(B) Unless the State's Attorney or prosecutor, the Department of State Police, the arresting agency, or the chief legal officer files an objection to the petition to expunge or seal within 60 days from the date of service of the petition, the court shall enter an order granting or denying the petition.

(7) Hearings. If an objection is filed, the court shall set a date for a hearing and notify the petitioner and all parties entitled to notice of the petition of the hearing date at least 30 days prior to the hearing, and shall hear evidence on whether the petition should or should not be granted, and shall grant or deny the petition to expunge or seal the records based on the evidence presented at the hearing.

(8) Service of order. After entering an order to expunge or seal records, the court must provide copies of the order to the Department, in a form and manner prescribed by the Department, to the petitioner, to the State's Attorney or prosecutor charged with the duty of prosecuting the offense, to the arresting agency, to the chief legal officer of the unit of local government effecting the arrest, and to such other criminal justice agencies as may be ordered by the court.

(10) Fees. The Department may charge the petitioner a fee equivalent to the cost of processing any order to expunge or seal records. Notwithstanding any provision of the Clerks of Courts Act to the contrary, the circuit court clerk may charge a fee equivalent to the cost associated with the sealing or expungement of records by the circuit court clerk. From the total filing fee collected for the petition to seal or expunge, the circuit court clerk shall deposit $10 into the Circuit Court Clerk Operation and Administrative Fund, to be used to offset the costs incurred by the circuit court clerk in performing the additional duties required to serve the petition to seal or expunge on all parties. The circuit court clerk shall collect and forward the Department of State Police portion of the fee to the Department and it shall be deposited in the State Police Services Fund.

All records sealed by the Department may be disseminated by the Department only to the arresting authority, the State's Attorney, and the court upon a later arrest for the same or similar offense or for the purpose of sentencing for any subsequent felony. Upon conviction for any subsequent offense, the Department of Corrections shall have access to all sealed records of the Department pertaining to that individual. Upon entry of the order of expungement, the circuit court clerk shall promptly mail a copy of the order to the person who was pardoned.

(e-5) Whenever a person who has been convicted of an offense is granted a certificate of eligibility for sealing by the Prisoner Review Board which specifically authorizes sealing, he or she may, upon verified petition to the Chief Judge of the circuit where the person had been convicted, any judge of the circuit designated by the Chief Judge, or in counties of less than 3,000,000 inhabitants, the presiding trial judge at the petitioner's trial, have a court order entered sealing the record of arrest from the official records of the arresting authority and order that the records of the circuit court clerk and the Department be sealed until further order of the court upon good cause shown or as otherwise provided herein, and the name of the petitioner obliterated from the official index requested to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act in connection with the arrest and conviction for the offense for which he or she had been granted the certificate but the order shall not affect any index issued by the circuit court clerk before the entry of the order. Section 5. The Illinois Income Tax Act is amended by changing Section 216 as follows:

(35 ILCS 5/216)

Sec. 216. Credit for wages paid to ex-felons.

(a) For each taxable year beginning on or after January 1, 2007, each taxpayer is entitled to a credit against the tax imposed by subsections (a) and (b) of Section 201 of this Act in an amount equal to 5% of qualified wages paid by the taxpayer during the taxable year to one or more Illinois residents who are qualified ex-offenders. The total credit allowed to a taxpayer with respect to each qualified ex-offender may not exceed $1,500 for all taxable years. For partners, shareholders of Subchapter S corporations, and owners of limited liability companies, if the liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a credit under this Section to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and Subchapter S of the Internal Revenue Code.

(b) For purposes of this Section, "qualified wages":

(2) does not include any amounts paid or incurred by an employer for any period to any qualified ex-offender for whom the employer receives federally funded payments for on-the-job training of that qualified ex-offender for that period; and

(c) For purposes of this Section, "qualified ex-offender" means any person who:

(1) has been convicted of a crime in this State or of an offense in any other jurisdiction, not including any offense or attempted offense that would subject a person to registration under the Sex Offender Registration Act is an eligible offender, as defined under Section 5-5.5-5 of the Unified Code of Corrections;

If the amount of the credit exceeds the tax liability for the year, the excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The tax credit shall be applied to the earliest year for which there is a tax liability. If there are credits for more than one year that are available to offset a liability, the earlier credit shall be applied first.

Section 5. The School Code is amended by changing Section 22-15 as follows:

(105 ILCS 5/22-15) (from Ch. 122, par. 22-15)
Sec. 22-15. Insurance on athletes.

New matter indicated by italics - deletions by strikeout
(a) In this Section, "IHSA" means the Illinois High School Association.

(b) A public school district maintaining grades 9 through 12 shall provide catastrophic accident insurance coverage, with aggregate benefit limits of $3 million or 5 years, whichever occurs first, for eligible students in grades 9 through 12 who sustain an accidental injury while participating in school-sponsored or school-supervised interscholastic athletic events sanctioned by the IHSA (including direct and uninterrupted travel to and from the athletic event as well as during a temporary stay at the location of an athletic event held away from the student's school) that results in medical expenses in excess of $50,000. These benefit limits are to be in excess of any and all other insurance, coverage or benefit, in whatever form or designation. Any public school that requires students participating in school-sponsored or school-supervised interscholastic athletic events sanctioned by the IHSA (including direct and uninterrupted travel to and from the athletic event as well as during a temporary stay at the location of an athletic event held away from the student's school) to be covered under an individual or group policy of accident and health insurance is exempt from the requirements of this Section.

Non-public schools maintaining grades 9 through 12 shall provide catastrophic accident insurance coverage, with aggregate benefit limits of $3 million or 5 years, whichever occurs first, for eligible students in grades 9 through 12 who sustain an accidental injury while participating in school-sponsored or school-supervised interscholastic athletic tournaments sanctioned by the IHSA (including direct and uninterrupted travel to and from the athletic tournament as well as during a temporary stay at the location of an athletic tournament held away from the student's school) that results in medical expenses in excess of $50,000. These benefit limits are to be in excess of any and all other insurance, coverage or benefit, in whatever form or designation. Any non-public school that requires students participating in school-sponsored or school-supervised interscholastic athletic events sanctioned by the IHSA (including direct and uninterrupted travel to and from the athletic event as well as during a temporary stay at the location of an athletic event held away from the student's school) to be covered under an individual or group policy of accident and health insurance is exempt from the requirements of this Section.

(c) The IHSA has the exclusive authority to promulgate a plan of coverage necessary to ensure compliance with this Section. The IHSA
shall provide a group policy providing the coverage necessary to comply with this Section. Public school districts and non-public schools may purchase the coverage necessary to comply with this Section by participating in the group policy.

Alternatively, public school districts or non-public schools that do not participate in the group policy may obtain the coverage necessary to comply with this Section from other coverage providers, but must submit to the IHSA, 60 days before the coverage inception, a certificate of insurance from the coverage provider stating that the insurance provided by the coverage provider is in compliance with the plan of coverage approved by the IHSA. A public school district that manages schools located within a city of over 500,000 inhabitants may provide the catastrophic accident insurance coverage required by this Section through a program of self-insurance, and the public school district must submit to the IHSA, 60 days before coverage inception, proof that the program is in compliance with the plan of coverage.

(d) A public school district maintaining grades kindergarten through 8 may provide medical or hospital service, or both, through accident and health insurance on a group or individual basis, or through non-profit hospital service corporations or medical service plan corporations or both, for pupils of the district in grades kindergarten through 8 injured while participating in any athletic activity under the jurisdiction of or sponsored or controlled by the district or the authorities of any school thereof. The cost of such insurance or of subscriptions to such non-profit corporations, when paid from the funds of the district, shall, to the extent such moneys are sufficient, be paid from moneys derived from athletic activities. To the extent that moneys derived from athletic activities are insufficient, such cost may be paid from the educational fund of the district. Such insurance may be purchased from or such subscriptions may be taken in only such companies or corporations as are authorized to do business in Illinois.

Sec. 6-108. Cancellation of license issued to minor.
(a) The Secretary of State shall cancel the license or permit of any minor under the age of 18 years in any of the following events:

1. Upon the verified written request of the person who consented to the application of the minor that the license or permit be cancelled;

2. Upon receipt of satisfactory evidence of the death of the person who consented to the application of the minor;

3. Upon receipt of satisfactory evidence that the person who consented to the application of a minor no longer has legal custody of the minor;

4. Upon receipt of information, submitted on a form prescribed by the Secretary of State under Section 26-3a of the School Code and provided voluntarily by nonpublic schools, that a license-holding minor no longer meets the school attendance requirements defined in Section 6-107 of this Code.

A minor who provides proof acceptable to the Secretary that the minor has resumed regular school attendance or home instruction or that his or her license or permit was cancelled in error shall have his or her license reinstated. The Secretary shall adopt rules for implementing this subdivision (a)4.

5. Upon determination by the Secretary that at the time of license issuance, the minor held an instruction permit and had a traffic citation for which a disposition had not been rendered.

After cancellation, the Secretary of State shall not issue a new license or permit until the applicant meets the provisions of Section 6-107 of this Code.

(b) The Secretary of State shall cancel the license or permit of any person under the age of 18 years if he or she is convicted of violating the Cannabis Control Act, the Illinois Controlled Substances Act, or the Methamphetamine Control and Community Protection Act while that person was in actual physical control of a motor vehicle. For purposes of this Section, any person placed on probation under Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, or Section 70 of the Methamphetamine Control and Community Protection Act shall not be considered convicted. Any person found guilty of this offense, while in actual physical control of a motor vehicle, shall have an entry made in the court record by the judge that this offense did occur while the person was in actual physical control of a motor vehicle and order the clerk of the court to report the violation to the Secretary of State as such. After the cancellation, the Secretary of State shall not issue a new license or permit for a period of one year after the date of cancellation or until the minor attains the age of 18 years, whichever is longer. However, upon application, the Secretary of State may, if satisfied that the person applying will not endanger the public safety, or welfare, issue a restricted driving permit granting the privilege of driving a motor vehicle between the person's residence and person's place of employment or within the scope of the person's employment related duties, or to allow transportation for the person or a household member of the person's family for the receipt of necessary medical care or, if the professional evaluation indicates, provide transportation for the petitioner for alcohol remedial or rehabilitative activity, or for the person to attend classes, as a student, in an accredited educational institution; if the person is able to demonstrate that no alternative means of transportation is reasonably available; provided that the Secretary's discretion shall be limited to cases where undue hardship would result from a failure to issue such restricted driving permit. In each case the Secretary of State may issue a restricted driving permit for a period as he deems appropriate, except that the permit shall expire within one year from the date of issuance. A restricted driving permit issued hereunder shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued hereunder may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit. The Secretary of State may, as a condition to the issuance of a restricted
driving permit, require the applicant to participate in a driver remedial or rehabilitative program. Thereafter, upon reapplication for a license as provided in Section 6-106 of this Code or a permit as provided in Section 6-105 of this Code and upon payment of the appropriate application fee, the Secretary of State shall issue the applicant a license as provided in Section 6-106 of this Code or shall issue the applicant a permit as provided in Section 6-105.

Sec. 6-301.3. Invalidation of a driver's license or permit.
(a) The Secretary of State may invalidate a driver's license or permit:

(1) when the holder voluntarily surrenders the license or permit and declares his or her intention to do so in writing to the Secretary;
(2) when the Secretary receives a certified court order indicating the holder is to refrain from driving;

Passed in the General Assembly May 9, 2013.
Approved August 5, 2013.
Effective January 1, 2014.
AN ACT concerning criminal law, which may be referred to as "Patricia's Law".

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Unified Code of Corrections is amended by changing Section 5-6-1 as follows:

(730 ILCS 5/5-6-1) (from Ch. 38, par. 1005-6-1)
(Text of Section before amendment by P.A. 97-831)

Sec. 5-6-1. Sentences of Probation and of Conditional Discharge and Disposition of Supervision. The General Assembly finds that in order to protect the public, the criminal justice system must compel compliance with the conditions of probation by responding to violations with swift, certain and fair punishments and intermediate sanctions. The Chief Judge of each circuit shall adopt a system of structured, intermediate sanctions for violations of the terms and conditions of a sentence of probation, conditional discharge or disposition of supervision.

(a) Except where specifically prohibited by other provisions of this Code, the court shall impose a sentence of probation or conditional discharge upon an offender unless, having regard to the nature and circumstance of the offense, and to the history, character and condition of the offender, the court is of the opinion that:

(1) his imprisonment or periodic imprisonment is necessary for the protection of the public; or

(2) probation or conditional discharge would deprecate the seriousness of the offender's conduct and would be inconsistent with the ends of justice; or

(3) a combination of imprisonment with concurrent or consecutive probation when an offender has been admitted into a drug court program under Section 20 of the Drug Court Treatment Act is necessary for the protection of the public and for the rehabilitation of the offender.

The court shall impose as a condition of a sentence of probation, conditional discharge, or supervision, that the probation agency may invoke any sanction from the list of intermediate sanctions adopted by the chief judge of the circuit court for violations of the terms and conditions of
the sentence of probation, conditional discharge, or supervision, subject to the provisions of Section 5-6-4 of this Act.

(b) The court may impose a sentence of conditional discharge for an offense if the court is of the opinion that neither a sentence of imprisonment nor of periodic imprisonment nor of probation supervision is appropriate.

(b-1) Subsections (a) and (b) of this Section do not apply to a defendant charged with a misdemeanor or felony under the Illinois Vehicle Code or reckless homicide under Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012 if the defendant within the past 12 months has been convicted of or pleaded guilty to a misdemeanor or felony under the Illinois Vehicle Code or reckless homicide under Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012.

(c) The court may, upon a plea of guilty or a stipulation by the defendant of the facts supporting the charge or a finding of guilt, defer further proceedings and the imposition of a sentence, and enter an order for supervision of the defendant, if the defendant is not charged with: (i) a Class A misdemeanor, as defined by the following provisions of the Criminal Code of 1961 or the Criminal Code of 2012: Sections 11-9.1; 12-3.2; 11-1.50 or 12-15; 26-5 or 48-1; 31-1; 31-6; 31-7; paragraphs (2) and (3) of subsection (a) of Section 21-1; paragraph (1) through (5), (8), (10), and (11) of subsection (a) of Section 24-1; (ii) a Class A misdemeanor violation of Section 3.01, 3.03-1, or 4.01 of the Humane Care for Animals Act; or (iii) a felony. If the defendant is not barred from receiving an order for supervision as provided in this subsection, the court may enter an order for supervision after considering the circumstances of the offense, and the history, character and condition of the offender, if the court is of the opinion that:

1. the offender is not likely to commit further crimes;
2. the defendant and the public would be best served if the offender were not to receive a criminal record; and
3. in the best interests of justice an order of supervision is more appropriate than a sentence otherwise permitted under this Code.

(c-5) Subsections (a), (b), and (c) of this Section do not apply to a defendant charged with a second or subsequent violation of Section 6-303 of the Illinois Vehicle Code committed while his or her driver's license, permit or privileges were revoked because of a violation of Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, relating to the
offense of reckless homicide, or a similar provision of a law of another state.

(d) The provisions of paragraph (c) shall not apply to a defendant charged with violating Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance when the defendant has previously been:

(1) convicted for a violation of Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance or any similar law or ordinance of another state; or
(2) assigned supervision for a violation of Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance or any similar law or ordinance of another state; or
(3) pleaded guilty to or stipulated to the facts supporting a charge or a finding of guilty to a violation of Section 11-503 of the Illinois Vehicle Code or a similar provision of a local ordinance or any similar law or ordinance of another state, and the plea or stipulation was the result of a plea agreement.

The court shall consider the statement of the prosecuting authority with regard to the standards set forth in this Section.

(e) The provisions of paragraph (c) shall not apply to a defendant charged with violating Section 16-25 or 16A-3 of the Criminal Code of 1961 or the Criminal Code of 2012 if said defendant has within the last 5 years been:

(1) convicted for a violation of Section 16-25 or 16A-3 of the Criminal Code of 1961 or the Criminal Code of 2012; or
(2) assigned supervision for a violation of Section 16-25 or 16A-3 of the Criminal Code of 1961 or the Criminal Code of 2012.

The court shall consider the statement of the prosecuting authority with regard to the standards set forth in this Section.

(f) The provisions of paragraph (c) shall not apply to a defendant charged with violating Sections 15-111, 15-112, 15-301, paragraph (b) of Section 6-104, Section 11-605, Section 11-1002.5, or Section 11-1414 of the Illinois Vehicle Code or a similar provision of a local ordinance.

(g) Except as otherwise provided in paragraph (i) of this Section, the provisions of paragraph (c) shall not apply to a defendant charged with violating Section 3-707, 3-708, 3-710, or 5-401.3 of the Illinois Vehicle Code or a similar provision of a local ordinance if the defendant has within the last 5 years been:

(2) assigned supervision for a violation of Section 3-707, 3-708, 3-710, or 5-401.3 of the Illinois Vehicle Code or a similar provision of a local ordinance.

The court shall consider the statement of the prosecuting authority with regard to the standards set forth in this Section.

(h) The provisions of paragraph (c) shall not apply to a defendant under the age of 21 years charged with violating a serious traffic offense as defined in Section 1-187.001 of the Illinois Vehicle Code:

(1) unless the defendant, upon payment of the fines, penalties, and costs provided by law, agrees to attend and successfully complete a traffic safety program approved by the court under standards set by the Conference of Chief Circuit Judges. The accused shall be responsible for payment of any traffic safety program fees. If the accused fails to file a certificate of successful completion on or before the termination date of the supervision order, the supervision shall be summarily revoked and conviction entered. The provisions of Supreme Court Rule 402 relating to pleas of guilty do not apply in cases when a defendant enters a guilty plea under this provision; or
(2) if the defendant has previously been sentenced under the provisions of paragraph (c) on or after January 1, 1998 for any serious traffic offense as defined in Section 1-187.001 of the Illinois Vehicle Code.

The accused shall be responsible for payment of any traffic safety program fees. If the accused fails to file a certificate of successful completion on or before the termination date of the supervision order, the supervision shall be summarily revoked and conviction entered. The provisions of Supreme Court Rule 402 relating to pleas of guilty do not apply in cases when a defendant enters a guilty plea under this provision.

Sec. 5-5. Persons who may execute an anatomical gift.

(a) An anatomical gift of a donor's body or part that is to be carried out upon the donor's death may be made during the life of the donor for the purpose of transplantation, therapy, research, or education by:

(1) the donor, if the donor is an adult or if the donor is an emancipated minor;
(2) an agent of the donor, unless the power of attorney for health care or other record prohibits the agent from making an anatomical gift;
(3) a parent of the donor, if the donor is an unemancipated minor; or
(4) the donor's guardian.

Any individual of sound mind who has attained the age of 18 may give all or any part of his or her body for any purpose specified in Section 5-10. Such a gift may be executed in any of the ways set out in Section 5-20, and shall take effect upon the individual's death without the need to obtain the consent of any survivor. (1) an individual acting as the decedent's agent under a power of attorney for health care;
(2) the guardian of the person of the decedent;

(b-5) If there is more than one member of a class listed in item (2), (4), (5), (6), or (7) of subsection (b) of this Section entitled to make an anatomical gift, an anatomical gift may be made by a member of the class...
unless that member or a person to which the gift may pass under Section 5-12 knows of an objection by another member of the class. If an objection is known, the gift may be made only by a majority of the members of the class who are reasonably available for the giving of authorization or refusal.

(c) A gift of all or part of a body authorizes any blood or tissue test or minimally invasive examination necessary to assure medical acceptability of the gift for the purposes intended. The hospital shall, to the extent possible and in accordance with any agreement with the organ procurement organization or tissue bank, take measures necessary to maintain the medical suitability of the part until the procurement organization has had the opportunity to advise the applicable persons as set forth in this Act of the option to make an anatomical gift or has ascertained that the individual expressed a contrary intent and has so informed the hospital. The results of tests and examinations under this subsection shall be used or disclosed only for purposes of evaluating medical suitability for donation, to facilitate the donation process, and as required or permitted by existing law.

(d) The rights of the donee created by the gift are paramount to the rights of others except as provided by Section 5-45(d).

(b) A donor's revocation of an anatomical gift of the donor's body or part under Section 5-42 is not a refusal and does not bar another person specified in subsection (a) or (b) of Section 5-5 from making an
anatomical gift of the donor's body or part under subsection (a), (b), (e), or (e-5) of Section 5-20.

(c) If a person other than the donor makes an unrevoked anatomical gift of the donor's body or part under subsection (a) or (b) of Section 5-20, or an amendment to an anatomical gift of the donor's body or part under Section 5-42, another person may not make, amend, or revoke the gift of the donor's body or part under subsection (e) or (e-5) of Section 5-20.

(d) In the absence of an express, contrary indication by the donor or other person authorized to make an anatomical gift, a revocation of an anatomical gift of a donor's body or part under Section 5-42 by a person other than the donor does not bar another person from making an anatomical gift of the body or part under subsection (a), (b), (e), or (e-5) of Section 5-20.

(e) In the absence of an express, contrary indication by the donor or other person authorized to make an anatomical gift under subsection (a) of Section 5-5, an anatomical gift of a part is neither a refusal to give another part nor a limitation on the making of an anatomical gift of another part at a later time by the donor or another person.

(f) In the absence of an express, contrary indication by the donor or other person authorized to make an anatomical gift under subsection (a) of Section 5-5, an anatomical gift of a part for one or more of the purposes set forth in subsection (a) of Section 5-5 is not a limitation on the making of an anatomical gift of the part for any of the other purposes by the donor or any other person under subsection (a), (b), (b-5), (b-10), (e), or (e-5) of Section 5-20.

another individual at the direction of the donor or other person and must:
   (1) be witnessed by at least 2 adults, at least one of whom is
a disinterested witness, who have signed at the request of the
donor or the other person; and
   (2) state that it has been signed and witnessed as provided
in paragraph (1) of this subsection (b).

A gift of all or part of the body under Section 5-5 (a) may also be
made by a written, signed document other than a will. The gift becomes
effective upon the death of the donor. The document, which may be a card
or a valid driver's license designed to be carried on the person, is effective

without regard to the presence or signature of witnesses. Such a gift may also be made by properly executing the form provided by the Secretary of State on the reverse side of the donor's driver's license pursuant to subsection (b) of Section 6-110 of The Illinois Vehicle Code. Delivery of the document of gift during the donor's lifetime is not necessary to make the gift valid.

(b-1) A gift under Section 5-5 (a) may also be made by an individual consenting to have his or her name included in the First Person Consent organ and tissue donor registry maintained by the Secretary of State under Section 6-117 of the Illinois Vehicle Code. An individual's consent to have his or her name included in the First Person Consent organ and tissue donor registry constitutes full legal authority for the donation of any of his or her organs or tissue for purposes of transplantation, therapy, or research. Consenting to be included in the First Person Consent organ and tissue donor registry is effective without regard to the presence or signature of witnesses.

(b-5) Revocation, suspension, expiration, or cancellation of a driver's license or identification card upon which an anatomical gift is indicated does not invalidate the gift.

(b-10) An anatomical gift made by will takes effect upon the donor's death whether or not the will is probated. Invalidation of the will after the donor's death does not invalidate the gift.

(c) The anatomical gift may be made to a specified donee or without specifying a donee. If the latter, the gift may be accepted by the attending physician as donee upon or following death: If the gift is made to a specified donee who is not available at the time and place of death, then if made for the purpose of transplantation, it shall be effectuated in accordance with Section 5-25, and if made for any other purpose the attending physician upon or following death, in the absence of any expressed indication that the donor desired otherwise, may accept the gift as donee.

(d) The donee or other person authorized to accept the gift pursuant to Section 5-12 may employ or authorize any qualified technician, surgeon, or physician to perform the recovery. Notwithstanding Section 5-45 (b), the donor may designate in his will, card, or other document of gift the surgeon or physician to carry out the appropriate procedures. In the absence of a designation or if the designee is not available, the donee or other person authorized to accept the gift may employ or authorize any surgeon or physician for the purpose.
(e) A person authorized to make an anatomical gift under subsection (b) of Section 5-5 may make an anatomical gift by a document of gift signed by the person making the gift or by that person's oral communication that is electronically recorded or is contemporaneously reduced to a record and signed by the individual receiving the oral communication. Any gift by a person designated in Section 5-5 (b) shall be made by a document signed by him or made by his telegraphic, recorded telephonic, or other recorded message.

(e-5) An anatomical gift by a person authorized under subsection (b) of Section 5-5 may be amended or revoked orally or in a record by a member of a prior class who is reasonably available for the giving of authorization or refusal. If more than one member of the prior class is reasonably available for the giving of authorization or refusal, the gift made by a person authorized under subsection (b) of Section 5-5 may be:

1. amended only if a majority of the class members reasonably available for the giving of authorization or refusal agree to the amending of the gift; or

2. revoked only if a majority of the class members reasonably available for the giving of authorization or refusal agree to the revoking of the gift or if they are equally divided as to whether to revoke the gift.

(e-10) A revocation under subsection (e-5) is effective only if, before an incision has been made to remove a part from the donor's body or before invasive procedures have been commenced to prepare the recipient, the procurement organization, non-transplant anatomic bank, transplant hospital, or physician or technician knows of the revocation.

(f) When there is a suitable candidate for organ donation and a donation or consent to donate has not yet been given, procedures to preserve the decedent's body for possible organ and tissue donation may be implemented under the authorization of the applicable organ procurement organization agency, at its own expense, prior to making a donation request pursuant to Section 5-25. If the organ procurement organization agency does not locate a person authorized to consent to donation or consent to donation is denied, then procedures to preserve the decedent's body shall be ceased and no donation shall be made. The organ procurement organization agency shall respect the religious tenets of the decedent, if known, such as a pause after death, before initiating preservation services. Nothing in this Section shall be construed to...
authorize interference with the coroner in carrying out an investigation or autopsy.

Sec. 5-25. Notification; authorization consent.
(a) Each hospital in this State shall enter into agreements or affiliations with procurement organizations for coordination of procurement and use of anatomical gifts. When, based upon generally accepted medical standards, an inpatient in a general acute care hospital with more than 100 beds is a suitable candidate for organ or tissue donation and the patient has not made an anatomical gift of all or any part of his or her body pursuant to Section 5-20 of this Act, the hospital
(b) Hospitals shall proceed in accordance with the applicable requirements of 42 CFR 482.45 or any successor provisions of federal statute or regulation, as may be amended from time to time, with regard to collaboration with procurement organizations to facilitate organ, tissue, and eye donation and the written agreement between the hospital and the applicable organ procurement agency executed thereunder.

(b) In making a request for organ or tissue donation, the hospital or the hospital's federally designated organ procurement organization agency or tissue bank shall request any of the following persons, in the order of priority stated in items (1) through (11) below, when persons in prior classes are not available and in the absence of (i) actual notice of contrary intentions by the decedent, (ii) actual notice of opposition by any member within the same priority class, and (iii) reason to believe that an anatomical gift is contrary to the decedent's religious beliefs, to authorize consent to the gift of all or any part of the decedent's body for any purpose specified in Section 5-12 5-10 of this Act:

(1) an individual acting as the decedent's agent under a power of attorney for health care;
(2) the guardian of the person of the decedent;
(3) the spouse or civil union partner of the decedent;
(4) an adult child of the decedent;
(5) a parent of the decedent;
(6) an adult sibling of the decedent;
(7) an adult grandchild of the decedent;
(8) a grandparent of the decedent;
(9) a close friend of the decedent;
(10) the guardian of the estate of the decedent; and
(2) the decedent’s surrogate decision maker identified by
the attending physician in accordance with the Health Care
Surrogate Act;
(3) the guardian of the decedent’s person at the time of
death;
(4) the decedent’s spouse;
(5) any of the decedent’s adult sons or daughters;
(6) either of the decedent’s parents;
(7) any of the decedent’s adult brothers or sisters;
(8) any adult grandchild of the decedent;
(9) a close friend of the decedent;
(10) the guardian of the decedent’s estate; or
(11) any other person authorized or under legal obligation
to dispose of the body.

(c) (Blank). If (1) the hospital, the applicable organ procure-
ment agency, or the tissue bank has actual notice of opposition to the gift by the
decedent or any person in the highest priority class in which an available
person can be found, or (2) there is reason to believe that an anatomical
gift is contrary to the decedent’s religious beliefs, or (3) the Director of
Public Health has adopted a rule signifying his or her determination that
the need for organs and tissues for donation has been adequately met, then
the gift of all or any part of the decedent’s body shall not be requested. If a
donation is requested, consent or refusal may be obtained only from the
person or persons in the highest priority class available. If the hospital
administrator, or his or her designated representative, the designated organ
procurement agency, or the tissue bank is unable to obtain consent from
any of the persons named in items (1) through (11) of subsection (b) of
this Section, the decedent’s body shall not be used for an anatomical gift
unless a valid anatomical gift document was executed under this Act.

(d) (Blank). When there is a suitable candidate for organ donation,
as described in subsection (a), or if consent to remove organs and tissues is
granted, the hospital shall notify the applicable federally designated organ
procurement agency. The federally designated organ procurement agency
shall notify any tissue bank specified by the hospital of the suitable
candidate for tissue donation. The organ procurement agency shall
collaborate with all tissue banks in Illinois to maximize tissue procurement
in a timely manner.

Sec. 5-27. Notification of patient; family rights and options after circulatory death.

(a) In this Section, "donation after circulatory cardiac death" means the donation of organs from a ventilated patient whose death is declared based upon cardiopulmonary, and not neurological, criteria, following the implementation of the decision to withdraw life support without a certification of brain death and with a do-not-resuscitate order, if a decision has been reached by the physician and the family to withdraw life support and if the donation does not occur until after the declaration of cardiac death.

(b) If (i) a potential organ donor, or an individual given authority under subsection (b) of Section 5-25 to consent to an organ donation, expresses an interest in organ donation, (ii) there has not been a certification of brain death for the potential donor, and (iii) the potential donor is a patient at a hospital that does not allow donation after circulatory cardiac death, then the organ procurement organization agency shall inform the patient or the individual given authority to consent to organ donation that the hospital does not allow donation after circulatory cardiac death.

(c) In addition to providing oral notification, the organ procurement organization agency shall develop a written form that indicates to the patient or the individual given authority to consent to organ donation, at a minimum, the following information:

(1) That the patient or the individual given authority to consent to organ donation has received literature and has been counseled by (representative's name) of the (organ procurement organization agency name).

(3) That the patient or the individual given authority to consent to organ donation is aware that the hospital where the potential donor is a patient does not allow donation after circulatory cardiac death.

(4) That the patient or the individual given authority to consent to organ donation has been informed of the right to request
a patient transfer to a facility allowing donation after circulatory cardiac death.

(5) That the patient or the individual given authority to consent to organ donation has been informed of another hospital that will allow donation after circulatory cardiac death and will accept a patient transfer for the purpose of donation after circulatory cardiac death; and that the cost of transferring the patient to that other hospital will be covered by the organ procurement organization agency, with no additional cost to the patient or the individual given authority to consent to organ donation.

The form required under this subsection must include a place for the signatures of the patient or the individual given authority to consent to organ donation and the representative of the organ procurement organization agency and space to provide the date that the form was signed.

Where the Department of Labor ascertains the prevailing rate of wages, it is the duty of the Department of Labor within 30 days after receiving a notice from the public body authorizing the proposed work, to conduct an investigation to ascertain the prevailing rate of wages as defined in this Act and such investigation shall be conducted in the locality in which the work is to be performed. Sec. 6-201. Authority to cancel licenses and permits.

(a) The Secretary of State is authorized to cancel any license or permit upon determining that the holder thereof:

1. was not entitled to the issuance thereof hereunder; or
2. failed to give the required or correct information in his application; or
3. failed to pay any fees, civil penalties owed to the Illinois Commerce Commission, or taxes due under this Act and upon reasonable notice and demand; or
4. committed any fraud in the making of such application; or
5. is ineligible therefor under the provisions of Section 6-103 of this Act, as amended; or
6. has refused or neglected to submit an alcohol, drug, and intoxicating compound evaluation or to submit to examination or re-examination as required under this Act; or
7. has been convicted of violating the Cannabis Control Act, the Illinois Controlled Substances Act, the Methamphetamine Control and Community Protection Act, or the Use of Intoxicating Compounds Act while that individual was in actual physical control of a motor vehicle. For purposes of this Section, any person placed on probation under Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, or Section 70 of the Methamphetamine Control and Community Protection Act shall not be considered convicted. Any person found guilty of
this offense, while in actual physical control of a motor vehicle, shall have an entry made in the court record by the judge that this offense did occur while the person was in actual physical control of a motor vehicle and order the clerk of the court to report the violation to the Secretary of State as such. After the cancellation, the Secretary of State shall not issue a new license or permit for a period of one year after the date of cancellation. However, upon application, the Secretary of State may, if satisfied that the person applying will not endanger the public safety, or welfare, issue a restricted driving permit granting the privilege of driving a motor vehicle between the petitioner's residence and petitioner's place of employment or within the scope of the petitioner's employment related duties, or to allow transportation for the petitioner or a household member of the petitioner's family for the receipt of necessary medical care, or provide transportation for the petitioner to and from alcohol or drug remedial or rehabilitative activity recommended by a licensed service provider, or for the petitioner to attend classes, as a student, in an accredited educational institution. The petitioner must demonstrate that no alternative means of transportation is reasonably available; provided that the Secretary's discretion shall be limited to cases where undue hardship, as defined by the rules of the Secretary of State, would result from a failure to issue such restricted driving permit. In each case the Secretary of State may issue such restricted driving permit for such period as he deems appropriate, except that such permit shall expire within one year from the date of issuance. A restricted driving permit issued hereunder shall be subject to cancellation, revocation and suspension by the Secretary of State in like manner and for like cause as a driver's license issued hereunder may be cancelled, revoked or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension or cancellation of a restricted driving permit. The Secretary of State may, as a condition to the issuance of a restricted driving permit, require the applicant to participate in a driver remedial or rehabilitative program. In accordance with 49 C.F.R. 384, the Secretary of State may not issue a restricted driving permit for the operation of a commercial motor vehicle to a person

AN ACT concerning transportation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Vehicle Code is amended by changing Sections 6-201, 6-306.6, 7-214, 7-303, and 7-316.1 as follows:

(625 ILCS 5/6-201)

Sec. 6-201. Authority to cancel licenses and permits.

(a) The Secretary of State is authorized to cancel any license or permit upon determining that the holder thereof:

1. was not entitled to the issuance thereof hereunder; or

2. failed to give the required or correct information in his application; or

3. failed to pay any fees, civil penalties owed to the Illinois Commerce Commission, or taxes due under this Act and upon reasonable notice and demand; or

4. committed any fraud in the making of such application; or

5. is ineligible therefor under the provisions of Section 6-103 of this Act, as amended; or

6. has refused or neglected to submit an alcohol, drug, and intoxicating compound evaluation or to submit to examination or re-examination as required under this Act; or

7. has been convicted of violating the Cannabis Control Act, the Illinois Controlled Substances Act, the Methamphetamine Control and Community Protection Act, or the Use of Intoxicating Compounds Act while that individual was in actual physical control of a motor vehicle. For purposes of this Section, any person placed on probation under Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, or Section 70 of the Methamphetamine Control and Community Protection Act shall not be considered convicted. Any person found guilty of this offense, while in actual physical control of a motor vehicle, shall have an entry made in the court record by the judge that this offense did occur while the person was in actual physical control of a motor vehicle and order the clerk of the court to report the violation to the Secretary of State as such. After the cancellation,
the Secretary of State shall not issue a new license or permit for a period of one year after the date of cancellation. However, upon application, the Secretary of State may, if satisfied that the person applying will not endanger the public safety, or welfare, issue a restricted driving permit granting the privilege of driving a motor vehicle between the petitioner's residence and petitioner's place of employment or within the scope of the petitioner's employment related duties, or to allow transportation for the petitioner or a household member of the petitioner's family for the receipt of necessary medical care, or provide transportation for the petitioner to and from alcohol or drug remedial or rehabilitative activity recommended by a licensed service provider, or for the petitioner to attend classes, as a student, in an accredited educational institution. The petitioner must demonstrate that no alternative means of transportation is reasonably available; provided that the Secretary's discretion shall be limited to cases where undue hardship, as defined by the rules of the Secretary of State, would result from a failure to issue such restricted driving permit. In each case the Secretary of State may issue such restricted driving permit for such period as he deems appropriate, except that such permit shall expire within one year from the date of issuance. A restricted driving permit issued hereunder shall be subject to cancellation, revocation and suspension by the Secretary of State in like manner and for like cause as a driver's license issued hereunder may be cancelled, revoked or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension or cancellation of a restricted driving permit. The Secretary of State may, as a condition to the issuance of a restricted driving permit, require the applicant to participate in a driver remedial or rehabilitative program. In accordance with 49 C.F.R. 384, the Secretary of State may not issue a restricted driving permit for the operation of a commercial motor vehicle to a person holding a CDL whose driving privileges have been revoked, suspended, cancelled, or disqualified under this Code; or

8. failed to submit a report as required by Section 6-116.5 of this Code; or

cancelled until the driver registers as a sex offender as required by the Sex Offender Registration Act, proof of the registration is furnished to the Secretary of State and the sex offender provides proof of current address to the Secretary; or

10. is ineligible for a license or permit under Section 6-107, 6-107.1, or 6-108 of this Code; or

11. refused or neglected to appear at a Driver Services facility to have the license or permit corrected and a new license or permit issued or to present documentation for verification of identity; or

12. failed to submit a medical examiner's certificate or medical variance as required by 49 C.F.R. 383.71 or submitted a fraudulent medical examiner's certificate or medical variance; or

13. has had his or her medical examiner's certificate, medical variance, or both removed or rescinded by the Federal Motor Carrier Safety Administration; or

14. failed to self-certify as to the type of driving in which the CDL driver engages or expects to engage; or:

15. has submitted acceptable documentation indicating out-of-state residency to the Secretary of State to be released from the requirement of showing proof of financial responsibility in this State.

(b) Upon such cancellation the licensee or permittee must surrender the license or permit so cancelled to the Secretary of State.

(1) Four representatives involved with a program for high school students at a high school that is located in a municipality with a population of 2,000,000 or more and the program is a daily, 6-week to 9-week, 45-session, gender-specific, primary prevention course designed to raise awareness of topics such as dating and

domestic violence, any systematic conduct that causes measurable physical harm or emotional distress, sexual assault, digital abuse, self-defense, and suicide.

(4) A representative of a different nonprofit, nongovernmental domestic violence organization that is located in a municipality with a population of 2,000,000 or more.

(5) A representative of a statewide nonprofit, nongovernmental, sexual assault organization.

(6) A representative of a different nonprofit, nongovernmental, sexual assault organization based in a county with a population of 3,000,000 or more.

(9) A representative of the Department of Human Services.

(10) A representative of a statewide, nonprofit professional organization representing law enforcement executives.

(11) A representative of the Chicago Police Department, Youth Services Division.

(12) The Clerk of the Circuit Court in the First Judicial District or his or her designee.

(19) A representative of an organization representing school business officials.

(20) A representative of an organization representing large unit school districts.

(d) The following underlying purposes should be liberally construed by the task force convened under this Section:

(1) Recognize that, according to the Centers for Disease Control and Prevention, National Intimate Partner and Sexual Violence Survey, December 2010 Summary Report, on average 24 people per minute are victims of rape, physical violence, or stalking by an intimate partner in the United States, equaling more than 12 million women and men.

(2) Recognize that abused children and children exposed to domestic violence in their homes may have short and long-term physical, emotional, and learning problems, including increased aggression, decreased responsiveness to adults, failure to thrive, posttraumatic stress disorder, depression, anxiety, hypervigilance and hyperactivity, eating and sleeping problems, and developmental delays, according to the Journal of Interpersonal Violence and the Futures Without Violence organization.

