The employer shall, within 15 days after receipt of the notice that such petition is filed, file with the Commission and serve on the employee or his representative a written response to each claim set forth in the petition, including the legal and factual basis for each disputed allegation and the following information: (i) complete copies of any reports, records, documents and affidavits in the possession of the employer on which the employer intends to rely in support of his response, (ii) a list of any reports, records, documents and affidavits which the employer has demanded by subpoena and on which the employer intends to rely in support of his response, (iii) the name and address of each witness on whom the employer will rely to support his response, and (iv) the names and addresses of any medical practitioners selected by the employer pursuant to Section 12 of this Act and the time and place of any examination scheduled to be made pursuant to such Section.

Any employer who does not timely file and serve a written response without good cause may not introduce any evidence to dispute any claim of the employee but may cross examine the employee or any witness brought by the employee and otherwise be heard.

No document or other evidence not previously identified by either party with the petition or written response, or by any other means before the hearing, may be introduced into evidence without good cause. If, at the
hearing, material information is discovered which was not previously disclosed, the Arbitrator may extend the time for closing proof on the motion of a party for a reasonable period of time which may be more than 30 days. No evidence may be introduced pursuant to this paragraph as to permanent disability. No award may be entered for permanent disability pursuant to this paragraph. Either party may introduce into evidence the testimony taken by deposition of any medical practitioner.

The Commission shall adopt rules, regulations and procedures whereby the final decision of the Commission is filed not later than 90 days from the date the petition for review is filed but in no event later than 180 days from the date the petition for an emergency hearing is filed with the Illinois Workers' Compensation Commission.

All service required pursuant to this paragraph (b-1) must be by personal service or by certified mail and with evidence of receipt. In addition for the purposes of this paragraph, all service on the employer must be at the premises where the accident occurred if the premises are owned or operated by the employer. Otherwise service must be at the employee's principal place of employment by the employer. If service on the employer is not possible at either of the above, then service shall be at the employer's principal place of business. After initial service in each case, service shall be made on the employer's attorney or designated representative.

(c)(1) At a reasonable time in advance of and in connection with the hearing under Section 19(e) or 19(h), the Commission may on its own motion order an impartial physical or mental examination of a petitioner whose mental or physical condition is in issue, when in the Commission's discretion it appears that such an examination will materially aid in the just determination of the case. The examination shall be made by a member or members of a panel of physicians chosen for their special qualifications by the Illinois State Medical Society. The Commission shall establish procedures by which a physician shall be selected from such list.

(2) Should the Commission at any time during the hearing find that compelling considerations make it advisable to have an examination and report at that time, the commission may in its discretion so order.

(3) A copy of the report of examination shall be given to the Commission and to the attorneys for the parties.

(4) Either party or the Commission may call the examining physician or physicians to testify. Any physician so called shall be subject to cross-examination.

(5) The examination shall be made, and the physician or physicians, if called, shall testify, without cost to the parties. The Commission shall determine the compensation and the pay of the physician or physicians. The compensation for this service shall not exceed the usual and customary amount for such service.

(6) The fees and payment thereof of all attorneys and physicians for services authorized by the Commission under this Act shall, upon request of either the employer or the employee or the beneficiary affected, be subject to the review and decision of the Commission.

(d) If any employee shall persist in insanitary or injurious practices which tend to either imperil or retard his recovery or shall refuse to submit to such medical, surgical, or hospital treatment as is reasonably essential to promote his recovery, the Commission may, in its discretion, reduce or suspend the compensation of any such injured employee. However, when an employer and employee so agree in writing, the foregoing provision shall not be construed to authorize the reduction or suspension of compensation of an employee who is relying in good faith, on treatment by prayer or spiritual means alone, in accordance with the tenets and practice of a recognized church or religious denomination, by a duly accredited practitioner thereof.

(e) This paragraph shall apply to all hearings before the Commission. Such hearings may be held in its office or elsewhere as the Commission may deem advisable. The taking of testimony on such hearings may be had before any member of the Commission. If a petition for review and agreed statement of facts or transcript of evidence is filed, as provided herein, the Commission shall promptly review the decision of the Arbitrator and all questions of law or fact which appear from the statement of facts or transcript of evidence.

In all cases in which the hearing before the arbitrator is held after December 18, 1989, no additional evidence shall be introduced by the parties before the Commission on review of the decision of the Arbitrator. In reviewing decisions of an arbitrator the Commission shall award such temporary compensation, permanent compensation and other payments as are due under this Act. The Commission shall file in its office its decision thereon, and shall immediately send to each party or his attorney a copy of such decision and a notification of the time when it was filed. Decisions shall be filed within 60 days after the Statement of Exceptions and Supporting Brief and Response thereto are required to be filed or oral argument whichever is later.

In the event either party requests oral argument, such argument shall be had before a panel of 3 members of the Commission (or before all

available members pursuant to the determination of 7 members of the Commission that such argument be held before all available members of the Commission pursuant to the rules and regulations of the Commission. A panel of 3 members, which shall be comprised of not more than one representative citizen of the employing class and not more than one representative citizen of the employee class, shall hear the argument; provided that if all the issues in dispute are solely the nature and extent of the permanent partial disability, if any, a majority of the panel may deny the request for such argument and such argument shall not be held; and provided further that 7 members of the Commission may determine that the argument be held before all available members of the Commission. A decision of the Commission shall be approved by a majority of Commissioners present at such hearing if any; provided, if no such hearing is held, a decision of the Commission shall be approved by a majority of a panel of 3 members of the Commission as described in this Section. The Commission shall give 10 days' notice to the parties or their attorneys of the time and place of such taking of testimony and of such argument.

In any case the Commission in its decision may find specially upon any question or questions of law or fact which shall be submitted in writing by either party whether ultimate or otherwise; provided that on issues other than nature and extent of the disability, if any, the Commission in its decision shall find specially upon any question or questions of law or fact, whether ultimate or otherwise, which are submitted in writing by either party; provided further that not more than 5 such questions may be submitted by either party. Any party may, within 20 days after receipt of notice of the Commission's decision, or within such further time, not exceeding 30 days, as the Commission may grant, file with the Commission either an agreed statement of the facts appearing upon the hearing, or, if such party shall so elect, a correct transcript of evidence of the additional proceedings presented before the Commission, in which report the party may embody a correct statement of such other proceedings in the case as such party may desire to have reviewed, such statement of facts or transcript of evidence to be authenticated by the signature of the parties or their attorneys, and in the event that they do not agree, then the authentication of such transcript of evidence shall be by the signature of any member of the Commission.

If a reporter does not for any reason furnish a transcript of the proceedings before the Arbitrator in any case for use on a hearing for review before the Commission, within the limitations of time as fixed in this Section, the Commission may, in its discretion, order a trial de novo before the
Commission in such case upon application of either party. The applications for adjustment of claim and other documents in the nature of pleadings filed by either party, together with the decisions of the Arbitrator and of the Commission and the statement of facts or transcript of evidence hereinbefore provided for in paragraphs (b) and (c) shall be the record of the proceedings of the Commission, and shall be subject to review as hereinafter provided.

At the request of either party or on its own motion, the Commission shall set forth in writing the reasons for the decision, including findings of fact and conclusions of law separately stated. The Commission shall by rule adopt a format for written decisions for the Commission and arbitrators. The written decisions shall be concise and shall succinctly state the facts and reasons for the decision. The Commission may adopt in whole or in part, the decision of the arbitrator as the decision of the Commission. When the Commission does so adopt the decision of the arbitrator, it shall do so by order. Whenever the Commission adopts part of the arbitrator's decision, but not all, it shall include in the order the reasons for not adopting all of the arbitrator's decision. When a majority of a panel, after deliberation, has arrived at its decision, the decision shall be filed as provided in this Section without unnecessary delay, and without regard to the fact that a member of the panel has expressed an intention to dissent. Any member of the panel may file a dissent. Any dissent shall be filed no later than 10 days after the decision of the majority has been filed.

Decisions rendered by the Commission and dissents, if any, shall be published together by the Commission. The conclusions of law set out in such decisions shall be regarded as precedents by arbitrators for the purpose of achieving a more uniform administration of this Act.

(f) The decision of the Commission acting within its powers, according to the provisions of paragraph (e) of this Section shall, in the absence of fraud, be conclusive unless reviewed as in this paragraph hereinafter provided. However, the Arbitrator or the Commission may on his or its own motion, or on the motion of either party, correct any clerical error or errors in computation within 15 days after the date of receipt of any award by such Arbitrator or any decision on review of the Commission and shall have the power to recall the original award on arbitration or decision on review, and issue in lieu thereof such corrected award or decision. Where such correction is made the time for review herein specified shall begin to run from the date of the receipt of the corrected award or decision.

(1) Except in cases of claims against the State of Illinois other than those claims under Section 18.1, in which case the decision of
the Commission shall not be subject to judicial review, the Circuit Court of the county where any of the parties defendant may be found, or if none of the parties defendant can be found in this State then the Circuit Court of the county where the accident occurred, shall by summons to the Commission have power to review all questions of law and fact presented by such record.

A proceeding for review shall be commenced within 20 days of the receipt of notice of the decision of the Commission. The summons shall be issued by the clerk of such court upon written request returnable on a designated return day, not less than 10 or more than 60 days from the date of issuance thereof, and the written request shall contain the last known address of other parties in interest and their attorneys of record who are to be served by summons. Service upon any member of the Commission or the Secretary or the Assistant Secretary thereof shall be service upon the Commission, and service upon other parties in interest and their attorneys of record shall be by summons, and such service shall be made upon the Commission and other parties in interest by mailing notices of the commencement of the proceedings and the return day of the summons to the office of the Commission and to the last known place of residence of other parties in interest or their attorney or attorneys of record. The clerk of the court issuing the summons shall on the day of issue mail notice of the commencement of the proceedings which shall be done by mailing a copy of the summons to the office of the Commission, and a copy of the summons to the other parties in interest or their attorney or attorneys of record and the clerk of the court shall make certificate that he has so sent said notices in pursuance of this Section, which shall be evidence of service on the Commission and other parties in interest.

The Commission shall not be required to certify the record of their proceedings to the Circuit Court, unless the party commencing the proceedings for review in the Circuit Court as above provided, shall file with the Commission notice of intent to file for review in Circuit Court. It shall be the duty of the Commission upon such filing of notice of intent to file for review in the Circuit Court to prepare a true and correct copy of such testimony and a true and correct copy of all other matters contained in such record and certified to by the Secretary or Assistant Secretary thereof. The changes made to this subdivision (f)(1) by this amendatory Act of the 98th General

Assembly apply to any Commission decision entered after the effective date of this amendatory Act of the 98th General Assembly.

No request for a summons may be filed and no summons shall issue unless the party seeking to review the decision of the Commission shall exhibit to the clerk of the Circuit Court proof of filing with the Commission of the notice of the intent to file for review in the Circuit Court or an affidavit of the attorney setting forth that notice of intent to file for review in the Circuit Court has been given in writing to the Secretary or Assistant Secretary of the Commission.

(2) No such summons shall issue unless the one against whom the Commission shall have rendered an award for the payment of money shall upon the filing of his written request for such summons file with the clerk of the court a bond conditioned that if he shall not successfully prosecute the review, he will pay the award and the costs of the proceedings in the courts. The amount of the bond shall be fixed by any member of the Commission and the surety or sureties of the bond shall be approved by the clerk of the court. The acceptance of the bond by the clerk of the court shall constitute evidence of his approval of the bond.

Every county, city, town, township, incorporated village, school district, body politic or municipal corporation against whom the Commission shall have rendered an award for the payment of money shall not be required to file a bond to secure the payment of the award and the costs of the proceedings in the court to authorize the court to issue such summons.

The court may confirm or set aside the decision of the Commission. If the decision is set aside and the facts found in the proceedings before the Commission are sufficient, the court may enter such decision as is justified by law, or may remand the cause to the Commission for further proceedings and may state the questions requiring further hearing, and give such other instructions as may be proper. Appeals shall be taken to the Appellate Court in accordance with Supreme Court Rules 22(g) and 303. Appeals shall be taken from the Appellate Court to the Supreme Court in accordance with Supreme Court Rule 315.

It shall be the duty of the clerk of any court rendering a decision affecting or affirming an award of the Commission to

promptly furnish the Commission with a copy of such decision, without charge.

The decision of a majority of the members of the panel of the Commission, shall be considered the decision of the Commission.

(g) Except in the case of a claim against the State of Illinois, either party may present a certified copy of the award of the Arbitrator, or a certified copy of the decision of the Commission when the same has become final, when no proceedings for review are pending, providing for the payment of compensation according to this Act, to the Circuit Court of the county in which such accident occurred or either of the parties are residents, whereupon the court shall enter a judgment in accordance therewith. In a case where the employer refuses to pay compensation according to such final award or such final decision upon which such judgment is entered the court shall in entering judgment thereon, tax as costs against him the reasonable costs and attorney fees in the arbitration proceedings and in the court entering the judgment for the person in whose favor the judgment is entered, which judgment and costs taxed as therein provided shall, until and unless set aside, have the same effect as though duly entered in an action duly tried and determined by the court, and shall with like effect, be entered and docketed. The Circuit Court shall have power at any time upon application to make any such judgment conform to any modification required by any subsequent decision of the Supreme Court upon appeal, or as the result of any subsequent proceedings for review, as provided in this Act.

Judgment shall not be entered until 15 days' notice of the time and place of the application for the entry of judgment shall be served upon the employer by filing such notice with the Commission, which Commission shall, in case it has on file the address of the employer or the name and address of its agent upon whom notices may be served, immediately send a copy of the notice to the employer or such designated agent.

(h) An agreement or award under this Act providing for compensation in installments, may at any time within 18 months after such agreement or award be reviewed by the Commission at the request of either the employer or the employee, on the ground that the disability of the employee has subsequently recurred, increased, diminished or ended.

However, as to accidents occurring subsequent to July 1, 1955, which are covered by any agreement or award under this Act providing for compensation in installments made as a result of such accident, such agreement or award may at any time within 30 months, or 60 months in the case of an award under Section 8(d)1, after such agreement or award be

reviewed by the Commission at the request of either the employer or the employee on the ground that the disability of the employee has subsequently recurred, increased, diminished or ended.

On such review, compensation payments may be re-established, increased, diminished or ended. The Commission shall give 15 days' notice to the parties of the hearing for review. Any employee, upon any petition for such review being filed by the employer, shall be entitled to one day's notice for each 100 miles necessary to be traveled by him in attending the hearing of the Commission upon the petition, and 3 days in addition thereto. Such employee shall, at the discretion of the Commission, also be entitled to 5 cents per mile necessarily traveled by him within the State of Illinois in attending such hearing, not to exceed a distance of 300 miles, to be taxed by the Commission as costs and deposited with the petition of the employer.

When compensation which is payable in accordance with an award or settlement contract approved by the Commission, is ordered paid in a lump sum by the Commission, no review shall be had as in this paragraph mentioned.

(i) Each party, upon taking any proceedings or steps whatsoever before any Arbitrator, Commission or court, shall file with the Commission his address, or the name and address of any agent upon whom all notices to be given to such party shall be served, either personally or by registered mail, addressed to such party or agent at the last address so filed with the Commission. In the event such party has not filed his address, or the name and address of an agent as above provided, service of any notice may be had by filing such notice with the Commission.

(j) Whenever in any proceeding testimony has been taken or a final decision has been rendered and after the taking of such testimony or after such decision has become final, the injured employee dies, then in any subsequent proceedings brought by the personal representative or beneficiaries of the deceased employee, such testimony in the former proceeding may be introduced with the same force and effect as though the witness having so testified were present in person in such subsequent proceedings and such final decision, if any, shall be taken as final adjudication of any of the issues which are the same in both proceedings.

(k) In case where there has been any unreasonable or vexatious delay of payment or intentional underpayment of compensation, or proceedings have been instituted or carried on by the one liable to pay the compensation, which do not present a real controversy, but are merely frivolous or for delay, then the Commission may award compensation additional to that otherwise

payable under this Act equal to 50% of the amount payable at the time of such award. Failure to pay compensation in accordance with the provisions of Section 8, paragraph (b) of this Act, shall be considered unreasonable delay.

When determining whether this subsection (k) shall apply, the Commission shall consider whether an Arbitrator has determined that the claim is not compensable or whether the employer has made payments under Section 8(j).

(l) If the employee has made written demand for payment of benefits under Section 8(a) or Section 8(b), the employer shall have 14 days after receipt of the demand to set forth in writing the reason for the delay. In the case of demand for payment of medical benefits under Section 8(a), the time for the employer to respond shall not commence until the expiration of the allotted 30 days specified under Section 8.2(d). In case the employer or his or her insurance carrier shall without good and just cause fail, neglect, refuse, or unreasonably delay the payment of benefits under Section 8(a) or Section 8(b), the Arbitrator or the Commission shall allow to the employee additional compensation in the sum of $30 per day for each day that the benefits under Section 8(a) or Section 8(b) have been so withheld or refused, not to exceed $10,000. A delay in payment of 14 days or more shall create a rebuttable presumption of unreasonable delay.

(m) If the commission finds that an accidental injury was directly and proximately caused by the employer's wilful violation of a health and safety standard under the Health and Safety Act or the Occupational Safety and Health Act in force at the time of the accident, the arbitrator or the Commission shall allow to the injured employee or his dependents, as the case may be, additional compensation equal to 25% of the amount which otherwise would be payable under the provisions of this Act exclusive of this paragraph. The additional compensation herein provided shall be allowed by an appropriate increase in the applicable weekly compensation rate.

(n) After June 30, 1984, decisions of the Illinois Workers' Compensation Commission reviewing an award of an arbitrator of the Commission shall draw interest at a rate equal to the yield on indebtedness issued by the United States Government with a 26-week maturity next previously auctioned on the day on which the decision is filed. Said rate of interest shall be set forth in the Arbitrator's Decision. Interest shall be drawn from the date of the arbitrator's award on all accrued compensation due the employee through the day prior to the date of payments. However, when an employee appeals an award of an Arbitrator or the Commission, and the

appeal results in no change or a decrease in the award, interest shall not further accrue from the date of such appeal.

The employer or his insurance carrier may tender the payments due under the award to stop the further accrual of interest on such award notwithstanding the prosecution by either party of review, certiorari, appeal to the Supreme Court or other steps to reverse, vacate or modify the award.

(o) By the 15th day of each month each insurer providing coverage for losses under this Act shall notify each insured employer of any compensable claim incurred during the preceding month and the amounts paid or reserved on the claim including a summary of the claim and a brief statement of the reasons for compensability. A cumulative report of all claims incurred during a calendar year or continued from the previous year shall be furnished to the insured employer by the insurer within 30 days after the end of that calendar year.

The insured employer may challenge, in proceeding before the Commission, payments made by the insurer without arbitration and payments made after a case is determined to be noncompensable. If the Commission finds that the case was not compensable, the insurer shall purge its records as to that employer of any loss or expense associated with the claim, reimburse the employer for attorneys' fees arising from the challenge and for any payment required of the employer to the Rate Adjustment Fund or the Second Injury Fund, and may not reflect the loss or expense for rate making purposes. The employee shall not be required to refund the challenged payment. The decision of the Commission may be reviewed in the same manner as in arbitrated cases. No challenge may be initiated under this paragraph more than 3 years after the payment is made. An employer may waive the right of challenge under this paragraph on a case by case basis.

(p) After filing an application for adjustment of claim but prior to the hearing on arbitration the parties may voluntarily agree to submit such application for adjustment of claim for decision by an arbitrator under this subsection (p) where such application for adjustment of claim raises only a dispute over temporary total disability, permanent partial disability or medical expenses. Such agreement shall be in writing in such form as provided by the Commission. Applications for adjustment of claim submitted for decision by an arbitrator under this subsection (p) shall proceed according to rule as established by the Commission. The Commission shall promulgate rules including, but not limited to, rules to ensure that the parties are adequately informed of their rights under this subsection (p) and of the voluntary nature of proceedings under this subsection (p). The findings of fact made by an

arbitrator acting within his or her powers under this subsection (p) in the absence of fraud shall be conclusive. However, the arbitrator may on his own motion, or the motion of either party, correct any clerical errors or errors in computation within 15 days after the date of receipt of such award of the arbitrator and shall have the power to recall the original award on arbitration, and issue in lieu thereof such corrected award. The decision of the arbitrator under this subsection (p) shall be considered the decision of the Commission and proceedings for review of questions of law arising from the decision may be commenced by either party pursuant to subsection (f) of Section 19. The Advisory Board established under Section 13.1 shall compile a list of certified Commission arbitrators, each of whom shall be approved by at least 7 members of the Advisory Board. The chairman shall select 5 persons from such list to serve as arbitrators under this subsection (p). By agreement, the parties shall select one arbitrator from among the 5 persons selected by the chairman except that if the parties do not agree on an arbitrator from among the 5 persons, the parties may, by agreement, select an arbitrator of the American Arbitration Association, whose fee shall be paid by the State in accordance with rules promulgated by the Commission. Arbitration under this subsection (p) shall be voluntary.

statute of this State, intended for the protection of the health of employees shall be and constitute negligence of the employer within the meaning of this Section. Every such action for damage for injury to the health shall be commenced within 3 years after the last day of the last exposure to the hazards of the disease and every such action for damages in case of death shall be commenced within one year after the death of such employee and within 5 years after the last day of the last exposure to the hazards of the disease except where the disease is caused by atomic radiation, in which case, every action for damages for injury to health shall be commenced within 15 years after the last day of last exposure to the hazard of such disease and every action for damages in case of death shall be commenced within one year after the death of such employee and within 15 years after last exposure to the hazards of the disease. In any action to recover damages under this Section, it shall not be a defense that the employee either expressly or impliedly assumed the risk of the employment, or that the contraction or sustaining of the disease or death was caused in whole or in part by the negligence of a fellow servant or fellow servants, or that the contraction or sustaining of the disease or death resulting was caused in whole or in part by the contributory negligence of the employee, where such contributory negligence was not wilful.

(820 ILCS 310/6) (from Ch. 48, par. 172.41)

Sec. 6. (a) Every employer operating under the compensation provisions of this Act, shall post printed notices in their respective places of employment in conspicuous places and in such number and at such places as may be determined by the Commission, containing such information relative to this Act as in the judgment of the Commission may be necessary to aid employees to safeguard their rights under this Act.

In addition thereto, the employer shall post in a conspicuous place on the premises of the employment a printed or typewritten notice stating whether he is insured or whether he has qualified and is operating as a self-insured employer. In the event the employer is insured, the notice shall state the name and address of his or her insurance carrier, the number of the insurance policy, its effective date and the date of termination. In the event of the termination of the policy for any reason prior to the termination date stated, the posted notice shall promptly be corrected accordingly. In the event the employer is operating as a self-insured employer the notice shall state the name and address of the company, if any, servicing the compensation.

payments of the employer, and the name and address of the person in charge of making compensation payments.

(b) Every employer subject to this Act shall maintain accurate records of work-related deaths, injuries and illnesses other than minor injuries requiring only first aid treatment and which do not involve medical treatment, loss of consciousness, restriction of work or motion or transfer to another job and file with the Illinois Workers' Compensation Commission, in writing, a report of all occupational diseases arising out of and in the course of the employment and resulting in death, or disablement or illness resulting in the loss of more than 3 scheduled work days. In the case of death such report shall be made no later than 2 working days following the occupational death. In all other cases such report shall be made between the 15th and 25th of each month unless required to be made sooner by rule of the Illinois Workers' Compensation Commission. In case the occupational disease results in permanent disability, a further report shall be made as soon as it is determined that such permanent disability has resulted or will result therefrom. All reports shall state the date of the disablement, the nature of the employer's business, the name, address, the age, sex, conjugal condition of the disabled person, the specific occupation of the person, the nature and character of the occupational disease, the length of disability, and, in case of death, the length of disability before death, the wages of the employee, whether compensation has been paid to the employee, or to his legal representative or his heirs or next of kin, the amount of compensation paid, the amount paid for physicians', surgeons' and hospital bills, and by whom paid, and the amount paid for funeral or burial expenses, if known. The reports shall be made on forms and in the manner as prescribed by the Illinois Workers' Compensation Commission and shall contain such further information as the Commission shall deem necessary and require. The making of such reports releases the employer from making such reports to any other officer of the State and shall satisfy the reporting provisions as contained in the Safety Inspection and Education Act, the Health And Safety Act, and the Occupational Safety and Health Act. The report filed with the Illinois Workers' Compensation Commission pursuant to the provisions of this Section shall be made available by the Illinois Workers' Compensation Commission to the Director of Labor or his representatives, to the Department of Public Health pursuant to the Illinois Health and Hazardous Substances Registry Act, and to all other departments

of the State of Illinois which shall require such information for the proper discharge of their official duties. Failure to file with the Commission any of the reports required in this Section is a petty offense.

Except as provided in this paragraph, all reports filed hereunder shall be confidential and any person having access to such records filed with the Illinois Workers' Compensation Commission as herein required, who shall release the names or otherwise identify any persons sustaining injuries or disabilities, or gives access to such information to any unauthorized person, shall be subject to discipline or discharge, and in addition shall be guilty of a Class B misdemeanor. The Commission shall compile and distribute to interested persons aggregate statistics, taken from the reports filed hereunder. The aggregate statistics shall not give the names or otherwise identify persons sustaining injuries or disabilities or the employer of any injured or disabled person.

(c) There shall be given notice to the employer of disablement arising from an occupational disease as soon as practicable after the date of the disablement. If the Commission shall find that the failure to give such notice substantially prejudices the rights of the employer the Commission in its discretion may order that the right of the employee to proceed under this Act shall be barred.

In case of legal disability of the employee or any dependent of a deceased employee who may be entitled to compensation, under the provisions of this Act, the limitations of time in this Section of this Act provided shall not begin to run against such person who is under legal disability until a conservator or guardian has been appointed. No defect or inaccuracy of such notice shall be a bar to the maintenance of proceedings on arbitration or otherwise by the employee unless the employer proves that he or she is unduly prejudiced in such proceedings by such defect or inaccuracy. Notice of the disabling disease may be given orally or in writing. In any case, other than injury or death caused by exposure to radiological materials or equipment or asbestos, unless application for compensation is filed with the Commission within 3 years disablement, where no compensation has been paid, or within 2 years after the date of the last payment of compensation, where any has been paid, whichever shall be later, the right to file such application shall be barred. If the occupational disease results in death, application for compensation for death may be filed with the Commission within 3 years after the date of death where no compensation has been paid, or within 3 years after the last payment of compensation, where any has been paid, whichever is later, but not thereafter.

(a) The Secretary of State shall provide for, by administrative rules, the design, size, color, and placement of a person with disabilities motorist decal or device and shall provide for, by administrative rules, the content and form of an application for a person with disabilities motorist decal or device, which shall be used by local authorities in the issuance thereof to a person with temporary disabilities, provided that the decal or device is valid for no more than 90 days, subject to renewal for like periods based upon continued disability, and further provided that the decal or device clearly sets forth the date that the decal or device expires. The application shall include the requirement of an Illinois Identification Card number or a State of Illinois driver's license number. This decal or device may be used by the authorized holder to designate and identify a vehicle not owned or displaying a registration plate as provided in Sections 3-609 and 3-616 of this Act to designate when the vehicle is being used to transport said person or persons with disabilities, and thus is entitled to enjoy all the privileges that would be afforded a person with disabilities licensed vehicle. The decal or device shall be issued only upon a showing by adequate documentation that the person for whose benefit the decal or device is to be used has a disability as defined in Section 1-159.1 of this Code and the disability is temporary.

(b) The local governing authorities shall be responsible for the provision of such decal or device, its issuance and designated placement within the vehicle. The cost of such decal or device shall be at the discretion of such local governing authority.

(c) The Secretary of State may, pursuant to Section 3-616(c), issue a person with disabilities parking decal or device to a person with disabilities...
as defined by Section 1-159.1. Any person with disabilities parking decal or device issued by the Secretary of State shall be registered to that person with disabilities in the form to be prescribed by the Secretary of State. The person with disabilities parking decal or device shall not display that person’s address. One additional decal or device may be issued to an applicant upon his or her written request and with the approval of the Secretary of State. The written request must include a justification of the need for the additional decal or device.

(c-5) Beginning January 1, 2014, the Secretary shall provide by administrative rule for the issuance of a separate and distinct parking decal or device for persons with disabilities as defined by Section 1-159.1 of this Code and who meet the qualifications under this subsection. The authorized holder of a decal or device issued under this subsection (c-5) shall be exempt from the payment of fees generated by parking in a metered space, a parking area subject to paragraph (10) of subsection (a) of Section 11-209 of this Code, or a publicly owned parking area.

The Secretary shall issue a meter-exempt decal or device to a person with disabilities who: (i) has been issued registration plates under subsection (a) of Section 3-609 or Section 3-616 of this Code or a special decal or device under this Section, (ii) holds a valid Illinois driver's license, and (iii) is unable to do one or more of the following:

(1) manage, manipulate, or insert coins, or obtain tickets or tokens in parking meters or ticket machines in parking lots, due to the lack of fine motor control of both hands;

The application for a meter-exempt parking decal or device shall contain a statement certified by a licensed physician, physician assistant, or advanced practice nurse attesting to the permanent nature of the applicant's condition and verifying that the applicant meets the physical qualifications specified in this subsection (c-5).

Notwithstanding the requirements of this subsection (c-5), the Secretary shall issue a meter-exempt decal or device to a person who has

been issued registration plates under Section 3-616 of this Code or a special
decal or device under this Section, if the applicant is the parent or guardian
of a person with disabilities who is under 18 years of age and incapable of
driving.

(d) Replacement decals or devices may be issued for lost, stolen, or
destroyed decals upon application and payment of a $10 fee. The replacement
fee may be waived for individuals that have claimed and received a grant
under the Senior Citizens and Disabled Persons Property Tax Relief Act.

(e) A person classified as a veteran under subsection (e) of Section 6-
106 of this Code that has been issued a decal or device under this Section
shall not be required to submit evidence of disability in order to renew that
decal or device if, at the time of initial application, he or she submitted
evidence from his or her physician or the Department of Veterans’ Affairs
that the disability is of a permanent nature. However, the Secretary shall take
reasonable steps to ensure the veteran still resides in this State at the time of
the renewal. These steps may include requiring the veteran to provide
additional documentation or to appear at a Secretary of State facility. To
identify veterans who are eligible for this exemption, the Secretary shall

Section 5. The School Code is amended by changing Section 2-3.12 as follows:
(105 ILCS 5/2-3.12) (from Ch. 122, par. 2-3.12)
Sec. 2-3.12. School building code.
(a) To prepare for school boards with the advice of the Department of Public Health, the Capital Development Board, and the State Fire Marshal a school building code that will conserve the health and safety and general welfare of the pupils and school personnel and others who use public school facilities.
(b) Within 2 years after September 23, 1983, and every 10 years thereafter, or at such other times as the State Board of Education deems necessary or the regional superintendent so orders, each school board subject to the provisions of this Section shall again survey its school buildings and effectuate any recommendations in accordance with the procedures set forth herein.
(1) An architect or engineer licensed in the State of Illinois is required to conduct the surveys under the provisions of this Section and shall make a report of the findings of the survey titled "safety survey report" to the school board.
(2) The school board shall approve the safety survey report, including any recommendations to effectuate compliance with the code, and submit it to the Regional Superintendent.
(3) The Regional Superintendent shall render a decision regarding approval or denial and submit the safety survey report to the State Superintendent of Education.
(4) The State Superintendent of Education shall approve or deny the report including recommendations to effectuate compliance with the code and, if approved, issue a certificate of approval.
(5) Upon receipt of the certificate of approval, the Regional Superintendent shall issue an order to effect any approved recommendations included in the report. The report shall meet all of the following requirements:
(A) Items in the report shall be prioritized.

New matter indicated by italics - deletions by strikeout
(B) Urgent items shall be considered as those items related to life safety problems that present an immediate hazard to the safety of students.

(C) Required items shall be considered as those items that are necessary for a safe environment but present less of an immediate hazard to the safety of students.

(D) Urgent and required items shall reference a specific rule in the code authorized by this Section that is currently being violated or will be violated within the next 12 months if the violation is not remedied.

(6) The school board of each district so surveyed and receiving a report of needed recommendations to be made to maintain standards of safety and health of the pupils enrolled shall effectuate the correction of urgent items as soon as achievable to ensure the safety of the students, but in no case more than one year after the date of the State Superintendent of Education's approval of the recommendation.

(7) Required items shall be corrected in a timely manner, but in no case more than 5 years from the date of the State Superintendent of Education's approval of the recommendation.

(8) Once each year the school board shall submit a report of progress on completion of any recommendations to effectuate compliance with the code.

(c) As soon as practicable, but not later than 2 years after January 1, 1993, the State Board of Education shall combine the document known as "Efficient and Adequate Standards for the Construction of Schools" with the document known as "Building Specifications for Health and Safety in Public Schools" together with any modifications or additions that may be deemed necessary. The combined document shall be known as the "Health/Life Safety Code for Public Schools" and shall be the governing code for all facilities that house public school students or are otherwise used for public school purposes, whether such facilities are permanent or temporary and whether they are owned, leased, rented, or otherwise used by the district. Facilities owned by a school district but that are not used to house public school students or are not used for public school purposes shall be governed by separate provisions within the code authorized by this Section.

(d) The 10 year survey cycle specified in this Section shall continue to apply based upon the standards contained in the "Health/Life Safety Code for Public Schools", which shall specify building standards for buildings that
are constructed prior to January 1, 1993 and for buildings that are constructed after that date.

(e) The "Health/Life Safety Code for Public Schools" shall be the governing code for public schools; however, the provisions of this Section shall not preclude inspection of school premises and buildings pursuant to Section 9 of the Fire Investigation Act, provided that the provisions of the "Health/Life Safety Code for Public Schools", or such predecessor document authorized by this Section as may be applicable are used, and provided that those inspections are coordinated with the Regional Superintendent having jurisdiction over the public school facility.

(e-5) After the effective date of this amendatory Act of the 98th General Assembly, all new school building construction governed by the "Health/Life Safety Code for Public Schools" must include in its design and construction a storm shelter that meets the minimum requirements of the ICC/NSSA Standard for the Design and Construction of Storm Shelters (ICC-500), published jointly by the International Code Council and the National Storm Shelter Association. Nothing in this subsection (e-5) precludes the design engineers, architects, or school district from applying a higher life safety standard than the ICC-500 for storm shelters.

(f) Nothing in this Section shall be construed to prohibit the State Fire Marshal or a qualified fire official to whom the State Fire Marshal has delegated his or her authority from conducting a fire safety check in a public school.

(g) The Regional Superintendent shall address any violations that are not corrected in a timely manner pursuant to subsection (b) of Section 3-14.21 of this Code.

(i) The State Board of Education is authorized to adopt any rules that are necessary relating to the administration and enforcement of the provisions of this Section.

(j) The code authorized by this Section shall apply only to those school districts having a population of less than 500,000 inhabitants.

(k) In this Section, a "qualified fire official" means an individual that meets the requirements of rules adopted by the State Fire Marshal in cooperation with the State Board of Education to administer this Section.

changes in economic conditions or by other factors, including changes in policy. In addition to the annual modification, the plan shall be reviewed and redeveloped in full every 5 years. In the development of the annual economic development plan, the Department shall consult with representatives of the private sector, other State agencies, academic institutions, local economic development organizations, local governments, and not-for-profit organizations. The annual economic development plan shall set specific, measurable, attainable, relevant, and time-sensitive goals and shall include a focus on areas of high unemployment or poverty.

The term "economic development" shall be construed broadly by the Department and may include, but is not limited to, job creation, job retention, tax base enhancements, development of human capital, workforce productivity, critical infrastructure, regional competitiveness, social inclusion, standard of living, environmental sustainability, energy independence, quality of life, the effective use of financial incentives, the utilization of public private partnerships where appropriate, and other metrics determined by the Department.

The plan shall be based on relevant economic data, focus on economic development as prescribed by this Section, and emphasize strategies to retain and create jobs.

The plan shall identify and develop specific strategies for utilizing the assets of regions within the State defined as counties and municipalities or other political subdivisions in close geographical proximity that share common economic traits such as commuting zones, labor market areas, or other economically integrated characteristics.

If the plan includes strategies that have a fiscal impact on the Department or any other agency, the plan shall include a detailed description of the estimated fiscal impact of such strategies.

Prior to publishing the plan in its final form, the Department shall allow for a reasonable time for public input.

The Department shall transmit copies of the economic development plan to the Governor and the General Assembly no later than July 1, 2014, and by July 1 annually thereafter. The plan and its corresponding modifications shall be published and made available to the public in both paper and electronic media, on the Department's website, and by any other method that the Department deems appropriate.

The Department shall annually submit legislation to implement the strategic economic development plan or modifications to the strategic economic development plan to the Governor, the President and Minority
Leader of the Senate, and the Speaker and the Minority Leader of the House of Representatives. The legislation shall be in the form of one or more substantive bills drafted by the Legislative Reference Bureau.

(b) Business development plans; Illinois Business Development Council.

(1) There is created the Illinois Business Development Council, hereinafter referred to as the Council. The Council shall consist of the Director, who shall serve as co-chairperson, and 12 voting members who shall be appointed by the Governor with the advice and consent of the Senate.

(A) The voting members of the Council shall include one representative from each of the following businesses and groups: small business, coal, healthcare, large manufacturing, small or specialized manufacturing, agriculture, high technology or applied science, local economic development entities, private sector organized labor, a local or state business association or chamber of commerce.

(B) There shall be 2 at-large voting members who reside within areas of high unemployment within counties or municipalities that have had an annual average unemployment rate of at least 120% of the State's annual average unemployment rate as reported by the Department of Employment Security for the 5 years preceding the date of appointment.

(2) All appointments shall be made in a geographically diverse manner.

(3) For the initial appointments to the Council, 6 voting members shall be appointed to serve a 2-year term and 6 voting members shall be appointed to serve a 4-year term. Thereafter, all appointments shall be for terms of 4 years. The initial term of voting members shall commence on the first Wednesday in February 2014. Thereafter, the terms of voting members shall commence on the first Wednesday in February, except in the case of an appointment to fill a vacancy. Vacancies occurring among the members shall be filled in the same manner as the original appointment for the remainder of the unexpired term. For a vacancy occurring when the Senate is not in session, the Governor may make a temporary appointment until the next meeting of the Senate when a person shall be nominated to fill the office, and, upon confirmation by the Senate, he or she shall hold
office during the remainder of the term. A vacancy in membership does not impair the ability of a quorum to exercise all rights and perform all duties of the Council. A member is eligible for reappointment.

(4) Members shall serve without compensation, but may be reimbursed for necessary expenses incurred in the performance of their duties from funds appropriated for that purpose.

(5) In addition, the following shall serve as ex officio, non-voting members of the Council in order to provide specialized advice and support to the Council: the Secretary of Transportation, or his or her designee; the Director of Employment Security, or his or her designee; the Executive Director of the Illinois Finance Authority, or his or her designee; the Director of Agriculture, or his or her designee; the Director of Revenue, or his or her designee; the Director of Labor, or his or her designee; and the Director of the Environmental Protection Agency, or his or her designee. *Ex officio* Ex-officio members shall provide staff and technical assistance to the Council when appropriate.

(6) In addition to the Director, the voting members shall elect a co-chairperson.

(7) The Council shall meet at least twice annually and at such other times as the co-chairpersons or any 5 voting members consider necessary. Seven voting members shall constitute a quorum of the Council.

(8) The Department shall provide staff assistance to the Council.

(9) The Council shall provide the Department relevant information in a timely manner pursuant to its duties as enumerated in this Section that can be used by the Department to enhance the State's strategic economic development plan.

(10) The Council shall:

(A) Develop an overall strategic business development plan for the State of Illinois and update the plan at least annually; *that plan shall include, without limitation, (i) an assessment of the economic development practices of states that border Illinois and (ii) recommendations for best practices with respect to economic development, business incentives, business attraction, and business retention for counties in Illinois that border at least one other state.*
(B) Develop business marketing plans for the State of Illinois to effectively solicit new company investment and existing business expansion. Insofar as allowed under the Illinois Procurement Code, and subject to appropriations made by the General Assembly for such purposes, the Council may assist the Department in the procurement of outside vendors to carry out such marketing plans.

(C) Seek input from local economic development officials to develop specific strategies to effectively link State and local business development and marketing efforts focusing on areas of high unemployment or poverty.

(D) Provide the Department with advice on strategic business development and business marketing for the State of Illinois.

(E) Provide the Department research and recommend best practices for developing investment tools for business attraction and retention.

(b) All commercial fishermen shall have a commercial fishing license. In addition to a commercial fishing license, a commercial fisherman shall also obtain a sport fishing license. All individuals assisting a licensed commercial fisherman in taking aquatic life, except mussels, from any waters of the State must have a commercial fishing license unless these individuals are under the direct supervision of and aboard the same watercraft as the licensed commercial fisherman. An individual assisting a licensed commercial fisherman must first obtain a sport fishing license.

(c) Notwithstanding any other provision of law to the contrary, blind or disabled residents may fish with commercial fishing devices without holding a sport fishing license. For the purpose of this Section, an individual is blind or disabled if that individual has a Class 2 disability as defined in Section 4A of the Illinois Identification Card Act. For the purposes of this Section, an Illinois person with a Disability Identification Card issued under the Illinois Identification Card Act indicating that the individual named on the card has a Class 2 disability shall be adequate documentation of a disability.

(d) Notwithstanding any other provision of law to the contrary, a veteran who, according to the determination of the federal Veterans' Administration as certified by the Department of Veterans' Affairs, is at least 10% disabled with service-related disabilities or in receipt of total disability pensions may fish with commercial fishing devices without holding a sport fishing license during those periods of the year that it is lawful to fish with commercial fishing devices, if the respective disabilities do not prevent the veteran from fishing in a manner that is safe to him or herself and others.

Section 5. The Firearm Concealed Carry Act is amended by changing Section 70 as follows:

(430 ILCS 66/70)
Sec. 70. Violations.

(a) A license issued or renewed under this Act shall be revoked if, at any time, the licensee is found to be ineligible for a license under this Act or the licensee no longer meets the eligibility requirements of the Firearm Owners Identification Card Act.

(b) A license shall be suspended if an order of protection, including an emergency order of protection, plenary order of protection, or interim order of protection under Article 112A of the Code of Criminal Procedure of 1963 or under the Illinois Domestic Violence Act of 1986, is issued against a licensee for the duration of the order, or if the Department is made aware of a similar order issued against the licensee in any other jurisdiction. If an order of protection is issued against a licensee, the licensee shall surrender the license, as applicable, to the court at the time the order is entered or to the law enforcement agency or entity serving process at the time the licensee is served the order. The court, law enforcement agency, or entity responsible for serving the order of protection shall notify the Department within 7 days and transmit the license to the Department.

(c) A license is invalid upon expiration of the license, unless the licensee has submitted an application to renew the license, and the applicant is otherwise eligible to possess a license under this Act.

(d) A licensee shall not carry a concealed firearm while under the influence of alcohol, other drug or drugs, intoxicating compound or combination of compounds, or any combination thereof, under the standards set forth in subsection (a) of Section 11-501 of the Illinois Vehicle Code.

A licensee in violation of this subsection (d) shall be guilty of a Class A misdemeanor for a first or second violation and a Class 4 felony for a third violation. The Department may suspend a license for up to 6 months for a second violation and shall permanently revoke a license for a third violation.

(e) Except as otherwise provided, a licensee in violation of this Act shall be guilty of a Class B misdemeanor. A second or subsequent violation

is a Class A misdemeanor. The Department may suspend a license for up to 6 months for a second violation and shall permanently revoke a license for 3 or more violations of Section 65 of this Act. Any person convicted of a violation under this Section shall pay a $150 fee to be deposited into the Mental Health Reporting Fund, plus any applicable court costs or fees.

(f) A licensee convicted or found guilty of a violation of this Act who has a valid license and is otherwise eligible to carry a concealed firearm shall only be subject to the penalties under this Section and shall not be subject to the penalties under Section 21-6, paragraph (4), (8), or (10) of subsection (a) of Section 24-1, or subparagraph (A-5) or (B-5) of paragraph (3) of subsection (a) of Section 24-1.6 of the Criminal Code of 2012. Except as otherwise provided in this subsection, nothing in this subsection prohibits the licensee from being subjected to penalties for violations other than those specified in this Act.

(g) A licensee whose license is revoked, suspended, or denied shall, within 48 hours of receiving notice of the revocation, suspension, or denial, surrender his or her concealed carry license to the local law enforcement agency where the person resides. The local law enforcement agency shall provide the licensee a receipt and transmit the concealed carry license to the Department of State Police. The observation of a concealed carry license in the possession of a person whose license has been revoked, suspended, or denied constitutes a sufficient basis for the arrest of that person for violation of this subsection. A violation of this subsection is a Class A misdemeanor.

(h) A license issued or renewed under this Act shall be revoked if, at any time, the licensee is found ineligible for a Firearm Owner's Identification Card, or the licensee no longer possesses a valid Firearm Owner's Identification Card. A licensee whose license is revoked under this subsection (h) shall surrender his or her concealed carry license as provided for in subsection (g) of this Section.

This subsection shall not apply to a person who has filed an application with the State Police for renewal of a Firearm Owner's Identification Card and who is not otherwise ineligible to obtain a Firearm Owner's Identification Card.

Section 10. The Unified Code of Corrections is amended by changing Section 5-6-1 as follows:

(730 ILCS 5/5-6-1) (from Ch. 38, par. 1005-6-1)

Sec. 5-6-1. Sentences of Probation and of Conditional Discharge and Disposition of Supervision. The General Assembly finds that in order to protect the public, the criminal justice system must compel compliance with the conditions of probation by responding to violations with swift, certain and fair punishments and intermediate sanctions. The Chief Judge of each circuit shall adopt a system of structured, intermediate sanctions for violations of the terms and conditions of a sentence of probation, conditional discharge or disposition of supervision.

(a) Except where specifically prohibited by other provisions of this Code, the court shall impose a sentence of probation or conditional discharge upon an offender unless, having regard to the nature and circumstance of the offense, and to the history, character and condition of the offender, the court is of the opinion that:

   (1) his imprisonment or periodic imprisonment is necessary for the protection of the public; or

   (2) probation or conditional discharge would deprecate the seriousness of the offender's conduct and would be inconsistent with the ends of justice; or

   (3) a combination of imprisonment with concurrent or consecutive probation when an offender has been admitted into a drug court program under Section 20 of the Drug Court Treatment Act is necessary for the protection of the public and for the rehabilitation of the offender.

The court shall impose as a condition of a sentence of probation, conditional discharge, or supervision, that the probation agency may invoke any sanction from the list of intermediate sanctions adopted by the chief judge of the circuit court for violations of the terms and conditions of the sentence of probation, conditional discharge, or supervision, subject to the provisions of Section 5-6-4 of this Act.

New matter indicated by italics - deletions by strikeout
(b) The court may impose a sentence of conditional discharge for an offense if the court is of the opinion that neither a sentence of imprisonment nor of periodic imprisonment nor of probation supervision is appropriate.

(b-1) Subsections (a) and (b) of this Section do not apply to a defendant charged with a misdemeanor or felony under the Illinois Vehicle Code or reckless homicide under Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012 if the defendant within the past 12 months has been convicted of or pleaded guilty to a misdemeanor or felony under the Illinois Vehicle Code or reckless homicide under Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012.

(c) The court may, upon a plea of guilty or a stipulation by the defendant of the facts supporting the charge or a finding of guilt, defer further proceedings and the imposition of a sentence, and enter an order for supervision of the defendant, if the defendant is not charged with: (i) a Class A misdemeanor, as defined by the following provisions of the Criminal Code of 1961 or the Criminal Code of 2012: Sections 11-9.1; 12-3.2; 11-1.50 or 12-15; 26-5 or 48-1; 31-1; 31-6; 31-7; paragraphs (2) and (3) of subsection (a) of Section 21-1; paragraph (1) through (5), (8), (10), and (11) of subsection (a) of Section 24-1; (ii) a Class A misdemeanor violation of Section 3.01, 3.03-1, or 4.01 of the Humane Care for Animals Act; or (iii) a felony. If the defendant is not barred from receiving an order for supervision as provided in this subsection, the court may enter an order for supervision after considering the circumstances of the offense, and the history, character and condition of the offender, if the court is of the opinion that:

(1) the offender is not likely to commit further crimes;
(2) the defendant and the public would be best served if the defendant were not to receive a criminal record; and
(3) in the best interests of justice an order of supervision is more appropriate than a sentence otherwise permitted under this Code.

(c-5) Subsections (a), (b), and (c) of this Section do not apply to a defendant charged with a second or subsequent violation of Section 6-303 of the Illinois Vehicle Code committed while his or her driver's license, permit or privileges were revoked because of a violation of Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, relating to the offense of reckless homicide, or a similar provision of a law of another state.

(d) The provisions of paragraph (c) shall not apply to a defendant charged with violating Section 11-501 of the Illinois Vehicle Code or a
similar provision of a local ordinance when the defendant has previously been:

(3) pleaded guilty to or stipulated to the facts supporting a charge or a finding of guilty to a violation of Section 11-503 of the Illinois Vehicle Code or a similar provision of a local ordinance or any similar law or ordinance of another state, and the plea or stipulation was the result of a plea agreement.

The court shall consider the statement of the prosecuting authority with regard to the standards set forth in this Section.

(e) The provisions of paragraph (c) shall not apply to a defendant charged with violating Section 16-25 or 16A-3 of the Criminal Code of 1961 or the Criminal Code of 2012 if said defendant has within the last 5 years been:

The court shall consider the statement of the prosecuting authority with regard to the standards set forth in this Section.

AN ACT concerning State government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Mental Health and Developmental Disabilities Administrative Act is amended by changing Section 15.4 as follows:

(20 ILCS 1705/15.4)

Sec. 15.4. Authorization for nursing delegation to permit direct care staff to administer medications.

(a) This Section applies to (i) all programs for persons with a developmental disability in settings of 16 persons or fewer that are funded or licensed by the Department of Human Services and that distribute or administer medications and (ii) all intermediate care facilities for the developmentally disabled with 16 beds or fewer that are licensed by the Department of Public Health. The Department of Human Services shall develop a training program for authorized direct care staff to administer oral and topical medications under the supervision and monitoring of a registered professional nurse. This training program shall be developed in consultation with professional associations representing (i) physicians licensed to practice medicine in all its branches, (ii) registered professional nurses, and (iii) pharmacists.

(b) For the purposes of this Section:

"Authorized direct care staff" means non-licensed persons who have successfully completed a medication administration training program approved by the Department of Human Services and conducted by a nurse-trainer. This authorization is specific to an individual receiving service in a specific agency and does not transfer to another agency.

"Medications" means oral and topical medications, insulin in an injectable form, oxygen, epinephrine auto-injectors, and vaginal and rectal creams and suppositories. "Oral" includes inhalants and medications administered through enteral tubes, utilizing aseptic technique. "Topical" includes eye, ear, and nasal medications. Any controlled substances must be packaged specifically for an identified individual.

"Insulin in an injectable form" means a subcutaneous injection via an insulin pen pre-filled by the manufacturer. Authorized direct care staff may administer insulin, as ordered by a physician, advanced practice nurse, or physician assistant, if: (i) the staff has successfully completed a Department-
approved advanced training program specific to insulin administration developed in consultation with professional associations listed in subsection (a) of this Section, and (ii) the staff consults with the registered nurse, prior to administration, of any insulin dose that is determined based on a blood glucose test result. The authorized direct care staff shall not (i) calculate the insulin dosage needed when the dose is dependent upon a blood glucose test result, or (ii) administer insulin to individuals who require blood glucose monitoring greater than 3 times daily, unless directed to do so by the registered nurse.

"Nurse-trainer training program" means a standardized, competency-based medication administration train-the-trainer program provided by the Department of Human Services and conducted by a Department of Human Services master nurse-trainer for the purpose of training nurse-trainers to train persons employed or under contract to provide direct care or treatment to individuals receiving services to administer medications and provide self-administration of medication training to individuals under the supervision and monitoring of the nurse-trainer. The program incorporates adult learning styles, teaching strategies, classroom management, and a curriculum overview, including the ethical and legal aspects of supervising those administering medications.

"Self-administration of medications" means an individual administers his or her own medications. To be considered capable to self-administer their own medication, individuals must, at a minimum, be able to identify their medication by size, shape, or color, know when they should take the medication, and know the amount of medication to be taken each time.

"Training program" means a standardized medication administration training program approved by the Department of Human Services and conducted by a registered professional nurse for the purpose of training persons employed or under contract to provide direct care or treatment to individuals receiving services to administer medications and provide self-administration of medication training to individuals under the delegation and supervision of a nurse-trainer. The program incorporates adult learning styles, teaching strategies, classroom management, curriculum overview, including ethical-legal aspects, and standardized competency-based evaluations on administration of medications and self-administration of medication training programs.

(c) Training and authorization of non-licensed direct care staff by nurse-trainers must meet the requirements of this subsection.
(1) Prior to training non-licensed direct care staff to administer medication, the nurse-trainer shall perform the following for each individual to whom medication will be administered by non-licensed direct care staff:

(A) An assessment of the individual's health history and physical and mental status.

(B) An evaluation of the medications prescribed.

(2) Non-licensed authorized direct care staff shall meet the following criteria:

(A) Be 18 years of age or older.

(B) Have completed high school or its equivalent (GED).

(C) Have demonstrated functional literacy.

(D) Have satisfactorily completed the Health and Safety component of a Department of Human Services authorized direct care staff training program.

(E) Have successfully completed the training program, pass the written portion of the comprehensive exam, and score 100% on the competency-based assessment specific to the individual and his or her medications.

(F) Have received additional competency-based assessment by the nurse-trainer as deemed necessary by the nurse-trainer whenever a change of medication occurs or a new individual that requires medication administration enters the program.

(3) Authorized direct care staff shall be re-evaluated by a nurse-trainer at least annually or more frequently at the discretion of the registered professional nurse. Any necessary retraining shall be to the extent that is necessary to ensure competency of the authorized direct care staff to administer medication.

(4) Authorization of direct care staff to administer medication shall be revoked if, in the opinion of the registered professional nurse, the authorized direct care staff is no longer competent to administer medication.

(5) The registered professional nurse shall assess an individual's health status at least annually or more frequently at the discretion of the registered professional nurse.

(d) Medication self-administration shall meet the following requirements:

New matter indicated by italics - deletions by strikeout
(1) As part of the normalization process, in order for each individual to attain the highest possible level of independent functioning, all individuals shall be permitted to participate in their total health care program. This program shall include, but not be limited to, individual training in preventive health and self-medication procedures.

(A) Every program shall adopt written policies and procedures for assisting individuals in obtaining preventative health and self-medication skills in consultation with a registered professional nurse, advanced practice nurse, physician assistant, or physician licensed to practice medicine in all its branches.

(B) Individuals shall be evaluated to determine their ability to self-medicate by the nurse-trainer through the use of the Department's required, standardized screening and assessment instruments.

(C) When the results of the screening and assessment indicate an individual not to be capable to self-administer his or her own medications, programs shall be developed in consultation with the Community Support Team or Interdisciplinary Team to provide individuals with self-medication administration.

(2) Each individual shall be presumed to be competent to self-administer medications if:

(A) authorized by an order of a physician licensed to practice medicine in all its branches; and
(B) approved to self-administer medication by the individual's Community Support Team or Interdisciplinary Team, which includes a registered professional nurse or an advanced practice nurse.

(e) Quality Assurance.

(1) A registered professional nurse, advanced practice nurse, licensed practical nurse, physician licensed to practice medicine in all its branches, physician assistant, or pharmacist shall review the following for all individuals:

   (ii) refusal by the individual; and
   (iii) full signatures provided for all initials used.

(2) Reviews shall occur at least quarterly, but may be done more frequently at the discretion of the registered professional nurse or advanced practice nurse.

(3) A quality assurance review of medication errors and data collection for the purpose of monitoring and recommending corrective action shall be conducted within 7 days and included in the required annual review.

(f) Programs using authorized direct care staff to administer medications are responsible for documenting and maintaining records on the training that is completed.

(g) The absence of this training program constitutes a threat to the public interest, safety, and welfare and necessitates emergency rulemaking by the Departments of Human Services and Public Health under Section 5-45 of the Illinois Administrative Procedure Act.

(h) Direct care staff who fail to qualify for delegated authority to administer medications pursuant to the provisions of this Section shall be given additional education and testing to meet criteria for delegation authority to administer medications. Any direct care staff person who fails to qualify as an authorized direct care staff after initial training and testing must within 3 months be given another opportunity for retraining and retesting. A direct care staff person who fails to meet criteria for delegated authority to administer medication, including, but not limited to, failure of the written test on 2 occasions shall be given consideration for shift transfer or reassignment, if possible. No employee shall be terminated for failure to qualify during the 3-month time period following initial testing. Refusal to complete training and testing required by this Section may be grounds for immediate dismissal.

(i) No authorized direct care staff person delegated to administer medication shall be subject to suspension or discharge for errors resulting from the staff person's acts or omissions when performing the functions unless the staff person's actions or omissions constitute willful and wanton
conduct. Nothing in this subsection is intended to supersede paragraph (4) of subsection (c).

(j) A registered professional nurse, advanced practice nurse, physician licensed to practice medicine in all its branches, or physician assistant shall be on duty or on call at all times in any program covered by this Section.

(k) The employer shall be responsible for maintaining liability insurance for any program covered by this Section.

(l) Any direct care staff person who qualifies as authorized direct care staff pursuant to this Section shall be granted consideration for a one-time additional salary differential. The Department shall determine and provide the necessary funding for the differential in the base. This subsection (l) is inoperative on and after June 30, 2000.

Sec. 13.3. Petty cash funds; purchasing cards.
(a) Any State agency may establish and maintain petty cash funds for the purpose of making change, purchasing items of small cost, payment of postage due, and for other nominal expenditures which cannot be administered economically and efficiently through customary procurement practices.

Petty cash funds may be established and maintained from moneys which are appropriated to the agency for Contractual Services. In the case of an agency which receives a single appropriation for its ordinary and contingent expenses, the agency may establish a petty cash fund from the appropriated funds.

Before the establishment of any petty cash fund, the agency shall submit to the State Comptroller a survey of the need for the fund. The survey shall also establish that sufficient internal accounting controls exist. The Comptroller shall investigate such need and if he determines that it exists and that adequate accounting controls exist, shall approve the establishment of the fund. The Comptroller shall have the power to revoke any approval previously made under this Section.

Petty cash funds established under this Section shall be operated and maintained on the imprest system and no fund shall exceed $1,000, except that the Department of Revenue may maintain a fund not exceeding $2,000 for each Department of Revenue facility and the Secretary of State may maintain a fund of not exceeding $2,000 for each Chicago Motor Vehicle Facility, each Springfield Public Service Facility, and the Motor Vehicle Facilities in Champaign, Decatur, Marion, Naperville, Peoria, Rockford, Granite City, Quincy, and Carbondale, to be used solely for the purpose of making change. Except for purchases made by procurement card as provided in subsection (b) of this Section, single transactions shall be limited to amounts less than $100, and all transactions occurring in the fund shall be reported and accounted for as may be provided in the uniform accounting system developed by the State Comptroller and the rules and regulations implementing that accounting system. All amounts in any such fund of less than $1,000 but over $100 shall be kept in a checking account in a bank, or savings and loan association or trust company which is insured by the United States government or any agency of the United States government, except that in funds maintained in each Department of Revenue Facility, Chicago Motor Vehicle Facilities, each Springfield Public Service Facility, and the Motor Vehicle Facilities in Champaign, Decatur, Marion, Naperville, Peoria,
Rockford, Granite City, Quincy, and Carbondale, all amounts in the fund may be retained on the premises of such facilities.

No bank or savings and loan association shall receive public funds as permitted by this Section, unless it has complied with the requirements established pursuant to Section 6 of "An Act relating to certain investments of public funds by public agencies", approved July 23, 1943, as now or hereafter amended.

An internal audit shall be performed of any petty cash fund which receives reimbursements of more than $5,000 in a fiscal year.

Upon succession in the custodianship of any petty cash fund, both the former and successor custodians shall sign a statement, in triplicate, showing the exact status of the fund at the time of the transfer. The original copy shall be kept on file in the office wherein the fund exists, and each signer shall be entitled to retain one copy.

(b) The Comptroller may provide by rule for the use of purchasing cards by State agencies to pay for purchases that otherwise may be paid out of the agency's petty cash fund. Any rule adopted hereunder shall impose a single transaction limit, which shall not be greater than $500.

The rules of the Comptroller may include but shall not be limited to:

1. standards for the issuance of purchasing cards to State agencies based upon the best interests of the State;
2. procedures for recording purchasing card transactions within the State accounting system, which may provide for summary reporting;
3. procedures for auditing purchasing card transactions on a post-payment basis;

PUBLIC ACT 98-0905
(House Bill No. 4594)

AN ACT concerning criminal law.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Code of Criminal Procedure of 1963 is amended by changing Section 108-4 as follows:

Sec. 108-4. Issuance of search warrant.
(a) All warrants upon written complaint shall state the time and date of issuance and be the warrants of the judge issuing the same and not the warrants of the court in which he or she is then sitting and these such warrants need not bear the seal of the court or clerk thereof. The complaint on which the warrant is issued need not be filed with the clerk of the court or with the court if there is no clerk until the warrant has been executed or has been returned "not executed".

The search warrant upon written complaint may be issued electronically or electromagnetically by use of a facsimile transmission machine and this any such warrant shall have the same validity as a written search warrant.

(b) Warrant upon oral testimony.

(1) General rule. When the offense in connection with which a search warrant is sought constitutes terrorism or any related offense as defined in Article 29D of the Criminal Code of 2012, and if the circumstances make it reasonable to dispense, in whole or in part, with a written affidavit, a judge may issue a warrant based upon sworn testimony communicated by telephone or other appropriate means, including facsimile transmission.

(2) Application. The person who is requesting the warrant shall prepare a document to be known as a duplicate original warrant and shall read such duplicate original warrant, verbatim, to the judge. The judge shall enter, verbatim, what is so read to the judge on a document to be known as the original warrant. The judge may direct that the warrant be modified.

(3) Issuance. If the judge is satisfied that the offense in connection with which the search warrant is sought constitutes
terrorism or any related offense as defined in Article 29D of the Criminal Code of 2012, that the circumstances are such as to make it reasonable to dispense with a written affidavit, and that grounds for the application exist or that there is probable cause to believe that they exist, the judge shall order the issuance of a warrant by directing the person requesting the warrant to sign the judge's name on the duplicate original warrant. The judge shall immediately sign the original warrant and enter on the face of the original warrant the exact time when the warrant was ordered to be issued. The finding of probable cause for a warrant upon oral testimony may be based on the same kind of evidence as is sufficient for a warrant upon affidavit.

(4) Recording and certification of testimony. When a caller informs the judge that the purpose of the call is to request a warrant, the judge shall immediately place under oath each person whose testimony forms a basis of the application and each person applying for that warrant. If a voice recording device is available, the judge shall record by means of the device all of the call after the caller informs the judge that the purpose of the call is to request a warrant, otherwise a stenographic or longhand verbatim record shall be made. If a voice recording device is used or a stenographic record made, the judge shall have the record transcribed, shall certify the accuracy of the transcription, and shall file a copy of the original record and the transcription with the court. If a longhand verbatim record is made, the judge shall file a signed copy with the court.

(5) Contents. The contents of a warrant upon oral testimony shall be the same as the contents of a warrant upon affidavit.

(6) Additional rule for execution. The person who executes the warrant shall enter the exact time of execution on the face of the duplicate original warrant.

(7) Motion to suppress based on failure to obtain a written affidavit. Evidence obtained pursuant to a warrant issued under this subsection (b) is not subject to a motion to suppress on the ground that the circumstances were not such as to make it reasonable to dispense with a written affidavit, absent a finding of bad faith. All other grounds to move to suppress are preserved.

(8) This subsection (b) is inoperative on and after January 1, 2005.

(9) No evidence obtained pursuant to this subsection (b) shall be inadmissible in a court of law by virtue of subdivision (8).

New matter indicated by italics - deletions by strikeout
(c) Warrant upon testimony by simultaneous video and audio transmission.

(1) General rule. When a search warrant is sought and the request is made by electronic means that has a simultaneous video and audio transmission between the requestor and a judge, the judge may issue a search warrant based upon sworn testimony communicated in the transmission.

(2) Application. The requestor shall prepare a document to be known as a duplicate original warrant, and

   (A) if circumstances allow, the requestor shall transmit a copy of the warrant together with a complaint for search warrant to the judge by facsimile, email, or other reliable electronic means; or

   (B) if circumstances make transmission under subparagraph (A) of this paragraph (2) impracticable, the requestor shall read the duplicate original warrant, verbatim, to the judge after being placed under oath as provided in paragraph (4) of this subsection (c). The judge shall enter, verbatim, what is so read to the judge on a document in the judge's possession.

Under both subparagraphs (A) and (B), the document in possession of the judge shall be known as the original warrant. The judge may direct that the warrant be modified.

(3) Issuance. If the judge is satisfied that grounds for the application exist or that there is probable cause to believe that grounds exist, the judge shall order the issuance of a warrant by directing the requestor to sign the judge's name on the duplicate original warrant, place the requestor's initials below the judge's name, and enter on the face of the duplicate original warrant the exact date and time when the warrant was ordered to be issued. The judge shall immediately sign the original warrant and enter on the face of the original warrant the exact date and time when the warrant was ordered to be issued. The finding of probable cause for a warrant under this subsection (c) may be based on the same kind of evidence as is sufficient for a warrant under subsection (a).

(4) Recording and certification of testimony. When a requestor initiates a request for search warrant under this subsection (c), and after the requestor informs the judge that the purpose of the communication is to request a warrant, the judge shall place under
oath each person whose testimony forms a basis of the application and each person applying for that warrant. A record of the facts upon which the judge based his or her decision to issue a warrant must be made and filed with the court, together with the original warrant.

(A) When the requestor has provided the judge with a written complaint for search warrant under subparagraph (A) of paragraph (2) of this subsection (c) and the judge has sworn the complainant to the facts contained in the complaint for search warrant but has taken no other oral testimony from any person that is essential to establishing probable cause, the judge must acknowledge the attestation in writing on the complaint and file this acknowledged complaint with the court.

(B) When the requestor has not provided the judge with a written complaint for search warrant, or when the judge has taken oral testimony essential to establishing probable cause not contained in the written complaint for search warrant, the essential facts in the oral testimony that form the basis of the judge’s decision to issue the warrant shall be included in the record together with the written complaint, if any. If a recording device is used or a stenographic record is made, the judge shall have the record transcribed, shall certify the accuracy of the transcription, and shall file a copy of the original record and the transcription with the court. If a longhand record is made, the judge shall file a signed copy with the court.

The material to be filed need not be filed until the warrant has been executed or has been returned "not executed".

(5) Contents. The contents of a warrant under this subsection (c) shall be the same as the contents of a warrant upon affidavit. A warrant under this subsection is a warrant of the judge issuing the same and not the warrant of the court in which he or she is then sitting and these warrants need not bear the seal of the court or the clerk of the court.

(6) Additional rule for execution. The person who executes the warrant shall enter the exact time of execution on the face of the duplicate original warrant.

(7) Motion to suppress based on failure to obtain a written affidavit. Evidence obtained under a warrant issued under this subsection.

subsection (c) is not subject to a motion to suppress on the ground that the circumstances were not such as to make it reasonable to dispense with a written affidavit, absent a finding of bad faith. All other grounds to move to suppress are preserved.

(d) The Chief Judge of the circuit court or presiding judge in the issuing jurisdiction shall, by local rule, create a standard practice for the filing or other retention of documents or recordings produced under this Section.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 10. The Illinois Insurance Code is amended by changing Sections 131.16, 131.20a, and 139 and adding Article VIII 1/4 as follows:

(215 ILCS 5/Art. VIII 1/4 heading new)

ARTICLE VIII 1/4. RISK MANAGEMENT AND OWN RISK AND SOLVENCY ASSESSMENT

(215 ILCS 5/129 new)
Sec. 129. Short title. This Article may be cited as the Risk Management and Own Risk and Solvency Assessment Law.

(215 ILCS 5/129.1 new)
Sec. 129.1. Purpose and scope. The purpose of this Article is to provide the requirements for maintaining a risk management framework and completing an own risk and solvency assessment (ORSA) and provide guidance and instructions for filing an ORSA summary report with the Director.

The requirements of this Article shall apply to all insurers domiciled in this State unless exempt pursuant to Section 129.7.

The General Assembly finds and declares that an ORSA summary report will contain confidential and sensitive information related to an insurer or insurance group's identification of risks material and relevant to the insurer or insurance group filing the report. This information will include proprietary and trade secret information that has the potential for harm and competitive disadvantage to the insurer or insurance group if the information is made public. It is the intent of this General Assembly that the ORSA summary report shall be a confidential document filed with the Director, that the ORSA summary report shall be shared only as stated herein and to assist the Director in the performance of his or her duties, and that in no event shall an ORSA summary report be subject to public disclosure.

(215 ILCS 5/129.2 new)
Sec. 129.2. Definitions. In this Article:
"Insurance group", for the purpose of conducting an ORSA, means those insurers and affiliates included within an insurance holding company system as defined in Section 131.1 of this Code.

New matter indicated by italics - deletions by strikeout
"Insurer" has the same meaning as set forth in Section 2 of this Code, except that it shall not include agencies, authorities, or instrumentalities of the United States or its possessions or territories, the Commonwealth of Puerto Rico, the District of Columbia, or a state or political subdivision of a state.

"Own risk and solvency assessment" or "ORSA" means a confidential internal assessment, appropriate to the nature, scale, and complexity of an insurer or insurance group, conducted by that insurer or insurance group of the material and relevant risks associated with the insurer or insurance group's current business plan, and the sufficiency of capital resources to support those risks.

"ORSA Guidance Manual" means the current version of the Own Risk and Solvency Assessment Guidance Manual developed and adopted by the National Association of Insurance Commissioners (NAIC) and as amended from time to time. A change in the ORSA Guidance Manual shall be effective on the January 1 following the calendar year in which the changes have been adopted by the NAIC.

"ORSA summary report" means a confidential high-level summary of an insurer or insurance group's ORSA.

(215 ILCS 5/129.3 new)
Sec. 129.3. Risk management framework. An insurer shall maintain a risk management framework to assist the insurer with identifying, assessing, monitoring, managing, and reporting on its material and relevant risks. The requirement of this Section may be satisfied if the insurance group of which the insurer is a member maintains a risk management framework applicable to the operations of the insurer.

(215 ILCS 5/129.4 new)
Sec. 129.4. ORSA requirement. Subject to Section 129.7 of this Code, an insurer, or the insurance group of which the insurer is a member, shall regularly conduct an ORSA consistent with a process comparable to the ORSA Guidance Manual. The ORSA shall be conducted no less than annually but also at any time when there are significant changes to the risk profile of the insurer or the insurance group of which the insurer is a member.

(215 ILCS 5/129.5 new)
Sec. 129.5. ORSA summary report.
(a) Upon the Director's request, and no more than once each year, an insurer shall submit to the Director an ORSA summary report or any combination of reports that together contain the information described in the ORSA Guidance Manual, applicable to the insurer and the insurance group.
of which it is a member. Notwithstanding any request from the Director, if the insurer is a member of an insurance group, the insurer shall submit the report or reports required by this subsection (a) if the Director is the lead state commissioner of the insurance group as determined by the procedures within the Financial Analysis Handbook adopted by the National Association of Insurance Commissioners.

(b) The report or reports shall include a signature of the insurer or insurance group’s chief risk officer or other executive having responsibility for the oversight of the insurer’s enterprise risk management process attesting to the best of his or her belief and knowledge that the insurer applies the enterprise risk management process described in the ORSA summary report and that a copy of the report has been provided to the insurer’s board of directors or the appropriate committee thereof.

(c) An insurer may comply with subsection (a) of this Section by providing the most recent and substantially similar report or reports provided by the insurer or another member of an insurance group of which the insurer is a member to the commissioner of another state or to a supervisor or regulator of a foreign jurisdiction, if that report provides information that is comparable to the information described in the ORSA Guidance Manual. Any such report in a language other than English must be accompanied by a translation of that report into the English language.

(d) The first filing of the ORSA summary report shall be in 2015.

Sec. 129.6. Contents of ORSA summary report.

(a) The ORSA summary report shall be prepared consistent with the ORSA Guidance Manual, subject to the requirements of subsection (b) of this Section. Documentation and supporting information shall be maintained and made available upon examination or upon the request of the Director.

(b) The review of the ORSA summary report, and any additional requests for information, shall be made using similar procedures currently used in the analysis and examination of multi-state or global insurers and insurance groups.

Sec. 129.7. Exemption.

(a) An insurer shall be exempt from the requirements of this Article if:

(1) the insurer has annual direct written and unaffiliated assumed premium, including international direct and assumed premium, but excluding premiums reinsured with the Federal Crop
Insurance Corporation and Federal Flood Program, less than $500,000,000; and

(2) the insurance group of which the insurer is a member has annual direct written and unaffiliated assumed premium, including international direct and assumed premium, but excluding premiums reinsured with the Federal Crop Insurance Corporation and Federal Flood Program, less than $1,000,000,000.

(b) If an insurer qualifies for exemption pursuant to item (1) of subsection (a) of this Section, but the insurance group of which the insurer is a member does not qualify for exemption pursuant to item (2) of subsection (a) of this Section, then the ORSA summary report that may be required pursuant to Section 129.5 of this Code shall include every insurer within the insurance group. This requirement may be satisfied by the submission of more than one ORSA summary report for any combination of insurers, provided any combination of reports includes every insurer within the insurance group.

(c) If an insurer does not qualify for exemption pursuant to item (1) of subsection (a) of this Section, but the insurance group of which it is a member qualifies for exemption pursuant to item (2) of subsection (a) of this Section, then the only ORSA summary report that may be required pursuant to Section 129.5 shall be the report applicable to that insurer.

(d) An insurer that does not qualify for exemption pursuant to subsection (a) of this Section may apply to the Director for a waiver from the requirements of this Article based upon unique circumstances. In deciding whether to grant the insurer's request for waiver, the Director may consider the type and volume of business written, ownership and organizational structure, and any other factor the Director considers relevant to the insurer or insurance group of which the insurer is a member. If the insurer is part of an insurance group with insurers domiciled in more than one state, the Director shall coordinate with the lead state commissioner and with the other domiciliary commissioners in considering whether to grant the insurer's request for a waiver.

(e) Notwithstanding the exemptions stated in this Section, the following provisions shall apply:

(1) The Director may require that an insurer maintain a risk management framework, conduct an ORSA, and file an ORSA summary report based on unique circumstances, including, but not limited to, the type and volume of business written, ownership and
organizational structure, federal agency requests, and international supervisor requests.

(2) The Director may require that an insurer maintain a risk management framework, conduct an ORSA, and file an ORSA summary report if the insurer has risk-based capital for a company action level event as set forth in Section 35A-15 of this Code, meets one or more of the standards of an insurer deemed to be in hazardous financial condition as defined in Section 186.1 of this Code, or otherwise exhibits qualities of a troubled insurer as determined by the Director.

(f) If an insurer that qualifies for an exemption pursuant to subsection (a) of this Section subsequently no longer qualifies for that exemption due to changes in premium as reflected in the insurer's most recent annual statement or in the most recent annual statements of the insurers within the insurance group of which the insurer is a member, the insurer shall have one year following the year the threshold is exceeded to comply with the requirements of this Article.

(215 ILCS 5/129.8 new)
Sec. 129.8. Confidentiality.

(a) Documents, materials, or other information, including the ORSA summary report, in the possession or control of the Department that are obtained by, created by, or disclosed to the Director or any other person under this Article, is recognized by this State as being proprietary and to contain trade secrets. All such documents, materials, or other information shall be confidential by law and privileged, shall not be subject to the Freedom of Information Act, shall not be subject to subpoena, and shall not be subject to discovery or admissible in evidence in any private civil action. However, the Director is authorized to use the documents, materials, or other information in the furtherance of any regulatory or legal action brought as a part of the Director's official duties. The Director shall not otherwise make the documents, materials, or other information public without the prior written consent of the insurer.

Sec. 131.20a. Prior notification of transactions; dividends and distributions.
(1) (a) The following transactions listed in items (i) through (vii) involving a domestic company and any person in its insurance holding company system, including amendments or modifications (other than termination) of affiliate agreements previously filed pursuant to this Section, which are subject to any materiality standards contained in this Section, may not be entered into unless the company has notified the Director in writing of its intention to enter into such transaction at least 30 days prior thereto, or such shorter period as the Director may permit, and the Director has not disapproved it within such period. The notice for amendments or modifications (other than termination) shall include the reasons for the change and the financial impact on the domestic company. Informal notice shall be reported, within 30 days after a termination of a previously filed agreement, to the Director for determination of the type of filing required, if any.

