Prior to the hearing, the State's Attorney shall consult with the Department as to the appropriateness of the relief sought in the petition to expunge or seal. At the hearing, the court shall hear evidence on whether the petition should or should not be granted, and shall grant or deny the petition to expunge or seal the records based on the evidence presented at the hearing. Sec. 110-5. Determining the amount of bail and conditions of release.
(a) In determining the amount of monetary bail or conditions of release, if any, which will reasonably assure the appearance of a defendant as required or the safety of any other person or the community and the likelihood of compliance by the defendant with all the conditions of bail, the court shall, on the basis of available information, take into account such matters as the nature and circumstances of the offense charged, whether the evidence shows that as part of the offense there was a use of violence or threatened use of violence, whether the offense involved corruption of public officials or employees, whether there was physical harm or threats of physical harm to any public official, public employee, judge, prosecutor, juror or witness, senior citizen, child or handicapped person, whether evidence shows that during the offense or during the arrest the defendant possessed or used a firearm, machine gun, explosive or metal piercing ammunition or explosive bomb device or any military or paramilitary armament, whether the evidence shows that the offense committed was related to or in furtherance of the criminal activities of an organized gang or was motivated by the defendant's membership in or allegiance to an organized gang, the condition of the victim, any written statement submitted by the victim or proffer or representation by the State regarding the impact which the alleged criminal conduct has had on the victim and the victim's concern, if any, with further contact with the defendant if released on bail, whether the offense was based on racial, religious, sexual orientation or ethnic hatred, the likelihood of the filing of a greater charge, the likelihood of conviction, the sentence applicable upon conviction, the weight of the evidence against such defendant, whether there exists motivation or ability to flee, whether there is any verification as to prior residence, education, or family ties in the local jurisdiction, in another county, state or foreign country, the defendant's employment, financial resources, character and mental condition, past conduct, prior use of alias names or dates of birth, and length of residence in the community, the consent of the defendant to periodic drug testing in accordance with Section 110-6.5, whether a foreign national defendant is lawfully admitted in the United States of America, whether the government of the foreign national maintains an extradition treaty with the United States by which the foreign government will extradite to the United States its national for a trial for a crime allegedly committed in the United States, whether the defendant is currently subject to deportation or exclusion under the immigration laws of the United States, whether the defendant, although a United States citizen, is considered under the law of any foreign state a national of that state for the...
purposes of extradition or non-extradition to the United States, the amount of unrecovered proceeds lost as a result of the alleged offense, the source of bail funds tendered or sought to be tendered for bail, whether from the totality of the court's consideration, the loss of funds posted or sought to be posted for bail will not deter the defendant from flight, whether the evidence shows that the defendant is engaged in significant possession, manufacture, or delivery of a controlled substance or cannabis, either individually or in consort with others, whether at the time of the offense charged he or she was on bond or pre-trial release pending trial, probation, periodic imprisonment or conditional discharge pursuant to this Code or the comparable Code of any other state or federal jurisdiction, whether the defendant is on bond or pre-trial release pending the imposition or execution of sentence or appeal of sentence for any offense under the laws of Illinois or any other state or federal jurisdiction, whether the defendant is under parole, aftercare release, mandatory supervised release, or work release from the Illinois Department of Corrections or Illinois Department of Juvenile Justice or any penal institution or corrections department of any state or federal jurisdiction, the defendant's record of convictions, whether the defendant has been convicted of a misdemeanor or ordinance offense in Illinois or similar offense in other state or federal jurisdiction within the 10 years preceding the current charge or convicted of a felony in Illinois, whether the defendant was convicted of an offense in another state or federal jurisdiction that would be a felony if committed in Illinois within the 20 years preceding the current charge or has been convicted of such felony and released from the penitentiary within 20 years preceding the current charge if a penitentiary sentence was imposed in Illinois or other state or federal jurisdiction, the defendant's records of juvenile adjudication of delinquency in any jurisdiction, any record of appearance or failure to appear by the defendant at court proceedings, whether there was flight to avoid arrest or prosecution, whether the defendant escaped or attempted to escape to avoid arrest, whether the defendant refused to identify himself or herself, or whether there was a refusal by the defendant to be fingerprinted as required by law. Information used by the court in its findings or stated in or offered in connection with this Section may be by way of proffer based upon reliable information offered by the State or defendant. All evidence shall be admissible if it is relevant and reliable regardless of whether it would be admissible under the rules of evidence applicable at criminal trials. If the State presents evidence that the offense committed by the defendant was related to or in furtherance of the criminal activities of an organized gang or was motivated by the defendant's membership in or

allegiance to an organized gang, and if the court determines that the evidence may be substantiated, the court shall prohibit the defendant from associating with other members of the organized gang as a condition of bail or release. For the purposes of this Section, "organized gang" has the meaning ascribed to it in Section 10 of the Illinois Streetgang Terrorism Omnibus Prevention Act.

(b) The amount of bail shall be:

"Street value" shall be determined by the court on the basis of a proffer by the State based upon reliable information of a law enforcement official contained in a written report as to the amount seized and such proffer may be used by the court as to the current street value of the smallest unit of the drug seized.

(b-5) Upon the filing of a written request demonstrating reasonable cause, the State's Attorney may request a source of bail hearing either before or after the posting of any funds. If the hearing is granted, before the posting of any bail, the accused must file a written notice requesting that the court conduct a source of bail hearing. The notice must be accompanied by justifying affidavits stating the legitimate and lawful source of funds for bail. At the hearing, the court shall inquire into any matters stated in any justifying affidavits, and may also inquire into matters appropriate to the determination which shall include, but are not limited to, the following:

The court shall, upon request of the State's Attorney, continue the proceedings for a reasonable period to allow the State's Attorney to investigate the matter raised in any testimony or affidavit. (10) whether the person has exhibited obsessive or controlling behaviors toward the alleged victim, including, but not limited to, stalking, surveillance, or isolation of the alleged victim or victim's family member or members;
(11) whether the person has expressed suicidal or homicidal ideations;
(12) based on any information contained in the complaint and any police reports, affidavits, or other documents accompanying the complaint, the court may, in its discretion, order the respondent to undergo a risk assessment evaluation using a recognized, evidence-based instrument conducted by an Illinois Department of Human Services approved partner abuse intervention program provider, pretrial service, probation, or parole agency. These agencies shall have access to summaries of the defendant's criminal history, which shall not include victim interviews or information, for the risk evaluation. Based on the information collected from the 12 points to be considered at a bail hearing under this subsection (f) for a violation of an order of protection, the results of any risk evaluation conducted and the other

circumstances of the violation, the court may order that the person, as a condition of bail, be placed under electronic surveillance as provided in Section 5-8A-7 of the Unified Code of Corrections. (C) failing either (A) or (B) of this paragraph (2), any other supporting information known to the law enforcement officer at the time of the request that gives rise to reasonable cause to believe the individual will commit a drug offense.

(3) Limitations on verbal approval. Each verbal approval by the State's Attorney under this subsection (q) shall be limited to:

(A) a recording or interception conducted by a specified law enforcement officer or person acting at the direction of a law enforcement officer;

(5) Compliance with the provisions of this subsection is a prerequisite to the admissibility in evidence of any part of the contents of any wire, electronic or oral communication that has been intercepted as a result of this exception, but nothing in this subsection shall be deemed to prevent a court from otherwise excluding the evidence on any other ground, nor shall anything in this subsection be deemed to prevent a court from independently reviewing the admissibility of the evidence for compliance with the Fourth Amendment to the U.S. Constitution or with Article I, Section 6 of the Illinois Constitution.

(6) Use of recordings or intercepts unrelated to drug offenses. Whenever any wire, electronic, or oral communication has been recorded or intercepted as a result of this exception that is not related to a drug offense or a forcible felony committed in the course of a drug offense, no part of the contents of the communication and evidence derived from the communication may be received in evidence in any trial, hearing, or other proceeding in or before any court, grand jury, department, officer, agency, regulatory body, legislative committee, or other authority of this State, or a political subdivision of the State, nor may it be publicly disclosed in any way.

Sec. 107A-2. Lineup procedure.
(a) All lineups shall be conducted using one of the following methods:
   (1) An independent administrator, unless it is not practical.
   (2) An automated computer program or other device that can
       automatically display a photo lineup to an eyewitness in a manner
       that prevents the lineup administrator from seeing which photograph
       or photographs the eyewitness is viewing until after the lineup is
       completed. The automated computer program may present the
       photographs to the eyewitness simultaneously or sequentially,
       consistent with the law enforcement agency guidelines required under
       subsection (b) of this Section.

(b) Each law enforcement agency shall adopt written guidelines
setting forth when, if at all, simultaneous lineups shall be conducted and
when, if at all, sequential lineups shall be conducted. This subsection does
not establish a preference for whether a law enforcement agency should
conduct simultaneous lineups or sequential lineups. Whether and when to
conduct simultaneous lineups or sequential lineups is at the discretion of
each law enforcement agency. If, after the effective date of this amendatory

more accurate results than simultaneous or sequential lineups, a law enforcement agency may adopt written guidelines setting forth when, if at all, this different method of conducting lineups shall be used and, when feasible, the provisions of subsection (d) of this Section shall apply to the use of these methods.

(c) On and after the effective date of this amendatory Act of the 98th General Assembly, there is no preference as to whether a law enforcement agency conducts a live lineup or a photo lineup and to the extent that the common law directs otherwise, this direction is abrogated.

(d) If a lineup administrator conducts a sequential lineup, the following shall apply:

(1) Solely at the eyewitness's request, the lineup administrator may present a person or photograph to the eyewitness an additional time but only after the eyewitness has first viewed each person or photograph one time.

(2) If the eyewitness identifies a person as a perpetrator, the lineup administrator shall continue to sequentially present the remaining persons or photographs to the eyewitness until the eyewitness has viewed each person or photograph.