(3) Recognize that the Illinois Violence Prevention Authority has found that children exposed to violence in the media may become numb to the horror of violence, may gradually accept violence as a way to solve problems, may imitate the violence they see, and may identify with certain characters, victims, or victimizers.

(4) Recognize that crimes and the incarceration of youth are often associated with a history of child abuse and exposure to domestic violence, according to Futures Without Violence.

(5) Recognize that the cost of prosecuting crime in this State is unnecessarily high due to a lack of prevention programs designed to eradicate domestic violence.

(6) Recognize that sexual violence, stalking, and intimate partner violence are serious and widespread public health problems for children and adults in this State.

(7) Recognize that intervention programs aimed at preventing domestic violence may yield better results than programs aimed at treating the victims of domestic violence, because treatment programs may reduce the likelihood that a
particular woman will be re-victimized, but might not otherwise reduce the overall amount of domestic violence.

(8) Recognize that uniform, effective, feasible, and widespread prevention of sexual violence and intimate partner violence is a high priority in this State.

(9) Recognize that the Step Back Program at Oak Park and River Forest High School in Cook County, Illinois, is a daily, 6 to 9 week, 45-session, gender-specific, primary prevention course for high school students designed to raise awareness of topics, including dating and domestic violence, bullying and harassment, sexual assault, digital abuse, self-defense, and suicide. The Step Back Program is co-facilitated by the high school and a nonprofit, nongovernmental domestic violence prevention specialist and service provider.

(10) Develop a statewide effective prevention course for high school students based on the Step Back Program for boys and girls designed to prevent interpersonal, adolescent violence.

(e) Members of the Eradicate Domestic Violence Task Force shall receive no compensation for their participation, but may be reimbursed by the State Board of Education for expenses in connection with their participation, including travel, if funds are available.

(f) Nothing in this Section or in the prevention course is intended to infringe upon any right to exercise free expression or the free exercise of religion or religiously based views protected under the First Amendment to the United States Constitution or under Section 3 or 4 of Article 1 of the Illinois Constitution.

The program established under this Act shall include, but not be limited to, the following major educational areas as a basis for curricula in all elementary and secondary schools in this State: human ecology and health, human growth and development, the emotional, psychological, physiological, hygienic and social responsibilities of family life, including sexual abstinence until marriage, prevention and control of disease, including instruction in grades 6 through 12 on the prevention, transmission and spread of AIDS, age-appropriate sexual abuse and assault awareness and prevention education in grades pre-kindergarten through 12, public and environmental health, consumer health, safety education and disaster survival, mental health and illness, personal health habits, alcohol, drug use, and abuse including the medical and legal ramifications of alcohol, drug, and tobacco use, abuse during pregnancy, sexual abstinence until marriage, tobacco, nutrition, and dental health. The program shall also provide course material and instruction to advise pupils of the Abandoned Newborn Infant Protection Act. The program shall include information about cancer, including without limitation types of cancer, signs and symptoms, risk factors, the importance of early prevention and detection, and information on where to go for help. Notwithstanding the above educational areas, the following areas may also be included as a basis for curricula in all elementary and secondary schools in this State: basic first aid (including, but not limited to, cardiopulmonary resuscitation and the Heimlich maneuver), heart disease, diabetes, stroke, the prevention of child abuse, neglect, and suicide, and teen dating violence in grades 7 through 12.
The school board of each public elementary and secondary school in the State shall encourage all teachers and other school personnel to acquire, develop, and maintain the knowledge and skills necessary to properly administer life-saving techniques, including without limitation the Heimlich maneuver and rescue breathing. The training shall be in accordance with standards of the American Red Cross, the American Heart Association, or another nationally recognized certifying organization. A school board may use the services of non-governmental entities whose personnel have expertise in life-saving techniques to instruct teachers and other school personnel in these techniques. Each school board is encouraged to have in its employ, or on its volunteer staff, at least one person who is certified, by the American Red Cross or by another qualified certifying agency, as qualified to administer first aid and cardiopulmonary resuscitation. In addition, each school board is authorized to allocate appropriate portions of its institute or inservice days to conduct training programs for teachers and other school personnel who have expressed an interest in becoming qualified to administer emergency first aid or cardiopulmonary resuscitation. School boards are urged to encourage their teachers and other school personnel who coach school athletic programs and other extracurricular school activities to acquire, develop, and maintain the knowledge and skills necessary to properly administer first aid and cardiopulmonary resuscitation in accordance with standards and requirements established by the American Red Cross or another qualified certifying agency. Subject to appropriation, the State Board of Education shall establish and administer a matching grant program to pay for half of the cost that a school district incurs in training those teachers and other school personnel who express an interest in becoming qualified to administer cardiopulmonary resuscitation (which training must be in accordance with standards of the American Red Cross, the American Heart Association, or another nationally recognized certifying organization) or in learning how to use an automated external defibrillator. A school district that applies for a grant must demonstrate that it has funds to pay half of the cost of the training for which matching grant money is sought. The State Board of Education shall award the grants on a first-come, first-serve basis.

No pupil shall be required to take or participate in any class or course on AIDS or family life instruction if his parent or guardian submits written objection thereto, and refusal to take or participate in the course or program shall not be reason for suspension or expulsion of the pupil.
Curricula developed under programs established in accordance with this Act in the major educational area of alcohol and drug use and abuse shall include classroom instruction in grades 5 through 12. The instruction, which shall include matters relating to both the physical and legal effects and ramifications of drug and substance abuse, shall be integrated into existing curricula; and the State Board of Education shall develop and make available to all elementary and secondary schools in this State instructional materials and guidelines which will assist the schools in incorporating the instruction into their existing curricula. In addition, school districts may offer, as part of existing curricula during the school day or as part of an after school program, support services and instruction for pupils or pupils whose parent, parents, or guardians are chemically dependent.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Public Utilities Act is amended by changing Section 9-201 as follows:

(220 ILCS 5/9-201) (from Ch. 111 2/3, par. 9-201)

Sec. 9-201. (a) Unless the Commission otherwise orders, and except as otherwise provided in this Section, no change shall be made by any public utility in any rate or other charge or classification, or in any rule, regulation, practice or contract relating to or affecting any rate or other charge, classification or service, or in any privilege or facility, except after 45 days' notice to the Commission and to the public as herein provided. Such notice shall be given by filing with the Commission and keeping open for public inspection new schedules or supplements stating plainly the change or changes to be made in the schedule or schedules then in force, and the time when the change or changes will go into effect, and by publication in a newspaper of general circulation or such other notice to persons affected by such change as may be prescribed by rule of the Commission. The Commission, for good cause shown, may allow changes without requiring the 45 days' notice herein provided for, by an order

specifying the changes so to be made and the time when they shall take effect and the manner in which they shall be filed and published.

When any change is proposed in any rate or other charge, or classification, or in any rule, regulation, practice, or contract relating to or affecting any rate or other charge, classification or service, or in any privilege or facility, such proposed change shall be plainly indicated on the new schedule filed with the Commission, by some character to be designated by the Commission, immediately preceding or following the item.

When any public utility providing water or sewer service proposes any change in any rate or other charge, or classification, or in any rule, regulation, practice, or contract relating to or affecting any rate or other charge, classification or service, or in any privilege or facility, such utility shall, in addition to the other notice requirements of this Act, provide notice of such change to all customers potentially affected by including a notice and description of such change, and of Commission procedures for intervention, in the first bill sent to each such customer after the filing of the proposed change.

For water or sewer utilities with greater than 15,000 total customers, the following notice requirements are applicable, in addition to the other notice requirements of this Act:

(1) As a separate bill insert, an initial notice in the first bill sent to all customers potentially affected by the proposed change after the filing of the proposed change shall include:

(B) a statement indicating that the estimated bill impact may vary based on multiple factors, including, but not limited to, meter size, usage volume, and the fire protection district;

(C) the water or sewer utility's customer service number or other number as may be appropriate where an authorized agent of the water or sewer utility can explain how the proposed increase might impact an individual customer's bill;

(D) if the proposed change involves a change from a flat to a volumetric rate, an explanation of volumetric rate;

(E) a reference to the water or sewer utility's website where customers can find tips on water conservation; and

(F) for customers receiving both water and sewer service from a utility and if the customer has an option to install a separate meter for irrigation to mitigate sewer charges, an explanation of the water and sewer utility's and the customer's responsibilities for installation of a separate meter if such a change is approved.

(2) A second notice to all customers shall be included on the first bill after the Commission suspends the tariffs initiating the rate case.

(3) Final notice of such change shall be sent to all customers potentially affected by the proposed change by including information required under this paragraph (3) with the first bill after the effective date of the rates approved by the Final Order of the Commission in a rate case. The notice shall include the following:

(A) the date when the change or changes went into effect;

(B) the water or sewer utility's customer service number or other number as may be appropriate where an authorized agent of the water or sewer utility can explain how the proposed increase might impact an individual customer's bill;

(C) an explanation that usage shall now be charged at a volumetric rate rather than a flat rate, if applicable;

(D) a reference to the water or sewer utility's website where the customer can find tips on water conservation; and

(E) for customers receiving both water and sewer service from a utility and if the customer has an option to install a separate meter for irrigation to mitigate sewer charges, an explanation of the water and sewer utility's and the customer's responsibilities for installation of a separate meter if such a change is approved.

(b) Whenever there shall be filed with the Commission any schedule stating an individual or joint rate or other charge, classification, contract, practice, rule or regulation, the Commission shall have power,
and it is hereby given authority, either upon complaint or upon its own 
initiative without complaint, at once, and if it so orders, without answer or 
other formal pleadings by the interested public utility or utilities, but upon 
reasonable notice, to enter upon a hearing concerning the propriety of such 
rate or other charge, classification, contract, practice, rule or regulation, 
and pending the hearing and decision thereon, such rate or other charge, 
classification, contract, practice, rule or regulation shall not go into effect. 
The period of suspension of such rate or other charge, classification, 
contract, practice, rule or regulation shall not extend more than 105 days 
beyond the time when such rate or other charge, classification, contract, 
practice, rule or regulation would otherwise go into effect unless the 
Commission, in its discretion, extends the period of suspension for a 
further period not exceeding 6 months.

All rates or other charges, classifications, contracts, practices, rules 
or regulations not so suspended shall, on the expiration of 45 days from 
the time of filing the same with the Commission, or of such lesser time as 
the Commission may grant, go into effect and be the established and 
effective rates or other charges, classifications, contracts, practices, rules 
and regulations, subject to the power of the Commission, after a hearing 
had on its own motion or upon complaint, as herein provided, to alter or 
modify the same.

Within 30 days after such changes have been authorized by the 
Commission, copies of the new or revised schedules shall be posted or 
filed in accordance with the terms of Section 9-103 of this Act, in such a 
manner that all changes shall be plainly indicated. The Commission shall 
incorporate into the period of suspension a review period of 4 business 
days during which the Commission may review and determine whether the 
new or revised schedules comply with the Commission's decision 
approving a change to the public utility's rates. Such review period shall 
not extend the suspension period by more than 2 days. Absent notification 
to the contrary within the 4 business day period, the new or revised 
schedules shall be deemed approved.

(c) If the Commission enters upon a hearing concerning the 
propriety of any proposed rate or other charge, classification, contract, 
practice, rule or regulation, the Commission shall establish the rates or 
other charges, classifications, contracts, practices, rules or regulations 
proposed, in whole or in part, or others in lieu thereof, which it shall find 
to be just and reasonable. In such hearing, the burden of proof to establish 
the justness and reasonableness of the proposed rates or other charges,

classifications, contracts, practices, rules or regulations, in whole and in part, shall be upon the utility. The utility, the staff of the Commission, the Attorney General, or any party to a proceeding initiated under this Section who has been granted intervenor status and submitted a post-hearing brief must be given the opportunity to present oral argument, if requested no later than the date for filing exceptions, on the propriety of any proposed rate or other charge, classification, contract, practice, rule, or regulation. No rate or other charge, classification, contract, practice, rule or regulation shall be found just and reasonable unless it is consistent with Sections of this Article.

(d) Except where compliance with Section 8-401 of this Act is of urgent and immediate concern, no representative of a public utility may discuss with a commissioner, commissioner's assistant, or hearing examiner in a non-public setting a planned filing for a general rate increase. If a public utility makes a filing under this Section, then no substantive communication by any such person with a commissioner, commissioner's assistant or hearing examiner concerning the filing is permitted until a notice of hearing has been issued. After the notice of hearing has been issued, the only communications by any such person with a commissioner, commissioner's assistant, or hearing examiner concerning the filing permitted are communications permitted under Section 10-103 of this Act. If any such communication does occur, then within 5 days of the docket being initiated all details relating to the communication shall be placed on the public record of the proceeding. The record shall include any materials, whether written, recorded, filmed, or graphic in nature, produced or reproduced on any media, used in connection with the communication. The record shall reflect the names of all persons who transmitted, received, or were otherwise involved in the communication, the duration of the communication, and whether the communication occurred in person or by other means. In the case of an oral communication, the record shall also reflect the location or locations of all persons involved in the communication and, if the communication occurred by telephone, the telephone numbers for the callers and recipients of the communication. A commissioner, commissioner's assistant, or hearing examiner who is involved in any such communication shall be recused from the affected proceeding. The Commission, or any commissioner or hearing examiner presiding over the proceeding shall, in the event of a violation of this Section, take action necessary to ensure that such violation does not prejudice any party or adversely affect the fairness

of the proceedings including dismissing the affected proceeding. Nothing in this subsection (d) is intended to preclude otherwise allowable updates on issues that may be indirectly related to a general rate case filing because cost recovery for the underlying activity may be requested. Such updates may include, without limitation, issues related to outages and restoration, credit ratings, security issuances, reliability, Federal Energy Regulatory Commission matters, Federal Communications Commission matters, regional reliability organizations, consumer education, or labor matters, provided that such updates may not include cost recovery in a planned rate case.

Section 5. The Medical Practice Act of 1987 is amended by changing Section 54.5 as follows:

(225 ILCS 60/54.5)

(Section scheduled to be repealed on December 31, 2013)

Sec. 54.5. Physician delegation of authority to physician assistants and advanced practice nurses.

(a) Physicians licensed to practice medicine in all its branches may delegate care and treatment responsibilities to a physician assistant under guidelines in accordance with the requirements of the Physician Assistant Practice Act of 1987. A physician licensed to practice medicine in all its branches may enter into supervising physician agreements with no more than 5 physician assistants as set forth in subsection (a) of Section 7 of the Physician Assistant Practice Act of 1987.

Collaboration is for the purpose of providing medical consultation, and no employment relationship is required. A written collaborative agreement shall conform

New matter indicated by italics - deletions by strikeout
to the requirements of Section 65-35 of the Nurse Practice Act. The written collaborative agreement shall be for services the collaborating physician generally provides or may provide in to his or her patients in the normal course of clinical medical practice. A written collaborative agreement shall be adequate with respect to collaboration with advanced practice nurses if all of the following apply:

   (1) The agreement is written to promote the exercise of professional judgment by the advanced practice nurse commensurate with his or her education and experience. The agreement need not describe the exact steps that an advanced practice nurse must take with respect to each specific condition, disease, or symptom, but must specify those procedures that require a physician's presence as the procedures are being performed.

   (2) Practice guidelines and orders are developed and approved jointly by the advanced practice nurse and collaborating physician, as needed, based on the practice of the practitioner. Such guidelines and orders and the patient services provided thereunder are periodically reviewed by the collaborating physician.

   (3) The advanced practice nurse provides services the collaborating physician generally provides or may provide in to his or her patients in the normal course of clinical medical practice, except as set forth in subsection (b-5) of this Section. With respect to labor and delivery, the collaborating physician must provide delivery services in order to participate with a certified nurse midwife.

   (4) The collaborating physician and advanced practice nurse consult at least once a month to provide collaboration and consultation.

   (5) Methods of communication are available with the collaborating physician in person or through telecommunications for consultation, collaboration, and referral as needed to address patient care needs.

   (6) The agreement contains provisions detailing notice for termination or change of status involving a written collaborative agreement, except when such notice is given for just cause.

   (b-5) An anesthesiologist or physician licensed to practice medicine in all its branches may collaborate with a certified registered
nurse anesthetist in accordance with Section 65-35 of the Nurse Practice Act for the provision of anesthesia services. With respect to the provision of anesthesia services, the collaborating anesthesiologist or physician shall have training and experience in the delivery of anesthesia services consistent with Department rules. Collaboration shall be adequate if:

1. an anesthesiologist or a physician participates in the joint formulation and joint approval of orders or guidelines and periodically reviews such orders and the services provided patients under such orders; and

2. for anesthesia services, the anesthesiologist or physician participates through discussion of and agreement with the anesthesia plan and is physically present and available on the premises during the delivery of anesthesia services for diagnosis, consultation, and treatment of emergency medical conditions. Anesthesia services in a hospital shall be conducted in accordance with Section 10.7 of the Hospital Licensing Act and in an ambulatory surgical treatment center in accordance with Section 6.5 of the Ambulatory Surgical Treatment Center Act.

(b-10) The anesthesiologist or operating physician must agree with the anesthesia plan prior to the delivery of services.

(c) The supervising physician shall have access to the medical records of all patients attended by a physician assistant. The collaborating physician shall have access to the medical records of all patients attended to by an advanced practice nurse.

(d) (Blank).

(e) A physician shall not be liable for the acts or omissions of a physician assistant or advanced practice nurse solely on the basis of having signed a supervision agreement or guidelines or a collaborative agreement, an order, a standing medical order, a standing delegation order, or other order or guideline authorizing a physician assistant or advanced practice nurse to perform acts, unless the physician has reason to believe the physician assistant or advanced practice nurse lacked the competency to perform the act or acts or commits willful and wanton misconduct.

(f) A collaborating physician may, but is not required to, delegate prescriptive authority to an advanced practice nurse as part of a written collaborative agreement, and the delegation of prescriptive authority shall conform to the requirements of Section 65-40 of the Nurse Practice Act.

(g) A supervising physician may, but is not required to, delegate prescriptive authority to a physician assistant as part of a written

supervision agreement, and the delegation of prescriptive authority shall conform to the requirements of Section 7.5 of the Physician Assistant Practice Act of 1987.

(h) For the purposes of this Section, "generally provides or may provide in his or her clinical medical practice" means categories of care or treatment, not specific tasks or duties, that the physician provides individually or through delegation to other persons so that the physician has the experience and ability to provide collaboration and consultation. This definition shall not be construed to prohibit an advanced practice nurse from providing primary health treatment or care within the scope of his or her training and experience, including, but not limited to, health screenings, patient histories, physical examinations, women's health examinations, or school physicals that may be provided as part of the routine practice of an advanced practice nurse or on a volunteer basis.

(225 ILCS 65/65-35) (was 225 ILCS 65/15-15)

(Sec. 65-35. Written collaborative agreements.

(a) A written collaborative agreement is required for all advanced practice nurses engaged in clinical practice, except for advanced practice nurses who are authorized to practice in a hospital or ambulatory surgical treatment center.

(a-5) If an advanced practice nurse engages in clinical practice outside of a hospital or ambulatory surgical treatment center in which he or she is authorized to practice, the advanced practice nurse must have a written collaborative agreement.

(b) A written collaborative agreement shall describe the working relationship of the advanced practice nurse with the collaborating physician or podiatrist and shall authorize the categories of care, treatment, or procedures to be performed by the advanced practice nurse. A collaborative agreement with a dentist must be in accordance with subsection (c-10) of this Section. Collaboration does not require an employment relationship between the collaborating physician and advanced practice nurse. Absent an employment relationship, an agreement may not restrict the categories of patients or third-party payment sources accepted by the advanced practice nurse. Collaboration

New matter indicated by italics - deletions by strikeout
means the relationship under which an advanced practice nurse works with a collaborating physician or podiatrist in an active clinical practice to deliver health care services in accordance with (i) the advanced practice nurse's training, education, and experience and (ii) collaboration and consultation as documented in a jointly developed written collaborative agreement.

The agreement shall promote the exercise of professional judgment by the advanced practice nurse commensurate with his or her education and experience. The services to be provided by the advanced practice nurse shall be services that the collaborating physician or podiatrist is authorized to and generally provides or may provide to his or her patients in the normal course of his or her clinical medical or podiatric practice, except as set forth in subsections (b-5) or subsection (c-5) of this Section. The agreement need not describe the exact steps that an advanced practice nurse must take with respect to each specific condition, disease, or symptom but must specify which authorized procedures require the presence of the collaborating physician or podiatrist as the procedures are being performed. The collaborative relationship under an agreement shall not be construed to require the personal presence of a physician or podiatrist at the place where services are rendered. Methods of communication shall be available for consultation with the collaborating physician or podiatrist in person or by telecommunications in accordance with established written guidelines as set forth in the written agreement.

(b-5) Absent an employment relationship, a written collaborative agreement may not (1) restrict the categories of patients of an advanced practice nurse within the scope of the advanced practice nurses training and experience, (2) limit third party payors or government health programs, such as the medical assistance program or Medicare with which the advanced practice nurse contracts, or (3) limit the geographic area or practice location of the advanced practice nurse in this State.

(c) Collaboration and consultation under all collaboration agreements shall be adequate if a collaborating physician or podiatrist does each of the following:

(1) Participates in the joint formulation and joint approval of orders or guidelines with the advanced practice nurse and he or she periodically reviews such orders and the services provided patients under such orders in accordance with accepted standards of medical practice or podiatric practice and advanced practice nursing practice.
(2) Provides collaboration and consultation with the advanced practice nurse at least once a month. In the case of anesthesia services provided by a certified registered nurse anesthetist, an anesthesiologist, physician, dentist, or podiatrist must participate through discussion of and agreement with the anesthesia plan and remain physically present and available on the premises during the delivery of anesthesia services for diagnosis, consultation, and treatment of emergency medical conditions.

(3) Is available through telecommunications for consultation on medical problems, complications, or emergencies or patient referral. In the case of anesthesia services provided by a certified registered nurse anesthetist, an anesthesiologist, physician, dentist, or podiatrist must participate through discussion of and agreement with the anesthesia plan and remain physically present and available on the premises during the delivery of anesthesia services for diagnosis, consultation, and treatment of emergency medical conditions.

The agreement must contain provisions detailing notice for termination or change of status involving a written collaborative agreement, except when such notice is given for just cause.

(c-5) A certified registered nurse anesthetist, who provides anesthesia services outside of a hospital or ambulatory surgical treatment center shall enter into a written collaborative agreement with an anesthesiologist or the physician licensed to practice medicine in all its branches or the podiatrist performing the procedure. Outside of a hospital or ambulatory surgical treatment center, the certified registered nurse anesthetist may provide only those services that the collaborating podiatrist is authorized to provide pursuant to the Podiatric Medical Practice Act of 1987 and rules adopted thereunder. A certified registered nurse anesthetist may select, order, and administer medication, including controlled substances, and apply appropriate medical devices for delivery of anesthesia services under the anesthesia plan agreed with by the anesthesiologist or the operating physician or operating podiatrist.

(c-10) A certified registered nurse anesthetist who provides anesthesia services in a dental office shall enter into a written collaborative agreement with an anesthesiologist or the physician licensed to practice medicine in all its branches or the operating dentist performing the procedure. The agreement shall describe the working relationship of the certified registered nurse anesthetist and dentist and shall authorize the
categories of care, treatment, or procedures to be performed by the certified registered nurse anesthetist. In a collaborating dentist's office, the certified registered nurse anesthetist may only provide those services that the operating dentist with the appropriate permit is authorized to provide pursuant to the Illinois Dental Practice Act and rules adopted thereunder. For anesthesia services, an anesthesiologist, physician, or operating dentist shall participate through discussion of and agreement with the anesthesia plan and shall remain physically present and be available on the premises during the delivery of anesthesia services for diagnosis, consultation, and treatment of emergency medical conditions. A certified registered nurse anesthetist may select, order, and administer medication, including controlled substances, and apply appropriate medical devices for delivery of anesthesia services under the anesthesia plan agreed with by the operating dentist.

(d) A copy of the signed, written collaborative agreement must be available to the Department upon request from both the advanced practice nurse and the collaborating physician or podiatrist.

(e) Nothing in this Act shall be construed to limit the delegation of tasks or duties by a physician to a licensed practical nurse, a registered professional nurse, or other persons in accordance with Section 54.2 of the Medical Practice Act of 1987. Nothing in this Act shall be construed to limit the method of delegation that may be authorized by any means, including, but not limited to, oral, written, electronic, standing orders, protocols, guidelines, or verbal orders.

(f) An advanced practice nurse shall inform each collaborating physician, dentist, or podiatrist of all collaborative agreements he or she has signed and provide a copy of these to any collaborating physician, dentist, or podiatrist upon request.

(g) For the purposes of this Act, "generally provides or may provide in to his or her patients in the normal course of his or her clinical medical practice" means categories of care or treatment services, not specific tasks or duties, the physician or podiatrist routinely provides individually or through delegation to other persons so that the physician or podiatrist has the experience and ability to provide collaboration and consultation. This definition shall not be construed to prohibit an advanced practice nurse from providing primary health treatment or care within the scope of his or her training and experience, including, but not limited to, health screenings, patient histories, physical examinations, women's health examinations, or school physicals that may be provided as

PUBLIC ACT 98-0203
(House Bill No. 0983)

AN ACT concerning local government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Local Government Debt Reform Act is amended by changing Section 15 as follows:

(30 ILCS 350/15) (from Ch. 17, par. 6915)

Sec. 15. Double-barrelled bonds. Whenever revenue bonds have been authorized to be issued pursuant to applicable law or whenever there exists for a governmental unit a revenue source, the procedures set forth in this Section may be used by a governing body. General obligation bonds may be issued in lieu of such revenue bonds as authorized, and general obligation bonds may be issued payable from any revenue source. Such general obligation bonds may be referred to as "alternate bonds". Alternate bonds may be issued without any referendum or backdoor referendum except as provided in this Section, upon the terms provided in Section 10 of this Act without reference to other provisions of law, but only upon the conditions provided in this Section. Alternate bonds shall not be regarded as or included in any computation of indebtedness for the purpose of any statutory provision or limitation except as expressly provided in this Section.

Such conditions are:

(a) Alternate bonds shall be issued for a lawful corporate purpose. If issued in lieu of revenue bonds, alternate bonds shall be issued for the purposes for which such revenue bonds shall have been authorized. If issued payable from a revenue source in the manner hereinafter provided,
which revenue source is limited in its purposes or applications, then the alternate bonds shall be issued only for such limited purposes or applications. Alternate bonds may be issued payable from either enterprise revenues or revenue sources, or both.

(b) Alternate bonds shall be subject to backdoor referendum. The provisions of Section 5 of this Act shall apply to such backdoor referendum, together with the provisions hereof. The authorizing ordinance shall be published in a newspaper of general circulation in the governmental unit. Along with or as part of the authorizing ordinance, there shall be published a notice of (1) the specific number of voters required to sign a petition requesting that the issuance of the alternate bonds be submitted to referendum, (2) the time when such petition must be filed, (3) the date of the prospective referendum, and (4), with respect to authorizing ordinances adopted on or after January 1, 1991, a statement that identifies any revenue source that will be used to pay debt service on the alternate bonds. The clerk or secretary of the governmental unit shall make a petition form available to anyone requesting one.

*Except as provided in the following paragraph, if* no petition is filed with the clerk or secretary within 30 days of publication of the authorizing ordinance and notice, the alternate bonds shall be authorized to be issued. But if within this 30 days period, a petition is filed with such clerk or secretary signed by electors numbering the greater of (i) 7.5% of the registered voters in the governmental unit or (ii) 200 of those registered voters or 15% of those registered voters, whichever is less, asking that the issuance of such alternate bonds be submitted to referendum, the clerk or secretary shall certify such question for submission at an election held in accordance with the general election law.

*Notwithstanding the previous paragraph, in governmental units with fewer than 500,000 inhabitants that propose to issue alternate bonds payable solely from enterprise revenues as defined under Section 3 of this Act, except for such alternate bonds that finance or refinance projects concerning public utilities, public streets and roads or public safety facilities, and related infrastructure and equipment, if no petition is filed with the clerk or secretary within 45 days of publication of the authorizing ordinance and notice, the alternate bonds shall be authorized to be issued. But if, within this 45-day period, a petition is filed with such clerk or secretary signed by the necessary number of electors, asking that the issuance of such alternate bonds be submitted to referendum, the clerk or secretary shall certify such question for submission at an election held in*
accordance with the general election law. For purposes of this paragraph, the necessary number of electors for a governmental unit with more than 4,000 registered voters is the lesser of (i) 5% of the registered voters or (ii) 5,000 registered voters; and the necessary number of electors for a governmental unit with 4,000 or fewer registered voters is the lesser of (i) 15% of the registered voters or (ii) 200 registered voters.

The question on the ballot shall include a statement of any revenue source that will be used to pay debt service on the alternate bonds. The alternate bonds shall be authorized to be issued if a majority of the votes cast on the question at such election are in favor thereof provided that notice of the bond referendum, if held before July 1, 1999, has been given in accordance with the provisions of Section 12-5 of the Election Code in effect at the time of the bond referendum, at least 10 and not more than 45 days before the date of the election, notwithstanding the time for publication otherwise imposed by Section 12-5. Notices required in connection with the submission of public questions on or after July 1, 1999 shall be as set forth in Section 12-5 of the Election Code. Backdoor referendum proceedings for bonds and alternate bonds to be issued in lieu of such bonds may be conducted at the same time.

(c) To the extent payable from enterprise revenues, such revenues shall have been determined by the governing body to be sufficient to provide for or pay in each year to final maturity of such alternate bonds all of the following: (1) costs of operation and maintenance of the utility or enterprise, but not including depreciation, (2) debt service on all outstanding revenue bonds payable from such enterprise revenues, (3) all amounts required to meet any fund or account requirements with respect to such outstanding revenue bonds, (4) other contractual or tort liability obligations, if any, payable from such enterprise revenues, and (5) in each year, an amount not less than 1.25 times debt service of all (i) alternate bonds payable from such enterprise revenues previously issued and outstanding and (ii) alternate bonds proposed to be issued. To the extent payable from one or more revenue sources, such sources shall have been determined by the governing body to provide in each year, an amount not less than 1.25 times debt service of all alternate bonds payable from such revenue sources previously issued and outstanding and alternate bonds proposed to be issued. The 1.25 figure in the preceding sentence shall be reduced to 1.10 if the revenue source is a governmental revenue source. The conditions enumerated in this subsection (c) need not be met for that
amount of debt service provided for by the setting aside of proceeds of bonds or other moneys at the time of the delivery of such bonds.

(c-1) In the case of alternate bonds issued as variable rate bonds (including refunding bonds), debt service shall be projected based on the rate for the most recent date shown in the 20 G.O. Bond Index of average municipal bond yields as published in the most recent edition of The Bond Buyer published in New York, New York (or any successor publication or index, or if such publication or index is no longer published, then any index of long-term municipal tax-exempt bond yields selected by the governmental unit), as of the date of determination referred to in subsection (c) of this Section. Any interest or fees that may be payable to the provider of a letter of credit, line of credit, surety bond, bond insurance, or other credit enhancement relating to such alternate bonds and any fees that may be payable to any remarketing agent need not be taken into account for purposes of such projection. If the governmental unit enters into an agreement in connection with such alternate bonds at the time of issuance thereof pursuant to which the governmental unit agrees for a specified period of time to pay an amount calculated at an agreed-upon rate or index based on a notional amount and the other party agrees to pay the governmental unit an amount calculated at an agreed-upon rate or index based on such notional amount, interest shall be projected for such specified period of time on the basis of the agreed-upon rate payable by the governmental unit.

(d) The determination of the sufficiency of enterprise revenues or a revenue source, as applicable, shall be supported by reference to the most recent audit of the governmental unit, which shall be for a fiscal year ending not earlier than 18 months previous to the time of issuance of the alternate bonds. If such audit does not adequately show such enterprise revenues or revenue source, as applicable, or if such enterprise revenues or revenue source, as applicable, are shown to be insufficient, then the determination of sufficiency shall be supported by the report of an independent accountant or feasibility analyst, the latter having a national reputation for expertise in such matters, who is not otherwise involved in the project being financed or refinanced with the proceeds of the alternate bonds, demonstrating the sufficiency of such revenues and explaining, if appropriate, by what means the revenues will be greater than as shown in the audit. Whenever such sufficiency is demonstrated by reference to a schedule of higher rates or charges for enterprise revenues or a higher tax imposition for a revenue source, such higher rates, charges or taxes shall

have been properly imposed by an ordinance adopted prior to the time of
delivery of alternate bonds. The reference to and acceptance of an audit or
report, as the case may be, and the determination of the governing body as
to sufficiency of enterprise revenues or a revenue source shall be
conclusive evidence that the conditions of this Section have been met and
that the alternate bonds are valid.

(e) The enterprise revenues or revenue source, as applicable, shall
be in fact pledged to the payment of the alternate bonds; and the governing
body shall covenant, to the extent it is empowered to do so, to provide for,
collect and apply such enterprise revenues or revenue source, as
applicable, to the payment of the alternate bonds and the provision of not
less than an additional .25 (or .10 for governmental revenue sources) times
debt service. The pledge and establishment of rates or charges for
enterprise revenues, or the imposition of taxes in a given rate or amount,
as provided in this Section for alternate bonds, shall constitute a
continuing obligation of the governmental unit with respect to such
establishment or imposition and a continuing appropriation of the amounts
received. All covenants relating to alternate bonds and the conditions and
obligations imposed by this Section are enforceable by any bondholder of
alternate bonds affected, any taxpayer of the governmental unit, and the
People of the State of Illinois acting through the Attorney General or any
designee, and in the event that any such action results in an order finding
that the governmental unit has not properly set rates or charges or imposed
taxes to the extent it is empowered to do so or collected and applied
taxes to the extent it is empowered to do so or collected and applied
enterprise revenues or any revenue source, as applicable, as required by
this Act, the plaintiff in any such action shall be awarded reasonable
attorney's fees. The intent is that such enterprise revenues or revenue
source, as applicable, shall be sufficient and shall be applied to the
payment of debt service on such alternate bonds so that taxes need not be
levied, or if levied need not be extended, for such payment. Nothing in this
Section shall inhibit or restrict the authority of a governing body to
determine the lien priority of any bonds, including alternate bonds, which
may be issued with respect to any enterprise revenues or revenue source.

In the event that alternate bonds shall have been issued and taxes,
other than a designated revenue source, shall have been extended pursuant
to the general obligation, full faith and credit promise supporting such
alternate bonds, then the amount of such alternate bonds then outstanding
shall be included in the computation of indebtedness of the governmental
unit for purposes of all statutory provisions or limitations until such time

as an audit of the governmental unit shall show that the alternate bonds have been paid from the enterprise revenues or revenue source, as applicable, pledged thereto for a complete fiscal year.

Alternate bonds may be issued to refund or advance refund alternate bonds without meeting any of the conditions set forth in this Section, except that the term of the refunding bonds shall not be longer than the term of the refunded bonds and that the debt service payable in any year on the refunding bonds shall not exceed the debt service payable in such year on the refunded bonds.

Once issued, alternate bonds shall be and forever remain until paid or defeased the general obligation of the governmental unit, for the payment of which its full faith and credit are pledged, and shall be payable from the levy of taxes as is provided in this Act for general obligation bonds.

The changes made by this amendatory Act of 1990 do not affect the validity of bonds authorized before September 1, 1990.

Section 5. The Counties Code is amended by changing Section 5-12014 as follows:

(55 ILCS 5/5-12014) (from Ch. 34, par. 5-12014)

Sec. 5-12014. Amendment of regulations and districts.

(a) For purposes of this Section, the term "text amendment" means an amendment to the text of a zoning ordinance, which affects the whole county, and the term "map amendment" means an amendment to the map of a zoning ordinance, which affects an individual parcel or parcels of land.

(b) The regulations imposed and the districts created under the authority of this Division may be amended from time to time by ordinance or resolution, after the ordinance or resolution establishing same has gone into effect, but no such amendments shall be made without a hearing before the board of appeals. In such cases, a copy of the written protest shall be served by the protestor or protestors on the applicant for the proposed amendment and a copy upon the applicant's attorney, if any, by certified mail at the address of such applicant and attorney shown in the application for the proposed amendment. Notwithstanding any other provision of this Section, if a map amendment is proposed solely to correct an error made by the county as a result of a comprehensive rezoning by the county, the map amendments may be passed at a county board meeting by a simple majority of the elected board.

 (b) Any material violation of this Act, including the commission of an act prohibited under Section 4-5, constitutes a violation of the Consumer Fraud and Deceptive Business Practices Act.
 (c) If any provision of the written agreement described in subsection (b) of Section 2-20 violates this Act, then that provision is unenforceable against the consumer.
 (d) Subject to the Illinois Administrative Procedure Act, the Secretary may hold hearings, make findings of fact, conclusions of law, issue cease and desist orders, have the power to issue fines of up to $10,000 per violation, refer the matter to the appropriate law enforcement agency for prosecution under this Act, and suspend or revoke a license granted under this Act. All proceedings shall be open to the public.
 (e) The Secretary may issue a cease and desist order to any licensee or other person doing business without the required license, when in the opinion of the Secretary the licensee or other person is violating or is about to violate any provision of this Act or any rule or requirement imposed in writing by the Department as a condition of granting any authorization permitted by this Act. The cease and desist order permitted by this subsection (e) may be issued prior to a hearing.

The Secretary shall serve notice of his or her action, including, but not limited to, a statement of the reasons for the action, either personally or by certified mail, return receipt requested. Service by certified mail shall be deemed completed when the notice is deposited in the U.S. Mail.

The powers vested in the Secretary by this subsection (e) are additional to any and all other powers and remedies vested in the Secretary by law, and nothing in this subsection (e) shall be construed as requiring that the Secretary shall employ the power conferred in this subsection instead of or as a condition precedent to the exercise of any other power or remedy vested in the Secretary.

The Secretary may fine, suspend, or revoke only the particular license with respect to which grounds for the fine, revocation, or suspension occur or exist, but if the Secretary finds that grounds for revocation are of general application to all offices or to more than one office of the licensee, the Secretary shall fine, suspend, or revoke every license to which the grounds apply.

The Department shall establish by rule and publish a schedule of fines that are reasonably tailored to ensure compliance with the provisions of this Act and which include remedial measures intended to improve licensee compliance. Such rules shall set forth the standards and procedures to be used in imposing any such fines and remedies.

No revocation, suspension, or surrender of any license shall impair or affect the obligation of any pre-existing lawful contract between the licensee and any obligor.

AN ACT concerning regulation.
Be it enacted by the People of the State of Illinois, represented in
the General Assembly:
Section 5. The Public Utilities Act is amended by adding Section
9-210.5 as follows:
(220 ILCS 5/9-210.5 new)
Sec. 9-210.5. Valuation of water and sewer utilities.
(a) In this Section:
"Disinterested" means that the person directly involved (1) is not a director, officer, or an employee of the large public utility or the water or sewer utility or its direct affiliates or subsidiaries for at least 12 months before becoming engaged under this Section; (2) shall not derive a material financial benefit from the sale of the water or sewer utility other than fees for services rendered, and (3) shall not have a member of the person's immediate family, including a spouse, parents or spouse's parents, children or spouses of children, or siblings and their spouses or children, be a director, officer, or employee of either the large public utility or water or sewer utility or the water or sewer utility or its direct affiliates or subsidiaries for at least 12 months before becoming engaged under this Section or receive a material financial benefit from the sale of the water or sewer utility other than fees for services rendered.
"District" means a service area of a large public utility whose customers are subject to the same rate tariff.
"Large public utility" means an investor-owned public utility that:
(1) is subject to regulation by the Illinois Commerce Commission under this Act;
(2) regularly provides water or sewer service to more than 30,000 customer connections;
(3) provides safe and adequate service; and
(4) is not a water or sewer utility as defined in this subsection (a).
"Next rate case" means a large public utility's first general rate case after the date the large public utility acquires the water
or sewer utility where the acquired water or sewer utility's cost of service is considered as part of determining the large public utility's resulting rates.