(i) Sales, purchases, exchanges of assets, loans or extensions of credit, guarantees, investments, or any other transaction, except dividends, that involves the transfer of assets from or liabilities to a company (A) equal to or exceeding the lesser of 3% of the company's admitted assets or 25% of its surplus as regards policyholders as of the 31st day of December next preceding or (B) that is proposed when the domestic company is not eligible to declare and pay a dividend or other distribution pursuant to the provisions of Section 27.

(ii) Loans or extensions of credit to any person that is not an affiliate (A) that involve the lesser of 3% of the company's admitted assets or 25% of the company's surplus, each as of the 31st day of December next preceding, made with the agreement or understanding that the proceeds of such transactions, in whole or in substantial part, are to be used to make loans or extensions of credit to, to purchase assets of, or to make investments in, any affiliate of the company making such loans or extensions of credit or (B) that are proposed when the domestic company is not eligible to declare and pay a dividend or other distribution pursuant to the provisions of Section 27.

(iii) Reinsurance agreements or modifications thereto, including all reinsurance pooling agreements, reinsurance agreements in which the reinsurance premium or a change in the company's liabilities, or the projected reinsurance premium or a change in the company's liabilities in any of the next 3 years, equals or exceeds 5% of the company's surplus as regards policyholders, as of the 31st day.
of December next preceding, including those agreements that may require as consideration the transfer of assets from a company to a nonaffiliate, if an agreement or understanding exists between the company and nonaffiliate that any portion of those assets will be transferred to one or more affiliates of the company.

(iv) All management agreements; service contracts, other than agency contracts; tax allocation agreements; all reinsurance allocation agreements related to reinsurance agreements required to be filed under this Section; and all cost-sharing arrangements.

(v) Direct or indirect acquisitions or investments in a person that controls the company, or in an affiliate of the company, in an amount which, together with its present holdings in such investments, exceeds 2.5% of the company's surplus as regards policyholders. Direct or indirect acquisitions or investments in subsidiaries acquired pursuant to Section 131.2 of this Article (or authorized under any other Section of this Code), or in non-subsidiary insurance affiliates that are subject to the provisions of this Article, are exempt from this requirement.

(vi) Any series of the previously described transactions that are substantially similar to each other, that take place within any 180 day period, and that in total are equal to or exceed the lesser of 3% of the domestic company's admitted assets or 25% of its policyholders surplus, as of the 31st day of the December next preceding.

(vii) Any other material transaction that the Director by rule determines might render the company's surplus as regards policyholders unreasonable in relation to the company's outstanding liabilities and inadequate to its financial needs or may otherwise adversely affect the interests of the company's policyholders or shareholders.

Nothing herein contained shall be deemed to authorize or permit any transactions that, in the case of a company not a member of the same holding company system, would be otherwise contrary to law.

(b) Any transaction or contract otherwise described in paragraph (a) of this subsection that is between a domestic company and any person that is not its affiliate and that precedes or follows within 180 days or is concurrent with a similar transaction between that nonaffiliate and an affiliate of the domestic company and that involves amounts that are equal to or exceed the lesser of 3% of the domestic company's admitted assets or 25% of its surplus as regards policyholders at the end of the prior year may not be entered into

unless the company has notified the Director in writing of its intention to enter into the transaction at least 30 days prior thereto or such shorter period as the Director may permit, and the Director has not disapproved it within such period.

(c) A company may not enter into transactions which are part of a plan or series of like transactions with any person within the holding company system if the purpose of those separate transactions is to avoid the statutory threshold amount and thus avoid the review that would occur otherwise. If the Director determines that such separate transactions were entered into for such purpose, he may exercise his authority under subsection (2) of Section 131.24.

(d) The Director, in reviewing transactions pursuant to paragraph (a), shall consider whether the transactions comply with the standards set forth in Section 131.20 and whether they may adversely affect the interests of policyholders.

(e) The Director shall be notified within 30 days of any investment of the domestic company in any one corporation if the total investment in that corporation by the insurance holding company system exceeds 10% of that corporation's voting securities.

(f) Except for those transactions subject to approval under other Sections of this Code, any such transaction or agreements which are not disapproved by the Director may be effective as of the date set forth in the notice required under this Section.

(g) If a domestic company enters into a transaction described in this subsection without having given the required notification, the Director, using the notice and hearing procedure in subsection (2) of Section 403A of this Code, may cause the company to pay a civil forfeiture of not more than $250,000. Each transaction so entered shall be considered a separate offense.

(2) No domestic company subject to registration under Section 131.13 may pay any extraordinary dividend or make any other extraordinary distribution to its shareholders until: (a) 30 days after the Director has received notice of the declaration thereof and has not within such period disapproved the payment, or (b) the Director approves such payment within the 30-day period. For purposes of this subsection, an extraordinary dividend or distribution is any dividend or distribution of cash or other property whose fair market value, together with that of other dividends or distributions, made within the period of 12 consecutive months ending on the date on which the proposed dividend is scheduled for payment or distribution exceeds the greater of: (a) 10% of the company's surplus as regards policyholders as of
the 31st day of December next preceding, or (b) the net income of the company for the 12-month period ending the 31st day of December next preceding, but does not include pro rata distributions of any class of the company's own securities.

Notwithstanding any other provision of law, the company may declare an extraordinary dividend or distribution which is conditional upon the Director's approval, and such a declaration confers no rights upon security holders until: (a) the Director has approved the payment of the dividend or distribution, or (b) the Director has not disapproved the payment within the 30-day period referred to above.

PUBLIC ACT 98-0912
(House Bill No. 4995)

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the
General Assembly:
Section 5. The School Code is amended by changing Section 19-1 as
follows:
(105 ILCS 5/19-1)
Sec. 19-1. Debt limitations of school districts.

New matter indicated by italics - deletions by strikeout
(a) School districts shall not be subject to the provisions limiting their indebtedness prescribed in "An Act to limit the indebtedness of counties having a population of less than 500,000 and townships, school districts and other municipal corporations having a population of less than 300,000", approved February 15, 1928, as amended.

No school districts maintaining grades K through 8 or 9 through 12 shall become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 6.9% on the value of the taxable property therein to be ascertained by the last assessment for State and county taxes or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979, previous to the incurring of such indebtedness.

No school districts maintaining grades K through 12 shall become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 13.8% on the value of the taxable property therein to be ascertained by the last assessment for State and county taxes or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979, previous to the incurring of such indebtedness.

No partial elementary unit district, as defined in Article 11E of this Code, shall become indebted in any manner or for any purpose in an amount, including existing indebtedness, in the aggregate exceeding 6.9% of the value of the taxable property of the entire district, to be ascertained by the last assessment for State and county taxes, plus an amount, including existing indebtedness, in the aggregate exceeding 6.9% of the value of the taxable property of that portion of the district included in the elementary and high school classification, to be ascertained by the last assessment for State and county taxes. Moreover, no partial elementary unit district, as defined in Article 11E of this Code, shall become indebted on account of bonds issued by the district for high school purposes in the aggregate exceeding 6.9% of the value of the taxable property of the entire district, to be ascertained by the last assessment for State and county taxes, nor shall the district become indebted on account of bonds issued by the district for elementary purposes in the aggregate exceeding 6.9% of the value of the taxable property for that portion of the district included in the elementary and high school classification, to be ascertained by the last assessment for State and county taxes.

Notwithstanding the provisions of any other law to the contrary, in any case in which the voters of a school district have approved a proposition for the issuance of bonds of such school district at an election held prior to January 1, 1979, and all of the bonds approved at such election have not been issued, the debt limitation applicable to such school district during the calendar year 1979 shall be computed by multiplying the value of taxable property therein, including personal property, as ascertained by the last assessment for State and county taxes, previous to the incurring of such indebtedness, by the percentage limitation applicable to such school district under the provisions of this subsection (a).

(b) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, additional indebtedness may be incurred in an amount not to exceed the estimated cost of acquiring or improving school sites or constructing and equipping additional building facilities under the following conditions:

1. Whenever the enrollment of students for the next school year is estimated by the board of education to increase over the actual present enrollment by not less than 35% or by not less than 200 students or the actual present enrollment of students has increased over the previous school year by not less than 35% or by not less than 200 students and the board of education determines that additional school sites or building facilities are required as a result of such increase in enrollment; and

2. When the Regional Superintendent of Schools having jurisdiction over the school district and the State Superintendent of Education concur in such enrollment projection or increase and approve the need for such additional school sites or building facilities and the estimated cost thereof; and

3. When the voters in the school district approve a proposition for the issuance of bonds for the purpose of acquiring or improving such needed school sites or constructing and equipping such needed additional building facilities at an election called and held for that purpose. Notice of such an election shall state that the amount of indebtedness proposed to be incurred would exceed the debt limitation otherwise applicable to the school district. The ballot for such proposition shall state what percentage of the equalized assessed valuation will be outstanding in bonds if the proposed issuance of bonds is approved by the voters; or

(4) Notwithstanding the provisions of paragraphs (1) through (3) of this subsection (b), if the school board determines that additional facilities are needed to provide a quality educational program and not less than 2/3 of those voting in an election called by the school board on the question approve the issuance of bonds for the construction of such facilities, the school district may issue bonds for this purpose; or

(5) Notwithstanding the provisions of paragraphs (1) through (3) of this subsection (b), if (i) the school district has previously availed itself of the provisions of paragraph (4) of this subsection (b) to enable it to issue bonds, (ii) the voters of the school district have not defeated a proposition for the issuance of bonds since the referendum described in paragraph (4) of this subsection (b) was held, (iii) the school board determines that additional facilities are needed to provide a quality educational program, and (iv) a majority of those voting in an election called by the school board on the question approve the issuance of bonds for the construction of such facilities, the school district may issue bonds for this purpose.

In no event shall the indebtedness incurred pursuant to this subsection (b) and the existing indebtedness of the school district exceed 15% of the value of the taxable property therein to be ascertained by the last assessment for State and county taxes, previous to the incurring of such indebtedness or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979.

The indebtedness provided for by this subsection (b) shall be in addition to and in excess of any other debt limitation.

(c) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, in any case in which a public question for the issuance of bonds of a proposed school district maintaining grades kindergarten through 12 received at least 60% of the valid ballots cast on the question at an election held on or prior to November 8, 1994, and in which the bonds approved at such election have not been issued, the school district pursuant to the requirements of Section 11A-10 (now repealed) may issue the total amount of bonds approved at such election for the purpose stated in the question.

(d) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, a school district that meets all the criteria set forth in paragraphs (1) and (2) of this subsection (d) may incur an additional

indebtedness in an amount not to exceed $4,500,000, even though the amount of the additional indebtedness authorized by this subsection (d), when incurred and added to the aggregate amount of indebtedness of the district existing immediately prior to the district incurring the additional indebtedness authorized by this subsection (d), causes the aggregate indebtedness of the district to exceed the debt limitation otherwise applicable to that district under subsection (a):

(1) The additional indebtedness authorized by this subsection (d) is incurred by the school district through the issuance of bonds under and in accordance with Section 17-2.11a for the purpose of replacing a school building which, because of mine subsidence damage, has been closed as provided in paragraph (2) of this subsection (d) or through the issuance of bonds under and in accordance with Section 19-3 for the purpose of increasing the size of, or providing for additional functions in, such replacement school buildings, or both such purposes.

(2) The bonds issued by the school district as provided in paragraph (1) above are issued for the purposes of construction by the school district of a new school building pursuant to Section 17-2.11, to replace an existing school building that, because of mine subsidence damage, is closed as of the end of the 1992-93 school year pursuant to action of the regional superintendent of schools of the educational service region in which the district is located under Section 3-14.22 or are issued for the purpose of increasing the size of, or providing for additional functions in, the new school building being constructed to replace a school building closed as the result of mine subsidence damage, or both such purposes.

(e) (Blank).

(f) Notwithstanding the provisions of subsection (a) of this Section or of any other law, bonds in not to exceed the aggregate amount of $5,500,000 and issued by a school district meeting the following criteria shall not be considered indebtedness for purposes of any statutory limitation and may be issued in an amount or amounts, including existing indebtedness, in excess of any heretofore or hereafter imposed statutory limitation as to indebtedness:

(1) At the time of the sale of such bonds, the board of education of the district shall have determined by resolution that the enrollment of students in the district is projected to increase by not less than 7% during each of the next succeeding 2 school years.
(2) The board of education shall also determine by resolution that the improvements to be financed with the proceeds of the bonds are needed because of the projected enrollment increases.

(3) The board of education shall also determine by resolution that the projected increases in enrollment are the result of improvements made or expected to be made to passenger rail facilities located in the school district.

Notwithstanding the provisions of subsection (a) of this Section or of any other law, a school district that has availed itself of the provisions of this subsection (f) prior to July 22, 2004 (the effective date of Public Act 93-799) may also issue bonds approved by referendum up to an amount, including existing indebtedness, not exceeding 25% of the equalized assessed value of the taxable property in the district if all of the conditions set forth in items (1), (2), and (3) of this subsection (f) are met.

(g) Notwithstanding the provisions of subsection (a) of this Section or any other law, bonds in not to exceed an aggregate amount of 25% of the equalized assessed value of the taxable property of a school district and issued by a school district meeting the criteria in paragraphs (i) through (iv) of this subsection shall not be considered indebtedness for purposes of any statutory limitation and may be issued pursuant to resolution of the school board in an amount or amounts, including existing indebtedness, in excess of any statutory limitation of indebtedness heretofore or hereafter imposed:

(i) The bonds are issued for the purpose of constructing a new high school building to replace two adjacent existing buildings which together house a single high school, each of which is more than 65 years old, and which together are located on more than 10 acres and less than 11 acres of property.

(ii) At the time the resolution authorizing the issuance of the bonds is adopted, the cost of constructing a new school building to replace the existing school building is less than 60% of the cost of repairing the existing school building.

(iii) The sale of the bonds occurs before July 1, 1997.

(iv) The school district issuing the bonds is a unit school district located in a county of less than 70,000 and more than 50,000 inhabitants, which has an average daily attendance of less than 1,500 and an equalized assessed valuation of less than $29,000,000.

(h) Notwithstanding any other provisions of this Section or the provisions of any other law, until January 1, 1998, a community unit school district maintaining grades K through 12 may issue bonds up to an amount,
including existing indebtedness, not exceeding 27.6% of the equalized assessed value of the taxable property in the district, if all of the following conditions are met:

(i) The school district has an equalized assessed valuation for calendar year 1995 of less than $24,000,000;

(iv) The bonds are issued pursuant to Sections 19-2 through 19-7 of this Code.

(i) Notwithstanding any other provisions of this Section or the provisions of any other law, until January 1, 1998, a community unit school district maintaining grades K through 12 may issue bonds up to an amount, including existing indebtedness, not exceeding 27% of the equalized assessed value of the taxable property in the district, if all of the following conditions are met:

(i) The school district has an equalized assessed valuation for calendar year 1995 of less than $44,600,000;

(1) the school district is located in 2 counties, and a referendum to authorize the additional indebtedness was approved by a majority of the voters of the school district voting on the proposition to authorize that indebtedness;

(4) the bonds evidencing the additional indebtedness are issued, if at all, within 120 days of the effective date of this amendatory Act of 1998.

(l) Notwithstanding any other provisions of this Section or the provisions of any other law, until January 1, 2000, a school district maintaining grades kindergarten through 8 may issue bonds up to an amount,

Development Board to the school district as provided in paragraph (iii) of this subsection (n), even though the amount of the additional indebtedness so authorized, when incurred and added to the aggregate amount of indebtedness of the district existing immediately prior to the district incurring the additional indebtedness authorized by this subsection (n), causes the aggregate indebtedness of the district to exceed the debt limitation otherwise applicable by law to that district:

(i) The school district applies to the State Board of Education for a school construction project grant and submits a district facilities plan in support of its application pursuant to Section 5-20 of the School Construction Law.

(ii) The school district's application and facilities plan are approved by, and the district receives a grant entitlement for a school construction project issued by, the State Board of Education under the School Construction Law.

(iii) The school district has exhausted its bonding capacity or the unused bonding capacity of the district is less than the amount certified by the Capital Development Board to the district under Section 5-15 of the School Construction Law as the dollar amount of the school construction project's cost that the district will be required to finance with non-grant funds in order to receive a school construction project grant under the School Construction Law.

(iv) The bonds are issued for a "school construction project", as that term is defined in Section 5-5 of the School Construction Law, in an amount that does not exceed the dollar amount certified, as provided in paragraph (iii) of this subsection (n), by the Capital Development Board to the school district under Section 5-15 of the School Construction Law.

(ii) the bonds are issued to purchase school sites, build and equip a new high school, build and equip a new junior high school, build and equip 5 new elementary schools, and make technology and other improvements and additions to existing schools;

(iii) at the time of the sale of the bonds, the board of education determines by resolution that the sites and new or improved facilities are needed because of projected enrollment increases;

(iv) at least 57% of those voting in a general election held prior to January 1, 2003 approved a proposition for the issuance of the bonds; and

PUBLIC ACT 98-0916
(House Bill No. 5283)

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The School Code is amended by changing Section 19-1 as follows:

(105 ILCS 5/19-1)
Sec. 19-1. Debt limitations of school districts.
(a) School districts shall not be subject to the provisions limiting their indebtedness prescribed in "An Act to limit the indebtedness of counties having a population of less than 500,000 and townships, school districts and other municipal corporations having a population of less than 300,000", approved February 15, 1928, as amended.
No school districts maintaining grades K through 8 or 9 through 12 shall become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 6.9% on the value of the taxable property therein to be ascertained by the last assessment for State and county taxes or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979, previous to the incurring of such indebtedness.
No school districts maintaining grades K through 12 shall become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 13.8% on the value of the taxable property therein to be ascertained by the last assessment for State and county taxes or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979, previous to the incurring of such indebtedness.

limitation percentage in effect on January 1, 1979, previous to the incurring of such indebtedness.

No partial elementary unit district, as defined in Article 11E of this Code, shall become indebted in any manner or for any purpose in an amount, including existing indebtedness, in the aggregate exceeding 6.9% of the value of the taxable property of the entire district, to be ascertained by the last assessment for State and county taxes, plus an amount, including existing indebtedness, in the aggregate exceeding 6.9% of the value of the taxable property of that portion of the district included in the elementary and high school classification, to be ascertained by the last assessment for State and county taxes. Moreover, no partial elementary unit district, as defined in Article 11E of this Code, shall become indebted on account of bonds issued by the district for high school purposes in the aggregate exceeding 6.9% of the value of the taxable property of the entire district, to be ascertained by the last assessment for State and county taxes, nor shall the district become indebted on account of bonds issued by the district for elementary purposes in the aggregate exceeding 6.9% of the value of the taxable property for that portion of the district included in the elementary and high school classification, to be ascertained by the last assessment for State and county taxes.

Notwithstanding the provisions of any other law to the contrary, in any case in which the voters of a school district have approved a proposition for the issuance of bonds of such school district at an election held prior to January 1, 1979, and all of the bonds approved at such election have not been issued, the debt limitation applicable to such school district during the calendar year 1979 shall be computed by multiplying the value of taxable property therein, including personal property, as ascertained by the last assessment for State and county taxes, previous to the incurring of such indebtedness, by the percentage limitation applicable to such school district under the provisions of this subsection (a).

(b) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, additional indebtedness may be incurred in an amount not to exceed the estimated cost of acquiring or improving school sites or constructing and equipping additional building facilities under the following conditions:

(1) Whenever the enrollment of students for the next school year is estimated by the board of education to increase over the actual present enrollment by not less than 35% or by not less than 200 students or the actual present enrollment of students has increased
over the previous school year by not less than 35% or by not less than 200 students and the board of education determines that additional school sites or building facilities are required as a result of such increase in enrollment; and

(2) When the Regional Superintendent of Schools having jurisdiction over the school district and the State Superintendent of Education concur in such enrollment projection or increase and approve the need for such additional school sites or building facilities and the estimated cost thereof; and

(3) When the voters in the school district approve a proposition for the issuance of bonds for the purpose of acquiring or improving such needed school sites or constructing and equipping such needed additional building facilities at an election called and held for that purpose. Notice of such an election shall state that the amount of indebtedness proposed to be incurred would exceed the debt limitation otherwise applicable to the school district. The ballot for such proposition shall state what percentage of the equalized assessed valuation will be outstanding in bonds if the proposed issuance of bonds is approved by the voters; or

(4) Notwithstanding the provisions of paragraphs (1) through (3) of this subsection (b), if the school board determines that additional facilities are needed to provide a quality educational program and not less than 2/3 of those voting in an election called by the school board on the question approve the issuance of bonds for the construction of such facilities, the school district may issue bonds for this purpose; or

(5) Notwithstanding the provisions of paragraphs (1) through (3) of this subsection (b), if (i) the school district has previously availed itself of the provisions of paragraph (4) of this subsection (b) to enable it to issue bonds, (ii) the voters of the school district have not defeated a proposition for the issuance of bonds since the referendum described in paragraph (4) of this subsection (b) was held, (iii) the school board determines that additional facilities are needed to provide a quality educational program, and (iv) a majority of those voting in an election called by the school board on the question approve the issuance of bonds for the construction of such facilities, the school district may issue bonds for this purpose.

In no event shall the indebtedness incurred pursuant to this subsection (b) and the existing indebtedness of the school district exceed 15% of the

value of the taxable property therein to be ascertained by the last assessment for State and county taxes, previous to the incurring of such indebtedness or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979.

The indebtedness provided for by this subsection (b) shall be in addition to and in excess of any other debt limitation.

(d) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, a school district that meets all the criteria set forth in paragraphs (1) and (2) of this subsection (d) may incur an additional indebtedness in an amount not to exceed $4,500,000, even though the amount of the additional indebtedness authorized by this subsection (d), when incurred and added to the aggregate amount of indebtedness of the district existing immediately prior to the district incurring the additional indebtedness authorized by this subsection (d), causes the aggregate indebtedness of the district to exceed the debt limitation otherwise applicable to that district under subsection (a):

(1) The additional indebtedness authorized by this subsection (d) is incurred by the school district through the issuance of bonds under and in accordance with Section 17-2.11a for the purpose of replacing a school building which, because of mine subsidence damage, has been closed as provided in paragraph (2) of this subsection (d) or through the issuance of bonds under and in accordance with Section 19-3 for the purpose of increasing the size of, or providing for additional functions in, such replacement school buildings, or both such purposes.

(2) The bonds issued by the school district as provided in paragraph (1) above are issued for the purposes of construction by the school district of a new school building pursuant to Section 17-2.11, to replace an existing school building that, because of mine
subsidence damage, is closed as of the end of the 1992-93 school year pursuant to action of the regional superintendent of schools of the educational service region in which the district is located under Section 3-14.22 or are issued for the purpose of increasing the size of, or providing for additional functions in, the new school building being constructed to replace a school building closed as the result of mine subsidence damage, or both such purposes.

(1) At the time of the sale of such bonds, the board of education of the district shall have determined by resolution that the enrollment of students in the district is projected to increase by not less than 7% during each of the next succeeding 2 school years.

(2) The board of education shall also determine by resolution that the improvements to be financed with the proceeds of the bonds are needed because of the projected enrollment increases.

(3) The board of education shall also determine by resolution that the projected increases in enrollment are the result of improvements made or expected to be made to passenger rail facilities located in the school district.

Notwithstanding the provisions of subsection (a) of this Section or of any other law, a school district that has availed itself of the provisions of this subsection (f) prior to July 22, 2004 (the effective date of Public Act 93-799) may also issue bonds approved by referendum up to an amount, including existing indebtedness, not exceeding 25% of the equalized assessed value of the taxable property in the district if all of the conditions set forth in items (1), (2), and (3) of this subsection (f) are met.

Changes which do not (1) add additional parcels of property to the proposed redevelopment project area, (2) substantially affect the general land uses proposed in the redevelopment plan, (3) substantially change the nature of or extend the life of the redevelopment project, or (4) increase the number of inhabited residential units to be displaced from the redevelopment project area, as measured from the time of creation of the redevelopment project area, to a total of more than 10, may be made without further hearing, provided that the municipality shall give notice of any such changes by mail to each affected taxing district and registrant on the interested parties registry, provided for under Section 11-74.4-4.2, and by publication in a newspaper of general circulation within the affected taxing district. Such notice by mail and by publication shall each occur not later than 10 days following the adoption by ordinance of such changes. Hearings with regard to a redevelopment project area, project or plan may be held simultaneously.

(b) Prior to holding a public hearing to approve or amend a redevelopment plan or to designate or add additional parcels of property to a redevelopment project area, the municipality shall convene a joint review board. The board shall consist of a representative selected by each community college district, local elementary school district and high school district or each local community unit school district, park district, library district, township, fire protection district, and county that will have the authority to

directly levy taxes on the property within the proposed redevelopment project area at the time that the proposed redevelopment project area is approved, a representative selected by the municipality and a public member. The public member shall first be selected and then the board's chairperson shall be selected by a majority of the board members present and voting.

For redevelopment project areas with redevelopment plans or proposed redevelopment plans that would result in the displacement of residents from 10 or more inhabited residential units or that include 75 or more inhabited residential units, the public member shall be a person who resides in the redevelopment project area. If, as determined by the housing impact study provided for in paragraph (5) of subsection (n) of Section 11-74.4-3, or if no housing impact study is required then based on other reasonable data, the majority of residential units are occupied by very low, low, or moderate income households, as defined in Section 3 of the Illinois Affordable Housing Act, the public member shall be a person who resides in very low, low, or moderate income housing within the redevelopment project area. Municipalities with fewer than 15,000 residents shall not be required to select a person who lives in very low, low, or moderate income housing within the redevelopment project area, provided that the redevelopment plan or project will not result in displacement of residents from 10 or more inhabited units, and the municipality so certifies in the plan. If no person satisfying these requirements is available or if no qualified person will serve as the public member, then the joint review board is relieved of this paragraph's selection requirements for the public member.

Within 90 days of the effective date of this amendatory Act of the 91st General Assembly, each municipality that designated a redevelopment project area for which it was not required to convene a joint review board under this Section shall convene a joint review board to perform the duties specified under paragraph (e) of this Section.

All board members shall be appointed and the first board meeting shall be held at least 14 days but not more than 28 days after the mailing of notice by the municipality to the taxing districts as required by Section 11-74.4-6(c). Notwithstanding the preceding sentence, a municipality that adopted either a public hearing resolution or a feasibility resolution between July 1, 1999 and July 1, 2000 that called for the meeting of the joint review board within 14 days of notice of public hearing to affected taxing districts is deemed to be in compliance with the notice, meeting, and public hearing provisions of the Act. Such notice shall also advise the taxing bodies represented on the joint review board of the time and place of the first

meeting of the board. Additional meetings of the board shall be held upon the call of any member. The municipality seeking designation of the redevelopment project area shall provide administrative support to the board.

The board shall review (i) the public record, planning documents and proposed ordinances approving the redevelopment plan and project and (ii) proposed amendments to the redevelopment plan or additions of parcels of property to the redevelopment project area to be adopted by the municipality. As part of its deliberations, the board may hold additional hearings on the proposal. A board's recommendation shall be an advisory, non-binding recommendation. The recommendation shall be adopted by a majority of those members present and voting. The recommendations shall be submitted to the municipality within 30 days after convening of the board. Failure of the board to submit its report on a timely basis shall not be cause to delay the public hearing or any other step in the process of designating or amending the redevelopment project area but shall be deemed to constitute approval by the joint review board of the matters before it.

The board shall base its recommendation to approve or disapprove the redevelopment plan and the designation of the redevelopment project area or the amendment of the redevelopment plan or addition of parcels of property to the redevelopment project area on the basis of the redevelopment project area and redevelopment plan satisfying the plan requirements, the eligibility criteria defined in Section 11-74.4-3, and the objectives of this Act.

The board shall issue a written report describing why the redevelopment plan and project area or the amendment thereof meets or fails to meet one or more of the objectives of this Act and both the plan requirements and the eligibility criteria defined in Section 11-74.4-3. In the event the Board does not file a report it shall be presumed that these taxing bodies find the redevelopment project area and redevelopment plan satisfy the objectives of this Act and the plan requirements and eligibility criteria.

If the board recommends rejection of the matters before it, the municipality will have 30 days within which to resubmit the plan or amendment. During this period, the municipality will meet and confer with the board and attempt to resolve those issues set forth in the board's written report that led to the rejection of the plan or amendment.

Notwithstanding the resubmission set forth above, the municipality may commence the scheduled public hearing and either adjourn the public hearing or continue the public hearing until a date certain. Prior to continuing any public hearing to a date certain, the municipality shall announce during the public hearing the time, date, and location for the reconvening of the
public hearing. Any changes to the redevelopment plan necessary to satisfy the issues set forth in the joint review board report shall be the subject of a public hearing before the hearing is adjourned if the changes would (1) substantially affect the general land uses proposed in the redevelopment plan, (2) substantially change the nature of or extend the life of the redevelopment project, or (3) increase the number of inhabited residential units to be displaced from the redevelopment project area, as measured from the time of creation of the redevelopment project area, to a total of more than 10. Changes to the redevelopment plan necessary to satisfy the issues set forth in the joint review board report shall not require any further notice or convening of a joint review board meeting, except that any changes to the redevelopment plan that would add additional parcels of property to the proposed redevelopment project area shall be subject to the notice, public hearing, and joint review board meeting requirements established for such changes by subsection (a) of Section 11-74.4-5.

In the event that the municipality and the board are unable to resolve these differences, or in the event that the resubmitted plan or amendment is rejected by the board, the municipality may proceed with the plan or amendment, but only upon a three-fifths vote of the corporate authority responsible for approval of the plan or amendment, excluding positions of members that are vacant and those members that are ineligible to vote because of conflicts of interest.

(c) After a municipality has by ordinance approved a redevelopment plan and designated a redevelopment project area, the plan may be amended and additional properties may be added to the redevelopment project area only as herein provided. Amendments which (1) add additional parcels of property to the proposed redevelopment project area, (2) substantially affect the general land uses proposed in the redevelopment plan, (3) substantially change the nature of the redevelopment project, (4) increase the total estimated redevelopment project costs set out in the redevelopment plan by more than 5% after adjustment for inflation from the date the plan was adopted, (5) add additional redevelopment project costs to the itemized list of redevelopment project costs set out in the redevelopment plan, or (6) increase the number of inhabited residential units to be displaced from the redevelopment project area, as measured from the time of creation of the redevelopment project area, to a total of more than 10, shall be made only after the municipality gives notice, convenes a joint review board, and conducts a public hearing pursuant to the procedures set forth in this Section and in Section 11-74.4-6 of this Act. Changes which do not (1) add additional

parcels of property to the proposed redevelopment project area, (2) substantially affect the general land uses proposed in the redevelopment plan, (3) substantially change the nature of the redevelopment project, (4) increase the total estimated redevelopment project cost set out in the redevelopment plan by more than 5% after adjustment for inflation from the date the plan was adopted, (5) add additional redevelopment project costs to the itemized list of redevelopment project costs set out in the redevelopment plan, or (6) increase the number of inhabited residential units to be displaced from the redevelopment project area, as measured from the time of creation of the redevelopment project area, to a total of more than 10, may be made without further public hearing and related notices and procedures including the convening of a joint review board as set forth in Section 11-74.4-6 of this Act, provided that the municipality shall give notice of any such changes by mail to each affected taxing district and registrant on the interested parties registry, provided for under Section 11-74.4-4.2, and by publication in a newspaper of general circulation within the affected taxing district. Such notice by mail and by publication shall each occur not later than 10 days following the adoption by ordinance of such changes.

(d) After the effective date of this amendatory Act of the 91st General Assembly, a municipality shall submit in an electronic format the following information for each redevelopment project area (i) to the State Comptroller under Section 8-8-3.5 of the Illinois Municipal Code, subject to any extensions or exemptions provided at the Comptroller's discretion under that Section, and (ii) to all taxing districts overlapping the redevelopment project area no later than 180 days after the close of each municipal fiscal year or as soon thereafter as the audited financial statements become available and, in any case, shall be submitted before the annual meeting of the Joint Review Board to each of the taxing districts that overlap the redevelopment project area:

(1.5) A list of the redevelopment project areas administered by the municipality and, if applicable, the date each redevelopment project area was designated or terminated by the municipality.

(D) the balance in the special tax allocation fund at the end of the fiscal year including a breakdown of that balance by source and a breakdown of that balance identifying any portion of the balance that is required, pledged, earmarked, or otherwise designated for payment of or securing of obligations and anticipated redevelopment project costs. Any portion of such ending balance that has not been identified or is not identified as being required, pledged, earmarked, or otherwise designated for payment of or securing of obligations or anticipated redevelopment projects costs shall be designated as surplus as set forth in Section 11-74.4-7 hereof.

The audit report shall contain a letter from the independent certified public accountant indicating compliance or noncompliance with the requirements of subsection (q) of Section 11-74.4-3. For redevelopment plans or projects that would result in the displacement of residents from 10 or more inhabited residential units or that contain 75 or more inhabited residential units, notice of the availability of the information, including how to obtain the report, required in this subsection shall also be sent by mail to all residents or organizations that operate in the municipality that register with the municipality for that information according to registration procedures adopted under Section 11-74.4-4.2. General Assembly, the State Comptroller must post on the State

The report along with the name of a person to contact for further information shall be sent to the affected taxing district by certified mail within a reasonable time following the adoption of the ordinance or resolution establishing the time and place for the public hearing.

The municipality shall hear and determine all alternate proposals or bids for any proposed conveyance, lease, mortgage or other disposition of land and all protests and objections at the hearing and the hearing may be adjourned to another date without further notice other than a motion to be entered upon the minutes fixing the time and place of the later hearing. At the public hearing or at any time prior to the adoption by the municipality of an ordinance approving a redevelopment plan, the municipality may make changes in the redevelopment plan. Changes which (1) add additional parcels of property to the proposed redevelopment project area, (2) substantially affect the general land uses proposed in the redevelopment plan, or (3) substantially change the nature of or extend the life of the redevelopment project shall be made only after the municipality gives notice, convenes a joint review board, and conducts a public hearing pursuant to the procedures set forth in this Section and in Section 11-74.6-25. Changes which do not (1) add additional parcels of property to the proposed redevelopment project area, (2) substantially affect the general land uses proposed in the redevelopment plan, or (3) substantially change the nature of or extend the life of the redevelopment project may be made without further hearing, provided that the municipality shall give notice of any such changes by mail to each affected taxing district and by publication once in a newspaper of general circulation within the affected taxing district. Additional meetings of the board shall be held upon the call of any 2 members. The municipality seeking designation of the redevelopment project area may provide administrative support to the board.

It shall be unlawful for any person to trap beaver or river otter with traps except during the open season which will be set annually by the Director between 12:01 a.m., November 1st and 12:00 midnight, March 31, both inclusive.

Coyote may be taken by trapping methods only during the period from September 1 to March 1, both inclusive, and by hunting methods at any time.

AN ACT concerning revenue.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Illinois Income Tax Act is amended by changing Section 909 as follows:

Sec. 909. Credits and Refunds.
(a) In general. In the case of any overpayment, the Department, within the applicable period of limitations for a claim for refund, may credit the amount of such overpayment, including any interest allowed thereon, against any liability in respect of the tax imposed by this Act, regardless of whether other collection remedies are closed to the Department on the part of the person who made the overpayment and shall refund any balance to such person or credit any balance to that person pursuant to an election under subsection (b) of this Section.
(b) Credits against estimated tax. The Department shall may prescribe regulations providing for a taxpayer election on an original return, an amended return, or otherwise for the crediting against the estimated tax for any taxable year of the amount determined by the taxpayer or the Department to be an overpayment of the tax imposed by this Act for a preceding taxable year.
(c) Interest on overpayment. Interest shall be allowed and paid at the rate and in the manner prescribed in Section 3-2 of the Uniform Penalty and Interest Act upon any overpayment in respect of the tax imposed by this Act. For purposes of this subsection, no amount of tax, for any taxable year, shall be treated as having been paid before the date on which the tax return for such year was due under Section 505, without regard to any extension of the time for filing such return.
(d) Refund claim. Every claim for refund shall be filed with the Department in writing in such form as the Department may by regulations prescribe, and shall state the specific grounds upon which it is founded.

New matter indicated by italics - deletions by strikeout
(e) Notice of denial. As soon as practicable after a claim for refund is filed, the Department shall examine it and either issue a notice of refund, abatement or credit to the claimant or issue a notice of denial. If the Department has failed to approve or deny the claim before the expiration of 6 months from the date the claim was filed, the claimant may nevertheless thereafter file with the Department a written protest in such form as the Department may by regulation prescribe, provided that, on or after July 1, 2013, protests concerning matters that are subject to the jurisdiction of the Illinois Independent Tax Tribunal shall be filed with the Illinois Independent Tax Tribunal and not with the Department. If the protest is subject to the jurisdiction of the Department, the Department shall consider the claim and, if the taxpayer has so requested, shall grant the taxpayer or the taxpayer's authorized representative a hearing within 6 months after the date such request is filed.

On and after July 1, 2013, if the protest would otherwise be subject to the jurisdiction of the Illinois Independent Tax Tribunal, the claimant may elect to treat the Department's non-action as a denial of the claim by filing a petition to review the Department's administrative decision with the Illinois Independent Tax Tribunal, as provided by Section 910.

(f) Effect of denial. A denial of a claim for refund becomes final 60 days after the date of issuance of the notice of such denial except for such amounts denied as to which the claimant has filed a protest with the Department or a petition with the Illinois Independent Tax Tribunal, as provided by Section 910.

(g) An overpayment of tax shown on the face of an unsigned return shall be considered forfeited to the State if after notice and demand for signature by the Department the taxpayer fails to provide a signature and 3 years have passed from the date the return was filed. An overpayment of tax refunded to a taxpayer whose return was filed electronically shall be considered an erroneous refund under Section 912 of this Act if, after proper notice and demand by the Department, the taxpayer fails to provide a required signature document. A notice and demand for signature in the case of a return reflecting an overpayment may be made by first class mail. This subsection (g) shall apply to all returns filed pursuant to this Act since 1969.

(h) This amendatory Act of 1983 applies to returns and claims for refunds filed with the Department on and after July 1, 1983.

AN ACT concerning regulation.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
   Section 5. The Illinois Oil and Gas Act is amended by changing Sections 6.1 and 21.1 as follows:

(225 ILCS 725/6.1) (from Ch. 96 1/2, par. 5410)
Sec. 6.1. When the applicant has complied with all applicable provisions of this Act and the rules of the Department, the Department shall issue the permit. All applications for a permit submitted to the Department shall either be granted or denied in writing within 20 business days after the date of receipt by the Department, unless the applicant and Department mutually agree to extend the 20-day period. If granted, the written permit shall be issued. If denied, the Department shall provide specific requirements for additional information or documentation needed for the application to be considered and the permit issued. Upon submission of the required information and documentation, the same process and timeframe as provided in this Section shall continue until either the permit is issued or it is determined that the permit cannot be issued because of legal or regulatory impediments. The Department shall respond in a timely manner to any application or submission of additional information and documentation after initial submission.

(225 ILCS 725/21.1) (from Ch. 96 1/2, par. 5433)
Sec. 21.1. (a) The Department is authorized to issue permits for the drilling of wells and to regulate the spacing of wells for oil and gas purposes. For the prevention of waste, to protect and enforce the correlative rights of owners in the pool, and to prevent the drilling of unnecessary wells, the Department shall, upon application of any interested person and after notice and hearing, establish a drilling unit or units for the production of oil and gas or either of them for each pool, provided that no spacing regulation shall be adopted nor drilling unit established which requires the allocation of more than 40 acres of surface area nor less than 10 acres of surface area to an individual well for production of oil from a pool the top of which lies less

than 4,000 feet beneath the surface (as determined by the original or
discovery well in the pool), provided, however, that the Department may
permit the allocation of greater acreage to an individual well than that above
specified, and provided further that the spacing of wells in any pool the top
of which lies less than 4,000 feet beneath the surface (as determined by the
original or discovery well in the pool) shall not include the fixing of a pattern
except with respect to the 2 nearest external boundary lines of each drilling
unit, and provided further that no acreage allocation shall be required for
input or injection wells nor for producing wells lying within a secondary
recovery unit as now or hereafter established.

(b) Drilling units shall be of approximately uniform size and shape for
each entire pool, except that where circumstances reasonably require, the
Department may grant exceptions to the size or shape of any drilling unit or
units. Each order establishing drilling units shall specify the size and shape
of the unit, which shall be such as will result in the efficient and economical
development of the pool as a whole, and subject to the provisions of
subsection (a) hereof the size of no drilling unit shall be smaller than the
maximum area that can be efficiently and economically drained by one well.
Each order establishing drilling units for a pool shall cover all lands
determined or believed to be underlaid by such pool, and may be modified by
the Department from time to time to include additional lands determined to
be underlaid by such pool. Each order establishing drilling units may be
modified by the Department to change the size thereof, or to permit the
drilling of additional wells.

(b-2) Any petition requesting a drilling unit exception shall be
accompanied by a non-refundable application fee in the amount of $1,500 for
a Modified Drilling Unit or Special Drilling Unit or a non-refundable
application fee in the amount of $2,500 for a Pool-Wide Drilling Unit.

(c) Each order establishing drilling units shall prohibit the drilling of
more than one well on any drilling unit for the production of oil or gas from
the particular pool with respect to which the drilling unit is established and
subject to the provisions of subsection (a) hereof shall specify the location for
the drilling of such well thereon, in accordance with a reasonably uniform
spacing pattern, with necessary exceptions for wells drilled or drilling at the
time of the application. If the Department finds, after notice and hearing, that
surface conditions would substantially add to the burden or hazard of drilling
such well at the specified location, or for some other reason it would be
inequitable or unreasonable to require a well to be drilled at the specified

location, the Department may issue an order permitting the well to be drilled at a location other than that specified in the order establishing drilling units.

(d) After the date of the notice for a hearing called to establish drilling units, no additional well shall be commenced for production from the pool until the order establishing drilling units has been issued, unless the commencement of the well is authorized by order of the Department.

(e) After an order establishing a drilling unit or units has been issued by the Department, the commencement of drilling of any well or wells into the pool with regard to which such unit was established for the purpose of producing oil or gas therefrom, at a location other than that authorized by the order, or by order granting exception to the original spacing order, is hereby prohibited. The operation of any well drilled in violation of an order establishing drilling units is hereby prohibited.

(f) Any application or petition by any interested person for a drilling unit as provided in this Section shall be accepted and filed or not accepted and filed by the Department within 10 business days after receipt by the Department. If the petition is accepted and filed, a public hearing on the petition shall be scheduled not less than 30 days, but not more than 60 days, after the acceptance and filing by the Department. If not accepted, and filed, the Department shall provide specific requirements for additional information or documentation needed for the petition to be considered, accepted, and filed. Upon submission of the required information and documentation, the same process and timeframe as provided in this subsection (f) shall continue until the petition has been accepted and filed at which time a hearing shall be scheduled as previously stated in this subsection (f). The petition shall not be accepted and filed if it is determined by the Department that, under any circumstance, legal or regulatory impediments would prevent such acceptance and filing. If the Department does not timely respond to any petition or the submission of additional information or documentation after initial submission, then the petition shall be deemed to be in sufficient form for acceptance and filing and the Department shall proceed with the scheduling of a public hearing. The Department, after public hearing, shall either grant or deny the petition within 20 working days after the conclusion of the hearing.

(g) Any petition by an interested person to establish drilling units for a pool as provided in this Section shall be accepted and filed or not accepted and filed by the Department within 10 business days after receipt by the Department. If the petition is accepted and filed, a public hearing on the petition shall be scheduled not less than 30 days, but not more than 60 days,
after the acceptance and filing by the Department. If not accepted and filed, the Department shall provide specific requirements for additional information or documentation needed for the petition to be considered, accepted, and filed. Upon submission of the required information and documentation, the same process and timeframe as provided in this subsection (g) shall continue until the petition has been accepted and filed at which time a hearing shall be scheduled as previously stated in this subsection (g). The petition shall not be accepted and filed if it is determined by the Department that, under any circumstance, legal or regulatory impediments would prevent such acceptance and filing. If the Department does not timely respond to any petition or the submission of additional information or documentation after initial submission, then the petition shall be deemed to be in sufficient form for acceptance and filing and the Department shall proceed with the scheduling of a public hearing. The Department, after public hearing, shall either grant or deny the petition within 20 working days after the conclusion of the hearing.

AN ACT concerning insurance.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Insurance Code is amended by changing Section 143a as follows:

(215 ILCS 5/143a) (from Ch. 73, par. 755a)

Sec. 143a. Uninsured and hit and run motor vehicle coverage.

(1) No policy insuring against loss resulting from liability imposed by law for bodily injury or death suffered by any person arising out of the ownership, maintenance or use of a motor vehicle that is designed for use on public highways and that is either required to be registered in this State or is principally garaged in this State shall be renewed, delivered, or issued for delivery in this State unless coverage is provided therein or supplemental thereto, in limits for bodily injury or death set forth in Section 7-203 of the

Illinois Vehicle Code for the protection of persons insured thereunder who are legally entitled to recover damages from owners or operators of uninsured motor vehicles and hit-and-run motor vehicles because of bodily injury, sickness or disease, including death, resulting therefrom. Uninsured motor vehicle coverage does not apply to bodily injury, sickness, disease, or death resulting therefrom, of an insured while occupying a motor vehicle owned by, or furnished or available for the regular use of the insured, a resident spouse or resident relative, if that motor vehicle is not described in the policy under which a claim is made or is not a newly acquired or replacement motor vehicle covered under the terms of the policy. The limits for any coverage for any vehicle under the policy may not be aggregated with the limits for any similar coverage, whether provided by the same insurer or another insurer, applying to other motor vehicles, for purposes of determining the total limit of insurance coverage available for bodily injury or death suffered by a person in any one accident. No policy shall be renewed, delivered, or issued for delivery in this State unless it is provided therein that any dispute with respect to the coverage and the amount of damages shall be submitted for arbitration to the American Arbitration Association and be subject to its rules for the conduct of arbitration hearings as to all matters except medical opinions. As to medical opinions, if the amount of damages being sought is equal to or less than the amount provided for in Section 7-203 of the Illinois Vehicle Code, then the current American Arbitration Association Rules shall apply. If the amount being sought in an American Arbitration Association case exceeds that amount as set forth in Section 7-203 of the Illinois Vehicle Code, then the Rules of Evidence that apply in the circuit court for placing medical opinions into evidence shall govern. Alternatively, disputes with respect to damages and the coverage shall be determined in the following manner: Upon the insured requesting arbitration, each party to the dispute shall select an arbitrator and the 2 arbitrators so named shall select a third arbitrator. If such arbitrators are not selected within 45 days from such request, either party may request that the arbitration be submitted to the American Arbitration Association. Any decision made by the arbitrators shall be binding for the amount of damages not exceeding $75,000 $50,000 for bodily injury to or death of any one person, $150,000 $100,000 for bodily injury to or death of 2 or more persons in any one motor vehicle accident, or the corresponding policy limits for bodily injury or death, whichever is less. All 3-person arbitration cases proceeding in accordance with any uninsured motorist coverage conducted in this State in which the claimant is only

seeking monetary damages up to the limits set forth in Section 7-203 of the Illinois Vehicle Code shall be subject to the following rules:

(A) If at least 60 days' written notice of the intention to offer the following documents in evidence is given to every other party, accompanied by a copy of the document, a party may offer in evidence, without foundation or other proof:

1. bills, records, and reports of hospitals, doctors, dentists, registered nurses, licensed practical nurses, physical therapists, and other healthcare providers;
2. bills for drugs, medical appliances, and prostheses;
3. property repair bills or estimates, when identified and itemized setting forth the charges for labor and material used or proposed for use in the repair of the property;
4. a report of the rate of earnings and time lost from work or lost compensation prepared by an employer;
5. the written opinion of an opinion witness, the deposition of a witness, and the statement of a witness that the witness would be allowed to express if testifying in person, if the opinion or statement is made by affidavit or by certification as provided in Section 1-109 of the Code of Civil Procedure;
6. any other document not specifically covered by any of the foregoing provisions that is otherwise admissible under the rules of evidence.

Any party receiving a notice under this paragraph (A) may apply to the arbitrator or panel of arbitrators, as the case may be, for the issuance of a subpoena directed to the author or maker or custodian of the document that is the subject of the notice, requiring the person subpoenaed to produce copies of any additional documents as may be related to the subject matter of the document that is the subject of the notice. Any such subpoena shall be issued in substantially similar form and served by notice as provided by Illinois Supreme Court Rule 204(a)(4). Any such subpoena shall be returnable not less than 5 days before the arbitration hearing.

(B) Notwithstanding the provisions of Supreme Court Rule 213(g), a party who proposes to use a written opinion of an expert or opinion witness or the testimony of an expert or opinion witness at the hearing may do so provided a written notice of that intention is given to every other party not less than 60 days prior to the date of

hearing, accompanied by a statement containing the identity of the witness, his or her qualifications, the subject matter, the basis of the witness's conclusions, and his or her opinion.

(C) Any other party may subpoena the author or maker of a document admissible under this subsection, at that party's expense, and examine the author or maker as if under cross-examination. The provisions of Section 2-1101 of the Code of Civil Procedure shall be applicable to arbitration hearings, and it shall be the duty of a party requesting the subpoena to modify the form to show that the appearance is set before an arbitration panel and to give the time and place set for the hearing.

(D) The provisions of Section 2-1102 of the Code of Civil Procedure shall be applicable to arbitration hearings under this subsection.

(2) No policy insuring against loss resulting from liability imposed by law for property damage arising out of the ownership, maintenance, or use of a motor vehicle shall be renewed, delivered, or issued for delivery in this State with respect to any private passenger or recreational motor vehicle that is designed for use on public highways and that is either required to be registered in this State or is principally garaged in this State and is not covered by collision insurance under the provisions of such policy, unless coverage is made available in the amount of the actual cash value of the motor vehicle described in the policy or $15,000 whichever is less, subject to a $250 deductible, for the protection of persons insured thereunder who are legally entitled to recover damages from owners or operators of uninsured motor vehicles and hit-and-run motor vehicles because of property damage to the motor vehicle described in the policy.

There shall be no liability imposed under the uninsured motorist property damage coverage required by this subsection if the owner or operator of the at-fault uninsured motor vehicle or hit-and-run motor vehicle cannot be identified. This subsection shall not apply to any policy which does not provide primary motor vehicle liability insurance for liabilities arising from the maintenance, operation, or use of a specifically insured motor vehicle.

Each insurance company providing motor vehicle property damage liability insurance shall advise applicants of the availability of uninsured motor vehicle property damage coverage, the premium therefor, and provide a brief description of the coverage. That information need be given only once and shall not be required in any subsequent renewal, reinstatement or

reissuance, substitute, amended, replacement or supplementary policy. No written rejection shall be required, and the absence of a premium payment for uninsured motor vehicle property damage shall constitute conclusive proof that the applicant or policyholder has elected not to accept uninsured motorist property damage coverage.

An insurance company issuing uninsured motor vehicle property damage coverage may provide that:

(i) Property damage losses recoverable thereunder shall be limited to damages caused by the actual physical contact of an uninsured motor vehicle with the insured motor vehicle.

(ii) There shall be no coverage for loss of use of the insured motor vehicle and no coverage for loss or damage to personal property located in the insured motor vehicle.

(iii) Any claim submitted shall include the name and address of the owner of the at-fault uninsured motor vehicle, or a registration number and description of the vehicle, or any other available information to establish that there is no applicable motor vehicle property damage liability insurance.

Any dispute with respect to the coverage and the amount of damages shall be submitted for arbitration to the American Arbitration Association and be subject to its rules for the conduct of arbitration hearings or for determination in the following manner: Upon the insured requesting arbitration, each party to the dispute shall select an arbitrator and the 2 arbitrators so named shall select a third arbitrator. If such arbitrators are not selected within 45 days from such request, either party may request that the arbitration be submitted to the American Arbitration Association. Any arbitration proceeding under this subsection seeking recovery for property damages shall be subject to the following rules:

(A) If at least 60 days' written notice of the intention to offer the following documents in evidence is given to every other party, accompanied by a copy of the document, a party may offer in evidence, without foundation or other proof:

(1) property repair bills or estimates, when identified and itemized setting forth the charges for labor and material used or proposed for use in the repair of the property;

(2) the written opinion of an opinion witness, the deposition of a witness, and the statement of a witness that the witness would be allowed to express if testifying in person, if the opinion or statement is made by affidavit or by
certification as provided in Section 1-109 of the Code of Civil Procedure;

(3) any other document not specifically covered by any of the foregoing provisions that is otherwise admissible under the rules of evidence.

Any party receiving a notice under this paragraph (A) may apply to the arbitrator or panel of arbitrators, as the case may be, for the issuance of a subpoena directed to the author or maker or custodian of the document that is the subject of the notice, requiring the person subpoenaed to produce copies of any additional documents as may be related to the subject matter of the document that is the subject of the notice. Any such subpoena shall be issued in substantially similar form and served by notice as provided by Illinois Supreme Court Rule 204(a)(4). Any such subpoena shall be returnable not less than 5 days before the arbitration hearing.

(B) Notwithstanding the provisions of Supreme Court Rule 213(g), a party who proposes to use a written opinion of an expert or opinion witness or the testimony of an expert or opinion witness at the hearing may do so provided a written notice of that intention is given to every other party not less than 60 days prior to the date of hearing, accompanied by a statement containing the identity of the witness, his or her qualifications, the subject matter, the basis of the witness's conclusions, and his or her opinion.

(C) Any other party may subpoena the author or maker of a document admissible under this subsection, at that party's expense, and examine the author or maker as if under cross-examination. The provisions of Section 2-1101 of the Code of Civil Procedure shall be applicable to arbitration hearings, and it shall be the duty of a party requesting the subpoena to modify the form to show that the appearance is set before an arbitration panel and to give the time and place set for the hearing.

(D) The provisions of Section 2-1102 of the Code of Civil Procedure shall be applicable to arbitration hearings under this subsection.

(3) For the purpose of the coverage the term "uninsured motor vehicle" includes, subject to the terms and conditions of the coverage, a motor vehicle where on, before or after the accident date the liability insurer thereof is unable to make payment with respect to the legal liability of its insured within the limits specified in the policy because of the entry by a
court of competent jurisdiction of an order of rehabilitation or liquidation by reason of insolvency on or after the accident date. An insurer's extension of coverage, as provided in this subsection, shall be applicable to all accidents occurring after July 1, 1967 during a policy period in which its insured's uninsured motor vehicle coverage is in effect. Nothing in this Section may be construed to prevent any insurer from extending coverage under terms and conditions more favorable to its insureds than is required by this Section.

(4) In the event of payment to any person under the coverage required by this Section and subject to the terms and conditions of the coverage, the insurer making the payment shall, to the extent thereof, be entitled to the proceeds of any settlement or judgment resulting from the exercise of any rights of recovery of the person against any person or organization legally responsible for the property damage, bodily injury or death for which the payment is made, including the proceeds recoverable from the assets of the insolvent insurer. With respect to payments made by reason of the coverage described in subsection (3), the insurer making such payment shall not be entitled to any right of recovery against the tort-feasor in excess of the proceeds recovered from the assets of the insolvent insurer of the tort-feasor.

(5) This amendatory Act of 1967 shall not be construed to terminate or reduce any insurance coverage or any right of any party under this Code in effect before July 1, 1967. This amendatory Act of 1990 shall not be construed to terminate or reduce any insurance coverage or any right of any party under this Code in effect before its effective date.

(6) Failure of the motorist from whom the claimant is legally entitled to recover damages to file the appropriate forms with the Safety Responsibility Section of the Department of Transportation within 120 days of the accident date shall create a rebuttable presumption that the motorist was uninsured at the time of the injurious occurrence.

(7) An insurance carrier may upon good cause require the insured to commence a legal action against the owner or operator of an uninsured motor vehicle before good faith negotiation with the carrier. If the action is commenced at the request of the insurance carrier, the carrier shall pay to the insured, before the action is commenced, all court costs, jury fees and sheriff's fees arising from the action.

The changes made by this amendatory Act of 1997 apply to all policies of insurance amended, delivered, issued, or renewed on and after the effective date of this amendatory Act of 1997.

(8) The changes made by this amendatory Act of the 98th General Assembly apply to all policies of insurance amended, delivered, issued, or
renewed on and after the effective date of this amendatory Act of the 98th General Assembly.

(2) the lessee interest in a ground lease (including any interest of the lessee in the related improvements) that provides for a term of 30 or more years when all options to renew or extend are included, whether or not any portion of the term has expired; or
(3) the indirect interest in real property as reflected by a controlling interest in a real estate entity.

"Controlling interest" means more than 50% of the fair market value of all ownership interests or beneficial interests in a real estate entity.

"Real estate entity" means any person including, but not limited to, any partnership, corporation, limited liability company, trust, other entity, or multi-tiered entity, that exists or acts substantially for the purpose of holding directly or indirectly title to or beneficial interest in real property. There is a rebuttable presumption that an entity is a real estate entity if it owns, directly or indirectly, real property having a fair market value greater than 75% of the total fair market value of all of the entity's assets, determined without deduction for any mortgage, lien, or encumbrance.

Sec. 31-15. Collection of tax.

(a) Paper revenue stamps. The tax shall be collected by the recorder or registrar of titles of the county in which the property is situated through the sale of revenue stamps, the design, denominations and form of which shall be prescribed by the Department. If requested by the recorder or registrar of titles of a county that has imposed a county real estate transfer tax under Section 5-1031 of the Counties Code, the Department shall design the stamps furnished to that county under this Section so that the same stamp also provides evidence of the payment of the county real estate transfer tax and shall include in the design of the stamp the name of the county and an indication that the stamp is evidence of the payment of both State and county real estate transfer taxes. The revenue stamps shall be sold by the Department to the recorder or registrar of titles who shall cause them to be sold for the purposes prescribed. The Department shall charge at a rate of $0.50 per $500 of value in units of not less than $500. The recorder or registrar of titles of the several counties shall sell the revenue stamps at a rate of $0.50 per $500 of value or fraction of $500. The recorder or registrar of titles may use the

proceeds for the purchase of revenue stamps from the Department. The Department must establish a system to allow the recorder or registrar of titles to purchase the revenue stamps electronically and must deliver the electronically purchased stamps to the recorder or registrar of titles.

(b) Electronic revenue stamp or alternative indicia. If the recorder or registrar of titles uses an electronic revenue stamp or alternative indicia, the recorder or registrar of titles shall electronically file a return and electronically remit the tax to the Department on or before the 10th day of the month following the month in which the tax was required to be collected. The return shall disclose the tax collected and other information that the Department may reasonably require. The return shall be filed using a format prescribed by the Department.

If a return is not filed or the tax is not fully paid as required under this Section within 15 days of the required time period, the Department may eliminate the recorder or registrar of titles' ability to electronically file its returns and electronically remit the tax until such time as the recorder or registrar of titles fully remits the return and tax amount due.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Pension Code is amended by changing Sections 7-139, 7-175, and 7-175.1 and by adding Section 7-111.5 as follows:

New matter indicated by italics - deletions by strikeout
Sec. 7-111.5. "Omitted service": The period of service with a participating municipality or participating instrumentality during which an employee was required to participate in the Fund, but was not actually enrolled.

Sec. 7-139. Credits and creditable service to employees.

(a) Each participating employee shall be granted credits and creditable service, for purposes of determining the amount of any annuity or benefit to which he or a beneficiary is entitled, as follows:

1. For prior service: Each participating employee who is an employee of a participating municipality or participating instrumentality on the effective date shall be granted creditable service, but no credits under paragraph 2 of this subsection (a), for periods of prior service for which credit has not been received under any other pension fund or retirement system established under this Code, as follows:

   If the effective date of participation for the participating municipality or participating instrumentality is on or before January 1, 1998, creditable service shall be granted for the entire period of prior service with that employer without any employee contribution.

   If the effective date of participation for the participating municipality or participating instrumentality is after January 1, 1998, creditable service shall be granted for the last 20% of the period of prior service with that employer, but no more than 5 years, without any employee contribution. A participating employee may establish creditable service for the remainder of the period of prior service with that employer by making an application in writing, accompanied by payment of an employee contribution in an amount determined by the Fund, based on the employee contribution rates in effect at the time of application for the creditable service and the employee's salary rate on the effective date of participation for that employer, plus interest at the effective rate from the date of the prior service to the date of payment. Application for this creditable service may be made at any time while the employee is still in service.

   A municipality that (i) has at least 35 employees; (ii) is located in a county with at least 2,000,000 inhabitants; and (iii) maintains an independent defined benefit pension plan for the benefit

of its eligible employees may restrict creditable service in whole or in part for periods of prior service with the employer if the governing body of the municipality adopts an irrevocable resolution to restrict that creditable service and files the resolution with the board before the municipality's effective date of participation.

Any person who has withdrawn from the service of a participating municipality or participating instrumentality prior to the effective date, who reenters the service of the same municipality or participating instrumentality after the effective date and becomes a participating employee is entitled to creditable service for prior service as otherwise provided in this subdivision (a)(1) only if he or she renders 2 years of service as a participating employee after the effective date. Application for such service must be made while in a participating status. The salary rate to be used in the calculation of the required employee contribution, if any, shall be the employee's salary rate at the time of first reentering service with the employer after the employer's effective date of participation.

2. For current service, each participating employee shall be credited with:

a. Additional credits of amounts equal to each payment of additional contributions received from him under Section 7-173, as of the date the corresponding payment of earnings is payable to him.

b. Normal credits of amounts equal to each payment of normal contributions received from him, as of the date the corresponding payment of earnings is payable to him, and normal contributions made for the purpose of establishing out-of-state service credits as permitted under the conditions set forth in paragraph 6 of this subsection (a).

c. Municipality credits in an amount equal to 1.4 times the normal credits, except those established by out-of-state service credits, as of the date of computation of any benefit if these credits would increase the benefit.

d. Survivor credits equal to each payment of survivor contributions received from the participating employee as of the date the corresponding payment of earnings is payable, and survivor contributions made for the purpose of establishing out-of-state service credits.

New matter indicated by italics - deletions by strikeout
3. For periods of temporary and total and permanent disability benefits, each employee receiving disability benefits shall be granted creditable service for the period during which disability benefits are payable. Normal and survivor credits, based upon the rate of earnings applied for disability benefits, shall also be granted if such credits would result in a higher benefit to any such employee or his beneficiary.

4. For authorized leave of absence without pay: A participating employee shall be granted credits and creditable service for periods of authorized leave of absence without pay under the following conditions:

   a. An application for credits and creditable service is submitted to the board while the employee is in a status of active employment.

   b. Not more than 12 complete months of creditable service for authorized leave of absence without pay shall be counted for purposes of determining any benefits payable under this Article.

   c. Credits and creditable service shall be granted for leave of absence only if such leave is approved by the governing body of the municipality, including approval of the estimated cost thereof to the municipality as determined by the fund, and employee contributions, plus interest at the effective rate applicable for each year from the end of the period of leave to date of payment, have been paid to the fund in accordance with Section 7-173. The contributions shall be computed upon the assumption earnings continued during the period of leave at the rate in effect when the leave began.

   d. Benefits under the provisions of Sections 7-141, 7-146, 7-150 and 7-163 shall become payable to employees on authorized leave of absence, or their designated beneficiary, only if such leave of absence is creditable hereunder, and if the employee has at least one year of creditable service other than the service granted for leave of absence. Any employee contributions due may be deducted from any benefits payable.

   e. No credits or creditable service shall be allowed for leave of absence without pay during any period of prior service.
5. For military service: The governing body of a municipality or participating instrumentality may elect to allow creditable service to participating employees who leave their employment to serve in the armed forces of the United States for all periods of such service, provided that the person returns to active employment within 90 days after completion of full time active duty, but no creditable service shall be allowed such person for any period that can be used in the computation of a pension or any other pay or benefit, other than pay for active duty, for service in any branch of the armed forces of the United States. If necessary to the computation of any benefit, the board shall establish municipality credits for participating employees under this paragraph on the assumption that the employee received earnings at the rate received at the time he left the employment to enter the armed forces. A participating employee in the armed forces shall not be considered an employee during such period of service and no additional death and no disability benefits are payable for death or disability during such period.

Any participating employee who left his employment with a municipality or participating instrumentality to serve in the armed forces of the United States and who again became a participating employee within 90 days after completion of full time active duty by entering the service of a different municipality or participating instrumentality, which has elected to allow creditable service for periods of military service under the preceding paragraph, shall also be allowed creditable service for his period of military service on the same terms that would apply if he had been employed, before entering military service, by the municipality or instrumentality which employed him after he left the military service and the employer costs arising in relation to such grant of creditable service shall be charged to and paid by that municipality or instrumentality.

Notwithstanding the foregoing, any participating employee shall be entitled to creditable service as required by any federal law relating to re-employment rights of persons who served in the United States Armed Services. Such creditable service shall be granted upon payment by the member of an amount equal to the employee contributions which would have been required had the employee continued in service at the same rate of earnings during the military leave period, plus interest at the effective rate.

5.1. In addition to any creditable service established under paragraph 5 of this subsection (a), creditable service may be granted for up to 48 months of service in the armed forces of the United States.

In order to receive creditable service for military service under this paragraph 5.1, a participating employee must (1) apply to the Fund in writing and provide evidence of the military service that is satisfactory to the Board; (2) obtain the written approval of the current employer; and (3) make contributions to the Fund equal to (i) the employee contributions that would have been required had the service been rendered as a member, plus (ii) an amount determined by the board to be equal to the employer's normal cost of the benefits accrued for that military service, plus (iii) interest on items (i) and (ii) from the date of first membership in the Fund to the date of payment. The required interest shall be calculated at the regular interest rate.

The changes made to this paragraph 5.1 by Public Acts 95-483 and 95-486 apply only to participating employees in service on or after August 28, 2007 (the effective date of those Public Acts).

6. For out-of-state service: Creditable service shall be granted for service rendered to an out-of-state local governmental body under the following conditions: The employee had participated and has irrevocably forfeited all rights to benefits in the out-of-state public employees pension system; the governing body of his participating municipality or instrumentality authorizes the employee to establish such service; the employee has 2 years current service with this municipality or participating instrumentality; the employee makes a payment of contributions, which shall be computed at 8% (normal) plus 2% (survivor) times length of service purchased times the average rate of earnings for the first 2 years of service with the municipality or participating instrumentality whose governing body authorizes the service established plus interest at the effective rate on the date such credits are established, payable from the date the employee completes the required 2 years of current service to date of payment. In no case shall more than 120 months of creditable service be granted under this provision.

7. For retroactive service: Any employee who could have but did not elect to become a participating employee, or who should have been a participant in the Municipal Public Utilities Annuity and Benefit Fund before that fund was superseded, may receive creditable

New matter indicated by italics - deletions by strikeout
service for the period of service not to exceed 50 months; however, a current or former elected or appointed official of a participating municipality may establish credit under this paragraph 7 for more than 50 months of service as an official of that municipality, if the excess over 50 months is approved by resolution of the governing body of the affected municipality filed with the Fund before January 1, 2002.

Any employee who is a participating employee on or after September 24, 1981 and who was excluded from participation by the age restrictions removed by Public Act 82-596 may receive creditable service for the period, on or after January 1, 1979, excluded by the age restriction and, in addition, if the governing body of the participating municipality or participating instrumentality elects to allow creditable service for all employees excluded by the age restriction prior to January 1, 1979, for service during the period prior to that date excluded by the age restriction. Any employee who was excluded from participation by the age restriction removed by Public Act 82-596 and who is not a participating employee on or after September 24, 1981 may receive creditable service for service after January 1, 1979. Creditable service under this paragraph shall be granted upon payment of the employee contributions which would have been required had he participated, with interest at the effective rate for each year from the end of the period of service established to date of payment.

8. For accumulated unused sick leave: A participating employee who is applying for a retirement annuity shall be entitled to creditable service for that portion of the employee's accumulated unused sick leave for which payment is not received, as follows:
   a. Sick leave days shall be limited to those accumulated under a sick leave plan established by a participating municipality or participating instrumentality which is available to all employees or a class of employees.
   b. Except as provided in item b-1, only sick leave days accumulated with a participating municipality or participating instrumentality with which the employee was in service within 60 days of the effective date of his retirement annuity shall be credited; If the employee was in service with more than one employer during this period only the sick leave days

New matter indicated by italics - deletions by strikeout
with the employer with which the employee has the greatest number of unpaid sick leave days shall be considered.

b-1. If the employee was in the service of more than one employer as defined in item (2) of paragraph (a) of subsection (A) of Section 7-132, then the sick leave days from all such employers shall be credited, as long as the creditable service attributed to those sick leave days does not exceed the limitation in item f of this paragraph 8. In calculating the creditable service under this item b-1, the sick leave days from the last employer shall be considered first, then the remaining sick leave days shall be considered until there are no more days or the maximum creditable sick leave threshold under item f of this paragraph 8 has been reached.

c. The creditable service granted shall be considered solely for the purpose of computing the amount of the retirement annuity and shall not be used to establish any minimum service period required by any provision of the Illinois Pension Code, the effective date of the retirement annuity, or the final rate of earnings.

d. The creditable service shall be at the rate of 1/20 of a month for each full sick day, provided that no more than 12 months may be credited under this subdivision 8.

e. Employee contributions shall not be required for creditable service under this subdivision 8.

f. Each participating municipality and participating instrumentality with which an employee has service within 60 days of the effective date of his retirement annuity shall certify to the board the number of accumulated unpaid sick leave days credited to the employee at the time of termination of service.

9. For service transferred from another system: Credits and creditable service shall be granted for service under Article 4, 5, 8, 14, or 16 of this Act, to any active member of this Fund, and to any inactive member who has been a county sheriff, upon transfer of such credits pursuant to Section 4-108.3, 5-235, 8-226.7, 14-105.6, or 16-131.4, and payment by the member of the amount by which (1) the employer and employee contributions that would have been required if he had participated in this Fund as a sheriff's law enforcement employee during the period for which credit is being transferred, plus
interest thereon at the effective rate for each year, compounded annually, from the date of termination of the service for which credit is being transferred to the date of payment, exceeds (2) the amount actually transferred to the Fund. Such transferred service shall be deemed to be service as a sheriff's law enforcement employee for the purposes of Section 7-142.1.

10. (Blank). For service transferred from an Article 3 system under Section 3-110.8: Credits and creditable service shall be granted for service under Article 3 of this Act as provided in Section 3-110.8, to any active member of this Fund upon transfer of such credits pursuant to Section 3-110.8. If the amount by which (1) the employer and employee contributions that would have been required if he had participated in this Fund during the period for which credit is being transferred, plus interest thereon at the effective rate for each year, compounded annually, from the date of termination of the service for which credit is being transferred to the date of payment, exceeds (2) the amount actually transferred to the Fund, then the amount of creditable service established under this paragraph 10 shall be reduced by a corresponding amount in accordance with the rules and procedures established under this paragraph 10.

The board shall establish by rule the manner of making the calculation required under this paragraph 10, taking into account the appropriate actuarial assumptions; the member's service, age, and salary history; the level of funding of the employer; and any other factors that the board determines to be relevant.

Until January 1, 2010, members who transferred service from an Article 3 system under the provisions of Public Act 94-356 may establish additional credit in this Fund, but only up to the amount of the service credit reduction in that transfer, as calculated under the actuarial assumptions. This credit may be established upon payment by the member of an amount to be determined by the board, equal to (1) the amount that would have been contributed as employee and employer contributions had all the service been as an employee under this Article, plus interest thereon compounded annually from the date of service to the date of transfer, less (2) the total amount transferred from the Article 3 system, plus (3) interest on the difference at the effective rate for each year, compounded annually, from the date of the transfer to the date of payment. The additional service credit is allowed under this amendatory Act of the 95th General Assembly.

notwithstanding the provisions of Article 3 terminating all transferred credits on the date of transfer.

11. For service transferred from an Article 3 system under Section 3-110.3: Credits and creditable service shall be granted for service under Article 3 of this Act as provided in Section 3-110.3, to any active member of this Fund, upon transfer of such credits pursuant to Section 3-110.3. If the board determines that the amount transferred is less than the true cost to the Fund of allowing that creditable service to be established, then in order to establish that creditable service, the member must pay to the Fund an additional contribution equal to the difference, as determined by the board in accordance with the rules and procedures adopted under this paragraph. If the member does not make the full additional payment as required by this paragraph prior to termination of his participation with that employer, then his or her creditable service shall be reduced by an amount equal to the difference between the amount transferred under Section 3-110.3, including any payments made by the member under this paragraph prior to termination, and the true cost to the Fund of allowing that creditable service to be established, as determined by the board in accordance with the rules and procedures adopted under this paragraph.

The board shall establish by rule the manner of making the calculation required under this paragraph 11, taking into account the appropriate actuarial assumptions; the member's service, age, and salary history, and any other factors that the board determines to be relevant.

12. For omitted service: Any employee who was employed by a participating employer in a position that required participation, but who was not enrolled in the Fund, may establish such credits under the following conditions:

   a. Application for such credits is received by the Board while the employee is an active participant of the Fund or a reciprocal retirement system.

   b. Eligibility for participation and earnings are verified by the Authorized Agent of the participating employer for which the service was rendered.

   Creditable service under this paragraph shall be granted upon payment of the employee contributions that would have been required had he participated, which shall be calculated by the Fund.

using the member contribution rate in effect during the period that the service was rendered.

(b) Creditable service - amount:

1. One month of creditable service shall be allowed for each month for which a participating employee made contributions as required under Section 7-173, or for which creditable service is otherwise granted hereunder. Not more than 1 month of service shall be credited and counted for 1 calendar month, and not more than 1 year of service shall be credited and counted for any calendar year. A calendar month means a nominal month beginning on the first day thereof, and a calendar year means a year beginning January 1 and ending December 31.

2. A seasonal employee shall be given 12 months of creditable service if he renders the number of months of service normally required by the position in a 12-month period and he remains in service for the entire 12-month period. Otherwise a fractional year of service in the number of months of service rendered shall be credited.

3. An intermittent employee shall be given creditable service for only those months in which a contribution is made under Section 7-173.

(c) No application for correction of credits or creditable service shall be considered unless the board receives an application for correction while (1) the applicant is a participating employee and in active employment with a participating municipality or instrumentality, or (2) while the applicant is actively participating in a pension fund or retirement system which is a participating system under the Retirement Systems Reciprocal Act. A participating employee or other applicant shall not be entitled to credits or creditable service unless the required employee contributions are made in a lump sum or in installments made in accordance with board rule.

(d) Upon the granting of a retirement, surviving spouse or child annuity, a death benefit or a separation benefit, on account of any employee, all individual accumulated credits shall thereupon terminate. Upon the withdrawal of additional contributions, the credits applicable thereto shall thereupon terminate. Terminated credits shall not be applied to increase the benefits any remaining employee would otherwise receive under this Article. (Source: P.A. 97-415, eff. 8-16-11; 98-439, eff. 8-16-13.)

Sec. 7-139. Credits and creditable service to employees.

New matter indicated by italics - deletions by strikeout
(a) Each participating employee shall be granted credits and creditable
service, for purposes of determining the amount of any annuity or benefit to
which he or a beneficiary is entitled, as follows:

1. For prior service: Each participating employee who is an
employee of a participating municipality or participating
instrumentality on the effective date shall be granted creditable
service, but no credits under paragraph 2 of this subsection (a), for
periods of prior service for which credit has not been received under
any other pension fund or retirement system established under this
Code, as follows:

If the effective date of participation for the participating
municipality or participating instrumentality is on or before January
1, 1998, creditable service shall be granted for the entire period of
prior service with that employer without any employee contribution.

If the effective date of participation for the participating
municipality or participating instrumentality is after January 1, 1998,
creditable service shall be granted for the last 20% of the period of
prior service with that employer, but no more than 5 years, without
any employee contribution. A participating employee may establish
creditable service for the remainder of the period of prior service with
that employer by making an application in writing, accompanied by
payment of an employee contribution in an amount determined by the
Fund, based on the employee contribution rates in effect at the time
of application for the creditable service and the employee's salary rate
on the effective date of participation for that employer, plus interest
at the effective rate from the date of the prior service to the date of
payment. Application for this creditable service may be made at any
time while the employee is still in service.

A municipality that (i) has at least 35 employees; (ii) is
located in a county with at least 2,000,000 inhabitants; and (iii)
maintains an independent defined benefit pension plan for the benefit
of its eligible employees may restrict creditable service in whole or
in part for periods of prior service with the employer if the governing
body of the municipality adopts an irrevocable resolution to restrict
that creditable service and files the resolution with the board before
the municipality's effective date of participation.

