who has been adjudicated addicted, as a truant minor in need of supervision or as a minor requiring authoritative intervention, under the Juvenile Court Act or the Juvenile Court Act of 1987, but no such child shall be committed to the Department by any court without the approval of the Department. A minor charged with a criminal offense under the Criminal Code of 1961 or the Criminal Code of 2012 or adjudicated delinquent shall not be placed in the custody of or committed to the Department by any court, except (i) a minor less than 15 years of age committed to the Department under Section 5-710 of the Juvenile Court Act of 1987, (ii) a minor for whom an independent basis of abuse, neglect, or dependency exists, which must be defined by departmental rule, or (iii) a minor for whom the court has granted a supplemental petition to reinstate wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987. An independent basis exists when the allegations or adjudication of abuse, neglect, or dependency do not arise from the same facts, incident, or circumstances which give rise to a charge or adjudication of delinquency.

As soon as is possible after August 7, 2009 (the effective date of Public Act 96-134), the Department shall develop and implement a special program of family preservation services to support intact, foster, and adoptive families who are experiencing extreme hardships due to the difficulty and stress of caring for a child who has been diagnosed with a pervasive developmental disorder if the Department determines that those services are necessary to ensure the health and safety of the child. The Department may offer services to any family whether or not a report has been filed under the Abused and Neglected Child Reporting Act. The Department may refer the child or family to services available from other agencies in the community if the conditions in the child's or family's home are reasonably likely to subject the child or family to future reports of suspected child abuse or neglect. Acceptance of these services shall be voluntary. The Department shall develop and implement a public information campaign to alert health and social service providers and the general public about these special family preservation services. The nature and scope of the services offered and the number of families served under the special program implemented under this paragraph shall be determined by the level of funding that the Department annually allocates for this purpose. The term "pervasive developmental disorder" under this paragraph means a neurological condition, including but not limited to, Asperger's Syndrome and autism, as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders of the American Psychiatric Association.

The legislature recognizes that the best interests of the child require that the child be placed in the most permanent living arrangement as soon as is practically possible. To achieve this goal, the legislature directs the Department of Children and Family Services to conduct concurrent planning so that permanency may occur at the earliest opportunity. Permanent living arrangements may include prevention of placement of a child outside the home of the family when the child can be cared for at home without endangering the child's health or safety; reunification with the family, when safe and appropriate, if temporary placement is necessary; or movement of the child toward the most permanent living arrangement and permanent legal status.

When determining reasonable efforts to be made with respect to a child, as described in this subsection, and in making such reasonable efforts, the child's health and safety shall be the paramount concern.

When a child is placed in foster care, the Department shall ensure and document that reasonable efforts were made to prevent or eliminate the need to remove the child from the child's home. The Department must make reasonable efforts to reunify the family when temporary placement of the child occurs unless otherwise required, pursuant to the Juvenile Court Act of 1987. At any time after the dispositional hearing where the Department believes that further reunification services would be ineffective, it may request a finding from the court that reasonable efforts are no longer appropriate. The Department is not required to provide further reunification services after such a finding.

A decision to place a child in substitute care shall be made with considerations of the child's health, safety, and best interests. At the time of placement, consideration should also be given so that if reunification fails or is delayed, the placement made is the best available placement to provide permanency for the child.

The Department shall adopt rules addressing concurrent planning for reunification and permanency. The Department shall consider the following factors when determining appropriateness of concurrent planning:

1. the likelihood of prompt reunification;
2. the past history of the family;
3. the barriers to reunification being addressed by the family;
4. the level of cooperation of the family;
5. the foster parents' willingness to work with the family to reunite;
6. the willingness and ability of the foster family to provide
an adoptive home or long-term placement;
(7) the age of the child;
(8) placement of siblings.

(m) The Department may assume temporary custody of any child if:

(1) it has received a written consent to such temporary custody signed by the parents of the child or by the parent having custody of the child if the parents are not living together or by the guardian or custodian of the child if the child is not in the custody of either parent, or

(2) the child is found in the State and neither a parent, guardian nor custodian of the child can be located.

If the child is found in his or her residence without a parent, guardian, custodian or responsible caretaker, the Department may, instead of removing the child and assuming temporary custody, place an authorized representative of the Department in that residence until such time as a parent, guardian or custodian enters the home and expresses a willingness and apparent ability to ensure the child's health and safety and resume permanent charge of the child, or until a relative enters the home and is willing and able to ensure the child's health and safety and assume charge of the child until a parent, guardian or custodian enters the home and expresses such willingness and ability to ensure the child's safety and resume permanent charge. After a caretaker has remained in the home for a period not to exceed 12 hours, the Department must follow those procedures outlined in Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987.

The Department shall have the authority, responsibilities and duties that a legal custodian of the child would have pursuant to subsection (9) of Section 1-3 of the Juvenile Court Act of 1987. Whenever a child is taken into temporary custody pursuant to an investigation under the Abused and Neglected Child Reporting Act, or pursuant to a referral and acceptance under the Juvenile Court Act of 1987 of a minor in limited custody, the Department, during the period of temporary custody and before the child is brought before a judicial officer as required by Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987, shall have the authority, responsibilities and duties that a legal custodian of the child would have under subsection (9) of Section 1-3 of the Juvenile Court Act of 1987.

The Department shall ensure that any child taken into custody is scheduled for an appointment for a medical examination.

temporary custody of the Department may deliver to the Department a signed request that the Department surrender the temporary custody of the child. The Department may retain temporary custody of the child for 10 days after the receipt of the request, during which period the Department may cause to be filed a petition pursuant to the Juvenile Court Act of 1987. If a petition is so filed, the Department shall retain temporary custody of the child until the court orders otherwise. If a petition is not filed within the 10 day period, the child shall be surrendered to the custody of the requesting parent, guardian or custodian not later than the expiration of the 10 day period, at which time the authority and duties of the Department with respect to the temporary custody of the child shall terminate.

(m-1) The Department may place children under 18 years of age in a secure child care facility licensed by the Department that cares for children who are in need of secure living arrangements for their health, safety, and well-being after a determination is made by the facility director and the Director or the Director's designate prior to admission to the facility subject to Section 2-27.1 of the Juvenile Court Act of 1987. This subsection (m-1) does not apply to a child who is subject to placement in a correctional facility operated pursuant to Section 3-15-2 of the Unified Code of Corrections, unless the child is a ward who was placed under the care of the Department before being subject to placement in a correctional facility and a court of competent jurisdiction has ordered placement of the child in a secure care facility.

(n) The Department may place children under 18 years of age in licensed child care facilities when in the opinion of the Department, appropriate services aimed at family preservation have been unsuccessful and cannot ensure the child's health and safety or are unavailable and such placement would be for their best interest. Payment for board, clothing, care, training and supervision of any child placed in a licensed child care facility may be made by the Department, by the parents or guardians of the estates of those children, or by both the Department and the parents or guardians, except that no payments shall be made by the Department for any child placed in a licensed child care facility for board, clothing, care, training and supervision of such a child that exceed the average per capita cost of maintaining and of caring for a child in institutions for dependent or neglected children operated by the Department. However, such restriction on payments does not apply in cases where children require specialized care and treatment for problems of severe emotional disturbance, physical disability, social adjustment, or any combination thereof and suitable facilities for the

placement of such children are not available at payment rates within the limitations set forth in this Section. All reimbursements for services delivered shall be absolutely inalienable by assignment, sale, attachment, garnishment or otherwise.

(n-1) The Department shall provide or authorize child welfare services, aimed at assisting minors to achieve sustainable self-sufficiency as independent adults, for any minor eligible for the reinstatement of wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987, whether or not such reinstatement is sought or allowed, provided that the minor consents to such services and has not yet attained the age of 21. The Department shall have responsibility for the development and delivery of services under this Section. An eligible youth may access services under this Section through the Department of Children and Family Services or by referral from the Department of Human Services. Youth participating in services under this Section shall cooperate with the assigned case manager in developing an agreement identifying the services to be provided and how the youth will increase skills to achieve self-sufficiency. A homeless shelter is not considered appropriate housing for any youth receiving child welfare services under this Section. The Department shall continue child welfare services under this Section to any eligible minor until the minor becomes 21 years of age, no longer consents to participate, or achieves self-sufficiency as identified in the minor's service plan. The Department of Children and Family Services shall create clear, readable notice of the rights of former foster youth to child welfare services under this Section and how such services may be obtained. The Department of Children and Family Services and the Department of Human Services shall disseminate this information statewide. The Department shall adopt regulations describing services intended to assist minors in achieving sustainable self-sufficiency as independent adults.

(o) The Department shall establish an administrative review and appeal process for children and families who request or receive child welfare services from the Department. Children who are wards of the Department and are placed by private child welfare agencies, and foster families with whom those children are placed, shall be afforded the same procedural and appeal rights as children and families in the case of placement by the Department, including the right to an initial review of a private agency decision by that agency. The Department shall insure that any private child welfare agency, which accepts wards of the Department for placement, affords those rights to children and foster families. The Department shall accept for administrative review and an appeal hearing a complaint made by (i) a child or foster family
concerning a decision following an initial review by a private child welfare agency or (ii) a prospective adoptive parent who alleges a violation of subsection (j-5) of this Section. An appeal of a decision concerning a change in the placement of a child shall be conducted in an expedited manner. A court determination that a current foster home placement is necessary and appropriate under Section 2-28 of the Juvenile Court Act of 1987 does not constitute a judicial determination on the merits of an administrative appeal, filed by a former foster parent, involving a change of placement decision.

(p) There is hereby created the Department of Children and Family Services Emergency Assistance Fund from which the Department may provide special financial assistance to families which are in economic crisis when such assistance is not available through other public or private sources and the assistance is deemed necessary to prevent dissolution of the family unit or to reunite families which have been separated due to child abuse and neglect. The Department shall establish administrative rules specifying the criteria for determining eligibility for and the amount and nature of assistance to be provided. The Department may also enter into written agreements with private and public social service agencies to provide emergency financial services to families referred by the Department. Special financial assistance payments shall be available to a family no more than once during each fiscal year and the total payments to a family may not exceed $500 during a fiscal year.

(q) The Department may receive and use, in their entirety, for the benefit of children any gift, donation or bequest of money or other property which is received on behalf of such children, or any financial benefits to which such children are or may become entitled while under the jurisdiction or care of the Department.

The Department shall set up and administer no-cost, interest-bearing accounts in appropriate financial institutions for children for whom the Department is legally responsible and who have been determined eligible for Veterans' Benefits, Social Security benefits, assistance allotments from the armed forces, court ordered payments, parental voluntary payments, Supplemental Security Income, Railroad Retirement payments, Black Lung benefits, or other miscellaneous payments. Interest earned by each account shall be credited to the account, unless disbursed in accordance with this subsection.

In disbursing funds from children's accounts, the Department shall:

(1) Establish standards in accordance with State and federal laws for disbursing money from children's accounts. In all

circumstances, the Department's "Guardianship Administrator" or his or her designee must approve disbursements from children's accounts. The Department shall be responsible for keeping complete records of all disbursements for each account for any purpose.

(2) Calculate on a monthly basis the amounts paid from State funds for the child's board and care, medical care not covered under Medicaid, and social services; and utilize funds from the child's account, as covered by regulation, to reimburse those costs. Monthly, disbursements from all children's accounts, up to 1/12 of $13,000,000, shall be deposited by the Department into the General Revenue Fund and the balance over 1/12 of $13,000,000 into the DCFS Children's Services Fund.

(3) Maintain any balance remaining after reimbursing for the child's costs of care, as specified in item (2). The balance shall accumulate in accordance with relevant State and federal laws and shall be disbursed to the child or his or her guardian, or to the issuing agency.

(r) The Department shall promulgate regulations encouraging all adoption agencies to voluntarily forward to the Department or its agent names and addresses of all persons who have applied for and have been approved for adoption of a hard-to-place or handicapped child and the names of such children who have not been placed for adoption. A list of such names and addresses shall be maintained by the Department or its agent, and coded lists which maintain the confidentiality of the person seeking to adopt the child and of the child shall be made available, without charge, to every adoption agency in the State to assist the agencies in placing such children for adoption. The Department may delegate to an agent its duty to maintain and make available such lists. The Department shall ensure that such agent maintains the confidentiality of the person seeking to adopt the child and of the child.

(s) The Department of Children and Family Services may establish and implement a program to reimburse Department and private child welfare agency foster parents licensed by the Department of Children and Family Services for damages sustained by the foster parents as a result of the malicious or negligent acts of foster children, as well as providing third party coverage for such foster parents with regard to actions of foster children to other individuals. Such coverage will be secondary to the foster parent liability insurance policy, if applicable. The program shall be funded through appropriations from the General Revenue Fund, specifically designated for

such purposes.

(t) The Department shall perform home studies and investigations and shall exercise supervision over visitation as ordered by a court pursuant to the Illinois Marriage and Dissolution of Marriage Act or the Adoption Act only if:

1. an order entered by an Illinois court specifically directs the Department to perform such services; and
2. the court has ordered one or both of the parties to the proceeding to reimburse the Department for its reasonable costs for providing such services in accordance with Department rules, or has determined that neither party is financially able to pay.

The Department shall provide written notification to the court of the specific arrangements for supervised visitation and projected monthly costs within 60 days of the court order. The Department shall send to the court information related to the costs incurred except in cases where the court has determined the parties are financially unable to pay. The court may order additional periodic reports as appropriate.

(u) In addition to other information that must be provided, whenever the Department places a child with a prospective adoptive parent or parents or in a licensed foster home, group home, child care institution, or in a relative home, the Department shall provide to the prospective adoptive parent or parents or other caretaker:

1. available detailed information concerning the child's educational and health history, copies of immunization records (including insurance and medical card information), a history of the child's previous placements, if any, and reasons for placement changes excluding any information that identifies or reveals the location of any previous caretaker;
2. a copy of the child's portion of the client service plan, including any visitation arrangement, and all amendments or revisions to it as related to the child; and
3. information containing details of the child's individualized educational plan when the child is receiving special education services.

The caretaker shall be informed of any known social or behavioral information (including, but not limited to, criminal background, fire setting, perpetuation of sexual abuse, destructive behavior, and substance abuse) necessary to care for and safeguard the children to be placed or currently in the home. The Department may prepare a written summary of the information

required by this paragraph, which may be provided to the foster or prospective adoptive parent in advance of a placement. The foster or prospective adoptive parent may review the supporting documents in the child's file in the presence of casework staff. In the case of an emergency placement, casework staff shall at least provide known information verbally, if necessary, and must subsequently provide the information in writing as required by this subsection.

The information described in this subsection shall be provided in writing. In the case of emergency placements when time does not allow prior review, preparation, and collection of written information, the Department shall provide such information as it becomes available. Within 10 business days after placement, the Department shall obtain from the prospective adoptive parent or parents or other caretaker a signed verification of receipt of the information provided. Within 10 business days after placement, the Department shall provide to the child's guardian ad litem a copy of the information provided to the prospective adoptive parent or parents or other caretaker. The information provided to the prospective adoptive parent or parents or other caretaker shall be reviewed and approved regarding accuracy at the supervisory level.

(u-5) Effective July 1, 1995, only foster care placements licensed as foster family homes pursuant to the Child Care Act of 1969 shall be eligible to receive foster care payments from the Department. Relative caregivers who, as of July 1, 1995, were approved pursuant to approved relative placement rules previously promulgated by the Department at 89 Ill. Adm. Code 335 and had submitted an application for licensure as a foster family home may continue to receive foster care payments only until the Department determines that they may be licensed as a foster family home or that their application for licensure is denied or until September 30, 1995, whichever occurs first.

(v) The Department shall access criminal history record information as defined in the Illinois Uniform Conviction Information Act and information maintained in the adjudicatory and dispositional record system as defined in Section 2605-355 of the Department of State Police Law (20 ILCS 2605/2605-355) if the Department determines the information is necessary to perform its duties under the Abused and Neglected Child Reporting Act, the Child Care Act of 1969, and the Children and Family Services Act. The Department shall provide for interactive computerized communication and processing equipment that permits direct on-line communication with the Department of State Police's central criminal history.
data repository. The Department shall comply with all certification requirements and provide certified operators who have been trained by personnel from the Department of State Police. In addition, one Office of the Inspector General investigator shall have training in the use of the criminal history information access system and have access to the terminal. The Department of Children and Family Services and its employees shall abide by rules and regulations established by the Department of State Police relating to the access and dissemination of this information.

(v-1) Prior to final approval for placement of a child, the Department shall conduct a criminal records background check of the prospective foster or adoptive parent, including fingerprint-based checks of national crime information databases. Final approval for placement shall not be granted if the record check reveals a felony conviction for child abuse or neglect, for spousal abuse, for a crime against children, or for a crime involving violence, including rape, sexual assault, or homicide, but not including other physical assault or battery, or if there is a felony conviction for physical assault, battery, or a drug-related offense committed within the past 5 years.

(v-2) Prior to final approval for placement of a child, the Department shall check its child abuse and neglect registry for information concerning prospective foster and adoptive parents, and any adult living in the home. If any prospective foster or adoptive parent or other adult living in the home has resided in another state in the preceding 5 years, the Department shall request a check of that other state's child abuse and neglect registry.

(w) Within 120 days of August 20, 1995 (the effective date of Public Act 89-392), the Department shall prepare and submit to the Governor and the General Assembly, a written plan for the development of in-state licensed secure child care facilities that care for children who are in need of secure living arrangements for their health, safety, and well-being. For purposes of this subsection, secure care facility shall mean a facility that is designed and operated to ensure that all entrances and exits from the facility, a building or a distinct part of the building, are under the exclusive control of the staff of the facility, whether or not the child has the freedom of movement within the perimeter of the facility, building, or distinct part of the building. The plan shall include descriptions of the types of facilities that are needed in Illinois; the cost of developing these secure care facilities; the estimated number of placements; the potential cost savings resulting from the movement of children currently out-of-state who are projected to be returned to Illinois; the necessary geographic distribution of these facilities in Illinois; and a proposed timetable for development of such facilities.

The Department shall determine if financial exploitation of the child's personal information has occurred. If financial exploitation appears to have taken place or is presently ongoing, the Department shall notify the proper law enforcement agency, the proper State's Attorney, or the Attorney General.

Each Department employee or Department applicant shall submit his or her fingerprints to the Department of State Police in the form and manner prescribed by the Department of State Police. The Department of State Police shall furnish, pursuant to positive identification, all Illinois conviction information to the Department of Children and Family Services. For purposes of this subsection:

If the plan includes strategies that have a fiscal impact on the Department or any other agency, the plan shall include a detailed description of the estimated fiscal impact of such strategies.

Prior to publishing the plan in its final form, the Department shall allow for a reasonable time for public input.

Sec. 605-320. Encouragement of existing industries. To encourage the growth and expansion of industries now existing within the State by providing comprehensive business services and promoting interdepartmental cooperation for assistance to industries.

As a condition of any financial incentives provided by the Department in the form of (1) tax credits and tax exemptions (other than given under tax increment financing) given as an incentive to a recipient business organization pursuant to an initial certification or an initial designation made by the Department under the Economic Development for a Growing Economy Tax Credit Act, the River Edge Redevelopment Zone Act, and the Illinois Enterprise Zone Act, including the High Impact Business program, (2) grants or loans given to a recipient as an incentive to a business organization pursuant to the River Edge Redevelopment Zone Act, the Large Business Development Program, the Business Development Public Infrastructure Program, or the Industrial Training Program, the Department shall require the recipient of such financial incentives to report at least quarterly the number of jobs to be created or retained, or both created and retained, by the recipient as a result of the financial incentives, including the number of full-time, permanent jobs, the number of part-time jobs, and the number of temporary jobs. Further, the recipient of such financial incentives shall provide the Department at least annually a detailed list of the occupation or job classifications and number of new employees or retained employees to be hired in full-time, permanent jobs, a schedule of anticipated starting dates of the new hires and the actual average wage by occupation or job classification and total payroll to be created as a result of the financial incentives.

Section 80. The Mental Health and Developmental Disabilities Administrative Act is amended by changing Section 14 as follows:
(20 ILCS 1705/14) (from Ch. 91 1/2, par. 100-14)
Sec. 14. Chester Mental Health Center. To maintain and operate a facility for the care, custody, and treatment of persons with mental illness or habilitation of persons with developmental disabilities hereinafter designated, to be known as the Chester Mental Health Center.
   Within the Chester Mental Health Center there shall be confined the following classes of persons, whose history, in the opinion of the Department, discloses dangerous or violent tendencies and who, upon examination under the direction of the Department, have been found a fit subject for confinement in that facility:
   (a) Any male person who is charged with the commission of

New matter indicated by italics - deletions by strikeout
a crime but has been acquitted by reason of insanity as provided in
Section 5-2-4 of the Unified Code of Corrections.

(b) Any male person who is charged with the commission of
a crime but has been found unfit under Article 104 of the Code of
Criminal Procedure of 1963.

(c) Any male person with mental illness or developmental
disabilities or person in need of mental treatment now confined under
the supervision of the Department or hereafter admitted to any facility
thereof or committed thereto by any court of competent jurisdiction.

If and when it shall appear to the facility director of the Chester
Mental Health Center that it is necessary to confine persons in order to
maintain security or provide for the protection and safety of recipients and
staff, the Chester Mental Health Center may confine all persons on a unit to
their rooms. This period of confinement shall not exceed 10 hours in a 24
hour period, including the recipient's scheduled hours of sleep, unless
approved by the Secretary of the Department. During the period of
confinement, the persons confined shall be observed at least every 15
minutes. A record shall be kept of the observations. This confinement shall
not be considered seclusion as defined in the Mental Health and
Developmental Disabilities Code.

The facility director of the Chester Mental Health Center may
authorize the temporary use of handcuffs on a recipient for a period not to
exceed 10 minutes when necessary in the course of transport of the recipient
within the facility to maintain custody or security. Use of handcuffs is subject
to the provisions of Section 2-108 of the Mental Health and Developmental
Disabilities Code. The facility shall keep a monthly record listing each
instance in which handcuffs are used, circumstances indicating the need for
use of handcuffs, and time of application of handcuffs and time of release
therefrom. The facility director shall allow the Illinois Guardianship and
Advocacy Commission, the agency designated by the Governor under Section
1 of the Protection and Advocacy for Developmentally Disabled Persons Act,
and the Department to examine and copy such record upon request.

The facility director of the Chester Mental Health Center may
authorize the temporary use of transport devices on a civil recipient when
necessary in the course of transport of the civil recipient outside the facility
to maintain custody or security. The decision whether to use any transport
devices shall be reviewed and approved on an individualized basis by a
physician based upon a determination of the civil recipient's: (1) history of
violence, (2) history of violence during transports, (3) history of escapes and

New matter indicated by italics - deletions by strikeout
escape attempts, (4) history of trauma, (5) history of incidents of restraint or seclusion and use of involuntary medication, (6) current functioning level and medical status, and (7) prior experience during similar transports, and (8) the length, duration, and purpose of the transport. The least restrictive transport device consistent with the individual's need shall be used. Staff transporting the individual shall be trained in the use of the transport devices, recognizing and responding to a person in distress, and shall observe and monitor the individual while being transported. The facility shall keep a monthly record listing all transports, including those transports for which use of transport devices was not sought, those for which use of transport devices were sought but denied, and each instance in which transport devices are used, circumstances indicating the need for use of transport devices, time of application of transport devices, time of release from those devices, and any adverse events. The facility director shall allow the Illinois Guardianship and Advocacy Commission, the agency designated by the Governor under Section 1 of the Protection and Advocacy for Developmentally Disabled Persons Act, and the Department to examine and copy the record upon request. This use of transport devices shall not be considered restraint as defined in the Mental Health and Developmental Disabilities Code. For the purpose of this Section "transport device" means ankle cuffs, handcuffs, waist chains or wrist-waist devices designed to restrict an individual's range of motion while being transported. These devices must be approved by the Division of Mental Health, used in accordance with the manufacturer's instructions, and used only by qualified staff members who have completed all training required to be eligible to transport patients and all other required training relating to the safe use and application of transport devices, including recognizing and responding to signs of distress in an individual whose movement is being restricted by a transport device.

If and when it shall appear to the satisfaction of the Department that any person confined in the Chester Mental Health Center is not or has ceased to be such a source of danger to the public as to require his subjection to the regimen of the center, the Department is hereby authorized to transfer such person to any State facility for treatment of persons with mental illness or habilitation of persons with developmental disabilities, as the nature of the individual case may require.

Subject to the provisions of this Section, the Department, except where otherwise provided by law, shall, with respect to the management, conduct and control of the Chester Mental Health Center and the discipline, custody and treatment of the persons confined therein, have and exercise the

New matter indicated by italics - deletions by strikeout
same rights and powers as are vested by law in the Department with respect to any and all of the State facilities for treatment of persons with mental illness or habilitation of persons with developmental disabilities, and the recipients thereof, and shall be subject to the same duties as are imposed by law upon the Department with respect to such facilities and the recipients thereof.

The Department may elect to place persons who have been ordered by the court to be detained under the Sexually Violent Persons Commitment Act in a distinct portion of the Chester Mental Health Center. The persons so placed shall be separated and shall not comingle with the recipients of the Chester Mental Health Center. The portion of Chester Mental Health Center that is used for the persons detained under the Sexually Violent Persons Commitment Act shall not be a part of the mental health facility for the enforcement and implementation of the Mental Health and Developmental Disabilities Code nor shall their care and treatment be subject to the provisions of the Mental Health and Developmental Disabilities Code. The changes added to this Section by this amendatory Act of the 98th General Assembly are inoperative on and after June 30, 2015.

Section 85. The Department of Professional Regulation Law of the Civil Administrative Code of Illinois is amended by changing Section 2105-15 as follows:

(20 ILCS 2105/2105-15)
Sec. 2105-15. General powers and duties.
(a) The Department has, subject to the provisions of the Civil Administrative Code of Illinois, the following powers and duties:

(1) To authorize examinations in English to ascertain the qualifications and fitness of applicants to exercise the profession, trade, or occupation for which the examination is held.

(2) To prescribe rules and regulations for a fair and wholly impartial method of examination of candidates to exercise the respective professions, trades, or occupations.

(3) To pass upon the qualifications of applicants for licenses, certificates, and authorities, whether by examination, by reciprocity, or by endorsement.

(4) To prescribe rules and regulations defining, for the respective professions, trades, and occupations, what shall constitute a school, college, or university, or department of a university, or other institution, reputable and in good standing, and to determine the

reputability and good standing of a school, college, or university, or department of a university, or other institution, reputable and in good standing, by reference to a compliance with those rules and regulations; provided, that no school, college, or university, or department of a university, or other institution that refuses admittance to applicants solely on account of race, color, creed, sex, or national origin shall be considered reputable and in good standing.

(5) To conduct hearings on proceedings to revoke, suspend, refuse to renew, place on probationary status, or take other disciplinary action as authorized in any licensing Act administered by the Department with regard to licenses, certificates, or authorities of persons exercising the respective professions, trades, or occupations and to revoke, suspend, refuse to renew, place on probationary status, or take other disciplinary action as authorized in any licensing Act administered by the Department with regard to those licenses, certificates, or authorities. The Department shall issue a monthly disciplinary report. The Department shall deny any license or renewal authorized by the Civil Administrative Code of Illinois to any person who has defaulted on an educational loan or scholarship provided by or guaranteed by the Illinois Student Assistance Commission or any governmental agency of this State; however, the Department may issue a license or renewal if the aforementioned persons have established a satisfactory repayment record as determined by the Illinois Student Assistance Commission or other appropriate governmental agency of this State. Additionally, beginning June 1, 1996, any license issued by the Department may be suspended or revoked if the Department, after the opportunity for a hearing under the appropriate licensing Act, finds that the licensee has failed to make satisfactory repayment to the Illinois Student Assistance Commission for a delinquent or defaulted loan. For the purposes of this Section, "satisfactory repayment record" shall be defined by rule. The Department shall refuse to issue or renew a license to, or shall suspend or revoke a license of, any person who, after receiving notice, fails to comply with a subpoena or warrant relating to a paternity or child support proceeding. However, the Department may issue a license or renewal upon compliance with the subpoena or warrant.

The Department, without further process or hearings, shall revoke, suspend, or deny any license or renewal authorized by the Civil Administrative Code of Illinois to a person who is certified by
the Department of Healthcare and Family Services (formerly Illinois Department of Public Aid) as being more than 30 days delinquent in complying with a child support order or who is certified by a court as being in violation of the Non-Support Punishment Act for more than 60 days. The Department may, however, issue a license or renewal if the person has established a satisfactory repayment record as determined by the Department of Healthcare and Family Services (formerly Illinois Department of Public Aid) or if the person is determined by the court to be in compliance with the Non-Support Punishment Act. The Department may implement this paragraph as added by Public Act 89-6 through the use of emergency rules in accordance with Section 5-45 of the Illinois Administrative Procedure Act. For purposes of the Illinois Administrative Procedure Act, the adoption of rules to implement this paragraph shall be considered an emergency and necessary for the public interest, safety, and welfare.

(6) To transfer jurisdiction of any realty under the control of the Department to any other department of the State Government or to acquire or accept federal lands when the transfer, acquisition, or acceptance is advantageous to the State and is approved in writing by the Governor.

(7) To formulate rules and regulations necessary for the enforcement of any Act administered by the Department.

(8) To exchange with the Department of Healthcare and Family Services information that may be necessary for the enforcement of child support orders entered pursuant to the Illinois Public Aid Code, the Illinois Marriage and Dissolution of Marriage Act, the Non-Support of Spouse and Children Act, the Non-Support Punishment Act, the Revised Uniform Reciprocal Enforcement of Support Act, the Uniform Interstate Family Support Act, or the Illinois Parentage Act of 1984. Notwithstanding any provisions in this Code to the contrary, the Department of Professional Regulation shall not be liable under any federal or State law to any person for any disclosure of information to the Department of Healthcare and Family Services (formerly Illinois Department of Public Aid) under this paragraph (8) or for any other action taken in good faith to comply with the requirements of this paragraph (8).

(9) To perform other duties prescribed by law.

Commission or any governmental agency of this State or in cases involving delinquency in complying with a child support order or violation of the Non-Support Punishment Act, no person or entity whose license, certificate, or authority has been revoked as authorized in any licensing Act administered by the Department may apply for restoration of that license, certification, or authority until 3 years after the effective date of the revocation.

(b) The Department may, when a fee is payable to the Department for a wall certificate of registration provided by the Department of Central Management Services, require that portion of the payment for printing and distribution costs be made directly or through the Department to the Department of Central Management Services for deposit into the Paper and Printing Revolving Fund. The remainder shall be deposited into the General Revenue Fund.

(c) For the purpose of securing and preparing evidence, and for the purchase of controlled substances, professional services, and equipment necessary for enforcement activities, recoupment of investigative costs, and other activities directed at suppressing the misuse and abuse of controlled substances, including those activities set forth in Sections 504 and 508 of the Illinois Controlled Substances Act, the Director and agents appointed and authorized by the Director may expend sums from the Professional Regulation Evidence Fund that the Director deems necessary from the amounts appropriated for that purpose. Those sums may be advanced to the agent when the Director deems that procedure to be in the public interest. Sums for the purchase of controlled substances, professional services, and equipment necessary for enforcement activities and other activities as set forth in this Section shall be advanced to the agent who is to make the purchase from the Professional Regulation Evidence Fund on vouchers signed by the Director. The Director and those agents are authorized to maintain one or more commercial checking accounts with any State banking corporation or corporations organized under or subject to the Illinois Banking Act for the deposit and withdrawal of moneys to be used for the purposes set forth in this Section; provided, that no check may be written nor any withdrawal made from any such account except upon the written signatures of 2 persons designated by the Director to write those checks and make those withdrawals. Vouchers for those expenditures must be signed by the Director. All such expenditures shall be audited by the Director, and the audit shall be submitted to the Department of Central Management Services for approval.

(d) Whenever the Department is authorized or required by law to consider some aspect of criminal history record information for the purpose

of carrying out its statutory powers and responsibilities, then, upon request and payment of fees in conformance with the requirements of Section 2605-400 of the Department of State Police Law (20 ILCS 2605/2605-400), the Department of State Police is authorized to furnish, pursuant to positive identification, the information contained in State files that is necessary to fulfill the request.

(e) The provisions of this Section do not apply to private business and vocational schools as defined by Section 15 of the Private Business and Vocational Schools Act of 2012.

(f) Beginning July 1, 1995, this Section does not apply to those professions, trades, and occupations licensed under the Real Estate License Act of 2000, nor does it apply to any permits, certificates, or other authorizations to do business provided for in the Land Sales Registration Act of 1989 or the Illinois Real Estate Time-Share Act.

(g) Notwithstanding anything that may appear in any individual licensing statute or administrative rule, the Department shall deny any license application or renewal authorized under any licensing Act administered by the Department to any person who has failed to file a return, or to pay the tax, penalty, or interest shown in a filed return, or to pay any final assessment of tax, penalty, or interest, as required by any tax Act administered by the Illinois Department of Revenue, until such time as the requirement of any such tax Act are satisfied; however, the Department may issue a license or renewal if the person has established a satisfactory repayment record as determined by the Illinois Department of Revenue. For the purpose of this Section, "satisfactory repayment record" shall be defined by rule.

In addition, a complaint filed with the Department by the Illinois Department of Revenue that includes a certification, signed by its Director or designee, attesting to the amount of the unpaid tax liability or the years for which a return was not filed, or both, is prima facie evidence of the licensee's failure to comply with the tax laws administered by the Illinois Department of Revenue. Upon receipt of that certification, the Department shall, without a hearing, immediately suspend all licenses held by the licensee. Enforcement of the Department's order shall be stayed for 60 days. The Department shall provide notice of the suspension to the licensee by mailing a copy of the Department's order by certified and regular mail to the licensee's last known address as registered with the Department. The notice shall advise the licensee that the suspension shall be effective 60 days after the issuance of the Department's order unless the Department receives, from the licensee, a request for a hearing before the Department to dispute the

matters contained in the order.

Any suspension imposed under this subsection (g) shall be terminated by the Department upon notification from the Illinois Department of Revenue that the licensee is in compliance with all tax laws administered by the Illinois Department of Revenue.

The Department shall promulgate rules for the administration of this subsection (g).

(h) The Department may grant the title "Retired", to be used immediately adjacent to the title of a profession regulated by the Department, to eligible retirees. The use of the title "Retired" shall not constitute representation of current licensure, registration, or certification. Any person without an active license, registration, or certificate in a profession that requires licensure, registration, or certification shall not be permitted to practice that profession.

(i) Within 180 days after December 23, 2009 (the effective date of Public Act 96-852), the Department shall promulgate rules which permit a person with a criminal record, who seeks a license or certificate in an occupation for which a criminal record is not expressly a per se bar, to apply to the Department for a non-binding, advisory opinion to be provided by the Board or body with the authority to issue the license or certificate as to whether his or her criminal record would bar the individual from the licensure or certification sought, should the individual meet all other licensure requirements including, but not limited to, the successful completion of the relevant examinations.

(20 ILCS 2310/2310-670)
(a) The General Assembly makes the following findings:
   (1) Annually, about 207,090 new cases of breast cancer are diagnosed, according to the American Cancer Society.
   (2) Breast cancer has a disproportionate and detrimental impact on African-American women and is the most common cancer among Hispanic and Latina women.
   (3) African-American women under the age of 40 have a greater incidence of breast cancer than Caucasian women of the same age.
   (4) Individuals undergoing surgery for breast cancer should give due consideration to the option of breast reconstructive surgery, either at the same time as the breast cancer surgery or at a later date.
   (5) According to the American Cancer Society, immediate breast reconstruction offers the advantage of combining the breast cancer surgery with the reconstructive surgery and is cost effective.
   (6) According to the American Cancer Society, delayed breast reconstruction may be advantageous in women who require post-surgical radiation or other treatments.
   (7) A woman suffering from the loss of her breast may not be a candidate for surgical breast reconstruction or may choose not to undergo additional surgery and instead choose breast prostheses.
   (8) The federal Women's Health and Cancer Rights Act of 1998 requires health plans that offer breast cancer coverage to also provide for breast reconstruction.
   (9) Required coverage for breast reconstruction includes all the necessary stages of reconstruction. Surgery of the opposite breast for symmetry may be required. Breast prostheses may be necessary. Other sequelae of breast cancer treatment, such as lymphedema, must be covered.
   (10) Several states have enacted laws to require that women receive information on their breast cancer treatment and reconstruction options.
(b) In this Section:
"Hispanic" has the same meaning as in Section 1707 of the

New matter indicated by italics - deletions by strikeout
"Racial and ethnic minority group" has the same meaning as in Section 1707 of the federal Public Health Services Act.

(c) The Director shall provide for the planning and implementation of an education campaign to inform breast cancer patients, especially those in racial and ethnic minority groups, anticipating surgery regarding the availability and coverage of breast reconstruction, prostheses, and other options. The campaign shall include the dissemination, at a minimum, on relevant State health Internet websites, including the Department of Public Health's Internet website, of the following information:

1. Breast reconstruction is possible at the time of breast cancer surgery or in a delayed fashion.
2. Prostheses or breast forms may be available.
3. Federal law mandates both public and private health plans to include coverage of breast reconstruction and prostheses.
4. The patient has a right to choose the provider of reconstructive care, including the potential transfer of care to a surgeon that provides breast reconstructive care.
5. The patient may opt to undergo breast reconstruction in a delayed fashion for personal reasons or after completion of all other breast cancer treatments.

The campaign may include dissemination of such other information, whether developed by the Director or by other entities, as the Director determines relevant. The campaign shall not specify, or be designed to serve as a tool to limit, the health care providers available to patients.

(d) In developing the information to be disseminated under this Section, the Director shall consult with appropriate medical societies and patient advocates related to breast cancer, patient advocates representing racial and ethnic minority groups, with a special emphasis on African-American and Hispanic populations' breast reconstructive surgery, and breast prostheses and breast forms.

(e) Beginning no later than January 1, 2016 (2 years after the effective date of Public Act 98-479) this amendatory Act of the 98th General Assembly and continuing each second year thereafter, the Director shall submit to the General Assembly a report describing the activities carried out under this Section during the preceding 2 fiscal years, including evaluating the extent to which the activities have been effective in improving the health of racial and ethnic minority groups.

Sec. 2310-665. Hepatitis C Task Force.

(a) The General Assembly finds and declares the following:

(1) Viral hepatitis is a contagious and life-threatening disease that has a substantial and increasing effect upon the lifespans and quality of life of at least 5,000,000 persons living in the United States and as many as 180,000,000 worldwide. According to the U.S. Department of Health and Human Services (HHS), the chronic form of the hepatitis C virus (HCV) and hepatitis B virus (HBV) account for the vast majority of hepatitis-related mortalities in the U.S., yet as many as 65% to 75% of infected Americans remain unaware that they are infected with the virus, prompting the U.S. Centers for Disease Control and Prevention (CDC) to label these viruses as the silent epidemic. HCV and HBV are major public health problems that cause chronic liver diseases, such as cirrhosis, liver failure, and liver cancer. The 5-year survival rate for primary liver cancer is less than 5%. These viruses are also the leading cause of liver transplantation in the United States. While there is a vaccine for HBV, no vaccine exists for HCV. However, there are anti-viral treatments for HCV that can improve the prognosis or actually clear the virus from the patient's system. Unfortunately, the vast majority of infected patients remain unaware that they have the virus since there are generally no symptoms. Therefore, there is a dire need to aid the public in identifying certain risk factors that would warrant testing for these viruses. Millions of infected patients remain undiagnosed and continue to be at elevated risks for developing more serious complications. More needs to be done to educate the public about this disease and the risk factors that warrant testing. In some cases, infected patients play an unknowing role in further spreading this infectious disease.

(2) The existence of HCV was definitively published and discovered by medical researchers in 1989. Prior to this date, HCV is believed to have spread unchecked. The American Association for the Study of Liver Diseases (AASLD) recommends that primary care physicians screen all patients for a history of any viral hepatitis risk factor and test those individuals with at least one identifiable risk factor for the virus. Some of the most common risk factors have been identified by AASLD, HHS, and the U.S. Department of Veterans Affairs.

New matter indicated by italics - deletions by strikeout
Affairs, as well as other public health and medical research organizations, and include the following:

(A) anyone who has received a blood transfusion prior to 1992;  
(B) anyone who is a Vietnam-era veteran;  
(C) anyone who has abnormal liver function tests;  
(D) anyone infected with the HIV virus;  
(E) anyone who has used a needle to inject drugs;  
(F) any health care, emergency medical, or public safety worker who has been stuck by a needle or exposed to any mucosal fluids of an HCV-infected person; and

(G) any children born to HCV-infected mothers.

A 1994 study determined that Caucasian Americans statistically accounted for the most number of infected persons in the United States, while the highest incidence rates were among African and Hispanic Americans.

(3) In January of 2010, the Institute of Medicine (IOM), commissioned by the CDC, issued a comprehensive report entitled *Hepatitis and Liver Cancer: A National Strategy for Prevention and Control of Hepatitis B and C*. The key findings and recommendations from the IOM's report are (A) there is a lack of knowledge and awareness about chronic viral hepatitis on the part of health care and social service providers, (B) there is a lack of knowledge and awareness about chronic viral hepatitis among at-risk populations, members of the public, and policy makers, and (C) there is insufficient understanding about the extent and seriousness of the public health problem, so inadequate public resources are being allocated to prevention, control, and surveillance programs.

(4) In this same 2010 IOM report, researchers compared the prevalence and incidences of HCV, HBV, and HIV and found that, although there are only 1,100,000 HIV/AIDS infected persons in the United States and over 4,000,000 Americans infected with viral hepatitis, the percentage of those with HIV that are unaware they have HIV is only 21% as opposed to approximately 70% of those with viral hepatitis being unaware that they have viral hepatitis. It appears that public awareness of risk factors associated with each of these diseases could be a major factor in the alarming disparity between the percentage of the population that is infected with one of these blood viruses, but unaware that they are infected.

New matter indicated by italics - deletions by strikeout
(5) In light of the widely varied nature of the risk factors mentioned in this subsection (a), the previous findings by the Institute of Medicine, and the clear evidence of the disproportional public awareness between HIV and viral hepatitis, it is clearly in the public interest for this State to establish a task force to gather testimony and develop an action plan to (A) increase public awareness of the risk factors for these viruses, (B) improve access to screening for these viruses, and (C) provide those infected with information about the prognosis, treatment options, and elevated risk of developing cirrhosis and liver cancer. There is clear and increasing evidence that many adults in Illinois and in the United States have at least one of the risk factors mentioned in this subsection (a).

(6) The General Assembly also finds that it is in the public interest to bring communities of Illinois-based veterans of American military service into familiarity with the issues created by this disease, because many veterans, especially Vietnam-era veterans, have at least one of the previously enumerated risk factors and are especially prone to being affected by this disease; and because veterans of American military service should enjoy in all cases, and do enjoy in most cases, adequate access to health care services that include medical management and care for preexisting and long-term medical conditions, such as infection with the hepatitis virus.

(b) There is established the Hepatitis C Task Force within the Department of Public Health. The purpose of the Task Force shall be to:

(1) develop strategies to identify and address the unmet needs of persons with hepatitis C in order to enhance the quality of life of persons with hepatitis C by maximizing productivity and independence and addressing emotional, social, financial, and vocational challenges of persons with hepatitis C;

(2) develop strategies to provide persons with hepatitis C greater access to various treatments and other therapeutic options that may be available; and

(3) develop strategies to improve hepatitis C education and awareness.

(20 ILCS 2310/2310-680)

(Section scheduled to be repealed on January 1, 2016)

Sec. 2310-665. Multiple Sclerosis Task Force.

(a) The General Assembly finds and declares the following:

(1) Multiple sclerosis (MS) is a chronic, often disabling, disease that attacks the central nervous system, which is comprised of the brain, spinal cord, and optic nerves. MS is the number one disabling disease among young adults, striking in the prime of life. It is a disease in which the body, through its immune system, launches
a defensive and damaging attack against its own tissues. MS damages the nerve-insulating myelin sheath that surrounds and protects the brain. The damage to the myelin sheath slows down or blocks messages between the brain and the body.

(2) Most people experience their first symptoms of MS between the ages of 20 and 40, but MS can appear in young children and teens as well as much older adults. MS symptoms can include visual disturbances, muscle weakness, trouble with coordination and balance, sensations such as numbness, prickling or pins and needles, and thought and memory problems. MS patients can also experience partial or complete paralysis, speech impediments, tremors, dizziness, stiffness and spasms, fatigue, paresthesias, pain, and loss of sensation.

(3) The cause of MS remains unknown; however, having a first-degree relative, such as a parent or sibling, with MS significantly increases a person's risk of developing the disease. According to the National Institute of Neurological Disorders and Stroke, it is estimated that there are approximately 250,000 to 350,000 persons in the United States who are diagnosed with MS. This estimate suggests that approximately 200 new cases are diagnosed each week. Other sources report a population of at least 400,000 in the United States. The estimate of persons with MS in Illinois is 20,000, with at least 2 areas of MS clusters identified in Illinois.

(4) Presently, there is no cure for MS. The complex and variable nature of the disease makes it very difficult to diagnose, treat, and research. The cost to the family, often with young children, can be overwhelming. Among common diagnoses, non-stroke neurologic illnesses, such as multiple sclerosis, were associated with the highest out-of-pocket expenditures (a mean of $34,167), followed by diabetes ($26,971), injuries ($25,096), stroke ($23,380), mental illnesses ($23,178), and heart disease ($21,955). Median out-of-pocket costs for health care among people with MS, excluding insurance premiums, were almost twice as much as the general population. The costs associated with MS increase with greater disability. Costs for severely disabled individuals are more than twice those for persons with a relatively mild form of the disease. A recent study of medical bankruptcy found that 62.1% of all personal bankruptcies in the United States were related to medical costs.

(5) Therefore, it is in the public interest for the State to establish a Multiple Sclerosis Task Force in order to identify and
address the unmet needs of persons with MS and develop ways to enhance their quality of life.

(b) There is established the Multiple Sclerosis Task Force in the Department of Public Health. The purpose of the Task Force shall be to:

1. develop strategies to identify and address the unmet needs of persons with MS in order to enhance the quality of life of persons with MS by maximizing productivity and independence and addressing emotional, social, financial, and vocational challenges of persons with MS;

2. develop strategies to provide persons with MS greater access to various treatments and other therapeutic options that may be available; and

3. develop strategies to improve multiple sclerosis education and awareness.

(c) The Task Force shall consist of 16 members as follows:

1. the Director of Public Health and the Director of Human Services, or their designees, who shall serve ex officio; and

2. fourteen public members, who shall be appointed by the Director of Public Health as follows: 2 neurologists licensed to practice medicine in this State; 3 registered nurses or other health professionals with MS certification and extensive expertise with progressed MS; one person upon the recommendation of the National Multiple Sclerosis Society; 3 persons who represent agencies that provide services or support to individuals with MS in this State; 3 persons who have MS, at least one of whom having progressed MS; and 2 members of the public with a demonstrated expertise in issues relating to the work of the Task Force.

Vacancies in the membership of the Task Force shall be filled in the same manner provided for in the original appointments.

(d) The Task Force shall organize within 120 days following the appointment of a majority of its members and shall select a chairperson and vice-chairperson from among the members. The chairperson shall appoint a secretary who need not be a member of the Task Force.

(e) The public members shall serve without compensation and shall not be reimbursed for necessary expenses incurred in the performance of their duties unless funds become available to the Task Force.

For purposes of this Section, autism is considered a related condition.

(2) It must be manifested before the individual reaches age 22.

(D) The Department shall send written notice to the petitioner of its compliance with each order to expunge or seal records within 60 days of the date of service of that order or, if a motion to vacate, modify, or reconsider is filed, within 60 days of service of the order resolving the motion, if that order requires the Department to expunge or seal records. In the event of an appeal from the circuit court order, the Department shall send written notice to the petitioner of its compliance with an Appellate Court or Supreme Court judgment to expunge or seal records within 60 days of the issuance of the court's mandate. (13) Effect of Order. An order granting a petition under the expungement or sealing provisions of this Section shall not be considered void because it fails to comply with the provisions of this Section or because of any error asserted in a motion to vacate, modify, or reconsider. The circuit court retains jurisdiction to determine whether the order is voidable and to vacate, modify, or reconsider its terms based on a motion filed under paragraph (12) of this subsection (d).

(14) Compliance with Order Granting Petition to Seal Records. Unless a court has entered a stay of an order granting a petition to seal, all parties entitled to notice of the petition must fully comply with the terms of the order within 60 days of service of the order even if a party is seeking relief from the order through a motion filed under paragraph (12) of this subsection (d) or is appealing the order.

(b) The Agency may from time to time engage the services of the Authority, attorneys, appraisers, architects, engineers, accountants, credit analysts, bond underwriters, bond trustees, credit enhancement providers, and other financial professionals and consultants, if the Agency deems it advisable.

(c) The Agency may pledge, as security for the payment of its revenue bonds in respect of a project, (1) revenues derived from the operation of the project in part or whole, (2) the real and personal property, machinery, equipment, structures, fixtures, and inventories directly associated with the project, (3) grants or other revenues or taxes expected to be received by the Agency directly linked to the project, (4) payments to be made by another governmental unit or other entity pursuant to a service, user, or other similar agreement with that governmental unit or other entity that is a result of the project, (5) any other revenues or moneys deposited or to be deposited directly linked to the project, (6) all design, engineering, procurement, construction, installation, management, and operation agreements associated with the project, (7) any reserve or debt service funds created under the agreements governing the indebtedness, (8) the Illinois Power Agency

The Director shall not authorize the issuance or grant of any pledge until he or she has certified that any associated project is in full compliance with Sections 1-85 and 1-86 of this Act. The certification shall be duly attached or referenced in the agreements reflecting the pledge. Any such pledge made by the Agency shall be valid and binding from the time the pledge is made. (d) All indebtedness issued by or on behalf of the Agency, including, without limitation, any revenue bonds issued by the Authority on behalf of the Agency, shall not be a debt of the State, the Authority, any political subdivision thereof (other than the Agency to the extent provided in agreements governing the indebtedness), any local government, any governmental aggregator as defined in this Act, or any local government, and none of the State, the Authority, any political subdivision thereof (other than the Agency to the extent provided in agreements governing the indebtedness), any local government, or any governmental aggregator shall be liable thereon. waiver shall not prohibit the holders of indebtedness issued on behalf of the Agency from filing any cause of action against or recovering damages from the Agency, recovering from any property or funds pledged to secure the indebtedness, or recovering from any property or funds to which the Agency holds title, provided the property or funds are directly associated with the project for which the indebtedness was specifically issued. Each evidence of indebtedness of the Agency, including the revenue bonds issued by the Authority on behalf of the Agency, shall contain a clear and explicit statement of the provisions of this Section.

(e) The Agency may from time to time enter into an agreement or agreements to defease indebtedness issued on its behalf or to refund, at maturity, at a redemption date or in advance of either, any indebtedness issued on its behalf or pursuant to redemption provisions or at any time before maturity. (f) If the Agency fails to pay the principal of, interest, or premium, if any, on any indebtedness as the same becomes due, a civil action to compel payment may be instituted in the appropriate circuit court by the holder or holders of the indebtedness on which the default of payment exists or by any administrative agent, collateral agent, or indenture trustee acting on behalf of those holders. Delivery of a summons and a copy of the complaint to the Director of the Agency shall constitute sufficient service to give the circuit court jurisdiction over the subject matter of the suit and jurisdiction over the Agency and its officers named as defendants for the purpose of compelling that payment. Any case, controversy, or cause of action concerning the validity of this Act shall relate to the revenue of the Agency. Any such claims and related proceedings are subject in all respects to the provisions of subsection (d) of this Section. The State of Illinois shall not be liable or in any other way financially responsible for any indebtedness issued by or on behalf of the Agency or the performance or non-performance of any covenants associated with any such indebtedness. The foregoing statement shall not prohibit the holders of any indebtedness issued on behalf of the Agency from filing any cause of action against or recovering damages from

the Agency recovering from any property pledged to secure that indebtedness or recovering from any property or funds to which the Agency holds title provided such property or funds are directly associated with the project for which the indebtedness is specifically issued.

(g) Upon each delivery of the revenue bonds authorized to be issued by the Authority under this Act, the Agency shall compute and certify to the State Comptroller the total amount of principal of and interest on the Agency loan agreement supporting the revenue bonds issued that will be payable in order to retire those revenue bonds and the amount of principal of and interest on the Agency loan agreement that will be payable on each payment date during the then current and each succeeding fiscal year. As soon as possible after the first day of each month, beginning on the date set forth in the Agency loan agreement where that date specifies when the Agency shall begin setting aside revenues and other moneys for repayment of the revenue bonds per the agreed to schedule, the Agency shall certify to the Comptroller and the Comptroller shall order transferred and the Treasurer shall transfer from the Illinois Power Agency Facilities Fund to the Illinois Power Agency Debt Service Fund for each month remaining in the State fiscal year a sum of money, appropriated for that purpose, equal to the result of the amount of principal of and interest on those revenue bonds payable on the next payment date divided by the number of full calendar months between the date of those revenue bonds, and the first such payment date, and thereafter divided by the number of months between each succeeding payment date after the first. The Comptroller is authorized and directed to draw warrants on the State Treasurer from the Illinois Power Agency Facilities Fund and the Illinois Power Agency Debt Service Fund for the amount of all payments of principal and interest on the Agency loan agreement relating to the Authority revenue bonds issued under this Act. The State Treasurer or the State Comptroller shall deposit or cause to be deposited any amount of grants or other revenues expected to be received by the Agency that the Agency has pledged to the payment of revenue bonds directly into the Illinois Power Agency Debt Service Fund.

Sec. 1-92. Aggregation of electrical load by municipalities, townships, and counties.

(a) The corporate authorities of a municipality, township board, or county board of a county may adopt an ordinance under which it may aggregate in accordance with this Section residential and small commercial

New matter indicated by italics - deletions by strikeout
retail electrical loads located, respectively, within the municipality, the township, or the unincorporated areas of the county and, for that purpose, may solicit bids and enter into service agreements to facilitate for those loads the sale and purchase of electricity and related services and equipment.

The corporate authorities, township board, or county board may also exercise such authority jointly with any other municipality, township, or county. Two or more municipalities, townships, or counties, or a combination of both, may initiate a process jointly to authorize aggregation by a majority vote of each particular municipality, township, or county as required by this Section.

If the corporate authorities, township board, or the county board seek to operate the aggregation program as an opt-out program for residential and small commercial retail customers, then prior to the adoption of an ordinance with respect to aggregation of residential and small commercial retail electric loads, the corporate authorities of a municipality, the township board, or the county board of a county shall submit a referendum to its residents to determine whether or not the aggregation program shall operate as an opt-out program for residential and small commercial retail customers. Any county board that seeks to submit such a referendum to its residents shall do so only in unincorporated areas of the county where no electric aggregation ordinance has been adopted.