"Prior rate case" means a large public utility's general rate case resulting in the rates in effect for the large public utility at the time it acquires the water or sewer utility.

"Utility service source" means the water or sewer utility or large public utility from which the customer receives its utility service type.

"Utility service type" means water utility service or sewer utility service or water and sewer utility service.

"Water or sewer utility" means any of the following:

(1) a public utility that regularly provides water or sewer service to 6,000 or fewer customer connections;

(2) a water district, including, but not limited to, a public water district, water service district, or surface water protection district, or a sewer district of any kind established as a special district under the laws of this State that regularly provides water or sewer service to 7,500 or fewer customer connections;

(3) a waterworks system or sewerage system established under the Township Code that regularly provides water or sewer service to 7,500 or fewer customer connections; or

(4) a water system or sewer system owned by a municipality that regularly provides water or sewer service to 7,500 or fewer customer connections; and

(5) any other entity that regularly provides water or sewer service to 7,500 or fewer customer connections.

(b) Notwithstanding any other provision of this Act, a large public utility that acquires a water or sewer utility may request that the Commission use, and, if so requested, the Commission shall use, the procedures set forth under this Section to establish the ratemaking rate base of that water or sewer utility at the time when it is acquired by the large public utility.

(c) If a large public utility elects the procedures under this Section to establish the rate base of a water or sewer utility that it is acquiring, then 3 appraisals shall be performed. The average of these 3 appraisals shall represent the fair market value of the water or sewer utility that is

New matter indicated by italics - deletions by strikeout
being acquired. The appraisals shall be performed by 3 appraisers selected by the Commission's water department manager and engaged by either the water or sewer utility being acquired or by the large public utility. The Commission's water department manager shall select the appraisers within 30 days after the water department manager is officially notified. Each appraiser shall be engaged on reasonable terms approved by the Commission. Each appraiser shall be a disinterested person licensed as a State certified general real estate appraiser under the Real Estate Appraiser Licensing Act of 2002.

Each appraiser shall:

(1) be sworn to determine the fair market value of the water or sewer utility by establishing the amount for which the water or sewer utility would be sold in a voluntary transaction between a willing buyer and willing seller under no obligation to buy or sell;

(2) determine fair market value in compliance with the Uniform Standards of Professional Appraisal Practice;

(3) engage one disinterested engineer who is licensed in this State to prepare an assessment of the tangible assets of the water or sewer utility, which is to be incorporated into the appraisal under the cost approach;

(4) if the water or sewer utility is a public utility that is regulated by the Commission, request from the manager of the Accounting Department a list of investments made by the water or sewer utility that had been disallowed previously and that shall be excluded from the calculation of the large public utility's rate base in its next rate case; and

(5) return their appraisal, in writing, to the water or sewer utility and large public utility in a reasonable and timely manner.

If the appraiser cannot engage an engineer, as described in paragraph (3) of this subsection (c), within 30 days after the appraiser is engaged, then the Commission's water department manager shall recommend the engineer the appraiser should engage. The Commission's water department manager shall provide his or her recommendation within 30 days after he or she is officially notified of the appraiser’s failure to engage an engineer and the appraiser shall promptly work to engage the recommended engineer. If the appraiser is unable to negotiate reasonable engagement terms with the recommended engineer within 15 days after the recommendation by the Commission's water department manager, then the appraiser shall notify the Commission's water

department manager and the process shall be repeated until an engineer is successfully engaged.

(d) The lesser of (i) the purchase price or (ii) the fair market value determined under subsection (c) of this Section shall constitute the rate base associated with the water or sewer utility as acquired by and incorporated into the rate base of the district designated by the acquiring large public utility under this Section, subject to any adjustments that the Commission deems necessary to ensure such rate base reflects prudent and useful investments in the provision of public utility service. The reasonable transaction and closing costs incurred by the large public utility shall be treated consistent with the applicable accounting standards under this Act. The amount of the appraiser's fees to be included in the transaction and closing costs shall not exceed the greater of $15,000 or 5% of the appraised value of the water or sewer utility being acquired. This rate base treatment shall not be deemed to violate this Act, including, but not limited to, any Sections in Articles VIII and IX of this Act that might be affected by this Section. Any acquisition of a water or sewer utility that affects the cumulative base rates of the large public utility's existing ratepayers in the tariff group into which the water or sewer utility is to be combined by less than (1) 2.5% at the time of the acquisition for any single acquisition completed under this Section or (2) 5% for all acquisitions completed under this Section before the Commission's final order in the next rate case shall not be deemed to violate Section 7-204 or any other provision of this Act.

In the Commission's order that approves the large public utility's acquisition of the water or sewer utility, the Commission shall issue its decision establishing (1) the ratemaking rate base of the water or sewer utility and (2) the district or tariff group with which the water or sewer utility shall be combined for ratemaking purposes.

(e) If the water or sewer utility being acquired is owned by the State or any political subdivision thereof, then the water or sewer utility must inform the public of the terms of its acquisition by the large public utility by (1) holding a public meeting prior to the acquisition and (2) causing to be published, in a newspaper of general circulation in the area that the water or sewer utility operates, a notice setting forth the terms of its acquisition by the large public utility and options that shall be available to assist customers to pay their bills after the acquisition.

(f) The large public utility shall recommend the district or tariff group of which the water or sewer utility shall, for ratemaking purposes,
become a part after the acquisition. The Commission's recommended district or tariff group shall be consistent with the large public utility's recommendation, unless such recommendation can be shown to be contrary to the public interest.

(g) From the date of acquisition until the date that new rates are effective in the acquiring large public utility's next rate case, the customers of the acquired water or sewer utility shall pay the then-existing rates of the district or tariff group ordered by the Commission; provided, that, if the application of such then-existing rates of the large public utility to customers of the acquired water or sewer utility using 54,000 gallons annually results in an increase to the total annual bill of customers of the acquired water or sewer utility, exclusive of fire service or related charges, then the large public utility's rates charged to the customers of the acquired water or sewer utility shall be uniformly reduced, if any reduction is required, by the percent that results in the total annual bill, exclusive of fire services or related charges, for the customers of the acquired water or sewer utility using 54,000 gallons being equal to 1.5% of the latest median household income as reported by the United States Census Bureau for the most applicable community or county. For each customer of the water or sewer utility with potable water usage values that cannot be reasonably obtained, a value of 4,500 gallons per month shall be assigned. These rates shall not be deemed to violate this Act including, but not limited to, Section 9-101 and any other applicable Sections in Articles VIII and IX of this Act. The Commission shall issue its decision establishing the rates effective for the water or sewer utility immediately following an acquisition in its order approving the acquisition.

(h) In the acquiring large public utility's next rate case, the water or sewer utility and the district or tariff group ordered by the Commission and their costs of service shall be combined under the same rate tariff. This rate tariff shall be based on allocation of costs of service of the acquired water or sewer utility and the large public utility's district or tariff group ordered by the Commission and utilizing a rate design that does not distinguish among customers on the basis of utility service source or type. This rate tariff shall not be deemed to violate this Act including, but not limited to, Section 9-101 of this Act.

(i) Any post-acquisition improvements made by the large public utility in the water or sewer utility shall accrue a cost for financing set at the large public utility's determined rate for allowance for funds used during construction, inclusive of the debt, equity, and income tax gross up
components, after the date on which the expenditure was incurred by the large public utility until the investment has been in service for a 4-year period or, if sooner, until the time the rates are implemented in the large public utility's next rate case.

Any post-acquisition improvements made by the large public utility in the water or sewer utility shall not be depreciated for ratemaking purposes from the date on which the expenditure was incurred by the large public utility until the investment has been in service for a 4-year period or, if sooner, until the time the rates are implemented in the large public utility's next rate case.

(j) This Section shall be exclusively applied to large public utilities in the voluntary and mutually agreeable acquisition of water or sewer utilities. Any petitions filed with the Commission related to the acquisitions described in this Section, including petitions seeking approvals or certificates required by this Act, shall be deemed approved unless the Commission issues its final order within 11 months after the date the large public utility filed its initial petition. This Section shall only apply to utilities providing water or sewer service and shall not be construed in any manner to apply to electric corporations, natural gas corporations, or any other utility subject to this Act.

(k) Nothing in this Section shall prohibit a party from declining to proceed with an acquisition or be deemed as establishing the final purchase price of an acquisition.

(l) In the Commission's order that approves the large utility's acquisition of the water or sewer utility, the Commission shall address each aspect of the acquisition transaction for which approval is required under the Act.

(m) Any contractor or subcontractor that performs work on a water or sewer utility acquired by a large public utility under this Section shall be a responsible bidder as described in Section 30-22 of the Illinois Procurement Code. The contractor or subcontractor shall submit evidence of meeting the requirements to be a responsible bidder as described in Section 30-22 to the water or sewer utility. Any new water or sewer facility built as a result of the acquisition shall require the contractor to enter into a project labor agreement. The large public utility acquiring the water or sewer utility shall offer employee positions to qualified employees of the acquired water or sewer utility.

(n) This Section is repealed on June 1, 2018.

Sec. 65-35. Written collaborative agreements.

(a) A written collaborative agreement is required for all advanced practice nurses engaged in clinical practice, except for advanced practice nurses who are authorized to practice in a hospital or ambulatory surgical treatment center.

(a-5) If an advanced practice nurse engages in clinical practice outside of a hospital or ambulatory surgical treatment center in which he or she is authorized to practice, the advanced practice nurse must have a written collaborative agreement.

(b) A written collaborative agreement shall describe the working relationship of the advanced practice nurse with the collaborating physician or pediatric physician podiatrist and shall authorize the categories of care, treatment, or procedures to be performed by the advanced practice nurse. A collaborative agreement with a dentist must be in accordance with subsection (c-10) of this Section. Collaboration does not require an employment relationship between the collaborating physician and advanced practice nurse. Absent an employment relationship, an agreement may not restrict the categories of patients or

third-party payment sources accepted by the advanced practice nurse. Collaboration means the relationship under which an advanced practice nurse works with a collaborating physician or podiatric physician in an active clinical practice to deliver health care services in accordance with (i) the advanced practice nurse's training, education, and experience and (ii) collaboration and consultation as documented in a jointly developed written collaborative agreement.

The agreement shall promote the exercise of professional judgment by the advanced practice nurse commensurate with his or her education and experience. The services to be provided by the advanced practice nurse shall be services that the collaborating physician or podiatric physician is authorized to and generally provides to his or her patients in the normal course of his or her clinical medical practice, except as set forth in subsection (c-5) of this Section. The agreement need not describe the exact steps that an advanced practice nurse must take with respect to each specific condition, disease, or symptom but must specify which authorized procedures require the presence of the collaborating physician or podiatric physician as the procedures are being performed. The collaborative relationship under an agreement shall not be construed to require the personal presence of a physician or podiatric physician at the place where services are rendered. Methods of communication shall be available for consultation with the collaborating physician or podiatric physician in person or by telecommunications in accordance with established written guidelines as set forth in the written agreement.

(c) Collaboration and consultation under all collaboration agreements shall be adequate if a collaborating physician or podiatric physician does each of the following:

agreement with the anesthesia plan and remain physically present and available on the premises during the delivery of anesthesia services for diagnosis, consultation, and treatment of emergency medical conditions.

In the case of anesthesia services provided by a certified registered nurse anesthetist, an anesthesiologist, physician, dentist, or podiatric physician must participate through discussion of and agreement with the anesthesia plan and remain physically present and available on the premises during the delivery of anesthesia services for diagnosis, consultation, and treatment of emergency medical conditions.

The agreement must contain provisions detailing notice for termination or change of status involving a written collaborative agreement, except when such notice is given for just cause.

(c-5) A certified registered nurse anesthetist, who provides anesthesia services outside of a hospital or ambulatory surgical treatment center shall enter into a written collaborative agreement with an anesthesiologist or the physician licensed to practice medicine in all its branches or the podiatric physician performing the procedure. Outside of a hospital or ambulatory surgical treatment center, the certified registered nurse anesthetist may provide only those services that the collaborating podiatric physician is authorized to provide pursuant to the Podiatric Medical Practice Act of 1987 and rules adopted thereunder. A certified registered nurse anesthetist may select, order, and administer medication, including controlled substances, and apply appropriate medical devices for delivery of anesthesia services under the anesthesia plan agreed with by the anesthesiologist or the operating podiatric physician.

(c-10) A certified registered nurse anesthetist who provides anesthesia services in a dental office shall enter into a written collaborative agreement with an anesthesiologist or the physician licensed to practice medicine in all its branches or the operating dentist performing the procedure. The agreement shall describe the working relationship of the certified registered nurse anesthetist and dentist and shall authorize the categories of care, treatment, or procedures to be performed by the certified registered nurse anesthetist. In a collaborating dentist's office, the certified registered nurse anesthetist may only provide those services that
the operating dentist with the appropriate permit is authorized to provide pursuant to the Illinois Dental Practice Act and rules adopted thereunder. For anesthesia services, an anesthesiologist, physician, or operating dentist shall participate through discussion of and agreement with the anesthesia plan and shall remain physically present and be available on the premises during the delivery of anesthesia services for diagnosis, consultation, and treatment of emergency medical conditions. A certified registered nurse anesthetist may select, order, and administer medication, including controlled substances, and apply appropriate medical devices for delivery of anesthesia services under the anesthesia plan agreed with by the operating dentist.

(d) A copy of the signed, written collaborative agreement must be available to the Department upon request from both the advanced practice nurse and the collaborating physician or podiatric physician.

(e) Nothing in this Act shall be construed to limit the delegation of tasks or duties by a physician to a licensed practical nurse, a registered professional nurse, or other persons in accordance with Section 54.2 of the Medical Practice Act of 1987. Nothing in this Act shall be construed to limit the method of delegation that may be authorized by any means, including, but not limited to, oral, written, electronic, standing orders, protocols, guidelines, or verbal orders.

(f) An advanced practice nurse shall inform each collaborating physician, dentist, or podiatric physician of all collaborative agreements he or she has signed and provide a copy of these to any collaborating physician, dentist, or podiatric physician upon request.

(g) For the purposes of this Act, "generally provides to his or her patients in the normal course of his or her clinical medical practice" means services, not specific tasks or duties, the physician or podiatric physician routinely provides individually or through delegation to other persons so that the physician or podiatric physician has the experience and ability to provide collaboration and consultation.

authorized by this Article, a person with management responsibility for such vendor during the time of any conduct which served as the basis for that vendor's termination, suspension, or exclusion is barred from participation in the medical assistance program.

Upon termination, suspension, or exclusion of a corporate vendor, the officers and persons owning, directly or indirectly, 5% or more of the shares of stock or other evidences of ownership in the vendor during the time of any conduct which served as the basis for that vendor's termination, suspension, or exclusion are barred from participation in the medical assistance program. A person who owns, directly or indirectly, 5% or more of the shares of stock or other evidences of ownership in a terminated, suspended, or excluded vendor may not transfer his or her ownership interest in that vendor to his or her spouse, child, brother, sister, parent, grandparent, grandchild, uncle, aunt, niece, nephew, cousin, or relative by marriage.

Upon termination, suspension, or exclusion of a sole proprietorship or partnership, the owner or partners during the time of any conduct which served as the basis for that vendor's termination, suspension, or exclusion are barred from participation in the medical assistance program. The owner of a terminated, suspended, or excluded vendor that is a sole proprietorship, and a partner in a terminated, suspended, or excluded vendor that is a partnership, may not transfer his or her ownership or partnership interest in that vendor to his or her spouse, child, brother, sister, parent, grandparent, grandchild, uncle, aunt, niece, nephew, cousin, or relative by marriage.

A person who owns, directly or indirectly, 5% or more of the shares of stock or other evidences of ownership in a corporate or limited liability company vendor who owes a debt to the Department, if that vendor has not made payment arrangements acceptable to the Department, shall not transfer his or her ownership interest in that vendor, or vendor assets of any kind, to his or her spouse, child, brother, sister, parent, grandparent, grandchild, uncle, aunt, niece, nephew, cousin, or relative by marriage.

Rules adopted by the Illinois Department to implement these provisions shall specifically include a definition of the term "management responsibility" as used in this Section. Such definition shall include, but not be limited to, typical job titles, and duties and descriptions which will be considered as within the definition of individuals with management responsibility for a provider.
A vendor or a prior vendor who has been terminated, excluded, or suspended from the medical assistance program, or from another state or federal medical assistance or health care program, and any individual currently or previously barred from the medical assistance program, or from another state or federal medical assistance or health care program, as a result of being an officer or a person owning, directly or indirectly, 5% or more of the shares of stock or other evidences of ownership in a corporate or limited liability company vendor during the time of any conduct which served as the basis for that vendor's termination, suspension, or exclusion, may be required to post a surety bond as part of a condition of enrollment or participation in the medical assistance program. The Illinois Department shall establish, by rule, the criteria and requirements for determining when a surety bond must be posted and the value of the bond.

A vendor or a prior vendor who has a debt owed to the Illinois Department and any individual currently or previously barred from the medical assistance program, or from another state or federal medical assistance or health care program, as a result of being an officer or a person owning, directly or indirectly, 5% or more of the shares of stock or other evidences of ownership in that corporate or limited liability company vendor during the time of any conduct which served as the basis for the debt, may be required to post a surety bond as part of a condition of enrollment or participation in the medical assistance program. The Illinois Department shall establish, by rule, the criteria and requirements for determining when a surety bond must be posted and the value of the bond.

(D) If a vendor has been suspended from the medical assistance program under Article V of the Code, the Director may require that such vendor correct any deficiencies which served as the basis for the suspension. The Director shall specify in the suspension order a specific period of time, which shall not exceed one year from the date of the order, during which a suspended vendor shall not be eligible to participate. At the conclusion of the period of suspension the Director shall reinstate such vendor, unless he finds that such vendor has not corrected deficiencies upon which the suspension was based.

If a vendor has been terminated, suspended, or excluded from the medical assistance program under Article V, such vendor shall be barred from participation for at least one year, except that if a vendor has been terminated, suspended, or excluded based on a conviction of a violation of Article VIII A or a conviction of a felony based on fraud or a willful

misrepresentation related to (i) the medical assistance program under Article V, (ii) a federal or another state's medical assistance or health care program, or (iii) the provision of health care services, then the vendor shall be barred from participation for 5 years or for the length of the vendor's sentence for that conviction, whichever is longer. At the end of one year a vendor who has been terminated, suspended, or excluded may apply for reinstatement to the program. Upon proper application to be reinstated such vendor may be deemed eligible by the Director providing that such vendor meets the requirements for eligibility under this Code. If such vendor is deemed not eligible for reinstatement, he shall be barred from again applying for reinstatement for one year from the date his application for reinstatement is denied.

A vendor whose termination, suspension, or exclusion from participation in the Illinois medical assistance program under Article V was based solely on an action by a governmental entity other than the Illinois Department may, upon reinstatement by that governmental entity or upon reversal of the termination, suspension, or exclusion, apply for rescission of the termination, suspension, or exclusion from participation in the Illinois medical assistance program. Upon proper application for rescission, the vendor may be deemed eligible by the Director if the vendor meets the requirements for eligibility under this Code.

If a vendor has been terminated, suspended, or excluded and reinstated to the medical assistance program under Article V and the vendor is terminated, suspended, or excluded a second or subsequent time from the medical assistance program, the vendor shall be barred from participation for at least 2 years, except that if a vendor has been terminated, suspended, or excluded a second time based on a conviction of a violation of Article VIIIA or a conviction of a felony based on fraud or a willful misrepresentation related to (i) the medical assistance program under Article V, (ii) a federal or another state's medical assistance or health care program, or (iii) the provision of health care services, then the vendor shall be barred from participation for life. At the end of 2 years, a vendor who has been terminated, suspended, or excluded may apply for reinstatement to the program. Upon application to be reinstated, the vendor may be deemed eligible if the vendor meets the requirements for eligibility under this Code. If the vendor is deemed not eligible for reinstatement, the vendor shall be barred from again applying for reinstatement for 2 years from the date the vendor's application for reinstatement is denied.
(E) The Illinois Department may recover money improperly or erroneously paid, or overpayments, either by setoff, crediting against future billings or by requiring direct repayment to the Illinois Department. The Illinois Department may suspend or deny payment, in whole or in part, if such payment would be improper or erroneous or would otherwise result in overpayment.

(1) Payments may be suspended, denied, or recovered from a vendor or alternate payee: (i) for services rendered in violation of the Illinois Department's provider notices, statutes, rules, and regulations; (ii) for services rendered in violation of the terms and conditions prescribed by the Illinois Department in its vendor agreement; (iii) for any vendor who fails to grant the Office of Inspector General timely access to full and complete records, including, but not limited to, records relating to recipients under the medical assistance program for the most recent 6 years, in accordance with Section 140.28 of Title 89 of the Illinois Administrative Code, and other information for the purpose of audits, investigations, or other program integrity functions, after reasonable written request by the Inspector General; this subsection (E) does not require vendors to make available the medical records of patients for whom services are not reimbursed under this Code or to provide access to medical records more than 6 years old; (iv) when the vendor has knowingly made, or caused to be made, any false statement or representation of a material fact in connection with the administration of the medical assistance program; or (v) when the vendor previously rendered services while terminated, suspended, or excluded from participation in the medical assistance program or while terminated or excluded from participation in another state or federal medical assistance or health care program.

(2) Notwithstanding any other provision of law, if a vendor has the same taxpayer identification number (assigned under Section 6109 of the Internal Revenue Code of 1986) as is assigned to a vendor with past-due financial obligations to the Illinois Department, the Illinois Department may make any necessary adjustments to payments to that vendor in order to satisfy any past-due obligations, regardless of whether the vendor is assigned a different billing number under the medical assistance program. If the Illinois Department establishes through an administrative hearing that the overpayments resulted from the vendor or alternate payee.

knowingly making, using, or causing to be made or used, a false record or statement to obtain payment or other benefit from the medical assistance program under Article V, the Department may recover interest on the amount of the payment or other benefit at the rate of 5% per annum. In addition to any other penalties that may be prescribed by law, such a vendor or alternate payee shall be subject to civil penalties consisting of an amount not to exceed 3 times the amount of payment or other benefit resulting from each such false record or statement, and the sum of $2,000 for each such false record or statement for payment or other benefit. For purposes of this paragraph, "knowingly" means that a vendor or alternate payee with respect to information: (i) has actual knowledge of the information, (ii) acts in deliberate ignorance of the truth or falsity of the information, or (iii) acts in reckless disregard of the truth or falsity of the information. No proof of specific intent to defraud is required.

(F) The Illinois Department may withhold payments to any vendor or alternate payee prior to or during the pendency of any audit or proceeding under this Section, and through the pendency of any administrative appeal or administrative review by any court proceeding. The Illinois Department shall state by rule with as much specificity as practicable the conditions under which payments will not be withheld under this Section. Payments may be denied for bills submitted with service dates occurring during the pendency of a proceeding, after a final decision has been rendered, or after the conclusion of any administrative appeal, where the final administrative decision is to terminate, exclude, or suspend eligibility to participate in the medical assistance program. The Illinois Department shall state by rule with as much specificity as practicable the conditions under which payments will not be denied for such bills. The Illinois Department shall state by rule a process and criteria by which a vendor or alternate payee may request full or partial release of payments withheld under this subsection. The Department must complete a proceeding under this Section in a timely manner.

Notwithstanding recovery allowed under subsection (E) or this subsection (F), the Illinois Department may withhold payments to any vendor or alternate payee who is not properly licensed, certified, or in compliance with State or federal agency regulations. Payments may be denied for bills submitted with service dates occurring during the period of time that a vendor is not properly licensed, certified, or in compliance with State or federal regulations. (F-5) The Illinois Department may temporarily withhold payments to a vendor or alternate payee if any of the following individuals have been indicted or otherwise charged under a law of the United States or this or any other state with an offense that is based on alleged fraud or willful misrepresentation on the part of the individual related to (i) the medical assistance program under Article V of this Code, (ii) a federal or another state's medical assistance or health care program, or (iii) the provision of health care services:

(1) If the vendor or alternate payee is a corporation: an officer of the corporation or an individual who owns, either directly or indirectly, 5% or more of the shares of stock or other evidence of ownership of the corporation.

(2) If the vendor is a sole proprietorship: the owner of the sole proprietorship.

(4) If the vendor or alternate payee is any other business entity authorized by law to transact business in this State: an officer of the entity or an individual who owns, either directly or indirectly, 5% or more of the evidences of ownership of the entity.

If the Illinois Department withholds payments to a vendor or alternate payee under this subsection, the Department shall not release those payments to the vendor or alternate payee while any criminal proceeding related to the indictment or charge is pending unless the Department determines that there is good cause to release the payments before completion of the proceeding. If the indictment or charge results in the individual's conviction, the Illinois Department shall retain all withheld payments, which shall be considered forfeited to the Department. If the indictment or charge does not result in the individual's conviction, the Illinois Department shall release to the vendor or alternate payee all withheld payments.

(F-10) If the Illinois Department establishes that the vendor or alternate payee owes a debt to the Illinois Department, and the vendor or alternate payee subsequently fails to pay or make satisfactory payment arrangements with the Illinois Department for the debt owed, the Illinois Department may seek all remedies available under the law of this State to
recover the debt, including, but not limited to, wage garnishment or the filing of claims or liens against the vendor or alternate payee.

(F-15) Enforcement of judgment.

(1) Any fine, recovery amount, other sanction, or costs imposed, or part of any fine, recovery amount, other sanction, or cost imposed, remaining unpaid after the exhaustion of or the failure to exhaust judicial review procedures under the Illinois Administrative Review Law is a debt due and owing the State and may be collected using all remedies available under the law.

(2) After expiration of the period in which judicial review under the Illinois Administrative Review Law may be sought for a final administrative decision, unless stayed by a court of competent jurisdiction, the findings, decision, and order of the Director may be enforced in the same manner as a judgment entered by a court of competent jurisdiction.

(3) In any case in which any person or entity has failed to comply with a judgment ordering or imposing any fine or other sanction, any expenses incurred by the Illinois Department to enforce the judgment, including, but not limited to, attorney's fees, court costs, and costs related to property demolition or foreclosure, after they are fixed by a court of competent jurisdiction or the Director, shall be a debt due and owing the State and may be collected in accordance with applicable law. Prior to any expenses being fixed by a final administrative decision pursuant to this subsection (F-15), the Illinois Department shall provide notice to the individual or entity that states that the individual or entity shall appear at a hearing before the administrative hearing officer to determine whether the individual or entity has failed to comply with the judgment. The notice shall set the date for such a hearing, which shall not be less than 7 days from the date that notice is served. If notice is served by mail, the 7-day period shall begin to run on the date that the notice was deposited in the mail.

(4) Upon being recorded in the manner required by Article XII of the Code of Civil Procedure or by the Uniform Commercial Code, a lien shall be imposed on the real estate or personal estate, or both, of the individual or entity in the amount of any debt due and owing the State under this Section. The lien may be enforced in the same manner as a judgment of a court of competent jurisdiction. A lien shall attach to all property and assets of such
person, firm, corporation, association, agency, institution, or other legal entity until the judgment is satisfied.

(5) The Director may set aside any judgment entered by default and set a new hearing date upon a petition filed at any time (i) if the petitioner's failure to appear at the hearing was for good cause, or (ii) if the petitioner established that the Department did not provide proper service of process. If any judgment is set aside pursuant to this paragraph (5), the hearing officer shall have authority to enter an order extinguishing any lien which has been recorded for any debt due and owing the Illinois Department as a result of the vacated default judgment.

(G) The provisions of the Administrative Review Law, as now or hereafter amended, and the rules adopted pursuant thereto, shall apply to and govern all proceedings for the judicial review of final administrative decisions of the Illinois Department under this Section. The term "administrative decision" is defined as in Section 3-101 of the Code of Civil Procedure.

(G-5) Vendors who pose a risk of fraud, waste, abuse, or harm.

(1) Notwithstanding any other provision in this Section, the Department may terminate, suspend, or exclude vendors who pose a risk of fraud, waste, abuse, or harm from participation in the medical assistance program prior to an evidentiary hearing but after reasonable notice and opportunity to respond as established by the Department by rule.

(2) Vendors who pose a risk of fraud, waste, abuse, or harm shall submit to a fingerprint-based criminal background check on current and future information available in the State system and current information available through the Federal Bureau of Investigation's system by submitting all necessary fees and information in the form and manner prescribed by the Department of State Police. The following individuals shall be subject to the check:

(D) Each officer or manager of the vendor.

Each such vendor shall be responsible for payment of the cost of the criminal background check.

(3) Vendors who pose a risk of fraud, waste, abuse, or harm may be required to post a surety bond. The Department shall establish, by rule, the criteria and requirements for determining when a surety bond must be posted and the value of the bond.

(4) The Department, or its agents, may refuse to accept requests for authorization from specific vendors who pose a risk of fraud, waste, abuse, or harm, including prior-approval and post-approval requests, if:

(A) the Department has initiated a notice of termination, suspension, or exclusion of the vendor from participation in the medical assistance program; or

(B) the Department has issued notification of its withholding of payments pursuant to subsection (F-5) of this Section; or

(C) the Department has issued a notification of its withholding of payments due to reliable evidence of fraud or willful misrepresentation pending investigation.

(5) As used in this subsection, the following terms are defined as follows:

(A) "Fraud" means an intentional deception or misrepresentation made by a person with the knowledge that the deception could result in some unauthorized benefit to himself or herself or some other person. It includes any act that constitutes fraud under applicable federal or State law.

(B) "Abuse" means provider practices that are inconsistent with sound fiscal, business, or medical practices and that result in an unnecessary cost to the medical assistance program or in reimbursement for services that are not medically necessary or that fail to meet professionally recognized standards for health care. It also includes recipient practices that result in unnecessary cost to the medical assistance program. Abuse does not include diagnostic or therapeutic measures conducted primarily as a safeguard against possible vendor liability.

(G-6) The Illinois Department, upon making a determination based upon information in the possession of the Illinois Department that continuation of participation in the medical assistance program by a vendor would constitute an immediate danger to the public, may immediately suspend such vendor's participation in the medical assistance program without a hearing. In instances in which the Illinois Department immediately suspends the medical assistance program participation of a vendor under this Section, a hearing upon the vendor's participation must be convened by the Illinois Department within 15 days after such suspension and completed without appreciable delay. Such hearing shall be held to determine whether to recommend to the Director that the vendor's medical assistance program participation be denied, terminated, suspended, placed on provisional status, or reinstated. In the hearing, any evidence relevant to the vendor constituting an immediate danger to the public may be introduced against such vendor; provided, however, that the vendor, or his or her counsel, shall have the opportunity to discredit, impeach, and submit evidence rebutting such evidence.

(H) Nothing contained in this Code shall in any way limit or otherwise impair the authority or power of any State agency responsible for licensing of vendors.

(I) Based on a finding of noncompliance on the part of a nursing home with any requirement for certification under Title XVIII or XIX of the Social Security Act (42 U.S.C. Sec. 1395 et seq. or 42 U.S.C. Sec. 1396 et seq.), the Illinois Department may impose one or more of the following remedies after notice to the facility:

1. Termination of the provider agreement.
2. Temporary management.
3. Denial of payment for new admissions.
4. Civil money penalties.
5. Closure of the facility in emergency situations or transfer of residents, or both.

(7) Denial of all payments when the U.S. Department of Health and Human Services has imposed this sanction.

The Illinois Department shall by rule establish criteria governing continued payments to a nursing facility subsequent to termination of the facility's provider agreement if, in the sole discretion of the Illinois Department, circumstances affecting the health, safety, and welfare of the facility's residents require those continued payments. The Illinois Department may condition those continued payments on the appointment of temporary management, sale of the facility to new owners or operators, or other arrangements that the Illinois Department determines best serve the needs of the facility's residents.

Except in the case of a facility that has a right to a hearing on the finding of noncompliance before an agency of the federal government, a facility may request a hearing before a State agency on any finding of noncompliance within 60 days after the notice of the intent to impose a remedy. Except in the case of civil money penalties, a request for a hearing shall not delay imposition of the penalty. The choice of remedies is not appealable at a hearing. The level of noncompliance may be challenged only in the case of a civil money penalty. The Illinois Department shall provide by rule for the State agency that will conduct the evidentiary hearings.

The Illinois Department may collect interest on unpaid civil money penalties.

The Illinois Department may adopt all rules necessary to implement this subsection (I).

(J) The Illinois Department, by rule, may permit individual practitioners to designate that Department payments that may be due the practitioner be made to an alternate payee or alternate payees.

(a) Such alternate payee or alternate payees shall be required to register as an alternate payee in the Medical Assistance Program with the Illinois Department.

(b) If a practitioner designates an alternate payee, the alternate payee and practitioner shall be jointly and severally liable to the Department for payments made to the alternate payee. Pursuant to subsection (E) of this Section, any Department action to suspend or deny payment or recover money or overpayments from an alternate payee shall be subject to an administrative hearing.

(c) Registration as an alternate payee or alternate payees in the Illinois Medical Assistance Program shall be conditional. At any time, the Illinois Department may deny or cancel any alternate payee's registration in the Illinois Medical Assistance Program without cause. Any such denial or cancellation is not subject to an administrative hearing.

(d) The Illinois Department may seek a revocation of any alternate payee, and all owners, officers, and individuals with management responsibility for such alternate payee shall be permanently prohibited from participating as an owner, an officer, or an individual with management responsibility with an alternate payee in the Illinois Medical Assistance Program, if after reasonable notice and opportunity for a hearing the Illinois Department finds that:

(1) the alternate payee is not complying with the Department's policy or rules and regulations, or with the terms and conditions prescribed by the Illinois Department in its alternate payee registration agreement; or

(2) the alternate payee has failed to keep or make available for inspection, audit, or copying, after receiving a written request from the Illinois Department, such records regarding payments claimed as an alternate payee; or

Section 110. The Code of Civil Procedure is amended by changing
Sections 2-622 and 8-2001 as follows:

(735 ILCS 5/2-622) (from Ch. 110, par. 2-622)
Sec. 2-622. Healing art malpractice.

(a) In any action, whether in tort, contract or otherwise, in which
the plaintiff seeks damages for injuries or death by reason of medical,
hospital, or other healing art malpractice, the plaintiff’s attorney or the
plaintiff, if the plaintiff is proceeding pro se, shall file an affidavit,
attached to the original and all copies of the complaint, declaring one of
the following:

1. That the affiant has consulted and reviewed the facts of
the case with a health professional who the affiant reasonably
believes: (i) is knowledgeable in the relevant issues involved in the
particular action; (ii) practices or has practiced within the last 6
years or teaches or has taught within the last 6 years in the same
area of health care or medicine that is at issue in the particular
action; and (iii) is qualified by experience or demonstrated
competence in the subject of the case; that the reviewing health
professional has determined in a written report, after a review of
the medical record and other relevant material involved in the
particular action that there is a reasonable and meritorious cause
for the filing of such action; and that the affiant has concluded on
the basis of the reviewing health professional's review and
consultation that there is a reasonable and meritorious cause for
filing of such action. If the affidavit is filed as to a defendant who
is a physician licensed to treat human ailments without the use of
drugs or medicines and without operative surgery, a dentist, a
podiatric physician, a psychologist, or a naprapath, the
written report must be from a health professional licensed in the
same profession, with the same class of license, as the defendant.
For affidavits filed as to all other defendants, the written report
must be from a physician licensed to practice medicine in all its
branches. In either event, the affidavit must identify the profession

of the reviewing health professional. A copy of the written report, clearly identifying the plaintiff and the reasons for the reviewing health professional's determination that a reasonable and meritorious cause for the filing of the action exists, must be attached to the affidavit, but information which would identify the reviewing health professional may be deleted from the copy so attached.

2. That the affiant was unable to obtain a consultation required by paragraph 1 because a statute of limitations would impair the action and the consultation required could not be obtained before the expiration of the statute of limitations. If an affidavit is executed pursuant to this paragraph, the certificate and written report required by paragraph 1 shall be filed within 90 days after the filing of the complaint. The defendant shall be excused from answering or otherwise pleading until 30 days after being served with a certificate required by paragraph 1.

3. That a request has been made by the plaintiff or his attorney for examination and copying of records pursuant to Part 20 of Article VIII of this Code and the party required to comply under those Sections has failed to produce such records within 60 days of the receipt of the request. If an affidavit is executed pursuant to this paragraph, the certificate and written report required by paragraph 1 shall be filed within 90 days following receipt of the requested records. All defendants except those whose failure to comply with Part 20 of Article VIII of this Code is the basis for an affidavit under this paragraph shall be excused from answering or otherwise pleading until 30 days after being served with the certificate required by paragraph 1.

(b) Where a certificate and written report are required pursuant to this Section a separate certificate and written report shall be filed as to each defendant who has been named in the complaint and shall be filed as to each defendant named at a later time.

(c) Where the plaintiff intends to rely on the doctrine of "res ipsa loquitur", as defined by Section 2-1113 of this Code, the certificate and written report must state that, in the opinion of the reviewing health professional, negligence has occurred in the course of medical treatment. (d) When the attorney intends to rely on the doctrine of failure to inform of the consequences of the procedure, the attorney shall certify upon the filing of the complaint that the reviewing health professional has, after reviewing the medical record and other relevant materials involved in the particular action, concluded that a reasonable health professional would have informed the patient of the consequences of the procedure.

(e) Allegations and denials in the affidavit, made without reasonable cause and found to be untrue, shall subject the party pleading them or his attorney, or both, to the payment of reasonable expenses, actually incurred by the other party by reason of the untrue pleading, together with reasonable attorneys' fees to be summarily taxed by the court upon motion made within 30 days of the judgment or dismissal. In no event shall the award for attorneys' fees and expenses exceed those actually paid by the moving party, including the insurer, if any. In proceedings under this paragraph (e), the moving party shall have the right to depose and examine any and all reviewing health professionals who prepared reports used in conjunction with an affidavit required by this Section.

(f) A reviewing health professional who in good faith prepares a report used in conjunction with an affidavit required by this Section shall have civil immunity from liability which otherwise might result from the preparation of such report.

department, group practice, and any other organizational structure for a licensed professional to provide health care services. The term does not include a health care facility.

(b) Every private and public health care facility shall, upon the request of any patient who has been treated in such health care facility, or any person, entity, or organization presenting a valid authorization for the release of records signed by the patient or the patient's legally authorized representative, or as authorized by Section 8-2001.5, permit the patient, his or her health care practitioner, authorized attorney, or any person, entity, or organization presenting a valid authorization for the release of records signed by the patient or the patient's legally authorized representative to examine the health care facility patient care records, including but not limited to the history, bedside notes, charts, pictures and plates, kept in connection with the treatment of such patient, and permit copies of such records to be made by him or her or his or her health care practitioner or authorized attorney.

(c) Every health care practitioner shall, upon the request of any patient who has been treated by the health care practitioner, or any person, entity, or organization presenting a valid authorization for the release of records signed by the patient or the patient's legally authorized representative, permit the patient and the patient's health care practitioner or authorized attorney, or any person, entity, or organization presenting a valid authorization for the release of records signed by the patient or the patient's legally authorized representative, to examine and copy the patient's records, including but not limited to those relating to the diagnosis, treatment, prognosis, history, charts, pictures and plates, kept in connection with the treatment of such patient.