Any person who has withdrawn from the service of a
participating municipality or participating instrumentality prior to the
effective date, who reenters the service of the same municipality or

participating instrumentality after the effective date and becomes a participating employee is entitled to creditable service for prior service as otherwise provided in this subdivision (a)(1) only if he or she renders 2 years of service as a participating employee after the effective date. Application for such service must be made while in a participating status. The salary rate to be used in the calculation of the required employee contribution, if any, shall be the employee's salary rate at the time of first reentering service with the employer after the employer's effective date of participation.

2. For current service, each participating employee shall be credited with:
   a. Additional credits of amounts equal to each payment of additional contributions received from him under Section 7-173, as of the date the corresponding payment of earnings is payable to him.
   b. Normal credits of amounts equal to each payment of normal contributions received from him, as of the date the corresponding payment of earnings is payable to him, and normal contributions made for the purpose of establishing out-of-state service credits as permitted under the conditions set forth in paragraph 6 of this subsection (a).
   c. Municipality credits in an amount equal to 1.4 times the normal credits, except those established by out-of-state service credits, as of the date of computation of any benefit if these credits would increase the benefit.
   d. Survivor credits equal to each payment of survivor contributions received from the participating employee as of the date the corresponding payment of earnings is payable, and survivor contributions made for the purpose of establishing out-of-state service credits.

3. For periods of temporary and total and permanent disability benefits, each employee receiving disability benefits shall be granted creditable service for the period during which disability benefits are payable. Normal and survivor credits, based upon the rate of earnings applied for disability benefits, shall also be granted if such credits would result in a higher benefit to any such employee or his beneficiary.

for periods of authorized leave of absence without pay under the following conditions:

a. An application for credits and creditable service is submitted to the board while the employee is in a status of active employment.

b. Not more than 12 complete months of creditable service for authorized leave of absence without pay shall be counted for purposes of determining any benefits payable under this Article.

c. Credits and creditable service shall be granted for leave of absence only if such leave is approved by the governing body of the municipality, including approval of the estimated cost thereof to the municipality as determined by the fund, and employee contributions, plus interest at the effective rate applicable for each year from the end of the period of leave to date of payment, have been paid to the fund in accordance with Section 7-173. The contributions shall be computed upon the assumption earnings continued during the period of leave at the rate in effect when the leave began.

d. Benefits under the provisions of Sections 7-141, 7-146, 7-150 and 7-163 shall become payable to employees on authorized leave of absence, or their designated beneficiary, only if such leave of absence is creditable hereunder, and if the employee has at least one year of creditable service other than the service granted for leave of absence. Any employee contributions due may be deducted from any benefits payable.

e. No credits or creditable service shall be allowed for leave of absence without pay during any period of prior service.

5. For military service: The governing body of a municipality or participating instrumentality may elect to allow creditable service to participating employees who leave their employment to serve in the armed forces of the United States for all periods of such service, provided that the person returns to active employment within 90 days after completion of full time active duty, but no creditable service shall be allowed such person for any period that can be used in the computation of a pension or any other pay or benefit, other than pay for active duty, for service in any branch of the armed forces of the United States. If necessary to the computation of any benefit, the

board shall establish municipality credits for participating employees under this paragraph on the assumption that the employee received earnings at the rate received at the time he left the employment to enter the armed forces. A participating employee in the armed forces shall not be considered an employee during such period of service and no additional death and no disability benefits are payable for death or disability during such period.

Any participating employee who left his employment with a municipality or participating instrumentality to serve in the armed forces of the United States and who again became a participating employee within 90 days after completion of full time active duty by entering the service of a different municipality or participating instrumentality, which has elected to allow creditable service for periods of military service under the preceding paragraph, shall also be allowed creditable service for his period of military service on the same terms that would apply if he had been employed, before entering military service, by the municipality or instrumentality which employed him after he left the military service and the employer costs arising in relation to such grant of creditable service shall be charged to and paid by that municipality or instrumentality.

Notwithstanding the foregoing, any participating employee shall be entitled to creditable service as required by any federal law relating to re-employment rights of persons who served in the United States Armed Services. Such creditable service shall be granted upon payment by the member of an amount equal to the employee contributions which would have been required had the employee continued in service at the same rate of earnings during the military leave period, plus interest at the effective rate.

5.1. In addition to any creditable service established under paragraph 5 of this subsection (a), creditable service may be granted for up to 48 months of service in the armed forces of the United States.

In order to receive creditable service for military service under this paragraph 5.1, a participating employee must (1) apply to the Fund in writing and provide evidence of the military service that is satisfactory to the Board; (2) obtain the written approval of the current employer; and (3) make contributions to the Fund equal to (i) the employee contributions that would have been required had the service been rendered as a member, plus (ii) an amount determined

New matter indicated by italics - deletions by strikeout
by the board to be equal to the employer's normal cost of the benefits accrued for that military service, plus (iii) interest on items (i) and (ii) from the date of first membership in the Fund to the date of payment. The required interest shall be calculated at the regular interest rate.

The changes made to this paragraph 5.1 by Public Acts 95-483 and 95-486 apply only to participating employees in service on or after August 28, 2007 (the effective date of those Public Acts).

6. For out-of-state service: Creditable service shall be granted for service rendered to an out-of-state local governmental body under the following conditions: The employee had participated and has irrevocably forfeited all rights to benefits in the out-of-state public employees pension system; the governing body of his participating municipality or instrumentality authorizes the employee to establish such service; the employee has 2 years current service with this municipality or participating instrumentality; the employee makes a payment of contributions, which shall be computed at 8% (normal) plus 2% (survivor) times length of service purchased times the average rate of earnings for the first 2 years of service with the municipality or participating instrumentality whose governing body authorizes the service established plus interest at the effective rate on the date such credits are established, payable from the date the employee completes the required 2 years of current service to date of payment. In no case shall more than 120 months of creditable service be granted under this provision.

7. For retroactive service: Any employee who could have but did not elect to become a participating employee, or who should have been a participant in the Municipal Public Utilities Annuity and Benefit Fund before that fund was superseded, may receive creditable service for the period of service not to exceed 50 months; however, a current or former elected or appointed official of a participating municipality may establish credit under this paragraph 7 for more than 50 months of service as an official of that municipality, if the excess over 50 months is approved by resolution of the governing body of the affected municipality filed with the Fund before January 1, 2002.

Any employee who is a participating employee on or after September 24, 1981 and who was excluded from participation by the age restrictions removed by Public Act 82-596 may receive creditable service for the period, on or after January 1, 1979, excluded by the
age restriction and, in addition, if the governing body of the participating municipality or participating instrumentality elects to allow creditable service for all employees excluded by the age restriction prior to January 1, 1979, for service during the period prior to that date excluded by the age restriction. Any employee who was excluded from participation by the age restriction removed by Public Act 82-596 and who is not a participating employee on or after September 24, 1981 may receive creditable service for service after January 1, 1979. Creditable service under this paragraph shall be granted upon payment of the employee contributions which would have been required had he participated, with interest at the effective rate for each year from the end of the period of service established to date of payment.

8. For accumulated unused sick leave: A participating employee who first becomes a participating employee before the effective date of this amendatory Act of the 98th General Assembly and who is applying for a retirement annuity shall be entitled to creditable service for that portion of the employee's accumulated unused sick leave for which payment is not received, as follows:
   a. Sick leave days shall be limited to those accumulated under a sick leave plan established by a participating municipality or participating instrumentality which is available to all employees or a class of employees.
   b. Except as provided in item b-1, only sick leave days accumulated with a participating municipality or participating instrumentality with which the employee was in service within 60 days of the effective date of his retirement annuity shall be credited; If the employee was in service with more than one employer during this period only the sick leave days with the employer with which the employee has the greatest number of unpaid sick leave days shall be considered.
   b-1. If the employee was in the service of more than one employer as defined in item (2) of paragraph (a) of subsection (A) of Section 7-132, then the sick leave days from all such employers shall be credited, as long as the creditable service attributed to those sick leave days does not exceed the limitation in item f of this paragraph 8. In calculating the creditable service under this item b-1, the sick leave days from the last employer shall be considered first, then the

New matter indicated by italics - deletions by strikeout
remaining sick leave days shall be considered until there are no more days or the maximum creditable sick leave threshold under item f of this paragraph 8 has been reached.

c. The creditable service granted shall be considered solely for the purpose of computing the amount of the retirement annuity and shall not be used to establish any minimum service period required by any provision of the Illinois Pension Code, the effective date of the retirement annuity, or the final rate of earnings.

d. The creditable service shall be at the rate of 1/20 of a month for each full sick day, provided that no more than 12 months may be credited under this subdivision 8.

e. Employee contributions shall not be required for creditable service under this subdivision 8.

f. Each participating municipality and participating instrumentality with which an employee has service within 60 days of the effective date of his retirement annuity shall certify to the board the number of accumulated unpaid sick leave days credited to the employee at the time of termination of service.

9. For service transferred from another system: Credits and creditable service shall be granted for service under Article 4, 5, 8, 14, or 16 of this Act, to any active member of this Fund, and to any inactive member who has been a county sheriff, upon transfer of such credits pursuant to Section 4-108.3, 5-235, 8-226.7, 14-105.6, or 16-131.4, and payment by the member of the amount by which (1) the employer and employee contributions that would have been required if he had participated in this Fund as a sheriff's law enforcement employee during the period for which credit is being transferred, plus interest thereon at the effective rate for each year, compounded annually, from the date of termination of the service for which credit is being transferred to the date of payment, exceeds (2) the amount actually transferred to the Fund. Such transferred service shall be deemed to be service as a sheriff's law enforcement employee for the purposes of Section 7-142.1.

10. *(Blank).* For service transferred from an Article 3 system under Section 3-110.8: Credits and creditable service shall be granted for service under Article 3 of this Act as provided in Section 3-110.8, to any active member of this Fund upon transfer of such credits.

pursuant to Section 3-110.8. If the amount by which (1) the employer
and employee contributions that would have been required if he had
participated in this Fund during the period for which credit is being
transferred, plus interest thereon at the effective rate for each year,
compounded annually, from the date of termination of the service for
which credit is being transferred to the date of payment, exceeds (2)
the amount actually transferred to the Fund, then the amount of
creditable service established under this paragraph 10 shall be
reduced by a corresponding amount in accordance with the rules and
procedures established under this paragraph 10.

The board shall establish by rule the manner of making the
calculation required under this paragraph 10, taking into account the
appropriate actuarial assumptions; the member's service, age, and
salary history; the level of funding of the employer; and any other
factors that the board determines to be relevant.

Until January 1, 2010, members who transferred service from
an Article 3 system under the provisions of Public Act 94-356 may
establish additional credit in this Fund, but only up to the amount of
the service credit reduction in that transfer, as calculated under the
actuarial assumptions. This credit may be established upon payment
by the member of an amount to be determined by the board, equal to
(1) the amount that would have been contributed as employee and
employer contributions had all the service been as an employee under
this Article, plus interest thereon compounded annually from the date
of service to the date of transfer, less (2) the total amount transferred
from the Article 3 system, plus (3) interest on the difference at the
effective rate for each year, compounded annually, from the date of
the transfer to the date of payment. The additional service credit is
allowed under this amendatory Act of the 95th General Assembly
notwithstanding the provisions of Article 3 terminating all transferred
credits on the date of transfer.

11. For service transferred from an Article 3 system under
Section 3-110.3: Credits and creditable service shall be granted for
service under Article 3 of this Act as provided in Section 3-110.3, to
any active member of this Fund, upon transfer of such credits
pursuant to Section 3-110.3. If the board determines that the amount
transferred is less than the true cost to the Fund of allowing that
creditable service to be established, then in order to establish that
creditable service, the member must pay to the Fund an additional

New matter indicated by italics - deletions by strikeout
contribution equal to the difference, as determined by the board in accordance with the rules and procedures adopted under this paragraph. If the member does not make the full additional payment as required by this paragraph prior to termination of his participation with that employer, then his or her creditable service shall be reduced by an amount equal to the difference between the amount transferred under Section 3-110.3, including any payments made by the member under this paragraph prior to termination, and the true cost to the Fund of allowing that creditable service to be established, as determined by the board in accordance with the rules and procedures adopted under this paragraph.

The board shall establish by rule the manner of making the calculation required under this paragraph 11, taking into account the appropriate actuarial assumptions; the member's service, age, and salary history, and any other factors that the board determines to be relevant.

12. For omitted service: Any employee who was employed by a participating employer in a position that required participation, but who was not enrolled in the Fund, may establish such credits under the following conditions:

a. Application for such credits is received by the Board while the employee is an active participant of the Fund or a reciprocal retirement system.

b. Eligibility for participation and earnings are verified by the Authorized Agent of the participating employer for which the service was rendered.

Creditable service under this paragraph shall be granted upon payment of the employee contributions that would have been required had he participated, which shall be calculated by the Fund using the member contribution rate in effect during the period that the service was rendered.

(b) Creditable service - amount:

1. One month of creditable service shall be allowed for each month for which a participating employee made contributions as required under Section 7-173, or for which creditable service is otherwise granted hereunder. Not more than 1 month of service shall be credited and counted for 1 calendar month, and not more than 1 year of service shall be credited and counted for any calendar year. A calendar month means a nominal month beginning on the first day

New matter indicated by italics - deletions by strikeout
thereof, and a calendar year means a year beginning January 1 and ending December 31.

2. A seasonal employee shall be given 12 months of creditable service if he renders the number of months of service normally required by the position in a 12-month period and he remains in service for the entire 12-month period. Otherwise a fractional year of service in the number of months of service rendered shall be credited.

3. An intermittent employee shall be given creditable service for only those months in which a contribution is made under Section 7-173.

(c) No application for correction of credits or creditable service shall be considered unless the board receives an application for correction while (1) the applicant is a participating employee and in active employment with a participating municipality or instrumentality, or (2) while the applicant is actively participating in a pension fund or retirement system which is a participating system under the Retirement Systems Reciprocal Act. A participating employee or other applicant shall not be entitled to credits or creditable service unless the required employee contributions are made in a lump sum or in installments made in accordance with board rule.

(d) Upon the granting of a retirement, surviving spouse or child annuity, a death benefit or a separation benefit, on account of any employee, all individual accumulated credits shall thereupon terminate. Upon the withdrawal of additional contributions, the credits applicable thereto shall thereupon terminate. Terminated credits shall not be applied to increase the benefits any remaining employee would otherwise receive under this Article. Sec. 7-175. Board elections.

(a) During the period beginning on August 1 and ending on September 15 of each year the board shall accept nominations of candidates for election to the trusteeships for terms beginning the next January 1, new trusteeships or vacancies to be filled by election.

(b) All nominations shall be by petition. Three petitions for an executive trustee shall be signed by governing bodies of contributing participating municipalities or instrumentalities.

A petition for an employee trustee shall be signed by at least 350 participating employees who were participants during July of the current year and who, if their employment status remained unchanged, would be eligible to vote for such candidate at the following election.

New matter indicated by italics - deletions by strikeout
A petition for an annuitant trustee shall be signed by at least 100 persons who were annuitants of the Fund during July of the current year and who, if their annuitant status remains unchanged, would be eligible to vote for the candidate at the following election.

(c) A separate ballot shall be used for each class of trustee and the names of all candidates properly nominated in petitions received by the board shall be placed in alphabetical order upon the proper ballot. Where two employee trustees are elected to a full term in the same year, there shall be one election for the two trusteeships and the two candidates getting the highest number of votes shall be elected.

(d) At any election, each contributing participating municipality and participating instrumentality and each contributing participating employee employed by such participating municipality or participating instrumentality during September of any year, shall be entitled to vote as follows:

1. The governing body of each such participating municipality and participating instrumentality shall have one vote at any election in which an executive trustee is to be elected, and may cast such vote for any candidate on the executive trustee ballot.

2. Each participating employee shall have one vote at any election in which an employee trustee is to be elected, and may cast such vote for any candidate on the employee trustee ballot.

3. Each annuitant of the Fund shall have one vote at any election in which an annuitant trustee is to be elected, and may cast that vote for any candidate on the annuitant trustee ballot.

4. A vote may be cast for a person not on the ballot by writing in his or her name.

(e) The election shall be by ballot pursuant to the rules and regulations established by the board and shall be completed by December 31 of the year. The results shall be entered in the minutes of the meeting of the board following the tally of votes.

(f) In case of a tie vote, the candidate employed by or retired from the participating municipality or participating instrumentality having the greatest number of participating employees at the time shall be elected.

(g) Notwithstanding any other provision of this Article, if only one candidate is properly nominated in petitions received by the Board, that candidate shall be deemed the winner. In the case of 2 employee trustees elected to a full term in the same year, if only 2 candidates are properly nominated in petitions received by the Board, those 2 candidates shall both

be deemed winners. If a candidate is deemed a winner under this paragraph, no election under this Section or Section 7-175.1 shall be required.

Sec. 7-175.1. Election of employee and annuitant trustees.
(a) The board shall prepare and send ballots and ballot envelopes to the employees and annuitants eligible to vote as of September of that year. The ballots shall contain the names of all candidates in alphabetical order and an appropriate place where a name may be written in on the ballot. The ballot envelope shall have on the outside a form of certificate stating that the person voting the ballot is a participating employee or annuitant entitled to vote.

(b) Employees and annuitants, upon receipt of the ballot, shall vote the ballot and place it in the ballot envelope, seal the envelope, execute the certificate thereon and return the ballot to the Fund.

(c) The board shall set a final date for ballot return, and ballots received prior to that date in a ballot envelope with a properly executed certificate and properly voted, shall be valid ballots.

(d) The board shall set a day for counting the ballots and name judges and clerks of election to conduct the count of ballots, and shall make any rules and regulations necessary for the conduct of the count.

Whenever the board of appeals (until the first Monday in December 1998 and the board of review beginning the first Monday in December 1998 and thereafter) in any county with 3,000,000 or more inhabitants determines that any property is or is not exempt from taxation, the decision of the board shall not be final, except as to homestead exemptions. In all exemption cases other than homestead exemptions, the secretary of the board shall comply with the provisions of Section 5-15. The Department shall then determine whether the property is or is not legally liable to taxation. It shall notify the board of its decision and the board shall correct the assessment accordingly, if necessary. The decision of the Department is subject to review under Sections 8-35 and 8-40. As part of its report, the Commission shall provide all of the following information:

(A) The amount of State excise and sales tax revenues generated.

(B) The amount of licensing fees received.

(D) The number of alcohol compliance operations conducted.

(E) The number of winery shipper's licenses issued.

(F) The number of each of the following: reported violations; cease and desist notices issued by the Commission; notices of violations issued by the Commission and to the Department of Revenue; and notices and complaints of violations to law enforcement officials, including, without limitation, the Illinois Attorney General and the U.S. Department of Treasury's Alcohol and Tobacco Tax and Trade Bureau.

(17) (A) A person licensed to make wine under the laws of another state who has a winery shipper's license under this amendatory Act and annually produces less than 25,000 gallons of wine or a person who has a first-class or second-class wine manufacturer's license, a first-class or second-class wine-maker's license, or a limited wine manufacturer's license under this Act and annually produces less than 25,000 gallons of wine may make application to the Commission for a self-distribution exemption to allow the sale of not more than 5,000 gallons of the exemption holder's wine to retail licensees per year.

(B) In the application, which shall be sworn under penalty of perjury, such person shall state (1) the date it was established; (2) its volume of production and sales for each year since its establishment; (3) its efforts to establish distributor relationships; (4) that a self-distribution exemption is necessary to facilitate the marketing of its wine; and (5) that it will comply with the liquor and revenue laws of the United States, this State, and any other state where it is licensed.

(C) The Commission shall approve the application for a self-distribution exemption if such person: (1) is in compliance with State revenue and liquor laws; (2) is not a member of any affiliated group that produces more than 25,000 gallons of wine per annum or produces any other alcoholic liquor; (3) will not annually produce for sale more than 25,000 gallons of wine; and (4) will not annually sell more than 5,000 gallons of its wine to retail licensees.

(D) A self-distribution exemption holder shall annually certify to the Commission its production of wine in the previous 12 months and its anticipated production and sales for the next 12 months. The Commission may fine, suspend, or revoke a self-distribution exemption after a hearing if it finds that the exemption holder has made a material misrepresentation in its application, violated a revenue or liquor law of Illinois, exceeded production of 25,000 gallons of wine in any calendar year, or become part of an affiliated group producing more than 25,000 gallons of wine or any other alcoholic liquor.

(E) Except in hearings for violations of this Act or amendatory Act or a bona fide investigation by duly sworn
law enforcement officials, the Commission, or its agents, the Commission shall maintain the production and sales information of a self-distribution exemption holder as confidential and shall not release such information to any person.

(F) The Commission shall issue regulations governing self-distribution exemptions consistent with this Section and this Act.

(G) Nothing in this subsection (17) shall prohibit a self-distribution exemption holder from entering into or simultaneously having a distribution agreement with a licensed Illinois distributor.

(H) It is the intent of this subsection (17) to promote and continue orderly markets. The General Assembly finds that in order to preserve Illinois' regulatory distribution system it is necessary to create an exception for smaller makers of wine as their wines are frequently adjusted in varietals, mixes, vintages, and taste to find and create market niches sometimes too small for distributor or importing distributor business strategies. Limited self-distribution rights will afford and allow smaller makers of wine access to the marketplace in order to develop a customer base without impairing the integrity of the 3-tier system.

(18) (A) A craft brewer licensee, who must also be either a licensed brewer or licensed non-resident dealer and annually manufacture less than 930,000 gallons of beer, may make application to the Commission for a self-distribution exemption to allow the sale of not more than 232,500 gallons of the exemption holder's beer to retail licensees per year.

(B) In the application, which shall be sworn under penalty of perjury, the craft brewer licensee shall state (1) the date it was established; (2) its volume of beer manufactured and sold for each year since its establishment; (3) its efforts to establish distributor relationships; (4) that a self-distribution exemption is necessary to facilitate the marketing of its beer; and (5) that it will comply with the alcoholic beverage and revenue laws of the United States, this State, and any other state where it is licensed.
(C) Any application submitted shall be posted on the Commission's website at least 45 days prior to action by the Commission. The Commission shall approve the application for a self-distribution exemption if the craft brewer licensee: (1) is in compliance with the State, revenue, and alcoholic beverage laws; (2) is not a member of any affiliated group that manufacturers more than 930,000 gallons of beer per annum or produces any other alcoholic beverages; (3) shall not annually manufacture for sale more than 930,000 gallons of beer; and (4) shall not annually sell more than 232,500 gallons of its beer to retail licensees.

(D) A self-distribution exemption holder shall annually certify to the Commission its manufacture of beer during the previous 12 months and its anticipated manufacture and sales of beer for the next 12 months. The Commission may fine, suspend, or revoke a self-distribution exemption after a hearing if it finds that the exemption holder has made a material misrepresentation in its application, violated a revenue or alcoholic beverage law of Illinois, exceeded the manufacture of 930,000 gallons of beer in any calendar year or became part of an affiliated group manufacturing more than 930,000 gallons of beer or any other alcoholic beverage.

(E) The Commission shall issue rules and regulations governing self-distribution exemptions consistent with this Act.

(F) Nothing in this paragraph (18) shall prohibit a self-distribution exemption holder from entering into or simultaneously having a distribution agreement with a licensed Illinois importing distributor or a distributor. If a self-distribution exemption holder enters into a distribution agreement and has assigned distribution rights to an importing distributor or distributor, then the self-distribution exemption holder's distribution rights in the assigned territories shall cease in a reasonable time not to exceed 60 days.

(G) It is the intent of this paragraph (18) to promote and continue orderly markets. The General Assembly finds that in order to preserve Illinois' regulatory distribution system, it is necessary to create an exception for smaller
manufacturers in order to afford and allow such smaller manufacturers of beer access to the marketplace in order to develop a customer base without impairing the integrity of the 3-tier system.

(b) On or before April 30, 1999, the Commission shall present a written report to the Governor and the General Assembly that shall be based on a study of the impact of this amendatory Act of 1998 on the business of soliciting, selling, and shipping alcoholic liquor from outside of this State directly to residents of this State.

As part of its report, the Commission shall provide the following information:

(i) the amount of State excise and sales tax revenues generated as a result of this amendatory Act of 1998;
(ii) the amount of licensing fees received as a result of this amendatory Act of 1998;
(iii) the number of reported violations, the number of cease and desist notices issued by the Commission, the number of notices of violations issued to the Department of Revenue, and the number of notices and complaints of violations to law enforcement officials.

Sec. 6-27.1. Responsible alcohol service server training.
(a) Unless issued a valid server training certificate between July 1, 2012 and July 1, 2015 by a certified Beverage Alcohol Sellers and Servers Education and Training (BASSET) trainer, all alcohol servers in Cook County are required to obtain and complete training in basic responsible alcohol service as outlined in 77 Ill. Adm. Code 3500 by July 1, 2015 or within 120 days after the alcohol server begins his or her employment, whichever is later. There is no limit to the amount of times a server may take the training. A certificate of training belongs to the server, and a server may transfer a certificate of training to a different employer, but shall not transfer a certificate of training to another server. Proof that an alcohol server has been trained must be available upon reasonable request by State law enforcement officials. For the purpose of this Section, "alcohol servers" means persons who sell or serve open containers of alcoholic beverages at retail and anyone whose job description entails the checking of identification for the purchase of open containers of alcoholic beverages at retail or for entry into the licensed premises. The definition does not include (i) a distributor or importing distributor conducting product sampling as
authorized in Section 6-31 of this Act or a registered tasting representative, as provided in 11 Ill. Adm. Code 100.40, conducting a tasting, as defined in 11 Ill. Adm. Code 100.10; (ii) a volunteer serving alcoholic beverages at a charitable function; or (iii) an instructor engaged in training or educating on the proper technique for using a system that dispenses alcoholic beverages.

(b) Responsible alcohol service training must cover and assess knowledge of the topics noted in 77 Ill. Adm. Code 3500.155.

(c) Beginning on the effective date of this amendatory Act of the 98th General Assembly, but no later than October 1, 2015, all existing BASSET trainers who are already BASSET certified as of the effective date of this amendatory Act of the 98th General Assembly shall be recertified by the State Commission and be required to comply with the conditions for server training set forth in this amendatory Act of the 98th General Assembly.

(d) Training modules and certificate program plans must be approved by the State Commission. All documents, materials, or information related to responsible alcohol service training program approval that are submitted to the State Commission are confidential and shall not be open to public inspection or dissemination and are exempt from disclosure.

The State Commission shall only approve programs that meet the following criteria:

(1) the training course covers the content specified in 77 Ill. Adm. Code 3500.155;

(2) if the training course is classroom-based, the classroom training is at least 4 hours, is available in English and Spanish, and includes a test;

(3) if the training course is online or computer-based, the course is designed in a way that ensures that no content can be skipped, is interactive, has audio for content for servers that have a disability, and includes a test;

(4) training and testing is based on a job task analysis that clearly identifies and focuses on the knowledge, skills, and abilities needed to responsibly serve alcoholic beverages and is developed using best practices in instructional design and exam development to ensure that the program is fair and legally defensible;

(5) training and testing is conducted by any means available, including, but not limited to, online, computer, classroom, or live trainers; and
(6) the program must provide access on a 24-hour-per-day, 7-days-per-week basis for certificate verification for State Commission, State law enforcement officials, and employers to be able to verify certificate authenticity.

(e) Nothing in subsection (d) of this Section shall be construed to require a program to use a test administrator or proctor.

(f) A certificate issued from a BASSET-licensed training program shall be accepted as meeting the training requirements for all server license and permit laws and ordinances in the State.

(g) A responsible alcohol service training certificate from a BASSET-licensed program shall be valid for 3 years.

(h) The provisions of this Section shall apply beginning July 1, 2015. From July 1, 2015 through December 31, 2015, enforcement of the provisions of this Section shall be limited to education and notification of the requirements to encourage compliance.

(i) The provisions of this Section do not apply to a special event retailer.

Section 99. Effective date. This Act takes effect July 1, 2015.

Approved August 15, 2014.

New matter indicated by italics - deletions by strikeout
(c) The court may at any time terminate probation or conditional discharge if warranted by the conduct of the offender and the ends of justice, as provided in Section 5-6-4.

(d) Upon the expiration or termination of the period of probation or of conditional discharge, the court shall enter an order discharging the offender.

(e) The court may extend any period of probation or conditional discharge beyond the limits set forth in Article 4.5 of Chapter V upon a violation of a condition of the probation or conditional discharge, for the payment of an assessment required by Section 10.3 of the Cannabis Control Act, Section 411.2 of the Illinois Controlled Substances Act, or Section 80 of the Methamphetamine Control and Community Protection Act, or for the payment of restitution as provided by an order of restitution under Section 5-5-6 of this Code.

(e-5) If payment of restitution as ordered has not been made, the victim shall file a petition notifying the sentencing court, any other person to whom restitution is owed, and the State's Attorney of the status of the ordered restitution payments unpaid at least 90 days before the probation or conditional discharge expiration date. If payment as ordered has not been made, the court shall hold a review hearing prior to the expiration date, unless the hearing is voluntarily waived by the defendant with the knowledge that waiver may result in an extension of the probation or conditional discharge period or in a revocation of probation or conditional discharge. If the court does not extend probation or conditional discharge, it shall issue a judgment for the unpaid restitution and direct the clerk of the circuit court to file and enter the judgment in the judgment and lien docket, without fee, unless it finds that the victim has recovered a judgment against the defendant for the amount covered by the restitution order. If the court issues a judgment for the unpaid restitution, the court shall send to the defendant at his or her last known address written notification that a civil judgment has been issued for the unpaid restitution.

(f) The court may impose a term of probation that is concurrent or consecutive to a term of imprisonment so long as the maximum term imposed does not exceed the maximum term provided under Article 4.5 of Chapter V or Article 8 of this Chapter. The court may provide that probation may commence while an offender is on mandatory supervised release, participating in a day release program, or being monitored by an electronic monitoring device.

Sec. 5-6-3.1. Incidents and Conditions of Supervision.

(b) The period of supervision shall be reasonable under all of the circumstances of the case, but may not be longer than 2 years, unless the defendant has failed to pay the assessment required by Section 10.3 of the Cannabis Control Act, Section 411.2 of the Illinois Controlled Substances Act, or Section 80 of the Methamphetamine Control and Community Protection Act, in which case the court may extend supervision beyond 2 years. Additionally, the court shall order the defendant to perform no less than 30 hours of community service and not more than 120 hours of community service, if community service is available in the jurisdiction and is funded and approved by the county board where the offense was committed, when the offense (1) was related to or in furtherance of the criminal activities of an organized gang or was motivated by the defendant's membership in or allegiance to an organized gang; or (2) is a violation of any Section of Article 24 of the Criminal Code of 1961 or the Criminal Code of 2012 where a disposition of supervision is not prohibited by Section 5-6-1 of this Code. The community service shall include, but not be limited to, the cleanup and repair of any damage caused by violation of Section 21-1.3 of the Criminal Code of 1961 or the Criminal Code of 2012 and similar damages to property located within the municipality or county in which the violation occurred. Where possible and reasonable, the community service should be performed in the offender's neighborhood.

For the purposes of this Section, "organized gang" has the meaning ascribed to it in Section 10 of the Illinois Streetgang Terrorism Omnibus Prevention Act.

(c) The court may in addition to other reasonable conditions relating to the nature of the offense or the rehabilitation of the defendant as determined for each defendant in the proper discretion of the court require that the person:

(1) make a report to and appear in person before or participate with the court or such courts, person, or social service agency as directed by the court in the order of supervision;

(17) refrain from operating any motor vehicle not equipped with an ignition interlock device as defined in Section 1-129.1 of the Illinois Vehicle Code; under this condition the court may allow a defendant who is not self-employed to operate a vehicle owned by the defendant's employer that is not equipped with an ignition interlock device in the course and scope of the defendant's employment; and

restitution payments unpaid at least 90 days before the supervision expiration date. If payment as ordered has not been made, the court shall hold a review hearing prior to the expiration date, unless the hearing is voluntarily waived by the defendant with the knowledge that waiver may result in an extension of the supervision period or in a revocation of supervision. If the court does not extend supervision, it shall issue a judgment for the unpaid restitution and direct the clerk of the circuit court to file and enter the judgment in the judgment and lien docket, without fee, unless it finds that the victim has recovered a judgment against the defendant for the amount covered by the restitution order. If the court issues a judgment for the unpaid restitution, the court shall send to the defendant at his or her last known address written notification that a civil judgment has been issued for the unpaid restitution.

(d) The court shall defer entering any judgment on the charges until the conclusion of the supervision.

(e) At the conclusion of the period of supervision, if the court determines that the defendant has successfully complied with all of the conditions of supervision, the court shall discharge the defendant and enter a judgment dismissing the charges.

(f) Discharge and dismissal upon a successful conclusion of a disposition of supervision shall be deemed without adjudication of guilt and shall not be termed a conviction for purposes of disqualification or disabilities imposed by law upon conviction of a crime. Two years after the discharge and dismissal under this Section, unless the disposition of supervision was for a violation of Sections 3-707, 3-708, 3-710, 5-401.3, or 11-503 of the Illinois Vehicle Code or a similar provision of a local ordinance, or for a violation of Sections 12-3.2, 16-25, or 16A-3 of the Criminal Code of 1961 or the Criminal Code of 2012, in which case it shall be 5 years after discharge and dismissal, a person may have his record of arrest sealed or expunged as may be provided by law. However, any defendant placed on supervision before January 1, 1980, may move for sealing or expungement of his arrest record, as provided by law, at any time after discharge and dismissal under this Section. A person placed on supervision for a sexual offense committed against a minor as defined in clause (a)(1)(L) of Section 5.2 of the Criminal Identification Act or for a violation of Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance shall not have his or her record of arrest sealed or expunged.

(g) A defendant placed on supervision and who during the period of supervision undergoes mandatory drug or alcohol testing, or both, or is
assigned to be placed on an approved electronic monitoring device, shall be
ordered to pay the costs incidental to such mandatory drug or alcohol testing,
or both, and costs incidental to such approved electronic monitoring in
accordance with the defendant's ability to pay those costs. The county board
with the concurrence of the Chief Judge of the judicial circuit in which the
county is located shall establish reasonable fees for the cost of maintenance,
testing, and incidental expenses related to the mandatory drug or alcohol
testing, or both, and all costs incidental to approved electronic monitoring,
of all defendants placed on supervision. The concurrence of the Chief Judge
shall be in the form of an administrative order. The fees shall be collected by
the clerk of the circuit court. The clerk of the circuit court shall pay all
moneys collected from these fees to the county treasurer who shall use the
moneys collected to defray the costs of drug testing, alcohol testing, and
electronic monitoring. The county treasurer shall deposit the fees collected
in the county working cash fund under Section 6-27001 or Section 6-29002
of the Counties Code, as the case may be.

(h) A disposition of supervision is a final order for the purposes of
appeal.

(i) The court shall impose upon a defendant placed on supervision
after January 1, 1992 or to community service under the supervision of a
probation or court services department after January 1, 2004, as a condition
of supervision or supervised community service, a fee of $50 for each month
of supervision or supervised community service ordered by the court, unless
after determining the inability of the person placed on supervision or
supervised community service to pay the fee, the court assesses a lesser fee.
The court may not impose the fee on a minor who is made a ward of the State
under the Juvenile Court Act of 1987 while the minor is in placement. The
fee shall be imposed only upon a defendant who is actively supervised by the
probation and court services department. The fee shall be collected by the
clerk of the circuit court. The clerk of the circuit court shall pay all monies
collected from this fee to the county treasurer for deposit in the probation and
court services fund pursuant to Section 15.1 of the Probation and Probation
Officers Act.

A circuit court may not impose a probation fee in excess of $25 per
month unless the circuit court has adopted, by administrative order issued by
the chief judge, a standard probation fee guide determining an offender's
ability to pay. Of the amount collected as a probation fee, not to exceed $5 of
that fee collected per month may be used to provide services to crime victims
and their families.

New matter indicated by italics - deletions by strikeout
The Court may only waive probation fees based on an offender's ability to pay. The probation department may re-evaluate an offender's ability to pay every 6 months, and, with the approval of the Director of Court Services or the Chief Probation Officer, adjust the monthly fee amount. An offender may elect to pay probation fees due in a lump sum. Any offender that has been assigned to the supervision of a probation department, or has been transferred either under subsection (h) of this Section or under any interstate compact, shall be required to pay probation fees to the department supervising the offender, based on the offender's ability to pay.

(j) All fines and costs imposed under this Section for any violation of Chapters 3, 4, 6, and 11 of the Illinois Vehicle Code, or a similar provision of a local ordinance, and any violation of the Child Passenger Protection Act, or a similar provision of a local ordinance, shall be collected and disbursed by the circuit clerk as provided under Section 27.5 of the Clerks of Courts Act.

(k) A defendant at least 17 years of age who is placed on supervision for a misdemeanor in a county of 3,000,000 or more inhabitants and who has not been previously convicted of a misdemeanor or felony may as a condition of his or her supervision be required by the court to attend educational courses designed to prepare the defendant for a high school diploma and to work toward a high school diploma or to work toward passing the high school level Test of General Educational Development (GED) or to work toward completing a vocational training program approved by the court. The defendant placed on supervision must attend a public institution of education to obtain the educational or vocational training required by this subsection (k). The defendant placed on supervision shall be required to pay for the cost of the educational courses or GED test, if a fee is charged for those courses or test. The court shall revoke the supervision of a person who wilfully fails to comply with this subsection (k). The court shall resentence the defendant upon revocation of supervision as provided in Section 5-6-4. This subsection (k) does not apply to a defendant who has a high school diploma or has successfully passed the GED test. This subsection (k) does not apply to a defendant who is determined by the court to be developmentally disabled or otherwise mentally incapable of completing the educational or vocational program.

(l) The court shall require a defendant placed on supervision for possession of a substance prohibited by the Cannabis Control Act, the Illinois Controlled Substances Act, or the Methamphetamine Control and Community Protection Act after a previous conviction or disposition of
supervision for possession of a substance prohibited by the Cannabis Control Act, the Illinois Controlled Substances Act, or the Methamphetamine Control and Community Protection Act or a sentence of probation under Section 10 of the Cannabis Control Act or Section 410 of the Illinois Controlled Substances Act and after a finding by the court that the person is addicted, to undergo treatment at a substance abuse program approved by the court.

(m) The Secretary of State shall require anyone placed on court supervision for a violation of Section 3-707 of the Illinois Vehicle Code or a similar provision of a local ordinance to give proof of his or her financial responsibility as defined in Section 7-315 of the Illinois Vehicle Code. The proof shall be maintained by the individual in a manner satisfactory to the Secretary of State for a minimum period of 3 years after the date the proof is first filed. The proof shall be limited to a single action per arrest and may not be affected by any post-sentence disposition. The Secretary of State shall suspend the driver's license of any person determined by the Secretary to be in violation of this subsection.

(n) Any offender placed on supervision for any offense that the court or probation department has determined to be sexually motivated as defined in the Sex Offender Management Board Act shall be required to refrain from any contact, directly or indirectly, with any persons specified by the court and shall be available for all evaluations and treatment programs required by the court or the probation department.

(o) An offender placed on supervision for a sex offense as defined in the Sex Offender Management Board Act shall refrain from residing at the same address or in the same condominium unit or apartment unit or in the same condominium complex or apartment complex with another person he or she knows or reasonably should know is a convicted sex offender or has been placed on supervision for a sex offense. The provisions of this subsection (o) do not apply to a person convicted of a sex offense who is placed in a Department of Corrections licensed transitional housing facility for sex offenders.

(p) An offender placed on supervision for an offense committed on or after June 1, 2008 (the effective date of Public Act 95-464) that would qualify the accused as a child sex offender as defined in Section 11-9.3 or 11-9.4 of the Criminal Code of 1961 or the Criminal Code of 2012 shall refrain from communicating with or contacting, by means of the Internet, a person who is not related to the accused and whom the accused reasonably believes to be under 18 years of age. The probation department within the circuit to which jurisdiction has been transferred may impose probation fees upon receiving the transferred offender, as provided in subsection (i). Except in the case of an action taken pursuant to a violation of Section 6-3, 6-5, or 6-9, any action by the State Commission to suspend or revoke a licensee's license may be limited to the license for the specific premises where the violation occurred.

In lieu of suspending or revoking a license, the commission may impose a fine, upon the State commission's determination and notice after hearing, that a licensee has violated any provision of this Act or any rule or regulation issued pursuant thereto and in effect for 30 days prior to such violation.

For the purpose of this paragraph (1), when determining multiple violations for the sale of alcohol to a person under the age of 21, a second or subsequent violation for the sale of alcohol to a person under the age of 21 shall only be considered if it was committed within 5 years after the date when a prior violation for the sale of alcohol to a person under the age of 21 was committed.

The fine imposed under this paragraph may not exceed $500 for each violation. Each day that the activity, which gave rise to the original fine, continues is a separate violation. The maximum fine that may be levied against any licensee, for the period of the license, shall not exceed $20,000. The maximum penalty that may be imposed on a licensee for selling a bottle of alcoholic liquor with a foreign object in it or serving from a bottle of alcoholic liquor with a foreign object in it shall be the destruction of that bottle of alcoholic liquor for the first 10 bottles so sold or served from by the licensee. For the eleventh bottle of alcoholic liquor and for each third bottle thereafter

sold or served from by the licensee with a foreign object in it, the maximum penalty that may be imposed on the licensee is the destruction of the bottle of alcoholic liquor and a fine of up to $50.

(2) To adopt such rules and regulations consistent with the provisions of this Act which shall be necessary to carry on its functions and duties to the end that the health, safety and welfare of the People of the State of Illinois shall be protected and temperance in the consumption of alcoholic liquors shall be fostered and promoted and to distribute copies of such rules and regulations to all licensees affected thereby.

(3) To call upon other administrative departments of the State, county and municipal governments, county and city police departments and upon prosecuting officers for such information and assistance as it deems necessary in the performance of its duties.

(4) To recommend to local commissioners rules and regulations, not inconsistent with the law, for the distribution and sale of alcoholic liquors throughout the State.

(5) To inspect, or cause to be inspected, any premises in this State where alcoholic liquors are manufactured, distributed, warehoused, or sold. *Nothing in this Act authorizes an agent of the Commission to inspect private areas within the premises without reasonable suspicion or a warrant during an inspection.* "Private areas" include, but are not limited to, safes, personal property, and closed desks.

(5.1) Upon receipt of a complaint or upon having knowledge that any person is engaged in business as a manufacturer, importing distributor, distributor, or retailer without a license or valid license, to notify the local liquor authority, file a complaint with the State's Attorney's Office of the county where the incident occurred, or initiate an investigation with the appropriate law enforcement officials.

(5.2) To issue a cease and desist notice to persons shipping alcoholic liquor into this State from a point outside of this State if the shipment is in violation of this Act.

(5.3) To receive complaints from licensees, local officials, law enforcement agencies, organizations, and persons stating that any licensee has been or is violating any provision of this Act or the rules and regulations issued pursuant to this Act. Such complaints shall be in writing, signed and sworn to by the person making the complaint,

and shall state with specificity the facts in relation to the alleged violation. If the Commission has reasonable grounds to believe that the complaint substantially alleges a violation of this Act or rules and regulations adopted pursuant to this Act, it shall conduct an investigation. If, after conducting an investigation, the Commission is satisfied that the alleged violation did occur, it shall proceed with disciplinary action against the licensee as provided in this Act.

(6) To hear and determine appeals from orders of a local commission in accordance with the provisions of this Act, as hereinafter set forth. Hearings under this subsection shall be held in Springfield or Chicago, at whichever location is the more convenient for the majority of persons who are parties to the hearing.

(7) The commission shall establish uniform systems of accounts to be kept by all retail licensees having more than 4 employees, and for this purpose the commission may classify all retail licensees having more than 4 employees and establish a uniform system of accounts for each class and prescribe the manner in which such accounts shall be kept. The commission may also prescribe the forms of accounts to be kept by all retail licensees having more than 4 employees, including but not limited to accounts of earnings and expenses and any distribution, payment, or other distribution of earnings or assets, and any other forms, records and memoranda which in the judgment of the commission may be necessary or appropriate to carry out any of the provisions of this Act, including but not limited to such forms, records and memoranda as will readily and accurately disclose at all times the beneficial ownership of such retail licensed business. The accounts, forms, records and memoranda shall be available at all reasonable times for inspection by authorized representatives of the State commission or by any local liquor control commissioner or his or her authorized representative. The commission, may, from time to time, alter, amend or repeal, in whole or in part, any uniform system of accounts, or the form and manner of keeping accounts.

(8) In the conduct of any hearing authorized to be held by the commission, to appoint, at the commission's discretion, hearing officers to conduct hearings involving complex issues or issues that will require a protracted period of time to resolve, to examine, or cause to be examined, under oath, any licensee, and to examine or cause to be examined the books and records of such licensee; to hear

testimony and take proof material for its information in the discharge of its duties hereunder; to administer or cause to be administered oaths; for any such purpose to issue subpoena or subpoenas to require the attendance of witnesses and the production of books, which shall be effective in any part of this State, and to adopt rules to implement its powers under this paragraph (8).

Any Circuit Court may by order duly entered, require the attendance of witnesses and the production of relevant books subpoenaed by the State commission and the court may compel obedience to its order by proceedings for contempt.

(9) To investigate the administration of laws in relation to alcoholic liquors in this and other states and any foreign countries, and to recommend from time to time to the Governor and through him or her to the legislature of this State, such amendments to this Act, if any, as it may think desirable and as will serve to further the general broad purposes contained in Section 1-2 hereof.

(10) To adopt such rules and regulations consistent with the provisions of this Act which shall be necessary for the control, sale or disposition of alcoholic liquor damaged as a result of an accident, wreck, flood, fire or other similar occurrence.

(11) To develop industry educational programs related to responsible serving and selling, particularly in the areas of overserving consumers and illegal underage purchasing and consumption of alcoholic beverages.

(11.1) To license persons providing education and training to alcohol beverage sellers and servers under the Beverage Alcohol Sellers and Servers Education and Training (BASSET) programs and to develop and administer a public awareness program in Illinois to reduce or eliminate the illegal purchase and consumption of alcoholic beverage products by persons under the age of 21. Application for a license shall be made on forms provided by the State Commission.

(12) To develop and maintain a repository of license and regulatory information.

(13) On or before January 15, 1994, the Commission shall issue a written report to the Governor and General Assembly that is to be based on a comprehensive study of the impact on and implications for the State of Illinois of Section 1926 of the Federal ADAMHA Reorganization Act of 1992 (Public Law 102-321). This study shall address the extent to which Illinois currently complies

with the provisions of P.L. 102-321 and the rules promulgated pursuant thereto.

As part of its report, the Commission shall provide the following essential information:

(i) the number of retail distributors of tobacco products, by type and geographic area, in the State;

(ii) the number of reported citations and successful convictions, categorized by type and location of retail distributor, for violation of the Prevention of Tobacco Use by Minors and Sale and Distribution of Tobacco Products Act and the Smokeless Tobacco Limitation Act;

(iii) the extent and nature of organized educational and governmental activities that are intended to promote, encourage or otherwise secure compliance with any Illinois laws that prohibit the sale or distribution of tobacco products to minors; and

(iv) the level of access and availability of tobacco products to individuals under the age of 18.

To obtain the data necessary to comply with the provisions of P.L. 102-321 and the requirements of this report, the Commission shall conduct random, unannounced inspections of a geographically and scientifically representative sample of the State's retail tobacco distributors.

The Commission shall consult with the Department of Public Health, the Department of Human Services, the Illinois State Police and any other executive branch agency, and private organizations that may have information relevant to this report.

The Commission may contract with the Food and Drug Administration of the U.S. Department of Health and Human Services to conduct unannounced investigations of Illinois tobacco vendors to determine compliance with federal laws relating to the illegal sale of cigarettes and smokeless tobacco products to persons under the age of 18.

(14) On or before April 30, 2008 and every 2 years thereafter, the Commission shall present a written report to the Governor and the General Assembly that shall be based on a study of the impact of this amendatory Act of the 95th General Assembly on the business of soliciting, selling, and shipping wine from inside and outside of this

State directly to residents of this State. As part of its report, the Commission shall provide all of the following information:

(A) The amount of State excise and sales tax revenues generated.

(B) The amount of licensing fees received.

(C) The number of cases of wine shipped from inside and outside of this State directly to residents of this State.

(D) The number of alcohol compliance operations conducted.

(E) The number of winery shipper's licenses issued.

(F) The number of each of the following: reported violations; cease and desist notices issued by the Commission; notices of violations issued by the Commission and to the Department of Revenue; and notices and complaints of violations to law enforcement officials, including, without limitation, the Illinois Attorney General and the U.S. Department of Treasury's Alcohol and Tobacco Tax and Trade Bureau.

(15) As a means to reduce the underage consumption of alcoholic liquors, the Commission shall conduct alcohol compliance operations to investigate whether businesses that are soliciting, selling, and shipping wine from inside or outside of this State directly to residents of this State are licensed by this State or are selling or attempting to sell wine to persons under 21 years of age in violation of this Act.

(16) The Commission shall, in addition to notifying any appropriate law enforcement agency, submit notices of complaints or violations of Sections 6-29 and 6-29.1 by persons who do not hold a winery shipper's license under this amendatory Act to the Illinois Attorney General and to the U.S. Department of Treasury's Alcohol and Tobacco Tax and Trade Bureau.

(17) (A) A person licensed to make wine under the laws of another state who has a winery shipper's license under this amendatory Act and annually produces less than 25,000 gallons of wine or a person who has a first-class or second-class wine manufacturer's license, a first-class or second-class wine-maker's license, or a limited wine manufacturer's license under this Act and annually produces less than 25,000 gallons of wine may make application to the Commission for a self-distribution exemption to

allow the sale of not more than 5,000 gallons of the exemption holder's wine to retail licensees per year.

(B) In the application, which shall be sworn under penalty of perjury, such person shall state (1) the date it was established; (2) its volume of production and sales for each year since its establishment; (3) its efforts to establish distributor relationships; (4) that a self-distribution exemption is necessary to facilitate the marketing of its wine; and (5) that it will comply with the liquor and revenue laws of the United States, this State, and any other state where it is licensed.

(C) The Commission shall approve the application for a self-distribution exemption if such person: (1) is in compliance with State revenue and liquor laws; (2) is not a member of any affiliated group that produces more than 25,000 gallons of wine per annum or produces any other alcoholic liquor; (3) will not annually produce for sale more than 25,000 gallons of wine; and (4) will not annually sell more than 5,000 gallons of its wine to retail licensees.

(D) A self-distribution exemption holder shall annually certify to the Commission its production of wine in the previous 12 months and its anticipated production and sales for the next 12 months. The Commission may fine, suspend, or revoke a self-distribution exemption after a hearing if it finds that the exemption holder has made a material misrepresentation in its application, violated a revenue or liquor law of Illinois, exceeded production of 25,000 gallons of wine in any calendar year, or become part of an affiliated group producing more than 25,000 gallons of wine or any other alcoholic liquor.

(E) Except in hearings for violations of this Act or amendatory Act or a bona fide investigation by duly sworn law enforcement officials, the Commission, or its agents, the Commission shall maintain the production and sales information of a self-distribution exemption holder as confidential and shall not release such information to any person.

(F) The Commission shall issue regulations governing self-distribution exemptions consistent with this Section and this Act.

New matter indicated by italics - deletions by strikeout
(G) Nothing in this subsection (17) shall prohibit a self-distribution exemption holder from entering into or simultaneously having a distribution agreement with a licensed Illinois distributor.

(H) It is the intent of this subsection (17) to promote and continue orderly markets. The General Assembly finds that in order to preserve Illinois' regulatory distribution system it is necessary to create an exception for smaller makers of wine as their wines are frequently adjusted in varietals, mixes, vintages, and taste to find and create market niches sometimes too small for distributor or importing distributor business strategies. Limited self-distribution rights will afford and allow smaller makers of wine access to the marketplace in order to develop a customer base without impairing the integrity of the 3-tier system.

(18) (A) A craft brewer licensee, who must also be either a licensed brewer or licensed non-resident dealer and annually manufacture less than 930,000 gallons of beer, may make application to the Commission for a self-distribution exemption to allow the sale of not more than 232,500 gallons of the exemption holder's beer to retail licensees per year.

(B) In the application, which shall be sworn under penalty of perjury, the craft brewer licensee shall state (1) the date it was established; (2) its volume of beer manufactured and sold for each year since its establishment; (3) its efforts to establish distributor relationships; (4) that a self-distribution exemption is necessary to facilitate the marketing of its beer; and (5) that it will comply with the alcoholic beverage and revenue laws of the United States, this State, and any other state where it is licensed.

(C) Any application submitted shall be posted on the Commission's website at least 45 days prior to action by the Commission. The Commission shall approve the application for a self-distribution exemption if the craft brewer licensee: (1) is in compliance with the State, revenue, and alcoholic beverage laws; (2) is not a member of any affiliated group that manufacturers more than 930,000 gallons of beer per annum or produces any other alcoholic beverages; (3) shall not annually manufacture for sale more than 930,000 gallons of...
beer; and (4) shall not annually sell more than 232,500 gallons of its beer to retail licensees.

(D) A self-distribution exemption holder shall annually certify to the Commission its manufacture of beer during the previous 12 months and its anticipated manufacture and sales of beer for the next 12 months. The Commission may fine, suspend, or revoke a self-distribution exemption after a hearing if it finds that the exemption holder has made a material misrepresentation in its application, violated a revenue or alcoholic beverage law of Illinois, exceeded the manufacture of 930,000 gallons of beer in any calendar year or became part of an affiliated group manufacturing more than 930,000 gallons of beer or any other alcoholic beverage.

(E) The Commission shall issue rules and regulations governing self-distribution exemptions consistent with this Act.

(F) Nothing in this paragraph (18) shall prohibit a self-distribution exemption holder from entering into or simultaneously having a distribution agreement with a licensed Illinois importing distributor or a distributor. If a self-distribution exemption holder enters into a distribution agreement and has assigned distribution rights to an importing distributor or distributor, then the self-distribution exemption holder's distribution rights in the assigned territories shall cease in a reasonable time not to exceed 60 days.

(G) It is the intent of this paragraph (18) to promote and continue orderly markets. The General Assembly finds that in order to preserve Illinois' regulatory distribution system, it is necessary to create an exception for smaller manufacturers in order to afford and allow such smaller manufacturers of beer access to the marketplace in order to develop a customer base without impairing the integrity of the 3-tier system.

(b) On or before April 30, 1999, the Commission shall present a written report to the Governor and the General Assembly that shall be based on a study of the impact of this amendatory Act of 1998 on the business of soliciting, selling, and shipping alcoholic liquor from outside of this State directly to residents of this State.
As part of its report, the Commission shall provide the following information:

(i) the amount of State excise and sales tax revenues generated as a result of this amendatory Act of 1998;
(ii) the amount of licensing fees received as a result of this amendatory Act of 1998;
(iii) the number of reported violations, the number of cease and desist notices issued by the Commission, the number of notices of violations issued to the Department of Revenue, and the number of notices and complaints of violations to law enforcement officials.

PUBLIC ACT 98-0942
(Senate Bill No. 2620)

AN ACT concerning transportation.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Vehicle Code is amended by changing Section 15-111 as follows:

(625 ILCS 5/15-111) (from Ch. 95 1/2, par. 15-111)
Sec. 15-111. Wheel and axle loads and gross weights.
(a) No vehicle or combination of vehicles with pneumatic tires may be operated, unladen or with load, when the total weight on the road surface exceeds the following: 20,000 pounds on a single axle; 34,000 pounds on a tandem axle with no axle within the tandem exceeding 20,000 pounds; 80,000 pounds gross weight for vehicle combinations of 5 or more axles; or a total weight on a group of 2 or more consecutive axles in excess of that weight produced by the application of the following formula: \( W = 500 \times \left( \frac{LN}{N-1} \right) + 12N + 36 \), where "W" equals overall total weight on any group of 2 or more consecutive axles to the nearest 500 pounds, "L" equals the distance measured to the nearest foot between extremes of any group of 2 or more consecutive axles, and "N" equals the number of axles in the group under consideration.

The above formula when expressed in tabular form results in allowable loads as follows:

*If the distance between 2 axles is 96 inches or less, the 2 axles are tandem axles and the maximum total weight may not exceed 34,000 pounds, notwithstanding the higher limit resulting from the application of the formula.

Vehicles not in a combination having more than 4 axles may not exceed the weight in the table in this subsection (a) for 4 axles measured between the extreme axles of the vehicle.

Vehicles in a combination having more than 6 axles may not exceed the weight in the table in this subsection (a) for 6 axles measured between the extreme axles of the combination.

Local authorities, with respect to streets and highways under their jurisdiction, without additional fees, may also by ordinance or resolution allow the weight limitations of this subsection, provided the maximum gross weight on any one axle shall not exceed 20,000 pounds and the maximum total weight on any tandem axle shall not exceed 34,000 pounds, on designated highways when appropriate regulatory signs giving notice are

The following are exceptions to the above formula:

(1) Vehicles for which a different limit is established and posted in accordance with Section 15-316 of this Code.

(2) Vehicles for which the Department of Transportation and local authorities issue overweight permits under authority of Section 15-301 of this Code. These vehicles are not subject to the bridge formula.

(3) Cities having a population of more than 50,000 may permit by ordinance axle loads on 2 axle motor vehicles 33 1/2% above those provided for herein, but the increase shall not become effective until the city has officially notified the Department of the passage of the ordinance and shall not apply to those vehicles when outside of the limits of the city, nor shall the gross weight of any 2 axle motor vehicle operating over any street of the city exceed 40,000 pounds.

(4) Weight limitations shall not apply to vehicles (including loads) operated by a public utility when transporting equipment required for emergency repair of public utility facilities or properties or water wells.

(4.5) A 3 or 4 axle vehicle (including when laden) operated or hired by a municipality within Cook, Lake, McHenry, Kane, DuPage, or Will county being operated for the purpose of performing emergency sewer repair that would be subject to a weight limitation less than 66,000 pounds under the formula in this subsection (a) shall have a weight limitation of 66,000 pounds or the vehicle's gross vehicle weight rating, whichever is less. This paragraph (4.5) does not apply to vehicles being operated on the National System of Interstate and Defense Highways, or to vehicles being operated on bridges or other elevated structures constituting a part of a highway.

(5) Two consecutive sets of tandem axles may carry a total weight of 34,000 pounds each if the overall distance between the first and last axles of the consecutive sets of tandem axles is 36 feet or more, notwithstanding the lower limit resulting from the application of the above formula.

(6) A truck, not in combination and used exclusively for the collection of rendering materials, may, when laden, transmit upon the road surface, except when on part of the National System of Interstate

and Defense Highways, the following maximum weights: 22,000 pounds on a single axle; 40,000 pounds on a tandem axle.

(7) A truck not in combination, equipped with a self compactor or an industrial roll-off hoist and roll-off container, used exclusively for garbage, refuse, or recycling operations, may, when laden, transmit upon the road surface, except when on part of the National System of Interstate and Defense Highways, the following maximum weights: 22,000 pounds on a single axle; 40,000 pounds on a tandem axle; 40,000 pounds gross weight on a 2-axle vehicle; 54,000 pounds gross weight on a 3-axle vehicle. This vehicle is not subject to the bridge formula.

(7.5) A 3-axle rear discharge truck mixer registered as a Special Hauling Vehicle, used exclusively for the mixing and transportation of concrete in the plastic state, may, when laden, transmit upon the road surface, except when on part of the National System of Interstate and Defense Highways, the following maximum weights: 22,000 pounds on single axle; 40,000 pounds on a tandem axle; 54,000 pounds gross weight on a 3-axle vehicle. This vehicle is not subject to the bridge formula.

(8) Except as provided in paragraph (7.5) of this subsection (a), tandem axles on a 3-axle truck registered as a Special Hauling Vehicle, manufactured prior to or in the model year of 2024 and first registered in Illinois prior to January 1, 2025, with a distance greater than 72 inches but not more than 96 inches between any series of 2 axles, is allowed a combined weight on the series not to exceed 36,000 pounds and neither axle of the series may exceed 20,000 pounds. Any vehicle of this type manufactured after the model year of 2024 or first registered in Illinois after December 31, 2024 may not exceed a combined weight of 34,000 pounds through the series of 2 axles and neither axle of the series may exceed 20,000 pounds.

A 3-axle combination sewer cleaning jetting vacuum truck registered as a Special Hauling Vehicle, used exclusively for the transportation of non-hazardous solid waste, manufactured before or in the model year of 2014, first registered in Illinois before January 1, 2015, may, when laden, transmit upon the road surface, except when on part of the National System of Interstate and Defense Highways, the following maximum weights: 22,000 pounds on a single axle; 40,000 pounds on a tandem axle; 54,000 pounds gross weight on a 3-axle vehicle. This vehicle is not subject to the bridge formula.

weight on a 3-axle vehicle. This vehicle is not subject to the bridge formula.

(9) A 4-axle truck mixer registered as a Special Hauling Vehicle, used exclusively for the mixing and transportation of concrete in the plastic state, 2024 and not operated on a highway that is part of the National System of Interstate Highways, is allowed the following maximum weights: 20,000 pounds on any single axle; 36,000 pounds on a series of axles greater than 72 inches but not more than 96 inches; and 34,000 pounds on any series of 2 axles greater than 40 inches but not more than 72 inches. The gross weight of this vehicle may not exceed the weights allowed by the bridge formula for 4 axles. The bridge formula does not apply to any series of 3 axles while the vehicle is transporting concrete in the plastic state, but no axle or tandem axle of the series may exceed the maximum weight permitted under this paragraph (9) of subsection (a).

(10) Combinations of vehicles, registered as Special Hauling Vehicles that include a semitrailer manufactured prior to or in the model year of 2024, and registered in Illinois prior to January 1, 2025, having 5 axles with a distance of 42 feet or less between extreme axles, may not exceed the following maximum weights: 20,000 pounds on a single axle; 34,000 pounds on a tandem axle; and 72,000 pounds gross weight. This combination of vehicles is not subject to the bridge formula. For all those combinations of vehicles that include a semitrailer manufactured after the effective date of P.A. 92-0417, the overall distance between the first and last axles of the 2 sets of tandems must be 18 feet 6 inches or more. Any combination of vehicles that has had its cargo container replaced in its entirety after December 31, 2024 may not exceed the weights allowed by the bridge formula.

(11) The maximum weight allowed on a vehicle with crawler type tracks is 40,000 pounds.

(12) A combination of vehicles, including a tow truck and a disabled vehicle or disabled combination of vehicles, that exceeds the weight restriction imposed by this Code, may be operated on a public highway in this State provided that neither the disabled vehicle nor any vehicle being towed nor the tow truck itself shall exceed the weight limitations permitted under this Chapter. During the towing operation, neither the tow truck nor the vehicle combination shall

exceed 24,000 pounds on a single rear axle and 44,000 pounds on a tandem rear axle, provided the towing vehicle:

(i) is specifically designed as a tow truck having a gross vehicle weight rating of at least 18,000 pounds and is equipped with air brakes, provided that air brakes are required only if the towing vehicle is towing a vehicle, semitrailer, or tractor-trailer combination that is equipped with air brakes;

(ii) is equipped with flashing, rotating, or oscillating amber lights, visible for at least 500 feet in all directions;

(iii) is capable of utilizing the lighting and braking systems of the disabled vehicle or combination of vehicles; and

(iv) does not engage in a tow exceeding 20 miles from the initial point of wreck or disablement. Any additional movement of the vehicles may occur only upon issuance of authorization for that movement under the provisions of Sections 15-301 through 15-319 of this Code. The towing vehicle, however, may tow any disabled vehicle to a point where repairs are actually to occur. This movement shall be valid only on State routes. The tower must abide by posted bridge weight limits.

Gross weight limits shall not apply to the combination of the tow truck and vehicles being towed. The tow truck license plate must cover the operating empty weight of the tow truck only. The weight of each vehicle being towed shall be covered by a valid license plate issued to the owner or operator of the vehicle being towed and displayed on that vehicle. If no valid plate issued to the owner or operator of that vehicle is displayed on that vehicle, or the plate displayed on that vehicle does not cover the weight of the vehicle, the weight of the vehicle shall be covered by the third tow truck plate issued to the owner or operator of the tow truck and temporarily affixed to the vehicle being towed. If a roll-back carrier is registered and being used as a tow truck, however, the license plate or plates for the tow truck must cover the gross vehicle weight, including any load carried on the bed of the roll-back carrier.

The Department may by rule or regulation prescribe additional requirements. However, nothing in this Code shall prohibit a tow truck under instructions of a police officer from legally clearing a disabled vehicle, that may be in violation of weight limitations of this Chapter, from the roadway to the berm or shoulder of the highway. If in the opinion of the police officer

New matter indicated by italics - deletions by strikeout
that location is unsafe, the officer is authorized to have the disabled vehicle towed to the nearest place of safety.

For the purpose of this subsection, gross vehicle weight rating, or GVWR, means the value specified by the manufacturer as the loaded weight of the tow truck.

(b) As used in this Section, "recycling haul" or "recycling operation" means the hauling of non-hazardous, non-special, non-putrescible materials, such as paper, glass, cans, or plastic, for subsequent use in the secondary materials market.

(c) No vehicle or combination of vehicles equipped with pneumatic tires shall be operated, unladen or with load, upon the highways of this State in violation of the provisions of any permit issued under the provisions of Sections 15-301 through 15-319 of this Chapter.

(d) No vehicle or combination of vehicles equipped with other than pneumatic tires may be operated, unladen or with load, upon the highways of this State when the gross weight on the road surface through any wheel exceeds 800 pounds per inch width of tire tread or when the gross weight on the road surface through any axle exceeds 16,000 pounds.

(e) No person shall operate a vehicle or combination of vehicles over a bridge or other elevated structure constituting part of a highway with a gross weight that is greater than the maximum weight permitted by the Department, when the structure is sign posted as provided in this Section.

(f) The Department upon request from any local authority shall, or upon its own initiative may, conduct an investigation of any bridge or other elevated structure constituting a part of a highway, and if it finds that the structure cannot with safety to itself withstand the weight of vehicles otherwise permissible under this Code the Department shall determine and declare the maximum weight of vehicles that the structures can withstand, and shall cause or permit suitable signs stating maximum weight to be erected and maintained before each end of the structure. No person shall operate a vehicle or combination of vehicles over any structure with a gross weight that is greater than the posted maximum weight.

(g) Upon the trial of any person charged with a violation of subsection (e) or (f) of this Section, proof of the determination of the maximum allowable weight by the Department and the existence of the signs, constitutes conclusive evidence of the maximum weight that can be maintained with safety to the bridge or structure.

PUBLIC ACT 98-0946
(Senate Bill No. 2984)

AN ACT concerning civil law.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Trusts and Trustees Act is amended by changing Sections 5.3 and 16.1 as follows:

(760 ILCS 5/5.3)
Sec. 5.3. Total return trusts.
(a) Conversion by trustee. A trustee may convert a trust to a total return trust as described in this Section if all of the following apply:

(1) The trust describes the amount that may or must be distributed to a beneficiary by referring to the trust's income, and the trustee determines that conversion to a total return trust will enable the trustee to better carry out the purposes of the trust and the conversion is in the best interests of the beneficiaries;

(2) conversion to a total return trust means the trustee will invest and manage trust assets seeking a total return without regard to whether that return is from income or appreciation of principal, and will make distributions in accordance with this Section (such a trust is called a "total return trust" in this Section);

(3) the trustee sends a written notice of the trustee's decision to convert the trust to a total return trust, specifying a prospective effective date for the conversion and including a copy of this Section, to the following beneficiaries, determined as of the date the notice is sent and assuming nonexercise of all powers of appointment:

(A) all of the legally competent beneficiaries who are currently receiving or eligible to receive income from the trust; and

(B) all of the legally competent beneficiaries who would receive or be eligible to receive a distribution of principal or income if the current interests of beneficiaries currently receiving or eligible to receive income ended;

New matter indicated by italics - deletions by strikeout
(4) there are one or more legally competent income beneficiaries under subdivision (3)(A) of this subsection (a) and one or more legally competent remainder beneficiaries under subdivision (3)(B) of this subsection (a), determined as of the date of sending the notice;

(5) no beneficiary objects to the conversion to a total return trust in a writing delivered to the trustee within 60 days after the notice is sent; and

(6) the trustee has signed acknowledgments of receipt confirming that notice was received by each beneficiary required to be sent notice under subdivision (3) of this subsection (a).

(b) Conversion by agreement. Conversion to a total return trust may be made by agreement between a trustee and (i) all primary beneficiaries, acting either individually or by their respective representatives in accordance with Section subsection 16.1(a)(2) of this Act, or (ii) all beneficiaries currently eligible to receive income or principal from the trust and all beneficiaries who are presumptive remaindermen, either individually or by their respective representatives in accordance with subsection 16.1(a)(3) of this Act. The agreement may include any actions a court could properly order under subsection (g) of this Section; however, any distribution percentage determined by the agreement may not be less than 3% nor greater than 5%.

(c) Conversion or reconversion by court.

(1) The trustee may for any reason elect to petition the court to order conversion to a total return trust, including without limitation the reason that conversion under subsection (a) is unavailable because:

(A) a beneficiary timely objects to the conversion to a total return trust;

(B) there are no legally competent beneficiaries described in subdivision (3)(A) of subsection (a); or

(C) there are no legally competent beneficiaries described in subdivision (3)(B) of subsection (a).

(2) A beneficiary may request the trustee to convert to a total return trust or adjust the distribution percentage. If the trustee declines or fails to act within 6 months after receiving a written request to do so, the beneficiary may petition the court to order the conversion or adjustment.

(3) The trustee may petition the court prospectively to reconvert from a total return trust or adjust the distribution percentage.

New matter indicated by italics - deletions by strikeout
if the trustee determines that the reconversion or adjustment will enable the trustee to better carry out the purposes of the trust. A beneficiary may request the trustee to petition the court prospectively to reconvert from a total return trust or adjust the distribution percentage. If the trustee declines or fails to act within 6 months after receiving a written request to do so, the beneficiary may petition the court to order the reconversion or adjustment.

(4) In a judicial proceeding under this subsection (c), the trustee may, but need not, present the trustee's opinions and reasons (A) for supporting or opposing conversion to (or reconversion from or adjustment of the distribution percentage of) a total return trust, including whether the trustee believes conversion (or reconversion or adjustment of the distribution percentage) would enable the trustee to better carry out the purposes of the trust, and (B) about any other matters relevant to the proposed conversion (or reconversion or adjustment of the distribution percentage). A trustee's actions in accordance with this subsection (c) shall not be deemed improper or inconsistent with the trustee's duty of impartiality unless the court finds from all the evidence that the trustee acted in bad faith.

(5) The court shall order conversion to (or reconversion prospectively from or adjustment of the distribution percentage of) a total return trust if the court determines that the conversion (or reconversion or adjustment of the distribution percentage) will enable the trustee to better carry out the purposes of the trust and the conversion (or reconversion or adjustment of the distribution percentage) is in the best interests of the beneficiaries.

(6) Notwithstanding any other provision of this Section, a trustee has no duty to inform beneficiaries about the availability of this Section and has no duty to review the trust to determine whether any action should be taken under this Section unless requested to do so in writing by a beneficiary described in subdivision (3) of subsection (a).

(d) Post conversion. While a trust is a total return trust, all of the following shall apply to the trust:

(1) the trustee shall make income distributions in accordance with the governing instrument subject to the provisions of this Section;

(2) the term "income" in the governing instrument means an annual amount (the "distribution amount") equal to a percentage (the

New matter indicated by italics - deletions by strikeout
"distribution percentage") of the net fair market value of the trust's assets, whether the assets are considered income or principal under the Principal and Income Act, averaged over the lesser of:

(i) the 3 preceding years; or

(ii) the period during which the trust has been in existence;

(3) the distribution percentage for any trust converted to a total return trust by a trustee in accordance with subsection (a) shall be 4%;

(4) the trustee shall pay to a beneficiary (in the case of an underpayment) and shall recover from a beneficiary (in the case of an overpayment) an amount equal to the difference between the amount properly payable and the amount actually paid, plus interest compounded annually at a rate per annum equal to the distribution percentage in the year or years while the underpayment or overpayment exists; and

(5) a change in the method of determining a reasonable current return by converting to a total return trust in accordance with this Section and substituting the distribution amount for net trust accounting income is a proper change in the definition of trust income notwithstanding any contrary provision of the Principal and Income Act, and the distribution amount shall be deemed a reasonable current return that fairly apportions the total return of a total return trust.

(e) Administration. The trustee, in the trustee's discretion, may determine any of the following matters in administering a total return trust as the trustee from time to time determines necessary or helpful for the proper functioning of the trust:

(1) the effective date of a conversion to a total return trust;

(2) the manner of prorating the distribution amount for a short year in which a beneficiary's interest commences or ceases;

(3) whether distributions are made in cash or in kind;

(4) the manner of adjusting valuations and calculations of the distribution amount to account for other payments from or contributions to the trust;

(5) whether to value the trust's assets annually or more frequently;

(6) what valuation dates and how many valuation dates to use;

(7) valuation decisions about any asset for which there is no readily available market value, including:

New matter indicated by italics - deletions by strikeout
(A) how frequently to value such an asset;
(B) whether and how often to engage a professional appraiser to value such an asset; and
(C) whether to exclude the value of such an asset from the net fair market value of the trust's assets under subdivision (d)(2) for purposes of determining the distribution amount. Any such asset so excluded is referred to as an "excluded asset" in this subsection (e), and the trustee shall distribute any net income received from the excluded asset as provided for in the governing instrument, subject to the following principles:

(i) unless the trustee determines there are compelling reasons to the contrary considering all relevant factors including the best interests of the beneficiaries, the trustee shall treat each asset for which there is no readily available market value as an excluded asset;

(ii) if tangible personal property or real property is possessed or occupied by a beneficiary, the trustee shall not limit or restrict any right of the beneficiary to use the property in accordance with the governing instrument whether or not the trustee treats the property as an excluded asset;

(iii) examples of assets for which there is a readily available market value include: cash and cash equivalents; stocks, bonds, and other securities and instruments for which there is an established market on a stock exchange, in an over-the-counter market, or otherwise; and any other property that can reasonably be expected to be sold within one week of the decision to sell without extraordinary efforts by the seller;

(iv) examples of assets for which there is no readily available market value include: stocks, bonds, and other securities and instruments for which there is no established market on a stock exchange, in an over-the-counter market, or otherwise; real property; tangible personal property; and artwork and other collectibles; and

New matter indicated by italics - deletions by strikeout
(8) any other administrative matters as the trustee determines necessary or helpful for the proper functioning of the total return trust.

(f) Allocations.

(1) Expenses, taxes, and other charges that would be deducted from income if the trust were not a total return trust shall not be deducted from the distribution amount.

(2) Unless otherwise provided by the governing instrument, the trustee shall fund the distribution amount each year from the following sources for that year in the order listed: first from net income (as the term would be determined if the trust were not a total return trust), then from other ordinary income as determined for federal income tax purposes, then from net realized short-term capital gains as determined for federal income tax purposes, then from net realized long-term capital gains as determined for federal income tax purposes, then from trust principal comprised of assets for which there is a readily available market value, and then from other trust principal.

(g) Court orders. The court may order any of the following actions in a proceeding brought by a trustee or a beneficiary in accordance with subdivision (c)(1), (c)(2), or (c)(3):

(1) select a distribution percentage other than 4%;

(2) average the valuation of the trust's net assets over a period other than 3 years;

(3) reconvert prospectively from or adjust the distribution percentage of a total return trust;

(4) direct the distribution of net income (determined as if the trust were not a total return trust) in excess of the distribution amount as to any or all trust assets if the distribution is necessary to preserve a tax benefit; or

(5) change or direct any administrative procedure as the court determines necessary or helpful for the proper functioning of the total return trust.

Nothing in this subsection (g) limits the equitable powers of the court to grant other relief.

(h) Restrictions. Conversion to a total return trust does not affect any provision in the governing instrument:

(1) directing or authorizing the trustee to distribute principal;

New matter indicated by italics - deletions by strikeout
(2) directing or authorizing the trustee to distribute a fixed annuity or a fixed fraction of the value of trust assets;
(3) authorizing a beneficiary to withdraw a portion or all of the principal; or
(4) in any manner that would diminish an amount permanently set aside for charitable purposes under the governing instrument unless both income and principal are so set aside.

(i) Tax limitations. If a particular trustee is a beneficiary of the trust and conversion or failure to convert would enhance or diminish the beneficial interest of the trustee, or if possession or exercise of the conversion power by a particular trustee would alone cause any individual to be treated as owner of a part of the trust for income tax purposes or cause a part of the trust to be included in the gross estate of any individual for estate tax purposes, then that particular trustee may not participate as a trustee in the exercise of the conversion power; however:

(1) the trustee may petition the court under subdivision (c)(1) to order conversion in accordance with this Section; and
(2) if the trustee has one or more co-trustees to whom this subsection (i) does not apply, the co-trustee or co-trustees may convert the trust to a total return trust in accordance with this Section.

