Notwithstanding any other provision of law, when any unpaid taxes become delinquent under this Section through the fault of the mortgage lender, (i) the interest assessed under this Section for delinquent taxes shall be charged against the mortgage lender and not the mortgagor and (ii) the mortgage lender shall pay the taxes, redeem the property and take all necessary steps to remove any liens accruing against the property because of the delinquency. In the event that more than one entity meets the definition of mortgage lender with respect to any mortgage, the interest shall be assessed against the mortgage lender responsible for servicing the mortgage. Unpaid taxes shall be deemed delinquent through the fault of the mortgage lender only if: (a) the mortgage lender has received all payments due the mortgage lender for the property being taxed under the written terms of the mortgage or promissory note secured by the mortgage, (b) the mortgage lender holds funds in escrow to pay the taxes, and (c) the funds are sufficient to pay the taxes after deducting all amounts reasonably anticipated to become due for all hazard insurance premiums and mortgage insurance premiums and any other assessments to be paid from the escrow under the terms of the mortgage. For purposes of this Section, an amount is reasonably anticipated to become due if it is payable within 12 months from the time of determining the sufficiency of funds held in escrow. Unpaid taxes shall not be deemed delinquent through the fault of the mortgage lender if the mortgage lender was directed in writing by the mortgagor not to pay the property taxes, or if the failure to pay the taxes when due resulted from inadequate or inaccurate parcel information provided by the mortgagor, a title or abstract company, or by the agency or unit of government assessing the tax.

(310 ILCS 67/20)
Sec. 20. Determination of exempt local governments.
(a) Beginning October 1, 2004, the Illinois Housing Development Authority shall determine which local governments are exempt and not exempt from the operation of this Act based on an identification of the total number of year-round housing units in the most recent data from the U.S. Census Bureau decennial census for each local government within the State and by an inventory of owner-occupied for-sale and rental affordable housing units, as defined in this Act, for each local government from the U.S. Census Bureau decennial census and other relevant sources.
(b) The Illinois Housing Development Authority shall make this determination by:
   (i) totaling the number of owner-occupied for-sale housing units in each local government that are affordable to households with a gross household income that is less than 80% of the median household income within the county or primary metropolitan statistical area;
   (ii) totaling the number of rental units in each local government that are affordable to households with a gross household income that is less than 60% of the median household income within the county or primary metropolitan statistical area;
(iii) adding the number of owner-occupied for-sale and rental units for each local government from items (i) and (ii); and

(iv) dividing the sum of (iii) above by the total number of year-round housing units in the local government as contained in the latest U.S. Census Bureau decennial census and multiplying the result by 100 to determine the percentage of affordable housing units within the jurisdiction of the local government.

(c) Beginning on the effective date of this amendatory Act of the 98th General Assembly October 1, 2004, the Illinois Housing Development Authority shall publish on an annual basis a list of exempt and non-exempt local governments and the data that it used to calculate its determination at least once every 5 years. The data shall be shown for each local government in the State and for the State as a whole. Upon publishing a list of exempt and non-exempt local governments, the Illinois Housing Development Authority shall notify a local government that it is not exempt from the operation of this Act and provide to it the data used to calculate its determination.

(d) A local government or developer of affordable housing may appeal the determination of the Illinois Housing Development Authority as to whether the local government is exempt or non-exempt under this Act in connection with an appeal under Section 30 of this Act.

(310 ILCS 67/25)

Sec. 25. Affordable housing plan.

(a) Prior to April 1, 2005, all non-exempt local governments must approve an affordable housing plan. Any local government that is determined by the Illinois Housing Development Authority under Section 20 to be non-exempt for the first time based on the recalculation of U.S. Census Bureau decennial census data after 2010 shall have 18 months from the date of notification of its non-exempt status to approve an affordable housing plan under this Act.

(b) For the purposes of this Act, the affordable housing plan shall consist of at least the following:

(i) a statement of the total number of affordable housing units that are necessary to exempt the local government from the operation of this Act as defined in Section 15 and Section 20;

(ii) an identification of lands within the jurisdiction that are most appropriate for the construction of affordable housing and of existing structures most appropriate for conversion to, or

New matter indicated by italics - deletions by strikeout
rehabilitation for, affordable housing, including a consideration of lands and structures of developers who have expressed a commitment to provide affordable housing and lands and structures that are publicly or semi-publicly owned;

(iii) incentives that local governments may provide for the purpose of attracting affordable housing to their jurisdiction; and

(iv) a goal of a minimum of 15% of all new development or redevelopment within the local government that would be defined as affordable housing in this Act; or a minimum of a 3 percentage point increase in the overall percentage of affordable housing within its jurisdiction, as described in subsection (b) of Section 20 of this Act; or a minimum of a total of 10% affordable housing within its jurisdiction as described in subsection (b) of Section 20 of this Act. These goals may be met, in whole or in part, through the creation of affordable housing units under intergovernmental agreements as described in subsection (e) of this Section.

(c) Within 60 days after the adoption of an affordable housing plan or revisions to its affordable housing plan, the local government must submit a copy of that plan to the Illinois Housing Development Authority.

(d) In order to promote the goals of this Act and to maximize the creation, establishment, or preservation of affordable housing throughout the State of Illinois, a local government, whether exempt or non-exempt under this Act, may adopt the following measures to address the need for affordable housing:

(1) Local governments may individually or jointly create or participate in a housing trust fund or otherwise provide funding or support for the purpose of supporting affordable housing, including, without limitation, to support the following affordable housing activities:

(A) Housing production, including, without limitation, new construction, rehabilitation, and adaptive re-use.

(B) Acquisition, including, without limitation, land, single-family homes, multi-unit buildings, and other existing structures that may be used in whole or in part for residential use.

(C) Rental payment assistance.

(D) Home-ownership purchase assistance.

(E) Preservation of existing affordable housing.

New matter indicated by italics - deletions by strikeout
(F) Weatherization.
(G) Emergency repairs.
(H) Housing related support services, including homeownership education and financial counseling.
(I) Grants or loans to not-for-profit organizations engaged in addressing the affordable housing needs of low-income and moderate-income households.

Local governments may authorize housing trust funds to accept and utilize funds, property, and other resources from all proper and lawful public and private sources so long as those funds are used solely for addressing the affordable housing needs of individuals or households that may occupy low-income or moderate-income housing.

(2) A local government may create a community land trust, which may: acquire developed or undeveloped interests in real property and hold them for affordable housing purposes; convey such interests under long-term leases, including ground leases; convey such interests for affordable housing purposes; and retain an option to reacquire any such real property interests at a price determined by a formula ensuring that such interests may be utilized for affordable housing purposes.

(3) A local government may use its zoning powers to require the creation and preservation of affordable housing as authorized under Section 5-12001 of the Counties Code and Section 11-13-1 of the Illinois Municipal Code.

(4) A local government may accept donations of money or land for the purpose of addressing the affordable housing needs of individuals or households that may occupy low-income or moderate-income housing. These donations may include, without limitation, donations of money or land from persons in lieu of building affordable housing.

(e) In order to encourage regional cooperation and the maximum creation of affordable housing in areas lacking such housing in the State of Illinois, any non-exempt local government may enter into intergovernmental agreements under subsection (e) of Section 25 with local governments within 10 miles of its corporate boundaries in order to create affordable housing units to meet the goals of this Act. A non-exempt local government may not enter into an intergovernmental agreement, however, with any local government that contains more than
25% affordable housing as determined under Section 20 of this Act. All intergovernmental agreements entered into to create affordable housing units to meet the goals of this Act must also specify the basis for determining how many of the affordable housing units created will be credited to each local government participating in the agreement for purposes of complying with this Act. All intergovernmental agreements entered into to create affordable housing units to meet the goals of this Act must also specify the anticipated number of newly created affordable housing units that are to be credited to each local government participating in the agreement for purposes of complying with this Act. In specifying how many affordable housing units will be credited to each local government, the same affordable housing unit may not be counted by more than one local government.

(310 ILCS 67/30)
Sec. 30. Appeal to State Housing Appeals Board.
(a) (Blank).
(b) Beginning January 1, 2009, an affordable housing developer whose application is either denied or approved with conditions that in his or her judgment render the provision of affordable housing infeasible may, within 45 days after the decision, appeal to the State Housing Appeals Board challenging that decision unless the municipality or county that rendered the decision is exempt under Section 15 of this Act. The developer must submit information regarding why the developer believes he or she was unfairly denied or unreasonable conditions were placed upon the tentative approval of the development. In the case of local governments that are determined by the Illinois Housing Development Authority under Section 20 to be non-exempt for the first time based on the recalculation of U.S. Census Bureau decennial census data after the effective date of this amendatory Act of the 98th General Assembly 2010, no developer may appeal to the State Housing Appeals Board until 60 months after a local government has been notified of its non-exempt status.
(c) Beginning on the effective date of this amendatory Act of the 98th General Assembly January 1, 2009, the Board shall, whenever possible, render a decision on the appeal within 120 days after the appeal is filed. The Board may extend the time by which it will render a decision where circumstances outside the Board’s control make it infeasible for the
Board to render a decision within 120 days. In any proceeding before the Board, the affordable housing developer bears the burden of demonstrating that the proposed affordable housing development (i) has been unfairly denied or (ii) has had unreasonable conditions placed upon it by the decision of the local government.

(d) The Board shall dismiss any appeal if:
   (i) the local government has adopted an affordable housing plan as defined in Section 25 of this Act and submitted that plan to the Illinois Housing Development Authority within the time frame required by this Act; and
   (ii) the local government has implemented its affordable housing plan and has met its goal as established in its affordable housing plan as defined in Section 25 of this Act.

(e) The Board shall dismiss any appeal if the reason for denying the application or placing conditions upon the approval is a non-appealable local government requirement under Section 15 of this Act.

(f) The Board may affirm, reverse, or modify the conditions of, or add conditions to, a decision made by the approving authority. The decision of the Board constitutes an order directed to the approving authority and is binding on the local government.

(g) The appellate court has the exclusive jurisdiction to review decisions of the Board. Any appeal to the Appellate Court of a final ruling by the State Housing Appeals Board may be heard only in the Appellate Court for the District in which the local government involved in the appeal is located. The appellate court shall apply the "clearly erroneous" standard when reviewing such appeals. An appeal of a final ruling of the Board shall be filed within 35 days after the Board's decision and in all respects shall be in accordance with Section 3-113 of the Code of Civil Procedure.

(5) a county board member;
(6) an affordable housing developer; and
(7) an affordable housing advocate.

In addition, the Chairman of the Illinois Housing Development Authority, ex officio, shall serve as a non-voting member. No more than 4 of the appointed members may be from the same political party. Appointments under items (2), (3), and (4) shall be from local governments that are not exempt under this Act.

(b) Initial terms of 4 members designated by the Governor shall be for 2 years. Initial terms of 3 members designated by the Governor shall be for one year. Thereafter, members shall be appointed for terms of 2 years. After a member's term expires, the member shall continue to serve until a successor is appointed. There shall be no limit to the number of terms an appointee may serve. A member shall receive no compensation for his or her services, but shall be reimbursed by the State for all reasonable expenses actually and necessarily incurred in the performance of his or her official duties. The board shall hear all petitions for review filed under this Act and shall conduct all hearings in accordance with the rules and regulations established by the chairperson. The Illinois Housing Development Authority shall provide space and clerical and other assistance that the Board may require.

(c) (Blank).

(Section scheduled to be repealed on January 1, 2020)
Sec. 13. Qualifications of applicants. Any person who is of good moral character may apply for licensure if he or she is a graduate with a first professional degree in architecture from a program accredited by the National Architectural Accrediting Board, has completed the examination requirements set forth under Section 12 of this Act, and has completed such diversified professional training, including academic training, as is required by rules of the Department. Until January 1, 2014, in lieu of the requirement of graduation with a first professional degree in architecture from a program accredited by the National Architectural Accrediting Board, the Department may admit an applicant who is a graduate with a pre-professional 4 year baccalaureate degree accepted for direct entry into a first professional master of architecture degree program, and who has completed such additional diversified professional training, including academic training, as is required by rules of the Department. The Department may adopt, as its own rules relating to diversified professional training, those guidelines published from time to time by the National Council of Architectural Registration Boards.

Good moral character means such character as will enable a person to discharge the fiduciary duties of an architect to that person's client and to the public in a manner which protects health, safety and welfare. Evidence of inability to discharge such duties may include the commission of an offense justifying discipline under Section 22. In addition, the Department may take into consideration whether the applicant has engaged in conduct or actions that would constitute grounds for discipline under this Act.

Section 5. The Electronic Commerce Security Act is amended by changing Section 5-120 as follows:

(5 ILCS 175/5-120)
Sec. 5-120. Electronic signatures.
(a) Where a rule of law requires a signature, or provides for certain consequences if a document is not signed, an electronic signature satisfies that rule of law.

(a-5) In the course of exercising any permitting, licensing, or other regulatory function, a municipality may accept, but shall not require, documents with an electronic signature, including, but not limited to, the technical submissions of a design professional with an electronic signature.

(b) An electronic signature may be proved in any manner, including by showing that a procedure existed by which a party must of necessity have executed a symbol or security procedure for the purpose of verifying that an electronic record is that of such party in order to proceed further with a transaction.

(c) The provisions of this Section shall not apply:
(1) when its application would involve a construction of a rule of law that is clearly inconsistent with the manifest intent of the lawmaking body or repugnant to the context of the same rule of law, provided that the mere requirement of a "signature" or that a record be "signed" shall not by itself be sufficient to establish such intent;
(2) to any rule of law governing the creation or execution of a will or trust, living will, or healthcare power of attorney; and
(3) to any record that serves as a unique and transferable instrument of rights and obligations including, without limitation, negotiable instruments and other instruments of title wherein possession of the instrument is deemed to confer title, unless an electronic version of such record is created, stored, and transferred in a manner that allows for the existence of only one unique, identifiable, and unalterable original with the functional attributes of an equivalent physical instrument, that can be possessed by only one person, and which cannot be copied except in a form that is readily identifiable as a copy.

(Section scheduled to be repealed on January 1, 2020)

Sec. 14. Display of license; Seal. Every holder of a license as a licensed architect shall display it in a conspicuous place in the principal office of the architect.

Every licensed architect shall have a reproducible seal, or facsimile, the print of which shall contain the name of the architect, the license number, and the words "Licensed Architect, State of Illinois". The licensed architect shall affix the signature, current date, date of license expiration and seal to the first sheet of any bound set or loose sheets of technical submissions utilized as contract documents between the parties to the contract or prepared for the review and approval of any governmental or public authority having jurisdiction by that licensed architect or under that licensed architect's responsible control. The sheet of technical submissions in which the seal is affixed shall indicate those documents or parts thereof for which the seal shall apply. The seal and dates may be electronically affixed. The licensee may provide, at his or her sole discretion, an original signature in the licensee's handwriting, a scanned copy of the document bearing an original signature, or a signature generated by a computer. The signature must be in the original handwriting of the licensee. Signatures generated by computer shall not be permitted. All technical submissions issued by any corporation, partnership, professional service corporation, or professional design firm as registered under this Act shall contain the corporate or assumed business name and design firm registration number, in addition to any other seal requirements as set forth in this Section.

"Responsible control" means that amount of control over and detailed professional knowledge of the content of technical submissions during their preparation as is ordinarily exercised by architects applying the required professional standard of care. Merely reviewing or reviewing and correcting the technical submissions or any portion thereof prepared by those not in the regular employment of the office where the architect is resident without control over the content of such work throughout its preparation does not constitute responsible control.

An architect licensed under the laws of this jurisdiction shall not sign and seal technical submissions that were not prepared by or under the responsible control of the architect except that:

1) the architect may sign and seal those portions of the technical submissions that were prepared by or under the
responsible control of persons who hold a license under this Act, and who shall have signed and sealed the documents, if the architect has reviewed in whole or in part such portions and has either coordinated their preparation or integrated them into his or her work;

(2) the architect may sign and seal portions of the professional work that are not required by this Act to be prepared by or under the responsible control of an architect if the architect has reviewed and adopted in whole or in part such portions and has integrated them into his or her work; and

(3) a partner or corporate officer of a professional design firm registered in Illinois who is licensed under the architecture licensing laws of this State, and who has professional knowledge of the content of the technical submissions and intends to be responsible for the adequacy of the technical submissions, may sign and seal technical submissions that are prepared by or under the responsible control of architects who are licensed in this State and who are in the regular employment of the professional design firm.

The architect exercising responsible control under which the documents or portions of the documents were prepared shall be identified on the documents or portions of the documents by name and Illinois license number.

Any licensed architect who signs and seals technical submissions not prepared by that architect but prepared under the architect's responsible control by persons not regularly employed in the office where the architect is resident shall maintain and make available to the board upon request for at least 5 years following such signing and sealing, adequate and complete records demonstrating the nature and extent of the architect's control over and detailed professional knowledge of such technical submissions throughout their preparation.

Any reproducible stamp heretofore authorized under the laws of this state for use by a professional engineer, including those with the words "Registered Professional Engineer of Illinois", shall serve the same purpose as the seal provided for by this Act. The engineer shall be responsible for his seal and signature as defined by rule. When technical submissions are prepared utilizing a computer or other electronic means, the seal may be generated by the computer. AN ACT concerning workers.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Workers' Compensation Act is amended by changing Section 6 as follows:

(820 ILCS 305/6) (from Ch. 48, par. 138.6)

Sec. 6. (a) Every employer within the provisions of this Act, shall, under the rules and regulations prescribed by the Commission, post printed notices in their respective places of employment in such number and at such places as may be determined by the Commission, containing such information relative to this Act as in the judgment of the Commission may be necessary to aid employees to safeguard their rights under this Act in event of injury.

In addition thereto, the employer shall post in a conspicuous place on the place of the employment a printed or typewritten notice stating whether he is insured or whether he has qualified and is operating as a self-insured employer. In the event the employer is insured, the notice shall state the name and address of his insurance carrier, the number of the insurance policy, its effective date and the date of termination. In the event of the termination of the policy for any reason prior to the termination date stated, the posted notice shall promptly be corrected accordingly. In the event the employer is operating as a self-insured employer the notice shall state the name and address of the company, if any, servicing the compensation payments of the employer, and the name and address of the person in charge of making compensation payments.

(b) Every employer subject to this Act shall maintain accurate records of work-related deaths, injuries and illness other than minor injuries requiring only first aid treatment and which do not involve medical treatment, loss of consciousness, restriction of work or motion, or transfer to another job and file with the Commission, in writing, a report of all accidental deaths, injuries and illnesses arising out of and in the course of the employment resulting in the loss of more than 3 scheduled work days. In the case of death such report shall be made no later than 2 working days following the accidental death. In all other cases such report shall be made between the 15th and 25th of each month unless required to be made sooner by rule of the Commission. In case the injury results in
permanent disability, a further report shall be made as soon as it is
determined that such permanent disability has resulted or will result from
the injury. All reports shall state the date of the injury, including the time
of day or night, the nature of the employer's business, the name, address,
age, sex, conjugal condition of the injured person, the specific occupation
of the injured person, the direct cause of the injury and the nature of the
accident, the character of the injury, the length of disability, and in case of
death the length of disability before death, the wages of the injured person,
whether compensation has been paid to the injured person, or to his or her
legal representative or his heirs or next of kin, the amount of compensation
paid, the amount paid for physicians', surgeons' and hospital bills, and by
whom paid, and the amount paid for funeral or burial expenses if known.
The reports shall be made on forms and in the manner as prescribed by the
Commission and shall contain such further information as the Commission
shall deem necessary and require. The making of these reports releases the
employer from making such reports to any other officer of the State and
shall satisfy the reporting provisions as contained in the "Health and Safety
Act" and "An Act in relation to safety inspections and education in
industrial and commercial establishments and to repeal an Act therein
named", approved July 18, 1955, as now or hereafter amended. The reports
filed with the Commission pursuant to this Section shall be made available
by the Commission to the Director of Labor or his representatives and to
all other departments of the State of Illinois which shall require such
information for the proper discharge of their official duties. Failure to file
with the Commission any of the reports required in this Section is a petty
offense.

Except as provided in this paragraph, all reports filed hereunder
shall be confidential and any person having access to such records filed
with the Illinois Workers' Compensation Commission as herein required,
who shall release any information therein contained including the names
or otherwise identify any persons sustaining injuries or disabilities, or give
access to such information to any unauthorized person, shall be subject to
discipline or discharge, and in addition shall be guilty of a Class B
misdemeanor. The Commission shall compile and distribute to interested
persons aggregate statistics, taken from the reports filed hereunder. The
aggregate statistics shall not give the names or otherwise identify persons
sustaining injuries or disabilities or the employer of any injured or disabled
person.

(c) Notice of the accident shall be given to the employer as soon as practicable, but not later than 45 days after the accident. Provided:

(1) In case of the legal disability of the employee or any dependent of a deceased employee who may be entitled to compensation under the provisions of this Act, the limitations of time by this Act provided do not begin to run against such person under legal disability until a guardian has been appointed.

(2) In cases of injuries sustained by exposure to radiological materials or equipment, notice shall be given to the employer within 90 days subsequent to the time that the employee knows or suspects that he has received an excessive dose of radiation.

No defect or inaccuracy of such notice shall be a bar to the maintenance of proceedings on arbitration or otherwise by the employee unless the employer proves that he is unduly prejudiced in such proceedings by such defect or inaccuracy.

Notice of the accident shall give the approximate date and place of the accident, if known, and may be given orally or in writing.

(d) Every employer shall notify each injured employee who has been granted compensation under the provisions of Section 8 of this Act of his rights to rehabilitation services and advise him of the locations of available public rehabilitation centers and any other such services of which the employer has knowledge.

In any case, other than one where the injury was caused by exposure to radiological materials or equipment or asbestos unless the application for compensation is filed with the Commission within 3 years after the date of the accident, where no compensation has been paid, or within 2 years after the date of the last payment of compensation, where any has been paid, whichever shall be later, the right to file such application shall be barred.

In any case of injury caused by exposure to radiological materials or equipment or asbestos, unless application for compensation is filed with the Commission within 25 years after the last day that the employee was employed in an environment of hazardous radiological activity or asbestos, the right to file such application shall be barred.

If in any case except one where the injury was caused by exposure to radiological materials or equipment or asbestos, the accidental injury results in death application for compensation for death may be filed with the Commission within 3 years after the date of death where no compensation has been paid or within 2 years after the date of the last

New matter indicated by italics - deletions by strikeout
payment of compensation where any has been paid, whichever shall be later, but not thereafter.

If an accidental injury caused by exposure to radiological material or equipment or asbestos results in death within 25 years after the last day that the employee was so exposed application for compensation for death may be filed with the Commission within 3 years after the date of death, where no compensation has been paid, or within 2 years after the date of the last payment of compensation where any has been paid, whichever shall be later, but not thereafter.

(e) Any contract or agreement made by any employer or his agent or attorney with any employee or any other beneficiary of any claim under the provisions of this Act within 7 days after the injury shall be presumed to be fraudulent.

(f) Any condition or impairment of health of an employee employed as a firefighter, emergency medical technician (EMT), or paramedic which results directly or indirectly from any bloodborne pathogen, lung or respiratory disease or condition, heart or vascular disease or condition, hypertension, tuberculosis, or cancer resulting in any disability (temporary, permanent, total, or partial) to the employee shall be rebuttably presumed to arise out of and in the course of the employee's firefighting, EMT, or paramedic employment and, further, shall be rebuttably presumed to be causally connected to the hazards or exposures of the employment. This presumption shall also apply to any hernia or hearing loss suffered by an employee employed as a firefighter, EMT, or paramedic. However, this presumption shall not apply to any employee who has been employed as a firefighter, EMT, or paramedic for less than 5 years at the time he or she files an Application for Adjustment of Claim concerning this condition or impairment with the Illinois Workers' Compensation Commission. The rebuttable presumption established under this subsection, however, does not apply to an emergency medical technician (EMT) or paramedic employed by a private employer if the employee spends the preponderance of his or her work time for that employer engaged in medical transfers between medical care facilities or non-emergency medical transfers to or from medical care facilities. The changes made to this subsection by this amendatory Act of the 98th General Assembly shall be narrowly construed. The Finding and Decision of the Illinois Workers' Compensation Commission under only the rebuttable presumption provision of this subsection shall not be admissible or be deemed res judicata in any disability claim under the Illinois Pension

Section 10. The Workers' Occupational Diseases Act is amended by changing Section 1 as follows:

(820 ILCS 310/1) (from Ch. 48, par. 172.36)
Sec. 1. This Act shall be known and may be cited as the "Workers' Occupational Diseases Act".
(a) The term "employer" as used in this Act shall be construed to be:

1. The State and each county, city, town, township, incorporated village, school district, body politic, or municipal corporation therein.
2. Every person, firm, public or private corporation, including hospitals, public service, eleemosynary, religious or charitable corporations or associations, who has any person in service or under any contract for hire, express or implied, oral or written.
3. Where an employer operating under and subject to the provisions of this Act loans an employee to another such employer and such loaned employee sustains a compensable occupational disease in the employment of such borrowing employer and where such borrowing employer does not provide or pay the benefits or payments due such employee, such loaning employer shall be liable to provide or pay all benefits or payments due such employee under this Act and as to such employee the liability of such loaning and borrowing employers shall be joint and several, provided that such loaning employer shall in the absence of agreement to the contrary be entitled to receive from such borrowing employer full reimbursement for all sums paid or incurred pursuant to this paragraph together with reasonable attorneys' fees and expenses in any hearings before the Illinois Workers' Compensation Commission or in any action to secure such reimbursement. Where any benefit is provided or paid by such loaning employer, the employee shall have the duty of rendering reasonable co-operation in any hearings, trials or proceedings in the case, including such proceedings for reimbursement.
Where an employee files an Application for Adjustment of Claim with the Illinois Workers' Compensation Commission alleging that his or her claim is covered by the provisions of the preceding paragraph, and joining both the alleged loaning and borrowing employers, they and each of them, upon written demand by the employee and within 7 days after receipt of such demand, shall have the duty of filing with the Illinois Workers' Compensation Commission a written admission or denial of the allegation that the claim is covered by the provisions of the preceding paragraph and in default of such filing or if any such denial be ultimately determined not to have been bona fide then the provisions of Paragraph K of Section 19 of this Act shall apply.

An employer whose business or enterprise or a substantial part thereof consists of hiring, procuring or furnishing employees to or for other employers operating under and subject to the provisions of this Act for the performance of the work of such other employers and who pays such employees their salary or wage notwithstanding that they are doing the work of such other employers shall be deemed a loaning employer within the meaning and provisions of this Section.

(b) The term "employee" as used in this Act, shall be construed to mean:

1. Every person in the service of the State, county, city, town, township, incorporated village or school district, body politic or municipal corporation therein, whether by election, appointment or contract of hire, express or implied, oral or written, including any official of the State, or of any county, city, town, township, incorporated village, school district, body politic or municipal corporation therein and except any duly appointed member of the fire department in any city whose population exceeds 500,000 according to the last Federal or State census, and except any member of a fire insurance patrol maintained by a board of underwriters in this State. One employed by a contractor who has contracted with the State, or a county, city, town, township, incorporated village, school district, body politic or municipal corporation therein, through its representatives, shall not be considered as an employee of the State, county, city, town, township, incorporated village, school district, body politic or municipal corporation which made the contract.

2. Every person in the service of another under any contract of hire, express or implied, oral or written, who contracts an occupational disease while working in the State of Illinois, or who contracts an occupational disease while working outside of the State of Illinois but where the contract of hire is made within the State of Illinois, and any person whose employment is principally localized within the State of Illinois, regardless of the place where the disease was contracted or place where the contract of hire was made, including aliens, and minors who, for the purpose of this Act, except Section 3 hereof, shall be considered the same and have the same power to contract, receive payments and give quittances therefor, as adult employees. An employee or his or her dependents under this Act who shall have a cause of action by reason of an occupational disease, disablement or death arising out of and in the course of his or her employment may elect or pursue his or her remedy in the State where the disease was contracted, or in the State where the contract of hire is made, or in the State where the employment is principally localized.

(c) "Commission" means the Illinois Workers' Compensation Commission created by the Workers' Compensation Act, approved July 9, 1951, as amended.

(d) In this Act the term "Occupational Disease" means a disease arising out of and in the course of the employment or which has become aggravated and rendered disabling as a result of the exposure of the employment. Such aggravation shall arise out of a risk peculiar to or increased by the employment and not common to the general public.

A disease shall be deemed to arise out of the employment if there is apparent to the rational mind, upon consideration of all the circumstances, a causal connection between the conditions under which the work is performed and the occupational disease. The disease need not to have been foreseen or expected but after its contraction it must appear to have had its origin or aggravation in a risk connected with the employment and to have flowed from that source as a rational consequence.

An employee shall be conclusively deemed to have been exposed to the hazards of an occupational disease when, for any length of time however short, he or she is employed in an occupation or process in which the hazard of the disease exists; provided however, that in a claim of exposure to atomic radiation, the fact of such exposure must be verified by
the records of the central registry of radiation exposure maintained by the Department of Public Health or by some other recognized governmental agency maintaining records of such exposures whenever and to the extent that the records are on file with the Department of Public Health or the agency.

Any injury to or disease or death of an employee arising from the administration of a vaccine, including without limitation smallpox vaccine, to prepare for, or as a response to, a threatened or potential bioterrorist incident to the employee as part of a voluntary inoculation program in connection with the person's employment or in connection with any governmental program or recommendation for the inoculation of workers in the employee's occupation, geographical area, or other category that includes the employee is deemed to arise out of and in the course of the employment for all purposes under this Act. This paragraph added by Public Act 93-829 is declarative of existing law and is not a new enactment.

The employer liable for the compensation in this Act provided shall be the employer in whose employment the employee was last exposed to the hazard of the occupational disease claimed upon regardless of the length of time of such last exposure, except, in cases of silicosis or asbestosis, the only employer liable shall be the last employer in whose employment the employee was last exposed during a period of 60 days or more after the effective date of this Act, to the hazard of such occupational disease, and, in such cases, an exposure during a period of less than 60 days, after the effective date of this Act, shall not be deemed a last exposure. If a miner who is suffering or suffered from pneumoconiosis was employed for 10 years or more in one or more coal mines there shall, effective July 1, 1973 be a rebuttable presumption that his or her pneumoconiosis arose out of such employment.

If a deceased miner was employed for 10 years or more in one or more coal mines and died from a respirable disease there shall, effective July 1, 1973, be a rebuttable presumption that his or her death was due to pneumoconiosis.

Any condition or impairment of health of an employee employed as a firefighter, emergency medical technician (EMT), or paramedic which results directly or indirectly from any bloodborne pathogen, lung or respiratory disease or condition, heart or vascular disease or condition, hypertension, tuberculosis, or cancer resulting in any disability (temporary, permanent, total, or partial) to the employee shall be rebuttably presumed

New matter indicated by italics - deletions by strikeout
to arise out of and in the course of the employee's firefighting, EMT, or paramedic employment and, further, shall be rebuttably presumed to be causally connected to the hazards or exposures of the employment. This presumption shall also apply to any hernia or hearing loss suffered by an employee employed as a firefighter, EMT, or paramedic. However, this presumption shall not apply to any employee who has been employed as a firefighter, EMT, or paramedic for less than 5 years at the time he or she files an Application for Adjustment of Claim concerning this condition or impairment with the Illinois Workers' Compensation Commission. The rebuttable presumption established under this subsection, however, does not apply to an emergency medical technician (EMT) or paramedic employed by a private employer if the employee spends the preponderance of his or her work time for that employer engaged in medical transfers between medical care facilities or non-emergency medical transfers to or from medical care facilities. The changes made to this subsection by this amendatory Act of the 98th General Assembly shall be narrowly construed. The Finding and Decision of the Illinois Workers' Compensation Commission under only the rebuttable presumption provision of this paragraph shall not be admissible or be deemed res judicata in any disability claim under the Illinois Pension Code arising out of the same medical condition; however, this sentence makes no change to the law set forth in Krohe v. City of Bloomington, 204 Ill.2d 392.

The insurance carrier liable shall be the carrier whose policy was in effect covering the employer liable on the last day of the exposure rendering such employer liable in accordance with the provisions of this Act.

(e) "Disablement" means an impairment or partial impairment, temporary or permanent, in the function of the body or any of the members of the body, or the event of becoming disabled from earning full wages at the work in which the employee was engaged when last exposed to the hazards of the occupational disease by the employer from whom he or she claims compensation, or equal wages in other suitable employment; and "disability" means the state of being so incapacitated.

Section 1. Short title. This Act may be cited as the Open Access to Research Articles Act.

Section 5. Purpose. The General Assembly finds and declares the following:

(1) to maximize the social and economic benefits of research to the public, the published research articles produced by faculty at public universities should be made as widely available as possible, wide availability referring both to the depth of availability of a given research article (including immediate availability where practicable, long-term preservation and free public access, and broad accessibility for reuse and further research) and the breadth of research articles made available;

(2) the public support these employees receive and the increased impact that broad public dissemination of research has is an important public purpose;

(3) many public universities have developed, or are developing, the capacity to provide free access over the Internet to such research through institutional repositories or otherwise; and

(4) a substantial portion of the research currently is not freely available over the Internet because the faculty have entered into publication agreements with terms that restrict public access to the fruits of unclassified research conducted by these State employees.

Section 10. Definitions. In this Act, "public university" means the University of Illinois, Southern Illinois University, Chicago State University, Eastern Illinois University, Governors State University, Illinois State University, Northeastern Illinois University, Northern Illinois University, Western Illinois University, or any other public university or college now or hereafter established or authorized by the General Assembly.

Section 15. Task forces.

(a) By January 1, 2014, each public university shall establish an Open Access to Research Task Force. Each task force shall be appointed by the chairperson of the board of trustees for the public university, with the advice and consent of that board. Each task force shall be comprised of voting members and non-voting members. The voting members shall include, without limitation, members representing the university's library, members representing faculty, including, where applicable, a labor organization that represents faculty at the public university, and members
representing university administration. The non-voting members shall include, without limitation, a member representing publishers who publish scholarly journals. In the instance of public universities that have multiple campuses, each campus shall have representation on the task force. The task force shall review current practices and design a proposed policy regarding open access to research articles, based on criteria that are specific to each public university's needs.

(b) Each task force shall (i) consider how the public university can best further the open access goals laid out in this Act, whether by creation of an open access policy for the public university, creation of an open access policy for the State, or some other mechanism; (ii) review how peer institutions and the federal government are addressing issues related to open access and ensure that any institutional or statewide policies are consistent with steps taken by federal grant-making agencies; and (iii) consider academic, legal, ethical, and fiscal ramifications of and questions regarding an open access policy, including but not limited to the following:

(1) the question of how to preserve the academic freedom of scholars to publish as they wish while still providing public access to research;
(2) the design of a copyright policy that meets the needs of the public as well as of authors and publishers;
(3) the design of reporting, oversight, and enforcement mechanisms;
(4) the cost of maintaining and, where applicable, creating institutional repositories;
(5) the potential for collaboration between public universities regarding the use and maintenance of repositories;
(6) the potential use of existing scholarly repositories;
(7) the fiscal feasibility and benefits and drawbacks to researchers of institutional support for Gold open access fees (where publication costs are covered by author fees rather than by subscription or advertising fees);
(8) the differences between academic and publishing practices in different fields and the manner in which these differences should be reflected in an open access policy;
(9) the determination of which version of a research article should be made publicly accessible; and

New matter indicated by italics - deletions by strikeout
(10) the determination of which researchers and which research ought to be covered by an open access policy, including, but not limited to, the question of whether a policy should cover theses and dissertations written by students at public institutions; research conducted by employees of State agencies; research supported by State grants, but not conducted by employees of public institutions or State agencies; research materials digitized using State funding; data collected by covered researchers; research conducted by faculty at institutions that receive Monetary Award Program grants under Section 35 of the Higher Education Student Assistance Act; research conducted by part-time, adjunct, or other non-permanent faculty; research at least one of whose co-authors is covered by the policy; research progress reports presented at professional meetings or conferences; laboratory notes, preliminary data analyses, notes of the author, phone logs, or other information used to produce final manuscripts; or classified research, research resulting in works that generate revenue or royalties for authors (such as books), or patentable discoveries.

(c) Each task force shall conduct open meetings with advance notice and shall allow individuals to address the task force regarding open access issues. Notwithstanding any provisions of the Open Meetings Act and subject to feasibility, members of the task force and interested parties may participate by phone or video conference.

(d) On or before January 1, 2015, each task force shall adopt a report setting forth its findings and recommendations. These recommendations shall include a detailed description of any open access policy the task force recommends that the public university or State adopt, as well as, in the case of the public university, a plan for implementation. This report must be approved by a majority of the appointed task force voting members. A task force shall also issue minority reports at the request of any member, including a non-voting member. Each report shall be submitted to the board of trustees of the respective public university, the Board of Higher Education, both chambers of the General Assembly, and the Governor. The Board of Higher Education shall publish, on its Internet website, a list of all public universities subject to this Act. The list shall indicate which public universities have submitted the report required pursuant to this subsection (d).

Sec. 22.54. Beneficial Use Determinations. The purpose of this Section is to allow the Agency to determine that a material otherwise required to be managed as waste may be managed as non-waste if that material is used beneficially and in a manner that is protective of human health and the environment.

(a) To the extent allowed by federal law, the Agency may, upon the request of an applicant, make a written determination that a material is used beneficially (rather than discarded) and, therefore, not a waste if the applicant demonstrates all of the following:

(1) The chemical and physical properties of the material are comparable to similar commercially available materials.

(2) The market demand for the material is such that all of the following requirements are met:
   (A) The material will be used within a reasonable time.
   (B) The material's storage prior to use will be minimized.
   (C) The material will not be abandoned.

(3) The material is legitimately beneficially used. For the purposes of this item (3) of subsection (a) of this Section, a material is "legitimately beneficially used" if the applicant demonstrates all of the following:
   (A) The material is managed separately from waste, as a valuable material, and in a manner that maintains its beneficial usefulness, including, but not limited to, storing...
in a manner that minimizes the material's loss and maintains its beneficial usefulness.

(B) The material is used as an effective substitute for a similar commercially available material. For the purposes of this paragraph (B) of item (3) of subsection (a) of this Section, a material is "used as an effective substitute for a commercially available material" if the applicant demonstrates one or more of the following:

(i) The material is used as a valuable raw material or ingredient to produce a legitimate end product.

(ii) The material is used directly as a legitimate end product in place of a similar commercially available product.

(iii) The material replaces a catalyst or carrier to produce a legitimate end product.

The applicant's demonstration under this paragraph (B) of item (3) of subsection (a) of this Section must include, but is not limited to, a description of the use of the material, a description of the use of the legitimate end product, and a demonstration that the use of the material is comparable to the use of similar commercially available products.

(C) The applicant demonstrates all of the following:

(i) The material is used under paragraph (B) of item (3) of subsection (a) of this Section within a reasonable time.

(ii) The material's storage prior to use is minimized.

(iii) The material is not abandoned.

(4) The management and use of the material will not cause, threaten, or allow the release of any contaminant into the environment, except as authorized by law.

(5) The management and use of the material otherwise protects human health and safety and the environment.

(b) Applications for beneficial use determinations must be submitted on forms and in a format prescribed by the Agency. Agency approval, approval with conditions, or disapproval of an application for a beneficial use determination must be in writing. Approvals with conditions
and disapprovals of applications for a beneficial use determination must include the Agency's reasons for the conditions or disapproval, and they are subject to review under Section 40 of this Act.

(c) Beneficial use determinations shall be effective for a period approved by the Agency, but that period may not exceed 5 years. Material that is beneficially used (i) in accordance with a beneficial use determination, (ii) during the effective period of the beneficial use determination, and (iii) by the recipient of a beneficial use determination shall maintain its non-waste status after the effective period of the beneficial use determination unless its use no longer complies with the terms of the beneficial use determination or the material otherwise becomes waste.

(d) No recipient of a beneficial use determination shall manage or use the material that is the subject of the determination in violation of the determination or any conditions in the determination, unless the material is managed as waste.

(e) A beneficial use determination shall terminate by operation of law if, due to a change in law, it conflicts with the law; however, the recipient of the determination may apply for a new beneficial use determination that is consistent with the law as amended.

(f) This Section does not apply to hazardous waste, coal combustion waste, coal combustion by-product, sludge applied to the land, potentially infectious medical waste, or used oil.

(g) This Section does not apply to material that is burned for energy recovery, that is used to produce a fuel, or that is otherwise contained in a fuel.

(h) This Section does not apply to waste from the steel and foundry industries that is (i) classified as beneficially usable waste under Board rules and (ii) beneficially used in accordance with Board rules governing the management of beneficially usable waste from the steel and foundry industries. This Section does apply to other beneficial uses of waste from the steel and foundry industries, including, but not limited to, waste that is classified as beneficially usable waste but not used in accordance with the Board's rules governing the management of beneficially usable waste from the steel and foundry industries. No person shall use iron slags, steelmaking slags, or foundry sands for land reclamation purposes unless they have obtained a beneficial use determination for such use under this Section.
(i) For purposes of this Section, the term "commercially available material" means virgin material that (i) meets industry standards for a specific use and (ii) is normally sold for such use. For purposes of this Section, the term "commercially available product" means a product made of virgin material that (i) meets industry standards for a specific use and (ii) is normally sold for such use.

(j) Before issuing a beneficial use determination for the beneficial use of asphalt shingles, the Agency shall conduct an evaluation of the applicant's prior experience in asphalt shingle recycling operations. The Agency may deny such a beneficial use determination if the applicant, or any employee or officer of the applicant, has a history of any one or more of the following related to the operation of asphalt shingle recycling operation facilities or sites:

obligations and (iii) no more than one-third of the public agency’s funds may be invested in short term obligations of corporations; or

(5) in money market mutual funds registered under the Investment Company Act of 1940, provided that the portfolio of any such money market mutual fund is limited to obligations described in paragraph (1) or (2) of this subsection and to agreements to repurchase such obligations.

(a-1) In addition to any other investments authorized under this Act, a municipality, or a county, or other governmental unit may invest its public funds in interest bearing bonds of any county, township, city, village, incorporated town, municipal corporation, or school district, of the State of Illinois, of any other state, or of any political subdivision or agency of the State of Illinois or of any other state, whether the interest earned thereon is taxable or tax-exempt under federal law. The bonds shall be registered in the name of the municipality, or county, or other governmental unit, or held under a custodial agreement at a bank. The bonds shall be rated at the time of purchase within the 4 highest general classifications established by a rating service of nationally recognized expertise in rating bonds of states and their political subdivisions.

(b) Investments may be made only in banks which are insured by the Federal Deposit Insurance Corporation. Any public agency may invest any public funds in short term discount obligations of the Federal National Mortgage Association or in shares or other forms of securities legally issuable by savings banks or savings and loan associations incorporated under the laws of this State or any other state or under the laws of the United States. Investments may be made only in those savings banks or savings and loan associations the shares, or investment certificates of which are insured by the Federal Deposit Insurance Corporation. Any such securities may be purchased at the offering or market price thereof at the time of such purchase. All such securities so purchased shall mature or be redeemable on a date or dates prior to the time when, in the judgment of such governing authority, the public funds so invested will be required for expenditure by such public agency or its governing authority. The expressed judgment of any such governing authority as to the time when any public funds will be required for expenditure or be redeemable is final and conclusive. Any public agency may invest any public funds in dividend-bearing share accounts, share certificate accounts or class of share accounts of a credit union chartered under the laws of this State or the laws of the United States; provided, however, the principal office of
any such credit union must be located within the State of Illinois. Investments may be made only in those credit unions the accounts of which are insured by applicable law.

(c) For purposes of this Section, the term "agencies of the United States of America" includes: (i) the federal land banks, federal intermediate credit banks, banks for cooperative, federal farm credit banks, or any other entity authorized to issue debt obligations under the Farm Credit Act of 1971 (12 U.S.C. 2001 et seq.) and Acts amendatory thereto; (ii) the federal home loan banks and the federal home loan mortgage corporation; and (iii) any other agency created by Act of Congress.

(d) Except for pecuniary interests permitted under subsection (f) of Section 3-14-4 of the Illinois Municipal Code or under Section 3.2 of the Public Officer Prohibited Practices Act, no person acting as treasurer or financial officer or who is employed in any similar capacity by or for a public agency may do any of the following:

(1) have any interest, directly or indirectly, in any investments in which the agency is authorized to invest.

(2) have any interest, directly or indirectly, in the sellers, sponsors, or managers of those investments.

(3) receive, in any manner, compensation of any kind from any investments in which the agency is authorized to invest.

(e) Any public agency may also invest any public funds in a Public Treasurers' Investment Pool created under Section 17 of the State Treasurer Act. Any public agency may also invest any public funds in a fund managed, operated, and administered by a bank, subsidiary of a bank, or subsidiary of a bank holding company or use the services of such an entity to hold and invest or advise regarding the investment of any public funds.

(f) To the extent a public agency has custody of funds not owned by it or another public agency and does not otherwise have authority to invest such funds, the public agency may invest such funds as if they were its own. Such funds must be released to the appropriate person at the earliest reasonable time, but in no case exceeding 31 days, after the private person becomes entitled to the receipt of them. All earnings accruing on any investments or deposits made pursuant to the provisions of this Act shall be credited to the public agency by or for which such investments or deposits were made, except as provided otherwise in Section 4.1 of the State Finance Act or the Local Governmental Tax Collection Act, and

except where by specific statutory provisions such earnings are directed to be credited to and paid to a particular fund.

(g) A public agency may purchase or invest in repurchase agreements of government securities having the meaning set out in the Government Securities Act of 1986, as now or hereafter amended or succeeded, subject to the provisions of said Act and the regulations issued thereunder. The government securities, unless registered or inscribed in the name of the public agency, shall be purchased through banks or trust companies authorized to do business in the State of Illinois.

(h) Except for repurchase agreements of government securities which are subject to the Government Securities Act of 1986, as now or hereafter amended or succeeded, no public agency may purchase or invest in instruments which constitute repurchase agreements, and no financial institution may enter into such an agreement with or on behalf of any public agency unless the instrument and the transaction meet the following requirements:

1. The securities, unless registered or inscribed in the name of the public agency, are purchased through banks or trust companies authorized to do business in the State of Illinois.
2. An authorized public officer after ascertaining which firm will give the most favorable rate of interest, directs the custodial bank to "purchase" specified securities from a designated institution. The "custodial bank" is the bank or trust company, or agency of government, which acts for the public agency in connection with repurchase agreements involving the investment of funds by the public agency. The State Treasurer may act as custodial bank for public agencies executing repurchase agreements. To the extent the Treasurer acts in this capacity, he is hereby authorized to pass through to such public agencies any charges assessed by the Federal Reserve Bank.
3. A custodial bank must be a member bank of the Federal Reserve System or maintain accounts with member banks. All transfers of book-entry securities must be accomplished on a Reserve Bank's computer records through a member bank of the Federal Reserve System. These securities must be credited to the public agency on the records of the custodial bank and the transaction must be confirmed in writing to the public agency by the custodial bank.

(4) Trading partners shall be limited to banks or trust companies authorized to do business in the State of Illinois or to registered primary reporting dealers.

(5) The security interest must be perfected.

(6) The public agency enters into a written master repurchase agreement which outlines the basic responsibilities and liabilities of both buyer and seller.

(7) Agreements shall be for periods of 330 days or less.

(8) The authorized public officer of the public agency informs the custodial bank in writing of the maturity details of the repurchase agreement.

(9) The custodial bank must take delivery of and maintain the securities in its custody for the account of the public agency and confirm the transaction in writing to the public agency. The Custodial Undertaking shall provide that the custodian takes possession of the securities exclusively for the public agency; that the securities are free of any claims against the trading partner; and any claims by the custodian are subordinate to the public agency's claims to rights to those securities.

(10) The obligations purchased by a public agency may only be sold or presented for redemption or payment by the fiscal agent bank or trust company holding the obligations upon the written instruction of the public agency or officer authorized to make such investments.

(11) The custodial bank shall be liable to the public agency for any monetary loss suffered by the public agency due to the failure of the custodial bank to take and maintain possession of such securities.

(i) Notwithstanding the foregoing restrictions on investment in instruments constituting repurchase agreements the Illinois Housing Development Authority may invest in, and any financial institution with capital of at least $250,000,000 may act as custodian for, instruments that constitute repurchase agreements, provided that the Illinois Housing Development Authority, in making each such investment, complies with the safety and soundness guidelines for engaging in repurchase transactions applicable to federally insured banks, savings banks, savings and loan associations or other depository institutions as set forth in the Federal Financial Institutions Examination Council Policy Statement Regarding Repurchase Agreements and any regulations issued, or which

may be issued by the supervisory federal authority pertaining thereto and any amendments thereto; provided further that the securities shall be either (i) direct general obligations of, or obligations the payment of the principal of and/or interest on which are unconditionally guaranteed by, the United States of America or (ii) any obligations of any agency, corporation or subsidiary thereof controlled or supervised by and acting as an instrumentality of the United States Government pursuant to authority granted by the Congress of the United States and provided further that the security interest must be perfected by either the Illinois Housing Development Authority, its custodian or its agent receiving possession of the securities either physically or transferred through a nationally recognized book entry system.

(j) In addition to all other investments authorized under this Section, a community college district may invest public funds in any mutual funds that invest primarily in corporate investment grade or global government short term bonds. Purchases of mutual funds that invest primarily in global government short term bonds shall be limited to funds with assets of at least $100 million and that are rated at the time of purchase as one of the 10 highest classifications established by a recognized rating service. The investments shall be subject to approval by the local community college board of trustees. Each community college board of trustees shall develop a policy regarding the percentage of the college's investment portfolio that can be invested in such funds.

Nothing in this Section shall be construed to authorize an intergovernmental risk management entity to accept the deposit of public funds except for risk management purposes.

Sec. 3.1-35-50. Treasurer; deposit of funds.

(a) The municipal treasurer may be required to keep all funds and money in the treasurer's custody belonging to the municipality in places of deposit designated by ordinance. When requested by the municipal treasurer, the corporate authorities shall designate one or more banks or savings and loan associations in which may be kept the funds and money of the municipality in the custody of the treasurer. When a bank or savings and loan association has been designated as a depository, it shall continue as a depository until 10 days have elapsed after a new depository is

designated and has qualified by furnishing the statements of resources and liabilities as required by this Section. When a new depository is designated, the corporate authorities shall notify the sureties of the municipal treasurer of that fact in writing at least 5 days before the transfer of funds. The treasurer shall be discharged from responsibility for all funds or money that the treasurer deposits in a designated bank or savings and loan association while the funds and money are so deposited.

(b) The municipal treasurer may require any bank or savings and loan association to deposit with the treasurer securities or mortgages that have a market value at least equal to the amount of the funds or moneys of the municipality deposited with the bank or savings and loan association that exceeds the insurance limitation provided by the Federal Deposit Insurance Corporation or the Federal Savings and Loan Insurance Corporation.

