(a) \textit{Any} Every physician licensed to practice medicine in all its branches or health care provider who sees or treats children and pregnant persons shall screen children 6 months through 6 years of age or younger shall test those children for lead poisoning when those children who are determined to reside in an area defined as high risk by the Department. Children residing in areas defined as low risk by the Department shall be evaluated assessed for risk by the \textit{Childhood Lead Risk Questionnaire}, a risk assessment procedure developed by the Department and tested if indicated. Children shall be evaluated screened; in accordance with rules adopted by the Department guidelines and criteria set forth by the American Academy of Pediatrics, at the priority intervals and using the methods specified in the guidelines.

(b) Each licensed, registered, or approved health care facility serving children from 6 months through 6 years of age or younger, including but not limited to, health departments, hospitals, clinics, and health maintenance organizations approved, registered, or licensed by the Department, shall take the appropriate steps to ensure that children 6 years of age or younger be evaluated for risk or tested for the patients receive lead poisoning or both screening, where medically indicated or appropriate.

(c) Children 7 6 years and older and pregnant persons may also be tested screened by physicians or health care providers, in accordance with rules adopted by the Department guidelines and criteria set forth by the American Academy of Pediatrics, according to the priority intervals specified in the guidelines. Physicians and health care providers shall also evaluate screen children for lead poisoning in conjunction with the school health examination, as required under the School Code, when, in the medical judgement of the physician, advanced practice nurse who has a written collaborative agreement with a collaborating physician that authorizes the advance practice nurse to perform health examinations, or physician assistant who has been delegated to perform health examinations by the supervising physician, the child is potentially at high risk of lead poisoning.

(d) (Blank). Nothing in this Section shall be construed to require any child to undergo a lead blood level screening or test whose parent or guardian objects on the grounds that the screening or test conflicts with his or her religious beliefs.

Sec. 6.3. Information provided by the Department of Healthcare and Family Services.

(a) The Director of Healthcare and Family Services shall provide, upon request of the Director of Public Health, an electronic record of all children 6 less than 7 years of age or younger who receive Medicaid, Kidcare, or other health care benefits from the Department of Healthcare and Family Services. The records shall include a history of claims filed for each child and the health care provider who rendered the services. On at least an annual basis, the Director of Public Health shall match the records provided by the Department of Healthcare and Family Services with the records of children receiving lead tests, as reported to the Department under Section 7 of this Act.

(b) The Director of Healthcare and Family Services shall prepare a report documenting the frequency of lead testing and elevated blood and lead levels among children receiving benefits from the Department of Healthcare and Family Services. On at least an annual basis, the Director of Healthcare and Family Services shall prepare and deliver a report to each health care provider who has rendered services to children receiving benefits from the Department of Healthcare and Family Services. The report shall contain the aggregate number of children receiving benefits from the Department of Healthcare and Family Services to whom the provider has provided services, the number and percentage of children tested for lead poisoning, and the number and percentage of children having an elevated blood lead level. The Department of Public Health may exclude health care providers who provide specialized or emergency medical care and who are unlikely to be the primary medical care provider for a child. Upon the request of a provider, the Department of Public Health may generate a list of individual patients treated by that provider according to the claims records and the patients' lead test results.

Sec. 7. Reports of lead poisoning required; lead information to remain confidential; disclosure prohibited. Every physician who diagnoses, or a health care provider, nurse, hospital administrator, or public health officer who has verified information of the existence of a blood lead test result for any child or pregnant person shall report the result to the Department. Results person found or suspected to have a level of lead in the

Reports shall include report to the Department the name, address, laboratory results, date of birth, and any other information about the child or pregnant person deemed essential by the Department. Directors of clinical laboratories must report to the Department, within 48 hours of receipt of verification, positive results of all blood lead analyses above permissible limits set forth in rule performed in their facility. The information included in the clinical laboratories report shall include, but not be limited to, the child's name, address, date of birth, name of physician ordering analysis, and specimen type. All blood lead levels less than the permissible limits set forth in rule negative results must be reported to the Department in accordance with rules adopted by the Department. These rules shall not require reporting in less than 30 days after the end of the month in which the negative results are obtained. All information obtained by the Department from any source and all information, data, reports, e-mails, letters, and other documents generated by the Department or any of its delegate agencies concerning any person subject to this Act receiving a blood lead test reports shall be treated in the same manner as information subject to the provisions of Part 21 of Article VIII of the Code of Civil Procedure and shall not be disclosed. This prohibition on disclosure extends to all information and reports obtained or created by the Department or any of its delegate agencies concerning any regulated facility that has been identified as a potential lead hazard or a source of lead poisoning. This prohibition on disclosure does not prevent the Department or its delegates from using any information it obtains civilly, criminally, or administratively to prosecute any person who violates this Act, nor does it prevent the Department or its delegates from disclosing any certificate of compliance, notice, or mitigation order issued pursuant to this Act. Any physician, nurse, hospital administrator, director of a clinical laboratory, public health officer, or allied health professional making a report in good faith shall be immune from any civil or criminal liability that otherwise might be incurred from the making of a report.

This statement shall be provided prior to admission and subsequently in conjunction with required physical examinations.

Nothing in this Section shall be construed to require any child to undergo a lead blood level screening or test whose parent or guardian objects on the grounds that the screening or test conflicts with his or her religious beliefs.

Child care facilities that participate in the Illinois Child Care Assistance Program (CCAP) shall annually send or deliver to the parents or guardians of children enrolled in the facility's care an informational pamphlet regarding awareness of lead paint poisoning. Pamphlets shall be produced and made available by the Department and shall be downloadable from the Department's Internet website. Sec. 8. Inspection of dwelling units buildings occupied or previously occupied by a person with an elevated blood lead level screening positive. A representative of the Department, or delegate agency, shall may, after notification that an occupant of a regulated facility the dwelling unit in question is found to have an elevated blood lead level as value of the value set forth in Section 7, upon presentation of the appropriate credentials to the owner, occupant, or his representative, inspect the affected dwelling units dwelling or dwelling units, at reasonable times, for the purposes of ascertaining that all surfaces accessible to children are intact and in good repair, and for purposes of ascertaining the existence of lead-bearing lead bearing substances. Such representative of the Department, or delegate agency, may remove samples or objects necessary for laboratory analysis, in the determination of the presence of lead-bearing substances in the regulated facilities designated dwelling or dwelling unit.

If a regulated facility building is occupied by a child of less than 3 years of age with an elevated blood lead level screening positive, the Department, in addition to all other requirements of this Section, must inspect the dwelling unit and common place area of the child with an elevated blood lead level screening positive.

Following the inspection, the Department or its delegate agency shall:

(1) Prepare an inspection report which shall:

(A) State the address of the dwelling unit.
(B) Describe the scope of the inspection, the inspection procedures used, and the method of ascertaining the existence of a lead-bearing lead bearing substance in the dwelling unit.

New matter indicated by italics - deletions by strikeout
(C) State whether any lead-bearing lead-bearing substances were found in the dwelling unit.

(D) Describe the nature, extent, and location of any lead-bearing lead-bearing substance that is found.

(E) State either that a lead hazard does exist or that a lead hazard does not exist. If a lead hazard does exist, the report shall describe the source, nature and location of the lead hazard. The existence of intact lead paint does not alone constitute a lead hazard for the purposes of this Section.

(F) Give the name of the person who conducted the inspection and the person to contact for further information regarding the inspection and the requirements of this Act.

(2) Mail or otherwise provide a copy of the inspection report to the property owner and to the occupants of the dwelling unit. If a lead-bearing lead-bearing substance is found, at the time of providing a copy of the inspection report, the Department or its delegate agency shall attach an informational brochure.

No person shall make inspections or risk assessments without first being licensed by the Department. The penalty for inspection or risk assessment without a license shall be a Class A misdemeanor and an administrative fine.

(b) The Department shall charge licensed lead inspectors and lead risk assessors reasonable license fees and the fees shall be placed in the Lead Poisoning Screening, Prevention, and Abatement Fund and used to fund the Department's licensing of lead inspectors and lead risk assessors and any other activities prescribed by this Act. Sec. 8.3. Stop work orders. Whenever the Department or its delegate
agency finds that a situation exists that requires immediate action to protect
the public health, it may, without notice or hearing, issue an order requiring
that such action be taken as it may deem necessary to protect the public
health, including, but not limited to, the issuance of a stop work order,
ordering the immediate suspension of any improper activities that may
disturb a lead-bearing surface, and requiring that any person found to be
improperly conducting such activities immediately cease work.
Notwithstanding any other provision in this Act, such order shall be effective
immediately. The Attorney General, State's Attorney, or Sheriff of the county
in which the property is located has authority to enforce the order after
receiving notice thereof. Any person subject to such an order is entitled, upon
written request to the Department, to a hearing to determine the continued
validity of the order.

Sec. 9. Procedures upon determination of lead hazard.

(1) If the inspection report identifies a lead hazard, the Department or
delegate agency shall serve a mitigation notice on the property owner that the
owner is required to mitigate the lead hazard, and shall indicate the time
period specified in this Section in which the owner must complete the
mitigation. The notice shall include information describing mitigation
activities which meet the requirements of this Act.

(2) If the inspection report identifies a lead hazard, the owner shall
mitigate the lead hazard in a manner prescribed by the Department and within
the time limit prescribed by this Section. The Department shall adopt rules
regarding acceptable methods of mitigating a lead hazard. If the source of the
lead hazard identified in the inspection report is lead paint or any other lead-
bearing leadeed surface coating, the lead hazard shall be deemed to have been mitigated if:

New matter indicated by italics - deletions by strikeout
(A) the surface identified as the source of the lead hazard is no longer in a condition that produces a hazardous level of lead leaved chips, flakes, dust or any other form of lead-bearing leaved substance, that can be ingested or inhaled by humans, or;

(B) if the surface identified as the source of the lead hazard is no longer accessible to children and could not reasonably be chewed on by children; or, the surface coating is either removed or covered, the surface is removed, or the access to the leaded surface by children is otherwise prevented as prescribed by the Department.

(C) the surface coating identified as the source of the lead hazard is either removed or covered, or child access to the lead-bearing surface is otherwise prevented as prescribed by the Department.

(3) Mitigation activities which involve the destruction or disturbance of any lead-bearing leaded surface shall be conducted by a licensed lead abatement contractor using licensed lead abatement supervisors or lead abatement workers. The Department may prescribe by rule mitigation activities that may be performed without a licensed lead abatement contractor, lead abatement supervisor, or lead abatement worker. The Department may, on a case by case basis, grant a waiver of the requirement to use licensed lead abatement contractors, lead abatement supervisors, and lead abatement workers, provided the waiver does not endanger the health or safety of humans.

(4) The Department shall establish procedures whereby an owner, after receiving a mitigation notice under this Section, may submit a mitigation plan to the Department or delegate agency for review and approval.

(5) When a mitigation notice is issued for a dwelling unit inspected as a result of an elevated blood lead level in a pregnant person woman or a child, or if the dwelling unit is occupied by a child under 6 years of age or younger or a pregnant person woman, the owner shall mitigate the hazard within 30 days of receiving the notice; when no such child or pregnant person occupies the dwelling unit otherwise, the owner shall complete the mitigation within 90 days.

(6) An owner may apply to the Department or its delegate agency for an extension of the deadline for mitigation. If the Department or its delegate agency determines that the owner is making substantial progress toward mitigation, or that the failure to meet the deadline is the result of a shortage of licensed lead abatement contractors, lead abatement supervisors, or lead abatement workers, the owner shall submit a mitigation plan to the Department.
abatement workers, or that the failure to meet the deadline is because the owner is awaiting the review and approval of a mitigation plan, the Department or delegate agency may grant an extension of the deadline.

(7) The Department or its delegate agency may, after the deadline set for completion of mitigation, conduct a follow-up inspection of any dwelling unit for which a mitigation notice was issued for the purpose of determining whether the mitigation actions required have been completed and whether the activities have sufficiently mitigated the lead hazard as provided under this Section. The Department or its delegate agency may conduct a follow-up inspection upon the request of an owner or resident. If, upon completing the follow-up inspection, the Department or its delegate agency finds that the lead hazard for which the mitigation notice was issued is not mitigated, the Department or its delegate agency shall serve the owner with notice of the deficiency and a mitigation order. The order shall indicate the specific actions the owner must take to comply with the mitigation requirements of this Act, which may include lead abatement if lead abatement is the sole means by which the lead hazard can be mitigated. The order shall also include the date by which the mitigation shall be completed. If, upon completing the follow-up inspection, the Department or delegate agency finds that the mitigation requirements of this Act have been satisfied, the Department or delegate agency shall provide the owner with a certificate of compliance stating that the required mitigation has been accomplished.

The posted notices, drafted by the Department and sent to the property owner with the notification of lead hazards, shall indicate the following:

(1) that a unit or units in the building have been found to have lead hazards;

(3) that the Department recommends that children 6 years of age or younger receive a blood lead testing screening;
(4) where to seek further information; and

Sec. 11.05. Advisory Council.

(a) The General Assembly finds the following:

(1) Lead-based paint poisoning is a potentially devastating but preventable disease and is the number one environmental threat to children's health in the United States.

(2) The number of lead-poisoned children in Illinois is among the highest in the nation, especially in older, affordable properties.

(3) Lead poisoning causes irreversible damage to the development of a child's nervous system. Even at low and moderate levels, lead poisoning causes learning disabilities, speech problems, shortened attention span, hyperactivity, and behavioral problems. Recent research links high levels of lead exposure to lower IQ scores and to juvenile delinquency.

(4) Older housing is the number one risk factor for childhood lead poisoning. Properties built before 1950 are statistically much more likely to contain lead-based paint hazards than buildings constructed more recently.

(5) Illinois ranks 10th out of the 50 states in the age of its housing stock. More than 50% of the housing units in Chicago and in

New matter indicated by italics - deletions by strikeout
Rock Island, Peoria, Macon, Madison, and Kankakee counties were built before 1960 and more than 43% of the housing units in St. Clair, Winnebago, Sangamon, Kane, and Cook counties were built before 1950.

(6) There are nearly 1.4 million households with lead-based paint hazards in Illinois.

(7) Most children are lead-poisoned in their own homes through exposure to lead dust from deteriorated lead-paint surfaces, like windows, and when lead paint deteriorates or is disturbed through home renovation and repainting.

(8) The control of lead hazards significantly reduces lead poisoning rates. Other communities, including New York City and Milwaukee, have successfully reduced lead poisoning rates by removing lead-based paint hazards on windows.

(9) Windows are considered a higher lead exposure risk more often than other components in a housing unit. Windows are a major contributor of lead dust in the home, due to both weathering conditions and friction effects on paint.

(10) There is an insufficient pool of licensed lead abatement workers and contractors to address the problem in some areas of the State.

(11) Training, insurance, and licensing costs for lead removal workers are prohibitively high.

(12) Through grants from the United States Department of Housing and Urban Development, some communities in Illinois have begun to reduce lead poisoning of children. While this is an ongoing effort, it addresses only a small number of the low-income children statewide in communities with high levels of lead paint in the housing stock.

(b) For purposes of this Section:
"Advisory Council" means the Lead-Safe Housing Advisory Council created under subsection (c).
"Lead-Safe Housing Maintenance Standards" or "Standards" means standards developed by the Advisory Council pursuant to this Section.
"Low-income" means a household at or below 80% of the median income level for a given county as determined annually by the United States Department of Housing and Urban Development.
"Primary prevention" means removing lead hazards before a child is poisoned rather than relying on identification of a lead poisoned child as the triggering event.

(c) The Lead-Safe Housing Advisory Council is created to advise the Department on lead poisoning prevention activities. The Advisory Council shall be chaired by the Director or his or her designee and the chair of the Illinois Lead Safe Housing Task Force and provided with administrative support by the Department. The Advisory Council shall be comprised of (i) the directors, or their designees, of the Illinois Housing Development Authority and the Environmental Protection Agency; and (ii) the directors, or their designees, of public health departments of counties identified by the Department that contain communities with a concentration of high-risk, lead-contaminated properties.

The Advisory Council shall also include the following members appointed by the Governor:

(1) One representative from the Illinois Association of Realtors.

(2) One representative from the insurance industry.

(3) Two pediatricians or other physicians with knowledge of lead-paint poisoning.

(4) Two representatives from the private-sector, lead abatement industry who are licensed in Illinois as a lead abatement contractor, lead abatement supervisor, lead abatement worker, lead inspector, or lead risk assessor.

(5) Two representatives from community based organizations in communities with a concentration of high risk lead contaminated properties. High-risk communities shall be identified based upon the prevalence of low-income families whose children are lead poisoned and the age of the housing stock.

(6) At least 3 lead-safe housing advocates, including (i) the parent of a lead-poisoned child, (ii) a representative from a child advocacy organization, and (iii) a representative from a tenant housing organization.

(7) One representative from the Illinois paint and coatings industry.

Within 9 months after its formation, the Advisory Council shall submit a written report to the Governor and the General Assembly on:

(1) developing a primary prevention program for addressing lead poisoning;

New matter indicated by italics - deletions by strikeout
(2) developing a sufficient pool of lead abatement workers and contractors;
(3) targeting blood lead testing for screening to children residing in high-risk buildings and neighborhoods;
(4) ensuring lead-safe work practices in all remodeling, rehabilitation, and weatherization work;
(5) funding mechanisms to assist residential property owners in costs of lead abatement and mitigation;
(6) providing insurance subsidies to licensed lead abatement contractors who target their work to high-risk communities; and
(7) developing any necessary legislation or rulemaking to improve the effectiveness of State and local programs in lead abatement and other prevention and control activities.

The Advisory Council shall develop handbooks and training for property owners and tenants explaining the Standards and State and federal requirements for lead-safe housing.

The Advisory Council shall meet at least quarterly. Its members shall receive no compensation for their services, but their reasonable travel expenses actually incurred shall be reimbursed by the Department.

Sec. 11.1. Licensing of lead abatement contractors, lead abatement supervisors, and lead abatement workers. Except as otherwise provided in this Act, performing lead abatement or mitigation without a license is a Class A misdemeanor and is also subject to civil and administrative penalties. The Department shall provide by rule for the licensing of lead abatement contractors, lead abatement supervisors, and lead abatement workers and shall establish rules standards and procedures for the licensure. The Department may collect a reasonable fee for the licenses. The fees shall be deposited into the Lead Poisoning Screening, Prevention, and Abatement Fund and used by the Department for the costs of licensing lead abatement contractors and workers and other activities prescribed by this Act.

The Department shall promote and encourage minorities and females and minority and female owned entities to apply for licensure under this Act as either licensed lead abatement workers or licensed lead abatement contractors.

The Department may adopt any rules necessary to ensure proper implementation and administration of this Act and of the federal Toxic Substances Control Act, 15 USC 2682 and 2684, and the rules adopted

No person may act as a lead abatement contractor unless the person is licensed as a lead abatement contractor by the Department in accordance with this Act and the rules adopted under it.

No person may act as a lead abatement supervisor unless the person is licensed as a lead abatement supervisor by the Department in accordance with this Act and the rules adopted under it.

No person may act as a lead abatement worker unless the person is licensed as a lead abatement worker by the Department in accordance with this Act and the rules adopted under it.

Except as otherwise provided by Department rule, on and after the effective date of this amendatory Act of the 98th General Assembly, any licensing requirement adopted pursuant to this Section that may be satisfied by an industrial hygienist licensed pursuant to the Industrial Hygienists Licensure Act repealed in this amendatory Act may be satisfied by a Certified Industrial Hygienist certified by the American Board of Industrial Hygiene.

Sec. 12.2. Violations and enforcement.

(a) The following provisions shall apply concerning criminal sanctions:

(1) Violation of any Section of this Act other than Section 6.01 or Section 7 shall be punishable as a Class A misdemeanor. A violation of Section 6.01 shall cause the Department to issue a written warning for a first offense and shall be a petty offense for a second or subsequent offense if the violation occurs at the same location within 12 months after the first offense.

(2) Any person who knowingly violates this Act or the rules adopted by the Department or who knowingly violates any determination or order of the Department under this Act shall be guilty of a Class 4 felony. A person who, after being convicted under this paragraph, knowingly violates this paragraph a second or subsequent time commits a Class 3 felony.

(3) Any person who knowingly makes a false statement, orally or in writing, to the Department related to or required by this Act, a rule adopted under this Act, any federal law or rule for which the
Department has responsibility, or any determination or order of the Department under this Act, or any permit, term, or condition thereof, commits a Class 4 felony, and each such statement or writing shall be considered a separate Class 4 felony. A person who, after being convicted under this paragraph, knowingly violates this paragraph a second or subsequent time commits a Class 3 felony.

(4) Any criminal action brought under this Section shall be brought by the State's Attorney of the county in which the violation occurred or by the Attorney General and shall be conducted in accordance with the applicable provisions of the Code of Criminal Procedure of 1963.

(5) For an offense described in this subsection (a), the period for commencing prosecution prescribed by the statute of limitations shall not begin to run until the offense is discovered by or reported to a State or local agency having the authority to investigate violations of this Act.

(6) In addition to any other penalty provided under this Act, the court in a criminal action brought under this subsection (a) may impose upon any person who violates this Act or the rules adopted under this Act or who does not comply with a notice of deficiency and a mitigation order issued under subsection (7) of Section 9 of this Act or who fails to comply with subsection (3) or subsection (5) of Section 9 of this Act a penalty not to exceed $5,000 for each violation. Each day a violation exists constitutes a separate violation. In assessing a criminal penalty under this Section, the court shall consider any civil fines the person has paid which were imposed pursuant to subsection (b) of this Section. Any penalties collected in a court proceeding shall be deposited into a delegated county lead poisoning screening, prevention, and abatement fund or, if no delegated county or lead poisoning screening, prevention, and abatement fund exists, into the Lead Poisoning Screening, Prevention, and Abatement Fund established under Section 7.2 of this Act.

(b) The Department is authorized to assess administrative civil fines against any licensee or any other person who violates this Act or the rules adopted under this Act. These fines may be assessed in addition to or in lieu of license suspensions or revocations and in addition to or in lieu of criminal sanctions. The amount of the administrative civil fine shall be determined by rules adopted by the Department. Each day a violation exists shall constitute a separate violation. The minimum civil fine shall be $50 per violation per
day and the maximum civil fine shall be $5,000 per violation per day. Any civil fines so collected shall be deposited into the Lead Poisoning Screening, Prevention, and Abatement Fund established under Section 7.2 of this Act.

(c) The Director, after notice and opportunity for hearing, may deny, suspend, or revoke a license of a licensee or fine a licensee or any other person who has violated this Act or the rules adopted under this Act. Notice shall be provided by certified mail, return receipt requested, or by personal service, fixing a date, not less than 15 days from the date of such mailing or service, at which time the person shall be given an opportunity to request a hearing. Failure to request a hearing within that time period constitutes a waiver of the right to a hearing. The hearing shall be conducted by the Director or by an individual designated in writing by the Director as a hearing officer to conduct the hearing. On the basis of any such hearing or upon default of the respondent, the Director shall make a determination specifying his or her findings and conclusions. A copy of the determination shall be sent by certified mail, return receipt requested, or served personally upon the respondent.

(d) The procedure governing hearings authorized by this Section shall be in accordance with rules adopted by the Department. A full and complete record shall be kept of all proceedings, including the notice of hearing, complaint, and all other documents in the nature of pleadings, written motions filed in the proceedings, and the report and orders of the Director and hearing officer. All testimony shall be reported, but need not be transcribed unless the decision is sought to be reviewed under the Administrative Review Law. A copy or copies of the transcript may be obtained by any interested party on payment of the cost of preparing the copy or copies. The Director or hearing officer shall, upon his or her own motion or on the written request of any party to the proceeding, issue subpoenas requiring the attendance and the giving of testimony by witnesses and subpoenas duces tecum requiring the production of books, papers, records, or memoranda. All subpoenas and subpoenas duces tecum issued under this Act may be served by any person of legal age. The fees of witnesses for attendance and travel shall be the same as the fees of witnesses before the courts of this State, such fees to be paid when the witness is excused from further attendance. When the witness is subpoenaed at the instance of the Director or hearing officer, the fees shall be paid in the same manner as other expenses of the Department, and when the witness is subpoenaed at the instance of any other party to any such proceeding the Department may require that the cost of service of the subpoena or subpoena duces tecum and

the fee of the witness be borne by the party at whose instance the witness is summoned. In such case, the Department in its discretion may require a deposit to cover the cost of such service and witness fees. A subpoena or subpoena duces tecum so issued pursuant to this subsection (d) shall be served in the same manner as a subpoena issued by a circuit court.

(e) Any circuit court of this State, upon the application of the Director or upon the application of any other party to the proceeding, may, in its discretion, compel the attendance of witnesses, the production of books, papers, records, or memoranda, and the giving of testimony before the Director or hearing officer conducting an investigation or holding a hearing authorized by this Act, by an attachment for contempt or otherwise, in the same manner as production of evidence may be compelled before the court.

(f) All final administrative decisions of the Department under this Act shall be subject to judicial review pursuant to the provisions of the Administrative Review Law and the rules adopted under it. "Administrative decision" has the meaning ascribed to it in Section 3-101 of the Code of Civil Procedure. The Department is not required to certify any record or file any answer or otherwise appear in any proceeding for judicial review unless the party filing the complaint deposits with the clerk of the court the sum of $2 per page representing the costs of the certification. Failure on the part of the plaintiff to make such deposit shall be grounds for dismissal of the action.

(g) The State's Attorney of the county in which the violation occurred or the Attorney General shall bring such actions in the name of the people of the State of Illinois and may, in addition to other remedies provided in this Act, bring action for an injunction to restrain such violation, impose civil penalties, and enjoin the operation of any such person or establishment.

In those cases where the State Board of Elections is the electoral board designated under Section 10-9, the chairman of the State Board of Elections shall, within 24 hours after the receipt of the certificate of nomination or nomination papers or petitions for a proposed amendment to Article IV of the Constitution or proposed statewide question of public policy, send a call by registered or certified mail to the objector who files the objector's petition, and either to the candidate whose certificate of nomination or nomination papers are objected to or to the principal proponent or attorney for proponents of the proposed Constitutional amendment or statewide question of public policy and shall state the day, hour and place at which the electoral board shall meet for the purpose, which place may be in the Capitol Building or in the principal or permanent branch office of the State Board. The day of the meeting shall not be less than 3 nor more than 5 days after the receipt of the certificate of nomination or nomination papers and the objector's petition by the chairman of the electoral board.

The electoral board shall have the power to administer oaths and to subpoena and examine witnesses and at the request of either party and only upon a vote by a majority of its members, may authorize the chairman to issue subpoenas requiring the attendance of witnesses and subpoenas duces tecum requiring the production of such books, papers, records and documents as may be evidence of any matter under inquiry before the electoral board, in the same manner as witnesses are subpoenaed in the Circuit Court.

Service of such subpoenas shall be made by any sheriff or other person in the same manner as in cases in such court and the fees of such sheriff shall be the same as is provided by law, and shall be paid by the objector or candidate who causes the issuance of the subpoena. In case any person so served shall knowingly neglect or refuse to obey any such subpoena, or to testify, the electoral board shall at once file a petition in the circuit court of the county in which such hearing is to be heard, or has been

attempted to be heard, setting forth the facts, of such knowing refusal or neglect, and accompanying the petition with a copy of the citation and the answer, if one has been filed, together with a copy of the subpoena and the return of service thereon, and shall apply for an order of court requiring such person to attend and testify, and forthwith produce books and papers, before the electoral board. Any circuit court of the state, excluding the judge who is sitting on the electoral board, upon such showing shall order such person to appear and testify, and to forthwith produce such books and papers, before the electoral board at a place to be fixed by the court. If such person shall knowingly fail or refuse to obey such order of the court without lawful excuse, the court shall punish him or her by fine and imprisonment, as the nature of the case may require and may be lawful in cases of contempt of court.

The electoral board on the first day of its meeting shall adopt rules of procedure for the introduction of evidence and the presentation of arguments and may, in its discretion, provide for the filing of briefs by the parties to the objection or by other interested persons.

In the event of a State Electoral Board hearing on objections to a petition for an amendment to Article IV of the Constitution pursuant to Section 3 of Article XIV of the Constitution, or to a petition for a question of public policy to be submitted to the voters of the entire State, the certificates of the county clerks and boards of election commissioners showing the results of the random sample of signatures on the petition shall be prima facie valid and accurate, and shall be presumed to establish the number of valid and invalid signatures on the petition sheets reviewed in the random sample, as prescribed in Section 28-11 and 28-12 of this Code. Either party, however, may introduce evidence at such hearing to dispute the findings as to particular signatures. In addition to the foregoing, in the absence of competent evidence presented at such hearing by a party substantially challenging the results of a random sample, or showing a different result obtained by an additional sample, this certificate of a county clerk or board of election commissioners shall be presumed to establish the ratio of valid to invalid signatures within the particular election jurisdiction.

The electoral board shall take up the question as to whether or not the certificate of nomination or nomination papers or petitions are in proper form, and whether or not they were filed within the time and under the conditions required by law, and whether or not they are the genuine certificate of nomination or nomination papers or petitions which they purport to be, and whether or not in the case of the certificate of nomination in question it

represents accurately the decision of the caucus or convention issuing it, and in general shall decide whether or not the certificate of nomination or nominating papers or petitions on file are valid or whether the objections thereto should be sustained and the decision of a majority of the electoral board shall be final subject to judicial review as provided in Section 10-10.1. The electoral board must state its findings in writing and must state in writing which objections, if any, it has sustained. A copy of the decision shall be served upon the parties to the proceedings in open proceedings before the electoral board. If a party does not appear for receipt of the decision, the decision shall be deemed to have been served on the absent party on the date when a copy of the decision is personally delivered or on the date when a copy of the decision is deposited in the United States mail, in a sealed envelope or package, with postage prepaid, addressed to each party affected by the decision or to such party's attorney of record, if any, at the address on record for such person in the files of the electoral board.

Upon the expiration of the period within which a proceeding for judicial review must be commenced under Section 10-10.1, the electoral board shall, unless a proceeding for judicial review has been commenced within such period, transmit, by registered or certified mail, a certified copy of its ruling, together with the original certificate of nomination or nomination papers or petitions and the original objector's petition, to the officer or board with whom the certificate of nomination or nomination papers or petitions, as objected to, were on file, and such officer or board shall abide by and comply with the ruling so made to all intents and purposes.

Sec. 18A-5. Provisional voting; general provisions.

(a) A person who claims to be a registered voter is entitled to cast a provisional ballot under the following circumstances:

(1) The person's name does not appear on the official list of eligible voters for the precinct in which the person seeks to vote. The official list is the centralized statewide voter registration list established and maintained in accordance with Section 1A-25;

(2) The person's voting status has been challenged by an election judge, a pollwatcher, or any legal voter and that challenge has been sustained by a majority of the election judges;

(3) A federal or State court order extends the time for closing the polls beyond the time period established by State law and the person votes during the extended time period;

(4) The voter registered to vote by mail and is required by law to present identification when voting either in person or by absentee ballot, but fails to do so;

(5) The voter's name appears on the list of voters who voted during the early voting period, but the voter claims not to have voted during the early voting period; or

(6) The voter received an absentee ballot but did not return the absentee ballot to the election authority; or

(7) The voter registered to vote during the grace period on the day before election day or on election day during the 2014 general election.

(b) The procedure for obtaining and casting a provisional ballot at the polling place shall be as follows:

(1) After first verifying through an examination of the precinct register that the person's address is within the precinct boundaries, an election judge at the polling place shall notify a person who is entitled to cast a provisional ballot pursuant to subsection (a) that he or she may cast a provisional ballot in that election. An election judge must accept any information provided by a person who casts a provisional ballot that the person believes supports his or her claim that he or she is a duly registered voter and qualified to vote in the election. However, if the person's residence address is outside the precinct boundaries, the election judge shall inform the person of that fact, give the person the appropriate telephone number of the election authority in order to locate the polling place assigned to serve that address, and instruct the person to go to the proper polling place to vote.

(2) The person shall execute a written form provided by the election judge that shall state or contain all of the following that is available:

(i) an affidavit stating the following:

State of Illinois, County of ...............
Township ............, Precinct ......., Ward ......., I, ................., do solemnly swear (or affirm) that: I am a citizen of the United States; I am 18 years of age or older; I have resided in this State and in this precinct for 30 days preceding this election; I have not voted in this election; I am a duly registered voter in every respect; and I am eligible to vote in this election. Signature ...... Printed Name of Voter .......
Printed Residence Address of Voter ...... City .......
State .... Zip Code ..... Telephone Number ...... Date of Birth ....... and Illinois Driver's License Number ......
or Last 4 digits of Social Security Number ...... or State Identification Card Number issued to you by the Illinois Secretary of State........

(ii) A box for the election judge to check one of the 6 reasons why the person was given a provisional ballot under subsection (a) of Section 18A-5.

New matter indicated by italics - deletions by strikeout
(iii) An area for the election judge to affix his or her signature and to set forth any facts that support or oppose the allegation that the person is not qualified to vote in the precinct in which the person is seeking to vote.

The written affidavit form described in this subsection (b)(2) must be printed on a multi-part form prescribed by the county clerk or board of election commissioners, as the case may be.