(j) Releases. A trustee may irrevocably release the power granted by this Section if the trustee reasonably believes the release is in the best interests of the trust and its beneficiaries. The release may be personal to the releasing trustee or may apply generally to some or all subsequent trustees, and the release may be for any specified period, including a period measured by the life of an individual.

(k) Remedies. A trustee who reasonably and in good faith takes or omits to take any action under this Section is not liable to any person interested in the trust. If a trustee reasonably and in good faith takes or omits to take any action under this Section and a person interested in the trust opposes the act or omission, the person's exclusive remedy is to obtain an order of the court directing the trustee to convert the trust to a total return trust, to reconvert from a total return trust, to change the distribution percentage, or to order any administrative procedures the court determines necessary or helpful for the proper functioning of the trust. An act or omission by a trustee under this Section is presumed taken or omitted reasonably and in good faith unless it is determined by the court to have been an abuse of discretion. Any claim by any person interested in the trust that an act or omission by a trustee under this Section was an abuse of discretion is
barred if not asserted in a proceeding commenced by or on behalf of the person within 2 years after the trustee has sent to the person or the person's personal representative a notice or report in writing sufficiently disclosing facts fundamental to the claim such that the person knew or reasonably should have known of the claim. The preceding sentence shall not apply to a person who was under a legal disability at the time the notice or report was sent and who then had no personal representative. For purposes of this subsection (k), a personal representative refers to a court appointed guardian or conservator of the estate of a person.

(l) Application. This Section is available to trusts in existence on the effective date of this amendatory Act of the 92nd General Assembly or created after that date. This Section shall be construed as pertaining to the administration of a trust and shall be available to any trust that is administered in Illinois under Illinois law or that is governed by Illinois law with respect to the meaning and effect of its terms unless:

(1) the trust is a trust described in Internal Revenue Code Section 642(c)(5), 664(d), 2702(a)(3), or 2702(b); or

(2) the governing instrument expressly prohibits use of this Section by specific reference to this Section. A provision in the governing instrument in the form: "Neither the provisions of Section 5.3 of the Trusts and Trustees Act nor any corresponding provision of future law may be used in the administration of this trust" or a similar provision demonstrating that intent is sufficient to preclude the use of this Section.

(m) Application to express trusts.

(1) This subsection (m) does not apply to a charitable remainder unitrust as defined by Section 664(d), Internal Revenue Code of 1986 (26 U.S.C. Section 664), as amended.

(2) In this subsection (m):

(A) "Unitrust" means a trust the terms of which require distribution of a unitrust amount, without regard to whether the trust has been converted to a total return trust in accordance with this Section or whether the trust is established by express terms of the governing instrument.

(B) "Unitrust amount" means an amount equal to a percentage of a trust's assets that may or must be distributed to one or more beneficiaries annually in accordance with the terms of the trust. The unitrust amount may be determined by reference to the net fair market value of the trust's assets as of
a particular date or as an average determined on a multiple year basis.

(3) A unitrust changes the definition of income by substituting the unitrust amount for net trust accounting income as the method of determining current return and shall be given effect notwithstanding any contrary provision of the Principal and Income Act. By way of example and not limitation, a unitrust amount determined by a percentage of not less than 3% nor greater than 5% is conclusively presumed a reasonable current return that fairly apportions the total return of a unitrust.

(4) The allocations provision of subdivision (2) of subsection (f) of Section 5.3 applies to a unitrust except to the extent its governing instrument expressly provides otherwise.

(760 ILCS 5/16.1)
Sec. 16.1. Virtual representation.
(a) Representation by a beneficiary with a person having substantially similar identical interest, by the primary beneficiaries and by others; contingent remainder beneficiaries.

(1) To the extent there is no conflict of interest between the representative and the person represented beneficiary with respect to the particular question or dispute, a beneficiary who is a minor, or a disabled, or unborn beneficiary person, or a beneficiary person whose identity or location is unknown and not reasonably ascertainable (hereinafter referred to as an "unascertainable beneficiary"), may for all purposes be represented by and bound by another beneficiary individual having a substantially similar identical interest with respect to the particular question or dispute; provided, however, that the represented beneficiary such person is not otherwise represented by a court appointed guardian or agent in accordance with subdivision (a)(4) or by a parent in accordance with subdivision (a)(5) as provided in the next sentence. If a person is represented by a court appointed guardian of the estate or, if none, by a court appointed guardian of the person, the actions of such guardian shall represent and bind that person for purposes of this subsection (a)(1).

(2) If all primary beneficiaries of a trust either have legal capacity are adults and not disabled, or have representatives in accordance with this subsection (a)(1) who have legal capacity are adults and not disabled, the actions of such primary beneficiaries, in
each case either by the beneficiary or by the beneficiary's representative or their respective representatives, shall represent and bind all other beneficiaries who have a successor, contingent, future, or other interest in the trust and who would become primary beneficiaries only by reason of surviving a primary beneficiary.

For purposes of this Section, "primary beneficiary" means a beneficiary who is either: (i) currently eligible to receive income or principal from the trust or (ii) assuming nonexercise of all powers of appointment, will be eligible to receive a distribution of principal from the trust if the beneficiary survives to the final date of distribution with respect to the beneficiary's share.

(3) For purposes of this Act:

(A) "Primary beneficiary" means a beneficiary of a trust who as of the date of determination is either: (i) currently eligible to receive income or principal from the trust, or (ii) a presumptive remainder beneficiary. If all presumptive remainder beneficiaries either are adults and not disabled, or have representatives in accordance with subsection (a)(1) who are adults and not disabled, the actions of such presumptive remainder beneficiaries, or their respective representatives, shall represent and bind all other beneficiaries who have a successor, contingent, or other future interest in the trust. For purposes of this Section, "presumptive remainder beneficiaries" means,

(B) "Presumptive remainder beneficiary" means a beneficiary of a trust, as of the date of determination and assuming nonexercise of all powers of appointment, all beneficiaries who either: (i) (A) would be eligible to receive a distribution of income or principal if the trust terminated on that date, or (ii) (B) would be eligible to receive a distribution of income or principal if the interests of all beneficiaries currently eligible to receive income or principal from the trust ended on that date without causing the trust to terminate.

(C) "Disabled person" as of any date means either a disabled person within the meaning of Section 11a-2 of the Probate Act of 1975 or a person who, within the 365 days immediately preceding that date, was examined by a licensed physician who determined that the person lacked the capacity to make prudent financial decisions, and the physician made
a written record of the physician's determination and signed the written record within 90 days after the examination.

(D) A person has legal capacity unless the person is a minor or a disabled person.

(4) If a trust beneficiary is represented by a court appointed guardian of the estate or, if none, guardian of the person, the guardian shall represent and bind the beneficiary. If a trust beneficiary is a disabled person, an agent under a power of attorney for property who has authority to act with respect to the particular question or dispute and who does not have a conflict of interest with respect to the particular question or dispute may represent and bind the principal. An agent is deemed to have such authority if the power of attorney grants the agent the power to settle claims and to exercise powers with respect to trusts and estates, even if the powers do not include powers to make a will, to revoke or amend a trust, or to require the trustee to pay income or principal. Absent a court order pursuant to the Illinois Power of Attorney Act directing a guardian to exercise powers of the principal under an agency that survives disability, an agent under a power of attorney for property who in accordance with this subdivision has authority to represent and bind a disabled principal takes precedence over a court appointed guardian unless the court specifies otherwise. This subdivision applies to all agencies, whenever and wherever executed. The consent of a person who may represent and bind another person in accordance with this Section is binding on the person represented, and notice to a person who may represent and bind another person in accordance with this Section has the same effect as if notice were given directly to the other person.

(5) If a trust beneficiary is a minor or a disabled or unborn person and is not represented by a guardian or agent in accordance with subdivision (a)(4), then a parent of the beneficiary may represent and bind the beneficiary, provided that there is no conflict of interest between the represented person and either of the person’s parents with respect to the particular question or dispute. If a disagreement arises between parents who otherwise qualify to represent a child in accordance with this subsection (a) and who are seeking to represent the same child, the parent who is a lineal descendant of the settlor of the trust that is the subject of the
representation is entitled to represent the child; or if none, the parent who is a beneficiary of the trust is entitled to represent the child.

(6) A guardian, agent or parent who is the representative for a beneficiary under subdivision (a)(4) or (a)(5) may, for all purposes, represent and bind any other beneficiary who is a minor or a disabled, unborn, or unascertainable beneficiary who has an interest, with respect to the particular question or dispute, that is substantially similar to the interest of the beneficiary represented by the representative, but only to the extent that there is no conflict of interest between the beneficiary represented by the representative and the other beneficiary with respect to the particular question or dispute; provided, however, that the other beneficiary is not otherwise represented by a guardian or agent in accordance with subdivision (a)(4) or by a parent in accordance with subdivision (a)(5).

(7) The action or consent of a representative who may represent and bind a beneficiary in accordance with this Section is binding on the beneficiary represented, and notice or service of process to the representative has the same effect as if the notice or service of process were given directly to the beneficiary represented.

(8) Nothing in this Section limits the discretionary power of a court in a judicial proceeding to appoint a guardian ad litem for any minor, disabled, unborn, or unascertainable beneficiary with respect to a particular question or dispute, but appointment of a guardian ad litem need not be considered and is not necessary if such beneficiary is otherwise represented in accordance with this Section.

(b) Total return trusts. This Section shall apply to enable conversion to a total return trust by agreement in accordance with subsection (b) 5.3(b) of the total return trust provisions of Section 5.3 of this Act, by whether such agreement is made between the trustee and (A) all primary beneficiaries of the trust, in each case either by the beneficiary or by the beneficiary’s representative in accordance with this Section; either individually or by their respective representatives in accordance with subsection (a)(1), or (B) all beneficiaries currently eligible to receive income or principal from the trust and all beneficiaries who are presumptive remaindersmen of the trust, in each case either individually or by their respective representatives in accordance with subsection (a)(1).

(c) Representation of charity. If a trust provides a beneficial interest or expectancy for one or more charities or charitable purposes that are not
specifically named or otherwise represented (the "charitable interest"), the Illinois Attorney General may, in accordance with this Section, represent, bind, and act on behalf of the charitable interest with respect to any particular question or dispute, including without limitation representing the charitable interest in a nonjudicial settlement agreement or in an agreement to convert a trust to a total return trust in accordance with subsection (b) 5.3(b) of the total return trust provisions of Section 5.3 of this Act. A charity that is specifically named as beneficiary of a trust or that otherwise has an express beneficial interest in a trust may act for itself. This subsection (c) shall be construed as being declarative of existing law and not as a new enactment. Notwithstanding any other provision, nothing in this Section shall be construed to limit or affect the Illinois Attorney General's authority to file an action or take other steps as he or she deems advisable at any time to enforce or protect the general public interest as to a trust that provides a beneficial interest or expectancy for one or more charities or charitable purposes whether or not a specific charity is named in the trust. This subsection (c) shall be construed as being declarative of existing law and not as a new enactment.

(d) Nonjudicial settlement agreements.

(1) For purposes of this Section, "interested persons" means the trustee and all beneficiaries, or their respective representatives determined after giving effect to the preceding provisions of this Section, other persons and parties in interest whose consent or joinder would be required in order to achieve a binding settlement were the settlement to be approved by the court. "Interested persons" also includes a trust advisor, investment advisor, distribution advisor, trust protector or other holder, or committee of holders, of fiduciary or nonfiduciary powers, if the person then holds powers material to a particular question or dispute to be resolved or affected by a nonjudicial settlement agreement in accordance with this Section or by the court.

(2) Interested persons, or their respective representatives determined after giving effect to the preceding provisions of this Section, may enter into a binding nonjudicial settlement agreement with respect to any matter involving a trust as provided in this Section.

New matter indicated by italics - deletions by strikeout
(3) (Blank). A nonjudicial settlement agreement is valid only to the extent its terms and conditions could be properly approved under applicable law by a court of competent jurisdiction.

(4) The following matters that may be resolved by a nonjudicial settlement agreement include but are not limited to:

(A) Validity, interpretation, or construction of the terms of the trust.

(B) Approval of a trustee's report or accounting.

(C) Exercise or nonexercise of any power by a trustee.

(D) The grant to a trustee of any necessary or desirable administrative power, provided the grant does not conflict with a clear material purpose of the trust.

(E) Questions relating to property or an interest in property held by the trust, provided the resolution does not conflict with a clear material purpose of the trust.

(F) Removal, appointment, or removal and appointment of a trustee, trust advisor, investment advisor, distribution advisor, trust protector or other holder, or committee of holders, of fiduciary or nonfiduciary powers, including without limitation designation of a plan of succession or procedure to determine successors to any such office.

(G) Determination of a trustee's compensation.

(H) Transfer of a trust's principal place of administration, including without limitation to change the law governing administration of the trust.

(I) Liability or indemnification of a trustee for an action relating to the trust.

(J) Resolution of bona fide disputes or issues related to administration, investment, distribution or other matters.

(K) Modification of terms of the trust pertaining to administration of the trust.

(L) Termination of the trust, provided that court approval of such termination must be obtained in accordance with subdivision (d)(5) of this Section.

and the court must conclude continuance of the trust is not necessary to achieve any clear material purpose of the trust.

- The court may consider spendthrift provisions as a factor in making a decision under this subdivision, but a spendthrift provision is not necessarily a clear material purpose of a trust, and the court is not precluded from modifying or terminating a trust because the trust instrument contains a spendthrift provision. Upon such termination the court may order the trust property distributed as agreed by the parties to the agreement or otherwise as the court determines equitable consistent with the purposes of the trust.

(M) Any other matter involving a trust to the extent the terms and conditions of the nonjudicial settlement agreement could be properly approved under applicable law by a court of competent jurisdiction.

(4.5) If a charitable interest or a specifically named charity is a current beneficiary, is a presumptive remainder beneficiary, or has any vested interest in a trust, the parties to any proposed nonjudicial settlement agreement affecting the trust shall deliver to the Attorney General's Charitable Trust Bureau written notice of the proposed agreement at least 60 days prior to its effective date. The Bureau need take no action, but if it objects in a writing delivered to one or more of the parties prior to the proposed effective date, the agreement shall not take effect unless the parties obtain court approval.

(5) Any beneficiary or other interested person may request the court to approve any part or all of a nonjudicial settlement agreement, including whether any representation is adequate and without conflict of interest, provided that the petition for such approval must be filed before or within 60 days after the effective date of the agreement.

(6) An agreement entered into in accordance with this Section shall be final and binding on the trustee, on and all beneficiaries of the trust, both current and future, and on all other interested persons as if ordered by a court with competent jurisdiction over the trust, the trust property, and all parties in interest.

(7) In the trustee's sole discretion, the trustee may, but is not required to, obtain and rely upon an opinion of counsel on any matter relevant to this Section, including without limitation: (i) where required by this Section, that the any agreement proposed to be made

in accordance with this Section does not conflict with a clear material purpose of the trust or could be properly approved by the court under applicable law; (ii) in the case of a trust termination, that continuance of the trust is not necessary to achieve any clear material purpose of the trust; (iii) or that there is no conflict of interest between a representative and the person represented with respect to the particular question or dispute; or (iv) that the representative and the person represented have substantially similar interests with respect to the or among those being represented with respect to a particular question or dispute.

(e) Application. On and after its effective date, this Section applies to all existing and future trusts, judicial proceedings, or agreements entered into in accordance with this Section on or after the effective date.

(f) This Section shall be construed as pertaining to the administration of a trust and shall be available to any trust that is administered in this State or that is governed by Illinois law with respect to the meaning and effect of its terms, except to the extent the governing instrument expressly prohibits the use of this Section by specific reference to this Section. A provision in the governing instrument in the form: "Neither the provisions of Section 16.1 of the Illinois Trusts and Trustees Act nor any corresponding provision of future law may be used in the administration of this trust", or a similar provision demonstrating that intent, is sufficient to preclude the use of this Section.

(g) The changes made by this amendatory Act of the 98th General Assembly apply to all trusts in existence on the effective date of this amendatory Act of the 98th General Assembly or created after that date, and are applicable to judicial proceedings and nonjudicial matters involving such trusts. For purposes of this Section:

(i) judicial proceedings include any proceeding before a court or administrative tribunal of this State and any arbitration or mediation proceedings; and

(ii) nonjudicial matters include, but are not limited to, nonjudicial settlement agreements entered into in accordance with this Section and the grant of any consent, release, ratification, or indemnification.

the judgment of conviction in his or her case for the performance of
fingerprint, Integrated Ballistic Identification System, or forensic DNA
testing, including comparison analysis of genetic marker groupings of the
evidence collected by criminal justice agencies pursuant to the alleged

c) The trial court shall allow the testing under reasonable conditions designed to protect the State's interests in the integrity of the evidence and the testing process upon a determination that:

(1) the result of the testing has the scientific potential to produce new, noncumulative evidence (i) materially relevant to the defendant's assertion of actual innocence when the defendant's conviction was the result of a trial, even though the results may not completely exonerate the defendant, or (ii) that would raise a reasonable probability that the defendant would have been acquitted if the results of the evidence to be tested had been available prior to the defendant's guilty plea and the petitioner had proceeded to trial instead of pleading guilty, even though the results may not completely exonerate the defendant; and

(2) the testing requested employs a scientific method generally accepted within the relevant scientific community.

(c) When the county collector discovers, prior to the expiration of the period of redemption, that a tax sale should not have occurred for one or more of the reasons set forth in subdivision (a)(1), (a)(2), (a)(6), or (a)(7) of this Section, the county collector shall notify the last known owner of the certificate of purchase by certified and regular mail, or other means reasonably calculated to provide actual notice, that the county collector intends to declare an administrative sale in error and of the reasons therefor, including documentation sufficient to establish the reason why the sale should not have occurred. The owner of the certificate of purchase may object in writing within 28 days after the date of the mailing by the county collector. If an objection is filed, the county collector shall not administratively declare a sale in error, but may apply to the circuit court for a sale in error as provided in subsection (a) of this Section. Thirty days following the receipt of notice by the last known owner of the certificate of purchase, or within a reasonable time thereafter, the county collector shall make a written declaration, based upon clear and convincing evidence, that the taxes were sold in error and shall deliver a copy thereof to the county clerk within 30 days after the date the declaration is made for entry in the tax judgment, sale, redemption, and forfeiture record pursuant to subsection (d) of this Section. Sec. 260. Interest on refund.

(a) In those cases which arise solely under grounds set forth in Section 255 or 395, and in no other cases, the court which orders a sale in error shall also award interest on the refund of the amount paid for the certificate of purchase, together with all costs paid by the owner of the certificate of purchase or his or her assignor which were posted to the tax judgment, sale, redemption and forfeiture record, except as otherwise provided in this Section. Except as otherwise provided in this Section, interest shall be awarded and paid at the rate of 1% per month from the date of sale to the date of payment to the tax purchaser, or in an amount equivalent to the penalty interest which would be recovered on a redemption at the time of payment pursuant to the order for sale in error, whichever is less.

(b) Interest on the refund to the owner of the certificate of purchase shall not be paid (i) in any case in which the mobile home sold has been substantially destroyed or rendered uninhabitable or otherwise unfit for occupancy, (ii) when the sale in error is made pursuant to Section 395, or (iii) in any other case where the court determines that the tax purchaser had actual knowledge prior to the sale of the grounds on which the sale is declared to be erroneous.

(c) When the county collector files a petition for sale in error under Section 255 and mails a notice thereof by certified or registered mail to the tax purchaser, any interest otherwise payable under this Section shall cease to accrue as of the date the petition is filed, unless the tax purchaser agrees to an order for sale in error upon the presentation of the petition to the court. Notices under this subsection may be mailed to the original owner of the certificate of purchase, or to the latest assignee, if known. When the owner of the certificate of purchase contests the collector's petition solely to determine whether the grounds for sale in error are such as to support a claim for interest, the court may direct that the principal amount of the refund be paid to the owner of the certificate of purchase forthwith. If the court thereafter determines that a claim for interest lies under this Section, it shall award such interest from the date of sale to the date the principal amount was paid. If the owner of the certificate of purchase files an objection to the county collector's intention to declare an administrative sale in error, as provided under subsection (c) of Section 255, and, thereafter, the county collector...

1, 2015, may, when laden, transmit upon the road surface, except when on part of the National System of Interstate and Defense Highways, the following maximum weights: 22,000 pounds on a single axle; 40,000 pounds on a tandem axle; 54,000 pounds gross weight on a 3-axle vehicle. This vehicle is not subject to the bridge formula.

(9) A 4-axle truck mixer registered as a Special Hauling Vehicle, used exclusively for the mixing and transportation of concrete in the plastic state, and not operated on a highway that is part of the National System of Interstate Highways, is allowed the following maximum weights: 20,000 pounds on any single axle; 36,000 pounds on a series of axles greater than 72 inches but not more than 96 inches; and 34,000 pounds on any series of 2 axles greater than 40 inches but not more than 72 inches. The gross weight of this vehicle may not exceed the weights allowed by the bridge formula for 4 axles. The bridge formula does not apply to any series of 3 axles while the vehicle is transporting concrete in the plastic state, but no axle or tandem axle of the series may exceed the maximum weight permitted under this paragraph (9) of subsection (a).

(10) Combinations of vehicles, registered as Special Hauling Vehicles that include a semitrailer manufactured prior to or in the model year of 2024, and registered in Illinois prior to January 1, 2025, having 5 axles with a distance of 42 feet or less between extreme axles, may not exceed the following maximum weights: 20,000 pounds on a single axle; 34,000 pounds on a tandem axle; and 72,000 pounds gross weight. This combination of vehicles is not subject to the bridge formula. For all those combinations of vehicles that include a semitrailer manufactured after the effective date of P.A. 92-0417, the overall distance between the first and last axles of the 2 sets of tandems must be 18 feet 6 inches or more. Any combination of vehicles that has had its cargo container replaced in its entirety after December 31, 2024 may not exceed the weights allowed by the bridge formula.

(11) The maximum weight allowed on a vehicle with crawler type tracks is 40,000 pounds.

(12) A combination of vehicles, including a tow truck and a disabled vehicle or disabled combination of vehicles, that exceeds the weight restriction imposed by this Code, may be operated on a public

highway in this State provided that neither the disabled vehicle nor any vehicle being towed nor the tow truck itself shall exceed the weight limitations permitted under this Chapter. During the towing operation, neither the tow truck nor the vehicle combination shall exceed 24,000 pounds on a single rear axle and 44,000 pounds on a tandem rear axle, provided the towing vehicle:

(i) is specifically designed as a tow truck having a gross vehicle weight rating of at least 18,000 pounds and is equipped with air brakes, provided that air brakes are required only if the towing vehicle is towing a vehicle, semitrailer, or tractor-trailer combination that is equipped with air brakes;

(ii) is equipped with flashing, rotating, or oscillating amber lights, visible for at least 500 feet in all directions;

(iii) is capable of utilizing the lighting and braking systems of the disabled vehicle or combination of vehicles; and

(iv) does not engage in a tow exceeding 20 miles from the initial point of wreck or disablement. Any additional movement of the vehicles may occur only upon issuance of authorization for that movement under the provisions of Sections 15-301 through 15-319 of this Code. The towing vehicle, however, may tow any disabled vehicle to a point where repairs are actually to occur. This movement shall be valid only on State routes. The tower must abide by posted bridge weight limits.

(13) Upon and during a declaration of an emergency propane supply disaster by the Governor under Section 7 of the Illinois Emergency Management Agency Act:

(i) a truck not in combination, equipped with a cargo tank, used exclusively for the transportation of propane or liquefied petroleum gas may, when laden, transmit upon the road surface, except when on part of the National System of Interstate and Defense Highways, the following maximum weights: 22,000 pounds on a single axle; 40,000 pounds on a tandem axle; 40,000 pounds gross weight on a 2-axle vehicle; 54,000 pounds gross weight on a 3-axle vehicle; and

(ii) a truck when in combination with a trailer equipped with a cargo tank used exclusively for the transportation of propane or liquefied petroleum gas may,
when laden, transmit upon the road surface, except when on part of the National System of Interstate and Defense Highways, the following maximum weights: 22,000 pounds on a single axle; 40,000 pounds on a tandem axle; 90,000 pounds gross weight on a 5 or 6-axle vehicle. Vehicles operating under this paragraph (13) are not subject to the bridge formula.

Gross weight limits shall not apply to the combination of the tow truck and vehicles being towed. The tow truck license plate must cover the operating empty weight of the tow truck only. The weight of each vehicle being towed shall be covered by a valid license plate issued to the owner or operator of the vehicle being towed and displayed on that vehicle. If no valid plate issued to the owner or operator of that vehicle is displayed on that vehicle, or the plate displayed on that vehicle does not cover the weight of the vehicle, the weight of the vehicle shall be covered by the third tow truck plate issued to the owner or operator of the tow truck and temporarily affixed to the vehicle being towed. If a roll-back carrier is registered and being used as a tow truck, however, the license plate or plates for the tow truck must cover the gross vehicle weight, including any load carried on the bed of the roll-back carrier.

The Department may by rule or regulation prescribe additional requirements. However, nothing in this Code shall prohibit a tow truck under instructions of a police officer from legally clearing a disabled vehicle, that may be in violation of weight limitations of this Chapter, from the roadway to the berm or shoulder of the highway. If in the opinion of the police officer that location is unsafe, the officer is authorized to have the disabled vehicle towed to the nearest place of safety.

For the purpose of this subsection, gross vehicle weight rating, or GVWR, means the value specified by the manufacturer as the loaded weight of the tow truck.

(b) As used in this Section, "recycling haul" or "recycling operation" means the hauling of non-hazardous, non-special, non-putrescible materials, such as paper, glass, cans, or plastic, for subsequent use in the secondary materials market.

(c) No vehicle or combination of vehicles equipped with pneumatic tires shall be operated, unladen or with load, upon the highways of this State in violation of the provisions of any permit issued under the provisions of Sections 15-301 through 15-319 of this Chapter.

New matter indicated by italics - deletions by strikeout
(d) No vehicle or combination of vehicles equipped with other than pneumatic tires may be operated, unladen or with load, upon the highways of this State when the gross weight on the road surface through any wheel exceeds 800 pounds per inch width of tire tread or when the gross weight on the road surface through any axle exceeds 16,000 pounds.

(e) No person shall operate a vehicle or combination of vehicles over a bridge or other elevated structure constituting part of a highway with a gross weight that is greater than the maximum weight permitted by the Department, when the structure is sign posted as provided in this Section.

(f) The Department upon request from any local authority shall, or upon its own initiative may, conduct an investigation of any bridge or other elevated structure constituting a part of a highway, and if it finds that the structure cannot with safety to itself withstand the weight of vehicles otherwise permissible under this Code the Department shall determine and declare the maximum weight of vehicles that the structures can withstand, and shall cause or permit suitable signs stating maximum weight to be erected and maintained before each end of the structure. No person shall operate a vehicle or combination of vehicles over any structure with a gross weight that is greater than the posted maximum weight.

(g) Upon the trial of any person charged with a violation of subsection (e) or (f) of this Section, proof of the determination of the maximum allowable weight by the Department and the existence of the signs, constitutes conclusive evidence of the maximum weight that can be maintained with safety to the bridge or structure.

PUBLIC ACT 98-0957
(Senate Bill No. 3147)

AN ACT concerning revenue.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Property Tax Code is amended by changing Section 18-173 as follows:

(35 ILCS 200/18-173)

New matter indicated by italics - deletions by strikeout
Sec. 18-173. Housing opportunity area abatement program.

(a) For the purpose of promoting access to housing near work and in order to promote economic diversity throughout Illinois and to alleviate the concentration of low-income households in areas of high poverty, a housing opportunity area tax abatement program is created.

(b) As used in this Section:

"Housing authority" means either a housing authority created under the Housing Authorities Act or other government agency that is authorized by the United States government under the United States Housing Act of 1937 to administer a housing choice voucher program, or the authorized agent of such a housing authority that is authorized to act upon that authority's behalf.

"Housing choice voucher" means a tenant voucher issued by a housing authority under Section 8 of the United States Housing Act of 1937 and a tenant voucher converted to a project-based voucher by a housing authority.

"Housing opportunity area" means a census tract where less than 10% of the residents live below the poverty level, as defined by the United States government and determined by the most recent United States census, that is located within a qualified township, except for census tracts located within any township that is located wholly within a municipality with 1,000,000 or more inhabitants. A census tract that is located within a township that is located wholly within a municipality with 1,000,000 or more inhabitants is considered a housing opportunity area if less than 12% of the residents of the census tract live below the poverty level.

"Housing opportunity unit" means a dwelling unit located in residential property that is located in a housing opportunity area, that is owned by the applicant, and that is rented to and occupied by a tenant who is participating in a housing choice voucher program administered by a housing authority as of January 1st of the tax year for which the application is made.

"Qualified units" means the number of housing opportunity units located in the property with the limitation that no more than 2 units or 20% of the total units contained within the property, whichever is greater, may be considered qualified units. Further, no unit may be considered qualified unless the property in which it is contained is in substantial compliance with local building codes, and, moreover, no unit may be considered qualified unless it meets the United States Department of Housing and Urban Development's housing quality standards as of the most recent housing authority inspection.
"Qualified township" means a township located within a county with 200,000 or more inhabitants whose tax capacity exceeds 80% of the average tax capacity of the county in which it is located, except for townships located within a county with 3,000,000 or more inhabitants, where a qualified township means a township whose tax capacity exceeds 115% of the average tax capacity of the county except for townships located wholly within a municipality with 1,000,000 or more inhabitants. All townships located wholly within a municipality with 1,000,000 or more inhabitants are considered qualified townships.

"Tax capacity" means the equalized assessed value of all taxable real estate located within a township or county divided by the total population of that township or county.

(c) The owner of property located within a housing opportunity area who has a housing choice voucher contract with a housing authority may apply for a housing opportunity area tax abatement by annually submitting an application to the housing authority that administers the housing choice voucher contract. The application must include the number of housing opportunity units as well as the total number of dwelling units contained within the property. The owner must, under oath, self-certify as to the total number of dwelling units in the property and must self-certify that the property is in substantial compliance with local building codes. The housing authority shall annually determine the number of qualified units located within each property for which an application is made.

The housing authority shall establish rules and procedures governing the application processes and may charge an application fee. The county clerk may audit the applications to determine that the properties subject to the tax abatement meet the requirements of this Section. The determination of eligibility of a property for the housing opportunity area abatement shall be made annually; however, no property may receive an abatement for more than 10 tax years.

(d) The housing authority shall determine housing opportunity areas within its service area and annually deliver to the county clerk, in a manner determined by the county clerk, a list of all properties containing qualified units within that service area by December 31st of the tax year for which the property is eligible for abatement; the list shall include the number of qualified units and the total number of dwelling units for each property.

The county clerk shall deliver annually to a housing authority, upon that housing authority's request, the most recent available equalized assessed
value for the county as a whole and for those taxing districts and townships so specified by the requesting housing authority.

(e) The county clerk shall abate the tax attributed to a portion of the property determined to be eligible for a housing opportunity area abatement. The portion eligible for abatement shall be determined by reducing the equalized assessment value by a percentage calculated using the following formula: 19% of the equalized assessed value of the property multiplied by a fraction where the numerator is the number of qualified units and denominator is the total number of dwelling units located within the property.

(f) Any municipality, except for municipalities with 1,000,000 or more inhabitants, may annually petition the county clerk to be excluded from a housing opportunity area if it is able to demonstrate that more than 2.5% of the total residential units located within that municipality are occupied by tenants under the housing choice voucher program. Properties located within an excluded municipality shall not be eligible for the housing opportunity area abatement for the tax year in which the petition is made.

(g) Applicability. This Section applies to tax years 2004 through 2024, unless extended by law.

Section 99. Effective date. This Act takes effect upon becoming law.

AN ACT concerning civil law.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Marriage and Dissolution of Marriage Act is amended by changing Sections 504 and 505 as follows:

(750 ILCS 5/504) (from Ch. 40, par. 504)

Sec. 504. Maintenance.

(a) Entitlement to maintenance. In a proceeding for dissolution of marriage or legal separation or declaration of invalidity of marriage, or a proceeding for maintenance following dissolution of the marriage by a court which lacked personal jurisdiction over the absent spouse, the court may grant a temporary or permanent maintenance award for either spouse in amounts and for periods of time as the court deems just, without regard to marital misconduct, in gross or for fixed or indefinite periods of time, and the maintenance may be paid from the income or property of the other spouse. The court shall first determine whether a maintenance award is appropriate, after consideration of all relevant factors, including:

(1) the income and property of each party, including marital property apportioned and non-marital property assigned to the party seeking maintenance;
(2) the needs of each party;
(3) the present and future earning capacity of each party;
(4) any impairment of the present and future earning capacity of the party seeking maintenance due to that party devoting time to domestic duties or having forgone or delayed education, training, employment, or career opportunities due to the marriage;
(5) the time necessary to enable the party seeking maintenance to acquire appropriate education, training, and employment, and whether that party is able to support himself or herself through appropriate employment or is the custodian of a child making it appropriate that the custodian not seek employment;
(6) the standard of living established during the marriage;
(7) the duration of the marriage;
(8) the age and the physical and emotional condition of both parties;

New matter indicated by italics - deletions by strikeout
(9) the tax consequences of the property division upon the respective economic circumstances of the parties;
(10) contributions and services by the party seeking maintenance to the education, training, career or career potential, or license of the other spouse;
(11) any valid agreement of the parties; and
(12) any other factor that the court expressly finds to be just and equitable.
(b) (Blank).
(b-1) Amount and duration of maintenance. If the court determines that a maintenance award is appropriate, the court shall order maintenance in accordance with either paragraph (1) or (2) of this subsection (b-1):
(1) Maintenance award in accordance with guidelines. In situations when the combined gross income of the parties is less than $250,000 and no multiple family situation exists, maintenance payable after the date the parties' marriage is dissolved shall be in accordance with subparagraphs (A) and (B) of this paragraph (1), unless the court makes a finding that the application of the guidelines would be inappropriate.
(A) The amount of maintenance under this paragraph (1) shall be calculated by taking 30% of the payor's gross income minus 20% of the payee's gross income. The amount calculated as maintenance, however, when added to the gross income of the payee, may not result in the payee receiving an amount that is in excess of 40% of the combined gross income of the parties.
(B) The duration of an award under this paragraph (1) shall be calculated by multiplying the length of the marriage by whichever of the following factors applies: 0-5 years (.20); 5-10 years (.40); 10-15 years (.60); or 15-20 years (.80). For a marriage of 20 or more years, the court, in its discretion, shall order either permanent maintenance or maintenance for a period equal to the length of the marriage.
(2) Maintenance award not in accordance with guidelines. Any non-guidelines award of maintenance shall be made after the court's consideration of all relevant factors set forth in subsection (a) of this Section.
(b-2) Findings. In each case involving the issue of maintenance, the court shall make specific findings of fact, as follows:

New matter indicated by italics - deletions by strikeout
(1) the court shall state its reasoning for awarding or not awarding maintenance and shall include references to each relevant factor set forth in subsection (a) of this Section; and

(2) if the court deviates from otherwise applicable guidelines under paragraph (1) of subsection (b-1), it shall state in its findings the amount of maintenance (if determinable) or duration that would have been required under the guidelines and the reasoning for any variance from the guidelines.

(b-3) Gross income. For purposes of this Section, the term "gross income" means all income from all sources, within the scope of that phase in Section 505 of this Act.

(b-4) Unallocated maintenance. Unless the parties otherwise agree, the court may not order unallocated maintenance and child support in any dissolution judgment or in any post-dissolution order. In its discretion, the court may order unallocated maintenance and child support in any pre-dissolution temporary order.

(b-4.5) Fixed-term maintenance in marriages of less than 10 years. If a court grants maintenance for a fixed period under subsection (a) of this Section at the conclusion of a case commenced before the tenth anniversary of the marriage, the court may also designate the termination of the period during which this maintenance is to be paid as a "permanent termination". The effect of this designation is that maintenance is barred after the ending date of the period during which maintenance is to be paid.

(b-5) Interest on maintenance. Any maintenance obligation including any unallocated maintenance and child support obligation, or any portion of any support obligation, that becomes due and remains unpaid shall accrue simple interest as set forth in Section 505 of this Act.

(b-7) Maintenance judgments. Any new or existing maintenance order including any unallocated maintenance and child support order entered by the court under this Section shall be deemed to be a series of judgments against the person obligated to pay support thereunder. Each such judgment to be in the amount of each payment or installment of support and each such judgment to be deemed entered as of the date the corresponding payment or installment becomes due under the terms of the support order, except no judgment shall arise as to any installment coming due after the termination of maintenance as provided by Section 510 of the Illinois Marriage and Dissolution of Marriage Act or the provisions of any order for maintenance. Each such judgment shall have the full force, effect and attributes of any other judgment of this State, including the ability to be enforced.

New matter indicated by italics - deletions by strikeout
Notwithstanding any other State or local law to the contrary, a lien arises by operation of law against the real and personal property of the obligor for each installment of overdue support owed by the obligor.

(c) Maintenance during an appeal. The court may grant and enforce the payment of maintenance during the pendency of an appeal as the court shall deem reasonable and proper.

(d) Maintenance during imprisonment. No maintenance shall accrue during the period in which a party is imprisoned for failure to comply with the court's order for the payment of such maintenance.

(e) Fees when maintenance is paid through the clerk. When maintenance is to be paid through the clerk of the court in a county of 1,000,000 inhabitants or less, the order shall direct the obligor to pay to the clerk, in addition to the maintenance payments, all fees imposed by the county board under paragraph (3) of subsection (u) of Section 27.1 of the Clerks of Courts Act. Unless paid in cash or pursuant to an order for withholding, the payment of the fee shall be by a separate instrument from the support payment and shall be made to the order of the Clerk.

(f) Maintenance secured by life insurance. An award ordered by a court upon entry of a dissolution judgment or upon entry of an award of maintenance following a reservation of maintenance in a dissolution judgment may be reasonably secured, in whole or in part, by life insurance on the payor's life on terms as to which the parties agree, or, if they do not agree, on such terms determined by the court, subject to the following:

1. With respect to existing life insurance, provided the court is apprised through evidence, stipulation, or otherwise as to level of death benefits, premium, and other relevant data and makes findings relative thereto, the court may allocate death benefits, the right to assign death benefits, or the obligation for future premium payments between the parties as it deems just.

2. To the extent the court determines that its award should be secured, in whole or in part, by new life insurance on the payor's life, the court may only order:

   i. that the payor cooperate on all appropriate steps for the payee to obtain such new life insurance; and
   ii. that the payee, at his or her sole option and expense, may obtain such new life insurance on the payor's life up to a maximum level of death benefit coverage, or descending death benefit coverage, as is set by the court, such level not to exceed a reasonable amount in light of the court's
award, with the payee or the payee's designee being the beneficiary of such life insurance. 
In determining the maximum level of death benefit coverage, the court shall take into account all relevant facts and circumstances, including the impact on access to life insurance by the maintenance payor. If in resolving any issues under paragraph (2) of this subsection (f) a court reviews any submitted or proposed application for new insurance on the life of a maintenance payor, the review shall be in camera.

(3) A judgment shall expressly set forth that all death benefits paid under life insurance on a payor's life maintained or obtained pursuant to this subsection to secure maintenance are designated as excludable from the gross income of the maintenance payee under Section 71(b)(1)(B) of the Internal Revenue Code, unless an agreement or stipulation of the parties otherwise provides.

(750 ILCS 5/505) (from Ch. 40, par. 505)
Sec. 505. Child support; contempt; penalties.

(a) In a proceeding for dissolution of marriage, legal separation, declaration of invalidity of marriage, a proceeding for child support following dissolution of the marriage by a court that lacked personal jurisdiction over the absent spouse, a proceeding for modification of a previous order for child support under Section 510 of this Act, or any proceeding authorized under Section 501 or 601 of this Act, the court may order either or both parents owing a duty of support to a child of the marriage to pay an amount reasonable and necessary for the support of the child, without regard to marital misconduct. The duty of support owed to a child includes the obligation to provide for the reasonable and necessary educational, physical, mental and emotional health needs of the child. For purposes of this Section, the term "child" shall include any child under age 18 and any child under age 19 who is still attending high school.

(1) The Court shall determine the minimum amount of support by using the following guidelines:

<tr>

(2) The above guidelines shall be applied in each case unless the court finds that a deviation from the guidelines is appropriate after considering the best interest of the child in light of the evidence, including, but not limited to, one or more of the following relevant factors:

(a) the financial resources and needs of the child;
(b) the financial resources and needs of the custodial parent;
(c) the standard of living the child would have enjoyed had the marriage not been dissolved;
(d) the physical, mental, and emotional needs of the child;
(d-5) the educational needs of the child; and
(e) the financial resources and needs of the non-custodial parent.

If the court deviates from the guidelines, the court's finding shall state the amount of support that would have been required under the guidelines, if determinable. The court shall include the reason or reasons for the variance from the guidelines.

(2.5) The court, in its discretion, in addition to setting child support pursuant to the guidelines and factors, may order either or both parents owing a duty of support to a child of the marriage to contribute to the following expenses, if determined by the court to be reasonable:

(a) health needs not covered by insurance;
(b) child care;
(c) education; and
(d) extracurricular activities.

(3) "Net income" is defined as the total of all income from all sources, minus the following deductions:

(a) Federal income tax (properly calculated withholding or estimated payments);
(b) State income tax (properly calculated withholding or estimated payments);
(c) Social Security (FICA payments);
(d) Mandatory retirement contributions required by law or as a condition of employment;

(e) Union dues;
(f) Dependent and individual health/hospitalization insurance premiums and premiums for life insurance ordered by the court to reasonably secure payment of ordered child support;
(g) Prior obligations of support or maintenance actually paid pursuant to a court order;
(g-5) Obligations pursuant to a court order for maintenance in the pending proceeding actually paid or payable under Section 504 to the same party to whom child support is to be payable;
(h) Expenditures for repayment of debts that represent reasonable and necessary expenses for the production of income, medical expenditures necessary to preserve life or health, reasonable expenditures for the benefit of the child and the other parent, exclusive of gifts. The court shall reduce net income in determining the minimum amount of support to be ordered only for the period that such payments are due and shall enter an order containing provisions for its self-executing modification upon termination of such payment period;
(i) Foster care payments paid by the Department of Children and Family Services for providing licensed foster care to a foster child.
(4) In cases where the court order provides for health/hospitalization insurance coverage pursuant to Section 505.2 of this Act, the premiums for that insurance, or that portion of the premiums for which the supporting party is responsible in the case of insurance provided through an employer's health insurance plan where the employer pays a portion of the premiums, shall be subtracted from net income in determining the minimum amount of support to be ordered.
(4.5) In a proceeding for child support following dissolution of the marriage by a court that lacked personal jurisdiction over the absent spouse, and in which the court is requiring payment of support for the period before the date an order for current support is entered, there is a rebuttable presumption that the supporting party's net income for the prior period was the same as his or her net income at the time the order for current support is entered.

New matter indicated by italics - deletions by strikeout
(5) If the net income cannot be determined because of default or any other reason, the court shall order support in an amount considered reasonable in the particular case. The final order in all cases shall state the support level in dollar amounts. However, if the court finds that the child support amount cannot be expressed exclusively as a dollar amount because all or a portion of the payor's net income is uncertain as to source, time of payment, or amount, the court may order a percentage amount of support in addition to a specific dollar amount and enter such other orders as may be necessary to determine and enforce, on a timely basis, the applicable support ordered.

(6) If (i) the non-custodial parent was properly served with a request for discovery of financial information relating to the non-custodial parent's ability to provide child support, (ii) the non-custodial parent failed to comply with the request, despite having been ordered to do so by the court, and (iii) the non-custodial parent is not present at the hearing to determine support despite having received proper notice, then any relevant financial information concerning the non-custodial parent's ability to provide child support that was obtained pursuant to subpoena and proper notice shall be admitted into evidence without the need to establish any further foundation for its admission.

(a-5) In an action to enforce an order for support based on the respondent's failure to make support payments as required by the order, notice of proceedings to hold the respondent in contempt for that failure may be served on the respondent by personal service or by regular mail addressed to the respondent's last known address. The respondent's last known address may be determined from records of the clerk of the court, from the Federal Case Registry of Child Support Orders, or by any other reasonable means.

(b) Failure of either parent to comply with an order to pay support shall be punishable as in other cases of contempt. In addition to other penalties provided by law the Court may, after finding the parent guilty of contempt, order that the parent be:

(1) placed on probation with such conditions of probation as the Court deems advisable;

(2) sentenced to periodic imprisonment for a period not to exceed 6 months; provided, however, that the Court may permit the parent to be released for periods of time during the day or night to:

(A) work; or

(B) conduct a business or other self-employed occupation.

The Court may further order any part or all of the earnings of a parent during a sentence of periodic imprisonment paid to the Clerk of the Circuit Court or to the parent having custody or to the guardian having custody of the children of the sentenced parent for the support of said children until further order of the Court.

If a parent who is found guilty of contempt for failure to comply with an order to pay support is a person who conducts a business or who is self-employed, the court in addition to other penalties provided by law may order that the parent do one or more of the following: (i) provide to the court monthly financial statements showing income and expenses from the business or the self-employment; (ii) seek employment and report periodically to the court with a diary, listing, or other memorandum of his or her employment search efforts; or (iii) report to the Department of Employment Security for job search services to find employment that will be subject to withholding for child support.

If there is a unity of interest and ownership sufficient to render no financial separation between a non-custodial parent and another person or persons or business entity, the court may pierce the ownership veil of the person, persons, or business entity to discover assets of the non-custodial parent held in the name of that person, those persons, or that business entity. The following circumstances are sufficient to authorize a court to order discovery of the assets of a person, persons, or business entity and to compel the application of any discovered assets toward payment on the judgment for support:

(1) the non-custodial parent and the person, persons, or business entity maintain records together.

(2) the non-custodial parent and the person, persons, or business entity fail to maintain an arm's length relationship between themselves with regard to any assets.

(3) the non-custodial parent transfers assets to the person, persons, or business entity with the intent to perpetrate a fraud on the custodial parent.

The court may also order in cases where the parent is 90 days or more delinquent in payment of support or has been adjudicated in arrears in an amount equal to 90 days obligation or more, that the parent's Illinois driving privileges be suspended until the court determines that the parent is in compliance with the order of support. The court may also order that the parent be issued a family financial responsibility driving permit that would allow limited driving privileges for employment and medical purposes in accordance with Section 7-702.1 of the Illinois Vehicle Code. The clerk of the circuit court shall certify the order suspending the driving privileges of the parent or granting the issuance of a family financial responsibility driving permit to the Secretary of State on forms prescribed by the Secretary. Upon receipt of the authenticated documents, the Secretary of State shall suspend the parent's driving privileges until further order of the court and shall, if ordered by the court, subject to the provisions of Section 7-702.1 of the Illinois Vehicle Code, issue a family financial responsibility driving permit to the parent.

In addition to the penalties or punishment that may be imposed under this Section, any person whose conduct constitutes a violation of Section 15 of the Non-Support Punishment Act may be prosecuted under that Act, and a person convicted under that Act may be sentenced in accordance with that Act. The sentence may include but need not be limited to a requirement that the person perform community service under Section 50 of that Act or participate in a work alternative program under Section 50 of that Act. A person may not be required to participate in a work alternative program under Section 50 of that Act if the person is currently participating in a work program pursuant to Section 505.1 of this Act.

A support obligation, or any portion of a support obligation, which becomes due and remains unpaid as of the end of each month, excluding the child support that was due for that month to the extent that it was not paid in that month, shall accrue simple interest as set forth in Section 12-109 of the Code of Civil Procedure. An order for support entered or modified on or after January 1, 2006 shall contain a statement that a support obligation required under the order, or any portion of a support obligation required under the order, that becomes due and remains unpaid as of the end of each month, excluding the child support that was due for that month to the extent that it was not paid in that month, shall accrue simple interest as set forth in Section 12-109 of the Code of Civil Procedure. (c) A one-time charge of 20% is imposable upon the amount of past-due child support owed on July 1, 1988 which has accrued under a support order entered by the court. The charge shall be imposed in accordance with the provisions of Section 10-21 of the Illinois Public Aid Code and shall be enforced by the court upon petition.

(d) Any new or existing support order entered by the court under this Section shall be deemed to be a series of judgments against the person obligated to pay support thereunder, each such judgment to be in the amount of each payment or installment of support and each such judgment to be deemed entered as of the date the corresponding payment or installment becomes due under the terms of the support order. Each such judgment shall have the full force, effect and attributes of any other judgment of this State, including the ability to be enforced. Notwithstanding any other State or local law to the contrary, a lien arises by operation of law against the real and personal property of the noncustodial parent for each installment of overdue support owed by the noncustodial parent.

(e) When child support is to be paid through the clerk of the court in a county of 1,000,000 inhabitants or less, the order shall direct the obligor to pay to the clerk, in addition to the child support payments, all fees imposed by the county board under paragraph (3) of subsection (u) of Section 27.1 of the Clerks of Courts Act. Unless paid in cash or pursuant to an order for withholding, the payment of the fee shall be by a separate instrument from the support payment and shall be made to the order of the Clerk.

(f) All orders for support, when entered or modified, shall include a provision requiring the obligor to notify the court and, in cases in which a party is receiving child and spouse services under Article X of the Illinois Public Aid Code, the Department of Healthcare and Family Services, within 7 days, (i) of the name and address of any new employer of the obligor, (ii) whether the obligor has access to health insurance coverage through the employer or other group coverage and, if so, the policy name and number and the names of persons covered under the policy, and (iii) of any new residential or mailing address or telephone number of the non-custodial parent. In any subsequent action to enforce a support order, upon a sufficient showing that a diligent effort has been made to ascertain the location of the non-custodial parent, service of process or provision of notice necessary in the case may be made at the last known address of the non-custodial parent.

in any manner expressly provided by the Code of Civil Procedure or this Act, which service shall be sufficient for purposes of due process.

(g) An order for support shall include a date on which the current support obligation terminates. The termination date shall be no earlier than the date on which the child covered by the order will attain the age of 18. However, if the child will not graduate from high school until after attaining the age of 18, then the termination date shall be no earlier than the earlier of the date on which the child's high school graduation will occur or the date on which the child will attain the age of 19. The order for support shall state that the termination date does not apply to any arrearage that may remain unpaid on that date. Nothing in this subsection shall be construed to prevent the court from modifying the order or terminating the order in the event the child is otherwise emancipated.

(g-5) If there is an unpaid arrearage or delinquency (as those terms are defined in the Income Withholding for Support Act) equal to at least one month's support obligation on the termination date stated in the order for support or, if there is no termination date stated in the order, on the date the child attains the age of majority or is otherwise emancipated, the periodic amount required to be paid for current support of that child immediately prior to that date shall automatically continue to be an obligation, not as current support but as periodic payment toward satisfaction of the unpaid arrearage or delinquency. That periodic payment shall be in addition to any periodic payment previously required for satisfaction of the arrearage or delinquency. The total periodic amount to be paid toward satisfaction of the arrearage or delinquency may be enforced and collected by any method provided by law for enforcement and collection of child support, including but not limited to income withholding under the Income Withholding for Support Act. Each order for support entered or modified on or after the effective date of this amendatory Act of the 93rd General Assembly must contain a statement notifying the parties of the requirements of this subsection. Failure to include the statement in the order for support does not affect the validity of the order or the operation of the provisions of this subsection with regard to the order. This subsection shall not be construed to prevent or affect the establishment or modification of an order for support of a minor child or the establishment or modification of an order for support of a non-minor child or educational expenses under Section 513 of this Act.

(h) An order entered under this Section shall include a provision requiring the obligor to report to the obligee and to the clerk of court within 10 days each time the obligor obtains new employment, and each time the
obligor's employment is terminated for any reason. The report shall be in writing and shall, in the case of new employment, include the name and address of the new employer. Failure to report new employment or the termination of current employment, if coupled with nonpayment of support for a period in excess of 60 days, is indirect criminal contempt. For any obligor arrested for failure to report new employment bond shall be set in the amount of the child support that should have been paid during the period of unreported employment. An order entered under this Section shall also include a provision requiring the obligor and obligee parents to advise each other of a change in residence within 5 days of the change except when the court finds that the physical, mental, or emotional health of a party or that of a child, or both, would be seriously endangered by disclosure of the party's address.

(i) The court does not lose the powers of contempt, driver's license suspension, or other child support enforcement mechanisms, including, but not limited to, criminal prosecution as set forth in this Act, upon the emancipation of the minor child or children.

(Senate Bill No. 3234)

AN ACT concerning revenue.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Environmental Protection Act is amended by changing Section 55.8 as follows:

(415 ILCS 5/55.8) (from Ch. 111 1/2, par. 1055.8)

Sec. 55.8. Tire retailers.

(a) Any person selling new or used tires at retail or offering new or used tires for retail sale in this State shall:

(1) beginning on June 20, 2003 (the effective date of Public Act 93-32), collect from retail customers a fee of $2 per new or used tire sold and delivered in this State, to be paid to the Department of

Revenue and deposited into the Used Tire Management Fund, less a collection allowance of 10 cents per tire to be retained by the retail seller and a collection allowance of 10 cents per tire to be retained by the Department of Revenue and paid into the General Revenue Fund; the collection allowance for retail sellers, however, shall be allowed only if the return is filed timely and only for the amount that is paid timely in accordance with this Title XIV;

(1.5) beginning on July 1, 2003, collect from retail customers an additional 50 cents per new or used tire sold and delivered in this State; the money collected from this fee shall be deposited into the Emergency Public Health Fund;

(2) accept for recycling used tires from customers, at the point of transfer, in a quantity equal to the number of new tires purchased; and

(3) post in a conspicuous place a written notice at least 8.5 by 11 inches in size that includes the universal recycling symbol and the following statements: "DO NOT put used tires in the trash.", "Recycle your used tires.", and "State law requires us to accept used tires for recycling, in exchange for new tires purchased."

(b) A person who accepts used tires for recycling under subsection (a) shall not allow the tires to accumulate for periods of more than 90 days.

(c) The requirements of subsection (a) of this Section do not apply to mail order sales nor shall the retail sale of a motor vehicle be considered to be the sale of tires at retail or offering of tires for retail sale. Instead of filing returns, retailers of tires may remit the tire user fee of $1.00 per tire to their suppliers of tires if the supplier of tires is a registered retailer of tires and agrees or otherwise arranges to collect and remit the tire fee to the Department of Revenue, notwithstanding the fact that the sale of the tire is a sale for resale and not a sale at retail. A tire supplier who enters into such an arrangement with a tire retailer shall be liable for the tax on all tires sold to the tire retailer and must (i) provide the tire retailer with a receipt that separately reflects the tire tax collected from the retailer on each transaction and (ii) accept used tires for recycling from the retailer's customers. The tire supplier shall be entitled to the collection allowance of 10 cents per tire, but only if the return is filed timely and only for the amount that is paid timely in accordance with this Title XIV.

The retailer of the tires must maintain in its books and records evidence that the appropriate fee was paid to the tire supplier and that the tire supplier has agreed to remit the fee to the Department of Revenue for each
tire sold by the retailer. Otherwise, the tire retailer shall be directly liable for
the fee on all tires sold at retail. Tire retailers paying the fee to their suppliers
are not entitled to the collection allowance of 10 cents per tire.

(d) The requirements of subsection (a) of this Section shall apply
exclusively to tires to be used for vehicles defined in Section 1-217 of the
Illinois Vehicle Code, aircraft tires, special mobile equipment, and
implements of husbandry.

(e) The requirements of paragraph (1) of subsection (a) do not apply
to the sale of reprocessed tires. For purposes of this Section, "reprocessed
tire" means a used tire that has been recapped, retreaded, or regrooved and
that has not been placed on a vehicle wheel rim.

Be it enacted by the People of the State of Illinois, represented in the
General Assembly:

Section 5. The Illinois Public Aid Code is amended by changing
Section 5-5 as follows:

(305 ILCS 5/5-5) (from Ch. 23, par. 5-5)

services to be provided, which may include all or part of the following: (1)
inpatient hospital services; (2) outpatient hospital services; (3) other
laboratory and X-ray services; (4) skilled nursing home services; (5)
physicians' services whether furnished in the office, the patient's home, a
hospital, a skilled nursing home, or elsewhere; (6) medical care, or any other
type of remedial care furnished by licensed practitioners; (7) home health care
services; (8) private duty nursing service; (9) clinic services; (10) dental

"services" means diagnostic, preventive, or corrective procedures provided by
or under the supervision of a dentist in the practice of his or her profession;
(11) physical therapy and related services; (12) prescribed drugs, dentures,
and prosthetic devices; and eyeglasses prescribed by a physician skilled in the
diseases of the eye, or by an optometrist, whichever the person may select;
(13) other diagnostic, screening, preventive, and rehabilitative services,
including to ensure that the individual's need for intervention or treatment of
mental disorders or substance use disorders or co-occurring mental health and
substance use disorders is determined using a uniform screening, assessment,
and evaluation process inclusive of criteria, for children and adults; for
purposes of this item (13), a uniform screening, assessment, and evaluation
process refers to a process that includes an appropriate evaluation and, as
warranted, a referral; "uniform" does not mean the use of a singular
instrument, tool, or process that all must utilize; (14) transportation and such
other expenses as may be necessary; (15) medical treatment of sexual assault
survivors, as defined in Section 1a of the Sexual Assault Survivors
Emergency Treatment Act, for injuries sustained as a result of the sexual

which may be used in criminal proceedings arising from the sexual assault;
(16) the diagnosis and treatment of sickle cell anemia; and (17) any other
medical care, and any other type of remedial care recognized under the laws
of this State, but not including abortions, or induced miscarriages or
premature births, unless, in the opinion of a physician, such procedures are
necessary for the preservation of the life of the woman seeking such
treatment, or except an induced premature birth intended to produce a live
viable child and such procedure is necessary for the health of the mother or
her unborn child. The Illinois Department, by rule, shall prohibit any
physician from providing medical assistance to anyone eligible therefor under
this Code where such physician has been found guilty of performing an
abortion procedure in a wilful and wanton manner upon a woman who was
not pregnant at the time such abortion procedure was performed. The term
"any other type of remedial care" shall include nursing care and nursing home
service for persons who rely on treatment by spiritual means alone through
prayer for healing.

Notwithstanding any other provision of this Section, a comprehensive
tobacco use cessation program that includes purchasing prescription drugs or
prescription medical devices approved by the Food and Drug Administration
shall be covered under the medical assistance program under this Article for
persons who are otherwise eligible for assistance under this Article.

New matter indicated by italics - deletions by strikeout
Notwithstanding any other provision of this Code, the Illinois Department may not require, as a condition of payment for any laboratory test authorized under this Article, that a physician’s handwritten signature appear on the laboratory test order form. The Illinois Department may, however, impose other appropriate requirements regarding laboratory test order documentation.

On and after July 1, 2012, the Department of Healthcare and Family Services may provide the following services to persons eligible for assistance under this Article who are participating in education, training or employment programs operated by the Department of Human Services as successor to the Department of Public Aid:

(1) dental services provided by or under the supervision of a dentist; and

(2) eyeglasses prescribed by a physician skilled in the diseases of the eye, or by an optometrist, whichever the person may select.

Notwithstanding any other provision of this Code and subject to federal approval, the Department may adopt rules to allow a dentist who is volunteering his or her service at no cost to render dental services through an enrolled not-for-profit health clinic without the dentist personally enrolling as a participating provider in the medical assistance program. A not-for-profit health clinic shall include a public health clinic or Federally Qualified Health Center or other enrolled provider, as determined by the Department, through which dental services covered under this Section are performed. The Department shall establish a process for payment of claims for reimbursement for covered dental services rendered under this provision.

The Illinois Department, by rule, may distinguish and classify the medical services to be provided only in accordance with the classes of persons designated in Section 5-2.

The Department of Healthcare and Family Services must provide coverage and reimbursement for amino acid-based elemental formulas, regardless of delivery method, for the diagnosis and treatment of (i) eosinophilic disorders and (ii) short bowel syndrome when the prescribing physician has issued a written order stating that the amino acid-based elemental formula is medically necessary.

The Illinois Department shall authorize the provision of, and shall authorize payment for, screening by low-dose mammography for the presence of occult breast cancer for women 35 years of age or older who are eligible for medical assistance under this Article, as follows:

(A) A baseline mammogram for women 35 to 39 years of age.

New matter indicated by italics - deletions by strikeout
(B) An annual mammogram for women 40 years of age or older.

(C) A mammogram at the age and intervals considered medically necessary by the woman's health care provider for women under 40 years of age and having a family history of breast cancer, prior personal history of breast cancer, positive genetic testing, or other risk factors.

(D) A comprehensive ultrasound screening of an entire breast or breasts if a mammogram demonstrates heterogeneous or dense breast tissue, when medically necessary as determined by a physician licensed to practice medicine in all of its branches.

All screenings shall include a physical breast exam, instruction on self-examination and information regarding the frequency of self-examination and its value as a preventative tool. For purposes of this Section, "low-dose mammography" means the x-ray examination of the breast using equipment dedicated specifically for mammography, including the x-ray tube, filter, compression device, and image receptor, with an average radiation exposure delivery of less than one rad per breast for 2 views of an average size breast. The term also includes digital mammography.

On and after January 1, 2012, providers participating in a quality improvement program approved by the Department shall be reimbursed for screening and diagnostic mammography at the same rate as the Medicare program's rates, including the increased reimbursement for digital mammography.

The Department shall convene an expert panel including representatives of hospitals, free-standing mammography facilities, and doctors, including radiologists, to establish quality standards.

Subject to federal approval, the Department shall establish a rate methodology for mammography at federally qualified health centers and other encounter-rate clinics. These clinics or centers may also collaborate with other hospital-based mammography facilities.

The Department shall establish a methodology to remind women who are age-appropriate for screening mammography, but who have not received a mammogram within the previous 18 months, of the importance and benefit of screening mammography.

The Department shall establish a performance goal for primary care providers with respect to their female patients over age 40 receiving an annual mammogram. This performance goal shall be used to provide

additional reimbursement in the form of a quality performance bonus to primary care providers who meet that goal.

The Department shall devise a means of case-managing or patient navigation for beneficiaries diagnosed with breast cancer. This program shall initially operate as a pilot program in areas of the State with the highest incidence of mortality related to breast cancer. At least one pilot program site shall be in the metropolitan Chicago area and at least one site shall be outside the metropolitan Chicago area. An evaluation of the pilot program shall be carried out measuring health outcomes and cost of care for those served by the pilot program compared to similarly situated patients who are not served by the pilot program.

Any medical or health care provider shall immediately recommend, to any pregnant woman who is being provided prenatal services and is suspected of drug abuse or is addicted as defined in the Alcoholism and Other Drug Abuse and Dependency Act, referral to a local substance abuse treatment provider licensed by the Department of Human Services or to a licensed hospital which provides substance abuse treatment services. The Department of Healthcare and Family Services shall assure coverage for the cost of treatment of the drug abuse or addiction for pregnant recipients in accordance with the Illinois Medicaid Program in conjunction with the Department of Human Services.

All medical providers providing medical assistance to pregnant women under this Code shall receive information from the Department on the availability of services under the Drug Free Families with a Future or any comparable program providing case management services for addicted women, including information on appropriate referrals for other social services that may be needed by addicted women in addition to treatment for addiction.

The Illinois Department, in cooperation with the Departments of Human Services (as successor to the Department of Alcoholism and Substance Abuse) and Public Health, through a public awareness campaign, may provide information concerning treatment for alcoholism and drug abuse and addiction, prenatal health care, and other pertinent programs directed at reducing the number of drug-affected infants born to recipients of medical assistance.

Neither the Department of Healthcare and Family Services nor the Department of Human Services shall sanction the recipient solely on the basis of her substance abuse.

The Illinois Department shall establish such regulations governing the dispensing of health services under this Article as it shall deem appropriate. The Department should seek the advice of formal professional advisory committees appointed by the Director of the Illinois Department for the purpose of providing regular advice on policy and administrative matters, information dissemination and educational activities for medical and health care providers, and consistency in procedures to the Illinois Department.

The Illinois Department may develop and contract with Partnerships of medical providers to arrange medical services for persons eligible under Section 5-2 of this Code. Implementation of this Section may be by demonstration projects in certain geographic areas. The Partnership shall be represented by a sponsor organization. The Department, by rule, shall develop qualifications for sponsors of Partnerships. Nothing in this Section shall be construed to require that the sponsor organization be a medical organization.

The sponsor must negotiate formal written contracts with medical providers for physician services, inpatient and outpatient hospital care, home health services, treatment for alcoholism and substance abuse, and other services determined necessary by the Illinois Department by rule for delivery by Partnerships. Physician services must include prenatal and obstetrical care. The Illinois Department shall reimburse medical services delivered by Partnership providers to clients in target areas according to provisions of this Article and the Illinois Health Finance Reform Act, except that:

1. Physicians participating in a Partnership and providing certain services, which shall be determined by the Illinois Department, to persons in areas covered by the Partnership may receive an additional surcharge for such services.
2. The Department may elect to consider and negotiate financial incentives to encourage the development of Partnerships and the efficient delivery of medical care.
3. Persons receiving medical services through Partnerships may receive medical and case management services above the level usually offered through the medical assistance program.

Medical providers shall be required to meet certain qualifications to participate in Partnerships to ensure the delivery of high quality medical services. These qualifications shall be determined by rule of the Illinois Department and may be higher than qualifications for participation in the medical assistance program. Partnership sponsors may prescribe reasonable

additional qualifications for participation by medical providers, only with the prior written approval of the Illinois Department.

Nothing in this Section shall limit the free choice of practitioners, hospitals, and other providers of medical services by clients. In order to ensure patient freedom of choice, the Illinois Department shall immediately promulgate all rules and take all other necessary actions so that provided services may be accessed from therapeutically certified optometrists to the full extent of the Illinois Optometric Practice Act of 1987 without discriminating between service providers.

The Department shall apply for a waiver from the United States Health Care Financing Administration to allow for the implementation of Partnerships under this Section.

The Illinois Department shall require health care providers to maintain records that document the medical care and services provided to recipients of Medical Assistance under this Article. Such records must be retained for a period of not less than 6 years from the date of service or as provided by applicable State law, whichever period is longer, except that if an audit is initiated within the required retention period then the records must be retained until the audit is completed and every exception is resolved. The Illinois Department shall require health care providers to make available, when authorized by the patient, in writing, the medical records in a timely fashion to other health care providers who are treating or serving persons eligible for Medical Assistance under this Article. All dispensers of medical services shall be required to maintain and retain business and professional records sufficient to fully and accurately document the nature, scope, details and receipt of the health care provided to persons eligible for medical assistance under this Code, in accordance with regulations promulgated by the Illinois Department. The rules and regulations shall require that proof of the receipt of prescription drugs, dentures, prosthetic devices and eyeglasses by eligible persons under this Section accompany each claim for reimbursement submitted by the dispenser of such medical services. No such claims for reimbursement shall be approved for payment by the Illinois Department without such proof of receipt, unless the Illinois Department shall have put into effect and shall be operating a system of post-payment audit and review which shall, on a sampling basis, be deemed adequate by the Illinois Department to assure that such drugs, dentures, prosthetic devices and eyeglasses for which payment is being made are actually being received by eligible recipients. Within 90 days after the effective date of this amendatory Act of 1984, the Illinois Department shall establish a current list of

New matter indicated by italics - deletions by strikeout
acquisition costs for all prosthetic devices and any other items recognized as medical equipment and supplies reimbursable under this Article and shall update such list on a quarterly basis, except that the acquisition costs of all prescription drugs shall be updated no less frequently than every 30 days as required by Section 5-5.12.

The rules and regulations of the Illinois Department shall require that a written statement including the required opinion of a physician shall accompany any claim for reimbursement for abortions, or induced miscarriages or premature births. This statement shall indicate what procedures were used in providing such medical services.

Notwithstanding any other law to the contrary, the Illinois Department shall, within 365 days after July 22, 2013 (the effective date of Public Act 98-104) this amendatory Act of the 98th General Assembly, establish procedures to permit skilled care facilities licensed under the Nursing Home Care Act to submit monthly billing claims for reimbursement purposes. Following development of these procedures, the Department shall have an additional 365 days to test the viability of the new system and to ensure that any necessary operational or structural changes to its information technology platforms are implemented.

Notwithstanding any other law to the contrary, the Illinois Department shall, within 365 days after the effective date of this amendatory Act of the 98th General Assembly, establish procedures to permit ID/DD facilities licensed under the ID/DD Community Care Act to submit monthly billing claims for reimbursement purposes. Following development of these procedures, the Department shall have an additional 365 days to test the viability of the new system and to ensure that any necessary operational or structural changes to its information technology platforms are implemented.

The Illinois Department shall require all dispensers of medical services, other than an individual practitioner or group of practitioners, desiring to participate in the Medical Assistance program established under this Article to disclose all financial, beneficial, ownership, equity, surety or other interests in any and all firms, corporations, partnerships, associations, business enterprises, joint ventures, agencies, institutions or other legal entities providing any form of health care services in this State under this Article.

The Illinois Department may require that all dispensers of medical services desiring to participate in the medical assistance program established under this Article disclose, under such terms and conditions as the Illinois Department may by rule establish, all inquiries from clients and attorneys.
regarding medical bills paid by the Illinois Department, which inquiries could indicate potential existence of claims or liens for the Illinois Department.

Enrollment of a vendor shall be subject to a provisional period and shall be conditional for one year. During the period of conditional enrollment, the Department may terminate the vendor's eligibility to participate in, or may disenroll the vendor from, the medical assistance program without cause. Unless otherwise specified, such termination of eligibility or disenrollment is not subject to the Department's hearing process. However, a disenrolled vendor may reapply without penalty.

The Department has the discretion to limit the conditional enrollment period for vendors based upon category of risk of the vendor.

Prior to enrollment and during the conditional enrollment period in the medical assistance program, all vendors shall be subject to enhanced oversight, screening, and review based on the risk of fraud, waste, and abuse that is posed by the category of risk of the vendor. The Illinois Department shall establish the procedures for oversight, screening, and review, which may include, but need not be limited to: criminal and financial background checks; fingerprinting; license, certification, and authorization verifications; unscheduled or unannounced site visits; database checks; prepayment audit reviews; audits; payment caps; payment suspensions; and other screening as required by federal or State law.

The Department shall define or specify the following: (i) by provider notice, the "category of risk of the vendor" for each type of vendor, which shall take into account the level of screening applicable to a particular category of vendor under federal law and regulations; (ii) by rule or provider notice, the maximum length of the conditional enrollment period for each category of risk of the vendor; and (iii) by rule, the hearing rights, if any, afforded to a vendor in each category of risk of the vendor that is terminated or disenrolled during the conditional enrollment period.

To be eligible for payment consideration, a vendor's payment claim or bill, either as an initial claim or as a resubmitted claim following prior rejection, must be received by the Illinois Department, or its fiscal intermediary, no later than 180 days after the latest date on the claim on which medical goods or services were provided, with the following exceptions:

(1) In the case of a provider whose enrollment is in process by the Illinois Department, the 180-day period shall not begin until the date on the written notice from the Illinois Department that the provider enrollment is complete.
(2) In the case of errors attributable to the Illinois Department or any of its claims processing intermediaries which result in an inability to receive, process, or adjudicate a claim, the 180-day period shall not begin until the provider has been notified of the error.

(3) In the case of a provider for whom the Illinois Department initiates the monthly billing process.

(4) In the case of a provider operated by a unit of local government with a population exceeding 3,000,000 when local government funds finance federal participation for claims payments. For claims for services rendered during a period for which a recipient received retroactive eligibility, claims must be filed within 180 days after the Department determines the applicant is eligible. For claims for which the Illinois Department is not the primary payer, claims must be submitted to the Illinois Department within 180 days after the final adjudication by the primary payer.

In the case of long term care facilities, admission documents shall be submitted within 30 days of an admission to the facility through the Medical Electronic Data Interchange (MEDI) or the Recipient Eligibility Verification (REV) System, or shall be submitted directly to the Department of Human Services using required admission forms. Confirmation numbers assigned to an accepted transaction shall be retained by a facility to verify timely submittal. Once an admission transaction has been completed, all resubmitted claims following prior rejection are subject to receipt no later than 180 days after the admission transaction has been completed.

Claims that are not submitted and received in compliance with the foregoing requirements shall not be eligible for payment under the medical assistance program, and the State shall have no liability for payment of those claims.

To the extent consistent with applicable information and privacy, security, and disclosure laws, State and federal agencies and departments shall provide the Illinois Department access to confidential and other information and data necessary to perform eligibility and payment verifications and other Illinois Department functions. This includes, but is not limited to: information pertaining to licensure; certification; earnings; immigration status; citizenship; wage reporting; unearned and earned income; pension income; employment; supplemental security income; social security numbers; National Provider Identifier (NPI) numbers; the National Practitioner Data Bank (NPDB); program and agency exclusions; taxpayer identification numbers; and other information necessary to carry out the functions of the Illinois Department.

identification numbers; tax delinquency; corporate information; and death records.

The Illinois Department shall enter into agreements with State agencies and departments, and is authorized to enter into agreements with federal agencies and departments, under which such agencies and departments shall share data necessary for medical assistance program integrity functions and oversight. The Illinois Department shall develop, in cooperation with other State departments and agencies, and in compliance with applicable federal laws and regulations, appropriate and effective methods to share such data. At a minimum, and to the extent necessary to provide data sharing, the Illinois Department shall enter into agreements with State agencies and departments, and is authorized to enter into agreements with federal agencies and departments, including but not limited to: the Secretary of State; the Department of Revenue; the Department of Public Health; the Department of Human Services; and the Department of Financial and Professional Regulation.

Beginning in fiscal year 2013, the Illinois Department shall set forth a request for information to identify the benefits of a pre-payment, post-adjudication, and post-edit claims system with the goals of streamlining claims processing and provider reimbursement, reducing the number of pending or rejected claims, and helping to ensure a more transparent adjudication process through the utilization of: (i) provider data verification and provider screening technology; and (ii) clinical code editing; and (iii) pre-pay, pre- or post-adjudicated predictive modeling with an integrated case management system with link analysis. Such a request for information shall not be considered as a request for proposal or as an obligation on the part of the Illinois Department to take any action or acquire any products or services.

The Illinois Department shall establish policies, procedures, standards and criteria by rule for the acquisition, repair and replacement of orthotic and prosthetic devices and durable medical equipment. Such rules shall provide, but not be limited to, the following services: (1) immediate repair or replacement of such devices by recipients; and (2) rental, lease, purchase or lease-purchase of durable medical equipment in a cost-effective manner, taking into consideration the recipient's medical prognosis, the extent of the recipient's needs, and the requirements and costs for maintaining such equipment. Subject to prior approval, such rules shall enable a recipient to temporarily acquire and use alternative or substitute devices or equipment pending repairs or replacements of any device or equipment previously authorized for such recipient by the Department.

New matter indicated by italics - deletions by strikeout
The Department shall execute, relative to the nursing home prescreening project, written inter-agency agreements with the Department of Human Services and the Department on Aging, to effect the following: (i) intake procedures and common eligibility criteria for those persons who are receiving non-institutional services; and (ii) the establishment and development of non-institutional services in areas of the State where they are not currently available or are undeveloped; and (iii) notwithstanding any other provision of law, subject to federal approval, on and after July 1, 2012, an increase in the determination of need (DON) scores from 29 to 37 for applicants for institutional and home and community-based long term care; if and only if federal approval is not granted, the Department may, in conjunction with other affected agencies, implement utilization controls or changes in benefit packages to effectuate a similar savings amount for this population; and (iv) no later than July 1, 2013, minimum level of care eligibility criteria for institutional and home and community-based long term care; and (v) no later than October 1, 2013, establish procedures to permit long term care providers access to eligibility scores for individuals with an admission date who are seeking or receiving services from the long term care provider. In order to select the minimum level of care eligibility criteria, the Governor shall establish a workgroup that includes affected agency representatives and stakeholders representing the institutional and home and community-based long term care interests. This Section shall not restrict the Department from implementing lower level of care eligibility criteria for community-based services in circumstances where federal approval has been granted.

The Illinois Department shall develop and operate, in cooperation with other State Departments and agencies and in compliance with applicable federal laws and regulations, appropriate and effective systems of health care evaluation and programs for monitoring of utilization of health care services and facilities, as it affects persons eligible for medical assistance under this Code.

