Superintendent may request that the State Comptroller transfer any excess moneys in the Deferred Lottery Prize Winners Trust Fund to the State Lottery Fund.

(d) This amendatory Act of 1985 shall be construed liberally to effect the purposes of the Illinois Lottery Law.

New matter indicated by italics - deletions by strikeout
(b) The Authority and the State Fire Marshal may jointly administer a fire truck revolving loan program. The program shall, in instances where sufficient loan funds exist to permit applications to be accepted, provide zero-interest and low-interest loans for the purchase of fire trucks by a fire department, a fire protection district, or a township fire department. For the purchase of brush trucks by a fire department, a fire protection district, or a township fire department, the program shall provide loans at a 2% rate of simple interest per year for a brush truck if both the chassis and the apparatus are built outside of Illinois, a 1% rate of simple interest per year for a brush truck if either the chassis or the apparatus is built in Illinois, or a 0% rate of interest for a brush truck if both the chassis and the apparatus are built in Illinois. The Authority shall make loans based on need, as determined by the State Fire Marshal.

(c) The loan funds, subject to appropriation, shall be paid out of the Fire Truck Revolving Loan Fund, a special fund in the State Treasury. The Fund shall consist of any moneys transferred or appropriated into the Fund, as well as all repayments of loans made under the program and any balance existing in the Fund on the effective date of this Section. The Fund shall be used for loans to fire departments and fire protection districts to purchase fire trucks and brush trucks and for no other purpose. All interest earned on moneys in the Fund shall be deposited into the Fund. As soon as practical after January 1, 2013 (the effective date of Public Act 97-901) this amendatory Act of the 97th General Assembly, all moneys in the Fire Truck Revolving Loan Fund shall be paid by the State Fire Marshal to the Authority, and, on and after that the effective date of this amendatory Act of the 97th General Assembly, all future moneys deposited into the Fire Truck Revolving Loan Fund under this Section shall be paid by the State Fire Marshal to the Authority under the continuing appropriation provision of subsection (c-1) of this Section; provided that the Authority and the State Fire Marshal enter into an intergovernmental agreement to use the moneys transferred to the Authority from the Fund solely for the purposes for which the moneys would otherwise be used under this Section and to set forth procedures to otherwise administer the use of the moneys.

Section 120. The Illinois Power Agency Act is amended by changing Sections 1-75 and 1-92 as follows:

(20 ILCS 3855/1-75)

Sec. 1-75. Planning and Procurement Bureau. The Planning and Procurement Bureau has the following duties and responsibilities:

(a) The Planning and Procurement Bureau shall each year, beginning in 2008, develop procurement plans and conduct competitive procurement processes in accordance with the requirements of Section 16-111.5 of the Public Utilities Act for the eligible retail customers of electric utilities that on December 31, 2005 provided electric service to at least 100,000 customers in Illinois. The Planning and Procurement Bureau shall also develop procurement plans and conduct competitive procurement processes in accordance with the requirements of Section 16-111.5 of the Public Utilities Act for the eligible retail customers of small multi-jurisdictional electric utilities that (i) on December 31, 2005 served less than 100,000 customers in Illinois and (ii) request a procurement plan for their Illinois jurisdictional load. This Section shall not apply to a small multi-jurisdictional utility until such time as a small multi-jurisdictional utility requests the Agency to prepare a procurement plan for their Illinois jurisdictional load. For the purposes of this Section, the term "eligible
retail customers" has the same definition as found in Section 16-111.5(a) of the Public Utilities Act.

(1) The Agency shall each year, beginning in 2008, as needed, issue a request for qualifications for experts or expert consulting firms to develop the procurement plans in accordance with Section 16-111.5 of the Public Utilities Act. In order to qualify an expert or expert consulting firm must have:

(A) direct previous experience assembling large-scale power supply plans or portfolios for end-use customers;

(B) an advanced degree in economics, mathematics, engineering, risk management, or a related area of study;

(C) 10 years of experience in the electricity sector, including managing supply risk;

(D) expertise in wholesale electricity market rules, including those established by the Federal Energy Regulatory Commission and regional transmission organizations;

(E) expertise in credit protocols and familiarity with contract protocols;

(F) adequate resources to perform and fulfill the required functions and responsibilities; and

(G) the absence of a conflict of interest and inappropriate bias for or against potential bidders or the affected electric utilities.

(2) The Agency shall each year, as needed, issue a request for qualifications for a procurement administrator to conduct the competitive procurement processes in accordance with Section 16-111.5 of the Public Utilities Act. In order to qualify an expert or expert consulting firm must have:

(A) direct previous experience administering a large-scale competitive procurement process;

(B) an advanced degree in economics, mathematics, engineering, or a related area of study;

(C) 10 years of experience in the electricity sector, including risk management experience;

(D) expertise in wholesale electricity market rules, including those established by the Federal Energy Regulatory Commission and regional transmission organizations;
Regulatory Commission and regional transmission organizations;
   (E) expertise in credit and contract protocols;
   (F) adequate resources to perform and fulfill the required functions and responsibilities; and
   (G) the absence of a conflict of interest and inappropriate bias for or against potential bidders or the affected electric utilities.

(3) The Agency shall provide affected utilities and other interested parties with the lists of qualified experts or expert consulting firms identified through the request for qualifications processes that are under consideration to develop the procurement plans and to serve as the procurement administrator. The Agency shall also provide each qualified expert's or expert consulting firm's response to the request for qualifications. All information provided under this subparagraph shall also be provided to the Commission. The Agency may provide by rule for fees associated with supplying the information to utilities and other interested parties. These parties shall, within 5 business days, notify the Agency in writing if they object to any experts or expert consulting firms on the lists. Objections shall be based on:
   (A) failure to satisfy qualification criteria;
   (B) identification of a conflict of interest; or
   (C) evidence of inappropriate bias for or against potential bidders or the affected utilities.

The Agency shall remove experts or expert consulting firms from the lists within 10 days if there is a reasonable basis for an objection and provide the updated lists to the affected utilities and other interested parties. If the Agency fails to remove an expert or expert consulting firm from a list, an objecting party may seek review by the Commission within 5 days thereafter by filing a petition, and the Commission shall render a ruling on the petition within 10 days. There is no right of appeal of the Commission's ruling.

(4) The Agency shall issue requests for proposals to the qualified experts or expert consulting firms to develop a procurement plan for the affected utilities and to serve as procurement administrator.
(5) The Agency shall select an expert or expert consulting firm to develop procurement plans based on the proposals submitted and shall award contracts of up to 5 years to those selected.

(6) The Agency shall select an expert or expert consulting firm, with approval of the Commission, to serve as procurement administrator based on the proposals submitted. If the Commission rejects, within 5 days, the Agency's selection, the Agency shall submit another recommendation within 3 days based on the proposals submitted. The Agency shall award a 5-year contract to the expert or expert consulting firm so selected with Commission approval.

(b) The experts or expert consulting firms retained by the Agency shall, as appropriate, prepare procurement plans, and conduct a competitive procurement process as prescribed in Section 16-111.5 of the Public Utilities Act, to ensure adequate, reliable, affordable, efficient, and environmentally sustainable electric service at the lowest total cost over time, taking into account any benefits of price stability, for eligible retail customers of electric utilities that on December 31, 2005 provided electric service to at least 100,000 customers in the State of Illinois, and for eligible Illinois retail customers of small multi-jurisdictional electric utilities that (i) on December 31, 2005 served less than 100,000 customers in Illinois and (ii) request a procurement plan for their Illinois jurisdictional load.

(c) Renewable portfolio standard.

(1) The procurement plans shall include cost-effective renewable energy resources. A minimum percentage of each utility's total supply to serve the load of eligible retail customers, as defined in Section 16-111.5(a) of the Public Utilities Act, procured for each of the following years shall be generated from cost-effective renewable energy resources: at least 2% by June 1, 2008; at least 4% by June 1, 2009; at least 5% by June 1, 2010; at least 6% by June 1, 2011; at least 7% by June 1, 2012; at least 8% by June 1, 2013; at least 9% by June 1, 2014; at least 10% by June 1, 2015; and increasing by at least 1.5% each year thereafter to at least 25% by June 1, 2025. To the extent that it is available, at least 75% of the renewable energy resources used to meet these standards shall come from wind generation and, beginning on June 1, 2011, at least the following percentages of the renewable energy

New matter indicated by italics - deletions by strikeout
resources used to meet these standards shall come from photovoltaics on the following schedule: 0.5% by June 1, 2012, 1.5% by June 1, 2013; 3% by June 1, 2014; and 6% by June 1, 2015 and thereafter. Of the renewable energy resources procured pursuant to this Section, at least the following percentages shall come from distributed renewable energy generation devices: 0.5% by June 1, 2013, 0.75% by June 1, 2014, and 1% by June 1, 2015 and thereafter. To the extent available, half of the renewable energy resources procured from distributed renewable energy generation shall come from devices of less than 25 kilowatts in nameplate capacity. Renewable energy resources procured from distributed generation devices may also count towards the required percentages for wind and solar photovoltaics. Procurement of renewable energy resources from distributed renewable energy generation devices shall be done on an annual basis through multi-year contracts of no less than 5 years, and shall consist solely of renewable energy credits.

The Agency shall create credit requirements for suppliers of distributed renewable energy. In order to minimize the administrative burden on contracting entities, the Agency shall solicit the use of third-party organizations to aggregate distributed renewable energy into groups of no less than one megawatt in installed capacity. These third-party organizations shall administer contracts with individual distributed renewable energy generation device owners. An individual distributed renewable energy generation device owner shall have the ability to measure the output of his or her distributed renewable energy generation device.

For purposes of this subsection (c), "cost-effective" means that the costs of procuring renewable energy resources do not cause the limit stated in paragraph (2) of this subsection (c) to be exceeded and do not exceed benchmarks based on market prices for renewable energy resources in the region, which shall be developed by the procurement administrator, in consultation with the Commission staff, Agency staff, and the procurement monitor and shall be subject to Commission review and approval.

(2) For purposes of this subsection (c), the required procurement of cost-effective renewable energy resources for a particular year shall be measured as a percentage of the actual amount of electricity (megawatt-hours) supplied by the electric...
utility to eligible retail customers in the planning year ending immediately prior to the procurement. For purposes of this subsection (c), the amount paid per kilowatthour means the total amount paid for electric service expressed on a per kilowatthour basis. For purposes of this subsection (c), the total amount paid for electric service includes without limitation amounts paid for supply, transmission, distribution, surcharges, and add-on taxes.

Notwithstanding the requirements of this subsection (c), the total of renewable energy resources procured pursuant to the procurement plan for any single year shall be reduced by an amount necessary to limit the annual estimated average net increase due to the costs of these resources included in the amounts paid by eligible retail customers in connection with electric service to:

(A) in 2008, no more than 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;
(B) in 2009, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2008 or 1% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;
(C) in 2010, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009 or 1.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;
(D) in 2011, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2010 or 2% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007; and
(E) thereafter, the amount of renewable energy resources procured pursuant to the procurement plan for any single year shall be reduced by an amount necessary to limit the estimated average net increase due to the cost of these resources included in the amounts paid by eligible retail customers in connection with electric service to no more than the greater of 2.015% of the amount paid per

New matter indicated by italics - deletions by strikeout
kilowatthour by those customers during the year ending May 31, 2007 or the incremental amount per kilowatthour paid for these resources in 2011.

No later than June 30, 2011, the Commission shall review the limitation on the amount of renewable energy resources procured pursuant to this subsection (c) and report to the General Assembly its findings as to whether that limitation unduly constrains the procurement of cost-effective renewable energy resources.

(3) Through June 1, 2011, renewable energy resources shall be counted for the purpose of meeting the renewable energy standards set forth in paragraph (1) of this subsection (c) only if they are generated from facilities located in the State, provided that cost-effective renewable energy resources are available from those facilities. If those cost-effective resources are not available in Illinois, they shall be procured in states that adjoin Illinois and may be counted towards compliance. If those cost-effective resources are not available in Illinois or in states that adjoin Illinois, they shall be purchased elsewhere and shall be counted towards compliance. After June 1, 2011, cost-effective renewable energy resources located in Illinois and in states that adjoin Illinois may be counted towards compliance with the standards set forth in paragraph (1) of this subsection (c). If those cost-effective resources are not available in Illinois or in states that adjoin Illinois, they shall be purchased elsewhere and shall be counted towards compliance.

(4) The electric utility shall retire all renewable energy credits used to comply with the standard.

(5) Beginning with the year commencing June 1, 2010, an electric utility subject to this subsection (c) shall apply the lesser of the maximum alternative compliance payment rate or the most recent estimated alternative compliance payment rate for its service territory for the corresponding compliance period, established pursuant to subsection (d) of Section 16-115D of the Public Utilities Act to its retail customers that take service pursuant to the electric utility's hourly pricing tariff or tariffs. The electric utility shall retain all amounts collected as a result of the application of the alternative compliance payment rate or rates to such customers, and, beginning in 2011, the utility shall include in the information

New matter indicated by italics - deletions by strikeout
provided under item (1) of subsection (d) of Section 16-111.5 of the Public Utilities Act the amounts collected under the alternative compliance payment rate or rates for the prior year ending May 31. Notwithstanding any limitation on the procurement of renewable energy resources imposed by item (2) of this subsection (c), the Agency shall increase its spending on the purchase of renewable energy resources to be procured by the electric utility for the next plan year by an amount equal to the amounts collected by the utility under the alternative compliance payment rate or rates in the prior year ending May 31. Beginning April 1, 2012, and each year thereafter, the Agency shall prepare a public report for the General Assembly and Illinois Commerce Commission that shall include, but not necessarily be limited to:

(A) a comparison of the costs associated with the Agency's procurement of renewable energy resources to (1) the Agency's costs associated with electricity generated by other types of generation facilities and (2) the benefits associated with the Agency's procurement of renewable energy resources; and

(B) an analysis of the rate impacts associated with the Illinois Power Agency's procurement of renewable resources, including, but not limited to, any long-term contracts, on the eligible retail customers of electric utilities.

The analysis shall include the Agency's estimate of the total dollar impact that the Agency's procurement of renewable resources has had on the annual electricity bills of the customer classes that comprise each eligible retail customer class taking service from an electric utility. The Agency's report shall also analyze how the operation of the alternative compliance payment mechanism, any long-term contracts, or other aspects of the applicable renewable portfolio standards impacts the rates of customers of alternative retail electric suppliers.

(d) Clean coal portfolio standard.

(1) The procurement plans shall include electricity generated using clean coal. Each utility shall enter into one or more sourcing agreements with the initial clean coal facility, as provided in paragraph (3) of this subsection (d), covering electricity generated by the initial clean coal facility representing at least 5%
of each utility's total supply to serve the load of eligible retail customers in 2015 and each year thereafter, as described in paragraph (3) of this subsection (d), subject to the limits specified in paragraph (2) of this subsection (d). It is the goal of the State that by January 1, 2025, 25% of the electricity used in the State shall be generated by cost-effective clean coal facilities. For purposes of this subsection (d), "cost-effective" means that the expenditures pursuant to such sourcing agreements do not cause the limit stated in paragraph (2) of this subsection (d) to be exceeded and do not exceed cost-based benchmarks, which shall be developed to assess all expenditures pursuant to such sourcing agreements covering electricity generated by clean coal facilities, other than the initial clean coal facility, by the procurement administrator, in consultation with the Commission staff, Agency staff, and the procurement monitor and shall be subject to Commission review and approval.

A utility party to a sourcing agreement shall immediately retire any emission credits that it receives in connection with the electricity covered by such agreement.

Utilities shall maintain adequate records documenting the purchases under the sourcing agreement to comply with this subsection (d) and shall file an accounting with the load forecast that must be filed with the Agency by July 15 of each year, in accordance with subsection (d) of Section 16-111.5 of the Public Utilities Act.

A utility shall be deemed to have complied with the clean coal portfolio standard specified in this subsection (d) if the utility enters into a sourcing agreement as required by this subsection (d).

(2) For purposes of this subsection (d), the required execution of sourcing agreements with the initial clean coal facility for a particular year shall be measured as a percentage of the actual amount of electricity (megawatt-hours) supplied by the electric utility to eligible retail customers in the planning year ending immediately prior to the agreement's execution. For purposes of this subsection (d), the amount paid per kilowatthour means the total amount paid for electric service expressed on a per kilowatthour basis. For purposes of this subsection (d), the total amount paid for electric service includes without limitation

amounts paid for supply, transmission, distribution, surcharges and add-on taxes.

Notwithstanding the requirements of this subsection (d), the total amount paid under sourcing agreements with clean coal facilities pursuant to the procurement plan for any given year shall be reduced by an amount necessary to limit the annual estimated average net increase due to the costs of these resources included in the amounts paid by eligible retail customers in connection with electric service to:

(A) in 2010, no more than 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009;

(B) in 2011, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2010 or 1% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009;

(C) in 2012, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2011 or 1.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009;

(D) in 2013, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2012 or 2% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009; and

(E) thereafter, the total amount paid under sourcing agreements with clean coal facilities pursuant to the procurement plan for any single year shall be reduced by an amount necessary to limit the estimated average net increase due to the cost of these resources included in the amounts paid by eligible retail customers in connection with electric service to no more than the greater of (i) 2.015% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009 or (ii) the incremental amount per kilowatthour paid for these resources in 2013. These requirements may be altered only as provided by statute.
No later than June 30, 2015, the Commission shall review the limitation on the total amount paid under sourcing agreements, if any, with clean coal facilities pursuant to this subsection (d) and report to the General Assembly its findings as to whether that limitation unduly constrains the amount of electricity generated by cost-effective clean coal facilities that is covered by sourcing agreements.

(3) Initial clean coal facility. In order to promote development of clean coal facilities in Illinois, each electric utility subject to this Section shall execute a sourcing agreement to source electricity from a proposed clean coal facility in Illinois (the "initial clean coal facility") that will have a nameplate capacity of at least 500 MW when commercial operation commences, that has a final Clean Air Act permit on the effective date of this amendatory Act of the 95th General Assembly, and that will meet the definition of clean coal facility in Section 1-10 of this Act when commercial operation commences. The sourcing agreements with this initial clean coal facility shall be subject to both approval of the initial clean coal facility by the General Assembly and satisfaction of the requirements of paragraph (4) of this subsection (d) and shall be executed within 90 days after any such approval by the General Assembly. The Agency and the Commission shall have authority to inspect all books and records associated with the initial clean coal facility during the term of such a sourcing agreement. A utility's sourcing agreement for electricity produced by the initial clean coal facility shall include:

(A) a formula contractual price (the "contract price") approved pursuant to paragraph (4) of this subsection (d), which shall:

(i) be determined using a cost of service methodology employing either a level or deferred capital recovery component, based on a capital structure consisting of 45% equity and 55% debt, and a return on equity as may be approved by the Federal Energy Regulatory Commission, which in any case may not exceed the lower of 11.5% or the rate of return approved by the General Assembly pursuant to paragraph (4) of this subsection (d); and

(ii) provide that all miscellaneous net revenue, including but not limited to net revenue from the sale of emission allowances, if any, substitute natural gas, if any, grants or other support provided by the State of Illinois or the United States Government, firm transmission rights, if any, by-products produced by the facility, energy or capacity derived from the facility and not covered by a sourcing agreement pursuant to paragraph (3) of this subsection (d) or item (5) of subsection (d) of Section 16-115 of the Public Utilities Act, whether generated from the synthesis gas derived from coal, from SNG, or from natural gas, shall be credited against the revenue requirement for this initial clean coal facility;

(B) power purchase provisions, which shall:

(i) provide that the utility party to such sourcing agreement shall pay the contract price for electricity delivered under such sourcing agreement;

(ii) require delivery of electricity to the regional transmission organization market of the utility that is party to such sourcing agreement;

(iii) require the utility party to such sourcing agreement to buy from the initial clean coal facility in each hour an amount of energy equal to all clean coal energy made available from the initial clean coal facility during such hour times a fraction, the numerator of which is such utility's retail market sales of electricity (expressed in kilowatthours sold) in the State during the prior calendar month and the denominator of which is the total retail market sales of electricity (expressed in kilowatthours sold) in the State by utilities during such prior month and the sales of electricity (expressed in kilowatthours sold) in the State by alternative retail electric suppliers during such prior month that are subject to the requirements of this subsection (d) and paragraph (5) of subsection (d) of Section 16-115 of the Public Utilities Act, provided that the amount

purchased by the utility in any year will be limited by paragraph (2) of this subsection (d); and

   (iv) be considered pre-existing contracts in such utility's procurement plans for eligible retail customers;

(C) contract for differences provisions, which shall:

   (i) require the utility party to such sourcing agreement to contract with the initial clean coal facility in each hour with respect to an amount of energy equal to all clean coal energy made available from the initial clean coal facility during such hour times a fraction, the numerator of which is such utility's retail market sales of electricity (expressed in kilowatthours sold) in the utility's service territory in the State during the prior calendar month and the denominator of which is the total retail market sales of electricity (expressed in kilowatthours sold) in the State by utilities during such prior month and the sales of electricity (expressed in kilowatthours sold) in the State by alternative retail electric suppliers during such prior month that are subject to the requirements of this subsection (d) and paragraph (5) of subsection (d) of Section 16-115 of the Public Utilities Act, provided that the amount paid by the utility in any year will be limited by paragraph (2) of this subsection (d);

   (ii) provide that the utility's payment obligation in respect of the quantity of electricity determined pursuant to the preceding clause (i) shall be limited to an amount equal to (1) the difference between the contract price determined pursuant to subparagraph (A) of paragraph (3) of this subsection (d) and the day-ahead price for electricity delivered to the regional transmission organization market of the utility that is party to such sourcing agreement (or any successor delivery point at which such utility's supply obligations are financially settled on an hourly basis) (the "reference price") on the day preceding the day on which the electricity is
delivered to the initial clean coal facility busbar, multiplied by (2) the quantity of electricity determined pursuant to the preceding clause (i); and

(iii) not require the utility to take physical delivery of the electricity produced by the facility;

(D) general provisions, which shall:

(i) specify a term of no more than 30 years, commencing on the commercial operation date of the facility;

(ii) provide that utilities shall maintain adequate records documenting purchases under the sourcing agreements entered into to comply with this subsection (d) and shall file an accounting with the load forecast that must be filed with the Agency by July 15 of each year, in accordance with subsection (d) of Section 16-111.5 of the Public Utilities Act;

(iii) provide that all costs associated with the initial clean coal facility will be periodically reported to the Federal Energy Regulatory Commission and to purchasers in accordance with applicable laws governing cost-based wholesale power contracts;

(iv) permit the Illinois Power Agency to assume ownership of the initial clean coal facility, without monetary consideration and otherwise on reasonable terms acceptable to the Agency, if the Agency so requests no less than 3 years prior to the end of the stated contract term;

(v) require the owner of the initial clean coal facility to provide documentation to the Commission each year, starting in the facility's first year of commercial operation, accurately reporting the quantity of carbon emissions from the facility that have been captured and sequestered and report any quantities of carbon released from the site or sites at which carbon emissions were sequestered in prior years, based on continuous monitoring of such sites. If, in any year after the first year of
commercial operation, the owner of the facility fails to demonstrate that the initial clean coal facility captured and sequestered at least 50% of the total carbon emissions that the facility would otherwise emit or that sequestration of emissions from prior years has failed, resulting in the release of carbon dioxide into the atmosphere, the owner of the facility must offset excess emissions. Any such carbon offsets must be permanent, additional, verifiable, real, located within the State of Illinois, and legally and practicably enforceable. The cost of such offsets for the facility that are not recoverable shall not exceed $15 million in any given year. No costs of any such purchases of carbon offsets may be recovered from a utility or its customers. All carbon offsets purchased for this purpose and any carbon emission credits associated with sequestration of carbon from the facility must be permanently retired. The initial clean coal facility shall not forfeit its designation as a clean coal facility if the facility fails to fully comply with the applicable carbon sequestration requirements in any given year, provided the requisite offsets are purchased. However, the Attorney General, on behalf of the People of the State of Illinois, may specifically enforce the facility's sequestration requirement and the other terms of this contract provision. Compliance with the sequestration requirements and offset purchase requirements specified in paragraph (3) of this subsection (d) shall be reviewed annually by an independent expert retained by the owner of the initial clean coal facility, with the advance written approval of the Attorney General. The Commission may, in the course of the review specified in item (vii), reduce the allowable return on equity for the facility if the facility wilfully fails to comply with the carbon capture and sequestration requirements set forth in this item (v);

(vi) include limits on, and accordingly provide for modification of, the amount the utility is required to source under the sourcing agreement consistent with paragraph (2) of this subsection (d);

(vii) require Commission review: (1) to determine the justness, reasonableness, and prudence of the inputs to the formula referenced in subparagraphs (A)(i) through (A)(iii) of paragraph (3) of this subsection (d), prior to an adjustment in those inputs including, without limitation, the capital structure and return on equity, fuel costs, and other operations and maintenance costs and (2) to approve the costs to be passed through to customers under the sourcing agreement by which the utility satisfies its statutory obligations. Commission review shall occur no less than every 3 years, regardless of whether any adjustments have been proposed, and shall be completed within 9 months;

(viii) limit the utility's obligation to such amount as the utility is allowed to recover through tariffs filed with the Commission, provided that neither the clean coal facility nor the utility waives any right to assert federal pre-emption or any other argument in response to a purported disallowance of recovery costs;

(ix) limit the utility's or alternative retail electric supplier's obligation to incur any liability until such time as the facility is in commercial operation and generating power and energy and such power and energy is being delivered to the facility busbar;

(x) provide that the owner or owners of the initial clean coal facility, which is the counterparty to such sourcing agreement, shall have the right from time to time to elect whether the obligations of the utility party thereto shall be governed by the power purchase provisions or the contract for differences provisions;

New matter indicated by italics - deletions by strikeout
(xi) append documentation showing that the formula rate and contract, insofar as they relate to the power purchase provisions, have been approved by the Federal Energy Regulatory Commission pursuant to Section 205 of the Federal Power Act;

(xii) provide that any changes to the terms of the contract, insofar as such changes relate to the power purchase provisions, are subject to review under the public interest standard applied by the Federal Energy Regulatory Commission pursuant to Sections 205 and 206 of the Federal Power Act; and

(xiii) conform with customary lender requirements in power purchase agreements used as the basis for financing non-utility generators.

(4) Effective date of sourcing agreements with the initial clean coal facility.

Any proposed sourcing agreement with the initial clean coal facility shall not become effective unless the following reports are prepared and submitted and authorizations and approvals obtained:

(i) Facility cost report. The owner of the initial clean coal facility shall submit to the Commission, the Agency, and the General Assembly a front-end engineering and design study, a facility cost report, method of financing (including but not limited to structure and associated costs), and an operating and maintenance cost quote for the facility (collectively "facility cost report"), which shall be prepared in accordance with the requirements of this paragraph (4) of subsection (d) of this Section, and shall provide the Commission and the Agency access to the work papers, relied upon documents, and any other backup documentation related to the facility cost report.

(ii) Commission report. Within 6 months following receipt of the facility cost report, the Commission, in consultation with the Agency, shall submit a report to the General Assembly setting forth its analysis of the facility cost report. Such report shall include, but not be limited to, a comparison of the costs associated with electricity generated by the initial clean coal facility to the costs

New matter indicated by italics - deletions by strikeout
associated with electricity generated by other types of generation facilities, an analysis of the rate impacts on residential and small business customers over the life of the sourcing agreements, and an analysis of the likelihood that the initial clean coal facility will commence commercial operation by and be delivering power to the facility's busbar by 2016. To assist in the preparation of its report, the Commission, in consultation with the Agency, may hire one or more experts or consultants, the costs of which shall be paid for by the owner of the initial clean coal facility. The Commission and Agency may begin the process of selecting such experts or consultants prior to receipt of the facility cost report.

(iii) General Assembly approval. The proposed sourcing agreements shall not take effect unless, based on the facility cost report and the Commission's report, the General Assembly enacts authorizing legislation approving (A) the projected price, stated in cents per kilowatthour, to be charged for electricity generated by the initial clean coal facility, (B) the projected impact on residential and small business customers' bills over the life of the sourcing agreements, and (C) the maximum allowable return on equity for the project; and

(iv) Commission review. If the General Assembly enacts authorizing legislation pursuant to subparagraph (iii) approving a sourcing agreement, the Commission shall, within 90 days of such enactment, complete a review of such sourcing agreement. During such time period, the Commission shall implement any directive of the General Assembly, resolve any disputes between the parties to the sourcing agreement concerning the terms of such agreement, approve the form of such agreement, and issue an order finding that the sourcing agreement is prudent and reasonable.

The facility cost report shall be prepared as follows:

(A) The facility cost report shall be prepared by duly licensed engineering and construction firms detailing the estimated capital costs payable to one or more contractors or suppliers for the engineering, procurement and
construction of the components comprising the initial clean coal facility and the estimated costs of operation and maintenance of the facility. The facility cost report shall include:

(i) an estimate of the capital cost of the core plant based on one or more front end engineering and design studies for the gasification island and related facilities. The core plant shall include all civil, structural, mechanical, electrical, control, and safety systems.

(ii) an estimate of the capital cost of the balance of the plant, including any capital costs associated with sequestration of carbon dioxide emissions and all interconnects and interfaces required to operate the facility, such as transmission of electricity, construction or backfeed power supply, pipelines to transport substitute natural gas or carbon dioxide, potable water supply, natural gas supply, water supply, water discharge, landfill, access roads, and coal delivery.

The quoted construction costs shall be expressed in nominal dollars as of the date that the quote is prepared and shall include capitalized financing costs during construction, taxes, insurance, and other owner's costs, and an assumed escalation in materials and labor beyond the date as of which the construction cost quote is expressed.

(B) The front end engineering and design study for the gasification island and the cost study for the balance of plant shall include sufficient design work to permit quantification of major categories of materials, commodities and labor hours, and receipt of quotes from vendors of major equipment required to construct and operate the clean coal facility.

(C) The facility cost report shall also include an operating and maintenance cost quote that will provide the estimated cost of delivered fuel, personnel, maintenance contracts, chemicals, catalysts, consumables, spares, and other fixed and variable operations and maintenance costs. The delivered fuel cost estimate will be provided by a
recognized third party expert or experts in the fuel and transportation industries. The balance of the operating and maintenance cost quote, excluding delivered fuel costs, will be developed based on the inputs provided by duly licensed engineering and construction firms performing the construction cost quote, potential vendors under long-term service agreements and plant operating agreements, or recognized third party plant operator or operators.

The operating and maintenance cost quote (including the cost of the front end engineering and design study) shall be expressed in nominal dollars as of the date that the quote is prepared and shall include taxes, insurance, and other owner's costs, and an assumed escalation in materials and labor beyond the date as of which the operating and maintenance cost quote is expressed.

(D) The facility cost report shall also include an analysis of the initial clean coal facility's ability to deliver power and energy into the applicable regional transmission organization markets and an analysis of the expected capacity factor for the initial clean coal facility.

(E) Amounts paid to third parties unrelated to the owner or owners of the initial clean coal facility to prepare the core plant construction cost quote, including the front end engineering and design study, and the operating and maintenance cost quote will be reimbursed through Coal Development Bonds.

(5) Re-powering and retrofitting coal-fired power plants previously owned by Illinois utilities to qualify as clean coal facilities. During the 2009 procurement planning process and thereafter, the Agency and the Commission shall consider sourcing agreements covering electricity generated by power plants that were previously owned by Illinois utilities and that have been or will be converted into clean coal facilities, as defined by Section 1-10 of this Act. Pursuant to such procurement planning process, the owners of such facilities may propose to the Agency sourcing agreements with utilities and alternative retail electric suppliers required to comply with subsection (d) of this Section and item (5) of subsection (d) of Section 16-115 of the Public Utilities Act, covering electricity generated by such facilities. In the case of

New matter indicated by italics - deletions by strikeout
sourcing agreements that are power purchase agreements, the contract price for electricity sales shall be established on a cost of service basis. In the case of sourcing agreements that are contracts for differences, the contract price from which the reference price is subtracted shall be established on a cost of service basis. The Agency and the Commission may approve any such utility sourcing agreements that do not exceed cost-based benchmarks developed by the procurement administrator, in consultation with the Commission staff, Agency staff and the procurement monitor, subject to Commission review and approval. The Commission shall have authority to inspect all books and records associated with these clean coal facilities during the term of any such contract.

(6) Costs incurred under this subsection (d) or pursuant to a contract entered into under this subsection (d) shall be deemed prudently incurred and reasonable in amount and the electric utility shall be entitled to full cost recovery pursuant to the tariffs filed with the Commission.

(e) The draft procurement plans are subject to public comment, as required by Section 16-111.5 of the Public Utilities Act.

(f) The Agency shall submit the final procurement plan to the Commission. The Agency shall revise a procurement plan if the Commission determines that it does not meet the standards set forth in Section 16-111.5 of the Public Utilities Act.

(g) The Agency shall assess fees to each affected utility to recover the costs incurred in preparation of the annual procurement plan for the utility.

(h) The Agency shall assess fees to each bidder to recover the costs incurred in connection with a competitive procurement process.

Sec. 1-92. Aggregation of electrical load by municipalities, townships, and counties.

(a) The corporate authorities of a municipality, township board, or county board of a county may adopt an ordinance under which it may aggregate in accordance with this Section residential and small commercial retail electrical loads located, respectively, within the municipality, the township, or the unincorporated areas of the county and,
for that purpose, may solicit bids and enter into service agreements to facilitate for those loads the sale and purchase of electricity and related services and equipment.

The corporate authorities, township board, or county board may also exercise such authority jointly with any other municipality, township, or county. Two or more municipalities, townships, or counties, or a combination of both, may initiate a process jointly to authorize aggregation by a majority vote of each particular municipality, township, or county as required by this Section.

If the corporate authorities, township board, or the county board seek to operate the aggregation program as an opt-out program for residential and small commercial retail customers, then prior to the adoption of an ordinance with respect to aggregation of residential and small commercial retail electric loads, the corporate authorities of a municipality, the township board, or the county board of a county shall submit a referendum to its residents to determine whether or not the aggregation program shall operate as an opt-out program for residential and small commercial retail customers.

In addition to the notice and conduct requirements of the general election law, notice of the referendum shall state briefly the purpose of the referendum. The question of whether the corporate authorities, the township board, or the county board shall adopt an opt-out aggregation program for residential and small commercial retail customers shall be submitted to the electors of the municipality, township board, or county board at a regular election and approved by a majority of the electors voting on the question. The corporate authorities, township board, or county board must certify to the proper election authority, which must submit the question at an election in accordance with the Election Code.

The election authority must submit the question in substantially the following form:

Shall the (municipality, township, or county in which the question is being voted upon) have the authority to arrange for the supply of electricity for its residential and small commercial retail customers who have not opted out of such program?

The election authority must record the votes as "Yes" or "No".

If a majority of the electors voting on the question vote in the affirmative, then the corporate authorities, township board, or county board may implement an opt-out aggregation program for residential and small commercial retail customers.
A referendum must pass in each particular municipality, township, or county that is engaged in the aggregation program. If the referendum fails, then the corporate authorities, township board, or county board shall operate the aggregation program as an opt-in program for residential and small commercial retail customers.

An ordinance under this Section shall specify whether the aggregation will occur only with the prior consent of each person owning, occupying, controlling, or using an electric load center proposed to be aggregated. Nothing in this Section, however, authorizes the aggregation of electric loads that are served or authorized to be served by an electric cooperative as defined by and pursuant to the Electric Supplier Act or loads served by a municipality that owns and operates its own electric distribution system. No aggregation shall take effect unless approved by a majority of the members of the corporate authority, township board, or county board voting upon the ordinance.

A governmental aggregator under this Section is not a public utility or an alternative retail electric supplier.

For purposes of this Section, "township" means the portion of a township that is an unincorporated portion of a county that is not otherwise a part of a municipality. In addition to such other limitations as are included in this Section, a township board shall only have authority to aggregate residential and small commercial customer loads in accordance with this Section if the county board of the county in which the township is located (i) is not also submitting a referendum to its residents at the same general election that the township board proposes to submit a referendum under this subsection (a), (ii) has not received authorization through passage of a referendum to operate an opt-out aggregation program for residential and small commercial retail customers under this subsection (a), and (iii) has not otherwise enacted an ordinance under this subsection (a) authorizing the operation of an opt-in aggregation program for residential and small commercial retail customers as described in this Section.

(b) Upon the applicable requisite authority under this Section, the corporate authorities, the township board, or the county board, with assistance from the Illinois Power Agency, shall develop a plan of operation and governance for the aggregation program so authorized. Before adopting a plan under this Section, the corporate authorities, township board, or county board shall hold at least 2 public hearings on the plan. Before the first hearing, the corporate authorities, township
board, or county board shall publish notice of the hearings once a week for 2 consecutive weeks in a newspaper of general circulation in the jurisdiction. The notice shall summarize the plan and state the date, time, and location of each hearing. Any load aggregation plan established pursuant to this Section shall:

(1) provide for universal access to all applicable residential customers and equitable treatment of applicable residential customers;

(2) describe demand management and energy efficiency services to be provided to each class of customers; and

(3) meet any requirements established by law concerning aggregated service offered pursuant to this Section.

(c) The process for soliciting bids for electricity and other related services and awarding proposed agreements for the purchase of electricity and other related services shall be conducted in the following order:

(1) The corporate authorities, township board, or county board may solicit bids for electricity and other related services.

(1.5) A township board shall request from the electric utility those residential and small commercial customers within their aggregate area either by zip code or zip codes or other means as determined by the electric utility. The electric utility shall then provide to the township board the residential and small commercial customers, including the names and addresses of residential and small commercial customers, electronically. The township board shall be responsible for authenticating the residential and small commercial customers contained in this listing and providing edits of the data to affirm, add, or delete the residential and small commercial customers located within its jurisdiction. The township board shall provide the edited list to the electric utility in an electronic format or other means selected by the electric utility and certify that the information is accurate.

(2) Notwithstanding Section 16-122 of the Public Utilities Act and Section 2HH of the Consumer Fraud and Deceptive Business Practices Act, an electric utility that provides residential and small commercial retail electric service in the aggregate area must, upon request of the corporate authorities, township board, or the county board in the aggregate area, submit to the requesting party, in an electronic format, those account numbers, names, and addresses of residential and small commercial retail customers in

New matter indicated by italics - deletions by strikeout
the aggregate area that are reflected in the electric utility's records at the time of the request; provided, however, that any township board has first provided an accurate customer list to the electric utility as provided for herein.

Any corporate authority, township board, or county board receiving customer information from an electric utility shall be subject to the limitations on the disclosure of the information described in Section 16-122 of the Public Utilities Act and Section 2HH of the Consumer Fraud and Deceptive Business Practices Act, and an electric utility shall not be held liable for any claims arising out of the provision of information pursuant to this item (2).

(d) If the corporate authorities, township board, or county board operate under an opt-in program for residential and small commercial retail customers, then the corporate authorities, township board, or county board shall comply with all of the following:

1. Within 60 days after receiving the bids, the corporate authorities, township board, or county board shall allow residential and small commercial retail customers to commit to the terms and conditions of a bid that has been selected by the corporate authorities, township board, or county board.

2. If (A) the corporate authorities, township board, or county board award proposed agreements for the purchase of electricity and other related services and (B) an agreement is reached between the corporate authorities, township board, or county board for those services, then customers committed to the terms and conditions according to item (1) of this subsection (d) shall be committed to the agreement.

(e) If the corporate authorities, township board, or county board operate as an opt-out program for residential and small commercial retail customers, then it shall be the duty of the aggregated entity to fully inform residential and small commercial retail customers in advance that they have the right to opt out of the aggregation program. The disclosure shall prominently state all charges to be made and shall include full disclosure of the cost to obtain service pursuant to Section 16-103 of the Public Utilities Act, how to access it, and the fact that it is available to them without penalty, if they are currently receiving service under that Section. The Illinois Power Agency shall furnish, without charge, to any citizen a list of all supply options available to them in a format that allows comparison of prices and products.

(f) Any person or entity retained by a municipality or county, or jointly by more than one such unit of local government, to provide input, guidance, or advice in the selection of an electricity supplier for an aggregation program shall disclose in writing to the involved units of local government the nature of any relationship through which the person or entity may receive, either directly or indirectly, commissions or other remuneration as a result of the selection of any particular electricity supplier. The written disclosure must be made prior to formal approval by the involved units of local government of any professional services agreement with the person or entity, or no later than October 1, 2012 with respect to any such professional services agreement entered into prior to the effective date of this amendatory Act of the 97th General Assembly. The disclosure shall cover all direct and indirect relationships through which commissions or remuneration may result, including the pooling of commissions or remuneration among multiple persons or entities, and shall identify all involved electricity suppliers. The disclosure requirements in this subsection (f) are to be liberally construed to ensure that the nature of financial interests are fully revealed, and these disclosure requirements shall apply regardless of whether the involved person or entity is licensed under Section 16-115C of the Public Utilities Act. Any person or entity that fails to make the disclosure required under this subsection (f) is liable to the involved units of local government in an amount equal to all compensation paid to such person or entity by the units of local government for the input, guidance, or advice in the selection of an electricity supplier, plus reasonable attorneys fees and court costs incurred by the units of local government in connection with obtaining such amount.

(g) The Illinois Power Agency shall provide assistance to municipalities, townships, counties, or associations working with municipalities to help complete the plan and bidding process.

(h) This Section does not prohibit municipalities or counties from entering into an intergovernmental agreement to aggregate residential and small commercial retail electric loads.

Sec. 12. Powers and duties of State Board. For purposes of this Act, the State Board shall exercise the following powers and duties:

1. Prescribe rules, regulations, standards, criteria, procedures or reviews which may vary according to the purpose for which a particular review is being conducted or the type of project reviewed and which are required to carry out the provisions and purposes of this Act. Policies and procedures of the State Board shall take into consideration the priorities and needs of medically underserved areas and other health care services identified through the comprehensive health planning process, giving special consideration to the impact of projects on access to safety net services.

2. Adopt procedures for public notice and hearing on all proposed rules, regulations, standards, criteria, and plans required to carry out the provisions of this Act.

3. (Blank).

4. Develop criteria and standards for health care facilities planning, conduct statewide inventories of health care facilities, maintain an updated inventory on the Board's web site reflecting the most recent bed and service changes and updated need determinations when new census data become available or new need formulae are adopted, and develop health care facility plans which shall be utilized in the review of applications for permit under this Act. Such health facility plans shall be coordinated by the Board with pertinent State Plans. Inventories pursuant to this Section of skilled or intermediate care facilities licensed under the Nursing Home Care Act, skilled or intermediate care facilities licensed under the ID/DD Community Care Act, facilities licensed under the Specialized Mental Health Rehabilitation Act, or nursing homes licensed under the Hospital Licensing Act shall be conducted on an annual basis no later than July 1 of each year and shall include among the information requested a list of all services provided by a facility to its residents and to the community at large and differentiate between active and inactive beds.

In developing health care facility plans, the State Board shall consider, but shall not be limited to, the following:

(a) The size, composition and growth of the population of the area to be served;
(b) The number of existing and planned facilities offering similar programs;
(c) The extent of utilization of existing facilities;
(d) The availability of facilities which may serve as alternatives or substitutes;
(e) The availability of personnel necessary to the operation of the facility;
(f) Multi-institutional planning and the establishment of multi-institutional systems where feasible;
(g) The financial and economic feasibility of proposed construction or modification; and
(h) In the case of health care facilities established by a religious body or denomination, the needs of the members of such religious body or denomination may be considered to be public need.

The health care facility plans which are developed and adopted in accordance with this Section shall form the basis for the plan of the State to deal most effectively with statewide health needs in regard to health care facilities.

(5) Coordinate with the Center for Comprehensive Health Planning and other state agencies having responsibilities affecting health care facilities, including those of licensure and cost reporting. Beginning no later than January 1, 2013, the Department of Public Health shall produce a written annual report to the Governor and the General Assembly regarding the development of the Center for Comprehensive Health Planning. The Chairman of the State Board and the State Board Administrator shall also receive a copy of the annual report.

(6) Solicit, accept, hold and administer on behalf of the State any grants or bequests of money, securities or property for use by the State Board or Center for Comprehensive Health Planning in the administration of this Act; and enter into contracts consistent with the appropriations for purposes enumerated in this Act.

(7) The State Board shall prescribe procedures for review, standards, and criteria which shall be utilized to make periodic reviews and determinations of the appropriateness of any existing health services being rendered by health care facilities subject to the Act. The State Board shall consider recommendations of the Board in making its determinations.

(8) Prescribe, in consultation with the Center for Comprehensive Health Planning, rules, regulations, standards, and criteria for the conduct of an expeditious review of applications for permits for projects of
construction or modification of a health care facility, which projects are classified as emergency, substantive, or non-substantive in nature.

Six months after June 30, 2009 (the effective date of Public Act 96-31), substantive projects shall include no more than the following:

(a) Projects to construct (1) a new or replacement facility located on a new site or (2) a replacement facility located on the same site as the original facility and the cost of the replacement facility exceeds the capital expenditure minimum, which shall be reviewed by the Board within 120 days;

(b) Projects proposing a (1) new service within an existing healthcare facility or (2) discontinuation of a service within an existing healthcare facility, which shall be reviewed by the Board within 60 days; or

(c) Projects proposing a change in the bed capacity of a health care facility by an increase in the total number of beds or by a redistribution of beds among various categories of service or by a relocation of beds from one physical facility or site to another by more than 20 beds or more than 10% of total bed capacity, as defined by the State Board, whichever is less, over a 2-year period.

The Chairman may approve applications for exemption that meet the criteria set forth in rules or refer them to the full Board. The Chairman may approve any unopposed application that meets all of the review criteria or refer them to the full Board.

Such rules shall not abridge the right of the Center for Comprehensive Health Planning to make recommendations on the classification and approval of projects, nor shall such rules prevent the conduct of a public hearing upon the timely request of an interested party. Such reviews shall not exceed 60 days from the date the application is declared to be complete.

(9) Prescribe rules, regulations, standards, and criteria pertaining to the granting of permits for construction and modifications which are emergent in nature and must be undertaken immediately to prevent or correct structural deficiencies or hazardous conditions that may harm or injure persons using the facility, as defined in the rules and regulations of the State Board. A "final decision" for purposes of this Act is the decision to approve or deny an application, or take other actions permitted under this Act, at the time and date of the meeting that such action is scheduled by the Board. The staff of the State Board shall prepare a written copy of the final decision and the State Board shall approve a final copy for inclusion in the formal record. The written decision shall identify the applicable criteria and factors listed in this Act and the Board's regulations that were taken into consideration by the Board when coming to a final decision. If the State Board denies or fails to approve an application for permit or certificate, the State Board shall include in the final decision a detailed explanation as to why the application was denied and identify what specific criteria or standards the applicant did not fulfill.

(12) Require at least one of its members to participate in any public hearing, after the appointment of a majority of the members to the Board.

(13) Provide a mechanism for the public to comment on, and request changes to, draft rules and standards.

(14) Implement public information campaigns to regularly inform the general public about the opportunity for public hearings and public hearing procedures.

(15) Establish a separate set of rules and guidelines for long-term care that recognizes that nursing homes are a different business line and service model from other regulated facilities. An open and transparent process shall be developed that considers the following: how skilled nursing fits in the continuum of care with other care providers, modernization of nursing homes, establishment of more private rooms, development of alternative services, and current trends in long-term care services. The Chairman of the Board shall appoint a permanent Health Services Review Board Long-term Care Facility Advisory Subcommittee that shall develop and recommend to the Board the rules to be established by the Board under this paragraph (15). The Subcommittee shall also provide continuous review and commentary on policies and procedures relative to long-term care and the review of related projects. The Subcommittee shall be provided a reasonable and timely opportunity to review and comment on any review, revision, or updating of the criteria, standards, procedures, and rules used to evaluate project applications as provided under Section 12.3 of this Act.

Such rules shall not abridge the right of the Center for Comprehensive Health Planning to make recommendations on the classification and approval of projects, nor shall such rules prevent the conduct of a public hearing upon the timely request of an interested party.

2. the Teachers' Retirement System of the State of Illinois;
3. the State Universities Retirement System;
4. the Judges Retirement System of Illinois; and
5. the General Assembly Retirement System.

(b) Each year the General Assembly may make appropriations from the State Pensions Fund for the administration of the Uniform Disposition of Unclaimed Property Act.

Each month, the Commissioner of the Office of Banks and Real Estate shall certify to the State Treasurer the actual expenditures that the Office of Banks and Real Estate incurred conducting unclaimed property examinations under the Uniform Disposition of Unclaimed Property Act during the immediately preceding month. Within a reasonable time following the acceptance of such certification by the State Treasurer, the State Treasurer shall pay from its appropriation from the State Pensions Fund to the Bank and Trust Company Fund and the Savings and Residential Finance Regulatory Fund an amount equal to the expenditures incurred by each Fund for that month.

Each month, the Director of Financial Institutions shall certify to the State Treasurer the actual expenditures that the Department of Financial Institutions incurred conducting unclaimed property examinations under the Uniform Disposition of Unclaimed Property Act during the immediately preceding month. Within a reasonable time following the acceptance of such certification by the State Treasurer, the State Treasurer shall pay from its appropriation from the State Pensions Fund to the Financial Institutions Fund and the Credit Union Fund an amount equal to the expenditures incurred by each Fund for that month.

(c) As soon as possible after the effective date of this amendatory Act of the 93rd General Assembly, the General Assembly shall appropriate from the State Pensions Fund (1) to the State Universities Retirement System the amount certified under Section 15-165 during the prior year, (2) to the Judges Retirement System of Illinois the amount certified under Section 18-140 during the prior year, and (3) to the General Assembly Retirement System the amount certified under Section 2-134 during the prior year as part of the required State contributions to each of those designated retirement systems; except that amounts appropriated under this subsection (c) in State fiscal year 2005 shall not reduce the amount in

If the amount in the State Pensions Fund does not exceed the sum of the amounts certified in Sections 15-165, 18-140, and 2-134 by at least $5,000,000, the amount paid to each designated retirement system under this subsection shall be reduced in proportion to the amount certified by each of those designated retirement systems.

(c-5) For fiscal years 2006 through 2013, the General Assembly shall appropriate from the State Pensions Fund to the State Universities Retirement System the amount estimated to be available during the fiscal year in the State Pensions Fund; provided, however, that the amounts appropriated under this subsection (c-5) shall not reduce the amount in the State Pensions Fund below $5,000,000.

(c-6) For fiscal year 2014 and each fiscal year thereafter, as soon as may be practical after any money is deposited into the State Pensions Fund from the Unclaimed Property Trust Fund, the State Treasurer shall apportion the deposited amount among the designated retirement systems as defined in subsection (a) to reduce their actuarial reserve deficiencies. The State Comptroller and State Treasurer shall pay the apportioned amounts to the designated retirement systems to fund the unfunded liabilities of the designated retirement systems. The amount apportioned to each designated retirement system shall constitute a portion of the amount estimated to be available for appropriation from the State Pensions Fund that is the same as that retirement system's portion of the total actual reserve deficiency of the systems, as determined annually by the Governor's Office of Management and Budget at the request of the State Treasurer. The amounts apportioned under this subsection shall not reduce the amount in the State Pensions Fund below $5,000,000.

Sec. 507JJ. The Autism Research Checkoff Fund checkoff. For taxable years ending on or after December 31, 2005, the Department must print on its standard individual income tax form a provision indicating that if the taxpayer wishes to contribute to the Autism Research Checkoff Fund, as authorized by Public Act 94-442, he or she may do so by stating the amount of the contribution (not less than $1) on the return and that the contribution will reduce the taxpayer's refund or increase the amount of payment to accompany the return. Failure to remit any amount of increased payment shall reduce the contribution accordingly. This Section does not apply to any amended return.

(35 ILCS 5/909) (from Ch. 120, par. 9-09)

Sec. 909. Credits and Refunds.

(a) In general. In the case of any overpayment, the Department, within the applicable period of limitations for a claim for refund, may credit the amount of such overpayment, including any interest allowed thereon, against any liability in respect of the tax imposed by this Act, regardless of whether other collection remedies are closed to the Department on the part of the person who made the overpayment and shall refund any balance to such person.

(b) Credits against estimated tax. The Department may prescribe regulations providing for the crediting against the estimated tax for any taxable year of the amount determined by the taxpayer or the Department to be an overpayment of the tax imposed by this Act for a preceding taxable year.

(c) Interest on overpayment. Interest shall be allowed and paid at the rate and in the manner prescribed in Section 3-2 of the Uniform Penalty and Interest Act upon any overpayment in respect of the tax imposed by this Act. For purposes of this subsection, no amount of tax, for any taxable year, shall be treated as having been paid before the date on which the tax return for such year was due under Section 505, without regard to any extension of the time for filing such return.

(d) Refund claim. Every claim for refund shall be filed with the Department in writing in such form as the Department may by regulations prescribe, and shall state the specific grounds upon which it is founded.

(e) Notice of denial. As soon as practicable after a claim for refund is filed, the Department shall examine it and either issue a notice of refund, abatement or credit to the claimant or issue a notice of denial. If the Department has failed to approve or deny the claim before the

expiration of 6 months from the date the claim was filed, the claimant may nevertheless thereafter file with the Department a written protest in such form as the Department may by regulation prescribe, provided that, on or after July 1, 2013, protests concerning matters that are subject to the jurisdiction of the Illinois Independent Tax Tribunal shall be filed with the Illinois Independent Tax Tribunal and not with the Department. If the protest is subject to the jurisdiction of the Department, the Department shall consider the claim and, if the taxpayer has so requested, shall grant the taxpayer or the taxpayer's authorized representative a hearing within 6 months after the date such request is filed.

On and after July 1, 2013, if the protest would otherwise be subject to the jurisdiction of the Illinois Independent Tax Tribunal, the claimant may elect to treat the Department's non-action as a denial of the claim by filing a petition to review the Department's administrative decision with the Illinois Independent Tax Tribunal, as provided by Section 910.

(f) Effect of denial. A denial of a claim for refund becomes final 60 days after the date of issuance of the notice of such denial except for such amounts denied as to which the claimant has filed a protest with the Department or a petition with the Illinois Independent Tax Tribunal, as provided by Section 910.

(g) An overpayment of tax shown on the face of an unsigned return shall be considered forfeited to the State if after notice and demand for signature by the Department the taxpayer fails to provide a signature and 3 years have passed from the date the return was filed. An overpayment of tax refunded to a taxpayer whose return was filed electronically shall be considered an erroneous refund under Section 912 of this Act if, after proper notice and demand by the Department, the taxpayer fails to provide a required signature document. A notice and demand for signature in the case of a return reflecting an overpayment may be made by first class mail. This subsection (g) shall apply to all returns filed pursuant to this Act since 1969.

(h) This amendatory Act of 1983 applies to returns and claims for refunds filed with the Department on and after July 1, 1983.

or operated under the University of Illinois Hospital Act, or a hospital affiliate that is not already exempt under another provision of this Act and meets the criteria for an exemption under this Section, is exempt from taxation under this Act.

(b) A hospital owner or hospital affiliate satisfies the conditions for an exemption under this Section if the value of qualified services or activities listed in subsection (c) of this Section for the hospital year equals or exceeds the relevant hospital entity's estimated property tax liability, without regard to any property tax exemption granted under Section 15-86 of the Property Tax Code, for the calendar year in which exemption or renewal of exemption is sought. For purposes of making the calculations required by this subsection (b), if the relevant hospital entity is a hospital owner that owns more than one hospital, the value of the services or activities listed in subsection (c) shall be calculated on the basis of only those services and activities relating to the hospital that includes the subject property, and the relevant hospital entity's estimated property tax liability shall be calculated only with respect to the properties comprising that hospital. In the case of a multi-state hospital system or hospital affiliate, the value of the services or activities listed in subsection (c) shall be calculated on the basis of only those services and activities that occur in Illinois and the relevant hospital entity's estimated property tax liability shall be calculated only with respect to its property located in Illinois.

(c) The following services and activities shall be considered for purposes of making the calculations required by subsection (b):

(1) Charity care. Free or discounted services provided pursuant to the relevant hospital entity's financial assistance policy, measured at cost, including discounts provided under the Hospital Uninsured Patient Discount Act.

(2) Health services to low-income and underserved individuals. Other unreimbursed costs of the relevant hospital entity for providing without charge, paying for, or subsidizing goods, activities, or services for the purpose of addressing the health of low-income or underserved individuals. Those activities or services may include, but are not limited to: financial or in-kind support to affiliated or unaffiliated hospitals, hospital affiliates, community clinics, or programs that treat low-income or underserved individuals; paying for or subsidizing health care professionals who care for low-income or underserved individuals; providing or subsidizing outreach or educational services to low-

income or underserved individuals for disease management and prevention; free or subsidized goods, supplies, or services needed by low-income or underserved individuals because of their medical condition; and prenatal or childbirth outreach to low-income or underserved persons.

(3) Subsidy of State or local governments. Direct or indirect financial or in-kind subsidies of State or local governments by the relevant hospital entity that pay for or subsidize activities or programs related to health care for low-income or underserved individuals.