(d) A request for copies of the records shall be in writing and shall be delivered to the administrator or manager of such health care facility or to the health care practitioner. The person (including patients, health care practitioners and attorneys) requesting copies of records shall reimburse the facility or the health care practitioner at the time of such copying for all reasonable expenses, including the costs of independent copy service companies, incurred in connection with such copying not to exceed a $20 handling charge for processing the request and the actual postage or shipping charge, if any, plus: (1) for paper copies 75 cents per page for the first through 25th pages, 50 cents per page for the 26th through 50th pages, and 25 cents per page for all pages in excess of 50 (except that the charge shall not exceed $1.25 per page for any copies made from microfiche or

microfilm; records retrieved from scanning, digital imaging, electronic information or other digital format do not qualify as microfiche or microfilm retrieval for purposes of calculating charges); and (2) for electronic records, retrieved from a scanning, digital imaging, electronic information or other digital format in a electronic document, a charge of 50% of the per page charge for paper copies under subdivision (d)(1). This per page charge includes the cost of each CD Rom, DVD, or other storage media. Records already maintained in an electronic or digital format shall be provided in an electronic format when so requested. If the records system does not allow for the creation or transmission of an electronic or digital record, then the facility or practitioner shall inform the requester in writing of the reason the records can not be provided electronically. The written explanation may be included with the production of paper copies, if the requester chooses to order paper copies. These rates shall be automatically adjusted as set forth in Section 8-2006. The facility or health care practitioner may, however, charge for the reasonable cost of all duplication of record material or information that cannot routinely be copied or duplicated on a standard commercial photocopy machine such as x-ray films or pictures.

(d-5) The handling fee shall not be collected from the patient or the patient's personal representative who obtains copies of records under Section 8-2001.5.

(e) The requirements of this Section shall be satisfied within 30 days of the receipt of a written request by a patient or by his or her legally authorized representative, health care practitioner, authorized attorney, or any person, entity, or organization presenting a valid authorization for the release of records signed by the patient or the patient's legally authorized representative. If the facility or health care practitioner needs more time to comply with the request, then within 30 days after receiving the request, the facility or health care practitioner must provide the requesting party with a written statement of the reasons for the delay and the date by which the requested information will be provided. In any event, the facility or health care practitioner must provide the requested information no later than 60 days after receiving the request.

(f) A health care facility or health care practitioner must provide the public with at least 30 days prior notice of the closure of the facility or the health care practitioner's practice. The notice must include an explanation of how copies of the facility's records may be accessed by patients. The notice may be given by publication in a newspaper of general

circulation in the area in which the health care facility or health care practitioner is located.

(g) Failure to comply with the time limit requirement of this Section shall subject the denying party to expenses and reasonable attorneys' fees incurred in connection with any court ordered enforcement of the provisions of this Section.

AN ACT concerning finance.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The State Finance Act is amended by changing Section 25 as follows:

(30 ILCS 105/25) (from Ch. 127, par. 161)

Sec. 25. Fiscal year limitations.

(a) All appropriations shall be available for expenditure for the fiscal year or for a lesser period if the Act making that appropriation so specifies. A deficiency or emergency appropriation shall be available for expenditure only through June 30 of the year when the Act making that appropriation is enacted unless that Act otherwise provides.

(b) Outstanding liabilities as of June 30, payable from appropriations which have otherwise expired, may be paid out of the expiring appropriations during the 2-month period ending at the close of business on August 31. Any service involving professional or artistic skills or any personal services by an employee whose compensation is subject to income tax withholding must be performed as of June 30 of the fiscal year in order to be considered an "outstanding liability as of June 30" that is thereby eligible for payment out of the expiring appropriation.

(b-1) However, payment of tuition reimbursement claims under Section 14-7.03 or 18-3 of the School Code may be made by the State Board of Education from its appropriations for those respective purposes for any fiscal year, even though the claims reimbursed by the payment may

be claims attributable to a prior fiscal year, and payments may be made at the direction of the State Superintendent of Education from the fund from which the appropriation is made without regard to any fiscal year limitations, except as required by subsection (j) of this Section. Beginning on June 30, 2021, payment of tuition reimbursement claims under Section 14-7.03 or 18-3 of the School Code as of June 30, payable from appropriations that have otherwise expired, may be paid out of the expiring appropriation during the 4-month period ending at the close of business on October 31.

(b-2) All outstanding liabilities as of June 30, 2010, payable from appropriations that would otherwise expire at the conclusion of the lapse period for fiscal year 2010, and interest penalties payable on those liabilities under the State Prompt Payment Act, may be paid out of the expiring appropriations until December 31, 2010, without regard to the fiscal year in which the payment is made, as long as vouchers for the liabilities are received by the Comptroller no later than August 31, 2010.

(b-2.5) All outstanding liabilities as of June 30, 2011, payable from appropriations that would otherwise expire at the conclusion of the lapse period for fiscal year 2011, and interest penalties payable on those liabilities under the State Prompt Payment Act, may be paid out of the expiring appropriations until December 31, 2011, without regard to the fiscal year in which the payment is made, as long as vouchers for the liabilities are received by the Comptroller no later than August 31, 2011.

(b-2.6) All outstanding liabilities as of June 30, 2012, payable from appropriations that would otherwise expire at the conclusion of the lapse period for fiscal year 2012, and interest penalties payable on those liabilities under the State Prompt Payment Act, may be paid out of the expiring appropriations until December 31, 2012, without regard to the fiscal year in which the payment is made, as long as vouchers for the liabilities are received by the Comptroller no later than August 31, 2012.

(b-2.7) (b-2.6) For fiscal years 2012 and 2013, interest penalties payable under the State Prompt Payment Act associated with a voucher for which payment is issued after June 30 may be paid out of the next fiscal year's appropriation. The future year appropriation must be for the same purpose and from the same fund as the original payment. An interest penalty voucher submitted against a future year appropriation must be submitted within 60 days after the issuance of the associated voucher, and the Comptroller must issue the interest payment within 60 days after acceptance of the interest voucher.
(b-3) Medical payments may be made by the Department of Veterans' Affairs from its appropriations for those purposes for any fiscal year, without regard to the fact that the medical services being compensated for by such payment may have been rendered in a prior fiscal year, except as required by subsection (j) of this Section. Beginning on June 30, 2021, medical payments payable from appropriations that have otherwise expired may be paid out of the expiring appropriation during the 4-month period ending at the close of business on October 31.

(b-4) Medical payments and child care payments may be made by the Department of Human Services (as successor to the Department of Public Aid) from appropriations for those purposes for any fiscal year, without regard to the fact that the medical or child care services being compensated for by such payment may have been rendered in a prior fiscal year; and payments may be made at the direction of the Department of Healthcare and Family Services (or successor agency) from the Health Insurance Reserve Fund without regard to any fiscal year limitations, except as required by subsection (j) of this Section. Beginning on June 30, 2021, medical and child care payments made by the Department of Human Services; and payments made at the discretion of the Department of Healthcare and Family Services (or successor agency) from the Health Insurance Reserve Fund and payable from appropriations that have otherwise expired may be paid out of the expiring appropriation during the 4-month period ending at the close of business on October 31.

(b-5) Medical payments may be made by the Department of Human Services from its appropriations relating to substance abuse treatment services for any fiscal year, without regard to the fact that the medical services being compensated for by such payment may have been rendered in a prior fiscal year, provided the payments are made on a fee-for-service basis consistent with requirements established for Medicaid reimbursement by the Department of Healthcare and Family Services, except as required by subsection (j) of this Section. Beginning on June 30, 2021, medical payments made by the Department of Human Services relating to substance abuse treatment services payable from appropriations that have otherwise expired may be paid out of the expiring appropriation during the 4-month period ending at the close of business on October 31.

(b-6) Additionally, payments may be made by the Department of Human Services from its appropriations, or any other State agency from its appropriations with the approval of the Department of Human Services, from the Immigration Reform and Control Fund for purposes authorized
pursuant to the Immigration Reform and Control Act of 1986, without regard to any fiscal year limitations, except as required by subsection (j) of this Section. Beginning on June 30, 2021, payments made by the Department of Human Services from the Immigration Reform and Control Fund for purposes authorized pursuant to the Immigration Reform and Control Act of 1986 payable from appropriations that have otherwise expired may be paid out of the expiring appropriation during the 4-month period ending at the close of business on October 31.

(b-7) Payments may be made in accordance with a plan authorized by paragraph (11) or (12) of Section 405-105 of the Department of Central Management Services Law from appropriations for those payments without regard to fiscal year limitations.

(b-8) Reimbursements to eligible airport sponsors for the construction or upgrading of Automated Weather Observation Systems may be made by the Department of Transportation from appropriations for those purposes for any fiscal year, without regard to the fact that the qualification or obligation may have occurred in a prior fiscal year, provided that at the time the expenditure was made the project had been approved by the Department of Transportation prior to June 1, 2012 and, as a result of recent changes in federal funding formulas, can no longer receive federal reimbursement.

(c) Further, payments may be made by the Department of Public Health and the Department of Human Services (acting as successor to the Department of Public Health under the Department of Human Services Act) from their respective appropriations for grants for medical care to or on behalf of premature and high-mortality risk infants and their mothers and for grants for supplemental food supplies provided under the United States Department of Agriculture Women, Infants and Children Nutrition Program, for any fiscal year without regard to the fact that the services being compensated for by such payment may have been rendered in a prior fiscal year, except as required by subsection (j) of this Section. Beginning on June 30, 2021, payments made by the Department of Public Health and the Department of Human Services from their respective appropriations for grants for medical care to or on behalf of premature and high-mortality risk infants and their mothers and for grants for supplemental food supplies provided under the United States Department of Agriculture Women, Infants and Children Nutrition Program payable from appropriations that have otherwise expired may be paid out of the expiring
appropriations during the 4-month period ending at the close of business on October 31.

(d) The Department of Public Health and the Department of Human Services (acting as successor to the Department of Public Health under the Department of Human Services Act) shall each annually submit to the State Comptroller, Senate President, Senate Minority Leader, Speaker of the House, House Minority Leader, and the respective Chairmen and Minority Spokesmen of the Appropriations Committees of the Senate and the House, on or before December 31, a report of fiscal year funds used to pay for services provided in any prior fiscal year. This report shall document by program or service category those expenditures from the most recently completed fiscal year used to pay for services provided in prior fiscal years.

(e) The Department of Healthcare and Family Services, the Department of Human Services (acting as successor to the Department of Public Aid), and the Department of Human Services making fee-for-service payments relating to substance abuse treatment services provided during a previous fiscal year shall each annually submit to the State Comptroller, Senate President, Senate Minority Leader, Speaker of the House, House Minority Leader, the respective Chairmen and Minority Spokesmen of the Appropriations Committees of the Senate and the House, on or before November 30, a report that shall document by program or service category those expenditures from the most recently completed fiscal year used to pay for (i) services provided in prior fiscal years and (ii) services for which claims were received in prior fiscal years.

(f) The Department of Human Services (as successor to the Department of Public Aid) shall annually submit to the State Comptroller, Senate President, Senate Minority Leader, Speaker of the House, House Minority Leader, and the respective Chairmen and Minority Spokesmen of the Appropriations Committees of the Senate and the House, on or before December 31, a report of fiscal year funds used to pay for services (other than medical care) provided in any prior fiscal year. This report shall document by program or service category those expenditures from the most recently completed fiscal year used to pay for services provided in prior fiscal years.

(g) In addition, each annual report required to be submitted by the Department of Healthcare and Family Services under subsection (e) shall include the following information with respect to the State's Medicaid program:

(1) Explanations of the exact causes of the variance between the previous year's estimated and actual liabilities.

(2) Factors affecting the Department of Healthcare and Family Services' liabilities, including but not limited to numbers of aid recipients, levels of medical service utilization by aid recipients, and inflation in the cost of medical services.

(3) The results of the Department's efforts to combat fraud and abuse.

(h) As provided in Section 4 of the General Assembly Compensation Act, any utility bill for service provided to a General Assembly member's district office for a period including portions of 2 consecutive fiscal years may be paid from funds appropriated for such expenditure in either fiscal year.

(i) An agency which administers a fund classified by the Comptroller as an internal service fund may issue rules for:

   (1) billing user agencies in advance for payments or authorized inter-fund transfers based on estimated charges for goods or services;

   (2) issuing credits, refunding through inter-fund transfers, or reducing future inter-fund transfers during the subsequent fiscal year for all user agency payments or authorized inter-fund transfers received during the prior fiscal year which were in excess of the final amounts owed by the user agency for that period; and

   (3) issuing catch-up billings to user agencies during the subsequent fiscal year for amounts remaining due when payments or authorized inter-fund transfers received from the user agency during the prior fiscal year were less than the total amount owed for that period.

User agencies are authorized to reimburse internal service funds for catch-up billings by vouchers drawn against their respective appropriations for the fiscal year in which the catch-up billing was issued or by increasing an authorized inter-fund transfer during the current fiscal year. For the purposes of this Act, "inter-fund transfers" means transfers without the use of the voucher-warrant process, as authorized by Section 9.01 of the State Comptroller Act.

(i-1) Beginning on July 1, 2021, all outstanding liabilities, not payable during the 4-month lapse period as described in subsections (b-1), (b-3), (b-4), (b-5), (b-6), and (c) of this Section, that are made from appropriations for that purpose for any fiscal year, without regard to the

have been incurred but for which a proper bill or invoice as defined by the

PUBLIC ACT 98-0216
(House Bill No. 1404)

AN ACT concerning finance.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Public Construction Bond Act is amended by changing Section 1 as follows:
(30 ILCS 550/1) (from Ch. 29, par. 15)
Sec. 1. Except as otherwise provided by this Act, all officials, boards, commissions, or agents of this State, or of any political subdivision thereof, in making contracts for public work of any kind costing over $50,000 to be performed for the State, or of any political subdivision thereof, and all officials, boards, commissions, or agents of any political subdivision of this State in making contracts for public work of any kind costing over $5,000 to be performed for the political subdivision, shall require every contractor for the work to furnish, supply and deliver a bond to the State, or to the political subdivision thereof entering into the contract, as the case may be, with good and sufficient sureties. The amount of the bond shall be fixed by the officials, boards,
commissions, commissioners or agents, and the bond, among other
conditions, shall be conditioned for the completion of the contract, for the
payment of material used in the work and for all labor performed in the
work, whether by subcontractor or otherwise.

If the contract is for emergency repairs as provided in the Illinois
Procurement Code, proof of payment for all labor, materials, apparatus,
fixtures, and machinery may be furnished in lieu of the bond required by
this Section.

Each such bond is deemed to contain the following provisions
whether such provisions are inserted in such bond or not:

"The principal and sureties on this bond agree that all the
undertakings, covenants, terms, conditions and agreements of the contract
or contracts entered into between the principal and the State or any
political subdivision thereof will be performed and fulfilled and to pay all
persons, firms and corporations having contracts with the principal or with
subcontractors, all just claims due them under the provisions of such
contracts for labor performed or materials furnished in the performance of
the contract on account of which this bond is given, when such claims are
not satisfied out of the contract price of the contract on account of which
this bond is given, after final settlement between the officer, board,
commission or agent of the State or of any political subdivision thereof
and the principal has been made."

Each bond securing contracts between the Capital Development
Board or any board of a public institution of higher education and a
contractor shall contain the following provisions, whether the provisions
are inserted in the bond or not:

"Upon the default of the principal with respect to undertakings,
covenants, terms, conditions, and agreements, the termination of the
contractor's right to proceed with the work, and written notice of that
default and termination by the State or any political subdivision to the
surety ("Notice"), the surety shall promptly remedy the default by taking
one of the following actions:

(1) The surety shall complete the work pursuant to a written
takeover agreement, using a completing contractor jointly selected
by the surety and the State or any political subdivision; or

(2) The surety shall pay a sum of money to the obligee, up
to the penal sum of the bond, that represents the reasonable cost to
complete the work that exceeds the unpaid balance of the contract
sum.

New matter indicated by italics - deletions by strikeout
The surety shall respond to the Notice within 15 working days of receipt indicating the course of action that it intends to take or advising that it requires more time to investigate the default and select a course of action. If the surety requires more than 15 working days to investigate the default and select a course of action or if the surety elects to complete the work with a completing contractor that is not prepared to commence performance within 15 working days after receipt of Notice, and if the State or any political subdivision determines it is in the best interest of the State to maintain the progress of the work, the State or any political subdivision may continue to work until the completing contractor is prepared to commence performance. Unless otherwise agreed to by the procuring agency, in no case may the surety take longer than 30 working days to advise the State or political subdivision on the course of action it intends to take. The surety shall be liable for reasonable costs incurred by the State or any political subdivision to maintain the progress to the extent the costs exceed the unpaid balance of the contract sum, subject to the penal sum of the bond."

The surety bond required by this Section may be acquired from the company, agent or broker of the contractor's choice. The bond and sureties shall be subject to the right of reasonable approval or disapproval, including suspension, by the State or political subdivision thereof concerned. In the case of State construction contracts, a contractor shall not be required to post a cash bond or letter of credit in addition to or as a substitute for the surety bond required by this Section.

When other than motor fuel tax funds, federal-aid funds, or other funds received from the State are used, a political subdivision may allow the contractor to provide a non-diminishing irrevocable bank letter of credit, in lieu of the bond required by this Section, on contracts under $100,000 to comply with the requirements of this Section. Any such bank letter of credit shall contain all provisions required for bonds by this Section.

AN ACT concerning local government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Counties Code is amended by changing Section 3-5018 as follows:

(55 ILCS 5/3-5018) (from Ch. 34, par. 3-5018)

Sec. 3-5018. Fees. The recorder elected as provided for in this Division shall receive such fees as are or may be provided for him or her by law, in case of provision therefor: otherwise he or she shall receive the same fees as are or may be provided in this Section, except when increased by county ordinance pursuant to the provisions of this Section, to be paid to the county clerk for his or her services in the office of recorder for like services.

For recording maps or plats of additions or subdivisions approved by the county or municipality (including the spreading of the same of record in map case or other proper books) or plats of condominiums, $50 for the first page, plus $1 for each additional page thereof except that in the case of recording a single page, legal size 8 1/2 x 14, plat of survey in which there are no more than two lots or parcels of land, the fee shall be $12. In each county where such maps or plats are to be recorded, the recorder may require the same to be accompanied by such number of
exact, true and legible copies thereof as the recorder deems necessary for
the efficient conduct and operation of his or her office.

For non-certified copies of records, an amount not to exceed one-
half of the amount provided in this Section for certified copies, according
to a standard scale of fees, established by county ordinance and made

following manner: (i) in bulk for all documents recorded on any given day
in an electronic or paper format for a negotiated amount less than the
amount provided for in this paragraph for non-certified copies, (ii) under a
contractual relationship with the recorder for a negotiated amount less than
the amount provided for in this paragraph for non-certified copies, or (iii)

Each certificate of such recorder of the recording of the deed or
other writing and of the date of recording the same signed by such
recorder, shall be sufficient evidence of the recording thereof, and such
certificate including the indexing of record, shall be furnished upon the
payment of the fee for recording the instrument, and no additional fee shall
be allowed for the certificate or indexing.

The recorder shall charge an additional fee, in an amount equal to
the fee otherwise provided by law, for recording a document (other than a

does not conform to the following standards:

(1) The document shall consist of one or more individual
sheets measuring 8.5 inches by 11 inches, not permanently bound

(2) The document shall be legibly printed in black ink, by
hand, type, or computer. Signatures and dates may be in
contrasting colors if they will reproduce clearly.

(3) The document shall be on white paper of not less than
20-pound weight and shall have a clean margin of at least one-half
inch on the top, the bottom, and each side. Margins may be used
for non-essential notations that will not affect the validity of the
document, including but not limited to form numbers, page numbers, and customer notations.

(4) The first page of the document shall contain a blank space, measuring at least 3 inches by 5 inches, from the upper right corner.

(5) The document shall not have any attachment stapled or otherwise affixed to any page.

A document that does not conform to these standards shall not be recorded except upon payment of the additional fee required under this paragraph.

This paragraph, as amended by this amendatory Act of 1995, applies only to documents dated after the effective date of this amendatory Act of 1995.

The county board of any county may provide for an additional charge of $3 for filing every instrument, paper, or notice for record, (1) in order to defray the cost of converting the county recorder's document storage system to computers or micrographics and (2) in order to defray the cost of providing access to records through the global information system known as the Internet.

A special fund shall be set up by the treasurer of the county and such funds collected pursuant to Public Act 83-1321 shall be used (1) for a document storage system to provide the equipment, materials and necessary expenses incurred to help defray the costs of implementing and maintaining such a document records system and (2) for a system to provide electronic access to those records.

The county board of any county that provides and maintains a countywide map through a Geographic Information System (GIS) may provide for an additional charge of $3 for filing every instrument, paper, or notice for record (1) in order to defray the cost of implementing or maintaining the county's Geographic Information System and (2) in order to defray the cost of providing electronic or automated access to the county's Geographic Information System or property records. Of that amount, $2 must be deposited into a special fund set up by the treasurer of the county, and any moneys collected pursuant to this amendatory Act of the 91st General Assembly and deposited into that fund must be used solely for the equipment, materials, and necessary expenses incurred in implementing and maintaining a Geographic Information System and in order to defray the cost of providing electronic access to the county's Geographic Information System records. The remaining $1 must be deposited into the recorder's special funds created under Section 3-5005.4. The recorder may, in his or her discretion, use moneys in the funds created

The recorder shall collect a $10 Rental Housing Support Program State surcharge for the recordation of any real estate-related document. Payment of the Rental Housing Support Program State surcharge shall be evidenced by a receipt that shall be marked upon or otherwise affixed to the real estate-related document by the recorder. The form of this receipt shall be prescribed by the Department of Revenue and the receipts shall be issued by the Department of Revenue to each county recorder.

The recorder shall not collect the Rental Housing Support Program State surcharge from any State agency, any unit of local government or any school district.

One dollar of each surcharge shall be retained by the county in which it was collected. This dollar shall be deposited into the county's general revenue fund. Fifty cents of that amount shall be used for the costs of administering the Rental Housing Support Program State surcharge and any other lawful expenditures for the operation of the office of the recorder and may not be appropriated or expended for any other purpose. The amounts available to the recorder for expenditure from the surcharge shall not offset or reduce any other county appropriations or funding for the office of the recorder.

On the 15th day of each month, each county recorder shall report to the Department of Revenue, on a form prescribed by the Department, the number of real estate-related documents recorded for which the Rental Housing Support Program State surcharge was collected. Each recorder shall submit $9 of each surcharge collected in the preceding month to the Department of Revenue and the Department shall deposit these amounts in the Rental Housing Support Program Fund. Subject to appropriation, amounts in the Fund may be expended only for the purpose of funding and administering the Rental Housing Support Program.

For purposes of this Section, "real estate-related document" means that term as it is defined in Section 7 of the Rental Housing Support Program Act.

The foregoing fees allowed by this Section are the maximum fees that may be collected from any officer, agency, department or other instrumentality of the State. The county board may, however, by ordinance, increase the fees allowed by this Section and collect such

increased fees from all persons and entities other than officers, agencies, departments and other instrumentalities of the State if the increase is justified by an acceptable cost study showing that the fees allowed by this Section are not sufficient to cover the cost of providing the service. Regardless of any other provision in this Section, the maximum fee that may be collected from the Department of Revenue for filing or indexing a lien, certificate of lien release or subordination, or any other type of notice or other documentation affecting or concerning a lien is $5. Regardless of any other provision in this Section, the maximum fee that may be collected from the Department of Revenue for indexing each additional name in excess of one for any lien, certificate of lien release or subordination, or any other type of notice or other documentation affecting or concerning a lien is $1.

A statement of the costs of providing each service, program and activity shall be prepared by the county board. All supporting documents shall be public record and subject to public examination and audit. All direct and indirect costs, as defined in the United States Office of Management and Budget Circular A-87, may be included in the determination of the costs of each service, program and activity. (40 ILCS 5/7-172) (from Ch. 108 1/2, par. 7-172)

Sec. 7-172. Contributions by participating municipalities and participating instrumentalities.

(a) Each participating municipality and each participating instrumentality shall make payment to the fund as follows:

1. municipality contributions in an amount determined by applying the municipality contribution rate to each payment of earnings paid to each of its participating employees;

2. an amount equal to the employee contributions provided by paragraph (a) of Section 7-173, whether or not the employee contributions are withheld as permitted by that Section;

3. all accounts receivable, together with interest charged thereon, as provided in Section 7-209;

4. if it has no participating employees with current earnings, an amount payable which, over a closed period of 20 years for participating municipalities and 10 years for participating instrumentalities, will amortize, at the effective rate for that year, any unfunded obligation. The unfunded obligation shall be computed as provided in paragraph 2 of subsection (b);

5. if it has fewer than 7 participating employees or a negative balance in its municipality reserve, the greater of (A) an amount payable that, over a period of 20 years, will amortize at the effective rate for that year any unfunded obligation, computed as provided in paragraph 2 of subsection (b) or (B) the amount required by paragraph 1 of this subsection (a).

(b) A separate municipality contribution rate shall be determined for each calendar year for all participating municipalities together with all instrumentalities thereof. The municipality contribution rate shall be
determined for participating instrumentalities as if they were participating municipalities. The municipality contribution rate shall be the sum of the following percentages:

1. The percentage of earnings of all the participating employees of all participating municipalities and participating instrumentalities which, if paid over the entire period of their service, will be sufficient when combined with all employee contributions available for the payment of benefits, to provide all annuities for participating employees, and the $3,000 death benefit payable under Sections 7-158 and 7-164, such percentage to be known as the normal cost rate.

2. The percentage of earnings of the participating employees of each participating municipality and participating instrumentalities necessary to adjust for the difference between the present value of all benefits, excluding temporary and total and permanent disability and death benefits, to be provided for its participating employees and the sum of its accumulated municipality contributions and the accumulated employee contributions and the present value of expected future employee and municipality contributions pursuant to subparagraph 1 of this paragraph (b). This adjustment shall be spread over a period determined by the Board, not to exceed 30 years for participating municipalities or 10 years for participating instrumentalities the remainder of the period that is allowable under generally accepted accounting principles.

3. The percentage of earnings of the participating employees of all municipalities and participating instrumentalities necessary to provide the present value of all temporary and total and permanent disability benefits granted during the most recent year for which information is available.

4. The percentage of earnings of the participating employees of all participating municipalities and participating instrumentalities necessary to provide the present value of the net single sum death benefits expected to become payable from the reserve established under Section 7-206 during the year for which this rate is fixed.

5. The percentage of earnings necessary to meet any deficiency arising in the Terminated Municipality Reserve.

(c) A separate municipality contribution rate shall be computed for each participating municipality or participating instrumentality for its sheriff's law enforcement employees.

A separate municipality contribution rate shall be computed for the sheriff's law enforcement employees of each forest preserve district that elects to have such employees. For the period from January 1, 1986 to December 31, 1986, such rate shall be the forest preserve district's regular rate plus 2%.

In the event that the Board determines that there is an actuarial deficiency in the account of any municipality with respect to a person who has elected to participate in the Fund under Section 3-109.1 of this Code, the Board may adjust the municipality's contribution rate so as to make up that deficiency over such reasonable period of time as the Board may determine.

(d) The Board may establish a separate municipality contribution rate for all employees who are program participants employed under the federal Comprehensive Employment Training Act by all of the participating municipalities and instrumentalities. The Board may also provide that, in lieu of a separate municipality rate for these employees, a portion of the municipality contributions for such program participants shall be refunded or an extra charge assessed so that the amount of municipality contributions retained or received by the fund for all CETA program participants shall be an amount equal to that which would be provided by the separate municipality contribution rate for all such program participants. Refunds shall be made to prime sponsors of programs upon submission of a claim therefor and extra charges shall be assessed to participating municipalities and instrumentalities. In establishing the municipality contribution rate as provided in paragraph (b) of this Section, the use of a separate municipality contribution rate for program participants or the refund of a portion of the municipality contributions, as the case may be, may be considered.

(e) Computations of municipality contribution rates for the following calendar year shall be made prior to the beginning of each year, from the information available at the time the computations are made, and on the assumption that the employees in each participating municipality or participating instrumentality at such time will continue in service until the end of such calendar year at their respective rates of earnings at such time.

(f) Any municipality which is the recipient of State allocations representing that municipality's contributions for retirement annuity

New matter indicated by italics - deletions by strikeout
purposes on behalf of its employees as provided in Section 12-21.16 of the Illinois Public Aid Code shall pay the allocations so received to the Board for such purpose. Estimates of State allocations to be received during any taxable year shall be considered in the determination of the municipality's tax rate for that year under Section 7-171. If a special tax is levied under Section 7-171, none of the proceeds may be used to reimburse the municipality for the amount of State allocations received and paid to the Board. Any multiple-county or consolidated health department which receives contributions from a county under Section 11.2 of "An Act in relation to establishment and maintenance of county and multiple-county health departments", approved July 9, 1943, as amended, or distributions under Section 3 of the Department of Public Health Act, shall use these only for municipality contributions by the health department.

(g) Municipality contributions for the several purposes specified shall, for township treasurers and employees in the offices of the township treasurers who meet the qualifying conditions for coverage hereunder, be allocated among the several school districts and parts of school districts serviced by such treasurers and employees in the proportion which the amount of school funds of each district or part of a district handled by the treasurer bears to the total amount of all school funds handled by the treasurer.

From the funds subject to allocation among districts and parts of districts pursuant to the School Code, the trustees shall withhold the proportionate share of the liability for municipality contributions imposed upon such districts by this Section, in respect to such township treasurers and employees and remit the same to the Board.

The municipality contribution rate for an educational service center shall initially be the same rate for each year as the regional office of education or school district which serves as its administrative agent. When actuarial data become available, a separate rate shall be established as provided in subparagraph (i) of this Section.

The municipality contribution rate for a public agency, other than a vocational education cooperative, formed under the Intergovernmental Cooperation Act shall initially be the average rate for the municipalities which are parties to the intergovernmental agreement. When actuarial data become available, a separate rate shall be established as provided in subparagraph (i) of this Section.

(h) Each participating municipality and participating instrumentality shall make the contributions in the amounts provided in
this Section in the manner prescribed from time to time by the Board and all such contributions shall be obligations of the respective participating municipalities and participating instrumentalities to this fund. The failure to deduct any employee contributions shall not relieve the participating municipality or participating instrumentality of its obligation to this fund. Delinquent payments of contributions due under this Section may, with interest, be recovered by civil action against the participating municipalities or participating instrumentalities. Municipality contributions, other than the amount necessary for employee contributions, for periods of service by employees from whose earnings no deductions were made for employee contributions to the fund, may be charged to the municipality reserve for the municipality or participating instrumentality.

(i) Contributions by participating instrumentalities shall be determined as provided herein except that the percentage derived under subparagraph 2 of paragraph (b) of this Section, and the amount payable under subparagraph 4 of paragraph (a) of this Section, shall be based on an amortization period of 10 years.

(j) Notwithstanding the other provisions of this Section, the additional unfunded liability accruing as a result of this amendatory Act of the 94th General Assembly shall be amortized over a period of 30 years beginning on January 1 of the second calendar year following the calendar year in which this amendatory Act takes effect, except that the employer may provide for a longer amortization period by adopting a resolution or ordinance specifying a 35-year or 40-year period and submitting a certified copy of the ordinance or resolution to the fund no later than June 1 of the calendar year following the calendar year in which this amendatory Act takes effect.

(k) If the amount of a participating employee's reported earnings for any of the 12-month periods used to determine the final rate of earnings exceeds the employee's 12 month reported earnings with the same employer for the previous year by the greater of 6% or 1.5 times the annual increase in the Consumer Price Index-U, as established by the United States Department of Labor for the preceding September, the participating municipality or participating instrumentality that paid those earnings shall pay to the Fund, in addition to any other contributions required under this Article, the present value of the increase in the pension resulting from the portion of the increase in salary that is in excess of the greater of 6% or 1.5 times the annual increase in the Consumer Price Index-U, as determined by the Fund. This present value shall be computed on the basis of the

New matter indicated by italics - deletions by strikeout
actuarial assumptions and tables used in the most recent actuarial valuation of the Fund that is available at the time of the computation.

Whenever it determines that a payment is or may be required under this subsection (k), the fund shall calculate the amount of the payment and bill the participating municipality or participating instrumentality for that amount. The bill shall specify the calculations used to determine the amount due. If the participating municipality or participating instrumentality disputes the amount of the bill, it may, within 30 days after receipt of the bill, apply to the fund in writing for a recalculation. The application must specify in detail the grounds of the dispute. Upon receiving a timely application for recalculation, the fund shall review the application and, if appropriate, recalculate the amount due. The participating municipality and participating instrumentality contributions required under this subsection (k) may be paid in the form of a lump sum within 90 days after receipt of the bill. If the participating municipality and participating instrumentality contributions are not paid within 90 days after receipt of the bill, then interest will be charged at a rate equal to the fund's annual actuarially assumed rate of return on investment compounded annually from the 91st day after receipt of the bill. Payments must be concluded within 3 years after receipt of the bill by the participating municipality or participating instrumentality.

When assessing payment for any amount due under this subsection (k), the fund shall exclude earnings increases resulting from overload or overtime earnings.

When assessing payment for any amount due under this subsection (k), the fund shall also exclude earnings increases attributable to standard employment promotions resulting in increased responsibility and workload.

This subsection (k) does not apply to earnings increases paid to individuals under contracts or collective bargaining agreements entered into, amended, or renewed before January 1, 2012 (the effective date of Public Act 97-609), earnings increases paid to members who are 10 years or more from retirement eligibility, or earnings increases resulting from an increase in the number of hours required to be worked.

When assessing payment for any amount due under this subsection (k), the fund shall also exclude earnings attributable to personnel policies adopted before January 1, 2012 (the effective date of Public Act 97-609) as long as those policies are not applicable to employees who begin
service on or after January 1, 2012 (the effective date of Public Act 97-609).

Sec. 7-173. Contributions by employees.
(a) Each participating employee shall make contributions to the fund as follows:

1. For retirement annuity purposes, normal contributions of 3 3/4% of earnings.
2. Additional contributions of such percentages of each payment of earnings, as shall be elected by the employee for retirement annuity purposes, but not in excess of 10%. The selected rate shall be applicable to all earnings paid following receipt by the Board of written notice of election to make such contributions. Additional contributions at the selected rate shall be made concurrently with normal contributions.
3. Survivor contributions, by each participating employee, of 3/4% of each payment of earnings.
(b) (Blank).
(c) Contributions shall be deducted from each corresponding payment of earnings paid to each employee and shall be remitted to the board by the participating municipality or participating instrumentality making such payment. The remittance, together with a report of the earnings and contributions shall be made as directed by the board. For township treasurers and employees of township treasurers qualifying as employees hereunder, the contributions herein required as deductions from salary shall be withheld by the school township trustees from funds available for the payment of the compensation of such treasurers and employees as provided in the School Code and remitted to the board.
(d) An employee who has made additional contributions under paragraph (a)2 of this Section may upon retirement or at any time prior thereto, elect to withdraw the total of such additional contributions including interest credited thereon to the end of the preceding calendar year, to the extent permitted by the federal Internal Revenue Code of 1986, as now or hereafter amended.
(e) Failure to make the deductions for employee contributions provided in paragraph (c) of this Section shall not relieve the employee from liability for such contributions. The amount of such liability may be

benefits payable hereunder to the employee or any other person receiving
an annuity or benefit by reason of such employee's participation.

(f) A participating employee who has at least 40 years of creditable
service in the Fund may elect to cease making the contributions required
under this Section. The status of the employee under this Article shall be
unaffected by this election, except that the employee shall not receive any
additional creditable service for the periods of employment following the
election. An election under this subsection relieves the employer from
making additional employer contributions in relation to that employee.

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Sections 14-6.01 and 14-8.02 as follows:

(105 ILCS 5/14-6.01) (from Ch. 122, par. 14-6.01)
Sec. 14-6.01. Powers and duties of school boards. School boards of one or more school districts establishing and maintaining any of the educational facilities described in this Article shall, in connection therewith, exercise similar powers and duties as are prescribed by law for the establishment, maintenance and management of other recognized educational facilities. Such school boards shall include only eligible children in the program and shall comply with all the requirements of this Article and all rules and regulations established by the State Board of Education. Such school boards shall accept in part-time attendance children with disabilities of the types described in Sections 14-1.02 through 14-1.07 who are enrolled in nonpublic schools. A request for part-time attendance must be submitted by a parent or guardian of the disabled child and may be made only to those public schools located in the district where the child attending the nonpublic school resides; however, nothing in this Section shall be construed as prohibiting an agreement between the district where the child resides and another public school district to provide special educational services if such an arrangement is deemed more convenient and economical. Special education and related services must be provided in accordance with the student's IEP no later than 10 school attendance days after notice is provided to the parents pursuant to Section 300.503 of Title 34 of the Code of Federal Regulations and implementing rules adopted by the State Board of Education. Special educational services shall be provided to such students as soon as possible after the identification, evaluation and placement procedures provided in Section 14-8.02, but no later than the beginning of the next school semester following the completion of such procedures. Transportation for students in part time attendance shall be provided only if required in the child's individualized educational program on the basis of the child's disabling condition or as the special education program location may require.

A school board shall publish a public notice in its newsletter of general circulation or in the newsletter of another governmental entity of general circulation in the district or if neither is available in the district, then in a newspaper of general circulation in the district, the right of all children with disabilities to a free appropriate public education as provided under this Code. Such notice shall identify the location and phone number of the office or agent of the school district to whom inquiries should be directed regarding the identification, assessment and placement of such children.

School boards shall immediately provide upon request by any person written materials and other information that indicates the specific policies, procedures, rules and regulations regarding the identification, evaluation or educational placement of children with disabilities under Section 14-8.02 of the School Code. Such information shall include information regarding all rights and entitlements of such children under this Code, and of the opportunity to present complaints with respect to any matter relating to educational placement of the student, or the provision of a free appropriate public education and to have an impartial due process hearing on the complaint. The notice shall inform the parents or guardian in the parents' or guardian's native language, unless it is clearly not feasible to do so, of their rights and all procedures available pursuant to this Act and federal Public Law 94-142; it shall be the responsibility of the State Superintendent to develop uniform notices setting forth the procedures available under this Act and federal Public Law 94-142, as amended, to be used by all school boards. The notice shall also inform the parents or guardian of the availability upon request of a list of free or low-cost legal and other relevant services available locally to assist parents or guardians in exercising rights or entitlements under this Code.

Any parent or guardian who is deaf, or does not normally communicate using spoken English, who participates in a meeting with a representative of a local educational agency for the purposes of developing an individualized educational program shall be entitled to the services of an interpreter.

No disabled student may be denied promotion, graduation or a general diploma on the basis of failing a minimal competency test when such failure can be directly related to the disabling condition of the student. For the purpose of this Act, "minimal competency testing" is defined as tests which are constructed to measure the acquisition of skills to or beyond a certain defined standard.
Effective July 1, 1966, high school districts are financially responsible for the education of pupils with disabilities who are residents in their districts when such pupils have reached age 15 but may admit children with disabilities into special educational facilities without regard to graduation from the eighth grade after such pupils have reached the age of 14 1/2 years. Upon a disabled pupil's attaining the age of 14 1/2 years, it shall be the duty of the elementary school district in which the pupil resides to notify the high school district in which the pupil resides of the pupil's current eligibility for special education services, of the pupil's current program, and of all evaluation data upon which the current program is based. After an examination of that information the high school district may accept the current placement and all subsequent timelines shall be governed by the current individualized educational program; or the high school district may elect to conduct its own evaluation and multidisciplinary staff conference and formulate its own individualized educational program, in which case the procedures and timelines contained in Section 14-8.02 shall apply.