The Illinois Department shall report annually to the General Assembly, no later than the second Friday in April of 1979 and each year thereafter, in regard to:

(a) actual statistics and trends in utilization of medical services by public aid recipients;
(b) actual statistics and trends in the provision of the various medical services by medical vendors;

New matter indicated by italics - deletions by strikeout
(c) current rate structures and proposed changes in those rate structures for the various medical vendors; and
(d) efforts at utilization review and control by the Illinois Department.

The period covered by each report shall be the 3 years ending on the June 30 prior to the report. The report shall include suggested legislation for consideration by the General Assembly. The filing of one copy of the report with the Speaker, one copy with the Minority Leader and one copy with the Clerk of the House of Representatives, one copy with the President, one copy with the Minority Leader and one copy with the Secretary of the Senate, one copy with the Legislative Research Unit, and such additional copies with the State Government Report Distribution Center for the General Assembly as is required under paragraph (t) of Section 7 of the State Library Act shall be deemed sufficient to comply with this Section.

Rulemaking authority to implement Public Act 95-1045, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

On and after July 1, 2012, the Department shall reduce any rate of reimbursement for services or other payments or alter any methodologies authorized by this Code to reduce any rate of reimbursement for services or other payments in accordance with Section 5-5e.

AN ACT concerning revenue.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Motor Fuel Tax Law is amended by changing Section 13a.3 as follows:

(35 ILCS 505/13a.3) (from Ch. 120, par. 429a3)

Sec. 13a.3. Every person holding a valid unrevoked motor fuel use tax license issued under Section 13a.4 of this Act shall, on or before the last day of the month next succeeding any calendar quarter, file with the Department a report, in such form as the Department may by rule or regulation prescribe, setting forth a statement of the number of miles traveled in every jurisdiction and in this State during the previous calendar quarter, the number of gallons and type of reportable motor fuel consumed on the highways of every jurisdiction and of this State, and the total number of gallons and types of tax paid fuel purchased within every jurisdiction during said previous calendar quarter. A motor carrier who purchases motor fuel in this State who pays a tax thereon under any section of the Motor Fuel Tax Law other than Sections 13a, 13a.1, 13a.2 and 13a.3, and who does not apply for a refund under Section 13 of the Motor Fuel Tax Law, shall receive a gallon for gallon credit against his liability under Sections 13a, 13a.1, 13a.2 and 13a.3 hereof. The rate under Section 2 of this Act shall apply to each gallon of motor fuel used by such motor carrier on the highways of Illinois during the previous calendar quarter in excess of the motor fuel purchased in Illinois during such previous calendar quarter.

The rate under subsection (2) of Section 13a of this Act shall apply to each gallon of motor fuel used by such motor carrier on the highways of Illinois during the previous calendar quarter. For purposes of the preceding paragraphs "used" shall be determined as provided in Section 13a.2 of this Act.

For such motor fuel consumed during the previous calendar quarter, said tax shall be payable on the last day of the month next succeeding such previous calendar quarter and shall bear interest until paid at the rate established by the International Motor Fuel Tax Agreement, as now and hereafter amended of 1% per month or fraction of month until paid. Motor carriers required to file bonds under Section 13a.4 of this Act shall make tax payments to the Department by certified check.

Reports not filed by the due date shall be considered late and any taxes due considered delinquent. The licensee may be assessed a penalty of $50 or 10% of the delinquent taxes, whichever is greater, for failure to file a report, or for filing a late report, or for underpayment of taxes due.

As to each gallon of motor fuel purchased in Illinois by such motor carrier during the previous calendar quarter in excess of the number of gallons of motor fuel used by such motor carrier on the highways of Illinois during such previous calendar quarter, the taxpayer may take a credit for the current calendar quarter or the Department may issue a credit memorandum or refund to such motor carrier for any tax imposed by Part (a) of Section 13a of this Act paid on each such gallon. If a credit is given, the credit memorandum shall be carried over to offset liabilities of the licensee until the credit is fully offset or until 8 calendar quarters pass after the end of the calendar quarter in which the credit accrued, whichever occurs sooner.

A motor carrier who purchases motor fuel in this State shall be entitled to a refund under this Section or a credit against all his liabilities under Sections 13a, 13a.1, 13a.2 and 13a.3 hereof for taxes imposed by the Use Tax Act, the Retailers' Occupation Tax Act, the Municipal Retailers' Occupation Tax Act and the County Retailers' Occupation Tax Act on such motor fuel at a rate equal to that established by subsection (2) of Section 13a of this Act, provided that such taxes have been paid by the taxpayer and such taxes have been charged to the motor carrier claiming the credit or refund.

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Higher Education Student Assistance Act is amended by changing Section 35 as follows:

110 ILCS 947/35
Sec. 35. Monetary award program.
(a) The Commission shall, each year, receive and consider applications for grant assistance under this Section. Subject to a separate appropriation for such purposes, an applicant is eligible for a grant under this Section when the Commission finds that the applicant:

(1) is a resident of this State and a citizen or permanent resident of the United States; and

(2) in the absence of grant assistance, will be deterred by financial considerations from completing an educational program at the qualified institution of his or her choice.
(b) The Commission shall award renewals only upon the student's application and upon the Commission's finding that the applicant:

(1) has remained a student in good standing;

(2) remains a resident of this State; and

(3) is in a financial situation that continues to warrant assistance.
(c) All grants shall be applicable only to tuition and necessary fee costs. The Commission shall determine the grant amount for each student, which shall not exceed the smallest of the following amounts:

(1) subject to appropriation, $5,468 for fiscal year 2009, $5,968 for fiscal year 2010, and $6,468 for fiscal year 2011 and each fiscal year thereafter, or such lesser amount as the Commission finds to be available, during an academic year;

(2) the amount which equals 2 semesters or 3 quarters tuition and other necessary fees required generally by the institution of all full-time undergraduate students; or

New matter indicated by italics - deletions by strikeout
(3) such amount as the Commission finds to be appropriate in view of the applicant's financial resources.

Subject to appropriation, the maximum grant amount for students not subject to subdivision (1) of this subsection (c) must be increased by the same percentage as any increase made by law to the maximum grant amount under subdivision (1) of this subsection (c).

"Tuition and other necessary fees" as used in this Section include the customary charge for instruction and use of facilities in general, and the additional fixed fees charged for specified purposes, which are required generally of nongrant recipients for each academic period for which the grant applicant actually enrolls, but do not include fees payable only once or breakage fees and other contingent deposits which are refundable in whole or in part. The Commission may prescribe, by rule not inconsistent with this Section, detailed provisions concerning the computation of tuition and other necessary fees.

(d) No applicant, including those presently receiving scholarship assistance under this Act, is eligible for monetary award program consideration under this Act after receiving a baccalaureate degree or the equivalent of 135 semester credit hours of award payments.

(e) The Commission, in determining the number of grants to be offered, shall take into consideration past experience with the rate of grant funds unclaimed by recipients. The Commission shall notify applicants that grant assistance is contingent upon the availability of appropriated funds.

(e-5) The General Assembly finds and declares that it is an important purpose of the Monetary Award Program to facilitate access to college both for students who pursue postsecondary education immediately following high school and for those who pursue postsecondary education later in life, particularly Illinoisans who are dislocated workers with financial need and who are seeking to improve their economic position through education. For the 2015-2016 and 2016-2017 academic years, the Commission shall give additional and specific consideration to the needs of dislocated workers with the intent of allowing applicants who are dislocated workers an opportunity to secure financial assistance even if applying later than the general pool of applicants. The Commission's consideration shall include, in determining the number of grants to be offered, an estimate of the resources needed to serve dislocated workers who apply after the Commission initially suspends award announcements for the upcoming regular academic year, but prior to the beginning of that academic year. For the purposes of this subsection (e-5),

a dislocated worker is defined as in the federal Workforce Investment Act of 1998.

(f) The Commission may request appropriations for deposit into the Monetary Award Program Reserve Fund. Monies deposited into the Monetary Award Program Reserve Fund may be expended exclusively for one purpose: to make Monetary Award Program grants to eligible students. Amounts on deposit in the Monetary Award Program Reserve Fund may not exceed 2% of the current annual State appropriation for the Monetary Award Program.

The purpose of the Monetary Award Program Reserve Fund is to enable the Commission each year to assure as many students as possible of their eligibility for a Monetary Award Program grant and to do so before commencement of the academic year. Moneys deposited in this Reserve Fund are intended to enhance the Commission's management of the Monetary Award Program, minimizing the necessity, magnitude, and frequency of adjusting award amounts and ensuring that the annual Monetary Award Program appropriation can be fully utilized.

(g) The Commission shall determine the eligibility of and make grants to applicants enrolled at qualified for-profit institutions in accordance with the criteria set forth in this Section. The eligibility of applicants enrolled at such for-profit institutions shall be limited as follows:

   (1) Beginning with the academic year 1997, only to eligible first-time freshmen and first-time transfer students who have attained an associate degree.

   (2) Beginning with the academic year 1998, only to eligible freshmen students, transfer students who have attained an associate degree, and students who receive a grant under paragraph (1) for the academic year 1997 and whose grants are being renewed for the academic year 1998.

   (3) Beginning with the academic year 1999, to all eligible students.

AN ACT concerning gaming.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Horse Racing Act of 1975 is amended by changing Section 26 as follows:

Sec. 26. Wagering.
(a) Any licensee may conduct and supervise the pari-mutuel system of wagering, as defined in Section 3.12 of this Act, on horse races conducted by an Illinois organization licensee or conducted at a racetrack located in another state or country and televised in Illinois in accordance with subsection (g) of Section 26 of this Act. Subject to the prior consent of the Board, licensees may supplement any pari-mutuel pool in order to guarantee a minimum distribution. Such pari-mutuel method of wagering shall not, under any circumstances if conducted under the provisions of this Act, be held or construed to be unlawful, other statutes of this State to the contrary notwithstanding. Subject to rules for advance wagering promulgated by the Board, any licensee may accept wagers in advance of the day of the race wagered upon occurs.

(b) No other method of betting, pool making, wagering or gambling shall be used or permitted by the licensee. Each licensee may retain, subject to the payment of all applicable taxes and purses, an amount not to exceed 17% of all money wagered under subsection (a) of this Section, except as may otherwise be permitted under this Act.

(b-5) An individual may place a wager under the pari-mutuel system from any licensed location authorized under this Act provided that wager is electronically recorded in the manner described in Section 3.12 of this Act. Any wager made electronically by an individual while physically on the premises of a licensee shall be deemed to have been made at the premises of that licensee.

(c) Until January 1, 2000, the sum held by any licensee for payment of outstanding pari-mutuel tickets, if unclaimed prior to December 31 of the next year, shall be retained by the licensee for payment of such tickets until that date. Within 10 days thereafter, the balance of such sum remaining unclaimed, less any uncashed supplements contributed by such licensee for the purpose of guaranteeing minimum distributions of any pari-mutuel pool,
shall be paid to the Illinois Veterans' Rehabilitation Fund of the State treasury, except as provided in subsection (g) of Section 27 of this Act.

(c-5) Beginning January 1, 2000, the sum held by any licensee for payment of outstanding pari-mutuel tickets, if unclaimed prior to December 31 of the next year, shall be retained by the licensee for payment of such tickets until that date. Within 10 days thereafter, the balance of such sum remaining unclaimed, less any uncashed supplements contributed by such licensee for the purpose of guaranteeing minimum distributions of any pari-mutuel pool, shall be evenly distributed to the purse account of the organization licensee and the organization licensee.

(d) A pari-mutuel ticket shall be honored until December 31 of the next calendar year, and the licensee shall pay the same and may charge the amount thereof against unpaid money similarly accumulated on account of pari-mutuel tickets not presented for payment.

(e) No licensee shall knowingly permit any minor, other than an employee of such licensee or an owner, trainer, jockey, driver, or employee thereof, to be admitted during a racing program unless accompanied by a parent or guardian, or any minor to be a patron of the pari-mutuel system of wagering conducted or supervised by it. The admission of any unaccompanied minor, other than an employee of the licensee or an owner, trainer, jockey, driver, or employee thereof at a race track is a Class C misdemeanor.

(f) Notwithstanding the other provisions of this Act, an organization licensee may contract with an entity in another state or country to permit any legal wagering entity in another state or country to accept wagers solely within such other state or country on races conducted by the organization licensee in this State. Beginning January 1, 2000, these wagers shall not be subject to State taxation. Until January 1, 2000, when the out-of-State entity conducts a pari-mutuel pool separate from the organization licensee, a privilege tax equal to 7 1/2% of all monies received by the organization licensee from entities in other states or countries pursuant to such contracts is imposed on the organization licensee, and such privilege tax shall be remitted to the Department of Revenue within 48 hours of receipt of the moneys from the simulcast. When the out-of-State entity conducts a combined pari-mutuel pool with the organization licensee, the tax shall be 10% of all monies received by the organization licensee with 25% of the receipts from this 10% tax to be distributed to the county in which the race was conducted.

New matter indicated by italics - deletions by strikeout
An organization licensee may permit one or more of its races to be utilized for pari-mutuel wagering at one or more locations in other states and may transmit audio and visual signals of races the organization licensee conducts to one or more locations outside the State or country and may also permit pari-mutuel pools in other states or countries to be combined with its gross or net wagering pools or with wagering pools established by other states.

(g) A host track may accept interstate simulcast wagers on horse races conducted in other states or countries and shall control the number of signals and types of breeds of racing in its simulcast program, subject to the disapproval of the Board. The Board may prohibit a simulcast program only if it finds that the simulcast program is clearly adverse to the integrity of racing. The host track simulcast program shall include the signal of live racing of all organization licensees. All non-host licensees and advance deposit wagering licensees shall carry the signal of and accept wagers on live racing of all organization licensees. Advance deposit wagering licensees shall not be permitted to accept out-of-state wagers on any Illinois signal provided pursuant to this Section without the approval and consent of the organization licensee providing the signal. For one year after the effective date of this amendatory Act of the 98th General Assembly, non-host licensees may carry the host track simulcast program and shall accept wagers on all races included as part of the simulcast program of horse races conducted at race tracks located within North America upon which wagering is permitted. For a period of one year after the effective date of this amendatory Act of the 98th General Assembly, on horse races conducted at race tracks located outside of North America, non-host licensees may accept wagers on all races included as part of the simulcast program upon which wagering is permitted. Beginning one year after the effective date of this amendatory Act of the 98th General Assembly, non-host licensees may carry the host track simulcast program and shall accept wagers on all races included as part of the simulcast program upon which wagering is permitted. All organization licensees shall provide their live signal to all advance deposit wagering licensees for a simulcast commission fee not to exceed 6% of the advance deposit wagering licensee's Illinois handle on the organization licensee's signal without prior approval by the Board. The Board may adopt rules under which it may permit simulcast commission fees in excess of 6%. The Board shall adopt rules limiting the interstate commission fees charged to an advance deposit wagering licensee. The Board shall adopt rules regarding advance deposit wagering on interstate simulcast races that shall reflect,
among other things, the General Assembly's desire to maximize revenues to the State, horsemen purses, and organizational licensees. However, organization licensees providing live signals pursuant to the requirements of this subsection (g) may petition the Board to withhold their live signals from an advance deposit wagering licensee if the organization licensee discovers and the Board finds reputable or credible information that the advance deposit wagering licensee is under investigation by another state or federal governmental agency, the advance deposit wagering licensee's license has been suspended in another state, or the advance deposit wagering licensee's license is in revocation proceedings in another state. The organization licensee's provision of their live signal to an advance deposit wagering licensee under this subsection (g) pertains to wagers placed from within Illinois. Advance deposit wagering licensees may place advance deposit wagering terminals at wagering facilities as a convenience to customers. The advance deposit wagering licensee shall not charge or collect any fee from purses for the placement of the advance deposit wagering terminals. The costs and expenses of the host track and non-host licensees associated with interstate simulcast wagering, other than the interstate commission fee, shall be borne by the host track and all non-host licensees incurring these costs. The interstate commission fee shall not exceed 5% of Illinois handle on the interstate simulcast race or races without prior approval of the Board. The Board shall promulgate rules under which it may permit interstate commission fees in excess of 5%. The interstate commission fee and other fees charged by the sending racetrack, including, but not limited to, satellite decoder fees, shall be uniformly applied to the host track and all non-host licensees.

Notwithstanding any other provision of this Act, until February 1, 2017, an organization licensee, with the consent of the horsemen association representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting, may maintain a system whereby advance deposit wagering may take place or an organization licensee, with the consent of the horsemen association representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting, may contract with another person to carry out a system of advance deposit wagering. Such consent may not be unreasonably withheld. Only with respect to an appeal to the Board that consent for an organization licensee that maintains its own advance deposit wagering system is being unreasonably withheld, the Board shall issue a final order within 30 days after initiation of

the appeal, and the organization licensee's advance deposit wagering system may remain operational during that 30-day period. The actions of any organization licensee who conducts advance deposit wagering or any person who has a contract with an organization licensee to conduct advance deposit wagering who conducts advance deposit wagering on or after January 1, 2013 and prior to the effective date of this amendatory Act of the 98th General Assembly taken in reliance on the changes made to this subsection (g) by this amendatory Act of the 98th General Assembly are hereby validated, provided payment of all applicable pari-mutuel taxes are remitted to the Board. All advance deposit wagers placed from within Illinois must be placed through a Board-approved advance deposit wagering licensee; no other entity may accept an advance deposit wager from a person within Illinois. All advance deposit wagering is subject to any rules adopted by the Board. The Board may adopt rules necessary to regulate advance deposit wagering through the use of emergency rulemaking in accordance with Section 5-45 of the Illinois Administrative Procedure Act. The General Assembly finds that the adoption of rules to regulate advance deposit wagering is deemed an emergency and necessary for the public interest, safety, and welfare. An advance deposit wagering licensee may retain all moneys as agreed to by contract with an organization licensee. Any moneys retained by the organization licensee from advance deposit wagering, not including moneys retained by the advance deposit wagering licensee, shall be paid 50% to the organization licensee's purse account and 50% to the organization licensee. With the exception of any organization licensee that is owned by a publicly traded company that is incorporated in a state other than Illinois and advance deposit wagering licensees under contract with such organization licensees, organization licensees that maintain advance deposit wagering systems and advance deposit wagering licensees that contract with organization licensees shall provide sufficiently detailed monthly accountings to the horsemen association representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting so that the horsemen association, as an interested party, can confirm the accuracy of the amounts paid to the purse account at the horsemen association's affiliated organization licensee from advance deposit wagering. If more than one breed races at the same race track facility, then the 50% of the moneys to be paid to an organization licensee's purse account shall be allocated among all organization licensees' purse accounts operating at that race track facility proportionately based on the actual number of host days that the Board grants to that breed at that race track facility in the current calendar year. To the

extent any fees from advance deposit wagering conducted in Illinois for wagers in Illinois or other states have been placed in escrow or otherwise withheld from wagers pending a determination of the legality of advance deposit wagering, no action shall be brought to declare such wagers or the disbursement of any fees previously escrowed illegal.

(1) Between the hours of 6:30 a.m. and 6:30 p.m. an intertrack wagering licensee other than the host track may supplement the host track simulcast program with additional simulcast races or race programs, provided that between January 1 and the third Friday in February of any year, inclusive, if no live thoroughbred racing is occurring in Illinois during this period, only thoroughbred races may be used for supplemental interstate simulcast purposes. The Board shall withhold approval for a supplemental interstate simulcast only if it finds that the simulcast is clearly adverse to the integrity of racing. A supplemental interstate simulcast may be transmitted from an intertrack wagering licensee to its affiliated non-host licensees. The interstate commission fee for a supplemental interstate simulcast shall be paid by the non-host licensee and its affiliated non-host licensees receiving the simulcast.

(2) Between the hours of 6:30 p.m. and 6:30 a.m. an intertrack wagering licensee other than the host track may receive supplemental interstate simulcasts only with the consent of the host track, except when the Board finds that the simulcast is clearly adverse to the integrity of racing. Consent granted under this paragraph (2) to any intertrack wagering licensee shall be deemed consent to all non-host licensees. The interstate commission fee for the supplemental interstate simulcast shall be paid by all participating non-host licensees.

(3) Each licensee conducting interstate simulcast wagering may retain, subject to the payment of all applicable taxes and the purses, an amount not to exceed 17% of all money wagered. If any licensee conducts the pari-mutuel system wagering on races conducted at racetracks in another state or country, each such race or race program shall be considered a separate racing day for the purpose of determining the daily handle and computing the privilege tax of that daily handle as provided in subsection (a) of Section 27. Until January 1, 2000, from the sums permitted to be retained pursuant to this subsection, each intertrack wagering location licensee shall pay 1% of the pari-mutuel handle wagered on simulcast wagering to the

Horse Racing Tax Allocation Fund, subject to the provisions of subparagraph (B) of paragraph (11) of subsection (h) of Section 26 of this Act.

(4) A licensee who receives an interstate simulcast may combine its gross or net pools with pools at the sending racetracks pursuant to rules established by the Board. All licensees combining their gross pools at a sending racetrack shall adopt the take-out percentages of the sending racetrack. A licensee may also establish a separate pool and takeout structure for wagering purposes on races conducted at race tracks outside of the State of Illinois. The licensee may permit pari-mutuel wagers placed in other states or countries to be combined with its gross or net wagering pools or other wagering pools.

(5) After the payment of the interstate commission fee (except for the interstate commission fee on a supplemental interstate simulcast, which shall be paid by the host track and by each non-host licensee through the host-track) and all applicable State and local taxes, except as provided in subsection (g) of Section 27 of this Act, the remainder of moneys retained from simulcast wagering pursuant to this subsection (g), and Section 26.2 shall be divided as follows:

(A) For interstate simulcast wagers made at a host track, 50% to the host track and 50% to purses at the host track.

(B) For wagers placed on interstate simulcast races, supplemental simulcasts as defined in subparagraphs (1) and (2), and separately pooled races conducted outside of the State of Illinois made at a non-host licensee, 25% to the host track, 25% to the non-host licensee, and 50% to the purses at the host track.

(6) Notwithstanding any provision in this Act to the contrary, non-host licensees who derive their licenses from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River may receive supplemental interstate simulcast races at all times subject to Board approval, which shall be withheld only upon a finding that a supplemental interstate simulcast is clearly adverse to the integrity of racing.

(7) Notwithstanding any provision of this Act to the contrary, after payment of all applicable State and local taxes and interstate commission fees, non-host licensees who derive their licenses from
a track located in a county with a population in excess of 230,000 and that borders the Mississippi River shall retain 50% of the retention from interstate simulcast wagers and shall pay 50% to purses at the track from which the non-host licensee derives its license as follows:

(A) If the licensee that conducts horse racing at that racetrack requests from the Board at least as many racing dates as were conducted in calendar year 2000, 80% shall be deposited into its standardbred purse account; and

(B) Twenty percent shall be deposited into the Illinois Colt Stakes Purse Distribution Fund. Moneys deposited into the Illinois Colt Stakes Purse Distribution Fund pursuant to this subparagraph (B) shall be paid to Illinois conceived and foaled thoroughbred breeders’ programs and to thoroughbred purses for races conducted at any county fairgrounds for Illinois conceived and foaled horses at the discretion of the Department of Agriculture, with the advice and assistance of the Illinois Thoroughbred Breeders Fund Advisory Board. paid to thoroughbred purses under this Act, and shall not be commingled with other moneys deposited into that Fund.

(7.3) If no live standardbred racing is conducted at a racetrack located in Madison County in calendar year 2000 or 2001, an organization licensee who is licensed to conduct horse racing at that racetrack shall, before January 1, 2002, pay all moneys derived from simulcast wagering and inter-track wagering in calendar years 2000 and 2001 and paid into the licensee's standardbred purse account as follows:

Failure to make the payment to the Illinois Colt Stakes Purse Distribution Fund before January 1, 2002 shall result in the immediate revocation of the licensee's organization license, inter-track wagering license, and inter-track wagering location license.

Moneys paid into the Illinois Colt Stakes Purse Distribution Fund pursuant to this paragraph (7.3) shall be paid to purses for standardbred races for Illinois conceived and foaled horses conducted at any county fairgrounds. Moneys paid into the Illinois Colt Stakes Purse Distribution Fund pursuant to this paragraph (7.3) shall be used as determined by the Department of Agriculture, with the advice and assistance of the Illinois Standardbred Breeders Fund Advisory Board, shall be in addition to and not in lieu of any other moneys paid to standardbred purses under this Act, and shall not be commingled with any other moneys paid into that Fund.

(7.4) If live standardbred racing is conducted at a racetrack located in Madison County at any time in calendar year 2001 before the payment required under paragraph (7.3) has been made, the organization licensee who is licensed to conduct racing at that racetrack shall pay all moneys derived by that racetrack from simulcast wagering and inter-track wagering during calendar years 2000 and 2001 that (1) are to be used for purses and (2) are generated between the hours of 6:30 p.m. and 6:30 a.m. during 2000 or 2001 to the standardbred purse account at that racetrack to be used for standardbred purses.

(8.1) Notwithstanding any provisions in this Act to the contrary, if 2 organization licensees are conducting standardbred race meetings concurrently between the hours of 6:30 p.m. and 6:30 a.m., after payment of all applicable State and local taxes and interstate commission fees, the remainder of the amount retained from simulcast wagering otherwise attributable to the host track and to host track purses shall be split daily between the 2 organization licensees and the purses at the tracks of the 2 organization licensees, respectively, based on each organization licensee's share of the total live handle for that day, provided that this provision shall not apply to any non-host licensee that derives its license from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River.

(12) The Board shall have authority to compel all host tracks to receive the simulcast of any or all races conducted at the Springfield or DuQuoin State fairgrounds and include all such races as part of their simulcast programs.

(13) Notwithstanding any other provision of this Act, in the event that the total Illinois pari-mutuel handle on Illinois horse races at all wagering facilities in any calendar year is less than 75% of the total Illinois pari-mutuel handle on Illinois horse races at all such wagering facilities for calendar year 1994, then each wagering facility that has an annual total Illinois pari-mutuel handle on Illinois horse races that is less than 75% of the total Illinois pari-mutuel handle on Illinois horse races at such wagering facility for calendar year 1994, shall be permitted to receive, from any amount otherwise payable to the purse account at the race track with which the wagering facility is affiliated in the succeeding calendar year, an amount equal to 2% of the differential in total Illinois pari-mutuel handle on Illinois horse races at the wagering facility between that calendar year in question and 1994 provided, however, that a wagering facility shall not be entitled to any such payment until the Board certifies in writing to the

wagering facility to which the wagering facility is entitled and a schedule for payment of the amount to the wagering facility, based on: (i) the racing dates awarded to the race track affiliated with the wagering facility during the succeeding year; (ii) the sums available or anticipated to be available in the purse account of the race track affiliated with the wagering facility for purses during the succeeding year; and (iii) the need to ensure reasonable purse levels during the payment period. The Board's certification shall be provided no later than January 31 of the succeeding year. In the event a wagering facility entitled to a payment under this paragraph (13) is affiliated with a race track that maintains purse accounts for both standardbred and thoroughbred racing, the amount to be paid to the wagering facility shall be divided between each purse account pro rata, based on the amount of Illinois handle on Illinois standardbred and thoroughbred racing respectively at the wagering facility during the previous calendar year. Annually, the General Assembly shall appropriate sufficient funds from the General Revenue Fund to the Department of Agriculture for payment into the thoroughbred and standardbred horse racing purse accounts at Illinois pari-mutuel tracks. The amount paid to each purse account shall be the amount certified by the Illinois Racing Board in January to be transferred from each account to each eligible racing facility in accordance with the provisions of this Section.

(h) The Board may approve and license the conduct of inter-track wagering and simulcast wagering by inter-track wagering licensees and inter-track wagering location licensees subject to the following terms and conditions:

(1) Any person licensed to conduct a race meeting (i) at a track where 60 or more days of racing were conducted during the immediately preceding calendar year or where over the 5 immediately preceding calendar years an average of 30 or more days of racing were conducted annually may be issued an inter-track wagering license; (ii) at a track located in a county that is bounded by the Mississippi River, which has a population of less than 150,000 according to the 1990 decennial census, and an average of at least 60 days of racing per year between 1985 and 1993 may be issued an inter-track wagering license; or (iii) at a track located in Madison County that conducted at least 100 days of live racing during the immediately preceding calendar year may be issued an inter-track wagering license.

wagering license, unless a lesser schedule of live racing is the result of (A) weather, unsafe track conditions, or other acts of God; (B) an agreement between the organization licensee and the associations representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting; or (C) a finding by the Board of extraordinary circumstances and that it was in the best interest of the public and the sport to conduct fewer than 100 days of live racing. Any such person having operating control of the racing facility may also receive up to 6 inter-track wagering location licenses. In no event shall more than 6 inter-track wagering locations be established for each eligible race track, except that an eligible race track located in a county that has a population of more than 230,000 and that is bounded by the Mississippi River may establish up to 7 inter-track wagering locations and an eligible race track located in Cook County may establish up to 8 inter-track wagering locations. An application for said license shall be filed with the Board prior to such dates as may be fixed by the Board. With an application for an inter-track wagering location license there shall be delivered to the Board a certified check or bank draft payable to the order of the Board for an amount equal to $500. The application shall be on forms prescribed and furnished by the Board. The application shall comply with all other rules, regulations and conditions imposed by the Board in connection therewith.

(2) The Board shall examine the applications with respect to their conformity with this Act and the rules and regulations imposed by the Board. If found to be in compliance with the Act and rules and regulations of the Board, the Board may then issue a license to conduct inter-track wagering and simulcast wagering to such applicant. All such applications shall be acted upon by the Board at a meeting to be held on such date as may be fixed by the Board.

(3) In granting licenses to conduct inter-track wagering and simulcast wagering, the Board shall give due consideration to the best interests of the public, of horse racing, and of maximizing revenue to the State.

(4) Prior to the issuance of a license to conduct inter-track wagering and simulcast wagering, the applicant shall file with the Board a bond payable to the State of Illinois in the sum of $50,000, executed by the applicant and a surety company or companies authorized to do business in this State, and conditioned upon (i) the

payment by the licensee of all taxes due under Section 27 or 27.1 and any other monies due and payable under this Act, and (ii) distribution by the licensee, upon presentation of the winning ticket or tickets, of all sums payable to the patrons of pari-mutuel pools.

(5) Each license to conduct inter-track wagering and simulcast wagering shall specify the person to whom it is issued, the dates on which such wagering is permitted, and the track or location where the wagering is to be conducted.

(6) All wagering under such license is subject to this Act and to the rules and regulations from time to time prescribed by the Board, and every such license issued by the Board shall contain a recital to that effect.

(7) An inter-track wagering licensee or inter-track wagering location licensee may accept wagers at the track or location where it is licensed, or as otherwise provided under this Act.

(8) Inter-track wagering or simulcast wagering shall not be conducted at any track less than 5 miles from a track at which a racing meeting is in progress.

(8.1) Inter-track wagering location licensees who derive their licenses from a particular organization licensee shall conduct inter-track wagering and simulcast wagering only at locations that are either within 90 miles of that race track where the particular organization licensee is licensed to conduct racing, or within 140 miles of that race track where the particular organization licensee is licensed to conduct racing in the case of race tracks in counties of less than 400,000 that were operating on or before June 1, 1986. However, inter-track wagering and simulcast wagering shall not be conducted by those licensees at any location within 5 miles of any race track at which a horse race meeting has been licensed in the current year, unless the person having operating control of such race track has given its written consent to such inter-track wagering location licensees, which consent must be filed with the Board at or prior to the time application is made. In the case of any inter-track wagering location licensee initially licensed after December 31, 2013, inter-track wagering and simulcast wagering shall not be conducted by those inter-track wagering location licensees that are located outside the City of Chicago at any location within 8 miles of any race track at which a horse race meeting has been licensed in the current year, unless the person having operating control of such race track has been licensed in the current year, unless the person having operating control of such race track has

given its written consent to such inter-track wagering location licensees, which consent must be filed with the Board at or prior to the time application is made.

(8.2) Inter-track wagering or simulcast wagering shall not be conducted by an inter-track wagering location licensee at any location within 500 feet of an existing church or existing school, nor within 500 feet of the residences of more than 50 registered voters without receiving written permission from a majority of the registered voters at such residences. Such written permission statements shall be filed with the Board. The distance of 500 feet shall be measured to the nearest part of any building used for worship services, education programs, residential purposes, or conducting inter-track wagering by an inter-track wagering location licensee, and not to property boundaries. However, inter-track wagering or simulcast wagering may be conducted at a site within 500 feet of a church, school or residences of 50 or more registered voters if such church, school or residences have been erected or established, or such voters have been registered, after the Board issues the original inter-track wagering location license at the site in question. Inter-track wagering location licensees may conduct inter-track wagering and simulcast wagering only in areas that are zoned for commercial or manufacturing purposes or in areas for which a special use has been approved by the local zoning authority. However, no license to conduct inter-track wagering and simulcast wagering shall be granted by the Board with respect to any inter-track wagering location within the jurisdiction of any local zoning authority which has, by ordinance or by resolution, prohibited the establishment of an inter-track wagering location within its jurisdiction. However, inter-track wagering and simulcast wagering may be conducted at a site if such ordinance or resolution is enacted after the Board licenses the original inter-track wagering location licensee for the site in question.

(9) (Blank).

(10) An inter-track wagering licensee or an inter-track wagering location licensee may retain, subject to the payment of the privilege taxes and the purses, an amount not to exceed 17% of all money wagered. Each program of racing conducted by each inter-track wagering licensee or inter-track wagering location licensee shall be considered a separate racing day for the purpose of determining the
daily handle and computing the privilege tax or pari-mutuel tax on such daily handle as provided in Section 27.

(10.1) Except as provided in subsection (g) of Section 27 of this Act, inter-track wagering location licensees shall pay 1% of the pari-mutuel handle at each location to the municipality in which such location is situated and 1% of the pari-mutuel handle at each location to the county in which such location is situated. In the event that an inter-track wagering location licensee is situated in an unincorporated area of a county, such licensee shall pay 2% of the pari-mutuel handle from such location to such county.

(10.2) Notwithstanding any other provision of this Act, with respect to intertrack wagering at a race track located in a county that has a population of more than 230,000 and that is bounded by the Mississippi River ("the first race track"), or at a facility operated by an inter-track wagering licensee or inter-track wagering location licensee that derives its license from the organization licensee that operates the first race track, on races conducted at the first race track or on races conducted at another Illinois race track and simultaneously televised to the first race track or to a facility operated by an inter-track wagering licensee or inter-track wagering location licensee that derives its license from the organization licensee that operates the first race track, those moneys shall be allocated as follows:

(A) That portion of all moneys wagered on standardbred racing that is required under this Act to be paid to purses shall be paid to purses for standardbred races.

(B) That portion of all moneys wagered on thoroughbred racing that is required under this Act to be paid to purses shall be paid to purses for thoroughbred races.

(11) (A) After payment of the privilege or pari-mutuel tax, any other applicable taxes, and the costs and expenses in connection with the gathering, transmission, and dissemination of all data necessary to the conduct of inter-track wagering, the remainder of the monies retained under either Section 26 or Section 26.2 of this Act by the inter-track wagering licensee on inter-track wagering shall be allocated with 50% to be split between the 2 participating licensees and 50% to purses, except that an intertrack wagering licensee that derives its license from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River shall not

divide any remaining retention with the Illinois organization licensee that provides the race or races, and an intertrack wagering licensee that accepts wagers on races conducted by an organization licensee that conducts a race meet in a county with a population in excess of 230,000 and that borders the Mississippi River shall not divide any remaining retention with that organization licensee.

(B) From the sums permitted to be retained pursuant to this Act each inter-track wagering location licensee shall pay (i) the privilege or pari-mutuel tax to the State; (ii) 4.75% of the pari-mutuel handle on intertrack wagering at such location on races as purses, except that an intertrack wagering location licensee that derives its license from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River shall retain all purse moneys for its own purse account consistent with distribution set forth in this subsection (h), and intertrack wagering location licensees that accept wagers on races conducted by an organization licensee located in a county with a population in excess of 230,000 and that borders the Mississippi River shall distribute all purse moneys to purses at the operating host track; (iii) until January 1, 2000, except as provided in subsection (g) of Section 27 of this Act, 1% of the pari-mutuel handle wagered on inter-track wagering and simulcast wagering at each inter-track wagering location licensee facility to the Horse Racing Tax Allocation Fund, provided that, to the extent the total amount collected and distributed to the Horse Racing Tax Allocation Fund under this subsection (h) during any calendar year exceeds the amount collected and distributed to the Horse Racing Tax Allocation Fund during calendar year 1994, that excess amount shall be redistributed (I) to all inter-track wagering location licensees, based on each licensee's pro-rata share of the total handle from inter-track wagering and simulcast wagering for all inter-track wagering location licensees during the calendar year in which this provision is applicable; then (II) the amounts redistributed to each inter-track wagering location licensee as described in subpart (I) shall be further redistributed as provided in subparagraph (B) of paragraph (5) of subsection (g) of this Section 26 provided first, that the shares of those amounts, which are to be redistributed to the host track or to purses at the host track under subparagraph (B) of paragraph (5) of subsection (g) of this Section 26 shall be redistributed based on each host track's pro rata share of the total inter-track wagering and

simulcast wagering handle at all host tracks during the calendar year in question, and second, that any amounts redistributed as described in part (I) to an inter-track wagering location licensee that accepts wagers on races conducted by an organization licensee that conducts a race meet in a county with a population in excess of 230,000 and that borders the Mississippi River shall be further redistributed as provided in subparagraphs (D) and (E) of paragraph (7) of subsection (g) of this Section 26, with the portion of that further redistribution allocated to purses at that organization licensee to be divided between standardbred purses and thoroughbred purses based on the amounts otherwise allocated to purses at that organization licensee during the calendar year in question; and (iv) 8% of the pari-mutuel handle on inter-track wagering wagered at such location to satisfy all costs and expenses of conducting its wagering. The remainder of the monies retained by the inter-track wagering location licensee shall be allocated 40% to the location licensee and 60% to the organization licensee which provides the Illinois races to the location, except that an intertrack wagering location licensee that derives its license from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River shall not divide any remaining retention with the organization licensee that provides the race or races and an intertrack wagering location licensee that accepts wagers on races conducted by an organization licensee that conducts a race meet in a county with a population in excess of 230,000 and that borders the Mississippi River shall not divide any remaining retention with the organization licensee. Notwithstanding the provisions of clauses (ii) and (iv) of this paragraph, in the case of the additional inter-track wagering location licenses authorized under paragraph (1) of this subsection (h) by this amendatory Act of 1991, those licensees shall pay the following amounts as purses: during the first 12 months the licensee is in operation, 5.25% of the pari-mutuel handle wagered at the location on races; during the second 12 months, 5.25%; during the third 12 months, 5.75%; during the fourth 12 months, 6.25%; and during the fifth 12 months and thereafter, 6.75%. fifth 12 months and thereafter, 6.75%. For additional intertrack wagering location licensees authorized under this amendatory Act of 1995, purses for the first 12 months the licensee is in operation shall be 5.75% of the pari-mutuel wagered at the location, purses for the second 12 months the licensee is in operation shall be 6.25%, and purses thereafter shall be 6.75%. For additional intertrack location licensees authorized under this amendatory Act of 1995, the licensee shall be allowed to retain to satisfy all costs and expenses: 7.75% of the pari-mutuel handle wagered at the location during its first 12 months of operation, 7.25% during its second 12 months of operation, and 6.75% thereafter.

(C) There is hereby created the Horse Racing Tax Allocation Fund which shall remain in existence until December 31, 1999. Moneys remaining in the Fund after December 31, 1999 shall be paid into the General Revenue Fund. Until January 1, 2000, all monies paid into the Horse Racing Tax Allocation Fund pursuant to this paragraph (11) by inter-track wagering location licensees located in park districts of 500,000 population or less, or in a municipality that is not included within any park district but is included within a conservation district and is the county seat of a county that (i) is contiguous to the state of Indiana and (ii) has a 1990 population of 88,257 according to the United States Bureau of the Census, and operating on May 1, 1994 shall be allocated by appropriation as follows:

PUBLIC ACT 98-0969
(Senate Bill No. 3322)

AN ACT concerning regulation.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Intergovernmental Cooperation Act is amended by changing Section 6 as follows:

(5 ILCS 220/6) (from Ch. 127, par. 746)

Sec. 6. Joint self-insurance. An intergovernmental contract may, among other undertakings, authorize public agencies to jointly self-insure and authorize each public agency member of the contract to utilize its funds to pay to a joint insurance pool its costs and reserves to protect, wholly or

partially, itself or any public agency member of the contract against liability or loss in the designated insurable area.

A joint insurance pool shall have an annual audit performed by an independent certified public accountant and shall file an annual audited financial report with the Director of Insurance no later than 150 days after the end of the pool's immediately preceding fiscal year. The Director of Insurance shall issue rules necessary to implement this audit and report requirement. The rule shall establish the due date for filing the initial annual audited financial report. Within 30 days after January 1, 1991, and within 30 days after each January 1 thereafter, public agencies that are jointly self-insured to protect against liability under the Workers' Compensation Act and the Workers' Occupational Diseases Act shall file with the Illinois Workers' Compensation Commission a report indicating an election to self-insure.

The joint insurance pool shall also annually file with the Director a statement of actuarial opinion that conforms to the Actuarial Standards of Practice issued by the Actuarial Standards Board. All statements of actuarial opinion shall be issued by an independent actuary who is an associate or fellow of the Casualty Actuarial Society or of the Society of Actuaries. The statement of actuarial opinion shall include a statement in a casualty actuarial society that the pool's reserves are calculated in accordance with sound loss-reserving standards and adequate for the payment of claims. This opinion shall be filed no later than 150 days after the end of each fiscal year. The joint insurance pool shall be exempt from filing a statement of actuarial opinion by an independent actuary who is an associate or fellow of the Casualty Actuarial Society or of the Society of Actuaries in a casualty actuarial society that the joint insurance pool's reserves are in accordance with sound loss-reserving standards and payment of claims for the primary level of coverage if the joint insurance pool files with the Director, by the reporting deadline, a statement of actuarial opinion from the provider of the joint pool's aggregate coverage, reinsurance, or other similar excess insurance coverage. Any statement of actuarial opinion must be prepared by an actuary who satisfies the qualification standards set forth by the American Academy of Actuaries to issue the opinion in the particular area of actuarial practice.

The Director may assess penalties against a joint insurance pool that fails to comply with the auditing, statement of actuarial opinion, and examination requirements of this Section in an amount equal to $500 per day for each violation, up to a maximum of $10,000 for each violation. The Director (or his or her staff) or a Director-selected independent auditor (or actuarial firm) that is not owned or affiliated with an insurance brokerage

New matter indicated by italics - deletions by strikeout
firm, insurance company, or other insurance industry affiliated entity may examine, as often as the Director deems advisable, the affairs, transactions, accounts, records, and assets and liabilities of each joint insurance pool that fails to comply with this Section. The joint insurance pool shall cooperate fully with the Director's representatives in all evaluations and audits of the joint insurance pool and resolve issues raised in those evaluations and audits. The failure to resolve those issues may constitute a violation of this Section, and may, after notice and an opportunity to be heard, result in the imposition of penalties pursuant to this Section. No sanctions under this Section may become effective until 30 days after the date that a notice of sanctions is delivered by registered or certified mail to the joint insurance pool. The Director shall have the authority to extend the time for filing any statement by any joint insurance pool for reasons that he or she considers good and sufficient.

If a joint insurance pool requires a member to submit written notice in order for the member to withdraw from a qualified pool, then the period in which the member must provide the written notice cannot be greater than 120 days, except that this requirement applies only to joint insurance pool agreements entered into, modified, or renewed on or after the effective date of this amendatory Act of the 98th General Assembly.

For purposes of this Section, "public agency member" means any public agency defined or created under this Act, any local public entity as defined in Section 1-206 of the Local Governmental and Governmental Employees Tort Immunity Act, and any public agency, authority, instrumentality, council, board, service region, district, unit, bureau, or, commission, or any municipal corporation, college, or university, whether corporate or otherwise, and any other local governmental body or similar entity that is presently existing or created after the effective date of this amendatory Act of the 92nd General Assembly, whether or not specified in this Section. Only public agency members with tax receipts, tax revenues, taxing authority, or other resources sufficient to pay costs and to service debt related to intergovernmental activities described in this Section, or public agency members created by or as part of a public agency with these powers, may enter into contracts or otherwise associate among themselves as permitted in this Section.

No joint insurance pool or other intergovernmental cooperative offering health insurance shall interfere with the statutory obligation of any public agency member to bargain over or to reach agreement with a labor organization over a mandatory subject of collective bargaining as those terms...
are used in the Illinois Public Labor Relations Act. No intergovernmental contract of insurance offering health insurance shall limit the rights or obligations of public agency members to engage in collective bargaining, and it shall be unlawful for a joint insurance pool or other intergovernmental cooperative offering health insurance to discriminate against public agency members or otherwise retaliate against such members for limiting their participation in a joint insurance pool as a result of a collective bargaining agreement.

It shall not be considered a violation of this Section for an intergovernmental contract of insurance relating to health insurance coverage, life insurance coverage, or both to permit the pool or cooperative, if a member withdraws employees or officers into a union-sponsored program, to re-price the costs of benefits provided to the continuing employees or officers based upon the same underwriting criteria used by that pool or cooperative in the normal course of its business, but no member shall be expelled from a pool or cooperative if the continuing employees or officers meet the general criteria required of other members.

PUBLIC ACT 98-0970
(Senate Bill No. 3334)

AN ACT concerning revenue.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Income Tax Act is amended by changing Section 911 as follows:

(35 ILCS 5/911) (from Ch. 120, par. 9-911)
Sec. 911. Limitations on Claims for Refund.
(a) In general. Except as otherwise provided in this Act:
(1) A claim for refund shall be filed not later than 3 years after the date the return was filed (in the case of returns required under Article 7 of this Act respecting any amounts withheld as tax, not later than 3 years after the 15th day of the 4th month following the close of the calendar year in which such withholding was made), or one year after the date the tax was paid, whichever is the later; and
(2) No credit or refund shall be allowed or made with respect to the year for which the claim was filed unless such claim is filed within such period.
(b) Federal changes.
(1) In general. In any case where notification of an alteration is required by Section 506(b), a claim for refund may be filed within 2 years after the date on which such notification was due (regardless of whether such notice was given), but the amount recoverable pursuant to a claim filed under this Section shall be limited to the amount of any overpayment resulting under this Act from recomputation of the taxpayer's net income, net loss, or Article 2 credits for the taxable year after giving effect to the item or items reflected in the alteration required to be reported.

(c) Extension by agreement. Where, before the expiration of the time prescribed in this section for the filing of a claim for refund, both the Department and the claimant shall have consented in writing to its filing after such time, such claim may be filed at any time prior to the expiration of the period agreed upon. The period so agreed upon may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon. In the case of a taxpayer who is a partnership, Subchapter S corporation, or trust and who enters into an agreement with the Department pursuant to this subsection on or after January 1, 2003, a claim for refund may be filed by the partners, shareholders, or beneficiaries of the taxpayer at any time prior to the expiration of the period agreed upon. Any refund allowed pursuant to the claim, however, shall be limited to the amount of any overpayment of tax due under this Act that results from recomputation of items of income, deduction, credits, or other amounts of the taxpayer that are taken into account by the partner, shareholder, or beneficiary in computing its liability under this Act.

Sec. 14C-3. Language classification of children; establishment of program; period of participation; examination. Each school district shall ascertain, not later than the first day of March, under regulations prescribed by the State Board, the number of children of limited English-speaking ability within the school district, and shall classify them according to the language of which they possess a primary speaking ability, and their grade level, age or achievement level.

When, at the beginning of any school year, there is within an attendance center of a school district not including children who are enrolled in existing private school systems, 20 or more children of limited English-speaking ability in any such language classification, the school district shall establish, for each classification, a program in transitional bilingual education for the children therein. A school district may establish a program in transitional bilingual education with respect to any classification with less than 20 children therein, but should a school district decide not to establish such a program, the school district shall provide a locally determined transitional program of instruction which, based upon an individual student language assessment, provides content area instruction in a language other than English to the extent necessary to ensure that each student can benefit from educational instruction and achieve an early and effective transition into the regular school curriculum.

Every school-age child of limited English-speaking ability not enrolled in existing private school systems shall be enrolled and participate in the program in transitional bilingual education established for the classification to which he belongs by the school district in which he resides for a period of 3 years or until such time as he achieves a level of English language skills which will enable him to perform successfully in classes in which instruction is given only in English, whichever shall first occur.

A child of limited English-speaking ability enrolled in a program in transitional bilingual education may, in the discretion of the school district and subject to the approval of the child's parent or legal guardian, continue in that program for a period longer than 3 years.

An examination in the oral language (listening and comprehension, speaking), reading, and writing of English, as prescribed by the State Board, shall be administered annually to all children of limited English-speaking ability enrolled and participating in a program in transitional bilingual education. No school district shall transfer a child of limited English-speaking ability out of a program in transitional bilingual education prior to his third year of enrollment therein unless the parents of the child approve the transfer in writing, and unless the child has received a score on said examination which, in the determination of the State Board, reflects a level of English language skills appropriate to his or her grade level.

If later evidence suggests that a child so transferred is still disabled by an inadequate command of English, he may be re-enrolled in the program for a length of time equal to that which remained at the time he was transferred.

Sec. 18-8.05. Basis for apportionment of general State financial aid and supplemental general State aid to the common schools for the 1998-1999 and subsequent school years.

(A) General Provisions.

(1) The provisions of this Section apply to the 1998-1999 and subsequent school years. The system of general State financial aid provided for in this Section is designed to assure that, through a combination of State financial aid and required local resources, the financial support provided each pupil in Average Daily Attendance equals or exceeds a prescribed per pupil Foundation Level. This formula approach imputes a level of per pupil Available Local Resources and provides for the basis to calculate a per pupil level of general State financial aid that, when added to Available Local Resources, equals or exceeds the Foundation Level. The amount of per pupil general State financial aid for school districts, in general, varies in inverse relation to Available Local Resources. Per pupil amounts are based upon each school district's Average Daily Attendance as that term is defined in this Section.

(2) In addition to general State financial aid, school districts with specified levels or concentrations of pupils from low income households are eligible to receive supplemental general State financial aid grants as provided

New matter indicated by italics - deletions by strikeout
pursuant to subsection (H). The supplemental State aid grants provided for school districts under subsection (H) shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section.

(3) To receive financial assistance under this Section, school districts are required to file claims with the State Board of Education, subject to the following requirements:

(a) Any school district which fails for any given school year to maintain school as required by law, or to maintain a recognized school is not eligible to file for such school year any claim upon the Common School Fund. In case of nonrecognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion which the Average Daily Attendance in the attendance center or centers bear to the Average Daily Attendance in the school district. A "recognized school" means any public school which meets the standards as established for recognition by the State Board of Education. A school district or attendance center not having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim which was filed while it was recognized.

(b) School district claims filed under this Section are subject to Sections 18-9 and 18-12, except as otherwise provided in this Section.

(c) If a school district operates a full year school under Section 10-19.1, the general State aid to the school district shall be determined by the State Board of Education in accordance with this Section as near as may be applicable.

(d) (Blank).

(4) Except as provided in subsections (H) and (L), the board of any district receiving any of the grants provided for in this Section may apply those funds to any fund so received for which that board is authorized to make expenditures by law.

School districts are not required to exert a minimum Operating Tax Rate in order to qualify for assistance under this Section.

(5) As used in this Section the following terms, when capitalized, shall have the meaning ascribed herein:

New matter indicated by italics - deletions by strikeout
(a) "Average Daily Attendance": A count of pupil attendance in school, averaged as provided for in subsection (C) and utilized in deriving per pupil financial support levels.

(b) "Available Local Resources": A computation of local financial support, calculated on the basis of Average Daily Attendance and derived as provided pursuant to subsection (D).

(c) "Corporate Personal Property Replacement Taxes": Funds paid to local school districts pursuant to "An Act in relation to the abolition of ad valorem personal property tax and the replacement of revenues lost thereby, and amending and repealing certain Acts and parts of Acts in connection therewith", certified August 14, 1979, as amended (Public Act 81-1st S.S.-1).

(d) "Foundation Level": A prescribed level of per pupil financial support as provided for in subsection (B).

(e) "Operating Tax Rate": All school district property taxes extended for all purposes, except Bond and Interest, Summer School, Rent, Capital Improvement, and Vocational Education Building purposes.

(B) Foundation Level.

(1) The Foundation Level is a figure established by the State representing the minimum level of per pupil financial support that should be available to provide for the basic education of each pupil in Average Daily Attendance. As set forth in this Section, each school district is assumed to exert a sufficient local taxing effort such that, in combination with the aggregate of general State financial aid provided the district, an aggregate of State and local resources are available to meet the basic education needs of pupils in the district.

(2) For the 1998-1999 school year, the Foundation Level of support is $4,225. For the 1999-2000 school year, the Foundation Level of support is $4,325. For the 2000-2001 school year, the Foundation Level of support is $4,425. For the 2001-2002 school year and 2002-2003 school year, the Foundation Level of support is $4,560. For the 2003-2004 school year, the Foundation Level of support is $4,810. For the 2004-2005 school year, the Foundation Level of support is $4,964. For the 2005-2006 school year, the Foundation Level of support is $5,164. For the 2006-2007 school year, the Foundation Level of support is $5,334. For the 2007-2008 school year, the Foundation Level of support is $5,734. For the 2008-2009 school year, the Foundation Level of support is $5,959.

New matter indicated by italics - deletions by strikeout
(3) For the 2009-2010 school year and each school year thereafter, the Foundation Level of support is $6,119 or such greater amount as may be established by law by the General Assembly.

(C) Average Daily Attendance.

(1) For purposes of calculating general State aid pursuant to subsection (E), an Average Daily Attendance figure shall be utilized. The Average Daily Attendance figure for formula calculation purposes shall be the monthly average of the actual number of pupils in attendance of each school district, as further averaged for the best 3 months of pupil attendance for each school district. In compiling the figures for the number of pupils in attendance, school districts and the State Board of Education shall, for purposes of general State aid funding, conform attendance figures to the requirements of subsection (F).

(2) The Average Daily Attendance figures utilized in subsection (E) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated or the average of the attendance data for the 3 preceding school years, whichever is greater. The Average Daily Attendance figures utilized in subsection (H) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated.

(D) Available Local Resources.

(1) For purposes of calculating general State aid pursuant to subsection (E), a representation of Available Local Resources per pupil, as that term is defined and determined in this subsection, shall be utilized. Available Local Resources per pupil shall include a calculated dollar amount representing local school district revenues from local property taxes and from Corporate Personal Property Replacement Taxes, expressed on the basis of pupils in Average Daily Attendance. Calculation of Available Local Resources shall exclude any tax amnesty funds received as a result of Public Act 93-26.

(2) In determining a school district's revenue from local property taxes, the State Board of Education shall utilize the equalized assessed valuation of all taxable property of each school district as of September 30 of the previous year. The equalized assessed valuation utilized shall be obtained and determined as provided in subsection (G).

(3) For school districts maintaining grades kindergarten through 12, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 3.00%, and divided by the district's Average Daily Attendance figure. For school
districts maintaining grades kindergarten through 8, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 2.30%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades 9 through 12, local property tax revenues per pupil shall be the applicable equalized assessed valuation of the district multiplied by 1.05%, and divided by the district's Average Daily Attendance figure.

For partial elementary unit districts created pursuant to Article 11E of this Code, local property tax revenues per pupil shall be calculated as the product of the equalized assessed valuation for property within the partial elementary unit district for elementary purposes, as defined in Article 11E of this Code, multiplied by 2.06% and divided by the district's Average Daily Attendance figure, plus the product of the equalized assessed valuation for property within the partial elementary unit district for high school purposes, as defined in Article 11E of this Code, multiplied by 0.94% and divided by the district's Average Daily Attendance figure.

(4) The Corporate Personal Property Replacement Taxes paid to each school district during the calendar year one year before the calendar year in which a school year begins, divided by the Average Daily Attendance figure for that district, shall be added to the local property tax revenues per pupil as derived by the application of the immediately preceding paragraph (3). The sum of these per pupil figures for each school district shall constitute Available Local Resources as that term is utilized in subsection (E) in the calculation of general State aid.

(E) Computation of General State Aid.

(1) For each school year, the amount of general State aid allotted to a school district shall be computed by the State Board of Education as provided in this subsection.

(2) For any school district for which Available Local Resources per pupil is less than the product of 0.93 times the Foundation Level, general State aid for that district shall be calculated as an amount equal to the Foundation Level minus Available Local Resources, multiplied by the Average Daily Attendance of the school district.

(3) For any school district for which Available Local Resources per pupil is equal to or greater than the product of 0.93 times the Foundation Level and less than the product of 1.75 times the Foundation Level, the general State aid per pupil shall be a decimal proportion of the Foundation Level derived using a linear algorithm. Under this linear algorithm, the calculated general State aid per pupil shall decline in direct linear fashion.
from 0.07 times the Foundation Level for a school district with Available Local Resources equal to the product of 0.93 times the Foundation Level, to 0.05 times the Foundation Level for a school district with Available Local Resources equal to the product of 1.75 times the Foundation Level. The allocation of general State aid for school districts subject to this paragraph 3 shall be the calculated general State aid per pupil figure multiplied by the Average Daily Attendance of the school district.

(4) For any school district for which Available Local Resources per pupil equals or exceeds the product of 1.75 times the Foundation Level, the general State aid for the school district shall be calculated as the product of $218 multiplied by the Average Daily Attendance of the school district.

(5) The amount of general State aid allocated to a school district for the 1999-2000 school year meeting the requirements set forth in paragraph (4) of subsection (G) shall be increased by an amount equal to the general State aid that would have been received by the district for the 1998-1999 school year by utilizing the Extension Limitation Equalized Assessed Valuation as calculated in paragraph (4) of subsection (G) less the general State aid allotted for the 1998-1999 school year. This amount shall be deemed a one time increase, and shall not affect any future general State aid allocations.

(F) Compilation of Average Daily Attendance.

(1) Each school district shall, by July 1 of each year, submit to the State Board of Education, on forms prescribed by the State Board of Education, attendance figures for the school year that began in the preceding calendar year. The attendance information so transmitted shall identify the average daily attendance figures for each month of the school year. Beginning with the general State aid claim form for the 2002-2003 school year, districts shall calculate Average Daily Attendance as provided in subdivisions (a), (b), and (c) of this paragraph (1).

(a) In districts that do not hold year-round classes, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(b) In districts in which all buildings hold year-round classes, days of attendance in July and August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(c) In districts in which some buildings, but not all, hold year-round classes, for the non-year-round buildings, days of attendance in August shall be added to the month of September and any days of
attendance in June shall be added to the month of May. The average daily attendance for the year-round buildings shall be computed as provided in subdivision (b) of this paragraph (1). To calculate the Average Daily Attendance for the district, the average daily attendance for the year-round buildings shall be multiplied by the days in session for the non-year-round buildings for each month and added to the monthly attendance of the non-year-round buildings.

Except as otherwise provided in this Section, days of attendance by pupils shall be counted only for sessions of not less than 5 clock hours of school work per day under direct supervision of: (i) teachers, or (ii) non-teaching personnel or volunteer personnel when engaging in non-teaching duties and supervising in those instances specified in subsection (a) of Section 10-22.34 and paragraph 10 of Section 34-18, with pupils of legal school age and in kindergarten and grades 1 through 12.

Days of attendance by tuition pupils shall be accredited only to the districts that pay the tuition to a recognized school.

(2) Days of attendance by pupils of less than 5 clock hours of school shall be subject to the following provisions in the compilation of Average Daily Attendance.

(a) Pupils regularly enrolled in a public school for only a part of the school day may be counted on the basis of 1/6 day for every class hour of instruction of 40 minutes or more attended pursuant to such enrollment, unless a pupil is enrolled in a block-schedule format of 80 minutes or more of instruction, in which case the pupil may be counted on the basis of the proportion of minutes of school work completed each day to the minimum number of minutes that school work is required to be held that day.

(b) (Blank).

(c) A session of 4 or more clock hours may be counted as a day of attendance upon certification by the regional superintendent, and approved by the State Superintendent of Education to the extent that the district has been forced to use daily multiple sessions.

(d) A session of 3 or more clock hours may be counted as a day of attendance (1) when the remainder of the school day or at least 2 hours in the evening of that day is utilized for an in-service training program for teachers, up to a maximum of 5 days per school year, provided a district conducts an in-service training program for teachers in accordance with Section 10-22.39 of this Code; or, in lieu of 4 such days, 2 full days may be used, in which event each such day

New matter indicated by italics - deletions by strikeout
may be counted as a day required for a legal school calendar pursuant to Section 10-19 of this Code; (1.5) when, of the 5 days allowed under item (1), a maximum of 4 days are used for parent-teacher conferences, or, in lieu of 4 such days, 2 full days are used, in which case each such day may be counted as a calendar day required under Section 10-19 of this Code, provided that the full-day, parent-teacher conference consists of (i) a minimum of 5 clock hours of parent-teacher conferences, (ii) both a minimum of 2 clock hours of parent-teacher conferences held in the evening following a full day of student attendance, as specified in subsection (F)(1)(c), and a minimum of 3 clock hours of parent-teacher conferences held on the day immediately following evening parent-teacher conferences, or (iii) multiple parent-teacher conferences held in the evenings following full days of student attendance, as specified in subsection (F)(1)(c), in which the time used for the parent-teacher conferences is equivalent to a minimum of 5 clock hours; and (2) when days in addition to those provided in items (1) and (1.5) are scheduled by a school pursuant to its school improvement plan adopted under Article 34 or its revised or amended school improvement plan adopted under Article 2, provided that (i) such sessions of 3 or more clock hours are scheduled to occur at regular intervals, (ii) the remainder of the school days in which such sessions occur are utilized for in-service training programs or other staff development activities for teachers, and (iii) a sufficient number of minutes of school work under the direct supervision of teachers are added to the school days between such regularly scheduled sessions to accumulate not less than the number of minutes by which such sessions of 3 or more clock hours fall short of 5 clock hours. Any full days used for the purposes of this paragraph shall not be considered for computing average daily attendance. Days scheduled for in-service training programs, staff development activities, or parent-teacher conferences may be scheduled separately for different grade levels and different attendance centers of the district.

(e) A session of not less than one clock hour of teaching hospitalized or homebound pupils on-site or by telephone to the classroom may be counted as 1/2 day of attendance, however these pupils must receive 4 or more clock hours of instruction to be counted for a full day of attendance.
(f) A session of at least 4 clock hours may be counted as a day of attendance for first grade pupils, and pupils in full day kindergartens, and a session of 2 or more hours may be counted as 1/2 day of attendance by pupils in kindergartens which provide only 1/2 day of attendance.

(g) For children with disabilities who are below the age of 6 years and who cannot attend 2 or more clock hours because of their disability or immaturity, a session of not less than one clock hour may be counted as 1/2 day of attendance; however for such children whose educational needs so require a session of 4 or more clock hours may be counted as a full day of attendance.

(h) A recognized kindergarten which provides for only 1/2 day of attendance by each pupil shall not have more than 1/2 day of attendance counted in any one day. However, kindergartens may count 2 1/2 days of attendance in any 5 consecutive school days. When a pupil attends such a kindergarten for 2 half days on any one school day, the pupil shall have the following day as a day absent from school, unless the school district obtains permission in writing from the State Superintendent of Education. Attendance at kindergartens which provide for a full day of attendance by each pupil shall be counted the same as attendance by first grade pupils. Only the first year of attendance in one kindergarten shall be counted, except in case of children who entered the kindergarten in their fifth year whose educational development requires a second year of kindergarten as determined under the rules and regulations of the State Board of Education.

(i) On the days when the assessment that includes a college and career ready determination Prairie State Achievement Examination is administered under subsection (c) of Section 2-3.64a-5 2-3.64 of this Code, the day of attendance for a pupil whose school day must be shortened to accommodate required testing procedures may be less than 5 clock hours and shall be counted towards the 176 days of actual pupil attendance required under Section 10-19 of this Code, provided that a sufficient number of minutes of school work in excess of 5 clock hours are first completed on other school days to compensate for the loss of school work on the examination days.

(j) Pupils enrolled in a remote educational program established under Section 10-29 of this Code may be counted on the basis of one-fifth day of attendance for every clock hour of instruction
attended in the remote educational program, provided that, in any month, the school district may not claim for a student enrolled in a remote educational program more days of attendance than the maximum number of days of attendance the district can claim (i) for students enrolled in a building holding year-round classes if the student is classified as participating in the remote educational program on a year-round schedule or (ii) for students enrolled in a building not holding year-round classes if the student is not classified as participating in the remote educational program on a year-round schedule.

(G) Equalized Assessed Valuation Data.

(1) For purposes of the calculation of Available Local Resources required pursuant to subsection (D), the State Board of Education shall secure from the Department of Revenue the value as equalized or assessed by the Department of Revenue of all taxable property of every school district, together with (i) the applicable tax rate used in extending taxes for the funds of the district as of September 30 of the previous year and (ii) the limiting rate for all school districts subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law.

The Department of Revenue shall add to the equalized assessed value of all taxable property of each school district situated entirely or partially within a county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code (a) an amount equal to the total amount by which the homestead exemption allowed under Section 15-176 or 15-177 of the Property Tax Code for real property situated in that school district exceeds the total amount that would have been allowed in that school district if the maximum reduction under Section 15-176 was (i) $4,500 in Cook County or $3,500 in all other counties in tax year 2003 or (ii) $5,000 in all counties in tax year 2004 and thereafter and (b) an amount equal to the aggregate amount for the taxable year of all additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. The county clerk of any county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code shall annually calculate and certify to the Department of Revenue for each school district all homestead exemption amounts under Section 15-176 or 15-177 of the Property Tax Code and all amounts of additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. It is the intent of this paragraph that if the general homestead exemption for a parcel of property is determined under Section
15-176 or 15-177 of the Property Tax Code rather than Section 15-175, then the calculation of Available Local Resources shall not be affected by the difference, if any, between the amount of the general homestead exemption allowed for that parcel of property under Section 15-176 or 15-177 of the Property Tax Code and the amount that would have been allowed had the general homestead exemption for that parcel of property been determined under Section 15-175 of the Property Tax Code. It is further the intent of this paragraph that if additional exemptions are allowed under Section 15-175 of the Property Tax Code for owners with a household income of less than $30,000, then the calculation of Available Local Resources shall not be affected by the difference, if any, because of those additional exemptions.

This equalized assessed valuation, as adjusted further by the requirements of this subsection, shall be utilized in the calculation of Available Local Resources.

(2) The equalized assessed valuation in paragraph (1) shall be adjusted, as applicable, in the following manner:

(a) For the purposes of calculating State aid under this Section, with respect to any part of a school district within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Sections 11-74.4-1 through 11-74.4-11 of the Illinois Municipal Code or the Industrial Jobs Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the Illinois Municipal Code, no part of the current equalized assessed valuation of real property located in any such project area which is attributable to an increase above the total initial equalized assessed valuation of such property shall be used as part of the equalized assessed valuation of the district, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the equalized assessed valuation of the district, the total initial equalized assessed valuation or the current equalized assessed valuation, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(b) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value as equalized or assessed by the Department of Revenue for the district an amount computed by dividing the amount of any abatement of

taxes under Section 18-170 of the Property Tax Code by 3.00% for a
district maintaining grades kindergarten through 12, by 2.30% for a
district maintaining grades kindergarten through 8, or by 1.05% for
a district maintaining grades 9 through 12 and adjusted by an amount
computed by dividing the amount of any abatement of taxes under
subsection (a) of Section 18-165 of the Property Tax Code by the
same percentage rates for district type as specified in this
subparagraph (b).
(3) For the 1999-2000 school year and each school year thereafter, if
a school district meets all of the criteria of this subsection (G)(3), the school
district's Available Local Resources shall be calculated under subsection (D)
using the district's Extension Limitation Equalized Assessed Valuation as
calculated under this subsection (G)(3).
For purposes of this subsection (G)(3) the following terms shall have
the following meanings:
"Budget Year": The school year for which general State aid is
calculated and awarded under subsection (E).
"Base Tax Year": The property tax levy year used to calculate
the Budget Year allocation of general State aid.
"Preceding Tax Year": The property tax levy year immediately
preceding the Base Tax Year.
"Base Tax Year's Tax Extension": The product of the
equalized assessed valuation utilized by the County Clerk in the Base
Tax Year multiplied by the limiting rate as calculated by the County
Clerk and defined in the Property Tax Extension Limitation Law.
"Preceding Tax Year's Tax Extension": The product of the
equalized assessed valuation utilized by the County Clerk in the
Preceding Tax Year multiplied by the Operating Tax Rate as defined
in subsection (A).
"Extension Limitation Ratio": A numerical ratio, certified by
the County Clerk, in which the numerator is the Base Tax Year's Tax
Extension and the denominator is the Preceding Tax Year's Tax
Extension.
"Operating Tax Rate": The operating tax rate as defined in
subsection (A).
If a school district is subject to property tax extension limitations as
imposed under the Property Tax Extension Limitation Law, the State Board
of Education shall calculate the Extension Limitation Equalized Assessed

Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the district's 1996 Equalized Assessed Valuation and the district's Extension Limitation Ratio. Except as otherwise provided in this paragraph for a school district that has approved or does approve an increase in its limiting rate, for the 2000-2001 school year and each school year thereafter, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the District's Equalized Assessed Valuation last used in the calculation of general State aid and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of a school district as calculated under this subsection (G)(3) is less than the district's equalized assessed valuation as calculated pursuant to subsections (G)(1) and (G)(2), then for purposes of calculating the district's general State aid for the Budget Year pursuant to subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources under subsection (D). For the 2009-2010 school year and each school year thereafter, if a school district has approved or does approve an increase in its limiting rate, pursuant to Section 18-190 of the Property Tax Code, affecting the Base Tax Year, the Extension Limitation Equalized Assessed Valuation of the school district, as calculated by the State Board of Education, shall be equal to the product of the Equalized Assessed Valuation last used in the calculation of general State aid times an amount equal to one plus the percentage increase, if any, in the Consumer Price Index for all Urban Consumers for all items published by the United States Department of Labor for the 12-month calendar year preceding the Base Tax Year, plus the Equalized Assessed Valuation of new property, annexed property, and recovered tax increment value and minus the Equalized Assessed Valuation of disconnected property. New property and recovered tax increment value shall have the meanings set forth in the Property Tax Extension Limitation Law.

Partial elementary unit districts created in accordance with Article 11E of this Code shall not be eligible for the adjustment in this subsection (G)(3) until the fifth year following the effective date of the reorganization.

(3.5) For the 2010-2011 school year and each school year thereafter, if a school district's boundaries span multiple counties, then the Department of Revenue shall send to the State Board of Education, for the purpose of calculating general State aid, the limiting rate and individual rates by purpose for the county that contains the majority of the school district's Equalized Assessed Valuation.

(4) For the purposes of calculating general State aid for the 1999-2000 school year only, if a school district experienced a triennial reassessment on the equalized assessed valuation used in calculating its general State financial aid apportionment for the 1998-1999 school year, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation that would have been used to calculate the district's 1998-1999 general State aid. This amount shall equal the product of the equalized assessed valuation used to calculate general State aid for the 1997-1998 school year and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of the school district as calculated under this paragraph (4) is less than the district's equalized assessed valuation utilized in calculating the district's 1998-1999 general State aid allocation, then for purposes of calculating the district's general State aid pursuant to paragraph (5) of subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources.

(5) For school districts having a majority of their equalized assessed valuation in any county except Cook, DuPage, Kane, Lake, McHenry, or Will, if the amount of general State aid allocated to the school district for the 1999-2000 school year under the provisions of subsection (E), (H), and (J) of this Section is less than the amount of general State aid allocated to the district for the 1998-1999 school year under these subsections, then the general State aid of the district for the 1999-2000 school year only shall be increased by the difference between these amounts. The total payments made under this paragraph (5) shall not exceed $14,000,000. Claims shall be prorated if they exceed $14,000,000.

(H) Supplemental General State Aid.

(1) In addition to the general State aid a school district is allotted pursuant to subsection (E), qualifying school districts shall receive a grant, paid in conjunction with a district's payments of general State aid, for supplemental general State aid based upon the concentration level of children from low-income households within the school district. Supplemental State aid grants provided for school districts under this subsection shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section.

(1.5) This paragraph (1.5) applies only to those school years preceding the 2003-2004 school year. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall be the low-income eligible pupil

count from the most recently available federal census divided by the Average Daily Attendance of the school district. If, however, (i) the percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count of a high school district with fewer than 400 students exceeds by 75% or more the percentage change in the total low-income eligible pupil count of contiguous elementary school districts, whose boundaries are coterminous with the high school district, or (ii) a high school district within 2 counties and serving 5 elementary school districts, whose boundaries are coterminous with the high school district, has a percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count and there is a percentage increase in the total low-income eligible pupil count of a majority of the elementary school districts in excess of 50% from the 2 most recent federal censuses, then the high school district's low-income eligible pupil count from the earlier federal census shall be the number used as the low-income eligible pupil count for the high school district, for purposes of this subsection (H). The changes made to this paragraph (1) by Public Act 92-28 shall apply to supplemental general State aid grants for school years preceding the 2003-2004 school year that are paid in fiscal year 1999 or thereafter and to any State aid payments made in fiscal year 1994 through fiscal year 1998 pursuant to subsection 1(n) of Section 18-8 of this Code (which was repealed on July 1, 1998), and any high school district that is affected by Public Act 92-28 is entitled to a recomputation of its supplemental general State aid grant or State aid paid in any of those fiscal years. This recomputation shall not be affected by any other funding.

(1.10) This paragraph (1.10) applies to the 2003-2004 school year and each school year thereafter. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall, for each fiscal year, be the low-income eligible pupil count as of July 1 of the immediately preceding fiscal year (as determined by the Department of Human Services based on the number of pupils who are eligible for at least one of the following low income programs: Medicaid, the Children's Health Insurance Program, TANF, or Food Stamps, excluding pupils who are eligible for services provided by the Department of Children and Family Services, averaged over the 2 immediately preceding fiscal years for fiscal year 2004 and over the 3 immediately preceding fiscal years for each fiscal year thereafter) divided by the Average Daily Attendance of the school district.

(2) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 1998-1999, 1999-2000, and 2000-2001 school years only:

(d) For any school district with a Low Income Concentration Level of 60% or more, the grant for the 1998-99 school year shall be $1,900 multiplied by the low income eligible pupil count.

(e) For the 1999-2000 school year, the per pupil amount specified in subparagraphs (b), (c), and (d) immediately above shall be increased to $1,243, $1,600, and $2,000, respectively.

(f) For the 2000-2001 school year, the per pupil amounts specified in subparagraphs (b), (c), and (d) immediately above shall be $1,273, $1,640, and $2,050, respectively.

(b) For any school district with a Low Income Concentration Level of at least 10% and less than 20%, the grant for each school year shall be $675 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for each school year shall be $1,330 multiplied by the low income eligible pupil count.

(f) For the 2001-2002 school year, the per pupil amount specified in subparagraphs (b), (c), and (d) immediately above shall be increased to $1,273, $1,640, and $2,050, respectively.

(f) For any school district with a Low Income Concentration Level of 60% or more, the grant for each school year shall be $2,080 multiplied by the low income eligible pupil count.

(2.10) Except as otherwise provided, supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2003-2004 school year and each school year thereafter:

(a) For any school district with a Low Income Concentration Level of 15% or less, the grant for each school year shall be $355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level greater than 15%, the grant for each school year shall be $294.25 added to the product of $2,700 and the square of the Low Income Concentration Level, all multiplied by the low income eligible pupil count.

For the 2003-2004 school year and each school year thereafter through the 2008-2009 school year only, the grant shall be no less than the grant for the 2002-2003 school year. For the 2009-2010 school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.66. For the 2010-2011 school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.33. Notwithstanding the provisions of this paragraph to the contrary, if for any school year supplemental general State aid grants are prorated as provided in paragraph (1) of this subsection (H), then the grants under this paragraph shall be prorated.

For the 2003-2004 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.25 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2004-2005 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.50 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2005-2006 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.75 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10),
whichever is applicable, and the grant received during the 2002-2003 school year.

(3) School districts with an Average Daily Attendance of more than 1,000 and less than 50,000 that qualify for supplemental general State aid pursuant to this subsection shall submit a plan to the State Board of Education prior to October 30 of each year for the use of the funds resulting from this grant of supplemental general State aid for the improvement of instruction in which priority is given to meeting the education needs of disadvantaged children. Such plan shall be submitted in accordance with rules and regulations promulgated by the State Board of Education.