(e) Before a lineup is conducted:

(1) The eyewitness shall be instructed that:

(A) if recording the lineup is practical, an audio and video recording of the lineup will be made for the purpose of accurately documenting all statements made by the eyewitness, unless the eyewitness refuses to the recording of the lineup, and that if a recording is made it will be of the persons in the lineup and the eyewitness;

(B) the perpetrator may or may not be presented in the lineup;

(C) if an independent administrator is conducting the lineup, the independent administrator does not know the suspected perpetrator's identity or if the administrator conducting the lineup is not an independent administrator, the eyewitness should not assume that the lineup administrator knows which person in the lineup is the suspect;

(D) the eyewitness should not feel compelled to make an identification;

(E) it is as important to exclude innocent persons as it is to identify a perpetrator; and
(F) the investigation will continue whether or not an identification is made.

(2) The eyewitness shall acknowledge in writing the receipt of the instructions required under this subsection and, if applicable, the refusal to be recorded. If the eyewitness refuses to sign the acknowledgement, the lineup administrator shall note the refusal of the eyewitness to sign the acknowledgement and shall also sign the acknowledgement.

(f) In conducting a lineup:

(1) When practicable, the lineup administrator shall separate all eyewitnesses in order to prevent the eyewitnesses from conferring with one another before and during the lineup procedure. If separating the eyewitnesses is not practicable, the lineup administrator shall ensure that all eyewitnesses are monitored and that they do not confer with one another while waiting to view the lineup and during the lineup.

(2) Each eyewitness shall perform the identification procedures without any other eyewitness present. Each eyewitness shall be given instructions regarding the identification procedures without other eyewitnesses present.

(3) The lineup shall be composed to ensure that the suspected perpetrator does not unduly stand out from the fillers. In addition:

(A) Only one suspected perpetrator shall be included in a lineup.

(B) The suspected perpetrator shall not be substantially different in appearance from the fillers based on the eyewitness's previous description of the perpetrator or based on other factors that would draw attention to the suspected perpetrator.

(C) At least 5 fillers shall be included in a photo lineup, in addition to the suspected perpetrator.

(D) When practicable, at least 5 fillers shall be included in a live lineup, in addition to the suspected perpetrator, but in no event shall there be less than 3 fillers in addition to the suspected perpetrator.

(E) If the eyewitness has previously viewed a photo lineup or live lineup in connection with the identification of New matter indicated by italics - deletions by strikeout
another person suspected of involvement in the offense, the fillers in the lineup in which the current suspected perpetrator participates shall be different from the fillers used in the prior lineups.

(4) If there are multiple eyewitnesses, subject to the requirements in subsection (a) of this Section and to the extent possible, the suspected perpetrator shall be placed in a different position in the lineup or photo array for each eyewitness.

(5) Nothing shall be communicated to the eyewitness regarding the suspected perpetrator's position in the lineup or regarding anything that may influence the eyewitness's identification.

(6) No writings or information concerning any previous arrest, indictment, or conviction of the suspected perpetrator shall be visible or made known to the eyewitness.

(7) If a photo lineup, the photograph of the suspected perpetrator shall be contemporary in relation to the photographs of the fillers and, to the extent practicable, shall resemble the suspected perpetrator's appearance at the time of the offense.

(8) If a live lineup, any identifying actions, such as speech, gestures, or other movements, shall be performed by all lineup participants.

(9) If a live lineup, all lineup participants must be out of view of the eyewitness prior to the lineup.

(10) The lineup administrator shall obtain and document any and all statements made by the eyewitness during the lineup as to the perpetrator's identity. When practicable, an audio or video recording of the statements shall be made.

(11) If the eyewitness identifies a person as the perpetrator, the eyewitness shall not be provided any information concerning the person until after the lineup is completed.

(12) Unless otherwise allowed under subsection (a) of this Section, there shall not be anyone present during a lineup who knows the suspected perpetrator's identity, except the eyewitness and suspected perpetrator's counsel if required by law.

(g) The lineup administrator shall make an official report of all lineups, which shall include all of the following information:

(1) All identification and non-identification results obtained during the lineup, signed by the eyewitness, including any and all statements made by the eyewitness during the lineup as to the

New matter indicated by italics - deletions by strikeout
perpetrator's identity as required under paragraph (10) of subsection (f) of this Section. If the eyewitness refuses to sign, the lineup administrator shall note the refusal of the eyewitness to sign the results and shall also sign the notation.

(2) The names of all persons who viewed the lineup.

(3) The names of all law enforcement officers and counsel present during the lineup.

(4) The date, time, and location of the lineup.

(5) Whether it was a photo lineup or live lineup and how many persons or photographs were presented in the lineup.

(6) The sources of all persons or photographs used as fillers in the lineup.

(7) In a photo lineup, the actual photographs shown to the eyewitness.

(8) In a live lineup, a photograph or other visual recording of the lineup that includes all persons who participated in the lineup.

(9) If applicable, the eyewitness's refusal to be recorded.

(10) If applicable, the reason for any impracticability in strict compliance with this Section.

(h) Unless it is not practical or the eyewitness refuses, a video record of all lineup procedures shall be made.

(1) If a video record is not practical or the eyewitness refuses to allow a video record to be made:

(A) the reasons or the refusal shall be documented in the official report required under subsection (g) of this Section;

(B) an audio record shall be made, if practical; and

(C) if a live lineup, the lineup shall be photographed.

(2) If an audio record is not practical, the reasons shall be documented in the official report required under subsection (g) of this Section.

(i) The photographs, recordings, and the official report of the lineup required by this Section shall be disclosed to counsel for the accused as provided by the Illinois Supreme Court Rules regarding discovery. All photographs of suspected perpetrators shown to an eyewitness during a lineup shall be disclosed to counsel for the accused as provided by the Illinois Supreme Court Rules regarding discovery. To protect the identity of the eyewitness and the identities of law enforcement officers used as fillers in the lineup from being disclosed to third parties, the State's Attorney shall

petition the court for a protective order under Supreme Court Rule 415 upon disclosure of the photographs or recordings to the counsel of the accused.

(j) All of the following shall be available as consequences of compliance or noncompliance with the requirements of this Section:

(1) Failure to comply with any of the requirements of this Section shall be a factor to be considered by the court in adjudicating a motion to suppress an eyewitness identification or any other motion to bar an eyewitness identification. These motions shall be in writing and state facts showing how the identification procedure was improper. This paragraph (1) makes no change to existing applicable common law or statutory standards or burdens of proof.

(2) When warranted by the evidence presented at trial, the jury shall be instructed that it may consider all the facts and circumstances including compliance or noncompliance with this Section to assist in its weighing of the identification testimony of an eyewitness.

(k) Any electronic recording made during a lineup that is compiled by any law enforcement agency as required by this Section for the purposes of fulfilling the requirements of this Section shall be confidential and exempt from public inspection and copying, as provided under Section 7 of the Freedom of Information Act, and the recording shall not be transmitted to any person except as necessary to comply with this Section.

PUBLIC ACT 98-1015

(AN ACT concerning transportation.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Vehicle Code is amended by changing Sections 6-206.1 and 6-208.1 as follows:

(625 ILCS 5/6-206.1) (from Ch. 95 1/2, par. 6-206.1)

New matter indicated by italics - deletions by strikeout
Sec. 6-206.1. Monitoring Device Driving Permit. Declaration of Policy. It is hereby declared a policy of the State of Illinois that the driver who is impaired by alcohol, other drug or drugs, or intoxicating compound or compounds is a threat to the public safety and welfare. Therefore, to provide a deterrent to such practice, a statutory summary driver's license suspension is appropriate. It is also recognized that driving is a privilege and therefore, that the granting of driving privileges, in a manner consistent with public safety, is warranted during the period of suspension in the form of a monitoring device driving permit. A person who drives and fails to comply with the requirements of the monitoring device driving permit commits a violation of Section 6-303 of this Code.

The following procedures shall apply whenever a first offender, as defined in Section 11-500 of this Code, is arrested for any offense as defined in Section 11-501 or a similar provision of a local ordinance and is subject to the provisions of Section 11-501.1:

(a) Upon mailing of the notice of suspension of driving privileges as provided in subsection (h) of Section 11-501.1 of this Code, the Secretary shall also send written notice informing the person that he or she will be issued a monitoring device driving permit (MDDP). The notice shall include, at minimum, information summarizing the procedure to be followed for issuance of the MDDP, installation of the breath alcohol ignition installation device (BAIID), as provided in this Section, exemption from BAIID installation requirements, and procedures to be followed by those seeking indigent status, as provided in this Section. The notice shall also include information summarizing the procedure to be followed if the person wishes to decline issuance of the MDDP. A copy of the notice shall also be sent to the court of venue together with the notice of suspension of driving privileges, as provided in subsection (h) of Section 11-501. However, a MDDP shall not be issued if the Secretary finds that:

1. The offender's driver's license is otherwise invalid;
2. Death or great bodily harm to another resulted from the arrest for Section 11-501;
3. The offender has been previously convicted of reckless homicide or aggravated driving under the influence involving death;
4. The offender is less than 18 years of age; or
5. The offender is a qualifying patient licensed under the Compassionate Use of Medical Cannabis Pilot Program Act who is in possession of a valid registry card issued under that Act and refused to submit to standardized field sobriety tests as required by
subsection (a-5) of Section 11-501.1 or did submit to testing and failed the test or tests.

Any offender participating in the MDDP program must pay the Secretary a MDDP Administration Fee in an amount not to exceed $30 per month, to be deposited into the Monitoring Device Driving Permit Administration Fee Fund. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees. The offender must have an ignition interlock device installed within 14 days of the date the Secretary issues the MDDP. The ignition interlock device provider must notify the Secretary, in a manner and form prescribed by the Secretary, of the installation. If the Secretary does not receive notice of installation, the Secretary shall cancel the MDDP.

A MDDP shall not become effective prior to the 31st day of the original statutory summary suspension.