(4) Support for State health care programs for low-income individuals. At the election of the hospital applicant for each applicable year, either (A) 10% of payments to the relevant hospital entity and any hospital affiliate designated by the relevant hospital entity (provided that such hospital affiliate's operations provide financial or operational support for or receive financial or operational support from the relevant hospital entity) under Medicaid or other means-tested programs, including, but not limited to, General Assistance, the Covering ALL KIDS Health Insurance Act, and the State Children's Health Insurance Program or (B) the amount of subsidy provided by the relevant hospital entity and any hospital affiliate designated by the relevant hospital entity (provided that such hospital affiliate's operations provide financial or operational support for or receive financial or operational support from the relevant hospital entity) to State or local government in treating Medicaid recipients and recipients of means-tested programs, including but not limited to General Assistance, the Covering ALL KIDS Health Insurance Act, and the State Children's Health Insurance Program. The amount of subsidy for purpose of this item (4) is calculated in the same manner as unreimbursed costs are calculated for Medicaid and other means-tested government programs in the Schedule H of IRS Form 990 in effect on the effective date of this amendatory Act of the 97th General Assembly.

(5) Dual-eligible subsidy. The amount of subsidy provided to government by treating dual-eligible Medicare/Medicaid patients. The amount of subsidy for purposes of this item (5) is calculated by multiplying the relevant hospital entity's unreimbursed costs for Medicare, calculated in the same manner as
determined in the Schedule H of IRS Form 990 in effect on the effective date of this amendatory Act of the 97th General Assembly, by the relevant hospital entity's ratio of dual-eligible patients to total Medicare patients.

(6) Relief of the burden of government related to health care. Except to the extent otherwise taken into account in this subsection, the portion of unreimbursed costs of the relevant hospital entity attributable to providing, paying for, or subsidizing goods, activities, or services that relieve the burden of government related to health care for low-income individuals. Such activities or services shall include, but are not limited to, providing emergency, trauma, burn, neonatal, psychiatric, rehabilitation, or other special services; providing medical education; and conducting medical research or training of health care professionals. The portion of those unreimbursed costs attributable to benefiting low-income individuals shall be determined using the ratio calculated by adding the relevant hospital entity's costs attributable to charity care, Medicaid, other means-tested government programs, disabled Medicare patients under age 65, and dual-eligible Medicare/Medicaid patients and dividing that total by the relevant hospital entity's total costs. Such costs for the numerator and denominator shall be determined by multiplying gross charges by the cost to charge ratio taken from the hospital's most recently filed Medicare cost report (CMS 2252-10 Worksheet, Part I). In the case of emergency services, the ratio shall be calculated using costs (gross charges multiplied by the cost to charge ratio taken from the hospital's most recently filed Medicare cost report (CMS 2252-10 Worksheet, Part I)) of patients treated in the relevant hospital entity's emergency department.

(7) Any other activity by the relevant hospital entity that the Department determines relieves the burden of government or addresses the health of low-income or underserved individuals.

(d) The hospital applicant shall include information in its exemption application establishing that it satisfies the requirements of subsection (b). For purposes of making the calculations required by subsection (b), the hospital applicant may for each year elect to use either (1) the value of the services or activities listed in subsection (e) for the hospital year or (2) the average value of those services or activities for the 3 fiscal years ending with the hospital year. If the relevant hospital entity

New matter indicated by italics - deletions by strikeout
has been in operation for less than 3 completed fiscal years, then the latter calculation, if elected, shall be performed on a pro rata basis.

(e) For purposes of making the calculations required by this Section:

(1) particular services or activities eligible for consideration under any of the paragraphs (1) through (7) of subsection (c) may not be counted under more than one of those paragraphs; and

(2) the amount of unreimbursed costs and the amount of subsidy shall not be reduced by restricted or unrestricted payments received by the relevant hospital entity as contributions deductible under Section 170(a) of the Internal Revenue Code.

(f) (Blank).

(g) Estimation of Exempt Property Tax Liability. The estimated property tax liability used for the determination in subsection (b) shall be calculated as follows:

(1) "Estimated property tax liability" means the estimated dollar amount of property tax that would be owed, with respect to the exempt portion of each of the relevant hospital entity's properties that are already fully or partially exempt, or for which an exemption in whole or in part is currently being sought, and then aggregated as applicable, as if the exempt portion of those properties were subject to tax, calculated with respect to each such property by multiplying:

(A) the lesser of (i) the actual assessed value, if any, of the portion of the property for which an exemption is sought or (ii) an estimated assessed value of the exempt portion of such property as determined in item (2) of this subsection (g), by

(B) the applicable State equalization rate (yielding the equalized assessed value), by

(C) the applicable tax rate.

(2) The estimated assessed value of the exempt portion of the property equals the sum of (i) the estimated fair market value of buildings on the property, as determined in accordance with subparagraphs (A) and (B) of this item (2), multiplied by the applicable assessment factor, and (ii) the estimated assessed value of the land portion of the property, as determined in accordance with subparagraph (C).
(A) The "estimated fair market value of buildings on the property" means the replacement value of any exempt portion of buildings on the property, minus depreciation, determined utilizing the cost replacement method whereby the exempt square footage of all such buildings is multiplied by the replacement cost per square foot for Class A Average building found in the most recent edition of the Marshall & Swift Valuation Services Manual, adjusted by any appropriate current cost and local multipliers.

(B) Depreciation, for purposes of calculating the estimated fair market value of buildings on the property, is applied by utilizing a weighted mean life for the buildings based on original construction and assuming a 40-year life for hospital buildings and the applicable life for other types of buildings as specified in the American Hospital Association publication "Estimated Useful Lives of Depreciable Hospital Assets". In the case of hospital buildings, the remaining life is divided by 40 and this ratio is multiplied by the replacement cost of the buildings to obtain an estimated fair market value of buildings. If a hospital building is older than 35 years, a remaining life of 5 years for residual value is assumed; and if a building is less than 8 years old, a remaining life of 32 years is assumed.

(C) The estimated assessed value of the land portion of the property shall be determined by multiplying (i) the per square foot average of the assessed values of three parcels of land (not including farm land, and excluding the assessed value of the improvements thereon) reasonably comparable to the property, by (ii) the number of square feet comprising the exempt portion of the property's land square footage.

(3) The assessment factor, State equalization rate, and tax rate (including any special factors such as Enterprise Zones) used in calculating the estimated property tax liability shall be for the most recent year that is publicly available from the applicable chief county assessment officer or officers at least 90 days before the end of the hospital year.

New matter indicated by italics - deletions by strikeout
(4) The method utilized to calculate estimated property tax liability for purposes of this Section 15-86 shall not be utilized for the actual valuation, assessment, or taxation of property pursuant to the Property Tax Code.

(h) For the purpose of this Section, the following terms shall have the meanings set forth below:

(1) "Hospital" means any institution, place, building, buildings on a campus, or other health care facility located in Illinois that is licensed under the Hospital Licensing Act and has a hospital owner.

(2) "Hospital owner" means a not-for-profit corporation that is the titleholder of a hospital, or the owner of the beneficial interest in an Illinois land trust that is the titleholder of a hospital.

(4) "Hospital system" means a hospital and one or more other hospitals or hospital affiliates related by common control or ownership.

(5) "Control" relating to hospital owners, hospital affiliates, or hospital systems means possession, direct or indirect, of the power to direct or cause the direction of the management and policies of the entity, whether through ownership of assets, membership interest, other voting or governance rights, by contract or otherwise.

(6) "Hospital applicant" means a hospital owner or hospital affiliate that files an application for an exemption or renewal of exemption under this Section.

(7) "Relevant hospital entity" means (A) the hospital owner, in the case of a hospital applicant that is a hospital owner, and (B) at the election of a hospital applicant that is a hospital affiliate, either (i) the hospital affiliate or (ii) the hospital system to which the hospital applicant belongs, including any hospitals or hospital affiliates that are related by common control or ownership.
(8) "Subject property" means property used for the calculation under subsection (b) of this Section.

(9) "Hospital year" means the fiscal year of the relevant hospital entity, or the fiscal year of one of the hospital owners in the hospital system if the relevant hospital entity is a hospital system with members with different fiscal years, that ends in the year for which the exemption is sought.

(a) Tangible personal property sold to or used by a hospital owner that owns one or more hospitals licensed under the Hospital Licensing Act or operated under the University of Illinois Hospital Act, or a hospital affiliate that is not already exempt under another provision of this Act and meets the criteria for an exemption under this Section, is exempt from taxation under this Act.

(b) A hospital owner or hospital affiliate satisfies the conditions for an exemption under this Section if the value of qualified services or activities listed in subsection (c) of this Section for the hospital year equals or exceeds the relevant hospital entity's estimated property tax liability, without regard to any property tax exemption granted under Section 15-86 of the Property Tax Code, for the calendar year in which exemption or renewal of exemption is sought. The amount of subsidy for purposes of this item (4) is calculated in the same manner as unreimbursed costs are calculated for Medicaid and other means-tested government programs in the Schedule H of IRS Form 990 in effect on the effective date of this amendatory Act of the 97th General Assembly.

(5) Dual-eligible subsidy. The amount of subsidy provided to government by treating dual-eligible Medicare/Medicaid patients. (6) Relief of the burden of government related to health care. Except to the extent otherwise taken into account in this subsection, the portion of unreimbursed costs of the relevant hospital entity attributable to providing, paying for, or subsidizing goods, activities, or services that relieve the burden of government related to health care for low-income individuals. (C) The estimated assessed value of the land portion of the property shall be determined by multiplying (i) the per square foot average of the assessed values of three parcels of land (not including farm land, and excluding the assessed value of the improvements thereon) reasonably comparable to the property, by (ii) the number of square feet comprising the exempt portion of the property's land square footage.

(3) The assessment factor, State equalization rate, and tax rate (including any special factors such as Enterprise Zones) used in calculating the estimated property tax liability shall be for the most recent year that is publicly available from the applicable chief county assessment officer or officers at least 90 days before the end of the hospital year.

(4) The method utilized to calculate estimated property tax liability for purposes of this Section 15-86 shall not be utilized for the actual valuation, assessment, or taxation of property pursuant to the Property Tax Code.

(7) "Relevant hospital entity" means (A) the hospital owner, in the case of a hospital applicant that is a hospital owner, and (B) at the election of a hospital applicant that is a hospital affiliate, either (i) the hospital affiliate or (ii) the hospital system to which the hospital applicant belongs, including any hospitals or hospital affiliates that are related by common control or ownership.

(8) "Subject property" means property used for the calculation under subsection (b) of this Section.

Section 175. The Service Occupation Tax Act is amended by changing Section 3-8 as follows:

Sec. 3-8. Hospital exemption.

(a) Tangible personal property sold to or used by a hospital owner that owns one or more hospitals licensed under the Hospital Licensing Act or operated under the University of Illinois Hospital Act, or a hospital affiliate that is not already exempt under another provision of this Act and meets the criteria for an exemption under this Section, is exempt from taxation under this Act.

(b) A hospital owner or hospital affiliate satisfies the conditions for an exemption under this Section if the value of qualified services or activities listed in subsection (c) of this Section for the hospital year equals or exceeds the relevant hospital entity's estimated property tax liability, without regard to any property tax exemption granted under Section 15-86 of the Property Tax Code, for the calendar year in which exemption or
renewal of exemption is sought. For purposes of making the calculations required by this subsection (b), if the relevant hospital entity is a hospital owner that owns more than one hospital, the value of the services or activities listed in subsection (c) shall be calculated on the basis of only those services and activities relating to the hospital that includes the subject property, and the relevant hospital entity's estimated property tax liability shall be calculated only with respect to the properties comprising that hospital. In the case of a multi-state hospital system or hospital affiliate, the value of the services or activities listed in subsection (c) shall be calculated on the basis of only those services and activities that occur in Illinois and the relevant hospital entity's estimated property tax liability shall be calculated only with respect to its property located in Illinois.

(c) The following services and activities shall be considered for purposes of making the calculations required by subsection (b):

(1) Charity care. Free or discounted services provided pursuant to the relevant hospital entity's financial assistance policy, measured at cost, including discounts provided under the Hospital Uninsured Patient Discount Act.

(2) Health services to low-income and underserved individuals. Other unreimbursed costs of the relevant hospital entity for providing without charge, paying for, or subsidizing goods, activities, or services for the purpose of addressing the health of low-income or underserved individuals. Those activities or services may include, but are not limited to: financial or in-kind support to affiliated or unaffiliated hospitals, hospital affiliates, community clinics, or programs that treat low-income or underserved individuals; paying for or subsidizing health care professionals who care for low-income or underserved individuals; providing or subsidizing outreach or educational services to low-income or underserved individuals for disease management and prevention; free or subsidized goods, supplies, or services needed by low-income or underserved individuals because of their medical condition; and prenatal or childbirth outreach to low-income or underserved persons.

(3) Subsidy of State or local governments. Direct or indirect financial or in-kind subsidies of State or local governments by the relevant hospital entity that pay for or subsidize activities or programs related to health care for low-income or underserved individuals.

New matter indicated by italics - deletions by strikeout
(4) Support for State health care programs for low-income individuals. At the election of the hospital applicant for each applicable year, either (A) 10% of payments to the relevant hospital entity and any hospital affiliate designated by the relevant hospital entity (provided that such hospital affiliate's operations provide financial or operational support for or receive financial or operational support from the relevant hospital entity) under Medicaid or other means-tested programs, including, but not limited to, General Assistance, the Covering ALL KIDS Health Insurance Act, and the State Children's Health Insurance Program or (B) the amount of subsidy provided by the relevant hospital entity and any hospital affiliate designated by the relevant hospital entity (provided that such hospital affiliate's operations provide financial or operational support for or receive financial or operational support from the relevant hospital entity) to State or local government in treating Medicaid recipients and recipients of means-tested programs, including but not limited to General Assistance, the Covering ALL KIDS Health Insurance Act, and the State Children's Health Insurance Program. The amount of subsidy for purposes of this item (4) is calculated in the same manner as unreimbursed costs are calculated for Medicaid and other means-tested government programs in the Schedule H of IRS Form 990 in effect on the effective date of this amendatory Act of the 97th General Assembly.

(5) Dual-eligible subsidy. The amount of subsidy provided to government by treating dual-eligible Medicare/Medicaid patients. The amount of subsidy for purposes of this item (5) is calculated by multiplying the relevant hospital entity's unreimbursed costs for Medicare, calculated in the same manner as determined in the Schedule H of IRS Form 990 in effect on the effective date of this amendatory Act of the 97th General Assembly, by the relevant hospital entity's ratio of dual-eligible patients to total Medicare patients.

(6) Relief of the burden of government related to health care. Except to the extent otherwise taken into account in this subsection, the portion of unreimbursed costs of the relevant hospital entity attributable to providing, paying for, or subsidizing goods, activities, or services that relieve the burden of government related to health care for low-income individuals. Such activities or

services shall include, but are not limited to, providing emergency, trauma, burn, neonatal, psychiatric, rehabilitation, or other special services; providing medical education; and conducting medical research or training of health care professionals. The portion of those unreimbursed costs attributable to benefiting low-income individuals shall be determined using the ratio calculated by adding the relevant hospital entity's costs attributable to charity care, Medicaid, other means-tested government programs, disabled Medicare patients under age 65, and dual-eligible Medicare/Medicaid patients and dividing that total by the relevant hospital entity's total costs. Such costs for the numerator and denominator shall be determined by multiplying gross charges by the cost to charge ratio taken from the hospital's most recently filed Medicare cost report (CMS 2252-10 Worksheet, Part I). In the case of emergency services, the ratio shall be calculated using costs (gross charges multiplied by the cost to charge ratio taken from the hospital's most recently filed Medicare cost report (CMS 2252-10 Worksheet, Part I)) of patients treated in the relevant hospital entity's emergency department.

(7) Any other activity by the relevant hospital entity that the Department determines relieves the burden of government or addresses the health of low-income or underserved individuals.

(d) The hospital applicant shall include information in its exemption application establishing that it satisfies the requirements of subsection (b). For purposes of making the calculations required by subsection (b), the hospital applicant may for each year elect to use either (1) the value of the services or activities listed in subsection (e) for the hospital year or (2) the average value of those services or activities for the 3 fiscal years ending with the hospital year. If the relevant hospital entity has been in operation for less than 3 completed fiscal years, then the latter calculation, if elected, shall be performed on a pro rata basis.

(e) For purposes of making the calculations required by this Section:

(1) particular services or activities eligible for consideration under any of the paragraphs (1) through (7) of subsection (c) may not be counted under more than one of those paragraphs; and

(2) the amount of unreimbursed costs and the amount of subsidy shall not be reduced by restricted or unrestricted payments.

received by the relevant hospital entity as contributions deductible under Section 170(a) of the Internal Revenue Code.

(f) (Blank).

(g) Estimation of Exempt Property Tax Liability. The estimated property tax liability used for the determination in subsection (b) shall be calculated as follows:

(1) "Estimated property tax liability" means the estimated dollar amount of property tax that would be owed, with respect to the exempt portion of each of the relevant hospital entity's properties that are already fully or partially exempt, or for which an exemption in whole or in part is currently being sought, and then aggregated as applicable, as if the exempt portion of those properties were subject to tax, calculated with respect to each such property by multiplying:

(A) the lesser of (i) the actual assessed value, if any, of the portion of the property for which an exemption is sought or (ii) an estimated assessed value of the exempt portion of such property as determined in item (2) of this subsection (g), by

(B) the applicable State equalization rate (yielding the equalized assessed value), by

(C) the applicable tax rate.

(2) The estimated assessed value of the exempt portion of the property equals the sum of (i) the estimated fair market value of buildings on the property, as determined in accordance with subparagraphs (A) and (B) of this item (2), multiplied by the applicable assessment factor, and (ii) the estimated assessed value of the land portion of the property, as determined in accordance with subparagraph (C).

(A) The "estimated fair market value of buildings on the property" means the replacement value of any exempt portion of buildings on the property, minus depreciation, determined utilizing the cost replacement method whereby the exempt square footage of all such buildings is multiplied by the replacement cost per square foot for Class A Average building found in the most recent edition of the Marshall & Swift Valuation Services Manual, adjusted by any appropriate current cost and local multipliers.
(B) Depreciation, for purposes of calculating the estimated fair market value of buildings on the property, is applied by utilizing a weighted mean life for the buildings based on original construction and assuming a 40-year life for hospital buildings and the applicable life for other types of buildings as specified in the American Hospital Association publication "Estimated Useful Lives of Depreciable Hospital Assets". In the case of hospital buildings, the remaining life is divided by 40 and this ratio is multiplied by the replacement cost of the buildings to obtain an estimated fair market value of buildings. If a hospital building is older than 35 years, a remaining life of 5 years for residual value is assumed; and if a building is less than 8 years old, a remaining life of 32 years is assumed.

(C) The estimated assessed value of the land portion of the property shall be determined by multiplying (i) the per square foot average of the assessed values of three parcels of land (not including farm land, and excluding the assessed value of the improvements thereon) reasonably comparable to the property, by (ii) the number of square feet comprising the exempt portion of the property's land square footage.

(3) The assessment factor, State equalization rate, and tax rate (including any special factors such as Enterprise Zones) used in calculating the estimated property tax liability shall be for the most recent year that is publicly available from the applicable chief county assessment officer or officers at least 90 days before the end of the hospital year.

(4) The method utilized to calculate estimated property tax liability for purposes of this Section 15-86 shall not be utilized for the actual valuation, assessment, or taxation of property pursuant to the Property Tax Code.

(h) For the purpose of this Section, the following terms shall have the meanings set forth below:

(1) "Hospital" means any institution, place, building, buildings on a campus, or other health care facility located in Illinois that is licensed under the Hospital Licensing Act and has a hospital owner.

(2) "Hospital owner" means a not-for-profit corporation that is the titleholder of a hospital, or the owner of the beneficial interest in an Illinois land trust that is the titleholder of a hospital.

(4) "Hospital system" means a hospital and one or more other hospitals or hospital affiliates related by common control or ownership.

(5) "Control" relating to hospital owners, hospital affiliates, or hospital systems means possession, direct or indirect, of the power to direct or cause the direction of the management and policies of the entity, whether through ownership of assets, membership interest, other voting or governance rights, by contract or otherwise.

(6) "Hospital applicant" means a hospital owner or hospital affiliate that files an application for an exemption or renewal of exemption under this Section.

(7) "Relevant hospital entity" means (A) the hospital owner, in the case of a hospital applicant that is a hospital owner, and (B) at the election of a hospital applicant that is a hospital affiliate, either (i) the hospital affiliate or (ii) the hospital system to which the hospital applicant belongs, including any hospitals or hospital affiliates that are related by common control or ownership.

(8) "Subject property" means property used for the calculation under subsection (b) of this Section.

(9) "Hospital year" means the fiscal year of the relevant hospital entity, or the fiscal year of one of the hospital owners in the hospital system if the relevant hospital entity is a hospital system with members with different fiscal years, that ends in the year for which the exemption is sought.

In case any person engaged in the business of selling tangible personal property at retail fails to file a return when and as herein required, but thereafter, prior to the Department's issuance of a notice of tax liability under this Section, files a return but fails to pay the entire tax, a penalty in an amount determined in accordance with Section 3-3 of the Uniform Penalty and Interest Act shall be added thereto.

In case any person engaged in the business of selling tangible personal property at retail fails to file a return, the Department shall determine the amount of tax due from him according to its best judgment and information, which amount so fixed by the Department shall be prima facie correct and shall be prima facie evidence of the correctness of the amount of tax due, as shown in such determination. In making any such determination of tax due, it shall be permissible for the Department to show a figure that represents the tax due for any given period of 6 months instead of showing the amount of tax due for each month separately. Proof of such determination by the Department may be made at any hearing before the Department or in any legal proceeding by a reproduced copy or computer print-out of the Department's record relating thereto in the name of the Department under the certificate of the Director of Revenue. If reproduced copies of the Department's records are offered as proof of such determination, the Director must certify that those copies are true and exact copies of records on file with the Department. If computer print-outs of the Department's records are offered as proof of such determination, the Director must certify that those computer print-outs are true and exact representations of records properly entered into standard electronic computing equipment, in the regular course of the Department's business, at or reasonably near the time of the occurrence of the facts recorded, from trustworthy and reliable information. Such certified reproduced copy or certified computer print-out shall, without further proof, be admitted into evidence before the Department or in any legal proceeding and shall be prima facie proof of the correctness of the amount of tax due, as shown therein. The Department shall issue the taxpayer a notice of tax liability for the amount of tax claimed by the Department to be due, together with a penalty of 30% thereof.

However, where the failure to file any tax return required under this Act on the date prescribed therefor (including any extensions thereof), is shown to be unintentional and nonfraudulent and has not occurred in the 2 years immediately preceding the failure to file on the prescribed date or

is due to other reasonable cause the penalties imposed by this Act shall not apply.

The taxpayer or the taxpayer's legal representative may, within 60 days after such notice, file a protest to such notice of tax liability with the Department and request a hearing thereon. The Department shall give notice to such person or the legal representative of such person of the time and place fixed for such hearing, and shall hold a hearing in conformity with the provisions of this Act, and pursuant thereto shall issue a final assessment to such person or to the legal representative of such person for the amount found to be due as a result of such hearing. On and after July 1, 2013, protests concerning matters that are under the jurisdiction of the Illinois Independent Tax Tribunal shall be filed with the Illinois Independent Tax Tribunal in accordance with the Illinois Independent Tax Tribunal Act of 2012, and hearings concerning those matters shall be held before the Tribunal in accordance with that Act. With respect to protests filed with the Illinois Independent Tax Tribunal, the Tribunal shall give notice to that person or the legal representative of that person of the time and place fixed for a hearing, and shall hold a hearing in conformity with the provisions of this Act and the Illinois Independent Tax Tribunal Act of 2012; and pursuant thereto the Department shall issue a final assessment to such person or to the legal representative of such person for the amount found to be due as a result of the hearing. With respect to protests filed with the Department prior to July 1, 2013 that would otherwise be subject to the jurisdiction of the Illinois Independent Tax Tribunal, the taxpayer may elect to be subject to the provisions of the Illinois Independent Tax Tribunal Act of 2012 at any time on or after July 1, 2013, but not later than 30 days after the date on which the protest was filed. If made, the election shall be irrevocable.

If a protest to the notice of tax liability and a request for a hearing thereon is not filed within 60 days after such notice, such notice of tax liability shall become final without the necessity of a final assessment being issued and shall be deemed to be a final assessment.

After the issuance of a final assessment, or a notice of tax liability which becomes final without the necessity of actually issuing a final assessment as hereinbefore provided, the Department, at any time before such assessment is reduced to judgment, may (subject to rules of the Department) grant a rehearing (or grant departmental review and hold an original hearing if no previous hearing in the matter has been held) upon the application of the person aggrieved. Pursuant to such hearing or

rehearing, the Department shall issue a revised final assessment to such person or his legal representative for the amount found to be due as a result of such hearing or rehearing.

Except in case of failure to file a return, or with the consent of the person to whom the notice of tax liability is to be issued, no notice of tax liability shall be issued on and after each July 1 and January 1 covering gross receipts received during any month or period of time more than 3 years prior to such July 1 and January 1, respectively, except that if a return is not filed at the required time, a notice of tax liability may be issued not later than 3 years after the time the return is filed. The foregoing limitations upon the issuance of a notice of tax liability shall not apply to the issuance of any such notice with respect to any period of time prior thereto in cases where the Department has, within the period of limitation then provided, notified a person of the amount of tax computed even though the Department had not determined the amount of tax due from such person in the manner required herein prior to the issuance of such notice, but in no case shall the amount of any such notice of tax liability for any period otherwise barred by this Act exceed for such period the amount shown in the notice theretofore issued.

If, when a tax or penalty under this Act becomes due and payable, the person alleged to be liable therefor is out of the State, the notice of tax liability may be issued within the times herein limited after his or her coming into or return to the State; and if, after the tax or penalty under this Act becomes due and payable, the person alleged to be liable therefor departs from and remains out of the State, the time of his or her absence is no part of the time limited for the issuance of the notice of tax liability; but the foregoing provisions concerning absence from the State shall not apply to any case in which, at the time when a tax or penalty becomes due under this Act, the person allegedly liable therefor is not a resident of this State.

The time limitation period on the Department's right to issue a notice of tax liability shall not run during any period of time in which the order of any court has the effect of enjoining or restraining the Department from issuing the notice of tax liability.

In case of failure to pay the tax, or any portion thereof, or any penalty provided for in this Act, or interest, when due, the Department may bring suit to recover the amount of such tax, or portion thereof, or penalty or interest; or, if the taxpayer has died or become a person under legal disability, may file a claim therefor against his estate; provided that no such suit with respect to any tax, or portion thereof, or penalty, or

interest shall be instituted more than 6 years after the date any proceedings in court for review thereof have terminated or the time for the taking thereof has expired without such proceedings being instituted, except with the consent of the person from whom such tax or penalty or interest is due; nor, except with such consent, shall such suit be instituted more than 6 years after the date any return is filed with the Department in cases where the return constitutes the basis for the suit for unpaid tax, or portion thereof, or penalty provided for in this Act, or interest: Provided that the time limitation period on the Department's right to bring any such suit shall not run during any period of time in which the order of any court has the effect of enjoining or restraining the Department from bringing such suit.

After the expiration of the period within which the person assessed may file an action for judicial review under the Administrative Review Law or the Illinois Independent Tax Tribunal Act of 2012, as applicable, without such an action being filed, a certified copy of the final assessment or revised final assessment of the Department may be filed with the Circuit Court of the county in which the taxpayer has his principal place of business, or of Sangamon County in those cases in which the taxpayer does not have his principal place of business in this State. The certified copy of the final assessment or revised final assessment shall be accompanied by a certification which recites facts that are sufficient to show that the Department complied with the jurisdictional requirements of the Act in arriving at its final assessment or its revised final assessment and that the taxpayer had his opportunity for an administrative hearing and for judicial review, whether he availed himself or herself of either or both of these opportunities or not. If the court is satisfied that the Department complied with the jurisdictional requirements of the Act in arriving at its final assessment or its revised final assessment and that the taxpayer had his opportunity for an administrative hearing and for judicial review, whether he availed himself of either or both of these opportunities or not, the court shall render judgment in favor of the Department and against the taxpayer for the amount shown to be due by the final assessment or the revised final assessment, plus any interest which may be due, and such judgment shall be entered in the judgment docket of the court. Such judgment shall bear the rate of interest as set by the Uniform Penalty and Interest Act, but otherwise shall have the same effect as other judgments. The judgment may be enforced, and all laws applicable to sales for the enforcement of a judgment shall be applicable to sales made under such

judgments. The Department shall file the certified copy of its assessment, as herein provided, with the Circuit Court within 6 years after such assessment becomes final except when the taxpayer consents in writing to an extension of such filing period, and except that the time limitation period on the Department's right to file the certified copy of its assessment with the Circuit Court shall not run during any period of time in which the order of any court has the effect of enjoining or restraining the Department from filing such certified copy of its assessment with the Circuit Court.

If, when the cause of action for a proceeding in court accrues against a person, he or she is out of the State, the action may be commenced within the times herein limited, after his or her coming into or return to the State; and if, after the cause of action accrues, he or she departs from and remains out of the State, the time of his or her absence is no part of the time limited for the commencement of the action; but the foregoing provisions concerning absence from the State shall not apply to any case in which, at the time the cause of action accrues, the party against whom the cause of action accrues is not a resident of this State. The time within which a court action is to be commenced by the Department hereunder shall not run from the date the taxpayer files a petition in bankruptcy under the Federal Bankruptcy Act until 30 days after notice of termination or expiration of the automatic stay imposed by the Federal Bankruptcy Act.

No claim shall be filed against the estate of any deceased person or any person under legal disability for any tax or penalty or part of either, or interest, except in the manner prescribed and within the time limited by the Probate Act of 1975, as amended.

The collection of tax or penalty or interest by any means provided for herein shall not be a bar to any prosecution under this Act.

In addition to any penalty provided for in this Act, any amount of tax which is not paid when due shall bear interest at the rate and in the manner specified in Sections 3-2 and 3-9 of the Uniform Penalty and Interest Act from the date when such tax becomes past due until such tax is paid or a judgment therefor is obtained by the Department. If the time for making or completing an audit of a taxpayer's books and records is extended with the taxpayer's consent, at the request of and for the convenience of the Department, beyond the date on which the statute of limitations upon the issuance of a notice of tax liability by the Department otherwise would run, no interest shall accrue during the period of such
extension or until a Notice of Tax Liability is issued, whichever occurs first.

In addition to any other remedy provided by this Act, and regardless of whether the Department is making or intends to make use of such other remedy, where a corporation or limited liability company registered under this Act violates the provisions of this Act or of any rule or regulation promulgated thereunder, the Department may give notice to the Attorney General of the identity of such a corporation or limited liability company and of the violations committed by such a corporation or limited liability company, for such action as is not already provided for by this Act and as the Attorney General may deem appropriate.

If the Department determines that an amount of tax or penalty or interest was incorrectly assessed, whether as the result of a mistake of fact or an error of law, the Department shall waive the amount of tax or penalty or interest that accrued due to the incorrect assessment.

Sec. 12. The Department is authorized to make, promulgate and enforce such reasonable rules and regulations relating to the administration and enforcement of the provisions of this Act as may be deemed expedient.

Whenever notice is required by this Act, such notice may be given by United States registered or certified mail, addressed to the person concerned at his last known address, and proof of such mailing shall be sufficient for the purposes of this Act. Notice of any hearing provided for by this Act shall be so given not less than 7 days prior to the day fixed for the hearing. Following the initial contact of a person represented by an attorney, the Department shall not contact the person concerned but shall only contact the attorney representing the person concerned.

All hearings provided for in this Act with respect to or concerning a taxpayer having his or her principal place of business in this State other than in Cook County shall be held at the Department's office nearest to the location of the taxpayer's principal place of business: Provided that if the taxpayer has his or her principal place of business in Cook County, such hearing shall be held in Cook County; and provided, further, that if the taxpayer does not have his or her principal place of business in this State, such hearing shall be held in Sangamon County.

The Circuit Court of the County wherein the taxpayer has his or her principal place of business, or of Sangamon County in those cases where the taxpayer does not have his or her principal place of business in this State, shall have power to review all final administrative decisions of the Department in administering the provisions of this Act: Provided that if the administrative proceeding which is to be reviewed judicially is a claim for refund proceeding commenced in accordance with Section 6 of this Act and Section 2a of "An Act in relation to the payment and disposition of moneys received by officers and employees of the State of Illinois by virtue of their office or employment", approved June 9, 1911, as amended, the Circuit Court having jurisdiction of the action for judicial review under this Section and under the Administrative Review Law, as amended, shall be the same court that entered the temporary restraining order or preliminary injunction which is provided for in Section 2a of "An Act in relation to the payment and disposition of moneys received by officers and employees of the State of Illinois by virtue of their office or employment", and which enables such claim proceeding to be processed and disposed of as a claim for refund proceeding rather than as a claim for credit proceeding.

The provisions of the Administrative Review Law, and the rules adopted pursuant thereto, shall apply to and govern all proceedings for the judicial review of final administrative decisions of the Department hereunder, except with respect to protests and hearings held before the Illinois Independent Tax Tribunal. The provisions of the Illinois Independent Tax Tribunal Act of 2012, and the rules adopted pursuant thereto, shall apply to and govern all proceedings for the judicial review of administrative decisions of the Department that are subject to the jurisdiction of the Illinois Independent Tax Tribunal. The term "administrative decision" is defined as in Section 3-101 of the Code of Civil Procedure.

Except with respect to decisions that are subject to the jurisdiction of the Illinois Independent Tax Tribunal, any person filing an action under the Administrative Review Law to review a final assessment or revised final assessment issued by the Department under this Act shall, within 20 days after filing the complaint, file a bond with good and sufficient surety or sureties residing in this State or licensed to do business in this State or, instead of the bond, obtain an order from the court imposing a lien upon the plaintiff's property as hereinafter provided. If the person filing the complaint fails to comply with this bonding requirement within 20 days

after filing the complaint, the Department shall file a motion to dismiss and the court shall dismiss the action unless the person filing the action complies with the bonding requirement set out in this provision within 30 days after the filing of the Department's motion to dismiss. Upon dismissal of any complaint for failure to comply with the jurisdictional prerequisites herein set forth, the court is empowered to and shall enter judgment against the taxpayer and in favor of the Department in the amount of the final assessment or revised final assessment, together with any interest which may have accrued since the Department issued the final assessment or revised final assessment, and for costs, which judgment is enforceable as other judgments for the payment of money. The lien provided for in this Section shall not be applicable to the real property of a corporate surety duly licensed to do business in this State. The amount of such bond shall be fixed and approved by the court, but shall not be less than the amount of the tax and penalty claimed to be due by the Department in its final assessment or revised final assessment to the person filing such bond, plus the amount of interest due from such person to the Department at the time when the Department issued its final assessment to such person. Such bond shall be executed to the Department of Revenue and shall be conditioned on the taxpayer's payment within 30 days after termination of the proceedings for judicial review of the amount of tax and penalty and interest found by the court to be due in such proceedings for judicial review. Such bond, when filed and approved, shall, from such time until 2 years after termination of the proceedings for judicial review in which the bond is filed, be a lien against the real estate situated in the county in which the bond is filed, of the person filing such bond, and of the surety or sureties on such bond, until the condition of the bond has been complied with or until the bond has been canceled as hereinafter provided. If the person filing any such bond fails to keep the condition thereof, such bond shall thereupon be forfeited, and the Department may institute an action upon such bond in its own name for the entire amount of the bond and costs. Such action upon the bond shall be in addition to any other remedy provided for herein. If the person filing such bond complies with the condition thereof, or if, in the proceedings for judicial review in which such bond is filed, the court determines that no amount of tax or penalty or interest is due, such bond shall be canceled.

If the court finds in a particular case that the plaintiff cannot procure and furnish a satisfactory surety or sureties for the kind of bond required herein, the court may relieve the plaintiff of the obligation of

filing such bond, if, upon the timely application for a lien in lieu thereof and accompanying proof therein submitted, the court is satisfied that any such lien imposed would operate to secure the assessment in the manner and to the degree as would a bond. Upon a finding that such lien applied for would secure the assessment at issue, the court shall enter an order, in lieu of such bond, subjecting the plaintiff's real and personal property (including subsequently acquired property), situated in the county in which such order is entered, to a lien in favor of the Department. Such lien shall be for the amount of the tax and penalty claimed to be due by the Department in its final assessment or revised final assessment, plus the amount of interest due from such person to the Department at the time when the Department issued its final assessment to such person, and shall continue in full force and effect until the termination of the proceedings for judicial review, or until the plaintiff pays, to the Department, the tax and penalty and interest to secure which the lien is given, whichever happens first. In the exercise of its discretion, the court may impose a lien regardless of the ratio of the taxpayer's assets to the final assessment or revised final assessment plus the amount of the interest and penalty. Nothing in this Section shall be construed to give the Department a preference over the rights of any bona fide purchaser, mortgagee, judgment creditor or other lien holder arising prior to the entry of the order creating such lien in favor of the Department: Provided, however, that the word "bona fide", as used in this Section, shall not include any mortgage of real or personal property or any other credit transaction that results in the mortgagee or the holder of the security acting as trustee for unsecured creditors of the taxpayer mentioned in the order for lien who executed such chattel or real property mortgage or the document evidencing such credit transaction. Such lien shall be inferior to the lien of general taxes, special assessments and special taxes heretofore or hereafter levied by any political subdivision of this State. Such lien shall not be effective against any purchaser with respect to any item in a retailer's stock in trade purchased from the retailer in the usual course of such retailer's business, and such lien shall not be enforced against the household effects, wearing apparel, or the books, tools or implements of a trade or profession kept for use by any person. Such lien shall not be effective against real property whose title is registered under the provisions of "An Act concerning land titles", approved May 1, 1897, as amended, until the provisions of Section 85 of that Act are complied with.
Service upon the Director of Revenue or the Assistant Director of Revenue of the Department of Revenue of summons issued in an action to review a final administrative decision of the Department shall be service upon the Department. The Department shall certify the record of its proceedings if the taxpayer pays to it the sum of 75¢ per page of testimony taken before the Department and 25¢ per page of all other matters contained in such record, except that these charges may be waived where the Department is satisfied that the aggrieved party is a poor person who cannot afford to pay such charges. If payment for such record is not made by the taxpayer within 30 days after notice from the Department or the Attorney General of the cost thereof, the court in which the proceeding is pending, on motion of the Department, shall dismiss the complaint and (where the administrative decision as to which the action for judicial review was filed is a final assessment or revised final assessment) shall enter judgment against the taxpayer and in favor of the Department for the amount of tax and penalty shown by the Department's final assessment or revised final assessment to be due, plus interest as provided for in Section 5 of this Act from the date when the liability upon which such interest accrued became delinquent until the entry of the judgment in the action for judicial review under the Administrative Review Law, and also for costs.

Whenever any proceeding provided by this Act is begun before the Department, either by the Department or by a person subject to this Act, and such person thereafter dies or becomes a person under legal disability before such proceeding is concluded, the legal representative of the deceased or person under legal disability shall notify the Department of such death or legal disability. Such legal representative, as such, shall then be substituted by the Department for such person. If the legal representative fails to notify the Department of his or her appointment as such legal representative, the Department may, upon its own motion, substitute such legal representative in the proceeding pending before the Department for the person who died or became a person under legal disability.

The changes made by this amendatory Act of 1995 apply to all actions pending on and after the effective date of this amendatory Act of 1995 to review a final assessment or revised final assessment issued by the Department.

Sec. 1-100. Arrest and seizure. Any duly authorized employee of the Department: may arrest without warrant any person committing in his presence a violation of any of the provisions of this Act; may without a search warrant inspect all cigarettes and cigarette machines located in any place of business; and may seize any contraband cigarettes and any cigarette machines in which such contraband cigarettes may be found or may be made, and such packages or cigarette machines so seized shall be subject to confiscation and forfeiture as provided in Section 1-105 of this Act.

Section 190. The Cigarette Tax Act is amended by changing Sections 3, 9a, and 9b as follows:

Sec. 3. Affixing tax stamp; remitting tax to the Department. Payment of the taxes imposed by Section 2 of this Act shall (except as hereinafter provided) be evidenced by revenue tax stamps affixed to each original package of cigarettes. Each distributor of cigarettes, before delivering or causing to be delivered any original package of cigarettes in this State to a purchaser, shall firmly affix a proper stamp or stamps to each such package, or (in case of manufacturers of cigarettes in original packages which are contained inside a sealed transparent wrapper) shall imprint the required language on the original package of cigarettes beneath such outside wrapper, as hereinafter provided.

No stamp or imprint may be affixed to, or made upon, any package of cigarettes unless that package complies with all requirements of the federal Cigarette Labeling and Advertising Act, 15 U.S.C. 1331 and following, for the placement of labels, warnings, or any other information upon a package of cigarettes that is sold within the United States. Under the authority of Section 6, the Department shall revoke the license of any distributor that is determined to have violated this paragraph. A person may not affix a stamp on a package of cigarettes, cigarette papers, wrappers, or tubes if that individual package has been marked for export outside the United States with a label or notice in compliance with Section 290.185 of Title 27 of the Code of Federal Regulations. It is not a defense to a proceeding for violation of this paragraph that the label or notice has been removed, mutilated, obliterated, or altered in any manner.

Only distributors licensed under this Act and transporters, as defined in Section 9c of this Act, may possess unstamped original
packages of cigarettes. Prior to shipment to a secondary distributor or an Illinois retailer, a stamp shall be applied to each original package of cigarettes sold to the secondary distributor or retailer. A distributor may apply tax stamps only to original packages of cigarettes purchased or obtained directly from an in-state maker, manufacturer, or fabricator licensed as a distributor under Section 4 of this Act or an out-of-state maker, manufacturer, or fabricator holding a permit under Section 4b of this Act. A licensed distributor may ship or otherwise cause to be delivered unstamped original packages of cigarettes in, into, or from this State. A licensed distributor may transport unstamped original packages of cigarettes to a facility, wherever located, owned or controlled by such distributor; however, a distributor may not transport unstamped original packages of cigarettes to a facility where retail sales of cigarettes take place or to a facility where a secondary distributor makes sales for resale. Any licensed distributor that ships or otherwise causes to be delivered unstamped original packages of cigarettes into, within, or from this State shall ensure that the invoice or equivalent documentation and the bill of lading or freight bill for the shipment identifies the true name and address of the consignor or seller, the true name and address of the consignee or purchaser, and the quantity by brand style of the cigarettes so transported, provided that this Section shall not be construed as to impose any requirement or liability upon any common or contract carrier.

The Department, or any person authorized by the Department, shall sell such stamps only to persons holding valid licenses as distributors under this Act. On and after July 1, 2003, payment for such stamps must be made by means of electronic funds transfer. The Department may refuse to sell stamps to any person who does not comply with the provisions of this Act. Beginning on the effective date of this amendatory Act of the 92nd General Assembly and through June 30, 2002, persons holding valid licenses as distributors may purchase cigarette tax stamps up to an amount equal to 115% of the distributor's average monthly cigarette tax stamp purchases over the 12 calendar months prior to the effective date of this amendatory Act of the 92nd General Assembly.

Prior to December 1, 1985, the Department shall allow a distributor 21 days in which to make final payment of the amount to be paid for such stamps, by allowing the distributor to make payment for the stamps at the time of purchasing them with a draft which shall be in such form as the Department prescribes, and which shall be payable within 21 days thereafter: Provided that such distributor has filed with the
Department, and has received the Department's approval of, a bond, which is in addition to the bond required under Section 4 of this Act, payable to the Department in an amount equal to 80% of such distributor's average monthly tax liability to the Department under this Act during the preceding calendar year or $500,000, whichever is less. The Bond shall be joint and several and shall be in the form of a surety company bond in such form as the Department prescribes, or it may be in the form of a bank certificate of deposit or bank letter of credit. The bond shall be conditioned upon the distributor's payment of amount of any 21-day draft which the Department accepts from that distributor for the delivery of stamps to that distributor under this Act. The distributor's failure to pay any such draft, when due, shall also make such distributor automatically liable to the Department for a penalty equal to 25% of the amount of such draft.

On and after December 1, 1985 and until July 1, 2003, the Department shall allow a distributor 30 days in which to make final payment of the amount to be paid for such stamps, by allowing the distributor to make payment for the stamps at the time of purchasing them with a draft which shall be in such form as the Department prescribes, and which shall be payable within 30 days thereafter, and beginning on January 1, 2003 and thereafter, the draft shall be payable by means of electronic funds transfer: Provided that such distributor has filed with the Department, and has received the Department's approval of, a bond, which is in addition to the bond required under Section 4 of this Act, payable to the Department in an amount equal to 150% of such distributor's average monthly tax liability to the Department under this Act during the preceding calendar year or $750,000, whichever is less, except that as to bonds filed on or after January 1, 1987, such additional bond shall be in an amount equal to 100% of such distributor's average monthly tax liability under this Act during the preceding calendar year or $750,000, whichever is less. The bond shall be joint and several and shall be in the form of a surety company bond in such form as the Department prescribes, or it may be in the form of a bank certificate of deposit or bank letter of credit. The bond shall be conditioned upon the distributor's payment of the amount of any 30-day draft which the Department accepts from that distributor for the delivery of stamps to that distributor under this Act. The distributor's failure to pay any such draft, when due, shall also make such distributor automatically liable to the Department for a penalty equal to 25% of the amount of such draft.
Every prior continuous compliance taxpayer shall be exempt from all requirements under this Section concerning the furnishing of such bond, as defined in this Section, as a condition precedent to his being authorized to engage in the business licensed under this Act. This exemption shall continue for each such taxpayer until such time as he may be determined by the Department to be delinquent in the filing of any returns, or is determined by the Department (either through the Department's issuance of a final assessment which has become final under the Act, or by the taxpayer's filing of a return which admits tax to be due that is not paid) to be delinquent or deficient in the paying of any tax under this Act, at which time that taxpayer shall become subject to the bond requirements of this Section and, as a condition of being allowed to continue to engage in the business licensed under this Act, shall be required to furnish bond to the Department in such form as provided in this Section. Such taxpayer shall furnish such bond for a period of 2 years, after which, if the taxpayer has not been delinquent in the filing of any returns, or delinquent or deficient in the paying of any tax under this Act, the Department may reinstate such person as a prior continuance compliance taxpayer. Any taxpayer who fails to pay an admitted or established liability under this Act may also be required to post bond or other acceptable security with the Department guaranteeing the payment of such admitted or established liability.

Except as otherwise provided in this Section, any person aggrieved by any decision of the Department under this Section may, within the time allowed by law, protest and request a hearing, whereupon the Department shall give notice and shall hold a hearing in conformity with the provisions of this Act and then issue its final administrative decision in the matter to such person. On and after July 1, 2013, protests concerning matters that are subject to the jurisdiction of the Illinois Independent Tax Tribunal shall be filed with the Tribunal in accordance with the Illinois Independent Tax Tribunal Act of 2012, and hearings on those matters shall be held before the Tribunal in accordance with that Act. With respect to protests filed with the Department prior to July 1, 2013 that would otherwise be subject to the jurisdiction of the Illinois Independent Tax Tribunal, the taxpayer may elect to be subject to the provisions of the Illinois Independent Tax Tribunal Act of 2012 at any time on or after July 1, 2013, but not later than 30 days after the date on which the protest was filed. If made, the election shall be irrevocable. In the absence of such a protest filed within the time allowed by law, the Department's decision shall

become final without any further determination being made or notice given.

The Department shall discharge any surety and shall release and return any bond or security deposited, assigned, pledged, or otherwise provided to it by a taxpayer under this Section within 30 days after:

(1) Such taxpayer becomes a prior continuous compliance taxpayer; or

(2) Such taxpayer has ceased to collect receipts on which he is required to remit tax to the Department, has filed a final tax return, and has paid to the Department an amount sufficient to discharge his remaining tax liability as determined by the Department under this Act. The Department shall make a final determination of the taxpayer's outstanding tax liability as expeditiously as possible after his final tax return has been filed. If the Department cannot make such final determination within 45 days after receiving the final tax return, within such period it shall so notify the taxpayer, stating its reasons therefor.

The Department may authorize distributors to affix revenue tax stamps by imprinting tax meter stamps upon original packages of cigarettes. The Department shall adopt rules and regulations relating to the imprinting of such tax meter stamps as will result in payment of the proper taxes as herein imposed. No distributor may affix revenue tax stamps to original packages of cigarettes by imprinting tax meter stamps thereon unless such distributor has first obtained permission from the Department to employ this method of affixation. The Department shall regulate the use of tax meters and may, to assure the proper collection of the taxes imposed by this Act, revoke or suspend the privilege, theretofore granted by the Department to any distributor, to imprint tax meter stamps upon original packages of cigarettes.

Illinois cigarette manufacturers who place their cigarettes in original packages which are contained inside a sealed transparent wrapper, and similar out-of-State cigarette manufacturers who elect to qualify and are accepted by the Department as distributors under Section 4b(a) of this Act, shall pay the taxes imposed by this Act by remitting the amount thereof to the Department by the 5th day of each month covering cigarettes shipped or otherwise delivered in Illinois to purchasers during the preceding calendar month. Such manufacturers of cigarettes in original packages which are contained inside a sealed transparent wrapper, before delivering such cigarettes or causing such cigarettes to be delivered in this

State to purchasers, shall evidence their obligation to remit the taxes due with respect to such cigarettes by imprinting language to be prescribed by the Department on each original package of such cigarettes underneath the sealed transparent outside wrapper of such original package, in such place thereon and in such manner as the Department may designate. Such imprinted language shall acknowledge the manufacturer's payment of or liability for the tax imposed by this Act with respect to the distribution of such cigarettes.

A distributor shall not affix, or cause to be affixed, any stamp or imprint to a package of cigarettes, as provided for in this Section, if the tobacco product manufacturer, as defined in Section 10 of the Tobacco Product Manufacturers' Escrow Act, that made or sold the cigarettes has failed to become a participating manufacturer, as defined in subdivision (a)(1) of Section 15 of the Tobacco Product Manufacturers' Escrow Act, or has failed to create a qualified escrow fund for any cigarettes manufactured by the tobacco product manufacturer and sold in this State or otherwise failed to bring itself into compliance with subdivision (a)(2) of Section 15 of the Tobacco Product Manufacturers' Escrow Act.

Sec. 9a. Examination and correction of returns.

(1) As soon as practicable after any return is filed, the Department shall examine such return and shall correct such return according to its best judgment and information, which return so corrected by the Department shall be prima facie correct and shall be prima facie evidence of the correctness of the amount of tax due, as shown therein. Instead of requiring the distributor to file an amended return, the Department may simply notify the distributor of the correction or corrections it has made. Proof of such correction by the Department may be made at any hearing before the Department or in any legal proceeding by a reproduced copy of the Department's record relating thereto in the name of the Department under the certificate of the Director of Revenue. Such reproduced copy shall, without further proof, be admitted into evidence before the Department or in any legal proceeding and shall be prima facie proof of the correctness of the amount of tax due, as shown therein. If the Department finds that any amount of tax is due from the distributor, the Department shall issue the distributor a notice of tax liability for the amount of tax claimed by the Department to be due, together with a

penalty in an amount determined in accordance with Sections 3-3, 3-5 and 3-6 of the Uniform Penalty and Interest Act. If, in administering the provisions of this Act, comparison of a return or returns of a distributor with the books, records and inventories of such distributor discloses a deficiency which cannot be allocated by the Department to a particular month or months, the Department shall issue the distributor a notice of tax liability for the amount of tax claimed by the Department to be due for a given period, but without any obligation upon the Department to allocate such deficiency to any particular month or months, together with a penalty in an amount determined in accordance with Sections 3-3, 3-5 and 3-6 of the Uniform Penalty and Interest Act, under which circumstances the aforesaid notice of tax liability shall be prima facie correct and shall be prima facie evidence of the correctness of the amount of tax due, as shown therein; and proof of such correctness may be made in accordance with, and the admissibility of a reproduced copy of such notice of tax liability shall be governed by, all the provisions of this Act applicable to corrected returns. If any distributor filing any return dies or becomes a person under legal disability at any time before the Department issues its notice of tax liability, such notice shall be issued to the administrator, executor or other legal representative, as such, of such distributor.

(2) Except as otherwise provided in this Section, if, within 60 days after such notice of tax liability, the distributor or his or her legal representative files a protest to such notice of tax liability and requests a hearing thereon, the Department shall give notice to such distributor or legal representative of the time and place fixed for such hearing, and shall hold a hearing in conformity with the provisions of this Act, and pursuant thereto shall issue a final assessment to such distributor or legal representative for the amount found to be due as a result of such hearing. On or after July 1, 2013, protests concerning matters that are subject to the jurisdiction of the Illinois Independent Tax Tribunal shall be filed in accordance with the Illinois Independent Tax Tribunal Act of 2012, and hearings concerning those matters shall be held before the Tribunal in accordance with that Act. With respect to protests filed with the Department prior to July 1, 2013 that would otherwise be subject to the jurisdiction of the Illinois Independent Tax Tribunal, the taxpayer may elect to be subject to the provisions of the Illinois Independent Tax Tribunal Act of 2012 at any time on or after July 1, 2013, but not later than 30 days after the date on which the protest was filed. If made, the election shall be irrevocable. If a protest to the notice of tax liability and a request

for a hearing thereon is not filed within the time allowed by law, such notice of tax liability shall become final without the necessity of a final assessment being issued and shall be deemed to be a final assessment.

(3) In case of failure to pay the tax, or any portion thereof, or any penalty provided for in this Act, when due, the Department may bring suit to recover the amount of such tax, or portion thereof, or penalty; or, if the taxpayer dies or becomes incompetent, by filing claim therefor against his estate; provided that no such action with respect to any tax, or portion thereof, or penalty, shall be instituted more than 2 years after the cause of action accrues, except with the consent of the person from whom such tax or penalty is due.

After the expiration of the period within which the person assessed may file an action for judicial review under the Administrative Review Law without such an action being filed, a certified copy of the final assessment or revised final assessment of the Department may be filed with the Circuit Court of the county in which the taxpayer has his or her principal place of business, or of Sangamon County in those cases in which the taxpayer does not have his principal place of business in this State. The certified copy of the final assessment or revised final assessment shall be accompanied by a certification which recites facts that are sufficient to show that the Department complied with the jurisdictional requirements of the Law in arriving at its final assessment or its revised final assessment and that the taxpayer had his or her opportunity for an administrative hearing and for judicial review, whether he availed himself or herself of either or both of these opportunities or not. If the court is satisfied that the Department complied with the jurisdictional requirements of the Law in arriving at its final assessment or its revised final assessment and that the taxpayer had his or her opportunity for an administrative hearing and for judicial review, whether he or she availed himself or herself of either or both of these opportunities or not, the court shall enter judgment in favor of the Department and against the taxpayer for the amount shown to be due by the final assessment or the revised final assessment, and such judgment shall be filed of record in the court. Such judgment shall bear the rate of interest set in the Uniform Penalty and Interest Act, but otherwise shall have the same effect as other judgments. The judgment may be enforced, and all laws applicable to sales for the enforcement of a judgment shall be applicable to sales made under such judgments. The Department shall file the certified copy of its assessment, as herein provided, with the Circuit Court within 2 years after such
assessment becomes final except when the taxpayer consents in writing to an extension of such filing period.

If, when the cause of action for a proceeding in court accrues against a person, he or she is out of the State, the action may be commenced within the times herein limited, after his or her coming into or return to the State; and if, after the cause of action accrues, he or she departs from and remains out of the State, the time of his or her absence is no part of the time limited for the commencement of the action; but the foregoing provisions concerning absence from the State shall not apply to any case in which, at the time the cause of action accrues, the party against whom the cause of action accrues is not a resident of this State. The time within which a court action is to be commenced by the Department hereunder shall not run while the taxpayer is a debtor in any proceeding under the Federal Bankruptcy Act nor thereafter until 90 days after the Department is notified by such debtor of being discharged in bankruptcy.

No claim shall be filed against the estate of any deceased person or a person under legal disability for any tax or penalty or part of either except in the manner prescribed and within the time limited by the Probate Act of 1975, as amended.

The remedies provided for herein shall not be exclusive, but all remedies available to creditors for the collection of debts shall be available for the collection of any tax or penalty due hereunder.

The collection of tax or penalty by any means provided for herein shall not be a bar to any prosecution under this Act.

The certificate of the Director of the Department to the effect that a tax or amount required to be paid by this Act has not been paid, that a return has not been filed, or that information has not been supplied pursuant to the provisions of this Act, shall be prima facie evidence thereof.

All of the provisions of Sections 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5i and 5j of the Retailers' Occupation Tax Act, which are not inconsistent with this Act, and Section 3-7 of the Uniform Penalty and Interest Act shall apply, as far as practicable, to the subject matter of this Act to the same extent as if such provisions were included herein. References in such incorporated Sections of the "Retailers' Occupation Tax Act" to retailers, to sellers or to persons engaged in the business of selling tangible personal property shall mean distributors when used in this Act.