(105 ILCS 5/14-8.02) (from Ch. 122, par. 14-8.02)

(a) The State Board of Education shall make rules under which local school boards shall determine the eligibility of children to receive special education. Such rules shall ensure that a free appropriate public education be available to all children with disabilities as defined in Section 14-1.02. The State Board of Education shall require local school districts to administer non-discriminatory procedures or tests to limited English proficiency students coming from homes in which a language other than English is used to determine their eligibility to receive special education. The placement of low English proficiency students in special education programs and facilities shall be made in accordance with the test results reflecting the student's linguistic, cultural and special education needs. For purposes of determining the eligibility of children the State Board of Education shall include in the rules definitions of "case study", "staff conference", "individualized educational program", and "qualified specialist" appropriate to each category of children with disabilities as defined in this Article. For purposes of determining the eligibility of children from homes in which a language other than English is used, the State Board of Education shall include in the rules definitions for "qualified bilingual specialists" and "linguistically and culturally

appropriate individualized educational programs". For purposes of this Section, as well as Sections 14-8.02a, 14-8.02b, and 14-8.02c of this Code, "parent" means a parent as defined in the federal Individuals with Disabilities Education Act (20 U.S.C. 1401(23)).

(b) No child shall be eligible for special education facilities except with a carefully completed case study fully reviewed by professional personnel in a multidisciplinary staff conference and only upon the recommendation of qualified specialists or a qualified bilingual specialist, if available. At the conclusion of the multidisciplinary staff conference, the parent of the child shall be given a copy of the multidisciplinary conference summary report and recommendations, which includes options considered, and be informed of their right to obtain an independent educational evaluation if they disagree with the evaluation findings conducted or obtained by the school district. If the school district's evaluation is shown to be inappropriate, the school district shall reimburse the parent for the cost of the independent evaluation. The State Board of Education shall, with advice from the State Advisory Council on Education of Children with Disabilities on the inclusion of specific independent educational evaluators, prepare a list of suggested independent educational evaluators. The State Board of Education shall include on the list clinical psychologists licensed pursuant to the Clinical Psychologist Licensing Act. Such psychologists shall not be paid fees in excess of the amount that would be received by a school psychologist for performing the same services. The State Board of Education shall supply school districts with such list and make the list available to parents at their request. School districts shall make the list available to parents at the time they are informed of their right to obtain an independent educational evaluation. However, the school district may initiate an impartial due process hearing under this Section within 5 days of any written parent request for an independent educational evaluation to show that its evaluation is appropriate. If the final decision is that the evaluation is appropriate, the parent still has a right to an independent educational evaluation, but not at public expense. An independent educational evaluation at public expense must be completed within 30 days of a parent written request unless the school district initiates an impartial due process hearing or the parent or school district offers reasonable grounds to show that such 30 day time period should be extended. If the due process hearing decision indicates that the parent is entitled to an independent educational evaluation, it must be completed within 30 days of the
decision unless the parent or the school district offers reasonable grounds to show that such 30 day period should be extended. If a parent disagrees with the summary report or recommendations of the multidisciplinary conference or the findings of any educational evaluation which results therefrom, the school district shall not proceed with a placement based upon such evaluation and the child shall remain in his or her regular classroom setting. No child shall be eligible for admission to a special class for the educable mentally disabled or for the trainable mentally disabled except with a psychological evaluation and recommendation by a school psychologist. Consent shall be obtained from the parent of a child before any evaluation is conducted. If consent is not given by the parent or if the parent disagrees with the findings of the evaluation, then the school district may initiate an impartial due process hearing under this Section. The school district may evaluate the child if that is the decision resulting from the impartial due process hearing and the decision is not appealed or if the decision is affirmed on appeal. The determination of eligibility shall be made and the IEP meeting shall be completed within 60 school days from the date of written parental consent. In those instances when written parental consent is obtained with fewer than 60 pupil attendance days left in the school year, the eligibility determination shall be made and the IEP meeting shall be completed prior to the first day of the following school year. Special education and related services must be provided in accordance with the student's IEP no later than 10 school attendance days after notice is provided to the parents pursuant to Section 300.503 of Title 34 of the Code of Federal Regulations and implementing rules adopted by the State Board of Education. After a child has been determined to be eligible for a special education class, such child must be placed in the appropriate program pursuant to the individualized educational program by or no later than the beginning of the next school semester. The appropriate program pursuant to the individualized educational program of students whose native tongue is a language other than English shall reflect the special education, cultural and linguistic needs. No later than September 1, 1993, the State Board of Education shall establish standards for the development, implementation and monitoring of appropriate bilingual special individualized educational programs. The State Board of Education shall further incorporate appropriate monitoring procedures to verify implementation of these standards. The district shall indicate to the parent and the State Board of Education the nature of the services the child

will receive for the regular school term while waiting placement in the appropriate special education class.

If the child is deaf, hard of hearing, blind, or visually impaired and he or she might be eligible to receive services from the Illinois School for the Deaf or the Illinois School for the Visually Impaired, the school district shall notify the parents, in writing, of the existence of these schools and the services they provide and shall make a reasonable effort to inform the parents of the existence of other, local schools that provide similar services and the services that these other schools provide. This notification shall include without limitation information on school services, school admissions criteria, and school contact information.

In the development of the individualized education program for a student who has a disability on the autism spectrum (which includes autistic disorder, Asperger's disorder, pervasive developmental disorder not otherwise specified, childhood disintegrative disorder, and Rett Syndrome, as defined in the Diagnostic and Statistical Manual of Mental Disorders, fourth edition (DSM-IV, 2000)), the IEP team shall consider all of the following factors:

(1) The verbal and nonverbal communication needs of the child.
(2) The need to develop social interaction skills and proficiencies.
(3) The needs resulting from the child's unusual responses to sensory experiences.
(4) The needs resulting from resistance to environmental change or change in daily routines.
(5) The needs resulting from engagement in repetitive activities and stereotyped movements.
(6) The need for any positive behavioral interventions, strategies, and supports to address any behavioral difficulties resulting from autism spectrum disorder.
(7) Other needs resulting from the child's disability that impact progress in the general curriculum, including social and emotional development.

Public Act 95-257 does not create any new entitlement to a service, program, or benefit, but must not affect any entitlement to a service, program, or benefit created by any other law.

If the student may be eligible to participate in the Home-Based Support Services Program for Mentally Disabled Adults authorized under
the Developmental Disability and Mental Disability Services Act upon becoming an adult, the student's individualized education program shall include plans for (i) determining the student's eligibility for those home-based services, (ii) enrolling the student in the program of home-based services, and (iii) developing a plan for the student's most effective use of the home-based services after the student becomes an adult and no longer receives special educational services under this Article. The plans developed under this paragraph shall include specific actions to be taken by specified individuals, agencies, or officials.

(c) In the development of the individualized education program for a student who is functionally blind, it shall be presumed that proficiency in Braille reading and writing is essential for the student's satisfactory educational progress. For purposes of this subsection, the State Board of Education shall determine the criteria for a student to be classified as functionally blind. Students who are not currently identified as functionally blind who are also entitled to Braille instruction include: (i) those whose vision loss is so severe that they are unable to read and write at a level comparable to their peers solely through the use of vision, and (ii) those who show evidence of progressive vision loss that may result in functional blindness. Each student who is functionally blind shall be entitled to Braille reading and writing instruction that is sufficient to enable the student to communicate with the same level of proficiency as other students of comparable ability. Instruction should be provided to the extent that the student is physically and cognitively able to use Braille. Braille instruction may be used in combination with other special education services appropriate to the student's educational needs. The assessment of each student who is functionally blind for the purpose of developing the student's individualized education program shall include documentation of the student's strengths and weaknesses in Braille skills. Each person assisting in the development of the individualized education program for a student who is functionally blind shall receive information describing the benefits of Braille instruction. The individualized education program for each student who is functionally blind shall specify the appropriate learning medium or media based on the assessment report.

(d) To the maximum extent appropriate, the placement shall provide the child with the opportunity to be educated with children who are not disabled; provided that children with disabilities who are recommended to be placed into regular education classrooms are provided with supplementary services to assist the children with disabilities to
benefit from the regular classroom instruction and are included on the
teacher's regular education class register. Subject to the limitation of the
preceding sentence, placement in special classes, separate schools or other
removal of the disabled child from the regular educational environment
shall occur only when the nature of the severity of the disability is such
that education in the regular classes with the use of supplementary aids
and services cannot be achieved satisfactorily. The placement of limited
English proficiency students with disabilities shall be in non-restrictive
environments which provide for integration with non-disabled peers in
bilingual classrooms. Annually, each January, school districts shall report
data on students from non-English speaking backgrounds receiving special
education and related services in public and private facilities as prescribed
in Section 2-3.30. If there is a disagreement between parties involved
regarding the special education placement of any child, either in-state or
out-of-state, the placement is subject to impartial due process procedures
described in Article 10 of the Rules and Regulations to Govern the
Administration and Operation of Special Education.

(e) No child who comes from a home in which a language other
than English is the principal language used may be assigned to any class or
program under this Article until he has been given, in the principal
language used by the child and used in his home, tests reasonably related
to his cultural environment. All testing and evaluation materials and
procedures utilized for evaluation and placement shall not be
linguistically, racially or culturally discriminatory.

(f) Nothing in this Article shall be construed to require any child to
undergo any physical examination or medical treatment whose parents
object thereto on the grounds that such examination or treatment conflicts
with his religious beliefs.

(g) School boards or their designee shall provide to the parents of a
child prior written notice of any decision (a) proposing to initiate or

The notice shall also inform the parents of the availability upon request of a list of free or low-cost legal and other relevant services available locally to assist parents in initiating an impartial due process hearing. Any parent who is deaf, or does not normally communicate using spoken English, who participates in a meeting with a representative of a local educational agency for the purposes of developing an individualized educational program shall be entitled to the services of an interpreter.

(g-5) For purposes of this subsection (g-5), "qualified professional" means an individual who holds credentials to evaluate the child in the domain or domains for which an evaluation is sought or an intern working under the direct supervision of a qualified professional, including a master's or doctoral degree candidate.

To ensure that a parent can participate fully and effectively with school personnel in the development of appropriate educational and related services for his or her child, the parent, an independent educational evaluator, or a qualified professional retained by or on behalf of a parent or child must be afforded reasonable access to educational facilities, personnel, classrooms, and buildings and to the child as provided in this subsection (g-5). The requirements of this subsection (g-5) apply to any public school facility, building, or program and to any facility, building, or program supported in whole or in part by public funds. Prior to visiting a school, school building, or school facility, the parent, independent educational evaluator, or qualified professional may be required by the school district to inform the building principal or supervisor in writing of the proposed visit, the purpose of the visit, and the approximate duration of the visit. The visitor and the school district shall arrange the visit or visits at times that are mutually agreeable. Visitors shall comply with school safety, security, and visitation policies at all times. School district visitation policies must not conflict with this subsection (g-5). Visitors shall be required to comply with the requirements of applicable privacy laws, including those laws protecting the confidentiality of education records such as the federal Family Educational Rights and Privacy Act and

the Illinois School Student Records Act. The visitor shall not disrupt the educational process.

(1) A parent must be afforded reasonable access of sufficient duration and scope for the purpose of observing his or her child in the child's current educational placement, services, or program or for the purpose of visiting an educational placement or program proposed for the child.

(2) An independent educational evaluator or a qualified professional retained by or on behalf of a parent or child must be afforded reasonable access of sufficient duration and scope for the purpose of conducting an evaluation of the child, the child's performance, the child's current educational program, placement, services, or environment, or any educational program, placement, services, or environment proposed for the child, including interviews of educational personnel, child observations, assessments, tests or assessments of the child's educational program, services, or placement or of any proposed educational program, services, or placement. If one or more interviews of school personnel are part of the evaluation, the interviews must be conducted at a mutually agreed upon time, date, and place that do not interfere with the school employee's school duties. The school district may limit interviews to personnel having information relevant to the child's current educational services, program, or placement or to a proposed educational service, program, or placement.

PUBLIC ACT 98-0221
(House Bill No. 1458)

AN ACT concerning health.
Be it enacted by the People of the State of Illinois, represented in
the General Assembly:
   Section 5. The Mental Health and Developmental Disabilities Code
is amended by changing Section 3-812 as follows:
   (405 ILCS 5/3-812) (from Ch. 91 1/2, par. 3-812)
   Sec. 3-812. Court ordered admission on an outpatient basis;
modification; revocation.
   (a) If a respondent is found subject to involuntary admission on an
outpatient basis, the court may issue an order: (i) placing the respondent in
the care and custody of a relative or other person willing and able to
properly care for him or her; or (ii) committing the respondent to
alternative treatment at a community mental health provider.

New matter indicated by italics - deletions by strikeout
(b) An order placing the respondent in the care and custody of a relative or other person shall specify the powers and duties of the custodian. An order of care and custody entered pursuant to this Section may grant the custodian the authority to admit a respondent to a hospital if the respondent fails to comply with the conditions of the order. If necessary in order to obtain the hospitalization of the respondent, the custodian may apply to the court for an order authorizing an officer of the peace to take the respondent into custody and transport the respondent to a mental health facility the hospital specified in the agreed order. The provisions of Section 3-605 shall govern the transportation of the respondent to a mental health facility, except to the extent that those provisions are inconsistent with this Section. No person admitted to a hospital pursuant to this subsection shall be detained for longer than 24 hours, excluding Saturdays, Sundays, and holidays, unless, within that period, a petition for involuntary admission on an inpatient basis and a certificate supporting such petition have been filed as provided in Section 3-611.

(c) Alternative treatment shall not be ordered unless the program being considered is capable of providing adequate and humane treatment in the least restrictive setting which is appropriate to the respondent's condition. The court shall have continuing authority to modify an order for alternative treatment if the recipient fails to comply with the order or is otherwise found unsuitable for alternative treatment. Prior to modifying such an order, the court shall receive a report from the facility director of the program specifying why the alternative treatment is unsuitable. The recipient shall be notified and given an opportunity to respond when modification of the order for alternative treatment is considered. If the court determines that the respondent has violated the order for alternative treatment in the community or that alternative treatment in the community will no longer provide adequate assurances for the safety of the respondent or others, the court may revoke the order for alternative treatment in the community and may order a peace officer to take the recipient into custody and transport him to an inpatient mental health facility. The provisions of Section 3-605 shall govern the transportation of the respondent to a mental health facility, except to the extent that those provisions are inconsistent with this Section. No person admitted to a hospital pursuant to this subsection shall be detained for longer than 24 hours, excluding Saturdays, Sundays, and holidays, unless, within that period, a petition for

Section 10. The Mental Health and Developmental Disabilities Confidentiality Act is amended by changing Section 10 as follows:

(740 ILCS 110/10) (from Ch. 91 1/2, par. 810)

Sec. 10. (a) Except as provided herein, in any civil, criminal, administrative, or legislative proceeding, or in any proceeding preliminary thereto, a recipient, and a therapist on behalf and in the interest of a recipient, has the privilege to refuse to disclose and to prevent the disclosure of the recipient's record or communications.

(1) Records and communications may be disclosed in a civil, criminal or administrative proceeding in which the recipient introduces his mental condition or any aspect of his services received for such condition as an element of his claim or defense, if and only to the extent the court in which the proceedings have been brought, or, in the case of an administrative proceeding, the court to which an appeal or other action for review of an administrative determination may be taken, finds, after in camera examination of testimony or other evidence, that it is relevant, probative, not unduly prejudicial or inflammatory, and otherwise clearly admissible; that other satisfactory evidence is demonstrably unsatisfactory as evidence of the facts sought to be established by such evidence; and that disclosure is more important to the interests of substantial justice than protection from injury to the therapist-recipient relationship or to the recipient or other whom disclosure is likely to harm. Except in a criminal proceeding in which the recipient, who is accused in that proceeding, raises the defense of insanity, no record or communication between a therapist and a recipient shall be deemed relevant for purposes of this subsection, except the fact of treatment, the cost of services and the ultimate diagnosis unless the party seeking disclosure of the communication clearly establishes in the trial court a compelling need for its production. However, for purposes of this Act, in any action brought or defended under the Illinois Marriage and Dissolution of Marriage Act, or in any action in which pain and suffering is an element of the claim, mental condition shall not be deemed to be introduced merely by making such claim and shall
be deemed to be introduced only if the recipient or a witness on his behalf first testifies concerning the record or communication.

(2) Records or communications may be disclosed in a civil proceeding after the recipient's death when the recipient's physical or mental condition has been introduced as an element of a claim or defense by any party claiming or defending through or as a beneficiary of the recipient, provided the court finds, after in camera examination of the evidence, that it is relevant, probative, and otherwise clearly admissible; that other satisfactory evidence is not available regarding the facts sought to be established by such evidence; and that disclosure is more important to the interests of substantial justice than protection from any injury which disclosure is likely to cause.

(3) In the event of a claim made or an action filed by a recipient, or, following the recipient's death, by any party claiming as a beneficiary of the recipient for injury caused in the course of providing services to such recipient, the therapist and other persons whose actions are alleged to have been the cause of injury may disclose pertinent records and communications to an attorney or attorneys engaged to render advice about and to provide representation in connection with such matter and to persons working under the supervision of such attorney or attorneys, and may testify as to such records or communication in any administrative, judicial or discovery proceeding for the purpose of preparing and presenting a defense against such claim or action.

(4) Records and communications made to or by a therapist in the course of examination ordered by a court for good cause shown may, if otherwise relevant and admissible, be disclosed in a civil, criminal, or administrative proceeding in which the recipient is a party or in appropriate pretrial proceedings, provided such court has found that the recipient has been as adequately and as effectively as possible informed before submitting to such examination that such records and communications would not be considered confidential or privileged. Such records and communications shall be admissible only as to issues involving the recipient's physical or mental condition and only to the extent that these are germane to such proceedings.

(5) Records and communications may be disclosed in a proceeding under the Probate Act of 1975, to determine a
recipient's competency or need for guardianship, provided that the disclosure is made only with respect to that issue.

(6) Records and communications may be disclosed to a court-appointed therapist, psychologist, or psychiatrist for use in determining a person's fitness to stand trial if the records were made within the 180-day period immediately preceding the date of the therapist's, psychologist's or psychiatrist's court appointment. These records and communications shall be admissible only as to the issue of the person's fitness to stand trial. Records and communications may be disclosed when such are made during treatment which the recipient is ordered to undergo to render him fit to stand trial on a criminal charge, provided that the disclosure is made only with respect to the issue of fitness to stand trial.

(7) Records and communications of the recipient may be disclosed in any civil or administrative proceeding involving the validity of or benefits under a life, accident, health or disability insurance policy or certificate, or Health Care Service Plan Contract, insuring the recipient, but only if and to the extent that the recipient's mental condition, or treatment or services in connection therewith, is a material element of any claim or defense of any party, provided that information sought or disclosed shall not be redisclosed except in connection with the proceeding in which disclosure is made.

(8) Records or communications may be disclosed when such are relevant to a matter in issue in any action brought under this Act and proceedings preliminary thereto, provided that any information so disclosed shall not be utilized for any other purpose nor be redisclosed except in connection with such action or preliminary proceedings.

(9) Records and communications of the recipient may be disclosed in investigations of and trials for homicide when the disclosure relates directly to the fact or immediate circumstances of the homicide.

(10) Records and communications of a deceased recipient may be disclosed to a coroner conducting a preliminary investigation into the recipient's death under Section 3-3013 of the Counties Code. However, records and communications of the deceased recipient disclosed in an investigation shall be limited solely to the deceased recipient's records and communications

relating to the factual circumstances of the incident being investigated in a mental health facility.

(11) Records and communications of a recipient shall be disclosed in a proceeding where a petition or motion is filed under the Juvenile Court Act of 1987 and the recipient is named as a parent, guardian, or legal custodian of a minor who is the subject of a petition for wardship as described in Section 2-3 of that Act or a minor who is the subject of a petition for wardship as described in Section 2-4 of that Act alleging the minor is abused, neglected, or dependent or the recipient is named as a parent of a child who is the subject of a petition, supplemental petition, or motion to appoint a guardian with the power to consent to adoption under Section 2-29 of the Juvenile Court Act of 1987.

(12) Records and communications of a recipient may be disclosed when disclosure is necessary to collect sums or receive third party payment representing charges for mental health or developmental disabilities services provided by a therapist or agency to a recipient; however, disclosure shall be limited to information needed to pursue collection, and the information so disclosed may not be used for any other purposes nor may it be redisclosed except in connection with collection activities. Whenever records are disclosed pursuant to this subdivision (12), the recipient of the records shall be advised in writing that any person who discloses mental health records and communications in violation of this Act may be subject to civil liability pursuant to Section 15 of this Act or to criminal penalties pursuant to Section 16 of this Act or both.

(b) Before a disclosure is made under subsection (a), any party to the proceeding or any other interested person may request an in camera review of the record or communications to be disclosed. The court or agency conducting the proceeding may hold an in camera review on its own motion. When, contrary to the express wish of the recipient, the therapist asserts a privilege on behalf and in the interest of a recipient, the court may require that the therapist, in an in camera hearing, establish that disclosure is not in the best interest of the recipient. The court or agency may prevent disclosure or limit disclosure to the extent that other admissible evidence is sufficient to establish the facts in issue. The court or agency may enter such orders as may be necessary in order to protect the confidentiality, privacy, and safety of the recipient or of other persons.

New matter indicated by italics - deletions by strikeout
Any order to disclose or to not disclose shall be considered a final order for purposes of appeal and shall be subject to interlocutory appeal.

(c) A recipient's records and communications may be disclosed to a duly authorized committee, commission or subcommittee of the General Assembly which possesses subpoena and hearing powers, upon a written request approved by a majority vote of the committee, commission or subcommittee members. The committee, commission or subcommittee may request records only for the purposes of investigating or studying possible violations of recipient rights. The request shall state the purpose for which disclosure is sought.

The facility shall notify the recipient, or his guardian, and therapist in writing of any disclosure request under this subsection within 5 business days after such request. Such notification shall also inform the recipient, or guardian, and therapist of their right to object to the disclosure within 10 business days after receipt of the notification and shall include the name, address and telephone number of the committee, commission or subcommittee member or staff person with whom an objection shall be filed. If no objection has been filed within 15 business days after the request for disclosure, the facility shall disclose the records and communications to the committee, commission or subcommittee. If an objection has been filed within 15 business days after the request for disclosure, the facility shall disclose the records and communications only after the committee, commission or subcommittee has permitted the recipient, guardian or therapist to present his objection in person before it and has renewed its request for disclosure by a majority vote of its members.

Disclosure under this subsection shall not occur until all personally identifiable data of the recipient and provider are removed from the records and communications. Disclosure under this subsection shall not occur in any public proceeding.

(d) No party to any proceeding described under paragraphs (1), (2), (3), (4), (7), or (8) of subsection (a) of this Section, nor his or her attorney, shall serve a subpoena seeking to obtain access to records or communications under this Act unless the subpoena is accompanied by a written order issued by a judge or by the written consent under Section 5 of this Act of the person whose records are being sought, authorizing the disclosure of the records or the issuance of the subpoena. No such written order shall be issued without written notice of the motion to the recipient and the treatment provider. Prior to issuance of the order, each party or

other person entitled to notice shall be permitted an opportunity to be heard pursuant to subsection (b) of this Section. In the absence of the written consent under Section 5 of this Act of the person whose records are being sought, no person shall comply with a subpoena for records or communications under this Act, unless the subpoena is accompanied by a written order authorizing the issuance of the subpoena or the disclosure of the records. Each subpoena issued by a court or administrative agency or served on any person pursuant to this subsection (d) shall include the following language: "No person shall comply with a subpoena for mental health records or communications pursuant to Section 10 of the Mental Health and Developmental Disabilities Confidentiality Act, 740 ILCS 110/10, unless the subpoena is accompanied by a written order that authorizes the issuance of the subpoena and the disclosure of records or communications or by the written consent under Section 5 of that Act of the person whose records are being sought."

The local law enforcement authority may re-disclose the information as necessary to alert the appropriate enforcement or prosecuting authority.

(f) A recipient's records and communications shall be disclosed to the Inspector General of the Department of Human Services within 10 business days of a request by the Inspector General (i) in the course of an investigation authorized by the Department of Human Services Act and applicable rule or (ii) during the course of an assessment authorized by the Abuse of Adults with Disabilities Intervention Act and applicable rule. PUBLIC ACT 98-0225
(House Bill No. 1534)

AN ACT concerning utilities.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Public Utilities Act is amended by changing Section 8-104 as follows:

(220 ILCS 5/8-104)
Sec. 8-104. Natural gas energy efficiency programs.

(a) It is the policy of the State that natural gas utilities and the Department of Commerce and Economic Opportunity are required to use cost-effective energy efficiency to reduce direct and indirect costs to consumers. It serves the public interest to allow natural gas utilities to recover costs for reasonably and prudently incurred expenses for cost-effective energy efficiency measures.

(b) For purposes of this Section, "energy efficiency" means measures that reduce the amount of energy required to achieve a given end use and "cost-effective" means that the measures satisfy the total resource cost test which, for purposes of this Section, means a standard that is met if, for an investment in energy efficiency, the benefit-cost ratio is greater than one. The benefit-cost ratio is the ratio of the net present value of the
total benefits of the measures to the net present value of the total costs as calculated over the lifetime of the measures. The total resource cost test compares the sum of avoided natural gas utility costs, representing the benefits that accrue to the system and the participant in the delivery of those efficiency measures, as well as other quantifiable societal benefits, including avoided electric utility costs, to the sum of all incremental costs of end use measures (including both utility and participant contributions), plus costs to administer, deliver, and evaluate each demand-side measure, to quantify the net savings obtained by substituting demand-side measures for supply resources. In calculating avoided costs, reasonable estimates shall be included for financial costs likely to be imposed by future regulation of emissions of greenhouse gases. The low-income programs described in item (4) of subsection (f) of this Section shall not be required to meet the total resource cost test.

(c) Natural gas utilities shall implement cost-effective energy efficiency measures to meet at least the following natural gas savings requirements, which shall be based upon the total amount of gas delivered to retail customers, other than the customers described in subsection (m) of this Section, during calendar year 2009 multiplied by the applicable percentage. Natural gas utilities may comply with this Section by meeting the annual incremental savings goal in the applicable year or by showing that total savings associated with measures implemented after May 31, 2011 were equal to the sum of each annual incremental savings requirement from May 31, 2011 through the end of the applicable year:

1. 0.2% by May 31, 2012;
2. an additional 0.4% by May 31, 2013, increasing total savings to 0.6%;
3. an additional 0.6% by May 31, 2014, increasing total savings to 1.2%;
4. an additional 0.8% by May 31, 2015, increasing total savings to 2.0%;
5. an additional 1% by May 31, 2016, increasing total savings to 3.0%;
6. an additional 1.2% by May 31, 2017, increasing total savings to 4.2%;
7. an additional 1.4% by May 31, 2018, increasing total savings to 5.6%;
8. an additional 1.5% by May 31, 2019, increasing total savings to 7.1%; and

New matter indicated by italics - deletions by strikeout
(9) an additional 1.5% in each 12-month period thereafter.

(d) Notwithstanding the requirements of subsection (c) of this Section, a natural gas utility shall limit the amount of energy efficiency implemented in any 3-year reporting period established by subsection (f) of Section 8-104 of this Act, by an amount necessary to limit the estimated average increase in the amounts paid by retail customers in connection with natural gas service to no more than 2% in the applicable 3-year reporting period. The energy savings requirements in subsection (c) of this Section may be reduced by the Commission for the subject plan, if the utility demonstrates by substantial evidence that it is highly unlikely that the requirements could be achieved without exceeding the applicable spending limits in any 3-year reporting period. No later than September 1, 2013, the Commission shall review the limitation on the amount of energy efficiency measures implemented pursuant to this Section and report to the General Assembly, in the report required by subsection (k) of this Section, its findings as to whether that limitation unduly constrains the procurement of energy efficiency measures.

(e) Natural gas utilities shall be responsible for overseeing the design, development, and filing of their efficiency plans with the Commission. The utility shall utilize 75% of the available funding associated with energy efficiency programs approved by the Commission, and may outsource various aspects of program development and implementation. The remaining 25% of available funding shall be used by the Department of Commerce and Economic Opportunity to implement energy efficiency measures that achieve no less than 20% of the requirements of subsection (c) of this Section. Such measures shall be designed in conjunction with the utility and approved by the Commission. The Department may outsource development and implementation of energy efficiency measures. A minimum of 10% of the entire portfolio of cost-effective energy efficiency measures shall be procured from local government, municipal corporations, school districts, and community college districts. Five percent of the entire portfolio of cost-effective energy efficiency measures may be granted to local government and municipal corporations for market transformation initiatives. The Department shall coordinate the implementation of these measures and shall integrate delivery of natural gas efficiency programs with electric efficiency programs delivered pursuant to Section 8-103 of this Act, unless the Department can show that integration is not feasible.
The apportionment of the dollars to cover the costs to implement the Department's share of the portfolio of energy efficiency measures shall be made to the Department once the Department has executed rebate agreements, grants, or contracts for energy efficiency measures and provided supporting documentation for those rebate agreements, grants, and contracts to the utility. The Department is authorized to adopt any rules necessary and prescribe procedures in order to ensure compliance by applicants in carrying out the purposes of rebate agreements for energy efficiency measures implemented by the Department made under this Section.

The details of the measures implemented by the Department shall be submitted by the Department to the Commission in connection with the utility's filing regarding the energy efficiency measures that the utility implements.

A utility providing approved energy efficiency measures in this State shall be permitted to recover costs of those measures through an automatic adjustment clause tariff filed with and approved by the Commission. The tariff shall be established outside the context of a general rate case and shall be applicable to the utility's customers other than the customers described in subsection (m) of this Section. Each year the Commission shall initiate a review to reconcile any amounts collected with the actual costs and to determine the required adjustment to the annual tariff factor to match annual expenditures.

Each utility shall include, in its recovery of costs, the costs estimated for both the utility's and the Department's implementation of energy efficiency measures. Costs collected by the utility for measures implemented by the Department shall be submitted to the Department pursuant to Section 605-323 of the Civil Administrative Code of Illinois, shall be deposited into the Energy Efficiency Portfolio Standards Fund, and shall be used by the Department solely for the purpose of implementing these measures. A utility shall not be required to advance any moneys to the Department but only to forward such funds as it has collected. The Department shall report to the Commission on an annual basis regarding the costs actually incurred by the Department in the implementation of the measures. Any changes to the costs of energy efficiency measures as a result of plan modifications shall be appropriately reflected in amounts recovered by the utility and turned over to the Department.

The portfolio of measures, administered by both the utilities and the Department, shall, in combination, be designed to achieve the annual energy savings requirements set forth in subsection (c) of this Section, as modified by subsection (d) of this Section.

The utility and the Department shall agree upon a reasonable portfolio of measures and determine the measurable corresponding percentage of the savings goals associated with measures implemented by the Department.

No utility shall be assessed a penalty under subsection (f) of this Section for failure to make a timely filing if that failure is the result of a lack of agreement with the Department with respect to the allocation of responsibilities or related costs or target assignments. In that case, the Department and the utility shall file their respective plans with the Commission and the Commission shall determine an appropriate division of measures and programs that meets the requirements of this Section.

If the Department is unable to meet performance requirements for the portion of the portfolio implemented by the Department, then the utility and the Department shall jointly submit a modified filing to the Commission explaining the performance shortfall and recommending an appropriate course going forward, including any program modifications that may be appropriate in light of the evaluations conducted under item (8) of subsection (f) of this Section. In this case, the utility obligation to collect the Department's costs and turn over those funds to the Department under this subsection (e) shall continue only if the Commission approves the modifications to the plan proposed by the Department.

(f) No later than October 1, 2010, each gas utility shall file an energy efficiency plan with the Commission to meet the energy efficiency standards through May 31, 2014. Every 3 years thereafter, each utility shall file, no later than October 1, an energy efficiency plan with the Commission. If a utility does not file such a plan by October 1 of the applicable year, then it shall face a penalty of $100,000 per day until the plan is filed. Each utility's plan shall set forth the utility's proposals to meet the utility's portion of the energy efficiency standards identified in subsection (c) of this Section, as modified by subsection (d) of this Section, taking into account the unique circumstances of the utility's service territory. The Commission shall seek public comment on the utility's plan and shall issue an order approving or disapproving each plan. If the Commission disapproves a plan, the Commission shall, within 30 days, describe in detail the reasons for the disapproval and describe a path

by which the utility may file a revised draft of the plan to address the Commission's concerns satisfactorily. If the utility does not refile with the Commission within 60 days after the disapproval, the utility shall be subject to penalties at a rate of $100,000 per day until the plan is filed. This process shall continue, and penalties shall accrue, until the utility has successfully filed a portfolio of energy efficiency measures. Penalties shall be deposited into the Energy Efficiency Trust Fund and the cost of any such penalties may not be recovered from ratepayers. In submitting proposed energy efficiency plans and funding levels to meet the savings goals adopted by this Act the utility shall:

(1) Demonstrate that its proposed energy efficiency measures will achieve the requirements that are identified in subsection (c) of this Section, as modified by subsection (d) of this Section.

(2) Present specific proposals to implement new building and appliance standards that have been placed into effect.

(3) Present estimates of the total amount paid for gas service expressed on a per therm basis associated with the proposed portfolio of measures designed to meet the requirements that are identified in subsection (c) of this Section, as modified by subsection (d) of this Section.

(4) Coordinate with the Department to present a portfolio of energy efficiency measures proportionate to the share of total annual utility revenues in Illinois from households at or below 150% of the poverty level. Such programs shall be targeted to households with incomes at or below 80% of area median income.

(5) Demonstrate that its overall portfolio of energy efficiency measures, not including programs covered by item (4) of this subsection (f), are cost-effective using the total resource cost test and represent a diverse cross section of opportunities for customers of all rate classes to participate in the programs.

(6) Demonstrate that a gas utility affiliated with an electric utility that is required to comply with Section 8-103 of this Act has integrated gas and electric efficiency measures into a single program that reduces program or participant costs and appropriately allocates costs to gas and electric ratepayers. The Department shall integrate all gas and electric programs it delivers in any such utilities' service territories, unless the Department can show that integration is not feasible or appropriate.

New matter indicated by italics - deletions by strikeout
(7) Include a proposed cost recovery tariff mechanism to fund the proposed energy efficiency measures and to ensure the recovery of the prudently and reasonably incurred costs of Commission-approved programs.

(8) Provide for quarterly status reports tracking implementation of and expenditures for the utility's portfolio of measures and the Department's portfolio of measures, an annual independent review, and a full independent evaluation of the 3-year results of the performance and the cost-effectiveness of the utility's and Department's portfolios of measures and broader net program impacts and, to the extent practical, for adjustment of the measures on a going forward basis as a result of the evaluations. The resources dedicated to evaluation shall not exceed 3% of portfolio resources in any given 3-year period.

(g) No more than 3% of expenditures on energy efficiency measures may be allocated for demonstration of breakthrough equipment and devices.

(h) Illinois natural gas utilities that are affiliated by virtue of a common parent company may, at the utilities' request, be considered a single natural gas utility for purposes of complying with this Section.

(i) If, after 3 years, a gas utility fails to meet the efficiency standard specified in subsection (c) of this Section as modified by subsection (d), then it shall make a contribution to the Low-Income Home Energy Assistance Program. The total liability for failure to meet the goal shall be assessed as follows:

1. a large gas utility shall pay $600,000;
2. a medium gas utility shall pay $400,000; and
3. a small gas utility shall pay $200,000.

For purposes of this Section, (i) a "large gas utility" is a gas utility that on December 31, 2008, served more than 1,500,000 gas customers in Illinois; (ii) a "medium gas utility" is a gas utility that on December 31, 2008, served fewer than 1,500,000, but more than 500,000 gas customers in Illinois; and (iii) a "small gas utility" is a gas utility that on December 31, 2008, served fewer than 500,000 and more than 100,000 gas customers in Illinois. The costs of this contribution may not be recovered from ratepayers.

If a gas utility fails to meet the efficiency standard specified in subsection (c) of this Section, as modified by subsection (d) of this Section, in any 2 consecutive 3-year planning periods, then the
responsibility for implementing the utility's energy efficiency measures shall be transferred to an independent program administrator selected by the Commission. Reasonable and prudent costs incurred by the independent program administrator to meet the efficiency standard specified in subsection (c) of this Section, as modified by subsection (d) of this Section, may be recovered from the customers of the affected gas utilities, other than customers described in subsection (m) of this Section. The utility shall provide the independent program administrator with all information and assistance necessary to perform the program administrator's duties including but not limited to customer, account, and energy usage data, and shall allow the program administrator to include inserts in customer bills. The utility may recover reasonable costs associated with any such assistance.

(j) No utility shall be deemed to have failed to meet the energy efficiency standards to the extent any such failure is due to a failure of the Department.

(k) Not later than January 1, 2012, the Commission shall develop and solicit public comment on a plan to foster statewide coordination and consistency between statutorily mandated natural gas and electric energy efficiency programs to reduce program or participant costs or to improve program performance. Not later than September 1, 2013, the Commission shall issue a report to the General Assembly containing its findings and recommendations.

(l) This Section does not apply to a gas utility that on January 1, 2009, provided gas service to fewer than 100,000 customers in Illinois.

(m) Subsections (a) through (k) of this Section do not apply to customers of a natural gas utility that have a North American Industry Classification System code number that is 22111 or any such code number beginning with the digits 31, 32, or 33 and (i) annual usage in the aggregate of 4 million therms or more within the service territory of the affected gas utility or with aggregate usage of 8 million therms or more in this State and complying with the provisions of item (l) of this subsection (m); or (ii) using natural gas as feedstock and meeting the usage requirements described in item (i) of this subsection (m), to the extent such annual feedstock usage is greater than 60% of the customer's total annual usage of natural gas.