(c) The municipal treasurer may enter into agreements of any definite or indefinite term regarding the deposit, redeposit, investment, reinvestment, or withdrawal of municipal funds.

(d) Notwithstanding any other provision of this Act or any other law, each official custodian of municipal funds, including, without limitation, each municipal treasurer or finance director or each person properly designated as the official custodian for municipal funds, including, without limitation, each person properly designated as official custodian for funds held by an intergovernmental risk management entity, self-insurance pool, waste management agency, or other intergovernmental entity composed solely of participating municipalities, is permitted to:

(i) combine moneys from more than one fund of a single municipality, risk management entity, self-insurance pool, or other intergovernmental entity composed solely of participating municipalities for the purpose of investing such moneys;

(ii) join with any other official custodians or treasurers of municipal, intergovernmental risk management entity, self-insurance pool, waste management agency, or other intergovernmental entity composed solely of participating municipalities for the purpose of jointly investing the funds of which the official custodians or treasurers have custody; and

(iii) enter into agreements of any definite or indefinite term regarding the redeposit, investment, or withdrawal of municipal, risk management entity, self-insurance agency, waste management agency, or other intergovernmental entity funds.

When funds are combined for investment purposes as authorized in this Section, the moneys combined for those purposes shall be accounted for separately in all respects, and the earnings from such investment shall be separately and individually computed, recorded, and credited to the fund, municipality, intergovernmental risk management entity, self-insurance pool, waste management agency, or other intergovernmental entity, as the case may be, for which the investment was acquired.

Joint investments shall be made only in investments authorized by law for investment of municipal funds. The grant of authority contained in this subsection is cumulative, supplemental, and in addition to all other power or authority granted by any other law and shall not be construed as a limitation of any power and authority otherwise granted.

(e) No bank or savings and loan association shall receive public funds as permitted by this Section unless it has complied with the requirements established by Section 6 of the Public Funds Investment Act.

(f) In addition to any other investments or deposits authorized under this Code, municipalities are authorized to invest the funds and public moneys in the custody of the municipal treasurer in accordance with the Public Funds Investment Act.

PUBLIC ACT 98-0298
(Senate Bill No. 1951)

AN ACT concerning revenue.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Service Use Tax Act is amended by changing Section 9 as follows:

(35 ILCS 110/9) (from Ch. 120, par. 439.39)

Sec. 9. Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the

serviceman for expenses incurred in collecting the tax, preparing and filing returns, remitting the tax and supplying data to the Department on request. A serviceman need not remit that part of any tax collected by him to the extent that he is required to pay and does pay the tax imposed by the Service Occupation Tax Act with respect to his sale of service involving the incidental transfer by him of the same property.

Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable Rules and Regulations to be promulgated by the Department. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in business as a serviceman in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a

taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

If the serviceman is otherwise required to file a monthly return and if the serviceman's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

New matter indicated by italics - deletions by strikeout
If the serviceman is otherwise required to file a monthly or quarterly return and if the serviceman's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a serviceman may file his return, in the case of any serviceman who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such serviceman shall file a final return under this Act with the Department not more than 1 month after discontinuing such business.

Where a serviceman collects the tax with respect to the selling price of property which he sells and the purchaser thereafter returns such property and the serviceman refunds the selling price thereof to the purchaser, such serviceman shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the serviceman may deduct the amount of the tax so refunded by him to the purchaser from any other Service Use Tax, Service Occupation Tax, retailers' occupation tax or use tax which such serviceman may be required to pay or remit to the Department, as shown by such return, provided that the amount of the tax to be deducted shall previously have been remitted to the Department by such serviceman. If the serviceman shall not previously have remitted the amount of such tax to the Department, he shall be entitled to no deduction hereunder upon refunding such tax to the purchaser.

Any serviceman filing a return hereunder shall also include the total tax upon the selling price of tangible personal property purchased for use by him as an incident to a sale of service, and such serviceman shall remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable servicemen, who are required to file returns hereunder and also under the Service Occupation Tax Act, to furnish all the return information required by both Acts on the one form.

Where the serviceman has more than one business registered with the Department under separate registration hereunder, such serviceman shall not file each return that is due as a single return covering all such

registered businesses, but shall file separate returns for each such
registered business.

Beginning January 1, 1990, each month the Department shall pay
into the State and Local Tax Reform Fund, a special fund in the State
Treasury, the net revenue realized for the preceding month from the 1%
tax on sales of food for human consumption which is to be consumed off
the premises where it is sold (other than alcoholic beverages, soft drinks
and food which has been prepared for immediate consumption) and
prescription and nonprescription medicines, drugs, medical appliances and
insulin, urine testing materials, syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay
into the State and Local Tax Reform Fund 20% of the net revenue
realized for the preceding month from the 6.25% general rate on transfers
of tangible personal property, other than tangible personal property which
is purchased outside Illinois at retail from a retailer and which is titled or
registered by an agency of this State's government.

Beginning August 1, 2000, each month the Department shall pay
into the State and Local Tax Reform Fund 100% of the net revenue
realized for the preceding month from the 1.25% rate on the selling price
of motor fuel and gasohol.

Beginning October 1, 2009, each month the Department shall pay
into the Capital Projects Fund an amount that is equal to an amount
estimated by the Department to represent 80% of the net revenue realized
for the preceding month from the sale of candy, grooming and hygiene
products, and soft drinks that had been taxed at a rate of 1% prior to
September 1, 2009 but that is now taxed at 6.25%.

Of the remainder of the moneys received by the Department
pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois
Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989,
3.8% thereof shall be paid into the Build Illinois Fund; provided, however,
that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as
the case may be, of the moneys received by the Department and required to
be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers'
Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the
Service Use Tax Act, and Section 9 of the Service Occupation Tax Act,
such Acts being hereinafter called the "Tax Acts" and such aggregate of
2.2% or 3.8%, as the case may be, of moneys being hereinafter called the
"Tax Act Amount", and (2) the amount transferred to the Build Illinois
Fund from the State and Local Sales Tax Reform Fund shall be less than

New matter indicated by italics - deletions by strikeout
the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant
to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of the sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the General Revenue Fund of the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

tax was collectible, less a discount of 2.1% prior to January 1, 1990, and
1.75% on and after January 1, 1990, or $5 per calendar year, whichever is
greater, which is allowed to reimburse the serviceman for expenses
incurred in collecting the tax, keeping records, preparing and filing returns,
remitting the tax and supplying data to the Department on request.

Where such tangible personal property is sold under a conditional
sales contract, or under any other form of sale wherein the payment of the
principal sum, or a part thereof, is extended beyond the close of the period
for which the return is filed, the serviceman, in collecting the tax may
collect, for each tax return period, only the tax applicable to the part of the
selling price actually received during such tax return period.

Except as provided hereinafter in this Section, on or before the
twentieth day of each calendar month, such serviceman shall file a return
for the preceding calendar month in accordance with reasonable rules and
regulations to be promulgated by the Department of Revenue. Such return
shall be filed on a form prescribed by the Department and shall contain
such information as the Department may reasonably require.

The Department may require returns to be filed on a quarterly
basis. If so required, a return for each calendar quarter shall be filed on or
before the twentieth day of the calendar month following the end of such
calendar quarter. The taxpayer shall also file a return with the Department
for each of the first two months of each calendar quarter, on or before the
twentieth day of the following calendar month, stating:
1. The name of the seller;
2. The address of the principal place of business from
   which he engages in business as a serviceman in this State;
3. The total amount of taxable receipts received by him
during the preceding calendar month, including receipts from
   charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department
   may require.

If a taxpayer fails to sign a return within 30 days after the proper
notice and demand for signature by the Department, the return shall be
considered valid and any amount shown to be due on the return shall be
deemed assessed.

Prior to October 1, 2003, and on and after September 1, 2004 a serviceman may accept a Manufacturer's Purchase Credit certification from a purchaser in satisfaction of Service Use Tax as provided in Section 3-70 of the Service Use Tax Act if the purchaser provides the appropriate documentation as required by Section 3-70 of the Service Use Tax Act. A Manufacturer's Purchase Credit certification, accepted prior to October 1, 2003 or on or after September 1, 2004 by a serviceman as provided in Section 3-70 of the Service Use Tax Act, may be used by that serviceman to satisfy Service Occupation Tax liability in the amount claimed in the certification, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase. A Manufacturer's Purchase Credit reported on any original or amended return filed under this Act after October 20, 2003 for reporting periods prior to September 1, 2004 shall be disallowed. Manufacturer's Purchase Credit reported on annual returns due on or after January 1, 2005 will be disallowed for periods prior to September 1, 2004. No Manufacturer's Purchase Credit may be used after September 30, 2003 through August 31, 2004 to satisfy any tax liability imposed under this Act, including any audit liability.

If the serviceman's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the serviceman's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a serviceman may file his return, in the case of any serviceman who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such serviceman shall file a final return under this Act with the Department not more than 1 month after discontinuing such business.

Where the serviceman has more than one business registered with the Department under separate registrations hereunder, such serviceman shall file separate returns for each registered business.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailer's Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailer's Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any

The Department may, upon separate written notice to a taxpayer, require the taxpayer to prepare and file with the Department on a form prescribed by the Department within not less than 60 days after receipt of the notice an annual information return for the tax year specified in the notice. Such annual return to the Department shall include a statement of gross receipts as shown by the taxpayer's last Federal income tax return. If the total receipts of the business as reported in the Federal income tax return do not agree with the gross receipts reported to the Department of Revenue for the same period, the taxpayer shall attach to his annual return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The taxpayer's annual return to the Department shall also disclose the cost of goods sold by the taxpayer during the year covered by such return, opening and closing inventories of such goods for such year, cost of goods used from stock or taken from stock and given away by the taxpayer during such year, pay roll information of the taxpayer's business during such year and any additional reasonable information which the Department deems would be helpful in determining the accuracy of the monthly, quarterly or annual returns filed by such taxpayer as hereinbefore provided for in this Section.

If the annual information return required by this Section is not filed when and as required, the taxpayer shall be liable as follows:

(i) Until January 1, 1994, the taxpayer shall be liable for a penalty equal to 1/6 of 1% of the tax due from such taxpayer under this Act during the period to be covered by the annual return for each month or fraction of a month until such return is filed as required, the penalty to be assessed and collected in the same manner as any other penalty provided for in this Act.

(ii) On and after January 1, 1994, the taxpayer shall be liable for a penalty as described in Section 3-4 of the Uniform Penalty and Interest Act.

The chief executive officer, proprietor, owner or highest ranking manager shall sign the annual return to certify the accuracy of the information contained therein. Any person who willfully signs the annual return containing false or inaccurate information shall be guilty of perjury and punished accordingly. The annual return form prescribed by the Department shall include a warning that the person signing the return may be liable for perjury.

The foregoing portion of this Section concerning the filing of an annual information return shall not apply to a serviceman who is not required to file an income tax return with the United States Government.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, it shall be permissible for manufacturers, importers and wholesalers whose products are sold by numerous servicemen in Illinois, and who wish to do so, to assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the servicemen who are affected do not make written objection to the Department to this arrangement.

Section 15. The Local Mass Transit District Act is amended by changing Section 5.01 as follows:

(70 ILCS 3610/5.01) (from Ch. 111 2/3, par. 355.01)

Sec. 5.01. Metro East Mass Transit District; use and occupation taxes.

(a) The Board of Trustees of any Metro East Mass Transit District may, by ordinance adopted with the concurrence of two-thirds of the then trustees, impose throughout the District any or all of the taxes and fees provided in this Section. All taxes and fees imposed under this Section shall be used only for public mass transportation systems, and the amount

used to provide mass transit service to unserved areas of the District shall be in the same proportion to the total proceeds as the number of persons residing in the unserved areas is to the total population of the District. Except as otherwise provided in this Act, taxes imposed under this Section and civil penalties imposed incident thereto shall be collected and enforced by the State Department of Revenue. The Department shall have the power to administer and enforce the taxes and to determine all rights for refunds for erroneous payments of the taxes.

(b) The Board may impose a Metro East Mass Transit District Retailers' Occupation Tax upon all persons engaged in the business of selling tangible personal property at retail in the district at a rate of 1/4 of 1%, or as authorized under subsection (d-5) of this Section, of the gross receipts from the sales made in the course of such business within the district. The tax imposed under this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this Section, the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1a-1, 1c, 1d, 1e, 1f, 1i, 1j, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 12, 13, and 14 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the Section may reimburse themselves for their seller's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State taxes that sellers are required to collect under the Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum,
the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metro East Mass Transit District tax fund established under paragraph (h) of this Section.

If a tax is imposed under this subsection (b), a tax shall also be imposed under subsections (c) and (d) of this Section.

For the purpose of determining whether a tax authorized under this Section is applicable, a retail sale, by a producer of coal or other mineral mined in Illinois, is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the Federal Constitution as a sale in interstate or foreign commerce.

No tax shall be imposed or collected under this subsection on the sale of a motor vehicle in this State to a resident of another state if that motor vehicle will not be titled in this State.

Nothing in this Section shall be construed to authorize the Metro East Mass Transit District to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

(c) If a tax has been imposed under subsection (b), a Metro East Mass Transit District Service Occupation Tax shall also be imposed upon all persons engaged, in the district, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the District, either in the form of tangible personal property or in the form of real estate as an incident to a sale of service. The tax rate shall be 1/4%, or as authorized under subsection (d-5) of this Section, of the selling price of tangible personal property so transferred within the district. The tax imposed under this paragraph and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this paragraph; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities,
powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, definitions and employ the same modes of procedure as are prescribed in Sections 1a-1, 2 (except that the reference to State in the definition of supplier maintaining a place of business in this State shall mean the Authority), 2a, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the Authority), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the District), 9 (except as to the disposition of taxes and penalties collected, and except that the returned merchandise credit for this tax may not be taken against any State tax), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the District), the first paragraph of Section 15, 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this paragraph may reimburse themselves for their serviceman's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metro East Mass Transit District tax fund established under paragraph (h) of this Section.

Nothing in this paragraph shall be construed to authorize the District to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by the State.

(d) If a tax has been imposed under subsection (b), a Metro East Mass Transit District Use Tax shall also be imposed upon the privilege of using, in the district, any item of tangible personal property that is purchased outside the district at retail from a retailer, and that is titled or registered with an agency of this State's government, at a rate of 1/4%, or

as authorized under subsection (d-5) of this Section, of the selling price of the tangible personal property within the District, as "selling price" is defined in the Use Tax Act. The tax shall be collected from persons whose Illinois address for titling or registration purposes is given as being in the District. The tax shall be collected by the Department of Revenue for the Metro East Mass Transit District. The tax must be paid to the State, or an exemption determination must be obtained from the Department of Revenue, before the title or certificate of registration for the property may be issued. The tax or proof of exemption may be transmitted to the Department by way of the State agency with which, or the State officer with whom, the tangible personal property must be titled or registered if the Department and the State agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

The Department shall have full power to administer and enforce this paragraph; to collect all taxes, penalties and interest due hereunder; to dispose of taxes, penalties and interest so collected in the manner hereinafter provided; and to determine all rights to credit memoranda or refunds arising on account of the erroneous payment of tax, penalty or interest hereunder. In the administration of, and compliance with, this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 2 (except the definition of "retailer maintaining a place of business in this State"), 3 through 3-80 (except provisions pertaining to the State rate of tax, and except provisions concerning collection or refunding of the tax by retailers), 4, 11, 12, 12a, 14, 15, 19 (except the portions pertaining to claims by retailers and except the last paragraph concerning refunds), 20, 21 and 22 of the Use Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, that are not inconsistent with this paragraph, as fully as if those provisions were set forth herein.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall
be paid by the State Treasurer out of the Metro East Mass Transit District tax fund established under paragraph (h) of this Section.

(d-5) (A) The county board of any county participating in the Metro East Mass Transit District may authorize, by ordinance, a referendum on the question of whether the tax rates for the Metro East Mass Transit District Retailers' Occupation Tax, the Metro East Mass Transit District Service Occupation Tax, and the Metro East Mass Transit District Use Tax for the District should be increased from 0.25% to 0.75%. Upon adopting the ordinance, the county board shall certify the proposition to the proper election officials who shall submit the proposition to the voters of the District at the next election, in accordance with the general election law.

The proposition shall be in substantially the following form:

Shall the tax rates for the Metro East Mass Transit District Retailers' Occupation Tax, the Metro East Mass Transit District Service Occupation Tax, and the Metro East Mass Transit District Use Tax be increased from 0.25% to 0.75%?

(B) Two thousand five hundred electors of any Metro East Mass Transit District may petition the Chief Judge of the Circuit Court, or any judge of that Circuit designated by the Chief Judge, in which that District is located to cause to be submitted to a vote of the electors the question whether the tax rates for the Metro East Mass Transit District Retailers' Occupation Tax, the Metro East Mass Transit District Service Occupation Tax, and the Metro East Mass Transit District Use Tax for the District should be increased from 0.25% to 0.75%.

Upon submission of such petition the court shall set a date not less than 10 nor more than 30 days thereafter for a hearing on the sufficiency thereof. Notice of the filing of such petition and of such date shall be given in writing to the District and the County Clerk at least 7 days before the date of such hearing.

If such petition is found sufficient, the court shall enter an order to submit that proposition at the next election, in accordance with general election law.

The form of the petition shall be in substantially the following form: To the Circuit Court of the County of (name of county):

The ordinance shall be adopted, and a certified copy of that ordinance shall be filed with the Department, on or before October 1, whereupon the Department shall proceed to administer and enforce the rate increase against tangible personal property titled or registered with an agency of this State's government as of the following January 1. After December 31, 1995, any reimposed rate increase in effect under this subsection shall no longer apply to tangible personal property

(d-6) If the Board of Trustees of any Metro East Mass Transit District has imposed a rate increase under subsection (d-5) and filed an ordinance with the Department of Revenue excluding titled property from the higher rate, then that Board may, by ordinance adopted with the concurrence of two-thirds of the then trustees, impose throughout the District a fee. The fee on the excluded property shall not exceed $20 per retail transaction or an amount equal to the amount of tax excluded, whichever is less, on tangible personal property that is titled or registered with an agency of this State's government. Beginning July 1, 2004, the fee shall apply only to titled property that is subject to either the Metro East Mass Transit District Retailers' Occupation Tax or the Metro East Mass Transit District Service Occupation Tax. No fee shall be imposed or collected under this subsection on the sale of a motor vehicle in this State to a resident of another state if that motor vehicle will not be titled in this State.

(d-7) Until June 30, 2004, if a fee has been imposed under subsection (d-6), a fee shall also be imposed upon the privilege of using, in the district, any item of tangible personal property that is titled or registered with any agency of this State's government, in an amount equal to the amount of the fee imposed under subsection (d-6).

(f) (Blank).

(g) Any ordinance imposing or discontinuing any tax under this Section shall be adopted and a certified copy thereof filed with the Department on or before June 1, whereupon the Department of Revenue shall proceed to administer and enforce this Section on behalf of the Metro East Mass Transit District as of September 1 next following such adoption and filing. Beginning January 1, 1992, an ordinance or resolution imposing or discontinuing the tax hereunder shall be adopted and a certified copy thereof filed with the Department on or before the first day of July, whereupon the Department shall proceed to administer and enforce this Section as of the first day of October next following such adoption and filing. AN ACT concerning local government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Public Building Commission Act is amended by changing Sections 2.5, 3, 20, 20.3, 20.4, 20.5, 20.10, 20.15, 20.20, and 20.25 as follows:

(50 ILCS 20/2.5)

(Section scheduled to be repealed on June 1, 2013)

Sec. 2.5. Legislative policy; conditions for use of design-build. It is the intent of the General Assembly that a commission be allowed to use the design-build delivery method for public projects if it is shown to be in the commission's best interest for that particular project.

It shall be the policy of the commission in the procurement of design-build services to publicly announce all requirements for design-build services and to procure these services on the basis of demonstrated competence and qualifications and with due regard for the principles of competitive selection.

The commission shall, prior to issuing requests for proposals, promulgate and publish procedures for the solicitation and award of contracts pursuant to this Act.

The commission shall, for each public project or projects permitted under this Act, make a written determination, including a description as to the particular advantages of the design-build procurement method, that it is in the best interests of the commission to enter into a design-build contract for the project or projects.
In making that determination, the following factors shall be considered:

(1) The probability that the design-build procurement method will be in the best interests of the commission by providing a material savings of time or cost over the design-bid-build or other delivery system.

(2) The type and size of the project and its suitability to the design-build procurement method.

(3) The ability of the design-build entity to define and provide comprehensive scope and performance criteria for the project.

The commission shall require the design-build entity to comply with the utilization goals established by the corporate authorities of the commission for minority and women business enterprises and to comply with Section 2-105 of the Illinois Human Rights Act.

This Section is repealed on June 1, 2018; provided that any design-build contracts entered into before such date or any procurement of a project under this Act commenced before such date, and the contracts resulting from those procurements, shall remain effective 5 years after the effective date of this amendatory Act of the 95th General Assembly.

Sec. 20. Contracts let to lowest responsible bidder; competitive bidding; advertisement for bids; design-build contracts.

(a) All contracts to be let for the construction, alteration, improvement, repair, enlargement, demolition or removal of any buildings or other facilities, or for materials or supplies to be furnished, where the amount thereof is in excess of $20,000, shall be awarded as a design-build contract in accordance with Sections 20.3 through 20.20 or shall be let to the lowest responsible bidder, or bidders, on open competitive bidding.

(b) A contract awarded on the basis of competitive bidding shall be awarded after public advertisement published at least once in each week for three consecutive weeks prior to the opening of bids, in a daily newspaper of general circulation in the county where the commission is located, except in the case of an emergency situation, as determined by the chief executive officer. If a contract is awarded in an emergency situation, (i) the contract accepted must be based on the lowest responsible proposal after the commission has made a diligent effort to solicit multiple proposals by telephone, facsimile, or other efficient means and (ii) the chief executive officer must submit a report at the next regular meeting of the Board, to be ratified by the Board and entered into the official record, that states the chief executive officer's reason for declaring an emergency situation, the names of all parties solicited for proposals, and their proposals and that includes a copy of the contract awarded. Nothing contained in this Section shall be construed to prohibit the Board of Commissioners from placing additional advertisements in recognized trade journals. Advertisements for bids shall describe the character of the proposed contract in sufficient detail to enable the bidders thereon to know what their obligation will be, either in the advertisement itself, or by reference to detailed plans and specifications on file in the office of the Public Building Commission at the time of the publication of the first announcement. Such advertisement shall also state the date, time, and place assigned for the opening of bids. No bids shall be received at any time subsequent to the time indicated in said advertisement.

(c) In addition to the requirements of Section 20.3, the Commission shall advertise a design-build solicitation at least once in a daily newspaper of general circulation in the county where the
Commission is located. The date that Phase I submissions by design-build entities are due must be at least 14 calendar days after the date the newspaper advertisement for design-build proposals is first published. The advertisement shall identify the design-build project, the due date, the place and time for Phase I submissions, and the place where proposers can obtain a complete copy of the request for design-build proposals, including the criteria for evaluation and the scope and performance criteria. The Commission is not precluded from using other media or from placing advertisements in addition to the one required under this subsection.

(d) The Board of Commissioners may reject any and all bids and proposals received and may readvertise for bids or issue a new request for design-build proposals.

(e) All bids shall be open to public inspection in the office of the Public Building Commission after an award or final selection has been made. The successful bidder for such work shall enter into contracts furnished and prescribed by the Board of Commissioners and in addition to any other bonds required under this Act the successful bidder shall execute and give bond, payable to and to be approved by the Commission, with a corporate surety authorized to do business under the laws of the State of Illinois, in an amount to be determined by the Board of Commissioners, conditioned upon the payment of all labor furnished and materials supplied in the prosecution of the contracted work. If the bidder whose bid has been accepted shall neglect or refuse to accept the contract within five (5) days after written notice that the same has been awarded to him, or if he accepts but does not execute the contract and give the proper security, the Commission may accept the next lowest bidder, or readvertise and relet in manner above provided.

(f) In case any work shall be abandoned by any contractor or design-build entity, the Commission may, if the best interests of the Commission be thereby served, adopt on behalf of the Commission all subcontracts made by such contractor or design-build entity for such work and all such sub-contractors shall be bound by such adoption if made; and the Commission shall, in the manner provided in this Act, readvertise and relet, or request proposals and award design-build contracts for, the work specified in the original contract exclusive of so much thereof as shall be accepted. Every contract when made and entered into, as provided in this Section or Section 20.20, shall be executed, held by the Commission, and filed in its records, and one copy of which shall be given to the contractor or design-build entity.

Sec. 20.5. Procedures for design-build selection.

(a) The Commission must use a two-phase procedure for the selection of the successful design-build entity. Phase I of the procedure will evaluate and shortlist the design-build entities based on qualifications, and Phase II will evaluate the technical and cost proposals.

(b) The Commission shall include in the request for proposal the evaluating factors to be used in Phase I. These factors are in addition to any prequalification requirements of design-build entities that the Commission has set forth. Each request for proposal shall establish the relative importance assigned to each evaluation factor and subfactor, including any weighting of criteria to be employed by the Commission. The Commission must maintain a record of the evaluation scoring to be disclosed in event of a protest regarding the solicitation.

The Commission shall include the following criteria in every Phase I evaluation of design-build entities: (1) experience of personnel; (2) successful experience with similar project types; (3) financial capability; (4) timeliness of past performance; (5) experience with similarly sized projects; (6) successful reference checks of the firm; (7) commitment to assign personnel for the duration of the project and qualifications of the entity's consultants; and (8) ability or past performance in meeting or exhausting good faith efforts to meet the utilization goals for minority and

The Commission may include any additional relevant criteria in Phase I that it deems necessary for a proper qualification review. The Commission may include any additional relevant criteria in Phase I that it deems necessary for a proper qualification review.

The Commission may not consider any design-build entity for evaluation or award if the entity has any pecuniary interest in the project or has other relationships or circumstances, including but not limited to, long-term leasehold, mutual performance, or development contracts with the Commission, that may give the design-build entity a financial or tangible advantage over other design-build entities in the preparation, evaluation, or performance of the design-build contract or that create the appearance of impropriety. No design-build proposal shall be considered that does not include an entity's plan to comply with the requirements established in the minority and women business enterprises and economically disadvantaged firms established by the corporate authorities of the Commission and with Section 2-105 of the Illinois Human Rights Act.

Upon completion of the qualifications evaluation, the Commission shall create a shortlist of the most highly qualified design-build entities. The Commission, in its discretion, is not required to shortlist the maximum number of entities as identified for Phase II evaluation, provided however, no less than 2 design-build entities nor more than 6 are selected to submit Phase II proposals.

The Commission shall notify the entities selected for the shortlist in writing. This notification shall commence the period for the preparation of the Phase II technical and cost evaluations. The Commission must allow sufficient time for the shortlist entities to prepare their Phase II submittals considering the scope and detail requested by the Commission.

(c) The Commission shall include in the request for proposal the evaluating factors to be used in the technical and cost submission components of Phase II. Each request for proposal shall establish, for both the technical and cost submission components of Phase II, the relative importance assigned to each evaluation factor and subfactor, including any weighting of criteria to be employed by the Commission. The Commission must maintain a record of the evaluation scoring to be disclosed in event of a protest regarding the solicitation.

The Commission may include any additional relevant technical evaluation factors it deems necessary for proper selection.

The Commission shall include the following criteria in every Phase II cost evaluation: the guaranteed maximum project cost and the time of completion. The Commission may include any additional relevant technical evaluation factors it deems necessary for proper selection. The guaranteed maximum project cost criteria weighing factor shall not exceed 30%.

The Commission shall directly employ or retain a licensed design professional to evaluate the technical and cost submissions to determine if the technical submissions are in accordance with generally accepted industry standards.

Upon completion of the technical submissions and cost submissions evaluation, the Commission may award the design-build contract to the highest overall ranked entity.

(d) This Section is repealed on June 1, 2018; provided that any design-build contracts entered into before such date or any procurement of a project under this Act commenced before such date, and the contracts resulting from those procurements, shall remain effective 5 years after the effective date of this amendatory Act of the 95th General Assembly.

(305 ILCS 5/5-5) (from Ch. 23, par. 5-5)

Sec. 5-5. Medical services. The Illinois Department, by rule, shall determine the quantity and quality of and the rate of reimbursement for the medical assistance for which payment will be authorized, and the medical services to be provided, which may include all or part of the following: (1) inpatient hospital services; (2) outpatient hospital services; (3) other laboratory and X-ray services; (4) skilled nursing home services; (5) physicians' services whether furnished in the office, the patient's home, a hospital, a skilled nursing home, or elsewhere; (6) medical care, or any other type of remedial care furnished by licensed practitioners; (7) home health care services; (8) private duty nursing service; (9) clinic services; (10) dental services, including prevention and treatment of periodontal disease and dental caries disease for pregnant women, provided by an individual licensed to practice dentistry or dental surgery; for purposes of this item (10), "dental services" means diagnostic, preventive, or corrective procedures provided by or under the supervision of a dentist in the practice of his or her profession; (11) physical therapy and related services; (12) prescribed drugs, dentures, and prosthetic devices; and eyeglasses prescribed by a physician skilled in the diseases of the eye, or by an optometrist, whichever the person may select; (13) other diagnostic, screening, preventive, and rehabilitative services, including to ensure that the individual's need for intervention or treatment of mental disorders or substance use disorders or co-occurring mental health and substance use disorders is determined using a uniform screening, assessment, and evaluation process inclusive of criteria, for children and adults; for purposes of this item (13), a uniform screening, assessment, and evaluation process refers to a process that includes an appropriate evaluation and, as warranted, a referral; "uniform" does not mean the use

of a singular instrument, tool, or process that all must utilize; (14) transportation and such other expenses as may be necessary; (15) medical treatment of sexual assault survivors, as defined in Section 1a of the Sexual Assault Survivors Emergency Treatment Act, for injuries sustained as a result of the sexual assault, including examinations and laboratory tests to discover evidence which may be used in criminal proceedings arising from the sexual assault; (16) the diagnosis and treatment of sickle cell anemia; and (17) any other medical care, and any other type of remedial care recognized under the laws of this State, but not including abortions, or induced miscarriages or premature births, unless, in the opinion of a physician, such procedures are necessary for the preservation of the life of the woman seeking such treatment, or except an induced premature birth intended to produce a live viable child and such procedure is necessary for the health of the mother or her unborn child. The Illinois Department, by rule, shall prohibit any physician from providing medical assistance to anyone eligible therefor under this Code where such physician has been found guilty of performing an abortion procedure in a wilful and wanton manner upon a woman who was not pregnant at the time such abortion procedure was performed. The term "any other type of remedial care" shall include nursing care and nursing home service for persons who rely on treatment by spiritual means alone through prayer for healing.

Notwithstanding any other provision of this Section, a comprehensive tobacco use cessation program that includes purchasing prescription drugs or prescription medical devices approved by the Food and Drug Administration shall be covered under the medical assistance program under this Article for persons who are otherwise eligible for assistance under this Article.

Notwithstanding any other provision of this Code, the Illinois Department may not require, as a condition of payment for any laboratory test authorized under this Article, that a physician's handwritten signature appear on the laboratory test order form. The Illinois Department may, however, impose other appropriate requirements regarding laboratory test order documentation.

On and after July 1, 2012, the Department of Healthcare and Family Services may provide the following services to persons eligible for assistance under this Article who are participating in education, training or employment programs operated by the Department of Human Services as successor to the Department of Public Aid:

New matter indicated by italics - deletions by strikeout
(1) dental services provided by or under the supervision of a dentist; and

(2) eyeglasses prescribed by a physician skilled in the diseases of the eye, or by an optometrist, whichever the person may select.

Notwithstanding any other provision of this Code and subject to federal approval, the Department may adopt rules to allow a dentist who is volunteering his or her service at no cost to render dental services through an enrolled not-for-profit health clinic without the dentist personally enrolling as a participating provider in the medical assistance program. A not-for-profit health clinic shall include a public health clinic or Federally Qualified Health Center or other enrolled provider, as determined by the Department, through which dental services covered under this Section are performed. The Department shall establish a process for payment of claims for reimbursement for covered dental services rendered under this provision.

The Illinois Department, by rule, may distinguish and classify the medical services to be provided only in accordance with the classes of persons designated in Section 5-2.

The Department of Healthcare and Family Services must provide coverage and reimbursement for amino acid-based elemental formulas, regardless of delivery method, for the diagnosis and treatment of (i) eosinophilic disorders and (ii) short bowel syndrome when the prescribing physician has issued a written order stating that the amino acid-based elemental formula is medically necessary.

The Illinois Department shall authorize the provision of, and shall authorize payment for, screening by low-dose mammography for the presence of occult breast cancer for women 35 years of age or older who are eligible for medical assistance under this Article, as follows:

(A) A baseline mammogram for women 35 to 39 years of age.

(B) An annual mammogram for women 40 years of age or older.

(C) A mammogram at the age and intervals considered medically necessary by the woman's health care provider for women under 40 years of age and having a family history of breast cancer, prior personal history of breast cancer, positive genetic testing, or other risk factors.

New matter indicated by italics - deletions by strikeout
(D) A comprehensive ultrasound screening of an entire breast or breasts if a mammogram demonstrates heterogeneous or dense breast tissue, when medically necessary as determined by a physician licensed to practice medicine in all of its branches.

All screenings shall include a physical breast exam, instruction on self-examination and information regarding the frequency of self-examination and its value as a preventative tool. For purposes of this Section, "low-dose mammography" means the x-ray examination of the breast using equipment dedicated specifically for mammography, including the x-ray tube, filter, compression device, and image receptor, with an average radiation exposure delivery of less than one rad per breast for 2 views of an average size breast. The term also includes digital mammography.

On and after January 1, 2012, providers participating in a quality improvement program approved by the Department shall be reimbursed for screening and diagnostic mammography at the same rate as the Medicare program's rates, including the increased reimbursement for digital mammography.

The Department shall convene an expert panel including representatives of hospitals, free-standing mammography facilities, and doctors, including radiologists, to establish quality standards.

Subject to federal approval, the Department shall establish a rate methodology for mammography at federally qualified health centers and other encounter-rate clinics. These clinics or centers may also collaborate with other hospital-based mammography facilities.

The Department shall establish a methodology to remind women who are age-appropriate for screening mammography, but who have not received a mammogram within the previous 18 months, of the importance and benefit of screening mammography.

The Department shall establish a performance goal for primary care providers with respect to their female patients over age 40 receiving an annual mammogram. This performance goal shall be used to provide additional reimbursement in the form of a quality performance bonus to primary care providers who meet that goal.

The Department shall devise a means of case-managing or patient navigation for beneficiaries diagnosed with breast cancer. This program shall initially operate as a pilot program in areas of the State with the highest incidence of mortality related to breast cancer. At least one pilot program site shall be in the metropolitan Chicago area and at least one site
shall be outside the metropolitan Chicago area. An evaluation of the pilot program shall be carried out measuring health outcomes and cost of care for those served by the pilot program compared to similarly situated patients who are not served by the pilot program.

Any medical or health care provider shall immediately recommend, to any pregnant woman who is being provided prenatal services and is suspected of drug abuse or is addicted as defined in the Alcoholism and Other Drug Abuse and Dependency Act, referral to a local substance abuse treatment provider licensed by the Department of Human Services or to a licensed hospital which provides substance abuse treatment services. The Department of Healthcare and Family Services shall assure coverage for the cost of treatment of the drug abuse or addiction for pregnant recipients in accordance with the Illinois Medicaid Program in conjunction with the Department of Human Services.

All medical providers providing medical assistance to pregnant women under this Code shall receive information from the Department on the availability of services under the Drug Free Families with a Future or any comparable program providing case management services for addicted women, including information on appropriate referrals for other social services that may be needed by addicted women in addition to treatment for addiction.

The Illinois Department, in cooperation with the Departments of Human Services (as successor to the Department of Alcoholism and Substance Abuse) and Public Health, through a public awareness campaign, may provide information concerning treatment for alcoholism and drug abuse and addiction, prenatal health care, and other pertinent programs directed at reducing the number of drug-affected infants born to recipients of medical assistance.

Neither the Department of Healthcare and Family Services nor the Department of Human Services shall sanction the recipient solely on the basis of her substance abuse.

The Illinois Department shall establish such regulations governing the dispensing of health services under this Article as it shall deem appropriate. The Department should seek the advice of formal professional advisory committees appointed by the Director of the Illinois Department for the purpose of providing regular advice on policy and administrative matters, information dissemination and educational activities for medical and health care providers, and consistency in procedures to the Illinois Department.
The Illinois Department may develop and contract with Partnerships of medical providers to arrange medical services for persons eligible under Section 5-2 of this Code. Implementation of this Section may be by demonstration projects in certain geographic areas. The Partnership shall be represented by a sponsor organization. The Department, by rule, shall develop qualifications for sponsors of Partnerships. Nothing in this Section shall be construed to require that the sponsor organization be a medical organization.

The sponsor must negotiate formal written contracts with medical providers for physician services, inpatient and outpatient hospital care, home health services, treatment for alcoholism and substance abuse, and other services determined necessary by the Illinois Department by rule for delivery by Partnerships. Physician services must include prenatal and obstetrical care. The Illinois Department shall reimburse medical services delivered by Partnership providers to clients in target areas according to provisions of this Article and the Illinois Health Finance Reform Act, except that:

(1) Physicians participating in a Partnership and providing certain services, which shall be determined by the Illinois Department, to persons in areas covered by the Partnership may receive an additional surcharge for such services.

(2) The Department may elect to consider and negotiate financial incentives to encourage the development of Partnerships and the efficient delivery of medical care.

(3) Persons receiving medical services through Partnerships may receive medical and case management services above the level usually offered through the medical assistance program.

Medical providers shall be required to meet certain qualifications to participate in Partnerships to ensure the delivery of high quality medical services. These qualifications shall be determined by rule of the Illinois Department and may be higher than qualifications for participation in the medical assistance program. Partnership sponsors may prescribe reasonable additional qualifications for participation by medical providers, only with the prior written approval of the Illinois Department.

Nothing in this Section shall limit the free choice of practitioners, hospitals, and other providers of medical services by clients. In order to ensure patient freedom of choice, the Illinois Department shall immediately promulgate all rules and take all other necessary actions so that provided services may be accessed from therapeutically certified
optometrists to the full extent of the Illinois Optometric Practice Act of 1987 without discriminating between service providers.

The Department shall apply for a waiver from the United States Health Care Financing Administration to allow for the implementation of Partnerships under this Section.

The Illinois Department shall require health care providers to maintain records that document the medical care and services provided to recipients of Medical Assistance under this Article. Such records must be retained for a period of not less than 6 years from the date of service or as provided by applicable State law, whichever period is longer, except that if an audit is initiated within the required retention period then the records must be retained until the audit is completed and every exception is resolved. The Illinois Department shall require health care providers to make available, when authorized by the patient, in writing, the medical records in a timely fashion to other health care providers who are treating or serving persons eligible for Medical Assistance under this Article. All dispensers of medical services shall be required to maintain and retain business and professional records sufficient to fully and accurately document the nature, scope, details and receipt of the health care provided to persons eligible for medical assistance under this Code, in accordance with regulations promulgated by the Illinois Department. The rules and regulations shall require that proof of the receipt of prescription drugs, dentures, prosthetic devices and eyeglasses by eligible persons under this Section accompany each claim for reimbursement submitted by the dispenser of such medical services. No such claims for reimbursement shall be approved for payment by the Illinois Department without such proof of receipt, unless the Illinois Department shall have put into effect and shall be operating a system of post-payment audit and review which shall, on a sampling basis, be deemed adequate by the Illinois Department to assure that such drugs, dentures, prosthetic devices and eyeglasses for which payment is being made are actually being received by eligible recipients. Within 90 days after the effective date of this amendatory Act of 1984, the Illinois Department shall establish a current list of acquisition costs for all prosthetic devices and any other items recognized as medical equipment and supplies reimbursable under this Article and shall update such list on a quarterly basis, except that the acquisition costs of all prescription drugs shall be updated no less frequently than every 30 days as required by Section 5-5.12.

The rules and regulations of the Illinois Department shall require that a written statement including the required opinion of a physician shall accompany any claim for reimbursement for abortions, or induced miscarriages or premature births. This statement shall indicate what procedures were used in providing such medical services.

The Illinois Department shall require all dispensers of medical services, other than an individual practitioner or group of practitioners, desiring to participate in the Medical Assistance program established under this Article to disclose all financial, beneficial, ownership, equity, surety or other interests in any and all firms, corporations, partnerships, associations, business enterprises, joint ventures, agencies, institutions or other legal entities providing any form of health care services in this State under this Article.

The Illinois Department may require that all dispensers of medical services desiring to participate in the medical assistance program established under this Article disclose, under such terms and conditions as the Illinois Department may by rule establish, all inquiries from clients and attorneys regarding medical bills paid by the Illinois Department, which inquiries could indicate potential existence of claims or liens for the Illinois Department.

Enrollment of a vendor shall be subject to a provisional period and shall be conditional for one year. During the period of conditional enrollment, the Department may terminate the vendor's eligibility to participate in, or may disenroll the vendor from, the medical assistance program without cause. Unless otherwise specified, such termination of eligibility or disenrollment is not subject to the Department's hearing process. However, a disenrolled vendor may reapply without penalty.

The Department has the discretion to limit the conditional enrollment period for vendors based upon category of risk of the vendor.

Prior to enrollment and during the conditional enrollment period in the medical assistance program, all vendors shall be subject to enhanced oversight, screening, and review based on the risk of fraud, waste, and abuse that is posed by the category of risk of the vendor. The Illinois Department shall establish the procedures for oversight, screening, and review, which may include, but need not be limited to: criminal and financial background checks; fingerprinting; license, certification, and authorization verifications; unscheduled or unannounced site visits; database checks; prepayment audit reviews; audits; payment caps;

payment suspensions; and other screening as required by federal or State law.

The Department shall define or specify the following: (i) by provider notice, the "category of risk of the vendor" for each type of vendor, which shall take into account the level of screening applicable to a particular category of vendor under federal law and regulations; (ii) by rule or provider notice, the maximum length of the conditional enrollment period for each category of risk of the vendor; and (iii) by rule, the hearing rights, if any, afforded to a vendor in each category of risk of the vendor that is terminated or disenrolled during the conditional enrollment period.

To be eligible for payment consideration, a vendor's payment claim or bill, either as an initial claim or as a resubmitted claim following prior rejection, must be received by the Illinois Department, or its fiscal intermediary, no later than 180 days after the latest date on the claim on which medical goods or services were provided, with the following exceptions:

(1) In the case of a provider whose enrollment is in process by the Illinois Department, the 180-day period shall not begin until the date on the written notice from the Illinois Department that the provider enrollment is complete.

(2) In the case of errors attributable to the Illinois Department or any of its claims processing intermediaries which result in an inability to receive, process, or adjudicate a claim, the 180-day period shall not begin until the provider has been notified of the error.

(3) In the case of a provider for whom the Illinois Department initiates the monthly billing process.

For claims for services rendered during a period for which a recipient received retroactive eligibility, claims must be filed within 180 days after the Department determines the applicant is eligible. For claims for which the Illinois Department is not the primary payer, claims must be submitted to the Illinois Department within 180 days after the final adjudication by the primary payer.

In the case of long term care facilities, admission documents shall be submitted within 30 days of an admission to the facility through the Medical Electronic Data Interchange (MEDI) or the Recipient Eligibility Verification (REV) System, or shall be submitted directly to the Department of Human Services using required admission forms. Confirmation numbers assigned to an accepted transaction shall be

New matter indicated by italics - deletions by strikeout
retained by a facility to verify timely submittal. Once an admission transaction has been completed, all resubmitted claims following prior rejection are subject to receipt no later than 180 days after the admission transaction has been completed.

Claims that are not submitted and received in compliance with the foregoing requirements shall not be eligible for payment under the medical assistance program, and the State shall have no liability for payment of those claims.

To the extent consistent with applicable information and privacy, security, and disclosure laws, State and federal agencies and departments shall provide the Illinois Department access to confidential and other information and data necessary to perform eligibility and payment verifications and other Illinois Department functions. This includes, but is not limited to: information pertaining to licensure; certification; earnings; immigration status; citizenship; wage reporting; unearned and earned income; pension income; employment; supplemental security income; social security numbers; National Provider Identifier (NPI) numbers; the National Practitioner Data Bank (NPDB); program and agency exclusions; taxpayer identification numbers; tax delinquency; corporate information; and death records.

The Illinois Department shall enter into agreements with State agencies and departments, and is authorized to enter into agreements with federal agencies and departments, under which such agencies and departments shall share data necessary for medical assistance program integrity functions and oversight. The Illinois Department shall develop, in cooperation with other State departments and agencies, and in compliance with applicable federal laws and regulations, appropriate and effective methods to share such data. At a minimum, and to the extent necessary to provide data sharing, the Illinois Department shall enter into agreements with State agencies and departments, and is authorized to enter into agreements with federal agencies and departments, including but not limited to: the Secretary of State; the Department of Revenue; the Department of Public Health; the Department of Human Services; and the Department of Financial and Professional Regulation.

Beginning in fiscal year 2013, the Illinois Department shall set forth a request for information to identify the benefits of a pre-payment, post-adjudication, and post-edit claims system with the goals of streamlining claims processing and provider reimbursement, reducing the number of pending or rejected claims, and helping to ensure a more
transparent adjudication process through the utilization of: (i) provider
data verification and provider screening technology; and (ii) clinical code
editing; and (iii) pre-pay, pre- or post-adjudicated predictive modeling
with an integrated case management system with link analysis. Such a
request for information shall not be considered as a request for proposal or
as an obligation on the part of the Illinois Department to take any action or
acquire any products or services.

The Illinois Department shall establish policies, procedures,
standards and criteria by rule for the acquisition, repair and replacement of
orthotic and prosthetic devices and durable medical equipment. Such rules
shall provide, but not be limited to, the following services: (1) immediate
repair or replacement of such devices by recipients; and (2) rental, lease,
purchase or lease-purchase of durable medical equipment in a cost-
effective manner, taking into consideration the recipient's medical
prognosis, the extent of the recipient's needs, and the requirements and
costs for maintaining such equipment. Subject to prior approval, such rules
shall enable a recipient to temporarily acquire and use alternative or
substitute devices or equipment pending repairs or replacements of any
device or equipment previously authorized for such recipient by the
Department.

The Department shall execute, relative to the nursing home
prescreening project, written inter-agency agreements with the Department
of Human Services and the Department on Aging, to effect the following:
(i) intake procedures and common eligibility criteria for those persons who
are receiving non-institutional services; and (ii) the establishment and
development of non-institutional services in areas of the State where they
are not currently available or are undeveloped; and (iii) notwithstanding
any other provision of law, subject to federal approval, on and after July 1,
2012, an increase in the determination of need (DON) scores from 29 to 37

conjunction with other affected agencies, implement utilization controls or
changes in benefit packages to effectuate a similar savings amount for this
population; and (iv) no later than July 1, 2013, minimum level of care
eligibility criteria for institutional and home and community-based long
term care; and (v) no later than October 1, 2013, establish procedures to
permit long term care providers access to eligibility scores for individuals

eligibility criteria, the Governor shall establish a workgroup that includes affected agency representatives and stakeholders representing the institutional and home and community-based long term care interests. This Section shall not restrict the Department from implementing lower level of care eligibility criteria for community-based services in circumstances where federal approval has been granted.

The Illinois Department shall develop and operate, in cooperation with other State Departments and agencies and in compliance with applicable federal laws and regulations, appropriate and effective systems of health care evaluation and programs for monitoring of utilization of health care services and facilities, as it affects persons eligible for medical assistance under this Code.

The Illinois Department shall report annually to the General Assembly, no later than the second Friday in April of 1979 and each year thereafter, in regard to:

(d-45) Notwithstanding any other provision of State law to the contrary and in addition to any other transfers that may be provided for by law, on July 1, 2011, or as soon as may be practical thereafter, the State Comptroller shall direct and the State Treasurer shall transfer the sum of $45,000,000 from the General Revenue Fund into the Workers' Compensation Revolving Fund.

(e) The term "workers' compensation services" means services, claims expenses, and related administrative costs incurred in performing the duties under Sections 405-105 and 405-411 of the Department of Central Management Services Law of the Civil Administrative Code of Illinois.

Section 10. The Illinois Procurement Code is amended by changing Section 45-57 as follows:

(30 ILCS 500/45-57)

Sec. 45-57. Veterans.

(a) Set-aside goal. It is the goal of the State to promote and encourage the continued economic development of small businesses owned and controlled by qualified veterans and that qualified service-disabled veteran-owned small businesses (referred to as SDVOSB) and veteran-owned small businesses (referred to as VOSB) participate in the State's procurement process as both prime contractors and subcontractors. Not less than 3% of the total dollar amount of State contracts, as defined by the Director of Central Management Services, shall be established as a goal to be awarded to SDVOSB and VOSB. That portion of a contract under which the contractor subcontracts with a SDVOSB or VOSB may be counted toward the goal of this subsection. The Department of Central Management Services shall adopt rules to implement compliance with this subsection by all State agencies.

(b) Fiscal year reports. By each September 1, each chief procurement officer shall report to the Department of Central Management Services on all of the following for the immediately preceding fiscal year, and by each March 1 the Department of Central Management Services shall compile and report that information to the General Assembly:

(1) The total number of VOSB, and the number of SDVOSB, who submitted bids for contracts under this Code.
(2) The total number of VOSB, and the number of SDVOSB, who entered into contracts with the State under this Code and the total value of those contracts.

(c) Yearly review and recommendations. Each year, each chief procurement officer shall review the progress of all State agencies under its jurisdiction in meeting the goal described in subsection (a), with input from statewide veterans' service organizations and from the business community, including businesses owned by qualified veterans, and shall make recommendations to be included in the Department of Central Management Services' report to the General Assembly regarding continuation, increases, or decreases of the percentage goal. The recommendations shall be based upon the number of businesses that are owned by qualified veterans and on the continued need to encourage and promote businesses owned by qualified veterans.

(d) Governor's recommendations. To assist the State in reaching the goal described in subsection (a), the Governor shall recommend to the General Assembly changes in programs to assist businesses owned by qualified veterans.

(e) Definitions. As used in this Section:

"Armed forces of the United States" means the United States Army, Navy, Air Force, Marine Corps, Coast Guard, or service in active duty as defined under 38 U.S.C. Section 101. Service in the Merchant Marine that constitutes active duty under Section 401 of federal Public Act 95-202 shall also be considered service in the armed forces for purposes of this Section.