Sec. 9b. Failure to file return; penalty; protest. In case any person who is required to file a return under this Act fails to file such return, the Department shall determine the amount of tax due from him according to its best judgment and information, which amount so fixed by the Department shall be prima facie correct and shall be prima facie evidence of the correctness of the amount of tax due, as shown in such determination. Proof of such determination by the Department may be made at any hearing before the Department or in any legal proceeding by a reproduced copy of the Department's record relating thereto in the name of the Department under the certificate of the Director of Revenue. Such reproduced copy shall, without further proof, be admitted into evidence before the Department or in any legal proceeding and shall be prima facie proof of the correctness of the amount of tax due, as shown therein. The Department shall issue such person a notice of tax liability for the amount of tax claimed by the Department to be due, together with a penalty in an amount determined in accordance with Sections 3-3, 3-5 and 3-6 of the Uniform Penalty and Interest Act. If such person or the legal representative of such person, within 60 days after such notice, files a protest to such notice of tax liability and requests a hearing thereon, the Department shall give notice to such person or the legal representative of such person of the time and place fixed for such hearing and shall hold a hearing in conformity with the provisions of this Act, and pursuant thereto shall issue a final assessment to such person or to the legal representative of such person for the amount found to be due as a result of such hearing. Hearings to protest a notice of tax liability issued pursuant to this Section that are conducted as a result of a protest filed with the Illinois Independent Tax Tribunal on or after July 1, 2013 shall be conducted pursuant to the Illinois Independent Tax Tribunal Act of 2012. If a protest to the notice of tax liability and a request for a hearing thereon is not filed within 60 days after such notice of tax liability, such notice of tax liability shall become final without the necessity of a final assessment being issued and shall be deemed to be a final assessment.

Section 195. The Property Tax Code is amended by changing Sections 10-380 and 15-175 as follows:

(35 ILCS 200/10-380)

Sec. 10-380. For the taxable years 2006 and thereafter, the chief county assessment officer in the county in which property subject to a PPV Lease is located shall apply the provisions of Sections 10-370(b)(i) and 10-
Sec. 15-175. General homestead exemption.

(a) Except as provided in Sections 15-176 and 15-177, homestead property is entitled to an annual homestead exemption limited, except as described here with relation to cooperatives, to a reduction in the equalized assessed value of homestead property equal to the increase in equalized assessed value for the current assessment year above the equalized assessed value of the property for 1977, up to the maximum reduction set forth below. If however, the 1977 equalized assessed value upon which taxes were paid is subsequently determined by local assessing officials, the Property Tax Appeal Board, or a court to have been excessive, the equalized assessed value which should have been placed on the property for 1977 shall be used to determine the amount of the exemption.

(b) Except as provided in Section 15-176, the maximum reduction before taxable year 2004 shall be $4,500 in counties with 3,000,000 or more inhabitants and $3,500 in all other counties. Except as provided in Sections 15-176 and 15-177, for taxable years 2004 through 2007, the maximum reduction shall be $5,000, for taxable year 2008, the maximum reduction is $5,500, and, for taxable years 2009 and thereafter, the maximum reduction is $6,000 in all counties. If a county has elected to subject itself to the provisions of Section 15-176 as provided in subsection (k) of that Section, then, for the first taxable year only after the provisions of Section 15-176 no longer apply, for owners who, for the taxable year, have not been granted a senior citizens assessment freeze homestead exemption under Section 15-172 or a long-time occupant homestead exemption under Section 15-177, there shall be an additional exemption of $5,000 for owners with a household income of $30,000 or less.

(c) In counties with fewer than 3,000,000 inhabitants, if, based on the most recent assessment, the equalized assessed value of the homestead property for the current assessment year is greater than the equalized assessed value of the property for 1977, the owner of the property shall automatically receive the exemption granted under this Section in an amount equal to the increase over the 1977 assessment up to the maximum reduction set forth in this Section.

(d) If in any assessment year beginning with the 2000 assessment year, homestead property has a pro-rata valuation under Section 9-180
resulting in an increase in the assessed valuation, a reduction in equalized assessed valuation equal to the increase in equalized assessed value of the property for the year of the pro-rata valuation above the equalized assessed value of the property for 1977 shall be applied to the property on a proportionate basis for the period the property qualified as homestead property during the assessment year. The maximum proportionate homestead exemption shall not exceed the maximum homestead exemption allowed in the county under this Section divided by 365 and multiplied by the number of days the property qualified as homestead property.

(e) The chief county assessment officer may, when considering whether to grant a leasehold exemption under this Section, require the following conditions to be met:

(1) that a notarized application for the exemption, signed by both the owner and the lessee of the property, must be submitted each year during the application period in effect for the county in which the property is located;

(2) that a copy of the lease must be filed with the chief county assessment officer by the owner of the property at the time the notarized application is submitted;

(3) that the lease must expressly state that the lessee is liable for the payment of property taxes; and

(4) that the lease must include the following language in substantially the following form:

"Lessee shall be liable for the payment of real estate taxes with respect to the residence in accordance with the terms and conditions of Section 15-175 of the Property Tax Code (35 ILCS 200/15-175). The permanent real estate index number for the premises is (insert number), and, according to the most recent property tax bill, the current amount of real estate taxes associated with the premises is (insert amount) per year. The parties agree that the monthly rent set forth above shall be increased or decreased pro rata (effective January 1 of each calendar year) to reflect any increase or decrease in real estate taxes. Lessee shall be deemed to be satisfying Lessee's liability for the above mentioned real estate taxes with the monthly rent payments as set forth above (or increased or decreased as set forth herein).".
In addition, if there is a change in lessee, or if the lessee vacates the property, then the chief county assessment officer may require the owner of the property to notify the chief county assessment officer of that change.

This subsection (e) does not apply to leasehold interests in property owned by a municipality.

(f) "Homestead property" under this Section includes residential property that is occupied by its owner or owners as his or their principal dwelling place, or that is a leasehold interest on which a single family residence is situated, which is occupied as a residence by a person who has an ownership interest therein, legal or equitable or as a lessee, and on which the person is liable for the payment of property taxes. For land improved with an apartment building owned and operated as a cooperative or a building which is a life care facility as defined in Section 15-170 and considered to be a cooperative under Section 15-170, the maximum reduction from the equalized assessed value shall be limited to the increase in the value above the equalized assessed value of the property for 1977, up to the maximum reduction set forth above, multiplied by the number of apartments or units occupied by a person or persons who is liable, by contract with the owner or owners of record, for paying property taxes on the property and is an owner of record of a legal or equitable interest in the cooperative apartment building, other than a leasehold interest. For purposes of this Section, the term "life care facility" has the meaning stated in Section 15-170.

"Household", as used in this Section, means the owner, the spouse of the owner, and all persons using the residence of the owner as their principal place of residence.

"Household income", as used in this Section, means the combined income of the members of a household for the calendar year preceding the taxable year.

"Income", as used in this Section, has the same meaning as provided in Section 3.07 of the Senior Citizens and Disabled Persons Property Tax Relief Act, except that "income" does not include veteran's benefits.

(g) In a cooperative where a homestead exemption has been granted, the cooperative association or its management firm shall credit the savings resulting from that exemption only to the apportioned tax liability of the owner who qualified for the exemption. Any person who

New matter indicated by italics - deletions by strikeout
willfully refuses to so credit the savings shall be guilty of a Class B misdemeanor.

(h) Where married persons maintain and reside in separate residences qualifying as homestead property, each residence shall receive 50% of the total reduction in equalized assessed valuation provided by this Section.

(i) In all counties, the assessor or chief county assessment officer may determine the eligibility of residential property to receive the homestead exemption and the amount of the exemption by application, visual inspection, questionnaire or other reasonable methods. The determination shall be made in accordance with guidelines established by the Department, provided that the taxpayer applying for an additional general exemption under this Section shall submit to the chief county assessment officer an application with an affidavit of the applicant's total household income, age, marital status (and, if married, the name and address of the applicant's spouse, if known), and principal dwelling place of members of the household on January 1 of the taxable year. The Department shall issue guidelines establishing a method for verifying the accuracy of the affidavits filed by applicants under this paragraph. The applications shall be clearly marked as applications for the Additional General Homestead Exemption.

(j) In counties with fewer than 3,000,000 inhabitants, in the event of a sale of homestead property the homestead exemption shall remain in effect for the remainder of the assessment year of the sale. The assessor or chief county assessment officer may require the new owner of the property to apply for the homestead exemption for the following assessment year.

(k) Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.

Sec. 1-45. Jurisdiction of the Tax Tribunal.

(a) Except as provided by the Constitution of the United States, the Constitution of the State of Illinois, or any statutes of this State, including, but not limited to, the State Officers and Employees Money Disposition Act, the Tax Tribunal shall have original jurisdiction over all determinations of the Department reflected on a Notice of Deficiency,
Notice of Tax Liability, Notice of Claim Denial, or Notice of Penalty Liability issued under the Illinois Income Tax Act, the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, the Retailers' Occupation Tax Act, the Cigarette Tax Act, the Cigarette Use Tax Act, the Tobacco Products Tax Act of 1995, the Hotel Operators' Occupation Tax Act, the Motor Fuel Tax Law, the Automobile Renting Occupation and Use Tax Act, the Coin-Operated Amusement Device and Redemption Machine Tax Act, the Gas Revenue Tax Act, the Water Company Invested Capital Tax Act, the Telecommunications Excise Tax Act, the Telecommunications Infrastructure Maintenance Fee Act, the Public Utilities Revenue Act, the Electricity Excise Tax Law, the Aircraft Use Tax Law, the Watercraft Use Tax Law, the Gas Use Tax Law, or the Uniform Penalty and Interest Act. Jurisdiction of the Tax Tribunal is limited to Notices of Tax Liability, Notices of Deficiency, Notices of Claim Denial, and Notices of Penalty Liability where the amount at issue in a notice, or the aggregate amount at issue in multiple notices issued for the same tax year or audit period, exceeds $15,000, exclusive of penalties and interest. In notices solely asserting either an interest or penalty assessment, or both, the Tax Tribunal shall have jurisdiction over cases where the combined total of all penalties or interest assessed exceeds $15,000.

(b) Except as otherwise permitted by this Act and by the Constitution of the State of Illinois or otherwise by State law, including, but not limited to, the State Officers and Employees Money Disposition Act, no person shall contest any matter within the jurisdiction of the Tax Tribunal in any action, suit, or proceeding in the circuit court or any other court of the State. If a person attempts to do so, then such action, suit, or proceeding shall be dismissed without prejudice. The improper commencement of any action, suit, or proceeding does not extend the time period for commencing a proceeding in the Tax Tribunal.

(c) The Tax Tribunal may require the taxpayer to post a bond equal to 25% of the liability at issue (1) upon motion of the Department and a showing that (A) the taxpayer's action is frivolous or legally insufficient or (B) the taxpayer is acting primarily for the purpose of delaying the collection of tax or prejudicing the ability ultimately to collect the tax, or (2) if, at any time during the proceedings, it is determined by the Tax Tribunal that the taxpayer is not pursuing the resolution of the case with due diligence. If the Tax Tribunal finds in a particular case that the taxpayer cannot procure and furnish a satisfactory surety or sureties for the
kind of bond required herein, the Tax Tribunal may relieve the taxpayer of the obligation of filing such bond, if, upon the timely application for a lien in lieu thereof and accompanying proof therein submitted, the Tax Tribunal is satisfied that any such lien imposed would operate to secure the assessment in the manner and to the degree as would a bond. The Tax Tribunal shall adopt rules for the procedures to be used in securing a bond or lien under this Section.

(d) If, with or after the filing of a timely petition, the taxpayer pays all or part of the tax or other amount in issue before the Tax Tribunal has rendered a decision, the Tax Tribunal shall treat the taxpayer's petition as a protest of a denial of claim for refund of the amount so paid upon a written motion filed by the taxpayer.

(e) The Tax Tribunal shall not have jurisdiction to review:
   (1) any assessment made under the Property Tax Code;
   (2) any decisions relating to the issuance or denial of an exemption ruling for any entity claiming exemption from any tax imposed under the Property Tax Code or any State tax administered by the Department;
   (3) a notice of proposed tax liability, notice of proposed deficiency, or any other notice of proposed assessment or notice of intent to take some action;
   (4) any action or determination of the Department regarding tax liabilities that have become finalized by law, including but not limited to the issuance of liens, levies, and revocations, suspensions, or denials of licenses or certificates of registration or any other collection activities;
   (5) any proceedings of the Department's informal administrative appeals function; and
   (6) any challenge to an administrative subpoena issued by the Department.

(f) The Tax Tribunal shall decide questions regarding the constitutionality of statutes and rules adopted by the Department as applied to the taxpayer, but shall not have the power to declare a statute or rule unconstitutional or otherwise invalid on its face. A taxpayer challenging the constitutionality of a statute or rule on its face may present such challenge to the Tax Tribunal for the sole purpose of making a record for review by the Illinois Appellate Court. Failure to raise a constitutional issue regarding the application of a statute or regulations to the taxpayer

shall not preclude the taxpayer or the Department from raising those issues
at the appellate court level.

Sec. 1-55. Fees.
(a) The Tax Tribunal shall impose a fee of $500 for the filing of petitions.
(b) The Tax Tribunal may fix a fee, not in excess of the fees charged and
collected by the clerk of the circuit courts, for comparing, or for
preparing and comparing, a transcript of the record, or for copying any
record, entry, or other paper and the comparison and certification thereof.
(c) Fees collected under this Section shall be deposited into the Illinois
Independent Tax Tribunal Fund, a special fund created in the State
treasury. Moneys deposited into the Fund shall be appropriated to the
Tax Tribunal to reimburse the Tax Tribunal for costs associated with
administering and enforcing the provisions of this Act.
(d) The Tax Tribunal shall not assign any costs or attorney's fees incurred by one party against another party. Claims for expenses and
attorney's fees under Section 10-55 of the Illinois Administrative
Procedure Act shall first be made to the Department of Revenue. If the
claimant is dissatisfied because of the Department's failure to make any
award or because of the insufficiency of the award, the claimant may
petition the Court of Claims for the amount deemed owed.

Sec. 1-75. Appeals.
(a) The taxpayer and the Department are entitled to judicial review
of a final decision of the Tax Tribunal in the Illinois Appellate Court, in
accordance with Section 3-113 of the Administrative Review Law.
(b) The record on judicial review shall include the decision of the
Tax Tribunal, the stenographic transcript of the hearing before the Tax
Tribunal, the pleadings and all exhibits and documents admitted into
evidence.

Sec. 1-85. Publication of decisions and electronic submission of
documents.
(a) The Tax Tribunal shall, within 180 days of the issuance of a
decision, index and publish its final decision in such print or electronic

form as it deems best adapted for public convenience. Such publications shall be made permanently available and constitute the official reports of the Tax Tribunal.

(b) All published decisions shall be edited by the Tax Tribunal so that the identification number of the taxpayer and any related entities or employees, and any trade secrets or other intellectual property, are not disclosed or identified.

(c) Within 30 days following the issuance of any hearing decision, the taxpayer affected by the decision may also request that the Tax Tribunal omit specifically identified trade secrets or other confidential or proprietary information prior to publication of the decision. The Tax Tribunal shall approve those requests if it determines that the requests are reasonable and that the disclosure of such information would potentially cause economic or other injury to the taxpayer.

(d) The Tax Tribunal shall provide, by rule, reasonable requirements for the electronic submission of documents and records and the method and type of symbol or security procedure it will accept to authenticate electronic submissions or as a legal signature.

(e) Each year, no later than October 1, the Tax Tribunal shall report to the General Assembly regarding the Tax Tribunal's operations during the prior fiscal year. Such report shall include the number of cases opened and closed, the size of its docket, the average age of cases, the dollar amount of cases by tax type, the number of cases decided in favor of the Department, the number of cases decided in favor of the taxpayer, the number of cases resolved through mediation or settlement, and such other statistics so as to apprise the General Assembly of whether the Tax Tribunal has successfully accomplished its mission to fairly and efficiently adjudicate tax disputes.

Section 220. The Illinois Pension Code is amended by changing Sections 15-155, 16-106, and 16-133.4 and the heading of Article 22A as follows:

(40 ILCS 5/15-155) (from Ch. 108 1/2, par. 15-155)
Sec. 15-155. Employer contributions.

(a) The State of Illinois shall make contributions by appropriations of amounts which, together with the other employer contributions from trust, federal, and other funds, employee contributions, income from investments, and other income of this System, will be sufficient to meet
the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.

The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the recommendations of the actuary, using the formula in subsection (a-1).

(a-1) For State fiscal years 2012 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2006 is $166,641,900.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2007 is $252,064,100.

For each of State fiscal years 2008 through 2009, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2010 is $702,514,000 and shall be made from the State Pensions Fund and proceeds of bonds sold in fiscal year 2010 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2010, (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2011 is the amount

recertified by the System on or before April 1, 2011 pursuant to Section 15-165 and shall be made from the State Pensions Fund and proceeds of bonds sold in fiscal year 2011 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2011, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act or Section 8.12 of the State Finance Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 90%. A reference in this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under Section 15-165, shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued in fiscal year 2003 for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service.
payments for fiscal year 2007 on the bonds issued in fiscal year 2003 for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(b) If an employee is paid from trust or federal funds, the employer shall pay to the Board contributions from those funds which are sufficient to cover the accruing normal costs on behalf of the employee. However, universities having employees who are compensated out of local auxiliary funds, income funds, or service enterprise funds are not required to pay such contributions on behalf of those employees. The local auxiliary funds, income funds, and service enterprise funds of universities shall not be considered trust funds for the purpose of this Article, but funds of alumni associations, foundations, and athletic associations which are affiliated with the universities included as employers under this Article and other employers which do not receive State appropriations are considered to be trust funds for the purpose of this Article.

(b-1) The City of Urbana and the City of Champaign shall each make employer contributions to this System for their respective firefighter employees who participate in this System pursuant to subsection (h) of Section 15-107. The rate of contributions to be made by those municipalities shall be determined annually by the Board on the basis of the actuarial assumptions adopted by the Board and the recommendations of the actuary, and shall be expressed as a percentage of salary for each such employee. The Board shall certify the rate to the affected municipalities as soon as may be practical. The employer contributions required under this subsection shall be remitted by the municipality to the System at the same time and in the same manner as employee contributions.

(c) Through State fiscal year 1995: The total employer contribution shall be apportioned among the various funds of the State and other employers, whether trust, federal, or other funds, in accordance with actuarial procedures approved by the Board. State of Illinois contributions for employers receiving State appropriations for personal services shall be payable from appropriations made to the employers or to the System. The contributions for Class I community colleges covering earnings other than those paid from trust and federal funds, shall be payable solely from appropriations to the Illinois Community College Board or the System for employer contributions.

New matter indicated by italics - deletions by strikeout
(d) Beginning in State fiscal year 1996, the required State contributions to the System shall be appropriated directly to the System and shall be payable through vouchers issued in accordance with subsection (c) of Section 15-165, except as provided in subsection (g).

(e) The State Comptroller shall draw warrants payable to the System upon proper certification by the System or by the employer in accordance with the appropriation laws and this Code.

(f) Normal costs under this Section means liability for pensions and other benefits which accrues to the System because of the credits earned for service rendered by the participants during the fiscal year and expenses of administering the System, but shall not include the principal of or any redemption premium or interest on any bonds issued by the Board or any expenses incurred or deposits required in connection therewith.

(g) If the amount of a participant's earnings for any academic year used to determine the final rate of earnings, determined on a full-time equivalent basis, exceeds the amount of his or her earnings with the same employer for the previous academic year, determined on a full-time equivalent basis, by more than 6%, the participant's employer shall pay to the System, in addition to all other payments required under this Section and in accordance with guidelines established by the System, the present value of the increase in benefits resulting from the portion of the increase in earnings that is in excess of 6%. This present value shall be computed by the System on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the System that is available at the time of the computation. The System may require the employer to provide any pertinent information or documentation.

Whenever it determines that a payment is or may be required under this subsection (g), the System shall calculate the amount of the payment and bill the employer for that amount. The bill shall specify the calculations used to determine the amount due. If the employer disputes the amount of the bill, it may, within 30 days after receipt of the bill, apply to the System in writing for a recalculation. The application must specify in detail the grounds of the dispute and, if the employer asserts that the calculation is subject to subsection (h) or (i) of this Section, must include an affidavit setting forth and attesting to all facts within the employer's knowledge that are pertinent to the applicability of subsection (h) or (i). Upon receiving a timely application for recalculation, the System shall review the application and, if appropriate, recalculate the amount due.
The employer contributions required under this subsection (g) may be paid in the form of a lump sum within 90 days after receipt of the bill. If the employer contributions are not paid within 90 days after receipt of the bill, then interest will be charged at a rate equal to the System's annual actuarially assumed rate of return on investment compounded annually from the 91st day after receipt of the bill. Payments must be concluded within 3 years after the employer's receipt of the bill.

(h) This subsection (h) applies only to payments made or salary increases given on or after June 1, 2005 but before July 1, 2011. The changes made by Public Act 94-1057 shall not require the System to refund any payments received before July 31, 2006 (the effective date of Public Act 94-1057).

When assessing payment for any amount due under subsection (g), the System shall exclude earnings increases paid to participants under contracts or collective bargaining agreements entered into, amended, or renewed before June 1, 2005.

When assessing payment for any amount due under subsection (g), the System shall exclude earnings increases paid to a participant at a time when the participant is 10 or more years from retirement eligibility under Section 15-135.

When assessing payment for any amount due under subsection (g), the System shall exclude earnings increases resulting from overload work, including a contract for summer teaching, or overtime when the employer has certified to the System, and the System has approved the certification, that: (i) in the case of overloads (A) the overload work is for the sole purpose of academic instruction in excess of the standard number of instruction hours for a full-time employee occurring during the academic year that the overload is paid and (B) the earnings increases are equal to or less than the rate of pay for academic instruction computed using the participant's current salary rate and work schedule; and (ii) in the case of overtime, the overtime was necessary for the educational mission.

When assessing payment for any amount due under subsection (g), the System shall exclude any earnings increase resulting from (i) a promotion for which the employee moves from one classification to a higher classification under the State Universities Civil Service System, (ii) a promotion in academic rank for a tenured or tenure-track faculty position, or (iii) a promotion that the Illinois Community College Board has recommended in accordance with subsection (k) of this Section. These earnings increases shall be excluded only if the promotion is to a position

New matter indicated by italics - deletions by strikeout
that has existed and been filled by a member for no less than one complete academic year and the earnings increase as a result of the promotion is an increase that results in an amount no greater than the average salary paid for other similar positions.

(i) When assessing payment for any amount due under subsection (g), the System shall exclude any salary increase described in subsection (h) of this Section given on or after July 1, 2011 but before July 1, 2014 under a contract or collective bargaining agreement entered into, amended, or renewed on or after June 1, 2005 but before July 1, 2011. Notwithstanding any other provision of this Section, any payments made or salary increases given after June 30, 2014 shall be used in assessing payment for any amount due under subsection (g) of this Section.

(j) The System shall prepare a report and file copies of the report with the Governor and the General Assembly by January 1, 2007 that contains all of the following information:

1. The number of recalculations required by the changes made to this Section by Public Act 94-1057 for each employer.

2. The dollar amount by which each employer's contribution to the System was changed due to recalculations required by Public Act 94-1057.

3. The total amount the System received from each employer as a result of the changes made to this Section by Public Act 94-4.

4. The increase in the required State contribution resulting from the changes made to this Section by Public Act 94-1057.

(k) The Illinois Community College Board shall adopt rules for recommending lists of promotional positions submitted to the Board by community colleges and for reviewing the promotional lists on an annual basis. When recommending promotional lists, the Board shall consider the similarity of the positions submitted to those positions recognized for State universities by the State Universities Civil Service System. The Illinois Community College Board shall file a copy of its findings with the System. The System shall consider the findings of the Illinois Community College Board when making determinations under this Section. The System shall not exclude any earnings increases resulting from a promotion when the promotion was not submitted by a community college. Nothing in this subsection (k) shall require any community college to submit any information to the Community College Board.
(l) For purposes of determining the required State contribution to the System, the value of the System's assets shall be equal to the actuarial value of the System's assets, which shall be calculated as follows:

As of June 30, 2008, the actuarial value of the System's assets shall be equal to the market value of the assets as of that date. In determining the actuarial value of the System's assets for fiscal years after June 30, 2008, any actuarial gains or losses from investment return incurred in a fiscal year shall be recognized in equal annual amounts over the 5-year period following that fiscal year.

(m) For purposes of determining the required State contribution to the system for a particular year, the actuarial value of assets shall be assumed to earn a rate of return equal to the system's actuarially assumed rate of return.

However, age enhancement established under this Section shall not be used in determining benefits payable under other Articles of this Code under the Retirement Systems Reciprocal Act.

(c) For all creditable service established under this Section by an employee of an employer that is not a State agency, the employer must pay to the System an employer contribution consisting of 20% of the member's highest annual salary rate used in the determination of the average salary for retirement annuity purposes for each year of creditable service granted under this Section. No employer contribution is required under this Section from any employer that is a State agency.

The employer contribution shall be paid to the System in one of the following ways: (i) in a single sum at the time of the member's retirement, (ii) in equal quarterly installments over a period of 5 years from the date of retirement, or (iii) subject to the approval of the Board of the System, in unequal installments over a period of no more than 5 years from the date of retirement, as provided in a payment plan designed by the System to accommodate the needs of the employer. The employer's failure to make the required contributions in a timely manner shall not affect the payment of the retirement annuity.

For all creditable service established under this Section, the employee must pay to the System an employee contribution consisting of 4% of the member's highest annual salary rate used in the determination of the retirement annuity for each year of creditable service granted under this Section. The employee may elect either to pay the employee contribution in full before the retirement annuity commences, or to have it deducted from the retirement annuity in 24 monthly installments.

(d) An annuitant who has received any age enhancement or creditable service under this Section and who re-enters contributing service under this Article shall thereby forfeit the age enhancement and creditable service, and upon re-retirement the annuity shall be recomputed.

New matter indicated by italics - deletions by strikeout
The forfeiture of creditable service under this subsection shall not entitle the employer to a refund of the employer contribution paid under this Section, nor to forgiveness of any part of that contribution that remains unpaid. The forfeiture of creditable service under this subsection shall not entitle the employee to a refund of the employee contribution paid under this Section.

(e) If the number of employees of an employer that actually apply for early retirement under this Section exceeds 30% of those eligible, the employer may require that, for the number of applicants in excess of that 30%, the starting date of the retirement annuity enhanced under this Section may not be earlier than June 1, 1994. The right to have the retirement annuity begin before that date shall be allocated among the applicants on the basis of seniority in the service of that employer.

This delay applies only to persons who are applying for early retirement incentives under this Section, and does not prevent a person whose application for early retirement incentives has been withdrawn from receiving a retirement annuity on the earliest date upon which the person is otherwise eligible under this Article.

(f) For a member who is notified after February 15, 1993, but before September 15, 1993, that he or she will be laid off in the 1993-1994 school year: (1) the March 1 application deadline in subdivision (a)(3) of this Section is extended to a date 15 days after the date of issuance of the layoff notice, and (2) the member shall not be included in the calculation of the 30% under subsection (e) and is not subject to delay in retirement under that subsection.

(g) A member who receives any early retirement incentive under Section 16-133.5 may not receive any early retirement incentive under this Section.

Section 235. The County Economic Development Project Area Property Tax Allocation Act is amended by changing Section 7 as follows:

Sec. 7. Creation of special tax allocation fund. If a county has adopted property tax allocation financing by ordinance for an economic development project area, the Department has approved and certified the economic development project area, and the county clerk has thereafter certified the "total initial equalized value" of the taxable real property

within such economic development project area in the manner provided in subsection (b) of Section 6 of this Act, each year after the date of the certification by the county clerk of the "initial equalized assessed value" until economic development project costs and all county obligations financing economic development project costs have been paid, the ad valorem taxes, if any, arising from the levies upon the taxable real property in the economic development project area by taxing districts and tax rates determined in the manner provided in subsection (b) of Section 6 of this Act shall be divided as follows:

(1) That portion of the taxes levied upon each taxable lot, block, tract or parcel of real property which is attributable to the lower of the current equalized assessed value or the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property existing at the time property tax allocation financing was adopted shall be allocated and when collected shall be paid by the county collector to the respective affected taxing districts in the manner required by the law in the absence of the adoption of property tax allocation financing.

(2) That portion, if any, of those taxes which is attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the economic development project area, over and above the initial equalized assessed value of each property existing at the time property tax allocation financing was adopted shall be allocated to and when collected shall be paid to the county treasurer, who shall deposit those taxes into a special fund called the special tax allocation fund of the county for the purpose of paying economic development project costs and obligations incurred in the payment thereof.

The county, by an ordinance adopting property tax allocation financing, may pledge the funds in and to be deposited in the special tax allocation fund for the payment of obligations issued under this Act and for the payment of economic development project costs. No part of the current equalized assessed valuation of each property in the economic development project area attributable to any increase above the total initial equalized assessed value of such properties shall be used in calculating the general State school aid formula, provided for in Section 18-8 of the School Code, until such time as all economic development projects costs have been paid as provided for in this Section.
Whenever a county issues bonds for the purpose of financing economic development project costs, the county may provide by ordinance for the appointment of a trustee, which may be any trust company within the State, and for the establishment of the funds or accounts to be maintained by such trustee as the county shall deem necessary to provide for the security and payment of the bonds. If the county provides for the appointment of a trustee, the trustee shall be considered the assignee of any payments assigned by the county pursuant to the ordinance and this Section. Any amounts paid to the trustee as assignee shall be deposited in the funds or accounts established pursuant to the trust agreement, and shall be held by the trustee in trust for the benefit of the holders of the bonds, and the holders shall have a lien on and a security interest in those bonds or accounts so long as the bonds remain outstanding and unpaid. Upon retirement of the bonds, the trustee shall pay over any excess amounts held to the county for deposit in the special tax allocation fund.

When the economic development project costs, including without limitation all county obligations financing economic development project costs incurred under this Act, have been paid, all surplus funds then remaining in the special tax allocation funds shall be distributed by being paid by the county treasurer to the county collector, who shall immediately thereafter pay those funds to the taxing districts having taxable property in the economic development project area in the same manner and proportion as the most recent distribution by the county collector to those taxing districts of real property taxes from real property in the economic development project area.

Upon the payment of all economic development project costs, retirement of obligations and the distribution of any excess monies pursuant to this Section and not later than 23 years from the date of adoption of the ordinance adopting property tax allocation financing, the county shall adopt an ordinance dissolving the special tax allocation fund for the economic development project area and terminating the designation of the economic development project area as an economic development project area. Thereafter the rates of the taxing districts shall be extended and taxes levied, collected and distributed in the manner applicable in the absence of the adoption of property tax allocation financing.

Nothing in this Section shall be construed as relieving property in economic development project areas from being assessed as provided in the Property Tax Code or as relieving owners of that property from paying
a uniform rate of taxes, as required by Section 4 of Article IX of the Illinois Constitution of 1970.

(a) If a county clerk has certified the "total initial equalized assessed value" of the taxable real property within an economic development project area in the manner provided in Section 45, each year after the date of the certification by the county clerk of the "total initial equalized assessed value", until economic development project costs and all county obligations financing economic development project costs have been paid, the ad valorem taxes, if any, arising from the levies upon the taxable real property in the economic development project area by taxing districts and tax rates determined in the manner provided in subsection (b) of Section 45 shall be divided as follows:

(1) That portion of the taxes levied upon each taxable lot, block, tract, or parcel of real property that is attributable to the lower of the current equalized assessed value or the initial equalized assessed value of each taxable lot, block, tract, or parcel of real property existing at the time tax increment financing was adopted shall be allocated to (and when collected shall be paid by the county collector to) the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing.

(2) That portion, if any, of the taxes that is attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the economic development project area, over and above the initial equalized assessed value of each property existing at the time tax increment financing was adopted, shall be allocated to (and when collected shall be paid to) the county treasurer, who shall deposit the taxes into a special fund (called the special tax allocation fund of the county) for the purpose of paying economic development project costs and obligations incurred in the payment of those costs.

(c) When the economic development projects costs, including without limitation all county obligations financing economic development project costs incurred under this Act, have been paid, all surplus monies then remaining in the special tax allocation fund shall be distributed by being paid by the county treasurer to the county collector, who shall immediately pay the monies to the taxing districts having taxable property in the economic development project area in the same manner and proportion as the most recent distribution by the county collector to those taxing districts of real property taxes from real property in the economic development project area.

(d) For redevelopment project areas for which bonds were issued before July 29, 1991, or for which contracts were entered into before June 1, 1988, in connection with a redevelopment project in the area within the State Sales Tax Boundary, the estimated dates of completion of the redevelopment project and retirement of obligations to finance redevelopment project costs (including refunding bonds under Section 11-74.4-7) may be extended by municipal ordinance to December 31, 2013. The termination procedures of subsection (b) of Section 11-74.4-8 are not required for these redevelopment project areas in 2009 but are required in 2013. The extension allowed by Public Act 87-1272 shall not apply to real property tax increment allocation financing under Section 11-74.4-8.
(e) Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were adopted on or after December 16, 1986 and for which at least $8 million worth of municipal bonds were authorized on or after December 19, 1989 but before January 1, 1990; provided that the municipality elects to extend the life of the

redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

(f) Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were established on or after December 1, 1981 but before January 1, 1982 and for which at least $1,500,000 worth of tax increment revenue bonds were authorized on or after September 30, 1990 but before July 1, 1991; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

(g) In consolidating the material relating to completion dates from Sections 11-74.4-3 and 11-74.4-7 into this Section, it is not the intent of the General Assembly to make any substantive change in the law, except for the extension of the completion dates for the City of Aurora, the Village of Milan, the City of West Frankfort, the Village of Libertyville, and the Village of Hoffman Estates set forth under items (67), (68), (69), (70), and (71) of subsection (c) of this Section.

(65 ILCS 5/11-74.4-8) (from Ch. 24, par. 11-74.4-8)

Sec. 11-74.4-8. Tax increment allocation financing. A municipality may not adopt tax increment financing in a redevelopment project area after the effective date of this amendatory Act of 1997 that will encompass an area that is currently included in an enterprise zone created under the Illinois Enterprise Zone Act unless that municipality, pursuant to Section 5.4 of the Illinois Enterprise Zone Act, amends the enterprise zone designating ordinance to limit the eligibility for tax abatements as provided in Section 5.4.1 of the Illinois Enterprise Zone Act. A
municipality, at the time a redevelopment project area is designated, may adopt tax increment allocation financing by passing an ordinance providing that the ad valorem taxes, if any, arising from the levies upon taxable real property in such redevelopment project area by taxing districts and tax rates determined in the manner provided in paragraph (c) of Section 11-74.4-9 each year after the effective date of the ordinance until redevelopment project costs and all municipal obligations financing redevelopment project costs incurred under this Division have been paid shall be divided as follows:

(a) That portion of taxes levied upon each taxable lot, block, tract or parcel of real property which is attributable to the lower of the current equalized assessed value or the initial equalized assessed value of each such taxable lot, block, tract or parcel of real property in the redevelopment project area shall be allocated to and when collected shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing.

(b) Except from a tax levied by a township to retire bonds issued to satisfy court-ordered damages, that portion, if any, of such taxes which is attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract or parcel of real property in the redevelopment project area over and above the initial equalized assessed value of each property in the project area shall be allocated to and when collected shall be paid to the municipal treasurer who shall deposit said taxes into a special fund called the special tax allocation fund of the municipality for the purpose of paying redevelopment project costs and obligations incurred in the payment thereof. In any county with a population of 3,000,000 or more that has adopted a procedure for collecting taxes that provides for one or more of the installments of the taxes to be billed and collected on an estimated basis, the municipal treasurer shall be paid for deposit in the special tax allocation fund of the municipality, from the taxes collected from estimated bills issued for property in the redevelopment project area, the difference between the amount actually collected from each taxable lot, block, tract, or parcel of real property within the redevelopment project area and an amount determined by multiplying the rate at which taxes were last extended against the taxable lot, block, tract, or parcel of real property in the manner provided in subsection (c) of Section 11-74.4-9 by the initial equalized assessed value of the property divided by the number of
installments in which real estate taxes are billed and collected within the county; provided that the payments on or before December 31, 1999 to a municipal treasurer shall be made only if each of the following conditions are met:

(1) The total equalized assessed value of the redevelopment project area as last determined was not less than 175% of the total initial equalized assessed value.

(2) Not more than 50% of the total equalized assessed value of the redevelopment project area as last determined is attributable to a piece of property assigned a single real estate index number.

(3) The municipal clerk has certified to the county clerk that the municipality has issued its obligations to which there has been pledged the incremental property taxes of the redevelopment project area or taxes levied and collected on any or all property in the municipality or the full faith and credit of the municipality to pay or secure payment for all or a portion of the redevelopment project costs. The certification shall be filed annually no later than September 1 for the estimated taxes to be distributed in the following year; however, for the year 1992 the certification shall be made at any time on or before March 31, 1992.

(4) The municipality has not requested that the total initial equalized assessed value of real property be adjusted as provided in subsection (b) of Section 11-74.4-9.

The conditions of paragraphs (1) through (4) do not apply after December 31, 1999 to payments to a municipal treasurer made by a county with 3,000,000 or more inhabitants that has adopted an estimated billing procedure for collecting taxes. If a county that has adopted the estimated billing procedure makes an erroneous overpayment of tax revenue to the municipal treasurer, then the county may seek a refund of that overpayment. The county shall send the municipal treasurer a notice of liability for the overpayment on or before the mailing date of the next real estate tax bill within the county. The refund shall be limited to the amount of the overpayment.

It is the intent of this Division that after the effective date of this amendatory Act of 1988 a municipality's own ad valorem tax arising from levies on taxable real property be included in the determination of incremental revenue in the manner provided in paragraph (c) of Section 11-74.4-9. If the municipality does not extend such a tax, it shall annually deposit in the municipality's Special Tax Increment Fund an amount equal
to 10% of the total contributions to the fund from all other taxing districts in that year. The annual 10% deposit required by this paragraph shall be limited to the actual amount of municipally produced incremental tax revenues available to the municipality from taxpayers located in the redevelopment project area in that year if: (a) the plan for the area restricts the use of the property primarily to industrial purposes, (b) the municipality establishing the redevelopment project area is a home-rule community with a 1990 population of between 25,000 and 50,000, (c) the municipality is wholly located within a county with a 1990 population of over 750,000 and (d) the redevelopment project area was established by the municipality prior to June 1, 1990. This payment shall be in lieu of a contribution of ad valorem taxes on real property. If no such payment is made, any redevelopment project area of the municipality shall be dissolved.

If a municipality has adopted tax increment allocation financing by ordinance and the County Clerk thereafter certifies the "total initial equalized assessed value as adjusted" of the taxable real property within such redevelopment project area in the manner provided in paragraph (b) of Section 11-74.4-9, each year after the date of the certification of the total initial equalized assessed value as adjusted until redevelopment project costs and all municipal obligations financing redevelopment project costs have been paid the ad valorem taxes, if any, arising from the levies upon the taxable real property in such redevelopment project area by taxing districts and tax rates determined in the manner provided in paragraph (c) of Section 11-74.4-9 shall be divided as follows:

(1) That portion of the taxes levied upon each taxable lot, block, tract or parcel of real property which is attributable to the lower of the current equalized assessed value or "current equalized assessed value as adjusted" or the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property existing at the time tax increment financing was adopted, minus the total current homestead exemptions under Article 15 of the Property Tax Code in the redevelopment project area shall be allocated to and when collected shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing.

(2) That portion, if any, of such taxes which is attributable to the increase in the current equalized assessed valuation of each

taxable lot, block, tract, or parcel of real property in the redevelopment project area, over and above the initial equalized assessed value of each property existing at the time tax increment financing was adopted, minus the total current homestead exemptions pertaining to each piece of property provided by Article 15 of the Property Tax Code in the redevelopment project area, shall be allocated to and when collected shall be paid to the municipal Treasurer, who shall deposit said taxes into a special fund called the special tax allocation fund of the municipality for the purpose of paying redevelopment project costs and obligations incurred in the payment thereof.

The municipality may pledge in the ordinance the funds in and to be deposited in the special tax allocation fund for the payment of such costs and obligations. No part of the current equalized assessed valuation of each property in the redevelopment project area attributable to any increase above the total initial equalized assessed value, or the total initial equalized assessed value as adjusted, of such properties shall be used in calculating the general State school aid formula, provided for in Section 18-8 of the School Code, until such time as all redevelopment project costs have been paid as provided for in this Section.

Whenever a municipality issues bonds for the purpose of financing redevelopment project costs, such municipality may provide by ordinance for the appointment of a trustee, which may be any trust company within the State, and for the establishment of such funds or accounts to be maintained by such trustee as the municipality shall deem necessary to provide for the security and payment of the bonds. If such municipality provides for the appointment of a trustee, such trustee shall be considered the assignee of any payments assigned by the municipality pursuant to such ordinance and this Section. Any amounts paid to such trustee as assignee shall be deposited in the funds or accounts established pursuant to such trust agreement, and shall be held by such trustee in trust for the benefit of the holders of the bonds, and such holders shall have a lien on and a security interest in such funds or accounts so long as the bonds remain outstanding and unpaid. Upon retirement of the bonds, the trustee shall pay over any excess amounts held to the municipality for deposit in the special tax allocation fund.

When such redevelopment projects costs, including without limitation all municipal obligations financing redevelopment project costs incurred under this Division, have been paid, all surplus funds then

remaining in the special tax allocation fund shall be distributed by being paid by the municipal treasurer to the Department of Revenue, the municipality and the county collector; first to the Department of Revenue and the municipality in direct proportion to the tax incremental revenue received from the State and the municipality, but not to exceed the total incremental revenue received from the State or the municipality less any annual surplus distribution of incremental revenue previously made; with any remaining funds to be paid to the County Collector who shall immediately thereafter pay said funds to the taxing districts in the redevelopment project area in the same manner and proportion as the most recent distribution by the county collector to the affected districts of real property taxes from real property in the redevelopment project area.

Upon the payment of all redevelopment project costs, the retirement of obligations, the distribution of any excess monies pursuant to this Section, and final closing of the books and records of the redevelopment project area, the municipality shall adopt an ordinance dissolving the special tax allocation fund for the redevelopment project area and terminating the designation of the redevelopment project area as a redevelopment project area. Title to real or personal property and public improvements acquired by or for the municipality as a result of the redevelopment project and plan shall vest in the municipality when acquired and shall continue to be held by the municipality after the redevelopment project area has been terminated. Municipalities shall notify affected taxing districts prior to November 1 if the redevelopment project area is to be terminated by December 31 of that same year. If a municipality extends estimated dates of completion of a redevelopment project and retirement of obligations to finance a redevelopment project, as allowed by this amendatory Act of 1993, that extension shall not extend the property tax increment allocation financing authorized by this Section. Thereafter the rates of the taxing districts shall be extended and taxes levied, collected and distributed in the manner applicable in the absence of the adoption of tax increment allocation financing.

Nothing in this Section shall be construed as relieving property in such redevelopment project areas from being assessed as provided in the Property Tax Code or as relieving owners of such property from paying a uniform rate of taxes, as required by Section 4 of Article IX of the Illinois Constitution.

Section 250. The Economic Development Project Area Tax Increment Allocation Act of 1995 is amended by changing Section 50 as follows:

(65 ILCS 110/50)

Sec. 50. Special tax allocation fund.

(a) If a county clerk has certified the "total initial equalized assessed value" of the taxable real property within an economic development project area in the manner provided in Section 45, each year after the date of the certification by the county clerk of the "total initial equalized assessed value", until economic development project costs and all municipal obligations financing economic development project costs have been paid, the ad valorem taxes, if any, arising from the levies upon the taxable real property in the economic development project area by taxing districts and tax rates determined in the manner provided in subsection (b) of Section 45 shall be divided as follows:

(1) That portion of the taxes levied upon each taxable lot, block, tract, or parcel of real property that is attributable to the lower of the current equalized assessed value or the initial equalized assessed value of each taxable lot, block, tract, or parcel of real property existing at the time tax increment financing was adopted shall be allocated to (and when collected shall be paid by the county collector to) the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing.

(2) That portion, if any, of the taxes that is attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the economic development project area, over and above the initial equalized assessed value of each property existing at the time tax increment financing was adopted, shall be allocated to (and when collected shall be paid to) the municipal treasurer, who shall deposit the taxes into a special fund (called the special tax allocation fund of the municipality) for the purpose of paying economic development project costs and obligations incurred in the payment of those costs.

(b) The municipality, by an ordinance adopting tax increment allocation financing, may pledge the monies in and to be deposited into the special tax allocation fund for the payment of obligations issued under this Act and for the payment of economic development project costs. No part

of the current equalized assessed valuation of each property in the economic development project area attributable to any increase above the total initial equalized assessed value of those properties shall be used in calculating the general State school aid formula under Section 18-8 of the School Code until all economic development projects costs have been paid as provided for in this Section.

(c) When the economic development projects costs, including without limitation all municipal obligations financing economic development project costs incurred under this Act, have been paid, all surplus monies then remaining in the special tax allocation fund shall be distributed by being paid by the municipal treasurer to the county collector, who shall immediately pay the monies to the taxing districts having taxable property in the economic development project area in the same manner and proportion as the most recent distribution by the county collector to those taxing districts of real property taxes from real property in the economic development project area.

(d) Upon the payment of all economic development project costs, retirement of obligations, and distribution of any excess monies under this Section and not later than 23 years from the date of the adoption of the ordinance establishing the economic development project area, the municipality shall adopt an ordinance dissolving the special tax allocation fund for the economic development project area and terminating the designation of the economic development project area as an economic development project area. Thereafter, the rates of the taxing districts shall be extended and taxes shall be levied, collected, and distributed in the manner applicable in the absence of the adoption of tax increment allocation financing.

(e) Nothing in this Section shall be construed as relieving property in the economic development project areas from being assessed as provided in the Property Tax Code or as relieving owners or lessees of that property from paying a uniform rate of taxes as required by Section 4 of Article IX of the Illinois Constitution.

Section 255. The Metropolitan Pier and Exposition Authority Act is amended by changing Section 13 as follows:

(70 ILCS 210/13) (from Ch. 85, par. 1233)

Sec. 13. (a) The Authority shall not have power to levy taxes for any purpose, except as provided in subsections (b), (c), (d), (e), and (f).

New matter indicated by italics - deletions by strikeout
(b) By ordinance the Authority shall, as soon as practicable after the effective date of this amendatory Act of 1991, impose a Metropolitan Pier and Exposition Authority Retailers' Occupation Tax upon all persons engaged in the business of selling tangible personal property at retail within the territory described in this subsection at the rate of 1.0% of the gross receipts (i) from the sale of food, alcoholic beverages, and soft drinks sold for consumption on the premises where sold and (ii) from the sale of food, alcoholic beverages, and soft drinks sold for consumption off the premises where sold by a retailer whose principal source of gross receipts is from the sale of food, alcoholic beverages, and soft drinks prepared for immediate consumption.

The tax imposed under this subsection and all civil penalties that may be assessed as an incident to that tax shall be collected and enforced by the Illinois Department of Revenue. The Department shall have full power to administer and enforce this subsection, to collect all taxes and penalties so collected in the manner provided in this subsection, and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this subsection. In the administration of and compliance with this subsection, the Department and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers, and duties, shall be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms, and shall employ the same modes of procedure applicable to this Retailers' Occupation Tax as are prescribed in Sections 1, 2 through 2-65 (in respect to all provisions of those Sections other than the State rate of taxes), 2c, 2h, 2i, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5i, 5j, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 12, 13, and, and until January 1, 1994, 13.5 of the Retailers' Occupation Tax Act, and, on and after January 1, 1994, all applicable provisions of the Uniform Penalty and Interest Act that are not inconsistent with this Act, as fully as if provisions contained in those Sections of the Retailers' Occupation Tax Act were set forth in this subsection.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their seller's tax liability under this subsection by separately stating that tax as an additional charge, which charge may be stated in combination, in a single amount, with State taxes that sellers are required to collect under the Use Tax Act, pursuant to bracket schedules as the Department may prescribe. The retailer filing the
return shall, at the time of filing the return, pay to the Department the amount of tax imposed under this subsection, less a discount of 1.75%, which is allowed to reimburse the retailer for the expenses incurred in keeping records, preparing and filing returns, remitting the tax, and supplying data to the Department on request.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause a warrant to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metropolitan Pier and Exposition Authority trust fund held by the State Treasurer as trustee for the Authority.

Nothing in this subsection authorizes the Authority to impose a tax upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by this State.

The Department shall forthwith pay over to the State Treasurer, ex officio, as trustee for the Authority, all taxes and penalties collected under this subsection for deposit into a trust fund held outside of the State Treasury.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected under this subsection during the second preceding calendar month for sales within a STAR bond district.

After the monthly transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the amounts to be paid under subsection (g) of this Section, which shall be the amounts, not including credit memoranda, collected under this subsection during the second preceding calendar month by the Department, less any amounts determined by the Department to be necessary for the payment of refunds, less 2% of such balance, which sum shall be deposited by the State Treasurer into the Tax Compliance and Administration Fund in the State Treasury from which it shall be appropriated to the Department to cover the costs of the Department in administering and enforcing the provisions of this subsection, and less any amounts that are transferred to the STAR Bonds Revenue Fund.
Bonds Revenue Fund. Within 10 days after receipt by the Comptroller of the certification, the Comptroller shall cause the orders to be drawn for the remaining amounts, and the Treasurer shall administer those amounts as required in subsection (g).

A certificate of registration issued by the Illinois Department of Revenue to a retailer under the Retailers' Occupation Tax Act shall permit the registrant to engage in a business that is taxed under the tax imposed under this subsection, and no additional registration shall be required under the ordinance imposing the tax or under this subsection.

A certified copy of any ordinance imposing or discontinuing any tax under this subsection or effecting a change in the rate of that tax shall be filed with the Department, whereupon the Department shall proceed to administer and enforce this subsection on behalf of the Authority as of the first day of the third calendar month following the date of filing.

The tax authorized to be levied under this subsection may be levied within all or any part of the following described portions of the metropolitan area:

(1) that portion of the City of Chicago located within the following area: Beginning at the point of intersection of the Cook County - DuPage County line and York Road, then North along York Road to its intersection with Touhy Avenue, then east along Touhy Avenue to its intersection with the Northwest Tollway, then southeast along the Northwest Tollway to its intersection with Lee Street, then south along Lee Street to Higgins Road, then south and east along Higgins Road to its intersection with Mannheim Road, then south along Mannheim Road to its intersection with Irving Park Road, then west along Irving Park Road to its intersection with the Cook County - DuPage County line, then north and west along the county line to the point of beginning; and

the effective date of this amendatory Act of 1991, impose an occupation
tax upon all persons engaged in the corporate limits of the City of Chicago
in the business of renting, leasing, or letting rooms in a hotel, as defined in

Whenever the Department determines that a refund should be made

shall cause a warrant to be drawn for the amount specified and to the
person named in the notification from the Department. The refund shall be
paid by the State Treasurer out of the Metropolitan Pier and Exposition
Authority trust fund held by the State Treasurer as trustee for the

(d) By ordinance the Authority shall, as soon as practicable after the effective date of this amendatory Act of 1991, impose a tax upon all persons engaged in the business of renting automobiles in the metropolitan area at the rate of 6% of the gross receipts from that business, except that no tax shall be imposed on the business of renting automobiles for use as taxicabs or in livery service. The tax imposed under this subsection and all civil penalties that may be assessed as an incident to that tax shall be collected and enforced by the Illinois Department of Revenue. The certificate of registration issued by the Department to a retailer under the Retailers' Occupation Tax Act or under the Automobile Renting Occupation and Use Tax Act shall permit that person to engage in a business that is taxable under any ordinance enacted under this subsection without registering separately with the Department under that ordinance or under this subsection. Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their tax liability under this subsection by separately stating that tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that sellers are required to collect under the Automobile Renting Occupation and Use Tax Act, pursuant to bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause a warrant to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metropolitan Pier and Exposition Authority trust fund held by the State Treasurer as trustee for the Authority.

The Department shall forthwith pay over to the State Treasurer, ex officio, all taxes and penalties collected under this subsection for deposit into a trust fund held outside the State Treasury. A certified copy of any ordinance imposing or discontinuing a tax under this subsection or effecting a change in the rate of that tax shall be filed with the Illinois Department of Revenue, whereupon the Department shall proceed to administer and enforce this subsection on behalf of the

The tax shall be collected from persons whose Illinois address for titling or registration purposes is given as being in the metropolitan area. The tax shall be collected by the Department of Revenue for the Authority. The tax must be paid to the State or an exemption determination must be obtained from the Department of Revenue before the title or certificate of registration for the property may be issued. The tax or proof of exemption may be transmitted to the Department by way of the State agency with which or State officer with whom the tangible personal property must be titled or registered if the Department and that agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

The Department shall have full power to administer and enforce this subsection, to collect all taxes, penalties, and interest due under this subsection, to dispose of taxes, penalties, and interest so collected in the manner provided in this subsection, and to determine all rights to credit memoranda or refunds arising on account of the erroneous payment of tax, penalty, or interest under this subsection. Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause a warrant to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metropolitan Pier and Exposition Authority trust fund held by the State Treasurer as trustee for the Authority.

The Department shall forthwith pay over to the State Treasurer, ex officio, as trustee, all taxes, penalties, and interest collected under this subsection for deposit into a trust fund held outside the State Treasury. On or before the 25th day of each calendar month, the Department shall certify to the State Comptroller the amounts to be paid under subsection (g) of this Section, which shall be the amounts (not including credit memoranda) collected under this subsection during the second preceding calendar month by the Department, less any amounts determined by the Department to be necessary for payment of refunds. Within 10 days after receipt by the State Comptroller of the Department's certification, the Comptroller shall cause the orders to be drawn for such amounts, and the Treasurer shall administer those amounts as required in subsection (g).

In the ordinance imposing the tax, the Authority may provide for the administration and enforcement of the tax and the collection of the tax from persons subject to the tax as the Authority determines to be necessary or practicable for the effective administration of the tax. The Authority may enter into agreements as it deems appropriate with any governmental agency providing for that agency to act as the Authority's agent to collect the tax.

In the ordinance imposing the tax, the Authority may designate a method or methods for persons subject to the tax to reimburse themselves for the tax liability arising under the ordinance (i) by separately stating the full amount of the tax liability as an additional charge to passengers departing the airports, (ii) by separately stating one-half of the tax liability as an additional charge to both passengers departing from and to passengers arriving at the airports, or (iii) by some other method determined by the Authority.

amounts deposited under Section 19 of the Illinois Sports Facilities Authority Act shall be held in a trust fund outside the State Treasury and shall be administered by the Treasurer as follows:

(1) An amount necessary for the payment of refunds with respect to those taxes shall be retained in the trust fund and used for those payments.

(2) On July 20 and on the 20th of each month thereafter, provided that the amount requested in the annual certificate of the Chairman of the Authority filed under Section 8.25f of the State Finance Act has been appropriated for payment to the Authority, 1/8 of the local tax transfer amount, together with any cumulative deficiencies in the amounts transferred into the McCormick Place Expansion Project Fund under this subparagraph (2) during the fiscal year for which the certificate has been filed, shall be transferred from the trust fund into the McCormick Place Expansion Project Fund in the State treasury until 100% of the local tax transfer amount has been so transferred. "Local tax transfer amount" shall mean the amount requested in the annual certificate, minus the reduction amount. "Reduction amount" shall mean $41.7 million in fiscal year 2011, $36.7 million in fiscal year 2012, $36.7 million in fiscal year 2013, $36.7 million in fiscal year 2014, and $31.7 million in each fiscal year thereafter until 2032, provided that the reduction amount shall be reduced by (i) the amount certified by the Authority to the State Comptroller and State Treasurer under Section 8.25 of the State Finance Act, as amended, with respect to that fiscal year and (ii) in any fiscal year in which the amounts deposited in the trust fund under this Section exceed $318.3 million, exclusive of amounts set aside for refunds and for the reserve account, one dollar for each dollar of the deposits in the trust fund above $318.3 million with respect to that year, exclusive of amounts set aside for refunds and for the reserve account.

(3) On July 20, 2010, the Comptroller shall certify to the Governor, the Treasurer, and the Chairman of the Authority the 2010 deficiency amount, which means the cumulative amount of transfers that were due from the trust fund to the McCormick Place Expansion Project Fund in fiscal years 2008, 2009, and 2010 under Section 13(g) of this Act, as it existed prior to May 27, 2010 (the effective date of Public Act 96-898), but not made. On July 20,
2011 and on July 20 of each year through July 20, 2014, the Treasurer shall calculate for the previous fiscal year the surplus revenues in the trust fund and pay that amount to the Authority. On July 20, 2015 and on July 20 of each year thereafter, as long as bonds and notes issued under Section 13.2 or bonds and notes issued to refund those bonds and notes are outstanding, the Treasurer shall calculate for the previous fiscal year the surplus revenues in the trust fund and pay one-half of that amount to the State Treasurer for deposit into the General Revenue Fund until the 2010 deficiency amount has been paid and shall pay the balance of the surplus revenues to the Authority. "Surplus revenues" means the amounts remaining in the trust fund on June 30 of the previous fiscal year (A) after the State Treasurer has set aside in the trust fund (i) amounts retained for refunds under subparagraph (1) and (ii) any amounts necessary to meet the reserve account amount and (B) after the State Treasurer has transferred from the trust fund to the General Revenue Fund 100% of any post-2010 deficiency amount. "Reserve account amount" means $15 million in fiscal year 2011 and $30 million in each fiscal year thereafter. The reserve account amount shall be set aside in the trust fund and used as a reserve to be transferred to the McCormick Place Expansion Project Fund in the event the proceeds of taxes imposed under this Section 13 are not sufficient to fund the transfer required in subparagraph (2). "Post-2010 deficiency amount" means any deficiency in transfers from the trust fund to the McCormick Place Expansion Project Fund with respect to fiscal years 2011 and thereafter. It is the intention of this subparagraph (3) that no surplus revenues shall be paid to the Authority with respect to any year in which a post-2010 deficiency amount has not been satisfied by the Authority.