(1) Customers described in this subsection (m) of this Section shall apply, on a form approved on or before October 1, 2009 by the Department, to the Department to be designated as a
self-directing customer ("SDC") or as an exempt customer using natural gas as a feedstock from which other products are made, including, but not limited to, feedstock for a hydrogen plant, on or before the 1st day of February, 2010. Thereafter, application may be made not less than 6 months before the filing date of the gas utility energy efficiency plan described in subsection (f) of this Section; however, a new customer that commences taking service from a natural gas utility after February 1, 2010 may apply to become a SDC or exempt customer up to 30 days after beginning service. Customers described in this subsection (m) that have not already been approved by the Department may apply to be designated a self-directing customer or exempt customer, on a form approved by the Department, between September 1, 2013 and September 30, 2013. Customer applications that are approved by the Department under this amendatory Act of the 98th General Assembly shall be considered to be a self-directing customer or exempt customer, as applicable, for the current 3-year planning period effective December 1, 2013. Such application shall contain the following:

(A) the customer's certification that, at the time of its application, it qualifies to be a SDC or exempt customer described in this subsection (m) of this Section;

(B) in the case of a SDC, the customer's certification that it has established or will establish by the beginning of the utility's 3-year planning period commencing subsequent to the application, and will maintain for accounting purposes, an energy efficiency reserve account and that the customer will accrue funds in said account to be held for the purpose of funding, in whole or in part, energy efficiency measures of the customer's choosing, which may include, but are not limited to, projects involving combined heat and power systems that use the same energy source both for the generation of electrical or mechanical power and the production of steam or another form of useful thermal energy or the use of combustible gas produced from biomass, or both;

(C) in the case of a SDC, the customer's certification that annual funding levels for the energy efficiency reserve account will be equal to 2% of the...
customer's cost of natural gas, composed of the customer's commodity cost and the delivery service charges paid to the gas utility, or $150,000, whichever is less;

(D) in the case of a SDC, the customer's certification that the required reserve account balance will be capped at 3 years' worth of accruals and that the customer may, at its option, make further deposits to the account to the extent such deposit would increase the reserve account balance above the designated cap level;

(E) in the case of a SDC, the customer's certification that by October 1 of each year, beginning no sooner than October 1, 2012, the customer will report to the Department information, for the 12-month period ending May 31 of the same year, on all deposits and reductions, if any, to the reserve account during the reporting year, and to the extent deposits to the reserve account in any year are in an amount less than $150,000, the basis for such reduced deposits; reserve account balances by month; a description of energy efficiency measures undertaken by the customer and paid for in whole or in part with funds from the reserve account; an estimate of the energy saved, or to be saved, by the measure; and that the report shall include a verification by an officer or plant manager of the customer or by a registered professional engineer or certified energy efficiency trade professional that the funds withdrawn from the reserve account were used for the energy efficiency measures;

(F) in the case of an exempt customer, the customer's certification of the level of gas usage as feedstock in the customer's operation in a typical year and that it will provide information establishing this level, upon request of the Department;

(G) in the case of either an exempt customer or a SDC, the customer's certification that it has provided the gas utility or utilities serving the customer with a copy of the application as filed with the Department;

(H) in the case of either an exempt customer or a SDC, certification of the natural gas utility or utilities

serving the customer in Illinois including the natural gas utility accounts that are the subject of the application; and

(I) in the case of either an exempt customer or a SDC, a verification signed by a plant manager or an authorized corporate officer attesting to the truthfulness and accuracy of the information contained in the application.

(2) The Department shall review the application to determine that it contains the information described in provisions (A) through (I) of item (1) of this subsection (m), as applicable. The review shall be completed within 30 days after the date the application is filed with the Department. Absent a determination by the Department within the 30-day period, the applicant shall be considered to be a SDC or exempt customer, as applicable, for all subsequent 3-year planning periods, as of the date of filing the application described in this subsection (m). If the Department determines that the application does not contain the applicable information described in provisions (A) through (I) of item (1) of this subsection (m), it shall notify the customer, in writing, of its determination that the application does not contain the required information and identify the information that is missing, and the customer shall provide the missing information within 15 working days after the date of receipt of the Department's notification.

(3) The Department shall have the right to audit the information provided in the customer's application and annual reports to ensure continued compliance with the requirements of this subsection. Based on the audit, if the Department determines the customer is no longer in compliance with the requirements of items (A) through (I) of item (1) of this subsection (m), as applicable, the Department shall notify the customer in writing of the noncompliance. The customer shall have 30 days to establish its compliance, and failing to do so, may have its status as a SDC or exempt customer revoked by the Department. The Department shall treat all information provided by any customer seeking SDC status or exemption from the provisions of this Section as strictly confidential.

(4) Upon request, or on its own motion, the Commission may open an investigation, no more than once every 3 years and not before October 1, 2014, to evaluate the effectiveness of the self-directing program described in this subsection (m).

(n) The applicability of this Section to customers described in subsection (m) of this Section is conditioned on the existence of the SDC program. In no event will any provision of this Section apply to such customers after January 1, 2020.

AN ACT concerning insurance.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Insurance Code is amended by changing Sections 143, 356z.12, and 1202 as follows:

(215 ILCS 5/143) (from Ch. 73, par. 755)
Sec. 143. Policy forms.
(1) Life, accident and health. No company transacting the kind or kinds of business enumerated in Classes 1 (a), 1 (b) and 2 (a) of Section 4 shall issue or deliver in this State a policy or certificate of insurance or evidence of coverage, attach an endorsement or rider thereto, incorporate by reference bylaws or other matter therein or use an application blank in this State until the form and content of such policy, certificate, evidence of coverage, endorsement, rider, bylaw or other matter incorporated by reference or application blank has been filed electronically with the Director, either through the System for Electronic Rate and Form Filing (SERFF) or as otherwise prescribed by the Director, and approved by the Director. The Department shall mail a quarterly invoice to the company for the appropriate filing fees required under Section 408. Any such endorsement or rider that unilaterally reduces benefits and is to be attached to a policy subsequent to the date the policy is issued must be filed with, reviewed, and formally approved by the Director prior to the date it is attached to a policy issued or delivered in this State. It shall be the duty of the Director to withhold approval of any such policy, certificate,
endorsement, rider, bylaw or other matter incorporated by reference or application blank filed with him if it contains provisions which encourage misrepresentation or are unjust, unfair, inequitable, ambiguous, misleading, inconsistent, deceptive, contrary to law or to the public policy of this State, or contains exceptions and conditions that unreasonably or deceptively affect the risk purported to be assumed in the general coverage of the policy. In all cases the Director shall approve or disapprove any such form within 60 days after submission unless the Director extends by not more than an additional 30 days the period within which he shall approve or disapprove any such form by giving written notice to the insurer of such extension before expiration of the initial 60 days period. The Director shall withdraw his approval of a policy, certificate, evidence of coverage, endorsement, rider, bylaw, or other matter incorporated by reference or application blank if he subsequently determines that such policy, certificate, evidence of coverage, endorsement, rider, bylaw, other matter, or application blank is misrepresentative, unjust, unfair, inequitable, ambiguous, misleading, inconsistent, deceptive, contrary to law or public policy of this State, or contains exceptions or conditions which unreasonably or deceptively affect the risk purported to be assumed in the general coverage of the policy or evidence of coverage.

If a previously approved policy, certificate, evidence of coverage, endorsement, rider, bylaw or other matter incorporated by reference or application blank is withdrawn for use, the Director shall serve upon the company an order of withdrawal of use, either personally or by mail, and if by mail, such service shall be completed if such notice be deposited in the post office, postage prepaid, addressed to the company's last known address specified in the records of the Department of Insurance. The order of withdrawal of use shall take effect 30 days from the date of mailing but shall be stayed if within the 30-day period a written request for hearing is filed with the Director. Such hearing shall be held at such time and place as designated in the order given by the Director. The hearing may be held either in the City of Springfield, the City of Chicago or in the county where the principal business address of the company is located. The action of the Director in disapproving or withdrawing such form shall be subject to judicial review under the Administrative Review Law.

This subsection shall not apply to riders or endorsements issued or made at the request of the individual policyholder relating to the manner of distribution of benefits or to the reservation of rights and benefits under his life insurance policy.
(2) Casualty, fire, and marine. The Director shall require the filing of all policy forms issued or delivered by any company transacting the kind or kinds of business enumerated in Classes 2 (except Class 2 (a)) and 3 of Section 4 in an electronic format either through the System for Electronic Rate and Form Filing (SERFF) or as otherwise prescribed and approved by the Director. In addition, he may require the filing of any generally used riders, endorsements, certificates, application blanks, and other matter incorporated by reference in any such policy or contract of insurance. The Department shall mail a quarterly invoice to the company for the appropriate filing fees required under Section 408. Companies that are members of an organization, bureau, or association may have the same filed for them by the organization, bureau, or association. If the Director shall find from an examination of any such policy form, rider, endorsement, certificate, application blank, or other matter incorporated by reference in any such policy so filed that it (i) violates any provision of this Code, (ii) contains inconsistent, ambiguous, or misleading clauses, or (iii) contains exceptions and conditions that will unreasonably or deceptively affect the risks that are purported to be assumed by the policy, he shall order the company or companies issuing these forms to discontinue their use. Nothing in this subsection shall require a company transacting the kind or kinds of business enumerated in Classes 2 (except Class 2 (a)) and 3 of Section 4 to obtain approval of these forms before they are issued nor in any way affect the legality of any policy that has been issued and found to be in conflict with this subsection, but such policies shall be subject to the provisions of Section 442.

(3) This Section shall not apply (i) to surety contracts or fidelity bonds, (ii) to policies issued to an industrial insured as defined in Section 121-2.08 except for workers' compensation policies, nor (iii) to riders or endorsements prepared to meet special, unusual, peculiar, or extraordinary conditions applying to an individual risk.

Sec. 356z.12. Dependent coverage.

(a) A group or individual policy of accident and health insurance or managed care plan that provides coverage for dependents and that is amended, delivered, issued, or renewed after the effective date of this amendatory Act of the 95th General Assembly shall not terminate coverage or deny the election of coverage for an unmarried dependent by reason of the dependent's age before the dependent's 26th birthday.

New matter indicated by italics - deletions by strikeout
(b) A policy or plan subject to this Section shall, upon amendment, delivery, issuance, or renewal, establish an initial enrollment period of not less than 90 days during which an insured may make a written election for coverage of an unmarried person as a dependent under this Section. After the initial enrollment period, enrollment by a dependent pursuant to this Section shall be consistent with the enrollment terms of the plan or policy.

(c) A policy or plan subject to this Section shall allow for dependent coverage during the annual open enrollment date or the annual renewal date if the dependent, as of the date on which the insured elects dependent coverage under this subsection, has:

1. a period of continuous creditable coverage of 90 days or more; and
2. not been without creditable coverage for more than 63 days.

An insured may elect coverage for a dependent who does not meet the continuous creditable coverage requirements of this subsection (c) and that dependent shall not be denied coverage due to age.

For purposes of this subsection (c), "creditable coverage" shall have the meaning provided under subsection (C)(1) of Section 20 of the Illinois Health Insurance Portability and Accountability Act.

(d) Military personnel. A group or individual policy of accident and health insurance or managed care plan that provides coverage for dependents and that is amended, delivered, issued, or renewed after the effective date of this amendatory Act of the 95th General Assembly shall not terminate coverage or deny the election of coverage for an unmarried dependent by reason of the dependent's age before the dependent's 30th birthday if the dependent (i) is an Illinois resident, (ii) served as a member of the active or reserve components of any of the branches of the Armed Forces of the United States, and (iii) has received a release or discharge other than a dishonorable discharge. To be eligible for coverage under this subsection (d), the eligible dependent shall submit to the insurer a form approved by the Illinois Department of Veterans' Affairs stating the date on which the dependent was released from service.

(e) Calculation of the cost of coverage provided to an unmarried dependent under this Section shall be identical.

(f) Nothing in this Section shall prohibit an employer from requiring an employee to pay all or part of the cost of coverage provided under this Section.
(g) No exclusions or limitations may be applied to coverage elected pursuant to this Section that do not apply to all dependents covered under the policy.

(h) A policy or plan subject to this Section shall not condition eligibility for dependent coverage provided pursuant to this Section on enrollment in any educational institution.

(i) Notice regarding coverage for a dependent as provided pursuant to this Section shall be provided to an insured by the insurer:

1. upon application or enrollment;
2. in the certificate of coverage or equivalent document prepared for an insured and delivered on or about the date on which the coverage commences; and
3. in a notice delivered to an insured on a semi-annual basis.

(215 ILCS 5/1202) (from Ch. 73, par. 1065.902)
Sec. 1202. Duties. The Director shall:

(a) determine the relationship of insurance premiums and related income as compared to insurance costs and expenses and provide such information to the General Assembly and the general public;

(b) study the insurance system in the State of Illinois, and recommend to the General Assembly what it deems to be the most appropriate and comprehensive cost containment system for the State;

(c) respond to the requests by agencies of government and the General Assembly for special studies and analysis of data collected pursuant to this Article. Such reports shall be made available in a form prescribed by the Director. The Director may also determine a fee to be charged to the requesting agency to cover the direct and indirect costs for producing such a report, and shall permit affected insurers the right to review the accuracy of the report before it is released. The fees shall be deposited into the Statistical Services Revolving Fund and credited to the account of the Department of Insurance;

(d) make an interim report to the General Assembly no later than August 15, 1987, and a annual report to the General Assembly no later than July 1 every year thereafter which shall include the Director's findings and recommendations regarding its duties as provided under subsections (a), (b), and (c) of this Section.

PUBLIC ACT 98-0242
(House Bill No. 2393)

AN ACT concerning insurance.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Insurance Code is amended by changing Section 143a as follows:

Sec. 143a. Uninsured and hit and run motor vehicle coverage.

(1) No policy insuring against loss resulting from liability imposed by law for bodily injury or death suffered by any person arising out of the ownership, maintenance or use of a motor vehicle that is designed for use on public highways and that is either required to be registered in this State or is principally garaged in this State shall be renewed, delivered, or issued for delivery in this State unless coverage is provided therein or supplemental thereto, in limits for bodily injury or death set forth in Section 7-203 of the Illinois Vehicle Code for the protection of persons insured thereunder who are legally entitled to recover damages from owners or operators of uninsured motor vehicles and hit-and-run motor vehicles because of bodily injury, sickness or disease, including death, resulting therefrom. Uninsured motor vehicle coverage does not apply to bodily injury, sickness, disease, or death resulting therefrom, of an insured while occupying a motor vehicle owned by, or furnished or available for the regular use of the insured, a resident spouse or resident relative, if that

New matter indicated by italics - deletions by strikeout
motor vehicle is not described in the policy under which a claim is made or is not a newly acquired or replacement motor vehicle covered under the terms of the policy. The limits for any coverage for any vehicle under the policy may not be aggregated with the limits for any similar coverage, whether provided by the same insurer or another insurer, applying to other motor vehicles, for purposes of determining the total limit of insurance coverage available for bodily injury or death suffered by a person in any one accident. No policy shall be renewed, delivered, or issued for delivery in this State unless it is provided therein that any dispute with respect to the coverage and the amount of damages shall be submitted for arbitration to the American Arbitration Association and be subject to its rules for the conduct of arbitration hearings as to all matters except medical opinions. As to medical opinions, if the amount of damages being sought is equal to or less than the amount provided for in Section 7-203 of the Illinois Vehicle Code, then the current American Arbitration Association Rules shall apply. If the amount being sought in an American Arbitration Association case exceeds that amount as set forth in Section 7-203 of the Illinois Vehicle Code, then the Rules of Evidence that apply in the circuit court for placing medical opinions into evidence shall govern. Alternatively, disputes with respect to damages and the coverage shall be determined in the following manner: Upon the insured requesting arbitration, each party to the dispute shall select an arbitrator and the 2 arbitrators so named shall select a third arbitrator. If such arbitrators are not selected within 45 days from such request, either party may request that the arbitration be submitted to the American Arbitration Association. Any decision made by the arbitrators shall be binding for the amount of damages not exceeding $50,000 for bodily injury to or death of any one person, $100,000 for bodily injury to or death of 2 or more persons in any one motor vehicle accident, or the corresponding policy limits for bodily injury or death, whichever is less. All 3-person arbitration cases proceeding in accordance with any uninsured motorist coverage conducted in this State in which the claimant is only seeking monetary damages up to the limits set forth in Section 7-203 of the Illinois Vehicle Code shall be subject to the following rules:

(A) If at least 60 days' written notice of the intention to offer the following documents in evidence is given to every other party, accompanied by a copy of the document, a party may offer in evidence, without foundation or other proof:

New matter indicated by italics - deletions by strikeout
(1) bills, records, and reports of hospitals, doctors, dentists, registered nurses, licensed practical nurses, physical therapists, and other healthcare providers;

(2) bills for drugs, medical appliances, and prostheses;

(3) property repair bills or estimates, when identified and itemized setting forth the charges for labor and material used or proposed for use in the repair of the property;

(4) a report of the rate of earnings and time lost from work or lost compensation prepared by an employer;

(5) the written opinion of an opinion witness, the deposition of a witness, and the statement of a witness that the witness would be allowed to express if testifying in person, if the opinion or statement is made by affidavit or by certification as provided in Section 1-109 of the Code of Civil Procedure;

(6) any other document not specifically covered by any of the foregoing provisions that is otherwise admissible under the rules of evidence.

Any party receiving a notice under this paragraph (A) may apply to the arbitrator or panel of arbitrators, as the case may be, for the issuance of a subpoena directed to the author or maker or custodian of the document that is the subject of the notice, requiring the person subpoenaed to produce copies of any additional documents as may be related to the subject matter of the document that is the subject of the notice. Any such subpoena shall be issued in substantially similar form and served by notice as provided by Illinois Supreme Court Rule 204(a)(4). Any such subpoena shall be returnable not less than 5 days before the arbitration hearing.

(B) Notwithstanding the provisions of Supreme Court Rule 213(g), a party who proposes to use a written opinion of an expert or opinion witness or the testimony of an expert or opinion witness at the hearing may do so provided a written notice of that intention is given to every other party not less than 60 days prior to the date of hearing, accompanied by a statement containing the identity of the witness, his or her qualifications, the subject matter, the basis of the witness's conclusions, and his or her opinion.

(C) Any other party may subpoena the author or maker of a document admissible under this subsection, at that party's expense, and examine the author or maker as if under cross-examination. The provisions of Section 2-1101 of the Code of Civil Procedure shall be applicable to arbitration hearings, and it shall be the duty of a party requesting the subpoena to modify the form to show that the appearance is set before an arbitration panel and to give the time and place set for the hearing.

(D) The provisions of Section 2-1102 of the Code of Civil Procedure shall be applicable to arbitration hearings under this subsection.

(2) No policy insuring against loss resulting from liability imposed by law for property damage arising out of the ownership, maintenance, or use of a motor vehicle shall be renewed, delivered, or issued for delivery in this State with respect to any private passenger or recreational motor vehicle that is designed for use on public highways and that is either required to be registered in this State or is principally garaged in this State and is not covered by collision insurance under the provisions of such policy, unless coverage is made available in the amount of the actual cash value of the motor vehicle described in the policy or $15,000 whichever is less, subject to a $250 deductible, for the protection of persons insured thereunder who are legally entitled to recover damages from owners or operators of uninsured motor vehicles and hit-and-run motor vehicles because of property damage to the motor vehicle described in the policy.

There shall be no liability imposed under the uninsured motorist property damage coverage required by this subsection if the owner or operator of the at-fault uninsured motor vehicle or hit-and-run motor vehicle cannot be identified. This subsection shall not apply to any policy which does not provide primary motor vehicle liability insurance for liabilities arising from the maintenance, operation, or use of a specifically insured motor vehicle.

Each insurance company providing motor vehicle property damage liability insurance shall advise applicants of the availability of uninsured motor vehicle property damage coverage, the premium therefor, and provide a brief description of the coverage. Each insurer, with respect to the initial renewal, reinstatement, or reissuance of a policy of motor vehicle property damage liability insurance shall provide present policyholders with the same information in writing. That information need be given only once and shall not be required in any subsequent renewal,
reinstatement or reissuance, substitute, amended, replacement or supplementary policy. No written rejection shall be required, and the absence of a premium payment for uninsured motor vehicle property damage shall constitute conclusive proof that the applicant or policyholder has elected not to accept uninsured motorist property damage coverage.

An insurance company issuing uninsured motor vehicle property damage coverage may provide that:

(i) Property damage losses recoverable thereunder shall be limited to damages caused by the actual physical contact of an uninsured motor vehicle with the insured motor vehicle.

(ii) There shall be no coverage for loss of use of the insured motor vehicle and no coverage for loss or damage to personal property located in the insured motor vehicle.

(iii) Any claim submitted shall include the name and address of the owner of the at-fault uninsured motor vehicle, or a registration number and description of the vehicle, or any other available information to establish that there is no applicable motor vehicle property damage liability insurance.

Any dispute with respect to the coverage and the amount of damages shall be submitted for arbitration to the American Arbitration Association and be subject to its rules for the conduct of arbitration hearings or for determination in the following manner: Upon the insured requesting arbitration, each party to the dispute shall select an arbitrator and the 2 arbitrators so named shall select a third arbitrator. If such arbitrators are not selected within 45 days from such request, either party may request that the arbitration be submitted to the American Arbitration Association. Any arbitration proceeding under this subsection seeking recovery for property damages shall be subject to the following rules:

(A) If at least 60 days' written notice of the intention to offer the following documents in evidence is given to every other party, accompanied by a copy of the document, a party may offer in evidence, without foundation or other proof:

(1) property repair bills or estimates, when identified and itemized setting forth the charges for labor and material used or proposed for use in the repair of the property;

(3) any other document not specifically covered by any of the foregoing provisions that is otherwise admissible under the rules of evidence.

Any party receiving a notice under this paragraph (A) may apply to the arbitrator or panel of arbitrators, as the case may be, for the issuance of a subpoena directed to the author or maker or custodian of the document that is the subject of the notice, requiring the person subpoenaed to produce copies of any additional documents as may be related to the subject matter of the document that is the subject of the notice. Any such subpoena shall be issued in substantially similar form and served by notice as provided by Illinois Supreme Court Rule 204(a)(4). Any such subpoena shall be returnable not less than 5 days before the arbitration hearing.

(B) Notwithstanding the provisions of Supreme Court Rule 213(g), a party who proposes to use a written opinion of an expert or opinion witness or the testimony of an expert or opinion witness at the hearing may do so provided a written notice of that intention is given to every other party not less than 60 days prior to the date of hearing, accompanied by a statement containing the identity of the witness, his or her qualifications, the subject matter, the basis of the witness's conclusions, and his or her opinion.

(C) Any other party may subpoena the author or maker of a document admissible under this subsection, at that party's expense, and examine the author or maker as if under cross-examination. The provisions of Section 2-1101 of the Code of Civil Procedure shall be applicable to arbitration hearings, and it shall be the duty of a party requesting the subpoena to modify the form to show that the appearance is set before an arbitration panel and to give the time and place set for the hearing.

(D) The provisions of Section 2-1102 of the Code of Civil Procedure shall be applicable to arbitration hearings under this subsection.

insurer thereof is unable to make payment with respect to the legal liability of its insured within the limits specified in the policy because of the entry by a court of competent jurisdiction of an order of rehabilitation or liquidation by reason of insolvency on or after the accident date. An insurer's extension of coverage, as provided in this subsection, shall be applicable to all accidents occurring after July 1, 1967 during a policy period in which its insured's uninsured motor vehicle coverage is in effect. Nothing in this Section may be construed to prevent any insurer from extending coverage under terms and conditions more favorable to its insureds than is required by this Section.

(4) In the event of payment to any person under the coverage required by this Section and subject to the terms and conditions of the coverage, the insurer making the payment shall, to the extent thereof, be entitled to the proceeds of any settlement or judgment resulting from the exercise of any rights of recovery of the person against any person or organization legally responsible for the property damage, bodily injury or death for which the payment is made, including the proceeds recoverable from the assets of the insolvent insurer. With respect to payments made by reason of the coverage described in subsection (3), the insurer making such payment shall not be entitled to any right of recovery against the tort-feasor in excess of the proceeds recovered from the assets of the insolvent insurer of the tort-feasor.

(5) This amendatory Act of 1967 shall not be construed to terminate or reduce any insurance coverage or any right of any party under this Code in effect before July 1, 1967. This amendatory Act of 1990 shall not be construed to terminate or reduce any insurance coverage or any right of any party under this Code in effect before its effective date.

(6) Failure of the motorist from whom the claimant is legally entitled to recover damages to file the appropriate forms with the Safety Responsibility Section of the Department of Transportation within 120 days of the accident date shall create a rebuttable presumption that the motorist was uninsured at the time of the injurious occurrence.

(7) An insurance carrier may upon good cause require the insured to commence a legal action against the owner or operator of an uninsured motor vehicle before good faith negotiation with the carrier. If the action is commenced at the request of the insurance carrier, the carrier shall pay to the insured, before the action is commenced, all court costs, jury fees and sheriff's fees arising from the action.
The changes made by this amendatory Act of 1997 apply to all policies of insurance amended, delivered, issued, or renewed on and after the effective date of this amendatory Act of 1997.

AN ACT concerning courts.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Children and Family Services Act is amended by changing Section 5 as follows:

(20 ILCS 505/5) (from Ch. 23, par. 5005)
Sec. 5. Direct child welfare services; Department of Children and Family Services. To provide direct child welfare services when not available through other public or private child care or program facilities.

(a) For purposes of this Section:

(1) "Children" means persons found within the State who are under the age of 18 years. The term also includes persons under age 21 who:

(A) were committed to the Department pursuant to the Juvenile Court Act or the Juvenile Court Act of 1987, as amended, prior to the age of 18 and who continue under the jurisdiction of the court; or

(B) were accepted for care, service and training by the Department prior to the age of 18 and whose best interest in the discretion of the Department would be served by continuing that care, service and training because of severe emotional disturbances, physical disability, social adjustment or any combination thereof, or because of the need to complete an educational or vocational training program.

(2) "Homeless youth" means persons found within the State who are under the age of 19, are not in a safe and stable living situation and cannot be reunited with their families.

(3) "Child welfare services" means public social services which are directed toward the accomplishment of the following purposes:

(A) protecting and promoting the health, safety and welfare of children, including homeless, dependent or neglected children;

(B) remediing, or assisting in the solution of problems which may result in, the neglect, abuse, exploitation or delinquency of children;

(C) preventing the unnecessary separation of children from their families by identifying family problems, assisting families in resolving their problems, and preventing the breakup of the family where the prevention of child removal is desirable and possible when the child can be cared for at home without endangering the child's health and safety;

(D) restoring to their families children who have been removed, by the provision of services to the child and the families when the child can be cared for at home without endangering the child's health and safety;

(E) placing children in suitable adoptive homes, in cases where restoration to the biological family is not safe, possible or appropriate;

(F) assuring safe and adequate care of children away from their homes, in cases where the child cannot be returned home or cannot be placed for adoption. At the time of placement, the Department shall consider concurrent planning, as described in subsection (l-1) of this Section so that permanency may occur at the earliest opportunity. Consideration should be given so that if reunification fails or is delayed, the placement made is the best available placement to provide permanency for the child;

(G) (blank);

(H) (blank); and

(I) placing and maintaining children in facilities that provide separate living quarters for children under the age of 18 and for children 18 years of age and older, unless a child 18 years of age is in the last year of high school education or vocational training, in an approved individual or group treatment program, in a licensed shelter facility, or secure child care facility. The Department is not required to place or maintain children:

(i) who are in a foster home, or

(ii) who are persons with a developmental disability, as defined in the Mental Health and Developmental Disabilities Code, or

(iii) who are female children who are pregnant, pregnant and parenting or parenting, or

(iv) who are siblings, in facilities that provide separate living quarters for children 18 years of age and older and for children under 18 years of age.

(b) Nothing in this Section shall be construed to authorize the expenditure of public funds for the purpose of performing abortions.

New matter indicated by italics - deletions by strikeout
(c) The Department shall establish and maintain tax-supported child welfare services and extend and seek to improve voluntary services throughout the State, to the end that services and care shall be available on an equal basis throughout the State to children requiring such services.

(d) The Director may authorize advance disbursements for any new program initiative to any agency contracting with the Department. As a prerequisite for an advance disbursement, the contractor must post a surety bond in the amount of the advance disbursement and have a purchase of service contract approved by the Department. The Department may pay up to 2 months operational expenses in advance. The amount of the advance disbursement shall be prorated over the life of the contract or the remaining months of the fiscal year, whichever is less, and the installment amount shall then be deducted from future bills. Advance disbursement authorizations for new initiatives shall not be made to any agency after that agency has operated during 2 consecutive fiscal years. The requirements of this Section concerning advance disbursements shall not apply with respect to the following: payments to local public agencies for child day care services as authorized by Section 5a of this Act; and youth service programs receiving grant funds under Section 17a-4.

(e) (Blank).

(f) (Blank).

(g) The Department shall establish rules and regulations concerning its operation of programs designed to meet the goals of child safety and protection, family preservation, family reunification, and adoption, including but not limited to:

(1) adoption;
(2) foster care;
(3) family counseling;
(4) protective services;
(5) (blank);
(6) homemaker service;
(7) return of runaway children;
(8) (blank);
(9) placement under Section 5-7 of the Juvenile Court Act or Section 2-27, 3-28, 4-25 or 5-740 of the Juvenile Court Act of 1987 in accordance with the federal Adoption Assistance and Child Welfare Act of 1980; and
(10) interstate services.

Rules and regulations established by the Department shall include provisions for training Department staff and the staff of Department grantees, through contracts with other agencies or resources, in alcohol and drug abuse screening techniques approved by the Department of Human Services, as a successor to the Department of Alcoholism and Substance Abuse, for the purpose of identifying children and adults who should be referred to an alcohol and drug abuse treatment program for professional evaluation.

(h) If the Department finds that there is no appropriate program or facility within or available to the Department for a ward and that no licensed private facility has an adequate and appropriate program or none agrees to accept the ward, the Department shall create an appropriate individualized, program-oriented plan for such ward. The plan may be developed within the Department or through purchase of services by the Department to the extent that it is within its statutory authority to do.

(i) Service programs shall be available throughout the State and shall include but not be limited to the following services:

1. case management;
2. homemakers;
3. counseling;
4. parent education;
5. day care; and
6. emergency assistance and advocacy.

In addition, the following services may be made available to assess and meet the needs of children and families:

1. comprehensive family-based services;
2. assessments;
3. respite care; and
4. in-home health services.

The Department shall provide transportation for any of the services it makes available to children or families or for which it refers children or families.

(j) The Department may provide categories of financial assistance and education assistance grants, and shall establish rules and regulations concerning the assistance and grants, to persons who adopt physically or mentally handicapped, older and other hard-to-place children who (i) immediately prior to their adoption were legal wards of the Department or (ii) were determined eligible for financial assistance with respect to a prior adoption and who become available for adoption because the prior

adoption has been dissolved and the parental rights of the adoptive parents have been terminated or because the child's adoptive parents have died. The Department may continue to provide financial assistance and education assistance grants for a child who was determined eligible for financial assistance under this subsection (j) in the interim period beginning when the child's adoptive parents died and ending with the finalization of the new adoption of the child by another adoptive parent or parents. The Department may also provide categories of financial assistance and education assistance grants, and shall establish rules and regulations for the assistance and grants, to persons appointed guardian of the person under Section 5-7 of the Juvenile Court Act or Section 2-27, 3-28, 4-25 or 5-740 of the Juvenile Court Act of 1987 for children who were wards of the Department for 12 months immediately prior to the appointment of the guardian.

The amount of assistance may vary, depending upon the needs of the child and the adoptive parents, as set forth in the annual assistance agreement. Special purpose grants are allowed where the child requires special service but such costs may not exceed the amounts which similar services would cost the Department if it were to provide or secure them as guardian of the child.

Any financial assistance provided under this subsection is inalienable by assignment, sale, execution, attachment, garnishment, or any other remedy for recovery or collection of a judgment or debt.

(j-5) The Department shall not deny or delay the placement of a child for adoption if an approved family is available either outside of the Department region handling the case, or outside of the State of Illinois.

(k) The Department shall accept for care and training any child who has been adjudicated neglected or abused, or dependent committed to it pursuant to the Juvenile Court Act or the Juvenile Court Act of 1987.

(l) The Department shall offer family preservation services, as defined in Section 8.2 of the Abused and Neglected Child Reporting Act, to help families, including adoptive and extended families. Family preservation services shall be offered (i) to prevent the placement of children in substitute care when the children can be cared for at home or in the custody of the person responsible for the children's welfare, (ii) to reunite children with their families, or (iii) to maintain an adoptive placement. Family preservation services shall only be offered when doing so will not endanger the children's health or safety. With respect to children who are in substitute care pursuant to the Juvenile Court Act of

New matter indicated by italics - deletions by strikeout
1987, family preservation services shall not be offered if a goal other than those of subdivisions (A), (B), or (B-1) of subsection (2) of Section 2-28 of that Act has been set. Nothing in this paragraph shall be construed to create a private right of action or claim on the part of any individual or child welfare agency, except that when a child is the subject of an action under Article II of the Juvenile Court Act of 1987 and the child's service plan calls for services to facilitate achievement of the permanency goal, the court hearing the action under Article II of the Juvenile Court Act of 1987 may order the Department to provide the services set out in the plan, if those services are not provided with reasonable promptness and if those services are available.

The Department shall notify the child and his family of the Department's responsibility to offer and provide family preservation services as identified in the service plan. The child and his family shall be eligible for services as soon as the report is determined to be "indicated". The Department may offer services to any child or family with respect to whom a report of suspected child abuse or neglect has been filed, prior to concluding its investigation under Section 7.12 of the Abused and Neglected Child Reporting Act. However, the child's or family's willingness to accept services shall not be considered in the investigation. The Department may also provide services to any child or family who is the subject of any report of suspected child abuse or neglect or may refer such child or family to services available from other agencies in the community, even if the report is determined to be unfounded, if the conditions in the child's or family's home are reasonably likely to subject the child or family to future reports of suspected child abuse or neglect. Acceptance of such services shall be voluntary. The Department may also provide services to any child or family after completion of a family assessment, as an alternative to an investigation, as provided under the "differential response program" provided for in subsection (a-5) of Section 7.4 of the Abused and Neglected Child Reporting Act.

The Department may, at its discretion except for those children also adjudicated neglected or dependent, accept for care and training any child who has been adjudicated addicted, as a truant minor in need of supervision or as a minor requiring authoritative intervention, under the Juvenile Court Act or the Juvenile Court Act of 1987, but no such child shall be committed to the Department by any court without the approval of the Department. A minor charged with a criminal offense under the Criminal Code of 1961 or the Criminal Code of 2012 or adjudicated

delinquent shall not be placed in the custody of or committed to the Department by any court, except (i) a minor less than 15 years of age committed to the Department under Section 5-710 of the Juvenile Court Act of 1987, (ii) a minor for whom an independent basis of abuse, neglect, or dependency exists, which must be defined by departmental rule, or (iii) a minor for whom the court has granted a supplemental petition to reinstate wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987. An independent basis exists when the allegations or adjudication of abuse, neglect, or dependency do not arise from the same facts, incident, or circumstances which give rise to a charge or adjudication of delinquency.

As soon as is possible after August 7, 2009 (the effective date of Public Act 96-134), the Department shall develop and implement a special program of family preservation services to support intact, foster, and adoptive families who are experiencing extreme hardships due to the difficulty and stress of caring for a child who has been diagnosed with a pervasive developmental disorder if the Department determines that those services are necessary to ensure the health and safety of the child. The Department may offer services to any family whether or not a report has been filed under the Abused and Neglected Child Reporting Act. The Department may refer the child or family to services available from other agencies in the community if the conditions in the child's or family's home are reasonably likely to subject the child or family to future reports of suspected child abuse or neglect. Acceptance of these services shall be voluntary. The Department shall develop and implement a public information campaign to alert health and social service providers and the general public about these special family preservation services. The nature and scope of the services offered and the number of families served under the special program implemented under this paragraph shall be determined by the level of funding that the Department annually allocates for this purpose. The term "pervasive developmental disorder" under this paragraph means a neurological condition, including but not limited to, Asperger's Syndrome and autism, as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders of the American Psychiatric Association.

(l-1) The legislature recognizes that the best interests of the child require that the child be placed in the most permanent living arrangement as soon as is practically possible. To achieve this goal, the legislature directs the Department of Children and Family Services to conduct
concurrent planning so that permanency may occur at the earliest opportunity. Permanent living arrangements may include prevention of placement of a child outside the home of the family when the child can be cared for at home without endangering the child's health or safety; reunification with the family, when safe and appropriate, if temporary placement is necessary; or movement of the child toward the most permanent living arrangement and permanent legal status.

When determining reasonable efforts to be made with respect to a child, as described in this subsection, and in making such reasonable efforts, the child's health and safety shall be the paramount concern.

When a child is placed in foster care, the Department shall ensure and document that reasonable efforts were made to prevent or eliminate the need to remove the child from the child's home. The Department must make reasonable efforts to reunify the family when temporary placement of the child occurs unless otherwise required, pursuant to the Juvenile Court Act of 1987. At any time after the dispositional hearing where the Department believes that further reunification services would be ineffective, it may request a finding from the court that reasonable efforts are no longer appropriate. The Department is not required to provide further reunification services after such a finding.

A decision to place a child in substitute care shall be made with considerations of the child's health, safety, and best interests. At the time of placement, consideration should also be given so that if reunification fails or is delayed, the placement made is the best available placement to provide permanency for the child.

The Department shall adopt rules addressing concurrent planning for reunification and permanency. The Department shall consider the following factors when determining appropriateness of concurrent planning:

(1) the likelihood of prompt reunification;
(2) the past history of the family;
(3) the barriers to reunification being addressed by the family;
(4) the level of cooperation of the family;
(5) the foster parents' willingness to work with the family to reunite;
(6) the willingness and ability of the foster family to provide an adoptive home or long-term placement;
(7) the age of the child;

(8) placement of siblings.

(m) The Department may assume temporary custody of any child if:

1. it has received a written consent to such temporary custody signed by the parents of the child or by the parent having custody of the child if the parents are not living together or by the guardian or custodian of the child if the child is not in the custody of either parent, or

2. the child is found in the State and neither a parent, guardian nor custodian of the child can be located.

If the child is found in his or her residence without a parent, guardian, custodian or responsible caretaker, the Department may, instead of removing the child and assuming temporary custody, place an authorized representative of the Department in that residence until such time as a parent, guardian or custodian enters the home and expresses a willingness and apparent ability to ensure the child's health and safety and resume permanent charge of the child, or until a relative enters the home and is willing and able to ensure the child's health and safety and assume charge of the child until a parent, guardian or custodian enters the home and expresses such willingness and ability to ensure the child's safety and resume permanent charge. After a caretaker has remained in the home for a period not to exceed 12 hours, the Department must follow those procedures outlined in Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987.

The Department shall have the authority, responsibilities and duties that a legal custodian of the child would have pursuant to subsection (9) of Section 1-3 of the Juvenile Court Act of 1987. Whenever a child is taken into temporary custody pursuant to an investigation under the Abused and Neglected Child Reporting Act, or pursuant to a referral and acceptance under the Juvenile Court Act of 1987 of a minor in limited custody, the Department, during the period of temporary custody and before the child is brought before a judicial officer as required by Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987, shall have the authority, responsibilities and duties that a legal custodian of the child would have under subsection (9) of Section 1-3 of the Juvenile Court Act of 1987.

The Department shall ensure that any child taken into custody is scheduled for an appointment for a medical examination.

the temporary custody of the Department may deliver to the Department a signed request that the Department surrender the temporary custody of the child. The Department may retain temporary custody of the child for 10 days after the receipt of the request, during which period the Department may cause to be filed a petition pursuant to the Juvenile Court Act of 1987. If a petition is so filed, the Department shall retain temporary custody of the child until the court orders otherwise. If a petition is not filed within the 10 day period, the child shall be surrendered to the custody of the requesting parent, guardian or custodian not later than the expiration of the 10 day period, at which time the authority and duties of the Department with respect to the temporary custody of the child shall terminate.

(m-1) The Department may place children under 18 years of age in a secure child care facility licensed by the Department that cares for children who are in need of secure living arrangements for their health, safety, and well-being after a determination is made by the facility director and the Director or the Director's designate prior to admission to the facility subject to Section 2-27.1 of the Juvenile Court Act of 1987. This subsection (m-1) does not apply to a child who is subject to placement in a correctional facility operated pursuant to Section 3-15-2 of the Unified Code of Corrections, unless the child is a ward who was placed under the care of the Department before being subject to placement in a correctional facility and a court of competent jurisdiction has ordered placement of the child in a secure care facility.

