Beginning August 1, 2000, each month the Department shall pay into the County and Mass Transit District Fund 20% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the revenue realized for the preceding month from the 6.25% general rate on transfers of tangible personal property.

Beginning August 1, 2000, each month the Department shall pay into the Local Government Tax Fund 80% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Use Tax Act, the Service Use Tax Act, and the Retailers' Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Use Tax Act, the Service Use Tax Act, and the Retailers' Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter
called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993 and ending on September 30, 2013, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. The Department may, upon separate written notice to a taxpayer, require the taxpayer to prepare and file with the Department on a form prescribed by the Department within not less than 60 days after receipt of the notice an annual information return for the tax year specified in the notice. Such annual return to the Department shall include a statement of gross receipts as shown by the taxpayer's last Federal income tax return. If the total receipts of the business as reported in the Federal income tax return do not agree with the gross receipts reported to the Department of Revenue for the same period, the taxpayer shall attach to his annual return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The taxpayer's annual return to the Department shall also disclose the cost of goods sold by the taxpayer during the year covered by such return, opening and closing inventories of such goods for such year, cost of goods used from stock or taken from stock and given away by the taxpayer during such year, pay roll information of the taxpayer's business during such year and any additional reasonable information which the Department deems would be helpful in determining the accuracy of the monthly, quarterly or annual returns filed by such taxpayer as hereinbefore provided for in this Section.

If the annual information return required by this Section is not filed when and as required, the taxpayer shall be liable as follows:

(i) Until January 1, 1994, the taxpayer shall be liable for a penalty equal to 1/6 of 1% of the tax due from such taxpayer under this Act during the period to be covered by the annual return for each month or fraction of a month until such return is filed as required, the penalty to be assessed and collected in the same manner as any other penalty provided for in this Act.

(ii) On and after January 1, 1994, the taxpayer shall be liable for a penalty as described in Section 3-4 of the Uniform Penalty and Interest Act.

The chief executive officer, proprietor, owner or highest ranking manager shall sign the annual return to certify the accuracy of the information contained therein. Any person who willfully signs the annual return containing false or inaccurate information shall be guilty of perjury and punished accordingly. The annual return form prescribed by the Department shall include a warning that the person signing the return may be liable for perjury.

The foregoing portion of this Section concerning the filing of an annual information return shall not apply to a serviceman who is not required to file an income tax return with the United States Government.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

For greater simplicity of administration, it shall be permissible for manufacturers, importers and wholesalers whose products are sold by numerous servicemen in Illinois, and who wish to do so, to assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the servicemen who are affected do not make written objection to the Department to this arrangement.

Service Occupation Tax Act, and for the purpose of collecting any other local retailers' occupation tax administered by the Department. This Section applies only with respect to the particular selling activities described in the following paragraphs. The provisions of this Section are not intended to, and shall not be interpreted to, affect where a retailer is deemed to be engaged in the business of selling with respect to any activity that is not specifically described in the following paragraphs.

(1) If a purchaser who is present at the retailer's place of business, having no prior commitment to the retailer, agrees to purchase and makes payment for tangible personal property at the retailer's place of business, then the transaction shall be deemed an over-the-counter sale occurring at the retailer's same place of business where the purchaser was present and made payment for that tangible personal property if the retailer regularly stocks the purchased tangible personal property or similar tangible personal property in the quantity, or similar quantity, for sale at the retailer's same place of business and then either (i) the purchaser takes possession of the tangible personal property at the same place of business or (ii) the retailer delivers or arranges for the tangible personal property to be delivered to the purchaser.

(2) If a purchaser, having no prior commitment to the retailer, agrees to purchase tangible personal property and makes payment over the phone, in writing, or via the Internet and takes possession of the tangible personal property at the retailer's place of business, then the sale shall be deemed to have occurred at the retailer's place of business where the purchaser takes possession of the property if the retailer regularly stocks the item or similar items in the quantity, or similar quantities, purchased by the purchaser.

(3) A retailer is deemed to be engaged in the business of selling food, beverages, or other tangible personal property through a vending machine at the location where the vending machine is located at the time the sale is made if (i) the vending machine is a device operated by coin, currency, credit card, token, coupon or similar device; (2) the food, beverage or other tangible personal property is contained within the vending machine and dispensed from the vending machine; and (3) the purchaser takes possession of the purchased food, beverage or other tangible personal property immediately.

(4) Minerals. A producer of coal or other mineral mined in Illinois is deemed to be engaged in the business of selling at the place where the coal or other mineral mined in Illinois is extracted from the earth. With respect to minerals (i) the term "extracted from the earth" means the location at which the coal or other mineral is extracted from the mouth of the mine, and (ii) a "mineral" includes not only coal, but also oil, sand, stone taken from a quarry, gravel and any other thing commonly regarded as a mineral and extracted from the earth. This paragraph does not apply to coal or another mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the United States Constitution as a sale in interstate or foreign commerce.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Each return shall be accompanied by the statement of prepaid tax issued pursuant to Section 2e for which credit is claimed.

Prior to October 1, 2003, and on and after September 1, 2004 a retailer may accept a Manufacturer's Purchase Credit certification from a purchaser in satisfaction of Use Tax as provided in Section 3-85 of the Use Tax Act if the purchaser provides the appropriate documentation as required by Section 3-85 of the Use Tax Act. A Manufacturer's Purchase Credit certification, accepted by a retailer prior to October 1, 2003 and on and after September 1, 2004 as provided in Section 3-85 of the Use Tax Act, may be used by that retailer to satisfy Retailers' Occupation Tax liability in the amount claimed in the certification, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase. Beginning on October 1, 2003, any person who is not a licensed distributor, importing distributor, or manufacturer, as defined in the Liquor Control Act of 1934, but is engaged in the business of selling, at retail, alcoholic liquor shall file a statement with the Department of Revenue, in a format and at a time prescribed by the Department, showing the total amount paid for alcoholic liquor purchased during the preceding month and such other information as is reasonably required by the Department. The Department may adopt rules to require that this statement be filed in an electronic or telephonic format. Such rules may provide for exceptions from the filing requirements of this paragraph. For the purposes of this paragraph, the term "alcoholic liquor" shall have the meaning prescribed in the Liquor Control Act of 1934.

Beginning on October 1, 2003, every distributor, importing distributor, and manufacturer of alcoholic liquor as defined in the Liquor Control Act of 1934, shall file a statement with the Department of Revenue, no later than the 10th day of the month for the preceding month during which transactions occurred, by electronic means, showing the total amount of gross receipts from the sale of alcoholic liquor sold or distributed during the preceding month to purchasers; identifying the purchaser to whom it was sold or distributed; the purchaser's tax registration number; and such other information reasonably required by the Department. A distributor, importing distributor, or manufacturer of alcoholic liquor must personally deliver, mail, or provide by electronic means to each retailer listed on the monthly statement a report containing a cumulative total of that distributor's, importing distributor's, or manufacturer's total sales of alcoholic liquor to that retailer no later than the 10th day of the month for the preceding month during which the transaction occurred. The distributor, importing distributor, or manufacturer shall notify the retailer as to the method by which the distributor, importing distributor, or manufacturer will provide the sales information. If the retailer is unable to receive the sales information by electronic means, the distributor, importing distributor, or manufacturer shall furnish the sales information by personal delivery or by mail. For purposes of this paragraph, the term "electronic means" includes, but is not limited to, the use of a secure Internet website, e-mail, or facsimile.

Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payments by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Any amount which is required to be shown or reported on any return or other document under this Act shall, if such amount is not a whole-dollar amount, be increased to the nearest whole-dollar amount in any case where the fractional part of a dollar is 50 cents or more, and decreased to the nearest whole-dollar amount where the fractional part of a dollar is less than 50 cents.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability with the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under this Act with the Department not more than one month after discontinuing such business.

Where the same person has more than one business registered with the Department under separate registrations under this Act, such person may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle retailer or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 2-5 of this Act, then that seller may report the transfer of all aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-

transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

Any retailer who sells only motor vehicles, watercraft, aircraft, or trailers that are required to be registered with an agency of this State, so that all retailers' occupation tax liability is required to be reported, and is reported, on such transaction reporting returns and who is not otherwise required to file monthly or quarterly returns, need not file monthly or quarterly returns. However, those retailers shall be required to file returns on an annual basis.

The transaction reporting return, in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of The Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of The Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft or aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the day of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the Illinois use tax may be transmitted to the Department by way of the State agency with which, or State officer with whom the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a use tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of the tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the
same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.

Refunds made by the seller during the preceding return period to purchasers, on account of tangible personal property returned to the seller, shall be allowed as a deduction under subdivision 5 of his monthly or quarterly return, as the case may be, in case the seller had theretofore included the receipts from the sale of such tangible personal property in a return filed by him and had paid the tax imposed by this Act with respect to such receipts.

Where the seller is a corporation, the return filed on behalf of such corporation shall be signed by the president, vice-president, secretary or treasurer or by the properly accredited agent of such corporation.

Where the seller is a limited liability company, the return filed on behalf of the limited liability company shall be signed by a manager, member, or properly accredited agent of the limited liability company.

Except as provided in this Section, the retailer filing the return under this Section shall, at the time of filing such return, pay to the Department the amount of tax imposed by this Act less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for the expenses incurred in keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. Any prepayment made pursuant to Section 2d of this Act shall be included in the amount on which such 2.1% or 1.75% discount is computed. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return. The Department may disallow the discount for retailers whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was $10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October

1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was $20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985 and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987 and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, or begins on or after January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of $10,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the

month of highest liability and the month of lowest liability) is less than $9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $10,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of $20,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due as a payment and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

The provisions of this paragraph apply before October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes which average in excess of $25,000 per month during the preceding 2 complete calendar quarters, shall file a return with the Department as required

by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to the effective date of this amendatory Act of 1985, each payment shall be in an amount not less than 22.5% of the taxpayer's actual liability under Section 2d. If the month during which such tax liability is incurred begins on or after January 1, 1986, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding calendar year. If the month during which such tax liability is incurred begins on or after January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until such taxpayer's average monthly prepaid tax collections during the preceding 2 complete calendar quarters is $25,000 or less. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

The provisions of this paragraph apply on and after October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes that average in excess of $20,000 per month during the preceding 4 complete calendar quarters shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which the liability is incurred. Each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of the quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until the taxpayer's average monthly prepaid tax collections during the preceding 4 complete
calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarters is less than $20,000. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

If any payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Use Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown on an original monthly return, the Department shall, if requested by the taxpayer, issue to the taxpayer a credit memorandum no later than 30 days after the date of payment. The credit evidenced by such credit memorandum may be assigned by the taxpayer to a similar taxpayer under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations to be prescribed by the Department. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determined that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% and 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and that taxpayer shall be liable for penalties and interest on such difference.

If a retailer of motor fuel is entitled to a credit under Section 2d of this Act which exceeds the taxpayer's liability to the Department under this Act for the month which the taxpayer is filing a return, the Department shall issue the taxpayer a credit memorandum for the excess.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund, a special fund in the State treasury which is hereby created, the net revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning July 1, 2011, each month the Department shall pay into the Clean Air Act (CAA) Permit Fund 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of sorbents used in Illinois in the process of sorbent injection as used to comply with the Environmental Protection Act or the federal Clean Air Act, but the total payment into the Clean Air Act (CAA) Permit Fund under this Act and the Use Tax Act shall not exceed $2,000,000 in any fiscal year.

As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to this Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as hereinafter defined), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; the "Annual Specified Amount" means the amounts specified below for fiscal years 1986 through 1993:

and each fiscal year thereafter that bonds are outstanding under Section 13.2 of the Metropolitan Pier and Exposition Authority Act, but not after fiscal year 2060.

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act, plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993 and ending on September 30, 2013, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Subject to payment of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, and the Energy Infrastructure Fund pursuant to the preceding paragraphs or in any amendments to this Section hereafter enacted, beginning on the first day of the first calendar month to occur on or after the effective date of this amendatory Act of the 98th General Assembly, each month, from the collections made under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act, the Department shall pay into the Tax Compliance and Administration Fund, to be used, subject to appropriation, to fund additional auditors and compliance personnel at the Department of Revenue, an amount equal to 1/12 of 5% of 80% of the cash receipts collected during the preceding fiscal year by the Audit Bureau of the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, the Retailers' Occupation Tax Act, and associated local occupation and use taxes administered by the Department.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

The Department may, upon separate written notice to a taxpayer, require the taxpayer to prepare and file with the Department on a form prescribed by the Department within not less than 60 days after receipt of the notice an annual information return for the tax year specified in the notice. Such annual return to the Department shall include a statement of gross receipts as shown by the retailer's last Federal income tax return. If the total receipts of the business as reported in the Federal income tax return do not agree with the gross receipts reported to the Department of Revenue for the same period, the retailer shall attach to his annual return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The retailer's annual return to the Department shall also disclose the cost of goods

sold by the retailer during the year covered by such return, opening and closing inventories of such goods for such year, costs of goods used from stock or taken from stock and given away by the retailer during such year, payroll information of the retailer's business during such year and any additional reasonable information which the Department deems would be helpful in determining the accuracy of the monthly, quarterly or annual returns filed by such retailer as provided for in this Section.

If the annual information return required by this Section is not filed when and as required, the taxpayer shall be liable as follows:

(i) Until January 1, 1994, the taxpayer shall be liable for a penalty equal to 1/6 of 1% of the tax due from such taxpayer under this Act during the period to be covered by the annual return for each month or fraction of a month until such return is filed as required, the penalty to be assessed and collected in the same manner as any other penalty provided for in this Act.

(ii) On and after January 1, 1994, the taxpayer shall be liable for a penalty as described in Section 3-4 of the Uniform Penalty and Interest Act.

The chief executive officer, proprietor, owner or highest ranking manager shall sign the annual return to certify the accuracy of the information contained therein. Any person who willfully signs the annual return containing false or inaccurate information shall be guilty of perjury and punished accordingly. The annual return form prescribed by the Department shall include a warning that the person signing the return may be liable for perjury.

The provisions of this Section concerning the filing of an annual information return do not apply to a retailer who is not required to file an income tax return with the United States Government.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers and wholesalers whose products are sold at retail in Illinois by numerous retailers,
and who wish to do so, may assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the retailers who are affected do not make written objection to the Department to this arrangement.

Any person who promotes, organizes, provides retail selling space for concessionaires or other types of sellers at the Illinois State Fair, DuQuoin State Fair, county fairs, local fairs, art shows, flea markets and similar exhibitions or events, including any transient merchant as defined by Section 2 of the Transient Merchant Act of 1987, is required to file a report with the Department providing the name of the merchant's business, the name of the person or persons engaged in merchant's business, the permanent address and Illinois Retailers Occupation Tax Registration Number of the merchant, the dates and location of the event and other reasonable information that the Department may require. The report must be filed not later than the 20th day of the month next following the month during which the event with retail sales was held. Any person who fails to file a report required by this Section commits a business offense and is subject to a fine not to exceed $250.

Any person engaged in the business of selling tangible personal property at retail as a concessionaire or other type of seller at the Illinois State Fair, county fairs, art shows, flea markets and similar exhibitions or events, or any transient merchants, as defined by Section 2 of the Transient Merchant Act of 1987, may be required to make a daily report of the amount of such sales to the Department and to make a daily payment of the full amount of tax due. The Department shall impose this requirement when it finds that there is a significant risk of loss of revenue to the State at such an exhibition or event. Such a finding shall be based on evidence that a substantial number of concessionaires or other sellers who are not residents of Illinois will be engaging in the business of selling tangible personal property at retail at the exhibition or event, or other evidence of a significant risk of loss of revenue to the State. The Department shall notify concessionaires and other sellers affected by the imposition of this requirement. In the absence of notification by the Department, the concessionaires and other sellers shall file their returns as otherwise required in this Section.

Section 40. The Telecommunications Excise Tax Act is amended by changing Section 6 as follows:

(35 ILCS 630/6) (from Ch. 120, par. 2006)

New matter indicated by italics - deletions by strikeout
Sec. 6. Except as provided hereinafter in this Section, on or before the last day of each month, each retailer maintaining a place of business in this State shall make a return to the Department for the preceding calendar month, stating:

1. His name;
2. The address of his principal place of business, or the address of the principal place of business (if that is a different address) from which he engages in the business of transmitting telecommunications;
3. Total amount of gross charges billed by him during the preceding calendar month for providing telecommunications during such calendar month;
4. Total amount received by him during the preceding calendar month on credit extended;
5. Deductions allowed by law;
6. Gross charges which were billed by him during the preceding calendar month and upon the basis of which the tax is imposed;
7. Amount of tax (computed upon Item 6);
8. Such other reasonable information as the Department may require.

Any taxpayer required to make payments under this Section may make the payments by electronic funds transfer. The Department shall adopt rules necessary to effectuate a program of electronic funds transfer. Any taxpayer who has average monthly tax billings due to the Department under this Act and the Simplified Municipal Telecommunications Tax Act that exceed $1,000 shall make all payments by electronic funds transfer as required by rules of the Department and shall file the return required by this Section by electronic means as required by rules of the Department.

If the retailer's average monthly tax billings due to the Department under this Act and the Simplified Municipal Telecommunications Tax Act do not exceed $1,000, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 30 of such year; with the return for April, May and June of a given year being due by July 31st of such year; with the return for July, August and September of a given year being due by October 31st of such year; and with the return of October, November and December of a given year being due by January 31st of the following year.

New matter indicated by italics - deletions by strikeout
If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax billings due to the Department under this Act and the Simplified Municipal Telecommunications Tax Act do not exceed $400, the Department may authorize his or her return to be filed on an annual basis, with the return for a given year being due by January 31st of the following year.

Notwithstanding any other provision of this Article containing the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Article, such retailer shall file a final return under this Article with the Department not more than one month after discontinuing such business.

In making such return, the retailer shall determine the value of any consideration other than money received by him and he shall include such value in his return. Such determination shall be subject to review and revision by the Department in the manner hereinafter provided for the correction of returns.

Each retailer whose average monthly liability to the Department under this Article and the Simplified Municipal Telecommunications Tax Act was $25,000 or more during the preceding calendar year, excluding the month of highest liability and the month of lowest liability in such calendar year, and who is not operated by a unit of local government, shall make estimated payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which tax collection liability to the Department is incurred in an amount not less than the lower of either 22.5% of the retailer's actual tax collections for the month or 25% of the retailer's actual tax collections for the same calendar month of the preceding year. The amount of such quarter monthly payments shall be credited against the final liability of the retailer's return for that month. Any outstanding credit, approved by the Department, arising from the retailer's overpayment of its final liability for any month may be applied to reduce the amount of any subsequent quarter monthly payment or credited against the final liability of the retailer's return for any subsequent month. If any quarter monthly payment is not paid at the time or in the amount required by this Section, the retailer shall be liable for penalty and interest on the difference between the minimum amount due as a payment and the amount of such payment actually and timely paid, except insofar as the retailer has previously made payments for that month to the Department in excess of the minimum payments previously due.

The retailer making the return herein provided for shall, at the time of making such return, pay to the Department the amount of tax herein imposed, less a discount of 1% which is allowed to reimburse the retailer for the expenses incurred in keeping records, billing the customer, preparing and filing returns, remitting the tax, and supplying data to the Department upon request. No discount may be claimed by a retailer on returns not timely filed and for taxes not timely remitted.

On and after the effective date of this Article of 1985, $1,000,000 of the moneys received by the Department of Revenue pursuant to this Article, other than moneys received pursuant to the additional taxes imposed by Public Act 90-548:

(1) $1,000,000 shall be paid each month into the Common School Fund;

(2) beginning on the first day of the first calendar month to occur on or after the effective date of this amendatory Act of the 98th General Assembly, an amount equal to 1/12 of 5% of the cash receipts collected during the preceding fiscal year by the Audit Bureau of the Department from the tax under this Act and the Simplified Municipal Telecommunications Tax Act shall be paid each month into the Tax Compliance and Administration Fund; those moneys shall be used, subject to appropriation, to fund additional auditors and compliance personnel at the Department of Revenue; and

(3) the remainder shall be deposited into the General Revenue Fund.

On and after February 1, 1998, however, of the moneys received by the Department of Revenue pursuant to the additional taxes imposed by Public Act 90-548, this amendatory Act of 1997 one-half shall be deposited into the School Infrastructure Fund and one-half shall be deposited into the Common School Fund. On and after the effective date of this amendatory Act of the 91st General Assembly, if in any fiscal year the total of the moneys deposited into the School Infrastructure Fund under this Act is less than the total of the moneys deposited into that Fund from the additional taxes imposed by Public Act 90-548 during fiscal year 1999, then, as soon as possible after the close of the fiscal year, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the School Infrastructure Fund an amount equal to the difference between the fiscal year total deposits and the total amount deposited into the Fund in fiscal year 1999.

(35 ILCS 635/25)

Sec. 25. Collection, enforcement, and administration of State telecommunications infrastructure maintenance fees.

(a) A telecommunications retailer shall charge each customer an additional charge equal to the State infrastructure maintenance fee attributable to that customer's service address. Such additional charge shall be shown separately on the bill to each customer.

(b) The State infrastructure maintenance fee shall be designated as a replacement for the personal property tax and shall be remitted by the telecommunications retailer to the Department; provided, however, that the telecommunications retailer may retain an amount not to exceed 2% of the State infrastructure maintenance fee paid to the Department, with a timely paid and timely filed return to reimburse itself for expenses incurred in collecting, accounting for, and remitting the fee.

Beginning on the first day of the first calendar month to occur on or after the effective date of this amendatory Act of the 98th General Assembly, an amount equal to 1/12 of 5% of the cash receipts collected during the preceding fiscal year by the Audit Bureau of the Department from the tax under this Act shall be paid each month into the Tax Compliance and Administration Fund to be used, subject to appropriation, to fund additional auditors and compliance personnel at the Department of Revenue. All remaining amounts herein remitted to the Department shall be paid into the Personal Property Tax Replacement Fund in the State Treasury.

property is delivered to purchasers. Any unit of local government denied retailers' occupation tax revenue because of an agreement that violates this Section may file an action in circuit court against only the county. Any agreement entered into prior to June 1, 2004 is not affected by this amendatory Act of the 93rd General Assembly. Any unit of local government that prevails in the circuit court action is entitled to damages in the amount of the tax revenue it was denied as a result of the agreement, statutory interest, costs, reasonable attorney's fees, and an amount equal to 50% of the tax.

(b) On and after the effective date of this amendatory Act of the 93rd General Assembly, a home rule unit shall not enter into any agreement prohibited by this Section. This Section is a denial and limitation of home rule powers and functions under subsection (g) of Section 6 of Article VII of the Illinois Constitution.

(c) Any county that enters into an agreement to share or rebate any portion of retailers' occupation taxes generated by retail sales of tangible personal property must complete and submit a report by electronic filing to the Department of Revenue within 30 days after the execution of the agreement. Any county that has entered into such an agreement before the effective date of this amendatory Act of the 97th General Assembly that has not been terminated or expired as of the effective date of this amendatory Act of the 97th General Assembly shall submit a report with respect to the agreements within 90 days after the effective date of this amendatory Act of the 97th General Assembly.

Any agreement entered into after the effective date of this amendatory Act of the 98th General Assembly is not valid until the county entering into the agreement complies with the requirements set forth in this subsection. Any county that fails to comply with the requirements set forth in this subsection within 30 days after the execution of the agreement shall be responsible for paying to the Department of Revenue a delinquency penalty of $20 per day for each day the county fails to submit a report by electronic filing to the Department of Revenue. A county that has previously failed to report an agreement in effect on the effective date of this subsection will begin to accrue a delinquency penalty for each day the agreement remains unreported beginning on the effective date of this subsection. The Department of Revenue may adopt rules to implement and administer these penalties.

(d) The report described in this Section shall be made on a form to be supplied by the Department of Revenue and shall contain the following:

An updated report must be filed by the county within 30 days after the execution of any amendment made to an agreement.

Section 65. The Civic Center Code is amended by changing Section 245-12 as follows:

New matter indicated by italics - deletions by strikeout
(70 ILCS 200/245-12)
Sec. 245-12. Use and occupation taxes.

(a) The Authority may adopt a resolution that authorizes a referendum on the question of whether the Authority shall be authorized to impose a retailers' occupation tax, a service occupation tax, and a use tax in one-quarter percent increments at a rate not to exceed 1%. The Authority shall certify the question to the proper election authorities who shall submit the question to the voters of the metropolitan area at the next regularly scheduled election in accordance with the general election law. The question shall be in substantially the following form:

"Shall the Salem Civic Center Authority be authorized to impose a retailers' occupation tax, a service occupation tax, and a use tax at the rate of (rate) for the sole purpose of obtaining funds for the support, construction, maintenance, or financing of a facility of the Authority?"

Votes shall be recorded as "yes" or "no". If a majority of all votes cast on the proposition are in favor of the proposition, the Authority is authorized to impose the tax.

(b) The Authority shall impose the retailers' occupation tax upon all persons engaged in the business of selling tangible personal property at retail in the metropolitan area, at the rate approved by referendum, on the gross receipts from the sales made in the course of such business within the metropolitan area. The tax imposed under this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department of Revenue. The Department has full power to administer and enforce this Section; to collect all taxes and penalties so collected in the manner provided in this Section; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this Section, the Department and persons who are subject to this Section shall (i) have the same rights, remedies, privileges, immunities, powers and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms, and (iii) employ the same modes of procedure as are prescribed in Sections 1, 1a, 1a-1, 1c, 1d, 1e, 1f, 1i, 1j, 1k, 1m, 1n, 2, 2-5, 2-5.5, 2-10 (in respect to all provisions therein other than the State rate of tax), 2-12, 2-15 through 2-70, 2a, 2b, 2c, 3 (except as to the disposition of taxes and penalties collected and provisions related to quarter monthly payments), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 11a, 12, and 13 of the Retailers' Occupation Tax Act and

New matter indicated by italics - deletions by strikeout
Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth in this subsection.

Persons subject to any tax imposed under this subsection may reimburse themselves for their seller's tax liability by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State taxes that sellers are required to collect, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the tax fund referenced under paragraph (g) of this Section.

If a tax is imposed under this subsection (b), a tax shall also be imposed at the same rate under subsections (c) and (d) of this Section.

For the purpose of determining whether a tax authorized under this Section is applicable, a retail sale, by a producer of coal or other mineral mined in Illinois, is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the Federal Constitution as a sale in interstate or foreign commerce.

Nothing in this Section shall be construed to authorize the Authority to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

(c) If a tax has been imposed under subsection (b), a service occupation tax shall also be imposed at the same rate upon all persons engaged, in the metropolitan area, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the metropolitan area as an incident to a sale of service. The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department of Revenue. The Department has full power to administer and enforce this paragraph; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with this paragraph, the Department and persons who are

New matter indicated by italics - deletions by strikeout
subject to this paragraph shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms, and (iii) employ the same modes of procedure as are prescribed in Sections 2 (except that the reference to State in the definition of supplier maintaining a place of business in this State shall mean the metropolitan area), 2a, 2b, 3 through 3-55 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the Authority), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the Authority), 9 (except as to the disposition of taxes and penalties collected, and except that the returned merchandise credit for this tax may not be taken against any State tax), 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the Authority), 15, 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their serviceman's tax liability by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the tax fund referenced under paragraph (g) of this Section.

Nothing in this paragraph shall be construed to authorize the Authority to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by the State.

(d) If a tax has been imposed under subsection (b), a use tax shall also be imposed at the same rate upon the privilege of using, in the metropolitan area, any item of tangible personal property that is purchased outside the metropolitan area at retail from a retailer, and that is titled or registered at a location within the metropolitan area with an agency of this State's government. "Selling price" is defined as in the Use Tax Act. The tax shall

New matter indicated by italics - deletions by strikeout
be collected from persons whose Illinois address for titling or registration purposes is given as being in the metropolitan area. The tax shall be collected by the Department of Revenue for the Authority. The tax must be paid to the State, or an exemption determination must be obtained from the Department of Revenue, before the title or certificate of registration for the property may be issued. The tax or proof of exemption may be transmitted to the Department by way of the State agency with which, or the State officer with whom, the tangible personal property must be titled or registered if the Department and the State agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

The Department has full power to administer and enforce this paragraph; to collect all taxes, penalties and interest due hereunder; to dispose of taxes, penalties and interest so collected in the manner hereinafter provided; and to determine all rights to credit memoranda or refunds arising on account of the erroneous payment of tax, penalty or interest hereunder. In the administration of, and compliance with, this subsection, the Department and persons who are subject to this paragraph shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms, and (iii) employ the same modes of procedure as are prescribed in Sections 2 (except the definition of "retailer maintaining a place of business in this State"), 3, 3-5, 3-10, 3-45, 3-55, 3-65, 3-70, 3-85, 3a, 4, 6, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the Authority), 9 (except provisions relating to quarter monthly payments), 10, 11, 12, 12a, 12b, 13, 14, 15, 19, 20, 21, and 22 of the Use Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, that are not inconsistent with this paragraph, as fully as if those provisions were set forth herein.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the tax fund referenced under paragraph (g) of this Section.

(e) A certificate of registration issued by the State Department of Revenue to a retailer under the Retailers' Occupation Tax Act or under the Service Occupation Tax Act shall permit the registrant to engage in a business that is taxed under the tax imposed under paragraphs (b), (c), or (d) of this Section and no additional registration shall be required. A certificate

issued under the Use Tax Act or the Service Use Tax Act shall be applicable with regard to any tax imposed under paragraph (c) of this Section.

(f) The results of any election authorizing a proposition to impose a tax under this Section or effecting a change in the rate of tax shall be certified by the proper election authorities and filed with the Illinois Department on or before the first day of April. In addition, an ordinance imposing, discontinuing, or effecting a change in the rate of tax under this Section shall be adopted and a certified copy thereof filed with the Department on or before the first day of April. After proper receipt of such certifications, the Department shall proceed to administer and enforce this Section as of the first day of July next following such adoption and filing.

(g) The Department of Revenue shall, upon collecting any taxes and penalties as provided in this Section, pay the taxes and penalties over to the State Treasurer as trustee for the Authority. The taxes and penalties shall be held in a trust fund outside the State Treasury. On or before the 25th day of each calendar month, the Department of Revenue shall prepare and certify to the Comptroller of the State of Illinois the amount to be paid to the Authority, which shall be the balance in the fund, less any amount determined by the Department to be necessary for the payment of refunds. Within 10 days after receipt by the Comptroller of the certification of the amount to be paid to the Authority, the Comptroller shall cause an order to be drawn for payment for the amount in accordance with the directions contained in the certification. Amounts received from the tax imposed under this Section shall be used only for the support, construction, maintenance, or financing of a facility of the Authority.

(h) When certifying the amount of a monthly disbursement to the Authority under this Section, the Department shall increase or decrease the amounts by an amount necessary to offset any miscalculation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a miscalculation is discovered.

titled or registered with an agency of this State's government, at retail in the District on the gross receipts from the sales made in the course of business. This tax shall be imposed only at the rate of one-tenth of one per cent.

This additional tax may not be imposed on the sales of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food which has been prepared for immediate consumption) and prescription and non-prescription medicines, drugs, medical appliances, and insulin, urine testing materials, syringes, and needles used by diabetics. The tax imposed by the Board under this Section and all civil penalties that may be assessed as an incident of the tax shall be collected and enforced by the Department of Revenue. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit the retailer to engage in a business that is taxable without registering separately with the Department under an ordinance or resolution under this Section. The Department has full power to administer and enforce this Section, to collect all taxes and penalties due under this Section, to dispose of taxes and penalties so collected in the manner provided in this Section, and to determine all rights to credit memoranda arising on account of the erroneous payment of a tax or penalty under this Section. In the administration of and compliance with this Section, the Department and persons who are subject to this Section shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and (iii) employ the same modes of procedure as are prescribed in Sections 1, 1a, 1a-1, 1d, 1e, 1f, 1i, 1j, 1k, 1m, 1n, 2, 2-5, 2-5.5, 2-10 (in respect to all provisions contained in those Sections other than the State rate of tax), 2-12, 2-15 through 2-70, 2a, 2b, 2c, 3 (except provisions relating to transaction returns and quarter monthly payments), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 11a, 12, and 13 of the Retailers' Occupation Tax Act and the Uniform Penalty and Interest Act as if those provisions were set forth in this Section.

Persons subject to any tax imposed under the authority granted in this Section may reimburse themselves for their sellers' tax liability by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which sellers are required to collect under the Use Tax Act, pursuant to such bracketed schedules as the Department may prescribe.

Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the State Metro-East Park and Recreation District Fund.

(b) If a tax has been imposed under subsection (a), a service occupation tax shall also be imposed at the same rate upon all persons engaged, in the District, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the District as an incident to a sale of service. This tax may not be imposed on sales of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food prepared for immediate consumption) and prescription and non-prescription medicines, drugs, medical appliances, and insulin, urine testing materials, syringes, and needles used by diabetics. The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department of Revenue. The Department has full power to administer and enforce this subsection; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with this subsection, the Department and persons who are subject to this paragraph shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms, and (iii) employ the same modes of procedure as are prescribed in Sections 2 (except that the reference to State in the definition of supplier maintaining a place of business in this State shall mean the District), 2a, 2b, 2c, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the District), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the District), 9 (except as to the disposition of taxes and penalties collected), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the District), Sections 15, 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the State Metro-East Park and Recreation District Fund.

Nothing in this subsection shall be construed to authorize the board to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by the State.

(c) The Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected under this Section to be deposited into the State Metro-East Park and Recreation District Fund, which shall be an unappropriated trust fund held outside of the State treasury.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district. The Department shall make this certification only if the Metro East Park and Recreation District imposes a tax on real property as provided in the definition of "local sales taxes" under the Innovation Development and Economy Act.

After the monthly transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money pursuant to Section 35 of this Act to the District from which retailers have paid taxes or penalties to the Department during the second preceding calendar month. The amount to be paid to the District shall be the amount (not including credit memoranda) collected under this Section during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including (i) an amount equal to the amount of refunds made during the second preceding calendar month by the

Department on behalf of the District, (ii) any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the District, and (iii) any amounts that are transferred to the STAR Bonds Revenue Fund. Within 10 days after receipt by the Comptroller of the disbursement certification to the District provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with directions contained in the certification.

(d) For the purpose of determining whether a tax authorized under this Section is applicable, a retail sale by a producer of coal or another mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or another mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the United States Constitution as a sale in interstate or foreign commerce.

(e) Nothing in this Section shall be construed to authorize the board to impose a tax upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by this State.

(f) An ordinance imposing a tax under this Section or an ordinance extending the imposition of a tax to an additional county or counties shall be certified by the board and filed with the Department of Revenue either (i) on or before the first day of April, whereupon the Department shall proceed to administer and enforce the tax as of the first day of July next following the filing; or (ii) on or before the first day of October, whereupon the Department shall proceed to administer and enforce the tax as of the first day of January next following the filing.

(g) When certifying the amount of a monthly disbursement to the District under this Section, the Department shall increase or decrease the amounts by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a misallocation is discovered. (Source: P.A. 96-939, eff. 6-24-10.)

AN ACT concerning civil law.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Code of Civil Procedure is amended by adding Section 15-1603.5 as follows:

(735 ILCS 5/15-1603.5 new)

Sec. 15-1603.5. Strict foreclosure of an omitted subordinate interest.

(a) As used in this Section, "omitted subordinate interest" means a recorded subordinate interest in real estate where:

(1) the real estate is the subject of a foreclosure action under this Article;
(2) a motion to confirm judicial sale under subsection (b) of Section 15-1508 is either pending or has been granted;
(3) the interest attached to the real estate prior to the filing or recording of any notice in accordance with Sections 2-1901 and 15-1503; and
(4) the person who has the interest was not named in the foreclosure complaint.

(b) The holder of the certificate of sale or any person who acquired title pursuant to Section 15-1509 or any subsequent successor, assignee, transferee, or grantee who discovers an omitted subordinate interest may file a strict foreclosure complaint naming the person who has the omitted subordinate interest as the defendant. A complaint filed under this Section must include substantially the following:

(1) the identity of the plaintiff and how the plaintiff acquired its interest in the property which is the subject of the strict foreclosure;
(2) the docket number of the prior foreclosure action and the recording number and date of the mortgage that was previously foreclosed;
(3) the legal description, common address, and parcel identification number of the real estate which is the subject of the strict foreclosure;
(4) the recording number and a copy of the recorded instrument identifying the person who has the omitted subordinate interest that is named as the defendant;

New matter indicated by italics - deletions by strikeout
(5) the amount of the successful bid at the foreclosure sale, as stated in the report of sale in the prior foreclosure action, with a copy of the report of sale attached to the complaint;

(6) an allegation that, due to inadvertence or mistake or such other reason as may be applicable, the person who has the omitted subordinate interest was not made a party defendant in the prior foreclosure action and the omitted subordinate interest was not terminated by the judgment of foreclosure and when the subject property was sold by judicial sale; and

(7) a request for relief setting forth the redemption period as provided in this Section and identifying a contact by name and telephone number who will accept tender of the redemption amount.

(c) Subject to the objection of the defendant, the court shall enter a judgment extinguishing the omitted subordinate interest.

(d) If the defendant objects to the entry of the judgment, the court, after a hearing, shall enter an order providing either:

(1) that the defendant has not agreed to pay the amount required to redeem, in which event the court shall proceed to enter the judgment; or

(2) that the defendant has agreed to pay the amount required to redeem.

(e) The amount required to redeem shall be the sum bid at the prior foreclosure sale plus any costs and fees incurred subsequent to the sale for the payment of taxes, preservation of the property, or any other actions taken by the holder of the certificate of sale to protect its interest in the property. The amount required to redeem shall not include any costs or fees incurred by the plaintiff in the strict foreclosure case filed under this Section.

The order shall state that upon payment of the redemption amount within the redemption period, which shall extend 30 days after the entry of the order, title to the real estate shall vest in the defendant who redeems pursuant to this Section. If the defendant subject to the order has not paid the amount required to redeem within the 30-day redemption period, the interest of the defendant in the property is terminated.

(f) A person whose omitted subordinate interest was not terminated by a prior foreclosure action does not have a right to file a strict foreclosure action.

(g) Notwithstanding that the person's omitted subordinate interest in the real estate has been terminated pursuant to this Section, nothing in this Section shall be construed to extinguish or impair any claim of such person

PUBLIC ACT 98-1100
(Senate Bill No. 2765)

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Eastern Illinois University Law is amended by changing Section 10-92 as follows:

Sec. 10-92. Tuition affordability discount waiver limitation pilot program.

(a) The General Assembly makes all of the following findings:
(1) Both access and affordability are important points in the Illinois Public Agenda for College and Career Success.
(2) This State is in the top quartile with respect to the percentage of family income needed to pay for college.
(3) Research suggests that as loan amounts increase, versus grants-in-aid, the probability of college attendance decreases.
(4) There is further research indicating socioeconomic status may affect the willingness of students to use loans to attend college.
(5) Strategic use of tuition discounting waivers will decrease the amount of loans that students must use to pay for tuition.
(6) A modest, individually tailored tuition discount waiver can make the difference in choosing to attend college and would enhance college access for low (up to 150% of the federal poverty level) and middle income (151% to 300% of the federal poverty level) families.
(7) Even if the federally calculated financial need for college attendance is met, the federally determined Expected Family Contribution can still be a daunting amount.

New matter indicated by italics - deletions by strikeout
(8) This State is the second largest exporter of students in the country.
(9) Illinois students need to be kept in this State. State universities in other states have adopted pricing and incentives that make college expenses for residents of this State less than in this State.
(10) A mechanism is needed to stop the outflow of Illinois students to institutions in other states, assisting in State efforts to maintain and educate a highly trained workforce.
(11) By being competitive on costs of attendance, this State can bring out-of-state students to this State.
(12) The pilot program established under this Section will allow Eastern Illinois University to compete for highly qualified students who may reside in other states by mitigating the effect of cost differences.
(13) Modest tuition discounts, individually targeted and tailored, result in enhanced revenue for university programs.
(14) By increasing Eastern Illinois University's capacity to strategically use tuition discounting waivers, the University will be capable of creating enhanced tuition revenue by increasing enrollment yields.
(15) The Board of Higher Education's current institutional tuition waiver limitation is 3% of total available undergraduate tuition revenue.
(b) The Board shall establish a pilot program to increase the Board of Higher Education's institutional tuition waiver limitation for the university over a 4-year period to increase access to college and make college more affordable for undergraduate students. Under the pilot program, the institutional tuition waiver limitation shall be increased by 2 percentage points in the 2012-2013 academic year, 2 percentage points in the 2013-2014 academic year, 2 percentage points in the 2014-2015 academic year, and one percentage point in the 2015-2016 academic year, resulting in an institutional tuition waiver limitation of 10% in the fourth year of the pilot program and thereafter.
(c) The pilot program shall require that students who receive a tuition discount waiver under the pilot program be accepted to the university through normal admissions standards and processes. Individual tuition discounts granted under the pilot program must not exceed $2,500 per academic year. The pilot program shall provide a maximum of one discount.

waiver per academic year for a maximum of 4 years to each student in the pilot program who maintains satisfactory academic progress. The pilot program shall be terminated after the 2018-2019 2015-2016 academic year, with no new students receiving discounts waivers. However, notwithstanding the Board of Higher Education's institutional tuition waiver limitation, existing students receiving discounts waivers under the pilot program are eligible to maintain those discounts waivers, with satisfactory academic progress, under the 4-year limitation, after the 2018-2019 2015-2016 academic year due to maintenance of effort within their 4-year window. Sunset dates for discounted waiver support shall be based upon the first academic year in which a student receives a discount waiver. The sunset dates are as follows for each annual cohort of pilot program participants:

(1) Cohort 1: the beginning year is 2012-2013 and the terminal year is 2015-2016.
(2) Cohort 2: the beginning year is 2013-2014 and the terminal year is 2016-2017.
(3) Cohort 3: the beginning year is 2014-2015 and the terminal year is 2017-2018.
(4) Cohort 4: the beginning year is 2015-2016 and the terminal year is 2018-2019.

(d) Every 2 years, the Board shall annually report to the Board of Higher Education on the pilot program's impact on tuition revenue, enrollment goals, and increasing access and affordability on such dates as the Board of Higher Education shall determine.

(e) The Board of Higher Education may adopt any rules that are necessary to implement this Section.

(f) This Section is repealed on July 1, 2022 2019.

(Senate Bill No. 2793)

AN ACT concerning education.

Section 5. The School Code is amended by adding Section 2-3.160 and by changing Section 27A-5 as follows:
(105 ILCS 5/2-3.160 new)
Sec. 2-3.160. Student discipline report; school discipline improvement plan.
   (a) On or before October 31, 2015 and on or before October 31 of each subsequent year, the State Board of Education, through the State Superintendent of Education, shall prepare a report on student discipline in all school districts in this State, including State-authorized charter schools. This report shall include data from all public schools within school districts, including district-authorized charter schools. This report must be posted on the Internet website of the State Board of Education. The report shall include data on the issuance of out-of-school suspensions, expulsions, and removals to alternative settings in lieu of another disciplinary action, disaggregated by race and ethnicity, gender, age, grade level, limited English proficiency, incident type, and discipline duration.
   (b) The State Board of Education shall analyze the data under subsection (a) of this Section on an annual basis and determine the top 20% of school districts for the following metrics:
      (1) Total number of out-of-school suspensions divided by the total district enrollment by the last school day in September for the year in which the data was collected, multiplied by 100.

New matter indicated by italics - deletions by strikeout
(2) Total number of out-of-school expulsions divided by the total district enrollment by the last school day in September for the year in which the data was collected, multiplied by 100.

(3) Racial disproportionality, defined as the overrepresentation of students of color or white students in comparison to the total number of students of color or white students on October 1st of the school year in which data are collected, with respect to the use of out-of-school suspensions and expulsions, which must be calculated using the same method as the U.S. Department of Education's Office for Civil Rights uses.

The analysis must be based on data collected over 3 consecutive school years, beginning with the 2014-2015 school year.

Beginning with the 2017-2018 school year, the State Board of Education shall require each of the school districts that are identified in the top 20% of any of the metrics described in this subsection (b) for 3 consecutive years to submit a plan identifying the strategies the school district will implement to reduce the use of exclusionary disciplinary practices or racial disproportionality or both, if applicable. School districts that no longer meet the criteria described in any of the metrics described in this subsection (b) for 3 consecutive years shall no longer be required to submit a plan.

This plan may be combined with any other improvement plans required under federal or State law.

The calculation of the top 20% of any of the metrics described in this subsection (b) shall exclude all school districts, State-authorized charter schools, and special charter districts that issued fewer than a total of 10 out-of-school suspensions or expulsions, whichever is applicable, during the school year. The calculation of the top 20% of metric described in subdivision (3) of this subsection (b) shall exclude all school districts with an enrollment of fewer than 50 white students or fewer than 50 students of color.

The plan must be approved at a public school board meeting and posted on the school district's Internet website. Within one year after being identified, the school district shall submit to the State Board of Education and post on the district's Internet website a progress report describing the implementation of the plan and the results achieved.

operated as a nonprofit corporation or other discrete, legal, nonprofit entity authorized under the laws of the State of Illinois.

(b) A charter school may be established under this Article by creating a new school or by converting an existing public school or attendance center to charter school status. Beginning on the effective date of this amendatory Act of the 93rd General Assembly, in all new applications submitted to the State Board or a local school board to establish a charter school in a city having a population exceeding 500,000, operation of the charter school shall be limited to one campus. The changes made to this Section by this amendatory Act of the 93rd General Assembly do not apply to charter schools existing or approved on or before the effective date of this amendatory Act.

(b-5) In this subsection (b-5), "virtual-schooling" means the teaching of courses through online methods with online instructors, rather than the instructor and student being at the same physical location. "Virtual-schooling" includes without limitation instruction provided by full-time, online virtual schools.

From April 1, 2013 through April 1, 2014, there is a moratorium on the establishment of charter schools with virtual-schooling components in school districts other than a school district organized under Article 34 of this Code. This moratorium does not apply to a charter school with virtual-schooling components existing or approved prior to April 1, 2013 or to the renewal of the charter of a charter school with virtual-schooling components already approved prior to April 1, 2013.

On or before March 1, 2014, the Commission shall submit to the General Assembly a report on the effect of virtual-schooling, including without limitation the effect on student performance, the costs associated with virtual-schooling, and issues with oversight. The report shall include policy recommendations for virtual-schooling.

(c) A charter school shall be administered and governed by its board of directors or other governing body in the manner provided in its charter. The governing body of a charter school shall be subject to the Freedom of Information Act and the Open Meetings Act.

(d) A charter school shall comply with all applicable health and safety requirements applicable to public schools under the laws of the State of Illinois.

PUBLIC ACT 98-1104
(Senate Bill No. 2808)

AN ACT concerning location surveillance.
Be it enacted by the People of the State of Illinois, represented in the
General Assembly:
Section 1. Short title. This Act may be cited as the Freedom From
Location Surveillance Act.

Section 5. Definitions. For the purpose of this Act:
"Basic subscriber information" means name, address, local and long
distance telephone connection records or records of session time and
durations; length of services, including start dates, and types of services
utilized; telephone or instrument number or other subscriber number or
identity, including any temporarily assigned network address; and the means
and source of payment for the service, including the credit card or bank
account number.

"Electronic device" means any device that enables access to, or use of:

New matter indicated by italics - deletions by strikeout
(1) an electronic communication service that provides the ability to send or receive wire or electronic communications;
(2) a remote computing service that provides computer storage or processing services by means of an electronic communications system; or
(3) a location information service such as a global positioning service or other mapping, locational, or directional information service.

"Electronic device" does not mean devices used by a governmental agency or by a company operating under a contract with a governmental agency for toll collection, traffic enforcement, or license plate reading.

"Law enforcement agency" means any agency of this State or a political subdivision of this State which is vested by law with the duty to maintain public order or enforce criminal laws.

"Location information" means any information concerning the location of an electronic device that, in whole or in part, is generated by or derived from the operation of that device.

"Social networking website" has the same meaning ascribed to the term in paragraph (4) of subsection (b) of Section 10 of the Right to Privacy in the Workplace Act.

Section 10. Court authorization. Except as provided in Section 15, a law enforcement agency shall not obtain current or future location information pertaining to a person or his or her effects without first obtaining a court order based on probable cause to believe that the person whose location information is sought has committed, is committing, or is about to commit a crime or the effect is evidence of a crime, or if the location information is authorized under an arrest warrant issued under Section 107-9 of the Code of Criminal Procedure of 1963 to aid in the apprehension or the arrest of the person named in the arrest warrant. An order issued under a finding of probable cause under this Section must be limited to a period of 60 days, renewable by the judge upon a showing of good cause for subsequent periods of 60 days.

Section 15. Exceptions. This Act does not prohibit a law enforcement agency from seeking to obtain current or future location information:
(1) to respond to a call for emergency services concerning the user or possessor of an electronic device;
(2) with the lawful consent of the owner of the electronic device or person in actual or constructive possession of the item being tracked by the electronic device;

(3) to lawfully obtain location information broadly available to the general public without a court order when the location information is posted on a social networking website, or is metadata attached to images and video, or to determine the location of an Internet Protocol (IP) address through a publicly available service;

(4) to obtain location information generated by an electronic device used as a condition of release from a penal institution, as a condition of pre-trial release, probation, conditional discharge, parole, mandatory supervised release, or other sentencing order, or to monitor an individual released under the Sexually Violent Persons Commitment Act or the Sexually Dangerous Persons Act;

(5) to aid in the location of a missing person;

(6) in emergencies as follows:

   (A) Notwithstanding any other provisions of this Act, any investigative or law enforcement officer may seek to obtain location information in an emergency situation as defined in this paragraph (6). This paragraph (6) applies only when there was no previous notice of the emergency to the investigative or law enforcement officer sufficient to obtain prior judicial approval, and the officer reasonably believes that an order permitting the obtaining of location information would issue were there prior judicial review. An emergency situation exists when:

   (i) the use of the electronic device is necessary for the protection of the investigative or law enforcement officer or a person acting at the direction of law enforcement; or

   (ii) the situation involves:

      (I) a clear and present danger of imminent death or great bodily harm to persons resulting from a kidnapping or the holding of a hostage by force or the threat of the imminent use of force, or the occupation by force or the threat of the imminent use of force of any premises, place, vehicle, vessel, or aircraft;

      (II) an abduction investigation;

      (III) conspiratorial activities characteristic of organized crime;

      (IV) an immediate threat to national security interest; or

(V) an ongoing attack on a computer comprising a felony.

(B) In all emergency cases, an application for an order approving the previous or continuing obtaining of location information must be made within 72 hours of its commencement. In the absence of the order, or upon its denial, any continuing obtaining of location information gathering shall immediately terminate. In order to approve obtaining location information, the judge must make a determination (i) that he or she would have granted an order had the information been before the court prior to the obtaining of the location information and (ii) there was an emergency situation as defined in this paragraph (6).

(C) In the event that an application for approval under this paragraph (6) is denied, the location information obtained under this exception shall be inadmissible in accordance with Section 20 of this Act; or

(7) to obtain location information relating to an electronic device used to track a vehicle or an effect which is owned or leased by that law enforcement agency.

Section 20. Admissibility. If the court finds by a preponderance of the evidence that a law enforcement agency obtained current or future location information pertaining to a person or his or her effects in violation of Section 10 or 15 of this Act, then the information shall be presumed to be inadmissible in any judicial or administrative proceeding. The State may overcome this presumption by proving the applicability of a judicially recognized exception to the exclusionary rule of the Fourth Amendment to the United States Constitution or Article I, Section 6 of the Illinois Constitution, or by a preponderance of the evidence that the law enforcement officer was acting in good faith and reasonably believed that one or more of the exceptions identified in Section 15 existed at the time the location information was obtained.

Section 25. Providing location information to a law enforcement agency not required. Nothing in this Act shall be construed to require a person to provide current or future location information to a law enforcement agency under Section 15.

Section 30. Inapplicability. This Act does not apply to a law enforcement agency obtaining basic subscriber information from a service provider under a valid subpoena, court order, or search warrant.

Section 99. Effective date. This Act takes effect upon becoming law.

Sec. 5-120.5. Administrative review, code compliance.

(a) In an administrative review action under Article III of this Code, if the court reverses the decision of a municipal code hearing officer in an action set forth under subsection (c) of this Section, then the court may award the plaintiff all reasonable costs, including court costs and attorney's fees, associated with the action if the court finds that: (i) the decision of the hearing officer was arbitrary and capricious; or (ii) the defendant failed to file a record under Section 3-108 of this Code that is sufficient to allow the court to determine whether the decision of the hearing officer was arbitrary and capricious.

(b) The court may award the municipality reasonable costs, including court costs and attorney's fees, if the court finds that the plaintiff's action under Article III of this Code for administrative review of a decision by the municipal code hearing officer is not reasonably well grounded in fact, is not warranted by existing law, or is not accompanied by a reasonable argument for the extension, modification, or reversal of existing law.

(c) This Section applies only to the decision of a code hearing officer that imposes a fine or penalty against the owner of a single-family or multi-family residential dwelling for a violation related to the condition or use of that residential property. A) The occupant shall be notified;
B) The notice shall be delivered:

   3) A notice of denial of access to the personal property, if such denial is permitted under the terms of the rental agreement, which provides the name, street address, and telephone number of the owner, or his designated agent, whom the occupant may contact to respond to this notice;
   3.5) Except as otherwise provided by a rental agreement and until a lien sale, the exclusive care, custody, and control of all personal property stored in the leased self-service storage space remains vested in the occupant. No bailment or higher level of liability is created if the owner over-locks the occupant's lock, thereby denying the occupant access to the storage space. Rent and other charges related to the lien continue to accrue during the period of time when access is denied because of non-payment;
   4) A demand for payment within a specified time not less than 14 days after delivery of the notice;

(5) A conspicuous statement that unless the claim is paid within the time stated in the notice, the personal property will be advertised for sale or other disposition, and will be sold or otherwise disposed of at a specified time and place.

(D) Any notice made pursuant to this Section shall be presumed delivered when it is deposited with the United States Postal Service, and properly addressed with postage prepaid or sent by electronic mail and the owner receives a receipt of delivery to the occupant's last known address, except if the owner does not receive a receipt of delivery for the notice sent by electronic mail, the notice is presumed delivered when it is sent to the occupant by verified mail to the occupant's last known mailing address;

(E) After the expiration of the time given in the notice, an advertisement of the sale or other disposition shall be published once a week for two consecutive weeks in a newspaper of general circulation where the self-service storage facility is located. The advertisement shall include:

1. The name of the facility, address, telephone number, date, time, location, and manner of lien sale and the occupant's name and unit number.

2. (Blank).

3. The sale or other disposition shall take place not sooner than 15 days after the first publication. If there is no newspaper of general circulation where the self-service storage facility is located, the advertisement shall be posted at least 10 days before the date of the sale or other disposition in not less than six conspicuous places in the neighborhood where the self-service storage facility is located.

(F) Any sale or other disposition of the personal property shall conform to the terms of the notification as provided for in this Section;

(G) Any sale or other disposition of the personal property shall be held at the self-service storage facility, or at the nearest suitable place to where the personal property is held or stored. A sale under this Section shall be deemed to be held at the self-service storage facility where the personal property is stored if the sale is held on a publicly accessible online website;

(G-5) If the property upon which the lien is claimed is a motor vehicle or watercraft and rent or other charges related to the property remain unpaid or unsatisfied for 60 days, the owner may have the property towed from the self-service storage facility. If a motor vehicle or watercraft is towed, the owner shall not be liable for any damage to the motor vehicle or watercraft, once the tower takes possession of the property. After the motor vehicle or watercraft is towed, the owner may pursue other collection options against

the delinquent occupant for any outstanding debt. If the owner chooses to sell a motor vehicle, aircraft, mobile home, moped, motorcycle, snowmobile, trailer, or watercraft, the owner shall contact the Secretary of State and any other governmental agency as reasonably necessary to determine the name and address of the title holder or lienholder of the item, and the owner shall notify every identified title holder or lienholder of the time and place of the proposed sale. The owner is required to notify the holder of a security interest only if the security interest is filed under the name of the person signing the rental agreement or an occupant. An owner who fails to make the lien searches required by this Section is liable only to valid lienholders injured by that failure as provided in Section 3;

(H) Before any sale or other disposition of personal property pursuant to this Section, the occupant may pay the amount necessary to satisfy the lien, and the reasonable expenses incurred under this Section, and thereby redeem the personal property. Upon receipt of such payment, the owner shall return the personal property, and thereafter the owner shall have no liability to any person with respect to such personal property;

(I) A purchaser in good faith of the personal property sold to satisfy a lien, as provided for in Section 3 of this Act, takes the property free of any rights of persons against whom the lien was valid, despite noncompliance by the owner with the requirements of this Section;

(J) In the event of a sale under this Section, the owner may satisfy his lien from the proceeds of the sale, but shall hold the balance, if any, for delivery on demand to the occupant. If the occupant does not claim the balance of the proceeds within one year of the date of sale, it shall become the property of the owner without further recourse by the occupant.

(K) The lien on any personal property created by this Act shall be terminated as to any such personal property which is sold or otherwise disposed of pursuant to this Act and any such personal property which is removed from the self-service storage facility.

(L) If 3 or more bidders who are unrelated to the owner are in attendance at a sale held under this Section, the sale and its proceeds are deemed to be commercially reasonable.

Any decisions by the guardian to forgo or withdraw life-sustaining treatment that are not authorized under the Health Care Surrogate Act shall require a court order. Nothing in this Section shall prevent an agent acting under a power of attorney for health care from exercising his or her authority under the Illinois Power of Attorney Act without further court order, unless a court has acted under Section 2-10 of the Illinois Power of Attorney Act. If a guardian is also a health care agent for the ward under a valid power of attorney for health care, the guardian acting as agent may execute his or her authority under that act without further court order.

(e) Decisions made by a guardian on behalf of a ward shall be made in accordance with the following standards for decision making. Decisions made by a guardian on behalf of a ward may be made by conforming as closely as possible to what the ward, if competent, would have done or intended under the circumstances, taking into account evidence that includes, but is not limited to, the ward's personal, philosophical, religious and moral beliefs, and ethical values relative to the decision to be made by the guardian. Where possible, the guardian shall determine how the ward would have made a decision based on the ward's previously expressed preferences, and make decisions in accordance with the preferences of the ward. If the ward's wishes are unknown and remain unknown after reasonable efforts to discern them, the decision shall be made on the basis of the ward's best interests as determined by the guardian. In determining the ward's best interests, the guardian shall weigh the reason for and nature of the proposed action, the benefit or necessity of the action, the possible risks and other consequences of the proposed action, and any available alternatives and their risks, consequences and benefits, and shall take into account any other information, including the views of family and friends, that the guardian believes the ward would have considered if able to act for herself or himself.

(f) Upon petition by any interested person (including the standby or short-term guardian), with such notice to interested persons as the court directs and a finding by the court that it is in the best interest of the disabled person, the court may terminate or limit the authority of a standby or short-term guardian or may enter such other orders as the court deems necessary to provide for the best interest of the disabled person. The petition for termination or limitation of the authority of a standby or short-term guardian may, but need not, be combined with a petition to have another guardian appointed for the disabled person.

(a) The form prescribed in this Section (sometimes also referred to in this Act as the "statutory health care power") may be used to grant an agent powers with respect to the principal's own health care; but the statutory health care power is not intended to be exclusive nor to cover delegation of a parent's power to control the health care of a minor child, and no provision of this Article shall be construed to invalidate or bar use by the principal of any other or different form of power of attorney for health care. Nonstatutory health care powers must be executed by the principal, designate the agent and the agent's powers, and comply with the limitations in Section 4-5 of this Article, but they need not be witnessed or conform in any other respect to the statutory health care power.

When a power of attorney in substantially the form prescribed in this Section is used, including the "Notice to the Individual Signing the Illinois Statutory Short Form Power of Attorney"
of Attorney for Health Care" (or "Notice" paragraphs) at the beginning of the form on a separate sheet in 14-point type, it shall have the meaning and effect prescribed in this Act. (b) The Illinois Statutory Short Form Power of Attorney for Health Care shall be substantially as follows:

NOTICE TO THE INDIVIDUAL SIGNING
THE POWER OF ATTORNEY FOR HEALTH CARE

No one can predict when a serious illness or accident might occur. When it does, you may need someone else to speak or make health care decisions for you. If you plan now, you can increase the chances that the medical treatment you get will be the treatment you want.

In Illinois, you can choose someone to be your "health care agent". Your agent is the person you trust to make health care decisions for you if you are unable or do not want to make them yourself. These decisions should be based on your personal values and wishes.

It is important to put your choice of agent in writing. The written form is often called an "advance directive". You may use this form or another form, as long as it meets the legal requirements of Illinois. There are many written and on-line resources to guide you and your loved ones in having a conversation about these issues. You may find it helpful to look at these resources while thinking about and discussing your advance directive.

WHAT ARE THE THINGS I WANT MY HEALTH CARE AGENT TO KNOW?

The selection of your agent should be considered carefully, as your agent will have the ultimate decision making authority once this document goes into effect, in most instances after you are no longer able to make your own decisions. While the goal is for your agent to make decisions in keeping with your preferences and in the majority of circumstances that is what happens, please know that the law does allow your agent to make decisions to direct or refuse health care interventions or withdraw treatment. Your
agent will need to think about conversations you have had, your personality, and how you handled important health care issues in the past. Therefore, it is important to talk with your agent and your family about such things as:

(i) What is most important to you in your life?
(ii) How important is it to you to avoid pain and suffering?
(iii) If you had to choose, is it more important to you to live as long as possible, or to avoid prolonged suffering or disability?
(iv) Would you rather be at home or in a hospital for the last days or weeks of your life?
(v) Do you have religious, spiritual, or cultural beliefs that you want your agent and others to consider?
(vi) Do you wish to make a significant contribution to medical science after your death through organ or whole body donation?
(vii) Do you have an existing advanced directive, such as a living will, that contains your specific wishes about health care that is only delaying your death? If you have another advance directive, make sure to discuss with your agent the directive and the treatment decisions contained within that outline your preferences. Make sure that your agent agrees to honor the wishes expressed in your advance directive.

WHAT KIND OF DECISIONS CAN MY AGENT MAKE?

If there is ever a period of time when your physician determines that you cannot make your own health care decisions, or if you do not want to make your own decisions, some of the decisions your agent could make are to:

(i) talk with physicians and other health care providers about your condition.
(ii) see medical records and approve who else can see them.
(iii) give permission for medical tests, medicines, surgery, or other treatments.
(iv) choose where you receive care and which physicians and others provide it.
(v) decide to accept, withdraw, or decline treatments designed to keep you alive if you are near death or not likely to recover. You may choose to include guidelines and/or restrictions to your agent's authority.
(vi) agree or decline to donate your organs or your whole body if you have not already made this decision yourself. This could include donation for transplant, research, and/or education. You

New matter indicated by italics - deletions by strikeout
should let your agent know whether you are registered as a donor in the First Person Consent registry maintained by the Illinois Secretary of State or whether you have agreed to donate your whole body for medical research and/or education.

(vii) decide what to do with your remains after you have died, if you have not already made plans.

(viii) talk with your other loved ones to help come to a decision (but your designated agent will have the final say over your other loved ones).

Your agent is not automatically responsible for your health care expenses.

WHOM SHOULD I CHOOSE TO BE MY HEALTH CARE AGENT?

You can pick a family member, but you do not have to. Your agent will have the responsibility to make medical treatment decisions, even if other people close to you might urge a different decision. The selection of your agent should be done carefully, as he or she will have ultimate decision-making authority for your treatment decisions once you are no longer able to voice your preferences. Choose a family member, friend, or other person who:

(i) is at least 18 years old;
(ii) knows you well;
(iii) you trust to do what is best for you and is willing to carry out your wishes, even if he or she may not agree with your wishes;
(iv) would be comfortable talking with and questioning your physicians and other health care providers;
(v) would not be too upset to carry out your wishes if you became very sick; and
(vi) can be there for you when you need it and is willing to accept this important role.

WHAT IF MY AGENT IS NOT AVAILABLE OR IS UNWILLING TO MAKE DECISIONS FOR ME?

If the person who is your first choice is unable to carry out this role, then the second agent you chose will make the decisions; if your second agent is not available, then the third agent you chose will make the decisions. The second and third agents are called your successor agents and they function as back-up agents to your first choice agent and may act only one at a time and in the order you list them.

WHAT WILL HAPPEN IF I DO NOT CHOOSE A HEALTH CARE AGENT?
If you become unable to make your own health care decisions and have not named an agent in writing, your physician and other health care providers will ask a family member, friend, or guardian to make decisions for you. In Illinois, a law directs which of these individuals will be consulted. In that law, each of these individuals is called a "surrogate".

There are reasons why you may want to name an agent rather than rely on a surrogate:

(i) The person or people listed by this law may not be who you would want to make decisions for you.
(ii) Some family members or friends might not be able or willing to make decisions as you would want them to.
(iii) Family members and friends may disagree with one another about the best decisions.
(iv) Under some circumstances, a surrogate may not be able to make the same kinds of decisions that an agent can make.

WHAT IF THERE IS NO ONE AVAILABLE WHOM I TRUST TO BE MY AGENT?

In this situation, it is especially important to talk to your physician and other health care providers and create written guidance about what you want or do not want, in case you are ever critically ill and cannot express your own wishes. You can complete a living will. You can also write your wishes down and/or discuss them with your physician or other health care provider and ask him or her to write it down in your chart. You might also want to use written or on-line resources to guide you through this process.

WHAT DO I DO WITH THIS FORM ONCE I COMPLETE IT?

Follow these instructions after you have completed the form:

(i) Sign the form in front of a witness. See the form for a list of who can and cannot witness it.
(ii) Ask the witness to sign it, too.
(iii) There is no need to have the form notarized.
(iv) Give a copy to your agent and to each of your successor agents.
(v) Give another copy to your physician.
(vi) Take a copy with you when you go to the hospital.
(vii) Show it to your family and friends and others who care for you.

WHAT IF I CHANGE MY MIND?

You may change your mind at any time. If you do, tell someone who is at least 18 years old that you have changed your mind, and/or destroy your
document and any copies. If you wish, fill out a new form and make sure everyone you gave the old form to has a copy of the new one, including, but not limited to, your agents and your physicians.

WHAT IF I DO NOT WANT TO USE THIS FORM?

In the event you do not want to use the Illinois statutory form provided here, any document you complete must be executed by you, designate an agent who is over 18 years of age and not prohibited from serving as your agent, and state the agent's powers, but it need not be witnessed or conform in any other respect to the statutory health care power.

If you have questions about the use of any form, you may want to consult your physician, other health care provider, and/or an attorney.

I WANT THE FOLLOWING PERSON TO BE MY HEALTH CARE AGENT
(an agent is your personal representative under state and federal law):

MY AGENT CAN MAKE HEALTH CARE DECISIONS FOR ME, INCLUDING:

(i) Deciding to accept, withdraw or decline treatment for any physical or mental condition of mine, including life-and-death decisions.

(ii) Agreeing to admit me to or discharge me from any hospital, home, or other institution, including a mental health facility.

(iii) Having complete access to my medical and mental health records, and sharing them with others as needed, including after I die.

(iv) Carrying out the plans I have already made, or, if I have not done so, making decisions about my body or remains, including organ, tissue or whole body donation, autopsy, cremation, and burial.

The above grant of power is intended to be as broad as possible so that my agent will have the authority to make any decision I could make to

obtain or terminate any type of health care, including withdrawal of nutrition and hydration and other life-sustaining measures.

I AUTHORIZE MY AGENT TO (please check any one box):

.... Make decisions for me only when I cannot make them for myself. The physician(s) taking care of me will determine when I lack this ability.