Moneys received by the Authority as surplus revenues may be used (i) for the purposes of paying debt service on the bonds and notes issued by the Authority, including early redemption of those bonds or notes, (ii) for the purposes of repair, replacement, and improvement of the grounds, buildings, and facilities of the Authority, and (iii) for the corporate purposes of the Authority in fiscal years 2011 through 2015 in an amount not to exceed $20,000,000 annually or $80,000,000 total, which amount shall be reduced $0.75 for each dollar of the receipts of the Authority in that year from any contract entered into with respect to naming rights at McCormick Place.

(8) Propose an evaluation structure to ensure that the school curricula aimed at preventing domestic violence is effectively taught by trained facilitators.

(c) The President of the Senate and the Speaker of the House of Representatives shall each appoint one co-chairperson of the Eradicate Domestic Violence Task Force. The Minority Leader of the Senate and the Minority Leader of the House of Representatives shall each appoint one member to the task force. In addition, the task force shall be comprised of the following members appointed by the State Board of Education and shall be representative of the geographic, racial, and ethnic diversity of this State:

(1) Four representatives involved with a program for high school students at a high school that is located in a municipality.
with a population of 2,000,000 or more and the program is a daily, 6-week to 9-week, 45-session, gender-specific, primary prevention course designed to raise awareness of topics such as dating and domestic violence, any systematic conduct that causes measurable physical harm or emotional distress, sexual assault, digital abuse, self-defense, and suicide.

(2) A representative of an interpersonal violence prevention program within a State university.

(3) A representative of a statewide nonprofit, nongovernmental, domestic violence organization.

(4) A representative of a different nonprofit, nongovernmental domestic violence organization that is located in a municipality with a population of 2,000,000 or more.

(5) A representative of a statewide nonprofit, nongovernmental, sexual assault organization.

(6) A representative of a different nonprofit, nongovernmental, sexual assault organization based in a county with a population of 3,000,000 or more.

(7) The State Superintendent of Education or his or her designee.

(8) The Chief Executive Officer of City of Chicago School District 299 or his or her designee or the President of the Chicago Board of Education or his or her designee.

(9) A representative of the Department of Human Services.

(10) A representative of a statewide, nonprofit professional organization representing law enforcement executives.

(11) A representative of the Chicago Police Department, Youth Services Division.

(18) A representative of an organization representing school boards.
(19) A representative of an organization representing school business officials.
(20) A representative of an organization representing large unit school districts.
(d) The following underlying purposes should be liberally construed by the task force convened under this Section:

(1) Recognize that, according to the Centers for Disease Control and Prevention, National Intimate Partner and Sexual Violence Survey, December 2010 Summary Report, on average 24 people per minute are victims of rape, physical violence, or stalking by an intimate partner in the United States, equaling more than 12 million women and men.
(2) Recognize that abused children and children exposed to domestic violence in their homes may have short and long-term physical, emotional, and learning problems, including increased aggression, decreased responsiveness to adults, failure to thrive, posttraumatic stress disorder, depression, anxiety, hypervigilance and hyperactivity, eating and sleeping problems, and developmental delays, according to the Journal of Interpersonal Violence and the Futures Without Violence organization.
(3) Recognize that the Illinois Violence Prevention Authority has found that children exposed to violence in the media may become numb to the horror of violence, may gradually accept violence as a way to solve problems, may imitate the violence they see, and may identify with certain characters, victims, or victimizers.
(4) Recognize that crimes and the incarceration of youth are often associated with a history of child abuse and exposure to domestic violence, according to Futures Without Violence.
(5) Recognize that the cost of prosecuting crime in this State is unnecessarily high due to a lack of prevention programs designed to eradicate domestic violence.
(6) Recognize that sexual violence, stalking, and intimate partner violence are serious and widespread public health problems for children and adults in this State.

New matter indicated by italics - deletions by strikeout
(7) Recognize that intervention programs aimed at preventing domestic violence may yield better results than programs aimed at treating the victims of domestic violence, because treatment programs may reduce the likelihood that a particular woman will be re-victimized, but might not otherwise reduce the overall amount of domestic violence.

(8) Recognize that uniform, effective, feasible, and widespread prevention of sexual violence and intimate partner violence is a high priority in this State.

(9) Recognize that the Step Back Program at Oak Park and River Forest High School in Cook County, Illinois, is a daily, 6 to 9 week, 45-session, gender-specific, primary prevention course for high school students designed to raise awareness of topics, including dating and domestic violence, bullying and harassment, sexual assault, digital abuse, self-defense, and suicide. The Step Back Program is co-facilitated by the high school and a nonprofit, nongovernmental domestic violence prevention specialist and service provider.

(10) Develop a statewide effective prevention course for high school students based on the Step Back Program for boys and girls designed to prevent interpersonal, adolescent violence.

(e) Members of the Eradicate Domestic Violence Task Force shall receive no compensation for their participation, but may be reimbursed by the State Board of Education for expenses in connection with their participation, including travel, if funds are available.

(f) Nothing in this Section or in the prevention course is intended to infringe upon any right to exercise free expression or the free exercise of religion or religiously based views protected under the First Amendment to the United States Constitution or under Section 3 or 4 of Article 1 of the Illinois Constitution.

(210 ILCS 48/1-101.01)

Sec. 1-101.01. Legislative findings. Illinois is committed to providing behavioral health services in the most community-integrated settings possible, based on the needs of residents who qualify for State support. This goal is consistent with federal law and regulations and recent court decrees. A variety of services and settings are necessary to ensure that people with serious mental illness receive high quality care that is oriented towards their safety, rehabilitation, and recovery.

Residential settings are an important component of the system of behavioral health care that Illinois is developing. When residential treatment is necessary these facilities must offer high quality rehabilitation and recover care, help residents achieve and maintain their highest level of independent functioning, and prepare them to live in permanent supportive housing and other community-integrated settings. Facilities licensed under the Specialized Mental Health Rehabilitation Act will be models of such residential care, demonstrating the elements essential to help people with serious mental illness transition to more independent living and return to healthy, productive lives.

The Department shall give consideration to the comments of such community representatives in determinations of compliance with the State plan under this Section, and the Department may modify, suspend or withhold funding of such programs and services subject to this Act until such times as assurance is achieved.

(b) Beginning January 1, 1990, no Department of State government, as defined in the Civil Administrative Code of Illinois, shall place any person in or utilize any services of a community-integrated living arrangement which is not certified by an agency under this Act. Section 355. The Public Utilities Act is amended by changing
Section 9-220 as follows:
(220 ILCS 5/9-220) (from Ch. 111 2/3, par. 9-220)
Sec. 9-220. Rate changes based on changes in fuel costs.
(a) Notwithstanding the provisions of Section 9-201, the
Commission may authorize the increase or decrease of rates and charges
based upon changes in the cost of fuel used in the generation or production
of electric power, changes in the cost of purchased power, or changes in
the cost of purchased gas through the application of fuel adjustment
clauses or purchased gas adjustment clauses. The Commission may also
authorize the increase or decrease of rates and charges based upon
expenditures or revenues resulting from the purchase or sale of emission
allowances created under the federal Clean Air Act Amendments of 1990,
through such fuel adjustment clauses, as a cost of fuel. For the purposes
of this paragraph, cost of fuel used in the generation or production of electric
power shall include the amount of any fees paid by the utility for the
implementation and operation of a process for the desulfurization of the
flue gas when burning high sulfur coal at any location within the State of

New matter indicated by italics - deletions by strikeout
Illinois irrespective of the attainment status designation of such location; but shall not include transportation costs of coal (i) except to the extent that for contracts entered into on and after the effective date of this amendatory Act of 1997, the cost of the coal, including transportation costs, constitutes the lowest cost for adequate and reliable fuel supply reasonably available to the public utility in comparison to the cost, including transportation costs, of other adequate and reliable sources of fuel supply reasonably available to the public utility, or (ii) except as otherwise provided in the next 3 sentences of this paragraph. Such costs of fuel shall, when requested by a utility or at the conclusion of the utility's next general electric rate proceeding, whichever shall first occur, include transportation costs of coal purchased under existing coal purchase contracts. For purposes of this paragraph "existing coal purchase contracts" means contracts for the purchase of coal in effect on the effective date of this amendatory Act of 1991, as such contracts may thereafter be amended, but only to the extent that any such amendment does not increase the aggregate quantity of coal to be purchased under such contract. Nothing herein shall authorize an electric utility to recover through its fuel adjustment clause any amounts of transportation costs of coal that were included in the revenue requirement used to set base rates in its most recent general rate proceeding. Cost shall be based upon uniformly applied accounting principles. Annually, the Commission shall initiate public hearings to determine whether the clauses reflect actual costs of fuel, gas, power, or coal transportation purchased to determine whether such purchases were prudent, and to reconcile any amounts collected with the actual costs of fuel, power, gas, or coal transportation prudently purchased. In each such proceeding, the burden of proof shall be upon the utility to establish the prudence of its cost of fuel, power, gas, or coal transportation purchases and costs. The Commission shall issue its final order in each such annual proceeding for an electric utility by December 31 of the year immediately following the year to which the proceeding pertains, provided, that the Commission shall issue its final order with respect to such annual proceeding for the years 1996 and earlier by December 31, 1998.

(b) A public utility providing electric service, other than a public utility described in subsections (e) or (f) of this Section, may at any time during the mandatory transition period file with the Commission proposed tariff sheets that eliminate the public utility's fuel adjustment clause and adjust the public utility's base rate tariffs by the amount necessary for the
base fuel component of the base rates to recover the public utility's average fuel and power supply costs per kilowatt-hour for the 2 most recent years for which the Commission has issued final orders in annual proceedings pursuant to subsection (a), where the average fuel and power supply costs per kilowatt-hour shall be calculated as the sum of the public utility's prudent and allowable fuel and power supply costs as found by the Commission in the 2 proceedings divided by the public utility's actual jurisdictional kilowatt-hour sales for those 2 years. Notwithstanding any contrary or inconsistent provisions in Section 9-201 of this Act, in subsection (a) of this Section or in any rules or regulations promulgated by the Commission pursuant to subsection (g) of this Section, the Commission shall review and shall by order approve, or approve as modified, the proposed tariff sheets within 60 days after the date of the public utility's filing. The Commission may modify the public utility's proposed tariff sheets only to the extent the Commission finds necessary to achieve conformance to the requirements of this subsection (b). During the 5 years following the date of the Commission's order, but in any event no earlier than January 1, 2007, a public utility whose fuel adjustment clause has been eliminated pursuant to this subsection shall not file proposed tariff sheets seeking, or otherwise petition the Commission for, reinstatement of a fuel adjustment clause.

(c) Notwithstanding any contrary or inconsistent provisions in Section 9-201 of this Act, in subsection (a) of this Section or in any rules or regulations promulgated by the Commission pursuant to subsection (g) of this Section, a public utility providing electric service, other than a public utility described in subsection (e) or (f) of this Section, may at any time during the mandatory transition period file with the Commission proposed tariff sheets that establish the rate per kilowatt-hour to be applied pursuant to the public utility's fuel adjustment clause at the average value for such rate during the preceding 24 months, provided that such average rate results in a credit to customers' bills, without making any revisions to the public utility's base rate tariffs. The proposed tariff sheets shall establish the fuel adjustment rate for a specific time period of at least 3 years but not more than 5 years, provided that the terms and conditions for any reinstatement earlier than 5 years shall be set forth in the proposed tariff sheets and subject to modification or approval by the Commission. The Commission shall review and shall by order approve the proposed tariff sheets if it finds that the requirements of this subsection are met. The Commission shall not conduct the annual hearings specified in the last 3
sentences of subsection (a) of this Section for the utility for the period that the factor established pursuant to this subsection is in effect.

(d) A public utility providing electric service, or a public utility providing gas service may file with the Commission proposed tariff sheets that eliminate the public utility's fuel or purchased gas adjustment clause and adjust the public utility's base rate tariffs to provide for recovery of power supply costs or gas supply costs that would have been recovered through such clause; provided, that the provisions of this subsection (d) shall not be available to a public utility described in subsections (e) or (f) of this Section to eliminate its fuel adjustment clause. Notwithstanding any contrary or inconsistent provisions in Section 9-201 of this Act, in subsection (a) of this Section, or in any rules or regulations promulgated by the Commission pursuant to subsection (g) of this Section, the Commission shall review and shall by order approve, or approve as modified in the Commission's order, the proposed tariff sheets within 240 days after the date of the public utility's filing. The Commission's order shall approve rates and charges that the Commission, based on information in the public utility's filing or on the record if a hearing is held by the Commission, finds will recover the reasonable, prudent and necessary jurisdictional power supply costs or gas supply costs incurred or to be incurred by the public utility during a 12 month period found by the Commission to be appropriate for these purposes, provided, that such period shall be either (i) a 12 month historical period occurring during the 15 months ending on the date of the public utility's filing, or (ii) a 12 month future period ending no later than 15 months following the date of the public utility's filing. The public utility shall include with its tariff filing information showing both (1) its actual jurisdictional power supply costs or gas supply costs for a 12 month historical period conforming to (i) above and (2) its projected jurisdictional power supply costs or gas supply costs for a future 12 month period conforming to (ii) above. If the Commission's order requires modifications in the tariff sheets filed by the public utility, the public utility shall have 7 days following the date of the order to notify the Commission whether the public utility will implement the modified tariffs or elect to continue its fuel or purchased gas adjustment clause in force as though no order had been entered. The Commission's order shall provide for any reconciliation of power supply costs or gas supply costs, as the case may be, and associated revenues through the date that the public utility's fuel or purchased gas adjustment clause is eliminated. During the 5 years following the date of the

Commission's order, a public utility whose fuel or purchased gas adjustment clause has been eliminated pursuant to this subsection shall not file proposed tariff sheets seeking, or otherwise petition the Commission for, reinstatement or adoption of a fuel or purchased gas adjustment clause. Nothing in this subsection (d) shall be construed as limiting the Commission's authority to eliminate a public utility's fuel adjustment clause or purchased gas adjustment clause in accordance with any other applicable provisions of this Act.

(e) Notwithstanding any contrary or inconsistent provisions in Section 9-201 of this Act, in subsection (a) of this Section, or in any rules promulgated by the Commission pursuant to subsection (g) of this Section, a public utility providing electric service to more than 1,000,000 customers in this State may, within the first 6 months after the effective date of this amendatory Act of 1997, file with the Commission proposed tariff sheets that eliminate, effective January 1, 1997, the public utility's fuel adjustment clause without adjusting its base rates, and such tariff sheets shall be effective upon filing. To the extent the application of the fuel adjustment clause had resulted in net charges to customers after January 1, 1997, the utility shall also file a tariff sheet that provides for a refund stated on a per kilowatt-hour basis of such charges over a period not to exceed 6 months; provided however, that such refund shall not include the proportional amounts of taxes paid under the Use Tax Act, Service Use Tax Act, Service Occupation Tax Act, and Retailers' Occupation Tax Act on fuel used in generation. The Commission shall issue an order within 45 days after the date of the public utility's filing approving or approving as modified such tariff sheet. If the fuel adjustment clause is eliminated pursuant to this subsection, the Commission shall not conduct the annual hearings specified in the last 3 sentences of subsection (a) of this Section for the utility for any period after December 31, 1996 and prior to any reinstatement of such clause. A public utility whose fuel adjustment clause has been eliminated pursuant to this subsection shall not file a proposed tariff sheet seeking, or otherwise petition the Commission for, reinstatement of the fuel adjustment clause prior to January 1, 2007.

(f) Notwithstanding any contrary or inconsistent provisions in Section 9-201 of this Act, in subsection (a) of this Section, or in any rules or regulations promulgated by the Commission pursuant to subsection (g) of this Section, a public utility providing electric service to more than 500,000 customers but fewer than 1,000,000 customers in this State may,
within the first 6 months after the effective date of this amendatory Act of 1997, file with the Commission proposed tariff sheets that eliminate, effective January 1, 1997, the public utility's fuel adjustment clause and adjust its base rates by the amount necessary for the base fuel component of the base rates to recover 91% of the public utility's average fuel and power supply costs for the 2 most recent years for which the Commission, as of January 1, 1997, has issued final orders in annual proceedings pursuant to subsection (a), where the average fuel and power supply costs per kilowatt-hour shall be calculated as the sum of the public utility's prudent and allowable fuel and power supply costs as found by the Commission in the 2 proceedings divided by the public utility's actual jurisdictional kilowatt-hour sales for those 2 years, provided, that such tariff sheets shall be effective upon filing. To the extent the application of the fuel adjustment clause had resulted in net charges to customers after January 1, 1997, the utility shall also file a tariff sheet that provides for a refund stated on a per kilowatt-hour basis of such charges over a period not to exceed 6 months. Provided however, that such refund shall not include the proportional amounts of taxes paid under the Use Tax Act, Service Use Tax Act, Service Occupation Tax Act, and Retailers' Occupation Tax Act on fuel used in generation. The Commission shall issue an order within 45 days after the date of the public utility's filing approving or approving as modified such tariff sheet. If the fuel adjustment clause is eliminated pursuant to this subsection, the Commission shall not conduct the annual hearings specified in the last 3 sentences of subsection (a) of this Section for the utility for any period after December 31, 1996 and prior to any reinstatement of such clause. A public utility whose fuel adjustment clause has been eliminated pursuant to this subsection shall not file a proposed tariff sheet seeking, or otherwise petition the Commission for, reinstatement of the fuel adjustment clause prior to January 1, 2007.

(g) The Commission shall have authority to promulgate rules and regulations to carry out the provisions of this Section.

(h) Any Illinois gas utility may enter into a contract on or before September 30, 2011 for up to 10 years of supply with any company for the purchase of substitute natural gas (SNG) produced from coal through the gasification process if the company has commenced construction of a clean coal SNG facility by July 1, 2012 and commencement of construction shall mean that material physical site work has occurred, such as site clearing and excavation, water runoff prevention, water retention
reservoir preparation, or foundation development. The contract shall
contain the following provisions: (i) at least 90% of feedstock to be used
in the gasification process shall be coal with a high volatile bituminous
rank and greater than 1.7 pounds of sulfur per million Btu content; (ii) at
the time the contract term commences, the price per million Btu may not
exceed $7.95 in 2008 dollars, adjusted annually based on the change in the
Annual Consumer Price Index for All Urban Consumers for the Midwest
Region as published in April by the United States Department of Labor,
Bureau of Labor Statistics (or a suitable Consumer Price Index calculation
if this Consumer Price Index is not available) for the previous calendar
year; provided that the price per million Btu shall not exceed $9.95 at any
time during the contract; (iii) the utility's supply contract for the purchase
of SNG does not exceed 15% of the annual system supply requirements of
the utility as of 2008; and (iv) the contract costs pursuant to subsection (h-
10) of this Section shall not include any lobbying expenses, charitable
contributions, advertising, organizational memberships, carbon dioxide
pipeline or sequestration expenses, or marketing expenses.

Any gas utility that is providing service to more than 150,000
customers on August 2, 2011 (the effective date of Public Act 97-239)
shall either elect to enter into a contract on or before September 30, 2011
for 10 years of SNG supply with the owner of a clean coal SNG facility or
to file biennial rate proceedings before the Commission in the years 2012,
2014, and 2016, with such filings made after August 2, 2011 and no later
than September 30 of the years 2012, 2014, and 2016 consistent with all
requirements of 83 Ill. Adm. Code 255 and 285 as though the gas utility
were filing for an increase in its rates, without regard to whether such
filing would produce an increase, a decrease, or no change in the gas
utility's rates, and the Commission shall review the gas utility's filing and
shall issue its order in accordance with the provisions of Section 9-201 of
this Act.

Within 7 days after August 2, 2011, the owner of the clean coal
SNG facility shall submit to the Illinois Power Agency and each gas utility
that is providing service to more than 150,000 customers on August 2,
2011 a copy of a draft contract. Within 30 days after the receipt of the draft
contract, each such gas utility shall provide the Illinois Power Agency and
the owner of the clean coal SNG facility with its comments and
recommended revisions to the draft contract. Within 7 days after the
receipt of the gas utility's comments and recommended revisions, the
owner of the facility shall submit its responsive comments and a further

revised draft of the contract to the Illinois Power Agency. The Illinois Power Agency shall review the draft contract and comments.

During its review of the draft contract, the Illinois Power Agency shall:

1. review and confirm in writing that the terms stated in this subsection (h) are incorporated in the SNG contract;
2. review the SNG pricing formula included in the contract and approve that formula if the Illinois Power Agency determines that the formula, at the time the contract term commences: (A) starts with a price of $6.50 per MMBtu adjusted by the adjusted final capitalized plant cost; (B) takes into account budgeted miscellaneous net revenue after cost allowance, including sale of SNG produced by the clean coal SNG facility above the nameplate capacity of the facility and other by-products produced by the facility, as approved by the Illinois Power Agency; (C) does not include carbon dioxide transportation or sequestration expenses; and (D) includes all provisions required under this subsection (h); if the Illinois Power Agency does not approve of the SNG pricing formula, then the Illinois Power Agency shall modify the formula to ensure that it meets the requirements of this subsection (h);
3. review and approve the amount of budgeted miscellaneous net revenue after cost allowance, including sale of SNG produced by the clean coal SNG facility above the nameplate capacity of the facility and other by-products produced by the facility, to be included in the pricing formula; the Illinois Power Agency shall approve the amount of budgeted miscellaneous net revenue to be included in the pricing formula if it determines the budgeted amount to be reasonable and accurate;
4. review and confirm in writing that using the EIA Annual Energy Outlook-2011 Henry Hub Spot Price, the contract terms set out in subsection (h), the reconciliation account terms as set out in subsection (h-15), and an estimated inflation rate of 2.5% for each corresponding year, that there will be no cumulative estimated increase for residential customers; and
5. allocate the nameplate capacity of the clean coal SNG by total therms sold to ultimate customers by each gas utility in 2008; provided, however, no utility shall be required to purchase more than 42% of the projected annual output of the facility; additionally, the Illinois Power Agency shall further adjust the

allocation only as required to take into account (A) adverse consolidation, derivative, or lease impacts to the balance sheet or income statement of any gas utility or (B) the physical capacity of the gas utility to accept SNG.

If the parties to the contract do not agree on the terms therein, then the Illinois Power Agency shall retain an independent mediator to mediate the dispute between the parties. If the parties are in agreement on the terms of the contract, then the Illinois Power Agency shall approve the contract. If after mediation the parties have failed to come to agreement, then the Illinois Power Agency shall revise the draft contract as necessary to confirm that the contract contains only terms that are reasonable and equitable. The Illinois Power Agency may, in its discretion, retain an independent, qualified, and experienced expert to assist in its obligations under this subsection (h). The Illinois Power Agency shall adopt and make public policies detailing the processes for retaining a mediator and an expert under this subsection (h). Any mediator or expert retained under this subsection (h) shall be retained no later than 60 days after August 2, 2011.

The Illinois Power Agency shall complete all of its responsibilities under this subsection (h) within 60 days after August 2, 2011. The clean coal SNG facility shall pay a reasonable fee as required by the Illinois Power Agency for its services under this subsection (h) and shall pay the mediator's and expert's reasonable fees, if any. A gas utility and its customers shall have no obligation to reimburse the clean coal SNG facility or the Illinois Power Agency of any such costs.

Within 30 days after commercial production of SNG has begun, the Commission shall initiate a review to determine whether the final capitalized plant cost of the clean coal SNG facility reflects actual incurred costs and whether the incurred costs were reasonable. In determining the actual incurred costs included in the final capitalized plant cost and the reasonableness of those costs, the Commission may in its discretion retain independent, qualified, and experienced experts to assist in its determination. The expert shall not own or control any direct or indirect interest in the clean coal SNG facility and shall have no contractual relationship with the clean coal SNG facility. If an expert is retained by the Commission, then the clean coal SNG facility shall pay the expert's reasonable fees. The fees shall not be passed on to a utility or its customers. The Commission shall adopt and make public a policy detailing the process for retaining experts under this subsection (h).

Within 30 days after completion of its review, the Commission shall initiate a formal proceeding on the final capitalized plant cost of the clean coal SNG facility at which comments and testimony may be submitted by any interested parties and the public. If the Commission finds that the final capitalized plant cost includes costs that were not actually incurred or costs that were unreasonably incurred, then the Commission shall disallow the amount of non-incurred or unreasonable costs from the SNG price under contracts entered into under this subsection (h). If the Commission disallows any costs, then the Commission shall adjust the SNG price using the price formula in the contract approved by the Illinois Power Agency under this subsection (h) to reflect the disallowed costs and shall enter an order specifying the revised price. In addition, the Commission's order shall direct the clean coal SNG facility to issue refunds of such sums as shall represent the difference between actual gross revenues and the gross revenue that would have been obtained based upon the same volume, from the price revised by the Commission. Any refund shall include interest calculated at a rate determined by the Commission and shall be returned according to procedures prescribed by the Commission.

Nothing in this subsection (h) shall preclude any party affected by a decision of the Commission under this subsection (h) from seeking judicial review of the Commission's decision.

(h-1) Any Illinois gas utility may enter into a sourcing agreement for up to 30 years of supply with the clean coal SNG brownfield facility if the clean coal SNG brownfield facility has commenced construction. Any gas utility that is providing service to more than 150,000 customers on July 13, 2011 (the effective date of Public Act 97-096) shall either elect to file biennial rate proceedings before the Commission in the years 2012, 2014, and 2016 or enter into a sourcing agreement or sourcing agreements with a clean coal SNG brownfield facility with an initial term of 30 years for either (i) a percentage of 43,500,000,000 cubic feet per year, such that the utilities entering into sourcing agreements with the clean coal SNG brownfield facility purchase 100%, allocated by total therms sold to ultimate customers by each gas utility in 2008 or (ii) such lesser amount as may be available from the clean coal SNG brownfield facility; provided that no utility shall be required to purchase more than 42% of the projected annual output of the clean coal SNG brownfield facility, with the remainder of such utility's obligation to be divided proportionately between the other utilities, and provided that the Illinois Power Agency
shall further adjust the allocation only as required to take into account adverse consolidation, derivative, or lease impacts to the balance sheet or income statement of any gas utility.

A gas utility electing to file biennial rate proceedings before the Commission must file a notice of its election with the Commission within 60 days after July 13, 2011 or its right to make the election is irrevocably waived. A gas utility electing to file biennial rate proceedings shall make such filings no later than August 1 of the years 2012, 2014, and 2016, consistent with all requirements of 83 Ill. Adm. Code 255 and 285 as though the gas utility were filing for an increase in its rates, without regard to whether such filing would produce an increase, a decrease, or no change in the gas utility's rates, and notwithstanding any other provisions of this Act, the Commission shall fully review the gas utility's filing and shall issue its order in accordance with the provisions of Section 9-201 of this Act, regardless of whether the Commission has approved a formula rate for the gas utility.

Within 15 days after July 13, 2011, the owner of the clean coal SNG brownfield facility shall submit to the Illinois Power Agency and each gas utility that is providing service to more than 150,000 customers on July 13, 2011 a copy of a draft sourcing agreement. Within 45 days after receipt of the draft sourcing agreement, each such gas utility shall provide the Illinois Power Agency and the owner of a clean coal SNG brownfield facility with its comments and recommended revisions to the draft sourcing agreement. Within 15 days after the receipt of the gas utility's comments and recommended revisions, the owner of the clean coal SNG brownfield facility shall submit its responsive comments and a further revised draft of the sourcing agreement to the Illinois Power Agency. The Illinois Power Agency shall review the draft sourcing agreement and comments.

If the parties to the sourcing agreement do not agree on the terms therein, then the Illinois Power Agency shall retain an independent mediator to mediate the dispute between the parties. If the parties are in agreement on the terms of the sourcing agreement, the Illinois Power Agency shall approve the final draft sourcing agreement. If after mediation the parties have failed to come to agreement, then the Illinois Power Agency shall revise the draft sourcing agreement as necessary to confirm that the final draft sourcing agreement contains only terms that are reasonable and equitable. The Illinois Power Agency shall adopt and make public a policy detailing the process for retaining a mediator under this

New matter indicated by italics - deletions by strikeout
subsection (h-1). Any mediator retained to assist with mediating disputes between the parties regarding the sourcing agreement shall be retained no later than 60 days after July 13, 2011.

Upon approval of a final draft agreement, the Illinois Power Agency shall submit the final draft agreement to the Capital Development Board and the Commission no later than 90 days after July 13, 2011. The gas utility and the clean coal SNG brownfield facility shall pay a reasonable fee as required by the Illinois Power Agency for its services under this subsection (h-1) and shall pay the mediator's reasonable fees, if any. The Illinois Power Agency shall adopt and make public a policy detailing the process for retaining a mediator under this Section.

The sourcing agreement between a gas utility and the clean coal SNG brownfield facility shall contain the following provisions:

(1) Any and all coal used in the gasification process must be coal that has high volatile bituminous rank and greater than 1.7 pounds of sulfur per million Btu content.

(2) Coal and petroleum coke are feedstocks for the gasification process, with coal comprising at least 50% of the total feedstock over the term of the sourcing agreement unless the facility reasonably determines that it is necessary to use additional petroleum coke to deliver net consumer savings, in which case the facility shall use coal for at least 35% of the total feedstock over the term of any sourcing agreement and with the feedstocks to be procured in accordance with requirements of Section 1-78 of the Illinois Power Agency Act.

(3) The sourcing agreement has an initial term that once entered into terminates no more than 30 years after the commencement of the commercial production of SNG at the clean coal SNG brownfield facility.

(4) The clean coal SNG brownfield facility guarantees a minimum of $100,000,000 in consumer savings to customers of the utilities that have entered into sourcing agreements with the clean coal SNG brownfield facility, calculated in real 2010 dollars at the conclusion of the term of the sourcing agreement by comparing the delivered SNG price to the Chicago City-gate price on a weighted daily basis for each day over the entire term of the sourcing agreement, to be provided in accordance with subsection (h-2) of this Section.
(5) Prior to the clean coal SNG brownfield facility issuing a notice to proceed to construction, the clean coal SNG brownfield facility shall establish a consumer protection reserve account for the benefit of the customers of the utilities that have entered into sourcing agreements with the clean coal SNG brownfield facility pursuant to this subsection (h-1), with cash principal in the amount of $150,000,000. This cash principal shall only be recoverable through the consumer protection reserve account and not as a cost to be recovered in the delivered SNG price pursuant to subsection (h-3) of this Section. The consumer protection reserve account shall be maintained and administered by an independent trustee that is mutually agreed upon by the clean coal SNG brownfield facility, the utilities, and the Commission in an interest-bearing account in accordance with subsection (h-2) of this Section.

"Consumer protection reserve account principal maximum amount" shall mean the maximum amount of principal to be maintained in the consumer protection reserve account. During the first 2 years of operation of the facility, there shall be no consumer protection reserve account maximum amount. After the first 2 years of operation of the facility, the consumer protection reserve account maximum amount shall be $150,000,000. After 5 years of operation, and every 5 years thereafter, the trustee shall calculate the 5-year average balance of the consumer protection reserve account. If the trustee determines that during the prior 5 years the consumer protection reserve account has had an average account balance of less than $75,000,000, then the consumer protection reserve account principal maximum amount shall be increased by $5,000,000. If the trustee determines that during the prior 5 years the consumer protection reserve account has had an average account balance of more than $75,000,000, then the consumer protection reserve account principal maximum amount shall be decreased by $5,000,000.

(6) The clean coal SNG brownfield facility shall identify and sell economically viable by-products produced by the facility.

(7) Fifty percent of all additional net revenue, defined as miscellaneous net revenue from products produced by the facility and delivered during the month after cost allowance for costs associated with additional net revenue that are not otherwise recoverable pursuant to subsection (h-3) of this Section, including
net revenue from sales of substitute natural gas derived from the facility above the nameplate capacity of the facility and other by-products produced by the facility, shall be credited to the consumer protection reserve account pursuant to subsection (h-2) of this Section.

(8) The delivered SNG price per million btu to be paid monthly by the utility to the clean coal SNG brownfield facility, which shall be based only upon the following: (A) a capital recovery charge, operations and maintenance costs, and sequestration costs, only to the extent approved by the Commission pursuant to paragraphs (1), (2), and (3) of subsection (h-3) of this Section; (B) the actual delivered and processed fuel costs pursuant to paragraph (4) of subsection (h-3) of this Section; (C) actual costs of SNG transportation pursuant to paragraph (6) of subsection (h-3) of this Section; (D) certain taxes and fees imposed by the federal government, the State, or any unit of local government as provided in paragraph (6) of subsection (h-3) of this Section; and (E) the credit, if any, from the consumer protection reserve account pursuant to subsection (h-2) of this Section. The delivered SNG price per million Btu shall proportionately reflect these elements over the term of the sourcing agreement.

(9) A formula to translate the recoverable costs and charges under subsection (h-3) of this Section into the delivered SNG price per million btu.

(10) Title to the SNG shall pass at a mutually agreeable point in Illinois, and may provide that, rather than the utility taking title to the SNG, a mutually agreed upon third-party gas marketer pursuant to a contract approved by the Illinois Power Agency or its designee may take title to the SNG pursuant to an agreement between the utility, the owner of the clean coal SNG brownfield facility, and the third-party gas marketer.

(11) A utility may exit the sourcing agreement without penalty if the clean coal SNG brownfield facility does not commence construction by July 1, 2015.

(12) A utility is responsible to pay only the Commission determined unit price cost of SNG that is purchased by the utility. Nothing in the sourcing agreement will obligate a utility to invest capital in a clean coal SNG brownfield facility.
(13) The quality of SNG must, at a minimum, be equivalent to the quality required for interstate pipeline gas before a utility is required to accept and pay for SNG gas.

(14) Nothing in the sourcing agreement will require a utility to construct any facilities to accept delivery of SNG. Provided, however, if a utility is required by law or otherwise elects to connect the clean coal SNG brownfield facility to an interstate pipeline, then the utility shall be entitled to recover pursuant to its tariffs all just and reasonable costs that are prudently incurred. Any costs incurred by the utility to receive, deliver, manage, or otherwise accommodate purchases under the SNG sourcing agreement will be fully recoverable through a utility's purchased gas adjustment clause rider mechanism in conjunction with a SNG brownfield facility rider mechanism. The SNG brownfield facility rider mechanism (A) shall be applicable to all customers who receive transportation service from the utility, (B) shall be designed to have an equal percent impact on the transportation services rates of each class of the utility's customers, and (C) shall accurately reflect the net consumer savings, if any, and above-market costs, if any, associated with the utility receiving, delivering, managing, or otherwise accommodating purchases under the SNG sourcing agreement.

(15) Remedies for the clean coal SNG brownfield facility's failure to deliver a designated amount for a designated period.

(16) The clean coal SNG brownfield facility shall make a good faith effort to ensure that an amount equal to not less than 15% of the value of its prime construction contract for the facility shall be established as a goal to be awarded to minority owned businesses, female owned businesses, and businesses owned by a person with a disability; provided that at least 75% of the amount of such total goal shall be for minority owned businesses. "Minority owned business", "female owned business", and "business owned by a person with a disability" shall have the meanings ascribed to them in Section 2 of the Business Enterprise for Minorities, Females and Persons with Disabilities Act.

(17) Prior to the clean coal SNG brownfield facility issuing a notice to proceed to construction, the clean coal SNG brownfield facility shall file with the Commission a certificate from an independent engineer that the clean coal SNG brownfield facility...
has (A) obtained all applicable State and federal environmental permits required for construction; (B) obtained approval from the Commission of a carbon capture and sequestration plan; and (C) obtained all necessary permits required for construction for the transportation and sequestration of carbon dioxide as set forth in the Commission-approved carbon capture and sequestration plan.

(h-2) Consumer protection reserve account. The clean coal SNG brownfield facility shall guarantee a minimum of $100,000,000 in consumer savings to customers of the utilities that have entered into sourcing agreements with the clean coal SNG brownfield facility, calculated in real 2010 dollars at the conclusion of the term of the sourcing agreement by comparing the delivered SNG price to the Chicago City-gate price on a weighted daily basis for each day over the entire term of the sourcing agreement. Prior to the clean coal SNG brownfield facility issuing a notice to proceed to construction, the clean coal SNG brownfield facility shall establish a consumer protection reserve account for the benefit of the retail customers of the utilities that have entered into sourcing agreements with the clean coal SNG brownfield facility pursuant to subsection (h-1), with cash principal in the amount of $150,000,000. Such cash principal shall only be recovered through the consumer protection reserve account and not as a cost to be recovered in the delivered SNG price pursuant to subsection (h-3) of this Section. The consumer protection reserve account shall be maintained and administered by an independent trustee that is mutually agreed upon by the clean coal SNG brownfield facility, the utilities, and the Commission in an interest-bearing account in accordance with the following:

(1) The clean coal SNG brownfield facility monthly shall calculate (A) the difference between the monthly delivered SNG price and the Chicago City-gate price, by comparing the delivered SNG price, which shall include the cost of transportation to the delivery point, if any, to the Chicago City-gate price on a weighted daily basis for each day of the prior month based upon a mutually agreed upon published index and (B) the overage amount, if any, by calculating the annualized incremental additional cost, if any, of the delivered SNG in excess of 2.015% of the average annual inflation-adjusted amounts paid by all gas distribution customers in connection with natural gas service during the 5 years ending May 31, 2010.

(2) During the first 2 years of operation of the facility:

New matter indicated by italics - deletions by strikeout
(A) to the extent there is an overage amount, the consumer protection reserve account shall be used to provide a credit to reduce the SNG price by an amount equal to the overage amount; and

(B) to the extent the monthly delivered SNG price is less than or equal to the Chicago City-gate price, the utility shall credit the difference between the monthly delivered SNG price and the monthly Chicago City-gate price, if any, to the consumer protection reserve account. Such credit issued pursuant to this paragraph (B) shall be deemed prudent and reasonable and not subject to a Commission prudence review;

(3) After 2 years of operation of the facility, and monthly, on an on-going basis, thereafter:

(A) to the extent that the monthly delivered SNG price is less than or equal to the Chicago City-gate price, calculated using the weighted average of the daily Chicago City-gate price on a daily basis over the entire month, the utility shall credit the difference, if any, to the consumer protection reserve account. Such credit issued pursuant to this subparagraph (A) shall be deemed prudent and reasonable and not subject to a Commission prudence review;

(B) any amounts in the consumer protection reserve account in excess of the consumer protection reserve account principal maximum amount shall be distributed as follows: (i) if retail customers have not realized net consumer savings, calculated by comparing the delivered SNG price to the weighted average of the daily Chicago City-gate price on a daily basis over the entire term of the sourcing agreement to date, then 50% of any amounts in the consumer protection reserve account in excess of the consumer protection reserve account principal maximum shall be distributed to the clean coal SNG brownfield facility, with the remaining 50% of any such additional amounts being credited to retail customers, and (ii) if retail customers have realized net consumer savings, then 100% of any amounts in the consumer protection reserve account in excess of the consumer protection reserve account principal maximum shall be distributed...
principal maximum shall be distributed to the clean coal SNG brownfield facility; provided, however, that under no circumstances shall the total cumulative amount distributed to the clean coal SNG brownfield facility under this subparagraph (B) exceed $150,000,000;

(C) to the extent there is an overage amount, after distributing the amounts pursuant to subparagraph (B) of this paragraph (3), if any, the consumer protection reserve account shall be used to provide a credit to reduce the SNG price by an amount equal to the overage amount;

(D) if retail customers have realized net consumer savings, calculated by comparing the delivered SNG price to the weighted average of the daily Chicago City-gate price on a daily basis over the entire term of the sourcing agreement to date, then after distributing the amounts pursuant to subparagraphs (B) and (C) of this paragraph (3), 50% of any additional amounts in the consumer protection reserve account in excess of the consumer protection reserve account principal maximum shall be distributed to the clean coal SNG brownfield facility, with the remaining 50% of any such additional amounts being credited to retail customers; provided, however, that if retail customers have not realized such net consumer savings, no such distribution shall be made to the clean coal SNG brownfield facility, and 100% of such additional amounts shall be credited to the retail customers to the extent the consumer protection reserve account exceeds the consumer protection reserve account principal maximum amount.

(4) Fifty percent of all additional net revenue, defined as miscellaneous net revenue after cost allowance for costs associated with additional net revenue that are not otherwise recoverable pursuant to subsection (h-3) of this Section, including net revenue from sales of substitute natural gas derived from the facility above the nameplate capacity of the facility and other by-products produced by the facility, shall be credited to the consumer protection reserve account.

(5) At the conclusion of the term of the sourcing agreement, to the extent retail customers have not saved the minimum of $100,000,000 in consumer savings as guaranteed in this subsection

New matter indicated by italics - deletions by strikeout
(h-2), amounts in the consumer protection reserve account shall be credited to retail customers to the extent the retail customers have saved the minimum of $100,000,000; 50% of any additional amounts in the consumer protection reserve account shall be distributed to the company, and the remaining 50% shall be distributed to retail customers.

(6) If, at the conclusion of the term of the sourcing agreement, the customers have not saved the minimum $100,000,000 in savings as guaranteed in this subsection (h-2) and the consumer protection reserve account has been depleted, then the clean coal SNG brownfield facility shall be liable for any remaining amount owed to the retail customers to the extent that the customers are provided with the $100,000,000 in savings as guaranteed in this subsection (h-2). The retail customers shall have first priority in recovering that debt above any creditors, except the original senior secured lender to the extent that the original senior secured lender has any senior secured debt outstanding, including any clean coal SNG brownfield facility parent companies or affiliates.

(7) The clean coal SNG brownfield facility, the utilities, and the trustee shall work together to take commercially reasonable steps to minimize the tax impact of these transactions, while preserving the consumer benefits.

(8) The clean coal SNG brownfield facility shall each month, starting in the facility's first year of commercial operation, file with the Commission, in such form as the Commission shall require, a report as to the consumer protection reserve account. The monthly report must contain the following information:

(A) the extent the monthly delivered SNG price is greater than, less than, or equal to the Chicago City-gate price;

(B) the amount credited or debited to the consumer protection reserve account during the month;

(C) the amounts credited to consumers and distributed to the clean coal SNG brownfield facility during the month;

(D) the total amount of the consumer protection reserve account at the beginning and end of the month;

(E) the total amount of consumer savings to date;

New matter indicated by italics - deletions by strikeout
(F) a confidential summary of the inputs used to calculate the additional net revenue; and
(G) any other additional information the Commission shall require.

When any report is erroneous or defective or appears to the Commission to be erroneous or defective, the Commission may notify the clean coal SNG brownfield facility to amend the report within 30 days, and, before or after the termination of the 30-day period, the Commission may examine the trustee of the consumer protection reserve account or the officers, agents, employees, books, records, or accounts of the clean coal SNG brownfield facility and correct such items in the report as upon such examination the Commission may find defective or erroneous. All reports shall be under oath.

All reports made to the Commission by the clean coal SNG brownfield facility and the contents of the reports shall be open to public inspection and shall be deemed a public record under the Freedom of Information Act. Such reports shall be preserved in the office of the Commission. The Commission shall publish an annual summary of the reports prior to February 1 of the following year. The annual summary shall be made available to the public on the Commission's website and shall be submitted to the General Assembly.

Any facility that fails to file a report required under this paragraph (8) to the Commission within the time specified or to make specific answer to any question propounded by the Commission within 30 days from the time it is lawfully required to do so, or within such further time not to exceed 90 days as may in its discretion be allowed by the Commission, shall pay a penalty of $500 to the Commission for each day it is in default.

Any person who willfully makes any false report to the Commission or to any member, officer, or employee thereof, any person who willfully in a report withholds or fails to provide material information to which the Commission is entitled under this paragraph (8) and which information is either required to be filed by statute, rule, regulation, order, or decision of the Commission or has been requested by the Commission, and any person who willfully aids or abets such person shall be guilty of a Class A misdemeanor.

(h-3) Recoverable costs and revenue by the clean coal SNG brownfield facility.

(1) A capital recovery charge approved by the Commission shall be recoverable by the clean coal SNG brownfield facility under a sourcing agreement. The capital recovery charge shall be comprised of capital costs and a reasonable rate of return. "Capital costs" means costs to be incurred in connection with the construction and development of a facility, as defined in Section 1-10 of the Illinois Power Agency Act, and such other costs as the Capital Development Board deems appropriate to be recovered in the capital recovery charge.

(A) Capital costs. The Capital Development Board shall calculate a range of capital costs that it believes would be reasonable for the clean coal SNG brownfield facility to recover under the sourcing agreement. In making this determination, the Capital Development Board shall review the facility cost report, if any, of the clean coal SNG brownfield facility, adjusting the results based on the change in the Annual Consumer Price Index for All Urban Consumers for the Midwest Region as published in April by the United States Department of Labor, Bureau of Labor Statistics, the final draft of the sourcing agreement, and the rate of return approved by the Commission. In addition, the Capital Development Board may consult as much as it deems necessary with the clean coal SNG brownfield facility and conduct whatever research and investigation it deems necessary.

The Capital Development Board shall retain an engineering expert to assist in determining both the range of capital costs and the range of operations and maintenance costs that it believes would be reasonable for the clean coal SNG brownfield facility to recover under the sourcing agreement. Provided, however, that such expert shall: (i) not have been involved in the clean coal SNG brownfield facility's facility cost report, if any, (ii) not own or control any direct or indirect interest in the initial clean coal facility, and (iii) have no contractual relationship with the clean coal SNG brownfield facility. In order to qualify as an independent expert, a person or company must have:

New matter indicated by italics - deletions by strikeout
(i) direct previous experience conducting front-end engineering and design studies for large-scale energy facilities and administering large-scale energy operations and maintenance contracts, which may be particularized to the specific type of financing associated with the clean coal SNG brownfield facility;

(ii) an advanced degree in economics, mathematics, engineering, or a related area of study;

(iii) ten years of experience in the energy sector, including construction and risk management experience;

(iv) expertise in assisting companies with obtaining financing for large-scale energy projects, which may be particularized to the specific type of financing associated with the clean coal SNG brownfield facility;

(v) expertise in operations and maintenance which may be particularized to the specific type of operations and maintenance associated with the clean coal SNG brownfield facility;

(vi) expertise in credit and contract protocols;

(vii) adequate resources to perform and fulfill the required functions and responsibilities; and

(viii) the absence of a conflict of interest and inappropriate bias for or against an affected gas utility or the clean coal SNG brownfield facility.

The clean coal SNG brownfield facility and the Illinois Power Agency shall cooperate with the Capital Development Board in any investigation it deems necessary. The Capital Development Board shall make its final determination of the range of capital costs confidentially and shall submit that range to the Commission in a confidential filing within 120 days after July 13, 2011 (the effective date of Public Act 97-096). The clean coal SNG brownfield facility shall submit to the Commission its estimate of the capital costs to be recovered.
under the sourcing agreement. Only after the clean coal SNG brownfield facility has submitted this estimate shall the Commission publicly announce the range of capital costs submitted by the Capital Development Board.

In the event that the estimate submitted by the clean coal SNG brownfield facility is within or below the range submitted by the Capital Development Board, the clean coal SNG brownfield facility's estimate shall be approved by the Commission as the amount of capital costs to be recovered under the sourcing agreement. In the event that the estimate submitted by the clean coal SNG brownfield facility is above the range submitted by the Capital Development Board, the amount of capital costs at the lowest end of the range submitted by the Capital Development Board shall be approved by the Commission as the amount of capital costs to be recovered under the sourcing agreement. Within 15 days after the Capital Development Board has submitted its range and the clean coal SNG brownfield facility has submitted its estimate, the Commission shall approve the capital costs for the clean coal SNG brownfield facility.

The Capital Development Board shall monitor the construction of the clean coal SNG brownfield facility for the full duration of construction to assess potential cost overruns. The Capital Development Board, in its discretion, may retain an expert to facilitate such monitoring. The clean coal SNG brownfield facility shall pay a reasonable fee as required by the Capital Development Board for the Capital Development Board's services under this subsection (h-3) to be deposited into the Capital Development Board Revolving Fund, and such fee shall not be passed through to a utility or its customers. If an expert is retained by the Capital Development Board for monitoring of construction, then the clean coal SNG brownfield facility must pay for the expert's reasonable fees and such costs shall not be passed through to a utility or its customers.

(B) Rate of Return. No later than 30 days after the date on which the Illinois Power Agency submits a final draft sourcing agreement, the Commission shall hold a
public hearing to determine the rate of return to be recovered under the sourcing agreement. Rate of return shall be comprised of the clean coal SNG brownfield facility's actual cost of debt, including mortgage-style amortization, and a reasonable return on equity. The Commission shall post notice of the hearing on its website no later than 10 days prior to the date of the hearing. The Commission shall provide the public and all interested parties, including the gas utilities, the Attorney General, and the Illinois Power Agency, an opportunity to be heard.

In determining the return on equity, the Commission shall select a commercially reasonable return on equity taking into account the return on equity being received by developers of similar facilities in or outside of Illinois, the need to balance an incentive for clean-coal technology with the need to protect ratepayers from high gas prices, the risks being borne by the clean coal SNG brownfield facility in the final draft sourcing agreement, and any other information that the Commission may deem relevant. The Commission may establish a return on equity that varies with the amount of savings, if any, to customers during the term of the sourcing agreement, comparing the delivered SNG price to a daily weighted average price of natural gas, based upon an index. The Illinois Power Agency shall recommend a return on equity to the Commission using the same criteria. Within 60 days after receiving the final draft sourcing agreement from the Illinois Power Agency, the Commission shall approve the rate of return for the clean coal brownfield facility. Within 30 days after obtaining debt financing for the clean coal SNG brownfield facility, the clean coal SNG brownfield facility shall file a notice with the Commission identifying the actual cost of debt.

(2) Operations and maintenance costs approved by the Commission shall be recoverable by the clean coal SNG brownfield facility under the sourcing agreement. The operations and maintenance costs mean costs that have been incurred for the administration, supervision, operation, maintenance, preservation, and protection of the clean coal SNG brownfield facility's physical plant.

New matter indicated by italics - deletions by strikeout
The Capital Development Board shall calculate a range of operations and maintenance costs that it believes would be reasonable for the clean coal SNG brownfield facility to recover under the sourcing agreement, incorporating an inflation index or combination of inflation indices to most accurately reflect the actual costs of operating the clean coal SNG brownfield facility. In making this determination, the Capital Development Board shall review the facility cost report, if any, of the clean coal SNG brownfield facility, adjusting the results for inflation based on the change in the Annual Consumer Price Index for All Urban Consumers for the Midwest Region as published in April by the United States Department of Labor, Bureau of Labor Statistics, the final draft of the sourcing agreement, and the rate of return approved by the Commission. In addition, the Capital Development Board may consult as much as it deems necessary with the clean coal SNG brownfield facility and conduct whatever research and investigation it deems necessary. As set forth in subparagraph (A) of paragraph (1) of this subsection (h-3), the Capital Development Board shall retain an independent engineering expert to assist in determining both the range of operations and maintenance costs that it believes would be reasonable for the clean coal SNG brownfield facility to recover under the sourcing agreement. The clean coal SNG brownfield facility and the Illinois Power Agency shall cooperate with the Capital Development Board in any investigation it deems necessary. The Capital Development Board shall make its final determination of the range of operations and maintenance costs confidentially and shall submit that range to the Commission in a confidential filing within 120 days after July 13, 2011.

The clean coal SNG brownfield facility shall submit to the Commission its estimate of the operations and maintenance costs to be recovered under the sourcing agreement. Only after the clean coal SNG brownfield facility has submitted this estimate shall the Commission publicly announce the range of operations and maintenance costs submitted by the Capital Development Board. In the event that the estimate submitted by the clean coal SNG brownfield facility is within or below the range submitted by the Capital Development Board, the clean coal SNG brownfield facility's estimate shall be approved by the Commission as the

amount of operations and maintenance costs to be recovered under the sourcing agreement. In the event that the estimate submitted by the clean coal SNG brownfield facility is above the range submitted by the Capital Development Board, the amount of operations and maintenance costs at the lowest end of the range submitted by the Capital Development Board shall be approved by the Commission as the amount of operations and maintenance costs to be recovered under the sourcing agreement. Within 15 days after the Capital Development Board has submitted its range and the clean coal SNG brownfield facility has submitted its estimate, the Commission shall approve the operations and maintenance costs for the clean coal SNG brownfield facility.

The clean coal SNG brownfield facility shall pay for the independent engineering expert's reasonable fees and such costs shall not be passed through to a utility or its customers. The clean coal SNG brownfield facility shall pay a reasonable fee as required by the Capital Development Board for the Capital Development Board's services under this subsection (h-3) to be deposited into the Capital Development Board Revolving Fund, and such fee shall not be passed through to a utility or its customers.

(3) Sequestration costs approved by the Commission shall be recoverable by the clean coal SNG brownfield facility. "Sequestration costs" means costs to be incurred by the clean coal SNG brownfield facility in accordance with its Commission-approved carbon capture and sequestration plan to:

(A) capture carbon dioxide;
(B) build, operate, and maintain a sequestration site in which carbon dioxide may be injected;
(C) build, operate, and maintain a carbon dioxide pipeline; and
(D) transport the carbon dioxide to the sequestration site or a pipeline.

The Commission shall assess the prudency of the sequestration costs for the clean coal SNG brownfield facility before construction commences at the sequestration site or pipeline. Any revenues the clean coal SNG brownfield facility receives as a result of the capture, transportation, or sequestration of carbon dioxide shall be first credited against all sequestration...
costs, with the positive balance, if any, treated as additional net revenue.

The Commission may, in its discretion, retain an expert to assist in its review of sequestration costs. The clean coal SNG brownfield facility shall pay for the expert's reasonable fees if an expert is retained by the Commission, and such costs shall not be passed through to a utility or its customers. Once made, the Commission's determination of the amount of recoverable sequestration costs shall not be increased unless the clean coal SNG brownfield facility can show by clear and convincing evidence that (i) the costs were not reasonably foreseeable; (ii) the costs were due to circumstances beyond the clean coal SNG brownfield facility's control; and (iii) the clean coal SNG brownfield facility took all reasonable steps to mitigate the costs. If the Commission determines that sequestration costs may be increased, the Commission shall provide for notice and a public hearing for approval of the increased sequestration costs.

(4) Actual delivered and processed fuel costs shall be set by the Illinois Power Agency through a SNG feedstock procurement, pursuant to Sections 1-20, 1-77, and 1-78 of the Illinois Power Agency Act, to be performed at least every 5 years and purchased by the clean coal SNG brownfield facility pursuant to feedstock procurement contracts developed by the Illinois Power Agency, with coal comprising at least 50% of the total feedstock over the term of the sourcing agreement and petroleum coke comprising the remainder of the SNG feedstock. If the Commission fails to approve a feedstock procurement plan or fails to approve the results of a feedstock procurement event, then the fuel shall be purchased by the company month-by-month on the spot market and those actual delivered and processed fuel costs shall be recoverable under the sourcing agreement. If a supplier defaults under the terms of a procurement contract, then the Illinois Power Agency shall immediately initiate a feedstock procurement process to obtain a replacement supply, and, prior to the conclusion of that process, fuel shall be purchased by the company month-by-month on the spot market and those actual delivered and processed fuel costs shall be recoverable under the sourcing agreement.

(5) Taxes and fees imposed by the federal government, the State, or any unit of local government applicable to the clean coal

New matter indicated by italics - deletions by strikeout
SNG brownfield facility, excluding income tax, shall be recoverable by the clean coal SNG brownfield facility under the sourcing agreement to the extent such taxes and fees were not applicable to the facility on July 13, 2011.

(6) The actual transportation costs, in accordance with the applicable utility's tariffs, and third-party marketer costs incurred by the company, if any, associated with transporting the SNG from the clean coal SNG brownfield facility to the Chicago City-gate to sell such SNG into the natural gas markets shall be recoverable under the sourcing agreement.

(7) Unless otherwise provided, within 30 days after a decision of the Commission on recoverable costs under this Section, any interested party to the Commission's decision may apply for a rehearing with respect to the decision. The Commission shall receive and consider the application for rehearing and shall grant or deny the application in whole or in part within 20 days after the date of the receipt of the application by the Commission. If no rehearing is applied for within the required 30 days or an application for rehearing is denied, then the Commission decision shall be final. If an application for rehearing is granted, then the Commission shall hold a rehearing within 30 days after granting the application. The decision of the Commission upon rehearing shall be final.

Any person affected by a decision of the Commission under this subsection (h-3) may have the decision reviewed only under and in accordance with the Administrative Review Law. Unless otherwise provided, the provisions of the Administrative Review Law, all amendments and modifications to that Law, and the rules adopted pursuant to that Law shall apply to and govern all proceedings for the judicial review of final administrative decisions of the Commission under this subsection (h-3). The term "administrative decision" is defined as in Section 3-101 of the Code of Civil Procedure.

(8) The Capital Development Board shall adopt and make public a policy detailing the process for retaining experts under this Section. Any experts retained to assist with calculating the range of capital costs or operations and maintenance costs shall be retained no later than 45 days after July 13, 2011.
(h-4) No later than 90 days after the Illinois Power Agency submits the final draft sourcing agreement pursuant to subsection (h-1), the Commission shall approve a sourcing agreement containing (i) the capital costs, rate of return, and operations and maintenance costs established pursuant to subsection (h-3) and (ii) all other terms and conditions, rights, provisions, exceptions, and limitations contained in the final draft sourcing agreement; provided, however, the Commission shall correct typographical and scrivener's errors and modify the contract only as necessary to provide that the gas utility does not have the right to terminate the sourcing agreement due to any future events that may occur other than the clean coal SNG brownfield facility's failure to timely meet milestones, uncured default, extended force majeure, or abandonment. Once the sourcing agreement is approved, then the gas utility subject to that sourcing agreement shall have 45 days after the date of the Commission's approval to enter into the sourcing agreement.