Upon receipt of the notice, as provided in paragraph (a) of this Section, the person may file a petition to decline issuance of the MDDP with the court of venue. The court shall admonish the offender of all consequences of declining issuance of the MDDP including, but not limited to, the enhanced penalties for driving while suspended. After being so admonished, the offender shall be permitted, in writing, to execute a notice declining issuance of the MDDP. This notice shall be filed with the court and forwarded by the clerk of the court to the Secretary. The offender may, at any time thereafter, apply to the Secretary for issuance of a MDDP.

(a-1) A person issued a MDDP may drive for any purpose and at any time, subject to the rules adopted by the Secretary under subsection (g). The person must, at his or her own expense, drive only vehicles equipped with an ignition interlock device as defined in Section 1-129.1, but in no event shall such person drive a commercial motor vehicle.

(a-2) Persons who are issued a MDDP and must drive employer-owned vehicles in the course of their employment duties may seek permission to drive an employer-owned vehicle that does not have an ignition interlock device. The employer shall provide to the Secretary a form, as prescribed by the Secretary, completed by the employer verifying that the employee must drive an employer-owned vehicle in the course of employment. If approved by the Secretary, the form must be in the driver’s possession while operating an employer-owner vehicle not equipped with an ignition interlock device. No person may use this exemption to drive a school bus, school vehicle, or a vehicle designed to transport more than 15 passengers. No person may use this exemption to drive an employer-owned motor vehicle that is owned by

New matter indicated by italics - deletions by strikeout
an entity that is wholly or partially owned by the person holding the MDDP, or by a family member of the person holding the MDDP. No person may use this exemption to drive an employer-owned vehicle that is made available to the employee for personal use. No person may drive the exempted vehicle more than 12 hours per day, 6 days per week.

(a-3) Persons who are issued a MDDP and who must drive a farm tractor to and from a farm, within 50 air miles from the originating farm are exempt from installation of a BAIID on the farm tractor, so long as the farm tractor is being used for the exclusive purpose of conducting farm operations.

(b) (Blank).

(c) (Blank).

(c-1) If the holder of the MDDP is convicted of or receives court supervision for a violation of Section 6-206.2, 6-303, 11-204, 11-204.1, 11-401, 11-501, 11-503, 11-506 or a similar provision of a local ordinance or a similar out-of-state offense or is convicted of or receives court supervision for any offense for which alcohol or drugs is an element of the offense and in which a motor vehicle was involved (for an arrest other than the one for which the MDDP is issued), or de-installs the BAIID without prior authorization from the Secretary, the MDDP shall be cancelled.

(c-5) If the Secretary determines that the person seeking the MDDP is indigent, the Secretary shall provide the person with a written document as evidence of that determination, and the person shall provide that written document to an ignition interlock device provider. The provider shall install an ignition interlock device on that person's vehicle without charge to the person, and seek reimbursement from the Indigent BAIID Fund. If the Secretary has deemed an offender indigent, the BAIID provider shall also provide the normal monthly monitoring services and the de-installation without charge to the offender and seek reimbursement from the Indigent BAIID Fund. Any other monetary charges, such as a lockout fee or reset fee, shall be the responsibility of the MDDP holder. A BAIID provider may not seek a security deposit from the Indigent BAIID Fund.

(d) MDDP information shall be available only to the courts, police officers, and the Secretary, except during the actual period the MDDP is valid, during which time it shall be a public record.

(e) (Blank).

(f) (Blank).

(g) The Secretary shall adopt rules for implementing this Section. The rules adopted shall address issues including, but not limited to: compliance with the requirements of the MDDP; methods for determining compliance

New matter indicated by italics - deletions by strikeout
with those requirements; the consequences of noncompliance with those requirements; what constitutes a violation of the MDDP; methods for determining indigency; and the duties of a person or entity that supplies the ignition interlock device.

(h) The rules adopted under subsection (g) shall provide, at a minimum, that the person is not in compliance with the requirements of the MDDP if he or she:

1. tampers or attempts to tamper with or circumvent the proper operation of the ignition interlock device;
2. provides valid breath samples that register blood alcohol levels in excess of the number of times allowed under the rules;
3. fails to provide evidence sufficient to satisfy the Secretary that the ignition interlock device has been installed in the designated vehicle or vehicles; or
4. fails to follow any other applicable rules adopted by the Secretary.

(i) Any person or entity that supplies an ignition interlock device as provided under this Section shall, in addition to supplying only those devices which fully comply with all the rules adopted under subsection (g), provide the Secretary, within 7 days of inspection, all monitoring reports of each person who has had an ignition interlock device installed. These reports shall be furnished in a manner or form as prescribed by the Secretary.

(j) Upon making a determination that a violation of the requirements of the MDDP has occurred, the Secretary shall extend the summary suspension period for an additional 3 months beyond the originally imposed summary suspension period, during which time the person shall only be allowed to drive vehicles equipped with an ignition interlock device; provided further there are no limitations on the total number of times the summary suspension may be extended. The Secretary may, however, limit the number of extensions imposed for violations occurring during any one monitoring period, as set forth by rule. Any person whose summary suspension is extended pursuant to this Section shall have the right to contest the extension through a hearing with the Secretary, pursuant to Section 2-118 of this Code. If the summary suspension has already terminated prior to the Secretary receiving the monitoring report that shows a violation, the Secretary shall be authorized to suspend the person's driving privileges for 3 months, provided that the Secretary may, by rule, limit the number of suspensions to be entered pursuant to this paragraph for violations occurring during any one monitoring period. Any person whose license is suspended pursuant to this

New matter indicated by italics - deletions by strikeout
paragraph, after the summary suspension had already terminated, shall have the right to contest the suspension through a hearing with the Secretary, pursuant to Section 2-118 of this Code. The only permit the person shall be eligible for during this new suspension period is a MDDP.

(k) A person who has had his or her summary suspension extended for the third time, or has any combination of 3 extensions and new suspensions, entered as a result of a violation that occurred while holding the MDDP, so long as the extensions and new suspensions relate to the same summary suspension, shall have his or her vehicle impounded for a period of 30 days, at the person's own expense. A person who has his or her summary suspension extended for the fourth time, or has any combination of 4 extensions and new suspensions, entered as a result of a violation that occurred while holding the MDDP, so long as the extensions and new suspensions relate to the same summary suspension, shall have his or her vehicle subject to seizure and forfeiture. The Secretary shall notify the prosecuting authority of any third or fourth extensions or new suspension entered as a result of a violation that occurred while the person held a MDDP. Upon receipt of the notification, the prosecuting authority shall impound or forfeit the vehicle. The impoundment or forfeiture of a vehicle shall be conducted pursuant to the procedure specified in Article 36 of the Criminal Code of 2012.

(l) A person whose driving privileges have been suspended under Section 11-501.1 of this Code and who had a MDDP that was cancelled, or would have been cancelled had notification of a violation been received prior to expiration of the MDDP, pursuant to subsection (c-1) of this Section, shall not be eligible for reinstatement when the summary suspension is scheduled to terminate. Instead, the person's driving privileges shall be suspended for a period of not less than twice the original summary suspension period, or for the length of any extensions entered under subsection (j), whichever is longer. During the period of suspension, the person shall be eligible only to apply for a restricted driving permit. If a restricted driving permit is granted, the offender may only operate vehicles equipped with a BAIID in accordance with this Section.

(m) Any person or entity that supplies an ignition interlock device under this Section shall, for each ignition interlock device installed, pay 5% of the total gross revenue received for the device, including monthly monitoring fees, into the Indigent BAIID Fund. This 5% shall be clearly indicated as a separate surcharge on each invoice that is issued. The Secretary shall conduct an annual review of the fund to determine whether the

New matter indicated by italics - deletions by strikeout
surcharge is sufficient to provide for indigent users. The Secretary may increase or decrease this surcharge requirement as needed.

(n) Any person or entity that supplies an ignition interlock device under this Section that is requested to provide an ignition interlock device to a person who presents written documentation of indigency from the Secretary, as provided in subsection (c-5) of this Section, shall install the device on the person's vehicle without charge to the person and shall seek reimbursement from the Indigent BAIID Fund.

(o) The Indigent BAIID Fund is created as a special fund in the State treasury. The Secretary shall, subject to appropriation by the General Assembly, use all money in the Indigent BAIID Fund to reimburse ignition interlock device providers who have installed devices in vehicles of indigent persons. The Secretary shall make payments to such providers every 3 months. If the amount of money in the fund at the time payments are made is not sufficient to pay all requests for reimbursement submitted during that 3 month period, the Secretary shall make payments on a pro-rata basis, and those payments shall be considered payment in full for the requests submitted.

(p) The Monitoring Device Driving Permit Administration Fee Fund is created as a special fund in the State treasury. The Secretary shall, subject to appropriation by the General Assembly, use the money paid into this fund to offset its administrative costs for administering MDDPs.

(q) The Secretary is authorized to prescribe such forms as it deems necessary to carry out the provisions of this Section.

Section 5. The Clerks of Courts Act is amended by changing Section 27.3a as follows:

(705 ILCS 105/27.3a)
(Text of Section after amendment by P.A. 98-606)
Sec. 27.3a. Fees for automated record keeping, probation and court services operations, and State and Conservation Police operations.

Such fee shall be paid at the time of filing the first pleading, paper or other appearance filed by each party in all civil cases or by the defendant in any felony, traffic, misdemeanor, municipal ordinance, or conservation case upon a judgment of guilty or grant of supervision, provided that the record keeping system which processes the case category for which the fee is charged is automated or has been approved for automation by the county board, and provided further that no additional fee shall be required if more than one party is presented in a single pleading, paper or other appearance. This additional fee shall be paid by the defendant in any felony, traffic, misdemeanor, local ordinance, or conservation case upon a judgment of guilty or grant of supervision, except such $10 operations fee shall not be charged and collected in cases governed by Supreme Court Rule 529 in which the bail amount is $120 or less.