(4) School districts with an Average Daily Attendance of 50,000 or more that qualify for supplemental general State aid pursuant to this subsection shall be required to distribute from funds available pursuant to this Section, no less than $261,000,000 in accordance with the following requirements:

   (a) The required amounts shall be distributed to the attendance centers within the district in proportion to the number of pupils enrolled at each attendance center who are eligible to receive free or reduced-price lunches or breakfasts under the federal Child Nutrition Act of 1966 and under the National School Lunch Act during the immediately preceding school year.

   (b) The distribution of these portions of supplemental and general State aid among attendance centers according to these requirements shall not be compensated for or contravened by adjustments of the total of other funds appropriated to any attendance centers, and the Board of Education shall utilize funding from one or several sources in order to fully implement this provision annually prior to the opening of school.

   (c) Each attendance center shall be provided by the school district a distribution of noncategorical funds and other categorical funds to which an attendance center is entitled under law in order that the general State aid and supplemental general State aid provided by application of this subsection supplements rather than supplants the noncategorical funds and other categorical funds provided by the school district to the attendance centers.

   (d) Any funds made available under this subsection that by reason of the provisions of this subsection are not required to be allocated and provided to attendance centers may be used and

appropriated by the board of the district for any lawful school purpose.

(e) Funds received by an attendance center pursuant to this subsection shall be used by the attendance center at the discretion of the principal and local school council for programs to improve educational opportunities at qualifying schools through the following programs and services: early childhood education, reduced class size or improved adult to student classroom ratio, enrichment programs, remedial assistance, attendance improvement, and other educationally beneficial expenditures which supplement the regular and basic programs as determined by the State Board of Education. Funds provided shall not be expended for any political or lobbying purposes as defined by board rule.

(f) Each district subject to the provisions of this subdivision (H)(4) shall submit an acceptable plan to meet the educational needs of disadvantaged children, in compliance with the requirements of this paragraph, to the State Board of Education prior to July 15 of each year. This plan shall be consistent with the decisions of local school councils concerning the school expenditure plans developed in accordance with part 4 of Section 34-2.3. The State Board shall approve or reject the plan within 60 days after its submission. If the plan is rejected, the district shall give written notice of intent to modify the plan within 15 days of the notification of rejection and then submit a modified plan within 30 days after the date of the written notice of intent to modify. Districts may amend approved plans pursuant to rules promulgated by the State Board of Education.

Upon notification by the State Board of Education that the district has not submitted a plan prior to July 15 or a modified plan within the time period specified herein, the State aid funds affected by that plan or modified plan shall be withheld by the State Board of Education until a plan or modified plan is submitted.

If the district fails to distribute State aid to attendance centers in accordance with an approved plan, the plan for the following year shall allocate funds, in addition to the funds otherwise required by this subsection, to those attendance centers which were underfunded during the previous year in amounts equal to such underfunding.

For purposes of determining compliance with this subsection in relation to the requirements of attendance center funding, each district subject to the provisions of this subsection shall submit as a
separate document by December 1 of each year a report of expenditure data for the prior year in addition to any modification of its current plan. If it is determined that there has been a failure to comply with the expenditure provisions of this subsection regarding contravention or supplanting, the State Superintendent of Education shall, within 60 days of receipt of the report, notify the district and any affected local school council. The district shall within 45 days of receipt of that notification inform the State Superintendent of Education of the remedial or corrective action to be taken, whether by amendment of the current plan, if feasible, or by adjustment in the plan for the following year. Failure to provide the expenditure report or the notification of remedial or corrective action in a timely manner shall result in a withholding of the affected funds.

The State Board of Education shall promulgate rules and regulations to implement the provisions of this subsection. No funds shall be released under this subdivision (H)(4) to any district that has not submitted a plan that has been approved by the State Board of Education.

(K) Grants to Laboratory and Alternative Schools.

In calculating the amount to be paid to the governing board of a public university that operates a laboratory school under this Section or to any alternative school that is operated by a regional superintendent of schools, the State Board of Education shall require by rule such reporting requirements as it deems necessary.

As used in this Section, "laboratory school" means a public school which is created and operated by a public university and approved by the State Board of Education. The governing board of a public university which receives funds from the State Board under this subsection (K) may not increase the number of students enrolled in its laboratory school from a single district, if that district is already sending 50 or more students, except under a mutual agreement between the school board of a student's district of residence and the university which operates the laboratory school. A laboratory school may not have more than 1,000 students, excluding students with disabilities in a special education program.

As used in this Section, "alternative school" means a public school which is created and operated by a Regional Superintendent of Schools and approved by the State Board of Education. Such alternative schools may offer
courses of instruction for which credit is given in regular school programs, courses to prepare students for the high school equivalency testing program or vocational and occupational training. A regional superintendent of schools may contract with a school district or a public community college district to operate an alternative school. An alternative school serving more than one educational service region may be established by the regional superintendents of schools of the affected educational service regions. An alternative school serving more than one educational service region may be operated under such terms as the regional superintendents of schools of those educational service regions may agree.

Each laboratory and alternative school shall file, on forms provided by the State Superintendent of Education, an annual State aid claim which states the Average Daily Attendance of the school's students by month. The best 3 months' Average Daily Attendance shall be computed for each school. The general State aid entitlement shall be computed by multiplying the applicable Average Daily Attendance by the Foundation Level as determined under this Section.

(L) Payments, Additional Grants in Aid and Other Requirements.

(1) For a school district operating under the financial supervision of an Authority created under Article 34A, the general State aid otherwise payable to that district under this Section, but not the supplemental general State aid, shall be reduced by an amount equal to the budget for the operations of the Authority as certified by the Authority to the State Board of Education, and an amount equal to such reduction shall be paid to the Authority created for such district for its operating expenses in the manner provided in Section 18-11. The remainder of general State school aid for any such district shall be paid in accordance with Article 34A when that Article provides for a disposition other than that provided by this Article.

(2) (Blank).

(3) Summer school. Summer school payments shall be made as provided in Section 18-4.3.

(M) Education Funding Advisory Board.

The Education Funding Advisory Board, hereinafter in this subsection (M) referred to as the "Board", is hereby created. The Board shall consist of 5 members who are appointed by the Governor, by and with the advice and consent of the Senate. The members appointed shall include representatives of education, business, and the general public. One of the members so appointed shall be designated by the Governor at the time the appointment is made as the chairperson of the Board. The initial members of the Board may

be appointed any time after the effective date of this amendatory Act of 1997. The regular term of each member of the Board shall be for 4 years from the third Monday of January of the year in which the term of the member's appointment is to commence, except that of the 5 initial members appointed to serve on the Board, the member who is appointed as the chairperson shall serve for a term that commences on the date of his or her appointment and expires on the third Monday of January, 2002, and the remaining 4 members, by lots drawn at the first meeting of the Board that is held after all 5 members are appointed, shall determine 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2001, and 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2000. All members appointed to serve on the Board shall serve until their respective successors are appointed and confirmed. Vacancies shall be filled in the same manner as original appointments. If a vacancy in membership occurs at a time when the Senate is not in session, the Governor shall make a temporary appointment until the next meeting of the Senate, when he or she shall appoint, by and with the advice and consent of the Senate, a person to fill that membership for the unexpired term. If the Senate is not in session when the initial appointments are made, those appointments shall be made as in the case of vacancies.

The Education Funding Advisory Board shall be deemed established, and the initial members appointed by the Governor to serve as members of the Board shall take office, on the date that the Governor makes his or her appointment of the fifth initial member of the Board, whether those initial members are then serving pursuant to appointment and confirmation or pursuant to temporary appointments that are made by the Governor as in the case of vacancies.

The State Board of Education shall provide such staff assistance to the Education Funding Advisory Board as is reasonably required for the proper performance by the Board of its responsibilities.

For school years after the 2000-2001 school year, the Education Funding Advisory Board, in consultation with the State Board of Education, shall make recommendations as provided in this subsection (M) to the General Assembly for the foundation level under subdivision (B)(3) of this Section and for the supplemental general State aid grant level under subsection (H) of this Section for districts with high concentrations of children from poverty. The recommended foundation level shall be determined based on a methodology which incorporates the basic education

expenditures of low-spending schools exhibiting high academic performance. The Education Funding Advisory Board shall make such recommendations to the General Assembly on January 1 of odd numbered years, beginning January 1, 2001.

(O) References.

(1) References in other laws to the various subdivisions of Section 18-8 as that Section existed before its repeal and replacement by this Section 18-8.05 shall be deemed to refer to the corresponding provisions of this Section 18-8.05, to the extent that those references remain applicable.

(2) References in other laws to State Chapter 1 funds shall be deemed to refer to the supplemental general State aid provided under subsection (H) of this Section.

(P) Public Act 93-838 and Public Act 93-808 make inconsistent changes to this Section. Under Section 6 of the Statute on Statutes there is an irreconcilable conflict between Public Act 93-808 and Public Act 93-838. Public Act 93-838, being the last acted upon, is controlling. The text of Public Act 93-838 is the law regardless of the text of Public Act 93-808.

Sec. 21B-75. Suspension or revocation of license.

(a) As used in this Section, "teacher" means any school district employee regularly required to be licensed, as provided in this Article, in order to teach or supervise in the public schools.

(b) The State Superintendent of Education has the exclusive authority, in accordance with this Section and any rules adopted by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board, to initiate the suspension of up to 5 calendar years or revocation of any license issued pursuant to this Article for abuse or neglect of a child, immorality, a condition of health detrimental to the welfare of pupils, incompetency, unprofessional conduct (which includes the failure to disclose on an employment application any previous conviction for a sex offense, as defined in Section 21B-80 of this Code, or any other offense committed in any other state or against the laws of the United States that, if committed in this State, would be punishable as a sex offense, as defined in Section 21B-80 of this Code), the neglect of any professional duty, willful failure to report an

instance of suspected child abuse or neglect as required by the Abused and Neglected Child Reporting Act, failure to establish satisfactory repayment on an educational loan guaranteed by the Illinois Student Assistance Commission, or other just cause. Unprofessional conduct shall include the refusal to attend or participate in institutes, teachers' meetings, or professional readings or to meet other reasonable requirements of the regional superintendent of schools or State Superintendent of Education. Unprofessional conduct also includes conduct that violates the standards, ethics, or rules applicable to the security, administration, monitoring, or scoring of or the reporting of scores from any assessment test or examination administered under Section 2-3.64a-5 of this Code or that is known or intended to produce or report manipulated or artificial, rather than actual, assessment or achievement results or gains from the administration of those tests or examinations. Unprofessional conduct shall also include neglect or unnecessary delay in the making of statistical and other reports required by school officers. Incompetency shall include, without limitation, 2 or more school terms of service for which the license holder has received an unsatisfactory rating on a performance evaluation conducted pursuant to Article 24A of this Code within a period of 7 school terms of service. In determining whether to initiate action against one or more licenses based on incompetency and the recommended sanction for such action, the State Superintendent shall consider factors that include without limitation all of the following:

(1) Whether the unsatisfactory evaluation ratings occurred prior to June 13, 2011 (the effective date of Public Act 97-8).
(2) Whether the unsatisfactory evaluation ratings occurred prior to or after the implementation date, as defined in Section 24A-2.5 of this Code, of an evaluation system for teachers in a school district.
(3) Whether the evaluator or evaluators who performed an unsatisfactory evaluation met the pre-licensure and training requirements set forth in Section 24A-3 of this Code.
(4) The time between the unsatisfactory evaluation ratings.
(5) The quality of the remediation plans associated with the unsatisfactory evaluation ratings and whether the license holder successfully completed the remediation plans.
(6) Whether the unsatisfactory evaluation ratings were related to the same or different assignments performed by the license holder.

New matter indicated by italics - deletions by strikeout
(7) Whether one or more of the unsatisfactory evaluation ratings occurred in the first year of a teaching or administrative assignment. When initiating an action against one or more licenses, the State Superintendent may seek required professional development as a sanction in lieu of or in addition to suspension or revocation. Any such required professional development must be at the expense of the license holder, who may use, if available and applicable to the requirements established by administrative or court order, training, coursework, or other professional development funds in accordance with the terms of an applicable collective bargaining agreement entered into after June 13, 2011 (the effective date of Public Act 97-8), unless that agreement specifically precludes use of funds for such purpose.

(c) The State Superintendent of Education shall, upon receipt of evidence of abuse or neglect of a child, immorality, a condition of health detrimental to the welfare of pupils, incompetency (subject to subsection (b) of this Section), unprofessional conduct, the neglect of any professional duty, or other just cause, further investigate and, if and as appropriate, serve written notice to the individual and afford the individual opportunity for a hearing prior to suspension, revocation, or other sanction; provided that the State Superintendent is under no obligation to initiate such an investigation if the Department of Children and Family Services is investigating the same or substantially similar allegations and its child protective service unit has not made its determination, as required under Section 7.12 of the Abused and Neglected Child Reporting Act. If the State Superintendent of Education does not receive from an individual a request for a hearing within 10 days after the individual receives notice, the suspension, revocation, or other sanction shall immediately take effect in accordance with the notice. If a hearing is requested within 10 days after notice of an opportunity for hearing, it shall act as a stay of proceedings until the State Educator Preparation and Licensure Board issues a decision. Any hearing shall take place in the educational service region where the educator is or was last employed and in accordance with rules adopted by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board, and such rules shall include without limitation provisions for discovery and the sharing of information between parties prior to the hearing. The standard of proof for any administrative hearing held pursuant to this Section shall be by the preponderance of the evidence. The decision of the State Educator

Preparation and Licensure Board is a final administrative decision and is subject to judicial review by appeal of either party.

The State Board of Education may refuse to issue or may suspend the license of any person who fails to file a return or to pay the tax, penalty, or interest shown in a filed return or to pay any final assessment of tax, penalty, or interest, as required by any tax Act administered by the Department of Revenue, until such time as the requirements of any such tax Act are satisfied.

The exclusive authority of the State Superintendent of Education to initiate suspension or revocation of a license pursuant to this Section does not preclude a regional superintendent of schools from cooperating with the State Superintendent or a State's Attorney with respect to an investigation of alleged misconduct.

(d) The State Superintendent of Education or his or her designee may initiate and conduct such investigations as may be reasonably necessary to establish the existence of any alleged misconduct. At any stage of the investigation, the State Superintendent may issue a subpoena requiring the attendance and testimony of a witness, including the license holder, and the production of any evidence, including files, records, correspondence, or documents, relating to any matter in question in the investigation. The subpoena shall require a witness to appear at the State Board of Education at a specified date and time and shall specify any evidence to be produced. The license holder is not entitled to be present, but the State Superintendent shall provide the license holder with a copy of any recorded testimony prior to a hearing under this Section. Such recorded testimony must not be used as evidence at a hearing, unless the license holder has adequate notice of the testimony and the opportunity to cross-examine the witness. Failure of a license holder to comply with a duly issued, investigatory subpoena may be grounds for revocation, suspension, or denial of a license.

(e) All correspondence, documentation, and other information so received by the regional superintendent of schools, the State Superintendent of Education, the State Board of Education, or the State Educator Preparation and Licensure Board under this Section is confidential and must not be disclosed to third parties, except (i) as necessary for the State Superintendent of Education or his or her designee to investigate and prosecute pursuant to this Article, (ii) pursuant to a court order, (iii) for disclosure to the license holder or his or her representative, or (iv) as otherwise required in this Article and provided that any such information admitted into evidence in a hearing is exempt from this confidentiality and non-disclosure requirement.

(f) The State Superintendent of Education or a person designated by him or her shall have the power to administer oaths to witnesses at any hearing conducted before the State Educator Preparation and Licensure Board pursuant to this Section. The State Superintendent of Education or a person designated by him or her is authorized to subpoena and bring before the State Educator Preparation and Licensure Board any person in this State and to take testimony either orally or by deposition or by exhibit, with the same fees and mileage and in the same manner as prescribed by law in judicial proceedings in civil cases in circuit courts of this State.

(g) Any circuit court, upon the application of the State Superintendent of Education or the license holder, may, by order duly entered, require the attendance of witnesses and the production of relevant books and papers as part of any investigation or at any hearing the State Educator Preparation and Licensure Board is authorized to conduct pursuant to this Section, and the court may compel obedience to its orders by proceedings for contempt.

(h) The State Board of Education shall receive an annual line item appropriation to cover fees associated with the investigation and prosecution of alleged educator misconduct and hearings related thereto.

(105 ILCS 5/27A-4)
Sec. 27A-4. General Provisions.
(a) The General Assembly does not intend to alter or amend the provisions of any court-ordered desegregation plan in effect for any school district. A charter school shall be subject to all federal and State laws and constitutional provisions prohibiting discrimination on the basis of disability, race, creed, color, gender, national origin, religion, ancestry, marital status, or need for special education services.

(b) The total number of charter schools operating under this Article at any one time shall not exceed 120. Not more than 70 charter schools shall operate at any one time in any city having a population exceeding 500,000, with at least 5 charter schools devoted exclusively to students from low-performing or overcrowded schools operating at any one time in that city; and not more than 45 charter schools shall operate at any one time in the remainder of the State, with not more than one charter school that has been initiated by a board of education, or by an intergovernmental agreement between or among boards of education, operating at any one time in the school district where the charter school is located. In addition to these charter schools, up to but no more than 5 charter schools devoted exclusively to re-
enrolled high school dropouts and/or students 16 or 15 years old at risk of dropping out may operate at any one time in any city having a population exceeding 500,000. Notwithstanding any provision to the contrary in subsection (b) of Section 27A-5 of this Code, each such dropout charter may operate up to 15 campuses within the city. Any of these dropout charters may have a maximum of 1,875 enrollment seats, any one of the campuses of the dropout charter may have a maximum of 165 enrollment seats, and each campus of the dropout charter must be operated, through a contract or payroll, by the same legal entity as that for which the charter is approved and certified.

For purposes of implementing this Section, the State Board shall assign a number to each charter submission it receives under Section 27A-6 for its review and certification, based on the chronological order in which the submission is received by it. The State Board shall promptly notify local school boards when the maximum numbers of certified charter schools authorized to operate have been reached.

(c) No charter shall be granted under this Article that would convert any existing private, parochial, or non-public school to a charter school.

(d) Enrollment in a charter school shall be open to any pupil who resides within the geographic boundaries of the area served by the local school board, provided that the board of education in a city having a population exceeding 500,000 may designate attendance boundaries for no more than one-third of the charter schools permitted in the city if the board of education determines that attendance boundaries are needed to relieve overcrowding or to better serve low-income and at-risk students. Students residing within an attendance boundary may be given priority for enrollment, but must not be required to attend the charter school.

(e) Nothing in this Article shall prevent 2 or more local school boards from jointly issuing a charter to a single shared charter school, provided that all of the provisions of this Article are met as to those local school boards.

(f) No local school board shall require any employee of the school district to be employed in a charter school.

(g) No local school board shall require any pupil residing within the geographic boundary of its district to enroll in a charter school.

(h) If there are more eligible applicants for enrollment in a charter school than there are spaces available, successful applicants shall be selected by lottery. However, priority shall be given to siblings of pupils enrolled in the charter school and to pupils who were enrolled in the charter school the previous school year, unless expelled for cause, and priority may be given to

pupils residing within the charter school's attendance boundary, if a boundary has been designated by the board of education in a city having a population exceeding 500,000. Dual enrollment at both a charter school and a public school or non-public school shall not be allowed. A pupil who is suspended or expelled from a charter school shall be deemed to be suspended or expelled from the public schools of the school district in which the pupil resides. Notwithstanding anything to the contrary in this subsection (h):

1. any charter school with a mission exclusive to educating high school dropouts may grant priority admission to students who are high school dropouts and/or students 16 or 15 years old at risk of dropping out and any charter school with a mission exclusive to educating students from low-performing or overcrowded schools may restrict admission to students who are from low-performing or overcrowded schools; "priority admission" for charter schools exclusively devoted to re-enrolled dropouts or students at risk of dropping out means a minimum of 90% of students enrolled shall be high school dropouts; and

2. any charter school located in a school district that contains all or part of a federal military base may set aside up to 33% of its current charter enrollment to students with parents assigned to the federal military base, with the remaining 67% subject to the general enrollment and lottery requirements of subsection (d) of this Section and this subsection (h); if a student with a parent assigned to the federal military base withdraws from the charter school during the course of a school year for reasons other than grade promotion, those students with parents assigned to the federal military base shall have preference in filling the vacancy.

(i) (Blank).

(j) Notwithstanding any other provision of law to the contrary, a school district in a city having a population exceeding 500,000 shall not have a duty to collectively bargain with an exclusive representative of its employees over decisions to grant or deny a charter school proposal under Section 27A-8 of this Code, decisions to renew or revoke a charter under Section 27A-9 of this Code, and the impact of these decisions, provided that nothing in this Section shall have the effect of negating, abrogating, replacing, reducing, diminishing, or limiting in any way employee rights, guarantees, or privileges granted in Sections 2, 3, 7, 8, 10, 14, and 15 of the Illinois Educational Labor Relations Act.

"Students at risk of dropping out" means students 16 or 15 years old in a public school in a district organized under Article 34 of this Code that enrolls students in any grades 9-12 who have been absent at least 90 school attendance days of the previous 180 school attendance days.

Sec. 27A-6. Contract contents; applicability of laws and regulations.

(a) A certified charter shall constitute a binding contract and agreement between the charter school and a local school board under the terms of which the local school board authorizes the governing body of the charter school to operate the charter school on the terms specified in the contract.

(b) Notwithstanding any other provision of this Article, the certified charter may not waive or release the charter school from the State goals, standards, and assessments established pursuant to Section 2-3.64a-5 of this Code 2-3.64. Beginning with the 2003-2004 school year, the certified charter for a charter school operating in a city having a population exceeding 500,000 shall require the charter school to administer any other nationally recognized standardized tests to its students that the chartering entity administers to other students, and the results on such tests shall be included in the chartering entity's assessment reports.

(c) Subject to the provisions of subsection (e), a material revision to a previously certified contract or a renewal shall be made with the approval of both the local school board and the governing body of the charter school.

(c-5) The proposed contract shall include a provision on how both parties will address minor violations of the contract.

(d) The proposed contract between the governing body of a proposed charter school and the local school board as described in Section 27A-7 must be submitted to and certified by the State Board before it can take effect. If the State Board recommends that the proposed contract be modified for consistency with this Article before it can be certified, the modifications must be consented to by both the governing body of the charter school and the local school board, and resubmitted to the State Board for its certification. If the proposed contract is resubmitted in a form that is not consistent with this Article, the State Board may refuse to certify the charter.

The State Board shall assign a number to each submission or resubmission in chronological order of receipt, and shall determine whether the proposed contract is consistent with the provisions of this Article. If the proposed contract complies, the State Board shall so certify.

(e) No material revision to a previously certified contract or a renewal shall be effective unless and until the State Board certifies that the revision or renewal is consistent with the provisions of this Article.

Section 15. The Illinois Municipal Code is amended by changing Sections 10-1-7, 10-1-7.1, 10-2.1-4, 10-2.1-6.3, 10-2.1-14, and 10-2.1-31 as follows:

(65 ILCS 5/10-1-7) (from Ch. 24, par. 10-1-7)
Sec. 10-1-7. Examination of applicants; disqualifications.
(a) All applicants for offices or places in the classified service, except those mentioned in Section 10-1-17, are subject to examination. The examination shall be public, competitive, and open to all citizens of the United States, with specified limitations as to residence, age, health, habits and moral character.

(b) Residency requirements in effect at the time an individual enters the fire or police service of a municipality (other than a municipality that has more than 1,000,000 inhabitants) cannot be made more restrictive for that individual during his or her period of service for that municipality, or be made a condition of promotion, except for the rank or position of Fire or Police Chief.

(c) No person with a record of misdemeanor convictions except those under Sections 11-1.50, 11-6, 11-7, 11-9, 11-14, 11-15, 11-16, 11-17, 11-18, 11-19, 11-30, 11-35, 12-2, 12-6, 12-15, 14-4, 16-1, 21.1-3, 24-3.1, 24-5, 25-1, 28-3, 31-1, 31-4, 31-6, 31-7, 32-1, 32-2, 32-3, 32-4, and 32-8, subdivisions (a)(1) and (a)(2)(C) of Section 11-14.3, and subsections (1), (6) and (8) of Section 24-1 of the Criminal Code of 1961 or the Criminal Code of 2012 or arrested for any cause but not convicted on that cause shall be disqualified from taking the examination on grounds of habits or moral character, unless the person is attempting to qualify for a position on the police department, in which case the conviction or arrest may be considered as a factor in determining the person's habits or moral character.

(d) Persons entitled to military preference under Section 10-1-16 shall not be subject to limitations specifying age unless they are applicants for a position as a fireman or a policeman having no previous employment status as a fireman or policeman in the regularly constituted fire or police department of the municipality, in which case they must not have attained their 35th birthday, except any person who has served as an auxiliary police officer under Section 3.1-30-20 for at least 5 years and is under 40 years of age.

(e) All employees of a municipality of less than 500,000 population (except those who would be excluded from the classified service as provided in this Division 1) who are holding that employment as of the date a
municipality adopts this Division 1, or as of July 17, 1959, whichever date is
the later, and who have held that employment for at least 2 years immediately
before that later date, and all firemen and policemen regardless of length of
service who were either appointed to their respective positions by the board
of fire and police commissioners under the provisions of Division 2 of this
Article or who are serving in a position (except as a temporary employee) in
the fire or police department in the municipality on the date a municipality
adopts this Division 1, or as of July 17, 1959, whichever date is the later,
shall become members of the classified civil service of the municipality
without examination.

(f) The examinations shall be practical in their character, and shall
relate to those matters that will fairly test the relative capacity of the persons
examined to discharge the duties of the positions to which they seek to be
appointed. The examinations shall include tests of physical qualifications,
health, and (when appropriate) manual skill. If an applicant is unable to pass
the physical examination solely as the result of an injury received by the
applicant as the result of the performance of an act of duty while working as
a temporary employee in the position for which he or she is being examined,
however, the physical examination shall be waived and the applicant shall be
considered to have passed the examination. No questions in any examination
shall relate to political or religious opinions or affiliations. Results of
examinations and the eligible registers prepared from the results shall be
published by the commission within 60 days after any examinations are held.

(g) The commission shall control all examinations, and may,
whenever an examination is to take place, designate a suitable number of
persons, either in or not in the official service of the municipality, to be
examiners. The examiners shall conduct the examinations as directed by the
commission and shall make a return or report of the examinations to the
commission. If the appointed examiners are in the official service of the
municipality, the examiners shall not receive extra compensation for
conducting the examinations unless the examiners are subject to a collective
bargaining agreement with the municipality. The commission may at any time
substitute any other person, whether or not in the service of the municipality,
in the place of any one selected as an examiner. The commission members
may themselves at any time act as examiners without appointing examiners.
The examiners at any examination shall not all be members of the same
political party.

(h) In municipalities of 500,000 or more population, no person who
has attained his or her 35th birthday shall be eligible to take an examination
for a position as a fireman or a policeman unless the person has had previous employment status as a policeman or fireman in the regularly constituted police or fire department of the municipality, except as provided in this Section.

(i) In municipalities of more than 5,000 but not more than 200,000 inhabitants, no person who has attained his or her 35th birthday shall be eligible to take an examination for a position as a fireman or a policeman unless the person has had previous employment status as a policeman or fireman in the regularly constituted police or fire department of the municipality, except as provided in this Section.

(j) In all municipalities, applicants who are 20 years of age and who have successfully completed 2 years of law enforcement studies at an accredited college or university may be considered for appointment to active duty with the police department. An applicant described in this subsection (j) who is appointed to active duty shall not have power of arrest, nor shall the applicant be permitted to carry firearms, until he or she reaches 21 years of age.

(k) In municipalities of more than 500,000 population, applications for examination for and appointment to positions as firefighters or police shall be made available at various branches of the public library of the municipality.

(l) No municipality having a population less than 1,000,000 shall require that any fireman appointed to the lowest rank serve a probationary employment period of longer than one year. The limitation on periods of probationary employment provided in this amendatory Act of 1989 is an exclusive power and function of the State. Pursuant to subsection (h) of Section 6 of Article VII of the Illinois Constitution, a home rule municipality having a population less than 1,000,000 must comply with this limitation on periods of probationary employment, which is a denial and limitation of home rule powers. Notwithstanding anything to the contrary in this Section, the probationary employment period limitation may be extended for a firefighter who is required, as a condition of employment, to be a licensed certified paramedic, during which time the sole reason that a firefighter may be discharged without a hearing is for failing to meet the requirements for paramedic license certification.

(m) To the extent that this Section or any other Section in this Division conflicts with Section 10-1-7.1 or 10-1-7.2, then Section 10-1-7.1 or 10-1-7.2 shall control.
Sec. 10-1-7.1. Original appointments; full-time fire department.

(a) Applicability. Unless a commission elects to follow the provisions of Section 10-1-7.2, this Section shall apply to all original appointments to an affected full-time fire department. Existing registers of eligibles shall continue to be valid until their expiration dates, or up to a maximum of 2 years after the effective date of this amendatory Act of the 97th General Assembly.

Notwithstanding any statute, ordinance, rule, or other law to the contrary, all original appointments to an affected department to which this Section applies shall be administered in the manner provided for in this Section. Provisions of the Illinois Municipal Code, municipal ordinances, and rules adopted pursuant to such authority and other laws relating to initial hiring of firefighters in affected departments shall continue to apply to the extent they are compatible with this Section, but in the event of a conflict between this Section and any other law, this Section shall control.

A municipality that is operating under a court order or consent decree regarding original appointments to a full-time fire department before the effective date of this amendatory Act of the 97th General Assembly is exempt from the requirements of this Section for the duration of the court order or consent decree.

Notwithstanding any other provision of this subsection (a), this Section does not apply to a municipality with more than 1,000,000 inhabitants.

(b) Original appointments. All original appointments made to an affected fire department shall be made from a register of eligibles established in accordance with the processes established by this Section. Only persons who meet or exceed the performance standards required by this Section shall be placed on a register of eligibles for original appointment to an affected fire department.
Whenever an appointing authority authorizes action to hire a person to perform the duties of a firefighter or to hire a firefighter-paramedic to fill a position that is a new position or vacancy due to resignation, discharge, promotion, death, the granting of a disability or retirement pension, or any other cause, the appointing authority shall appoint to that position the person with the highest ranking on the final eligibility list. If the appointing authority has reason to conclude that the highest ranked person fails to meet the minimum standards for the position or if the appointing authority believes an alternate candidate would better serve the needs of the department, then the appointing authority has the right to pass over the highest ranked person and appoint either: (i) any person who has a ranking in the top 5% of the register of eligibles or (ii) any person who is among the top 5 highest ranked persons on the list of eligibles if the number of people who have a ranking in the top 5% of the register of eligibles is less than 5 people.

Any candidate may pass on an appointment once without losing his or her position on the register of eligibles. Any candidate who passes a second time may be removed from the list by the appointing authority provided that such action shall not prejudice a person's opportunities to participate in future examinations, including an examination held during the time a candidate is already on the municipality's register of eligibles.

The sole authority to issue certificates of appointment shall be vested in the Civil Service Commission. All certificates of appointment issued to any officer or member of an affected department shall be signed by the chairperson and secretary, respectively, of the commission upon appointment of such officer or member to the affected department by the commission. Each person who accepts a certificate of appointment and successfully completes his or her probationary period shall be enrolled as a firefighter and as a regular member of the fire department.

For the purposes of this Section, "firefighter" means any person who has been prior to, on, or after the effective date of this amendatory Act of the 97th General Assembly appointed to a fire department or fire protection district or employed by a State university and sworn or commissioned to perform firefighter duties or paramedic duties, or both, except that the following persons are not included: part-time firefighters; auxiliary, reserve, or voluntary firefighters, including paid-on-call firefighters; clerks and dispatchers or other civilian employees of a fire department or fire protection district who are not routinely expected to perform firefighter duties; and elected officials.

New matter indicated by italics - deletions by strikeout
(c) Qualification for placement on register of eligibles. The purpose of establishing a register of eligibles is to identify applicants who possess and demonstrate the mental aptitude and physical ability to perform the duties required of members of the fire department in order to provide the highest quality of service to the public. To this end, all applicants for original appointment to an affected fire department shall be subject to examination and testing which shall be public, competitive, and open to all applicants unless the municipality shall by ordinance limit applicants to residents of the municipality, county or counties in which the municipality is located, State, or nation. Municipalities may establish educational, emergency medical service licensure, and other pre-requisites for participation in an examination or for hire as a firefighter. Any municipality may charge a fee to cover the costs of the application process.

Residency requirements in effect at the time an individual enters the fire service of a municipality cannot be made more restrictive for that individual during his or her period of service for that municipality, or be made a condition of promotion, except for the rank or position of fire chief and for no more than 2 positions that rank immediately below that of the chief rank which are appointed positions pursuant to the Fire Department Promotion Act.

No person who is 35 years of age or older shall be eligible to take an examination for a position as a firefighter unless the person has had previous employment status as a firefighter in the regularly constituted fire department of the municipality, except as provided in this Section. The age limitation does not apply to:

(1) any person previously employed as a full-time firefighter in a regularly constituted fire department of (i) any municipality or fire protection district located in Illinois, (ii) a fire protection district whose obligations were assumed by a municipality under Section 21 of the Fire Protection District Act, or (iii) a municipality whose obligations were taken over by a fire protection district, or

(2) any person who has served a municipality as a regularly enrolled volunteer, paid-on-call, or part-time firefighter for the 5 years immediately preceding the time that the municipality begins to use full-time firefighters to provide all or part of its fire protection service.

No person who is under 21 years of age shall be eligible for employment as a firefighter.
No applicant shall be examined concerning his or her political or religious opinions or affiliations. The examinations shall be conducted by the commissioners of the municipality or their designees and agents.

No municipality shall require that any firefighter appointed to the lowest rank serve a probationary employment period of longer than one year of actual active employment, which may exclude periods of training, or injury or illness leaves, including duty related leave, in excess of 30 calendar days. Notwithstanding anything to the contrary in this Section, the probationary employment period limitation may be extended for a firefighter who is required, as a condition of employment, to be a licensed certified paramedic, during which time the sole reason that a firefighter may be discharged without a hearing is for failing to meet the requirements for paramedic licensure certification.

In the event that any applicant who has been found eligible for appointment and whose name has been placed upon the final eligibility register provided for in this Division 1 has not been appointed to a firefighter position within one year after the date of his or her physical ability examination, the commission may cause a second examination to be made of that applicant's physical ability prior to his or her appointment. If, after the second examination, the physical ability of the applicant shall be found to be less than the minimum standard fixed by the rules of the commission, the applicant shall not be appointed. The applicant's name may be retained upon the register of candidates eligible for appointment and when next reached for certification and appointment that applicant may be again examined as provided in this Section, and if the physical ability of that applicant is found to be less than the minimum standard fixed by the rules of the commission, the applicant shall not be appointed, and the name of the applicant shall be removed from the register.

(d) Notice, examination, and testing components. Notice of the time, place, general scope, merit criteria for any subjective component, and fee of every examination shall be given by the commission, by a publication at least 2 weeks preceding the examination: (i) in one or more newspapers published in the municipality, or if no newspaper is published therein, then in one or more newspapers with a general circulation within the municipality, or (ii) on the municipality's Internet website. Additional notice of the examination may be given as the commission shall prescribe.

The examination and qualifying standards for employment of firefighters shall be based on: mental aptitude, physical ability, preferences, moral character, and health. The mental aptitude, physical ability, and

New matter indicated by italics - deletions by strikeout
preference components shall determine an applicant's qualification for and placement on the final register of eligibles. The examination may also include a subjective component based on merit criteria as determined by the commission. Scores from the examination must be made available to the public.

(e) Mental aptitude. No person who does not possess at least a high school diploma or an equivalent high school education shall be placed on a register of eligibles. Examination of an applicant's mental aptitude shall be based upon a written examination. The examination shall be practical in character and relate to those matters that fairly test the capacity of the persons examined to discharge the duties performed by members of a fire department. Written examinations shall be administered in a manner that ensures the security and accuracy of the scores achieved.

(f) Physical ability. All candidates shall be required to undergo an examination of their physical ability to perform the essential functions included in the duties they may be called upon to perform as a member of a fire department. For the purposes of this Section, essential functions of the job are functions associated with duties that a firefighter may be called upon to perform in response to emergency calls. The frequency of the occurrence of those duties as part of the fire department's regular routine shall not be a controlling factor in the design of examination criteria or evolutions selected for testing. These physical examinations shall be open, competitive, and based on industry standards designed to test each applicant's physical abilities in the following dimensions:

(1) Muscular strength to perform tasks and evolutions that may be required in the performance of duties including grip strength, leg strength, and arm strength. Tests shall be conducted under anaerobic as well as aerobic conditions to test both the candidate's speed and endurance in performing tasks and evolutions. Tasks tested may be based on standards developed, or approved, by the local appointing authority.

(2) The ability to climb ladders, operate from heights, walk or crawl in the dark along narrow and uneven surfaces, and operate in proximity to hazardous environments.

(3) The ability to carry out critical, time-sensitive, and complex problem solving during physical exertion in stressful and hazardous environments. The testing environment may be hot and dark with tightly enclosed spaces, flashing lights, sirens, and other distractions.

New matter indicated by italics - deletions by strikeout
The tests utilized to measure each applicant's capabilities in each of these dimensions may be tests based on industry standards currently in use or equivalent tests approved by the Joint Labor-Management Committee of the Office of the State Fire Marshal.

Physical ability examinations administered under this Section shall be conducted with a reasonable number of proctors and monitors, open to the public, and subject to reasonable regulations of the commission.

(g) Scoring of examination components. Appointing authorities may create a preliminary eligibility register. A person shall be placed on the list based upon his or her passage of the written examination or the passage of the written examination and the physical ability component. Passage of the written examination means a score that is at or above the median score for all applicants participating in the written test. The appointing authority may conduct the physical ability component and any subjective components subsequent to the posting of the preliminary eligibility register.

The examination components for an initial eligibility register shall be graded on a 100-point scale. A person's position on the list shall be determined by the following: (i) the person's score on the written examination, (ii) the person successfully passing the physical ability component, and (iii) the person's results on any subjective component as described in subsection (d).

In order to qualify for placement on the final eligibility register, an applicant's score on the written examination, before any applicable preference points or subjective points are applied, shall be at or above the median score. The local appointing authority may prescribe the score to qualify for placement on the final eligibility register, but the score shall not be less than the median score.

The commission shall prepare and keep a register of persons whose total score is not less than the minimum fixed by this Section and who have passed the physical ability examination. These persons shall take rank upon the register as candidates in the order of their relative excellence based on the highest to the lowest total points scored on the mental aptitude, subjective component, and preference components of the test administered in accordance with this Section. No more than 60 days after each examination, an initial eligibility list shall be posted by the commission. The list shall include the final grades of the candidates without reference to priority of the time of examination and subject to claim for preference credit.

Commissions may conduct additional examinations, including without limitation a polygraph test, after a final eligibility register is

established and before it expires with the candidates ranked by total score without regard to date of examination. No more than 60 days after each examination, an initial eligibility list shall be posted by the commission showing the final grades of the candidates without reference to priority of time of examination and subject to claim for preference credit.

(h) Preferences. The following are preferences:

(1) Veteran preference. Persons who were engaged in the military service of the United States for a period of at least one year of active duty and who were honorably discharged therefrom, or who are now or have been members on inactive or reserve duty in such military or naval service, shall be preferred for appointment to and employment with the fire department of an affected department.

(2) Fire cadet preference. Persons who have successfully completed 2 years of study in fire techniques or cadet training within a cadet program established under the rules of the Joint Labor and Management Committee (JLMC), as defined in Section 50 of the Fire Department Promotion Act, may be preferred for appointment to and employment with the fire department.

(3) Educational preference. Persons who have successfully obtained an associate's degree in the field of fire service or emergency medical services, or a bachelor's degree from an accredited college or university may be preferred for appointment to and employment with the fire department.

(4) Paramedic preference. Persons who have obtained a license certification as a paramedic an Emergency Medical Technician-Paramedic (EMT-P) may be preferred for appointment to and employment with the fire department of an affected department providing emergency medical services.

(5) Experience preference. All persons employed by a municipality who have been paid-on-call or part-time certified Firefighter II, certified Firefighter III, State of Illinois or nationally licensed EMT, EMT-B or EMT-I, A-EMT, or licensed paramedic, or any combination of those capacities may be awarded up to a maximum of 5 points. However, the applicant may not be awarded more than 0.5 points for each complete year of paid-on-call or part-time service. Applicants from outside the municipality who were employed as full-time firefighters or firefighter-paramedics by a fire protection district or another municipality may be awarded up to 5 experience preference points. However, the applicant may not be

New matter indicated by italics - deletions by strikeout
awarded more than one point for each complete year of full-time service.

Upon request by the commission, the governing body of the municipality or in the case of applicants from outside the municipality the governing body of any fire protection district or any other municipality shall certify to the commission, within 10 days after the request, the number of years of successful paid-on-call, part-time, or full-time service of any person. A candidate may not receive the full amount of preference points under this subsection if the amount of points awarded would place the candidate before a veteran on the eligibility list. If more than one candidate receiving experience preference points is prevented from receiving all of their points due to not being allowed to pass a veteran, the candidates shall be placed on the list below the veteran in rank order based on the totals received if all points under this subsection were to be awarded. Any remaining ties on the list shall be determined by lot.

(6) Residency preference. Applicants whose principal residence is located within the fire department's jurisdiction may be preferred for appointment to and employment with the fire department.

(7) Additional preferences. Up to 5 additional preference points may be awarded for unique categories based on an applicant's experience or background as identified by the commission.

(8) Scoring of preferences. The commission shall give preference for original appointment to persons designated in item (1) by adding to the final grade that they receive 5 points for the recognized preference achieved. The commission shall determine the number of preference points for each category except (1). The number of preference points for each category shall range from 0 to 5. In determining the number of preference points, the commission shall prescribe that if a candidate earns the maximum number of preference points in all categories, that number may not be less than 10 nor more than 30. The commission shall give preference for original appointment to persons designated in items (2) through (7) by adding the requisite number of points to the final grade for each recognized preference achieved. The numerical result thus attained shall be applied by the commission in determining the final eligibility list and appointment from the eligibility list. The local appointing authority may prescribe the total number of preference points awarded under

New matter indicated by italics - deletions by strikeout
this Section, but the total number of preference points shall not be less than 10 points or more than 30 points.

No person entitled to any preference shall be required to claim the credit before any examination held under the provisions of this Section, but the preference shall be given after the posting or publication of the initial eligibility list or register at the request of a person entitled to a credit before any certification or appointments are made from the eligibility register, upon the furnishing of verifiable evidence and proof of qualifying preference credit. Candidates who are eligible for preference credit shall make a claim in writing within 10 days after the posting of the initial eligibility list, or the claim shall be deemed waived. Final eligibility registers shall be established after the awarding of verified preference points. All employment shall be subject to the commission's initial hire background review including, but not limited to, criminal history, employment history, moral character, oral examination, and medical and psychological examinations, all on a pass-fail basis. The medical and psychological examinations must be conducted last, and may only be performed after a conditional offer of employment has been extended.

Any person placed on an eligibility list who exceeds the age requirement before being appointed to a fire department shall remain eligible for appointment until the list is abolished, or his or her name has been on the list for a period of 2 years. No person who has attained the age of 35 years shall be inducted into a fire department, except as otherwise provided in this Section.

The commission shall strike off the names of candidates for original appointment after the names have been on the list for more than 2 years.

(i) Moral character. No person shall be appointed to a fire department unless he or she is a person of good character; not a habitual drunkard, a gambler, or a person who has been convicted of a felony or a crime involving moral turpitude. However, no person shall be disqualified from appointment to the fire department because of the person's record of misdemeanor convictions except those under Sections 11-6, 11-7, 11-9, 11-14, 11-15, 11-17, 11-18, 11-19, 12-2, 12-6, 12-15, 14-4, 16-1, 21.1-3, 24-3.1, 24-5, 25-1, 28-3, 31-1, 31-4, 31-6, 31-7, 32-1, 32-2, 32-3, 32-4, 32-8, and subsections 1, 6, and 8 of Section 24-1 of the Criminal Code of 1961 or the Criminal Code of 2012, or arrest for any cause without conviction thereon. Any such person who is in the department may be removed on charges brought for violating this subsection and after a trial as hereinafter provided.

A classifiable set of the fingerprints of every person who is offered employment as a certificated member of an affected fire department whether with or without compensation, shall be furnished to the Illinois Department of State Police and to the Federal Bureau of Investigation by the commission.

Whenever a commission is authorized or required by law to consider some aspect of criminal history record information for the purpose of carrying out its statutory powers and responsibilities, then, upon request and payment of fees in conformance with the requirements of Section 2605-400 of the State Police Law of the Civil Administrative Code of Illinois, the Department of State Police is authorized to furnish, pursuant to positive identification, the information contained in State files as is necessary to fulfill the request.

(j) Temporary appointments. In order to prevent a stoppage of public business, to meet extraordinary exigencies, or to prevent material impairment of the fire department, the commission may make temporary appointments, to remain in force only until regular appointments are made under the provisions of this Division, but never to exceed 60 days. No temporary appointment of any one person shall be made more than twice in any calendar year.

(k) A person who knowingly divulges or receives test questions or answers before a written examination, or otherwise knowingly violates or subverts any requirement of this Section, commits a violation of this Section and may be subject to charges for official misconduct.

A person who is the knowing recipient of test information in advance of the examination shall be disqualified from the examination or discharged from the position to which he or she was appointed, as applicable, and otherwise subjected to disciplinary actions.

Sec. 10-2.1-4. Fire and police departments; Appointment of members; Certificates of appointments.

The board of fire and police commissioners shall appoint all officers and members of the fire and police departments of the municipality, including the chief of police and the chief of the fire department, unless the council or board of trustees shall by ordinance as to them otherwise provide; except as otherwise provided in this Section, and except that in any municipality which adopts or has adopted this Division 2.1 and also adopts or has adopted Article 5 of this Code, the chief of police and the chief of the fire department shall be appointed by the municipal manager, if it is provided by ordinance in such
municipality that such chiefs, or either of them, shall not be appointed by the board of fire and police commissioners.

If the chief of the fire department or the chief of the police department or both of them are appointed in the manner provided by ordinance, they may be removed or discharged by the appointing authority. In such case the appointing authority shall file with the corporate authorities the reasons for such removal or discharge, which removal or discharge shall not become effective unless confirmed by a majority vote of the corporate authorities.

If a member of the department is appointed chief of police or chief of the fire department prior to being eligible to retire on pension, he shall be considered as on furlough from the rank he held immediately prior to his appointment as chief. If he resigns as chief or is discharged as chief prior to attaining eligibility to retire on pension, he shall revert to and be established in whatever rank he currently holds, except for previously appointed positions, and thereafter be entitled to all the benefits and emoluments of that rank, without regard as to whether a vacancy then exists in that rank.

All appointments to each department other than that of the lowest rank, however, shall be from the rank next below that to which the appointment is made except as otherwise provided in this Section, and except that the chief of police and the chief of the fire department may be appointed from among members of the police and fire departments, respectively, regardless of rank, unless the council or board of trustees shall have by ordinance as to them otherwise provided. A chief of police or the chief of the fire department, having been appointed from among members of the police or fire department, respectively, shall be permitted, regardless of rank, to take promotional exams and be promoted to a higher classified rank than he currently holds, without having to resign as chief of police or chief of the fire department.

The sole authority to issue certificates of appointment shall be vested in the Board of Fire and Police Commissioners and all certificates of appointments issued to any officer or member of the fire or police department of a municipality shall be signed by the chairman and secretary respectively of the board of fire and police commissioners of such municipality, upon appointment of such officer or member of the fire and police department of such municipality by action of the board of fire and police commissioners. In any municipal fire department that employs full-time firefighters and is subject to a collective bargaining agreement, a person who has not qualified for regular appointment under the provisions of this Division 2.1 shall not be used as a temporary or permanent substitute for classified members of a

A home rule unit may not regulate the hiring of temporary or substitute members of the municipality's fire department in a manner that is inconsistent with this Section. This Section is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State.

The term "policemen" as used in this Division does not include auxiliary police officers except as provided for in Section 10-2.1-6.

Any full time member of a regular fire or police department of any municipality which comes under the provisions of this Division or adopts this Division 2.1 or which has adopted any of the prior Acts pertaining to fire and police commissioners, is a city officer.

Notwithstanding any other provision of this Section, the Chief of Police of a department in a non-home rule municipality of more than 130,000 inhabitants may, without the advice or consent of the Board of Fire and Police Commissioners, appoint up to 6 officers who shall be known as deputy chiefs or assistant deputy chiefs, and whose rank shall be immediately below that of Chief. The deputy or assistant deputy chiefs may be appointed from any rank of sworn officers of that municipality, but no person who is not such a sworn officer may be so appointed. Such deputy chief or assistant deputy chief shall have the authority to direct and issue orders to all employees of the Department holding the rank of captain or any lower rank. A deputy chief of police or assistant deputy chief of police, having been appointed from any rank of sworn officers of that municipality, shall be permitted, regardless of rank, to take promotional exams and be promoted to a higher classified rank than he currently holds, without having to resign as deputy chief of police or assistant deputy chief of police.

Notwithstanding any other provision of this Section, a non-home rule municipality of 130,000 or fewer inhabitants, through its council or board of trustees, may, by ordinance, provide for a position of deputy chief to be
appointed by the chief of the police department. The ordinance shall provide for no more than one deputy chief position if the police department has fewer than 25 full-time police officers and for no more than 2 deputy chief positions if the police department has 25 or more full-time police officers. The deputy chief position shall be an exempt rank immediately below that of Chief. The deputy chief may be appointed from any rank of sworn, full-time officers of the municipality's police department, but must have at least 5 years of full-time service as a police officer in that department. A deputy chief shall serve at the discretion of the Chief and, if removed from the position, shall revert to the rank currently held, without regard as to whether a vacancy exists in that rank. A deputy chief of police, having been appointed from any rank of sworn full-time officers of that municipality's police department, shall be permitted, regardless of rank, to take promotional exams and be promoted to a higher classified rank than he currently holds, without having to resign as deputy chief of police.

No municipality having a population less than 1,000,000 shall require that any firefighter appointed to the lowest rank serve a probationary employment period of longer than one year. The limitation on periods of probationary employment provided in this amendatory Act of 1989 is an exclusive power and function of the State. Pursuant to subsection (h) of Section 6 of Article VII of the Illinois Constitution, a home rule municipality having a population less than 1,000,000 must comply with this limitation on periods of probationary employment, which is a denial and limitation of home rule powers. Notwithstanding anything to the contrary in this Section, the probationary employment period limitation may be extended for a firefighter who is required, as a condition of employment, to be a licensed certified paramedic, during which time the sole reason that a firefighter may be discharged without a hearing is for failing to meet the requirements for paramedic licensure certification.

To the extent that this Section or any other Section in this Division conflicts with Section 10-2.1-6.3 or 10-2.1-6.4, then Section 10-2.1-6.3 or 10-2.1-6.4 shall control.

(65 ILCS 5/10-2.1-6.3)
Sec. 10-2.1-6.3. Original appointments; full-time fire department.
(a) Applicability. Unless a commission elects to follow the provisions of Section 10-2.1-6.4, this Section shall apply to all original appointments to an affected full-time fire department. Existing registers of eligibles shall continue to be valid until their expiration dates, or up to a maximum of 2

New matter indicated by italics - deletions by strikeout
years after the effective date of this amendatory Act of the 97th General Assembly.

Notwithstanding any statute, ordinance, rule, or other law to the contrary, all original appointments to an affected department to which this Section applies shall be administered in the manner provided for in this Section. Provisions of the Illinois Municipal Code, municipal ordinances, and rules adopted pursuant to such authority and other laws relating to initial hiring of firefighters in affected departments shall continue to apply to the extent they are compatible with this Section, but in the event of a conflict between this Section and any other law, this Section shall control.

A home rule or non-home rule municipality may not administer its fire department process for original appointments in a manner that is less stringent than this Section. This Section is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of the powers and functions exercised by the State.

A municipality that is operating under a court order or consent decree regarding original appointments to a full-time fire department before the effective date of this amendatory Act of the 97th General Assembly is exempt from the requirements of this Section for the duration of the court order or consent decree.

Notwithstanding any other provision of this subsection (a), this Section does not apply to a municipality with more than 1,000,000 inhabitants.

(b) Original appointments. All original appointments made to an affected fire department shall be made from a register of eligibles established in accordance with the processes established by this Section. Only persons who meet or exceed the performance standards required by this Section shall be placed on a register of eligibles for original appointment to an affected fire department.

Whenever an appointing authority authorizes action to hire a person to perform the duties of a firefighter or to hire a firefighter-paramedic to fill a position that is a new position or vacancy due to resignation, discharge, promotion, death, the granting of a disability or retirement pension, or any other cause, the appointing authority shall appoint to that position the person with the highest ranking on the final eligibility list. If the appointing authority has reason to conclude that the highest ranked person fails to meet the minimum standards for the position or if the appointing authority believes an alternate candidate would better serve the needs of the department, then the

New matter indicated by italics - deletions by strikeout
appointing authority has the right to pass over the highest ranked person and
appoint either: (i) any person who has a ranking in the top 5% of the register
of eligibles or (ii) any person who is among the top 5 highest ranked persons
on the list of eligibles if the number of people who have a ranking in the top
5% of the register of eligibles is less than 5 people.

Any candidate may pass on an appointment once without losing his
or her position on the register of eligibles. Any candidate who passes a
second time may be removed from the list by the appointing authority
provided that such action shall not prejudice a person's opportunities to
participate in future examinations, including an examination held during the
time a candidate is already on the municipality's register of eligibles.

The sole authority to issue certificates of appointment shall be vested
in the board of fire and police commissioners. All certificates of appointment
issued to any officer or member of an affected department shall be signed by
the chairperson and secretary, respectively, of the board upon appointment of
such officer or member to the affected department by action of the board.
Each person who accepts a certificate of appointment and successfully
completes his or her probationary period shall be enrolled as a firefighter and
as a regular member of the fire department.

For the purposes of this Section, "firefighter" means any person who
has been prior to, on, or after the effective date of this amendatory Act of the
97th General Assembly appointed to a fire department or fire protection
district or employed by a State university and sworn or commissioned to
perform firefighter duties or paramedic duties, or both, except that the
following persons are not included: part-time firefighters; auxiliary, reserve,
or voluntary firefighters, including paid-on-call firefighters; clerks and
dispatchers or other civilian employees of a fire department or fire protection
district who are not routinely expected to perform firefighter duties; and
elected officials.

(c) Qualification for placement on register of eligibles. The purpose
of establishing a register of eligibles is to identify applicants who possess and
demonstrate the mental aptitude and physical ability to perform the duties
required of members of the fire department in order to provide the highest
quality of service to the public. To this end, all applicants for original
appointment to an affected fire department shall be subject to examination
and testing which shall be public, competitive, and open to all applicants
unless the municipality shall by ordinance limit applicants to residents of the
municipality, county or counties in which the municipality is located, State,
or nation. Municipalities may establish educational, emergency medical

service licensure, and other pre-requisites for participation in an examination or for hire as a firefighter. Any municipality may charge a fee to cover the costs of the application process.

Residency requirements in effect at the time an individual enters the fire service of a municipality cannot be made more restrictive for that individual during his or her period of service for that municipality, or be made a condition of promotion, except for the rank or position of fire chief and for no more than 2 positions that rank immediately below that of the chief rank which are appointed positions pursuant to the Fire Department Promotion Act.

No person who is 35 years of age or older shall be eligible to take an examination for a position as a firefighter unless the person has had previous employment status as a firefighter in the regularly constituted fire department of the municipality, except as provided in this Section. The age limitation does not apply to:

(1) any person previously employed as a full-time firefighter in a regularly constituted fire department of (i) any municipality or fire protection district located in Illinois, (ii) a fire protection district whose obligations were assumed by a municipality under Section 21 of the Fire Protection District Act, or (iii) a municipality whose obligations were taken over by a fire protection district, or

(2) any person who has served a municipality as a regularly enrolled volunteer, paid-on-call, or part-time firefighter for the 5 years immediately preceding the time that the municipality begins to use full-time firefighters to provide all or part of its fire protection service.

No person who is under 21 years of age shall be eligible for employment as a firefighter.

No applicant shall be examined concerning his or her political or religious opinions or affiliations. The examinations shall be conducted by the commissioners of the municipality or their designees and agents.

No municipality shall require that any firefighter appointed to the lowest rank serve a probationary employment period of longer than one year of actual active employment, which may exclude periods of training, or injury or illness leaves, including duty related leave, in excess of 30 calendar days. Notwithstanding anything to the contrary in this Section, the probationary employment period limitation may be extended for a firefighter who is required, as a condition of employment, to be a licensed certified paramedic, during which time the sole reason that a firefighter may be discharged

without a hearing is for failing to meet the requirements for paramedic licensure certification.

In the event that any applicant who has been found eligible for appointment and whose name has been placed upon the final eligibility register provided for in this Section has not been appointed to a firefighter position within one year after the date of his or her physical ability examination, the commission may cause a second examination to be made of that applicant's physical ability prior to his or her appointment. If, after the second examination, the physical ability of the applicant shall be found to be less than the minimum standard fixed by the rules of the commission, the applicant shall not be appointed. The applicant's name may be retained upon the register of candidates eligible for appointment and when next reached for certification and appointment that applicant may be again examined as provided in this Section, and if the physical ability of that applicant is found to be less than the minimum standard fixed by the rules of the commission, the applicant shall not be appointed, and the name of the applicant shall be removed from the register.

(d) Notice, examination, and testing components. Notice of the time, place, general scope, merit criteria for any subjective component, and fee of every examination shall be given by the commission, by a publication at least 2 weeks preceding the examination: (i) in one or more newspapers published in the municipality, or if no newspaper is published therein, then in one or more newspapers with a general circulation within the municipality, or (ii) on the municipality's Internet website. Additional notice of the examination may be given as the commission shall prescribe.

The examination and qualifying standards for employment of firefighters shall be based on: mental aptitude, physical ability, preferences, moral character, and health. The mental aptitude, physical ability, and preference components shall determine an applicant's qualification for and placement on the final register of eligibles. The examination may also include a subjective component based on merit criteria as determined by the commission. Scores from the examination must be made available to the public.

(e) Mental aptitude. No person who does not possess at least a high school diploma or an equivalent high school education shall be placed on a register of eligibles. Examination of an applicant's mental aptitude shall be based upon a written examination. The examination shall be practical in character and relate to those matters that fairly test the capacity of the persons examined to discharge the duties performed by members of a fire department.
(f) Physical ability. All candidates shall be required to undergo an examination of their physical ability to perform the essential functions included in the duties they may be called upon to perform as a member of a fire department. For the purposes of this Section, essential functions of the job are functions associated with duties that a firefighter may be called upon to perform in response to emergency calls. The frequency of the occurrence of those duties as part of the fire department's regular routine shall not be a controlling factor in the design of examination criteria or evolutions selected for testing. These physical examinations shall be open, competitive, and based on industry standards designed to test each applicant's physical abilities in the following dimensions:

(1) Muscular strength to perform tasks and evolutions that may be required in the performance of duties including grip strength, leg strength, and arm strength. Tests shall be conducted under anaerobic as well as aerobic conditions to test both the candidate's speed and endurance in performing tasks and evolutions. Tasks tested may be based on standards developed, or approved, by the local appointing authority.

(2) The ability to climb ladders, operate from heights, walk or crawl in the dark along narrow and uneven surfaces, and operate in proximity to hazardous environments.

(3) The ability to carry out critical, time-sensitive, and complex problem solving during physical exertion in stressful and hazardous environments. The testing environment may be hot and dark with tightly enclosed spaces, flashing lights, sirens, and other distractions.

The tests utilized to measure each applicant's capabilities in each of these dimensions may be tests based on industry standards currently in use or equivalent tests approved by the Joint Labor-Management Committee of the Office of the State Fire Marshal.

Physical ability examinations administered under this Section shall be conducted with a reasonable number of proctors and monitors, open to the public, and subject to reasonable regulations of the commission.

(g) Scoring of examination components. Appointing authorities may create a preliminary eligibility register. A person shall be placed on the list based upon his or her passage of the written examination or the passage of the written examination and the physical ability component. Passage of the
written examination means a score that is at or above the median score for all applicants participating in the written test. The appointing authority may conduct the physical ability component and any subjective components subsequent to the posting of the preliminary eligibility register.

The examination components for an initial eligibility register shall be graded on a 100-point scale. A person's position on the list shall be determined by the following: (i) the person's score on the written examination, (ii) the person successfully passing the physical ability component, and (iii) the person's results on any subjective component as described in subsection (d).

In order to qualify for placement on the final eligibility register, an applicant's score on the written examination, before any applicable preference points or subjective points are applied, shall be at or above the median score. The local appointing authority may prescribe the score to qualify for placement on the final eligibility register, but the score shall not be less than the median score.

The commission shall prepare and keep a register of persons whose total score is not less than the minimum fixed by this Section and who have passed the physical ability examination. These persons shall take rank upon the register as candidates in the order of their relative excellence based on the highest to the lowest total points scored on the mental aptitude, subjective component, and preference components of the test administered in accordance with this Section. No more than 60 days after each examination, an initial eligibility list shall be posted by the commission. The list shall include the final grades of the candidates without reference to priority of the time of examination and subject to claim for preference credit.

Commissions may conduct additional examinations, including without limitation a polygraph test, after a final eligibility register is established and before it expires with the candidates ranked by total score without regard to date of examination. No more than 60 days after each examination, an initial eligibility list shall be posted by the commission showing the final grades of the candidates without reference to priority of time of examination and subject to claim for preference credit.

(h) Preferences. The following are preferences:

(1) Veteran preference. Persons who were engaged in the military service of the United States for a period of at least one year of active duty and who were honorably discharged therefrom, or who are now or have been members on inactive or reserve duty in such
military or naval service, shall be preferred for appointment to and employment with the fire department of an affected department.

(2) Fire cadet preference. Persons who have successfully completed 2 years of study in fire techniques or cadet training within a cadet program established under the rules of the Joint Labor and Management Committee (JLMC), as defined in Section 50 of the Fire Department Promotion Act, may be preferred for appointment to and employment with the fire department.

(3) Educational preference. Persons who have successfully obtained an associate's degree in the field of fire service or emergency medical services, or a bachelor's degree from an accredited college or university may be preferred for appointment to and employment with the fire department.

(4) Paramedic preference. Persons who have obtained a license certification as a paramedic or Emergency Medical Technician-Paramedic (EMT-P) shall be preferred for appointment to and employment with the fire department of an affected department providing emergency medical services.

(5) Experience preference. All persons employed by a municipality who have been paid-on-call or part-time certified Firefighter II, State of Illinois or nationally licensed EMT, EMT-B or EMT-I, A-EMT, or any combination of those capacities shall be awarded 0.5 point for each year of successful service in one or more of those capacities, up to a maximum of 5 points. Certified Firefighter III and State of Illinois or nationally licensed paramedics shall be awarded one point per year up to a maximum of 5 points. Applicants from outside the municipality who were employed as full-time firefighters or firefighter-paramedics by a fire protection district or another municipality for at least 2 years shall be awarded 5 experience preference points. These additional points presuppose a rating scale totaling 100 points available for the eligibility list. If more or fewer points are used in the rating scale for the eligibility list, the points awarded under this subsection shall be increased or decreased by a factor equal to the total possible points available for the examination divided by 100.

Upon request by the commission, the governing body of the municipality or in the case of applicants from outside the municipality the governing body of any fire protection district or any other municipality shall certify to the commission, within 10 days after the
request, the number of years of successful paid-on-call, part-time, or full-time service of any person. A candidate may not receive the full amount of preference points under this subsection if the amount of points awarded would place the candidate before a veteran on the eligibility list. If more than one candidate receiving experience preference points is prevented from receiving all of their points due to not being allowed to pass a veteran, the candidates shall be placed on the list below the veteran in rank order based on the totals received if all points under this subsection were to be awarded. Any remaining ties on the list shall be determined by lot.

(6) Residency preference. Applicants whose principal residence is located within the fire department's jurisdiction shall be preferred for appointment to and employment with the fire department.

(7) Additional preferences. Up to 5 additional preference points may be awarded for unique categories based on an applicant's experience or background as identified by the commission.

(8) Scoring of preferences. The commission shall give preference for original appointment to persons designated in item (1) by adding to the final grade that they receive 5 points for the recognized preference achieved. The commission shall determine the number of preference points for each category except (1). The number of preference points for each category shall range from 0 to 5. In determining the number of preference points, the commission shall prescribe that if a candidate earns the maximum number of preference points in all categories, that number may not be less than 10 nor more than 30. The commission shall give preference for original appointment to persons designated in items (2) through (7) by adding the requisite number of points to the final grade for each recognized preference achieved. The numerical result thus attained shall be applied by the commission in determining the final eligibility list and appointment from the eligibility list. The local appointing authority may prescribe the total number of preference points awarded under this Section, but the total number of preference points shall not be less than 10 points or more than 30 points.

No person entitled to any preference shall be required to claim the credit before any examination held under the provisions of this Section, but the preference shall be given after the posting or publication of the initial eligibility list or register at the request of a person entitled to a credit before

any certification or appointments are made from the eligibility register, upon
the furnishing of verifiable evidence and proof of qualifying preference
credit. Candidates who are eligible for preference credit shall make a claim
in writing within 10 days after the posting of the initial eligibility list, or the
claim shall be deemed waived. Final eligibility registers shall be established
after the awarding of verified preference points. All employment shall be
subject to the commission's initial hire background review including, but not
limited to, criminal history, employment history, moral character, oral
examination, and medical and psychological examinations, all on a pass-fail
basis. The medical and psychological examinations must be conducted last,
and may only be performed after a conditional offer of employment has been
extended.

Any person placed on an eligibility list who exceeds the age
requirement before being appointed to a fire department shall remain eligible
for appointment until the list is abolished, or his or her name has been on the
list for a period of 2 years. No person who has attained the age of 35 years
shall be inducted into a fire department, except as otherwise provided in this
Section.

The commission shall strike off the names of candidates for original
appointment after the names have been on the list for more than 2 years.

(i) Moral character. No person shall be appointed to a fire department
unless he or she is a person of good character; not a habitual drunkard, a
gambler, or a person who has been convicted of a felony or a crime involving
moral turpitude. However, no person shall be disqualified from appointment
to the fire department because of the person's record of misdemeanor
convictions except those under Sections 11-6, 11-7, 11-9, 11-14, 11-15, 11-
17, 11-18, 11-19, 12-2, 12-6, 12-15, 14-4, 16-1, 21.1-3, 24-3.1, 24-5, 25-1,
28-3, 31-1, 31-4, 31-6, 31-7, 32-1, 32-2, 32-3, 32-4, 32-8, and subsections 1,
6, and 8 of Section 24-1 of the Criminal Code of 1961 or the Criminal Code
of 2012, or arrest for any cause without conviction thereon. Any such person
who is in the department may be removed on charges brought for violating
this subsection and after a trial as hereinafter provided.

A classifiable set of the fingerprints of every person who is offered
employment as a certificated member of an affected fire department whether
with or without compensation, shall be furnished to the Illinois Department
of State Police and to the Federal Bureau of Investigation by the commission.

Whenever a commission is authorized or required by law to consider
some aspect of criminal history record information for the purpose of carrying
out its statutory powers and responsibilities, then, upon request and payment

of fees in conformance with the requirements of Section 2605-400 of the State Police Law of the Civil Administrative Code of Illinois, the Department of State Police is authorized to furnish, pursuant to positive identification, the information contained in State files as is necessary to fulfill the request.

(j) Temporary appointments. In order to prevent a stoppage of public business, to meet extraordinary exigencies, or to prevent material impairment of the fire department, the commission may make temporary appointments, to remain in force only until regular appointments are made under the provisions of this Division, but never to exceed 60 days. No temporary appointment of any one person shall be made more than twice in any calendar year.

(k) A person who knowingly divulges or receives test questions or answers before a written examination, or otherwise knowingly violates or subverts any requirement of this Section, commits a violation of this Section and may be subject to charges for official misconduct.

A person who is the knowing recipient of test information in advance of the examination shall be disqualified from the examination or discharged from the position to which he or she was appointed, as applicable, and otherwise subjected to disciplinary actions.

Sec. 10-2.1-14. Register of eligibles. The board of fire and police commissioners shall prepare and keep a register of persons whose general average standing, upon examination, is not less than the minimum fixed by the rules of the board, and who are otherwise eligible. These persons shall take rank upon the register as candidates in the order of their relative excellence as determined by examination, without reference to priority of time of examination. The board of fire and police commissioners may prepare and keep a second register of persons who have previously been full-time sworn officers of a regular police department in any municipal, county, university, or State law enforcement agency, provided they are certified by the Illinois Law Enforcement Training Standards Board and have been with their respective law enforcement agency within the State for at least 2 years. The persons on this list shall take rank upon the register as candidates in the order of their relative excellence as determined by members of the board of fire and police commissioners. Applicants who have been awarded a certificate attesting to their successful completion of the Minimum Standards Basic Law Enforcement Training Course, as provided in the Illinois Police Training Act, may be given preference in appointment over noncertified
applicants. Applicants for appointment to fire departments who are licensed as an EMT EMT-B, EMT-I, A-EMT, or paramedic EMT-P under the Emergency Medical Services (EMS) Systems Act, may be given preference in appointment over non-licensed applicants.

Within 60 days after each examination, an eligibility list shall be posted by the board, which shall show the final grades of the candidates without reference to priority of time of examination and subject to claim for military credit. Candidates who are eligible for military credit shall make a claim in writing within 10 days after the posting of the eligibility list or such claim shall be deemed waived. Appointment shall be subject to a final physical examination.

If a person is placed on an eligibility list and becomes overage before he or she is appointed to a police or fire department, the person remains eligible for appointment until the list is abolished pursuant to authorized procedures. Otherwise no person who has attained the age of 36 years shall be inducted as a member of a police department and no person who has attained the age of 35 years shall be inducted as a member of a fire department, except as otherwise provided in this division. With respect to a police department, a veteran shall be allowed to exceed the maximum age provision of this Section by the number of years served on active military duty, but by no more than 10 years of active military duty.

Section 20. The Fire Protection District Act is amended by changing Sections 16.06b, 16.08b, and 16.13b as follows:

(70 ILCS 705/16.06b)

Sec. 16.06b. Original appointments; full-time fire department.

(a) Applicability. Unless a commission elects to follow the provisions of Section 16.06c, this Section shall apply to all original appointments to an affected full-time fire department. Existing registers of eligibles shall continue to be valid until their expiration dates, or up to a maximum of 2
years after the effective date of this amendatory Act of the 97th General Assembly.

Notwithstanding any statute, ordinance, rule, or other law to the contrary, all original appointments to an affected department to which this Section applies shall be administered in a no less stringent manner than the manner provided for in this Section. Provisions of the Illinois Municipal Code, Fire Protection District Act, fire district ordinances, and rules adopted pursuant to such authority and other laws relating to initial hiring of firefighters in affected departments shall continue to apply to the extent they are compatible with this Section, but in the event of a conflict between this Section and any other law, this Section shall control.

A fire protection district that is operating under a court order or consent decree regarding original appointments to a full-time fire department before the effective date of this amendatory Act of the 97th General Assembly is exempt from the requirements of this Section for the duration of the court order or consent decree.

(b) Original appointments. All original appointments made to an affected fire department shall be made from a register of eligibles established in accordance with the processes required by this Section. Only persons who meet or exceed the performance standards required by the Section shall be placed on a register of eligibles for original appointment to an affected fire department.

Whenever an appointing authority authorizes action to hire a person to perform the duties of a firefighter or to hire a firefighter-paramedic to fill a position that is a new position or vacancy due to resignation, discharge, promotion, death, the granting of a disability or retirement pension, or any other cause, the appointing authority shall appoint to that position the person with the highest ranking on the final eligibility list. If the appointing authority has reason to conclude that the highest ranked person fails to meet the minimum standards for the position or if the appointing authority believes an alternate candidate would better serve the needs of the department, then the appointing authority has the right to pass over the highest ranked person and appoint either: (i) any person who has a ranking in the top 5% of the register of eligibles or (ii) any person who is among the top 5 highest ranked persons on the list of eligibles if the number of people who have a ranking in the top 5% of the register of eligibles is less than 5 people.

Any candidate may pass on an appointment once without losing his or her position on the register of eligibles. Any candidate who passes a second time may be removed from the list by the appointing authority.

provided that such action shall not prejudice a person's opportunities to participate in future examinations, including an examination held during the time a candidate is already on the fire district's register of eligibles.

The sole authority to issue certificates of appointment shall be vested in the board of fire commissioners, or board of trustees serving in the capacity of a board of fire commissioners. All certificates of appointment issued to any officer or member of an affected department shall be signed by the chairperson and secretary, respectively, of the commission upon appointment of such officer or member to the affected department by action of the commission. Each person who accepts a certificate of appointment and successfully completes his or her probationary period shall be enrolled as a firefighter and as a regular member of the fire department.

For the purposes of this Section, "firefighter" means any person who has been prior to, on, or after the effective date of this amendatory Act of the 97th General Assembly appointed to a fire department or fire protection district or employed by a State university and sworn or commissioned to perform firefighter duties or paramedic duties, or both, except that the following persons are not included: part-time firefighters; auxiliary, reserve, or voluntary firefighters, including paid-on-call firefighters; clerks and dispatchers or other civilian employees of a fire department or fire protection district who are not routinely expected to perform firefighter duties; and elected officials.

(c) Qualification for placement on register of eligibles. The purpose of establishing a register of eligibles is to identify applicants who possess and demonstrate the mental aptitude and physical ability to perform the duties required of members of the fire department in order to provide the highest quality of service to the public. To this end, all applicants for original appointment to an affected fire department shall be subject to examination and testing which shall be public, competitive, and open to all applicants unless the district shall by ordinance limit applicants to residents of the district, county or counties in which the district is located, State, or nation. Districts may establish educational, emergency medical service licensure, and other pre-requisites for participation in an examination or for hire as a firefighter. Any fire protection district may charge a fee to cover the costs of the application process.

Residency requirements in effect at the time an individual enters the fire service of a district cannot be made more restrictive for that individual during his or her period of service for that district, or be made a condition of promotion, except for the rank or position of fire chief and for no more than

New matter indicated by italics - deletions by strikeout
2 positions that rank immediately below that of the chief rank which are appointed positions pursuant to the Fire Department Promotion Act.

No person who is 35 years of age or older shall be eligible to take an examination for a position as a firefighter unless the person has had previous employment status as a firefighter in the regularly constituted fire department of the district, except as provided in this Section. The age limitation does not apply to:

(1) any person previously employed as a full-time firefighter in a regularly constituted fire department of (i) any municipality or fire protection district located in Illinois, (ii) a fire protection district whose obligations were assumed by a municipality under Section 21 of the Fire Protection District Act, or (iii) a municipality whose obligations were taken over by a fire protection district, or

(2) any person who has served a fire district as a regularly enrolled volunteer, paid-on-call, or part-time firefighter for the 5 years immediately preceding the time that the district begins to use full-time firefighters to provide all or part of its fire protection service.

No person who is under 21 years of age shall be eligible for employment as a firefighter.

No applicant shall be examined concerning his or her political or religious opinions or affiliations. The examinations shall be conducted by the commissioners of the district or their designees and agents.

No district shall require that any firefighter appointed to the lowest rank serve a probationary employment period of longer than one year of actual active employment, which may exclude periods of training, or injury or illness leaves, including duty related leave, in excess of 30 calendar days. Notwithstanding anything to the contrary in this Section, the probationary employment period limitation may be extended for a firefighter who is required, as a condition of employment, to be a licensed certified paramedic, during which time the sole reason that a firefighter may be discharged without a hearing is for failing to meet the requirements for paramedic licensure certification.

In the event that any applicant who has been found eligible for appointment and whose name has been placed upon the final eligibility register provided for in this Section has not been appointed to a firefighter position within one year after the date of his or her physical ability examination, the commission may cause a second examination to be made of that applicant's physical ability prior to his or her appointment. If, after the
second examination, the physical ability of the applicant shall be found to be less than the minimum standard fixed by the rules of the commission, the applicant shall not be appointed. The applicant's name may be retained upon the register of candidates eligible for appointment and when next reached for certification and appointment that applicant may be again examined as provided in this Section, and if the physical ability of that applicant is found to be less than the minimum standard fixed by the rules of the commission, the applicant shall not be appointed, and the name of the applicant shall be removed from the register.

(d) Notice, examination, and testing components. Notice of the time, place, general scope, merit criteria for any subjective component, and fee of every examination shall be given by the commission, by a publication at least 2 weeks preceding the examination: (i) in one or more newspapers published in the district, or if no newspaper is published therein, then in one or more newspapers with a general circulation within the district, or (ii) on the fire protection district's Internet website. Additional notice of the examination may be given as the commission shall prescribe.