(3) After the person executes the portion of the written affidavit described in subsection (b)(2)(i) of this Section, the election judge shall complete the portion of the written affidavit described in subsection (b)(2)(iii) and (b)(2)(iv).

(4) The election judge shall give a copy of the completed written affidavit to the person. The election judge shall place the original written affidavit in a self-adhesive clear plastic packing list envelope that must be attached to a separate envelope marked as a "provisional ballot envelope". The election judge shall also place any information provided by the person who casts a provisional ballot in the clear plastic packing list envelope. Each county clerk or board of election commissioners, as the case may be, must design, obtain or procure self-adhesive clear plastic packing list envelopes and provisional ballot envelopes that are suitable for implementing this subsection (b)(4) of this Section.

(5) The election judge shall provide the person with a provisional ballot, written instructions for casting a provisional ballot, and the provisional ballot envelope with the clear plastic packing list envelope affixed to it, which contains the person's original written affidavit and, if any, information provided by the provisional voter to support his or her claim that he or she is a duly registered voter. An election judge must also give the person written information that states that any person who casts a provisional ballot shall be able to ascertain, pursuant to guidelines established by the State Board of Elections, whether the provisional vote was counted in the official canvass of votes for that election and, if the provisional vote was not counted, the reason that the vote was not counted.

(6) After the person has completed marking his or her provisional ballot, he or she shall place the marked ballot inside of the provisional ballot envelope, close and seal the envelope, and return the envelope to an election judge, who shall then deposit the sealed provisional ballot envelope into a securable container separately.

identified and utilized for containing sealed provisional ballot envelopes. Ballots that are provisional because they are cast after 7:00 p.m. by court order shall be kept separate from other provisional ballots. Upon the closing of the polls, the securable container shall be sealed with filament tape provided for that purpose, which shall be wrapped around the box lengthwise and crosswise, at least twice each way, and each of the election judges shall sign the seal.

(c) Instead of the affidavit form described in subsection (b), the county clerk or board of election commissioners, as the case may be, may design and use a multi-part affidavit form that is imprinted upon or attached to the provisional ballot envelope described in subsection (b). If a county clerk or board of election commissioners elects to design and use its own multi-part affidavit form, then the county clerk or board of election commissioners shall establish a mechanism for accepting any information the provisional voter has supplied to the election judge to support his or her claim that he or she is a duly registered voter. In all other respects, a county clerk or board of election commissioners shall establish procedures consistent with subsection (b).

(d) The county clerk or board of election commissioners, as the case may be, shall use the completed affidavit form described in subsection (b) to update the person's voter registration information in the State voter registration database and voter registration database of the county clerk or board of election commissioners, as the case may be. If a person is later determined not to be a registered voter based on Section 18A-15 of this Code, then the affidavit shall be processed by the county clerk or board of election commissioners, as the case may be, as a voter registration application.

Sec. 18A-15. Validating and counting provisional ballots.

(a) The county clerk or board of election commissioners shall complete the validation and counting of provisional ballots within 14 calendar days of the day of the election. The county clerk or board of election commissioners shall have 7 calendar days from the completion of the validation and counting of provisional ballots to conduct its final canvass. The State Board of Elections shall complete within 31 calendar days of the election or sooner if all the returns are received, its final canvass of the vote for all public offices.

New matter indicated by italics - deletions by strikeout
(b) If a county clerk or board of election commissioners determines that all of the following apply, then a provisional ballot is valid and shall be counted as a vote:

(1) the provisional voter cast the provisional ballot in the correct precinct based on the address provided by the provisional voter unless the provisional voter cast a ballot pursuant to paragraph (7) of subsection (a) of Section 18A-5, in which case the provisional ballot must have been cast in the correct election jurisdiction based on the address provided. The provisional voter's affidavit shall serve as a change of address request by that voter for registration purposes for the next ensuing election if it bears an address different from that in the records of the election authority. Votes for federal and statewide offices on a provisional ballot cast in the incorrect precinct that meet the other requirements of this subsection shall be valid and counted in accordance with rules adopted by the State Board of Elections. As used in this item, "federal office" is defined as provided in Section 20-1 and "statewide office" means the Governor, Attorney General, Secretary of State, Comptroller, and Treasurer. Votes for General Assembly, countywide, citywide, or township office on a provisional ballot cast in the incorrect precinct but in the correct legislative district, representative district, county, municipality, or township, as the case may be, shall be valid and counted in accordance with rules adopted by the State Board of Elections. As used in this item, "citywide office" means an office elected by the electors of an entire municipality. As used in this item, "township office" means an office elected by the electors of an entire township;

(2) the affidavit executed by the provisional voter pursuant to subsection (b)(2) of Section 18A-5 contains, at a minimum, the provisional voter's first and last name, house number and street name, and signature or mark;

(3) the provisional voter is a registered voter based on information available to the county clerk or board of election commissioners provided by or obtained from any of the following:

i. the provisional voter;

ii. an election judge;

iii. the statewide voter registration database maintained by the State Board of Elections;

iv. the records of the county clerk or board of election commissioners' database; or

New matter indicated by italics - deletions by strikeout
v. the records of the Secretary of State; and

(4) for a provisional ballot cast under item (6) of subsection 
(a) of Section 18A-5, the voter did not vote by absentee ballot in the 
election at which the provisional ballot was cast.

(c) With respect to subsection (b)(3) of this Section, the county clerk 
or board of election commissioners shall investigate and record whether or 
not the specified information is available from each of the 5 identified 
sources. If the information is available from one or more of the identified 
sources, then the county clerk or board of election commissioners shall seek 
to obtain the information from each of those sources until satisfied, with 
information from at least one of those sources, that the provisional voter is 
registered and entitled to vote. The county clerk or board of election 
commissioners shall use any information it obtains as the basis for 
determining the voter registration status of the provisional voter. If a conflict 
exists among the information available to the county clerk or board of 
election commissioners as to the registration status of the provisional voter, 
then the county clerk or board of election commissioners shall make a 
determination based on the totality of the circumstances. In a case where the 
above information equally supports or opposes the registration status of the 
voter, the county clerk or board of election commissioners shall decide in 
favor of the provisional voter as being duly registered to vote. If the statewide 
voter registration database maintained by the State Board of Elections 
indicates that the provisional voter is registered to vote, but the county clerk's 
or board of election commissioners' voter registration database indicates that 
the provisional voter is not registered to vote, then the information found in 
the statewide voter registration database shall control the matter and the 
provisional voter shall be deemed to be registered to vote. If the records of 
the county clerk or board of election commissioners indicates that the 
provisional voter is registered to vote, but the statewide voter registration 
database maintained by the State Board of Elections indicates that the 
provisional voter is not registered to vote, then the information found in the 
records of the county clerk or board of election commissioners shall control 
the matter and the provisional voter shall be deemed to be registered to vote. 
If the provisional voter's signature on his or her provisional ballot request 
varies from the signature on an otherwise valid registration application solely 
because of the substitution of initials for the first or middle name, the election 
authority may not reject the provisional ballot.

(d) In validating the registration status of a person casting a 
provisional ballot, the county clerk or board of election commissioners shall 

New matter indicated by italics - deletions by strikeout
not require a provisional voter to complete any form other than the affidavit executed by the provisional voter under subsection (b)(2) of Section 18A-5. In addition, the county clerk or board of election commissioners shall not require all provisional voters or any particular class or group of provisional voters to appear personally before the county clerk or board of election commissioners or as a matter of policy require provisional voters to submit additional information to verify or otherwise support the information already submitted by the provisional voter. Within 2 calendar days after the election, the election authority shall transmit by electronic means pursuant to a process established by the State Board of Elections the name, street address, e-mail address, and precinct, ward, township, and district numbers, as the case may be, of each person casting a provisional ballot to the State Board of Elections, which shall maintain those names and that information in an electronic format on its website, arranged by county and accessible to State and local political committees. The provisional voter may, within 7 calendar days after the election, submit additional information to the county clerk or board of election commissioners. This information must be received by the county clerk or board of election commissioners within the 7-calendar-day period.

(e) If the county clerk or board of election commissioners determines that subsection (b)(1), (b)(2), or (b)(3) does not apply, then the provisional ballot is not valid and may not be counted. The provisional ballot envelope containing the ballot cast by the provisional voter may not be opened. The county clerk or board of election commissioners shall write on the provisional ballot envelope the following: "Provisional ballot determined invalid."

(f) If the county clerk or board of election commissioners determines that a provisional ballot is valid under this Section, then the provisional ballot envelope shall be opened. The outside of each provisional ballot envelope shall also be marked to identify the precinct and the date of the election.

(g) Provisional ballots determined to be valid shall be counted at the election authority's central ballot counting location and shall not be counted in precincts. The provisional ballots determined to be valid shall be added to the vote totals for the precincts from which they were cast in the order in which the ballots were opened. The validation and counting of provisional ballots shall be subject to the provisions of this Code that apply to pollwatchers. If the provisional ballots are a ballot of a punch card voting system, then the provisional ballot shall be counted in a manner consistent with Article 24A. If the provisional ballots are a ballot of optical scan or
other type of approved electronic voting system, then the provisional ballots shall be counted in a manner consistent with Article 24B.

(h) As soon as the ballots have been counted, the election judges or election officials shall, in the presence of the county clerk or board of election commissioners, place each of the following items in a separate envelope or bag: (1) all provisional ballots, voted or spoiled; (2) all provisional ballot envelopes of provisional ballots voted or spoiled; and (3) all executed affidavits of the provisional ballots voted or spoiled. All provisional ballot envelopes for provisional voters who have been determined not to be registered to vote shall remain sealed. The county clerk or board of election commissioners shall treat the provisional ballot envelope containing the written affidavit as a voter registration application for that person for the next election and process that application. The election judges or election officials shall then securely seal each envelope or bag, initial the envelope or bag, and plainly mark on the outside of the envelope or bag in ink the precinct in which the provisional ballots were cast. The election judges or election officials shall then place each sealed envelope or bag into a box, secure and seal it in the same manner as described in item (6) of subsection (b) of Section 18A-5. Each election judge or election official shall take and subscribe an oath before the county clerk or board of election commissioners that the election judge or election official securely kept the ballots and papers in the box, did not permit any person to open the box or otherwise touch or tamper with the ballots and papers in the box, and has no knowledge of any other person opening the box. For purposes of this Section, the term "election official" means the county clerk, a member of the board of election commissioners, as the case may be, and their respective employees.

Sec. 19A-10. Permanent polling places for early voting.

(a) An election authority may establish permanent polling places for early voting by personal appearance at locations throughout the election authority's jurisdiction, including but not limited to a municipal clerk's office, a township clerk's office, a road district clerk's office, or a county or local public agency office. Except as otherwise provided in subsection (b), any person entitled to vote early by personal appearance may do so at any polling place established for early voting.

(b) If it is impractical for the election authority to provide at each polling place for early voting a ballot in every form required in the election authority's jurisdiction, the election authority may:

(1) provide appropriate forms of ballots to the office of the municipal clerk in a municipality not having a board of election commissioners; the township clerk; or in counties not under township organization, the road district clerk; and

(2) limit voting at that polling place to registered voters in that municipality, ward or group of wards, township, or road district.

If the early voting polling place does not have the correct ballot form for a person seeking to vote early, the election judge or election official conducting early voting at that polling place shall inform the person of that fact, give the person the appropriate telephone number of the election authority in order to locate an early voting polling place with the correct ballot form for use in that person's assigned precinct, and instruct the person to go to the proper early voting polling place to vote early.

(c) During each general primary and general election, each election authority in a county with a population over 250,000 shall establish at least one permanent polling place for early voting by personal appearance at a location within each of the 3 largest municipalities within its jurisdiction. If any of the 3 largest municipalities is over 80,000, the election authority shall establish at least 2 permanent polling places within the municipality. All population figures shall be determined by the federal census.

(d) During each general primary and general election, each board of election commissioners established under Article 6 of this Code in any city, village, or incorporated town with a population over 100,000 shall establish at least 2 permanent polling places for early voting by personal appearance. All population figures shall be determined by the federal census.

For the 2014 general election, a permanent polling place for early voting must remain open during the hours of 8:30 a.m. to 4:30 p.m. or 9:00 a.m. to 5:00 p.m. on weekdays, except that beginning 8 days before election day, a permanent polling place for early voting must remain open during the hours of 8:30 a.m. to 7:00 p.m., or 9:00 a.m. to 7:00 p.m. For the 2014 general election, a permanent polling place for early voting shall remain open during the hours of 9:00 a.m. to 12:00 p.m. on Saturdays and 10:00 a.m. to 4:00 p.m. on Sundays; except that, in addition to the hours required by this subsection (b), a permanent early voting place designated by an election authority under subsection (c) of Section 19A-10 must remain open for a total of at least 14 hours on the final weekend during the early voting period.
(c) Notwithstanding subsections (a) and (b), an election authority may close an early voting polling place if the building in which the polling place is located has been closed by the State or unit of local government in response to a severe weather emergency. In the event of a closure, the...
election authority shall conduct early voting on the 2nd day before election day from 8:30 a.m. to 4:30 p.m. or 9:00 a.m. to 5:00 p.m. The election authority shall notify the State Board of Elections of any closure and shall make reasonable efforts to provide notice to the public of the extended early voting period.

(b-5) A person requesting an early voting ballot to whom an absentee ballot was issued may vote early if the person submits that absentee ballot to the judges of election or official conducting early voting for cancellation. If the voter is unable to submit the absentee ballot, it shall be sufficient for the voter to submit to the judges or official (i) a portion of the absentee ballot if the absentee ballot was torn or mutilated or (ii) an affidavit executed before the judges or official specifying that (A) the voter never received an absentee ballot or (B) the voter completed and returned an absentee ballot and was informed that the election authority did not receive that absentee ballot.

(b-15) Immediately after voting an early ballot, the voter shall be instructed whether the voting equipment accepted or rejected the ballot or identified that ballot as under-voted for a statewide constitutional office. A voter whose early voting ballot is not accepted by the voting equipment may, upon surrendering the ballot, request and vote another early voting ballot. The voter's surrendered ballot shall be initialed by the election judge or official conducting the early voting and handled as provided in the appropriate Article governing the voting equipment used.

Section 130. The Illinois Pesticide Act is amended by changing Sections 19.3 and 22.2 as follows:

(415 ILCS 60/19.3)
Sec. 19.3. Agrichemical Facility Response Action Program.

New matter indicated by italics - deletions by strikeout
(a) It is the policy of the State of Illinois that an Agrichemical Facility Response Action Program be implemented to reduce potential agrichemical pollution and minimize environmental degradation risk potential at these sites. In this Section, "agrichemical facility" means a site where agrichemicals are stored or handled, or both, in preparation for end use. "Agrichemical facility" does not include basic manufacturing or central distribution sites utilized only for wholesale purposes. As used in this Section, "agrichemical" means pesticides or commercial fertilizers at an agrichemical facility.

The program shall provide guidance for assessing the threat of soil agrichemical contaminants to groundwater and recommending which sites need to establish a voluntary corrective action program.

The program shall establish appropriate site-specific soil cleanup objectives, which shall be based on the potential for the agrichemical contaminants to move from the soil to groundwater and the potential of the specific soil agrichemical contaminants to cause an exceedence of a Class I or Class III groundwater quality standard or a health advisory level. The Department shall use the information found and procedures developed in the Agrichemical Facility Site Contamination Study or other appropriate physical evidence to establish the soil agrichemical contaminant levels of concern to groundwater in the various hydrological settings to establish site-specific cleanup objectives.

No remediation of a site may be recommended unless (i) the agrichemical contamination level in the soil exceeds the site-specific cleanup objectives or (ii) the agrichemical contaminant level in the soil exceeds levels where physical evidence and risk evaluation indicates probability of the site causing an exceedence of a groundwater quality standard.

When a remediation plan must be carried out over a number of years due to limited financial resources of the owner or operator of the agrichemical facility, those soil agrichemical contaminated areas that have the greatest potential to adversely impact vulnerable Class I groundwater aquifers and adjacent potable water wells shall receive the highest priority rating and be remediated first.

(b) (Blank). The Agrichemical Facility Response Action Program Board ("the Board") is created. The Board members shall consist of the following:

(1) The Director or the Director's designee.
(2) One member who represents pesticide manufacturers.
(3) Two members who represent retail agrichemical dealers.
(4) One member who represents agrichemical distributors.

New matter indicated by italics - deletions by strikeout
(5) One member who represents active farmers.
(6) One member at large.

The public members of the Board shall be appointed by the Governor for terms of 2 years. Those persons on the Board who represent pesticide manufacturers, agrichemical dealers, agrichemical distributors, and farmers shall be selected from recommendations made by the associations whose membership reflects those specific areas of interest. The members of the Board shall be appointed within 90 days after the effective date of this amendatory Act of 1995. Vacancies on the Board shall be filled within 30 days. The Board may fill any membership position vacant for a period exceeding 30 days.

The members of the Board shall be paid no compensation, but shall be reimbursed for their expenses incurred in performing their duties. If a civil proceeding is commenced against a Board member arising out of an act or omission occurring within the scope of the Board member’s performance of his or her duties under this Section, the State, as provided by rule, shall indemnify the Board member for any damages awarded and court costs and attorney’s fees assessed as part of a final and unreversed judgement, or shall pay the judgment, unless the court or jury finds that the conduct or inaction that gave rise to the claim or cause of action was intentional, willful or wanton misconduct and was not intended to serve or benefit interests of the State.

The chairperson of the Board shall be selected by the Board from among the public members.

(c) (Blank). The Board has the authority to do the following:

(1) Cooperate with the Department and review and approve an agrichemical facility remediation program as outlined in the handbook or manual as set forth in subdivision (d)(8) of this Section.

(2) Review and give final approval to each agrichemical facility corrective action plan.

(3) Approve any changes to an agrichemical facility’s corrective action plan that may be necessary.

(4) Upon completion of the corrective action plan, recommend to the Department that the site-specific cleanup objectives have been met and that a notice of closure be issued by the Department stating that no further remedial action is required to remedy the past agrichemical contamination.

(5) When a soil agrichemical contaminant assessment confirms that remedial action is not required in accordance with the Agrichemical Facility Response Action Program, recommend that a
notice of closure be issued by the Department stating that no further remedial action is required to remedy the past agrichemical contamination.

(6) Periodically review the Department's administration of the Agrichemical Incident Response Trust Fund and actions taken with respect to the Fund. The Board shall also provide advice to the Interagency Committee on Pesticides regarding the proper handling of agrichemical incidents at agrichemical facilities in Illinois.

(d) The Director has the authority to do the following:

(1) When requested by the owner or operator of an agrichemical facility, may investigate the agrichemical facility site contamination.

(2) After completion of the investigation under item subdivision (d)(1) of this subsection Section, recommend to the owner or operator of an agrichemical facility that a voluntary assessment be made of the soil agrichemical contaminant when there is evidence that the evaluation of risk indicates that groundwater could be adversely impacted.

(3) Review and make recommendations on any corrective action plan submitted by the owner or operator of an agrichemical facility to the Board for final approval.

(4) On approval by the Director Board, issue an order to the owner or operator of an agrichemical facility that has filed a voluntary corrective action plan that the owner or operator may proceed with that plan.

(5) Provide remedial project oversight and monitor remedial work progress, and report to the Board on the status of remediation projects.

(6) Provide staff to support program the activities of the Board.

(7) (Blank). Take appropriate action on the Board's recommendations regarding policy needed to carry out the Board's responsibilities under this Section.

(8) Incorporate in cooperation with the Board, incorporate the following into a handbook or manual: the procedures for site assessment; pesticide constituents of concern and associated parameters; guidance on remediation techniques, land application, and corrective action plans; and other information or instructions that the Department may find necessary.

New matter indicated by italics - deletions by strikeout
(9) Coordinate preventive response actions at agrichemical facilities pursuant to the Groundwater Quality Standards adopted pursuant to Section 8 of the Illinois Groundwater Protection Act to mitigate resource groundwater impairment.

Upon completion of the corrective action plan and upon recommendation of the Board, the Department shall issue a notice of closure stating that site-specific cleanup objectives have been met and no further remedial action is required to remedy the past agrichemical contamination.

When a soil agrichemical contaminant assessment confirms that remedial action is not required in accordance with the Agrichemical Facility Response Action Program and upon the recommendation of the Board, a notice of closure shall be issued by the Department stating that no further remedial action is required to remedy the past agrichemical contamination.

(e) Upon receipt of notification of an agrichemical contaminant in groundwater pursuant to the Groundwater Quality Standards, the Department shall evaluate the severity of the agrichemical contamination and shall submit to the Environmental Protection Agency an informational notice characterizing it as follows:

(1) An agrichemical contaminant in Class I or Class III groundwater has exceeded the levels of a standard adopted pursuant to the Illinois Groundwater Protection Act or a health advisory established by the Illinois Environmental Protection Agency or the United States Environmental Protection Agency; or

(2) An agrichemical has been detected at a level that requires preventive notification pursuant to a standard adopted pursuant to the Illinois Groundwater Protection Act.

(f) When agrichemical contamination is characterized as in subsection subdivision (e)(1) of this Section, a facility may elect to participate in the Agrichemical Facility Response Action Program. In these instances, the scope of the corrective action plans developed, approved, and completed under this program shall be limited to the soil agrichemical contamination present at the site unless implementation of the plan is coordinated with the Illinois Environmental Protection Agency as follows:

(1) Upon receipt of notice of intent to include groundwater in an action by a facility, the Department shall also notify the Illinois Environmental Protection Agency.

(2) Upon receipt of the corrective action plan, the Department shall coordinate a joint review of the plan with the Illinois Environmental Protection Agency.

New matter indicated by italics - deletions by strikeout
(3) The Illinois Environmental Protection Agency may provide a written endorsement of the corrective action plan.

(4) The Illinois Environmental Protection Agency may approve a groundwater management zone for a period of 5 years after the implementation of the corrective action plan to allow for groundwater impairment mitigation results.

(5) (Blank).

The Department, in cooperation with the Illinois Environmental Protection Agency, shall recommend a proposed corrective action plan to the Board for final approval to proceed with remediation. The recommendation shall be based on the joint review conducted under subdivision (f)(2) of this Section and the status of any endorsement issued under subdivision (f)(3) of this Section.

(6) The Department, in cooperation with the Illinois Environmental Protection Agency, shall provide remedial project oversight, monitor remedial work progress, and report to the Board on the status of the remediation project.

(7) The Department shall, upon completion of the corrective action plan and recommendation of the Board, issue a notice of closure stating that no further remedial action is required to remedy the past agrichemical contamination.

(g) When an owner or operator of an agrichemical facility initiates a soil contamination assessment on the owner's or operator's own volition and independent of any requirement under this Section 19.3, information contained in that assessment may be held as confidential information by the owner or operator of the facility.

(h) Except as otherwise provided by Department rule, on and after the effective date of this amendatory Act of the 98th General Assembly, any Agrichemical Facility Response Action Program requirement that may be satisfied by an industrial hygienist licensed pursuant to the Industrial Hygienists Licensure Act repealed in this amendatory Act may be satisfied by a Certified Industrial Hygienist certified by the American Board of Industrial Hygiene.

AN ACT concerning government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois African-American Family Commission Act is amended by changing Sections 5, 15, 20, and 25 as follows:

(20 ILCS 3903/5)
Sec. 5. Legislative findings. It is the policy of this State to promote family preservation and to preserve and strengthen families.

(a) Over 12 million people live in Illinois. African-Americans represent 15% of the population and 26% of the residents living in Cook County. Despite some progress over the last few decades, African-Americans in Illinois continue to lag behind other racial groups relative to indicators of well-being in education, employment, income, and health. According to the 2000 U.S. Census, just 26% of the African-American population over 25 years of age in Illinois completed their high school education; 6% held an associate's degree; less than 10% (9%) held a bachelor's degree; less than 5% (3%) held a master's degree; and less than one percent held either a professional (.8%) or doctoral (.4%) degree.

These levels of education attainment reflect more fundamental problems with retaining African-Americans in school. The Illinois State Board of Education reported that for the 2001-2002 school year, 36,373, or 6%, of students enrolled in public high schools dropped out. Thirty-nine percent of these students were African-Americans; 38% were White; 21% were Hispanic; and 2% were classified as Other.

Although African-Americans make up 18% of the high school population, they are disproportionately represented in the number of students who are suspended and expelled. In the 2001-2002 school year, 29,068 students were suspended from school. Forty-seven percent were White, 37% were African-American, 14% were Hispanic, and 1% were classified as Other. In regards to expulsions Statewide, the total number of high school students expelled was 1,651. Forty-three percent were African-American, 41% were White, 14% were Hispanic, and 2% were classified as Other. Within Chicago public schools, 448 students were expelled. Seventy-seven of these students were African-American; 27% were White; 14% were Hispanic; and 4% were classified as Other. The fact that African-Americans
are more likely to be suspended or expelled from school also contributes to the high dropout rate among African-American high school students.

In addition to educational challenges, African-Americans face challenges in the areas of employment and income. In the year 2000, the unemployment rate for African-Americans age 16 years or older was 15% compared to only 6% for the total Illinois population. Moreover, the median household income of African-Americans in Illinois was $31,699 compared to $46,590 for the total Illinois population, and the percentage of African-American families below the poverty level in Illinois was 26% percent in 1999 compared to 10.7% for the total Illinois population in that same year.

Indicators of child welfare and criminal justice reveal still more challenges that African-American families face in Illinois. In 2000, African-American children represented 18% of children 18 years of age and under, but comprised 73% of children in substitute care. African-Americans are also overrepresented in the criminal justice population. Of the total Illinois adult inmate population in the year 2000, 65% were African-American. During this same time period, African-American youth represented 58% of the juvenile inmate population in Illinois.

While the leading causes of death among African-Americans are the same as those for the general population in Illinois, African-Americans have a higher rate of death per 100,000 residents. The rate of overall deaths per 100,000 residents among African-Americans in the year 2000 was 1,181; 847 for Whites; and 411 for those classified as Other. The rate of cancer-related deaths per 100,000 residents by racial or ethnic groups in 2000 was: 278 African-Americans; 206 Whites; and 110 of those classified as Other. The rate of diabetes-related deaths per 100,000 residents among African-Americans in 2000 was 41 compared to 23 for Whites and 13 for those classified as Other. The rate of deaths per 100,000 residents by heart disease among African-Americans in 2000 was 352 compared to 257 for Whites and 120 for those classified as Other. The rate of deaths per 100,000 residents by stroke among African-Americans in 2000 was 75; 60 for Whites; and 35 for those classified as Other.

African-Americans had higher rates of smoking and obesity than other racial groups in Illinois in 2001. African-Americans accounted for more of the new adult/adolescent AIDS cases, cumulative adult/adolescent AIDS cases, and number of people living with AIDS than other racial groups in Illinois in the year 2002. Still, 23% of uninsured persons in Illinois are African-American.
(b) The Illinois African-American Family Commission continues to be an essential key to promoting the preservation and strengthening of families. As of the effective date of this amendatory Act of the 98th General Assembly, just under 13 million people live in Illinois. African-Americans represent 15% of the population and 25% of the residents living in Cook County. Despite some progress over the last few decades, African-Americans in Illinois continue to lag behind other racial groups relative to indicators of well-being in education, employment, income, and health. According to the 2010 federal decennial census: just 28% of the African-American population over 25 years of age in Illinois completed their high school education; 36% had some college or an associate's degree; less than 12% held a bachelor's degree; less than 8% held either a graduate or professional degree.

These levels of education attainment reflect more fundamental problems with retaining African-Americans in school. The State Board of Education reported that for the 2010-2011 school year, 18,210, or 2.77%, of students enrolled in public high schools dropped out. 39.3% of these students were African-Americans; 32.6% were White; 24.2% were Hispanic; and 2% were classified as Other.

Although African-Americans make up 20% of the high school population, they are disproportionately represented in the number of students who are suspended and expelled. In the 2011-2012 school year, 29,928 students were suspended from school. 36% were White, 34% were African-American, 26% were Hispanic, and 4% were classified as Other. With regard to expulsions statewide, the total number of high school students expelled was 982. 37% were African-American, 41% were White, 21% were Hispanic, and 2% were classified as Other. Within Chicago public schools, 294 students were expelled. 80% of these students were African-American; none were White; 17% were Hispanic; and 3% were classified as Other. The fact that African-Americans are more likely to be suspended or expelled from school also contributes to the high dropout rate among African-American high school students.

In addition to educational challenges, African-Americans face challenges in the areas of employment and income. In the year 2010, the unemployment rate for African-Americans age 16 years or older was 16% compared to only 9% for the total Illinois population. Moreover, the median household income of African-Americans in Illinois was $34,874 compared to $60,433 for the total Illinois population, and the percentage of African-American families below the poverty level in Illinois was 32% percent in 2012 compared to 15% for the total Illinois population in that same year.

New matter indicated by italics - deletions by strikeout
Indicators of child welfare and criminal justice reveal still more challenges that African-American families face in Illinois. In 2010, African-American children represented 14% of children 18 years of age and under, but comprised 56% of children in substitute care. African-Americans are also overrepresented in the criminal justice population. Of the total Illinois adult inmate population in the year 2012, 57% were African-American. During this same time period, African-American youth represented 66% of the juvenile inmate population in Illinois.

While the leading causes of death among African-Americans are the same as those for the general population in Illinois, African-Americans have a higher rate of death per 100,000 residents. The rate of overall deaths per 100,000 residents among African-Americans in the year 2010 was 898; 741 for Whites; and 458 for those classified as Other. The rate of cancer-related deaths per 100,000 residents by racial or ethnic groups in 2010 was 216 for African-Americans; 179 for Whites; and 124 for those classified as Other. The rate of diabetes-related deaths per 100,000 residents among African-Americans in 2010 was 114 compared to 66 for Whites and 75 for those classified as Other. The rate of deaths per 100,000 residents by heart disease among African-Americans in 2010 was 232 compared to 179 for Whites and 121 for those classified as Other. The rate of deaths per 100,000 residents by stroke among African-Americans in 2010 was 108; 73 for Whites; and 56 for those classified as Other.

African-Americans had higher rates of smoking and obesity than other racial groups in Illinois in 2013. African-Americans accounted for more of the new adult/adolescent AIDS cases, cumulative adult/adolescent AIDS cases, and number of people living with AIDS than other racial groups in Illinois in the year 2013. Still, 24% of uninsured persons in Illinois are African-American.

(c) These huge disparities in education, employment, income, child welfare, criminal justice, and health demonstrate the tremendous challenges facing the African-American family in Illinois. These challenges are severe. There is a need for government, child and family advocates, and other key stakeholders to create and implement public policies to address the health and social crises facing African-American families. The development of given solutions clearly transcends any one State agency and requires a coordinated effort. The Illinois African-American Family Commission shall assist State agencies with this task.

The African-American Family Commission was created in October 1994 by Executive Order to assist the Illinois Department of Children and
Family Services in developing and implementing programs and public policies that affect the State's child welfare system. The Commission has a proven track record of bringing State agencies, community providers, and consumers together to address child welfare issues. The ability of the Commission to address the above-mentioned health issues, community factors, and the personal well-being of African-American families and children has been limited due to the Executive Order's focus on child welfare. It is apparent that broader issues of health, mental health, criminal justice, education, and economic development also directly affect the health and well-being of African-American families and children. Accordingly, the role of the Illinois African-American Family Commission is hereby expanded to encompass working relationships with every department, agency, and commission within State government if any of its activities impact African-American children and families. The focus of the Commission is hereby restructured and shall exist by legislative mandate to engage State agencies in its efforts to preserve and strengthen African-American families.

Sec. 7. Exemptions.
(1) When a request is made to inspect or copy a public record that contains information that is exempt from disclosure under this Section, but also contains information that is not exempt from disclosure, the public body may elect to redact the information that is exempt. The public body shall make the remaining information available for inspection and copying. Subject to this requirement, the following shall be exempt from inspection and copying:

(a) Information specifically prohibited from disclosure by federal or State law or rules and regulations implementing federal or State law.

New matter indicated by italics - deletions by strikeout
(b) Private information, unless disclosure is required by another provision of this Act, a State or federal law or a court order.

(b-5) Files, documents, and other data or databases maintained by one or more law enforcement agencies and specifically designed to provide information to one or more law enforcement agencies regarding the physical or mental status of one or more individual subjects.

(c) Personal information contained within public records, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy, unless the disclosure is consented to in writing by the individual subjects of the information. "Unwarranted invasion of personal privacy" means the disclosure of information that is highly personal or objectionable to a reasonable person and in which the subject's right to privacy outweighs any legitimate public interest in obtaining the information. The disclosure of information that bears on the public duties of public employees and officials shall not be considered an invasion of personal privacy.