(If no box is checked, then the box above shall be implemented.) OR

.... Make decisions for me starting now and continuing after I am no longer able to make them for myself. While I am still able to make my own decisions, I can still do so if I want to.

The subject of life-sustaining treatment is of particular importance. Life-sustaining treatments may include tube feedings or fluids through a tube, breathing machines, and CPR. In general, in making decisions concerning life-sustaining treatment, your agent is instructed to consider the relief of suffering, the quality as well as the possible extension of your life, and your previously expressed wishes. Your agent will weigh the burdens versus benefits of proposed treatments in making decisions on your behalf.

Additional statements concerning the withholding or removal of life-sustaining treatment are described below. These can serve as a guide for your agent when making decisions for you. Ask your physician or health care provider if you have any questions about these statements.

SELECT ONLY ONE STATEMENT BELOW THAT BEST EXPRESSES YOUR WISHES (optional):

.... The quality of my life is more important than the length of my life. If I am unconscious and my attending physician believes, in accordance with reasonable medical standards, that I will not wake up or recover my ability to think, communicate with my family and friends, and experience my surroundings, I do not want treatments to prolong my life or delay my death, but I do want treatment or care to make me comfortable and to relieve me of pain.

.... Staying alive is more important to me, no matter how sick I am, how much I am suffering, the cost of the procedures, or how unlikely my chances for recovery are. I want my life to be prolonged to the greatest extent possible in accordance with reasonable medical standards.

"NOTICE TO THE INDIVIDUAL SIGNING THE ILLINOIS STATUTORY SHORT FORM POWER OF ATTORNEY FOR HEALTH CARE"

New matter indicated by italics - deletions by strikeout
PLEASE READ THIS NOTICE CAREFULLY. The form that you will be signing is a legal document. It is governed by the Illinois Power of Attorney Act. If there is anything about this form that you do not understand, you should ask a lawyer to explain it to you.

The purpose of this Power of Attorney is to give your designated "agent" broad powers to make health care decisions for you, including the power to require, consent to, or withdraw treatment for any physical or mental condition, and to admit you or discharge you from any hospital, home, or other institution. You may name successor agents under this form, but you may not name co-agents.

This form does not impose a duty upon your agent to make such health care decisions, so it is important that you select an agent who will agree to do this for you and who will make those decisions as you would wish. It is also important to select an agent whom you trust, since you are giving that agent control over your medical decision-making, including end-of-life decisions. Any agent who does act for you has a duty to act in good faith for your benefit and to use due care, competence, and diligence. He or she must also act in accordance with the law and with the statements in this form. Your agent must keep a record of all significant actions taken as your agent.

Unless you specifically limit the period of time that this Power of Attorney will be in effect, your agent may exercise the powers given to him or her throughout your lifetime, even after you become disabled. A court, however, can take away the powers of your agent if it finds that the agent is not acting properly. You may also revoke this Power of Attorney if you wish.

The Powers you give your agent, your right to revoke those powers, and the penalties for violating the law are explained more fully in Sections 4-5, 4-6, and 4-10(c) of the Illinois Power of Attorney Act. This form is a part of that law. The "NOTE" paragraphs throughout this form are instructions.

You are not required to sign this Power of Attorney, but it will not take effect without your signature. You should not sign it if you do not understand everything in it, and what your agent will be able to do if you do sign it.

Please put your initials on the following line indicating that you have read this Notice:

²ILLINOIS STATUTORY SHORT FORM
POWER OF ATTORNEY FOR HEALTH CARE

New matter indicated by italics - deletions by strikeout
1. I, .................................................., (insert name and address of principal) hereby revoke all prior powers of attorney for health care executed by me and appoint:

............................................................
(insert name and address of agent)

(NOTE: You may not name co-agents using this form.) as my attorney-in-fact (my "agent") to act for me and in my name (in any way I could act in person) to make any and all decisions for me concerning my personal care, medical treatment, hospitalization and health care and to require, withhold or withdraw any type of medical treatment or procedure, even though my death may ensue:

A. My agent shall have the same access to my medical records that I have, including the right to disclose the contents to others:

B. Effective upon my death, my agent has the full power to make an anatomical gift of the following:

(NOTE: Initial one. In the event none of the options are initialed, then it shall be concluded that you do not wish to grant your agent any such authority.)

.... Any organs, tissues, or eyes suitable for transplantation or used for research or education.

.... Specific organs:.................................

.... I do not grant my agent authority to make any anatomical gifts.

C. My agent shall also have full power to authorize an autopsy and direct the disposition of my remains. I intend for this power of attorney to be in substantial compliance with Section 10 of the Disposition of Remains Act. All decisions made by my agent with respect to the disposition of my remains; including cremation, shall be binding. I hereby direct any cemetery organization, business operating a crematory or columbarium or both; funeral director or embalmer, or funeral establishment who receives a copy of this document to act under it.

D. I intend for the person named as my agent to be treated as I would be with respect to my rights regarding the use and disclosure of my individually identifiable health information or other medical records, including records or communications governed by the Mental Health and Developmental Disabilities Confidentiality Act. This release authority applies to any information governed by the Health Insurance Portability and Accountability Act of 1996 ("HIPAA") and regulations thereunder. I intend for the person named as my agent to serve as my "personal representative" as that term is defined under HIPAA and regulations thereunder.

New matter indicated by italics - deletions by strikeout
(i) The person named as my agent shall have the power to authorize the release of information governed by HIPAA to third parties:

(ii) I authorize any physician, health care professional, dentist, health plan, hospital, clinic, laboratory, pharmacy or other covered health care provider, any insurance company and the Medical Informational Bureau, Inc.; or any other health care clearinghouse that has provided treatment or services to me, or that has paid for or is seeking payment for me for such services to give, disclose, and release to the person named as my agent, without restriction, all of my individually identifiable health information and medical records, regarding any past, present, or future medical or mental health condition, including all information relating to the diagnosis and treatment of HIV/AIDS, sexually transmitted diseases, drug or alcohol abuse, and mental illness (including records or communications governed by the Mental Health and Developmental Disabilities Confidentiality Act).

(iii) The authority given to the person named as my agent shall supersede any prior agreement that I may have with my health care providers to restrict access to, or disclosure of, my individually identifiable health information. The authority given to the person named as my agent has no expiration date and shall expire only in the event that I revoke the authority in writing and deliver it to my health care provider.

(NOTE: The above grant of power is intended to be as broad as possible so that your agent will have the authority to make any decision you could make to obtain or terminate any type of health care, including withdrawal of food and water and other life-sustaining measures, if your agent believes such action would be consistent with your intent and desires. If you wish to limit the scope of your agent’s powers or prescribe special rules or limit the power to make an anatomical gift, authorize autopsy or dispose of remains, you may do so in the following paragraphs.)

2. The powers granted above shall not include the following powers or shall be subject to the following rules or limitations:

(NOTE: Here you may include any specific limitations you deem appropriate; such as: your own definition of when life-sustaining measures should be withheld; a direction to continue food and fluids or life-sustaining treatment in all events; or instructions to refuse any specific types of treatment that are inconsistent with your religious beliefs or unacceptable to you for any other reason, such as blood transfusion, electro-convulsive therapy, amputation; psychosurgery, voluntary admission to a mental institution; etc.)

(NOTE: The subject of life-sustaining treatment is of particular importance. For your convenience in dealing with that subject, some general statements concerning the withholding or removal of life-sustaining treatment are set forth below. If you agree with one of these statements, you may initial that statement; but do not initial more than one. These statements serve as guidance for your agent, who shall give careful consideration to the statement you initial when engaging in health care decision-making on your behalf.)

I do not want my life to be prolonged nor do I want life-sustaining treatment to be provided or continued if my agent believes the burdens of the treatment outweigh the expected benefits. I want my agent to consider the relief of suffering, the expense involved and the quality as well as the possible extension of my life in making decisions concerning life-sustaining treatment.

Initialled

I want my life to be prolonged and I want life-sustaining treatment to be provided or continued, unless I am, in the opinion of my attending physician, in accordance with reasonable medical standards at the time of reference, in a state of "permanent unconsciousness" or suffer from an "incurable or irreversible condition" or "terminal condition", as those terms are defined in Section 4-4 of the Illinois Power of Attorney Act. If and when I am in any one of these states or conditions, I want life-sustaining treatment to be withheld or discontinued.

Initialled

I want my life to be prolonged to the greatest extent possible in accordance with reasonable medical standards without regard to my condition, the chances I have for recovery or the cost of the procedures.

Initialled

(Note: This power of attorney may be amended or revoked by you in the manner provided in Section 4-6 of the Illinois Power of Attorney Act.)

3. This power of attorney shall become effective on

Initialled

(Note: Insert a future date or event during your lifetime, such as a court determination of your disability or a written determination by your physician that you are incapacitated; when you want this power to first take effect.)

(Note: If you do not amend or revoke this power, or if you do not specify
a specific ending date in paragraph 4, it will remain in effect until your death; except that your agent will still have the authority to donate your organs, authorize an autopsy, and dispose of your remains after your death, if you grant that authority to your agent.)

4. This power of attorney shall terminate on ........:

.............................................................

(NOTE: Insert a future date or event, such as a court determination that you are not under a legal disability or a written determination by your physician that you are not incapacitated, if you want this power to terminate prior to your death.)

(NOTE: You cannot use this form to name co-agents. If you wish to name successor agents, insert the names and addresses of the successors in paragraph 5.)

5. If any agent named by me shall die, become incompetent, resign, refuse to accept the office of agent or be unavailable, I name the following (each to act alone and successively, in the order named) as successors to such agent:

.............................................................
.............................................................

For purposes of this paragraph 5, a person shall be considered to be incompetent if and while the person is a minor, or an adjudicated incompetent or disabled person, or the person is unable to give prompt and intelligent consideration to health care matters, as certified by a licensed physician.

(NOTE: If you wish to, you may name your agent as guardian of your person if a court decides that one should be appointed. To do this, retain paragraph 6, and the court will appoint your agent if the court finds that this appointment will serve your best interests and welfare. Strike out paragraph 6 if you do not want your agent to act as guardian.)

6. If a guardian of my person is to be appointed, I nominate the agent acting under this power of attorney as such guardian, to serve without bond or security.

7. I am fully informed as to all the contents of this form and understand the full import of this grant of powers to my agent.

(c) The statutory short form power of attorney for health care (the "statutory health care power") authorizes the agent to make any and all health care decisions on behalf of the principal which the principal could make if present and under no disability, subject to any limitations on the granted powers that appear on the face of the form, to be exercised in such manner as the agent deems consistent with the intent and desires of the principal. The agent will be under no duty to exercise granted powers or to assume control of or responsibility for the principal's health care; but when granted powers are exercised, the agent will be required to use due care to act for the benefit of the principal in accordance with the terms of the statutory health care power and will be liable for negligent exercise. The agent may act in person or through others reasonably employed by the agent for that purpose but may not delegate authority to make health care decisions. The agent may sign and deliver all instruments, negotiate and enter into all agreements and do all other acts reasonably necessary to implement the exercise of the powers granted to the agent. Without limiting the generality of the foregoing, the statutory health care power shall include the following powers, subject to any limitations appearing on the face of the form:

1. The agent is authorized to give consent to and authorize or refuse, or to withhold or withdraw consent to, any and all types of medical care, treatment or procedures relating to the physical or mental health of the principal, including any medication program, surgical procedures, life-sustaining treatment or provision of food and fluids for the principal.

2. The agent is authorized to admit the principal to or discharge the principal from any and all types of hospitals, institutions, homes, residential or nursing facilities, treatment centers and other health care institutions providing personal care or treatment for any type of physical or mental condition. The agent shall have the same right to visit the principal in the hospital or other institution as is granted to a spouse or adult child of the principal, any rule of the institution to the contrary notwithstanding.

3. The agent is authorized to contract for any and all types of health care services and facilities in the name of and on behalf of the principal and to bind the principal to pay for all such services and facilities, and to have and exercise those powers over the principal's property as are authorized under the statutory property power, to the extent the agent deems necessary to pay health care costs; and the

New matter indicated by italics - deletions by strikeout
agent shall not be personally liable for any services or care contracted for on behalf of the principal.

(4) At the principal's expense and subject to reasonable rules of the health care provider to prevent disruption of the principal's health care, the agent shall have the same right the principal has to examine and copy and consent to disclosure of all the principal's medical records that the agent deems relevant to the exercise of the agent's powers, whether the records relate to mental health or any other medical condition and whether they are in the possession of or maintained by any physician, psychiatrist, psychologist, therapist, hospital, nursing home or other health care provider. The authority under this paragraph (4) applies to any information governed by the Health Insurance Portability and Accountability Act of 1996 ("HIPAA") and regulations thereunder. The agent serves as the principal's personal representative, as that term is defined under HIPAA and regulations thereunder.

(5) The agent is authorized: to direct that an autopsy be made pursuant to Section 2 of "An Act in relation to autopsy of dead bodies", approved August 13, 1965, including all amendments; to make a disposition of any part or all of the principal's body pursuant to the Illinois Anatomical Gift Act, as now or hereafter amended; and to direct the disposition of the principal's remains.

Sec. 2-155.1. Mistake in benefit. If the System mistakenly sets any benefit at an incorrect amount, it shall recalculate the benefit as soon as may be practicable after the mistake is discovered.

If the benefit was mistakenly set too low, the System shall make a lump sum payment to the recipient of an amount equal to the difference between the benefits that should have been paid and those actually paid.

If the benefit was mistakenly set too high, the System may recover the amount overpaid from the recipient thereof, either directly or by deducting such amount from the remaining benefits payable to the recipient. However, if (1) the amount of the benefit was mistakenly set too high, and (2) the error was undiscovered for 3 years or longer, and (3) the error was not the result of incorrect information supplied by the affected member or beneficiary, then upon discovery of the mistake the benefit shall be adjusted to the correct level, but the recipient of the benefit need not repay to the System the excess amounts received in error.

This Section applies to all mistakes in benefit calculations that occur before, on, or after the effective date of this amendatory Act of the 98th General Assembly.

(b) If the benefit was mistakenly set too low, the Fund shall make a lump sum payment to the recipient of an amount equal to the difference between

PUBLIC ACT 98-1128  
(Senate Bill No. 2015)

AN ACT concerning government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Illinois Vehicle Code is amended by changing Section 11-601 as follows:

(625 ILCS 5/11-601) (from Ch. 95 1/2, par. 11-601)
Sec. 11-601. General speed restrictions.
(a) No vehicle may be driven upon any highway of this State at a speed which is greater than is reasonable and proper with regard to traffic conditions and the use of the highway, or endangers the safety of any person or property. The fact that the speed of a vehicle does not exceed the applicable maximum speed limit does not relieve the driver from the duty to decrease speed when approaching and crossing an intersection, approaching and going around a curve, when approaching a hill crest, when traveling upon any narrow or winding roadway, or when special hazard exists with respect to pedestrians or other traffic or by reason of weather or highway conditions. Speed must be decreased as may be necessary to avoid colliding with any person or vehicle on or entering the highway in compliance with legal requirements and the duty of all persons to use due care.

(a-5) For purposes of this Section, "urban district" does not include any interstate highway as defined by Section 1-133.1 of this Code which includes all highways under the jurisdiction of the Illinois State Toll Highway Authority.

(b) No person may drive a vehicle upon any highway of this State at a speed which is greater than the applicable statutory maximum speed limit established by paragraphs (c), (d), (e), (f) or (g) of this Section, by Section 11-605 or by a regulation or ordinance made under this Chapter.

New matter indicated by italics - deletions by strikeout
(c) Unless some other speed restriction is established under this Chapter, the maximum speed limit in an urban district for all vehicles is:
   1. 30 miles per hour; and
   2. 15 miles per hour in an alley.

(d) Unless some other speed restriction is established under this Chapter, the maximum speed limit outside an urban district for any vehicle is (1) 65 miles per hour (i) for all highways under the jurisdiction of the Illinois State Toll Highway Authority, unless some other speed limit is designated, and (ii) for all or part of highways that are designated by the Department, have at least 4 lanes of traffic, and have a separation between the roadways moving in opposite directions and (2) 55 miles per hour for all other highways, roads, and streets.

(d-1) Unless some other speed restriction is established under this Chapter, the maximum speed limit outside an urban district for any vehicle is (1) 70 miles per hour on any interstate highway as defined by Section 1-133.1 of this Code which includes all highways under the jurisdiction of the Illinois State Toll Highway Authority; (2) 65 miles per hour for all or part of highways that are designated by the Department, have at least 4 lanes of traffic, and have a separation between the roadways moving in opposite directions; and (3) 55 miles per hour for all other highways, roads, and streets. The counties of Cook, DuPage, Kane, Lake, Madison, McHenry, St. Clair, and Will may adopt ordinances setting a maximum speed limit on highways, roads, and streets that is lower than the limits established by this Section.

(e) In the counties of Cook, DuPage, Kane, Lake, McHenry, and Will, unless some lesser speed restriction is established under this Chapter, the maximum speed limit outside an urban district for a second division vehicle designed or used for the carrying of a gross weight of 8,001 pounds or more (including the weight of the vehicle and maximum load) is 55 miles per hour.

(e-1) (Blank).

(f) Unless some other speed restriction is established under this Chapter, the maximum speed limit outside an urban district for a bus is:
   1. 65 miles per hour upon any highway which has at least 4 lanes of traffic and of which the roadways for traffic moving in opposite directions are separated by a strip of ground which is not surfaced or suitable for vehicular traffic, except that the maximum speed limit for a bus on all highways, roads, or streets not under the jurisdiction of the Department or the Illinois State Toll Highway Authority is 55 miles per hour;

Section 5. The Freedom of Information Act is amended by changing Sections 2, 3, 6, and 9.5 and by adding Sections 3.6 and 8.5 as follows:

used by, received by, in the possession of, or under the control of any public body.

(c-5) "Private information" means unique identifiers, including a person's social security number, driver's license number, employee identification number, biometric identifiers, personal financial information, passwords or other access codes, medical records, home or personal telephone numbers, and personal email addresses. Private information also includes home address and personal license plates, except as otherwise provided by law or when compiled without possibility of attribution to any person.

(c-10) "Commercial purpose" means the use of any part of a public record or records, or information derived from public records, in any form for sale, resale, or solicitation or advertisement for sales or services. For purposes of this definition, requests made by news media and non-profit, scientific, or academic organizations shall not be considered to be made for a "commercial purpose" when the principal purpose of the request is (i) to access and disseminate information concerning news and current or passing events, (ii) for articles of opinion or features of interest to the public, or (iii) for the purpose of academic, scientific, or public research or education.

(d) "Copying" means the reproduction of any public record by means of any photographic, electronic, mechanical or other process, device or means now known or hereafter developed and available to the public body.

(e) "Head of the public body" means the president, mayor, chairman, presiding officer, director, superintendent, manager, supervisor or individual otherwise holding primary executive and administrative authority for the public body, or such person's duly authorized designee.

(f) "News media" means a newspaper or other periodical issued at regular intervals whether in print or electronic format, a news service whether in print or electronic format, a radio station, a television station, a television network, a community antenna television service, or a person or corporation engaged in making news reels or other motion picture news for public showing.

(g) "Recurrent requester", as used in Section 3.2 of this Act, means a person that, in the 12 months immediately preceding the request, has submitted to the same public body (i) a minimum of 50 requests for records, (ii) a minimum of 15 requests for records within a 30-day period, or (iii) a minimum of 7 requests for records within a 7-day period. For purposes of this definition, requests made by news media and non-profit, scientific, or academic organizations shall not be considered in calculating the number of

requests made in the time periods in this definition when the principal purpose of the requests is (i) to access and disseminate information concerning news and current or passing events, (ii) for articles of opinion or features of interest to the public, or (iii) for the purpose of academic, scientific, or public research or education.

For the purposes of this subsection (g), "request" means a written document (or oral request, if the public body chooses to honor oral requests) that is submitted to a public body via personal delivery, mail, telefax, electronic mail, or other means available to the public body and that identifies the particular public record the requester seeks. One request may identify multiple records to be inspected or copied.

(h) "Voluminous request" means a request that: (i) includes more than 5 individual requests for more than 5 different categories of records or a combination of individual requests that total requests for more than 5 different categories of records in a period of 20 business days; or (ii) requires the compilation of more than 500 letter or legal-sized pages of public records unless a single requested record exceeds 500 pages. "Voluminous request" does not include a request made by news media and non-profit, scientific, or academic organizations if the principal purpose of the request is: (1) to access and disseminate information concerning news and current or passing events; (2) for articles of opinion or features of interest to the public; or (3) for the purpose of academic, scientific, or public research or education.

For the purposes of this subsection (h), "request" means a written document, or oral request, if the public body chooses to honor oral requests, that is submitted to a public body via personal delivery, mail, telefax, electronic mail, or other means available to the public body and that identifies the particular public record or records the requester seeks. One request may identify multiple individual records to be inspected or copied.

(5 ILCS 140/3) (from Ch. 116, par. 203)

Sec. 3. (a) Each public body shall make available to any person for inspection or copying all public records, except as otherwise provided in Sections 7 and 8.5 of this Act. Notwithstanding any other law, a public body may not grant to any person or entity, whether by contract,
license, or otherwise, the exclusive right to access and disseminate any public record as defined in this Act.

(b) Subject to the fee provisions of Section 6 of this Act, each public body shall promptly provide, to any person who submits a request, a copy of any public record required to be disclosed by subsection (a) of this Section and shall certify such copy if so requested.

(c) Requests for inspection or copies shall be made in writing and directed to the public body. Written requests may be submitted to a public body via personal delivery, mail, telefax, or other means available to the public body. A public body may honor oral requests for inspection or copying. A public body may not require that a request be submitted on a standard form or require the requester to specify the purpose for a request, except to determine whether the records are requested for a commercial purpose or whether to grant a request for a fee waiver. All requests for inspection and copying received by a public body shall immediately be forwarded to its Freedom of Information officer or designee.

(d) Each public body shall, promptly, either comply with or deny a request for public records within 5 business days after its receipt of the request, unless the time for response is properly extended under subsection (e) of this Section. Denial shall be in writing as provided in Section 9 of this Act. Failure to comply with a written request, extend the time for response, or deny a request within 5 business days after its receipt shall be considered a denial of the request. A public body that fails to respond to a request within the requisite periods in this Section but thereafter provides the requester with copies of the requested public records may not impose a fee for such copies. A public body that fails to respond to a request received may not treat the request as unduly burdensome under subsection (g).

(e) The time for response under this Section may be extended by the public body for not more than 5 business days from the original due date for any of the following reasons:

(i) the requested records are stored in whole or in part at other locations than the office having charge of the requested records;
(ii) the request requires the collection of a substantial number of specified records;
(iii) the request is couched in categorical terms and requires an extensive search for the records responsive to it;
(iv) the requested records have not been located in the course of routine search and additional efforts are being made to locate them;

New matter indicated by italics - deletions by strikeout
(v) the requested records require examination and evaluation by personnel having the necessary competence and discretion to determine if they are exempt from disclosure under Section 7 of this Act or should be revealed only with appropriate deletions;

(vi) the request for records cannot be complied with by the public body within the time limits prescribed by paragraph (c) of this Section without unduly burdening or interfering with the operations of the public body;

(vii) there is a need for consultation, which shall be conducted with all practicable speed, with another public body or among two or more components of a public body having a substantial interest in the determination or in the subject matter of the request.

The person making a request and the public body may agree in writing to extend the time for compliance for a period to be determined by the parties. If the requester and the public body agree to extend the period for compliance, a failure by the public body to comply with any previous deadlines shall not be treated as a denial of the request for the records.

(f) When additional time is required for any of the above reasons, the public body shall, within 5 business days after receipt of the request, notify the person making the request of the reasons for the extension and the date by which the response will be forthcoming. Failure to respond within the time permitted for extension shall be considered a denial of the request. A public body that fails to respond to a request within the time permitted for extension but thereafter provides the requester with copies of the requested public records may not impose a fee for those copies. A public body that requests an extension and subsequently fails to respond to the request may not treat the request as unduly burdensome under subsection (g).

(g) Requests calling for all records falling within a category shall be complied with unless compliance with the request would be unduly burdensome for the complying public body and there is no way to narrow the request and the burden on the public body outweighs the public interest in the information. Before invoking this exemption, the public body shall extend to the person making the request an opportunity to confer with it in an attempt to reduce the request to manageable proportions. If any public body responds to a categorical request by stating that compliance would unduly burden its operation and the conditions described above are met, it shall do so in writing, specifying the reasons why it would be unduly burdensome and the extent to which compliance will so burden the operations of the public body. Such a response shall be treated as a denial of the request for information.

New matter indicated by italics - deletions by strikeout
Repeated requests from the same person for the same records that are unchanged or identical to records previously provided or properly denied under this Act shall be deemed unduly burdensome under this provision.

(h) Each public body may promulgate rules and regulations in conformity with the provisions of this Section pertaining to the availability of records and procedures to be followed, including:

(i) the times and places where such records will be made available, and

(ii) the persons from whom such records may be obtained.

(i) The time periods for compliance or denial of a request to inspect or copy records set out in this Section shall not apply to requests for records made for a commercial purpose, requests by a recurrent requester, or voluminous requests. Such requests shall be subject to the provisions of Sections Section 3.1, 3.2, and 3.6 of this Act, as applicable.

(Source: P.A. 96-542, eff. 1-1-10.)

(5 ILCS 140/3.6 new)
Sec. 3.6. Voluminous requests.

(a) Notwithstanding any provision of this Act to the contrary, a public body shall respond to a voluminous request within 5 business days after receipt. The response shall notify the requester: (i) that the public body is treating the request as a voluminous request; (ii) the reasons why the public body is treating the request as a voluminous request; (iii) that the requester must respond to the public body within 10 business days after the public body's response was sent and specify whether the requester would like to amend the request in such a way that the public body will no longer treat the request as a voluminous request; (iv) that if the requester does not respond within 10 business days or if the request continues to be a voluminous request following the requester's response, the public body will respond to the request and assess any fees the public body charges pursuant to Section 6 of this Act; (v) that the public body has 5 business days after receipt of the requester's response or 5 business days from the last day for the requester to amend his or her request, whichever is sooner, to respond to the request; (vi) that the public body may request an additional 10 business days to comply with the request; (vii) of the requester's right to review of the public body's determination by the Public Access Counselor and provide the address and phone number for the Public Access Counselor; and (viii) that if the requester fails to accept or collect the responsive records, the public body may still charge the requester for its response pursuant to Section 6 of this Act and the requester's failure to pay will be considered a debt due and
owing to the public body and may be collected in accordance with applicable law.

(b) A public body shall provide a person making a voluminous request 10 business days from the date the public body's response pursuant to subsection (a) of this Section is sent to amend the request in such a way that the public body will no longer treat the request as a voluminous request.

(c) If a request continues to be a voluminous request following the requester's response under subsection (b) of this Section or the requester fails to respond, the public body shall respond within the earlier of 5 business days after it receives the response from the requester or 5 business days after the final day for the requester to respond to the public body's notification under this subsection. The response shall: (i) provide an estimate of the fees to be charged, which the public body may require the person to pay in full before copying the requested documents; (ii) deny the request pursuant to one or more of the exemptions set out in this Act; (iii) notify the requester that the request is unduly burdensome and extend an opportunity to the requester to attempt to reduce the request to manageable proportions; or (iv) provide the records requested.

(d) The time for response by the public body under subsection (c) of this Section may be extended by the public body for not more than 10 business days from the final day for the requester to respond to the public body's notification under subsection (c) of this Section for any of the reasons provided in subsection (e) of Section 3 of this Act.

The person making a request and the public body may agree in writing to extend the time for compliance for a period to be determined by the parties. If the requester and the public body agree to extend the period for compliance, a failure by the public body to comply with any previous deadlines shall not be treated as a denial of the request for the records.

(e) If a requester does not pay a fee charged pursuant to Section 6 of this Act for a voluminous request, the debt shall be considered a debt due and owing to the public body and may be collected in accordance with applicable law. This fee may be charged by the public body even if the requester fails to accept or collect records the public body has prepared in response to a voluminous request.

(5 ILCS 140/6) (from Ch. 116, par. 206)
Sec. 6. Authority to charge fees.

(a) When a person requests a copy of a record maintained in an electronic format, the public body shall furnish it in the electronic format specified by the requester, if feasible. If it is not feasible to furnish the public

New matter indicated by italics - deletions by strikeout
records in the specified electronic format, then the public body shall furnish it in the format in which it is maintained by the public body, or in paper format at the option of the requester. A public body may charge the requester for the actual cost of purchasing the recording medium, whether disc, diskette, tape, or other medium. If a request is not a request for a commercial purpose or a voluminous request, a public body may not charge the requester for the costs of any search for and review of the records or other personnel costs associated with reproducing the records, except for commercial requests as provided in subsection (f) of this Section. Except to the extent that the General Assembly expressly provides, statutory fees applicable to copies of public records when furnished in a paper format shall not be applicable to those records when furnished in an electronic format.

(a-5) If a voluminous request is for electronic records and those records are not in a portable document format (PDF), the public body may charge up to $20 for not more than 2 megabytes of data, up to $40 for more than 2 but not more than 4 megabytes of data, and up to $100 for more than 4 megabytes of data. If a voluminous request is for electronic records and those records are in a portable document format, the public body may charge up to $20 for not more than 80 megabytes of data, up to $40 for more than 80 megabytes but not more than 160 megabytes of data, and up to $100 for more than 160 megabytes of data. If the responsive electronic records are in both a portable document format and not in a portable document format, the public body may separate the fees and charge the requester under both fee scales.

If a public body imposes a fee pursuant to this subsection (a-5), it must provide the requester with an accounting of all fees, costs, and personnel hours in connection with the request for public records.

(b) Except when a fee is otherwise fixed by statute, each public body may charge fees reasonably calculated to reimburse its actual cost for reproducing and certifying public records and for the use, by any person, of the equipment of the public body to copy records. No fees shall be charged for the first 50 pages of black and white, letter or legal sized copies requested by a requester. The fee for black and white, letter or legal sized copies shall not exceed 15 cents per page. If a public body provides copies in color or in a size other than letter or legal, the public body may not charge more than its actual cost for reproducing the records. In calculating its actual cost for reproducing records or for the use of the equipment of the public body to reproduce records, a public body shall not include the costs of any search for and review of the records or other personnel costs associated with

New matter indicated by italics - deletions by strikeout
reproducing the records, except for commercial requests as provided in subsection (f) of this Section. Such fees shall be imposed according to a standard scale of fees, established and made public by the body imposing them. The cost for certifying a record shall not exceed $1.

(c) Documents shall be furnished without charge or at a reduced charge, as determined by the public body, if the person requesting the documents states the specific purpose for the request and indicates that a waiver or reduction of the fee is in the public interest. Waiver or reduction of the fee is in the public interest if the principal purpose of the request is to access and disseminate information regarding the health, safety and welfare or the legal rights of the general public and is not for the principal purpose of personal or commercial benefit. For purposes of this subsection, "commercial benefit" shall not apply to requests made by news media when the principal purpose of the request is to access and disseminate information regarding the health, safety, and welfare or the legal rights of the general public. In setting the amount of the waiver or reduction, the public body may take into consideration the amount of materials requested and the cost of copying them.

(d) The imposition of a fee not consistent with subsections (6)(a) and (b) of this Act constitutes a denial of access to public records for the purposes of judicial review.

(e) The fee for each abstract of a driver's record shall be as provided in Section 6-118 of "The Illinois Vehicle Code", approved September 29, 1969, as amended, whether furnished as a paper copy or as an electronic copy.

(f) A public body may charge up to $10 for each hour spent by personnel in searching for and retrieving a requested record or examining the record for necessary redactions. No fees shall be charged for the first 8 hours spent by personnel in searching for or retrieving a requested record. A public body may charge the actual cost of retrieving and transporting public records from an off-site storage facility when the public records are maintained by a third-party storage company under contract with the public body. If a public body imposes a fee pursuant to this subsection (f), it must provide the requester with an accounting of all fees, costs, and personnel hours in connection with the request for public records. The provisions of this subsection (f) apply only to commercial requests.

Sec. 8.5. Records maintained online.

New matter indicated by italics - deletions by strikeout
(a) Notwithstanding any provision of this Act to the contrary, a public body is not required to copy a public record that is published on the public body's website. The public body shall notify the requester that the public record is available online and direct the requester to the website where the record can be reasonably accessed.

(b) If the person requesting the public record is unable to reasonably access the record online after being directed to the website pursuant to subsection (a) of this Section, the requester may re-submit his or her request for the record stating his or her inability to reasonably access the record online, and the public body shall make the requested record available for inspection or copying as provided in Section 3 of this Act.

(5 ILCS 140/9.5)
Sec. 9.5. Public Access Counselor; opinions.

(a) A person whose request to inspect or copy a public record is denied by a public body, except the General Assembly and committees, commissions, and agencies thereof, may file a request for review with the Public Access Counselor established in the Office of the Attorney General not later than 60 days after the date of the final denial. The request for review must be in writing, signed by the requester, and include (i) a copy of the request for access to records and (ii) any responses from the public body.

(b) A person whose request to inspect or copy a public record is made for a commercial purpose as defined in subsection (c-10) of Section 2 of this Act may not file a request for review with the Public Access Counselor. A person whose request to inspect or copy a public record was treated by the public body as a request for a commercial purpose under Section 3.1 of this Act may file a request for review with the Public Access Counselor for the limited purpose of reviewing whether the public body properly determined that the request was made for a commercial purpose.

(b-5) A person whose request to inspect or copy a public record was treated by a public body, except the General Assembly and committees, commissions, and agencies thereof, as a voluminous request under Section 3.6 of this Act may file a request for review with the Public Access Counselor for the purpose of reviewing whether the public body properly determined that the request was a voluminous request.

(c) Upon receipt of a request for review, the Public Access Counselor shall determine whether further action is warranted. If the Public Access Counselor determines that the alleged violation is unfounded, he or she shall so advise the requester and the public body and no further action shall be undertaken. In all other cases, the Public Access Counselor shall forward a

copy of the request for review to the public body within 7 business days after receipt and shall specify the records or other documents that the public body shall furnish to facilitate the review. Within 7 business days after receipt of the request for review, the public body shall provide copies of records requested and shall otherwise fully cooperate with the Public Access Counselor. If a public body fails to furnish specified records pursuant to this Section, or if otherwise necessary, the Attorney General may issue a subpoena to any person or public body having knowledge of or records pertaining to a request for review of a denial of access to records under the Act. To the extent that records or documents produced by a public body contain information that is claimed to be exempt from disclosure under Section 7 of this Act, the Public Access Counselor shall not further disclose that information.

(d) Within 7 business days after it receives a copy of a request for review and request for production of records from the Public Access Counselor, the public body may, but is not required to, answer the allegations of the request for review. The answer may take the form of a letter, brief, or memorandum. The Public Access Counselor shall forward a copy of the answer to the person submitting the request for review, with any alleged confidential information to which the request pertains redacted from the copy. The requester may, but is not required to, respond in writing to the answer within 7 business days and shall provide a copy of the response to the public body.

(e) In addition to the request for review, and the answer and the response thereto, if any, a requester or a public body may furnish affidavits or records concerning any matter germane to the review.

(f) Unless the Public Access Counselor extends the time by no more than 30 business days by sending written notice to the requester and the public body that includes a statement of the reasons for the extension in the notice, or decides to address the matter without the issuance of a binding opinion, the Attorney General shall examine the issues and the records, shall make findings of fact and conclusions of law, and shall issue to the requester and the public body an opinion in response to the request for review within 60 days after its receipt. The opinion shall be binding upon both the requester and the public body, subject to administrative review under Section 11.5.

In responding to any request under this Section 9.5, the Attorney General may exercise his or her discretion and choose to resolve a request for review by mediation or by a means other than the issuance of a binding opinion. The decision not to issue a binding opinion shall not be reviewable.

New matter indicated by italics - deletions by strikeout
Upon receipt of a binding opinion concluding that a violation of this Act has occurred, the public body shall either take necessary action immediately to comply with the directive of the opinion or shall initiate administrative review under Section 11.5. If the opinion concludes that no violation of the Act has occurred, the requester may initiate administrative review under Section 11.5.

A public body that discloses records in accordance with an opinion of the Attorney General is immune from all liabilities by reason thereof and shall not be liable for penalties under this Act.

(g) If the requester files suit under Section 11 with respect to the same denial that is the subject of a pending request for review, the requester shall notify the Public Access Counselor, and the Public Access Counselor shall take no further action with respect to the request for review and shall so notify the public body.

(h) The Attorney General may also issue advisory opinions to public bodies regarding compliance with this Act. on its regular basis, not to exceed 40 hours and not including hours of overtime work.

"Unemployment insurance" means the unemployment benefits payable under this Act other than short-time compensation and includes any amounts payable pursuant to an agreement under any Federal law providing for compensation, assistance, or allowances with respect to unemployment.

C. An employer wishing to participate in the short-time compensation program shall submit a signed written short-time compensation plan to the Director for approval. The Director shall develop an application form to request approval of a short-time compensation plan and an approval process. The application shall include:

1. The employer's unemployment insurance account number, the affected unit covered by the plan, including the number of full-time or part-time workers in such unit, the percentage of workers in the affected unit covered by the plan, identification of each individual employee in the affected unit by name and social security number, and any other information required by the Director to identify plan participants.

2. A description of how workers in the affected unit will be notified of the employer's participation in the short-time compensation plan if such application is approved, including how the employer will notify those workers in a collective bargaining unit as well as any workers in the affected unit who are not in a collective bargaining unit. If the employer will not provide advance notice to workers in the affected unit, the employer shall explain in a statement in the application why it is not feasible to provide such notice.

3. The employer's certification that it has the approval of the plan from all collective bargaining representatives of employees in the affected unit and has notified all employees in the affected unit who are not in a collective bargaining unit of the plan.

4. The employer's certification that it will not hire additional part-time or full-time employees for, or transfer employees to, the affected unit, while the program is in operation.

5. A requirement that the employer identify the usual weekly hours of work for employees in the affected unit and the specific percentage by which their hours will be reduced during all weeks covered by the plan. An application shall specify the percentage of reduction for which a short-time compensation application may be approved which shall be not less than 20% and not more than 60%.

New matter indicated by italics - deletions by strikeout
If the plan includes any week for which the employer regularly provides no work (due to a holiday or other plant closing), then such week shall be identified in the application.

6. Certification by the employer that, if the employer provides health and retirement benefits to any employee whose usual weekly hours of work are reduced under the program, such benefits will continue to be provided to the employee participating in the short-time compensation program under the same terms and conditions as though the usual weekly hours of work of such employee had not been reduced or to the same extent as other employees not participating in the short-time compensation program. For defined benefit retirement plans, the hours that are reduced under the short-time compensation plan shall be credited for purposes of participation, vesting, and accrual of benefits as though the usual weekly hours of work had not been reduced. The dollar amount of employer contributions to a defined contribution plan that are based on a percentage of compensation may be less due to the reduction in the employee's compensation. Notwithstanding any other provision to the contrary, a certification that a reduction in health and retirement benefits is scheduled to occur during the duration of the plan and will be applicable equally to employees who are not participating in the short-time compensation program and to those employees who are participating satisfies this paragraph.

7. Certification by the employer that the aggregate reduction in work hours is in lieu of layoffs (temporary or permanent layoffs, or both). The application shall include an estimate of the number of workers who would have been laid off in the absence of the short-time compensation plan.

8. Agreement by the employer to: furnish reports to the Director relating to the proper conduct of the plan; allow the Director or his or her authorized representatives access to all records necessary to approve or disapprove the plan application, and after approval of a plan, to monitor and evaluate the plan; and follow any other directives the Director deems necessary for the agency to implement the plan and which are consistent with the requirements for plan applications.

9. Certification by the employer that participation in the short-time compensation plan and its implementation is consistent
with the employer's obligations under applicable Federal and Illinois laws.

10. The effective date and duration of the plan, which shall expire no later than the end of the 12th full calendar month after the effective date.

11. Any other provision added to the application by the Director that the United States Secretary of Labor determines to be appropriate for purposes of a short-time compensation program.

D. The Director shall approve or disapprove a short-time compensation plan in writing within 45 days of its receipt and promptly communicate the decision to the employer. A decision disapproving the plan shall clearly identify the reasons for the disapproval. The disapproval shall be final, but the employer shall be allowed to submit another short-time compensation plan for approval not earlier than 30 days from the date of the disapproval.

E. The short-time compensation plan shall be effective on the mutually agreed upon date by the employer and the Director, which shall be specified in the notice of approval to the employer. The plan shall expire on the date specified in the notice of approval, which shall be mutually agreed on by the employer and Director but no later than the end of the 12th full calendar month after its effective date. However, if a short-time compensation plan is revoked by the Director, the plan shall terminate on the date specified in the Director's written order of revocation. An employer may terminate a short-time compensation plan at any time upon written notice to the Director. Upon receipt of such notice from the employer, the Director shall promptly notify each member of the affected unit of the termination date. An employer may submit a new application to participate in another short-time compensation plan at any time after the expiration or termination date.

F. The Director may revoke approval of a short-time compensation plan for good cause at any time, including upon the request of any of the affected unit's employees or their collective bargaining representative. The revocation order shall be in writing and shall specify the reasons for the revocation and the date the revocation is effective. The Director may periodically review the operation of each employer's short-time compensation plan to assure that no good cause exists for revocation of the approval of the plan. Good cause shall include, but not be limited to, failure to comply with the assurances given in the plan, termination of the approval of the plan by a collective bargaining representative of employees in the

affected unit, unreasonable revision of productivity standards for the affected unit, conduct or occurrences tending to defeat the intent and effective operation of the short-time compensation plan, and violation of any criteria on which approval of the plan was based.

G. An employer may request a modification of an approved plan by filing a written request to the Director. The request shall identify the specific provisions proposed to be modified and provide an explanation of why the proposed modification is appropriate for the short-time compensation plan. The Director shall approve or disapprove the proposed modification in writing within 30 days of receipt and promptly communicate the decision to the employer. The Director, in his or her discretion, may approve a request for modification of the plan based on conditions that have changed since the plan was approved provided that the modification is consistent with and supports the purposes for which the plan was initially approved. A modification may not extend the expiration date of the original plan, and the Director must promptly notify the employer whether the plan modification has been approved and, if approved, the effective date of modification. An employer is not required to request approval of plan modification from the Director if the change is not substantial, but the employer must report every change to the Director promptly and in writing. The Director may terminate an employer's plan if the employer fails to meet this reporting requirement. If the Director determines that the reported change is substantial, the Director shall require the employer to request a modification to the plan.

H. An individual is eligible to receive short-time compensation with respect to any week only if the individual is eligible for unemployment insurance pursuant to subsection E of Section 500, not otherwise disqualified for unemployment insurance, and:

1. During the week, the individual is employed as a member of an affected unit under an approved short-time compensation plan, which was approved prior to that week, and the plan is in effect with respect to the week for which short-time compensation is claimed.

2. Notwithstanding any other provision of this Act relating to availability for work and actively seeking work, the individual is available for the individual's usual hours of work with the short-time compensation employer, which may include, for purposes of this Section, participating in training to enhance job skills that is approved by the Director, including but not limited to as employer-
sponsored training or training funded under the Workforce Investment Act of 1998.

3. Notwithstanding any other provision of law, an individual covered by a short-time compensation plan is deemed unemployed in any week during the duration of such plan if the individual's remuneration as an employee in an affected unit is reduced based on a reduction of the individual's usual weekly hours of work under an approved short-time compensation plan.

I. The short-time compensation weekly benefit amount shall be the product of the percentage of reduction in the individual's usual weekly hours of work multiplied by the sum of the regular weekly benefit amount for a week of total unemployment plus any applicable dependent allowance pursuant to subsection C of Section 401.

1. An individual may be eligible for short-time compensation or unemployment insurance, as appropriate, except that no individual shall be eligible for combined benefits (excluding any payments attributable to a dependent allowance pursuant to subsection C of Section 401) in any benefit year in an amount more than the maximum benefit amount, nor shall an individual be paid short-time compensation benefits for more than 52 weeks under a short-time compensation plan.

2. The short-time compensation paid to an individual (excluding any payments attributable to a dependent allowance pursuant to subsection C of Section 401) shall be deducted from the maximum benefit amount established for that individual's benefit year.

3. Provisions applicable to unemployment insurance claimants shall apply to short-time compensation claimants to the extent that they are not inconsistent with short-time compensation provisions. An individual who files an initial claim for short-time compensation benefits shall receive a monetary determination.

4. The following provisions apply to individuals who work for both a short-time compensation employer and another employer during weeks covered by the approved short-time compensation plan:

   i. If combined hours of work in a week for both employers do not result in a reduction of at least 20% of the usual weekly hours of work with the short-time compensation employer, the individual shall not be entitled to benefits under this Section.

New matter indicated by italics - deletions by strikeout
ii. If combined hours of work for both employers results in a reduction equal to or greater than 20% of the usual weekly hours of work for the short-time compensation employer, the short-time compensation benefit amount payable to the individual is reduced for that week and is determined by multiplying the percentage by which the combined hours of work have been reduced by the sum of the weekly benefit amount for a week of total unemployment plus any applicable dependent allowance pursuant to subsection C of Section 401. A week for which benefits are paid under this subparagraph shall be reported as a week of short-time compensation.

iii. If an individual worked the reduced percentage of the usual weekly hours of work for the short-time compensation employer and is available for all his or her usual hours of work with the short-time compensation employer, and the individual did not work any hours for the other employer either because of the lack of work with that employer or because the individual is excused from work with the other employer, the individual shall be eligible for short-time compensation for that week. The benefit amount for such week shall be calculated as provided in the introductory clause of this subsection I.

iv. An individual who is not provided any work during a week by the short-time compensation employer, or any other employer, and who is otherwise eligible for unemployment insurance shall be eligible for the amount of regular unemployment insurance determined without regard to this Section.

v. An individual who is not provided any work by the short-time compensation employer during a week, but who works for another employer and is otherwise eligible may be paid unemployment insurance for that week subject to the disqualifying income and other provisions applicable to claims for regular unemployment insurance.

J. Short-time compensation shall be charged to employers in the same manner as unemployment insurance is charged under Illinois law. Employers liable for payments in lieu of contributions shall have short-time compensation attributed to service in their employ in the same manner as

unemployment insurance is attributed. Notwithstanding any other provision to the contrary, to the extent that short-term compensation payments under this Section are reimbursed by the federal government, no benefit charges or payments in lieu of contributions shall be accrued by a participating employer.

K. A short-time compensation plan shall not be approved for an employer that is delinquent in the filing of any reports required or the payment of contributions, payments in lieu of contributions, interest, or penalties due under this Act through the date of the employer's application.

L. Overpayments of other benefits under this Act may be recovered from an individual receiving short-time compensation under this Act in the manner provided under Sections 900 and 901. Overpayments under the short-time compensation plan may be recovered from an individual receiving other benefits under this Act in the manner provided under Sections 900 and 901.

M. An individual who has received all of the short-time compensation or combined unemployment insurance and short-time compensation available in a benefit year shall be considered an exhaustee for purposes of extended benefits, as provided under the provisions of Section 409, and, if otherwise eligible under those provisions, shall be eligible to receive extended benefits.

Sec. 702. Determinations. The claims adjudicator shall for each week with respect to which the claimant claims benefits or waiting period credit, make a "determination" which shall state whether or not the claimant is eligible for such benefits or waiting period credit and the sum to be paid the claimant with respect to such week. The claims adjudicator shall promptly notify the claimant and such employing unit as shall, within the time and in the manner prescribed by the Director, have filed a sufficient allegation that the claimant is ineligible to receive benefits or waiting period credit for said week, of his "determination" and the reasons therefor. The Director may, by rule adopted with the advice and aid of the Employment Security Advisory Board, require that an employing unit with 25 or more individuals in its employ during a calendar year, or an entity representing 5 or more employing units during a calendar year, file an allegation of ineligibility electronically in a manner prescribed by the Director for the one year period commencing on July 1 of the immediately succeeding calendar year and ending on June 30 of the second succeeding calendar year. In making his "determination," the claims adjudicator shall give consideration to the information, if any, contained in the employing unit's allegation,

New matter indicated by italics - deletions by strikeout
whether or not the allegation is sufficient. The claims adjudicator shall deem an employing unit's allegation sufficient only if it contains a reason or reasons therefor (other than general conclusions of law, and statements such as "not actively seeking work" or "not available for work" shall be deemed, for this purpose, to be conclusions of law). If the claims adjudicator deems an allegation insufficient, he shall make a decision accordingly, and shall notify the employing unit of such decision and the reasons therefor. Such decision may be appealed by the employing unit to a Referee within the time limits prescribed by Section 800 for appeal from a "determination". Any such appeal, and any appeal from the Referee's decision thereon, shall be governed by the applicable provisions of Sections 801, 803, 804 and 805.

Sec. 1402. Penalties.

A. If any employer fails, within the time prescribed in this Act as amended and in effect on October 5, 1980, and the regulations of the Director, to file a report of wages paid to each of his workers, or to file a sufficient report of such wages after having been notified by the Director to do so, for any period which begins prior to January 1, 1982, he shall pay to the Department as a penalty a sum determined in accordance with the provisions of this Act as amended and in effect on October 5, 1980.

B. Except as otherwise provided in this Section, any employer who fails to file a report of wages paid to each of his workers for any period which begins on or after January 1, 1982, within the time prescribed by the provisions of this Act and the regulations of the Director, or, if the Director pursuant to such regulations extends the time for filing the report, fails to file it within the extended time, shall, in addition to any sum otherwise payable by him under the provisions of this Act, pay to the Department as a penalty a sum equal to the lesser of (1) $5 for each $10,000 or fraction thereof of the total wages for insured work paid by him during the period or (2) $2,500, for each month or part thereof of such failure to file the report. With respect to an employer who has elected to file reports of wages on an annual basis pursuant to Section 1400.2, in assessing penalties for the failure to submit all reports by the due date established pursuant to that Section, the 30-day period immediately following the due date shall be considered as one month.

If the Director deems an employer's report of wages paid to each of his workers for any period which begins on or after January 1, 1982, insufficient, he shall notify the employer to file a sufficient report. If the employer fails to file such sufficient report within 30 days after the mailing
of the notice to him, he shall, in addition to any sum otherwise payable by him under the provisions of this Act, pay to the Department as a penalty a sum determined in accordance with the provisions of the first paragraph of this subsection, for each month or part thereof of such failure to file such sufficient report after the date of the notice.

For wages paid in calendar years prior to 1988, the penalty or penalties which accrue under the two foregoing paragraphs with respect to a report for any period shall not be less than $100, and shall not exceed the lesser of (1) $10 for each $10,000 or fraction thereof of the total wages for insured work paid during the period or (2) $5,000. For wages paid in calendar years after 1987, the penalty or penalties which accrue under the 2 foregoing paragraphs with respect to a report for any period shall not be less than $50, and shall not exceed the lesser of (1) $10 for each $10,000 or fraction of the total wages for insured work paid during the period or (2) $5,000. With respect to an employer who has elected to file reports of wages on an annual basis pursuant to Section 1400.2, for purposes of calculating the minimum penalty prescribed by this Section for failure to file the reports on a timely basis, a calendar year shall constitute a single period. For reports of wages paid after 1986, the Director shall not, however, impose a penalty pursuant to either of the two foregoing paragraphs on any employer who can prove within 30 working days after the mailing of a notice of his failure to file such a report, that (1) the failure to file the report is his first such failure during the previous 20 consecutive calendar quarters, and (2) the amount of the total contributions due for the calendar quarter of such report (or, in the case of an employer who is required to file the reports on a monthly basis, the amount of the total contributions due for the calendar quarter that includes the month of such report) is less than $500.

For any month which begins on or after January 1, 2013, a report of the wages paid to each of an employer's workers shall be due on or before the last day of the month next following the calendar month in which the wages were paid if the employer is required to report such wages electronically pursuant to the regulations of the Director; otherwise a report of the wages paid to each of the employer's workers shall be due on or before the last day of the month next following the calendar quarter in which the wages were paid.

Any employer who willfully willfully fails to pay any contribution or part thereof, based upon wages paid prior to 1987, when required by the provisions of this Act and the regulations of the Director, with intent to defraud the Director, shall in addition to such contribution or part thereof pay

to the Department a penalty equal to 50 percent of the amount of such contribution or part thereof, as the case may be, provided that the penalty shall not be less than $200.

Any employer who willfully fails to pay any contribution or part thereof, based upon wages paid in 1987 and in each calendar year thereafter, when required by the provisions of this Act and the regulations of the Director, with intent to defraud the Director, shall in addition to such contribution or part thereof pay to the Department a penalty equal to 60% of the amount of such contribution or part thereof, as the case may be, provided that the penalty shall not be less than $400.

However, all or part of any penalty may be waived by the Director for good cause shown.

C. With regard to an employer required to report monthly pursuant to this Section, in addition to each employee's name, social security number, and wages for insured work paid during the period, the Director may, by rule, require a report to provide the following information concerning each employee: the employee's occupation, hours worked during the period, hourly wage, if applicable, and work location if the employer has more than one physical location. Notwithstanding any other provision of any other law to the contrary, information obtained pursuant to this subsection shall not be disclosed to any other public official or agency of this State or any other state to the extent it relates to a specifically identified individual or entity or to the extent that the identity of a specific individual or entity may be discerned from such information. The additional data elements required to be reported pursuant to the rule authorized by this subsection may be reported in the same electronic format as in the system maintained by the employer or employer's agent and need not be reformatted.

Sec. 1402.1. Processing fee.

A. The Director may, by rule, establish a processing fee of $50 with regard to a report of contributions due that is not required to be submitted electronically if the employer fails to submit the report on the form designated by the Director or otherwise provide all of the information required by the form designated by the Director. With respect to the first instance of such a failure after the effective date of the rule, the Director shall issue the employer a written warning instead of a processing fee, and no such processing fee shall be assessed unless the Director has issued the employer a written warning for a prior failure.

B. The Director may, by rule, establish a processing fee of $50 with regard to any payment of contributions, payment in lieu of contributions, interest, or penalty that is not made through electronic funds transfer if the employer fails to enclose the payment coupon provided by the Director with its payment or otherwise provide all of the information the coupon would provide, regardless of the amount due. With respect to the first instance of such a failure after the effective date of the rule, the Director shall issue the employer a written warning instead of a processing fee, and no such processing fee shall be assessed unless the Director has issued the employer a written warning for a prior failure.

However, subject to Section 2101.1, such funds shall not be transferred where it is determined by the Director that it is necessary to accumulate funds in the account in order to have sufficient funds to pay interest that may become due under the terms of Section 1202 (b) of the Federal Social Security Act, as amended, upon advances made to the Illinois Unemployment Insurance Trust Fund under Title XII of the Federal Social Security Act or where it is determined by the Director that it is necessary to accumulate funds in the special administrative account in order to have sufficient funds to expend for any other purpose authorized by this Section. The balance of funds in the special administrative account that are in excess of $100,000 on the first day of each calendar quarter and not transferred to this State's account in the unemployment trust fund, minus the amount reasonably anticipated to be needed to make payments from the special administrative account pursuant to subsections C through I, shall be certified by the Director and transferred by the State Comptroller to the Title III Social Security and Employment Fund in the State Treasury within 30 days of the first day of the calendar quarter. The Director may certify and the State Comptroller shall transfer such funds to the Title III Social Security and Employment Fund on a more frequent basis. The moneys available in the special administrative account shall be expended upon the direction of the Director whenever it appears to him that such expenditure is necessary for:

authorized by subsection B of Section 802, up to $1,000,000 per year for the
representation of the individual claimants and up to $1,000,000 per year for
the representation of "small employers".

H. The payment of any fees for collecting past due contributions,
payments in lieu of contributions, penalties, and interest shall be paid
(without an appropriation) from interest and penalty monies received from
collection agents that have contracted with the Department under Section
2206 to collect such amounts, provided however, that the amount of such
payment shall not exceed the amount of past due interest and penalty
collected.

If the Director shall decide that the claim be allowed in whole or in part, or if such allowance be ordered by the Court pursuant to Section 2205 and the judgment of said Court has become final, the Director shall, if practicable, make adjustment without interest in connection with subsequent contribution payments by the claimant, and if adjustments thereof cannot practicably be made in connection with such subsequent contribution payments, then the Director shall refund to the claimant the amount so allowed, without interest except as otherwise provided in Section 2201.1 from moneys in the benefit account established by this Act. Nothing herein contained shall prohibit the Director from making adjustment or refund upon his own initiative, within the time allowed for filing claim therefor, provided that the Director shall make no refund or adjustment of any contribution, the amount of which he has previously determined and assessed, if such contribution was paid after the determination and assessment became final.

Sec. 2401. Recording and release of lien. A. The lien created by Section 2400 shall be invalid only as to any innocent purchaser for value of stock in trade of any employer in the usual course of such employer's business, and shall be invalid as to any innocent purchaser for value of any of the other assets to which such lien has attached, unless notice thereof has been filed by the Director in the office of the recorder of the county within which the property subject to the lien is situated. The Director may, in his discretion, for good cause shown and upon the reimbursement of any recording fees paid by the Director with respect to the lien, issue a certificate of withdrawal of notice of lien filed against any employer, which certificate shall be recorded in the same manner as herein provided for the recording of notice of liens. Such withdrawal of notice of lien shall invalidate such lien as against any person acquiring any of such employer's property or any interest therein, subsequent to the recordation of the withdrawal of notice of lien, but shall not otherwise affect the validity of such lien, nor shall it prevent the Director from re-recording notice of such lien. In the event notice of such lien is re-recorded, such notice shall be effective as against third persons only as of the date of such re-recording.

B. The recorder of each county shall procure at the expense of the county a file labeled "Unemployment Compensation Contribution Lien Notice" and an index book labeled "Unemployment Compensation Contribution Lien Index." When a notice of any such lien is presented to him for filing, he shall file it in numerical order in the file and shall enter it alphabetically in the index. The entry shall show the name and last known business address of the employer named in the notice, the serial number of the notice, the date and hour of filing, and the amount of contribution, interest and penalty thereon due and unpaid. When a certificate of complete or partial
release of such lien issued by the Director is presented for filing in the office of the recorder where a notice of lien was filed, the recorder shall permanently attach the certificate of release to the notice of lien and shall enter the certificate of release and the date in the Unemployment Compensation Contribution Lien Index on the line where the notice of lien is entered. In case title to land to be affected by the Notice of Lien is registered under the provisions of "An Act Concerning Land Titles", approved May 1, 1897, as amended, such notice shall be filed in the office of the Registrar of Titles of the county within which the property subject to the lien is situated and shall be entered upon the register of titles as a memorial or charge upon each folium of the register of title affected by such notice, and the Director shall not have a preference over the rights of any bona fide purchaser, mortgagee, judgment creditor or other lien holder arising prior to the registration of such notice.

C. The Director shall have the power to issue a certificate of partial release of any part of the property subject to the lien, upon the reimbursement of any recording fees paid by the Director with respect to the lien, if he shall find that the fair market value of that part of such property remaining subject to the lien is at least equal to the amount of all prior liens upon such property plus double the amount of the liability for contributions, interest and penalties thereon remaining unsatisfied.

D. Where the amount of or the liability for the payment of any contribution, interest or penalty is contested by any employing unit against whose property a lien has attached, and the determination of the Director with reference to such contribution has not become final, the Director may issue a certificate of release of lien upon the reimbursement of any recording fees paid by the Director with respect to the lien and the furnishing of bond by such employing unit in 125% the amount of the sum of such contribution, interest and penalty, for which lien is claimed, with good and sufficient surety to be approved by the Director conditioned upon the prompt payment of such contribution, together with interest and penalty thereon, by such employing unit to the Director immediately upon the decision of the Director in respect to the liability for such contribution, interest and penalty becoming final.

E. When a lien obtained pursuant to this Act has been satisfied and upon the reimbursement of any recording fees paid by the Director with respect to the lien, the Department shall issue a release to the person, or his agent, against whom the lien was obtained and such release shall contain in legible letters a statement as follows:

New matter indicated by italics - deletions by strikeout
FOR THE PROTECTION OF THE OWNER, THIS RELEASE SHALL BE FILED WITH THE RECORDER OR THE REGISTRAR OF TITLES, IN WHOSE OFFICE, THE LIEN WAS FILED.

F. The Director may, by rule, require, as a condition of withdrawing, releasing, or partially releasing a lien recorded pursuant to this Section, that the employer reimburse the Department for any recording fees paid with respect to the lien.

PUBLIC ACT 98-1135
(House Bill No. 4204)

AN ACT concerning condominium property.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 1. Short title. This Act may be cited as the Condominium and Common Interest Community Ombudsperson Act.
Section 5. Applicability. This Act applies to all condominium associations governed by the Condominium Property Act and all common interest community associations governed by the Common Interest Community Association Act.
Section 10. Findings. The General Assembly finds as follows:
(1) Managing condominium property or common interest community property is a complex responsibility. Unit owners and persons charged with managing condominium property or common interest community property may have little or no prior experience in managing real property, operating a not-for-profit association or corporation, complying with the laws governing condominium property or common interest community property, and interpreting and enforcing restrictions and rules imposed by applicable instruments or covenants. Unit owners may not fully understand their rights and obligations under the law or applicable instruments or covenants. Mistakes and misunderstandings are inevitable and may lead to serious, costly, and divisive problems. This Act seeks to educate unit owners, condominium associations, common interest community associations, boards of managers, and boards of directors about the Condominium Property Act and the Common Interest Community Association Act. Effective education can prevent or
reduce the severity of problems within a condominium or common interest community.

(2) Anecdotal accounts of abuses within condominiums and common interest communities create continuing public demand for reform of condominium and common interest community property law. This results in frequent changes to the law, making it difficult to understand and apply, and imposes significant transitional costs on these communities statewide. By collecting empirical data on the nature and incidence of problems within these communities, this Act will provide a sound basis for prioritizing reform efforts, thereby increasing the stability of condominium and common interest community property law.

(c) No later than 180 days after the effective date of this Act, associations existing on the effective date of this Act, except for those identified in subsection (b) of this Section, must establish and adopt the policy required under this Section.

(d) Associations first created after the effective date of this Act, except for those identified in subsection (b) of this Section, must establish and adopt the policy required under this Section at the time of initial registration as required by Section 65 of this Act.

(e) A unit owner may not bring a request for assistance under Section 40 of this Act for an association's lack of or inadequacy of a written policy to resolve complaints, but may notify the Department in writing of the association's lack of or inadequacy of a written policy. (1) owe no outstanding assessments, fees, or funds to the association, unless the assessments, fees, or funds are central to the dispute;

(2) allege a dispute that was initiated or initially occurred within the past 2 calendar years of the date of the request;

(3) have made a written complaint pursuant to the unit owner's association's complaint policy, as outlined in Section 35, which alleges violations of the Condominium Property Act or the Common Interest Community Association Act;

(5) have filed the request within 30 days after the receipt of the association's final adverse decision.

(e) A unit owner who has not received a response, marked "final", to his or her complaint from the association within a reasonable time may request assistance from the Ombudsperson pursuant to subsection (a) of this Section if the unit owner meets the requirements of items (1), (2), and (3) of subsection (d) of this Section. (h) The Ombudsperson shall assist only opposing parties who mutually agree to participate in dispute resolution.

(i) A unit owner is limited to one request for assistance per dispute. The meaning of dispute is to be broadly interpreted by the Department.

(j) The Department has the authority to determine whether or not a final decision is adverse under paragraph (4) of subsection (d) of this Section.

(k) The Department shall establish rules describing the time limit, method, and manner for dispute resolution.

(a) Except as otherwise provided in subsections (d) and (f) of this Section, every association shall register with the Department in a form and manner specified by the Department. A registration shall be valid for 2 years. The initial registration for an association existing on the effective date of this Act is due one year after the effective date of this Act, or at such time as the Department has adopted rules and forms for registration, whichever is later.

(b) Newly created associations required to register with the Department must register no later than 90 days after the association has assumed control of a property.

(f) A common interest community association is exempt from registration if it is exempt from the Common Interest Community Association Act.

(g) If an association fails to initially register as provided in subsection (a) of this Section or fails to timely renew its registration, the Department may impose a late charge or late fee against the association. If an association fails to properly register within 2 years after the effective date of this Act, or fails to renew its registration on 3 or more occasions, the association is ineligible to impose or enforce a lien for common expenses or to pursue any action or employ any enforcement mechanism otherwise available to it in enforcement of a lien for common expenses until it is validly registered pursuant to this Section. A lien for common expenses previously filed during a period in which the association was registered pursuant to this Section shall not be extinguished by a lapse in the association's registration, nor shall the common expense debt reflected by the lien or court action be deemed invalid, but any pending enforcement proceedings related to the lien shall be suspended and any applicable time limits tolled until the association is again validly registered pursuant to this Section. Nothing contained herein shall be deemed to invalidate any claim for common expenses or other enforcement mechanism, even if the claim arose while the association was not registered.

Section 60. Rules. The Department may adopt rules for the administration and enforcement of this Act. Any rule adopted under this Act is subject to the rulemaking provisions of the Illinois Administrative Procedure Act.

Section 65. State Lawsuit Immunity Act. Nothing in this Act shall be construed to constitute a waiver of the immunity of the State, Department, Division, Office, or Ombudsperson, or any officer, employee, or agent thereof under the State Lawsuit Immunity Act.

The Disciplinary Board, the Licensing Board, or the Department may order the examining physician or any member of the multidisciplinary team to present testimony concerning this examination and evaluation of the licensee, permit holder, or applicant, including testimony concerning any supplemental testing or documents relating to the examination and evaluation. No information, report, record, or other documents in any way related to the examination and evaluation shall be excluded by reason of any common law or statutory privilege relating to communication between the licensee, permit holder, or applicant and the examining physician or any member of the multidisciplinary team. No authorization is necessary from the licensee, permit holder, or applicant ordered to undergo an evaluation and examination for the examining physician or any member of the multidisciplinary team to provide information, reports, records, or other documents or to provide any testimony regarding the examination and evaluation. The individual to be examined may have, at his or her own expense, another physician of his or her choice present during all aspects of the examination. Failure of any individual to submit to mental or physical examination and evaluation, or both, when directed, shall result in an automatic suspension, without hearing, until such time as the individual submits to the examination. If the Disciplinary Board or Licensing Board finds a physician unable to practice following an examination and evaluation because of the reasons set forth in this Section, the Disciplinary Board or Licensing Board shall require such physician to submit to care, counseling, or treatment by physicians, or other health care professionals, approved or designated by the Disciplinary Board, as a condition for issued, continued, reinstated, or renewed licensure to practice. Any physician, whose license was granted pursuant to Sections 9, 17, or 19 of this Act, or, continued, reinstated, renewed, disciplined or supervised, subject to such terms, conditions or restrictions who shall fail to comply with such terms, conditions or restrictions, or to complete a required program of care, counseling, or treatment, as determined by the Chief Medical Coordinator or Deputy Medical Coordinators, shall be referred to the Secretary for a determination as to whether the licensee shall have their license suspended immediately, pending a hearing by the Disciplinary Board. In instances in which the Secretary immediately suspends a license under this Section, a hearing upon such person's license must be convened by the Disciplinary Board within 15 days after such suspension and completed.
without appreciable delay. The Disciplinary Board shall have the authority to review the subject physician's record of treatment and counseling regarding the impairment, to the extent permitted by applicable federal statutes and regulations safeguarding the confidentiality of medical records.

An individual licensed under this Act, affected under this Section, shall be afforded an opportunity to demonstrate to the Disciplinary Board that they can resume practice in compliance with acceptable and prevailing standards under the provisions of their license.