This additional fee shall be paid by the defendant in any felony, traffic, misdemeanor, or local ordinance case upon a judgment of guilty or grant of supervision. This fee shall not be paid by the defendant for any violation listed in subsection 1.6 of this Section.

2. With respect to the fee imposed under subsection 1 of this Section, each clerk shall commence such charges and collections upon receipt of written notice from the chairman of the county board together with a certified copy of the board's resolution, which the clerk shall file of record in his office.

3. With respect to the fee imposed under subsection 1 of this Section, such fees shall be in addition to all other fees and charges of such clerks, and assessable as costs, and may be waived only if the judge specifically provides for the waiver of the court automation fee. The fees shall be remitted monthly by such clerk to the county treasurer, to be retained by him in a special fund designated as the court automation fund. The fund shall be audited by the county auditor, and the board shall make expenditure from the fund in payment of any cost related to the automation of court records, including hardware, software, research and development costs and personnel related thereto, provided that the expenditure is approved by the clerk of the court and by the chief judge of the circuit court or his designate.

PUBLIC ACT 98-1017
(House Bill No. 4745)

AN ACT concerning liquor.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Liquor Control Act of 1934 is amended by changing Section 6-16 as follows:
(235 ILCS 5/6-16) (from Ch. 43, par. 131)
Sec. 6-16. Prohibited sales and possession.
(a) (i) No licensee nor any officer, associate, member, representative, agent, or employee of such licensee shall sell, give, or deliver alcoholic liquor to any person under the age of 21 years or to any intoxicated person, except as provided in Section 6-16.1. (ii) No express company, common carrier, or contract carrier nor any representative, agent, or employee on behalf of an express company, common carrier, or contract carrier that carries or transports alcoholic liquor for delivery within this State shall knowingly give or knowingly deliver to a residential address any shipping container clearly labeled as containing alcoholic liquor and labeled as requiring signature of an adult of at least 21 years of age to any person in this State under the age of 21 years. An express company, common carrier, or contract carrier that carries or transports such alcoholic liquor for delivery within this State shall obtain a signature at the time of delivery acknowledging receipt of the alcoholic liquor by an adult who is at least 21 years of age. At no time while delivering alcoholic beverages within this State may any representative, agent, or employee of an express company, common carrier, or contract carrier that carries or transports alcoholic liquor for delivery within this State deliver the alcoholic liquor to a residential address without the acknowledgment of the consignee and without first obtaining a signature at the time of the delivery

by an adult who is at least 21 years of age. A signature of a person on file with the express company, common carrier, or contract carrier does not constitute acknowledgement of the consignee. Any express company, common carrier, or contract carrier that transports alcoholic liquor for delivery within this State that violates this item (ii) of this subsection (a) by delivering alcoholic liquor without the acknowledgement of the consignee and without first obtaining a signature at the time of the delivery by an adult who is at least 21 years of age is guilty of a business offense for which the express company, common carrier, or contract carrier that transports alcoholic liquor within this State shall be fined not more than $1,001 for a first offense, not more than $5,000 for a second offense, and not more than $10,000 for a third or subsequent offense. An express company, common carrier, or contract carrier shall be held vicariously liable for the actions of its representatives, agents, or employees. For purposes of this Act, in addition to other methods authorized by law, an express company, common carrier, or contract carrier shall be considered served with process when a representative, agent, or employee alleged to have violated this Act is personally served. Each shipment of alcoholic liquor delivered in violation of this item (ii) of this subsection (a) constitutes a separate offense. (iii) No person, after purchasing or otherwise obtaining alcoholic liquor, shall sell, give, or deliver such alcoholic liquor to another person under the age of 21 years, except in the performance of a religious ceremony or service. Except as otherwise provided in item (ii), any express company, common carrier, or contract carrier that transports alcoholic liquor within this State that violates the provisions of item (i), (ii), or (iii) of this paragraph of this subsection (a) is guilty of a Class A misdemeanor and the sentence shall include, but shall not be limited to, a fine of not less than $500. Any person who violates the provisions of item (iii) of this paragraph of this subsection (a) is guilty of a Class 4 felony if a death occurs as the result of the violation.

If a licensee or officer, associate, member, representative, agent, or employee of the licensee, or a representative, agent, or employee of an express company, common carrier, or contract carrier that carries or transports alcoholic liquor for delivery within this State, is prosecuted under this paragraph of this subsection (a) for selling, giving, or delivering alcoholic liquor to a person under the age of 21 years, the person under 21 years of age

New matter indicated by italics - deletions by strikeout
who attempted to buy or receive the alcoholic liquor may be prosecuted pursuant to Section 6-20 of this Act, unless the person under 21 years of age was acting under the authority of a law enforcement agency, the Illinois Liquor Control Commission, or a local liquor control commissioner pursuant to a plan or action to investigate, patrol, or conduct any similar enforcement action.

For the purpose of preventing the violation of this Section, any licensee, or his agent or employee, or a representative, agent, or employee of an express company, common carrier, or contract carrier that carries or transports alcoholic liquor for delivery within this State, shall refuse to sell, deliver, or serve alcoholic beverages to any person who is unable to produce adequate written evidence of identity and of the fact that he or she is over the age of 21 years, if requested by the licensee, agent, employee, or representative.

Adequate written evidence of age and identity of the person is a document issued by a federal, state, county, or municipal government, or subdivision or agency thereof, including, but not limited to, a motor vehicle operator's license, a registration certificate issued under the Federal Selective Service Act, or an identification card issued to a member of the Armed Forces. Proof that the defendant-licensee, or his employee or agent, or the representative, agent, or employee of the express company, common carrier, or contract carrier that carries or transports alcoholic liquor for delivery within this State demanded, was shown and reasonably relied upon such written evidence in any transaction forbidden by this Section is an affirmative defense in any criminal prosecution therefor or to any proceedings for the suspension or revocation of any license based thereon. It shall not, however, be an affirmative defense if the agent or employee accepted the written evidence knowing it to be false or fraudulent. If a false or fraudulent Illinois driver's license or Illinois identification card is presented by a person less than 21 years of age to a licensee or the licensee's agent or employee for the purpose of ordering, purchasing, attempting to purchase, or otherwise obtaining or attempting to obtain the serving of any alcoholic beverage, the law enforcement officer or agency investigating the incident shall, upon the conviction of the person who presented the fraudulent license or identification, make a report of the matter to the Secretary of State on a form provided by the Secretary of State.

However, no agent or employee of the licensee or employee of an express company, common carrier, or contract carrier that carries or transports alcoholic liquor for delivery within this State shall be disciplined

or discharged for selling or furnishing liquor to a person under 21 years of age if the agent or employee demanded and was shown, before furnishing liquor to a person under 21 years of age, adequate written evidence of age and identity of the person issued by a federal, state, county or municipal government, or subdivision or agency thereof, including but not limited to a motor vehicle operator's license, a registration certificate issued under the Federal Selective Service Act, or an identification card issued to a member of the Armed Forces. This paragraph, however, shall not apply if the agent or employee accepted the written evidence knowing it to be false or fraudulent.

Any person who sells, gives, or furnishes to any person under the age of 21 years any false or fraudulent written, printed, or photostatic evidence of the age and identity of such person or who sells, gives or furnishes to any person under the age of 21 years evidence of age and identification of any other person is guilty of a Class A misdemeanor and the person's sentence shall include, but shall not be limited to, a fine of not less than $500.

Any person under the age of 21 years who presents or offers to any licensee, his agent or employee, any written, printed or photostatic evidence of age and identity that is false, fraudulent, or not actually his or her own for the purpose of ordering, purchasing, attempting to purchase or otherwise procuring or attempting to procure, the serving of any alcoholic beverage, who falsely states in writing that he or she is at least 21 years of age when receiving alcoholic liquor from a representative, agent, or employee of an express company, common carrier, or contract carrier, or who has in his or her possession any false or fraudulent written, printed, or photostatic evidence of age and identity, is guilty of a Class A misdemeanor and the person's sentence shall include, but shall not be limited to, the following: a fine of not less than $500 and at least 25 hours of community service. If possible, any community service shall be performed for an alcohol abuse prevention program.

Any person under the age of 21 years who has any alcoholic beverage in his or her possession on any street or highway or in any public place or in any place open to the public is guilty of a Class A misdemeanor. This Section does not apply to possession by a person under the age of 21 years making a delivery of an alcoholic beverage in pursuance of the order of his or her parent or in pursuance of his or her employment.

(a-1) It is unlawful for any parent or guardian to knowingly permit his or her residence, or any other private property under his or her control, or any vehicle, conveyance, or watercraft under his or her control to be used by an invitee of the parent's child or the guardian's ward, if the invitee is under the

age of 21, in a manner that constitutes a violation of this Section. A parent or guardian is deemed to have knowingly permitted his or her residence, or any other private property under his or her control, or any vehicle, conveyance, or watercraft under his or her control to be used in violation of this Section if he or she knowingly authorizes or permits consumption of alcoholic liquor by underage invitees. Any person who violates this subsection (a-1) is guilty of a Class A misdemeanor and the person’s sentence shall include, but shall not be limited to, a fine of not less than $500. Where a violation of this subsection (a-1) directly or indirectly results in great bodily harm or death to any person, the person violating this subsection shall be guilty of a Class 4 felony. Nothing in this subsection (a-1) shall be construed to prohibit the giving of alcoholic liquor to a person under the age of 21 years in the performance of a religious ceremony or service in observation of a religious holiday.

For the purposes of this subsection (a-1) where the residence or other property has an owner and a tenant or lessee, the trier of fact may infer that the residence or other property is occupied only by the tenant or lessee.

(b) Except as otherwise provided in this Section whoever violates this Section shall, in addition to other penalties provided for in this Act, be guilty of a Class A misdemeanor.