(h-5) Sequestration enforcement.

(A) All contracts entered into under subsection (h) of this Section and all sourcing agreements under subsection (h-1) of this Section, regardless of duration, shall require the owner of any facility supplying SNG under the contract or sourcing agreement to provide certified documentation to the Commission each year, starting in the facility's first year of commercial operation, accurately reporting the quantity of carbon dioxide emissions from the facility that have been captured and sequestered and reporting any quantities of carbon dioxide released from the site or sites at which carbon dioxide emissions were sequestered in prior years, based on continuous monitoring of those sites.

(B) If, in any year, the owner of the clean coal SNG facility fails to demonstrate that the SNG facility captured and sequestered at least 90% of the total carbon dioxide emissions that the facility would otherwise emit or that sequestration of emissions from prior years has failed, resulting in the release of carbon dioxide into the atmosphere, then the owner of the clean coal SNG facility must pay a penalty of $20 per ton of excess carbon dioxide emissions not to exceed $40,000,000, in any given year which shall be deposited into the Energy Efficiency Trust Fund and distributed pursuant to subsection (b) of Section 6-6 of the Renewable Energy, Energy Efficiency, and Coal Resources Development Law of 1997. On or before the 5-year anniversary of the execution of the contract and

New matter indicated by italics - deletions by strikeout
every 5 years thereafter, an expert hired by the owner of the facility with the approval of the Attorney General shall conduct an analysis to determine the cost of sequestration of at least 90% of the total carbon dioxide emissions the plant would otherwise emit. If the analysis shows that the actual annual cost is greater than the penalty, then the penalty shall be increased to equal the actual cost. Provided, however, to the extent that the owner of the facility described in subsection (h) of this Section can demonstrate that the failure was as a result of acts of God (including fire, flood, earthquake, tornado, lightning, hurricane, or other natural disaster); any amendment, modification, or abrogation of any applicable law or regulation that would prevent performance; war; invasion; act of foreign enemies; hostilities (regardless of whether war is declared); civil war; rebellion; revolution; insurrection; military or usurped power or confiscation; terrorist activities; civil disturbance; riots; nationalization; sabotage; blockage; or embargo, the owner of the facility described in subsection (h) of this Section shall not be subject to a penalty if and only if (i) it promptly provides notice of its failure to the Commission; (ii) as soon as practicable and consistent with any order or direction from the Commission, it submits to the Commission proposed modifications to its carbon capture and sequestration plan; and (iii) it carries out its proposed modifications in the manner and time directed by the Commission.

If the Commission finds that the facility has not satisfied each of these requirements, then the facility shall be subject to the penalty. If the owner of the clean coal SNG facility captured and sequestered more than 90% of the total carbon dioxide emissions that the facility would otherwise emit, then the owner of the facility may credit such additional amounts to reduce the amount of any future penalty to be paid. The penalty resulting from the failure to capture and sequester at least the minimum amount of carbon dioxide shall not be passed on to a utility or its customers.

If the clean coal SNG facility fails to meet the requirements specified in this subsection (h-5), then the Attorney General, on behalf of the People of the State of Illinois, shall bring an action to enforce the obligations related to the facility set forth in this subsection (h-5), including any penalty payments owed, but not including the physical obligation to capture and sequester at least 90% of the total carbon dioxide emissions that the facility would
otherwise emit. Such action may be filed in any circuit court in Illinois. By entering into a contract pursuant to subsection (h) of this Section, the clean coal SNG facility agrees to waive any objections to venue or to the jurisdiction of the court with regard to the Attorney General's action under this subsection (h-5).

Compliance with the sequestration requirements and any penalty requirements specified in this subsection (h-5) for the clean coal SNG facility shall be assessed annually by the Commission, which may in its discretion retain an expert to facilitate its assessment. If any expert is retained by the Commission, then the clean coal SNG facility shall pay for the expert's reasonable fees, and such costs shall not be passed through to the utility or its customers.

In addition, carbon dioxide emission credits received by the clean coal SNG facility in connection with sequestration of carbon dioxide from the facility must be sold in a timely fashion with any revenue, less applicable fees and expenses and any expenses required to be paid by facility for carbon dioxide transportation or sequestration, deposited into the reconciliation account within 30 days after receipt of such funds by the owner of the clean coal SNG facility.

The clean coal SNG facility is prohibited from transporting or sequestering carbon dioxide unless the owner of the carbon dioxide pipeline that transfers the carbon dioxide from the facility and the owner of the sequestration site where the carbon dioxide captured by the facility is stored has acquired all applicable permits under applicable State and federal laws, statutes, rules, or regulations prior to the transfer or sequestration of carbon dioxide. The responsibility for compliance with the sequestration requirements specified in this subsection (h-5) for the clean coal SNG facility shall reside solely with the clean coal SNG facility, regardless of whether the facility has contracted with another party to capture, transport, or sequester carbon dioxide.

(C) If, in any year, the owner of a clean coal SNG brownfield facility fails to demonstrate that the clean coal SNG brownfield facility captured and sequestered at least 85% of the total carbon dioxide emissions that the facility would otherwise emit, then the owner of the clean coal SNG brownfield facility must pay a penalty of $20 per ton of excess carbon emissions up to

New matter indicated by italics - deletions by strikeout
$20,000,000, which shall be deposited into the Energy Efficiency Trust Fund and distributed pursuant to subsection (b) of Section 6-6 of the Renewable Energy, Energy Efficiency, and Coal Resources Development Law of 1997. Provided, however, to the extent that the owner of the clean coal SNG brownfield facility can demonstrate that the failure was as a result of acts of God (including fire, flood, earthquake, tornado, lightning, hurricane, or other natural disaster); any amendment, modification, or abrogation of any applicable law or regulation that would prevent performance; war; invasion; act of foreign enemies; hostilities (regardless of whether war is declared); civil war; rebellion; revolution; insurrection; military or usurped power or confiscation; terrorist activities; civil disturbances; riots; nationalization; sabotage; blockage; or embargo, the owner of the clean coal SNG brownfield facility shall not be subject to a penalty if and only if (i) it promptly provides notice of its failure to the Commission; (ii) as soon as practicable and consistent with any order or direction from the Commission, it submits to the Commission proposed modifications to its carbon capture and sequestration plan; and (iii) it carries out its proposed modifications in the manner and time directed by the Commission. If the Commission finds that the facility has not satisfied each of these requirements, then the facility shall be subject to the penalty. If the owner of a clean coal SNG brownfield facility demonstrates that the clean coal SNG brownfield facility captured and sequestered more than 85% of the total carbon emissions that the facility would otherwise emit, the owner of the clean coal SNG brownfield facility may credit such additional amounts to reduce the amount of any future penalty to be paid. The penalty resulting from the failure to capture and sequester at least the minimum amount of carbon dioxide shall not be passed on to a utility or its customers.

In addition to any penalty for the clean coal SNG brownfield facility's failure to capture and sequester at least its minimum sequestration requirement, the Attorney General, on behalf of the People of the State of Illinois, shall bring an action for specific performance of this subsection (h-5). Such action may be filed in any circuit court in Illinois. By entering into a sourcing agreement pursuant to subsection (h-1) of this Section, the clean coal SNG brownfield facility agrees to waive any objections to

New matter indicated by italics - deletions by strikeout
venue or to the jurisdiction of the court with regard to the Attorney General's action for specific performance under this subsection (h-5).

Compliance with the sequestration requirements and penalty requirements specified in this subsection (h-5) for the clean coal SNG brownfield facility shall be assessed annually by the Commission, which may in its discretion retain an expert to facilitate its assessment. If an expert is retained by the Commission, then the clean coal SNG brownfield facility shall pay for the expert's reasonable fees, and such costs shall not be passed through to a utility or its customers. A SNG facility operating pursuant to this subsection (h-5) shall not forfeit its designation as a clean coal SNG facility or a clean coal SNG brownfield facility if the facility fails to fully comply with the applicable carbon sequestration requirements in any given year, provided the requisite offsets are purchased or requisite penalties are paid.

Responsibility for compliance with the sequestration requirements specified in this subsection (h-5) for the clean coal SNG brownfield facility shall reside solely with the clean coal SNG brownfield facility regardless of whether the facility has contracted with another party to capture, transport, or sequester carbon dioxide.

(h-7) Sequestration permitting, oversight, and investigations.

(1) No clean coal facility or clean coal SNG brownfield facility may transport or sequester carbon dioxide unless the Commission approves the method of carbon dioxide transportation or sequestration. Such approval shall be required regardless of whether the facility has contracted with another to transport or sequester the carbon dioxide. Nothing in this subsection (h-7) shall release the owner or operator of a carbon dioxide sequestration site or carbon dioxide pipeline from any other permitting requirements under applicable State and federal laws, statutes, rules, or regulations.

(2) The Commission shall review carbon dioxide transportation and sequestration methods proposed by a clean coal facility or a clean coal SNG brownfield facility and shall approve those methods it deems reasonable and cost-effective. For purposes of this review, "cost-effective" means a commercially reasonable price for similar carbon dioxide transportation or sequestration

New matter indicated by italics - deletions by strikeout
techniques. In determining whether sequestration is reasonable and cost-effective, the Commission may consult with the Illinois State Geological Survey and retain third parties to assist in its determination, provided that such third parties shall not own or control any direct or indirect interest in the facility that is proposing the carbon dioxide transportation or the carbon dioxide sequestration method and shall have no contractual relationship with that facility. If a third party is retained by the Commission, then the facility proposing the carbon dioxide transportation or sequestration method shall pay for the expert's reasonable fees, and these costs shall not be passed through to a utility or its customers.

No later than 6 months prior to the date upon which the owner intends to commence construction of a clean coal facility or the clean coal SNG brownfield facility, the owner of the facility shall file with the Commission a carbon dioxide transportation or sequestration plan. The Commission shall hold a public hearing within 30 days after receipt of the facility's carbon dioxide transportation or sequestration plan. The Commission shall post notice of the review on its website upon submission of a carbon dioxide transportation or sequestration method and shall accept written public comments. The Commission shall take the comments into account when making its decision.

The Commission may not approve a carbon dioxide sequestration method if the owner or operator of the sequestration site has not received (i) an Underground Injection Control permit from the United States Environmental Protection Agency, or from the Illinois Environmental Protection Agency pursuant to the Environmental Protection Act; (ii) an Underground Injection Control permit from the Illinois Department of Natural Resources pursuant to the Illinois Oil and Gas Act; or (iii) an Underground Injection Control permit from the United States Environmental Protection Agency or a permit similar to items (i) or (ii) from the state in which the sequestration site is located if the sequestration will take place outside of Illinois. The Commission shall approve or deny the carbon dioxide transportation or sequestration method within 90 days after the receipt of all required information.

(3) At least annually, the Illinois Environmental Protection Agency shall inspect all carbon dioxide sequestration sites in Illinois. The Illinois Environmental Protection Agency may, as

New matter indicated by italics - deletions by strikeout
often as deemed necessary, monitor and conduct investigations of those sites. The owner or operator of the sequestration site must cooperate with the Illinois Environmental Protection Agency investigations of carbon dioxide sequestration sites.

If the Illinois Environmental Protection Agency determines at any time a site creates conditions that warrant the issuance of a seal order under Section 34 of the Environmental Protection Act, then the Illinois Environmental Protection Agency shall seal the site pursuant to the Environmental Protection Act. If the Illinois Environmental Protection Agency determines at any time a carbon dioxide sequestration site creates conditions that warrant the institution of a civil action for an injunction under Section 43 of the Environmental Protection Act, then the Illinois Environmental Protection Agency shall request the State's Attorney or the Attorney General institute such action. The Illinois Environmental Protection Agency shall provide notice of any such actions as soon as possible on its website. The SNG facility shall incur all reasonable costs associated with any such inspection or monitoring of the sequestration sites, and these costs shall not be recoverable from utilities or their customers.

(4) (Blank).

(h-9) The clean coal SNG brownfield facility shall have the right to recover prudently incurred increased costs or reduced revenue resulting from any new or amendatory legislation or other action. The State of Illinois pledges that the State will not enact any law or take any action to:

(1) break, or repeal the authority for, sourcing agreements approved by the Commission and entered into between public utilities and the clean coal SNG brownfield facility;

(2) deny public utilities full cost recovery for their costs incurred under those sourcing agreements; or

(3) deny the clean coal SNG brownfield facility full cost and revenue recovery as provided under those sourcing agreements that are recoverable pursuant to subsection (h-3) of this Section.

These pledges are for the benefit of the parties to those sourcing agreements and the issuers and holders of bonds or other obligations issued or incurred to finance or refinance the clean coal SNG brownfield facility. The clean coal SNG brownfield facility is authorized to include and refer to these pledges in any financing agreement into which it may enter in regard to those sourcing agreements.
The State of Illinois retains and reserves all other rights to enact new or amendatory legislation or take any other action, without impairment of the right of the clean coal SNG brownfield facility to recover prudently incurred increased costs or reduced revenue resulting from the new or amendatory legislation or other action, including, but not limited to, such legislation or other action that would (i) directly or indirectly raise the costs the clean coal SNG brownfield facility must incur; (ii) directly or indirectly place additional restrictions, regulations, or requirements on the clean coal SNG brownfield facility; (iii) prohibit sequestration in general or prohibit a specific sequestration method or project; or (iv) increase minimum sequestration requirements for the clean coal SNG brownfield facility to the extent technically feasible. The clean coal SNG brownfield facility shall have the right to recover prudently incurred increased costs or reduced revenue resulting from the new or amendatory legislation or other action as described in this subsection (h-9).

(h-10) Contract costs for SNG incurred by an Illinois gas utility are reasonable and prudent and recoverable through the purchased gas adjustment clause and are not subject to review or disallowance by the Commission. Contract costs are costs incurred by the utility under the terms of a contract that incorporates the terms stated in subsection (h) of this Section as confirmed in writing by the Illinois Power Agency as set forth in subsection (h) of this Section, which confirmation shall be deemed conclusive, or as a consequence of or condition to its performance under the contract, including (i) amounts paid for SNG under the SNG contract and (ii) costs of transportation and storage services of SNG purchased from interstate pipelines under federally approved tariffs. The Illinois gas utility shall initiate a clean coal SNG facility rider mechanism that (A) shall be applicable to all customers who receive transportation service from the utility, (B) shall be designed to have an equal percentage impact on the transportation services rates of each class of the utility's total customers, and (C) shall accurately reflect the net customer savings, if any, and above market costs, if any, under the SNG contract. Any contract, the terms of which have been confirmed in writing by the Illinois Power Agency as set forth in subsection (h) of this Section and the performance of the parties under such contract cannot be grounds for challenging prudence or cost recovery by the utility through the purchased gas adjustment clause, and in such cases, the Commission is directed not to consider, and has no authority to consider, any attempted challenges.
The contracts entered into by Illinois gas utilities pursuant to subsection (h) of this Section shall provide that the utility retains the right to terminate the contract without further obligation or liability to any party if the contract has been impaired as a result of any legislative, administrative, judicial, or other governmental action that is taken that eliminates all or part of the prudence protection of this subsection (h-10) or denies the recoverability of all or part of the contract costs through the purchased gas adjustment clause. Should any Illinois gas utility exercise its right under this subsection (h-10) to terminate the contract, all contract costs incurred prior to termination are and will be deemed reasonable, prudent, and recoverable as and when incurred and not subject to review or disallowance by the Commission. Any order, issued by the State requiring or authorizing the discontinuation of the merchant function, defined as the purchase and sale of natural gas by an Illinois gas utility for the ultimate consumer in its service territory shall include provisions necessary to prevent the impairment of the value of any contract hereunder over its full term.

(h-11) All costs incurred by an Illinois gas utility in procuring SNG from a clean coal SNG brownfield facility pursuant to subsection (h-1) or a third-party marketer pursuant to subsection (h-1) are reasonable and prudent and recoverable through the purchased gas adjustment clause in conjunction with a SNG brownfield facility rider mechanism and are not subject to review or disallowance by the Commission; provided that if a utility is required by law or otherwise elects to connect the clean coal SNG brownfield facility to an interstate pipeline, then the utility shall be entitled to recover pursuant to its tariffs all just and reasonable costs that are prudently incurred. Sourcing agreement costs are costs incurred by the utility under the terms of a sourcing agreement that incorporates the terms stated in subsection (h-1) of this Section as approved by the Commission as set forth in subsection (h-4) of this Section, which approval shall be deemed conclusive, or as a consequence of or condition to its performance under the contract, including (i) amounts paid for SNG under the SNG contract and (ii) costs of transportation and storage services of SNG purchased from interstate pipelines under federally approved tariffs. Any sourcing agreement, the terms of which have been approved by the Commission as set forth in subsection (h-4) of this Section, and the performance of the parties under the sourcing agreement cannot be grounds for challenging prudence or cost recovery by the utility, and in
these cases, the Commission is directed not to consider, and has no authority to consider, any attempted challenges.

(h-15) Reconciliation account. The clean coal SNG facility shall establish a reconciliation account for the benefit of the retail customers of the utilities that have entered into contracts with the clean coal SNG facility pursuant to subsection (h). The reconciliation account shall be maintained and administered by an independent trustee that is mutually agreed upon by the owners of the clean coal SNG facility, the utilities, and the Commission in an interest-bearing account in accordance with the following:

(1) The clean coal SNG facility shall conduct an analysis annually within 60 days after receiving the necessary cost information, which shall be provided by the gas utility within 6 months after the end of the preceding calendar year, to determine (i) the average annual contract SNG cost, which shall be calculated as the total amount paid for SNG purchased from the clean coal SNG facility over the preceding 12 months, plus the cost to the utility of the required transportation and storage services of SNG, divided by the total number of MMBtus of SNG actually purchased from the clean coal SNG facility in the preceding 12 months under the utility contract; (ii) the average annual natural gas purchase cost, which shall be calculated as the total annual supply costs paid for baseload natural gas (excluding any SNG) purchased by such utility over the preceding 12 months plus the costs of transportation and storage services of such natural gas (excluding such costs for SNG), divided by the total number of MMbtus of baseload natural gas (excluding SNG) actually purchased by the utility during the year; (iii) the cost differential, which shall be the difference between the average annual contract SNG cost and the average annual natural gas purchase cost; and (iv) the revenue share target which shall be the cost differential multiplied by the total amount of SNG purchased over the preceding 12 months under such utility contract.

(A) To the extent the annual average contract SNG cost is less than the annual average natural gas purchase cost, the utility shall credit an amount equal to the revenue share target to the reconciliation account. Such credit payment shall be made monthly starting within 30 days after the completed analysis in this subsection (h-15) and

based on collections from all customers via a line item charge in all customer bills designed to have an equal percentage impact on the transportation services of each class of customers. Credit payments made pursuant to this subparagraph (A) shall be deemed prudent and reasonable and not subject to Commission prudence review.

(B) To the extent the annual average contract SNG cost is greater than the annual average natural gas purchase cost, the reconciliation account shall be used to provide a credit equal to the revenue share target to the utilities to be used to reduce the utility's natural gas costs through the purchased gas adjustment clause. Such payment shall be made within 30 days after the completed analysis pursuant to this subsection (h-15), but only to the extent that the reconciliation account has a positive balance.

(2) At the conclusion of the term of the SNG contracts pursuant to subsection (h) and the completion of the final annual analysis pursuant to this subsection (h-15), to the extent the facility owes any amount to retail customers, amounts in the account shall be credited to retail customers to the extent the owed amount is repaid; 50% of any additional amount in the reconciliation account shall be distributed to the utilities to be used to reduce the utilities' natural gas costs through the purchase gas adjustment clause with the remaining amount distributed to the clean coal SNG facility. Such payment shall be made within 30 days after the last completed analysis pursuant to this subsection (h-15). If the facility has repaid all owed amounts, if any, to retail customers and has distributed 50% of any additional amount in the account to the utilities, then the owners of the clean coal SNG facility shall have no further obligation to the utility or the retail customers.

If, at the conclusion of the term of the contracts pursuant to subsection (h) and the completion of the final annual analysis pursuant to this subsection (h-15), the facility owes any amount to retail customers and the account has been depleted, then the clean coal SNG facility shall be liable for any remaining amount owed to the retail customers. The clean coal SNG facility shall market the daily production of SNG and distribute on a monthly basis 5% of the amounts collected with respect to such future sales to the utilities in proportion to each utility's SNG contract to be used to

reduce the utility's natural gas costs through the purchase gas adjustment clause; such payments to the utility shall continue until either 15 years after the conclusion of the contract or such time as the sum of such payments equals the remaining amount owed to the retail customers at the end of the contract, whichever is earlier. If the debt to the retail customers is not repaid within 15 years after the conclusion of the contract, then the owner of the clean coal SNG facility must sell the facility, and all proceeds from that sale must be used to repay any amount owed to the retail customers under this subsection (h-15).

The retail customers shall have first priority in recovering that debt above any creditors, except the secured lenders to the extent that the secured lenders have any secured debt outstanding, including any parent companies or affiliates of the clean coal SNG facility.

(3) 50% of all additional net revenue, defined as miscellaneous net revenue after cost allowance and above the budgeted estimate established for revenue pursuant to subsection (h), including sale of substitute natural gas derived from the clean coal SNG facility above the nameplate capacity of the facility and other by-products produced by the facility, shall be credited to the reconciliation account on an annual basis with such payment made within 30 days after the end of each calendar year during the term of the contract.

(4) The clean coal SNG facility shall each year, starting in the facility's first year of commercial operation, file with the Commission, in such form as the Commission shall require, a report as to the reconciliation account. The annual report must contain the following information:

(A) the revenue share target amount;

(B) the amount credited or debited to the reconciliation account during the year;

(C) the amount credited to the utilities to be used to reduce the utilities natural gas costs though the purchase gas adjustment clause;

(D) the total amount of reconciliation account at the beginning and end of the year;

(E) the total amount of consumer savings to date;

(F) any additional information the Commission may require.

When any report is erroneous or defective or appears to the Commission to be erroneous or defective, the Commission may notify the clean coal SNG facility to amend the report within 30 days; before or after the termination of the 30-day period, the Commission may examine the trustee of the reconciliation account or the officers, agents, employees, books, records, or accounts of the clean coal SNG facility and correct such items in the report as upon such examination the Commission may find defective or erroneous. All reports shall be under oath.

All reports made to the Commission by the clean coal SNG facility and the contents of the reports shall be open to public inspection and shall be deemed a public record under the Freedom of Information Act. Such reports shall be preserved in the office of the Commission. The Commission shall publish an annual summary of the reports prior to February 1 of the following year. The annual summary shall be made available to the public on the Commission's website and shall be submitted to the General Assembly.

Any facility that fails to file the report required under this paragraph (4) to the Commission within the time specified or to make specific answer to any question propounded by the Commission within 30 days after the time it is lawfully required to do so, or within such further time not to exceed 90 days as may be allowed by the Commission in its discretion, shall pay a penalty of $500 to the Commission for each day it is in default.

Any person who willfully makes any false report to the Commission or to any member, officer, or employee thereof, any person who willfully in a report withholds or fails to provide material information to which the Commission is entitled under this paragraph (4) and which information is either required to be filed by statute, rule, regulation, order, or decision of the Commission or has been requested by the Commission, and any person who willfully aids or abets such person shall be guilty of a Class A misdemeanor.

(h-20) The General Assembly authorizes the Illinois Finance Authority to issue bonds to the maximum extent permitted to finance coal gasification facilities described in this Section, which constitute both "industrial projects" under Article 801 of the Illinois Finance Authority Act and "clean coal and energy projects" under Sections 825-65 through 825-75 of the Illinois Finance Authority Act.

New matter indicated by italics - deletions by strikeout
Administrative costs incurred by the Illinois Finance Authority in performance of this subsection (h-20) shall be subject to reimbursement by the clean coal SNG facility on terms as the Illinois Finance Authority and the clean coal SNG facility may agree. The utility and its customers shall have no obligation to reimburse the clean coal SNG facility or the Illinois Finance Authority for any such costs.

(h-25) The State of Illinois pledges that the State may not enact any law or take any action to (1) break or repeal the authority for SNG purchase contracts entered into between public gas utilities and the clean coal SNG facility pursuant to subsection (h) of this Section or (2) deny public gas utilities their full cost recovery for contract costs, as defined in subsection (h-10), that are incurred under such SNG purchase contracts. These pledges are for the benefit of the parties to such SNG purchase contracts and the issuers and holders of bonds or other obligations issued or incurred to finance or refinance the clean coal SNG facility. The beneficiaries are authorized to include and refer to these pledges in any finance agreement into which they may enter in regard to such contracts.

(h-30) The State of Illinois retains and reserves all other rights to enact new or amendatory legislation or take any other action, including, but not limited to, such legislation or other action that would (1) directly or indirectly raise the costs that the clean coal SNG facility must incur; (2) directly or indirectly place additional restrictions, regulations, or requirements on the clean coal SNG facility; (3) prohibit sequestration in general or prohibit a specific sequestration method or project; or (4) increase minimum sequestration requirements.

(i) If a gas utility or an affiliate of a gas utility has an ownership interest in any entity that produces or sells synthetic natural gas, Article VII of this Act shall apply.

Medical coverage under this paragraph 14 may be provided for up to 24 continuous months from the initial eligibility date so long as an individual continues to satisfy the criteria of this paragraph 14. If an individual has an appeal pending regarding an application for asylum before the Department of Homeland Security, eligibility under this paragraph 14 may be extended until a final decision is rendered on the appeal. The Department may adopt rules governing the implementation of this paragraph 14.

15. Family Care Eligibility.
   (a) On and after July 1, 2012, a caretaker relative who is 19 years of age or older when countable income is at or below 133% of the Federal Poverty Level Guidelines, as published annually in the Federal Register, for the appropriate family size. A person may not spend down to become eligible under this paragraph 15.
   (b) Eligibility shall be reviewed annually.

   (e) (Blank).
   (f) (Blank).
   (g) (Blank).
   (h) (Blank).
   (i) Following termination of an individual's coverage under this paragraph 15, the individual must be determined eligible before the person can be re-enrolled.

16. Subject to appropriation, uninsured persons who are not otherwise eligible under this Section who have been certified and referred by the Department of Public Health as having been screened and found to need diagnostic evaluation or treatment, or both diagnostic evaluation and treatment, for prostate or testicular cancer. For the purposes of this paragraph 16, uninsured persons are those who do not have creditable coverage, as defined under the Health Insurance Portability and Accountability Act, or have otherwise exhausted any insurance benefits they may have had, for prostate or testicular cancer diagnostic evaluation or treatment, or both diagnostic evaluation and treatment. To be eligible, a person must furnish a Social Security number. A person's assets are

exempt from consideration in determining eligibility under this paragraph 16. Such persons shall be eligible for medical assistance under this paragraph 16 for so long as they need treatment for the cancer. A person shall be considered to need treatment if, in the opinion of the person's treating physician, the person requires therapy directed toward cure or palliation of prostate or testicular cancer, including recurrent metastatic cancer that is a known or presumed complication of prostate or testicular cancer and complications resulting from the treatment modalities themselves. Persons who require only routine monitoring services are not considered to need treatment. "Medical assistance" under this paragraph 16 shall be identical to the benefits provided under the State's approved plan under Title XIX of the Social Security Act. Notwithstanding any other provision of law, the Department (i) does not have a claim against the estate of a deceased recipient of services under this paragraph 16 and (ii) does not have a lien against any homestead property or other legal or equitable real property interest owned by a recipient of services under this paragraph 16.

17. Persons who, pursuant to a waiver approved by the Secretary of the U.S. Department of Health and Human Services, are eligible for medical assistance under Title XIX or XXI of the federal Social Security Act. Notwithstanding any other provision of this Code and consistent with the terms of the approved waiver, the Illinois Department, may by rule:

(a) Limit the geographic areas in which the waiver program operates.

(b) Determine the scope, quantity, duration, and quality, and the rate and method of reimbursement, of the medical services to be provided, which may differ from those for other classes of persons eligible for assistance under this Article.

(c) Restrict the persons' freedom in choice of providers.

In implementing the provisions of Public Act 96-20, the Department is authorized to adopt only those rules necessary, including emergency rules. Nothing in Public Act 96-20 permits the Department to adopt rules or issue a decision that expands eligibility for the FamilyCare Program to a person whose income exceeds 185% of the Federal Poverty
Level as determined from time to time by the U.S. Department of Health and Human Services, unless the Department is provided with express statutory authority.

The Illinois Department and the Governor shall provide a plan for coverage of the persons eligible under paragraph 7 as soon as possible after July 1, 1984.

The eligibility of any such person for medical assistance under this Article is not affected by the payment of any grant under the Senior Citizens and Disabled Persons Property Tax Relief Act or any distributions or items of income described under subparagraph (X) of paragraph (2) of subsection (a) of Section 203 of the Illinois Income Tax Act. The Department shall by rule establish the amounts of assets to be disregarded in determining eligibility for medical assistance, which shall at a minimum equal the amounts to be disregarded under the Federal Supplemental Security Income Program. The amount of assets of a single person to be disregarded shall not be less than $2,000, and the amount of assets of a married couple to be disregarded shall not be less than $3,000.

To the extent permitted under federal law, any person found guilty of a second violation of Article VIIA shall be ineligible for medical assistance under this Article, as provided in Section 8A-8.

The eligibility of any person for medical assistance under this Article shall not be affected by the receipt by the person of donations or benefits from fundraisers held for the person in cases of serious illness, as long as neither the person nor members of the person's family have actual control over the donations or benefits or the disbursement of the donations or benefits.

Notwithstanding any other provision of this Code, if the United States Supreme Court holds Title II, Subtitle A, Section 2001(a) of Public Law 111-148 to be unconstitutional, or if a holding of Public Law 111-148 makes Medicaid eligibility allowed under Section 2001(a) inoperable, the State or a unit of local government shall be prohibited from enrolling individuals in the Medical Assistance Program as the result of federal approval of a State Medicaid waiver on or after the effective date of this amendatory Act of the 97th General Assembly, and any individuals enrolled in the Medical Assistance Program pursuant to eligibility permitted as a result of such a State Medicaid waiver shall become immediately ineligible.

Notwithstanding any other provision of this Code, if an Act of Congress that becomes a Public Law eliminates Section 2001(a) of Public
Law 111-148, the State or a unit of local government shall be prohibited from enrolling individuals in the Medical Assistance Program as the result of federal approval of a State Medicaid waiver on or after the effective date of this amendatory Act of the 97th General Assembly, and any individuals enrolled in the Medical Assistance Program pursuant to eligibility permitted as a result of such a State Medicaid waiver shall become immediately ineligible.

Sec. 5-4.2. Ambulance services payments.

(a) For ambulance services provided to a recipient of aid under this Article on or after January 1, 1993, the Illinois Department shall reimburse ambulance service providers at rates calculated in accordance with this Section. It is the intent of the General Assembly to provide adequate reimbursement for ambulance services so as to ensure adequate access to services for recipients of aid under this Article and to provide appropriate incentives to ambulance service providers to provide services in an efficient and cost-effective manner. Thus, it is the intent of the General Assembly that the Illinois Department implement a reimbursement system for ambulance services that, to the extent practicable and subject to the availability of funds appropriated by the General Assembly for this purpose, is consistent with the payment principles of Medicare. To ensure uniformity between the payment principles of Medicare and Medicaid, the Illinois Department shall follow, to the extent necessary and practicable and subject to the availability of funds appropriated by the General Assembly for this purpose, the statutes, laws, regulations, policies, procedures, principles, definitions, guidelines, and manuals used to determine the amounts paid to ambulance service providers under Title XVIII of the Social Security Act (Medicare).

(b) For ambulance services provided to a recipient of aid under this Article on or after January 1, 1996, the Illinois Department shall reimburse ambulance service providers based upon the actual distance traveled if a natural disaster, weather conditions, road repairs, or traffic congestion necessitates the use of a route other than the most direct route.

(c) For purposes of this Section, "ambulance services" includes medical transportation services provided by means of an ambulance, medi-car, service car, or taxi.

(c-1) For purposes of this Section, "ground ambulance service" means medical transportation services that are described as ground ambulance services by the Centers for Medicare and Medicaid Services and provided in a vehicle that is licensed as an ambulance by the Illinois Department of Public Health pursuant to the Emergency Medical Services (EMS) Systems Act.

(c-2) For purposes of this Section, "ground ambulance service provider" means a vehicle service provider as described in the Emergency Medical Services (EMS) Systems Act that operates licensed ambulances for the purpose of providing emergency ambulance services, or non-emergency ambulance services, or both. For purposes of this Section, this includes both ambulance providers and ambulance suppliers as described by the Centers for Medicare and Medicaid Services.

(d) This Section does not prohibit separate billing by ambulance service providers for oxygen furnished while providing advanced life support services.

(e) Beginning with services rendered on or after July 1, 2008, all providers of non-emergency medi-car and service car transportation must certify that the driver and employee attendant, as applicable, have completed a safety program approved by the Department to protect both the patient and the driver, prior to transporting a patient. The provider must maintain this certification in its records. The provider shall produce such documentation upon demand by the Department or its representative. Failure to produce documentation of such training shall result in recovery of any payments made by the Department for services rendered by a non-certified driver or employee attendant. Medi-car and service car providers must maintain legible documentation in their records of the driver and, as applicable, employee attendant that actually transported the patient. Providers must recertify all drivers and employee attendants every 3 years.

Notwithstanding the requirements above, any public transportation provider of medi-car and service car transportation that receives federal funding under 49 U.S.C. 5307 and 5311 need not certify its drivers and employee attendants under this Section, since safety training is already federally mandated.

(f) With respect to any policy or program administered by the Department or its agent regarding approval of non-emergency medical
transportation by ground ambulance service providers, including, but not limited to, the Non-Emergency Transportation Services Prior Approval Program (NETSPAP), the Department shall establish by rule a process by which ground ambulance service providers of non-emergency medical transportation may appeal any decision by the Department or its agent for which no denial was received prior to the time of transport that either (i) denies a request for approval for payment of non-emergency transportation by means of ground ambulance service or (ii) grants a request for approval of non-emergency transportation by means of ground ambulance service at a level of service that entitles the ground ambulance service provider to a lower level of compensation from the Department than the ground ambulance service provider would have received as compensation for the level of service requested. The rule shall be filed by December 15, 2012 and shall provide that, for any decision rendered by the Department or its agent on or after the date the rule takes effect, the ground ambulance service provider shall have 60 days from the date the decision is received to file an appeal. The rule established by the Department shall be, insofar as is practical, consistent with the Illinois Administrative Procedure Act. The Director's decision on an appeal under this Section shall be a final administrative decision subject to review under the Administrative Review Law.

(f-5) (g) Beginning 90 days after July 20, 2012 (the effective date of this amendatory Act of the 97th General Assembly), (i) no denial of a request for approval for payment of non-emergency transportation by means of ground ambulance service, and (ii) no approval of non-emergency transportation by means of ground ambulance service at a level of service that entitles the ground ambulance service provider to a lower level of compensation from the Department than would have been received at the level of service submitted by the ground ambulance service provider, may be issued by the Department or its agent unless the Department has submitted the criteria for determining the appropriateness of the transport for first notice publication in the Illinois Register pursuant to Section 5-40 of the Illinois Administrative Procedure Act.

(g) Whenever a patient covered by a medical assistance program under this Code or by another medical program administered by the Department is being discharged from a facility, a physician discharge order as described in this Section shall be required for each patient whose discharge requires medically supervised ground ambulance services. Facilities shall develop procedures for a physician with medical staff

privileges to provide a written and signed physician discharge order. The physician discharge order shall specify the level of ground ambulance services needed and complete a medical certification establishing the criteria for approval of non-emergency ambulance transportation, as published by the Department of Healthcare and Family Services, that is met by the patient. This order and the medical certification shall be completed prior to ordering an ambulance service and prior to patient discharge.

Pursuant to subsection (E) of Section 12-4.25 of this Code, the Department is entitled to recover overpayments paid to a provider or vendor, including, but not limited to, from the discharging physician, the discharging facility, and the ground ambulance service provider, in instances where a non-emergency ground ambulance service is rendered as the result of improper or false certification.

(h) On and after July 1, 2012, the Department shall reduce any rate of reimbursement for services or other payments or alter any methodologies authorized by this Code to reduce any rate of reimbursement for services or other payments in accordance with Section 5-5e.

(305 ILCS 5/5-5) (from Ch. 23, par. 5-5)

Sec. 5-5. Medical services. The Illinois Department, by rule, shall determine the quantity and quality of and the rate of reimbursement for the medical assistance for which payment will be authorized, and the medical services to be provided, which may include all or part of the following: (1) inpatient hospital services; (2) outpatient hospital services; (3) other laboratory and X-ray services; (4) skilled nursing home services; (5) physicians' services whether furnished in the office, the patient's home, a hospital, a skilled nursing home, or elsewhere; (6) medical care, or any other type of remedial care furnished by licensed practitioners; (7) home health care services; (8) private duty nursing service; (9) clinic services; (10) dental services, including prevention and treatment of periodontal disease and dental caries disease for pregnant women, provided by an individual licensed to practice dentistry or dental surgery; for purposes of this item (10), "dental services" means diagnostic, preventive, or corrective procedures provided by or under the supervision of a dentist in the practice of his or her profession; (11) physical therapy and related services; (12) prescribed drugs, dentures, and prosthetic devices; and

eyeglasses prescribed by a physician skilled in the diseases of the eye, or by an optometrist, whichever the person may select; (13) other diagnostic, screening, preventive, and rehabilitative services, including to ensure that the individual's need for intervention or treatment of mental disorders or substance use disorders or co-occurring mental health and substance use disorders is determined using a uniform screening, assessment, and evaluation process inclusive of criteria, for children and adults; for purposes of this item (13), a uniform screening, assessment, and evaluation process refers to a process that includes an appropriate evaluation and, as warranted, a referral; "uniform" does not mean the use of a singular instrument, tool, or process that all must utilize; (14) transportation and such other expenses as may be necessary; (15) medical treatment of sexual assault survivors, as defined in Section 1a of the Sexual Assault Survivors Emergency Treatment Act, for injuries sustained as a result of the sexual assault, including examinations and laboratory tests to discover evidence which may be used in criminal proceedings arising from the sexual assault; (16) the diagnosis and treatment of sickle cell anemia; and (17) any other medical care, and any other type of remedial care recognized under the laws of this State, but not including abortions, or induced miscarriages or premature births, unless, in the opinion of a physician, such procedures are necessary for the preservation of the life of the woman seeking such treatment, or except an induced premature birth intended to produce a live viable child and such procedure is necessary for the health of the mother or her unborn child. The Illinois Department, by rule, shall prohibit any physician from providing medical assistance to anyone eligible therefor under this Code where such physician has been found guilty of performing an abortion procedure in a wilful and wanton manner upon a woman who was not pregnant at the time such abortion procedure was performed. The term "any other type of remedial care" shall include nursing care and nursing home service for persons who rely on treatment by spiritual means alone through prayer for healing.

Notwithstanding any other provision of this Section, a comprehensive tobacco use cessation program that includes purchasing prescription drugs or prescription medical devices approved by the Food and Drug Administration shall be covered under the medical assistance program under this Article for persons who are otherwise eligible for assistance under this Article.
Notwithstanding any other provision of this Code, the Illinois Department may not require, as a condition of payment for any laboratory test authorized under this Article, that a physician's handwritten signature appear on the laboratory test order form. The Illinois Department may, however, impose other appropriate requirements regarding laboratory test order documentation.

On and after July 1, 2012, the Department of Healthcare and Family Services may provide the following services to persons eligible for assistance under this Article who are participating in education, training or employment programs operated by the Department of Human Services as successor to the Department of Public Aid:

(1) dental services provided by or under the supervision of a dentist; and

(2) eyeglasses prescribed by a physician skilled in the diseases of the eye, or by an optometrist, whichever the person may select.

Notwithstanding any other provision of this Code and subject to federal approval, the Department may adopt rules to allow a dentist who is volunteering his or her service at no cost to render dental services through an enrolled not-for-profit health clinic without the dentist personally enrolling as a participating provider in the medical assistance program. A not-for-profit health clinic shall include a public health clinic or Federally Qualified Health Center or other enrolled provider, as determined by the Department, through which dental services covered under this Section are performed. The Department shall establish a process for payment of claims for reimbursement for covered dental services rendered under this provision.

The Illinois Department, by rule, may distinguish and classify the medical services to be provided only in accordance with the classes of persons designated in Section 5-2.

The Department of Healthcare and Family Services must provide coverage and reimbursement for amino acid-based elemental formulas, regardless of delivery method, for the diagnosis and treatment of (i) eosinophilic disorders and (ii) short bowel syndrome when the prescribing physician has issued a written order stating that the amino acid-based elemental formula is medically necessary.

The Illinois Department shall authorize the provision of, and shall authorize payment for, screening by low-dose mammography for the
presence of occult breast cancer for women 35 years of age or older who are eligible for medical assistance under this Article, as follows:

(A) A baseline mammogram for women 35 to 39 years of age.

(B) An annual mammogram for women 40 years of age or older.

(C) A mammogram at the age and intervals considered medically necessary by the woman's health care provider for women under 40 years of age and having a family history of breast cancer, prior personal history of breast cancer, positive genetic testing, or other risk factors.

(D) A comprehensive ultrasound screening of an entire breast or breasts if a mammogram demonstrates heterogeneous or dense breast tissue, when medically necessary as determined by a physician licensed to practice medicine in all of its branches.

All screenings shall include a physical breast exam, instruction on self-examination and information regarding the frequency of self-examination and its value as a preventative tool. For purposes of this Section, "low-dose mammography" means the x-ray examination of the breast using equipment dedicated specifically for mammography, including the x-ray tube, filter, compression device, and image receptor, with an average radiation exposure delivery of less than one rad per breast for 2 views of an average size breast. The term also includes digital mammography.

On and after January 1, 2012, providers participating in a quality improvement program approved by the Department shall be reimbursed for screening and diagnostic mammography at the same rate as the Medicare program's rates, including the increased reimbursement for digital mammography.

The Department shall convene an expert panel including representatives of hospitals, free-standing mammography facilities, and doctors, including radiologists, to establish quality standards.

Subject to federal approval, the Department shall establish a rate methodology for mammography at federally qualified health centers and other encounter-rate clinics. These clinics or centers may also collaborate with other hospital-based mammography facilities.

The Department shall establish a methodology to remind women who are age-appropriate for screening mammography, but who have not
received a mammogram within the previous 18 months, of the importance and benefit of screening mammography.

The Department shall establish a performance goal for primary care providers with respect to their female patients over age 40 receiving an annual mammogram. This performance goal shall be used to provide additional reimbursement in the form of a quality performance bonus to primary care providers who meet that goal.

The Department shall devise a means of case-managing or patient navigation for beneficiaries diagnosed with breast cancer. This program shall initially operate as a pilot program in areas of the State with the highest incidence of mortality related to breast cancer. At least one pilot program site shall be in the metropolitan Chicago area and at least one site shall be outside the metropolitan Chicago area. An evaluation of the pilot program shall be carried out measuring health outcomes and cost of care for those served by the pilot program compared to similarly situated patients who are not served by the pilot program.

Any medical or health care provider shall immediately recommend, to any pregnant woman who is being provided prenatal services and is suspected of drug abuse or is addicted as defined in the Alcoholism and Other Drug Abuse and Dependency Act, referral to a local substance abuse treatment provider licensed by the Department of Human Services or to a licensed hospital which provides substance abuse treatment services. The Department of Healthcare and Family Services shall assure coverage for the cost of treatment of the drug abuse or addiction for pregnant recipients in accordance with the Illinois Medicaid Program in conjunction with the Department of Human Services.

All medical providers providing medical assistance to pregnant women under this Code shall receive information from the Department on the availability of services under the Drug Free Families with a Future or any comparable program providing case management services for addicted women, including information on appropriate referrals for other social services that may be needed by addicted women in addition to treatment for addiction.

The Illinois Department, in cooperation with the Departments of Human Services (as successor to the Department of Alcoholism and Substance Abuse) and Public Health, through a public awareness campaign, may provide information concerning treatment for alcoholism and drug abuse and addiction, prenatal health care, and other pertinent

programs directed at reducing the number of drug-affected infants born to recipients of medical assistance.

Neither the Department of Healthcare and Family Services nor the Department of Human Services shall sanction the recipient solely on the basis of her substance abuse.

The Illinois Department shall establish such regulations governing the dispensing of health services under this Article as it shall deem appropriate. The Department should seek the advice of formal professional advisory committees appointed by the Director of the Illinois Department for the purpose of providing regular advice on policy and administrative matters, information dissemination and educational activities for medical and health care providers, and consistency in procedures to the Illinois Department.

The Illinois Department may develop and contract with Partnerships of medical providers to arrange medical services for persons eligible under Section 5-2 of this Code. Implementation of this Section may be by demonstration projects in certain geographic areas. The Partnership shall be represented by a sponsor organization. The Department, by rule, shall develop qualifications for sponsors of Partnerships. Nothing in this Section shall be construed to require that the sponsor organization be a medical organization.

The sponsor must negotiate formal written contracts with medical providers for physician services, inpatient and outpatient hospital care, home health services, treatment for alcoholism and substance abuse, and other services determined necessary by the Illinois Department by rule for delivery by Partnerships. Physician services must include prenatal and obstetrical care. The Illinois Department shall reimburse medical services delivered by Partnership providers to clients in target areas according to provisions of this Article and the Illinois Health Finance Reform Act, except that:

(1) Physicians participating in a Partnership and providing certain services, which shall be determined by the Illinois Department, to persons in areas covered by the Partnership may receive an additional surcharge for such services.

(2) The Department may elect to consider and negotiate financial incentives to encourage the development of Partnerships and the efficient delivery of medical care.
(3) Persons receiving medical services through Partnerships may receive medical and case management services above the level usually offered through the medical assistance program.

Medical providers shall be required to meet certain qualifications to participate in Partnerships to ensure the delivery of high quality medical services. These qualifications shall be determined by rule of the Illinois Department and may be higher than qualifications for participation in the medical assistance program. Partnership sponsors may prescribe reasonable additional qualifications for participation by medical providers, only with the prior written approval of the Illinois Department.

Nothing in this Section shall limit the free choice of practitioners, hospitals, and other providers of medical services by clients. In order to ensure patient freedom of choice, the Illinois Department shall immediately promulgate all rules and take all other necessary actions so that provided services may be accessed from therapeutically certified optometrists to the full extent of the Illinois Optometric Practice Act of 1987 without discriminating between service providers.

The Department shall apply for a waiver from the United States Health Care Financing Administration to allow for the implementation of Partnerships under this Section.

The Illinois Department shall require health care providers to maintain records that document the medical care and services provided to recipients of Medical Assistance under this Article. Such records must be retained for a period of not less than 6 years from the date of service or as provided by applicable State law, whichever period is longer, except that if an audit is initiated within the required retention period then the records must be retained until the audit is completed and every exception is resolved. The Illinois Department shall require health care providers to make available, when authorized by the patient, in writing, the medical records in a timely fashion to other health care providers who are treating or serving persons eligible for Medical Assistance under this Article. All dispensers of medical services shall be required to maintain and retain business and professional records sufficient to fully and accurately document the nature, scope, details and receipt of the health care provided to persons eligible for medical assistance under this Code, in accordance with regulations promulgated by the Illinois Department. The rules and regulations shall require that proof of the receipt of prescription drugs, dentures, prosthetic devices and eyeglasses by eligible persons under this Section accompany each claim for reimbursement submitted by the

dispenser of such medical services. No such claims for reimbursement shall be approved for payment by the Illinois Department without such proof of receipt, unless the Illinois Department shall have put into effect and shall be operating a system of post-payment audit and review which shall, on a sampling basis, be deemed adequate by the Illinois Department to assure that such drugs, dentures, prosthetic devices and eyeglasses for which payment is being made are actually being received by eligible recipients. Within 90 days after the effective date of this amendatory Act of 1984, the Illinois Department shall establish a current list of acquisition costs for all prosthetic devices and any other items recognized as medical equipment and supplies reimbursable under this Article and shall update such list on a quarterly basis, except that the acquisition costs of all prescription drugs shall be updated no less frequently than every 30 days as required by Section 5-5.12.

The rules and regulations of the Illinois Department shall require that a written statement including the required opinion of a physician shall accompany any claim for reimbursement for abortions, or induced miscarriages or premature births. This statement shall indicate what procedures were used in providing such medical services.

The Illinois Department shall require all dispensers of medical services, other than an individual practitioner or group of practitioners, desiring to participate in the Medical Assistance program established under this Article to disclose all financial, beneficial, ownership, equity, surety or other interests in any and all firms, corporations, partnerships, associations, business enterprises, joint ventures, agencies, institutions or other legal entities providing any form of health care services in this State under this Article.

The Illinois Department may require that all dispensers of medical services desiring to participate in the medical assistance program established under this Article disclose, under such terms and conditions as the Illinois Department may by rule establish, all inquiries from clients and attorneys regarding medical bills paid by the Illinois Department, which inquiries could indicate potential existence of claims or liens for the Illinois Department.

Enrollment of a vendor shall be subject to a provisional period and shall be conditional for one year. During the period of conditional enrollment, the Department may terminate the vendor's eligibility to participate in, or may disenroll the vendor from, the medical assistance program without cause. Unless otherwise specified, such termination of
eligibility or disenrollment is not subject to the Department's hearing process. However, a disenrolled vendor may reapply without penalty.

The Department has the discretion to limit the conditional enrollment period for vendors based upon category of risk of the vendor.

Prior to enrollment and during the conditional enrollment period in the medical assistance program, all vendors shall be subject to enhanced oversight, screening, and review based on the risk of fraud, waste, and abuse that is posed by the category of risk of the vendor. The Illinois Department shall establish the procedures for oversight, screening, and review, which may include, but need not be limited to: criminal and financial background checks; fingerprinting; license, certification, and authorization verifications; unscheduled or unannounced site visits; database checks; prepayment audit reviews; audits; payment caps; payment suspensions; and other screening as required by federal or State law.

The Department shall define or specify the following: (i) by provider notice, the "category of risk of the vendor" for each type of vendor, which shall take into account the level of screening applicable to a particular category of vendor under federal law and regulations; (ii) by rule or provider notice, the maximum length of the conditional enrollment period for each category of risk of the vendor; and (iii) by rule, the hearing rights, if any, afforded to a vendor in each category of risk of the vendor that is terminated or disenrolled during the conditional enrollment period.

To be eligible for payment consideration, a vendor's payment claim or bill, either as an initial claim or as a resubmitted claim following prior rejection, must be received by the Illinois Department, or its fiscal intermediary, no later than 180 days after the latest date on the claim on which medical goods or services were provided, with the following exceptions:

1. In the case of a provider whose enrollment is in process by the Illinois Department, the 180-day period shall not begin until the date on the written notice from the Illinois Department that the provider enrollment is complete.

2. In the case of errors attributable to the Illinois Department or any of its claims processing intermediaries which result in an inability to receive, process, or adjudicate a claim, the 180-day period shall not begin until the provider has been notified of the error.
(3) In the case of a provider for whom the Illinois Department initiates the monthly billing process.

For claims for services rendered during a period for which a recipient received retroactive eligibility, claims must be filed within 180 days after the Department determines the applicant is eligible. For claims for which the Illinois Department is not the primary payer, claims must be submitted to the Illinois Department within 180 days after the final adjudication by the primary payer.

In the case of long term care facilities, admission documents shall be submitted within 30 days of an admission to the facility through the Medical Electronic Data Interchange (MEDI) or the Recipient Eligibility Verification (REV) System, or shall be submitted directly to the Department of Human Services using required admission forms. Confirmation numbers assigned to an accepted transaction shall be retained by a facility to verify timely submittal. Once an admission transaction has been completed, all resubmitted claims following prior rejection are subject to receipt no later than 180 days after the admission transaction has been completed.

Claims that are not submitted and received in compliance with the foregoing requirements shall not be eligible for payment under the medical assistance program, and the State shall have no liability for payment of those claims.

To the extent consistent with applicable information and privacy, security, and disclosure laws, State and federal agencies and departments shall provide the Illinois Department access to confidential and other information and data necessary to perform eligibility and payment verifications and other Illinois Department functions. This includes, but is not limited to: information pertaining to licensure; certification; earnings; immigration status; citizenship; wage reporting; unearned and earned income; pension income; employment; supplemental security income; social security numbers; National Provider Identifier (NPI) numbers; the National Practitioner Data Bank (NPDB); program and agency exclusions; taxpayer identification numbers; tax delinquency; corporate information; and death records.

The Illinois Department shall enter into agreements with State agencies and departments, and is authorized to enter into agreements with federal agencies and departments, under which such agencies and departments shall share data necessary for medical assistance program integrity functions and oversight. The Illinois Department shall develop, in

New matter indicated by italics - deletions by strikeout
cooperation with other State departments and agencies, and in compliance with applicable federal laws and regulations, appropriate and effective methods to share such data. At a minimum, and to the extent necessary to provide data sharing, the Illinois Department shall enter into agreements with State agencies and departments, and is authorized to enter into agreements with federal agencies and departments, including but not limited to: the Secretary of State; the Department of Revenue; the Department of Public Health; the Department of Human Services; and the Department of Financial and Professional Regulation.

Beginning in fiscal year 2013, the Illinois Department shall set forth a request for information to identify the benefits of a pre-payment, post-adjudication, and post-edit claims system with the goals of streamlining claims processing and provider reimbursement, reducing the number of pending or rejected claims, and helping to ensure a more transparent adjudication process through the utilization of: (i) provider data verification and provider screening technology; and (ii) clinical code editing; and (iii) pre-pay, pre- or post-adjudicated predictive modeling with an integrated case management system with link analysis. In order to select the minimum level of care eligibility criteria, the Governor shall establish a workgroup that includes affected agency representatives and stakeholders representing the institutional and home and community-based long term care interests. This Section shall not restrict the Department from implementing lower level of care eligibility criteria for community-based services in circumstances where federal approval has been granted.

The Illinois Department shall develop and operate, in cooperation with other State Departments and agencies and in compliance with applicable federal laws and regulations, appropriate and effective systems of health care evaluation and programs for monitoring of utilization of health care services and facilities, as it affects persons eligible for medical assistance under this Code.

service provided for State fiscal year 2009.

2. For all other hospitals, $65 shall be paid for each 
outpatient ambulatory procedure listing and end-stage renal disease 
treatment service provided for State fiscal year 2009.

(i) Physician supplemental adjustment. In addition to the rates paid 
for physician services, the Department shall make an adjustment payment 
for services provided by physicians as follows:

1. Physician services eligible for the adjustment payment 
are those provided by physicians employed by or who have a 
contract to provide services to patients of the following hospitals: 
(i) Illinois general acute care hospitals that provided at least 17,000 
Medicaid inpatient days of care in State fiscal year 2009 and are 
eligible for Medicaid Percentage Adjustment Payments in rate year 
2011; and (ii) Illinois freestanding children's hospitals, as defined 
in 89 Ill. Adm. Code 149.50(c)(3)(A).

2. The amount of the adjustment for each eligible hospital 
under this subsection (i) shall be determined by rule by the 
Department to spend a total pool of at least $6,960,000 annually. 
This pool shall be allocated among the eligible hospitals based on 
the difference between the upper payment limit for what could 
have been paid under Medicaid for physician services provided

during State fiscal year 2009 by physicians employed by or who had a contract with the hospital and the amount that was paid under Medicaid for such services, provided however, that in no event shall physicians at any individual hospital collectively receive an annual, aggregate adjustment in excess of $435,000, except that any amount that is not distributed to a hospital because of the upper payment limit shall be reallocated among the remaining eligible hospitals that are below the upper payment limitation, on a proportionate basis.

(i-5) For any children's hospital which did not charge for its services during the base period, the Department shall use data supplied by the hospital to determine payments using similar methodologies for freestanding children's hospitals under this Section or Section 5A-12.2.

(j) For purposes of this Section, a hospital that is enrolled to provide Medicaid services during State fiscal year 2009 shall have its utilization and associated reimbursements annualized prior to the payment calculations being performed under this Section.

(k) For purposes of this Section, the terms "Medicaid days", "ambulatory procedure listing services", and "ambulatory procedure listing payments" do not include any days, charges, or services for which Medicare or a managed care organization reimbursed on a capitated basis was liable for payment, except where explicitly stated otherwise in this Section.

(l) Definitions. (n) Notwithstanding any of the other provisions of this Section, the Department is authorized to adopt rules that change the hospital access improvement payments specified in this Section, but only to the extent necessary to conform to any federally approved amendment to the Title XIX State plan. (305 ILCS 5/11-26) (from Ch. 23, par. 11-26)

Sec. 11-26. Recipient's abuse of medical care; restrictions on access to medical care.

(a) When the Department determines, on the basis of statistical norms and medical judgment, that a medical care recipient has received medical services in excess of need and with such frequency or in such a manner as to constitute an abuse of the recipient's medical care privileges, the recipient's access to medical care may be restricted.