"Certification" means a determination made by the Illinois Department of Veterans' Affairs and the Department of Central Management Services that a business entity is a qualified service-disabled veteran-owned small business or a qualified veteran-owned small business for whatever purpose. A SDVOSB or VOSB owned and controlled by females, minorities, or persons with disabilities, as those terms are defined in Section 2 of the Business Enterprise for Minorities, Females, and Persons with Disabilities Act, may also select and designate whether that business is to be certified as a "female-owned business", "minority-owned business", or "business owned by a person with a disability", as defined in Section 2 of the Business Enterprise for Minorities, Females, and Persons with Disabilities Act, or as a qualified SDVOSB or qualified VOSB under this Section.
"Control" means the exclusive, ultimate, majority, or sole control of the business, including but not limited to capital investment and all other financial matters, property, acquisitions, contract negotiations, legal matters, officer-director-employee selection and comprehensive hiring, operation responsibilities, cost-control matters, income and dividend matters, financial transactions, and rights of other shareholders or joint partners. Control shall be real, substantial, and continuing, not pro forma. Control shall include the power to direct or cause the direction of the management and policies of the business and to make the day-to-day as well as major decisions in matters of policy, management, and operations. Control shall be exemplified by possessing the requisite knowledge and expertise to run the particular business, and control shall not include simple majority or absentee ownership.

"Qualified service-disabled veteran" means a veteran who has been found to have 10% or more service-connected disability by the United States Department of Veterans Affairs or the United States Department of Defense.

"Qualified service-disabled veteran-owned small business" or "SDVOSB" means a small business (i) that is at least 51% owned by one or more qualified service-disabled veterans living in Illinois or, in the case of a corporation, at least 51% of the stock of which is owned by one or more qualified service-disabled veterans living in Illinois; (ii) that has its home office in Illinois; and (iii) for which items (i) and (ii) are factually verified annually by the Department of Central Management Services.

"Qualified veteran-owned small business" or "VOSB" means a small business (i) that is at least 51% owned by one or more qualified veterans living in Illinois or, in the case of a corporation, at least 51% of the stock of which is owned by one or more qualified veterans living in Illinois; (ii) that has its home office in Illinois; and (iii) for which items (i) and (ii) are factually verified annually by the Department of Central Management Services.

"Service-connected disability" means a disability incurred in the line of duty in the active military, naval, or air service as described in 38 U.S.C. 101(16).

"Small business" means a business that has annual gross sales of less than $75,000,000 as evidenced by the federal income tax return of the business. A firm with gross sales in excess of this cap may apply to the Department of Central Management Services for certification for a particular contract if the firm can demonstrate that the contract would have
significant impact on SDVOSB or VOSB as suppliers or subcontractors or in employment of veterans or service-disabled veterans.

"State agency" has the same meaning as in Section 2 of the Business Enterprise for Minorities, Females, and Persons with Disabilities Act.

"Time of hostilities with a foreign country" means any period of time in the past, present, or future during which a declaration of war by the United States Congress has been or is in effect or during which an emergency condition has been or is in effect that is recognized by the issuance of a Presidential proclamation or a Presidential executive order and in which the armed forces expeditionary medal or other campaign service medals are awarded according to Presidential executive order.

"Veteran" means a person who (i) has been a member of the armed forces of the United States or, while a citizen of the United States, was a member of the armed forces of allies of the United States in time of hostilities with a foreign country and (ii) has served under one or more of the following conditions: (a) the veteran served a total of at least 6 months; (b) the veteran served for the duration of hostilities regardless of the length of the engagement; (c) the veteran was discharged on the basis of hardship; or (d) the veteran was released from active duty because of a service connected disability and was discharged under honorable conditions.

(f) Certification program. The Illinois Department of Veterans' Affairs and the Department of Central Management Services shall work together to devise a certification procedure to assure that businesses taking advantage of this Section are legitimately classified as qualified service-disabled veteran-owned small businesses or qualified veteran-owned small businesses.

(g) Penalties.

(1) Administrative penalties. The Department of Central Management Services shall suspend any person who commits a violation of Section 17-10.3 or subsection (d) of Section 33E-6 of the Criminal Code of 1961 or the Criminal Code of 2012 relating to this Section from bidding on, or participating as a contractor, subcontractor, or supplier in, any State contract or project for a period of not less than 3 years, and, if the person is certified as a service-disabled veteran-owned small business or a veteran-owned small business, then the Department shall revoke the business's certification for a period of not less than 3 years. An additional or
subsequent violation shall extend the periods of suspension and revocation for a period of not less than 5 years. The suspension and revocation shall apply to the principals of the business and any subsequent business formed or financed by, or affiliated with, those principals.

(2) Reports of violations. Each State agency shall report any alleged violation of Section 17-10.3 or subsection (d) of Section 33E-6 of the Criminal Code of 1961 or the Criminal Code of 2012 relating to this Section to the Department of Central Management Services. The Department of Central Management Services shall subsequently report all such alleged violations to the Attorney General, who shall determine whether to bring a civil action against any person for the violation.

(3) List of suspended persons. The Department of Central Management Services shall monitor the status of all reported violations of Section 17-10.3 or subsection (d) of Section 33E-6 of the Criminal Code of 1961 or the Criminal Code of 2012 relating to this Section and shall maintain and make available to all State agencies a central listing of all persons that committed violations resulting in suspension.

(4) Use of suspended persons. During the period of a person's suspension under paragraph (1) of this subsection, a State agency shall not enter into any contract with that person or with any contractor using the services of that person as a subcontractor.

(5) Duty to check list. Each State agency shall check the central listing provided by the Department of Central Management Services under paragraph (3) of this subsection to verify that a person being awarded a contract by that State agency, or to be used as a subcontractor or supplier on a contract being awarded by that State agency, is not under suspension pursuant to paragraph (1) of this subsection.

AN ACT concerning local government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Interstate Mutual Emergency Aid Act.

Section 5. Definitions. As used in this Act:

(a) "Emergency responder" includes emergency medical services personnel and firefighters, including firefighters trained in the areas of hazardous materials, specialized rescue, extrication, water rescue, and other specialized areas.

New matter indicated by italics - deletions by strikeout
(b) "Mutual aid emergency" or "emergency" means an occurrence or condition resulting in a situation that poses an immediate risk to health, life, property, or the environment, where the governmental entity having jurisdiction over the situation determines (i) that the situation exceeds its ability to render appropriate aid and (ii) that it is in the public's best interest to request mutual aid from an out-of-state entity with whom the governmental entity has a written mutual aid agreement. "Mutual aid emergency" or "emergency" does not include a situation that initially rises to the level of disaster or emergency requiring a state or local declaration of a state of emergency, unless that declaration occurs after the initial request for mutual aid has been made.

(c) "Training exercises" means necessary advance actions taken by emergency responders pursuant to a mutual aid agreement in order to prepare to more adequately address a potential mutual aid emergency.

Section 10. Mutual aid agreements. In order to more adequately address emergencies that extend or exceed a jurisdiction's emergency response capabilities, either without rising to the level of a state or local declaration of a state of emergency, or in the initial stages of an event which may later become a declared emergency, a political subdivision of this State, including a county, city, village, township, or other unit of local government, or any combination thereof, may enter into a mutual aid agreement with one or more units of government from another state. The mutual aid agreement may provide for coordination of communications, staging, training, and response to planned and unplanned events which a local jurisdiction has determined exceed, or are likely to exceed, its emergency response capabilities. When engaged in training, staging, and emergency response in accordance with the mutual aid agreements, emergency responders from outside of this State are permitted to provide services within this State in accordance with this Act and the terms of the mutual aid agreement.

Section 15. Licenses, certifications, and permits. An emergency responder from outside this State who holds a license, certificate, or other permit recognized or issued by another state shall be deemed licensed, certified, and permitted to render mutual aid during a mutual aid emergency within this State pursuant to a mutual aid agreement authorized by this Act, if the emergency responder is (i) acting within the scope of his or her license, certificate, or permit and within the scope of what an equivalent license, certificate, or permit from or recognized by this State
would authorize and (ii) acting pursuant to a request for mutual aid made pursuant to a mutual aid agreement authorized by this Act.

Section 20. Governmental functions; liability; emergency responders. Any function performed by an emergency responder that is (i) acting within the scope of his or her license, certificate, or permit and within the scope of what an equivalent license, certificate, or permit recognized by this State would authorize and (ii) pursuant to a mutual aid agreement authorized by this Act shall be deemed to have been for public and governmental purposes, and all liabilities and immunities from liability applicable to this State's political subdivisions and their officers and employees shall extend to the emergency responders from another state while providing mutual aid during a mutual aid emergency or while engaged in training exercises pursuant to a written mutual aid agreement authorized by this Act. This Section shall not provide greater immunities to emergency responders from outside of this State than those immunities provided to emergency responders with the equivalent license, certificate, or permit in this State. This Section shall only apply to causes of action accruing on or after the effective date of this Act.

Section 25. Employee benefits. Emergency responders from outside this State, while rendering mutual aid within this State pursuant to a mutual aid agreement authorized by this Act, remain employees and agents of their respective employers and jurisdictions. Nothing in this Act, or any mutual aid agreement entered into pursuant to this Act, creates an employment relationship between the jurisdiction requesting aid and the employees and agents of the jurisdiction rendering aid. All pension, relief, disability, death benefits, workers' compensation, and other benefits enjoyed by emergency responders rendering emergency mutual aid shall extend to the services they perform outside their respective jurisdictions as if those services had been rendered in their own jurisdiction.

Section 30. Limitations. This Act does not limit, modify, or abridge the emergency management compact entered into under the Emergency Management Assistance Compact Act.

Section 99. Effective date. This Act takes effect upon becoming law.

Criminal defacement of property is a Class 4 felony when the aggregate value of the damage to property does not exceed $300 and the property damaged is a school building or place of worship or property which memorializes or honors an individual or group of police officers, fire fighters, members of the United States Armed Forces, National Guard, or veterans. Criminal defacement of property is a Class 4 felony for a second or subsequent conviction or when the aggregate value of the damage to the property exceeds $300. To the extent permitted by law, reimbursement for the costs of abatement, remediation, repair, or removal shall be payable to the person who incurred the costs.
(3) In addition to any other sentence that may be imposed, a court shall order any person convicted of criminal defacement of property to perform community service for not less than 30 and not more than 120 hours, if community service is available in the jurisdiction. When the property damaged is a school building, the community service may include cleanup, removal, or painting over the defacement. In addition, whenever any person is placed on supervision for an alleged offense under this Section, the supervision shall be conditioned upon the performance of the community service.

(4) For the purposes of this subsection (b), aggregate value shall be determined by adding the value of the damage to one or more properties if the offenses were committed as part of a single course of conduct.

Section 5. The Fire Protection District Act is amended by changing Section 22 as follows:

such service and to adopt rules and regulations relating to ambulance service within their jurisdiction.

(a) It is declared as a matter of public policy:

(1) That, in order to preserve, protect and promote the public health, safety and general welfare, adequate and continuing emergency ambulance service should be available to every citizen of Illinois;

(2) That, insofar as it is economically feasible, emergency ambulance service should be provided by private enterprise; and

(3) That, in the event adequate and continuing emergency ambulance services do not exist, fire protection districts should be authorized to provide, and shall cause to be provided, ambulance service as a public responsibility.

(b) Whenever the Board of Trustees of a fire protection district desires to levy a special tax to provide an ambulance service, it shall certify the question to the proper election officials, who shall submit that question at an election to the voters of the district. The result of such referendum shall be entered upon the records of the district. If a majority of the votes on the proposition are in favor of such proposition, the Board of Trustees may thereafter levy a special tax at a rate not to exceed .30% of the value of all taxable property within the district as equalized or assessed by the Department of Revenue. The proposition shall be in substantially the following form:

proposition, the Board of Trustees may thereafter levy a special tax at a rate not to exceed .40% of the value of all taxable property within the district as equalized or assessed by the Department of Revenue. The proposition shall be in substantially the following form:

Shall the .... Fire Protection District levy a special tax at a rate not to exceed .40% of the value of all taxable property within the district as equalized or assessed by the Department of Revenue for the purpose of providing an ambulance service?

(c) If it appears that a majority of all valid votes cast on the proposition are in favor of levying a special tax to pay for an ambulance, the Board of Trustees may levy and collect an annual tax for the purpose of providing ambulance service under this Act to be extended at a rate not to exceed .40% of the full fair cash value of the taxable property within the governmental unit as assessed or equalized by the Department of Revenue. Such annual tax shall be in addition to the other taxes a fire protection district may levy for its corporate purposes.

(d) Any Board of trustees may:

1. Provide or operate an emergency ambulance service;
2. Contract with a private person, hospital, corporation or another governmental unit for the provision and operation of emergency ambulance service or subsidize the service thereof;
3. Limit the number of ambulance services;
4. Within its jurisdiction, fix, charge and collect fees for emergency ambulance service within or outside of the fire protection district not exceeding the reasonable cost of the service;
5. Establish necessary regulations not inconsistent with the statutes or regulations of the Department of Public Health relating to ambulance service;
6. The trustees shall have the power identified in paragraphs 3 and 5 only if the district shall have passed the referendum provided for herein.

(e) When any Board of Trustees is authorized prior to January 1, 1978 to levy and collect an annual tax, for the purpose of providing ambulance service, at any rate not exceeding .25% of the full fair cash value of the taxable property within the governmental unit as equalized or
assessed by the Department of Revenue, such Board of Trustees may by
resolution increase its authority to tax for ambulance purposes to a rate not
to exceed .30%. Such resolution shall be effective 30 days after its
adoption. Notice of such resolution shall be published twice in a
newspaper having a general circulation within the district at least 20 days
and again at least 10 days prior to the effective date of the resolution. Such
notice shall state that the voters of that fire protection district, which
district shall be described in the notice, have until 30 days after the
adoption of the resolution to file a petition with the Board of Trustees
praying that the question of the adoption of the resolution be submitted to
a vote of the electors of such territory, and that, if no such petition is filed,
the resolution shall become effective 30 days after its adoption. The notice
also shall state the specific number of voters required to sign the petition
and the date of the prospective referendum. The district secretary shall
provide a petition form to any individual requesting one. If such a petition,
signed by the voters of the district equal to 10% or more of the registered
voters of the district, is so filed with the Board of Trustees, then the
question of the adoption of the resolution shall be certified to the proper
election officials, who shall submit the question to a vote of the electors of
the district at an election in accordance with the general election law. If
such a petition is filed, the resolution does not take effect unless a majority
of the votes cast upon the question of the adoption of the resolution is in
favor of adoption. However, if such a petition is determined to be invalid,

As used in this Act, "photograph" means any color photograph or digitally produced and captured image of an applicant for an identification card. As used in this Act, "signature" means the name of a person as written by that person and captured in a manner acceptable to the Secretary of State.

(a-5) If an applicant for an identification card has a current driver's license or instruction permit issued by the Secretary of State, the Secretary may require the applicant to utilize the same residence address and name on the identification card, driver's license, and instruction permit records maintained by the Secretary. The Secretary may promulgate rules to implement this provision.

(a-10) If the applicant is a judicial officer as defined in Section 1-10 of the Judicial Privacy Act or a peace officer, the applicant may elect to have his or her office or work address listed on the card instead of the applicant's residence or mailing address. If a mark is used in lieu of a signature, such mark shall be affixed to the card in the presence of two witnesses who attest to the authenticity of the mark. The Illinois Person with a Disability Identification Card may be used for identification purposes in any lawful situation by the person to whom it was issued.

The Illinois Person with a Disability Identification Card may be used as adequate documentation of disability in lieu of a physician's determination of disability, a determination of disability from a physician assistant who has been delegated the authority to make this determination by his or her supervising physician, a determination of disability from an advanced practice nurse who has a written collaborative agreement with a collaborating physician that authorizes the advanced practice nurse to make this determination, or any other documentation of disability whenever any State law requires that a disabled person provide such documentation of disability, however an Illinois Person with a Disability Identification Card shall not qualify the cardholder to participate in any program or to receive any benefit which is not available to all persons with like disabilities. Notwithstanding any other provisions of law, an Illinois Person with a Disability Identification Card, or evidence that the Secretary of State has issued an Illinois Person with a Disability Identification Card, shall not be used by any person other than the person named on such card to prove that the person named on such card is a disabled person or for any other purpose unless the card is used for the benefit of the person named on such card, and the person named on such card consents to such use at the time the card is so used.

Licenses issued shall also indicate the classification and the restrictions under Section 6-104 of this Code. The Secretary may adopt rules to establish informational restrictions that can be placed on the driver's license regarding specific conditions of the licensee.

A driver's license issued may, in the discretion of the Secretary, include a suitable photograph of a type prescribed by the Secretary.

(a-1) If the licensee is less than 18 years of age, unless one of the exceptions in subsection (a-2) apply, the license shall, as a matter of law, be invalid for the operation of any motor vehicle during the following times:

and
(C) Between 10:00 p.m. on Sunday to Thursday, inclusive, and 6:00 a.m. on the following day.

(a-2) The driver's license of a person under the age of 18 shall not be invalid as described in subsection (a-1) of this Section if the licensee under the age of 18 was:

(1) accompanied by the licensee's parent or guardian or other person in custody or control of the minor;
(2) on an errand at the direction of the minor's parent or guardian, without any detour or stop;
(3) in a motor vehicle involved in interstate travel;

(a-2.5) The driver's license of a person who is 17 years of age and has been licensed for at least 12 months is not invalid as described in
subsection (a-1) of this Section while the licensee is participating as an assigned driver in a Safe Rides program that meets the following criteria:

(1) the program is sponsored by the Boy Scouts of America or another national public service organization; and

(a-3) If a graduated driver's license holder over the age of 18 committed an offense against traffic regulations governing the movement of vehicles or any violation of Section 6-107 or Section 12-603.1 of this Code in the 6 months prior to the graduated driver's license holder's 18th birthday, and was subsequently convicted of the offense, the provisions of subsection (a-1) shall continue to apply until such time as a period of 6 consecutive months has elapsed without an additional violation and subsequent conviction of an offense against traffic regulations governing the movement of vehicles or Section 6-107 or Section 12-603.1 of this Code.

(a-4) If an applicant for a driver's license or instruction permit has a current identification card issued by the Secretary of State, the Secretary may require the applicant to utilize the same residence address and name on the identification card, driver's license, and instruction permit records maintained by the Secretary. The Secretary may promulgate rules to implement this provision.

(a-5) If an applicant for a driver's license is a judicial officer or a peace officer, the applicant may elect to have his or her office or work address listed on the license instead of the applicant's residence or mailing address. The Secretary of State shall adopt rules to implement this subsection (a-5). For the purposes of this subsection (a-5), "peace officer" means any person who by virtue of his or her office or public employment is vested by law with a duty to maintain public order or to make arrests for a violation of any penal statute of this State, whether that duty extends to all violations or is limited to specific violations.

(b) Until the Secretary of State establishes a First Person Consent organ and tissue donor registry under Section 6-117 of this Code, the Secretary of State shall provide a format on the reverse of each driver's license issued which the licensee may use to execute a document of gift conforming to the provisions of the Illinois Anatomical Gift Act. The format shall allow the licensee to indicate the gift intended, whether specific organs, any organ, or the entire body, and shall accommodate the signatures of the donor and 2 witnesses. The Secretary shall also inform

each applicant or licensee of this format, describe the procedure for its execution, and may offer the necessary witnesses; provided that in so doing, the Secretary shall advise the applicant or licensee that he or she is under no compulsion to execute a document of gift. A brochure explaining this method of executing an anatomical gift document shall be given to each applicant or licensee. The brochure shall advise the applicant or licensee that he or she is under no compulsion to execute a document of gift, and that he or she may wish to consult with family, friends or clergy before doing so. The Secretary of State may undertake additional efforts, including education and awareness activities, to promote organ and tissue donation.

(c) The Secretary of State shall designate on each driver's license issued a space where the licensee may place a sticker or decal of the uniform size as the Secretary may specify, which sticker or decal may indicate in appropriate language that the owner of the license carries an Emergency Medical Information Card.

The sticker may be provided by any person, hospital, school, medical group, or association interested in assisting in implementing the Emergency Medical Information Card, but shall meet the specifications as the Secretary may by rule or regulation require.

(d) The Secretary of State shall designate on each driver's license issued a space where the licensee may indicate his blood type and RH factor.

(e) The Secretary of State shall provide that each original or renewal driver's license issued to a licensee under 21 years of age shall be of a distinct nature from those driver's licenses issued to individuals 21 years of age and older. The color designated for driver's licenses for licensees under 21 years of age shall be at the discretion of the Secretary of State.

(e-1) The Secretary shall provide that each driver's license issued to a person under the age of 21 displays the date upon which the person becomes 18 years of age and the date upon which the person becomes 21 years of age.

(e-3) The General Assembly recognizes the need to identify military veterans living in this State for the purpose of ensuring that they receive all of the services and benefits to which they are legally entitled, including healthcare, education assistance, and job placement. To assist the State in identifying these veterans and delivering these vital services and benefits, the Secretary of State is authorized to issue drivers' licenses

with the word "veteran" appearing on the face of the licenses. This authorization is predicated on the unique status of veterans. The Secretary may not issue any other driver's license which identifies an occupation, status, affiliation, hobby, or other unique characteristics of the license holder which is unrelated to the purpose of the driver's license.

(e-5) Beginning on or before July 1, 2015, the Secretary of State shall designate a space on each original or renewal driver's license where, at the request of the applicant, the word "veteran" shall be placed. The veteran designation shall be available to a person identified as a veteran under subsection (e) of Section paragraph 6-106 of this Code Chapter who was discharged or separated under honorable conditions.

(f) The Secretary of State shall inform all Illinois licensed commercial motor vehicle operators of the requirements of the Uniform Commercial Driver License Act, Article V of this Chapter, and shall make provisions to insure that all drivers, seeking to obtain a commercial driver's license, be afforded an opportunity prior to April 1, 1992, to obtain the license. The Secretary is authorized to extend driver's license expiration dates, and assign specific times, dates and locations where these commercial driver's tests shall be conducted. Any applicant, regardless of the current expiration date of the applicant's driver's license, may be subject to any assignment by the Secretary. Failure to comply with the Secretary's assignment may result in the applicant's forfeiture of an opportunity to receive a commercial driver's license prior to April 1, 1992.

(g) The Secretary of State shall designate on a driver's license issued, a space where the licensee may indicate that he or she has drafted a living will in accordance with the Illinois Living Will Act or a durable power of attorney for health care in accordance with the Illinois Power of Attorney Act.

(g-1) The Secretary of State, in his or her discretion, may designate on each driver's license issued a space where the licensee may place a sticker or decal, issued by the Secretary of State, of uniform size as the Secretary may specify, that shall indicate in appropriate language that the owner of the license has renewed his or her driver's license.

(h) A person who acts in good faith in accordance with the terms of this Section is not liable for damages in any civil action or subject to prosecution in any criminal proceeding for his or her act.

New matter indicated by italics - deletions by strikeout
(a) To adopt a corporate seal and alter the same at pleasure; to sue and be sued; and to contract in furtherance of any of its corporate purposes.

(b) (1) To acquire by gift, legacy, grant or purchase, or by condemnation in the manner provided for the exercise of the power of eminent domain under the Eminent Domain Act, any and all real estate, or rights therein necessary for building, laying out, extending, adorning and maintaining any such parks, boulevards and driveways, or for effecting any of the powers or purposes granted under this Code as its board may deem proper, whether such lands be located within or without such district; but no park district, except as provided in paragraph (2) of this subsection, shall have any power of condemnation in the manner provided for the exercise of the power of eminent domain under the Eminent Domain Act or otherwise as to any real estate, lands, riparian rights or estate, or other property situated outside of such district, but shall only have power to acquire the same by gift, legacy, grant or purchase, and such district shall have the same control of and power over lands so acquired without the district as over parks, boulevards and driveways within such district.

(2) In addition to the powers granted in paragraph (1) of subsection (b), a park district located in more than one county, the majority of its territory located in a county over 450,000 in population and none of its territory located in a county over 1,000,000 in population, shall have condemnation power in the manner provided for the exercise of the power of eminent domain under the Eminent Domain Act or as otherwise granted by law as to any and all real estate situated up to one mile outside of such district which is not within the boundaries of another park district.

(c) To acquire by gift, legacy or purchase any personal property necessary for its corporate purposes provided that all contracts for supplies, materials or work involving an expenditure in excess of $20,000 shall be let to the lowest responsible bidder after due advertisement. No district shall be required to accept a bid that does not meet the district's established specifications, terms of delivery, quality, and serviceability requirements. Contracts which, by their nature, are not adapted to award by competitive bidding, such as contracts for the services of individuals possessing a high degree of professional skill where the ability or fitness of the individual plays an important part, contracts for the printing of finance committee reports and departmental reports, contracts for the printing or engraving of bonds, tax warrants and other evidences of indebtedness, contracts for utility services such as water, light, heat,
telephone or telegraph, contracts for the use, purchase, delivery, movement, or installation of data processing equipment, software, or services and telecommunications and interconnect equipment, software, or services, contracts for duplicating machines and supplies, contracts for goods or services procured from another governmental agency, purchases of equipment previously owned by some entity other than the district itself, and contracts for the purchase of magazines, books, periodicals, pamphlets and reports are not subject to competitive bidding. Contracts for emergency expenditures are also exempt from competitive bidding when the emergency expenditure is approved by 3/4 of the members of the board.

All competitive bids for contracts involving an expenditure in excess of $20,000 must be sealed by the bidder and must be opened by a member or employee of the park board at a public bid opening at which the contents of the bids must be announced. Each bidder must receive at least 3 days notice of the time and place of the bid opening.

For purposes of this subsection, "due advertisement" includes, but is not limited to, at least one public notice at least 10 days before the bid date in a newspaper published in the district or, if no newspaper is published in the district, in a newspaper of general circulation in the area of the district.

(d) To pass all necessary ordinances, rules and regulations for the proper management and conduct of the business of the board and district and to establish by ordinance all needful rules and regulations for the government and protection of parks, boulevards and driveways and other property under its jurisdiction, and to effect the objects for which such districts are formed.

(e) To prescribe such fines and penalties for the violation of ordinances as it shall deem proper not exceeding $1,000 for any one offense, which fines and penalties may be recovered by an action in the name of such district in the circuit court for the county in which such violation occurred. The park district may also seek in the action, in addition to or instead of fines and penalties, an order that the offender be required to make restitution for damage resulting from violations, and the court shall grant such relief where appropriate. The procedure in such actions shall be the same as that provided by law for like actions for the violation of ordinances in cities organized under the general laws of this State, and offenders may be imprisoned for non-payment of fines and costs.

(f) To manage and control all officers and property of such districts and to provide for joint ownership with one or more cities, villages or incorporated towns of real and personal property used for park purposes by one or more park districts. In case of joint ownership, the terms of the agreement shall be fair, just and equitable to all parties and shall be set forth in a written agreement entered into by the corporate authorities of each participating district, city, village or incorporated town.

(g) To secure grants and loans, or either, from the United States Government, or any agency or agencies thereof, for financing the acquisition or purchase of any and all real estate, or rights therein, or for effecting any of the powers or purposes granted under this Code as its Board may deem proper.

(h) To establish fees for the use of facilities and recreational programs of the districts and to derive revenue from non-resident fees from their operations. Fees charged non-residents of such district need not be the same as fees charged to residents of the district. Charging fees or deriving revenue from the facilities and recreational programs shall not affect the right to assert or utilize any defense or immunity, common law or statutory, available to the districts or their employees.

(i) To make contracts for a term exceeding one year, but not to exceed 3 years, notwithstanding any provision of this Code to the contrary, relating to: (1) the employment of a park director, superintendent, administrator, engineer, health officer, land planner, finance director, attorney, police chief, or other officer who requires technical training or knowledge; (2) the employment of outside professional consultants such as engineers, doctors, land planners, auditors, attorneys, or other professional consultants who require technical training or knowledge; and (3) the provision of data processing equipment and services; and (4) the purchase of energy from a utility or an alternative retail electric supplier. With respect to any contract made under this subsection (i), the corporate authorities shall include in the annual appropriation ordinance for each fiscal year an appropriation of a sum of money sufficient to pay the amount which, by the terms of the contract, is to become due and payable during that fiscal year.

(j) To enter into licensing or management agreements with not-for-profit corporations organized under the laws of this State to operate park
district facilities if the corporation covenants to use the facilities to provide public park or recreational programs for youth.

Section 1. Legislative findings. In 1997, Public Act 90-502 established the Drycleaner Environmental Response Trust Fund (Trust Fund) in response to requests by operators of retail drycleaning facilities to have financial resources available to pay for the cleanup of spills and leaks from drycleaning machines and solvent storage units.

The purpose of the Trust Fund is to pay for the remediation of soil and groundwater contamination at both inactive and active drycleaner sites, as well as prevent future spills and leaks of drycleaning solvent.

The Trust Fund consists of three primary programs: a licensing program, an insurance program, and a remedial program.

The Trust Fund is financed by an annual license fee on active drycleaning facilities; a solvent fee tax charged on each gallon of drycleaning solvent purchased; and insurance premiums for pollution liability insurance coverage.

A private company currently provides third-party administrative services for the Trust Fund, including, but not limited to: receiving and processing license applications, receiving and processing applications for insurance coverage, receiving and processing claims, and furnishing other accounting and record-keeping services.

Over the course of its operation, the Trust Fund has paid over $31 million for remedial action and insurance claims.

The Trust Fund currently has a backlog of unpaid claims totaling $27 million.
There are approximately 230 sites that still need to be remediated using moneys in the Trust Fund.

Under the current system, the Trust Fund's existing funding sources will not be sufficient to keep up with projected costs and remedial action and insurance claims; thereby increasing the potential for drycleaning solvent releases to impact a larger number of drinking water supplies and threatening many others across the State.

The most recent estimate of reimbursement fund balance reveals the Trust Fund is projected to have a deficit of $14 million by its sunset date of January 1, 2020.

Most drycleaners are small, independently-owned businesses, and if the Trust Fund is not solvent, drycleaners may not be able to remediate solvent releases in a responsible manner.

The General Assembly finds that it is necessary to form a Task Force to study the resource challenges and implementation issues that the Trust Fund currently faces.

Section 5. The Drycleaner Environmental Response Trust Fund Act is amended by changing Section 45 and by adding Section 27 as follows:

(415 ILCS 135/27 new)

Sec. 27. Drycleaner Environmental Response Trust Fund Task Force.

(a) There is created the Drycleaner Environmental Response Trust Fund Task Force ("Task Force"). The Task Force shall study the resource challenges and implementation issues that the Fund faces and make recommendations for adequately funding the Fund and for refining and improving the goals and implementation of the Trust Fund program. In conducting the study of the Trust Fund program, the Task Force shall consider appropriate changes to the existing program, including, but not limited to, the following: administration of the program, program eligibility, program goals, fee structures, administrative expenses, licensing requirements, benefits for participation, compliance assurance and continuing education standards, and sunset date.

(b) The Council shall be composed of the following members:

(1) Two members appointed by the Speaker of the House, one of whom shall be designated as co-chairperson of the Task Force;

(2) Two members appointed by the Minority Leader of the House;

(6) One person appointed by the Governor to represent the Drycleaner Environmental Response Trust Fund Council; and

(7) The Director of the Illinois Environmental Protection Agency, or his or her designee.

(c) The members of the Task Force shall serve without compensation.

(d) The Illinois Environmental Protection Agency shall provide administrative support to the Task Force.

(e) In making its determinations, the Task Force must hold at least 3 public meetings in 3 separate metropolitan areas of the State.

(f) The Task Force shall submit a report of its findings and recommendations, which shall include proposed legislation, to the Governor and to the General Assembly by no later than December 31, 2014.

(g) This Section is repealed on January 1, 2016.

(415 ILCS 135/45)
Sec. 45. Insurance account.

(a) The insurance account shall offer financial assurance for a qualified owner or operator of a drycleaning facility under the terms and conditions provided for under this Section. Coverage may be provided to either the owner or the operator of a drycleaning facility. The Council is not required to resolve whether the owner or operator, or both, are responsible for a release under the terms of an agreement between the owner and operator.

(b) The source of funds for the insurance account shall be as follows:

New matter indicated by italics - deletions by strikeout
(1) Moneys appropriated to the Council or moneys allocated to the insurance account by the Council according to the Fund budget approved by the Council.
(2) Moneys collected as an insurance premium, including service fees, if any.
(3) Investment income attributed to the insurance account by the Council.

(c) An owner or operator may purchase coverage of up to $500,000 per drycleaning facility subject to the terms and conditions under this Section and those adopted by the Council. Coverage shall be limited to remedial action costs associated with soil and groundwater contamination resulting from a release of drycleaning solvent at an insured drycleaning facility, including third-party liability for soil and groundwater contamination. Coverage is not provided for a release that occurred before the date of coverage.

(d) An owner or operator, subject to underwriting requirements and terms and conditions deemed necessary and convenient by the Council, may purchase insurance coverage from the insurance account provided that the drycleaning facility to be insured meets the following conditions:

(1) a site investigation designed to identify soil and groundwater contamination resulting from the release of a drycleaning solvent has been completed. The Council shall determine if the site investigation is adequate. This investigation must be completed by June 30, 2006. For drycleaning facilities that apply for insurance coverage after June 30, 2006, the site investigation must be completed prior to issuance of insurance coverage; and

(2) the drycleaning facility is participating in and meets all requirements of a dry cleaning compliance program approved by the Council.

(e) The annual premium for insurance coverage shall be:

(1) For the year July 1, 1999 through June 30, 2000, $250 per drycleaning facility.

(2) For the year July 1, 2000 through June 30, 2001, $375 per drycleaning facility.

(3) For the year July 1, 2001 through June 30, 2002, $500 per drycleaning facility.

(4) For the year July 1, 2002 through June 30, 2003, $625 per drycleaning facility.
(5) For subsequent years, an owner or operator applying for coverage shall pay an annual actuarially-sound insurance premium for coverage by the insurance account. The Council may approve Fund coverage through the payment of a premium established on an actuarially-sound basis, taking into consideration the risk to the insurance account presented by the insured. Risk factor adjustments utilized to determine actuarially-sound insurance premiums should reflect the range of risk presented by the variety of drycleaning systems, monitoring systems, drycleaning volume, risk management practices, and other factors as determined by the Council. As used in this item, "actuarially sound" is not limited to Fund premium revenue equaling or exceeding Fund expenditures for the general drycleaning facility population. Actuarially-determined premiums shall be published at least 180 days prior to the premiums becoming effective.

(e-5) If an insurer sends a second notice to an owner or operator demanding immediate payment of a past-due premium for insurance services provided pursuant to this Act, the demand for payment must offer a grace period of not less than 30 days during which the owner or operator shall be allowed to pay any premiums due. If payment is made during that period, coverage under this Act shall not be terminated for non-payment by the insurer.

(e-6) If an insurer terminates an owner or operator's coverage under this Act, the insurer must send a written notice to the owner or operator to inform him or her of the termination of that coverage, and that notice must include instructions on how to seek reinstatement of coverage, as well as information concerning any premiums or penalties that might be due.

(f) If coverage is purchased for any part of a year, the purchaser shall pay the full annual premium. The insurance premium is fully earned upon issuance of the insurance policy.

(g) The insurance coverage shall be provided with a $10,000 deductible policy.

(h) A future repeal of this Section shall not terminate the obligations under this Section or authority necessary to administer the obligations until the obligations are satisfied, including but not limited to the payment of claims filed prior to the effective date of any future repeal against the insurance account until moneys in the account are exhausted. Upon exhaustion of the moneys in the account, any remaining claims shall

be invalid. If moneys remain in the account following satisfaction of the obligations under this Section, the remaining moneys and moneys due the account shall be used to assist current insureds to obtain a viable insuring mechanism as determined by the Council after public notice and opportunity for comment.

The Illinois Department of Labor represented by the Attorney General is empowered to sue for injunctive relief against the awarding of any contract or the continuation of work under any contract for public works at a time when the prevailing wage prerequisites have not been met. Any contract for public works awarded at a time when the prevailing wage prerequisites had not been met shall be void as against public policy and the contractor is prohibited from recovering any damages for the voiding of the contract or pursuant to the terms of the contract. The contractor is limited to a claim for amounts actually paid for labor and materials supplied to the public body. Notice of such application shall be given by the board of park commissioners in some newspaper published in the county at least 10 days before the day named therein stating when the application will be made. All persons interested may appear before the circuit court either in person or by attorney when the application is made and object to the granting of the application. After hearing all persons interested, if the court deems the granting of the application to be for the public interest, it shall direct that the property mentioned in the application, or any part thereof, be sold and conveyed by the board of park commissioners upon such terms and conditions as the court may think proper.

(605 ILCS 125/23.1 new)

Sec. 23.1. Fatal accident memorial marker program.

(a) The fatal accident memorial marker program is intended to raise public awareness of reckless driving by emphasizing the dangers while affording families an opportunity to remember the victims of crashes involving reckless drivers.

(b) As used in this Section, "fatal accident memorial marker" means a marker on a highway in this State commemorating one or more persons who died as a proximate result of a crash caused by a driver who

committed an act of reckless homicide in violation of Section 9-3 or 9-3.2 of the Criminal Code of 1961 or the Criminal Code of 2012 or who otherwise caused the death of one or more persons through the operation of a motor vehicle.

(c) For purposes of the fatal accident memorial marker program in this Section, the provisions of Section 15 of this Act applicable to DUI memorial markers shall apply the same to fatal accident memorial markers.

(d) A fatal accident memorial marker shall consist of a white on blue panel bearing the message "Reckless Driving Costs Lives". At the request of the qualified relative, a separate panel bearing the words "In Memory of (victim's name)", followed by the date of the crash that was the proximate cause of the loss of the victim's life, shall be mounted below the primary panel.

(e) A fatal accident memorial marker may memorialize more than one victim who died as a result of the same crash. If one or more additional deaths subsequently occur in close proximity to an existing fatal accident memorial marker, the supporting jurisdiction may use the same marker to memorialize the subsequent death or deaths, by adding the names of the additional persons.

(f) A fatal accident memorial marker shall be maintained for at least 2 years from the date the last person was memorialized on the marker.

(g) The supporting jurisdiction has the right to install a marker at a location other than the location of the crash or to relocate a marker due to restricted room, property owner complaints, interference with essential traffic control devices, safety concerns, or other restrictions. In these cases, the sponsoring jurisdiction may select an alternate location.

(h) The Department shall secure the consent of any municipality before placing a fatal accident memorial marker within the corporate limits of the municipality.

(i) A fee in an amount to be determined by the supporting jurisdiction shall be charged to the qualified relative. The fee shall not exceed the costs associated with the fabrication, installation, and maintenance of the fatal accident memorial marker.

(j) The provisions of this Section shall apply to any fatal accident marker constructed on or after January 1, 2013.

AN ACT concerning local government.
Be it enacted by the People of the State of Illinois, represented in
the General Assembly:
Section 5. The Counties Code is amended by adding Section 5-1062.3 as follows:
(55 ILCS 5/5-1062.3 new)
Sec. 5-1062.3. Stormwater management; DuPage and Peoria Counties.
(a) The purpose of this Section is to allow management and mitigation of the effects of urbanization on stormwater drainage in the metropolitan counties of DuPage and Peoria, and references to "county" in this Section apply only to those counties. This Section does not apply to a municipality that only partially lies within one of these counties and, on the effective date of this amendatory Act of the 98th General Assembly, is served by an existing Section in the Counties Code regarding stormwater management. The purpose of this Section shall be achieved by:
(1) consolidating the existing stormwater management framework into a united, countywide structure;
(2) setting minimum standards for floodplain and stormwater management; and
(3) preparing a countywide plan for the management of stormwater runoff, including the management of natural and man-made drainageways. The countywide plan may incorporate watershed plans.
(b) A stormwater management planning committee may be established by county board resolution, with its membership consisting of equal numbers of county board and municipal representatives from each county board district, and such other members as may be determined by the county and municipal members. If the county has more than 6 county board districts, however, the county board may by ordinance divide the county into not less than 6 areas of approximately equal population, to be
used instead of county board districts for the purpose of determining representation on the stormwater management planning committee.

The county board members shall be appointed by the chairman of the county board. Municipal members from each county board district or other represented area shall be appointed by a majority vote of the mayors of those municipalities that have the greatest percentage of their respective populations residing in that county board district or other represented area. All municipal and county board representatives shall be entitled to a vote; the other members shall be nonvoting members, unless authorized to vote by the unanimous consent of the municipal and county board representatives. A municipality that is located in more than one county may choose, at the time of formation of the stormwater management planning committee and based on watershed boundaries, to participate in the stormwater management planning program of either county. Subcommittees of the stormwater management planning committee may be established to serve a portion of the county or a particular drainage basin that has similar stormwater management needs. The stormwater management planning committee shall adopt bylaws, by a majority vote of the county and municipal members, to govern the functions of the committee and its subcommittees. Officers of the committee shall include a chair and vice chair, one of whom shall be a county representative and one a municipal representative.

The principal duties of the committee shall be to develop a stormwater management plan for presentation to and approval by the county board, and to direct the plan's implementation and revision. The committee may retain engineering, legal, and financial advisors and inspection personnel. The committee shall meet at least quarterly and shall hold at least one public meeting during the preparation of the plan and prior to its submittal to the county board. The committee may make grants to units of local government that have adopted an ordinance requiring actions consistent with the stormwater management plan and to landowners for the purposes of stormwater management, including special projects; use of the grant money must be consistent with the stormwater management plan.

The committee shall not have or exercise any power of eminent domain.

(c) In the preparation of a stormwater management plan, a county stormwater management planning committee shall coordinate the planning process with each adjoining county to ensure that recommended
stormwater projects will have no significant impact on the levels or flows of stormwaters in inter-county watersheds or on the capacity of existing and planned stormwater retention facilities. An adopted stormwater management plan shall identify steps taken by the county to coordinate the development of plan recommendations with adjoining counties.

(d) The stormwater management committee may not enforce any rules or regulations that would interfere with (i) any power granted by the Illinois Drainage Code (70 ILCS 605/) to operate, construct, maintain, or improve drainage systems or (ii) the ability to operate, maintain, or improve the drainage systems used on or by land or a facility used for production agriculture purposes, as defined in the Use Tax Act (35 ILCS 105/), except newly constructed buildings and newly installed impervious paved surfaces. Disputes regarding an exception shall be determined by a mutually agreed upon arbitrator paid by the disputing party or parties.

(e) Before the stormwater management planning committee recommends to the county board a stormwater management plan for the county or a portion thereof, it shall submit the plan to the Office of Water Resources of the Department of Natural Resources for review and recommendations. The Office, in reviewing the plan, shall consider such factors as impacts on the levels or flows in rivers and streams and the cumulative effects of stormwater discharges on flood levels. The Office of Water Resources shall determine whether the plan or ordinances enacted to implement the plan complies with the requirements of subsection (f). Within a period not to exceed 60 days, the review comments and recommendations shall be submitted to the stormwater management planning committee for consideration. Any amendments to the plan shall be submitted to the Office for review.

(f) Prior to recommending the plan to the county board, the stormwater management planning committee shall hold at least one public hearing thereon and shall afford interested persons an opportunity to be heard. The hearing shall be held in the county seat. Notice of the hearing shall be published at least once and no less than 15 days in advance of the hearing in a newspaper of general circulation published in the county. The notice shall state the time and place of the hearing and the place where copies of the proposed plan will be accessible for examination by interested parties. If an affected municipality having a stormwater management plan adopted by ordinance wishes to protest the proposed county plan provisions, it shall appear at the hearing and submit in writing specific proposals to the stormwater management planning committee.
committee. After consideration of the matters raised at the hearing, the committee may amend or approve the plan and recommend it to the county board for adoption.

The county board may enact the proposed plan by ordinance. If the proposals for modification of the plan made by an affected municipality having a stormwater management plan are not included in the proposed county plan, and the municipality affected by the plan opposes adoption of the county plan by resolution of its corporate authorities, approval of the county plan shall require an affirmative vote of at least two-thirds of the county board members present and voting. If the county board wishes to amend the county plan, it shall submit in writing specific proposals to the stormwater management planning committee. If the proposals are not approved by the committee, or are opposed by resolution of the corporate authorities of an affected municipality having a municipal stormwater management plan, amendment of the plan shall require an affirmative vote of at least two-thirds of the county board members present and voting.

(g) The county board may prescribe by ordinance reasonable rules and regulations for floodplain management and for governing the location, width, course, and release rate of all stormwater runoff channels, streams, and basins in the county, in accordance with the adopted stormwater management plan. Land, facilities, and drainage district facilities used for production agriculture as defined in subsection (d) shall not be subjected to regulation by the county board or stormwater management committee under this Section for floodplain management and for governing location, width, course, maintenance, and release rate of stormwater runoff channels, streams and basins, or water discharged from a drainage district. These rules and regulations shall, at a minimum, meet the standards for floodplain management established by the Office of Water Resources and the requirements of the Federal Emergency Management Agency for participation in the National Flood Insurance Program. With respect to DuPage County only, the Chicago Metropolitan Agency for Planning may not impose more stringent regulations regarding water quality on entities discharging in accordance with a valid National Pollution Discharge Elimination System permit issued under the Environmental Protection Act.

(h) For the purpose of implementing this Section and for the development, design, planning, construction, operation, and maintenance of stormwater facilities provided for in the adopted stormwater management plan, a county board that has established a stormwater

New matter indicated by italics - deletions by strikeout
management planning committee pursuant to this Section or has participated in a stormwater management planning process may adopt a schedule of fees applicable to all real property within the county which benefits from the county's stormwater management facilities and activities, and as may be necessary to mitigate the effects of increased stormwater runoff resulting from development. The total amount of the fees assessed must be specifically and uniquely attributable to the actual costs of the county in the preparation, administration, and implementation of the adopted stormwater management plan, construction and maintenance of stormwater facilities, and other activities related to the management of the runoff from the property. The individual fees must be specifically and uniquely attributable to the portion of the actual cost to the county of managing the runoff from the property. The fees shall be used to finance activities undertaken by the county or its included municipalities to mitigate the effects of urban stormwater runoff by providing and maintaining stormwater collection, retention, detention, and particulate treatment facilities, and improving water bodies impacted by stormwater runoff, as identified in the county plan. In establishing, maintaining, or replacing such facilities, the county shall not duplicate facilities operated by other governmental bodies within its corporate boundaries. The schedule of fees established by the county board shall include a procedure for a full or partial fee waiver for property owners who have taken actions or put in place facilities that reduce or eliminate the cost to the county of providing stormwater management services to their property. The county board may also offer tax or fee rebates or incentive payments to property owners who construct, maintain, and use approved green infrastructure stormwater management devices or any other methods that reduce or eliminate the cost to the county of providing stormwater management services to the property, including but not limited to facilities that reduce the volume, temperature, velocity, and pollutant load of the stormwater managed by the county, such as systems that infiltrate, evapotranspirate, or harvest stormwater for reuse, known as "green infrastructure". In exercising this authority, the county shall provide notice to the municipalities within their jurisdictions of any fees proposed under this Section and seek the input of each municipality with respect to the calculation of the fees. The county shall also give property owners at least 2 years' notice of the fee, during which time the county shall provide education on green infrastructure practices and an opportunity to take action to reduce or eliminate the fee. All these fees collected by the county
shall be held in a separate fund, and shall be expended only in the watershed within which they were collected. The county may enter into intergovernmental agreements with other government bodies for the joint administration of stormwater management and the collection of the fees authorized in this Section.

A fee schedule authorized by this subsection must have the same limit as the authorized stormwater tax. In Peoria County only, the fee schedule shall not be adopted unless (i) a referendum has been passed approving a stormwater tax as provided in subsection (i) of this Section; or (ii) the question of the adoption of a fee schedule with the same limit as the authorized stormwater tax has been approved in a referendum by a majority of those voting on the question.

(i) In the alternative to a fee imposed under subsection (h), the county board may cause an annual tax of not to exceed 0.20% of the value, as equalized or assessed by the Department of Revenue, of all taxable property in the county to be levied upon all the taxable property in the county. The property tax shall be in addition to all other taxes authorized by law to be levied and collected in the county and shall be in addition to the maximum tax rate authorized by law for general county purposes. The 0.20% limitation provided in this Section may be increased or decreased by referendum in accordance with the provisions of Sections 18-120, 18-125, and 18-130 of the Property Tax Code (35 ILCS 200).

Any revenues generated as a result of ownership or operation of facilities or land acquired with the tax funds collected pursuant to this subsection shall be held in a separate fund and be used either to abate such property tax or for implementing this Section.

If at least part of the county has been declared by a presidential proclamation after July 1, 1986 and before December 31, 1987, to be a disaster area as a result of flooding, the tax authorized by this subsection does not require approval by referendum. However, in Peoria County, the tax authorized by this subsection shall not be levied until the question of its adoption, either for a specified period or indefinitely, has been submitted to the electors thereof and approved by a majority of those voting on the question. This question may be submitted at any election held in the county after the adoption of a resolution by the county board providing for the submission of the question to the electors of the county. The county board shall certify the resolution and proposition to the proper election officials, who shall submit the proposition at an election in accordance with the general election law. If a majority of the votes cast on
the question is in favor of the levy of the tax, it may thereafter be levied in
the county for the specified period or indefinitely, as provided in the
proposition. The question shall be put in substantially the following form:

Shall an annual tax be levied for stormwater management
purposes (for a period of not more than ..... years) at a rate not
exceeding .....% of the equalized assessed value of the taxable
property of ..... County?
Votes shall be recorded as Yes or No.

The following question may be submitted at any election held in
the county after the adoption of a resolution by the county board providing
for the submission of the question to the electors of the county to authorize
adoption of a schedule of fees applicable to all real property within the
county:

Shall the county board be authorized to adopt a schedule of
fees, at a rate not exceeding that of the stormwater management
tax, applicable to all real property for preparation, administration,
and implementation of an adopted stormwater management plan,
construction and maintenance of related facilities, and
management of the runoff from the property?
Votes shall be recorded as Yes or No.

If these questions have been approved by a majority of those voting
prior to the effective date of this amendatory Act of the 98th General
Assembly, this subsection does not apply.

(j) For those counties that adopt a property tax in accordance with
the provisions in this Section, the stormwater management committee shall
offer property tax abatements or incentive payments to property owners
who construct, maintain, and use approved stormwater management
devices. The stormwater management committee is authorized to offer
credits to the property tax, if applicable, based on authorized practices
consistent with the stormwater management plan and approved by the
committee. Expenses of staff of a stormwater management committee that
are expended on regulatory project review may be no more than 20% of
the annual budget of the committee, including funds raised under
subsections (h) and (i).

(k) Upon the creation and implementation of a county stormwater
management plan, the county may petition the circuit court to dissolve any
or all drainage districts created pursuant to the Illinois Drainage Code or
predecessor Acts which are located entirely within the area of the county
covered by the plan.