In addition to the notice and conduct requirements of the general election law, notice of the referendum shall state briefly the purpose of the referendum. The question of whether the corporate authorities, the township board, or the county board shall adopt an opt-out aggregation program for residential and small commercial retail customers shall be submitted to the electors of the municipality, township board, or county board at a regular election and approved by a majority of the electors voting on the question. The corporate authorities, township board, or county board must certify to the proper election authority, which must submit the question at an election in accordance with the Election Code.

The election authority must submit the question in substantially the following form:

Shall the (municipality, township, or county in which the question is being voted upon) have the authority to arrange for the supply of electricity for its residential and small commercial retail customers who have not opted out of such program?

The election authority must record the votes as "Yes" or "No".

If a majority of the electors voting on the question vote in the
affirmative, then the corporate authorities, township board, or county board may implement an opt-out aggregation program for residential and small commercial retail customers.

A referendum must pass in each particular municipality, township, or county that is engaged in the aggregation program. If the referendum fails, then the corporate authorities, township board, or county board shall operate the aggregation program as an opt-in program for residential and small commercial retail customers.

An ordinance under this Section shall specify whether the aggregation will occur only with the prior consent of each person owning, occupying, controlling, or using an electric load center proposed to be aggregated. Nothing in this Section, however, authorizes the aggregation of electric loads that are served or authorized to be served by an electric cooperative as defined by and pursuant to the Electric Supplier Act or loads served by a municipality that owns and operates its own electric distribution system. No aggregation shall take effect unless approved by a majority of the members of the corporate authority, township board, or county board voting upon the ordinance.

A governmental aggregator under this Section is not a public utility or an alternative retail electric supplier.

For purposes of this Section, "township" means the portion of a township that is an unincorporated portion of a county that is not otherwise a part of a municipality. In addition to such other limitations as are included in this Section, a township board shall only have authority to aggregate residential and small commercial customer loads in accordance with this Section if the county board of the county in which the township is located (i) is not also submitting a referendum to its residents at the same general election that the township board proposes to submit a referendum under this subsection (a), (ii) has not received authorization through passage of a referendum to operate an opt-out aggregation program for residential and small commercial retail customers under this subsection (a), and (iii) has not otherwise enacted an ordinance under this subsection (a) authorizing the operation of an opt-in aggregation program for residential and small commercial retail customers as described in this Section.

(b) Upon the applicable requisite authority under this Section, the corporate authorities, the township board, or the county board, with assistance from the Illinois Power Agency, shall develop a plan of operation and governance for the aggregation program so authorized. Before adopting a plan under this Section, the corporate authorities, township board, or county board...
board shall hold at least 2 public hearings on the plan. Before the first hearing, the corporate authorities, township board, or county board shall publish notice of the hearings once a week for 2 consecutive weeks in a newspaper of general circulation in the jurisdiction. The notice shall summarize the plan and state the date, time, and location of each hearing. Any load aggregation plan established pursuant to this Section shall:

(1) provide for universal access to all applicable residential customers and equitable treatment of applicable residential customers;

(2) describe demand management and energy efficiency services to be provided to each class of customers; and

(3) meet any requirements established by law concerning aggregated service offered pursuant to this Section.

c) The process for soliciting bids for electricity and other related services and awarding proposed agreements for the purchase of electricity and other related services shall be conducted in the following order:

(1) The corporate authorities, township board, or county board may solicit bids for electricity and other related services. The bid specifications may include a provision requiring the bidder to disclose the fuel type of electricity to be procured or generated on behalf of the aggregation program customers. The corporate authorities, township board, or county board may consider the proposed source of electricity to be procured or generated to be put into the grid on behalf of aggregation program customers in the competitive bidding process. The Agency and Commission may collaborate to issue joint guidance on voluntary uniform standards for bidder disclosures of the source of electricity to be procured or generated to be put into the grid on behalf of aggregation program customers.

(1.5) A township board shall request from the electric utility those residential and small commercial customers within their aggregate area either by zip code or zip codes or other means as determined by the electric utility. The electric utility shall then provide to the township board the residential and small commercial customers, including the names and addresses of residential and small commercial customers, electronically. The township board shall provide the

edited list to the electric utility in an electronic format or other means selected by the electric utility and certify that the information is accurate.

(2) Notwithstanding Section 16-122 of the Public Utilities Act and Section 2HH of the Consumer Fraud and Deceptive Business Practices Act, an electric utility that provides residential and small commercial retail electric service in the aggregate area must, upon request of the corporate authorities, township board, or the county board in the aggregate area, submit to the requesting party, in an electronic format, those account numbers, names, and addresses of residential and small commercial retail customers in the aggregate area that are reflected in the electric utility’s records at the time of the request; provided, however, that any township board has first provided an accurate customer list to the electric utility as provided for herein.

Any corporate authority, township board, or county board receiving customer information from an electric utility shall be subject to the limitations on the disclosure of the information described in Section 16-122 of the Public Utilities Act and Section 2HH of the Consumer Fraud and Deceptive Business Practices Act, and an electric utility shall not be held liable for any claims arising out of the provision of information pursuant to this item (2).

(d) If the corporate authorities, township board, or county board operate under an opt-in program for residential and small commercial retail customers, then the corporate authorities, township board, or county board shall comply with all of the following:

1. Within 60 days after receiving the bids, the corporate authorities, township board, or county board shall allow residential and small commercial retail customers to commit to the terms and conditions of a bid that has been selected by the corporate authorities, township board, or county board.

2. If (A) the corporate authorities, township board, or county board award proposed agreements for the purchase of electricity and other related services and (B) an agreement is reached between the corporate authorities, township board, or county board for those services, then customers committed to the terms and conditions according to item (1) of this subsection (d) shall be committed to the agreement.

(e) If the corporate authorities, township board, or county board
operate as an opt-out program for residential and small commercial retail customers, then it shall be the duty of the aggregated entity to fully inform residential and small commercial retail customers in advance that they have the right to opt out of the aggregation program. The disclosure shall prominently state all charges to be made and shall include full disclosure of the cost to obtain service pursuant to Section 16-103 of the Public Utilities Act, how to access it, and the fact that it is available to them without penalty, if they are currently receiving service under that Section. The Illinois Power Agency shall furnish, without charge, to any citizen a list of all supply options available to them in a format that allows comparison of prices and products.

(f) Any person or entity retained by a municipality or county, or jointly by more than one such unit of local government, to provide input, guidance, or advice in the selection of an electricity supplier for an aggregation program shall disclose in writing to the involved units of local government the nature of any relationship through which the person or entity may receive, either directly or indirectly, commissions or other remuneration as a result of the selection of any particular electricity supplier. The written disclosure must be made prior to formal approval by the involved units of local government of any professional services agreement with the person or entity, or no later than October 1, 2012 with respect to any such professional services agreement entered into prior to the effective date of this amendatory Act of the 97th General Assembly. The disclosure shall cover all direct and indirect relationships through which commissions or remuneration may result, including the pooling of commissions or remuneration among multiple persons or entities, and shall identify all involved electricity suppliers. The disclosure requirements in this subsection (f) are to be liberally construed to ensure that the nature of financial interests are fully revealed, and these disclosure requirements shall apply regardless of whether the involved person or entity is licensed under Section 16-115C of the Public Utilities Act. Any person or entity that fails to make the disclosure required under this subsection (f) is liable to the involved units of local government in an amount equal to all compensation paid to such person or entity by the units of local government for the input, guidance, or advice in the selection of an electricity supplier, plus reasonable attorneys fees and court costs incurred by the units of local government in connection with obtaining such amount.

(g) The Illinois Power Agency shall provide assistance to municipalities, townships, counties, or associations working with municipalities to help complete the plan and bidding process.

(b) Investments may be made only in banks which are insured by the Federal Deposit Insurance Corporation. Any public agency may invest any public funds in short term discount obligations of the Federal National Mortgage Association or in shares or other forms of securities legally issuable by savings banks or savings and loan associations incorporated under the laws of this State or any other state or under the laws of the United States. Investments may be made only in those savings banks or savings and loan associations the shares, or investment certificates of which are insured by the Federal Deposit Insurance Corporation. Any such securities may be purchased at the offering or market price thereof at the time of such purchase. (f) To the extent a public agency has custody of funds not owned by it or another public agency and does not otherwise have authority to invest such funds, the public agency may invest such funds as if they were its own. Such funds must be released to the appropriate person at the earliest reasonable time, but in no case exceeding 31 days, after the private person becomes entitled to the receipt of them. All earnings accruing on any investments or deposits made pursuant to the provisions of this Act shall be credited to the public agency by or for which such investments or deposits were made, except as provided otherwise in Section 4.1 of the State Finance Act or the Local Governmental Tax Collection Act, and except where by specific statutory provisions such earnings are directed to be credited to and paid to a particular fund.

(11) The custodial bank shall be liable to the public agency for any monetary loss suffered by the public agency due to the failure of the custodial bank to take and maintain possession of such securities.

(i) Notwithstanding the foregoing restrictions on investment in instruments constituting repurchase agreements the Illinois Housing Development Authority may invest in, and any financial institution with capital of at least $250,000,000 may act as custodian for, instruments that constitute repurchase agreements, provided that the Illinois Housing Development Authority, in making each such investment, complies with the safety and soundness guidelines for engaging in repurchase transactions applicable to federally insured banks, savings banks, savings and loan associations or other depository institutions as set forth in the Federal Financial Institutions Examination Council Policy Statement Regarding Repurchase Agreements and any regulations issued, or which may be issued by the supervisory federal authority pertaining thereto and any amendments thereto; provided further that the securities shall be either (i) direct general obligations of, or obligations the payment of the principal of and/or interest on which are unconditionally guaranteed by, the United States of America or (ii) any obligations of any agency, corporation or subsidiary thereof controlled or supervised by and acting as an instrumentality of the United States Government pursuant to authority granted by the Congress of the United States and provided further that the security interest must be perfected by either the Illinois Housing Development Authority, its custodian or its agent receiving possession of the securities either physically or transferred through a nationally recognized book entry system.

Purchases of mutual funds that invest primarily in global government short term bonds shall be limited to funds with assets of at least $100 million and that are rated at the time of purchase as one of the 10 highest classifications established by a recognized rating service. The investments shall be subject to approval by the local community college board of trustees. Each community college board of trustees shall develop a policy regarding the percentage of the college's investment portfolio that can be invested in such funds.

The rates under this subsection (b) are subject to the provisions of Section 201.5.

(c) Personal Property Tax Replacement Income Tax. Beginning on July 1, 1979 and thereafter, in addition to such income tax, there is also hereby imposed the Personal Property Tax Replacement Income Tax measured by net income on every corporation (including Subchapter S corporations), partnership and trust, for each taxable year ending after June 30, 1979. Such taxes are imposed on the privilege of earning or receiving income in or as a resident of this State. The Personal Property Tax Replacement Income Tax shall be in addition to the income tax imposed by subsections (a) and (b) of this Section and in addition to all other occupation or privilege taxes imposed by this State or by any municipal corporation or political subdivision thereof.

(d) Additional Personal Property Tax Replacement Income Tax Rates. The personal property tax replacement income tax imposed by this subsection and subsection (c) of this Section in the case of a corporation, other than a Subchapter S corporation and except as adjusted by subsection (d-1), shall be an additional amount equal to 2.85% of such taxpayer's net income for the taxable year.
taxable year, except that beginning on January 1, 1981, and thereafter, the rate of 2.85% specified in this subsection shall be reduced to 2.5%, and in the case of a partnership, trust or a Subchapter S corporation shall be an additional amount equal to 1.5% of such taxpayer's net income for the taxable year.

(d-1) Rate reduction for certain foreign insurers. In the case of a foreign insurer, as defined by Section 35A-5 of the Illinois Insurance Code, whose state or country of domicile imposes on insurers domiciled in Illinois a retaliatory tax (excluding any insurer whose premiums from reinsurance assumed are 50% or more of its total insurance premiums as determined under paragraph (2) of subsection (b) of Section 304, except that for purposes of this determination premiums from reinsurance do not include premiums from inter-affiliate reinsurance arrangements), beginning with taxable years ending on or after December 31, 1999, the sum of the rates of tax imposed by subsections (b) and (d) shall be reduced (but not increased) to the rate at which the total amount of tax imposed under this Act, net of all credits allowed under this Act, shall equal (i) the total amount of tax that would be imposed on the foreign insurer's net income allocable to Illinois for the taxable year by such foreign insurer's state or country of domicile if that net income were subject to all income taxes and taxes measured by net income imposed by such foreign insurer's state or country of domicile, net of all credits allowed or (ii) a rate of zero if no such tax is imposed on such income by the foreign insurer's state of domicile. For the purposes of this subsection (d-1), an inter-affiliate includes a mutual insurer under common management.

(1) For the purposes of subsection (d-1), in no event shall the sum of the rates of tax imposed by subsections (b) and (d) be reduced below the rate at which the sum of:

(A) the total amount of tax imposed on such foreign insurer under this Act for a taxable year, net of all credits allowed under this Act, plus

(B) the privilege tax imposed by Section 409 of the Illinois Insurance Code, the fire insurance company tax imposed by Section 12 of the Fire Investigation Act, and the fire department taxes imposed under Section 11-10-1 of the Illinois Municipal Code,

equals 1.25% for taxable years ending prior to December 31, 2003, or 1.75% for taxable years ending on or after December 31, 2003, of the net taxable premiums written for the taxable year, as described by subsection (1) of Section 409 of the Illinois Insurance Code. This

paragraph will in no event increase the rates imposed under subsections (b) and (d).

(2) Any reduction in the rates of tax imposed by this subsection shall be applied first against the rates imposed by subsection (b) and only after the tax imposed by subsection (a) net of all credits allowed under this Section other than the credit allowed under subsection (i) has been reduced to zero, against the rates imposed by subsection (d).

This subsection (d-1) is exempt from the provisions of Section 250.

(e) Investment credit. A taxpayer shall be allowed a credit against the Personal Property Tax Replacement Income Tax for investment in qualified property.

(1) A taxpayer shall be allowed a credit equal to .5% of the basis of qualified property placed in service during the taxable year, provided such property is placed in service on or after July 1, 1984. There shall be allowed an additional credit equal to .5% of the basis of qualified property placed in service during the taxable year, provided such property is placed in service on or after July 1, 1986, and the taxpayer's base employment within Illinois has increased by 1% or more over the preceding year as determined by the taxpayer's employment records filed with the Illinois Department of Employment Security. Taxpayers who are new to Illinois shall be deemed to have met the 1% growth in base employment for the first year in which they file employment records with the Illinois Department of Employment Security. The provisions added to this Section by Public Act 85-1200 (and restored by Public Act 87-895) shall be construed as declaratory of existing law and not as a new enactment. If, in any year, the increase in base employment within Illinois over the preceding year is less than 1%, the additional credit shall be limited to that percentage times a fraction, the numerator of which is .5% and the denominator of which is 1%, but shall not exceed .5%. The investment credit shall not be allowed to the extent that it would reduce a taxpayer's liability in any tax year below zero, nor may any credit for qualified property be allowed for any year other than the year in which the property was placed in service in Illinois. For tax years ending on or after December 31, 1987, and on or before December 31, 1988, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the
original liability or the liability as later amended, such excess may be
carried forward and applied to the tax liability of the 5 taxable years
following the excess credit years if the taxpayer (i) makes
investments which cause the creation of a minimum of 2,000 full-
time equivalent jobs in Illinois, (ii) is located in an enterprise zone
established pursuant to the Illinois Enterprise Zone Act and (iii) is
certified by the Department of Commerce and Community Affairs
(now Department of Commerce and Economic Opportunity) as
complying with the requirements specified in clause (i) and (ii) by
July 1, 1986. The Department of Commerce and Community Affairs
(now Department of Commerce and Economic Opportunity) shall
notify the Department of Revenue of all such certifications
immediately. For tax years ending after December 31, 1988, the credit
shall be allowed for the tax year in which the property is placed in
service, or, if the amount of the credit exceeds the tax liability for that
year, whether it exceeds the original liability or the liability as later
amended, such excess may be carried forward and applied to the tax
liability of the 5 taxable years following the excess credit years. The
credit shall be applied to the earliest year for which there is a liability.
If there is credit from more than one tax year that is available to offset
a liability, earlier credit shall be applied first.

(2) The term "qualified property" means property which:

(A) is tangible, whether new or used, including
buildings and structural components of buildings and signs
that are real property, but not including land or improvements
to real property that are not a structural component of a
building such as landscaping, sewer lines, local access roads,
fencing, parking lots, and other appurtenances;

(B) is depreciable pursuant to Section 167 of the
Internal Revenue Code, except that "3-year property" as
defined in Section 168(c)(2)(A) of that Code is not eligible
for the credit provided by this subsection (e);

(C) is acquired by purchase as defined in Section
179(d) of the Internal Revenue Code;

(D) is used in Illinois by a taxpayer who is primarily
engaged in manufacturing, or in mining coal or fluorite, or in
retailing, or was placed in service on or after July 1, 2006 in
a River Edge Redevelopment Zone established pursuant to the
River Edge Redevelopment Zone Act; and

New matter indicated by italics - deletions by strikeout
(E) has not previously been used in Illinois in such a manner and by such a person as would qualify for the credit provided by this subsection (e) or subsection (f).

(3) For purposes of this subsection (e), "manufacturing" means the material staging and production of tangible personal property by procedures commonly regarded as manufacturing, processing, fabrication, or assembling which changes some existing material into new shapes, new qualities, or new combinations. For purposes of this subsection (e) the term "mining" shall have the same meaning as the term "mining" in Section 613(c) of the Internal Revenue Code. For purposes of this subsection (e), the term "retailing" means the sale of tangible personal property for use or consumption and not for resale, or services rendered in conjunction with the sale of tangible personal property for use or consumption and not for resale. For purposes of this subsection (e), "tangible personal property" has the same meaning as when that term is used in the Retailers' Occupation Tax Act, and, for taxable years ending after December 31, 2008, does not include the generation, transmission, or distribution of electricity.

(4) The basis of qualified property shall be the basis used to compute the depreciation deduction for federal income tax purposes.

(5) If the basis of the property for federal income tax depreciation purposes is increased after it has been placed in service in Illinois by the taxpayer, the amount of such increase shall be deemed property placed in service on the date of such increase in basis.

(6) The term "placed in service" shall have the same meaning as under Section 46 of the Internal Revenue Code.

(7) If during any taxable year, any property ceases to be qualified property in the hands of the taxpayer within 48 months after being placed in service, or the situs of any qualified property is moved outside Illinois within 48 months after being placed in service, the Personal Property Tax Replacement Income Tax for such taxable year shall be increased. Such increase shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation and, (ii) subtracting such recomputed credit from the amount of credit previously allowed. For the purposes of this paragraph (7), a

reduction of the basis of qualified property resulting from a redetermination of the purchase price shall be deemed a disposition of qualified property to the extent of such reduction.

(8) Unless the investment credit is extended by law, the basis of qualified property shall not include costs incurred after December 31, 2018, except for costs incurred pursuant to a binding contract entered into on or before December 31, 2018.

(9) Each taxable year ending before December 31, 2000, a partnership may elect to pass through to its partners the credits to which the partnership is entitled under this subsection (e) for the taxable year. A partner may use the credit allocated to him or her under this paragraph only against the tax imposed in subsections (c) and (d) of this Section. If the partnership makes that election, those credits shall be allocated among the partners in the partnership in accordance with the rules set forth in Section 704(b) of the Internal Revenue Code, and the rules promulgated under that Section, and the allocated amount of the credits shall be allowed to the partners for that taxable year. The partnership shall make this election on its Personal Property Tax Replacement Income Tax return for that taxable year. The election to pass through the credits shall be irrevocable.

For taxable years ending on or after December 31, 2000, a partner that qualifies its partnership for a subtraction under subparagraph (I) of paragraph (2) of subsection (d) of Section 203 or a shareholder that qualifies a Subchapter S corporation for a subtraction under subparagraph (S) of paragraph (2) of subsection (b) of Section 203 shall be allowed a credit under this subsection (e) equal to its share of the credit earned under this subsection (e) during the taxable year by the partnership or Subchapter S corporation, determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and Subchapter S of the Internal Revenue Code. This paragraph is exempt from the provisions of Section 250.

(f) Investment credit; Enterprise Zone; River Edge Redevelopment Zone.

(1) A taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for investment in qualified property which is placed in service in an Enterprise Zone created pursuant to the Illinois Enterprise Zone Act or, for property
placed in service on or after July 1, 2006, a River Edge Redevelopment Zone established pursuant to the River Edge Redevelopment Zone Act. For partners, shareholders of Subchapter S corporations, and owners of limited liability companies, if the liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a credit under this subsection (f) to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and Subchapter S of the Internal Revenue Code. The credit shall be .5% of the basis for such property. The credit shall be available only in the taxable year in which the property is placed in service in the Enterprise Zone or River Edge Redevelopment Zone and shall not be allowed to the extent that it would reduce a taxpayer's liability for the tax imposed by subsections (a) and (b) of this Section to below zero. For tax years ending on or after December 31, 1985, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, the credit accruing first in time shall be applied first.

(2) The term qualified property means property which:

(A) is tangible, whether new or used, including buildings and structural components of buildings;

(B) is depreciable pursuant to Section 167 of the Internal Revenue Code, except that "3-year property" as defined in Section 168(c)(2)(A) of that Code is not eligible for the credit provided by this subsection (f);

(C) is acquired by purchase as defined in Section 179(d) of the Internal Revenue Code;

(D) is used in the Enterprise Zone or River Edge Redevelopment Zone by the taxpayer; and

(E) has not been previously used in Illinois in such a manner and by such a person as would qualify for the credit provided by this subsection (f) or subsection (e).

(3) The basis of qualified property shall be the basis used to compute the depreciation deduction for federal income tax purposes.

(4) If the basis of the property for federal income tax depreciation purposes is increased after it has been placed in service in the Enterprise Zone or River Edge Redevelopment Zone by the taxpayer, the amount of such increase shall be deemed property placed in service on the date of such increase in basis.

(5) The term "placed in service" shall have the same meaning as under Section 46 of the Internal Revenue Code.

(6) If during any taxable year, any property ceases to be qualified property in the hands of the taxpayer within 48 months after being placed in service, or the situs of any qualified property is moved outside the Enterprise Zone or River Edge Redevelopment Zone within 48 months after being placed in service, the tax imposed under subsections (a) and (b) of this Section for such taxable year shall be increased. Such increase shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation, and (ii) subtracting such recomputed credit from the amount of credit previously allowed. For the purposes of this paragraph (6), a reduction of the basis of qualified property resulting from a redetermination of the purchase price shall be deemed a disposition of qualified property to the extent of such reduction.

(7) There shall be allowed an additional credit equal to 0.5% of the basis of qualified property placed in service during the taxable year in a River Edge Redevelopment Zone, provided such property is placed in service on or after July 1, 2006, and the taxpayer's base employment within Illinois has increased by 1% or more over the preceding year as determined by the taxpayer's employment records filed with the Illinois Department of Employment Security. Taxpayers who are new to Illinois shall be deemed to have met the 1% growth in base employment for the first year in which they file employment records with the Illinois Department of Employment Security. If, in any year, the increase in base employment within Illinois over the preceding year is less than 1%, the additional credit shall be limited to that percentage times a fraction, the numerator of which is 0.5% and the denominator of which is 1%, but shall not exceed 0.5%.

(g) (Blank).

(h) Investment credit; High Impact Business.

(1) Subject to subsections (b) and (b-5) of Section 5.5 of the
Illinois Enterprise Zone Act, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for investment in qualified property which is placed in service by a Department of Commerce and Economic Opportunity designated High Impact Business. The credit shall be .5% of the basis for such property. The credit shall not be available (i) until the minimum investments in qualified property set forth in subdivision (a)(3)(A) of Section 5.5 of the Illinois Enterprise Zone Act have been satisfied or (ii) until the time authorized in subsection (b-5) of the Illinois Enterprise Zone Act for entities designated as High Impact Businesses under subdivisions (a)(3)(B), (a)(3)(C), and (a)(3)(D) of Section 5.5 of the Illinois Enterprise Zone Act, and shall not be allowed to the extent that it would reduce a taxpayer's liability for the tax imposed by subsections (a) and (b) of this Section to below zero. The credit applicable to such investments shall be taken in the taxable year in which such investments have been completed. The credit for additional investments beyond the minimum investment by a designated high impact business authorized under subdivision (a)(3)(A) of Section 5.5 of the Illinois Enterprise Zone Act shall be available only in the taxable year in which the property is placed in service and shall not be allowed to the extent that it would reduce a taxpayer's liability for the tax imposed by subsections (a) and (b) of this Section to below zero. For tax years ending on or after December 31, 1987, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, the credit accruing first in time shall be applied first.

Changes made in this subdivision (h)(1) by Public Act 88-670 restore changes made by Public Act 85-1182 and reflect existing law.

(2) The term qualified property means property which:

(A) is tangible, whether new or used, including buildings and structural components of buildings;

(B) is depreciable pursuant to Section 167 of the Internal Revenue Code, except that "3-year property" as
defined in Section 168(c)(2)(A) of that Code is not eligible for the credit provided by this subsection (h);
(C) is acquired by purchase as defined in Section 179(d) of the Internal Revenue Code; and
(D) is not eligible for the Enterprise Zone Investment Credit provided by subsection (f) of this Section.
(3) The basis of qualified property shall be the basis used to compute the depreciation deduction for federal income tax purposes.
(4) If the basis of the property for federal income tax depreciation purposes is increased after it has been placed in service in a federally designated Foreign Trade Zone or Sub-Zone located in Illinois by the taxpayer, the amount of such increase shall be deemed property placed in service on the date of such increase in basis.
(5) The term "placed in service" shall have the same meaning as under Section 46 of the Internal Revenue Code.
(6) If during any taxable year ending on or before December 31, 1996, any property ceases to be qualified property in the hands of the taxpayer within 48 months after being placed in service, or the situs of any qualified property is moved outside Illinois within 48 months after being placed in service, the tax imposed under subsections (a) and (b) of this Section for such taxable year shall be increased. Such increase shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation, and (ii) subtracting such recomputed credit from the amount of credit previously allowed. For the purposes of this paragraph (6), a reduction of the basis of qualified property resulting from a redetermination of the purchase price shall be deemed a disposition of qualified property to the extent of such reduction.
(7) Beginning with tax years ending after December 31, 1996, if a taxpayer qualifies for the credit under this subsection (h) and thereby is granted a tax abatement and the taxpayer relocates its entire facility in violation of the explicit terms and length of the contract under Section 18-183 of the Property Tax Code, the tax imposed under subsections (a) and (b) of this Section shall be increased for the taxable year in which the taxpayer relocated its facility by an amount equal to the amount of credit received by the taxpayer under this subsection (h).

(i) Credit for Personal Property Tax Replacement Income Tax. For tax years ending prior to December 31, 2003, a credit shall be allowed against the tax imposed by subsections (a) and (b) of this Section for the tax imposed by subsections (c) and (d) of this Section. This credit shall be computed by multiplying the tax imposed by subsections (c) and (d) of this Section by a fraction, the numerator of which is base income allocable to Illinois and the denominator of which is Illinois base income, and further multiplying the product by the tax rate imposed by subsections (a) and (b) of this Section.

Any credit earned on or after December 31, 1986 under this subsection which is unused in the year the credit is computed because it exceeds the tax liability imposed by subsections (a) and (b) for that year (whether it exceeds the original liability or the liability as later amended) may be carried forward and applied to the tax liability imposed by subsections (a) and (b) of the 5 taxable years following the excess credit year, provided that no credit may be carried forward to any year ending on or after December 31, 2003. This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability the earliest credit arising under this subsection shall be applied first.

If, during any taxable year ending on or after December 31, 1986, the tax imposed by subsections (c) and (d) of this Section for which a taxpayer has claimed a credit under this subsection (i) is reduced, the amount of credit for such tax shall also be reduced. Such reduction shall be determined by recomputing the credit to take into account the reduced tax imposed by subsections (c) and (d). If any portion of the reduced amount of credit has been carried to a different taxable year, an amended return shall be filed for such taxable year to reduce the amount of credit claimed.

(j) Training expense credit. Beginning with tax years ending on or after December 31, 1986 and prior to December 31, 2003, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) under this Section for all amounts paid or accrued, on behalf of all persons employed by the taxpayer in Illinois or Illinois residents employed outside of Illinois by a taxpayer, for educational or vocational training in semi-technical or technical fields or semi-skilled or skilled fields, which were deducted from gross income in the computation of taxable income. The credit against the tax imposed by subsections (a) and (b) shall be 1.6% of such training expenses. For partners, shareholders of subchapter S corporations, and owners of limited liability companies, if the liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a

New matter indicated by italics - deletions by strikeout
credit under this subsection (j) to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

Any credit allowed under this subsection which is unused in the year the credit is earned may be carried forward to each of the 5 taxable years following the year for which the credit is first computed until it is used. This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability the earliest credit arising under this subsection shall be applied first. No carryforward credit may be claimed in any tax year ending on or after December 31, 2003.

(k) Research and development credit. For tax years ending after July 1, 1990 and prior to December 31, 2003, and beginning again for tax years ending on or after December 31, 2004, and ending prior to January 1, 2016, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for increasing research activities in this State. The credit allowed against the tax imposed by subsections (a) and (b) shall be equal to 6 1/2% of the qualifying expenditures for increasing research activities in this State. For partners, shareholders of subchapter S corporations, and owners of limited liability companies, if the liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a credit under this subsection to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

For purposes of this subsection, "qualifying expenditures" means the qualifying expenditures as defined for the federal credit for increasing research activities which would be allowable under Section 41 of the Internal Revenue Code and which are conducted in this State, "qualifying expenditures for increasing research activities in this State" means the excess of qualifying expenditures for the taxable year in which incurred over qualifying expenditures for the base period, "qualifying expenditures for the base period" means the average of the qualifying expenditures for each year in the base period, and "base period" means the 3 taxable years immediately preceding the taxable year for which the determination is being made.

Any credit in excess of the tax liability for the taxable year may be carried forward. A taxpayer may elect to have the unused credit shown on its final completed return carried over as a credit against the tax liability for the following 5 taxable years or until it has been fully used, whichever occurs.

first; provided that no credit earned in a tax year ending prior to December 31, 2003 may be carried forward to any year ending on or after December 31, 2003.

If an unused credit is carried forward to a given year from 2 or more earlier years, that credit arising in the earliest year will be applied first against the tax liability for the given year. If a tax liability for the given year still remains, the credit from the next earliest year will then be applied, and so on, until all credits have been used or no tax liability for the given year remains. Any remaining unused credit or credits then will be carried forward to the next following year in which a tax liability is incurred, except that no credit can be carried forward to a year which is more than 5 years after the year in which the expense for which the credit is given was incurred.

No inference shall be drawn from this amendatory Act of the 91st General Assembly in construing this Section for taxable years beginning before January 1, 1999.

(l) Environmental Remediation Tax Credit.

(i) For tax years ending after December 31, 1997 and on or before December 31, 2001, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for certain amounts paid for unreimbursed eligible remediation costs, as specified in this subsection. For purposes of this Section, "unreimbursed eligible remediation costs" means costs approved by the Illinois Environmental Protection Agency ("Agency") under Section 58.14 of the Environmental Protection Act that were paid in performing environmental remediation at a site for which a No Further Remediation Letter was issued by the Agency and recorded under Section 58.10 of the Environmental Protection Act. The credit must be claimed for the taxable year in which Agency approval of the eligible remediation costs is granted. The credit is not available to any taxpayer if the taxpayer or any related party caused or contributed to, in any material respect, a release of regulated substances on, in, or under the site that was identified and addressed by the remedial action pursuant to the Site Remediation Program of the Environmental Protection Act. After the Pollution Control Board rules are adopted pursuant to the Illinois Administrative Procedure Act for the administration and enforcement of Section 58.9 of the Environmental Protection Act, determinations as to credit availability for purposes of this Section shall be made consistent with those rules. For purposes of this Section, "taxpayer" includes a person whose tax attributes the

taxpayer has succeeded to under Section 381 of the Internal Revenue Code and "related party" includes the persons disallowed a deduction for losses by paragraphs (b), (c), and (f)(1) of Section 267 of the Internal Revenue Code by virtue of being a related taxpayer, as well as any of its partners. The credit allowed against the tax imposed by subsections (a) and (b) shall be equal to 25% of the unreimbursed eligible remediation costs in excess of $100,000 per site, except that the $100,000 threshold shall not apply to any site contained in an enterprise zone as determined by the Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity). The total credit allowed shall not exceed $40,000 per year with a maximum total of $150,000 per site. For partners and shareholders of subchapter S corporations, there shall be allowed a credit under this subsection to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

(ii) A credit allowed under this subsection that is unused in the year the credit is earned may be carried forward to each of the 5 taxable years following the year for which the credit is first earned until it is used. The term "unused credit" does not include any amounts of unreimbursed eligible remediation costs in excess of the maximum credit per site authorized under paragraph (i). This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability, the earliest credit arising under this subsection shall be applied first. A credit allowed under this subsection may be sold to a buyer as part of a sale of all or part of the remediation site for which the credit was granted. The purchaser of a remediation site and the tax credit shall succeed to the unused credit and remaining carry-forward period of the seller. To perfect the transfer, the assignor shall record the transfer in the chain of title for the site and provide written notice to the Director of the Illinois Department of Revenue of the assignor's intent to sell the remediation site and the amount of the tax credit to be transferred as a portion of the sale. In no event may a credit be transferred to any taxpayer if the taxpayer or a related party would not be eligible under the provisions of subsection (i).

(iii) For purposes of this Section, the term "site" shall have the same meaning as under Section 58.2 of the Environmental Protection
(m) Education expense credit. Beginning with tax years ending after December 31, 1999, a taxpayer who is the custodian of one or more qualifying pupils shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for qualified education expenses incurred on behalf of the qualifying pupils. The credit shall be equal to 25% of qualified education expenses, but in no event may the total credit under this subsection claimed by a family that is the custodian of qualifying pupils exceed $500. In no event shall a credit under this subsection reduce the taxpayer's liability under this Act to less than zero. This subsection is exempt from the provisions of Section 250 of this Act.

For purposes of this subsection:
"Qualifying pupils" means individuals who (i) are residents of the State of Illinois, (ii) are under the age of 21 at the close of the school year for which a credit is sought, and (iii) during the school year for which a credit is sought were full-time pupils enrolled in a kindergarten through twelfth grade education program at any school, as defined in this subsection.

"Qualified education expense" means the amount incurred on behalf of a qualifying pupil in excess of $250 for tuition, book fees, and lab fees at the school in which the pupil is enrolled during the regular school year.

"School" means any public or nonpublic elementary or secondary school in Illinois that is in compliance with Title VI of the Civil Rights Act of 1964 and attendance at which satisfies the requirements of Section 26-1 of the School Code, except that nothing shall be construed to require a child to attend any particular public or nonpublic school to qualify for the credit under this Section.

"Custodian" means, with respect to qualifying pupils, an Illinois resident who is a parent, the parents, a legal guardian, or the legal guardians of the qualifying pupils.

(n) River Edge Redevelopment Zone site remediation tax credit.

(i) For tax years ending on or after December 31, 2006, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for certain amounts paid for unreimbursed eligible remediation costs, as specified in this subsection. For purposes of this Section, "unreimbursed eligible remediation costs" means costs approved by the Illinois Environmental Protection Agency ("Agency") under Section 58.14a of the Environmental Protection Act that were paid in performing environmental remediation at a site within a River Edge...
Redevelopment Zone for which a No Further Remediation Letter was issued by the Agency and recorded under Section 58.10 of the Environmental Protection Act. The credit must be claimed for the taxable year in which Agency approval of the eligible remediation costs is granted. The credit is not available to any taxpayer if the taxpayer or any related party caused or contributed to, in any material respect, a release of regulated substances on, in, or under the site that was identified and addressed by the remedial action pursuant to the Site Remediation Program of the Environmental Protection Act. Determinations as to credit availability for purposes of this Section shall be made consistent with rules adopted by the Pollution Control Board pursuant to the Illinois Administrative Procedure Act for the administration and enforcement of Section 58.9 of the Environmental Protection Act. For purposes of this Section, "taxpayer" includes a person whose tax attributes the taxpayer has succeeded to under Section 381 of the Internal Revenue Code and "related party" includes the persons disallowed a deduction for losses by paragraphs (b), (c), and (f)(1) of Section 267 of the Internal Revenue Code by virtue of being a related taxpayer, as well as any of its partners. The credit allowed against the tax imposed by subsections (a) and (b) shall be equal to 25% of the unreimbursed eligible remediation costs in excess of $100,000 per site.

(ii) A credit allowed under this subsection that is unused in the year the credit is earned may be carried forward to each of the 5 taxable years following the year for which the credit is first earned until it is used. This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability, the earliest credit arising under this subsection shall be applied first. A credit allowed under this subsection may be sold to a buyer as part of a sale of all or part of the remediation site for which the credit was granted. The purchaser of a remediation site and the tax credit shall succeed to the unused credit and remaining carry-forward period of the seller. To perfect the transfer, the assignor shall record the transfer in the chain of title for the site and provide written notice to the Director of the Illinois Department of Revenue of the assignor's intent to sell the remediation site and the amount of the tax credit to be transferred as a portion of the sale. In no event may a credit be transferred to any taxpayer if the taxpayer or a related party would not

be eligible under the provisions of subsection (i).

(iii) For purposes of this Section, the term "site" shall have the same meaning as under Section 58.2 of the Environmental Protection Act.

(o) For each of taxable years during the Compassionate Use of Medical Cannabis Pilot Program, a surcharge is imposed on all taxpayers on income arising from the sale or exchange of capital assets, depreciable business property, real property used in the trade or business, and Section 197 intangibles of an organization registrant under the Compassionate Use of Medical Cannabis Pilot Program Act. The amount of the surcharge is equal to the amount of federal income tax liability for the taxable year attributable to those sales and exchanges. The surcharge imposed does not apply if:

(A) bankruptcy, a receivership, or a debt adjustment initiated by or against the initial registration or the substantial owners of the initial registration;

(B) cancellation, revocation, or termination of any registration by the Illinois Department of Public Health;

Sec. 304. Business income of persons other than residents.

(a) In general. The business income of a person other than a resident shall be allocated to this State if such person's business income is derived solely from this State. If a person other than a resident derives business income from this State and one or more other states, then, for tax years ending on or before December 30, 1998, and except as otherwise provided by this Section, such person's business income shall be apportioned to this State by multiplying the income by a fraction, the numerator of which is the sum of the property factor (if any), the payroll factor (if any) and 200% of the sales factor (if any), and the denominator of which is 4 reduced by the number of factors other than the sales factor which have a denominator of zero and by an additional 2 if the sales factor has a denominator of zero. For tax years ending on or after December 31, 1998, and except as otherwise provided by this Section, persons other than residents who derive business income from this State and one or more other states shall compute their apportionment factor by weighting their property, payroll, and sales factors as provided in subsection (h) of this Section.

(1) Property factor.

(A) The property factor is a fraction, the numerator of which is the average value of the person's real and tangible personal property owned or rented and used in the trade or business in this State during the taxable year and the denominator of which is the average value of all the person's real and tangible personal property owned or rented and used in the trade or business during the taxable year.

(B) Property owned by the person is valued at its original cost. Property rented by the person is valued at 8 times the net annual rental rate. Net annual rental rate is the annual rental rate paid by the person less any annual rental rate received by the person from sub-rentals.

(C) The average value of property shall be determined by averaging the values at the beginning and ending of the taxable year but the Director may require the averaging of monthly values during the taxable year if reasonably required to reflect properly the average value of the person's property.

(2) Payroll factor.

(A) The payroll factor is a fraction, the numerator of which is
the total amount paid in this State during the taxable year by the person for compensation, and the denominator of which is the total compensation paid everywhere during the taxable year.

(B) Compensation is paid in this State if:

(i) The individual's service is performed entirely within this State;

(ii) The individual's service is performed both within and without this State, but the service performed without this State is incidental to the individual's service performed within this State; or

(iii) Some of the service is performed within this State and either the base of operations, or if there is no base of operations, the place from which the service is directed or controlled is within this State, or the base of operations or the place from which the service is directed or controlled is not in any state in which some part of the service is performed, but the individual's residence is in this State.

(iv) Compensation paid to nonresident professional athletes.

(a) General. The Illinois source income of a nonresident individual who is a member of a professional athletic team includes the portion of the individual's total compensation for services performed as a member of a professional athletic team during the taxable year which the number of duty days spent within this State performing services for the team in any manner during the taxable year bears to the total number of duty days spent both within and without this State during the taxable year.

(b) Travel days. Travel days that do not involve either a game, practice, team meeting, or other similar team event are not considered duty days spent in this State. However, such travel days are considered in the total duty days spent both within and without this State.

(c) Definitions. For purposes of this subpart (iv):

(1) The term "professional athletic team" includes, but is not limited to, any professional baseball, basketball, football, soccer, or hockey team.

(2) The term "member of a professional athletic team" includes those employees who are
active players, players on the disabled list, and any other persons required to travel and who travel with and perform services on behalf of a professional athletic team on a regular basis. This includes, but is not limited to, coaches, managers, and trainers.

(3) Except as provided in items (C) and (D) of this subpart (3), the term "duty days" means all days during the taxable year from the beginning of the professional athletic team's official pre-season training period through the last game in which the team competes or is scheduled to compete. Duty days shall be counted for the year in which they occur, including where a team's official pre-season training period through the last game in which the team competes or is scheduled to compete, occurs during more than one tax year.

(A) Duty days shall also include days on which a member of a professional athletic team performs service for a team on a date that does not fall within the foregoing period (e.g., participation in instructional leagues, the "All Star Game", or promotional "caravans"). Performing a service for a professional athletic team includes conducting training and rehabilitation activities, when such activities are conducted at team facilities.

(B) Also included in duty days are game days, practice days, days spent at team meetings, promotional caravans, pre-season training camps, and days served with the team through all post-season games in which the team competes or is scheduled to compete.

(C) Duty days for any person who joins a team during the period from the beginning of the professional athletic team's official pre-season training period through the last game in which the team competes, or is scheduled to compete, shall begin on the day that person joins the team. Conversely, duty
days for any person who leaves a team during this period shall end on the day that person leaves the team. Where a person switches teams during a taxable year, a separate duty-day calculation shall be made for the period the person was with each team.

(D) Days for which a member of a professional athletic team is not compensated and is not performing services for the team in any manner, including days when such member of a professional athletic team has been suspended without pay and prohibited from performing any services for the team, shall not be treated as duty days.

(E) Days for which a member of a professional athletic team is on the disabled list and does not conduct rehabilitation activities at facilities of the team, and is not otherwise performing services for the team in Illinois, shall not be considered duty days spent in this State. All days on the disabled list, however, are considered to be included in total duty days spent both within and without this State.

(4) The term "total compensation for services performed as a member of a professional athletic team" means the total compensation received during the taxable year for services performed:

(A) from the beginning of the official pre-season training period through the last game in which the team competes or is scheduled to compete during that taxable year; and

(B) during the taxable year on a date which does not fall within the foregoing period (e.g., participation in instructional leagues, the "All Star Game", or promotional caravans).
This compensation shall include, but is not
limited to, salaries, wages, bonuses as described in this subpart, and any other type of compensation paid during the taxable year to a member of a professional athletic team for services performed in that year. This compensation does not include strike benefits, severance pay, termination pay, contract or option year buy-out payments, expansion or relocation payments, or any other payments not related to services performed for the team.

For purposes of this subparagraph, "bonuses" included in "total compensation for services performed as a member of a professional athletic team" subject to the allocation described in Section 302(c)(1) are: bonuses earned as a result of play (i.e., performance bonuses) during the season, including bonuses paid for championship, playoff or "bowl" games played by a team, or for selection to all-star league or other honorary positions; and bonuses paid for signing a contract, unless the payment of the signing bonus is not conditional upon the signee playing any games for the team or performing any subsequent services for the team or even making the team, the signing bonus is payable separately from the salary and any other compensation, and the signing bonus is nonrefundable.

(3) Sales factor.

(A) The sales factor is a fraction, the numerator of which is the total sales of the person in this State during the taxable year, and the denominator of which is the total sales of the person everywhere during the taxable year.

(B) Sales of tangible personal property are in this State if:

(i) The property is delivered or shipped to a purchaser, other than the United States government, within this State regardless of the f. o. b. point or other conditions of the sale; or

(ii) The property is shipped from an office, store, warehouse, factory or other place of storage in this State and either the purchaser is the United States government or the person is not taxable in the state of the purchaser; provided,
however, that premises owned or leased by a person who has independently contracted with the seller for the printing of newspapers, periodicals or books shall not be deemed to be an office, store, warehouse, factory or other place of storage for purposes of this Section. Sales of tangible personal property are not in this State if the seller and purchaser would be members of the same unitary business group but for the fact that either the seller or purchaser is a person with 80% or more of total business activity outside of the United States and the property is purchased for resale.

(B-1) Patents, copyrights, trademarks, and similar items of intangible personal property.

(i) Gross receipts from the licensing, sale, or other disposition of a patent, copyright, trademark, or similar item of intangible personal property, other than gross receipts governed by paragraph (B-7) of this item (3), are in this State to the extent the item is utilized in this State during the year the gross receipts are included in gross income.

(ii) Place of utilization.

(I) A patent is utilized in a state to the extent that it is employed in production, fabrication, manufacturing, or other processing in the state or to the extent that a patented product is produced in the state. If a patent is utilized in more than one state, the extent to which it is utilized in any one state shall be a fraction equal to the gross receipts of the licensee or purchaser from sales or leases of items produced, fabricated, manufactured, or processed within that state using the patent and of patented items produced within that state, divided by the total of such gross receipts for all states in which the patent is utilized.

(II) A copyright is utilized in a state to the extent that printing or other publication originates in the state. If a copyright is utilized in more than one state, the extent to which it is utilized in any one state shall be a fraction equal to the gross receipts from sales or licenses of materials printed or published in that state divided by the total of such gross receipts for all states in which the copyright is utilized.

New matter indicated by italics - deletions by strikeout
(III) Trademarks and other items of intangible personal property governed by this paragraph (B-1) are utilized in the state in which the commercial domicile of the licensee or purchaser is located.

(iii) If the state of utilization of an item of property governed by this paragraph (B-1) cannot be determined from the taxpayer's books and records or from the books and records of any person related to the taxpayer within the meaning of Section 267(b) of the Internal Revenue Code, 26 U.S.C. 267, the gross receipts attributable to that item shall be excluded from both the numerator and the denominator of the sales factor.

(B-2) Gross receipts from the license, sale, or other disposition of patents, copyrights, trademarks, and similar items of intangible personal property, other than gross receipts governed by paragraph (B-7) of this item (3), may be included in the numerator or denominator of the sales factor only if gross receipts from licenses, sales, or other disposition of such items comprise more than 50% of the taxpayer's total gross receipts included in gross income during the tax year and during each of the 2 immediately preceding tax years; provided that, when a taxpayer is a member of a unitary business group, such determination shall be made on the basis of the gross receipts of the entire unitary business group.

In the case of mobile telecommunications services, "place of primary use" must be within the licensed service area of the home service provider.

"Telecommunications service" does not include:

(a) Data processing and information services that allow data to be generated, acquired, stored, processed, or retrieved and delivered by an electronic transmission to a purchaser when such purchaser's primary purpose for the underlying transaction is the processed data or information;

(a) The call both originates and terminates in this State.

(b) The call either originates or terminates in this State and the service address is located in this State.

(iii) Receipts from the sale of postpaid telecommunications service at retail are in this State if the origination point of the telecommunication signal, as first identified by the service provider's telecommunication system or as identified by information received by the seller from its service provider if the system used to transport telecommunication signals is not the seller's, is located in this State.

(a) 100% of the receipts from access fees attributable to intrastate telecommunications service that both originates and terminates in this State.

If the information is not readily available, then the taxpayer may use any other reasonable and consistent method.

(B-7) For taxable years ending on or after December 31, 2008, receipts from the sale of broadcasting services are in this State if the broadcasting services are received in this State. For purposes of this paragraph (B-7), the following terms have the following meanings:

this purpose and fairly represents the taxpayer's activity in this State.

"Broadcast" or "broadcasting" or "broadcasting services" means the transmission or provision of film or radio programming, whether through the public airwaves, by cable, by direct or indirect satellite transmission, or by any other means of communication, either through a station, a network, or a cable system.

"Film" or "film programming" means the broadcast on television of any and all performances, events, or productions, including but not limited to news, sporting events, plays, stories, or other literary, commercial, educational, or artistic works, either live or through the use of video tape, disc, or any other type of format or medium. "Radio" or "radio programming" means the broadcast on radio of any and all performances, events, or productions, including but not limited to news, sporting events, plays, stories, or other literary, commercial, educational, or artistic works, either live or through the use of an audio tape, disc, or any other format or medium. (ii) In the case where film or radio programming is broadcast by a station, a network, or a cable system for a fee or other remuneration received from the recipient of the broadcast, the portion of the service that is received in this State is measured by the portion of the recipients of the broadcast located in this State. Accordingly, the fee or

New matter indicated by italics - deletions by strikeout
other remuneration for such service that is included in the Illinois numerator of the sales factor is the total of those fees or other remuneration received from recipients in Illinois. For purposes of this paragraph, a taxpayer may determine the location of the recipients of its broadcast using the address of the recipient shown in its contracts with the recipient or using the billing address of the recipient in the taxpayer's records.

(iii) In the case where film or radio programming is broadcast by a station, a network, or a cable system for a fee or other remuneration from the person providing the programming, the portion of the broadcast service that is received by such station, network, or cable system in this State is measured by the portion of recipients of the broadcast located in this State. Accordingly, the amount of revenue related to such an arrangement that is included in the Illinois numerator of the sales factor is the total fee or other total remuneration from the person providing the programming related to that broadcast multiplied by the Illinois audience factor for that broadcast.

(iv) In the case where film or radio programming is provided by a taxpayer that is a network or station to a customer for broadcast in exchange for a fee or other remuneration from that customer the broadcasting service is received at the location of the office of the customer from which the services were ordered in the regular course of the customer's trade or business. Accordingly, in such a case the revenue derived by the taxpayer that is included in the taxpayer's Illinois numerator of the sales factor is the revenue from such customers who receive the broadcasting service in Illinois.

(v) In the case where film or radio programming is provided by a taxpayer that is not a network or station to another person for broadcasting in exchange for a fee or other remuneration from that person, the broadcasting service is received at the

location of the office of the customer from which the services were ordered in the regular course of the customer's trade or business. Accordingly, in such a case the revenue derived by the taxpayer that is included in the taxpayer's Illinois numerator of the sales factor is the revenue from such customers who receive the broadcasting service in Illinois.

(B-8) Gross receipts from winnings under the Illinois Lottery Law from the assignment of a prize under Section 13-1 of the Illinois Lottery Law are received in this State. This paragraph (B-8) applies only to taxable years ending on or after December 31, 2013.

(C) For taxable years ending before December 31, 2008, sales, other than sales governed by paragraphs (B), (B-1), (B-2), and (B-8) are in this State if:

(i) The income-producing activity is performed in this State; or

(ii) The income-producing activity is performed both within and without this State and a greater proportion of the income-producing activity is performed within this State than without this State, based on performance costs.

(C-5) For taxable years ending on or after December 31, 2008, sales, other than sales governed by paragraphs (B), (B-1), (B-2), (B-5), and (B-7), are in this State if any of the following criteria are met:

(i) Sales from the sale or lease of real property are in this State if the property is located in this State.

(ii) Sales from the lease or rental of tangible personal property are in this State if the property is located in this State during the rental period. Sales from the lease or rental of tangible personal property that is characteristically moving property, including, but not limited to, motor vehicles, rolling stock, aircraft, vessels, or mobile equipment are in this State to the extent that the property is used in this State.

(iii) In the case of interest, net gains (but not less than zero) and other items of income from intangible personal property, the sale is in this State if:

(a) in the case of a taxpayer who is a dealer in the item of intangible personal property within the meaning of Section 475 of the Internal Revenue Code, the income or gain is received from a customer in this State.
State. For purposes of this subparagraph, a customer is in this State if the customer is an individual, trust or estate who is a resident of this State and, for all other customers, if the customer's commercial domicile is in this State. Unless the dealer has actual knowledge of the residence or commercial domicile of a customer during a taxable year, the customer shall be deemed to be a customer in this State if the billing address of the customer, as shown in the records of the dealer, is in this State; or

(b) in all other cases, if the income-producing activity of the taxpayer is performed in this State or, if the income-producing activity of the taxpayer is performed both within and without this State, if a greater proportion of the income-producing activity of the taxpayer is performed within this State than in any other state, based on performance costs.

(iv) Sales of services are in this State if the services are received in this State. For the purposes of this section, gross receipts from the performance of services provided to a corporation, partnership, or trust may only be attributed to a state where that corporation, partnership, or trust has a fixed place of business. If the state where the services are received is not readily determinable or is a state where the corporation, partnership, or trust receiving the service does not have a fixed place of business, the services shall be deemed to be received at the location of the office of the customer from which the services were ordered in the regular course of the customer's trade or business. If the ordering office cannot be determined, the services shall be deemed to be received at the office of the customer to which the services are billed. If the taxpayer is not taxable in the state in which the services are received, the sale must be excluded from both the numerator and the denominator of the sales factor. The Department shall adopt rules prescribing where specific types of service are received, including, but not limited to, publishing, and utility service.

(D) For taxable years ending on or after December 31, 1995, the following items of income shall not be included in the numerator

or denominator of the sales factor: dividends; amounts included under Section 78 of the Internal Revenue Code; and Subpart F income as defined in Section 952 of the Internal Revenue Code. No inference shall be drawn from the enactment of this paragraph (D) in construing this Section for taxable years ending before December 31, 1995.

(E) Paragraphs (B-1) and (B-2) shall apply to tax years ending on or after December 31, 1999, provided that a taxpayer may elect to apply the provisions of these paragraphs to prior tax years. Such election shall be made in the form and manner prescribed by the Department, shall be irrevocable, and shall apply to all tax years; provided that, if a taxpayer's Illinois income tax liability for any tax year, as assessed under Section 903 prior to January 1, 1999, was computed in a manner contrary to the provisions of paragraphs (B-1) or (B-2), no refund shall be payable to the taxpayer for that tax year to the extent such refund is the result of applying the provisions of paragraph (B-1) or (B-2) retroactively. In the case of a unitary business group, such election shall apply to all members of such group for every tax year such group is in existence, but shall not apply to any taxpayer for any period during which that taxpayer is not a member of such group.

(b) Insurance companies.