(c) Any person shall be guilty of a Class A misdemeanor where he or she knowingly authorizes or permits a residence which he or she occupies to be used by an invitee under 21 years of age and:

1. the person occupying the residence knows that any such person under the age of 21 is in possession of or is consuming any alcoholic beverage; and
2. the possession or consumption of the alcohol by the person under 21 is not otherwise permitted by this Act.

For the purposes of this subsection (c) where the residence has an owner and a tenant or lessee, the trier of fact may infer there is a rebuttable presumption that the residence is occupied only by the tenant or lessee. The sentence of any person who violates this subsection (c) shall include, but shall not be limited to, a fine of not less than $500. Where a violation of this subsection (c) directly or indirectly results in great bodily harm or death to any person, the person violating this subsection (c) shall be guilty of a Class 4 felony. Nothing in this subsection (c) shall be construed to prohibit the giving of alcoholic liquor to a person under the age of 21 years in the performance of a religious ceremony or service in observation of a religious holiday.

A person shall not be in violation of this subsection (c) if (A) he or she requests assistance from the police department or other law enforcement agency to either (i) remove any person who refuses to abide by the person's performance of the duties imposed by this subsection (c) or (ii) terminate the activity because the person has been unable to prevent a person under the age of 21 years from consuming alcohol despite having taken all reasonable steps to do so and (B) this assistance is requested before any other person makes a formal complaint to the police department or other law enforcement agency about the activity.

(d) Any person who rents a hotel or motel room from the proprietor or agent thereof for the purpose of or with the knowledge that such room shall be used for the consumption of alcoholic liquor by persons under the age of 21 years shall be guilty of a Class A misdemeanor.

(e) Except as otherwise provided in this Act, any person who has alcoholic liquor in his or her possession on public school district property on school days or at events on public school district property when children are present is guilty of a petty offense, unless the alcoholic liquor (i) is in the original container with the seal unbroken and is in the possession of a person who is not otherwise legally prohibited from possessing the alcoholic liquor or (ii) is in the possession of a person in or for the performance of a religious service or ceremony authorized by the school board.

PUBLIC ACT 98-1018
(House Bill No. 4769)

AN ACT concerning finance.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Public Construction Bond Act is amended by changing Section 1 as follows:
(30 ILCS 550/1) (from Ch. 29, par. 15)
Sec. 1. Except as otherwise provided by this Act, all officials, boards, commissions, or agents of this State, or of any political subdivision thereof, in making contracts for public work of any kind costing over $50,000 to be performed for the State, or of any political subdivision thereof, shall require
every contractor for the work to furnish, supply and deliver a bond to the State, or to the political subdivision thereof entering into the contract, as the case may be, with good and sufficient sureties. The surety on the bond shall be a company that is licensed by the Department of Insurance authorizing it to execute surety bonds and the company shall have a financial strength rating of at least A- as rated by A.M. Best Company, Inc., Moody's Investors Service, Standard & Poor's Corporation, or a similar rating agency. The amount of the bond shall be fixed by the officials, boards, commissions, commissioners or agents, and the bond, among other conditions, shall be conditioned for the completion of the contract, for the payment of material used in the work and for all labor performed in the work, whether by subcontractor or otherwise.

If the contract is for emergency repairs as provided in the Illinois Procurement Code, proof of payment for all labor, materials, apparatus, fixtures, and machinery may be furnished in lieu of the bond required by this Section.

Each such bond is deemed to contain the following provisions whether such provisions are inserted in such bond or not:

"The principal and sureties on this bond agree that all the undertakings, covenants, terms, conditions and agreements of the contract or contracts entered into between the principal and the State or any political subdivision thereof will be performed and fulfilled and to pay all persons, firms and corporations having contracts with the principal or with subcontractors, all just claims due them under the provisions of such contracts for labor performed or materials furnished in the performance of the contract on account of which this bond is given, when such claims are not satisfied out of the contract price of the contract on account of which this bond is given, after final settlement between the officer, board, commission or agent of the State or of any political subdivision thereof and the principal has been made."

Each bond securing contracts between the Capital Development Board or any board of a public institution of higher education and a contractor shall contain the following provisions, whether the provisions are inserted in the bond or not:

"Upon the default of the principal with respect to undertakings, covenants, terms, conditions, and agreements, the termination of the contractor's right to proceed with the work, and written notice of that default and termination by the State or any political subdivision to the surety..."
("Notice"), the surety shall promptly remedy the default by taking one of the following actions:

(1) The surety shall complete the work pursuant to a written takeover agreement, using a completing contractor jointly selected by the surety and the State or any political subdivision; or

(2) The surety shall pay a sum of money to the obligee, up to the penal sum of the bond, that represents the reasonable cost to complete the work that exceeds the unpaid balance of the contract sum.

The surety shall respond to the Notice within 15 working days of receipt indicating the course of action that it intends to take or advising that it requires more time to investigate the default and select a course of action. If the surety requires more than 15 working days to investigate the default and select a course of action or if the surety elects to complete the work with a completing contractor that is not prepared to commence performance within 15 working days after receipt of Notice, and if the State or any political subdivision determines it is in the best interest of the State to maintain the progress of the work, the State or any political subdivision may continue to work until the completing contractor is prepared to commence performance. Unless otherwise agreed to by the procuring agency, in no case may the surety take longer than 30 working days to advise the State or political subdivision on the course of action it intends to take. The surety shall be liable for reasonable costs incurred by the State or any political subdivision to maintain the progress to the extent the costs exceed the unpaid balance of the contract sum, subject to the penal sum of the bond."

The surety bond required by this Section may be acquired from the company, agent or broker of the contractor's choice. The bond and sureties shall be subject to the right of reasonable approval or disapproval, including suspension, by the State or political subdivision thereof concerned. In the case of State construction contracts, a contractor shall not be required to post a cash bond or letter of credit in addition to or as a substitute for the surety bond required by this Section.

When other than motor fuel tax funds, federal-aid funds, or other funds received from the State are used, a political subdivision may allow the contractor to provide a non-diminishing irrevocable bank letter of credit, in lieu of the bond required by this Section, on contracts under $100,000 to comply with the requirements of this Section. Any such bank letter of credit shall contain all provisions required for bonds by this Section.

Sec. 36-1.5. Preliminary Review.

(a) Within 14 days of the seizure, the State's Attorney in the county in which the seizure occurred shall seek a preliminary determination from the circuit court as to whether there is probable cause that the property may be subject to forfeiture.

(b) The rules of evidence shall not apply to any proceeding conducted under this Section.

(c) The court may conduct the review under subsection (a) simultaneously with a proceeding pursuant to Section 109-1 of the Code of Criminal Procedure of 1963 for a related criminal offense if a prosecution is commenced by information or complaint.

(e) Upon making a finding of probable cause as required under this Section, the circuit court shall order the property subject to the provisions of the applicable forfeiture Act held until the conclusion of any forfeiture proceeding.

creates a substantial hardship. The court shall consider the following factors in determining whether a substantial hardship has been proven:

(1) the nature of the claimed hardship;
(2) the availability of public transportation or other available means of transportation; and
(3) any available alternatives to alleviate the hardship other than the return of the seized conveyance.

If the court determines that a substantial hardship has been proven, the court shall then balance the nature of the hardship against the State's interest in safeguarding the conveyance. If the court determines that the hardship outweighs the State's interest in safeguarding the conveyance, the court may temporarily release the conveyance to the registered owner or the registered owner's authorized designee, or both, until the conclusion of the forfeiture proceedings or for such shorter period as ordered by the court provided that the person to whom the conveyance is released provides proof of insurance and a valid driver's license and all State and local registrations for operation of the conveyance are current. The court shall place conditions on the conveyance limiting its use to the stated hardship and restricting the conveyance's use to only those individuals authorized to use the conveyance by the registered owner. The court shall revoke the order releasing the conveyance and order that the conveyance be reseized by law enforcement if the conditions of release are violated or if the conveyance is used in the commission of any offense identified in subsection (a) of Section 6-205 of the Illinois Vehicle Code.

If the court orders the release of the conveyance during the pendency of the forfeiture proceedings, the registered owner or his or her authorized designee shall post a cash security with the Clerk of the Court as ordered by the court. The court shall consider the following factors in determining the amount of the cash security:

(A) the full market value of the conveyance;
(B) the nature of the hardship;
(C) the extent and length of the usage of the conveyance; and
(D) such other conditions as the court deems necessary to safeguard the conveyance.

If the conveyance is released, the court shall order that the registered owner or his or her designee safeguard the conveyance, not remove the conveyance from the jurisdiction, not conceal, destroy, or otherwise dispose of the conveyance, not encumber the conveyance, and not diminish the value of the conveyance in any way. The court shall also make a determination of

the full market value of the conveyance prior to it being released based on a source or sources defined in 50 Ill. Adm. Code 919.80(c)(2)(A) or 919.80(c)(2)(B).

If the conveyance subject to forfeiture is released under this Section and is subsequently forfeited, the person to whom the conveyance was released shall return the conveyance to the law enforcement agency that seized the conveyance within 7 days from the date of the declaration of forfeiture or order of forfeiture. If the conveyance is not returned within 7 days, the cash security shall be forfeited in the same manner as the conveyance subject to forfeiture. If the cash security was less than the full market value, a judgment shall be entered against the parties to whom the conveyance was released and the registered owner, jointly and severally, for the difference between the full market value and the amount of the cash security. If the conveyance is returned in a condition other than the condition in which it was released, the cash security shall be returned to the surety who posted the security minus the amount of the diminished value, and that amount shall be forfeited in the same manner as the conveyance subject to forfeiture. Additionally, the court may enter an order allowing any law enforcement agency in the State of Illinois to seize the conveyance wherever it may be found in the State to satisfy the judgment if the cash security was less than the full market value of the conveyance.