(d) Records in the possession of any public body created in the course of administrative enforcement proceedings, and any law enforcement or correctional agency for law enforcement purposes, but only to the extent that disclosure would:

(i) interfere with pending or actually and reasonably contemplated law enforcement proceedings conducted by any law enforcement or correctional agency that is the recipient of the request;

(ii) interfere with active administrative enforcement proceedings conducted by the public body that is the recipient of the request;

(iii) create a substantial likelihood that a person will be deprived of a fair trial or an impartial hearing;

(iv) unavoidably disclose the identity of a confidential source, confidential information furnished only by the confidential source, or persons who file complaints with or provide information to administrative, investigative, law enforcement, or penal agencies; except that the identities of witnesses to traffic accidents, traffic accident reports, and rescue reports shall be provided by agencies of local government, except when disclosure would interfere with an
active criminal investigation conducted by the agency that is the recipient of the request;

(v) disclose unique or specialized investigative techniques other than those generally used and known or disclose internal documents of correctional agencies related to detection, observation or investigation of incidents of crime or misconduct, and disclosure would result in demonstrable harm to the agency or public body that is the recipient of the request;

(vi) endanger the life or physical safety of law enforcement personnel or any other person; or

(vii) obstruct an ongoing criminal investigation by the agency that is the recipient of the request.

(d-5) A law enforcement record created for law enforcement purposes and contained in a shared electronic record management system if the law enforcement agency that is the recipient of the request did not create the record, did not participate in or have a role in any of the events which are the subject of the record, and only has access to the record through the shared electronic record management system.

The information included under this exemption includes all trade secrets and commercial or financial information obtained by a public body, including a public pension fund, from a private equity fund or a privately held company within the investment portfolio of a private equity fund as a result of either investing or evaluating a potential investment of public funds in a private equity fund. The exemption contained in this item does not apply to the identity of a privately held company within the investment portfolio of a private equity fund, unless the disclosure of the identity of a privately held company may cause competitive harm.

Nothing contained in this paragraph (g) shall be construed to prevent a person or business from consenting to disclosure.

(h) Proposals and bids for any contract, grant, or agreement, including information which if it were disclosed would frustrate procurement or give an advantage to any person proposing to enter into a contractor agreement with the body, until an award or final selection is made. (m) Communications between a public body and an attorney or auditor representing the public body that would not be subject to discovery in litigation, and materials prepared or compiled by or for a public body in anticipation of a criminal, civil or administrative proceeding upon the request of an attorney advising the public body, and materials prepared or compiled with respect to internal audits of public bodies.

(f) The form of the Birth Parent Preference Form shall be substantially as follows:

In recognition of the basic right of all persons to access their birth records, Illinois law now provides for the release of original birth certificates to adopted and surrendered persons 21 years of age or older upon request. While many birth parents are comfortable sharing their identities or initiating contact with their birth sons and daughters once they have reached adulthood, Illinois law also recognizes that there may be unique situations where a birth parent might have a compelling reason for not wishing to establish contact with a birth son or birth daughter or for not wishing to release identifying information that appears on the original birth certificate of a birth son or birth daughter who has reached adulthood. The Illinois Adoption Registry and Medical Information Exchange (IARMIE) has therefore established the attached form to allow birth parents to express their preferences regarding contact; and, if their birth child was born on or after January 1, 1946, to express their wishes regarding the sharing of identifying information listed on the original birth certificate with an adult adopted or surrendered person who has reached the age of 21 or his or her surviving relatives.

In selecting one of the 5 options below, birth parents should keep in mind that the decision to deny an adult adopted or surrendered person access to identifying information on his or her original birth record and/or information about genetically-transmitted diseases is an important decision that may impact the adopted or surrendered person's life in many ways. A request for anonymity on this form only pertains to information that is provided to an adult adopted or surrendered person or his or her surviving relatives through the Registry. This will not prevent the disclosure of identifying information that may be available to the adoptee through his or her adoptive parents and/or other means available to him or her. Birth parents who would prefer not to be contacted by their surrendered son or daughter are strongly urged to complete both the Non-Identifying Information Section included on the final page of the attached form and the Medical Questionnaire in order to provide their surrendered son or daughter with the background information he or she may need to better understand his or her origins. Birth parents whose birth son or birth daughter is under 21 years of age are strongly urged to complete the Non-Identifying Information Section included on the final page of the attached form and the Medical Questionnaire in order to provide their surrendered son or daughter with the background information he or she may need to better understand his or her origins. Birth parents whose birth son or birth daughter is under 21 years of age are strongly urged to complete the Non-Identifying Information Section included on the final page of the attached form and the Medical Questionnaire in order to provide their surrendered son or daughter with the background information he or she may need to better understand his or her origins.

(750 ILCS 50/18.3a) (from Ch. 40, par. 1522.3a)
Sec. 18.3a. Confidential intermediary.

(a) General purposes. Notwithstanding any other provision of this Act,
may petition the court in any county in the State of Illinois for appointment of a confidential intermediary as provided in this Section for the purpose of exchanging medical information with one or more mutually consenting biological relatives, obtaining identifying information about one or more mutually consenting biological relatives, or arranging contact with one or more mutually consenting biological relatives. The petitioner Additionally, in cases where an adopted or surrendered person is deceased, an adult child of the adopted or surrendered person or his or her adoptive parents or surviving spouse may file a petition under this Section and in cases where the birth parent is deceased, an adult birth sibling of the adopted or surrendered person or of the deceased birth parent may file a petition under this Section for the purpose of exchanging medical information with one or more mutually consenting biological relatives of the adopted or surrendered person, obtaining identifying information about one or more mutually consenting biological relatives of the adopted or surrendered person, or arranging contact with one or more mutually consenting biological relatives of the adopted or surrendered person. Beginning January 1, 2006, any adopted or surrendered person 21 years of age or over; any adoptive parent or legal guardian of an adopted or surrendered person under the age of 21; any birth parent, birth sibling, birth aunt, or birth uncle of an adopted or surrendered person over the age of 21; any surviving child, adoptive parent, or surviving spouse of a
deceased adopted or surrendered person who wishes to petition the court for the appointment of a confidential intermediary shall be required to accompany his or her petition with proof of registration with the Illinois Adoption Registry and Medical Information Exchange.

(b) Petition. Upon petition, by an adopted or surrendered person 21 years of age or over (an "adult adopted or surrendered person"), an adoptive parent or legal guardian of an adopted or surrendered person under the age of 21, or a birth parent of an adopted or surrendered person who is 21 years of age or over, the court shall appoint a confidential intermediary. Upon petition by an adult child, adoptive parent or surviving spouse of an adopted or surrendered person who is deceased, by an adult birth sibling of an adopted or surrendered person whose common birth parent is deceased and whose adopted or surrendered birth sibling is 21 years of age or over, or by an adult sibling of a birth parent who is deceased, and whose surrendered child is 21 years of age or over, the court may appoint a confidential intermediary if the court finds that the disclosure is of greater benefit than nondisclosure. The petition shall state which biological relative or relatives are being sought and shall indicate if the petitioner wants to do any one or more of the following as to the sought-after relative or relatives: exchange medical information with the biological relative or relatives, obtain identifying information from the biological relative or relatives, or to arrange contact with the biological relative.

(c) Order. The order appointing the confidential intermediary shall allow that intermediary to conduct a search for the sought-after relative by accessing those records described in subsection (g) of this Section.

(d) Fees and expenses. The court shall not condition the appointment of the confidential intermediary on the payment of the intermediary's fees and expenses in advance of the commencement of the work of the confidential intermediary. No fee shall be charged to any petitioner if the petitioner is an adult adopted or surrendered person and the sought-after relative is a birth parent who filed or who did not file a Denial with the Registry prior to January 1, 2011, or filed a Birth Parent Preference Form on which Option E was selected after January 1, 2011 and more than 5 years have transpired since the birth parent filed the Denial of Information Exchange or Birth Parent Preference Form on which Option E was selected.

(g) Confidential intermediary access to information access. Subject to the limitations of subsection (i) of this Section, the confidential intermediary shall have access to vital records or a comparable public entity that maintains vital records in another state in accordance with that state's laws; maintained by the Department of Public Health and its local designees for the maintenance of vital records, or a comparable public entity that maintains vital records in another state in accordance with that state's laws, and all records of the court or any adoption agency, public or private, as limited in this Section, which relate to the adoption or the identity and location of an adopted or surrendered person, of an adult child or surviving spouse of a deceased adopted or surrendered person, or of a birth parent, birth sibling, or the sibling of a deceased birth parent. The confidential intermediary shall not have access to any personal health information protected by the Standards for Privacy of Individually Identifiable Health Information adopted by the U.S. Department of Health and Human Services under the Health Insurance Portability and Accountability Act of 1996 unless the confidential intermediary has obtained written consent from the person whose information is being sought by an adult adopted or surrendered person or, if that person is a minor child, that person's parent or guardian. Confidential intermediaries shall be authorized to inspect confidential relinquishment and adoption records. The confidential intermediary shall not be authorized to access medical records, financial records, credit records, banking records, home studies, attorney file records, or other personal records. In cases where a birth parent is being sought, an adoption agency shall inform the confidential intermediary of any statement filed pursuant to Section 18.3, hereinafter referred to as "the 18.3 statement", indicating a desire of the surrendering birth parent to have identifying information shared or to not have identifying information shared. If there was a clear statement of intent by the sought-after birth parent not to have identifying information shared, the confidential intermediary shall discontinue the search and inform the petitioning party of the sought-after relative's intent unless the birth parent filed the 18.3 statement prior to the effective date of this amendatory Act of the 96th General Assembly and more than 5 years have elapsed since the filing of the 18.3 statement. If the adult adopted or surrendered person is the subject of an 18.3 statement indicating a desire not to establish contact which was filed more than 5 years prior to the search request, the confidential

intermediary shall confirm the petitioner's desire to continue the search. Information provided to the confidential intermediary by an adoption agency shall be restricted to the full name, date of birth, place of birth, last known address, last known telephone number of the sought-after relative or, if applicable, of the children or siblings of the sought-after relative, and the 18.3 statement. If the petitioner is an adult adopted or surrendered person or the adoptive parent of a minor and if the petitioner has signed a written authorization to disclose personal medical information, an adoption agency disclosing information to a confidential intermediary shall disclose available medical information about the adopted or surrendered person from birth through adoption.

(h) Missing or lost original birth certificate; remedy. Disclosure of information by the confidential intermediary shall be consistent with the public policy and intent of laws granting original birth certificate access as expressed in Section 18.04 of this Act. The confidential intermediary shall comply with the following procedures in disclosing information to the petitioners:

(1) If the petitioner is an adult adopted or surrendered person, or the adult child, adult grandchild, or surviving spouse of a deceased adopted or surrendered person, the confidential intermediary shall disclose:

(A) identifying information about the birth parent of the adopted person which, in the ordinary course of business, would have been reflected on the original filed certificate of birth, as of the date of birth, only if:

   (i) the adopted person was born before January 1, 1946 and the petitioner has requested a non-certified copy of the adopted person's original birth certificate under Section 18.1 of this Act, and the Illinois Department of Public Health has issued a certification that the original birth certificate was not found, or the petitioner has presented the confidential intermediary with the non-certified copy of the original birth certificate which omits the name of the birth parent;

   (ii) the adopted person was born after January 1, 1946, and the petitioner has requested a non-certified copy of the adopted person's original birth certificate under Section 18.1 of this Act and the
Illinois Department of Public Health has issued a certification that the original birth certificate was not found.

In providing information pursuant to this subdivision (h)(1)(A), the confidential intermediary shall expressly inform the petitioner in writing that since the identifying information is not from an official original certificate of birth filed pursuant to the Vital Records Act, the confidential intermediary cannot attest to the complete accuracy of the information and the confidential intermediary shall not be liable if the information disclosed is not accurate. Only information from the court files shall be provided to the petitioner in this Section. If the identifying information concerning a birth father is sought by the petitioner, the confidential intermediary shall disclose only the identifying information of the birth father as defined in Section 18.06 of this Act;

(B) the name of the child welfare agency which had legal custody of the surrendered person or responsibility for placing the surrendered person and any available contact information for such agency;

(C) the name of the state in which the surrender occurred or in which the adoption was finalized; and

(D) any information for which the sought-after relative has provided his or her consent to disclose under paragraphs (1) through (4) of subsection (i) of this Section.

(2) If the petitioner is an adult adopted or surrendered person, or the adoptive parent of an adult adopted or surrendered person under the age of 21, or the adoptive parent of a deceased adopted or surrendered person, the confidential intermediary shall provide, in addition to the information listed in paragraph (1) of this subsection (h):

(A) any information which the adoption agency provides pursuant to subsection (i) of this Section pertaining to medical information about the adopted or surrendered person; and

(B) any non-identifying information, as defined in Section 18.4 of this Act, that is obtained during the search.
(3) If the petitioner is not defined in paragraph (1) or (2) of this subsection, the confidential intermediary shall provide to the petitioner:

(A) any information for which the sought-after relative has provided his or her consent under paragraphs (1) through (4) of subsection (i) of this Section;

(B) the name of the child welfare agency which had legal custody of the surrendered person or responsibility for placing the surrendered person and any available contact information for such agency; and

(C) the name of the state in which the surrender occurred or in which the adoption was finalized.

Adoption agency disclosure of medical information. If the petitioner is an adult adopted or surrendered person or the adoptive parent of a minor and if the petitioner has signed a written authorization to disclose personal medical information, an adoption agency disclosing information to a confidential intermediary shall disclose available medical information about the adopted or surrendered person from birth through adoption.

(h-5) Disclosure of information shall be made by the confidential intermediary at any time from the appointment of the confidential intermediary and the court's issuance of an order of dismissal.

(i) Duties of confidential intermediary in conducting a search. In conducting a search under this Section, the confidential intermediary shall first determine whether there is a Denial of Information Exchange or a Birth Parent Preference Form with Option E selected or an 18.3 statement referenced in subsection (g) of this Section on file with the Illinois Adoption Registry. If the petitioner is an adult child of an adopted or surrendered person who is deceased, the confidential intermediary shall additionally confirm that the adopted or surrendered person did not file a Denial of Information Exchange or a Birth Parent Preference Form with Option E selected with the Illinois Adoption Registry during his or her life. If there is a Denial on file with the Registry, the confidential intermediary must discontinue the search unless the petitioner is an adult adopted or surrendered person and the sought-after birth relative filed the Denial 5 years or more prior to the search or the birth parent has not been the object of a search through the State confidential intermediary program for 10 or more years. If the petitioner is an adult adopted or surrendered person and there is a denial, the Birth Parent Preference Form on file with the Registry and the birth parent who completed the form selected Option E, or if there is an 18.3

statement indicating the birth parent's intent not to have identifying information shared and the birth parent did not later file an Information Exchange Authorization with the Registry, the confidential intermediary must discontinue the search unless 5 years or more have elapsed since the execution filing of the Denial of Information Exchange, Birth Parent Preference Form, or the 18.3 statement. If the petitioner is an adult birth sibling of an adopted or surrendered person or an adult sibling of a birth parent who is deceased, the confidential intermediary shall additionally confirm that the birth parent did not file a Denial of Information Exchange or a Birth Parent Preference Form with Option E selected with the Registry during his or her life. If the confidential intermediary learns that a sought-after birth parent signed an 18.3 statement indicating his or her intent not to have identifying information shared, and did not later file an Information Exchange Authorization or a Birth Parent Preference Form with the Registry, the confidential intermediary shall discontinue the search and inform the petitioning party of the birth parent's intent, unless the petitioner is an adult adopted or surrendered person and 5 years or more have elapsed since the birth parent signed the statement indicating his or her intent not to have identifying information shared. In cases where the birth parent filed a Denial of Information Exchange or Birth Parent Preference Form where Option E was selected, or statement indicating his or her intent not to have identifying information shared less than 5 years prior to the search request and the petitioner is an adult adopted or surrendered person, the confidential intermediary shall inform the petitioner of the need to discontinue the search until 5 years have elapsed since the Denial of Information Exchange or Birth Parent Preference Form where Option E was selected, or statement was filed; in cases where a birth parent was previously the subject of a search through the State confidential intermediary program, the confidential intermediary shall inform the petitioner of the need to discontinue the search until 10 years or more have elapsed since the initial search was closed. In cases where a birth parent has been the object of 2 searches through the State confidential intermediary program, no subsequent search for the birth parent shall be authorized absent a court order to the contrary.

In conducting a search under this Section, the confidential intermediary shall attempt to locate the relative or relatives from whom the petitioner has requested information. If the sought-after relative is deceased or cannot be located after a diligent search, the confidential intermediary may contact other adult relatives of the sought-after relative.

New matter indicated by italics - deletions by strikeout
The confidential intermediary shall contact a sought-after relative on behalf of the petitioner in a manner that respects the sought-after relative's privacy and shall inform the sought-after relative of the petitioner's request for medical information, identifying information or contact as stated in the petition. Based upon the terms of the petitioner's request, the confidential intermediary shall contact a sought-after relative on behalf of the petitioner and inform the sought-after relative of the following options:

1. The sought-after relative may totally reject one or all of the requests for medical information, identifying information or contact. The sought-after relative shall be informed that they can provide a medical questionnaire to be forwarded to the petitioner without releasing any identifying information. The confidential intermediary shall inform the petitioner of the sought-after relative's decision to reject the sharing of information or contact.

2. The sought-after relative may consent to completing a medical questionnaire only. In this case, the confidential intermediary shall provide the questionnaire and ask the sought-after relative to complete it. The confidential intermediary shall forward the completed questionnaire to the petitioner and inform the petitioner of the sought-after relative's desire to not provide any additional information.

bribery, or gratuity violations potentially affecting the award. Failure to make the required disclosures may result in any of the following remedial actions:

6. Taking any other remedial action that may be legally available.

Section 45. Applicability.

(a) The requirements established under this Act apply to State grant-making agencies that make State and federal pass-through awards to non-federal entities. These requirements apply to all costs related to State and federal pass-through awards. The requirements established under this Act do not apply to private awards.

(a-5) Nothing in this Act shall prohibit the use of State funds for purposes of federal match or maintenance of effort.

(b) The terms and conditions of State, federal, and pass-through awards apply to subawards and subrecipients unless a particular Section of this Act or the terms and conditions of the State or federal award specifically indicate otherwise. Non-federal entities shall comply with requirements of this Act regardless of whether the non-federal entity is a recipient or subrecipient of a State or federal pass-through award. Pass-through entities shall comply with the requirements set forth under the rules adopted under subsection (a) of Section 20 of this Act, but not to any requirements in this Act directed towards State or federal awarding agencies, unless the requirements of the State or federal awards indicate otherwise.

When a non-federal entity is awarded a cost-reimbursement contract, only 2 CFR 200.330 through 200.332 are incorporated by reference into the contract. However, when the Cost Accounting Standards are applicable to the contract, they take precedence over the requirements of this Act unless they...
are in conflict with Subpart F of 2 CFR 200. In addition, costs that are made unallowable under 10 U.S.C. 2324(e) and 41 U.S.C. 4304(a), as described in the Federal Acquisition Regulations, subpart 31.2 and subpart 31.603, are always unallowable. For requirements other than those covered in Subpart D of 2 CFR 200.330 through 200.332, the terms of the contract and the Federal Acquisition Regulations apply.

With the exception of Subpart F of 2 CFR 200, which is required by the Single Audit Act, in any circumstances where the provisions of federal statutes or regulations differ from the provisions of this Act, the provision of the federal statutes or regulations govern. This includes, for agreements with Indian tribes, the provisions of the Indian Self-Determination and Education and Assistance Act, as amended, 25 U.S.C. 450-458ddd-2.

(c) State grant-making agencies may apply subparts A through E of 2 CFR 200 to for-profit entities, foreign public entities, or foreign organizations, except where the awarding agency determines that the application of these subparts would be inconsistent with the international obligations of the United States or the statute or regulations of a foreign government.

(d) Except for 2 CFR 200.202 and 200.330 through 200.332, the requirements in Subparts C, D, and E of 2 CFR 200 do not apply to the following programs:

(1) The block grant awards authorized by the Omnibus Budget Reconciliation Act of 1981 (including Community Services; Preventive Health and Health Services; Alcohol, Drug Abuse, and Mental Health Services; Maternal and Child Health Services; Social Services; Low-Income Home Energy Assistance; States’ Program of Community Development Block Grant Awards for Small Cities; and Elementary and Secondary Education, other than programs administered by the Secretary of Education under Title V, Subtitle D, Chapter 2, Section 583 - the Secretary’s discretionary award program) and both the Alcohol and Drug Abuse Treatment and Rehabilitation Block Grant Award (42 U.S.C. 300x-21 to 300x-35 and 42 U.S.C. 300x-51 to 300x-64) and the Mental Health Service for the Homeless Block Grant Award (42 U.S.C. 300x to 300x-9) under the Public Health Services Act.

(2) Federal awards to local education agencies under 20 U.S.C. 7702 through 7703b (portions of the Impact Aid program).

(3) Payments under the Department of Veterans Affairs’ State Home Per Diem Program (38 U.S.C. 1741).

New matter indicated by italics - deletions by strikeout
(4) Federal awards authorized under the Child Care and Development Block Grant Act of 1990, as amended, including the following:

(A) Child Care and Development Block Grant (42 U.S.C. 9858).
(B) Child Care Mandatory and Matching Funds of the Child Care and Development Fund (42 U.S.C. 9858).

(e) Except for the 2 CFR 200.202 requirement to provide public notice of federal financial assistance programs, the guidance in Subpart C Pre-federal Award Requirements and Contents of Federal Awards does not apply to the following programs:

(1) Entitlement federal awards to carry out the following programs of the Social Security Act:
(A) Temporary Assistance to Needy Families (Title IV-A of the Social Security Act, 42 U.S.C. 601-619);
(B) Child Support Enforcement and Establishment of Paternity (Title IV-D of the Social Security Act, 42 U.S.C. 651-669b);
(C) Foster Care and Adoption Assistance (Title IV-E of the Act, 42 U.S.C. 670-679c);
(D) Aid to the Aged, Blind, and Disabled (Titles I, X, XIV, and XVI - AABD of the Act, as amended); and
(E) Medical Assistance (Medicaid) (42 U.S.C. 1396-1396w-5), not including the State Medicaid Fraud Control program authorized by Section 1903(a)(6)(B) of the Social Security Act (42 U.S.C. 1396b(a)(6)(B)).
(2) A federal award for an experimental, pilot, or demonstration project that is also supported by a federal award listed in paragraph (1) of subsection (e) of this Section.
(3) Federal awards under subsection 412(e) of the Immigration and Nationality Act of 1965 and Section 501(a) of the Refugee Education Assistance Act of 1980 for cash assistance, medical assistance, and supplemental security income benefits to refugees and entrants and the administrative costs of providing the assistance and benefits under 8 U.S.C. 1522(e).

(E) Child and Adult Care Food Program (42 U.S.C. 1766).

(5) Entitlement awards under the following programs of The Child Nutrition Act of 1966:
(A) Special Milk Program (42 U.S.C. 1772);
(B) School Breakfast Program (42 U.S.C. 1773); and
(C) State Administrative Expenses (42 U.S.C. 1776).

(7) Non-discretionary federal awards under the following non-entitlement programs:
(A) Special Supplemental Nutrition Program for Women, Infants and Children under the Child Nutrition Act of 1966 (42 U.S.C. 1786);

(C) Commodity Supplemental Food Program (7 U.S.C. 612c).

(f) For public institutions of higher education, the provisions of this Act apply only to awards funded by State appropriations and federal pass-through awards from a State agency to public institutions of higher education.

(g) Each grant-making agency shall enhance its processes to monitor and address noncompliance with reporting requirements and with program performance standards. Where applicable, the process may include a corrective action plan. The monitoring process shall include a plan for tracking and documenting performance-based contracting decisions.

Section 50. State grant-making agency responsibilities.

(a) The specific requirements and responsibilities of State grant-making agencies and non-federal entities are set forth in this Act. State agencies making State awards to non-federal entities must adopt by rule the language in 2 CFR 200, Subpart C through Subpart F unless different provisions are required by law.

(b) Each State grant-making agency shall appoint a Chief Accountability Officer who shall serve as a liaison to the Grant
Accountability and Transparency Unit and who shall be responsible for the
State agency's implementation of and compliance with the rules.

(c) In order to effectively measure the performance of its recipients
and subrecipients, each State grant-making agency shall:

(1) require its recipients and subrecipients to relate financial
data to performance accomplishments of the award and, when
applicable, must require recipients and subrecipients to provide cost
information to demonstrate cost-effective practices. The recipient's
and subrecipient's performance should be measured in a way that will
help the State agency to improve program outcomes, share lessons
learned, and spread the adoption of promising practices; and

(2) provide recipients and subrecipients with clear
performance goals, indicators, and milestones and must establish
performance reporting frequency and content to not only allow the
State agency to understand the recipient's progress, but also to
facilitate identification of promising practices among recipients and
subrecipients and build the evidence upon which the State agency's
program and performance decisions are made.

(d) The Governor's Office of Management and Budget shall provide
such advice and technical assistance to the State grant-making agencies as is
necessary or indicated in order to ensure compliance with this Act.

Section 55. The Governor's Office of Management and Budget

This information shall include whether the allegations were deemed substantiated, unsubstantiated, or unfounded.

(p) Secretary review. Upon review of the Inspector General's investigative report and any agency's or facility's written response, the Secretary shall accept or reject the written response and notify the Inspector General of that determination. The facility or agency shall be allowed an additional 30 days to send notice of completion of the action or to send an updated implementation report. If the action has not been completed within the additional 30 day period, the facility or agency shall send updated implementation reports every 60 days until completion. (s) Health care worker registry.

(1) Reporting to the registry. The Inspector General shall report to the Department of Public Health's health care worker registry, a public registry, the identity and finding of each employee of a facility or agency against whom there is a final investigative report containing a substantiated allegation of physical or sexual abuse, financial exploitation, or egregious neglect of an individual.

(2) Notice to employee. Prior to reporting the name of an employee, the employee shall be notified of the Department's obligation to report and shall be granted an opportunity to request an administrative hearing, the sole purpose of which is to determine if the substantiated finding warrants reporting to the registry. Notice to the employee shall contain a clear and concise statement of the grounds on which the report to the registry is based, offer the employee an opportunity for a hearing, and identify the process for requesting such a hearing. Notice is sufficient if provided by certified mail to the employee's last known address. If the employee fails to request a hearing within 30 days from the date of the notice, the Inspector General shall report the name of the employee to the registry. Nothing in this subdivision (s)(2) shall diminish or impair the rights of a person who is a member of a collective bargaining unit under the Illinois Public Labor Relations Act or under any other federal labor statute.

(3) Registry hearings. If the employee requests an administrative hearing, the employee shall be granted an opportunity to appear before an administrative law judge to present reasons why the employee's name should not be reported to the registry. The Department shall bear the burden of presenting evidence that establishes, by a preponderance of the evidence, that the substantiated finding warrants reporting to the registry. After considering all the evidence presented, the administrative law judge shall make a recommendation to the Secretary as to whether the substantiated finding warrants reporting the name of the employee to the registry. The Secretary shall render the final decision. The Department and the employee shall have the right to request that the administrative law judge consider a stipulated disposition of these proceedings.

New matter indicated by italics - deletions by strikeout
(4) Testimony at registry hearings. A person who makes a report or who investigates a report under this Act shall testify fully in any judicial proceeding resulting from such a report, as to any evidence of abuse or neglect, or the cause thereof. No evidence shall be excluded by reason of any common law or statutory privilege relating to communications between the alleged perpetrator of abuse or neglect, or the individual alleged as the victim in the report, and the person making or investigating the report. Testimony at hearings is exempt from the confidentiality requirements of subsection (f) of Section 10 of the Mental Health and Developmental Disabilities Confidentiality Act.

(5) Employee's rights to collateral action. No reporting to the registry shall occur and no hearing shall be set or proceed if an employee notifies the Inspector General in writing, including any supporting documentation, that he or she is formally contesting an adverse employment action resulting from a substantiated finding by complaint filed with the Illinois Civil Service Commission, or which otherwise seeks to enforce the employee's rights pursuant to any applicable collective bargaining agreement. If an action taken by an employer against an employee as a result of a finding of physical abuse, sexual abuse, or egregious neglect is overturned through an action filed with the Illinois Civil Service Commission or under any applicable collective bargaining agreement and if that employee's name has already been sent to the registry, the employee's name shall be removed from the registry.

(6) Removal from registry. At any time after the report to the registry, but no more than once in any 12-month period, an employee may petition the Department in writing to remove his or her name from the registry. Upon receiving notice of such request, the Inspector General shall conduct an investigation into the petition. Upon receipt of such request, an administrative hearing will be set by the Department. At the hearing, the employee shall bear the burden of presenting evidence that establishes, by a preponderance of the evidence, that removal of the name from the registry is in the public interest. The parties may jointly request that the administrative law judge consider a stipulated disposition of these proceedings.

(t) Review of Administrative Decisions. The Department shall preserve a record of all proceedings at any formal hearing conducted by the Department involving health care worker registry hearings. Final
administrative decisions of the Department are subject to judicial review pursuant to provisions of the Administrative Review Law.

(u) Quality Care Board. There is created, within the Office of the Inspector General, a Quality Care Board to be composed of 7 members appointed by the Governor with the advice and consent of the Senate. One of the members shall be designated as chairman by the Governor. Of the initial appointments made by the Governor, 4 Board members shall each be appointed for a term of 4 years and 3 members shall each be appointed for a term of 2 years. Upon the expiration of each member's term, a successor shall be appointed for a term of 4 years. In the case of a vacancy in the office of any member, the Governor shall appoint a successor for the remainder of the unexpired term.

Members appointed by the Governor shall be qualified by professional knowledge or experience in the area of law, investigatory techniques, or in the area of care of the mentally ill or developmentally disabled. Two members appointed by the Governor shall be persons with a disability or a parent of a person with a disability. Members shall serve without compensation, but shall be reimbursed for expenses incurred in connection with the performance of their duties as members.

The Board shall meet quarterly, and may hold other meetings on the call of the chairman. Four members shall constitute a quorum allowing the Board to conduct its business. The Board may adopt rules and regulations it deems necessary to govern its own procedures.

The Board shall monitor and oversee the operations, policies, and procedures of the Inspector General to ensure the prompt and thorough investigation of allegations of neglect and abuse. In fulfilling these responsibilities, the Board may do the following:

(1) Provide independent, expert consultation to the Inspector General on policies and protocols for investigations of alleged abuse, neglect, or both abuse and neglect.

(3) Advise the Inspector General as to the content of training activities authorized under this Section.
(4) Recommend policies concerning methods for improving the intergovernmental relationships between the Office of the Inspector General and other State or federal offices.

(v) Annual report. The Inspector General shall provide to the General Assembly and the Governor, no later than January 1 of each year, a summary
of reports and investigations made under this Act for the prior fiscal year with respect to individuals receiving mental health or developmental disabilities services. The report shall detail the imposition of sanctions, if any, and the final disposition of any corrective or administrative action directed by the Secretary. The summaries shall not contain any confidential or identifying information of any individual, but shall include objective data identifying any trends in the number of reported allegations, the timeliness of the Office of the Inspector General's investigations, and their disposition, for each facility and Department-wide, for the most recent 3-year time period. The report shall also identify, by facility, the staff-to-patient ratios taking account of direct care staff only. The report shall also include detailed recommended administrative actions and matters for consideration by the General Assembly.

(w) Program audit. The Auditor General shall conduct a program audit of the Office of the Inspector General on an as-needed basis, as determined by the Auditor General. The audit shall specifically include the Inspector General's compliance with the Act and effectiveness in investigating reports of allegations occurring in any facility or agency. The Auditor General shall conduct the program audit according to the provisions of the Illinois State Auditing Act and shall report its findings to the General Assembly no later than January 1 following the audit period.

(x) Nothing in this Section shall be construed to mean that a patient is a victim of abuse or neglect because of health care services appropriately provided or not provided by health care professionals.

(y) Nothing in this Section shall require a facility, including its employees, agents, medical staff members, and health care professionals, to provide a service to a patient in contravention of that patient's stated or implied objection to the provision of that service on the ground that that service conflicts with the patient's religious beliefs or practices, nor shall the failure to provide a service to a patient be considered abuse under this Section if the patient has objected to the provision of that service based on his or her religious beliefs or practices.

   (b) Serves as a township treasurer appointed under the School Code, as heretofore or hereafter amended, and who receives for such services regular compensation as distinguished from per diem compensation, and any regular employee in the office of any township treasurer whether or not his earnings are paid from the income of the permanent township fund or from funds subject to distribution to the several school districts and parts of school districts as provided in the School Code, or from both such sources; or is the chief executive officer, chief educational officer, chief fiscal officer, or other employee of a Financial Oversight Panel established pursuant to Article 1H of the School Code, other than a superintendent or certified school business official, except that such person shall not be

(2) "Employee" does not include persons who:

However, such persons shall be included as employees to the extent of earnings that are not eligible for inclusion under the foregoing laws for services not of an instructional nature of any kind.

However, any member of the armed forces who is employed as a teacher of subjects in the Reserve Officers Training Corps of any school and who is not certified under the law governing the certification of teachers shall be included as an employee.