(1) In general. Except as otherwise provided by paragraph (2), business income of an insurance company for a taxable year shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the direct premiums written for insurance upon property or risk in this State, and the denominator of which is the direct premiums written for insurance upon property or risk everywhere. For purposes of this subsection, the term "direct premiums written" means the total amount of direct premiums written, assessments and annuity considerations as reported for the taxable year on the annual statement filed by the company with the Illinois Director of Insurance in the form approved by the National Convention of Insurance Commissioners or such other form as may be prescribed in lieu thereof.

(2) Reinsurance. If the principal source of premiums written by an insurance company consists of premiums for reinsurance accepted by it, the business income of such company shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the sum of (i) direct premiums written for
insurance upon property or risk in this State, plus (ii) premiums
written for reinsurance accepted in respect of property or risk in this
State, and the denominator of which is the sum of (iii) direct
premiums written for insurance upon property or risk everywhere,
plus (iv) premiums written for reinsurance accepted in respect of
property or risk everywhere. For purposes of this paragraph,
premiums written for reinsurance accepted in respect of property or
risk in this State, whether or not otherwise determinable, may, at the
election of the company, be determined on the basis of the proportion
which premiums written for reinsurance accepted from companies
commercially domiciled in Illinois bears to premiums written for
reinsurance accepted from all sources, or, alternatively, in the
proportion which the sum of the direct premiums written for
insurance upon property or risk in this State by each ceding company
from which reinsurance is accepted bears to the sum of the total direct
premiums written by each such ceding company for the taxable year.
The election made by a company under this paragraph for its first
taxable year ending on or after December 31, 2011, shall be binding
for that company for that taxable year and for all subsequent taxable
years, and may be altered only with the written permission of the
Department, which shall not be unreasonably withheld.
(c) Financial organizations.
   (1) In general. For taxable years ending before December 31,
2008, business income of a financial organization shall be
apportioned to this State by multiplying such income by a fraction,
the numerator of which is its business income from sources within
this State, and the denominator of which is its business income from
all sources. For the purposes of this subsection, the business income
of a financial organization from sources within this State is the sum
of the amounts referred to in subparagraphs (A) through (E)
following, but excluding the adjusted income of an international
banking facility as determined in paragraph (2):
   (A) Fees, commissions or other compensation for
financial services rendered within this State;
   (B) Gross profits from trading in stocks, bonds or
other securities managed within this State;
   (C) Dividends, and interest from Illinois customers,
which are received within this State;
   (D) Interest charged to customers at places of business

maintained within this State for carrying debit balances of margin accounts, without deduction of any costs incurred in carrying such accounts; and

(E) Any other gross income resulting from the operation as a financial organization within this State. In computing the amounts referred to in paragraphs (A) through (E) of this subsection, any amount received by a member of an affiliated group (determined under Section 1504(a) of the Internal Revenue Code but without reference to whether any such corporation is an "includible corporation" under Section 1504(b) of the Internal Revenue Code) from another member of such group shall be included only to the extent such amount exceeds expenses of the recipient directly related thereto.

(2) International Banking Facility. For taxable years ending before December 31, 2008:

(A) Adjusted Income. The adjusted income of an international banking facility is its income reduced by the amount of the floor amount.

(B) Floor Amount. The floor amount shall be the amount, if any, determined by multiplying the income of the international banking facility by a fraction, not greater than one, which is determined as follows:

(i) The numerator shall be:

The average aggregate, determined on a quarterly basis, of the financial organization's loans to banks in foreign countries, to foreign domiciled borrowers (except where secured primarily by real estate) and to foreign governments and other foreign official institutions, as reported for its branches, agencies and offices within the state on its "Consolidated Report of Condition", Schedule A, Lines 2.c., 5.b., and 7.a., which was filed with the Federal Deposit Insurance Corporation and other regulatory authorities, for the year 1980, minus

offices within the state, on the corresponding Schedule and lines of the Consolidated Report of Condition for the current taxable year, provided, however, that in no case shall the amount determined in this clause (the subtrahend) exceed the amount determined in the preceding clause (the minuend); and

(ii) the denominator shall be the average aggregate, determined on a quarterly basis, of the international banking facility's loans to banks in foreign countries, to foreign domiciled borrowers (except where secured primarily by real estate) and to foreign governments and other foreign official institutions, which were recorded in its financial accounts for the current taxable year.

(C) Change to Consolidated Report of Condition and in Qualification. In the event the Consolidated Report of Condition which is filed with the Federal Deposit Insurance Corporation and other regulatory authorities is altered so that the information required for determining the floor amount is not found on Schedule A, lines 2.c., 5.b. and 7.a., the financial institution shall notify the Department and the Department may, by regulations or otherwise, prescribe or authorize the use of an alternative source for such information. The financial institution shall also notify the Department should its international banking facility fail to qualify as such, in whole or in part, or should there be any amendment or change to the Consolidated Report of Condition, as originally filed, to the extent such amendment or change alters the information used in determining the floor amount.

(3) For taxable years ending on or after December 31, 2008, the business income of a financial organization shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is its gross receipts from sources in this State or otherwise attributable to this State's marketplace and the denominator of which is its gross receipts everywhere during the taxable year. "Gross receipts" for purposes of this subparagraph (3) means gross income, including net taxable gain on disposition of assets, including securities and money market instruments, when derived from transactions and activities in the regular course of the financial

organization's trade or business. The following examples are illustrative:

(i) Receipts from the lease or rental of real or tangible personal property are in this State if the property is located in this State during the rental period. Receipts from the lease or rental of tangible personal property that is characteristically moving property, including, but not limited to, motor vehicles, rolling stock, aircraft, vessels, or mobile equipment are from sources in this State to the extent that the property is used in this State.

(ii) Interest income, commissions, fees, gains on disposition, and other receipts from assets in the nature of loans that are secured primarily by real estate or tangible personal property are from sources in this State if the security is located in this State.

(iii) Interest income, commissions, fees, gains on disposition, and other receipts from consumer loans that are not secured by real or tangible personal property are from sources in this State if the debtor is a resident of this State.

(iv) Interest income, commissions, fees, gains on disposition, and other receipts from commercial loans and installment obligations that are not secured by real or tangible personal property are from sources in this State if the proceeds of the loan are to be applied in this State. If it cannot be determined where the funds are to be applied, the income and receipts are from sources in this State if the office of the borrower from which the loan was negotiated in the regular course of business is located in this State. If the location of this office cannot be determined, the income and receipts shall be excluded from the numerator and denominator of the sales factor.

(v) Interest income, fees, gains on disposition, service charges, merchant discount income, and other receipts from credit card receivables are from sources in this State if the card charges are regularly billed to a customer in this State.

(vi) Receipts from the performance of services, including, but not limited to, fiduciary, advisory, and brokerage services, are in this State if the services are received in this State within the meaning of subparagraph
(a)(3)(C-5)(iv) of this Section.

(vii) Receipts from the issuance of travelers checks and money orders are from sources in this State if the checks and money orders are issued from a location within this State.

(viii) Receipts from investment assets and activities and trading assets and activities are included in the receipts factor as follows:

1. Interest, dividends, net gains (but not less than zero) and other income from investment assets and activities from trading assets and activities shall be included in the receipts factor. Investment assets and activities and trading assets and activities include but are not limited to: investment securities; trading account assets; federal funds; securities purchased and sold under agreements to resell or repurchase; options; futures contracts; forward contracts; notional principal contracts such as swaps; equities; and foreign currency transactions. With respect to the investment and trading assets and activities described in subparagraphs (A) and (B) of this paragraph, the receipts factor shall include the amounts described in such subparagraphs.

   A. The receipts factor shall include the amount by which interest from federal funds sold and securities purchased under resale agreements exceeds interest expense on federal funds purchased and securities sold under repurchase agreements.

   B. The receipts factor shall include the amount by which interest, dividends, gains and other income from trading assets and activities, including but not limited to assets and activities in the matched book, in the arbitrage book, and foreign currency transactions, exceed amounts paid in lieu of interest, amounts paid in lieu of dividends, and losses from such assets and activities.

2. The numerator of the receipts factor includes interest, dividends, net gains (but not less
than zero), and other income from investment assets and activities and from trading assets and activities described in paragraph (1) of this subsection that are attributable to this State.

(A) The amount of interest, dividends, net gains (but not less than zero), and other income from investment assets and activities in the investment account to be attributed to this State and included in the numerator is determined by multiplying all such income from such assets and activities by a fraction, the numerator of which is the gross income from such assets and activities which are properly assigned to a fixed place of business of the taxpayer within this State and the denominator of which is the gross income from all such assets and activities.

(B) The amount of interest from federal funds sold and purchased and from securities purchased under resale agreements and securities sold under repurchase agreements attributable to this State and included in the numerator is determined by multiplying the amount described in subparagraph (A) of paragraph (1) of this subsection from such funds and such securities by a fraction, the numerator of which is the gross income from such funds and such securities which are properly assigned to a fixed place of business of the taxpayer within this State and the denominator of which is the gross income from all such funds and such securities.

(C) The amount of interest, dividends, gains, and other income from trading assets and activities, including but not limited to assets and activities in the matched book, in the arbitrage book and foreign currency transactions (but excluding amounts described
in subparagraphs (A) or (B) of this paragraph), attributable to this State and included in the numerator is determined by multiplying the amount described in subparagraph (B) of paragraph (1) of this subsection by a fraction, the numerator of which is the gross income from such trading assets and activities which are properly assigned to a fixed place of business of the taxpayer within this State and the denominator of which is the gross income from all such assets and activities.

(D) Properly assigned, for purposes of this paragraph (2) of this subsection, means the investment or trading asset or activity is assigned to the fixed place of business with which it has a preponderance of substantive contacts. An investment or trading asset or activity assigned by the taxpayer to a fixed place of business without the State shall be presumed to have been properly assigned if:

(i) the taxpayer has assigned, in the regular course of its business, such asset or activity on its records to a fixed place of business consistent with federal or state regulatory requirements;

(ii) such assignment on its records is based upon substantive contacts of the asset or activity to such fixed place of business; and

(iii) the taxpayer uses such records reflecting assignment of such assets or activities for the filing of all state and local tax returns for which an assignment of such assets or activities to a fixed place of business is required.

(E) The presumption of proper assignment of an investment or trading asset

or activity provided in subparagraph (D) of paragraph (2) of this subsection may be rebutted upon a showing by the Department, supported by a preponderance of the evidence, that the preponderance of substantive contacts regarding such asset or activity did not occur at the fixed place of business to which it was assigned on the taxpayer's records. If the fixed place of business that has a preponderance of substantive contacts cannot be determined for an investment or trading asset or activity to which the presumption in subparagraph (D) of paragraph (2) of this subsection does not apply or with respect to which that presumption has been rebutted, that asset or activity is properly assigned to the state in which the taxpayer's commercial domicile is located. For purposes of this subparagraph (E), it shall be presumed, subject to rebuttal, that taxpayer's commercial domicile is in the state of the United States or the District of Columbia to which the greatest number of employees are regularly connected with the management of the investment or trading income or out of which they are working, irrespective of where the services of such employees are performed, as of the last day of the taxable year.

(c-1) Federally regulated exchanges. For taxable years ending on or after December 31, 2012, business income of a federally regulated exchange shall, at the option of the federally regulated exchange, be apportioned to this State by multiplying such income by a fraction, the numerator of which is its business income from sources within this State, and the denominator of which is its business income from all sources. For purposes of this subsection, the business income within this State of a federally regulated exchange is the sum of the following:

(1) Receipts attributable to transactions executed on a physical trading floor if that physical trading floor is located in this State.
(2) Receipts attributable to all other matching, execution, or clearing transactions, including without limitation receipts from the provision of matching, execution, or clearing services to another entity, multiplied by (i) for taxable years ending on or after December 31, 2012 but before December 31, 2013, 63.77%; and (ii) for taxable years ending on or after December 31, 2013, 27.54%.

(3) All other receipts not governed by subparagraphs (1) or (2) of this subsection (c-1), to the extent the receipts would be characterized as "sales in this State" under item (3) of subsection (a) of this Section.

"Federally regulated exchange" means (i) a "registered entity" within the meaning of 7 U.S.C. Section 1a(40)(A), (B), or (C), (ii) an "exchange" or "clearing agency" within the meaning of 15 U.S.C. Section 78c (a)(1) or (23), (iii) any such entities regulated under any successor regulatory structure to the foregoing, and (iv) all taxpayers who are members of the same unitary business group as a federally regulated exchange, determined without regard to the prohibition in Section 1501(a)(27) of this Act against including in a unitary business group taxpayers who are ordinarily required to apportion business income under different subsections of this Section; provided that this subparagraph (iv) shall apply only if 50% or more of the business receipts of the unitary business group determined by application of this subparagraph (iv) for the taxable year are attributable to the matching, execution, or clearing of transactions conducted by an entity described in subparagraph (i), (ii), or (iii) of this paragraph.

In no event shall the Illinois apportionment percentage computed in accordance with this subsection (c-1) for any taxpayer for any tax year be less than the Illinois apportionment percentage computed under this subsection (c-1) for that taxpayer for the first full tax year ending on or after December 31, 2013 for which this subsection (c-1) applied to the taxpayer.

(d) Transportation services. For taxable years ending before December 31, 2008, business income derived from furnishing transportation services shall be apportioned to this State in accordance with paragraphs (1) and (2):

(1) Such business income (other than that derived from transportation by pipeline) shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the revenue miles of the person in this State, and the denominator of which is the revenue miles of the person everywhere. For purposes of this paragraph, a revenue mile is the transportation of 1 passenger or
1 net ton of freight the distance of 1 mile for a consideration. Where a person is engaged in the transportation of both passengers and freight, the fraction above referred to shall be determined by means of an average of the passenger revenue mile fraction and the freight revenue mile fraction, weighted to reflect the person's

(A) relative railway operating income from total passenger and total freight service, as reported to the Interstate Commerce Commission, in the case of transportation by railroad, and

(B) relative gross receipts from passenger and freight transportation, in case of transportation other than by railroad.

(2) Such business income derived from transportation by pipeline shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the revenue miles of the person in this State, and the denominator of which is the revenue miles of the person everywhere. For the purposes of this paragraph, a revenue mile is the transportation by pipeline of 1 barrel of oil, 1,000 cubic feet of gas, or of any specified quantity of any other substance, the distance of 1 mile for a consideration.

(3) For taxable years ending on or after December 31, 2008, business income derived from providing transportation services other than airline services shall be apportioned to this State by using a fraction, (a) the numerator of which shall be (i) all receipts from any movement or shipment of people, goods, mail, oil, gas, or any other substance (other than by airline) that both originates and terminates in this State, plus (ii) that portion of the person's gross receipts from movements or shipments of people, goods, mail, oil, gas, or any other substance (other than by airline) that originates in one state or jurisdiction and terminates in another state or jurisdiction, that is determined by the ratio that the miles traveled in this State bears to total miles everywhere and (b) the denominator of which shall be all revenue derived from the movement or shipment of people, goods, mail, oil, gas, or any other substance (other than by airline). Where a taxpayer is engaged in the transportation of both passengers and freight, the fraction above referred to shall first be determined separately for passenger miles and freight miles. Then an average of the passenger miles fraction and the freight miles fraction shall be weighted to reflect the taxpayer's:

(A) relative railway operating income from total passenger and total freight service, as reported to the Interstate Commerce Commission, in the case of transportation by railroad, and

(B) relative gross receipts from passenger and freight transportation, in case of transportation other than by railroad.

passenger and total freight service, as reported to the Surface Transportation Board, in the case of transportation by railroad; and

(B) relative gross receipts from passenger and freight transportation, in case of transportation other than by railroad.

(4) For taxable years ending on or after December 31, 2008, business income derived from furnishing airline transportation services shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the revenue miles of the person in this State, and the denominator of which is the revenue miles of the person everywhere. For purposes of this paragraph, a revenue mile is the transportation of one passenger or one net ton of freight the distance of one mile for a consideration. If a person is engaged in the transportation of both passengers and freight, the fraction above referred to shall be determined by means of an average of the passenger revenue mile fraction and the freight revenue mile fraction, weighted to reflect the person's relative gross receipts from passenger and freight airline transportation.

(e) Combined apportionment. Where 2 or more persons are engaged in a unitary business as described in subsection (a)(27) of Section 1501, a part of which is conducted in this State by one or more members of the group, the business income attributable to this State by any such member or members shall be apportioned by means of the combined apportionment method.

(f) Alternative allocation. If the allocation and apportionment provisions of subsections (a) through (e) and of subsection (h) do not, for taxable years ending before December 31, 2008, fairly represent the extent of a person's business activity in this State, or, for taxable years ending on or after December 31, 2008, fairly represent the market for the person's goods, services, or other sources of business income, the person may petition for, or the Director may, without a petition, permit or require, in respect of all or any part of the person's business activity, if reasonable:

(1) Separate accounting;
(2) The exclusion of any one or more factors;
(3) The inclusion of one or more additional factors which will fairly represent the person's business activities or market in this State; or

(4) The employment of any other method to effectuate an equitable allocation and apportionment of the person's business income.

New matter indicated by italics - deletions by strikeout
(g) Cross reference. For allocation of business income by residents, see Section 301(a).

(h) For tax years ending on or after December 31, 1998, the apportionment factor of persons who apportion their business income to this State under subsection (a) shall be equal to:

1. for tax years ending on or after December 31, 1998 and before December 31, 1999, 16 2/3% of the property factor plus 16 2/3% of the payroll factor plus 66 2/3% of the sales factor;
2. for tax years ending on or after December 31, 1999 and before December 31, 2000, 8 1/3% of the property factor plus 8 1/3% of the payroll factor plus 83 1/3% of the sales factor;
3. for tax years ending on or after December 31, 2000, the sales factor.

If, in any tax year ending on or after December 31, 1998 and before December 31, 2000, the denominator of the payroll, property, or sales factor is zero, the apportionment factor computed in paragraph (1) or (2) of this subsection for that year shall be divided by an amount equal to 100% minus the percentage weight given to each factor whose denominator is equal to zero.

Section 175. The Use Tax Act is amended by changing Sections 3-5 and 9 as follows:

35 ILCS 105/3-5
Sec. 3-5. Exemptions. Use of the following tangible personal property is exempt from the tax imposed by this Act:

1. Personal property purchased from a corporation, society, association, foundation, institution, or organization, other than a limited liability company, that is organized and operated as a not-for-profit service enterprise for the benefit of persons 65 years of age or older if the personal property was not purchased by the enterprise for the purpose of resale by the enterprise.

services. These organizations include, but are not limited to, music and dramatic arts organizations such as symphony orchestras and theatrical groups, arts and cultural service organizations, local arts councils, visual arts organizations, and media arts organizations. A limited liability company may qualify for the exemption under this paragraph only if the limited liability company is organized and operated exclusively for educational purposes. On and after July 1, 1987, however, no entity otherwise eligible for this exemption shall make tax-free purchases unless it has an active exemption identification number issued by the Department.

(35 ILCS 105/9) (from Ch. 120, par. 439.9)

Sec. 9. Except as to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, each retailer required or authorized to collect the tax imposed by this Act shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990, and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is
allowed to reimburse the retailer for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return. The Department may disallow the discount for retailers whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final. A retailer need not remit that part of any tax collected by him to the extent that he is required to remit and does remit the tax imposed by the Retailers' Occupation Tax Act, with respect to the sale of the same property.

Where such tangible personal property is sold under a conditional sales contract, or under any other form of sale wherein the payment of the principal sum, or a part thereof, is extended beyond the close of the period for which the return is filed, the retailer, in collecting the tax (except as to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State), may collect for each tax return period, only the tax applicable to that part of the selling price actually received during such tax return period.

Except as provided in this Section, on or before the twentieth day of each calendar month, such retailer shall file a return for the preceding calendar month. Such return shall be filed on forms prescribed by the Department and shall furnish such information as the Department may reasonably require.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:
1. The name of the seller;
2. The address of the principal place of business from which he engages in the business of selling tangible personal property at retail in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month from sales of tangible personal property by him during such preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;

4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
5.5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer.

funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, the Service Use Tax Act was $10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act was $20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985, and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987, and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, or begins on or after January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to

January 1, 1996, each payment shall be in an amount equal to 22.5% of the
taxpayer's actual liability for the month or 25% of the taxpayer's liability for
the same calendar month of the preceding year or 100% of the taxpayer's
actual liability for the quarter monthly reporting period. The amount of such
quarter monthly payments shall be credited against the final tax liability of
the taxpayer's return for that month. Before October 1, 2000, once applicable,
the requirement of the making of quarter monthly payments to the
Department shall continue until such taxpayer's average monthly liability to
the Department during the preceding 4 complete calendar quarters (excluding
the month of highest liability and the month of lowest liability) is less than
$9,000, or until such taxpayer's average monthly liability to the Department
as computed for each calendar quarter of the 4 preceding complete calendar
quarter period is less than $10,000. However, if a taxpayer can show the
Department that a substantial change in the taxpayer's business has occurred
which causes the taxpayer to anticipate that his average monthly tax liability
for the reasonably foreseeable future will fall below the $10,000 threshold
stated above, then such taxpayer may petition the Department for change in
such taxpayer's reporting status. On and after October 1, 2000, once
applicable, the requirement of the making of quarter monthly payments to the
Department shall continue until such taxpayer's average monthly liability to
the Department during the preceding 4 complete calendar quarters (excluding
the month of highest liability and the month of lowest liability) is less than
$19,000 or until such taxpayer's average monthly liability to the Department
as computed for each calendar quarter of the 4 preceding complete calendar
quarter period is less than $20,000. However, if a taxpayer can show the
Department that a substantial change in the taxpayer's business has occurred
which causes the taxpayer to anticipate that his average monthly tax liability
for the reasonably foreseeable future will fall below the $20,000 threshold
stated above, then such taxpayer may petition the Department for a change
in such taxpayer's reporting status. The Department shall change such
taxpayer's reporting status unless it finds that such change is seasonal in
nature and not likely to be long term. If any such quarter monthly payment is
not paid at the time or in the amount required by this Section, then the
taxpayer shall be liable for penalties and interest on the difference between
the minimum amount due and the amount of such quarter monthly payment
actually and timely paid, except insofar as the taxpayer has previously made
payments for that month to the Department in excess of the minimum
payments previously due as provided in this Section. The Department shall
make reasonable rules and regulations to govern the quarter monthly payment

amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

If any such payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown by an original monthly return, the Department shall issue to the taxpayer a credit memorandum no later than 30 days after the date of payment, which memorandum may be submitted by the taxpayer to the Department in payment of tax liability subsequently to be remitted by the taxpayer to the Department or be assigned by the taxpayer to a similar taxpayer under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations to be prescribed by the Department, except that if such excess payment is shown on an original monthly return and is made after December 31, 1986, no credit memorandum shall be issued, unless requested by the taxpayer. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted by the taxpayer to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determines that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% or 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and the taxpayer shall be liable for penalties and interest on such difference.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February, and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.
Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under this Act with the Department not more than one month after discontinuing such business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 3-55 of this Act, then that seller may report the transfer of all the aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

The transaction reporting return in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of the Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold;

such other information as is required in Section 5-402 of the Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft and aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the date of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the tax that is imposed by this Act may be transmitted to the Department by way of the State agency with which, or State officer with whom, the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules
to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer, and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.

Where a retailer collects the tax with respect to the selling price of tangible personal property which he sells and the purchaser thereafter returns such tangible personal property and the retailer refunds the selling price thereof to the purchaser, such retailer shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the retailer may deduct the amount of the tax so refunded by him to the purchaser from any other use tax which such retailer may be required to pay or remit to the Department, as shown by such return, if the amount of the tax to be deducted was previously remitted to the Department by such retailer. If the retailer has not previously remitted the amount of such tax to the Department, he is entitled to no deduction under this Act upon refunding such tax to the purchaser.

Any retailer filing a return under this Section shall also include (for the purpose of paying tax thereon) the total tax covered by such return upon the selling price of tangible personal property purchased by him at retail from a retailer, but as to which the tax imposed by this Act was not collected from the retailer filing such return, and such retailer shall remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable retailers, who are required to file returns hereunder and also under the Retailers' Occupation Tax Act, to furnish all the return information required by both Acts on the one form.
Where the retailer has more than one business registered with the Department under separate registration under this Act, such retailer may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund, a special fund in the State Treasury which is hereby created, the net revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund 4% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund, a special fund in the State Treasury, 20% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property, other than tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning August 1, 2000, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol. Beginning September 1, 2010, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of sales tax holiday items.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning October 1, 2009, each month the Department shall pay into

the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2011, each month the Department shall pay into the Clean Air Act (CAA) Permit Fund 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of sorbents used in Illinois in the process of sorbent injection as used to comply with the Environmental Protection Act or the federal Clean Air Act, but the total payment into the Clean Air Act (CAA) Permit Fund under this Act and the Retailers' Occupation Tax Act shall not exceed $2,000,000 in any fiscal year.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the

difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act, plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993 and ending on September 30, 2013, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the

McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers and wholesalers whose products are sold at retail in Illinois by numerous retailers, and who wish to do so, may assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the retailers who are affected do not make written objection to the Department to this arrangement.

Beginning July 1, 2013, fuel and petroleum products sold to or used by an air carrier, certified by the carrier to be used for consumption, shipment, or storage in the conduct of its business as an air common carrier, for a flight that (i) is engaged in foreign trade or is engaged in trade between the United States and any of its possessions and (ii) transports at least one individual or package for hire from the city of origination to the city of final destination on the same aircraft, without regard to a change in the flight number of that aircraft.

If the equipment is leased in a manner that does not qualify for this exemption or is used in any other non-exempt manner, the lessor shall be liable for the tax imposed under this Act or the Use Tax Act, as the case may be, based on the fair market value of the property at the time the non-qualifying use occurs. No lessor shall collect or attempt to collect an amount (however designated) that purports to reimburse that lessor for the tax imposed by this Act or the Use Tax Act, as the case may be, if the tax has not been paid by the lessor. If a lessor improperly collects any such amount from the lessee, the lessee shall have a legal right to claim a refund of that amount from the lessor. If, however, that amount is not refunded to the lessee for any reason, the lessor is liable to pay that amount to the Department.

(16) Personal property purchased by a lessor who leases the property, under a lease of one year or longer executed or in effect at the time the lessor would otherwise be subject to the tax imposed by this Act, to a governmental body that has been issued an active tax exemption identification number by the Department under Section 1g of the Retailers' Occupation Tax Act. If the property is leased in a manner that does not qualify for this exemption or is used in any other non-exempt manner, the lessor shall be liable for the tax imposed under this Act or the Use Tax Act, as the case may be, based on the fair market value of the property at the time the non-qualifying use occurs. No lessor shall collect or attempt to collect an amount (however designated) that purports to reimburse that lessor for the tax imposed by this Act or the Use Tax Act, as the case may be, if the tax has not been paid by the lessor. If a lessor improperly collects any such amount from the lessee, the lessee shall have a legal right to claim a refund of that amount from the lessor. If, however, that amount is not refunded to the lessee for any reason, the lessor is liable to pay that amount to the Department.

exemption identification number by the Department that assists victims of the disaster who reside within the declared disaster area.

(18) Beginning with taxable years ending on or after December 31, 1995 and ending with taxable years ending on or before December 31, 2004, personal property that is used in the performance of infrastructure repairs in this State, including but not limited to municipal roads and streets, access roads, bridges, sidewalks, waste disposal systems, water and sewer line extensions, water distribution and purification facilities, storm water drainage and retention facilities, and sewage treatment facilities, resulting from a State or federally declared disaster in Illinois or bordering Illinois when such repairs are initiated on facilities located in the declared disaster area within 6 months after the disaster.

(19) Beginning July 1, 1999, game or game birds purchased at a "game breeding and hunting preserve area" as that term is used in the Wildlife Code. This paragraph is exempt from the provisions of Section 3-75.

No lessor shall collect or attempt to collect an amount (however designated) that purports to reimburse that lessor for the tax imposed by this Act or the Use Tax Act, as the case may be, if the tax has not been paid by the lessor. If a lessor improperly collects any such amount from the lessee, the lessee shall have a legal right to claim a refund of that amount from the lessor. If, however, that amount is not refunded to the lessee for any reason, the lessor

If the property is leased in a manner that does not qualify for this exemption or is used in any other nonexempt manner, the lessor shall be liable for the tax imposed under this Act or the Use Tax Act, as the case may be, if the tax has not been paid by the lessor. If a lessor improperly collects any such amount from the lessee, the lessee shall have a legal right to claim a refund of that amount from the lessor. If, however, that amount is not refunded to the lessee for any reason, the lessor is liable to pay that amount to the Department. This paragraph is exempt from the provisions of Section 3-75.

Sec. 3-10. Rate of tax. Unless otherwise provided in this Section, the tax imposed by this Act is at the rate of 6.25% of the selling price of tangible personal property transferred as an incident to the sale of service, but, for the purpose of computing this tax, in no event shall the selling price be less than the cost price of the property to the serviceman.

Beginning on July 1, 2000 and through December 31, 2000, with respect to motor fuel, as defined in Section 1.1 of the Motor Fuel Tax Law, and gasohol, as defined in Section 3-40 of the Use Tax Act, the tax is imposed at the rate of 1.25%.

With respect to gasohol, as defined in the Use Tax Act, the tax imposed by this Act applies to (i) 70% of the selling price of property transferred as an incident to the sale of service on or after January 1, 1990, and before July 1, 2003, (ii) 80% of the selling price of property transferred
as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2018, and (iii) 100% of the selling price thereafter. If, at any time, however, the tax under this Act on sales of gasohol, as defined in the Use Tax Act, is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of gasohol made during that time.

With respect to majority blended ethanol fuel, as defined in the Use Tax Act, the tax imposed by this Act does not apply to the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2018 but applies to 100% of the selling price thereafter.

With respect to biodiesel blends, as defined in the Use Tax Act, with no less than 1% and no more than 10% biodiesel, the tax imposed by this Act applies to (i) 80% of the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2018 and (ii) 100% of the proceeds of the selling price thereafter. If, at any time, however, the tax under this Act on sales of biodiesel blends, as defined in the Use Tax Act, with no less than 1% and no more than 10% biodiesel is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of biodiesel blends with no less than 1% and no more than 10% biodiesel made during that time.

With respect to 100% biodiesel, as defined in the Use Tax Act, and biodiesel blends, as defined in the Use Tax Act, with more than 10% but no more than 99% biodiesel, the tax imposed by this Act does not apply to the proceeds of the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2018 but applies to 100% of the selling price thereafter.

At the election of any registered serviceman made for each fiscal year, sales of service in which the aggregate annual cost price of tangible personal property transferred as an incident to the sales of service is less than 35%, or 75% in the case of servicemen transferring prescription drugs or servicemen engaged in graphic arts production, of the aggregate annual total gross receipts from all sales of service, the tax imposed by this Act shall be based on the serviceman's cost price of the tangible personal property transferred as an incident to the sale of those services.

The tax shall be imposed at the rate of 1% on food prepared for immediate consumption and transferred incident to a sale of service subject to this Act or the Service Occupation Tax Act by an entity licensed under the Hospital Licensing Act, the Nursing Home Care Act, the ID/DD Community

Care Act, the Specialized Mental Health Rehabilitation Act of 2013, or the Child Care Act of 1969. The tax shall also be imposed at the rate of 1% on food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption and is not otherwise included in this paragraph) and prescription and nonprescription medicines, drugs, medical appliances, modifications to a motor vehicle for the purpose of rendering it usable by a disabled person, and insulin, urine testing materials, syringes, and needles used by diabetics, for human use. For the purposes of this Section, until September 1, 2009: the term "soft drinks" means any complete, finished, ready-to-use, non-alcoholic drink, whether carbonated or not, including but not limited to soda water, cola, fruit juice, vegetable juice, carbonated water, and all other preparations commonly known as soft drinks of whatever kind or description that are contained in any closed or sealed bottle, can, carton, or container, regardless of size; but "soft drinks" does not include coffee, tea, non-carbonated water, infant formula, milk or milk products as defined in the Grade A Pasteurized Milk and Milk Products Act, or drinks containing 50% or more natural fruit or vegetable juice.

Notwithstanding any other provisions of this Act, beginning September 1, 2009, "soft drinks" means non-alcoholic beverages that contain natural or artificial sweeteners. "Soft drinks" do not include beverages that contain milk or milk products, soy, rice or similar milk substitutes, or greater than 50% of vegetable or fruit juice by volume.

Until August 1, 2009, and notwithstanding any other provisions of this Act, "food for human consumption that is to be consumed off the premises where it is sold" includes all food sold through a vending machine, except soft drinks and food products that are dispensed hot from a vending machine, regardless of the location of the vending machine. Beginning August 1, 2009, and notwithstanding any other provisions of this Act, "food for human consumption that is to be consumed off the premises where it is sold" includes all food sold through a vending machine, except soft drinks, candy, and food products that are dispensed hot from a vending machine, regardless of the location of the vending machine.

Notwithstanding any other provisions of this Act, beginning September 1, 2009, "food for human consumption that is to be consumed off the premises where it is sold" does not include candy. For purposes of this Section, "candy" means a preparation of sugar, honey, or other natural or artificial sweeteners in combination with chocolate, fruits, nuts or other ingredients or flavorings in the form of bars, drops, or pieces. "Candy" does
not include any preparation that contains flour or requires refrigeration.

Notwithstanding any other provisions of this Act, beginning September 1, 2009, "nonprescription medicines and drugs" does not include grooming and hygiene products. For purposes of this Section, "grooming and hygiene products" includes, but is not limited to, soaps and cleaning solutions, shampoo, toothpaste, mouthwash, antiperspirants, and sun tan lotions and screens, unless those products are available by prescription only, regardless of whether the products meet the definition of "over-the-counter-drugs". For the purposes of this paragraph, "over-the-counter-drug" means a drug for human use that contains a label that identifies the product as a drug as required by 21 C.F.R. § 201.66. The "over-the-counter-drug" label includes:

(A) A "Drug Facts" panel; or
(B) A statement of the "active ingredient(s)" with a list of those ingredients contained in the compound, substance or preparation.

Beginning on January 1, 2014 (the effective date of Public Act 98-122) this amendatory Act of the 98th General Assembly, "prescription and nonprescription medicines and drugs" includes medical cannabis purchased from a registered dispensing organization under the Compassionate Use of Medical Cannabis Pilot Program Act.

If the property that is acquired from a serviceman is acquired outside Illinois and used outside Illinois before being brought to Illinois for use here and is taxable under this Act, the "selling price" on which the tax is computed shall be reduced by an amount that represents a reasonable allowance for depreciation for the period of prior out-of-state use.

(35 ILCS 110/9) (from Ch. 120, par. 439.39)

Sec. 9. Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the serviceman for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. The Department may disallow the discount for servicemen whose certificate of registration is revoked at the time the return

is filed, but only if the Department's decision to revoke the certificate of registration has become final. A serviceman need not remit that part of any tax collected by him to the extent that he is required to pay and does pay the tax imposed by the Service Occupation Tax Act with respect to his sale of service involving the incidental transfer by him of the same property.

Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable Rules and Regulations to be promulgated by the Department. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in business as a serviceman in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
5.5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of

the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

If the serviceman is otherwise required to file a monthly return and if the serviceman's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the serviceman is otherwise required to file a monthly or quarterly return and if the serviceman's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on
an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a serviceman may file his return, in the case of any serviceman who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such serviceman shall file a final return under this Act with the Department not more than 1 month after discontinuing such business.

Where a serviceman collects the tax with respect to the selling price of property which he sells and the purchaser thereafter returns such property and the serviceman refunds the selling price thereof to the purchaser, such serviceman shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the serviceman may deduct the amount of the tax so refunded by him to the purchaser from any other Service Use Tax, Service Occupation Tax, retailers' occupation tax or use tax which such serviceman may be required to pay or remit to the Department, as shown by such return, provided that the amount of the tax to be deducted shall previously have been remitted to the Department by such serviceman. If the serviceman shall not previously have remitted the amount of such tax to the Department, he shall be entitled to no deduction hereunder upon refunding such tax to the purchaser.

Any serviceman filing a return hereunder shall also include the total tax upon the selling price of tangible personal property purchased for use by him as an incident to a sale of service, and such serviceman shall remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable servicemen, who are required to file returns hereunder and also under the Service Occupation Tax Act, to furnish all the return information required by both Acts on the one form.

Where the serviceman has more than one business registered with the Department under separate registration hereunder, such serviceman shall not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Tax Reform Fund, a special fund in the State Treasury,

the net revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund 20% of the net revenue realized for the preceding month from the 6.25% general rate on transfers of tangible personal property, other than tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning August 1, 2000, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be,
of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from

other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of the sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

(35 ILCS 115/3-10) (from Ch. 120, par. 439.103-10)
Sec. 3-10. Rate of tax. Unless otherwise provided in this Section, the
tax imposed by this Act is at the rate of 6.25% of the "selling price", as defined in Section 2 of the Service Use Tax Act, of the tangible personal property. For the purpose of computing this tax, in no event shall the "selling price" be less than the cost price to the serviceman of the tangible personal property transferred. The selling price of each item of tangible personal property transferred as an incident of a sale of service may be shown as a distinct and separate item on the serviceman's billing to the service customer. If the selling price is not so shown, the selling price of the tangible personal property is deemed to be 50% of the serviceman's entire billing to the service customer. When, however, a serviceman contracts to design, develop, and produce special order machinery or equipment, the tax imposed by this Act shall be based on the serviceman's cost price of the tangible personal property transferred incident to the completion of the contract.

Beginning on July 1, 2000 and through December 31, 2000, with respect to motor fuel, as defined in Section 1.1 of the Motor Fuel Tax Law, and gasohol, as defined in Section 3-40 of the Use Tax Act, the tax is imposed at the rate of 1.25%.

With respect to gasohol, as defined in the Use Tax Act, the tax imposed by this Act shall apply to (i) 70% of the cost price of property transferred as an incident to the sale of service on or after January 1, 1990, and before July 1, 2003, (ii) 80% of the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2018, and (iii) 100% of the cost price thereafter. If, at any time, however, the tax under this Act on sales of gasohol, as defined in the Use Tax Act, is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of gasohol made during that time.

With respect to majority blended ethanol fuel, as defined in the Use Tax Act, the tax imposed by this Act does not apply to the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2018 but applies to 100% of the selling price thereafter.

With respect to biodiesel blends, as defined in the Use Tax Act, with no less than 1% and no more than 10% biodiesel, the tax imposed by this Act applies to (i) 80% of the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2018 and (ii) 100% of the proceeds of the selling price thereafter. If, at any time, however, the tax under this Act on sales of biodiesel blends, as defined in the Use Tax Act, with no less than 1% and no more than 10% biodiesel is imposed at the rate of 1.25%, then the tax imposed by this Act applies to
100% of the proceeds of sales of biodiesel blends with no less than 1% and no more than 10% biodiesel made during that time.

With respect to 100% biodiesel, as defined in the Use Tax Act, and biodiesel blends, as defined in the Use Tax Act, with more than 10% but no more than 99% biodiesel material, the tax imposed by this Act does not apply to the proceeds of the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2018 but applies to 100% of the selling price thereafter.

At the election of any registered serviceman made for each fiscal year, sales of service in which the aggregate annual cost price of tangible personal property transferred as an incident to the sales of service is less than 35%, or 75% in the case of servicemen transferring prescription drugs or servicemen engaged in graphic arts production, of the aggregate annual total gross receipts from all sales of service, the tax imposed by this Act shall be based on the serviceman's cost price of the tangible personal property transferred incident to the sale of those services.

The tax shall be imposed at the rate of 1% on food prepared for immediate consumption and transferred incident to a sale of service subject to this Act or the Service Occupation Tax Act by an entity licensed under the Hospital Licensing Act, the Nursing Home Care Act, the ID/DD Community Care Act, the Specialized Mental Health Rehabilitation Act of 2013, or the Child Care Act of 1969. The tax shall also be imposed at the rate of 1% on food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption and is not otherwise included in this paragraph) and prescription and nonprescription medicines, drugs, medical appliances, modifications to a motor vehicle for the purpose of rendering it usable by a disabled person, and insulin, urine testing materials, syringes, and needles used by diabetics, for human use. For the purposes of this Section, until September 1, 2009: the term "soft drinks" means any complete, finished, ready-to-use, non-alcoholic drink, whether carbonated or not, including but not limited to soda water, cola, fruit juice, vegetable juice, carbonated water, and all other preparations commonly known as soft drinks of whatever kind or description that are contained in any closed or sealed can, carton, or container, regardless of size; but "soft drinks" does not include coffee, tea, non-carbonated water, infant formula, milk or milk products as defined in the Grade A Pasteurized Milk and Milk Products Act, or drinks containing 50% or more natural fruit or vegetable juice.

Notwithstanding any other provisions of this Act, beginning
September 1, 2009, "soft drinks" means non-alcoholic beverages that contain natural or artificial sweeteners. "Soft drinks" do not include beverages that contain milk or milk products, soy, rice or similar milk substitutes, or greater than 50% of vegetable or fruit juice by volume.

Until August 1, 2009, and notwithstanding any other provisions of this Act, "food for human consumption that is to be consumed off the premises where it is sold" includes all food sold through a vending machine, except soft drinks and food products that are dispensed hot from a vending machine, regardless of the location of the vending machine. Beginning August 1, 2009, and notwithstanding any other provisions of this Act, "food for human consumption that is to be consumed off the premises where it is sold" includes all food sold through a vending machine, except soft drinks, candy, and food products that are dispensed hot from a vending machine, regardless of the location of the vending machine.

Notwithstanding any other provisions of this Act, beginning September 1, 2009, "food for human consumption that is to be consumed off the premises where it is sold" does not include candy. For purposes of this Section, "candy" means a preparation of sugar, honey, or other natural or artificial sweeteners in combination with chocolate, fruits, nuts or other ingredients or flavorings in the form of bars, drops, or pieces. "Candy" does not include any preparation that contains flour or requires refrigeration.

Notwithstanding any other provisions of this Act, beginning September 1, 2009, "nonprescription medicines and drugs" does not include grooming and hygiene products. For purposes of this Section, "grooming and hygiene products" includes, but is not limited to, soaps and cleaning solutions, shampoo, toothpaste, mouthwash, antiperspirants, and sun tan lotions and screens, unless those products are available by prescription only, regardless of whether the products meet the definition of "over-the-counter-drugs". For the purposes of this paragraph, "over-the-counter-drug" means a drug for human use that contains a label that identifies the product as a drug as required by 21 C.F.R. § 201.66. The "over-the-counter-drug" label includes:

(A) A "Drug Facts" panel; or
(B) A statement of the "active ingredient(s)" with a list of those ingredients contained in the compound, substance or preparation.

Beginning on January 1, 2014 (the effective date of Public Act 98-122) this amendatory Act of the 98th General Assembly, "prescription and nonprescription medicines and drugs" includes medical cannabis purchased

Sec. 9. Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax at the time when he is required to file his return for the period during which such tax was collectible, less a discount of 2.1% prior to January 1, 1990, and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the serviceman for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. The Department may disallow the discount for servicemen whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final.
Where such tangible personal property is sold under a conditional sales contract, or under any other form of sale wherein the payment of the principal sum, or a part thereof, is extended beyond the close of the period for which the return is filed, the serviceman, in collecting the tax may collect, for each tax return period, only the tax applicable to the part of the selling price actually received during such tax return period.
Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable rules and regulations to be promulgated by the Department of Revenue. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require.
The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:
1. The name of the seller;
2. The address of the principal place of business from which he engages in business as a serviceman in this State;

and each fiscal year thereafter that bonds are outstanding under Section 13.2 of the Metropolitan Pier and Exposition Authority Act, but not after fiscal year 2060.

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act, plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993 and ending on September 30, 2013, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue.
realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

The Department may, upon separate written notice to a taxpayer, require the taxpayer to prepare and file with the Department on a form prescribed by the Department within not less than 60 days after receipt of the notice an annual information return for the tax year specified in the notice. Such annual return to the Department shall include a statement of gross receipts as shown by the taxpayer's last Federal income tax return. If the total receipts of the business as reported in the Federal income tax return do not agree with the gross receipts reported to the Department of Revenue for the same period, the taxpayer shall attach to his annual return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The taxpayer's annual return to the Department shall also disclose the cost of goods sold by the taxpayer during the year covered by such return, opening and closing inventories of such goods for such year, cost of goods used from stock or taken from stock and given away by the taxpayer during such year, pay roll information of the taxpayer's business during such year and any additional reasonable information which the Department deems would be helpful in determining the accuracy of the monthly, quarterly or annual returns filed by such taxpayer as hereinbefore provided for in this Section.

If the annual information return required by this Section is not filed when and as required, the taxpayer shall be liable as follows:

New matter indicated by italics - deletions by strikeout

(ii) On and after January 1, 1994, the taxpayer shall be liable for a penalty as described in Section 3-4 of the Uniform Penalty and Interest Act.

The chief executive officer, proprietor, owner or highest ranking manager shall sign the annual return to certify the accuracy of the information contained therein. Any person who willfully signs the annual return containing false or inaccurate information shall be guilty of perjury and punished accordingly. The annual return form prescribed by the Department shall include a warning that the person signing the return may be liable for perjury.

Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, it shall be permissible for manufacturers, importers and wholesalers whose products are sold by numerous servicemen in Illinois, and who wish to do so, to assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the servicemen who are affected do not make written objection to the Department to this arrangement.

(35 ILCS 120/2a) (from Ch. 120, par. 441a)

Sec. 2a. It is unlawful for any person to engage in the business of selling tangible personal property at retail in this State without a certificate of registration from the Department. Application for a certificate of registration shall be made to the Department upon forms furnished by it. Each such application shall be signed and verified and shall state: (1) the name and social security number of the applicant; (2) the address of his principal place of business; (3) the address of the principal place of business from which he engages in the business of selling tangible personal property at retail in this State and the addresses of all other places of business, if any (enumerating such addresses, if any, in a separate list attached to and made a part of the application), from which he engages in the business of selling tangible personal property at retail in this State; (4) the name and address of the person or persons who will be responsible for filing returns and payment of taxes due under this Act; (5) in the case of a publicly traded corporation, the name and title of the Chief Financial Officer, Chief Operating Officer, and any other officer or employee with responsibility for preparing tax returns under this Act, along with the last 4 digits of each of their social security numbers, and, in the case of all other corporations, the name, title, and social security number of each corporate officer; (6) in the case of a limited liability company, the name, social security number, and FEIN number of each manager and member; and (7) such other information as the Department may

reasonably require. The application shall contain an acceptance of responsibility signed by the person or persons who will be responsible for filing returns and payment of the taxes due under this Act. If the applicant will sell tangible personal property at retail through vending machines, his application to register shall indicate the number of vending machines to be so operated. If requested by the Department at any time, that person shall verify the total number of vending machines he or she uses in his or her business of selling tangible personal property at retail.

The Department may deny a certificate of registration to any applicant if a person who is named as the owner, a partner, a manager or member of a limited liability company, or a corporate officer of the applicant on the application for the certificate of registration; is or has been named as the owner, a partner, a manager or member of a limited liability company, or a corporate officer; on the application for the certificate of registration of another retailer that is in default for moneys due under this Act or any other tax or fee Act administered by the Department. For purposes of this paragraph only, in determining whether a person is in default for moneys due, the Department shall include only amounts established as a final liability within the 20 years prior to the date of the Department's notice of denial of a certificate of registration.

The Department may require an applicant for a certificate of registration hereunder to, at the time of filing such application, furnish a bond from a surety company authorized to do business in the State of Illinois, or an irrevocable bank letter of credit or a bond signed by 2 personal sureties who have filed, with the Department, sworn statements disclosing net assets equal to at least 3 times the amount of the bond to be required of such applicant, or a bond secured by an assignment of a bank account or certificate of deposit, stocks or bonds, conditioned upon the applicant paying to the State of Illinois all moneys becoming due under this Act and under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the applicant under this Act will permit the applicant to engage in business without registering separately under such other law, ordinance or resolution. In making a determination as to whether to require a bond or other security, the Department shall take into consideration whether the owner, any partner, any manager or member of a limited liability company, or a corporate officer of the applicant is or has been the owner, a partner, a manager or member of a limited liability company, or a corporate officer of another retailer that is in default for moneys due under this Act or any other tax or fee Act administered by the Department; and

whether the owner, any partner, any manager or member of a limited liability company, or a corporate officer of the applicant is or has been the owner, a partner, a manager or member of a limited liability company, or a corporate officer of another retailer whose certificate of registration has been revoked within the previous 5 years under this Act or any other tax or fee Act administered by the Department. If a bond or other security is required, the Department shall fix the amount of the bond or other security, taking into consideration the amount of money expected to become due from the applicant under this Act and under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the applicant under this Act will permit the applicant to engage in business without registering separately under such other law, ordinance, or resolution. The amount of security required by the Department shall be such as, in its opinion, will protect the State of Illinois against failure to pay the amount which may become due from the applicant under this Act and under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the applicant under this Act will permit the applicant to engage in business without registering separately under such other law, ordinance or resolution, but the amount of the security required by the Department shall not exceed three times the amount of the applicant's average monthly tax liability, or $50,000.00, whichever amount is lower.

No certificate of registration under this Act shall be issued by the Department until the applicant provides the Department with satisfactory security, if required, as herein provided for.

Upon receipt of the application for certificate of registration in proper form, and upon approval by the Department of the security furnished by the applicant, if required, the Department shall issue to such applicant a certificate of registration which shall permit the person to whom it is issued to engage in the business of selling tangible personal property at retail in this State. The certificate of registration shall be conspicuously displayed at the place of business which the person so registered states in his application to be the principal place of business from which he engages in the business of selling tangible personal property at retail in this State.

No certificate of registration issued to a taxpayer who files returns required by this Act on a monthly basis shall be valid after the expiration of 5 years from the date of its issuance or last renewal. The expiration date of a sub-certificate of registration shall be that of the certificate of registration to which the sub-certificate relates. A certificate of registration shall

New matter indicated by italics - deletions by strikeout
automatically be renewed, subject to revocation as provided by this Act, for an additional 5 years from the date of its expiration unless otherwise notified by the Department as provided by this paragraph. Where a taxpayer to whom a certificate of registration is issued under this Act is in default to the State of Illinois for delinquent returns or for moneys due under this Act or any other State tax law or municipal or county ordinance administered or enforced by the Department, the Department shall, not less than 120 days before the expiration date of such certificate of registration, give notice to the taxpayer to whom the certificate was issued of the account period of the delinquent returns, the amount of tax, penalty and interest due and owing from the taxpayer, and that the certificate of registration shall not be automatically renewed upon its expiration date unless the taxpayer, on or before the date of expiration, has filed and paid the delinquent returns or paid the defaulted amount in full. A taxpayer to whom such a notice is issued shall be deemed an applicant for renewal. The Department shall promulgate regulations establishing procedures for taxpayers who file returns on a monthly basis but desire and qualify to change to a quarterly or yearly filing basis and will no longer be subject to renewal under this Section, and for taxpayers who file returns on a yearly or quarterly basis but who desire or are required to change to a monthly filing basis and will be subject to renewal under this Section.

The Department may in its discretion approve renewal by an applicant who is in default if, at the time of application for renewal, the applicant files all of the delinquent returns or pays to the Department such percentage of the defaulted amount as may be determined by the Department and agrees in writing to waive all limitations upon the Department for collection of the remaining defaulted amount to the Department over a period not to exceed 5 years from the date of renewal of the certificate; however, no renewal application submitted by an applicant who is in default shall be approved if the immediately preceding renewal by the applicant was conditioned upon the installment payment agreement described in this Section. The payment agreement herein provided for shall be in addition to and not in lieu of the security that may be required by this Section of a taxpayer who is no longer considered a prior continuous compliance taxpayer. The execution of the payment agreement as provided in this Act shall not toll the accrual of interest at the statutory rate.

The Department may suspend a certificate of registration if the Department finds that the person to whom the certificate of registration has been issued knowingly sold contraband cigarettes.

New matter indicated by italics - deletions by strikeout
A certificate of registration issued under this Act more than 5 years before the effective date of this amendatory Act of 1989 shall expire and be subject to the renewal provisions of this Section on the next anniversary of the date of issuance of such certificate which occurs more than 6 months after the effective date of this amendatory Act of 1989. A certificate of registration issued less than 5 years before the effective date of this amendatory Act of 1989 shall expire and be subject to the renewal provisions of this Section on the 5th anniversary of the issuance of the certificate.

If the person so registered states that he operates other places of business from which he engages in the business of selling tangible personal property at retail in this State, the Department shall furnish him with a sub-certificate of registration for each such place of business, and the applicant shall display the appropriate sub-certificate of registration at each such place of business. All sub-certificates of registration shall bear the same registration number as that appearing upon the certificate of registration to which such sub-certificates relate.

If the applicant will sell tangible personal property at retail through vending machines, the Department shall furnish him with a sub-certificate of registration for each such vending machine, and the applicant shall display the appropriate sub-certificate of registration on each such vending machine by attaching the sub-certificate of registration to a conspicuous part of such vending machine. If a person who is registered to sell tangible personal property at retail through vending machines adds an additional vending machine or additional vending machines to the number of vending machines he or she uses in his or her business of selling tangible personal property at retail, he or she shall notify the Department, on a form prescribed by the Department, to request an additional sub-certificate or additional sub-certificates of registration, as applicable. With each such request, the applicant shall report the number of sub-certificates of registration he or she is requesting as well as the total number of vending machines from which he or she makes retail sales.

Where the same person engages in 2 or more businesses of selling tangible personal property at retail in this State, which businesses are substantially different in character or engaged in under different trade names or engaged in under other substantially dissimilar circumstances (so that it is more practicable, from an accounting, auditing or bookkeeping standpoint, for such businesses to be separately registered), the Department may require or permit such person (subject to the same requirements concerning the furnishing of security as those that are provided for hereinbefore in this

Section as to each application for a certificate of registration) to apply for and obtain a separate certificate of registration for each such business or for any of such businesses, under a single certificate of registration supplemented by related sub-certificates of registration.

Any person who is registered under the "Retailers' Occupation Tax Act" as of March 8, 1963, and who, during the 3-year period immediately prior to March 8, 1963, or during a continuous 3-year period part of which passed immediately before and the remainder of which passes immediately after March 8, 1963, has been so registered continuously and who is determined by the Department not to have been either delinquent or deficient in the payment of tax liability during that period under this Act or under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the registrant under this Act will permit the registrant to engage in business without registering separately under such other law, ordinance or resolution, shall be considered to be a Prior Continuous Compliance taxpayer. Also any taxpayer who has, as verified by the Department, faithfully and continuously complied with the condition of his bond or other security under the provisions of this Act for a period of 3 consecutive years shall be considered to be a Prior Continuous Compliance taxpayer.