The Department may promulgate rules for the imposition of fines in disciplinary cases, not to exceed $10,000 for each violation of this Act. Fines may be imposed in conjunction with other forms of disciplinary action, but shall not be the exclusive disposition of any disciplinary action arising out of conduct resulting in death or injury to a patient. Any funds collected from such fines shall be deposited in the Medical Disciplinary Fund.

All fines imposed under this Section shall be paid within 60 days after the effective date of the order imposing the fine or in accordance with the terms set forth in the order imposing the fine.

(B) The Department shall revoke the license or permit issued under this Act to practice medicine or a chiropractic physician who has been convicted a second time of committing any felony under the Illinois Controlled Substances Act or the Methamphetamine Control and Community Protection Act, or who has been convicted a second time of committing a Class 1 felony under Sections 8A-3 and 8A-6 of the Illinois Public Aid Code. A person whose license or permit is revoked under this subsection B shall be prohibited from practicing medicine or treating human ailments without the use of drugs and without operative surgery.

(C) The Disciplinary Board shall recommend to the Department civil penalties and any other appropriate discipline in disciplinary cases when the Board finds that a physician willfully performed an abortion with actual knowledge that the person upon whom the abortion has been performed is a minor or an incompetent person without notice as required under the Parental Notice of Abortion Act of 1995. Upon the Board's recommendation, the Department shall impose, for the first violation, a civil penalty of $1,000 and for a second or subsequent violation, a civil penalty of $5,000.

(b) The Department may enter into agreements with the Illinois State Medical Society, the Illinois Association of Osteopathic Physicians and Surgeons, the Illinois Prairie State Chiropractic Association, or the Illinois Chiropractic Society to allow these organizations to assist the Disciplinary Board in the review of alleged violations of this Act. Subject to the approval of the Department, any organization party to such an agreement may subcontract with other individuals or organizations to assist in review.

(c) Any physician, association, society, or person participating in good faith in the making of a report under this Act or participating in or assisting with an investigation or review under this Act shall have immunity from any civil, criminal, or other liability that might result by reason of those actions.

(d) The medical information in the custody of an entity under contract with the Department participating in an investigation or review shall be privileged and confidential to the same extent as are information and reports under the provisions of Part 21 of Article VIII of the Code of Civil Procedure.

(e) Upon request by the Department after a mandatory report has been filed with the Department, an attorney for any party seeking to recover damages for injuries or death by reason of medical, hospital, or other healing art malpractice shall provide patient records related to the physician involved in the disciplinary proceeding to the Department within 30 days of the Department's request for use by the Department in any disciplinary matter under this Act. An attorney who provides patient records to the Department in accordance with this requirement shall not be deemed to have violated any attorney-client privilege. Notwithstanding any other provision of law, consent by a patient shall not be required for the provision of patient records in accordance with this requirement.

Sec. 33. Legend drugs.

(a) Any person licensed under this Act to practice medicine in all of its branches shall be authorized to purchase legend drugs requiring an order of a person authorized to prescribe drugs, and to dispense such legend drugs in the regular course of practicing medicine. The dispensing of such legend drugs shall be the personal act of the person licensed under this Act and may not be delegated to any other person not licensed under this Act or the Pharmacy Practice Act unless such delegated dispensing functions are under the direct supervision of the physician authorized to dispense legend drugs. Except when dispensing manufacturers' samples or other legend drugs in a maximum 72 hour supply, persons licensed under this Act shall maintain a book or file of prescriptions as required in the Pharmacy Practice Act. Any person licensed under this Act who dispenses any drug or medicine shall dispense such drug or medicine in good faith and shall affix to the box, bottle, vessel or package containing the same a label indicating (1) (a) the date on which such drug or medicine is dispensed; (2) (b) the name of the patient; (3) (c) the last name of the person dispensing such drug or medicine; (4) (d) the directions for use thereof; and (5) (e) the proprietary name or names or, if there are none, the established name or names of the drug or medicine, the dosage and quantity, except as otherwise authorized by regulation of the Department.

(b) The foregoing labeling requirements set forth in subsection (a) shall not apply to drugs or medicines in a package which bears a label of the manufacturer containing information describing its contents which is in compliance with requirements of the Federal Food, Drug, and Cosmetic Act and the Illinois Food, Drug, and Cosmetic Act. "Drug" and "medicine" have the meanings ascribed to them in the Pharmacy Practice Act, as now or hereafter amended; "good faith" has the meaning ascribed to it in subsection (u) (v) of Section 102 of the Illinois Controlled Substances Act, "Illinois Controlled Substances Act", approved August 16, 1971, as amended.

(c) Prior to dispensing a prescription to a patient, the physician shall offer a written prescription to the patient which the patient may elect to have filled by the physician or any licensed pharmacy.

(d) A violation of any provision of this Section shall constitute a violation of this Act and shall be grounds for disciplinary action provided for in this Act.

(e) Nothing in this Section shall be construed to authorize a chiropractic physician to prescribe drugs.

Sec. 36. Investigation; notice.

(a) Upon the motion of either the Department or the Disciplinary Board or upon the verified complaint in writing of any person setting forth facts which, if proven, would constitute grounds for suspension or revocation under Section 22 of this Act, the Department shall investigate the actions of any person, so accused, who holds or represents that they hold a license. Such person is hereinafter called the accused.

(b) The Department shall, before suspending, revoking, placing on probationary status, or taking any other disciplinary action as the Department may deem proper with regard to any license at least 30 days prior to the date set for the hearing, notify the accused in writing of any charges made and the time and place for a hearing of the charges before the Disciplinary Board, direct them to file their written answer thereto to the Disciplinary Board under oath within 20 days after the service on them of such notice and inform them that if they fail to file such answer default will be taken against them and their license may be suspended, revoked, placed on probationary status, or have other disciplinary action, including limiting the scope, nature or extent of their practice, as the Department may deem proper taken with regard thereto. The Department shall, at least 14 days prior to the date set for the hearing, notify in writing any person who filed a complaint against the accused of the time and place for the hearing of the charges against the accused before the Disciplinary Board and inform such person whether he or she may provide testimony at the hearing.

(c) Where a physician has been found, upon complaint and investigation of the Department, and after hearing, to have performed an abortion procedure in a wilful and wanton manner upon a woman who was not pregnant at the time such abortion procedure was performed, the Department shall automatically revoke the license of such physician to practice medicine in Illinois.

(d) Such written notice and any notice in such proceedings thereafter may be served by delivery of the same, personally, to the accused person, or by mailing the same by registered or certified mail to the accused person's address of record.

(e) All information gathered by the Department during its investigation including information subpoenaed under Section 23 or 38 of this Act and the investigative file shall be kept for the confidential use of the Secretary, Disciplinary Board, the Medical Coordinators, persons employed

Furthermore, information and documents disclosed to a federal, State, or local law enforcement agency may be used by that agency only for the investigation and prosecution of a criminal offense or, in the case of disclosure to a health care licensing body, only for investigations and disciplinary action proceedings with regard to a license issued by that licensing body.

Sec. 37. Disciplinary actions.
(a) At the time and place fixed in the notice, the Disciplinary Board provided for in this Act shall proceed to hear the charges, and the accused person shall be accorded ample opportunity to present in person, or by counsel, such statements, testimony, evidence and argument as may be pertinent to the charges or to any defense thereto. The Disciplinary Board may continue such hearing from time to time. If the Disciplinary Board is not sitting at the time and place fixed in the notice or at the time and place to which the hearing has been continued, the Department shall continue such hearing for a period not to exceed 30 days.

(b) In case the accused person, after receiving notice, fails to file an answer, their license may, in the discretion of the Secretary, having received first the recommendation of the Disciplinary Board, be suspended, revoked or placed on probationary status, or the Secretary may take whatever disciplinary action as he or she may deem proper, including limiting the scope, nature, or extent of said person's practice, without a hearing, if the act or acts charged constitute sufficient grounds for such action under this Act.

(c) The Disciplinary Board has the authority to recommend to the Secretary that probation be granted or that other disciplinary or non-disciplinary action, including the limitation of the scope, nature or extent of a person's practice, be taken as it deems proper. If disciplinary or non-
disciplinary action, other than suspension or revocation, is taken the Disciplinary Board may recommend that the Secretary impose reasonable limitations and requirements upon the accused registrant to insure compliance with the terms of the probation or other disciplinary action including, but not limited to, regular reporting by the accused to the Department of their actions, placing themselves under the care of a qualified physician for treatment, or limiting their practice in such manner as the Secretary may require.

(d) The Secretary, after consultation with the Chief Medical Coordinator or Deputy Medical Coordinator, may temporarily suspend the license of a physician without a hearing, simultaneously with the institution of proceedings for a hearing provided under this Section if the Secretary finds that evidence in his or her possession indicates that a physician's continuation in practice would constitute an immediate danger to the public. In the event that the Secretary suspends, temporarily, the license of a physician without a hearing, a hearing by the Disciplinary Board shall be held within 15 days after such suspension has occurred and shall be concluded without appreciable delay.

The use of such records shall be restricted to members of the Disciplinary Board, the medical coordinators, and appropriate staff of the Department designated by the Disciplinary Board for the purpose of determining the existence of one or more grounds for discipline of the physician as provided for by Section 22 of this Act. Any such review of individual patients' records shall be conducted by the Disciplinary Board in strict confidentiality, provided that such patient records shall be admissible in a disciplinary hearing, before the Disciplinary Board, when necessary to substantiate the grounds for discipline alleged against the physician licensed under this Act, and provided further, that nothing herein shall be deemed to supersede the provisions of Part 21 of Article VIII of the "Code of Civil Procedure", as now or hereafter amended, to the extent applicable.  

(c) The Secretary, and any member of the Disciplinary Board each have power to administer oaths at any hearing which the Disciplinary Board or Department is authorized by law to conduct.  

(d) The Disciplinary Board, upon a determination that probable cause exists that a violation of one or more of the grounds for discipline listed in Section 22 has occurred or is occurring on the business premises of a physician licensed under this Act, may issue an order authorizing an appropriately qualified investigator employed by the Department to enter upon the business premises with due consideration for patient care of the subject of the investigation so as to inspect the physical premises and equipment and furnishings therein. No such order shall include the right of inspection of business, medical, or personnel records located on the premises. For purposes of this Section, "business premises" is defined as the office or offices where the physician conducts the practice of medicine. them shall not be counted as part of such 20 days.

(b) At the expiration of the time allowed for filing a motion for

Disciplinary Board. Upon the suspension, revocation, placement on
probationary status, or the taking of any other disciplinary action, including
the limiting of the scope, nature, or extent of one's practice, deemed proper
by the Department, with regard to the license or certificate or visiting
professor permit, the accused shall surrender their license or permit to the
Department, if ordered to do so by the Department, and upon their failure or
refusal so to do, the Department may seize the same.

(c) Each certificate of order of revocation, suspension, or other

permanent record by the Disciplinary Board and the Secretary.

lists shall be available by the Department on its website.

(e) In those instances where an order of revocation, suspension, or
other disciplinary action has been rendered by virtue of a physician's physical
illness, including, but not limited to, deterioration through the aging process,
or loss of motor skill which results in a physician's inability to practice
medicine with reasonable judgment, skill, or safety, the Department shall

Exhibits shall be certified without cost. Failure on the part of the plaintiff to file a receipt in court shall be grounds for dismissal of the action. Section 99. Effective date. This Act takes effect upon becoming law.
Passed in the General Assembly December 4, 2014.
Approved December 30, 2014.
Effective December 30, 2014.

PUBLIC ACT 98-1141
(Senate Bill No. 0803)

AN ACT concerning children.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Abused and Neglected Child Reporting Act is amended by changing Section 7.4 as follows:

(325 ILCS 5/7.4) (from Ch. 23, par. 2057.4)

Sec. 7.4. (a) The Department shall be capable of receiving reports of suspected child abuse or neglect 24 hours a day, 7 days a week. Whenever the Department receives a report alleging that a child is a truant as defined in Section 26-2a of The School Code, as now or hereafter amended, the Department shall notify the superintendent of the school district in which the child resides and the appropriate superintendent of the educational service region. The notification to the appropriate officials by the Department shall not be considered an allegation of abuse or neglect under this Act.

(a-5) Beginning January 1, 2010, the Department of Children and Family Services may implement a 5-year demonstration of a "differential response program" in accordance with criteria, standards, and procedures prescribed by rule. The program may provide that, upon receiving a report, the Department shall determine whether to conduct a family assessment or an investigation as appropriate to prevent or provide a remedy for child abuse or neglect.

For purposes of this subsection (a-5), "family assessment" means a comprehensive assessment of child safety, risk of subsequent child maltreatment, and family strengths and needs that is applied to a child maltreatment report that does not allege substantial child endangerment. "Family assessment" does not include a determination as to whether child maltreatment occurred but does determine the need for services to address the safety of family members and the risk of subsequent maltreatment.

For purposes of this subsection (a-5), "investigation" means fact-gathering related to the current safety of a child and the risk of subsequent abuse or neglect that determines whether a report of suspected child abuse or neglect should be indicated or unfounded and whether child protective services are needed.

Under the "differential response program" implemented under this subsection (a-5), the Department:

1. Shall conduct an investigation on reports involving substantial child abuse or neglect.

2. Shall begin an immediate investigation if, at any time when it is using a family assessment response, it determines that there is reason to believe that substantial child abuse or neglect or a serious threat to the child's safety exists.

3. May conduct a family assessment for reports that do not allege substantial child endangerment. In determining that a family assessment is appropriate, the Department may consider issues including, but not limited to, child safety, parental cooperation, and the need for an immediate response.

4. Shall promulgate criteria, standards, and procedures that shall be applied in making this determination, taking into consideration the Child Endangerment Risk Assessment Protocol of the Department.

5. May conduct a family assessment on a report that was initially screened and assigned for an investigation.

New matter indicated by italics - deletions by strikeout
In determining that a complete investigation is not required, the Department must document the reason for terminating the investigation and notify the local law enforcement agency or the Department of State Police if the local law enforcement agency or Department of State Police is conducting a joint investigation.

Once it is determined that a "family assessment" will be implemented, the case shall not be reported to the central register of abuse and neglect reports.

During a family assessment, the Department shall collect any available and relevant information to determine child safety, risk of subsequent abuse or neglect, and family strengths.

Information collected includes, but is not limited to, when relevant: information with regard to the person reporting the alleged abuse or neglect, including the nature of the reporter's relationship to the child and to the alleged offender, and the basis of the reporter's knowledge for the report; the child allegedly being abused or neglected; the alleged offender; the child's caretaker; and other collateral sources having relevant information related to the alleged abuse or neglect. Information relevant to the assessment must be asked for, and may include:

(A) The child's sex and age, prior reports of abuse or neglect, information relating to developmental functioning, credibility of the child's statement, and whether the information provided under this paragraph (A) is consistent with other information collected during the course of the assessment or investigation.

(B) The alleged offender's age, a record check for prior reports of abuse or neglect, and criminal charges and convictions. The alleged offender may submit supporting documentation relevant to the assessment.

(C) Collateral source information regarding the alleged abuse or neglect and care of the child. Collateral information includes, when relevant: (i) a medical examination of the child; (ii) prior medical records relating to the alleged maltreatment or care of the child maintained by any facility, clinic, or health care professional, and an interview with the treating professionals; and (iii) interviews with the child's caretakers, including the child's parent, guardian, foster parent, child care provider, teachers, counselors, family members, relatives, and other persons who may have knowledge regarding the alleged maltreatment and the care of the child.

New matter indicated by italics - deletions by strikeout
(D) Information on the existence of domestic abuse and violence in the home of the child, and substance abuse. Nothing in this subsection (a-5) precludes the Department from collecting other relevant information necessary to conduct the assessment or investigation. Nothing in this subsection (a-5) shall be construed to allow the name or identity of a reporter to be disclosed in violation of the protections afforded under Section 7.19 of this Act.

After conducting the family assessment, the Department shall determine whether services are needed to address the safety of the child and other family members and the risk of subsequent abuse or neglect.

Upon completion of the family assessment, if the Department concludes that no services shall be offered, then the case shall be closed. If the Department concludes that services shall be offered, the Department shall develop a family preservation plan and offer or refer services to the family.

At any time during a family assessment, if the Department believes there is any reason to stop the assessment and conduct an investigation based on the information discovered, the Department shall do so.

The procedures available to the Department in conducting investigations under this Act shall be followed as appropriate during a family assessment.

The Department shall arrange for an independent evaluation of the "differential response program" authorized and implemented under this subsection (a-5) to determine whether it is meeting the goals in accordance with Section 2 of this Act. The Department may adopt administrative rules necessary for the execution of this Section, in accordance with Section 4 of the Children and Family Services Act.

The demonstration conducted under this subsection (a-5) shall become a permanent program on July 1, 2016 January 1, 2015, upon completion of the demonstration project period.

(b) (1) The following procedures shall be followed in the investigation of all reports of suspected abuse or neglect of a child, except as provided in subsection (c) of this Section.

(2) If, during a family assessment authorized by subsection (a-5) or an investigation, it appears that the immediate safety or well-being of a child is endangered, that the family may flee or the child disappear, or that the facts otherwise so warrant, the Child Protective Service Unit shall commence an investigation immediately, regardless of the time of day or night. All other investigations shall be commenced within 24 hours of receipt of the report. Upon receipt of

New matter indicated by italics - deletions by strikeout
a report, the Child Protective Service Unit shall conduct a family assessment authorized by subsection (a-5) or begin an initial investigation and make an initial determination whether the report is a good faith indication of alleged child abuse or neglect.

(3) Based on an initial investigation, if the Unit determines the report is a good faith indication of alleged child abuse or neglect, then a formal investigation shall commence and, pursuant to Section 7.12 of this Act, may or may not result in an indicated report. The formal investigation shall include: direct contact with the subject or subjects of the report as soon as possible after the report is received; an evaluation of the environment of the child named in the report and any other children in the same environment; a determination of the risk to such children if they continue to remain in the existing environments, as well as a determination of the nature, extent and cause of any condition enumerated in such report; the name, age and condition of other children in the environment; and an evaluation as to whether there would be an immediate and urgent necessity to remove the child from the environment if appropriate family preservation services were provided. After seeing to the safety of the child or children, the Department shall forthwith notify the subjects of the report in writing, of the existence of the report and their rights existing under this Act in regard to amendment or expungement. To fulfill the requirements of this Section, the Child Protective Service Unit shall have the capability of providing or arranging for comprehensive emergency services to children and families at all times of the day or night.

(4) If (i) at the conclusion of the Unit's initial investigation of a report, the Unit determines the report to be a good faith indication of alleged child abuse or neglect that warrants a formal investigation by the Unit, the Department, any law enforcement agency or any other responsible agency and (ii) the person who is alleged to have caused the abuse or neglect is employed or otherwise engaged in an activity resulting in frequent contact with children and the alleged abuse or neglect are in the course of such employment or activity, then the Department shall, except in investigations where the Director determines that such notification would be detrimental to the Department's investigation, inform the appropriate supervisor or administrator of that employment or activity that the Unit has commenced a formal investigation pursuant to this Act, which may

New matter indicated by italics - deletions by strikeout
or may not result in an indicated report. The Department shall also notify the person being investigated, unless the Director determines that such notification would be detrimental to the Department's investigation.

(c) In an investigation of a report of suspected abuse or neglect of a child by a school employee at a school or on school grounds, the Department shall make reasonable efforts to follow the following procedures:

(1) Investigations involving teachers shall not, to the extent possible, be conducted when the teacher is scheduled to conduct classes. Investigations involving other school employees shall be conducted so as to minimize disruption of the school day. The school employee accused of child abuse or neglect may have his superior, his association or union representative and his attorney present at any interview or meeting at which the teacher or administrator is present. The accused school employee shall be informed by a representative of the Department, at any interview or meeting, of the accused school employee's due process rights and of the steps in the investigation process. The information shall include, but need not necessarily be limited to the right, subject to the approval of the Department, of the school employee to confront the accuser, if the accuser is 14 years of age or older, or the right to review the specific allegations which gave rise to the investigation, and the right to review all materials and evidence that have been submitted to the Department in support of the allegation. These due process rights shall also include the right of the school employee to present countervailing evidence regarding the accusations.

(2) If a report of neglect or abuse of a child by a teacher or administrator does not involve allegations of sexual abuse or extreme physical abuse, the Child Protective Service Unit shall make reasonable efforts to conduct the initial investigation in coordination with the employee's supervisor.

If the Unit determines that the report is a good faith indication of potential child abuse or neglect, it shall then commence a formal investigation under paragraph (3) of subsection (b) of this Section.

(3) If a report of neglect or abuse of a child by a teacher or administrator involves an allegation of sexual abuse or extreme physical abuse, the Child Protective Unit shall commence an investigation under paragraph (2) of subsection (b) of this Section.

PUBLIC ACT 98-1143
(Senate Bill No. 1740)

AN ACT concerning revenue.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Property Tax Code is amended by changing Section 9-275 as follows:
(35 ILCS 200/9-275)
Sec. 9-275. Erroneous homestead exemptions.
(a) For purposes of this Section:
"Erroneous homestead exemption" means a homestead exemption that was granted for real property in a taxable year if the property was not eligible for that exemption in that taxable year. If the taxpayer receives an
erroneous homestead exemption under a single Section of this Code for
the same property in multiple years, that exemption is considered a single
erroneous homestead exemption for purposes of this Section. However, if
the taxpayer receives erroneous homestead exemptions under multiple
Sections of this Code for the same property, or if the taxpayer receives
erroneous homestead exemptions under the same Section of this Code for
multiple properties, then each of those exemptions is considered a separate
erroneous homestead exemption for purposes of this Section.

"Erroneous exemption principal amount" means the total difference
between the property taxes actually billed to a property index number and
the amount of property taxes that would have been billed but for the
erroneous exemption or exemptions amount of property tax principal that
would have been billed to a property index number but for the erroneous
homestead exemption or exemptions a taxpayer received.

"Taxpayer" means the property owner or leasehold owner that
erroneously received a homestead exemption upon property.

(b) Notwithstanding any other provision of law, in counties with
3,000,000 or more inhabitants, the chief county assessment officer shall
include the following information with each assessment notice sent in a
general assessment year: (1) a list of each homestead exemption available
under Article 15 of this Code and a description of the eligibility criteria for
that exemption; (2) a list of each homestead exemption applied to the
property in the current assessment year; (3) information regarding
penalties and interest that may be incurred under this Section if the
taxpayer property owner received an erroneous homestead exemption in a
previous taxable year; and (4) notice of the 60-day grace period available
under this subsection. If, within 60 days after receiving his or her
assessment notice, the taxpayer property owner notifies the chief county
assessment officer that he or she received an erroneous homestead exemption in a previous taxable assessment year, and if the taxpayer property owner pays the erroneous exemption principal amount, plus interest as provided in subsection (f), then the taxpayer property owner
shall not be liable for the penalties provided in subsection (f) with respect to that exemption.

(c) In counties with 3,000,000 or more inhabitants, when the chief county assessment officer determines that one or more erroneous homestead exemptions was applied to the property, the erroneous exemption principal amount, together with all applicable interest and penalties as provided in subsections (f) and (j), shall constitute a lien in the name of the People of Cook County on the property receiving the erroneous homestead exemption. Upon becoming aware of the existence of one or more erroneous homestead exemptions, the chief county assessment officer shall cause to be served, by both regular mail and certified mail, a notice of discovery as set forth in subsection (c-5). The chief county assessment officer in a county with 3,000,000 or more inhabitants may cause a lien to be recorded against property that (1) is located in the county and (2) received one or more erroneous homestead exemptions if, upon determination of the chief county assessment officer, the taxpayer property owner received: (A) one or 2 erroneous homestead exemptions for real property, including at least one erroneous homestead exemption granted for the property against which the lien is sought, during any of the 3 collection assessment years immediately prior to the current collection assessment year in which the notice of discovery intent to record a lien is served; or (B) 3 or more erroneous homestead exemptions for real property, including at least one erroneous homestead exemption granted for the property against which the lien is sought, during any of the 6 collection assessment years immediately prior to the current collection assessment year in which the notice of discovery intent to record a lien is served. Prior to recording the lien against the property, the chief county assessment officer shall cause to be served, by both regular mail and certified mail, return receipt requested, on the person to whom the most recent tax bill was mailed and the owner of record, a notice of intent to record a lien against the property. The chief county assessment officer shall cause the notice of intent to record a lien to be served within 3 years from the date on which the notice of discovery was served.

(c-5) The notice of discovery described in subsection (c) shall: (1) identify, by property index number, the property for which the chief county assessment officer has knowledge indicating the existence of an erroneous homestead exemption; (2) set forth the taxpayer's liability for principal, interest, penalties, and administrative costs including, but not limited to, recording fees described in subsection (f); (3) inform the taxpayer that he

or she will be served with a notice of intent to record a lien within 3 years from the date of service of the notice of discovery; and (4) inform the taxpayer that he or she may pay the outstanding amount, plus interest, penalties, and administrative costs at any time prior to being served with the notice of intent to record a lien or within 30 days after the notice of intent to record a lien is served.

(d) The notice of intent to record a lien described in subsection (c) shall: (1) identify, by property index number, the property against which the lien is being sought; (2) identify each specific homestead exemption that was erroneously granted and the year or years in which each exemption was granted; (3) set forth the erroneous exemption principal amount due and the interest amount and any penalty and administrative costs due; (4) inform the taxpayer that he or she may request a hearing within 30 days after service and may appeal the hearing officer's ruling to the circuit court; and (5) inform the taxpayer that he or she may pay the erroneous exemption principal amount, plus interest and penalties, within 30 days after service; and (6) inform the taxpayer that, if the lien is recorded against the property, the amount of the lien will be adjusted to include the applicable recording fee and that fees for recording a release of the lien shall be incurred by the taxpayer. A lien shall not be filed pursuant to this Section if the taxpayer properties owner pays the erroneous exemption principal amount, plus penalties and interest, within 30 days of service of the notice of intent to record a lien.

(e) The notice of intent to record a lien shall also include a form that the taxpayer properties owner may return to the chief county assessment officer to request a hearing. The taxpayer properties owner may request a hearing by returning the form within 30 days after service. The hearing shall be held within 90 days after the taxpayer properties owner is served. The chief county assessment officer shall promulgate rules of service and procedure for the hearing. The chief county assessment officer must generally follow rules of evidence and practices that prevail in the county circuit courts, but, because of the nature of these proceedings, the chief county assessment officer is not bound by those rules in all particulars. The chief county assessment officer shall appoint a hearing officer to oversee the hearing. The taxpayer properties owner shall be allowed to present evidence to the hearing officer at the hearing. After taking into consideration all the relevant testimony and evidence, the hearing officer shall make an administrative decision on whether the taxpayer properties owner was erroneously granted a homestead exemption for the taxable

New matter indicated by italics - deletions by strikeout
assessment year in question. The taxpayer property owner may appeal the hearing officer's ruling to the circuit court of the county where the property is located as a final administrative decision under the Administrative Review Law.

(f) A lien against the property imposed under this Section shall be filed with the county recorder of deeds, but may not be filed sooner than 60 days after the notice of intent to record a lien was delivered to the taxpayer property owner if the taxpayer property owner does not request a hearing, or until the conclusion of the hearing and all appeals if the taxpayer property owner does request a hearing. If a lien is filed pursuant to this Section and the taxpayer property owner received one or 2 erroneous homestead exemptions during any of the 3 collection assessment years immediately prior to the current collection assessment year in which the notice of discovery intent to record a lien is served, then the erroneous exemption principal amount, plus 10% interest per annum or portion thereof from the date the erroneous exemption principal amount would have become due if properly included in the tax bill, shall be charged against the property by the chief county assessment officer. However, if a lien is filed pursuant to this Section and the taxpayer property owner received 3 or more erroneous homestead exemptions during any of the 6 collection assessment years immediately prior to the current collection assessment year in which the notice of discovery intent to record a lien is served, the erroneous exemption principal amount, plus a penalty of 50% of the total amount of the erroneous exemption principal amount for that property and 10% interest per annum or portion thereof from the date the erroneous exemption principal amount would have become due if properly included in the tax bill, shall be charged against the property by the chief county assessment officer. If a lien is filed pursuant to this Section, the taxpayer shall not be liable for interest that accrues between the date the notice of discovery is served and the date the lien is filed. Before recording the lien with the county recorder of deeds, the chief county assessment officer shall adjust the amount of the lien to add administrative costs, including but not limited to the applicable recording fee, to the total lien amount.

(g) If a person received an erroneous homestead exemption under Section 15-170 and: (1) the person was the spouse, child, grandchild, brother, sister, niece, or nephew of the previous taxpayer property owner; and (2) the person received the property by bequest or inheritance; then the person is not liable for the penalties imposed under this Section for any

New matter indicated by italics - deletions by strikeout
year or years during which the chief county assessment officer did not require an annual application for the exemption. However, that person is responsible for any interest owed under subsection (f).

(h) If the erroneous homestead exemption was granted as a result of a clerical error or omission on the part of the chief county assessment officer, and if the taxpayer property owner has paid the tax bills as received for the year in which the error occurred, then the interest and penalties authorized by this Section with respect to that homestead exemption shall not be chargeable to the taxpayer property owner. However, nothing in this Section shall prevent the collection of the erroneous exemption principal amount due and owing.

(i) A lien under this Section is not valid as to (1) any bona fide purchaser for value without notice of the erroneous homestead exemption whose rights in and to the underlying parcel arose after the erroneous homestead exemption was granted but before the filing of the notice of lien; or (2) any mortgagee, judgment creditor, or other lienor whose rights in and to the underlying parcel arose before the filing of the notice of lien. A title insurance policy for the property that is issued by a title company licensed to do business in the State showing that the property is free and clear of any liens imposed under this Section shall be prima facie evidence that the taxpayer property owner is without notice of the erroneous homestead exemption. Nothing in this Section shall be deemed to impair the rights of subsequent creditors and subsequent purchasers under Section 30 of the Conveyances Act.

(j) When a lien is filed against the property pursuant to this Section, the chief county assessment officer shall mail a copy of the lien to the person to whom the most recent tax bill was mailed and to the owner of record, and the outstanding liability created by such a lien is due and payable within 30 days after the mailing of the lien by the chief county assessment officer. This liability is deemed delinquent and shall bear interest beginning on the day after the due date at a rate of 1.5% per month or portion thereof. Payment shall be made to the county treasurer. Upon receipt of the full amount due, as determined by the chief county assessment officer, the county treasurer shall distribute the amount paid as provided in subsection (k). Upon presentment by the taxpayer property owner to the chief county assessment officer of proof of payment of the total liability, the chief county assessment officer shall provide in reasonable form a release of the lien. The release of the lien provided shall clearly inform the taxpayer that it is the responsibility of the taxpayer to

New matter indicated by italics - deletions by strikeout
record the lien release form with the county recorder of deeds and to pay any applicable recording fees. This liability is deemed delinquent and shall bear interest beginning on the day after the due date at a rate of 1.5% per month or portion thereof.

(k) The county treasurer shall pay collected erroneous exemption principal amounts, pro rata, to the taxing districts, or their legal successors, levied upon the subject property in the taxable assessment year or years for which the erroneous homestead exemptions were granted, except as set forth in this Section. The county treasurer shall pay collected interest to the county where the property is located. The county treasurer shall deposit collected penalties and interest into a special fund established by the county treasurer to offset the costs of administration of the provisions of this Section amendatory Act of the 98th General Assembly by the chief county assessment officer's office, as appropriated by the county board. If the costs of administration of this Section exceed the amount of interest and penalties collected in the special fund, the chief county assessor shall be reimbursed by each taxing district or their legal successors for those costs. Such costs shall be paid out of the funds collected by the county treasurer on behalf of each taxing district pursuant to this Section.

(l) The chief county assessment officer in a county with 3,000,000 or more inhabitants shall establish an amnesty period for all taxpayers owing any tax due to an erroneous homestead exemption granted in a tax year prior to the 2013 tax year. The amnesty period shall begin on the effective date of this amendatory Act of the 98th General Assembly and shall run through December 31, 2013. If, during the amnesty period, the taxpayer pays the entire arrearage of taxes due for tax years prior to 2013, the county clerk shall abate and not seek to collect any interest or penalties that may be applicable and shall not seek civil or criminal prosecution for any taxpayer for tax years prior to 2013. Failure to pay all such taxes due during the amnesty period established under this Section shall invalidate the amnesty period for that taxpayer.

The chief county assessment officer in a county with 3,000,000 or more inhabitants shall (i) mail notice of the amnesty period with the tax bills for the second installment of taxes for the 2012 assessment year and (ii) as soon as possible after the effective date of this amendatory Act of the 98th General Assembly, publish notice of the amnesty period in a newspaper of general circulation in the county. Notices shall include information on the amnesty period, its purpose, and the method by which to make payment.

New matter indicated by italics - deletions by strikeout
Taxpayers who are a party to any criminal investigation or to any civil or criminal litigation that is pending in any circuit court or appellate court, or in the Supreme Court of this State, for nonpayment, delinquency, or fraud in relation to any property tax imposed by any taxing district located in the State on the effective date of this amendatory Act of the 98th General Assembly may not take advantage of the amnesty period.

A taxpayer who has claimed 3 or more homestead exemptions in error shall not be eligible for the amnesty period established under this subsection.

PUBLIC ACT 98-1144
(Senate Bill No. 2887)

AN ACT concerning public employee benefits.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Pension Code is amended by changing Section 15-139.5 as follows:

(40 ILCS 5/15-139.5)
Sec. 15-139.5. Return to work by affected annuitant; notice and contribution by employer.
(a) An employer who employs or re-employs a person receiving a retirement annuity from the System in an academic year beginning on or after August 1, 2013 must notify the System of that employment within 60 days after employing the annuitant. The notice must include a summary of the contract of employment or specify the rate of compensation and the anticipated length of employment of that annuitant. The notice must specify whether the annuitant will be compensated from federal, corporate, foundation, or trust funds or grants of State funds that identify the principal investigator by name. The notice must include the employer's determination of whether or not the annuitant is an "affected annuitant" as defined in subsection (b).

New matter indicated by italics - deletions by strikeout
The employer must also record, document, and certify to the System (i) the amount of compensation paid to the annuitant for employment during the academic year, and (ii) the amount of that compensation, if any, that comes from either federal, corporate, foundation, or trust funds or grants of State funds that identify the principal investigator by name.

As used in this Section, "academic year" means the 12-month period beginning September 1.

For the purposes of this Section, an annuitant whose employment by an employer extends over more than one academic year shall be deemed to be re-employed by that employer in each of those academic years.

The System may specify the time, form, and manner of providing the determinations, notifications, certifications, and documentation required under this Section.

(b) A person receiving a retirement annuity from the System becomes an "affected annuitant" on the first day of the academic year following the academic year in which the annuitant first meets the following conditions:

1. (Blank).

2. While receiving a retirement annuity under this Article, the annuitant was employed on or after August 1, 2013 by one or more employers under this Article and received or became entitled to receive during an academic year compensation for that employment in excess of 40% of his or her highest annual earnings prior to retirement; except that compensation paid from federal, corporate, foundation, or trust funds or grants of State funds that identify the principal investigator by name is excluded.

3. The annuitant received an annualized retirement annuity under this Article of at least $10,000.

A person who becomes an affected annuitant remains an affected annuitant, except for any period during which the person returns to active service and does not receive a retirement annuity from the System.

(c) It is the obligation of the employer to determine whether an annuitant is an affected annuitant before employing the annuitant. For that purpose the employer may require the annuitant to disclose and document his or her relevant prior employment and earnings history. Failure of the employer to make this determination correctly and in a timely manner or to include this determination with the notification required under subsection

New matter indicated by italics - deletions by strikeout
(a) does not excuse the employer from making the contribution required under subsection (e).

The System may assist the employer in determining whether a person is an affected annuitant. The System shall inform the employer if it discovers that the employer's determination is inconsistent with the employment and earnings information in the System's records.

(d) Upon the request of an annuitant, the System shall certify to the annuitant or the employer the following information as reported by the employers, as that information is indicated in the records of the System: (i) the annuitant's highest annual earnings prior to retirement, (ii) the compensation paid for that employment in each academic year, and (iii) whether any of that employment or compensation has been certified to the System as being paid from federal, corporate, foundation, or trust funds or grants of State funds that identify the principal investigator by name. The System shall only be required to certify information that is received from the employers.

(e) In addition to the requirements of subsection (a), an employer who employs an affected annuitant must pay to the System an employer contribution in the amount and manner provided in this Section, unless the annuitant is compensated by that employer solely from federal, corporate, foundation, or trust funds or grants of State funds that identify the principal investigator by name.

The employer contribution required under this Section for employment of an affected annuitant in an academic year shall be equal to 12 times the amount of the gross monthly retirement annuity payable to the annuitant for the month in which the first paid day of that employment in that academic year occurs, after any reduction in that annuity that may be imposed under subsection (b) of Section 15-139.

If an affected annuitant is employed by more than one employer in an academic year, the employer contribution required under this Section shall be divided among those employers in proportion to their respective portions of the total compensation paid to the affected annuitant for that employment during that academic year.

If the System determines that an employer, without reasonable justification, has failed to make the determination of affected annuitant status correctly and in a timely manner, or has failed to notify the System or to correctly document or certify to the System any of the information required by this Section, and that failure results in a delayed determination by the System that a contribution is payable under this Section, then the

New matter indicated by italics - deletions by strikeout
amount of that employer's contribution otherwise determined under this Section shall be doubled.

The System shall deem a failure to correctly determine the annuitant's status to be justified if the employer establishes to the System's satisfaction that the employer, after due diligence, made an erroneous determination that the annuitant was not an affected annuitant due to reasonable reliance on false or misleading information provided by the annuitant or another employer, or an error in the annuitant's official employment or earnings records.

(f) Whenever the System determines that an employer is liable for a contribution under this Section, it shall so notify the employer and certify the amount of the contribution. The employer may pay the required contribution without interest at any time within one year after receipt of the certification. If the employer fails to pay within that year, then interest shall be charged at a rate equal to the System's prescribed rate of interest, compounded annually from the 366th day after receipt of the certification from the System. Payment must be concluded within 2 years after receipt of the certification by the employer. If the employer fails to make complete payment, including applicable interest, within 2 years, then the System may, after giving notice to the employer, certify the delinquent amount to the State Comptroller, and the Comptroller shall thereupon deduct the certified delinquent amount from State funds payable to the employer and pay them instead to the System.

(g) If an employer is required to make a contribution to the System as a result of employing an affected annuitant and the annuitant later elects to forgo his or her annuity in that same academic year pursuant to subsection (c) of Section 15-139, then the required contribution by the employer shall be waived, and if the contribution has already been paid, it shall be refunded to the employer without interest.

(h) Notwithstanding any other provision of this Article, the employer contribution required under this Section shall not be included in the determination of any benefit under this Article or any other Article of this Code, regardless of whether the annuitant returns to active service, and is in addition to any other State or employer contribution required under this Article.

(i) Notwithstanding any other provision of this Section to the contrary, if an employer employs an affected annuitant in order to continue critical operations in the event of either an employee's unforeseen illness, accident, or death or a catastrophic incident or disaster, then, for one and

New matter indicated by italics - deletions by strikeout
only one academic year, the employer is not required to pay the contribution set forth in this Section for that annuitant. The employer shall, however, immediately notify the System upon employing a person subject to this subsection (i). For the purposes of this subsection (i), "critical operations" means teaching services, medical services, student welfare services, and any other services that are critical to the mission of the employer.

(j) This Section shall be applied and coordinated with the regulatory obligations contained in the State Universities Civil Service Act. This Section shall not apply to an annuitant if the employer of that annuitant provides documentation to the System that (1) the annuitant is employed in a status appointment position, as that term is defined in 80 Ill. Adm. Code 250.80, and (2) due to obligations contained under the State Universities Civil Service Act, the employer does not have the ability to limit the earnings or duration of employment for the annuitant while employed in the status appointment position.

PUBLIC ACT 98-1145
(Senate Bill No. 2905)

AN ACT concerning revenue.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Property Tax Code is amended by changing Sections 15-165 and 15-169 as follows:

(35 ILCS 200/15-165)

Sec. 15-165. Disabled veterans. Property up to an assessed value of $100,000 $70,000, owned and used exclusively by a disabled veteran, or the spouse or unmarried surviving spouse of the veteran, as a home, is exempt. As used in this Section, a disabled veteran means a person who has served in the Armed Forces of the United States and whose disability is of such a nature that the Federal Government has authorized payment for purchase or construction of Specially Adapted Housing as set forth in the United States Code, Title 38, Chapter 21, Section 2101.

New matter indicated by italics - deletions by strikeout
The exemption applies to housing where Federal funds have been used to purchase or construct special adaptations to suit the veteran's disability.

The exemption also applies to housing that is specially adapted to suit the veteran's disability, and purchased entirely or in part by the proceeds of a sale, casualty loss reimbursement, or other transfer of a home for which the Federal Government had previously authorized payment for purchase or construction as Specially Adapted Housing.

However, the entire proceeds of the sale, casualty loss reimbursement, or other transfer of that housing shall be applied to the acquisition of subsequent specially adapted housing to the extent that the proceeds equal the purchase price of the subsequently acquired housing.

Beginning with the 2015 tax year, the exemption also applies to housing that is specifically constructed or adapted to suit a qualifying veteran's disability if the housing or adaptations are donated by a charitable organization, the veteran has been approved to receive funds for the purchase or construction of Specially Adapted Housing under Title 38, Chapter 21, Section 2101 of the United States Code, and the home has been inspected and certified by a licensed home inspector to be in compliance with applicable standards set forth in U.S. Department of Veterans Affairs, Veterans Benefits Administration Pamphlet 26-13 Handbook for Design of Specially Adapted Housing.

For purposes of this Section, "charitable organization" means any benevolent, philanthropic, patriotic, or eleemosynary entity that solicits and collects funds for charitable purposes and includes each local, county, or area division of that charitable organization.

For purposes of this Section, "unmarried surviving spouse" means the surviving spouse of the veteran at any time after the death of the veteran during which such surviving spouse is not married.

This exemption must be reestablished on an annual basis by certification from the Illinois Department of Veterans' Affairs to the Department, which shall forward a copy of the certification to local assessing officials.

A taxpayer who claims an exemption under Section 15-168 or 15-169 may not claim an exemption under this Section.

(35 ILCS 200/15-169)

Sec. 15-169. Disabled veterans standard homestead exemption.

New matter indicated by italics - deletions by strikeout
(a) Beginning with taxable year 2007, an annual homestead exemption, limited to the amounts set forth in subsection (b), is granted for property that is used as a qualified residence by a disabled veteran.

(b) The amount of the exemption under this Section is as follows:

(1) for veterans with a service-connected disability of at least (i) 75% for exemptions granted in taxable years 2007 through 2009 and (ii) 70% for exemptions granted in taxable year 2010 and each taxable year thereafter, as certified by the United States Department of Veterans Affairs, the annual exemption is $5,000; and

(2) for veterans with a service-connected disability of at least 50%, but less than (i) 75% for exemptions granted in taxable years 2007 through 2009 and (ii) 70% for exemptions granted in taxable year 2010 and each taxable year thereafter, as certified by the United States Department of Veterans Affairs, the annual exemption is $2,500.

(b-5) If a homestead exemption is granted under this Section and the person awarded the exemption subsequently becomes a resident of a facility licensed under the Nursing Home Care Act or a facility operated by the United States Department of Veterans Affairs, then the exemption shall continue (i) so long as the residence continues to be occupied by the qualifying person's spouse or (ii) if the residence remains unoccupied but is still owned by the person who qualified for the homestead exemption.

(c) The tax exemption under this Section carries over to the benefit of the veteran's surviving spouse as long as the spouse holds the legal or beneficial title to the homestead, permanently resides thereon, and does not remarry. If the surviving spouse sells the property, an exemption not to exceed the amount granted from the most recent ad valorem tax roll may be transferred to his or her new residence as long as it is used as his or her primary residence and he or she does not remarry.

(c-1) Beginning with taxable year 2015, nothing in this Section shall require the veteran to have qualified for or obtained the exemption before death if the veteran was killed in the line of duty.

(d) The exemption under this Section applies for taxable year 2007 and thereafter. A taxpayer who claims an exemption under Section 15-165 or 15-168 may not claim an exemption under this Section.

(e) Each taxpayer who has been granted an exemption under this Section must reapply on an annual basis. Application must be made during the application period in effect for the county of his or her residence. The
assessor or chief county assessment officer may determine the eligibility of residential property to receive the homestead exemption provided by this Section by application, visual inspection, questionnaire, or other reasonable methods. The determination must be made in accordance with guidelines established by the Department.

(f) For the purposes of this Section:
"Qualified residence" means real property, but less any portion of that property that is used for commercial purposes, with an equalized assessed value of less than $250,000 that is the disabled veteran's primary residence. Property rented for more than 6 months is presumed to be used for commercial purposes.

"Veteran" means an Illinois resident who has served as a member of the United States Armed Forces on active duty or State active duty, a member of the Illinois National Guard, or a member of the United States Reserve Forces and who has received an honorable discharge.

(a) Beginning on January 1, 2004, a mobile home owned and used exclusively by a disabled veteran or the spouse or unmarried surviving spouse of the veteran as a home, is exempt from the tax imposed under this Act.

Beginning with the 2015 tax year, the exemption also applies to housing that is specifically constructed or adapted to suit a qualifying veteran's disability if the housing or adaptations are donated by a charitable organization, the veteran has been approved to receive funds for the purchase or construction of Specially Adapted Housing under Title 38, Chapter 21, Section 2101 of the United States Code, and the home has been inspected and certified by a licensed home inspector to be in compliance with applicable standards set forth in U.S. Department of Veterans Affairs, Veterans Benefits Administration Pamphlet 26-13 Handbook for Design of Specially Adapted Housing.

All expenses of the Board shall be paid from the Illinois Secure Choice Administrative Fund.

Section 35. Risk Management. The Board shall annually prepare and adopt a written statement of investment policy that includes a risk management and oversight program. This investment policy shall prohibit the Board, Program, and Fund from borrowing for investment purposes. The risk management and oversight program shall be designed to ensure that an effective risk management system is in place to monitor the risk levels of the Program and Fund portfolio, to ensure that the risks taken are prudent and properly managed, to provide an integrated process for overall risk management, and to assess investment returns as well as risk to determine if the risks taken are adequately compensated compared to applicable performance benchmarks and standards. The Board shall consider the statement of investment policy and any changes in the investment policy at a public hearing.

Section 40. Investment firms.
(a) The Board shall engage, after an open bid process, an investment manager or managers to invest the Fund and any other assets of the Program. Moneys in the Fund may be invested or reinvested by the State Treasurer's Office or may be invested in whole or in part under contract with the State Board of Investment, private investment managers, or both, as selected by the Board. (b) The investment manager or managers shall comply with any and all applicable federal and state laws, rules, and regulations, as well as any and all rules, policies, and guidelines promulgated by the Board with respect to the Program and the investment of the Fund, including, but not limited to, the investment policy.

(c) The investment manager or managers shall provide such reports as the Board deems necessary for the Board to oversee each investment manager's performance and the performance of the Fund.

Section 45. Investment options.
(a) The Board shall establish as an investment option a life-cycle fund with a target date based upon the age of the enrollee. This shall be the
default investment option for enrollees who fail to elect an investment option unless and until the Board designates by rule a new investment option as the default as described in subsection (c) of this Section.

(b) The Board may also establish any or all of the following additional investment options:

(1) a conservative principal protection fund;
(2) a growth fund;
(3) a secure return fund whose primary objective is the preservation of the safety of principal and the provision of a stable and low-risk rate of return; if the Board elects to establish a secure return fund, the Board may procure any insurance, annuity, or other product to insure the value of individuals' accounts and guarantee a rate of return; the cost of such funding mechanism shall be paid out of the Fund; under no circumstances shall the Board, Program, Fund, the State, or any participating employer assume any liability for investment or actuarial risk; the Board shall determine whether to establish such investment options based upon an analysis of their cost, risk profile, benefit level, feasibility, and ease of implementation;
(4) an annuity fund.

(c) If the Board elects to establish a secure return fund, the Board shall then determine whether such option shall replace the target date or life-cycle fund as the default investment option for enrollees who do not elect an investment option. In making such determination, the Board shall consider the cost, risk profile, benefit level, and ease of enrollment in the secure return fund. The Board may at any time thereafter revisit this question and, based upon an analysis of these criteria, establish either the secure return fund or the life-cycle fund as the default for enrollees who do not elect an investment option.

Section 50. Benefits. Interest, investment earnings, and investment losses shall be allocated to individual Program accounts as established by the Board under subsection (d) of Section 30 of this Act. An individual's retirement savings benefit under the Program shall be an amount equal to the balance in the individual's Program account on the date the retirement savings benefit becomes payable. The State shall have no liability for the payment of any benefit to any participant in the Program.

Section 55. Employer and employee information packets and disclosure forms.

New matter indicated by italics - deletions by strikeout
(a) Prior to the opening of the Program for enrollment, the Board shall design and disseminate to all employers an employer information packet and an employee information packet, which shall include background information on the Program, appropriate disclosures for employees, and information regarding the vendor Internet website described in subsection (i) of Section 60 of this Act.

(b) The Board shall provide for the contents of both the employee information packet and the employer information packet.

(c) The employee information packet shall include a disclosure form. The disclosure form shall explain, but not be limited to, all of the following:

   (1) the benefits and risks associated with making contributions to the Program;
   (2) the mechanics of how to make contributions to the Program;
   (3) how to opt out of the Program;
   (4) how to participate in the Program with a level of employee contributions other than 3%;
   (5) the process for withdrawal of retirement savings;
   (6) how to obtain additional information about the Program;
   (7) that employees seeking financial advice should contact financial advisors, that participating employers are not in a position to provide financial advice, and that participating employers are not liable for decisions employees make pursuant to this Act;
   (8) that the Program is not an employer-sponsored retirement plan; and
   (9) that the Program Fund is not guaranteed by the State.

(d) The employee information packet shall also include a form for an employee to note his or her decision to opt out of participation in the Program or elect to participate with a level of employee contributions other than 3%.

(e) Participating employers shall supply the employee information packet to employees upon launch of the Program. Participating employers shall supply the employee information packet to new employees at the time of hiring, and new employees may opt out of participation in the Program or elect to participate with a level of employee contributions other than 3% at that time.
Section 60. Program implementation and enrollment. Except as otherwise provided in Section 93 of this Act, the Program shall be implemented, and enrollment of employees shall begin, within 24 months after the effective date of this Act. The provisions of this Section shall be in force after the Board opens the Program for enrollment.

(a) Each employer shall establish a payroll deposit retirement savings arrangement to allow each employee to participate in the Program at most nine months after the Board opens the Program for enrollment.

(b) Employers shall automatically enroll in the Program each of their employees who has not opted out of participation in the Program using the form described in subsection (c) of Section 55 of this Act and shall provide payroll deduction retirement savings arrangements for such employees and deposit, on behalf of such employees, these funds into the Program. Small employers may, but are not required to, provide payroll deduction retirement savings arrangements for each employee who elects to participate in the Program.

(c) Enrollees shall have the ability to select a contribution level into the Fund. This level may be expressed as a percentage of wages or as a dollar amount up to the deductible amount for the enrollee's taxable year under Section 219(b)(1)(A) of the Internal Revenue Code. Enrollees may change their contribution level at any time, subject to rules promulgated by the Board. If an enrollee fails to select a contribution level using the form described in subsection (c) of Section 55 of this Act, then he or she shall contribute 3% of his or her wages to the Program, provided that such contributions shall not cause the enrollee's total contributions to IRAs for the year to exceed the deductible amount for the enrollee's taxable year under Section 219(b)(1)(A) of the Internal Revenue Code.

(d) Enrollees may select an investment option from the permitted investment options listed in Section 45 of this Act. Enrollees may change their investment option at any time, subject to rules promulgated by the Board. In the event that an enrollee fails to select an investment option, that enrollee shall be placed in the investment option selected by the Board as the default under subsection (c) of Section 45 of this Act. If the Board has not selected a default investment option under subsection (c) of Section 45 of this Act, then an enrollee who fails to select an investment option shall be placed in the life-cycle fund investment option.

(e) Following initial implementation of the Program pursuant to this Section, at least once every year, participating employers shall
designate an open enrollment period during which employees who previously opted out of the Program may enroll in the Program.

(f) An employee who opts out of the Program who subsequently wants to participate through the participating employer's payroll deposit retirement savings arrangement may only enroll during the participating employer's designated open enrollment period or if permitted by the participating employer at an earlier time.

(g) Employers shall retain the option at all times to set up any type of employer-sponsored retirement plan, such as a defined benefit plan or a 401(k), Simplified Employee Pension (SEP) plan, or Savings Incentive Match Plan for Employees (SIMPLE) plan, or to offer an automatic enrollment payroll deduction IRA, instead of having a payroll deposit retirement savings arrangement to allow employee participation in the Program.

(h) An employee may terminate his or her participation in the Program at any time in a manner prescribed by the Board.

(i) The Board shall establish and maintain an Internet website designed to assist employers in identifying private sector providers of retirement arrangements that can be set up by the employer rather than allowing employee participation in the Program under this Act; however, the Board shall only establish and maintain an Internet website under this subsection if there is sufficient interest in such an Internet website by private sector providers and if the private sector providers furnish the funding necessary to establish and maintain the Internet website. The Board must provide public notice of the availability of and the process for inclusion on the Internet website before it becomes publicly available. This Internet website must be available to the public before the Board opens the Program for enrollment, and the Internet website address must be included on any Internet website posting or other materials regarding the Program offered to the public by the Board.

Section 65. Payments. Employee contributions deducted by the participating employer through payroll deduction shall be paid by the participating employer to the Fund using one or more payroll deposit retirement savings arrangements established by the Board under subsection (h) of Section 30 of this Act, either:

(1) on or before the last day of the month following the month in which the compensation otherwise would have been payable to the employee in cash; or

New matter indicated by italics - deletions by strikeout
(2) before such later deadline prescribed by the Board for making such payments, but not later than the due date for the deposit of tax required to be deducted and withheld relating to collection of income tax at source on wages or for the deposit of tax required to be paid under the unemployment insurance system for the payroll period to which such payments relate.

Section 70. Duty and liability of the State.
(a) The State shall have no duty or liability to any party for the payment of any retirement savings benefits accrued by any individual under the Program. Any financial liability for the payment of retirement savings benefits in excess of funds available under the Program shall be borne solely by the entities with whom the Board contracts to provide insurance to protect the value of the Program.

(b) No State board, commission, or agency, or any officer, employee, or member thereof is liable for any loss or deficiency resulting from particular investments selected under this Act, except for any liability that arises out of a breach of fiduciary duty under Section 25 of this Act.

Section 75. Duty and liability of participating employers.
(a) Participating employers shall not have any liability for an employee's decision to participate in, or opt out of, the Program or for the investment decisions of the Board or of any enrollee.

(b) A participating employer shall not be a fiduciary, or considered to be a fiduciary, over the Program. A participating employer shall not bear responsibility for the administration, investment, or investment performance of the Program. A participating employer shall not be liable with regard to investment returns, Program design, and benefits paid to Program participants.

Section 80. Audit and reports.
(a) The Board shall annually submit:

(1) an audited financial report, prepared in accordance with generally accepted accounting principles, on the operations of the Program during each calendar year by July 1 of the following year to the Governor, the Comptroller, the State Treasurer, and the General Assembly; and

(2) a report prepared by the Board, which shall include, but is not limited to, a summary of the benefits provided by the Program, including the number of enrollees in the Program, the percentage and amounts of investment options and rates of return,
and such other information that is relevant to make a full, fair, and
effective disclosure of the operations of the Program and the Fund.
The annual audit shall be made by an independent certified public
accountant and shall include, but is not limited to, direct and indirect costs
attributable to the use of outside consultants, independent contractors, and
any other persons who are not State employees for the administration of
the Program.

(b) In addition to any other statements or reports required by law,
the Board shall provide periodic reports at least annually to participating
employers, reporting the names of each enrollee employed by the
participating employer and the amounts of contributions made by the
participating employer on behalf of each employee during the reporting
period, as well as to enrollees, reporting contributions and investment
income allocated to, withdrawals from, and balances in their Program
accounts for the reporting period. Such reports may include any other
information regarding the Program as the Board may determine.

Section 85. Penalties.

(a) An employer who fails without reasonable cause to enroll an
employee in the Program within the time prescribed under Section 60 of
this Act shall be subject to a penalty equal to:

(1) $250 for each employee for each calendar year or
portion of a calendar year during which the employee neither was
enrolled in the Program nor had elected out of participation in the
Program; or

(2) for each calendar year beginning after the date a penalty
has been assessed with respect to an employee, $500 for any
portion of that calendar year during which such employee
continues to be unenrolled without electing out of participation in
the Program.

(b) After determining that an employer is subject to penalty under
this Section for a calendar year, the Department shall issue a notice of
proposed assessment to such employer, stating the number of employees
for which the penalty is proposed under item (1) of subsection (a) of this
Section and the number of employees for which the penalty is proposed
under item (2) of subsection (a) of this Section for such calendar year, and
the total amount of penalties proposed.

Upon the expiration of 90 days after the date on which a notice of
proposed assessment was issued, the penalties specified therein shall be

deemed assessed, unless the employer had filed a protest with the Department under subsection (c) of this Section.

If, within 90 days after the date on which it was issued, a protest of a notice of proposed assessment is filed under subsection (c) of this Section, the penalties specified therein shall be deemed assessed upon the date when the decision of the Department with respect to the protest becomes final.

(c) A written protest against the proposed assessment shall be filed with the Department in such form as the Department may by rule prescribe, setting forth the grounds on which such protest is based. If such a protest is filed within 90 days after the date the notice of proposed assessment is issued, the Department shall reconsider the proposed assessment and shall grant the employer a hearing. As soon as practicable after such reconsideration and hearing, the Department shall issue a notice of decision to the employer, setting forth the Department's findings of fact and the basis of decision. The decision of the Department shall become final:

(1) if no action for review of the decision is commenced under the Administrative Review Law, on the date on which the time for commencement of such review has expired; or

(2) if a timely action for review of the decision is commenced under the Administrative Review Law, on the date all proceedings in court for the review of such assessment have terminated or the time for the taking thereof has expired without such proceedings being instituted.

(d) As soon as practicable after the penalties specified in a notice of proposed assessment are deemed assessed, the Department shall give notice to the employer liable for any unpaid portion of such assessment, stating the amount due and demanding payment. If an employer neglects or refuses to pay the entire liability shown on the notice and demand within 10 days after the notice and demand is issued, the unpaid amount of the liability shall be a lien in favor of the State of Illinois upon all property and rights to property, whether real or personal, belonging to the employer, and the provisions in the Illinois Income Tax Act regarding liens, levies and collection actions with regard to assessed and unpaid liabilities under that Act, including the periods for taking any action, shall apply.

(e) An employer who has overpaid a penalty assessed under this Section may file a claim for refund with the Department. A claim shall be in writing in such form as the Department may by rule prescribe and shall

New matter indicated by italics - deletions by strikeout
state the specific grounds upon which it is founded. As soon as practicable after a claim for refund is filed, the Department shall examine it and either issue a refund or issue a notice of denial. If such a protest is filed, the Department shall reconsider the denial and grant the employer a hearing. As soon as practicable after such reconsideration and hearing, the Department shall issue a notice of decision to the employer. The notice shall set forth briefly the Department's findings of fact and the basis of decision in each case decided in whole or in part adversely to the employer. A denial of a claim for refund becomes final 90 days after the date of issuance of the notice of the denial except for such amounts denied as to which the employer has filed a protest with the Department. If a protest has been timely filed, the decision of the Department shall become final:

(1) if no action for review of the decision is commenced under the Administrative Review Law, on the date on which the time for commencement of such review has expired; or
(2) if a timely action for review of the decision is commenced under the Administrative Review Law, on the date all proceedings in court for the review of such assessment have terminated or the time for the taking thereof has expired without such proceedings being instituted.

(f) No notice of proposed assessment may be issued with respect to a calendar year after June 30 of the fourth subsequent calendar year. No claim for refund may be filed more than 1 year after the date of payment of the amount to be refunded.

(g) The provisions of the Administrative Review Law and the rules adopted pursuant to it shall apply to and govern all proceedings for the judicial review of final decisions of the Department in response to a protest filed by the employer under subsections (c) and (e) of this Section. Final decisions of the Department shall constitute "administrative decisions" as defined in Section 3-101 of the Code of Civil Procedure.

(h) Whenever notice is required by this Section, it may be given or issued by mailing it by first-class mail addressed to the person concerned at his or her last known address.

(i) All books and records and other papers and documents relevant to the determination of any penalty due under this Section shall, at all times during business hours of the day, be subject to inspection by the Department or its duly authorized agents and employees.

(j) The Department may require employers to report information relevant to their compliance with this Act on returns otherwise due from the employers under Section 704A of the Illinois Income Tax Act and failure to provide the requested information on a return shall cause such return to be treated as unprocessable.

(k) For purposes of any provision of State law allowing the Department or any other agency of this State to offset an amount owed to a taxpayer against a tax liability of that taxpayer or allowing the Department to offset an overpayment of tax against any liability owed to the State, a penalty assessed under this Section shall be deemed to be a tax liability of the employer and any refund due to an employer shall be deemed to be an overpayment of tax of the employer.

(l) Except as provided in this subsection, all information received by the Department from returns filed by an employer or from any investigation conducted under the provisions of this Act shall be confidential, except for official purposes within the Department or pursuant to official procedures for collection of penalties assessed under this Act. Nothing contained in this subsection shall prevent the Director from publishing or making available to the public reasonable statistics concerning the operation of this Act wherein the contents of returns are grouped into aggregates in such a way that the specific information of any employer shall not be disclosed. Nothing contained in this subsection shall prevent the Director from divulging information to an authorized representative of the employer or to any person pursuant to a request or authorization made by the employer or by an authorized representative of the employer.

(m) Civil penalties collected under this Act and fees collected pursuant to subsection (n) of this Section shall be deposited into the Tax Compliance and Administration Fund. The Department may, subject to appropriation, use moneys in the fund to cover expenses it incurs in the performance of its duties under this Act. Interest attributable to moneys in the Tax Compliance and Administration Fund shall be credited to the Tax Compliance and Administration Fund.

(n) The Department may charge the Board a reasonable fee for its costs in performing its duties under this Section to the extent that such costs have not been recovered from penalties imposed under this Section.

(o) This Section shall become operative 9 months after the Board notifies the Director that the Program has been implemented. Upon receipt of such notification from the Board, the Department shall immediately

post on its Internet website a notice stating that this Section is operative and the date that it is first operative. This notice shall include a statement that rather than enrolling employees in the Program under this Act, employers may sponsor an alternative arrangement, including, but not limited to, a defined benefit plan, 401(k) plan, a Simplified Employee Pension (SEP) plan, a Savings Incentive Match Plan for Employees (SIMPLE) plan, or an automatic payroll deduction IRA offered through a private provider. The Board shall provide a link to the vendor Internet website described in subsection (i) of Section 60 of this Act.

Section 90. Rules. The Board and the Department shall adopt, in accordance with the Illinois Administrative Procedure Act, any rules that may be necessary to implement this Act.

Section 93. Delayed implementation. If the Board does not obtain adequate funds to implement the Program within the time frame set forth under Section 60 of this Act, the Board may delay the implementation of the Program.

Section 95. Federal considerations. The Board shall request in writing an opinion or ruling from the appropriate entity with jurisdiction over the federal Employee Retirement Income Security Act regarding the applicability of the federal Employee Retirement Income Security Act to the Program. The Board may not implement the Program if the IRA arrangements offered under the Program fail to qualify for the favorable federal income tax treatment ordinarily accorded to IRAs under the Internal Revenue Code or if it is determined that the Program is an employee benefit plan and State or employer liability is established under the federal Employee Retirement Income Security Act.

AN ACT concerning government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Public Labor Relations Act is amended by changing Section 14 as follows:

(5 ILCS 315/14) (from Ch. 48, par. 1614)

(a) In the case of collective bargaining agreements involving units of security employees of a public employer, Peace Officer Units, or units of fire fighters or paramedics, and in the case of disputes under Section 18, unless the parties mutually agree to some other time limit, mediation shall commence 30 days prior to the expiration date of such agreement or at such later time as the mediation services chosen under subsection (b) of Section 12 can be provided to the parties. In the case of negotiations for an initial collective bargaining agreement, mediation shall commence upon 15 days notice from either party or at such later time as the mediation services chosen pursuant to subsection (b) of Section 12 can be provided to the parties. In mediation under this Section, if either party requests the use of mediation services from the Federal Mediation and Conciliation Service, the other party shall either join in such request or bear the additional cost of mediation services from another source. The mediator shall have a duty to keep the Board informed of the progress of the mediation. If any dispute has not been resolved within 15 days after the first meeting of the parties and the mediator, or within such other time limit as may be mutually agreed upon by the parties, either the exclusive representative or employer may request of the other, in writing, arbitration, and shall submit a copy of the request to the Board.

(b) Within 10 days after such a request for arbitration has been made, the employer shall choose a delegate and the employees' exclusive representative shall choose a delegate to a panel of arbitrators as provided in this Section. The employer and employees shall forthwith advise the other and the Board of their selections.

(c) Within 7 days after the request of either party, the parties shall request a panel of impartial arbitrators from which they shall select the neutral chairman according to the procedures provided in this Section. If

the parties have agreed to a contract that contains a grievance resolution procedure as provided in Section 8, the chairman shall be selected using their agreed contract procedure unless they mutually agree to another procedure. If the parties fail to notify the Board of their selection of neutral chairman within 7 days after receipt of the list of impartial arbitrators, the Board shall appoint, at random, a neutral chairman from the list. In the absence of an agreed contract procedure for selecting an impartial arbitrator, either party may request a panel from the Board. Within 7 days of the request of either party, the Board shall select from the Public Employees Labor Mediation Roster 7 persons who are on the labor arbitration panels of either the American Arbitration Association or the Federal Mediation and Conciliation Service, or who are members of the National Academy of Arbitrators, as nominees for impartial arbitrator of the arbitration panel. The parties may select an individual on the list provided by the Board or any other individual mutually agreed upon by the parties. Within 7 days following the receipt of the list, the parties shall notify the Board of the person they have selected. Unless the parties agree on an alternate selection procedure, they shall alternatively strike one name from the list provided by the Board until only one name remains. A coin toss shall determine which party shall strike the first name. If the parties fail to notify the Board in a timely manner of their selection for neutral chairman, the Board shall appoint a neutral chairman from the Illinois Public Employees Mediation/Arbitration Roster.

(d) The chairman shall call a hearing to begin within 15 days and give reasonable notice of the time and place of the hearing. The hearing shall be held at the offices of the Board or at such other location as the Board deems appropriate. The chairman shall preside over the hearing and shall take testimony. Any oral or documentary evidence and other data deemed relevant by the arbitration panel may be received in evidence. The proceedings shall be informal. Technical rules of evidence shall not apply and the competency of the evidence shall not thereby be deemed impaired. A verbatim record of the proceedings shall be made and the arbitrator shall arrange for the necessary recording service. Transcripts may be ordered at the expense of the party ordering them, but the transcripts shall not be necessary for a decision by the arbitration panel. The expense of the proceedings, including a fee for the chairman, shall be borne equally by each of the parties to the dispute. The delegates, if public officers or employees, shall continue on the payroll of the public employer without loss of pay. The hearing conducted by the arbitration panel may be

adjourned from time to time, but unless otherwise agreed by the parties, shall be concluded within 30 days of the time of its commencement. Majority actions and rulings shall constitute the actions and rulings of the arbitration panel. Arbitration proceedings under this Section shall not be interrupted or terminated by reason of any unfair labor practice charge filed by either party at any time.