New matter indicated by italics - deletions by strikeout
However, any active drainage district implementing a plan that is consistent with and at least as stringent as the county stormwater management plan may petition the stormwater management planning committee for exception from dissolution. Upon filing of the petition, the committee shall set a date for hearing not less than 2 weeks, nor more than 4 weeks, from the filing thereof, and the committee shall give at least one week's notice of the hearing in one or more newspapers of general circulation within the district, and in addition shall cause a copy of the notice to be personally served upon each of the trustees of the district. At the hearing, the committee shall hear the district's petition and allow the district trustees and any interested parties an opportunity to present oral and written evidence. The committee shall render its decision upon the petition for exception from dissolution based upon the best interests of the residents of the district. In the event that the exception is not allowed, the district may file a petition within 30 days of the decision with the circuit court. In that case, the notice and hearing requirements for the court shall be the same as herein provided for the committee. The court shall likewise render its decision of whether to dissolve the district based upon the best interests of residents of the district.

The dissolution of any drainage district shall not affect the obligation of any bonds issued or contracts entered into by the district nor invalidate the levy, extension or collection of any taxes or special assessments upon the property in the former drainage district. All property and obligations of the former drainage district shall be assumed and managed by the county, and the debts of the former drainage district shall be discharged as soon as practicable.

If a drainage district lies only partly within a county that adopts a county stormwater management plan, the county may petition the circuit court to disconnect from the drainage district that portion of the district that lies within that county. The property of the drainage district within the disconnected area shall be assumed and managed by the county. The county shall also assume a portion of the drainage district's debt at the time of disconnection, based on the portion of the value of the taxable property of the drainage district which is located within the area being disconnected.

The operations of any drainage district that continues to exist in a county that has adopted a stormwater management plan in accordance with this Section shall be in accordance with the adopted plan.

(l) Any county that has adopted a county stormwater management plan under this Section may, after 10 days written notice receiving consent of the owner or occupant, enter upon any lands or waters within the county for the purpose of inspecting stormwater facilities or causing the removal of any obstruction to an affected watercourse. If consent is denied or cannot be reasonably obtained, the county ordinance shall provide a process or procedure for an administrative warrant to be obtained. The county shall be responsible for any damages occasioned thereby.

(m) Except as otherwise provided in subsection (a) of this Section, upon petition of the municipality, and based on a finding of the stormwater management planning committee, the county shall not enforce rules and regulations adopted by the county in any municipality located wholly or partly within the county that has a municipal stormwater management ordinance that is consistent with and at least as stringent as the county plan and ordinance, and is being enforced by the municipal authorities. On issues that the county ordinance is more stringent as deemed by the committee, the county shall only enforce rules and regulations adopted by the county on the more stringent issues and accept municipal permits. The county shall have no more than 60 days to review permits or the permits shall be deemed approved.

(n) A county may issue general obligation bonds for implementing any stormwater plan adopted under this Section in the manner prescribed in Section 5-1012; except that the referendum requirement of Section 5-1012 does not apply to bonds issued pursuant to this Section on which the principal and interest are to be paid entirely out of funds generated by the taxes and fees authorized by this Section.

(o) A county that has adopted a fee schedule pursuant to this Section may not thereafter issue any bond extensions related to implementing a stormwater management plan.

(p) The powers authorized by this Section may be implemented by the county board for a portion of the county subject to similar stormwater management needs.

(q) The powers and taxes authorized by this Section are in addition to the powers and taxes authorized by Division 5-15; in exercising its powers under this Section, a county shall not be subject to the restrictions and requirements of that Division.

(r) Stormwater management projects and actions related to stormwater management in a county that has adopted a fee schedule or tax pursuant to this Section prior to the effective date of this amendatory
Act of the 98th General Assembly are not altered by this amendatory Act of the 98th General Assembly.

Sec. 11-605.1. Special limit while traveling through a highway construction or maintenance speed zone.
(a) A person may not operate a motor vehicle in a construction or maintenance speed zone at a speed in excess of the posted speed limit when workers are present.

New matter indicated by italics - deletions by strikeout
(a-5) A person may not operate a motor vehicle in a construction or maintenance speed zone at a speed in excess of the posted speed limit when workers are not present.

(b) Nothing in this Chapter prohibits the use of electronic speed-detecting devices within 500 feet of signs within a construction or maintenance speed zone indicating the zone, as defined in this Section, nor shall evidence obtained by use of those devices be inadmissible in any prosecution for speeding, provided the use of the device shall apply only to the enforcement of the speed limit in the construction or maintenance speed zone.

(c) As used in this Section, a "construction or maintenance speed zone" is an area in which the Department, Toll Highway Authority, or local agency has posted signage advising drivers that a construction or maintenance speed zone is being approached, or in which the Department, Authority, or local agency has posted a lower speed limit with a highway construction or maintenance speed zone special speed limit sign after determining that the preexisting established speed limit through a highway construction or maintenance project is greater than is reasonable or safe with respect to the conditions expected to exist in the construction or maintenance speed zone.

If it is determined that the preexisting established speed limit is safe with respect to the conditions expected to exist in the construction or maintenance speed zone, additional speed limit signs which conform to the requirements of this subsection (c) shall be posted.

Highway construction or maintenance speed zone special speed limit signs shall be of a design approved by the Department. The signs must give proper due warning that a construction or maintenance speed zone is being approached and must indicate the maximum speed limit in effect. The signs also must state the amount of the minimum fine for a violation.

(d) A first violation of this Section is a petty offense with a minimum fine of $250. A second or subsequent violation of this Section is a petty offense with a minimum fine of $750.

into that county's Transportation Safety Highway Hire-back Fund. In the case of a second or subsequent violation of this Section, if the fine is $750 or greater, the person who violated this Section shall be charged an additional $250, which shall be deposited into the Transportation Safety Highway Hire-back Fund in the State treasury, unless (i) the violation occurred on a highway other than an interstate highway and (ii) a county police officer wrote the ticket for the violation, in which case the $250 shall be deposited into that county's Transportation Safety Highway Hire-back Fund.

(e-5) The Department of State Police and the local county police department have concurrent jurisdiction over any violation of this Section that occurs on an interstate highway.

(f) The Transportation Safety Highway Hire-back Fund, which was created by Public Act 92-619, shall continue to be a special fund in the State treasury. Subject to appropriation by the General Assembly and approval by the Secretary, the Secretary of Transportation shall use all moneys in the Transportation Safety Highway Hire-back Fund to hire off-duty Department of State Police officers to monitor construction or maintenance zones.

(f-5) Each county shall create a Transportation Safety Highway Hire-back Fund. The county shall use all moneys in its Transportation Safety Highway Hire-back Fund to hire off-duty county police officers to monitor construction or maintenance zones in that county on highways other than interstate highways.

(g) For a second or subsequent violation of this Section within 2 years of the date of the previous violation, the Secretary of State shall suspend the driver's license of the violator for a period of 90 days. This suspension shall only be imposed if the current violation of this Section and at least one prior violation of this Section occurred during a period when workers were present in the construction or maintenance zone.

5. In enforcing this Section, the Department, upon a showing of a possible violation, may compel any individual who is registered under this Act or any individual who has applied for registration to submit to a mental or physical examination or evaluation, or both, which may include a substance abuse or sexual offender evaluation, at the expense of the Department. The Department shall specifically designate the examining physician licensed to practice medicine in all of its branches or, if applicable, the multidisciplinary team involved in providing the mental or physical examination and evaluation. The multidisciplinary team shall be
led by a physician licensed to practice medicine in all of its branches and may consist of one or more or a combination of physicians licensed to practice medicine in all of its branches, licensed chiropractic physicians, licensed clinical psychologists, licensed clinical social workers, licensed clinical professional counselors, and other professional and administrative staff. The Department may order the examining physician or any member of the multidisciplinary team to provide to the Department any and all records, including business records, that relate to the examination and evaluation, including any supplemental testing performed. No information, report, record, or other documents in any way related to the examination and evaluation shall be excluded by reason of any common law or statutory privilege relating to communication between the licensee or applicant and the examining physician or any member of the multidisciplinary team. No authorization is necessary from the registrant or applicant ordered to undergo an evaluation and examination for the examining physician or any member of the multidisciplinary team to provide information, reports, records, or other documents or to provide any testimony regarding the examination and evaluation. The individual to be examined may have, at his or her own expense, another physician of his or her choice present during all aspects of the examination.

Failure of any individual to submit to mental or physical examination or evaluation, or both, when directed, shall result in an automatic suspension without hearing, until such time as the individual submits to the examination. The license must remain suspended until the person submits to the examination or the Board finds, after notice and hearing, that the refusal to submit to the examination was with reasonable cause.

If the Board finds an individual unable to practice because of the reasons set forth in this Section, the Board must require the individual to submit to care, counseling, or treatment by a physician or clinical psychologist approved by the Board, as a condition, term, or restriction for continued, reinstated, or renewed licensure to practice. In lieu of care, counseling, or treatment, the Board may recommend that the Department file a complaint to immediately suspend or revoke the license of the individual or otherwise discipline the licensee.

Section 5. Legislative purpose. It is the purpose of this Act and the policy of this State to provide the structure and criteria necessary to ensure that the State processes for procuring freight, small package delivery, and other forms of cargo transport and shipping services take into consideration not only cost and quality, but also vendors' commitment to, and execution of, best environmental practices.

Section 10. Contracts for the procurement of freight, small package delivery, and other cargo shipping and transportation services.

(a) The State's Chief Procurement Officers shall, in consultation with the Illinois Environmental Protection Agency, develop a sustainability program for the State's procurement of shipping and transportation services for freight, small package delivery, and other forms of cargo.

(b) State contracts for the procurement of freight, small package delivery, and other cargo shipping and transportation services shall require providers to report, using generally accepted reporting protocols adopted by the Agency for that purpose:

1. the amount of energy the service provider consumed to provide those services to the State and the amount of associated greenhouse gas emissions, including energy use and greenhouse gases emitted as a result of the provider's use of electricity in its facilities;

2. the energy use and greenhouse gas emissions by the service provider's subcontractors in the performance of those services.

(c) The State's solicitation for the procurement of freight, small package delivery, and other cargo shipping and transportation services shall be subject to the Illinois Procurement Code and shall:

(H) their energy intensity per unit of output delivered;
(I) how they will advance the environmental goals of the State; and
(J) opportunities to effectively neutralize the greenhouse gas emissions reported under subsection (b).

(d) In selecting providers for such services, the State, as part of a best value analysis of the responses to the State's solicitation:
(1) shall give appropriate weight to the disclosures in subdivision (c)(2) of this Section;
(2) shall give appropriate weight to the price and quality of the services being offered; and
(3) may accept from the service provider an optional offer at a reasonable cost of carbon neutral shipping in which the provider calculates the direct and indirect greenhouse gas emissions of the provider that are specified under subsection (b) above, and obtains independently verified carbon credits to offset those emissions and then retires the carbon credits.

(e) The Chief Procurement Officer identified under item (5) of Section 1-15.15 of the Illinois Procurement Code shall adopt rules to encourage all State agencies to use the least costly level of service or mode of transport (while distinguishing between express or air versus ground delivery) that can achieve on-time delivery for the product being transported and delivered.

The report shall include the number of people served in each pilot program and data on the impact of varying levels of legal assistance on access to justice, the effect on fair and efficient court administration, and the impact on government programs and community resources. This report shall describe the benefits of providing legal assistance to those who were previously unrepresented, both for the clients and the courts, and shall describe strategies and recommendations for maximizing the benefit of that representation in the future. The report shall include an assessment of the continuing unmet needs and, if available, data regarding those unmet needs.

AN ACT concerning State government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Mental Health and Developmental Disabilities Administrative Act is amended by changing Section 14 as follows:

(20 ILCS 1705/14) (from Ch. 91 1/2, par. 100-14)
Sec. 14. Chester Mental Health Center. To maintain and operate a facility for the care, custody, and treatment of persons with mental illness or habilitation of persons with developmental disabilities hereinafter designated, to be known as the Chester Mental Health Center.

Within the Chester Mental Health Center there shall be confined the following classes of persons, whose history, in the opinion of the Department, discloses dangerous or violent tendencies and who, upon examination under the direction of the Department, have been found a fit subject for confinement in that facility:

(a) Any male person who is charged with the commission of a crime but has been acquitted by reason of insanity as provided in Section 5-2-4 of the Unified Code of Corrections.

(b) Any male person who is charged with the commission of a crime but has been found unfit under Article 104 of the Code of Criminal Procedure of 1963.

(c) Any male person with mental illness or developmental disabilities or person in need of mental treatment now confined under the supervision of the Department or hereafter admitted to
any facility thereof or committed thereto by any court of competent jurisdiction.

If and when it shall appear to the facility director of the Chester Mental Health Center that it is necessary to confine persons in order to maintain security or provide for the protection and safety of recipients and staff, the Chester Mental Health Center may confine all persons on a unit to their rooms. This period of confinement shall not exceed 10 hours in a 24 hour period, including the recipient's scheduled hours of sleep, unless approved by the Secretary of the Department. During the period of confinement, the persons confined shall be observed at least every 15 minutes. A record shall be kept of the observations. This confinement shall not be considered seclusion as defined in the Mental Health and Developmental Disabilities Code.

The facility director of the Chester Mental Health Center may authorize the temporary use of handcuffs on a recipient for a period not to exceed 10 minutes when necessary in the course of transport of the recipient within the facility to maintain custody or security. Use of handcuffs is subject to the provisions of Section 2-108 of the Mental Health and Developmental Disabilities Code. The facility shall keep a monthly record listing each instance in which handcuffs are used, circumstances indicating the need for use of handcuffs, and time of application of handcuffs and time of release therefrom. The facility director shall allow the Illinois Guardianship and Advocacy Commission, the agency designated by the Governor under Section 1 of the Protection and Advocacy for Developmentally Disabled Persons Act, and the Department to examine and copy such record upon request.

The facility director of the Chester Mental Health Center may authorize the temporary use of transport devices on a civil recipient when necessary in the course of transport of the civil recipient outside the facility to maintain custody or security. The decision whether to use any transport devices shall be reviewed and approved on an individualized basis by a physician based upon a determination of the civil recipient's: (1) history of violence, (2) history of violence during transports, (3) history of escapes and escape attempts, (4) history of trauma, (5) history of incidents of restraint or seclusion and use of involuntary medication, (6) current functioning level and medical status, (7) prior experience during similar transports, and (8) the length, duration, and purpose of the transport. The least restrictive transport device consistent with the individual’s need shall be used. Staff transporting the individual shall be
trained in the use of the transport devices, recognizing and responding to a person in distress, and shall observe and monitor the individual while being transported. The facility shall keep a monthly record listing all transports, including those transports for which use of transport devices were not sought, those for which use of transport devices were sought but denied, and each instance in which transport devices are used, circumstances indicating the need for use of transport devices, time of application of transport devices, time of release from those devices, and any adverse events. The facility director shall allow the Illinois Guardianship and Advocacy Commission, the agency designated by the Governor under Section 1 of the Protection and Advocacy for Developmentally Disabled Persons Act, and the Department to examine and copy the record upon request. This use of transport devices shall not be considered restraint as defined in the Mental Health and Developmental Disabilities Code. For the purpose of this Section "transport device" means ankle cuffs, handcuffs, waist chains or wrist-waist devices designed to restrict an individual's range of motion while being transported. These devices must be approved by the Division of Mental Health, used in accordance with the manufacturer's instructions, and used only by qualified staff members who have completed all training required to be eligible to transport patients and all other required training relating to the safe use and application of transport devices, including recognizing and responding to signs of distress in an individual whose movement is being restricted by a transport device.

If and when it shall appear to the satisfaction of the Department that any person confined in the Chester Mental Health Center is not or has ceased to be such a source of danger to the public as to require his subjection to the regimen of the center, the Department is hereby authorized to transfer such person to any State facility for treatment of persons with mental illness or habilitation of persons with developmental disabilities, as the nature of the individual case may require.

Subject to the provisions of this Section, the Department, except where otherwise provided by law, shall, with respect to the management, conduct and control of the Chester Mental Health Center and the discipline, custody and treatment of the persons confined therein, have and exercise the same rights and powers as are vested by law in the Department with respect to any and all of the State facilities for treatment of persons with mental illness or habilitation of persons with developmental disabilities, and the recipients thereof, and shall be subject

(a) This Section applies beginning on July 1, 2012.
(b) The State Board of Education, in consultation with the State Educator Preparation and Licensure Board, shall design and implement a system of examinations, which shall be required prior to the issuance of educator licenses. These examinations and indicators must be based on national and State professional teaching standards, as determined by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board. The State Board of Education may adopt such rules as may be necessary to implement and administer this Section. (c) Applicants seeking a Professional Educator License or an Educator License with Stipulations shall be required to pass a test of basic skills before the license is issued, unless the endorsement the individual is seeking does not require passage of the test. All recognized institutions offering approved teacher preparation programs must begin phasing in the approved teacher performance assessment no later than July 1, 2013.

(g) Tests of basic skills and content area knowledge and the assessment of professional teaching shall be the tests that from time to time are designated by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board, and may be tests prepared by an educational testing organization or tests designed by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board. The areas to be covered by a test of basic skills shall include reading, language arts, and mathematics. The test of content area knowledge shall assess content knowledge in a specific subject field. The tests must be designed to be racially neutral to ensure that no person taking the tests is discriminated against on the basis of race, color, national origin, or other factors unrelated to the person's ability to perform as a licensed employee. The score required to pass the tests shall be fixed by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board. The tests shall be administered not fewer than 3 times a year at such time and place as may be designated by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board.

The individual to be examined may have, at his or her own expense, another physician of his or her choice present during all aspects of the examination.

Failure of any individual to submit to mental or physical examination and evaluation, or both, when directed, shall result in an automatic suspension without hearing, until such time as the individual submits to the examination. If the Department finds a licensee unable to practice because of the reasons set forth in this Section, the Department shall require the licensee to submit to care, counseling, or treatment by physicians approved or designated by the Department as a condition for continued, reinstated, or renewed licensure to practice.

When the Secretary immediately suspends a license under this Section, a hearing upon the person's license must be convened by the Department within 15 days after the suspension and completed without appreciable delay. The Department shall have the authority to review the licensee's record of treatment and counseling regarding the impairment to the extent permitted by applicable federal statutes and regulations safeguarding the confidentiality of medical records.
Individuals licensed under this Act affected under this Section shall be afforded an opportunity to demonstrate to the Department that they can resume practice in compliance with acceptable and prevailing standards under the provisions of their license.

(f) In cases where the Department of Healthcare and Family Services has previously determined a licensee or a potential licensee is more than 30 days delinquent in the payment of child support and has subsequently certified the delinquency to the Department, the Department may refuse to issue or renew or may revoke or suspend that person’s license or may take other disciplinary action against that person based solely upon the certification of delinquency made by the Department of Healthcare and Family Services in accordance with item (5) of subsection (a) of Section 2105-15 of the Department of Professional Regulation Law of the Civil Administrative Code of Illinois.

(g) All fines or costs imposed under this Section shall be paid within 60 days after the effective date of the order imposing the fine or costs or in accordance with the terms set forth in the order imposing the fine.

If the Department finds an individual unable to practice because of the reasons set forth in this Section, the Department may require that individual to submit to care, counseling, or treatment by physicians approved or designated by the Department, as a condition, term, or restriction for continued, reinstated, or renewed licensure to practice; or, in lieu of care, counseling, or treatment, the Department may file a complaint to immediately suspend, revoke, or otherwise discipline the license of the individual.

Any person whose license was granted, continued, reinstated, renewed, disciplined or supervised subject to such terms, conditions or restrictions, and who fails to comply with such terms, conditions or restrictions, shall be referred to the Director for a determination as to whether the person shall have his or her license suspended immediately, pending a hearing by the Department.
In instances in which the Director immediately suspends a person's license under this Section, a hearing on that person's license must be convened by the Department within 15 days after the suspension and completed without appreciable delay. The Department shall have the authority to review the subject person's record of treatment and counseling regarding the impairment, to the extent permitted by applicable federal statutes and regulations safeguarding the confidentiality of medical records.

Upon the filing of a verified petition in court, the court may issue a temporary restraining order, without notice or bond, and may preliminarily and permanently enjoin the violation. If it is established that the person has violated or is violating the injunction, the Court may punish the offender for contempt of court. The Department shall direct the applicant or licensee to file a written answer to the Department under oath within 20 days after the service of the notice and inform the applicant or licensee that failure to file an answer will result in default being taken against the applicant or licensee and that the license may be suspended, revoked, placed on probationary status, or other disciplinary or non-disciplinary action may be taken, including limiting the scope, nature, or extent of business as the Secretary Director may deem proper. Written notice may be served by personal delivery or certified or registered mail sent to the licensee's address of record respondent at the most recent address on record with the Department.

AN ACT concerning animals.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Domestic Animals Running At Large Act is amended by changing Sections 1.1, 1.2, and 3.1 as follows:

(510 ILCS 55/1.1) (from Ch. 8, par. 1.1)
Sec. 1.1. Definitions. As used in this Act, unless the context otherwise requires:

"Livestock", for the purposes of this Act only, means bison, cattle, swine, sheep, goats, equidae, camelids, ratites, or fowl or geese.

"Owner" means any person who (a) has a right of property in an animal, (b) keeps or harbors an animal, (c) has an animal in his care, or (d) acts as custodian of an animal.

"Person" means any individual, firm, association, partnership, corporation, or other legal entity, any public or private institution, the State of Illinois, or any municipal corporation or political subdivision of the State.

"Running at large" or "run at large" means livestock that strays from confinement or restraint and from the limits of the owner.

(Source: P.A. 84-28.)

(510 ILCS 55/1.2) (from Ch. 8, par. 1.2)
Sec. 1.2. A notice of a violation of this Act shall be given to the person or owner of livestock running at large if known and a maximum of 24 hours may be granted in which to make the necessary corrections if the violation is an accidental occurrence and an investigation reveals no
identifiable individual at fault. Any livestock allowed to run at large may be impounded at a facility capable of restraining such livestock. A notice of impoundment shall be delivered to the owner of such livestock in person or by certified mail.

Law enforcement officials such as State Police, County Sheriffs, or municipal police officers, animal control administrators, animal control officers, or authorized agents of the Illinois Department of Agriculture, or authorized agents of the Illinois Department of Natural Resources, or the owner or occupier of land may give notice and cause stray animals which trespass to be impounded.

The person or persons having stray livestock impounded shall make every reasonable effort to notify the owner or keeper of the impounded livestock where such livestock is impounded.

The person or persons requesting impoundment shall be held harmless of any liability for injury to or for any financial responsibility for such animals.

Stray animals may be impounded at any public stockyards, livestock auction markets or any other facilities willing to accept such animals for impoundment. The impounding facility and its owner or owners shall not be held liable for any injury or accrue any financial responsibility for such impounded animals.

Any expense incurred in such impoundment shall become a lien on the livestock impounded and must be discharged before the livestock are released from the facility. The livestock may be released to the owner prior to the expiration of the impoundment period if impoundment costs are satisfied and the owner provides evidence that he is capable of restraining the livestock from running at large. If the owner refuses or fails to provide such restraints, or the impounded animals are not claimed and incurred costs paid within the period of impoundment, such animals shall be sold either at a public auction, or through a public stockyard or a livestock auction market, offered for adoption, or humanely euthanized in accordance with this Section. Before any livestock can be sold, offered for adoption, or humanely euthanized as herein provided, the person or court requesting the impoundment shall have published notice of the intended sale, adoption, or euthanization thereof in a newspaper of general circulation in the area where the impounded animals were found to be running at large. If the impounded livestock is not claimed within 10 days after the date of publication of such notice, the livestock may be sold, offered for adoption, or humanely euthanized in accordance with this

Section. The proceeds of the sale shall be applied first to discharge the lien and costs associated with the sale of the livestock, and any balance shall be paid to the owner. If any court of competent jurisdiction issues any order concerning any impounded animal, such animal shall immediately pass to the jurisdiction and possession of the court bailiff of the jurisdiction in which the order was issued.

If the lien and costs of the associated sale of the livestock is determined to exceed the expected value of the animal, then the animal may be deemed adoptable by the animal control facility and may be offered for adoption. If no such placement is available, then the animal may be humanely euthanized.

Sec. 5-9-3. Default.
(a) An offender who defaults in the payment of a fine or any installment of that fine may be held in contempt and imprisoned for nonpayment. The court may issue a summons for his appearance or a warrant of arrest.

(b) Unless the offender shows that his default was not due to his intentional refusal to pay, or not due to a failure on his part to make a good faith effort to pay, the court may order the offender imprisoned for a term not to exceed 6 months if the fine was for a felony, or 30 days if the fine was for a misdemeanor, a petty offense or a business offense. Payment of the fine at any time will entitle the offender to be released, but imprisonment under this Section shall not satisfy the payment of the fine.

(c) If it appears that the default in the payment of a fine is not intentional under paragraph (b) of this Section, the court may enter an order allowing the offender additional time for payment, reducing the amount of the fine or of each installment, or revoking the fine or the unpaid portion.

(d) When a fine is imposed on a corporation or unincorporated organization or association, it is the duty of the person or persons authorized to make disbursement of assets, and their superiors, to pay the fine from assets of the corporation or unincorporated organization or association. The failure of such persons to do so shall render them subject to proceedings under paragraphs (a) and (b) of this Section.

(e) A default in the payment of a fine, fee, cost, order of restitution, judgment of bond forfeiture, judgment order of forfeiture, or any installment thereof may be collected by any and all means authorized for the collection of money judgments. The State's Attorney of the county in which the fine, fee, cost, order of restitution, judgment of bond forfeiture, or judgment order of forfeiture was imposed may retain attorneys and private collection agents for the purpose of collecting any default in
payment of any fine, fee, cost, order of restitution, judgment of bond forfeiture, judgment order of forfeiture, or installment thereof. An additional fee of 30% of the delinquent amount and each taxable court cost including, without limitation, costs of service of process, shall be charged to the offender for any amount of the fine, fee, cost, restitution, or judgment of bond forfeiture or installment of the fine, fee, cost, restitution, or judgment of bond forfeiture that remains unpaid after the time fixed for payment of the fine, fee, cost, restitution, or judgment of bond forfeiture by the court. The additional fee shall be payable to the State's Attorney in order to compensate the State's Attorney for costs incurred in collecting the delinquent amount. The State's Attorney may enter into agreements assigning any portion of the fee to the retained attorneys or the private collection agent retained by the State's Attorney. Any agreement between the State's Attorney and the retained attorneys or collection agents shall require the approval of the Circuit Clerk of that county. A default in payment of a fine, fee, cost, restitution, or judgment of bond forfeiture shall draw interest at the rate of 9% per annum.

Sec. 27.3a. Fees for automated record keeping, probation and court services operations, and State and Conservation Police operations.

1. The expense of establishing and maintaining automated record keeping systems in the offices of the clerks of the circuit court shall be borne by the county. To defray such expense in any county having established such an automated system or which elects to establish such a system, the county board may require the clerk of the circuit court in their county to charge and collect a court automation fee of not less than $1 nor more than $15 to be charged and collected by the clerk of the court. Such fee shall be paid at the time of filing the first pleading, paper or other appearance filed by each party in all civil cases or by the defendant in any felony, traffic, misdemeanor, municipal ordinance, or conservation case upon a judgment of guilty or grant of supervision, provided that the record keeping system which processes the case category for which the fee is charged is automated or has been approved for automation by the county board, and provided further that no additional fee shall be required if more than one party is presented in a single pleading, paper or other appearance. Such fee shall be collected in the manner in which all other fees or costs are collected.

1.1. Starting on July 6, 2012 (the effective date of Public Act 97-761) this amendatory Act of the 97th General Assembly and pursuant to an administrative order from the chief judge of the circuit or the presiding judge of the county authorizing such collection, a clerk of the circuit court in any county that imposes a fee pursuant to subsection 1 of this Section shall also charge and collect an additional $10 operations fee for probation and court services department operations.

This additional fee shall be paid by the defendant in any felony, traffic, misdemeanor, local ordinance, or conservation case upon a judgment of guilty or grant of supervision, except such $10 operations fee shall not be charged and collected in cases governed by Supreme Court Rule 529 in which the bail amount is $120 or less.

2. With respect to the fee imposed under subsection 1 of this Section, each clerk shall commence such charges and collections upon receipt of written notice from the chairman of the county board together with a certified copy of the board's resolution, which the clerk shall file of record in his office.

3. With respect to the fee imposed under subsection 1 of this Section, such fees shall be in addition to all other fees and charges of such
clerks, and assessable as costs, and may be waived only if the judge specifically provides for the waiver of the court automation fee. The fees shall be remitted monthly by such clerk to the county treasurer, to be retained by him in a special fund designated as the court automation fund. The fund shall be audited by the county auditor, and the board shall make expenditure from the fund in payment of any cost related to the automation of court records, including hardware, software, research and development costs and personnel related thereto, provided that the expenditure is approved by the clerk of the court and by the chief judge of the circuit court or his designate.

No Board member shall hold any other public office. A request for a hearing must be made to the Board in writing within 5 days after service of notice of the action of the Board. Notice of the action of the Board shall be served either by personal delivery or by certified mail, postage prepaid, to the aggrieved party. Notice served by certified mail shall be deemed complete on the business day following the date of such mailing. The Board shall conduct all requested hearings promptly and in reasonable order;

(2) To conduct all hearings pertaining to civil violations of this Act or rules and regulations promulgated hereunder;

(3) To promulgate such rules and regulations as in its judgment may be necessary to protect or enhance the credibility and integrity of gambling operations authorized by this Act and the regulatory process hereunder;

(4) To provide for the establishment and collection of all license and registration fees and taxes imposed by this Act and the rules and regulations issued pursuant hereto. All such fees and taxes shall be deposited into the State Gaming Fund;

(5) To provide for the levy and collection of penalties and fines for the violation of provisions of this Act and the rules and regulations promulgated hereunder. regarding any investigative procedures of the State which are
unnecessarily disruptive of gambling operations. The need to
inspect and investigate shall be presumed at all times. The
disruption of a licensee's operations shall be proved by clear and
convincing evidence, and establish that: (A) the procedures had no
reasonable law enforcement purposes, and (B) the procedures were
so disruptive as to unreasonably inhibit gambling operations;

(8) To hold at least one meeting each quarter of the fiscal
year. In addition, special meetings may be called by the Chairman
or any 2 Board members upon 72 hours written notice to each
member. All Board meetings shall be subject to the Open Meetings
Act. Three members of the Board shall constitute a quorum, and 3
votes shall be required for any final determination by the Board.
The Board shall keep a complete and accurate record of all its

a quorum for the transaction of any business, for the performance
of any duty, or for the exercise of any power which this Act
requires the Board members to transact, perform or exercise en

may conduct any hearing provided for under this Act or by Board
rule and may recommend findings and decisions to the Board. The
Board member or administrative law judge conducting such
hearing shall have all powers and rights granted to the Board in this
Act. The record made at the time of the hearing shall be reviewed
by the Board, or a majority thereof, and the findings and decision
of the majority of the Board shall constitute the order of the Board
in such case;

(9) To maintain records which are separate and distinct
from the records of any other State board or commission. Such
records shall be available for public inspection and shall accurately
reflect all Board proceedings;

(10) To file a written annual report with the Governor on or
before March 1 each year and such additional reports as the
Governor may request. The annual report shall include a statement of receipts and disbursements by the Board, actions taken by the Board, and any additional information and recommendations which the Board may deem valuable or which the Governor may request;

(11) (Blank);
(12) (Blank);
(13) To assume responsibility for administration and enforcement of the Video Gaming Act; and
(14) To adopt, by rule, a code of conduct governing Board members and employees that ensure, to the maximum extent possible, that persons subject to this Code avoid situations, relationships, or associations that may represent or lead to a conflict of interest.

(c) The Board shall have jurisdiction over and shall supervise all gambling operations governed by this Act. The Board shall have all powers necessary and proper to fully and effectively execute the provisions of this Act, including, but not limited to, the following:

(1) To investigate applicants and determine the eligibility of applicants for licenses and to select among competing applicants the applicants which best serve the interests of the citizens of Illinois.

(2) To have jurisdiction and supervision over all riverboat gambling operations in this State and all persons on riverboats where gambling operations are conducted.

Such rules and regulations are to provide for the prevention of practices detrimental to the public interest and for the best interests of riverboat gambling, including rules and regulations regarding the inspection of such riverboats and the review of any permits or licenses necessary to operate a riverboat under any laws or regulations applicable to riverboats, and to impose penalties for violations thereof.

(4) To enter the office, riverboats, facilities, or other places of business of a licensee, where evidence of the compliance or noncompliance with the provisions of this Act is likely to be found.

licensee or a holder of an occupational license for a violation, or institute appropriate legal action for enforcement, or both.

(6) To adopt standards for the licensing of all persons under this Act, as well as for electronic or mechanical gambling games, and to establish fees for such licenses.

(7) To adopt appropriate standards for all riverboats and facilities.

(8) To require that the records, including financial or other statements of any licensee under this Act, shall be kept in such manner as prescribed by the Board and that any such licensee involved in the ownership or management of gambling operations submit to the Board an annual balance sheet and profit and loss statement, list of the stockholders or other persons having a 1% or greater beneficial interest in the gambling activities of each licensee, and any other information the Board deems necessary in order to effectively administer this Act and all rules, regulations, orders and final decisions promulgated under this Act.

(9) To conduct hearings, issue subpoenas for the attendance of witnesses and subpoenas duces tecum for the production of books, records and other pertinent documents in accordance with the Illinois Administrative Procedure Act, and to administer oaths and affirmations to the witnesses, when, in the judgment of the Board, it is necessary to administer or enforce this Act or the Board rules.

(10) To prescribe a form to be used by any licensee involved in the ownership or management of gambling operations as an application for employment for their employees.

(11) To revoke or suspend licenses, as the Board may see fit and in compliance with applicable laws of the State regarding administrative procedures, and to review applications for the renewal of licenses. The Board may suspend an owner's license, without notice or hearing upon a determination that the safety or health of patrons or employees is jeopardized by continuing a riverboat's operation. The suspension may remain in effect until the Board determines that the cause for suspension has been abated. The Board may revoke the owner's license upon a determination that the owner has not made satisfactory progress toward abating the hazard.

(12) To eject or exclude or authorize the ejection or exclusion of, any person from riverboat gambling facilities where such person is in violation of this Act, rules and regulations thereunder, or final orders of the Board, or where such person's conduct or reputation is such that his presence within the riverboat gambling facilities may, in the opinion of the Board, call into question the honesty and integrity of the gambling operations or interfere with orderly conduct thereof; provided that the propriety of such ejection or exclusion is subject to subsequent hearing by the Board.

(13) To require all licensees of gambling operations to utilize a cashless wagering system whereby all players' money is converted to tokens, electronic cards, or chips which shall be used only for wagering in the gambling establishment.

(14) (Blank).

(15) To suspend, revoke or restrict licenses, to require the removal of a licensee or an employee of a licensee for a violation of this Act or a Board rule or for engaging in a fraudulent practice, and to impose civil penalties of up to $5,000 against individuals and up to $10,000 or an amount equal to the daily gross receipts, whichever is larger, against licensees for each violation of any provision of the Act, any rules adopted by the Board, any order of the Board or any other action which, in the Board's discretion, is a detriment or impediment to riverboat gambling operations.

(16) To hire employees to gather information, conduct investigations and carry out any other tasks contemplated under this Act.

(17) To establish minimum levels of insurance to be maintained by licensees.

(18) To authorize a licensee to sell or serve alcoholic liquors, wine or beer as defined in the Liquor Control Act of 1934 on board a riverboat and to have exclusive authority to establish the hours for sale and consumption of alcoholic liquor on board a riverboat, notwithstanding any provision of the Liquor Control Act of 1934 or any local ordinance, and regardless of whether the riverboat makes excursions. The establishment of the hours for sale and consumption of alcoholic liquor on board a riverboat is an exclusive power and function of the State. A home rule unit may not establish the hours for sale and consumption of alcoholic liquor
on board a riverboat. This amendatory Act of 1991 is a denial and limitation of home rule powers and functions under subsection (h) of Section 6 of Article VII of the Illinois Constitution.

(19) After consultation with the U.S. Army Corps of Engineers, to establish binding emergency orders upon the concurrence of a majority of the members of the Board regarding the navigability of water, relative to excursions, in the event of extreme weather conditions, acts of God or other extreme circumstances.

(20) To delegate the execution of any of its powers under this Act for the purpose of administering and enforcing this Act and its rules and regulations hereunder.

(20.5) To approve any contract entered into on its behalf.

(20.6) To appoint investigators to conduct investigations, searches, seizures, arrests, and other duties imposed under this Act, as deemed necessary by the Board. These investigators have and may exercise all of the rights and powers of peace officers, provided that these powers shall be limited to offenses or violations occurring or committed on a riverboat or dock, as defined in subsections (d) and (f) of Section 4, or as otherwise provided by this Act or any other law.

Section 10. The Video Gaming Act is amended by changing Section 15 as follows:

(230 ILCS 40/15)

Sec. 15. Minimum requirements for licensing and registration.

Every video gaming terminal offered for play shall first be tested and approved pursuant to the rules of the Board, and each video gaming terminal offered in this State for play shall conform to an approved model. For the examination of video gaming machines and associated equipment as required by this Section, the Board may utilize the services of one or more independent outside testing laboratories that have been accredited by a national accreditation body and that, in the judgment of the Board, are qualified to perform such examinations. Every video gaming terminal offered in this State for play must meet minimum standards set by an independent outside testing laboratory approved by the Board. Each approved model shall, at a minimum, meet the following criteria:

(1) It must conform to all requirements of federal law and regulations, including FCC Class A Emissions Standards.
(2) It must theoretically pay out a mathematically demonstrable percentage during the expected lifetime of the machine of all amounts played, which must not be less than 80%. The Board shall establish a maximum payout percentage for approved models by rule. Video gaming terminals that may be affected by skill must meet this standard when using a method of play that will provide the greatest return to the player over a period of continuous play.
(3) It must use a random selection process to determine the outcome of each play of a game. The random selection process must meet 99% confidence limits using a standard chi-squared test for (randomness) goodness of fit.
(4) It must display an accurate representation of the game outcome.

New matter indicated by italics - deletions by strikeout
(5) It must not automatically alter pay tables or any function of the video gaming terminal based on internal computation of hold percentage or have any means of manipulation that affects the random selection process or probabilities of winning a game.

(6) It must not be adversely affected by static discharge or other electromagnetic interference.

(7) It must be capable of detecting and displaying the following conditions during idle states or on demand: power reset; door open; and door just closed.

(8) It must have the capacity to display complete play history (outcome, intermediate play steps, credits available, bets placed, credits paid, and credits cashed out) for the most recent game played and 10 games prior thereto.

(9) The theoretical payback percentage of a video gaming terminal must not be capable of being changed without making a hardware or software change in the video gaming terminal, either on site or via the central communications system.

(10) Video gaming terminals must be designed so that replacement of parts or modules required for normal maintenance does not necessitate replacement of the electromechanical meters.

(11) It must have nonresettable meters housed in a locked area of the terminal that keep a permanent record of all cash inserted into the machine, all winnings made by the terminal printer, credits played in for video gaming terminals, and credits won by video gaming players. The video gaming terminal must provide the means for on-demand display of stored information as determined by the Board.

(12) Electronically stored meter information required by this Section must be preserved for a minimum of 180 days after a power loss to the service.

(13) It must have one or more mechanisms that accept cash in the form of bills. The mechanisms shall be designed to prevent obtaining credits without paying by stringing, slamming, drilling, or other means. If such attempts at physical tampering are made, the video gaming terminal shall suspend itself from operating until reset.

(14) It shall have accounting software that keeps an electronic record which includes, but is not limited to, the following: total cash inserted into the video gaming terminal; the
value of winning tickets claimed by players; the total credits
played; the total credits awarded by a video gaming terminal; and
pay back percentage credited to players of each video game.

(15) It shall be linked by a central communications system
to provide auditing program information as approved by the Board.
The central communications system shall use a standard industry
protocol, as defined by the Gaming Standards Association, and
shall have the functionality to enable the Board or its designee to
activate or deactivate individual gaming devices from the central
communications system. In no event may the communications
system approved by the Board limit participation to only one
manufacturer of video gaming terminals by either the cost in
implementing the necessary program modifications to
communicate or the inability to communicate with the central
communications system.

(16) The Board, in its discretion, may require video gaming
terminals to display Amber Alert messages if the Board makes a
finding that it would be economically and technically feasible and
pose no risk to the integrity and security of the central
communications system and video gaming terminals.

The Board may adopt rules to establish additional criteria to
preserve the integrity and security of video gaming in this State. The
central communications system vendor may not hold any license issued by
the Board under this Act.

An HIE and its business associate may, without a recipient's consent, use or disclose and re-disclose such information for HIE purposes or for such other purposes as are specifically allowed under this Act.

Sec. 9.6. HIE opt-out. The Illinois Health Information Exchange Authority shall, through appropriate rules, standards, or contractual obligations, which shall be binding upon any HIE, as defined under Section 2, require that participants of such HIE provide each recipient whose record is accessible through the health information exchange the reasonable opportunity to expressly decline the further disclosure of the record by the health information exchange to third parties, except to the extent permitted by law such as for purposes of public health reporting. These rules, standards, or contractual obligations shall permit a recipient to revoke a prior decision to opt-out or a decision not to opt-out. These rules, standards, or contractual obligations shall provide for written notice of a recipient's right to opt-out which directs the recipient to a health information exchange website containing (i) an explanation of the purposes of the health information exchange; and (ii) audio, visual, and written instructions on how to opt-out of participation in whole or in part to the extent possible. These rules, standards, or contractual obligations shall be reviewed annually and updated as the technical options develop.

The recipient shall be provided meaningful disclosure regarding the health information exchange, and the recipient's decision whether to opt-out should be obtained without undue inducement or any element of force, fraud, deceit, duress, or other form of constraint or coercion. To the extent that HIPAA, as specified in 45 CFR 164.508(b)(4), prohibits a covered entity from conditioning the provision of its services upon an individual's provision of an authorization, an HIE participant shall not condition the provision of its services upon a recipient's decision to opt-out of further disclosure of the record by an HIE to third parties. The Illinois Health Information Exchange Authority shall, through appropriate rules, standards, or contractual obligations, which shall be binding upon any HIE, as defined under Section 2, give consideration to the format and content of the meaningful disclosure and the availability to recipients of information regarding an HIE and the rights of recipients under this Section to expressly decline the further disclosure of the record by an HIE to third parties. The Illinois Health Information Exchange Authority shall also give annual consideration to enable a recipient to expressly decline...
the further disclosure by an HIE to third parties of selected portions of the recipient's record while permitting disclosure of the recipient's remaining patient health information. In establishing rules, standards, or contractual obligations binding upon HIEs under this Section to give effect to recipient disclosure preferences, the Illinois Health Information Exchange Authority in its discretion may consider the extent to which relevant health information technologies reasonably available to therapists and HIEs in this State reasonably enable the effective segmentation of specific information within a recipient's electronic medical record and reasonably enable the effective exclusion of specific information from disclosure by an HIE to third parties, as well as the availability of sufficient authoritative clinical guidance to enable the practical application of such technologies to effect recipient disclosure preferences. The provisions of this Section 9.6 shall not apply to the secure electronic transmission of data which is point-to-point communication directed by the data custodian. Any rules or standards promulgated under this Section which apply to HIEs shall be limited to that subject matter required by this Section and shall not include any requirement that an HIE enter a data sharing arrangement or otherwise participate with the Illinois Health Information Exchange. In connection with its annual consideration regarding the issue of segmentation of information within a medical record and prior to the adoption of any rules or standards regarding that issue, the Authority Board shall consider information provided by affected persons or organizations regarding the feasibility, availability, cost, reliability, and interoperability of any technology or process under consideration by the Board. Nothing in this Act shall be construed to limit the authority of the Illinois Health Information Exchange Authority to impose limits or conditions on consent for disclosures to or through any HIE, as defined under Section 2, which are more restrictive than the requirements under this Act or under HIPAA.

Sec. 4.04. Long Term Care Ombudsman Program. The purpose of the Long Term Care Ombudsman Program is to ensure that older persons and persons with disabilities receive quality services. The hearing shall be closed to the public unless the parents request that the hearing be open to the public. The parents involved in the hearing shall have the right to have the student who is the subject of the hearing present. The hearing shall be held at a time and place which are reasonably convenient to the parties involved. Upon the request of a party, the hearing officer shall hold the hearing at a location neutral to the parties if the hearing officer determines that there is no cost for securing the use of the neutral location. Once appointed, the impartial due process hearing officer shall not communicate with the State Board of Education or its employees concerning the hearing, except that, where circumstances require, communications for administrative purposes that do not deal with substantive or procedural matters or issues on the merits are authorized, provided that the hearing officer promptly notifies all parties of the substance of the communication as a matter of record.

district, within 10 days after receiving the request, the parent or student (if
at least 18 years of age or emancipated) shall provide the school district
with a response that specifically addresses the issues raised in the school
district's hearing request. The parent's or student's response shall be
provided in writing, unless he or she is illiterate or has a disability that
prevents him or her from providing a written response. The parent's or
student's response may be provided in his or her native language, if other
than English. In the event that illiteracy or another disabling condition
prevents the parent or student from providing a written response, the
school district shall assist the parent or student in providing the written
response.

(g-15) Within 15 days after receiving notice of the hearing request,
the non-requesting party may challenge the sufficiency of the request by
submitting its challenge in writing to the hearing officer. Within 5 days
after receiving the challenge to the sufficiency of the request, the hearing
officer shall issue a determination of the challenge in writing to the parties.
In the event that the hearing officer upholds the challenge, the party who
requested the hearing may, with the consent of the non-requesting party or
hearing officer, file an amended request. Amendments are permissible for
the purpose of raising issues beyond those in the initial hearing request. In
addition, the party who requested the hearing may amend the request once
as a matter of right by filing the amended request within 5 days after filing
the initial request. An amended request, other than an amended request as
a matter of right, shall be filed by the date determined by the hearing
officer, but in no event any later than 5 days prior to the date of the
hearing. If an amended request, other than an amended request as a matter
of right, raises issues that were not part of the initial request, the applicable
timeline for a hearing, including the timeline under subsection (g-20) of
this Section, shall recommence.

(g-20) Within 15 days after receiving a request for a hearing from a
parent or student (if at least 18 years of age or emancipated) or, in the

initiating the request, the school district shall convene a resolution meeting
with the parent and relevant members of the IEP team who have specific
knowledge of the facts contained in the request for the purpose of
resolving the problem that resulted in the request. The resolution meeting

shall include a representative of the school district who has decision-making authority on behalf of the school district. Unless the parent is accompanied by an attorney at the resolution meeting, the school district may not include an attorney representing the school district.

The resolution meeting may not be waived unless agreed to in writing by the school district and the parent or student (if at least 18 years of age or emancipated) or the parent or student (if at least 18 years of age or emancipated) and the school district agree in writing to utilize mediation in place of the resolution meeting. If either party fails to cooperate in the scheduling or convening of the resolution meeting, the hearing officer may order an extension of the timeline for completion of the resolution meeting or, upon the motion of a party and at least 7 days after ordering the non-cooperating party to cooperate, order the dismissal of the hearing request or the granting of all relief set forth in the request, as appropriate.

In the event that the school district and the parent or student (if at least 18 years of age or emancipated) agree to a resolution of the problem that resulted in the hearing request, the terms of the resolution shall be committed to writing and signed by the parent or student (if at least 18 years of age or emancipated) and the representative of the school district with decision-making authority. The agreement shall be legally binding and shall be enforceable in any State or federal court of competent jurisdiction. In the event that the parties utilize the resolution meeting process, the process shall continue until no later than the 30th day following the receipt of the hearing request by the non-requesting party (or as properly extended by order of the hearing officer) to resolve the issues underlying the request, at which time the timeline for completion of the impartial due process hearing shall commence. The State Board of Education may, by rule, establish additional procedures for the conduct of resolution meetings.

(g-25) If mutually agreed to in writing, the parties to a hearing request may request State-sponsored mediation as a substitute for the resolution process described in subsection (g-20) of this Section or may utilize mediation at the close of the resolution process if all issues underlying the hearing request have not been resolved through the resolution process.

(g-30) If mutually agreed to in writing, the parties to a hearing request may waive the resolution process described in subsection (g-20) of this Section. Upon signing a written agreement to waive the resolution process, the parties shall be bound by the terms of the agreement as if it were part of the resolution process.
process, the parties shall be required to forward the written waiver to the hearing officer appointed to the case within 2 business days following the signing of the waiver by the parties. The timeline for the impartial due process hearing shall commence on the date of the signing of the waiver by the parties.

(g-35) The timeline for completing the impartial due process hearing, as set forth in subsection (h) of this Section, shall be initiated upon the occurrence of any one of the following events:

1. The unsuccessful completion of the resolution process as described in subsection (g-20) of this Section.
2. The mutual agreement of the parties to waive the resolution process as described in subsection (g-25) or (g-30) of this Section.

(g-40) The hearing officer shall convene a prehearing conference no later than 14 days before the scheduled date for the due process hearing for the general purpose of aiding in the fair, orderly, and expeditious conduct of the hearing. The hearing officer shall provide the parties with written notice of the prehearing conference at least 7 days in advance of the conference. The written notice shall require the parties to notify the hearing officer by a date certain whether they intend to participate in the prehearing conference. The hearing officer may conduct the prehearing conference in person or by telephone. Each party shall at the prehearing conference (1) disclose whether it is represented by legal counsel or intends to retain legal counsel; (2) clarify matters it believes to be in dispute in the case and the specific relief being sought; (3) disclose whether there are any additional evaluations for the student that it intends to introduce into the hearing record that have not been previously disclosed to the other parties; (4) disclose a list of all documents it intends to introduce into the hearing record, including the date and a brief description of each document; and (5) disclose the names of all witnesses it intends to call to testify at the hearing. The hearing officer shall specify the order of presentation to be used at the hearing. If the prehearing conference is held by telephone, the parties shall transmit the information required in this paragraph in such a manner that it is available to all parties at the time of the prehearing conference. The State Board of Education may, by rule, establish additional procedures for the conduct of prehearing conferences.

(g-45) The impartial due process hearing officer shall not initiate or participate in any ex parte communications with the parties, except to
arrange the date, time, and location of the prehearing conference, due process hearing, or other status conferences convened at the discretion of the hearing officer and to receive confirmation of whether a party intends to participate in the prehearing conference.

(g-50) The parties shall disclose and provide to each other any evidence which they intend to submit into the hearing record no later than 5 days before the hearing. Any party to a hearing has the right to prohibit the introduction of any evidence at the hearing that has not been disclosed to that party at least 5 days before the hearing. The party requesting a hearing shall not be permitted at the hearing to raise issues that were not raised in the party's initial or amended request, unless otherwise permitted in this Section.