(b) Are designated by the governing body of a municipality in which a pension fund is required by law to be established for policemen or firemen, respectively, as performing police or fire protection duties, except that when such persons are the heads of the police or fire department and are not eligible to be included within any such pension fund, they shall be included within this Article; provided, that such persons shall not be excluded to the extent of concurrent service and earnings not designated as being for police or fire protection duties. However, (i) any head of a police department who was a participant under this Article immediately before October 1, 1977 and did not elect, under Section 3-109 of this Act, to participate in a police pension fund shall be an "employee", and (ii) any chief of police who elects to participate in this Fund under Section 3-109.1 of this Code, regardless of whether such person continues to be employed as chief of police or is employed in some other rank or capacity within the police department, shall be an employee under this Article for so long as such person is employed to perform police duties by a participating municipality and has not lawfully rescinded that election.

This finding and this amendatory Act shall apply to all such employees from the date of appointment whether such date is prior to or after the effective date of this amendatory Act and is intended to clarify existing law pertaining to their status as participating employees in the Fund.

Sec. 30. Manufacturer responsibilities.

(a) Prior to April 1, 2009 for the first program year, and by October 1 for program year 2011 and each program year thereafter, manufacturers who sell computers, computer monitors, printers, televisions, electronic keyboards, facsimile machines, videocassette recorders, portable digital music players, digital video disc players, video game consoles, electronic mice, scanners, digital converter boxes, cable receivers, satellite receivers, digital video disc recorders, or small-scale servers in this State must register with the Agency. The registration must be submitted in the form and manner required by the Agency. The registration must include, without limitation, all of the following:

If, during the program year, any of the manufacturer's aforementioned electronic devices are sold or offered for sale in Illinois under a new brand that is not listed in the manufacturer's registration, then, within 30 days after the first sale or offer for sale under the new brand, the manufacturer must amend its registration to add the new brand.

(b) Prior to July 1, 2009 for the first program year, and by the November 1 preceding program years 2011 and later, all manufacturers whose computers, computer monitors, printers, televisions, electronic keyboards, facsimile machines, videocassette recorders, portable digital music players, digital video disc players, video game consoles, electronic mice, scanners, digital converter boxes, cable receivers, satellite receivers, digital video disc recorders, or small-scale servers are offered for sale in the State shall submit to the Agency, at an address prescribed by the Agency, the registration fee for the next program year. The registration fee for program year 2010 is $5,000. The registration fee for program year 2011 is $5,000, increased by the applicable inflation factor as described below. In program year 2012, if, in program year 2011, a manufacturer sold 250 or fewer of the aforementioned electronic devices in the State, then the registration fee for that manufacturer is $1,250. In each program year after 2012, if, in the preceding program year, a manufacturer sold 250 or fewer of the aforementioned electronic devices in the State, then the registration fee is the fee that applied in the previous year to manufacturers that sold that number of the aforementioned electronic devices, increased by the applicable inflation factor as described below. In program year 2012, if, in the preceding program year a manufacturer sold 251 or more of the aforementioned electronic devices in the State, then the registration fee for that manufacturer is $5,000. In each program year after 2012, if, in the preceding program year, a manufacturer sold 251 or more of the aforementioned electronic devices in the State, then the registration fee is the fee that applied in the previous year to manufacturers that sold that number of the aforementioned electronic devices, increased by the applicable inflation factor as described below. For program year 2011, program year 2013, and each program year thereafter, the applicable registration fee is increased each year by an inflation factor determined by the annual Implicit Price Deflator for Gross National Product, as published by the U.S. Department of Commerce in its Survey of Current
Business. The inflation factor must be calculated each year by dividing the latest published annual Implicit Price Deflator for Gross National Product by the annual Implicit Price Deflator for Gross National Product for the previous year. The inflation factor must be rounded to the nearest 1/100th, and the resulting registration fee must be rounded to the nearest whole dollar. No later than October 1 of each program year, the Agency shall post on its website the registration fee for the next program year.

(c) A manufacturer whose computers, computer monitors, printers, televisions, electronic keyboards, facsimile machines, videocassette recorders, portable digital music players, digital video disc players, video game consoles, electronic mice, scanners, digital converter boxes, cable receivers, satellite receivers, digital video disc recorders, or small-scale servers are sold or offered for sale in this State on or after January 1 of a program year must register with the Agency within 30 days after the first sale or offer for sale in accordance with subsection (a) of this Section and submit the registration fee required under subsection (b) of this Section prior to the aforementioned electronic devices being sold or offered for sale.

(d) Each manufacturer shall recycle or process for reuse CEDs and EEDs whose total weight equals or exceeds the manufacturer's individual recycling and reuse goal set forth in Section 15 of this Act. Individual consumers shall not be charged a fee when bringing their CEDs and EEDs to collection locations, unless a financial incentive of equal or greater value, such as a coupon, is provided. Collectors may charge a fee for premium services such as curbside collection, home pick-up, or a similar method of collection.

When determining whether a manufacturer has met or exceeded its individual recycling and reuse goal set forth in Section 15 of this Act, all of the following adjustments must be made:

(1) The total weight of CEDs processed by the manufacturer, its recyclers, or its refurbishers for reuse is doubled.

(2) The total weight of CEDs is tripled if they are donated for reuse by the manufacturer to a primary or secondary public education institution the majority of whose students are considered low income or developmentally disabled or to low-income children or families or to assist the developmentally disabled in Illinois. This subsection applies only to CEDs for which the manufacturer has received a written confirmation that the recipient has accepted the donation. Copies of all written confirmations must be submitted in the annual report required under Section 30.
(3) The total weight of CEDs collected by manufacturers free of charge in underserved counties is doubled. This subsection applies only to CEDs that are documented by collectors as being collected or received free of charge in underserved counties. This documentation must include, without limitation, the date and location of collection or receipt, the weight of the CEDs collected or received, and an acknowledgement by the collector that the CEDs were collected or received free of charge. Copies of the documentation must be submitted in the annual report required under subsection (h), (i), (j), (k), or (l) of Section 30.

(4) If an entity (i) collects, recycles, or refurbishes CEDs for a manufacturer, (ii) qualifies for non-profit status under Section 501(c)(3) of the Internal Revenue Code of 1986, and (iii) at least 75% of its employees are developmentally disabled, then the total weight of CEDs will be tripled. A manufacturer that uses such a recycler or refurbisher shall submit documentation in the annual report required under Section 30 identifying the name, location, and length of service of the entity that qualifies for credit under this subsection.

(e) (Blank).

(f) Manufacturers shall ensure that only recyclers and refurbishers that have registered with the Agency are used to meet the individual recycling and reuse goals set forth in this Act.

(g) Manufacturers shall ensure that the recyclers and refurbishers used to meet the individual recycling and reuse goals set forth in this Act shall, at a minimum, comply with the standards set forth under subsection (d) of Section 50 of this Act. By November 1, 2011 and every November 1 thereafter, manufacturers shall submit a document, as prescribed by the Agency, listing each registered recycler and refurbisher that will be used to meet the manufacturer's annual CED recycling and reuse goal and certifying that those recyclers or refurbishers comply with the standards set forth in subsection (d) of Section 50.

(h) By September 1, 2012 and every September 1 thereafter, manufacturers of computers, computer monitors, printers, televisions, electronic keyboards, facsimile machines, videocassette recorders, portable digital music players, digital video disc players, video game consoles, electronic mice, scanners, digital converter boxes, cable receivers, satellite receivers, digital video disc recorders, or small-scale servers shall submit to the Agency, in the form and manner required by the Agency, a report that contains the total weight of the aforementioned electronic devices sold under

each of the manufacturer's brands to individuals in this State as calculated under subsection (c) and (c-5) of Section 15, as applicable. Each manufacturer shall indicate on the report whether the total weight of the aforementioned electronic devices was derived from its own sales records or national sales data. If a manufacturer's weight for aforementioned electronic devices is derived from national sales data, the manufacturer shall indicate the source of the sales data.

(j) (Blank).
(k) (Blank).

(l) On or before January 31, 2013 and on or before every January 31 thereafter, manufacturers of computers, computer monitors, printers, televisions, electronic keyboards, facsimile machines, videocassette recorders, portable digital music players, digital video disc players, video game consoles, electronic mice, scanners, digital converter boxes, cable receivers, satellite receivers, digital video disc recorders, and small-scale servers shall submit to the Agency, on forms and in a format prescribed by the Agency, a report that contains all of the following information for the previous program year:

(1) The total weight of computers, the total weight of computer monitors, the total weight of printers, *facsimile machines, and scanners*, the total weight of televisions, *the total weight of the remaining CEDs*, the total weight of electronic keyboards, the total weight of facsimile machines, the total weight of videocassette recorders, the total weight of portable digital music players, the total weight of digital video disc players, the total weight of video game consoles, the total weight of electronic mice, the total weight of scanners, the total weight of digital converter boxes, the total weight of cable receivers, the total weight of satellite receivers, the total weight of digital video disc recorders, the total weight of small-scale servers; and the total weight of EEDs recycled or processed for reuse.

(2) The identification of all weights that are adjusted under subsection (d) of this Section. For all weights adjusted under item (2) of subsection (d), the manufacturer must include copies of the written confirmation required under that subsection.

(3) A list of each recycler, refurbisher, and collector used by the manufacturer to fulfill the manufacturer's individual recycling and reuse goal set forth in subsections (c) and (c-5) of Section 15 of this Act.

(4) A summary of the manufacturer's consumer education program required under subsection (m) of this Section.

(m) Manufacturers must develop and maintain a consumer education program that complements and corresponds to the primary retailer-driven campaign required under Section 40 of this Act. The education program shall promote the recycling of electronic products and proper end-of-life management of the products by consumers.

(n) Beginning January 1, 2012, no manufacturer may sell a computer, computer monitor, printer, television, electronic keyboard, facsimile machine, videocassette recorder, portable digital music player, digital video disc player, video game console, electronic mouse, scanner, digital converter box, cable receiver, satellite receiver, digital video disc recorder, or small-scale server in this State unless the manufacturer is registered with the State as required under this Act, has paid the required registration fee, and is otherwise in compliance with the provisions of this Act.

Section 5. The Personnel Code is amended by changing Section 8c as follows:

New matter indicated by italics - deletions by strikeout
Sec. 8c. Jurisdiction C; conditions of employment. For positions in the State service subject to the jurisdiction of the Department of Central Management Services with respect to conditions of employment:

1. For establishment of a plan for resolving employee grievances and complaints, excluding compulsory arbitration.

2. For hours of work, holidays, and attendance regulation in the various classes of positions in the State service; for annual, sick and special leaves of absence, with or without pay or with reduced pay; for compensatory time off for overtime or for pay for overtime, and for the rate at which compensatory time off is to be allowed or for the rate which is to be paid for overtime. If the services of an employee in the State service are terminated by reason of his retirement, disability or death, he, or his estate, as the case may be, shall be paid a lump sum, for the number of days for leave for personal business which the employee had accumulated but not used as of the date his services were terminated, in an amount equal to 1/2 of his pay per working day times the number of such leave days so accumulated and not used.

3. For the development and operation of programs to improve the work effectiveness and morale of employees in the State service, including training, safety, health, welfare, counseling, recreation, employee relations, a suggestion system, and others.

Employees whose tuition and fees are paid by the State, either directly or by reimbursement, shall incur a work commitment to the State. Employees whose State paid training has not led to a postsecondary degree shall be obligated to continue in the employ of the State, but not necessarily in the same agency, for a period of at least 18 months following completion of the most recent course. Employees whose State paid training has led to a postsecondary degree and whose State payments have paid for 50% or more of the required credit hours shall be obligated to continue in the employ of the State, but not necessarily in the same agency, for a minimum of 4 years after receiving the degree.

If the employee does not fulfill this work commitment by voluntarily leaving State employment, the State may recover payments in a civil action and may also recover interest at the rate of 1% per month from the time the State makes payment until the time the State recovers the payment. The amount the State may recover under this subsection (3) shall be reduced by 25% of the gross amount paid by the State for each year the employee is employed by the State after the employee receives a postsecondary degree,
and 1/18th of the gross amount paid by the State for each month the employee is employed by the State after the employee completes the most recent course which has not led to a postsecondary degree.

The State shall not recover payments for course work or a training program that was (a) started before the effective date of this Act; (b) completed as a requirement for a grammar school certificate or a high school diploma, to prepare for high school equivalency testing, a high school level General Educational Development Test or to improve literacy or numeracy; (c) specialized training in the form of a conference, seminar, workshop, or similar arrangement offered by public or private organizations; (d) provided as part of the Upward Mobility Program administered by the Department of Central Management Services; or (e) a condition of continued employment.

Department of State Police employees who are enrolled in an official training program that lasts longer than one year shall incur a work commitment to the State. The work commitment shall be 2 months for each month of completed training. If the employee fails to fulfill this work commitment by voluntarily leaving State employment, the State may recover wages in a civil action and may also recover interest at the rate of 1% per month from the time the State makes payment until the time the State recovers the payment. The amount the State may recover under this subsection (3) shall be reduced by the number of months served after the training is completed times the monthly salary at the time of separation.

The Department of Central Management Services shall promulgate rules governing recovery activities to be used by all State agencies paying, whether directly or by reimbursement, for employee tuition and fees. Each such agency shall make necessary efforts, including pursuing appropriate legal action, to recover the actual reimbursements and applicable interest due the State under this subsection (3).

(4) For the establishment of a sick pay plan in accordance with Section 36 of the State Finance Act.

(5) For the establishment of a family responsibility leave plan under which an employee in the State service may request and receive a leave of absence for up to one year without penalty whenever such leave is requested to enable the employee to meet a bona fide family responsibility of such employee. The procedure for determining and documenting the existence of a bona fide family responsibility shall be as provided by rule, but without limiting the circumstances which shall constitute a bona fide family responsibility under the rules, such circumstances shall include leave incident to the birth of the employee's child and the responsibility thereafter to provide
proper care to that child or to a newborn child adopted by the employee, the 
responsibility to provide regular care to a disabled, incapacitated or bedridden 
resident of the employee's household or member of the employee's family, 
and the responsibility to furnish special guidance, care and supervision to a 
resident of the employee's household or member of the employee's family in 
need thereof under circumstances temporarily inconsistent with uninterrupted 
employment in State service. The family responsibility leave plan so 
established shall provide that any such leave shall be without pay, that the 
seniority of the employee on such leave shall not be reduced during the 
period of the leave, that such leave shall not under any circumstance or for 
any purpose be deemed to cause a break in such employee's State service, that 
during the period of such leave any coverage of the employee or the 
employee's dependents which existed at the commencement of the leave 
under any group health, hospital, medical and life insurance plan provided 
through the State shall continue so long as the employee pays to the State 
when due the full premium incident to such coverage, and that upon 
expiration of the leave the employee shall be returned to the same position 
and classification which such employee held at the commencement of the 
leave. The Director of Central Management Services shall prepare proposed 
rules consistent with this paragraph within 45 days after the effective date of 
this amendatory Act of 1983, shall promptly thereafter cause a public hearing 
thereon to be held as provided in Section 8 and shall within 120 days after the 
effective date of this amendatory Act of 1983 cause such proposed rules to 
be submitted to the Civil Service Commission as provided in Section 8.

(6) For the development and operation of a plan for alternative 
employment for any employee who is able to perform alternative employment 
after a work related or non-work related disability essentially precludes that 
employee from performing his or her currently assigned duties. Such a plan 
shall be voluntary for any employee and nonparticipation shall not be grounds 
for denial of any benefit to which the employee would otherwise be eligible. 
Any plan seeking to cover positions for which there is a recognized 
bargaining agent shall be subject to collective bargaining between the parties. 

(7) For the development and operation of an Executive Development 
Program to provide scholarships for the receipt of academic degrees or senior 
executive training beyond the Bachelor's degree level for as many as 25 
employees at any given time:

(i) each of whom is nominated for such scholarship by the 
head of the employee's agency and approved by the Director;

New matter indicated by italics - deletions by strikeout
(ii) who are subject to Term Appointment under Section 8b.18 or who would be subject to such Term Appointment but for Federal funding or who are exempt from Jurisdiction B under subsections (2), (3) or (6) of Section 4d of this Act:

(iii) who meet the admission standards established by the institution awarding the advanced degree or conducting the training;

(iv) each of whom agrees, as a condition of accepting such scholarship, that the State may recover the scholarship by garnishment, lien or other appropriate legal action if the employee fails to continue in the employ of the State, but not necessarily in the same agency, for a minimum of 4 years following receipt of an advanced degree or training and that the State may charge interest from the time of payment until the time of recovery of such scholarship of no less than 1% per month or 12% per annum on all funds recovered by the State. The amount the State may recover under this Section will be reduced by 25% of the gross amount paid by the State for each year of employment following receipt of the advanced degree or training.

The Director shall in approving eligible employees for the Executive Development Program make every attempt to guarantee that at least 1/3 of the employees appointed to the program reflect the ratio of sex, race, and ethnicity of eligible employees.

Such scholarships shall not exceed the amount established for tuition and fees for the applicable advanced degree or training at State universities in Illinois whether the employee enrolls at any Illinois public or private institution, and shall not include any textbooks or equipment such as personal computers.

The Department of Central Management Services shall make necessary efforts, including appropriate legal action, to recover scholarships and interest thereupon due subject to recovery by the State under Subparagraph (iv) of this Subsection (7).

(5) Native Hawaiian or Other Pacific Islander (a person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands).

"Qualified student" means a person (i) who is a resident of this State and a citizen or permanent resident of the United States; (ii) who is a minority student, as defined in this Section; (iii) who, as an eligible applicant, has made a timely application for a minority teaching scholarship under this Section; (iv) who is enrolled on at least a half-time basis at a qualified Illinois institution of higher learning; (v) who is enrolled in a course of study leading to teacher certification, including alternative teacher certification; (vi) who maintains a grade point average of no less than 2.5 on a 4.0 scale; and (vii) who continues to advance satisfactorily toward the attainment of a degree.

(b) In order to encourage academically talented Illinois minority students to pursue teaching careers at the preschool or elementary or secondary school level, each qualified student shall be awarded a minority teacher scholarship to any qualified Illinois institution of higher learning. However, preference may be given to qualified applicants enrolled at or above the junior level.

(c) Each minority teacher scholarship awarded under this Section shall be in an amount sufficient to pay the tuition and fees and room and board costs of the qualified Illinois institution of higher learning at which the recipient is enrolled, up to an annual maximum of $5,000; except that in the case of a recipient who does not reside on-campus at the institution at which he or she is enrolled, the amount of the scholarship shall be sufficient to pay tuition and fee expenses and a commuter allowance, up to an annual maximum of $5,000.

(d) The total amount of minority teacher scholarship assistance awarded by the Commission under this Section to an individual in any given fiscal year, when added to other financial assistance awarded to that individual for that year, shall not exceed the cost of attendance at the
institution at which the student is enrolled. If the amount of minority teacher scholarship to be awarded to a qualified student as provided in subsection (c) of this Section exceeds the cost of attendance at the institution at which the student is enrolled, the minority teacher scholarship shall be reduced by an amount equal to the amount by which the combined financial assistance available to the student exceeds the cost of attendance.

(f) In any academic year for which an eligible applicant under this Section accepts financial assistance through the Paul Douglas Teacher Scholarship Program, as authorized by Section 551 et seq. of the Higher Education Act of 1965, the applicant shall not be eligible for scholarship assistance awarded under this Section.

(g) All applications for minority teacher scholarships to be awarded under this Section shall be made to the Commission on forms which the Commission shall provide for eligible applicants. The form of applications and the information required to be set forth therein shall be determined by the Commission, and the Commission shall require eligible applicants to submit with their applications such supporting documents or recommendations as the Commission deems necessary.

(h) Subject to a separate appropriation for such purposes, payment of any minority teacher scholarship awarded under this Section shall be determined by the Commission. All scholarship funds distributed in accordance with this subsection shall be paid to the institution and used only for payment of the tuition and fee and room and board expenses incurred by the student in connection with his or her attendance as an undergraduate student at a qualified Illinois institution of higher learning. Any minority teacher scholarship awarded under this Section shall be applicable to 2 semesters or 3 quarters of enrollment. If a qualified student withdraws from enrollment prior to completion of the first semester or quarter for which the minority teacher scholarship is applicable, the school shall refund to the Commission the full amount of the minority teacher scholarship.

(i) The Commission shall administer the minority teacher scholarship aid program established by this Section and shall make all necessary and proper rules not inconsistent with this Section for its effective implementation.

(j) When an appropriation to the Commission for a given fiscal year is insufficient to provide scholarships to all qualified students, the
Commission shall allocate the appropriation in accordance with this subsection. If funds are insufficient to provide all qualified students with a scholarship as authorized by this Section, the Commission shall allocate the available scholarship funds for that fiscal year on the basis of the date the Commission receives a complete application form.

(k) Notwithstanding the provisions of subsection (j) or any other provision of this Section, at least 30% of the funds appropriated for scholarships awarded under this Section in each fiscal year shall be reserved for qualified male minority applicants. If the Commission does not receive enough applications from qualified male minorities on or before January 1 of each fiscal year to award 30% of the funds appropriated for these scholarships to qualified male minority applicants, then the Commission may award a portion of the reserved funds to qualified female minority applicants.

(l) Prior to receiving scholarship assistance for any academic year, each recipient of a minority teacher scholarship awarded under this Section shall be required by the Commission to sign an agreement under which the recipient pledges that, within the one-year period following the termination of the program for which the recipient was awarded a minority teacher scholarship, the recipient (i) shall begin teaching for a period of not less than one year for each year of scholarship assistance he or she was awarded under this Section; and (ii) shall fulfill this teaching obligation at a nonprofit Illinois public, private, or parochial preschool, elementary school, or secondary school at which no less than 30% of the enrolled students are minority students in the year during which the recipient begins teaching at the school; and (iii) shall, upon request by the Commission, provide the Commission with evidence that he or she is fulfilling or has fulfilled the terms of the teaching agreement provided for in this subsection.

(m) If a recipient of a minority teacher scholarship awarded under this Section fails to fulfill the teaching obligation set forth in subsection (l) of this Section, the Commission shall require the recipient to repay the amount of the scholarships received, prorated according to the fraction of the teaching obligation not completed, at a rate of interest equal to 5%, and, if applicable, reasonable collection fees. The Commission is authorized to establish rules relating to its collection activities for repayment of scholarships under this Section. All repayments collected under this Section shall be forwarded to the State Comptroller for deposit into the State's General Revenue Fund.

(n) A recipient of minority teacher scholarship shall not be considered in violation of the agreement entered into pursuant to subsection (l) if the recipient (i) enrolls on a full time basis as a graduate student in a course of

certification as a teacher in Illinois; or (vii) is fulfilling teaching requirements
associated with other programs administered by the Commission and cannot
concurrently fulfill them under this Section in a period of time equal to the
length of the teaching obligation.

(o) Scholarship recipients under this Section who withdraw from a
program of teacher education but remain enrolled in school to continue their
postsecondary studies in another academic discipline shall not be required to
commence repayment of their Minority Teachers of Illinois scholarship so
long as they remain enrolled in school on a full-time basis or if they can
document for the Commission special circumstances that warrant extension
of repayment.

education) or at hard-to-staff schools (as defined by the Commission in
consultation with the State Board of Education), to provide those students
with the crucial mentoring, guidance, and in-service support that will
significantly increase the likelihood that they will complete their full teaching
commitments and elect to continue teaching in targeted disciplines and hard-

access to a pool of highly-qualified teachers, each qualified student shall be
awarded a Golden Apple Scholars of Illinois Program scholarship to any
Illinois institution of higher learning. The Commission shall administer the

(b-10) Each year, the Foundation shall include in its application to the Commission for grant funds an estimate of the amount of scholarship assistance to be provided to qualified students during the grant period. (d) The total amount of scholarship assistance awarded by the Commission under this Section to an individual in any given fiscal year, when added to other financial assistance awarded to that individual for that year, shall not exceed the cost of attendance at the institution of higher learning at which the student is enrolled. The Department may take any action set forth in Section 30 of this Act with regard to registrations pursuant to this Section.

Any person who is enrolled in a non-traditional Pharm.D. program at an ACPE accredited college of pharmacy and is a licensed pharmacist under the laws of another United States jurisdiction shall be permitted to engage in the program of practice experience required in the academic program by virtue of such license. Such person shall be exempt from the requirement of registration as a registered pharmacy technician while engaged in the program of practice experience required in the academic program.
An applicant for registration as a pharmacy technician may assist a pharmacist in the practice of pharmacy for a period of up to 60 days prior to the issuance of a certificate of registration if the applicant has submitted the required fee and an application for registration to the Department. increased under this paragraph (4) and paragraph (4.1) of this subsection (a) shall be evaluated by the Department on the basis of documented standards. The Department shall report the results of these evaluations to the Governor and the General Assembly by September 30th of each year. The reports shall include data relating to the recidivism rate among program participants.

Availability of these programs shall be subject to the limits of fiscal resources appropriated by the General Assembly for these purposes. Eligible inmates who are denied immediate admission shall be placed on a waiting list under criteria established by the Department. The inability of any inmate to become engaged in any such programs by reason of insufficient program resources or for any other reason established under the rules and regulations of the Department shall not be deemed a cause of action under which the Department or any employee or agent of the Department shall be liable for damages to the inmate.

(4.1) The rules and regulations shall also provide that an additional 60 days of sentence credit shall be awarded to any prisoner who passes high school equivalency testing the high school level Test of General Educational Development (GED) while the prisoner is committed to the Department of Corrections. The sentence credit awarded under this paragraph (4.1) shall be in addition to, and shall not affect, the award of sentence credit under any other paragraph of this Section, but shall also be pursuant to the guidelines and restrictions set forth in paragraph (4) of subsection (a) of this Section. The sentence credit provided for in this paragraph shall be available only to those prisoners who have not previously earned a high school diploma or a high school equivalency certificate GED. If, after an award of the high school equivalency testing GED sentence credit has been made, and the Department determines that the prisoner was not eligible, then the award shall be revoked. The Department may also award 60 days of sentence credit to any committed person who passed high school equivalency testing the high school level Test of General Educational Development (GED) while he or she was held in pre-trial detention prior to the current commitment to the Department of Corrections.

(4.5) The rules and regulations on sentence credit shall also provide that when the court's sentencing order recommends a prisoner for substance abuse treatment and the crime was committed on or
after September 1, 2003 (the effective date of Public Act 93-354), the prisoner shall receive no sentence credit awarded under clause (3) of this subsection (a) unless he or she participates in and completes a substance abuse treatment program. The Director may waive the requirement to participate in or complete a substance abuse treatment program and award the sentence credit in specific instances if the prisoner is not a good candidate for a substance abuse treatment program for medical, programming, or operational reasons. Availability of substance abuse treatment shall be subject to the limits of fiscal resources appropriated by the General Assembly for these purposes. If treatment is not available and the requirement to participate and complete the treatment has not been waived by the Director, the prisoner shall be placed on a waiting list under criteria established by the Department. The Director may allow a prisoner placed on a waiting list to participate in and complete a substance abuse education class or attend substance abuse self-help meetings in lieu of a substance abuse treatment program. A prisoner on a waiting list who is not placed in a substance abuse program prior to release may be eligible for a waiver and receive sentence credit under clause (3) of this subsection (a) at the discretion of the Director.

(4.6) The rules and regulations on sentence credit shall also provide that a prisoner who has been convicted of a sex offense as defined in Section 2 of the Sex Offender Registration Act shall receive no sentence credit unless he or she either has successfully completed or is participating in sex offender treatment as defined by the Sex Offender Management Board. However, prisoners who are waiting to receive treatment, but who are unable to do so due solely to the lack of resources on the part of the Department, may, at the Director's sole discretion, be awarded sentence credit at a rate as the Director shall determine.

(5) Whenever the Department is to release any inmate earlier than it otherwise would because of a grant of sentence credit for good conduct under paragraph (3) of subsection (a) of this Section given at any time during the term, the Department shall give reasonable notice of the impending release not less than 14 days prior to the date of the release to the State's Attorney of the county where the prosecution of the inmate took place, and if applicable, the State's Attorney of the county into which the inmate will be released. The Department must also make identification information and a recent photo of the inmate

being released accessible on the Internet by means of a hyperlink labeled "Community Notification of Inmate Early Release" on the Department's World Wide Web homepage. The identification information shall include the inmate's: name, any known alias, date of birth, physical characteristics, residence address, commitment offense and county where conviction was imposed. The identification information shall be placed on the website within 3 days of the inmate's release and the information may not be removed until either: completion of the first year of mandatory supervised release or return of the inmate to custody of the Department.

(b) Whenever a person is or has been committed under several convictions, with separate sentences, the sentences shall be construed under Section 5-8-4 in granting and forfeiting of sentence credit.

(c) The Department shall prescribe rules and regulations for revoking sentence credit, including revoking sentence credit awarded for good conduct under paragraph (3) of subsection (a) of this Section. The Department shall prescribe rules and regulations for suspending or reducing the rate of accumulation of sentence credit for specific rule violations, during imprisonment. These rules and regulations shall provide that no inmate may be penalized more than one year of sentence credit for any one infraction.

When the Department seeks to revoke, suspend or reduce the rate of accumulation of any sentence credits for an alleged infraction of its rules, it shall bring charges therefor against the prisoner sought to be so deprived of sentence credits before the Prisoner Review Board as provided in subparagraph (a)(4) of Section 3-3-2 of this Code, if the amount of credit at issue exceeds 30 days or when during any 12 month period, the cumulative amount of credit revoked exceeds 30 days except where the infraction is committed or discovered within 60 days of scheduled release. In those cases, the Department of Corrections may revoke up to 30 days of sentence credit. The Board may subsequently approve the revocation of additional sentence credit, if the Department seeks to revoke sentence credit in excess of 30 days. However, the Board shall not be empowered to review the Department's decision with respect to the loss of 30 days of sentence credit within any calendar year for any prisoner or to increase any penalty beyond the length requested by the Department.

The Director of the Department of Corrections, in appropriate cases, may restore up to 30 days of sentence credits which have been revoked, suspended or reduced. Any restoration of sentence credits in excess of 30 days shall be subject to review by the Prisoner Review Board. However, the
Board may not restore sentence credit in excess of the amount requested by the Director.

Nothing contained in this Section shall prohibit the Prisoner Review Board from ordering, pursuant to Section 3-3-9(a)(3)(i)(B), that a prisoner serve up to one year of the sentence imposed by the court that was not served due to the accumulation of sentence credit.

(d) If a lawsuit is filed by a prisoner in an Illinois or federal court against the State, the Department of Corrections, or the Prisoner Review Board, or against any of their officers or employees, and the court makes a specific finding that a pleading, motion, or other paper filed by the prisoner is frivolous, the Department of Corrections shall conduct a hearing to revoke up to 180 days of sentence credit by bringing charges against the prisoner sought to be deprived of the sentence credits before the Prisoner Review Board as provided in subparagraph (a)(8) of Section 3-3-2 of this Code. If the prisoner has not accumulated 180 days of sentence credit at the time of the finding, then the Prisoner Review Board may revoke all sentence credit accumulated by the prisoner.

For purposes of this subsection (d):

(1) "Frivolous" means that a pleading, motion, or other filing which purports to be a legal document filed by a prisoner in his or her lawsuit meets any or all of the following criteria:

(A) it lacks an arguable basis either in law or in fact;

(C) the claims, defenses, and other legal contentions therein are not warranted by existing law or by a nonfrivolous argument for the extension, modification, or reversal of existing law or the establishment of new law;
(D) the allegations and other factual contentions do not have evidentiary support or, if specifically so identified, are not likely to have evidentiary support after a reasonable opportunity for further investigation or discovery; or
(E) the denials of factual contentions are not warranted on the evidence, or if specifically so identified, are not reasonably based on a lack of information or belief.

(e) Nothing in Public Act 90-592 or 90-593 affects the validity of Public Act 89-404.

(f) Whenever the Department is to release any inmate who has been convicted of a violation of an order of protection under Section 12-3.4 or 12-30 of the Criminal Code of 1961 or the Criminal Code of 2012, earlier than it otherwise would because of a grant of sentence credit, the Department, as a condition of release, shall require that the person, upon release, be placed under electronic surveillance as provided in Section 5-8A-7 of this Code.

The concurrence of the Chief Judge shall be in the form of an administrative order. The fees shall be collected by the clerk of the circuit court. The clerk of the circuit court shall pay all moneys collected from these fees to the county treasurer who shall use the moneys collected to defray the costs of drug testing, alcohol testing, and electronic monitoring. The county treasurer shall deposit the fees collected in the county working cash fund under Section 6-27001 or Section 6-29002 of the Counties Code, as the case may be.

(h) Jurisdiction over an offender may be transferred from the sentencing court to the court of another circuit with the concurrence of both courts. Further transfers or retransfers of jurisdiction are also authorized in the same manner. The court to which jurisdiction has been transferred shall have the same powers as the sentencing court. The probation department within the circuit to which jurisdiction has been transferred, or which has agreed to provide supervision, may impose probation fees upon receiving the transferred offender, as provided in subsection (i). For all transfer cases, as defined in Section 9b of the Probation and Probation Officers Act, the probation department from the original sentencing court shall retain all probation fees collected prior to the transfer. After the transfer all probation fees shall be paid to the probation department within the circuit to which jurisdiction has been transferred.

community service under the supervision of a probation or court services department after January 1, 2004, as a condition of such probation or conditional discharge or supervised community service, a fee of $50 for each month of probation or conditional discharge supervision or supervised community service ordered by the court, unless after determining the inability of the person sentenced to probation or conditional discharge or supervised community service to pay the fee, the court assesses a lesser fee. The court may not impose the fee on a minor who is made a ward of the State under the Juvenile Court Act of 1987 while the minor is in placement. The fee shall be imposed only upon an offender who is actively supervised by the probation and court services department. The fee shall be collected by the clerk of the circuit court. The clerk of the circuit court shall pay all monies collected from this fee to the county treasurer for deposit in the probation and court services fund under Section 15.1 of the Probation and Probation Officers Act.