Every Prior Continuous Compliance taxpayer shall be exempt from all requirements under this Act concerning the furnishing of a bond or other security as a condition precedent to his being authorized to engage in the business of selling tangible personal property at retail in this State. This exemption shall continue for each such taxpayer until such time as he may be determined by the Department to be delinquent in the filing of any returns, or is determined by the Department (either through the Department's issuance of a final assessment which has become final under the Act, or by the taxpayer's filing of a return which admits tax that is not paid to be due) to be delinquent or deficient in the paying of any tax under this Act or under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the registrant under this Act will permit the registrant to engage in business without registering separately under such other law, ordinance or resolution, at which time that taxpayer shall become subject to all the financial responsibility requirements of this Act and, as a condition of being allowed to continue to engage in the business of selling tangible personal property at retail, may be required to post bond or other acceptable security with the Department covering liability which such taxpayer may thereafter incur. Any taxpayer who fails to pay an
admitted or established liability under this Act may also be required to post bond or other acceptable security with this Department guaranteeing the payment of such admitted or established liability.

No certificate of registration shall be issued to any person who is in default to the State of Illinois for moneys due under this Act or under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the applicant under this Act will permit the applicant to engage in business without registering separately under such other law, ordinance or resolution.

Any person aggrieved by any decision of the Department under this Section may, within 20 days after notice of such decision, protest and request a hearing, whereupon the Department shall give notice to such person of the time and place fixed for such hearing and shall hold a hearing in conformity with the provisions of this Act and then issue its final administrative decision in the matter to such person. In the absence of such a protest within 20 days, the Department's decision shall become final without any further determination being made or notice given.

With respect to security other than bonds (upon which the Department may sue in the event of a forfeiture), if the taxpayer fails to pay, when due, any amount whose payment such security guarantees, the Department shall, after such liability is admitted by the taxpayer or established by the Department through the issuance of a final assessment that has become final under the law, convert the security which that taxpayer has furnished into money for the State, after first giving the taxpayer at least 10 days' written notice, by registered or certified mail, to pay the liability or forfeit such security to the Department. If the security consists of stocks or bonds or other securities which are listed on a public exchange, the Department shall sell such securities through such public exchange. If the security consists of an irrevocable bank letter of credit, the Department shall convert the security in the manner provided for in the Uniform Commercial Code. If the security consists of a bank certificate of deposit, the Department shall convert the security into money by demanding and collecting the amount of such bank certificate of deposit from the bank which issued such certificate. If the security consists of a type of stocks or other securities which are not listed on a public exchange, the Department shall sell such security to the highest and best bidder after giving at least 10 days' notice of the date, time and place of the intended sale by publication in the "State Official Newspaper". If the Department realizes more than the amount of such liability from the security, plus the expenses incurred by the Department in converting the security into

money, the Department shall pay such excess to the taxpayer who furnished such security, and the balance shall be paid into the State Treasury.

The Department shall discharge any surety and shall release and return any security deposited, assigned, pledged or otherwise provided to it by a taxpayer under this Section within 30 days after:

(1) such taxpayer becomes a Prior Continuous Compliance taxpayer; or

(2) such taxpayer has ceased to collect receipts on which he is required to remit tax to the Department, has filed a final tax return, and has paid to the Department an amount sufficient to discharge his remaining tax liability, as determined by the Department, under this Act and under every other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration issued under this Act permits the registrant to engage in business without registering separately under such other law, ordinance or resolution. The Department shall make a final determination of the taxpayer's outstanding tax liability as expeditiously as possible after his final tax return has been filed; if the Department cannot make such final determination within 45 days after receiving the final tax return, within such period it shall so notify the taxpayer, stating its reasons therefor.

personal property, and from services furnished, by him prior to the

6. Gross receipts which were received by him during the
preceding calendar month or quarter and upon the basis of which the
tax is imposed;
7. The amount of credit provided in Section 2d of this Act;

9. The signature of the taxpayer; and
10. Such other reasonable information as the Department may
require.

If a taxpayer fails to sign a return within 30 days after the proper
notice and demand for signature by the Department, the return shall be
considered valid and any amount shown to be due on the return shall be
deemed assessed.

Each return shall be accompanied by the statement of prepaid tax
issued pursuant to Section 2e for which credit is claimed.

Prior to October 1, 2003, and on and after September 1, 2004 a
retailer may accept a Manufacturer's Purchase Credit certification from a
purchaser in satisfaction of Use Tax as provided in Section 3-85 of the Use
Tax Act if the purchaser provides the appropriate documentation as required
by Section 3-85 of the Use Tax Act. A Manufacturer's Purchase Credit
certification, accepted by a retailer prior to October 1, 2003 and on and after
September 1, 2004 as provided in Section 3-85 of the Use Tax Act, may be
used by that retailer to satisfy Retailers' Occupation Tax liability in the
amount claimed in the certification, not to exceed 6.25% of the receipts
subject to tax from a qualifying purchase. A Manufacturer's Purchase Credit
reported on any original or amended return filed under this Act after October
20, 2003 for reporting periods prior to September 1, 2004 shall be disallowed.
Manufacturer's Purchaser Credit reported on annual returns due on or after
January 1, 2005 will be disallowed for periods prior to September 1, 2004.
No Manufacturer's Purchase Credit may be used after September 30, 2003
through August 31, 2004 to satisfy any tax liability imposed under this Act,
including any audit liability.

The Department may require returns to be filed on a quarterly basis.
If so required, a return for each calendar quarter shall be filed on or before the
twentieth day of the calendar month following the end of such calendar
quarter. The taxpayer shall also file a return with the Department for each of
the first two months of each calendar quarter, on or before the twentieth day

of the following calendar month, stating:
1. The name of the seller;
2. The address of the principal place of business from which he engages in the business of selling tangible personal property at retail in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month from sales of tangible personal property by him during such preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due; and
6. Such other reasonable information as the Department may require.

Beginning on October 1, 2003, any person who is not a licensed distributor, importing distributor, or manufacturer, as defined in the Liquor Control Act of 1934, but is engaged in the business of selling, at retail, alcoholic liquor shall file a statement with the Department of Revenue, in a format and at a time prescribed by the Department, showing the total amount paid for alcoholic liquor purchased during the preceding month and such other information as is reasonably required by the Department. The Department may adopt rules to require that this statement be filed in an electronic or telephonic format. Such rules may provide for exceptions from the filing requirements of this paragraph. For the purposes of this paragraph, the term "alcoholic liquor" shall have the meaning prescribed in the Liquor Control Act of 1934.

Beginning on October 1, 2003, every distributor, importing distributor, and manufacturer of alcoholic liquor as defined in the Liquor Control Act of 1934, shall file a statement with the Department of Revenue, no later than the 10th day of the month for the preceding month during which transactions occurred, by electronic means, showing the total amount of gross receipts from the sale of alcoholic liquor sold or distributed during the preceding month to purchasers; identifying the purchaser to whom it was sold or distributed; the purchaser's tax registration number; and such other information reasonably required by the Department. A distributor, importing distributor, or manufacturer of alcoholic liquor must personally deliver, mail, or provide by electronic means to each retailer listed on the monthly statement a report containing a cumulative total of that distributor's, importing distributor's, or manufacturer's total sales of alcoholic liquor to that retailer no later than the 10th day of the month for the preceding month.

during which the transaction occurred. The distributor, importing distributor, or manufacturer shall notify the retailer as to the method by which the distributor, importing distributor, or manufacturer will provide the sales information. If the retailer is unable to receive the sales information by electronic means, the distributor, importing distributor, or manufacturer shall furnish the sales information by personal delivery or by mail. For purposes of this paragraph, the term "electronic means" includes, but is not limited to, the use of a secure Internet website, e-mail, or facsimile.

If a total amount of less than $1 is payable, refundable or creditable, such amount shall be disregarded if it is less than 50 cents and shall be increased to $1 if it is 50 cents or more.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.
All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Any amount which is required to be shown or reported on any return or other document under this Act shall, if such amount is not a whole-dollar amount, be increased to the nearest whole-dollar amount in any case where the fractional part of a dollar is 50 cents or more, and decreased to the nearest whole-dollar amount where the fractional part of a dollar is less than 50 cents.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability with the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under this Act with the Department not more than one month after discontinuing such business.

Where the same person has more than one business registered with the Department under separate registrations under this Act, such person may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every retailer selling this kind of tangible personal property shall file, with the
Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle retailer or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 2-5 of this Act, then that seller may report the transfer of all aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

Any retailer who sells only motor vehicles, watercraft, aircraft, or trailers that are required to be registered with an agency of this State, so that all retailers' occupation tax liability is required to be reported, and is reported, on such transaction reporting returns and who is not otherwise required to file monthly or quarterly returns, need not file monthly or quarterly returns. However, those retailers shall be required to file returns on an annual basis.

The transaction reporting return, in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of The Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of The Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft or aircraft must show the name and address of the seller; the name and address of the
purchaser; the amount of the selling price including the amount allowed by
the retailer for traded-in property, if any; the amount allowed by the retailer
for the traded-in tangible personal property, if any, to the extent to which
Section 1 of this Act allows an exemption for the value of traded-in property;
the balance payable after deducting such trade-in allowance from the total
selling price; the amount of tax due from the retailer with respect to such
transaction; the amount of tax collected from the purchaser by the retailer on
such transaction (or satisfactory evidence that such tax is not due in that
particular instance, if that is claimed to be the fact); the place and date of the
sale, a sufficient identification of the property sold, and such other
information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days
after the day of delivery of the item that is being sold, but may be filed by the
retailer at any time sooner than that if he chooses to do so. The transaction
reporting return and tax remittance or proof of exemption from the Illinois
use tax may be transmitted to the Department by way of the State agency with
which, or State officer with whom the tangible personal property must be
titled or registered (if titling or registration is required) if the Department and
such agency or State officer determine that this procedure will expedite the
processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the
proper amount of tax due (or shall submit satisfactory evidence that the sale
is not taxable if that is the case), to the Department or its agents, whereupon
the Department shall issue, in the purchaser's name, a use tax receipt (or a
certificate of exemption if the Department is satisfied that the particular sale
is tax exempt) which such purchaser may submit to the agency with which,
or State officer with whom, he must title or register the tangible personal
property that is involved (if titling or registration is required) in support of
such purchaser's application for an Illinois certificate or other evidence of title
or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a
user, who has paid the proper tax to the retailer, from obtaining his certificate
of title or other evidence of title or registration (if titling or registration is
required) upon satisfying the Department that such user has paid the proper
tax (if tax is due) to the retailer. The Department shall adopt appropriate rules
to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the
transaction reporting return filed and the payment of the tax or proof of
exemption made to the Department before the retailer is willing to take these

actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.

Refunds made by the seller during the preceding return period to purchasers, on account of tangible personal property returned to the seller, shall be allowed as a deduction under subdivision 5 of his monthly or quarterly return, as the case may be, in case the seller had theretofore included the receipts from the sale of such tangible personal property in a return filed by him and had paid the tax imposed by this Act with respect to such receipts.

Where the seller is a corporation, the return filed on behalf of such corporation shall be signed by the president, vice-president, secretary or treasurer or by the properly accredited agent of such corporation.

Where the seller is a limited liability company, the return filed on behalf of the limited liability company shall be signed by a manager, member, or properly accredited agent of the limited liability company.

Except as provided in this Section, the retailer filing the return under this Section shall, at the time of filing such return, pay to the Department the amount of tax imposed by this Act less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for the expenses incurred in keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. Any prepayment made pursuant to Section 2d of this Act shall be included in the amount on which such 2.1% or 1.75% discount is computed. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return. The Department may disallow the discount for retailers whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke
the certificate of registration has become final.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was $10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was $20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985 and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987 and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, or begins on or after January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year.

amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of $10,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $10,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of $20,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due as a payment and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department.
in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

The provisions of this paragraph apply before October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes which average in excess of $25,000 per month during the preceding 2 complete calendar quarters, shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to the effective date of this amendatory Act of 1985, each payment shall be in an amount not less than 22.5% of the taxpayer's actual liability under Section 2d. If the month during which such tax liability is incurred begins on or after January 1, 1986, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding calendar year. If the month during which such tax liability is incurred begins on or after January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until such taxpayer's average monthly prepaid tax collections during the preceding 2 complete calendar quarters is $25,000 or less. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

The provisions of this paragraph apply on and after October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes that average in excess of $20,000 per month during the preceding 4 complete calendar quarters shall file a return with the Department as required by

Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which the liability is incurred. Each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of the quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until the taxpayer's average monthly prepaid tax collections during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarters is less than $20,000. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

If any payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Use Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown on an original monthly return, the Department shall, if requested by the taxpayer, issue to the taxpayer a credit memorandum no later than 30 days after the date of payment. The credit evidenced by such credit memorandum may be assigned by the taxpayer to a similar taxpayer under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations to be prescribed by the Department. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determined that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% and 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and that taxpayer shall be liable for penalties and interest on such difference.

If a retailer of motor fuel is entitled to a credit under Section 2d of this Act which exceeds the taxpayer's liability to the Department under this Act for the month which the taxpayer is filing a return, the Department shall issue

the taxpayer a credit memorandum for the excess.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund, a special fund in the State treasury which is hereby created, the net revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund, a special fund in the State treasury which is hereby created, 4% of the net revenue realized for the preceding month from the 6.25% general rate.

Beginning August 1, 2000, each month the Department shall pay into the County and Mass Transit District Fund 20% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol. Beginning September 1, 2010, each month the Department shall pay into the County and Mass Transit District Fund 20% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of sales tax holiday items.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Beginning August 1, 2000, each month the Department shall pay into the Local Government Tax Fund 80% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol. Beginning September 1, 2010, each month the Department shall pay into the Local Government Tax Fund 80% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of sales tax holiday items.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2011, each month the Department shall pay into the Clean Air Act (CAA) Permit Fund 80% of the net revenue realized for the
preceding month from the 6.25% general rate on the selling price of sorbents used in Illinois in the process of sorbent injection as used to comply with the Environmental Protection Act or the federal Clean Air Act, but the total payment into the Clean Air Act (CAA) Permit Fund under this Act and the Use Tax Act shall not exceed $2,000,000 in any fiscal year.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to this Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as hereinafter defined), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; the "Annual Specified Amount" means the amounts specified below for fiscal years 1986 through 1993:

and means the Certified Annual Debt Service Requirement (as defined in Section 13 of the Build Illinois Bond Act) or the Tax Act Amount, whichever is greater, for fiscal year 1994 and each fiscal year thereafter; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year. The amounts payable into the Build Illinois Fund under clause (b) of the first sentence in this paragraph shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the first sentence of this paragraph and
shall reduce the amount otherwise payable for such fiscal year pursuant to that clause (b). The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993 and ending on September 30, 2013, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

The Department may, upon separate written notice to a taxpayer, require the taxpayer to prepare and file with the Department on a form prescribed by the Department within not less than 60 days after receipt of the notice an annual information return for the tax year specified in the notice. Such annual return to the Department shall include a statement of gross receipts as shown by the retailer's last Federal income tax return. If the total receipts of the business as reported in the Federal income tax return do not agree with the gross receipts reported to the Department of Revenue for the same period, the retailer shall attach to his annual return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The retailer's annual return to the Department shall also disclose the cost of goods sold by the retailer during the year covered by such return, opening and closing inventories of such goods for such year, costs of goods used from stock or taken from stock and given away by the retailer during such year, payroll information of the retailer's business during such year and any additional reasonable information which the Department deems would be helpful in determining the accuracy of the monthly, quarterly or annual returns filed by such retailer as provided for in this Section.

New matter indicated by italics - deletions by strikeout
If the annual information return required by this Section is not filed when and as required, the taxpayer shall be liable as follows:

(i) Until January 1, 1994, the taxpayer shall be liable for a penalty equal to 1/6 of 1% of the tax due from such taxpayer under this Act during the period to be covered by the annual return for each month or fraction of a month until such return is filed as required, the penalty to be assessed and collected in the same manner as any other penalty provided for in this Act.

(ii) On and after January 1, 1994, the taxpayer shall be liable for a penalty as described in Section 3-4 of the Uniform Penalty and Interest Act.

The chief executive officer, proprietor, owner or highest ranking manager shall sign the annual return to certify the accuracy of the information contained therein. Any person who willfully signs the annual return containing false or inaccurate information shall be guilty of perjury and punished accordingly. The annual return form prescribed by the Department shall include a warning that the person signing the return may be liable for perjury.

The provisions of this Section concerning the filing of an annual information return do not apply to a retailer who is not required to file an income tax return with the United States Government.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers and wholesalers whose products are sold at retail in Illinois by numerous retailers, and who wish to do so, may assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the retailers who are affected do not make written objection to the Department to this arrangement.

exhibitions or events, including any transient merchant as defined by Section 2 of the Transient Merchant Act of 1987, is required to file a report with the Department providing the name of the merchant's business, the name of the person or persons engaged in merchant's business, the permanent address and Illinois Retailers Occupation Tax Registration Number of the merchant, the dates and location of the event and other reasonable information that the Department may require. The report must be filed not later than the 20th day of the month next following the month during which the event with retail sales was held. Any person who fails to file a report required by this Section commits a business offense and is subject to a fine not to exceed $250.

Any person engaged in the business of selling tangible personal property at retail as a concessionaire or other type of seller at the Illinois State Fair, county fairs, art shows, flea markets and similar exhibitions or events, or any transient merchants, as defined by Section 2 of the Transient Merchant Act of 1987, may be required to make a daily report of the amount of such sales to the Department and to make a daily payment of the full amount of tax due. The Department shall impose this requirement when it finds that there is a significant risk of loss of revenue to the State at such an exhibition or event. Such a finding shall be based on evidence that a substantial number of concessionaires or other sellers who are not residents of Illinois will be engaging in the business of selling tangible personal property at retail at the exhibition or event, or other evidence of a significant risk of loss of revenue to the State. The Department shall notify concessionaires and other sellers affected by the imposition of this requirement. In the absence of notification by the Department, the concessionaires and other sellers shall file their returns as otherwise required in this Section.

Section 195. The Property Tax Code is amended by changing Sections 9-275 and 15-170 as follows:

(35 ILCS 200/9-275)
Sec. 9-275. Erroneous homestead exemptions.
(a) For purposes of this Section:
"Erroneous homestead exemption" means a homestead exemption that was granted for real property in a taxable year if the property was not eligible for that exemption in that taxable year. If the taxpayer receives an erroneous homestead exemption under a single Section of this Code for the same property in multiple years, that exemption is considered a single erroneous homestead exemption for purposes of this Section. However, if the taxpayer

New matter indicated by italics - deletions by strikeout
receives erroneous homestead exemptions under multiple Sections of this Code for the same property, or if the taxpayer receives erroneous homestead exemptions under the same Section of this Code for multiple properties, then each of those exemptions is considered a separate erroneous homestead exemption for purposes of this Section.

(b) Notwithstanding any other provision of law, in counties with 3,000,000 or more inhabitants, the chief county assessment officer shall include the following information with each assessment notice sent in a general assessment year: (1) a list of each homestead exemption available under Article 15 of this Code and a description of the eligibility criteria for that exemption; (2) a list of each homestead exemption applied to the property in the current assessment year; (3) information regarding penalties and interest that may be incurred under this Section if the property owner received an erroneous homestead exemption in a previous taxable year; and (4) notice of the 60-day grace period available under this subsection. If, within 60 days after receiving his or her assessment notice, the property owner notifies the chief county assessment officer that he or she received an erroneous homestead exemption in a previous assessment year, and if the property owner pays the principal amount of back taxes due and owing with respect to that exemption, plus interest as provided in subsection (f), then the property owner shall not be liable for the penalties provided in subsection (f) with respect to that exemption.

(c) The chief county assessment officer in a county with 3,000,000 or more inhabitants may cause a lien to be recorded against property that (1) is located in the county and (2) received one or more erroneous homestead exemptions if, upon determination of the chief county assessment officer, the property owner received: (A) one or 2 erroneous homestead exemptions for real property, including at least one erroneous homestead exemption granted for the property against which the lien is sought, during any of the 3 assessment years immediately prior to the assessment year in which the notice of intent to record at tax lien is served; or (B) (2) 3 or more erroneous homestead exemptions for real property, including at least one erroneous homestead exemption granted for the property against which the lien is sought, during any of the 6 assessment years immediately prior to the
assessment year in which the notice of intent to record a tax lien is served. Prior to recording the lien against the property, the chief county assessment officer shall cause to be served, by both regular mail and certified mail, return receipt requested, on the person to whom the most recent tax bill was mailed and the owner of record, a notice of intent to record a tax lien against the property.

(d) The notice of intent to record a tax lien described in subsection (c) shall: (1) identify, by property index number, the property against which the lien is being sought; (2) identify each specific homestead exemption that was erroneously granted and the year or years in which each exemption was granted; (3) set forth the arrearage of taxes that would have been due if not for the erroneous homestead exemptions; (4) inform the property owner that he or she may request a hearing within 30 days after service and may appeal the hearing officer's ruling to the circuit court; and (5) inform the property owner that he or she may pay the amount due, plus interest and penalties, within 30 days after service.

(e) The notice must also include a form that the property owner may return to the chief county assessment officer to request a hearing. The property owner may request a hearing by returning the form within 30 days after service. The hearing shall be held within 90 days after the property owner is served. The chief county assessment officer shall promulgate rules of service and procedure for the hearing. The chief county assessment officer must generally follow rules of evidence and practices that prevail in the county circuit courts, but, because of the nature of these proceedings, the chief county assessment officer is not bound by those rules in all particulars. The chief county assessment officer shall appoint a hearing officer to oversee the hearing. The property owner shall be allowed to present evidence to the hearing officer at the hearing. After taking into consideration all the relevant testimony and evidence, the hearing officer shall make an administrative decision on whether the property owner was erroneously granted a homestead exemption for the assessment year in question. The property owner may appeal the hearing officer's ruling to the circuit court of the county where the property is located as a final administrative decision under the Administrative Review Law.

(f) A lien against the property imposed under this Section shall be filed with the county recorder of deeds, but may not be filed sooner than 60 days after the notice was delivered to the property owner if the property owner does not request a hearing, or until the conclusion of the hearing and all appeals if the property owner does request a hearing. If a lien is filed
pursuant to this Section and the property owner received one or 2 erroneous homestead exemptions during any of the 3 assessment years immediately prior to the assessment year in which the notice of intent to record at tax lien is served, then the arrearages of taxes that might have been assessed for that property, plus 10% interest per annum, shall be charged against the property by the county treasurer. However, if a lien is filed pursuant to this Section and the property owner received 3 or more erroneous homestead exemptions during any of the 6 assessment years immediately prior to the assessment year in which the notice of intent to record at tax lien is served, the arrearages of taxes that might have been assessed for that property, plus a penalty of 50% of the total amount of unpaid taxes for each year for that property and 10% interest per annum, shall be charged against the property by the county treasurer.

(g) If a person received an erroneous homestead exemption under Section 15-170 and: (1) the person was the spouse, child, grandchild, brother, sister, niece, or nephew of the previous owner; and (2) the person received the property by bequest or inheritance; then the person is not liable for the penalties imposed under this subsection for any year or years during which the county did not require an annual application for the exemption. However, that person is responsible for any interest owed under subsection (f).

(h) If the erroneous homestead exemption was granted as a result of a clerical error or omission on the part of the chief county assessment officer, and if the owner has paid its tax bills as received for the year in which the error occurred, then the interest and penalties authorized by this Section with respect to that homestead exemption shall not be chargeable to the owner. However, nothing in this Section shall prevent the collection of the principal amount of back taxes due and owing.

(i) A lien under this Section is not valid as to (1) any bona fide purchaser for value without notice of the erroneous homestead exemption whose rights in and to the underlying parcel arose after the erroneous homestead exemption was granted but before the filing of the notice of lien; or (2) any mortgagee, judgment creditor, or other lienor whose rights in and to the underlying parcel arose before the filing of the notice of lien. A title insurance policy for the property that is issued by a title company licensed to do business in the State showing that the property is free and clear of any liens imposed under this Section shall be prima facie evidence that the property owner is without notice of the erroneous homestead exemption. Nothing in this Section shall be deemed to impair the rights of subsequent creditors and subsequent purchasers under Section 30 of the Conveyances.
(j) When a lien is filed against the property pursuant to this Section, the chief county assessment officer shall mail a copy of the lien to the person to whom the most recent tax bill was mailed and to the owner of record, and the outstanding liability created by such a lien is due and payable within 30 days after the mailing of the lien by the chief county assessment officer. Payment shall be made to the chief county assessment officer who shall, upon receipt of the full amount due, provide in reasonable form a release of the lien and shall transmit the funds received to the county treasurer for distribution as provided in subsection (i) of this Section. This liability is deemed delinquent and shall bear interest beginning on the day after the due date.

(k) The unpaid taxes shall be paid to the appropriate taxing districts. Interest shall be paid to the county where the property is located. The penalty shall be paid to the chief county assessment officer's office for the administration of the provisions of this amendatory Act of the 98th General Assembly.

(l) The chief county assessment officer in a county with 3,000,000 or more inhabitants shall establish an amnesty period for all taxpayers owing any tax due to an erroneous homestead exemption granted in a tax year prior to the 2013 tax year. The amnesty period shall begin on the effective date of this amendatory Act of the 98th General Assembly and shall run through December 31, 2013. If, during the amnesty period, the taxpayer pays the entire arrearage of taxes due for tax years prior to 2013, the county clerk shall abate and not seek to collect any interest or penalties that may be applicable and shall not seek civil or criminal prosecution for any taxpayer for tax years prior to 2013. Failure to pay all such taxes due during the amnesty period established under this Section shall invalidate the amnesty period for that taxpayer.

The chief county assessment officer in a county with 3,000,000 or more inhabitants shall (i) mail notice of the amnesty period with the tax bills for the second installment of taxes for the 2012 assessment year and (ii) as soon as possible after the effective date of this amendatory Act of the 98th General Assembly, publish notice of the amnesty period in a newspaper of general circulation in the county. Notices shall include information on the amnesty period, its purpose, and the method in which to make payment.

Taxpayers who are a party to any criminal investigation or to any civil or criminal litigation that is pending in any circuit court or appellate court, or in the Supreme Court of this State, for nonpayment, delinquency, or fraud in relation to any property tax imposed by any taxing district located in the State

A taxpayer who has claimed 3 or more homestead exemptions in error shall not be eligible for the amnesty period established under this subsection.

Sec. 15-170. Senior Citizens Homestead Exemption. An annual homestead exemption limited, except as described here with relation to cooperatives or life care facilities, to a maximum reduction set forth below from the property's value, as equalized or assessed by the Department, is granted for property that is occupied as a residence by a person 65 years of age or older who is liable for paying real estate taxes on the property and is an owner of record of the property or has a legal or equitable interest therein as evidenced by a written instrument, except for a leasehold interest, other than a leasehold interest of land on which a single family residence is located, which is occupied as a residence by a person 65 years or older who has an ownership interest therein, legal, equitable or as a lessee, and on which he or she is liable for the payment of property taxes. Before taxable year 2004, the maximum reduction shall be $2,500 in counties with 3,000,000 or more inhabitants and $2,000 in all other counties. For taxable years 2004 through 2005, the maximum reduction shall be $3,000 in all counties. For taxable years 2006 and 2007, the maximum reduction shall be $3,500. For taxable years 2008 through 2011, the maximum reduction is $4,000 in all counties. For taxable year 2012, the maximum reduction is $5,000 in counties with 3,000,000 or more inhabitants and $4,000 in all other counties. For taxable years 2013 and thereafter, the maximum reduction is $5,000 in all counties.

For land improved with an apartment building owned and operated as a cooperative, the maximum reduction from the value of the property, as equalized by the Department, shall be multiplied by the number of apartments or units occupied by a person 65 years of age or older who is liable, by contract with the owner or owners of record, for paying property taxes on the property and is an owner of record of a legal or equitable interest in the cooperative apartment building, other than a leasehold interest. For land improved with a life care facility, the maximum reduction from the value of the property, as equalized by the Department, shall be multiplied by the number of apartments or units occupied by persons 65 years of age or older, irrespective of any legal, equitable, or leasehold interest in the facility, who are liable, under a contract with the owner or owners of record of the facility, for paying property taxes on the property. In a cooperative or a life care

facility where a homestead exemption has been granted, the cooperative association or the management firm of the cooperative or facility shall credit the savings resulting from that exemption only to the apportioned tax liability of the owner or resident who qualified for the exemption. Any person who willfully refuses to so credit the savings shall be guilty of a Class B misdemeanor. Under this Section and Sections 15-175, 15-176, and 15-177, "life care facility" means a facility, as defined in Section 2 of the Life Care Facilities Act, with which the applicant for the homestead exemption has a life care contract as defined in that Act.

When a homestead exemption has been granted under this Section and the person qualifying subsequently becomes a resident of a facility licensed under the Assisted Living and Shared Housing Act, the Nursing Home Care Act, the Specialized Mental Health Rehabilitation Act of 2013, or the ID/DD Community Care Act, the exemption shall continue so long as the residence continues to be occupied by the qualifying person's spouse if the spouse is 65 years of age or older, or if the residence remains unoccupied but is still owned by the person qualified for the homestead exemption.

A person who will be 65 years of age during the current assessment year shall be eligible to apply for the homestead exemption during that assessment year. Application shall be made during the application period in effect for the county of his residence.

Beginning with assessment year 2003, for taxes payable in 2004, property that is first occupied as a residence after January 1 of any assessment year by a person who is eligible for the senior citizens homestead exemption under this Section must be granted a pro-rata exemption for the assessment year. The amount of the pro-rata exemption is the exemption allowed in the county under this Section divided by 365 and multiplied by the number of days during the assessment year the property is occupied as a residence by a person eligible for the exemption under this Section. The chief county assessment officer must adopt reasonable procedures to establish eligibility for this pro-rata exemption.

The assessor or chief county assessment officer may determine the eligibility of a life care facility to receive the benefits provided by this Section, by affidavit, application, visual inspection, questionnaire or other reasonable methods in order to insure that the tax savings resulting from the exemption are credited by the management firm to the apportioned tax liability of each qualifying resident. The assessor may request reasonable proof that the management firm has so credited the exemption.

The chief county assessment officer of each county with less than

3,000,000 inhabitants shall provide to each person allowed a homestead exemption under this Section a form to designate any other person to receive a duplicate of any notice of delinquency in the payment of taxes assessed and levied under this Code on the property of the person receiving the exemption. The duplicate notice shall be in addition to the notice required to be provided to the person receiving the exemption, and shall be given in the manner required by this Code. The person filing the request for the duplicate notice shall pay a fee of $5 to cover administrative costs to the supervisor of assessments, who shall then file the executed designation with the county collector. Notwithstanding any other provision of this Code to the contrary, the filing of such an executed designation requires the county collector to provide duplicate notices as indicated by the designation. A designation may be rescinded by the person who executed such designation at any time, in the manner and form required by the chief county assessment officer.

The assessor or chief county assessment officer may determine the eligibility of residential property to receive the homestead exemption provided by this Section by application, visual inspection, questionnaire or other reasonable methods. The determination shall be made in accordance with guidelines established by the Department.

In counties with 3,000,000 or more inhabitants, beginning in taxable year 2010, each taxpayer who has been granted an exemption under this Section must reapply on an annual basis. The chief county assessment officer shall mail the application to the taxpayer. In counties with less than 3,000,000 inhabitants, the county board may by resolution provide that if a person has been granted a homestead exemption under this Section, the person qualifying need not reapply for the exemption.

In counties with less than 3,000,000 inhabitants, if the assessor or chief county assessment officer requires annual application for verification of eligibility for an exemption once granted under this Section, the application shall be mailed to the taxpayer.

The assessor or chief county assessment officer shall notify each person who qualifies for an exemption under this Section that the person may also qualify for deferral of real estate taxes under the Senior Citizens Real Estate Tax Deferral Act. The notice shall set forth the qualifications needed for deferral of real estate taxes, the address and telephone number of county collector, and a statement that applications for deferral of real estate taxes may be obtained from the county collector.

Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any
mandate created by this Section.

Section 200. The Illinois Hydraulic Fracturing Tax Act is amended by changing Sections 2-15, 2-45, and 2-50 as follows:

(35 ILCS 450/2-15)

Sec. 2-15. Tax imposed.
(a) For oil and gas removed on or after July 1, 2013, there is hereby imposed a tax upon the severance and production of oil or gas from a well on a production unit in this State permitted, or required to be permitted, under the Illinois Hydraulic Fracturing Regulatory Act, for sale, transport, storage, profit, or commercial use. The tax shall be applied equally to all portions of the value of each barrel of oil severed and subject to such tax and to the value of the gas severed and subject to such tax. For a period of 24 months from the month in which oil or gas was first produced from the well, the rate of tax shall be 3% of the value of the oil or gas severed from the earth or water in this State. Thereafter, the rate of the tax shall be as follows:

(1) For oil:

(A) where the average daily production from the well during the month is less than 25 barrels, 3% of the value of the oil severed from the earth or water;
(B) where the average daily production from the well during the month is 25 or more barrels but less than 50 barrels, 4% of the value of the oil severed from the earth or water;
(C) where the average daily production from the well during the month is 50 or more barrels but less than 100 barrels, 5% of the value of the oil severed from the earth or water; or
(D) where the average daily production from the well during the month is 100 or more barrels, 6% of the value of the oil severed from the earth or water.

(2) For gas, 6% of the value of the gas severed from the earth or water.

If a well is required to be permitted under the Illinois Hydraulic Fracturing Regulatory Act, the tax imposed by this Section applies, whether or not a permit was obtained.

(b) Oil produced from a well whose average daily production is 15 barrels or less for the 12-month period immediately preceding the production
is exempt from the tax imposed by this Act.

(c) For the purposes of the tax imposed by this Act the amount of oil produced shall be measured or determined, in the case of oil, by tank tables, without deduction for overage or losses in handling. Allowance for any reasonable and bona fide deduction for basic sediment and water, and for correction of temperature to 60 degrees Fahrenheit will be allowed. For the purposes of the tax imposed by this Act the amount of gas produced shall be measured or determined, by meter readings showing 100% of the full volume expressed in cubic feet at a standard base and flowing temperature of 60 degrees Fahrenheit, and at the absolute pressure at which the gas is sold and purchased. Correction shall be made for pressure according to Boyle's law, and used for specific gravity according to the gravity at which the gas is sold and purchased.

(d) The following severance and production of gas shall be exempt from the tax imposed by this Act: gas injected into the earth for the purpose of lifting oil, recycling, or repressuring; gas used for fuel in connection with the operation and development for, or production of, oil or gas in the production unit where severed; and gas lawfully vented or flared; gas inadvertently lost on the production unit by reason of leaks, blowouts, or other accidental losses.

(e) All oil and gas removed from the premises where severed is subject to the tax imposed by this Act unless exempt under the terms of this Act.

(f) The liability for the tax accrues at the time the oil or gas is removed from the production unit.

All taxes due, or to be remitted, by the purchaser shall accompany this return. The return shall be filed on or before the last day of the month after the calendar month for which the return is required. The Department may require any additional report or information it may deem necessary for the proper administration of this Act.

Such returns shall be filed electronically in the manner prescribed by the Department. Purchasers shall make all payments of that tax to the Department by electronic funds transfer unless, as provided by rule, the Department grants an exception upon petition of a purchaser. Sec. 2-50. Operator returns; payment of tax.
(a) If, on or after July 1, 2013, oil or gas is transported off the production unit where severed by the operator, used on the production unit where severed, or if the manufacture and conversion of oil and gas into refined products occurs on the production unit where severed, the operator is responsible for remitting the tax imposed under subsections (a) of Section 2-15, on or before the last day of the month following the end of the calendar month in which the oil and gas is removed from the production unit, and such payment shall be accompanied by a return to the Department showing the gross quantity of oil or gas removed during the month for which the return is filed, the price paid therefor, and if no price is paid therefor, the value of the oil and gas, a description of the production unit from which such oil or gas was severed, and the amount of tax. The Department may require any additional information it may deem necessary for the proper administration of this Act.

(b) Operators shall file all returns electronically in the manner prescribed by the Department unless, as provided by rule, the Department grants an exception upon petition of an operator. Operators shall make all payments of that tax to the Department by electronic funds transfer unless, as provided by rule, the Department grants an exception upon petition of an operator. Operators' returns must be accompanied by appropriate computer generated magnetic media supporting schedule data in the format required by the Department, unless, as provided by rule, the Department grants an exception upon petition of a purchaser.

(c) Any operator who makes a monetary payment to a producer for his or her portion of the value of products from a production unit shall withhold from such payment the amount of tax due from the producer. Any operator who pays any tax due from a producer shall be entitled to reimbursement from the producer for the tax so paid and may take credit for such amount from any monetary payment to the producer for the value of products. To the extent that an operator required to collect the tax imposed by this Act has actually collected that tax, such tax is held in trust for the benefit of the State of Illinois.

(d) In the event the operator fails to make payment of the tax to the State as required herein, the operator shall be liable for the tax. A producer shall be entitled to bring an action against such operator to recover the amount of tax so withheld together with penalties and interest which may have accrued by failure to make such payment. A producer shall be entitled to all attorney fees and court costs incurred in such action. To the extent that a producer liable for the tax imposed by this Act collects the tax, and any penalties and interest, from an operator, such tax, penalties, and interest are held in trust by the producer for the benefit of the State of Illinois.

(e) When the title to any oil or gas severed from the earth or water is in dispute and the operator of such oil or gas is withholding payments on account of litigation, or for any other reason, such operator is hereby authorized, empowered and required to deduct from the gross amount thus held the amount of the tax imposed and to make remittance thereof to the Department as provided in this Section.

(f) An operator required to file a return and pay the tax under this Section shall register with the Department. Application for a certificate of registration shall be made to the Department upon forms furnished by the Department and shall contain any reasonable information the Department may require. Upon receipt of the application for a certificate of registration in proper form, the Department shall issue to the applicant a certificate of registration.

(g) If oil or gas is transported off the production unit where severed by the operator and sold to a purchaser or refiner, the State shall have a lien on all the oil or gas severed from the production unit in this State in the hands of the operator, the first or any subsequent purchaser thereof, or refiner to secure the payment of the tax. If a lien is filed by the Department, the purchaser or refiner shall withhold from the operator the amount of tax, penalty and interest identified in the lien.

Section 215. The Electricity Infrastructure Maintenance Fee Law is amended by changing Section 5-6 as follows:

(35 ILCS 645/5-6)
Sec. 5-6. Validity of existing franchise fees and agreement; police powers.
(a) On and after the effective date of this Law, no electricity deliverer paying an infrastructure maintenance fee imposed under this Law may be denied the right to use, directly or indirectly, public rights of way because of the failure to pay any other fee or charge for the right to use those rights of public ways.

way except to the extent that the electricity deliverer during the Initial Period fails under any existing franchise agreement to pay franchise fees which are based on the gross receipts or gross revenues attributable to non-residential customers or to provide free electrical service or other compensation attributable to non-residential customers. A municipality that imposes an infrastructure maintenance fee pursuant to Section 5-5 shall impose no other fees or charges upon electricity deliverers for such use except as provided by subsections (b) or (c) of this Section.

(b) Agreements between electricity deliverers and municipalities regarding use of the public way shall remain valid according to and for their stated terms. However, a municipality that, pursuant to a franchise agreement in existence on the effective date of this Law, receives any franchise fees, permit fees, free electrical service or other compensation for use of the public rights of way, may impose an infrastructure maintenance fee pursuant to this Law only if the municipality: (1) waives its right to receive all compensation from the electricity deliverer for use of the public rights of way during the time the infrastructure maintenance fee is imposed, except as provided in subsection (c), and except that during the Initial Period any municipality may continue to receive franchise fees, free electrical service or other compensation from the electricity deliverer which are equal in value to the Initial Period Compensation; and (2) provides written notice of this waiver to the appropriate electricity deliverer at the time that the municipality provides notice of the imposition of the infrastructure maintenance fee under subsection (d) of Section 5-5. For purposes of this Section, "Initial Period Compensation" shall mean the total amount of compensation due under the existing franchise agreement during the Initial Period less the amount of the infrastructure maintenance fee imposed under this Section during the Initial Period.

(c) Nothing in this Law prohibits a municipality from the reasonable exercise of its police powers over the public rights of way. In addition, a municipality may require an electricity deliverer to reimburse any special or extraordinary expenses or costs reasonably incurred by the municipality as a direct result of damages to its property or public rights of way, such as the costs of restoration of streets damaged by an electricity deliverer that does not make timely repair of the damage, or for the loss of revenue due to the inability to use public facilities as a direct result of the actions of the electricity deliverer, such as parking meters that are required to be removed because of work of an electricity deliverer.

Section 220. The Illinois Pension Code is amended by changing Sections 4-114, 8-138, 9-102, 11-134, and 13-809 as follows:

(40 ILCS 5/4-114) (from Ch. 108 1/2, par. 4-114)

Sec. 4-114. Pension to survivors. If a firefighter who is not receiving a disability pension under Section 4-110 or 4-110.1 dies (1) as a result of any illness or accident, or (2) from any cause while in receipt of a disability pension under this Article, or (3) during retirement after 20 years service, or (4) while vested for or in receipt of a pension payable under subsection (b) of Section 4-109, or (5) while a deferred pensioner, having made all required contributions, a pension shall be paid to his or her survivors, based on the monthly salary attached to the firefighter's rank on the last day of service in the fire department, as follows:

(a)(1) To the surviving spouse, a monthly pension of 40% of the monthly salary, and if there is a surviving spouse, to the guardian of any minor child or children including a child which has been conceived but not yet born, 12% of such monthly salary for each such child until attainment of age 18 or until the child's marriage, whichever occurs first. Beginning July 1, 1993, the monthly pension to the surviving spouse shall be 54% of the monthly salary for all persons receiving a surviving spouse pension under this Article, regardless of whether the deceased firefighter was in service on or after the effective date of this amendatory Act of 1993.

(2) Beginning July 1, 2004, unless the amount provided under paragraph (1) of this subsection (a) is greater, the total monthly pension payable under this paragraph (a), including any amount payable on account of children, to the surviving spouse of a firefighter who died (i) while receiving a retirement pension, (ii) while he or she was a deferred pensioner with at least 20 years of creditable service, or (iii) while he or she was in active service having at least 20 years of creditable service, regardless of age, shall be no less than 100% of the monthly retirement pension earned by the deceased firefighter at the time of death, regardless of whether death occurs before or after attainment of age 50, including any increases under Section 4-109.1. This minimum applies to all such surviving spouses who are eligible to receive a surviving spouse pension, regardless of whether the deceased firefighter was in service on or after the effective date of this amendatory Act of the 93rd General Assembly, and notwithstanding any limitation on maximum pension under paragraph (d) or any other provision of this Article.

New matter indicated by italics - deletions by strikeout
(3) If the pension paid on and after July 1, 2004 to the surviving spouse of a firefighter who died on or after July 1, 2004 and before the effective date of this amendatory Act of the 93rd General Assembly was less than the minimum pension payable under paragraph (1) or (2) of this subsection (a), the fund shall pay a lump sum equal to the difference within 90 days after the effective date of this amendatory Act of the 93rd General Assembly.

The pension to the surviving spouse shall terminate in the event of the surviving spouse's remarriage prior to July 1, 1993; remarriage on or after that date does not affect the surviving spouse's pension, regardless of whether the deceased firefighter was in service on or after the effective date of this amendatory Act of 1993.

The surviving spouse's pension shall be subject to the minimum established in Section 4-109.2.

(b) Upon the death of the surviving spouse leaving one or more minor children, or upon the death of a firefighter leaving one or more minor children but no surviving spouse, to the duly appointed guardian of each such child, for support and maintenance of each such child until the child reaches age 18 or marries, whichever occurs first, a monthly pension of 20% of the monthly salary.

In a case where the deceased firefighter left one or more minor children but no surviving spouse and the guardian of a child is receiving a pension of 12% of the monthly salary on August 16, 2013 (the effective date of Public Act 98-391), the pension is increased by 20% of the monthly salary for each such child, beginning on the pension payment date occurring on or next following August 16, 2013 the effective date of this amendatory Act. The changes to this Section made by Public Act 98-391 this amendatory Act of the 98th General Assembly apply without regard to whether the deceased firefighter was in service on or after August 16, 2013 the effective date of this amendatory Act.

(c) If a deceased firefighter leaves no surviving spouse or unmarried minor children under age 18, but leaves a dependent father or mother, to each dependent parent a monthly pension of 18% of the monthly salary. To qualify for the pension, a dependent parent must furnish satisfactory proof that the deceased firefighter was at the time of his or her death the sole supporter of the parent or that the parent was the deceased's dependent for federal income tax purposes.

New matter indicated by italics - deletions by strikeout
(d) The total pension provided under paragraphs (a), (b) and (c) of this Section shall not exceed 75% of the monthly salary of the deceased firefighter (1) when paid to the survivor of a firefighter who has attained 20 or more years of service credit and who receives or is eligible to receive a retirement pension under this Article, or (2) when paid to the survivor of a firefighter who dies as a result of illness or accident, or (3) when paid to the survivor of a firefighter who dies from any cause while in receipt of a disability pension under this Article, or (4) when paid to the survivor of a deferred pensioner. For all other survivors of deceased firefighters, the total pension provided under paragraphs (a), (b) and (c) of this Section shall not exceed 50% of the retirement annuity the firefighter would have received on the date of death.

The maximum pension limitations in this paragraph (d) do not control over any contrary provision of this Article explicitly establishing a minimum amount of pension or granting a one-time or annual increase in pension.

(e) If a firefighter leaves no eligible survivors under paragraphs (a), (b) and (c), the board shall refund to the firefighter's estate the amount of his or her accumulated contributions, less the amount of pension payments, if any, made to the firefighter while living.

(f) (Blank).

(g) If a judgment of dissolution of marriage between a firefighter and spouse is judicially set aside subsequent to the firefighter's death, the surviving spouse is eligible for the pension provided in paragraph (a) only if the judicial proceedings are filed within 2 years after the date of the dissolution of marriage and within one year after the firefighter's death and the board is made a party to the proceedings. In such case the pension shall be payable only from the date of the court's order setting aside the judgment of dissolution of marriage.

(h) Benefits payable on account of a child under this Section shall not be reduced or terminated by reason of the child's attainment of age 18 if he or she is then dependent by reason of a physical or mental disability but shall continue to be paid as long as such dependency continues. Individuals over the age of 18 and adjudged as a disabled person pursuant to Article XIa of the Probate Act of 1975, except for persons receiving benefits under Article III of the

New matter indicated by italics - deletions by strikeout
Illinois Public Aid Code, shall be eligible to receive benefits under this Act.

(i) Beginning January 1, 2000, the pension of the surviving spouse of a firefighter who dies on or after January 1, 1994 as a result of sickness, accident, or injury incurred in or resulting from the performance of an act of duty or from the cumulative effects of acts of duty shall not be less than 100% of the salary attached to the rank held by the deceased firefighter on the last day of service, notwithstanding subsection (d) or any other provision of this Article.

(j) Beginning July 1, 2004, the pension of the surviving spouse of a firefighter who dies on or after January 1, 1988 as a result of sickness, accident, or injury incurred in or resulting from the performance of an act of duty or from the cumulative effects of acts of duty shall not be less than 100% of the salary attached to the rank held by the deceased firefighter on the last day of service, notwithstanding subsection (d) or any other provision of this Article.

Notwithstanding any other provision of this Article, if a person who first becomes a firefighter under this Article on or after January 1, 2011 and who is not receiving a disability pension under Section 4-110 or 4-110.1 dies (1) as a result of any illness or accident, (2) from any cause while in receipt of a disability pension under this Article, (3) during retirement after 20 years service, (4) while vested for or in receipt of a pension payable under subsection (b) of Section 4-109, or (5) while a deferred pensioner, having made all required contributions, then a pension shall be paid to his or her survivors in the amount of 66 2/3% of the firefighter's earned pension at the date of death. Nothing in this Section shall act to diminish the survivor's benefits described in subsection (j) of this Section.

Notwithstanding any other provision of this Article, the monthly pension of a survivor of a person who first becomes a firefighter under this Article on or after January 1, 2011 shall be increased on the January 1 after attainment of age 60 by the recipient of the survivor's pension and each January 1 thereafter by 3% or one-half the annual unadjusted percentage increase in the consumer price index-u for the 12 months ending with the September preceding each November 1, whichever is less, of the originally granted survivor's pension. If the annual unadjusted percentage change in the consumer price index-u for a 12-month period ending in September is zero or, when compared with the preceding period, decreases, then the survivor's pension shall not be increased.

For the purposes of this Section, "consumer price index-u" means the

index published by the Bureau of Labor Statistics of the United States Department of Labor that measures the average change in prices of goods and services purchased by all urban consumers, United States city average, all items, 1982-84 = 100. year of service if withdrawal is on or after January 1, 2002, of the highest average annual salary for any 4 consecutive years within the last 10 years of service immediately preceding the date of withdrawal, to begin not earlier than upon attained age of 55 years, if under such age at withdrawal, reduced 0.25% for each full month or fractional part thereof that his attained age when annuity is to begin is less than 60; except that an employee retiring at age 55 or over but less than age 60, having at least 30 years of service, shall not be subject to the reduction in retirement annuity because of retirement below age 60.

Any employee who withdraws on or after the effective date of this amendatory Act of 1997 with 20 or more years of service may elect to receive, in lieu of any other employee annuity provided in this Section, an annuity for life equal to 2.20% for each year of service, if withdrawal is before January 1, 2002, or 2.40% for each year of service if withdrawal is on or after January 1, 2002, of the highest average annual salary for any 4 consecutive years within the last 10 years of service immediately preceding the date of withdrawal, to begin not earlier than upon attainment of age 55 (age 50 if the employee has at least 30 years of service), reduced 0.25% for each full month or remaining fractional part thereof that the employee's attained age when annuity is to begin is less than 60; except that an employee retiring at age 50 or over with at least 30 years of service or at age 55 or over with at least 25 years of service shall not be subject to the reduction in retirement annuity because of retirement below age 60.

The maximum annuity payable under part (a) and (b) of this Section shall not exceed 70% of highest average annual salary in the case of an employee who withdraws prior to July 1, 1971, 75% if withdrawal takes place on or after July 1, 1971 and prior to January 1, 2002, or 80% if withdrawal takes place on or after January 1, 2002. For the purpose of the minimum annuity provided in this Section $1,500 is considered the minimum annual salary for any year; and the maximum annual salary for the computation of such annuity is $4,800 for any year before 1953, $6000 for the years 1953 to 1956, inclusive, and the actual annual salary, as salary is defined in this Article, for any year thereafter.

To preserve rights existing on December 31, 1959, for participants and contributors on that date to the fund created by the Court and Law Department Employees' Annuity Act, who became participants in the fund provided for on January 1, 1960, the maximum annual salary to be considered for such persons for the years 1955 and 1956 is $7,500.

purposes under paragraphs (a) and (b) of this Section, for all periods of
disability benefit subsequent to the year 1956, is the amount on which his
disability benefit was based.

(d) An employee with 20 or more years of service, whose entire
disability benefit credit period expires before attainment of age 55 while still
disabled for service, is entitled upon withdrawal to the larger of (1) the
minimum annuity provided above, assuming he is then age 55, and reducing
such annuity to its actuarial equivalent as of his attained age on such date or
(2) the annuity provided from his age and service and prior service annuity
credits.

(e) The minimum annuity provisions do not apply to any former
municipal employee receiving an annuity from the fund who re-enters service
as a municipal employee, unless he renders at least 3 years of additional
service after the date of re-entry.

(f) An employee in service on July 1, 1947, or who became a
contributor after July 1, 1947 and before attainment of age 70, who
withdraws after age 65, with less than 20 years of service for whom the
annuity has been fixed under this Article shall, instead of the annuity so fixed,
receive an annuity as follows:

Such amount as he could have received had the accumulated amounts
for annuity been improved with interest at the effective rate to the date of his
withdrawal, or to attainment of age 70, whichever is earlier, and had the city
contributed to such earlier date for age and service annuity the amount that
it would have contributed had he been under age 65, after the date his annuity
was fixed in accordance with this Article, and assuming his annuity were
computed from such accumulations as of his age on such earlier date. The
annuity so computed shall not exceed the annuity which would be payable
under the other provisions of this Section if the employee was credited with
20 years of service and would qualify for annuity thereunder.

(g) Instead of the annuity provided in this Article, an employee having
attained age 65 with at least 15 years of service who withdraws from service
on or after July 1, 1971 and whose annuity computed under other provisions
of this Article is less than the amount provided under this paragraph, is
entitled to a minimum annuity for life equal to 1% of the highest average
annual salary, as salary is defined and limited in this Section for any 4
consecutive years within the last 10 years of service for each year of service,
plus the sum of $25 for each year of service. The annuity shall not exceed
60% of such highest average annual salary.

an employee who has at least 10 years of service and withdraws from service on or after January 1, 1999 may elect to receive a retirement annuity for life, beginning no earlier than upon attainment of age 60, equal to 2.2% if withdrawal is before January 1, 2002, or 2.4% if withdrawal is on or after January 1, 2002, of final average salary for each year of service, subject to a maximum of 75% of final average salary if withdrawal is before January 1, 2002, or 80% if withdrawal is on or after January 1, 2002. For the purpose of calculating this annuity, "final average salary" means the highest average annual salary for any 4 consecutive years in the last 10 years of service. Notwithstanding any provision of this subsection to the contrary, the "final average salary" for a participant that received credit under subsection (c) of Section 8-226 means the highest average salary for any 4 consecutive years (or any 8 consecutive years if the employee first became a participant on or after January 1, 2011) in the 10 years immediately prior to the leave of absence, and adding to that highest average salary, the product of (i) that highest average salary, (ii) the average percentage increase in the Consumer Price Index during each 12-month calendar year for the calendar years during the participant's leave of absence, and (iii) the length of the leave of absence in years, provided that this shall not exceed the participant's salary at the local labor organization. For purposes of this Section, the Consumer Price Index is the Consumer Price Index for All Urban Consumers for all items published by the United States Department of Labor.

(h) The minimum annuities provided under this Section shall be paid in equal monthly installments.

(i) The amendatory provisions of part (b) and (g) of this Section shall be effective July 1, 1971 and apply in the case of every qualifying employee withdrawing on or after July 1, 1971.

(j) The amendatory provisions of this amendatory Act of 1985 (P.A. 84-23) relating to the discount of annuity because of retirement prior to attainment of age 60, and to the retirement formula, for those born before January 1, 1936, shall apply only to qualifying employees withdrawing on or after July 18, 1985.

(j-1) The changes made to this Section by Public Act 92-609 (increasing the retirement formula to 2.4% per year of service and increasing the maximum to 80%) apply to persons who withdraw from service on or after January 1, 2002, regardless of whether that withdrawal takes place before the effective date of that Act. In the case of a person who withdraws from service on or after January 1, 2002 but begins to receive a retirement annuity before July 1, 2002, the annuity shall be recalculated, with the
increase resulting from Public Act 92-609 accruing from the date the retirement annuity began. The changes made by Public Act 92-609 control over the changes made by Public Act 92-599, as provided in Section 95 of P.A. 92-609.