(e) The arbitration panel may administer oaths, require the attendance of witnesses, and the production of such books, papers, contracts, agreements and documents as may be deemed by it material to a just determination of the issues in dispute, and for such purpose may issue subpoenas. If any person refuses to obey a subpoena, or refuses to be sworn or to testify, or if any witness, party or attorney is guilty of any contempt while in attendance at any hearing, the arbitration panel may, or the attorney general if requested shall, invoke the aid of any circuit court within the jurisdiction in which the hearing is being held, which court shall issue an appropriate order. Any failure to obey the order may be punished by the court as contempt.

(f) At any time before the rendering of an award, the chairman of the arbitration panel, if he is of the opinion that it would be useful or beneficial to do so, may remand the dispute to the parties for further collective bargaining for a period not to exceed 2 weeks. If the dispute is remanded for further collective bargaining the time provisions of this Act shall be extended for a time period equal to that of the remand. The chairman of the panel of arbitration shall notify the Board of the remand.

(g) At or before the conclusion of the hearing held pursuant to subsection (d), the arbitration panel shall identify the economic issues in dispute, and direct each of the parties to submit, within such time limit as the panel shall prescribe, to the arbitration panel and to each other its last offer of settlement on each economic issue. The determination of the arbitration panel as to the issues in dispute and as to which of these issues are economic shall be conclusive. The arbitration panel, within 30 days after the conclusion of the hearing, or such further additional periods to which the parties may agree, shall make written findings of fact and promulgate a written opinion and shall mail or otherwise deliver a true copy thereof to the parties and their representatives and to the Board. As to each economic issue, the arbitration panel shall adopt the last offer of settlement which, in the opinion of the arbitration panel, more nearly complies with the applicable factors prescribed in subsection (h). The
findings, opinions and order as to all other issues shall be based upon the applicable factors prescribed in subsection (h).

(h) Where there is no agreement between the parties, or where there is an agreement but the parties have begun negotiations or discussions looking to a new agreement or amendment of the existing agreement, and wage rates or other conditions of employment under the proposed new or amended agreement are in dispute, the arbitration panel shall base its findings, opinions and order upon the following factors, as applicable:

(1) The lawful authority of the employer.
(2) Stipulations of the parties.
(3) The interests and welfare of the public and the financial ability of the unit of government to meet those costs.
(4) Comparison of the wages, hours and conditions of employment of the employees involved in the arbitration proceeding with the wages, hours and conditions of employment of other employees performing similar services and with other employees generally:
   (A) In public employment in comparable communities.
   (B) In private employment in comparable communities.
(5) The average consumer prices for goods and services, commonly known as the cost of living.
(6) The overall compensation presently received by the employees, including direct wage compensation, vacations, holidays and other excused time, insurance and pensions, medical and hospitalization benefits, the continuity and stability of employment and all other benefits received.
(7) Changes in any of the foregoing circumstances during the pendency of the arbitration proceedings.
(8) Such other factors, not confined to the foregoing, which are normally or traditionally taken into consideration in the determination of wages, hours and conditions of employment through voluntary collective bargaining, mediation, fact-finding, arbitration or otherwise between the parties, in the public service or in private employment.

(i) In the case of peace officers, the arbitration decision shall be limited to wages, hours, and conditions of employment (which may

New matter indicated by italics - deletions by strikeout
include residency requirements in municipalities with a population under 1,000,000, but those residency requirements shall not allow residency outside of Illinois) and shall not include the following: i) residency requirements in municipalities with a population of at least 1,000,000; ii) the type of equipment, other than uniforms, issued or used; iii) manning; iv) the total number of employees employed by the department; v) mutual aid and assistance agreements to other units of government; and vi) the criterion pursuant to which force, including deadly force, can be used; provided, nothing herein shall preclude an arbitration decision regarding equipment or manning levels if such decision is based on a finding that the equipment or manning considerations in a specific work assignment involve a serious risk to the safety of a peace officer beyond that which is inherent in the normal performance of police duties. Limitation of the terms of the arbitration decision pursuant to this subsection shall not be construed to limit the factors upon which the decision may be based, as set forth in subsection (h).

In the case of fire fighter, and fire department or fire district paramedic matters, the arbitration decision shall be limited to wages, hours, and conditions of employment (including manning and also including which may include) residency requirements in municipalities with a population under 1,000,000, but those residency requirements shall not allow residency outside of Illinois) and shall not include the following matters: i) residency requirements in municipalities with a population of at least 1,000,000; ii) the type of equipment (other than uniforms and fire fighter turnout gear) issued or used; iii) the total number of employees employed by the department; iv) mutual aid and assistance agreements to other units of government; and v) the criterion pursuant to which force, including deadly force, can be used; provided, however, nothing herein shall preclude an arbitration decision regarding equipment levels if such decision is based on a finding that the equipment considerations in a specific work assignment involve a serious risk to the safety of a fire fighter beyond that which is inherent in the normal performance of fire fighter duties. Limitation of the terms of the arbitration decision pursuant to this subsection shall not be construed to limit the facts upon which the decision may be based, as set forth in subsection (h).

The changes to this subsection (i) made by Public Act 90-385 (relating to residency requirements) do not apply to persons who are employed by a combined department that performs both police and firefighting services; these persons shall be governed by the provisions of
this subsection (i) relating to peace officers, as they existed before the amendment by Public Act 90-385.

To preserve historical bargaining rights, this subsection shall not apply to any provision of a fire fighter collective bargaining agreement in effect and applicable on the effective date of this Act; provided, however, nothing herein shall preclude arbitration with respect to any such provision.

(j) Arbitration procedures shall be deemed to be initiated by the filing of a letter requesting mediation as required under subsection (a) of this Section. The commencement of a new municipal fiscal year after the initiation of arbitration procedures under this Act, but before the arbitration decision, or its enforcement, shall not be deemed to render a dispute moot, or to otherwise impair the jurisdiction or authority of the arbitration panel or its decision. Increases in rates of compensation awarded by the arbitration panel may be effective only at the start of the fiscal year next commencing after the date of the arbitration award. If a new fiscal year has commenced either since the initiation of arbitration procedures under this Act or since any mutually agreed extension of the statutorily required period of mediation under this Act by the parties to the labor dispute causing a delay in the initiation of arbitration, the foregoing limitations shall be inapplicable, and such awarded increases may be retroactive to the commencement of the fiscal year, any other statute or charter provisions to the contrary, notwithstanding. At any time the parties, by stipulation, may amend or modify an award of arbitration.

(k) Orders of the arbitration panel shall be reviewable, upon appropriate petition by either the public employer or the exclusive bargaining representative, by the circuit court for the county in which the dispute arose or in which a majority of the affected employees reside, but only for reasons that the arbitration panel was without or exceeded its statutory authority; the order is arbitrary, or capricious; or the order was procured by fraud, collusion or other similar and unlawful means. Such petitions for review must be filed with the appropriate circuit court within 90 days following the issuance of the arbitration order. The pendency of such proceeding for review shall not automatically stay the order of the arbitration panel. The party against whom the final decision of any such court shall be adverse, if such court finds such appeal or petition to be frivolous, shall pay reasonable attorneys' fees and costs to the successful party as determined by said court in its discretion. If said court's decision
affirms the award of money, such award, if retroactive, shall bear interest at the rate of 12 percent per annum from the effective retroactive date.

(l) During the pendency of proceedings before the arbitration panel, existing wages, hours, and other conditions of employment shall not be changed by action of either party without the consent of the other but a party may so consent without prejudice to his rights or position under this Act. The proceedings are deemed to be pending before the arbitration panel upon the initiation of arbitration procedures under this Act.

(m) Security officers of public employers, and Peace Officers, Fire Fighters and fire department and fire protection district paramedics, covered by this Section may not withhold services, nor may public employers lock out or prevent such employees from performing services at any time.

(n) All of the terms decided upon by the arbitration panel shall be included in an agreement to be submitted to the public employer's governing body for ratification and adoption by law, ordinance or the equivalent appropriate means.

The governing body shall review each term decided by the arbitration panel. If the governing body fails to reject one or more terms of the arbitration panel's decision by a 3/5 vote of those duly elected and qualified members of the governing body, within 20 days of issuance, or in the case of firefighters employed by a state university, at the next regularly scheduled meeting of the governing body after issuance, such term or terms shall become a part of the collective bargaining agreement of the parties. If the governing body affirmatively rejects one or more terms of the arbitration panel's decision, it must provide reasons for such rejection with respect to each term so rejected, within 20 days of such rejection and the parties shall return to the arbitration panel for further proceedings and issuance of a supplemental decision with respect to the rejected terms. Any supplemental decision by an arbitration panel or other decision maker agreed to by the parties shall be submitted to the governing body for ratification and adoption in accordance with the procedures and voting requirements set forth in this Section. The voting requirements of this subsection shall apply to all disputes submitted to arbitration pursuant to this Section notwithstanding any contrary voting requirements contained in any existing collective bargaining agreement between the parties.

(o) If the governing body of the employer votes to reject the panel's decision, the parties shall return to the panel within 30 days from the issuance of the reasons for rejection for further proceedings and issuance

of a supplemental decision. All reasonable costs of such supplemental proceeding including the exclusive representative's reasonable attorney's fees, as established by the Board, shall be paid by the employer.

(p) Notwithstanding the provisions of this Section the employer and exclusive representative may agree to submit unresolved disputes concerning wages, hours, terms and conditions of employment to an alternative form of impasse resolution.

(b) If, in addition, if after 3 years following its placement on academic watch status a school district or school remains on academic watch status, the State Board of Education shall take one of the following actions for the district or school: (1) The State Board of Education may authorize the State Superintendent of Education to direct the regional superintendent of schools to remove school board members pursuant to Section 3-14.28 of this Code. Prior to such direction the State Board of Education shall permit members of the local board of education to present written and oral comments to the State Board of Education. upon the recommendation of the State Superintendent of Education. (2) The State Board of Education may (i) (A) change the recognition status of the school district or school to nonrecognized; or (ii) (B) authorize the State Superintendent of Education to direct the reassignment of pupils or direct the reassignment or replacement of school district personnel who are relevant to the failure to meet adequate yearly progress criteria. If a school district is nonrecognized in its entirety, it shall automatically be dissolved on July 1 following that nonrecognition and its territory realigned with another school district or districts by the regional board of school trustees in accordance with the procedures set forth in Section 7-11 of the School Code. The effective date of the nonrecognition of a school shall be July 1 following the nonrecognition.

(b-5) The State Board of Education shall also develop a system to provide assistance and resources to lower performing school districts. At a minimum, the State Board shall identify school districts to receive priority services, to be known as priority districts. In addition, the State Board may, by rule, develop other categories of low-performing schools and school districts to receive services.

Districts designated as priority districts shall be those that fall within one of the following categories:

(1) Have at least one school that is among the lowest performing 5% of schools in this State based on a 3-year average, with respect to the performance of the "all students" group for the percentage of students meeting or exceeding standards in reading and mathematics combined, and demonstrate a lack of progress as defined by the State Board of Education.

(2) Have at least one secondary school that has an average graduation rate of less than 60% over the last 3 school years.

(3) Have at least one school receiving a school improvement grant under Section 1003(g) of the federal Elementary and Secondary Education Act of 1965.

The State Board of Education shall work with a priority district to perform a district needs assessment to determine the district's core functions that are areas of strength and weakness, unless the district is already undergoing a national accreditation process. The results from the district needs assessment shall be used by the district to identify goals and objectives for the district's improvement. The district needs assessment shall include a study of district functions, such as district finance,
governance, student engagement, instruction practices, climate, community involvement, and continuous improvement.

Based on the results of the district needs assessment, the State Board of Education shall work with the district to provide technical assistance and professional development, in partnership with the district, to implement a continuous improvement plan that would increase outcomes for students. The plan for continuous improvement shall be based on the results of the district needs assessment and shall be used to determine the types of services that are to be provided to each priority district. Potential services for a district may include monitoring adult and student practices, reviewing and reallocating district resources, developing a district leadership team, providing access to curricular content area specialists, and providing online resources and professional development.

The State Board of Education may require priority districts identified as having deficiencies in one or more core functions of the district needs assessment to undergo an accreditation process as provided in subsection (d) of Section 2-3.25f-5 of this Code.

(c) All federal requirements apply to schools and school districts utilizing federal funds under Title I, Part A of the federal Elementary and Secondary Education Act of 1965.

Sec. 2-3.25f-5. Independent Authority.
(a) The General Assembly finds all of the following:

(1) A fundamental goal of the people of this State, as expressed in Section 1 of Article X of the Illinois Constitution, is the educational development of all persons to the limits of their capacities. When a school board faces governance difficulties, continued operation of the public school system is threatened.

(2) Sound school board governance, academic achievement, and sound financial structure are essential to the continued operation of any school system. It is vital to commercial, educational, and cultural interests that public schools remain in operation. To achieve that goal, public school systems must have effective leadership.

(3) To promote the sound operation of districts, as defined in this Section, it may be necessary to provide for the creation of independent authorities with the powers necessary to promote

New matter indicated by italics - deletions by strikeout
sound governance, sound academic planning, and sound financial management and to ensure the continued operation of the public schools.

(4) It is the purpose of this Section to provide for a sound basis for the continued operation of public schools. The intention of the General Assembly, in creating this Section, is to establish procedures, provide powers, and impose restrictions to ensure the educational integrity of public school districts.

(b) As used in this Section:
"Board" means a school board of a district.
"Chairperson" means the Chairperson of the Independent Authority.
"District" means any school district having a population of not more than 500,000.
"State Board" means the State Board of Education.
"State Superintendent" means the State Superintendent of Education.

(c) The State Board has the power to direct the State Superintendent to remove a board. Boards may be removed when the criteria provided for in subsection (d) of this Section are met. At no one time may the State Board remove more than 4 school boards and establish Independent Authorities pursuant to subsection (e) of this Section.

If the State Board proposes to direct the State Superintendent to remove a board from a district, board members shall receive individual written notice of the intended removal. Written notice must be provided at least 30 calendar days before a hearing is held by the State Board. This notice shall identify the basis for proposed removal.

Board members are entitled to a hearing, during which time each board member shall have the opportunity to respond individually, both orally and through written comments, to the basis laid out in the notice. Written comments must be submitted to the State Board on or before the hearing.

Board members are entitled to be represented by counsel at the hearing, but counsel must not be paid with district funds, unless the State Board decides that the board will not be removed and then the board members may be reimbursed for all reasonable attorney's fees by the district.

The State Board shall make a final decision on removal immediately following the hearing or at its next regularly scheduled or
special meeting. In no event may the decision be made later than the next regularly scheduled meeting.

The State Board shall issue a final written decision. If the State Board directs the State Superintendent to remove the board, the State Superintendent shall do so within 30 days after the written decision. Following the removal of the board, the State Superintendent shall establish an Independent Authority pursuant to subsection (e) of this Section.

If there is a financial oversight panel operating in the district pursuant to Article 1B or 1H of this Code, the State Board may, at its discretion, abolish the panel.

(d) The State Board may require priority districts, as defined in subsection (b-5) of Section 2-3.25f of this Code, to seek accreditation through an independent accreditation organization chosen by the State Board and paid for by the State. The State Board may direct the State Superintendent to remove board members pursuant to subsection (c) of this Section in any district in which the district is unable to obtain accreditation in whole or in part due to reasons specifically related to school board governance. When determining if a district has failed to meet the standards for accreditation specifically related to school board governance, the accreditation entity shall take into account the overall academic, fiscal, and operational condition of the district and consider whether the board has failed to protect district assets, to direct sound administrative and academic policy, to abide by basic governance principles, including those set forth in district policies, and to conduct itself with professionalism and care and in a legally, ethically, and financially responsible manner. When considering if a board has failed in these areas, the accreditation entity shall consider some or all of the following factors:

(1) Failure to protect district assets by, without limitation, incidents of fiscal fraud or misappropriation of district funds; acts of neglecting the district's building conditions; a failure to meet regularly scheduled, payroll-period obligations when due; a failure to abide by competitive bidding laws; a failure to prevent an audit finding of material internal control weaknesses; a failure to comply with required accounting principles; a failure to develop and implement a comprehensive, risk-management plan; a failure to provide financial information or cooperate with the State Superintendent; or a failure to file an annual financial report, an

annual budget, a deficit reduction plan, or other financial information as required by law.

(2) Failure to direct sound administrative and academic policy by, without limitation, hiring staff who do not meet minimal certification requirements for the positions being filled or who do not meet the customary qualifications held by those occupying similar positions in other school districts; a failure to avoid conflicts of interest as it relates to hiring or other contractual obligations; a failure to provide minimum graduation requirements and curricular requirements of the School Code and regulations; a failure to provide a minimum school term as required by law; or a failure to adopt and implement policies and practices that promote conditions that support student learning, effective instruction, and assessment that produce equitable and challenging learning experiences for all students.

(3) Failure to abide by basic governance principles by, without limitation, a failure to comply with the mandated oath of office; a failure to adopt and abide by sound local governance policies; a failure to abide by the principle that official action by the board occurs only through a duly-called and legally conducted meeting of the board; a failure to abide by majority decisions of the board; a failure to protect the privacy of students; a failure to ensure that board decisions and actions are in accordance with defined roles and responsibilities; or a failure of the board to protect, support, and respect the autonomy of a system to accomplish goals for improvement in student learning and instruction and to manage day-to-day operations of the school system and its schools, including maintaining the distinction between the board's roles and responsibilities and those of administrative leadership.

(4) Failure to conduct itself in a legally, ethically, and financially responsible manner by, without limitation, a failure to act in accordance with the Constitution of the United States of America and the Constitution of the State of Illinois and within the scope of State and federal laws; laws, including a failure to comply with provisions of the School Code, the Open Meetings Act, and the Freedom of Information Act and federal and State laws that protect the rights of protected categories of students; a failure to comply with all district policies and procedures and all State rules;

or a failure to comply with the governmental entities provisions of the State Officials and Employees Ethics Act, including the gift ban and prohibited political activities provisions.

(e) Upon removal of the board, the State Superintendent shall establish an Independent Authority. Upon establishment of an Independent Authority, there is established a body both corporate and politic to be known as the "(Name of the School District) Independent Authority", which in this name shall exercise all of the authority vested in an Independent Authority by this Section and by the name may sue and be sued in all courts and places where judicial proceedings are had.

(f) Upon establishment of an Independent Authority under subsection (e) of this Section, the State Superintendent shall, within 30 working days thereafter and in consultation with State and locally elected officials, appoint 5 or 7 members to serve on an Independent Authority for the district. Members appointed to the Independent Authority shall serve at the pleasure of the State Superintendent. The State Superintendent shall designate one of the members of the Independent Authority to serve as its chairperson. In the event of vacancy or resignation, the State Superintendent shall, within 15 working days after receiving notice, appoint a successor to serve out that member's term. If the State Board has abolished a financial oversight panel pursuant to subsection (c) of this Section, the State Superintendent may appoint former members of the panel to the Independent Authority. These members may serve as part of the 5 or 7 members or may be appointed in addition to the 5 or 7 members, with the Independent Authority not to exceed 9 members in total.

Members of the Independent Authority must be selected primarily on the basis of their experience and knowledge in education policy and governance, with consideration given to persons knowledgeable in the operation of a school district. A member of the Independent Authority must be a registered voter as provided in the general election law, must not be a school trustee, and must not be a child sex offender as defined in Section 11-9.3 of the Criminal Code of 2012. A majority of the members of the Independent Authority must be residents of the district that the Independent Authority serves. A member of the Independent Authority may not be an employee of the district, nor may a member have a direct financial interest in the district.

Independent Authority members may be reimbursed by the district for travel if they live more than 25 miles away from the district's headquarters and other necessary expenses incurred in the performance of
their official duties. The amount reimbursed members for their expenses must be charged to the school district.

With the exception of the Chairperson, the Independent Authority may elect such officers as it deems appropriate.

The first meeting of the Independent Authority must be held at the call of the Chairperson. The Independent Authority shall prescribe the times and places for its meetings and the manner in which regular and special meetings may be called and shall comply with the Open Meetings Act.

All Independent Authority members must complete the training required of school board members under Section 10-16a of this Code.

(g) The purpose of the Independent Authority is to operate the district. The Independent Authority shall have all of the powers and duties of a board and all other powers necessary to meet its responsibilities and to carry out its purpose and the purposes of this Section and that may be requisite or proper for the maintenance, operation, and development of any school or schools under the jurisdiction of the Independent Authority. This grant of powers does not release an Independent Authority from any duty imposed upon it by this Code or any other law.

The Independent Authority shall have no power to unilaterally cancel or modify any collective bargaining agreement in force upon the date of creation of the Independent Authority.

(h) The Independent Authority may prepare and file with the State Superintendent a proposal for emergency financial assistance for the school district and for the operations budget of the Independent Authority, in accordance with Section 1B-8 of this Code. A district may receive both a loan and a grant.

(i) An election for board members must not be held in a district upon the establishment of an Independent Authority and is suspended until the next regularly scheduled school board election that takes place no less than 2 years following the establishment of the Independent Authority. For this first election, 3 school board members must be elected to serve out terms of 4 years and until successors are elected and have qualified. Members of the Independent Authority are eligible to run for election in the district, provided that they meet all other eligibility requirements of Section 10-10 of this Code. Following this election, the school board shall consist of the newly elected members and any remaining members of the Independent Authority. The majority of this board must be residents of the district. The State Superintendent must appoint new members who are

New matter indicated by italics - deletions by strikeout
residents to the Independent Authority if necessary to maintain this majority. At the next school board election, 4 school board members must be elected to serve out terms of 4 years and until successors are elected and have qualified. For purposes of these first 2 elections, the school board members must be elected at-large. In districts where board members were previously elected using an alternative format pursuant to Article 9 of this Code, following these first 2 elections, the voting shall automatically revert back to the original form. Following the election, any remaining Independent Authority members shall serve in the district as an oversight panel until such time as the district meets the governance standards necessary to achieve accreditation. If some or all of the Independent Authority members have been elected to the board, the State Superintendent may, in his or her discretion, appoint new members to the Independent Authority pursuant to subsection (f) of this Section. The school board shall get approval of all actions by the Independent Authority during the time the Independent Authority serves as an oversight panel.

Board members who were removed pursuant to subsection (c) of this Section are ineligible to run for school board in the district for 10 years following the abolition of the Independent Authority pursuant to subsection (l) of this Section. However, board members who were removed pursuant to subsection (c) of this Section and were appointed to the Independent Authority by the State Superintendent are eligible to run for school board in the district.

(j) The Independent Authority, upon its members taking office and annually thereafter and upon request, shall prepare and submit to the State Superintendent a report on the state of the district, including without limitation the academic improvement and financial situation of the district. This report must be submitted annually on or before March 1 of each year. The State Superintendent shall provide copies of any and all reports to the regional office of education for the district and to the State Senator and Representative representing the area where the district is located.

(k) The district shall render such services to and permit the use of its facilities and resources by the Independent Authority at no charge as may be requested by the Independent Authority. Any State agency, unit of local government, or school district may, within its lawful powers and duties, render such services to the Independent Authority as may be requested by the Independent Authority.
(l) An Independent Authority must be abolished when the district, following the election of the full board, meets the governance standards necessary to achieve accreditation status by an independent accreditation agency chosen by the State Board. The abolition of the Independent Authority shall be done by the State Board and take place within 30 days after the determination of the accreditation agency.

Upon abolition of the Independent Authority, all powers and duties allowed by this Code to be exercised by a school board shall be transferred to the elected school board.

(m) The Independent Authority must be indemnified through insurance purchased by the district. The district shall purchase insurance through which the Independent Authority is to be indemnified.

The district retains the duty to represent and to indemnify Independent Authority members following the abolition of the Independent Authority for any cause of action or remedy available against the Independent Authority, its members, its employees, or its agents for any right or claim existing or any liability incurred prior to the abolition.

The insurance shall indemnify and protect districts, Independent Authority members, employees, volunteer personnel authorized in Sections 10-22.34, 10-22.34a, and 10-22.34b of this Code, mentors of certified or licensed staff as authorized in Article 21A and Sections 2-3.53a, 2-3.53b, and 34-18.33 of this Code, and student teachers against civil rights damage claims and suits, constitutional rights damage claims and suits, and death and bodily injury and property damage claims and suits, including defense thereof, when damages are sought for negligent or wrongful acts alleged to have been committed in the scope of employment, under the direction of the Independent Authority, or related to any mentoring services provided to certified or licensed staff of the district. Such indemnification and protection shall extend to persons who were members of an Independent Authority, employees of an Independent Authority, authorized volunteer personnel, mentors of certified or licensed staff, or student teachers at the time of the incident from which a claim arises. No agent may be afforded indemnification or protection unless he or she was a member of an Independent Authority, an employee of an Independent Authority, an authorized volunteer, a mentor of certified or licensed staff, or a student teacher at the time of the incident from which the claim arises.

(n) The State Board may adopt rules as may be necessary for the administration of this Section.

Sec. 2-3.25g. Waiver or modification of mandates within the School Code and administrative rules and regulations.

(a) In this Section:

"Board" means a school board or the governing board or administrative district, as the case may be, for a joint agreement.

"Eligible applicant" means a school district, joint agreement made up of school districts, or regional superintendent of schools on behalf of schools and programs operated by the regional office of education.

"Implementation date" has the meaning set forth in Section 24A-2.5 of this Code.

"State Board" means the State Board of Education.

(b) Notwithstanding any other provisions of this School Code or any other law of this State to the contrary, eligible applicants may petition the State Board of Education for the waiver or modification of the mandates of this School Code or of the administrative rules and regulations promulgated by the State Board of Education. Waivers or modifications of administrative rules and regulations and modifications of mandates of this School Code may be requested when an eligible applicant demonstrates that it can address the intent of the rule or mandate in a more effective, efficient, or economical manner or when necessary to stimulate innovation or improve student performance. Waivers of mandates of the School Code may be requested when the waivers are necessary to stimulate innovation or improve student performance. Waivers may not be requested from laws, rules, and regulations pertaining to special education, teacher certification, teacher tenure and seniority, or Section 5-2.1 of this Code or from compliance with the No Child Left Behind Act of 2001 (Public Law 107-110). Eligible applicants may not seek a waiver or seek a modification of a mandate regarding the requirements for (i) student performance data to be a significant factor in teacher or principal evaluations or (ii) for teachers and principals to be rated using the 4 categories of "excellent", "proficient", "needs improvement", or "unsatisfactory". On September 1, 2014, any previously authorized waiver or modification from such requirements shall terminate.

(c) Eligible applicants, as a matter of inherent managerial policy, and any Independent Authority established under Section 2-3.25f-5 of this Code may submit an application for a waiver or modification authorized under this Section. Each application must include a written
request by the eligible applicant or Independent Authority and must demonstrate that the intent of the mandate can be addressed in a more effective, efficient, or economical manner or be based upon a specific plan for improved student performance and school improvement. Any eligible applicant requesting a waiver or modification for the reason that intent of the mandate can be addressed in a more economical manner shall include in the application a fiscal analysis showing current expenditures on the mandate and projected savings resulting from the waiver or modification. Applications and plans developed by eligible applicants must be approved by the board or regional superintendent of schools applying on behalf of schools or programs operated by the regional office of education following a public hearing on the application and plan and the opportunity for the board or regional superintendent to hear testimony from staff directly involved in its implementation, parents, and students. The time period for such testimony shall be separate from the time period established by the eligible applicant for public comment on other matters. If the applicant is a school district or joint agreement requesting a waiver or modification of Section 27-6 of this Code, the public hearing shall be held on a day other than the day on which a regular meeting of the board is held.

(c-5) If the applicant is a school district, then the district shall post information that sets forth the time, date, place, and general subject matter of the public hearing on its Internet website at least 14 days prior to the hearing. If the district is requesting to increase the fee charged for driver education authorized pursuant to Section 27-24.2 of this Code, the website information shall include the proposed amount of the fee the district will request. All school districts must publish a notice of the public hearing at least 7 days prior to the hearing in a newspaper of general circulation within the school district that sets forth the time, date, place, and general subject matter of the hearing. Districts requesting to increase the fee charged for driver education shall include in the published notice the proposed amount of the fee the district will request. If the applicant is a joint agreement or regional superintendent, then the joint agreement or regional superintendent shall post information that sets forth the time, date, place, and general subject matter of the public hearing on its Internet website at least 14 days prior to the hearing. If the joint agreement or regional superintendent is requesting to increase the fee charged for driver education authorized pursuant to Section 27-24.2 of this Code, the website information shall include the proposed amount of the fee the applicant will request. All joint agreements and regional superintendents must publish a
notice of the public hearing at least 7 days prior to the hearing in a newspaper of general circulation in each school district that is a member of the joint agreement or that is served by the educational service region that sets forth the time, date, place, and general subject matter of the hearing, provided that a notice appearing in a newspaper generally circulated in more than one school district shall be deemed to fulfill this requirement with respect to all of the affected districts. Joint agreements or regional superintendents requesting to increase the fee charged for driver education shall include in the published notice the proposed amount of the fee the applicant will request. The eligible applicant must notify in writing the affected exclusive collective bargaining agent and those State legislators representing the eligible applicant's territory of its intent to seek approval of a waiver or modification and of the hearing to be held to take testimony from staff. The affected exclusive collective bargaining agents shall be notified of such public hearing at least 7 days prior to the date of the hearing and shall be allowed to attend such public hearing. The eligible applicant shall attest to compliance with all of the notification and procedural requirements set forth in this Section.

(d) A request for a waiver or modification of administrative rules and regulations or for a modification of mandates contained in this School Code shall be submitted to the State Board of Education within 15 days after approval by the board or regional superintendent of schools. The application as submitted to the State Board of Education shall include a description of the public hearing. Except with respect to contracting for adaptive driver education, an eligible applicant wishing to request a modification or waiver of administrative rules of the State Board of Education regarding contracting with a commercial driver training school to provide the course of study authorized under Section 27-24.2 of this Code must provide evidence with its application that the commercial driver training school with which it will contract holds a license issued by the Secretary of State under Article IV of Chapter 6 of the Illinois Vehicle Code and that each instructor employed by the commercial driver training school to provide instruction to students served by the school district holds a valid teaching certificate or teaching license, as applicable, issued under the requirements of this Code and rules of the State Board of Education. Such evidence must include, but need not be limited to, a list of each instructor assigned to teach students served by the school district, which list shall include the instructor's name, personal identification number as required by the State Board of Education, birth date, and driver's license.
number. If the modification or waiver is granted, then the eligible applicant shall notify the State Board of Education of any changes in the personnel providing instruction within 15 calendar days after an instructor leaves the program or a new instructor is hired. Such notification shall include the instructor's name, personal identification number as required by the State Board of Education, birth date, and driver's license number. If a school district maintains an Internet website, then the district shall post a copy of the final contract between the district and the commercial driver training school on the district's Internet website. If no Internet website exists, then the district shall make available the contract upon request. A record of all materials in relation to the application for contracting must be maintained by the school district and made available to parents and guardians upon request. The instructor's date of birth and driver's license number and any other personally identifying information as deemed by the federal Driver's Privacy Protection Act of 1994 must be redacted from any public materials. Following receipt of the waiver or modification request, the State Board shall have 45 days to review the application and request. If the State Board fails to disapprove the application within that 45 day period, the waiver or modification shall be deemed granted. The State Board may disapprove any request if it is not based upon sound educational practices, endangers the health or safety of students or staff, compromises equal opportunities for learning, or fails to demonstrate that the intent of the rule or mandate can be addressed in a more effective, efficient, or economical manner or have improved student performance as a primary goal. Any request disapproved by the State Board may be appealed to the General Assembly by the eligible applicant as outlined in this Section.

A request for a waiver from mandates contained in this School Code shall be submitted to the State Board within 15 days after approval by the board or regional superintendent of schools. The application as submitted to the State Board of Education shall include a description of the public hearing. The description shall include, but need not be limited to, the means of notice, the number of people in attendance, the number of people who spoke as proponents or opponents of the waiver, a brief description of their comments, and whether there were any written statements submitted. The State Board shall review the applications and requests for completeness and shall compile the requests in reports to be filed with the General Assembly. The State Board shall file reports outlining the waivers requested by eligible applicants and appeals by

eligible applicants of requests disapproved by the State Board with the Senate and the House of Representatives before each March 1 and October 1. The General Assembly may disapprove the report of the State Board in whole or in part within 60 calendar days after each house of the General Assembly next convenes after the report is filed by adoption of a resolution by a record vote of the majority of members elected in each house. If the General Assembly fails to disapprove any waiver request or appealed request within such 60 day period, the waiver or modification shall be deemed granted. Any resolution adopted by the General Assembly disapproving a report of the State Board in whole or in part shall be binding on the State Board.

(e) An approved waiver or modification (except a waiver from or modification to a physical education mandate) may remain in effect for a period not to exceed 5 school years and may be renewed upon application by the eligible applicant. However, such waiver or modification may be changed within that 5-year period by a board or regional superintendent of schools applying on behalf of schools or programs operated by the regional office of education following the procedure as set forth in this Section for the initial waiver or modification request. If neither the State Board of Education nor the General Assembly disapproves, the change is deemed granted.

An approved waiver from or modification to a physical education mandate may remain in effect for a period not to exceed 2 school years and may be renewed no more than 2 times upon application by the eligible applicant. An approved waiver from or modification to a physical education mandate may be changed within the 2-year period by the board or regional superintendent of schools, whichever is applicable, following the procedure set forth in this Section for the initial waiver or modification request. If neither the State Board of Education nor the General Assembly disapproves, the change is deemed granted.

Sec. 10-10. Board of education; term; vacancy. All school districts having a population of not fewer than 1,000 and not more than 500,000 inhabitants, as ascertained by any special or general census, and not governed by special Acts, shall be governed by a board of education consisting of 7 members, serving without compensation except as herein provided. Each member shall be elected for a term of 4 years for the initial members of the board of education of a combined school district to which that subsection applies. If 5 members are elected in 1983 pursuant to the extension of terms provided by law for transition to the consolidated election schedule under the general election law, 2 of those members shall be elected to serve terms of 2 years and 3 shall be elected to serve terms of 4 years; their successors shall serve for a 4 year term. When the voters of a district have voted to elect members of the board of education for 6 year terms, as provided in Section 9-5, the terms of office of members of the board of education of that district expire when their successors assume office but not later than 7 days after such election. If at the regular school election held in the first odd-numbered year after the determination to elect members for 6 year terms 2 members are elected, they shall serve for a 6 year term; and of the members elected at the next regular school election 3 shall serve for a term of 6 years and 2 shall serve a term of 2 years. Thereafter members elected in such districts shall be elected to a 6 year term. An election for board members shall not be held in school districts which by consolidation, annexation or otherwise shall cease to exist as a school district within 6 months after the election date, and the term of all board members which would otherwise terminate shall be continued until such district shall cease to exist. Each member, on the date of his or her election, shall be a citizen of the United States of the age of 18 years or over, shall be a resident of the State and the territory of the district for at least one year immediately preceding his or her election, shall be a registered voter as provided in the general election law, shall not be a school trustee, must not have been removed from a school board pursuant to Section 2-3.25f-5 of this Code (unless subsequently appointed as a member of an Independent Authority or if it has been 10 years since the abolition of the Independent Authority in the district), and shall not be a child sex offender as defined in Section 11-9.3 of the Criminal Code of 2012. When the board of education is the successor of the school directors, all rights of property, and all rights regarding causes of action existing or vested in such directors, shall vest in it as fully as they were vested in the school directors. Terms of members are subject to Section 2A-54 of the Election Code.

Nomination papers filed under this Section are not valid unless the candidate named therein files with the county clerk or the county board of election commissioners, as the case may be, of the county in which the principal office of the school district is located a receipt from the county clerk showing that the candidate has filed a statement of economic interests as required by the Illinois Governmental Ethics Act. Such receipt shall be so filed either previously during the calendar year in which his nomination papers were filed or within the period for the filing of nomination papers in accordance with the general election law.

Whenever a vacancy occurs, the remaining members shall notify the regional superintendent of that vacancy within 5 days after its occurrence and shall proceed to fill the vacancy until the next regular school election, at which election a successor shall be elected to serve the
remainder of the unexpired term. However, if the vacancy occurs with less than 868 days remaining in the term, or if the vacancy occurs less than 88 days before the next regularly scheduled election for this office then the person so appointed shall serve the remainder of the unexpired term, and no election to fill the vacancy shall be held. Should they fail so to act, within 45 days after the vacancy occurs, the regional superintendent of schools under whose supervision and control the district is operating, as defined in Section 3-14.2 of this Act, shall within 30 days after the remaining members have failed to fill the vacancy, fill the vacancy as provided for herein. Upon the regional superintendent's failure to fill the vacancy, the vacancy shall be filled at the next regularly scheduled election. Whether elected or appointed by the remaining members or regional superintendent, the successor shall be an inhabitant of the particular area from which his or her predecessor was elected if the residential requirements contained in Section 10-10.5 or 12-2 of this Code apply.

A board of education may appoint a student to the board to serve in an advisory capacity. The student member shall serve for a term as determined by the board. The board may not grant the student member any voting privileges, but shall consider the student member as an advisor. The student member may not participate in or attend any executive session of the board.

development of the scope of work statement, the Service Board shall contract for architectural or engineering services as defined by and in accordance with the Architectural, Engineering, and Land Surveying Qualifications Based Selection Act and all applicable licensing statutes.

(ii) The evaluation factors to be used in evaluating phase-one proposals must be stated in the solicitation and must include specialized experience and technical competence, capability to perform, past performance of the offeror's team (including the architect-engineer and construction members of the team) and other appropriate technical and qualifications factors. Each solicitation must establish the relative importance assigned to the evaluation factors and the subfactors that must be considered in the evaluation of phase-one proposals on the basis of the evaluation factors set forth in the solicitation. Each design/build team must include a licensed design professional independent from the Service Board's licensed architect or engineer and a licensed design professional must be named in the phase-one proposals submitted to the Service Board.

Each solicitation must establish the relative importance assigned to the evaluation factors and the subfactors that must be considered in the evaluation of phase-two proposals on the basis of the evaluation factors set forth in the solicitation. A Service Board may negotiate with the selected design/build team after award but prior to contract execution for the purpose of securing better terms than originally proposed, provided the salient features of the design/build solicitation are not diminished. Each phase-two solicitation evaluates separately (A) the technical submission for the proposal, including design concepts or proposed solutions to requirements addressed within the scope of work, and (B)

(v) All designs submitted as part of the two-phase selection process and not selected shall be proprietary to the preparers.

fund for the purposes of paying the costs of administering the program and extending protection to members pursuant to the limitations and procedures set forth in this Act.

(b) The guarantee fund shall be raised by means of an annual tax levied on all residential property within the territory of the program having at least one, but not more than 6 dwelling units and classified by county ordinance as residential. The rate of this tax may be changed from year to year by majority vote of the governing commission but in no case shall it exceed a rate of .12% of the equalized assessed valuation of all property in the territory of the program having at least one, but not more than 6 dwelling units and classified by county ordinance as residential, or the maximum tax rate approved by the voters of the territory at the referendum which created the program or, in the case of a merged program, the maximum tax rate approved by the voters at the referendum authorizing the merger, whichever rate is lower. The commissioners shall cause the amount to be raised by taxation in each year to be certified to the county clerk in the manner provided by law, and any tax so levied and certified shall be collected and enforced in the same manner and by the same officers as those taxes for the purposes of the county and city within which the territory of the commission is located. Any such tax, when collected, shall be paid over to the proper officer of the commission who is authorized to receive and receipt for such tax. The governing commission may issue tax anticipation warrants against the taxes to be assessed for the calendar year in which the program is created and for the first full calendar year after the creation of the program.

(c) The moneys deposited in the guarantee fund shall, as nearly as practicable, be fully and continuously invested or reinvested by the governing commission in investment obligations which shall be in such amounts, and shall mature at such times, that the maturity or date of redemption at the option of the holder of such investment obligations shall coincide, as nearly as practicable, with the times at which monies will be required for the purposes of the program. For the purposes of this Section investment obligation shall mean direct general municipal, state, or federal obligations which at the time are legal investments under the laws of this State and the payment of principal of and interest on which are unconditionally guaranteed by the governing body issuing them.

(d) Except as permitted by this subsection and subsection (d-5), the guarantee fund shall be used solely and exclusively for the purpose of providing guarantees to members of the particular Guaranteed Home

Equity Program and for reasonable salaries, expenses, bills, and fees incurred in administering the program, and shall be used for no other purpose.

A governing commission, with no less than $4,000,000 in its guarantee fund, may, if authorized by referendum duly adopted by a majority of the voters, establish a Low Interest Home Improvement Loan Program in accordance with and subject to procedures established by a financial institution, as defined in the Illinois Banking Act. Whenever the question of creating a Low Interest Home Improvement Loan Program is initiated by resolution or ordinance of the corporate authorities of the municipality or by a petition signed by not less than 10% of the total number of registered voters of each precinct in the territory, the registered voters of which are eligible to sign the petition, it shall be the duty of the election authority having jurisdiction over the municipality to submit the question of creating the program to the electors of each precinct within the territory at the regular election specified in the resolution, ordinance, or petition initiating the question. A petition initiating a question described in this subsection shall be filed with the election authority having jurisdiction over the municipality. The petition and objections to the petition shall be filed and made in the manner provided in the Election Code. A resolution, ordinance, or petition initiating a question described in this subsection shall specify the election at which the question is to be submitted. The referendum on the question shall be held in accordance with the Election Code. The question shall be in substantially the following form:

"Shall the (name of the home equity program) implement a Low Interest Home Improvement Loan Program with money from the guarantee fund of the established guaranteed home equity program?"

The votes must be recorded as "Yes" or "No".

Whenever a majority of the voters on the public question approve the creation of the program as certified by the proper election authorities, the commission shall establish the program and administer the program with funds collected under the Guaranteed Home Equity Program, subject to the following conditions:

1. At any given time, the cumulative total of all loans and loan guarantees (if applicable) issued under this program may not reduce the balance of the guarantee fund to less than $3,000,000.
2. Only eligible applicants may apply for a loan.
(3) The loan must be used for the repair, maintenance, remodeling, alteration, or improvement of a guaranteed residence. This condition is intended to include the repair or maintenance of a guaranteed residence's water and sewer pipes and repair of a guaranteed residence, including but not limited to basement repairs, following flooding damage to the property. This condition is not intended to exclude the repair, maintenance, remodeling, alteration, or improvement of a guaranteed residence's landscape. This condition is intended to exclude the demolition of a current residence. This condition is also intended to exclude the construction of a new residence.

(4) An eligible applicant may not borrow more than the amount of equity value in his or her residence.

(5) A commission must ensure that loans issued are secured with collateral that is at least equal to the amount of the loan or loan guarantee.

(6) A commission shall charge an interest rate which it determines to be below the market rate of interest generally available to the applicant.

(7) A commission may, by resolution, establish other administrative rules and procedures as are necessary to implement this program including, but not limited to, loan dollar amounts and terms. A commission may also impose on loan applicants a one-time application fee for the purpose of defraying the costs of administering the program.

(d-5) A governing commission, with no less than $4,000,000 in its guarantee fund, may, if authorized by referendum duly adopted by a majority of the voters, establish a Foreclosure Prevention Loan Fund to provide low interest emergency loans to eligible applicants that may be forced into foreclosure proceedings.

Whenever the question of creating a Foreclosure Prevention Loan Fund is initiated by resolution or ordinance of the corporate authorities of the municipality or by a petition signed by not less than 10% of the total number of registered voters of each precinct in the territory, the registered voters of which are eligible to sign the petition, it shall be the duty of the election authority having jurisdiction over the municipality to submit the question of creating the program to the electors of each precinct within the territory at the regular election specified in the resolution, ordinance, or petition initiating the question. A petition initiating a question described in
this subsection shall be filed with the election authority having jurisdiction over the municipality. The petition shall be filed and objections to the petition shall be made in the manner provided in the Election Code. A resolution, ordinance, or petition initiating a question described in this subsection shall specify the election at which the question is to be submitted. The referendum on the question shall be held in accordance with the Election Code. The question shall be in substantially the following form:

"Shall the (name of the home equity program) implement a Foreclosure Prevention Loan Fund with money from the guarantee fund of the established guaranteed home equity program?"

The votes must be recorded as "Yes" or "No".

Whenever a majority of the voters on the public question approve the creation of a Foreclosure Prevention Loan Fund as certified by the proper election authorities, the commission shall establish the program and administer the program with funds collected under the Guaranteed Home Equity Program, subject to the following conditions:

(1) At any given time, the cumulative total of all loans and loan guarantees (if applicable) issued under this program may not exceed $3,000,000.

(2) Only eligible applicants may apply for a loan. The Commission may establish, by resolution, additional criteria for eligibility.

(3) The loan must be used to assist with preventing foreclosure proceedings.

(4) An eligible applicant may not borrow more than the amount of equity value in his or her residence.

(5) A commission must ensure that loans issued are secured as a second lien on the property.

(6) A commission shall charge an interest rate which it determines to be below the market rate of interest generally available to the applicant.

(7) A commission may, by resolution, establish other administrative rules and procedures as are necessary to implement this program including, but not limited to, eligibility requirements for eligible applicants, loan dollar amounts, and loan terms.

(8) A commission may also impose on loan applicants a one-time application fee for the purpose of defraying the costs of administering the program.
(e) The guarantee fund shall be maintained, invested, and expended exclusively by the governing commission of the program for whose purposes it was created. Under no circumstance shall the guarantee fund be used by any person or persons, governmental body, or public or private agency or concern other than the governing commission of the program for whose purposes it was created. Under no circumstances shall the guarantee fund be commingled with other funds or investments.

(e-1) No commissioner or family member of a commissioner, or employee or family member of an employee, may receive any financial benefit, either directly or indirectly, from the guarantee fund. Nothing in this subsection (e-1) shall be construed to prohibit payment of expenses to a commissioner in accordance with Section 4 or payment of salaries or expenses to an employee in accordance with this Section.

As used in this subsection (e-1), "family member" means a spouse, child, stepchild, parent, brother, or sister of a commissioner or a child, stepchild, parent, brother, or sister of a commissioner's spouse.

(B) In the event of a projected surplus, if the Auditor General determines that the assumptions stated in the report are not unreasonable in the aggregate and that the plan of decreases in employee, retiree, dependent, or survivor contribution levels, increases in benefit levels, or both, is not unreasonable in the aggregate, then the Board of Trustees shall implement the plan. If the Auditor General determines that the assumptions stated in the report are unreasonable in the aggregate, or that the plan of decreases in employee,

The following do not in any way limit the right of a district to issue non-referendum bonds under this Section: bonds heretofore or hereafter issued and outstanding that are approved by referendum, as described in this subsection (d); refunding bonds issued to refund or continue to refund bonds approved by referendum; and bonds issued under this Section that have been paid in full or for which provisions for payment have been made by an irrevocable deposit of funds in an amount sufficient to pay the principal and interest on those bonds to their respective maturity date.

AN ACT concerning regulation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Insurance Code is amended by changing Sections 409 and 444 as follows:

(215 ILCS 5/409) (from Ch. 73, par. 1021)
Sec. 409. Annual privilege tax payable by companies.

(1) As of January 1, 1999 for all health maintenance organization premiums written; as of July 1, 1998 for all premiums written as accident and health business, voluntary health service plan business, dental service plan business, or limited health service organization business; and as of January 1, 1998 for all other types of insurance premiums written, every company doing any form of insurance business in this State, including, but not limited to, every risk retention group, and excluding all fraternal benefit societies, all farm mutual companies, all religious charitable risk pooling trusts, and excluding all statutory residual market and special purpose entities in which companies are statutorily required to participate, whether incorporated or otherwise, shall pay, for the privilege of doing business in this State, to the Director for the State treasury a State tax equal to 0.5% of the net taxable premium written, together with any amounts due under Section 444 of this Code, except that the tax to be paid on any premium derived from any accident and health insurance or on any insurance business written by any company operating as a health maintenance organization, voluntary health service plan, dental service plan, or limited health service organization shall be equal to 0.4% of such net taxable premium written, together with any amounts due under Section 444. Upon the failure of any company to pay any such tax due, the Director may, by order, revoke or suspend the company's certificate of authority after giving 20 days written notice to the company, or commence proceedings for the suspension of business in this State under the procedures set forth by Section 401.1 of this Code. The gross taxable premium written shall be the gross amount of premiums received on direct business during the calendar year on contracts covering risks in this State, except premiums on annuities, premiums on which State premium taxes are prohibited by federal law, premiums paid by the State for health care coverage for Medicaid eligible insureds as described in Section 5-2 of the

Illinois Public Aid Code, premiums paid for health care services included as an element of tuition charges at any university or college owned and operated by the State of Illinois, premiums on group insurance contracts under the State Employees Group Insurance Act of 1971, and except premiums for deferred compensation plans for employees of the State, units of local government, or school districts. The net taxable premium shall be the gross taxable premium written reduced only by the following:

(a) the amount of premiums returned thereon which shall be limited to premiums returned during the same preceding calendar year and shall not include the return of cash surrender values or death benefits on life policies including annuities;

(b) dividends on such direct business that have been paid in cash, applied in reduction of premiums or left to accumulate to the credit of policyholders or annuitants. In the case of life insurance, no deduction shall be made for the payment of deferred dividends paid in cash to policyholders on maturing policies; dividends left to accumulate to the credit of policyholders or annuitants shall be included as gross taxable premium written when such dividend accumulations are applied to purchase paid-up insurance or to shorten the endowment or premium paying period.

(2) The annual privilege tax payment due from a company under subsection (4) of this Section may be reduced by: (a) the excess amount, if any, by which the aggregate income taxes paid by the company, on a cash basis, for the preceding calendar year under Sections 601 and 803 subsections (a) through (d) of Section 204 of the Illinois Income Tax Act exceed 1.5% of the company's net taxable premium written for that prior calendar year, as determined under subsection (1) of this Section; and (b) the amount of any fire department taxes paid by the company during the preceding calendar year under Section 11-10-1 of the Illinois Municipal Code. Any deductible amount or offset allowed under items (a) and (b) of this subsection for any calendar year will not be allowed as a deduction or offset against the company's privilege tax liability for any other taxing period or calendar year.

(3) If a company survives or was formed by a merger, consolidation, reorganization, or reincorporation, the premiums received and amounts returned or paid by all companies party to the merger, consolidation, reorganization, or reincorporation shall, for purposes of determining the amount of the tax imposed by this Section, be regarded as received, returned, or paid by the surviving or new company.

(4)(a) All companies subject to the provisions of this Section shall make an annual return for the preceding calendar year on or before March 15 setting forth such information on such forms as the Director may reasonably require. Payments of quarterly installments of the taxpayer's total estimated tax for the current calendar year shall be due on or before April 15, June 15, September 15, and December 15 of such year, except that all companies transacting insurance in this State whose annual tax for the immediately preceding calendar year was less than $5,000 shall make only an annual return. Failure of a company to make the annual payment, or to make the quarterly payments, if required, of at least 25% of either (i) the total tax paid during the previous calendar year or (ii) 80% of the actual tax for the current calendar year shall subject it to the penalty provisions set forth in Section 412 of this Code.

(b) Notwithstanding the foregoing provisions, no annual return shall be required or made on March 15, 1998, under this subsection. For the calendar year 1998:

(i) each health maintenance organization shall have no estimated tax installments;

(ii) all companies subject to the tax as of July 1, 1998 as set forth in subsection (1) shall have estimated tax installments due on September 15 and December 15 of 1998 which installments shall each amount to no less than one-half of 80% of the actual tax on its net taxable premium written during the period July 1, 1998, through December 31, 1998; and

(iii) all other companies shall have estimated tax installments due on June 15, September 15, and December 15 of 1998 which installments shall each amount to no less than one-third of 80% of the actual tax on its net taxable premium written during the calendar year 1998.

In the year 1999 and thereafter all companies shall make annual and quarterly installments of their estimated tax as provided by paragraph (a) of this subsection.

(5) In addition to the authority specifically granted under Article XXV of this Code, the Director shall have such authority to adopt rules and establish forms as may be reasonably necessary for purposes of determining the allocation of Illinois corporate income taxes paid under subsections (a) through (d) of Section 201 of the Illinois Income Tax Act amongst members of a business group that files an Illinois corporate income tax return on a unitary basis, for purposes of regulating the

amendment of tax returns, for purposes of defining terms, and for purposes of enforcing the provisions of Article XXV of this Code. The Director shall also have authority to defer, waive, or abate the tax imposed by this Section if in his opinion the company's solvency and ability to meet its insured obligations would be immediately threatened by payment of the tax due.

Whenever any other state or country shall refuse to permit any insurance company incorporated or organized under the laws of this State to transact business according to its usual plan in such other state or country, the director may, if satisfied that such company of this State is solvent, properly managed, and can operate legally under the laws of such other state or country, forthwith suspend or cancel the license of every insurance company doing business in this State which is incorporated or organized under the laws of such other state or country to the extent that it insures in this State against
any of the risks or hazards which are sought to be insured against by the company of this State in such other state or country.

(2) The provisions of this Section shall not apply to residual market or special purpose assessments or guaranty fund or guaranty association assessments, both under the laws of this State and under the laws of any other state or country, and any tax offset or credit for any such assessment shall, for purposes of this Section, be treated as a tax paid both under the laws of this State and under the laws of any other state or country.

(3) The terms "penalties", "fees", "charges", and "taxes" in subsection (1) of this Section shall include: the penalties, fees, charges, and taxes collected on a cash basis under State law and referenced within Article XXV exclusive of any items referenced by subsection (2) of this Section, but including any tax offset allowed under Section 531.13 of this Code; the aggregate Illinois corporate income taxes paid imposed under Sections 601 and 803 subsections (a) through (d) of Section 201 of the Illinois Income Tax Act during the calendar year for which the retaliatory tax calculation is being made, less the recapture of any Illinois corporate income tax cash refunds to the extent that the amount of tax refunded was reported as part of the Illinois basis in the calculation of the retaliatory tax for a prior tax year, provided that such recaptured refund shall not exceed the amount necessary for equivalence of the Illinois basis with the state of incorporation basis in such tax year, and after any tax offset allowed under Section 531.13 of this Code; income or personal property taxes imposed by other states or countries; penalties, fees, charges, and taxes of other states or countries imposed for purposes like those of the penalties, fees, charges, and taxes specified in Article XXV of this Code exclusive of any item referenced in subsection (2) of this Section; and any penalties, fees, charges, and taxes required as a franchise, privilege, or licensing tax for conducting the business of insurance whether calculated as a percentage of income, gross receipts, premium, or otherwise.

(4) Nothing contained in this Section or Section 409 or Section 444.1 is intended to authorize or expand any power of local governmental units or municipalities to impose taxes, fees, or charges.

(5) This Section is subject to the provisions of Section 10 of the New Markets Development Program Act.

(a) The State Board of Elections shall establish and maintain a system for online voter registration that permits a person to apply to register to vote or to update his or her existing voter registration. In accordance with technical specifications provided by the State Board of Elections, each election authority shall maintain a voter registration system capable of receiving and processing voter registration application information, including electronic signatures, from the online voter registration system established by the State Board of Elections.

(b) The online voter registration system shall employ security measures to ensure the accuracy and integrity of voter registration applications submitted electronically pursuant to this Section.

(c) The Board may receive voter registration information provided by applicants using the State Board of Elections' website, may cross reference that information with data or information contained in the Secretary of State's database in order to match the information submitted by applicants, and may receive from the Secretary of State the applicant's digitized signature upon a successful match of that applicant's information with that contained in the Secretary of State's database.

(d) Notwithstanding any other provision of law, a person who is qualified to register to vote and who has an authentic Illinois driver's license or State identification card issued by the Secretary of State may submit an application to register to vote electronically on a website maintained by the State Board of Elections.

(e) An online voter registration application shall contain all of the information that is required for a paper application as provided in Section 1A-16 of this Code, except that the applicant shall be required to provide:

2. the last 4 digits of the applicant's social security number; and
3. the date the Illinois driver's license or State identification card was issued.

New matter indicated by italics - deletions by strikeout
(f) For an applicant's registration or change in registration to be accepted, the applicant shall mark the box associated with the following statement included as part of the online voter registration application:

"By clicking on the box below, I swear or affirm all of the following:

(1) I am the person whose name and identifying information is provided on this form, and I desire to register to vote in the State of Illinois.

(2) All the information I have provided on this form is true and correct as of the date I am submitting this form.

(3) I authorize the Secretary of State to transmit to the State Board of Elections my signature that is on file with the Secretary of State and understand that such signature will be used by my local election authority on this online voter registration application for admission as an elector as if I had signed this form personally."

(g) Immediately upon receiving a completed online voter registration application, the online voter registration system shall send, by electronic mail, a confirmation notice that the application has been received. Within 48 hours of receiving such an application, the online voter registration system shall send by electronic mail, a notice informing the applicant of whether the following information has been matched with the Secretary of State database:

   (1) that the applicant has an authentic Illinois driver's license or State identification card issued by the Secretary of State and that the driver's license or State identification number provided by the applicant matches the driver's license or State identification card number for that person on file with the Secretary of State;

   (2) that the date of issuance of the Illinois driver's license or State identification card listed on the application matches the date of issuance of that card for that person on file with the Secretary of State;

    (1) retrieve from the Secretary of State's database files an electronic copy of the applicant's signature from his or her Illinois driver's license or State identification card and such signature shall be deemed to be the applicant's signature on his or her online voter registration application;

    (2) within 2 days of receiving the application, forward to the county clerk or board of election commissioners having jurisdiction over the applicant's voter registration: (i) the application, along with the applicant's relevant data that can be directly loaded into the jurisdiction's voter registration system and (ii) a copy of the applicant's electronic signature and a certification from the State Board of Elections that the applicant's driver's license or State identification card number, driver's license or State identification card date of issuance, and date of birth and social security information have been successfully matched.

    (i) Upon receipt of the online voter registration application, the county clerk or board of election commissioners having jurisdiction over the applicant's voter registration shall promptly search its voter registration database to determine whether the applicant is already registered to vote at the address on the application and whether the new registration would create a duplicate registration. If the applicant is already registered to vote at the address on the application, the clerk or board, as the case may be, shall send the applicant by first class mail, and electronic mail if the applicant has provided an electronic mail address on the original voter registration form for that address, a disposition notice as otherwise required by law informing the applicant that he or she is already registered to vote at such address. If the applicant is not already registered to vote at the address on the application and the applicant is otherwise eligible to register to vote, the clerk or board, as the case may be, shall:

        (1) enter the name and address of the applicant on the list of registered voters in the jurisdiction; and

(k) Any new registration or change of address submitted electronically as provided in this Section shall become effective as of the date it is received by the county clerk or board of election commissioners having jurisdiction over said registration. Disposition notices prescribed in this Section shall be sent within 5 business days of receipt of the online application or change of address by the county clerk or board of election commissioners.

(l) All provisions of this Code governing voter registration and applicable thereto and not inconsistent with this Section shall apply to online voter registration under this Section. All applications submitted on a website maintained by the State Board of Elections shall be deemed timely filed if they are submitted no later than 11:59 p.m. on the final day for voter registration prior to an election. After the registration period for an upcoming election has ended and until the 2nd day following such election, the web page containing the online voter registration form on the State Board of Elections website shall inform users of the procedure for grace period voting.

Sec. 1A-16.6. Government agency voter registration.

(a) By April 1, 2016, the State Board of Elections shall establish and maintain a portal for government agency registration that permits an eligible person to electronically apply to register to vote or to update his or her existing voter registration whenever he or she conducts business, either online or in person, with a designated government agency. The portal shall interface with the online voter registration system established in Section 1A-16.5 of this Code and shall be capable of receiving and processing voter registration application information, including electronic signatures, from a designated government agency. The State Board of Elections shall modify the online voter registration system as necessary to implement this Section.

Voter registration data received from a designated government agency through the online registration system shall be processed as provided for in Section 1A-16.5 of this Code.

 Whenever the registration interface is accessible to the general public, including, but not limited to, online transactions, the interface shall allow the applicant to complete the process as provided for in Section 1A-16.5 of this Code. The online interface shall be capable of providing the applicant with the applicant's voter registration status with the State Board of Elections and, if registered, the applicant's current registration address. The applicant shall not be required to re-enter any registration data, such as name, address, and birth date, if the designated government agency already has that information on file.  Whenever a government employee is accessing the registration system while servicing the applicant, the government employee shall notify the applicant of the applicant's registration status with the State Board of Elections and, if registered, the applicant's current registration address. If

the applicant elects to register to vote or to update his or her existing voter registration, the government employee shall collect the needed information and assist the applicant with his or her registration. The applicant shall be informed that by choosing to register to vote or to update his or her existing voter registration, the applicant consents to the transfer of the applicant's personal information to the State Board of Elections.

In accordance with technical specifications provided by the State Board of Elections, each designated government agency shall maintain a data transfer mechanism capable of transmitting voter registration application information, including electronic signatures where available, to the online voter registration system established in Section 1A-16.5 of this Code. Each designated government agency shall establish and operate a voter registration system capable of transmitting voter registration application information to the portal as described in this Section by July 1, 2016.

(b) Whenever an applicant's data is transferred from a designated government agency, the agency must transmit a signature image if available. If no signature image was provided by the agency or if no signature image is available in the Secretary of State's database or the statewide voter registration database, the applicant must be notified that their registration will remain in a pending status and the applicant will be required to provide identification and a signature to the election authority on Election Day in the polling place or during early voting.

Sec. 1A-16.8. Automatic transfer of registration based upon information from the National Change of Address database. The State Board of Elections shall cross-reference the statewide voter registration database against the United States Postal Service's National Change of Address database twice each calendar year, April 15 and October 1 in odd-numbered years and April 15 and December 1 in even-numbered years, and shall share the findings with the election authorities. An election authority shall automatically register any voter who has moved into its jurisdiction from another jurisdiction in Illinois or has moved within its jurisdiction provided that:

(1) the election authority whose jurisdiction includes the new registration address provides the voter an opportunity to reject the change in registration address through a mailing, sent by non-forwardable mail, to the new registration address, and

(2) when the election authority whose jurisdiction includes the previous registration address is a different election authority, then that election authority provides the same opportunity through a mailing, sent by forwardable mail, to the previous registration address.

This change in registration shall trigger the same inter-jurisdictional or intra-jurisdictional workflows as if the voter completed a new registration card, including the cancellation of the voter's previous registration. Should the registration of a voter be changed from one address to another within the State and should the voter appear at the polls and offer to vote from the prior registration address, attesting that the prior registration address is the true current address, the voter, if confirmed by the election authority as having been registered at the prior registration address and canceled only by the process authorized by this Section, shall be issued a regular ballot, and the change of registration address shall be canceled. If the election authority is unable to immediately confirm the registration, the voter shall be issued a provisional ballot and the provisional ballot shall be counted.

(1) The centralized statewide voter registration list shall be compiled from the voter registration data bases of each election authority in this State.

(2) With the exception of voter registration forms submitted electronically through an online voter registration system, all new voter registration forms and applications to register to vote, including those reviewed by the Secretary of State at a driver services facility, shall be transmitted only to the appropriate election authority as required by Articles 4, 5, and 6 of this Code and not to the State Board of Elections. All voter registration forms submitted electronically to the State Board of Elections through an online voter registration system shall be transmitted to the appropriate election authority as required by Section 1A-16.5. The election authority shall process and verify each voter registration form and electronically enter verified registrations on an expedited basis onto the statewide voter registration list. All original registration cards shall remain permanently in the office of the election authority as required by this Code.

(3) The centralized statewide voter registration list shall:
   (i) Be designed to allow election authorities to utilize the registration data on the statewide voter registration list pertinent to voters registered in their election jurisdiction on locally maintained software programs that are unique to each jurisdiction.
   (ii) Allow each election authority to perform essential election management functions, including but not limited to production of voter lists, processing of vote by mail absentee voters, production of individual, pre-printed applications to vote, administration of election judges, and polling place administration, but shall not prevent any election authority from using information from that election authority's own systems.

Sec. 4-50. Grace period. Notwithstanding any other provision of this Code to the contrary, each election authority shall establish procedures for the registration of voters and for change of address during the period from the close of registration for an election and until the 3rd day of the before an election, except that during the 2014 general election the period shall extend until the polls close on election day. During this grace period, an unregistered qualified elector may register to vote, and a registered voter may submit a change of address form, in person in the office of the election authority, at a permanent polling place established under Section 19A-10, at any other early voting site beginning 15 days prior to the election, at a polling place on election day, or at a voter registration location specifically designated for this purpose by the election authority. During the 2014 general election, an unregistered qualified elector may register to vote, and a registered voter may submit a change of address form, in person at any permanent polling place for early voting established under Section 19A-10 through election day. The election authority shall register that individual, or change a registered voter's address, in the same manner as otherwise provided by this Article for registration and change of address.

If a voter who registers or changes address during this grace period wishes to vote at the first election or primary occurring during after the grace period, he or she must do so by grace period voting. The election authority shall offer in-person grace period voting at the authority's office, and any permanent polling place established under Section 19A-10, and at
any other early voting site beginning 15 days prior to the election, at a polling place on election day, where grace period registration is required by this Section; and may offer in-person grace period voting at additional hours and locations specifically designated for the purpose of grace period voting by the election authority. The election authority may allow grace period voting by mail only if the election authority has no ballots prepared at the authority's office. Grace period voting shall be in a manner substantially similar to voting under Article 19A 19.

Within one day after a voter casts a grace period ballot, or within one day after the ballot is received by the election authority if the election authority allows grace period voting by mail, the election authority shall transmit by electronic means pursuant to a process established by the State Board of Elections the voter's name, street address, e-mail address, and precinct, ward, township, and district numbers, as the case may be, to the State Board of Elections, which shall maintain those names and that information in an electronic format on its website, arranged by county and accessible to State and local political committees. The name of each person issued a grace period ballot shall also be placed on the appropriate precinct list of persons to whom vote by mail absentee and early ballots have been issued, for use as provided in Sections 17-9 and 18-5.

A person who casts a grace period ballot shall not be permitted to revoke that ballot and vote another ballot with respect to that primary or election. Ballots cast by persons who register or change address during the grace period at a location other than their designated polling place on election day must be transmitted to and counted at the election authority's central ballot counting location and shall not be transmitted to and counted at precinct polling places. The grace period ballots determined to be valid shall be added to the vote totals for the precincts for which they were cast in the order in which the ballots were opened.

In counties with a population of less than 100,000 that do not have electronic poll books, the election authority may opt out of registration in the polling place if the election authority establishes grace period registration and voting at other sites on election day at the following sites: (i) the election authority's main office and (ii) a polling place in each municipality where 20% or more of the county's residents reside if the election authority's main office is not located in that municipality. The election authority may establish other grace period registration and voting sites on election day provided that the election authority has met

Sec. 4-105. First time voting. A person must vote for the first time in person and not by a vote by mail mailed absentee ballot if the person registered to vote by mail, unless the person first provides the appropriate election authority with sufficient proof of identity and the election authority verifies the person's proof of identity. Sufficient proof of identity shall be demonstrated by submission of the person's driver's license number or State identification card number or, if the person does not have either of those, verification by the last 4 digits of the person's social security number, a copy of a current and valid photo identification, or a copy of a current utility bill, bank statement, paycheck, government check, or other federal, State, or local government document that shows the person's name and address. A person may also demonstrate sufficient proof of identity by submission of a photo identification issued by a college or university accompanied by either a copy of the applicant's contract or lease for a residence or any postmarked mail delivered to the applicant at his or her current residence address. Persons who apply to register to vote by mail but provide inadequate proof of identity to the election authority shall be notified by the election authority that the registration has not been fully completed and that the person remains ineligible to vote by mail or in person until such proof is presented.