New matter indicated by italics - deletions by strikeout
(b) When the Department has determined that a recipient is abusing his or her medical care privileges as described in this Section, it may require that the recipient designate a primary provider type of the recipient's own choosing to assume responsibility for the recipient's care. For the purposes of this subsection, "primary provider type" means a provider type as determined by the Department. Instead of requiring a recipient to make a designation as provided in this subsection, the Department, pursuant to rules adopted by the Department and without regard to any choice of an entity that the recipient might otherwise make, may initially designate a primary provider type provided that the primary provider type is willing to provide that care.

(c) When the Department has requested that a recipient designate a primary provider type and the recipient fails or refuses to do so, the Department may, after a reasonable period of time, assign the recipient to a primary provider type of its own choice and determination, provided such primary provider type is willing to provide such care.

(d) When a recipient has been restricted to a designated primary provider type, the recipient may change the primary provider type:

1. when the designated source becomes unavailable, as the Department shall determine by rule; or
2. when the designated primary provider type notifies the Department that it wishes to withdraw from any obligation as primary provider type; or
3. in other situations, as the Department shall provide by rule.

The Department shall, by rule, establish procedures for providing medical or pharmaceutical services when the designated source becomes unavailable or wishes to withdraw from any obligation as primary provider type, shall, by rule, take into consideration the need for emergency or temporary medical assistance and shall ensure that the recipient has continuous and unrestricted access to medical care from the date on which such unavailability or withdrawal becomes effective until such time as the recipient designates a primary provider type or a primary provider type willing to provide such care is designated by the Department consistent with subsections (b) and (c) and such restriction becomes effective.

(e) Prior to initiating any action to restrict a recipient's access to medical or pharmaceutical care, the Department shall notify the recipient of its intended action. Such notification shall be in writing and shall set
forth the reasons for and nature of the proposed action. In addition, the notification shall:

(1) inform the recipient that (i) the recipient has a right to designate a primary provider type of the recipient's own choosing willing to accept such designation and that the recipient's failure to do so within a reasonable time may result in such designation being made by the Department or (ii) the Department has designated a primary provider type to assume responsibility for the recipient's care; and

(2) inform the recipient that the recipient has a right to appeal the Department's determination to restrict the recipient's access to medical care and provide the recipient with an explanation of how such appeal is to be made. The notification shall also inform the recipient of the circumstances under which unrestricted medical eligibility shall continue until a decision is made on appeal and that if the recipient chooses to appeal, the recipient will be able to review the medical payment data that was utilized by the Department to decide that the recipient's access to medical care should be restricted.

(f) The Department shall, by rule or regulation, establish procedures for appealing a determination to restrict a recipient's access to medical care, which procedures shall, at a minimum, provide for a reasonable opportunity to be heard and, where the appeal is denied, for a written statement of the reason or reasons for such denial.

(g) Except as otherwise provided in this subsection, when a recipient has had his or her medical card restricted for 4 full quarters (without regard to any period of ineligibility for medical assistance under this Code, or any period for which the recipient voluntarily terminates his or her receipt of medical assistance, that may occur before the expiration of those 4 full quarters), the Department shall reevaluate the recipient's medical usage to determine whether it is still in excess of need and with such frequency or in such a manner as to constitute an abuse of the receipt of medical assistance. If it is still in excess of need, the restriction shall be continued for another 4 full quarters. If it is no longer in excess of need, the restriction shall be discontinued. If a recipient's access to medical care has been restricted under this Section and the Department then determines, either at reevaluation or after the restriction has been discontinued, to restrict the recipient's access to medical care a second or subsequent time, the second or subsequent restriction may be imposed for a period of more

New matter indicated by italics - deletions by strikeout
than 4 full quarters. If the Department restricts a recipient's access to medical care for a period of more than 4 full quarters, as determined by rule, the Department shall reevaluate the recipient's medical usage after the end of the restriction period rather than after the end of 4 full quarters. The Department shall notify the recipient, in writing, of any decision to continue the restriction and the reason or reasons therefor. A "quarter", for purposes of this Section, shall be defined as one of the following 3-month periods of time: January-March, April-June, July-September or October-December.

(h) In addition to any other recipient whose acquisition of medical care is determined to be in excess of need, the Department may restrict the medical care privileges of the following persons:

   (1) recipients found to have loaned or altered their cards or misused or falsely represented medical coverage;

   (2) recipients found in possession of blank or forged prescription pads;

   (3) recipients who knowingly assist providers in rendering excessive services or defrauding the medical assistance program.

The procedural safeguards in this Section shall apply to the above individuals.

(i) Restrictions under this Section shall be in addition to and shall not in any way be limited by or limit any actions taken under Article VIII-A of this Code.

establish and maintain within the Employment and Training Fund for the purpose of segregating the reimbursements received for expenditures made by those entities. As reimbursements are deposited into the Employment and Training Fund, the Illinois Department shall certify to the State Comptroller and State Treasurer the amount that is to be credited to the special account established within that Fund as a reimbursement for expenditures under Title IV-A of the Social Security Act made by the Illinois Community College Board or any of the public community colleges. All amounts credited to the special account established and maintained within the Employment and Training Fund as provided in this Section shall be held for transfer to the TANF Opportunities Fund as provided in subsection (d) of Section 12-10.3, and shall not be transferred to any other fund or used for any other purpose.

(305 ILCS 5/14-8) (from Ch. 23, par. 14-8)
Sec. 14-8. Disbursements to Hospitals.

(a) For inpatient hospital services rendered on and after September 1, 1991, the Illinois Department shall reimburse hospitals for inpatient services at an inpatient payment rate calculated for each hospital based upon the Medicare Prospective Payment System as set forth in Sections 1886(b), (d), (g), and (h) of the federal Social Security Act, and the regulations, policies, and procedures promulgated thereunder, except as modified by this Section. Payment rates for inpatient hospital services rendered on or after September 1, 1991 and on or before September 30, 1992 shall be calculated using the Medicare Prospective Payment rates in effect on September 1, 1991. Payment rates for inpatient hospital services rendered on or after October 1, 1992 and on or before March 31, 1994 shall be calculated using the Medicare Prospective Payment rates in effect on September 1, 1992. Payment rates for inpatient hospital services rendered on or after April 1, 1994 shall be calculated using the Medicare Prospective Payment rates (including the Medicare grouping methodology and weighting factors as adjusted pursuant to paragraph (1) of this subsection) in effect 90 days prior to the date of admission. For services rendered on or after July 1, 1995, the reimbursement methodology implemented under this subsection shall not include those costs referred to
in Sections 1886(d)(5)(B) and 1886(h) of the Social Security Act. The additional payment amounts required under Section 1886(d)(5)(F) of the Social Security Act, for hospitals serving a disproportionate share of low-income or indigent patients, are not required under this Section. For hospital inpatient services rendered on or after July 1, 1995, the Illinois Department shall reimburse hospitals using the relative weighting factors and the base payment rates calculated for each hospital that were in effect on June 30, 1995, less the portion of such rates attributed by the Illinois Department to the cost of medical education.

(1) The weighting factors established under Section 1886(d)(4) of the Social Security Act shall not be used in the reimbursement system established under this Section. Rather, the Illinois Department shall establish by rule Medicaid weighting factors to be used in the reimbursement system established under this Section.

(2) The Illinois Department shall define by rule those hospitals or distinct parts of hospitals that shall be exempt from the reimbursement system established under this Section. In defining such hospitals, the Illinois Department shall take into consideration those hospitals exempt from the Medicare Prospective Payment System as of September 1, 1991. For hospitals defined as exempt under this subsection, the Illinois Department shall by rule establish a reimbursement system for payment of inpatient hospital services rendered on and after September 1, 1991. For all hospitals that are children's hospitals as defined in Section 5-5.02 of this Code, the reimbursement methodology shall, through June 30, 1992, net of all applicable fees, at least equal each children's hospital 1990 ICARE payment rates, indexed to the current year by application of the DRI hospital cost index from 1989 to the year in which payments are made. Excepting county providers as defined in Article XV of this Code, hospitals licensed under the University of Illinois Hospital Act, and facilities operated by the Department of Mental Health and Developmental Disabilities (or its successor, the Department of Human Services) for hospital inpatient services rendered on or after July 1, 1995, the Illinois Department shall reimburse children's hospitals, as defined in 89 Illinois Administrative Code Section 149.50(c)(3), at the rates in effect on June 30, 1995, and shall reimburse all other hospitals at the rates in effect on June 30, 1995, less the portion of such rates attributed by

the Illinois Department to the cost of medical education. For inpatient hospital services provided on or after August 1, 1998, the Illinois Department may establish by rule a means of adjusting the rates of children's hospitals, as defined in 89 Illinois Administrative Code Section 149.50(c)(3), that did not meet that definition on June 30, 1995, in order for the inpatient hospital rates of such hospitals to take into account the average inpatient hospital rates of those children's hospitals that did meet the definition of children's hospitals on June 30, 1995.

(3) (Blank).

(4) Notwithstanding any other provision of this Section, hospitals that on August 31, 1991, have a contract with the Illinois Department under Section 3-4 of the Illinois Health Finance Reform Act may elect to continue to be reimbursed at rates stated in such contracts for general and specialty care.

(5) In addition to any payments made under this subsection (a), the Illinois Department shall make the adjustment payments required by Section 5-5.02 of this Code; provided, that in the case of any hospital reimbursed under a per case methodology, the Illinois Department shall add an amount equal to the product of the hospital's average length of stay, less one day, multiplied by 20, for inpatient hospital services rendered on or after September 1, 1991 and on or before September 30, 1992.

(b) (Blank).

(b-5) Excepting county providers as defined in Article XV of this Code, hospitals licensed under the University of Illinois Hospital Act, and facilities operated by the Illinois Department of Mental Health and Developmental Disabilities (or its successor, the Department of Human Services), for outpatient services rendered on or after July 1, 1995 and before July 1, 1998 the Illinois Department shall reimburse children's hospitals, as defined in the Illinois Administrative Code Section 149.50(c)(3), at the rates in effect on June 30, 1995, less that portion of such rates attributed by the Illinois Department to the outpatient indigent volume adjustment and shall reimburse all other hospitals at the rates in effect on June 30, 1995, less the portions of such rates attributed by the Illinois Department to the cost of medical education and attributed by the Illinois Department to the outpatient indigent volume adjustment. For outpatient services provided on or after July 1, 1998, reimbursement rates shall be established by rule.
(c) In addition to any other payments under this Code, the Illinois Department shall develop a hospital disproportionate share reimbursement methodology that, effective July 1, 1991, through September 30, 1992, shall reimburse hospitals sufficiently to expend the fee monies described in subsection (b) of Section 14-3 of this Code and the federal matching funds received by the Illinois Department as a result of expenditures made by the Illinois Department as required by this subsection (c) and Section 14-2 that are attributable to fee monies deposited in the Fund, less amounts applied to adjustment payments under Section 5-5.02.

(d) Critical Care Access Payments.

(1) In addition to any other payments made under this Code, the Illinois Department shall develop a reimbursement methodology that shall reimburse Critical Care Access Hospitals for the specialized services that qualify them as Critical Care Access Hospitals. No adjustment payments shall be made under this subsection on or after July 1, 1995.

(2) "Critical Care Access Hospitals" includes, but is not limited to, hospitals that meet at least one of the following criteria:

(A) Hospitals located outside of a metropolitan statistical area that are designated as Level II Perinatal Centers and that provide a disproportionate share of perinatal services to recipients; or

(B) Hospitals that are designated as Level I Trauma Centers (adult or pediatric) and certain Level II Trauma Centers as determined by the Illinois Department; or

(C) Hospitals located outside of a metropolitan statistical area and that provide a disproportionate share of obstetrical services to recipients.

(e) Inpatient high volume adjustment. For hospital inpatient services, effective with rate periods beginning on or after October 1, 1993, in addition to rates paid for inpatient services by the Illinois Department, the Illinois Department shall make adjustment payments for inpatient services furnished by Medicaid high volume hospitals. The Illinois Department shall establish by rule criteria for qualifying as a Medicaid high volume hospital and shall establish by rule a reimbursement methodology for calculating these adjustment payments to Medicaid high volume hospitals. No adjustment payment shall be made under this subsection for services rendered on or after July 1, 1995.

The Illinois Department has no obligation to adopt or implement any rules or make any payments under this subsection for services rendered on or after July 1, 1995.

These adjustments include payments for teaching costs and uncompensated care, trauma center payments, rehabilitation hospital payments, perinatal center payments, obstetrical care payments, targeted access payments, Medicaid high volume payments, and outpatient indigent volume payments. On or before April 1, 1995, the Illinois Department shall issue recommendations regarding (i) reimbursement mechanisms or adjustment payments to reflect these costs and services, including methods by which the payments may be calculated and the method by which the payments may be financed, and (ii) reimbursement mechanisms or adjustment payments to reflect costs and services of federally qualified health centers with respect to recipients of medical assistance.

(g) If one or more hospitals file suit in any court challenging any part of this Article XIV, payments to hospitals under this Article XIV shall be made only to the extent that sufficient monies are available in the Fund and only to the extent that any monies in the Fund are not prohibited from disbursement under any order of the court.

(h) Payments under the disbursement methodology described in this Section are subject to approval by the federal government in an appropriate State plan amendment.

(i) The Illinois Department may by rule establish criteria for and develop methodologies for adjustment payments to hospitals participating under this Article.

(j) Hospital Residing Long Term Care Services. In addition to any other payments made under this Code, the Illinois Department may by rule establish criteria and develop methodologies for payments to hospitals for Hospital Residing Long Term Care Services.
(k) Critical Access Hospital outpatient payments. In addition to any other payments authorized under this Code, the Illinois Department shall reimburse critical access hospitals, as designated by the Illinois Department of Public Health in accordance with 42 CFR 485, Subpart F, for outpatient services at an amount that is no less than the cost of providing such services, based on Medicare cost principles. Payments under this subsection shall be subject to appropriation.

(l) On and after July 1, 2012, the Department shall reduce any rate of reimbursement for services or other payments or alter any methodologies authorized by this Code to reduce any rate of reimbursement for services or other payments in accordance with Section 5-5e.

"Apportionable Vehicle" means any vehicle, except recreational vehicles, vehicles displaying restricted plates, city pickup and delivery vehicles, buses used in transportation of chartered parties, and government owned vehicles that are used or intended for use in 2 or more member jurisdictions that allocate or proportionally register vehicles, in a fleet which is used for the transportation of persons for hire or the

transportation of property and which has a gross vehicle weight in excess of 26,000 pounds; or has three or more axles regardless of weight; or is used in combination when the weight of such combination exceeds 26,000 pounds gross vehicle weight. "Base Jurisdiction" means, for purposes of fleet registration, the jurisdiction where the registrant has an established place of business, where operational records of the fleet are maintained and where mileage is accrued by the fleet. In case a registrant operates more than one fleet, and maintains records for each fleet in different places, the "base jurisdiction" for a fleet shall be the jurisdiction where an established place of business is maintained, where records of the operation of that fleet are maintained and where mileage is accrued by that fleet.

"Operational Records" means documents supporting miles traveled in each jurisdiction and total miles traveled, such as fuel reports, trip leases, and logs.

Owner. A person who holds legal title of a motor vehicle, or in the event a motor vehicle is the subject of an agreement for the conditional sale or lease thereof with the right of purchase upon performance of the conditions stated in the agreement and with an immediate right of possession vested in the conditional vendee or lessee with right of purchase, or in the event a mortgagor of such motor vehicle is entitled to possession, or in the event a lessee of such motor vehicle is entitled to possession or control, then such conditional vendee or lessee with right of purchase or mortgagor or lessee is considered to be the owner for the purpose of this Act.

"Registration plate cover" means any tinted, colored, painted, marked, clear, or illuminated object that is designed to (i) cover any of the characters of a motor vehicle's registration plate; or (ii) distort a recorded image of any of the characters of a motor vehicle's registration plate recorded by an automated enforcement system as defined in Section 11-208.6, 11-208.8, or 11-1201.1 of this Code or recorded by an automated traffic control system as defined in Section 15 of the Automated Traffic Control Systems in Highway Construction or Maintenance Zones Act.

Vehicles displaying any of these type plates from a foreign jurisdiction that is a member of the International Registration Plan shall be granted reciprocity but shall be subject to the same limitations as similar plated Illinois registered vehicles.

An automated traffic law enforcement system is a system, in a municipality or county operated by a governmental agency, that produces a
recorded image of a motor vehicle's violation of a provision of this Code or a local ordinance and is designed to obtain a clear recorded image of the vehicle and the vehicle's license plate. The recorded image must also display the time, date, and location of the violation.

(b) As used in this Section, "recorded images" means images recorded by an automated traffic law enforcement system on:

1. 2 or more photographs;
2. 2 or more microphotographs;
3. 2 or more electronic images; or
4. a video recording showing the motor vehicle and, on at least one image or portion of the recording, clearly identifying the registration plate number of the motor vehicle.

(b-5) A municipality or county that produces a recorded image of a motor vehicle's violation of a provision of this Code or a local ordinance must make the recorded images of a violation accessible to the alleged violator by providing the alleged violator with a website address, accessible through the Internet.

(c) Except as provided under Section 11-208.8 of this Code, a county or municipality, including a home rule county or municipality, may not use an automated traffic law enforcement system to provide recorded images of a motor vehicle for the purpose of recording its speed. Except as provided under Section 11-208.8 of this Code, the regulation of the use of automated traffic law enforcement systems to record vehicle speeds is an exclusive power and function of the State. This subsection (c) is a denial and limitation of home rule powers and functions under subsection (h) of Section 6 of Article VII of the Illinois Constitution.

(c-5) A county or municipality, including a home rule county or municipality, may not use an automated traffic law enforcement system to issue violations in instances where the motor vehicle comes to a complete stop and does not enter the intersection, as defined by Section 1-132 of this Code, during the cycle of the red signal indication unless one or more pedestrians or bicyclists are present, even if the motor vehicle stops at a point past a stop line or crosswalk where a driver is required to stop, as specified in subsection (c) of Section 11-306 of this Code or a similar provision of a local ordinance.

(c-6) A county, or a municipality with less than 2,000,000 inhabitants, including a home rule county or municipality, may not use an automated traffic law enforcement system to issue violations in instances where a motorcyclist enters an intersection against a red signal indication.
when the red signal fails to change to a green signal within a reasonable period of time not less than 120 seconds because of a signal malfunction or because the signal has failed to detect the arrival of the motorcycle due to the motorcycle's size or weight.

(d) For each violation of a provision of this Code or a local ordinance recorded by an automatic traffic law enforcement system, the county or municipality having jurisdiction shall issue a written notice of the violation to the registered owner of the vehicle as the alleged violator. The notice shall be delivered to the registered owner of the vehicle, by mail, within 30 days after the Secretary of State notifies the municipality or county of the identity of the owner of the vehicle, but in no event later than 90 days after the violation.

The notice shall include:

1. the name and address of the registered owner of the vehicle;
2. the registration number of the motor vehicle involved in the violation;
3. the violation charged;
4. the location where the violation occurred;
5. the date and time of the violation;
6. a copy of the recorded images;
7. the amount of the civil penalty imposed and the requirements of any traffic education program imposed and the date by which the civil penalty should be paid and the traffic education program should be completed;
8. a statement that recorded images are evidence of a violation of a red light signal;
9. a warning that failure to pay the civil penalty, to complete a required traffic education program, or to contest liability in a timely manner is an admission of liability and may result in a suspension of the driving privileges of the registered owner of the vehicle;
10. a statement that the person may elect to proceed by:
   A) paying the fine, completing a required traffic education program, or both; or
   B) challenging the charge in court, by mail, or by administrative hearing; and
11. a website address, accessible through the Internet, where the person may view the recorded images of the violation.

New matter indicated by italics - deletions by strikeout
(e) If a person charged with a traffic violation, as a result of an automated traffic law enforcement system, does not pay the fine or complete a required traffic education program, or both, or successfully contest the civil penalty resulting from that violation, the Secretary of State shall suspend the driving privileges of the registered owner of the vehicle under Section 6-306.5 of this Code for failing to complete a required traffic education program or to pay any fine or penalty due and owing, or both, as a result of a combination of 5 violations of the automated traffic law enforcement system or the automated speed enforcement system under Section 11-208.8 of this Code.

(f) Based on inspection of recorded images produced by an automated traffic law enforcement system, a notice alleging that the violation occurred shall be evidence of the facts contained in the notice and admissible in any proceeding alleging a violation under this Section.

(g) Recorded images made by an automatic traffic law enforcement system are confidential and shall be made available only to the alleged violator and governmental and law enforcement agencies for purposes of adjudicating a violation of this Section, for statistical purposes, or for other governmental purposes. Any recorded image evidencing a violation of this Section, however, may be admissible in any proceeding resulting from the issuance of the citation.

(h) The court or hearing officer may consider in defense of a violation:

1. that the motor vehicle or registration plates of the motor vehicle were stolen before the violation occurred and not under the control of or in the possession of the owner at the time of the violation;
2. that the driver of the vehicle passed through the intersection when the light was red either (i) in order to yield the right-of-way to an emergency vehicle or (ii) as part of a funeral procession; and
3. any other evidence or issues provided by municipal or county ordinance.

(i) To demonstrate that the motor vehicle or the registration plates were stolen before the violation occurred and were not under the control or possession of the owner at the time of the violation, the owner must submit proof that a report concerning the stolen motor vehicle or registration plates was filed with a law enforcement agency in a timely manner.

New matter indicated by italics - deletions by strikeout
(j) Unless the driver of the motor vehicle received a Uniform Traffic Citation from a police officer at the time of the violation, the motor vehicle owner is subject to a civil penalty not exceeding $100 or the completion of a traffic education program, or both, plus an additional penalty of not more than $100 for failure to pay the original penalty or to complete a required traffic education program, or both, in a timely manner, if the motor vehicle is recorded by an automated traffic law enforcement system. A violation for which a civil penalty is imposed under this Section is not a violation of a traffic regulation governing the movement of vehicles and may not be recorded on the driving record of the owner of the vehicle.

(j-3) A registered owner who is a holder of a valid commercial driver's license is not required to complete a traffic education program.

(j-5) For purposes of the required traffic education program only, a registered owner may submit an affidavit to the court or hearing officer swearing that at the time of the alleged violation, the vehicle was in the custody and control of another person. The affidavit must identify the person in custody and control of the vehicle, including the person's name and current address. The person in custody and control of the vehicle at the time of the violation is required to complete the required traffic education program. If the person in custody and control of the vehicle at the time of the violation completes the required traffic education program, the registered owner of the vehicle is not required to complete a traffic education program.

(k) An intersection equipped with an automated traffic law enforcement system must be posted with a sign visible to approaching traffic indicating that the intersection is being monitored by an automated traffic law enforcement system.

(k-3) A municipality or county that has one or more intersections equipped with an automated traffic law enforcement system must provide notice to drivers by posting the locations of automated traffic law systems on the municipality or county website.

(k-5) An intersection equipped with an automated traffic law enforcement system must have a yellow change interval that conforms with the Illinois Manual on Uniform Traffic Control Devices (IMUTCD) published by the Illinois Department of Transportation.

(k-7) A municipality or county operating an automated traffic law enforcement system shall conduct a statistical analysis to assess the safety impact of each automated traffic law enforcement system at an intersection.

New matter indicated by italics - deletions by strikeout
following installation of the system. The statistical analysis shall be based upon the best available crash, traffic, and other data, and shall cover a period of time before and after installation of the system sufficient to provide a statistically valid comparison of safety impact. The statistical analysis shall be consistent with professional judgment and acceptable industry practice. The statistical analysis also shall be consistent with the data required for valid comparisons of before and after conditions and shall be conducted within a reasonable period following the installation of the automated traffic law enforcement system. The statistical analysis required by this subsection (k-7) shall be made available to the public and shall be published on the website of the municipality or county. If the statistical analysis for the 36 month period following installation of the system indicates that there has been an increase in the rate of accidents at the approach to the intersection monitored by the system, the municipality or county shall undertake additional studies to determine the cause and severity of the accidents, and may take any action that it determines is necessary or appropriate to reduce the number or severity of the accidents at that intersection.

(l) The compensation paid for an automated traffic law enforcement system must be based on the value of the equipment or the services provided and may not be based on the number of traffic citations issued or the revenue generated by the system.

(m) This Section applies only to the counties of Cook, DuPage, Kane, Lake, Madison, McHenry, St. Clair, and Will and to municipalities located within those counties.

(n) The fee for participating in a traffic education program under this Section shall not exceed $25.

A low-income individual required to complete a traffic education program under this Section who provides proof of eligibility for the federal earned income tax credit under Section 32 of the Internal Revenue Code or the Illinois earned income tax credit under Section 212 of the Illinois Income Tax Act shall not be required to pay any fee for participating in a required traffic education program.

(o) A municipality or county shall make a certified report to the Secretary of State pursuant to Section 6-306.5 of this Code whenever a registered owner of a vehicle has failed to pay any fine or penalty due and owing as a result of a combination of 5 offenses for automated traffic law or speed enforcement system violations.
(p) No person who is the lessor of a motor vehicle pursuant to a written lease agreement shall be liable for an automated speed or traffic law enforcement system violation involving such motor vehicle during the period of the lease; provided that upon the request of the appropriate authority received within 120 days after the violation occurred, the lessor provides within 60 days after such receipt the name and address of the lessee. The drivers license number of a lessee may be subsequently individually requested by the appropriate authority if needed for enforcement of this Section.

Upon the provision of information by the lessor pursuant to this subsection, the county or municipality may issue the violation to the lessee of the vehicle in the same manner as it would issue a violation to a registered owner of a vehicle pursuant to this Section, and the lessee may be held liable for the violation.

Sec. 11-208.8. Automated speed enforcement systems in safety zones.

(a) As used in this Section:
"Automated speed enforcement system" means a photographic device, radar device, laser device, or other electrical or mechanical device or devices installed or utilized in a safety zone and designed to record the speed of a vehicle and obtain a clear photograph or other recorded image of the vehicle and the vehicle's registration plate while the driver is violating Article VI of Chapter 11 of this Code or a similar provision of a local ordinance.

An automated speed enforcement system is a system, located in a safety zone which is under the jurisdiction of a municipality, that produces a recorded image of a motor vehicle's violation of a provision of this Code or a local ordinance and is designed to obtain a clear recorded image of the vehicle and the vehicle's license plate. The recorded image must also display the time, date, and location of the violation.

"Owner" means the person or entity to whom the vehicle is registered.

"Recorded image" means images recorded by an automated speed enforcement system on:

(1) 2 or more photographs;

New matter indicated by italics - deletions by strikeout
(2) 2 or more microphotographs;
(3) 2 or more electronic images; or
(4) a video recording showing the motor vehicle and, on at
least one image or portion of the recording, clearly identifying the
registration plate number of the motor vehicle.

"Safety zone" means an area that is within one-eighth of a mile
from the nearest property line of any public or private elementary or
secondary school, or from the nearest property line of any facility, area, or
land owned by a school district that is used for educational purposes
approved by the Illinois State Board of Education, not including school
district headquarters or administrative buildings. A safety zone also
includes an area that is within one-eighth of a mile from the nearest
property line of any facility, area, or land owned by a park district used for
recreational purposes. However, if any portion of a roadway is within
either one-eighth mile radius, the safety zone also shall include the
roadway extended to the furthest portion of the next furthest intersection.
The term "safety zone" does not include any portion of the roadway known
as Lake Shore Drive or any controlled access highway with 8 or more
lanes of traffic.

(a-5) The automated speed enforcement system shall be operational
and violations shall be recorded only at the following times:

(i) if the safety zone is based upon the property line of any
facility, area, or land owned by a school district, only on school
days and no earlier than 6 a.m. and no later than 8:30 p.m. if the
school day is during the period of Monday through Thursday, or 9
p.m. if the school day is a Friday; and

(ii) if the safety zone is based upon the property line of any
facility, area, or land owned by a park district, no earlier than one
hour prior to the time that the facility, area, or land is open to the
public or other patrons, and no later than one hour after the facility,
area, or land is closed to the public or other patrons.

(b) A municipality that produces a recorded image of a motor
vehicle's violation of a provision of this Code or a local ordinance must
make the recorded images of a violation accessible to the alleged violator
by providing the alleged violator with a website address, accessible
through the Internet.

(c) Notwithstanding any penalties for any other violations of this
Code, the owner of a motor vehicle used in a traffic violation recorded by

New matter indicated by italics - deletions by strikeout
an automated speed enforcement system shall be subject to the following penalties:

(1) if the recorded speed is no less than 6 miles per hour and no more than 10 miles per hour over the legal speed limit, a civil penalty not exceeding $50, plus an additional penalty of not more than $50 for failure to pay the original penalty in a timely manner; or

(2) if the recorded speed is more than 10 miles per hour over the legal speed limit, a civil penalty not exceeding $100, plus an additional penalty of not more than $100 for failure to pay the original penalty in a timely manner.

A penalty may not be imposed under this Section if the driver of the motor vehicle received a Uniform Traffic Citation from a police officer for a speeding violation occurring within one-eighth of a mile and 15 minutes of the violation that was recorded by the system. A violation for which a civil penalty is imposed under this Section is not a violation of a traffic regulation governing the movement of vehicles and may not be recorded on the driving record of the owner of the vehicle. A law enforcement officer is not required to be present or to witness the violation. No penalty may be imposed under this Section if the recorded speed of a vehicle is 5 miles per hour or less over the legal speed limit. The municipality may send, in the same manner that notices are sent under this Section, a speed violation warning notice where the violation involves a speed of 5 miles per hour or less above the legal speed limit.

(d) The net proceeds that a municipality receives from civil penalties imposed under an automated speed enforcement system, after deducting all non-personnel and personnel costs associated with the operation and maintenance of such system, shall be expended or obligated by the municipality for the following purposes:

(i) public safety initiatives to ensure safe passage around schools, and to provide police protection and surveillance around schools and parks, including but not limited to: (1) personnel costs; and (2) non-personnel costs such as construction and maintenance of public safety infrastructure and equipment;

(ii) initiatives to improve pedestrian and traffic safety; and

(iii) construction and maintenance of infrastructure within the municipality, including but not limited to roads and bridges; and

(iv) after school programs.

(e) For each violation of a provision of this Code or a local ordinance recorded by an automated speed enforcement system, the municipality having jurisdiction shall issue a written notice of the violation to the registered owner of the vehicle as the alleged violator. The notice shall be delivered to the registered owner of the vehicle, by mail, within 30 days after the Secretary of State notifies the municipality of the identity of the owner of the vehicle, but in no event later than 90 days after the violation.

(f) The notice required under subsection (e) of this Section shall include:

1. the name and address of the registered owner of the vehicle;
2. the registration number of the motor vehicle involved in the violation;
3. the violation charged;
4. the date, time, and location where the violation occurred;
5. a copy of the recorded image or images;
6. the amount of the civil penalty imposed and the date by which the civil penalty should be paid;
7. a statement that recorded images are evidence of a violation of a speed restriction;
8. a warning that failure to pay the civil penalty or to contest liability in a timely manner is an admission of liability and may result in a suspension of the driving privileges of the registered owner of the vehicle;
9. a statement that the person may elect to proceed by:
   (A) paying the fine; or
   (B) challenging the charge in court, by mail, or by administrative hearing; and
10. a website address, accessible through the Internet, where the person may view the recorded images of the violation.

(g) If a person charged with a traffic violation, as a result of an automated speed enforcement system, does not pay the fine or successfully contest the civil penalty resulting from that violation, the Secretary of State shall suspend the driving privileges of the registered owner of the vehicle under Section 6-306.5 of this Code for failing to pay any fine or penalty due and owing, or both, as a result of a combination of 5 violations.
of the automated speed enforcement system or the automated traffic law under Section 11-208.6 of this Code.

(h) Based on inspection of recorded images produced by an automated speed enforcement system, a notice alleging that the violation occurred shall be evidence of the facts contained in the notice and admissible in any proceeding alleging a violation under this Section.

(i) Recorded images made by an automated speed enforcement system are confidential and shall be made available only to the alleged violator and governmental and law enforcement agencies for purposes of adjudicating a violation of this Section, for statistical purposes, or for other governmental purposes. Any recorded image evidencing a violation of this Section, however, may be admissible in any proceeding resulting from the issuance of the citation.

(j) The court or hearing officer may consider in defense of a violation:

(1) that the motor vehicle or registration plates of the motor vehicle were stolen before the violation occurred and not under the control or in the possession of the owner at the time of the violation;

(2) that the driver of the motor vehicle received a Uniform Traffic Citation from a police officer for a speeding violation occurring within one-eighth of a mile and 15 minutes of the violation that was recorded by the system; and

(3) any other evidence or issues provided by municipal ordinance.

(k) To demonstrate that the motor vehicle or the registration plates were stolen before the violation occurred and were not under the control or possession of the owner at the time of the violation, the owner must submit proof that a report concerning the stolen motor vehicle or registration plates was filed with a law enforcement agency in a timely manner.

(l) A roadway equipped with an automated speed enforcement system shall be posted with a sign conforming to the national Manual on Uniform Traffic Control Devices that is visible to approaching traffic stating that vehicle speeds are being photo-enforced and indicating the speed limit. The municipality shall install such additional signage as it determines is necessary to give reasonable notice to drivers as to where automated speed enforcement systems are installed.
(m) A roadway where a new automated speed enforcement system is installed shall be posted with signs providing 30 days notice of the use of a new automated speed enforcement system prior to the issuance of any citations through the automated speed enforcement system.

(n) The compensation paid for an automated speed enforcement system must be based on the value of the equipment or the services provided and may not be based on the number of traffic citations issued or the revenue generated by the system.

(o) A municipality shall make a certified report to the Secretary of State pursuant to Section 6-306.5 of this Code whenever a registered owner of a vehicle has failed to pay any fine or penalty due and owing as a result of a combination of 5 offenses for automated speed or traffic law enforcement system violations.

(p) No person who is the lessor of a motor vehicle pursuant to a written lease agreement shall be liable for an automated speed or traffic law enforcement system violation involving such motor vehicle during the period of the lease; provided that upon the request of the appropriate authority received within 120 days after the violation occurred, the lessor provides within 60 days after such receipt the name and address of the lessee. The drivers license number of a lessee may be subsequently individually requested by the appropriate authority if needed for enforcement of this Section.

Upon the provision of information by the lessor pursuant to this subsection, the municipality may issue the violation to the lessee of the vehicle in the same manner as it would issue a violation to a registered owner of a vehicle pursuant to this Section, and the lessee may be held liable for the violation.

(q) A municipality using an automated speed enforcement system must provide notice to drivers by publishing the locations of all safety zones where system equipment is installed on the website of the municipality.

(r) A municipality operating an automated speed enforcement system shall conduct a statistical analysis to assess the safety impact of the system. The statistical analysis shall be based upon the best available crash, traffic, and other data, and shall cover a period of time before and after installation of the system sufficient to provide a statistically valid comparison of safety impact. The statistical analysis shall be consistent with professional judgment and acceptable industry practice. The statistical analysis also shall be consistent with the data required for valid

comparisons of before and after conditions and shall be conducted within a reasonable period following the installation of the automated traffic law enforcement system. The statistical analysis required by this subsection shall be made available to the public and shall be published on the website of the municipality.

(s) This Section applies only to municipalities with a population of 1,000,000 or more inhabitants.

Sec. 11-501.01. Additional administrative sanctions.

(a) After a finding of guilt and prior to any final sentencing or an order for supervision, for an offense based upon an arrest for a violation of Section 11-501 or a similar provision of a local ordinance, individuals shall be required to undergo a professional evaluation to determine if an alcohol, drug, or intoxicating compound abuse problem exists and the extent of the problem, and undergo the imposition of treatment as appropriate. Programs conducting these evaluations shall be licensed by the Department of Human Services. The cost of any professional evaluation shall be paid for by the individual required to undergo the professional evaluation.

(b) Any person who is found guilty of or pleads guilty to violating Section 11-501, including any person receiving a disposition of court supervision for violating that Section, may be required by the Court to attend a victim impact panel offered by, or under contract with, a county State's Attorney's office, a probation and court services department, Mothers Against Drunk Driving, or the Alliance Against Intoxicated Motorists. All costs generated by the victim impact panel shall be paid from fees collected from the offender or as may be determined by the court.

(c) Every person found guilty of violating Section 11-501, whose operation of a motor vehicle while in violation of that Section proximately caused any incident resulting in an appropriate emergency response, shall be liable for the expense of an emergency response as provided in subsection (i) of this Section.

(d) The Secretary of State shall revoke the driving privileges of any person convicted under Section 11-501 or a similar provision of a local ordinance.

(e) The Secretary of State shall require the use of ignition interlock devices on all vehicles owned by a person who has been convicted of a
second or subsequent offense of Section 11-501 or a similar provision of a local ordinance. The person must pay to the Secretary of State DUI Administration Fund an amount not to exceed $30 for each month that he or she uses the device. The Secretary shall establish by rule and regulation the procedures for certification and use of the interlock system, the amount of the fee, and the procedures, terms, and conditions relating to these fees.

(f) In addition to any other penalties and liabilities, a person who is found guilty of or pleads guilty to violating Section 11-501, including any person placed on court supervision for violating Section 11-501, shall be assessed $750, payable to the circuit clerk, who shall distribute the money as follows: $350 to the law enforcement agency that made the arrest, and $400 shall be forwarded to the State Treasurer for deposit into the General Revenue Fund. If the person has been previously convicted of violating Section 11-501 or a similar provision of a local ordinance, the fine shall be $1,000, and the circuit clerk shall distribute $200 to the law enforcement agency that made the arrest and $800 to the State Treasurer for deposit into the General Revenue Fund. In the event that more than one agency is responsible for the arrest, the amount payable to law enforcement agencies shall be shared equally. Any moneys received by a law enforcement agency under this subsection (f) shall be used for enforcement and prevention of driving while under the influence of alcohol, other drug or drugs, intoxicating compound or compounds or any combination thereof, as defined by Section 11-501 of this Code, including but not limited to the purchase of law enforcement equipment and commodities that will assist in the prevention of alcohol related criminal violence throughout the State; police officer training and education in areas related to alcohol related crime, including but not limited to DUI training; and police officer salaries, including but not limited to salaries for hire back funding for safety checkpoints, saturation patrols, and liquor store sting operations. Any moneys received by the Department of State Police under this subsection (f) shall be deposited into the State Police DUI Fund and shall be used to purchase law enforcement equipment that will assist in the prevention of alcohol related criminal violence throughout the State.

(g) The Secretary of State Police DUI Fund is created as a special fund in the State treasury. All moneys received by the Secretary of State Police under subsection (f) of this Section shall be deposited into the Secretary of State Police DUI Fund and, subject to appropriation, shall be used for enforcement and prevention of driving while under the influence of alcohol, other drug or drugs, intoxicating compound or compounds or

any combination thereof, as defined by Section 11-501 of this Code, including but not limited to the purchase of law enforcement equipment and commodities to assist in the prevention of alcohol related criminal violence throughout the State; police officer training and education in areas related to alcohol related crime, including but not limited to DUI training; and police officer salaries, including but not limited to salaries for hire back funding for safety checkpoints, saturation patrols, and liquor store sting operations.

(h) Whenever an individual is sentenced for an offense based upon an arrest for a violation of Section 11-501 or a similar provision of a local ordinance, and the professional evaluation recommends remedial or rehabilitative treatment or education, neither the treatment nor the education shall be the sole disposition and either or both may be imposed only in conjunction with another disposition. The court shall monitor compliance with any remedial education or treatment recommendations contained in the professional evaluation. Programs conducting alcohol or other drug evaluation or remedial education must be licensed by the Department of Human Services. If the individual is not a resident of Illinois, however, the court may accept an alcohol or other drug evaluation or remedial education program in the individual's state of residence. Programs providing treatment must be licensed under existing applicable alcoholism and drug treatment licensure standards.

(i) In addition to any other fine or penalty required by law, an individual convicted of a violation of Section 11-501, Section 5-7 of the Snowmobile Registration and Safety Act, Section 5-16 of the Boat Registration and Safety Act, or a similar provision, whose operation of a motor vehicle, snowmobile, or watercraft while in violation of Section 11-501, Section 5-7 of the Snowmobile Registration and Safety Act, Section 5-16 of the Boat Registration and Safety Act, or a similar provision proximately caused an incident resulting in an appropriate emergency response, shall be required to make restitution to a public agency for the costs of that emergency response. The restitution may not exceed $1,000 per public agency for each emergency response. As used in this subsection (i), "emergency response" means any incident requiring a response by a police officer, a firefighter carried on the rolls of a regularly constituted fire department, or an ambulance. With respect to funds designated for the Department of State Police, the moneys shall be remitted by the circuit court clerk to the State Police within one month after receipt for deposit into the State Police DUI Fund. Sec. 11-1301.1. Persons with disabilities - Parking privileges - Exemptions.

(a) A motor vehicle bearing registration plates issued to a person with disabilities, as defined by Section 1-159.1, pursuant to Section 3-616 or to a disabled veteran pursuant to subsection (a) of Section 3-609 or a special decal or device issued pursuant to Section 3-616 or pursuant to Section 11-1301.2 of this Code or a motor vehicle registered in another jurisdiction, state, district, territory or foreign country upon which is displayed a registration plate, special decal or device issued by the other jurisdiction designating the vehicle is operated by or for a person with disabilities shall be exempt from the payment of parking meter fees until January 1, 2014, and exempt from any statute or ordinance imposing time limitations on parking, except limitations of one-half hour or less, on any street or highway zone, a parking area subject to regulation under subsection (a) of Section 11-209 of this Code, or any parking lot or parking place which are owned, leased or owned and leased by a municipality or a municipal parking utility; and shall be recognized by state and local authorities as a valid license plate or parking device and shall receive the same parking privileges as residents of this State; but, such vehicle shall be subject to the laws which prohibit parking in "no stopping" and "no standing" zones in front of or near fire hydrants, driveways, public building entrances and exits, bus stops and loading areas, and is prohibited from parking where the motor vehicle constitutes a traffic hazard, whereby such motor vehicle shall be moved at the instruction and request of a law enforcement officer to a location designated by the officer.

(b) Any motor vehicle bearing registration plates or a special decal or device specified in this Section or in Section 3-616 of this Code or such parking device as specifically authorized in Section 11-1301.2 as evidence that the vehicle is operated by or for a person with disabilities or bearing registration plates issued to a disabled veteran under subsection (a) of Section 3-609 may park, in addition to any other lawful place, in any parking place specifically reserved for such vehicles by the posting of an
official sign as provided under Section 11-301. Parking privileges granted by this Section are strictly limited to the person to whom the special registration plates, special decal or device were issued and to qualified operators acting under his or her express direction while the person with disabilities is present. A person to whom privileges were granted shall, at the request of a police officer or any other person invested by law with authority to direct, control, or regulate traffic, present an identification card with a picture as verification that the person is the person to whom the special registration plates, special decal or device was issued.

(c) Such parking privileges granted by this Section are also extended to motor vehicles of not-for-profit organizations used for the transportation of persons with disabilities when such motor vehicles display the decal or device issued pursuant to Section 11-1301.2 of this Code.

(d) No person shall use any area for the parking of any motor vehicle pursuant to Section 11-1303 of this Code or where an official sign controlling such area expressly prohibits parking at any time or during certain hours.

disabilities or disabled veteran, in any parking place, including any private or public offstreet parking facility, specifically reserved, by the posting of an official sign as designated under Section 11-301, for motor vehicles displaying such registration plates. It shall be prohibited to park any motor vehicle in a designated access aisle adjacent to any parking place specifically reserved for persons with disabilities, by the posting of an official sign as designated under Section 11-301, for motor vehicles displaying such registration plates. When using the parking privileges for persons with disabilities, the parking decal or device must be displayed properly in the vehicle where it is clearly visible to law enforcement personnel, either hanging from the rearview mirror or placed on the dashboard of the vehicle in clear view. Disability license plates and parking decals and devices are not transferable from person to person. Proper usage of the disability license plate or parking decal or device requires the authorized holder to be present and enter or exit the vehicle at the time the parking privileges are being used. It is a violation of this Section to park in a space reserved for a person with disabilities if the authorized holder of the disability license plate or parking decal or device does not enter or exit the vehicle at the time the parking privileges are being used. Any motor vehicle properly displaying a disability license plate or a parking decal or device containing the International Symbol of Access issued to persons with disabilities by any local authority, state, district, territory or foreign country shall be recognized by State and local authorities as a valid license plate or device and receive the same parking privileges as residents of this State.

(b) Any person or local authority owning or operating any public or private offstreet parking facility may, after notifying the police or sheriff's department, remove or cause to be removed to the nearest garage or other place of safety any vehicle parked within a stall or space reserved for use by a person with disabilities which does not display person with disabilities registration plates or a special decal or device as required under this Section.

(c) Any person found guilty of violating the provisions of subsection (a) shall be fined $250 in addition to any costs or charges connected with the removal or storage of any motor vehicle authorized under this Section; but municipalities by ordinance may impose a fine up to $350 and shall display signs indicating the fine imposed. If the amount of the fine is subsequently changed, the municipality shall change the sign to indicate the current amount of the fine. It shall not be a defense to a charge under this Section that either the sign posted pursuant to this Section or the intended accessible parking place does not comply with the technical requirements of Section 11-301, Department regulations, or local ordinance if a reasonable person would be made aware by the sign or notice on or near the parking place that the place is reserved for a person with disabilities.

(c-1) Any person found guilty of violating the provisions of subsection (a-1) a first time shall be fined $600. Any person found guilty of violating subsection (a-1) a second or subsequent time shall be fined $1,000. Any person who violates subsection (a-2) is guilty of a Class A misdemeanor and shall be fined $2,500. The circuit clerk shall distribute 50% of the fine imposed on any person who is found guilty of or pleads guilty to violating this Section, including any person placed on court supervision for violating this Section, to the law enforcement agency that issued the citation or made the arrest. If more than one law enforcement agency is responsible for issuing the citation or making the arrest, the 50% of the fine imposed shall be shared equally. If an officer of the Secretary of State Department of Police arrested a person for a violation of this Section, 50% of the fine imposed shall be deposited into the Secretary of State Police Services Fund.

(d) The following organizations, and any officer or agent of those organizations acting in his or her official capacity as an officer or agent, may not be sued in civil actions under this Article:

(1) a labor organization; or
(2) any business defined in Division D, E, F, G, H, or I of the Standard Industrial Classification as established by the Occupational Safety and Health Administration, U.S. Department of Labor.

(e) Any person prosecuted under this Article may be convicted and sentenced either:

(1) for the offense of conspiring to violate this Article, and for any other particular offense or offenses that may be one of the objects of a conspiracy to violate this Article; or
(2) for the offense of violating this Article, and for any other particular offense or offenses that may constitute predicate activity underlying a violation of this Article.

(f) The State's Attorney, or a person designated by law to act for him or her and to perform his or her duties during his or her absence or disability, may authorize a criminal prosecution under this Article. Prior to any State's Attorney authorizing a criminal prosecution under this Article, the State's Attorney shall adopt rules and procedures governing the investigation and prosecution of any offense enumerated in this Article. These rules and procedures shall set forth guidelines which require that any potential prosecution under this Article be subject to an internal approval process in which it is determined, in a written prosecution memorandum prepared by the State's Attorney's Office, that (1) a prosecution under this Article is necessary to ensure that the indictment adequately reflects the nature and extent of the criminal conduct involved in a way that prosecution only on the underlying predicate activity would not, and (2) a prosecution under this Article would provide the basis for an appropriate sentence under all the circumstances of the case in a way that a prosecution only on the underlying predicate activity would not. No State's Attorney, or person designated by law to act for him or her and to perform
his or her duties during his or her absence or disability, may authorize a
criminal prosecution under this Article prior to reviewing the prepared
written prosecution memorandum. However, any internal memorandum
shall remain protected from disclosure under the attorney-client privilege,
and this provision does not create any enforceable right on behalf of any
defendant or party, nor does it subject the exercise of prosecutorial
discretion to judicial review.

(g) A labor organization and any officer or agent of that
organization acting in his or her capacity as an officer or agent of the labor
organization are exempt from prosecution under this Article.

Section 455. The Sexually Violent Persons Commitment Act is amended by changing Sections 55, 60, and 65 as follows:

(725 ILCS 207/55)

Sec. 55. Periodic reexamination; report.

(a) If a person has been committed under Section 40 of this Act and has not been discharged under Section 65 of this Act, the Department shall submit a written report to the court on his or her mental condition at least once every 12 months after an initial commitment under Section 40 for the purpose of determining whether: (1) the person has made sufficient progress in treatment to be conditionally released and (2) whether the person's condition has so changed since the most recent periodic reexamination (or initial commitment, if there has not yet been a periodic reexamination) that he or she is no longer a sexually violent person. At the time of a reexamination under this Section, the person who has been committed may retain or, if he or she is indigent and so requests, the court may appoint a qualified expert or a professional person to examine him or her.

(b) Any examiner conducting an examination under this Section shall prepare a written report of the examination no later than 30 days after the date of the examination. The examiner shall place a copy of the report in the person's health care records and shall provide a copy of the report to the court that committed the person under Section 40. The examination shall be conducted in conformance with the standards developed under the Sex Offender Management Board Act and by an evaluator approved by the Board.

(c) Notwithstanding subsection (a) of this Section, the court that committed a person under Section 40 may order a reexamination of the person at any time during the period in which the person is subject to the commitment order. Any examiner conducting an examination under this Section shall prepare a written report of the examination no later than 30 days after the date of the examination.

(d) Petitions for discharge after reexamination must follow the procedure outlined in Section 65 of this Act.

At the time of a reexamination under this Section, the person who has been committed may retain or, if he or she is indigent and so requests, the court may appoint a qualified expert or a professional person to examine him or her.

(b) Any examiner conducting an examination under this Section shall prepare a written report of the examination no later than 30 days after the date of the examination. The examiner shall place a copy of the report in the person's health care records and shall provide a copy of the report to the court that committed the person under Section 40. The examination shall be conducted in conformance with the standards developed under the Sex Offender Management Board Act and by an evaluator licensed under the Sex Offender Evaluation and Treatment Provider Act.

(c) Notwithstanding subsection (a) of this Section, the court that committed a person under Section 40 may order a reexamination of the person at any time during the period in which the person is subject to the commitment order. Any examiner conducting an examination under this Section shall prepare a written report of the examination no later than 30 days after the date of the examination.

(d) Petitions for discharge after reexamination must follow the procedure outlined in Section 65 of this Act.

Sec. 60. Petition for conditional release.

(a) Any person who is committed for institutional care in a secure facility or other facility under Section 40 of this Act may petition the court...
committing court to modify its order by authorizing conditional release if at least 12 months have elapsed since the initial commitment order was entered, an order continuing commitment was entered pursuant to Section 65, the most recent release petition was denied or the most recent order for conditional release was revoked. The director of the facility at which the person is placed may file a petition under this Section on the person's behalf at any time. If the evaluator on behalf of the Department recommends that the committed person is appropriate for conditional release, then the director or designee shall, within 30 days of receipt of the evaluator's report, file with the committing court notice of his or her intention whether or not to petition for conditional release on the committed person's behalf.

(b) If the person files a timely petition without counsel, the court shall serve a copy of the petition on the Attorney General or State's Attorney, whichever is applicable and, subject to paragraph (c)(1) of Section 25 of this Act, appoint counsel. If the person petitions through counsel, his or her attorney shall serve the Attorney General or State's Attorney, whichever is applicable.

(c) Within 20 days after receipt of the petition, upon the request of the committed person or on the court's own motion, the court may appoint an examiner having the specialized knowledge determined by the court to be appropriate, who shall examine the mental condition of the person and furnish a written report of the examination to the court within 30 days after appointment. The examiners shall have reasonable access to the person for purposes of examination and to the person's past and present treatment records and patient health care records. If any such examiner believes that the person is appropriate for conditional release, the examiner shall report on the type of treatment and services that the person may need while in the community on conditional release. The State has the right to have the person evaluated by experts chosen by the State. Any examination or evaluation conducted under this Section shall be in conformance with the standards developed under the Sex Offender Management Board Act and conducted by an evaluator approved by the Board. The court shall set a probable cause hearing as soon as practical after the examiners' reports are filed. The probable cause hearing shall consist of a review of the examining evaluators' reports and arguments on behalf of the parties. If the court finds probable cause to believe the person has made sufficient progress in treatment to the point where he or she is no longer substantially
probable to engage in acts of sexual violence if on conditional release, the court shall set a hearing on the issue.

(d) The court, without a jury, shall hear the petition as soon as practical after the reports of all examiners are filed with the court. The court shall grant the petition unless the State proves by clear and convincing evidence that the person has not made sufficient progress in treatment to the point where he or she is no longer substantially probable to engage in acts of sexual violence if on conditional release. In making a decision under this subsection, the court must consider the nature and circumstances of the behavior that was the basis of the allegation in the petition under paragraph (b)(1) of Section 15 of this Act, the person's mental history and present mental condition, and what arrangements are available to ensure that the person has access to and will participate in necessary treatment.

(e) Before the court may enter an order directing conditional release to a less restrictive alternative it must find the following: (1) the person will be treated by a Department approved treatment provider, (2) the treatment provider has presented a specific course of treatment and has agreed to assume responsibility for the treatment and will report progress to the Department on a regular basis, and will report violations immediately to the Department, consistent with treatment and supervision needs of the respondent, (3) housing exists that is sufficiently secure to protect the community, and the person or agency providing housing to the conditionally released person has agreed in writing to accept the person, to provide the level of security required by the court, and immediately to report to the Department if the person leaves the housing to which he or she has been assigned without authorization, (4) the person is willing to or has agreed to comply with the treatment provider, the Department, and the court, and (5) the person has agreed or is willing to agree to comply with the behavioral monitoring requirements imposed by the court and the Department.

(f) If the court finds that the person is appropriate for conditional release, the court shall notify the Department. The Department shall prepare a plan that identifies the treatment and services, if any, that the person will receive in the community. The plan shall address the person's need, if any, for supervision, counseling, medication, community support services, residential services, vocational services, and alcohol or other drug abuse treatment. The Department may contract with a county health department, with another public agency or with a private agency to provide

the treatment and services identified in the plan. The plan shall specify who will be responsible for providing the treatment and services identified in the plan. The plan shall be presented to the court for its approval within 60 days after the court finding that the person is appropriate for conditional release, unless the Department and the person to be released request additional time to develop the plan.

(g) The provisions of paragraphs (b)(4), (b)(5), and (b)(6) of Section 40 of this Act apply to an order for conditional release issued under this Section.

Sec. 60. Petition for conditional release.

(b) If the person files a timely petition without counsel, the court shall serve a copy of the petition on the Attorney General or State's Attorney, whichever is applicable and, subject to paragraph (c)(1) of Section 25 of this Act, appoint counsel. If the person petitions through counsel, his or her attorney shall serve the Attorney General or State's Attorney, whichever is applicable.

Sec. 65. Petition for discharge; procedure.

(a)(1) If the Secretary determines at any time that a person committed under this Act is no longer a sexually violent person, the Secretary shall authorize the person to petition the committing court for discharge. If the evaluator on behalf of the Department recommends that the committed person is no longer a sexually violent person, then the Secretary or designee shall, within 30 days of receipt of the evaluator's report, file with the committing court notice of his or her determination whether or not to authorize the committed person to petition the committing court for discharge. The person shall file the petition with the court and serve a copy upon the Attorney General or the State's Attorney's office that filed the petition under subsection (a) of Section 15 of this Act,
whichever is applicable. The court, upon receipt of the petition for discharge, shall order a hearing to be held as soon as practical after the date of receipt of the petition.

(2) At a hearing under this subsection, the Attorney General or State's Attorney, whichever filed the original petition, shall represent the State. The State has the right to have the person evaluated by experts chosen by the State. The examination shall be conducted in conformance with the standards developed under the Sex Offender Management Board Act and by an evaluator approved by the Board. The committed person or the State may elect to have the hearing before a jury. The State has the burden of proving by clear and convincing evidence that the petitioner is still a sexually violent person.

(3) If the court or jury is satisfied that the State has not met its burden of proof under paragraph (a)(2) of this Section, the petitioner shall be discharged from the custody or supervision of the Department. If the court is satisfied that the State has met its burden of proof under paragraph (a)(2), the court may proceed under Section 40 of this Act to determine whether to modify the petitioner's existing commitment order.

(b)(1) A person may petition the committing court for discharge from custody or supervision without the Secretary's approval. At the time of an examination under subsection (a) of Section 55 of this Act, the Secretary shall provide the committed person with a written notice of the person's right to petition the court for discharge over the Secretary's objection. The notice shall contain a waiver of rights. The Secretary shall forward the notice and waiver form to the court with the report of the Department's examination under Section 55 of this Act. If the person does not affirmatively waive the right to petition, the court shall set a probable cause hearing to determine whether facts exist to believe that since the most recent periodic reexamination (or initial commitment, if there has not yet been a periodic reexamination), the condition of the committed person has so changed that he or she is no longer a sexually violent person. However, if a person has previously filed a petition for discharge without the Secretary's approval and the court determined, either upon review of the petition or following a hearing, that the person's petition was frivolous or that the person was still a sexually violent person, then the court shall deny any subsequent petition under this Section without a hearing unless the petition contains facts upon which a court could reasonably find that the condition of the person had so changed that a hearing was warranted. If a person does not file a petition for discharge, yet fails to waive the right to
petition under this Section, then the probable cause hearing consists only of a review of the reexamination reports and arguments on behalf of the parties. The committed person has a right to have an attorney represent him or her at the probable cause hearing, but the person is not entitled to be present at the probable cause hearing. The probable cause hearing under this Section must be held as soon as practical after the filing of the reexamination report under Section 55 of this Act.