(k) Beginning on January 1, 1999, the minimum amount of employee's annuity shall be $850 per month for life for the following classes of employees, without regard to the fact that withdrawal occurred prior to the effective date of this amendatory Act of 1998:

(1) any employee annuitant alive and receiving a life annuity on the effective date of this amendatory Act of 1998, except a reciprocal annuity;

(2) any employee annuitant alive and receiving a term annuity on the effective date of this amendatory Act of 1998, except a reciprocal annuity;

(3) any employee annuitant alive and receiving a reciprocal annuity on the effective date of this amendatory Act of 1998, whose service in this fund is at least 5 years;

(4) any employee annuitant withdrawing after age 60 on or after the effective date of this amendatory Act of 1998, with at least 10 years of service in this fund.

The increases granted under items (1), (2) and (3) of this subsection (k) shall not be limited by any other Section of this Act.

the date of withdrawal; provided, that in the case of any employee who withdraws on or after July 1, 1971, such employee age 60 or over with 20 or more years of service, shall be entitled to instead receive an annuity for life equal to 1.67% for each of the first 10 years of service; 1.90% for each of the next 10 years of service; 2.10% for each year of service in excess of 20 but not exceeding 30; and 2.30% for each year of service in excess of 30, based on the highest average annual salary for any 4 consecutive years within the last 10 years of service immediately preceding the date of withdrawal.

An employee who withdraws after July 1, 1957 and before January 1, 1988, with 20 or more years of service, before age 60, shall be entitled to an annuity, to begin not earlier than age 55, if under such age at withdrawal, as computed in the last preceding paragraph, reduced 0.25% if the employee was born before January 1, 1936, or 0.5% if the employee was born on or after January 1, 1936, for each full month or fractional part thereof that his attained age when such annuity is to begin is less than 60.

Any employee born before January 1, 1936 who withdraws with 20 or more years of service, and any employee with 20 or more years of service who withdraws on or after January 1, 1988, may elect to receive, in lieu of any other employee annuity provided in this Section, an annuity for life equal to 1.80% for each of the first 10 years of service, 2.00% for each of the next 10 years of service, 2.20% for each year of service in excess of 20, but not exceeding 30, and 2.40% for each year of service in excess of 30, of the highest average annual salary for any 4 consecutive years within the last 10 years of service immediately preceding the date of withdrawal, to begin not earlier than upon attained age of 55 years, if under such age at withdrawal, reduced 0.25% for each full month or fractional part thereof that his attained age when annuity is to begin is less than 60; except that an employee retiring on or after January 1, 1985 but before January 1, 1988, at age 55 or older and with at least 35 years of service, and who was subject under this subsection (a) to the reduction in retirement annuity because of retirement below age 60, that reduction shall cease to be effective January 1, 1991, and the retirement

Any employee who withdraws on or after July 1, 1990, with 20 or more years of service, may elect to receive, in lieu of any other employee annuity provided in this Section, an annuity for life equal to 2.20% for each year of service if withdrawal is before January 1, 2002, or 2.40% for each year of service if withdrawal is on or after January 1, 2002, of the highest average annual salary for any 4 consecutive years within the last 10 years of service immediately preceding the date of withdrawal, to begin not earlier than upon attained age of 55 years, if under such age at withdrawal, reduced 0.25% for each full month or fractional part thereof that his attained age when annuity is to begin is less than 60; except that an employee retiring at age 55 or over but less than age 60, having at least 30 years of service, shall not be subject to the reduction in retirement annuity because of retirement below age 60.

Any employee who withdraws on or after the effective date of this amendatory Act of 1997 with 20 or more years of service may elect to receive, in lieu of any other employee annuity provided in this Section, an annuity for life equal to 2.20% for each year of service if withdrawal is before January 1, 2002, or 2.40% for each year of service if withdrawal is on or after January 1, 2002, of the highest average annual salary for any 4 consecutive years within the last 10 years of service immediately preceding the date of withdrawal, to begin not earlier than upon attainment of age 55 (age 50 if the employee has at least 30 years of service), reduced 0.25% for each full month or remaining fractional part thereof that the employee's attained age when annuity is to begin is less than 60; except that an employee retiring at age 50 or over with at least 30 years of service or at age 55 or over with at least 25 years of service shall not be subject to the reduction in retirement annuity because of retirement below age 60.

The maximum annuity payable under this paragraph (a) of this Section shall not exceed 70% of highest average annual salary in the case of an employee who withdraws prior to July 1, 1971, 75% if withdrawal takes place on or after July 1, 1971 and prior to January 1, 2002, or 80% if withdrawal is on or after January 1, 2002. For the purpose of the minimum annuity provided in said paragraphs $1,500 shall be considered the minimum annual salary for any year; and the maximum annual salary to be considered for the computation of such annuity shall be $4,800 for any year prior to 1953, $6,000 for the years 1953 to 1956, inclusive, and the actual annual salary, as salary is defined in this Article, for any year thereafter.

purposes under this Section shall, for all periods of disability benefit subsequent to the year 1956, be the amount on which his disability benefit was based.

(c) An employee with 20 or more years of service, whose entire disability benefit credit period expires prior to attainment of age 55 while still disabled for service, shall be entitled upon withdrawal to the larger of (1) the minimum annuity provided above assuming that he is then age 55, and reducing such annuity to its actuarial equivalent at his attained age on such date, or (2) the annuity provided from his age and service and prior service annuity credits.

(d) The minimum annuity provisions as aforesaid shall not apply to any former employee receiving an annuity from the fund, and who re-enters service as an employee, unless he renders at least 3 years of additional service after the date of re-entry.

(e) An employee in service on July 1, 1947, or who became a contributor after July 1, 1947 and prior to July 1, 1950, or who shall become a contributor to the fund after July 1, 1950 prior to attainment of age 70, who withdraws after age 65 with less than 20 years of service, for whom the annuity has been fixed under the foregoing Sections of this Article shall, in lieu of the annuity so fixed, receive an annuity as follows:

Such amount as he could have received had the accumulated amounts for annuity been improved with interest at the effective rate to the date of his withdrawal, or to attainment of age 70, whichever is earlier, and had the city contributed to such earlier date for age and service annuity the amount that would have been contributed had he been under age 65, after the date his annuity was fixed in accordance with this Article, and assuming his annuity were computed from such accumulations as of his age on such earlier date. The annuity so computed shall not exceed the annuity which would be payable under the other provisions of this Section if the employee was credited with 20 years of service and would qualify for annuity thereunder.

(f) In lieu of the annuity provided in this or in any other Section of this Article, an employee having attained age 65 with at least 15 years of service who withdraws from service on or after July 1, 1971 and whose annuity computed under other provisions of this Article is less than the amount provided under this paragraph shall be entitled to receive a minimum annual annuity for life equal to 1% of the highest average annual salary for any 4 consecutive years within the last 10 years of service immediately preceding retirement for each year of his service plus the sum of $25 for each year of service. Such annual annuity shall not exceed the maximum

percentages stated under paragraph (a) of this Section of such highest average annual salary.

(f-1) Instead of any other retirement annuity provided in this Article, an employee who has at least 10 years of service and withdraws from service on or after January 1, 1999 may elect to receive a retirement annuity for life, beginning no earlier than upon attainment of age 60, equal to 2.2% if withdrawal is before January 1, 2002, or 2.4% for each year of service if withdrawal is on or after January 1, 2002, of final average salary for each year of service, subject to a maximum of 75% of final average salary if withdrawal is before January 1, 2002, or 80% if withdrawal is on or after January 1, 2002. For the purpose of calculating this annuity, "final average salary" means the highest average annual salary for any 4 consecutive years in the last 10 years of service. Notwithstanding any provision of this subsection to the contrary, the "final average salary" for a participant that received credit under item (3) of subsection (c) of Section 11-215 means the highest average salary for any 4 consecutive years (or any 8 consecutive years if the employee first became a participant on or after January 1, 2011) in the 10 years immediately prior to the leave of absence, and adding to that highest average salary, the product of (i) that highest average salary, (ii) the average percentage increase in the Consumer Price Index during each 12-month calendar year for the calendar years during the participant's leave of absence, and (iii) the length of the leave of absence in years, provided that this shall not exceed the participant's salary at the local labor organization. For purposes of this Section, the Consumer Price Index is the Consumer Price Index for All Urban Consumers for all items published by the United States Department of Labor.

(g) Any annuity payable under the preceding subsections of this Section 11-134 shall be paid in equal monthly installments.

(h) The amendatory provisions of part (a) and (f) of this Section shall be effective July 1, 1971 and apply in the case of every qualifying employee withdrawing on or after July 1, 1971.

(h-1) The changes made to this Section by Public Act 92-609 (increasing the retirement formula to 2.4% per year of service and increasing the maximum to 80%) apply to persons who withdraw from service on or after January 1, 2002, regardless of whether that withdrawal takes place before the effective date of that Act. In the case of a person who withdraws from service on or after January 1, 2002 but begins to receive a retirement annuity before July 1, 2002, the annuity shall be recalculated, with the increase resulting from Public Act 92-609 accruing from the date the...
retirement annuity began. The changes made by Public Act 92-609 control over the changes made by Public Act 92-599, as provided in Section 95 of P.A. 92-609.

(j) Beginning on January 1, 1999, the minimum amount of employee's annuity shall be $850 per month for life for the following classes of employees, without regard to the fact that withdrawal occurred prior to the effective date of this amendatory Act of 1998:

1. any employee annuitant alive and receiving a life annuity on the effective date of this amendatory Act of 1998, except a reciprocal annuity;
2. any employee annuitant alive and receiving a term annuity on the effective date of this amendatory Act of 1998, except a reciprocal annuity;

(a) All autopsies conducted in this State shall include an inquiry to determine whether the death was a direct result of a seizure or epilepsy. If the findings in an autopsy of a medical examiner, examining physician, or coroner are consistent with known or suspected sudden, unexpected death in epilepsy (SUDEP), then the medical examiner, examining physician, or coroner shall:

(1) cause to be indicated on the death certificate that SUDEP is the cause or suspected cause of death; and

(2) forward a copy of the death certificate to the North American SUDEP Registry at the Langone Medical Center at New York University within 30 days.

(b) For the purposes of this Section, "sudden, unexpected death in epilepsy" refers to a death in a patient previously diagnosed with epilepsy that is not due to trauma, drowning, status epilepticus, or other known causes, but for which there is often evidence of an associated seizure. A finding of sudden, unexpected death in epilepsy is definite when clinical criteria are met and autopsy reveals no alternative cause of death, such as stroke, myocardial infarction, or drug intoxication, although there may be evidence of a seizure.

except upon payment of the additional fee required under this paragraph. This paragraph, as amended by this amendatory Act of 1995, applies only to documents dated after the effective date of this amendatory Act of 1995.

The county board of any county may provide for an additional charge of $3 for filing every instrument, paper, or notice for record, (1) in order to defray the cost of converting the county recorder's document storage system to computers or micrographics and (2) in order to defray the cost of providing access to records through the global information system known as the Internet.

A special fund shall be set up by the treasurer of the county and such funds collected pursuant to Public Act 83-1321 shall be used (1) for a document storage system to provide the equipment, materials and necessary expenses incurred to help defray the costs of implementing and maintaining such a document records system and (2) for a system to provide electronic access to those records.

The county board of any county that provides and maintains a countywide map through a Geographic Information System (GIS) may provide for an additional charge of $3 for filing every instrument, paper, or notice for record (1) in order to defray the cost of implementing or maintaining the county's Geographic Information System and (2) in order to defray the cost of providing electronic or automated access to the county's Geographic Information System or property records. Of that amount, $2 must be deposited into a special fund set up by the treasurer of the county, and any moneys collected pursuant to this amendatory Act of the 91st General Assembly and deposited into that fund must be used solely for the equipment, materials, and necessary expenses incurred in implementing and maintaining a Geographic Information System and in order to defray the cost of providing electronic access to the county's Geographic Information System records. The remaining $1 must be deposited into the recorder's special funds created under Section 3-5005.4. The recorder may, in his or her discretion, use moneys in the funds created under Section 3-5005.4 to defray the cost of implementing or maintaining the county's Geographic Information System and to defray the cost of providing electronic access to the county's Geographic Information System records.

The recorder shall collect a $9 Rental Housing Support Program State surcharge for the recordation of any real estate-related document. Payment of the Rental Housing Support Program State surcharge shall be evidenced by a receipt that shall be marked upon or otherwise affixed to the real estate-related document by the recorder. The form of this receipt shall be prescribed.
by the Department of Revenue and the receipts shall be issued by the
Department of Revenue to each county recorder.

The recorder shall not collect the Rental Housing Support Program
State surcharge from any State agency, any unit of local government or any
school district.

On the 15th day of each month, each county recorder shall report to
the Department of Revenue, on a form prescribed by the Department, the
number of real estate-related documents recorded for which the Rental
Housing Support Program State surcharge was collected. Each recorder shall
submit $9 of each surcharge collected in the preceding month to the
Department of Revenue and the Department shall deposit these amounts in
the Rental Housing Support Program Fund. Subject to appropriation, amounts
in the Fund may be expended only for the purpose of funding and
administering the Rental Housing Support Program.

For purposes of this Section, "real estate-related document" means
that term as it is defined in Section 7 of the Rental Housing Support Program
Act.

The foregoing fees allowed by this Section are the maximum fees that
may be collected from any officer, agency, department or other
instrumentality of the State. The county board may, however, by ordinance,
increase the fees allowed by this Section and collect such increased fees from
all persons and entities other than officers, agencies, departments and other
instrumentalities of the State if the increase is justified by an acceptable cost
study showing that the fees allowed by this Section are not sufficient to cover
the cost of providing the service. Regardless of any other provision in this
Section, the maximum fee that may be collected from the Department of
Revenue for filing or indexing a lien, certificate of lien release or
subordination, or any other type of notice or other documentation affecting
or concerning a lien is $5. Regardless of any other provision in this Section,
the maximum fee that may be collected from the Department of Revenue for
indexing each additional name in excess of one for any lien, certificate of lien
release or subordination, or any other type of notice or other documentation
affecting or concerning a lien is $1.

A statement of the costs of providing each service, program and
activity shall be prepared by the county board. All supporting documents
shall be public record and subject to public examination and audit. All direct
and indirect costs, as defined in the United States Office of Management and
Budget Circular A-87, may be included in the determination of the costs of
each service, program and activity.

Sec. 5-1062.3. Stormwater management; DuPage and Peoria Counties.

(a) The purpose of this Section is to allow management and mitigation of the effects of urbanization on stormwater drainage in the metropolitan counties of DuPage and Peoria, and references to "county" in this Section apply only to those counties. This Section does not apply to a municipality that only partially lies within one of these counties and, on the effective date of this amendatory Act of the 98th General Assembly, is served by an existing Section in the Counties Code regarding stormwater management. The purpose of this Section shall be achieved by:

(1) consolidating the existing stormwater management framework into a united, countywide structure;

(2) setting minimum standards for floodplain and stormwater management; and

(3) preparing a countywide plan for the management of stormwater runoff, including the management of natural and man-made drainageways. The countywide plan may incorporate watershed plans.

(b) A stormwater management planning committee may be established by county board resolution, with its membership consisting of equal numbers of county board and municipal representatives from each county board district, and such other members as may be determined by the county and municipal members. If the county has more than 6 county board districts, however, the county board may by ordinance divide the county into not less than 6 areas of approximately equal population, to be used instead of county board districts for the purpose of determining representation on the stormwater management planning committee.

The county board members shall be appointed by the chairman of the county board. Municipal members from each county board district or other represented area shall be appointed by a majority vote of the mayors of those municipalities that have the greatest percentage of their respective populations residing in that county board district or other represented area. All municipal and county board representatives shall be entitled to a vote; the other members shall be nonvoting members, unless authorized to vote by the unanimous consent of the municipal and county board representatives. A municipality that is located in more than one county may choose, at the time of formation of the stormwater management planning committee and based

New matter indicated by italics - deletions by strikeout
on watershed boundaries, to participate in the stormwater management planning program of either county. Subcommittees of the stormwater management planning committee may be established to serve a portion of the county or a particular drainage basin that has similar stormwater management needs. The stormwater management planning committee shall adopt bylaws, by a majority vote of the county and municipal members, to govern the functions of the committee and its subcommittees. Officers of the committee shall include a chair and vice chair, one of whom shall be a county representative and one a municipal representative.

The principal duties of the committee shall be to develop a stormwater management plan for presentation to and approval by the county board, and to direct the plan's implementation and revision. The committee may retain engineering, legal, and financial advisors and inspection personnel. The committee shall meet at least quarterly and shall hold at least one public meeting during the preparation of the plan and prior to its submittal to the county board. The committee may make grants to units of local government that have adopted an ordinance requiring actions consistent with the stormwater management plan and to landowners for the purposes of stormwater management, including special projects; use of the grant money must be consistent with the stormwater management plan.

The committee shall not have or exercise any power of eminent domain.

(c) In the preparation of a stormwater management plan, a county stormwater management planning committee shall coordinate the planning process with each adjoining county to ensure that recommended stormwater projects will have no significant impact on the levels or flows of stormwaters in inter-county watersheds or on the capacity of existing and planned stormwater retention facilities. An adopted stormwater management plan shall identify steps taken by the county to coordinate the development of plan recommendations with adjoining counties.

(d) The stormwater management committee may not enforce any rules or regulations that would interfere with (i) any power granted by the Illinois Drainage Code (70 ILCS 605/) to operate, construct, maintain, or improve drainage systems or (ii) the ability to operate, maintain, or improve the drainage systems used on or by land or a facility used for production agriculture purposes, as defined in the Use Tax Act (35 ILCS 105/), except newly constructed buildings and newly installed impervious paved surfaces. Disputes regarding an exception shall be determined by a mutually agreed upon arbitrator paid by the disputing party or parties.

New matter indicated by italics - deletions by strikeout
(e) Before the stormwater management planning committee recommends to the county board a stormwater management plan for the county or a portion thereof, it shall submit the plan to the Office of Water Resources of the Department of Natural Resources for review and recommendations. The Office, in reviewing the plan, shall consider such factors as impacts on the levels or flows in rivers and streams and the cumulative effects of stormwater discharges on flood levels. The Office of Water Resources shall determine whether the plan or ordinances enacted to implement the plan complies with the requirements of subsection (f). Within a period not to exceed 60 days, the review comments and recommendations shall be submitted to the stormwater management planning committee for consideration. Any amendments to the plan shall be submitted to the Office for review.

(f) Prior to recommending the plan to the county board, the stormwater management planning committee shall hold at least one public hearing thereon and shall afford interested persons an opportunity to be heard. The hearing shall be held in the county seat. Notice of the hearing shall be published at least once and no less than 15 days in advance of the hearing in a newspaper of general circulation published in the county. The notice shall state the time and place of the hearing and the place where copies of the proposed plan will be accessible for examination by interested parties. If an affected municipality having a stormwater management plan adopted by ordinance wishes to protest the proposed county plan provisions, it shall appear at the hearing and submit in writing specific proposals to the stormwater management planning committee. After consideration of the matters raised at the hearing, the committee may amend or approve the plan and recommend it to the county board for adoption.

The county board may enact the proposed plan by ordinance. If the proposals for modification of the plan made by an affected municipality having a stormwater management plan are not included in the proposed county plan, and the municipality affected by the plan opposes adoption of the county plan by resolution of its corporate authorities, approval of the county plan shall require an affirmative vote of at least two-thirds of the county board members present and voting. If the county board wishes to amend the county plan, it shall submit in writing specific proposals to the stormwater management planning committee. If the proposals are not approved by the committee, or are opposed by resolution of the corporate authorities of an affected municipality having a municipal stormwater management plan, amendment of the plan shall require an affirmative vote.

of at least two-thirds of the county board members present and voting.

(g) The county board may prescribe by ordinance reasonable rules and regulations for floodplain management and for governing the location, width, course, and release rate of all stormwater runoff channels, streams, and basins in the county, in accordance with the adopted stormwater management plan. Land, facilities, and drainage district facilities used for production agriculture as defined in subsection (d) shall not be subjected to regulation by the county board or stormwater management committee under this Section for floodplain management and for governing location, width, course, maintenance, and release rate of stormwater runoff channels, streams and basins, or water discharged from a drainage district. These rules and regulations shall, at a minimum, meet the standards for floodplain management established by the Office of Water Resources and the requirements of the Federal Emergency Management Agency for participation in the National Flood Insurance Program. With respect to DuPage County only, the Chicago Metropolitan Agency for Planning may not impose more stringent regulations regarding water quality on entities discharging in accordance with a valid National Pollution Discharge Elimination System permit issued under the Environmental Protection Act.

(h) For the purpose of implementing this Section and for the development, design, planning, construction, operation, and maintenance of stormwater facilities provided for in the adopted stormwater management plan, a county board that has established a stormwater management planning committee pursuant to this Section or has participated in a stormwater management planning process may adopt a schedule of fees applicable to all real property within the county which benefits from the county's stormwater management facilities and activities, and as may be necessary to mitigate the effects of increased stormwater runoff resulting from development. The total amount of the fees assessed must be specifically and uniquely attributable to the actual costs of the county in the preparation, administration, and implementation of the adopted stormwater management plan, construction and maintenance of stormwater facilities, and other activities related to the management of the runoff from the property. The individual fees must be specifically and uniquely attributable to the portion of the actual cost to the county of managing the runoff from the property. The fees shall be used to finance activities undertaken by the county or its included municipalities to mitigate the effects of urban stormwater runoff by providing and maintaining stormwater collection, retention, detention, and particulate treatment facilities, and improving water bodies impacted by stormwater runoff, as

New matter indicated by italics - deletions by strikeout
identified in the county plan. In establishing, maintaining, or replacing such facilities, the county shall not duplicate facilities operated by other governmental bodies within its corporate boundaries. The schedule of fees established by the county board shall include a procedure for a full or partial fee waiver for property owners who have taken actions or put in place facilities that reduce or eliminate the cost to the county of providing stormwater management services to their property. The county board may also offer tax or fee rebates or incentive payments to property owners who construct, maintain, and use approved green infrastructure stormwater management devices or any other methods that reduce or eliminate the cost to the county of providing stormwater management services to the property, including but not limited to facilities that reduce the volume, temperature, velocity, and pollutant load of the stormwater managed by the county, such as systems that infiltrate, evapotranspirate, or harvest stormwater for reuse, known as "green infrastructure". In exercising this authority, the county shall provide notice to the municipalities within its jurisdiction of any fees proposed under this Section and seek the input of each municipality with respect to the calculation of the fees. The county shall also give property owners at least 2 years' notice of the fee, during which time the county shall provide education on green infrastructure practices and an opportunity to take action to reduce or eliminate the fee. All these fees collected by the county shall be held in a separate fund, and shall be expended only in the watershed within which they were collected. The county may enter into intergovernmental agreements with other government bodies for the joint administration of stormwater management and the collection of the fees authorized in this Section.

A fee schedule authorized by this subsection must have the same limit as the authorized stormwater tax. In Peoria County only, the fee schedule shall not be adopted unless (i) a referendum has been passed approving a stormwater tax as provided in subsection (i) of this Section; or (ii) the question of the adoption of a fee schedule with the same limit as the authorized stormwater tax has been approved in a referendum by a majority of those voting on the question.

(i) In the alternative to a fee imposed under subsection (h), the county board may cause an annual tax of not to exceed 0.20% of the value, as equalized or assessed by the Department of Revenue, of all taxable property in the county to be levied upon all the taxable property in the county. The property tax shall be in addition to all other taxes authorized by law to be levied and collected in the county and shall be in addition to the maximum

New matter indicated by italics - deletions by strikeout
tax rate authorized by law for general county purposes. The 0.20% limitation provided in this Section may be increased or decreased by referendum in accordance with the provisions of Sections 18-120, 18-125, and 18-130 of the Property Tax Code (35 ILCS 200/).

Any revenues generated as a result of ownership or operation of facilities or land acquired with the tax funds collected pursuant to this subsection shall be held in a separate fund and be used either to abate such property tax or for implementing this Section.

If at least part of the county has been declared by a presidential proclamation after July 1, 1986 and before December 31, 1987, to be a disaster area as a result of flooding, the tax authorized by this subsection does not require approval by referendum. However, in Peoria County, the tax authorized by this subsection shall not be levied until the question of its adoption, either for a specified period or indefinitely, has been submitted to the electors thereof and approved by a majority of those voting on the question. This question may be submitted at any election held in the county after the adoption of a resolution by the county board providing for the submission of the question to the electors of the county. The county board shall certify the resolution and proposition to the proper election officials, who shall submit the proposition at an election in accordance with the general election law. If a majority of the votes cast on the question is in favor of the levy of the tax, it may thereafter be levied in the county for the specified period or indefinitely, as provided in the proposition. The question shall be put in substantially the following form:

Shall an annual tax be levied for stormwater management purposes (for a period of not more than _____ years) at a rate not exceeding _____% of the equalized assessed value of the taxable property of _____ County?

Votes shall be recorded as Yes or No.

The following question may be submitted at any election held in the county after the adoption of a resolution by the county board providing for the submission of the question to the electors of the county to authorize adoption of a schedule of fees applicable to all real property within the county:

Shall the county board be authorized to adopt a schedule of fees, at a rate not exceeding that of the stormwater management tax, applicable to all real property for preparation, administration, and implementation of an adopted stormwater management plan, construction and maintenance of related facilities, and management of the runoff from the property?

New matter indicated by italics - deletions by strikeout
Votes shall be recorded as Yes or No.

If these questions have been approved by a majority of those voting prior to the effective date of this amendatory Act of the 98th General Assembly, this subsection does not apply.

(j) For those counties that adopt a property tax in accordance with the provisions in this Section, the stormwater management committee shall offer property tax abatements or incentive payments to property owners who construct, maintain, and use approved stormwater management devices. The stormwater management committee is authorized to offer credits to the property tax, if applicable, based on authorized practices consistent with the stormwater management plan and approved by the committee. Expenses of staff of a stormwater management committee that are expended on regulatory project review may be no more than 20% of the annual budget of the committee, including funds raised under subsections (h) and (i).

(k) Upon the creation and implementation of a county stormwater management plan, the county may petition the circuit court to dissolve any or all drainage districts created pursuant to the Illinois Drainage Code or predecessor Acts which are located entirely within the area of the county covered by the plan.

However, any active drainage district implementing a plan that is consistent with and at least as stringent as the county stormwater management plan may petition the stormwater management planning committee for exception from dissolution. Upon filing of the petition, the committee shall set a date for hearing not less than 2 weeks, nor more than 4 weeks, from the filing thereof, and the committee shall give at least one week's notice of the hearing in one or more newspapers of general circulation within the district, and in addition shall cause a copy of the notice to be personally served upon each of the trustees of the district. At the hearing, the committee shall hear the district's petition and allow the district trustees and any interested parties an opportunity to present oral and written evidence. The committee shall render its decision upon the petition for exception from dissolution based upon the best interests of the residents of the district. In the event that the exception is not allowed, the district may file a petition within 30 days of the decision with the circuit court. In that case, the notice and hearing requirements for the court shall be the same as herein provided for the committee. The court shall likewise render its decision of whether to dissolve the district based upon the best interests of residents of the district.

The dissolution of any drainage district shall not affect the obligation of any bonds issued or contracts entered into by the district nor invalidate the
levy, extension or collection of any taxes or special assessments upon the property in the former drainage district. All property and obligations of the former drainage district shall be assumed and managed by the county, and the debts of the former drainage district shall be discharged as soon as practicable.

If a drainage district lies only partly within a county that adopts a county stormwater management plan, the county may petition the circuit court to disconnect from the drainage district that portion of the district that lies within that county. The property of the drainage district within the disconnected area shall be assumed and managed by the county. The county shall also assume a portion of the drainage district's debt at the time of disconnection, based on the portion of the value of the taxable property of the drainage district which is located within the area being disconnected.

The operations of any drainage district that continues to exist in a county that has adopted a stormwater management plan in accordance with this Section shall be in accordance with the adopted plan.

(l) Any county that has adopted a county stormwater management plan under this Section may, after 10 days’ written notice receiving consent of the owner or occupant, enter upon any lands or waters within the county for the purpose of inspecting stormwater facilities or causing the removal of any obstruction to an affected watercourse. If consent is denied or cannot be reasonably obtained, the county ordinance shall provide a process or procedure for an administrative warrant to be obtained. The county shall be responsible for any damages occasioned thereby.

(m) Except as otherwise provided in subsection (a) of this Section, upon petition of the municipality, and based on a finding of the stormwater management planning committee, the county shall not enforce rules and regulations adopted by the county in any municipality located wholly or partly within the county that has a municipal stormwater management ordinance that is consistent with and at least as stringent as the county plan and ordinance, and is being enforced by the municipal authorities. On issues that the county ordinance is more stringent as deemed by the committee, the county shall only enforce rules and regulations adopted by the county on the more stringent issues and accept municipal permits. The county shall have no more than 60 days to review permits or the permits shall be deemed approved.

(n) A county may issue general obligation bonds for implementing any stormwater plan adopted under this Section in the manner prescribed in Section 5-1012; except that the referendum requirement of Section 5-1012
does not apply to bonds issued pursuant to this Section on which the principal and interest are to be paid entirely out of funds generated by the taxes and fees authorized by this Section.

(o) A county that has adopted a fee schedule pursuant to this Section may not thereafter issue any bond extensions related to implementing a stormwater management plan.

(p) The powers authorized by this Section may be implemented by the county board for a portion of the county subject to similar stormwater management needs.

(q) The powers and taxes authorized by this Section are in addition to the powers and taxes authorized by Division 5-15; in exercising its powers under this Section, a county shall not be subject to the restrictions and requirements of that Division.

(r) Stormwater management projects and actions related to stormwater management in a county that has adopted a fee schedule or tax pursuant to this Section prior to the effective date of this amendatory Act of the 98th General Assembly are not altered by this amendatory Act of the 98th General Assembly.

(a) Any sports, arts, or entertainment facilities that receive revenue from a tax imposed under subsection (b) of Section 5-1030 of this Code shall be considered to be public works within the meaning of the Prevailing Wage Act. The county authorities responsible for the construction, renovation, modification, or alteration of the sports, arts, or entertainment facilities shall enter into project labor agreements with labor organizations as defined in the National Labor Relations Act to assure that no labor dispute interrupts or interferes with the construction, renovation, modification, or alteration of the projects.

(b) The project labor agreements must include the following:

(1) provisions establishing the minimum hourly wage for each class of labor organization employees;

(2) provisions establishing the benefits and other compensation for such class of labor organization; and

(3) provisions establishing that no strike or disputes will be engaged in by the labor organization employees.

At a minimum, the project labor agreement must provide the names, addresses, and occupations of the owner of the facilities and the individuals representing the labor organization employees participating in the project labor agreement. The agreement must also specify the terms and conditions required in subsection (b) of this Section.

(d) In any agreement for the construction or rehabilitation of a facility using revenue generated under subsection (b) of Section 5-1030 of this Code, in connection with the prequalification of general contractors for construction or rehabilitation of the facility, it shall be required that a commitment will be submitted detailing how the general contractor will expend 15% or more of the aggregate dollar value of the project as a whole with one or more minority-owned businesses, female-owned businesses, or businesses owned by a person with a disability, as these terms are defined in Section 2 of the Business Enterprise for Minorities, Females, and Persons with Disabilities Act.

The promissory note or other debt instrument shall be authorized by an ordinance passed by the county board and shall be valid whether or not an appropriation with respect to that ordinance is included in any annual or supplemental appropriation adopted by the county board. In addition to any other requirements under this Division concerning the regulation of telecommunications facilities, the following applies to any new telecommunications facilities in Lake County that are not AM telecommunications towers or facilities:

(a) For every new wireless telecommunications facility requiring a new tower structure, a telecommunications carrier shall provide the county with documentation consisting of the proposed location, a site plan, and an elevation that sufficiently describes a proposed wireless facility location.

(b) The county shall have 7 days to review the facility proposal and contact the telecommunications carrier in writing via e-mail or other written means as specified by the telecommunications carrier. This written communication shall either approve the proposed location or request a meeting to review other possible alternative locations. If requested, the meeting shall take place within 7 days after the date of the written communication.

(c) At the meeting, the telecommunications carrier shall provide the county documentation consisting of radio frequency engineering criteria and a corresponding telecommunications facility search ring map, together with documentation of the carrier's efforts to site the proposed facility within the telecommunications facility search ring.

(d) Within 21 days after receipt of the carrier's documentation, the county shall propose either an alternative site within the telecommunications facility search ring, or an alternative site outside of the telecommunications search ring that meets the radio frequency engineering criteria provided by the telecommunications carrier and that will not materially increase the construction budget beyond what was estimated on the original carrier proposed site.

(e) If the county's proposed alternative site meets the radio frequency engineering criteria provided by the telecommunications carrier, and will not materially increase the construction budget beyond what was estimated on the original carrier proposed site, then

the telecommunications carrier shall agree to build the facility at the alternative location, subject to the negotiation of a lease with commercially reasonable terms and the obtainment of the customary building permits.

(f) If the telecommunications carrier can demonstrate that: (i) the county's proposed alternative site does not meet the radio frequency engineering criteria, (ii) the county's proposed alternative site will materially increase the construction budget beyond what was estimated on the original carrier proposed site, (iii) the county has failed to provide an alternative site, or (iv) after a period of 90 days after receipt of the alternative site, the telecommunications carrier has failed, after acting in good faith and with due diligence, to obtain a lease or, at a minimum, a letter of intent to lease the alternative site at lease rates not materially greater than the lease rate for the original proposed site; then the carrier can proceed to permit and construct the site under the provisions and standards of Section 5-12001.1 of this Code.

The amount which any such resolution shall direct the county treasurer so to transfer, in anticipation of the receipt of any moneys to be derived from fees or commissions, or of the receipt of such taxes, as by law now or hereafter enacted or amended, imposed by the General Assembly of the State of Illinois to replace revenue lost by units of local government and school districts as a result of the abolition of ad valorem personal property taxes, pursuant to Article IX, Section 5(c) of the Constitution of the State of Illinois together with the aggregate amount theretofore transferred in anticipation of the receipt of any such moneys and the amount estimated to be required to satisfy debt service and pension or retirement obligations, as set forth in Section 12 of "An Act in relation to State revenue sharing with local government entities", approved July 31, 1969, as amended, shall not exceed the total amount which it is so estimated will be received from such sources. To the extent that at any time moneys are available in the working cash fund they shall be transferred to the general corporate fund and disbursed for the payment of salaries and other corporate expenses so as to avoid, whenever possible, the issuance of anticipation tax warrants or notes.

Section 240. The Illinois Municipal Code is amended by changing Section 11-80-9 as follows:

(65 ILCS 5/11-80-9) (from Ch. 24, par. 11-80-9)

Sec. 11-80-9. The corporate authorities of each municipality may prevent and regulate all amusements and activities having a tendency to annoy or endanger persons or property on the sidewalks, streets, and other municipal property. However, no municipality may prohibit a charitable organization, as defined in Section 2 of the Charitable Games Act, from soliciting for charitable purposes, including solicitations taking place on public roadways from passing motorists, if all of the following requirements are met.

1) The persons to be engaged in the solicitation are law enforcement personnel, firefighters, or other persons employed to protect the public safety of a local agency, and that are soliciting solely in an area that is within the service area of that local agency.

2) The charitable organization files an application with the municipality having jurisdiction over the location or locations where the solicitation is to occur. The application applications shall be filed not later than 10 business days before the date that the solicitation is to begin and shall include all of the following:

A) The date or dates and times of day when the solicitation is to occur.

B) The location or locations where the solicitation is to occur along with a list of 3 alternate locations listed in
order of preference.

(C) The manner and conditions under which the solicitation is to occur.

(D) Proof of a valid liability insurance policy in the amount of at least $1,000,000 insuring the charity or local agency against bodily injury and property damage arising out of or in connection with the solicitation.

The municipality shall approve the application within 5 business days after the filing date of the application, but may impose reasonable conditions in writing that are consistent with the intent of this Section and are based on articulated public safety concerns. If the municipality determines that the applicant's location cannot be permitted due to significant safety concerns, such as high traffic volumes, poor geometrics, construction, maintenance operations, or past accident history, then the municipality may deny the application for that location and must approve one of the 3 alternate locations following the order of preference submitted by the applicant on the alternate location list. By acting under this Section, a local agency does not waive or limit any immunity from liability provided by any other provision of law.

For purposes of this Section, "local agency" means a municipality, special district, fire district, joint powers of authority, or other political subdivision of the State of Illinois.

A home rule unit may not regulate a charitable organization in a manner that is inconsistent with this Section. This Section is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State.

Section 245. The Fire Protection District Act is amended by changing Sections 8.20 and 11j as follows:

Sec. 8.20. Open burning.

(a) The board of trustees of any fire protection district incorporated under this Act may, by ordinance, require that the district be notified of open burning within the district before it takes place, but shall not require that a permit for open burning be obtained from the district. The district may not enforce an ordinance adopted under this Section within the corporate limits of a county with a population of 3,000,000 or more or a municipality with a population of 1,000,000 or more.

(b) The fire department of a fire protection district may extinguish any
open burn that presents a clear, present, and unreasonable danger to persons or adjacent property or that presents an unreasonable risk because of wind, weather, or the types of combustibles. The unreasonable risk may include the height of flames, windblown embers, the creation of hazardous fumes, or an unattended fire. Fire departments may not unreasonably interfere with permitted and legal open burning.

(c) The fire protection district may provide that persons setting open burns on any agricultural land with an area of 50 acres or more may voluntarily comply with the provisions of an ordinance adopted under this Section.

(d) The fire chief or any other designated officer of a fire department of any fire protection district incorporated under this Act may, with the authorization of the board of trustees of the fire protection district, prohibit open burning within the district on an emergency basis, for a limited period of time, if (i) the atmospheric conditions or other circumstances create an unreasonable risk of fire because of wind, weather, or the types of combustibles and (ii) the resources of the fire department are not sufficient to control and suppress a fire resulting from one or more of the conditions or circumstances described in clause (i) of this subsection. For the purposes of this subsection, "open burning" includes, but is not limited to, the burning of landscape waste, agricultural waste, household trash, and garbage.

(e) The fire chief or any other designated officer of a fire department of any fire protection district incorporated under this Act may fix, charge, and collect fees associated with the fire department extinguishing an open burning that is prohibited under subsection (d) of this Section. The fee may be imposed against any person causing or engaging in the prohibited activity. The total amount collected for compensation of the fire protection district shall be assessed in accordance with both the rates provided in Section 11f(c) of this Act and the fire chief's determination of the cost of personnel and equipment utilized to extinguish the fire.

(f) This Section does not authorize the open burning of any waste. The open burning of waste is subject to the restrictions and prohibitions of the Environmental Protection Act and the rules and regulations adopted under its authority.

(70 ILCS 705/11j

Sec. 11j. Installation of access or key boxes. The board of trustees of any fire protection district may, by ordinance, require the installation of an access or key box if: (1) a structure is protected by an automatic fire alarm or
security system or access to or within the structure or area is unduly difficult because of secured openings; and (2) immediate access is necessary for lifesaving purposes. In the case of a health care facility that is secured by an electronic code box that is in good working order, if the owner of the health care facility provides the fire department with a valid access code, then that health care facility is not required to be accessible by an access or key box.

For the purposes of this Section, "health care facility" means: a hospital licensed under the Hospital Licensing Act or the University of Illinois Hospital Act; a nursing home or long-term care facility licensed under the Nursing Home Care Act; an assisted living establishment, as defined in the Assisted Living and Shared Housing Act; a mental health facility, as defined in the Mental Health and Developmental Disabilities Code; a supportive living facility certified to participate in the supportive living facilities program under Section 5-5.01a of the Illinois Public Aid Code; or a facility licensed under the Specialized Mental Health Rehabilitation Act of 2013.

"Access or key box" means a secure device with a lock operable only by a fire department master key, and containing building entry keys and other keys that may be required for access in an emergency.

The access or key box shall be of an approved type listed in accordance with the most recently published version of the standard Underwriters Laboratories 1037 and shall contain keys to gain access as required by the fire chief of the fire protection district, or his or her designee.

An ordinance enacted under this Section may specify particular classes or types of structures or occupancies that are required to install an access or key box. However, an ordinance enacted under this Section shall not apply to single family residential structures or to facilities owned or operated by a public utility, as that term is defined under Section 3-105 of the Public Utilities Act.

Sec. 11.2-1. In each park district a fund to be known as a "Working Cash Fund" may be created, set apart, maintained and administered in the manner prescribed in this Article, for the purpose of enabling the district to have in its treasury at all times sufficient money to meet demands thereon for ordinary and necessary expenditures for corporate purposes.

Section 255. The Elmwood Park Grade Separation Authority Act is

New matter indicated by italics - deletions by strikeout
amended by changing Sections 10, 50, and 60 as follows:

(70 ILCS 1935/10)

Sec. 10. Legislative declaration. The General Assembly declares that the welfare, health, prosperity, and moral and general well being of the people of the State are, in large measure, dependent upon the sound and orderly development of municipal areas. The Village of Elmwood Park, by reason of the location there of Grand Avenue and its use for vehicular travel in access to the entire west metropolitan Chicago area, including municipalities in 2 counties, as well as commercial and industrial growth patterns and accessibility to O'Hare International Airport, manufacturing and freight related services, has become and will increasingly be the hub of transportation from all parts of the region and throughout the west metropolitan area. Motor vehicle traffic, pedestrian travel, and the safety of both motorists and pedestrians are substantially aggravated by the location of a major railroad right-of-way that divides the Village into north and south halves. The presence of the railroad right-of-way has effectively impeded the development of highway usage and rights-of-way and is detrimental to the orderly expansion of industry and commerce and to progress throughout the region. Additionally, the railroad grade crossing located on Grand Avenue within the Village of Elmwood Park has posed a significant safety hazard to the public. The Illinois Commerce Commission Collision History illustrates that there have been 8 fatalities and 29 injuries since 1956 at the railroad grade crossing located on Grand Avenue within the Village. The presence of the railroad right-of-way at grade crossing within the Village is detrimental to the safety of the public, as well as to the orderly expansion of industry and commerce and to progress of the region. To alleviate this situation, it is necessary to separate the grade crossing on Grand Avenue within the Village, to relocate the railroad tracks and right-of-way, and to acquire property for separation of the railroad or highway, and to create an agency to facilitate and accomplish that grade separation.

Sec. 10-19. Length of school term - experimental programs. Each school board shall annually prepare a calendar for the school term, specifying
the opening and closing dates and providing a minimum term of at least 185 days to insure 176 days of actual pupil attendance, computable under Section 18-8.05, except that for the 1980-1981 school year only 175 days of actual pupil attendance shall be required because of the closing of schools pursuant to Section 24-2 on January 29, 1981 upon the appointment by the President of that day as a day of thanksgiving for the freedom of the Americans who had been held hostage in Iran. Any days allowed by law for teachers' institutes but not used as such or used as parental institutes as provided in Section 10-22.18d shall increase the minimum term by the school days not so used. Except as provided in Section 10-19.1, the board may not extend the school term beyond such closing date unless that extension of term is necessary to provide the minimum number of computable days. In case of such necessary extension school employees shall be paid for such additional time on the basis of their regular contracts. A school board may specify a closing date earlier than that set on the annual calendar when the schools of the district have provided the minimum number of computable days under this Section. Nothing in this Section prevents the board from employing superintendents of schools, principals and other nonteaching personnel for a period of 12 months, or in the case of superintendents for a period in accordance with Section 10-23.8, or prevents the board from employing other personnel before or after the regular school term with payment of salary proportionate to that received for comparable work during the school term.

A school board may make such changes in its calendar for the school term as may be required by any changes in the legal school holidays prescribed in Section 24-2. A school board may make changes in its calendar for the school term as may be necessary to reflect the utilization of teachers' institute days as parental institute days as provided in Section 10-22.18d.

The calendar for the school term and any changes must be submitted to and approved by the regional superintendent of schools before the calendar or changes may take effect.

With the prior approval of the State Board of Education and subject to review by the State Board of Education every 3 years, any school board may, by resolution of its board and in agreement with affected exclusive collective bargaining agents, establish experimental educational programs, including but not limited to programs for self-directed learning or outside of formal class periods, which programs when so approved shall be considered to comply with the requirements of this Section as respects numbers of days of actual pupil attendance and with the other requirements of this Act as respects courses of instruction.

Sec. 20-1. Authority to create working cash fund. In each school district, whether organized under general law or special charter, having a population of less than 500,000 inhabitants, a fund to be known as a "Working Cash Fund" may be created and maintained consistent with the limitations of this Article, for the purpose of enabling the district to have in its treasury at all times sufficient money to meet demands thereon for expenditures for corporate purposes.

Sec. 21B-30. Educator testing.

(a) This Section applies beginning on July 1, 2012.

(b) The State Board of Education, in consultation with the State Educator Preparation and Licensure Board, shall design and implement a system of examinations, which shall be required prior to the issuance of educator licenses. These examinations and indicators must be based on national and State professional teaching standards, as determined by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board. The State Board of Education may adopt such rules as may be necessary to implement and administer this Section. No score on a test required under this Section, other than a test of basic skills, shall be more than 5 years old at the time that an individual makes application for an educator license or endorsement.

(c) Applicants seeking a Professional Educator License or an Educator License with Stipulations shall be required to pass a test of basic skills before the license is issued, unless the endorsement the individual is seeking does not require passage of the test. All applicants completing Illinois-approved, teacher education or school service personnel preparation programs shall be required to pass the State Board of Education's recognized test of basic skills prior to starting their student teaching or starting the final semester of their internship, unless required earlier at the discretion of the recognized, Illinois institution in which they are completing their approved program. An individual who passes a test of basic skills does not need to do so again for subsequent endorsements or other educator licenses.

(d) All applicants seeking a State license shall be required to pass a test of content area knowledge for each area of endorsement for which there is an applicable test. There shall be no exception to this requirement. No candidate shall be allowed to student teach or serve as the teacher of record...
until he or she has passed the applicable content area test.

(e) All applicants seeking a State license endorsed in a teaching field shall pass the assessment of professional teaching (APT). Passage of the APT is required for completion of an approved Illinois educator preparation program.

(f) Beginning on September 1, 2015, all candidates completing teacher preparation programs in this State are required to pass an evidence-based assessment of teacher effectiveness approved by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board. All recognized institutions offering approved teacher preparation programs must begin phasing in the approved teacher performance assessment no later than July 1, 2013.

(g) Tests of basic skills and content area knowledge and the assessment of professional teaching shall be the tests that from time to time are designated by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board, and may be tests prepared by an educational testing organization or tests designed by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board. The areas to be covered by a test of basic skills shall include reading, language arts, and mathematics. The test of content area knowledge shall assess content knowledge in a specific subject field. The tests must be designed to be racially neutral to ensure that no person taking the tests is discriminated against on the basis of race, color, national origin, or other factors unrelated to the person's ability to perform as a licensed employee. The score required to pass the tests shall be fixed by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board. The tests shall be administered not fewer than 3 times a year at such time and place as may be designated by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board.

The State Board shall implement a test or tests to assess the speaking, reading, writing, and grammar skills of applicants for an endorsement or a license issued under subdivision (G) of paragraph (2) of Section 21B-20 of this Code in the English language and in the language of the transitional bilingual education program requested by the applicant.

(h) Except as provided in Section 34-6 of this Code, the provisions of this Section shall apply equally in any school district subject to Article 34 of this Code.

(i) The rules developed to implement and enforce the testing requirements under this Section shall include provisions governing test

selection, test validation and determination of a passing score, administration of the tests, frequency of administration, applicant fees, frequency of applicants taking the tests, the years for which a score is valid, and appropriate special accommodations. The State Board of Education shall develop such rules as may be needed to ensure uniformity from year to year in the level of difficulty for each form of an assessment.

Sec. 3. Comprehensive Health Education Program. The program established under this Act shall include, but not be limited to, the following major educational areas as a basis for curricula in all elementary and secondary schools in this State: human ecology and health, human growth and development, the emotional, psychological, physiological, hygienic and social responsibilities of family life, including sexual abstinence until marriage, prevention and control of disease, including instruction in grades 6 through 12 on the prevention, transmission and spread of AIDS, age-appropriate sexual abuse and assault awareness and prevention education in grades pre-kindergarten through 12, public and environmental health, consumer health, safety education and disaster survival, mental health and illness, personal health habits, alcohol, drug use, and abuse including the medical and legal ramifications of alcohol, drug, and tobacco use, abuse during pregnancy, evidence-based and medically accurate information regarding sexual abstinence, tobacco, nutrition, and dental health. The program shall also provide course material and instruction to advise pupils of the Abandoned Newborn Infant Protection Act. The program shall include information about cancer, including without limitation types of cancer, signs and symptoms, risk factors, the importance of early prevention and detection, and information on where to go for help. Notwithstanding the above educational areas, the following areas may also be included as a basis for curricula in all elementary and secondary schools in this State: basic first aid (including, but not limited to, cardiopulmonary resuscitation and the Heimlich maneuver), heart disease, diabetes, stroke, the prevention of child...
abuse, neglect, and suicide, and teen dating violence in grades 7 through 12.

The school board of each public elementary and secondary school in the State shall encourage all teachers and other school personnel to acquire, develop, and maintain the knowledge and skills necessary to properly administer life-saving techniques, including without limitation the Heimlich maneuver and rescue breathing. The training shall be in accordance with standards of the American Red Cross, the American Heart Association, or another nationally recognized certifying organization. A school board may use the services of non-governmental entities whose personnel have expertise in life-saving techniques to instruct teachers and other school personnel in these techniques. Each school board is encouraged to have in its employ, or on its volunteer staff, at least one person who is certified, by the American Red Cross or by another qualified certifying agency, as qualified to administer first aid and cardiopulmonary resuscitation. In addition, each school board is authorized to allocate appropriate portions of its institute or inservice days to conduct training programs for teachers and other school personnel who have expressed an interest in becoming qualified to administer emergency first aid or cardiopulmonary resuscitation. School boards are urged to encourage their teachers and other school personnel who coach school athletic programs and other extracurricular school activities to acquire, develop, and maintain the knowledge and skills necessary to properly administer first aid and cardiopulmonary resuscitation in accordance with standards and requirements established by the American Red Cross or another qualified certifying agency. Subject to appropriation, the State Board of Education shall establish and administer a matching grant program to pay for half of the cost that a school district incurs in training those teachers and other school personnel who express an interest in becoming qualified to administer cardiopulmonary resuscitation (which training must be in accordance with standards of the American Red Cross, the American Heart Association, or another nationally recognized certifying organization) or in learning how to use an automated external defibrillator. A school district that applies for a grant must demonstrate that it has funds to pay half of the cost of the training for which matching grant money is sought. The State Board of Education shall award the grants on a first-come, first-serve basis.

No pupil shall be required to take or participate in any class or course on AIDS or family life instruction if his parent or guardian submits written objection thereto, and refusal to take or participate in the course or program shall not be reason for suspension or expulsion of the pupil.

Curricula developed under programs established in accordance with

this Act in the major educational area of alcohol and drug use and abuse shall include classroom instruction in grades 5 through 12. The instruction, which shall include matters relating to both the physical and legal effects and ramifications of drug and substance abuse, shall be integrated into existing curricula; and the State Board of Education shall develop and make available to all elementary and secondary schools in this State instructional materials and guidelines which will assist the schools in incorporating the instruction into their existing curricula. In addition, school districts may offer, as part of existing curricula during the school day or as part of an after school program, support services and instruction for pupils or pupils whose parent, parents, or guardians are chemically dependent.

Section 280. The Public Community College Act is amended by changing Section 2-16.02 as follows:

(110 ILCS 805/2-16.02) (from Ch. 122, par. 102-16.02)

Sec. 2-16.02. Grants. Any community college district that maintains a community college recognized by the State Board shall receive, when eligible, grants enumerated in this Section. Funded semester credit hours or other measures or both as specified by the State Board shall be used to distribute grants to community colleges. Funded semester credit hours shall be defined, for purposes of this Section, as the greater of (1) the number of semester credit hours, or equivalent, in all funded instructional categories of students who have been certified as being in attendance at midterm during the respective terms of the base fiscal year or (2) the average of semester credit hours, or equivalent, in all funded instructional categories of students who have been certified as being in attendance at midterm during the respective terms of the base fiscal year and the 2 prior fiscal years. For purposes of this Section, "base fiscal year" means the fiscal year 2 years prior to the fiscal year for which the grants are appropriated. Such students shall have been residents of Illinois and shall have been enrolled in courses that are part of instructional program categories approved by the State Board and that are applicable toward an associate degree or certificate. Courses that are eligible for reimbursement are those courses for which the district pays 50% or more of the program costs from unrestricted revenue sources, with the exception of courses offered by contract with the Department of Corrections in correctional institutions. For the purposes of this Section, "unrestricted revenue sources" means those revenues in which the provider of the revenue imposes no financial limitations upon the district as it relates to the

New matter indicated by italics - deletions by strikeout
expenditure of the funds. Except for Fiscal Year 2012, base operating grants shall be paid based on rates per funded semester credit hour or equivalent calculated by the State Board for funded instructional categories using cost of instruction, enrollment, inflation, and other relevant factors. For Fiscal Year 2012, the allocations for base operating grants to community college districts shall be the same as they were in Fiscal Year 2011, reduced or increased proportionately according to the appropriation for base operating grants for Fiscal Year 2012.

Equalization grants shall be calculated by the State Board by determining a local revenue factor for each district by: (A) adding (1) each district's Corporate Personal Property Replacement Fund allocations from the base fiscal year or the average of the base fiscal year and prior year, whichever is less, divided by the applicable statewide average tax rate to (2) the district's most recently audited year's equalized assessed valuation or the average of the most recently audited year and prior year, whichever is less, (B) then dividing by the district's audited full-time equivalent resident students for the base fiscal year or the average for the base fiscal year and the 2 prior fiscal years, whichever is greater, and (C) then multiplying by the applicable statewide average tax rate. The State Board shall calculate a statewide weighted average threshold by applying the same methodology to the totals of all districts' Corporate Personal Property Tax Replacement Fund allocations, equalized assessed valuations, and audited full-time equivalent district resident students and multiplying by the applicable statewide average tax rate. The difference between the statewide weighted average threshold and the local revenue factor, multiplied by the number of full-time equivalent resident students, shall determine the amount of equalization funding that each district is eligible to receive. A percentage factor, as determined by the State Board, may be applied to the statewide threshold as a method for allocating equalization funding. A minimum equalization grant of an amount per district as determined by the State Board shall be established for any community college district which qualifies for an equalization grant based upon the preceding criteria, but becomes ineligible for equalization funding, or would have received a grant of less than the minimum equalization grant, due to threshold prorations applied to reduce equalization funding. As of July 1, 2013, a community college district eligible to receive an equalization grant based upon the preceding criteria must maintain a minimum required combined in-district tuition and universal fee rate per semester credit hour equal to 70% of the State-average combined rate, as determined by the State Board, or the total revenue received by the community college district from

New matter indicated by italics - deletions by strikeout
combined in-district tuition and universal fees must be at least 30% of the total revenue received by the community college district, as determined by the State Board, for equalization funding. As of July 1, 2004, a community college district must maintain a minimum required operating tax rate equal to at least 95% of its maximum authorized tax rate to qualify for equalization funding. This 95% minimum tax rate requirement shall be based upon the maximum operating tax rate as limited by the Property Tax Extension Limitation Law.