A circuit court may not impose a probation fee under this subsection (i) in excess of $25 per month unless the circuit court has adopted, by administrative order issued by the chief judge, a standard probation fee guide determining an offender's ability to pay. Of the amount collected as a probation fee, up to $5 of that fee collected per month may be used to provide services to crime victims and their families.

The Court may only waive probation fees based on an offender's ability to pay. The probation department may re-evaluate an offender's ability to pay every 6 months, and, with the approval of the Director of Court Services or the Chief Probation Officer, adjust the monthly fee amount. An offender may elect to pay probation fees due in a lump sum. Any offender that has been assigned to the supervision of a probation department, or has been transferred either under subsection (h) of this Section or under any interstate compact, shall be required to pay probation fees to the department supervising the offender, based on the offender's ability to pay.

This amendatory Act of the 93rd General Assembly deletes the $10 increase in the fee under this subsection that was imposed by Public Act 93-616. This deletion is intended to control over any other Act of the 93rd General Assembly that retains or incorporates that fee increase.

(i-5) In addition to the fees imposed under subsection (i) of this Section, in the case of an offender convicted of a felony sex offense (as defined in the Sex Offender Management Board Act) or an offense that the court or probation department has determined to be sexually motivated (as defined in the Sex Offender Management Board Act), the court or the probation department shall assess additional fees to pay for all costs of

(k) Any offender who is sentenced to probation or conditional discharge for a felony sex offense as defined in the Sex Offender Management Board Act or any offense that the court or probation department has determined to be sexually motivated as defined in the Sex Offender Management Board Act shall be required to refrain from any contact, directly or indirectly, with any persons specified by the court and shall be available for all evaluations and treatment programs required by the court or the probation department.

The county board with the concurrence of the Chief Judge of the judicial circuit in which the county is located shall establish reasonable fees for the cost of maintenance, testing, and incidental expenses related to the mandatory drug or alcohol testing, or both, and all costs incidental to approved electronic monitoring, of all offenders with a sentence of periodic imprisonment. The concurrence of the Chief Judge shall be in the form of an administrative order. The fees shall be collected by the clerk of the circuit court. The clerk of the circuit court shall pay all moneys collected from these fees to the county treasurer who shall use the moneys collected to defray the costs of drug testing, alcohol testing, and electronic monitoring. The court shall revoke the sentence of periodic imprisonment of the defendant who wilfully fails to comply with this subsection (i). The court shall resentence the defendant whose sentence of periodic imprisonment has been revoked as provided in Section 5-7-2. (b) Under the direction of the sheriff and with the approval of the county board of commissioners, the sheriff, in any county with more than 3,000,000 inhabitants, may operate a residential and transition treatment program for women established by the Illinois Department of Corrections if funding has been provided by federal, local or private entities. If the court finds during the sentencing hearing conducted under Section 5-4-1 that a woman convicted of a felony meets the eligibility requirements of the sheriff's residential and transition treatment program for women, the court may refer the offender to the sheriff's residential and transition treatment program for women for consideration as a participant as an alternative to incarceration in the penitentiary. The sheriff shall be responsible for supervising all women who are placed in the residential and transition treatment program for women for the 12-month period. In the event that the woman is not accepted for placement in the sheriff's residential and transition treatment program for women, the court shall proceed to sentence the woman to any other disposition authorized by this Code. If the woman does not successfully complete the residential and transition treatment program for women, the woman's failure to do so shall constitute a violation of the sentence to the residential and transition treatment program for women.

(d) The program may include a substance abuse treatment program designed for women offenders, mental health, trauma, and medical treatment; parenting skills and family relationship counseling, preparation for a high school equivalency GED or vocational certificate; life skills program; job readiness and job skill training, and a community transition development plan.

(e) With the approval of the Department of Corrections, the sheriff shall issue requirements for the program and inform the participants who shall sign an agreement to adhere to all rules and all requirements for the pilot residential and transition treatment program.

(f) Participation in the pilot residential and transition treatment program for women shall be for a period not to exceed 12 months. The period may not be reduced by accumulation of good time.

(g) If the woman successfully completes the pilot residential and transition treatment program for women, the sheriff shall notify the Department of Corrections, the court, and the State's Attorney of the county of the woman's successful completion.

(h) A woman may be removed from the pilot residential and transition treatment program for women for violation of the terms and conditions of the program or in the event she is unable to participate. The failure to complete the program shall be deemed a violation of the conditions of the program. The sheriff shall give notice to the Department of Corrections, the court, and the State's Attorney of the woman's failure to complete the program. The Department of Corrections or its designee shall file a petition alleging that the woman has violated the conditions of the program with the court. The State's Attorney may proceed on the petition under Section 5-4-1 of this Code.

(i) The conditions of the pilot residential and transition treatment program for women shall include that the woman while in the program:

(6) upon placement in the program, must agree to follow all requirements of the program.

(j) The Department of Corrections or the sheriff may terminate the program at any time by mutual agreement or with 30 days prior written notice by either the Department of Corrections or the sheriff.

(l) The Director of the Department of Corrections shall have the authority to develop rules to establish and operate a pilot residential and treatment program for women that shall include criteria for selection of the participants of the program in conjunction and approval by the sentencing court. Violent crime offenders are not eligible to participate in the program.

(m) The Department shall report to the Governor and the General Assembly before September 30th of each year on the pilot residential and treatment program for women, including the composition of the program by offenders, sentence, age, offense, and race. Reporting is only required if the pilot residential and treatment program for women is operational.

(n) The Department of Corrections or the sheriff may terminate the program with 30 days prior written notice.

(o) A county with more than 3,000,000 inhabitants is authorized to apply for funding from federal, local or private entities to create a Residential and Treatment Program for Women. Sec. 22-45. Illinois P-20 Council.

(a) The General Assembly finds that preparing Illinoisans for success in school and the workplace requires a continuum of quality education from preschool through graduate school. This State needs a framework to guide education policy and integrate education at every level. A statewide coordinating council to study and make recommendations concerning education at all levels can avoid fragmentation of policies, promote improved teaching and learning, and continue to cultivate and demonstrate strong accountability and efficiency. Establishing an Illinois P-20 Council will develop a statewide agenda that will move the State towards the common goals of improving academic achievement, increasing college access and success, improving use of existing data and measurements, developing improved accountability, fostering innovative approaches to education, promoting lifelong learning, easing the transition to college, and reducing remediation. A pre-kindergarten through grade 20 agenda will strengthen this State's economic competitiveness by producing a highly-skilled workforce. In addition, lifelong learning plans will enhance this State's ability to leverage funding.

(b) Notwithstanding anything to the contrary set forth in this Section or under other applicable law, in the event that an operating agreement creates one or more series, and if separate and distinct records are maintained for any such series and the assets associated with any such series are held (directly or indirectly, including through a nominee or otherwise) and accounted for separately from the other assets of the limited liability company, or any other series thereof, and if the operating agreement so provides, and notice of the limitation on liabilities of a series as referenced in this subsection is set forth in the articles of organization of the limited liability company and if the limited liability company has filed a certificate of designation for each series which is to have limited liability under this Section, then the debts, liabilities and obligations incurred, contracted for or otherwise existing with respect to a particular series shall be enforceable against the assets of such series only, and not against the assets of the limited liability company generally or any other series thereof, and unless otherwise provided in the operating agreement, none of the debts, liabilities, obligations and expenses incurred, contracted for or otherwise existing with respect to the

limited liability company generally or any other series thereof shall be enforceable against the assets of such series. The fact that the articles of organization contain the foregoing notice of the limitation on liabilities of a series and a certificate of designation for a series is on file in the Office of the Secretary of State shall constitute notice of such limitation on liabilities of a series. A series with limited liability shall be treated as a separate entity to the extent set forth in the articles of organization. Each series with limited liability may, in its own name, contract, hold title to assets, grant security interests, sue and be sued and otherwise conduct business and exercise the powers of a limited liability company under this Act. The limited liability company and any of its series may elect to consolidate their operations as a single taxpayer to the extent permitted under applicable law, elect to work cooperatively, elect to contract jointly or elect to be treated as a single business for purposes of qualification to do business in this or any other state. Such elections shall not affect the limitation of liability set forth in this Section except to the extent that the series have specifically accepted joint liability by contract.

(c) Except in the case of a foreign limited liability company that has adopted an assumed name pursuant to Section 45-15, the name of the series with limited liability must commence with contain the entire name of the limited liability company, as set forth in its articles of incorporation, and be distinguishable from the names of the other series set forth in the articles of organization. (d) Upon the filing of the certificate of designation with the Secretary of State setting forth the name of each series with limited liability, the series' existence shall begin, and each of the duplicate copies stamped "Filed" and marked with the filing date shall be conclusive evidence, except as against the State, that all conditions precedent required to be performed have been complied with and that the series has been or shall be legally organized and formed under this Act. If different from the limited liability company, the certificate of designation for each series shall list the names of the members if the series is member managed or the names of the managers if the series is manager managed. The name of a series with limited liability under subsection (b) of this Section may be changed by filing with the Secretary of State.
State a certificate of designation identifying the series whose name is being changed and the new name of such series. If not the same as the limited liability company, the names of the members of a member managed series or of the managers of a manager managed series may be changed by filing a new certificate of designation with the Secretary of State. A series with limited liability under subsection (b) of this Section may be dissolved by filing with the Secretary of State a certificate of designation identifying the series being dissolved or by the dissolution of the limited liability company as provided in subsection (m) of this Section. Certificates of designation may be executed by the limited liability company or any manager, person or entity designated in the operating agreement for the limited liability company.

(e) A series of a limited liability company will be deemed to be in good standing as long as the limited liability company is in good standing.

(f) The registered agent and registered office for the limited liability company in Illinois shall serve as the agent and office for service of process in Illinois for each series.

(g) An operating agreement may provide for classes or groups of members or managers associated with a series having such relative rights, powers and duties as the operating agreement may provide, and may make provision for the future creation of additional classes or groups of members or managers associated with the series having such relative rights, powers and duties as may from time to time be established, including rights, powers and duties senior to existing classes and groups of members or managers associated with the series.

(h) A series may be managed by either the member or members associated with the series or by a manager or managers chosen by the members of such series, as provided in the operating agreement. Unless otherwise provided in an operating agreement, the management of a series shall be vested in the members associated with such series.

(i) An operating agreement may grant to all or certain identified members or managers or a specified class or group of the members or managers associated with a series the right to vote separately or with all or any class or group of the members or managers associated with the series, on any matter. An operating agreement may provide that any member or class or group of members associated with a series shall have no voting rights.

(j) Except to the extent modified in this Section, the provisions of this Act which are generally applicable to limited liability companies, their managers, members and transferees shall be applicable to each particular series with respect to the operation of such series.

New matter indicated by italics - deletions by strikeout
(k) Except as otherwise provided in an operating agreement, any event under this Act or in an operating agreement that causes a manager to cease to be a manager with respect to a series shall not, in itself, cause such manager to cease to be a manager of the limited liability company or with respect to any other series thereof.

(l) Except as otherwise provided in an operating agreement, any event under this Act or an operating agreement that causes a member to cease to be associated with a series shall not, in itself, cause such member to cease to be associated with any other series or terminate the continued membership of a member in the limited liability company or cause the termination of the series, regardless of whether such member was the last remaining member associated with such series.

(m) Except to the extent otherwise provided in the operating agreement, a series may be dissolved and its affairs wound up without causing the dissolution of the limited liability company. The dissolution of a series established in accordance with subsection (b) of this Section shall not affect the limitation on liabilities of such series provided by subsection (b) of this Section. A series is terminated and its affairs shall be wound up upon the dissolution of the limited liability company under Article 35 of this Act.

(n) If a limited liability company with the ability to establish series does not register to do business in a foreign jurisdiction for itself and certain of its series, a series of a limited liability company may itself register to do business as a limited liability company in the foreign jurisdiction in accordance with the laws of the foreign jurisdiction.

(o) If a foreign limited liability company, as permitted in the jurisdiction of its organization, has established a series having separate rights, powers or duties and has limited the liabilities of such series so that the debts, liabilities and obligations incurred, contracted for or otherwise existing with respect to a particular series are enforceable against the assets of such series only, and not against the assets of the limited liability company generally or any other series thereof, or so that the debts, liabilities, obligations and expenses incurred, contracted for or otherwise existing with respect to the limited liability company generally or any other series thereof are not enforceable against the assets of such series, then the limited liability company, on behalf of itself or any of its series, or any of its series on their own behalf may register to do business in the State in accordance with Section 45-5 of this Act. The limitation of liability shall be so stated on the application for admission as a foreign limited liability company and a certificate of designation shall be filed for each series being registered to do

Sec. 1. Peace Officer Status.
(a) Any person who is a sworn member of any organized and paid fire department of a political subdivision of this State and is authorized to investigate fires or explosions for such political subdivision and to determine the cause, origin and circumstances of fires or explosions that are suspected to be arson or arson-related crimes, may be classified as a peace officer by the political subdivision or agency employing such person. A person so classified shall possess the same powers of arrest, search and seizure and the securing and service of warrants as sheriffs of counties, and police officers within the jurisdiction of their political subdivision. While in the actual investigation and matters incident thereto, such person may carry weapons as may be necessary, but only if that person has satisfactorily completed (1) a training program offered or approved by the Illinois Law Enforcement Training Standards Board which substantially conforms to standards promulgated pursuant to the Illinois Police Training Act and the Peace Officer and Probation Officer Firearm Training Act; and (2) a course in fire and arson investigation approved by the Office of the State Fire Marshal pursuant to the Illinois Fire Protection Training Act. Such training need not include exposure to vehicle and traffic law, traffic control and accident investigation, or first aid, but shall include training in the law relating to the rights of persons suspected of involvement in criminal activities.
Any person granted the powers enumerated in this subsection (a) may exercise such powers only during the actual investigation of the cause, origin
and circumstances of such fires or explosions that are suspected to be arson or arson-related crimes.

(b) Persons employed by the Office of the State Fire Marshal to conduct arson investigations shall be designated State Fire Marshal Arson Investigator Special Agents and shall be peace officers with all of the powers of peace officers in cities and sheriffs in counties, except that they may exercise those powers throughout the State. These Special Agents may exercise these powers only when engaging in official duties during the actual investigation of the cause, origin, and circumstances of such fires or explosions that are suspected to be arson or arson-related crimes and may carry weapons at all times, but only if they have satisfactorily completed (1) a training course approved by the Illinois Law Enforcement Training Standards Board that substantially conforms to the standards promulgated pursuant to the Peace Officer and Probation Officer Firearm Training Act and (2) a course in fire and arson investigation approved by the Office of the State Fire Marshal pursuant to the Illinois Fire Protection Training Act. Such training need not include exposure to vehicle and traffic law, traffic control and accident investigation, or first aid, but shall include training in the law relating to the rights of persons suspected of involvement in criminal activities.

For purposes of this subsection (b), a "State Fire Marshal Arson Investigator Special Agent" does not include any fire investigator, fireman, police officer, or other employee of the federal government; any fire investigator, fireman, police officer, or other employee of any unit of local government; or any fire investigator, fireman, police officer, or other employee of the State of Illinois other than an employee of the Office of the State Fire Marshal assigned to investigate arson.

The State Fire Marshal must authorize to each employee of the Office of the State Fire Marshal who is exercising the powers of a peace officer a distinct badge that, on its face, (i) clearly states that the badge is authorized by the Office of the State Fire Marshal and (ii) contains a unique identifying number. No other badge shall be authorized by the Office of the State Fire Marshal, except that a badge, different from the badge issued to peace officers, may be authorized by the Office of the State Fire Marshal for the use of fire prevention inspectors employed by that Office. Nothing in this subsection prohibits the State Fire Marshal from issuing shields or other distinctive identification to employees not exercising the powers of a peace officer if the State Fire Marshal determines that a shield or distinctive
identification is needed by the employee to carry out his or her responsibilities.

The township enforcement officer shall not carry firearms and will not be required to comply with the Peace Officer and Probation Officer Firearm Training Act. The officer shall attend law enforcement training classes conducted by the Illinois Law Enforcement Training Standards Board. A copy of such notice of violation shall be forwarded to the circuit court having jurisdiction over the township where the violation is alleged to have been committed. Every person who has been issued a summons shall appear for trial, and the action shall be prosecuted in the corporate name of the township. Enforcement of county ordinances shall be in accordance with procedures adopted by the county and any applicable State law.

(2) In all actions for violation of any township ordinance when the fine would not be in excess of $500 and no jail term could be imposed, service of summons may be made by the township clerk by certified mail, return receipt requested, whether service is to be within or without the State.

driving permit granting the privilege of driving a motor vehicle between the petitioner's residence and petitioner's place of employment or within the scope of the petitioner's employment related duties, or to allow the petitioner to transport himself or herself, or a family member of the petitioner's household to a medical facility, to receive necessary medical care, to allow the petitioner to transport himself or herself to and from alcohol or drug remedial or rehabilitative activity recommended by a licensed service provider, or to allow the petitioner to transport himself or herself or a family member of the petitioner's household to classes, as a student, at an accredited educational institution, or to allow the petitioner to transport children, elderly persons, or disabled persons who do not hold driving privileges and are living in the petitioner's household to and from daycare. The petitioner must demonstrate that no alternative means of transportation is reasonably available and that the petitioner will not endanger the public safety or welfare. Those multiple offenders identified in subdivision (b)4 of Section 6-208 of this Code, however, shall not be eligible for the issuance of a restricted driving permit.

(A) If a person's license or permit is revoked or suspended due to 2 or more convictions of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense, or a combination of these offenses, arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(B) If a person's license or permit is revoked or suspended 2 or more times within a 10 year period due to any combination of:

(i) a single conviction of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense or Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, where the use of alcohol or other drugs
is recited as an element of the offense, or a similar out-of-state offense; or
(ii) a statutory summary suspension or revocation under Section 11-501.1; or
(iii) a suspension under Section 6-203.1; arising out of separate occurrences; that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(C) The person issued a permit conditioned upon the use of an ignition interlock device must pay to the Secretary of State DUI Administration Fund an amount not to exceed $30 per month. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees.

(D) If the restricted driving permit is issued for employment purposes, then the prohibition against operating a motor vehicle that is not equipped with an ignition interlock device does not apply to the operation of an occupational vehicle owned or leased by that person's employer when used solely for employment purposes.

(E) In each case the Secretary may issue a restricted driving permit for a period deemed appropriate, except that all permits shall expire within one year from the date of issuance. The Secretary may not, however, issue a restricted driving permit to any person whose current revocation is the result of a second or subsequent conviction for a violation of Section 11-501 of this Code or a similar provision of a local ordinance or any similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, where the use of alcohol or other drugs is recited as an element of the offense, or any similar out-of-state offense, or any combination of those offenses, until the expiration of at least one year from the date of the revocation. A restricted driving permit issued under this Section shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued under this Code may be cancelled, revoked, or suspended; except that a conviction upon one or more

offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit. The Secretary of State may, as a condition to the issuance of a restricted driving permit, require the applicant to participate in a designated driver remedial or rehabilitative program. The Secretary of State is authorized to cancel a restricted driving permit if the permit holder does not successfully complete the program.

(c-3) In the case of a suspension under paragraph 43 of subsection (a), reports received by the Secretary of State under this Section shall, except during the actual time the suspension is in effect, be privileged information and for use only by the courts, police officers, prosecuting authorities, the driver licensing administrator of any other state, the Secretary of State, or the parent or legal guardian of a driver under the age of 18. However, beginning January 1, 2008, if the person is a CDL holder, the suspension shall also be made available to the driver licensing administrator of any other state, the U.S. Department of Transportation, and the affected driver or motor carrier or prospective motor carrier upon request.

(c-4) In the case of a suspension under paragraph 43 of subsection (a), the Secretary of State shall notify the person by mail that his or her driving privileges and driver's license will be suspended one month after the date of the mailing of the notice.

(c-5) The Secretary of State may, as a condition of the reissuance of a driver's license or permit to an applicant whose driver's license or permit has been suspended before he or she reached the age of 21 years pursuant to any of the provisions of this Section, require the applicant to participate in a driver remedial education course and be retested under Section 6-109 of this Code.

(d) This Section is subject to the provisions of the Drivers License Compact.

(e) The Secretary of State shall not issue a restricted driving permit to a person under the age of 16 years whose driving privileges have been suspended or revoked under any provisions of this Code.

(f) In accordance with 49 C.F.R. 384, the Secretary of State may not issue a restricted driving permit for the operation of a commercial motor vehicle to a person holding a CDL whose driving privileges have been suspended, revoked, cancelled, or disqualified under any provisions of this Code.

Part 383 or Part 1572; and administrative and policy decisions of the U.S. Secretary of Transportation and the Federal Motor Carrier Safety Administration. The Secretary may, as provided in the CMVSA, establish stricter requirements for the licensing of commercial motor vehicle drivers than those established by the federal government.

(b) By January 1, 1994, the Secretary of State shall establish rules and regulations for the issuance of a restricted commercial driver's license for farm-related service industries consistent with federal guidelines. The restricted license shall be available for a seasonal period or periods not to exceed a total of 180 days in any 12 month period.

(c) (Blank). By July 1, 1995, the Secretary of State shall establish rules and regulations, to be consistent with federal guidelines, for the issuance and cancellation or withdrawal of a restricted commercial driver's license that is limited to the operation of a school bus. The cancellation or withdrawal of the restricted commercial driver's license shall remain in effect pending the outcome of that hearing.

(d) By July 1, 1995, the Secretary of State shall establish rules and regulations for the issuance and cancellation of a School Bus Driver's Permit. The permit shall be required for the operation of a school bus as provided in subsection (c), a non-restricted CDL with passenger endorsement, or a properly classified driver's license. The permit will establish that the school bus driver has met all the requirements of the application and screening process established by Section 6-106.1 of this Code.

(A) The base year resident days which are calculated by multiplying the number of Medicaid residents in each nursing home as indicated in the MDS data defined in paragraph (4) by 365.

(B) Each facility's nursing component per diem in effect on July 1, 2012 shall be multiplied by subsection (A).

(C) Thirteen million is added to the product of subparagraph (A) and subparagraph (B) to adjust for the exclusion of nursing homes defined in paragraph (5).

For each nursing home with Medicaid residents as indicated by the MDS data defined in paragraph (4), weighted days adjusted for case mix and regional wage adjustment shall be calculated. For each home this calculation is the product of:

(A) Base year resident days as calculated in subparagraph (A) of paragraph (1).

(B) The nursing home's regional wage adjustor based on the Health Service Areas (HSA) groupings and adjustors in effect on April 30, 2012.

(C) Facility weighted case mix which is the number of Medicaid residents as indicated by the MDS data defined in paragraph (4) multiplied by the associated case weight for the RUG-IV 48 grouper model using standard RUG-IV procedures for index maximization.

(D) The sum of the products calculated for each nursing home in subparagraphs (A) through (C) above shall be the base year case mix, rate adjusted weighted days.
(3) The Statewide RUG-IV nursing base per diem rate on January 1, 2014 shall be the quotient of the paragraph (1) divided by the sum calculated under subparagraph (D) of paragraph (2).

(4) Minimum Data Set (MDS) comprehensive assessments for Medicaid residents on the last day of the quarter used to establish the base rate.

(5) Nursing facilities designated as of July 1, 2012 by the Department as "Institutions for Mental Disease" shall be excluded from all calculations under this subsection. The data from these facilities shall not be used in the computations described in paragraphs (1) through (4) above to establish the base rate.

(e) Notwithstanding any other provision of this Code, the Department shall by rule develop a reimbursement methodology reflective of the intensity of care and services requirements of low need residents in the lowest RUG IV groupers and corresponding regulations. Only that portion of the RUGs Reimbursement System spending pool described in subsection (d-1) attributed to the groupers as of July 1, 2013 for which the methodology in this Section is developed may be diverted for this purpose. The Department shall submit the rules no later than January 1, 2014 for an implementation date no later than January 1, 2015. If the Department does not implement this reimbursement methodology by the required date, the nursing component per diem on January 1, 2015 for residents classified in RUG-IV groups PA1, PA2, BA1, and BA2 shall be the blended rate of the calculated RUG-IV nursing component per diem and the nursing component per diem in effect on July 1, 2012. This blended rate shall be applied only to nursing homes whose resident population is greater than or equal to 70% of the total residents served and whose RUG-IV nursing component per diem rate is less than the nursing component per diem in effect on July 1, 2012. This blended rate shall be in effect until the reimbursement methodology is implemented or until July 1, 2019, whichever is sooner.

(e-1) Notwithstanding any other provision of this Article, rates established pursuant to this subsection shall not apply to any and all nursing facilities designated by the Department as "Institutions for Mental Disease" and shall be excluded from the RUGs Reimbursement System applicable to facilities not designated as "Institutions for the Mentally Diseased" by the Department.

(e-2) For dates of services beginning January 1, 2014, the RUG-IV nursing component per diem for a nursing home shall be the product of the statewide RUG-IV nursing base per diem rate, the facility average case mix.
index, and the regional wage adjustor. Transition rates for services provided between January 1, 2014 and December 31, 2014 shall be as follows:

(1) The transition RUG-IV per diem nursing rate for nursing homes whose rate calculated in this subsection (e-2) is greater than the nursing component rate in effect July 1, 2012 shall be paid the sum of:
   (A) The nursing component rate in effect July 1, 2012; plus
   (B) The difference of the RUG-IV nursing component per diem calculated for the current quarter minus the nursing component rate in effect July 1, 2012 multiplied by 0.88.

(2) The transition RUG-IV per diem nursing rate for nursing homes whose rate calculated in this subsection (e-2) is less than the nursing component rate in effect July 1, 2012 shall be paid the sum of:
   (A) The nursing component rate in effect July 1, 2012; plus
   (B) The difference of the RUG-IV nursing component per diem calculated for the current quarter minus the nursing component rate in effect July 1, 2012 multiplied by 0.13.

(f) Notwithstanding any other provision of this Code, on and after July 1, 2012, reimbursement rates associated with the nursing or support components of the current nursing facility rate methodology shall not increase beyond the level effective May 1, 2011 until a new reimbursement system based on the RUGs IV 48 grouper model has been fully operationalized.

(g) Notwithstanding any other provision of this Code, on and after July 1, 2012, for facilities not designated by the Department of Healthcare and Family Services as "Institutions for Mental Disease", rates effective May 1, 2011 shall be adjusted as follows:
   (1) Individual nursing rates for residents classified in RUG IV groups PA1, PA2, BA1, and BA2 during the quarter ending March 31, 2012 shall be reduced by 10%;
   (2) Individual nursing rates for residents classified in all other RUG IV groups shall be reduced by 1.0%;
   (3) Facility rates for the capital and support components shall be reduced by 1.7%.

(h) Notwithstanding any other provision of this Code, on and after July 1, 2012, nursing facilities designated by the Department of Healthcare and Family Services as "Institutions for Mental Disease" and "Institutions for Mental Disease New matter indicated by italics - deletions by strikeout
Mental Disease" that are facilities licensed under the Specialized Mental Health Rehabilitation Act of 2013 shall have the nursing, socio-developmental, capital, and support components of their reimbursement rate effective May 1, 2011 reduced in total by 2.7%.

New matter indicated by italics - deletions by strikeout
Sec. 7-210. Funds. (a) All money received by the board shall immediately be deposited with the State Treasurer for the account of the fund, or in the case of funds received under Section 7-199.1, in a separate account maintained for that purpose. All disbursements of funds held by the State Treasurer shall be made only upon warrants of the State Comptroller drawn upon the Treasurer as custodian of this fund upon vouchers signed by the person or persons designated for such purpose by resolution of the board. The Comptroller is authorized to draw such warrants upon vouchers so signed, including warrants payable to the Fund for deposit in a revolving account authorized by Section 7-195.1. The Treasurer shall accept all warrants so signed and shall be released from liability for all payments made thereon. Vouchers shall be drawn only upon proper authorization by the board as properly recorded in the official minute books of the meetings of the board.

(b) All securities of the fund when received shall be deposited with the State Treasurer who shall provide adequate safe deposit facilities for their preservation and have custody of them.

(c) The assets of the fund shall be invested as one fund, and no particular person, municipality, or instrumentality thereof or participating instrumentality shall have any right in any specific security or in any item of cash other than an undivided interest in the whole.

(d) Except as provided in subsection (d-5), whenever any employees of a municipality or participating instrumentality have been or shall be excluded from participation in this fund by virtue of the application of paragraph b of Section 7-109 (2), the board shall issue a voucher authorizing the Comptroller to draw his warrant upon the Treasurer as custodian of this fund in an amount equal to the accumulated contributions of such employees. Such warrant shall be drawn in favor of the appropriate fund of the retirement fund in which such employees have or shall become participants. Such transfer shall terminate any further rights of such employees under this fund.

(d-5) Upon creation of a newly established Article 3 police pension fund by referendum under Section 3-145 or by census under Section 3-105, the following amounts shall be transferred from this Fund to the new police pension fund, within 30 days after an application therefor is received from the new pension fund:

(1) the amounts actually contributed to this Fund as employee contributions by or on behalf of the police officers transferring to the new pension fund for their service as police officers of the municipality that is establishing the new pension fund, plus interest
on those amounts at the rate of 6% per year, compounded annually, from the date of contribution to the date of transfer to the new pension fund, and

(2) an amount representing employer contributions, equal to the total amount determined under item (1).

This transfer terminates any further rights of such police officers in this Fund arising out of their service as police officers of the municipality that is establishing the new pension fund.

(e) If a participating instrumentality terminates participation because it fails to meet the requirements of Section 7-108, it shall pay to the fund the amount equal to any net debit balance in its municipality reserve account and account receivable. Its successors, and assigns and transferees of its assets shall be obligated to make this payment to the extent of the value of assets transferred to them. The fund shall pay an amount equal to any net credit balance to the participating instrumentality, its successors or assigns. Any remaining net debit or credit balance not collectible or payable shall be transferred to the terminated municipality reserve account. The fund shall pay to each employee of the participating instrumentality an amount equal to his credits in the employee reserves. The employees shall have no further rights to any benefits from the fund, except that annuities awarded prior to the date of termination shall continue to be paid.

Sec. 16. Expiration and renewal of licenses; renewal of registration; continuing education; peer review.

(a) The expiration date and renewal period for each license or registration issued under this Act shall be set by rule.

(b) Every holder of a license or registration under this Act may renew such license or registration before the expiration date upon payment of the required renewal fee as set by rule.

(c) Every application for renewal of a license by a licensed CPA who has been licensed under this Act for 3 years or more shall be accompanied or supported by any evidence the Department shall prescribe, in satisfaction of completing, each 3 years, not less than 120 hours of continuing professional education as prescribed by Department rules. Of the 120 hours, not less than 4 hours shall be courses covering the subject of professional ethics. All continuing education sponsors applying to the Department for registration shall be required to submit an initial nonrefundable application fee set by Department rule. Each registered continuing education sponsor shall be required to pay an annual renewal fee set by Department rule. Publicly supported colleges, universities, and governmental agencies located in Illinois are exempt from payment of any fees required for continuing education sponsor registration. Failure by a continuing education sponsor to be licensed or pay the fees prescribed in this Act, or to comply with the rules and regulations established by the Department under this Section regarding requirements for continuing education courses or sponsors, shall constitute grounds for revocation or denial of renewal of the sponsor's registration.

(d) Licensed CPAs are exempt from the continuing professional education requirement for the first renewal period following the original issuance of the license.

Failure by an applicant for renewal of a license as a licensed CPA to furnish the evidence shall constitute grounds for disciplinary action, unless the Department in its discretion shall determine the failure to have been due to reasonable cause. The Department, in its discretion, may renew a license despite failure to furnish evidence of satisfaction of requirements of continuing education upon condition that the applicant follow a particular program or schedule of continuing education. In issuing rules and individual orders in respect of requirements of continuing education, the Department in its discretion may, among other things, use and rely upon guidelines and pronouncements of recognized educational and professional associations;
may prescribe rules for the content, duration, and organization of courses; shall take into account the accessibility to applicants of such continuing education as it may require, and any impediments to interstate practice of public accounting that may result from differences in requirements in other states; and may provide for relaxation or suspension of requirements in regard to applicants who certify that they do not intend to engage in the performance of accountancy activities, and for instances of individual hardship.

The Department shall establish by rule a means for the verification of completion of the continuing education required by this Section. This verification may be accomplished through audits of records maintained by licensees; by requiring the filing of continuing education certificates with the Department; or by other means established by the Department.

The Department may establish, by rule, guidelines for acceptance of continuing education on behalf of licensed CPAs taking continuing education courses in other jurisdictions.