(g-55) All reasonable efforts must be made by the parties to present their respective cases at the hearing within a cumulative period of 7 days. When scheduling hearing dates, the hearing officer shall schedule the final day of the hearing no more than 30 calendar days after the first day of the hearing unless good cause is shown. This subsection (g-55) shall not be applied in a manner that (i) denies any party to the hearing a fair and reasonable allocation of time and opportunity to present its case in its entirety or (ii) deprives any party to the hearing of the safeguards accorded under the federal Individuals with Disabilities Education Improvement Act of 2004 (Public Law 108-446), regulations promulgated under the Individuals with Disabilities Education Improvement Act of 2004, or any other applicable law. The school district shall present evidence that the special education needs of the child have been appropriately identified and that the special education program and related services proposed to meet the needs of the child are adequate, appropriate, and available. Any party to the hearing shall have the right to (1) be represented by counsel and be accompanied and advised by individuals with special knowledge or training with respect to the problems of children with disabilities, at the party's own expense; (2) present evidence and confront and cross-examine witnesses; (3) move for the exclusion of witnesses from the hearing until they are called to testify, provided, however, that this provision may not be invoked to exclude the individual designated by a party to assist that party or its representative in the presentation of the case; (4) obtain a written or electronic verbatim record of the proceedings within 30 days of receipt of a written request from the parents by the school district; and (5) obtain a written decision, including findings of fact and conclusions of law, within 10 days after the conclusion of the hearing. If at issue, the school district

shall present evidence that it has properly identified and evaluated the nature and severity of the student's suspected or identified disability and that, if the student has been or should have been determined eligible for special education and related services, that it is providing or has offered a free appropriate public education to the student in the least restrictive environment, consistent with procedural safeguards and in accordance with an individualized educational program. At any time prior to the conclusion of the hearing, the impartial due process hearing officer shall have the authority to require additional information and order independent evaluations for the student at the expense of the school district. The State Board of Education and the school district shall share equally the costs of providing a written or electronic verbatim record of the proceedings. Any party may request that the due process hearing officer issue a subpoena to compel the testimony of witnesses or the production of documents relevant to the resolution of the hearing. Whenever a person refuses to comply with any subpoena issued under this Section, the circuit court of the county in which that hearing is pending, on application of the impartial hearing officer or the party requesting the issuance of the subpoena, may compel compliance through the contempt powers of the court in the same manner as if the requirements of a subpoena issued by the court had been disobeyed.

(h) The impartial hearing officer shall issue a written decision, including findings of fact and conclusions of law, within 10 days after the conclusion of the hearing and send by certified mail a copy of the decision to the parents or student (if the student requests the hearing), the school district, the director of special education, legal representatives of the parties, and the State Board of Education. Unless the hearing officer has granted specific extensions of time at the request of a party, a final decision, including the clarification of a decision requested under this subsection, shall be reached and mailed to the parties named above not later than 45 days after the initiation of the timeline for conducting the hearing, as described in subsection (g-35) of this Section. The decision shall specify the educational and related services that shall be provided to the student in accordance with the student's needs and the timeline for which the school district shall submit evidence to the State Board of Education to demonstrate compliance with the hearing officer's decision in the event that the decision orders the school district to undertake corrective action. The hearing officer shall retain jurisdiction for the sole purpose of considering a request for clarification of the final decision submitted in
writing by a party to the impartial hearing officer within 5 days after receipt of the decision. A copy of the request for clarification shall specify the portions of the decision for which clarification is sought and shall be mailed to all parties of record and to the State Board of Education. The request shall operate to stay implementation of those portions of the decision for which clarification is sought, pending action on the request by the hearing officer, unless the parties otherwise agree. The hearing officer shall issue a clarification of the specified portion of the decision or issue a partial or full denial of the request in writing within 10 days of receipt of the request and mail copies to all parties to whom the decision was mailed. This subsection does not permit a party to request, or authorize a hearing officer to entertain, reconsideration of the decision itself. The statute of limitations for seeking review of the decision shall be tolled from the date the request is submitted until the date the hearing officer acts upon the request. The hearing officer's decision shall be binding upon the school district and the parents unless a civil action is commenced.

(i) Any party to an impartial due process hearing aggrieved by the final written decision of the impartial due process hearing officer shall have the right to commence a civil action with respect to the issues presented in the impartial due process hearing. That civil action shall be brought in any court of competent jurisdiction within 120 days after a copy of the decision of the impartial due process hearing officer is mailed to the party as provided in subsection (h). The civil action authorized by this subsection shall not be exclusive of any rights or causes of action otherwise available. The commencement of a civil action under this subsection shall operate as a supersedeas. In any action brought under this subsection the Court shall receive the records of the impartial due process hearing, shall hear additional evidence at the request of a party, and, basing its decision on the preponderance of the evidence, shall grant such relief as the court determines is appropriate. In any instance where a school district willfully disregards applicable regulations or statutes regarding a child covered by this Article, and which disregard has been detrimental to the child, the school district shall be liable for any reasonable attorney's fees incurred by the parent in connection with proceedings under this Section.

(j) During the pendency of any administrative or judicial proceeding conducted pursuant to this Section, including mediation (if the school district or other public entity voluntarily agrees to participate in mediation), unless the school district and the parents or student (if at least
18 years of age or emancipated) otherwise agree, the student shall remain in his or her present educational placement and continue in his or her present eligibility status and special education and related services, if any. If mediation fails to resolve the dispute between the parties, the parent (or student if 18 years of age or older or emancipated) shall have 10 days after the mediation concludes to file a request for a due process hearing in order to continue to invoke the "stay-put" provisions of this subsection (j). If the hearing officer orders a change in the eligibility status, educational placement, or special education and related services of the student, that change shall not be implemented until 30 days have elapsed following the date the hearing officer's decision is mailed to the parties in order to allow any party aggrieved by the decision to commence a civil action to stay implementation of the decision. If applying for initial admission to the school district, the student shall, with the consent of the parents (if the student is not at least 18 years of age or emancipated), be placed in the school district program until all such proceedings have been completed. The costs for any special education and related services or placement incurred following 60 school days after the initial request for evaluation shall be borne by the school district if the services or placement is in accordance with the final determination as to the special education and related services or placement that must be provided to the child, provided that during that 60 day period there have been no delays caused by the child's parent.

(k) Whenever the parents of a child of the type described in Section 14-1.02 are not known, are unavailable, or the child is a ward of the State, a person shall be assigned to serve as surrogate parent for the child in matters relating to the identification, evaluation, and educational placement of the child and the provision of a free appropriate public education to the child. Persons shall be assigned as surrogate parents by the State Superintendent of Education. The State Board of Education shall promulgate rules and regulations establishing qualifications of those persons and their responsibilities and the procedures to be followed in making assignments of persons as surrogate parents. Surrogate parents shall not be employees of the school district, an agency created by joint agreement under Section 10-22.31, an agency involved in the education or care of the student, or the State Board of Education. Services of any person assigned as surrogate parent shall terminate if the parent becomes available unless otherwise requested by the parents. The assignment of a person as surrogate parent at no time supersedes, terminates, or suspends
the parents' legal authority relative to the child. Any person participating in good faith as surrogate parent on behalf of the child before school officials or a hearing officer shall have immunity from civil or criminal liability that otherwise might result by reason of that participation, except in cases of willful and wanton misconduct.

(l) At all stages of the hearing the hearing officer shall require that interpreters be made available by the school district for persons who are deaf or for persons whose normally spoken language is other than English.

(m) If any provision of this Section or its application to any person or circumstance is held invalid, the invalidity of that provision or application does not affect other provisions or applications of the Section that can be given effect without the invalid application or provision, and to this end the provisions of this Section are severable, unless otherwise provided by this Section.

Sec. 14-8.02e. State complaint procedures. The State Board of Education shall adopt State complaint procedures, consistent with Sections 300.151, 300.152, and 300.153 of Title 34 of the Code of Federal Regulations. The State Board of Education, by rule, shall establish State complaint procedures consistent with this Section. A school district or other public entity shall be required to submit a written response to a complaint within the time prescribed by the State Board of Education following receipt of the complaint. A copy of the response and all documentation submitted by the respondent to the State Board of Education must be simultaneously provided by the respondent to the complainant or to the attorney for the complainant. If the complaint was filed by an individual other than a parent of a child who is the subject of the complaint (or the child if the child has reached majority or is emancipated and has assumed responsibility for his or her own educational decisions) and the complaint is about a specific identifiable child or children, then appropriate written signed releases must be obtained prior to the release of any documentation or information to the complainant or the attorney representing the complainant.

(70 ILCS 531/2)

Sec. 2. Findings. The General Assembly hereby determines and declares that:

(1) the economic burdens resulting from involuntary unemployment fall in part upon the State in the form of increased need for public assistance, reduced tax revenues, and increased resources devoted to crime prevention and incarceration and that the unemployed worker and his or her family may migrate outside the State to find work and such migration will reduce the tax revenues of local governments and the State of Illinois, thereby endangering their financial ability to support necessary governmental services for their remaining inhabitants;

(2) the State has a responsibility to help create a favorable climate for new and improved job opportunities for all of its citizens, especially in areas with high economic distress, by encouraging the development of commercial and service businesses and industrial and manufacturing plants and creating job opportunities;

(3) the State has a responsibility to increase and improve post-release employment opportunities for ex-offenders and reduce recidivism rates through the combined resources and expertise of providers of workforce development, supportive services, and private enterprises;

(4) a lack of decent housing contributes to urban blight, crime, anti-social behavior, disease, a higher need for public assistance, reduced tax revenues, and the migration of workers and their families away from areas that fail to offer adequate, decent, affordable housing;

(5) decent, affordable housing is a necessary ingredient of life affording each citizen basic human dignity, a sense of self

worth, confidence, and a firm foundation upon which to build a family and educate children; and

(6) in order to foster civic and neighborhood pride, citizens require access to educational institutions, recreation, parks and open spaces, entertainment and sports, a reliable transportation network, cultural facilities, and theaters.

It is hereby declared to be the policy of the State of Illinois, in the interest of promoting industrial, commercial, residential, jobs, service, transportation, and facilities, thereby reducing the evils attendant upon unemployment, crime, and recidivism and enhancing the public health, safety, morals, happiness, and general welfare of this State specifically by making available through the Illinois Urban Development Authority, funds for industrial projects, commercial projects, transportation projects, and housing projects to a municipality with a municipal poverty rate greater than 3% in excess of the statewide average.

Section 5. The Fire Protection District Act is amended by adding Section 11j as follows:

(70 ILCS 705/11j new)
Sec. 11j. Installation of access or key boxes. The board of trustees of any fire protection district may, by ordinance, require the installation of an access or key box if: (1) a structure is protected by an automatic fire alarm or security system or access to or within the structure or area is unduly difficult because of secured openings; and (2) immediate access is necessary for life-saving purposes. In the case of a health care facility that is secured by an electronic code box that is in good working order, if the owner of the health care facility provides the fire department with a valid access code, then that health care facility is not required to be accessible by an access or key box. For the purposes of this Section, "health care facility" means: a hospital licensed under the Hospital Licensing Act or the University of Illinois Hospital Act; a nursing home or long-term care facility licensed under the Nursing Home Care Act; an assisted living establishment, as defined in the Assisted Living and Shared Housing Act; a mental health facility, as defined in the Mental Health and Developmental Disabilities Code; a supportive living facility certified to participate in the supportive living facilities program under Section 5-5.01a of the Illinois Public Aid Code; or a facility licensed under the Specialized Mental Health Rehabilitation Act. "Access or key box" means a secure device with a lock operable only by a fire department master key, and containing building entry keys and other keys that may be required for access in an emergency.

The access or key box shall be of an approved type listed in accordance with the most recently published version of the standard Underwriters Laboratories 1037 and shall contain keys to gain access as required by the fire chief of the fire protection district, or his or her designee.

An ordinance enacted under this Section may specify particular classes or types of structures or occupancies that are required to install an access or key box. However, an ordinance enacted under this Section shall not apply to single family residential structures or to facilities owned or operated by a public utility, as that term is defined under Section 3-105 of the Public Utilities Act.

Sec. 7-144. Retirement annuities-Suspended during employment.

(a) If any person receiving any annuity again becomes an employee and receives earnings from employment in a position requiring him, or entitling him to elect, to become a participating employee, then the annuity payable to such employee shall be suspended as of the 1st day of the month coincidental with or next following the date upon which such person becomes such an employee, unless the person is authorized under subsection (b) of Section 7-137.1 of this Code to continue receiving a retirement annuity during that period. Upon proper qualification of the participating employee payment of such annuity may be resumed on the 1st day of the month following such qualification and upon proper application therefor. The participating employee in such case shall be entitled to a supplemental annuity arising from service and credits earned subsequent to such re-entry as a participating employee.

Notwithstanding any other provision of this Article, an annuitant shall be considered a participating employee if he or she returns to work as an employee with a participating employer and works more than 599 hours annually (or 999 hours annually with a participating employer that has adopted a resolution pursuant to subsection (e) of Section 7-137 of this Code). Each of these annual periods shall commence on the month and day upon which the annuitant is first employed with the participating employer following the effective date of the annuity.

(b) Supplemental annuities to persons who return to service for less than 48 months shall be computed under the provisions of Sections 7-141, 7-142 and 7-143. In determining whether an employee is eligible for an annuity which requires a minimum period of service, his entire period of service shall be taken into consideration but the supplemental annuity shall be based on earnings and service in the supplemental period only. The effective date of the suspended and supplemental annuity for the purpose

of increases after retirement shall be considered to be the effective date of the suspended annuity.

(c) Supplemental annuities to persons who return to service for 48 months or more shall be a monthly amount determined as follows:

(1) An amount shall be computed under subparagraph b of paragraph (1) of subsection (a) of Section 7-142, considering all of the service credits of the employee;

(2) The actuarial value in monthly payments for life of the annuity payments made before suspension shall be determined and subtracted from the amount determined in (1) above;

(3) The monthly amount of the suspended annuity, with any applicable increases after retirement computed from the effective date to the date of reinstatement, shall be subtracted from the amount determined in (2) above and the remainder shall be the amount of the supplemental annuity provided that this amount shall not be less than the amount computed under subsection (b) of this Section.

(4) The suspended annuity shall be reinstated at an amount including any increases after retirement from the effective date to date of reinstatement.

(5) The effective date of the combined suspended and supplemental annuities for the purposes of increases after retirement shall be considered to be the effective date of the supplemental annuity.

Section 5. The Public Funds Investment Act is amended by changing Section 2 as follows:

Sec. 2. Authorized investments.

(a) Any public agency may invest any public funds as follows:

(1) in bonds, notes, certificates of indebtedness, treasury bills or other securities now or hereafter issued, which are guaranteed by the full faith and credit of the United States of America as to principal and interest;

(2) in bonds, notes, debentures, or other similar obligations of the United States of America, its agencies, and its instrumentalities;

(3) in interest-bearing savings accounts, interest-bearing certificates of deposit or interest-bearing time deposits or any other investments constituting direct obligations of any bank as defined by the Illinois Banking Act;

(4) in short term obligations of corporations organized in the United States with assets exceeding $500,000,000 if (i) such obligations are rated at the time of purchase at one of the 3 highest classifications established by at least 2 standard rating services and which mature not later than 270 days from the date of purchase, (ii) such purchases do not exceed 10% of the corporation's outstanding obligations and (iii) no more than one-third of the public agency's funds may be invested in short term obligations of corporations; or

(5) in money market mutual funds registered under the Investment Company Act of 1940, provided that the portfolio of any such money market mutual fund is limited to obligations described in paragraph (1) or (2) of this subsection and to agreements to repurchase such obligations.

(a-1) In addition to any other investments authorized under this Act, a municipality, park district, forest preserve district, conservation district, or a county may invest its public funds in interest bearing bonds of any county, township, city, village, incorporated town, municipal...
corporation, or school district, of the State of Illinois, of any other state, or of any political subdivision or agency of the State of Illinois or of any other state, whether the interest earned thereon is taxable or tax-exempt under federal law. The bonds shall be registered in the name of the municipality, park district, forest preserve district, conservation district, or county or held under a custodial agreement at a bank. The bonds shall be rated at the time of purchase within the 4 highest general classifications established by a rating service of nationally recognized expertise in rating bonds of states and their political subdivisions.

(b) Investments may be made only in banks which are insured by the Federal Deposit Insurance Corporation. Any public agency may invest any public funds in short term discount obligations of the Federal National Mortgage Association or in shares or other forms of securities legally issuable by savings banks or savings and loan associations incorporated under the laws of this State or any other state or under the laws of the United States. Investments may be made only in those savings banks or savings and loan associations the shares, or investment certificates of which are insured by the Federal Deposit Insurance Corporation. Any such securities may be purchased at the offering or market price thereof at the time of such purchase. All such securities so purchased shall mature or be redeemable on a date or dates prior to the time when, in the judgment of such governing authority, the public funds so invested will be required for expenditure by such public agency or its governing authority. The expressed judgment of any such governing authority as to the time when any public funds will be required for expenditure or be redeemable is final and conclusive. Any public agency may invest any public funds in dividend-bearing share accounts, share certificate accounts or class of share accounts of a credit union chartered under the laws of this State or the laws of the United States; provided, however, the principal office of any such credit union must be located within the State of Illinois. Investments may be made only in those credit unions the accounts of which are insured by applicable law.

(c) For purposes of this Section, the term "agencies of the United States of America" includes: (i) the federal land banks, federal intermediate credit banks, banks for cooperative, federal farm credit banks, or any other entity authorized to issue debt obligations under the Farm Credit Act of 1971 (12 U.S.C. 2001 et seq.) and Acts amendatory thereto; (ii) the federal home loan banks and the federal home loan mortgage corporation; and (iii) any other agency created by Act of Congress.
(d) Except for pecuniary interests permitted under subsection (f) of Section 3-14-4 of the Illinois Municipal Code or under Section 3.2 of the Public Officer Prohibited Practices Act, no person acting as treasurer or financial officer or who is employed in any similar capacity by or for a public agency may do any of the following:

   (1) have any interest, directly or indirectly, in any investments in which the agency is authorized to invest.
   (2) have any interest, directly or indirectly, in the sellers, sponsors, or managers of those investments.
   (3) receive, in any manner, compensation of any kind from any investments in which the agency is authorized to invest.

(e) Any public agency may also invest any public funds in a Public Treasurers' Investment Pool created under Section 17 of the State Treasurer Act. Any public agency may also invest any public funds in a fund managed, operated, and administered by a bank, subsidiary of a bank, or subsidiary of a bank holding company or use the services of such an entity to hold and invest or advise regarding the investment of any public funds.

(f) To the extent a public agency has custody of funds not owned by it or another public agency and does not otherwise have authority to invest such funds, the public agency may invest such funds as if they were its own. Such funds must be released to the appropriate person at the earliest reasonable time, but in no case exceeding 31 days, after the private person becomes entitled to the receipt of them. All earnings accruing on any investments or deposits made pursuant to the provisions of this Act shall be credited to the public agency by or for which such investments or deposits were made, except as provided otherwise in Section 4.1 of the State Finance Act or the Local Governmental Tax Collection Act, and except where by specific statutory provisions such earnings are directed to be credited to and paid to a particular fund.

(g) A public agency may purchase or invest in repurchase agreements of government securities having the meaning set out in the Government Securities Act of 1986, as now or hereafter amended or succeeded, subject to the provisions of said Act and the regulations issued thereunder. The government securities, unless registered or inscribed in the name of the public agency, shall be purchased through banks or trust companies authorized to do business in the State of Illinois.

(h) Except for repurchase agreements of government securities which are subject to the Government Securities Act of 1986, as now or

hereafter amended or succeeded, no public agency may purchase or invest in instruments which constitute repurchase agreements, and no financial institution may enter into such an agreement with or on behalf of any public agency unless the instrument and the transaction meet the following requirements:

(1) The securities, unless registered or inscribed in the name of the public agency, are purchased through banks or trust companies authorized to do business in the State of Illinois.

(2) An authorized public officer after ascertaining which firm will give the most favorable rate of interest, directs the custodial bank to "purchase" specified securities from a designated institution. The "custodial bank" is the bank or trust company, or agency of government, which acts for the public agency in connection with repurchase agreements involving the investment of funds by the public agency. The State Treasurer may act as custodial bank for public agencies executing repurchase agreements. To the extent the Treasurer acts in this capacity, he is hereby authorized to pass through to such public agencies any charges assessed by the Federal Reserve Bank.

(3) A custodial bank must be a member bank of the Federal Reserve System or maintain accounts with member banks. All transfers of book-entry securities must be accomplished on a Reserve Bank's computer records through a member bank of the Federal Reserve System. These securities must be credited to the public agency on the records of the custodial bank and the transaction must be confirmed in writing to the public agency by the custodial bank.

(4) Trading partners shall be limited to banks or trust companies authorized to do business in the State of Illinois or to registered primary reporting dealers.

(5) The security interest must be perfected.

(6) The public agency enters into a written master repurchase agreement which outlines the basic responsibilities and liabilities of both buyer and seller.

(7) Agreements shall be for periods of 330 days or less.

(8) The authorized public officer of the public agency informs the custodial bank in writing of the maturity details of the repurchase agreement.
(9) The custodial bank must take delivery of and maintain the securities in its custody for the account of the public agency and confirm the transaction in writing to the public agency. The Custodial Undertaking shall provide that the custodian takes possession of the securities exclusively for the public agency; that the securities are free of any claims against the trading partner; and any claims by the custodian are subordinate to the public agency’s claims to rights to those securities.

(10) The obligations purchased by a public agency may only be sold or presented for redemption or payment by the fiscal agent bank or trust company holding the obligations upon the written instruction of the public agency or officer authorized to make such investments.

(11) The custodial bank shall be liable to the public agency for any monetary loss suffered by the public agency due to the failure of the custodial bank to take and maintain possession of such securities.

(i) Notwithstanding the foregoing restrictions on investment in instruments constituting repurchase agreements the Illinois Housing Development Authority may invest in, and any financial institution with capital of at least $250,000,000 may act as custodian for, instruments that constitute repurchase agreements, provided that the Illinois Housing Development Authority, in making each such investment, complies with the safety and soundness guidelines for engaging in repurchase transactions applicable to federally insured banks, savings banks, savings and loan associations or other depository institutions as set forth in the Federal Financial Institutions Examination Council Policy Statement Regarding Repurchase Agreements and any regulations issued, or which may be issued by the supervisory federal authority pertaining thereto and any amendments thereto; provided further that the securities shall be either (i) direct general obligations of, or obligations the payment of the principal of and/or interest on which are unconditionally guaranteed by, the United States of America or (ii) any obligations of any agency, corporation or subsidiary thereof controlled or supervised by and acting as an instrumentality of the United States Government pursuant to authority granted by the Congress of the United States and provided further that the security interest must be perfected by either the Illinois Housing Development Authority, its custodian or its agent receiving possession of
the securities either physically or transferred through a nationally
recognized book entry system.

(j) In addition to all other investments authorized under this
Section, a community college district may invest public funds in any
mutual funds that invest primarily in corporate investment grade or global
government short term bonds. Purchases of mutual funds that invest
primarily in global government short term bonds shall be limited to funds
with assets of at least $100 million and that are rated at the time of
purchase as one of the 10 highest classifications established by a
recognized rating service. The investments shall be subject to approval by
the local community college board of trustees. Each community college
board of trustees shall develop a policy regarding the percentage of the
college's investment portfolio that can be invested in such funds.

Nothing in this Section shall be construed to authorize an
intergovernmental risk management entity to accept the deposit of public
funds except for risk management purposes.

(House Bill No. 1375)

AN ACT concerning public employee retirement benefits.

Be it enacted by the People of the State of Illinois, represented in
the General Assembly:

Section 5. The Illinois Pension Code is amended by changing
Section 4-114 as follows:

(40 ILCS 5/4-114) (from Ch. 108 1/2, par. 4-114)

Sec. 4-114. Pension to survivors. If a firefighter who is not
receiving a disability pension under Section 4-110 or 4-110.1 dies (1) as a
result of any illness or accident, or (2) from any cause while in receipt of a
disability pension under this Article, or (3) during retirement after 20 years
service, or (4) while vested for or in receipt of a pension payable under
subsection (b) of Section 4-109, or (5) while a deferred pensioner, having
made all required contributions, a pension shall be paid to his or her

survivors, based on the monthly salary attached to the firefighter's rank on
the last day of service in the fire department, as follows:

(a)(1) To the surviving spouse, a monthly pension of 40%
of the monthly salary, and if there is a surviving spouse, to the
guardian of any minor child or children including a child which has
been conceived but not yet born, 12% of such monthly salary for
each such child until attainment of age 18 or until the child's
marriage, whichever occurs first. Beginning July 1, 1993, the
monthly pension to the surviving spouse shall be 54% of the
monthly salary for all persons receiving a surviving spouse pension
under this Article, regardless of whether the deceased firefighter
was in service on or after the effective date of this amendatory Act
of 1993.

(2) Beginning July 1, 2004, unless the amount provided
under paragraph (1) of this subsection (a) is greater, the total
monthly pension payable under this paragraph (a), including any
amount payable on account of children, to the surviving spouse of
a firefighter who died (i) while receiving a retirement pension, (ii)
while he or she was a deferred pensioner with at least 20 years of
creditable service, or (iii) while he or she was in active service
having at least 20 years of creditable service, regardless of age,
shall be no less than 100% of the monthly retirement pension
earned by the deceased firefighter at the time of death, regardless
of whether death occurs before or after attainment of age 50,
including any increases under Section 4-109.1. This minimum
applies to all such surviving spouses who are eligible to receive a
surviving spouse pension, regardless of whether the deceased
firefighter was in service on or after the effective date of this
amendatory Act of the 93rd General Assembly, and
notwithstanding any limitation on maximum pension under
paragraph (d) or any other provision of this Article.

(3) If the pension paid on and after July 1, 2004 to the
surviving spouse of a firefighter who died on or after July 1, 2004
and before the effective date of this amendatory Act of the 93rd
General Assembly was less than the minimum pension payable
under paragraph (1) or (2) of this subsection (a), the fund shall pay
a lump sum equal to the difference within 90 days after the
effective date of this amendatory Act of the 93rd General
Assembly.

New matter indicated by italics - deletions by strikeout
The pension to the surviving spouse shall terminate in the event of the surviving spouse's remarriage prior to July 1, 1993; remarriage on or after that date does not affect the surviving spouse's pension, regardless of whether the deceased firefighter was in service on or after the effective date of this amendatory Act of 1993.

The surviving spouse's pension shall be subject to the minimum established in Section 4-109.2.

(b) Upon the death of the surviving spouse leaving one or more minor children, or upon the death of a firefighter leaving one or more minor children but no surviving spouse, to the duly appointed guardian of each such child, for support and maintenance of each such child until the child reaches age 18 or marries, whichever occurs first, a monthly pension of 20% of the monthly salary.

In a case where the deceased firefighter left one or more minor children but no surviving spouse and the guardian of a child is receiving a pension of 12% of the monthly salary on the effective date of this amendatory Act, the pension is increased by this amendatory Act to 20% of the monthly salary for each such child, beginning on the pension payment date occurring on or next following the effective date of this amendatory Act. The changes to this Section made by this amendatory Act of the 98th General Assembly apply without regard to whether the deceased firefighter was in service on or after the effective date of this amendatory Act.

(c) If a deceased firefighter leaves no surviving spouse or unmarried minor children under age 18, but leaves a dependent father or mother, to each dependent parent a monthly pension of 18% of the monthly salary. To qualify for the pension, a dependent parent must furnish satisfactory proof that the deceased firefighter was at the time of his or her death the sole support of the parent or that the parent was the deceased's dependent for federal income tax purposes.

(d) The total pension provided under paragraphs (a), (b) and (c) of this Section shall not exceed 75% of the monthly salary of the deceased firefighter (1) when paid to the survivor of a firefighter who has attained 20 or more years of service credit and who receives or is eligible to receive a retirement pension under this Article, or (2) when paid to the survivor of a firefighter who

New matter indicated by italics - deletions by strikeout
dies as a result of illness or accident, or (3) when paid to the survivor of a firefighter who dies from any cause while in receipt of a disability pension under this Article, or (4) when paid to the survivor of a deferred pensioner. For all other survivors of deceased firefighters, the total pension provided under paragraphs (a), (b) and (c) of this Section shall not exceed 50% of the retirement annuity the firefighter would have received on the date of death.

The maximum pension limitations in this paragraph (d) do not control over any contrary provision of this Article explicitly establishing a minimum amount of pension or granting a one-time or annual increase in pension.

(e) If a firefighter leaves no eligible survivors under paragraphs (a), (b) and (c), the board shall refund to the firefighter's estate the amount of his or her accumulated contributions, less the amount of pension payments, if any, made to the firefighter while living.

(f) (Blank).

(g) If a judgment of dissolution of marriage between a firefighter and spouse is judicially set aside subsequent to the firefighter's death, the surviving spouse is eligible for the pension provided in paragraph (a) only if the judicial proceedings are filed within 2 years after the date of the dissolution of marriage and within one year after the firefighter's death and the board is made a party to the proceedings. In such case the pension shall be payable only from the date of the court's order setting aside the judgment of dissolution of marriage.

(h) Benefits payable on account of a child under this Section shall not be reduced or terminated by reason of the child's attainment of age 18 if he or she is then dependent by reason of a physical or mental disability but shall continue to be paid as long as such dependency continues. Individuals over the age of 18 and adjudged as a disabled person pursuant to Article X1a of the Probate Act of 1975, except for persons receiving benefits under Article III of the Illinois Public Aid Code, shall be eligible to receive benefits under this Act.

(i) Beginning January 1, 2000, the pension of the surviving spouse of a firefighter who dies on or after January 1, 1994 as a result of sickness, accident, or injury incurred in or resulting from
the performance of an act of duty or from the cumulative effects of acts of duty shall not be less than 100% of the salary attached to the rank held by the deceased firefighter on the last day of service, notwithstanding subsection (d) or any other provision of this Article.

(j) Beginning July 1, 2004, the pension of the surviving spouse of a firefighter who dies on or after January 1, 1988 as a result of sickness, accident, or injury incurred in or resulting from the performance of an act of duty or from the cumulative effects of acts of duty shall not be less than 100% of the salary attached to the rank held by the deceased firefighter on the last day of service, notwithstanding subsection (d) or any other provision of this Article.

Notwithstanding any other provision of this Article, if a person who first becomes a firefighter under this Article on or after January 1, 2011 and who is not receiving a disability pension under Section 4-110 or 4-110.1 dies (1) as a result of any illness or accident, (2) from any cause while in receipt of a disability pension under this Article, (3) during retirement after 20 years service, (4) while vested for or in receipt of a pension payable under subsection (b) of Section 4-109, or (5) while a deferred pensioner, having made all required contributions, then a pension shall be paid to his or her survivors in the amount of 66 2/3% of the firefighter's earned pension at the date of death. Nothing in this Section shall act to diminish the survivor's benefits described in subsection (j) of this Section.

purposes; to pay other expenses of the Authority or a Service Board incident to or incurred in connection with such construction or acquisition; to provide funds for any transportation agency to pay principal of or interest or redemption premium on any bonds or notes, whether as such amounts become due or by earlier redemption, issued prior to the date of this amendatory Act by such transportation agency to construct or acquire public transportation facilities or to provide funds to purchase such bonds or notes; and to provide funds for any transportation agency to construct or acquire any public transportation facilities, to repay advances made for such purposes, and to pay other expenses incident to or incurred in connection with such construction or acquisition; and to provide funds for payment of obligations, including the funding of reserves, under any self-insurance plan or joint self-insurance pool or entity.

In addition to any other borrowing as may be authorized by this Section, the Authority may issue its notes, from time to time, in anticipation of tax receipts of the Authority or of other revenues or receipts of the Authority, in order to provide money for the Authority or the Service Boards to cover any cash flow deficit which the Authority or a Service Board anticipates incurring. Any such notes are referred to in this Section as "Working Cash Notes". No Working Cash Notes shall be issued for a term of longer than 24 months. Proceeds of Working Cash Notes may be used to pay day to day operating expenses of the Authority or the Service Boards, consisting of wages, salaries and fringe benefits, professional and technical services (including legal, audit, engineering and other consulting services), office rental, furniture, fixtures and equipment, insurance premiums, claims for self-insured amounts under insurance policies, public utility obligations for telephone, light, heat and similar items, travel expenses, office supplies, postage, dues, subscriptions, public hearings and information expenses, fuel purchases, and payments of grants and payments under purchase of service agreements for operations of transportation agencies, prior to the receipt by the Authority or a Service Board from time to time of funds for paying such expenses. In addition to any Working Cash Notes that the Board of the Authority may determine to issue, the Suburban Bus Board, the Commuter Rail Board or the Board of the Chicago Transit Authority may demand and direct that the Authority issue its Working Cash Notes in such amounts and having such maturities as the Service Board may determine.

Notwithstanding any other provision of this Act, any amounts necessary to pay principal of and interest on any Working Cash Notes...
issued at the demand and direction of a Service Board or any Working Cash Notes the proceeds of which were used for the direct benefit of a Service Board or any other Bonds or Notes of the Authority the proceeds of which were used for the direct benefit of a Service Board shall constitute a reduction of the amount of any other funds provided by the Authority to that Service Board. The Authority shall, after deducting any costs of issuance, tender the net proceeds of any Working Cash Notes issued at the demand and direction of a Service Board to such Service Board as soon as may be practicable after the proceeds are received. The Authority may also issue notes or bonds to pay, refund or redeem any of its notes and bonds, including to pay redemption premiums or accrued interest on such bonds or notes being renewed, paid or refunded, and other costs in connection therewith. The Authority may also utilize the proceeds of any such bonds or notes to pay the legal, financial, administrative and other expenses of such authorization, issuance, sale or delivery of bonds or notes or to provide or increase a debt service reserve fund with respect to any or all of its bonds or notes. The Authority may also issue and deliver its bonds or notes in exchange for any public transportation facilities, (including funds and rights relating thereto, as provided in Section 2.05 of this Act) or in exchange for outstanding bonds or notes of the Authority, including any accrued interest or redemption premium thereon, without advertising or submitting such notes or bonds for public bidding.

(b) The ordinance providing for the issuance of any such bonds or notes shall fix the date or dates of maturity, the dates on which interest is payable, any sinking fund account or reserve fund account provisions and all other details of such bonds or notes and may provide for such covenants or agreements necessary or desirable with regard to the issue, sale and security of such bonds or notes. The rate or rates of interest on its bonds or notes may be fixed or variable and the Authority shall determine or provide for the determination of the rate or rates of interest of its bonds or notes issued under this Act in an ordinance adopted by the Authority prior to the issuance thereof, none of which rates of interest shall exceed that permitted in the Bond Authorization Act. times, within a period not to exceed forty years from the date of issue, and may be redeemable prior to maturity with or without premium, at the option of the Authority, upon such terms and conditions as the Authority shall fix by the ordinance authorizing the issuance of such bonds or notes. No bond anticipation note or any renewal thereof shall mature at any time or times exceeding 5 years from the date of the first issuance of such note. The Authority may provide for the registration of bonds or notes in the name of the owner as to the principal alone or as to both principal and interest, upon such terms and conditions as the Authority may determine. The ordinance authorizing bonds or notes may provide for the exchange of such bonds or notes which are fully registered, as to both principal and interest, with bonds or notes which are registerable as to principal only. All bonds or notes issued under this Section by the Authority other than those issued in exchange for property or for bonds or notes of the Authority shall be sold at a price which may be at a premium or discount but such that the interest cost (excluding any redemption premium) to the Authority of the proceeds of an issue of such bonds or notes, computed to stated maturity according to standard tables of bond values, shall not exceed that permitted in the Bond Authorization Act. The Authority shall notify the Governor's Office of Management and Budget and the State Comptroller at least 30 days before any bond sale and shall file with the Governor's Office of Management and Budget and the State Comptroller a certified copy of any ordinance authorizing the issuance of bonds at or before the issuance of the bonds. After December 31, 1994, any such bonds or notes shall be sold to the highest and best bidder on sealed bids as the Authority shall deem. As such bonds or notes are to be sold the Authority shall advertise for proposals to purchase the bonds or notes which advertisement shall be published at least once in a daily newspaper of general circulation published in the metropolitan region at least 10 days before the time set for the submission of bids. The Authority shall have the right to reject any or all bids. Notwithstanding any other provisions of this Section, Working Cash Notes or bonds or notes to provide funds for self-insurance or a joint self-insurance pool or entity may be sold either upon competitive bidding or by negotiated sale (without any requirement of publication of intention to negotiate the sale of such Notes), as the Board shall determine by ordinance adopted with the affirmative votes of at least 9 Directors. In case any officer whose signature appears on any bonds, notes or coupons authorized pursuant to this Section shall cease to be such officer before delivery of such bonds or notes, such signature shall

nevertheless be valid and sufficient for all purposes, the same as if such officer had remained in office until such delivery. Neither the Directors of the Authority nor any person executing any bonds or notes thereof shall be liable personally on any such bonds or notes or coupons by reason of the issuance thereof.

(c) All bonds or notes of the Authority issued pursuant to this Section shall be general obligations of the Authority to which shall be pledged the full faith and credit of the Authority, as provided in this Section. Such bonds or notes shall be secured as provided in the authorizing ordinance, which may, notwithstanding any other provision of this Act, include in addition to any other security, a specific pledge or assignment of and lien on or security interest in any or all tax receipts of the Authority and on any or all other revenues or moneys of the Authority from whatever source, which may by law be utilized for debt service purposes and a specific pledge or assignment of and lien on or security interest in any funds or accounts established or provided for by the ordinance of the Authority authorizing the issuance of such bonds or notes. Any such pledge, assignment, lien or security interest for the benefit of holders of bonds or notes of the Authority shall be valid and binding from the time the bonds or notes are issued without any physical delivery or further act and shall be valid and binding as against and prior to the claims of all other parties having claims of any kind against the Authority or any other person irrespective of whether such other parties have notice of such pledge, assignment, lien or security interest. The obligations of the Authority incurred pursuant to this Section shall be superior to and have priority over any other obligations of the Authority.

The Authority may provide in the ordinance authorizing the issuance of any bonds or notes issued pursuant to this Section for the creation of, deposits in, and regulation and disposition of sinking fund or reserve accounts relating to such bonds or notes. The ordinance authorizing the issuance of any bonds or notes pursuant to this Section may contain provisions as part of the contract with the holders of the bonds or notes, for the creation of a separate fund to provide for the payment of principal and interest on such bonds or notes and for the deposit in such fund from any or all the tax receipts of the Authority and from any or all such other moneys or revenues of the Authority from whatever source which may by law be utilized for debt service purposes, all as provided in such ordinance, of amounts to meet the debt service requirements on such bonds or notes, including principal and interest, and

by such ordinance, and all expenses incident to or in connection with such
fund and accounts or the payment of such bonds or notes. Such ordinance
may also provide limitations on the issuance of additional bonds or notes
of the Authority. No such bonds or notes of the Authority shall constitute a
debt of the State of Illinois. Nothing in this Act shall be construed to
enable the Authority to impose any ad valorem tax on property.

(d) The ordinance of the Authority authorizing the issuance of any
bonds or notes may provide additional security for such bonds or notes by
providing for appointment of a corporate trustee (which may be any trust
company or bank having the powers of a trust company within the state)
with respect to such bonds or notes. The ordinance shall prescribe the
rights, duties and powers of the trustee to be exercised for the benefit of
the Authority and the protection of the holders of such bonds or notes. The
ordinance may provide for the trustee to hold in trust, invest and use
amounts in funds and accounts created as provided by the ordinance with
respect to the bonds or notes. The ordinance may provide for the
assignment and direct payment to the trustee of any or all amounts
produced from the sources provided in Section 4.03 and Section 4.09 of
this Act and provided in Section 6z-17 of "An Act in relation to State
finance", approved June 10, 1919, as amended. Upon receipt of notice of
any such assignment, the Department of Revenue and the Comptroller of
the State of Illinois shall thereafter, notwithstanding the provisions of
Section 4.03 and Section 4.09 of this Act and Section 6z-17 of "An Act in
relation to State finance", approved June 10, 1919, as amended, provide
for such assigned amounts to be paid directly to the trustee instead of the
Authority, all in accordance with the terms of the ordinance making the
assignment. The ordinance shall provide that amounts so paid to the
trustee which are not required to be deposited, held or invested in funds
and accounts created by the ordinance with respect to bonds or notes or
used for paying bonds or notes to be paid by the trustee to the Authority.

(e) Any bonds or notes of the Authority issued pursuant to this
Section shall constitute a contract between the Authority and the holders
from time to time of such bonds or notes. In issuing any bond or note, the
Authority may include in the ordinance authorizing such issue a covenant
as part of the contract with the holders of the bonds or notes, that as long
as such obligations are outstanding, it shall make such deposits, as
provided in paragraph (c) of this Section. It may also so covenant that it
shall impose and continue to impose taxes, as provided in Section 4.03 of
this Act and in addition thereto as subsequently authorized by law, sufficient to make such deposits and pay the principal and interest and to meet other debt service requirements of such bonds or notes as they become due. A certified copy of the ordinance authorizing the issuance of any such obligations shall be filed at or prior to the issuance of such obligations with the Comptroller of the State of Illinois and the Illinois Department of Revenue.

(f) The State of Illinois pledges to and agrees with the holders of the bonds and notes of the Authority issued pursuant to this Section that the State will not limit or alter the rights and powers vested in the Authority by this Act so as to impair the terms of any contract made by the Authority with such holders or in any way impair the rights and remedies of such holders until such bonds and notes, together with interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceedings by or on behalf of such holders, are fully met and discharged. In addition, the State pledges to and agrees with the holders of the bonds and notes of the Authority issued pursuant to this Section that the State will not limit or alter the basis on which State funds are to be paid to the Authority as provided in this Act, or the use of such funds, so as to impair the terms of any such contract. The Authority is authorized to include these pledges and agreements of the State in any contract with the holders of bonds or notes issued pursuant to this Section.

(g)(1) Except as provided in subdivisions (g)(2) and (g)(3) of Section 4.04 of this Act, the Authority shall not at any time issue, sell or deliver any bonds or notes (other than Working Cash Notes) pursuant to this Section 4.04 which will cause it to have issued and outstanding at any time in excess of $800,000,000 of such bonds and notes (other than Working Cash Notes). The Authority shall not issue, sell, or deliver any Working Cash Notes pursuant to this Section that will cause it to have issued and outstanding at any time in excess of $100,000,000. However, the Authority may issue, sell, and deliver additional Working Cash Notes before July 1, 2016 that are over and above and in addition to the $100,000,000 authorization such that the outstanding amount of these additional Working Cash Notes does not exceed at any time $300,000,000. (House Bill No. 1545)

AN ACT concerning insurance.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Title Insurance Act is amended by changing Sections 16 and 21 as follows:

(215 ILCS 155/16) (from Ch. 73, par. 1416)
Sec. 16. Title insurance agents.
(a) No person, firm, partnership, association, corporation or other legal entity shall act as or hold itself out to be a title insurance agent unless duly registered by a title insurance company with the Secretary.
(b) Each application for registration shall be made on a form specified by the Secretary and prepared in duplicate by each title insurance company which the agent represents. The title insurance company shall retain the copy of the application and forward the original to the Secretary with the appropriate fee.
(c) Every applicant for registration, except a firm, partnership, association, limited liability company, or corporation, must be 18 years or more of age. Included in every application for registration of a title insurance agent, including a firm, partnership, association, limited liability company, or corporation, shall be an affidavit of the applicant title insurance agent, signed and notarized in front of a notary public, affirming that the applicant and every owner, officer, director, principal, member, or manager of the applicant has never been convicted or pled guilty to any felony or misdemeanor involving a crime of theft or dishonesty. No person who has had a conviction or pled guilty to any felony or misdemeanor involving theft or dishonesty may be registered by

(a) Title insurance companies shall not make a title insurance agent without a separate written notification to the Secretary disclosing the conviction or plea, and no such person may serve as an owner, officer, director, principal, or manager of any registered title insurance agent without the written permission of the Secretary.

(d) Registration shall be made annually by a filing with the Secretary; supplemental registrations for new title insurance agents to be added between annual filings shall be made from time to time in the manner provided by the Secretary; registrations shall remain in effect unless revoked or suspended by the Secretary or voluntarily withdrawn by the registrant or the title insurance company.

(e) Funds deposited in connection with any escrows, settlements, or closings shall be deposited in a separate fiduciary trust account or accounts in a bank or other financial institution insured by an agency of the federal government unless the instructions provide otherwise. The funds shall be the property of the person or persons entitled thereto under the provisions of the escrow, settlement, or closing and shall be segregated by escrow, settlement, or closing in the records of the escrow agent. The funds shall not be subject to any debts of the escrowee and shall be used only in accordance with the terms of the individual escrow, settlement, or closing under which the funds were accepted.

Interest received on funds deposited with the escrow agent in connection with any escrow, settlement, or closing shall be paid to the depositing party unless the instructions provide otherwise.

The escrow agent shall maintain separate records of all receipts and disbursements of escrow, settlement, or closing funds.

The escrow agent shall comply with any rules adopted by the Secretary pertaining to escrow, settlement, or closing transactions.

(f) A title insurance agent shall not act as an escrow agent in a nonresidential real property transaction where the amount of settlement funds on deposit with the escrow agent is less than $2,000,000 or in a residential real property transaction unless the title insurance agent, title insurance company, or another authorized title insurance agent has committed for the issuance of title insurance in that transaction and the title insurance agent is authorized to act as an escrow agent on behalf of the title insurance company for which the commitment for title insurance has been issued. The authorization under the preceding sentence shall be given either (1) by an agency contract with the title insurance company which contract, in compliance with the requirements set forth in subsection (g) of this Section, authorizes the title insurance agent to act as

New matter indicated by italics - deletions by strikeout
an escrow agent on behalf of the title insurance company or (2) by a closing protection letter in compliance with the requirements set forth in Section 16.1 of this Act, issued by the title insurance company to the seller, buyer, borrower, and lender. A closing protection letter shall not be issued by a title insurance agent. The provisions of this subsection (f) shall not apply to the authority of a title insurance agent to act as an escrow agent under subsection (g) of Section 17 of this Act.

(g) If an agency contract between the title insurance company and the title insurance agent is the source of the authority under subsection (f) of this Section for a title insurance agent to act as escrow agent for a real property transaction, then the agency contract shall provide for no less protection from the title insurance company to all parties to the real property transaction than the title insurance company would have provided to those parties had the title insurance company issued a closing protection letter in conformity with Section 16.1 of this Act.

(h) A title insurance company shall be liable for the acts or omissions of its title insurance agent as an escrow agent if the title insurance company has authorized the title insurance agent under subsections (f) and (g) of this Section 16 and only to the extent of the liability undertaken by the title insurance company in the agency agreement or closing protection letter. The liability, if any, of the title insurance agent to the title insurance company for acts and omissions of the title insurance agent as an escrow agent shall not be limited or otherwise modified because the title insurance company has provided closing protection to a party or parties to a real property transaction escrow, settlement, or closing. The escrow agent shall not charge a fee for protection provided by a title insurance company to parties to real property transactions under subsections (f) and (g) of this Section 16 and Section 16.1, but shall collect from the parties the fee charged by the title insurance company and shall promptly remit the fee to the title insurance company. The title insurance company may charge the parties a reasonable fee for protection provided pursuant to subsections (f) and (g) of this Section 16 and Section 16.1 and shall not pay any portion of the fee to the escrow agent. The payment of any portion of the fee to the escrow agent by the title insurance company, shall be deemed a prohibited inducement or compensation in violation of Section 24 of this Act.

(i) The Secretary shall adopt and amend such rules as may be required for the proper administration and enforcement of this Section 16
consistent with the federal Real Estate Settlement Procedures Act and Section 24 of this Act.

Sec. 21. Regulatory action.
(a) The Secretary may refuse to grant, and may suspend or revoke, any certificate of authority, registration, or license issued pursuant to this Act or may impose a fine for a violation of this Act if he determines that the holder of or applicant for such certificate, registration or license:
(1) has intentionally made a material misstatement or fraudulent misrepresentation in relation to a matter covered by this Act;
(2) has misappropriated or tortiously converted to its own use, or illegally withheld, monies held in a fiduciary capacity;
(3) has demonstrated untrustworthiness or incompetency in transacting the business of guaranteeing titles to real estate in such a manner as to endanger the public;
(4) has materially misrepresented the terms or conditions of contracts or agreements to which it is a party;
(5) has paid any commissions, discounts or any part of its premiums, fees or other charges to any person in violation of any State or federal law or regulations or opinion letters issued under the federal Real Estate Settlement Procedures Act of 1974;
(6) has failed to comply with the deposit and reserve requirements of this Act or any other requirements of this Act;
(7) has committed fraud or misrepresentation in applying for or procuring any certificate of authority, registration, or license issued pursuant to this Act;
(8) has a conviction or plea of guilty or plea of nolo contendere in this State or any other jurisdiction to (i) any felony or (ii) a misdemeanor, an essential element of which is dishonesty or fraud or larceny, embezzlement, or obtaining money, property, or credit by false pretenses or by means of a confidence game;
(9) has been disciplined by another state, the District of Columbia, a territory, foreign nation, a governmental agency, or any entity authorized to impose discipline if at least one of the grounds for that discipline is the same as or equivalent to one of the grounds for which a title insurance company, title insurance agent, or independent escrowee may be disciplined under this Act

New matter indicated by italics - deletions by strikeout
or if at least one of the grounds for that discipline involves dishonesty; a certified copy of the record of the action by the other state or jurisdiction shall be prima facie evidence thereof;

(10) has advertising that is inaccurate, misleading, or contrary to the provisions of this Act;

(11) has knowingly and willfully made any substantial misrepresentation or untruthful advertising;

(12) has made any false promises of a character likely to influence, persuade, or induce;

(13) has knowingly failed to account for or remit any money or documents coming into the possession of a title insurance company, title insurance agent, or independent escrowee that belong to others;

(14) has engaged in dishonorable, unethical, or unprofessional conduct of a character likely to deceive, defraud, or harm the public;

(15) has violated the terms of a disciplinary order issued by the Department;

(16) has disregarded or violated any provision of this Act or the published rules adopted by the Department to enforce this Act or has aided or abetted any individual, partnership, registered limited liability partnership, limited liability company, or corporation in disregarding any provision of this Act or the published rules; or

(17) has acted as a title insurance company, title insurance agent, or independent escrowee without a certificate of authority, registration, or license after the title insurance company, title insurance agent, or independent escrowee's certificate of authority, registration, or license was inoperative.

(b) In every case where a registration or certificate is suspended or revoked, or an application for a registration or certificate or renewal thereof is refused, the Secretary shall serve notice of his action, including a statement of the reasons for his action, as provided by this Act. When a notice of suspension or revocation of a certificate of authority is given to a title insurance company, the Secretary shall also notify all the registered agents of that title insurance company of the Secretary's action.

(c) In the case of a refusal to issue or renew a certificate or accept a registration, the applicant or registrant may request in writing, within 30 days after the date of service, a hearing. In the case of a refusal to renew,

New matter indicated by italics - deletions by strikeout
the expiring registration or certificate shall be deemed to continue in force until 30 days after the service of the notice of refusal to renew, or if a hearing is requested during that period, until a final order is entered pursuant to such hearing.