Sec. 5-9. Except as herein provided, no person shall be registered unless he applies in person to registration officer, answers such relevant questions as may be asked of him by the registration officer, and executes the affidavit of registration. The registration officer shall require the applicant to furnish two forms of identification, and except in the case of a homeless individual, one of which must include his or her residence address. These forms of identification shall include, but not be limited to, any of the following: driver's license, social security card, public aid identification card, utility bill, employee or student identification card, lease or contract for a residence, credit card, or a civic, union or professional association membership card. This use may be demonstrated by a piece of mail addressed to that individual and received at that address or by a statement from a person authorizing use of the mailing address. The registration officer shall require each applicant for registration to read or have read to him the affidavit of registration before permitting him to execute the affidavit.

One of the Deputy Registrars, the Judge of Registration, or an Officer of Registration, County Clerk, or clerk in the office of the County Clerk, shall administer to all persons who shall personally apply to register the following oath or affirmation:

The Registration Officer shall satisfy himself that each applicant for registration is qualified to register before registering him. If the registration officer has reason to believe that the applicant is a resident of a Soldiers' and Sailors' Home or any facility which is licensed or certified pursuant to the Nursing Home Care Act, the Specialized Mental Health Rehabilitation Act of 2013, or the ID/DD Community Care Act, the following question shall be put, "When you entered the home which is your present address, was it your bona fide intention to become a resident thereof?" Any voter of a township, city, village or incorporated town in which such applicant resides, shall be permitted to be present at the place of precinct registration, and shall have the right to challenge any applicant who applies to be registered.

In case the officer is not satisfied that the applicant is qualified, he shall forthwith in writing notify such applicant to appear before the County Clerk to furnish further proof of his qualifications. Upon the card of such applicant shall be written the word "Incomplete" and no such applicant shall be permitted to vote unless such registration is satisfactorily completed as hereinafter provided. No registration shall be taken and marked as "incomplete" if information to complete it can be furnished on the date of the original application.

Any person claiming to be an elector in any election precinct in such township, city, village or incorporated town and whose registration is marked "Incomplete" may make and sign an application in writing, under oath, to the County Clerk in substance in the following form:

conduct of the election and shall not, in any event, be permitted to handle
election materials. Pollwatchers may challenge for cause the voting
qualifications of a person offering to vote and may call to the attention of
the judges of election any incorrect procedure or apparent violations of this
Code.

If a majority of the judges of election determine that the polling
place has become too overcrowded with pollwatchers so as to interfere

election authority. If the name of the same person has been presented as a candidate for 2 or more offices which are incompatible so that the same person could not serve in more than one of such offices if elected, that person must withdraw as a candidate for all but one of such offices within the 5 business days following the last day for petition filing. If he fails to withdraw as a candidate for all but one of such offices within such time, his name shall not be certified, nor printed on the ballot, for any office. However, nothing in this section shall be construed as precluding a judge who is seeking retention in office from also being a candidate for another judicial office. Except as otherwise herein provided, in case the certificate of nomination or petition as provided for in this Article shall contain or exhibit the name of any candidate for any office upon more than one of said certificates or petitions (for the same office), then and in that case the Board or election authority or local election official, as the case may be, shall immediately notify said candidate of said fact and that his name appears unlawfully upon more than one of said certificates or petitions and that within 3 days from the receipt of said notification, said candidate must elect as to which of said political party appellations or groups he desires his name to appear and remain upon said ballot, and if said candidate refuses, fails or neglects to make such election, then and in that case the Board or election authority or local election official, as the case may be, shall permit the name of said candidate to appear or be printed or placed upon said ballot only under the political party appellation or group appearing on the certificate of nomination or petition, as the case may be, first filed, and shall strike or cause to be stricken the name of said candidate from all certificates of nomination and petitions filed after the first such certificate of nomination or petition.

Whenever the name of a candidate for an office is withdrawn from a new political party petition, it shall constitute a vacancy in nomination for that office which may be filled in accordance with Section 10-11 of this Article; provided, that if the names of all candidates for all offices on a new political party petition are withdrawn or such petition is declared invalid by an electoral board or upon judicial review, no vacancies in nomination for those offices shall exist and the filing of any notice or resolution purporting to fill vacancies in nomination shall have no legal effect.

Whenever the name of an independent candidate for an office is withdrawn or an independent candidate's petition is declared invalid by an electoral board or upon judicial review, no vacancy in nomination for that office...
office shall exist and the filing of any notice or resolution purporting to fill a vacancy in nomination shall have no legal effect.

All certificates of nomination and nomination papers when presented or filed shall be open, under proper regulation, to public inspection, and the State Board of Elections and the several election authorities and local election officials having charge of nomination papers shall preserve the same in their respective offices not less than 6 months.

Sec. 12-1. At least 60 days prior to each general and consolidated election, the election authority shall provide public notice, calculated to reach elderly and handicapped voters, of the availability of registration and voting aids under the Federal Voting Accessibility for the Elderly and Handicapped Act, of the availability of assistance in marking the ballot, procedures for voting by vote by mail absentee ballot, and procedures for voting early by personal appearance.

At least 30 days before any general election, and at least 20 days before any special congressional election, the county clerk shall publish a notice of the election in 2 or more newspapers published in the county, city, village, incorporated town or town, as the case may be, or if there is no such newspaper, then in any 2 or more newspapers published in the county and having a general circulation throughout the community. Sec. 13-1. In counties not under township organization, the county board of commissioners shall at its meeting in July in each even-numbered year appoint in each election precinct 5 capable and discreet persons meeting the qualifications of Section 13-4 to be judges of election. Where neither voting machines nor electronic, mechanical or electric voting systems are used, the county board may, for any precinct with respect to which the board considers such action necessary or desirable in view of the number of voters, and shall for general elections for any precinct containing more than 600 registered voters, appoint in addition to the 5 judges of election a team of 5 tally judges. In such precincts the judges of election shall preside over the election during the hours the polls are open, and the tally judges, with the assistance of the holdover judges designated pursuant to Section 13-6.2, shall count the vote after the closing of the
polls. However, the County Board of Commissioners may appoint 3 judges of election to serve in lieu of the 5 judges of election otherwise required by this Section to serve in any emergency referendum, or in any odd-year regular election or in any special primary or special election called for the purpose of filling a vacancy in the office of representative in the United States Congress or to nominate candidates for such purpose. The tally judges shall possess the same qualifications and shall be appointed in the same manner and with the same division between political parties as is provided for judges of election.

In addition to such precinct judges, the county board of commissioners shall appoint special panels of 3 judges each, who shall possess the same qualifications and shall be appointed in the same manner and with the same division between political parties as is provided for other judges of election. The number of such panels of judges required shall be determined by regulations of the State Board of Elections which shall base the required numbers of special panels on the number of registered voters in the jurisdiction or the number of vote by mail absentee ballots voted at recent elections, or any combination of such factors.

Such appointment shall be confirmed by the court as provided in Section 13-3 of this Article. No more than 3 persons of the same political party shall be appointed judges of the same election precinct or election judge panel. The appointment shall be made in the following manner: The county board of commissioners shall select and approve 3 persons as judges of election in each election precinct from a certified list, furnished by the chairman of the County Central Committee of the first leading political party in such precinct; and the county board of commissioners shall also select and approve 2 persons as judges of election in each election precinct from a certified list, furnished by the chairman of the County Central Committee of the second leading political party. However, if only 3 judges of election serve in each election precinct, no more than 2 persons of the same political party shall be judges of election in the same election precinct; and which political party is entitled to 2 judges of election and which political party is entitled to one judge of election shall be determined in the same manner as set forth in the next two preceding sentences with regard to 5 election judges in each precinct. Such certified list shall be filed with the county clerk not less than 10 days before the annual meeting of the county board of commissioners. Such list shall be arranged according to precincts. The chairman of each county central committee shall, insofar as possible, list persons who reside within the

precinct in which they are to serve as judges. However, he may, in his sole discretion, submit the names of persons who reside outside the precinct but within the county embracing the precinct in which they are to serve. He must, however, submit the names of at least 2 residents of the precinct for each precinct in which his party is to have 3 judges and must submit the name of at least one resident of the precinct for each precinct in which his party is to have 2 judges. The county board of commissioners shall acknowledge in writing to each county chairman the names of all persons submitted on such certified list and the total number of persons listed thereon. If no such list is filed or such list is incomplete (that is, no names or an insufficient number of names are furnished for certain election precincts), the county board of commissioners shall make or complete such list from the names contained in the supplemental list provided for in Section 13-1.1. The election judges shall hold their office for 2 years from their appointment, and until their successors are duly appointed in the manner provided in this Act. Sec. 13-1.1. In addition to the list provided for in Section 13-1 or 13-2, the chairman of the county central committee, or each township committeeperson in a county with a population of more than 3,000,000, of each of the two leading political parties shall submit to the county board a supplemental list, arranged according to precincts in which they are to serve, of persons available as judges of election, the names and number of all persons listed thereon to be acknowledged in writing to the county chairman or township committeeperson, as the case may be, submitting such list by the county board. Sec. 13-2. In counties under the township organization the county board shall at its meeting in July in each even-numbered year except in counties containing a population of 3,000,000 inhabitants or over and except when such judges are appointed by election commissioners, select in each election precinct in the county, 5 capable and discreet persons to be judges of election who shall possess the qualifications required by this Act for such judges. Where neither voting machines nor electronic, mechanical or electric voting systems are used, the county board may, for any precinct with respect to which the board considers such action necessary or desirable in view of the number of voters, and shall for general elections for any precinct containing more than 600 registered voters, appoint in addition to the 5 judges of election a team of 5 tally judges. In such precincts the judges of election shall preside over the election during the hours the polls are open, and the tally judges, with the assistance of the holdover judges designated pursuant to Section 13-6.2, shall count the vote after the closing of the polls. The tally judges shall possess the same qualifications and shall be appointed in the same manner and with the same division between political parties as is provided for judges of election.

However, the county board may appoint 3 judges of election to serve in lieu of the 5 judges of election otherwise required by this Section to serve in any emergency referendum, or in any odd-year regular election or in any special primary or special election called for the purpose of filling a vacancy in the office of representative in the United States Congress or to nominate candidates for such purpose.

In addition to such precinct judges, the county board shall appoint special panels of 3 judges each, who shall possess the same qualifications and shall be appointed in the same manner and with the same division between political parties as is provided for other judges of election. The number of such panels of judges required shall be determined by regulations of the State Board of Elections, which shall base the required number of special panels on the number of registered voters in the
jurisdiction or the number of absentee ballots voted at recent elections or any combination of such factors.

No more than 3 persons of the same political party shall be appointed judges in the same election district or undivided precinct. The election of the judges of election in the various election precincts shall be made in the following manner: The county board shall select and approve 3 of the election judges in each precinct from a certified list furnished by the chairman of the County Central Committee of the first leading political party in such election precinct and shall also select and approve 2 judges of election in each election precinct from a certified list furnished by the chairman of the County Central Committee of the second leading political party in such election precinct. However, if only 3 judges of election serve in each election precinct, no more than 2 persons of the same political party shall be judges of election in the same election precinct; and which political party is entitled to 2 judges of election and which political party is entitled to one judge of election shall be determined in the same manner as set forth in the next two preceding sentences with regard to 5 election judges in each precinct. The respective County Central Committee chairman shall notify the county board by June 1 of each odd-numbered year immediately preceding the annual meeting of the county board whether or not such certified list will be filed by such chairman. Such list shall be arranged according to precincts. The chairman of each county central committee shall, insofar as possible, list persons who reside within the precinct in which they are to serve as judges. However, he may, in his sole discretion, submit the names of persons who reside outside the precinct but within the county embracing the precinct in which they are to serve. He must, however, submit the names of at least 2 residents of the precinct for each precinct in which his party is to have 3 judges and must submit the name of at least one resident of the precinct for each precinct in which his party is to have 2 judges. Such certified list, if filed, shall be filed with the county clerk not less than 20 days before the annual meeting of the county board. The county board shall acknowledge in writing to each county chairman the names of all persons submitted on such certified list and the total number of persons listed thereon. If no such list is filed or the list is incomplete (that is, no names or an insufficient number of names are furnished for certain election precincts), the county board shall make or complete such list from the names contained in the supplemental list provided for in Section 13-1.1. Provided, further, that in any case where a township has been or shall be redistricted, in whole or in part, subsequent
to one general election for Governor, and prior to the next, the judges of
election to be selected for all new or altered precincts shall be selected in
that one of the methods above detailed, which shall be applicable
according to the facts and circumstances of the particular case, but the
majority of such judges for each such precinct shall be selected from the
first leading political party, and the minority judges from the second
leading political party. Provided, further, that in counties having a
population of 3,000,000 inhabitants or over the selection of
judges of election shall be made in the same manner in all respects as in
other counties, except that the provisions relating to tally judges are
inapplicable to such counties and except that the county board shall meet
during the month of January for the purpose of making such selection,
each township committeeperson shall assume the responsibilities given to
the chairman of the county central committee in this Section for the
precincts within his or her township, and the township committeeperson
chairman of each county central committee shall notify the county board
by the preceding October 1 whether or not the certified list will be filed.
Such judges of election shall hold their office for 2 years from their
appointment and until their successors are duly appointed in the manner
provided in this Act. The county board shall fill all vacancies in the office
of judges of elections at any time in the manner herein provided.

Such selections under this Section shall be confirmed by the circuit
court as provided in Section 13-3 of this Article.

In addition to their per day compensation and notwithstanding the limitations thereon stated herein, the judges of election, in all counties with a population of less than 600,000, shall be paid $3 each for each 100 voters or portion thereof, in excess of 200 voters voting for candidates in the election district or precinct wherein the judge is serving, whether a primary or an election is being held. However, no such extra compensation shall be paid to the judges of election in any precinct in which no paper ballots are counted by such judges of election. The 2 judges of election in counties having a population of less than 600,000 who deliver the returns to the county clerk shall each be allowed and paid a sum to be determined by the election authority for such services and an additional sum per mile to be determined by the election authority for every mile necessarily travelled in going to and returning from the office or place to which they deliver the returns. The compensation for mileage shall be consistent with current rates paid for mileage to employees of the county.

However, all judges who have been certified by the County Clerk or Board of Election Commissioners as having satisfactorily completed, within the 2 years preceding the day of election, the training course for judges of election, as provided in Sections 13-2.1, 13-2.2 and 14-4.1 of this Act, shall receive additional compensation of not less than $10 per day in counties of less than 600,000 inhabitants, the additional compensation of not less than $10 per day in counties having a population of at least 600,000 but less than 2,000,000 inhabitants as fixed by the county board of election commissioners of each such county, and additional compensation of not less than $20 per day in counties having a population of 2,000,000 or more for primaries and elections under the jurisdiction of the county clerk, and additional compensation of not less than $20 per day in counties having a population of 2,000,000 or more for primaries and elections under the jurisdiction of the county clerk.

In precincts in which there are tally judges, the compensation of the tally judges shall be 2/3 of that of the judges of election and each holdover judge shall be paid the compensation of a judge of election plus that of a tally judge.

Sec. 14-3.1. The board of election commissioners shall, during the month of July of each even-numbered year, select for each election precinct within the jurisdiction of the board 5 persons to be judges of election who shall possess the qualifications required by this Act for such judges. The selection shall be made by a county board of election commissioners in the following manner: the county board of election commissioners shall select and approve 3 persons as judges of election in each election precinct from a certified list furnished by the chairman of the county central committee of the first leading political party in that precinct; the county board of election commissioners also shall select and approve 2 persons as judges of election in each election precinct from a certified list furnished by the chairman of the county central committee of the second leading political party in that precinct. The selection by a municipal board of election commissioners shall be made in the following manner: for each precinct, 3 judges shall be selected from one of the 2 leading political parties and the other 2 judges shall be selected from the other leading political party; the parties entitled to 3 and 2 judges, respectively, in the several precincts shall be determined as provided in Section 14-4. However, a Board of Election Commissioners may appoint three judges of election to serve in lieu of the 5 judges of election otherwise required by this Section to serve in any emergency referendum, or in any odd-year regular election or in any special primary or special election called for the purpose of filling a vacancy in the office of
representative in the United States Congress or to nominate candidates for such purpose.

If only 3 judges of election serve in each election precinct, no more than 2 persons of the same political party shall be judges of election in the same election precinct, and which political party is entitled to 2 judges of election and which political party is entitled to one judge of election shall be determined as set forth in this Section for a county board of election commissioners' selection of 5 election judges in each precinct or in Section 14-4 for a municipal board of election commissioners' selection of election judges in each precinct, whichever is appropriate. In addition to such precinct judges, the board of election commissioners shall appoint special panels of 3 judges each, who shall possess the same qualifications and shall be appointed in the same manner and with the same division between political parties as is provided for other judges of election. The number of such panels of judges required shall be determined by regulation of the State Board of Elections, which shall base the required number of special panels on the number of registered voters in the jurisdiction or the number of absentee ballots voted at recent elections or any combination of such factors. A municipal board of election commissioners shall make the selections of persons qualified under Section 14-1 from certified lists furnished by the chairman of the respective county central committees, or each ward committeeperson in a municipality of 500,000 or more inhabitants, of the 2 leading political parties. Lists furnished by chairmen of county central committees or ward committeepersons, as the case may be, under this Section shall be arranged according to precincts. The chairman of each county central committee or ward committeepersons, as the case may be, shall, insofar as possible, list persons who reside within the precinct in which they are to serve as judges. However, he may, in his sole discretion, submit the names of persons who reside outside the precinct but within the county embracing the precinct in which they are to serve. The board of election commissioners shall no later than March 1 of each even-numbered year notify the chairmen of the respective county central committees or ward committeepersons, as the case may be, of their responsibility to furnish such lists, and each such chairman shall furnish the board of election commissioners with the list for his party on or before May 1 of each even-

Sec. 17-8. The county clerk shall provide in each polling place, so designated or provided a sufficient number of booths, which shall be provided with such supplies and conveniences, including shelves, pens, penholders, ink, blotters and pencils, as will enable the voter to prepare his ballot for voting, and in which voters may prepare their ballots screened from all observation as to the manner in which they do so. They shall be within plain view of election officers, and both they and the ballot boxes shall be within plain view of those within the proximity of the voting booths. Each of said booths shall have 3 sides enclosed, one side in front, to be closed with a curtain. Each side of each booth shall be 6 feet 4 inches and the curtain shall extend within 2 feet of the floor, which shall be closed while the voter is preparing his ballot. Each booth shall be at least 32 inches square and shall contain a shelf at least one foot wide, at a convenient height for writing. No person other than the election officers and the challengers allowed by law, and those admitted for the purpose of voting as herein provided, shall be permitted within the proximity of the voting booths, (i) except by authority of the election officers to keep order and enforce the law and (ii) except that one or more children under the age of 18 may accompany their parent or guardian into the voting booth as long as a request to do so is made to the election officers and, in the sole discretion of the election officers, the child or children are not likely to disrupt or interfere with the voting process or influence the casting of a vote. A voter applying to vote in the precinct on election day whose name appears on the list as having been issued a grace period, vote by mail absentee, or early ballot shall not be permitted to vote in the precinct, except that a voter to whom a vote by mail absentee ballot was issued may vote in the precinct if the voter submits to the election judges that vote by mail absentee ballot for cancellation. If the voter is unable to submit the vote by mail absentee ballot, it shall be sufficient for the voter to submit to the election judges (i) a portion of the vote by mail absentee ballot if the vote by mail absentee ballot was torn or mutilated or (ii) an affidavit executed before the election judges specifying that (A) the voter never received a vote by mail absentee ballot or (B) the voter completed and returned a vote by mail absentee ballot and was informed that the election authority did not receive that vote by mail absentee ballot. Besides the election officer, not more than 2 voters in excess of the whole number of voting booths provided shall be allowed within the proximity of the voting booths at one time. against the propositions for the retention of judges in office in such places and at such times as the County Clerk or Board of Election Commissioners determine. Special judges of election shall be designated from certified lists submitted by the respective chairmen of the county central committees of the two leading political parties. In the event that the County Clerk or Board of Election Commissioners as the case may be, decides that the counting of the retention ballots shall be performed in the precinct where such ballots are cast, 2 special judges of election shall be designated to tally and canvass the vote of each precinct with one being named from each of the 2 leading political parties.

In the event that the County Clerk or Board of Election Commissioners decides that the judicial retention ballots from several precincts shall be tallied and canvassed in a central or common location, then each major political party shall be entitled to an equal number of special election judges in each such central or common location. The County Clerk or Board of Election Commissioners, as the case may be, shall inform, no later than 75 days prior to such election, the respective chairmen of the county central committees of the location or locations where the counting of retention ballots will be done, the number of names to be included on the certified lists, and the number of special election judges to be selected from those lists. If the certified list for either party is not submitted within thirty days after the chairmen have been so informed, the County Clerk or Board of Election Commissioners shall designate special judges of election for that party in whatever manner it determines.

The County Clerk or Board of Election Commissioners shall apply to the Circuit Court for the confirmation of the special judges of election designated under this Section. The court shall confirm or refuse to confirm such designations as the interest of the public may require. Those confirmed shall be officers of the court and subject to its disciplinary powers.

The County Clerk or Board of Election Commissioners shall, in the exercise of sound discretion, prescribe the forms, materials and supplies together with the procedures for completion and return thereof for use in such election by special judges of election. The special judges of election designated under this Section shall have full responsibility and authority for tallying and canvassing the votes pertaining to the retention of judges and the return of ballots and supplies.

If the County Clerk or Board of Election Commissioners decides that the counting of the retention ballots shall be performed in the precinct

where such ballots were cast, at least 2 ballot boxes shall be provided for paper retention ballots, one of which shall be used from the opening of the polls until 9:00 a.m. and from 12:00 noon until 3:00 p.m. and the second of which shall be used from 9:00 a.m. until 12:00 noon and from 3:00 p.m. until the closing of the polls; provided that if additional ballot boxes are provided, the additional boxes shall be used instead of reusing boxes used earlier. At the close of each such period of use, a ballot box used for retention ballots shall be immediately unsealed and opened and the ballots therein counted and tallied by the special judges of election. After counting and tallying the retention ballots, the special judges of election shall place the counted ballots in a container provided for that purpose by the County Clerk or Board of Election Commissioners and clearly marked with the appropriate printing and shall thereupon seal such container. One such container shall be provided for each of the four time periods and clearly designated as the container for the respective period. The tally shall be recorded on sheets provided by the County Clerk or Board of Election Commissioners and designated as tally sheets for the respective time periods. Before a ballot box may be reused, it shall in the presence of all of the judges of election be verified to be empty, whereupon it shall be resealed. After the close of the polls, and after the tally of votes cast by vote by mail absentee voters, the special judges of election shall add together the tallies of all the ballot boxes used throughout the day, and complete the canvass of votes for retention of judges in the manner established by this Act. All of these procedures shall be carried out within the clear view of the other judges of election. The sealed containers of used retention ballots shall be returned with other voted ballots to the County Clerk or Board of Election Commissioners in the manner provided by this Act.

The compensation of a special judge of election may not exceed $30 per judge per precinct or district canvassed.

This Section does not affect any other office or the conduct of any other election held at the same time as the election for the retention of judges in office.

Sec. 17-23. Pollwatchers in a general election shall be authorized in the following manner:

1. Each established political party shall be entitled to appoint two pollwatchers per precinct. Such pollwatchers must be affiliated with the political party for which they are pollwatching. For all elections, the pollwatchers must be registered to vote in Illinois.

2. Each candidate shall be entitled to appoint two pollwatchers per precinct. For all elections, the pollwatchers must be registered to vote in Illinois.

3. Each organization of citizens within the county or political subdivision, which has among its purposes or interests the investigation or

prosecution of election frauds, and which shall have registered its name and address and the name and addresses of its principal officers with the proper election authority at least 40 days before the election, shall be entitled to appoint one pollwatcher per precinct. For all elections, the pollwatcher must be registered to vote in Illinois.

(3.5) Each State nonpartisan civic organization within the county or political subdivision shall be entitled to appoint one pollwatcher per precinct, provided that no more than 2 pollwatchers appointed by State nonpartisan civic organizations shall be present in a precinct polling place at the same time. Each organization shall have registered the names and addresses of its principal officers with the proper election authority at least 40 days before the election. The pollwatchers must be registered to vote in Illinois. For the purpose of this paragraph, a "State nonpartisan civic organization" means any corporation, unincorporated association, or organization that:

(i) as part of its written articles of incorporation, bylaws, or charter or by separate written declaration, has among its stated purposes the provision of voter information and education, the protection of individual voters' rights, and the promotion of free and equal elections;

(ii) is organized or primarily conducts its activities within the State of Illinois; and

(iii) continuously maintains an office or business location within the State of Illinois, together with a current listed telephone number (a post office box number without a current listed telephone number is not sufficient).

(4) In any general election held to elect candidates for the offices of a municipality of less than 3,000,000 population that is situated in 2 or more counties, a pollwatcher who is a resident of Illinois shall be eligible to serve as a pollwatcher in any poll located within such municipality, provided that such pollwatcher otherwise complies with the respective requirements of subsections (1) through (3) of this Section and is a registered voter in Illinois.

(5) Each organized group of proponents or opponents of a ballot proposition, which shall have registered the name and address of its organization or committee and the name and address of its chairman with the proper election authority at least 40 days before the election, shall be entitled to appoint one pollwatcher per precinct. The pollwatcher must be registered to vote in Illinois.

All pollwatchers shall be required to have proper credentials. Such credentials shall be printed in sufficient quantities, shall be issued by and under the facsimile signature(s) of the election authority or the State Board of Elections and shall be available for distribution by the election authority and State Board of Elections at least 2 weeks prior to the election. Such credentials shall be authorized by the real or facsimile signature of the State or local party official or the candidate or the presiding officer of the civic organization or the chairman of the proponent or opponent group, as the case may be. Neither the election authority nor the State Board of Elections may require any such party official or the candidate or the presiding officer of the civic organization or the chairman of the proponent or opponent group to submit the names or other information concerning pollwatchers before making credentials available to such persons or organizations.

Pollwatcher credentials shall be in substantially the following form:

**POLLWATCHER CREDENTIALS**

**TO THE JUDGES OF ELECTION:**

In accordance with the provisions of the Election Code, the undersigned hereby appoints .......... (name of pollwatcher) who resides at .......... (address) in the county of .........., .......... (township or municipality) of .......... (name), State of Illinois and who is duly registered to vote from this address, to act as a pollwatcher in the .......... precinct of the .......... ward (if applicable) of the .......... (township or municipality) of .......... at the .......... election to be held on (insert date).

........................ (Signature of Appointing Authority)

........................ TITLE (party official, candidate, civic organization president, proponent or opponent group chairman)

Under penalties provided by law pursuant to Section 29-10 of the Election Code, the undersigned pollwatcher certifies that he or she resides at .......... (address) in the county of .........., .......... (township or municipality) of .......... (name), State of Illinois, and is duly registered to vote in Illinois.

........................ (Signature of Pollwatcher)

(Precinct and/or Ward in Which Pollwatcher Resides)

Pollwatchers must present their credentials to the Judges of Election upon entering the polling place. Pollwatcher credentials properly
executed and signed shall be proof of the qualifications of the pollwatcher authorized thereby. Such credentials are retained by the Judges and returned to the Election Authority at the end of the day of election with the other election materials. Once a pollwatcher has surrendered a valid credential, he may leave and reenter the polling place provided that such continuing action does not disrupt the conduct of the election. Pollwatchers may be substituted during the course of the day, but established political parties, candidates and qualified civic organizations can have only as many pollwatchers at any given time as are authorized in this Article. A substitute must present his signed credential to the judges of election upon entering the polling place. Election authorities must provide a sufficient number of credentials to allow for substitution of pollwatchers. After the polls have closed pollwatchers shall be allowed to remain until the canvass of votes is completed; but may leave and reenter only in cases of necessity, provided that such action is not so continuous as to disrupt the canvass of votes.

Candidates seeking office in a district or municipality encompassing 2 or more counties shall be admitted to any and all polling places throughout such district or municipality without regard to the counties in which such candidates are registered to vote. Actions of such candidates shall be governed in each polling place by the same privileges and limitations that apply to pollwatchers as provided in this Section. Any such candidate who engages in an activity in a polling place which could reasonably be construed by a majority of the judges of election as campaign activity shall be removed forthwith from such polling place. Candidates seeking office in a district or municipality encompassing 2 or more counties who desire to be admitted to polling places on election day in such district or municipality shall be required to have proper credentials. Such credentials shall be printed in sufficient quantities, shall be issued by and under the facsimile signature of the State Board of Elections or the election authority of the election jurisdiction where the polling place in which the candidate seeks admittance is located, and shall be available for distribution at least 2 weeks prior to the election. Such credentials shall be signed by the candidate.

Candidate credentials shall be in substantially the following form:

In accordance with the provisions of the Election Code, I ...... (name of candidate) hereby certify that I am a candidate for ...... (name of

Pollwatchers shall be permitted to observe all proceedings and view all reasonably requested records relating to the conduct of the election, provided the secrecy of the ballot is not impinged, and to station themselves in a position in the voting room as will enable them to observe the judges making the signature comparison between the voter application and the voter registration record card; provided, however, that such pollwatchers shall not be permitted to station themselves in such close proximity to the judges of election so as to interfere with the orderly conduct of the election and shall not, in any event, be permitted to handle election materials. Pollwatchers may challenge for cause the voting qualifications of a person offering to vote and may call to the attention of the judges of election any incorrect procedure or apparent violations of this Code.

If a majority of the judges of election determine that the polling place has become too overcrowded with pollwatchers so as to interfere with the orderly conduct of the election, the judges shall, by lot, limit such pollwatchers to a reasonable number, except that each established or new political party shall be permitted to have at least one pollwatcher present.

Representatives of an election authority, with regard to an election under its jurisdiction, the State Board of Elections, and law enforcement agencies, including but not limited to a United States Attorney, a State's attorney, the Attorney General, and a State, county, or local police department, in the performance of their official election duties, shall be permitted at all times to enter and remain in the polling place. Upon entering the polling place, such representatives shall display their official credentials or other identification to the judges of election.

Uniformed police officers assigned to polling place duty shall follow all lawful instructions of the judges of election.

The provisions of this Section shall also apply to supervised casting of vote by mail absentee ballots as provided in Section 19-12.2 of this Act.

Sec. 17-29. (a) No judge of election, pollwatcher, or other person shall, at any primary or election, do any electioneering or soliciting of votes or engage in any political discussion within any polling place, within 100 feet of any polling place, or, at the option of a church or private school, on any of the property of that church or private school that is a polling place; no person shall interrupt, hinder or oppose any voter while approaching within those areas for the purpose of voting. Judges of election shall enforce the provisions of this Section.

(b) Election officers shall place 2 or more cones, small United States national flags, or some other marker a distance of 100 horizontal feet from each entrance to the room used by voters to engage in voting, which shall be known as the polling room. If the polling room is located within a building that is a private business, a public or private school, or a church or other organization founded for the purpose of religious worship and the distance of 100 horizontal feet ends within the interior of the building, then the markers shall be placed outside of the building at each entrance used by voters to enter that building on the grounds adjacent to the thoroughfare or walkway. If the polling room is located within a public or private building with 2 or more floors and the polling room is located on the ground floor, then the markers shall be placed 100 horizontal feet from each entrance to the polling room used by voters to engage in voting. If the polling room is located in a public or private building with 2 or more floors and the polling room is located on a floor above or below the ground floor, then the markers shall be placed a distance of 100 feet from the nearest elevator or staircase used by voters on the ground floor to access the floor where the polling room is located. The area within where the markers are placed shall be known as a campaign free zone, and electioneering is prohibited pursuant to this subsection. Notwithstanding any other provision of this Section, a church or private school may choose to apply the campaign free zone to its entire property, and, if so, the markers shall be placed near the boundaries on the grounds adjacent to the thoroughfares or walkways leading to the entrances used by the voters. If an election authority maintains a website, no later than 5 days before election day, each election authority shall post on its website the name and address of every polling place designated as a campaign free zone. This information shall be immediately provided to any person upon

request, and a requester shall not be required to submit a request under the Freedom of Information Act.

The area on polling place property beyond the campaign free zone, whether publicly or privately owned, is a public forum for the time that the polls are open on an election day. At the request of election officers any publicly owned building must be made available for use as a polling place. A person shall have the right to congregate and engage in electioneering on any polling place property while the polls are open beyond the campaign free zone, including but not limited to, the placement of temporary signs. This subsection shall be construed liberally in favor of persons engaging in electioneering on all polling place property beyond the campaign free zone for the time that the polls are open on an election day. At or near the door of each polling place, the election judges shall place signage indicating the proper entrance to the polling place. In addition, the election judges shall ensure that a sign identifying the location of the polling place is placed on a nearby public roadway. The State Board of Elections shall establish guidelines for the placement of polling place signage.

(c) The regulation of electioneering on polling place property on an election day, including but not limited to the placement of temporary signs, is an exclusive power and function of the State. A home rule unit may not regulate electioneering and any ordinance or local law contrary to subsection (c) is declared void. This is a denial and limitation of home rule powers and functions under subsection (h) of Section 6 of Article VII of the Illinois Constitution.

(10 ILCS 5/18-5) (from Ch. 46, par. 18-5)

Sec. 18-5. Any person desiring to vote and whose name is found upon the register of voters by the person having charge thereof, shall then be questioned by one of the judges as to his nativity, his term of residence at present address, precinct, State and United States, his age, whether naturalized and if so the date of naturalization papers and court from which secured, and he shall be asked to state his residence when last previously registered and the date of the election for which he then registered. The judges of elections shall check each application for ballot against the list of voters registered in that precinct to whom grace period, vote by mail absentee, and early ballots have been issued for that election, which shall be provided by the election authority and which list shall be available for inspection by pollwatchers. A voter applying to vote in the

New matter indicated by italics - deletions by strikeout
precinct on election day whose name appears on the list as having been issued a grace period, vote by mail absentee, or early ballot shall not be permitted to vote in the precinct, except that a voter to whom a vote by mail absentee ballot was issued may vote in the precinct if the voter submits to the election judges that vote by mail absentee ballot for cancellation. If the voter is unable to submit the vote by mail absentee ballot, it shall be sufficient for the voter to submit to the election judges (i) a portion of the vote by mail absentee ballot if the vote by mail absentee ballot was torn or mutilated or (ii) an affidavit executed before the election judges specifying that (A) the voter never received a vote by mail absentee ballot or (B) the voter completed and returned a vote by mail absentee ballot and was informed that the election authority did not receive that vote by mail absentee ballot. If such person so registered shall be challenged as disqualified, the party challenging shall assign his reasons therefor, and thereupon one of the judges shall administer to him an oath to answer questions, and if he shall take the oath he shall then be questioned by the judge or judges touching such cause of challenge, and touching any other cause of disqualification. And he may also be questioned by the person challenging him in regard to his qualifications and identity. But if a majority of the judges are of the opinion that he is the person so registered and a qualified voter, his vote shall then be received accordingly. But if his vote be rejected by such judges, such person may afterward produce and deliver an affidavit to such judges, subscribed and sworn to by him before one of the judges, in which it shall be stated how long he has resided in such precinct, and state; that he is a citizen of the United States, and is a duly qualified voter in such precinct, and that he is the identical person so registered. In addition to such an affidavit, the person so challenged shall provide to the judges of election proof of residence by producing 2 forms of identification showing the person's current residence address, provided that such identification may include a lease or contract for a residence and not more than one piece of mail addressed to the person at his current residence address and postmarked not earlier than 30 days prior to the date of the election, or the person shall procure a witness personally known to the judges of election, and resident in the precinct (or district), or who shall be proved by some legal voter of such precinct or district, known to the judges to be such, who shall take the oath following, viz:

I do solemnly swear (or affirm) that I am a resident of this election precinct (or district), and entitled to vote at this election, and that I have

New matter indicated by italics - deletions by strikeout
been a resident of this State for 30 days last past, and am well acquainted with the person whose vote is now offered; that he is an actual and bona fide resident of this election precinct (or district), and has resided herein 30 days, and as I verily believe, in this State, 30 days next preceding this election.

The oath in each case may be administered by one of the judges of election, or by any officer, resident in the precinct or district, authorized by law to administer oaths. Also supported by an affidavit by a registered voter residing in such precinct, stating his own residence, and that he knows such person; and that he does reside at the place mentioned and has resided in such precinct and state for the length of time as stated by such person, which shall be subscribed and sworn to in the same way. For purposes of this Section, the submission of a photo identification issued by a college or university, accompanied by either (i) a copy of the applicant's contract or lease for a residence or (ii) one piece of mail addressed to the person at his or her current residence address and postmarked not earlier than 30 days prior to the date of the election, shall be sufficient to establish proof of residence. Whereupon the vote of such person shall be received, and entered as other votes. But such judges, having charge of such registers, shall state in their respective books the facts in such case, and the affidavits, so delivered to the judges, shall be preserved and returned to the office of the commissioners of election. Blank affidavits of the character aforesaid shall be sent out to the judges of all the precincts, and the judges of election shall furnish the same on demand and administer the oaths without criticism. Such oaths, if administered by any other officer than such judge of election, shall not be received. Whenever a proposal for a constitutional amendment or for the calling of a constitutional convention is to be voted upon at the election, the separate blue ballot or ballots pertaining thereto shall be placed on top of the other ballots to be voted at the election in such manner that the legend appearing on the back thereof, as prescribed in Section 16-6 of this Act, shall be plainly visible to the voter, and in this fashion the ballots shall be handed to the voter by the judge.

Immediately after voting, the voter shall be instructed whether the voting equipment, if used, accepted or rejected the ballot or identified the ballot as under-voted. A voter whose ballot is identified as under-voted for a statewide constitutional office may return to the voting booth and complete the voting of that ballot. A voter whose ballot is not accepted by the voting equipment may, upon surrendering the ballot, request and vote

another ballot. The voter's surrendered ballot shall be initialed by the election judge and handled as provided in the appropriate Article governing that voting equipment.

The voter shall, upon quitting the voting booth, deliver to one of the judges of election all of the ballots, properly folded, which he received. The judge of election to whom the voter delivers his ballots shall not accept the same unless all of the ballots given to the voter are returned by him. If a voter delivers less than all of the ballots given to him, the judge to whom the same are offered shall advise him in a voice clearly audible to the other judges of election that the voter must return the remainder of the ballots. The statement of the judge to the voter shall clearly express the fact that the voter is not required to vote such remaining ballots but that whether or not he votes them he must fold and deliver them to the judge. In making such statement the judge of election shall not indicate by word, gesture or intonation of voice that the unreturned ballots shall be voted in any particular manner. No new voter shall be permitted to enter the voting booth of a voter who has failed to deliver the total number of ballots received by him until such voter has returned to the voting booth pursuant to the judge's request and again quit the booth with all of the ballots required to be returned by him. Upon receipt of all such ballots the judges of election shall enter the name of the voter, and his number, as above provided in this Section, and the judge to whom the ballots are delivered shall immediately put the ballots into the ballot box. If any voter who has failed to deliver all the ballots received by him refuses to return to the voting booth after being advised by the judge of election as herein provided, the judge shall inform the other judges of such refusal, and thereupon the ballot or ballots returned to the judge shall be deposited in the ballot box, the voter shall be permitted to depart from the polling place, and a new voter shall be permitted to enter the voting booth.

The judge of election who receives the ballot or ballots from the voter shall announce the residence and name of such voter in a loud voice. The judge shall put the ballot or ballots received from the voter into the ballot box in the presence of the voter and the judges of election, and in plain view of the public. The judges having charge of such registers shall then, in a column prepared thereon, in the same line of, the name of the voter, mark "Voted" or the letter "V".

No judge of election shall accept from any voter less than the full number of ballots received by such voter without first advising the voter in the manner above provided of the necessity of returning all of the ballots,

nor shall any such judge advise such voter in a manner contrary to that
which is herein permitted, or in any other manner violate the provisions of
this Section; provided, that the acceptance by a judge of election of less
than the full number of ballots delivered to a voter who refuses to return to
the voting booth after being properly advised by such judge shall not be a
violation of this Section.

(a) A person who claims to be a registered voter is entitled to cast a

(1) The person's name does not appear on the official list of
eligible voters for the precinct in which the person seeks to vote
and the person has refused an opportunity to register at the polling
location or another grace period registration site. The official list
is the centralized statewide voter registration list established and

(2) The person's voting status has been challenged by an
election judge, a pollwatcher, or any legal voter and that challenge

(1) After first verifying through an examination of the precinct register that the person's address is within the precinct boundaries, an election judge at the polling place shall notify a person who is entitled to cast a provisional ballot pursuant to subsection (a) that he or she may cast a provisional ballot in that election. An election judge must accept any information provided by a person who casts a provisional ballot that the person believes supports his or her claim that he or she is a duly registered voter and qualified to vote in the election. However, if the person's residence address is outside the precinct boundaries, the election judge shall inform the person of that fact, give the person the appropriate telephone number of the election authority in order to locate the polling place assigned to serve that address, and instruct the person to go to the proper polling place to vote.

(2) The person shall execute a written form provided by the election judge that shall state or contain all of the following that is available:

(ii) A box for the election judge to check one of the 6 reasons why the person was given a provisional ballot under subsection (a) of Section 18A-5.

(iii) An area for the election judge to affix his or her signature and to set forth any facts that support or oppose the allegation that the person is not qualified to vote in the precinct in which the person is seeking to vote.

The written affidavit form described in this subsection (b)(2) must be printed on a multi-part form prescribed by the county clerk or board of election commissioners, as the case may be.

(3) After the person executes the portion of the written affidavit described in subsection (b)(2)(i) of this Section, the election judge shall complete the portion of the written affidavit described in subsection (b)(2)(iii) and (b)(2)(iv).

(4) The election judge shall give a copy of the completed written affidavit to the person. The election judge shall place the original written affidavit in a self-adhesive clear plastic packing list envelope that must be attached to a separate envelope marked as a "provisional ballot envelope". The election judge shall also place any information provided by the person who casts a provisional ballot in the clear plastic packing list envelope. Each county clerk or board of election commissioners, as the case may be, must design, obtain or procure self-adhesive clear plastic packing list envelopes and provisional ballot envelopes that are suitable for implementing this subsection (b)(4) of this Section.

(5) The election judge shall provide the person with a provisional ballot, written instructions for casting a provisional ballot, and the provisional ballot envelope with the clear plastic packing list envelope affixed to it, which contains the person's original written affidavit and, if any, information provided by the provisional voter to support his or her claim that he or she is a duly registered voter. An election judge must also give the person

written information that states that any person who casts a provisional ballot shall be able to ascertain, pursuant to guidelines established by the State Board of Elections, whether the provisional vote was counted in the official canvass of votes for that election and, if the provisional vote was not counted, the reason that the vote was not counted.

(6) After the person has completed marking his or her provisional ballot, he or she shall place the marked ballot inside of the provisional ballot envelope, close and seal the envelope, and return the envelope to an election judge, who shall then deposit the sealed provisional ballot envelope into a securable container separately identified and utilized for containing sealed provisional ballot envelopes. Ballots that are provisional because they are cast after 7:00 p.m. by court order shall be kept separate from other provisional ballots. Upon the closing of the polls, the securable container shall be sealed with filament tape provided for that purpose, which shall be wrapped around the box lengthwise and crosswise, at least twice each way, and each of the election judges shall sign the seal.

(c) Instead of the affidavit form described in subsection (b), the county clerk or board of election commissioners, as the case may be, may design and use a multi-part affidavit form that is imprinted upon or attached to the provisional ballot envelope described in subsection (b). If a county clerk or board of election commissioners elects to design and use its own multi-part affidavit form, then the county clerk or board of election commissioners shall establish a mechanism for accepting any information the provisional voter has supplied to the election judge to support his or her claim that he or she is a duly registered voter. In all other respects, a county clerk or board of election commissioners shall establish procedures consistent with subsection (b).

(d) The county clerk or board of election commissioners, as the case may be, shall use the completed affidavit form described in subsection (b) to update the person's voter registration information in the State voter registration database and voter registration database of the county clerk or board of election commissioners, as the case may be. If a person is later determined not to be a registered voter based on Section 18A-15 of this Code, then the affidavit shall be processed by the county clerk or board of election commissioners, as the case may be, as a voter registration application.

Sec. 18A-15. Validating and counting provisional ballots.

(a) The county clerk or board of election commissioners shall complete the validation and counting of provisional ballots within 14 calendar days of the day of the election. The county clerk or board of election commissioners shall have 7 calendar days from the completion of the validation and counting of provisional ballots to conduct its final canvass. The State Board of Elections shall complete within 31 calendar days of the election or sooner if all the returns are received, its final canvass of the vote for all public offices.

(b) If a county clerk or board of election commissioners determines that all of the following apply, then a provisional ballot is valid and shall be counted as a vote:

1. the provisional voter cast the provisional ballot in the correct precinct based on the address provided by the provisional voter unless the provisional voter cast a ballot pursuant to paragraph (7) of subsection (a) of Section 18A-5, in which case the provisional ballot must have been cast in the correct election jurisdiction based on the address provided. The provisional voter's affidavit shall serve as a change of address request by that voter for registration purposes for the next ensuing election if it bears an address different from that in the records of the election authority. Votes for federal and statewide offices on a provisional ballot cast in the incorrect precinct that meet the other requirements of this subsection shall be valid and counted in accordance with this Article rules adopted by the State Board of Elections. As used in this item, "federal office" is defined as provided in Section 20-1 and "statewide office" means the Governor, Attorney General, Secretary of State, Comptroller, and Treasurer. Votes for General Assembly, countywide, citywide, or township office on a provisional ballot cast in the incorrect precinct but in the correct legislative district, representative district, county, municipality, or township, as the case may be, shall be valid and counted in accordance with this Article rules adopted by the State Board of Elections. As used in this item, "citywide office" means an office elected by the electors of an entire municipality. As used in this item, "township office" means an office elected by the electors of an entire township;

(2) the affidavit executed by the provisional voter pursuant to subsection (b)(2) of Section 18A-5 contains, at a minimum, the provisional voter's first and last name, house number and street name, and signature or mark;

(3) except as permitted by item (5) of subsection (b) of this Section, the provisional voter is a registered voter based on information available to the county clerk or board of election commissioners provided by or obtained from any of the following:
   i. the provisional voter;
   ii. an election judge;
   iii. the statewide voter registration database maintained by the State Board of Elections;
   iv. the records of the county clerk or board of election commissioners' database; or
   v. the records of the Secretary of State; and

(4) for a provisional ballot cast under item (6) of subsection (a) of Section 18A-5, the voter did not vote by vote by mail absentee ballot in the election at which the provisional ballot was cast; or:

(5) for a provisional ballot cast under item (7) of subsection (a) of Section 18A-5, the voter provides the election authority with the necessary documentation within 7 days of election day.

(c) With respect to subsection (b)(3) of this Section, the county clerk or board of election commissioners shall investigate and record whether or not the specified information is available from each of the 5 identified sources. If the information is available from one or more of the identified sources, then the county clerk or board of election commissioners shall seek to obtain the information from each of those sources until satisfied, with information from at least one of those sources, that the provisional voter is registered and entitled to vote. The county clerk or board of election commissioners shall use any information it obtains as the basis for determining the voter registration status of the provisional voter. If a conflict exists among the information available to the county clerk or board of election commissioners as to the registration status of the provisional voter, then the county clerk or board of election commissioners shall make a determination based on the totality of the circumstances. In a case where the above information equally supports or opposes the registration status of the voter, the county clerk or board of

election commissioners shall decide in favor of the provisional voter as being duly registered to vote. If the statewide voter registration database maintained by the State Board of Elections indicates that the provisional voter is registered to vote, but the county clerk's or board of election commissioners' voter registration database indicates that the provisional voter is not registered to vote, then the information found in the statewide voter registration database shall control the matter and the provisional voter shall be deemed to be registered to vote. If the records of the county clerk or board of election commissioners indicates that the provisional voter is registered to vote, but the statewide voter registration database maintained by the State Board of Elections indicates that the provisional voter is not registered to vote, then the information found in the records of the county clerk or board of election commissioners shall control the matter and the provisional voter shall be deemed to be registered to vote. If the provisional voter's signature on his or her provisional ballot request varies from the signature on an otherwise valid registration application solely because of the substitution of initials for the first or middle name, the election authority may not reject the provisional ballot.

(d) In validating the registration status of a person casting a provisional ballot, the county clerk or board of election commissioners shall not require a provisional voter to complete any form other than the affidavit executed by the provisional voter under subsection (b)(2) of Section 18A-5. In addition, the county clerk or board of election commissioners shall not require all provisional voters or any particular class or group of provisional voters to appear personally before the county clerk or board of election commissioners or as a matter of policy require provisional voters to submit additional information to verify or otherwise support the information already submitted by the provisional voter. Within 2 calendar days after the election, the election authority shall transmit by electronic means pursuant to a process established by the State Board of Elections the name, street address, e-mail address, and precinct, ward, township, and district numbers, as the case may be, of each person casting a provisional ballot to the State Board of Elections, which shall maintain those names and that information in an electronic format on its website, arranged by county and accessible to State and local political committees. The provisional voter may, within 7 calendar days after the election, submit additional information to the county clerk or board of election commissioners. This information must be received by the county clerk or board of election commissioners within the 7-calendar-day period.

(e) If the county clerk or board of election commissioners determines that subsection (b)(1), (b)(2), or (b)(3) does not apply, then the provisional ballot is not valid and may not be counted. The provisional ballot envelope containing the ballot cast by the provisional voter may not be opened. The county clerk or board of election commissioners shall write on the provisional ballot envelope the following: "Provisional ballot determined invalid."

(f) If the county clerk or board of election commissioners determines that a provisional ballot is valid under this Section, then the provisional ballot envelope shall be opened. The outside of each provisional ballot envelope shall also be marked to identify the precinct and the date of the election.

(g) Provisional ballots determined to be valid shall be counted at the election authority's central ballot counting location and shall not be counted in precincts. The provisional ballots determined to be valid shall be added to the vote totals for the precincts from which they were cast in the order in which the ballots were opened. The validation and counting of provisional ballots shall be subject to the provisions of this Code that apply to pollwatchers. If the provisional ballots are a ballot of a punch card voting system, then the provisional ballot shall be counted in a manner consistent with Article 24A. If the provisional ballots are a ballot of optical scan or other type of approved electronic voting system, then the provisional ballots shall be counted in a manner consistent with Article 24B.

(h) As soon as the ballots have been counted, the election judges or election officials shall, in the presence of the county clerk or board of election commissioners, place each of the following items in a separate envelope or bag: (1) all provisional ballots, voted or spoiled; (2) all provisional ballot envelopes of provisional ballots voted or spoiled; and (3) all executed affidavits of the provisional ballots voted or spoiled. All provisional ballot envelopes for provisional voters who have been determined not to be registered to vote shall remain sealed. The county clerk or board of election commissioners shall treat the provisional ballot envelope containing the written affidavit as a voter registration application for that person for the next election and process that application. The election judges or election officials shall then securely seal each envelope or bag, initial the envelope or bag, and plainly mark on the outside of the envelope or bag in ink the precinct in which the provisional ballots were cast. The election judges or election officials shall then place each sealed

envelope or bag into a box, secure and seal it in the same manner as described in item (6) of subsection (b) of Section 18A-5. Each election judge or election official shall take and subscribe an oath before the county clerk or board of election commissioners that the election judge or election official securely kept the ballots and papers in the box, did not permit any person to open the box or otherwise touch or tamper with the ballots and papers in the box, and has no knowledge of any other person opening the box. For purposes of this Section, the term "election official" means the county clerk, a member of the board of election commissioners, as the case may be, and their respective employees.

"Citywide or villagewide office" means an office elected by the electors of an entire municipality.
"Correct precinct" means the precinct containing the addresses at which the provisional voter resides and at which he or she is registered to vote.
"Countywide office" means the offices of Clerk, Sheriff, State's Attorney, Circuit Court Clerk, Recorder, Auditor, County Board President, County Board Member or County Commissioner in those counties that elect those officers countywide, Coroner, Regional Superintendent of Schools, Sanitary District Commissioners or Trustees, Assessor, Board of Review Members in those counties that elect those officers countywide, and Treasurer.
"Election authority" means either the County Clerk, County Board of Election Commissioners, or Municipal Board of Election Commissioners, as the case may be.

New matter indicated by italics - deletions by strikeout
"Election jurisdiction" means an entire county, in the case of a county in which no city board of election commissioners is located or that is under the jurisdiction of a county board of election commissioners; the territorial jurisdiction of a city board of election commissioners; and the territory in a county outside of the jurisdiction of a city board of election commissioners. Election jurisdictions shall be determined according to which election authority maintains the permanent registration records of qualified electors.

"Incorrect precinct" means the precinct in which the voter cast a provisional ballot, but is not the precinct containing the address at which he or she is registered to vote. In order for a provisional ballot to be eligible for counting when cast in an incorrect precinct, that precinct must be located within either the county or municipality in which the voter is registered.

"Leading established political party" means one of the two political parties whose candidates for Governor at the most recent 3 gubernatorial elections received either the highest or second highest average number of votes. The first leading political party is the party whose candidate for Governor received the highest average number of votes in the 3 most recent gubernatorial elections and the second leading political party is the party whose candidate for Governor received the second highest average number of votes in the 3 most recent gubernatorial elections.

"Legislative district" means the district in which an Illinois State Senator is elected to serve the residents.

"Persons entitled to vote provisionally" or "provisional voter" means a person claiming to be a registered voter who is entitled by Section 18A-5 of this Code to vote a provisional ballot under the following circumstances:

1. The person's name does not appear on the official list of eligible voters for the precinct in which the person seeks to vote and the person has refused an opportunity to register at the polling location or another grace period registration site.

2. The person's voting status has been successfully challenged by an election judge, a pollwatcher or any legal voter.

New matter indicated by italics - deletions by strikeout
(3) A federal or State court order extends the time for closing the polls beyond the time period established by State law and the person votes during the extended time period.

(4) The voter registered to vote by mail and is required by law to present identification when voting either in person or by vote by mail ballot, but fails to do so.

(5) The voter's name appears on the list of voters who voted during the early voting period, but the voter claims not to have voted during the early voting period.

(6) The voter received a vote by mail ballot but did not return the vote by mail ballot to the election authority, and failed to surrender it to the election judges.

(7) The voter attempted to register to vote on election day, but failed to provide the necessary documentation.

"Representative district" means the district from which an Illinois State Representative is elected to serve the residents.

"Statewide office" means the Constitutional offices of Governor and Lt. Governor running jointly, Secretary of State, Attorney General, Comptroller, and Treasurer.

"Township office" means an office elected by the electors of an entire township.

(b) Procedures for Voting Provisionally in the Polling Place.

(1) If any of the 7 reasons cited in the definition of provisional voter in subsection (a) for casting a provisional ballot exists, an election judge must accept any information provided by a person who casts a provisional ballot that the person believes supports his or her claim that he or she is a duly registered voter and qualified to vote in the election. However, if the person's residence address is outside the precinct boundaries, the election judge shall inform the person of that fact, give the person the appropriate telephone number of the election authority in order to locate the polling place assigned to serve that address (or consult any alternative tools provided by the election authority for determining a voter's correct precinct polling place) and instruct the person to go to the proper polling place to vote.

(2) Once it has been determined by the election judges that the person is entitled to receive a provisional ballot, and the voter
has completed the provisional voter affidavit, the voter shall be given a provisional ballot and shall proceed to vote that ballot. Upon receipt of the ballot by the election judges, the ballot shall be transmitted to the election authority in accordance with subsection (a) of Section 18A-10 of this Code.

(3) In the event that a provisional ballot is mistakenly cast in a precinct other than the precinct that contains the voter's address of registration (if the voter believed he or she registered in the precinct in which he or she voted provisionally, and the election judges should have, but did not direct the voter to vote in the correct precinct), Section 218.20 shall apply.

(10 ILCS 5/18A-218.20 new)
Sec. 18A-218.20. Counting procedures for provisional ballots cast in an incorrect precinct within the same election authority's jurisdiction.

(a) The election authority shall:

(1) transmit to the State Board of Elections the provisional voter's identifying information and voting jurisdiction within 2 calendar days. Following that, and subject to paragraph (2) below, if the election authority having jurisdiction over the provisional voter determines that the voter has cast a provisional ballot in an incorrect precinct, the ballot shall still be counted using the procedures established in subsection (b) of this Section or Section 18A-218.30 if applicable. Jurisdictions that use election machines authorized pursuant to Article 24C of this Code for casting provisional ballots may vary procedures of this Section and Section 18A-218.30 as appropriate for the counting of provisional ballots cast on those machines.

(2) determine whether the voter was entitled to cast a provisional ballot. The voter is entitled to cast a provisional ballot if:

(A) the affidavit executed by the voter contains, at a minimum, the provisional voter's first and last name, house number and street name, and signature or mark;

(B) the provisional voter is a registered voter based on information available to the county clerk or board of election commissioners provided by or obtained from the provisional voter, an election judge, the Statewide voter registration database maintained by the State Board of Elections, the records of the county clerk or board of

New matter indicated by italics - deletions by strikeout
election commissioners’ database, or the records of the Secretary of State or the voter is attempting to register but lacks the necessary documentation; and

(C) the provisional voter did not vote using the vote by mail ballot and did not vote during the period for early voting.

(b) Once it has been determined by the election authority that the voter was entitled to vote a provisional ballot, even though it had been cast in an incorrect precinct, the election authority shall select a team or teams of 2 duly commissioned election judges, one from each of the two leading established political parties in Illinois, to count the votes that are eligible to be cast on the provisional ballot. In those jurisdictions that use election officials as defined in subsection (h) of Section 18A-15 of this Code, these duties may be performed by those election officials.

(1) Votes cast for Statewide offices, the Office of President of the United States (including votes cast in the Presidential Preference Primary), and United States Senate shall be counted on all provisional ballots cast in the incorrect precinct.

(2) Votes cast for Representative in Congress, delegate or alternate delegate to a national nominating convention, State Senator, State Representative, or countywide, citywide, villagewide, or township office shall be counted if it is determined by the election judges or officials that the voter would have been entitled to vote for one or more of these offices had the voter voted in the precinct in which he or she is registered to vote (the correct precinct) and had the voter voted a ballot of the correct ballot style containing all the offices and candidates for which the voter was entitled to cast a ballot (the correct ballot style). This determination shall be made by comparing a sample ballot of the correct ballot style with the actual provisional ballot cast by the voter. If the same office (including the same district number for a Congressional, Legislative or Representative district) appears on both the correct ballot style sample ballot and the provisional ballot cast by the voter, votes for that office shall be counted. All votes cast for any remaining offices (offices for which the voter would not have been entitled to vote had he or she voted in the correct precinct) shall not be counted.

(3) No votes shall be counted for an office when the voter voted for more candidates than he or she was allowed.

New matter indicated by italics - deletions by strikeout
(4) Once it has been determined which offices are to be counted and the provisional ballot contains no other votes, the provisional ballot shall be counted pursuant to the procedures set forth in this subsection (b).

(5) If a provisional ballot does not contain any valid votes, the provisional ballot shall be marked invalid and shall not be counted.

(6) Any provisional voting verification system established by an election authority shall inform the provisional voter that his or her provisional ballot was partially counted because it was cast in an incorrect precinct.

(7) If a provisional ballot only contains votes cast for eligible offices, and does not contain any votes cast for ineligible offices, the ballot may be tabulated without having to be remade.

(8) If a provisional ballot contains both valid votes that must be counted and invalid votes that cannot be counted:

(A) the election judges, consisting in each case of at least one of each of the 2 leading political parties, shall, if the provisional ballot was cast on a paper ballot sheet, proceed to remake the voted ballot onto a blank ballot that includes all of the offices for which valid votes were cast, transferring only valid votes. The original provisional ballot shall be marked "Original Provisional Ballot" with a serial number commencing at "1" and continuing consecutively for ballots of that kind in the precinct. The duplicate provisional ballot shall be marked "Duplicate Provisional Ballot" and be given the same serial number as the original ballot from which it was duplicated. The duplicate provisional ballot shall then be treated in the same manner as other provisional ballots.

(B) if the provisional ballot was cast on a direct recording electronic voting device, the election judges shall mark the original provisional ballot as a partially counted defective electronic provisional ballot because it was cast in the incorrect precinct (or bear some similar notation) and proceed to either:

(i) remake the voted ballot by transferring all valid votes to a duplicate paper ballot sheet of the correct ballot style, marking the duplicate ballot

New matter indicated by italics - deletions by strikeout
"Duplicate Electronic Provisional Ballot" and then counting the duplicate provisional ballot in the same manner as the other provisional ballots marked on paper ballot sheets; or

(ii) transfer, or cause to be transferred, all valid votes electronically to the correct precinct, which shall be counted and added to the vote totals for the correct precinct, excluding any votes that cannot be counted. If this method is used, a permanent paper record must be generated for both the defective provisional ballot and the duplicate electronic provisional ballot.

(c) For provisional ballots cast at a partisan primary election, the judges shall use a duplicate ballot of the correct ballot style for the same political party as the ballot chosen by the voter.

(d) At least one qualified pollwatcher for each candidate, political party, and civic organization, as authorized by Section 17-23 of this Code, shall be permitted to observe the ballot remaking process.

Sec. 18A-218.30. Counting procedures for provisional ballots cast in an incorrect precinct within a different election authority's jurisdiction.

(a) The election authority having possession of the provisional ballot shall first notify the election authority having jurisdiction over the provisional voter that the voter cast a provisional ballot in its jurisdiction and provide whatever information is needed for the election authority to comply with the notification requirements set forth in subsection (d) of Section 18A-15 of this Code. For purpose of determining which election authority has jurisdiction over the provisional voter, the election authority having possession of the provisional ballot shall use the address listed on the provisional ballot affidavit that was provided by the voter. If that address is different from the address at which the voter is registered, the ballot shall be rejected; however, the affidavit shall serve as a request to register at that address. If a voter cast a provisional ballot in an incorrect precinct located in the jurisdiction of an election authority other than the election authority having jurisdiction over the voter's correct precinct, but where the precinct is located within the same county as the 2 election authorities (e.g., a voter is registered in the City of Chicago, but casts a provisional ballot in suburban Cook County), the election authority in whose territory the provisional ballot was cast shall, after receipt of the

provisional ballot, transmit it, along with the provisional voter's affidavit and any other documentation provided to the election judges, to the office of the election authority having jurisdiction over the voter's correct precinct. The ballot shall be sealed in a secure envelope or other suitable container and transmitted within 8 business days after the election at which it was cast. If the locations of the election authorities' offices are such that it is feasible to hand deliver the ballot, the ballot shall be sealed in a secure envelope and transmitted in that manner by 2 election judges (or election officials), one from each of the 2 leading political parties. If the locations of the 2 election authorities are such that it is not feasible to hand deliver the ballot, the election authority having jurisdiction over the incorrect precinct shall cause the ballot to be sealed in a secure envelope and transmitted via express mail within 8 business days after the election at which the ballot was cast, with a delivery date no later than the second business day following the mailing date. Upon receipt of the ballot by the election authority having jurisdiction over the correct precinct, the election authority shall proceed to remake, and count the votes on, the provisional ballot in accordance with the procedures described in Section 18A-218.20, including the determination of eligibility to cast a provisional ballot. Any information provided to the election authority within the 7 day period provided for in Section 18A-15 of this Code shall be sealed in a secure envelope and transmitted to the office of the election authority having jurisdiction over the voter's correct precinct, along with the provisional ballot of that voter.

(b) Incorrect precinct is located in a different county from the county where the voter is registered, but is located in the same municipality or legislative district as the one in which the voter is registered:

(1) The election authority having possession of the provisional ballot shall first notify the election authority having jurisdiction over the provisional voter that the voter cast a provisional ballot in its jurisdiction and provide whatever information is needed for the election authority to comply with the notification requirements set forth in subsection (d) of Section 18A-15 of this Code. For purposes of determining which election authority has jurisdiction over the provisional voter, the election authority having possession of the provisional ballot shall use the address listed on the provisional ballot affidavit that was provided by the voter. If that address is different from the address at which

the voter is registered, the ballot shall be rejected; however, the affidavit shall serve as a request to register at that address. The election authority shall then cause the ballot, along with the provisional voter's affidavit and any other documentation provided to the election judges, to be transmitted via express mail within 8 business days after the election at which the ballot was cast, with a delivery date no later than the second business day following the mailing date. Upon receipt of the ballot by the election authority having jurisdiction over the correct precinct, that election authority shall proceed to remake and count the votes on the provisional ballot in accordance with the procedures described in Section 18A-218.20, including the determination of eligibility to cast a provisional ballot. Any information provided to the election authority within the 7 day period provided for in Section 18A-15 of this Code shall be transmitted to the office of the election authority having jurisdiction over the voter's correct precinct, along with the provisional ballot of that voter.

(2) If a voter casts a provisional ballot in a precinct outside of the county in which he or she is registered and outside of the municipality, representative district, or legislative district in which he or she is registered (if applicable), the ballot shall not be counted. It shall, however, be transmitted via the U.S. Postal Service to the election authority having jurisdiction over the voter's correct precinct within 14 days after the election and shall be kept for 2 months, the same length of time as is required for other voted ballots.

For purposes of determining which election authority has jurisdiction over the provisional voter, the election authority having possession of the provisional ballot shall use the address listed on the provisional ballot affidavit that was provided by the voter. If such address is different from the address at which the voter is registered, the ballot shall be rejected, however the affidavit shall serve as a request to register at such address.

Within one day after posting the name and other information of an applicant for a vote by mail absentee ballot, the election authority shall transmit by electronic means pursuant to a process established by the State Board of Elections that name and other posted information to the State Board of Elections, which shall maintain those names and other information in an electronic format on its website, arranged by county and accessible to State and local political committees. The election authority shall enclose with each vote by mail absentee ballot or application written instructions on how voting assistance shall be provided pursuant to Section 17-14 and a document, written and approved by the State Board of Elections, informing the vote by mail voter of the required postage for returning the application and ballot, and enumerating the circumstances under which a person is authorized to vote by vote by mail absentee ballot pursuant to this Article; such document shall also include a statement informing the applicant that if he or she falsifies or is solicited by another to falsify his or her eligibility to cast a vote by mail absentee ballot, such applicant or other is subject to penalties pursuant to Section 29-10 and Section 29-20 of the Election Code. Each election authority shall maintain a list of the name, street address, ward and precinct, or township and district number, as the case may be, of all applicants who have returned vote by mail absentee ballots to such authority, and the name of such vote by mail absent voter shall be added to such list within one business day from receipt of such ballot. If the vote by mail absentee ballot envelope indicates that the voter was assisted in casting the ballot, the name of the person so assisting shall be included on the list. The list, the pages of which are to be numbered consecutively, shall be kept by each election authority in a conspicuous, open, and public place accessible to

the public at the entrance of the office of the election authority and in a manner that the list may be viewed without necessity of requesting permission for viewing.

Each election authority shall maintain a list for each election of the voters to whom it has issued vote by mail absentee ballots. The list shall be maintained for each precinct within the jurisdiction of the election authority. Prior to the opening of the polls on election day, the election authority shall deliver to the judges of election in each precinct the list of registered voters in that precinct to whom vote by mail absentee ballots have been issued by mail.

Each election authority shall maintain a list for each election of voters to whom it has issued temporarily absent student ballots. The list shall be maintained for each election jurisdiction within which such voters temporarily abide. Immediately after the close of the period during which application may be made by mail or electronic means for vote by mail absentee ballots, each election authority shall mail to each other election authority within the State a certified list of all such voters temporarily abiding within the jurisdiction of the other election authority.