(2) If the court determines at the probable cause hearing under paragraph (b)(1) of this Section that probable cause exists to believe that since the most recent periodic reexamination (or initial commitment, if there has not yet been a periodic reexamination), the condition of the committed person has so changed that he or she is no longer a sexually violent person, then the court shall set a hearing on the issue. At a hearing under this Section, the committed person is entitled to be present and to the benefit of the protections afforded to the person under Section 25 of this Act. The committed person or the State may elect to have a hearing under this Section before a jury. A verdict of a jury under this Section is not valid unless it is unanimous. The Attorney General or State's Attorney, whichever filed the original petition, shall represent the State at a hearing under this Section. The State has the right to have the committed person evaluated by experts chosen by the State. The examination shall be conducted in conformance with the standards developed under the Sex Offender Management Board Act and by an evaluator approved by the Board. At the hearing, the State has the burden of proving by clear and convincing evidence that the committed person is still a sexually violent person.

(3) If the court or jury is satisfied that the State has not met its burden of proof under paragraph (b)(2) of this Section, the person shall be discharged from the custody or supervision of the Department. If the court or jury is satisfied that the State has met its burden of proof under paragraph (b)(2) of this Section, the court may proceed under Section 40 of this Act to determine whether to modify the person's existing commitment order.

(c) This Section applies to petitions pending on the effective date of this amendatory Act of the 97th General Assembly and to petitions filed on or after that date. This provision is severable from the other provisions of this Section under Section 1.31 of the Statute on Statutes. (Source: P.A. 96-1128, eff. 1-1-11; 97-1075, eff. 8-24-12.) The lease specified in a bid shall be for a term of not less than the time needed to retire any revenue bonds used to finance the project, but not to exceed 40 years. All information collected and maintained by the unit shall be highly confidential, and access to that information shall be restricted by the Department. The information shall be used to control and limit the activities of gangs within correctional institutions under the jurisdiction of the Illinois Department of Corrections and may be shared with other law enforcement agencies in order to curb gang activities outside of correctional institutions under the jurisdiction of the Department and to assist in the investigations and prosecutions of gang activity. The Department shall establish and promulgate rules governing the release of information to outside law enforcement agencies. (e) The prosecuting State's Attorney's office shall receive from the Board reasonable written notice not less than 30 days prior to the parole interview and may submit relevant information by oral argument or testimony of victims and concerned citizens, or both, in writing, or on film, video tape or other electronic means or in the form of a recording to the Board for its consideration. Upon written request of the State's Attorney's office, the Prisoner Review Board shall hear protests to parole, except in counties of 1,500,000 or more inhabitants where there shall be standing objections to all such petitions. (a) If prior to expiration or termination of the term of parole or mandatory supervised release, a person violates a condition set by the Prisoner Review Board or a condition of parole or mandatory supervised release under Section 3-3-7 of this Code to govern that term, the Board may:

1. continue the existing term, with or without modifying or enlarging the conditions; or

3. revoke the parole or mandatory supervised release and reconfine the person for a term computed in the following manner:
   i. (A) For those sentenced under the law in effect prior to this amendatory Act of 1977, the recommitment shall be for any portion of the imposed maximum term of imprisonment or confinement which had not been served at the time of parole and the parole term, less the time elapsed between the parole of the person and the commission of the violation for which parole was revoked;
   (B) Except as set forth in paragraph (C), for those subject to mandatory supervised release under paragraph (d) of Section 5-8-1 of this Code, the recommitment shall be for the total mandatory supervised release term, less the time elapsed between the release of the person and the commission of the violation for which mandatory supervised release is revoked. The Board may also order that a prisoner serve up to one year of the sentence imposed.
by the court which was not served due to the accumulation of sentence credit;

(C) For those subject to sex offender supervision under clause (d)(4) of Section 5-8-1 of this Code, the reconfinement period for violations of clauses (a)(3) through (b-1)(15) of Section 3-3-7 shall not exceed 2 years from the date of reconfinement; 

(ii) the person shall be given credit against the term of reimprisonment or reconfinement for time spent in custody since he was paroled or released which has not been credited against another sentence or period of confinement;

(iii) persons committed under the Juvenile Court Act or the Juvenile Court Act of 1987 may be continued under the existing term of parole with or without modifying the conditions of parole, paroled or released to a group home or other residential facility, or recommitted until the age of 21 unless sooner terminated;

(iv) this Section is subject to the release under supervision and the reparole and rerelease provisions of Section 3-3-10.

(b) The Board may revoke parole or mandatory supervised release for violation of a condition for the duration of the term and for any further period which is reasonably necessary for the adjudication of matters arising before its expiration. The issuance of a warrant of arrest for an alleged violation of the conditions of parole or mandatory supervised release shall toll the running of the term until the final determination of the charge. When parole or mandatory supervised release is not revoked that period shall be credited to the term, unless a community-based sanction is imposed as an alternative to revocation and reincarceration, including a diversion established by the Illinois Department of Corrections Parole Services Unit prior to the holding of a preliminary parole revocation hearing. Parolees who are diverted to a community-based sanction shall serve the entire term of parole or mandatory supervised release, if otherwise appropriate.

(b-5) The Board shall revoke parole or mandatory supervised release for violation of the conditions prescribed in paragraph (7.6) of subsection (a) of Section 3-3-7.

New matter indicated by italics - deletions by strikeout
(c) A person charged with violating a condition of parole or mandatory supervised release shall have a preliminary hearing before a hearing officer designated by the Board to determine if there is cause to hold the person for a revocation hearing. However, no preliminary hearing need be held when revocation is based upon new criminal charges and a court finds probable cause on the new criminal charges or when the revocation is based upon a new criminal conviction and a certified copy of that conviction is available.

(d) Parole or mandatory supervised release shall not be revoked without written notice to the offender setting forth the violation of parole or mandatory supervised release charged against him.

(e) A hearing on revocation shall be conducted before at least one member of the Prisoner Review Board. The Board may meet and order its actions in panels of 3 or more members. The action of a majority of the panel shall be the action of the Board. In consideration of persons committed to the Department of Juvenile Justice, the member hearing the matter and at least a majority of the panel shall be experienced in juvenile matters. A record of the hearing shall be made. At the hearing the offender shall be permitted to:
   (1) appear and answer the charge; and
   (2) bring witnesses on his behalf.

(f) The Board shall either revoke parole or mandatory supervised release or order the person's term continued with or without modification or enlargement of the conditions.

(g) Parole or mandatory supervised release shall not be revoked for failure to make payments under the conditions of parole or release unless the Board determines that such failure is due to the offender's willful refusal to pay.

(7) The defendant has no history of prior delinquency or criminal activity or has led a law-abiding life for a substantial period of time before the commission of the present crime.

(8) The defendant's criminal conduct was the result of circumstances unlikely to recur.

(9) The character and attitudes of the defendant indicate that he is unlikely to commit another crime.

(10) The defendant is particularly likely to comply with the terms of a period of probation.

(11) The imprisonment of the defendant would entail excessive hardship to his dependents.

(12) The imprisonment of the defendant would endanger his or her medical condition.

(13) The defendant was intellectually disabled as defined in Section 5-1-13 of this Code.

(14) The defendant sought or obtained emergency medical assistance for an overdose and was convicted of a Class 3 felony or higher possession, manufacture, or delivery of a controlled, counterfeit, or look-alike substance or a controlled substance analog under the Illinois Controlled Substances Act or a Class 2 felony or higher possession, manufacture or delivery of methamphetamine under the Methamphetamine Control and Community Protection Act.

(b) If the court, having due regard for the character of the offender, the nature and circumstances of the offense and the public interest finds that a sentence of imprisonment is the most appropriate disposition of the offender, or where other provisions of this Code mandate the imprisonment of the offender, the grounds listed in paragraph (a) of this subsection shall be considered as factors in mitigation of the term imposed.

(a) Upon issuance of any stalking no contact order, the clerk shall immediately, or on the next court day if an emergency order is issued in accordance with subsection (c) of Section 95:

(1) enter the order on the record and file it in accordance with the circuit court procedures; and

(2) provide a file stamped copy of the order to the respondent, if present, and to the petitioner.

(b) The clerk of the issuing judge shall, or the petitioner may, on the same day that a stalking no contact order is issued, file a certified copy of that order with the sheriff or other law enforcement officials charged with maintaining Department of State Police records or charged with serving the order upon the respondent. If the order was issued in accordance with subsection (c) of Section 95, the clerk shall, on the next court day, file a certified copy of the order with the sheriff or other law enforcement officials charged with maintaining Department of State Police records. If the respondent, at the time of the issuance of the order, is committed to the custody of the Illinois Department of Corrections or is on parole or mandatory supervised release, the sheriff or other law enforcement officials charged with maintaining Department of State Police records shall notify the Department of Corrections within 48 hours of receipt of a copy of the stalking no contact order from the clerk of the issuing judge or the petitioner. Such notice shall include the name of the respondent, the respondent's IDOC inmate number, the respondent's date of birth, and the LEADS Record Index Number.

(c) Unless the respondent was present in court when the order was issued, the sheriff, other law enforcement official, or special process server shall promptly serve that order upon the respondent and file proof of such service in the manner provided for service of process in civil proceedings. Instead of serving the order upon the respondent, however, the sheriff, other law enforcement official, special process server, or other persons defined in Section 117 may serve the respondent with a short form notification as provided in Section 117. If process has not yet been served upon the respondent, it shall be served with the order or short form notification if such service is made by the sheriff, other law enforcement official, or special process server.

Section 475. The Civil No Contact Order Act is amended by changing Section 218 as follows:

(740 ILCS 22/218)
Sec. 218. Notice of orders.
(a) Upon issuance of any civil no contact order, the clerk shall immediately, or on the next court day if an emergency order is issued in accordance with subsection (c) of Section 214:

(1) enter the order on the record and file it in accordance with the circuit court procedures; and

custody of the Illinois Department of Corrections or is on parole or mandatory supervised release, the sheriff or other law enforcement officials charged with maintaining Department of State Police records shall notify the Department of Corrections within 48 hours of receipt of a copy of the civil no contact order from the clerk of the issuing judge or the petitioner. Such notice shall include the name of the respondent, the respondent's IDOC inmate number, the respondent's date of birth, and the LEADS Record Index Number.

(c) Unless the respondent was present in court when the order was issued, the sheriff, other law enforcement official, or special process server shall promptly serve that order upon the respondent and file proof of such service in the manner provided for service of process in civil proceedings. Instead of serving the order upon the respondent, however, the sheriff, other law enforcement official, special process server, or other persons defined in Section 218.1 may serve the respondent with a short form notification as provided in Section 218.1. If process has not yet been served upon the respondent, it shall be served with the order or short form notification if such service is made by the sheriff, other law enforcement official, or special process server.

(d) If the person against whom the civil no contact order is issued is arrested and the written order is issued in accordance with subsection (c) of Section 214 and received by the custodial law enforcement agency before the respondent or arrestee is released from custody, the custodial law enforcement agent shall promptly serve the order upon the respondent or arrestee before the respondent or arrestee is released from custody. In no event shall detention of the respondent or arrestee be extended for hearing on the petition for civil no contact order or receipt of the order issued under Section 214 of this Act.

Section 490. The Illinois Marriage and Dissolution of Marriage Act is amended by changing Section 505 as follows:

(750 ILCS 5/505) (from Ch. 40, par. 505)

Sec. 505. Child support; contempt; penalties.

(a) In a proceeding for dissolution of marriage, legal separation, declaration of invalidity of marriage, a proceeding for child support following dissolution of the marriage by a court that lacked personal jurisdiction over the absent spouse, a proceeding for modification of a previous order for child support under Section 510 of this Act, or any proceeding authorized under Section 501 or 601 of this Act, the court may order either or both parents owing a duty of support to a child of the marriage to pay an amount reasonable and necessary for the support of the child, without regard to marital misconduct. The duty of support owed to a child includes the obligation to provide for the reasonable and necessary educational, physical, mental and emotional health needs of the child. For purposes of this Section, the term "child" shall include any child under age 18 and any child under age 19 who is still attending high school.

(1) The Court shall determine the minimum amount of support by using the following guidelines:

<table>
<thead>
<tr>
<th>Number of Children</th>
<th>Percent of Supporting Party's Net Income</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>20%</td>
</tr>
<tr>
<td>2</td>
<td>28%</td>
</tr>
<tr>
<td>3</td>
<td>32%</td>
</tr>
<tr>
<td>4</td>
<td>40%</td>
</tr>
<tr>
<td>5</td>
<td>45%</td>
</tr>
<tr>
<td>6 or more</td>
<td>50%</td>
</tr>
</tbody>
</table>

(2) The above guidelines shall be applied in each case unless the court finds that a deviation from the guidelines is
appropriate after considering the best interest of the child in light of the evidence, including, but not limited to, one or more of the following relevant factors:

(a) the financial resources and needs of the child;
(b) the financial resources and needs of the custodial parent;
(c) the standard of living the child would have enjoyed had the marriage not been dissolved;
(d) the physical, mental, and emotional needs of the child;
(d-5) the educational needs of the child; and
(e) the financial resources and needs of the non-custodial parent.

If the court deviates from the guidelines, the court's finding shall state the amount of support that would have been required under the guidelines, if determinable. The court shall include the reason or reasons for the variance from the guidelines.

(2.5) The court, in its discretion, in addition to setting child support pursuant to the guidelines and factors, may order either or both parents owing a duty of support to a child of the marriage to contribute to the following expenses, if determined by the court to be reasonable:

(a) health needs not covered by insurance;
(b) child care;
(c) education; and
(d) extracurricular activities.

(3) "Net income" is defined as the total of all income from all sources, minus the following deductions:

(a) Federal income tax (properly calculated withholding or estimated payments);
(b) State income tax (properly calculated withholding or estimated payments);
(c) Social Security (FICA payments);
(d) Mandatory retirement contributions required by law or as a condition of employment;
(e) Union dues;
(f) Dependent and individual health/hospitalization insurance premiums and premiums for life insurance

ordered by the court to reasonably secure payment of
ordered child support;
    (g) Prior obligations of support or maintenance
actually paid pursuant to a court order;
    (h) Expenditures for repayment of debts that
represent reasonable and necessary expenses for the
production of income, medical expenditures necessary to
preserve life or health, reasonable expenditures for the
benefit of the child and the other parent, exclusive of gifts.
The court shall reduce net income in determining the
minimum amount of support to be ordered only for the
period that such payments are due and shall enter an order
containing provisions for its self-executing modification
upon termination of such payment period;
    (i) Foster care payments paid by the Department of
Children and Family Services for providing licensed foster
care to a foster child.

(4) In cases where the court order provides for
health/hospitalization insurance coverage pursuant to Section 505.2
of this Act, the premiums for that insurance, or that portion of the
premiums for which the supporting party is responsible in the case
of insurance provided through an employer's health insurance plan
where the employer pays a portion of the premiums, shall be
subtracted from net income in determining the minimum amount of
support to be ordered.

(4.5) In a proceeding for child support following
dissolution of the marriage by a court that lacked personal
jurisdiction over the absent spouse, and in which the court is
requiring payment of support for the period before the date an
order for current support is entered, there is a rebuttable
presumption that the supporting party's net income for the prior
period was the same as his or her net income at the time the order
for current support is entered.

(5) If the net income cannot be determined because of
default or any other reason, the court shall order support in an
amount considered reasonable in the particular case. The final
order in all cases shall state the support level in dollar amounts.
However, if the court finds that the child support amount cannot be
expressed exclusively as a dollar amount because all or a portion of

the payor's net income is uncertain as to source, time of payment, or amount, the court may order a percentage amount of support in addition to a specific dollar amount and enter such other orders as may be necessary to determine and enforce, on a timely basis, the applicable support ordered.

(6) If (i) the non-custodial parent was properly served with a request for discovery of financial information relating to the non-custodial parent's ability to provide child support, (ii) the non-custodial parent failed to comply with the request, despite having been ordered to do so by the court, and (iii) the non-custodial parent is not present at the hearing to determine support despite having received proper notice, then any relevant financial information concerning the non-custodial parent's ability to provide child support that was obtained pursuant to subpoena and proper notice shall be admitted into evidence without the need to establish any further foundation for its admission.

(a-5) In an action to enforce an order for support based on the respondent's failure to make support payments as required by the order, notice of proceedings to hold the respondent in contempt for that failure may be served on the respondent by personal service or by regular mail addressed to the respondent's last known address. The respondent's last known address may be determined from records of the clerk of the court, from the Federal Case Registry of Child Support Orders, or by any other reasonable means.

(b) Failure of either parent to comply with an order to pay support shall be punishable as in other cases of contempt. In addition to other penalties provided by law the Court may, after finding the parent guilty of contempt, order that the parent be:

(1) placed on probation with such conditions of probation as the Court deems advisable;

(2) sentenced to periodic imprisonment for a period not to exceed 6 months; provided, however, that the Court may permit the parent to be released for periods of time during the day or night to:

   (A) work;
   
   (B) conduct a business or other self-employed occupation.

The Court may further order any part or all of the earnings of a parent during a sentence of periodic imprisonment paid to the Clerk of the Circuit Court or to the parent having custody or to the guardian having

New matter indicated by italics - deletions by strikeout
custody of the children of the sentenced parent for the support of said children until further order of the Court.

If a parent who is found guilty of contempt for failure to comply with an order to pay support is a person who conducts a business or who is self-employed, the court in addition to other penalties provided by law may order that the parent do one or more of the following: (i) provide to the court monthly financial statements showing income and expenses from the business or the self-employment; (ii) seek employment and report periodically to the court with a diary, listing, or other memorandum of his or her employment search efforts; or (iii) report to the Department of Employment Security for job search services to find employment that will be subject to withholding for child support.

If there is a unity of interest and ownership sufficient to render no financial separation between a non-custodial parent and another person or persons or business entity, the court may pierce the ownership veil of the person, persons, or business entity to discover assets of the non-custodial parent held in the name of that person, those persons, or that business entity. The following circumstances are sufficient to authorize a court to order discovery of the assets of a person, persons, or business entity and to compel the application of any discovered assets toward payment on the judgment for support:

(1) the non-custodial parent and the person, persons, or business entity maintain records together.

(2) the non-custodial parent and the person, persons, or business entity fail to maintain an arm's length relationship between themselves with regard to any assets.

(3) the non-custodial parent transfers assets to the person, persons, or business entity with the intent to perpetrate a fraud on the custodial parent.

With respect to assets which are real property, no order entered under this paragraph shall affect the rights of bona fide purchasers, mortgagees, judgment creditors, or other lien holders who acquire their interests in the property prior to the time a notice of lis pendens pursuant to the Code of Civil Procedure or a copy of the order is placed of record in the office of the recorder of deeds for the county in which the real property is located.

The court may also order in cases where the parent is 90 days or more delinquent in payment of support or has been adjudicated in arrears in an amount equal to 90 days obligation or more, that the parent's Illinois

driving privileges be suspended until the court determines that the parent is in compliance with the order of support. The court may also order that the parent be issued a family financial responsibility driving permit that would allow limited driving privileges for employment and medical purposes in accordance with Section 7-702.1 of the Illinois Vehicle Code. The clerk of the circuit court shall certify the order suspending the driving privileges of the parent or granting the issuance of a family financial responsibility driving permit to the Secretary of State on forms prescribed by the Secretary. Upon receipt of the authenticated documents, the Secretary of State shall suspend the parent's driving privileges until further order of the court and shall, if ordered by the court, subject to the provisions of Section 7-702.1 of the Illinois Vehicle Code, issue a family financial responsibility driving permit to the parent.

In addition to the penalties or punishment that may be imposed under this Section, any person whose conduct constitutes a violation of Section 15 of the Non-Support Punishment Act may be prosecuted under that Act, and a person convicted under that Act may be sentenced in accordance with that Act. The sentence may include but need not be limited to a requirement that the person perform community service under Section 50 of that Act or participate in a work alternative program under Section 50 of that Act. A person may not be required to participate in a work alternative program under Section 50 of that Act if the person is currently participating in a work program pursuant to Section 505.1 of this Act.

A support obligation, or any portion of a support obligation, which becomes due and remains unpaid as of the end of each month, excluding the child support that was due for that month to the extent that it was not paid in that month, shall accrue simple interest as set forth in Section 12-109 of the Code of Civil Procedure. An order for support entered or modified on or after January 1, 2006 shall contain a statement that a support obligation required under the order, or any portion of a support obligation required under the order, that becomes due and remains unpaid as of the end of each month, excluding the child support that was due for that month to the extent that it was not paid in that month, shall accrue simple interest as set forth in Section 12-109 of the Code of Civil Procedure. Failure to include the statement in the order for support does not affect the validity of the order or the accrual of interest as provided in this Section.

(c) A one-time charge of 20% is imposable upon the amount of past-due child support owed on July 1, 1988 which has accrued under a support order entered by the court. The charge shall be imposed in accordance with the provisions of Section 10-21 of the Illinois Public Aid Code and shall be enforced by the court upon petition.

(d) Any new or existing support order entered by the court under this Section shall be deemed to be a series of judgments against the person obligated to pay support thereunder, each such judgment to be in the amount of each payment or installment of support and each such judgment to be deemed entered as of the date the corresponding payment or installment becomes due under the terms of the support order. Each such judgment shall have the full force, effect and attributes of any other judgment of this State, including the ability to be enforced. Notwithstanding any other State or local law to the contrary, a lien arises by operation of law against the real and personal property of the noncustodial parent for each installment of overdue support owed by the noncustodial parent.

(e) When child support is to be paid through the clerk of the court in a county of 1,000,000 inhabitants or less, the order shall direct the obligor to pay to the clerk, in addition to the child support payments, all fees imposed by the county board under paragraph (3) of subsection (u) of Section 27.1 of the Clerks of Courts Act. Unless paid in cash or pursuant to an order for withholding, the payment of the fees shall be by a separate instrument from the support payment and shall be made to the order of the Clerk.

(f) All orders for support, when entered or modified, shall include a provision requiring the obligor to notify the court and, in cases in which a party is receiving child and spouse services under Article X of the Illinois Public Aid Code, the Department of Healthcare and Family Services, within 7 days, (i) of the name and address of any new employer of the obligor, (ii) whether the obligor has access to health insurance coverage through the employer or other group coverage and, if so, the policy name and number and the names of persons covered under the policy, and (iii) of any new residential or mailing address or telephone number of the non-custodial parent. In any subsequent action to enforce a support order, upon a sufficient showing that a diligent effort has been made to ascertain the location of the non-custodial parent, service of process or provision of notice necessary in the case may be made at the last known address of the non-custodial parent in any manner expressly provided by the Code of

New matter indicated by italics - deletions by strikeout
Civil Procedure or this Act, which service shall be sufficient for purposes of due process.

(g) An order for support shall include a date on which the current support obligation terminates. The termination date shall be no earlier than the date on which the child covered by the order will attain the age of 18. However, if the child will not graduate from high school until after attaining the age of 18, then the termination date shall be no earlier than the earlier of the date on which the child's high school graduation will occur or the date on which the child will attain the age of 19. The order for support shall state that the termination date does not apply to any arrearage that may remain unpaid on that date. Nothing in this subsection shall be construed to prevent the court from modifying the order or terminating the order in the event the child is otherwise emancipated.

(g-5) If there is an unpaid arrearage or delinquency (as those terms are defined in the Income Withholding for Support Act) equal to at least one month's support obligation on the termination date stated in the order for support or, if there is no termination date stated in the order, on the date the child attains the age of majority or is otherwise emancipated, the periodic amount required to be paid for current support of that child immediately prior to that date shall automatically continue to be an obligation, not as current support but as periodic payment toward satisfaction of the unpaid arrearage or delinquency. That periodic payment shall be in addition to any periodic payment previously required for satisfaction of the arrearage or delinquency. The total periodic amount to be paid toward satisfaction of the arrearage or delinquency may be enforced and collected by any method provided by law for enforcement and collection of child support, including but not limited to income withholding under the Income Withholding for Support Act. Each order for support entered or modified on or after the effective date of this amendatory Act of the 93rd General Assembly must contain a statement notifying the parties of the requirements of this subsection. Failure to include the statement in the order for support does not affect the validity of the order or the operation of the provisions of this subsection with regard to the order. This subsection shall not be construed to prevent or affect the establishment or modification of an order for support of a minor child or the establishment or modification of an order for support of a non-minor child or educational expenses under Section 513 of this Act.

(h) An order entered under this Section shall include a provision requiring the obligor to report to the obligee and to the clerk of court
within 10 days each time the obligor obtains new employment, and each
time the obligor's employment is terminated for any reason. The report
shall be in writing and shall, in the case of new employment, include the
name and address of the new employer. Failure to report new employment
or the termination of current employment, if coupled with nonpayment of
support for a period in excess of 60 days, is indirect criminal contempt.
For any obligor arrested for failure to report new employment bond shall
be set in the amount of the child support that should have been paid during
the period of unreported employment. An order entered under this Section
shall also include a provision requiring the obligor and obligee parents to
advise each other of a change in residence within 5 days of the change
except when the court finds that the physical, mental, or emotional health
of a party or that of a child, or both, would be seriously endangered by
disclosure of the party's address.

(i) The court does not lose the powers of contempt, driver's license
suspension, or other child support enforcement mechanisms, including, but
not limited to, criminal prosecution as set forth in this Act, upon the
emancipation of the minor child or children.

6. I do hereby consent and agree to the adoption of such child by .......... (specified person or persons) only.

7. I wish to sign this consent and I understand that by signing this consent I irrevocably and permanently give up all my parental rights I have to my child.

With respect to an employer who has elected to file reports of wages on an annual basis pursuant to Section 1400.2, in assessing penalties for the failure to submit all reports by the due date established pursuant to that Section, the 30-day period immediately following the due date shall be considered as one month.

If the Director deems an employer's report of wages paid to each of his workers for any period which begins on or after January 1, 1982, insufficient, he shall notify the employer to file a sufficient report. If the employer fails to file such sufficient report within 30 days after the mailing of the notice to him, he shall, in addition to any sum otherwise payable by him under the provisions of this Act, pay to the Department as a penalty a sum determined in accordance with the provisions of the first paragraph of this subsection, for each month or part thereof of such failure to file such sufficient report after the date of the notice.

For wages paid in calendar years prior to 1988, the penalty or penalties which accrue under the two foregoing paragraphs with respect to a report for any period shall not be less than $100, and shall not exceed the lesser of (1) $10 for each $10,000 or fraction thereof of the total wages for insured work paid during the period or (2) $5,000. For wages paid in calendar years after 1987, the penalty or penalties which accrue under the 2 foregoing paragraphs with respect to a report for any period shall not be less than $50, and shall not exceed the lesser of (1) $10 for each $10,000 or fraction of the total wages for insured work paid during the period or (2) $5,000. With respect to an employer who has elected to file reports of wages on an annual basis pursuant to Section 1400.2, for purposes of calculating the minimum penalty prescribed by this Section for failure to file the reports on a timely basis, a calendar year shall constitute a single

period. For reports of wages paid after 1986, the Director shall not, however, impose a penalty pursuant to either of the two foregoing paragraphs on any employer who can prove within 30 working days after the mailing of a notice of his failure to file such a report, that (1) the failure to file the report is his first such failure during the previous 20 consecutive calendar quarters, and (2) the amount of the total contributions due for the calendar quarter of such report (or, in the case of an employer who is required to file the reports on a monthly basis, the amount of the total contributions due for the calendar quarter that includes the month of such report) is less than $500.

For any month which begins on or after January 1, 2013, a report of the wages paid to each of an employer's workers shall be due on or before the last day of the month next following the calendar month in which the wages were paid if the employer is required to report such wages electronically pursuant to the regulations of the Director; otherwise a report of the wages paid to each of the employer's workers shall be due on or before the last day of the month next following the calendar quarter in which the wages were paid.

Any employer who wilfully fails to pay any contribution or part thereof, based upon wages paid prior to 1987, when required by the provisions of this Act and the regulations of the Director, with intent to defraud the Director, shall in addition to such contribution or part thereof pay to the Department a penalty equal to 50 percent of the amount of such contribution or part thereof, as the case may be, provided that the penalty shall not be less than $200.

Any employer who willfully fails to pay any contribution or part thereof, based upon wages paid in 1987 and in each calendar year thereafter, when required by the provisions of this Act and the regulations of the Director, with intent to defraud the Director, shall in addition to such contribution or part thereof pay to the Department a penalty equal to 60% of the amount of such contribution or part thereof, as the case may be, provided that the penalty shall not be less than $400.

However, all or part of any penalty may be waived by the Director for good cause shown.

Sec. 1801.1. Directory of New Hires.

A. The Director shall establish and operate an automated directory of newly hired employees which shall be known as the "Illinois Directory

of New Hires" which shall contain the information required to be reported by employers to the Department under subsection B. In the administration of the Directory, the Director shall comply with any requirements concerning the Employer New Hire Reporting Program established by the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996. The Director is authorized to use the information contained in the Directory of New Hires to administer any of the provisions of this Act.

B. Each employer in Illinois, except a department, agency, or instrumentality of the United States, shall file with the Department a report in accordance with rules adopted by the Department (but in any event not later than 20 days after the date the employer hires the employee or, in the case of an employer transmitting reports magnetically or electronically, by 2 monthly transmissions, if necessary, not less than 12 days nor more than 16 days apart) providing the following information concerning each newly hired employee: the employee's name, address, and social security number, the date services for remuneration were first performed by the employee, the employee's projected monthly wages, and the employer's name, address, Federal Employer Identification Number assigned under Section 6109 of the Internal Revenue Code of 1986, and such other information as may be required by federal law or regulation, provided that each employer may voluntarily file the address to which the employer wants income withholding orders to be mailed, if it is different from the address given on the Federal Employer Identification Number. An employer in Illinois which transmits its reports electronically or magnetically and which also has employees in another state may report all newly hired employees to a single designated state in which the employer has employees if it has so notified the Secretary of the United States Department of Health and Human Services in writing. An employer may, at its option, submit information regarding any rehired employee in the same manner as information is submitted regarding a newly hired employee. Each report required under this subsection shall, to the extent practicable, be made on an Internal Revenue Service Form W-4 or, at the option of the employer, an equivalent form, and may be transmitted by first class mail, by telefax, magnetically, or electronically.

C. An employer which knowingly fails to comply with the reporting requirements established by this Section shall be subject to a civil penalty of $15 for each individual whom it fails to report. An employer shall be considered to have knowingly failed to comply with the reporting requirements established by this Section with respect to an
individual if the employer has been notified by the Department that it has
failed to report an individual, and it fails, without reasonable cause, to
supply the required information to the Department within 21 days after the
date of mailing of the notice. Any individual who knowingly conspires
with the newly hired employee to cause the employer to fail to report the
information required by this Section or who knowingly conspires with the
newly hired employee to cause the employer to file a false or incomplete
report shall be guilty of a Class B misdemeanor with a fine not to exceed
$500 with respect to each employee with whom the individual so
conspires.

D. As used in this Section, "newly hired employee" means an
individual who (i) is an employee within the meaning of Chapter 24 of the
Internal Revenue Code of 1986 and (ii) either has not previously been
employed by the employer or was previously employed by the employer
but has been separated from that prior employment for at least 60
consecutive days; however, "newly hired employee" does not include an
employee of a federal or State agency performing intelligence or
counterintelligence functions, if the head of that agency has determined
that the filing of the report required by this Section with respect to the
employee could endanger the safety of the employee or compromise an
ongoing investigation or intelligence mission.

Notwithstanding Section 205, and for the purposes of this Section
only, the term "employer" has the meaning given by Section 3401(d) of the
Internal Revenue Code of 1986 and includes any governmental entity and
labor organization as defined by Section 2(5) of the National Labor
Relations Act, and includes any entity (also known as a hiring hall) which
is used by the organization and an employer to carry out the requirements
described in Section 8(f)(3) of that Act of an agreement between the
organization and the employer.

Section 995. No acceleration or delay. Where this Act makes
changes in a statute that is represented in this Act by text that is not yet or
no longer in effect (for example, a Section represented by multiple
versions), the use of that text does not accelerate or delay the taking effect
of (i) the changes made by this Act or (ii) provisions derived from any
other Public Act.

Section 996. No revival or extension. This Act does not revive or
extend any Section or Act otherwise repealed.
Section 999. Effective date. This Act takes effect upon becoming law.

AN ACT concerning State government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois is amended by adding Section 2310-349 as follows:

(20 ILCS 2310/2310-349 new)

Sec. 2310-349. The Childhood Cancer Research Board.

(a) The Childhood Cancer Research Board is created as an advisory board within the Department. The Board shall consist of 11 members as follows: 2 members appointed by the President of the Senate; one member appointed by the Minority Leader of the Senate; 2 members appointed by the Speaker of the House of Representatives; one member appointed by the Minority Leader of the House of Representatives; 2 members appointed by the Governor, one of whom shall be designated as chair of the Board at the time of appointment; and 2 members appointed by the Director. The Director, or his or her designee, shall serve as an ex officio member of the Board. Members appointed under this Section shall be experts in pediatric cancer or members of the General Assembly; however, no appointing authority may appoint more than one member of the General Assembly to serve during the same term. For the purposes of this Section, an "expert in pediatric cancer" is defined as a physician or scientist who (i) holds a position of leadership in an internationally recognized program of pediatric cancer research at the time of his or her appointment, or (ii) is a fully tenured professor at an institution of higher education. In addition, an expert in pediatric cancer must possess at least one of the following qualifications:

(1) a strong track record of publication;
(2) participation in a federally-funded pediatric cancer research program;
(3) a leadership role in a national cancer research society, including the American Society of Hematology, the American
Association of Cancer Research, or the American Society of Clinical Oncology; and
(4) participation in a National Cancer Institute or American Cancer Society study section.

The Board members shall serve one 2-year term. If a vacancy occurs in the Board membership, the vacancy shall be filled in the same manner as the initial appointment.

(b) Board members shall serve without compensation and shall not be reimbursed for necessary expenses incurred in the performance of their duties unless funds become available to the Board. The Department shall provide staff and administrative support services to the Board.

(House Bill No. 3063)

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

New matter indicated by italics - deletions by strikeout
Section 5. The School Code is amended by changing Section 24A-5 as follows:

(105 ILCS 5/24A-5) (from Ch. 122, par. 24A-5)

Sec. 24A-5. Content of evaluation plans. This Section does not apply to teachers assigned to schools identified in an agreement entered into between the board of a school district operating under Article 34 of this Code and the exclusive representative of the district's teachers in accordance with Section 34-85c of this Code.

Each school district to which this Article applies shall establish a teacher evaluation plan which ensures that each teacher in contractual continued service is evaluated at least once in the course of every 2 school years.

By no later than September 1, 2012, each school district shall establish a teacher evaluation plan that ensures that:

(1) each teacher not in contractual continued service is evaluated at least once every school year; and

(2) each teacher in contractual continued service is evaluated at least once in the course of every 2 school years. However, any teacher in contractual continued service whose performance is rated as either "needs improvement" or "unsatisfactory" must be evaluated at least once in the school year following the receipt of such rating.

Notwithstanding anything to the contrary in this Section or any other Section of the School Code, a principal shall not be prohibited from evaluating any teachers within a school during his or her first year as principal of such school. If a first-year principal exercises this option in a school district where the evaluation plan provides for a teacher in contractual continued service to be evaluated once in the course of every 2 school years, then a new 2-year evaluation plan must be established.

The evaluation plan shall comply with the requirements of this Section and of any rules adopted by the State Board of Education pursuant to this Section.

The plan shall include a description of each teacher's duties and responsibilities and of the standards to which that teacher is expected to conform, and shall include at least the following components:

(a) personal observation of the teacher in the classroom by the evaluator, unless the teacher has no classroom duties.

New matter indicated by italics - deletions by strikeout
(b) consideration of the teacher's attendance, planning, instructional methods, classroom management, where relevant, and competency in the subject matter taught.

(c) by no later than the applicable implementation date, consideration of student growth as a significant factor in the rating of the teacher's performance.

(d) prior to September 1, 2012, rating of the performance of teachers in contractual continued service as either:

   (i) "excellent", "satisfactory" or "unsatisfactory"; or

   (ii) "excellent", "proficient", "needs improvement" or "unsatisfactory".

(e) on and after September 1, 2012, rating of the performance of all teachers as "excellent", "proficient", "needs improvement" or "unsatisfactory".

(f) specification as to the teacher's strengths and weaknesses, with supporting reasons for the comments made.

(g) inclusion of a copy of the evaluation in the teacher's personnel file and provision of a copy to the teacher.

(h) within 30 school days after the completion of an evaluation rating a teacher in contractual continued service as "needs improvement", development by the evaluator, in consultation with the teacher, and taking into account the teacher's on-going professional responsibilities including his or her regular teaching assignments, of a professional development plan directed to the areas that need improvement and any supports that the district will provide to address the areas identified as needing improvement.

(i) within 30 school days after completion of an evaluation rating a teacher in contractual continued service as "unsatisfactory", development and commencement by the district of a remediation plan designed to correct deficiencies cited, provided the deficiencies are deemed remediable. In all school districts the remediation plan for unsatisfactory, tenured teachers shall provide for 90 school days of remediation within the classroom, unless an applicable collective bargaining agreement provides for a shorter duration. In all school districts evaluations issued pursuant to this Section shall be issued within 10 days after the conclusion of the respective remediation plan. However, the school board or other governing authority of the district shall not
lose jurisdiction to discharge a teacher in the event the evaluation is not issued within 10 days after the conclusion of the respective remediation plan.

(j) participation in the remediation plan by the teacher in contractual continued service rated "unsatisfactory", an evaluator and a consulting teacher selected by the evaluator of the teacher who was rated "unsatisfactory", which consulting teacher is an educational employee as defined in the Educational Labor Relations Act, has at least 5 years' teaching experience, and a reasonable familiarity with the assignment of the teacher being evaluated, and who received an "excellent" rating on his or her most recent evaluation. Where no teachers who meet these criteria are available within the district, the district shall request and the applicable regional office of education shall supply, to participate in the remediation process, an individual who meets these criteria.

In a district having a population of less than 500,000 with an exclusive bargaining agent, the bargaining agent may, if it so chooses, supply a roster of qualified teachers from whom the consulting teacher is to be selected. That roster shall, however, contain the names of at least 5 teachers, each of whom meets the criteria for consulting teacher with regard to the teacher being evaluated, or the names of all teachers so qualified if that number is less than 5. In the event of a dispute as to qualification, the State Board shall determine qualification.

(k) a mid-point and final evaluation by an evaluator during and at the end of the remediation period, immediately following receipt of a remediation plan provided for under subsections (i) and (j) of this Section. Each evaluation shall assess the teacher's performance during the time period since the prior evaluation; provided that the last evaluation shall also include an overall evaluation of the teacher's performance during the remediation period. A written copy of the evaluations and ratings, in which any deficiencies in performance and recommendations for correction are identified, shall be provided to and discussed with the teacher within 10 school days after the date of the evaluation, unless an applicable collective bargaining agreement provides to the contrary. These subsequent evaluations shall be conducted by an evaluator. The consulting teacher shall provide advice to the teacher rated "unsatisfactory" on how to improve teaching skills.
and to successfully complete the remediation plan. The consulting teacher shall participate in developing the remediation plan, but the final decision as to the evaluation shall be done solely by the evaluator, unless an applicable collective bargaining agreement provides to the contrary. Evaluations at the conclusion of the remediation process shall be separate and distinct from the required annual evaluations of teachers and shall not be subject to the guidelines and procedures relating to those annual evaluations. The evaluator may but is not required to use the forms provided for the annual evaluation of teachers in the district's evaluation plan.

(l) reinstatement to the evaluation schedule set forth in the district's evaluation plan for any teacher in contractual continued service who achieves a rating equal to or better than "satisfactory" or "proficient" in the school year following a rating of "needs improvement" or "unsatisfactory".

(m) dismissal in accordance with subsection (d) of Section 24-12 or Section 24-16.5 or 34-85 of this Code of any teacher who fails to complete any applicable remediation plan with a rating equal to or better than a "satisfactory" or "proficient" rating. Districts and teachers subject to dismissal hearings are precluded from compelling the testimony of consulting teachers at such hearings under subsection (d) of Section 24-12 or Section 24-16.5 or 34-85 of this Code, either as to the rating process or for opinions of performances by teachers under remediation.

(n) After the implementation date of an evaluation system for teachers in a district as specified in Section 24A-2.5 of this Code, if a teacher in contractual continued service successfully completes a remediation plan following a rating of "unsatisfactory" and receives a subsequent rating of "unsatisfactory" in any of the teacher's annual or biannual overall performance evaluation ratings received during the 36-month period following the teacher's completion of the remediation plan, then the school district may forego remediation and seek dismissal in accordance with subsection (d) of Section 24-12 or Section 34-85 of this Code.

Nothing in this Section or Section 24A-4 shall be construed as preventing immediate dismissal of a teacher for deficiencies which are deemed irremediable or for actions which are injurious to or endanger the health or person of students in the classroom or school, or preventing the dismissal or non-renewal of teachers not in contractual continued service.

for any reason not prohibited by applicable employment, labor, and civil rights laws. Failure to strictly comply with the time requirements contained in Section 24A-5 shall not invalidate the results of the remediation plan.

Sec. 5-104. Depreciation accounts.

(a) The Commission shall have power, after hearing, to require any
or all public utilities, except electric public utilities, to keep such accounts
as will adequately reflect depreciation, obsolescence and the progress of
the arts. The Commission may, from time to time, ascertain and determine
and by order fix the proper and adequate rate of depreciation of the several
classes of property for each public utility; and each public utility shall
conform its depreciation accounts to the rates so ascertained, determined

(c) An electric public utility may from time to time alter the annual rates of depreciation, which for purposes of this subsection (c) and subsection (d) shall include amortization, that it applies to its several classes of assets so long as the rates are consistent with generally accepted accounting principles. The electric public utility shall file a statement with the Commission which shall set forth the new rates of depreciation and which shall contain a certification by an independent certified public accountant that the new rates of depreciation are consistent with generally accepted accounting principles. Upon the filing of such statement, the new rates of depreciation shall be deemed to be approved by the Commission as the rates of depreciation to be applied thereafter by the public utility as though an order had been entered pursuant to subsection (b).

(d) In any proceeding conducted pursuant to Section 9-201 or 9-202 to set an electric public utility's rates for service, the Commission may determine not to use, in determining the depreciation expense component of the public utility's rates for service, the rates of depreciation established pursuant to subsection (c), if the Commission in that proceeding finds based on the record that different rates of depreciation are required to adequately reflect depreciation, obsolescence and the progress of the arts, and fixes by order and uses for purposes of that proceeding new rates of depreciation to be thereafter employed by the electric public utility until the end of the first full calendar year following the date of the determination and thereafter until altered in accordance with subsection (b) or (c) of this Section.

The gas public utility shall file testimony with the Commission setting forth the new rates of depreciation that shall include: (i) a summary of the causes for the change in depreciation rates; (ii) a certification by an independent certified public accountant that the new rates of depreciation are consistent with generally accepted accounting principles; (iii) the depreciation study; and (iv) the expected impact on depreciation expense from the new depreciation rates. The gas public utility shall also simultaneously submit to the Commission all work papers that support the filed depreciation study. No later than 120 days after the filing by the gas public utility under this subsection (e), the Commission
shall ascertain and determine and, by order, fix the proper and adequate rate of depreciation of the several classes of property for the gas public utility. The gas public utility shall conform its depreciation accounts to the rates so ascertained, determined, and fixed. PUBLIC ACT 98-0474
(House Bill No. 3112)

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Section 27A-4 as follows:

(105 ILCS 5/27A-4)
Sec. 27A-4. General Provisions.

(a) The General Assembly does not intend to alter or amend the provisions of any court-ordered desegregation plan in effect for any school district. A charter school shall be subject to all federal and State laws and constitutional provisions prohibiting discrimination on the basis of disability, race, creed, color, gender, national origin, religion, ancestry, marital status, or need for special education services.

(b) The total number of charter schools operating under this Article at any one time shall not exceed 120. Not more than 70 charter schools shall operate at any one time in any city having a population exceeding 500,000, with at least 5 charter schools devoted exclusively to students from low-performing or overcrowded schools operating at any one time in that city; and not more than 45 charter schools shall operate at any one time in the remainder of the State, with not more than one charter school that has been initiated by a board of education, or by an intergovernmental agreement between or among boards of education, operating at any one time in the school district where the charter school is located. In addition

New matter indicated by italics - deletions by strikeout
to these charter schools, up to but no more than 5 charter schools devoted exclusively to re-enrolled high school dropouts and/or students 16 or 15 years old at risk of dropping out may operate at any one time in any city having a population exceeding 500,000. Notwithstanding any provision to the contrary in subsection (b) of Section 27A-5 of this Code, each such dropout charter may operate up to 15 campuses within the city. Any of these dropout charters may have a maximum of 1,875 enrollment seats, any one of the campuses of the dropout charter may have a maximum of 165 enrollment seats, and each campus of the dropout charter must be operated, through a contract or payroll, by the same legal entity as that for which the charter is approved and certified.

For purposes of implementing this Section, the State Board shall assign a number to each charter submission it receives under Section 27A-6 for its review and certification, based on the chronological order in which the submission is received by it. The State Board shall promptly notify local school boards when the maximum numbers of certified charter schools authorized to operate have been reached.

(c) No charter shall be granted under this Article that would convert any existing private, parochial, or non-public school to a charter school.

(d) Enrollment in a charter school shall be open to any pupil who resides within the geographic boundaries of the area served by the local school board, provided that the board of education in a city having a population exceeding 500,000 may designate attendance boundaries for no more than one-third of the charter schools permitted in the city if the board of education determines that attendance boundaries are needed to relieve overcrowding or to better serve low-income and at-risk students. Students residing within an attendance boundary may be given priority for enrollment, but must not be required to attend the charter school.

(e) Nothing in this Article shall prevent 2 or more local school boards from jointly issuing a charter to a single shared charter school, provided that all of the provisions of this Article are met as to those local school boards.

(f) No local school board shall require any employee of the school district to be employed in a charter school.

(g) No local school board shall require any pupil residing within the geographic boundary of its district to enroll in a charter school.

(h) If there are more eligible applicants for enrollment in a charter school than there are spaces available, successful applicants shall be
selected by lottery. However, priority shall be given to siblings of pupils enrolled in the charter school and to pupils who were enrolled in the charter school the previous school year, unless expelled for cause, and priority may be given to pupils residing within the charter school's attendance boundary, if a boundary has been designated by the board of education in a city having a population exceeding 500,000. Dual enrollment at both a charter school and a public school or non-public school shall not be allowed. A pupil who is suspended or expelled from a charter school shall be deemed to be suspended or expelled from the public schools of the school district in which the pupil resides. Notwithstanding anything to the contrary in this subsection (h):

(1) any charter school with a mission exclusive to educating high school dropouts may grant priority admission to students who are high school dropouts and/or students 16 or 15 years old at risk of dropping out and any charter school with a mission exclusive to educating students from low-performing or overcrowded schools may restrict admission to students who are from low-performing or overcrowded schools; "priority admission" for charter schools exclusively devoted to re-enrolled dropouts or students at risk of dropping out means a minimum of 90% of students enrolled shall be high school dropouts; and:

(2) any charter school located in a school district that contains all or part of a federal military base may set aside up to 33% of its current charter enrollment to students with parents assigned to the federal military base, with the remaining 67% subject to the general enrollment and lottery requirements of subsection (d) of this Section and this subsection (h); if a student with a parent assigned to the federal military base withdraws from the charter school during the course of a school year for reasons other than grade promotion, those students with parents assigned to the federal military base shall have preference in filling the vacancy.

(i) (Blank).

(j) Notwithstanding any other provision of law to the contrary, a school district in a city having a population exceeding 500,000 shall not have a duty to collectively bargain with an exclusive representative of its employees over decisions to grant or deny a charter school proposal under Section 27A-8 of this Code, decisions to renew or revoke a charter under Section 27A-9 of this Code, and the impact of these decisions, provided

that nothing in this Section shall have the effect of negating, abrogating, replacing, reducing, diminishing, or limiting in any way employee rights, guarantees, or privileges granted in Sections 2, 3, 7, 8, 10, 14, and 15 of the Illinois Educational Labor Relations Act.

(k) In this Section:
   "Low-performing school" means a public school in a school district organized under Article 34 of this Code that enrolls students in any of grades kindergarten through 8 and that is ranked within the lowest 10% of schools in that district in terms of the percentage of students meeting or exceeding standards on the Illinois Standards Achievement Test.

   "Overcrowded school" means a public school in a school district organized under Article 34 of this Code that (i) enrolls students in any of grades kindergarten through 8, (ii) has a percentage of low-income students of 70% or more, as identified in the most recently available School Report Card published by the State Board of Education, and (iii) is determined by the Chicago Board of Education to be in the most severely overcrowded 5% of schools in the district. On or before November 1 of each year, the Chicago Board of Education shall file a report with the State Board of Education on which schools in the district meet the definition of "overcrowded school". "Students at risk of dropping out" means students 16 or 15 years old in a public school in a district organized under Article 34 of this Code that enrolls students in any grades 9-12 who have been absent at least 90 school attendance days of the previous 180 school attendance days.

New matter indicated by italics - deletions by strikeout
A motion to reinstate parental rights may be filed only by the Department of Children and Family Services or the minor regarding any minor who is presently a ward of the court under Article II of this Act when all the conditions set out in paragraphs (a), (b), (c), (d), (e), (f), and (g) of this subsection (1) are met:

(a) while the minor was under the jurisdiction of the court under Article II of this Act, the minor's parent or parents surrendered the minor for adoption to an agency legally authorized to place children for adoption, or the minor's parent or parents consented to his or her adoption, or the minor's parent or parents consented to his or her adoption by a specified person or persons, or the parent or parents' rights were terminated pursuant to a finding of unfitness pursuant to Section 2-29 of this Act and a guardian was appointed with the power to consent to adoption pursuant to Section 2-29 of this Act; and

(b) (i) since the signing of the surrender, the signing of the consent, or the unfitness finding, the minor has remained a ward of the Court under Article II of this Act; or

(ii) the minor was made a ward of the Court, the minor was placed in the private guardianship of an individual or individuals, and after the appointment of a private guardian and a new petition alleging abuse, neglect, or dependency pursuant to Section 2-3 or 2-4 is filed, and the minor is again found by the court to be abused, neglected or dependent; or a supplemental petition to reinstate wardship is filed pursuant to Section 2-33, and the court reinstates wardship; or

(iii) the minor was made a ward of the Court, wardship was terminated after the minor was adopted, after the adoption a new petition alleging abuse, neglect, or dependency pursuant to Section 2-3 or 2-4 is filed, and the minor is again found by the court to be abused, neglected, or dependent, and either (i) the adoptive parent or parents are deceased, (ii) the adoptive parent or parents signed a surrender of parental rights, or (iii) the parental rights of the adoptive parent or parents were terminated;

(e) the parent named in the motion wishes parental rights to be reinstated and is currently appropriate to have rights reinstated;

(f) more than 3 years have lapsed since the signing of the consent or surrender, or the entry of the order appointing a guardian with the power to consent to adoption;

(g) (i) the child is 13 years of age or older or (ii) the child is the younger sibling of such child, 13 years of age or older, for whom reinstatement of parental rights is being sought and the younger sibling independently meets the criteria set forth in paragraphs (a) through (h) of this subsection; and

Unless excused by the court for good cause shown, the movant shall give notice of the time and place of the hearing on the motion, in person or by mail, to the parties to the juvenile court proceeding. Notice shall be provided at least 14 days in advance of the hearing date. The motion shall include the allegations required in subsection (1) of this Section.

If the court finds by a preponderance of the evidence that the parent has intentionally acted to prevent the child from being adopted, after parental rights were terminated or that the parent intentionally acted to disrupt the child's adoption, the court shall dismiss the petition with prejudice.

(4) The court shall not grant a motion for reinstatement of parental rights unless the court finds that the motion is supported by clear and convincing evidence. In ruling on a motion to reinstate parental rights, the court shall make findings consistent with the requirements in subsection (1) of this Section. The court shall consider the reasons why the child was initially brought to the attention of the court, the history of the child's case as it relates to the parent seeking reinstatement, and the current circumstances of the parent for whom reinstatement of rights is sought. If reinstatement is being considered subsequent to a finding of unfitness pursuant to Section 2-29 of this Act having been entered with respect to the parent whose rights are being restored, the court in determining the

minor's best interest shall consider, in addition to the factors set forth in paragraph (4.05) of Section 1-3 of this Act, the specific grounds upon which the unfitness findings were made. Upon the entry of an order granting a motion to reinstate parental rights, parental rights of the parent named in the order shall be reinstated, any previous order appointing a guardian with the power to consent to adoption shall be void and with respect to the parent named in the order, any consent shall be void.

AN ACT concerning revenue.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Income Tax Act is amended by changing Sections 304, 502, and 709.5 as follows:

(35 ILCS 5/304) (from Ch. 120, par. 3-304)
Sec. 304. Business income of persons other than residents.

New matter indicated by italics - deletions by strikeout
(a) In general. The business income of a person other than a resident shall be allocated to this State if such person's business income is derived solely from this State. If a person other than a resident derives business income from this State and one or more other states, then, for tax years ending on or before December 30, 1998, and except as otherwise provided by this Section, such person's business income shall be apportioned to this State by multiplying the income by a fraction, the numerator of which is the sum of the property factor (if any), the payroll factor (if any) and 200% of the sales factor (if any), and the denominator of which is 4 reduced by the number of factors other than the sales factor which have a denominator of zero and by an additional 2 if the sales factor has a denominator of zero. For tax years ending on or after December 31, 1998, and except as otherwise provided by this Section, persons other than residents who derive business income from this State and one or more other states shall compute their apportionment factor by weighting their property, payroll, and sales factors as provided in subsection (h) of this Section.

(1) Property factor.

(A) The property factor is a fraction, the numerator of which is the average value of the person's real and tangible personal property owned or rented and used in the trade or business in this State during the taxable year and the denominator of which is the average value of all the person's real and tangible personal property owned or rented and used in the trade or business during the taxable year.

(B) Property owned by the person is valued at its original cost. Property rented by the person is valued at 8 times the net annual rental rate. Net annual rental rate is the annual rental rate paid by the person less any annual rental rate received by the person from sub-rentals.

(C) The average value of property shall be determined by averaging the values at the beginning and ending of the taxable year but the Director may require the averaging of monthly values during the taxable year if reasonably required to reflect properly the average value of the person's property.

(2) Payroll factor.

(A) The payroll factor is a fraction, the numerator of which is the total amount paid in this State during the taxable year by the
person for compensation, and the denominator of which is the total compensation paid everywhere during the taxable year.

(B) Compensation is paid in this State if:

(i) The individual's service is performed entirely within this State;

(ii) The individual's service is performed both within and without this State, but the service performed without this State is incidental to the individual's service performed within this State; or

(iii) Some of the service is performed within this State and either the base of operations, or if there is no base of operations, the place from which the service is directed or controlled is within this State, or the base of operations or the place from which the service is directed or controlled is not in any state in which some part of the service is performed, but the individual's residence is in this State.

(iv) Compensation paid to nonresident professional athletes.

(a) General. The Illinois source income of a nonresident individual who is a member of a professional athletic team includes the portion of the individual's total compensation for services performed as a member of a professional athletic team during the taxable year which the number of duty days spent within this State performing services for the team in any manner during the taxable year bears to the total number of duty days spent both within and without this State during the taxable year.

(b) Travel days. Travel days that do not involve either a game, practice, team meeting, or other similar team event are not considered duty days spent in this State. However, such travel days are considered in the total duty days spent both within and without this State.

(c) Definitions. For purposes of this subpart (iv):

(1) The term "professional athletic team" includes, but is not limited to, any professional baseball, basketball, football, soccer, or hockey team.

(2) The term "member of a professional athletic team" includes those employees who are
active players, players on the disabled list, and any other persons required to travel and who travel with and perform services on behalf of a professional athletic team on a regular basis. This includes, but is not limited to, coaches, managers, and trainers.

(3) Except as provided in items (C) and (D) of this subpart (3), the term "duty days" means all days during the taxable year from the beginning of the professional athletic team's official pre-season training period through the last game in which the team competes or is scheduled to compete. Duty days shall be counted for the year in which they occur, including where a team's official pre-season training period through the last game in which the team competes or is scheduled to compete, occurs during more than one tax year.

(A) Duty days shall also include days on which a member of a professional athletic team performs service for a team on a date that does not fall within the foregoing period (e.g., participation in instructional leagues, the "All Star Game", or promotional "caravans"). Performing a service for a professional athletic team includes conducting training and rehabilitation activities, when such activities are conducted at team facilities.

(B) Also included in duty days are game days, practice days, days spent at team meetings, promotional caravans, preseason training camps, and days served with the team through all post-season games in which the team competes or is scheduled to compete.

(C) Duty days for any person who joins a team during the period from the beginning of the professional athletic team's official pre-season training period through the last game in which the team competes, or
is scheduled to compete, shall begin on the day that person joins the team. Conversely, duty days for any person who leaves a team during this period shall end on the day that person leaves the team. Where a person switches teams during a taxable year, a separate duty-day calculation shall be made for the period the person was with each team.

(D) Days for which a member of a professional athletic team is not compensated and is not performing services for the team in any manner, including days when such member of a professional athletic team has been suspended without pay and prohibited from performing any services for the team, shall not be treated as duty days.