The State Board shall distribute such other grants as may be authorized or appropriated by the General Assembly.

Each community college district entitled to State grants under this Section must submit a report of its enrollment to the State Board not later than 30 days following the end of each semester, quarter, or term in a format prescribed by the State Board. These semester credit hours, or equivalent, shall be certified by each district on forms provided by the State Board. Each district's certified semester credit hours, or equivalent, are subject to audit pursuant to Section 3-22.1.

The State Board shall certify, prepare, and submit monthly vouchers to the State Comptroller setting forth an amount equal to one-twelfth of the grants approved by the State Board for base operating grants and equalization grants. The State Board shall prepare and submit to the State Comptroller vouchers for payments of other grants as appropriated by the General Assembly. If the amount appropriated for grants is different from the amount provided for such grants under this Act, the grants shall be proportionately reduced or increased accordingly.

For the purposes of this Section, "resident student" means a student in a community college district who maintains residency in that district or meets other residency definitions established by the State Board, and who was enrolled either in one of the approved instructional program categories in that district, or in another community college district to which the resident's district is paying tuition under Section 6-2 or with which the resident's district has entered into a cooperative agreement in lieu of such tuition.

For the purposes of this Section, a "full-time equivalent" student is equal to 30 semester credit hours.

The Illinois Community College Board Contracts and Grants Fund is hereby created in the State Treasury. Items of income to this fund shall include any grants, awards, endowments, or like proceeds, and where appropriate, other funds made available through contracts with governmental,
public, and private agencies or persons. The General Assembly shall from

time to time make appropriations payable from such fund for the support,

improvement, and expenses of the State Board and Illinois community
college districts.

(a) Except as provided in subsection (b), it shall be the duty of every

pawnbroker to make out and deliver to the sheriff of the county in which such

pawnbroker does business, on each day before the hours of 12 o'clock noon,

a legible and exact copy from the standard record book, as required in Section

5 of this Act, that lists all personal property and any other valuable thing

approved by the local law enforcement agency.

(b) In counties with more than 3,000,000 inhabitants, a pawnbroker

must provide the daily report to the sheriff only if the pawnshop is located in

an unincorporated area of the county. Pawnbrokers located in cities or towns

in such counties must deliver such reports to the superintendent of police or

(a-10) There shall be no more than a total of 9 children's respite care

center alternative health care models in the demonstration program, which

shall be located as follows:

(1) Two in the City of Chicago.

(2) One in Cook County outside the City of Chicago.

(3) A total of 2 in the area comprised of DuPage, Kane, Lake, McHenry, and Will counties.

(4) A total of 2 in municipalities with a population of 50,000 or more and not located in the areas described in paragraphs (1), (2), or (3).

(5) A total of 2 in rural areas, as defined by the Health Facilities and Services Review Board.

No more than one children's respite care model owned and operated by a licensed skilled pediatric facility shall be located in each of the areas designated in this subsection (a-10).

(a-15) There shall be 5 authorized community-based residential rehabilitation center alternative health care models in the demonstration program.

(a-20) There shall be an authorized Alzheimer's disease management center alternative health care model in the demonstration program. The Alzheimer's disease management center shall be located in Will County, owned by a not-for-profit entity, and endorsed by a resolution approved by the county board before the effective date of this amendatory Act of the 91st General Assembly.

(a-25) There shall be no more than 10 birth center alternative health care models in the demonstration program, located as follows:

(1) Four in the area comprising Cook, DuPage, Kane, Lake, McHenry, and Will counties, one of which shall be owned or operated by a hospital and one of which shall be owned or operated by a federally qualified health center.

(3) Three in rural areas, one of which shall be owned or operated by a hospital and one of which shall be owned or operated by a federally qualified health center.

The first 3 birth centers authorized to operate by the Department shall be located in or predominantly serve the residents of a health professional shortage area as determined by the United States Department of Health and

Human Services. There shall be no more than 2 birth centers authorized to operate in any single health planning area for obstetric services as determined under the Illinois Health Facilities Planning Act. If a birth center is located outside of a health professional shortage area, (i) the birth center shall be located in a health planning area with a demonstrated need for obstetrical service beds, as determined by the Health Facilities and Services Review Board or (ii) there must be a reduction in the existing number of obstetrical service beds in the planning area so that the establishment of the birth center does not result in an increase in the total number of obstetrical service beds in the health planning area.

(b) Alternative health care models, other than a model authorized under subsection (a-10) or (a-20), shall obtain a certificate of need from the Health Facilities and Services Review Board under the Illinois Health Facilities Planning Act before receiving a license by the Department. If, after obtaining its initial certificate of need, an alternative health care delivery model that is a community based residential rehabilitation center seeks to increase the bed capacity of that center, it must obtain a certificate of need from the Health Facilities and Services Review Board before increasing the bed capacity. Alternative health care models in medically underserved areas shall receive priority in obtaining a certificate of need.

(c) An alternative health care model license shall be issued for a period of one year and shall be annually renewed if the facility or program is in substantial compliance with the Department's rules adopted under this Act. A licensed alternative health care model that continues to be in substantial compliance after the conclusion of the demonstration program shall be eligible for annual renewals unless and until a different licensure program for that type of health care model is established by legislation, except that a postsurgical recovery care center meeting the following requirements may apply within 3 years after August 25, 2009 (the effective date of Public Act 96-669) for a Certificate of Need permit to operate as a hospital:

1. The postsurgical recovery care center shall apply to the Health Facilities and Services Review Board for a Certificate of Need permit to discontinue the postsurgical recovery care center and to establish a hospital.

2. If the postsurgical recovery care center obtains a Certificate of Need permit to operate as a hospital, it shall apply for licensure as a hospital under the Hospital Licensing Act and shall meet all statutory and regulatory requirements of a hospital.

3. After obtaining licensure as a hospital, any license as an...
ambulatory surgical treatment center and any license as a postsurgical recovery care center shall be null and void.

(4) The former postsurgical recovery care center that receives a hospital license must seek and use its best efforts to maintain certification under Titles XVIII and XIX of the federal Social Security Act.

The Department may issue a provisional license to any alternative health care model that does not substantially comply with the provisions of this Act and the rules adopted under this Act if (i) the Department finds that the alternative health care model has undertaken changes and corrections which upon completion will render the alternative health care model in substantial compliance with this Act and rules and (ii) the health and safety of the patients of the alternative health care model will be protected during the period for which the provisional license is issued. The Department shall advise the licensee of the conditions under which the provisional license is issued, including the manner in which the alternative health care model fails to comply with the provisions of this Act and rules, and the time within which the changes and corrections necessary for the alternative health care model to substantially comply with this Act and rules shall be completed.

(d) Alternative health care models shall seek certification under Titles XVIII and XIX of the federal Social Security Act. In addition, alternative health care models shall provide charitable care consistent with that provided by comparable health care providers in the geographic area.

(d-5) (Blank).

(e) Alternative health care models shall, to the extent possible, link and integrate their services with nearby health care facilities.

(f) Each alternative health care model shall implement a quality assurance program with measurable benefits and at reasonable cost.

Sec. 4. Any long term care facility administrator, agent or employee or any physician, hospital, surgeon, dentist, osteopath, chiropractor, podiatric physician, accredited religious practitioner who provides treatment by spiritual means alone through prayer in accordance with the tenets and practices of the accrediting church, coroner, social worker, social services administrator, registered nurse, law enforcement officer, field personnel of the Department of Healthcare and Family Services, field personnel of the Illinois Department of Public Health and County or Municipal Health Departments, personnel of the Department of Human Services (acting as the successor to the Department of Mental Health and Developmental Disabilities or the Department of Public Aid), personnel of the Guardianship and Advocacy Commission, personnel of the State Fire Marshal, local fire department inspectors or other personnel, or personnel of the Illinois Department on Aging, or its subsidiary Agencies on Aging, or employee of a facility licensed under the Assisted Living and Shared Housing Act, having reasonable cause to believe any resident with whom they have direct contact has been subjected to abuse or neglect shall immediately report or cause a report to be made to the Department. (8) For any entity that received State-issued authorization prior to this amendatory Act of the 98th General Assembly as a cable operator and that intends to proceed as a cable operator under this Article, the entity shall file a written affidavit with the Commission and shall serve a copy of the affidavit with any local units of government affected by the authorization within 30 days after the effective date of this amendatory Act of the 98th General Assembly stating that the holder will be providing cable service under the State-issued authorization.

If the Commission, a local unit of government, or any other party seeks public disclosure of information designated as confidential, the Commission shall consider the confidential designation in a proceeding under the Illinois Administrative Procedure Act, and the burden of proof to demonstrate that the designated information is confidential shall be upon the applicant. Designated information shall remain confidential pending the Commission's determination of whether the information is entitled to confidential treatment. Information designated as confidential shall be provided to local units of government for purposes of assessing compliance with this Article as permitted under a Protective Order issued by the Commission pursuant to the Commission's rules and to the Attorney General pursuant to Section 6.5 of the Attorney General Act (15 ILCS 205/6.5). Information designated as confidential under this Section or determined to be confidential upon Commission review shall only be disclosed pursuant to a valid and enforceable subpoena or court order or as required by the Freedom of Information Act. If the application and affidavit are not complete, the Commission shall state in its notice all of the reasons the application or affidavit are incomplete, and the applicant shall resubmit a complete application. The Commission shall have 30 days after submission by the applicant of a complete application and affidavit to issue the service authorization. (e) Any authorization issued by the Commission will expire on December 31, 2015 and shall contain or include all of the following:

(1) A grant of authority, including an authorization issued prior to this amendatory Act of the 98th General Assembly, to provide cable service or video service in the service area footprint as requested in the application, subject to the provisions of this Article in existence on the date the grant of authority was issued, and any modifications to this Article enacted at any time prior to the date in Section 21-1601 of this Act, and to the laws of the State and the ordinances, rules, and regulations of the local units of government.

(2) A grant of authority to use, occupy, and construct facilities in the public rights-of-way for the delivery of cable service or video service in the service area footprint, subject to the laws, ordinances, rules, or regulations of this State and local units of governments.

to which it is initially granted without further Commission action if the successor-in-interest (i) submits an application and the information required by subsection (b) of this Section for the successor-in-interest and (ii) is not in violation of this Article or of any federal, State, or local law, ordinance, rule, or regulation. A successor-in-interest shall file its application and notice of transfer with the Commission and the relevant local units of government no less than 15 business days prior to the completion of the transfer. The Commission is not required or authorized to act upon the notice of transfer; however, the transfer is not effective until the Commission approves the successor-in-interest's application. A local unit of government or the Attorney General may seek to bar a transfer of ownership by filing suit in a court of competent jurisdiction predicated on the existence of a material and continuing breach of this Article by the holder, a pattern of noncompliance with customer service standards by the potential successor-in-interest, or the insolvency of the potential successor-in-interest. If a transfer is made when there are violations of this Article or of any federal, State, or local law, ordinance, rule, or regulation, the successor-in-interest shall be subject to 3 times the penalties provided for in this Article.

(g) The authorization issued pursuant to Section 21-401 of this Article by the Commission may be terminated, or its cable service or video service area footprint may be modified, by the cable service provider or video service provider by submitting notice to the Commission and to the relevant local unit of government containing a description of the change on the same terms as the initial description pursuant to item (4) of subsection (b) of this Section. The Commission is not required or authorized to act upon that notice. It shall be a violation of this Article for a holder to discriminate against potential residential subscribers because of the race or income of the residents in the local area in which the group resides by terminating or modifying its cable service or video service area footprint. It shall be a violation of this Article for a holder to terminate or modify its cable service or video service area footprint if it leaves an area with no cable service or video service from any provider.

(h) The Commission's authority to administer this Article is limited to the powers and duties explicitly provided under this Article. Its authority under this Article does not include or limit the powers and duties that the Commission has under the other Articles of this Act, the Illinois Administrative Procedure Act, or any other law or regulation to conduct proceedings, other than as provided in subsection (c), or has to promulgate rules or regulations. The Commission shall not have the authority to limit or
expand the obligations and requirements provided in this Section or to regulate or control a person or entity to the extent that person or entity is providing cable service or video service, except as provided in this Article. (Source: P.A. 98-45, eff. 6-28-13; revised 11-12-13.)

The Board or the Department may order the examining physician to present testimony concerning this mental or physical examination of the licensee or applicant. No information shall be excluded by reason of any common law or statutory privilege relating to communications between the licensee or applicant and the examining physician. The person to be examined may have, at his or her own expense, another physician of his or her choice present during all aspects of the examination. Failure of any person to submit to a mental or physical examination, when directed, shall be grounds for suspension of a license until the person submits to the examination if the Board finds, after notice and hearing, that the refusal to submit to the examination was without reasonable cause.

If the Board finds a person unable to practice because of the reasons set forth in this Section, the Board may require that person to submit to care, counseling, or treatment by physicians approved or designated by the Board, as a condition, term, or restriction for continued, reinstated, or renewed licensure to practice; or, in lieu of care, counseling or treatment, the Board may recommend to the Department to file a complaint to immediately suspend, revoke or otherwise discipline the license of the person. Any person whose license was granted, continued, reinstated, renewed, disciplined or supervised subject to such terms, conditions or restrictions, and who fails to comply with such terms, conditions, or restrictions, shall be referred to the Secretary for a determination as to whether the person shall have his or her license suspended immediately, pending a hearing by the Board.

The Board shall have the authority to review the subject person's record of treatment and counseling regarding the impairment, to the extent permitted by applicable federal statutes and regulations safeguarding the confidentiality of medical records.

A person licensed under this Act and affected under this Section shall be afforded an opportunity to demonstrate to the Board that he or she can resume practice in compliance with acceptable and prevailing standards under the provisions of his or her license.

The examining physicians shall be specifically designated by the Department. The individual to be examined may have, at his or her own expense, another physician of his or her choice present during all aspects of this examination. (j) The determination by a circuit court that a licensee is subject to involuntary admission or judicial admission as provided in the Mental Health and Developmental Disabilities Code, as amended, operates as an automatic suspension. A person holding a license under this Code or who has applied for a license under this Code who, because of a physical or mental illness or disability, including, but not limited to, deterioration through the aging process or loss of motor skill, is unable to practice the profession with reasonable judgment, skill, or safety, may be required by the Department to submit to care, counseling, or treatment by physicians approved or designated by the Department as a condition, term, or restriction for continued, reinstated, or renewed licensure to practice. Submission to care, counseling, or treatment as required by the Department shall not be considered discipline of a license. The Secretary may order the license suspended immediately, pending a hearing by the Department. The agreement need not describe the exact steps that an advanced practice nurse must take with respect to each specific condition, disease, or symptom but must specify which authorized procedures require the presence of the collaborating physician or podiatric physician as the procedures are being performed. The collaborative relationship under an agreement shall not be construed to require the personal presence of a physician or podiatric physician at the place where services are rendered. (b-5) Absent an employment relationship, a written collaborative agreement may not (1) restrict the categories of patients of an advanced practice nurse within the scope of the advanced practice nurses training and experience, (2) limit third party payors or government health programs, such as the medical assistance program or Medicare with which the advanced practice nurse contracts, or (3) limit the geographic area or practice location of the advanced practice nurse in this State.

(c) Collaboration and consultation under all collaboration agreements shall be adequate if a collaborating physician or podiatric physician does each of the following:

The agreement must contain provisions detailing notice for termination or change of status involving a written collaborative agreement, except when such notice is given for just cause.

(c-5) A certified registered nurse anesthetist, who provides anesthesia services outside of a hospital or ambulatory surgical treatment center shall enter into a written collaborative agreement with an anesthesiologist or the physician licensed to practice medicine in all its branches or the podiatric physician performing the procedure. Outside of a hospital or ambulatory surgical treatment center, the certified registered nurse anesthetist may provide only those services that the collaborating podiatric physician is authorized to provide pursuant to the Podiatric Medical Practice Act of 1987 and rules adopted thereunder. A certified registered nurse anesthetist may select, order, and administer medication, including controlled substances, and apply appropriate medical devices for delivery of anesthesia services under the anesthesia plan agreed with by the anesthesiologist or the operating physician or operating podiatric physician.

In a collaborating dentist's office, the certified registered nurse anesthetist may only provide those services that the operating dentist with the appropriate permit is authorized to provide pursuant to the Illinois Dental Practice Act and rules adopted thereunder. For anesthesia services, an anesthesiologist, physician, or operating dentist shall participate through discussion of and agreement with the anesthesia plan and shall remain physically present and be available on the premises during the delivery of anesthesia services for diagnosis, consultation, and treatment of emergency medical conditions. A certified registered nurse anesthetist may select, order, and administer medication, including controlled substances, and apply appropriate medical devices for delivery of anesthesia services under the anesthesia plan agreed with by the operating dentist.

(e) Nothing in this Act shall be construed to limit the delegation of tasks or duties by a physician to a licensed practical nurse, a registered professional nurse, or other persons in accordance with Section 54.2 of the Medical Practice Act of 1987. Nothing in this Act shall be construed to limit the method of delegation that may be authorized by any means, including, but not limited to, oral, written, electronic, standing orders, protocols, guidelines, or verbal orders.

(f) An advanced practice nurse shall inform each collaborating physician, dentist, or podiatric physician of all collaborative agreements he or she has signed and provide a copy of these to any collaborating physician, dentist, or podiatric physician upon request.

(g) For the purposes of this Act, "generally provides or may provide in his or her clinical medical practice" means categories of care or treatment, not specific tasks or duties, the physician podiatric physician provides individually or through delegation to other persons so that the physician podiatric physician has the experience and ability to provide collaboration and consultation. Of this fee, $11,000 shall be deposited into the Mines and Minerals Regulatory Fund for the Department to use to administer and enforce this Act and otherwise support the operations and programs of the Office of Mines and Minerals. The remaining $2,500 shall be deposited into the Illinois Clean Water Fund for the Agency to use to carry out its functions under this Act. The Department shall not initiate its review of the permit application until the applicable fee under this subsection (e) has been submitted to and received by the Department.

(f) Each application submitted under this Act shall be signed, under the penalty of perjury, by the applicant or the applicant's designee who has been vested with the authority to act on behalf of the applicant and has direct knowledge of the information contained in the application and its attachments. Any person signing an application shall also sign an affidavit with the following certification:

"I certify, under penalty of perjury as provided by law and under penalty of refusal, suspension, or revocation of a high volume horizontal hydraulic fracturing permit, that this application and all attachments are true, accurate, and complete to the best of my knowledge."

(g) The permit application shall be submitted to the Department in both electronic and hard copy format. The electronic format shall be searchable.

(h) The application for a high volume horizontal hydraulic fracturing permit may be submitted as a combined permit application with the operator's application to drill on a form as the Department shall prescribe. The combined application must include the information required in this Section. If the operator elects to submit a combined permit application, information required by this Section that is duplicative of information required for an application to drill is only required to be provided once as part of the combined application. The submission of a combined permit application under this subsection shall not be interpreted to relieve the applicant or the Department from complying with the requirements of this Act or the Illinois Oil and Gas Act.

(i) Upon receipt of a permit application, the Department shall have no
more than 60 calendar days from the date it receives the permit application to approve, with any conditions the Department may find necessary, or reject the application for the high volume horizontal hydraulic fracturing permit. The applicant may waive, in writing, the 60-day deadline upon its own initiative or in response to a request by the Department.

(j) If at any time during the review period the Department determines that the permit application is not complete under this Act, does not meet the requirements of this Section, or requires additional information, the Department shall notify the applicant in writing of the application's deficiencies and allow the applicant to correct the deficiencies and provide the Department any information requested to complete the application. If the applicant fails to provide adequate supplemental information within the review period, the Department may reject the application.

(2) violating any condition of the permit;
(3) violating any provision of or any regulation adopted under this Act or the Illinois Oil and Gas Act;
(4) using fraudulent, coercive, or dishonest practices, or demonstrating incompetence, untrustworthiness, or financial irresponsibility in the conduct of business in this State or elsewhere;

(b) In every case in which a permit is suspended or revoked, the Department shall serve notice of its action, including a statement of the
reasons for the action, either personally or by certified mail, receipt return requested, to the permittee.

(c) The order of suspension or revocation of a permit shall take effect upon issuance of the order. The permittee may request, in writing, within 30 days after the date of receiving the notice, a hearing. Except as provided under subsection (d) of this Section, in the event a hearing is requested, the order shall remain in effect until a final order is entered pursuant to the hearing.

(d) The order of suspension or revocation of a permit may be stayed if requested by the permittee and evidence is submitted demonstrating that there is no significant threat to the public health, aquatic life, wildlife, or the environment if the operation is allowed to continue.

(e) The hearing shall be held at a time and place designated by the Department. The Director of the Department or any administrative law judge designated by him or her has the power to administer oaths and affirmations, subpoena witnesses and compel their attendance, take evidence, and require the production of books, papers, correspondence, and other records or information that he or she considers relevant or material.

(f) The costs of the administrative hearing shall be set by rule and shall be borne by the permittee.

(g) The Department's decision to suspend or revoke a high volume horizontal hydraulic fracturing permit is subject to judicial review under the Administrative Review Law.

Sec. 1-70. Well preparation, construction, and drilling.
(a) This Section shall apply to all horizontal wells that are to be completed using high volume horizontal hydraulic fracturing operations under a high volume horizontal hydraulic fracturing permit. The requirements of this Section shall be in addition to any other laws or rules regarding wells and well sites.

(b) Site preparation standards shall be as follows:

(1) The access road to the well site must be located in accordance with access rights identified in the Illinois Oil and Gas Act and located as far as practical from occupied structures, places of assembly, and property lines of leased property.

(2) Unless otherwise approved or directed by the Department, all topsoil stripped to facilitate the construction of the well pad and access roads must be stockpiled, stabilized, and remain on site for use.

New matter indicated by italics - deletions by strikeout
in either partial or final reclamation. In the event it is anticipated that the final reclamation shall take place in excess of one year from drilling the well the topsoil may be disposed of in any lawful manner provided the operator reclaims the site with topsoil of similar characteristics of the topsoil removed.

(3) Piping, conveyances, valves, and tanks in contact with hydraulic fracturing fluid, hydraulic fracturing flowback, or produced water must be constructed of materials compatible with the composition of the hydraulic fracturing fluid, hydraulic fracturing flowback, and produced water.

(4) The improvement, construction, or repair of a publicly owned highway or roadway, if undertaken by the owner, operator, permittee, or any other private entity, shall be performed using bidding procedures outlined in the Illinois Department of Transportation rules governing local roads and streets or applicable bidding requirements outlined in the Illinois Procurement Code as though the project were publicly funded.

(c) Site maintenance standards shall be as follows:

(1) Secondary containment is required for all fueling tanks.
(2) Fueling tanks shall be subject to Section 1-25 of this Act.
(3) Fueling tank filling operations shall be supervised at the fueling truck and at the tank if the tank is not visible to the fueling operator from the truck.
(4) Troughs, drip pads, or drip pans are required beneath the fill port of a fueling tank during filling operations if the fill port is not within the secondary containment required by paragraph (1) of this subsection.

(d) All wells shall be constructed, and casing and cementing activities shall be conducted, in a manner that shall provide for control of the well at all times, prevent the migration of oil, gas, and other fluids into the fresh water and coal seams, and prevent pollution or diminution of fresh water. In addition to any of the Department's casing and cementing requirements, the following shall apply:

(1) All casings must conform to the current industry standards published by the American Petroleum Institute.
(2) Casing thread compound and its use must conform to the current industry standards published by the American Petroleum Institute.
(3) Surface casing shall be centralized at the shoe, above and
below a stage collar or diverting tool, if run, and through usable-quality water zones. In non-deviated holes, pipe centralization as follows is required: a centralizer shall be placed every fourth joint from the cement shoe to the ground surface or to the bottom of the cellar. All centralizers shall meet specifications in, or equivalent to, API Spec 10D, Specification for Bow-Spring Casing Centralizers; API Spec 10 TR4, Technical Report on Considerations Regarding Selection of Centralizers for Primary Cementing Operations; and API RP 10D-2, Recommended Practice for Centralizer Placement and Stop Collar Testing. The Department may require additional centralization as necessary to ensure the integrity of the well design is adequate. All centralizers must conform to the current industry standards published by the American Petroleum Institute.

(4) Cement must conform to current industry standards published by the American Petroleum Institute and the cement slurry must be prepared to minimize its free water content in accordance with the current industry standards published by the American Petroleum Institute; the cement must also:

(A) secure the casing in the wellbore;
(B) isolate and protect fresh groundwater;
(C) isolate abnormally pressured zones, lost circulation zones, and any potential flow zones including hydrocarbon and fluid-bearing zones;
(D) properly control formation pressure and any pressure from drilling, completion and production;
(E) protect the casing from corrosion and degradation;
and
(F) prevent gas flow in the annulus.

(5) Prior to cementing any casing string, the borehole must be circulated and conditioned to ensure an adequate cement bond.

(6) A pre-flush or spacer must be pumped ahead of the cement.

(7) The cement must be pumped at a rate and in a flow regime that inhibits channeling of the cement in the annulus.

(8) Cement compressive strength tests must be performed on all surface, intermediate, and production casing strings; after the cement is placed behind the casing, the operator shall wait on cement to set until the cement achieves a calculated compressive strength of

New matter indicated by italics - deletions by strikeout
at least 500 pounds per square inch, and a minimum of 8 hours before
the casing is disturbed in any way, including installation of a blowout
preventer. The cement shall have a 72-hour compressive strength of
at least 1,200 psi, and the free water separation shall be no more than
6 milliliters per 250 milliliters of cement, tested in accordance with
current American Petroleum Institute standards.

(9) A copy of the cement job log for any cemented casing
string in the well shall be maintained in the well file and available to
the Department upon request.

(10) Surface casing shall be used and set to a depth of at least
200 feet, or 100 feet below the base of the deepest fresh water,
whichever is deeper, but no more than 200 feet below the base of the
deepest fresh water and prior to encountering any hydrocarbon-
bearing zones. The surface casing must be run and cemented as soon
as practicable after the hole has been adequately circulated and
conditioned.

(11) The Department must be notified at least 24 hours prior
to surface casing cementing operations. Surface casing must be fully
cemented to the surface with excess cements. Cementing must be by
the pump and plug method with a minimum of 25% excess cement
with appropriate lost circulation material, unless another amount of
excess cement is approved by the Department. If cement returns are
not observed at the surface, the operator must perform remedial
actions as appropriate.

(12) Intermediate casing must be installed when necessary to
isolate fresh water not isolated by surface casing and to seal off
potential flow zones, anomalous pressure zones, lost circulation zones
and other drilling hazards.

Intermediate casing must be set to protect fresh water if
surface casing was set above the base of the deepest fresh water, if
additional fresh water was found below the surface casing shoe, or
both. Intermediate casing used to isolate fresh water must not be used
as the production string in the well in which it is installed, and may
not be perforated for purposes of conducting a hydraulic fracture
treatment through it.

When intermediate casing is installed to protect fresh water,
the operator shall set a full string of new intermediate casing at least
100 feet below the base of the deepest fresh water and bring cement
to the surface. In instances where intermediate casing was set solely

New matter indicated by italics - deletions by strikeout
to protect fresh water encountered below the surface casing shoe, and cementing to the surface is technically infeasible, would result in lost circulation, or both, cement must be brought to a minimum of 600 feet above the shallowest fresh water zone encountered below the surface casing shoe or to the surface if the fresh water zone is less than 600 feet from the surface. The location and depths of any hydrocarbon-bearing zones or fresh water zones that are open to the wellbore above the casing shoe must be confirmed by coring, electric logs, or testing and must be reported to the Department.

In the case that intermediate casing was set for a reason other than to protect strata that contains fresh water, the intermediate casing string shall be cemented from the shoe to a point at least 600 true vertical feet above the shoe. If there is a hydrocarbon-bearing zone capable of producing exposed above the intermediate casing shoe, the casing shall be cemented from the shoe to a point at least 600 true vertical feet above the shallowest hydrocarbon-bearing zone or to a point at least 200 feet above the shoe of the next shallower casing string that was set and cemented in the well (or to the surface if less than 200 feet).

(13) The Department must be notified prior to intermediate casing cementing operations. Cementing must be by the pump and plug method with a minimum of 25% excess cement. A radial cement bond evaluation log, or other evaluation approved by the Department, must be run to verify the cement bond on the intermediate casing. Remedial cementing is required if the cement bond is not adequate for drilling ahead.

(14) Production casing must be run and fully cemented to 500 feet above the top perforated zone, if possible. The Department must be notified at least 24 hours prior to production casing cementing operations. Cementing must be by the pump and plug method with a minimum of 25% excess cement.

(15) At any time, the Department, as it deems necessary, may require installation of an additional cemented casing string or strings in the well.

(16) After the setting and cementing of a casing string, except the conductor casing, and prior to further drilling, the casing string shall be tested with fresh water, mud, or brine to no less than 0.22 psi per foot of casing string length or 1,500 psi, whichever is greater but not to exceed 70% of the minimum internal yield, for at least 30 minutes.
minutes with less than a 5% pressure loss, except that any casing string that will have pressure exerted on it during stimulation of the well shall be tested to at least the maximum anticipated treatment pressure. If the pressure declines more than 5% or if there are other indications of a leak, corrective action shall be taken before conducting further drilling and high volume horizontal hydraulic fracturing operations. The operator shall contact the Department's District Office for any county in which the well is located at least 24 hours prior to conducting a pressure test to enable an inspector to be present when the test is done. A record of the pressure test must be maintained by the operator and must be submitted to the Department on a form prescribed by the Department prior to conducting high volume horizontal hydraulic fracturing operations. The actual pressure must not exceed the test pressure at any time during high volume horizontal hydraulic fracturing operations.

(17) Any hydraulic fracturing string used in the high volume horizontal hydraulic fracturing operations must be either strung into a production liner or run with a packer set at least 100 feet below the deepest cement top and must be tested to not less than the maximum anticipated treating pressure minus the annulus pressure applied between the fracturing string and the production or immediate casing. The pressure test shall be considered successful if the pressure applied has been held for 30 minutes with no more than 5% pressure loss. A function-tested relief valve and diversion line must be installed and used to divert flow from the hydraulic fracturing string-casing annulus to a covered watertight steel tank in case of hydraulic fracturing string failure. The relief valve must be set to limit the annular pressure to no more than 95% of the working pressure rating of the casings forming the annulus. The annulus between the hydraulic fracturing string and casing must be pressurized to at least 250 psi and monitored.

(18) After a successful pressure test under paragraph (16) of this subsection, a formation pressure integrity test must be conducted below the surface casing and below all intermediate casing. The operator shall notify the Department's District Office for any county in which the well is located at least 24 hours prior to conducting a formation pressure integrity test to enable an inspector to be present when the test is done. A record of the pressure test must be maintained by the operator and must be submitted to the Department.
on a form prescribed by the Department prior to conducting high volume horizontal hydraulic fracturing operations. The actual hydraulic fracturing treatment pressure must not exceed the test pressure at any time during high volume horizontal hydraulic fracturing operations.

(e) Blowout prevention standards shall be set as follows:

(1) The operator shall use blowout prevention equipment after setting casing with a competent casing seat. Blowout prevention equipment shall be in good working condition at all times.

(2) The operator shall use pipe fittings, valves, and unions placed on or connected to the blow out blow-out prevention systems that have a working pressure capability that exceeds the anticipated pressures.

(3) During all drilling and completion operations when a blowout preventer is installed, tested, or in use, the operator or operator's designated representative shall be present at the well site and that person or personnel shall have a current well control certification from an accredited training program that is acceptable to the Department. The certification shall be available at the well site and provided to the Department upon request.

(4) Appropriate pressure control procedures and equipment in proper working order must be properly installed and employed while conducting drilling and completion operations including tripping, logging, running casing into the well, and drilling out solid-core stage plugs.

(5) Pressure testing of the blowout preventer and related equipment for any drilling or completion operation must be performed. Testing must be conducted in accordance with current industry standards published by the American Petroleum Institute. Testing of the blowout preventer shall include testing after the blowout preventer is installed on the well but prior to drilling below the last cemented casing seat. Pressure control equipment, including the blowout preventer, that fails any pressure test shall not be used until it is repaired and passes the pressure test.

(6) A remote blowout preventer actuator, that is powered by a source other than rig hydraulics, shall be located at least 50 feet from the wellhead and have an appropriate rated working pressure.

(225 ILCS 732/1-75)
Sec. 1-75. High volume horizontal hydraulic fracturing operations.

(a) General.

(1) During all phases of high volume horizontal hydraulic fracturing operations, the permittee shall comply with all terms of the permit.

(2) All phases of high volume horizontal hydraulic fracturing operations shall be conducted in a manner that shall not pose a significant risk to public health, life, property, aquatic life, or wildlife.

(3) The permittee shall notify the Department by phone, electronic communication, or letter, at least 48 hours prior to the commencement of high volume horizontal hydraulic fracturing operations.

(b) Integrity tests and monitoring.

(1) Before the commencement of high volume horizontal hydraulic fracturing operations, all mechanical integrity tests required under subsection (d) of Section 1-70 and this subsection must be successfully completed.

(2) Prior to commencing high volume horizontal hydraulic fracturing operations and pumping of hydraulic fracturing fluid, the injection lines and manifold, associated valves, fracture head or tree and any other wellhead component or connection not previously tested must be tested with fresh water, mud, or brine to at least the maximum anticipated treatment pressure for at least 30 minutes with less than a 5% pressure loss. A record of the pressure test must be maintained by the operator and made available to the Department upon request. The actual high volume horizontal hydraulic fracturing treatment pressure must not exceed the test pressure at any time during high volume horizontal hydraulic fracturing operations.

(3) The pressure exerted on treating equipment including valves, lines, manifolds, hydraulic fracturing head or tree, casing and hydraulic fracturing string, if used, must not exceed 95% of the working pressure rating of the weakest component. The high volume horizontal hydraulic fracturing treatment pressure must not exceed the test pressure of any given component at any time during high volume horizontal hydraulic fracturing operations.

(4) During high volume horizontal hydraulic fracturing operations, all annulus pressures, the injection pressure, and the rate of injection shall be continuously monitored and recorded. The records of the monitoring shall be maintained by the operator and
shall be provided to the Department upon request at any time during the period up to and including 5 years after the well is permanently plugged or abandoned.

(5) High volume horizontal hydraulic fracturing operations must be immediately suspended if any anomalous pressure or flow condition or any other anticipated pressure or flow condition is occurring in a way that indicates the mechanical integrity of the well has been compromised and continued operations pose a risk to the environment. Remedial action shall be undertaken immediately prior to recommencing high volume horizontal hydraulic fracturing operations. The permittee shall notify the Department within 1 hour of suspending operations for any matters relating to the mechanical integrity of the well or risk to the environment.

(c) Fluid and waste management.

(1) For the purposes of storage at the well site and except as provided in paragraph (2) of this subsection, hydraulic fracturing additives, hydraulic fracturing fluid, hydraulic fracturing flowback, and produced water shall be stored in above-ground tanks during all phases of drilling, high volume horizontal hydraulic fracturing, and production operations until removed for proper disposal. For the purposes of centralized storage off site for potential reuse prior to disposal, hydraulic fracturing additives, hydraulic fracturing fluid, hydraulic fracturing flowback, and produced water shall be stored in above-ground tanks.

(2) In accordance with the plan required by paragraph (11) of subsection (b) of Section 1-35 of this Act and as approved by the Department, the use of a reserve pit is allowed for the temporary storage of hydraulic fracturing flowback. The reserve pit shall be used only in the event of a lack of capacity for tank storage due to higher than expected volume or rate of hydraulic fracturing flowback, or other unanticipated flowback occurrence. Any reserve pit must comply with the following construction standards and liner specifications:

(A) the synthetic liner material shall have a minimum thickness of 24 mils with high puncture and tear strength and be impervious and resistant to deterioration;

(B) the pit lining system shall be designed to have a capacity at least equivalent to 110% of the maximum volume of hydraulic fracturing flowback anticipated to be recovered;

New matter indicated by italics - deletions by strikeout
(C) the lined pit shall be constructed, installed, and maintained in accordance with the manufacturers' specifications and good engineering practices to prevent overflow during any use;

(D) the liner shall have sufficient elongation to cover the bottom and interior sides of the pit with the edges secured with at least a 12 inch deep anchor trench around the pit perimeter to prevent any slippage or destruction of the liner materials; and

(E) the foundation for the liner shall be free of rock and constructed with soil having a minimum thickness of 12 inches after compaction covering the entire bottom and interior sides of the pit.

(3) Fresh water may be stored in tanks or pits at the election of the operator.

(4) Tanks required under this subsection must be above-ground tanks that are closed, watertight, and will resist corrosion. The permittee shall routinely inspect the tanks for corrosion.

(5) Hydraulic fracturing fluids and hydraulic fracturing flowback must be removed from the well site within 60 days after completion of high volume horizontal fracturing operations, except that any excess hydraulic fracturing flowback captured for temporary storage in a reserve pit as provided in paragraph (2) of this subsection must be removed from the well site within 7 days.

(6) Tanks, piping, and conveyances, including valves, must be constructed of suitable materials, be of sufficient pressure rating, be able to resist corrosion, and be maintained in a leak-free condition. Fluid transfer operations from tanks to tanker trucks must be supervised at the truck and at the tank if the tank is not visible to the truck operator from the truck. During transfer operations, all interconnecting piping must be supervised if not visible to transfer personnel at the truck and tank.

(7) Hydraulic fracturing flowback must be tested for volatile organic chemicals, semi-volatile organic chemicals, inorganic chemicals, heavy metals, and naturally occurring radioactive material prior to removal from the site. Testing shall occur once per well site and the analytical results shall be filed with the Department and the Agency, and provided to the liquid oilfield waste transportation and disposal operators. Prior to plugging and site restoration, the ground

adjacent to the storage tanks and any hydraulic fracturing flowback reserve pit must be measured for radioactivity.

(8) Hydraulic fracturing flowback may only be disposed of by injection into a Class II injection well that is below interface between fresh water and naturally occurring Class IV groundwater. Produced water may be disposed of by injection in a permitted enhanced oil recovery operation. Hydraulic fracturing flowback and produced water may be treated and recycled for use in hydraulic fracturing fluid for high volume horizontal hydraulic fracturing operations.

(9) Discharge of hydraulic fracturing fluids, hydraulic fracturing flowback, and produced water into any surface water or water drainage way is prohibited.

(10) Transport of all hydraulic fracturing fluids, hydraulic fracturing flowback, and produced water by vehicle for disposal must be undertaken by a liquid oilfield waste hauler permitted by the Department under Section 8c of the Illinois Oil and Gas Act. The liquid oilfield waste hauler transporting hydraulic fracturing fluids, hydraulic fracturing flowback, or produced water under this Act shall comply with all laws, rules, and regulations concerning liquid oilfield waste.

(11) Drill cuttings, drilling fluids, and drilling wastes not containing oil-based mud or polymer-based mud may be stored in tanks or pits. Pits used to store cuttings, fluids, and drilling wastes from wells not using fresh water mud shall be subject to the construction standards identified in paragraph (2) of this subsection (c) Section. Drill cuttings not contaminated with oil-based mud or polymer-based mud may be disposed of onsite subject to the approval of the Department. Drill cuttings contaminated with oil-based mud or polymer-based mud shall not be disposed of onsite. Annular disposal of drill cuttings or fluid is prohibited.

(12) Any release of hydraulic fracturing fluid, hydraulic fracturing additive, or hydraulic fracturing flowback, used or generated during or after high volume horizontal hydraulic fracturing operations shall be immediately cleaned up and remediated pursuant to Department requirements. Any release of hydraulic fracturing fluid or hydraulic fracturing flowback in excess of 1 barrel, shall be reported to the Department. Any release of a hydraulic fracturing additive shall be reported to the Department in accordance with the appropriate reportable quantity thresholds established under the...
federal Emergency Planning and Community Right-to-Know Act as published in the Code of Federal Regulations (CFR), 40 CFR Parts 355, 370, and 372, the federal Comprehensive Environmental Response, Compensation, and Liability Act as published in 40 CFR Part 302, and subsection (r) of Section 112 of the federal Clean Air Act as published in 40 CFR Part 68. Any release of produced water in excess of 5 barrels shall be cleaned up, remediated, and reported pursuant to Department requirements.

(13) Secondary containment for tanks required under this subsection and additive staging areas is required. Secondary containment measures may include, as deemed appropriate by the Department, one or a combination of the following: dikes, liners, pads, impoundments, curbs, sumps, or other structures or equipment capable of containing the substance. Any secondary containment must be sufficient to contain 110% of the total capacity of the single largest container or tank within a common containment area. No more than one hour before initiating any stage of the high volume horizontal hydraulic fracturing operations, all secondary containment must be visually inspected to ensure all structures and equipment are in place and in proper working order. The results of this inspection must be recorded and documented by the operator, and available to the Department upon request.

(14) A report on the transportation and disposal of the hydraulic fracturing fluids and hydraulic fracturing flowback shall be prepared and included in the well file. The report must include the amount of fluids transported, identification of the company that transported the fluids, the destination of the fluids, and the method of disposal.

(15) Operators operating wells permitted under this Act must submit an annual report to the Department detailing the management of any produced water associated with the permitted well. The report shall be due to the Department no later than April 30th of each year and shall provide information on the operator’s management of any produced water for the prior calendar year. The report shall contain information relative to the amount of produced water the well permitted under this Act produced, the method by which the produced water was disposed, and the destination where the produced water was disposed in addition to any other information the Department determines is necessary by rule.

New matter indicated by italics - deletions by strikeout
(d) Hydraulic fracturing fluid shall be confined to the targeted formation designated in the permit. If the hydraulic fracturing fluid or hydraulic fracturing flowback are migrating into the freshwater zone or to the surface from the well in question or from other wells, the permittee shall immediately notify the Department and shut in the well until remedial action that prevents the fluid migration is completed. The permittee shall obtain the approval of the Department prior to resuming operations.

(e) Emissions controls.

(1) This subsection applies to all horizontal wells that are completed with high volume horizontal hydraulic fracturing.

(2) Except as otherwise provided in paragraph (8) of this subsection (e), permittees shall be responsible for managing gas and hydrocarbon fluids produced during the flowback period by routing recovered hydrocarbon fluids to one or more storage vessels or re-injecting into the well or another well, and routing recovered natural gas into a flow line or collection system, re-injecting the gas into the well or another well, using the gas as an on-site fuel source, or using the gas for another useful purpose that a purchased fuel or raw material would serve, with no direct release to the atmosphere.

(3) If it is technically infeasible or economically unreasonable to minimize emissions associated with the venting of hydrocarbon fluids and natural gas during the flowback period using the methods specified in paragraph (2) of this subsection (e), the permittee shall capture and direct the emissions to a completion combustion device, except in conditions that may result in a fire hazard or explosion, or where high heat emissions from a completion combustion device may negatively impact waterways. Completion combustion devices must be equipped with a reliable continuous ignition source over the duration of the flowback period.

(4) Except as otherwise provided in paragraph (8) of this subsection (e), permittees shall be responsible for minimizing the emissions associated with venting of hydrocarbon fluids and natural gas during the production phase by:

(A) routing the recovered fluids into storage vessels and (i) routing the recovered gas into a gas gathering line, collection system, or to a generator for onsite energy generation, providing that gas to the surface owner of the well site for use for heat or energy generation, or (ii) using another method other than venting or flaring; and

New matter indicated by italics - deletions by strikeout
(B) employing sand traps, surge vessels, separators, and tanks as soon as practicable during cleanout operations to safely maximize resource recovery and minimize releases to the environment.

(5) If the permittee establishes that it is technically infeasible or economically unreasonable to minimize emissions associated with the venting of hydrocarbon fluids and natural gas during production using the methods specified in paragraph (4) of this subsection (e), the Department shall require the permittee to capture and direct any natural gas produced during the production phase to a flare. Any flare used pursuant to this paragraph shall be equipped with a reliable continuous ignition source over the duration of production. In order to establish technical infeasibility or economic unreasonableness under this paragraph (5), the permittee must demonstrate, for each well site on an annual basis, that taking the actions listed in paragraph (4) of this subsection (e) are not cost effective based on a site-specific analysis. Permittees that use a flare during the production phase for operations other than emergency conditions shall file an updated site-specific analysis annually with the Department. The analysis shall be due one year from the date of the previous submission and shall detail whether any changes have occurred that alter the technical infeasibility or economic unreasonableness of the permittee to reduce their emissions in accordance with paragraph (4) of this subsection (e).

(6) Uncontrolled emissions exceeding 6 tons per year from storage tanks shall be recovered and routed to a flare that is designed in accordance with 40 CFR 60.18 and is certified by the manufacturer of the device. The permittee shall maintain and operate the flare in accordance with manufacturer specifications. Any flare used under this paragraph must be equipped with a reliable continuous ignition source over the duration of production.

(7) The Department may approve an exemption that waives the flaring requirements of paragraphs (5) and (6) of this subsection (e) only if the permittee demonstrates that the use of the flare will pose a significant risk of injury or property damage and that alternative methods of collection will not threaten harm to the environment. In determining whether to approve a waiver, the Department shall consider the quantity of casinghead gas produced, the topographical and climatological features at the well site, and the

New matter indicated by italics - deletions by strikeout
proximity of agricultural structures, crops, inhabited structures, public buildings, and public roads and railways.

(8) For each wildcat well, delineation well, or low pressure well, permittees shall be responsible for minimizing the emissions associated with venting of hydrocarbon fluids and natural gas during the flowback period and production phase by capturing and directing the emissions to a completion combustion device during the flowback period and to a flare during the production phase, except in conditions that may result in a fire hazard or explosion, or where high heat emissions from a completion combustion device or flare may negatively impact waterways. Completion combustion devices and flares shall be equipped with a reliable continuous ignition source over the duration of the flowback period and the production phase, as applicable.

(9) On or after July 1, 2015, all flares used under paragraphs (5) and (8) of this subsection (e) shall (i) operate with a combustion efficiency of at least 98% and in accordance with 40 CFR 60.18; and (ii) be certified by the manufacturer of the device. The permittee shall maintain and operate the flare in accordance with manufacturer specifications.

(10) Permittees shall employ practices for control of fugitive dust related to their operations. These practices shall include, but are not limited to, the use of speed restrictions, regular road maintenance, and restriction of construction activity during high-wind days. Additional management practices such as road surfacing, wind breaks and barriers, or automation of wells to reduce truck traffic may also be required by the Department if technologically feasible and economically reasonable to minimize fugitive dust emissions.

(11) Permittees shall record and report to the Department on an annual basis the amount of gas flared or vented from each high volume horizontal hydraulic fracturing well. Three years after the effective date of the first high volume horizontal hydraulic fracturing well permit issued by the Department, and every 3 years thereafter, the Department shall prepare a report that analyzes the amount of gas that has been flared or vented and make recommendations to the General Assembly on whether steps should be taken to reduce the amount of gas that is being flared or vented in this State.

(f) High volume horizontal hydraulic fracturing operations completion
Within 60 calendar days after the conclusion of high volume horizontal hydraulic fracturing operations, the operator shall file a high volume horizontal hydraulic fracturing operations completion report with the Department. A copy of each completion report submitted to the Department shall be provided by the Department to the Illinois State Geological Survey. The completion reports required by this Section shall be considered public information and shall be made available on the Department's website. The high volume horizontal hydraulic fracturing operations completion report shall contain the following information:

1. the permittee name as listed in the permit application;
2. the dates of the high volume horizontal hydraulic fracturing operations;
3. the county where the well is located;
4. the well name and Department reference number;
5. the total water volume used in the high volume horizontal hydraulic fracturing operations of the well, and the type and total volume of the base fluid used if something other than water;
6. each source from which the water used in the high volume horizontal hydraulic fracturing operations was drawn, and the specific location of each source, including, but not limited to, the name of the county and latitude and longitude coordinates;
7. the quantity of hydraulic fracturing flowback recovered from the well;
8. a description of how hydraulic fracturing flowback recovered from the well was disposed and, if applicable, reused;
9. a chemical disclosure report identifying each chemical and proppant used in hydraulic fracturing fluid for each stage of the hydraulic fracturing operations including the following:
   A. the total volume of water used in the hydraulic fracturing treatment of the well or the type and total volume of the base fluid used in the hydraulic fracturing treatment, if something other than water;
   B. each hydraulic fracturing additive used in the hydraulic fracturing fluid, including the trade name, vendor, a brief descriptor of the intended use or function of each hydraulic fracturing additive, and the Material Safety Data Sheet (MSDS), if applicable;
   C. each chemical intentionally added to the base fluid, including for each chemical, the Chemical Abstracts
Service number, if applicable; and

(D) the actual concentration in the base fluid, in percent by mass, of each chemical intentionally added to the base fluid;

(10) all pressures recorded during the high volume horizontal hydraulic fracturing operations; and

(11) any other reasonable or pertinent information related to the conduct of the high volume horizontal hydraulic fracturing operations the Department may request or require by administrative rule.

Sec. 1-95. Plugging; restoration.

(a) The permittee shall perform and complete plugging of the well and restoration of the well site in accordance with the Illinois Oil and Gas Act and any and all rules adopted thereunder. The permittee shall bear all costs related to plugging of the well and reclamation of the well site. If the permittee fails to plug the well in accordance with this Section, the owner of the well shall be responsible for complying with this Section.

(b) Prior to conducting high volume horizontal hydraulic fracturing operations at a well site, the permittee shall cause to be plugged all previously unplugged wellbores within 750 feet of any part of the horizontal wellbore that penetrated within 400 vertical feet of the formation that will be stimulated as part of the high volume horizontal hydraulic fracturing operations.

(c) For well sites where high volume horizontal hydraulic fracturing operations were permitted to occur, the operator shall restore any lands used by the operator other than the well site and production facility to a condition as closely approximating the pre-drilling conditions that existed before the land was disturbed for any stage of site preparation activities, drilling, and high volume horizontal hydraulic fracturing operations. Restoration shall be commenced within 6 months of completion of the well site and completed within 12 months. Restoration shall include, but is not limited to, repair of tile lines, repair of fences and barriers, mitigation of soil compaction and rutting, application of fertilizer or lime to restore the fertility of disturbed soil, and repair of soil conservation practices such as terraces and grassed waterways.

(d) Unless contractually agreed to the contrary by the permittee and surface owner, the permittee shall restore the well site and production facility.
in accordance with the applicable restoration requirements in subsection (c) of this Section and shall remove all equipment and materials involved in site preparation, drilling, and high volume horizontal hydraulic fracturing operations, including tank batteries, rock and concrete pads, oilfield debris, injection and flow lines at or above the surface, electric power lines and poles extending on or above the surface, tanks, fluids, pipes at or above the surface, secondary containment measures, rock or concrete bases, drilling equipment and supplies, and any and all other equipment, facilities, or materials used during any stage of site preparation work, drilling, or hydraulic fracturing operations at the well site. Work on the removal of equipment and materials at the well site shall begin within 6 months after plugging the final well on the well site and be completed no later than 12 months after the last producing well on the well site has been plugged. Roads installed as part of the oil and gas operation may be left in place if provided in the lease or pursuant to agreement with the surface owner, as applicable.

Provided, however, that the licensed establishment that has such a contractual relationship with an inter-track wagering location licensee may not, itself, be (i) an inter-track wagering location licensee, (ii) the corporate parent or subsidiary of any licensee licensed under the Illinois Horse Racing Act of 1975, or (iii) the corporate subsidiary of a corporation that is also the corporate parent or subsidiary of any licensee licensed under the Illinois Horse Racing Act of 1975. Sec. 15. Minimum requirements for licensing and registration. Every video gaming terminal offered for play shall first be tested and approved pursuant to the rules of the Board, and each video gaming terminal offered in this State for play shall conform to an approved model. For the examination of video gaming machines and associated equipment as required by this Section, the Board may utilize the services of one or more independent outside testing laboratories that have been accredited by a national accreditation body and that, in the judgment of the Board, are qualified to perform such examinations. Every video gaming terminal offered in this State for play must meet minimum standards set by an independent outside testing laboratory approved by the Board. Each approved model shall, at a minimum, meet the following criteria:

1. It must conform to all requirements of federal law and regulations, including FCC Class A Emissions Standards.

2. It must theoretically pay out a mathematically demonstrable percentage during the expected lifetime of the machine of all amounts played, which must not be less than 80%. The Board
shall establish a maximum payout percentage for approved models by rule. Video gaming terminals that may be affected by skill must meet this standard when using a method of play that will provide the greatest return to the player over a period of continuous play.

(3) It must use a random selection process to determine the outcome of each play of a game. The random selection process must meet 99% confidence limits using a standard chi-squared test for (randomness) goodness of fit.

(4) It must display an accurate representation of the game outcome.

(5) It must not automatically alter pay tables or any function of the video gaming terminal based on internal computation of hold percentage or have any means of manipulation that affects the random selection process or probabilities of winning a game.

(6) It must not be adversely affected by static discharge or other electromagnetic interference.

(7) It must be capable of detecting and displaying the following conditions during idle states or on demand: power reset; door open; and door just closed.

(8) It must have the capacity to display complete play history (outcome, intermediate play steps, credits available, bets placed, credits paid, and credits cashed out) for the most recent game played and 10 games prior thereto.

(9) The theoretical payback percentage of a video gaming terminal must not be capable of being changed without making a hardware or software change in the video gaming terminal, either on site or via the central communications system.

(10) Video gaming terminals must be designed so that replacement of parts or modules required for normal maintenance does not necessitate replacement of the electromechanical meters.

(11) It must have nonresettable meters housed in a locked area of the terminal that keep a permanent record of all cash inserted into the machine, all winnings made by the terminal printer, credits played in for video gaming terminals, and credits won by video gaming players. The video gaming terminal must provide the means for on-demand display of stored information as determined by the Board.

(12) Electronically stored meter information required by this Section must be preserved for a minimum of 180 days after a power loss to the service.

New matter indicated by italics - deletions by strikeout
(13) It must have one or more mechanisms that accept cash in the form of bills. The mechanisms shall be designed to prevent obtaining credits without paying by stringing, slamming, drilling, or other means. If such attempts at physical tampering are made, the video gaming terminal shall suspend itself from operating until reset.

(14) It shall have accounting software that keeps an electronic record which includes, but is not limited to, the following: total cash inserted into the video gaming terminal; the value of winning tickets claimed by players; the total credits played; the total credits awarded by a video gaming terminal; and pay back percentage credited to players of each video game.