(n) The Department may place children under 18 years of age in licensed child care facilities when in the opinion of the Department, appropriate services aimed at family preservation have been unsuccessful and cannot ensure the child's health and safety or are unavailable and such placement would be for their best interest. Payment for board, clothing, care, training and supervision of any child placed in a licensed child care facility may be made by the Department, by the parents or guardians of the estates of those children, or by both the Department and the parents or guardians, except that no payments shall be made by the Department for any child placed in a licensed child care facility for board, clothing, care, training and supervision of such a child that exceed the average per capita cost of maintaining and of caring for a child in institutions for dependent or neglected children operated by the Department. However, such restriction on payments does not apply in cases where children require specialized care and treatment for problems of severe emotional

disturbance, physical disability, social adjustment, or any combination thereof and suitable facilities for the placement of such children are not available at payment rates within the limitations set forth in this Section. All reimbursements for services delivered shall be absolutely inalienable by assignment, sale, attachment, garnishment or otherwise.

(n-1) The Department shall provide or authorize child welfare services, aimed at assisting minors to achieve sustainable self-sufficiency as independent adults, for any minor eligible for the reinstatement of wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987, whether or not such reinstatement is sought or allowed, provided that the minor consents to such services and has not yet attained the age of 21. The Department shall have responsibility for the development and delivery of services under this Section. An eligible youth may access services under this Section through the Department of Children and Family Services or by referral from the Department of Human Services. Youth participating in services under this Section shall cooperate with the assigned case manager in developing an agreement identifying the services to be provided and how the youth will increase skills to achieve self-sufficiency. A homeless shelter is not considered appropriate housing for any youth receiving child welfare services under this Section. The Department shall continue child welfare services under this Section to any eligible minor until the minor becomes 21 years of age, no longer consents to participate, or achieves self-sufficiency as identified in the minor's service plan. The Department of Children and Family Services shall create clear, readable notice of the rights of former foster youth to child welfare services under this Section and how such services may be obtained. The Department of Children and Family Services and the Department of Human Services shall disseminate this information statewide. The Department shall adopt regulations describing services intended to assist minors in achieving sustainable self-sufficiency as independent adults.

(o) The Department shall establish an administrative review and appeal process for children and families who request or receive child welfare services from the Department. Children who are wards of the Department and are placed by private child welfare agencies, and foster families with whom those children are placed, shall be afforded the same procedural and appeal rights as children and families in the case of placement by the Department, including the right to an initial review of a private agency decision by that agency. The Department shall insure that

any private child welfare agency, which accepts wards of the Department for placement, affords those rights to children and foster families. The Department shall accept for administrative review and an appeal hearing a complaint made by (i) a child or foster family concerning a decision following an initial review by a private child welfare agency or (ii) a prospective adoptive parent who alleges a violation of subsection (j-5) of this Section. An appeal of a decision concerning a change in the placement of a child shall be conducted in an expedited manner. A court determination that a current foster home placement is necessary and appropriate under Section 2-28 of the Juvenile Court Act of 1987 does not constitute a judicial determination on the merits of an administrative appeal, filed by a former foster parent, involving a change of placement decision.

(p) There is hereby created the Department of Children and Family Services Emergency Assistance Fund from which the Department may provide special financial assistance to families which are in economic crisis when such assistance is not available through other public or private sources and the assistance is deemed necessary to prevent dissolution of the family unit or to reunite families which have been separated due to child abuse and neglect. The Department shall establish administrative rules specifying the criteria for determining eligibility for and the amount and nature of assistance to be provided. The Department may also enter into written agreements with private and public social service agencies to provide emergency financial services to families referred by the Department. Special financial assistance payments shall be available to a family no more than once during each fiscal year and the total payments to a family may not exceed $500 during a fiscal year.

The plan shall include descriptions of the types of facilities that are needed in Illinois; the cost of developing these secure care facilities; the estimated number of placements; the potential cost savings resulting from the movement of children currently out-of-state who are projected to be returned to Illinois; the necessary geographic distribution of these facilities in Illinois; and a proposed timetable for development of such facilities.

(1) Except as provided in this Section and paragraph (2) of Sections 2-22, 3-23, 4-20, 5-610 or 5-705, the minor who is the subject of the proceeding and his parents, guardian, legal custodian or responsible relative who are parties respondent have the right to be present, to be heard, to present evidence material to the proceedings, to cross-examine witnesses, to examine pertinent court files and records and also, although proceedings under this Act are not intended to be adversary in character, the right to be represented by counsel. At the request of any party financially unable to employ counsel, with the exception of a foster parent permitted to intervene under this Section, the court shall appoint the Public Defender or such other counsel as the case may require. Counsel appointed for the minor and any indigent party shall appear at all stages of the trial court proceeding, and such appointment shall continue through the permanency hearings and termination of parental rights proceedings subject to withdrawal or substitution pursuant to Supreme Court Rules or the Code of Civil Procedure. Following the dispositional hearing, the court may require appointed counsel, other than counsel for the minor or counsel for the guardian ad litem, to withdraw his or her appearance upon failure of the party for whom counsel was appointed under this Section to attend any subsequent proceedings.

No hearing on any petition or motion filed under this Act may be commenced unless the minor who is the subject of the proceeding is represented by counsel. Notwithstanding the preceding sentence, if a guardian ad litem has been appointed for the minor under Section 2-17 of this Act and the guardian ad litem is a licensed attorney at law of this state.

State, or in the event that a court appointed special advocate has been appointed as guardian ad litem and counsel has been appointed to represent the court appointed special advocate, the court may not require the appointment of counsel to represent the minor unless the court finds that the minor's interests are in conflict with what the guardian ad litem determines to be in the best interest of the minor. Each adult respondent shall be furnished a written "Notice of Rights" at or before the first hearing at which he or she appears.

(1.5) The Department shall maintain a system of response to inquiry made by parents or putative parents as to whether their child is under the custody or guardianship of the Department; and if so, the Department shall direct the parents or putative parents to the appropriate court of jurisdiction, including where inquiry may be made of the clerk of the court regarding the case number and the next scheduled court date of the minor's case. Effective notice and the means of accessing information shall be given to the public on a continuing basis by the Department.

(2) (a) Though not appointed guardian or legal custodian or otherwise made a party to the proceeding, any current or previously appointed foster parent or relative caregiver, or representative of an agency or association interested in the minor has the right to be heard by the court, but does not thereby become a party to the proceeding.

In addition to the foregoing right to be heard by the court, any current foster parent or relative caregiver of a minor and the agency designated by the court or the Department of Children and Family Services as custodian of the minor who is alleged to be or has been adjudicated an abused or neglected minor under Section 2-3 or a dependent minor under Section 2-4 of this Act has the right to and shall be given adequate notice at all stages of any hearing or proceeding under this Act.

Any foster parent or relative caregiver who is denied his or her right to be heard under this Section may bring a mandamus action under Article XIV of the Code of Civil Procedure against the court or any public agency to enforce that right. The mandamus action may be brought immediately upon the denial of those rights but in no event later than 30 days after the foster parent has been denied the right to be heard.

(b) If after an adjudication that a minor is abused or neglected as provided under Section 2-21 of this Act and a motion has been made to restore the minor to any parent, guardian, or legal custodian found by the court to have caused the neglect or to have inflicted the abuse on the minor, a foster parent may file a motion to intervene in the proceeding for

the sole purpose of requesting that the minor be placed with the foster parent, provided that the foster parent (i) is the current foster parent of the minor or (ii) has previously been a foster parent for the minor for one year or more, has a foster care license or is eligible for a license or is not required to have a license, and is not the subject of any findings of abuse or neglect of any child. The juvenile court may only enter orders placing a minor with a specific foster parent under this subsection (2)(b) and nothing in this Section shall be construed to confer any jurisdiction or authority on the juvenile court to issue any other orders requiring the appointed guardian or custodian of a minor to place the minor in a designated foster home or facility. This Section is not intended to encompass any matters that are within the scope or determinable under the administrative and appeal process established by rules of the Department of Children and Family Services under Section 5(o) of the Children and Family Services Act. Nothing in this Section shall relieve the court of its responsibility, under Section 2-14(a) of this Act to act in a just and speedy manner to reunify families where it is the best interests of the minor and the child can be cared for at home without endangering the child's health or safety and, if reunification is not in the best interests of the minor, to find another permanent home for the minor. Nothing in this Section, or in any order issued by the court with respect to the placement of a minor with a foster parent, shall impair the ability of the Department of Children and Family Services, or anyone else authorized under Section 5 of the Abused and Neglected Child Reporting Act, to remove a minor from the home of a foster parent if the Department of Children and Family Services or the person removing the minor has reason to believe that the circumstances or conditions of the minor are such that continuing in the residence or care of the foster parent will jeopardize the child's health and safety or present an imminent risk of harm to that minor's life.

(c) If a foster parent has had the minor who is the subject of the proceeding under Article II in his or her home for more than one year on or after July 3, 1994 and if the minor's placement is being terminated from that foster parent's home, that foster parent shall have standing and intervenor status except in those circumstances where the Department of Children and Family Services or anyone else authorized under Section 5 of the Abused and Neglected Child Reporting Act has removed the minor from the foster parent because of a reasonable belief that the circumstances or conditions of the minor are such that continuing in the residence or care
of the foster parent will jeopardize the child's health or safety or presents an imminent risk of harm to the minor's life.

(d) The court may grant standing to any foster parent if the court finds that it is in the best interest of the child for the foster parent to have standing and intervenor status.

(3) Parties respondent are entitled to notice in compliance with Sections 2-15 and 2-16, 3-17 and 3-18, 4-14 and 4-15 or 5-525 and 5-530, as appropriate. At the first appearance before the court by the minor, his parents, guardian, custodian or responsible relative, the court shall explain the nature of the proceedings and inform the parties of their rights under the first 2 paragraphs of this Section.

If the child is alleged to be abused, neglected or dependent, the court shall admonish the parents that if the court declares the child to be a ward of the court and awards custody or guardianship to the Department of Children and Family Services, the parents must cooperate with the Department of Children and Family Services, comply with the terms of the service plans, and correct the conditions that require the child to be in care, or risk termination of their parental rights.

Upon an adjudication of wardship of the court under Sections 2-22, 3-23, 4-20 or 5-705, the court shall inform the parties of their right to appeal therefrom as well as from any other final judgment of the court.

When the court finds that a child is an abused, neglected, or dependent minor under Section 2-21, the court shall admonish the parents that the parents must cooperate with the Department of Children and Family Services, comply with the terms of the service plans, and correct the conditions that require the child to be in care, or risk termination of their parental rights.

When the court declares a child to be a ward of the court and awards guardianship to the Department of Children and Family Services under Section 2-22, the court shall admonish the parents, guardian, custodian, or responsible relative that the parents must cooperate with the Department of Children and Family Services, comply with the terms of the service plans, and correct the conditions that require the child to be in care, or risk termination of their parental rights.

(4) No sanction may be applied against the minor who is the subject of the proceedings by reason of his refusal or failure to testify in the course of any hearing held prior to final adjudication under Section 2-22, 3-23, 4-20 or 5-705.
(5) In the discretion of the court, the minor may be excluded from any part or parts of a dispositional hearing and, with the consent of the parent or parents, guardian, counsel or a guardian ad litem, from any part or parts of an adjudicatory hearing.

(6) The general public except for the news media and the crime victim, as defined in Section 3 of the Rights of Crime Victims and Witnesses Act, shall be excluded from any hearing and, except for the persons specified in this Section only persons, including representatives of agencies and associations, who in the opinion of the court have a direct interest in the case or in the work of the court shall be admitted to the hearing. However, the court may, for the minor's safety and protection and for good cause shown, prohibit any person or agency present in court from further disclosing the minor's identity. Nothing in this subsection (6) prevents the court from allowing other juveniles to be present or to participate in a court session being held under the Juvenile Drug Court Treatment Act.

(7) A party shall not be entitled to exercise the right to a substitution of a judge without cause under subdivision (a)(2) of Section 2-1001 of the Code of Civil Procedure in a proceeding under this Act if the judge is currently assigned to a proceeding involving the alleged abuse, neglect, or dependency of the minor's sibling or half sibling and that judge has made a substantive ruling in the proceeding involving the minor's sibling or half sibling.

The Authority may, pursuant to its rules or regulations, or pursuant to agreements with persons to whom it makes mortgage or other loans, provide for methods of limiting profits or cash flow or other distributions available to limited-profit entities to whom it has made or will make such loans. A limited-profit entity which receives loans from the Authority may not make distributions in any one year with respect to a development financed by the Authority in excess of 6% of its equity in

such development, except that the right to such distribution shall be cumulative. This distribution limitation may not be increased above 6% during the life of the Authority's loan, whether the loan is outstanding on or is made after the effective date of this amendatory Act of 1991, unless, by resolution of the members, the Authority determines that an increase is necessary to preserve the development as affordable to low and moderate income persons and families or that an increase provides for the creation of additional units of housing affordable to low or moderate income persons and families in the development or otherwise in this State. The equity in a development shall consist of the difference between the amount of the mortgage loan and the total cost of the development. The total cost of the development shall include construction or rehabilitation costs including job overhead and a builder's and sponsor's profit and risk fee, architectural, engineering, legal and accounting costs, organizational expenses, land value, interest and financing charges paid during construction, the cost of landscaping and off-site improvements, whether or not such costs have been paid in cash or in a form other than cash. With respect to every development the Authority shall, by resolution, establish the entity's equity at the time of making of the final mortgage advance and, for purposes of this paragraph, that figure shall remain constant during the life of the Authority's loan with respect to such development, unless adjusted pursuant to a resolution of the members based on criteria set forth in the Authority's rules or regulations. The Authority may, pursuant to its rules or regulations, or pursuant to agreements with persons to whom it makes mortgage or other loans, provide for methods of limiting profits or cash flow or other distributions available to the person. Such alternative methods may include, without limitation, a limitation which may vary from period to period based on changes in the costs of borrowing money and may be changed from time to time. Such alternative methods may be in lieu of the 6% limitation as provided in this Section. With respect to mortgage loans to limited profit entities, the alternative method shall be such as shall, in the sole judgment of the Authority, result in the lowest rents consistent with attracting private enterprise to acquire, construct, rehabilitate, operate and maintain the development. The equity in a development shall consist of the difference between the amount of the mortgage loan and the total cost of the development. The total cost of the development shall include construction or rehabilitation costs including job overhead and a builder's and sponsor's profit and risk fee, architectural, engineering, legal, and accounting costs, organizational expenses, land value, interest and financing charges paid during construction, the cost of landscaping and off-site improvements, whether or not such costs have been paid in cash or in a form other than cash. The Authority may, pursuant to its rules or regulations, or pursuant to agreements with persons to whom it makes mortgage or other loans, provide for methods of limiting profits or cash flow or other distributions available to the person. Such alternative methods may include, without limitation, a limitation which may vary from period to period based on changes in the costs of borrowing money and may be changed from time to time. Such alternative methods may be in lieu of the 6% limitation as provided in this Section. Sec. 10. Prior to making a loan commitment for a development under this Act, the Authority shall approve a tenant selection plan submitted by the applicant for the loan prior to disbursing any funds in connection with the acquisition, rehabilitation, or construction of a development. The Authority shall formulate regulations from time to time setting forth the criteria for tenant selection plans. These criteria shall include income limits, which may vary with the size and circumstances of the family unit of tenants. The income limits shall be sufficiently flexible to avoid undue economic homogeneity among the tenants of a development. The Authority may formulate regulations from time to time for the alteration of occupancies of tenants who exceed established income limits. The tenant selection plan shall specify how many units in the development shall be held available for rentals to persons of low or moderate income, as defined in this Act.

In determining the number of units which shall be so held available for rental to persons of low or moderate income, the Authority shall require that the number of dwelling units so held reserved for them in each development shall not be less than the number required by applicable federal and State law.

In connection with any mortgage loan for a development, the Authority may enter into an agreement with the owner of the development as a part of the loan providing that as long as the loan remains outstanding or such longer period as is set forth in the agreement, the development shall be held available for such rentals. Any such agreement shall, upon being recorded in the manner provided for recording of deeds or registered in the manner specified for registration of titles, be binding upon any subsequent owners of the development as provided by its terms.

and evaluation, including any supplemental testing performed. The Department may order the examining physician or any member of the multidisciplinary team to present testimony concerning this examination and evaluation of the licensee or applicant, including testimony concerning any supplemental testing or documents relating to the examination and evaluation. No information, report, record, or other documents in any way related to the examination and evaluation shall be excluded by reason of any common law or statutory privilege relating to communication between the licensee or applicant and the examining physician or any member of the multidisciplinary team. No authorization is necessary from the licensee or applicant ordered to undergo an evaluation and examination for the examining physician or any member of the multidisciplinary team to provide information, reports, records, or other documents or to provide any testimony regarding the examination and evaluation. The individual to be examined may have, at his or her own expense, another physician of his or her choice present during all aspects of the examination.

Failure of any individual to submit to mental or physical examination or evaluation, or both, when directed, shall result in an automatic suspension without hearing, until such time as the individual submits to the examination. If the Department finds a licensee unable to practice because of the reasons set forth in this Section, the Department shall require the licensee to submit to care, counseling, or treatment by physicians approved or designated by the Department as a condition for continued, reinstated, or renewed licensure.

When the Secretary immediately suspends a license under this Section, a hearing upon such person's license must be convened by the Department within 15 days after the suspension and completed without appreciable delay. The Department shall have the authority to review the licensee's record of treatment and counseling regarding the impairment to the extent permitted by applicable federal statutes and regulations safeguarding the confidentiality of medical records.

Individuals licensed under this Act that are affected under this Section, shall be afforded an opportunity to demonstrate to the Department that they can resume practice in compliance with acceptable and prevailing standards under the provisions of their license. In enforcing this Section, the Board, upon a showing of a possible violation, may compel a licensee or applicant to submit to a mental or physical examination, or both, as required by and at the expense of the Department.

The examining physicians or clinical psychologists shall be those specifically designated by the Board. The Board or the Department may order (i) the examining physician to present testimony concerning the mental or physical examination of a licensee or applicant or (ii) the examining clinical psychologist to present testimony concerning the mental examination of a licensee or applicant. No information shall be excluded by reason of any common law or statutory privilege relating to communications between a licensee or applicant and the examining physician or clinical psychologist. An individual to be examined may have, at his or her own expense, another physician or clinical psychologist of his or her choice present during all aspects of the examination. Failure of an individual to submit to a mental or physical examination, when directed, is grounds for suspension of his or her license. The license must remain suspended until the person submits to the examination or the Board finds, after notice and hearing, that the refusal to submit to the examination was with reasonable cause.

If the Board finds an individual unable to practice because of the reasons set forth in this Section, the Board must require the individual to submit to care, counseling, or treatment by a physician or clinical psychologist approved by the Board, as a condition, term, or restriction for continued, reinstated, or renewed licensure to practice. In lieu of care, counseling, or treatment, the Board may recommend that the Department file a complaint to immediately suspend or revoke the license of the individual or otherwise discipline the licensee.

Any individual whose license was granted, continued, reinstated, or renewed subject to conditions, terms, or restrictions, as provided for in this Section, or any individual who was disciplined or placed on supervision pursuant to this Section must be referred to the Director for a determination as to whether the person shall have his or her license suspended immediately, pending a hearing by the Board.

(e) The Department shall deny a license or renewal authorized by this Act to a person who has defaulted on an educational loan or scholarship provided or guaranteed by the Illinois Student Assistance Commission or any governmental agency of this State in accordance with paragraph (5) of subsection (a) of Section 2105-15 of the Department of Professional Regulation Law of the Civil Administrative Code of Illinois.

(f) In cases where the Department of Healthcare and Family Services has previously determined a licensee or a potential licensee is more than 30 days delinquent in the payment of child support and has
subsequently certified the delinquency to the Department, the Department may refuse to issue or renew or may revoke or suspend that person’s license or may take other disciplinary action against that person based solely upon the certification of delinquency made by the Department of Healthcare and Family Services in accordance with paragraph (5) of subsection (a) of Section 2105-15 of the Department of Professional Regulation Law of the Civil Administrative Code of Illinois.

Failure to answer to the satisfaction of the Department shall cause an order to cease and desist to be issued forthwith.

Notwithstanding any provision of the law to the contrary, the General Assembly hereby authorizes the use of such funds for the purposes set forth in this Section.

These provisions do not apply to funds classified by the Comptroller as federal trust funds or State trust funds. The Audit Expense Fund may receive transfers from those trust funds only as directed herein, except where prohibited by the terms of the trust fund agreement. The Auditor General shall notify the trustees of those funds of the estimated cost of the audit to be incurred under the Illinois State Auditing Act for the fund. The trustees of those funds shall direct the State Comptroller and Treasurer to transfer the estimated amount to the Audit Expense Fund.

The Auditor General may bill entities that are not subject to the above transfer provisions, including private entities, related organizations and entities whose funds are locally-held, for the cost of audits, studies, and investigations incurred on their behalf. Any revenues received under this provision shall be deposited into the Audit Expense Fund.

In the event that moneys on deposit in any fund are unavailable, by reason of deficiency or any other reason preventing their lawful transfer, the State Comptroller shall order transferred and the State Treasurer shall transfer the amount deficient or otherwise unavailable from the General Revenue Fund for deposit into the Audit Expense Fund.

On or before December 1, 1992, and each December 1 thereafter, the Auditor General shall notify the Governor's Office of Management and Budget (formerly Bureau of the Budget) of the amount estimated to be necessary to pay for audits, studies, and investigations in accordance with the Illinois State Auditing Act during the next succeeding fiscal year for each State fund for which a transfer or reimbursement is anticipated.

Beginning with fiscal year 1994 and during each fiscal year thereafter, the Auditor General may direct the State Comptroller and Treasurer to transfer moneys from funds authorized by the General Assembly for that fund. In the event funds, including federal and State trust funds but excluding the General Revenue Fund, are transferred, during fiscal year 1994 and during each fiscal year thereafter, in excess of the amount to pay actual costs attributable to audits, studies, and investigations as permitted or required by the Illinois State Auditing Act or specific action of the General Assembly, the Auditor General shall, on September 30, or as soon thereafter as is practicable, direct the State Comptroller and Treasurer to transfer the excess amount back to the fund from which it was originally transferred.

  (1) Procedures for identifying patients age 65 or older and, at the discretion of the facility, other patients at risk.

  (2) Procedures for offering immunization against influenza virus when available between September 1 and April 1, and against pneumococcal disease upon admission or discharge, to patients in accordance with the recommendations of the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention that are most recent to the time of vaccination age 65 or older, unless contraindicated.

  (3) Procedures for ensuring that patients offered immunization, or their guardians, receive information regarding the risks and benefits of vaccination.

(a) A facility shall annually administer or arrange for administration of a vaccination against influenza to each resident, in accordance with the recommendations of the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention that are most recent to the time of vaccination, unless the vaccination is medically contraindicated or the resident has refused the vaccine. Influenza vaccinations for all residents age 65 and over shall be completed by November 30 of each year or as soon as practicable if vaccine supplies are not available before November 1. Residents admitted after November 30, during the flu season, and until February 1 shall, as medically appropriate, receive an influenza vaccination prior to or upon admission or as soon as practicable if vaccine supplies are not available at the time of the admission, unless the vaccine is medically contraindicated or the resident has refused the vaccine. Nothing in this subsection (c) shall apply to a nursing facility licensed or regulated by the Illinois Department of Veterans' Affairs.

(d) A skilled nursing facility shall designate a person or persons as Infection Prevention and Control Professionals to develop and implement policies governing control of infections and communicable diseases. The Infection Prevention and Control Professionals shall be qualified through education, training, experience, or certification or a combination of such qualifications. The Infection Prevention and Control Professional's qualifications shall be documented and shall be made available for inspection by the Department.

higher education, or the clerk of a circuit court, in order to provide for (i) the use of the Comptroller's offset system to collect delinquent obligations owed to that entity and (ii) the payment to the Comptroller of a processing charge of up to $15 per transaction for offsets processed without the assistance of a third-party vendor and a processing charge of up to $20 per transaction for offsets processed with the assistance of a third-party vendor. A third-party vendor may be selected by the Comptroller, pursuant to lawful procurement practices, in order to provide enhanced identification services to the State. The Comptroller shall deduct, from a warrant or other payment described in Section 10.05, in accordance with the procedures provided therein, its processing charge and the amount certified as necessary to satisfy, in whole or in part, the delinquent obligation owed to the unit of local government, school district, public institution of higher education, or clerk of the circuit court, as applicable. The Comptroller shall provide the unit of local government, school district, public institution of higher education, or clerk of the circuit court, as applicable, with the address to which the warrant or other payment was to be mailed and any other information pertaining to each person from whom a deduction is made pursuant to this Section. All deductions ordered under this Section and processing charges imposed under this Section shall be deposited into the Comptroller Debt Recovery Trust Fund, a special fund that the Comptroller shall use for the collection of deductions and processing charges, as provided by law, and the payment of deductions and administrative expenses, as provided by law.

Upon processing a deduction, the Comptroller shall give written notice to the person subject to the offset. The notice shall inform the person that he or she may make a written protest to the Comptroller within 60 days after the Comptroller has given notice. The protest shall include the reason for contesting the deduction and any other information that will enable the Comptroller to determine the amount due and payable. The intergovernmental agreement entered into under Section 10.05 and this Section shall establish procedures through which the Comptroller shall determine the validity of the protest and shall make a final disposition concerning the deduction. If the person subject to the offset has not made a written protest within 60 days after the Comptroller has given notice or if a final disposition is made concerning the deduction, the Comptroller shall pay the deduction to the unit of local government, school district, public institution of higher education, or clerk of the circuit court, as applicable, from the Comptroller Debt Recovery Trust Fund.

The impact of the tax levied by this Act is imposed upon the retailer and shall be prepaid or pre-collected by the distributor for the purpose of convenience and facility only, and the amount of the tax shall be added to the price of the cigarettes sold by such distributor. Collection of the tax shall be evidenced by a stamp or stamps affixed to each original package of cigarettes, as hereinafter provided.

Each distributor shall collect the tax from the retailer at or before the time of the sale, shall affix the stamps as hereinafter required, and shall remit the tax collected from retailers to the Department, as hereinafter provided. This payment, less the discount provided in subsection (b), shall be due when the distributor first makes a purchase of cigarette tax stamps after the effective date of this amendatory Act of 1993, or on the first due date of a return under this Act after the effective date of this amendatory Act of 1993, whichever occurs first. Any distributor having cigarettes to which stamps have been affixed in his possession for sale on December 15, 1997 shall not be required to pay the additional tax imposed by this amendatory Act of 1997 on such stamped cigarettes.

Any distributor having cigarettes to which stamps have been affixed in his or her possession for sale on July 1, 2002 shall not be
required to pay the additional tax imposed by this amendatory Act of the 92nd General Assembly on those stamped cigarettes.

This payment, less the discount provided in subsection (b), is due when the distributor first makes a purchase of cigarette stamps on or after June 24, 2012 or on the first due date of a return under this Act occurring on or after June 24, 2012, whichever occurs first. Those distributors may elect to pay the additional tax on packages of cigarettes to which stamps have been affixed and on any stamps in the distributor's possession that have not been affixed to packages of cigarettes over a period not to exceed 12 months from the due date of the additional tax by notifying the Department in writing. The first payment for distributors making such election is due when the distributor first makes a purchase of cigarette stamps on or after June 24, 2012 or on the first due date of a return under this Act occurring on or after June 24, 2012, whichever occurs first. Distributors making such an election are not entitled to take the discount provided in subsection (b) on such payments.

Distributors making sales of cigarettes to secondary distributors shall add the amount of the tax to the price of the cigarettes sold by the distributors. Secondary distributors making sales of cigarettes to retailers shall include the amount of the tax in the price of the cigarettes sold to retailers. The amount of tax shall not be less than the amount of taxes imposed by the State and all local jurisdictions. The amount of local taxes shall be calculated based on the location of the retailer's place of business shown on the retailer's certificate of registration or sub-registration issued to the retailer pursuant to Section 2a of the Retailers' Occupation Tax Act. The original packages of cigarettes sold to the retailer shall bear all the

The amount of the Cigarette Tax imposed by this Act shall be separately stated, apart from the price of the goods, by distributors, manufacturer representatives, secondary distributors, and retailers, in all bills and sales invoices.

(b) The distributor shall be required to collect the taxes provided under paragraph (a) hereof, and, to cover the costs of such collection, shall be allowed a discount during any year commencing July 1st and ending the following June 30th in accordance with the schedule set out hereinbelow, which discount shall be allowed at the time of purchase of the stamps when purchase is required by this Act, or at the time when the tax is remitted to the Department without the purchase of stamps from the Department when that method of paying the tax is required or authorized by this Act. Prior to December 1, 1985, a discount equal to 1 2/3% of the amount of the tax up to and including the first $700,000 paid hereunder by such distributor to the Department during any such year; 1 1/3% of the next $700,000 of tax or any part thereof, paid hereunder by such distributor to the Department during any such year; 1% of the next $700,000 of tax, or any part thereof, paid hereunder by such distributor to the Department during any such year, and 2/3 of 1% of the amount of any additional tax paid hereunder by such distributor to the Department during any such year shall apply. Two or more distributors that use a common means of affixing revenue tax stamps or that are owned or controlled by the same interests shall be treated as a single distributor for the purpose of computing the discount.

(c) The taxes herein imposed are in addition to all other occupation or privilege taxes imposed by the State of Illinois, or by any political subdivision thereof, or by any municipal corporation.

PUBLIC ACT 98-0277
(Senate Bill No. 1404)

AN ACT concerning revenue.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Property Tax Code is amended by changing Section 21-145 as follows:

(35 ILCS 200/21-145)
Sec. 21-145. Scavenger sale. At the same time the County Collector annually publishes the collector's annual sale advertisement under Sections 21-110, 21-115 and 21-120, it is mandatory for the collector in counties with 3,000,000 or more inhabitants, and in other counties if the county board so orders by resolution, to publish an advertisement giving notice of the intended application for judgment and sale of all properties upon which all or a part of the general taxes for each of 3 or more years, including the current tax year, are delinquent as of the date of the advertisement. In no event may there be more than 2 consecutive years without a sale under this Section. The term delinquent also includes forfeitures. The County Collector shall include in the

advertisement and in the application for judgment and sale under this Section and Section 21-260 the total amount of all general taxes upon those properties which are delinquent as of the date of the advertisement.

In lieu of a single annual advertisement and application for judgment and sale under this Section and Section 21-260, the County Collector may, from time to time, beginning on the date of the publication of the annual sale advertisement and before August 1 of the next year, publish separate advertisements and make separate applications on eligible properties described in one or more volumes of the delinquent list. The separate advertisements and applications shall, in the aggregate, include all the properties which otherwise would have been included in the single annual advertisement and application for judgment and sale under this Section. Upon the written request of the taxing district which levied the same, the County Collector shall also include in the advertisement the special taxes and special assessments, together with interest, penalties and costs thereon upon those properties which are delinquent as of the date of the advertisement. The advertisement and application for judgment and sale shall be in the manner prescribed by this Code relating to the annual advertisement and application for judgment and sale of delinquent properties. appropriation ordinance, by which ordinance the board may appropriate such sum or sums of money as may be deemed necessary to defray all necessary expenses and liabilities of such Park District, and in such annual budget and appropriation ordinance shall specify the objects and purposes for which such appropriations are made, and the amount appropriated for each object or purpose.

The budget included in such ordinance shall contain a statement of the cash on hand at the beginning of the fiscal year, an estimate of the cash expected to be received during such fiscal year from all sources, an estimate of the expenditures contemplated for such fiscal year, and a statement of the estimated cash expected to be on hand at the end of such year. The estimate of taxes to be received may be based upon the amount of actual cash receipts that may reasonably be expected by the Park District during such fiscal year, estimated from the experience of the Park District in prior years and with due regard for other circumstances that may substantially affect such receipts. However, nothing in this Act shall be construed as requiring any Park District to change or preventing any Park District from changing from a cash basis of financing to a surplus or deficit basis of financing; or as requiring any Park District to change or preventing any Park District from changing its system of accounting.

The governing body of each Park District shall fix a fiscal year therefor.

Such budget and appropriation ordinance shall be prepared in tentative form by some person or persons designated by the governing body, and in such tentative form shall be made conveniently available to public inspection for at least 30 days prior to final action thereon. At least one public hearing shall be held as to such budget and appropriation ordinance prior to final action thereon, notice of which shall be given by publication in a newspaper published in such Park District, at least one week prior to the time of such hearing. If there is no newspaper published in such Park District, notice of such public hearing shall be given by posting notices thereof in 5 of the most public places in such Park District. It shall be the duty of the secretary of such Park District to make such tentative budget and appropriation ordinance available to public inspection, and to arrange for such public hearing or hearings. Except as hereinafter provided otherwise provided by law, no further appropriations shall be made at any other time within such fiscal year, provided that the board of such Park District may from time to time make transfers between the various items in any fund in such appropriation ordinance not
exceeding in the aggregate 10% of the total amount appropriated in such fund by such ordinance, and may amend such budget and appropriation ordinance from time to time by the same procedure as is herein provided for the original adoption of a budget and appropriation ordinance; provided that nothing in this Section shall be construed to permit transfers between funds required by law to be kept separate. However, during any fiscal year, the governing body of any Park District may adopt a supplemental appropriation ordinance subsequent to the adoption of the annual appropriation ordinance for that fiscal year in an amount not to exceed the aggregate of any additional revenue available to the Park District or estimated to be received by the Park District. The provisions of this Section regarding publication, notice, and public hearing shall not apply to the supplemental ordinance or to the budget document forming the basis of the ordinance.

After the first 6 months of any fiscal year have elapsed the board may by two-thirds vote transfer from any appropriation item its anticipated unexpended funds to any other item of appropriation, theretofore made, and the item to which said transfer is made may be increased to the extent of the amount so transferred.

The provisions of "The Illinois Municipal Budget Law", approved July 12, 1937, as now or hereinafter amended, are not applicable to Park Districts organized under this Act.

The failure of the governing body of any park district to adopt an annual budget and appropriation ordinance, or to comply in any respect with the provisions of this Section, shall not affect the validity of any tax levy of any such park district, otherwise in conformity with the law. The budget and appropriation ordinance for any fiscal year is not intended or required to be in support of or in relation to any tax levy made during that fiscal year.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Fire Protection District Act is amended by changing Section 8.20 as follows:

(70 ILCS 705/8.20)

Sec. 8.20. Open burning.

(a) The board of trustees of any fire protection district incorporated under this Act may, by ordinance, require that the district be notified of open burning within the district before it takes place, but shall not require that a permit for open burning be obtained from the district. The district may not enforce an ordinance adopted under this Section within the corporate limits of a county with a population of 3,000,000 or more or a municipality with a population of 1,000,000 or more.

(b) The fire department of a fire protection district may extinguish any open burn that presents a clear, present, and unreasonable danger to persons or adjacent property or that presents an unreasonable risk because of wind, weather, or the types of combustibles. The unreasonable risk may include the height of flames, windblown embers, the creation of hazardous fumes, or an unattended fire. Fire departments may not unreasonably interfere with permitted and legal open burning.

(c) The fire protection district may provide that persons setting open burns on any agricultural land with an area of 50 acres or more may voluntarily comply with the provisions of an ordinance adopted under this Section.

(d) The fire chief or any other designated officer of a fire department of any fire protection district incorporated under this Act may, with the authorization of the board of trustees of the fire protection district, prohibit open burning within the district on an emergency basis, for a limited period of time, if (i) the atmospheric conditions or other circumstances create an unreasonable risk of fire because of wind, weather, or the types of combustibles and (ii) the resources of the fire department are not sufficient to control and suppress a fire resulting from one or more of the conditions or circumstances described in clause (i) of this subsection. For the purposes of this subsection, "open burning"
includes, but is not limited to, the burning of landscape waste, agricultural waste, household trash, and garbage.

(e) The fire chief or any other designated officer of a fire department of any fire protection district incorporated under this Act may fix, charge, and collect fees associated with the fire department extinguishing an open burning that is prohibited under subsection (d) of this Section. The fee may be imposed against any person causing or engaging in the prohibited activity. The total amount collected for compensation of the fire protection district shall be assessed in accordance with both the rates provided in Section 11f(c) of this Act and the fire chief's determination of the cost of personnel and equipment utilized to extinguish the fire.

This Section does not authorize the open burning of any waste. The open burning of waste is subject to the restrictions and prohibitions of the Environmental Protection Act and the rules and regulations adopted under its authority.

Section 5. The Cook County Forest Preserve District Act is amended by changing Sections 7, 8, and 8.1 as follows:

(70 ILCS 810/7) (from Ch. 96 1/2, par. 6410)

Sec. 7. Any forest preserve district shall have the power to create forest preserves, and for that purpose shall have the power to acquire in fee simple or by easements in land, in the manner hereinafter provided, and hold lands containing one or more natural forests or parts thereof or land or lands connecting such forests or parts thereof, or lands capable of being forested, for the purpose of protecting and preserving the flora, fauna, and scenic beauties within such district, and to restore, restock, protect and preserve the natural forests and such lands together with their flora and fauna, as nearly as may be, in their natural state and condition, for the purpose of the education, pleasure, and recreation of the public. Lands may be acquired in fee simple or by easements in land for the consolidation of such preserves into unit areas of size and form convenient and desirable for public use and economical maintenance and improvement and when in the judgment of the Board the public access, use, and enjoyment of such preserves and other purposes of this Act will be served by connecting any such preserves with forested ways or links, lands for connecting links of such width, length, and location as the Board deem necessary or desirable may be acquired in fee simple or by easements in land and held for such

purposes and improved by forestation, roads, and pathways. Any such district may also acquire lands in fee simple or by easements in land along or enclosing water courses, drainage ways, lakes, ponds, planned impoundments or elsewhere which, in the judgment of its Board are required to store flood waters, or control other drainage and water conditions, or to recycle secondary treated sewage effluents or wastewater through the production and sale of agricultural, silvicultural or aquacultural products, necessary for the preservation and management of the water resources of the district, provided no debris, tree, tree limbs, logs, shrubbery, or related growths and trimmings therefrom shall be deposited in, along, or upon the bank of any waters and water courses within the State of Illinois or any tributary thereto where the same shall be liable to be washed into or deposited along waters and water courses, either by normal or flood flows, as a result of storms or otherwise, which may in any manner impede or obstruct the natural flow of such waters and water courses. Unforested lands adjacent to forest preserves may also be acquired in fee simple or by easements in land to provide for extension of roads and forested ways around and by such preserves and for parking space for automobiles and other facilities not requiring forested areas but incidental to the use and protection thereof. All work done in or along any water course shall be done in accordance with the provisions of "An Act in relation to the regulation of the rivers, lakes, and streams of the State of Illinois," approved June 10, 1911, as heretofore and hereafter amended, insofar as such Act may be applicable. (Source: P.A. 80-320.)

(70 ILCS 810/8) (from Ch. 96 1/2, par. 6411)

Sec. 8. Any forest preserve district shall have power to acquire easements in land, lands in fee simple and grounds within such district for the aforesaid purposes by gift, grant, legacy, purchase or condemnation and to construct, lay out, improve and maintain wells, power plants, comfort stations, shelter houses, paths, driveways, roadways and other improvements and facilities in and through such forest preserves as it shall deem necessary or desirable for the use of such forest preserves by the public. Such forest preserve districts shall also have power to lease not to exceed 40 acres of the lands and grounds acquired by it, for a term of not more than 99 years to veterans' organizations as grounds for convalescing sick and disabled veterans, and as a place upon which to construct rehabilitation quarters, or to a county as grounds for a county nursing home or convalescent home. Any such forest preserve district shall also have power to grant licenses, easements and rights-of-way for the
construction, operation and maintenance upon, under or across any property of such district of facilities for water, sewage, telephone, telegraph, electric, gas or other public service, subject to such terms and conditions as may be determined by such district.