(E) Days for which a member of a professional athletic team is on the disabled list and does not conduct rehabilitation activities at facilities of the team, and is not otherwise performing services for the team in Illinois, shall not be considered duty days spent in this State. All days on the disabled list, however, are considered to be included in total duty days spent both within and without this State.

(4) The term "total compensation for services performed as a member of a professional athletic team" means the total compensation received during the taxable year for services performed:

(A) from the beginning of the official pre-season training period through the last game in which the team competes or is scheduled to compete during that taxable year; and

(B) during the taxable year on a date which does not fall within the foregoing
period (e.g., participation in instructional leagues, the "All Star Game", or promotional caravans).

This compensation shall include, but is not limited to, salaries, wages, bonuses as described in this subpart, and any other type of compensation paid during the taxable year to a member of a professional athletic team for services performed in that year. This compensation does not include strike benefits, severance pay, termination pay, contract or option year buy-out payments, expansion or relocation payments, or any other payments not related to services performed for the team.

For purposes of this subparagraph, "bonuses" included in "total compensation for services performed as a member of a professional athletic team" subject to the allocation described in Section 302(c)(1) are: bonuses earned as a result of play (i.e., performance bonuses) during the season, including bonuses paid for championship, playoff or "bowl" games played by a team, or for selection to all-star league or other honorary positions; and bonuses paid for signing a contract, unless the payment of the signing bonus is not conditional upon the signee playing any games for the team or performing any subsequent services for the team or even making the team, the signing bonus is payable separately from the salary and any other compensation, and the signing bonus is nonrefundable.

(3) Sales factor.

(A) The sales factor is a fraction, the numerator of which is the total sales of the person in this State during the taxable year, and the denominator of which is the total sales of the person everywhere during the taxable year.

(B) Sales of tangible personal property are in this State if:

(i) The property is delivered or shipped to a purchaser, other than the United States government, within
this State regardless of the f. o. b. point or other conditions of the sale; or

(ii) The property is shipped from an office, store, warehouse, factory or other place of storage in this State and either the purchaser is the United States government or the person is not taxable in the state of the purchaser; provided, however, that premises owned or leased by a person who has independently contracted with the seller for the printing of newspapers, periodicals or books shall not be deemed to be an office, store, warehouse, factory or other place of storage for purposes of this Section. Sales of tangible personal property are not in this State if the seller and purchaser would be members of the same unitary business group but for the fact that either the seller or purchaser is a person with 80% or more of total business activity outside of the United States and the property is purchased for resale.

(B-1) Patents, copyrights, trademarks, and similar items of intangible personal property.

(i) Gross receipts from the licensing, sale, or other disposition of a patent, copyright, trademark, or similar item of intangible personal property, other than gross receipts governed by paragraph (B-7) of this item (3), are in this State to the extent the item is utilized in this State during the year the gross receipts are included in gross income.

(ii) Place of utilization.

(I) A patent is utilized in a state to the extent that it is employed in production, fabrication, manufacturing, or other processing in the state or to the extent that a patented product is produced in the state. If a patent is utilized in more than one state, the extent to which it is utilized in any one state shall be a fraction equal to the gross receipts of the licensee or purchaser from sales or leases of items produced, fabricated, manufactured, or processed within that state using the patent and of patented items produced within that state, divided by the total
of such gross receipts for all states in which the patent is utilized.

(II) A copyright is utilized in a state to the extent that printing or other publication originates in the state. If a copyright is utilized in more than one state, the extent to which it is utilized in any one state shall be a fraction equal to the gross receipts from sales or licenses of materials printed or published in that state divided by the total of such gross receipts for all states in which the copyright is utilized.

(III) Trademarks and other items of intangible personal property governed by this paragraph (B-1) are utilized in the state in which the commercial domicile of the licensee or purchaser is located.

(iii) If the state of utilization of an item of property governed by this paragraph (B-1) cannot be determined from the taxpayer's books and records or from the books and records of any person related to the taxpayer within the meaning of Section 267(b) of the Internal Revenue Code, 26 U.S.C. 267, the gross receipts attributable to that item shall be excluded from both the numerator and the denominator of the sales factor.

(B-2) Gross receipts from the license, sale, or other disposition of patents, copyrights, trademarks, and similar items of intangible personal property, other than gross receipts governed by paragraph (B-7) of this item (3), may be included in the numerator or denominator of the sales factor only if gross receipts from licenses, sales, or other disposition of such items comprise more than 50% of the taxpayer's total gross receipts included in gross income during the tax year and during each of the 2 immediately preceding tax years; provided that, when a taxpayer is a member of a unitary business group, such determination shall be made on the basis of the gross receipts of the entire unitary business group.

(B-5) For taxable years ending on or after December 31, 2008, except as provided in subsections (ii) through (vii), receipts from the sale of telecommunications service or mobile
telecommunications service are in this State if the customer's service address is in this State.

(i) For purposes of this subparagraph (B-5), the following terms have the following meanings:

"Ancillary services" means services that are associated with or incidental to the provision of "telecommunications services", including but not limited to "detailed telecommunications billing", "directory assistance", "vertical service", and "voice mail services".

"Air-to-Ground Radiotelephone service" means a radio service, as that term is defined in 47 CFR 22.99, in which common carriers are authorized to offer and provide radio telecommunications service for hire to subscribers in aircraft.

"Call-by-call Basis" means any method of charging for telecommunications services where the price is measured by individual calls.

"Communications Channel" means a physical or virtual path of communications over which signals are transmitted between or among customer channel termination points.

"Conference bridging service" means an "ancillary service" that links two or more participants of an audio or video conference call and may include the provision of a telephone number. "Conference bridging service" does not include the "telecommunications services" used to reach the conference bridge.

"Detailed telecommunications billing service" means an "ancillary service" of separately stating information pertaining to individual calls on a customer's billing statement.

"Home service provider" means the facilities based carrier or reseller with which the customer contracts for the provision of mobile telecommunications services.

"Mobile telecommunications service" means commercial mobile radio service, as defined in Section 20.3 of Title 47 of the Code of Federal Regulations as in effect on June 1, 1999.

"Place of primary use" means the street address representative of where the customer's use of the telecommunications service primarily occurs, which must be the residential street address or the primary business street address of the customer. In the case of mobile telecommunications services, "place of primary use" must be within the licensed service area of the home service provider.

"Post-paid telecommunication service" means the telecommunications service obtained by making a payment on a call-by-call basis either through the use of a credit card or payment mechanism such as a bank card, travel card, credit card, or debit card, or by charge made to a telephone number which is not associated with the origination or termination of the telecommunications service. A post-paid calling service includes telecommunications service, except a prepaid wireless calling service, that would be a prepaid calling service except it is not exclusively a telecommunication service.

"Prepaid telecommunication service" means the right to access exclusively telecommunications services, which must be paid for in advance and which enables the origination of calls using an access number or authorization code, whether manually or electronically dialed, and that is sold in predetermined units or dollars of which the number declines with use in a known amount.

"Prepaid Mobile telecommunication service" means a telecommunications service that provides the right to utilize mobile wireless service as well as other non-telecommunication services, including but not limited to ancillary services, which must be paid for in advance that is
sold in predetermined units or dollars of which the number declines with use in a known amount.

"Private communication service" means a telecommunication service that entitles the customer to exclusive or priority use of a communications channel or group of channels between or among termination points, regardless of the manner in which such channel or channels are connected, and includes switching capacity, extension lines, stations, and any other associated services that are provided in connection with the use of such channel or channels.

"Service address" means:

(a) The location of the telecommunications equipment to which a customer's call is charged and from which the call originates or terminates, regardless of where the call is billed or paid;

(b) If the location in line (a) is not known, service address means the origination point of the signal of the telecommunications services first identified by either the seller's telecommunications system or in information received by the seller from its service provider where the system used to transport such signals is not that of the seller; and

(c) If the locations in line (a) and line (b) are not known, the service address means the location of the customer's place of primary use.

"Telecommunications service" means the electronic transmission, conveyance, or routing of voice, data, audio, video, or any other information or signals to a point, or between or among points. The term "telecommunications service" includes such transmission, conveyance, or routing in which computer processing applications are used to act on the form, code or protocol of the content for purposes of transmission, conveyance or routing without regard to whether such service is referred to as voice over Internet protocol services or is classified by the Federal Communications Commission as enhanced or value added. "Telecommunications service" does not include:

New matter indicated by italics - deletions by strikeout
(a) Data processing and information services that allow data to be generated, acquired, stored, processed, or retrieved and delivered by an electronic transmission to a purchaser when such purchaser's primary purpose for the underlying transaction is the processed data or information;

(b) Installation or maintenance of wiring or equipment on a customer's premises;

(c) Tangible personal property;

(d) Advertising, including but not limited to directory advertising.

(e) Billing and collection services provided to third parties;

(f) Internet access service;

(g) Radio and television audio and video programming services, regardless of the medium, including the furnishing of transmission, conveyance and routing of such services by the programming service provider. Radio and television audio and video programming services shall include but not be limited to cable service as defined in 47 USC 522(6) and audio and video programming services delivered by commercial mobile radio service providers, as defined in 47 CFR 20.3;

(h) "Ancillary services"; or

(i) Digital products "delivered electronically", including but not limited to software, music, video, reading materials or ring tones.

"Vertical service" means an "ancillary service" that is offered in connection with one or more "telecommunications services", which offers advanced calling features that allow customers to identify callers and to manage multiple calls and call connections, including "conference bridging services".

"Voice mail service" means an "ancillary service" that enables the customer to store, send or receive recorded messages. "Voice mail service" does not include any
"vertical services" that the customer may be required to have in order to utilize the "voice mail service".

(ii) Receipts from the sale of telecommunications service sold on an individual call-by-call basis are in this State if either of the following applies:

  (a) The call both originates and terminates in this State.

  (b) The call either originates or terminates in this State and the service address is located in this State.

(iii) Receipts from the sale of postpaid telecommunications service at retail are in this State if the origination point of the telecommunication signal, as first identified by the service provider's telecommunication system or as identified by information received by the seller from its service provider if the system used to transport telecommunication signals is not the seller's, is located in this State.

(iv) Receipts from the sale of prepaid telecommunications service or prepaid mobile telecommunications service at retail are in this State if the purchaser obtains the prepaid card or similar means of conveyance at a location in this State. Receipts from recharging a prepaid telecommunications service or mobile telecommunications service is in this State if the purchaser's billing information indicates a location in this State.

(v) Receipts from the sale of private communication services are in this State as follows:

  (a) 100% of receipts from charges imposed at each channel termination point in this State.

  (b) 100% of receipts from charges for the total channel mileage between each channel termination point in this State.

  (c) 50% of the total receipts from charges for service segments when those segments are between 2 customer channel termination points, 1 of which is located in this State and the other is located
outside of this State, which segments are separately charged.

(d) The receipts from charges for service segments with a channel termination point located in this State and in two or more other states, and which segments are not separately billed, are in this State based on a percentage determined by dividing the number of customer channel termination points in this State by the total number of customer channel termination points.

(vi) Receipts from charges for ancillary services for telecommunications service sold to customers at retail are in this State if the customer's primary place of use of telecommunications services associated with those ancillary services is in this State. If the seller of those ancillary services cannot determine where the associated telecommunications are located, then the ancillary services shall be based on the location of the purchaser.

(vii) Receipts to access a carrier's network or from the sale of telecommunication services or ancillary services for resale are in this State as follows:

(a) 100% of the receipts from access fees attributable to intrastate telecommunications service that both originates and terminates in this State.

(b) 50% of the receipts from access fees attributable to interstate telecommunications service if the interstate call either originates or terminates in this State.

(c) 100% of the receipts from interstate end user access line charges, if the customer's service address is in this State. As used in this subdivision, "interstate end user access line charges" includes, but is not limited to, the surcharge approved by the federal communications commission and levied pursuant to 47 CFR 69.

(d) Gross receipts from sales of telecommunication services or from ancillary services for telecommunications services sold to other telecommunication service providers for

resale shall be sourced to this State using the apportionment concepts used for non-resale receipts of telecommunications services if the information is readily available to make that determination. If the information is not readily available, then the taxpayer may use any other reasonable and consistent method.

(B-7) For taxable years ending on or after December 31, 2008, receipts from the sale of broadcasting services are in this State if the broadcasting services are received in this State. For purposes of this paragraph (B-7), the following terms have the following meanings:

"Advertising revenue" means consideration received by the taxpayer in exchange for broadcasting services or allowing the broadcasting of commercials or announcements in connection with the broadcasting of film or radio programming, from sponsorships of the programming, or from product placements in the programming.

"Audience factor" means the ratio that the audience or subscribers located in this State of a station, a network, or a cable system bears to the total audience or total subscribers for that station, network, or cable system. The audience factor for film or radio programming shall be determined by reference to the books and records of the taxpayer or by reference to published rating statistics provided the method used by the taxpayer is consistently used from year to year for this purpose and fairly represents the taxpayer's activity in this State.

"Broadcast" or "broadcasting" or "broadcasting services" means the transmission or provision of film or radio programming, whether through the public airwaves, by cable, by direct or indirect satellite transmission, or by any other means of communication, either through a station, a network, or a cable system.

"Film" or "film programming" means the broadcast on television of any and all performances, events, or productions, including but not limited to news, sporting events, plays, stories, or other literary, commercial,
educational, or artistic works, either live or through the use of video tape, disc, or any other type of format or medium. Each episode of a series of films produced for television shall constitute separate "film" notwithstanding that the series relates to the same principal subject and is produced during one or more tax periods.

"Radio" or "radio programming" means the broadcast on radio of any and all performances, events, or productions, including but not limited to news, sporting events, plays, stories, or other literary, commercial, educational, or artistic works, either live or through the use of an audio tape, disc, or any other format or medium. Each episode in a series of radio programming produced for radio broadcast shall constitute a separate "radio programming" notwithstanding that the series relates to the same principal subject and is produced during one or more tax periods.

(i) In the case of advertising revenue from broadcasting, the customer is the advertiser and the service is received in this State if the commercial domicile of the advertiser is in this State.

(ii) In the case where film or radio programming is broadcast by a station, a network, or a cable system for a fee or other remuneration received from the recipient of the broadcast, the portion of the service that is received in this State is measured by the portion of the recipients of the broadcast located in this State. Accordingly, the fee or other remuneration for such service that is included in the Illinois numerator of the sales factor is the total of those fees or other remuneration received from recipients in Illinois. For purposes of this paragraph, a taxpayer may determine the location of the recipients of its broadcast using the address of the recipient shown in its contracts with the recipient or using the billing address of the recipient in the taxpayer's records.

(iii) In the case where film or radio programming is broadcast by a station, a network,
or a cable system for a fee or other remuneration from the person providing the programming, the portion of the broadcast service that is received by such station, network, or cable system in this State is measured by the portion of recipients of the broadcast located in this State. Accordingly, the amount of revenue related to such an arrangement that is included in the Illinois numerator of the sales factor is the total fee or other total remuneration from the person providing the programming related to that broadcast multiplied by the Illinois audience factor for that broadcast.

(iv) In the case where film or radio programming is provided by a taxpayer that is a network or station to a customer for broadcast in exchange for a fee or other remuneration from that customer the broadcasting service is received at the location of the office of the customer from which the services were ordered in the regular course of the customer's trade or business. Accordingly, in such a case the revenue derived by the taxpayer that is included in the taxpayer's Illinois numerator of the sales factor is the revenue from such customers who receive the broadcasting service in Illinois.

(v) In the case where film or radio programming is provided by a taxpayer that is not a network or station to another person for broadcasting in exchange for a fee or other remuneration from that person, the broadcasting service is received at the location of the office of the customer from which the services were ordered in the regular course of the customer's trade or business. Accordingly, in such a case the revenue derived by the taxpayer that is included in the taxpayer's Illinois numerator of the sales factor is the revenue from such customers who receive the broadcasting service in Illinois.
(C) For taxable years ending before December 31, 2008, sales, other than sales governed by paragraphs (B), (B-1), and (B-2), are in this State if:

(i) The income-producing activity is performed in this State; or

(ii) The income-producing activity is performed both within and without this State and a greater proportion of the income-producing activity is performed within this State than without this State, based on performance costs.

(C-5) For taxable years ending on or after December 31, 2008, sales, other than sales governed by paragraphs (B), (B-1), (B-2), (B-5), and (B-7), are in this State if any of the following criteria are met:

(i) Sales from the sale or lease of real property are in this State if the property is located in this State.

(ii) Sales from the lease or rental of tangible personal property are in this State if the property is located in this State during the rental period. Sales from the lease or rental of tangible personal property that is characteristically moving property, including, but not limited to, motor vehicles, rolling stock, aircraft, vessels, or mobile equipment are in this State to the extent that the property is used in this State.

(iii) In the case of interest, net gains (but not less than zero) and other items of income from intangible personal property, the sale is in this State if:

(a) in the case of a taxpayer who is a dealer in the item of intangible personal property within the meaning of Section 475 of the Internal Revenue Code, the income or gain is received from a customer in this State. For purposes of this subparagraph, a customer is in this State if the customer is an individual, trust or estate who is a resident of this State and, for all other customers, if the customer's commercial domicile is in this State. Unless the dealer has actual knowledge of the residence or commercial domicile of a customer during a taxable year, the customer shall be deemed to be a customer in this State if the billing address

New matter indicated by italics - deletions by strikeout
of the customer, as shown in the records of the dealer, is in this State; or

(b) in all other cases, if the income-producing activity of the taxpayer is performed in this State or, if the income-producing activity of the taxpayer is performed both within and without this State, if a greater proportion of the income-producing activity of the taxpayer is performed within this State than in any other state, based on performance costs.

(iv) Sales of services are in this State if the services are received in this State. For the purposes of this section, gross receipts from the performance of services provided to a corporation, partnership, or trust may only be attributed to a state where that corporation, partnership, or trust has a fixed place of business. If the state where the services are received is not readily determinable or is a state where the corporation, partnership, or trust receiving the service does not have a fixed place of business, the services shall be deemed to be received at the location of the office of the customer from which the services were ordered in the regular course of the customer's trade or business. If the ordering office cannot be determined, the services shall be deemed to be received at the office of the customer to which the services are billed. If the taxpayer is not taxable in the state in which the services are received, the sale must be excluded from both the numerator and the denominator of the sales factor. The Department shall adopt rules prescribing where specific types of service are received, including, but not limited to, publishing, and utility service.

(D) For taxable years ending on or after December 31, 1995, the following items of income shall not be included in the numerator or denominator of the sales factor: dividends; amounts included under Section 78 of the Internal Revenue Code; and Subpart F income as defined in Section 952 of the Internal Revenue Code. No inference shall be drawn from the enactment of this paragraph (D) in construing this Section for taxable years ending before December 31, 1995.
(E) Paragraphs (B-1) and (B-2) shall apply to tax years ending on or after December 31, 1999, provided that a taxpayer may elect to apply the provisions of these paragraphs to prior tax years. Such election shall be made in the form and manner prescribed by the Department, shall be irrevocable, and shall apply to all tax years; provided that, if a taxpayer's Illinois income tax liability for any tax year, as assessed under Section 903 prior to January 1, 1999, was computed in a manner contrary to the provisions of paragraphs (B-1) or (B-2), no refund shall be payable to the taxpayer for that tax year to the extent such refund is the result of applying the provisions of paragraph (B-1) or (B-2) retroactively. In the case of a unitary business group, such election shall apply to all members of such group for every tax year such group is in existence, but shall not apply to any taxpayer for any period during which that taxpayer is not a member of such group.

(b) Insurance companies.

(1) In general. Except as otherwise provided by paragraph (2), business income of an insurance company for a taxable year shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the direct premiums written for insurance upon property or risk in this State, and the denominator of which is the direct premiums written for insurance upon property or risk everywhere. For purposes of this subsection, the term "direct premiums written" means the total amount of direct premiums written, assessments and annuity considerations as reported for the taxable year on the annual statement filed by the company with the Illinois Director of Insurance in the form approved by the National Convention of Insurance Commissioners or such other form as may be prescribed in lieu thereof.

(2) Reinsurance. If the principal source of premiums written by an insurance company consists of premiums for reinsurance accepted by it, the business income of such company shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the sum of (i) direct premiums written for insurance upon property or risk in this State, plus (ii) premiums written for reinsurance accepted in respect of property or risk in this State, and the denominator of which is the sum of (iii) direct premiums written for insurance upon property or risk everywhere, plus (iv) premiums written for reinsurance accepted in

New matter indicated by italics - deletions by strikeout
respect of property or risk everywhere. For purposes of this paragraph, premiums written for reinsurance accepted in respect of property or risk in this State, whether or not otherwise determinable, may, at the election of the company, be determined on the basis of the proportion which premiums written for reinsurance accepted from companies commercially domiciled in Illinois bears to premiums written for reinsurance accepted from all sources, or, alternatively, in the proportion which the sum of the direct premiums written for insurance upon property or risk in this State by each ceding company from which reinsurance is accepted bears to the sum of the total direct premiums written by each such ceding company for the taxable year. The election made by a company under this paragraph for its first taxable year ending on or after December 31, 2011, shall be binding for that company for that taxable year and for all subsequent taxable years, and may be altered only with the written permission of the Department, which shall not be unreasonably withheld.

(c) Financial organizations.

(1) In general. For taxable years ending before December 31, 2008, business income of a financial organization shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is its business income from sources within this State, and the denominator of which is its business income from all sources. For the purposes of this subsection, the business income of a financial organization from sources within this State is the sum of the amounts referred to in subparagraphs (A) through (E) following, but excluding the adjusted income of an international banking facility as determined in paragraph (2):

(A) Fees, commissions or other compensation for financial services rendered within this State;

(B) Gross profits from trading in stocks, bonds or other securities managed within this State;

(C) Dividends, and interest from Illinois customers, which are received within this State;

(D) Interest charged to customers at places of business maintained within this State for carrying debit balances of margin accounts, without deduction of any costs incurred in carrying such accounts; and
(E) Any other gross income resulting from the operation as a financial organization within this State. In computing the amounts referred to in paragraphs (A) through (E) of this subsection, any amount received by a member of an affiliated group (determined under Section 1504(a) of the Internal Revenue Code but without reference to whether any such corporation is an "includible corporation" under Section 1504(b) of the Internal Revenue Code) from another member of such group shall be included only to the extent such amount exceeds expenses of the recipient directly related thereto.

(2) International Banking Facility. For taxable years ending before December 31, 2008:

(A) Adjusted Income. The adjusted income of an international banking facility is its income reduced by the amount of the floor amount.

(B) Floor Amount. The floor amount shall be the amount, if any, determined by multiplying the income of the international banking facility by a fraction, not greater than one, which is determined as follows:

   (i) The numerator shall be:

   The average aggregate, determined on a quarterly basis, of the financial organization's loans to banks in foreign countries, to foreign domiciled borrowers (except where secured primarily by real estate) and to foreign governments and other foreign official institutions, as reported for its branches, agencies and offices within the state on its "Consolidated Report of Condition", Schedule A, Lines 2.c., 5.b., and 7.a., which was filed with the Federal Deposit Insurance Corporation and other regulatory authorities, for the year 1980, minus

   The average aggregate, determined on a quarterly basis, of such loans (other than loans of an international banking facility), as reported by the financial institution for its branches, agencies and offices within the state, on the corresponding Schedule and lines of the Consolidated Report of Condition for the current taxable year, provided,
however, that in no case shall the amount determined in this clause (the subtrahend) exceed the amount determined in the preceding clause (the minuend); and

(ii) the denominator shall be the average aggregate, determined on a quarterly basis, of the international banking facility's loans to banks in foreign countries, to foreign domiciled borrowers (except where secured primarily by real estate) and to foreign governments and other foreign official institutions, which were recorded in its financial accounts for the current taxable year.

(C) Change to Consolidated Report of Condition and in Qualification. In the event the Consolidated Report of Condition which is filed with the Federal Deposit Insurance Corporation and other regulatory authorities is altered so that the information required for determining the floor amount is not found on Schedule A, lines 2.c., 5.b. and 7.a., the financial institution shall notify the Department and the Department may, by regulations or otherwise, prescribe or authorize the use of an alternative source for such information. The financial institution shall also notify the Department should its international banking facility fail to qualify as such, in whole or in part, or should there be any amendment or change to the Consolidated Report of Condition, as originally filed, to the extent such amendment or change alters the information used in determining the floor amount.

(3) For taxable years ending on or after December 31, 2008, the business income of a financial organization shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is its gross receipts from sources in this State or otherwise attributable to this State's marketplace and the denominator of which is its gross receipts everywhere during the taxable year. "Gross receipts" for purposes of this subparagraph (3) means gross income, including net taxable gain on disposition of assets, including securities and money market instruments, when derived from transactions and activities in the regular course of the
financial organization's trade or business. The following examples are illustrative:

(i) Receipts from the lease or rental of real or tangible personal property are in this State if the property is located in this State during the rental period. Receipts from the lease or rental of tangible personal property that is characteristically moving property, including, but not limited to, motor vehicles, rolling stock, aircraft, vessels, or mobile equipment are from sources in this State to the extent that the property is used in this State.

(ii) Interest income, commissions, fees, gains on disposition, and other receipts from assets in the nature of loans that are secured primarily by real estate or tangible personal property are from sources in this State if the security is located in this State.

(iii) Interest income, commissions, fees, gains on disposition, and other receipts from consumer loans that are not secured by real or tangible personal property are from sources in this State if the debtor is a resident of this State.

(iv) Interest income, commissions, fees, gains on disposition, and other receipts from commercial loans and installment obligations that are not secured by real or tangible personal property are from sources in this State if the proceeds of the loan are to be applied in this State. If it cannot be determined where the funds are to be applied, the income and receipts are from sources in this State if the office of the borrower from which the loan was negotiated in the regular course of business is located in this State. If the location of this office cannot be determined, the income and receipts shall be excluded from the numerator and denominator of the sales factor.

(v) Interest income, fees, gains on disposition, service charges, merchant discount income, and other receipts from credit card receivables are from sources in this State if the card charges are regularly billed to a customer in this State.

(vi) Receipts from the performance of services, including, but not limited to, fiduciary, advisory, and brokerage services, are in this State if the services are
received in this State within the meaning of subparagraph (a)(3)(C-5)(iv) of this Section.

(vii) Receipts from the issuance of travelers checks and money orders are from sources in this State if the checks and money orders are issued from a location within this State.

(viii) Receipts from investment assets and activities and trading assets and activities are included in the receipts factor as follows:

(1) Interest, dividends, net gains (but not less than zero) and other income from investment assets and activities from trading assets and activities shall be included in the receipts factor. Investment assets and activities and trading assets and activities include but are not limited to: investment securities; trading account assets; federal funds; securities purchased and sold under agreements to resell or repurchase; options; futures contracts; forward contracts; notional principal contracts such as swaps; equities; and foreign currency transactions. With respect to the investment and trading assets and activities described in subparagraphs (A) and (B) of this paragraph, the receipts factor shall include the amounts described in such subparagraphs.

(A) The receipts factor shall include the amount by which interest from federal funds sold and securities purchased under resale agreements exceeds interest expense on federal funds purchased and securities sold under repurchase agreements.

(B) The receipts factor shall include the amount by which interest, dividends, gains and other income from trading assets and activities, including but not limited to assets and activities in the matched book, in the arbitrage book, and foreign currency transactions, exceed amounts paid in lieu of

interest, amounts paid in lieu of dividends, and losses from such assets and activities.

(2) The numerator of the receipts factor includes interest, dividends, net gains (but not less than zero), and other income from investment assets and activities and from trading assets and activities described in paragraph (1) of this subsection that are attributable to this State.

(A) The amount of interest, dividends, net gains (but not less than zero), and other income from investment assets and activities in the investment account to be attributed to this State and included in the numerator is determined by multiplying all such income from such assets and activities by a fraction, the numerator of which is the gross income from such assets and activities which are properly assigned to a fixed place of business of the taxpayer within this State and the denominator of which is the gross income from all such assets and activities.

(B) The amount of interest from federal funds sold and purchased and from securities purchased under resale agreements and securities sold under repurchase agreements attributable to this State and included in the numerator is determined by multiplying the amount described in subparagraph (A) of paragraph (1) of this subsection from such funds and such securities by a fraction, the numerator of which is the gross income from such funds and such securities which are properly assigned to a fixed place of business of the taxpayer within this State and the denominator of which is the gross income from all such funds and such securities.

(C) The amount of interest, dividends, gains, and other income from

trading assets and activities, including but not limited to assets and activities in the matched book, in the arbitrage book and foreign currency transactions (but excluding amounts described in subparagraphs (A) or (B) of this paragraph), attributable to this State and included in the numerator is determined by multiplying the amount described in subparagraph (B) of paragraph (1) of this subsection by a fraction, the numerator of which is the gross income from such trading assets and activities which are properly assigned to a fixed place of business of the taxpayer within this State and the denominator of which is the gross income from all such assets and activities.

(D) Properly assigned, for purposes of this paragraph (2) of this subsection, means the investment or trading asset or activity is assigned to the fixed place of business with which it has a preponderance of substantive contacts. An investment or trading asset or activity assigned by the taxpayer to a fixed place of business without the State shall be presumed to have been properly assigned if:

(i) the taxpayer has assigned, in the regular course of its business, such asset or activity on its records to a fixed place of business consistent with federal or state regulatory requirements;

(ii) such assignment on its records is based upon substantive contacts of the asset or activity to such fixed place of business; and

(iii) the taxpayer uses such records reflecting assignment of such assets or activities for the filing of all

state and local tax returns for which an assignment of such assets or activities to a fixed place of business is required.

(E) The presumption of proper assignment of an investment or trading asset or activity provided in subparagraph (D) of paragraph (2) of this subsection may be rebutted upon a showing by the Department, supported by a preponderance of the evidence, that the preponderance of substantive contacts regarding such asset or activity did not occur at the fixed place of business to which it was assigned on the taxpayer's records. If the fixed place of business that has a preponderance of substantive contacts cannot be determined for an investment or trading asset or activity to which the presumption in subparagraph (D) of paragraph (2) of this subsection does not apply or with respect to which that presumption has been rebutted, that asset or activity is properly assigned to the state in which the taxpayer's commercial domicile is located. For purposes of this subparagraph (E), it shall be presumed, subject to rebuttal, that taxpayer's commercial domicile is in the state of the United States or the District of Columbia to which the greatest number of employees are regularly connected with the management of the investment or trading income or out of which they are working, irrespective of where the services of such employees are performed, as of the last day of the taxable year.

(c-1) Federally regulated exchanges. For taxable years ending on or after December 31, 2012, business income of a federally regulated exchange...
exchange shall, at the option of the federally regulated exchange, be apportioned to this State by multiplying such income by a fraction, the numerator of which is its business income from sources within this State, and the denominator of which is its business income from all sources. For purposes of this subsection, the business income within this State of a federally regulated exchange is the sum of the following:

(1) Receipts attributable to transactions executed on a physical trading floor if that physical trading floor is located in this State.

(2) Receipts attributable to all other matching, execution, or clearing transactions, including without limitation receipts from the provision of matching, execution, or clearing services to another entity, multiplied by (i) for taxable years ending on or after December 31, 2012 but before December 31, 2013, 63.77%; and (ii) for taxable years ending on or after December 31, 2013, 27.54%.

(3) All other receipts not governed by subparagraphs (1) or (2) of this subsection (c-1), to the extent the receipts would be characterized as "sales in this State" under item (3) of subsection (a) of this Section.

"Federally regulated exchange" means (i) a "registered entity" within the meaning of 7 U.S.C. Section 1a(40)(A), (B), or (C), (ii) an "exchange" or "clearing agency" within the meaning of 15 U.S.C. Section 78c (a)(1) or (23), (iii) any such entities regulated under any successor regulatory structure to the foregoing, and (iv) all taxpayers who are members of the same unitary business group as a federally regulated exchange, determined without regard to the prohibition in Section 1501(a)(27) of this Act against including in a unitary business group taxpayers who are ordinarily required to apportion business income under different subsections of this Section; provided that this subparagraph (iv) shall apply only if 50% or more of the business receipts of the unitary business group determined by application of this subparagraph (iv) for the taxable year are attributable to the matching, execution, or clearing of transactions conducted by an entity described in subparagraph (i), (ii), or (iii) of this paragraph.

In no event shall the Illinois apportionment percentage computed in accordance with this subsection (c-1) for any taxpayer for any tax year be less than the Illinois apportionment percentage computed under this subsection (c-1) for that taxpayer for the first full tax year ending on or
after December 31, 2013 for which this subsection (c-1) applied to the taxpayer.

(d) Transportation services. For taxable years ending before December 31, 2008, business income derived from furnishing transportation services shall be apportioned to this State in accordance with paragraphs (1) and (2):

(1) Such business income (other than that derived from transportation by pipeline) shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the revenue miles of the person in this State, and the denominator of which is the revenue miles of the person everywhere. For purposes of this paragraph, a revenue mile is the transportation of 1 passenger or 1 net ton of freight the distance of 1 mile for a consideration. Where a person is engaged in the transportation of both passengers and freight, the fraction above referred to shall be determined by means of an average of the passenger revenue mile fraction and the freight revenue mile fraction, weighted to reflect the person's

(A) relative railway operating income from total passenger and total freight service, as reported to the Interstate Commerce Commission, in the case of transportation by railroad, and

(B) relative gross receipts from passenger and freight transportation, in case of transportation other than by railroad.

(2) Such business income derived from transportation by pipeline shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the revenue miles of the person in this State, and the denominator of which is the revenue miles of the person everywhere. For the purposes of this paragraph, a revenue mile is the transportation by pipeline of 1 barrel of oil, 1,000 cubic feet of gas, or of any specified quantity of any other substance, the distance of 1 mile for a consideration.

(3) For taxable years ending on or after December 31, 2008, business income derived from providing transportation services other than airline services shall be apportioned to this State by using a fraction, (a) the numerator of which shall be (i) all receipts from any movement or shipment of people, goods, mail, oil, gas, or any other substance (other than by airline) that both originates and

New matter indicated by italics - deletions by strikeout
terminates in this State, plus (ii) that portion of the person's gross receipts from movements or shipments of people, goods, mail, oil, gas, or any other substance (other than by airline) that originates in one state or jurisdiction and terminates in another state or jurisdiction, that is determined by the ratio that the miles traveled in this State bears to total miles everywhere and (b) the denominator of which shall be all revenue derived from the movement or shipment of people, goods, mail, oil, gas, or any other substance (other than by airline). Where a taxpayer is engaged in the transportation of both passengers and freight, the fraction above referred to shall first be determined separately for passenger miles and freight miles. Then an average of the passenger miles fraction and the freight miles fraction shall be weighted to reflect the taxpayer's:

(A) relative railway operating income from total passenger and total freight service, as reported to the Surface Transportation Board, in the case of transportation by railroad; and

(B) relative gross receipts from passenger and freight transportation, in case of transportation other than by railroad.

(4) For taxable years ending on or after December 31, 2008, business income derived from furnishing airline transportation services shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the revenue miles of the person in this State, and the denominator of which is the revenue miles of the person everywhere. For purposes of this paragraph, a revenue mile is the transportation of one passenger or one net ton of freight the distance of one mile for a consideration. If a person is engaged in the transportation of both passengers and freight, the fraction above referred to shall be determined by means of an average of the passenger revenue mile fraction and the freight revenue mile fraction, weighted to reflect the person's relative gross receipts from passenger and freight airline transportation.

(e) Combined apportionment. Where 2 or more persons are engaged in a unitary business as described in subsection (a)(27) of Section 1501, a part of which is conducted in this State by one or more members of the group, the business income attributable to this State by any such
member or members shall be apportioned by means of the combined
apportionment method.

(f) Alternative allocation. If the allocation and apportionment
provisions of subsections (a) through (e) and of subsection (h) do not, for
taxable years ending before December 31, 2008, fairly represent the extent
of a person's business activity in this State, or, for taxable years ending on
or after December 31, 2008, fairly represent the market for the person's
goods, services, or other sources of business income, the person may
petition for, or the Director may, without a petition, permit or require, in
respect of all or any part of the person's business activity, if reasonable:

(1) Separate accounting;
(2) The exclusion of any one or more factors;
(3) The inclusion of one or more additional factors which
will fairly represent the person's business activities or market in
this State; or
(4) The employment of any other method to effectuate an
equitable allocation and apportionment of the person's business
income.

(g) Cross reference. For allocation of business income by residents,
see Section 301(a).

(h) For tax years ending on or after December 31, 1998, the
apportionment factor of persons who apportion their business income to
this State under subsection (a) shall be equal to:

(1) for tax years ending on or after December 31, 1998 and
before December 31, 1999, 16 2/3% of the property factor plus 16
2/3% of the payroll factor plus 66 2/3% of the sales factor;
(2) for tax years ending on or after December 31, 1999 and
before December 31, 2000, 8 1/3% of the property factor plus 8
1/3% of the payroll factor plus 83 1/3% of the sales factor;
(3) for tax years ending on or after December 31, 2000, the
sales factor.

If, in any tax year ending on or after December 31, 1998 and before
December 31, 2000, the denominator of the payroll, property, or sales
factor is zero, the apportionment factor computed in paragraph (1) or (2) of
this subsection for that year shall be divided by an amount equal to 100%
minus the percentage weight given to each factor whose denominator is
equal to zero.

Sec. 502. Returns and notices.

(a) In general. A return with respect to the taxes imposed by this Act shall be made by every person for any taxable year:

(1) for which such person is liable for a tax imposed by this Act, or

(2) in the case of a resident or in the case of a corporation which is qualified to do business in this State, for which such person is required to make a federal income tax return, regardless of whether such person is liable for a tax imposed by this Act. However, this paragraph shall not require a resident to make a return if such person has an Illinois base income of the basic amount in Section 204(b) or less and is either claimed as a dependent on another person's tax return under the Internal Revenue Code, or is claimed as a dependent on another person's tax return under this Act.

Notwithstanding the provisions of paragraph (1), a nonresident (other than, for taxable years ending on or after December 31, 2011, a nonresident required to withhold tax under Section 709.5) whose Illinois income tax liability under subsections (a), (b), (c), and (d) of Section 201 of this Act is paid in full after taking into account the credits allowed under subsection (f) of this Section or allowed under Section 709.5 of this Act shall not be required to file a return under this subsection (a).

(b) Fiduciaries and receivers.

(1) Decedents. If an individual is deceased, any return or notice required of such individual under this Act shall be made by his executor, administrator, or other person charged with the property of such decedent.

(2) Individuals under a disability. If an individual is unable to make a return or notice required under this Act, the return or notice required of such individual shall be made by his duly authorized agent, guardian, fiduciary or other person charged with the care of the person or property of such individual.

(3) Estates and trusts. Returns or notices required of an estate or a trust shall be made by the fiduciary thereof.

(4) Receivers, trustees and assignees for corporations. In a case where a receiver, trustee in bankruptcy, or assignee, by order of a court of competent jurisdiction, by operation of law, or otherwise, has possession of or holds title to all or substantially all

the property or business of a corporation, whether or not such property or business is being operated, such receiver, trustee, or assignee shall make the returns and notices required of such corporation in the same manner and form as corporations are required to make such returns and notices.

(c) Joint returns by husband and wife.

(1) Except as provided in paragraph (3):

(A) if a husband and wife file a joint federal income tax return for a taxable year ending before December 31, 2009, they shall file a joint return under this Act for such taxable year and their liabilities shall be joint and several;

(B) if a husband and wife file a joint federal income tax return for a taxable year ending on or after December 31, 2009, they may elect to file separate returns under this Act for such taxable year. The election under this paragraph must be made on or before the due date (including extensions) of the return and, once made, shall be irrevocable. If no election is timely made under this paragraph for a taxable year:

(i) the couple must file a joint return under this Act for such taxable year,

(ii) their liabilities shall be joint and several, and

(iii) any overpayment for that taxable year may be withheld under Section 909 of this Act or under Section 2505-275 of the Civil Administrative Code of Illinois and applied against a debt of either spouse without regard to the amount of the overpayment attributable to the other spouse; and

(C) if the federal income tax liability of either spouse is determined on a separate federal income tax return, they shall file separate returns under this Act.

(2) If neither spouse is required to file a federal income tax return and either or both are required to file a return under this Act, they may elect to file separate or joint returns and pursuant to such election their liabilities shall be separate or joint and several.

(3) If either husband or wife is a resident and the other is a nonresident, they shall file separate returns in this State on such forms as may be required by the Department in which event their

tax liabilities shall be separate; but if they file a joint federal income tax return for a taxable year, they may elect to determine their joint net income and file a joint return for that taxable year under the provisions of paragraph (1) of this subsection as if both were residents and in such case, their liabilities shall be joint and several.

(4) Innocent spouses.

(A) However, for tax liabilities arising and paid prior to August 13, 1999, an innocent spouse shall be relieved of liability for tax (including interest and penalties) for any taxable year for which a joint return has been made, upon submission of proof that the Internal Revenue Service has made a determination under Section 6013(e) of the Internal Revenue Code, for the same taxable year, which determination relieved the spouse from liability for federal income taxes. If there is no federal income tax liability at issue for the same taxable year, the Department shall rely on the provisions of Section 6013(e) to determine whether the person requesting innocent spouse abatement of tax, penalty, and interest is entitled to that relief.

(B) For tax liabilities arising on and after August 13, 1999 or which arose prior to that date, but remain unpaid as of that date, if an individual who filed a joint return for any taxable year has made an election under this paragraph, the individual's liability for any tax shown on the joint return shall not exceed the individual's separate return amount and the individual's liability for any deficiency assessed for that taxable year shall not exceed the portion of the deficiency properly allocable to the individual. For purposes of this paragraph:

(i) An election properly made pursuant to Section 6015 of the Internal Revenue Code shall constitute an election under this paragraph, provided that the election shall not be effective until the individual has notified the Department of the election in the form and manner prescribed by the Department.

(ii) If no election has been made under Section 6015, the individual may make an election

New matter indicated by italics - deletions by strikeout
under this paragraph in the form and manner prescribed by the Department, provided that no election may be made if the Department finds that assets were transferred between individuals filing a joint return as part of a scheme by such individuals to avoid payment of Illinois income tax and the election shall not eliminate the individual's liability for any portion of a deficiency attributable to an error on the return of which the individual had actual knowledge as of the date of filing.

(iii) In determining the separate return amount or portion of any deficiency attributable to an individual, the Department shall follow the provisions in subsections (c) and (d) of Section 6015 of the Internal Revenue Code.

(iv) In determining the validity of an individual's election under subparagraph (ii) and in determining an electing individual's separate return amount or portion of any deficiency under subparagraph (iii), any determination made by the Secretary of the Treasury, by the United States Tax Court on petition for review of a determination by the Secretary of the Treasury, or on appeal from the United States Tax Court under Section 6015 of the Internal Revenue Code regarding criteria for eligibility or under subsection (d) of Section 6015 of the Internal Revenue Code regarding the allocation of any item of income, deduction, payment, or credit between an individual making the federal election and that individual's spouse shall be conclusively presumed to be correct. With respect to any item that is not the subject of a determination by the Secretary of the Treasury or the federal courts, in any proceeding involving this subsection, the individual making the election shall have the burden of proof with respect to any item except that the Department shall have the burden of proof with respect to items in subdivision (ii).
(v) Any election made by an individual under this subsection shall apply to all years for which that individual and the spouse named in the election have filed a joint return.

(vi) After receiving a notice that the federal election has been made or after receiving an election under subdivision (ii), the Department shall take no collection action against the electing individual for any liability arising from a joint return covered by the election until the Department has notified the electing individual in writing that the election is invalid or of the portion of the liability the Department has allocated to the electing individual. Within 60 days (150 days if the individual is outside the United States) after the issuance of such notification, the individual may file a written protest of the denial of the election or of the Department's determination of the liability allocated to him or her and shall be granted a hearing within the Department under the provisions of Section 908. If a protest is filed, the Department shall take no collection action against the electing individual until the decision regarding the protest has become final under subsection (d) of Section 908 or, if administrative review of the Department's decision is requested under Section 1201, until the decision of the court becomes final.

(d) Partnerships. Every partnership having any base income allocable to this State in accordance with section 305(c) shall retain information concerning all items of income, gain, loss and deduction; the names and addresses of all of the partners, or names and addresses of members of a limited liability company, or other persons who would be entitled to share in the base income of the partnership if distributed; the amount of the distributive share of each; and such other pertinent information as the Department may by forms or regulations prescribe. The partnership shall make that information available to the Department when requested by the Department.

(e) For taxable years ending on or after December 31, 1985, and before December 31, 1993, taxpayers that are corporations (other than
Subchapter S corporations) having the same taxable year and that are members of the same unitary business group may elect to be treated as one taxpayer for purposes of any original return, amended return which includes the same taxpayers of the unitary group which joined in the election to file the original return, extension, claim for refund, assessment, collection and payment and determination of the group's tax liability under this Act. This subsection (e) does not permit the election to be made for some, but not all, of the purposes enumerated above. For taxable years ending on or after December 31, 1987, corporate members (other than Subchapter S corporations) of the same unitary business group making this subsection (e) election are not required to have the same taxable year.

For taxable years ending on or after December 31, 1993, taxpayers that are corporations (other than Subchapter S corporations) and that are members of the same unitary business group shall be treated as one taxpayer for purposes of any original return, amended return which includes the same taxpayers of the unitary group which joined in filing the original return, extension, claim for refund, assessment, collection and payment and determination of the group's tax liability under this Act.

(f) For taxable years ending prior to December 31, 2014, the Department may promulgate regulations to permit nonresident individual partners of the same partnership, nonresident Subchapter S corporation shareholders of the same Subchapter S corporation, and nonresident individuals transacting an insurance business in Illinois under a Lloyds plan of operation, and nonresident individual members of the same limited liability company that is treated as a partnership under Section 1501(a)(16) of this Act, to file composite individual income tax returns reflecting the composite income of such individuals allocable to Illinois and to make composite individual income tax payments. For taxable years ending prior to December 31, 2014, the Department may by regulation also permit such composite returns to include the income tax owed by Illinois residents attributable to their income from partnerships, Subchapter S corporations, insurance businesses organized under a Lloyds plan of operation, or limited liability companies that are treated as partnership under Section 1501(a)(16) of this Act, in which case such Illinois residents will be permitted to claim credits on their individual returns for their shares of the composite tax payments. This paragraph of subsection (f) applies to taxable years ending on or after December 31, 1987 and ending prior to December 31, 2014.
For taxable years ending on or after December 31, 1999, the Department may, by regulation, also permit any persons transacting an insurance business organized under a Lloyds plan of operation to file composite returns reflecting the income of such persons allocable to Illinois and the tax rates applicable to such persons under Section 201 and to make composite tax payments and shall, by regulation, also provide that the income and apportionment factors attributable to the transaction of an insurance business organized under a Lloyds plan of operation by any person joining in the filing of a composite return shall, for purposes of allocating and apportioning income under Article 3 of this Act and computing net income under Section 202 of this Act, be excluded from any other income and apportionment factors of that person or of any unitary business group, as defined in subdivision (a)(27) of Section 1501, to which that person may belong.

For taxable years ending on or after December 31, 2008, every nonresident shall be allowed a credit against his or her liability under subsections (a) and (b) of Section 201 for any amount of tax reported on a composite return and paid on his or her behalf under this subsection (f). Residents (other than persons transacting an insurance business organized under a Lloyds plan of operation) may claim a credit for taxes reported on a composite return and paid on their behalf under this subsection (f) only as permitted by the Department by rule.

(f-5) For taxable years ending on or after December 31, 2008, the Department may adopt rules to provide that, when a partnership or Subchapter S corporation has made an error in determining the amount of any item of income, deduction, addition, subtraction, or credit required to be reported on its return that affects the liability imposed under this Act on a partner or shareholder, the partnership or Subchapter S corporation may report the changes in liabilities of its partners or shareholders and claim a refund of the resulting overpayments, or pay the resulting underpayments, on behalf of its partners and shareholders.

(g) The Department may adopt rules to authorize the electronic filing of any return required to be filed under this Section.

Sec. 709.5. Withholding by partnerships, Subchapter S corporations, and trusts.

(a) In general. For each taxable year ending on or after December 31, 2008, every partnership (other than a publicly traded partnership under
Section 7704 of the Internal Revenue Code or investment partnership), Subchapter S corporation, and trust must withhold from each nonresident partner, shareholder, or beneficiary (other than a partner, shareholder, or beneficiary who is exempt from tax under Section 501(a) of the Internal Revenue Code or under Section 205 of this Act, who is included on a composite return filed by the partnership or Subchapter S corporation for the taxable year under subsection (f) of Section 502 of this Act, or who is a retired partner, to the extent that partner's distributions are exempt from tax under Section 203(a)(2)(F) of this Act) an amount equal to the sum of (i) the share of business income of the partnership, Subchapter S corporation, or trust apportionable to Illinois plus (ii) for taxable years ending on or after December 31, 2014, the share of nonbusiness income of the partnership, Subchapter S corporation, or trust allocated to Illinois under Section 303 of this Act (other than an amount allocated to the commercial domicile of the taxpayer under Section 303 of this Act) that is distributable to that partner, shareholder, or beneficiary under Sections 702 and 704 and Subchapter S of the Internal Revenue Code, whether or not distributed, (iii) multiplied by the applicable rates of tax for that partner, shareholder, or beneficiary under subsections (a) through (d) of Section 201 of this Act, and (iv) net of the share of any credit under Article 2 of this Act that is distributable by the partnership, Subchapter S corporation, or trust and allowable against the tax liability of that partner, shareholder, or beneficiary for a taxable year ending on or after December 31, 2014.

(b) Credit for taxes withheld. Any amount withheld under subsection (a) of this Section and paid to the Department shall be treated as a payment of the estimated tax liability or of the liability for withholding under this Section of the partner, shareholder, or beneficiary to whom the income is distributable for the taxable year in which that person incurred a liability under this Act with respect to that income. The Department shall adopt rules pursuant to which a partner, shareholder, or beneficiary may claim a credit against its obligation for withholding under this Section for amounts withheld under this Section with respect to income distributable to it by a partnership, Subchapter S corporation, or trust and allowing its partners, shareholders, or beneficiaries to claim a credit under this subsection (b) for those withheld amounts.

(c) Exemption from withholding.

(1) A partnership, Subchapter S corporation, or trust shall not be required to withhold tax under subsection (a) of this Section

New matter indicated by italics - deletions by strikeout
with respect to any nonresident partner, shareholder, or beneficiary (other than an individual) from whom the partnership, S corporation, or trust has received a certificate, completed in the form and manner prescribed by the Department, stating that such nonresident partner, shareholder, or beneficiary shall:

(A) file all returns that the partner, shareholder, or beneficiary is required to file under Section 502 of this Act and make timely payment of all taxes imposed under Section 201 of this Act or under this Section on the partner, shareholder, or beneficiary with respect to income of the partnership, S corporation, or trust; and

(B) be subject to personal jurisdiction in this State for purposes of the collection of income taxes, together with related interest and penalties, imposed on the partner, shareholder, or beneficiary with respect to the income of the partnership, S corporation, or trust.

(2) The Department may revoke the exemption provided by this subsection (c) at any time that it determines that the nonresident partner, shareholder, or beneficiary is not abiding by the terms of the certificate. The Department shall notify the partnership, S corporation, or trust that it has revoked a certificate by notice left at the usual place of business of the partnership, S corporation, or trust or by mail to the last known address of the partnership, S corporation, or trust.

(House Bill No. 3175)

AN ACT concerning health.
Be it enacted by the People of the State of Illinois, represented in
the General Assembly:

Law of the Civil Administrative Code of Illinois is amended by adding
Section 2310-665 as follows:
(20 ILCS 2310/2310-665 new)
(a) The General Assembly makes the following findings:
   (1) Annually, about 207,090 new cases of breast cancer are
diagnosed, according to the American Cancer Society.
   (2) Breast cancer has a disproportionate and detrimental
impact on African-American women and is the most common
cancer among Hispanic and Latina women.
   (3) African-American women under the age of 40 have a
greater incidence of breast cancer than Caucasian women of the
   same age.
   (4) Individuals undergoing surgery for breast cancer
should give due consideration to the option of breast
reconstructive surgery, either at the same time as the breast cancer
surgery or at a later date.
   (5) According to the American Cancer Society, immediate
breast reconstruction offers the advantage of combining the breast
cancer surgery with the reconstructive surgery and is cost
effective.
   (6) According to the American Cancer Society, delayed
breast reconstruction may be advantageous in women who require
post-surgical radiation or other treatments.

(7) A woman suffering from the loss of her breast may not be a candidate for surgical breast reconstruction or may choose not to undergo additional surgery and instead choose breast prostheses.

(8) The federal Women's Health and Cancer Rights Act of 1998 requires health plans that offer breast cancer coverage to also provide for breast reconstruction.

(9) Required coverage for breast reconstruction includes all the necessary stages of reconstruction. Surgery of the opposite breast for symmetry may be required. Breast prostheses may be necessary. Other sequelae of breast cancer treatment, such as lymphedema, must be covered.

(10) Several states have enacted laws to require that women receive information on their breast cancer treatment and reconstruction options.

(b) In this Section:

"Hispanic" has the same meaning as in Section 1707 of the federal Public Health Services Act.

"Racial and ethnic minority group" has the same meaning as in Section 1707 of the federal Public Health Services Act.

(c) The Director shall provide for the planning and implementation of an education campaign to inform breast cancer patients, especially those in racial and ethnic minority groups, anticipating surgery regarding the availability and coverage of breast reconstruction, prostheses, and other options. The campaign shall include the dissemination, at a minimum, on relevant State health Internet websites, including the Department of Public Health's Internet website, of the following information:

(1) Breast reconstruction is possible at the time of breast cancer surgery or in a delayed fashion.

(2) Prostheses or breast forms may be available.

(3) Federal law mandates both public and private health plans to include coverage of breast reconstruction and prostheses.

(4) The patient has a right to choose the provider of reconstructive care, including the potential transfer of care to a surgeon that provides breast reconstructive care.

(5) The patient may opt to undergo breast reconstruction in a delayed fashion for personal reasons or after completion of all other breast cancer treatments.

The campaign may include dissemination of such other information, whether developed by the Director or by other entities, as the Director determines relevant. The campaign shall not specify, or be designed to serve as a tool to limit, the health care providers available to patients.

(d) In developing the information to be disseminated under this Section, the Director shall consult with appropriate medical societies and patient advocates related to breast cancer, patient advocates representing racial and ethnic minority groups, with a special emphasis on African-American and Hispanic population's breast reconstructive surgery, and breast prostheses and breast forms.

(e) Beginning no later than 2 years after the effective date of this amendatory Act of the 98th General Assembly and continuing each second year thereafter, the Director shall submit to the General Assembly a report describing the activities carried out under this Section during the preceding 2 fiscal years, including evaluating the extent to which the activities have been effective in improving the health of racial and ethnic minority groups.

of a county board, are also eligible to serve on the board. Members of the board shall serve without compensation but shall be reimbursed for their actual and necessary expenses. Any 2 or more municipalities, counties, or combination thereof, that impose a surcharge under Section 15.3 may, instead of establishing individual boards, establish by intergovernmental agreement a Joint Emergency Telephone System Board pursuant to this Section. The manner of appointment of such a joint board shall be prescribed in the agreement.

Upon the effective date of this amendatory Act of the 98th General Assembly, appointed members of the Emergency Telephone System Board shall serve staggered 3-year terms if: (1) the Board serves a county with a population of 100,000 or less; and (2) appointments, on the effective date of this amendatory Act of the 98th General Assembly, are not for a stated term. The corporate authorities of the county or municipality shall assign terms to the board members serving on the effective date of this amendatory Act of the 98th General Assembly in the following manner: (1) one-third of board members' terms shall expire on January 1, 2015; (2) one-third of board members' terms shall expire on January 1, 2016; and (3) remaining board members' terms shall expire on January 1, 2017. (b) The powers and duties of the board shall be defined by ordinance of the municipality or county, or by intergovernmental agreement in the case of a joint board. The powers and duties shall include, but need not be limited to the following:

(1) Planning a 9-1-1 system.
(2) Coordinating and supervising the implementation, upgrading, or maintenance of the system, including the establishment of equipment specifications and coding systems.
(3) Receiving moneys from the surcharge imposed under Section 15.3, and from any other source, for deposit into the Emergency Telephone System Fund.
(4) Authorizing all disbursements from the fund.
(5) Hiring any staff necessary for the implementation or upgrade of the system.
(6) Participating in a Regional Pilot Project to implement next generation 9-1-1, as defined in this Act, subject to the conditions set forth in this Act.

(c) All moneys received by a board pursuant to a surcharge imposed under Section 15.3 shall be deposited into a separate interest-bearing Emergency Telephone System Fund account. The treasurer of the municipality or county that has established the board or, in the case of a joint board, any municipal or county treasurer designated in the intergovernmental agreement, shall be custodian of the fund. All interest accruing on the fund shall remain in the fund. No expenditures may be made from such fund except upon the direction of the board by resolution passed by a majority of all members of the board. Expenditures may be made only to pay for the costs associated with the following:

1. The design of the Emergency Telephone System.
2. The coding of an initial Master Street Address Guide database, and update and maintenance thereof.
3. The repayment of any moneys advanced for the implementation of the system.
4. 6. The acquisition and installation, or the reimbursement of costs therefor to other governmental bodies that have incurred those costs, of road or street signs that are essential to the implementation of the emergency telephone system and that are not duplicative of signs that are the responsibility of the jurisdiction charged with maintaining road and street signs.