The examination and qualifying standards for employment of firefighters shall be based on: mental aptitude, physical ability, preferences, moral character, and health. The mental aptitude, physical ability, and preference components shall determine an applicant's qualification for and placement on the final register of eligibles. The examination may also include a subjective component based on merit criteria as determined by the commission. Scores from the examination must be made available to the public.

(e) Mental aptitude. No person who does not possess at least a high school diploma or an equivalent high school education shall be placed on a register of eligibles. Examination of an applicant's mental aptitude shall be based upon a written examination. The examination shall be practical in character and relate to those matters that fairly test the capacity of the persons examined to discharge the duties performed by members of a fire department. Written examinations shall be administered in a manner that ensures the security and accuracy of the scores achieved.

(f) Physical ability. All candidates shall be required to undergo an examination of their physical ability to perform the essential functions included in the duties they may be called upon to perform as a member of a fire department. For the purposes of this Section, essential functions of the job are functions associated with duties that a firefighter may be called upon to perform in response to emergency calls. The frequency of the occurrence

New matter indicated by italics - deletions by strikeout
of those duties as part of the fire department's regular routine shall not be a controlling factor in the design of examination criteria or evolutions selected for testing. These physical examinations shall be open, competitive, and based on industry standards designed to test each applicant's physical abilities in the following dimensions:

(1) Muscular strength to perform tasks and evolutions that may be required in the performance of duties including grip strength, leg strength, and arm strength. Tests shall be conducted under anaerobic as well as aerobic conditions to test both the candidate's speed and endurance in performing tasks and evolutions. Tasks tested may be based on standards developed, or approved, by the local appointing authority.

(2) The ability to climb ladders, operate from heights, walk or crawl in the dark along narrow and uneven surfaces, and operate in proximity to hazardous environments.

(3) The ability to carry out critical, time-sensitive, and complex problem solving during physical exertion in stressful and hazardous environments. The testing environment may be hot and dark with tightly enclosed spaces, flashing lights, sirens, and other distractions.

The tests utilized to measure each applicant's capabilities in each of these dimensions may be tests based on industry standards currently in use or equivalent tests approved by the Joint Labor-Management Committee of the Office of the State Fire Marshal.

Physical ability examinations administered under this Section shall be conducted with a reasonable number of proctors and monitors, open to the public, and subject to reasonable regulations of the commission.

(g) Scoring of examination components. Appointing authorities may create a preliminary eligibility register. A person shall be placed on the list based upon his or her passage of the written examination or the passage of the written examination and the physical ability component. Passage of the written examination means a score that is at or above the median score for all applicants participating in the written test. The appointing authority may conduct the physical ability component and any subjective components subsequent to the posting of the preliminary eligibility register.

The examination components for an initial eligibility register shall be graded on a 100-point scale. A person's position on the list shall be determined by the following: (i) the person's score on the written examination, (ii) the person successfully passing the physical ability

New matter indicated by italics - deletions by strikeout
component, and (iii) the person's results on any subjective component as described in subsection (d).

In order to qualify for placement on the final eligibility register, an applicant's score on the written examination, before any applicable preference points or subjective points are applied, shall be at or above the median score. The local appointing authority may prescribe the score to qualify for placement on the final eligibility register, but the score shall not be less than the median score.

The commission shall prepare and keep a register of persons whose total score is not less than the minimum fixed by this Section and who have passed the physical ability examination. These persons shall take rank upon the register as candidates in the order of their relative excellence based on the highest to the lowest total points scored on the mental aptitude, subjective component, and preference components of the test administered in accordance with this Section. No more than 60 days after each examination, an initial eligibility list shall be posted by the commission. The list shall include the final grades of the candidates without reference to priority of the time of examination and subject to claim for preference credit.

Commissions may conduct additional examinations, including without limitation a polygraph test, after a final eligibility register is established and before it expires with the candidates ranked by total score without regard to date of examination. No more than 60 days after each examination, an initial eligibility list shall be posted by the commission showing the final grades of the candidates without reference to priority of time of examination and subject to claim for preference credit.

(h) Preferences. The following are preferences:

(1) Veteran preference. Persons who were engaged in the military service of the United States for a period of at least one year of active duty and who were honorably discharged therefrom, or who are now or have been members on inactive or reserve duty in such military or naval service, shall be preferred for appointment to and employment with the fire department of an affected department.

(2) Fire cadet preference. Persons who have successfully completed 2 years of study in fire techniques or cadet training within a cadet program established under the rules of the Joint Labor and Management Committee (JLMC), as defined in Section 50 of the Fire Department Promotion Act, may be preferred for appointment to and employment with the fire department.
(3) Educational preference. Persons who have successfully obtained an associate's degree in the field of fire service or emergency medical services, or a bachelor's degree from an accredited college or university may be preferred for appointment to and employment with the fire department.

(4) Paramedic preference. Persons who have obtained a license certification as a paramedic an Emergency Medical Technician-Paramedic (EMT-P) may be preferred for appointment to and employment with the fire department of an affected department providing emergency medical services.

(5) Experience preference. All persons employed by a district who have been paid-on-call or part-time certified Firefighter II, certified Firefighter III, State of Illinois or nationally licensed EMT, EMT-B, or EMT-I, A-EMT, or licensed paramedic, or any combination of those capacities may be awarded up to a maximum of 5 points. However, the applicant may not be awarded more than 0.5 points for each complete year of paid-on-call or part-time service. Applicants from outside the district who were employed as full-time firefighters or firefighter-paramedics by a fire protection district or municipality for at least 2 years may be awarded up to 5 experience preference points. However, the applicant may not be awarded more than one point for each complete year of full-time service.

Upon request by the commission, the governing body of the district or in the case of applicants from outside the district the governing body of any other fire protection district or any municipality shall certify to the commission, within 10 days after the request, the number of years of successful paid-on-call, part-time, or full-time service of any person. A candidate may not receive the full amount of preference points under this subsection if the amount of points awarded would place the candidate before a veteran on the eligibility list. If more than one candidate receiving experience preference points is prevented from receiving all of their points due to not being allowed to pass a veteran, the candidates shall be placed on the list below the veteran in rank order based on the totals received if all points under this subsection were to be awarded. Any remaining ties on the list shall be determined by lot.

(6) Residency preference. Applicants whose principal residence is located within the fire department's jurisdiction may be
preferred for appointment to and employment with the fire
department.

(7) Additional preferences. Up to 5 additional preference
points may be awarded for unique categories based on an applicant's
experience or background as identified by the commission.

(8) Scoring of preferences. The commission shall give
preference for original appointment to persons designated in item (1)
by adding to the final grade that they receive 5 points for the
recognized preference achieved. The commission shall determine the
number of preference points for each category except (1). The number
of preference points for each category shall range from 0 to 5. In
determining the number of preference points, the commission shall
prescribe that if a candidate earns the maximum number of preference
points in all categories, that number may not be less than 10 nor more
than 30. The commission shall give preference for original
appointment to persons designated in items (2) through (7) by adding
the requisite number of points to the final grade for each recognized
preference achieved. The numerical result thus attained shall be
applied by the commission in determining the final eligibility list and
appointment from the eligibility list. The local appointing authority
may prescribe the total number of preference points awarded under
this Section, but the total number of preference points shall not be
less than 10 points or more than 30 points.

No person entitled to any preference shall be required to claim the
credit before any examination held under the provisions of this Section, but
the preference shall be given after the posting or publication of the initial
eligibility list or register at the request of a person entitled to a credit before
any certification or appointments are made from the eligibility register, upon
the furnishing of verifiable evidence and proof of qualifying preference
credit. Candidates who are eligible for preference credit shall make a claim
in writing within 10 days after the posting of the initial eligibility list, or the
claim shall be deemed waived. Final eligibility registers shall be established
after the awarding of verified preference points. All employment shall be
subject to the commission's initial hire background review including, but not
limited to, criminal history, employment history, moral character, oral
examination, and medical and psychological examinations, all on a pass-fail
basis. The medical and psychological examinations must be conducted last,
and may only be performed after a conditional offer of employment has been
extended.

Unless the employer and a labor organization have agreed to a contract provision providing for final and binding arbitration of disputes concerning the existence of just cause for disciplinary action, no officer or member of the fire department of any protection district who has held that position for one year shall be removed or discharged except for just cause, upon written charges specifying the complainant and the basis for the charges, and after a hearing on those charges before the board of fire commissioners, affording the officer or member an opportunity to be heard in his own defense. In such case the appointing authority shall file with the board of trustees the reasons for such removal or discharge, which removal or discharge shall not become effective unless confirmed by a majority vote of the board of trustees. If written charges are brought against an officer or member, the board of fire commissioners shall conduct a fair and impartial hearing of the charges, to be commenced within 30 days of the filing thereof, which hearing may be continued from time to time. The Chief of the department shall bear the burden of proving the guilt of the officer or member by a preponderance of the evidence. In case an officer or member is found guilty, the board may discharge him, or may suspend him not exceeding 30 calendar days without pay. The board may suspend any officer or member pending the hearing with or without pay, but in no event shall the suspension
pending hearing and the ultimate suspension imposed on the officer or member, if any, exceed 30 calendar days without pay in the aggregate. If the board of fire commissioners determines that the charges are not sustained, the officer or member shall be reimbursed for all wages withheld or lost, if any.

In the conduct of this hearing, each member of the board shall have power to secure by its subpoena both the attendance and testimony of witnesses and the production of books and papers relevant to the hearing.

Notwithstanding any other provision of this Section, a probationary employment period may be extended beyond one year for a firefighter who is required as a condition of employment to be a licensed certified paramedic, during which time the sole reason that a firefighter may be discharged without a hearing is for failing to meet the requirements for paramedic licensure certification.

The age for mandatory retirement of firemen in the service of any department of such district is 65 years, unless the board of trustees shall by ordinance provide for an earlier mandatory retirement age of not less than 60 years.

The provisions of the Administrative Review Law, and all amendments and modifications thereof, and the rules adopted pursuant thereto, shall apply to and govern all proceedings for the judicial review of final administrative decisions of the board of fire commissioners hereunder. The term "administrative decision" is defined as in Section 3-101 of the Code of Civil Procedure.

Nothing in this Section shall be construed to prevent the Chief of the fire department from suspending without pay a member of his department for a period of not more than 5 consecutive calendar days, but he shall notify the board in writing of such suspension. Any fireman so suspended may appeal to the board of fire commissioners for a review of the suspension within 5 calendar days after such suspension. Upon such appeal, the Chief of the department shall bear the burden of proof in establishing the guilt of the officer or member by a preponderance of the evidence. The board may sustain the action of the Chief of the department, may reduce the suspension to a lesser penalty, or may reverse it with instructions that the officer or member receive his pay and other benefits withheld for the period involved, or may suspend the officer for an additional period of not more than 30 days, or discharge him, depending upon the facts presented.

Sec. 3.20. Emergency Medical Services (EMS) Systems.

(a) "Emergency Medical Services (EMS) System" means an organization of hospitals, vehicle service providers and personnel approved by the Department in a specific geographic area, which coordinates and provides pre-hospital and inter-hospital emergency care and non-emergency

the EMS Region Plan adopted for the EMS Region in which the System is
located.

(b) One hospital in each System program plan must be designated as
the Resource Hospital. All other hospitals which are located within the
departmental boundaries of a System and which have standby, basic or

vehicle service providers participating in an EMS System must specify their
level of participation in the System Program Plan.

(c) The Department shall have the authority and responsibility to:

1) Approve BLS, ILS and ALS level EMS Systems which
meet minimum standards and criteria established in rules adopted by
the Department pursuant to this Act, including the submission of a
Program Plan for Department approval. Beginning September 1,

must be fully operational within one year from the date of approval.

2) Monitor EMS Systems, based on minimum standards for
continuing operation as prescribed in rules adopted by the Department
pursuant to this Act, which shall include requirements for submitting

(5) Require each EMS System to adopt written protocols for the bypassing of or diversion to any hospital, trauma center or regional trauma center, which provide that a person shall not be transported to a facility other than the nearest hospital, regional trauma center or trauma center unless the medical benefits to the patient reasonably expected from the provision of appropriate medical treatment at a more distant facility outweigh the increased risks to the patient from transport to the more distant facility, or the transport is in accordance with the System's protocols for patient choice or refusal.

(6) Require that the EMS Medical Director of an ILS or ALS level EMS System be a physician licensed to practice medicine in all of its branches in Illinois, and certified by the American Board of Emergency Medicine or the American Osteopathic Board of Osteopathic Emergency Medicine, and that the EMS Medical Director of a BLS level EMS System be a physician licensed to practice medicine in all of its branches in Illinois, with regular and frequent involvement in pre-hospital emergency medical services. Hospital", "Basic Emergency Department", "Standby Emergency Department", "Comprehensive Emergency Department", "EMS Medical Director", "EMS Administrative Director", and "EMS System Coordinator".

(A) (Blank). Upon the effective date of this amendatory Act of 1995, all existing Project Medical Directors shall be considered EMS Medical Directors; and all persons serving in such capacities on the effective date of this amendatory Act of 1995 shall be exempt from the requirements of paragraph (7) of this subsection;

(B) (Blank). Upon the effective date of this amendatory Act of 1995, all existing EMS System Project Directors shall be considered EMS Administrative Directors.

(9) Investigate the circumstances that caused a hospital in an EMS system to go on bypass status to determine whether that hospital's decision to go on bypass status was reasonable. The Department may impose sanctions, as set forth in Section 3.140 of the Act, upon a Department determination that the hospital unreasonably went on bypass status in violation of the Act.

(10) Evaluate the capacity and performance of any freestanding emergency center established under Section 32.5 of this Act in meeting emergency medical service needs of the public, including compliance with applicable emergency medical standards and assurance of the availability of and immediate access to the highest quality of medical care possible.

(11) Permit limited EMS System participation by facilities operated by the United States Department of Veterans Affairs, Veterans Health Administration. Subject to patient preference, Illinois EMS providers may transport patients to Veterans Health Administration facilities that voluntarily participate in an EMS System. Any Veterans Health Administration facility seeking limited participation in an EMS System shall agree to comply with all Department administrative rules implementing this Section. (j) A person that is subject to a chemical test or tests of blood under subsection (a) of Section 11-501.1 or subdivision (c)(2) of Section 11-501.2 of this Code, whether or not that person consents to testing, shall be liable for the expense up to $500 for blood withdrawal by a physician authorized to practice medicine, a licensed physician assistant, a licensed advanced practice nurse, a registered nurse, a trained phlebotomist, a licensed certified paramedic, or a qualified person other than a police officer approved by the Department of State Police to withdraw blood, who responds, whether at a law enforcement facility or a health care facility, to a police department request for the drawing of blood based upon refusal of the person to submit to a lawfully requested breath test or probable cause exists to believe the test would disclose the ingestion, consumption, or use of drugs or intoxicating compounds if:

1. the person is found guilty of violating Section 11-501 of this Code or a similar provision of a local ordinance; or
2. the person pleads guilty to or stipulates to facts supporting a violation of Section 11-503 of this Code or a similar provision of a local ordinance when the plea or stipulation was the result of a plea agreement in which the person was originally charged with violating Section 11-501 of this Code or a similar local ordinance.

Sec. 11-501.2. Chemical and other tests.

(a) Upon the trial of any civil or criminal action or proceeding arising out of an arrest for an offense as defined in Section 11-501 or a similar local ordinance or proceedings pursuant to Section 2-118.1, evidence of the concentration of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof in a person's blood or breath at the time alleged, as determined by analysis of the person's blood, urine, breath or other bodily substance, shall be admissible. Where such test is made the following provisions shall apply:

1. Chemical analyses of the person's blood, urine, breath or other bodily substance to be considered valid under the provisions of this Section shall have been performed according to standards promulgated by the Department of State Police by a licensed physician, registered nurse, trained phlebotomist, licensed certified New matter indicated by italics - deletions by strikeout
paramedic, or other individual possessing a valid permit issued by that Department for this purpose. The Director of State Police is authorized to approve satisfactory techniques or methods, to ascertain the qualifications and competence of individuals to conduct such analyses, to issue permits which shall be subject to termination or revocation at the discretion of that Department and to certify the accuracy of breath testing equipment. The Department of State Police shall prescribe regulations as necessary to implement this Section.

2. When a person in this State shall submit to a blood test at the request of a law enforcement officer under the provisions of Section 11-501.1, only a physician authorized to practice medicine, a licensed physician assistant, a licensed advanced practice nurse, a registered nurse, trained phlebotomist, or licensed certified paramedic, or other qualified person approved by the Department of State Police may withdraw blood for the purpose of determining the alcohol, drug, or alcohol and drug content therein. This limitation shall not apply to the taking of breath or urine specimens.

When a blood test of a person who has been taken to an adjoining state for medical treatment is requested by an Illinois law enforcement officer, the blood may be withdrawn only by a physician authorized to practice medicine in the adjoining state, a licensed physician assistant, a licensed advanced practice nurse, a registered nurse, a trained phlebotomist acting under the direction of the physician, or licensed certified paramedic. The law enforcement officer requesting the test shall take custody of the blood sample, and the blood sample shall be analyzed by a laboratory certified by the Department of State Police for that purpose.

3. The person tested may have a physician, or a qualified technician, chemist, registered nurse, or other qualified person of their own choosing administer a chemical test or tests in addition to any administered at the direction of a law enforcement officer. The failure or inability to obtain an additional test by a person shall not preclude the admission of evidence relating to the test or tests taken at the direction of a law enforcement officer.

4. Upon the request of the person who shall submit to a chemical test or tests at the request of a law enforcement officer, full information concerning the test or tests shall be made available to the person or such person's attorney.
5. Alcohol concentration shall mean either grams of alcohol per 100 milliliters of blood or grams of alcohol per 210 liters of breath.

(a-5) Law enforcement officials may use standardized field sobriety tests approved by the National Highway Traffic Safety Administration when conducting investigations of a violation of Section 11-501 or similar local ordinance by drivers suspected of driving under the influence of cannabis. The General Assembly finds that standardized field sobriety tests approved by the National Highway Traffic Safety Administration are divided attention tasks that are intended to determine if a person is under the influence of cannabis. The purpose of these tests is to determine the effect of the use of cannabis on a person's capacity to think and act with ordinary care and therefore operate a motor vehicle safely. Therefore, the results of these standardized field sobriety tests, appropriately administered, shall be admissible in the trial of any civil or criminal action or proceeding arising out of an arrest for a cannabis-related offense as defined in Section 11-501 or a similar local ordinance or proceedings under Section 2-118.1. Where a test is made the following provisions shall apply:

1. The person tested may have a physician, or a qualified technician, chemist, registered nurse, or other qualified person of their own choosing administer a chemical test or tests in addition to the standardized field sobriety test or tests administered at the direction of a law enforcement officer. The failure or inability to obtain an additional test by a person does not preclude the admission of evidence relating to the test or tests taken at the direction of a law enforcement officer.

2. Upon the request of the person who shall submit to a standardized field sobriety test or tests at the request of a law enforcement officer, full information concerning the test or tests shall be made available to the person or the person's attorney.

3. At the trial of any civil or criminal action or proceeding arising out of an arrest for an offense as defined in Section 11-501 or a similar local ordinance or proceedings under Section 2-118.1 in which the results of these standardized field sobriety tests are admitted, the cardholder may present and the trier of fact may consider evidence that the card holder lacked the physical capacity to perform the standardized field sobriety tests.

actual physical control of a vehicle while under the influence of alcohol, the concentration of alcohol in the person's blood or breath at the time alleged as shown by analysis of the person's blood, urine, breath, or other bodily substance shall give rise to the following presumptions:

1. If there was at that time an alcohol concentration of 0.05 or less, it shall be presumed that the person was not under the influence of alcohol.

2. If there was at that time an alcohol concentration in excess of 0.05 but less than 0.08, such facts shall not give rise to any presumption that the person was or was not under the influence of alcohol, but such fact may be considered with other competent evidence in determining whether the person was under the influence of alcohol.

3. If there was at that time an alcohol concentration of 0.08 or more, it shall be presumed that the person was under the influence of alcohol.

4. The foregoing provisions of this Section shall not be construed as limiting the introduction of any other relevant evidence bearing upon the question whether the person was under the influence of alcohol.

(c) 1. If a person under arrest refuses to submit to a chemical test under the provisions of Section 11-501.1, evidence of refusal shall be admissible in any civil or criminal action or proceeding arising out of acts alleged to have been committed while the person under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof was driving or in actual physical control of a motor vehicle.

2. Notwithstanding any ability to refuse under this Code to submit to these tests or any ability to revoke the implied consent to these tests, if a law enforcement officer has probable cause to believe that a motor vehicle driven by or in actual physical control of a person under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof has caused the death or personal injury to another, the law enforcement officer shall request, and that person shall submit, upon the request of a law enforcement officer, to a chemical test or tests of his or her blood, breath or urine for the purpose of determining the alcohol content thereof or the presence of any other drug or combination of both.

This provision does not affect the applicability of or imposition of driver's license sanctions under Section 11-501.1 of this Code.

Section 60. The Workers' Compensation Act is amended by changing Section 6 as follows:

(820 ILCS 305/6) (from Ch. 48, par. 138.6)

Sec. 6. (a) Every employer within the provisions of this Act, shall, under the rules and regulations prescribed by the Commission, post printed notices in their respective places of employment in such number and at such places as may be determined by the Commission, containing such information relative to this Act as in the judgment of the Commission may be necessary to aid employees to safeguard their rights under this Act in event of injury.

In addition thereto, the employer shall post in a conspicuous place on the place of the employment a printed or typewritten notice stating whether he is insured or whether he has qualified and is operating as a self-insured employer. In the event the employer is insured, the notice shall state the name and address of his insurance carrier, the number of the insurance policy, its effective date and the date of termination. In the event the termination of the policy for any reason prior to the termination date stated, the posted notice shall promptly be corrected accordingly. In the event the employer is operating as a self-insured employer the notice shall state the name and address of the company, if any, servicing the compensation payments of the employer, and the name and address of the person in charge of making compensation payments.

(b) Every employer subject to this Act shall maintain accurate records of work-related deaths, injuries and illness other than minor injuries requiring only first aid treatment and which do not involve medical treatment, loss of consciousness, restriction of work or motion, or transfer to another job and file with the Commission, in writing, a report of all accidental deaths, injuries and illnesses arising out of and in the course of the employment resulting in the loss of more than 3 scheduled work days. In the case of death such report shall be made no later than 2 working days following the accidental death. In all other cases such report shall be made between the 15th and 25th of each

month unless required to be made sooner by rule of the Commission. In case the injury results in permanent disability, a further report shall be made as soon as it is determined that such permanent disability has resulted or will result from the injury. All reports shall state the date of the injury, including the time of day or night, the nature of the employer's business, the name, address, age, sex, conjugal condition of the injured person, the specific occupation of the injured person, the direct cause of the injury and the nature of the accident, the character of the injury, the length of disability, and in case of death the length of disability before death, the wages of the injured person, whether compensation has been paid to the injured person, or to his or her legal representative or his heirs or next of kin, the amount of compensation paid, the amount paid for physicians', surgeons' and hospital bills, and by whom paid, and the amount paid for funeral or burial expenses if known. The reports shall be made on forms and in the manner as prescribed by the Commission and shall contain such further information as the Commission shall deem necessary and require. The making of these reports releases the employer from making such reports to any other officer of the State and shall satisfy the reporting provisions as contained in the "Health and Safety Act" and "An Act in relation to safety inspections and education in industrial and commercial establishments and to repeal an Act therein named", approved July 18, 1955, as now or hereafter amended. The reports filed with the Commission pursuant to this Section shall be made available by the Commission to the Director of Labor or his representatives and to all other departments of the State of Illinois which shall require such information for the proper discharge of their official duties. Failure to file with the Commission any of the reports required in this Section is a petty offense.

Except as provided in this paragraph, all reports filed hereunder shall be confidential and any person having access to such records filed with the Illinois Workers' Compensation Commission as herein required, who shall release any information therein contained including the names or otherwise identify any persons sustaining injuries or disabilities, or give access to such information to any unauthorized person, shall be subject to discipline or discharge, and in addition shall be guilty of a Class B misdemeanor. The Commission shall compile and distribute to interested persons aggregate statistics, taken from the reports filed hereunder. The aggregate statistics shall not give the names or otherwise identify persons sustaining injuries or disabilities or the employer of any injured or disabled person.

(c) Notice of the accident shall be given to the employer as soon as practicable, but not later than 45 days after the accident. Provided:

(1) In case of the legal disability of the employee or any dependent of a deceased employee who may be entitled to compensation under the provisions of this Act, the limitations of time by this Act provided do not begin to run against such person under legal disability until a guardian has been appointed.

(2) In cases of injuries sustained by exposure to radiological materials or equipment, notice shall be given to the employer within 90 days subsequent to the time that the employee knows or suspects that he has received an excessive dose of radiation. No defect or inaccuracy of such notice shall be a bar to the maintenance of proceedings on arbitration or otherwise by the employee unless the employer proves that he is unduly prejudiced in such proceedings by such defect or inaccuracy.

Notice of the accident shall give the approximate date and place of the accident, if known, and may be given orally or in writing.

(d) Every employer shall notify each injured employee who has been granted compensation under the provisions of Section 8 of this Act of his rights to rehabilitation services and advise him of the locations of available public rehabilitation centers and any other such services of which the employer has knowledge.

In any case, other than one where the injury was caused by exposure to radiological materials or equipment or asbestos unless the application for compensation is filed with the Commission within 3 years after the date of the accident, where no compensation has been paid, or within 2 years after the date of the last payment of compensation, where any has been paid, whichever shall be later, the right to file such application shall be barred.

In any case of injury caused by exposure to radiological materials or equipment or asbestos, unless application for compensation is filed with the Commission within 25 years after the last day that the employee was employed in an environment of hazardous radiological activity or asbestos, the right to file such application shall be barred.

If in any case except one where the injury was caused by exposure to radiological materials or equipment or asbestos, the accidental injury results in death application for compensation for death may be filed with the Commission within 3 years after the date of death where no compensation has been paid or within 2 years after the date of the last payment of compensation where any has been paid, whichever shall be later, but not thereafter.

(f) Any condition or impairment of health of an employee employed as a firefighter, emergency medical technician (EMT), emergency medical technician-intermediate (EMT-I), advanced emergency medical technician (A-EMT), or paramedic which results directly or indirectly from any bloodborne pathogen, lung or respiratory disease or condition, heart or vascular disease or condition, hypertension, tuberculosis, or cancer resulting in any disability (temporary, permanent, total, or partial) to the employee shall be rebuttably presumed to arise out of and in the course of the employee's firefighting, EMT, or paramedic employment and, further, shall be rebuttably presumed to be causally connected to the hazards or exposures of the employment. This presumption shall also apply to any hernia or hearing loss suffered by an employee employed as a firefighter, EMT, EMT-I, A-EMT, or paramedic. However, this presumption shall not apply to any employee who has been employed as a firefighter, EMT, or paramedic for less than 5 years at the time he or she files an Application for Adjustment of Claim concerning this condition or impairment with the Illinois Workers' Compensation Commission. The rebuttable presumption established under this subsection, however, does not apply to an emergency medical technician (EMT), emergency medical technician-intermediate (EMT-I), advanced emergency medical technician (A-EMT), or paramedic employed by a private employer if the employee spends the preponderance of his or her work time for that employer engaged in medical transfers between medical care facilities or non-emergency medical transfers to or from medical care facilities. The changes made to this subsection by Public Act 98-291 this amendatory Act of the 98th General Assembly shall be narrowly construed. Section 65. The Workers' Occupational Diseases Act is amended by changing Section 1 as follows:
(820 ILCS 310/1) (from Ch. 48, par. 172.36)
Sec. 1. This Act shall be known and may be cited as the "Workers' Occupational Diseases Act".

3. Where an employer operating under and subject to the provisions of this Act loans an employee to another such employer and such loaned employee sustains a compensable occupational disease in the employment of such borrowing employer and where such borrowing employer does not provide or pay the benefits or payments due such employee, such loaning employer shall be liable to provide or pay all benefits or payments due such employee under this Act and as to such employee the liability of such loaning and borrowing employers shall be joint and several, provided that such loaning employer shall in the absence of agreement to the contrary be entitled to receive from such borrowing employer full reimbursement for all sums paid or incurred pursuant to this paragraph together with reasonable attorneys' fees and expenses in any hearings before the Illinois Workers' Compensation Commission or in any action to secure such reimbursement. Where any benefit is provided or paid by such loaning employer, the employee shall have the duty of rendering reasonable co-operation in any hearings, trials or proceedings in the case, including such proceedings for reimbursement.

employers, they and each of them, upon written demand by the
employee and within 7 days after receipt of such demand, shall have
the duty of filing with the Illinois Workers' Compensation
Commission a written admission or denial of the allegation that the
claim is covered by the provisions of the preceding paragraph and in
default of such filing or if any such denial be ultimately determined
not to have been bona fide then the provisions of Paragraph K of
Section 19 of this Act shall apply.

An employer whose business or enterprise or a substantial part
thereof consists of hiring, procuring or furnishing employees to or for
other employers operating under and subject to the provisions of this
Act for the performance of the work of such other employers and who
pays such employees their salary or wage notwithstanding that they
are doing the work of such other employers shall be deemed a loaning
employer within the meaning and provisions of this Section.

(b) The term "employee" as used in this Act, shall be construed to
mean:

1. Every person in the service of the State, county, city, town,
township, incorporated village or school district, body politic or
municipal corporation therein, whether by election, appointment or
contract of hire, express or implied, oral or written, including any
official of the State, or of any county, city, town, township,
incorporated village, school district, body politic or municipal
corporation therein and except any duly appointed member of the fire
department in any city whose population exceeds 500,000 according

2. Every person in the service of another under any contract
of hire, express or implied, oral or written, who contracts an

of Illinois but where the contract of hire is made within the State of
Illinois, and any person whose employment is principally localized

within the State of Illinois, regardless of the place where the disease was contracted or place where the contract of hire was made, including aliens, and minors who, for the purpose of this Act, except Section 3 hereof, shall be considered the same and have the same power to contract, receive payments and give quitances therefor, as adult employees. An employee or his or her dependents under this Act who shall have a cause of action by reason of an occupational disease, disablement or death arising out of and in the course of his or her employment may elect or pursue his or her remedy in the State where the disease was contracted, or in the State where the contract of hire is made, or in the State where the employment is principally localized.

(c) "Commission" means the Illinois Workers' Compensation Commission created by the Workers' Compensation Act, approved July 9, 1951, as amended.

(d) In this Act the term "Occupational Disease" means a disease arising out of and in the course of the employment or which has become aggravated and rendered disabling as a result of the exposure of the employment. Such aggravation shall arise out of a risk peculiar to or increased by the employment and not common to the general public.

A disease shall be deemed to arise out of the employment if there is apparent to the rational mind, upon consideration of all the circumstances, a causal connection between the conditions under which the work is performed and the occupational disease. The disease need not to have been foreseen or expected but after its contraction it must appear to have had its origin or aggravation in a risk connected with the employment and to have flowed from that source as a rational consequence.

An employee shall be conclusively deemed to have been exposed to the hazards of an occupational disease when, for any length of time however short, he or she is employed in an occupation or process in which the hazard of the disease exists; provided however, that in a claim of exposure to atomic radiation, the fact of such exposure must be verified by the records of the central registry of radiation exposure maintained by the Department of Public Health or by some other recognized governmental agency maintaining records of such exposures whenever and to the extent that the records are on file with the Department of Public Health or the agency.

incident to the employee as part of a voluntary inoculation program in connection with the person's employment or in connection with any governmental program or recommendation for the inoculation of workers in the employee's occupation, geographical area, or other category that includes the employee is deemed to arise out of and in the course of the employment for all purposes under this Act. This paragraph added by Public Act 93-829 is declarative of existing law and is not a new enactment.

The employer liable for the compensation in this Act provided shall be the employer in whose employment the employee was last exposed to the hazard of the occupational disease claimed upon regardless of the length of time of such last exposure, except, in cases of silicosis or asbestosis, the only employer liable shall be the last employer in whose employment the employee was last exposed during a period of 60 days or more after the effective date of this Act, to the hazard of such occupational disease, and, in such cases, an exposure during a period of less than 60 days, after the effective date of this Act, shall not be deemed a last exposure. If a miner who is suffering or suffered from pneumoconiosis was employed for 10 years or more in one or more coal mines there shall, effective July 1, 1973 be a rebuttable presumption that his or her pneumoconiosis arose out of such employment.

If a deceased miner was employed for 10 years or more in one or more coal mines and died from a respirable disease there shall, effective July 1, 1973, be a rebuttable presumption that his or her death was due to pneumoconiosis.

Any condition or impairment of health of an employee employed as a firefighter, emergency medical technician (EMT), emergency medical technician-intermediate (EMT-I), advanced emergency medical technician (A-EMT), or paramedic which results directly or indirectly from any bloodborne pathogen, lung or respiratory disease or condition, heart or vascular disease or condition, hypertension, tuberculosis, or cancer resulting in any disability (temporary, permanent, total, or partial) to the employee shall be rebuttably presumed to arise out of and in the course of the employee's firefighting, EMT, EMT-I, A-EMT, or paramedic employment and, further, shall be rebuttably presumed to be causally connected to the hazards or exposures of the employment. This presumption shall also apply to any hernia or hearing loss suffered by an employee employed as a firefighter, EMT, EMT-I, A-EMT, or paramedic. The changes made to this subsection by this amendatory Act of the 98th General Assembly shall be narrowly construed. The Finding and Decision of the Illinois Workers' Compensation Commission under only the rebuttable presumption provision of this paragraph shall not be admissible or be deemed res judicata in any disability claim under the Illinois Pension Code arising out of the same medical condition; however, this sentence makes no change to the law set forth in Krohe v. City of Bloomington, 204 Ill.2d 392.

The insurance carrier liable shall be the carrier whose policy was in effect covering the employer liable on the last day of the exposure rendering such employer liable in accordance with the provisions of this Act.

(e) "Disablement" means an impairment or partial impairment, temporary or permanent, in the function of the body or any of the members of the body, or the event of becoming disabled from earning full wages at the work in which the employee was engaged when last exposed to the hazards of the occupational disease by the employer from whom he or she claims compensation, or equal wages in other suitable employment; and "disability" means the state of being so incapacitated.

(f) No compensation shall be payable for or on account of any occupational disease unless disablement, as herein defined, occurs within two years after the last day of the last exposure to the hazards of the disease, except in cases of occupational disease caused by berylliosis or by the inhalation of silica dust or asbestos dust and, in such cases, within 3 years after the last day of the last exposure to the hazards of such disease and except in the case of occupational disease caused by exposure to radiological materials or equipment, and in such case, within 25 years after the last day of last exposure to the hazards of such disease.

Section 5. The Retailers' Occupation Tax Act is amended by changing Section 2a as follows:

(35 ILCS 120/2a) (from Ch. 120, par. 441a)

Sec. 2a. It is unlawful for any person to engage in the business of selling tangible personal property at retail in this State without a certificate of registration from the Department. application to register shall indicate the number of vending machines to be so operated. If requested by the Department at any time, that person shall verify the total number of vending machines he or she uses in his or her business of selling tangible personal property at retail.

The Department may deny a certificate of registration to any applicant if a person who is named as the owner, a partner, a manager or member of a limited liability company, or a corporate officer of the applicant on the application for the certificate of registration; is or has been named as the owner, a partner, a manager or member of a limited liability company, or a corporate officer; on the application for the certificate of registration of another retailer that is in default for moneys due under this Act or any other tax or fee Act administered by the Department. For purposes of this paragraph only, in determining whether a person is in default for moneys due, the Department shall include only amounts established as a final liability within the 20 years prior to the date of the Department's notice of denial of a certificate of registration.

The Department may require an applicant for a certificate of registration hereunder to, at the time of filing such application, furnish a bond from a surety company authorized to do business in the State of Illinois, or an irrevocable bank letter of credit or a bond signed by 2 personal sureties who have filed, with the Department, sworn statements disclosing net assets equal to at least 3 times the amount of the bond to be required of such applicant, or a bond secured by an assignment of a bank account or certificate of deposit, stocks or bonds, conditioned upon the applicant paying to the State of Illinois all moneys becoming due under this Act and under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the applicant under this Act will permit the applicant to engage in business without registering separately under such other law, ordinance or resolution. In making a determination as to whether to require a bond or other security, the Department shall take into consideration whether the owner, any partner, any manager or member of a limited liability company, or a corporate officer of the applicant is or has been the owner, a partner, a manager or member of a limited liability company, or a corporate officer of another retailer that is in default for moneys due under this Act or any other tax or fee Act administered by the Department; and whether the owner, any partner, any manager or member of a limited liability company, or a corporate officer of the applicant is or has been the owner, a partner, a manager or member of a limited liability company, or a corporate officer of another retailer whose certificate of registration has been revoked.

within the previous 5 years under this Act or any other tax or fee Act administered by the Department. If a bond or other security is required, the Department shall fix the amount of the bond or other security, taking into consideration the amount of money expected to become due from the applicant under this Act and under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the applicant under this Act will permit the applicant to engage in business without registering separately under such other law, ordinance, or resolution. The amount of security required by the Department shall be such as, in its opinion, will protect the State of Illinois against failure to pay the amount which may become due from the applicant under this Act and under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the applicant under this Act will permit the applicant to engage in business without registering separately under such other law, ordinance or resolution, but the amount of the security required by the Department shall not exceed three times the amount of the applicant's average monthly tax liability, or $50,000.00, whichever amount is lower.

No certificate of registration under this Act shall be issued by the Department until the applicant provides the Department with satisfactory security, if required, as herein provided for.

Upon receipt of the application for certificate of registration in proper form, and upon approval by the Department of the security furnished by the applicant, if required, the Department shall issue to such applicant a certificate of registration which shall permit the person to whom it is issued to engage in the business of selling tangible personal property at retail in this State. The certificate of registration shall be conspicuously displayed at the place of business which the person so registered states in his application to be the principal place of business from which he engages in the business of selling tangible personal property at retail in this State.

No certificate of registration issued to a taxpayer who files returns required by this Act on a monthly basis shall be valid after the expiration of 5 years from the date of its issuance or last renewal. The expiration date of a sub-certificate of registration shall be that of the certificate of registration to which the sub-certificate relates. A certificate of registration shall automatically be renewed, subject to revocation as provided by this Act, for an additional 5 years from the date of its expiration unless otherwise notified by the Department as provided by this paragraph. of Illinois for delinquent returns or for moneys due under this Act or any other State tax law or municipal or county ordinance administered or enforced by the Department, the Department shall, not less than 60±20 days before the expiration date of such certificate of registration, give notice to the taxpayer to whom the certificate was issued of the account period of the delinquent returns, the amount of tax, penalty and interest due and owing from the taxpayer, and that the certificate of registration shall not be automatically renewed upon its expiration date unless the taxpayer, on or before the date of expiration, has filed and paid the delinquent returns or paid the defaulted amount in full. A taxpayer to whom such a notice is issued shall be deemed an applicant for renewal. The Department shall promulgate regulations establishing procedures for taxpayers who file returns on a monthly basis but desire and qualify to change to a quarterly or yearly filing basis and will no longer be subject to renewal under this Section, and for taxpayers who file returns on a yearly or quarterly basis but who desire or are required to change to a monthly filing basis and will be subject to renewal under this Section.

The Department may in its discretion approve renewal by an applicant who is in default if, at the time of application for renewal, the applicant files all of the delinquent returns or pays to the Department such percentage of the defaulted amount as may be determined by the Department and agrees in writing to waive all limitations upon the Department for collection of the remaining defaulted amount to the Department over a period not to exceed 5 years from the date of renewal of the certificate; however, no renewal application submitted by an applicant who is in default shall be approved if the immediately preceding renewal by the applicant was conditioned upon the installment payment agreement described in this Section. The payment agreement herein provided for shall be in addition to and not in lieu of the security that may be required by this Section of a taxpayer who is no longer considered a prior continuous compliance taxpayer. The execution of the payment agreement as provided in this Act shall not toll the accrual of interest at the statutory rate.

The Department may suspend a certificate of registration if the Department finds that the person to whom the certificate of registration has been issued knowingly sold contraband cigarettes.

A certificate of registration issued under this Act more than 5 years before the effective date of this amendatory Act of 1989 shall expire and be subject to the renewal provisions of this Section on the next anniversary of the date of issuance of such certificate which occurs more than 6 months after

the effective date of this amendatory Act of 1989. A certificate of registration issued less than 5 years before the effective date of this amendatory Act of 1989 shall expire and be subject to the renewal provisions of this Section on the 5th anniversary of the issuance of the certificate.

If the person so registered states that he operates other places of business from which he engages in the business of selling tangible personal property at retail in this State, the Department shall furnish him with a sub-certificate of registration for each such place of business, and the applicant shall display the appropriate sub-certificate of registration at each such place of business. All sub-certificates of registration shall bear the same registration number as that appearing upon the certificate of registration to which such sub-certificates relate.

If the applicant will sell tangible personal property at retail through vending machines, the Department shall furnish him with a sub-certificate of registration for each such vending machine, and the applicant shall display the appropriate sub-certificate of registration on each such vending machine by attaching the sub-certificate of registration to a conspicuous part of such vending machine. If a person who is registered to sell tangible personal property at retail through vending machines adds an additional vending machine or additional vending machines to the number of vending machines he or she uses in his or her business of selling tangible personal property at retail, he or she shall notify the Department, on a form prescribed by the Department, to request an additional sub-certificate or additional sub-certificates of registration, as applicable. With each such request, the applicant shall report the number of sub-certificates of registration he or she is requesting as well as the total number of vending machines from which he or she makes retail sales.

Where the same person engages in 2 or more businesses of selling tangible personal property at retail in this State, which businesses are substantially different in character or engaged in under different trade names or engaged in under other substantially dissimilar circumstances (so that it is more practicable, from an accounting, auditing or bookkeeping standpoint, for such businesses to be separately registered), the Department may require or permit such person (subject to the same requirements concerning the furnishing of security as those that are provided for hereinbefore in this Section as to each application for a certificate of registration) to apply for and obtain a separate certificate of registration for each such business or for any of such businesses, under a single certificate of registration supplemented by related sub-certificates of registration.

Any person who is registered under the "Retailers' Occupation Tax Act" as of March 8, 1963, and who, during the 3-year period immediately prior to March 8, 1963, or during a continuous 3-year period part of which passed immediately before and the remainder of which passes immediately after March 8, 1963, has been so registered continuously and who is determined by the Department not to have been either delinquent or deficient in the payment of tax liability during that period under this Act or under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the registrant under this Act will permit the registrant to engage in business without registering separately under such other law, ordinance or resolution, shall be considered to be a Prior Continuous Compliance taxpayer. Also any taxpayer who has, as verified by the Department, faithfully and continuously complied with the condition of his bond or other security under the provisions of this Act for a period of 3 consecutive years shall be considered to be a Prior Continuous Compliance taxpayer.

Every Prior Continuous Compliance taxpayer shall be exempt from all requirements under this Act concerning the furnishing of a bond or other security as a condition precedent to his being authorized to engage in the business of selling tangible personal property at retail in this State. This exemption shall continue for each such taxpayer until such time as he may be determined by the Department to be delinquent in the filing of any returns, or is determined by the Department (either through the Department's issuance of a final assessment which has become final under the Act, or by the taxpayer's filing of a return which admits tax that is not paid to be due) to be delinquent or deficient in the paying of any tax under this Act or under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the registrant under this Act will permit the registrant to engage in business without registering separately under such other law, ordinance or resolution, at which time that taxpayer shall become subject to all the financial responsibility requirements of this Act and, as a condition of being allowed to continue to engage in the business of selling tangible personal property at retail, may be required to post bond or other acceptable security with the Department covering liability which such taxpayer may thereafter incur. Any taxpayer who fails to pay an admitted or established liability under this Act may also be required to post bond or other acceptable security with this Department guaranteeing the payment of such admitted or established liability.

No certificate of registration shall be issued to any person who is in default to the State of Illinois for moneys due under this Act or under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the applicant under this Act will permit the applicant to engage in business without registering separately under such other law, ordinance or resolution.

Any person aggrieved by any decision of the Department under this Section may, within 20 days after notice of such decision, protest and request a hearing, whereupon the Department shall give notice to such person of the time and place fixed for such hearing and shall hold a hearing in conformity with the provisions of this Act and then issue its final administrative decision in the matter to such person. In the absence of such a protest within 20 days, the Department's decision shall become final without any further determination being made or notice given.

With respect to security other than bonds (upon which the Department may sue in the event of a forfeiture), if the taxpayer fails to pay, when due, any amount whose payment such security guarantees, the Department shall, after such liability is admitted by the taxpayer or established by the Department through the issuance of a final assessment that has become final under the law, convert the security which that taxpayer has furnished into money for the State, after first giving the taxpayer at least 10 days' written notice, by registered or certified mail, to pay the liability or forfeit such security to the Department. If the security consists of stocks or bonds or other securities which are listed on a public exchange, the Department shall sell such securities through such public exchange. If the security consists of an irrevocable bank letter of credit, the Department shall convert the security in the manner provided for in the Uniform Commercial Code. If the security consists of a bank certificate of deposit, the Department shall convert the security into money by demanding and collecting the amount of such bank certificate of deposit from the bank which issued such certificate. If the security consists of a type of stocks or other securities which are not listed on a public exchange, the Department shall sell such security to the highest and best bidder after giving at least 10 days' notice of the date, time and place of the intended sale by publication in the "State Official Newspaper". If the Department realizes more than the amount of such liability from the security, plus the expenses incurred by the Department in converting the security into money, the Department shall pay such excess to the taxpayer who furnished such security, and the balance shall be paid into the State Treasury.

The Department shall discharge any surety and shall release and return any security deposited, assigned, pledged or otherwise provided to it by a taxpayer under this Section within 30 days after:

(1) such taxpayer becomes a Prior Continuous Compliance taxpayer; or

(2) such taxpayer has ceased to collect receipts on which he is required to remit tax to the Department, has filed a final tax return, and has paid to the Department an amount sufficient to discharge his remaining tax liability, as determined by the Department, under this Act and under every other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration issued under this Act permits the registrant to engage in business without registering separately under such other law, ordinance or resolution. The Department shall make a final determination of the taxpayer's outstanding tax liability as expeditiously as possible after his final tax return has been filed; if the Department cannot make such final determination within 45 days after receiving the final tax return, within such period it shall so notify the taxpayer, stating its reasons therefor.

Section 5. The Mental Health and Developmental Disabilities Code is amended by changing Section 3-504 as follows:

(405 ILCS 5/3-504) (from Ch. 91 1/2, par. 3-504)
Sec. 3-504. Minors; emergency admissions.
(a) A minor who is eligible for admission under Section 3-503 and who is in a condition that immediate hospitalization is necessary may be admitted upon the application of a parent or guardian, or person in loco parentis, or of an interested person 18 years of age or older when, after

diligent effort, the minor's parent, guardian or person in loco parentis cannot be located or refuses to consent to admission. Following admission of the minor, the facility director of the mental health facility shall continue efforts to locate the minor's parent, guardian or person in loco parentis. If that person is located and consents in writing to the admission, the minor may continue to be hospitalized. However, upon notification of the admission, the parent, guardian or person in loco parentis may request the minor's discharge subject to the provisions of Section 3-508.

(b) A peace officer may take a minor into custody and transport the minor to a mental health facility when, as a result of his personal observation, the peace officer has reasonable grounds to believe that the minor is eligible for admission under Section 3-503 and is in a condition that immediate hospitalization is necessary in order to protect the minor or others from physical harm. Upon arrival at the facility, the peace officer shall complete an application under Section 3-503 and shall further include a detailed statement of the reason for the assertion that immediate hospitalization is necessary, including a description of any acts or significant threats supporting the assertion, the time and place of the occurrence of those acts or threats, and the names, addresses and telephone numbers of other witnesses of those acts or threats.

(c) If no parent, guardian or person in loco parentis can be found within 3 days, excluding Saturdays, Sundays or holidays, after the admission of a minor, or if that person refuses either to consent to admission of the minor or to request his discharge, a petition shall be filed under the Juvenile Court Act of 1987 to ensure that appropriate guardianship is provided.

(d) If, however, a court finds, based on the evaluation by a psychiatrist, licensed clinical social worker, licensed clinical professional counselor, or licensed clinical psychologist or the testimony or other information offered by a parent, guardian, person acting in loco parentis or other interested adults, that it is necessary in order to complete an examination of a minor, the court may order that the minor be admitted to a mental health facility pending examination and may order a peace officer or other person to transport the minor to the facility.

(e) If a parent, guardian, or person acting in loco parentis is unable to transport a minor to a mental health facility for examination, the parent, guardian, or person acting in loco parentis may petition the court to compel a peace officer to take the minor into custody and transport the minor to a mental health facility for examination. (f) Within 24 hours after admission under this Section, a psychiatrist or clinical psychologist who has personally examined the minor shall certify in writing that the minor meets the standard for admission. If no certificate is furnished, the minor shall be discharged immediately.

Nothing in this Act or any other Act shall prevent an a licensed architect from practicing interior design services. Nothing in this Act shall be construed as requiring the services of an interior designer for the interior designing of a single family residence.

The involvement of an a licensed architect is not required for the following:

Interior alterations which result in life safety or structural changes of the building are subject to the requirements of this Act.

Sec. 14. Display of license; Seal. Every holder of a license as an architect shall display it in a conspicuous place in the principal office of the architect.

Every architect shall have a reproducible seal, or facsimile, the print of which shall contain the name of the architect, the license number, and the words "Licensed Architect, State of Illinois". The architect shall affix the signature, current date, date of license expiration and seal to the first sheet of any bound set or loose sheets of technical submissions utilized as contract documents between the parties to the contract or prepared for the review and approval of any governmental or public authority having jurisdiction by that architect or under that architect's responsible control. The sheet of technical submissions in which the seal is affixed shall indicate those documents or parts thereof for which the seal shall apply. The seal and dates may be electronically affixed. The licensee may provide, at his or her sole discretion, an original signature in the licensee's handwriting, a scanned copy of the document bearing an original signature, or a signature generated by a computer. All technical submissions issued by any corporation, partnership, professional service corporation, or professional design firm as registered under this Act shall contain the corporate or assumed business name and design firm registration number, in addition to any other seal requirements as set forth in this Section.

"Responsible control" means that amount of control over and detailed professional knowledge of the content of technical submissions during their preparation as is ordinarily exercised by architects applying the required professional standard of care. Merely reviewing or reviewing and correcting the technical submissions or any portion thereof prepared by those not in the regular employment of the office where the architect is resident without control over the content of such work throughout its preparation does not constitute responsible control.

Sec. 16. Licenses; Renewal; Restoration; Architects in military service. The expiration date and renewal period for each license issued under
this Act shall be set by rule. The holder of a license may renew such license during the month preceding the expiration date thereof by paying the required fee. An architect who has permitted his license to expire or who has had his license on inactive status may have his license restored by making application to the Department and filing proof acceptable to the Department of his fitness to have his license restored, including sworn evidence certifying to active practice in another jurisdiction satisfactory to the Department, and by paying the required restoration fee.

If the person has not maintained an active practice in another jurisdiction satisfactory to the Department, the Board shall determine, by an evaluation program established by rule, that person's fitness to resume active status and may require that person to successfully complete an examination.

Any person whose license has been expired for more than 3 years may have his license restored by making application to the Department and filing proof acceptable to the Department of his fitness to have his license restored, including sworn evidence certifying to active practice in another jurisdiction, and by paying the required restoration fee.

However, any person whose license has expired while he has been engaged (1) in federal service on active duty with the Army of the United States, the United States Navy, the Marine Corps, the Air Force, the Coast Guard, or the State Militia called into the service or training of the United States of America, or (2) in training or education under the supervision of the United States preliminary to induction into the military service, may have his license restored or reinstated without paying any lapsed renewal fees or restoration fee if within 2 years after termination of such service, training or education other than by dishonorable discharge he furnishes the Department with an affidavit to the effect that he has been so engaged and that his service, training or education has been so terminated.

Any business, including a Professional Service Corporation, that includes the practice of architecture within its stated purposes, practices architecture, or holds itself out as available to practice architecture shall register with the Department under this Section. Any professional service corporation, sole proprietorship, or professional design firm offering architectural services must have a resident architect in responsible charge of the architectural practices in each location in which architectural services are provided who shall be designated as a managing agent.

Any sole proprietorship not owned and operated by an Illinois licensed design professional licensed under this Act is prohibited from offering architectural services to the public. "Illinois licensed design professional" means a person who holds an active license as an architect under this Act, as a structural engineer under the Structural Engineering Practice Act of 1989, or as a professional engineer under the Professional Engineering Practice Act of 1989, or as a professional land surveyor under the Professional Land Surveyor Act of 1989. Any sole proprietorship owned and operated by an architect with an active license issued under this Act and conducting or transacting such business under an assumed name in accordance with the provisions of the Assumed Business Name Act shall comply with the registration requirements of a professional design firm. Any sole proprietorship owned and operated by an architect with an active license issued under this Act and conducting or transacting such business under the real name of the sole proprietor is exempt from the registration requirements of a professional design firm.

(b) Any corporation, including a Professional Service Corporation, partnership, limited liability company, or professional design firm seeking to be registered under this Section shall not be registered unless:

Any corporation, limited liability company, professional service corporation, or partnership qualifying under this Section and practicing in this State shall file with the Department any information concerning its officers, directors, members, managers, partners or beneficial owners as the Department may, by rule, require.

(c) No business shall offer the practice or hold itself out as available to offer the practice of architecture until it is registered with the Department as a professional design firm. Every entity registered as a professional design firm shall display its certificate of registration or a facsimile thereof in a conspicuous place in each office offering architectural services.

(d) Any business seeking to be registered under this Section shall make application on a form provided by the Department and shall provide any information requested by the Department, which shall include but shall not be limited to all of the following:

It is the responsibility of the professional design firm to provide the Department notice, in writing, of any changes in the information requested on the application.

(e) In the event a managing agent is terminated or terminates his or her status as managing agent of the professional design firm, the managing agent and professional design firm shall notify the Department of this fact in writing, by certified mail, within 10 business days of termination.

Thereafter, the professional design firm, if it has so informed the Department, has 30 days in which to notify the Department of the name and architect's license number of the architect who is the newly designated managing agent. If a corporation, the corporation shall also submit a certified copy of a resolution by the board of directors designating the new managing agent. If a limited liability company, the company shall also submit a certified copy of either its articles of organization or operating agreement designating the new managing agent. The Department may, upon good cause shown, extend the original 30 day period.

If the professional design firm has not notified the Department in writing, by certified mail within the specified time, the registration shall be terminated without prior hearing. Notification of termination shall be sent by certified mail to the address of record. If the professional design firm continues to operate and offer architectural services after the termination, the Department may seek prosecution under Sections 22, 36, and 36a of this Act for the unlicensed practice of architecture.

(f) No professional design firm shall be relieved of responsibility for the conduct or acts of its agents, employees, or officers by reason of its compliance with this Section, nor shall any individual practicing architecture be relieved of the responsibility for professional services performed by reason of the individual's employment or relationship with a professional design firm registered under this Section.

(g) Disciplinary action against a professional design firm registered under this Section shall be administered in the same manner and on the same grounds as disciplinary action against a licensed architect. All disciplinary action taken or pending against a corporation or partnership before the effective date of this amendatory Act of 1993 shall be continued or remain in effect without the Department filing separate actions.

Upon the filing of a verified petition in such court, the court may issue a temporary restraining order, without notice or bond, and may preliminarily and permanently enjoin such violation. If it is established that such person or entity has violated or is violating the injunction, the Court may punish the offender for contempt of court. (c) Whenever in the opinion of the Department any person or entity violates any provision of this Act, the Department may issue a rule to show cause why an order to cease and desist should not be entered against him. PUBLIC ACT 98-0977
(Senate Bill No. 3506)

AN ACT concerning regulation.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Emergency Medical Treatment Act is amended by changing Section 2 as follows:
(210 ILCS 70/2)
Sec. 2. Findings; prohibited terms.
(a) The Illinois General Assembly makes all of the following findings:
(1) Hospital emergency services are not always the most appropriate level of care for patients seeking unscheduled medical care or for patients who do not have a regular physician who can treat a significant or acute medical condition not considered critical, debilitating, or life-threatening.
(2) Hospital emergency rooms are over-utilized and too often over-burdened with many injuries or illnesses that could be managed in a less intensive clinical setting or physician's office.
(3) Over-utilization of hospital emergency departments contributes to excess medical and health insurance costs.
(4) The use of the term "urgent" or "emergi-" or a similar term in a facility's posted or advertised name may confuse the public and prospective patients regarding the type of services offered relative to those provided by a hospital emergency department. There is

New matter indicated by italics - deletions by strikeout
significant risk to the public health and safety if persons requiring treatment for a critical or life-threatening condition inappropriately use such facilities.

(5) Many times patients are not clearly aware of the policies and procedures of their insurer or health plan that must be followed in the use of emergency rooms versus non-emergent clinics and what rights they have under the law in regard to appropriately sought emergency care.

(6) There is a need to more effectively educate health care payers and consumers about the most appropriate use of the various available levels of medical care and particularly the use of hospital emergency rooms and walk-in medical clinics that do not require appointments.

(b) **After the effective date of this amendatory Act of the 93rd General Assembly, no person, facility, or entity shall hold itself out to the public as an "urgi-", "urgi-", "emergi-", or "emergent" care center or use any similar term, as defined by rule, that would give the impression that emergency medical treatment is provided by the person or entity or at the facility unless the facility is the emergency room of a facility licensed as a hospital under the Hospital Licensing Act or a facility licensed as a freestanding emergency center under the Emergency Medical Services (EMS) Systems Act. This Section does not prohibit a person, facility, or entity from holding itself out to the public as an "urgi-" or "urgent" care center.**

(c) Violation of this Section constitutes a business offense with a minimum fine of $5,000 plus $1,000 per day for a continuing violation, with a maximum of $25,000.

(d) The Director of Public Health in the name of the people of the State, through the Attorney General, may bring an action for an injunction or to restrain a violation of this Section or the rules adopted pursuant to this Section or to enjoin the future operation or maintenance of any facility in violation of this Section or the rules adopted pursuant to this Section.

(e) The Department of Public Health shall adopt rules necessary for the implementation of this Section.

Sec. 412. Refunds; penalties; collection.

(1)(a) Whenever it appears to the satisfaction of the Director that because of some mistake of fact, error in calculation, or erroneous interpretation of a statute of this or any other state, any authorized company, surplus line producer, or industrial insured has paid to him, pursuant to any provision of law, taxes, fees, or other charges in excess of the amount legallychargeable against it, during the 6 year period immediately preceding the discovery of such overpayment, he shall have power to refund to such

company, *surplus line producer, or industrial insured* the amount of the excess or excesses by applying the amount or amounts thereof toward the payment of taxes, fees, or other charges already due, or which may thereafter become due from that company until such excess or excesses have been fully refunded, or upon a written request from the authorized company, *surplus line producer, or industrial insured*, the Director shall provide a cash refund within 120 days after receipt of the written request if all necessary information has been filed with the Department in order for it to perform an audit of the tax report for the transaction or period or annual return for the year in which the overpayment occurred or within 120 days after the date the Department receives all the necessary information to perform such audit. The Director shall not provide a cash refund if there are insufficient funds in the Insurance Premium Tax Refund Fund to provide a cash refund, if the amount of the overpayment is less than $100, or if the amount of the overpayment can be fully offset against the taxpayer's estimated liability for the year following the year of the cash refund request. Any cash refund shall be paid from the Insurance Premium Tax Refund Fund, a special fund hereby created in the State treasury.

(b) Beginning January 1, 2000 and thereafter, the Department shall deposit a percentage of the amounts collected under Sections 409, 444, and 444.1 of this Code into the Insurance Premium Tax Refund Fund. The percentage deposited into the Insurance Premium Tax Refund Fund shall be the annual percentage. The annual percentage shall be calculated as a fraction, the numerator of which shall be the amount of cash refunds approved by the Director for payment and paid during the preceding calendar year as a result of overpayment of tax liability under Sections 121-2.08, 409, 444, and 444.1, and 445 of this Code and the denominator of which shall be the amounts collected pursuant to Sections 121-2.08, 409, 444, and 444.1, and 445 of this Code during the preceding calendar year. However, if there were no cash refunds paid in a preceding calendar year, the Department shall deposit 5% of the amount collected in that preceding calendar year pursuant to Sections 121-2.08, 409, 444, and 444.1, and 445 of this Code into the Insurance Premium Tax Refund Fund instead of an amount calculated by using the annual percentage.

(c) Beginning July 1, 1999, moneys in the Insurance Premium Tax Refund Fund shall be expended exclusively for the purpose of paying cash refunds resulting from overpayment of tax liability under Sections 121-2.08, 409, 444, and 444.1, and 445 of this Code as determined by the Director pursuant to subsection 1(a) of this Section. Cash refunds made in accordance
with this Section may be made from the Insurance Premium Tax Refund Fund only to the extent that amounts have been deposited and retained in the Insurance Premium Tax Refund Fund.

(d) This Section shall constitute an irrevocable and continuing appropriation from the Insurance Premium Tax Refund Fund for the purpose of paying cash refunds pursuant to the provisions of this Section.

(2)(a) When any insurance company or any surplus line producer fails to file any tax return required under Sections 408.1, 409, 444, and 444.1 and 445 of this Code or Section 12 of the Fire Investigation Act on the date prescribed, including any extensions, there shall be added as a penalty $400 or 10% of the amount of such tax, whichever is greater, for each month or part of a month of failure to file, the entire penalty not to exceed $2,000 or 50% of the tax due, whichever is greater.

(b) When any industrial insured or surplus line producer fails to file any tax return or report required under Sections 121-2.08 and 445 of this Code or Section 12 of the Fire Investigation Act on the date prescribed, including any extensions, there shall be added:

(i) as a late fee, if the return or report is received at least one day but not more than 7 days after the prescribed due date, $400 or 10% of the tax due, whichever is greater, the entire fee not to exceed $1,000;

(ii) as a late fee, if the return or report is received at least 8 days but not more than 14 days after the prescribed due date, $400 or 10% of the tax due, whichever is greater, the entire fee not to exceed $1,500;

(iii) as a late fee, if the return or report is received at least 15 days but not more than 21 days after the prescribed due date, $400 or 10% of the tax due, whichever is greater, the entire fee not to exceed $2,000; or

(iv) as a penalty, if the return or report is received more than 21 days after the prescribed due date, $400 or 10% of the tax due, whichever is greater, for each month or part of a month of failure to file, the entire penalty not to exceed $2,000 or 50% of the tax due, whichever is greater.

A tax return or report shall be deemed received as of the date mailed as evidenced by a postmark, proof of mailing on a recognized United States Postal Service form or a form acceptable to the United States Postal Service or other commercial mail delivery service, or other evidence acceptable to the Director.

(iii) as a late fee, if the payment is received at least 15 days but not more than 21 days after the prescribed due date, 10% of the tax due, the entire fee not to exceed $2,000; or

(iv) as a penalty, if the return or report is received more than 21 days after the prescribed due date, 10% of the tax due.

A tax payment shall be deemed received as of the date mailed as evidenced by a postmark, proof of mailing on a recognized United States Postal Service form or a form acceptable to the United States Postal Service or other commercial mail delivery service, or other evidence acceptable to the Director.

(b) If such failure to pay is determined by the Director to be wilful, after a hearing under Sections 402 and 403, there shall be added to the tax as a penalty an amount equal to the greater of 50% of the deficiency or 10% of the amount due and unpaid for each month or part of a month that the deficiency remains unpaid commencing with the date that the amount becomes due. Such amount shall be in lieu of any determined under paragraph (a) or (a-5).

(4) Any insurance company, industrial insured, or any surplus line producer that fails to pay the full amount due under this Section or Sections 121-2.08, 408.1, 409, 444, 444.1, or 445 of this Code, or Section 12 of the Fire Investigation Act is liable, in addition to the tax and any late fees and penalties, for interest on such deficiency at the rate of 12% per annum, or at such higher adjusted rates as are or may be established under subsection (b) of Section 6621 of the Internal Revenue Code, from the date that payment

date of payment of such amount.

(5) The Director, through the Attorney General, may institute an
action in the name of the People of the State of Illinois, in any court of
competent jurisdiction, for the recovery of the amount of such taxes, fees, and
penalties due, and prosecute the same to final judgment, and take such steps
as are necessary to collect the same.

(6) In the event that the certificate of authority of a foreign or alien
company is revoked for any cause or the company withdraws from this State
prior to the renewal date of the certificate of authority as provided in Section
114, the company may recover the amount of any such tax paid in advance.
Except as provided in this subsection, no revocation or withdrawal excuses
payment of or constitutes grounds for the recovery of any taxes or penalties
imposed by this Code.

(7) When an insurance company or domestic affiliated group fails to
pay the full amount of any fee of $200 or more due under Section 408 of this
Code, there shall be added to the amount due as a penalty the greater of $100
or an amount equal to 10% of the deficiency for each month or part of a
month that the deficiency remains unpaid.

(8) The Department shall have a lien for the taxes, fees, charges, fines,
penalties, interest, other charges, or any portion thereof, imposed or assessed
pursuant to this Code, upon all the real and personal property of any company
or person to whom the assessment or final order has been issued or whenever
a tax return is filed without payment of the tax or penalty shown therein to be
due, including all such property of the company or person acquired after
receipt of the assessment, issuance of the order, or filing of the return. The
company or person is liable for the filing fee incurred by the Department for
filing the lien and the filing fee incurred by the Department to file the release
of that lien. The filing fees shall be paid to the Department in addition to
payment of the tax, fee, charge, fine, penalty, interest, other charges, or any
portion thereof, included in the amount of the lien. However, where the lien
arises because of the issuance of a final order of the Director or tax
assessment by the Department, the lien shall not attach and the notice referred
to in this Section shall not be filed until all administrative proceedings or
proceedings in court for review of the final order or assessment have
terminated or the time for the taking thereof has expired without such
proceedings being instituted.

Upon the granting of Department review after a lien has attached, the
lien shall remain in full force except to the extent to which the final

assessment may be reduced by a revised final assessment following the rehearing or review. The lien created by the issuance of a final assessment shall terminate, unless a notice of lien is filed, within 3 years after the date all proceedings in court for the review of the final assessment have terminated or the time for the taking thereof has expired without such proceedings being instituted, or (in the case of a revised final assessment issued pursuant to a rehearing or review by the Department) within 3 years after the date all proceedings in court for the review of such revised final assessment have terminated or the time for the taking thereof has expired without such proceedings being instituted. Where the lien results from the filing of a tax return without payment of the tax or penalty shown therein to be due, the lien shall terminate, unless a notice of lien is filed, within 3 years after the date when the return is filed with the Department.

The time limitation period on the Department's right to file a notice of lien shall not run during any period of time in which the order of any court has the effect of enjoining or restraining the Department from filing such notice of lien. If the Department finds that a company or person is about to depart from the State, to conceal himself or his property, or to do any other act tending to prejudice or to render wholly or partly ineffectual proceedings to collect the amount due and owing to the Department unless such proceedings are brought without delay, or if the Department finds that the collection of the amount due from any company or person will be jeopardized by delay, the Department shall give the company or person notice of such findings and shall make demand for immediate return and payment of the amount, whereupon the amount shall become immediately due and payable. If the company or person, within 5 days after the notice (or within such extension of time as the Department may grant), does not comply with the notice or show to the Department that the findings in the notice are erroneous, the Department may file a notice of jeopardy assessment lien in the office of the recorder of the county in which any property of the company or person may be located and shall notify the company or person of the filing. The jeopardy assessment lien shall have the same scope and effect as the statutory lien provided for in this Section. If the company or person believes that the company or person does not owe some or all of the tax for which the jeopardy assessment lien against the company or person has been filed, or that no jeopardy to the revenue in fact exists, the company or person may protest within 20 days after being notified by the Department of the filing of the jeopardy assessment lien and request a hearing, whereupon the Department shall hold a hearing in conformity with the provisions of this Code and,

New matter indicated by italics - deletions by strikeout
pursuant thereto, shall notify the company or person of its findings as to whether or not the jeopardy assessment lien will be released. If not, and if the company or person is aggrieved by this decision, the company or person may file an action for judicial review of the final determination of the Department in accordance with the Administrative Review Law. If, pursuant to such hearing (or after an independent determination of the facts by the Department without a hearing), the Department determines that some or all of the amount due covered by the jeopardy assessment lien is not owed by the company or person, or that no jeopardy to the revenue exists, or if on judicial review the final judgment of the court is that the company or person does not owe some or all of the amount due covered by the jeopardy assessment lien against them, or that no jeopardy to the revenue exists, the Department shall release its jeopardy assessment lien to the extent of such finding of nonliability for the amount, or to the extent of such finding of no jeopardy to the revenue. The Department shall also release its jeopardy assessment lien against the company or person whenever the amount due and owing covered by the lien, plus any interest which may be due, are paid and the company or person has paid the Department in cash or by guaranteed remittance an amount representing the filing fee for the lien and the filing fee for the release of that lien. The Department shall file that release of lien with the recorder of the county where that lien was filed.

Nothing in this Section shall be construed to give the Department a preference over the rights of any bona fide purchaser, holder of a security interest, mechanics lienholder, mortgagee, or judgment lien creditor arising prior to the filing of a regular notice of lien or a notice of jeopardy assessment lien in the office of the recorder in the county in which the property subject to the lien is located. For purposes of this Section, "bona fide" shall not include any mortgage of real or personal property or any other credit transaction that results in the mortgagee or the holder of the security acting as trustee for unsecured creditors of the company or person mentioned in the notice of lien who executed such chattel or real property mortgage or the document evidencing such credit transaction. The lien shall be inferior to the lien of general taxes, special assessments, and special taxes levied by any political subdivision of this State. In case title to land to be affected by the notice of lien or notice of jeopardy assessment lien is registered under the provisions of the Registered Titles (Torrens) Act, such notice shall be filed in the office of the Registrar of Titles of the county within which the property subject to the lien is situated and shall be entered upon the register of titles as a memorial or charge upon each folium of the register of titles affected by
such notice, and the Department shall not have a preference over the rights of any bona fide purchaser, mortgagee, judgment creditor, or other lienholder arising prior to the registration of such notice. The regular lien or jeopardy assessment lien shall not be effective against any purchaser with respect to any item in a retailer's stock in trade purchased from the retailer in the usual course of the retailer's business.

PUBLIC ACT 98-0984
(Senate Bill No. 0640)

AN ACT concerning regulation.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Electronic Fund Transfer Act is amended by changing Section 50 as follows:

(205 ILCS 616/50)
Sec. 50. Terminal requirements.
(a) To assure maximum safety and security against malfunction, fraud, theft, and other accidents or abuses and to assure that all access devices will have the capability of activating all terminals established in this State, no terminal shall accept an access device that does not conform to specifications that are generally accepted. In the case of a dispute concerning the specifications, the Commissioner, in accordance with the provisions of Section 20 of this Act, shall have the authority to determine the specifications.

New matter indicated by italics - deletions by strikeout
(b) No terminal that does not accept an access device that conforms with those specifications shall be established or operated.

(c) A terminal shall bear a logotype or other identification symbol designed to advise customers which access devices may activate the terminal.

(d) When used to perform an interchange transaction, a terminal shall not bear any form of proprietary advertising of products and services not offered at the terminal; provided, however, that a terminal screen may bear proprietary advertising of products or services offered by a financial institution when a person uses an access device issued by that financial institution.

(e) No person operating a terminal in this State shall impose any surcharge on a consumer for the usage of that terminal, whether or not the consumer is using an access device issued by that person, unless that surcharge is clearly disclosed to the consumer electronically on the terminal screen. Following presentation of the electronic disclosure on the terminal screen, the consumer shall be provided an opportunity to cancel that transaction without incurring any surcharge or other obligation. If a surcharge is imposed on a consumer using an access device not issued by the person operating the terminal, that person shall disclose on the terminal screen that the surcharge is in addition to any fee that may be assessed by the consumer's own institution. As used in this subsection, "surcharge" means any charge imposed by the person operating the terminal solely for the use of the terminal.

(f) A receipt given at a terminal to a person who initiates an electronic fund transfer shall include a number or code that identifies the consumer initiating the transfer, the consumer's account or accounts, or the access device used to initiate the transfer. If the number or code shown on the receipt is a number that identifies the access device, the number must be truncated as printed on the receipt so that fewer than all of the digits of the number or code are printed on the receipt. The Commissioner may, however, modify or waive the requirements imposed by this subsection (f) if the Commissioner determines that the modifications or waivers are necessary to alleviate any undue compliance burden.

(g) No terminal shall operate in this State unless, with respect to each interchange transaction initiated at the terminal, the access code entered by the consumer to authorize the transaction is encrypted by the device into which the access code is manually entered by the consumer and is transmitted from the terminal only in encrypted form. Any terminal that cannot meet the foregoing encryption requirements shall immediately cease forwarding transactions.
information with respect to any interchange transaction or attempted interchange transaction.

(h) No person that directly or indirectly provides data processing support to any terminal in this State shall authorize or forward for authorization any interchange transaction unless the access code intended to authorize the interchange transaction is encrypted when received by that person and is encrypted when forwarded to any other person.

(i) A terminal operated in this State may be designed and programmed so that when a consumer enters his or her personal identification number in reverse order, the terminal automatically sends an alarm to the local law enforcement agency having jurisdiction over the terminal location. The Commissioner shall promulgate rules necessary for the implementation of this subsection (i). The provisions of this subsection (i) shall not be construed to require an owner or operator of a terminal to design and program the terminal to accept a personal identification number in reverse order.

(j) A person operating a terminal in this State may not impose a fee upon a consumer for usage of the terminal if the consumer is using a Link Card or other access device issued by a government agency for use in obtaining financial aid under the Illinois Public Aid Code.

No person in this State may impose a fee upon a consumer for usage of a terminal if the consumer is using a general use reloadable card issued by the Illinois State Disbursement Unit for the purpose of receiving his or her child support payments.

For the purposes of this subsection (j), the term "person operating a terminal" means the person who has control over and is responsible for a terminal. The term "person operating a terminal" does not mean the person who owns or controls the property or building in which a terminal is located, unless he or she also has control over and is responsible for the terminal.

Section 99. Effective date. This Act takes effect July 1, 2015.
Passed in the General Assembly May 19, 2014.
Approved August 15, 2014.
Effective July 1, 2015.
AN ACT concerning higher education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Smoke-Free Campus Act.

Section 5. Findings. The General Assembly finds that tobacco smoke is a harmful and dangerous carcinogen to human beings and a hazard to public health. Secondhand tobacco smoke causes at least 65,000 deaths each year from heart disease and lung cancer according to the National Cancer Institute. Secondhand tobacco smoke causes heart disease, stroke, cancer, sudden infant death syndrome, low birth weight in infants, asthma and the exacerbation of asthma, bronchitis, and pneumonia in children and adults. Secondhand tobacco smoke is the third leading cause of preventable death in the United States. Illinois workers exposed to secondhand tobacco smoke are at an increased risk of premature death. An estimated 2,900 Illinois citizens die each year from exposure to secondhand tobacco smoke.

The General Assembly also finds that the United States Surgeon General's 2006 report has determined that there is no risk-free level of exposure to secondhand smoke; the scientific evidence that secondhand smoke causes serious diseases, including lung cancer, heart disease, and respiratory illnesses such as bronchitis and asthma, is massive and conclusive; separating smokers from nonsmokers, cleaning the air, and ventilating buildings cannot eliminate secondhand smoke exposure; smoke-free policies are effective in reducing secondhand smoke exposure.

The General Assembly also finds that a law that prohibits smoking on the campuses of State-supported institutions of higher education will reduce secondhand smoke exposure among nonsmokers as well as prepare students for the workplace and ensure a healthy environment for all campus communities.

Section 10. Definitions. In this Act:
"Campus" means all property, including buildings, grounds, parking lots, and vehicles that are owned or operated by a State-supported institution of higher education, but does not include property covered under the Smoke Free Illinois Act, or enclosed laboratories, not open to the public, in an accredited university or government facility where the activity of smoking is
exclusively conducted for the purpose of medical or scientific, health-related research.

"Employee" means an individual who is employed by a State-supported institution of higher education in consideration for direct or indirect monetary wages or profit.

"Governing authority" means the administrative branch of the State-supported institution of higher education.

"Guest" means a visitor to the campus of a State-supported institution of higher education.