In the event that the return address of an application for ballot by a physically incapacitated elector is that of a facility licensed or certified under the Nursing Home Care Act, the Specialized Mental Health Rehabilitation Act of 2013, or the ID/DD Community Care Act, within the jurisdiction of the election authority, and the applicant is a registered voter in the precinct in which such facility is located, the ballots shall be prepared and transmitted to a responsible judge of election no later than 9 a.m. on the Saturday, Sunday or Monday immediately preceding the election as designated by the election authority under Section 19-12.2. Such judge shall deliver in person on the designated day the ballot to the applicant on the premises of the facility from which application was made. The election authority shall by mail notify the applicant in such facility that the ballot will be delivered by a judge of election on the designated day.

All applications for vote by mail absentee ballots shall be available at the office of the election authority for public inspection upon request from the time of receipt thereof by the election authority until 30 days after the election, except during the time such applications are kept in the office of the election authority pursuant to Section 19-7, and except during the time such applications are in the possession of the judges of election.
Sec. 19-5. It shall be the duty of the election authority to fold the ballot or ballots in the manner specified by the statute for folding ballots prior to their deposit in the ballot box, and to enclose such ballot or ballots in an envelope unsealed to be furnished by him, which envelope shall bear upon the face thereof the name, official title and post office address of the election authority, and upon the other side a printed certification in substantially the following form:

I further state that I personally marked the enclosed ballot in secret. Under penalties of perjury as provided by law pursuant to Section 29-10 of The Election Code, the undersigned certifies that the statements set forth in this certification are true and correct.

Under penalties of perjury as provided by law pursuant to Section 29-10 of The Election Code, the undersigned certifies that the statements set forth in this certification are true and correct.

In the case of a voter with a physical incapacity, marking a ballot in secret includes marking a ballot with the assistance of another individual, other than a candidate whose name appears on the ballot (unless the voter is the spouse or a parent, child, brother, or sister of the candidate), the voter's employer, an agent of that employer, or an officer or agent of the voter's union, when the voter's physical incapacity necessitates such assistance.

In the case of a physically incapacitated voter, marking a ballot in secret includes marking a ballot with the assistance of another individual, other than a candidate whose name appears on the ballot (unless the voter is the spouse or a parent, child, brother, or sister of the candidate), the voter's employer, an agent of that employer, or an officer or agent of the voter's union, when the voter's physical incapacity necessitates such assistance.

Provided, that if the ballot enclosed is to be voted at a primary election, the certification shall designate the name of the political party with which the voter is affiliated.

In addition to the above, the election authority shall provide printed slips giving full instructions regarding the manner of marking and returning the ballot in order that the same may be counted, and shall furnish one of such printed slips to each of such applicants at the same time the ballot is delivered to him. Such instructions shall include the following statement: "In signing the certification on the vote by mail absentee ballot envelope, you are attesting that you personally marked this vote by mail absentee ballot in secret. If you are physically unable to mark the ballot, a friend or relative may assist you after completing the enclosed affidavit. Federal and State laws prohibit a candidate whose name appears on the ballot (unless you are the spouse or a parent, child, brother, or sister of the candidate), your employer, your employer's agent or an officer or agent of your union from assisting physically disabled voters."

In addition to the above, if a ballot to be provided to an elector pursuant to this Section contains a public question described in subsection (b) of Section 28-6 and the territory concerning which the question is to be submitted is not described on the ballot due to the space limitations of such ballot, the election authority shall provide a printed copy of a notice

(10 ILCS 5/19-7) (from Ch. 46, par. 19-7)

Sec. 19-7. (a) Upon receipt of such vote by mail absent voter's ballot, the election authority shall forthwith enclose the same unopened, together with the application made by said vote by mail absent voter in a large or carrier envelope which shall be securely sealed and endorsed with the name and official title of such officer and the words, "This envelope contains a vote by mail an absent voter's ballot and must be opened on election day," together with the number and description of the precinct in which said ballot is to be voted, and such officer shall thereafter safely keep the same in his office until counted by him as provided in the next section.

Sec. 19-8. Time and place of counting ballots.
(a) (Blank.)
(b) Each vote by mail absentee voter's ballot returned to an election authority, by any means authorized by this Article, and received by that election authority before the closing of the polls on election day shall be endorsed by the receiving election authority with the day and hour of receipt and may be processed by the election authority beginning on the 15th day before election day shall be counted in the central ballot counting location of the election authority, but the results of the processing may not be counted until on the day of the election after 7:00 p.m., except as provided in subsections (g) and (g-5).

(c) Each vote by mail absentee voter's ballot that is mailed to an election authority and postmarked no later than by the midnight preceding the opening of the polls on election day, but that is received by the election authority after the polls close on election day and before the close of the period for counting provisional ballots cast at that election, shall be endorsed by the receiving authority with the day and hour of receipt and shall be counted at the central ballot counting location of the election authority during the period for counting provisional ballots.

Each vote by mail absentee voter's ballot that is mailed to an election authority absent a postmark, but that is received by the election authority after the polls close on election day and before the close of the period for counting provisional ballots cast at that election, shall be endorsed by the receiving authority with the day and hour of receipt, opened to inspect the date inserted on the certification, and, if the certification date is a date preceding the election day and the ballot is otherwise found to be valid under the requirements of this Section, counted at the central ballot counting location of the election authority during the period for counting provisional ballots. Absent a date on the certification, the ballot shall not be counted.

(d) Special write-in vote by mail absentee voter's blank ballots returned to an election authority, by any means authorized by this Article, and received by the election authority at any time before the closing of the

polls on election day shall be endorsed by the receiving election authority with the day and hour of receipt and shall be counted at the central ballot counting location of the election authority during the same period provided for counting vote by mail absent voters' ballots under subsections (b), (g), and (g-5). Special write-in vote by mail absentee voter's blank ballots that are mailed to an election authority and postmarked no later than by the midnight preceding the opening of the polls on election day, but that are received by the election authority after the polls close on election day and before the closing of the period for counting provisional ballots cast at that election, shall be endorsed by the receiving authority with the day and hour of receipt and shall be counted at the central ballot counting location of the election authority during the same periods provided for counting vote by mail absent voters' ballots under subsection (c).

(e) Except as otherwise provided in this Section, vote by mail absent voters' ballots and special write-in vote by mail absentee voter's blank ballots received by the election authority after the closing of the polls on an election day shall be endorsed by the election authority receiving them with the day and hour of receipt and shall be safely kept unopened by the election authority for the period of time required for the preservation of ballots used at the election, and shall then, without being opened, be destroyed in like manner as the used ballots of that election.

(f) Counting required under this Section to begin on election day after the closing of the polls shall commence no later than 8:00 p.m. and shall be conducted by a panel or panels of election judges appointed in the manner provided by law. The counting shall continue until all vote by mail absent voters' ballots and special write-in vote by mail absentee voter's blank ballots required to be counted on election day have been counted.

(g) The procedures set forth in Articles 17 and 18 of this Code shall apply to all ballots counted under this Section. In addition, within 2 days after a vote by mail absentee ballot, other than an in-person absentee ballot, is received, but in all cases before the close of the period for counting provisional ballots, the election judge or official shall compare the voter's signature on the certification envelope of that vote by mail absentee ballot with the signature of the voter on file in the office of the election authority. If the election judge or official determines that the 2 signatures match, and that the vote by mail absentee voter is otherwise qualified to cast a vote by mail absentee ballot, the election authority shall cast and count the ballot on election day or the day the ballot is determined to be valid, whichever is later, adding the results to the

precinct in which the voter is registered. If the election judge or official determines that the signatures do not match, or that the vote by mail absentee voter is not qualified to cast a vote by mail absentee ballot, then without opening the certification envelope, the judge or official shall mark across the face of the certification envelope the word "Rejected" and shall not cast or count the ballot.

In addition to the voter's signatures not matching, a vote by mail absentee ballot may be rejected by the election judge or official:

(1) if the ballot envelope is open or has been opened and resealed;

(2) if the voter has already cast an early or grace period ballot;

(3) if the voter voted in person on election day or the voter is not a duly registered voter in the precinct; or

(4) on any other basis set forth in this Code.

If the election judge or official determines that any of these reasons apply, the judge or official shall mark across the face of the certification envelope the word "Rejected" and shall not cast or count the ballot.

(g-5) If a vote by mail absentee ballot, other than an in-person absentee ballot, is rejected by the election judge or official for any reason, the election authority shall, within 2 days after the rejection but in all cases before the close of the period for counting provisional ballots, notify the vote by mail absentee voter that his or her ballot was rejected. The notice shall inform the voter of the reason or reasons the ballot was rejected and shall state that the voter may appear before the election authority, on or before the 14th day after the election, to show cause as to why the ballot should not be rejected. The voter may present evidence to the election authority supporting his or her contention that the ballot should be counted. The election authority shall appoint a panel of 3 election judges to review the contested ballot, application, and certification envelope, as well as any evidence submitted by the vote by mail absentee voter. No more than 2 election judges on the reviewing panel shall be of the same political party. The reviewing panel of election judges shall make a final determination as to the validity of the contested vote by mail absentee ballot. The judges' determination shall not be reviewable either administratively or judicially.

A vote by mail absentee ballot subject to this subsection that is determined to be valid shall be counted before the close of the period for counting provisional ballots.

(10 ILCS 5/19-10) (from Ch. 46, par. 19-10)
Sec. 19-10. Pollwatchers may be appointed to observe early in-person absentee voting procedures and view all reasonably requested records relating to the conduct of the election, provided the secrecy of the ballot is not impinged, at the office of the election authority as well as at municipal, township or road district clerks' offices where such early absentee voting is conducted. Such pollwatchers shall qualify and be appointed in the same manner as provided in Sections 7-34 and 17-23, except each candidate, political party or organization of citizens may appoint only one pollwatcher for each location where early in-person absentee voting is conducted. Pollwatchers must be registered to vote in Illinois and possess valid pollwatcher credentials.

In the polling place on election day, pollwatchers shall be permitted to be present during the casting of the absent voters' ballots and the vote of any absent voter may be challenged for cause the same as if he were present and voted in person, and the judges of the election or a majority thereof shall have power and authority to hear and determine the legality of such ballot; Provided, however, that if a challenge to any absent voter's right to vote is sustained, notice of the same must be given by the judges of election by mail addressed to the voter's place of residence.

Where certain vote by mail absent voters' ballots are counted on the day of the election in the office of the election authority as provided in Section 19-8 of this Act, each political party, candidate and qualified civic organization shall be entitled to have present one pollwatcher for each panel of election judges therein assigned. Such pollwatchers shall be subject to the same provisions as are provided for pollwatchers in Sections 7-34 and 17-23 of this Code, and shall be permitted to observe the election judges making the signature comparison between that which is on the ballot envelope and that which is on the permanent voter registration record card taken from the master file.

Sec. 19-12.1. Any qualified elector who has secured an Illinois Person with a Disability Identification Card in accordance with the Illinois Identification Card Act, indicating that the person named thereon has a Class 1A or Class 2 disability or any qualified voter who has a permanent physical incapacity of such a nature as to make it improbable that he will be able to be present at the polls at any future election, or any voter who is a resident of (i) a federally operated veterans' home, hospital, or facility located in Illinois or (ii) a facility licensed or certified pursuant to the Nursing Home Care Act, the Specialized Mental Health Rehabilitation Act of 2013, or the ID/DD Community Care Act and has a condition or disability of such a nature as to make it improbable that he will be able to be present at the polls at any future election, may secure a disabled voter's or nursing home resident's identification card, which will enable him to vote under this Article as a physically incapacitated or nursing home voter. For the purposes of this Section, "federally operated veterans' home, hospital, or facility" means the long-term care facilities at the Jesse Brown VA Medical Center, Illiana Health Care System, Edward Hines, Jr. VA Hospital, Marion VA Medical Center, and Captain James A. Lovell Federal Health Care Center.

Application for a disabled voter's or nursing home resident's identification card shall be made either: (a) in writing, with voter's sworn affidavit, to the county clerk or board of election commissioners, as the case may be, and shall be accompanied by the affidavit of the attending physician specifically describing the nature of the physical incapacity or the fact that the voter is a nursing home resident and is physically unable to be present at the polls on election days; or (b) by presenting, in writing or otherwise, to the county clerk or board of election commissioners, as the case may be, proof that the applicant has secured an Illinois Person with a Disability Identification Card indicating that the person named thereon has a Class 1A or Class 2 disability. Upon the receipt of either the sworn-to application and the physician's affidavit or proof that the applicant has secured an Illinois Person with a Disability Identification Card indicating that the person named thereon has a Class 1A or Class 2 disability, the county clerk or board of election commissioners shall issue a disabled voter's or nursing home resident's identification card. Such identification cards shall be issued for a period of 5 years, upon the expiration of which time the voter may secure a new card by making application in the same manner as is prescribed for the issuance of an

original card, accompanied by a new affidavit of the attending physician. The date of expiration of such five-year period shall be made known to any interested person by the election authority upon the request of such person. Applications for the renewal of the identification cards shall be mailed to the voters holding such cards not less than 3 months prior to the date of expiration of the cards.

Each disabled voter's or nursing home resident's identification card shall bear an identification number, which shall be clearly noted on the voter's original and duplicate registration record cards. In the event the holder becomes physically capable of resuming normal voting, he must surrender his disabled voter's or nursing home resident's identification card to the county clerk or board of election commissioners before the next election.

The holder of a disabled voter's or nursing home resident's identification card may make application by mail for an official ballot within the time prescribed by Section 19-2. Such application shall contain the same information as is included in the form of application for ballot by a physically incapacitated elector prescribed in Section 19-3 except that it shall also include the applicant's disabled voter's identification card number and except that it need not be sworn to. If an examination of the records discloses that the applicant is lawfully entitled to vote, he shall be mailed a ballot as provided in Section 19-4. The ballot envelope shall be the same as that prescribed in Section 19-5 for physically disabled voters, and the manner of voting and returning the ballot shall be the same as that provided in this Article for other vote by mail absentee ballots, except that a statement to be subscribed to by the voter but which need not be sworn to shall be placed on the ballot envelope in lieu of the affidavit prescribed by Section 19-5.

Any person who knowingly subscribes to a false statement in connection with voting under this Section shall be guilty of a Class A misdemeanor.

For the purposes of this Section, "nursing home resident" includes a resident of (i) a federally operated veterans' home, hospital, or facility located in Illinois or (ii) a facility licensed under the ID/DD Community Care Act or the Specialized Mental Health Rehabilitation Act of 2013. For the purposes of this Section, "federally operated veterans' home, hospital, or facility" means the long-term care facilities at the Jesse Brown VA Medical Center, Illiana Health Care System, Edward Hines, Jr. VA
Hospital, Marion VA Medical Center, and Captain James A. Lovell Federal Health Care Center.

Sec. 19-12.2. Voting by physically incapacitated electors who have made proper application to the election authority not later than 5 days before the regular primary and general election of 1980 and before each election thereafter shall be conducted on the premises of (i) federally operated veterans' homes, hospitals, and facilities located in Illinois or (ii) facilities licensed or certified pursuant to the Nursing Home Care Act, the Specialized Mental Health Rehabilitation Act of 2013, or the ID/DD Community Care Act for the sole benefit of residents of such homes, hospitals, and facilities. For the purposes of this Section, "federally operated veterans' home, hospital, or facility" means the long-term care facilities at the Jesse Brown VA Medical Center, Illiana Health Care System, Edward Hines, Jr. VA Hospital, Marion VA Medical Center, and Captain James A. Lovell Federal Health Care Center. Such voting shall be conducted during any continuous period sufficient to allow all applicants to cast their ballots between the hours of 9 a.m. and 7 p.m. either on the Friday, Saturday, Sunday or Monday immediately preceding the regular election. This vote by mail absentee voting on one of said days designated by the election authority shall be supervised by two election judges who must be selected by the election authority in the following order of priority: (1) from the panel of judges appointed for the precinct in which such home, hospital, or facility is located, or from a panel of judges appointed for any other precinct within the jurisdiction of the election authority in the same ward or township, as the case may be, in which the home, hospital, or facility is located or, only in the case where a judge or judges from the precinct, township or ward are unavailable to serve, (3) from a panel of judges appointed for any other precinct within the jurisdiction of the election authority. The two judges shall be from different political parties. Not less than 30 days before each regular election, the election authority shall have arranged with the chief administrative officer of each home, hospital, or facility in his or its election jurisdiction a mutually convenient time period on the Friday, Saturday, Sunday or Monday immediately preceding the election for such voting on the premises of the home, hospital, or facility and shall post in a prominent place in his or its office a notice of the agreed day and time.
period for conducting such voting at each home, hospital, or facility; provided that the election authority shall not later than noon on the Thursday before the election also post the names and addresses of those homes, hospitals, and facilities from which no applications were received and in which no supervised vote by mail absentee voting will be conducted. All provisions of this Code applicable to pollwatchers shall be applicable herein. To the maximum extent feasible, voting booths or screens shall be provided to insure the privacy of the voter. Voting procedures shall be as described in Article 17 of this Code, except that ballots shall be treated as vote by mail absentee ballots and shall not be counted until the close of the polls on the following day. After the last voter has concluded voting, the judges shall seal the ballots in an envelope and affix their signatures across the flap of the envelope. Immediately thereafter, the judges shall bring the sealed envelope to the office of the election authority who shall deliver such ballots to the election authority's central ballot counting location prior to the closing of the polls on the day of election. The judges of election shall also report to the election authority the name of any applicant in the home, hospital, or facility who, due to unforeseen circumstance or condition or because of a religious holiday, was unable to vote. In this event, the election authority may appoint a qualified person from his or its staff to deliver the ballot to such applicant on the day of election. This staff person shall follow the same procedures prescribed for judges conducting vote by mail absentee voting in such homes, hospitals, or facilities and shall return the ballot to the central ballot counting location before the polls close. However, if the home, hospital, or facility from which the application was made is also used as a regular precinct polling place for that voter, voting procedures heretofore prescribed may be implemented by 2 of the election judges of opposite party affiliation assigned to that polling place during the hours of voting on the day of the election. Judges of election shall be compensated not less than $25.00 for conducting vote by mail absentee voting in such homes, hospitals, or facilities.

(b) Each vote by mail absent voter's ballot returned to an election authority, by any means authorized by this Article, and received by that election authority may be processed by the election authority beginning on the 15th day before election day before the closing of the polls on election day shall be endorsed by the receiving election authority with the day and hour of receipt and shall be counted in the central ballot counting location of the election authority, but the results of the processing may not be counted until on the day of the election after 7:00 p.m., except as provided in subsections (g) and (g-5).

(c) Each vote by mail absent voter's ballot that is mailed to an election authority and postmarked no later than by the midnight preceding the opening of the polls on election day, but that is received by the election authority after the polls close on election day and before the close of the period for counting provisional ballots cast at that election, shall be endorsed by the receiving authority with the day and hour of receipt and shall be counted at the central ballot counting location of the election authority during the period for counting provisional ballots.

Each vote by mail absent voter's ballot that is mailed to an election authority absent a postmark, but that is received by the election authority after the polls close on election day and before the close of the period for counting provisional ballots cast at that election, shall be endorsed by the receiving authority with the day and hour of receipt, opened to inspect the date inserted on the certification, and, if the certification date is a date preceding the election day and the ballot is otherwise found to be valid under the requirements of this Section, counted at the central ballot counting location of the election authority during the period for counting provisional ballots. Absent a date on the certification, the ballot shall not be counted.

(d) Special write-in vote by mail absentee voter's blank ballots returned to an election authority, by any means authorized by this Article, and received by the election authority at any time before the closing of the polls on election day shall be endorsed by the receiving election authority with the day and hour of receipt and shall be counted at the central ballot counting location of the election authority during the same period provided for counting vote by mail absent voters’ ballots under subsections (b), (g), and (g-5). Special write-in vote by mail absentee voter's blank ballot that are mailed to an election authority and postmarked by midnight preceding the opening of the polls on election day, but that are received by the election authority after the polls close on election day and before the
closing of the period for counting provisional ballots cast at that election, shall be endorsed by the receiving authority with the day and hour of receipt and shall be counted at the central ballot counting location of the election authority during the same periods provided for counting vote by mail absentee voters' ballots under subsection (c).

(e) Except as otherwise provided in this Section, vote by mail absentee voters' ballots and special write-in vote by mail absentee voter's blank ballots received by the election authority after the closing of the polls on the day of election shall be endorsed by the person receiving the ballots with the day and hour of receipt and shall be safely kept unopened by the election authority for the period of time required for the preservation of ballots used at the election, and shall then, without being opened, be destroyed in like manner as the used ballots of that election.

(f) Counting required under this Section to begin on election day after the closing of the polls shall commence no later than 8:00 p.m. and shall be conducted by a panel or panels of election judges appointed in the manner provided by law. The counting shall continue until all vote by mail absentee voters' ballots and special write-in vote by mail absentee voter's blank ballots required to be counted on election day have been counted.

(g) The procedures set forth in Articles 17 and 18 of this Code shall apply to all ballots counted under this Section. In addition, within 2 days after a ballot subject to this Article is received, but in all cases before the close of the period for counting provisional ballots, the election judge or official shall compare the voter's signature on the certification envelope of that ballot with the signature of the voter on file in the office of the election authority. If the election judge or official determines that the 2 signatures match, and that the voter is otherwise qualified to cast a ballot under this Article, the election authority shall cast and count the ballot on election day or the day the ballot is determined to be valid, whichever is later, adding the results to the precinct in which the voter is registered. If the election judge or official determines that the signatures do not match, or that the voter is not qualified to cast a ballot under this Article, then without opening the certification envelope, the judge or official shall mark across the face of the certification envelope the word "Rejected" and shall not cast or count the ballot.

In addition to the voter's signatures not matching, a ballot subject to this Article may be rejected by the election judge or official:

(1) if the ballot envelope is open or has been opened and resealed;

(2) if the voter has already cast an early or grace period ballot;
(3) if the voter voted in person on election day or the voter is not a duly registered voter in the precinct; or
(4) on any other basis set forth in this Code.

If the election judge or official determines that any of these reasons apply, the judge or official shall mark across the face of the certification envelope the word "Rejected" and shall not cast or count the ballot.

(g-5) If a ballot subject to this Article is rejected by the election judge or official for any reason, the election authority shall, within 2 days after the rejection but in all cases before the close of the period for counting provisional ballots, notify the voter that his or her ballot was rejected. The notice shall inform the voter of the reason or reasons the ballot was rejected and shall state that the voter may appear before the election authority, on or before the 14th day after the election, to show cause as to why the ballot should not be rejected. The voter may present evidence to the election authority supporting his or her contention that the ballot should be counted. The election authority shall appoint a panel of 3 election judges to review the contested ballot, application, and certification envelope, as well as any evidence submitted by the vote by mail absentee voter. No more than 2 election judges on the reviewing panel shall be of the same political party. The reviewing panel of election judges shall make a final determination as to the validity of the contested ballot. The judges' determination shall not be reviewable either administratively or judicially.

A ballot subject to this subsection that is determined to be valid shall be counted before the close of the period for counting provisional ballots.

(g-10) All ballots determined to be valid shall be added to the vote totals for the precincts for which they were cast in the order in which the ballots were opened.

(h) Each political party, candidate, and qualified civic organization shall be entitled to have present one pollwatcher for each panel of election judges therein assigned.

Sec. 24-15. As soon as the polls are closed, the voting machine or machines shall be locked in order to prevent further voting and each machine shall be sealed against voting and tampering, with a numbered metal seal, and the number of such metal seal shall be recorded at once on the certificate provided for that purpose, and the number on the protective counter of each voting machine shall also be recorded on the certificate in the space provided for that purpose, and the number on the public counter shall be recorded in the space provided for that purpose. The counting compartment shall then be opened in the presence of all the precinct election officials and all watchers and other persons who may be lawfully within the room, giving full view of the numbers announcing the votes cast for each candidate, and the vote for and against each of the questions or other propositions. Provided, however, when a machine is equipped with a device which will automatically record the number on the registering columns for each candidate, question or proposition on the back of the machine to a paper recording sheet then the recording sheet shall be removed and the vote cast shall be announced from the recording sheet for each candidate and the vote for and against each question or proposition. When voting machines are used in an election precinct, the watchers provided by law to be present in the polling place on election day shall be permitted to make a record of the number on the metal seal with which each voting machine is sealed, and to also record the number shown on the protective counter of each voting machine, and such watchers shall also be permitted to examine the counters of the voting machines as the
totals are being announced for transcription to the return sheets or from the recording sheets and also to examine the return sheets or the recording sheets as the totals are being recorded or checked thereon. In voting machine precincts where the voting machine is not equipped with the automatic recording sheet the officer, officers board or boards charged by law to furnish the ballot labels for the voting machines shall also furnish for each election precinct in which a voting machine is to be used, at least two duplicate return sheets which shall be used by the precinct election board of such election precinct for recording the results of the election. Such return sheets shall be printed in the form of a diagram exactly corresponding, in arrangement, with the face of the voting machine, and such return sheets shall also correspond, in as far as arrangement is concerned, with the sample ballots, and each return sheet shall provide printed instructions for the exact procedure which the precinct election board shall follow when making the canvass of the results of the election, and such return sheets shall also provide the office titles, party names, candidates' names and code letters and number, arranged in the same manner as on the ballot labels, and there shall be provided a space for inserting the serial number of each voting machine, so that the totals recorded from each voting machine may be identified as being from a certain voting machine, and there shall be provided a space for recording such separate total for each candidate and constitutional amendment, or other question or proposition, from each separate voting machine, and a space for recording the total of the vote by mail and early mail and absentee vote in the same manner, so that the final total for each candidate, constitutional amendment, question or other proposition, may be totaled by adding all the figures in a column. Totals on the return sheets shall be recorded in figures only, in ink. The same authorities shall also furnish to each such election precinct suitable printed forms for use by the precinct election board, in making out the certificates provided for in this Article. Such certificates shall be made a part of the return sheets if practicable, or may be on separate sheets.

Sec. 24-16. The precinct election officers shall then ascertain the number of votes which the candidates received both on the machine or machines, and by the voting of irregular ballots, if any. Except when the machine is equipped with a device which will automatically record the registering column on the back of the machine to sheets of paper giving

the accurate vote cast for each candidate. Two precinct election officials, not members of the same political party, shall write the totals in figures, in ink, for such candidate on the duplicate return sheets provided for that purpose, while one election officer announces in a distinct voice the total vote cast for each candidate thus ascertained in the order of the offices as their titles are arranged on the ballot label, and the remaining precinct election official or officials, if any, shall be stationed at the counter compartment of the voting machine being canvassed and shall watch each total as it is being called out from the registering counters. Each precinct election official who is recording the totals on the return sheets shall distinctly repeat each total as it is announced from the counter of the voting machine. The totals of each machine for each candidate shall be recorded on the return sheets in such a manner that they may be identified by the serial number of the voting machine. The vote both for and against each question or other proposition shall also be announced and recorded in the same manner as the vote for the candidates. When the machine is equipped with a device which will automatically record the registering column on the back of the machine to recording sheets of paper giving the accurate vote cast for each candidate then the totals cast for each candidate or each question or proposition shall be called out the same as if they were being read from the Counter Compartment of the voting machine, provided however the paper recording sheet shall constitute the return sheet for the precinct or consolidated area and no return sheets shall be required. When more than one voting machine is used in the same election precinct, the canvass of the first machine shall be completed before the second and so on. When the canvass of all totals shall have been completed, the precinct election board shall canvass all vote by mail absentee ballots in the same manner provided by law for canvassing paper ballots. The totals of the vote by mail absentee votes for each candidate and for each question or other proposition shall be recorded on the return sheets under the totals from the voting machines and the final total of the votes received by each candidate, and each constitutional amendment, question or other proposition, shall be ascertained and recorded in the space provided for that purpose on the return sheets. Upon the completion of the canvass as hereinbefore provided, one of the precinct election officials shall, in a loud and distinct voice announce the total votes received by each candidate, and the total votes cast both for and against each constitutional amendment, question or other proposition, and such proclamation shall be made slowly enough so as to enable anyone desiring

New matter indicated by italics - deletions by strikeout
to do so, to record each such result as it is announced. Except where a
testing machine is equipped with an automatic recording sheet when the
proclamation is completed, the election official who announced the totals
from the counters of the machine or machines, shall take his place at one
of the return sheets and one of the election officials of the opposite party
who has completed the recording of the returns on the return sheets shall
take his place at the counter compartment of the voting machine first
cannass, and he shall then proceed to announce each total on each
registering counter in the same manner as it was done for the first canvass.
Before the recheck of the voting machine is begun, the two precinct
election officials who are to recheck the totals on the return sheets shall
exchange return sheets and each election official shall then, as the canvass
proceeds, check each total as it is announced from the registering counters
of the voting machine or machines for the second time. As each total is
announced each precinct election official who is checking the totals on the
return sheets shall repeat in a loud and distinct voice each total as it is
announced. If any errors in the original canvass are discovered they shall
be corrected at once in the presence of all the precinct election officials
and a certificate shall be prepared and signed by each such election
official, setting forth which errors were discovered and what corrections
were made, and such certificate shall be made in duplicate and one filed
with each return sheet. During the process of rechecking each total on the
machines, the precinct election official or officials, if any, who at the
original canvass acted as watcher or watchers at the registering counters
of the machines, shall in the same manner verify the accuracy of each total as
it is announced from the machine or machines and is repeated by the two
precinct election officials who are rechecking the totals as written on the
return sheets. When this recheck is completed the entire precinct election
board shall take one of the return sheets and fold it in accordion pleats
approximately ten inches wide with the face of the return sheet out, in such
a manner that each pleat can easily be turned as the final recheck proceeds.
The entire precinct election board shall then begin at the voting machine
first canass and each such election official shall, simultaneously with
the other such election officials, and in the presence of each other,
examine each registering counter on the voting machine, and immediately
examine the corresponding record for that counter, as it is written on the
return sheet, and shall satisfy himself that both numbers are the same.
Each total on each voting machine shall be as examined and when such
examination has been completed, the entire precinct election board shall

then compare each total on such return sheet with the corresponding total on the duplicate return sheet and each precinct election official shall satisfy himself that all totals are the same on both return sheets. Each precinct election official shall sign a certificate stating that each step in the canvass of the voting machines, as provided herein, has been carefully and faithfully carried out in every detail. If any errors are discovered during the final recheck of the registering counters and comparison of the duplicate return sheets, such errors shall be corrected at once, and each precinct election official shall sign a certificate stating which errors were found and what corrections were made and such corrections shall be made in the presence of all the precinct election officials. The precinct election board shall then canvass the irregular ballot in substantially the same manner as the law provides for canvassing the returns for paper ballots, and shall record the results thereof on the return sheets in the space provided for that purpose. Before leaving the room and before closing and locking the counting compartment, each precinct election official shall make and sign the certificate and written statements and the return sheets of such election as provided by law. In precincts where the voting machines are equipped with the automatic recording sheet and two or more machines the total vote cast for each candidate, question or proposition from each machine shall be recorded separately on the statement of votes as provided for in Section 18-14, and the grand total of all votes appearing on the recording sheets shall be recorded on the statement of votes and proclaimed by the judges in the same manner as is herein provided for proclamation of votes from the return sheets. All vote by mail absentee ballots and irregular ballots of each voting machine shall be returned to the proper officer together with the return sheets and certificates and supplies and such vote by mail absentee ballots and irregular machine ballots shall be preserved and finally destroyed as is now provided by law when paper ballots are used. The written statements or returns so made, after having been properly signed, shall be distinctly and clearly read in the hearing of all persons present in the polling place, and ample opportunity shall be given to compare the results so certified with the counter dials of the machine. After such comparison and correction, if any is made, the precinct election officials shall then close the counting compartment and lock the same. Thereafter the voting machine shall remain locked and sealed against voting for a period of at least 30 days, after the results of the election have been declared, unless otherwise ordered by the circuit court: provided, however, upon application to the circuit court, the circuit judge may order

the said machines opened prior to the thirty day period herein required to be closed. The circuit court in its order shall specify the manner in which the count recorded on the machines shall be taken and preserved: provided, however, when the machines are equipped with any recording or photographic device on which votes registered on the mechanical counters will be separately recorded or photographed, as provided in Section 24-18 hereof, and it is necessary to use said machines at an election occurring within said 30 days, then after the machines have remained locked for a period of 48 hours they may be prepared for such subsequent election as herein provided. Whenever it is necessary to reset the machines for another election prior to the time limit for the filing of election contests, it shall be the duty of the proper officials to make a photographic record of the machines involved to be used in case of an election contest, whereupon the machines may be set back to zero and arranged for the next election.

Sec. 24A-6. The ballot information, whether placed on the ballot or on the marking device, shall, as far as practicable, be in the order of arrangement provided for paper ballots, except that such information may be in vertical or horizontal rows, or in a number of separate pages. Ballots for all questions or propositions to be voted on must be provided in the same manner and must be arranged on or in the marking device or on the ballot sheet in the places provided for such purposes.

When an electronic voting system utilizes a ballot label booklet and ballot card, ballots for candidates, ballots calling for a constitutional convention, constitutional amendment ballots, judicial retention ballots, public measures, and all propositions to be voted upon may be placed on the electronic voting device by providing in the ballot booklet separate ballot label pages or series of pages distinguished by differing colors as provided below. When an electronic voting system utilizes a ballot sheet, ballots calling for a constitutional convention, constitutional amendment ballots and judicial retention ballots shall be placed on the ballot sheet by providing a separate portion of the ballot sheet for each such kind of ballot which shall be printed in ink of a color distinct from the color of ink used in printing any other portion of the ballot sheet. Ballots for candidates, public measures and all other propositions to be voted upon shall be placed on the ballot sheet by providing a separate portion of the ballot sheet for each such kind of ballot. Whenever a person has submitted a declaration of intent to be a write-in candidate as required in Sections 17-
16.1 and 18-9.1, a line on which the name of a candidate may be written by the voter shall be printed below the name of the last candidate nominated for such office, and immediately to the left of such line an area shall be provided for marking a vote for such write-in candidate. The number of write-in lines for an office shall equal the number of persons who have filed declarations of intent to be write-in candidates plus an additional line or lines for write-in candidates who qualify to file declarations to be write-in candidates under Sections 17-16.1 and 18-9.1 when the certification of ballot contains the words "OBJECTION PENDING" next to the name of the candidate, up to the number of candidates for which a voter may vote. More than one amendment to the constitution may be placed on the same ballot page or series of pages or on the same portion of the ballot sheet, as the case may be. Ballot label pages for constitutional conventions or constitutional amendments shall be on paper of blue color and shall precede all other ballot label pages in the ballot label booklet. More than one public measure or proposition may be placed on the same ballot label page or series of pages or on the same portion of the ballot sheet, as the case may be. More than one proposition for retention of judges in office may be placed on the same ballot label page or series of pages or on the same portion of the ballot sheet, as the case may be. Ballot label pages for candidates shall be on paper of white color, except that in primary elections the ballot label page or pages for the candidates of each respective political party shall be of the color designated by the election official in charge of the election for that political party's candidates; provided that the ballot label pages or pages for candidates for use at the nonpartisan and consolidated elections may be on paper of different colors, except blue, whenever necessary or desirable to facilitate distinguishing between the pages for different political subdivisions. On each page of the candidate booklet, where the election is made to list ballot information vertically, the party affiliation of each candidate or the word "independent" shall appear immediately to the left of the candidate's name, and the name of candidates for the same office shall be listed vertically under the title of that office. If no candidate or candidates file for an office and if no person or persons file a declaration as a write-in candidate for that office, then below the title of that office the election authority instead shall print "No Candidate". In the case of nonpartisan elections for officers of political subdivisions, unless the statute or an ordinance adopted pursuant to Article VII of the Constitution requires otherwise, the listing of such nonpartisan candidates shall not

New matter indicated by italics - deletions by strikeout
include any party or "independent" designation. Ballot label pages for judicial retention ballots shall be on paper of green color, and ballot label pages for all public measures and other propositions shall be on paper of some other distinct and different color. In primary elections, a separate ballot label booklet, marking device and voting booth shall be used for each political party holding a primary, with the ballot label booklet arranged to include ballot label pages of the candidates of the party and public measures and other propositions to be voted upon on the day of the primary election. One ballot card may be used for recording the voter's vote or choice on all such ballots, proposals, public measures or propositions, and such ballot card shall be arranged so as to record the voter's vote or choice in a separate column or columns for each such kind of ballot, proposal, public measure or proposition.

If the ballot label booklet includes both candidates for office and public measures or propositions to be voted on, the election official in charge of the election shall divide the pages by protruding tabs identifying the division of the pages, and printing on such tabs "Candidates" and "Propositions".

The ballot card and all of its columns and the ballot card envelope shall be of the color prescribed for candidate's ballots at the general or primary election, whichever is being held. At an election where no candidates are being nominated or elected, the ballot card, its columns, and the ballot card envelope shall be of a color designated by the election official in charge of the election.

The ballot cards, ballot card envelopes and ballot sheets may, at the discretion of the election authority, be printed on white paper and then striped with the appropriate colors.

When ballot sheets are used, the various portions thereof shall be arranged to conform to the foregoing format.

Vote by mail Absentee ballots may consist of ballot cards, envelopes, paper ballots, or ballot sheets voted in person in the office of the election official in charge of the election or voted by mail. Where a ballot card is used for voting by mail it must be accompanied by a punching tool or other appropriate marking device, voter instructions and a specimen ballot showing the proper positions to vote on the ballot card or ballot sheet for each party, candidate, proposal, public measure or proposition, and in the case of a ballot card must be mounted on a suitable material to receive the punched out chip.

Any voter who spoils his ballot or makes an error may return the ballot to the judges of election and secure another. However, the protruding identifying tab for proposals for a constitutional convention or constitutional amendments shall have printed thereon "Constitutional Ballot", and the ballot label page or pages for such proposals shall precede the ballot label pages for candidates in the ballot label booklet.

(10 ILCS 5/24A-10) (from Ch. 46, par. 24A-10)

Sec. 24A-10. (1) In an election jurisdiction which has adopted an electronic voting system, the election official in charge of the election shall select one of the 3 following procedures for receiving, counting, tallying, and return of the ballots:

(a) Two ballot boxes shall be provided for each polling place. The first ballot box is for the depositing of votes cast on the electronic voting system; and the second ballot box is for all votes cast on paper ballots, including any paper ballots required to be voted other than on the electronic voting system. Ballots deposited in the second ballot box shall be counted, tallied, and returned as is elsewhere provided in "The Election Code," as amended, for the counting and handling of paper ballots. Immediately after the closing of the polls, the judges of election shall make out a slip indicating the number of persons who voted in the precinct at the election. Such slip shall be signed by all the judges of election and shall be inserted by them in the first ballot box. The judges of election shall thereupon immediately lock each ballot box; provided, that if such box is not of a type which may be securely locked, such box shall be sealed with filament tape provided for such purpose which shall be wrapped around the box lengthwise and crosswise, at least twice each way, and in such manner that the seal completely covers the slot in the ballot box, and each of the judges shall sign such seal. Thereupon two of the judges of election, of different political parties, shall forthwith and by the most direct route transport both ballot boxes to the counting location designated by the county clerk or board of election commissioners.

Before the ballots of a precinct are fed to the electronic tabulating equipment, the first ballot box shall be opened at the central counting station by the two precinct transport judges. Upon opening a ballot box, such team shall first count the number of ballots in the box. If 2 or more are folded together so as to appear to have been cast by the same person, all of the ballots so folded together shall be marked and returned with the other ballots in the same condition, as near as may be, in which they were

New matter indicated by italics - deletions by strikeout
found when first opened, but shall not be counted. If the remaining ballots
are found to exceed the number of persons voting in the precinct as shown
by the slip signed by the judges of election, the ballots shall be replaced in
the box, and the box closed and well shaken and again opened and one of
the precinct transport judges shall publicly draw out so many ballots
unopened as are equal to such excess.

Such excess ballots shall be marked "Excess-Not Counted" and
signed by the two precinct transport judges and shall be placed in the
"After 7:00 p.m. Defective Ballots Envelope". The number of excess
ballots shall be noted in the remarks section of the Certificate of Results.
"Excess" ballots shall not be counted in the total of "defective" ballots.

The precinct transport judges shall then examine the remaining
ballots for write-in votes and shall count and tabulate the write-in vote; or

(b) A single ballot box, for the deposit of all votes cast, shall be
used. All ballots which are not to be tabulated on the electronic voting
system shall be counted, tallied, and returned as elsewhere provided in
"The Election Code," as amended, for the counting and handling of paper
ballots.

All ballots to be processed and tabulated with the electronic voting
system shall be processed as follows:

Immediately after the closing of the polls, the precinct judges of
election then shall open the ballot box and canvass the votes polled to
determine that the number of ballots therein agree with the number of
voters voting as shown by the applications for ballot or if the same do not
agree the judges of election shall make such ballots agree with the
applications for ballot in the manner provided by Section 17-18 of "The
Election Code." The judges of election shall then examine all ballot cards
and ballot card envelopes which are in the ballot box to determine whether
the ballot cards and ballot card envelopes bear the initials of a precinct
judge of election. If any ballot card or ballot card envelope is not initialed,
it shall be marked on the back "Defective," initialed as to such label by all
judges immediately under such word "Defective," and not counted, but
placed in the envelope provided for that purpose labeled "Defective
Ballots Envelope."

When an electronic voting system is used which utilizes a ballot
card, before separating the ballot cards from their respective covering
envelopes, the judges of election shall examine the ballot card envelopes
for write-in votes. When the voter has voted a write-in vote, the judges of
election shall compare the write-in vote with the votes on the ballot card to

New matter indicated by italics - deletions by strikeout
determine whether such write-in results in an overvote for any office. In case of an overvote for any office, the judges of election, consisting in each case of at least one judge of election of each of the two major political parties, shall make a true duplicate ballot of all votes on such ballot card except for the office which is overvoted, by using the ballot label booklet of the precinct and one of the marking devices of the precinct so as to transfer all votes of the voter except for the office overvoted, to an official ballot card of that kind used in the precinct at that election. The original ballot card and envelope upon which there is an overvote shall be clearly labeled "Overvoted Ballot", and each shall bear the same serial number which shall be placed thereon by the judges of election, commencing with number 1 and continuing consecutively for the ballots of that kind in that precinct. The judges of election shall initial the "Duplicate Overvoted Ballot" ballot cards and shall place them in the box for return of the ballots. The "Overvoted Ballot" ballots and their envelopes shall be placed in the "Duplicate Ballots" envelope. Envelopes bearing write-in votes marked in the place designated therefor and bearing the initials of a precinct judge of election and not resulting in an overvote and otherwise complying with the election laws as to marking shall be counted, tallied, and their votes recorded on a tally sheet provided by the election official in charge of the election. The ballot cards and ballot card envelopes shall be separated and all except any defective or overvoted shall be placed separately in the box for return of the ballots. The judges of election shall examine the ballots and ballot cards to determine if any is damaged or defective so that it cannot be counted by the automatic tabulating equipment. If any ballot or ballot card is damaged or defective so that it cannot properly be counted by the automatic tabulating equipment, the judges of election, consisting in each case of at least one judge of election of each of the two major political parties, shall make a true duplicate ballot of all votes on such ballot card by using the ballot label booklet of the precinct and one of the marking devices of the precinct. The original ballot or ballot card and envelope shall be clearly labeled "Damaged Ballot" and the ballot or ballot card so produced "Duplicate Damaged Ballot," and each shall bear the same number which shall be placed thereon by the judges of election, commencing with number 1 and continuing consecutively for the ballots of that kind in the precinct. The judges of election shall initial the "Duplicate Damaged Ballot" ballot or ballot cards, and shall place them in the box for return of the ballots. The "Damaged Ballot" ballots or ballot cards and their envelopes shall be placed in the "Duplicate Ballots" envelope.
envelopes shall be placed in the "Duplicated Ballots" envelope. A slip indicating the number of voters voting in person shall be made out, signed by all judges of election, and inserted in the box for return of the ballots. The tally sheets recording the write-in votes shall be placed in this box. The judges of election thereupon immediately shall securely lock the ballot box or other suitable box furnished for return of the ballots by the election official in charge of the election; provided that if such box is not of a type which may be securely locked, such box shall be sealed with filament tape provided for such purpose which shall be wrapped around the box lengthwise and crosswise, at least twice each way. A separate adhesive seal label signed by each of the judges of election of the precinct shall be affixed to the box so as to cover any slot therein and to identify the box of the precinct; and if such box is sealed with filament tape as provided herein rather than locked, such tape shall be wrapped around the box as provided herein, but in such manner that the separate adhesive seal label affixed to the box and signed by the judges may not be removed without breaking the filament tape and disturbing the signature of the judges. Thereupon, 2 of the judges of election, of different major political parties, forthwith shall by the most direct route transport the box for return of the ballots and enclosed ballots and returns to the central counting location designated by the election official in charge of the election. If, however, because of the lack of adequate parking facilities at the central counting location or for any other reason, it is impossible or impracticable for the boxes from all the polling places to be delivered directly to the central counting location, the election official in charge of the election may designate some other location to which the boxes shall be delivered by the 2 precinct judges. While at such other location the boxes shall be in the care and custody of one or more teams, each consisting of 4 persons, 2 from each of the two major political parties, designated for such purpose by the election official in charge of elections from recommendations by the appropriate political party organizations. As soon as possible, the boxes shall be transported from such other location to the central counting location by one or more teams, each consisting of 4 persons, 2 from each of the 2 major political parties, designated for such purpose by the election official in charge of elections from recommendations by the appropriate political party organizations.

The "Defective Ballots" envelope, and "Duplicated Ballots" envelope each shall be securely sealed and the flap or end thereof of each signed by the precinct judges of election and returned to the central
counting location with the box for return of the ballots, enclosed ballots and returns.

At the central counting location, a team of tally judges designated by the election official in charge of the election shall check the box returned containing the ballots to determine that all seals are intact, and thereupon shall open the box, check the voters' slip and compare the number of ballots so delivered against the total number of voters of the precinct who voted, remove the ballots or ballot cards and deliver them to the technicians operating the automatic tabulating equipment. Any discrepancies between the number of ballots and total number of voters shall be noted on a sheet furnished for that purpose and signed by the tally judges; or

(c) A single ballot box, for the deposit of all votes cast, shall be used. Thereupon, 2 of the judges of election, of different major political parties, shall forthwith by the most direct route transport the box for return of the ballots and enclosed vote by mail absentee and early ballots and returns to the central counting location designated by the election official in charge of the election. If however, because of the lack of adequate parking facilities at the central counting location or for some other reason, it is impossible or impracticable for the boxes from all the polling places to be delivered directly to the central counting location, the election official in charge of the election may designate some other location to which the boxes shall be delivered by the 2 precinct judges. organizations. As soon as possible, the boxes shall be transported from such other location to the central counting location by one or more teams, each consisting of 4 persons, 2 from each of the 2 major political parties, designated for such purpose by the election official in charge of the election from recommendations by the appropriate political party organizations.

At the central counting location there shall be one or more teams of tally judges who possess the same qualifications as tally judges in election jurisdictions using paper ballots. The number of such teams shall be determined by the election authority. Each team shall consist of 5 tally judges, 3 selected and approved by the county board from a certified list furnished by the chairman of the county central committee of the party with the majority of members on the county board and 2 selected and approved by the county board from a certified list furnished by the chairman of the county central committee of the party with the second largest number of members on the county board. At the central counting location a team of tally judges shall open the ballot box and canvass the votes polled to determine that the number of ballot sheets therein agree with the number of voters voting as shown by the applications for ballot; and, if the same do not agree, the tally judges shall make such ballots agree with the number of applications for ballot in the manner provided by Section 17-18 of the Election Code. The tally judges shall then examine all ballot sheets which are in the ballot box to determine whether they bear the initials of the precinct judge of election. If any ballot is not initialed, it shall be marked on the back "Defective", initialed as to such label by all tally judges immediately under such word "Defective", and not counted, but placed in the envelope provided for that purpose labeled "Defective Ballots Envelope". An overvote for one office shall invalidate only the vote or count of that particular office.

At the central counting location, a team of tally judges designated by the election official in charge of the election shall deliver the ballot sheets to the technicians operating the automatic tabulating equipment. Any discrepancies between the number of ballots and total number of voters shall be noted on a sheet furnished for that purpose and signed by the tally judges.

(2) Regardless of which procedure described in subsection (1) of this Section is used, the judges of election designated to transport the ballots, properly signed and sealed as provided herein, shall ensure that the ballots are delivered to the central counting station no later than 12 hours

after the polls close. At the central counting station a team of tally judges designated by the election official in charge of the election shall examine the ballots so transported and shall not accept ballots for tabulating which are not signed and sealed as provided in subsection (1) of this Section until the judges transporting the same make and sign the necessary corrections. Upon acceptance of the ballots by a team of tally judges at the central counting station, the election judges transporting the same shall take a receipt signed by the election official in charge of the election and stamped with the date and time of acceptance. The election judges whose duty it is to transport any ballots shall, in the event such ballots cannot be found when needed, on proper request, produce the receipt which they are to take as above provided.

Sec. 24A-15.1. Except as herein provided, discovery recounts and election contests shall be conducted as otherwise provided for in "The Election Code", as amended. The automatic tabulating equipment shall be tested prior to the discovery recount or election contest as provided in Section 24A-9, and then the official ballots or ballot cards shall be recounted on the automatic tabulating equipment. In addition, (1) the ballot or ballot cards shall be checked for the presence or absence of judges' initials and other distinguishing marks, and (2) the ballots marked "Rejected", "Defective", Objected to", "Vote by Mail Absentee Ballot", and "Early Ballot" shall be examined to determine the propriety of the labels, and (3) the "Duplicate Vote by Mail Absentee Ballots", "Duplicate Early Ballots", "Duplicate Overvoted Ballots" and "Duplicate Damaged Ballots" shall be compared with their respective originals to determine the correctness of the duplicates.

Any person who has filed a petition for discovery recount may request that a redundant count be conducted in those precincts in which the discovery recount is being conducted. The additional costs of such a redundant count shall be borne by the requesting party.

The log of the computer operator and all materials retained by the election authority in relation to vote tabulation and canvass shall be made available for any discovery recount or election contest.

Sec. 24B-6. Ballot Information; Arrangement; Electronic Precinct Tabulation Optical Scan Technology Voting System; Vote by Mail
Absentee Ballots; Spoiled Ballots. The ballot information, shall, as far as practicable, be in the order of arrangement provided for paper ballots, except that the information may be in vertical or horizontal rows, or on a number of separate pages or displays on the marking device. Ballots for all questions or propositions to be voted on should be provided in a similar manner and must be arranged on the ballot sheet or marking device in the places provided for such purposes. Ballots shall be of white paper unless provided otherwise by administrative rule of the State Board of Elections or otherwise specified.

All propositions, including but not limited to propositions calling for a constitutional convention, constitutional amendment, judicial retention, and public measures to be voted upon shall be placed on separate portions of the ballot sheet or marking device by utilizing borders or grey screens. Candidates shall be listed on a separate portion of the ballot sheet or marking device by utilizing borders or grey screens. Whenever a person has submitted a declaration of intent to be a write-in candidate as required in Sections 17-16.1 and 18-9.1, a line or lines on which the voter may select a write-in candidate shall be printed below the name of the last candidate nominated for such office. Such line or lines shall be proximate to an area provided for marking votes for the write-in candidate or candidates. The number of write-in lines for an office shall equal the number of persons who have filed declarations of intent to be write-in candidates plus an additional line or lines for write-in candidates who qualify to file declarations to be write-in candidates under Sections 17-16.1 and 18-9.1 when the certification of ballot contains the words "OBJECTION PENDING" next to the name of that candidate, up to the number of candidates for which a voter may vote. In the case of write-in lines for the offices of Governor and Lieutenant Governor, 2 lines shall be printed within a bracket and a single square shall be printed in front of the bracket. More than one amendment to the constitution may be placed on the same portion of the ballot sheet or marking device. Constitutional convention or constitutional amendment propositions shall be printed or displayed on a separate portion of the ballot sheet or marking device and designated by borders or grey screens, unless otherwise provided by administrative rule of the State Board of Elections. If no candidate or candidates file for an office and if no person or persons
file a declaration as a write-in candidate for that office, then below the title
of that office the election authority instead shall print "No Candidate". In
the case of nonpartisan elections for officers of political subdivisions,
unless the statute or an ordinance adopted pursuant to Article VII of the
Constitution requires otherwise, the listing of nonpartisan candidates shall
not include any party or "independent" designation. Judicial retention
questions and ballot questions for all public measures and other
propositions shall be designated by borders or grey screens on the ballot or
marking device. In primary elections, a separate ballot, or displays on the
marking device, shall be used for each political party holding a primary,
with the ballot or marking device arranged to include names of the
candidates of the party and public measures and other propositions to be
voted upon on the day of the primary election.

If the ballot includes both candidates for office and public
measures or propositions to be voted on, the election official in charge of
the election shall divide the ballot or displays on the marking device in
sections for "Candidates" and "Propositions", or separate ballots may be
used.

Acceptance of Ballots by Election Authority.

(a) In an election jurisdiction which has adopted an electronic
Precinct Tabulation Optical Scan Technology voting system, the election

official in charge of the election shall select one of the 3 following procedures for receiving, counting, tallying, and return of the ballots:

(1) Two ballot boxes shall be provided for each polling place. The first ballot box is for the depositing of votes cast on the electronic voting system; and the second ballot box is for all votes cast on other ballots, including any paper ballots required to be voted other than on the Precinct Tabulation Optical Scan Technology electronic voting system. Ballots deposited in the second ballot box shall be counted, tallied, and returned as is elsewhere provided in this Code for the counting and handling of paper ballots. Immediately after the closing of the polls, the judges of election shall make out a slip indicating the number of persons who voted in the precinct at the election. The slip shall be signed by all the judges of election and shall be inserted by them in the first ballot box. The judges of election shall thereupon immediately lock each ballot box; provided, that if the box is not of a type which may be securely locked, the box shall be sealed with filament tape provided for the purpose that shall be wrapped around the box lengthwise and crosswise, at least twice each way, and in a manner that the seal completely covers the slot in the ballot box, and each of the judges shall sign the seal. Two of the judges of election, of different political parties, shall by the most direct route transport both ballot boxes to the counting location designated by the county clerk or board of election commissioners.

Before the ballots of a precinct are fed to the electronic Precinct Tabulation Optical Scan Technology tabulating equipment, the first ballot box shall be opened at the central counting station by the 2 precinct transport judges. Upon opening a ballot box, the team shall first count the number of ballots in the box. If 2 or more are folded together to appear to have been cast by the same person, all of the ballots folded together shall be marked and returned with the other ballots in the same condition, as near as may be, in which they were found when first opened, but shall not be counted. If the remaining ballots are found to exceed the number of persons voting in the precinct as shown by the slip signed by the judges of election, the ballots shall be replaced in the box, and the box closed and well shaken and again opened and one of the precinct transport judges shall publicly draw out so many ballots unopened as are equal to the excess.

New matter indicated by italics - deletions by strikeout
The excess ballots shall be marked "Excess-Not Counted" and signed by the 2 precinct transport judges and shall be placed in the "After 7:00 p.m. Defective Ballots Envelope". The number of excess ballots shall be noted in the remarks section of the Certificate of Results. "Excess" ballots shall not be counted in the total of "defective" ballots.

The precinct transport judges shall then examine the remaining ballots for write-in votes and shall count and tabulate the write-in vote.

(2) A single ballot box, for the deposit of all votes cast, shall be used. All ballots which are not to be tabulated on the electronic voting system shall be counted, tallied, and returned as elsewhere provided in this Code for the counting and handling of paper ballots.

All ballots to be processed and tabulated with the electronic Precinct Tabulation Optical Scan Technology voting system shall be processed as follows:

Immediately after the closing of the polls, the precinct judges of election shall open the ballot box and canvass the votes polled to determine that the number of ballots agree with the number of voters voting as shown by the applications for ballot, or if the same do not agree the judges of election shall make such ballots agree with the applications for ballot in the manner provided by Section 17-18 of this Code.

In case of an overvote for any office, the judges of election, consisting in each case of at least one judge of election of each of the 2 major political parties, shall make a true duplicate ballot of all votes on the ballot except for the office which is overvoted, by using the ballot of the precinct and one of the marking devices, or equivalent ballot, of the precinct to transfer all votes of the voter except for the office overvoted, to an official ballot of that kind used in the precinct at that election. The original ballot upon which there is an overvote shall be clearly labeled "Overvoted Ballot", and each shall bear the same serial number which shall be placed thereon by the judges of election, beginning with number 1 and continuing consecutively for the ballots of that kind in that precinct. The judges of election shall initial the "Duplicate Overvoted Ballot" ballots and shall place them in the box for return of the ballots. The "Overvoted Ballot" ballots shall be placed in the

"Duplicate Ballots" envelope. The ballots except any defective or overvoted ballot shall be placed separately in the box for return of the ballots. The judges of election shall examine the ballots to determine if any is damaged or defective so that it cannot be counted by the automatic tabulating equipment. If any ballot is damaged or defective so that it cannot properly be counted by the automatic tabulating equipment, the judges of election, consisting in each case of at least one judge of election of each of the 2 major political parties, shall make a true duplicate ballot of all votes on such ballot by using the ballot of the precinct and one of the marking devices, or equivalent ballot, of the precinct. The original ballot and ballot envelope shall be clearly labeled "Damaged Ballot" and the ballot so produced "Duplicate Damaged Ballot", and each shall bear the same number which shall be placed thereon by the judges of election, commencing with number 1 and continuing consecutively for the ballots of that kind in the precinct. The judges of election shall initial the "Duplicate Damaged Ballot" ballot and shall place them in the box for return of the ballots. The "Damaged Ballot" ballots shall be placed in the "Duplicated Ballots" envelope. A slip indicating the number of voters voting in person and the total number of voters of the precinct who voted at the election shall be made out, signed by all judges of election, and inserted in the box for return of the ballots. The tally sheets recording the write-in votes shall be placed in this box. The judges of election immediately shall securely lock the ballot box or other suitable box furnished for return of the ballots by the election official in charge of the election; provided that if the box is not of a type which may be securely locked, the box shall be sealed with filament tape provided for the purpose which shall be wrapped around the box lengthwise and crosswise, at least twice each way. A separate adhesive seal label signed by each of the judges of election of the precinct shall be affixed to the box to cover any slot therein and to identify the box of the precinct; and if the box is sealed with filament tape as provided rather than locked, such tape shall be wrapped around the box as provided, but in such manner that the separate adhesive seal label affixed to the box and signed by the judges may not be removed without breaking the filament tape and disturbing the signature of the judges. Two of the judges of election, of different major political parties, shall by the most

direct route transport the box for return of the ballots and enclosed ballots and returns to the central counting location designated by the election official in charge of the election. If, however, because of the lack of adequate parking facilities at the central counting location or for any other reason, it is impossible or impracticable for the boxes from all the polling places to be delivered directly to the central counting location, the election official in charge of the election may designate some other location to which the boxes shall be delivered by the 2 precinct judges. While at the other location the boxes shall be in the care and custody of one or more teams, each consisting of 4 persons, 2 from each of the 2 major political parties, designated for such purpose by the election official in charge of elections from recommendations by the appropriate political party organizations. As soon as possible, the boxes shall be transported from the other location to the central counting location by one or more teams, each consisting of 4 persons, 2 from each of the 2 major political parties, designated for the purpose by the election official in charge of elections from recommendations by the appropriate political party organizations.

The "Defective Ballots" envelope, and "Duplicated Ballots" envelope each shall be securely sealed and the flap or end of each envelope signed by the precinct judges of election and returned to the central counting location with the box for return of the ballots, enclosed ballots and returns.

At the central counting location, a team of tally judges designated by the election official in charge of the election shall check the box returned containing the ballots to determine that all seals are intact, and shall open the box, check the voters' slip and compare the number of ballots so delivered against the total number of voters of the precinct who voted, remove the ballots and deliver them to the technicians operating the automatic tabulating equipment. Any discrepancies between the number of ballots and total number of voters shall be noted on a sheet furnished for that purpose and signed by the tally judges.

(3) A single ballot box, for the deposit of all votes cast, shall be used. Immediately after the closing of the polls, the precinct judges of election shall securely lock the ballot box; provided that if such box is not of a type which may be securely locked, the box shall be sealed with filament tape provided for the

purpose which shall be wrapped around the box lengthwise and
crosswise, at least twice each way. A separate adhesive seal label
signed by each of the judges of election of the precinct shall be
affixed to the box to cover any slot therein and to identify the box
of the precinct; and if the box is sealed with filament tape as
provided rather than locked, such tape shall be wrapped around the
box as provided, but in a manner that the separate adhesive seal
label affixed to the box and signed by the judges may not be
removed without breaking the filament tape and disturbing the
signature of the judges. Two of the judges of election, of different
major political parties, shall by the most direct route transport the
box for return of the ballots and enclosed vote by mail absentee and
early ballots and returns to the central counting location designated
by the election official in charge of the election. If however,
because of the lack of adequate parking facilities at the central
counting location or for some other reason, it is impossible or
impracticable for the boxes from all the polling places to be
delivered directly to the central counting location, the election
official in charge of the election may designate some other location
to which the boxes shall be delivered by the 2 precinct judges.
While at the other location the boxes shall be in the care and
custody of one or more teams, each consisting of 4 persons, 2 from
each of the 2 major political parties, designated for the purpose by
the election official in charge of elections from recommendations
by the appropriate political party organizations. As soon as
possible, the boxes shall be transported from the other location to
the central counting location by one or more teams, each consisting
of 4 persons, 2 from each of the 2 major political parties,
designated for the purpose by the election official in charge of the
election from recommendations by the appropriate political party
organizations.

At the central counting location there shall be one or more
teams of tally judges who possess the same qualifications as tally
judges in election jurisdictions using paper ballots. The number of
the teams shall be determined by the election authority. Each team
shall consist of 5 tally judges, 3 selected and approved by the
county board from a certified list furnished by the chairman of the
county central committee of the party with the majority of
members on the county board and 2 selected and approved by the

New matter indicated by italics - deletions by strikeout
county board from a certified list furnished by the chairman of the county central committee of the party with the second largest number of members on the county board. At the central counting location a team of tally judges shall open the ballot box and canvass the votes polled to determine that the number of ballot sheets therein agree with the number of voters voting as shown by the applications for ballot and, if the same do not agree, the tally judges shall make such ballots agree with the number of applications for ballot in the manner provided by Section 17-18 of this Code. The tally judges shall then examine all ballot sheets that are in the ballot box to determine whether they bear the initials of the precinct judge of election. If any ballot is not initialed, it shall be marked on the back "Defective", initialed as to that label by all tally judges immediately under the word "Defective", and not counted, but placed in the envelope provided for that purpose labeled "Defective Ballots Envelope". An overvote for one office shall invalidate only the vote or count for that particular office.

At the central counting location, a team of tally judges designated by the election official in charge of the election shall deliver the ballot sheets to the technicians operating the automatic Precinct Tabulation Optical Scan Technology tabulating equipment. Any discrepancies between the number of ballots and total number of voters shall be noted on a sheet furnished for that purpose and signed by the tally judges.

(b) Regardless of which procedure described in subsection (a) of this Section is used, the judges of election designated to transport the ballots properly signed and sealed, shall ensure that the ballots are delivered to the central counting station no later than 12 hours after the polls close. At the central counting station, a team of tally judges designated by the election official in charge of the election shall examine the ballots so transported and shall not accept ballots for tabulating which are not signed and sealed as provided in subsection (a) of this Section until the judges transporting the ballots make and sign the necessary corrections. Upon acceptance of the ballots by a team of tally judges at the central counting station, the election judges transporting the ballots shall take a receipt signed by the election official in charge of the election and stamped with the date and time of acceptance. The election judges whose duty it is to transport any ballots shall, in the event the ballots cannot be

found when needed, on proper request, produce the receipt which they are
to take as above provided.

Sec. 24B-15.1. Discovery recounts and election contests. Except as
provided, discovery recounts and election contests shall be conducted as
otherwise provided for in this Code. The automatic Precinct Tabulation
Optical Scan Technology tabulating equipment shall be tested prior to the
discovery recount or election contest as provided in Section 24B-9, and
then the official ballots shall be recounted on the automatic tabulating
equipment. In addition, (a) the ballots shall be checked for the presence or
absence of judges' initials and other distinguishing marks, and (b) the
ballots marked "Rejected", "Defective", "Objected To", "Early Ballot", and
"Vote by Mail Absentee Ballot" shall be examined to determine the
propriety of the labels, and (c) the "Duplicate Vote by Mail Absentee
Ballots", "Duplicate Overvoted Ballots", "Duplicate Early Ballot", and
"Duplicate Damaged Ballots" shall be compared with their respective
originals to determine the correctness of the duplicates.

Any person who has filed a petition for discovery recount may
request that a redundant count be conducted in those precincts in which the
discovery recount is being conducted. The additional costs of a redundant
count shall be borne by the requesting party.

The log of the computer operator and all materials retained by the
election authority in relation to vote tabulation and canvass shall be made
available for any discovery recount or election contest.

Sec. 24C-1. Purpose. The purpose of this Article is to authorize the
use of Direct Recording Electronic Voting Systems approved by the State
Board of Elections. In a Direct Recording Electronic Voting System,
voters cast votes by means of a ballot display provided with mechanical or
electro-optical devices that can be activated by the voters to mark their
choices for the candidates of their preference and for or against public
questions. Such voting devices shall be capable of instantaneously
recording such votes, storing such votes, producing a permanent paper
record and tabulating such votes at the precinct or at one or more counting
stations. This Article authorizes the use of Direct Recording Electronic
Voting Systems for in-precinct counting applications and for early in-

person absentee voting in the office of the election authority and in the offices of local officials authorized by the election authority to conduct such early absentee voting. All other early absentee ballots must be counted at the office of the election authority.

Sec. 24C-6. Ballot Information; Arrangement; Direct Recording Electronic Voting System; Vote by Mail Absentee Ballots; Spoiled Ballots. The ballot information, shall, as far as practicable, be in the order of arrangement provided for paper ballots, except that the information may be in vertical or horizontal rows, or on a number of separate pages or display screens.

Ballots for all public questions to be voted on should be provided in a similar manner and must be arranged on the ballot in the places provided for such purposes. All public questions, including but not limited to public questions calling for a constitutional convention, constitutional amendment, or judicial retention, shall be placed on the ballot separate and apart from candidates. Ballots for all public questions shall be clearly designated by borders or different color screens. More than one amendment to the constitution may be placed on the same portion of the ballot sheet. Constitutional convention or constitutional amendment propositions shall be placed on a separate portion of the ballot and designated by borders or unique color screens, unless otherwise provided by administrative rule of the State Board of Elections. More than one public question may be placed on the same portion of the ballot. More than one proposition for retention of judges in office may be placed on the same portion of the ballot.

The party affiliation, if any, of each candidate or the word "independent", where applicable, shall appear near or under the candidate's name, and the names of candidates for the same office shall be listed vertically under the title of that office. In the case of nonpartisan elections for officers of political subdivisions, unless the statute or an ordinance adopted pursuant to Article VII of the Constitution requires otherwise, the listing of nonpartisan candidates shall not include any party or "independent" designation. If no candidate or candidates file for an office and if no person or persons file a declaration as a write-in candidate for that office, then below the title of that office the election authority shall print "No Candidate". In primary elections, a separate ballot shall be used for each political party holding a primary, with the ballot arranged to

include names of the candidates of the party and public questions and other propositions to be voted upon on the day of the primary election.

If the ballot includes both candidates for office and public questions or propositions to be voted on, the election official in charge of the election shall divide the ballot in sections for "Candidates" and "Public Questions", or separate ballots may be used.