(15) It shall be linked by a central communications system to provide auditing program information as approved by the Board. The central communications system shall use a standard industry protocol, as defined by the Gaming Standards Association, and shall have the functionality to enable the Board or its designee to activate or deactivate individual gaming devices from the central communications system. In no event may the communications system approved by the Board limit participation to only one manufacturer of video gaming terminals by either the cost in implementing the necessary program modifications to communicate or the inability to communicate with the central communications system.

(16) The Board, in its discretion, may require video gaming terminals to display Amber Alert messages if the Board makes a finding that it would be economically and technically feasible and pose no risk to the integrity and security of the central communications system and video gaming terminals.

The Board may adopt rules to establish additional criteria to preserve the integrity and security of video gaming in this State. The central communications system vendor may be licensed as a video gaming terminal manufacturer or a video gaming terminal distributor, or both, but in no event shall the central communications system vendor be licensed as a video gaming terminal operator.

The Board shall not permit the development of information or the use by any licensee of gaming device or individual game performance data. Nothing in this Act shall inhibit or prohibit the Board from the use of gaming device or individual game performance data in its regulatory duties. The Board shall adopt rules to ensure that all licensees are treated and all licensees act in a non-discriminatory manner and develop processes and penalties to

New matter indicated by italics - deletions by strikeout
enforce those rules.

(230 ILCS 40/25)
Sec. 25. Restriction of licensees.
(a) Manufacturer. A person may not be licensed as a manufacturer of a video gaming terminal in Illinois unless the person has a valid manufacturer's license issued under this Act. A manufacturer may only sell video gaming terminals for use in Illinois to persons having a valid distributor's license.

(b) Distributor. A person may not sell, distribute, or lease or market a video gaming terminal in Illinois unless the person has a valid distributor's license issued under this Act. A distributor may only sell video gaming terminals for use in Illinois to persons having a valid distributor's or terminal operator's license.

(c) Terminal operator. A person may not own, maintain, or place a video gaming terminal unless he has a valid terminal operator's license issued under this Act. A terminal operator may only place video gaming terminals for use in Illinois in licensed establishments, licensed truck stop establishments, licensed fraternal establishments, and licensed veterans establishments. No terminal operator may give anything of value, including but not limited to a loan or financing arrangement, to a licensed establishment, licensed truck stop establishment, licensed fraternal establishment, or licensed veterans establishment as any incentive or inducement to locate video terminals in that establishment. Of the after-tax profits from a video gaming terminal, 50% shall be paid to the terminal operator and 50% shall be paid to the licensed establishment, licensed truck stop establishment, licensed fraternal establishment, or licensed veterans establishment, notwithstanding any agreement to the contrary. A video terminal operator that violates one or more requirements of this subsection is guilty of a Class 4 felony and is subject to termination of his or her license by the Board.

(d) Licensed technician. A person may not service, maintain, or repair a video gaming terminal in this State unless he or she (1) has a valid technician's license issued under this Act, (2) is a terminal operator, or (3) is employed by a terminal operator, distributor, or manufacturer.

(d-5) Licensed terminal handler. No person, including, but not limited to, an employee or independent contractor working for a manufacturer, distributor, supplier, technician, or terminal operator licensed pursuant to this
Act, shall have possession or control of a video gaming terminal, or access to the inner workings of a video gaming terminal, unless that person possesses a valid terminal handler's license issued under this Act.

(e) Licensed establishment. No video gaming terminal may be placed in any licensed establishment, licensed veterans establishment, licensed truck stop establishment, or licensed fraternal establishment unless the owner or agent of the owner of the licensed establishment, licensed veterans establishment, licensed truck stop establishment, or licensed fraternal establishment has entered into a written use agreement with the terminal operator for placement of the terminals. A copy of the use agreement shall be on file in the terminal operator's place of business and available for inspection by individuals authorized by the Board. A licensed establishment, licensed truck stop establishment, licensed veterans establishment, or licensed fraternal establishment may operate up to 5 video gaming terminals on its premises at any time.

(f) (Blank).

(g) Financial interest restrictions. As used in this Act, "substantial interest" in a partnership, a corporation, an organization, an association, a business, or a limited liability company means:

(A) When, with respect to a sole proprietorship, an individual or his or her spouse owns, operates, manages, or conducts, directly or indirectly, the organization, association, or business, or any part thereof; or

(B) When, with respect to a partnership, the individual or his or her spouse shares in any of the profits, or potential profits, of the partnership activities; or

(C) When, with respect to a corporation, an individual or his or her spouse is an officer or director, or the individual or his or her spouse is a holder, directly or beneficially, of 5% or more of any class of stock of the corporation; or

(D) When, with respect to an organization not covered in (A), (B) or (C) above, an individual or his or her spouse is an officer or manages the business affairs, or the individual or his or her spouse is the owner of or otherwise controls 10% or more of the assets of the organization; or

(E) When an individual or his or her spouse furnishes 5% or more of the capital, whether in cash, goods, or services, for the operation of any business, association, or organization during any calendar year; or

New matter indicated by italics - deletions by strikeout
(F) When, with respect to a limited liability company, an individual or his or her spouse is a member, or the individual or his or her spouse is a holder, directly or beneficially, of 5% or more of the membership interest of the limited liability company.

For purposes of this subsection (g), "individual" includes all individuals or their spouses whose combined interest would qualify as a substantial interest under this subsection (g) and whose activities with respect to an organization, association, or business are so closely aligned or coordinated as to constitute the activities of a single entity.

(h) Location restriction. A licensed establishment, licensed truck stop establishment, licensed fraternal establishment, or licensed veterans establishment that is (i) located within 1,000 feet of a facility operated by an organization licensee licensed under the Illinois Horse Racing Act of 1975 or the home dock of a riverboat licensed under the Riverboat Gambling Act or (ii) located within 100 feet of a school or a place of worship under the Religious Corporation Act, is ineligible to operate a video gaming terminal. The location restrictions in this subsection (h) do not apply if (A) a facility operated by an organization licensee, a school, or a place of worship moves to or is established within the restricted area after a licensed establishment, licensed truck stop establishment, licensed fraternal establishment, or licensed veterans establishment becomes licensed under this Act or (B) a school or place of worship moves to or is established within the restricted area after a licensed establishment, licensed truck stop establishment, licensed fraternal establishment, or licensed veterans establishment obtains its original liquor license. For the purpose of this subsection, "school" means an elementary or secondary public school, or an elementary or secondary private school registered with or recognized by the State Board of Education.

Notwithstanding the provisions of this subsection (h), the Board may waive the requirement that a licensed establishment, licensed truck stop establishment, licensed fraternal establishment, or licensed veterans establishment not be located within 1,000 feet from a facility operated by an organization licensee or licensed under the Illinois Horse Racing Act of 1975 or the home dock of a riverboat licensed under the Riverboat Gambling Act. The Board shall not grant such waiver if there is any common ownership or control, shared business activity, or contractual arrangement of any type between the establishment and the organization licensee or owners licensee of a riverboat. The Board shall adopt rules to implement the provisions of this paragraph.

(i) Undue economic concentration. In addition to considering all other

With respect to retail licensees, other than any government owned or operated auditorium, exhibition hall, recreation facility or other similar facility holding a retailer's license as described in Section 6-5, a manufacturer, distributor, or importing distributor may furnish, give, lend or rent and erect, install, repair and maintain to or for any retail licensee, for use at any one time in or about or in connection with a retail establishment on which the products of the manufacturer, distributor or importing distributor are sold, the following signs and inside advertising materials as authorized in subparts (i), (ii), (iii), and (iv):

(i) Permanent outside signs shall be limited to one outside sign, per brand, in place and in use at any one time, costing not more than $893, exclusive of erection, installation, repair and maintenance costs, and permit fees and shall bear only the manufacturer's name, brand name, trade name, slogans, markings, trademark, or other symbols commonly associated with and generally used in identifying the product including, but not limited to, "cold beer", "on tap", "carry out", and "packaged liquor".

(ii) Temporary outside signs shall be limited to one temporary outside sign per brand. Examples of temporary outside signs are banners, flags, pennants, streamers, and other items of a temporary and non-permanent nature. Temporary outside signs may also include, for example, the product, price, packaging, date or dates of a promotion and an announcement of a retail licensee's specific sponsored event, if the temporary outside sign is intended to promote a product, and provided that the announcement of the retail licensee's event and the product promotion are held simultaneously. However, temporary outside signs may not include names, slogans, markings, or logos that relate to the retailer. Nothing in this subpart (ii) shall prohibit a distributor or importing distributor from bearing the cost of creating or printing a temporary outside sign for the retail licensee's specific sponsored event or from bearing the cost of creating or

However, a distributor or importing distributor shall not bear the cost of such manufacturer preprinted signs.

(iii) Permanent inside signs, whether visible from the outside or the inside of the premises, include, but are not limited to: alcohol lists and menus that may include names, slogans, markings, or logos that relate to the retailer; neons; illuminated signs; clocks; table lamps; mirrors; tap handles; decalcomanias; window painting; and window trim. All permanent inside signs in place and in use at any one time shall cost in the aggregate not more than $2000 per manufacturer. However, permanent inside signs may not include names, slogans, markings, or logos that relate to the retailer. For the purpose of this subpart (iii), all permanent inside signs may be displayed in an adjacent courtyard or patio commonly referred to as a "beer garden" that is a part of the retailer's licensed premises.

(iv) Temporary inside signs shall include, but are not limited to, lighted chalk boards, acrylic table tent beverage or hors d'oeuvre list holders, banners, flags, pennants, streamers, and inside advertising materials such as posters, placards, bowling sheets, table tents, inserts for acrylic table tent beverage or hors d'oeuvre list holders, sports schedules, or similar printed or illustrated materials; however, such items, for example, as coasters, trays, napkins, glassware and cups shall not be deemed to be inside signs or advertising materials and may only be sold to retailers. All temporary inside signs and inside advertising materials in place and in use at any one time shall cost in the aggregate not more than $325 per manufacturer. Nothing in this subpart (iv) prohibits a distributor or

The Commission shall establish the adjusted dollar limitation on an annual basis beginning in January, 1997. The term "cost adjustment factor" means a percentage equal to the change in the Bureau of Labor Statistics Consumer Price Index or 5%, whichever is greater. The restrictions contained in this Section 6-6 do not apply to signs, or promotional or advertising materials furnished by manufacturers, distributors or importing distributors to a government owned or operated facility holding a retailer's license as described in Section 6-5.

No distributor or importing distributor shall directly or indirectly or through a subsidiary or affiliate, or by any officer, director or firm of such manufacturer, distributor or importing distributor, furnish, give, lend or rent, install, repair or maintain, to or for any retail licensee in this State, any signs or inside advertising materials described in subparts (i), (ii), (iii), or (iv) of this Section except as the agent for or on behalf of a manufacturer, provided that the total cost of any signs and inside advertising materials including but not limited to labor, erection, installation and permit fees shall be paid by the manufacturer whose product or products said signs and inside advertising materials advertise and except as follows:

Nothing in this Section shall limit the free choice of practitioners, hospitals, and other providers of medical services by clients. In order to ensure patient freedom of choice, the Illinois Department shall immediately promulgate all rules and take all other necessary actions so that provided services may be accessed from therapeutically certified optometrists to the full extent of the Illinois Optometric Practice Act of 1987 without discriminating between service providers.

The Department shall apply for a waiver from the United States Health Care Financing Administration to allow for the implementation of Partnerships under this Section.

Department without such proof of receipt, unless the Illinois Department shall have put into effect and shall be operating a system of post-payment audit and review which shall, on a sampling basis, be deemed adequate by the Illinois Department to assure that such drugs, dentures, prosthetic devices and eyeglasses for which payment is being made are actually being received by eligible recipients. Within 90 days after the effective date of this amendatory Act of 1984, the Illinois Department shall establish a current list of acquisition costs for all prosthetic devices and any other items recognized as medical equipment and supplies reimbursable under this Article and shall update such list on a quarterly basis, except that the acquisition costs of all prescription drugs shall be updated no less frequently than every 30 days as required by Section 5-5.12.

The rules and regulations of the Illinois Department shall require that a written statement including the required opinion of a physician shall accompany any claim for reimbursement for abortions, or induced miscarriages or premature births. This statement shall indicate what procedures were used in providing such medical services.

Notwithstanding any other law to the contrary, the Illinois Department shall, within 365 days after July 22, 2013 (the effective date of Public Act 98-104) this amendatory Act of the 98th General Assembly, establish procedures to permit skilled care facilities licensed under the Nursing Home Care Act to submit monthly billing claims for reimbursement purposes. Following development of these procedures, the Department shall have an additional 365 days to test the viability of the new system and to ensure that any necessary operational or structural changes to its information technology platforms are implemented.

Enrollment of a vendor shall be subject to a provisional period and shall be conditional for one year. During the period of conditional enrollment, the Department may terminate the vendor's eligibility to participate in, or may disenroll the vendor from, the medical assistance program without cause. Unless otherwise specified, such termination of eligibility or disenrollment is not subject to the Department's hearing process. However, a disenrolled vendor may reapply without penalty.

The Department has the discretion to limit the conditional enrollment period for vendors based upon category of risk of the vendor.

Prior to enrollment and during the conditional enrollment period in the medical assistance program, all vendors shall be subject to enhanced oversight, screening, and review based on the risk of fraud, waste, and abuse that is posed by the category of risk of the vendor. The Illinois Department shall establish the procedures for oversight, screening, and review, which may include, but need not be limited to: criminal and financial background checks; fingerprinting; license, certification, and authorization verifications; unscheduled or unannounced site visits; database checks; prepayment audit reviews; audits; payment caps; payment suspensions; and other screening as required by federal or State law.

The Department shall define or specify the following: (i) by provider notice, the "category of risk of the vendor" for each type of vendor, which shall take into account the level of screening applicable to a particular category of vendor under federal law and regulations; (ii) by rule or provider notice, the maximum length of the conditional enrollment period for each category of risk of the vendor; and (iii) by rule, the hearing rights, if any, afforded to a vendor in each category of risk of the vendor that is terminated or disenrolled during the conditional enrollment period.

To be eligible for payment consideration, a vendor's payment claim or bill, either as an initial claim or as a resubmitted claim following prior rejection, must be received by the Illinois Department, or its fiscal intermediary, no later than 180 days after the latest date on the claim on which medical goods or services were provided, with the following exceptions:

(1) In the case of a provider whose enrollment is in process by the Illinois Department, the 180-day period shall not begin until the date on the written notice from the Illinois Department that the provider enrollment is complete.

(2) In the case of errors attributable to the Illinois Department
or any of its claims processing intermediaries which result in an inability to receive, process, or adjudicate a claim, the 180-day period shall not begin until the provider has been notified of the error.

(3) In the case of a provider for whom the Illinois Department initiates the monthly billing process.

(4) In the case of a provider operated by a unit of local government with a population exceeding 3,000,000 when local government funds finance federal participation for claims payments. For claims for services rendered during a period for which a recipient received retroactive eligibility, claims must be filed within 180 days after the Department determines the applicant is eligible. For claims for which the Illinois Department is not the primary payer, claims must be submitted to the Illinois Department within 180 days after the final adjudication by the primary payer.

In the case of long term care facilities, admission documents shall be submitted within 30 days of an admission to the facility through the Medical Electronic Data Interchange (MEDI) or the Recipient Eligibility Verification (REV) System, or shall be submitted directly to the Department of Human Services using required admission forms. Confirmation numbers assigned to an accepted transaction shall be retained by a facility to verify timely submittal. Once an admission transaction has been completed, all resubmitted claims following prior rejection are subject to receipt no later than 180 days after the admission transaction has been completed.

Claims that are not submitted and received in compliance with the foregoing requirements shall not be eligible for payment under the medical assistance program, and the State shall have no liability for payment of those claims.

To the extent consistent with applicable information and privacy, security, and disclosure laws, State and federal agencies and departments shall provide the Illinois Department access to confidential and other information and data necessary to perform eligibility and payment verifications and other Illinois Department functions. Beginning in fiscal year 2013, the Illinois Department shall set forth a request for information to identify the benefits of a pre-payment, post-adjudication, and post-edit claims system with the goals of streamlining claims processing and provider reimbursement, reducing the number of pending or rejected claims, and helping to ensure a more transparent adjudication process through the utilization of: (i) provider data verification and provider screening technology; and (ii) clinical code editing; and (iii) pre-pay, pre- or post-adjudicated predictive modeling with an integrated case management system with link analysis. Such rules shall provide, but not be limited to, the following services: (1) immediate repair or replacement of such devices by recipients; and (2) rental, lease, purchase or lease-purchase of durable medical equipment in a cost-effective manner, taking into consideration the recipient's medical prognosis, the extent of the recipient's needs, and the requirements and costs for maintaining such equipment. Subject to prior approval, such rules shall enable a recipient to temporarily acquire and use alternative or substitute devices or equipment pending repairs or replacements of any device or equipment previously authorized for such recipient by the Department.

The Department shall execute, relative to the nursing home prescreening project, written inter-agency agreements with the Department
of Human Services and the Department on Aging, to effect the following: (i) intake procedures and common eligibility criteria for those persons who are receiving non-institutional services; and (ii) the establishment and development of non-institutional services in areas of the State where they are not currently available or are undeveloped; and (iii) notwithstanding any other provision of law, subject to federal approval, on and after July 1, 2012, an increase in the determination of need (DON) scores from 29 to 37 for applicants for institutional and home and community-based long term care; if and only if federal approval is not granted, the Department may, in conjunction with other affected agencies, implement utilization controls or changes in benefit packages to effectuate a similar savings amount for this population; and (iv) no later than July 1, 2013, minimum level of care eligibility criteria for institutional and home and community-based long term care; and (v) no later than October 1, 2013, establish procedures to permit long term care providers access to eligibility scores for individuals with an admission date who are seeking or receiving services from the long term care provider. In order to select the minimum level of care eligibility criteria, the Governor shall establish a workgroup that includes affected agency representatives and stakeholders representing the institutional and home and community-based long term care interests. This Section shall not restrict the Department from implementing lower level of care eligibility criteria for community-based services in circumstances where federal approval has been granted.

The Illinois Department shall develop and operate, in cooperation with other State Departments and agencies and in compliance with applicable federal laws and regulations, appropriate and effective systems of health care evaluation and programs for monitoring of utilization of health care services and facilities, as it affects persons eligible for medical assistance under this Code.

(a) All nursing facilities that are grouped pursuant to Section 5-5.1 of this Act shall receive the same rate of payment for similar services.

(b) It shall be a matter of State policy that the Illinois Department shall utilize a uniform billing cycle throughout the State for the long-term care providers.

(c) Notwithstanding any other provisions of this Code, the methodologies for reimbursement of nursing services as provided under this Article shall no longer be applicable for bills payable for nursing services rendered on or after a new reimbursement system based on the Resource Utilization Groups (RUGs) has been fully operationalized, which shall take effect for services provided on or after January 1, 2014.

(d) The new nursing services reimbursement methodology utilizing RUG-IV 48 grouper model, which shall be referred to as the RUGs

reimbursement system, taking effect January 1, 2014, shall be based on the following:

(1) The methodology shall be resident-driven, facility-specific, and cost-based.

(2) Costs shall be annually rebased and case mix index quarterly updated. The nursing services methodology will be assigned to the Medicaid enrolled residents on record as of 30 days prior to the beginning of the rate period in the Department's Medicaid Management Information System (MMIS) as present on the last day of the second quarter preceding the rate period.

(3) Regional wage adjustors based on the Health Service Areas (HSA) groupings and adjusters in effect on April 30, 2012 shall be included.

(4) Case mix index shall be assigned to each resident class based on the Centers for Medicare and Medicaid Services staff time measurement study in effect on July 1, 2013, utilizing an index maximization approach.

(5) The pool of funds available for distribution by case mix and the base facility rate shall be determined using the formula contained in subsection (d-1).

(d-1) Calculation of base year Statewide RUG-IV nursing base per diem rate.

(1) Base rate spending pool shall be:

(A) The base year resident days which are calculated by multiplying the number of Medicaid residents in each nursing home as indicated in the MDS data defined in paragraph (4) by 365.

(B) Each facility's nursing component per diem in effect on July 1, 2012 shall be multiplied by subsection (A).

(C) Thirteen million is added to the product of subparagraph (A) and subparagraph (B) to adjust for the exclusion of nursing homes defined in paragraph (5).

(2) For each nursing home with Medicaid residents as indicated by the MDS data defined in paragraph (4), weighted days adjusted for case mix and regional wage adjustment shall be calculated. For each home this calculation is the product of:

(A) Base year resident days as calculated in subparagraph (A) of paragraph (1).

(B) The nursing home's regional wage adjustor based

on the Health Service Areas (HSA) groupings and adjustors in effect on April 30, 2012.

(C) Facility weighted case mix which is the number of Medicaid residents as indicated by the MDS data defined in paragraph (4) multiplied by the associated case weight for the RUG-IV 48 grouper model using standard RUG-IV procedures for index maximization.

(D) The sum of the products calculated for each nursing home in subparagraphs (A) through (C) above shall be the base year case mix, rate adjusted weighted days.

(3) The Statewide RUG-IV nursing base per diem rate on January 1, 2014 shall be the quotient of the paragraph (1) divided by the sum calculated under subparagraph (D) of paragraph (2).

(4) Minimum Data Set (MDS) comprehensive assessments for Medicaid residents on the last day of the quarter used to establish the base rate.

(5) Nursing facilities designated as of July 1, 2012 by the Department as "Institutions for Mental Disease" shall be excluded from all calculations under this subsection. The data from these facilities shall not be used in the computations described in paragraphs (1) through (4) above to establish the base rate.

(e) Notwithstanding any other provision of this Code, the Department shall by rule develop a reimbursement methodology reflective of the intensity of care and services requirements of low need residents in the lowest RUG IV groupers and corresponding regulations. Only that portion of the RUGs Reimbursement System spending pool described in subsection (d-1) attributed to the groupers as of July 1, 2013 for which the methodology in this Section is developed may be diverted for this purpose. The Department shall submit the rules no later than January 1, 2014 for an implementation date no later than January 1, 2015. If the Department does not implement this reimbursement methodology by the required date, the nursing component per diem on January 1, 2015 for residents classified in RUG-IV groups PA1, PA2, BA1, and BA2 shall be the blended rate of the calculated RUG-IV nursing component per diem and the nursing component per diem in effect on July 1, 2012. This blended rate shall be applied only to nursing homes whose resident population is greater than or equal to 70% of the total residents served and whose RUG-IV nursing component per diem rate is less than the nursing component per diem in effect on July 1, 2012. This blended rate shall be in effect until the reimbursement methodology is implemented.
or until July 1, 2019, whichever is sooner.

(e-1) Notwithstanding any other provision of this Article, rates established pursuant to this subsection shall not apply to any and all nursing facilities designated by the Department as "Institutions for Mental Disease" and shall be excluded from the RUGs Reimbursement System applicable to facilities not designated as "Institutions for the Mentally Diseased" by the Department.

(e-2) For dates of services beginning January 1, 2014, the RUG-IV nursing component per diem for a nursing home shall be the product of the statewide RUG-IV nursing base per diem rate, the facility average case mix index, and the regional wage adjustor. Transition rates for services provided between January 1, 2014 and December 31, 2014 shall be as follows:

(1) The transition RUG-IV per diem nursing rate for nursing homes whose rate calculated in this subsection (e-2) is greater than the nursing component rate in effect July 1, 2012 shall be paid the sum of:

   (A) The nursing component rate in effect July 1, 2012;
   
   (B) The difference of the RUG-IV nursing component per diem calculated for the current quarter minus the nursing component rate in effect July 1, 2012 multiplied by 0.88.

(2) The transition RUG-IV per diem nursing rate for nursing homes whose rate calculated in this subsection (e-2) is less than the nursing component rate in effect July 1, 2012 shall be paid the sum of:

   (A) The nursing component rate in effect July 1, 2012;
   
   (B) The difference of the RUG-IV nursing component per diem calculated for the current quarter minus the nursing component rate in effect July 1, 2012 multiplied by 0.13.

(f) Notwithstanding any other provision of this Code, on and after July 1, 2012, reimbursement rates associated with the nursing or support components of the current nursing facility rate methodology shall not increase beyond the level effective May 1, 2011 until a new reimbursement system based on the RUGs IV 48 grouper model has been fully operationalized.

Sec. 5-5.4. Standards of Payment - Department of Healthcare and Family Services. The Department of Healthcare and Family Services shall develop standards of payment of nursing facility and ICF/DD services in facilities providing such services under this Article which:

(1) Provide for the determination of a facility's payment for nursing facility or ICF/DD services on a prospective basis. The amount of the payment rate for all nursing facilities certified by the Department of Public Health under the ID/DD Community Care Act or the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities, Long Term Care for Under Age 22 facilities, Skilled Nursing facilities, or Intermediate Care facilities under the medical assistance program shall be prospectively established annually on the basis of historical, financial, and statistical data reflecting actual costs from prior years, which shall be applied to the current rate year and updated for inflation, except that the capital cost element for newly constructed facilities shall be based upon projected budgets. The annually established payment rate shall take effect on July 1 in 1984 and subsequent years. No rate increase and no update for inflation shall be provided on or after July 1, 1994, unless specifically provided for in this Section. The changes made by Public Act 93-841 extending the duration of the prohibition against a rate increase or update for inflation are effective retroactive to July 1, 2004.

For facilities licensed by the Department of Public Health under the
Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on July 1, 1998 shall include an increase of 3%. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Skilled Nursing facilities or Intermediate Care facilities, the rates taking effect on July 1, 1998 shall include an increase of 3% plus $1.10 per resident-day, as defined by the Department. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care Facilities for the Developmentally Disabled or Long Term Care for Under Age 22 facilities, the rates taking effect on January 1, 2006 shall include an increase of 3%. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care Facilities for the Developmentally Disabled or Long Term Care for Under Age 22 facilities, the rates taking effect on January 1, 2009 shall include an increase sufficient to provide a $0.50 per hour wage increase for non-executive staff.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on July 1, 1999 shall include an increase of 1.6% plus $3.00 per resident-day, as defined by the Department. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Skilled Nursing facilities or Intermediate Care facilities, the rates taking effect on July 1, 1999 shall include an increase of 1.6% and, for services provided on or after October 1, 1999, shall be increased by $4.00 per resident-day, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on July 1, 2000 shall include an increase of 2.5% per resident-day, as defined by the Department. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Skilled Nursing facilities or Intermediate Care facilities, the rates taking effect on July 1, 2000 shall include an increase of 2.5% per resident-day, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, a new payment methodology must be implemented for the nursing component of the rate effective July 1, 2003. The Department of Public Aid
(now Healthcare and Family Services) shall develop the new payment methodology using the Minimum Data Set (MDS) as the instrument to collect information concerning nursing home resident condition necessary to compute the rate. The Department shall develop the new payment methodology to meet the unique needs of Illinois nursing home residents while remaining subject to the appropriations provided by the General Assembly. A transition period from the payment methodology in effect on June 30, 2003 to the payment methodology in effect on July 1, 2003 shall be provided for a period not exceeding 3 years and 184 days after implementation of the new payment methodology as follows:

(A) For a facility that would receive a lower nursing component rate per patient day under the new system than the facility received effective on the date immediately preceding the date that the Department implements the new payment methodology, the nursing component rate per patient day for the facility shall be held at the level in effect on the date immediately preceding the date that the Department implements the new payment methodology until a higher nursing component rate of reimbursement is achieved by that facility.

(B) For a facility that would receive a higher nursing component rate per patient day under the payment methodology in effect on July 1, 2003 than the facility received effective on the date immediately preceding the date that the Department implements the new payment methodology, the nursing component rate per patient day for the facility shall be adjusted.

(C) Notwithstanding paragraphs (A) and (B), the nursing component rate per patient day for the facility shall be adjusted subject to appropriations provided by the General Assembly.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on March 1, 2001 shall include a statewide increase of 7.85%, as defined by the Department.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, except facilities participating in the Department's demonstration program pursuant to the provisions of Title 77, Part 300, Subpart T of the Illinois Administrative Code, the numerator of the ratio used by the Department of Healthcare and Family Services to compute the rate payable under this Section using the

(i) For rates taking effect January 1, 2007, $60,000,000.
(ii) For rates taking effect January 1, 2008, $110,000,000.
(iii) For rates taking effect January 1, 2009, $194,000,000.
(iv) For rates taking effect April 1, 2011, or the first day of the month that begins at least 45 days after the effective date of this amendatory Act of the 96th General Assembly, $416,500,000 or an amount as may be necessary to complete the transition to the MDS methodology for the nursing component of the rate. Increased payments under this item (iv) are not due and payable, however, until (i) the methodologies described in this paragraph are approved by the federal government in an appropriate State Plan amendment and (ii) the assessment imposed by Section 5B-2 of this Code is determined to be a permissible tax under Title XIX of the Social Security Act.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the support component of the rates taking effect on January 1, 2008 shall be computed using the most recent cost reports on file with the Department of Healthcare and Family Services no later than April 1, 2005, updated for inflation to January 1, 2006.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on April 1, 2002 shall include a statewide increase of 2.0%, as defined by the Department. This increase terminates on July 1, 2002; beginning July 1, 2002 these rates are reduced to the level of the rates in effect on March 31, 2002, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the rates taking effect on July 1, 2001 shall be computed using the most recent cost reports on file with the Department of Public Aid no later than April 1, 2000, updated for inflation to January 1, 2001. For rates effective July 1, 2001 only, rates shall be the greater of the rate computed for July 1, 2001 or the rate effective on June 30, 2001.

Notwithstanding any other provision of this Section, for facilities...
licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the Illinois Department shall determine by rule the rates taking effect on July 1, 2002, which shall be 5.9% less than the rates in effect on June 30, 2002.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, if the payment methodologies required under Section 5A-12 and the waiver granted under 42 CFR 433.68 are approved by the United States Centers for Medicare and Medicaid Services, the rates taking effect on July 1, 2004 shall be 3.0% greater than the rates in effect on June 30, 2004. These rates shall take effect only upon approval and implementation of the payment methodologies required under Section 5A-12.

For services provided on or after April 1, 2011, or the first day of the month that begins at least 45 days after the effective date of this amendatory Act of the 96th General Assembly, whichever is later, the Illinois Department may by rule adjust these socio-development component rates, and may use different adjustment methodologies for those facilities participating, and those not participating, in the Illinois Department's demonstration program pursuant to the provisions of Title 77, Part 300, Subpart T of the Illinois Administrative Code, but in no case may such rates be diminished below those in effect on August 1, 2008.

Reimbursement also may be made for utilization of other supportive personnel under appropriate supervision.

The Department shall develop enhanced payments to offset the additional costs incurred by a facility serving exceptional need residents and shall allocate at least $4,000,000 of the funds collected from the assessment established by Section 5B-2 of this Code for such payments. For the purpose of this Section, "exceptional needs" means, but need not be limited to, ventilator care and traumatic brain injury care. (i-5) For any children's hospital which did not charge for its services during the base period, the Department shall use data supplied by the hospital to determine payments using similar methodologies for freestanding children's hospitals under this Section or Section 5A-12.2.

(j) For purposes of this Section, a hospital that is enrolled to provide Medicaid services during State fiscal year 2009 shall have its utilization and associated reimbursements annualized prior to the payment calculations being performed under this Section.

Adm. Code 148.82.

"Emergency room ratio" means, for a given hospital, a fraction, the denominator of which is the number of the hospital's outpatient ambulatory procedure listing and end-stage renal disease treatment services provided for

(m) The Department may adjust payments made under this Section 5A-12.4 to comply with federal law or regulations regarding hospital-specific payment limitations on government-owned or government-operated hospitals.

(n) Notwithstanding any of the other provisions of this Section, the Department is authorized to adopt rules that change the hospital access improvement payments specified in this Section, but only to the extent necessary to conform to any federally approved amendment to the Title XIX State plan. Any such rules shall be adopted by the Department as authorized by Section 5-50 of the Illinois Administrative Procedure Act. Notwithstanding any other provision of law, any changes implemented as a result of this subsection (n) shall be given retroactive effect so that they shall be deemed to have taken effect as of the effective date of this Section.

Sec. 11-5.2. Income, Residency, and Identity Verification System.

(a) The Department shall ensure that its proposed integrated eligibility system shall include the computerized functions of income, residency, and identity eligibility verification to verify eligibility, eliminate duplication of medical assistance, and deter fraud. Until the integrated eligibility system is operational, the Department may enter into a contract with the vendor selected pursuant to Section 11-5.3 as necessary to obtain the electronic data matching described in this Section. This contract shall be exempt from the Illinois Procurement Code pursuant to subsection (h) of Section 1-10 of that Code.

(b) Prior to awarding medical assistance at application under Article V of this Code, the Department shall, to the extent such databases are available to the Department, conduct data matches using the name, date of birth, address, and Social Security Number of each applicant or recipient or responsible relative of an applicant or recipient against the following:

(d) If a discrepancy results between information provided by an applicant, recipient, or responsible relative and information contained in one or more of the databases or information tools listed under subsection (b) or (c) of this Section or subsection (c) of Section 11-5.3 and that discrepancy calls into question the accuracy of information relevant to a condition of eligibility provided by the applicant, recipient, or responsible relative, the Department or its contractor shall review the applicant's or recipient's case using the following procedures:

(1) If the information discovered under subsection (b) or (c) of this Section or subsection (c) of Section 11-5.3 does not result in the Department finding the applicant or recipient ineligible for assistance under Article V of this Code, the Department shall finalize the determination or redetermination of eligibility.

(2) If the information discovered results in the Department finding the applicant or recipient ineligible for assistance, the Department shall provide notice as set forth in Section 11-7 of this Article.

(3) If the information discovered is insufficient to determine that the applicant or recipient is eligible or ineligible, the Department shall provide written notice to the applicant or recipient which shall describe in sufficient detail the circumstances of the discrepancy, the information or documentation required, the manner in which the applicant or recipient may respond, and the consequences of failing to take action. The applicant or recipient shall have 10 business days to respond.

(3) There is a credible allegation of the use, transfer, or lease of assets of any kind to an applicant from a current or prior vendor who has a debt owed to the Illinois Department, no payment arrangements acceptable to the Illinois Department have been made by that vendor or the vendor's alternate payee, and the applicant knows or should have known of such debt.

(4) There is a credible allegation of a transfer of management responsibilities, or direct or indirect ownership, to an applicant from a current or prior vendor who has a debt owed to the Illinois Department, and no payment arrangements acceptable to the Illinois Department have been made by that vendor or the vendor's alternate payee, and the applicant knows or should have known of such debt.

As used in this subsection, "credible allegation" is defined to include an allegation from any source, including, but not limited to, fraud hotline complaints, claims data mining, patterns identified through provider audits, civil actions filed under the Illinois False Claims Act, and law enforcement investigations. A person who owns, directly or indirectly, 5% or more of the shares of stock or other evidences of ownership in a corporate or limited liability company vendor who owes a debt to the Department, if that vendor has not made payment arrangements acceptable to the Department, shall not transfer his or her ownership interest in that vendor, or vendor assets of any kind, to his or her spouse, child, brother, sister, parent, grandparent, grandchild, uncle, aunt, niece, nephew, cousin, or relative by marriage.

The Director shall specify in the suspension order a specific period of time,
which shall not exceed one year from the date of the order, during which a
suspended vendor shall not be eligible to participate. At the conclusion of the
period of suspension the Director shall reinstate such vendor, unless he finds

was based.

If a vendor has been terminated, suspended, or excluded from the
medical assistance program under Article V, such vendor shall be barred
from participation for at least one year, except that if a vendor has been
terminated, suspended, or excluded based on a conviction of a violation of

or (iii) the provision of health care services, then the vendor shall be barred
from participation for 5 years or for the length of the vendor's sentence for
that conviction, whichever is longer. At the end of one year a vendor who has
been terminated, suspended, or excluded may apply for reinstatement to the
program. Upon proper application to be reinstated such vendor may be
deemed eligible by the Director providing that such vendor meets the
requirements for eligibility under this Code. If such vendor is deemed not
eligible for reinstatement, he shall be barred from again applying for
reinstatement for one year from the date his application for reinstatement is

Upon proper application for rescission, the vendor may be deemed eligible by the Director if the vendor meets the requirements for eligibility under this Code.

If a vendor has been terminated, suspended, or excluded and reinstated to the medical assistance program under Article V and the vendor is terminated, suspended, or excluded a second or subsequent time from the medical assistance program, the vendor shall be barred from participation for at least 2 years, except that if a vendor has been terminated, suspended, or excluded a second time based on a conviction of a violation of Article VIIIA or a conviction of a felony based on fraud or a willful misrepresentation related to (i) the medical assistance program under Article V, (ii) a federal or another state's medical assistance or health care program, or (iii) the provision of health care services, then the vendor shall be barred from participation for life. At the end of 2 years, a vendor who has been terminated, suspended, or excluded may apply for reinstatement to the program. (2) Notwithstanding any other provision of law, if a vendor has the same taxpayer identification number (assigned under Section 6109 of the Internal Revenue Code of 1986) as is assigned to a vendor with past-due financial obligations to the Illinois Department, the Illinois Department may make any necessary adjustments to payments to that vendor in order to satisfy any past-due obligations, regardless of whether the vendor is assigned a different billing number under the medical assistance program.

shall be subject, in addition to any other penalties that may be prescribed by law, to a civil money penalty of not more than $10,000 for each item or service (or, in cases under subparagraph (c), $15,000 for each individual with respect to whom false or misleading information was given; in cases under subparagraph (d), $10,000 for each day the prohibited relationship occurs; in cases under

(3) In addition, the Director or his or her designee may make a determination in the same proceeding to exclude, terminate, suspend, or bar the person from participation in the medical assistance program.

(4) The Illinois Department may seek the civil monetary penalties and exclusion, termination, suspension, or barment identified in this subsection (E-5). Prior to the imposition of any penalties or sanctions, the affected person shall be afforded an opportunity for a hearing after reasonable notice. The Department shall establish hearing procedures by rule.

(5) Any final order, decision, or other determination made, issued, or executed by the Director under the provisions of this subsection (E-5), whereby a person is aggrieved, shall be subject to review in accordance with the provisions of the Administrative Review Law, and the rules adopted pursuant thereto, which shall apply to and govern all proceedings for the judicial review of final administrative decisions of the Director.

(6)(a) If a person has received an overpayment, the person shall:

   (i) report and return the overpayment to the Department at the correct address; and
   (ii) notify the Department in writing of the reason for the overpayment.

New matter indicated by italics - deletions by strikeout
(b) An overpayment must be reported and returned under subparagraph (a) by the later of:
   (i) the date which is 60 days after the date on which
       the overpayment was identified; or
   (ii) the date any corresponding cost report is due, if
       applicable.

   (E-10) A vendor who disputes an overpayment identified as part of a
   Department audit shall utilize the Department's self-referral disclosure
   protocol as set forth under this Code to identify, investigate, and return to the
   Department any undisputed audit overpayment amount. Unless the disputed
   overpayment amount is subject to a fraud payment suspension, or involves
   a termination sanction, the Department shall defer the recovery of the
   disputed overpayment amount up to one year after the date of the
   Department's final audit determination, or earlier, or as required by State or
   federal law. If the administrative hearing extends beyond one year, and such
   delay was not caused by the request of the vendor, then the Department shall
   not recover the disputed overpayment amount until the date of the final
   administrative decision. If a final administrative decision establishes that the
   disputed overpayment amount is owed to the Department, then the amount
   shall be immediately due to the Department. The Department shall be entitled
   to recover interest from the vendor on the overpayment amount from the date
   of the overpayment through the date the vendor returns the overpayment to
   the Department at a rate not to exceed the Wall Street Journal Prime Rate, as
   published from time to time, but not to exceed 5%. Any interest billed by the
   Department shall be due immediately upon receipt of the Department's billing
   statement.

   (F) The Illinois Department may withhold payments to any vendor or
   alternate payee prior to or during the pendency of any audit or proceeding
   under this Section, and through the pendency of any administrative appeal or
   administrative review by any court proceeding. The Illinois Department shall
   state by rule with as much specificity as practicable the conditions under
   which payments will not be withheld under this Section. Payments may be
   denied for bills submitted with service dates occurring during the pendency
   of a proceeding, after a final decision has been rendered, or after the
   conclusion of any administrative appeal, where the final administrative
   decision is to terminate, exclude, or suspend eligibility to participate in the
   medical assistance program. The Illinois Department shall state by rule with
   as much specificity as practicable the conditions under which payments will
   not be denied for such bills. The Illinois Department shall state by rule a
process and criteria by which a vendor or alternate payee may request full or partial release of payments withheld under this subsection. The Department must complete a proceeding under this Section in a timely manner.

Notwithstanding recovery allowed under subsection (E) or this subsection (F), the Illinois Department may withhold payments to any vendor or alternate payee who is not properly licensed, certified, or in compliance with State or federal agency regulations. Payments may be denied for bills submitted with service dates occurring during the period of time that a vendor is not properly licensed, certified, or in compliance with State or federal regulations. Facilities licensed under the Nursing Home Care Act shall have payments denied or withheld pursuant to subsection (I) of this Section.

(F-5) The Illinois Department may temporarily withhold payments to a vendor or alternate payee if any of the following individuals have been indicted or otherwise charged under a law of the United States or this or any other state with an offense that is based on alleged fraud or willful misrepresentation on the part of the individual related to (i) the medical assistance program under Article V of this Code, (ii) a federal or another state's medical assistance or health care program, or (iii) the provision of health care services:

(1) If the vendor or alternate payee is a corporation: an officer of the corporation or an individual who owns, either directly or indirectly, 5% or more of the shares of stock or other evidence of ownership of the corporation.

(2) If the vendor is a sole proprietorship: the owner of the sole proprietorship.

(3) If the vendor or alternate payee is a partnership: a partner in the partnership.

(4) If the vendor or alternate payee is any other business entity authorized by law to transact business in this State: an officer of the entity or an individual who owns, either directly or indirectly, 5% or more of the evidences of ownership of the entity.

If the Illinois Department withholds payments to a vendor or alternate payee under this subsection, the Department shall not release those payments to the vendor or alternate payee while any criminal proceeding related to the indictment or charge is pending unless the Department determines that there is good cause to release the payments before completion of the proceeding. If the indictment or charge results in the individual's conviction, the Illinois Department shall retain all withheld payments, which shall be considered forfeited to the Department. If the indictment or charge does not result in the
individual's conviction, the Illinois Department shall release to the vendor or alternate payee all withheld payments.

(F-10) If the Illinois Department establishes that the vendor or alternate payee owes a debt to the Illinois Department, and the vendor or alternate payee subsequently fails to pay or make satisfactory payment arrangements with the Illinois Department for the debt owed, the Illinois Department may seek all remedies available under the law of this State to recover the debt, including, but not limited to, wage garnishment or the filing of claims or liens against the vendor or alternate payee.

(F-15) Enforcement of judgment.

(1) Any fine, recovery amount, other sanction, or costs imposed, or part of any fine, recovery amount, other sanction, or cost imposed, remaining unpaid after the exhaustion of or the failure to exhaust judicial review procedures under the Illinois Administrative Review Law is a debt due and owing the State and may be collected using all remedies available under the law.

(2) After expiration of the period in which judicial review under the Illinois Administrative Review Law may be sought for a final administrative decision, unless stayed by a court of competent jurisdiction, the findings, decision, and order of the Director may be enforced in the same manner as a judgment entered by a court of competent jurisdiction.

(3) In any case in which any person or entity has failed to comply with a judgment ordering or imposing any fine or other sanction, any expenses incurred by the Illinois Department to enforce the judgment, including, but not limited to, attorney's fees, court costs, and costs related to property demolition or foreclosure, after they are fixed by a court of competent jurisdiction or the Director, shall be a debt due and owing the State and may be collected in accordance with applicable law. Prior to any expenses being fixed by a final administrative decision pursuant to this subsection (F-15), the Illinois Department shall provide notice to the individual or entity that states that the individual or entity shall appear at a hearing before the administrative hearing officer to determine whether the individual or entity has failed to comply with the judgment. The notice shall set the date for such a hearing, which shall not be less than 7 days from the date that notice is served. If notice is served by mail, the 7-day period shall begin to run on the date that the notice was deposited in the mail.

(4) Upon being recorded in the manner required by Article XII of the Code of Civil Procedure or by the Uniform Commercial Code, a lien shall be imposed on the real estate or personal estate, or both, of the individual or entity in the amount of any debt due and owing the State under this Section. The lien may be enforced in the same manner as a judgment of a court of competent jurisdiction. A lien shall attach to all property and assets of such person, firm, corporation, association, agency, institution, or other legal entity until the judgment is satisfied.

(5) The Director may set aside any judgment entered by default and set a new hearing date upon a petition filed at any time (i) if the petitioner's failure to appear at the hearing was for good cause, or (ii) if the petitioner established that the Department did not provide proper service of process. If any judgment is set aside pursuant to this paragraph (5), the hearing officer shall have authority to enter an order extinguishing any lien which has been recorded for any debt due and owing the Illinois Department as a result of the vacated default judgment.

(G) The provisions of the Administrative Review Law, as now or hereafter amended, and the rules adopted pursuant thereto, shall apply to and govern all proceedings for the judicial review of final administrative decisions of the Illinois Department under this Section. The term "administrative decision" is defined as in Section 3-101 of the Code of Civil Procedure.

(G-5) Vendors who pose a risk of fraud, waste, abuse, or harm.

(1) Notwithstanding any other provision in this Section, the Department may terminate, suspend, or exclude vendors who pose a risk of fraud, waste, abuse, or harm from participation in the medical assistance program prior to an evidentiary hearing but after reasonable notice and opportunity to respond as established by the Department by rule.

(2) Vendors who pose a risk of fraud, waste, abuse, or harm shall submit to a fingerprint-based criminal background check on current and future information available in the State system and current information available through the Federal Bureau of Investigation's system by submitting all necessary fees and information in the form and manner prescribed by the Department of State Police. The following individuals shall be subject to the check:

(A) In the case of a vendor that is a corporation, every
shareholder who owns, directly or indirectly, 5% or more of the outstanding shares of the corporation.

(B) In the case of a vendor that is a partnership, every partner.

(C) In the case of a vendor that is a sole proprietorship, the sole proprietor.

(D) Each officer or manager of the vendor.

Each such vendor shall be responsible for payment of the cost of the criminal background check.

(3) Vendors who pose a risk of fraud, waste, abuse, or harm may be required to post a surety bond. The Department shall establish, by rule, the criteria and requirements for determining when a surety bond must be posted and the value of the bond.

(4) The Department, or its agents, may refuse to accept requests for authorization from specific vendors who pose a risk of fraud, waste, abuse, or harm, including prior-approval and post-approval requests, if:

(A) the Department has initiated a notice of termination, suspension, or exclusion of the vendor from participation in the medical assistance program; or

(B) the Department has issued notification of its withholding of payments pursuant to subsection (F-5) of this Section; or

(C) the Department has issued a notification of its withholding of payments due to reliable evidence of fraud or willful misrepresentation pending investigation.

(5) As used in this subsection, the following terms are defined as follows:

(A) "Fraud" means an intentional deception or misrepresentation made by a person with the knowledge that the deception could result in some unauthorized benefit to himself or herself or some other person. It includes any act that constitutes fraud under applicable federal or State law.

(B) "Abuse" means provider practices that are inconsistent with sound fiscal, business, or medical practices and that result in an unnecessary cost to the medical assistance program or in reimbursement for services that are not medically necessary or that fail to meet professionally recognized standards for health care. It also includes recipient

practices that result in unnecessary cost to the medical assistance program. Abuse does not include diagnostic or therapeutic measures conducted primarily as a safeguard against possible vendor liability.

(C) "Waste" means the unintentional misuse of medical assistance resources, resulting in unnecessary cost to the medical assistance program. Waste does not include diagnostic or therapeutic measures conducted primarily as a safeguard against possible vendor liability.

(D) "Harm" means physical, mental, or monetary damage to recipients or to the medical assistance program.

(G-6) The Illinois Department, upon making a determination based upon information in the possession of the Illinois Department that continuation of participation in the medical assistance program by a vendor would constitute an immediate danger to the public, may immediately suspend such vendor's participation in the medical assistance program without a hearing. In instances in which the Illinois Department immediately suspends the medical assistance program participation of a vendor under this Section, a hearing upon the vendor's participation must be convened by the Illinois Department within 15 days after such suspension and completed without appreciable delay. Such hearing shall be held to determine whether to recommend to the Director that the vendor's medical assistance program participation be denied, terminated, suspended, placed on provisional status, or reinstated. In the hearing, any evidence relevant to the vendor constituting an immediate danger to the public may be introduced against such vendor; provided, however, that the vendor, or his or her counsel, shall have the opportunity to discredit, impeach, and submit evidence rebutting such evidence.

(H) Nothing contained in this Code shall in any way limit or otherwise impair the authority or power of any State agency responsible for licensing of vendors.

(I) Based on a finding of noncompliance on the part of a nursing home with any requirement for certification under Title XVIII or XIX of the Social Security Act (42 U.S.C. Sec. 1395 et seq. or 42 U.S.C. Sec. 1396 et seq.), the Illinois Department may impose one or more of the following remedies after notice to the facility:

(1) Termination of the provider agreement.
(2) Temporary management.
(3) Denial of payment for new admissions.

New matter indicated by italics - deletions by strikeout
(4) Civil money penalties.
(5) Closure of the facility in emergency situations or transfer of residents, or both.
(6) State monitoring.
(7) Denial of all payments when the U.S. Department of Health and Human Services has imposed this sanction.

The Illinois Department shall by rule establish criteria governing continued payments to a nursing facility subsequent to termination of the facility's provider agreement if, in the sole discretion of the Illinois Department, circumstances affecting the health, safety, and welfare of the facility's residents require those continued payments. The Illinois Department may condition those continued payments on the appointment of temporary management, sale of the facility to new owners or operators, or other arrangements that the Illinois Department determines best serve the needs of the facility's residents.

Except in the case of a facility that has a right to a hearing on the finding of noncompliance before an agency of the federal government, a facility may request a hearing before a State agency on any finding of noncompliance within 60 days after the notice of the intent to impose a remedy. Except in the case of civil money penalties, a request for a hearing shall not delay imposition of the penalty. The choice of remedies is not appealable at a hearing. The level of noncompliance may be challenged only in the case of a civil money penalty. The Illinois Department shall provide by rule for the State agency that will conduct the evidentiary hearings.

The Illinois Department may collect interest on unpaid civil money penalties.

The Illinois Department may adopt all rules necessary to implement this subsection (I).

(J) The Illinois Department, by rule, may permit individual practitioners to designate that Department payments that may be due the practitioner be made to an alternate payee or alternate payees.

(a) Such alternate payee or alternate payees shall be required to register as an alternate payee in the Medical Assistance Program with the Illinois Department.

(b) If a practitioner designates an alternate payee, the alternate payee and practitioner shall be jointly and severally liable to the Department for payments made to the alternate payee. Pursuant to subsection (E) of this Section, any Department action to suspend or deny payment or recover money or overpayments from an alternate

payee shall be subject to an administrative hearing.

(c) Registration as an alternate payee or alternate payees in the Illinois Medical Assistance Program shall be conditional. At any time, the Illinois Department may deny or cancel any alternate payee's registration in the Illinois Medical Assistance Program without cause. Any such denial or cancellation is not subject to an administrative hearing.

(d) The Illinois Department may seek a revocation of any alternate payee, and all owners, officers, and individuals with management responsibility for such alternate payee shall be permanently prohibited from participating as an owner, an officer, or an individual with management responsibility with an alternate payee in the Illinois Medical Assistance Program, if after reasonable notice and opportunity for a hearing the Illinois Department finds that:

1. the alternate payee is not complying with the Department's policy or rules and regulations, or with the terms and conditions prescribed by the Illinois Department in its alternate payee registration agreement; or
2. the alternate payee has failed to keep or make available for inspection, audit, or copying, after receiving a written request from the Illinois Department, such records regarding payments claimed as an alternate payee; or
3. the alternate payee has failed to furnish any information requested by the Illinois Department regarding payments claimed as an alternate payee; or

or alternate payee) has been transferred by an individual who is terminated, suspended, or excluded or barred from participating as a vendor or is prohibited or revoked as an alternate payee to the individual's spouse, child, brother, sister, parent, grandparent, grandchild, uncle, aunt, niece, nephew, cousin, or relative by marriage.

(K) The Illinois Department of Healthcare and Family Services may withhold payments, in whole or in part, to a provider or alternate payee where there is credible evidence, received from State or federal law enforcement or federal oversight agencies or from the results of a preliminary Department audit, that the circumstances giving rise to the need for a withholding of payments may involve fraud or willful misrepresentation under the Illinois Medical Assistance program. The Department shall by rule define what constitutes "credible" evidence for purposes of this subsection. The Department may withhold payments without first notifying the provider or alternate payee of its intention to withhold such payments. A provider or alternate payee may request a reconsideration of payment withholding, and the Department must grant such a request. The Department shall state by rule a process and criteria by which a provider or alternate payee may request full or partial release of payments withheld under this subsection. This request may be made at any time after the Department first withholds such payments.

(a) The Illinois Department must send notice of its withholding of program payments within 5 days of taking such action. The notice must set forth the general allegations as to the nature of the withholding action, but need not disclose any specific information concerning its ongoing investigation. The notice must do all of the following:

1. State that payments are being withheld in accordance with this subsection.
2. State that the withholding is for a temporary period, as stated in paragraph (b) of this subsection, and cite the circumstances under which withholding will be terminated.
3. Specify, when appropriate, which type or types of Medicaid claims withholding is effective.
4. Inform the provider or alternate payee of the right to submit written evidence for reconsideration of the withholding by the Illinois Department.
5. Inform the provider or alternate payee that a

written request may be made to the Illinois Department for full or partial release of withheld payments and that such requests may be made at any time after the Department first withholds such payments.

(b) All withholding-of-payment actions under this subsection shall be temporary and shall not continue after any of the following:

(1) The Illinois Department or the prosecuting authorities determine that there is insufficient evidence of fraud or willful misrepresentation by the provider or alternate payee.

(2) Legal proceedings related to the provider's or alternate payee's alleged fraud, willful misrepresentation, violations of this Act, or violations of the Illinois Department's administrative rules are completed.

(3) The withholding of payments for a period of 3 years.

(c) The Illinois Department may adopt all rules necessary to implement this subsection (K).

(K-5) The Illinois Department may withhold payments, in whole or in part, to a provider or alternate payee upon initiation of an audit, quality of care review, investigation when there is a credible allegation of fraud, or the provider or alternate payee demonstrating a clear failure to cooperate with the Illinois Department such that the circumstances give rise to the need for a withholding of payments. As used in this subsection, "credible allegation" is defined to include an allegation from any source, including, but not limited to, fraud hotline complaints, claims data mining, patterns identified through provider audits, civil actions filed under the Illinois False Claims Act, and law enforcement investigations. An allegation is considered to be credible when it has indicia of reliability. The Illinois Department may withhold payments without first notifying the provider or alternate payee of its intention to withhold such payments. A provider or alternate payee may request a hearing or a reconsideration of payment withholding, and the Illinois Department must grant such a request. The Illinois Department shall state by rule a process and criteria by which a provider or alternate payee may request a hearing or a reconsideration for the full or partial release of payments withheld under this subsection. This request may be made at any time after the Illinois Department first withholds such payments.