(e) For renewals on and after July 1, 2012, as a condition for granting a renewal license to CPA firms and sole practitioners who perform accountancy activities outlined in paragraph (1) of subsection (a) of Section 8.05 under this Act, the Department shall require that the CPA firm or sole practitioner satisfactorily complete a peer review during the immediately preceding 3-year period, accepted by a Peer Review Administrator in accordance with established standards for performing and reporting on peer reviews, unless the CPA firm or sole practitioner is exempted under the provisions of subsection (i) of this Section. A CPA firm or sole practitioner shall, at the request of the Department, submit to the Department a letter from the Peer Review Administrator stating the date on which the peer review was satisfactorily completed.

A new CPA firm or sole practitioner shall not be required to comply with the peer review requirements for the first license renewal. A CPA firm or sole practitioner shall undergo its first peer review during the first full renewal cycle after it is granted its initial license.

The requirements of this subsection (e) shall not apply to any person providing services requiring a license under this Act to the extent that such services are provided in the capacity of an employee of the Office of the Auditor General or to a nonprofit cooperative association engaged in the rendering of licensed service to its members only under paragraph (3) of Section 14.4 of this Act or any of its employees to the extent that such services are provided in the capacity of an employee of the association.

New matter indicated by italics - deletions by strikeout
(f) The Department shall approve only Peer Review Administrators that the Department finds comply with established standards for performing and reporting on peer reviews. The Department may adopt rules establishing guidelines for peer reviews, which shall do all of the following:

1. Require that a peer review be conducted by a reviewer that is independent of the CPA firm reviewed and approved by the Peer Review Administrator under established standards.

2. Other than in the peer review process, prohibit the use or public disclosure of information obtained by the reviewer, the Peer Review Administrator, or the Department during or in connection with the peer review process. The requirement that information not be publicly disclosed shall not apply to a hearing before the Department that the CPA firm or sole practitioner requests be public or to the information described in paragraph (3) of subsection (i) of this Section.

(g) If a CPA firm or sole practitioner fails to satisfactorily complete a peer review as required by subsection (e) of this Section or does not comply with any remedial actions determined necessary by the Peer Review Administrator, the Peer Review Administrator shall notify the Department of the failure and shall submit a record with specific references to the rule, statutory provision, professional standards, or other applicable authority upon which the Peer Review Administrator made its determination and the specific actions taken or failed to be taken by the licensee that in the opinion of the Peer Review Administrator constitutes a failure to comply. The Department may at its discretion or shall upon submission of a written application by the CPA firm or sole practitioner hold a hearing under Section 20.1 of this Act to determine whether the CPA firm or sole practitioner has complied with subsection (e) of this Section. The hearing shall be confidential and shall not be open to the public unless requested by the CPA firm or sole practitioner.

Sec. 18.4. Powers and Duties of Board of Managers. The board of managers shall exercise for the association all powers, duties and authority vested in the association by law or the condominium instruments except for such powers, duties and authority reserved by law to the members of the association. The powers and duties of the board of managers shall include, but shall not be limited to, the following:

(a) To provide for the operation, care, upkeep, maintenance, replacement and improvement of the common elements. Nothing in this subsection (a) shall be deemed to invalidate any provision in a condominium instrument placing limits on expenditures for the common elements, provided, that such limits shall not be applicable to expenditures for repair, replacement, or restoration of existing portions of the common elements. The term "repair, replacement or restoration" means expenditures to deteriorated or damaged portions of the property related to the existing decorating, facilities, or structural or mechanical components, interior or exterior surfaces, or energy systems and equipment with the functional equivalent of the original portions of such areas. Replacement of the common elements may result in an improvement over the original quality of such elements or facilities; provided that, unless the improvement is mandated by law or is an emergency as defined in item (iv) of subparagraph (8) of paragraph (a) of Section 18, if the improvement results in a proposed expenditure exceeding 5% of the annual budget, the board of managers, upon written petition by unit owners with 20% of the votes of the association delivered to the board within 14 days of the board action to approve the expenditure, shall call a meeting of the unit owners within 30 days of the date of delivery of the petition

(h) To adopt and amend rules and regulations covering the details of the operation and use of the property, after a meeting of the unit owners called for the specific purpose of discussing the proposed rules and regulations. Notice of the meeting shall contain the full text of the proposed rules and regulations, and the meeting shall conform to the requirements of Section 18(b) of this Act, except that no quorum is required at the meeting of the unit owners unless the declaration, bylaws or other condominium instrument expressly provides to the contrary. However, no rule or regulation may impair any rights guaranteed by the First Amendment to the Constitution of the United States or Section 4 of Article I of the Illinois Constitution including, but not limited to, the free exercise of religion, nor may any rules or regulations conflict with the provisions of this Act or the condominium instruments. No rule or regulation shall prohibit any reasonable accommodation for religious practices, including the attachment of religiously mandated objects to the front-door area of a condominium unit.
(i) To keep detailed, accurate records of the receipts and expenditures affecting the use and operation of the property.
(j) To have access to each unit from time to time as may be necessary for the maintenance, repair or replacement of any common elements or for making emergency repairs necessary to prevent damage to the common elements or to other units.

In the performance of their duties, the officers and members of the board, whether appointed by the developer or elected by the unit owners, shall exercise the care required of a fiduciary of the unit owners.

The collection of assessments from unit owners by an association, board of managers or their duly authorized agents shall not be considered acts constituting a collection agency for purposes of the Collection Agency Act.

The provisions of this Section are applicable to all condominium instruments recorded under this Act. Any portion of a condominium instrument which contains provisions contrary to these provisions shall be void as against public policy and ineffective. Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Sections 2-3.25g, 2-3.32, 2-3.47, 10-22.5a, 14-7.03, 18-4.5, 18-6, 27A-5, 27A-6.5, 27A-7, 27A-9, 27A-11, and 27A-11.5 as follows:

(105 ILCS 5/2-3.25g) (from Ch. 122, par. 2-3.25g)

Sec. 2-3.25g. Waiver or modification of mandates within the School Code and administrative rules and regulations.

(a) In this Section:

"Board" means a school board or the governing board or administrative district, as the case may be, for a joint agreement.

"Eligible applicant" means a school district, joint agreement made up of school districts, or regional superintendent of schools on behalf of schools and programs operated by the regional office of education.

"Implementation date" has the meaning set forth in Section 24A-2.5 of this Code.

"State Board" means the State Board of Education.

(b) Notwithstanding any other provisions of this School Code or any other law of this State to the contrary, eligible applicants may petition the State Board of Education for the waiver or modification of the mandates of this School Code or of the administrative rules and regulations promulgated by the State Board of Education. Waivers or modifications of administrative rules and regulations and modifications of mandates of this School Code may be requested when an eligible applicant demonstrates that it can address the intent of the rule or mandate in a more effective, efficient, or economical manner or when necessary to stimulate innovation or improve student performance. Waivers of mandates of the School Code may be requested when the waivers are necessary to stimulate innovation or improve student performance. Waivers may not be requested from laws, rules, and regulations pertaining to special education, teacher educator licensure certification, teacher tenure and seniority, or Section 5-2.1 of this Code or from compliance with the No Child Left Behind Act of 2001 (Public Law 107-110). Eligible applicants may not seek a waiver or seek a modification of a mandate regarding the requirements for (i) student performance data to be a...
significant factor in teacher or principal evaluations or (ii) for teachers and principals to be rated using the 4 categories of "excellent", "proficient", "needs improvement", or "unsatisfactory". On September 1, 2014, any previously authorized waiver or modification from such requirements shall terminate.

(c) Eligible applicants, as a matter of inherent managerial policy, and any Independent Authority established under Section 2-3.25f may submit an application for a waiver or modification authorized under this Section. Each application must include a written request by the eligible applicant or Independent Authority and must demonstrate that the intent of the mandate can be addressed in a more effective, efficient, or economical manner or be based upon a specific plan for improved student performance and school improvement. Any eligible applicant requesting a waiver or modification for the reason that intent of the mandate can be addressed in a more economical manner shall include in the application a fiscal analysis showing current expenditures on the mandate and projected savings resulting from the waiver or modification. Applications and plans developed by eligible applicants must be approved by the board or regional superintendent of schools applying on behalf of schools or programs operated by the regional office of education following a public hearing on the application and plan and the opportunity for the board or regional superintendent to hear testimony from staff directly involved in its implementation, parents, and students. The time period for such testimony shall be separate from the time period established by the eligible applicant for public comment on other matters. If the applicant is a school district or joint agreement requesting a waiver or modification of Section 27-6 of this Code, the public hearing shall be held on a day other than the day on which a regular meeting of the board is held.

(c-5) If the applicant is a school district, then the district shall post information that sets forth the time, date, place, and general subject matter of the public hearing on its Internet website at least 14 days prior to the hearing. If the district is requesting to increase the fee charged for driver education authorized pursuant to Section 27-24.2 of this Code, the website information shall include the proposed amount of the fee the district will request. All school districts must publish a notice of the public hearing at least 7 days prior to the hearing in a newspaper of general circulation within the school district that sets forth the time, date, place, and general subject matter of the hearing. Districts requesting to increase the fee charged for driver education shall include in the published notice the proposed amount of the fee the district will request. If the applicant is a joint agreement or regional...
superintendent, then the joint agreement or regional superintendent shall post information that sets forth the time, date, place, and general subject matter of the public hearing on its Internet website at least 14 days prior to the hearing. If the joint agreement or regional superintendent is requesting to increase the fee charged for driver education authorized pursuant to Section 27-24.2 of this Code, the website information shall include the proposed amount of the fee the applicant will request. All joint agreements and regional superintendents must publish a notice of the public hearing at least 7 days prior to the hearing in a newspaper of general circulation in each school district that is a member of the joint agreement or that is served by the educational service region that sets forth the time, date, place, and general subject matter of the hearing, provided that a notice appearing in a newspaper generally circulated in more than one school district shall be deemed to fulfill this requirement with respect to all of the affected districts. Joint agreements or regional superintendents requesting to increase the fee charged for driver education shall include in the published notice the proposed amount of the fee the applicant will request. The eligible applicant must notify in writing the affected exclusive collective bargaining agent and those State legislators representing the eligible applicant's territory of its intent to seek approval of a waiver or modification and of the hearing to be held to take testimony from staff. The affected exclusive collective bargaining agents shall be notified of such public hearing at least 7 days prior to the date of the hearing and shall be allowed to attend such public hearing. The eligible applicant shall attest to compliance with all of the notification and procedural requirements set forth in this Section.

(d) A request for a waiver or modification of administrative rules and regulations or for a modification of mandates contained in this School Code shall be submitted to the State Board of Education within 15 days after approval by the board or regional superintendent of schools. The application as submitted to the State Board of Education shall include a description of the public hearing. Except with respect to contracting for adaptive driver education, an eligible applicant wishing to request a modification or waiver of administrative rules of the State Board of Education regarding contracting with a commercial driver training school to provide the course of study authorized under Section 27-24.2 of this Code must provide evidence with its application that the commercial driver training school with which it will contract holds a license issued by the Secretary of State under Article IV of Chapter 6 of the Illinois Vehicle Code and that each instructor employed by the commercial driver training school to provide instruction to students
served by the school district holds a valid teaching certificate or teaching
license, as applicable, issued under the requirements of this Code and rules
of the State Board of Education. Such evidence must include, but need not be
limited to, a list of each instructor assigned to teach students served by the
school district, which list shall include the instructor's name, personal
identification number as required by the State Board of Education, birth date,
and driver's license number. If the modification or waiver is granted, then the
eligible applicant shall notify the State Board of Education of any changes in
the personnel providing instruction within 15 calendar days after an instructor
leaves the program or a new instructor is hired. Such notification shall
include the instructor's name, personal identification number as required by
the State Board of Education, birth date, and driver's license number. If a
school district maintains an Internet website, then the district shall post a
copy of the final contract between the district and the commercial driver
training school on the district's Internet website. If no Internet website exists,
then the district shall make available the contract upon request. A record of
all materials in relation to the application for contracting must be maintained
by the school district and made available to parents and guardians upon
request. The instructor's date of birth and driver's license number and any
other personally identifying information as deemed by the federal Driver's
Privacy Protection Act of 1994 must be redacted from any public materials.
Following receipt of the waiver or modification request, the State Board shall
have 45 days to review the application and request. If the State Board fails to
disapprove the application within that 45 day period, the waiver or
modification shall be deemed granted. The State Board may disapprove any
request if it is not based upon sound educational practices, endangers the
health or safety of students or staff, compromises equal opportunities for
learning, or fails to demonstrate that the intent of the rule or mandate can be
addressed in a more effective, efficient, or economical manner or have
improved student performance as a primary goal. Any request disapproved
by the State Board may be appealed to the General Assembly by the eligible
applicant as outlined in this Section.

A request for a waiver from mandates contained in this School Code
shall be submitted to the State Board within 15 days after approval by the
board or regional superintendent of schools. The application as submitted to
the State Board of Education shall include a description of the public hearing.
The description shall include, but need not be limited to, the means of notice,
the number of people in attendance, the number of people who spoke as
proponents or opponents of the waiver, a brief description of their comments,
and whether there were any written statements submitted. The State Board shall review the applications and requests for completeness and shall compile the requests in reports to be filed with the General Assembly. The State Board shall file reports outlining the waivers requested by eligible applicants and appeals by eligible applicants of requests disapproved by the State Board with the Senate and the House of Representatives before each March 1 and October 1. The General Assembly may disapprove the report of the State Board in whole or in part within 60 calendar days after each house of the General Assembly next convenes after the report is filed by adoption of a resolution by a record vote of the majority of members elected in each house. If the General Assembly fails to disapprove any waiver request or appealed request within such 60 day period, the waiver or modification shall be deemed granted. Any resolution adopted by the General Assembly disapproving a report of the State Board in whole or in part shall be binding on the State Board.

(e) An approved waiver or modification (except a waiver from or modification to a physical education mandate) may remain in effect for a period not to exceed 5 school years and may be renewed upon application by the eligible applicant. However, such waiver or modification may be changed within that 5-year period by a board or regional superintendent of schools applying on behalf of schools or programs operated by the regional office of education following the procedure as set forth in this Section for the initial waiver or modification request. If neither the State Board of Education nor the General Assembly disapproves, the change is deemed granted. An approved waiver from or modification to a physical education mandate may remain in effect for a period not to exceed 2 school years and may be renewed no more than 2 times upon application by the eligible applicant. An approved waiver from or modification to a physical education mandate may be changed within the 2-year period by the board or regional superintendent of schools, whichever is applicable, following the procedure set forth in this Section for the initial waiver or modification request. If neither the State Board of Education nor the General Assembly disapproves, the change is deemed granted.

In no event shall the funding be less than 75% or more than 125% of the school district's per capita student tuition multiplied by the number of students residing in the district who are enrolled in the charter school.

The charter school may set and collect reasonable fees. Fees collected from students enrolled at a charter school shall be retained by the charter school.

(c) Notwithstanding subsection (b) of this Section, the proportionate share of State and federal resources generated by students with disabilities or staff serving them shall be directed to charter schools enrolling those students by their school districts or administrative units. Sec. 27A-11.5. State financing. The State Board of Education shall make the following funds available to school districts and charter schools:

(1) From a separate appropriation made to the State Board for purposes of this subdivision (1), the State Board shall make transition impact aid available to school districts that approve a new charter school or that have funds withheld by the State Board to fund a new charter school that is chartered by the Commission State Board. The amount of the aid shall equal 90% of the per capita funding paid to the charter school during the first year of its initial charter term, 65% of the per capita funding paid to the charter school during the second year of its initial term, and 35% of the per capita funding paid to the charter school during the third year of its initial term. This transition impact aid shall be paid to the local school board in equal quarterly installments, with the payment of the installment for the first quarter being made by August 1st immediately preceding the first, second, and third years of the initial term. The district shall file an application for this aid with the State Board in a format designated by the State Board. If the appropriation is insufficient in any year to pay all approved claims, the impact aid shall be prorated. However, for fiscal year 2004, the State Board of Education shall pay approved claims only for charter schools with a valid charter granted prior to June 1, 2003. If any funds remain after these claims have been paid, then the State Board of Education may pay all other approved claims on a pro rata basis. Transition impact aid shall be paid beginning in the 1999-2000 school year for charter schools that are in the first, second, or third year of their initial term. Transition impact aid shall not be paid for any charter school that is proposed and created by one or more boards of education, as authorized under the provisions of Public Act 91-405.

(2) From a separate appropriation made for the purpose of this subdivision (2), the State Board shall make grants to charter schools to pay their start-up costs of acquiring educational materials and supplies, textbooks, electronic textbooks and the technological equipment necessary to gain access to and use electronic textbooks, furniture, and other equipment needed during their initial term. The State Board shall annually establish the time and manner of application for these grants, which shall not exceed $250 per student enrolled in the charter school.

(3) The Charter Schools Revolving Loan Fund is created as a special fund in the State treasury. Federal funds, such other funds as may be made available for costs associated with the establishment of charter schools in Illinois, and amounts repaid by charter schools that have received a loan from the Charter Schools Revolving Loan Fund shall be deposited into the Charter Schools Revolving Loan Fund, and the moneys in the Charter Schools Revolving Loan Fund shall be appropriated to the State Board and used to provide interest-free loans to charter schools. These funds shall be used to pay start-up costs of acquiring educational materials and supplies, textbooks, electronic textbooks and the technological equipment necessary to gain access to and use electronic textbooks, furniture, and other equipment needed in the initial term of the charter school and for acquiring and remodeling a suitable physical plant, within the initial term of the charter school. Loans shall be limited to one loan per charter school and shall not exceed $250 per student enrolled in the charter school. A loan shall be repaid by the end of the initial term of the charter school. The State Board may deduct amounts necessary to repay the loan from funds due to the charter school or may require that the local school board that authorized the charter school deduct such amounts from funds due the charter school and remit these amounts to the State Board, provided that the local school board shall not be responsible for repayment of the loan. The State Board may use up to 3% of the appropriation to contract with a non-profit entity to administer the loan program.

(4) A charter school may apply for and receive, subject to the same restrictions applicable to school districts, any grant administered by the State Board that is available for school districts.

These reimbursements may include the costs for tuition at training schools, the salaries of trainees while in schools, and the necessary travel and room and board expenses for each trainee. If the appropriations under this paragraph (2) are not sufficient to fully reimburse the participating local governmental agencies, the available funds shall be apportioned among such agencies, with priority first given to repayment of the costs of mandatory training given to law enforcement officer or county...

A vacancy exists or occurs when an associate judge dies, resigns, retires, is removed, or is not reappointed upon expiration of his or her term; a vacancy does not exist or occur at the expiration of a term if the associate judge is reappointed.

(c) The maximum number of associate judges authorized under subsection (a) for the 17th judicial circuit shall be reduced as provided in this subsection (c). For purposes of this Section, any person placed on probation under Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, or Section 70 of the Methamphetamine Control and Community Protection Act shall not be considered convicted. Any person found guilty of this offense, while in actual physical control of a motor vehicle, shall have an entry made in the court record by the judge that this offense did occur while the person was in actual physical control of a motor vehicle and order the clerk of the court to report the violation to the Secretary of State as such. After the cancellation, the Secretary of State shall not issue a new license or permit for a period of one year after the date of cancellation. However, upon application, the Secretary of State may, if satisfied that the person applying will not endanger the public safety, or welfare, issue a restricted driving permit granting the privilege of driving a motor vehicle between the petitioner's residence and petitioner's place of employment or within the scope of the petitioner's employment related duties, or to allow transportation for the petitioner or a household member of the petitioner's family for the receipt of necessary medical care, or provide transportation for the petitioner to and from alcohol or drug remedial or rehabilitative activity recommended by a licensed service provider, or for the petitioner to attend classes, as a student, in an accredited educational institution. The petitioner must demonstrate that no alternative means of transportation is reasonably available; provided that the Secretary's discretion shall be limited to cases where undue hardship, as defined by the rules of the Secretary of State, would result from a failure to issue such restricted driving permit. In each case the Secretary of State may issue such restricted driving permit for such period as he deems appropriate, except that such permit shall expire within one year from the date of issuance. A restricted driving permit issued hereunder shall be subject to cancellation, revocation and suspension by the Secretary of State in like manner and for like cause as a driver's license.

In accordance with 49 C.F.R. 384, the Secretary of State may not issue a restricted driving permit for the operation of a commercial motor vehicle to a person holding a CDL whose driving privileges have been revoked, suspended, cancelled, or disqualified under this Code; or

be cancelled. After cancellation, the Secretary shall not issue a CLP or CDL for a period of one year from the date of cancellation; or:

18. has a special restricted license under subsection (g) of Section 6-113 of this Code and was convicted or received court supervision for a violation of this Code that occurred during nighttime hours or was involved in a motor vehicle accident during nighttime hours in which the restricted license holder was at fault.

(b) Upon such cancellation the licensee or permittee must surrender the license or permit so cancelled to the Secretary of State.

PUBLIC ACT 98-0749

(House Bill No. 5938)

AN ACT concerning revenue.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

ARTICLE 5. CONVEYANCE AND ENCUMBRANCE OF MANUFACTURED HOMES AS REAL PROPERTY AND SEVERANCE ACT

Section 5-1. Short title. This Act may be cited as the Conveyance and Encumbrance of Manufactured Homes as Real Property and Severance Act. All references in this Article to "this Act" mean this Article.

Section 5-2. Findings and purpose.
(a) The General Assembly finds that there is a need to clarify the legal status of manufactured homes affixed or to be affixed to real property in the State.

(b) The purpose of this Act is to establish a clear statutory procedure for converting to real property manufactured homes located outside of mobile home parks that are affixed to real property and for the severance of manufactured homes from real property.

Section 5-5. Manufactured home; permanently affixed to real property. For the purposes of this Act, "manufactured home" means a manufactured home as defined in subdivision (53) of Section 9-102 of the Uniform Commercial Code. Notwithstanding the foregoing, for the purposes

New matter indicated by italics - deletions by strikeout
of subsection (b)(2) of Section 1322 of the federal Bankruptcy Code (11 U.S.C. § 1322(b)(2)), a manufactured home shall be deemed to be real property. For the purposes of this Act, a manufactured home is "affixed to a permanent foundation" if the wheels, axles, and towing hitch are removed, and it is anchored to real property by attachment to a permanent foundation and connected to residential utilities (such as water, gas, electricity, or sewer or septic service). The certification of a certified residential real estate appraiser, a certified general real estate appraiser, a licensed manufactured home installer, or a licensed professional engineer that the home is affixed to a permanent foundation shall establish conclusively that the home is affixed to a permanent foundation.

Section 5-10. Act not mandatory; record notice. The owner of a manufactured home that is personal property or a fixture may, but need not, cause that manufactured home to be deemed to be real property by satisfying the requirements of Section 5-30 of this Act and the requirements of Section 3-116.1 or 3-116.2 of the Illinois Vehicle Code, as applicable.

To convey or voluntarily encumber a manufactured home as real property, the following conditions must be met:

1. the manufactured home must be affixed to a permanent foundation on real property;
2. the ownership interests in the manufactured home and the real property to which the manufactured home is affixed must be identical, or, if the manufactured home is not located in a mobile home park as defined in Section 2.5 of the Mobile Home Park Act, and if the owner of the manufactured home, if not the owner of the real property, is in possession of the real property pursuant to the terms of a lease in recordable form that has a term that continues for at least 20 years after the date of execution, then the consent of the lessor of the real property must be given;
3. the person (all, if more than one) having an ownership interest in such manufactured home shall execute and record with the recording officer of the county in which the real property is located an affidavit of affixation as provided in Section 5-15 of this Act and satisfy the other applicable requirements of this Act; and
4. upon receipt of a certified copy of the recorded affidavit of affixation pursuant to Section 5-25 of this Act, any person designated therein for filing with the Secretary of State shall file the certified copy of affidavit of affixation with the Secretary of State; except that

(A) in a case described in subsection (a)(4)(A) of Section 5-15 of this Act, a certified copy of the affidavit of affixation and the original Manufacturer's Statement of Origin, each as recorded in the county in which the real property is located, must be filed with the Secretary of State pursuant to Section 3-116.1 of the Illinois Vehicle Code; and

(B) in a case described in subsection (a)(4)(B) of Section 5-15 of this Act, a certified copy of the recorded affidavit of affixation as recorded in the county in which the real property is located, and the original certificate of title, including, if applicable, a certificate of title issued in accordance with subsection (b) of Section 3-109 of the Illinois Vehicle Code, must be filed with the Secretary of State pursuant to Section 3-116.2 of the Illinois Vehicle Code.

Section 5-15. Affidavit of affixation.
(a) An affidavit of affixation shall contain or be accompanied by:

(1) the name of the manufacturer, the make, the model name, the model year, the dimensions, and the manufacturer's serial number or numbers of the manufactured home, and whether the manufactured home is new or used;

(2)(A) a statement that the party executing the affidavit is the owner of the real property described therein or (B) if the party executing the affidavit is not the owner of the real property, (1) a statement that the manufactured home is not located in a mobile home park as defined in Section 2.5 of the Mobile Home Park Act and that the party executing the affidavit is in possession of the real property pursuant to the terms of a lease in recordable form that has a term that continues for at least 20 years after the date of execution of the affidavit and (2) the consent of the lessor of the real property, endorsed upon or attached to the affidavit and acknowledged or proved in the manner as to entitle a conveyance to be recorded;

(3) the street address and the legal description of the real property to which the manufactured home is or shall be affixed; and

(4) as applicable:

(A) if the manufactured home is not covered by a certificate of title, including, if applicable, a certificate of title issued in accordance with subsection (b) of Section 3-109 of the Illinois Vehicle Code, a statement by the owner to that effect, and
(i) a statement by the owner of the manufactured home that the manufactured home is covered by a Manufacturer's Statement of Origin, the date the Manufacturer's Statement of Origin was issued, and the manufacturer's serial number or numbers of the manufactured home; and

(ii) a statement that annexed to the affidavit of affixation is the original Manufacturer's Statement of Origin for the manufactured home, duly endorsed to the owner of the manufactured home, and that the owner of the manufactured home shall surrender the Manufacturer's Statement of Origin; or

(B) if the manufactured home is covered by a certificate of title, including, if applicable, a certificate of title issued in accordance with subsection (b) of Section 3-109 of the Illinois Vehicle Code, a statement by the owner of the manufactured home that the manufactured home is covered by a certificate of title, the date the title was issued, the title number, and that the owner of the manufactured home shall surrender the title;

affidavit of affixation after it has been duly recorded in the real
property records, as provided in Section 5-25 of this Act; and
(8) the certification of a certified residential real estate
appraiser, a certified general real estate appraiser, a licensed
manufactured home installer, or a licensed professional engineer, as
provided in Section 5-5 of this Act.
(b) An affidavit of affixation shall be in the form set forth in this
Section, duly acknowledged or proved in like manner as to entitle a
conveyance to be recorded, and when so acknowledged or proved and upon
payment of the lawful fees therefor, the recording officer shall immediately
cause the affidavit of affixation and any attachments thereto to be duly

Section 5-20. Disposition of liens. Neither the act of affixing a manufactured home to a permanent foundation nor the recording of the affidavit of affixation shall impair the rights of any holder of a security interest in or lien on a manufactured home perfected as provided in Section 3-202 of the Illinois Vehicle Code, unless and until the due filing with and acceptance by the Secretary of State of an application to surrender the title as provided in Section 3-116.2 of the Illinois Vehicle Code and release of all security interests or liens as provided in Section 3-205 of the Illinois Vehicle Code. Upon the filing of such releases, the security interests or liens perfected under Section 3-202 of the Illinois Vehicle Code are terminated. The recording of an affidavit of affixation does not change the character of any security interest or lien noted on a certificate of title, and no recording tax shall be imposed at the time an affidavit of affixation is recorded upon any security interest in or lien on a manufactured home perfected under Section 3-202 of the Illinois Vehicle Code.

Section 5-25. Notice to Secretary of State. Upon payment of the fees provided by law and recordation of the affidavit of affixation, the recording officer shall endorse the affidavit as "recorded in land records", setting forth thereon the indexing information for the affidavit of affixation, and the recording officer shall forthwith forward a certified copy of the recorded affidavit of affixation and all attachments thereto to the person designated therein for filing with the Secretary of State. Upon receipt of a certified copy of the recorded affidavit of affixation by the person designated therein for filing with the Secretary of State, such person shall forthwith deliver for filing to the Secretary a certified copy of the affidavit of affixation and other documents as provided in item (4) of Section 5-10 of this Act.

Section 5-30. Effect of recorded affidavit of affixation. A manufactured home shall be deemed to be real property when all of the following events have occurred:

New matter indicated by italics - deletions by strikeout
(1) the manufactured home is affixed to a permanent foundation as provided in Section 5-5 of this Act;
(2) an affidavit of affixation conforming to the requirements of Section 5-15 of this Act has been recorded;

(4) the requirements of Section 3-116.1 or 3-116.2 of the Illinois Vehicle Code, as applicable, have been satisfied.

A conclusive presumption shall arise that the averments of the recorded affidavit of affixation establish that, for all purposes, the manufactured home is real property.

Section 5-35. Conveyance and encumbrance as real property. Upon the satisfaction of the requirements of Section 5-30 of this Act and the requirements of Section 3-116.1 or 3-116.2 of the Illinois Vehicle Code, as applicable, such manufactured home shall be deemed to be real property; any mortgage, deed of trust, lien, or security interest that can attach to land, buildings erected thereon, or fixtures affixed thereto shall attach as of the date of its recording in the same manner as if the manufactured home were built from ordinary building materials on site; title to such manufactured home shall be transferred by deed or other form of conveyance that is effective to transfer an interest in real property, together with the land to which such structure has been affixed; and the manufactured home shall be deemed to be real property and shall be governed by the laws applicable to real property.

Section 5-40. Exclusive procedure. The method of converting a manufactured home to real property set forth in Section 5-10 of this Act shall be exclusive, and shall supplant the common law of fixtures as it relates to manufactured homes.

Section 5-45. Applicability. Nothing in this Act shall impair any rights existing under law prior to the effective date of this Act of anyone claiming an interest in the manufactured home.

Section 5-50. Affidavit of severance.
(a) If and when a manufactured home for which an affidavit of affixation has been recorded is detached or severed from the real property to which it is affixed, the person (all, if more than one) having an interest in the real property shall record an affidavit of severance in the land records of the county where the affidavit of affixation with respect to the manufactured home is recorded. (v) the name and address of the person designated for filing the certified copy of the recorded affidavit of severance with the Secretary of State, to whom the recording officer shall return the certified copy of the affidavit of severance after it has been duly recorded in the real property records, as provided in subsection (d) of this Section.

(b) The affidavit of severance shall be in the form set forth in subsection (d) of this Section, duly acknowledged or proved in like manner as to entitle a conveyance to be recorded, and when so acknowledged or proved and upon payment of the lawful fees therefor, such recording officer shall immediately cause the affidavit and any attachments thereto to be duly recorded and indexed in the record of deeds.

(c) Upon payment of the fees provided by law and recordation of the affidavit of severance, the recording officer shall endorse the affidavit as "recorded in land records", setting forth thereon the indexing information for the recorded affidavit of severance, and the recording officer shall forthwith forward a certified copy of the recorded affidavit of severance to the person designated therein for filing with the Secretary of State. Sec. 6.1. Non-recourse reverse mortgage loans.

(a) It is the intent of this amendatory Act of 1991 that homeowners at least 62 years of age be permitted to meet their financial needs by accessing the equity in their homes through a reverse mortgage. The General Assembly recognizes that many restrictions and requirements that exist to govern traditional mortgage transactions are inapplicable in the context of reverse mortgages. In order to foster reverse mortgage transactions and better serve the citizens of this State, this Section authorizes the making of reverse mortgages, and expressly relieves reverse mortgage lenders and borrowers from compliance with inappropriate requirements.

As used in this Section, "borrower" means any homeowner who is, or whose spouse is, at least 62 years of age.

For purposes of this Section, "real property" includes a manufactured home as defined in subdivision (53) of Section 9-102 of the Uniform Commercial Code which is real property as defined in Section 5-35 of the Conveyance and Encumbrance of Manufactured Homes as Real Property and Severance Act.

As used in this Section, "reverse mortgage" means a non-recourse loan, secured by real property, that complies with all of the following:

1. Provides cash advances to a borrower based on the equity in a borrower's owner-occupied principal residence, provided that it is a residence designed to be occupied by not more than 4 families.
2. Requires no payment of principal or interest until the entire loan becomes due and payable.

(b) Reverse mortgage loans shall be subject only to all of the following provisions:

(1) Payment, in whole or in part, shall be permitted without penalty at any time during the term of the mortgage.

(2) A reverse mortgage may provide for an interest rate that is fixed or adjustable and may provide for interest that is contingent on appreciation in the value of the property.

(3) If a reverse mortgage provides for periodic advances to a borrower, the advances may not be reduced in amount or number based on any adjustment in the interest rate.

(4) A reverse mortgage may be subject to any additional terms and conditions imposed by a lender that are required under the provisions of the federal Housing and Community Development Act of 1987 to enable the lender to obtain federal government insurance on the mortgage if the loans are to be insured under that Act.

(c) The repayment obligation under a reverse mortgage is subject to all of the following:

(1) Temporary absences from the home not exceeding 60 consecutive days shall not cause the mortgage to become due and payable.