(d) The suspension or revocation of a registration or certificate shall take effect upon service of notice thereof. The holder of any such suspended registration or certificate may request in writing, within 30 days of such service, a hearing.

(e) In cases of suspension or revocation of registration pursuant to subsection (a), the Secretary may, in the public interest, issue an order of suspension or revocation which shall take effect upon service of notification thereof. Such order shall become final 60 days from the date of service unless the registrant requests in writing, within such 60 days, a formal hearing thereon. In the event a hearing is requested, the order shall remain temporary until a final order is entered pursuant to such hearing.

(f) Hearing shall be held at such time and place as may be designated by the Secretary either in the City of Springfield, the City of Chicago, or in the county in which the principal business office of the affected registrant or certificate holder is located.

(g) The suspension or revocation of a registration or certificate or the refusal to issue or renew a registration or certificate shall not in any way limit or terminate the responsibilities of any registrant or certificate holder arising under any policy or contract of title insurance to which it is a party. No new contract or policy of title insurance may be issued, nor may any existing policy or contract to title insurance be renewed by any registrant or certificate holder during any period of suspension or revocation of a registration or certificate.

(h) The Secretary may issue a cease and desist order to a title insurance company, agent, or other entity doing business without the required license or registration, when in the opinion of the Secretary, the company, agent, or other entity is violating or is about to violate any provision of this Act or any law or of any rule or condition imposed in writing by the Department.

The Secretary may issue the cease and desist order without notice and before a hearing.

The Secretary shall have the authority to prescribe rules for the administration of this Section.

New matter indicated by italics - deletions by strikeout
If it is determined that the Secretary had the authority to issue the cease and desist order, he may issue such orders as may be reasonably necessary to correct, eliminate or remedy such conduct.

Any person or company subject to an order pursuant to this Section is entitled to judicial review of the order in accordance with the provisions of the Administrative Review Law.

The powers vested in the Secretary by this Section are additional to any and all other powers and remedies vested in the Secretary by law, and nothing in this Section shall be construed as requiring that the Secretary shall employ the powers conferred in this Section instead of or as a condition precedent to the exercise of any other power or remedy vested in the Secretary.

AN ACT concerning criminal law.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Criminal Identification Act is amended by changing Sections 5.2 and 13 as follows:

(20 ILCS 2630/5.2)

Sec. 5.2. Expungement and sealing.

(a) General Provisions.

(1) Definitions. In this Act, words and phrases have the meanings set forth in this subsection, except when a particular context clearly requires a different meaning.

(A) The following terms shall have the meanings ascribed to them in the Unified Code of Corrections, 730 ILCS 5/5-1-2 through 5/5-1-22:

(i) Business Offense (730 ILCS 5/5-1-2),
(ii) Charge (730 ILCS 5/5-1-3),
(iii) Court (730 ILCS 5/5-1-6),
(iv) Defendant (730 ILCS 5/5-1-7),

(v) Felony (730 ILCS 5/5-1-9),
(vi) Imprisonment (730 ILCS 5/5-1-10),
(vii) Judgment (730 ILCS 5/5-1-12),
(viii) Misdemeanor (730 ILCS 5/5-1-14),
(ix) Offense (730 ILCS 5/5-1-15),
(x) Parole (730 ILCS 5/5-1-16),
(xi) Petty Offense (730 ILCS 5/5-1-17),
(xii) Probation (730 ILCS 5/5-1-18),
(xiii) Sentence (730 ILCS 5/5-1-19),
(xiv) Supervision (730 ILCS 5/5-1-21), and
(xv) Victim (730 ILCS 5/5-1-22).

(B) As used in this Section, "charge not initiated by arrest" means a charge (as defined by 730 ILCS 5/5-1-3) brought against a defendant where the defendant is not arrested prior to or as a direct result of the charge.

(C) "Conviction" means a judgment of conviction or sentence entered upon a plea of guilty or upon a verdict or finding of guilty of an offense, rendered by a legally constituted jury or by a court of competent jurisdiction authorized to try the case without a jury. An order of supervision successfully completed by the petitioner is not a conviction. An order of qualified probation (as defined in subsection (a)(1)(J)) successfully completed by the petitioner is not a conviction. An order of supervision or an order of qualified probation that is terminated unsatisfactorily is a conviction, unless the unsatisfactory termination is reversed, vacated, or modified and the judgment of conviction, if any, is reversed or vacated.

(D) "Criminal offense" means a petty offense, business offense, misdemeanor, felony, or municipal ordinance violation (as defined in subsection (a)(1)(H)). As used in this Section, a minor traffic offense (as defined in subsection (a)(1)(G)) shall not be considered a criminal offense.

(E) "Expunge" means to physically destroy the records or return them to the petitioner and to obliterate the petitioner's name from any official index or public record, or both. Nothing in this Act shall require the physical destruction of the circuit court file, but such records relating

to arrests or charges, or both, ordered expunged shall be
impounded as required by subsections (d)(9)(A)(ii) and
(d)(9)(B)(ii).

(F) As used in this Section, "last sentence" means
the sentence, order of supervision, or order of qualified
probation (as defined by subsection (a)(1)(J)), for a criminal
offense (as defined by subsection (a)(1)(D)) that terminates
last in time in any jurisdiction, regardless of whether the
petitioner has included the criminal offense for which the
sentence or order of supervision or qualified probation was
imposed in his or her petition. If multiple sentences, orders
of supervision, or orders of qualified probation terminate on
the same day and are last in time, they shall be collectively
considered the "last sentence" regardless of whether they
were ordered to run concurrently.

(G) "Minor traffic offense" means a petty offense,
business offense, or Class C misdemeanor under the Illinois
Vehicle Code or a similar provision of a municipal or local
ordinance.

(H) "Municipal ordinance violation" means an
offense defined by a municipal or local ordinance that is
criminal in nature and with which the petitioner was
charged or for which the petitioner was arrested and
released without charging.

(I) "Petitioner" means an adult or a minor
prosecuted as an adult who has applied for relief under this
Section.

(J) "Qualified probation" means an order of
probation under Section 10 of the Cannabis Control Act,
Section 410 of the Illinois Controlled Substances Act,
Section 70 of the Methamphetamine Control and
Community Protection Act, Section 5-6-3.3 of the Unified
Code of Corrections, Section 12-4.3(b)(1) and (2) of the
Criminal Code of 1961 (as those provisions existed before
their deletion by Public Act 89-313), Section 10-102 of the
Illinois Alcoholism and Other Drug Dependency Act,
Section 40-10 of the Alcoholism and Other Drug Abuse
and Dependency Act, or Section 10 of the Steroid Control
Act. For the purpose of this Section, "successful
"completion" of an order of qualified probation under Section 10-102 of the Illinois Alcoholism and Other Drug Dependency Act and Section 40-10 of the Alcoholism and Other Drug Abuse and Dependency Act means that the probation was terminated satisfactorily and the judgment of conviction was vacated.

(K) "Seal" means to physically and electronically maintain the records, unless the records would otherwise be destroyed due to age, but to make the records unavailable without a court order, subject to the exceptions in Sections 12 and 13 of this Act. The petitioner's name shall also be obliterated from the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but any index issued by the circuit court clerk before the entry of the order to seal shall not be affected.

(L) "Sexual offense committed against a minor" includes but is not limited to the offenses of indecent solicitation of a child or criminal sexual abuse when the victim of such offense is under 18 years of age.

(M) "Terminate" as it relates to a sentence or order of supervision or qualified probation includes either satisfactory or unsatisfactory termination of the sentence, unless otherwise specified in this Section.

(2) Minor Traffic Offenses. Orders of supervision or convictions for minor traffic offenses shall not affect a petitioner's eligibility to expunge or seal records pursuant to this Section.

(3) Exclusions. Except as otherwise provided in subsections (b)(5), (b)(6), (e), and (e-5), and (e-6) of this Section, the court shall not order:

(A) the sealing or expungement of the records of arrests or charges not initiated by arrest that result in an order of supervision for or conviction of: (i) any sexual offense committed against a minor; (ii) Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance; or (iii) Section 11-503 of the Illinois Vehicle Code or a similar provision of a local ordinance, unless the arrest or charge is for a misdemeanor violation of subsection (a) of Section 11-503 or a similar provision of a local ordinance, that occurred prior to the offender reaching
the age of 25 years and the offender has no other conviction for violating Section 11-501 or 11-503 of the Illinois Vehicle Code or a similar provision of a local ordinance.

(B) the sealing or expungement of records of minor traffic offenses (as defined in subsection (a)(1)(G)), unless the petitioner was arrested and released without charging.

(C) the sealing of the records of arrests or charges not initiated by arrest which result in an order of supervision, an order of qualified probation (as defined in subsection (a)(1)(J)), or a conviction for the following offenses:

(i) offenses included in Article 11 of the Criminal Code of 1961 or a similar provision of a local ordinance, except Section 11-14 of the Criminal Code of 1961 or a similar provision of a local ordinance;

(ii) Section 11-1.50, 12-3.4, 12-15, 12-30, 26-5, or 48-1 of the Criminal Code of 1961 or a similar provision of a local ordinance;

(iii) offenses defined as "crimes of violence" in Section 2 of the Crime Victims Compensation Act or a similar provision of a local ordinance;

(iv) offenses which are Class A misdemeanors under the Humane Care for Animals Act; or

(v) any offense or attempted offense that would subject a person to registration under the Sex Offender Registration Act.

(D) the sealing of the records of an arrest which results in the petitioner being charged with a felony offense or records of a charge not initiated by arrest for a felony offense unless:

(i) the charge is amended to a misdemeanor and is otherwise eligible to be sealed pursuant to subsection (c);

(ii) the charge is brought along with another charge as a part of one case and the charge results in acquittal, dismissal, or conviction when the conviction was reversed or vacated, and another

New matter indicated by italics - deletions by strikeout
charge brought in the same case results in a disposition for a misdemeanor offense that is eligible to be sealed pursuant to subsection (c) or a disposition listed in paragraph (i), (iii), or (iv) of this subsection;

(iii) the charge results in first offender probation as set forth in subsection (c)(2)(E);

(iv) the charge is for a Class 4 felony offense listed in subsection (c)(2)(F) or the charge is amended to a Class 4 felony offense listed in subsection (c)(2)(F). Records of arrests which result in the petitioner being charged with a Class 4 felony offense listed in subsection (c)(2)(F), records of charges not initiated by arrest for Class 4 felony offenses listed in subsection (c)(2)(F), and records of charges amended to a Class 4 felony offense listed in (c)(2)(F) may be sealed, regardless of the disposition, subject to any waiting periods set forth in subsection (c)(3);

(v) the charge results in acquittal, dismissal, or the petitioner's release without conviction; or

(vi) the charge results in a conviction, but the conviction was reversed or vacated.

(b) Expungement.

(1) A petitioner may petition the circuit court to expunge the records of his or her arrests and charges not initiated by arrest when:

(A) He or she has never been convicted of a criminal offense; and

(B) Each arrest or charge not initiated by arrest sought to be expunged resulted in: (i) acquittal, dismissal, or the petitioner's release without charging, unless excluded by subsection (a)(3)(B); (ii) a conviction which was vacated or reversed, unless excluded by subsection (a)(3)(B); (iii) an order of supervision and such supervision was successfully completed by the petitioner, unless excluded by subsection (a)(3)(A) or (a)(3)(B); or (iv) an order of qualified probation (as defined in subsection (a)(1)(J)) and
such probation was successfully completed by the petitioner.

(2) Time frame for filing a petition to expunge.

   (A) When the arrest or charge not initiated by arrest sought to be expunged resulted in an acquittal, dismissal, the petitioner's release without charging, or the reversal or vacation of a conviction, there is no waiting period to petition for the expungement of such records.

   (B) When the arrest or charge not initiated by arrest sought to be expunged resulted in an order of supervision, successfully completed by the petitioner, the following time frames will apply:

       (i) Those arrests or charges that resulted in orders of supervision under Section 3-707, 3-708, 3-710, or 5-401.3 of the Illinois Vehicle Code or a similar provision of a local ordinance, or under Section 11-1.50, 12-3.2, or 12-15 of the Criminal Code of 1961 or a similar provision of a local ordinance, shall not be eligible for expungement until 5 years have passed following the satisfactory termination of the supervision.

       (i-5) Those arrests or charges that resulted in orders of supervision for a misdemeanor violation of subsection (a) of Section 11-503 of the Illinois Vehicle Code or a similar provision of a local ordinance, that occurred prior to the offender reaching the age of 25 years and the offender has no other conviction for violating Section 11-501 or 11-503 of the Illinois Vehicle Code or a similar provision of a local ordinance shall not be eligible for expungement until the petitioner has reached the age of 25 years.

       (ii) Those arrests or charges that resulted in orders of supervision for any other offenses shall not be eligible for expungement until 2 years have passed following the satisfactory termination of the supervision.

(C) When the arrest or charge not initiated by arrest sought to be expunged resulted in an order of qualified...
probation, successfully completed by the petitioner, such records shall not be eligible for expungement until 5 years have passed following the satisfactory termination of the probation.

(3) Those records maintained by the Department for persons arrested prior to their 17th birthday shall be expunged as provided in Section 5-915 of the Juvenile Court Act of 1987.

(4) Whenever a person has been arrested for or convicted of any offense, in the name of a person whose identity he or she has stolen or otherwise come into possession of, the aggrieved person from whom the identity was stolen or otherwise obtained without authorization, upon learning of the person having been arrested using his or her identity, may, upon verified petition to the chief judge of the circuit wherein the arrest was made, have a court order entered nunc pro tunc by the Chief Judge to correct the arrest record, conviction record, if any, and all official records of the arresting authority, the Department, other criminal justice agencies, the prosecutor, and the trial court concerning such arrest, if any, by removing his or her name from all such records in connection with the arrest and conviction, if any, and by inserting in the records the name of the offender, if known or ascertainable, in lieu of the aggrieved's name. The records of the circuit court clerk shall be sealed until further order of the court upon good cause shown and the name of the aggrieved person obliterated on the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but the order shall not affect any index issued by the circuit court clerk before the entry of the order. Nothing in this Section shall limit the Department of State Police or other criminal justice agencies or prosecutors from listing under an offender's name the false names he or she has used.

(5) Whenever a person has been convicted of criminal sexual assault, aggravated criminal sexual assault, predatory criminal sexual assault of a child, criminal sexual abuse, or aggravated criminal sexual abuse, the victim of that offense may request that the State's Attorney of the county in which the conviction occurred file a verified petition with the presiding trial judge at the petitioner's trial to have a court order entered to seal the records of the circuit court clerk in connection with the proceedings of the trial court concerning that offense. However, the

New matter indicated by italics - deletions by strikeout
records of the arresting authority and the Department of State Police concerning the offense shall not be sealed. The court, upon good cause shown, shall make the records of the circuit court clerk in connection with the proceedings of the trial court concerning the offense available for public inspection.

(6) If a conviction has been set aside on direct review or on collateral attack and the court determines by clear and convincing evidence that the petitioner was factually innocent of the charge, the court shall enter an expungement order as provided in subsection (b) of Section 5-5-4 of the Unified Code of Corrections.

(7) Nothing in this Section shall prevent the Department of State Police from maintaining all records of any person who is admitted to probation upon terms and conditions and who fulfills those terms and conditions pursuant to Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, Section 70 of the Methamphetamine Control and Community Protection Act, Section 5-6-3.3 of the Unified Code of Corrections, Section 12-4.3 or subdivision (b)(1) of Section 12-3.05 of the Criminal Code of 1961, Section 10-102 of the Illinois Alcoholism and Other Drug Dependency Act, Section 40-10 of the Alcoholism and Other Drug Abuse and Dependency Act, or Section 10 of the Steroid Control Act.

(c) Sealing.

(1) Applicability. Notwithstanding any other provision of this Act to the contrary, and cumulative with any rights to expungement of criminal records, this subsection authorizes the sealing of criminal records of adults and of minors prosecuted as adults.

(2) Eligible Records. The following records may be sealed:

(B) Arrests or charges not initiated by arrest resulting in acquittal, dismissal, or conviction when the conviction was reversed or vacated, except as excluded by subsection (a)(3)(B);

New matter indicated by italics - deletions by strikeout
(D) Arrests or charges not initiated by arrest resulting in convictions unless excluded by subsection (a)(3);

(E) Arrests or charges not initiated by arrest resulting in orders of first offender probation under Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, Section 70 of the Methamphetamine Control and Community Protection Act, or Section 5-6-3.3 of the Unified Code of Corrections; and

(F) Arrests or charges not initiated by arrest resulting in Class 4 felony convictions for the following offenses:

(i) Section 11-14 of the Criminal Code of 1961;
(ii) Section 4 of the Cannabis Control Act;
(iii) Section 402 of the Illinois Controlled Substances Act;
(iv) the Methamphetamine Precursor Control Act; and
(v) the Steroid Control Act.

(3) When Records Are Eligible to Be Sealed. Records identified as eligible under subsection (c)(2) may be sealed as follows:

(A) Records identified as eligible under subsection (c)(2)(A) and (c)(2)(B) may be sealed at any time.

notice after hearing, that a licensee has violated any provision of this Act or any rule or regulation issued pursuant thereto and in effect for 30 days prior to such violation. The fine imposed under this paragraph may not exceed $500 for each violation. Each day that the activity, which gave rise to the original fine, continues is a separate violation. Such complaints shall be in writing, signed and sworn to by the person making the complaint, and shall state with specificity the facts in relation to the alleged violation. If the Commission has reasonable grounds to believe that the complaint substantially alleges a violation of this Act or rules and regulations adopted pursuant to this Act, it shall conduct an investigation. If, after conducting an investigation, the Commission is satisfied that the alleged violation did occur, it shall proceed with disciplinary action against the licensee as provided in this Act.

(6) To hear and determine appeals from orders of a local commission in accordance with the provisions of this Act, as hereinafter set forth. The accounts, forms, records and memoranda shall be available at all reasonable times for inspection by authorized representatives of the State commission or by any local liquor control commissioner or his or her authorized representative. The commission, may, from time to time, alter, amend or repeal, in whole or in part, any uniform system of accounts, or the form and manner of keeping accounts.

(12) To develop and maintain a repository of license and regulatory information.

(13) On or before January 15, 1994, the Commission shall issue a written report to the Governor and General Assembly that is to be based on a comprehensive study of the impact on and implications for the State of Illinois of Section 1926 of the Federal ADAMHA Reorganization Act of 1992 (Public Law 102-321). This study shall address the extent to which Illinois currently complies with the provisions of P.L. 102-321 and the rules promulgated pursuant thereto.

As part of its report, the Commission shall provide the following essential information:

(i) the number of retail distributors of tobacco products, by type and geographic area, in the State;

(ii) the number of reported citations and successful convictions, categorized by type and location of retail distributor, for violation of the Prevention of Tobacco Use by Minors and Sale and Distribution of Tobacco Products Act and the Smokeless Tobacco Limitation Act;

(iii) the extent and nature of organized educational and governmental activities that are intended to promote, encourage or otherwise secure compliance with any Illinois laws that prohibit the sale or distribution of tobacco products to minors; and

The Commission may contract with the Food and Drug Administration of the U.S. Department of Health and Human Services to conduct unannounced investigations of Illinois tobacco vendors to determine compliance with federal laws relating to the illegal sale of cigarettes and smokeless tobacco products to persons under the age of 18.

(14) On or before April 30, 2008 and every 2 years thereafter, the Commission shall present a written report to the Governor and the General Assembly that shall be based on a study of the impact of this amendatory Act of the 95th General Assembly on the business of soliciting, selling, and shipping wine from inside and outside of this State directly to residents of this State. As part of its report, the Commission shall provide all of the following information:

(A) The amount of State excise and sales tax revenues generated.
(B) The amount of licensing fees received.
(C) The number of cases of wine shipped from inside and outside of this State directly to residents of this State.
(D) The number of alcohol compliance operations conducted.
(E) The number of winery shipper's licenses issued.
(F) The number of each of the following: reported violations; cease and desist notices issued by the Commission; notices of violations issued by the Commission and to the Department of Revenue; and notices and complaints of violations to law enforcement officials, including, without limitation, the Illinois Attorney General and the U.S. Department of Treasury's Alcohol and Tobacco Tax and Trade Bureau.

(15) As a means to reduce the underage consumption of alcoholic liquors, the Commission shall conduct alcohol compliance operations to investigate whether businesses that are soliciting, selling, and shipping wine from inside or outside of this State...
State directly to residents of this State are licensed by this State or are selling or attempting to sell wine to persons under 21 years of age in violation of this Act.

(16) The Commission shall, in addition to notifying any appropriate law enforcement agency, submit notices of complaints or violations of Sections 6-29 and 6-29.1 by persons who do not hold a winery shipper's license under this amendatory Act to the Illinois Attorney General and to the U.S. Department of Treasury's Alcohol and Tobacco Tax and Trade Bureau.

(17) (A) A person licensed to make wine under the laws of another state who has a winery shipper's license under this amendatory Act and annually produces less than 25,000 gallons of wine or a person who has a first-class or second-class wine manufacturer's license, a first-class or second-class wine-maker's license, or a limited wine manufacturer's license under this Act and annually produces less than 25,000 gallons of wine may make application to the Commission for a self-distribution exemption to allow the sale of not more than 5,000 gallons of the exemption holder's wine to retail licensees per year.

(B) In the application, which shall be sworn under penalty of perjury, such person shall state (1) the date it was established; (2) its volume of production and sales for each year since its establishment; (3) its efforts to establish distributor relationships; (4) that a self-distribution exemption is necessary to facilitate the marketing of its wine; and (5) that it will comply with the liquor and revenue laws of the United States, this State, and any other state where it is licensed.

(C) The Commission shall approve the application for a self-distribution exemption if such person: (1) is in compliance with State revenue and liquor laws; (2) is not a member of any affiliated group that produces more than 25,000 gallons of wine per annum or produces any other alcoholic liquor; (3) will not annually produce for sale more than 25,000 gallons of wine; and (4) will not annually sell more than 5,000 gallons of its wine to retail licensees.

(D) A self-distribution exemption holder shall annually certify to the Commission its production of wine in the previous 12 months and its anticipated production.
and sales for the next 12 months. The Commission may fine, suspend, or revoke a self-distribution exemption after a hearing if it finds that the exemption holder has made a material misrepresentation in its application, violated a revenue or liquor law of Illinois, exceeded production of 25,000 gallons of wine in any calendar year, or become part of an affiliated group producing more than 25,000 gallons of wine or any other alcoholic liquor.

(E) Except in hearings for violations of this Act or amendatory Act or a bona fide investigation by duly sworn law enforcement officials, the Commission, or its agents, the Commission shall maintain the production and sales information of a self-distribution exemption holder as confidential and shall not release such information to any person.

(F) The Commission shall issue regulations governing self-distribution exemptions consistent with this Section and this Act.

(G) Nothing in this subsection (17) shall prohibit a self-distribution exemption holder from entering into or simultaneously having a distribution agreement with a licensed Illinois distributor.

(H) It is the intent of this subsection (17) to promote and continue orderly markets. The General Assembly finds that in order to preserve Illinois' regulatory distribution system it is necessary to create an exception for smaller makers of wine as their wines are frequently adjusted in varietals, mixes, vintages, and taste to find and create market niches sometimes too small for distributor or importing distributor business strategies. Limited self-distribution rights will afford and allow smaller makers of wine access to the marketplace in order to develop a customer base without impairing the integrity of the 3-tier system.

(18) (A) A craft brewer licensee, who must also be either a licensed brewer or licensed non-resident dealer and annually manufacture less than 930,000 gallons of beer, may make application to the Commission for a self-distribution exemption to
allow the sale of not more than 232,500 gallons of the exemption holder's beer to retail licensees per year.

(B) In the application, which shall be sworn under penalty of perjury, the craft brewer licensee shall state (1) the date it was established; (2) its volume of beer manufactured and sold for each year since its establishment; (3) its efforts to establish distributor relationships; (4) that a self-distribution exemption is necessary to facilitate the marketing of its beer; and (5) that it will comply with the alcoholic beverage and revenue laws of the United States, this State, and any other state where it is licensed.

(C) Any application submitted shall be posted on the Commission's website at least 45 days prior to action by the Commission. The Commission shall approve the application for a self-distribution exemption if the craft brewer licensee: (1) is in compliance with the State, revenue, and alcoholic beverage laws; (2) is not a member of any affiliated group that manufacturers more than 930,000 gallons of beer per annum or produces any other alcoholic beverages; (3) shall not annually manufacture for sale more than 930,000 gallons of beer; and (4) shall not annually sell more than 232,500 gallons of its beer to retail licensees.

(D) A self-distribution exemption holder shall annually certify to the Commission its manufacture of beer during the previous 12 months and its anticipated manufacture and sales of beer for the next 12 months. The Commission may fine, suspend, or revoke a self-distribution exemption after a hearing if it finds that the exemption holder has made a material misrepresentation in its application, violated a revenue or alcoholic beverage law of Illinois, exceeded the manufacture of 930,000 gallons of beer in any calendar year or became part of an affiliated group manufacturing more than 930,000 gallons of beer or any other alcoholic beverage.

(E) The Commission shall issue rules and regulations governing self-distribution exemptions consistent with this Act.
(F) Nothing in this paragraph (18) shall prohibit a self-distribution exemption holder from entering into or simultaneously having a distribution agreement with a licensed Illinois importing distributor or a distributor. If a self-distribution exemption holder enters into a distribution agreement and has assigned distribution rights to an importing distributor or distributor, then the self-distribution exemption holder's distribution rights in the assigned territories shall cease in a reasonable time not to exceed 60 days.

(G) It is the intent of this paragraph (18) to promote and continue orderly markets. The General Assembly finds that in order to preserve Illinois' regulatory distribution system, it is necessary to create an exception for smaller manufacturers in order to afford and allow such smaller manufacturers of beer access to the marketplace in order to develop a customer base without impairing the integrity of the 3-tier system.

(b) On or before April 30, 1999, the Commission shall present a written report to the Governor and the General Assembly that shall be based on a study of the impact of this amendatory Act of 1998 on the business of soliciting, selling, and shipping alcoholic liquor from outside of this State directly to residents of this State.

As part of its report, the Commission shall provide the following information:

(i) the amount of State excise and sales tax revenues generated as a result of this amendatory Act of 1998;

(ii) the amount of licensing fees received as a result of this amendatory Act of 1998;

(iii) the number of reported violations, the number of cease and desist notices issued by the Commission, the number of notices of violations issued to the Department of Revenue, and the number of notices and complaints of violations to law enforcement officials.

commercial retail electrical loads located, respectively, within the
municipality, the township, or the unincorporated areas of the county and,
for that purpose, may solicit bids and enter into service agreements to
facilitate for those loads the sale and purchase of electricity and related
services and equipment.

The corporate authorities, township board, or county board may also exercise such authority jointly with any other municipality, township, or county. Two or more municipalities, townships, or counties, or a combination of both, may initiate a process jointly to authorize aggregation by a majority vote of each particular municipality, township, or county as required by this Section.

If the corporate authorities, township board, or the county board seek to operate the aggregation program as an opt-out program for residential and small commercial retail customers, then prior to the adoption of an ordinance with respect to aggregation of residential and small commercial retail electric loads, the corporate authorities of a municipality, the township board, or the county board of a county shall submit a referendum to its residents to determine whether or not the aggregation program shall operate as an opt-out program for residential and small commercial retail customers. *Any county board that seeks to submit such a referendum to its residents shall do so only in unincorporated areas of the county where no electric aggregation ordinance has been adopted.*

In addition to the notice and conduct requirements of the general election law, notice of the referendum shall state briefly the purpose of the referendum. The question of whether the corporate authorities, the township board, or the county board shall adopt an opt-out aggregation program for residential and small commercial retail customers shall be submitted to the electors of the municipality, township board, or county board at a regular election and approved by a majority of the electors voting on the question. The corporate authorities, township board, or county board must certify to the proper election authority, which must submit the question at an election in accordance with the Election Code.

The election authority must submit the question in substantially the following form:

Shall the (municipality, township, or county in which the question is being voted upon) have the authority to arrange for the supply of electricity for its residential and small commercial retail customers who have not opted out of such program?

The election authority must record the votes as "Yes" or "No".

If a majority of the electors voting on the question vote in the affirmative, then the corporate authorities, township board, or county board may implement an opt-out aggregation program for residential and small commercial retail customers.

A referendum must pass in each particular municipality, township, or county that is engaged in the aggregation program. If the referendum fails, then the corporate authorities, township board, or county board shall operate the aggregation program as an opt-in program for residential and small commercial retail customers.

An ordinance under this Section shall specify whether the aggregation will occur only with the prior consent of each person owning, occupying, controlling, or using an electric load center proposed to be aggregated. Nothing in this Section, however, authorizes the aggregation of electric loads that are served or authorized to be served by an electric cooperative as defined by and pursuant to the Electric Supplier Act or loads served by a municipality that owns and operates its own electric distribution system. No aggregation shall take effect unless approved by a majority of the members of the corporate authority, township board, or county board voting upon the ordinance.

A governmental aggregator under this Section is not a public utility or an alternative retail electric supplier.

For purposes of this Section, "township" means the portion of a township that is an unincorporated portion of a county that is not otherwise a part of a municipality. In addition to such other limitations as are included in this Section, a township board shall only have authority to aggregate residential and small commercial customer loads in accordance with this Section if the county board of the county in which the township is located (i) is not also submitting a referendum to its residents at the same general election that the township board proposes to submit a referendum under this subsection (a), (ii) has not received authorization through passage of a referendum to operate an opt-out aggregation program for residential and small commercial retail customers under this subsection (a), and (iii) has not otherwise enacted an ordinance under this subsection (a) authorizing the operation of an opt-in aggregation program for residential and small commercial retail customers as described in this Section.

(b) Upon the applicable requisite authority under this Section, the corporate authorities, the township board, or the county board, with assistance from the Illinois Power Agency, shall develop a plan of operation and governance for the aggregation program so authorized. Before adopting a plan under this Section, the corporate authorities, township board, or county board shall hold at least 2 public hearings on the plan. Before the first hearing, the corporate authorities, township

board, or county board shall publish notice of the hearings once a week for 2 consecutive weeks in a newspaper of general circulation in the jurisdiction. The notice shall summarize the plan and state the date, time, and location of each hearing. Any load aggregation plan established pursuant to this Section shall:

(1) provide for universal access to all applicable residential customers and equitable treatment of applicable residential customers;

(2) describe demand management and energy efficiency services to be provided to each class of customers; and

(3) meet any requirements established by law concerning aggregated service offered pursuant to this Section.

(c) The process for soliciting bids for electricity and other related services and awarding proposed agreements for the purchase of electricity and other related services shall be conducted in the following order:

(1) The corporate authorities, township board, or county board may solicit bids for electricity and other related services.

(1.5) A township board shall request from the electric utility those residential and small commercial customers within their aggregate area either by zip code or zip codes or other means as determined by the electric utility. The electric utility shall then provide to the township board the residential and small commercial customers, including the names and addresses of residential and small commercial customers, electronically. The township board shall be responsible for authenticating the residential and small commercial customers contained in this listing and providing edits of the data to affirm, add, or delete the residential and small commercial customers located within its jurisdiction. The township board shall provide the edited list to the electric utility in an electronic format or other means selected by the electric utility and certify that the information is accurate.

(2) Notwithstanding Section 16-122 of the Public Utilities Act and Section 2HH of the Consumer Fraud and Deceptive Business Practices Act, an electric utility that provides residential and small commercial retail electric service in the aggregate area must, upon request of the corporate authorities, township board, or the county board in the aggregate area, submit to the requesting party, in an electronic format, those account numbers, names, and addresses of residential and small commercial retail customers in
the aggregate area that are reflected in the electric utility's records
at the time of the request; provided, however, that any township
board has first provided an accurate customer list to the electric
utility as provided for herein.

Any corporate authority, township board, or county board receiving
customer information from an electric utility shall be subject to the
limitations on the disclosure of the information described in Section 16-
122 of the Public Utilities Act and Section 2HH of the Consumer Fraud
and Deceptive Business Practices Act, and an electric utility shall not be
held liable for any claims arising out of the provision of information
pursuant to this item (2).

(d) If the corporate authorities, township board, or county board
operate under an opt-in program for residential and small commercial
retail customers, then the corporate authorities, township board, or county
board shall comply with all of the following:

(1) Within 60 days after receiving the bids, the corporate
authorities, township board, or county board shall allow residential
and small commercial retail customers to commit to the terms and
conditions of a bid that has been selected by the corporate
authorities, township board, or county board.

(2) If (A) the corporate authorities, township board, or
county board award proposed agreements for the purchase of
electricity and other related services and (B) an agreement is
reached between the corporate authorities, township board, or
county board for those services, then customers committed to the
terms and conditions according to item (1) of this subsection (d)
shall be committed to the agreement.

(e) If the corporate authorities, township board, or county board
operate as an opt-out program for residential and small commercial retail
customers, then it shall be the duty of the aggregated entity to fully inform
residential and small commercial retail customers in advance that they
have the right to opt out of the aggregation program. The disclosure shall
prominently state all charges to be made and shall include full disclosure
of the cost to obtain service pursuant to Section 16-103 of the Public
Utilities Act, how to access it, and the fact that it is available to them
without penalty, if they are currently receiving service under that Section.
The Illinois Power Agency shall furnish, without charge, to any citizen a
list of all supply options available to them in a format that allows
comparison of prices and products.

(f) Any person or entity retained by a municipality or county, or jointly by more than one such unit of local government, to provide input, guidance, or advice in the selection of an electricity supplier for an aggregation program shall disclose in writing to the involved units of local government the nature of any relationship through which the person or entity may receive, either directly or indirectly, commissions or other remuneration as a result of the selection of any particular electricity supplier. The written disclosure must be made prior to formal approval by the involved units of local government of any professional services agreement with the person or entity, or no later than October 1, 2012 with respect to any such professional services agreement entered into prior to the effective date of this amendatory Act of the 97th General Assembly. The disclosure shall cover all direct and indirect relationships through which commissions or remuneration may result, including the pooling of commissions or remuneration among multiple persons or entities, and shall identify all involved electricity suppliers. The disclosure requirements in this subsection (f) are to be liberally construed to ensure that the nature of financial interests are fully revealed, and these disclosure requirements shall apply regardless of whether the involved person or entity is licensed under Section 16-115C of the Public Utilities Act. Any person or entity that fails to make the disclosure required under this subsection (f) is liable to the involved units of local government in an amount equal to all compensation paid to such person or entity by the units of local government for the input, guidance, or advice in the selection of an electricity supplier, plus reasonable attorneys fees and court costs incurred by the units of local government in connection with obtaining such amount.

(g) The Illinois Power Agency shall provide assistance to municipalities, townships, counties, or associations working with municipalities to help complete the plan and bidding process.

(h) This Section does not prohibit municipalities or counties from entering into an intergovernmental agreement to aggregate residential and small commercial retail electric loads.

(House Bill No. 2239)

AN ACT concerning local government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Sanitary District Act of 1917 is amended by changing Section 3 as follows:

(70 ILCS 2405/3) (from Ch. 42, par. 301)

Sec. 3. Board of trustees; creation; term. A board of trustees shall be created, consisting of 5 members in any sanitary district which includes one or more municipalities with a population of over 90,000 but less than 500,000 according to the most recent Federal census, and consisting of 3 members in any other district. However, the board of trustees for the Fox River Water Reclamation District, the Sanitary District of Decatur, and the

New matter indicated by italics - deletions by strikeout
Northern Moraine Wastewater Reclamation District shall each consist of 5 members. Each board of trustees shall be created for the government, control and management of the affairs and business of each sanitary district organized under this Act shall be created in the following manner:

(1) If the district is located wholly within a single county, the presiding officer of the county board, with the advice and consent of the county board, shall appoint the trustees for the district;

(2) If the district is located in more than one county, the members of the General Assembly whose legislative districts encompass any portion of the district shall appoint the trustees for the district.

In any sanitary district which shall have a 3 member board of trustees, within 60 days after the adoption of such act, the appropriate appointing authority shall appoint three trustees not more than 2 of whom shall be from one incorporated city, town or village in districts in which are included 2 or more incorporated cities, towns or villages, or parts of 2 or more incorporated cities, towns or villages, who shall hold their office respectively for 1, 2 and 3 years, from the first Monday of May next after their appointment and until their successors are appointed and have qualified, and thereafter on or before the second Monday in April of each year the appropriate appointing authority shall appoint one trustee whose term shall be for 3 years commencing the first Monday in May of the year in which he is appointed. The length of the term of the first trustees shall be determined by lot at their first meeting.

In the case of any sanitary district created after January 1, 1978 in which a 5 member board of trustees is required, the appropriate appointing authority shall appoint 5 trustees, one of whom shall hold office for one year, two of whom shall hold office for 2 years, and 2 of whom shall hold office for 3 years from the first Monday of May next after their respective appointments and until their successors are appointed and have qualified. Thereafter, on or before the second Monday in April of each year the appropriate appointing authority shall appoint one trustee or 2 trustees, as shall be necessary to maintain a 5 member board of trustees, whose terms shall be for 3 years commencing the first Monday in May of the year in which they are respectively appointed. The length of the terms of the first trustees shall be determined by lot at their first meeting.

In any sanitary district created prior to January 1, 1978 in which a 5 member board of trustees is required as of January 1, 1978, the two
trustees already serving terms which do not expire on May 1, 1978 shall continue to hold office for the remainders of their respective terms, and 3 trustees shall be appointed by the appropriate appointing authority by April 10, 1978 and shall hold office for terms beginning May 1, 1978. Of the three new trustees, one shall hold office for 2 years and 2 shall hold office for 3 years from May 1, 1978 and until their successors are appointed and have qualified. Thereafter, on or before the second Monday in April of each year the appropriate appointing authority shall appoint one trustee or 2 trustees, as shall be necessary to maintain a 5 member board of trustees, whose terms shall be for 3 years commencing the first Monday in May of the year in which they are respectively appointed. The lengths of the terms of the trustees who are to hold office beginning May 1, 1978 shall be determined by lot at their first meeting after May 1, 1978.

No more than 3 members of a 5 member board of trustees may be of the same political party; except that in any sanitary district which otherwise meets the requirements of this Section and which lies within 4 counties of the State of Illinois or, prior to April 30, 2008, in the Fox River Water Reclamation District; the appointments of the 5 members of the board of trustees shall be made without regard to political party. Beginning with the appointments made on April 30, 2008, all appointments to the board of trustees of the Fox River Water Reclamation District shall be made so that no more than 3 of the 5 members are from the same political party.

Within 60 days after the release of Federal census statistics showing that a sanitary district having a 3 member board of trustees contains one or more municipalities with a population over 90,000 but less than 500,000, or, for the Northern Moraine Wastewater Reclamation District, within 60 days after the effective date of this amendatory Act of the 95th General Assembly, the appropriate appointing authority shall appoint 2 additional trustees to the board of trustees, one to hold office for 2 years and one to hold office for 3 years from the first Monday of May next after their appointment and until their successors are appointed and have qualified. The lengths of the terms of these two additional members shall be determined by lot at the first meeting of the board of trustees held after the additional members take office. The three trustees already holding office in the sanitary district shall continue to hold office for the remainders of their respective terms. Thereafter, on or before the second Monday in April of each year the appropriate appointing authority shall appoint one trustee or 2 trustees, as shall be necessary to maintain a 5

New matter indicated by italics - deletions by strikeout
member board of trustees, whose terms shall be for 3 years commencing
the first Monday in May of the year in which they are respectively
appointed.

If any sanitary district having a 5 member board of trustees shall
cease to contain one or more municipalities with a population over 90,000
but less than 500,000 according to the most recent Federal census, then,
for so long as that sanitary district does not contain one or more such
municipalities, on or before the second Monday in April of each year the
appropriate appointing authority shall appoint one trustee whose term shall
be for 3 years commencing the first Monday in May of the year in which
he is appointed. In districts which include 2 or more incorporated cities,
towns, or villages, or parts of 2 or more incorporated cities, towns, or
villages, all of the trustees shall not be from one incorporated city, town or
village.

If a vacancy occurs on any board of trustees, the appropriate
appointing authority shall within 60 days appoint a trustee who shall hold
office for the remainder of the vacated term.

The appointing authority shall require each of the trustees to enter
into bond, with security to be approved by the appointing authority, in
such sum as the appointing authority may determine.

A majority of the board of trustees shall constitute a quorum but a
smaller number may adjourn from day to day. No trustee or employee of
such district shall be directly or indirectly interested in any contract, work
or business of the district, or the sale of any article, the expense, price or
consideration of which is paid by such district; nor in the purchase of any
real estate or property belonging to the district, or which shall be sold for
taxes or assessments, or by virtue of legal process at the suit of the district.
Provided, that nothing herein shall be construed as prohibiting the
appointment or selection of any person as trustee or employee whose only
interest in the district is as owner of real estate in the district or of
contributing to the payment of taxes levied by the district. The trustees
shall have the power to provide and adopt a corporate seal for the district.

Notwithstanding any other provision in this Section, in any sanitary
district created prior to the effective date of this amendatory Act of 1985,
in which a five member board of trustees has been appointed and which
currently includes one or more municipalities with a population of over
90,000 but less than 500,000, the board of trustees shall consist of five
members.

New matter indicated by italics - deletions by strikeout
Except as otherwise provided for vacancies, in the event that the appropriate appointing authority fails to appoint a trustee under this Section, the appropriate appointing authority shall reconvene and appoint a successor on or before July 1 of that year.

Any member of the clergy having reasonable cause to believe that a child known to that member of the clergy in his or her professional capacity may be an abused child as defined in item (c) of the definition of "abused child" in Section 3 of this Act shall immediately report or cause a report to be made to the Department.

Any physician, physician's assistant, registered nurse, licensed practical nurse, medical technician, certified nursing assistant, social worker, or licensed professional counselor of any office, clinic, or any other physical location that provides abortions, abortion referrals, or contraceptives having reasonable cause to believe a child known to him or her in his or her professional or official capacity may be an abused child or a neglected child shall immediately report or cause a report to be made to the Department.

If an allegation is raised to a school board member during the course of an open or closed school board meeting that a child who is enrolled in the school district of which he or she is a board member is an abused child as defined in Section 3 of this Act, the member shall direct or cause the school board to direct the superintendent of the school district or other equivalent school administrator to comply with the requirements of this Act concerning the reporting of child abuse. For purposes of this paragraph, a school board member is granted the authority in his or her individual capacity to direct the superintendent of the school district or other equivalent school administrator to comply with the requirements of this Act concerning the reporting of child abuse.

New matter indicated by italics - deletions by strikeout
Notwithstanding any other provision of this Act, if an employee of a school district has made a report or caused a report to be made to the Department under this Act involving the conduct of a current or former employee of the school district and a request is made by another school district for the provision of information concerning the job performance or qualifications of the current or former employee because he or she is an applicant for employment with the requesting school district, the general superintendent of the school district to which the request is being made must disclose to the requesting school district the fact that an employee of the school district has made a report involving the conduct of the applicant or caused a report to be made to the Department, as required under this Act. Only the fact that an employee of the school district has made a report involving the conduct of the applicant or caused a report to be made to the Department may be disclosed by the general superintendent of the school district to which the request for information concerning the applicant is made, and this fact may be disclosed only in cases where the employee and the general superintendent have not been informed by the Department that the allegations were unfounded. An employee of a school district who is or has been the subject of a report made pursuant to this Act during his or her employment with the school district must be informed by that school district that if he or she applies for employment with another school district, the general superintendent of the former school district, upon the request of the school district to which the employee applies, shall notify that requesting school district that the employee is or was the subject of such a report.

Whenever such person is required to report under this Act in his capacity as a member of the staff of a medical or other public or private institution, school, facility or agency, or as a member of the clergy, he shall make report immediately to the Department in accordance with the provisions of this Act and may also notify the person in charge of such institution, school, facility or agency, or church, synagogue, temple, mosque, or other religious institution, or his designated agent that such report has been made. Under no circumstances shall any person in charge of such institution, school, facility or agency, or church, synagogue, temple, mosque, or other religious institution, or his designated agent to whom such notification has been made, exercise any control, restraint, modification or other change in the report or the forwarding of such report to the Department.

New matter indicated by italics - deletions by strikeout
The privileged quality of communication between any professional person required to report and his patient or client shall not apply to situations involving abused or neglected children and shall not constitute grounds for failure to report as required by this Act or constitute grounds for failure to share information or documents with the Department during the course of a child abuse or neglect investigation. If requested by the professional, the Department shall confirm in writing that the information or documents disclosed by the professional were gathered in the course of a child abuse or neglect investigation.

A member of the clergy may claim the privilege under Section 8-803 of the Code of Civil Procedure.

Any office, clinic, or any other physical location that provides abortions, abortion referrals, or contraceptives shall provide to all office personnel copies of written information and training materials about abuse and neglect and the requirements of this Act that are provided to employees of the office, clinic, or physical location who are required to make reports to the Department under this Act, and instruct such office personnel to bring to the attention of an employee of the office, clinic, or physical location who is required to make reports to the Department under this Act any reasonable suspicion that a child known to him or her in his or her professional or official capacity may be an abused child or a neglected child. In addition to the above persons required to report suspected cases of abused or neglected children, any other person may make a report if such person has reasonable cause to believe a child may be an abused child or a neglected child.

Any person who enters into employment on and after July 1, 1986 and is mandated by virtue of that employment to report under this Act, shall sign a statement on a form prescribed by the Department, to the effect that the employee has knowledge and understanding of the reporting requirements of this Act. The statement shall be signed prior to commencement of the employment. The signed statement shall be retained by the employer. The cost of printing, distribution, and filing of the statement shall be borne by the employer.

Within one year of initial employment and at least every 5 years thereafter, school personnel required to report child abuse as provided under this Section must complete mandated reporter training by a provider or agency with expertise in recognizing and reporting child abuse.

New matter indicated by italics - deletions by strikeout
The Department shall provide copies of this Act, upon request, to all employers employing persons who shall be required under the provisions of this Section to report under this Act.

Any person who knowingly transmits a false report to the Department commits the offense of disorderly conduct under subsection (a)(7) of Section 26-1 of the Criminal Code of 2012. A violation of this provision is a Class 4 felony.

Any person who knowingly and willfully violates any provision of this Section other than a second or subsequent violation of transmitting a false report as described in the preceding paragraph, is guilty of a Class A misdemeanor for a first violation and a Class 4 felony for a second or subsequent violation; except that if the person acted as part of a plan or scheme having as its object the prevention of discovery of an abused or neglected child by lawful authorities for the purpose of protecting or insulating any person or entity from arrest or prosecution, the person is guilty of a Class 4 felony for a first offense and a Class 3 felony for a second or subsequent offense (regardless of whether the second or subsequent offense involves any of the same facts or persons as the first or other prior offense).

A child whose parent, guardian or custodian in good faith selects and depends upon spiritual means through prayer alone for the treatment or cure of disease or remedial care may be considered neglected or abused, but not for the sole reason that his parent, guardian or custodian accepts and practices such beliefs.

A child shall not be considered neglected or abused solely because the child is not attending school in accordance with the requirements of Article 26 of the School Code, as amended.

Nothing in this Act prohibits a mandated reporter who reasonably believes that an animal is being abused or neglected in violation of the Humane Care for Animals Act from reporting animal abuse or neglect to the Department of Agriculture's Bureau of Animal Health and Welfare.

A home rule unit may not regulate the reporting of child abuse or neglect in a manner inconsistent with the provisions of this Section. This Section is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State.

For purposes of this Section "child abuse or neglect" includes abuse or neglect of an adult resident as defined in this Act.

*If the distance between 2 axles is 96 inches or less, the 2 axles are tandem axles and the maximum total weight may not exceed 34,000 pounds, notwithstanding the higher limit resulting from the application of the formula.*

Vehicles not in a combination having more than 4 axles may not exceed the weight in the table in this subsection (a) for 4 axles measured between the extreme axles of the vehicle.

Vehicles in a combination having more than 6 axles may not exceed the weight in the table in this subsection (a) for 6 axles measured between the extreme axles of the combination.

Local authorities, with respect to streets and highways under their jurisdiction, without additional fees, may also by ordinance or resolution allow the weight limitations of this subsection, provided the maximum gross weight on any one axle shall not exceed 20,000 pounds and the maximum total weight on any tandem axle shall not exceed 34,000 pounds, on designated highways when appropriate regulatory signs giving notice are erected upon the street or highway or portion of any street or highway affected by the ordinance or resolution.

The following are exceptions to the above formula:

(1) Vehicles for which a different limit is established and posted in accordance with Section 15-316 of this Code.
(2) Vehicles for which the Department of Transportation and local authorities issue overweight permits under authority of Section 15-301 of this Code. These vehicles are not subject to the bridge formula.

(3) Cities having a population of more than 50,000 may permit by ordinance axle loads on 2 axle motor vehicles 33 1/2% above those provided for herein, but the increase shall not become effective until the city has officially notified the Department of the passage of the ordinance and shall not apply to those vehicles when outside of the limits of the city, nor shall the gross weight of any 2 axle motor vehicle operating over any street of the city exceed 40,000 pounds.

(4) Weight limitations shall not apply to vehicles (including loads) operated by a public utility when transporting equipment required for emergency repair of public utility facilities or properties or water wells.

(5) Two consecutive sets of tandem axles may carry a total weight of 34,000 pounds each if the overall distance between the first and last axles of the consecutive sets of tandem axles is 36 feet or more, notwithstanding the lower limit resulting from the application of the above formula.

(6) A truck, not in combination and used exclusively for the collection of rendering materials, may, when laden, transmit upon the road surface, except when on part of the National System of Interstate and Defense Highways, the following maximum weights: 22,000 pounds on a single axle; 40,000 pounds on a tandem axle.

(7) A truck not in combination, equipped with a self compactor or an industrial roll-off hoist and roll-off container, used exclusively for garbage, refuse, or recycling operations, may, when laden, transmit upon the road surface, except when on part of the National System of Interstate and Defense Highways, the following maximum weights: 22,000 pounds on a single axle; 40,000 pounds on a tandem axle; 40,000 pounds gross weight on a 2-axle vehicle; 54,000 pounds gross weight on a 3-axle vehicle. This vehicle is not subject to the bridge formula.

(8) Tandem axles on a 3-axle truck registered as a Special Hauling Vehicle, manufactured prior to or in the model year of 2024 and first registered in Illinois prior to January 1, 2025, with a distance greater than 72 inches but not more than 96
inches between any series of 2 axles, is allowed a combined weight on the series not to exceed 36,000 pounds and neither axle of the series may exceed 20,000 pounds. Any vehicle of this type manufactured after the model year of 2014 or first registered in Illinois after December 31, 2014 may not exceed a combined weight of 34,000 pounds through the series of 2 axles and neither axle of the series may exceed 20,000 pounds.