Section 5. The Illinois Pension Code is amended by changing Section 1-109.1 and by adding Section 1-113.21 as follows:

(40 ILCS 5/1-109.1) (from Ch. 108 1/2, par. 1-109.1)
(1) Subject to the provisions of Section 22A-113 of this Code and subsections (2) and (3) of this Section, the board of trustees of a retirement system or pension fund established under this Code may:
   (a) Appoint one or more investment managers as fiduciaries to manage (including the power to acquire and dispose of) any assets of the retirement system or pension fund; and
   (b) Allocate duties among themselves and designate others as fiduciaries to carry out specific fiduciary activities other than the management of the assets of the retirement system or pension fund.
(2) The board of trustees of a pension fund established under Article 5, 6, 8, 9, 10, 11, 12 or 17 of this Code may not transfer its investment authority, nor transfer the assets of the fund to any other person or entity for the purpose of consolidating or merging its assets and management with any other pension fund or public investment authority, unless the board resolution

authorizing such transfer is submitted for approval to the contributors and pensioners of the fund at elections held not less than 30 days after the adoption of such resolution by the board, and such resolution is approved by a majority of the votes cast on the question in both the contributors election and the pensioners election. The election procedures and qualifications governing the election of trustees shall govern the submission of resolutions for approval under this paragraph, insofar as they may be made applicable.

(3) Pursuant to subsections (h) and (i) of Section 6 of Article VII of the Illinois Constitution, the investment authority of boards of trustees of retirement systems and pension funds established under this Code is declared to be a subject of exclusive State jurisdiction, and the concurrent exercise by a home rule unit of any power affecting such investment authority is hereby specifically denied and preempted.

(4) For the purposes of this Code, "emerging investment manager" means a qualified investment adviser that manages an investment portfolio of at least $10,000,000 but less than $10,000,000,000 and is a "minority owned business", "female owned business" or "business owned by a person with a disability" as those terms are defined in the Business Enterprise for Minorities, Females, and Persons with Disabilities Act.

It is hereby declared to be the public policy of the State of Illinois to encourage the trustees of public employee retirement systems, pension funds, and investment boards to use emerging investment managers in managing their system's assets, encompassing all asset classes, and increase the racial, ethnic, and gender diversity of its fiduciaries, to the greatest extent feasible within the bounds of financial and fiduciary prudence, and to take affirmative steps to remove any barriers to the full participation in investment opportunities afforded by those retirement systems, pension funds, and investment boards.

On or before January 1, 2010, a retirement system, pension fund, or investment board subject to this Code, except those whose investments are restricted by Section 1-113.2 of this Code, shall adopt a policy that sets forth goals for utilization of emerging investment managers. This policy shall include quantifiable goals for the management of assets in specific asset classes by emerging investment managers. The retirement system, pension fund, or investment board shall establish 3 separate goals for: (i) emerging investment managers that are minority owned businesses; (ii) emerging investment managers that are female owned businesses; and (iii) emerging investment managers that are businesses owned by a person with a disability. The goals established shall be based on the percentage of total dollar amount

of investment service contracts let to minority owned businesses, female owned businesses, and businesses owned by a person with a disability, as those terms are defined in the Business Enterprise for Minorities, Females, and Persons with Disabilities Act. The retirement system, pension fund, or investment board shall annually review the goals established under this subsection.

If in any case an emerging investment manager meets the criteria established by a board for a specific search and meets the criteria established by a consultant for that search, then that emerging investment manager shall receive an invitation by the board of trustees, or an investment committee of the board of trustees, to present his or her firm for final consideration of a contract. In the case where multiple emerging investment managers meet the criteria of this Section, the staff may choose the most qualified firm or firms to present to the board.

The use of an emerging investment manager does not constitute a transfer of investment authority for the purposes of subsection (2) of this Section.

(5) Each retirement system, pension fund, or investment board subject to this Code, except those whose investments are restricted by Section 1-113.2 of this Code, shall establish a policy that sets forth goals for increasing the racial, ethnic, and gender diversity of its fiduciaries, including its consultants and senior staff. Each system, fund, and investment board shall annually review the goals established under this subsection.

(6) On or before January 1, 2010, a retirement system, pension fund, or investment board subject to this Code, except those whose investments are restricted by Section 1-113.2 of this Code, shall adopt a policy that sets forth goals for utilization of businesses owned by minorities, females, and persons with disabilities for all contracts and services. The goals established shall be based on the percentage of total dollar amount of all contracts let to minority owned businesses, female owned businesses, and businesses owned by a person with a disability, as those terms are defined in the Business Enterprise for Minorities, Females, and Persons with Disabilities Act. The retirement system, pension fund, or investment board shall annually review the goals established under this subsection.

(7) On or before January 1, 2010, a retirement system, pension fund, or investment board subject to this Code, except those whose investments are restricted by Section 1-113.2 of this Code, shall adopt a policy that sets forth goals for increasing the utilization of minority broker-dealers. For the purposes of this Code, "minority broker-dealer" means a qualified broker-
dealer who meets the definition of "minority owned business", "female owned business", or "business owned by a person with a disability", as those terms are defined in the Business Enterprise for Minorities, Females, and Persons with Disabilities Act. The retirement system, pension fund, or investment board shall annually review the goals established under this Section.

(8) Each retirement system, pension fund, and investment board subject to this Code, except those whose investments are restricted by Section 1-113.2 of this Code, shall submit a report to the Governor and the General Assembly by January 1 of each year that includes the following: (i) the policy adopted under subsection (4) of this Section, including the names and addresses of the emerging investment managers used, percentage of the assets under the investment control of emerging investment managers for the 3 separate goals, and the actions it has undertaken to increase the use of emerging investment managers, including encouraging other investment managers to use emerging investment managers as subcontractors when the opportunity arises; (ii) the policy adopted under subsection (5) of this Section; (iii) the policy adopted under subsection (6) of this Section; and (iv) the policy adopted under subsection (7) of this Section, including specific actions undertaken to increase the use of minority broker-dealers; and (v) the policy adopted under subsection (9) of this Section.

(9) On or before February 1, 2015, a retirement system, pension fund, or investment board subject to this Code, except those whose investments are restricted by Section 1-113.2 of this Code, shall adopt a policy that sets forth goals for increasing the utilization of minority investment managers. For the purposes of this Code, "minority investment manager" means a qualified investment manager that manages an investment portfolio and meets the definition of "minority owned business", "female owned business", or "business owned by a person with a disability", as those terms are defined in the Business Enterprise for Minorities, Females, and Persons with Disabilities Act.

It is hereby declared to be the public policy of the State of Illinois to encourage the trustees of public employee retirement systems, pension funds, and investment boards to use minority investment managers in managing their systems' assets, encompassing all asset classes, and to increase the racial, ethnic, and gender diversity of their fiduciaries, to the greatest extent feasible within the bounds of financial and fiduciary prudence, and to take affirmative steps to remove any barriers to the full participation in

investment opportunities afforded by those retirement systems, pension funds, and investment boards.

The retirement system, pension fund, or investment board shall establish 3 separate goals for: (i) minority investment managers that are minority owned businesses; (ii) minority investment managers that are female owned businesses; and (iii) minority investment managers that are businesses owned by a person with a disability. The retirement system, pension fund, or investment board shall annually review the goals established under this Section.

If in any case a minority investment manager meets the criteria established by a board for a specific search and meets the criteria established by a consultant for that search, then that minority investment manager shall receive an invitation by the board of trustees, or an investment committee of the board of trustees, to present his or her firm for final consideration of a contract. In the case where multiple minority investment managers meet the criteria of this Section, the staff may choose the most qualified firm or firms to present to the board.

The use of a minority investment manager does not constitute a transfer of investment authority for the purposes of subsection (2) of this Section.

Sec. 30. Investment Advisory Panel duties and responsibilities.

(a) Advice and review. The panel shall offer advice and counseling regarding the investments of the Illinois prepaid tuition program with the objective of obtaining the best possible return on investments consistent with actuarial soundness of the program. The panel is required to annually review and advise the Commission on provisions of the strategic investment plan for the prepaid tuition program. The panel is also charged with reviewing and advising the Commission with regard to the annual report that describes the current financial condition of the program. The panel at its own discretion also may advise the Commission on other aspects of the program.

(b) Investment plan. The Commission annually shall adopt a comprehensive investment plan for purposes of this Section. The comprehensive investment plan shall specify the investment policies to be utilized by the Commission in its administration of the Illinois Prepaid Tuition Trust Fund created by Section 35. The Commission may direct that assets of those Funds be placed in savings accounts or may use the same to purchase fixed or variable life insurance or annuity contracts, securities, evidence of indebtedness, or other investment products pursuant to the
comprehensive investment plan and in such proportions as may be designated
or approved under that plan. The Commission shall invest such assets with
the care, skill, prudence, and diligence under the circumstances then
prevailing that a prudent man acting in a like capacity and familiar with such
matters would use in the conduct of an enterprise of a like character with like
aims, and the Commission shall diversify the investments of such assets so
as to minimize the risk of large losses, unless under the circumstances it is
clearly prudent not to do so. Those insurance, annuity, savings, and
investment products shall be underwritten and offered in compliance with
applicable federal and State laws, rules, and regulations by persons who are
authorized thereunder to provide those services. The Commission shall
delegate responsibility for preparing the comprehensive investment plan to
the Executive Director of the Commission. Nothing in this Section shall

law, the Commission shall be subject to the same requirements as are
imposed upon the board of trustees of a retirement system under Sections 1-
109.1(5.1), 1-109.1(9), and 1-113.21 of the Illinois Pension Code, to the
extent that those requirements are not in direct conflict with any other
requirement of law to which the Commission is subject.

(c) Program management. The Commission may not delegate its
management functions, but may arrange to compensate for personalized
investment advisory services rendered with respect to any or all of the
investments under its control an investment advisor registered under Section
8 of the Illinois Securities Law of 1953 or any bank or other entity authorized
by law to provide those services. Nothing contained herein shall preclude the
Commission from subscribing to general investment research services
available for purchase or use by others. The Commission also shall have
authority to compensate for accounting, computing, and other necessary
services.

to be prepared a report setting forth in appropriate detail an accounting of all

(1) It is desirable for members of the Illinois National Guard to have access to low-cost life insurance in addition to the Servicemembers Group Life Insurance program currently offered to all service members.