(2) Temporary absences from the home exceeding 60 days, but not exceeding one year shall not cause the mortgage to become due and payable, provided that the borrower has taken action that secures the home in a manner satisfactory to the lender.

(3) The lender must disclose any interest or other fees to be charged during the period that commences on the date the mortgage becomes due and payable and ends when repayment in full is made in accordance with applicable State and federal laws, rules, and regulations.

(d) A reverse mortgage shall become due and payable upon the occurrence of any of the following events:

(1) The real property securing the loan is sold.

(2) All borrowers cease to occupy the home as a principal residence.

(3) A fixed maturity date agreed to by the lender and the borrower is reached.

(4) An event that is specified in the loan documents and that jeopardizes the lender's security occurs.

(e) No reverse mortgage commitment may be made by a lender unless the loan applicant attests, in writing, that the applicant has received from the lender, at the time of initial inquiry, a statement prepared by the Department

(a) Unless excepted by Section 3-201, a security interest in a vehicle of a type for which a certificate of title is required is not valid against subsequent transferees or lienholders of the vehicle unless perfected as provided in this Act. A purchase money security interest in a manufactured home is perfected against the rights of judicial lien creditors and execution creditors on and after the date such purchase money security interest attaches.

(b) A security interest is perfected by the delivery to the Secretary of State of the existing certificate of title, if any, an application for a certificate of title containing the name and address of the lienholder and the required fee. The security interest is perfected as of the time of its creation if the delivery to the Secretary of State is completed within 30 days after the creation of the security interest or receipt by the new lienholder of the existing certificate of title from a prior lienholder or licensed dealer, otherwise as of the time of the delivery.

(c) If a vehicle is subject to a security interest when brought into this State, the validity of the security interest is determined by the law of the jurisdiction where the vehicle was when the security interest attached, subject to the following:

1. If the parties understood at the time the security interest attached that the vehicle would be kept in this State and it was brought into this State within 30 days thereafter for purposes other than transportation through this State, the validity of the security interest in this State is determined by the law of this State.

   (B) If the name of the lienholder is not shown on an existing certificate of title issued by that jurisdiction, a security interest may be perfected by the lienholder delivering to the Secretary of State the prescribed notice and by payment of the required fee. Such security interest is perfected as of the time of delivery of the prescribed notice and payment of the required fee.

3. If the security interest was not perfected under the law of the jurisdiction where the vehicle was when the security interest attached, it may be perfected in this State; in that case perfection dates from the time of perfection in this State.

(d) Except as otherwise provided in Sections 3-116.1, 3-116.2, 3-207, and the Conveyance and Encumbrance of Manufactured Homes as Real Property and Severance Act, after a certificate of title has been issued for a manufactured home and as long as the manufactured home is subject to any security interest perfected pursuant to this Section, the Secretary of State shall not file an affidavit of affixation, nor cancel the Manufacturer's Statement of Origin, nor revoke the certificate of title, nor issue a certificate of title under Section 3-106, and, in any event, the validity and priority of any security interest perfected pursuant to this Section shall continue, notwithstanding the provision of any other law.

(b) Within 21 days after receiving payment to satisfy a security interest in a vehicle for which the certificate of title is in the possession of a prior lienholder, the lienholder whose security interest is satisfied shall execute a release and deliver the release to the owner or any person who delivers to the lienholder an authorization from the owner to receive it. An action under this Section may be brought in small claims court or in any other appropriate court.

(b) Suspension or revocation of a certificate of title does not, in itself, affect the validity of a security interest noted on it.

(c) When the Secretary of State suspends or revokes a certificate of title, the owner or person in possession of it shall, immediately upon receiving notice of the suspension or revocation, mail or deliver the certificate to the Secretary of State.

Sec. 4.2. Revolving credit; billing statements; disclosures. On a revolving credit which complies with subparagraphs (a), (b), (c), (d) and (e) of this Section 4.2, it is lawful for any bank that has its main office or, after May 31, 1997, a branch in this State, a state or federal savings and loan association with its main office in this State, a state or federal credit union with its main office in this State, or a lender licensed under the Consumer Finance Act, the Consumer Installment Loan Act or the Sales Finance Agency Act, as such Acts are now and hereafter amended, to receive or contract to receive and collect interest in any amount or at any rate agreed upon by the parties to the revolving credit arrangement. It is lawful for any other lender to receive or contract to receive and collect interest in an amount not in excess of 1 1/2% per month of either the average daily unpaid balance of the principal of the debt during the billing cycle, or of the unpaid balance of the debt on approximately the same day of the billing cycle. If a lender under a revolving credit arrangement notifies the debtor at least 30 days in advance of any lawful increase in the amount or rate of interest to be charged under the revolving credit arrangement, and the debtor, after the effective date of such notice, incurs new debt pursuant to the revolving credit arrangement, the increased interest amount or rate may be applied only to any such new debt incurred under the revolving credit arrangement. For purposes of determining the balances to which the increased interest rate applies, all payments and other credits may be deemed to be applied to the balance existing prior to the change in rate until that balance is paid in full. The face amount of the drafts, items, orders for the payment of money, evidences of debt, or similar written instruments received by the lender in connection with the revolving credit, less the amounts applicable to principal from time to time paid thereon by the debtor, are the unpaid balance of the debt upon which the interest is computed. If the billing cycle is not monthly, the maximum interest rate for the billing cycle is the percentage which bears the same relation to the monthly percentage provided for in the preceding sentence as the number of days in the billing cycle bears to 30. For the purposes of the foregoing computation, a “month” is deemed to be any time of 30 consecutive days. In addition to the interest charge provided for, it is lawful to receive, contract for or collect a charge not exceeding 25 cents for each transaction in which a loan or advance is made under the revolving

credit or in lieu of this additional charge an annual fee for the privilege of receiving and using the revolving credit in an amount not exceeding $20. In addition, with respect to revolving credit secured by an interest in real estate, including a manufactured home as defined in subdivision (53) of Section 9-102 of the Uniform Commercial Code that is real property as defined in the Conveyance and Encumbrance of Manufactured Homes as Real Property and Severance Act, it is also lawful to receive, contract for or collect fees lawfully paid to any public officer or agency to record, file or release the security, and costs and disbursements actually incurred for any title insurance, title examination, abstract of title, survey, appraisal, escrow fees, and fees paid to a trustee in connection with a trust deed.

(a) At or before the date a bill or statement is first rendered to the debtor under a revolving credit arrangement, the lender must mail or deliver to the debtor a written description of the conditions under which a charge for interest may be made and the method, including the rate, of computing these interest charges. The rate of interest must be expressed as an annual percentage rate.

(b) If during any billing cycle any debit or credit entry is made to a debtor's revolving credit account, and if at the end of that billing cycle there is an unpaid balance owing to the lender from the debtor, the lender must give to the debtor the following information within a reasonable time after the end of the billing cycle:

(i) the unpaid balance at the beginning of the billing cycle;
(ii) the date and amount of all loans or advances made during the billing cycle, which information may be supplied by enclosing a copy of the drafts, items, orders for the payment of money, evidences of debt or similar written instruments presented to the lender during the billing cycle;
(iii) the payments by the debtor to the lender and any other credits to the debtor during the billing cycle;
(iv) the amount of interest and other charges, if any, charged to the debtor's account during the billing cycle;
(v) the amount which must be currently paid by the debtor and the date on which that amount must be paid in order to avoid delinquency;
(vi) the total amount remaining unpaid at the end of the billing cycle and the right of the debtor to prepay that amount in full without penalty; and

(vii) information required by (iv), (v) and (vi) must be set forth in type of equal size and equal conspicuousness.

(c) The revolving credit arrangement may provide for the payment by the debtor and receipt by the lender of all costs and disbursements, including reasonable attorney's fees, incurred by the lender in legal proceedings to collect or enforce the debt in the event of delinquency by the debtor or in the event of a breach of any obligation of the debtor under the arrangement.

(d) The lender under a revolving credit arrangement may provide credit life insurance or credit accident and health insurance, or both, with respect to the debtor and may charge the debtor therefor. Credit life insurance and credit accident and health insurance, and any charge therefor made to the debtor, shall comply with Article IX 1/2 of the Illinois Insurance Code, as now or hereafter amended, and all lawful requirements of the Director of Insurance related thereto. This insurance is in force with respect to each loan or advance made under a revolving credit arrangement as soon as the loan or advance is made. The purchase of this insurance from an agent, broker or insurer specified by the lender may not be a condition precedent to the revolving credit arrangement or to the making of any loan or advance thereunder.

(e) Whenever interest is contracted for or received under this Section, no amount in addition to the charges authorized by this Act may be directly or indirectly charged, contracted for or received whether as interest, service charges, costs of investigations or enforcements or otherwise.

(f) The lender under a revolving credit arrangement must compute at year end the total amount charged to the debtor's account during the year, including service charges, finance charges, late charges and any other charges authorized by this Act, and upon request must furnish such information to the debtor within 30 days after the end of the year, or if the account has been terminated during such year, may give such requested information within 30 days after such termination. The lender shall annually inform the debtor of his right to obtain such information.

(g) A lender who complies with the federal Truth in Lending Act, amendments thereto, and any regulations issued or which may be issued thereunder, shall be deemed to be in compliance with the provisions of subparagraphs (a) and (b) of this Section.

(h) Anything in this Section 4.2 to the contrary notwithstanding, if the Congress of the United States or any federal agency authorizes any class of lenders to enter, within limitations, into a revolving credit arrangement secured by a mortgage or deed of trust on residential real property, any

person, firm, corporation or other entity, not otherwise prohibited by the Congress of the United States or any federal agency from entering into revolving credit arrangements secured by a mortgage or deed of trust on residential real property, may enter into such arrangements within the same limitations.

Sec. 4a. Installment loan rate.

(a) On money loaned to or in any manner owing from any person, whether secured or unsecured, except where the money loaned or in any manner owing is directly or indirectly for the purchase price of real estate or an interest therein and is secured by a lien on or retention of title to that real estate or interest therein, to an amount not more than $25,000 (excluding interest) which is evidenced by a written instrument providing for the payment thereof in 2 or more periodic installments over a period of not more than 181 months from the date of the execution of the written instrument, it is lawful to receive or to contract to receive and collect either:

(i) interest in an amount equivalent to interest computed at a rate not exceeding 9% per year on the entire principal amount of the money loaned or in any manner owing for the period from the date of the making of the loan or the incurring of the obligation for the amount owing evidenced by the written instrument until the date of the maturity of the last installment thereof, and to add that amount to the principal, except that there shall be no limit on the rate of interest which may be received or contracted to be received and collected by (1) any bank that has its main office or, after May 31, 1997, a branch in this State; (2) a savings and loan association chartered under the Illinois Savings and Loan Act of 1985, a savings bank chartered under the Savings Bank Act, or a federal savings and loan association established under the laws of the United States and having its main office in this State; or (3) any lender licensed under either the Consumer Finance Act or the Consumer Installment Loan Act, but in any case in which interest is received, contracted for or collected on the basis of this clause (i), the debtor may satisfy in full at any time before maturity the debt evidenced by the written instrument, and in so satisfying must receive a refund credit against the total amount of interest added to the principal computed in the manner provided under Section 15(f)(3) of the Consumer Installment Loan Act for

refunds or credits of applicable interest on payment in full of precomputed loans before the final installment due date; or

(ii) interest accrued on the principal balance from time to time remaining unpaid, from the date of making of the loan or the incurring of the obligation to the date of the payment of the debt in full, at a rate not exceeding the annual percentage rate equivalent of the rate permitted to be charged under clause (i) above, but in any such case the debtor may, provided that the debtor shall have paid in full all interest and other charges accrued to the date of such prepayment, prepay the principal balance in full or in part at any time, and interest shall, upon any such prepayment, cease to accrue on the principal amount which has been prepaid.

(b) Whenever the principal amount of an installment loan is $300 or more and the repayment period is 6 months or more, a minimum charge of $15 may be collected instead of interest, but only one minimum charge may be collected from the same person during one year. When the principal amount of the loan (excluding interest) is $800 or less, the lender or creditor may contract for and receive a service charge not to exceed $5 in addition to interest; and that service charge may be collected when the loan is made, but only one service charge may be contracted for, received, or collected from the same person during one year.

(c) Credit life insurance and credit accident and health insurance, and any charge therefor which is deducted from the loan or paid by the obligor, must comply with Article IX 1/2 of the Illinois Insurance Code and all lawful requirements of the Director of Insurance related thereto. When there are 2 or more obligors on the loan contract, only one charge for credit life insurance and credit accident and health insurance may be made and only one of the obligors may be required to be insured. Insurance obtained from, by or through the lender or creditor must be in effect when the loan is transacted. The purchase of that insurance from an agent, broker or insurer specified by the lender or creditor may not be a condition precedent to the granting of the loan.

(d) The lender or creditor may require the obligor to provide property insurance on security other than household goods, furniture and personal effects. The amount and term of the insurance must be reasonable in relation to the amount and term of the loan contract and the type and value of the security, and the insurance must be procured in accordance with the insurance laws of this State. The purchase of that insurance from an agent, broker or

insurer specified by the lender or creditor may not be a condition precedent to the granting of the loan.

(e) The lender or creditor may, if the contract provides, collect a delinquency and collection charge on each installment in default for a period of not less than 10 days in an amount not exceeding 5% of the installment on installments in excess of $200 or $10 on installments of $200 or less, but only one delinquency and collection charge may be collected on any installment regardless of the period during which it remains in default. In addition, the contract may provide for the payment by the borrower or debtor of attorney's fees incurred by the lender or creditor. The lender or creditor may enforce such a provision to the extent of the reasonable attorney's fees incurred by him in the collection or enforcement of the contract or obligation. Whenever interest is contracted for or received under this Section, no amount in addition to the charges authorized by this Section may be directly or indirectly charged, contracted for or received, except lawful fees paid to a public officer or agency to record, file or release security, and except costs and disbursements including reasonable attorney's fees, incurred in legal proceedings to collect a loan or to realize on a security after default. This Section does not prohibit the receipt of any commission, dividend or other benefit by the creditor or an employee, affiliate or associate of the creditor from the insurance authorized by this Section.

(f) When interest is contracted for or received under this Section, the lender must disclose the following items to the obligor in a written statement before the loan is consummated:

1. the amount and date of the loan contract;
2. the amount of loan credit using the term "amount financed";
3. every deduction from the amount financed or payment made by the obligor for insurance and the type of insurance for which each deduction or payment was made;
4. every other deduction from the loan or payment made by the obligor in connection with obtaining the loan;
5. the date on which the finance charge begins to accrue if different from the date of the transaction;
6. the total amount of the loan charge for the scheduled term of the loan contract with a description of each amount included using the term "finance charge";
7. the finance charge expressed as an annual percentage rate using the term "annual percentage rate".

means the nominal annual percentage rate of finance charge determined in accordance with the actuarial method of computation with an accuracy at least to the nearest 1/4 of 1%; or at the option of the lender by application of the United States rule so that it may be disclosed with an accuracy at least to the nearest 1/4 of 1%;

(8) the number, amount and due dates or periods of payments scheduled to repay the loan and the sum of such payments using the term "total of payments";

(9) the amount, or method of computing the amount of any default, delinquency or similar charges payable in the event of late payments;

(10) the right of the obligor to prepay the loan and the fact that such prepayment will reduce the charge for the loan;

(11) a description or identification of the type of any security interest held or to be retained or acquired by the lender in connection with the loan and a clear identification of the property to which the security interest relates. If after-acquired property will be subject to the security interest, or if other or future indebtedness is or may be secured by any such property, this fact shall be clearly set forth in conjunction with the description or identification of the type of security interest held, retained or acquired;

(12) a description of any penalty charge that may be imposed by the lender for prepayment of the principal of the obligation with an explanation of the method of computation of such penalty and the conditions under which it may be imposed;

(13) unless the contract provides for the accrual and payment of the finance charge on the balance of the amount financed from time to time remaining unpaid, an identification of the method of computing any unearned portion of the finance charge in the event of prepayment of the loan.

The terms "finance charge" and "annual percentage rate" shall be printed more conspicuously than other terminology required by this Section.

(g) At the time disclosures are made, the lender shall deliver to the obligor a duplicate of the instrument or statement by which the required disclosures are made and on which the lender and obligor are identified and their addresses stated. All of the disclosures shall be made clearly, conspicuously and in meaningful sequence and made together on either:

(i) the note or other instrument evidencing the obligation on the same side of the page and above or adjacent to the place for the
obligor's signature; however, where a creditor elects to combine disclosures with the contract, security agreement, and evidence of a transaction in a single document, the disclosures required under this Section shall be made on the face of the document, on the reverse side, or on both sides, provided that the amount of the finance charge and the annual percentage rate shall appear on the face of the document, and, if the reverse side is used, the printing on both sides of the document shall be equally clear and conspicuous, both sides shall contain the statement, "NOTICE: See other side for important information", and the place for the customer's signature shall be provided following the full content of the document; or

(ii) one side of a separate statement which identifies the transaction.

The amount of the finance charge shall be determined as the sum of all charges, payable directly or indirectly by the obligor and imposed directly or indirectly by the lender as an incident to or as a condition to the extension of credit, whether paid or payable by the obligor, any other person on behalf of the obligor, to the lender or to a third party, including any of the following types of charges:

(1) Interest, time price differential, and any amount payable under a discount or other system of additional charges.
(2) Service, transaction, activity, or carrying charge.
(3) Loan fee, points, finder's fee, or similar charge.
(4) Fee for an appraisal, investigation, or credit report.
(5) Charges or premiums for credit life, accident, health, or loss of income insurance, written in connection with any credit transaction unless (a) the insurance coverage is not required by the lender and this fact is clearly and conspicuously disclosed in writing to the obligor; and (b) any obligor desiring such insurance coverage gives specific dated and separately signed affirmative written indication of such desire after receiving written disclosure to him of the cost of such insurance.

(6) Charges or premiums for insurance, written in connection with any credit transaction, against loss of or damage to property or against liability arising out of the ownership or use of property, unless a clear, conspicuous, and specific statement in writing is furnished by the lender to the obligor setting forth the cost of the insurance if obtained from or through the lender and stating that the obligor may choose the person through which the insurance is to be obtained.

(7) Premium or other charges for any other guarantee or insurance protecting the lender against the obligor's default or other credit loss.

(8) Any charge imposed by a lender upon another lender for purchasing or accepting an obligation of an obligor if the obligor is required to pay any part of that charge in cash, as an addition to the obligation, or as a deduction from the proceeds of the obligation. A late payment, delinquency, default, reinstatement or other such charge is not a finance charge if imposed for actual unanticipated late payment, delinquency, default or other occurrence.

(h) Advertising for loans transacted under this Section may not be false, misleading, or deceptive. That advertising, if it states a rate or amount of interest, must state that rate as an annual percentage rate of interest charged. In addition, if charges other than for interest are made in connection with those loans, those charges must be separately stated. No advertising may indicate or imply that the rates or charges for loans are in any way "recommended", "approved", "set" or "established" by the State government or by this Act.

(i) A lender or creditor who complies with the federal Truth in Lending Act, amendments thereto, and any regulations issued or which may be issued thereunder, shall be deemed to be in compliance with the provisions of subsections (f), (g) and (h) of this Section.

(j) For purposes of this Section, "real estate" and "real property" include a manufactured home as defined in subdivision (53) of Section 9-102 of the Uniform Commercial Code that is real property as defined in the Conveyance and Encumbrance of Manufactured Homes as Real Property and Severance Act.

For the purpose of evidencing the obligations of the Authority to repay any money borrowed, the Authority may, pursuant to resolution, from time to time, issue and dispose of its interest-bearing revenue bonds, notes, or other evidences of indebtedness and may also from time to time issue and dispose of such bonds, notes, or other evidences of indebtedness to refund, at maturity, at a redemption date or in advance of either, any bonds, notes, or other evidences of indebtedness pursuant to redemption provisions or at any time before maturity. All such bonds, notes, or other evidences of indebtedness shall be payable solely and only from the revenues or income to be derived from loans made with respect to projects, from the leasing or sale of the projects, or from any other funds available to the Authority for such purposes. The bonds, notes, or other evidences of indebtedness may bear such date or dates, may mature at such time or times not exceeding 40 years from their respective dates, may bear interest at such rate or rates not exceeding the maximum rate permitted by the Bond Authorization Act, may be in such form, may carry such registration privileges, may be executed in such manner, may be payable at such place or places, may be made subject to redemption in such manner and upon such terms, with or without premium, as is stated on the face thereof, may be authenticated in such manner and may contain such terms and covenants as may be provided by an applicable resolution.

A remedy for any breach or default of the terms of any mortgage or trust agreement by the Authority may be by mandamus proceeding in the appropriate circuit court to compel performance and compliance under the terms of the mortgage or trust agreement, but the trust agreement may prescribe by whom or on whose behalf the action may be instituted.

(f) Bonds or notes shall be secured as provided in the authorizing ordinance which may include, notwithstanding any other provision of this Act, in addition to any other security, a specific pledge, assignment of and lien on, or security interest in any or all revenues or money of the Authority, from whatever source, which may, by law, be used for debt service purposes and a specific pledge, or assignment of and lien on, or security interest in any funds or accounts established or provided for by ordinance of the Authority authorizing the issuance of the bonds or notes.

The Governor shall submit the certified amount to the General Assembly as soon

Whenever the Authority makes this determination, it shall be plainly stated on the face of the bonds or notes and the determination shall also be reported to the Governor. In the event of a withdrawal of moneys from a reserve fund established with respect to any issue or issues of bonds of the Authority to pay principal or interest on those bonds, the chairman of the Authority, as soon as practicable, shall certify to the Governor the amount required to restore the reserve fund to the level required in the resolution or indenture securing those bonds. The Governor shall submit the certified amount to the General Assembly as soon as practicable, but no later than the end of the current State fiscal year. This subsection (g) shall not apply to any bond issued on or after the effective date of this amendatory Act of the 98th General Assembly.

(h) The State of Illinois pledges to and agrees with the holders of the bonds and notes of the Authority issued pursuant to this Section that the State will not limit or alter the rights and powers vested in the Authority by this Act so as to impair the terms of any contract made by the Authority with the holders of bonds or notes or in any way impair the rights and remedies of those holders until the bonds and notes, together with interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceedings by or on behalf of the holders, are fully met and discharged. In addition, the State pledges to and agrees with the holders of the bonds and notes of the Authority issued pursuant to this Section that the State will not limit or alter the basis on which State funds are to be paid to the Authority as provided in this Act, or the use of such funds, so as to impair the terms of any such contract. The Authority is authorized to include these pledges and agreements of the State in any contract with the holders of bonds or notes issued pursuant to this Section.

Not less than 30 days prior to the commitment to issue bonds, notes, or other evidences of indebtedness for the purpose of developing, constructing, acquiring, or improving housing or residential projects, as defined in this Act, the Authority shall provide notice to the Executive Director of the Illinois Housing Development Authority. Within 30 days after the notice is provided, the Illinois Housing Development Authority shall, in writing, either express interest in financing the project or notify the Authority that it is not interested in providing financing and that the Authority may finance the project or seek alternative financing.

Section 5. The School Code is amended by changing Section 21B-20 as follows:

(105 ILCS 5/21B-20)

Sec. 21B-20. Types of licenses. Before July 1, 2013, the State Board of Education shall implement a system of educator licensure, whereby individuals employed in school districts who are required to be licensed must have one of the following licenses: (i) a professional educator license; (ii) a professional educator license with stipulations; or (iii) a substitute teaching license. first year of all licenses ends on June 30 following one full year of the license being issued.

The State Board of Education, in consultation with the State Educator Preparation and Licensure Board, may adopt such rules as may be necessary to govern the requirements for licenses and endorsements under this Section.

(1) Professional Educator License. Persons who (i) have successfully completed an approved educator preparation program and are recommended for licensure by the Illinois institution offering the educator preparation program, (ii) have successfully completed the required testing under Section 21B-30 of this Code, (iii) have successfully completed coursework on the psychology of, the identification of, and the methods of instruction for the exceptional child, including without limitation the learning disabled, (iv) have successfully completed coursework in methods of reading and reading in the content area, and (v) have met all other criteria established by rule of the State Board of Education shall be issued a Professional Educator License. All Professional Educator Licenses are valid until June 30 immediately following 5 years of the license being issued. The Professional Educator License shall be endorsed with specific areas and grade levels in which the individual is eligible to practice.

Individuals can receive subsequent endorsements on the Professional Educator License. Subsequent endorsements shall require a minimum of 24 semester hours of coursework in the endorsement area, unless otherwise specified by rule, and passage of the applicable content area test.

(2) Educator License with Stipulations. An Educator License with Stipulations shall be issued an endorsement that limits the license holder to one particular position or does not require completion of an approved educator program or both.

An individual with an Educator License with Stipulations must not be employed by a school district or any other entity to replace any presently employed teacher who otherwise would not be replaced for any reason.

An Educator License with Stipulations may be issued with the following endorsements:

(A) Provisional educator. A provisional educator endorsement in a specific content area or areas on an Educator License with Stipulations may be issued to an applicant who

New matter indicated by italics - deletions by strikeout
holds an educator license with a minimum of 15 semester hours in content coursework from another state, U.S. territory, or foreign country and who, at the time of applying for an Illinois license, does not meet the minimum requirements under Section 21B-35 of this Code, but does, at a minimum, meet both of the following requirements:

(i) Holds the equivalent of a minimum of a bachelor's degree, unless a master's degree is required for the endorsement, from a regionally accredited college or university or, for individuals educated in a country other than the United States, the equivalent of a minimum of a bachelor's degree issued in the United States, unless a master's degree is required for the endorsement.

(ii) Has passed a test of basic skills and content area test, as required by Section 21B-30 of this Code.

However, a provisional educator endorsement for principals may not be issued, nor may any person with a provisional educator endorsement serve as a principal in a public school in this State. In addition, out-of-state applicants shall not receive a provisional educator endorsement if the person completed an alternative licensure program in another state, unless the program has been determined to be equivalent to Illinois program requirements.

Notwithstanding any other requirements of this Section, a service member or spouse of a service member may obtain a Professional Educator License with Stipulations, and a provisional educator endorsement in a specific content area or areas, if he or she holds a valid teaching certificate or license in good standing from another state, meets the qualifications of educators outlined in Section 21B-15 of this Code, and has not engaged in any misconduct that would prohibit an individual from obtaining a license pursuant to Illinois law, including without limitation any administrative rules of the State Board of Education; however, the service member or spouse may not serve as a principal under the Professional Educator License with Stipulations or provisional educator endorsement.

A provisional educator endorsement is valid until June 30 immediately following 2 years of the license being issued, during which time any remaining testing and coursework deficiencies must be met. Failure to satisfy all stated deficiencies shall mean the individual, including any service member or spouse who has obtained a Professional Educator License with Stipulations and a provisional educator endorsement in a specific content area or areas, is ineligible to receive a Professional Educator License at that time. A provisional educator endorsement on an Educator License with Stipulations shall not be renewed.

(B) Alternative provisional educator. An alternative provisional educator endorsement on an Educator License with Stipulations may be issued to an applicant who, at the time of applying for the endorsement, has done all of the following:

A part-time provisional career and technical educator endorsement or a provisional career and technical educator endorsement on an Educator License with Stipulations may be issued to an applicant who has a minimum of 8,000 hours of work experience in the skill for which the applicant is seeking the endorsement. It is the responsibility of each employing school board and regional office of education to provide verification, in writing, to the State Superintendent of Education at the time the application is submitted that no qualified teacher holding a Professional Educator License or an Educator License with Stipulations with a career and technical educator endorsement is available and that actual circumstances require such issuance.

A substitute teacher may only teach in the place of a licensed teacher who is under contract with the employing board. If, however, there is no licensed teacher under contract because of an emergency situation, then a district may employ a substitute teacher for no longer than 30 calendar days per each vacant position in the district if the district notifies the appropriate regional office of education within 5 business days after the employment of the substitute teacher in the emergency situation. An emergency situation is one in which an unforeseen vacancy has occurred and (i) a teacher is unable to fulfill his or her contractual duties or (ii) teacher capacity needs of the district exceed previous indications, and the district is actively engaged in advertising to hire a fully licensed teacher for the vacant position.

There is no limit on the number of days that a substitute teacher may teach in a single school district, provided that no substitute teacher may teach for longer than 90 school days for any one licensed teacher under contract in the same school year. A substitute teacher who holds a Professional Educator License or Educator License with Stipulations shall not teach for more than 120 school days for any one licensed teacher under contract in the same school year. The limitations in this paragraph (3) on the number of days a substitute teacher may be employed do not apply to any school district operating under Article 34 of this Code.

New matter indicated by italics - deletions by strikeout
(c) All herptile species (other than bullfrogs and common snapping turtles) may be captured by hand. This shall not restrict the use of legally taken herptiles as bait by anglers. Any captured herptiles that are not to be retained in the possession of the captor shall be immediately released at the site of capture, unless taken with a lethal method such as bow and arrow, gig, spear, or pitchfork which does not permit release without harm. All common snapping turtles and bullfrogs taken for personal consumption must be kept and counted in the daily catch creel or bag. No culling of these 2 species for personal consumption is permitted.

(d) The trier of fact may infer that a person is collecting from the wild within this State if he or she possesses indigenous reptiles or amphibians, in whole or in part, if no documentation exists stating that the animals were legally collected from the wild outside of this State.

(e) Residents may possess a total of 8 native herp specimens collectively, with no more than 4 per species, without obtaining and possessing either a Herptile Scientific Collection permit or Herpetoculture permit from the Department, regardless of the origin of the species. Collecting herptiles on public lands shall require additional permits.

(f) Any resident wishing to possess more than his or her allowed possession limit shall first apply to the Department for a Herptile Scientific Collection permit or Herpetoculture permit to do so. Issuance, modification, or denial of any and all of these permits shall be at the sole discretion of the Department.

However, any and all T/E specimens shall be officially recorded with the Department's Endangered Species Conservation Program. Any species occurring on the federal T/E list also requires a Department permit for possession, propagation, sale, or offer for sale unless otherwise permitted through the Department.

(c) Due to the similarity of appearance (S/A) of certain intergrade or hybrid specimens, the Department retains the authority to enforce any and all provisions under this Act. Specimens determined by the Department, or agents, to fit into this S/A category shall receive all benefits of this Act, as well as the Illinois Endangered Species Protection Act if applicable, and shall be included in an individual's overall possession limit.

PUBLIC ACT 98-0753
(Senate Bill No. 1047)

AN ACT concerning civil law.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Findings. The General Assembly finds:

(1) "An Act to create the Rosehill Cemetery Company", approved February 11, 1859 (hereinafter "the 1859 Act"), created the Rosehill Cemetery Company and constituted its charter. The 1859 Act appears on pages 29 through 33 of the "Private Laws" portion of the volume "Laws of the State of Illinois, Passed by the Twenty-first General Assembly, Convened
January 3, 1859". (The pages of that volume are not numbered in a single sequence. The portions labeled "Public Laws" and "Private Laws" have separate page numbering.)

(2) "An Act to amend "An act to create the Rosehill Cemetery Company," approved February 11, 1859", approved February 13, 1863 (hereinafter "the 1863 Act"), amended the charter of the Rosehill Cemetery Company as set forth in the 1859 Act. The 1863 Act appears on pages 174 through 177 of the volume "Private Laws of the State of Illinois, Passed by the Twenty-third General Assembly, Convened January 5, 1863". Among other things, the 1863 Act: required 10% of the proceeds received from the sale of lots by the Rosehill Cemetery Company to be reserved and set apart until the sum reserved and set apart amounted to $100,000; required that sum to be kept as a fund (hereinafter "the reserve fund") for the preservation, maintenance, and ornamentation of the cemetery; created the Board of Trustees of the Rosehill Cemetery; required the Rosehill Cemetery Company to pay the amounts reserved and set apart to the Board of Trustees of the Rosehill Cemetery; imposed various requirements upon the investment of funds by the Board of Trustees of the Rosehill Cemetery; and imposed various requirements regarding the composition and selection of the Board of Trustees of the Rosehill Cemetery.

(3) On September 15, 1983, a decree was entered by the Circuit Court of Cook County in Rosehill Cemetery Company et al. v. Chicago Title and Trust Company et al., No. 83 CH 339, which dealt with various matters involving the successor to the Rosehill Cemetery Company as well as 4 funds dedicated to the care and upkeep of the Rosehill Cemetery, including the reserve fund. Regarding the reserve fund, the Court found:

"4. On July 6, 1894, a decree was entered by the Circuit Court of Cook County in Case No. 120206, Lunt and Farwell vs. The Rosehill Cemetery Company et. al., which found that the Reserve Fund had reached $100,000, and ordered that it be administered by lot owner trustees pursuant to the Amendment to Charter, with The Northern Trust Company of Chicago, Illinois acting as custodian of the securities in which said Reserve Fund is invested." Regarding the reserve fund, the Court ordered:

"5. That, upon the purchase of the assets of Rosehill Cemetery Company, the dissolution of Rosehill Cemetery Company, and the commencement of the operation of Rosehill Cemetery in perpetuity by Rosehill Memorial, Inc., the Reserve Fund and the trustees thereof shall continue to operate in the manner provided, since 1863, by
Section 7 of the Charter of Rosehill Cemetery Company as amended by the Special Act approved February 13, 1863 and pursuant to the provisions of the first paragraph of Paragraph Second of the decree entered on July 6, 1894 by the Circuit Court of Cook County in Case No. 120206, Lunt and Farwell vs. The Rosehill Cemetery Company et. al., and said trustees shall continue to expend the income therefrom with the advice of Rosehill Memorial, Inc."