(9) A 4-axle truck mixer registered as a Special Hauling Vehicle, used exclusively for the mixing and transportation of concrete in the plastic state, manufactured before or in the model year of 2014, first registered in Illinois before January 1, 2015, and not operated on a highway that is part of the National System of Interstate Highways, is allowed the following maximum weights: 20,000 pounds on any single axle; 36,000 pounds on a series of axles greater than 72 inches but not more than 96 inches; and 34,000 pounds on any series of 2 axles greater than 40 inches but not more than 72 inches. The gross weight of this vehicle may not exceed the weights allowed by the bridge formula for 4 axles. The bridge formula does not apply to any series of 3 axles while the vehicle is transporting concrete in the plastic state, but no axle or tandem axle of the series may exceed the maximum weight permitted under this paragraph (9) of subsection (a).

(10) Combinations of vehicles, registered as Special Hauling Vehicles that include a semitrailer manufactured prior to or in the model year of 2014, and registered in Illinois prior to January 1, 2015, having 5 axles with a distance of 42 feet or less between extreme axles, may not exceed the following maximum weights: 20,000 pounds on a single axle; 34,000 pounds on a tandem axle; and 72,000 pounds gross weight. This combination of vehicles is not subject to the bridge formula. For all those combinations of vehicles that include a semitrailer manufactured after the effective date of P.A. 92-0417, the overall distance between the first and last axles of the 2 sets of tandems must be 18 feet 6 inches or more. Any combination of vehicles that has had its cargo container replaced in its entirety after December 31, 2014 may not exceed the weights allowed by the bridge formula.
(11) The maximum weight allowed on a vehicle with crawler type tracks is 40,000 pounds.

(12) A combination of vehicles, including a tow truck and a disabled vehicle or disabled combination of vehicles, that exceeds the weight restriction imposed by this Code, may be operated on a public highway in this State provided that neither the disabled vehicle nor any vehicle being towed nor the tow truck itself shall exceed the weight limitations permitted under this Chapter. During the towing operation, neither the tow truck nor the vehicle combination shall exceed 24,000 pounds on a single rear axle and 44,000 pounds on a tandem rear axle, provided the towing vehicle:

   (i) is specifically designed as a tow truck having a gross vehicle weight rating of at least 18,000 pounds and is equipped with air brakes, provided that air brakes are required only if the towing vehicle is towing a vehicle, semitrailer, or tractor-trailer combination that is equipped with air brakes;

   (ii) is equipped with flashing, rotating, or oscillating amber lights, visible for at least 500 feet in all directions;

   (iii) is capable of utilizing the lighting and braking systems of the disabled vehicle or combination of vehicles; and

   (iv) does not engage in a tow exceeding 20 miles from the initial point of wreck or disablement. Any additional movement of the vehicles may occur only upon issuance of authorization for that movement under the provisions of Sections 15-301 through 15-319 of this Code. The towing vehicle, however, may tow any disabled vehicle to a point where repairs are actually to occur. This movement shall be valid only on State routes. The tower must abide by posted bridge weight limits.

Gross weight limits shall not apply to the combination of the tow truck and vehicles being towed. The tow truck license plate must cover the operating empty weight of the tow truck only. The weight of each vehicle being towed shall be covered by a valid license plate issued to the owner or operator of the vehicle being towed and displayed on that vehicle. If no valid plate issued to the owner or operator of that vehicle is displayed on that vehicle, or the plate displayed on that vehicle does not cover the weight of the vehicle, the weight of the vehicle shall be covered by the

third tow truck plate issued to the owner or operator of the tow truck and temporarily affixed to the vehicle being towed. If a roll-back carrier is registered and being used as a tow truck, however, the license plate or plates for the tow truck must cover the gross vehicle weight, including any load carried on the bed of the roll-back carrier.

The Department may by rule or regulation prescribe additional requirements. However, nothing in this Code shall prohibit a tow truck under instructions of a police officer from legally clearing a disabled vehicle, that may be in violation of weight limitations of this Chapter, from the roadway to the berm or shoulder of the highway. If in the opinion of the police officer that location is unsafe, the officer is authorized to have the disabled vehicle towed to the nearest place of safety.

For the purpose of this subsection, gross vehicle weight rating, or GVWR, means the value specified by the manufacturer as the loaded weight of the tow truck.

(b) As used in this Section, "recycling haul" or "recycling operation" means the hauling of non-hazardous, non-special, non-putrescible materials, such as paper, glass, cans, or plastic, for subsequent use in the secondary materials market.

(c) No vehicle or combination of vehicles equipped with pneumatic tires shall be operated, unladen or with load, upon the highways of this State in violation of the provisions of any permit issued under the provisions of Sections 15-301 through 15-319 of this Chapter.

(d) No vehicle or combination of vehicles equipped with other than pneumatic tires may be operated, unladen or with load, upon the highways of this State when the gross weight on the road surface through any wheel exceeds 800 pounds per inch width of tire tread or when the gross weight on the road surface through any axle exceeds 16,000 pounds.

(e) No person shall operate a vehicle or combination of vehicles over a bridge or other elevated structure constituting part of a highway with a gross weight that is greater than the maximum weight permitted by the Department, when the structure is sign posted as provided in this Section.

(f) The Department upon request from any local authority shall, or upon its own initiative may, conduct an investigation of any bridge or other elevated structure constituting a part of a highway, and if it finds that the structure cannot with safety to itself withstand the weight of vehicles otherwise permissible under this Code the Department shall determine and declare the maximum weight of vehicles that the structures can withstand,
and shall cause or permit suitable signs stating maximum weight to be erected and maintained before each end of the structure. No person shall operate a vehicle or combination of vehicles over any structure with a gross weight that is greater than the posted maximum weight.

(g) Upon the trial of any person charged with a violation of subsection (e) or (f) of this Section, proof of the determination of the maximum allowable weight by the Department and the existence of the signs, constitutes conclusive evidence of the maximum weight that can be maintained with safety to the bridge or structure.

Section 99. Effective date. This Act takes effect January 1, 2014.

Approved August 16, 2013.
Effective January 1, 2014.

PUBLIC ACT 98-0410
(House Bill No. 2361)

AN ACT concerning transportation.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Vehicle Code is amended by changing Section 15-111 as follows:

(625 ILCS 5/15-111) (from Ch. 95 1/2, par. 15-111)
Sec. 15-111. Wheel and axle loads and gross weights.
(a) No vehicle or combination of vehicles with pneumatic tires may be operated, unladen or with load, when the total weight on the road surface exceeds the following: 20,000 pounds on a single axle; 34,000 pounds on a tandem axle with no axle within the tandem exceeding 20,000 pounds; 80,000 pounds gross weight for vehicle combinations of 5 or more axles; or a total weight on a group of 2 or more consecutive axles in excess of that weight produced by the application of the following formula: 

\[ W = 500 \times \left( \frac{LN}{N-1} + 12N + 36 \right) \]

where \( W \) equals overall total weight on any group of 2 or more consecutive axles to the nearest 500 pounds, \( L \) equals the distance measured to the nearest foot between extremes of any group of 2 or more consecutive axles, and \( N \) equals the number of axles in the group under consideration.

on a tandem axle; 40,000 pounds gross weight on a 2-axle vehicle; 54,000 pounds gross weight on a 3-axle vehicle. This vehicle is not subject to the bridge formula.

20,000 pounds on any single axle; 36,000 pounds on a series of axles greater than 72 inches but not more than 96 inches; and 34,000 pounds on any series of 2 axles greater than 40 inches but not more than 72 inches. The gross weight of this vehicle may not exceed the weights allowed by the bridge formula for 4 axles. The bridge formula does not apply to any series of 3 axles while the vehicle is transporting concrete in the plastic state, but no axle or tandem axle of the series may exceed the maximum weight permitted under this paragraph (9) of subsection (a).

(10) Combinations of vehicles, registered as Special Hauling Vehicles that include a semitrailer manufactured prior to or in the model year of 2014, and registered in Illinois prior to January 1, 2015, having 5 axles with a distance of 42 feet or less between extreme axles, may not exceed the following maximum weights: 20,000 pounds on a single axle; 34,000 pounds on a tandem axle; and 72,000 pounds gross weight. This combination of vehicles is not subject to the bridge formula. For all those combinations of vehicles that include a semitrailer manufactured after the effective date of P.A. 92-0417, the overall distance between the first and last axles of the 2 sets of tandems must be 18 feet 6 inches or more. Any combination of vehicles that has had its cargo container replaced in its entirety after December 31, 2014 may not exceed the weights allowed by the bridge formula.

(11) The maximum weight allowed on a vehicle with crawler type tracks is 40,000 pounds.

(12) A combination of vehicles, including a tow truck and a disabled vehicle or disabled combination of vehicles, that exceeds the weight restriction imposed by this Code, may be operated on a public highway in this State provided that neither the disabled vehicle nor any vehicle being towed nor the tow truck itself shall exceed the weight limitations permitted under this Chapter. During the towing operation, neither the tow truck nor the vehicle combination shall exceed 24,000 pounds on a single rear axle and 44,000 pounds on a tandem rear axle, provided the towing vehicle:

(i) is specifically designed as a tow truck having a gross vehicle weight rating of at least 18,000 pounds and is equipped with air brakes, provided that air brakes are required only if the towing vehicle is towing a vehicle,
semitrailer, or tractor-trailer combination that is equipped with air brakes;

(ii) is equipped with flashing, rotating, or oscillating amber lights, visible for at least 500 feet in all directions;

(iii) is capable of utilizing the lighting and braking systems of the disabled vehicle or combination of vehicles;

and

(iv) does not engage in a tow exceeding 20 miles from the initial point of wreck or disablement. Any additional movement of the vehicles may occur only upon issuance of authorization for that movement under the provisions of Sections 15-301 through 15-319 of this Code. The towing vehicle, however, may tow any disabled vehicle to a point where repairs are actually to occur. This movement shall be valid only on State routes. The tower must abide by posted bridge weight limits.

Gross weight limits shall not apply to the combination of the tow truck and vehicles being towed. The tow truck license plate must cover the operating empty weight of the tow truck only. The weight of each vehicle being towed shall be covered by a valid license plate issued to the owner or operator of the vehicle being towed and displayed on that vehicle. If no valid plate issued to the owner or operator of that vehicle is displayed on that vehicle, or the plate displayed on that vehicle does not cover the weight of the vehicle, the weight of the vehicle shall be covered by the third tow truck plate issued to the owner or operator of the tow truck and temporarily affixed to the vehicle being towed. If a roll-back carrier is registered and being used as a tow truck, however, the license plate or plates for the tow truck must cover the gross vehicle weight, including any load carried on the bed of the roll-back carrier.

The Department may by rule or regulation prescribe additional requirements. However, nothing in this Code shall prohibit a tow truck under instructions of a police officer from legally clearing a disabled vehicle, that may be in violation of weight limitations of this Chapter, from the roadway to the berm or shoulder of the highway. If in the opinion of the police officer that location is unsafe, the officer is authorized to have the disabled vehicle towed to the nearest place of safety.

For the purpose of this subsection, gross vehicle weight rating, or GVWR, means the value specified by the manufacturer as the loaded weight of the tow truck.

(b) As used in this Section, "recycling haul" or "recycling operation" means the hauling of non-hazardous, non-special, non-putrescible materials, such as paper, glass, cans, or plastic, for subsequent use in the secondary materials market.

(c) No vehicle or combination of vehicles equipped with pneumatic tires shall be operated, unladen or with load, upon the highways of this State in violation of the provisions of any permit issued under the provisions of Sections 15-301 through 15-319 of this Chapter.

(d) No vehicle or combination of vehicles equipped with other than pneumatic tires may be operated, unladen or with load, upon the highways of this State when the gross weight on the road surface through any wheel exceeds 800 pounds per inch width of tire tread or when the gross weight on the road surface through any axle exceeds 16,000 pounds.

(e) No person shall operate a vehicle or combination of vehicles over a bridge or other elevated structure constituting part of a highway with a gross weight that is greater than the maximum weight permitted by the Department, when the structure is sign posted as provided in this Section.

(f) The Department upon request from any local authority shall, or upon its own initiative may, conduct an investigation of any bridge or other elevated structure constituting a part of a highway, and if it finds that the structure cannot with safety to itself withstand the weight of vehicles otherwise permissible under this Code the Department shall determine and declare the maximum weight of vehicles that the structures can withstand, and shall cause or permit suitable signs stating maximum weight to be erected and maintained before each end of the structure. No person shall operate a vehicle or combination of vehicles over any structure with a gross weight that is greater than the posted maximum weight.

(g) Upon the trial of any person charged with a violation of subsection (e) or (f) of this Section, proof of the determination of the maximum allowable weight by the Department and the existence of the signs, constitutes conclusive evidence of the maximum weight that can be maintained with safety to the bridge or structure.

Approved August 16, 2013.
Effective August 16, 2013.
AN ACT concerning State government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The State Comptroller Act is amended by changing Sections 10.10 and 20 as follows:

(15 ILCS 405/10.10) (from Ch. 15, par. 210.10)

Sec. 10.10. (a) If any Comptroller's warrant is lost, mislaid or destroyed, or becomes void after issuance, so that it cannot be presented for payment by the person entitled thereto, the Comptroller, at any time before that warrant is paid by the State Treasurer, but within 5 years of the date of issuance, may issue a replacement warrant to the person entitled thereto. If the original warrant was not cancelled or did not become void, the Comptroller, before issuing the replacement warrant, shall issue a stop payment order on the State Treasurer and receive a confirmation of the stop payment order on the original warrant from the State Treasurer.

(b) Only the person entitled to the original warrant, or his heirs or legal representatives, or a third party to whom it was properly negotiated or the heirs or legal representatives of such party, may request a replacement warrant. In the case of a warrant issued to a payee who dies before the warrant is paid by the State Treasurer and whose estate has been probated pursuant to law, the Comptroller, upon receipt of a certified copy of a judicial order establishing the person or entity entitled to payment, may issue a replacement warrant to such person or entity.

(c) Within 12 months from the date of issuance of the original warrant, if the original warrant has not been canceled for redeposit, the Comptroller may issue a replacement warrant on the original voucher drawing upon the same fund and charging the same appropriation or other expenditure authorization as the original warrant.

(d) Within 12 months from the date of issuance of the original warrant, if the original warrant has been canceled for redeposit, and if the issuance of the replacement warrant would not over-obligate the appropriation or other expenditure authority against which it is drawn, the Comptroller may issue the replacement warrant. If the original warrant was issued against an appropriation or other expenditure authority which has lapsed, the replacement warrant shall be drawn on the Warrant...
Escheat Fund. If the appropriation or other obligational authority against which the replacement warrant is drawn has not lapsed, the Comptroller shall notify the originating agency of the request for a replacement warrant and shall receive a replacement voucher from that agency before drawing the replacement warrant, which shall be drawn on the same fund and charged to the same appropriation or other expenditure authority as the original warrant.

(e) Within 12 months from the date of issuance of the original warrant, if the original warrant has been canceled for redeposit, the Comptroller may not issue a replacement warrant where such issuance would over-obligate the appropriation or other expenditure authority against which the original warrant was drawn. Whenever the Comptroller is presented with a request for a replacement warrant which may not be issued under the limitation of this subsection, if the appropriation or other expenditure authority against which the original warrant was drawn has not lapsed, the Comptroller shall immediately inform the originating agency of the request and that the request may not be honored because of the resulting over-obligation, and shall request the agency to determine whether or not that agency will take some corrective action before the applicable expenditure authorization lapses. The originating agency shall respond to the Comptroller's inquiry within 5 business days.

(f) After 12 months from the date of issuance of the original warrant, if the original warrant has not been cancelled for redeposit, the Comptroller shall issue the replacement warrant on the Warrant Escheat Fund.

(f-5) After 5 years from the date of issuance of the original warrant but no later than 10 years after that date, the Comptroller may issue a replacement warrant on the Warrant Escheat Fund to a person or entity entitled thereto, as those persons and entities are described in subsection (b) of this Section, if the following requirements are met:

(1) the person or entity verifies that they are entitled to the original warrant;

(2) in the case of a warrant that is not presented by the requestor, the paying agency certifies that the original payee is still entitled to the payment; and

(3) the Comptroller's records are available and confirm that the warrant was not replaced.
(g) Except as provided in this Section, requests for replacement warrants for more than $500 shall show entitlement to such warrant by including an affidavit, in writing, sworn before a person authorized to administer oaths and affirmations, stating the loss or destruction of the warrant, or the fact that the warrant is void. However, when the written request for a replacement warrant submitted by the person to whom the original warrant was issued is accompanied by the original warrant, no affidavit is required. Requests for replacement warrants for $500 or less shall show entitlement to such warrant by submitting a written statement of the loss or destruction of the warrant, or the fact that the warrant is void on an application form prescribed by the Comptroller. If the person requesting the replacement is in possession of the original warrant, or any part thereof, the original warrant or the part thereof must accompany the request for replacement. The Comptroller shall then draw such replacement warrant, and the treasurer shall pay the replacement warrant.

If at the time of a loss or destruction a warrant was negotiated to a third party, however (which fact shall be ascertained by the oath of the party making the application, or otherwise), before the replacement warrant is drawn by the Comptroller, the person requesting the replacement warrant must give the Comptroller a bond or bonds with sufficient sureties, to be approved by the Comptroller, payable to the People of the State of Illinois, for the refunding of the amount, together with all costs and charges, should the State afterwards be compelled to pay the original warrant.

holds a Master Certificate without satisfying any other requirements of this Code, except for those requirements pertaining to criminal background checks.

(e) School service personnel certificates are renewable every 5 years and may be renewed as provided in this Section. Requests for renewals must be submitted, in a format prescribed by the State Board of Education, to the regional office of education responsible for the school where the holder is employed.

Upon completion of at least 80 hours of continuing professional development as provided in this subsection (e), a person who holds a valid school service personnel certificate shall have his or her certificate renewed for a period of 5 years. A person who (i) holds an active license issued by the State as a clinical professional counselor, a professional counselor, a marriage and family therapist, a clinical social worker, a social worker, or a speech-language pathologist; (ii) holds national certification as a Nationally Certified School Psychologist from the National School Psychology Certification Board; (iii) is nationally certified as a National Certified School Nurse from the National Board for Certification of School Nurses; (iv) is nationally certified as a National Certified Counselor or National Certified School Counselor from the National Board for Certified Counselors; or (v) holds a Certificate of Clinical Competence from the American Speech-Language-Hearing Association shall be deemed to have satisfied the continuing professional development requirements established by the State Board of Education and the State Teacher Certification Board to renew a school service personnel certificate.

Any school service personnel certificate held by an individual employed and performing services in an Illinois public or State-operated
elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control in a certificated school service personnel position or in a charter school in compliance with the Charter Schools Law must be maintained Valid and Active through certificate renewal activities specified in the certificate renewal procedure established pursuant to this Section, provided that a holder of a Valid and Active certificate who is only employed on either a part-time basis or day-to-day basis as a substitute shall pay only the required registration fee to renew his or her certificate and maintain it as Valid and Active. All other school service personnel certificates held may be maintained as Valid and Exempt through the registration process provided for in the certificate renewal procedure established pursuant to Section 21-14 of this Code. A Valid and Exempt certificate must be immediately activated, through procedures developed by the State Board of Education upon the certificate holder becoming employed and performing services in an Illinois public or State-operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control in a certificated school service personnel position or in a charter school operating in compliance with the Charter Schools Law. A holder of a Valid and Exempt certificate may activate his or her certificate through procedures provided for in the certificate renewal procedure established pursuant to this Section.

A school service personnel certificate that has been maintained as Valid and Active for the 5 years of the certificate's validity shall be renewed as Valid and Active upon the certificate holder (i) completing the National Board for Professional Teaching Standards process in an area of concentration comparable to the holder's school service personnel certificate of endorsement or (ii) earning 80 continuing professional development units as described in this Section. If, however, the certificate holder has maintained the certificate as Valid and Exempt for a portion of the 5-year period of validity, the number of continuing professional development units needed to renew the certificate as Valid and Active must be proportionately reduced by the amount of time the certificate was Valid and Exempt. If a certificate holder is employed and performs services requiring the holder's school service personnel certificate on a part-time basis for all or a portion of the certificate's 5-year period of validity, the number of continuing professional development units needed to renew the certificate as Valid and Active shall be reduced by 50% for the amount of time the certificate holder has been employed and
performing such services on a part-time basis. "Part-time" means less than 50% of the school day or school term.

Beginning July 1, 2008, in order to satisfy the requirements for continuing professional development provided for in this Section, each Valid and Active school service personnel certificate holder shall complete professional development activities that address the certificate or those certificates that are required of his or her certificated position, if the certificate holder is employed and performing services in an Illinois public or State operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control, or that certificate or those certificates most closely related to his or her teaching position, if the certificate holder is employed in a charter school. (2) Develop the certificate holder's knowledge and skills in areas determined by the State Board of Education to be critical for all school service personnel.

(3) Address the knowledge, skills, and goals of the certificate holder's local school improvement plan, if the certificate holder is employed in an Illinois public or State-operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control.

(5) Address the needs of serving students who are the children of immigrants, including, if the certificate holder is employed as a counselor in an Illinois public or State-operated secondary school, opportunities for higher education for students who are undocumented immigrants.

The coursework or continuing professional development units ("CPDU") required under this subsection (e) must total 80 CPDUs or the equivalent and must address 4 of the 5 purposes described in items (1)
through (5) of this subsection (e). Holders of school service personnel certificates may fulfill this obligation with any combination of semester hours or CPDUs as follows:

Proportionate reductions shall apply when the holder's status was Valid and Active for less than the 5-year period preceding the renewal.

(C) Teaching college or university courses in areas relevant to the certificate area being renewed, provided that the teaching may be counted only once during the course of 5 years.

(D) Conferences, workshops, institutes, seminars, or symposiums designed to improve the certificate holder's knowledge and skills in the service area and applicable to the purposes listed in items (1) through (5) of this subsection (e). One
CPDU shall be awarded for each hour of attendance. No one shall receive credit for conferences, workshops, institutes, seminars, or symposiums that are designed for entertainment, promotional, or commercial purposes or that are solely inspirational or motivational. The State Superintendent of Education and regional superintendents of schools are authorized to review the activities and events provided or to be provided under this subdivision (D) and to investigate complaints regarding those activities and events. Sec. 21B-25. Endorsement on licenses. All licenses issued under paragraph (1) of Section 21B-20 of this Code shall be specifically endorsed by the State Board of Education for each content area, school support area, and administrative area for which the holder of the license is qualified. Recognized institutions approved to offer educator preparation programs shall be trained to add endorsements to licenses issued to applicants who meet all of the requirements for the endorsement or endorsements, including passing any required tests. The State Superintendent of Education shall randomly audit institutions to ensure that all rules and standards are being followed for entitlement or when endorsements are being recommended.

An individual holding a general administrative endorsement may work only as a principal or assistant principal or in a related or similar position, as
determined by the State Superintendent of Education, in consultation with the State Educator Preparation and Licensure Board.

Beginning on September 1, 2014, the general administrative endorsement shall no longer be issued. Sec. 5. Construction, modification, or establishment of health care facilities or acquisition of major medical equipment; permits or exemptions. No person shall construct, modify or establish a health care facility or acquire major medical equipment without first obtaining a permit or exemption from the State Board. The State Board shall not delegate to the staff of the State Board or any other person or entity the authority to grant permits or exemptions whenever the staff or other person or entity would be required to exercise any discretion affecting the decision to grant a permit or exemption. The State Board may, by rule, delegate authority to the Chairman to grant permits or exemptions when applications meet all of the State Board's review criteria and are unopposed.

A permit or exemption shall be obtained prior to the acquisition of major medical equipment or to the construction or modification of a health care facility which:

   (a) requires a total capital expenditure in excess of the capital expenditure minimum; or
   (b) substantially changes the scope or changes the functional operation of the facility; or

A permit shall be valid only for the defined construction or modifications, site, amount and person named in the application for such permit and shall not be transferable or assignable. A permit shall be valid until such time as the project has been completed, provided that the project commences and proceeds to completion with due diligence by the completion date or extension date approved by the Board.

A permit holder must do the following: (i) submit the final completion and cost report for the project within 90 days after the approved project completion date or extension date and (ii) submit annual progress reports no earlier than 30 days before and no later than 30 days after each anniversary date of the Board's approval of the permit until the project is completed. To maintain a valid permit and to monitor progress
toward project commencement and completion, routine post-permit reports shall be limited to annual progress reports and the final completion and cost report. Annual progress reports shall include information regarding the committed funds expended toward the approved project. If the project is not completed in one year, then, by the second annual report, the permit holder shall expend 33% or more of the total project cost or shall make a commitment to expend 33% or more of the total project cost by signed contracts or other legal means, and the report shall contain information regarding those expenditures or commitments. If the project is to be completed in one year, then the first annual report shall contain the expenditure commitment information for the total project cost. The State Board may extend the expenditure commitment period after considering a permit holder's showing of good cause and request for additional time to complete the project.

The Certificate of Need process required under this Act is designed to restrain rising health care costs by preventing unnecessary construction or modification of health care facilities. The Board must assure that the establishment, construction, or modification of a health care facility or the acquisition of major medical equipment is consistent with the public interest and that the proposed project is consistent with the orderly and economic development or acquisition of those facilities and equipment and is in accord with the standards, criteria, or plans of need adopted and approved by the Board. Board decisions regarding the construction of health care facilities must consider capacity, quality, value, and equity. Projects may deviate from the costs, fees, and expenses provided in their project cost information for the project's cost components, provided that the final total project cost does not exceed the approved permit amount. Project alterations shall not increase the total approved permit amount by more than the limit set forth under the Board's rules.

Major construction projects, for the purposes of this Act, shall include but are not limited to: projects for the construction of new buildings; additions to existing facilities; modernization projects whose cost is in excess of $1,000,000 or 10% of the facilities' operating revenue, whichever is less; and such other projects as the State Board shall define and prescribe pursuant to this Act.

Permits for projects that have not been obligated within the prescribed obligation period shall expire on the last day of that period.

Notwithstanding any other provision of this Act, no permit or exemption is required for the construction or modification of a non-clinical service area of a health care facility.

(Section scheduled to be repealed on December 31, 2019)

Sec. 12. Powers and duties of State Board. For purposes of this Act, the State Board shall exercise the following powers and duties:

(2) Adopt procedures for public notice and hearing on all proposed rules, regulations, standards, criteria, and plans required to carry out the provisions of this Act.

(3) (Blank).

(4) Develop criteria and standards for health care facilities planning, conduct statewide inventories of health care facilities, maintain an updated inventory on the Board's web site reflecting the most recent bed and service changes and updated need determinations when new census data become available or new need formulae are adopted, and develop health care facility plans which shall be utilized in the review of applications for permit under this Act. Such health facility plans shall be coordinated by the Board with pertinent State Plans. Inventories pursuant to this Section of skilled or intermediate care facilities licensed under the Nursing Home Care Act, skilled or intermediate care facilities licensed under the ID/DD Community Care Act, facilities licensed under the Specialized Mental Health Rehabilitation Act, or nursing homes licensed under the Hospital Licensing Act shall be conducted on an annual basis no later than July 1 of each year and shall include among the information

requested a list of all services provided by a facility to its residents and to the community at large and differentiate between active and inactive beds.

In developing health care facility plans, the State Board shall consider, but shall not be limited to, the following:

(a) The size, composition and growth of the population of the area to be served;
(b) The number of existing and planned facilities offering similar programs;
(c) The extent of utilization of existing facilities;
(d) The availability of facilities which may serve as alternatives or substitutes;
(e) The availability of personnel necessary to the operation of the facility;
(f) Multi-institutional planning and the establishment of multi-institutional systems where feasible;
(g) The financial and economic feasibility of proposed construction or modification; and
(h) In the case of health care facilities established by a religious body or denomination, the needs of the members of such religious body or denomination may be considered to be public need.

The health care facility plans which are developed and adopted in accordance with this Section shall form the basis for the plan of the State to deal most effectively with statewide health needs in regard to health care facilities.

(5) Coordinate with the Center for Comprehensive Health Planning and other state agencies having responsibilities affecting health care facilities, including those of licensure and cost reporting. Beginning no later than January 1, 2013, the Department of Public Health shall produce a written annual report to the Governor and the General Assembly regarding the development of the Center for Comprehensive Health Planning. The Chairman of the State Board and the State Board Administrator shall also receive a copy of the annual report.

(6) Solicit, accept, hold and administer on behalf of the State any grants or bequests of money, securities or property for use by the State Board or Center for Comprehensive Health Planning in the administration of this Act; and enter into contracts consistent with the appropriations for purposes enumerated in this Act.
(7) The State Board shall prescribe procedures for review, standards, and criteria which shall be utilized to make periodic reviews and determinations of the appropriateness of any existing health services being rendered by health care facilities subject to the Act. The State Board shall consider recommendations of the Board in making its determinations.

(8) Prescribe, in consultation with the Center for Comprehensive Health Planning, rules, regulations, standards, and criteria for the conduct of an expeditious review of applications for permits for projects of construction or modification of a health care facility, which projects are classified as emergency, substantive, or non-substantive in nature.

Six months after June 30, 2009 (the effective date of Public Act 96-31), substantive projects shall include no more than the following:

(a) Projects to construct (1) a new or replacement facility located on a new site or (2) a replacement facility located on the same site as the original facility and the cost of the replacement facility exceeds the capital expenditure minimum, which shall be reviewed by the Board within 120 days;

(b) Projects proposing a (1) new service within an existing healthcare facility or (2) discontinuation of a service within an existing healthcare facility, which shall be reviewed by the Board within 60 days; or

(c) Projects proposing a change in the bed capacity of a health care facility by an increase in the total number of beds or by a redistribution of beds among various categories of service or by a relocation of beds from one physical facility or site to another by more than 20 beds or more than 10% of total bed capacity, as defined by the State Board, whichever is less, over a 2-year period.

The Chairman may approve applications for exemption that meet the criteria set forth in rules or refer them to the full Board. The Chairman may approve any unopposed application that meets all of the review criteria or refer them to the full Board.

Such rules shall not abridge the right of the Center for Comprehensive Health Planning to make recommendations on the classification and approval of projects, nor shall such rules prevent the conduct of a public hearing upon the timely request of an interested party. Such reviews shall not exceed 60 days from the date the application is declared to be complete.
(9) Prescribe rules, regulations, standards, and criteria pertaining to the granting of permits for construction and modifications which are emergent in nature and must be undertaken immediately to prevent or correct structural deficiencies or hazardous conditions that may harm or injure persons using the facility, as defined in the rules and regulations of the State Board. This procedure is exempt from public hearing requirements of this Act.

(10) Prescribe rules, regulations, standards and criteria for the conduct of an expeditious review, not exceeding 60 days, of applications for permits for projects to construct or modify health care facilities which are needed for the care and treatment of persons who have acquired immunodeficiency syndrome (AIDS) or related conditions.

(11) Issue written decisions upon request of the applicant or an adversely affected party to the Board within 30 days of the meeting in which a final decision has been made. Requests for a written decision shall be made within 15 days after the Board meeting in which a final decision has been made. A "final decision" for purposes of this Act is the decision to approve or deny an application, or take other actions permitted under this Act, at the time and date of the meeting that such action is scheduled by the Board. The staff of the State Board shall prepare a written copy of the final decision and the State Board shall approve a final copy for inclusion in the formal record. The Board shall consider, for approval, the written draft of the final decision no later than the next scheduled Board meeting. The written decision shall identify the applicable criteria and factors listed in this Act and the Board's regulations that were taken into consideration by the Board when coming to a final decision. If the State Board denies or fails to approve an application for permit or exemption certificate, the State Board shall include in the final decision a detailed explanation as to why the application was denied and identify what specific criteria or standards the applicant did not fulfill.

(12) Require at least one of its members to participate in any public hearing, after the appointment of a majority of the members to the Board.

(13) Provide a mechanism for the public to comment on, and request changes to, draft rules and standards.

(14) Implement public information campaigns to regularly inform the general public about the opportunity for public hearings and public hearing procedures.

AN ACT concerning regulation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Electronic Fund Transfer Act is amended by changing Section 50 as follows:

(205 ILCS 616/50)

Sec. 50. Terminal requirements.

(a) To assure maximum safety and security against malfunction, fraud, theft, and other accidents or abuses and to assure that all access devices will have the capability of activating all terminals established in this State, no terminal shall accept an access device that does not conform to specifications that are generally accepted. In the case of a dispute concerning the specifications, the Commissioner, in accordance with the provisions of Section 20 of this Act, shall have the authority to determine the specifications.

(b) No terminal that does not accept an access device that conforms with those specifications shall be established or operated.

(c) A terminal shall bear a logotype or other identification symbol designed to advise customers which access devices may activate the terminal.

(d) When used to perform an interchange transaction, a terminal shall not bear any form of proprietary advertising of products and services not offered at the terminal; provided, however, that a terminal screen may bear proprietary advertising of products or services offered by a financial institution when a person uses an access device issued by that financial institution.

(e) No person operating a terminal in this State shall impose any surcharge on a consumer for the usage of that terminal, whether or not the consumer is using an access device issued by that person, unless that surcharge is clearly disclosed to the consumer both (i) by a sign that is clearly visible to the consumer on or at the terminal being used and (ii) electronically on the terminal screen. Following presentation of the electronic disclosure on the terminal screen, the consumer shall be provided an opportunity to cancel that transaction without incurring any surcharge or other obligation. If a surcharge is imposed on a consumer using an access device not issued by the person operating the terminal, that...
person shall disclose on the sign and on the terminal screen that the surcharge is in addition to any fee that may be assessed by the consumer's own institution. As used in this subsection, "surcharge" means any charge imposed by the person operating the terminal solely for the use of the terminal.

(f) A receipt given at a terminal to a person who initiates an electronic fund transfer shall include a number or code that identifies the consumer initiating the transfer, the consumer's account or accounts, or the access device used to initiate the transfer. If the number or code shown on the receipt is a number that identifies the access device, the number must be truncated as printed on the receipt so that fewer than all of the digits of the number or code are printed on the receipt. The Commissioner may, however, modify or waive the requirements imposed by this subsection (f) if the Commissioner determines that the modifications or waivers are necessary to alleviate any undue compliance burden.

(g) No terminal shall operate in this State unless, with respect to each interchange transaction initiated at the terminal, the access code entered by the consumer to authorize the transaction is encrypted by the device into which the access code is manually entered by the consumer and is transmitted from the terminal only in encrypted form. Any terminal that cannot meet the foregoing encryption requirements shall immediately cease forwarding information with respect to any interchange transaction or attempted interchange transaction.

(h) No person that directly or indirectly provides data processing support to any terminal in this State shall authorize or forward for authorization any interchange transaction unless the access code intended to authorize the interchange transaction is encrypted when received by that person and is encrypted when forwarded to any other person.

(i) A terminal operated in this State may be designed and programmed so that when a consumer enters his or her personal identification number in reverse order, the terminal automatically sends an alarm to the local law enforcement agency having jurisdiction over the terminal location. The Commissioner shall promulgate rules necessary for the implementation of this subsection (i). The provisions of this subsection (i) shall not be construed to require an owner or operator of a terminal to design and program the terminal to accept a personal identification number in reverse order.

(j) A person operating a terminal in this State may not impose a fee upon a consumer for usage of the terminal if the consumer is using a Link
Card or other access device issued by a government agency for use in obtaining financial aid under the Illinois Public Aid Code.

For the purpose of this subsection (j), the term "person operating a terminal" means the person who has control over and is responsible for a terminal. The term "person operating a terminal" does not mean the person who owns or controls the property or building in which a terminal is located, unless he or she also has control over and is responsible for the terminal.

AN ACT concerning criminal law.

Section 5. The Code of Criminal Procedure of 1963 is amended by changing Section 111-3 as follows:

(725 ILCS 5/111-3) (from Ch. 38, par. 111-3)
Sec. 111-3. Form of charge.
(a) A charge shall be in writing and allege the commission of an offense by:

    (1) Stating the name of the offense;
    (2) Citing the statutory provision alleged to have been violated;
    (3) Setting forth the nature and elements of the offense charged;
    (4) Stating the date and county of the offense as definitely as can be done; and
    (5) Stating the name of the accused, if known, and if not known, designate the accused by any name or description by which he can be identified with reasonable certainty.

New matter indicated by italics - deletions by strikeout
(a-5) If the victim is alleged to have been subjected to an offense involving an illegal sexual act including, but not limited to, a sexual offense defined in Article 11 or Section 10-9 of the Criminal Code of 2012, the charge shall state the identity of the victim by name, initials, or description.

(b) An indictment shall be signed by the foreman of the Grand Jury and an information shall be signed by the State's Attorney and sworn to by him or another. A complaint shall be sworn to and signed by the complainant; provided, that when a peace officer observes the commission of a misdemeanor and is the complaining witness, the signing of the complaint by the peace officer is sufficient to charge the defendant with the commission of the offense, and the complaint need not be sworn to if the officer signing the complaint certifies that the statements set forth in the complaint are true and correct and are subject to the penalties provided by law for false certification under Section 1-109 of the Code of Civil Procedure and perjury under Section 32-2 of the Criminal Code of 2012; and further provided, however, that when a citation is issued on a Uniform Traffic Ticket or Uniform Conservation Ticket (in a form prescribed by the Conference of Chief Circuit Judges and filed with the Supreme Court), the copy of such Uniform Ticket which is filed with the circuit court constitutes a complaint to which the defendant may plead, unless he specifically requests that a verified complaint be filed.

(c) When the State seeks an enhanced sentence because of a prior conviction, the charge shall also state the intention to seek an enhanced sentence and shall state such prior conviction so as to give notice to the defendant. However, the fact of such prior conviction and the State's intention to seek an enhanced sentence are not elements of the offense and may not be disclosed to the jury during trial unless otherwise permitted by issues properly raised during such trial. For the purposes of this Section, "enhanced sentence" means a sentence which is increased by a prior conviction from one classification of offense to another higher level classification of offense set forth in Section 5-4.5-10 of the Unified Code of Corrections (730 ILCS 5/5-4.5-10); it does not include an increase in the sentence applied within the same level of classification of offense.

(c-5) Notwithstanding any other provision of law, in all cases in which the imposition of the death penalty is not a possibility, if an alleged fact (other than the fact of a prior conviction) is not an element of an offense but is sought to be used to increase the range of penalties for the offense beyond the statutory maximum that could otherwise be imposed
for the offense, the alleged fact must be included in the charging instrument or otherwise provided to the defendant through a written notification before trial, submitted to a trier of fact as an aggravating factor, and proved beyond a reasonable doubt. Failure to prove the fact beyond a reasonable doubt is not a bar to a conviction for commission of the offense, but is a bar to increasing, based on that fact, the range of penalties for the offense beyond the statutory maximum that could otherwise be imposed for that offense. Nothing in this subsection (c-5) requires the imposition of a sentence that increases the range of penalties for the offense beyond the statutory maximum that could otherwise be imposed for the offense if the imposition of that sentence is not required by law.

(d) At any time prior to trial, the State on motion shall be permitted to amend the charge, whether brought by indictment, information or complaint, to make the charge comply with subsection (c) or (c-5) of this Section. Nothing in Section 103-5 of this Code precludes such an amendment or a written notification made in accordance with subsection (c-5) of this Section.

(e) The provisions of subsection (a) of Section 5-4.5-95 of the Unified Code of Corrections (730 ILCS 5/5-4.5-95) shall not be affected by this Section.

(e) Upon discharge of any bond secured by the posting of funds, the funds shall be returned to the respondent or other party posting the bond, less applicable fees, unless the court after inquiry determines that: (1) the judgment debtor willfully has refused to comply with a payment order entered in accordance with Section 2-1402 or an otherwise validly entered order; (2) the bond money belongs to the debtor as opposed to a third party; and (3) that any part of the funds constitute non-exempt funds of the judgment debtor, in which case the court may cause the non-exempt portion of the funds to be paid over to the judgment creditor.

(f) The requirements or limitations of this Section do not apply to the enforcement of any order or judgment for child support, any order or judgment resulting from an adjudication of a municipal ordinance violation that is subject to Supreme Court Rules 570 through 579, or from an administrative adjudication of such an ordinance violation.

determined by the Department. For periods prior to January 1, 2004, and after December 31, 2013, that rate shall be the underpayment rate established under Section 6621 of the Internal Revenue Code. For periods after December 31, 2003, and prior to January 1, 2014, that rate shall be:

(1) for the one-year period beginning with the date of underpayment or overpayment, the short-term federal rate established under Section 6621 of the Internal Revenue Code.

(2) for any period beginning the day after the one-year period described in paragraph (1) of this subsection (a), the underpayment rate established under Section 6621 of the Internal Revenue Code.

(b) The interest rate shall be adjusted on a semiannual basis, on January 1 and July 1, based upon the underpayment rate or short-term federal rate going into effect on that January 1 or July 1 under Section 6621 of the Internal Revenue Code.

(c) This subsection (c) is applicable to returns due on and before December 31, 2000. Interest shall be simple interest calculated on a daily basis. Interest shall accrue upon tax and penalty due. If notice and demand is made for the payment of any amount of tax due and if the amount due is paid within 30 days after the date of such notice and demand, interest under this Section on the amount so paid shall not be imposed for the period after the date of the notice and demand.

(c-5) This subsection (c-5) is applicable to returns due on and after January 1, 2001. Interest shall be simple interest calculated on a daily basis. Interest shall accrue upon tax due. If notice and demand is made for the payment of any amount of tax due and if the amount due is paid within 30 days after the date of the notice and demand, interest under this Section on the amount so paid shall not be imposed for the period after the date of the notice and demand.

(d) No interest shall be paid upon any overpayment of tax if the overpayment is refunded or a credit approved within 90 days after the last date prescribed for filing the original return, or within 90 days of the receipt of the processable return, or within 90 days after the date of overpayment, whichever date is latest, as determined without regard to processing time by the Comptroller or without regard to the date on which the credit is applied to the taxpayer's account. In order for an original return to be processable for purposes of this Section, it must be in the form prescribed or approved by the Department, signed by the person authorized by law, and contain all information, schedules, and support

documents necessary to determine the tax due and to make allocations of
tax as prescribed by law. For the purposes of computing interest, a return
shall be deemed to be processable unless the Department notifies the
taxpayer that the return is not processable within 90 days after the receipt
of the return; however, interest shall not accumulate for the period
following this date of notice. Interest on amounts refunded or credited
pursuant to the filing of an amended return or claim for refund shall be
determined from the due date of the original return or the date of
overpayment, whichever is later, to the date of payment by the Department
without regard to processing time by the Comptroller or the date of credit
by the Department or without regard to the date on which the credit is
applied to the taxpayer's account. If a claim for refund relates to an
overpayment attributable to a net loss carryback as provided by Section
207 of the Illinois Income Tax Act, the date of overpayment shall be the
last day of the taxable year in which the loss was incurred.

(e) Interest on erroneous refunds. Any portion of the tax imposed
by an Act to which this Act is applicable or any interest or penalty which
has been erroneously refunded and which is recoverable by the
Department shall bear interest from the date of payment of the refund.
However, no interest will be charged if the erroneous refund is for an
amount less than $500 and is due to a mistake of the Department.

(f) If a taxpayer has a tax liability for the taxable period ending
after June 30, 1983 and prior to July 1, 2002 that is eligible for amnesty
under the Tax Delinquency Amnesty Act and the taxpayer fails to satisfy
the tax liability during the amnesty period provided for in that Act for that
taxable period, then the interest charged by the Department under this
Section shall be imposed at a rate that is 200% of the rate that would
otherwise be imposed under this Section.

(g) If a taxpayer has a tax liability for the taxable period ending
after June 30, 2002 and prior to July 1, 2009 that is eligible for amnesty
under the Tax Delinquency Amnesty Act, except for any tax liability
reported pursuant to Section 506(b) of the Illinois Income Tax Act (35
ILCS 5/506(b)) that is not final, and the taxpayer fails to satisfy the tax
liability during the amnesty period provided for in that Act for that taxable
period, then the interest charged by the Department under this Section
shall be imposed in an amount that is 200% of the amount that would
otherwise be imposed under this Section.

(h) No interest shall be paid to a taxpayer on any refund allowed
under the Tax Delinquency Amnesty Act.

Sec. 3-3. Penalty for failure to file or pay.

(a) This subsection (a) is applicable before January 1, 1996. A penalty of 5% of the tax required to be shown due on a return shall be imposed for failure to file the tax return on or before the due date prescribed for filing determined with regard for any extension of time for filing (penalty for late filing or nonfiling). If any unprocessable return is corrected and filed within 21 days after notice by the Department, the late filing or nonfiling penalty shall not apply. If a penalty for late filing or nonfiling is imposed in addition to a penalty for late payment, the total penalty due shall be the sum of the late filing penalty and the applicable late payment penalty. Beginning on the effective date of this amendatory Act of 1995, in the case of any type of tax return required to be filed more frequently than annually, when the failure to file the tax return on or before the date prescribed for filing (including any extensions) is shown to be nonfraudulent and has not occurred in the 2 years immediately preceding the failure to file on the prescribed due date, the penalty imposed by Section 3-3(a) shall be abated.

(a-5) This subsection (a-5) is applicable to returns due on and after January 1, 1996 and on or before December 31, 2000. A penalty equal to 2% of the tax required to be shown due on a return, up to a maximum amount of $250, determined without regard to any part of the tax that is paid on time or by any credit that was properly allowable on the date the return was required to be filed, shall be imposed for failure to file the tax return on or before the due date prescribed for filing determined with regard for any extension of time for filing. However, if any return is not filed within 30 days after notice of nonfiling mailed by the Department to the last known address of the taxpayer contained in Department records, an additional penalty amount shall be imposed equal to the greater of $250 or 2% of the tax shown on the return. However, the additional penalty amount may not exceed $5,000 and is determined without regard to any part of the tax that is paid on time or by any credit that was properly allowable on the date the return was required to be filed (penalty for late filing or nonfiling). If any unprocessable return is corrected and filed within 30 days after notice by the Department, the late filing or nonfiling penalty shall not apply. (a-15) In addition to any other penalties imposed by law for the failure to file a return, a penalty of $100 shall be imposed for failure to file a transaction reporting return required by Section 3 of the Retailers' Occupation Tax Act and Section 9 of the Use Tax Act on or before the date a return is required to be filed. This penalty shall be imposed regardless of whether the return when properly prepared and filed would result in the imposition of a tax.
(b) This subsection is applicable before January 1, 1998. A penalty of 15% of the tax shown on the return or the tax required to be shown due on the return shall be imposed for failure to pay:

(1) the tax shown due on the return on or before the due date prescribed for payment of that tax, an amount of underpayment of estimated tax, or an amount that is reported in an amended return other than an amended return timely filed as required by subsection (b) of Section 506 of the Illinois Income Tax Act (penalty for late payment or nonpayment of admitted liability); or

(2) the full amount of any tax required to be shown due on a return and which is not shown (penalty for late payment or nonpayment of additional liability), within 30 days after a notice of arithmetic error, notice and demand, or a final assessment is issued by the Department. In the case of a final assessment arising following a protest and hearing, the 30-day period shall not begin until all proceedings in court for review of the final assessment have terminated or the period for obtaining a review has expired without proceedings for a review having been instituted. In the case of a notice of tax liability that becomes a final assessment without a protest and hearing, the penalty provided in this paragraph (2) shall be imposed at the expiration of the period provided for the filing of a protest.

(b-5) This subsection is applicable to returns due on and after January 1, 1998 and on or before December 31, 2000. A penalty of 20% of the tax shown on the return or the tax required to be shown due on the return shall be imposed for failure to pay:

If notice and demand is made for the payment of any amount of tax due and if the amount due is paid within 30 days after the date of the notice and demand, then the penalty for late payment or nonpayment of admitted liability under this subsection (b-10)(1) on the amount so paid shall not accrue for the period after the date of the notice and demand.

(2) the full amount of any tax required to be shown due on a return and that is not shown (penalty for late payment or nonpayment of additional liability), within 30 days after a notice of arithmetic error, notice and demand, or a final assessment is issued by the Department. In the case of a final assessment arising following a protest and hearing, the 30-day period shall not begin until all proceedings in court for review of the final assessment have terminated or the period for obtaining a review has expired without proceedings for a review having been instituted. (b-20) This subsection (b-20) is applicable to returns due on and after January 1, 2005.

(1) A penalty shall be imposed for failure to pay, prior to the due date for payment, any amount of tax the payment of which is required to be made prior to the filing of a return or without a return (penalty for late payment or nonpayment of estimated or accelerated tax). The amount of penalty imposed under this paragraph (1) shall be 2% of any amount that is paid no later than 30 days after the due date and 10% of any amount that is paid later than 30 days after the due date.

(2) A penalty shall be imposed for failure to pay the tax shown due or required to be shown due on a return on or before the due date prescribed for payment of that tax or an amount that is reported in an amended return other than an amended return timely filed as required by subsection (b) of Section 506 of the Illinois Income Tax Act (penalty for late payment or nonpayment of admitted liability).
Income Tax Act (penalty for late payment or nonpayment of tax).

The amount of penalty imposed under this paragraph (2) shall be 2% of any amount that is paid no later than 30 days after the due date, 10% of any amount that is paid later than 30 days after the due date and prior to the date the Department has initiated an audit or investigation of the taxpayer, and 20% of any amount that is paid after the date the Department has initiated an audit or investigation of the taxpayer; provided that the penalty shall be reduced to 15% if the entire amount due is paid not later than 30 days after the Department has provided the taxpayer with an amended return (following completion of an occupation, use, or excise tax audit) or a form for waiver of restrictions on assessment (following completion of an income tax audit); provided further that the reduction to 15% shall be rescinded if the taxpayer makes any claim for refund or credit of the tax, penalties, or interest determined to be due upon audit, except in the case of a claim filed pursuant to subsection (b) of Section 506 of the Illinois Income Tax Act or to claim a carryover of a loss or credit, the availability of which was not determined in the audit. For purposes of this paragraph (2), any overpayment reported on an original return that has been allowed as a refund or credit to the taxpayer shall be deemed to have not been paid on or before the due date for payment and any amount paid under protest pursuant to the provisions of the State Officers and Employees Money Disposition Act shall be deemed to have been paid after the Department has initiated an audit and more than 30 days after the Department has provided the taxpayer with an amended return (following completion of an occupation, use, or excise tax audit) or a form for waiver of restrictions on assessment (following completion of an income tax audit).

(3) The penalty imposed under this subsection (b-20) shall be deemed assessed at the time the tax upon which the penalty is computed is assessed, except that, if the reduction of the penalty imposed under paragraph (2) of this subsection (b-20) to 15% is rescinded because a claim for refund or credit has been filed, the increase in penalty shall be deemed assessed at the time the claim for refund or credit is filed.

(c) For purposes of the late payment penalties, the basis of the penalty shall be the tax shown or required to be shown on a return,
whichever is applicable, reduced by any part of the tax which is paid on
time and by any credit which was properly allowable on the date the return
was required to be filed.