2. State that the withholding is for a temporary period, as stated in paragraph (b) of this subsection, and cite the circumstances under which withholding will be terminated.
3. Specify, when appropriate, which type or types of claims are withheld.
4. Inform the provider or alternate payee of the right to request a hearing or a reconsideration of the withholding by the Illinois Department, including the ability to submit written evidence.
5. Inform the provider or alternate payee that a written request may be made to the Illinois Department for a hearing or a reconsideration for the full or partial release of withheld payments and that such requests may be made at any time after the Illinois Department first withholds such payments.

(b) All withholding of payment actions under this subsection shall be temporary and shall not continue after any of the following:

1. The Illinois Department determines that there is insufficient evidence of fraud, or the provider or alternate payee demonstrates clear cooperation with the Illinois Department, as determined by the Illinois Department, such that the circumstances do not give rise to the need for withholding of payments; or
2. The withholding of payments has lasted for a period in excess of 3 years.

(c) The Illinois Department may adopt all rules necessary to implement this subsection (K-5).

(L) The Illinois Department shall establish a protocol to enable health care providers to disclose an actual or potential violation of this Section pursuant to a self-referral disclosure protocol, referred to in this subsection as "the protocol". The protocol shall include direction for health care providers on a specific person, official, or office to whom such disclosures...
shall be made. The Illinois Department shall post information on the protocol on the Illinois Department's public website. (M) Notwithstanding any other provision of this Code, the Illinois Department, at its discretion, may exempt an entity licensed under the Nursing Home Care Act and the ID/DD Community Care Act from the provisions of subsections (A-15), (B), and (C) of this Section if the licensed entity is in receivership.

A company, as defined in Section 5.5 of the Illinois Insurance Code and Section 2 of the Comprehensive Health Insurance Plan Act, must provide the Department eligibility information in a federally recommended or mutually agreed-upon format that includes at a minimum:

(1) The names, addresses, dates, and sex of primary covered persons.
(2) The policy group numbers of the covered persons.

(b) The Department may impose an administrative penalty on a company that does not comply with the request for information made under Section 5.5 of the Illinois Insurance Code and paragraph (3) of subsection (a) of Section 20 of the Covering ALL KIDS Health Insurance Act. The amount of the penalty shall not exceed $10,000 per day for each day of noncompliance that occurs after the 180th day after the date of the request.
The first day of the 180-day period commences on the business day following the date of the correspondence requesting the information sent by the Department to the company. The amount shall be based on:

(1) The seriousness of the violation, including the nature, circumstances, extent, and gravity of the violation.
(2) The economic harm caused by the violation.
(3) The history of previous violations.
(4) The amount necessary to deter a future violation.
(5) Efforts to correct the violation.
(6) Any other matter that justice may require.

public funds from, the Department of Public Health, Healthcare and Family Services, or Human Services, or the Department on Aging. For uncompensated or privately paid caregivers, the Department on Aging shall report only a verified and substantiated decision of significant abuse, neglect, or financial exploitation of an eligible adult under this Act. An administrative finding placed in the Registry shall preclude any caregiver from providing direct access or other services, including consulting and volunteering, in a position with a provider that is licensed, certified, or regulated by, or paid with public funds from or on behalf of, the State of Illinois or any Department thereof, that permits the caregiver direct access to an adult aged 60 or older or an adult, over 18, with a disability or to that individual's living quarters or personal, financial, or medical records.

(b) Definitions. As used in this Section:

"Direct care" includes, but is not limited to, direct access to an individual, his or her living quarters, or his or her personal, financial, or medical records for the purpose of providing nursing care or assistance with feeding, dressing, movement, bathing, toileting, other personal needs and activities of daily living, or assistance with financial transactions.

"Privately paid caregiver" means any caregiver who has been paid with resources other than public funds, regardless of licensure, certification, or regulation by the State of Illinois and any Department thereof. A privately paid caregiver does not include any caregiver that has been licensed, certified, or regulated by a State agency, or paid with public funds.

"Significant" means a finding of abuse, neglect, or financial exploitation as determined by the Department that (i) represents a meaningful failure to adequately provide for, or a material indifference to, the financial, health, safety, or medical needs of an eligible adult or (ii) results in an eligible adult's death or other serious deterioration of an eligible adult's financial resources, physical condition, or mental condition.

"Uncompensated caregiver" means a caregiver who, in an informal capacity, assists an eligible adult with activities of daily living, financial transactions, or chore housekeeping type duties. "Uncompensated caregiver" does not refer to an individual serving in a formal capacity as a volunteer with a provider licensed, certified, or regulated by a State agency.

(c) Access to and use of the Registry. Access to the Registry shall be limited to licensed, certified, or regulated providers by the Department of Public Health, Healthcare and Family Service, or Human Services, or the Department on Aging. The State of Illinois, any Department thereof, or a provider licensed, certified, or regulated, or paid with public funds by, from,
or on behalf of the Department of Public Health, Healthcare and Family Services, or Human Services, or the Department on Aging, shall not hire or compensate any person seeking employment, retain any contractors, or accept any volunteers to provide direct care without first conducting an online check of the person through the Department of Public Health's Health Care Worker Registry. The provider shall maintain a copy of the results of the online check to demonstrate compliance with this requirement. The provider is prohibited from hiring, compensating, or accepting a person, including as a consultant or volunteer, for whom the online check reveals a verified and substantiated claim of abuse, neglect, or financial exploitation, to provide direct access to any adult aged 60 or older or any adult, over 18, with a disability. Additionally, a provider is prohibited from retaining a person for whom they gain knowledge of a verified and substantiated claim of abuse, neglect, or financial exploitation in a position that permits the caregiver direct access to provide direct care to any adult aged 60 or older or any adult, over 18, with a disability or direct access to that individual's living quarters or personal, financial, or medical records. Failure to comply with this requirement may subject such a provider to corrective action by the appropriate regulatory agency or other lawful remedies provided under the applicable licensure, certification, or regulatory laws and rules.

(d) Notice to caregiver. The Department on Aging shall establish rules concerning notice to the caregiver in cases of abuse, neglect, or financial exploitation.

(e) Notification to eligible adults, guardians, or agents. As part of its investigation, the Department on Aging shall notify an eligible adult, or an eligible adult's guardian or agent, that a caregiver's name may be placed on the Registry based on a finding as described in subsection (a) (a-1) of this Section.

(f) Notification to employer. A provider licensed, certified, or regulated by the Department of Public Health, Healthcare and Family Services, or Human Services, or the Department on Aging shall be notified of an administrative finding against any caregiver who is an employee, consultant, or volunteer of a verified and substantiated decision of abuse, neglect, or financial exploitation of an eligible adult under this Act. If there is an imminent risk of danger to the eligible adult or an imminent risk of misuse of personal, medical, or financial information, the caregiver shall immediately be barred from direct access to the eligible adult, his or her living quarters, or his or her personal, financial, or medical records, pending the outcome of any challenge, criminal prosecution, or other type of collateral

New matter indicated by italics - deletions by strikeout
(g) Caregiver challenges. The Department on Aging shall establish, by rule, procedures concerning caregiver challenges.

(h) Caregiver's rights to collateral action. The Department on Aging shall not make any report to the Registry if a caregiver notifies the Department in writing, including any supporting documentation, that he or she is formally challenging an adverse employment action resulting from a verified and substantiated finding of abuse, neglect, or financial exploitation by complaint filed with the Illinois Civil Service Commission, or by another means which seeks to enforce the caregiver's rights pursuant to any applicable collective bargaining agreement. If an action taken by an employer against a caregiver as a result of a finding of abuse, neglect, or financial exploitation is overturned through an action filed with the Illinois Civil Service Commission or under any applicable collective bargaining agreement after that caregiver's name has already been sent to the Registry, the caregiver's name shall be removed from the Registry.

(i) Removal from Registry. At any time after a report to the Registry, but no more than once in each successive 3-year period thereafter, for a maximum of 3 such requests, a caregiver may write to the Director of the Department on Aging to request removal of his or her name from the Registry in relationship to a single incident. The caregiver shall bear the burden of showing cause that establishes, by a preponderance of the evidence, that removal of his or her name from the Registry is in the public interest. Upon receiving such a request, the Department on Aging shall conduct an investigation and consider any evidentiary material provided. The Department shall issue a decision either granting or denying removal within 60 calendar days, and shall issue such decision to the caregiver and the Registry. The waiver process at the Department of Public Health does not apply to Registry reports from the Department on Aging. The Department on Aging shall establish standards for the removal of a name from the Registry by rule.

(j) Referral of Registry reports to health care facilities. In the event an eligible adult receiving services from a provider agency changes his or her residence from a domestic living situation to that of a health care facility, the provider agency shall use reasonable efforts to promptly inform the health care facility and the appropriate Regional Long Term Care Ombudsman about any Registry reports relating to the eligible adult. For purposes of this Section, a health care facility includes, but is not limited to, any residential facility licensed, certified, or regulated by the Department of Public Health,

(2) include all additional components necessary to ensure meaningful cooperation and coordination.

Section 560. The Mental Health and Developmental Disabilities Code is amended by changing Section 2-107.1 as follows:

(405 ILCS 5/2-107.1) (from Ch. 91 1/2, par. 2-107.1)
Sec. 2-107.1. Administration of psychotropic medication and electroconvulsive therapy upon application to a court.

(a) (Blank).

(a-5) Notwithstanding the provisions of Section 2-107 of this Code, psychotropic medication and electroconvulsive therapy may be administered to an adult recipient of services on an inpatient or outpatient basis without the informed consent of the recipient under the following standards:

(1) Any person 18 years of age or older, including any guardian, may petition the circuit court for an order authorizing the administration of psychotropic medication and electroconvulsive therapy to a recipient of services. The petition shall state that the petitioner has made a good faith attempt to determine whether the recipient has executed a power of attorney for health care under the Powers of Attorney for Health Care Law or a declaration for mental health treatment under the Mental Health Treatment Preference Declaration Act and to obtain copies of these instruments if they exist. If either of the above-named instruments is available to the petitioner, the instrument or a copy of the instrument shall be attached to the petition as an exhibit. The petitioner shall deliver a copy of the petition, and notice of the time and place of the hearing, to the respondent, his or her attorney, any known agent or attorney-in-fact, if any, and the guardian, if any, no later than 3 days prior to the date of the hearing. Service of the petition and notice of the time and place of the hearing may be made by transmitting them via facsimile machine to the respondent or other party. Upon receipt of the petition and notice, the party served, or the person delivering the petition and notice to the party served, shall acknowledge service. If the party sending the petition and notice does not receive acknowledgement of service within 24 hours, service must be made by personal service.

The petition may include a request that the court authorize such testing and procedures as may be essential for the safe and effective administration of the psychotropic medication or electroconvulsive therapy sought to be administered, but only where

New matter indicated by italics - deletions by strikeout
the petition sets forth the specific testing and procedures sought to be administered.

If a hearing is requested to be held immediately following the hearing on a petition for involuntary admission, then the notice requirement shall be the same as that for the hearing on the petition for involuntary admission, and the petition filed pursuant to this Section shall be filed with the petition for involuntary admission.

(2) The court shall hold a hearing within 7 days of the filing of the petition. The People, the petitioner, or the respondent shall be entitled to a continuance of up to 7 days as of right. An additional continuance of not more than 7 days may be granted to any party (i) upon a showing that the continuance is needed in order to adequately prepare for or present evidence in a hearing under this Section or (ii) under exceptional circumstances. The court may grant an additional continuance not to exceed 21 days when, in its discretion, the court determines that such a continuance is necessary in order to provide the recipient with an examination pursuant to Section 3-803 or 3-804 of this Act, to provide the recipient with a trial by jury as provided in Section 3-802 of this Act, or to arrange for the substitution of counsel as provided for by the Illinois Supreme Court Rules. The hearing shall be separate from a judicial proceeding held to determine whether a person is subject to involuntary admission but may be heard immediately preceding or following such a judicial proceeding and may be heard by the same trier of fact or law as in that judicial proceeding.

(3) Unless otherwise provided herein, the procedures set forth in Article VIII of Chapter III 3 of this Act, including the provisions regarding appointment of counsel, shall govern hearings held under this subsection (a-5).

(4) Psychotropic medication and electroconvulsive therapy may be administered to the recipient if and only if it has been determined by clear and convincing evidence that all of the following factors are present. In determining whether a person meets the criteria specified in the following paragraphs (A) through (G), the court may consider evidence of the person's history of serious violence, repeated past pattern of specific behavior, actions related to the person's illness, or past outcomes of various treatment options.

(A) That the recipient has a serious mental illness or developmental disability.

New matter indicated by italics - deletions by strikeout
(B) That because of said mental illness or developmental disability, the recipient currently exhibits any one of the following: (i) deterioration of his or her ability to function, as compared to the recipient's ability to function prior to the current onset of symptoms of the mental illness or disability for which treatment is presently sought, (ii) suffering, or (iii) threatening behavior.

(C) That the illness or disability has existed for a period marked by the continuing presence of the symptoms set forth in item (B) of this subdivision (4) or the repeated episodic occurrence of these symptoms.

(D) That the benefits of the treatment outweigh the harm.

(E) That the recipient lacks the capacity to make a reasoned decision about the treatment.

(F) That other less restrictive services have been explored and found inappropriate.

(G) If the petition seeks authorization for testing and other procedures, that such testing and procedures are essential for the safe and effective administration of the treatment.

(5) In no event shall an order issued under this Section be effective for more than 90 days. A second 90-day period of involuntary treatment may be authorized pursuant to a hearing that complies with the standards and procedures of this subsection (a-5). Thereafter, additional 180-day periods of involuntary treatment may be authorized pursuant to the standards and procedures of this Section without limit. If a new petition to authorize the administration of psychotropic medication or electroconvulsive therapy is filed at least 15 days prior to the expiration of the prior order, and if any continuance of the hearing is agreed to by the recipient, the administration of the treatment may continue in accordance with the prior order pending the completion of a hearing under this Section.

(6) An order issued under this subsection (a-5) shall designate the persons authorized to administer the treatment under the standards and procedures of this subsection (a-5). Those persons shall have complete discretion not to administer any treatment authorized under this Section. The order shall also specify the medications and the anticipated range of dosages that have been authorized and may

New matter indicated by italics - deletions by strikeout
include a list of any alternative medications and range of dosages deemed necessary.

(a-10) The court may, in its discretion, appoint a guardian ad litem for a recipient before the court or authorize an existing guardian of the person to monitor treatment and compliance with court orders under this Section.

(b) A guardian may be authorized to consent to the administration of psychotropic medication or electroconvulsive therapy to an objecting recipient only under the standards and procedures of subsection (a-5).

(c) Notwithstanding any other provision of this Section, a guardian may consent to the administration of psychotropic medication or electroconvulsive therapy to a non-objecting recipient under Article XIa of the Probate Act of 1975.

(d) Nothing in this Section shall prevent the administration of psychotropic medication or electroconvulsive therapy to recipients in an emergency under Section 2-107 of this Act.

(e) Notwithstanding any of the provisions of this Section, psychotropic medication or electroconvulsive therapy may be administered pursuant to a power of attorney for health care under the Powers of Attorney for Health Care Law or a declaration for mental health treatment under the Mental Health Treatment Preference Declaration Act.

(f) The Department shall conduct annual trainings for physicians and registered nurses working in State-operated mental health facilities on the appropriate use of psychotropic medication and electroconvulsive therapy, standards for their use, and the preparation of court petitions under this Section.

Such rules shall be substantially similar to the provisions for such liability contained in Chapter V § of the Mental Health and Developmental Disabilities Code, as now or hereafter amended, and rules adopted pursuant thereto.

This subsection (w) shall not apply to (1) a permitted pollution control facility that transfers or accepts construction or demolition debris, clean or general, or uncontaminated soil for final disposal, recycling, or treatment, (2) a public utility (as that term is defined in the Public Utilities Act) or a municipal utility, (3) the Illinois Department of Transportation, or (4) a municipality or a county highway department, with the exception of any municipality or county highway department located within a county having a population of over 3,000,000 inhabitants or located in a county that is contiguous to a county having a population of over 3,000,000 inhabitants; but it shall apply to an entity that contracts with a public utility, a municipal utility, the Illinois Department of Transportation, or a municipality or a county highway department. The terms "generation" and "recycling" as used in this subsection do not apply to clean construction or demolition debris when (i) used as fill material below grade outside of a setback zone if covered by sufficient uncontaminated soil to support vegetation within 30 days of the completion of filling or if covered by a road or structure, (ii) solely broken concrete without protruding metal bars is used for erosion control, or (iii) milled asphalt or crushed concrete is used as aggregate in construction of the shoulder of a roadway. The terms "generation" and "recycling", as used in this subsection, do not apply to uncontaminated soil that is not commingled with any waste when (i) used as fill material below grade or contoured to grade, or (ii) used at the site of generation.

(415 ILCS 5/22.2) (from Ch. 111 1/2, par. 1022.2)
Sec. 22.2. Hazardous waste; fees; liability.
(a) There are hereby created within the State Treasury 2 special funds to be known respectively as the "Hazardous Waste Fund" and the "Hazardous Waste Research Fund", constituted from the fees collected pursuant to this Section. In addition to the fees collected under this Section, the Hazardous Waste Fund shall include other moneys made available from any source for deposit into the Fund.

(b)(1) On and after January 1, 1989, the Agency shall collect from the owner or operator of each of the following sites a fee in the amount of:

(A) 9 cents per gallon or $18.18 per cubic yard, if the hazardous waste disposal site is located off the site where such waste was produced. The maximum amount payable under this subdivision (A) with respect to the hazardous waste generated by a single generator and deposited in monofills is $30,000 per year. If, as a result of the use of multiple monofills, waste fees in excess of the maximum are assessed with respect to a single waste generator, the generator may apply to the Agency for a credit.

(B) 9 cents or $18.18 per cubic yard, if the hazardous waste disposal site is located on the site where such waste was produced, provided however the maximum amount of fees payable under this paragraph (B) is $30,000 per year for each such hazardous waste disposal site.

(C) If the hazardous waste disposal site is an underground injection well, $6,000 per year if not more than 10,000,000 gallons per year are injected, $15,000 per year if more than 10,000,000 gallons but not more than 50,000,000 gallons per year are injected, and $27,000 per year if more than 50,000,000 gallons per year are injected.

(D) 3 cents per gallon or $6.06 per cubic yard of hazardous waste received for treatment at a hazardous waste treatment site, if the hazardous waste treatment site is located off the site where such waste was produced and if such hazardous waste treatment site is owned, controlled and operated by a person other than the generator of such waste. After treatment at such hazardous waste treatment site, the waste shall not be subject to any other fee imposed by this subsection (b). For purposes of this subsection (b), the term "treatment" is defined as in Section 3.505 but shall not
include recycling, reclamation or reuse.

(2) The General Assembly shall annually appropriate to the Fund such amounts as it deems necessary to fulfill the purposes of this Act.

(3) The Agency shall have the authority to accept, receive, and administer on behalf of the State any moneys made available to the State from any source for the purposes of the Hazardous Waste Fund set forth in subsection (d) of this Section.

(4) Of the amount collected as fees provided for in this Section, the Agency shall manage the use of such funds to assure that sufficient funds are available for match towards federal expenditures for response action at sites which are listed on the National Priorities List; provided, however, that this shall not apply to additional monies appropriated to the Fund by the General Assembly, nor shall it apply in the event that the Director finds that revenues in the Hazardous Waste Fund must be used to address conditions which create or may create an immediate danger to the environment or public health or to the welfare of the people of the State of Illinois.

(5) Notwithstanding the other provisions of this subsection (b), sludge from a publicly-owned sewage works generated in Illinois, coal mining wastes and refuse generated in Illinois, bottom boiler ash, flyash and flue gas desulphurization sludge from public utility electric generating facilities located in Illinois, and bottom boiler ash and flyash from all incinerators which process solely municipal waste shall not be subject to the fee.

(6) For the purposes of this subsection (b), "monofill" means a facility, or a unit at a facility, that accepts only wastes bearing the same USEPA hazardous waste identification number, or compatible wastes as determined by the Agency.

(c) The Agency shall establish procedures, not later than January 1, 1984, relating to the collection of the fees authorized by this Section. Such procedures shall include, but not be limited to: (1) necessary records identifying the quantities of hazardous waste received or disposed; (2) the form and submission of reports to accompany the payment of fees to the Agency; and (3) the time and manner of payment of fees to the Agency, which payments shall be not more often than quarterly.

(d) Beginning July 1, 1996, the Agency shall deposit all such receipts in the State Treasury to the credit of the Hazardous Waste Fund, except as provided in subsection (e) of this Section. All monies in the Hazardous Waste Fund
Fund shall be used by the Agency for the following purposes:

(1) Taking whatever preventive or corrective action is necessary or appropriate, in circumstances certified by the Director, including but not limited to removal or remedial action whenever there is a release or substantial threat of a release of a hazardous substance or pesticide; provided, the Agency shall expend no more than $1,000,000 on any single incident without appropriation by the General Assembly.

(2) To meet any requirements which must be met by the State in order to obtain federal funds pursuant to the Comprehensive Environmental Response, Compensation and Liability Act of 1980, (P.L. 96-510).

(3) In an amount up to 30% of the amount collected as fees provided for in this Section, for use by the Agency to conduct groundwater protection activities, including providing grants to appropriate units of local government which are addressing protection of underground waters pursuant to the provisions of this Act.

(4) To fund the development and implementation of the model pesticide collection program under Section 19.1 of the Illinois Pesticide Act.

(5) To the extent the Agency has received and deposited monies in the Fund other than fees collected under subsection (b) of this Section, to pay for the cost of Agency employees for services provided in reviewing the performance of response actions pursuant to Title XVII of this Act.

(6) In an amount up to 15% of the fees collected annually under subsection (b) of this Section, for use by the Agency for administration of the provisions of this Section.

(e) The Agency shall deposit 10% of all receipts collected under subsection (b) of this Section, but not to exceed $200,000 per year, in the State Treasury to the credit of the Hazardous Waste Research Fund established by this Act. Pursuant to appropriation, all monies in such Fund shall be used by the University of Illinois for the purposes set forth in this subsection.

The University of Illinois may enter into contracts with business, industrial, university, governmental or other qualified individuals or organizations to assist in the research and development intended to recycle, reduce the volume of, separate, detoxify or reduce the hazardous properties of hazardous wastes in Illinois. Monies in the Fund may also be used by the
University of Illinois for technical studies, monitoring activities, and educational and research activities which are related to the protection of underground waters. Monies in the Hazardous Waste Research Fund may be used to administer the Illinois Health and Hazardous Substances Registry Act. Monies in the Hazardous Waste Research Fund shall not be used for any sanitary landfill or the acquisition or construction of any facility. This does not preclude the purchase of equipment for the purpose of public demonstration projects. The University of Illinois shall adopt guidelines for cost sharing, selecting, and administering projects under this subsection.

(f) Notwithstanding any other provision or rule of law, and subject only to the defenses set forth in subsection (j) of this Section, the following persons shall be liable for all costs of removal or remedial action incurred by the State of Illinois or any unit of local government as a result of a release or substantial threat of a release of a hazardous substance or pesticide:

1. the owner and operator of a facility or vessel from which there is a release or substantial threat of release of a hazardous substance or pesticide;

2. any person who at the time of disposal, transport, storage or treatment of a hazardous substance or pesticide owned or operated the facility or vessel used for such disposal, transport, treatment or storage from which there was a release or substantial threat of a release of any such hazardous substance or pesticide;

3. any person who by contract, agreement, or otherwise has arranged with another party or entity for transport, storage, disposal or treatment of hazardous substances or pesticides owned, controlled or possessed by such person at a facility owned or operated by another party or entity from which facility there is a release or substantial threat of a release of such hazardous substances or pesticides; and

4. any person who accepts or accepted any hazardous substances or pesticides for transport to disposal, storage or treatment facilities or sites from which there is a release or a substantial threat of a release of a hazardous substance or pesticide.

Any monies received by the State of Illinois pursuant to this subsection (f) shall be deposited in the State Treasury to the credit of the Hazardous Waste Fund.

In accordance with the other provisions of this Section, costs of removal or remedial action incurred by a unit of local government may be recovered in an action before the Board brought by the unit of local government.
government under subsection (i) of this Section. Any monies so recovered shall be paid to the unit of local government.

(g)(1) No indemnification, hold harmless, or similar agreement or conveyance shall be effective to transfer from the owner or operator of any vessel or facility or from any person who may be liable for a release or substantial threat of a release under this Section, to any other person the liability imposed under this Section. Nothing in this Section shall bar any agreement to insure, hold harmless or indemnify a party to such agreements for any liability under this Section.

(2) Nothing in this Section, including the provisions of paragraph (g)(1) of this Section, shall bar a cause of action that an owner or operator or any other person subject to liability under this Section, or a guarantor, has or would have, by reason of subrogation or otherwise against any person.

(h) For purposes of this Section:

(1) The term "facility" means:

(A) any building, structure, installation, equipment, pipe or pipeline including but not limited to any pipe into a sewer or publicly owned treatment works, well, pit, pond, lagoon, impoundment, ditch, landfill, storage container, motor vehicle, rolling stock, or aircraft; or

(2) The term "owner or operator" means:

(A) any person owning or operating a vessel or facility;

(B) in the case of an abandoned facility, any person owning or operating the abandoned facility or any person who owned, operated, or otherwise controlled activities at the abandoned facility immediately prior to such abandonment;

other person holding a facility or vessel in a fiduciary capacity;

(E) in the case of a "financial institution", meaning the Illinois Housing Development Authority and that term as defined in Section 2 of the Illinois Banking Act, that has acquired ownership, operation, management, or control of a vessel or facility through foreclosure or under the terms of a security interest held by the financial institution or under the terms of an extension of credit made by the financial institution, the financial institution only if the financial institution takes possession of the vessel or facility and the financial institution exercises actual, direct, and continual or recurrent managerial control in the operation of the vessel or facility that causes a release or substantial threat of a release of a hazardous substance or pesticide resulting in removal or remedial action;

(F) In the case of an owner of residential property, the owner if the owner is a person other than an individual, or if the owner is an individual who owns more than 10 dwelling units in Illinois, or if the owner, or an agent, representative, contractor, or employee of the owner, has caused, contributed to, or allowed the release or threatened release of a hazardous substance or pesticide. The term "residential property" means single family residences of one to 4 dwelling units, including accessory land, buildings, or improvements incidental to those dwellings that are exclusively used for the residential use. For purposes of this subparagraph (F), the term "individual" means a natural person, and shall not include corporations, partnerships, trusts, or other non-natural persons.

by virtue of its function as sovereign. The exclusion provided under this paragraph shall not apply to any State or local government which has caused or contributed to the release or threatened release of a hazardous substance from the facility, and such a State or local government shall be subject to the provisions of this Act in the same manner and to the same extent, both procedurally and substantively, as any nongovernmental entity, including liability under Section 22.2(f).

(i) The costs and damages provided for in this Section may be imposed by the Board in an action brought before the Board in accordance with Title VIII of this Act, except that Section 33(c) of this Act shall not apply to any such action.

(j)(1) There shall be no liability under this Section for a person otherwise liable who can establish by a preponderance of the evidence that the release or substantial threat of release of a hazardous substance and the damages resulting therefrom were caused solely by:

(A) an act of God;
(B) an act of war;
(C) an act or omission of a third party other than an employee or agent of the defendant, or other than one whose act or omission occurs in connection with a contractual relationship, existing directly or indirectly, with the defendant (except where the sole contractual arrangement arises from a published tariff and acceptance for carriage by a common carrier by rail), if the defendant establishes by a preponderance of the evidence that (i) he exercised due care with respect to the hazardous substance concerned, taking into consideration the characteristics of such hazardous substance, in light of all relevant facts and circumstances, and (ii) he took precautions against foreseeable acts or omissions of any such third party and the consequences that could foreseeably result from such acts or omissions; or
(D) any combination of the foregoing paragraphs.

(2) There shall be no liability under this Section for any release permitted by State or federal law.

Liability Act of 1980 (P.L. 96-510) or at the direction of an on-scene coordinator appointed under such plan, with respect to an incident creating a danger to public health or welfare or the environment as a result of any release of a hazardous substance or a substantial threat thereof. This subsection shall not preclude liability for damages as the result of gross negligence or intentional misconduct on the part of such person. For the purposes of the preceding sentence, reckless, willful, or wanton misconduct shall constitute gross negligence.

(4) There shall be no liability under this Section for any person (including, but not limited to, an owner of residential property who applies a pesticide to the residential property or who has another person apply a pesticide to the residential property) for response costs or damages as the result of the storage, handling and use, or recommendation for storage, handling and use, of a pesticide consistent with:

(A) its directions for storage, handling and use as stated in its label or labeling;

(B) its warnings and cautions as stated in its label or labeling; and

(C) the uses for which it is registered under the Federal Insecticide, Fungicide and Rodenticide Act and the Illinois Pesticide Act.

(4.5) There shall be no liability under subdivision (f)(1) of this Section for response costs or damages as the result of a release of a pesticide from an agrichemical facility site if the Agency has received notice from the Department of Agriculture pursuant to Section 19.3 of the Illinois Pesticide Act, the owner or operator of the agrichemical facility is proceeding with a corrective action plan under the Agrichemical Facility Response Action Program implemented under that Section, and the Agency has provided a written endorsement of a corrective action plan.

(4.6) There shall be no liability under subdivision (f)(1) of this Section for response costs or damages as the result of a substantial threat of a release of a pesticide from an agrichemical facility site if the Agency has received notice from the Department of Agriculture pursuant to Section 19.3 of the Illinois Pesticide Act and the owner or operator of the agrichemical facility is proceeding with a corrective action plan under the Agrichemical Facility Response Action Program implemented under that Section.

(5) Nothing in this subsection (j) shall affect or modify in any way the obligations or liability of any person under any other provision of this Act or State or federal law, including common law, for damages, injury, or loss.

resulting from a release or substantial threat of a release of any hazardous substance or for removal or remedial action or the costs of removal or remedial action of such hazardous substance.

(6)(A) The term "contractual relationship", for the purpose of this subsection includes, but is not limited to, land contracts, deeds or other instruments transferring title or possession, unless the real property on which the facility concerned is located was acquired by the defendant after the disposal or placement of the hazardous substance on, in, or at the facility, and one or more of the circumstances described in clause (i), (ii), or (iii) of this paragraph is also established by the defendant by a preponderance of the evidence:

(i) At the time the defendant acquired the facility the defendant did not know and had no reason to know that any hazardous substance which is the subject of the release or threatened release was disposed of on, in or at the facility.

(ii) The defendant is a government entity which acquired the facility by escheat, or through any other involuntary transfer or acquisition, or through the exercise of eminent domain authority by purchase or condemnation.

(iii) The defendant acquired the facility by inheritance or bequest.

In addition to establishing the foregoing, the defendant must establish that he has satisfied the requirements of subparagraph (C) of paragraph (l) of this subsection (j).

(B) To establish the defendant had no reason to know, as provided in clause (i) of subparagraph (A) of this paragraph, the defendant must have undertaken, at the time of acquisition, all appropriate inquiry into the previous ownership and uses of the property consistent with good commercial or customary practice in an effort to minimize liability. For purposes of the preceding sentence, the court shall take into account any specialized knowledge or experience on the part of the defendant, the relationship of the purchase price to the value of the property if uncontaminated, commonly known or reasonably ascertainable information about the property, the obviousness of the presence or likely presence of contamination at the property, and the ability to detect such contamination by appropriate inspection.

(C) Nothing in this paragraph (6) or in subparagraph (C) of paragraph (1) of this subsection shall diminish the liability of any previous owner or operator of such facility who would otherwise be liable under this Act.

New matter indicated by italics - deletions by strikeout
Notwithstanding this paragraph (6), if the defendant obtained actual knowledge of the release or threatened release of a hazardous substance at such facility when the defendant owned the real property and then subsequently transferred ownership of the property to another person without disclosing such knowledge, such defendant shall be treated as liable under subsection (f) of this Section and no defense under subparagraph (C) of paragraph (1) of this subsection shall be available to such defendant.

(D) Nothing in this paragraph (6) shall affect the liability under this Act of a defendant who, by any act or omission, caused or contributed to the release or threatened release of a hazardous substance which is the subject of the action relating to the facility.

(E)(i) Except as provided in clause (ii) of this subparagraph (E), a defendant who has acquired real property shall have established a rebuttable presumption against all State claims and a conclusive presumption against all private party claims that the defendant has made all appropriate inquiry within the meaning of subdivision (6)(B) of this subsection (j) if the defendant proves that immediately prior to or at the time of the acquisition:

(I) the defendant obtained a Phase I Environmental Audit of the real property that meets or exceeds the requirements of this subparagraph (E), and the Phase I Environmental Audit did not disclose the presence or likely presence of a release or a substantial threat of a release of a hazardous substance or pesticide at, on, to, or from the real property; or

(II) the defendant obtained a Phase II Environmental Audit of the real property that meets or exceeds the requirements of this subparagraph (E), and the Phase II Environmental Audit did not disclose the presence or likely presence of a release or a substantial threat of a release of a hazardous substance or pesticide at, on, to, or from the real property.

(ii) No presumption shall be created under clause (i) of this subparagraph (E), and a defendant shall be precluded from demonstrating that the defendant has made all appropriate inquiry within the meaning of subdivision (6)(B) of this subsection (j), if:

(I) the defendant fails to obtain all Environmental Audits required under this subparagraph (E) or any such Environmental Audit fails to meet or exceed the requirements of this subparagraph (E);

(II) a Phase I Environmental Audit discloses the presence or likely presence of a release or a substantial threat of a release of a

hazardous substance or pesticide at, on, to, or from real property, and the defendant fails to obtain a Phase II Environmental Audit;

(III) a Phase II Environmental Audit discloses the presence or likely presence of a release or a substantial threat of a release of a hazardous substance or pesticide at, on, to, or from the real property;

(IV) the defendant fails to maintain a written compilation and explanatory summary report of the information reviewed in the course of each Environmental Audit under this subparagraph (E); or

(V) there is any evidence of fraud, material concealment, or material misrepresentation by the defendant of environmental conditions or of related information discovered during the course of an Environmental Audit.

(iii) For purposes of this subparagraph (E), the term "environmental professional" means an individual (other than a practicing attorney) who, through academic training, occupational experience, and reputation (such as engineers, industrial hygienists, or geologists) can objectively conduct one or more aspects of an Environmental Audit and who either:

(I) maintains at the time of the Environmental Audit and for at least one year thereafter at least $500,000 of environmental consultants' professional liability insurance coverage issued by an insurance company licensed to do business in Illinois; or

(II) is an Illinois licensed professional engineer or a Certified Industrial Hygienist certified by the American Board of Industrial Hygiene.

An environmental professional may employ persons who are not environmental professionals to assist in the preparation of an Environmental Audit if such persons are under the direct supervision and control of the environmental professional.

(iv) For purposes of this subparagraph (E), the term "real property" means any interest in any parcel of land, and includes, but is not limited to, buildings, fixtures, and improvements.

(v) For purposes of this subparagraph (E), the term "Phase I Environmental Audit" means an investigation of real property, conducted by environmental professionals, to discover the presence or likely presence of a release or a substantial threat of a release of a hazardous substance or pesticide at, on, to, or from real property, and whether a release or a substantial threat of a release of a hazardous substance or pesticide has occurred or may occur at, on, to, or from the real property. Until such time as the United States Environmental Protection Agency establishes standards for

making appropriate inquiry into the previous ownership and uses of the facility pursuant to 42 U.S.C. Sec. 9601(35)(B)(ii), the investigation shall comply with the procedures of the American Society for Testing and Materials, including the document known as Standard E1527-97, entitled "Standard Procedures for Environmental Site Assessment: Phase I Environmental Site Assessment Process". Upon their adoption, the standards promulgated by USEPA pursuant to 42 U.S.C. Sec. 9601(35)(B)(ii) shall govern the performance of Phase I Environmental Audits. In addition to the above requirements, the Phase I Environmental Audit shall include a review of recorded land title records for the purpose of determining whether the real property is subject to an environmental land use restriction such as a No Further Remediation Letter, Environmental Land Use Control, or Highway Authority Agreement.

(vi) For purposes of subparagraph (E), the term "Phase II Environmental Audit" means an investigation of real property, conducted by environmental professionals, subsequent to a Phase I Environmental Audit. If the Phase I Environmental Audit discloses the presence or likely presence of a hazardous substance or a pesticide or a release or a substantial threat of a release of a hazardous substance or pesticide:

(I) In or to soil, the defendant, as part of the Phase II Environmental Audit, shall perform a series of soil borings sufficient to determine whether there is a presence or likely presence of a hazardous substance or pesticide and whether there is or has been a release or a substantial threat of a release of a hazardous substance or pesticide at, on, to, or from the real property.

(II) In or to groundwater, the defendant, as part of the Phase II Environmental Audit, shall: review information regarding local geology, water well locations, and locations of waters of the State as may be obtained from State, federal, and local government records, including but not limited to the United States Geological Survey, the State Geological Survey of the University of Illinois, and the State Water Survey of the University of Illinois; and perform groundwater monitoring sufficient to determine whether there is a presence or likely presence of a hazardous substance or pesticide, and whether there is or has been a release or a substantial threat of a release of a hazardous substance or pesticide at, on, to, or from the real property.

(III) On or to media other than soil or groundwater, the defendant, as part of the Phase II Environmental Audit, shall perform an investigation sufficient to determine whether there is a presence or
likely presence of a hazardous substance or pesticide, and whether there is or has been a release or a substantial threat of a release of a hazardous substance or pesticide at, on, to, or from the real property.

(vii) The findings of each Environmental Audit prepared under this subparagraph (E) shall be set forth in a written audit report. Each audit report shall contain an affirmation by the defendant and by each environmental professional who prepared the Environmental Audit that the facts stated in the report are true and are made under a penalty of perjury as defined in Section 32-2 of the Criminal Code of 2012. It is perjury for any person to sign an audit report that contains a false material statement that the person does not believe to be true.

(viii) The Agency is not required to review, approve, or certify the results of any Environmental Audit. The performance of an Environmental Audit shall in no way entitle a defendant to a presumption of Agency approval or certification of the results of the Environmental Audit.

The presence or absence of a disclosure document prepared under the Responsible Property Transfer Act of 1988 shall not be a defense under this Act and shall not satisfy the requirements of subdivision (6)(A) of this subsection (j).

(7) No person shall be liable under this Section for response costs or damages as the result of a pesticide release if the Agency has found that a pesticide release occurred based on a Health Advisory issued by the U.S. Environmental Protection Agency or an action level developed by the Agency, unless the Agency notified the manufacturer of the pesticide and provided an opportunity of not less than 30 days for the manufacturer to comment on the technical and scientific justification supporting the Health Advisory or action level.

(8) No person shall be liable under this Section for response costs or damages as the result of a pesticide release that occurs in the course of a farm pesticide collection program operated under Section 19.1 of the Illinois Pesticide Act, unless the release results from gross negligence or intentional misconduct.

(k) If any person who is liable for a release or substantial threat of release of a hazardous substance or pesticide fails without sufficient cause to provide removal or remedial action upon or in accordance with a notice and request by the Agency or upon or in accordance with any order of the Board or any court, such person may be liable to the State for punitive damages in an amount at least equal to, and not more than 3 times, the amount of any costs incurred by the State of Illinois as a result of such failure to take such

removal or remedial action. The punitive damages imposed by the Board shall be in addition to any costs recovered from such person pursuant to this Section and in addition to any other penalty or relief provided by this Act or any other law.

Any monies received by the State pursuant to this subsection (k) shall be deposited in the Hazardous Waste Fund.

(l) Beginning January 1, 1988, and prior to January 1, 2013, the Agency shall annually collect a $250 fee for each Special Waste Hauling Permit Application and, in addition, shall collect a fee of $20 for each waste hauling vehicle identified in the annual permit application and for each vehicle which is added to the permit during the annual period. Beginning January 1, 2013, the Agency shall issue 3-year Special Waste Hauling Permits instead of annual Special Waste Hauling Permits and shall collect a $750 fee for each Special Waste Hauling Permit Application. In addition, beginning January 1, 2013, the Agency shall collect a fee of $60 for each waste hauling vehicle identified in the permit application and for each vehicle that is added to the permit during the 3-year period. The Agency shall deposit 85% of such fees collected under this subsection in the State Treasury to the credit of the Hazardous Waste Research Fund; and shall deposit the remaining 15% of such fees collected in the State Treasury to the credit of the Environmental Protection Permit and Inspection Fund. The majority of such receipts which are deposited in the Hazardous Waste Research Fund pursuant to this subsection shall be used by the University of Illinois for activities which relate to the protection of underground waters.

Section 595. The Illinois Pesticide Act is amended by changing Section 4 as follows:

(415 ILCS 60/4) (from Ch. 5, par. 804)
Sec. 4. Definitions. As used in this Act:

1. "Director" means Director of the Illinois Department of Agriculture or his authorized representative.

2. "Active Ingredient" means any ingredient which will prevent, destroy, repel, control or mitigate a pest or which will act as a plant regulator, defoliant or desiccant.

1. Upon the verified written request of the person who consented to the application of the minor that the license or permit be cancelled;
2. Upon receipt of satisfactory evidence of the death of the person who consented to the application of the minor;
3. Upon receipt of satisfactory evidence that the person who consented to the application of a minor no longer has legal custody of the minor;

Code and provided voluntarily by nonpublic schools, that a license-holding minor no longer meets the school attendance requirements defined in Section 6-107 of this Code.

A minor who provides proof acceptable to the Secretary that the minor has resumed regular school attendance or home instruction or that his or her license or permit was cancelled in error shall have his or her license reinstated. The Secretary shall adopt rules for implementing this subdivision (a).4

5. Upon determination by the Secretary that at the time of license issuance, the minor held an instruction permit and had a traffic citation for which a disposition had not been rendered. After cancellation, the Secretary of State shall not issue a new license or permit until the applicant meets the provisions of Section 6-107 of this Code.

(b) The Secretary of State shall cancel the license or permit of any person under the age of 18 years if he or she is convicted of violating the Cannabis Control Act, the Illinois Controlled Substances Act, or the Methamphetamine Control and Community Protection Act while that person was in actual physical control of a motor vehicle. For purposes of this Section, any person placed on probation under Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, or Section 70 of the Methamphetamine Control and Community Protection Act shall not be considered convicted. Any person found guilty of this offense, while in actual physical control of a motor vehicle, shall have an entry made in the court record by the judge that this offense did occur while the person was in actual physical control of a motor vehicle and order the clerk of the court to report the violation to the Secretary of State as such. After the cancellation, the Secretary of State shall not issue a new license or permit for a period of one year after the date of cancellation or until the minor attains the age of 18 years, whichever is longer. However, upon application, the Secretary of State may, if satisfied that the person applying will not endanger the public safety, or welfare, issue a restricted driving permit granting the privilege of driving a motor vehicle between the person's residence and person's place of employment or within the scope of the person's employment related duties, or to allow transportation for the person or a household member of the person's family for the receipt of necessary medical care or, if the professional evaluation indicates, provide transportation for the petitioner for alcohol remedial or rehabilitative activity, or for the person to attend classes, as a student, in an accredited educational institution; if the person is able to

demonstrate that no alternative means of transportation is reasonably available; provided that the Secretary's discretion shall be limited to cases where undue hardship would result from a failure to issue such restricted driving permit. In each case the Secretary of State may issue a restricted driving permit for a period as he deems appropriate, except that the permit shall expire within one year from the date of issuance. A restricted driving permit issued hereunder shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued hereunder may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit. The Secretary of State may, as a condition to the issuance of a restricted driving permit, require the applicant to participate in a driver remedial or rehabilitative program. Thereafter, upon reapplication for a license as provided in Section 6-106 of this Code or a permit as provided in Section 6-105 of this Code and upon payment of the appropriate application fee, the Secretary of State shall issue the applicant a license as provided in Section 6-106 of this Code or shall issue the applicant a permit as provided in Section 6-105.

7. has been convicted of violating the Cannabis Control Act, the Illinois Controlled Substances Act, the Methamphetamine Control and Community Protection Act, or the Use of Intoxicating Compounds Act while that individual was in actual physical control of a motor vehicle. For purposes of this Section, any person placed on probation under Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, or Section 70 of the Methamphetamine Control and Community Protection Act shall not be considered convicted. Any person found guilty of this offense, while in actual physical control of a motor vehicle, shall have an entry made in the court record by the judge that this offense did occur while the person was in actual physical control of a motor vehicle and order the clerk of the court to report the violation to the Secretary of State as such. After the cancellation, the Secretary of State shall not issue a new license or permit for a period of one year after the date of cancellation. However, upon application, the Secretary of State may, if satisfied that the person applying will not endanger the public safety, or welfare, issue a restricted driving permit granting the privilege of driving a motor vehicle between the petitioner's residence and petitioner's place of employment or within the scope of the petitioner's employment related duties, or to allow transportation for the petitioner or a household member of the petitioner's family for the receipt of necessary medical care, or provide transportation for the petitioner to and from alcohol or drug remedial or rehabilitative activity recommended by a licensed service provider, or for the petitioner to attend classes, as a student, in an accredited educational institution. sufficient cause for the revocation, suspension or cancellation of a restricted driving permit. The Secretary of State may, as a condition to the issuance of a restricted driving permit, require the applicant to participate in a driver remedial or rehabilitative program. The driver's license shall remain cancelled until the driver registers as a sex offender as required by the Sex Offender Registration Act, proof of the registration is furnished to the Secretary of State and the sex offender provides proof of current address to the Secretary; or

10. is ineligible for a license or permit under Section 6-107, 6-107.1, or 6-108 of this Code; or

Sec. 6-201. Authority to cancel licenses and permits.

(a) The Secretary of State is authorized to cancel any license or permit upon determining that the holder thereof:

1. was not entitled to the issuance thereof hereunder; or
2. failed to give the required or correct information in his application; or
3. failed to pay any fees, civil penalties owed to the Illinois Commerce Commission, or taxes due under this Act and upon reasonable notice and demand; or
4. committed any fraud in the making of such application; or
5. is ineligible therefor under the provisions of Section 6-103 of this Act, as amended; or
6. has refused or neglected to submit an alcohol, drug, and intoxicating compound evaluation or to submit to examination or re-examination as required under this Act; or
7. has been convicted of violating the Cannabis Control Act, the Illinois Controlled Substances Act, the Methamphetamine Control and Community Protection Act, or the Use of Intoxicating Compounds Act while that individual was in actual physical control of a motor vehicle. For purposes of this Section, any person placed on probation under Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, or Section 70 of the Methamphetamine Control and Community Protection Act shall not be considered convicted. Any person found guilty of this offense, while in actual physical control of a motor vehicle, shall have an entry made in the court record by the judge that this offense did occur while the person was in actual physical control of a motor vehicle and order the clerk of the court to report the violation to the Secretary of State as such. After the cancellation, the Secretary of State shall not issue a new license or permit for a period of one year after the date of cancellation. However, upon application, the Secretary of State may, if satisfied that the person applying will not endanger the public safety, or welfare, issue a restricted driving permit granting the privilege of driving a motor vehicle between the petitioner's residence and petitioner's place of employment or within the scope of the petitioner's employment related duties, or to allow transportation for

the petitioner or a household member of the petitioner's family for the receipt of necessary medical care, or provide transportation for the petitioner to and from alcohol or drug remedial or rehabilitative activity recommended by a licensed service provider, or for the petitioner to attend classes, as a student, in an accredited educational institution. The petitioner must demonstrate that no alternative means of transportation is reasonably available; provided that the Secretary's discretion shall be limited to cases where undue hardship, as defined by the rules of the Secretary of State, would result from a failure to issue such restricted driving permit. In each case the Secretary of State may issue such restricted driving permit for such period as he deems appropriate, except that such permit shall expire within one year from the date of issuance. A restricted driving permit issued hereunder shall be subject to cancellation, revocation and suspension by the Secretary of State in like manner and for like cause as a driver's license issued hereunder may be cancelled, revoked or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension or cancellation of a restricted driving permit. The Secretary of State may, as a condition to the issuance of a restricted driving permit, require the applicant to participate in a driver remedial or rehabilitative program. In accordance with 49 C.F.R. 384, the Secretary of State may not issue a restricted driving permit for the operation of a commercial motor vehicle to a person holding a CDL whose driving privileges have been revoked, suspended, cancelled, or disqualified under this Code; or

8. failed to submit a report as required by Section 6-116.5 of this Code; or

9. has been convicted of a sex offense as defined in the Sex Offender Registration Act. The driver's license shall remain cancelled until the driver registers as a sex offender as required by the Sex Offender Registration Act, proof of the registration is furnished to the Secretary of State and the sex offender provides proof of current address to the Secretary; or

10. is ineligible for a license or permit under Section 6-107, 6-107.1, or 6-108 of this Code; or

11. refused or neglected to appear at a Driver Services facility to have the license or permit corrected and a new license or permit

issued or to present documentation for verification of identity; or
12. failed to submit a medical examiner's certificate or medical variance as required by 49 C.F.R. 383.71 or submitted a fraudulent medical examiner's certificate or medical variance; or
13. has had his or her medical examiner's certificate, medical variance, or both removed or rescinded by the Federal Motor Carrier Safety Administration; or
14. failed to self-certify as to the type of driving in which the CDL driver engages or expects to engage; or
15. has submitted acceptable documentation indicating out-of-state residency to the Secretary of State to be released from the requirement of showing proof of financial responsibility in this State; or
16. was convicted of fraud relating to the testing or issuance of a CDL or CLP, in which case only the CDL or CLP shall be cancelled. After cancellation, the Secretary shall not issue a CLP or CDL for a period of one year from the date of cancellation.
(b) Upon such cancellation the licensee or permittee must surrender the license or permit so cancelled to the Secretary of State.
(c) Except as provided in Sections 6-206.1 and 7-702.1, the Secretary of State shall have exclusive authority to grant, issue, deny, cancel, suspend and revoke driving privileges, drivers' licenses and restricted driving permits.
(d) The Secretary of State may adopt rules to implement this Section.

Unless the permit is issued by the Secretary of State prior to the date of suspension, the privilege to drive any motor vehicle shall be suspended as set forth in the notice that was mailed under this Section. related duties, or to allow the petitioner to transport himself or herself, or a family member of the petitioner's household to a medical facility, to receive necessary medical care, to allow the petitioner to transport himself or herself to and from alcohol or drug remedial or rehabilitative activity recommended by a licensed service provider, or to allow the petitioner to transport himself or herself or a family member of the petitioner's household to classes, as a student, at an accredited educational institution, or to allow the petitioner to transport children, elderly persons, or disabled persons who do not hold driving privileges and are living in the petitioner's household to and from daycare. The petitioner must demonstrate that no alternative means of transportation is reasonably available and that the petitioner will not endanger the public safety or welfare. Those multiple offenders identified in subdivision (b)4 of Section 6-208 of this Code, however, shall not be eligible for the issuance of a restricted driving permit.

(A) If a person's license or permit is revoked or suspended due to 2 or more convictions of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense, or a combination of these offenses, arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(B) If a person's license or permit is revoked or suspended 2 or more times within a 10 year period due to any combination of:

(i) a single conviction of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense or Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense; or

(ii) a statutory summary suspension or revocation under Section 11-501.1; or

(iii) a suspension under Section 6-203.1;
arising out of separate occurrences; that person, if issued a
restricted driving permit, may not operate a vehicle unless it
has been equipped with an ignition interlock device as defined
in Section 1-129.1.

(C) The person issued a permit conditioned upon the
use of an ignition interlock device must pay to the Secretary
of State DUI Administration Fund an amount not to exceed
$30 per month. The Secretary shall establish by rule the
amount and the procedures, terms, and conditions relating to
these fees.

(D) If the restricted driving permit is issued for
employment purposes, then the prohibition against operating
a motor vehicle that is not equipped with an ignition interlock
device does not apply to the operation of an occupational
vehicle owned or leased by that person's employer when used
solely for employment purposes.

(E) In each case the Secretary may issue a restricted
driving permit for a period deemed appropriate, except that all
permits shall expire within one year from the date of issuance.
The Secretary may not, however, issue a restricted driving
permit to any person whose current revocation is the result of
a second or subsequent conviction for a violation of Section
11-501 of this Code or a similar provision of a local
ordinance or any similar out-of-state offense, or Section 9-3
of the Criminal Code of 1961 or the Criminal Code of 2012,
where the use of alcohol or other drugs is recited as an
element of the offense, or any similar out-of-state offense, or
any combination of those offenses, until the expiration of at
least one year from the date of the revocation. A restricted
driving permit issued under this Section shall be subject to
cancellation, revocation, and suspension by the Secretary of
State in like manner and for like cause as a driver's license
issued under this Code may be cancelled, revoked, or
suspended; except that a conviction upon one or more
offenses against laws or ordinances regulating the movement
of traffic shall be deemed sufficient cause for the revocation,
suspension, or cancellation of a restricted driving permit. The
Secretary of State may, as a condition to the issuance of a

restricted driving permit, require the applicant to participate in a designated driver remedial or rehabilitative program. The Secretary of State is authorized to cancel a restricted driving permit if the permit holder does not successfully complete the program.

(c-3) In the case of a suspension under paragraph 43 of subsection (a), reports received by the Secretary of State under this Section shall, except during the actual time the suspension is in effect, be privileged information and for use only by the courts, police officers, prosecuting authorities, the driver licensing administrator of any other state, the Secretary of State, or the parent or legal guardian of a driver under the age of 18. However, beginning January 1, 2008, if the person is a CDL holder, the suspension shall also be made available to the driver licensing administrator of any other state, the U.S. Department of Transportation, and the affected driver or motor carrier or prospective motor carrier upon request.

(c-4) In the case of a suspension under paragraph 43 of subsection (a), the Secretary of State shall notify the person by mail that his or her driving privileges and driver's license will be suspended one month after the date of the mailing of the notice.

(c-5) The Secretary of State may, as a condition of the reissuance of a driver's license or permit to an applicant whose driver's license or permit has been suspended before he or she reached the age of 21 years pursuant to any of the provisions of this Section, require the applicant to participate in a driver remedial education course and be retested under Section 6-109 of this Code.

(d) This Section is subject to the provisions of the Drivers License Compact.

(e) The Secretary of State shall not issue a restricted driving permit to a person under the age of 16 years whose driving privileges have been suspended or revoked under any provisions of this Code.

(f) In accordance with 49 C.F.R. 384, the Secretary of State may not issue a restricted driving permit for the operation of a commercial motor vehicle to a person holding a CDL whose driving privileges have been suspended, revoked, cancelled, or disqualified under any provisions of this Code.