(2) The U.S. Congress has provided in 37 U.S.C. 707 that the Secretary of the Army or the Secretary of the Air Force, as the case may be, may allow a member of the National Guard to make allotments from his or her pay for the payment of premiums under a group life insurance program sponsored by the military department of the state in which such member holds his or her National Guard membership or by the National Guard Association of such state.

(3) The U.S. Secretary of Defense has provided by regulation in Section 3-209 of the Department of Defense Directive 5500.07-R that offering group life insurance programs sponsored by a state military department, to the same extent and similar manner as the offering of the Servicemembers Group Life Insurance program, is not an endorsement of a non-federal entity in violation of said regulation.

It is hereby the policy of the State of Illinois that members of the Illinois National Guard should be provided with the opportunity to purchase the Illinois National Guard State-Sponsored Life Insurance Program products as provided for in this Section and that the members be allowed to make an allotment for the payment of premiums using the U.S. Defense Finance and Accounting Service military pay allotment procedures in force at the time the allotment is requested.

(725 ILCS 5/104-15) (from Ch. 38, par. 104-15)
Sec. 104-15. Report. (a) The person or persons conducting an
examination of the defendant, pursuant to paragraph (a) or (b) of Section 104-13 shall submit a written report to the court, the State, and the defense within 30 days of the date of the order. The report shall include:
(1) A diagnosis and an explanation as to how it was reached and the facts upon which it is based;

(b) If the report indicates that the defendant is not fit to stand trial or to plead because of a disability, the report shall include an opinion as to the likelihood of the defendant attaining fitness within one year if provided with a course of treatment. If the person or persons preparing the report are unable to form such an opinion, the report shall state the reasons therefor. The report may include a general description of the type of treatment needed and of the least physically restrictive form of treatment therapeutically appropriate.
(c) The report shall indicate what information, if any, contained therein may be harmful to the mental condition of the defendant if made known to him.
(d) In addition to the report, a person retained or appointed by the State or the defense to conduct an examination shall, upon written request, make his or her notes, other evaluations reviewed or relied upon by the testifying witness, and any videotaped interviews available to another

examiner of the defendant. All forensic interviews conducted by a person retained or appointed by the State or the defense shall be videotaped unless doing so would be impractical. In the event that the interview is not videotaped, the examiner may still testify as to the person's fitness and the court may only consider the lack of compliance in according the weight and not the admissibility of the expert testimony. An examiner may use these materials as part of his or her diagnosis and explanation but shall not otherwise disclose the contents, including at a hearing before the court, except as otherwise provided in Section 104-14 of this Code.

(725 ILCS 5/104-17) (from Ch. 38, par. 104-17)
Sec. 104-17. Commitment for Treatment; Treatment Plan.
(a) If the defendant is eligible to be or has been released on bail or on his own recognizance, the court shall select the least physically restrictive form of treatment therapeutically appropriate and consistent with the treatment plan.
(b) If the defendant's disability is mental, the court may order him placed for treatment in the custody of the Department of Human Services, or the court may order him placed in the custody of any other appropriate public or private mental health facility or treatment program which has agreed to provide treatment to the defendant. If the defendant is placed in the custody of the Department of Human Services, the defendant shall be placed in a secure setting unless the court determines that there are compelling reasons why such placement is not necessary. During the period of time required to determine the appropriate placement the defendant shall remain in jail. If upon the completion of the placement process the Department of Human Services determines that the defendant is currently fit to stand trial, it shall immediately notify the court and shall submit a written report within 7 days. In that circumstance the placement shall be held pending a court hearing on the Department's report. Otherwise, upon completion of the placement process, the sheriff shall be notified and shall transport the defendant to the designated facility. The placement may be ordered either on an inpatient or an outpatient basis.
(c) If the defendant's disability is physical, the court may order him placed under the supervision of the Department of Human Services which shall place and maintain the defendant in a suitable treatment facility or program, or the court may order him placed in an appropriate public or private facility or treatment program which has agreed to provide treatment
to the defendant. The placement may be ordered either on an inpatient or an outpatient basis.

(d) The clerk of the circuit court shall transmit to the Department, agency or institution, if any, to which the defendant is remanded for treatment, the following:

(1) a certified copy of the order to undergo treatment;
(2) the county and municipality in which the offense was committed;
(3) the county and municipality in which the arrest took place;
(4) a copy of the arrest report, criminal charges, arrest record, jail record, and the report prepared under Section 104-15; and
(5) all additional matters which the Court directs the clerk to transmit.

(e) Within 30 days of entry of an order to undergo treatment, the person supervising the defendant's treatment shall file with the court, the State, and the defense a report assessing the facility's or program's capacity to provide appropriate treatment for the defendant and indicating his opinion as to the probability of the defendant's attaining fitness within a period of time one year from the date of the finding of unfitness. For a defendant charged with a felony, the period of time shall be one year. For a defendant charged with a misdemeanor, the period of time shall be no longer than the sentence if convicted of the most serious offense. If the report indicates that there is a substantial probability that the defendant will attain fitness within the time period, the treatment supervisor shall also file a treatment plan which shall include:

(1) A diagnosis of the defendant's disability;
(2) A description of treatment goals with respect to rendering the defendant fit, a specification of the proposed treatment modalities, and an estimated timetable for attainment of the goals;

Section 10. The Unified Code of Corrections is amended by changing Section 5-2-4 as follows:

(730 ILCS 5/5-2-4) (from Ch. 38, par. 1005-2-4)

Sec. 5-2-4. Proceedings after Acquittal by Reason of Insanity.

(a) After a finding or verdict of not guilty by reason of insanity under Sections 104-25, 115-3 or 115-4 of the Code of Criminal Procedure of 1963, the defendant shall be ordered to the Department of Human Services for an evaluation as to whether he is in need of mental health services. The order shall specify whether the evaluation shall be conducted on an inpatient or outpatient basis. If the evaluation is to be conducted on an inpatient basis, the defendant shall be placed in a secure setting unless the Court determines that there are compelling reasons why such placement is not necessary. With the court order for evaluation shall be sent a copy of the arrest report, criminal charges, arrest record, jail record, any report prepared under Section 115-6 of the Code of Criminal Procedure of 1963, and any victim impact statement prepared under Section 6 of the Rights of Crime Victims and Witnesses Act. Individualized placement evaluations by the Department of Human Services determine the most appropriate setting for forensic treatment based upon a number of factors including mental health diagnosis, proximity to surviving victims, security need, age, gender, and proximity to family. Upon completion of the placement process the sheriff shall be notified and shall transport the defendant to the designated facility.

The Department shall provide the Court with a report of its evaluation within 30 days of the date of this order. The Court shall hold a hearing as provided under the Mental Health and Developmental Disabilities Code to determine if the individual is: (a) in need of mental health services on an inpatient basis; (b) in need of mental health services on an outpatient basis; (c) a person not in need of mental health services. The Court shall enter its findings.

New matter indicated by italics - deletions by strikeout
If the defendant is found to be in need of mental health services on an inpatient care basis, the Court shall order the defendant to the Department of Human Services. The defendant shall be placed in a secure setting unless the Court determines that there are compelling reasons why such placement is not necessary. Such defendants placed in a secure setting shall not be permitted outside the facility's housing unit unless escorted or accompanied by personnel of the Department of Human Services or with the prior approval of the Court for unsupervised on-grounds privileges as provided herein. Any defendant placed in a secure setting pursuant to this Section, transported to court hearings or other necessary appointments off facility grounds by personnel of the Department of Human Services, shall be placed in security devices or otherwise secured during the period of transportation to assure secure transport of the defendant and the safety of Department of Human Services personnel and others. These security measures shall not constitute restraint as defined in the Mental Health and Developmental Disabilities Code. If the defendant is found to be in need of mental health services, but not on an inpatient care basis, the Court shall conditionally release the defendant, under such conditions as set forth in this Section as will reasonably assure the defendant's satisfactory progress and participation in treatment or rehabilitation and the safety of the defendant and others. If the Court finds the person not in need of mental health services, then the Court shall order the defendant discharged from custody.

(a-1) Definitions. For the purposes of this Section:

(A) (Blank).

(B) "In need of mental health services on an inpatient basis" means: a defendant who has been found not guilty by reason of insanity but who due to mental illness is reasonably expected to inflict serious physical harm upon himself or another and who would benefit from inpatient care or is in need of inpatient care.

(C) "In need of mental health services on an outpatient basis" means: a defendant who has been found not guilty by reason of insanity who is not in need of mental health services on an inpatient basis, but is in need of outpatient care, drug and/or alcohol rehabilitation programs, community adjustment programs, individual, group, or family therapy, or chemotherapy.