(d) A penalty shall be applied to the tax required to be shown even
if that amount is less than the tax shown on the return.

(e) This subsection (e) is applicable to returns due before January
1, 2001. If both a subsection (b)(1) or (b-5)(1) penalty and a subsection
(b)(2) or (b-5)(2) penalty are assessed against the same return, the
subsection (b)(2) or (b-5)(2) penalty shall be assessed against only the
additional tax found to be due.

(e-5) This subsection (e-5) is applicable to returns due on and after
January 1, 2001. If both a subsection (b-10)(1) penalty and a subsection (b-
10)(2) penalty are assessed against the same return, the subsection (b-
10)(2) penalty shall be assessed against only the additional tax found to be
due.

(f) If the taxpayer has failed to file the return, the Department shall
determine the correct tax according to its best judgment and information,
which amount shall be prima facie evidence of the correctness of the tax
due.

(g) The time within which to file a return or pay an amount of tax
due without imposition of a penalty does not extend the time within which
to file a protest to a notice of tax liability or a notice of deficiency.

(h) No return shall be determined to be unprocessable because of
the omission of any information requested on the return pursuant to
Section 2505-575 of the Department of Revenue Law (20 ILCS
2505/2505-575).

(i) If a taxpayer has a tax liability for the taxable period ending
after June 30, 1983 and prior to July 1, 2002 that is eligible for amnesty
under the Tax Delinquency Amnesty Act and the taxpayer fails to satisfy
the tax liability during the amnesty period provided for in that Act for that
taxable period, then the penalty imposed by the Department under this
Section shall be imposed in an amount that is 200% of the amount that
would otherwise be imposed under this Section.

(j) If a taxpayer has a tax liability for the taxable period ending
after June 30, 2002 and prior to July 1, 2009 that is eligible for amnesty
under the Tax Delinquency Amnesty Act, except for any tax liability
reported pursuant to Section 506(b) of the Illinois Income Tax Act (35
ILCS 5/506(b)) that is not final, and the taxpayer fails to satisfy the tax
liability during the amnesty period provided for in that Act for that taxable
period, then the penalty imposed by the Department under this Section shall be imposed in an amount that is 200% of the amount that would otherwise be imposed under this Section.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Energy Assistance Act is amended by changing Section 13 as follows:

(305 ILCS 20/13)

(a) The Supplemental Low-Income Energy Assistance Fund is hereby created as a special fund in the State Treasury. The Supplemental Low-Income Energy Assistance Fund is authorized to receive moneys from voluntary donations from individuals, foundations, corporations, and other sources, moneys received pursuant to Section 17, and, by statutory deposit, the moneys collected pursuant to this Section. The Fund is also authorized to receive voluntary donations from individuals, foundations, corporations, and other sources, as well as contributions made in accordance with Section 507MM of the Illinois Income Tax Act. Subject to appropriation, the Department shall use moneys from the Supplemental Low-Income Energy Assistance Fund for payments to electric or gas public utilities, municipal electric or gas utilities, and electric cooperatives on behalf of their customers who are participants in the program authorized by Sections 4 and 18 of this Act, for the provision of

weatherization services and for administration of the Supplemental Low-Income Energy Assistance Fund. The yearly expenditures for weatherization may not exceed 10% of the amount collected during the year pursuant to this Section. The yearly administrative expenses of the Supplemental Low-Income Energy Assistance Fund may not exceed 10% of the amount collected during that year pursuant to this Section.

(b) Notwithstanding the provisions of Section 16-111 of the Public Utilities Act but subject to subsection (k) of this Section, each public utility, electric cooperative, as defined in Section 3.4 of the Electric Supplier Act, and municipal utility, as referenced in Section 3-105 of the Public Utilities Act, that is engaged in the delivery of electricity or the distribution of natural gas within the State of Illinois shall, effective January 1, 1998, assess each of its customer accounts a monthly Energy Assistance Charge for the Supplemental Low-Income Energy Assistance Fund. The delivering public utility, municipal electric or gas utility, or electric or gas cooperative for a self-assessing purchaser remains subject to the collection of the fee imposed by this Section. The monthly charge shall be as follows:

(1) $0.48 per month on each account for residential electric service;
(2) $0.48 per month on each account for residential gas service;
(3) $4.80 per month on each account for non-residential electric service which had less than 10 megawatts of peak demand during the previous calendar year;
(4) $4.80 per month on each account for non-residential gas service which had distributed to it less than 4,000,000 therms of gas during the previous calendar year;
(5) $360 per month on each account for non-residential electric service which had 10 megawatts or greater of peak demand during the previous calendar year; and
(6) $360 per month on each account for non-residential gas service which had 4,000,000 or more therms of gas distributed to it during the previous calendar year.

The incremental change to such charges imposed by this amendatory Act of the 96th General Assembly shall not (i) be used for any purpose other than to directly assist customers and (ii) be applicable to utilities serving less than 100,000 customers in Illinois on January 1, 2009.
In addition, electric and gas utilities have committed, and shall contribute, a one-time payment of $22 million to the Fund, within 10 days after the effective date of the tariffs established pursuant to Sections 16-111.8 and 19-145 of the Public Utilities Act to be used for the Department's cost of implementing the programs described in Section 18 of this amendatory Act of the 96th General Assembly, the Arrearage Reduction Program described in Section 18, and the programs described in Section 8-105 of the Public Utilities Act. If a utility elects not to file a rider within 90 days after the effective date of this amendatory Act of the 96th General Assembly, then the contribution from such utility shall be made no later than February 1, 2010.

(c) For purposes of this Section:

(1) "residential electric service" means electric utility service for household purposes delivered to a dwelling of 2 or fewer units which is billed under a residential rate, or electric utility service for household purposes delivered to a dwelling unit or units which is billed under a residential rate and is registered by a separate meter for each dwelling unit;

(2) "residential gas service" means gas utility service for household purposes distributed to a dwelling of 2 or fewer units which is billed under a residential rate, or gas utility service for household purposes distributed to a dwelling unit or units which is billed under a residential rate and is registered by a separate meter for each dwelling unit;

(3) "non-residential electric service" means electric utility service which is not residential electric service; and

(4) "non-residential gas service" means gas utility service which is not residential gas service.

(d) Within 30 days after the effective date of this amendatory Act of the 96th General Assembly, each public utility engaged in the delivery of electricity or the distribution of natural gas shall file with the Illinois Commerce Commission tariffs incorporating the Energy Assistance Charge in other charges stated in such tariffs, which shall become effective no later than the beginning of the first billing cycle following such filing.

(e) The Energy Assistance Charge assessed by electric and gas public utilities shall be considered a charge for public utility service.

(f) By the 20th day of the month following the month in which the charges imposed by the Section were collected, each public utility, municipal utility, and electric cooperative shall remit to the Department of
Revenue all moneys received as payment of the Energy Assistance Charge on a return prescribed and furnished by the Department of Revenue showing such information as the Department of Revenue may reasonably require; provided, however, that a utility offering an Arrearage Reduction Program pursuant to Section 18 of this Act shall be entitled to net those amounts necessary to fund and recover the costs of such Program as authorized by that Section that is no more than the incremental change in such Energy Assistance Charge authorized by this amendatory Act of the 96th General Assembly. If a customer makes a partial payment, a public utility, municipal utility, or electric cooperative may elect either: (i) to apply such partial payments first to amounts owed to the utility or cooperative for its services and then to payment for the Energy Assistance Charge or (ii) to apply such partial payments on a pro-rata basis between amounts owed to the utility or cooperative for its services and to payment for the Energy Assistance Charge.

(g) The Department of Revenue shall deposit into the Supplemental Low-Income Energy Assistance Fund all moneys remitted to it in accordance with subsection (f) of this Section; provided, however, that the amounts remitted by each utility shall be used to provide assistance to that utility's customers. The utilities shall coordinate with the Department to establish an equitable and practical methodology for implementing this subsection (g) beginning with the 2010 program year.

(h) On or before December 31, 2002, the Department shall prepare a report for the General Assembly on the expenditure of funds appropriated from the Low-Income Energy Assistance Block Grant Fund for the program authorized under Section 4 of this Act.

(i) The Department of Revenue may establish such rules as it deems necessary to implement this Section.

(j) The Department of Commerce and Economic Opportunity may establish such rules as it deems necessary to implement this Section.

(k) The charges imposed by this Section shall only apply to customers of municipal electric or gas utilities and electric or gas cooperatives if the municipal electric or gas utility or electric or gas cooperative makes an affirmative decision to impose the charge. If a municipal electric or gas utility or an electric cooperative makes an affirmative decision to impose the charge provided by this Section, the municipal electric or gas utility or electric cooperative shall inform the Department of Revenue in writing of such decision when it begins to impose the charge. If a municipal electric or gas utility or electric or gas
cooperative does not assess this charge, the Department may not use funds from the Supplemental Low-Income Energy Assistance Fund to provide benefits to its customers under the program authorized by Section 4 of this Act.

In its use of federal funds under this Act, the Department may not cause a disproportionate share of those federal funds to benefit customers of systems which do not assess the charge provided by this Section.

This Section is repealed effective December 31, 2013 unless renewed by action of the General Assembly. The General Assembly shall consider the results of the evaluations described in Section 8 in its deliberations.

Approved August 16, 2013.

Sec. 30-30. Contracts in excess of $250,000. For building construction contracts in excess of $250,000, separate specifications shall be prepared for all equipment, labor, and materials in connection with the following 5 subdivisions of the work to be performed:

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Funeral Directors and Embalmers Licensing Code is amended by changing Section 1-15 as follows:

(225 ILCS 41/1-15)
(Section scheduled to be repealed on January 1, 2023)
Sec. 1-15. Funeral directing; definition. Conducting or engaging in or representing or holding oneself as conducting or engaged in any one or any combination of the following practices constitutes the practice of funeral directing:

(a) The practice of preparing, otherwise than by embalming, for the burial, cremation, or disposition and directing and supervising the burial or disposition of deceased human remains or performing any act or service in connection with the preparing of dead human bodies. Preparation, direction, and supervision shall not be construed to mean those functions normally performed by cemetery and crematory personnel.

(b) The practice of operating a place for preparing for the disposition of deceased human bodies or for caring for deceased human bodies before their disposition. Nothing in this Code shall prohibit the ownership and management of such a place by an unlicensed owner if the place is operated in accordance with this Code and the unlicensed owner does not engage in any form of funeral directing. An unlicensed owner may interact with

consumers while a licensed funeral director is present in accordance with this Section.

(c) The removal of a deceased human body from its place of death, institution, or other location. A licensed funeral director and embalmer intern may remove a deceased human body from its place of death, institution, or other location without another licensee being present. The licensed funeral director may engage others who are not licensed funeral directors, licensed funeral director and embalmers, or licensed funeral director and embalmer interns to assist in the removal if the funeral director directs and instructs them in handling and precautionary procedures and accompanies them on all calls. The transportation of deceased human remains to a cemetery, crematory or other place of final disposition shall be under the immediate direct supervision of a licensee unless otherwise permitted by this Section. The transportation of deceased human remains that are embalmed or otherwise prepared and enclosed in an appropriate container to some other place that is not the place of final disposition, such as another funeral home or common carrier, or to a facility that shares common ownership with the transporting funeral home may be performed under the general supervision of a licensee, but the supervision need not be immediate or direct.

(d) The administering and conducting of, or assuming responsibility for administering and conducting of, at need funeral arrangements.

(e) The assuming custody of, transportation, providing shelter, protection and care and disposition of deceased human remains and the furnishing of necessary funeral services, facilities and equipment.

(f) Using in connection with a name or practice the word "funeral director", "undertaker", "mortician", "funeral home", "funeral parlor", "funeral chapel", or any other title implying that the person is engaged in the practice of funeral directing. Within the existing scope of the practice of funeral directing or funeral directing and embalming, only a licensed funeral director, a licensed funeral director and embalmer, or a licensed funeral director and embalmer intern under the restrictions provided for in this Code, and not any other person employed or contracted by the licensee, may engage in the following activities at-need: (1) have direct contact with consumers
and explain funeral or burial merchandise or services or (2) negotiate, develop, or finalize contracts with consumers. This paragraph shall not be construed or enforced in such a manner as to limit the functions of persons regulated under the Illinois Funeral or Burial Funds Act, the Illinois Pre-Need Cemetery Sales Act, the Cemetery Oversight Act, the Cemetery Care Act, the Cemetery Association Act, the Illinois Insurance Code, or any other related professional regulatory Act.

The practice of funeral directing shall not include the phoning in of obituary notices, ordering of flowers for the funeral, or reporting of prices on the firm's general price list as required by the Federal Trade Commission Funeral Rule by nonlicensed persons, or like clerical tasks incidental to the act of making funeral arrangements.

The making of funeral arrangements, at need, shall be done only by licensed funeral directors or licensed funeral directors and embalmers. Licensed funeral director and embalmer interns may, however, assist or participate in the arrangements under the direct supervision of a licensed funeral director or licensed funeral director and embalmer.

If the corporate authorities, township board, or the county board seek to operate the aggregation program as an opt-out program for residential and small commercial retail customers, then prior to the adoption of an ordinance with respect to aggregation of residential and small commercial retail electric loads, the corporate authorities of a municipality, the township board, or the county board of a county shall submit a referendum to its residents to determine whether or not the aggregation program shall operate as an opt-out program for residential and small commercial retail customers.
In addition to the notice and conduct requirements of the general election law, notice of the referendum shall state briefly the purpose of the referendum. The question of whether the corporate authorities, the township board, or the county board shall adopt an opt-out aggregation program for residential and small commercial retail customers shall be submitted to the electors of the municipality, township board, or county board at a regular election and approved by a majority of the electors voting on the question. The corporate authorities, township board, or county board must certify to the proper election authority, which must submit the question at an election in accordance with the Election Code.

The election authority must submit the question in substantially the following form:

Shall the (municipality, township, or county in which the question is being voted upon) have the authority to arrange for the supply of electricity for its residential and small commercial retail customers who have not opted out of such program?

The election authority must record the votes as "Yes" or "No".

If a majority of the electors voting on the question vote in the affirmative, then the corporate authorities, township board, or county board may implement an opt-out aggregation program for residential and small commercial retail customers.

A referendum must pass in each particular municipality, township, or county that is engaged in the aggregation program. If the referendum fails, then the corporate authorities, township board, or county board shall operate the aggregation program as an opt-in program for residential and small commercial retail customers.

An ordinance under this Section shall specify whether the aggregation will occur only with the prior consent of each person owning, occupying, controlling, or using an electric load center proposed to be aggregated. Nothing in this Section, however, authorizes the aggregation of electric loads that are served or authorized to be served by an electric cooperative as defined by and pursuant to the Electric Supplier Act or loads served by a municipality that owns and operates its own electric distribution system. No aggregation shall take effect unless approved by a majority of the members of the corporate authority, township board, or county board voting upon the ordinance.

A governmental aggregator under this Section is not a public utility or an alternative retail electric supplier.
For purposes of this Section, "township" means the portion of a township that is an unincorporated portion of a county that is not otherwise a part of a municipality. In addition to such other limitations as are included in this Section, a township board shall only have authority to aggregate residential and small commercial customer loads in accordance with this Section if the county board of the county in which the township is located (i) is not also submitting a referendum to its residents at the same general election that the township board proposes to submit a referendum under this subsection (a), (ii) has not received authorization through passage of a referendum to operate an opt-out aggregation program for residential and small commercial retail customers under this subsection (a), and (iii) has not otherwise enacted an ordinance under this subsection (a) authorizing the operation of an opt-in aggregation program for residential and small commercial retail customers as described in this Section.

(b) Upon the applicable requisite authority under this Section, the corporate authorities, the township board, or the county board, with assistance from the Illinois Power Agency, shall develop a plan of operation and governance for the aggregation program so authorized. Before adopting a plan under this Section, the corporate authorities, township board, or county board shall hold at least 2 public hearings on the plan. Before the first hearing, the corporate authorities, township board, or county board shall publish notice of the hearings once a week for 2 consecutive weeks in a newspaper of general circulation in the jurisdiction. The notice shall summarize the plan and state the date, time, and location of each hearing. Any load aggregation plan established pursuant to this Section shall:

(1) provide for universal access to all applicable residential customers and equitable treatment of applicable residential customers;
(2) describe demand management and energy efficiency services to be provided to each class of customers; and
(3) meet any requirements established by law concerning aggregated service offered pursuant to this Section.

(c) The process for soliciting bids for electricity and other related services and awarding proposed agreements for the purchase of electricity and other related services shall be conducted in the following order:

(1) The corporate authorities, township board, or county board may solicit bids for electricity and other related services. The

bid specifications may include a provision requiring the bidder to disclose the fuel type of electricity to be procured or generated on behalf of the aggregation program customers. The corporate authorities, township board, or county board may consider the proposed source of electricity to be procured or generated to be put into the grid on behalf of aggregation program customers in the competitive bidding process. The Agency and Commission may collaborate to issue joint guidance on voluntary uniform standards for bidder disclosures of the source of electricity to be procured or generated to be put into the grid on behalf of aggregation program customers.

(1.5) A township board shall request from the electric utility those residential and small commercial customers within their aggregate area either by zip code or zip codes or other means as determined by the electric utility. The electric utility shall then provide to the township board the residential and small commercial customers, including the names and addresses of residential and small commercial customers, electronically. The township board shall be responsible for authenticating the residential and small commercial customers contained in this listing and providing edits of the data to affirm, add, or delete the residential and small commercial customers located within its jurisdiction. The township board shall provide the edited list to the electric utility in an electronic format or other means selected by the electric utility and certify that the information is accurate.

(2) Notwithstanding Section 16-122 of the Public Utilities Act and Section 2HH of the Consumer Fraud and Deceptive Business Practices Act, an electric utility that provides residential and small commercial retail electric service in the aggregate area must, upon request of the corporate authorities, township board, or the county board in the aggregate area, submit to the requesting party, in an electronic format, those account numbers, names, and addresses of residential and small commercial retail customers in the aggregate area that are reflected in the electric utility's records at the time of the request; provided, however, that any township board has first provided an accurate customer list to the electric utility as provided for herein.

Any corporate authority, township board, or county board receiving customer information from an electric utility shall be subject to the

limitations on the disclosure of the information described in Section 16-122 of the Public Utilities Act and Section 2HH of the Consumer Fraud and Deceptive Business Practices Act, and an electric utility shall not be held liable for any claims arising out of the provision of information pursuant to this item (2).

(d) If the corporate authorities, township board, or county board operate under an opt-in program for residential and small commercial retail customers, then the corporate authorities, township board, or county board shall comply with all of the following:

(1) Within 60 days after receiving the bids, the corporate authorities, township board, or county board shall allow residential and small commercial retail customers to commit to the terms and conditions of a bid that has been selected by the corporate authorities, township board, or county board.

(2) If (A) the corporate authorities, township board, or county board award proposed agreements for the purchase of electricity and other related services and (B) an agreement is reached between the corporate authorities, township board, or county board for those services, then customers committed to the terms and conditions according to item (1) of this subsection (d) shall be committed to the agreement.

(e) If the corporate authorities, township board, or county board operate as an opt-out program for residential and small commercial retail customers, then it shall be the duty of the aggregated entity to fully inform residential and small commercial retail customers in advance that they have the right to opt out of the aggregation program. The disclosure shall prominently state all charges to be made and shall include full disclosure of the cost to obtain service pursuant to Section 16-103 of the Public Utilities Act, how to access it, and the fact that it is available to them without penalty, if they are currently receiving service under that Section. The Illinois Power Agency shall furnish, without charge, to any citizen a list of all supply options available to them in a format that allows comparison of prices and products.

(f) Any person or entity retained by a municipality or county, or jointly by more than one such unit of local government, to provide input, guidance, or advice in the selection of an electricity supplier for an aggregation program shall disclose in writing to the involved units of local government the nature of any relationship through which the person or entity may receive, either directly or indirectly, commissions or other

remuneration as a result of the selection of any particular electricity supplier. The written disclosure must be made prior to formal approval by the involved units of local government of any professional services agreement with the person or entity, or no later than October 1, 2012 with respect to any such professional services agreement entered into prior to the effective date of this amendatory Act of the 97th General Assembly. The disclosure shall cover all direct and indirect relationships through which commissions or remuneration may result, including the pooling of commissions or remuneration among multiple persons or entities, and shall identify all involved electricity suppliers. The disclosure requirements in this subsection (f) are to be liberally construed to ensure that the nature of financial interests are fully revealed, and these disclosure requirements shall apply regardless of whether the involved person or entity is licensed under Section 16-115C of the Public Utilities Act. Any person or entity that fails to make the disclosure required under this subsection (f) is liable to the involved units of local government in an amount equal to all compensation paid to such person or entity by the units of local government for the input, guidance, or advice in the selection of an electricity supplier, plus reasonable attorneys fees and court costs incurred by the units of local government in connection with obtaining such amount.

(g) The Illinois Power Agency shall provide assistance to municipalities, townships, counties, or associations working with municipalities to help complete the plan and bidding process.

(h) This Section does not prohibit municipalities or counties from entering into an intergovernmental agreement to aggregate residential and small commercial retail electric loads.

(5) "Depiction by computer" means a computer program or data that, after being processed by a computer either alone or in conjunction with one or more computer programs, results in a visual depiction on a computer monitor, screen, or display.

(6) "Computer", "computer program", and "data" have the meanings ascribed to them in Section 16D-2 of this Code.

(7) For the purposes of this Section, "child pornography" includes a film, videotape, photograph, or other similar visual medium or reproduction or depiction by computer that is, or appears to be, that of a person, either in part, or in total, under the age of 18 or a severely or profoundly intellectually disabled person, regardless of the method by which the film, videotape, photograph,

(g) Re-enactment; findings; purposes.

(1) The General Assembly finds and declares that:

(ii) In addition, Public Act 88-680 was entitled "AN ACT to create a Safe Neighborhoods Law". (A) Article 5 was entitled JUVENILE JUSTICE and amended the Juvenile Court Act of 1987. (B) Article 15 was entitled GANGS and amended various provisions of the Criminal Code of 1961 and the Unified Code of Corrections. (C) Article 20 was entitled ALCOHOL ABUSE and amended various provisions of the Illinois Vehicle Code. (D) Article 25 was entitled DRUG ABUSE and amended the Cannabis Control Act and the Illinois Controlled Substances Act. (E) Article 30 was entitled FIREARMS and amended the Criminal Code of 1961 and the Code of Criminal Procedure of 1963. (F) Article 35 amended the Criminal Code of 1961, the Rights of Crime Victims and Witnesses Act, and the Unified Code of Corrections. (G) Article 40 amended the Criminal Code of 1961 to increase the penalty for compelling organization membership of persons. (H) Article 45 created the Secure Residential Youth Care Facility Licensing Act and amended the State Finance Act, the Juvenile Court Act of 1987, the Unified Code of Corrections, and the Private Correctional Facility Moratorium Act. (I) Article 50 amended the WIC Vendor Management Act, the Firearm Owners Identification Card Act, the Juvenile Court Act of 1987, the Criminal Code of
1961, the Wrongs to Children Act, and the Unified Code of Corrections.

(iii) On September 22, 1998, the Third District Appellate Court in People v. Dainty, 701 N.E. 2d 118, ruled that Public Act 88-680 violates the single subject clause of the Illinois Constitution (Article IV, Section 8 (d)) and was unconstitutional in its entirety. As of the time this amendatory Act of 1999 was prepared, People v. Dainty was still subject to appeal.

(iv) Child pornography is a vital concern to the people of this State and the validity of future prosecutions under the child pornography statute of the Criminal Code of 1961 is in grave doubt.

(2) It is the purpose of this amendatory Act of 1999 to prevent or minimize any problems relating to prosecutions for child pornography that may result from challenges to the constitutional validity of Public Act 88-680 by re-enacting the Section relating to child pornography that was included in Public Act 88-680.

(3) This amendatory Act of 1999 re-enacts Section 11-20.1 of the Criminal Code of 1961, as it has been amended. This re-enactment is intended to remove any question as to the validity or content of that Section; it is not intended to supersede any other Public Act that amends the text of the Section as set forth in this amendatory Act of 1999. The material is shown as existing text (i.e., without underscoring) because, as of the time this amendatory Act of 1999 was prepared, People v. Dainty was subject to appeal to the Illinois Supreme Court.

(4) The re-enactment by this amendatory Act of 1999 of Section 11-20.1 of the Criminal Code of 1961 relating to child pornography that was amended by Public Act 88-680 is not intended, and shall not be construed, to imply that Public Act 88-680 is invalid or to limit or impair any legal argument concerning whether those provisions were substantially re-enacted by other Public Acts.

(730 ILCS 5/5-8-4) (from Ch. 38, par. 1005-8-4)
Sec. 5-8-4. Concurrent and consecutive terms of imprisonment.
(a) Concurrent terms; multiple or additional sentences. When an
Illinois court (i) imposes multiple sentences of imprisonment on a
defendant at the same time or (ii) imposes a sentence of imprisonment on a
defendant who is already subject to a sentence of imprisonment imposed
by an Illinois court, a court of another state, or a federal court, then the
sentences shall run concurrently unless otherwise determined by the
Illinois court under this Section.
(b) Concurrent terms; misdemeanor and felony. A defendant
serving a sentence for a misdemeanor who is convicted of a felony and
sentenced to imprisonment shall be transferred to the Department of
Corrections, and the misdemeanor sentence shall be merged in and run
concurrently with the felony sentence.
(c) Consecutive terms; permissive. The court may impose
consecutive sentences in any of the following circumstances:
(1) If, having regard to the nature and circumstances of the
offense and the history and character of the defendant, it is the
opinion of the court that consecutive sentences are required to
protect the public from further criminal conduct by the defendant,
the basis for which the court shall set forth in the record.
(2) If one of the offenses for which a defendant was
convicted was a violation of Section 32-5.2 (aggravated false
personation of a peace officer) of the Criminal Code of 1961 (720
ILCS 5/32-5.2) or a violation of subdivision (b)(5) or (b)(6) of
Section 17-2 of the Criminal Code of 1961 or the Criminal Code of
2012 (720 ILCS 5/17-2) and the offense was committed in
attempting or committing a forcible felony.
(d) Consecutive terms; mandatory. The court shall impose
consecutive sentences in each of the following circumstances:
(1) One of the offenses for which the defendant was
convicted was first degree murder or a Class X or Class 1 felony
and the defendant inflicted severe bodily injury.
(2) The defendant was convicted of a violation of Section
11-20.1 (child pornography), 11-20.1B or 11-20.3 (aggravated
child pornography), 11-1.20 or 12-13 (criminal sexual assault), 11-

(3) The defendant was convicted of armed violence based upon the predicate offense of any of the following: solicitation of murder, solicitation of murder for hire, heinous battery as described in Section 12-4.1 or subdivision (a)(2) of Section 12-3.05, aggravated battery of a senior citizen as described in Section 12-4.6 or subdivision (a)(4) of Section 12-3.05, criminal sexual assault, a violation of subsection (g) of Section 5 of the Cannabis Control Act (720 ILCS 550/5), cannabis trafficking, a violation of subsection (a) of Section 401 of the Illinois Controlled Substances Act (720 ILCS 570/401), controlled substance trafficking involving a Class X felony amount of controlled substance under Section 401 of the Illinois Controlled Substances Act (720 ILCS 570/401), a violation of the Methamphetamine Control and Community Protection Act (720 ILCS 646/), calculated criminal drug conspiracy, or streetgang criminal drug conspiracy.

(4) The defendant was convicted of the offense of leaving the scene of a motor vehicle accident involving death or personal injuries under Section 11-401 of the Illinois Vehicle Code (625 ILCS 5/11-401) and either: (A) aggravated driving under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof under Section 11-501 of the Illinois Vehicle Code (625 ILCS 5/11-501), (B) reckless homicide under Section 9-3 of the Criminal Code of 1961 or the

Criminal Code of 2012 (720 ILCS 5/9-3), or (C) both an offense described in item (A) and an offense described in item (B).

(5) The defendant was convicted of a violation of Section 9-3.1 or Section 9-3.4 (concealment of homicidal death) or Section 12-20.5 (dismembering a human body) of the Criminal Code of 1961 or the Criminal Code of 2012 (720 ILCS 5/9-3.1 or 5/12-20.5).

(5.5) The defendant was convicted of a violation of Section 24-3.7 (use of a stolen firearm in the commission of an offense) of the Criminal Code of 1961 or the Criminal Code of 2012.

(6) If the defendant was in the custody of the Department of Corrections at the time of the commission of the offense, the sentence shall be served consecutive to the sentence under which the defendant is held by the Department of Corrections. If, however, the defendant is sentenced to punishment by death, the sentence shall be executed at such time as the court may fix without regard to the sentence under which the defendant may be held by the Department.

(7) A sentence under Section 3-6-4 (730 ILCS 5/3-6-4) for escape or attempted escape shall be served consecutive to the terms under which the offender is held by the Department of Corrections.

(8) If a person charged with a felony commits a separate felony while on pretrial release or in pretrial detention in a county jail facility or county detention facility, then the sentences imposed upon conviction of these felonies shall be served consecutively regardless of the order in which the judgments of conviction are entered.

(8.5) If a person commits a battery against a county correctional officer or sheriff’s employee while serving a sentence or in pretrial detention in a county jail facility, then the sentence imposed upon conviction of the battery shall be served consecutively with the sentence imposed upon conviction of the earlier misdemeanor or felony, regardless of the order in which the judgments of conviction are entered.

felony shall be consecutive to that of the original sentence for which the defendant was on bond or detained.

(10) If a person is found to be in possession of an item of contraband, as defined in Section 31A-0.1 of the Criminal Code of 2012, while serving a sentence in a county jail or while in pre-trial detention in a county jail, the sentence imposed upon conviction for the offense of possessing contraband in a penal institution shall be served consecutively to the sentence imposed for the offense in which the person is serving sentence in the county jail or serving pretrial detention, regardless of the order in which the judgments of conviction are entered.

(11) If a person is sentenced for a violation of bail bond under Section 32-10 of the Criminal Code of 1961 or the Criminal Code of 2012, any sentence imposed for that violation shall be served consecutive to the sentence imposed for the charge for which bail had been granted and with respect to which the defendant has been convicted.

(e) Consecutive terms; subsequent non-Illinois term. If an Illinois court has imposed a sentence of imprisonment on a defendant and the defendant is subsequently sentenced to a term of imprisonment by a court of another state or a federal court, then the Illinois sentence shall run consecutively to the sentence imposed by the court of the other state or the federal court. That same Illinois court, however, may order that the Illinois sentence run concurrently with the sentence imposed by the court of the other state or the federal court, but only if the defendant applies to that same Illinois court within 30 days after the sentence imposed by the court of the other state or the federal court is finalized.

(f) Consecutive terms; aggregate maximums and minimums. The aggregate maximum and aggregate minimum of consecutive sentences shall be determined as follows:

(1) For sentences imposed under law in effect prior to February 1, 1978, the aggregate maximum of consecutive sentences shall not exceed the maximum term authorized under Section 5-8-1 (730 ILCS 5/5-8-1) or Article 4.5 of Chapter V for the 2 most serious felonies involved. The aggregate minimum period of consecutive sentences shall not exceed the highest minimum term authorized under Section 5-8-1 (730 ILCS 5/5-8-1) or Article 4.5 of Chapter V for the 2 most serious felonies involved. When sentenced only for misdemeanors, a defendant

shall not be consecutively sentenced to more than the maximum for one Class A misdemeanor.

(2) For sentences imposed under the law in effect on or after February 1, 1978, the aggregate of consecutive sentences for offenses that were committed as part of a single course of conduct during which there was no substantial change in the nature of the criminal objective shall not exceed the sum of the maximum terms authorized under Article 4.5 of Chapter V for the 2 most serious felonies involved, but no such limitation shall apply for offenses that were not committed as part of a single course of conduct during which there was no substantial change in the nature of the criminal objective. When sentenced only for misdemeanors, a defendant shall not be consecutively sentenced to more than the maximum for one Class A misdemeanor.

(g) Consecutive terms; manner served. In determining the manner in which consecutive sentences of imprisonment, one or more of which is for a felony, will be served, the Department of Corrections shall treat the defendant as though he or she had been committed for a single term subject to each of the following:

(1) The maximum period of a term of imprisonment shall consist of the aggregate of the maximums of the imposed indeterminate terms, if any, plus the aggregate of the imposed determinate sentences for felonies, plus the aggregate of the imposed determinate sentences for misdemeanors, subject to subsection (f) of this Section.

(2) The parole or mandatory supervised release term shall be as provided in paragraph (e) of Section 5-4.5-50 (730 ILCS 5/5-4.5-50) for the most serious of the offenses involved.

(3) The minimum period of imprisonment shall be the aggregate of the minimum and determinate periods of imprisonment imposed by the court, subject to subsection (f) of this Section.

(4) The defendant shall be awarded credit against the aggregate maximum term and the aggregate minimum term of imprisonment for all time served in an institution since the commission of the offense or offenses and as a consequence thereof at the rate specified in Section 3-6-3 (730 ILCS 5/3-6-3).

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Pension Code is amended by changing Section 7-139 as follows:

(40 ILCS 5/7-139) (from Ch. 108 1/2, par. 7-139)

Sec. 7-139. Credits and creditable service to employees.

(a) Each participating employee shall be granted credits and creditable service, for purposes of determining the amount of any annuity or benefit to which he or a beneficiary is entitled, as follows:

under any other pension fund or retirement system established under this Code, as follows:

If the effective date of participation for the participating municipality or participating instrumentality is on or before January 1, 1998, creditable service shall be granted for the entire period of prior service with that employer without any employee contribution.

If the effective date of participation for the participating municipality or participating instrumentality is after January 1, 1998, creditable service shall be granted for the last 20% of the period of prior service with that employer, but no more than 5 years, without any employee contribution. A participating employee may establish creditable service for the remainder of the period of prior service with that employer by making an application in writing, accompanied by payment of an employee contribution in an amount determined by the Fund, based on the employee contribution rates in effect at the time of application for the creditable service and the employee's salary rate on the effective date of participation for that employer, plus interest at the effective rate from the date of the prior service to the date of payment. Application for this creditable service may be made at any time while the employee is still in service.

A municipality that (i) has at least 35 employees; (ii) is located in a county with at least 2,000,000 inhabitants; and (iii) maintains an independent defined benefit pension plan for the benefit of its eligible employees may restrict creditable service in whole or in part for periods of prior service with the employer if the governing body of the municipality adopts an irrevocable resolution to restrict that creditable service and files the resolution with the board before the municipality's effective date of participation.

Any person who has withdrawn from the service of a participating municipality or participating instrumentality prior to the effective date, who reenters the service of the same municipality or participating instrumentality after the effective date and becomes a participating employee is entitled to creditable service for prior service as otherwise provided in this subdivision (a)(1) only if he or she renders 2 years of service as a participating employee after the effective date. Application for such service

must be made while in a participating status. The salary rate to be used in the calculation of the required employee contribution, if any, shall be the employee's salary rate at the time of first reentering service with the employer after the employer's effective date of participation.

2. For current service, each participating employee shall be credited with:

   a. Additional credits of amounts equal to each payment of additional contributions received from him under Section 7-173, as of the date the corresponding payment of earnings is payable to him.

   b. Normal credits of amounts equal to each payment of normal contributions received from him, as of the date the corresponding payment of earnings is payable to him, and normal contributions made for the purpose of establishing out-of-state service credits as permitted under the conditions set forth in paragraph 6 of this subsection (a).

   c. Municipality credits in an amount equal to 1.4 times the normal credits, except those established by out-of-state service credits, as of the date of computation of any benefit if these credits would increase the benefit.

   d. Survivor credits equal to each payment of survivor contributions received from the participating employee as of the date the corresponding payment of earnings is payable, and survivor contributions made for the purpose of establishing out-of-state service credits.

3. For periods of temporary and total and permanent disability benefits, each employee receiving disability benefits shall be granted creditable service for the period during which disability benefits are payable. Normal and survivor credits, based upon the rate of earnings applied for disability benefits, shall also be granted if such credits would result in a higher benefit to any such employee or his beneficiary.

4. For authorized leave of absence without pay: A participating employee shall be granted credits and creditable service for periods of authorized leave of absence without pay under the following conditions:
a. An application for credits and creditable service is submitted to the board while the employee is in a status of active employment.

b. Not more than 12 complete months of creditable service for authorized leave of absence without pay shall be counted for purposes of determining any benefits payable under this Article.

c. Credits and creditable service shall be granted for leave of absence only if such leave is approved by the governing body of the municipality, including approval of the estimated cost thereof to the municipality as determined by the fund, and employee contributions, plus interest at the effective rate applicable for each year from the end of the period of leave to date of payment, have been paid to the fund in accordance with Section 7-173. The contributions shall be computed upon the assumption earnings continued during the period of leave at the rate in effect when the leave began.

d. Benefits under the provisions of Sections 7-141, 7-146, 7-150 and 7-163 shall become payable to employees on authorized leave of absence, or their designated beneficiary, only if such leave of absence is creditable hereunder, and if the employee has at least one year of creditable service other than the service granted for leave of absence. Any employee contributions due may be deducted from any benefits payable.

e. No credits or creditable service shall be allowed for leave of absence without pay during any period of prior service.

5. For military service: The governing body of a municipality or participating instrumentality may elect to allow creditable service to participating employees who leave their employment to serve in the armed forces of the United States for all periods of such service, provided that the person returns to active employment within 90 days after completion of full time active duty, but no creditable service shall be allowed such person for any period that can be used in the computation of a pension or any other pay or benefit, other than pay for active duty, for service in any branch of the armed forces of the United States. If necessary
to the computation of any benefit, the board shall establish municipality credits for participating employees under this paragraph on the assumption that the employee received earnings at the rate received at the time he left the employment to enter the armed forces. A participating employee in the armed forces shall not be considered an employee during such period of service and no additional death and no disability benefits are payable for death or disability during such period.

Any participating employee who left his employment with a municipality or participating instrumentality to serve in the armed forces of the United States and who again became a participating employee within 90 days after completion of full time active duty by entering the service of a different municipality or participating instrumentality, which has elected to allow creditable service for periods of military service under the preceding paragraph, shall also be allowed creditable service for his period of military service on the same terms that would apply if he had been employed, before entering military service, by the municipality or instrumentality which employed him after he left the military service and the employer costs arising in relation to such grant of creditable service shall be charged to and paid by that municipality or instrumentality.

Notwithstanding the foregoing, any participating employee shall be entitled to creditable service as required by any federal law relating to re-employment rights of persons who served in the United States Armed Services. Such creditable service shall be granted upon payment by the member of an amount equal to the employee contributions which would have been required had the employee continued in service at the same rate of earnings during the military leave period, plus interest at the effective rate.

5.1. In addition to any creditable service established under paragraph 5 of this subsection (a), creditable service may be granted for up to 48 months of service in the armed forces of the United States.

In order to receive creditable service for military service under this paragraph 5.1, a participating employee must (1) apply to the Fund in writing and provide evidence of the military service that is satisfactory to the Board; (2) obtain the written approval of the current employer; and (3) make contributions to the Fund equal

to (i) the employee contributions that would have been required had the service been rendered as a member, plus (ii) an amount determined by the board to be equal to the employer's normal cost of the benefits accrued for that military service, plus (iii) interest on items (i) and (ii) from the date of first membership in the Fund to the date of payment. The required interest shall be calculated at the regular interest rate.

The changes made to this paragraph 5.1 by Public Acts 95-483 and 95-486 apply only to participating employees in service on or after August 28, 2007 (the effective date of those Public Acts).

6. For out-of-state service: Creditable service shall be granted for service rendered to an out-of-state local governmental body under the following conditions: The employee had participated and has irrevocably forfeited all rights to benefits in the out-of-state public employees pension system; the governing body of his participating municipality or instrumentality authorizes the employee to establish such service; the employee has 2 years current service with this municipality or participating instrumentality; the employee makes a payment of contributions, which shall be computed at 8% (normal) plus 2% (survivor) times length of service purchased times the average rate of earnings for the first 2 years of service with the municipality or participating instrumentality whose governing body authorizes the service established plus interest at the effective rate on the date such credits are established, payable from the date the employee completes the required 2 years of current service to date of payment. In no case shall more than 120 months of creditable service be granted under this provision.

7. For retroactive service: Any employee who could have but did not elect to become a participating employee, or who should have been a participant in the Municipal Public Utilities Annuity and Benefit Fund before that fund was superseded, may receive creditable service for the period of service not to exceed 50 months; however, a current or former elected or appointed official of a participating municipality may establish credit under this paragraph 7 for more than 50 months of service as an official of that municipality, if the excess over 50 months is approved by resolution of the governing body of the affected municipality filed with the Fund before January 1, 2002.
Any employee who is a participating employee on or after September 24, 1981 and who was excluded from participation by the age restrictions removed by Public Act 82-596 may receive creditable service for the period, on or after January 1, 1979, excluded by the age restriction and, in addition, if the governing body of the participating municipality or participating instrumentality elects to allow creditable service for all employees excluded by the age restriction prior to January 1, 1979, for service during the period prior to that date excluded by the age restriction. Any employee who was excluded from participation by the age restriction removed by Public Act 82-596 and who is not a participating employee on or after September 24, 1981 may receive creditable service for service after January 1, 1979. Creditable service under this paragraph shall be granted upon payment of the employee contributions which would have been required had he participated, with interest at the effective rate for each year from the end of the period of service established to date of payment.

8. For accumulated unused sick leave: A participating employee who is applying for a retirement annuity shall be entitled to creditable service for that portion of the employee's accumulated unused sick leave for which payment is not received, as follows:

a. Sick leave days shall be limited to those accumulated under a sick leave plan established by a participating municipality or participating instrumentality which is available to all employees or a class of employees.

b. Except as provided in item b-1, only sick leave days accumulated with a participating municipality or participating instrumentality with which the employee was in service within 60 days of the effective date of his retirement annuity shall be credited; If the employee was in service with more than one employer during this period only the sick leave days with the employer with which the employee has the greatest number of unpaid sick leave days shall be considered.

b-1. If the employee was in the service of more than one employer as defined in item (2) of paragraph (a) of subsection (A) of Section 7-132, then the sick leave days from all such employers shall be credited, as long as the creditable service attributed to those sick leave days does
not exceed the limitation in item f of this paragraph 8. In calculating the creditable service under this item b-1, the sick leave days from the last employer shall be considered first, then the remaining sick leave days shall be considered until there are no more days or the maximum creditable sick leave threshold under item f of this paragraph 8 has been reached.

c. The creditable service granted shall be considered solely for the purpose of computing the amount of the retirement annuity and shall not be used to establish any minimum service period required by any provision of the Illinois Pension Code, the effective date of the retirement annuity, or the final rate of earnings.

d. The creditable service shall be at the rate of 1/20 of a month for each full sick day, provided that no more than 12 months may be credited under this subdivision 8.

e. Employee contributions shall not be required for creditable service under this subdivision 8.

f. Each participating municipality and participating instrumentality with which an employee has service within 60 days of the effective date of his retirement annuity shall certify to the board the number of accumulated unpaid sick leave days credited to the employee at the time of termination of service.

9. For service transferred from another system: Credits and creditable service shall be granted for service under Article 3, 4, 5, 8, 14, or 16 of this Act, to any active member of this Fund, and to any inactive member who has been a county sheriff, upon transfer of such credits pursuant to Section 3-110.3, 4-108.3, 5-235, 8-226.7, 14-105.6, or 16-131.4, and payment by the member of the amount by which (1) the employer and employee contributions that would have been required if he had participated in this Fund as a sheriff's law enforcement employee during the period for which credit is being transferred, plus interest thereon at the effective rate for each year, compounded annually, from the date of termination of the service for which credit is being transferred to the date of payment, exceeds (2) the amount actually transferred to the Fund. Such transferred service shall be deemed to be service as a sheriff's law enforcement employee for the purposes of Section 7-142.1.

10. For service transferred from an Article 3 system under Section 3-110.8: Credits and creditable service shall be granted for service under Article 3 of this Act as provided in Section 3-110.8, to any active member of this Fund upon transfer of such credits pursuant to Section 3-110.8. If the amount by which (1) the employer and employee contributions that would have been required if he had participated in this Fund during the period for which credit is being transferred, plus interest thereon at the effective rate for each year, compounded annually, from the date of termination of the service for which credit is being transferred to the date of payment, exceeds (2) the amount actually transferred to the Fund, then the amount of creditable service established under this paragraph 10 shall be reduced by a corresponding amount in accordance with the rules and procedures established under this paragraph 10.

The board shall establish by rule the manner of making the calculation required under this paragraph 10, taking into account the appropriate actuarial assumptions; the member's service, age, and salary history; the level of funding of the employer; and any other factors that the board determines to be relevant.

Until January 1, 2010, members who transferred service from an Article 3 system under the provisions of Public Act 94-356 may establish additional credit in this Fund, but only up to the amount of the service credit reduction in that transfer, as calculated under the actuarial assumptions. This credit may be established upon payment by the member of an amount to be determined by the board, equal to (1) the amount that would have been contributed as employee and employer contributions had all the service been as an employee under this Article, plus interest thereon compounded annually from the date of service to the date of transfer, less (2) the total amount transferred from the Article 3 system, plus (3) interest on the difference at the effective rate for each year, compounded annually, from the date of the transfer to the date of payment. The additional service credit is allowed under this amendatory Act of the 95th General Assembly notwithstanding the provisions of Article 3 terminating all transferred credits on the date of transfer.

11. For service transferred from an Article 3 system under Section 3-110.3: Credits and creditable service shall be granted

for service under Article 3 of this Act as provided in Section 3-110.3, to any active member of this Fund, upon transfer of such credits pursuant to Section 3-110.3. If the board determines that the amount transferred is less than the true cost to the Fund of allowing that creditable service to be established, then in order to establish that creditable service, the member must pay to the Fund an additional contribution equal to the difference, as determined by the board in accordance with the rules and procedures adopted under this paragraph. If the member does not make the full additional payment as required by this paragraph prior to termination of his participation with that employer, then his or her creditable service shall be reduced by an amount equal to the difference between the amount transferred under Section 3-110.3, including any payments made by the member under this paragraph prior to termination, and the true cost to the Fund of allowing that creditable service to be established, as determined by the board in accordance with the rules and procedures adopted under this paragraph.

The board shall establish by rule the manner of making the calculation required under this paragraph 11, taking into account the appropriate actuarial assumptions; the member’s service, age, and salary history, and any other factors that the board determines to be relevant.

(b) Creditable service - amount:

1. One month of creditable service shall be allowed for each month for which a participating employee made contributions as required under Section 7-173, or for which creditable service is otherwise granted hereunder. Not more than 1 month of service shall be credited and counted for 1 calendar month, and not more than 1 year of service shall be credited and counted for any calendar year. A calendar month means a nominal month beginning on the first day thereof, and a calendar year means a year beginning January 1 and ending December 31.

2. A seasonal employee shall be given 12 months of creditable service if he renders the number of months of service normally required by the position in a 12-month period and he remains in service for the entire 12-month period. Otherwise a fractional year of service in the number of months of service rendered shall be credited.
3. An intermittent employee shall be given creditable service for only those months in which a contribution is made under Section 7-173.

   (c) No application for correction of credits or creditable service shall be considered unless the board receives an application for correction while (1) the applicant is a participating employee and in active employment with a participating municipality or instrumentality, or (2) while the applicant is actively participating in a pension fund or retirement system which is a participating system under the Retirement Systems Reciprocal Act. A participating employee or other applicant shall not be entitled to credits or creditable service unless the required employee contributions are made in a lump sum or in installments made in accordance with board rule.

   (d) Upon the granting of a retirement, surviving spouse or child annuity, a death benefit or a separation benefit, on account of any employee, all individual accumulated credits shall thereupon terminate. Upon the withdrawal of additional contributions, the credits applicable thereto shall thereupon terminate. Terminated credits shall not be applied to increase the benefits any remaining employee would otherwise receive under this Article.

(b) The Department shall require that screening tests for critical congenital heart defects be performed at birthing hospitals and birth centers in accordance with a testing protocol adopted by the Department, by rule, in line with current standards of care, such as pulse oximetry screening, and may authorize screening tests for additional congenital anomalies to be performed at birthing hospitals and birth centers in accordance with a testing protocol adopted by the Department, by rule.

(a-5) Require that Beginning July 1, 2002, provide all newborns be screened with expanded screening tests for the presence of certain genetic, metabolic, and congenital anomalies as determined by the Department, by rule.

(a-5.1) Require that all blood and biological specimens collected pursuant to this Act or the rules adopted under this Act be submitted for testing to the nearest Department laboratory designated to perform such tests. The following provisions shall apply concerning testing:

1. The Department may develop a reasonable fee structure and may levy fees according to such structure to cover the cost of providing this testing service and for the follow-up of infants with an abnormal screening test. Fees collected from the provision of this testing service shall be placed in the Metabolic Screening and Treatment Fund. Other State and federal funds for expenses related to metabolic screening, follow-up, and treatment programs may also be placed in the Fund.

Any person violating the provisions of this subsection (a-5.1) is guilty of a petty offense. endocrine, or other metabolic disorders, including phenylketonuria, galactosemia, hypothyroidism, congenital adrenal hyperplasia, biotinidase deficiency, and sickling disorders, as well as other amino acid disorders, organic acid disorders, fatty acid oxidation disorders, and other abnormalities detectable through the use of a tandem mass spectrometer.

(3) If by July 1, 2002, the Department is unable to provide the expanded screening using the State Laboratory, it shall temporarily provide such screening through an accredited laboratory selected by the Department until the Department has the capacity to provide screening through the State Laboratory. The Department shall consider the recommendations of the Genetic and
Metabolic Diseases Advisory Committee in determining whether to include an additional disorder in the screening panel prior to proposing an administrative rule concerning inclusion of an additional disorder in the newborn screening panel. (5) the authentication of pilot testing achieving each milestone described in items (1) through (4) of this subsection (a-5.5) for each disorder screening test; and

(6) the authentication of achieving the potential of high throughput standards for statewide volume of each disorder screening test concomitant with each milestone described in items (1) through (4) of this subsection (a-5.5).

(a-6) (Blank). In accordance with the timetable specified in this subsection, provide all newborns with expanded screening tests for the presence of certain Lysosomal Storage Disorders known as Krabbe, Pompe, Gaucher, Fabry, and Niemann-Pick. (vi) authentication achieving potentiality of high throughput standards for statewide volume of each disorder screening test concomitant with each milestone described in items (i) through (iv) of this subsection (a-6).

It is the goal of Public Act 97-532 that the expanded screening for the specified Lysosomal Storage Disorders begins within 2 years after August 23, 2011 (the effective date of Public Act 97-532). The Department is authorized to implement an additional fee for the screening prior to beginning the testing in order to accumulate the resources for start-up and other costs associated with implementation of the screening and thereafter to support the costs associated with screening and follow-up programs for the specified Lysosomal Storage Disorders.