(4) The Board of Trustees of the Rosehill Cemetery have administered the reserve fund in accordance with the 1863 Act. The 1863 Act must be amended to enable the Board of Trustees of the Rosehill Cemetery to manage the reserve fund according to modern investment principles and to ensure the continued operation of the reserve fund.

Section 5. "An Act to amend "An act to create the Rosehill Cemetery Company," approved February 11, 1859", approved February 13, 1863, is amended by adding Sections 14.1 and 14.2 as follows:

(Private Laws 1863, p. 174-177, Sec. 14.1 new)

Sec. 14.1. Notwithstanding any other provision of law, as an alternative to the investment provisions of Sections 3 through 7 of this Act, the Board of Trustees of the Rosehill Cemetery may invest assets of the fund created under Section 2 of this Act in accordance with Section 5 of the Trusts and Trustees Act or any successor provision.

(Private Laws 1863, p. 174-177, Sec. 14.2 new)

Sec. 14.2. Notwithstanding any other provision of law, as an alternative to the provisions of Sections 3 and 10 of this Act concerning the number of trustees and the manner of electing trustees, the Board of Trustees of the Rosehill Cemetery may adopt bylaws establishing procedures for the governance of the Board, including, but not limited to, the number of trustees and the manner of electing trustees.

For a Class 1 mutual company, the members may adopt the revised articles of incorporation at the same meeting at which the members approve the plan. For a Class 2 or 3 mutual company, the revised articles of incorporation may be adopted solely by the board of directors or trustees, as provided in Section 57 of this Code.

(5.5) Prior to the completion of a plan of conversion filed by a mutual company with the Director, no person shall knowingly acquire, make any offer, or make any announcement of an offer for any security issued or to be issued by the converting mutual company in connection with its plan of conversion or for any security issued or to be issued by any other company authorized in item(c)(i) of subsection (6) of this Section and organized for purposes of effecting the conversion, except in compliance with the maximum purchase limitations imposed by item (i) of subsection (6) of this Section or the terms of the plan of conversion as approved by the Director.

(6) Required provisions in a plan of conversion. The following provisions shall be included in the plan:
   (a) Reasons for conversion. The plan shall set forth the reasons for the proposed conversion.
   (b) Effect of conversion on existing policies.

New matter indicated by italics - deletions by strikeout
(i) The plan shall provide that all policies in force on the effective date of conversion shall continue to remain in force under the terms of those policies, except that any voting rights of the policyholders provided for under the policies or under this Code and any contingent liability policy provisions of the type described in Section 55 of this Code shall be extinguished on the effective date of the conversion.

(ii) The plan shall further provide that holders of participating policies in effect on the date of conversion shall continue to have the right to receive dividends as provided in the participating policies, if any.

(iii) Except for a mutual company's participating life policies, guaranteed renewable accident and health policies, and non-cancelable accident and health policies, the converted stock company may issue the insured a nonparticipating policy as a substitute for the participating policy upon the renewal date of a participating policy.

(c) Subscription rights to eligible members.

(i) The plan shall provide that each eligible member is to receive, without payment, nontransferable subscription rights to purchase a portion of the capital stock of the converted stock company. As an alternative to subscription rights in the converted stock company, the plan may provide that each eligible member is to receive, without payment, nontransferable subscription rights to purchase a portion of the capital stock of: (A) a corporation organized and owned by the mutual company for the purpose of acquiring or holding all the stock of the converted stock company; or (B) a stock insurance company owned by the mutual company into which the mutual company will be merged.

(ii) The subscription rights shall be allocated in whole shares among the eligible members using a fair and equitable formula. This formula may but need not take into account how the different classes of policies of the eligible members contributed to the surplus of the mutual company.

(d) Oversubscription. The plan shall provide a fair and equitable means for the allocation of shares of capital stock in the event of an oversubscription to shares by eligible members exercising New matter indicated by italics - deletions by strikeout
subscription rights received pursuant to item (c) of subsection (6) of this Section.

(e) Undersubscription. The plan shall provide that any shares of capital stock not subscribed to by eligible members exercising subscription rights received under item (c) of subsection (6) of this Section shall be sold in a public offering through an underwriter. If the number of shares of capital stock not subscribed by eligible members is so small or the additional time or expense required for a public offering of those shares would be otherwise unwarranted under the circumstances, the plan of conversion may provide for the purchase of the unsubscribed shares by a private placement or other alternative method approved by the Director that is fair and equitable to the eligible members.

(f) Total price of stock. The plan shall set the total price of the capital stock equal to the estimated pro forma market value of the converted stock company based upon an independent evaluation by a qualified person. The pro forma market value may be the value that is estimated to be necessary to attract full subscription for the shares as indicated by the independent evaluation.

(g) Purchase price of each share. The plan shall set the purchase price of each share of capital stock equal to any reasonable amount that will not inhibit the purchase of shares by members. The purchase price of each share shall be uniform for all purchasers except the price may be modified by the Director by reason of his consideration of a plan for the purchase of unsubscribed stock pursuant to item (e) of subsection (6) of this Section.

(h) Closed block of business for participating life policies of a Class 1 mutual company.

(i) The plan shall provide that a Class 1 mutual company's participating life policies in force on the effective date of the conversion shall be operated by the converted stock company for dividend purposes as a closed block of participating business except that any or all classes of group participating policies may be excluded from the closed block.

(ii) The plan shall establish one or more segregated accounts for the benefit of the closed block of business and shall allocate to those segregated accounts enough assets of the mutual company so that the assets together with the revenue from the closed block of business are sufficient to

New matter indicated by italics - deletions by strikeout
support the closed block including, but not limited to, the payment of claims, expenses, taxes, and any dividends that are provided for under the terms of the participating policies with appropriate adjustments in the dividends for experience changes. The plan shall be accompanied by an opinion of a qualified actuary or an appointed actuary who meets the standards set forth in the insurance laws or regulations for the submission of actuarial opinions as to the adequacy of reserves or assets. The opinion shall relate to the adequacy of the assets allocated to the segregated accounts in support of the closed block of business. The actuarial opinion shall be based on methods of analysis deemed appropriate for those purposes by the Actuarial Standards Board.

(iii) The amount of assets allocated to the segregated accounts of the closed block shall be based upon the mutual company's last annual statement that is updated to the effective date of the conversion.

(iv) The converted stock company shall keep a separate accounting for the closed block and shall make and include in the annual statement to be filed with the Director each year a separate statement showing the gains, losses, and expenses properly attributable to the closed block.

(v) Periodically, upon the Director's approval, those assets allocated to the closed block as provided in subitem (ii) of item (h) of subsection (6) of this Section that are in excess of the amount of assets necessary to support the remaining policies in the closed block shall revert to the benefit of the converted stock company.

(vi) The Director may waive the requirement for the establishment of a closed block of business if the Director deems it to be in the best interests of the participating policyholders of the mutual insurer to do so.

(i) Limitations on acquisition of control. The plan shall provide that any one person or group of persons acting in concert may not acquire, through public offering or subscription rights, more than 5% of the capital stock of the converted stock company for a period of 5 years from the effective date of the plan except with the approval of the Director. This limitation does not apply to any entity that is to purchase 100% of the capital stock of the converted company as part

of the plan of conversion approved by the Director or to a purchase
of stock by a tax-qualified employee benefit plan pursuant to
subscription grants granted to that plan as authorized under item (b)
of subsection (7) of this Section and to a purchase of unsubscribed
stock pursuant to item (e) of subsection (6) of this Section.
(7) Optional provisions in a plan of conversion. The following
provisions may be included in the plan:

(a) Directors and officers subscription rights.
   (i) The plan may provide that the directors and officers
   of the mutual company shall receive, without payment,
   nontransferable subscription rights to purchase capital stock
   of the converted stock company or the stock of another
   corporation that is participating in the conversion plan as
   provided in subitem (i) of item (c) of subsection (6) of this
   Section. Those subscription rights shall be allocated among
   the directors and officers by a fair and equitable formula.
   (ii) The total number of shares that may be purchased
   under subitem (i) of item (a) of subsection (7) of this Section
   may not exceed 35% of the total number of shares to be
   issued in the case of a mutual company with total assets of
   less than $50 million or 25% of the total shares to be issued
   in the case of a mutual company with total assets of more than
   $500 million. For mutual companies with total assets between
   $50 million and $500 million, the total number of shares that
   may be purchased shall be interpolated.
   (iii) Stock purchased by a director or officer under
   subitem (i) of item (a) of subsection (7) of this Section may
   not be sold within one year following the effective date of the
   conversion.
   (iv) The plan may also provide that a director or
   officer or person acting in concert with a director or officer of
   the mutual company may not acquire any capital stock of the
   converted stock company for 3 years after the effective date
   of the plan, except through a broker or dealer, without the
   permission of the Director. That provision may not apply to
   prohibit the directors and officers from purchasing stock
   through subscription rights received in the plan under subitem
   (i) of item (a) of subsection (7) of this Section.

New matter indicated by italics - deletions by strikeout
(b) Tax-qualified employee stock benefit plan. The plan may allocate to a tax-qualified employee benefit plan nontransferable subscription rights to purchase up to 10% of the capital stock of the converted stock company or the stock of another corporation that is participating in the conversion plan as provided in subitem (i) of item (c) of subsection (6) of this Section. That employee benefit plan shall be entitled to exercise its subscription rights regardless of the amount of shares purchased by other persons.

(8) Alternative plan of conversion. The board of directors may adopt a plan of conversion that does not rely in whole or in part upon the issuance to members of non-transferable subscription rights to purchase stock of the converted stock company if the Director finds that the plan does not prejudice the interests of the members, is fair and equitable, and is based upon an independent appraisal of the market value of the mutual company by a qualified person and a fair and equitable allocation of any consideration to be given eligible members. The Director may retain, at the mutual company's expense, any qualified expert not otherwise a part of the Director's staff to assist in reviewing whether the plan may be approved by the Director.

(9) Effective date of the plan. A plan shall become effective when the Director has approved the plan, the members have approved the plan, and the revised articles of incorporation have been adopted.

(10) Rights of members whose policies are issued after adoption of the plan and before its effective date.

(a) Notice. All members whose policies are issued after the proposed plan has been adopted by the board of directors and before the effective date of the plan shall be given written notice of the plan of conversion. The notice shall specify the member's right to rescind that policy as provided in item (b) of subsection (10) of this Section within 45 days after the effective date of the plan. A copy of the plan or a summary of the plan shall accompany the notice. The form of the notice shall be filed with and approved by the Director.

(b) Option to rescind. Any member entitled to receive the notice described in item (a) of subsection (10) of this Section shall be entitled to rescind his or her policy and receive a full refund of any amounts paid for the policy or contract within 10 days after the receipt of the notice.

(11) Corporate existence.

(a) Upon the conversion of a mutual company to a converted stock company according to the provisions of this Section, the
corporate existence of the mutual company shall be continued in the converted stock company. All the rights, franchises, and interests of the mutual company in and to every type of property, real, personal, and mixed, and things in action thereunto belonging, is deemed transferred to and vested in the converted stock company without any deed or transfer. Simultaneously, the converted stock company is deemed to have assumed all the obligations and liabilities of the mutual company.

(b) The directors and officers of the mutual company, unless otherwise specified in the plan of conversion, shall serve as directors and officers of the converted stock company until new directors and officers of the converted stock company are duly elected pursuant to the articles of incorporation and bylaws of the converted stock company.

(12) Conflict of interest. No director, officer, agent, or employee of the mutual company or any other person shall receive any fee, commission, or other valuable consideration, other than his or her usual regular salary and compensation, for in any manner aiding, promoting, or assisting in the conversion except as set forth in the plan approved by the Director. This provision does not prohibit the payment of reasonable fees and compensation to attorneys, accountants, and actuaries for services performed in the independent practice of their professions, even if the attorney, accountant, or actuary is also a Director of the mutual company.

(13) Costs and expenses. All the costs and expenses connected with a plan of conversion shall be paid for or reimbursed by the mutual company or the converted stock company except where the plan provides either for a holding company to acquire the stock of the converted stock company or for the merger of the mutual company into a stock insurance company as provided in subitem (i) of item (c) of subsection (6) of this Section. In those cases, the acquiring holding company or the stock insurance company shall pay for or reimburse all the costs and expenses connected with the plan.

(14) Failure to give notice. If the mutual company complies substantially and in good faith with the notice requirements of this Section, the mutual company's failure to give any member or members any required notice does not impair the validity of any action taken under this Section.

(15) Limitation of actions. Any action challenging the validity of or arising out of acts taken or proposed to be taken under this Section shall be commenced within 30 days after the effective date of the plan.

General Assembly:
   Section 1. Nature of this Act.
(a) This Act may be cited as the First 2014 General Revisory Act.
(b) This Act is not intended to make any substantive change in the
   law. It reconciles conflicts that have arisen from multiple amendments
   and enactments and makes technical corrections and revisions in the law.

   This Act revises and, where appropriate, renumbers certain Sections
   that have been added or amended by more than one Public Act. In certain
   cases in which a repealed Act or Section has been replaced with a successor
   law, this Act may incorporate amendments to the repealed Act or Section into
   the successor law. This Act also corrects errors, revises cross-references, and
   deletes obsolete text.

   (c) In this Act, the reference at the end of each amended Section
   indicates the sources in the Session Laws of Illinois that were used in the
   preparation of the text of that Section. The text of the Section included in this
   Act is intended to include the different versions of the Section found in the
   Public Acts included in the list of sources, but may not include other versions
   of the Section to be found in Public Acts not included in the list of sources.
   The list of sources is not a part of the text of the Section.

   (d) Public Acts 97-1145 through 98-589 were considered in the
   preparation of the combining revisories included in this Act. Many of those
   combining revisories contain no striking or underscoring because no
   additional changes are being made in the material that is being combined.

In accordance with technical specifications provided by the State Board of Elections, each election authority shall maintain a voter registration system capable of receiving and processing voter registration application information, including electronic signatures, from the online voter registration system established by the State Board of Elections.

(b) The online voter registration system shall employ security measures to ensure the accuracy and integrity of voter registration applications submitted electronically pursuant to this Section.

(c) The Board may receive voter registration information provided by applicants using the State Board of Elections' website, may cross reference that information with data or information contained in the Secretary of State's database in order to match the information submitted by applicants, and may receive from the Secretary of State the applicant's digitized signature upon a successful match of that applicant's information with that contained in the Secretary of State's database.

(d) Notwithstanding any other provision of law, a person who is qualified to register to vote and who has an authentic Illinois driver's license or State identification card issued by the Secretary of State may submit an application to register to vote electronically on a website maintained by the State Board of Elections.

(e) An online voter registration application shall contain all of the information that is required for a paper application as provided in Section 1A-16 of this Code, except that the applicant shall be required to provide:

New matter indicated by italics - deletions by strikeout
(2) the last 4 digits of the applicant's social security number; and

(3) the date the Illinois driver's license or State identification card was issued.

(f) For an applicant's registration or change in registration to be accepted, the applicant shall mark the box associated with the following statement included as part of the online voter registration application:

"By clicking on the box below, I swear or affirm all of the following:

(1) I am the person whose name and identifying information is provided on this form, and I desire to register to vote in the State of Illinois.

(2) All the information I have provided on this form is true and correct as of the date I am submitting this form.

(3) I authorize the Secretary of State to transmit to the State Board of Elections my signature that is on file with the Secretary of State and understand that such signature will be used by my local election authority on this online voter registration application for admission as an elector as if I had signed this form personally."

(g) Immediately upon receiving a completed online voter registration application, the online voter registration system shall send, by electronic mail, a confirmation notice that the application has been received. Within 48 hours of receiving such an application, the online voter registration system shall send by electronic mail, a notice informing the applicant of whether the following information has been matched with the Secretary of State database:

(1) that the applicant has an authentic Illinois driver's license or State identification card issued by the Secretary of State and that the driver's license or State identification number provided by the applicant matches the driver's license or State identification card number for that person on file with the Secretary of State;

(2) that the date of issuance of the Illinois driver's license or State identification card listed on the application matches the date of issuance of that card for that person on file with the Secretary of State;

(4) that the last 4 digits of the applicant's social security number matches the last 4 four digits for that person on file with the Secretary of State.

(i) Upon receipt of the online voter registration application, the county clerk or board of election commissioners having jurisdiction over the applicant's voter registration shall promptly search its voter registration database to determine whether the applicant is already registered to vote at the address on the application and whether the new registration would create a duplicate registration. If the applicant is already registered to vote at the address on the application, the clerk or board, as the case may be, shall send the applicant by first class mail, and electronic mail if the applicant has provided an electronic mail address on the original voter registration form for that address, a disposition notice as otherwise required by law informing the applicant that he or she is already registered to vote at such address. (1) enter the name and address of the applicant on the list of registered voters in the jurisdiction; and
(2) send by mail, and electronic mail if the applicant has provided an electronic mail address on the voter registration form, a disposition notice to the applicant as otherwise provided by law setting forth the applicant's name and address as it appears on the application and stating that the person is registered to vote.

(j) An electronic signature of the person submitting a duplicate
registration application or a change of address form that is retrieved and imported from the Secretary of State's driver's license or State identification card database as provided herein may, in the discretion of the clerk or board, be substituted for and replace any existing signature for that individual in the voter registration database of the county clerk or board of election commissioners.

(k) Any new registration or change of address submitted electronically as provided in this Section shall become effective as of the date it is received by the county clerk or board of election commissioners having jurisdiction over said registration. Disposition notices prescribed in this Section shall be sent within 5 business days of receipt of the online application or change of address by the county clerk or board of election commissioners.

(l) All provisions of this Code governing voter registration and applicable thereto and not inconsistent with this Section shall apply to online voter registration under this Section. All applications submitted on a website maintained by the State Board of Elections shall be deemed timely filed if they are submitted no later than 11:59 p.m. on the final day for voter registration prior to an election. After the registration period for an upcoming election has ended and until the 2nd day following such election, the web page containing the online voter registration form on the State Board of Elections website shall inform users of the procedure for grace period voting.

(m) The State Board of Elections shall maintain a list of the name, street address, e-mail address, and likely precinct, ward, township, and district numbers, as the case may be, of people who apply to vote online through the voter registration system and those names and that information shall be stored in an electronic format on its website, arranged by county and accessible to State and local political committees.

(n) The Illinois State Board of Elections shall submit a report to the General Assembly and the Governor by January 31, 2014 detailing the progress made to implement the online voter registration system described in this Section.

(o) The online voter registration system provided for in this Section shall be fully operational by July 1, 2014.

The Illinois Identification Card may be used for identification purposes in any lawful situation only by the person to whom it was issued. As used in this Act, "photograph" means any color photograph or digitally produced and captured image of an applicant for an identification card. As used in this Act, "signature" means the name of a person as written by that person and captured in a manner acceptable to the Secretary of State.

(a-5) If an applicant for an identification card has a current driver's license or instruction permit issued by the Secretary of State, the Secretary may require the applicant to utilize the same residence address and name on the identification card, driver's license, and instruction permit records maintained by the Secretary. The Secretary may promulgate rules to implement this provision.

For the purposes of this subsection (a-10), "peace officer" means any person who by virtue of his or her office or public employment is vested by law with a duty to maintain public order or to make arrests for a violation of any penal statute of this State, whether that duty extends to all violations or is limited to specific violations.

(b) The Secretary of State shall issue a special Illinois Identification Card, which shall be known as an Illinois Person with a Disability Identification Card, to any natural person who is a resident of the State of Illinois, who is a person with a disability as defined in Section 4A of this Act, who applies for such card, or renewal thereof. If a mark is used in lieu of a signature, such mark shall be affixed to the card in the presence of two witnesses who attest to the authenticity of the mark. The Illinois Person with a Disability Identification Card may be used for identification purposes in any lawful situation by the person to whom it was issued.

The Illinois Person with a Disability Identification Card may be used as adequate documentation of disability in lieu of a physician's determination of disability, a determination of disability from a physician assistant who has been delegated the authority to make this determination by his or her supervising physician, a determination of disability from an advanced practice nurse who has a written collaborative agreement with a collaborating physician that authorizes the advanced practice nurse to make this determination, or any other documentation of disability whenever any State law requires that a disabled person provide such documentation of disability, however an Illinois Person with a Disability Identification Card shall not qualify the cardholder to participate in any program or to receive any benefit which is not available to all persons with like disabilities. Notwithstanding any other provisions of law, an Illinois Person with a Disability Identification Card, or evidence that the Secretary of State has issued an Illinois Person with a Disability Identification Card, shall not be used by any person other than the person named on such card to prove that the person named on such card is a disabled person or for any other purpose unless the card is used for the benefit of the person named on such card, and the person named on such card consents to such use at the time the card is so used.

(c-3) The General Assembly recognizes the need to identify military veterans living in this State for the purpose of ensuring that they receive all of the services and benefits to which they are legally entitled, including healthcare, education assistance, and job placement. To assist the State in identifying these veterans and delivering these vital services and benefits, the Secretary of State is authorized to issue Illinois Identification Cards and Illinois Person with a Disability Identification Cards with the word "veteran" appearing on the face of the cards. This authorization is predicated on the unique status of veterans. The Secretary may not issue any other identification card which identifies an occupation, status, affiliation, hobby, or other unique characteristics of the identification card holder which is unrelated to the purpose of the identification card.

(c-5) Beginning on or before July 1, 2015, the Secretary of State shall designate a space on each original or renewal identification card where, at the request of the applicant, the word "veteran" shall be placed. The applicant, upon receipt of such card and prior to its use for any purpose, shall have affixed thereon in the space provided therefor his signature or mark.

(e) The Secretary of State, in his or her discretion, may designate on each Illinois Identification Card or Illinois Person with a Disability Identification Card a space where the card holder may place a sticker or decal, issued by the Secretary of State, of uniform size as the Secretary may

(15 ILCS 405/10.10) (from Ch. 15, par. 210.10)
Sec. 10.10. (a) If any Comptroller's warrant is lost, mislaid or
destroyed, or becomes void after issuance, so that it cannot be presented for
payment by the person entitled thereto, the Comptroller, at any time before
that warrant is paid by the State Treasurer, but within 5 years of the date of
issuance, may issue a replacement warrant to the person entitled thereto. If
the original warrant was not cancelled or did not become void, the
Comptroller, before issuing the replacement warrant, shall issue a stop
payment order on the State Treasurer and receive a confirmation of the stop
payment order on the original warrant from the State Treasurer.

(b) Only the person entitled to the original warrant, or his heirs or
legal representatives, or a third party to whom it was properly negotiated or
the heirs or legal representatives of such party, may request a replacement
warrant. In the case of a warrant issued to a payee who dies before the
warrant is paid by the State Treasurer and whose estate has been probated
pursuant to law, the Comptroller, upon receipt of a certified copy of a judicial

(c) Within 12 months from the date of issuance of the original
warrant, if the original warrant has not been canceled for redeposit, the
Comptroller may issue a replacement warrant on the original voucher

expenditure authorization as the original warrant.

(d) Within 12 months from the date of issuance of the original
warrant, if the original warrant has been canceled for redeposit, and if the

issuance of the replacement warrant would not over-obligate the appropriation or other expenditure authority against which it is drawn, the Comptroller may issue the replacement warrant. If the original warrant was issued against an appropriation or other expenditure authority which has lapsed, the replacement warrant shall be drawn on the Warrant Escheat Fund. If the appropriation or other obligational authority against which the replacement warrant is drawn has not lapsed, the Comptroller shall notify the originating agency of the request for a replacement warrant and shall receive a replacement voucher from that agency before drawing the replacement warrant, which shall be drawn on the same fund and charged to the same appropriation or other expenditure authority as the original warrant.

(e) Within 12 months from the date of issuance of the original warrant, if the original warrant has been canceled for redeposit, the Comptroller may not issue a replacement warrant where such issuance would over-obligate the appropriation or other expenditure authority against which the original warrant was drawn. Whenever the Comptroller is presented with a request for a replacement warrant which may not be issued under the limitation of this subsection, if the appropriation or other expenditure authority against which the original warrant was drawn has not lapsed, the Comptroller shall immediately inform the originating agency of the request and that the request may not be honored because of the resulting over-obligation, and shall request the agency to determine whether or not that agency will take some corrective action before the applicable expenditure authorization lapses. The originating agency shall respond to the Comptroller's inquiry within 5 business days.

(f) After 12 months from the date of issuance of the original warrant, if the original warrant has not been cancelled for redeposit, the Comptroller shall issue the replacement warrant on the Warrant Escheat Fund.

(f-5) After 5 years from the date of issuance of the original warrant but no later than 10 years after that date, the Comptroller may issue a replacement warrant on the Warrant Escheat Fund to a person or entity entitled thereto, as those persons and entities are described in subsection (b) of this Section, if the following requirements are met:

1. the person or entity verifies that they are entitled to the original warrant;
2. in the case of a warrant that is not presented by the requestor, the paying agency certifies that the original payee is still entitled to the payment; and
3. the Comptroller's records are available and confirm that
the warrant was not replaced.

(g) Except as provided in this Section, requests for replacement warrants for more than $500 shall show entitlement to such warrant by including an affidavit, in writing, sworn before a person authorized to administer oaths and affirmations, stating the loss or destruction of the warrant, or the fact that the warrant is void. However, when the written request for a replacement warrant submitted by the person to whom the original warrant was issued is accompanied by the original warrant, no affidavit is required. Requests for replacement warrants for $500 or less shall show entitlement to such warrant by submitting a written statement of the loss or destruction of the warrant, or the fact that the warrant is void on an application form prescribed by the Comptroller. If the person requesting the replacement is in possession of the original warrant, or any part thereof, the original warrant or the part thereof must accompany the request for replacement. The Comptroller shall then draw such replacement warrant, and the treasurer shall pay the replacement warrant. If at the time of a loss or destruction a warrant was negotiated to a third party, however (which fact shall be ascertained by the oath of the party making the application, or otherwise), before the replacement warrant is drawn by the Comptroller, the person requesting the replacement warrant must give the Comptroller a bond or bonds with sufficient sureties, to be approved by the Comptroller, when required by regulation of the Comptroller, payable to the People of the State of Illinois, for the refunding of the amount, together with all costs and charges, should the State afterwards be compelled to pay the original warrant.

(a) For purposes of this Section:

(1) "Children" means persons found within the State who are under the age of 18 years. The term also includes persons under age 21 who:

   (A) were committed to the Department pursuant to the Juvenile Court Act or the Juvenile Court Act of 1987, as amended, prior to the age of 18 and who continue under the jurisdiction of the court; or

purposes:

(B) remedying, or assisting in the solution of problems which may result in, the neglect, abuse, exploitation or delinquency of children;

(C) preventing the unnecessary separation of children from their families by identifying family problems, assisting families in resolving their problems, and preventing the breakup of the family where the prevention of child removal is desirable and possible when the child can be cared for at home without endangering the child's health and safety;

(D) restoring to their families children who have been removed, by the provision of services to the child and the families when the child can be cared for at home without endangering the child's health and safety;

(E) placing children in suitable adoptive homes, in cases where restoration to the biological family is not safe, possible or appropriate;

(F) assuring safe and adequate care of children away from their homes, in cases where the child cannot be returned home or cannot be placed for adoption. At the time of placement, the Department shall consider concurrent planning, as described in subsection (l-1) of this Section so that permanency may occur at the earliest opportunity. Consideration should be given so that if reunification fails or is delayed, the placement made is the best available placement to provide permanency for the child;

(G) (blank);

(H) (blank); and

(I) placing and maintaining children in facilities that provide separate living quarters for children under the age of 18 and for children 18 years of age and older, unless a child 18 years of age is in the last year of high school education or vocational training, in an approved individual or group treatment program, in a licensed shelter facility, or secure child care facility. an equal basis throughout the State to children requiring such services.

(d) The Director may authorize advance disbursements for any new
program initiative to any agency contracting with the Department. As a
prerequisite for an advance disbursement, the contractor must post a surety
bond in the amount of the advance disbursement and have a purchase of
service contract approved by the Department. The Department may pay up to
2 months operational expenses in advance. The amount of the advance
disbursement shall be prorated over the life of the contract or the remaining
months of the fiscal year, whichever is less, and the installment amount shall
then be deducted from future bills. Advance disbursement authorizations for
new initiatives shall not be made to any agency after that agency has operated
during 2 consecutive fiscal years. The requirements of this Section
concerning advance disbursements shall not apply with respect to the
following: payments to local public agencies for child day care services as
authorized by Section 5a of this Act; and youth service programs receiving
grant funds under Section 17a-4.

(10) interstate services.

Rules and regulations established by the Department shall include provisions for training Department staff and the staff of Department grantees, through contracts with other agencies or resources, in alcohol and drug abuse screening techniques approved by the Department of Human Services, as a successor to the Department of Alcoholism and Substance Abuse, for the purpose of identifying children and adults who should be referred to an alcohol and drug abuse treatment program for professional evaluation.

(h) If the Department finds that there is no appropriate program or facility within or available to the Department for a ward and that no licensed private facility has an adequate and appropriate program or none agrees to accept the ward, the Department shall create an appropriate individualized, program-oriented plan for such ward. The plan may be developed within the Department or through purchase of services by the Department to the extent that it is within its statutory authority to do.

(i) Service programs shall be available throughout the State and shall include but not be limited to the following services:

(j) The Department may provide categories of financial assistance and education assistance grants, and shall establish rules and regulations concerning the assistance and grants, to persons who adopt physically or mentally handicapped, older and other hard-to-place children who (i) immediately prior to their adoption were legal wards of the Department or (ii) were determined eligible for financial assistance with respect to a prior adoption and who become available for adoption because the prior adoption has been dissolved and the parental rights of the adoptive parents have been terminated or because the child's adoptive parents have died. The Department may continue to provide financial assistance and education assistance grants for a child who was determined eligible for financial assistance under this subsection (j) in the interim period beginning when the child's adoptive parents died and ending with the finalization of the new adoption of the child by another adoptive parent or parents. The Department may also provide categories of financial assistance and education assistance grants, and shall establish rules and regulations for the assistance and grants, to persons appointed guardian of the person under Section 5-7 of the Juvenile Court Act or Section 2-27, 3-28, 4-25 or 5-740 of the Juvenile Court Act of 1987 for children who were wards of the Department for 12 months immediately prior to the appointment of the guardian.

The amount of assistance may vary, depending upon the needs of the child and the adoptive parents, as set forth in the annual assistance agreement. Special purpose grants are allowed where the child requires special service but such costs may not exceed the amounts which similar services would cost the Department if it were to provide or secure them as guardian of the child. Any financial assistance provided under this subsection is inalienable by assignment, sale, execution, attachment, garnishment, or any other remedy for recovery or collection of a judgment or debt.

(j-5) The Department shall not deny or delay the placement of a child for adoption if an approved family is available either outside of the Department region handling the case, or outside of the State of Illinois.

services shall be offered (i) to prevent the placement of children in substitute care when the children can be cared for at home or in the custody of the person responsible for the children's welfare, (ii) to reunite children with their families, or (iii) to maintain an adoptive placement. Family preservation services shall only be offered when doing so will not endanger the children's health or safety. With respect to children who are in substitute care pursuant to the Juvenile Court Act of 1987, family preservation services shall not be offered if a goal other than those of subdivisions (A), (B), or (B-1) of subsection (2) of Section 2-28 of that Act has been set. Nothing in this paragraph shall be construed to create a private right of action or claim on the part of any individual or child welfare agency, except that when a child is the subject of an action under Article II of the Juvenile Court Act of 1987 and the child's service plan calls for services to facilitate achievement of the permanency goal, the court hearing the action under Article II of the Juvenile Court Act of 1987 may order the Department to provide the services set out in the plan, if those services are not provided with reasonable promptness and if those services are available.

The Department shall notify the child and his family of the Department's responsibility to offer and provide family preservation services as identified in the service plan. The child and his family shall be eligible for services as soon as the report is determined to be "indicated". The Department may offer services to any child or family with respect to whom a report of suspected child abuse or neglect has been filed, prior to concluding its investigation under Section 7.12 of the Abused and Neglected Child Reporting Act. However, the child's or family's willingness to accept services shall not be considered in the investigation. The Department may also provide services to any child or family who is the subject of any report of suspected child abuse or neglect or may refer such child or family to services available from other agencies in the community, even if the report is determined to be unfounded, if the conditions in the child's or family's home are reasonably likely to subject the child or family to future reports of suspected child abuse or neglect. Acceptance of such services shall be voluntary. The Department may also provide services to any child or family after completion of a family assessment, as an alternative to an investigation, as provided under the "differential response program" provided for in subsection (a-5) of Section 7.4 of the Abused and Neglected Child Reporting Act.

The Department may, at its discretion except for those children also adjudicated neglected or dependent, accept for care and training any child