Any voter who spoils his or her ballot, makes an error, or has a ballot rejected by the automatic tabulating equipment shall be provided a means of correcting the ballot or obtaining a new ballot prior to casting his or her ballot.

Any election authority using a Direct Recording Electronic Voting System may use voting systems approved for use under Articles 24A or 24B of this Code in conducting vote by mail or early absentee voting in the office of the election authority or voted by mail.

(10 ILCS 5/24C-11)

Sec. 24C-11. Functional requirements. A Direct Recording Electronic Voting System shall, in addition to satisfying the other requirements of this Article, fulfill the following functional requirements:

(a) Provide a voter in a primary election with the means of casting a ballot containing votes for any and all candidates of the party or parties of his or her choice, and for any and all non-partisan candidates and public questions and preclude the voter from voting for any candidate of any other political party except when legally permitted. In a general election, the system shall provide the voter with means of selecting the appropriate number of candidates for any office, and of voting on any public question on the ballot to which he or she is entitled to vote.

(b) If a voter is not entitled to vote for particular candidates or public questions appearing on the ballot, the system shall prevent the selection of the prohibited votes.

(c) Once the proper ballot has been selected, the system devices shall provide a means of enabling the recording of votes and the casting of said ballot.

(d) System voting devices shall provide voting choices that are clear to the voter and labels indicating the names of every candidate and the text of every public question on the voter's ballot. Each label shall identify the selection button or switch, or the active area of the ballot associated with it. The system shall be able to incorporate minimal, easy-to-follow on-screen instruction for the voter on how to cast a ballot.

New matter indicated by italics - deletions by strikeout
(e) Voting devices shall (i) enable the voter to vote for any and all candidates and public questions appearing on the ballot for which the voter is lawfully entitled to vote, in any legal number and combination; (ii) detect and reject all votes for an office or upon a public question when the voter has cast more votes for the office or upon the public question than the voter is entitled to cast; (iii) notify the voter if the voter’s choices as recorded on the ballot for an office or public question are fewer than or exceed the number that the voter is entitled to vote for on that office or public question and the effect of casting more or fewer votes than legally permitted; (iv) notify the voter if the voter has failed to completely cast a vote for an office or public question appearing on the ballot; and (v) permit the voter, in a private and independent manner, to verify the votes selected by the voter, to change the ballot or to correct any error on the ballot before the ballot is completely cast and counted. A means shall be provided to indicate each selection after it has been made or canceled.

(f) System voting devices shall provide a means for the voter to signify that the selection of candidates and public questions has been completed. Upon activation, the system shall record an image of the completed ballot, increment the proper ballot position registers, and shall signify to the voter that the ballot has been cast. The system shall then prevent any further attempt to vote until it has been reset or re-enabled by a judge of election.

(g) Each system voting device shall be equipped with a public counter that can be set to zero prior to the opening of the polling place, and that records the number of ballots cast at a particular election. The counter shall be incremented only by the casting of a ballot. The counter shall be designed to prevent disabling or resetting by other than authorized persons after the polls close. The counter shall be visible to all judges of election so long as the device is installed at the polling place.

(h) Each system voting device shall be equipped with a protective counter that records all of the testing and election ballots cast since the unit was built. This counter shall be designed so that its reading cannot be changed by any cause other than the casting of a ballot. The protective counter shall be incapable of ever being reset and it shall be visible at all times when the device is configured for testing, maintenance, or election use.

(i) All system devices shall provide a means of preventing further voting once the polling place has closed and after all eligible voters have voted. Such means of control shall incorporate a visible indication of
system status. Each device shall prevent any unauthorized use, prevent tampering with ballot labels and preclude its re-opening once the poll closing has been completed for that election.

(j) The system shall produce a printed summary report of the votes cast upon each voting device. Until the proper sequence of events associated with closing the polling place has been completed, the system shall not allow the printing of a report or the extraction of data. The printed report shall also contain all system audit information to be required by the election authority. Data shall not be altered or otherwise destroyed by report generation and the system shall ensure the integrity and security of data for a period of at least 6 months after the polls close.

(k) If more than one voting device is used in a polling place, the system shall provide a means to manually or electronically consolidate the data from all such units into a single report even if different voting systems are used to record absentee ballots. The system shall also be capable of merging the vote tabulation results produced by other vote tabulation systems, if necessary.

(l) System functions shall be implemented such that unauthorized access to them is prevented and the execution of authorized functions in an improper sequence is precluded. System functions shall be executable only in the intended manner and order, and only under the intended conditions. If the preconditions to a system function have not been met, the function shall be precluded from executing by the system's control logic.

(m) All system voting devices shall incorporate at least 3 memories in the machine itself and in its programmable memory devices.

(n) The system shall include capabilities of recording and reporting the date and time of normal and abnormal events and of maintaining a permanent record of audit information that cannot be turned off. Provisions shall be made to detect and record significant events (e.g., casting a ballot, error conditions that cannot be disposed of by the system itself, time-dependent or programmed events that occur without the intervention of the voter or a judge of election).

(o) The system and each system voting device must be capable of creating, printing and maintaining a permanent paper record and an electronic image of each ballot that is cast such that records of individual ballots are maintained by a subsystem independent and distinct from the main vote detection, interpretation, processing and reporting path. The electronic images of each ballot must protect the integrity of the data and the anonymity of each voter, for example, by means of storage location

New matter indicated by italics - deletions by strikeout
scrambling. The ballot image records may be either machine-readable or manually transcribed, or both, at the discretion of the election authority.

(p) The system shall include built-in test, measurement and diagnostic software and hardware for detecting and reporting the system's status and degree of operability.

(q) The system shall contain provisions for maintaining the integrity of memory voting and audit data during an election and for a period of at least 6 months thereafter and shall provide the means for creating an audit trail.

(r) The system shall be fully accessible so as to permit blind or visually impaired voters as well as physically disabled voters to exercise their right to vote in private and without assistance.

(s) The system shall provide alternative language accessibility if required pursuant to Section 203 of the Voting Rights Act of 1965.

(t) Each voting device shall enable a voter to vote for a person whose name does not appear on the ballot.

(u) The system shall record and count accurately each vote properly cast for or against any candidate and for or against any public question, including the names of all candidates whose names are written in by the voters.

(v) The system shall allow for accepting provisional ballots and for separating such provisional ballots from precinct totals until authorized by the election authority.

(w) The system shall provide an effective audit trail as defined in Section 24C-2 in this Code.

(x) The system shall be suitably designed for the purpose used, be durably constructed, and be designed for safety, accuracy and efficiency.

(y) The system shall comply with all provisions of federal, State and local election laws and regulations and any future modifications to those laws and regulations.

Sec. 24C-13. Vote by Mail. Absentee ballots; Early voting ballots; Proceedings at Location for Central Counting; Employees; Approval of List.

(a) All jurisdictions using Direct Recording Electronic Voting Systems shall use paper ballots or paper ballot sheets approved for use under Articles 16, 24A or 24B of this Code when conducting vote by mail absentee voting except that Direct Recording Electronic Voting Systems
may be used for in-person absentee voting conducted pursuant to Section 19-2.1 of this Code. All vote by mail absentee ballots shall be counted at the central ballot counting location of the election authority. The provisions of Section 24A-9, 24B-9 and 24C-9 of this Code shall apply to the testing and notice requirements for central count tabulation equipment, including comparing the signature on the ballot envelope with the signature of the voter on the permanent voter registration record card taken from the master file. Vote results shall be recorded by precinct and shall be added to the vote results for the precinct in which the vote by mail absentee voter was eligible to vote prior to completion of the official canvass.

(b) All proceedings at the location for central counting shall be under the direction of the county clerk or board of election commissioners. Except for any specially trained technicians required for the operation of the Direct Recording Electronic Voting System, the employees at the counting station shall be equally divided between members of the 2 leading political parties and all duties performed by the employees shall be by teams consisting of an equal number of members of each political party. Thirty days before an election the county clerk or board of election commissioners shall submit to the chairman of each political party, for his or her approval or disapproval, a list of persons of his or her party proposed to be employed. If a chairman fails to notify the election authority of his or her disapproval of any proposed employee within a period of 10 days thereafter the list shall be deemed approved.

Sec. 24C-15. Official Return of Precinct; Check of Totals; Audit. The precinct return printed by the Direct Recording Electronic Voting System tabulating equipment shall include the number of ballots cast and votes cast for each candidate and public question and shall constitute the official return of each precinct. In addition to the precinct return, the election authority shall provide the number of applications for ballots in each precinct, the total number of ballots and vote by mail absentee ballots counted in each precinct for each political subdivision and district and the number of registered voters in each precinct. However, the election authority shall check the totals shown by the precinct return and, if there is an obvious discrepancy regarding the total number of votes cast in any precinct, shall have the ballots for that precinct audited to correct the return. The procedures for this audit shall apply prior to and after the

New matter indicated by italics - deletions by strikeout
proclamation is completed; however, after the proclamation of results, the election authority must obtain a court order to unseal voted ballots or voting devices except for election contests and discovery recounts. The certificate of results, which has been prepared and signed by the judges of election after the ballots have been tabulated, shall be the document used for the canvass of votes for such precinct. Whenever a discrepancy exists during the canvass of votes between the unofficial results and the certificate of results, or whenever a discrepancy exists during the canvass of votes between the certificate of results and the set of totals reflected on the certificate of results, the ballots for that precinct shall be audited to correct the return.

Prior to the proclamation, the election authority shall test the voting devices and equipment in 5% of the precincts within the election jurisdiction, as well as 5% of the voting devices used in early voting. The precincts and the voting devices to be tested shall be selected after election day on a random basis by the State Board of Elections, so that every precinct and every device used in early voting in the election jurisdiction has an equal mathematical chance of being selected. The State Board of Elections shall design a standard and scientific random method of selecting the precincts and voting devices that are to be tested. The State central committee chairman of each established political party shall be given prior written notice of the time and place of the random selection procedure and may be represented at the procedure.

The test shall be conducted by counting the votes marked on the permanent paper record of each ballot cast in the tested precinct printed by the voting system at the time that each ballot was cast and comparing the results of this count with the results shown by the certificate of results prepared by the Direct Recording Electronic Voting System in the test precinct. The election authority shall test count these votes either by hand or by using an automatic tabulating device other than a Direct Recording Electronic voting device that has been approved by the State Board of Elections for that purpose and tested before use to ensure accuracy. The election authority shall print the results of each test count. If any error is detected, the cause shall be determined and corrected, and an errorless count shall be made prior to the official canvass and proclamation of election results. If an errorless count cannot be conducted and there continues to be difference in vote results between the certificate of results produced by the Direct Recording Electronic Voting System and the count of the permanent paper records or if an error was detected and corrected,

New matter indicated by italics - deletions by strikeout
the election authority shall immediately prepare and forward to the appropriate canvassing board a written report explaining the results of the test and any errors encountered and the report shall be made available for public inspection.

The State Board of Elections, the State's Attorney and other appropriate law enforcement agencies, the county chairman of each established political party and qualified civic organizations shall be given prior written notice of the time and place of the test and may be represented at the test.

The results of this post-election test shall be treated in the same manner and have the same effect as the results of the discovery procedures set forth in Section 22-9.1 of this Code.

A special primary election shall be held on February 26, 2013, and a special election shall be held on April 9, 2013.

Except as provided in this subsection (b), the provisions of Article 7 of this Code are applicable to petitions for the special primary election and special election. Petitions for nomination in accordance with Article 7 shall be filed in the principal office of the State Board of Elections not more than 54 and not less than 50 days prior to the date of the special primary election, excluding Saturday and Sunday. Petitions for the nomination of independent candidates and candidates of new political parties shall be filed in the principal office of the State Board of Elections not more than 68 and not less than 64 days prior to the date of the special election, excluding Saturday and Sunday.

If an election authority is unable to have a sufficient number of ballots printed so that ballots will be available for mailing at least 46 days prior to the special primary election or special election to persons who have filed an application for a ballot under the provisions of Article 20 of this Code, the election authority shall, no later than 45 days prior to each election, mail to each of those persons a Special Write-in **Vote by Mail Absentee** Voter's Blank Ballot in accordance with Section 16-5.01 of this Code. The election authority shall advise those persons that the names of candidates to be nominated or elected shall be available on the election authority's website and shall provide a phone number the person may call to request the names of the candidates for nomination or election.

Sec. 28-9. Petitions for proposed amendments to Article IV of the Constitution pursuant to Section 3, Article XIV of the Constitution shall be signed by a number of electors equal in number to at least 8% of the total votes cast for candidates for Governor in the preceding gubernatorial election. Such petition shall have been signed by the petitioning electors not more than 24 months preceding the general election at which the proposed amendment is to be submitted and shall be filed with the Secretary of State at least 6 months before that general election.

Upon receipt of a petition for a proposed Constitutional amendment, the Secretary of State shall, as soon as is practicable, but no later than the close of the next business day, deliver such petition to the State Board of Elections.

Petitions for advisory questions of public policy to be submitted to the voters of the entire State shall be signed by a number of voters equal in number to 8% of the total votes cast for candidates for Governor in the preceding gubernatorial election. Such petition shall have been signed by said petitioners not more than 24 months preceding the date of the general election at which the question is to be submitted and shall be filed with the State Board of Elections at least 6 months before that general election.

The proponents of the proposed statewide advisory public question shall file the original petition in bound election jurisdiction sections. The Department shall establish a program of services to prevent unnecessary institutionalization of persons age 60 and older in need of long term care or who are established as persons who suffer from Alzheimer's disease or a related disorder under the Alzheimer's Disease Assistance Act, thereby enabling them to remain in their own homes or in other living arrangements. (m) clearinghouse for information provided by senior citizen home owners who want to rent rooms to or share living space with other senior citizens.

The Department shall establish eligibility standards for such services. In determining the amount and nature of services for which a person may qualify, consideration shall not be given to the value of cash, property or other assets held in the name of the person's spouse pursuant to a written agreement dividing marital property into equal but separate shares or pursuant to a transfer of the person's interest in a home to his spouse, provided that the spouse's share of the marital property is not made available to the person seeking such services.

Beginning January 1, 2008, the Department shall require as a condition of eligibility that all new financially eligible applicants apply for and enroll in medical assistance under Article V of the Illinois Public Aid Code in accordance with rules promulgated by the Department.

The Department shall, in conjunction with the Department of Public Aid (now Department of Healthcare and Family Services), seek appropriate amendments under Sections 1915 and 1924 of the Social Security Act. The purpose of the amendments shall be to extend eligibility for home and community based services under Sections 1915 and 1924 of the Social Security Act to persons who transfer to or for the benefit of a spouse those amounts of income and resources allowed under Section 1924 of the Social Security Act. Subject to the approval of such amendments, the Department shall extend the provisions of Section 5-4 of the Illinois Public Aid Code to persons who, but for the provision of home or community-based services, would require the level of care provided in an institution, as is provided for in federal law. Those persons no longer found to be eligible for receiving noninstitutional services due to changes in the eligibility criteria shall be given 45 days notice prior to actual termination. Those persons receiving notice of termination may contact the Department and request the determination be appealed at any time during the 45 day notice period. The target population identified for the purposes of this Section are persons age 60 and older with an identified service need. Priority shall be given to those who are at imminent risk of institutionalization. The services shall be provided to eligible persons age 60 and older to the extent that the cost of the services together with the other personal maintenance expenses of the persons are reasonably related to the standards established for care in a group facility appropriate to the person's condition. These non-institutional services, pilot projects or

experimental facilities may be provided as part of or in addition to those authorized by federal law or those funded and administered by the Department of Human Services. The Departments of Human Services, Healthcare and Family Services, Public Health, Veterans' Affairs, and Commerce and Economic Opportunity and other appropriate agencies of State, federal and local governments shall cooperate with the Department on Aging in the establishment and development of the non-institutional services. The Department shall require an annual audit from all personal assistant and home care aide vendors contracting with the Department under this Section. The annual audit shall assure that each audited vendor's procedures are in compliance with Department's financial reporting guidelines requiring an administrative and employee wage and benefits cost split as defined in administrative rules. The audit is a public record under the Freedom of Information Act. The Department shall execute, relative to the nursing home prescreening project, written inter-agency agreements with the Department of Human Services and the Department of Healthcare and Family Services, to effect the following: (1) intake procedures and common eligibility criteria for those persons who are receiving non-institutional services; and (2) the establishment and development of non-institutional services in areas of the State where they are not currently available or are undeveloped. On and after July 1, 1996, all nursing home prescreenings for individuals 60 years of age or older shall be conducted by the Department.

As part of the Department on Aging's routine training of case managers and case manager supervisors, the Department may include information on family futures planning for persons who are age 60 or older and who are caregivers of their adult children with developmental disabilities. The content of the training shall be at the Department's discretion.

The Department is authorized to establish a system of recipient copayment for services provided under this Section, such copayment to be based upon the recipient's ability to pay but in no case to exceed the actual cost of the services provided. Additionally, any portion of a person's income which is equal to or less than the federal poverty standard shall not be considered by the Department in determining the copayment. The level of such copayment shall be adjusted whenever necessary to reflect any change in the officially designated federal poverty standard.

The Department, or the Department's authorized representative, may recover the amount of moneys expended for services provided to or in
behalf of a person under this Section by a claim against the person's estate or against the estate of the person's surviving spouse, but no recovery may be had until after the death of the surviving spouse, if any, and then only at such time when there is no surviving child who is under age 21, blind, or permanently and totally disabled. This paragraph, however, shall not bar recovery, at the death of the person, of moneys for services provided to the person or in behalf of the person under this Section to which the person was not entitled; provided that such recovery shall not be enforced against any real estate while it is occupied as a homestead by the surviving spouse or other dependent, if no claims by other creditors have been filed against the estate, or, if such claims have been filed, they remain dormant for failure of prosecution or failure of the claimant to compel administration of the estate for the purpose of payment. This paragraph shall not bar recovery from the estate of a spouse, under Sections 1915 and 1924 of the Social Security Act and Section 5-4 of the Illinois Public Aid Code, who precedes a person receiving services under this Section in death. All moneys for services paid to or in behalf of the person under this Section shall be claimed for recovery from the deceased spouse's estate. "Homestead", as used in this paragraph, means the dwelling house and contiguous real estate occupied by a surviving spouse or relative, as defined by the rules and regulations of the Department of Healthcare and Family Services, regardless of the value of the property.

The Department shall increase the effectiveness of the existing Community Care Program by:

(1) ensuring that in-home services included in the care plan are available on evenings and weekends;

(2) ensuring that care plans contain the services that eligible participants need based on the number of days in a month, not limited to specific blocks of time, as identified by the comprehensive assessment tool selected by the Department for use statewide, not to exceed the total monthly service cost maximum allowed for each service; the Department shall develop administrative rules to implement this item (2);

(3) ensuring that the participants have the right to choose the services contained in their care plan and to direct how those services are provided, based on administrative rules established by the Department;

(4) ensuring that the determination of need tool is accurate in determining the participants' level of need; to achieve this, the

   (E) transferring;
   (F) respiratory services;

(6) ensuring that homemaker program vendors are not restricted from hiring homemakers who are family members of clients or recommended by clients; the Department may not, by rule or policy, require homemakers who are family members of clients or recommended by clients to accept assignments in homes other than the client;

(7) ensuring that the State may access maximum federal matching funds by seeking approval for the Centers for Medicare and Medicaid Services for modifications to the State's home and community based services waiver and additional waiver opportunities, including applying for enrollment in the Balance Incentive Payment Program by May 1, 2013, in order to maximize federal matching funds; this shall include, but not be limited to, modification that reflects all changes in the Community Care Program services and all increases in the services cost maximum;

(8) ensuring that the determination of need tool accurately reflects the service needs of individuals with Alzheimer's disease and related dementia disorders;

(10) working in conjunction with Care Coordination Units, the Department of Healthcare and Family Services, the Department of Human Services, Community Care Program providers, and other stakeholders to make improvements to the Medicaid claiming processes and the Medicaid enrollment procedures or requirements as needed, including, but not limited to, specific policy changes or rules to improve the up-front enrollment of participants in the Medicaid program and specific policy changes or rules to insure more prompt submission of bills to the federal government to secure maximum federal matching dollars as promptly as possible; the Department on Aging shall have at least 3 meetings with stakeholders by January 1, 2014 in order to address these improvements;

(11) requiring home care service providers to comply with the rounding of hours worked provisions under the federal Fair Labor Standards Act (FLSA) and as set forth in 29 CFR 785.48(b) by May 1, 2013;

(12) implementing any necessary policy changes or promulgating any rules, no later than January 1, 2014, to assist the Department of Healthcare and Family Services in moving as many participants as possible, consistent with federal regulations, into coordinated care plans if a care coordination plan that covers long term care is available in the recipient's area; and

(13) maintaining fiscal year 2014 rates at the same level established on January 1, 2013.

By January 1, 2009 or as soon after the end of the Cash and Counseling Demonstration Project as is practicable, the Department may, based on its evaluation of the demonstration project, promulgate rules concerning personal assistant services, to include, but need not be limited to, qualifications, employment screening, rights under fair labor standards, training, fiduciary agent, and supervision requirements. Workers providing these services shall be appropriately trained.

Beginning on the effective date of this Amendatory Act of 1991, no person may perform chore/housekeeping and home care aide services under a program authorized by this Section unless that person has been issued a certificate of pre-service to do so by his or her employing agency. Information gathered to effect such certification shall include (i) the person's name, (ii) the date the person was hired by his or her current employer, and (iii) the training, including dates and levels. The employing agency shall be required to retain records of all staff pre- and in-service training, and shall provide such records to the Department upon request and upon termination of the employer's contract with the Department. In addition, the employing agency is responsible for the issuance of certifications of in-service training completed to their employees.

The Department is required to develop a system to ensure that persons working as home care aides and personal assistants receive increases in their wages when the federal minimum wage is increased by requiring vendors to certify that they are meeting the federal minimum wage statute for home care aides and personal assistants. An employer that cannot ensure that the minimum wage increase is being given to home care aides and personal assistants shall be denied any increase in reimbursement costs.

Section 97. Severability. The provisions of this Act are severable under Section 1.31 of the Statute on Statutes.

Passed in the General Assembly December 3, 2014.
Approved January 12, 2015.
Effective June 1, 2015.
January 12, 2015

To the Honorable Members of the
Illinois Senate, 98th General Assembly:

Today, I have approved Senate Bill 3028. With my signature it now becomes law. The legislation makes a series of important changes to the enabling statutes for the Medical Cannabis Pilot Program (“Pilot Program”). These modifications will help the state agencies responsible for this Pilot Program to implement and administer it successfully.

Implementing this Pilot Program is nothing less than developing an entirely new supply chain and distribution system for a type of pharmaceutical. The Pilot Program involves at least four separate agencies of state government, numerous private parties and thousands of patients and physicians. The safety and health of the patient, the protection of their privacy and the enforcement of a myriad of legal safeguards must be the paramount considerations.

To that end, this bill makes a number of key clarifications. For example, the Department of Agriculture’s enforcement authority with respect to cultivation centers and operators is modified so that it is clear that the agency has multiple sanctions available to address non-compliance. The original statute only permitted license revocation. Now, the Department has several options to enforce the law. These new measures include license suspension, formal reprimands and enhanced discretion for the Department to devise other sanctions.

Another technical fix clarifies the Vehicle Code to make clear that those who drive while impaired under the influence of medical cannabis are subject to arrest.

Although the state has made significant progress in implementing the Pilot Program according to the statutory outline, there remain a number of issues that must be addressed as soon as possible.

Going forward, more refinements should be enacted. I urge the General Assembly to consider future legislation to:

1. Prohibit requiring patients to be subjected to criminal background checks - This requirement has proven to be a barrier for justice for patients that committed crimes many years ago. Patients that have paid their debt to society for prior offenses should not be denied access to treatment that could relieve pain and suffering;

New matter indicated by italics - deletions by strikeout
2. Extend the current sunset of December 31, 2017 for two years to December 31, 2019. This additional time will ensure that the legislature has the necessary information to make a sound judgment about whether to continue this program; and, furthermore, additional time will also allow businesses to keep patients’ costs down by avoiding having to rush to recover business start-up costs before the Pilot Program expires;
3. Clarify the ambiguity in the current statute by explicitly confirming that all 22 cultivation centers contemplated by the Act can be licensed in 21 Illinois State Police Districts.

Sincerely,

Pat Quinn
Governor

(625 ILCS 5/6-206.1) (from Ch. 95 1/2, par. 6-206.1)
Sec. 6-206.1. Monitoring Device Driving Permit. Declaration of Policy. It is hereby declared a policy of the State of Illinois that the driver who is impaired by alcohol, other drug or drugs, or intoxicating compound or compounds is a threat to the public safety and welfare. Therefore, to provide a deterrent to such practice, a statutory summary driver's license suspension is appropriate. It is also recognized that driving is a privilege and therefore, that the granting of driving privileges, in a manner consistent with public safety, is warranted during the period of suspension in the form of a monitoring device driving permit. A person who drives and fails to comply with the requirements of the monitoring device driving permit commits a violation of Section 6-303 of this Code.

The following procedures shall apply whenever a first offender, as defined in Section 11-500 of this Code, is arrested for any offense as defined in Section 11-501 or a similar provision of a local ordinance and is subject to the provisions of Section 11-501.1:

(a) Upon mailing of the notice of suspension of driving privileges as provided in subsection (h) of Section 11-501.1 of this Code, the Secretary shall also send written notice informing the person that he or she will be issued a monitoring device driving permit (MDDP). The notice shall include, at minimum, information summarizing the procedure to be followed for issuance of the MDDP, installation of the breath alcohol ignition installation device (BAIID), as provided in this Section, exemption from BAIID installation requirements, and procedures to be followed by those seeking indigent status, as provided in this Section. The notice shall also include information summarizing the procedure to be followed if the person wishes to decline issuance of the MDDP. A copy of the notice shall also be sent to the court of venue together with the notice of suspension of driving privileges, as provided in subsection (h) of Section 11-501. However, a MDDP shall not be issued if the Secretary finds that:

1. the offender's driver's license is otherwise invalid;
2. death or great bodily harm to another resulted from the arrest for Section 11-501;
3. the offender has been previously convicted of reckless homicide or aggravated driving under the influence involving death;
4. the offender is less than 18 years of age; or
5. the offender is a qualifying patient licensed under the Compassionate Use of Medical Cannabis Pilot Program Act who is

in possession of a valid registry card issued under that Act and refused to submit to standardized field sobriety tests as required by subsection (a) (a-5) of Section 11-501.9 or did submit to testing which disclosed the person was impaired by the use of cannabis and failed the test or tests.

Any offender participating in the MDDP program must pay the Secretary a MDDP Administration Fee in an amount not to exceed $30 per month, to be deposited into the Monitoring Device Driving Permit Administration Fee Fund. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees. The offender must have an ignition interlock device installed within 14 days of the date the Secretary issues the MDDP. The ignition interlock device provider must notify the Secretary, in a manner and form prescribed by the Secretary, of the installation. If the Secretary does not receive notice of installation, the Secretary shall cancel the MDDP.

A MDDP shall not become effective prior to the 31st day of the original statutory summary suspension.

Upon receipt of the notice, as provided in paragraph (a) of this Section, the person may file a petition to decline issuance of the MDDP with the court of venue. The court shall admonish the offender of all consequences of declining issuance of the MDDP including, but not limited to, the enhanced penalties for driving while suspended. After being so admonished, the offender shall be permitted, in writing, to execute a notice declining issuance of the MDDP. This notice shall be filed with the court and forwarded by the clerk of the court to the Secretary. The offender may, at any time thereafter, apply to the Secretary for issuance of a MDDP.

(a-1) A person issued a MDDP may drive for any purpose and at any time, subject to the rules adopted by the Secretary under subsection (g). The person must, at his or her own expense, drive only vehicles equipped with an ignition interlock device as defined in Section 1-129.1, but in no event shall such person drive a commercial motor vehicle.

(a-2) Persons who are issued a MDDP and must drive employer-owned vehicles in the course of their employment duties may seek permission to drive an employer-owned vehicle that does not have an ignition interlock device. The employer shall provide to the Secretary a form, as prescribed by the Secretary, completed by the employer verifying that the employee must drive an employer-owned vehicle in the course of employment. If approved by the Secretary, the form must be in the driver's

possession while operating an employer-owner vehicle not equipped with an ignition interlock device. No person may use this exemption to drive a school bus, school vehicle, or a vehicle designed to transport more than 15 passengers. No person may use this exemption to drive an employer-owned motor vehicle that is owned by an entity that is wholly or partially owned by the person holding the MDDP, or by a family member of the person holding the MDDP. No person may use this exemption to drive an employer-owned vehicle that is made available to the employee for personal use. No person may drive the exempted vehicle more than 12 hours per day, 6 days per week.

(a-3) Persons who are issued a MDDP and who must drive a farm tractor to and from a farm, within 50 air miles from the originating farm are exempt from installation of a BAIID on the farm tractor, so long as the farm tractor is being used for the exclusive purpose of conducting farm operations.

(b) (Blank).

(c) (Blank).

(c-1) If the holder of the MDDP is convicted of or receives court supervision for a violation of Section 6-206.2, 6-303, 11-204, 11-204.1, 11-401, 11-501, 11-503, 11-506 or a similar provision of a local ordinance or a similar out-of-state offense or is convicted of or receives court supervision for any offense for which alcohol or drugs is an element of the offense and in which a motor vehicle was involved (for an arrest other than the one for which the MDDP is issued), or de-installs the BAIID without prior authorization from the Secretary, the MDDP shall be cancelled.

(c-5) If the Secretary determines that the person seeking the MDDP is indigent, the Secretary shall provide the person with a written document as evidence of that determination, and the person shall provide that written document to an ignition interlock device provider. The provider shall install an ignition interlock device on that person's vehicle without charge to the person, and seek reimbursement from the Indigent BAIID Fund. If the Secretary has deemed an offender indigent, the BAIID provider shall also provide the normal monthly monitoring services and the de-installation without charge to the offender and seek reimbursement from the Indigent BAIID Fund. Any other monetary charges, such as a lockout fee or reset fee, shall be the responsibility of the MDDP holder. A BAIID provider may not seek a security deposit from the Indigent BAIID Fund.

(d) MDDP information shall be available only to the courts, police officers, and the Secretary, except during the actual period the MDDP is valid, during which time it shall be a public record.

(e) (Blank).

(f) (Blank).

(g) The Secretary shall adopt rules for implementing this Section. The rules adopted shall address issues including, but not limited to: compliance with the requirements of the MDDP; methods for determining compliance with those requirements; the consequences of noncompliance with those requirements; what constitutes a violation of the MDDP; methods for determining indigency; and the duties of a person or entity that supplies the ignition interlock device.

(h) The rules adopted under subsection (g) shall provide, at a minimum, that the person is not in compliance with the requirements of the MDDP if he or she:

1. tampers or attempts to tamper with or circumvent the proper operation of the ignition interlock device;
2. provides valid breath samples that register blood alcohol levels in excess of the number of times allowed under the rules;
3. fails to provide evidence sufficient to satisfy the Secretary that the ignition interlock device has been installed in the designated vehicle or vehicles; or
4. fails to follow any other applicable rules adopted by the Secretary.

(i) Any person or entity that supplies an ignition interlock device as provided under this Section shall, in addition to supplying only those devices which fully comply with all the rules adopted under subsection (g), provide the Secretary, within 7 days of inspection, all monitoring reports of each person who has had an ignition interlock device installed. These reports shall be furnished in a manner or form as prescribed by the Secretary.

(j) Upon making a determination that a violation of the requirements of the MDDP has occurred, the Secretary shall extend the summary suspension period for an additional 3 months beyond the originally imposed summary suspension period, during which time the person shall only be allowed to drive vehicles equipped with an ignition interlock device; provided further there are no limitations on the total number of times the summary suspension may be extended. The Secretary
may, however, limit the number of extensions imposed for violations occurring during any one monitoring period, as set forth by rule. Any person whose summary suspension is extended pursuant to this Section shall have the right to contest the extension through a hearing with the Secretary, pursuant to Section 2-118 of this Code. If the summary suspension has already terminated prior to the Secretary receiving the monitoring report that shows a violation, the Secretary shall be authorized to suspend the person's driving privileges for 3 months, provided that the Secretary may, by rule, limit the number of suspensions to be entered pursuant to this paragraph for violations occurring during any one monitoring period. Any person whose license is suspended pursuant to this paragraph, after the summary suspension had already terminated, shall have the right to contest the suspension through a hearing with the Secretary, pursuant to Section 2-118 of this Code. The only permit the person shall be eligible for during this new suspension period is a MDDP.

(k) A person who has had his or her summary suspension extended for the third time, or has any combination of 3 extensions and new suspensions, entered as a result of a violation that occurred while holding the MDDP, so long as the extensions and new suspensions relate to the same summary suspension, shall have his or her vehicle impounded for a period of 30 days, at the person's own expense. A person who has his or her summary suspension extended for the fourth time, or has any combination of 4 extensions and new suspensions, entered as a result of a violation that occurred while holding the MDDP, so long as the extensions and new suspensions relate to the same summary suspension, shall have his or her vehicle subject to seizure and forfeiture. The Secretary shall notify the prosecuting authority of any third or fourth extensions or new suspension entered as a result of a violation that occurred while the person held a MDDP. Upon receipt of the notification, the prosecuting authority shall impound or forfeit the vehicle. The impoundment or forfeiture of a vehicle shall be conducted pursuant to the procedure specified in Article 36 of the Criminal Code of 2012.

(l) A person whose driving privileges have been suspended under Section 11-501.1 of this Code and who had a MDDP that was cancelled, or would have been cancelled had notification of a violation been received prior to expiration of the MDDP, pursuant to subsection (c-1) of this Section, shall not be eligible for reinstatement when the summary suspension is scheduled to terminate. Instead, the person's driving privileges shall be suspended for a period of not less than twice the
original summary suspension period, or for the length of any extensions entered under subsection (j), whichever is longer. During the period of suspension, the person shall be eligible only to apply for a restricted driving permit. If a restricted driving permit is granted, the offender may only operate vehicles equipped with a BAIID in accordance with this Section.

(m) Any person or entity that supplies an ignition interlock device under this Section shall, for each ignition interlock device installed, pay 5% of the total gross revenue received for the device, including monthly monitoring fees, into the Indigent BAIID Fund. This 5% shall be clearly indicated as a separate surcharge on each invoice that is issued. The Secretary shall conduct an annual review of the fund to determine whether the surcharge is sufficient to provide for indigent users. The Secretary may increase or decrease this surcharge requirement as needed.

(n) Any person or entity that supplies an ignition interlock device under this Section that is requested to provide an ignition interlock device to a person who presents written documentation of indigency from the Secretary, as provided in subsection (c-5) of this Section, shall install the device on the person's vehicle without charge to the person and shall seek reimbursement from the Indigent BAIID Fund.

(o) The Indigent BAIID Fund is created as a special fund in the State treasury. The Secretary shall, subject to appropriation by the General Assembly, use all money in the Indigent BAIID Fund to reimburse ignition interlock device providers who have installed devices in vehicles of indigent persons. The Secretary shall make payments to such providers every 3 months. If the amount of money in the fund at the time payments are made is not sufficient to pay all requests for reimbursement submitted during that 3 month period, the Secretary shall make payments on a pro-rata basis, and those payments shall be considered payment in full for the requests submitted.

(p) The Monitoring Device Driving Permit Administration Fee Fund is created as a special fund in the State treasury. The Secretary shall, subject to appropriation by the General Assembly, use the money paid into this fund to offset its administrative costs for administering MDDPs.

(q) The Secretary is authorized to prescribe such forms as it deems necessary to carry out the provisions of this Section.

1. twelve months from the effective date of the statutory summary suspension for a refusal or failure to complete a test or tests to determine the alcohol, other drug, or intoxicating compound concentration authorized under Section 11-501.1, if the person was not involved in a motor vehicle accident that caused personal injury or death to another; or

1. Refusing to submit to or failure to complete a test or tests to determine the driver's blood concentration of alcohol, other drug, or both authorized under Section 11-501.1 while driving a commercial motor vehicle or, if the driver is a CLP or CDL holder, while driving a non-CMV; or

2. Operating a commercial motor vehicle while the alcohol concentration of the person's blood, breath or urine is at least 0.04, or any amount of a drug, substance, or compound in the person's blood or urine resulting from the unlawful use or consumption of cannabis listed in the Cannabis Control Act, a controlled substance listed in the Illinois Controlled Substances Act, or

methamphetamine as listed in the Methamphetamine Control and Community Protection Act as indicated by a police officer's sworn report or other verified evidence; or operating a non-commercial motor vehicle while the alcohol concentration of the person's blood, breath, or urine was above the legal limit defined in Section 11-501.1 or 11-501.8 or any amount of a drug, substance, or compound in the person's blood or urine resulting from the unlawful use or consumption of cannabis listed in the Cannabis Control Act, a controlled substance listed in the Illinois Controlled Substances Act, or methamphetamine as listed in the Methamphetamine Control and Community Protection Act as indicated by a police officer's sworn report or other verified evidence while holding a CLP or CDL; or

(3) Conviction for a first violation of:

   (i) Driving a commercial motor vehicle or, if the driver is a CLP or CDL holder, driving a non-CMV while under the influence of alcohol, or any other drug, or combination of drugs to a degree which renders such person incapable of safely driving; or

   (ii) Knowingly leaving the scene of an accident while operating a commercial motor vehicle or, if the driver is a CLP or CDL holder, while driving a non-CMV; or

   (iii) Driving a commercial motor vehicle or, if the driver is a CLP or CDL holder, driving a non-CMV while committing any felony; or

   (v) Causing a fatality through the negligent operation of a commercial motor vehicle, including but not limited to the crimes of motor vehicle manslaughter, homicide by a motor vehicle, and negligent homicide.

As used in this subdivision (a)(3)(v), "motor vehicle manslaughter" means the offense of involuntary manslaughter if committed by means of a vehicle; "homicide by a motor vehicle" means the offense of first degree murder or second degree murder, if either offense is committed by means of a vehicle; and "negligent homicide"
means reckless homicide under Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012 and aggravated driving under the influence of alcohol, other drug or drugs, intoxicating compound or compounds, or any combination thereof under subdivision (d)(1)(F) of Section 11-501 of this Code.

If any of the above violations or refusals occurred while transporting hazardous material(s) required to be placarded, the person shall be disqualified for a period of not less than 3 years; or

(4) (Blank).

(Blank). If the person is a qualifying patient licensed under the Compassionate Use of Medical Cannabis Pilot Program Act who is in possession of a valid registry card issued under that Act, operating a commercial motor vehicle under impairment resulting from the consumption of cannabis, as determined by failure of standardized field sobriety tests administered by a law enforcement officer as directed by subsection (a-5) of Section 11-501.2.

(b) A person is disqualified for life for a second conviction of any of the offenses specified in paragraph (a), or any combination of those offenses, arising from 2 or more separate incidents.

(c) A person is disqualified from driving a commercial motor vehicle for life if the person either (i) uses a commercial motor vehicle in the commission of any felony involving the manufacture, distribution, or dispensing of a controlled substance, or possession with intent to manufacture, distribute or dispense a controlled substance or (ii) if the person is a CLP or CDL holder, uses a non-CMV in the commission of a felony involving any of those activities.

(d) The Secretary of State may, when the United States Secretary of Transportation so authorizes, issue regulations in which a disqualification for life under paragraph (b) may be reduced to a period of not less than 10 years. If a reinstated driver is subsequently convicted of another disqualifying offense, as specified in subsection (a) of this Section, he or she shall be permanently disqualified for life and shall be ineligible to again apply for a reduction of the lifetime disqualification.

(e) A person is disqualified from driving a commercial motor vehicle for a period of not less than 2 months if convicted of 2 serious traffic violations, committed in a commercial motor vehicle, non-CMV while holding a CLP or CDL, or any combination thereof, arising from separate incidents, occurring within a 3 year period, provided the serious

traffic violation committed in a non-CMV would result in the suspension or revocation of the CLP or CDL holder's non-CMV privileges. However, a person will be disqualified from driving a commercial motor vehicle for a period of not less than 4 months if convicted of 3 serious traffic violations, committed in a commercial motor vehicle, non-CMV while holding a CLP or CDL, or any combination thereof, arising from separate incidents, occurring within a 3 year period, provided the serious traffic violation committed in a non-CMV would result in the suspension or revocation of the CLP or CDL holder's non-CMV privileges. If all the convictions occurred in a non-CMV, the disqualification shall be entered only if the convictions would result in the suspension or revocation of the CLP or CDL holder's non-CMV privileges.

(e-1) (Blank).

(f) Notwithstanding any other provision of this Code, any driver disqualified from operating a commercial motor vehicle, pursuant to this UCDLA, shall not be eligible for restoration of commercial driving privileges during any such period of disqualification.

(g) After suspending, revoking, or cancelling a CLP or CDL, the Secretary of State must update the driver's records to reflect such action within 10 days. After suspending or revoking the driving privilege of any person who has been issued a CLP or CDL from another jurisdiction, the Secretary shall originate notification to such issuing jurisdiction within 10 days.

(h) The "disqualifications" referred to in this Section shall not be imposed upon any commercial motor vehicle driver, by the Secretary of State, unless the prohibited action(s) occurred after March 31, 1992.

(i) A person is disqualified from driving a commercial motor vehicle in accordance with the following:

   (1) For 6 months upon a first conviction of paragraph (2) of subsection (b) or subsection (b-3) of Section 6-507 of this Code.

   (3) For 3 years upon a third or subsequent conviction of paragraph (2) of subsection (b) or subsection (b-3) or any combination of paragraphs (2) or (3) of subsection (b) or
subsections (b-3) or (b-5) of Section 6-507 of this Code within a 10-year period if the third or subsequent conviction is a violation of paragraph (2) of subsection (b) or subsection (b-3).

(6) For 5 years upon a third or subsequent conviction of paragraph (3) of subsection (b) or subsection (b-5) or any combination of paragraphs (2) or (3) of subsection (b) or subsections (b-3) or (b-5) of Section 6-507 of this Code within a 10-year period if the third or subsequent conviction is a violation of paragraph (3) of subsection (b) or (b-5).

A driver who is convicted of a violation of a federal, State, or local law or regulation pertaining to one of the following 6 offenses at a railroad-highway grade crossing must be disqualified from operating a commercial motor vehicle for the period of time specified in paragraph (2) of this subsection (j) if the offense was committed while operating a commercial motor vehicle:

(2) Duration of disqualification for railroad-highway grade crossing violation.

(i) First violation. A driver must be disqualified from operating a commercial motor vehicle for not less than 60 days if the driver is convicted of a violation described in paragraph (1) of this subsection (j) and, in the three-year period preceding the conviction, the driver had no convictions for a violation described in paragraph (1) of this subsection (j).

(ii) Second violation. A driver must be disqualified from operating a commercial motor vehicle for not less than 120 days if the driver is convicted of a violation described in paragraph (1) of this subsection (j) and, in the three-year period preceding the conviction, the driver had one other conviction for a violation described in paragraph (1) of this subsection (j) that was committed in a separate incident.

Sec. 11-501.1. Suspension of drivers license; statutory summary alcohol, other drug or drugs, or intoxicating compound or compounds related suspension or revocation; implied consent.

(a) Any person who drives or is in actual physical control of a motor vehicle upon the public highways of this State shall be deemed to have given consent, subject to the provisions of Section 11-501.2, to a chemical test or tests of blood, breath, or urine for the purpose of determining the content of alcohol, other drug or drugs, or intoxicating compound or compounds or any combination thereof in the person's blood if arrested, as evidenced by the issuance of a Uniform Traffic Ticket, for any offense as defined in Section 11-501 or a similar provision of a local ordinance, or if arrested for violating Section 11-401. If a law enforcement officer has probable cause to believe the person was under the influence of alcohol, other drug or drugs, intoxicating compound or compounds, or any combination thereof, the law enforcement officer shall request a chemical test or tests which shall be administered at the direction of the arresting officer. The law enforcement agency employing the officer shall designate which of the aforesaid tests shall be administered. A urine test may be administered even after a blood or breath test or both has been administered. For purposes of this Section, an Illinois law enforcement officer of this State who is investigating the person for any offense defined in Section 11-501 may travel into an adjoining state, where the person has been transported for medical care, to complete an investigation and to request that the person submit to the test or tests set forth in this Section. The requirements of this Section that the person be arrested are inapplicable, but the officer shall issue the person a Uniform Traffic Ticket for an offense as defined in Section 11-501 or a similar provision of a local ordinance prior to requesting that the person submit to the test or tests. The issuance of the Uniform Traffic Ticket shall not constitute an arrest, but shall be for the purpose of notifying the person that he or she is subject to

the provisions of this Section and of the officer's belief of the existence of probable cause to arrest. Upon returning to this State, the officer shall file the Uniform Traffic Ticket with the Circuit Clerk of the county where the offense was committed, and shall seek the issuance of an arrest warrant or a summons for the person.

(a-5) (Blank). In addition to the requirements and provisions of subsection (a), any person issued a registry card under the Compassionate Use of Medical Cannabis Pilot Program Act who drives or is in actual physical control of a motor vehicle upon the public highways of this State shall be deemed to have given consent, subject to the provisions of Section 11-501.2, to standardized field sobriety tests approved by the National Highway Traffic Safety Administration if arrested, as evidenced by the issuance of a Uniform Traffic Ticket, for any offense as defined in Section 11-501 or a similar provision of a local ordinance, or if arrested for violating Section 11-401: The person's status as a registry card holder alone is not a sufficient basis for conducting these tests. The officer must have an independent, cannabis-related factual basis giving reasonable suspicion that the person is driving under the influence of cannabis for conducting standardized field sobriety tests. This independent basis of suspicion shall be listed on the standardized field sobriety test results and any influence reports made by the arresting officer.

(b) Any person who is dead, unconscious, or who is otherwise in a condition rendering the person incapable of refusal, shall be deemed not to have withdrawn the consent provided by paragraph (a) of this Section and the test or tests may be administered, subject to the provisions of Section 11-501.2.

(c) A person requested to submit to a test as provided above shall be warned by the law enforcement officer requesting the test that a refusal to submit to the test will result in the statutory summary suspension of the person's privilege to operate a motor vehicle, as provided in Section 6-208.1 of this Code, and will also result in the disqualification of the person's privilege to operate a commercial motor vehicle, as provided in Section 6-514 of this Code, if the person is a CDL holder. The person shall also be warned that a refusal to submit to the test, when the person was involved in a motor vehicle accident that caused personal injury or death to another, will result in the statutory summary revocation of the person's privilege to operate a motor vehicle, as provided in Section 6-208.1, and will also result in the disqualification of the person's privilege to operate a commercial motor vehicle, as provided in Section 6-514 of this Code, if
the person is a CDL holder. The person shall also be warned by the law enforcement officer that if the person submits to the test or tests provided in paragraph (a) of this Section and the alcohol concentration in the person's blood or breath is 0.08 or greater, or any amount of a drug, substance, or compound resulting from the unlawful use or consumption of cannabis as covered by the Cannabis Control Act, a controlled substance listed in the Illinois Controlled Substances Act, an intoxicating compound listed in the Use of Intoxicating Compounds Act, or methamphetamine as listed in the Methamphetamine Control and Community Protection Act is detected in the person's blood or urine, or if the person fails the standardized field sobriety tests as required by paragraph (a-5), a statutory summary suspension of the person's privilege to operate a motor vehicle, as provided in Sections 6-208.1 and 11-501.1 of this Code, and a disqualification of the person's privilege to operate a commercial motor vehicle, as provided in Section 6-514 of this Code, if the person is a CDL holder, will be imposed.

A person who is under the age of 21 at the time the person is requested to submit to a test as provided above shall, in addition to the warnings provided for in this Section, be further warned by the law enforcement officer requesting the test that if the person submits to the test or tests provided in paragraph (a) or (a-5) of this Section and the alcohol concentration in the person's blood or breath is greater than 0.00 and less than 0.08, a suspension of the person's privilege to operate a motor vehicle, as provided under Sections 6-208.2 and 11-501.8 of this Code, will be imposed. The results of this test shall be admissible in a civil or criminal action or proceeding arising from an arrest for an offense as defined in Section 11-501 of this Code or a similar provision of a local ordinance or pursuant to Section 11-501.4 in prosecutions for reckless homicide brought under the Criminal Code of 1961 or the Criminal Code of 2012. These test results, however, shall be admissible only in actions or proceedings directly related to the incident upon which the test request was made.

(d) If the person refuses testing or submits to a test that discloses an alcohol concentration of 0.08 or more, or any amount of a drug, substance, or intoxicating compound in the person's breath, blood, or urine resulting from the unlawful use or consumption of cannabis listed in the Cannabis Control Act, a controlled substance listed in the Illinois Controlled Substances Act, an intoxicating compound listed in the Use of Intoxicating Compounds Act, or methamphetamine as listed in the

New matter indicated by italics - deletions by strikeout
Methamphetamine Control and Community Protection Act, the law enforcement officer shall immediately submit a sworn report to the circuit court of venue and the Secretary of State, certifying that the test or tests was or were requested under paragraph (a) or (a-5) and the person refused to submit to a test, or tests, or submitted to testing that disclosed an alcohol concentration of 0.08 or more. A sworn report indicating refusal or failure of testing under paragraph (a-5) of this Section shall include the factual basis of the arresting officer's reasonable suspicion that the person was under the influence of cannabis. The person's possession of a valid registry card under the Compassionate Use of Medical Cannabis Pilot Program Act alone is not sufficient basis for reasonable suspicion.

(e) Upon receipt of the sworn report of a law enforcement officer submitted under paragraph (d), the Secretary of State shall enter the statutory summary suspension or revocation and disqualification for the periods specified in Sections 6-208.1 and 6-514, respectively, and effective as provided in paragraph (g).

If the person is a first offender as defined in Section 11-500 of this Code, and is not convicted of a violation of Section 11-501 of this Code or a similar provision of a local ordinance, then reports received by the Secretary of State under this Section shall, except during the actual time the Statutory Summary Suspension is in effect, be privileged information and for use only by the courts, police officers, prosecuting authorities or the Secretary of State, unless the person is a CDL holder, is operating a commercial motor vehicle or vehicle required to be placarded for hazardous materials, in which case the suspension shall not be privileged. Reports received by the Secretary of State under this Section shall also be made available to the parent or guardian of a person under the age of 18 years that holds an instruction permit or a graduated driver's license, regardless of whether the statutory summary suspension is in effect. A statutory summary revocation shall not be privileged information.

(f) The law enforcement officer submitting the sworn report under paragraph (d) shall serve immediate notice of the statutory summary suspension or revocation on the person and the suspension or revocation and disqualification shall be effective as provided in paragraph (g).

(1) In cases where the blood alcohol concentration of 0.08 or greater or any amount of a drug, substance, or compound resulting from the unlawful use or consumption of cannabis as covered by the Cannabis Control Act, a controlled substance listed in the Illinois Controlled Substances Act, an intoxicating

compound listed in the Use of Intoxicating Compounds Act, or methamphetamine as listed in the Methamphetamine Control and Community Protection Act is established by a subsequent analysis of blood or urine collected at the time of arrest, the arresting officer or arresting agency shall give notice as provided in this Section or by deposit in the United States mail of the notice in an envelope with postage prepaid and addressed to the person at his address as shown on the Uniform Traffic Ticket and the statutory summary suspension and disqualification shall begin as provided in paragraph (g). The officer shall confiscate any Illinois driver's license or permit on the person at the time of arrest. If the person has a valid driver's license or permit, the officer shall issue the person a receipt, in a form prescribed by the Secretary of State, that will allow that person to drive during the periods provided for in paragraph (g). The officer shall immediately forward the driver's license or permit to the circuit court of venue along with the sworn report provided for in paragraph (d).

(2) (Blank). In cases indicating refusal or failure of testing under paragraph (a-5) of this Section the arresting officer or arresting agency shall give notice as provided in this Section or by deposit in the United States mail of the notice in an envelope with postage prepaid and addressed to the person at his or her address as shown on the Uniform Traffic Ticket and the statutory summary suspension and disqualification shall begin as provided in paragraph (g). This notice shall include the factual basis of the arresting officer's reasonable suspicion that the person was under the influence of cannabis. The person's possession of a valid registry card under the Compassionate Use of Medical Cannabis Pilot Program Act alone is not sufficient basis for reasonable suspicion.

(g) The statutory summary suspension or revocation and disqualification referred to in this Section shall take effect on the 46th day following the date the notice of the statutory summary suspension or revocation was given to the person.

(h) The following procedure shall apply whenever a person is arrested for any offense as defined in Section 11-501 or a similar provision of a local ordinance:

Upon receipt of the sworn report from the law enforcement officer, the Secretary of State shall confirm the statutory summary suspension or

revocation by mailing a notice of the effective date of the suspension or revocation to the person and the court of venue. The Secretary of State shall also mail notice of the effective date of the disqualification to the person. However, should the sworn report be defective by not containing sufficient information or be completed in error, the confirmation of the statutory summary suspension or revocation shall not be mailed to the person or entered to the record; instead, the sworn report shall be forwarded to the court of venue with a copy returned to the issuing agency identifying any defect.

(i) As used in this Section, "personal injury" includes any Type A injury as indicated on the traffic accident report completed by a law enforcement officer that requires immediate professional attention in either a doctor's office or a medical facility. A Type A injury includes severely bleeding wounds, distorted extremities, and injuries that require the injured party to be carried from the scene.

Sec. 11-501.2. Chemical and other tests.

(a) Upon the trial of any civil or criminal action or proceeding arising out of an arrest for an offense as defined in Section 11-501 or a similar local ordinance or proceedings pursuant to Section 2-118.1, evidence of the concentration of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof in a person's blood or breath at the time alleged, as determined by analysis of the person's blood, urine, breath or other bodily substance, shall be admissible. Where such test is made the following provisions shall apply:

1. Chemical analyses of the person's blood, urine, breath or other bodily substance to be considered valid under the provisions of this Section shall have been performed according to standards promulgated by the Department of State Police by a licensed physician, registered nurse, trained phlebotomist, licensed paramedic, or other individual possessing a valid permit issued by that Department for this purpose. The Director of State Police is authorized to approve satisfactory techniques or methods, to ascertain the qualifications and competence of individuals to conduct such analyses, to issue permits which shall be subject to termination or revocation at the discretion of that Department and to certify the accuracy of breath testing equipment. The
Department of State Police shall prescribe regulations as necessary to implement this Section.

2. When a person in this State shall submit to a blood test at the request of a law enforcement officer under the provisions of Section 11-501.1, only a physician authorized to practice medicine, a licensed physician assistant, a licensed advanced practice nurse, a registered nurse, trained phlebotomist, or licensed paramedic, or other qualified person approved by the Department of State Police may withdraw blood for the purpose of determining the alcohol, drug, or alcohol and drug content therein. This limitation shall not apply to the taking of breath or urine specimens.

When a blood test of a person who has been taken to an adjoining state for medical treatment is requested by an Illinois law enforcement officer, the blood may be withdrawn only by a physician authorized to practice medicine in the adjoining state, a licensed physician assistant, a licensed advanced practice nurse, a registered nurse, a trained phlebotomist acting under the direction of the physician, or licensed paramedic. The law enforcement officer requesting the test shall take custody of the blood sample, and the blood sample shall be analyzed by a laboratory certified by the Department of State Police for that purpose.

3. The person tested may have a physician, or a qualified technician, chemist, registered nurse, or other qualified person of their own choosing administer a chemical test or tests in addition to any administered at the direction of a law enforcement officer. The failure or inability to obtain an additional test by a person shall not preclude the admission of evidence relating to the test or tests taken at the direction of a law enforcement officer.

4. Upon the request of the person who shall submit to a chemical test or tests at the request of a law enforcement officer, full information concerning the test or tests shall be made available to the person or such person's attorney.

5. Alcohol concentration shall mean either grams of alcohol per 100 milliliters of blood or grams of alcohol per 210 liters of breath.

influence of cannabis. The General Assembly finds that standardized field sobriety tests approved by the National Highway Traffic Safety Administration are divided attention tasks that are intended to determine if a person is under the influence of cannabis. The purpose of these tests is to determine the effect of the use of cannabis on a person's capacity to think and act with ordinary care and therefore operate a motor vehicle safely. Therefore, the results of these standardized field sobriety tests, appropriately administered, shall be admissible in the trial of any civil or criminal action or proceeding arising out of an arrest for a cannabis-related offense as defined in Section 11-501 or a similar local ordinance or proceedings under Section 2-118.1 or 2-118.2. Where a test is made the following provisions shall apply:

1. The person tested may have a physician, or a qualified technician, chemist, registered nurse, or other qualified person of their own choosing administer a chemical test or tests in addition to the standardized field sobriety test or tests administered at the direction of a law enforcement officer. The failure or inability to obtain an additional test by a person does not preclude the admission of evidence relating to the test or tests taken at the direction of a law enforcement officer.

2. Upon the request of the person who shall submit to a standardized field sobriety test or tests at the request of a law enforcement officer, full information concerning the test or tests shall be made available to the person or the person's attorney.

3. At the trial of any civil or criminal action or proceeding arising out of an arrest for an offense as defined in Section 11-501 or a similar local ordinance or proceedings under Section 2-118.1 or 2-118.2 in which the results of these standardized field sobriety tests are admitted, the cardholder may present and the trier of fact may consider evidence that the card holder lacked the physical capacity to perform the standardized field sobriety tests.

(b) Upon the trial of any civil or criminal action or proceeding arising out of acts alleged to have been committed by any person while driving or in actual physical control of a vehicle while under the influence of alcohol, the concentration of alcohol in the person's blood or breath at the time alleged as shown by analysis of the person's blood, urine, breath, or other bodily substance shall give rise to the following presumptions:

New matter indicated by italics - deletions by strikeout
1. If there was at that time an alcohol concentration of 0.05 or less, it shall be presumed that the person was not under the influence of alcohol.

2. If there was at that time an alcohol concentration in excess of 0.05 but less than 0.08, such facts shall not give rise to any presumption that the person was or was not under the influence of alcohol, but such fact may be considered with other competent evidence in determining whether the person was under the influence of alcohol.

3. If there was at that time an alcohol concentration of 0.08 or more, it shall be presumed that the person was under the influence of alcohol.

4. The foregoing provisions of this Section shall not be construed as limiting the introduction of any other relevant evidence bearing upon the question whether the person was under the influence of alcohol.

(c) 1. If a person under arrest refuses to submit to a chemical test under the provisions of Section 11-501.1, evidence of refusal shall be admissible in any civil or criminal action or proceeding arising out of acts alleged to have been committed while the person under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof was driving or in actual physical control of a motor vehicle.

2. Notwithstanding any ability to refuse under this Code to submit to these tests or any ability to revoke the implied consent to these tests, if a law enforcement officer has probable cause to believe that a motor vehicle driven by or in actual physical control of a person under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof has caused the death or personal injury to another, the law enforcement officer shall request, and that person shall submit, upon the request of a law enforcement officer, to a chemical test or tests of his or her blood, breath or urine for the purpose of determining the alcohol content thereof or the presence of any other drug or combination of both.

This provision does not affect the applicability of or imposition of driver's license sanctions under Section 11-501.1 of this Code.

3. For purposes of this Section, a personal injury includes any Type A injury as indicated on the traffic accident report completed by a law enforcement officer that requires immediate professional attention in either a doctor's office or a medical facility. A Type A injury includes severe

bleeding wounds, distorted extremities, and injuries that require the injured party to be carried from the scene.

(d) If a person refuses standardized field sobriety tests under Section 11-501.9 of this Code, evidence of refusal shall be admissible in any civil or criminal action or proceeding arising out of acts committed while the person was driving or in actual physical control of a vehicle and alleged to have been impaired by the use of cannabis.

(625 ILCS 5/11-501.9 new)

Sec. 11-501.9. Suspension of driver's license; medical cannabis card holder; failure or refusal of field sobriety tests; implied consent.

(a) A person who has been issued a registry identification card under the Compassionate Use of Medical Cannabis Pilot Program Act who drives or is in actual physical control of a motor vehicle upon the public highways of this State shall be deemed to have given consent to standardized field sobriety tests approved by the National Highway Traffic Safety Administration, under subsection (a-5) of Section 11-501.2 of this Code, if detained by a law enforcement officer who has a reasonable suspicion that the person is driving or is in actual physical control of a motor vehicle while impaired by the use of cannabis. The law enforcement officer must have an independent, cannabis-related factual basis giving reasonable suspicion that the person is driving or in actual physical control of a motor vehicle while impaired by the use of cannabis. The law enforcement officer must have an independent, cannabis-related factual basis giving reasonable suspicion that the person is driving or in actual physical control of a motor vehicle while impaired by the use of cannabis for conducting standardized field sobriety tests, which shall be included with the results of the field sobriety tests in any report made by the law enforcement officer who requests the test. The person's possession of a registry identification card issued under the Compassionate Use of Medical Cannabis Pilot Program Act alone is not a sufficient basis for reasonable suspicion.

For purposes of this Section, a law enforcement officer of this State who is investigating a person for an offense under Section 11-501 of this Code may travel into an adjoining state where the person has been transported for medical care to complete an investigation and to request that the person submit to field sobriety tests under this Section.

(b) A person who is unconscious, or otherwise in a condition rendering the person incapable of refusal, shall be deemed to have withdrawn the consent provided by subsection (a) of this Section.
(c) A person requested to submit to field sobriety tests, as provided in this Section, shall be warned by the law enforcement officer requesting the field sobriety tests that a refusal to submit to the field sobriety tests will result in the suspension of the person's privilege to operate a motor vehicle, as provided in subsection (f) of this Section. The person shall also be warned by the law enforcement officer that if the person submits to field sobriety tests as provided in this Section which disclose the person is impaired by the use of cannabis, a suspension of the person's privilege to operate a motor vehicle, as provided in subsection (f) of this Section, will be imposed.

(d) The results of field sobriety tests administered under this Section shall be admissible in a civil or criminal action or proceeding arising from an arrest for an offense as defined in Section 11-501 of this Code or a similar provision of a local ordinance. These test results shall be admissible only in actions or proceedings directly related to the incident upon which the test request was made.

(e) If the person refuses field sobriety tests or submits to field sobriety tests that disclose the person is impaired by the use of cannabis, the law enforcement officer shall immediately submit a sworn report to the circuit court of venue and the Secretary of State certifying that testing was requested under this Section and that the person refused to submit to field sobriety tests or submitted to field sobriety tests that disclosed the person was impaired by the use of cannabis. The sworn report must include the law enforcement officer's factual basis for reasonable suspicion that the person was impaired by the use of cannabis.

(f) Upon receipt of the sworn report of a law enforcement officer submitted under subsection (e) of this Section, the Secretary of State shall enter the suspension to the driving record as follows:

1. for refusal or failure to complete field sobriety tests, a 12 month suspension shall be entered; or
2. for submitting to field sobriety tests that disclosed the driver was impaired by the use of cannabis, a 6 month suspension shall be entered.

The Secretary of State shall confirm the suspension by mailing a notice of the effective date of the suspension to the person and the court of venue. However, should the sworn report be defective for insufficient information or be completed in error, the confirmation of the suspension shall not be mailed to the person or entered to the record; instead, the
sworn report shall be forwarded to the court of venue with a copy returned to the issuing agency identifying the defect.

(g) The law enforcement officer submitting the sworn report under subsection (e) of this Section shall serve immediate notice of the suspension on the person and the suspension shall be effective as provided in subsection (h) of this Section. If immediate notice of the suspension cannot be given, the arresting officer or arresting agency shall give notice by deposit in the United States mail of the notice in an envelope with postage prepaid and addressed to the person at his or her address as shown on the Uniform Traffic Ticket and the suspension shall begin as provided in subsection (h) of this Section. The officer shall confiscate any Illinois driver's license or permit on the person at the time of arrest. If the person has a valid driver's license or permit, the officer shall issue the person a receipt, in a form prescribed by the Secretary of State, that will allow the person to drive during the period provided for in subsection (h) of this Section. The officer shall immediately forward the driver's license or permit to the circuit court of venue along with the sworn report under subsection (e) of this Section.

(h) The suspension under subsection (f) of this Section shall take effect on the 46th day following the date the notice of the suspension was given to the person.

(i) When a driving privilege has been suspended under this Section and the person is subsequently convicted of violating Section 11-501 of this Code, or a similar provision of a local ordinance, for the same incident, any period served on suspension under this Section shall be credited toward the minimum period of revocation of driving privileges imposed under Section 6-205 of this Code.

Section 95. No acceleration or delay. Where this Act makes changes in a statute that is represented in this Act by text that is not yet or no longer in effect (for example, a Section represented by multiple versions), the use of that text does not accelerate or delay the taking effect of (i) the changes made by this Act or (ii) provisions derived from any other Public Act.

AN ACT concerning regulation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Transportation Network Providers Act.

Section 5. Definitions.

"Transportation network company" or "TNC" means an entity operating in this State that uses a digital network or software application service to connect passengers to transportation network company services provided by transportation network company drivers. A TNC is not deemed to own, control, operate, or manage the vehicles used by TNC drivers, and is not a taxicab association or a for-hire vehicle owner.

"Transportation network company driver" or "TNC driver" means an individual who operates a motor vehicle that is:

1. owned, leased, or otherwise authorized for use by the individual;
2. not a taxicab or for-hire public passenger vehicle; and
3. used to provide transportation network company services.

"Transportation network company services" or "TNC services" means transportation of a passenger between points chosen by the passenger and prearranged with a TNC driver through the use of a TNC digital network or software application. TNC services shall begin when a TNC driver accepts a request for transportation received through the TNC's digital network or software application service, continue while the TNC driver transports the passenger in the TNC driver's vehicle, and end when the passenger exits the TNC driver's vehicle. TNC service is not a taxicab, for-hire vehicle, or street hail service.

Section 10. Insurance.

(a) Transportation network companies and participating TNC drivers shall comply with the automobile liability insurance requirements of this Section as required.

(b) The following automobile liability insurance requirements shall apply from the moment a participating TNC driver logs on to the transportation network company's digital network or software application until the TNC driver accepts a request to transport a passenger, and from
the moment the TNC driver completes the transaction on the digital network or software application or the ride is complete, whichever is later, until the TNC driver either accepts another ride request on the digital network or software application or logs off the digital network or software application:

(1) Automobile liability insurance shall be in the amount of at least $50,000 for death and personal injury per person, $100,000 for death and personal injury per incident, and $25,000 for property damage.

(2) Contingent automobile liability insurance in the amounts required in paragraph (1) of this subsection (b) shall be maintained by a transportation network company and provide coverage in the event a participating TNC driver's own automobile liability policy excludes coverage according to its policy terms or does not provide at least the limits of coverage required in paragraph (1) of this subsection (b).

(c) The following automobile liability insurance requirements shall apply from the moment a TNC driver accepts a ride request on the transportation network company's digital network or software application until the TNC driver completes the transaction on the digital network or software application or until the ride is complete, whichever is later:

(1) Automobile liability insurance shall be primary and in the amount of $1,000,000 for death, personal injury, and property damage. The requirements for the coverage required by this paragraph (1) may be satisfied by any of the following:

(A) automobile liability insurance maintained by a participating TNC driver;

(B) automobile liability company insurance maintained by a transportation network company; or

(C) any combination of subparagraphs (A) and (B).

(2) Insurance coverage provided under this subsection (c) shall also provide for uninsured motorist coverage and underinsured motorist coverage in the amount of $50,000 from the moment a passenger enters the vehicle of a participating TNC driver until the passenger exits the vehicle.

(3) The insurer, in the case of insurance coverage provided under this subsection (c), shall have the duty to defend and indemnify the insured.
(4) Coverage under an automobile liability insurance policy required under this subsection (c) shall not be dependent on a personal automobile insurance policy first denying a claim nor shall a personal automobile insurance policy be required to first deny a claim.