"Smoke" or "smoking" means the carrying, smoking, burning, inhaling, or exhaling of any kind of lighted pipe, cigar, cigarette, hookah, weed, herbs, or other lighted smoking equipment. "Smoke" or "smoking" also includes products containing or delivering nicotine intended or expected for human consumption, or any part of such a product, that is not a tobacco product as defined by Section 321(rr) of Title 21 of the United States Code, unless it has been approved or otherwise certified for legal sale by the United States Food and Drug Administration for tobacco use cessation or other medical purposes and is being marketed and sold solely for that approved purpose. "Smoke" or "smoking" does not include smoking that is associated with a native recognized religious ceremony, ritual, or activity by American Indians that is in accordance with the federal American Indian Religious Freedom Act, Sections 1996 and 1996a of Title 42 of the United States Code.

"Student" means an individual enrolled in a credit or noncredit course at a State-supported institution of higher education.

"State-supported institution of higher education" means the University of Illinois, Southern Illinois University, Chicago State University, Eastern Illinois University, Governors State University, Illinois State University, Northeastern Illinois University, Northern Illinois University, Western Illinois University, and the public community colleges subject to the Public Community College Act.

Section 15. Prohibitions on smoking.

(a) Beginning on July 1, 2015, smoking is prohibited on each campus of a State-supported institution of higher education. The prohibition set forth in this subsection (a) shall not apply to any instance in which an individual is traveling through a campus in a vehicle that is not owned by a State-supported institution of higher education.

(b) An individual or campus subject to the smoking prohibitions of this Act may not discriminate or retaliate in any manner against a person for
making a complaint of a violation of this Act or furnishing information concerning a violation to a person, campus, or governing authority.

(c) The prohibitions on smoking in this Act must be communicated to all students and employees of State-supported institutions of higher education on or before May 1, 2015 and to each guest of a State-supported institution of higher education upon request.

(d) Each State-supported institution of higher education shall create and post on its Internet website a smoke-free campus map indicating the locations where smoking is prohibited under this Act.

Section 20. Smoke-free campus task force. On or before December 31, 2014, each State-supported institution of higher education shall establish a community task force for the purpose of coordinating with community and campus leaders for the implementation of this Act.

The governing board of each State-supported institution of higher education shall coordinate with its respective community task force to implement a public education and notice program regarding this Act. As part of the notice to students, employees, and the public, "No Smoking" signs or the international "No Smoking" symbol (consisting of a pictorial representation of a burning cigarette enclosed in a red circle with a red bar across it) may be clearly and conspicuously posted on each campus where smoking is prohibited by this Act.

Section 25. Penalties and rules. The governing board of each State-supported institution of higher education shall implement this Act and shall promulgate all policies and regulations necessary for this purpose, including, but not limited to, disciplinary action, fines, and an appeals process.

Section 30. Conflict. In case of conflict with provisions of the Smoke Free Illinois Act, the provisions of the Smoke Free Illinois Act shall control.

Section 5. The Department of Veterans Affairs Act is amended by adding Section 37 as follows:

(20 ILCS 2805/37 new)

Sec. 37. Illinois Joining Forces Foundation.

(a) The General Assembly finds that navigating the "sea of goodwill" for those who serve in uniform is one of the greatest challenges that transitioning veterans face; as a result, they risk being unable to access many of the federal, State, and non-profit resources available to them. Recognizing this problem, the Department of Veterans' Affairs and the Department of Military Affairs acted to establish the Illinois Joining Forces initiative, a public-private network of military and veteran-serving organizations that are working together, in person and online, to create a no-wrong-door system of support for the State's military and veteran communities. Illinois Joining Forces is a nation-leading model, awarded by the U.S. Department of Veterans Affairs and the National Association of State Directors of Veterans Affairs for its groundbreaking work in creating smarter, collaborative community support for those in uniform, past and present. The foundation created by this amendatory Act of the 98th General Assembly will serve to ensure the long-term sustainability of Illinois Joining Forces, which is critically important for the support of the State's military and veteran communities.

(b) The Illinois Joining Forces Foundation shall benefit service members, veterans, and their families by:

1. convening military and veteran support organizations, through Illinois Joining Forces working groups, to build cross-sector relationships and mutual awareness;
2. providing policy recommendations through Illinois Joining Forces member working groups to the Illinois Discharged Servicemember Task Force and the Illinois Veterans' Advisory Council;
3. facilitating the transfer of information and knowledge among Illinois Joining Forces member organizations;
4. maintaining and continuing to build the no-wrong-door online navigation platform;
5. educating Illinois Joining Forces members and other community providers regarding military and veteran culture and needs, thus improving the collective capacity of the support system; and

(6) outreaching directly to service members, veterans, and their families regarding the no-wrong-door system that Illinois Joining Forces provides to them.

(c) For the purpose of this Section, "veterans service organization" means an organization that meets all of the following criteria:

(1) The organization is formed by and for United States military veterans.

(2) The organization is chartered by the United States Congress and incorporated in the State of Illinois.

(3) The organization has maintained a State headquarters office in Illinois for the 10-year period immediately preceding the effective date of this amendatory Act of the 98th General Assembly.

(4) The organization maintains at least one office in this State, staffed by a veterans service officer.

(5) The organization is capable of preparing a power of attorney for a veteran and processing claims for veterans services.

(6) The organization is not funded by the State of Illinois or by any county in this State.

(d) The General Assembly authorizes the Department of Veterans' Affairs, in accordance with Section 10 of the State Agency Entity Creation Act, to create the Illinois Joining Forces Foundation as a not-for-profit foundation. The Department shall file articles of incorporation as required under the General Not For Profit Corporation Act of 1986 to create the Foundation. The Foundation's Board of Directors shall be appointed as follows: one member appointed by the Governor; one member appointed by the President of the Senate; one member appointed by the Minority Leader of the Senate; one member appointed by the Speaker of the House of Representatives; one member appointed by the Minority Leader of the House of Representatives; and all of the members of the Illinois Joining Forces Executive Committee, who shall be appointed by the Director of Veterans' Affairs. In addition to any veterans service organization otherwise represented on the Board of Directors, a veterans service organization may designate in writing an ex officio, non-voting participant to the Board of Directors. Any veterans service organization appointee under this Section does not count towards a quorum. The Director of Veterans' Affairs and a designee chosen by the Director of Military Affairs who is a senior management official of the Department of Military Affairs with the authority to make decisions on behalf of the agency shall serve as members of the Foundation's Board of Directors. Board of Director appointments shall be

No member of the Board of Directors may receive compensation for his or her services to the Foundation. Upon appointment, the Board of Directors, as members of a public entity, shall be represented and indemnified pursuant to the requirements of the State Employee Indemnification Act.

(e) The purposes of the Foundation are to: promote, support, assist, and sustain Illinois Joining Forces operations; solicit and accept grants and private donations and disburse them for the stated intent of the Foundation or the private donor; solicit and generate public and private funding and donations that assist in enhancing the Illinois Joining Forces mission, services, programs, and operations; and engage generally in other lawful endeavors consistent with the foregoing purposes. The foundation shall operate within the provisions of the General Not For Profit Corporation Act of 1986.

(f) As soon as practicable after the Foundation is created, the Board of Directors shall meet, organize, and designate, by majority vote, a chairperson, a treasurer, a secretary, and any additional officers that may be needed to carry out the activities of the Foundation and shall adopt bylaws of the Foundation. The Department of Veterans' Affairs, in consultation with the Department of Military Affairs, may adopt other rules deemed necessary to govern Foundation procedures.

(g) The Foundation may request and accept gifts, grants, donations, or bequests from the federal government or its agencies or officers or from any person, firm, or corporation, and may expend receipts on activities that it considers suitable to the performance of its duties under this Section and consistent with any requirement of the grant, gift, donation, or bequest. Funds collected by the Foundation shall be considered private funds and shall be held in an appropriate account outside of the State treasury. Private funds collected by the Foundation are not subject to the Public Funds Investment Act. The treasurer of the Foundation shall be the custodian of all Foundation funds. The treasurer shall be required to obtain a fidelity or surety bond on satisfactory terms and in sufficient amounts to protect the interests of the Foundation, the cost of which shall be reimbursed by the Foundation. The Foundation and its officers shall be responsible for the approval of the recording of receipts, approval of payments, and the proper filing of required reports. The Foundation may be assisted in carrying out its functions by Department of Military Affairs and Department of Veterans' Affairs personnel. The Department of Military Affairs and the Department of

Section 5. The Nursing Home Care Act is amended by changing Section 3-702 as follows:

(210 ILCS 45/3-702) (from Ch. 111 1/2, par. 4153-702)

Sec. 3-702. (a) A person who believes that this Act or a rule promulgated under this Act may have been violated may request an investigation. The request may be submitted to the Department in writing, by telephone, by electronic means, or by personal visit. An oral complaint shall be reduced to writing by the Department. The Department shall make available, through its website and upon request, information regarding the oral and phone intake processes and the list of questions that will be asked of the complainant. The Department shall request information identifying the complainant, including the name, address and telephone number, to help enable appropriate follow-up. The Department shall act on such complaints via on-site visits or other methods deemed appropriate to handle the complaints with or without such identifying information, as otherwise provided under this Section. The complainant shall be informed that compliance with such request is not required to satisfy the procedures for filing a complaint under this Act. The Department must notify complainants that complaints with less information provided are far more difficult to respond to and investigate.

(b) The substance of the complaint shall be provided in writing to the licensee, owner or administrator no earlier than at the commencement of an on-site inspection of the facility which takes place pursuant to the complaint.

(c) The Department shall not disclose the name of the complainant unless the complainant consents in writing to the disclosure or the investigation results in a judicial proceeding, or unless disclosure is essential to the investigation. The complainant shall be given the opportunity to withdraw the complaint before disclosure. Upon the request of the complainant, the Department may permit the complainant or a representative of the complainant to accompany the person making the on-site inspection of the facility.

(d) Upon receipt of a complaint, the Department shall determine whether this Act or a rule promulgated under this Act has been or is being violated. The Department shall investigate all complaints alleging abuse or neglect within 7 days after the receipt of the complaint except that complaints of abuse or neglect which indicate that a resident's life or safety is in imminent danger shall be investigated within 24 hours after receipt of the complaint. All other complaints shall be investigated within 30 days after the receipt of the complaint. The Department employees investigating a
complaint shall conduct a brief, informal exit conference with the facility to
alert its administration of any suspected serious deficiency that poses a direct
threat to the health, safety or welfare of a resident to enable an immediate
correction for the alleviation or elimination of such threat. Such information
and findings discussed in the brief exit conference shall become a part of the
investigating record but shall not in any way constitute an official or final
notice of violation as provided under Section 3-301. All complaints shall be
classified as "an invalid report", "a valid report", or "an undetermined report".
For any complaint classified as "a valid report", the Department must
determine within 30 working days if any rule or provision of this Act has
been or is being violated.

(d-1) The Department shall, whenever possible, combine an on-site
investigation of a complaint in a facility with other inspections in order to
avoid duplication of inspections.

(e) In all cases, the Department shall inform the complainant of its
findings within 10 days of its determination unless otherwise indicated by the
complainant, and the complainant may direct the Department to send a copy
of such findings to another person. The Department's findings may include
comments or documentation provided by either the complainant or the
licensee pertaining to the complaint. The Department shall also notify the
facility of such findings within 10 days of the determination, but the name of
the complainant or residents shall not be disclosed in this notice to the
facility. The notice of such findings shall include a copy of the written
determination; the correction order, if any; the warning notice, if any; the
inspection report; or the State licensure form on which the violation is listed.

(f) A written determination, correction order, or warning notice
concerning a complaint, together with the facility's response, shall be
available for public inspection, but the name of the complainant or resident
shall not be disclosed without his consent.

(g) A complainant who is dissatisfied with the determination or
investigation by the Department may request a hearing under Section 3-703.
The facility shall be given notice of any such hearing and may participate in
the hearing as a party. If a facility requests a hearing under Section 3-703
which concerns a matter covered by a complaint, the complainant shall be
given notice and may participate in the hearing as a party. A request for a
hearing by either a complainant or a facility shall be submitted in writing to
the Department within 30 days after the mailing of the Department's findings
as described in subsection (e) of this Section. Upon receipt of the request the
Department shall conduct a hearing as provided under Section 3-703.

New matter indicated by italics - deletions by strikeout
(g-5) The Department shall conduct an annual review and make a report concerning the complaint process that includes the number of complaints received, the breakdown of anonymous and non-anonymous complaints and whether the complaints were substantiated or not, the total number of substantiated complaints, and any other complaint information requested by the Long-Term Care Facility Advisory Board created under Section 2-204 of this Act or the Illinois Long-Term Care Council created under Section 4.04a of the Illinois Act on the Aging. This report shall be provided to the Long-Term Care Facility Advisory Board and the Illinois Long-Term Care Council. The Long-Term Care Advisory Board and the Illinois Long-Term Care Council shall review the report and suggest any changes deemed necessary to the Department for review and action, including how to investigate and substantiate anonymous complaints.

(h) Any person who knowingly transmits a false report to the Department commits the offense of disorderly conduct under subsection (a)(8) of Section 26-1 of the Criminal Code of 2012.

AN ACT concerning aging.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Illinois Act on the Aging is amended by changing Section 4.04 as follows:

(20 ILCS 105/4.04) (from Ch. 23, par. 6104.04)
Sec. 4.04. Long Term Care Ombudsman Program. The purpose of the Long Term Care Ombudsman Program is to ensure that older persons and persons with disabilities receive quality services. This is accomplished by providing advocacy services for residents of long term care facilities and participants receiving home care and community-based care. Managed care is increasingly becoming the vehicle for delivering health and long-term services and supports to seniors and persons with disabilities, including dual eligible participants. The additional ombudsman authority will allow advocacy services to be provided to Illinois participants for the first time and will produce a cost savings for the State of Illinois by supporting the rebalancing efforts of the Patient Protection and Affordable Care Act.

(a) Long Term Care Ombudsman Program. The Department shall establish a Long Term Care Ombudsman Program, through the Office of State Long Term Care Ombudsman ("the Office"), in accordance with the provisions of the Older Americans Act of 1965, as now or hereafter amended. The Long Term Care Ombudsman Program is authorized, subject to sufficient appropriations, to advocate on behalf of older persons and persons with disabilities residing in their own homes or community-based settings, relating to matters which may adversely affect the health, safety, welfare, or rights of such individuals.

(b) Definitions. As used in this Section, unless the context requires otherwise:

   (1) "Access" has the same meaning as in Section 1-104 of the Nursing Home Care Act, as now or hereafter amended; that is, it means the right to:
   (i) Enter any long term care facility or assisted living or shared housing establishment or supportive living facility;
   (ii) Communicate privately and without restriction with any resident, regardless of age, who consents to the communication;

New matter indicated by italics - deletions by strikeout
(iii) Seek consent to communicate privately and without restriction with any participant or resident, regardless of age;

(iv) Inspect the clinical and other records of a participant or resident, regardless of age, with the express written consent of the participant or resident;

(v) Observe all areas of the long term care facility or supportive living facilities, assisted living or shared housing establishment except the living area of any resident who protests the observation; and

(vi) Subject to permission of the participant or resident requesting services or his or her representative, enter a home or community-based setting.

(2) "Long Term Care Facility" means (i) any facility as defined by Section 1-113 of the Nursing Home Care Act, as now or hereafter amended; and (ii) any skilled nursing facility or a nursing facility which meets the requirements of Section 1819(a), (b), (c), and (d) or Section 1919(a), (b), (c), and (d) of the Social Security Act, as now or hereafter amended (42 U.S.C. 1395i-3(a), (b), (c), and (d) and 42 U.S.C. 1396r(a), (b), (c), and (d)); and any facility as defined by Section 1-113 of the MR/DD Community Care Act, as now or hereafter amended.

(2.5) "Assisted living establishment" and "shared housing establishment" have the meanings given those terms in Section 10 of the Assisted Living and Shared Housing Act.

(2.7) "Supportive living facility" means a facility established under Section 5-5.01a of the Illinois Public Aid Code.

(2.8) "Community-based setting" means any place of abode other than an individual's private home.

(3) "State Long Term Care Ombudsman" means any person employed by the Department to fulfill the requirements of the Office of State Long Term Care Ombudsman as required under the Older Americans Act of 1965, as now or hereafter amended, and Departmental policy.

(3.1) "Ombudsman" means any designated representative of the State Long Term Care Ombudsman Program; provided that the representative, whether he is paid for or volunteers his ombudsman services, shall be qualified and designated by the Office to perform the duties of an ombudsman as specified by the Department in rules.
and in accordance with the provisions of the Older Americans Act of 1965, as now or hereafter amended.

(4) "Participant" means an older person aged 60 or over or an adult with a disability aged 18 through 59 who is or persons with disabilities who are eligible for services under any of the following:

   (i) A medical assistance waiver administered by the State.

   (ii) A managed care organization providing care coordination and other services to seniors and persons with disabilities.

(5) "Resident" means an older person aged 60 or over or an adult with a disability aged 18 through 59 individual who resides in a long-term care facility.

(c) Ombudsman; rules. The Office of State Long Term Care Ombudsman shall be composed of at least one full-time ombudsman and shall include a system of designated regional long term care ombudsman programs. Each regional program shall be designated by the State Long Term Care Ombudsman as a subdivision of the Office and any representative of a regional program shall be treated as a representative of the Office.

The Department, in consultation with the Office, shall promulgate administrative rules in accordance with the provisions of the Older Americans Act of 1965, as now or hereafter amended, to establish the responsibilities of the Department and the Office of State Long Term Care Ombudsman and the designated regional Ombudsman programs. The administrative rules shall include the responsibility of the Office and designated regional programs to investigate and resolve complaints made by or on behalf of residents of long term care facilities, supportive living facilities, and assisted living and shared housing establishments, and participants residing in their own homes or community-based settings, including the option to serve residents and participants under the age of 60, relating to actions, inaction, or decisions of providers, or their representatives, of such facilities and establishments, of public agencies, or of social services agencies, which may adversely affect the health, safety, welfare, or rights of such residents and participants. The Office and designated regional programs may represent all residents and participants, but are not required by this Act to represent persons under 60 years of age, except to the extent required by federal law. When necessary and appropriate, representatives of the Office shall refer complaints to the appropriate regulatory State agency. The Department, in consultation with the Office, shall cooperate with the
Department of Human Services and other State agencies in providing information and training to designated regional long term care ombudsman programs about the appropriate assessment and treatment (including information about appropriate supportive services, treatment options, and assessment of rehabilitation potential) of the participants they serve.

The State Long Term Care Ombudsman and all other ombudsmen, as defined in paragraph (3.1) of subsection (b) must submit to background checks under the Health Care Worker Background Check Act and receive training, as prescribed by the Illinois Department on Aging, before visiting facilities, private homes, or community-based settings. The training must include information specific to assisted living establishments, supportive living facilities, shared housing establishments, private homes, and community-based settings and to the rights of residents and participants guaranteed under the corresponding Acts and administrative rules.

(c-5) Consumer Choice Information Reports. The Office shall:

(1) In collaboration with the Attorney General, create a Consumer Choice Information Report form to be completed by all licensed long term care facilities to aid Illinoisans and their families in making informed choices about long term care. The Office shall create a Consumer Choice Information Report for each type of licensed long term care facility. The Office shall collaborate with the Attorney General and the Department of Human Services to create a Consumer Choice Information Report form for facilities licensed under the MR/DD Community Care Act.

(2) Develop a database of Consumer Choice Information Reports completed by licensed long term care facilities that includes information in the following consumer categories:

(A) Medical Care, Services, and Treatment.
(B) Special Services and Amenities.
(C) Staffing.

Failure to appear for the examination on the scheduled date, at the time and place specified, after the applicant's application for examination has been received and acknowledged by the Department or the designated testing service, shall result in the forfeiture of the examination fee.

If an applicant fails to pass an examination for registration under this Act within 3 years after filing his or her application, the application shall be denied. The applicant may thereafter make a new application accompanied by the required fee; however, the applicant shall meet all requirements in effect at the time of subsequent application before obtaining licensure. (a) The Department may impose fines not to exceed $10,000 or may refuse to issue or to renew, or may revoke, suspend, place on probation, censure, reprimand or take other disciplinary or non-disciplinary action with regard to the license of any person, for any one or combination of the following causes:

(1) Intentional material misstatement in furnishing information to the Department.

(2) Conviction of or entry of a plea of guilty or nolo contendere to any crime that is a felony under the laws of the United States or any state or territory thereof or a misdemeanor of which an essential element is dishonesty or that is directly related to the practice of the profession of nursing home administration.

(3) Making any misrepresentation for the purpose of obtaining a license, or violating any provision of this Act.

(4) Immoral conduct in the commission of any act, such as sexual abuse or sexual misconduct, related to the licensee's practice.

(5) Failing to respond within 30 days, to a written request made by the Department for information.

(6) Engaging in dishonorable, unethical or unprofessional conduct of a character likely to deceive, defraud or harm the public.

(7) Habitual use or addiction to alcohol, narcotics, stimulants, or any other chemical agent or drug which results in the inability to practice with reasonable judgment, skill or safety.

(8) Discipline by another U.S. jurisdiction if at least one of the grounds for the discipline is the same or substantially equivalent to those set forth herein.

(9) A finding by the Department that the licensee, after having his or her license placed on probationary status has violated the terms of probation.

(10) Willfully making or filing false records or reports in his or her practice, including but not limited to false records filed with State agencies or departments.

(11) Physical illness, mental illness, or other impairment or disability, including, but not limited to, deterioration through the aging process, or loss of motor skill that results in the inability to practice the profession with reasonable judgment, skill or safety.

(17) Conviction of a violation of Section 12-19 or subsection (a) of Section 12-4.4a of the Criminal Code of 1961 or the Criminal Code of 2012 for the abuse and criminal neglect of a long term care facility resident.

(18) Violation of the Nursing Home Care Act, the Specialized Mental Health Rehabilitation Act of 2013, or the ID/DD Community Care Act or of any rule issued under the Nursing Home Care Act, the Specialized Mental Health Rehabilitation Act of 2013, or the ID/DD Community Care Act. A final adjudication of a Type "AA" violation of the Nursing Home Care Act made by the Illinois Department of Public Health, as identified by rule, relating to the hiring, training, planning, organizing, directing, or supervising the operation of a nursing home and a licensee's failure to comply with this Act or the rules adopted under this Act, shall create a rebuttable presumption of a violation of this subsection.

(19) Failure to report to the Department any adverse final action taken against the licensee by a licensing authority of another state, territory of the United States, or foreign country; or by any governmental or law enforcement agency; or by any court for acts or conduct similar to acts or conduct that would constitute grounds for disciplinary action under this Section.

(21) Failure to report to the Department any adverse judgment, settlement, or award arising from a liability claim related to acts or conduct similar to acts or conduct that would constitute grounds for disciplinary action under this Section.

(22) Failure to submit any required report under Section 80-10 of the Nurse Practice Act.

New matter indicated by italics - deletions by strikeout
All proceedings to suspend, revoke, place on probationary status, or take any other disciplinary action as the Department may deem proper, with regard to a license on any of the foregoing grounds, must be commenced within 5 years next after receipt by the Department of (i) a complaint alleging the commission of or notice of the conviction order for any of the acts described herein or (ii) a referral for investigation under Section 3-108 of the Nursing Home Care Act.

The entry of an order or judgment by any circuit court establishing that any person holding a license under this Act is a person in need of mental treatment operates as a suspension of that license. That person may resume their practice only upon the entry of a Department order based upon a finding by the Board that they have been determined to be recovered from mental illness by the court and upon the Board's recommendation that they be permitted to resume their practice.

The Department, upon the recommendation of the Board, may adopt rules which set forth standards to be used in determining what constitutes:

(i) when a person will be deemed sufficiently rehabilitated to warrant the public trust;

(ii) dishonorable, unethical or unprofessional conduct of a character likely to deceive, defraud, or harm the public;

(iii) immoral conduct in the commission of any act related to the licensee's practice; and

(iv) professional incompetence in the practice of nursing home administration.

However, no such rule shall be admissible into evidence in any civil action except for review of a licensing or other disciplinary action under this Act.

In enforcing this Section, the Department or Board, upon a showing of a possible violation, may compel any individual licensed to practice under this Act, or who has applied for licensure pursuant to this Act, to submit to a mental or physical examination, or both, as required by and at the expense of the Department. The examining physician or physicians shall be those specifically designated by the Department or Board. The Department or Board may order the examining physician to present testimony concerning this mental or physical examination of the licensee or applicant. No information shall be excluded by reason of any common law or statutory privilege relating to communications between the licensee or applicant and the examining physician. The individual to be examined may have, at his or her own expense, another physician of his or her choice present during all

New matter indicated by italics - deletions by strikeout
aspects of the examination. Failure of any individual to submit to mental or physical examination, when directed, shall be grounds for suspension of his or her license until such time as the individual submits to the examination if the Department finds, after notice and hearing, that the refusal to submit to the examination was without reasonable cause.

If the Department or Board finds an individual unable to practice because of the reasons set forth in this Section, the Department or Board shall require such individual to submit to care, counseling, or treatment by physicians approved or designated by the Department or Board, as a condition, term, or restriction for continued, reinstated, or renewed licensure to practice; or in lieu of care, counseling, or treatment, the Department may file, or the Board may recommend to the Department to file, a complaint to immediately suspend, revoke, or otherwise discipline the license of the individual. Any individual whose license was granted pursuant to this Act or continued, reinstated, renewed, disciplined or supervised, subject to such terms, conditions or restrictions who shall fail to comply with such terms, conditions or restrictions shall be referred to the Secretary for a determination as to whether the licensee shall have his or her license suspended immediately, pending a hearing by the Department. In instances in which the Secretary immediately suspends a license under this Section, a hearing upon such person's license must be convened by the Board within 30 days after such suspension and completed without appreciable delay. The Department and Board shall have the authority to review the subject administrator's record of treatment and counseling regarding the impairment, to the extent permitted by applicable federal statutes and regulations safeguarding the confidentiality of medical records.

An individual licensed under this Act, affected under this Section, shall be afforded an opportunity to demonstrate to the Department or Board that he or she can resume practice in compliance with acceptable and prevailing standards under the provisions of his or her license.

(b) Any individual or organization acting in good faith, and not in a willful and wanton manner, in complying with this Act by providing any report or other information to the Department, or assisting in the investigation or preparation of such information, or by participating in proceedings of the Department, or by serving as a member of the Board, shall not, as a result of such actions, be subject to criminal prosecution or civil damages.

(c) Members of the Board, and persons retained under contract to assist and advise in an investigation, shall be indemnified by the State for any actions occurring within the scope of services on or for the Board, done in
good faith and not wilful and wanton in nature. The Attorney General shall defend all such actions unless he or she determines either that there would be a conflict of interest in such representation or that the actions complained of were not in good faith or were wilful and wanton.

Should the Attorney General decline representation, a person entitled to indemnification under this Section shall have the right to employ counsel of his or her choice, whose fees shall be provided by the State, after approval by the Attorney General, unless there is a determination by a court that the member's actions were not in good faith or were wilful and wanton.

A person entitled to indemnification under this Section must notify the Attorney General within 7 days of receipt of notice of the initiation of any action involving services of the Board. Failure to so notify the Attorney General shall constitute an absolute waiver of the right to a defense and indemnification.

The Attorney General shall determine within 7 days after receiving such notice, whether he or she will undertake to represent a person entitled to indemnification under this Section.

(d) The determination by a circuit court that a licensee is subject to involuntary admission or judicial admission as provided in the Mental Health and Developmental Disabilities Code, as amended, operates as an automatic suspension. Such suspension will end only upon a finding by a court that the patient is no longer subject to involuntary admission or judicial admission and issues an order so finding and discharging the patient; and upon the recommendation of the Board to the Secretary that the licensee be allowed to resume his or her practice.

(e) The Department may refuse to issue or may suspend the license of any person who fails to file a return, or to pay the tax, penalty or interest shown in a filed return, or to pay any final assessment of tax, penalty or interest, as required by any tax Act administered by the Department of Revenue, until such time as the requirements of any such tax Act are satisfied.

(f) The Department of Public Health shall transmit to the Department a list of those facilities which receive an "A" violation as defined in Section 1-129 of the Nursing Home Care Act.

Section 99. Effective date. This Act takes effect upon becoming law. Passed in the General Assembly May 26, 2014.
AN ACT concerning government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Open Meetings Act is amended by changing Sections 2.01 and 7 as follows:

(5 ILCS 120/2.01) (from Ch. 102, par. 42.01)
Sec. 2.01. All meetings required by this Act to be public shall be held at specified times and places which are convenient and open to the public. No meeting required by this Act to be public shall be held on a legal holiday unless the regular meeting day falls on that holiday.

A quorum of members of a public body must be physically present at the location of an open meeting. If, however, an open meeting of a public body (i) with statewide jurisdiction, (ii) that is an Illinois library system with jurisdiction over a specific geographic area of more than 4,500 square miles, or (iii) that is a municipal transit district with jurisdiction over a specific geographic area of more than 4,500 square miles, or (iv) that is a local workforce investment area with jurisdiction over a specific geographic area of more than 4,500 square miles is held simultaneously at one of its offices and one or more other locations in a public building, which may include other of its offices, through an interactive video conference and the public body provides public notice and public access as required under this Act for all locations, then members physically present in those locations all count towards determining a quorum. "Public building", as used in this Section, means any building or portion thereof owned or leased by any public body. The requirement that a quorum be physically present at the location of an open meeting shall not apply, however, to State advisory boards or bodies that do not have authority to make binding recommendations or determinations or to take any other substantive action.

A quorum of members of a public body that is not (i) a public body with statewide jurisdiction, (ii) an Illinois library system with jurisdiction over a specific geographic area of more than 4,500 square miles, or (iii) a municipal transit district with jurisdiction over a specific geographic area of more than 4,500 square miles, or (iv) a local workforce investment area with
jurisdiction over a specific geographic area of more than 4,500 square miles must be physically present at the location of a closed meeting. Other members who are not physically present at a closed meeting of such a public body may participate in the meeting by means of a video or audio conference. For the purposes of this Section, "local workforce investment area" means any local workforce investment area or areas designated by the Governor pursuant to the federal Workforce Investment Act of 1998 or its reauthorizing legislation.

(5 ILCS 120/7)

Sec. 7. Attendance by a means other than physical presence.

(a) If a quorum of the members of the public body is physically present as required by Section 2.01, a majority of the public body may allow a member of that body to attend the meeting by other means if the member is prevented from physically attending because of: (i) personal illness or disability; (ii) employment purposes or the business of the public body; or (iii) a family or other emergency. "Other means" is by video or audio conference.

(b) If a member wishes to attend a meeting by other means, the member must notify the recording secretary or clerk of the public body before the meeting unless advance notice is impractical.

(c) A majority of the public body may allow a member to attend a meeting by other means only in accordance with and to the extent allowed by rules adopted by the public body. The rules must conform to the requirements and restrictions of this Section, may further limit the extent to which attendance by other means is allowed, and may provide for the giving of additional notice to the public or further facilitate public access to meetings.

(d) The limitations of this Section shall not apply to (i) closed meetings of (A) public bodies with statewide jurisdiction, (B) Illinois library systems with jurisdiction over a specific geographic area of more than 4,500 square miles, (C) municipal transit districts with jurisdiction over a specific geographic area of more than 4,500 square miles, or (D) local workforce investment areas with jurisdiction over a specific geographic area of more than 4,500 square miles or (ii) open or closed meetings of State advisory boards or bodies that do not have authority to make binding recommendations or determinations or to take any other substantive action. State advisory boards or bodies, public bodies with statewide jurisdiction, Illinois library systems with jurisdiction over a specific geographic area of more than 4,500 square miles, and municipal transit districts with jurisdiction
over a specific geographic area of more than 4,500 square miles, and local workforce investment areas with jurisdiction over a specific geographic area of more than 4,500 square miles, however, may permit members to attend meetings by other means only in accordance with and to the extent allowed by specific procedural rules adopted by the body. For the purposes of this Section, "local workforce investment area" means any local workforce investment area or areas designated by the Governor pursuant to the federal Workforce Investment Act of 1998 or its reauthorizing legislation.

AN ACT concerning local government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Fire Protection District Act is amended by changing Section 16.06b as follows:

Sec. 16.06b. Original appointments; full-time fire department.
(a) Applicability. Unless a commission elects to follow the provisions of Section 16.06c, this Section shall apply to all original appointments to an affected full-time fire department. Existing registers of eligibles shall continue to be valid until their expiration dates, or up to a maximum of 2 years after the effective date of this amendatory Act of the 97th General Assembly.

Notwithstanding any statute, ordinance, rule, or other law to the contrary, all original appointments to an affected department to which this Section applies shall be administered in a no less stringent manner than the manner provided for in this Section. Provisions of the Illinois Municipal Code, Fire Protection District Act, fire district ordinances, and rules adopted pursuant to such authority and other laws relating to initial hiring of firefighters in affected departments shall continue to apply to the extent they are compatible with this Section, but in the event of a conflict between this Section and any other law, this Section shall control.

A fire protection district that is operating under a court order or consent decree regarding original appointments to a full-time fire department before the effective date of this amendatory Act of the 97th General Assembly is exempt from the requirements of this Section for the duration of the court order or consent decree.

(b) Original appointments. All original appointments made to an affected fire department shall be made from a register of eligibles established in accordance with the processes required by this Section. Only persons who meet or exceed the performance standards required by the Section shall be
placed on a register of eligibles for original appointment to an affected fire department.

Whenever an appointing authority authorizes action to hire a person to perform the duties of a firefighter or to hire a firefighter-paramedic to fill a position that is a new position or vacancy due to resignation, discharge, promotion, death, the granting of a disability or retirement pension, or any other cause, the appointing authority shall appoint to that position the person with the highest ranking on the final eligibility list. If the appointing authority has reason to conclude that the highest ranked person fails to meet the minimum standards for the position or if the appointing authority believes an alternate candidate would better serve the needs of the department, then the appointing authority has the right to pass over the highest ranked person and appoint either: (i) any person who has a ranking in the top 5% of the register of eligibles or (ii) any person who is among the top 5 highest ranked persons on the list of eligibles if the number of people who have a ranking in the top 5% of the register of eligibles is less than 5 people.

Any candidate may pass on an appointment once without losing his or her position on the register of eligibles. Any candidate who passes a second time may be removed from the list by the appointing authority provided that such action shall not prejudice a person's opportunities to participate in future examinations, including an examination held during the time a candidate is already on the fire district's register of eligibles.

The sole authority to issue certificates of appointment shall be vested in the board of fire commissioners, or board of trustees serving in the capacity of a board of fire commissioners. All certificates of appointment issued to any officer or member of an affected department shall be signed by the chairperson and secretary, respectively, of the commission upon appointment of such officer or member to the affected department by action of the commission. Each person who accepts a certificate of appointment and successfully completes his or her probationary period shall be enrolled as a firefighter and as a regular member of the fire department.

For the purposes of this Section, "firefighter" means any person who has been prior to, on, or after the effective date of this amendatory Act of the 97th General Assembly appointed to a fire department or fire protection district or employed by a State university and sworn or commissioned to perform firefighter duties or paramedic duties, or both, except that the following persons are not included: part-time firefighters; auxiliary, reserve, or voluntary firefighters, including paid-on-call firefighters; clerks and dispatchers or other civilian employees of a fire department or fire protection

New matter indicated by italics - deletions by strikeout
district who are not routinely expected to perform firefighter duties; and elected officials.

(c) Qualification for placement on register of eligibles. The purpose of establishing a register of eligibles is to identify applicants who possess and demonstrate the mental aptitude and physical ability to perform the duties required of members of the fire department in order to provide the highest quality of service to the public. To this end, all applicants for original appointment to an affected fire department shall be subject to examination and testing which shall be public, competitive, and open to all applicants unless the district shall by ordinance limit applicants to residents of the district, county or counties in which the district is located, State, or nation. Districts may establish educational, emergency medical service licensure, and other pre-requisites for participation in an examination or for hire as a firefighter. Any fire protection district may charge a fee to cover the costs of the application process.

Residency requirements in effect at the time an individual enters the fire service of a district cannot be made more restrictive for that individual during his or her period of service for that district, or be made a condition of promotion, except for the rank or position of fire chief and for no more than 2 positions that rank immediately below that of the chief rank which are appointed positions pursuant to the Fire Department Promotion Act.

No person who is 35 years of age or older shall be eligible to take an examination for a position as a firefighter unless the person has had previous employment status as a firefighter in the regularly constituted fire department of the district, except as provided in this Section. The age limitation does not apply to:

(1) any person previously employed as a full-time firefighter in a regularly constituted fire department of (i) any municipality or fire protection district located in Illinois, (ii) a fire protection district whose obligations were assumed by a municipality under Section 21 of the Fire Protection District Act, or (iii) a municipality whose obligations were taken over by a fire protection district, or

(2) any person who has served a fire district as a regularly enrolled volunteer, paid-on-call, or part-time firefighter for the 5 years immediately preceding the time that the district begins to use full-time firefighters to provide all or part of its fire protection service; or

(3) any person who turned 35 while serving as a member of the active or reserve components of any of the branches of the Armed Forces.
Forces of the United States or the National Guard of any state, whose service was characterized as honorable or under honorable, if separated from the military, and is currently under the age of 40.

No person who is under 21 years of age shall be eligible for employment as a firefighter.

No applicant shall be examined concerning his or her political or religious opinions or affiliations. The examinations shall be conducted by the commissioners of the district or their designees and agents.

No district shall require that any firefighter appointed to the lowest rank serve a probationary employment period of longer than one year of actual active employment, which may exclude periods of training, or injury or illness leaves, including duty related leave, in excess of 30 calendar days. Notwithstanding anything to the contrary in this Section, the probationary employment period limitation may be extended for a firefighter who is required, as a condition of employment, to be a certified paramedic, during which time the sole reason that a firefighter may be discharged without a hearing is for failing to meet the requirements for paramedic certification.

In the event that any applicant who has been found eligible for appointment and whose name has been placed upon the final eligibility register provided for in this Section has not been appointed to a firefighter position within one year after the date of his or her physical ability examination, the commission may cause a second examination to be made of that applicant's physical ability prior to his or her appointment. If, after the second examination, the physical ability of the applicant shall be found to be less than the minimum standard fixed by the rules of the commission, the applicant shall not be appointed. The applicant's name may be retained upon the register of candidates eligible for appointment and when next reached for certification and appointment that applicant may be again examined as provided in this Section, and if the physical ability of that applicant is found to be less than the minimum standard fixed by the rules of the commission, the applicant shall not be appointed, and the name of the applicant shall be removed from the register.

(d) Notice, examination, and testing components. Notice of the time, place, general scope, merit criteria for any subjective component, and fee of every examination shall be given by the commission, by a publication at least 2 weeks preceding the examination: (i) in one or more newspapers published in the district, or if no newspaper is published therein, then in one or more newspapers with a general circulation within the district, or (ii) on the fire
The examination and qualifying standards for employment of firefighters shall be based on: mental aptitude, physical ability, preferences, moral character, and health. The mental aptitude, physical ability, and preference components shall determine an applicant's qualification for and placement on the final register of eligibles. The examination may also include a subjective component based on merit criteria as determined by the commission. Scores from the examination must be made available to the public.

(e) Mental aptitude. No person who does not possess at least a high school diploma or an equivalent high school education shall be placed on a register of eligibles. Examination of an applicant's mental aptitude shall be based upon a written examination. The examination shall be practical in character and relate to those matters that fairly test the capacity of the persons examined to discharge the duties performed by members of a fire department. Written examinations shall be administered in a manner that ensures the security and accuracy of the scores achieved.

(f) Physical ability. All candidates shall be required to undergo an examination of their physical ability to perform the essential functions included in the duties they may be called upon to perform as a member of a fire department. For the purposes of this Section, essential functions of the job are functions associated with duties that a firefighter may be called upon to perform in response to emergency calls. The frequency of the occurrence of those duties as part of the fire department's regular routine shall not be a controlling factor in the design of examination criteria or evolutions selected for testing. These physical examinations shall be open, competitive, and based on industry standards designed to test each applicant's physical abilities in the following dimensions:

   (1) Muscular strength to perform tasks and evolutions that may be required in the performance of duties including grip strength, leg strength, and arm strength. Tests shall be conducted under anaerobic as well as aerobic conditions to test both the candidate's speed and endurance in performing tasks and evolutions. Tasks tested may be based on standards developed, or approved, by the local appointing authority.

   (2) The ability to climb ladders, operate from heights, walk or crawl in the dark along narrow and uneven surfaces, and operate in proximity to hazardous environments.

New matter indicated by italics - deletions by strikeout
(3) The ability to carry out critical, time-sensitive, and complex problem solving during physical exertion in stressful and hazardous environments. The testing environment may be hot and dark with tightly enclosed spaces, flashing lights, sirens, and other distractions.

The tests utilized to measure each applicant's capabilities in each of these dimensions may be tests based on industry standards currently in use or equivalent tests approved by the Joint Labor-Management Committee of the Office of the State Fire Marshal.

Physical ability examinations administered under this Section shall be conducted with a reasonable number of proctors and monitors, open to the public, and subject to reasonable regulations of the commission.

(g) Scoring of examination components. Appointing authorities may create a preliminary eligibility register. A person shall be placed on the list based upon his or her passage of the written examination or the passage of the written examination and the physical ability component. Passage of the written examination means a score that is at or above the median score for all applicants participating in the written test. The appointing authority may conduct the physical ability component and any subjective components subsequent to the posting of the preliminary eligibility register.

The examination components for an initial eligibility register shall be graded on a 100-point scale. A person's position on the list shall be determined by the following: (i) the person's score on the written examination, (ii) the person successfully passing the physical ability component, and (iii) the person's results on any subjective component as described in subsection (d).

In order to qualify for placement on the final eligibility register, an applicant's score on the written examination, before any applicable preference points or subjective points are applied, shall be at or above the median score. The local appointing authority may prescribe the score to qualify for placement on the final eligibility register, but the score shall not be less than the median score.

The commission shall prepare and keep a register of persons whose total score is not less than the minimum fixed by this Section and who have passed the physical ability examination. These persons shall take rank upon the register as candidates in the order of their relative excellence based on the highest to the lowest total points scored on the mental aptitude, subjective component, and preference components of the test administered in accordance with this Section. No more than 60 days after each examination,
an initial eligibility list shall be posted by the commission. The list shall include the final grades of the candidates without reference to priority of the time of examination and subject to claim for preference credit.

Commissions may conduct additional examinations, including without limitation a polygraph test, after a final eligibility register is established and before it expires with the candidates ranked by total score without regard to date of examination. No more than 60 days after each examination, an initial eligibility list shall be posted by the commission showing the final grades of the candidates without reference to priority of time of examination and subject to claim for preference credit.

(h) Preferences. The following are preferences:

(1) Veteran preference. Persons who were engaged in the military service of the United States for a period of at least one year of active duty and who were honorably discharged therefrom, or who are now or have been members on inactive or reserve duty in such military or naval service, shall be preferred for appointment to and employment with the fire department of an affected department.

(2) Fire cadet preference. Persons who have successfully completed 2 years of study in fire techniques or cadet training within a cadet program established under the rules of the Joint Labor and Management Committee (JLMC), as defined in Section 50 of the Fire Department Promotion Act, may be preferred for appointment to and employment with the fire department.

(3) Educational preference. Persons who have successfully obtained an associate's degree in the field of fire service or emergency medical services, or a bachelor's degree from an accredited college or university may be preferred for appointment to and employment with the fire department.

(4) Paramedic preference. Persons who have obtained certification as an Emergency Medical Technician-Paramedic (EMT-P) may be preferred for appointment to and employment with the fire department of an affected department providing emergency medical services.

(5) Experience preference. All persons employed by a district who have been paid-on-call or part-time certified Firefighter II, certified Firefighter III, State of Illinois or nationally licensed EMT-B or EMT-I, licensed paramedic, or any combination of those capacities may be awarded up to a maximum of 5 points. However, the applicant may not be awarded more than 0.5 points for each complete

New matter indicated by italics - deletions by strikeout
year of paid-on-call or part-time service. Applicants from outside the district who were employed as full-time firefighters or firefighter-paramedics by a fire protection district or municipality for at least 2 years may be awarded up to 5 experience preference points. However, the applicant may not be awarded more than one point for each complete year of full-time service.

Upon request by the commission, the governing body of the district or in the case of applicants from outside the district the governing body of any other fire protection district or any municipality shall certify to the commission, within 10 days after the request, the number of years of successful paid-on-call, part-time, or full-time service of any person. A candidate may not receive the full amount of preference points under this subsection if the amount of points awarded would place the candidate before a veteran on the eligibility list. If more than one candidate receiving experience preference points is prevented from receiving all of their points due to not being allowed to pass a veteran, the candidates shall be placed on the list below the veteran in rank order based on the totals received if all points under this subsection were to be awarded. Any remaining ties on the list shall be determined by lot.

(6) Residency preference. Applicants whose principal residence is located within the fire department's jurisdiction may be preferred for appointment to and employment with the fire department.

(7) Additional preferences. Up to 5 additional preference points may be awarded for unique categories based on an applicant's experience or background as identified by the commission.

(8) Scoring of preferences. The commission shall give preference for original appointment to persons designated in item (1) by adding to the final grade that they receive 5 points for the recognized preference achieved. The commission shall determine the number of preference points for each category except (1). The number of preference points for each category shall range from 0 to 5. In determining the number of preference points, the commission shall prescribe that if a candidate earns the maximum number of preference points in all categories, that number may not be less than 10 nor more than 30. The commission shall give preference for original appointment to persons designated in items (2) through (7) by adding the requisite number of points to the final grade for each recognized preference.

No temporary appointment of any one person shall be made more than twice in any calendar year.

If a majority of the votes cast at the election upon the question of becoming a part of any contiguous fire protection district are in favor of becoming a part of that fire protection district and if the trustees of the fire protection district accept the proposed additional territory by resolution, the proposed additional territory shall be deemed an integral part of that fire protection district and shall be subject to all the benefits of service and responsibilities of the district as set forth in this Act.

(a-5) Any fire protection district organized under the provisions of this Act may be simultaneously dissolved and consolidated into an adjoining fire protection district upon like petition, hearing and election as is provided under Section 1 of this Act for the organization of such district, except that the ballot for such election shall be in substantially the following form:

When such a petition is filed with the trustees, they shall immediately pass a resolution to accept or reject the territory proposed to be attached. If the trustees resolve in favor of accepting the territory, they shall file with the court of the county where the fire protection district was organized the original petition and a certified copy of the resolution, and the court shall then enter an order stating that the proposed annexed territory shall be deemed an integral part of that fire protection district and subject to all of the benefits of service and responsibilities of the district. The circuit clerk shall transmit a certified copy of the order to the county clerk of each county in which any of the territory affected is situated and to the State Fire Marshal.

(c) Upon the annexation of territory by a district, the boundary shall extend to the far side of any adjacent highway and shall include all of every highway within the area annexed. under the authority of a county sheriff. Nothing in this subsection (o) shall be construed to prevent the State Panel or the Local Panel from determining that employers are joint or co-employers.

(o-5) With respect to wages, fringe benefits, hours, holidays, vacations, proficiency examinations, sick leave, and other conditions of employment, the public employer of public employees who are court reporters, as defined in the Court Reporters Act, shall be determined as follows:

(1) For court reporters employed by the Cook County Judicial Circuit, the chief judge of the Cook County Circuit Court is the public employer and employer representative.

actions, if the exercise of that authority is not of a merely routine or clerical nature, but requires the consistent use of independent judgment. Except with respect to police employment, the term "supervisor" includes only those individuals who devote a preponderance of their employment time to exercising that authority, State supervisors notwithstanding. Nothing in this definition prohibits an individual from also meeting the definition of "managerial employee" under subsection (j) of this Section. In addition, in determining supervisory status in police employment, rank shall not be determinative. The Board shall consider, as evidence of bargaining unit inclusion or exclusion, the common law enforcement policies and relationships between police officer ranks and certification under applicable civil service law, ordinances, personnel codes, or Division 2.1 of Article 10 of the Illinois Municipal Code, but these factors shall not be the sole or predominant factors considered by the Board in determining police supervisory status.

Notwithstanding the provisions of the preceding paragraph, in determining supervisory status in fire fighter employment, no fire fighter shall be excluded as a supervisor who has established representation rights under Section 9 of this Act. Further, in new fire fighter units, employees shall consist of fire fighters of the rank of company officer and below. Except with respect to non-State fire fighters and paramedics employed by fire departments and fire protection districts, non-State peace officers, and peace officers in the Department of State Police, a bargaining unit determined by the Board shall not include both employees and supervisors, or supervisors only, except as provided in paragraph (2) of this subsection (s) and except for bargaining units in existence on July 1, 1984 (the effective date of this Act). With respect to non-State fire fighters and paramedics employed by fire departments and fire protection districts, non-State peace officers, and peace officers in the Department of State Police, a bargaining unit determined by the Board shall not include both supervisors and nonsupervisors, or supervisors only, except as provided in paragraph (2) of this subsection (s) and except for bargaining units in existence on January 1, 1986 (the effective date of this amendatory Act of 1985). A bargaining unit determined by the Board to contain peace officers shall contain no employees other than peace officers unless otherwise agreed to by the employer and the labor organization or labor organizations involved. Notwithstanding any other provision of this Act, a bargaining unit, including a historical bargaining unit, containing sworn peace officers of the Department of Natural Resources (formerly designated the Department of Conservation) shall contain no employees other than such sworn peace officers upon the effective date of this amendatory Act of 1990 or upon the expiration date of any collective bargaining agreement in effect upon the effective date of this amendatory Act of 1990 covering both such sworn peace officers and other employees.

This Act shall apply if the public employer chooses to bargain under this subsection.

(3) Public employees who are court reporters, as defined in the Court Reporters Act, shall be divided into 3 units for collective bargaining purposes. One unit shall be court reporters employed by the Cook County Judicial Circuit; one unit shall be court reporters employed by the 12th, 18th, 19th, and, on and after December 4, 2006, the 22nd judicial circuits; and one unit shall be court reporters employed by all other judicial circuits.

(5 ILCS 315/7) (from Ch. 48, par. 1607)

Sec. 7. Duty to bargain. A public employer and the exclusive representative have the authority and the duty to bargain collectively set forth in this Section.

For the purposes of this Act, "to bargain collectively" means the performance of the mutual obligation of the public employer or his designated representative and the representative of the public employees to meet at reasonable times, including meetings in advance of the budget-making process, and to negotiate in good faith with respect to wages, hours, and other conditions of employment, not excluded by Section 4 of this Act, or the negotiation of an agreement, or any question arising thereunder and the execution of a written contract incorporating any agreement reached if requested by either party, but such obligation does not compel either party to agree to a proposal or require the making of a concession.

The duty "to bargain collectively" shall also include an obligation to negotiate over any matter with respect to wages, hours and other conditions of employment, not specifically provided for in any other law or not specifically in violation of the provisions of any law. If any other law pertains, in part, to a matter affecting the wages, hours and other conditions of employment, such other law shall not be construed as limiting the duty "to bargain collectively" and to enter into collective bargaining agreements containing clauses which either supplement, implement, or relate to the effect of such provisions in other laws.
The duty "to bargain collectively" shall also include negotiations as to the terms of a collective bargaining agreement. The parties may, by mutual agreement, provide for arbitration of impasses resulting from their inability to agree upon wages, hours and terms and conditions of employment to be included in a collective bargaining agreement. Such arbitration provisions shall be subject to the Illinois "Uniform Arbitration Act" unless agreed by the parties.

The duty "to bargain collectively" shall also mean that no party to a collective bargaining contract shall terminate or modify such contract, unless the party desiring such termination or modification:

1. serves a written notice upon the other party to the contract of the proposed termination or modification 60 days prior to the expiration date thereof, or in the event such contract contains no expiration date, 60 days prior to the time it is proposed to make such termination or modification;

2. offers to meet and confer with the other party for the purpose of negotiating a new contract or a contract containing the proposed modifications;

3. notifies the Board within 30 days after such notice of the existence of a dispute, provided no agreement has been reached by that time; and

4. continues in full force and effect, without resorting to strike or lockout, all the terms and conditions of the existing contract for a period of 60 days after such notice is given to the other party or until the expiration date of such contract, whichever occurs later.

The duties imposed upon employers, employees and labor organizations by paragraphs (2), (3) and (4) shall become inapplicable upon an intervening certification of the Board, under which the labor organization, which is a party to the contract, has been superseded as or ceased to be the exclusive representative of the employees pursuant to the provisions of subsection (a) of Section 9, and the duties so imposed shall not be construed as requiring either party to discuss or agree to any modification of the terms and conditions contained in a contract for a fixed period, if such modification is to become effective before such terms and conditions can be reopened under the provisions of the contract.

Collective bargaining for home care and home health workers who function as personal care attendants, personal assistants, and individual maintenance home health workers under the Home Services Program shall be limited to the terms and conditions of employment under the State's

control, as defined in Public Act 93-204 or this amendatory Act of the 97th General Assembly, as applicable.

Collective bargaining for child and day care home providers under the child care assistance program shall be limited to the terms and conditions of employment under the State's control, as defined in this amendatory Act of the 94th General Assembly.

Notwithstanding any other provision of this Section, whenever collective bargaining is for the purpose of establishing an initial agreement following original certification of units with fewer than 35 employees, with respect to public employees other than peace officers, fire fighters, and security employees, the following apply:

(1) Not later than 10 days after receiving a written request for collective bargaining from a labor organization that has been newly certified as a representative as defined in Section 6(c), or within such further period as the parties agree upon, the parties shall meet and commence to bargain collectively and shall make every reasonable effort to conclude and sign a collective bargaining agreement.

(2) If anytime after the expiration of the 90-day period beginning on the date on which bargaining is commenced the parties have failed to reach an agreement, either party may notify the Illinois Public Labor Relations Board of the existence of a dispute and request mediation in accordance with the provisions of Section 14 of this Act.

(3) If after the expiration of the 30-day period beginning on the date on which mediation commenced, or such additional period as the parties may agree upon, the mediator is not able to bring the parties to agreement by conciliation, either the exclusive representative of the employees or the employer may request of the other, in writing, arbitration and shall submit a copy of the request to the board. Upon submission of the request for arbitration, the parties shall be required to participate in the impasse arbitration procedures set forth in Section 14 of this Act, except the right to strike shall not be considered waived pursuant to Section 17 of this Act, until the actual convening of the arbitration hearing.

(b) To prescribe and supervise such courses of vocational training and provide such other services as may be necessary for the habilitation and rehabilitation of persons with one or more disabilities, including the administrative activities under subsection (e) of this Section; and to co-operate with State and local school authorities and other recognized agencies engaged in habilitation, rehabilitation and comprehensive rehabilitation services; and to cooperate with the Department of Children and Family Services regarding the care and education of children with one or more disabilities.

(c) (Blank).

(d) To report in writing, to the Governor, annually on or before the first day of December, and at such other times and in such manner and upon such subjects as the Governor may require. The annual report shall contain (1) a statement of the existing condition of comprehensive rehabilitation services; habilitation and rehabilitation in the State; (2) a statement of suggestions and recommendations with reference to the development of comprehensive rehabilitation services; habilitation and rehabilitation in the State; and (3) an itemized statement of the amounts of money received from federal, State and other sources, and of the objects and purposes to which the respective items of these several amounts have been devoted.

(e) (Blank).

(f) To establish a program of services to prevent unnecessary institutionalization of persons with Alzheimer's disease and related disorders or persons in need of long term care who are established as blind or disabled as defined by the Social Security Act, thereby enabling them to remain in their own homes or other living arrangements. Such preventive services may include, but are not limited to, any or all of the following:

(1) home health services;
(2) home nursing services;
(3) homemaker services;
(4) chore and housekeeping services;
(5) day care services;
(6) home-delivered meals;

(7) education in self-care;
(8) personal care services;
(9) adult day health services;
(10) habilitation services;
(11) respite care; or
(12) other nonmedical social services that may enable the person to become self-supporting.

The Department shall establish eligibility standards for such services taking into consideration the unique economic and social needs of the population for whom they are to be provided. Such eligibility standards may be based on the recipient's ability to pay for services; provided, however, that any portion of a person's income that is equal to or less than the "protected income" level shall not be considered by the Department in determining eligibility. The "protected income" level shall be determined by the Department, shall never be less than the federal poverty standard, and shall be adjusted each year to reflect changes in the Consumer Price Index For All Urban Consumers as determined by the United States Department of Labor. The standards must provide that a person may have not more than $10,000 in assets to be eligible for the services, and the Department may increase the asset limitation by rule. Additionally, in determining the amount and nature of services for which a person may qualify, consideration shall not be given to the value of cash, property or other assets held in the name of the person's spouse pursuant to a written agreement dividing marital property into equal but separate shares or pursuant to a transfer of the person's interest in a home to his spouse, provided that the spouse's share of the marital property is not made available to the person seeking such services.

The services shall be provided to eligible persons to prevent unnecessary or premature institutionalization, to the extent that the cost of the services, together with the other personal maintenance expenses of the persons, are reasonably related to the standards established for care in a group facility appropriate to their condition. These non-institutional services, pilot projects or experimental facilities may be provided as part of or in addition to those authorized by federal law or those funded and administered by the Illinois Department on Aging. The Department shall set rates and fees for services in a fair and equitable manner. Services identical to those offered by the Department on Aging shall be paid at the same rate.

Personal care attendants shall be paid:

(i) A $5 per hour minimum rate beginning July 1, 1995.
(ii) A $5.30 per hour minimum rate beginning July 1, 1997.

(iii) A $5.40 per hour minimum rate beginning July 1, 1998.

Solely for the purposes of coverage under the Illinois Public Labor Relations Act (5 ILCS 315/), personal care attendants and personal assistants providing services under the Department's Home Services Program shall be considered to be public employees and the State of Illinois shall be considered to be their employer as of the effective date of this amendatory Act of the 93rd General Assembly, but not before. The State shall engage in collective bargaining with an exclusive representative of personal care attendants and personal assistants working under the Home Services Program concerning their terms and conditions of employment that are within the State's control. Nothing in this paragraph shall be understood to limit the right of the persons receiving services defined in this Section to hire and fire personal care attendants and personal assistants or supervise them within the limitations set by the Home Services Program. The State shall not be considered to be the employer of personal care attendants and personal assistants for any purposes not specifically provided in this amendatory Act of the 93rd General Assembly, including but not limited to, purposes of vicarious liability in tort and purposes of statutory retirement or health insurance benefits. Personal care attendants and personal assistants shall not be covered by the State Employees Group Insurance Act of 1971 (5 ILCS 375/).

The Department shall execute, relative to the nursing home prescreening project, as authorized by Section 4.03 of the Illinois Act on the Aging, written inter-agency agreements with the Department on Aging and the Department of Public Aid (now Department of Healthcare and Family Services), to effect the following: (i) intake procedures and common eligibility criteria for those persons who are receiving non-institutional services; and (ii) the establishment and development of non-institutional services in areas of the State where they are not currently available or are undeveloped. On and after July 1, 1996, all nursing home prescreenings for individuals 18 through 59 years of age shall be conducted by the Department.

The Department is authorized to establish a system of recipient cost-sharing for services provided under this Section. The cost-sharing shall be based upon the recipient's ability to pay for services, but in no case shall the recipient's share exceed the actual cost of the services provided. Protected income shall not be considered by the Department in its determination of the recipient's ability to pay a share of the cost of services. The level of cost-sharing shall be adjusted each year to reflect changes in the "protected income" level. The Department shall deduct from the recipient's share of the

cost of services any money expended by the recipient for disability-related expenses.

The Department, or the Department's authorized representative, shall recover the amount of moneys expended for services provided to or in behalf of a person under this Section by a claim against the person's estate or against the estate of the person's surviving spouse, but no recovery may be had until after the death of the surviving spouse, if any, and then only at such time when there is no surviving child who is under age 21, blind, or permanently and totally disabled. This paragraph, however, shall not bar recovery, at the death of the person, of moneys for services provided to the person or in behalf of the person under this Section to which the person was not entitled; provided that such recovery shall not be enforced against any real estate while it is occupied as a homestead by the surviving spouse or other dependent, if no claims by other creditors have been filed against the estate, or, if such claims have been filed, they remain dormant for failure of prosecution or failure of the claimant to compel administration of the estate for the purpose of payment. This paragraph shall not bar recovery from the estate of a spouse, under Sections 1915 and 1924 of the Social Security Act and Section 5-4 of the Illinois Public Aid Code, who precedes a person receiving services under this Section in death. All moneys for services paid to or in behalf of the person under this Section shall be claimed for recovery from the deceased spouse's estate. "Homestead", as used in this paragraph, means the dwelling house and contiguous real estate occupied by a surviving spouse or relative, as defined by the rules and regulations of the Department of Healthcare and Family Services, regardless of the value of the property.

The Department and the Department on Aging shall cooperate in the development and submission of an annual report on programs and services provided under this Section. Such joint report shall be filed with the Governor and the General Assembly on or before March 30 each year.

The requirement for reporting to the General Assembly shall be satisfied by filing copies of the report with the Speaker, the Minority Leader and the Clerk of the House of Representatives and the President, the Minority Leader and the Secretary of the Senate and the Legislative Research Unit, as required by Section 3.1 of the General Assembly Organization Act, and filing additional copies with the State Government Report Distribution Center for the General Assembly as required under paragraph (t) of Section 7 of the State Library Act.

Cooperation with local, State and federal housing managers shall be sought and extended in order to frequently and promptly update the Clearinghouse's information:

(m) To assure that the names and case records of persons who received or are receiving services from the Department, including persons receiving vocational rehabilitation, home services, or other services, and those attending one of the Department's schools or other supervised facility shall be confidential and not be open to the general public. Solely for the purposes of coverage under the Illinois Public Labor Relations Act, home care and home health workers who function as personal care attendants, personal assistants, and individual maintenance home health workers and who also provide services under the Department's Home Services Program shall be considered to be public employees, no matter whether the State provides such services through direct fee-for-service arrangements, with the assistance of a managed care organization or other intermediary, or otherwise, and the State of Illinois shall be considered to be the employer of those persons as of the effective date of this amendatory Act of the 97th General Assembly, but not before except as otherwise provided under this subsection (f). maintenance home health workers working under the Home Services Program or to supervise them within the limitations set by the Home Services Program. The State shall not be considered to be the employer of home care and home health workers who function as personal care attendants, personal assistants, and individual maintenance home health workers working under the Home Services Program for any purposes not specifically provided in Public Act 93-204 or this amendatory Act of the 97th General Assembly, including but not limited to, purposes of vicarious liability in tort and purposes of statutory retirement or health insurance benefits. On and after July 1, 1996, all nursing home prescreenings for individuals 18 through 59 years of age shall be conducted by the Department. The Department is authorized to establish a system of recipient cost-sharing for services provided under this Section. The cost-sharing shall be based upon the recipient's ability to pay for services, but in no case shall the recipient's share exceed the actual cost of the services provided. Protected income shall not be considered by the Department in its determination of the recipient's ability to pay a share of the cost of services. The level of cost-sharing shall be adjusted each year to reflect changes in the "protected income" level. The Department shall deduct from the recipient's share of the cost of services any money expended by the recipient for disability-related expenses.

The Department, or the Department's authorized representative, shall recover the amount of moneys expended for services provided to or in behalf of a person under this Section by a claim against the person's estate or against the estate of the person's surviving spouse, but no recovery may be had until after the death of the surviving spouse, if any, and then only at such time

provided that such recovery shall not be enforced against any real estate while it is occupied as a homestead by the surviving spouse or other dependent, if no claims by other creditors have been filed against the estate, or, if such claims have been filed, they remain dormant for failure of prosecution or failure of the claimant to compel administration of the estate for the purpose of payment. This paragraph shall not bar recovery from the estate of a spouse, under Sections 1915 and 1924 of the Social Security Act and Section 5-4 of the Illinois Public Aid Code, who precedes a person receiving services under this Section in death. All moneys for services paid to or in behalf of the person under this Section shall be claimed for recovery from the deceased spouse's estate. "Homestead", as used in this paragraph, means the dwelling house and contiguous real estate occupied by a surviving spouse or relative, as defined by the rules and regulations of the Department of Healthcare and Family Services, regardless of the value of the property.

The Department and the Department on Aging shall cooperate in the development and submission of an annual report on programs and services provided under this Section. Such joint report shall be filed with the Governor and the General Assembly on or before March 30 each year.

The requirement for reporting to the General Assembly shall be satisfied by filing copies of the report with the Speaker, the Minority Leader and the Clerk of the House of Representatives and the President, the Minority Leader and the Secretary of the Senate and the Legislative Research Unit, as required by Section 3.1 of the General Assembly Organization Act, and filing additional copies with the State Government Report Distribution Center for the General Assembly as required under paragraph (t) of Section 7 of the State Library Act.

Department offices and personnel throughout the State shall also assist in the operation of the Statewide Housing Clearinghouse. Cooperation with local, State and federal housing managers shall be sought and extended in order to frequently and promptly update the Clearinghouse's information.

Section 5. The Illinois Insurance Code is amended by changing Section 805.1 as follows:

(215 ILCS 5/805.1)

Sec. 805.1. Mine Subsidence Coverage.

(a) Beginning January 1, 1994, every policy issued or renewed insuring a residence on a direct basis shall include, at a separately stated premium, residential coverage unless waived in writing by the insured. Beginning January 1, 1994, every policy issued or renewed insuring a commercial building on a direct basis shall include at a separately stated premium, commercial coverage unless waived in writing by the insured. Beginning January 1, 1994, every policy issued or renewed insuring a living unit on a direct basis shall include, at a separately stated premium, living unit coverage unless waived in writing by the insured.

(b) If the insured has previously waived mine subsidence coverage in writing, the insurer or agent need not offer mine subsidence coverage in any renewal or supplementary policy in connection with a policy previously issued to such insured by the same insurer, unless the insured subsequently makes a written request for mine subsidence coverage.

(c) The premium charged for residential, commercial or living unit coverage shall be the premium level set by the Fund. The loss covered shall be the loss in excess of the deductible or retention established by the Fund and contained in a mine subsidence endorsement to the policy. For all policies issued or renewed on or after January 1, 2008, the reinsured loss per residence, per commercial building, and per living unit shall be the amounts established by the Fund and approved by the Director. For all policies issued or renewed on or after January 1, 1996, the amount of reinsurance available from the Fund shall not be less than $200,000 per residence, $200,000 per commercial building, or $15,000 per living unit. The Fund may, from time to time, adjust the amount of reinsurance available as long as the minimum set by this Section is met.

(d) The residential coverage provided pursuant to this Article may also cover the additional living expenses reasonably and necessarily incurred by the owner of a residence who has been temporarily displaced as the direct

result of damage to the residence caused by mine subsidence if the underlying policy also covers this type of loss, provided however, that the loss covered under living unit coverage shall be limited to losses to improvements and betterments, and reimbursement of additional living expenses and assessments made against the insured on account of mine subsidence loss.

(e) The total amount of the loss reimbursable to an insurer shall be limited to the amount of insurance reinsured by the Fund in force at the time when the damage first becomes reasonably observable. All damage caused by a single mine subsidence event or several subsidence events which are continuous shall constitute one occurrence. As set forth in subsections (a) and (c) of this Section, a policy issued or renewed must provide coverage, unless waived in writing by the insured, and the insurer must continue to charge the premium level set for that coverage by the Fund. If mine subsidence coverage is in force when the mine subsidence damage first becomes reasonably observable, then the insurer shall notify the insured making the mine subsidence claim that continuation of that coverage thereafter may not be necessary and is optional, but that continued coverage on the damaged residence or commercial building shall terminate only upon written waiver by the insured. The notification shall be made within 60 days after the insurer receives written confirmation from the Fund that the cause of loss is active mine subsidence. The notification shall be in the form of a separate mailing to the insured from the insurer via the United States Postal Service and shall include notification to the insured that mine subsidence premiums paid for coverage on a damaged residence or commercial building subsequent to the established date of loss shall be refunded to the insured within 60 days after the insurer provides a signed waiver of mine subsidence coverage to the insurer. The notification shall be accompanied by a waiver of coverage form for the insured to sign and return to the insurer.

(f) No insurer shall be required to offer mine subsidence coverage in excess of the reinsured limits.

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Section 14-7.02 as follows:

(105 ILCS 5/14-7.02) (from Ch. 122, par. 14-7.02)

Sec. 14-7.02. Children attending private schools, public out-of-state schools, public school residential facilities or private special education facilities. The General Assembly recognizes that non-public schools or special education facilities provide an important service in the educational system in Illinois.

If because of his or her disability the special education program of a district is unable to meet the needs of a child and the child attends a non-public school or special education facility, a public out-of-state school or a special education facility owned and operated by a county government unit that provides special educational services required by the child and is in compliance with the appropriate rules and regulations of the State Superintendent of Education, the school district in which the child is a resident shall pay the actual cost of tuition for special education and related services provided during the regular school term and during the summer school term if the child's educational needs so require, excluding room, board and transportation costs charged the child by that non-public school or special education facility, public out-of-state school or county special education facility, or $4,500 per year, whichever is less, and shall provide him any necessary transportation. "Nonpublic special education facility" shall include a residential facility, within or without the State of Illinois, which provides special education and related services to meet the needs of the child by utilizing private schools or public schools, whether located on the site or off the site of the residential facility.

The State Board of Education shall promulgate rules and regulations for determining when placement in a private special education facility is appropriate. Such rules and regulations shall take into account the various types of services needed by a child and the availability of such services to the particular child in the public school. In developing these rules and regulations the State Board of Education shall consult with the Advisory Council on Education of Children with Disabilities and hold public hearings to secure

recommendations from parents, school personnel, and others concerned about this matter.

The State Board of Education shall also promulgate rules and regulations for transportation to and from a residential school. Transportation to and from home to a residential school more than once each school term shall be subject to prior approval by the State Superintendent in accordance with the rules and regulations of the State Board.

A school district making tuition payments pursuant to this Section is eligible for reimbursement from the State for the amount of such payments actually made in excess of the district per capita tuition charge for students not receiving special education services. Such reimbursement shall be approved in accordance with Section 14-12.01 and each district shall file its claims, computed in accordance with rules prescribed by the State Board of Education, on forms prescribed by the State Superintendent of Education. Data used as a basis of reimbursement claims shall be for the preceding regular school term and summer school term. Each school district shall transmit its claims to the State Board of Education on or before August 15. The State Board of Education, before approving any such claims, shall determine their accuracy and whether they are based upon services and facilities provided under approved programs. Upon approval the State Board shall cause vouchers to be prepared showing the amount due for payment of reimbursement claims to school districts, for transmittal to the State Comptroller on the 30th day of September, December, and March, respectively, and the final voucher, no later than June 20. If the money appropriated by the General Assembly for such purpose for any year is insufficient, it shall be apportioned on the basis of the claims approved.

No child shall be placed in a special education program pursuant to this Section if the tuition cost for special education and related services increases more than 10 percent over the tuition cost for the previous school year or exceeds $4,500 per year unless such costs have been approved by the Illinois Purchased Care Review Board. The Illinois Purchased Care Review Board shall consist of the following persons, or their designees: the Directors of Children and Family Services, Public Health, Public Aid, and the Governor's Office of Management and Budget; the Secretary of Human Services; the State Superintendent of Education; and such other persons as the Governor may designate. The Review Board shall also consist of one non-voting member who is an administrator of a private, nonpublic, special education school. The Review Board shall establish rules and regulations for its determination of allowable costs and payments made by local school

districts for special education, room and board, and other related services provided by non-public schools or special education facilities and shall establish uniform standards and criteria which it shall follow.

The Review Board shall establish uniform definitions and criteria for accounting separately by special education, room and board and other related services costs. The Board shall also establish guidelines for the coordination of services and financial assistance provided by all State agencies to assure that no otherwise qualified disabled child receiving services under Article 14 shall be excluded from participation in, be denied the benefits of or be subjected to discrimination under any program or activity provided by any State agency.

The Review Board shall review the costs for special education and related services provided by non-public schools or special education facilities and shall approve or disapprove such facilities in accordance with the rules and regulations established by it with respect to allowable costs.

The State Board of Education shall provide administrative and staff support for the Review Board as deemed reasonable by the State Superintendent of Education. This support shall not include travel expenses or other compensation for any Review Board member other than the State Superintendent of Education.

The Review Board shall seek the advice of the Advisory Council on Education of Children with Disabilities on the rules and regulations to be promulgated by it relative to providing special education services.

If a child has been placed in a program in which the actual per pupil costs of tuition for special education and related services based on program enrollment, excluding room, board and transportation costs, exceed $4,500 and such costs have been approved by the Review Board, the district shall pay such total costs which exceed $4,500. A district making such tuition payments in excess of $4,500 pursuant to this Section shall be responsible for an amount in excess of $4,500 equal to the district per capita tuition charge and shall be eligible for reimbursement from the State for the amount of such payments actually made in excess of the districts per capita tuition charge for students not receiving special education services.

If a child has been placed in an approved individual program and the tuition costs including room and board costs have been approved by the Review Board, then such room and board costs shall be paid by the appropriate State agency subject to the provisions of Section 14-8.01 of this Act. Room and board costs not provided by a State agency other than the State Board of Education shall be provided by the State Board of Education.
on a current basis. In no event, however, shall the State's liability for funding of these tuition costs begin until after the legal obligations of third party payors have been subtracted from such costs. If the money appropriated by the General Assembly for such purpose for any year is insufficient, it shall be apportioned on the basis of the claims approved. Each district shall submit estimated claims to the State Superintendent of Education. Upon approval of such claims, the State Superintendent of Education shall direct the State Comptroller to make payments on a monthly basis. The frequency for submitting estimated claims and the method of determining payment shall be prescribed in rules and regulations adopted by the State Board of Education. Such current state reimbursement shall be reduced by an amount equal to the proceeds which the child or child's parents are eligible to receive under any public or private insurance or assistance program. Nothing in this Section shall be construed as relieving an insurer or similar third party from an otherwise valid obligation to provide or to pay for services provided to a disabled child.

If it otherwise qualifies, a school district is eligible for the transportation reimbursement under Section 14-13.01 and for the reimbursement of tuition payments under this Section whether the non-public school or special education facility, public out-of-state school or county special education facility, attended by a child who resides in that district and requires special educational services, is within or outside of the State of Illinois. However, a district is not eligible to claim transportation reimbursement under this Section unless the district certifies to the State Superintendent of Education that the district is unable to provide special educational services required by the child for the current school year.

Nothing in this Section authorizes the reimbursement of a school district for the amount paid for tuition of a child attending a non-public school or special education facility, public out-of-state school or county special education facility unless the school district certifies to the State Superintendent of Education that the special education program of that district is unable to meet the needs of that child because of his disability and the State Superintendent of Education finds that the school district is in substantial compliance with Section 14-4.01. However, if a child is unilaterally placed by a State agency or any court in a non-public school or special education facility, public out-of-state school, or county special education facility, a school district shall not be required to certify to the State Superintendent of Education, for the purpose of tuition reimbursement, that
the special education program of that district is unable to meet the needs of a child because of his or her disability.

Any educational or related services provided, pursuant to this Section in a non-public school or special education facility or a special education facility owned and operated by a county government unit shall be at no cost to the parent or guardian of the child. However, current law and practices relative to contributions by parents or guardians for costs other than educational or related services are not affected by this amendatory Act of 1978.

Reimbursement for children attending public school residential facilities shall be made in accordance with the provisions of this Section.

Notwithstanding any other provision of law, any school district receiving a payment under this Section or under Section 14-7.02b, 14-13.01, or 29-5 of this Code may classify all or a portion of the funds that it receives in a particular fiscal year or from general State aid pursuant to Section 18-8.05 of this Code as funds received in connection with any funding program for which it is entitled to receive funds from the State in that fiscal year (including, without limitation, any funding program referenced in this Section), regardless of the source or timing of the receipt. The district may not classify more funds as funds received in connection with the funding program than the district is entitled to receive in that fiscal year for that program. Any classification by a district must be made by a resolution of its board of education. The resolution must identify the amount of any payments or general State aid to be classified under this paragraph and must specify the funding program to which the funds are to be treated as received in connection therewith. This resolution is controlling as to the classification of funds referenced therein. A certified copy of the resolution must be sent to the State Superintendent of Education. The resolution shall still take effect even though a copy of the resolution has not been sent to the State Superintendent of Education in a timely manner. No classification under this paragraph by a district shall affect the total amount or timing of money the district is entitled to receive under this Code. No classification under this paragraph by a district shall in any way relieve the district from or affect any requirements that otherwise would apply with respect to that funding program, including any accounting of funds by source, reporting expenditures by original source and purpose, reporting requirements, or requirements of providing services.

(C) "Conviction" means a judgment of conviction or sentence entered upon a plea of guilty or upon a verdict or finding of guilty of an offense, rendered by a legally constituted jury or by a court of competent jurisdiction authorized to try the case without a jury. An order of supervision successfully completed by the petitioner is not a conviction.