Whenever the board determines that the public interest will be subserved by vacating any street, roadway, or driveway, or part thereof, located within a forest preserve, it may vacate that street, roadway, or driveway, or part thereof, by an ordinance passed by the affirmative vote of at least 3/4 of all the members of the board.

The determination of the board that the nature and extent of the public use or public interest to be subserved is such as to warrant the vacation of any street, roadway, or driveway, or part thereof, is conclusive, and the passage of such an ordinance is sufficient evidence of that determination, whether so recited in the ordinance or not. The relief to the public from further burden and responsibility of maintaining any street, roadway or driveway, or part thereof, constitutes a public use or public interest authorizing the vacation.

Nothing contained in this Section shall be construed to authorize the board to vacate any street, roadway, or driveway, or part thereof, that is part of any State or county highway.

When property is damaged by the vacation or closing of any street, roadway, or driveway, or part thereof, damage shall be ascertained and paid as provided by law.

Except in cases where the deed, or other instrument dedicating a street, roadway, or driveway, or part thereof, has expressly provided for a specific devolution of the title thereto upon the abandonment or vacation thereof, whenever any street, roadway, or driveway, or part thereof is vacated under or by virtue of any ordinance of any forest preserve district, the title to the land in fee simple included within the street, roadway, or driveway, or part thereof, so vacated vests in the forest preserve district.

The board of any forest preserve district is authorized to sell at fair market price, gravel, sand, earth and any other material obtained from the lands and waters owned by the district.

PUBLIC ACT 98-0282
(Senate Bill No. 1606)

AN ACT concerning civil law.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Condominium Property Act is amended by changing Section 27 as follows:

(765 ILCS 605/27) (from Ch. 30, par. 327)
Sec. 27. (a) If there is any unit owner other than the developer, and unless otherwise provided in this Act, the condominium instruments shall be amended only as follows:

(i) upon the affirmative vote of 2/3 of those voting or upon the majority specified by the condominium instruments, provided that in no event shall the condominium instruments require more than a three-quarters vote of all unit owners; and

(ii) with the approval of any mortgagees required under the provisions of the condominium instruments.

Except in cases where this Act provides different methods of amendment or with respect to property whose declaration is recorded on or after July 1, 1984, no condominium instrument shall require more than a three-quarters vote of unit owners to amend the bylaws. Except to the extent authorized by other provisions of this Act, no amendment to the condominium instrument shall change the boundaries of any unit or the undivided interest in the common elements, the number of votes in the unit owners' association, or the liability for common expenses appertaining to a unit.

(b)(1) If there is an omission or error in the declaration, bylaws or other condominium instrument, the association may correct the error or omission by an amendment to the declaration, bylaws, or other condominium instrument in such respects as may be required to conform to this Act, and any other applicable statute or to the declaration by vote of

two-thirds of the members of the Board of Managers or by a majority vote of the unit owners at a meeting called for this purpose, unless the Act or the condominium instruments specifically provide for greater percentages or different procedures.

(2) If through a scrivener's error, a unit has not been designated as owning an appropriate undivided share of the common elements or does not bear an appropriate share of the common expenses or that all the common expenses or all of the common elements in the condominium have not been distributed in the declaration, so that the sum total of the shares of common elements which have been distributed or the sum total of the shares of the common expenses fail to equal 100%, or if it appears that more than 100% of the common elements or common expenses have been distributed, the error may be corrected by operation of law by filing an amendment to the declaration approved by vote of two-thirds of the members of the Board of Managers or a majority vote of the unit owners at a meeting called for this purpose which proportionately adjusts all percentage interests so that the total is equal to 100% unless the condominium instruments specifically provide for a different procedure or different percentage vote by the owners of the units and the owners of mortgages thereon affected by modification being made in the undivided interest in the common elements, the number of votes in the unit owners association or the liability for common expenses appertaining to the unit.

(3) If an omission or error or a scrivener's error in the declaration, bylaws or other condominium instrument is corrected by vote of two-thirds of the members of the Board of Managers pursuant to the authority established in subsections (b)(1) or (b)(2) of Section 27 of this Act, the Board upon written petition by unit owners with 20 percent of the votes of the association filed within 30 days of the Board action shall call a meeting of the unit owners within 30 days of the filing of the petition to consider the Board action. Unless a majority of the votes of the unit owners of the association are cast at the meeting to reject the action, it is ratified whether or not a quorum is present.

(4) The procedures for amendments set forth in this subsection (b) cannot be used if such an amendment would materially or adversely affect property rights of the unit owners unless the affected unit owners consent in writing. This Section does not restrict the powers of the association to otherwise amend the declaration, bylaws, or other condominium instruments, but authorizes a simple process of amendment requiring a lesser vote for the purpose of correcting defects, errors, or omissions when

New matter indicated by italics - deletions by strikeout
the property rights of the unit owners are not materially or adversely affected.

(5) If there is an omission or error in the declaration, bylaws, or other condominium instruments, which may not be corrected by an amendment procedure set forth in paragraphs (1) and (2) of subsection (b) of Section 27 in the declaration then the Circuit Court in the County in which the condominium is located shall have jurisdiction to hear a petition of one or more of the unit owners thereon or of the association, to correct the error or omission, and the action may be a class action. The court may require that one or more methods of correcting the error or omission be submitted to the unit owners to determine the most acceptable correction. All unit owners in the association must be joined as parties to the action. Service of process on owners may be by publication, but the plaintiff shall furnish all unit owners not personally served with process with copies of the petition and final judgment of the court by certified mail return receipt requested, at their last known address.

(6) Nothing contained in this Section shall be construed to invalidate any provision of a condominium instrument authorizing the developer to amend a condominium instrument prior to the latest date on which the initial membership meeting of the unit owners must be held, whether or nor it has actually been held, to bring the instrument into compliance with the legal requirements of the Federal National Mortgage Association, the Federal Home Loan Mortgage Corporation, the Federal Housing Administration, the United States Veterans Administration or their respective successors and assigns.

Section 5. The Environmental Protection Act is amended by changing Sections 9.1 and 39 as follows:

New matter indicated by italics - deletions by strikeout
Sec. 9.1. (a) The General Assembly finds that the federal Clean Air Act, as amended, and regulations adopted pursuant thereto establish complex and detailed provisions for State-federal cooperation in the field of air pollution control, provide for a Prevention of Significant Deterioration program to regulate the issuance of preconstruction permits to insure that economic growth will occur in a manner consistent with the preservation of existing clean air resources, and also provide for plan requirements for nonattainment areas to regulate the construction, modification and operation of sources of air pollution to insure that economic growth will occur in a manner consistent with the goal of achieving the national ambient air quality standards, and that the General Assembly cannot conveniently or advantageously set forth in this Act all the requirements of such federal Act or all regulations which may be established thereunder.

It is the purpose of this Section to avoid the existence of duplicative, overlapping or conflicting State and federal regulatory systems.

(b) The provisions of Section 111 of the federal Clean Air Act (42 USC 7411), as amended, relating to standards of performance for new stationary sources, and Section 112 of the federal Clean Air Act (42 USC 7412), as amended, relating to the establishment of national emission standards for hazardous air pollutants are applicable in this State and are enforceable under this Act. Any such enforcement shall be stayed consistent with any stay granted in any federal judicial action to review such standards. Enforcement shall be consistent with the results of any such judicial review.

(c) The Board may adopt regulations establishing permit programs meeting the requirements of Sections 165 and 173 of the Clean Air Act (42 USC 7475 and 42 USC 7503) as amended. The Agency may adopt procedures for the administration of such programs.

Any denial of such a permit or any conditions imposed in such a permit shall be reviewable by the Board in accordance with Section 40 of this Act.

(e) The Board shall exempt from regulation under the State Implementation Plan for ozone the volatile organic compounds which have been determined by the U.S. Environmental Protection Agency to be exempt from regulation under state implementation plans for ozone due to negligible photochemical reactivity. In accordance with subsection (b) of Section 7.2, the Board shall adopt regulations identical in substance to the U.S. Environmental Protection Agency exemptions or deletion of exemptions published in policy statements on the control of volatile organic compounds in the Federal Register by amending the list of exemptions to the Board's definition of volatile organic material found at 35 Ill. Adm. Code Part 211. The provisions and requirements of Title VII of this Act shall not apply to regulations adopted under this subsection. Section 5-35 of the Illinois Administrative Procedure Act, relating to procedures for rulemaking, does not apply to regulations adopted under this subsection. However, the Board shall provide for notice, a hearing if required by the U.S. Environmental Protection Agency, and public comment before adopted rules are filed with the Secretary of State. The Board may consolidate into a single rulemaking under this subsection all such federal policy statements published in the Federal Register within a period of time not to exceed 6 months.

(f) (Blank). If a complete application for a permit renewal is submitted to the Agency at least 90 days prior to expiration of the permit, all of the terms and conditions of the permit shall remain in effect until final administrative action has been taken on the application.

(a) When the Board has by regulation required a permit for the construction, installation, or operation of any type of facility, equipment, vehicle, vessel, or aircraft, the applicant shall apply to the Agency for such

permit and it shall be the duty of the Agency to issue such a permit upon proof by the applicant that the facility, equipment, vehicle, vessel, or aircraft will not cause a violation of this Act or of regulations hereunder. The Agency shall adopt such procedures as are necessary to carry out its duties under this Section. In making its determinations on permit applications under this Section the Agency may consider prior adjudications of noncompliance with this Act by the applicant that involved a release of a contaminant into the environment. In granting permits, the Agency may impose reasonable conditions specifically related to the applicant's past compliance history with this Act as necessary to correct, detect, or prevent noncompliance. The Agency may impose such other conditions as may be necessary to accomplish the purposes of this Act, and as are not inconsistent with the regulations promulgated by the Board hereunder. Except as otherwise provided in this Act, a bond or other security shall not be required as a condition for the issuance of a permit. If the Agency denies any permit under this Section, the Agency shall transmit to the applicant within the time limitations of this Section specific, detailed statements as to the reasons the permit application was denied. Such statements shall include, but not be limited to the following:

(i) the Sections of this Act which may be violated if the permit were granted;
(ii) the provision of the regulations, promulgated under this Act, which may be violated if the permit were granted;
(iii) the specific type of information, if any, which the Agency deems the applicant did not provide the Agency; and
(iv) a statement of specific reasons why the Act and the regulations might not be met if the permit were granted.

If there is no final action by the Agency within 90 days after the filing of the application for permit, the applicant may deem the permit issued; except that this time period shall be extended to 180 days when (1) notice and opportunity for public hearing are required by State or federal law or regulation, (2) the application which was filed is for any permit to develop a landfill subject to issuance pursuant to this subsection, or (3) the application that was filed is for a MSWLF unit required to issue public notice under subsection (p) of Section 39. The 90-day and 180-day time periods for the Agency to take final action do not apply to NPDES permit applications under subsection (b) of this Section, to RCRA permit applications under subsection (d) of this Section, or to UIC permit applications under subsection (e) of this Section.

New matter indicated by italics - deletions by strikeout
The Agency shall publish notice of all final permit determinations for development permits for MSWLF units and for significant permit modifications for lateral expansions for existing MSWLF units one time in a newspaper of general circulation in the county in which the unit is or is proposed to be located.

After January 1, 1994 and until July 1, 1998, operating permits issued under this Section by the Agency for sources of air pollution permitted to emit less than 25 tons per year of any combination of regulated air pollutants, as defined in Section 39.5 of this Act, shall be required to be renewed only upon written request by the Agency consistent with applicable provisions of this Act and regulations promulgated hereunder. Such operating permits shall expire 180 days after the date of such a request. The Board shall revise its regulations for the existing State air pollution operating permit program consistent with this provision by January 1, 1994.

After June 30, 1998, operating permits issued under this Section by the Agency for sources of air pollution that are not subject to Section 39.5 of this Act and are not required to have a federally enforceable State operating permit shall be required to be renewed only upon written request by the Agency consistent with applicable provisions of this Act and its rules. Such operating permits shall expire 180 days after the date of such a request. Before July 1, 1998, the Board shall revise its rules for the existing State air pollution operating permit program consistent with this paragraph and shall adopt rules that require a source to demonstrate that it qualifies for a permit under this paragraph.

(b) The Agency may issue NPDES permits exclusively under this subsection for the discharge of contaminants from point sources into navigable waters, all as defined in the Federal Water Pollution Control Act, as now or hereafter amended, within the jurisdiction of the State, or into any well.

All NPDES permits shall contain those terms and conditions, including but not limited to schedules of compliance, which may be required to accomplish the purposes and provisions of this Act.

The Agency may issue general NPDES permits for discharges from categories of point sources which are subject to the same permit limitations and conditions. Such general permits may be issued without individual applications and shall conform to regulations promulgated under Section 402 of the Federal Water Pollution Control Act, as now or hereafter amended.

New matter indicated by italics - deletions by strikeout
The Agency may include, among such conditions, effluent limitations and other requirements established under this Act, Board regulations, the Federal Water Pollution Control Act, as now or hereafter amended, and regulations pursuant thereto, and schedules for achieving compliance therewith at the earliest reasonable date.

The Agency shall adopt filing requirements and procedures which are necessary and appropriate for the issuance of NPDES permits, and which are consistent with the Act or regulations adopted by the Board, and with the Federal Water Pollution Control Act, as now or hereafter amended, and regulations pursuant thereto.

The Agency, subject to any conditions which may be prescribed by Board regulations, may issue NPDES permits to allow discharges beyond deadlines established by this Act or by regulations of the Board without the requirement of a variance, subject to the Federal Water Pollution Control Act, as now or hereafter amended, and regulations pursuant thereto.

(c) Except for those facilities owned or operated by sanitary districts organized under the Metropolitan Water Reclamation District Act, no permit for the development or construction of a new pollution control facility may be granted by the Agency unless the applicant submits proof to the Agency that the location of the facility has been approved by the County Board of the county if in an unincorporated area, or the governing body of the municipality when in an incorporated area, in which the facility is to be located in accordance with Section 39.2 of this Act. For purposes of this subsection (c), and for purposes of Section 39.2 of this Act, the appropriate county board or governing body of the municipality shall be the county board of the county or the governing body of the municipality in which the facility is to be located as of the date when the application for siting approval is filed.

In the event that siting approval granted pursuant to Section 39.2 has been transferred to a subsequent owner or operator, that subsequent owner or operator may apply to the Agency for, and the Agency may grant, a development or construction permit for the facility for which local siting approval was granted. Upon application to the Agency for a development or construction permit by that subsequent owner or operator, the permit applicant shall cause written notice of the permit application to be served upon the appropriate county board or governing body of the municipality that granted siting approval for that facility and upon any party to the siting proceeding pursuant to which siting approval was granted. In that event,

the Agency shall conduct an evaluation of the subsequent owner or operator's prior experience in waste management operations in the manner conducted under subsection (i) of Section 39 of this Act.

Beginning August 20, 1993, if the pollution control facility consists of a hazardous or solid waste disposal facility for which the proposed site is located in an unincorporated area of a county with a population of less than 100,000 and includes all or a portion of a parcel of land that was, on April 1, 1993, adjacent to a municipality having a population of less than 5,000, then the local siting review required under this subsection (c) in conjunction with any permit applied for after that date shall be performed by the governing body of that adjacent municipality rather than the county board of the county in which the proposed site is located; and for the purposes of that local siting review, any references in this Act to the county board shall be deemed to mean the governing body of that adjacent municipality; provided, however, that the provisions of this paragraph shall not apply to any proposed site which was, on April 1, 1993, owned in whole or in part by another municipality.

In the case of a pollution control facility for which a development permit was issued before November 12, 1981, if an operating permit has not been issued by the Agency prior to August 31, 1989 for any portion of the facility, then the Agency may not issue or renew any development permit nor issue an original operating permit for any portion of such facility unless the applicant has submitted proof to the Agency that the location of the facility has been approved by the appropriate county board or municipal governing body pursuant to Section 39.2 of this Act.

After January 1, 1994, if a solid waste disposal facility, any portion for which an operating permit has been issued by the Agency, has not accepted waste disposal for 5 or more consecutive calendars years, before that facility may accept any new or additional waste for disposal, the owner and operator must obtain a new operating permit under this Act for that facility unless the applicant has submitted proof to the Agency for a permit authorizing the temporary suspension of waste acceptance. The Agency may not issue a new operation permit under this Act for the facility unless the applicant has submitted proof to the Agency that the location of the facility has been approved or re-approved by the appropriate county board or municipal governing body under Section 39.2 of this Act after the facility ceased accepting waste.

Except for those facilities owned or operated by sanitary districts organized under the Metropolitan Water Reclamation District Act, and

except for new pollution control facilities governed by Section 39.2, and except for fossil fuel mining facilities, the granting of a permit under this Act shall not relieve the applicant from meeting and securing all necessary zoning approvals from the unit of government having zoning jurisdiction over the proposed facility.

Before beginning construction on any new sewage treatment plant or sludge drying site to be owned or operated by a sanitary district organized under the Metropolitan Water Reclamation District Act for which a new permit (rather than the renewal or amendment of an existing permit) is required, such sanitary district shall hold a public hearing within the municipality within which the proposed facility is to be located, or within the nearest community if the proposed facility is to be located within an unincorporated area, at which information concerning the proposed facility shall be made available to the public, and members of the public shall be given the opportunity to express their views concerning the proposed facility.

The Agency may issue a permit for a municipal waste transfer station without requiring approval pursuant to Section 39.2 provided that the following demonstration is made:

1. the municipal waste transfer station was in existence on or before January 1, 1979 and was in continuous operation from January 1, 1979 to January 1, 1993;
2. the operator submitted a permit application to the Agency to develop and operate the municipal waste transfer station during April of 1994;
3. the operator can demonstrate that the county board of the county, if the municipal waste transfer station is in an unincorporated area, or the governing body of the municipality, if the station is in an incorporated area, does not object to resumption of the operation of the station; and
4. the site has local zoning approval.

(d) The Agency may issue RCRA permits exclusively under this subsection to persons owning or operating a facility for the treatment, storage, or disposal of hazardous waste as defined under this Act.

All RCRA permits shall contain those terms and conditions, including but not limited to schedules of compliance, which may be required to accomplish the purposes and provisions of this Act. The Agency may include among such conditions standards and other requirements established under this Act, Board regulations, the Resource
Conservation and Recovery Act of 1976 (P.L. 94-580), as amended, and regulations pursuant thereto, and may include schedules for achieving compliance therewith as soon as possible. The Agency shall require that a performance bond or other security be provided as a condition for the issuance of a RCRA permit.

In the case of a permit to operate a hazardous waste or PCB incinerator as defined in subsection (k) of Section 44, the Agency shall require, as a condition of the permit, that the operator of the facility perform such analyses of the waste to be incinerated as may be necessary and appropriate to ensure the safe operation of the incinerator.

The Agency shall adopt filing requirements and procedures which are necessary and appropriate for the issuance of RCRA permits, and which are consistent with the Act or regulations adopted by the Board, and with the Resource Conservation and Recovery Act of 1976 (P.L. 94-580), as amended, and regulations pursuant thereto.

The applicant shall make available to the public for inspection all documents submitted by the applicant to the Agency in furtherance of an application, with the exception of trade secrets, at the office of the county board or governing body of the municipality. Such documents may be copied upon payment of the actual cost of reproduction during regular business hours of the local office. The Agency shall issue a written statement concurrent with its grant or denial of the permit explaining the basis for its decision.

(e) The Agency may issue UIC permits exclusively under this subsection to persons owning or operating a facility for the underground injection of contaminants as defined under this Act.

All UIC permits shall contain those terms and conditions, including but not limited to schedules of compliance, which may be required to accomplish the purposes and provisions of this Act. The Agency may include among such conditions standards and other requirements established under this Act, Board regulations, the Safe Drinking Water Act (P.L. 93-523), as amended, and regulations pursuant thereto, and may include schedules for achieving compliance therewith. The Agency shall require that a performance bond or other security be provided as a condition for the issuance of a UIC permit.

The Agency shall adopt filing requirements and procedures which are necessary and appropriate for the issuance of UIC permits, and which are consistent with the Act or regulations adopted by the Board, and with
the Safe Drinking Water Act (P.L. 93-523), as amended, and regulations pursuant thereto.

The applicant shall make available to the public for inspection, all documents submitted by the applicant to the Agency in furtherance of an application, with the exception of trade secrets, at the office of the county board or governing body of the municipality. Such documents may be copied upon payment of the actual cost of reproduction during regular business hours of the local office. The Agency shall issue a written statement concurrent with its grant or denial of the permit explaining the basis for its decision.

(f) In making any determination pursuant to Section 9.1 of this Act:

(1) The Agency shall have authority to make the determination of any question required to be determined by the Clean Air Act, as now or hereafter amended, this Act, or the regulations of the Board, including the determination of the Lowest Achievable Emission Rate, Maximum Achievable Control Technology, or Best Available Control Technology, consistent with the Board's regulations, if any.

(2) The Agency shall, after conferring with the applicant, give written notice to the applicant of its proposed decision on the application including the terms and conditions of the permit to be issued and the facts, conduct or other basis upon which the Agency will rely to support its proposed action.

(3) Following such notice, the Agency shall give the applicant an opportunity for a hearing in accordance with the provisions of Sections 10-25 through 10-60 of the Illinois Administrative Procedure Act.

(g) The Agency shall include as conditions upon all permits issued for hazardous waste disposal sites such restrictions upon the future use of such sites as are reasonably necessary to protect public health and the environment, including permanent prohibition of the use of such sites for purposes which may create an unreasonable risk of injury to human health or to the environment. After administrative and judicial challenges to such restrictions have been exhausted, the Agency shall file such restrictions of record in the Office of the Recorder of the county in which the hazardous waste disposal site is located.

(h) A hazardous waste stream may not be deposited in a permitted hazardous waste site unless specific authorization is obtained from the Agency by the generator and disposal site owner and operator for the
deposit of that specific hazardous waste stream. The Agency may grant specific authorization for disposal of hazardous waste streams only after the generator has reasonably demonstrated that, considering technological feasibility and economic reasonableness, the hazardous waste cannot be reasonably recycled for reuse, nor incinerated or chemically, physically or biologically treated so as to neutralize the hazardous waste and render it nonhazardous. In granting authorization under this Section, the Agency may impose such conditions as may be necessary to accomplish the purposes of the Act and are consistent with this Act and regulations promulgated by the Board hereunder. If the Agency refuses to grant authorization under this Section, the applicant may appeal as if the Agency refused to grant a permit, pursuant to the provisions of subsection (a) of Section 40 of this Act. For purposes of this subsection (h), the term "generator" has the meaning given in Section 3.205 of this Act, unless: (1) the hazardous waste is treated, incinerated, or partially recycled for reuse prior to disposal, in which case the last person who treats, incinerates, or partially recycles the hazardous waste prior to disposal is the generator; or (2) the hazardous waste is from a response action, in which case the person performing the response action is the generator. This subsection (h) does not apply to any hazardous waste that is restricted from land disposal under 35 Ill. Adm. Code 728.

(i) Before issuing any RCRA permit, any permit for a waste storage site, sanitary landfill, waste disposal site, waste transfer station, waste treatment facility, waste incinerator, or any waste-transportation operation, or any permit or interim authorization for a clean construction or demolition debris fill operation, the Agency shall conduct an evaluation of the prospective owner's or operator's prior experience in waste management operations and clean construction or demolition debris fill operations. The Agency may deny such a permit, or deny or revoke interim authorization, if the prospective owner or operator or any employee or officer of the prospective owner or operator has a history of:

   (1) repeated violations of federal, State, or local laws, regulations, standards, or ordinances in the operation of waste management facilities or sites or clean construction or demolition debris fill operation facilities or sites; or

   (2) conviction in this or another State of any crime which is a felony under the laws of this State, or conviction of a felony in a federal court; or conviction in this or another state or federal court of any of the following crimes: forgery, official misconduct,

New matter indicated by italics - deletions by strikeout
bribery, perjury, or knowingly submitting false information under any environmental law, regulation, or permit term or condition; or

(3) proof of gross carelessness or incompetence in handling, storing, processing, transporting or disposing of waste or clean construction or demolition debris, or proof of gross carelessness or incompetence in using clean construction or demolition debris as fill.

(i-5) Before issuing any permit or approving any interim authorization for a clean construction or demolition debris fill operation in which any ownership interest is transferred between January 1, 2005, and the effective date of the prohibition set forth in Section 22.52 of this Act, the Agency shall conduct an evaluation of the operation if any previous activities at the site or facility may have caused or allowed contamination of the site. It shall be the responsibility of the owner or operator seeking the permit or interim authorization to provide to the Agency all of the information necessary for the Agency to conduct its evaluation. The Agency may deny a permit or interim authorization if previous activities at the site may have caused or allowed contamination at the site, unless such contamination is authorized under any permit issued by the Agency.

(j) The issuance under this Act of a permit to engage in the surface mining of any resources other than fossil fuels shall not relieve the permittee from its duty to comply with any applicable local law regulating the commencement, location or operation of surface mining facilities.

(k) A development permit issued under subsection (a) of Section 39 for any facility or site which is required to have a permit under subsection (d) of Section 21 shall expire at the end of 2 calendar years from the date upon which it was issued, unless within that period the applicant has taken action to develop the facility or the site. In the event that review of the conditions of the development permit is sought pursuant to Section 40 or 41, or permittee is prevented from commencing development of the facility or site by any other litigation beyond the permittee's control, such two-year period shall be deemed to begin on the date upon which such review process or litigation is concluded.

(l) No permit shall be issued by the Agency under this Act for construction or operation of any facility or site located within the boundaries of any setback zone established pursuant to this Act, where such construction or operation is prohibited.

(m) The Agency may issue permits to persons owning or operating a facility for composting landscape waste. In granting such permits, the
Agency may impose such conditions as may be necessary to accomplish the purposes of this Act, and as are not inconsistent with applicable regulations promulgated by the Board. Except as otherwise provided in this Act, a bond or other security shall not be required as a condition for the issuance of a permit. If the Agency denies any permit pursuant to this subsection, the Agency shall transmit to the applicant within the time limitations of this subsection specific, detailed statements as to the reasons the permit application was denied. Such statements shall include but not be limited to the following:

1. the Sections of this Act that may be violated if the permit were granted;
2. the specific regulations promulgated pursuant to this Act that may be violated if the permit were granted;
3. the specific information, if any, the Agency deems the applicant did not provide in its application to the Agency; and
4. a statement of specific reasons why the Act and the regulations might be violated if the permit were granted.

If no final action is taken by the Agency within 90 days after the filing of the application for permit, the applicant may deem the permit issued. Any applicant for a permit may waive the 90 day limitation by filing a written statement with the Agency.

The Agency shall issue permits for such facilities upon receipt of an application that includes a legal description of the site, a topographic map of the site drawn to the scale of 200 feet to the inch or larger, a description of the operation, including the area served, an estimate of the volume of materials to be processed, and documentation that:

1. the facility includes a setback of at least 200 feet from the nearest potable water supply well;
2. the facility is located outside the boundary of the 10-year floodplain or the site will be floodproofed;
3. the facility is located so as to minimize incompatibility with the character of the surrounding area, including at least a 200 foot setback from any residence, and in the case of a facility that is developed or the permitted composting area of which is expanded after November 17, 1991, the composting area is located at least 1/8 mile from the nearest residence (other than a residence located on the same property as the facility);
4. the design of the facility will prevent any compost material from being placed within 5 feet of the water table, will
adequately control runoff from the site, and will collect and manage any leachate that is generated on the site;

(5) the operation of the facility will include appropriate dust and odor control measures, limitations on operating hours, appropriate noise control measures for shredding, chipping and similar equipment, management procedures for composting, containment and disposal of non-compostable wastes, procedures to be used for terminating operations at the site, and recordkeeping sufficient to document the amount of materials received, composted and otherwise disposed of; and

(6) the operation will be conducted in accordance with any applicable rules adopted by the Board.

The Agency shall issue renewable permits of not longer than 10 years in duration for the composting of landscape wastes, as defined in Section 3.155 of this Act, based on the above requirements.

The operator of any facility permitted under this subsection (m) must submit a written annual statement to the Agency on or before April 1 of each year that includes an estimate of the amount of material, in tons, received for composting.

(n) The Agency shall issue permits jointly with the Department of Transportation for the dredging or deposit of material in Lake Michigan in accordance with Section 18 of the Rivers, Lakes, and Streams Act.

(o) (Blank.)

(p) (1) Any person submitting an application for a permit for a new MSWLF unit or for a lateral expansion under subsection (t) of Section 21 of this Act for an existing MSWLF unit that has not received and is not subject to local siting approval under Section 39.2 of this Act shall publish notice of the application in a newspaper of general circulation in the county in which the MSWLF unit is or is proposed to be located. The notice must be published at least 15 days before submission of the permit application to the Agency. The notice shall state the name and address of the applicant, the location of the MSWLF unit or proposed MSWLF unit, the nature and size of the MSWLF unit or proposed MSWLF unit, the nature of the activity proposed, the probable life of the proposed activity, the date the permit application will be submitted, and a statement that persons may file written comments with the Agency concerning the permit application within 30 days after the filing of the permit application unless the time period to submit comments is extended by the Agency.

New matter indicated by italics - deletions by strikeout
When a permit applicant submits information to the Agency to supplement a permit application being reviewed by the Agency, the applicant shall not be required to reissue the notice under this subsection.

(2) The Agency shall accept written comments concerning the permit application that are postmarked no later than 30 days after the filing of the permit application, unless the time period to accept comments is extended by the Agency.

(3) Each applicant for a permit described in part (1) of this subsection shall file a copy of the permit application with the county board or governing body of the municipality in which the MSWLF unit is or is proposed to be located at the same time the application is submitted to the Agency. The permit application filed with the county board or governing body of the municipality shall include all documents submitted to or to be submitted to the Agency, except trade secrets as determined under Section 7.1 of this Act. The permit application and other documents on file with the county board or governing body of the municipality shall be made available for public inspection during regular business hours at the office of the county board or the governing body of the municipality and may be copied upon payment of the actual cost of reproduction.

(q) Within 6 months after the effective date of this amendatory Act of the 97th General Assembly, the Agency, in consultation with the regulated community, shall develop a web portal to be posted on its website for the purpose of enhancing review and promoting timely issuance of permits required by this Act. At a minimum, the Agency shall make the following information available on the web portal:

(1) Checklists and guidance relating to the completion of permit applications, developed pursuant to subsection (s) of this Section, which may include, but are not limited to, existing instructions for completing the applications and examples of complete applications. As the Agency develops new checklists and develops guidance, it shall supplement the web portal with those materials.

(2) Within 2 years after the effective date of this amendatory Act of the 97th General Assembly, permit application forms or portions of permit applications that can be completed and saved electronically, and submitted to the Agency electronically with digital signatures.

(3) Within 2 years after the effective date of this amendatory Act of the 97th General Assembly, an online tracking
system where an applicant may review the status of its pending application, including the name and contact information of the permit analyst assigned to the application. Until the online tracking system has been developed, the Agency shall post on its website semi-annual permitting efficiency tracking reports that include statistics on the timeframes for Agency action on the following types of permits received after the effective date of this amendatory Act of the 97th General Assembly: air construction permits, new NPDES permits and associated water construction permits, and modifications of major NPDES permits and associated water construction permits. The reports must be posted by February 1 and August 1 each year and shall include:

(A) the number of applications received for each type of permit, the number of applications on which the Agency has taken action, and the number of applications still pending; and

(B) for those applications where the Agency has not taken action in accordance with the timeframes set forth in this Act, the date the application was received and the reasons for any delays, which may include, but shall not be limited to, (i) the application being inadequate or incomplete, (ii) scientific or technical disagreements with the applicant, USEPA, or other local, state, or federal agencies involved in the permitting approval process, (iii) public opposition to the permit, or (iv) Agency staffing shortages. To the extent practicable, the tracking report shall provide approximate dates when cause for delay was identified by the Agency, when the Agency informed the applicant of the problem leading to the delay, and when the applicant remedied the reason for the delay.

(r) Upon the request of the applicant, the Agency shall notify the applicant of the permit analyst assigned to the application upon its receipt.

(s) The Agency is authorized to prepare and distribute guidance documents relating to its administration of this Section and procedural rules implementing this Section. Guidance documents prepared under this subsection shall not be considered rules and shall not be subject to the Illinois Administrative Procedure Act. Such guidance shall not be binding on any party.
(t) Except as otherwise prohibited by federal law or regulation, any person submitting an application for a permit may include with the application suggested permit language for Agency consideration. The Agency is not obligated to use the suggested language or any portion thereof in its permitting decision. If requested by the permit applicant, the Agency shall meet with the applicant to discuss the suggested language.

(u) If requested by the permit applicant, the Agency shall provide the permit applicant with a copy of the draft permit prior to any public review period.

(v) If requested by the permit applicant, the Agency shall provide the permit applicant with a copy of the final permit prior to its issuance.

(w) An air pollution permit shall not be required due to emissions of greenhouse gases, as specified by Section 9.15 of this Act.

(x) If, before the expiration of a State operating permit that is issued pursuant to subsection (a) of this Section and contains federally enforceable conditions limiting the potential to emit of the source to a level below the major source threshold for that source so as to exclude the source from the Clean Air Act Permit Program, the Agency receives a complete application for the renewal of that permit, then all of the terms and conditions of the permit shall remain in effect until final administrative action has been taken on the application for the renewal of the permit.

(a) Except as otherwise provided in subsection (a-5), any person who drives or is in actual physical control of a motor vehicle on any highway of this State at a time when such person's driver's license, permit or privilege to do so or the privilege to obtain a driver's license or permit is revoked or suspended as provided by this Code or the law of another state, except as may be specifically allowed by a judicial driving permit issued prior to January 1, 2009, monitoring device driving permit, family financial responsibility driving permit, probationary license to drive, or a restricted driving permit issued pursuant to this Code or under the law of another state, shall be guilty of a Class A misdemeanor.

(a-3) A second or subsequent violation of subsection (a) of this Section is a Class 4 felony if committed by a person whose driving or operation of a motor vehicle is the proximate cause of a motor vehicle accident that causes personal injury or death to another. For purposes of this subsection, a personal injury includes any Type A injury as indicated on the traffic accident report completed by a law enforcement officer that requires immediate professional attention in either a doctor's office or a medical facility. A Type A injury includes severe bleeding wounds, distorted extremities, and injuries that require the injured party to be carried from the scene.

(a-5) Any person who violates this Section as provided in subsection (a) while his or her driver's license, permit or privilege is revoked because of a violation of Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, relating to the offense of reckless homicide or a similar provision of a law of another state, is guilty of a Class 4 felony. (b-1) Upon receiving a report of the conviction of any violation indicating a person was operating a motor vehicle during the time when the person's driver's license, permit or privilege was suspended by the Secretary of State or the driver's licensing administrator of another state, except as specifically allowed by a probationary license, judicial driving permit, restricted driving permit or monitoring device driving permit the Secretary shall extend the suspension for the same period of time as the
originally imposed suspension unless the suspension has already expired, in which case the Secretary shall be authorized to suspend the person's driving privileges for the same period of time as the originally imposed suspension.

(b-2) Except as provided in subsection (b-6), upon receiving a report of the conviction of any violation indicating a person was operating a motor vehicle when the person's driver's license, permit or privilege was revoked by the Secretary of State or the driver's license administrator of any other state, except as specifically allowed by a restricted driving permit issued pursuant to this Code or the law of another state, the Secretary shall not issue a driver's license for an additional period of one year from the date of such conviction indicating such person was operating a vehicle during such period of revocation.

AN ACT concerning revenue.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Property Tax Code is amended by changing Sections 14-41, 21-15, 21-20, and 21-25 as follows:

(35 ILCS 200/14-41)

Sec. 14-41. Notice and collection of arrearages of property taxes. If a taxpayer owes arrearages of taxes due to an administrative error, the county may not bill, collect, claim a lien for, or sell the arrearages of taxes for tax years earlier than the 2 most recent tax years, including the current tax year. If a taxpayer owes arrearages of taxes due to an administrative error, the county collector shall send the taxpayer, by certified mail, a notice that the arrearages of taxes are owed by the taxpayer. If the notice is mailed to the taxpayer on or before October 1 in any year, then (i) the county collector may send a separate bill for the arrearages of taxes, which may be due no sooner than 30 days after the due date for the next installment of taxes or (ii) the arrearages of taxes may be added to the tax bill for the following year, in which case the taxes are due in 2 equal installments on June 1 and September 1 in the following year unless the county has adopted an accelerated method of billing in which case the arrearages of taxes may be billed separately and shall be due in equal installments on the dates on which each installment of taxes is due in the following year. If the notice is mailed after October 1 in any year, then the arrearages of taxes are to be added to the tax bill for the second year after the notice and are due in 2 equal installments on June 1 and September 1 in the second year after the notice unless the county has adopted an accelerated method of billing in which case the arrearages of taxes may be billed separately and shall be due in equal installments on the dates on which each installment of taxes is due in the second year after the notice. In no event shall the due dates on the arrearages of taxes be in more than one tax year. The arrearages of taxes added to a tax bill under this Section are to be listed separately on the tax bill. "Administrative error" includes but is not limited to failure to include an extension for a taxing district on
the tax bill, an error in the calculations of tax rates or extensions or any other mathematical error by the county clerk, or a defective coding by the county, but does not include a failure by the county to send a tax bill to the taxpayer, the failure by the taxpayer to notify the assessor of a change in the tax-exempt status of property, or any error concerning the assessment of the property.

(35 ILCS 200/21-15)

Sec. 21-15. General tax due dates; default by mortgage lender. Except as otherwise provided in this Section or Section 21-40, all property upon which the first installment of taxes remains unpaid on the later of (i) June 1 or (ii) the day after the date specified on the real estate tax bill as the first installment due date annually shall be deemed delinquent and shall bear interest after that date at the rate of 1 1/2% per month or portion thereof. Except as otherwise provided in this Section or Section 21-40, all property upon which the second installment of taxes remains due and unpaid on the later of (i) September 1 or (ii) the day after the date specified on the real estate tax bill as the second installment due date, annually, shall be deemed delinquent and shall bear interest after that date at the same interest rate. Notwithstanding any other provision of law, if a taxpayer owes an arrearage of taxes due to an administrative error, and if the county collector sends a separate bill for that arrearage as provided in Section 14-41, then any part of the arrearage of taxes that remains unpaid on the day after the due date specified on that tax bill shall be deemed delinquent and shall bear interest after that date at the rate of 1 1/2% per month or portion thereof. All interest collected shall be paid into the general fund of the county. Payment received by mail and postmarked on or before the required due date is not delinquent.

Property not subject to the interest charge in Section 9-260 or Section 9-265 shall also not be subject to the interest charge imposed by this Section until such time as the owner of the property receives actual notice of and is billed for the principal amount of back taxes due and owing.

If an Illinois resident who is a member of the Illinois National Guard or a reserve component of the armed forces of the United States and who has an ownership interest in property taxed under this Act is called to active duty for deployment outside the continental United States and is on active duty on the due date of any installment of taxes due under this Act, he or she shall not be deemed delinquent in the payment of the installment.
and no interest shall accrue or be charged as a penalty on the installment until 180 days after that member returns from active duty. To be deemed not delinquent in the payment of an installment of taxes and any interest on that installment, the reservist or guardsperson must make a reasonable effort to notify the county clerk and the county collector of his or her activation to active duty and must notify the county clerk and the county collector within 180 days after his or her deactivation and provide verification of the date of his or her deactivation. An installment of property taxes on the property of any reservist or guardsperson who fails to provide timely notice and verification of deactivation to the county clerk is subject to interest and penalties as delinquent taxes under this Code from the date of deactivation.