(d) In every instance when automobile liability insurance maintained by a participating TNC driver to fulfill the insurance obligations of this Section has lapsed or ceased to exist, the transportation network company shall provide the coverage required by this Section beginning with the first dollar of a claim.

(e) This Section shall not limit the liability of a transportation network company arising out of an automobile accident involving a participating TNC driver in any action for damages against a transportation network company for an amount above the required insurance coverage.

(f) The transportation network company shall disclose in writing to TNC drivers, as part of its agreement with those TNC drivers, the following:

1. the insurance coverage and limits of liability that the transportation network company provides while the TNC driver uses a vehicle in connection with a transportation network company's digital network or software application; and
2. that the TNC driver's own insurance policy may not provide coverage while the TNC driver uses a vehicle in connection with a transportation network company digital network depending on its terms.

(g) An insurance policy required by this Section may be placed with an admitted Illinois insurer, or with an authorized surplus line insurer under Section 445 of the Illinois Insurance Code; and is not subject to any restriction or limitation on the issuance of a policy contained in Section 445a of the Illinois Insurance Code.

(h) Any insurance policy required by this Section shall satisfy the financial responsibility requirement for a motor vehicle under Sections 7-203 and 7-601 of the Illinois Vehicle Code.

Section 15. Driver requirements.

(a) Prior to permitting an individual to act as a TNC driver on its digital platform, the TNC shall:

1. require the individual to submit an application to the TNC, which includes information regarding his or her address, age, driver's license, driving history, motor vehicle registration,
automobile liability insurance, and other information required by the TNC;

   (6) does not possess proof of automobile liability insurance for the motor vehicle used to provide TNC services; or
   (7) is under 19 years of age.

Section 20. Non-discrimination.
(a) The TNC shall adopt and notify TNC drivers of a policy of non-discrimination on the basis of destination, race, color, national origin, religious belief or affiliation, sex, disability, age, sexual orientation, or gender identity with respect to passengers and potential passengers.

(b) TNC drivers shall comply with all applicable laws regarding non-discrimination against passengers or potential passengers on the basis of destination, race, color, national origin, religious belief or affiliation, sex, disability, age, sexual orientation, or gender identity.
(c) TNC drivers shall comply with all applicable laws relating to accommodation of service animals.

(d) A TNC shall not impose additional charges for providing services to persons with physical disabilities because of those disabilities.

(e) A TNC shall provide passengers an opportunity to indicate whether they require a wheelchair accessible vehicle. If a TNC cannot arrange wheelchair-accessible TNC service in any instance, it shall direct the passenger to an alternate provider of wheelchair-accessible service, if available.

(f) If a unit of local government has requirements for licensed chauffeurs not to discriminate in providing service in under-served areas, TNC drivers participating in TNC services within that unit of local government shall be subject to the same non-discrimination requirements for providing service in under-served areas.

Section 25. Safety.

(a) The TNC shall implement a zero tolerance policy on the use of drugs or alcohol while a TNC driver is providing TNC services or is logged into the TNC's digital network but is not providing TNC services.

(b) The TNC shall provide notice of the zero tolerance policy on its website, as well as procedures to report a complaint about a driver with whom a passenger was matched and whom the passenger reasonably suspects was under the influence of drugs or alcohol during the course of the trip.

(c) Upon receipt of a passenger's complaint alleging a violation of the zero tolerance policy, the TNC shall immediately suspend the TNC driver's access to the TNC's digital platform, and shall conduct an investigation into the reported incident. The suspension shall last the duration of the investigation.

(d) The TNC shall require that any motor vehicle that a TNC driver will use to provide TNC services meets vehicle safety and emissions requirements for a private motor vehicle in this State.

(e) TNCs or TNC drivers are not common carriers, contract carriers or motor carriers, as defined by applicable State law, nor do they provide taxicab or for-hire vehicle service.

Section 30. Operational.

(a) A TNC may charge a fare for the services provided to passengers; provided that, if a fare is charged, the TNC shall disclose to passengers the fare calculation method on its website or within the software application service.
(b) The TNC shall provide passengers with the applicable rates being charged and the option to receive an estimated fare before the passenger enters the TNC driver's vehicle.

c) The TNC's software application or website shall display a picture of the TNC driver, and the license plate number of the motor vehicle utilized for providing the TNC service before the passenger enters the TNC driver's vehicle.

d) Within a reasonable period of time following the completion of a trip, a TNC shall transmit an electronic receipt to the passenger that lists:

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Public Utilities Act is amended by changing Section 16-108.5 as follows:

(220 ILCS 5/16-108.5)

Sec. 16-108.5. Infrastructure investment and modernization; regulatory reform.

(a) (Blank).

(b) For purposes of this Section, "participating utility" means an electric utility or a combination utility serving more than 1,000,000 customers in Illinois that voluntarily elects and commits to undertake (i) the infrastructure investment program consisting of the commitments and obligations described in this subsection (b) and (ii) the customer assistance program consisting of the commitments and obligations described in subsection (b-10) of this Section, notwithstanding any other provisions of this Act and without obtaining any approvals from the Commission or any other agency other than as set forth in this Section, regardless of whether any such approval would otherwise be required. "Combination utility" means a utility that, as of January 1, 2011, provided electric service to at least one million retail customers in Illinois and gas service to at least 500,000 retail customers in Illinois. A participating utility shall recover the expenditures made under the infrastructure investment program through the ratemaking process, including, but not limited to, the performance-based formula rate and process set forth in this Section.

During the infrastructure investment program's peak program year, a participating utility other than a combination utility shall create 2,000 full-time equivalent jobs in Illinois, and a participating utility that is a combination utility shall create 450 full-time equivalent jobs in Illinois related to the provision of electric service. These jobs shall include direct jobs, contractor positions, and induced jobs, but shall not include any portion of a job commitment, not specifically contingent on an amendatory Act of the 97th General Assembly becoming law, between a participating utility and a labor union that existed on the effective date of this amendatory Act of the 97th General Assembly and that has not yet been fulfilled. A portion of the full-time equivalent jobs created by each
participating utility shall include incremental personnel hired subsequent
to the effective date of this amendatory Act of the 97th General Assembly.
For purposes of this Section, "peak program year" means the consecutive
12-month period with the highest number of full-time equivalent jobs that
occurs between the beginning of investment year 2 and the end of
investment year 4.

A participating utility shall meet one of the following commitments, as applicable:

(1) Beginning no later than 180 days after a participating
utility other than a combination utility files a performance-based
formula rate tariff pursuant to subsection (c) of this Section, or,
beginning no later than January 1, 2012 if such utility files such
performance-based formula rate tariff within 14 days of the
effective date of this amendatory Act of the 97th General
Assembly, the participating utility shall, except as provided in
subsection (b-5):

(A) over a 5-year period, invest an estimated
$1,300,000,000 in electric system upgrades, modernization
projects, and training facilities, including, but not limited to:

(i) distribution infrastructure improvements
totaling an estimated $1,000,000,000, including
underground residential distribution cable injection
and replacement and mainline cable system
refurbishment and replacement projects;

(ii) training facility construction or upgrade
projects totaling an estimated $10,000,000,
provided that, at a minimum, one such facility shall
be located in a municipality having a population of
more than 2 million residents and one such facility
shall be located in a municipality having a population of more than 150,000 residents but fewer
than 170,000 residents; any such new facility
located in a municipality having a population of
more than 2 million residents must be designed for
the purpose of obtaining, and the owner of the
facility shall apply for, certification under the
United States Green Building Council's Leadership

in Energy Efficiency Design Green Building Rating System;

(iii) wood pole inspection, treatment, and replacement programs;

(iv) an estimated $200,000,000 for reducing the susceptibility of certain circuits to storm-related damage, including, but not limited to, high winds, thunderstorms, and ice storms; improvements may include, but are not limited to, overhead to underground conversion and other engineered outcomes for circuits; the participating utility shall prioritize the selection of circuits based on each circuit's historical susceptibility to storm-related damage and the ability to provide the greatest customer benefit upon completion of the improvements; to be eligible for improvement, the participating utility's ability to maintain proper tree clearances surrounding the overhead circuit must not have been impeded by third parties; and

(B) over a 10-year period, invest an estimated $1,300,000,000 to upgrade and modernize its transmission and distribution infrastructure and in Smart Grid electric system upgrades, including, but not limited to:

(i) additional smart meters;

(ii) distribution automation;

(iii) associated cyber secure data communication network; and

(iv) substation micro-processor relay upgrades.

(2) Beginning no later than 180 days after a participating utility that is a combination utility files a performance-based formula rate tariff pursuant to subsection (c) of this Section, or, beginning no later than January 1, 2012 if such utility files such performance-based formula rate tariff within 14 days of the effective date of this amendatory Act of the 97th General Assembly, the participating utility shall, except as provided in subsection (b-5):

(A) over a 10-year period, invest an estimated $265,000,000 in electric system upgrades, modernization
projects, and training facilities, including, but not limited to:

(i) distribution infrastructure improvements totaling an estimated $245,000,000, which may include bulk supply substations, transformers, reconductoring, and rebuilding overhead distribution and sub-transmission lines, underground residential distribution cable injection and replacement and mainline cable system refurbishment and replacement projects;

(ii) training facility construction or upgrade projects totaling an estimated $1,000,000; any such new facility must be designed for the purpose of obtaining, and the owner of the facility shall apply for, certification under the United States Green Building Council's Leadership in Energy Efficiency Design Green Building Rating System; and

(iii) wood pole inspection, treatment, and replacement programs; and

(B) over a 10-year period, invest an estimated $360,000,000 to upgrade and modernize its transmission and distribution infrastructure and in Smart Grid electric system upgrades, including, but not limited to:

(i) additional smart meters;

(ii) distribution automation;

(iii) associated cyber secure data communication network; and

(iv) substation micro-processor relay upgrades.

For purposes of this Section, "Smart Grid electric system upgrades" shall have the meaning set forth in subsection (a) of Section 16-108.6 of this Act.

The investments in the infrastructure investment program described in this subsection (b) shall be incremental to the participating utility's annual capital investment program, as defined by, for purposes of this subsection (b), the participating utility's average capital spend for calendar years 2008, 2009, and 2010 as reported in the applicable Federal Energy Regulatory Commission (FERC) Form 1; provided that where one or more utilities have merged, the average capital spend shall be

determined using the aggregate of the merged utilities' capital spend reported in FERC Form 1 for the years 2008, 2009, and 2010. A participating utility may add reasonable construction ramp-up and ramp-down time to the investment periods specified in this subsection (b). For each such investment period, the ramp-up and ramp-down time shall not exceed a total of 6 months.

Within 60 days after filing a tariff under subsection (c) of this Section, a participating utility shall submit to the Commission its plan, including scope, schedule, and staffing, for satisfying its infrastructure investment program commitments pursuant to this subsection (b). The submitted plan shall include a schedule and staffing plan for the next calendar year. The plan shall also include a plan for the creation, operation, and administration of a Smart Grid test bed as described in subsection (c) of Section 16-108.8. The plan need not allocate the work equally over the respective periods, but should allocate material increments throughout such periods commensurate with the work to be undertaken. No later than April 1 of each subsequent year, the utility shall submit to the Commission a report that includes any updates to the plan, a schedule for the next calendar year, the expenditures made for the prior calendar year and cumulatively, and the number of full-time equivalent jobs created for the prior calendar year and cumulatively. If the utility is materially deficient in satisfying a schedule or staffing plan, then the report must also include a corrective action plan to address the deficiency. The fact that the plan, implementation of the plan, or a schedule changes shall not imply the imprudence or unreasonableness of the infrastructure investment program, plan, or schedule. Further, no later than 45 days following the last day of the first, second, and third quarters of each year of the plan, a participating utility shall submit to the Commission a verified quarterly report for the prior quarter that includes (i) the total number of full-time equivalent jobs created during the prior quarter, (ii) the total number of employees as of the last day of the prior quarter, (iii) the total number of full-time equivalent hours in each job classification or job title, (iv) the total number of incremental employees and contractors in support of the investments undertaken pursuant to this subsection (b) for the prior quarter, and (v) any other information that the Commission may require by rule.

With respect to the participating utility's peak job commitment, if, after considering the utility's corrective action plan and compliance thereunder, the Commission enters an order finding, after notice and

New matter indicated by italics - deletions by strikeout
hearing, that a participating utility did not satisfy its peak job commitment described in this subsection (b) for reasons that are reasonably within its control, then the Commission shall also determine, after consideration of the evidence, including, but not limited to, evidence submitted by the Department of Commerce and Economic Opportunity and the utility, the deficiency in the number of full-time equivalent jobs during the peak program year due to such failure. The Commission shall notify the Department of any proceeding that is initiated pursuant to this paragraph. For each full-time equivalent job deficiency during the peak program year that the Commission finds as set forth in this paragraph, the participating utility shall, within 30 days after the entry of the Commission's order, pay $6,000 to a fund for training grants administered under Section 605-800 of The Department of Commerce and Economic Opportunity Law, which shall not be a recoverable expense.

With respect to the participating utility's investment amount commitments, if, after considering the utility's corrective action plan and compliance thereunder, the Commission enters an order finding, after notice and hearing, that a participating utility is not satisfying its investment amount commitments described in this subsection (b), then the utility shall no longer be eligible to annually update the performance-based formula rate tariff pursuant to subsection (d) of this Section. In such event, the then current rates shall remain in effect until such time as new rates are set pursuant to Article IX of this Act, subject to retroactive adjustment, with interest, to reconcile rates charged with actual costs.

If the Commission finds that a participating utility is no longer eligible to update the performance-based formula rate tariff pursuant to subsection (d) of this Section, or the performance-based formula rate is otherwise terminated, then the participating utility's voluntary commitments and obligations under this subsection (b) shall immediately terminate, except for the utility's obligation to pay an amount already owed to the fund for training grants pursuant to a Commission order.

In meeting the obligations of this subsection (b), to the extent feasible and consistent with State and federal law, the investments under the infrastructure investment program should provide employment opportunities for all segments of the population and workforce, including minority-owned and female-owned business enterprises, and shall not, consistent with State and federal law, discriminate based on race or socioeconomic status.

(b-5) Nothing in this Section shall prohibit the Commission from investigating the prudence and reasonableness of the expenditures made under the infrastructure investment program during the annual review required by subsection (d) of this Section and shall, as part of such investigation, determine whether the utility's actual costs under the program are prudent and reasonable. The fact that a participating utility invests more than the minimum amounts specified in subsection (b) of this Section or its plan shall not imply imprudence or unreasonableness.

If the participating utility finds that it is implementing its plan for satisfying the infrastructure investment program commitments described in subsection (b) of this Section at a cost below the estimated amounts specified in subsection (b) of this Section, then the utility may file a petition with the Commission requesting that it be permitted to satisfy its commitments by spending less than the estimated amounts specified in subsection (b) of this Section. The Commission shall, after notice and hearing, enter its order approving, or approving as modified, or denying each such petition within 150 days after the filing of the petition.

In no event, absent General Assembly approval, shall the capital investment costs incurred by a participating utility other than a combination utility in satisfying its infrastructure investment program commitments described in subsection (b) of this Section exceed $3,000,000,000 or, for a participating utility that is a combination utility, $720,000,000. If the participating utility's updated cost estimates for satisfying its infrastructure investment program commitments described in subsection (b) of this Section exceed the limitation imposed by this subsection (b-5), then it shall submit a report to the Commission that identifies the increased costs and explains the reason or reasons for the increased costs no later than the year in which the utility estimates it will exceed the limitation. The Commission shall review the report and shall, within 90 days after the participating utility files the report, report to the General Assembly its findings regarding the participating utility's report. If the General Assembly does not amend the limitation imposed by this subsection (b-5), then the utility may modify its plan so as not to exceed the limitation imposed by this subsection (b-5) and may propose corresponding changes to the metrics established pursuant to subparagraphs (5) through (8) of subsection (f) of this Section, and the Commission may modify the metrics and incremental savings goals established pursuant to subsection (f) of this Section accordingly.
(b-10) All participating utilities shall make contributions for an energy low-income and support program in accordance with this subsection. Beginning no later than 180 days after a participating utility files a performance-based formula rate tariff pursuant to subsection (c) of this Section, or beginning no later than January 1, 2012 if such utility files such performance-based formula rate tariff within 14 days of the effective date of this amendatory Act of the 97th General Assembly, and without obtaining any approvals from the Commission or any other agency other than as set forth in this Section, regardless of whether any such approval would otherwise be required, a participating utility other than a combination utility shall pay $10,000,000 per year for 5 years and a participating utility that is a combination utility shall pay $1,000,000 per year for 10 years to the energy low-income and support program, which is intended to fund customer assistance programs with the primary purpose being avoidance of imminent disconnection. Such programs may include:

1. a residential hardship program that may partner with community-based organizations, including senior citizen organizations, and provides grants to low-income residential customers, including low-income senior citizens, who demonstrate a hardship;

2. a program that provides grants and other bill payment concessions to disabled veterans who demonstrate a hardship and members of the armed services or reserve forces of the United States or members of the Illinois National Guard who are on active duty pursuant to an executive order of the President of the United States, an act of the Congress of the United States, or an order of the Governor and who demonstrate a hardship;

3. a budget assistance program that provides tools and education to low-income senior citizens to assist them with obtaining information regarding energy usage and effective means of managing energy costs;

4. a non-residential special hardship program that provides grants to non-residential customers such as small businesses and non-profit organizations that demonstrate a hardship, including those providing services to senior citizen and low-income customers; and

5. a performance-based assistance program that provides grants to encourage residential customers to make on-time payments.
payments by matching a portion of the customer's payments or providing credits towards arrearages.

The payments made by a participating utility pursuant to this subsection (b-10) shall not be a recoverable expense. A participating utility may elect to fund either new or existing customer assistance programs, including, but not limited to, those that are administered by the utility.

Programs that use funds that are provided by a participating utility to reduce utility bills may be implemented through tariffs that are filed with and reviewed by the Commission. If a utility elects to file tariffs with the Commission to implement all or a portion of the programs, those tariffs shall, regardless of the date actually filed, be deemed accepted and approved, and shall become effective on the effective date of this amendatory Act of the 97th General Assembly. The participating utilities whose customers benefit from the funds that are disbursed as contemplated in this Section shall file annual reports documenting the disbursement of those funds with the Commission. The Commission has the authority to audit disbursement of the funds to ensure they were disbursed consistently with this Section.

If the Commission finds that a participating utility is no longer eligible to update the performance-based formula rate tariff pursuant to subsection (d) of this Section, or the performance-based formula rate is otherwise terminated, then the participating utility's voluntary commitments and obligations under this subsection (b-10) shall immediately terminate.

(c) A participating utility may elect to recover its delivery services costs through a performance-based formula rate approved by the Commission, which shall specify the cost components that form the basis of the rate charged to customers with sufficient specificity to operate in a standardized manner and be updated annually with transparent information that reflects the utility's actual costs to be recovered during the applicable rate year, which is the period beginning with the first billing day of January and extending through the last billing day of the following December. In the event the utility recovers a portion of its costs through automatic adjustment clause tariffs on the effective date of this amendatory Act of the 97th General Assembly, the utility may elect to continue to recover these costs through such tariffs, but then these costs shall not be recovered through the performance-based formula rate. In the event the participating utility, prior to the effective date of this amendatory Act of the 97th General Assembly, filed electric delivery services tariffs

New matter indicated by italics - deletions by strikeout
with the Commission pursuant to Section 9-201 of this Act that are related to the recovery of its electric delivery services costs that are still pending on the effective date of this amendatory Act of the 97th General Assembly, the participating utility shall, at the time it files its performance-based formula rate tariff with the Commission, also file a notice of withdrawal with the Commission to withdraw the electric delivery services tariffs previously filed pursuant to Section 9-201 of this Act. Upon receipt of such notice, the Commission shall dismiss with prejudice any docket that had been initiated to investigate the electric delivery services tariffs filed pursuant to Section 9-201 of this Act, and such tariffs and the record related thereto shall not be the subject of any further hearing, investigation, or proceeding of any kind related to rates for electric delivery services.

The performance-based formula rate shall be implemented through a tariff filed with the Commission consistent with the provisions of this subsection (c) that shall be applicable to all delivery services customers. The Commission shall initiate and conduct an investigation of the tariff in a manner consistent with the provisions of this subsection (c) and the provisions of Article IX of this Act to the extent they do not conflict with this subsection (c). Except in the case where the Commission finds, after notice and hearing, that a participating utility is not satisfying its investment amount commitments under subsection (b) of this Section, the performance-based formula rate shall remain in effect at the discretion of the utility. The performance-based formula rate approved by the Commission shall do the following:

1. Provide for the recovery of the utility's actual costs of delivery services that are prudently incurred and reasonable in amount consistent with Commission practice and law. The sole fact that a cost differs from that incurred in a prior calendar year or that an investment is different from that made in a prior calendar year shall not imply the imprudence or unreasonableness of that cost or investment.

2. Reflect the utility's actual year-end capital structure for the applicable calendar year, excluding goodwill, subject to a determination of prudence and reasonableness consistent with Commission practice and law.

3. Include a cost of equity, which shall be calculated as the sum of the following:
   
   A. the average for the applicable calendar year of the monthly average yields of 30-year U.S. Treasury bonds
published by the Board of Governors of the Federal Reserve System in its weekly H.15 Statistical Release or successor publication; and

(B) 580 basis points.

At such time as the Board of Governors of the Federal Reserve System ceases to include the monthly average yields of 30-year U.S. Treasury bonds in its weekly H.15 Statistical Release or successor publication, the monthly average yields of the U.S. Treasury bonds then having the longest duration published by the Board of Governors in its weekly H.15 Statistical Release or successor publication shall instead be used for purposes of this paragraph (3).

(4) Permit and set forth protocols, subject to a determination of prudence and reasonableness consistent with Commission practice and law, for the following:

(A) recovery of incentive compensation expense that is based on the achievement of operational metrics, including metrics related to budget controls, outage duration and frequency, safety, customer service, efficiency and productivity, and environmental compliance. Incentive compensation expense that is based on net income or an affiliate's earnings per share shall not be recoverable under the performance-based formula rate;

(B) recovery of pension and other post-employment benefits expense, provided that such costs are supported by an actuarial study;

(C) recovery of severance costs, provided that if the amount is over $3,700,000 for a participating utility that is a combination utility or $10,000,000 for a participating utility that serves more than 3 million retail customers, then the full amount shall be amortized consistent with subparagraph (F) of this paragraph (4);

(D) investment return at a rate equal to the utility's weighted average cost of long-term debt, on the pension assets as, and in the amount, reported in Account 186 (or in such other Account or Accounts as such asset may subsequently be recorded) of the utility's most recently filed FERC Form 1, net of deferred tax benefits;

New matter indicated by italics - deletions by strikeout
(E) recovery of the expenses related to the Commission proceeding under this subsection (c) to approve this performance-based formula rate and initial rates or to subsequent proceedings related to the formula, provided that the recovery shall be amortized over a 3-year period; recovery of expenses related to the annual Commission proceedings under subsection (d) of this Section to review the inputs to the performance-based formula rate shall be expensed and recovered through the performance-based formula rate;

(F) amortization over a 5-year period of the full amount of each charge or credit that exceeds $3,700,000 for a participating utility that is a combination utility or $10,000,000 for a participating utility that serves more than 3 million retail customers in the applicable calendar year and that relates to a workforce reduction program's severance costs, changes in accounting rules, changes in law, compliance with any Commission-initiated audit, or a single storm or other similar expense, provided that any unamortized balance shall be reflected in rate base. For purposes of this subparagraph (F), changes in law includes any enactment, repeal, or amendment in a law, ordinance, rule, regulation, interpretation, permit, license, consent, or order, including those relating to taxes, accounting, or to environmental matters, or in the interpretation or application thereof by any governmental authority occurring after the effective date of this amendatory Act of the 97th General Assembly;

(G) recovery of existing regulatory assets over the periods previously authorized by the Commission;

(H) historical weather normalized billing determinants; and

(I) allocation methods for common costs.

(5) Provide that if the participating utility's earned rate of return on common equity related to the provision of delivery services for the prior rate year (calculated using costs and capital structure approved by the Commission as provided in subparagraph (2) of this subsection (c), consistent with this Section, in accordance with Commission rules and orders, including, but not

New matter indicated by italics - deletions by strikeout
limited to, adjustments for goodwill, and after any Commission-ordered disallowances and taxes) is more than 50 basis points higher than the rate of return on common equity calculated pursuant to paragraph (3) of this subsection (c) (after adjusting for any penalties to the rate of return on common equity applied pursuant to the performance metrics provision of subsection (f) of this Section), then the participating utility shall apply a credit through the performance-based formula rate that reflects an amount equal to the value of that portion of the earned rate of return on common equity that is more than 50 basis points higher than the rate of return on common equity calculated pursuant to paragraph (3) of this subsection (c) (after adjusting for any penalties to the rate of return on common equity applied pursuant to the performance metrics provision of subsection (f) of this Section) for the prior rate year, adjusted for taxes. If the participating utility's earned rate of return on common equity related to the provision of delivery services for the prior rate year (calculated using costs and capital structure approved by the Commission as provided in subparagraph (2) of this subsection (c), consistent with this Section, in accordance with Commission rules and orders, including, but not limited to, adjustments for goodwill, and after any Commission-ordered disallowances and taxes) is more than 50 basis points less than the rate of return on common equity calculated pursuant to paragraph (3) of this subsection (c) (after adjusting for any penalties to the rate of return on common equity applied pursuant to the performance metrics provision of subsection (f) of this Section), then the participating utility shall apply a charge through the performance-based formula rate that reflects an amount equal to the value of that portion of the earned rate of return on common equity that is more than 50 basis points less than the rate of return on common equity calculated pursuant to paragraph (3) of this subsection (c) (after adjusting for any penalties to the rate of return on common equity applied pursuant to the performance metrics provision of subsection (f) of this Section) for the prior rate year, adjusted for taxes.

(6) Provide for an annual reconciliation, as described in subsection (d) of this Section, with interest, of the revenue requirement reflected in rates for each calendar year, beginning with the calendar year in which the utility files its performance-

based formula rate tariff pursuant to subsection (c) of this Section, with what the revenue requirement would have been had the actual cost information for the applicable calendar year been available at the filing date.

The utility shall file, together with its tariff, final data based on its most recently filed FERC Form 1, plus projected plant additions and correspondingly updated depreciation reserve and expense for the calendar year in which the tariff and data are filed, that shall populate the performance-based formula rate and set the initial delivery services rates under the formula. For purposes of this Section, "FERC Form 1" means the Annual Report of Major Electric Utilities, Licensees and Others that electric utilities are required to file with the Federal Energy Regulatory Commission under the Federal Power Act, Sections 3, 4(a), 304 and 209, modified as necessary to be consistent with 83 Ill. Admin. Code Part 415 as of May 1, 2011. Nothing in this Section is intended to allow costs that are not otherwise recoverable to be recoverable by virtue of inclusion in FERC Form 1.

After the utility files its proposed performance-based formula rate structure and protocols and initial rates, the Commission shall initiate a docket to review the filing. The Commission shall enter an order approving, or approving as modified, the performance-based formula rate, including the initial rates, as just and reasonable within 270 days after the date on which the tariff was filed, or, if the tariff is filed within 14 days after the effective date of this amendatory Act of the 97th General Assembly, then by May 31, 2012. Such review shall be based on the same evidentiary standards, including, but not limited to, those concerning the prudence and reasonableness of the costs incurred by the utility, the Commission applies in a hearing to review a filing for a general increase in rates under Article IX of this Act. The initial rates shall take effect within 30 days after the Commission's order approving the performance-based formula rate tariff.

Until such time as the Commission approves a different rate design and cost allocation pursuant to subsection (e) of this Section, rate design and cost allocation across customer classes shall be consistent with the Commission's most recent order regarding the participating utility's request for a general increase in its delivery services rates.

Subsequent changes to the performance-based formula rate structure or protocols shall be made as set forth in Section 9-201 of this Act, but nothing in this subsection (c) is intended to limit the

New matter indicated by italics - deletions by strikeout
Commission's authority under Article IX and other provisions of this Act to initiate an investigation of a participating utility's performance-based formula rate tariff, provided that any such changes shall be consistent with paragraphs (1) through (6) of this subsection (c). Any change ordered by the Commission shall be made at the same time new rates take effect following the Commission's next order pursuant to subsection (d) of this Section, provided that the new rates take effect no less than 30 days after the date on which the Commission issues an order adopting the change.

A participating utility that files a tariff pursuant to this subsection (c) must submit a one-time $200,000 filing fee at the time the Chief Clerk of the Commission accepts the filing, which shall be a recoverable expense.

In the event the performance-based formula rate is terminated, the then current rates shall remain in effect until such time as new rates are set pursuant to Article IX of this Act, subject to retroactive rate adjustment, with interest, to reconcile rates charged with actual costs. At such time that the performance-based formula rate is terminated, the participating utility's voluntary commitments and obligations under subsection (b) of this Section shall immediately terminate, except for the utility's obligation to pay an amount already owed to the fund for training grants pursuant to a Commission order issued under subsection (b) of this Section.

(d) Subsequent to the Commission's issuance of an order approving the utility's performance-based formula rate structure and protocols, and initial rates under subsection (c) of this Section, the utility shall file, on or before May 1 of each year, with the Chief Clerk of the Commission its updated cost inputs to the performance-based formula rate for the applicable rate year and the corresponding new charges. Each such filing shall conform to the following requirements and include the following information:

(1) The inputs to the performance-based formula rate for the applicable rate year shall be based on final historical data reflected in the utility's most recently filed annual FERC Form 1 plus projected plant additions and correspondingly updated depreciation reserve and expense for the calendar year in which the inputs are filed. The filing shall also include a reconciliation of the revenue requirement that was in effect for the prior rate year (as set by the cost inputs for the prior rate year) with the actual revenue requirement for the prior rate year (determined using a year-end rate base) that uses amounts reflected in the applicable FERC Form
that reports the actual costs for the prior rate year. Any over-collection or under-collection indicated by such reconciliation shall be reflected as a credit against, or recovered as an additional charge to, respectively, with interest calculated at a rate equal to the utility's weighted average cost of capital approved by the Commission for the prior rate year, the charges for the applicable rate year. Provided, however, that the first such reconciliation shall be for the calendar year in which the utility files its performance-based formula rate tariff pursuant to subsection (c) of this Section and shall reconcile (i) the revenue requirement or requirements established by the rate order or orders in effect from time to time during such calendar year (weighted, as applicable) with (ii) the revenue requirement determined using a year-end rate base for that calendar year calculated pursuant to the performance-based formula rate using (A) actual costs for that year as reflected in the applicable FERC Form 1, and (B) for the first such reconciliation only, the cost of equity, which shall be calculated as the sum of 590 basis points plus the average for the applicable calendar year of the monthly average yields of 30-year U.S. Treasury bonds published by the Board of Governors of the Federal Reserve System in its weekly H.15 Statistical Release or successor publication. The first such reconciliation is not intended to provide for the recovery of costs previously excluded from rates based on a prior Commission order finding of imprudence or unreasonableness. Each reconciliation shall be certified by the participating utility in the same manner that FERC Form 1 is certified. The filing shall also include the charge or credit, if any, resulting from the calculation required by paragraph (6) of subsection (c) of this Section.

Notwithstanding anything that may be to the contrary, the intent of the reconciliation is to ultimately reconcile the revenue requirement reflected in rates for each calendar year, beginning with the calendar year in which the utility files its performance-based formula rate tariff pursuant to subsection (c) of this Section, with what the revenue requirement determined using a year-end rate base for the applicable calendar year would have been had the actual cost information for the applicable calendar year been available at the filing date.

(2) The new charges shall take effect beginning on the first billing day of the following January billing period and remain in

New matter indicated by italics - deletions by strikeout
effect through the last billing day of the next December billing period regardless of whether the Commission enters upon a hearing pursuant to this subsection (d).

(3) The filing shall include relevant and necessary data and documentation for the applicable rate year that is consistent with the Commission's rules applicable to a filing for a general increase in rates or any rules adopted by the Commission to implement this Section. Normalization adjustments shall not be required. Notwithstanding any other provision of this Section or Act or any rule or other requirement adopted by the Commission, a participating utility that is a combination utility with more than one rate zone shall not be required to file a separate set of such data and documentation for each rate zone and may combine such data and documentation into a single set of schedules.

Within 45 days after the utility files its annual update of cost inputs to the performance-based formula rate, the Commission shall have the authority, either upon complaint or its own initiative, but with reasonable notice, to enter upon a hearing concerning the prudence and reasonableness of the costs incurred by the utility to be recovered during the applicable rate year that are reflected in the inputs to the performance-based formula rate derived from the utility's FERC Form 1. During the course of the hearing, each objection shall be stated with particularity and evidence provided in support thereof, after which the utility shall have the opportunity to rebut the evidence. Discovery shall be allowed consistent with the Commission's Rules of Practice, which Rules shall be enforced by the Commission or the assigned hearing examiner. The Commission shall apply the same evidentiary standards, including, but not limited to, those concerning the prudence and reasonableness of the costs incurred by the utility, in the hearing as it would apply in a hearing to review a filing for a general increase in rates under Article IX of this Act. The Commission shall not, however, have the authority in a proceeding under this subsection (d) to consider or order any changes to the structure or protocols of the performance-based formula rate approved pursuant to subsection (c) of this Section. In a proceeding under this subsection (d), the Commission shall enter its order no later than the earlier of 240 days after the utility's filing of its annual update of cost inputs to the performance-based formula rate or December 31. The Commission's determinations of the prudence and reasonableness of the costs incurred for the applicable calendar year shall be final upon entry of the

New matter indicated by italics - deletions by strikeout
Commission's order and shall not be subject to reopening, reexamination, or collateral attack in any other Commission proceeding, case, docket, order, rule or regulation, provided, however, that nothing in this subsection (d) shall prohibit a party from petitioning the Commission to rehear or appeal to the courts the order pursuant to the provisions of this Act.

In the event the Commission does not, either upon complaint or its own initiative, enter upon a hearing within 45 days after the utility files the annual update of cost inputs to its performance-based formula rate, then the costs incurred for the applicable calendar year shall be deemed prudent and reasonable, and the filed charges shall not be subject to reopening, reexamination, or collateral attack in any other proceeding, case, docket, order, rule, or regulation.

A participating utility's first filing of the updated cost inputs, and any Commission investigation of such inputs pursuant to this subsection (d) shall proceed notwithstanding the fact that the Commission's investigation under subsection (c) of this Section is still pending and notwithstanding any other law, order, rule, or Commission practice to the contrary.

(e) Nothing in subsections (c) or (d) of this Section shall prohibit the Commission from investigating, or a participating utility from filing, revenue-neutral tariff changes related to rate design of a performance-based formula rate that has been placed into effect for the utility. Following approval of a participating utility's performance-based formula rate tariff pursuant to subsection (c) of this Section, the utility shall make a filing with the Commission within one year after the effective date of the performance-based formula rate tariff that proposes changes to the tariff to incorporate the findings of any final rate design orders of the Commission applicable to the participating utility and entered subsequent to the Commission's approval of the tariff. The Commission shall, after notice and hearing, enter its order approving, or approving with modification, the proposed changes to the performance-based formula rate tariff within 240 days after the utility's filing. Following such approval, the utility shall make a filing with the Commission during each subsequent 3-year period that either proposes revenue-neutral tariff changes or re-files the existing tariffs without change, which shall present the Commission with an opportunity to suspend the tariffs and consider revenue-neutral tariff changes related to rate design.

(f) Within 30 days after the filing of a tariff pursuant to subsection (c) of this Section, each participating utility shall develop and file with the

Commission multi-year metrics designed to achieve, ratably (i.e., in equal segments) over a 10-year period, improvement over baseline performance values as follows:

(1) Twenty percent improvement in the System Average Interruption Frequency Index, using a baseline of the average of the data from 2001 through 2010.

(2) Fifteen percent improvement in the system Customer Average Interruption Duration Index, using a baseline of the average of the data from 2001 through 2010.

(3) For a participating utility other than a combination utility, 20% improvement in the System Average Interruption Frequency Index for its Southern Region, using a baseline of the average of the data from 2001 through 2010. For purposes of this paragraph (3), Southern Region shall have the meaning set forth in the participating utility's most recent report filed pursuant to Section 16-125 of this Act.

(3.5) For a participating utility other than a combination utility, 20% improvement in the System Average Interruption Frequency Index for its Northeastern Region, using a baseline of the average of the data from 2001 through 2010. For purposes of this paragraph (3.5), Northeastern Region shall have the meaning set forth in the participating utility's most recent report filed pursuant to Section 16-125 of this Act.

(4) Seventy-five percent improvement in the total number of customers who exceed the service reliability targets as set forth in subparagraphs (A) through (C) of paragraph (4) of subsection (b) of 83 Ill. Admin. Code Part 411.140 as of May 1, 2011, using 2010 as the baseline year.

(5) Reduction in issuance of estimated electric bills: 90% improvement for a participating utility other than a combination utility, and 56% improvement for a participating utility that is a combination utility, using a baseline of the average number of estimated bills for the years 2008 through 2010.

(6) Consumption on inactive meters: 90% improvement for a participating utility other than a combination utility, and 56% improvement for a participating utility that is a combination utility, using a baseline of the average unbilled kilowatthours for the years 2009 and 2010.

New matter indicated by italics - deletions by strikeout
(7) Unaccounted for energy: 50% improvement for a participating utility other than a combination utility using a baseline of the non-technical line loss unaccounted for energy kilowatthours for the year 2009.

(8) Uncollectible expense: reduce uncollectible expense by at least $30,000,000 for a participating utility other than a combination utility and by at least $3,500,000 for a participating utility that is a combination utility, using a baseline of the average uncollectible expense for the years 2008 through 2010.

(9) Opportunities for minority-owned and female-owned business enterprises: design a performance metric regarding the creation of opportunities for minority-owned and female-owned business enterprises consistent with State and federal law using a base performance value of the percentage of the participating utility's capital expenditures that were paid to minority-owned and female-owned business enterprises in 2010.

The definitions set forth in 83 Ill. Admin. Code Part 411.20 as of May 1, 2011 shall be used for purposes of calculating performance under paragraphs (1) through (3.5) of this subsection (f), provided, however, that the participating utility may exclude up to 9 extreme weather event days from such calculation for each year, and provided further that the participating utility shall exclude 9 extreme weather event days when calculating each year of the baseline period to the extent that there are 9 such days in a given year of the baseline period. For purposes of this Section, an extreme weather event day is a 24-hour calendar day (beginning at 12:00 a.m. and ending at 11:59 p.m.) during which any weather event (e.g., storm, tornado) caused interruptions for 10,000 or more of the participating utility's customers for 3 hours or more. If there are more than 9 extreme weather event days in a year, then the utility may choose no more than 9 extreme weather event days to exclude, provided that the same extreme weather event days are excluded from each of the calculations performed under paragraphs (1) through (3.5) of this subsection (f).

The metrics shall include incremental performance goals for each year of the 10-year period, which shall be designed to demonstrate that the utility is on track to achieve the performance goal in each category at the end of the 10-year period. The utility shall elect when the 10-year period shall commence for the metrics set forth in subparagraphs (1) through (4) and (9) of this subsection (f), provided that it begins no later than 14
months following the date on which the utility begins investing pursuant to subsection (b) of this Section, and when the 10-year period shall commence for the metrics set forth in subparagraphs (5) through (8) of this subsection (f), provided that it begins no later than 14 months following the date on which the Commission enters its order approving the utility's Advanced Metering Infrastructure Deployment Plan pursuant to subsection (c) of Section 16-108.6 of this Act.

The metrics and performance goals set forth in subparagraphs (5) through (8) of this subsection (f) are based on the assumptions that the participating utility may fully implement the technology described in subsection (b) of this Section, including utilizing the full functionality of such technology and that there is no requirement for personal on-site notification. If the utility is unable to meet the metrics and performance goals set forth in subparagraphs (5) through (8) of this subsection (f) for such reasons, and the Commission so finds after notice and hearing, then the utility shall be excused from compliance, but only to the limited extent achievement of the affected metrics and performance goals was hindered by the less than full implementation.

(f-5) The financial penalties applicable to the metrics described in subparagraphs (1) through (8) of subsection (f) of this Section, as applicable, shall be applied through an adjustment to the participating utility's return on equity of no more than a total of 30 basis points in each of the first 3 years, of no more than a total of 34 basis points in each of the 3 years thereafter, and of no more than a total of 38 basis points in each of the 4 years thereafter, as follows:

(1) With respect to each of the incremental annual performance goals established pursuant to paragraph (1) of subsection (f) of this Section,

(A) for each year that a participating utility other than a combination utility does not achieve the annual goal, the participating utility's return on equity shall be reduced as follows: during years 1 through 3, by 5 basis points; during years 4 through 6, by 6 basis points; and during years 7 through 10, by 7 basis points; and

(B) for each year that a participating utility that is a combination utility does not achieve the annual goal, the participating utility's return on equity shall be reduced as follows: during years 1 through 3, by 10 basis points;

during years 4 through 6, by 12 basis points; and during years 7 through 10, by 14 basis points.

(2) With respect to each of the incremental annual performance goals established pursuant to paragraph (2) of subsection (f) of this Section, for each year that the participating utility does not achieve each such goal, the participating utility's return on equity shall be reduced as follows: during years 1 through 3, by 5 basis points; during years 4 through 6, by 6 basis points; and during years 7 through 10, by 7 basis points.

(3) With respect to each of the incremental annual performance goals established pursuant to paragraphs (3) and (3.5) of subsection (f) of this Section, for each year that a participating utility other than a combination utility does not achieve both such goals, the participating utility's return on equity shall be reduced as follows: during years 1 through 3, by 5 basis points; during years 4 through 6, by 6 basis points; and during years 7 through 10, by 7 basis points.

(4) With respect to each of the incremental annual performance goals established pursuant to paragraph (4) of subsection (f) of this Section, for each year that the participating utility does not achieve each such goal, the participating utility's return on equity shall be reduced as follows: during years 1 through 3, by 5 basis points; during years 4 through 6, by 6 basis points; and during years 7 through 10, by 7 basis points.

(5) With respect to each of the incremental annual performance goals established pursuant to subparagraph (5) of subsection (f) of this Section, for each year that the participating utility does not achieve at least 95% of each such goal, the participating utility's return on equity shall be reduced by 5 basis points for each such unachieved goal.

(6) With respect to each of the incremental annual performance goals established pursuant to paragraphs (6), (7), and (8) of subsection (f) of this Section, as applicable, which together measure non-operational customer savings and benefits relating to the implementation of the Advanced Metering Infrastructure Deployment Plan, as defined in Section 16-108.6 of this Act, the performance under each such goal shall be calculated in terms of the percentage of the goal achieved. The percentage of goal achieved for each of the goals shall be aggregated, and an average

percentage value calculated, for each year of the 10-year period. If
the utility does not achieve an average percentage value in a given
year of at least 95%, the participating utility's return on equity shall
be reduced by 5 basis points.

The financial penalties shall be applied as described in this
subsection (f-5) for the 12-month period in which the deficiency occurred
through a separate tariff mechanism, which shall be filed by the utility
together with its metrics. In the event the formula rate tariff established
pursuant to subsection (c) of this Section terminates, the utility's
obligations under subsection (f) of this Section and this subsection (f-5)
shall also terminate, provided, however, that the tariff mechanism
established pursuant to subsection (f) of this Section and this subsection (f-
5) shall remain in effect until any penalties due and owing at the time of
such termination are applied.

The Commission shall, after notice and hearing, enter an order
within 120 days after the metrics are filed approving, or approving with
modification, a participating utility's tariff or mechanism to satisfy the
metrics set forth in subsection (f) of this Section. On June 1 of each
subsequent year, each participating utility shall file a report with the
Commission that includes, among other things, a description of how the
participating utility performed under each metric and an identification of
any extraordinary events that adversely impacted the utility's performance.
Whenever a participating utility does not satisfy the metrics required
pursuant to subsection (f) of this Section, the Commission shall, after
notice and hearing, enter an order approving financial penalties in
accordance with this subsection (f-5). The Commission-approved financial
penalties shall be applied beginning with the next rate year. Nothing in this
Section shall authorize the Commission to reduce or otherwise obviate the
imposition of financial penalties for failing to achieve one or more of the
metrics established pursuant to subparagraph (1) through (4) of subsection
(f) of this Section.

(g) On or before July 31, 2014, each participating utility shall file a
report with the Commission that sets forth the average annual increase in
the average amount paid per kilowatthour for residential eligible retail
customers, exclusive of the effects of energy efficiency programs,
comparing the 12-month period ending May 31, 2012; the 12-month
period ending May 31, 2013; and the 12-month period ending May 31,
2014. For a participating utility that is a combination utility with more
than one rate zone, the weighted average aggregate increase shall be
provided. The report shall be filed together with a statement from an independent auditor attesting to the accuracy of the report. The cost of the independent auditor shall be borne by the participating utility and shall not be a recoverable expense. "The average amount paid per kilowatthour" shall be based on the participating utility's tariffed rates actually in effect and shall not be calculated using any hypothetical rate or adjustments to actual charges (other than as specified for energy efficiency) as an input.

In the event that the average annual increase exceeds 2.5% as calculated pursuant to this subsection (g), then Sections 16-108.5, 16-108.6, 16-108.7, and 16-108.8 of this Act, other than this subsection, shall be inoperative as they relate to the utility and its service area as of the date of the report due to be submitted pursuant to this subsection and the utility shall no longer be eligible to annually update the performance-based formula rate tariff pursuant to subsection (d) of this Section. In such event, the then current rates shall remain in effect until such time as new rates are set pursuant to Article IX of this Act, subject to retroactive adjustment, with interest, to reconcile rates charged with actual costs, and the participating utility's voluntary commitments and obligations under subsection (b) of this Section shall immediately terminate, except for the utility's obligation to pay an amount already owed to the fund for training grants pursuant to a Commission order issued under subsection (b) of this Section.

In the event that the average annual increase is 2.5% or less as calculated pursuant to this subsection (g), then the performance-based formula rate shall remain in effect as set forth in this Section.

For purposes of this Section, the amount per kilowatthour means the total amount paid for electric service expressed on a per kilowatthour basis, and the total amount paid for electric service includes without limitation amounts paid for supply, transmission, distribution, surcharges, and add-on taxes exclusive of any increases in taxes or new taxes imposed after the effective date of this amendatory Act of the 97th General Assembly. For purposes of this Section, "eligible retail customers" shall have the meaning set forth in Section 16-111.5 of this Act.

The fact that this Section becomes inoperative as set forth in this subsection shall not be construed to mean that the Commission may reexamine or otherwise reopen prudence or reasonableness determinations already made.

(h) Sections 16-108.5, 16-108.6, 16-108.7, and 16-108.8 of this Act, other than this subsection, are inoperative after December 31, 2019

2017 for every participating utility, after which time a participating utility shall no longer be eligible to annually update the performance-based formula rate tariff pursuant to subsection (d) of this Section. At such time, the then current rates shall remain in effect until such time as new rates are set pursuant to Article IX of this Act, subject to retroactive adjustment, with interest, to reconcile rates charged with actual costs.

By December 31, 2017, the Commission shall prepare and file with the General Assembly a report on the infrastructure program and the performance-based formula rate. The report shall include the change in the average amount per kilowatthour paid by residential customers between June 1, 2011 and May 31, 2017. If the change in the total average rate paid exceeds 2.5% compounded annually, the Commission shall include in the report an analysis that shows the portion of the change due to the delivery services component and the portion of the change due to the supply component of the rate. The report shall include separate sections for each participating utility.

In the event Sections 16-108.5, 16-108.6, 16-108.7, and 16-108.8 of this Act do not become inoperative after December 31, 2017, then these Sections are inoperative after December 31, 2022 for every participating utility, after which time a participating utility shall no longer be eligible to annually update the performance-based formula rate tariff pursuant to subsection (d) of this Section. At such time, the then current rates shall remain in effect until such time as new rates are set pursuant to Article IX of this Act, subject to retroactive adjustment, with interest, to reconcile rates charged with actual costs.

The fact that this Section becomes inoperative as set forth in this subsection shall not be construed to mean that the Commission may reexamine or otherwise reopen prudence or reasonableness determinations already made.

(i) While a participating utility may use, develop, and maintain broadband systems and the delivery of broadband services, voice-over-internet-protocol services, telecommunications services, and cable and video programming services for use in providing delivery services and Smart Grid functionality or application to its retail customers, including, but not limited to, the installation, implementation and maintenance of Smart Grid electric system upgrades as defined in Section 16-108.6 of this Act, a participating utility is prohibited from offering to its retail customers broadband services or the delivery of broadband services, voice-over-internet-protocol services, telecommunications services, or cable or...
video programming services, unless they are part of a service directly related to delivery services or Smart Grid functionality or applications as defined in Section 16-108.6 of this Act, and from recovering the costs of such offerings from retail customers.

(j) Nothing in this Section is intended to legislatively overturn the opinion issued in Commonwealth Edison Co. v. Ill. Commerce Comm'n, Nos. 2-08-0959, 2-08-1037, 2-08-1137, 1-08-3008, 1-08-3030, 1-08-3054, 1-08-3313 cons. (Ill. App. Ct. 2d Dist. Sept. 30, 2010). This amendatory Act of the 97th General Assembly shall not be construed as creating a contract between the General Assembly and the participating utility, and shall not establish a property right in the participating utility.

(k) The changes made in subsections (c) and (d) of this Section by this amendatory Act of the 98th General Assembly are intended to be a restatement and clarification of existing law, and intended to give binding effect to the provisions of House Resolution 1157 adopted by the House of Representatives of the 97th General Assembly and Senate Resolution 821 adopted by the Senate of the 97th General Assembly that are reflected in paragraph (3) of this subsection. In addition, this amendatory Act of the 98th General Assembly preempts and supersedes any final Commission orders entered in Docket Nos. 11-0721, 12-0001, 12-0293, and 12-0321 to the extent inconsistent with the amendatory language added to subsections (c) and (d).

(1) No earlier than 5 business days after the effective date of this amendatory Act of the 98th General Assembly, each participating utility shall file any tariff changes necessary to implement the amendatory language set forth in subsections (c) and (d) of this Section by this amendatory Act of the 98th General Assembly and a revised revenue requirement under the participating utility's performance-based formula rate. The Commission shall enter a final order approving such tariff changes and revised revenue requirement within 21 days after the participating utility's filing.

(2) Notwithstanding anything that may be to the contrary, a participating utility may file a tariff to retroactively recover its previously unrecovered actual costs of delivery service that are no longer subject to recovery through a reconciliation adjustment under subsection (d) of this Section. This retroactive recovery shall include any derivative adjustments resulting from the changes to subsections (c) and (d) of this Section by this amendatory Act of

the 98th General Assembly. Such tariff shall allow the utility to assess, on current customer bills over a period of 12 monthly billing periods, a charge or credit related to those unrecovered costs with interest at the utility's weighted average cost of capital during the period in which those costs were unrecovered. A participating utility may file a tariff that implements a retroactive charge or credit as described in this paragraph for amounts not otherwise included in the tariff filing provided for in paragraph (1) of this subsection (k). The Commission shall enter a final order approving such tariff within 21 days after the participating utility's filing.

(3) The tariff changes described in paragraphs (1) and (2) of this subsection (k) shall relate only to, and be consistent with, the following provisions of this amendatory Act of the 98th General Assembly: paragraph (2) of subsection (c) regarding year-end capital structure, subparagraph (D) of paragraph (4) of subsection (c) regarding pension assets, and subsection (d) regarding the reconciliation components related to year-end rate base and interest calculated at a rate equal to the utility's weighted average cost of capital.

(4) Nothing in this subsection is intended to effect a dismissal of or otherwise affect an appeal from any final Commission orders entered in Docket Nos. 11-0721, 12-0001, 12-0293, and 12-0321 other than to the extent of the amendatory language contained in subsections (c) and (d) of this amendatory Act of the 98th General Assembly.

(l) Each participating utility shall be deemed to have been in full compliance with all requirements of subsection (b) of this Section, subsection (c) of this Section, Section 16-108.6 of this Act, and all Commission orders entered pursuant to Sections 16-108.5 and 16-108.6 of this Act, up to and including the effective date of this amendatory Act of the 98th General Assembly. The Commission shall not undertake any investigation of such compliance and no penalty shall be assessed or adverse action taken against a participating utility for noncompliance with Commission orders associated with subsection (b) of this Section, subsection (c) of this Section, and Section 16-108.6 of this Act prior to such date. Each participating utility other than a combination utility shall be permitted, without penalty, a period of 12 months after such effective date to take actions required to ensure its infrastructure investment
program is in compliance with subsection (b) of this Section and with Section 16-108.6 of this Act. Provided further:

(1) if this amendatory Act of the 98th General Assembly takes effect on or before June 15, 2013, the following subparagraphs shall apply to a participating utility other than a combination utility:

   (A) if the Commission has initiated a proceeding pursuant to subsection (e) of Section 16-108.6 of this Act that is pending as of the effective date of this amendatory Act of the 98th General Assembly, then the order entered in such proceeding shall, after notice and hearing, accelerate the commencement of the meter deployment schedule approved in the final Commission order on rehearing entered in Docket No. 12-0298;

   (B) if the Commission has entered an order pursuant to subsection (e) of Section 16-108.6 of this Act prior to the effective date of this amendatory Act of the 98th General Assembly that does not accelerate the commencement of the meter deployment schedule approved in the final Commission order on rehearing entered in Docket No. 12-0298, then the utility shall file with the Commission, within 45 days after such effective date, a plan for accelerating the commencement of the utility's meter deployment schedule approved in the final Commission order on rehearing entered in Docket No. 12-0298; the Commission shall reopen the proceeding in which it entered its order pursuant to subsection (e) of Section 16-108.6 of this Act and shall, after notice and hearing, enter an amendatory order that approves or approves as modified such accelerated plan within 90 days after the utility's filing; or

   (C) if the Commission has not initiated a proceeding pursuant to subsection (e) of Section 16-108.6 of this Act prior to the effective date of this amendatory Act of the 98th General Assembly, then the utility shall file with the Commission, within 45 days after such effective date, a plan for accelerating the commencement of the utility's meter deployment schedule approved in the final Commission order on rehearing entered in Docket No. 12-0298 and the Commission shall, after notice and hearing,

approve or approve as modified such plan within 90 days after the utility's filing;

(2) if this amendatory Act of the 98th General Assembly takes effect after June 15, 2013, then each participating utility other than a combination utility shall file with the Commission, within 45 days after such effective date, a plan for accelerating the commencement of the utility's meter deployment schedule approved in the final Commission order on rehearing entered in Docket No. 12-0298; the Commission shall reopen the most recent proceeding in which it entered an order pursuant to subsection (e) of Section 16-108.6 of this Act and within 90 days after the utility's filing shall, after notice and hearing, enter an amendatory order that approves or approves as modified such accelerated plan, provided that if there was no such prior proceeding the Commission shall open a new proceeding and within 90 days after the utility's filing shall, after notice and hearing, enter an order that approves or approves as modified such accelerated plan.

Any schedule for meter deployment approved by the Commission pursuant to subparagraphs (1) or (2) of this subsection (l) shall take into consideration procurement times for meters and other equipment and operational issues. Nothing in this amendatory Act of the 98th General Assembly shall shorten or extend the end dates for the 5-year or 10-year periods set forth in subsection (b) of this Section or Section 16-108.6 of this Act. Nothing in this subsection is intended to address whether a participating utility has, or has not, satisfied any or all of the metrics and performance goals established pursuant to subsection (f) of this Section.

(m) The provisions of this amendatory Act of the 98th General Assembly are severable under Section 1.31 of the Statute on Statutes.

(Section: P.A. 97-616, eff. 10-26-11; 97-646, eff. 12-30-11; 98-15, eff. 5-22-13.)

APPLICATION TO CONGRESS TO CALL A CONVENTION FOR PROPOSING AMENDMENTS TO THE U.S. CONSTITUTION
(Senate Joint Resolution No. 42)

WHEREAS, The first President of the United States, George Washington, stated in his Farewell Address: "The basis of our political systems is the right of the people to make and to alter their Constitutions of Government."; and
WHEREAS, It was the stated intention of the framers of the Constitution of the United States of America that the Congress of the United States of America should be "dependent on the people alone" (James Madison, Federalist 52); and
WHEREAS, That dependency has evolved from a dependency on the people alone to a dependency on those who spend excessively in elections, through campaigns or third-party groups; and
WHEREAS, The United States Supreme Court ruling in Citizens United v. Federal Election Commission, 558 U.S. 310 (2010), removed restrictions on amounts of independent political spending; and
WHEREAS, Article V of the United States Constitution requires the United States Congress to call a convention for proposing amendments upon application of two-thirds of the legislatures of the several states for the purpose of proposing amendments to the United States Constitution; and
WHEREAS, The State of Illinois sees the need for a convention to propose amendments in order to address concerns such as those raised by the decision of the United States Supreme Court in Citizens United v. Federal Election Commission and related cases and events, including those occurring long before or afterward, or for a substantially similar purpose, and desires that the convention should be so limited; and
WHEREAS, The State of Illinois desires that the delegates to the convention shall be comprised equally from individuals currently elected to State and local office, or be selected by election in each Congressional district for the purpose of serving as delegates, though all individuals elected or appointed to federal office, now or in the past, be prohibited from serving as delegates to the Convention, and intends to retain the ability to restrict or expand the power of its delegates within the limits expressed above; and
WHEREAS, The State of Illinois intends that this be a continuing application, considered together with applications calling for a convention currently pending in the 188th Massachusetts legislature as S.1727 and H.3190, the 2013-2014 Vermont legislature as J.R.S. 27, and the 2013-2014 California legislature as AJR 1, and all other passed, pending, and future applications, the aforementioned concerns of Illinois notwithstanding until such time as two-thirds of the several states have applied for a Convention and that Convention is convened by Congress; therefore, be it
RESOLVED, BY THE SENATE OF THE NINETY-EIGHTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE HOUSE OF REPRESENTATIVES CONCURRING HEREFIN, that we, the legislature of the State of Illinois, hereby make application to the Congress, under the provisions of Article V of the Constitution of the United States, for the calling of a convention for proposing amendments; and be it further

PROPOSED AMENDMENT

OF THE ILLINOIS CONSTITUTION

November 4, 2014

EXPLANATION OF THE PROPOSED AMENDMENT
ARGUMENTS IN FAVOR OF THE AMENDMENT
ARGUMENTS AGAINST THE AMENDMENT
FORM OF BALLOT
To the Electors of the State of Illinois:

The purpose of a state constitution is to establish a structure for government and laws. There are three ways to initiate change to the Illinois Constitution: (1) a constitutional convention may propose changes to any part; (2) the General Assembly may propose changes to any part; or (3) a petition initiative may propose amendments limited to structural and procedural subjects contained in the Legislative Article. The people of Illinois must approve any changes to the Constitution before they become effective.
EXPLANATION

The Constitution sets forth substantial rights for crime victims. The proposed amendment expands certain current rights:

1) Victims are currently entitled to fairness and respect throughout the criminal justice process. The amendment would also provide that they shall be protected from harassment, intimidation and abuse.
2) Victims currently can make a statement to the court when a criminal defendant is sentenced to punishment. The amendment would allow a victim to be heard at any proceeding that involves the victim's rights, and any proceeding involving a plea agreement, release of the defendant or convicted individual, or sentencing.
3) Victims may obtain information about conviction, sentencing, imprisonment or release. The amendment would require prosecutors and the court to notify victims of those events before they happen.

The amendment would also grant additional rights to crime victims:

1) A victim would have a right to formal notice and a hearing before the court rules on any request for access to the victim's information which is privileged or confidential information.
2) A victim would have the right to have the judge consider the victim's safety and the safety of his or her family before deciding whether to release a criminal defendant, setting the amount of bail to be paid before release, or setting conditions of release after arrest or conviction.
3) The victim would have the right to assert his or her rights in any court with jurisdiction over the criminal case, but would not have the same rights as the prosecutor or the criminal defendant and the court could not appoint an attorney for the victim at taxpayer expense.

The proposed amendment would not alter the powers, duties or responsibilities of the prosecutor. Further, a criminal defendant would not be able to challenge his or her conviction on the basis of a failure to follow these provisions.

Arguments in Favor of the Proposed Amendment

Victims of violent crimes deserve stronger protections under the Constitution than are currently provided. Victims should not have to fear intimidation and harassment when they participate in the criminal justice process. Judges must consider a victim's safety when setting bail, deciding whether a criminal defendant should be released during his or her trial, or sentencing a convicted defendant.

Further, victims should also be allowed to object when a defendant or a defendant's attorney attempts to obtain information about the victim that is confidential or private, like the victim's mental health records or personal journals. A judge would still be able to require a victim to turn over those records or communications over to the court, but the amendment would allow the victim to object if he or she feels that a privacy violation would result.
A constitutional amendment is necessary because victims need the ability to enforce their rights. This amendment would provide that judges and prosecutors have a constitutional duty to keep the victim informed of developments in the case, and to allow the victim to participate when appropriate.

**Arguments Against the Proposed Amendment**

The proposed amendment would disrupt the criminal justice process and impede the work of prosecutors. Our criminal justice system tasks prosecutors, not victims, with punishing criminals and restoring justice after a crime is committed.

Victims and their attorneys may attempt to take over that important role, second-guessing prosecutors and objecting to decisions made by judges. Victims already have a right to be present and informed during the process, and Illinois already provides extensive rights to crime victims under the Rights of Crime Victims and Witnesses Act.

The proposed amendment threatens the rights of criminal defendants, both the guilty and the innocent. Our system gives criminal defendants the right to access information, documents and records that could prove their innocence; however, the amendment would give a victim the opportunity to prevent disclosure of certain materials or documents that might prove the defendant's innocence.

**FORM OF BALLOT**

Proposed Amendment to the 1970 Illinois Constitution

Explanation of Amendment

The proposed amendment makes changes to Section 8.1 of Article I of the Illinois Constitution, the Crime Victims' Bill of Rights. The proposed amendment would expand certain rights already granted to crime victims in Illinois, and give crime victims the ability to enforce their rights in a court of law. You are asked to decide whether the proposed amendment should become part of the Illinois Constitution.

**ILLINOIS CONSTITUTION VOTER DISCRIMINATION AMENDMENT**

*(House Joint Resolution No.102)*

WHEREAS, The 98th General Assembly of the State of Illinois has submitted House Joint Resolution Constitutional Amendment 52, a
proposition to amend the Illinois Constitution, to the voters of Illinois at the November 2014 general election; and

WHEREAS, The Illinois Constitution Amendment Act requires the General Assembly to prepare a brief explanation of the proposed amendment, a brief argument in favor of the amendment, a brief argument against the amendment, and the form in which the amendment will appear on the ballot, and also requires the information to be published and distributed to the electorate; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-EIGHTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE SENATE CONCURRING HEREIN, that the proposed form of new Section 8 of Article III shall be published as follows:

"ARTICLE III
SUFFRAGE AND ELECTIONS
SECTION 8. VOTER DISCRIMINATION

No person shall be denied the right to register to vote or to cast a ballot in an election based on race, color, ethnicity, status as a member of a language minority, national origin, religion, sex, sexual orientation, or income."

and be it further

RESOLVED, That a brief explanation of the proposed amendment, a brief argument in favor of the amendment, a brief argument against the amendment, and the form in which the amendment will appear on the ballot shall be published and distributed as follows:

PROPOSED AMENDMENT
TO ADD SECTION 8 TO ARTICLE III
OF THE ILLINOIS CONSTITUTION
That will be submitted to the voters
November 4, 2014
This pamphlet includes
EXPLANATION OF THE PROPOSED AMENDMENT
ARGUMENTS IN FAVOR OF THE AMENDMENT
ARGUMENTS AGAINST THE AMENDMENT
FORM OF BALLOT

To the Electors of the State of Illinois:

The purpose of a state constitution is to establish a structure for government and laws. There are three ways to initiate change to the Illinois Constitution: (1) a constitutional convention may propose changes to any part; (2) the General Assembly may propose changes to any part; or (3) a petition initiative may propose amendments limited to structural and procedural subjects contained in the Legislative Article. The people of Illinois must approve any changes to the Constitution before they become effective.

The proposed amendment adds a new section to the Suffrage and Elections Article of the Illinois Constitution. The section would ensure no person could be denied the right to register to vote or cast a ballot based on his or her race, color, ethnicity, status as a member of a language minority,
national origin, religion, sex, sexual orientation, or income. At the general
election to be held on November 4, 2014, you will be called upon to decide
whether the proposed amendment should become part of the Illinois
Constitution.

EXPLANATION
The proposed amendment would prohibit any law or procedure that
intentionally discriminates or has an unequal effect upon the right of a person
to register to vote or cast a ballot based on the voter's race, color, ethnicity,
status as a member of a language minority, national origin, religion, sex,
sexual orientation, or income.

The proposed amendment does not change the requirements for
voting. A voter must still be a citizen of the United States, a permanent
resident of Illinois for more than 30 days, and be 18 years of age.

Arguments In Favor of the Proposed Amendment
The proposed amendment is a demonstration that the people of
Illinois believe all eligible Illinois citizens have a fundamental right to vote,
and that laws and regulations that seek to prohibit eligible Illinois citizens
from voting in an election should not be tolerated in a civil society. Under the
amendment, any law or procedure that has a disparate impact upon the ability
of a person to register to vote or cast a ballot based on the voter's race, color,
ethnicity, status as a member of a language minority, national origin, religion,
sex, sexual orientation, or income would be subject to strict judicial scrutiny.

Arguments Against the Proposed Amendment
This amendment is not necessary. Many of these protections are
already provided by federal law. The proponents have not identified any
instances of voter discrimination in Illinois that would justify the creation of
a State cause of action. The proposed amendment will only serve to increase
litigation.

FORM OF BALLOT
Proposed Amendment to the 1970 Illinois Constitution

The proposed amendment adds a new section to the Suffrage and
Elections Article of the Illinois Constitution. The proposed amendment
would prohibit any law that disproportionately affects the rights of eligible
Illinois citizens to register to vote or cast a ballot based on the voter's race, color,
ethnicity, status as a member of a language minority, national origin, religion,
sex, sexual orientation, or income. You are asked to decide whether
the proposed amendment should become part of the Illinois Constitution.

JUVENILE JUSTICE COMMISSION RECORDS
(Senate Joint Resolution No. 79)

WHEREAS, Tens of thousands of youth who are arrested throughout this State each year are never subject to any formal proceedings in juvenile court; and

WHEREAS, Most juvenile arrests are reported by local law enforcement to the Illinois State Police, which is currently required to maintain juvenile arrest records regardless of whether a petition of delinquency is filed in juvenile court; and

WHEREAS, The process of expunging juvenile arrests that do not result in formal proceedings is currently complicated, burdensome, and underused by juvenile arrestees; and

2) The confidentiality of all records to actual or alleged violations of traffic, boating, or fish and game laws, or municipal or county ordinances by minors under 18 years of age;

3) The effect of private background check industry growth, including internet-based arrest publishing and removal companies, on juvenile records confidentiality and expungement;

4) The relationship between confidentiality and expungement and public safety; and

5) The impact of expungement on the lives and wellbeing of youth; and be it further

RESOLVED, That local law enforcement, county clerks, judges, prosecutors, defense attorneys, school officials, probation offices, diversion
program providers, background check providers, and prospective employers and other end-users of background information are encouraged to participate in this study as well as to review their own policies concerning juvenile record confidentiality; and be it further

RESOLVED, That the Illinois Juvenile Justice Commission is requested to submit the report by March 1, 2016 and to catalog the progress of expungement again on March 1, 2017 to the Governor and General Assembly with its recommendations and suggested statutory changes; and be it further