(D) "Conditional Release" means: the release from either the custody of the Department of Human Services or the custody of the Court of a person who has been found not guilty by reason of insanity under such conditions as the Court may impose which reasonably
assure the defendant's satisfactory progress in treatment or habilitation and the safety of the defendant and others. The Court shall consider such terms and conditions which may include, but need not be limited to, outpatient care, alcoholic and drug rehabilitation programs, community adjustment programs, individual, group, family, and chemotherapy, random testing to ensure the defendant's timely and continuous taking of any medicines prescribed to control or manage his or her conduct or mental state, and periodic checks with the legal authorities and/or the Department of Human Services. The Court may order as a condition of conditional release that the defendant not contact the victim of the offense that resulted in the finding or verdict of not guilty by reason of insanity or any other person. The Court may order the Department of Human Services to provide care to any person conditionally released under this Section. The Department may contract with any public or private agency in order to discharge any responsibilities imposed under this Section. The Department shall monitor the provision of services to persons conditionally released under this Section and provide periodic reports to the Court concerning the services and the condition of the defendant. Whenever a person is conditionally released pursuant to this Section, the State's Attorney for the county in which the hearing is held shall designate in writing the name, telephone number, and address of a person employed by him or her who shall be notified in the event that either the reporting agency or the Department decides that the conditional release of the defendant should be revoked or modified pursuant to subsection (i) of this Section. Such conditional release shall be for a period of five years. However, the defendant, the person or facility rendering the treatment, therapy, program or outpatient care, the Department, or the State's Attorney may petition the Court for an extension of the conditional release period for an additional 5 years. Upon receipt of such a petition, the Court shall hold a hearing consistent with the provisions of paragraph (a), this paragraph (a-1), and paragraph (f) of this Section, shall determine whether the defendant should continue to be subject to the terms of conditional release, and shall enter an order either extending the defendant's period of conditional release for an additional 5 year period or discharging the defendant. Additional 5-year periods of conditional release may be ordered following a hearing as provided in this Section. However, in no event shall the defendant's period of

conditional release continue beyond the maximum period of
commitment ordered by the Court pursuant to paragraph (b) of this
Section. These provisions for extension of conditional release shall
only apply to defendants conditionally released on or after August 8,
2003. However the extension provisions of Public Act 83-1449 apply
only to defendants charged with a forcible felony.

(E) "Facility director" means the chief officer of a mental
health or developmental disabilities facility or his or her designee or
the supervisor of a program of treatment or habilitation or his or her
designee. "Designee" may include a physician, clinical psychologist,
social worker, nurse, or clinical professional counselor.

(b) If the Court finds the defendant in need of mental health services
on an inpatient basis, the admission, detention, care, treatment or habilitation,
treatment plans, review proceedings, including review of treatment and
treatment plans, and discharge of the defendant after such order shall be
under the Mental Health and Developmental Disabilities Code, except that
the initial order for admission of a defendant acquitted of a felony by reason
of insanity shall be for an indefinite period of time. Such period of
commitment shall not exceed the maximum length of time that the defendant
would have been required to serve, less credit for good behavior as provided
in Section 5-4-1 of the Unified Code of Corrections, before becoming eligible
for release had he been convicted of and received the maximum sentence for
the most serious crime for which he has been acquitted by reason of insanity.
The Court shall determine the maximum period of commitment by an
appropriate order. During this period of time, the defendant shall not be
permitted to be in the community in any manner, including but not limited to
off-grounds privileges, with or without escort by personnel of the Department
of Human Services, unsupervised on-grounds privileges, discharge or
conditional or temporary release, except by a plan as provided in this Section.
In no event shall a defendant's continued unauthorized absence be a basis for
discharge. Not more than 30 days after admission and every 60 days
thereafter so long as the initial order remains in effect, the facility director
shall file a treatment plan report in writing with the court and forward a copy
of the treatment plan report to the clerk of the court, the State's Attorney, and
the defendant's attorney, if the defendant is represented by counsel, or to a
person authorized by the defendant under the Mental Health and
Developmental Disabilities Confidentiality Act to be sent a copy of the
report. The report shall include an opinion as to whether the defendant is
currently in need of mental health services on an inpatient basis or in need of
mental health services on an outpatient basis. The report shall also summarize the basis for those findings and provide a current summary of the following items from the treatment plan: (1) an assessment of the defendant's treatment needs, (2) a description of the services recommended for treatment, (3) the goals of each type of element of service, (4) an anticipated timetable for the accomplishment of the goals, and (5) a designation of the qualified professional responsible for the implementation of the plan. The report may also include unsupervised on-grounds privileges, off-grounds privileges (with or without escort by personnel of the Department of Human Services), home visits and participation in work programs, but only where such privileges have been approved by specific court order, which order may include such conditions on the defendant as the Court may deem appropriate and necessary to reasonably assure the defendant's satisfactory progress in treatment and the safety of the defendant and others.

(c) Every defendant acquitted of a felony by reason of insanity and subsequently found to be in need of mental health services shall be represented by counsel in all proceedings under this Section and under the Mental Health and Developmental Disabilities Code.

(1) The Court shall appoint as counsel the public defender or an attorney licensed by this State.

(2) Upon filing with the Court of a verified statement of legal services rendered by the private attorney appointed pursuant to paragraph (1) of this subsection, the Court shall determine a reasonable fee for such services. If the defendant is unable to pay the fee, the Court shall enter an order upon the State to pay the entire fee or such amount as the defendant is unable to pay from funds appropriated by the General Assembly for that purpose.

(d) When the facility director determines that:

(1) the defendant is no longer in need of mental health services on an inpatient basis; and

(2) the defendant may be conditionally released because he or she is still in need of mental health services or that the defendant may be discharged as not in need of any mental health services; or

(3) (blank); the defendant no longer requires placement in a secure setting;

the facility director shall give written notice to the Court, State's Attorney and defense attorney. Such notice shall set forth in detail the basis for the recommendation of the facility director, and specify clearly the recommendations, if any, of the facility director, concerning conditional

release. Any recommendation for conditional release shall include an evaluation of the defendant's need for psychotropic medication, what provisions should be made, if any, to ensure that the defendant will continue to receive psychotropic medication following discharge, and what provisions should be made to assure the safety of the defendant and others in the event the defendant is no longer receiving psychotropic medication. Within 30 days of the notification by the facility director, the Court shall set a hearing and make a finding as to whether the defendant is:

(i) (blank); or
(ii) in need of mental health services in the form of inpatient care; or
(iii) in need of mental health services but not subject to inpatient care; or
(iv) no longer in need of mental health services; or
(v) (blank). no longer requires placement in a secure setting.

Upon finding by the Court, the Court shall enter its findings and such appropriate order as provided in subsections (a) and (a-1) of this Section.

(e) A defendant admitted pursuant to this Section, or any person on his behalf, may file a petition for treatment plan review, transfer to a non-secure setting within the Department of Human Services or discharge or conditional release under the standards of this Section in the Court which rendered the verdict. Upon receipt of a petition for treatment plan review, transfer to a non-secure setting or discharge or conditional release, the Court shall set a hearing to be held within 120 days. Thereafter, no new petition may be filed for 180 days without leave of the Court.

(f) The Court shall direct that notice of the time and place of the hearing be served upon the defendant, the facility director, the State's Attorney, and the defendant's attorney. If requested by either the State or the defense or if the Court feels it is appropriate, an impartial examination of the defendant by a psychiatrist or clinical psychologist as defined in Section 1-103 of the Mental Health and Developmental Disabilities Code who is not in the employ of the Department of Human Services shall be ordered, and the report considered at the time of the hearing.

(g) The findings of the Court shall be established by clear and convincing evidence. The burden of proof and the burden of going forth with the evidence rest with the defendant or any person on the defendant's behalf when a hearing is held to review a petition filed by or on behalf of the defendant. The evidence shall be presented in open Court with the right of

confrontation and cross-examination. Such evidence may include, but is not limited to:

(1) whether the defendant appreciates the harm caused by the defendant to others and the community by his or her prior conduct that resulted in the finding of not guilty by reason of insanity;
(2) Whether the person appreciates the criminality of conduct similar to the conduct for which he or she was originally charged in this matter;
(3) the current state of the defendant's illness;
(4) what, if any, medications the defendant is taking to control his or her mental illness;
(5) what, if any, adverse physical side effects the medication has on the defendant;
(6) the length of time it would take for the defendant's mental health to deteriorate if the defendant stopped taking prescribed medication;
(7) the defendant's history or potential for alcohol and drug abuse;
(8) the defendant's past criminal history;
(9) any specialized physical or medical needs of the defendant;
(10) any family participation or involvement expected upon release and what is the willingness and ability of the family to participate or be involved;
(11) the defendant's potential to be a danger to himself, herself, or others; and
(12) any other factor or factors the Court deems appropriate.

(h) Before the court orders that the defendant be discharged or conditionally released, it shall order the facility director to establish a discharge plan that includes a plan for the defendant's shelter, support, and medication. If appropriate, the court shall order that the facility director establish a program to train the defendant in self-medication under standards established by the Department of Human Services. If the Court finds, consistent with the provisions of this Section, that the defendant is no longer in need of mental health services it shall order the facility director to discharge the defendant. If the Court finds, consistent with the provisions of this Section, that the defendant is in need of mental health services, and no longer in need of inpatient care, it shall order the facility director to release the defendant under such conditions as the Court deems appropriate and as
provided by this Section. Such conditional release shall be imposed for a
period of 5 years as provided in paragraph (D) of subsection (a-1) and shall
be subject to later modification by the Court as provided by this Section. If
the Court finds consistent with the provisions in this Section that the
defendant is in need of mental health services on an inpatient basis, it shall
order the facility director not to discharge or release the defendant in
accordance with paragraph (b) of this Section.

(i) If within the period of the defendant's conditional release the
State's Attorney determines that the defendant has not fulfilled the conditions
of his or her release, the State's Attorney may petition the Court to revoke or
modify the conditional release of the defendant. Upon the filing of such
petition the defendant may be remanded to the custody of the Department, or
to any other mental health facility designated by the Department, pending the
resolution of the petition. Nothing in this Section shall prevent the emergency
admission of a defendant pursuant to Article VI of Chapter III of the Mental
Health and Developmental Disabilities Code or the voluntary admission of
the defendant pursuant to Article IV of Chapter III of the Mental Health and
Developmental Disabilities Code. If the Court determines, after hearing
evidence, that the defendant has not fulfilled the conditions of release, the
Court shall order a hearing to be held consistent with the provisions of
paragraph (f) and (g) of this Section. At such hearing, if the Court finds that
the defendant is in need of mental health services on an inpatient basis, it
shall enter an order remanding him or her to the Department of Human
Services or other facility. If the defendant is remanded to the Department of
Human Services, he or she shall be placed in a secure setting unless the Court
determines that there are compelling reasons that such placement is not
necessary. If the Court finds that the defendant continues to be in need of
mental health services but not on an inpatient basis, it may modify the
conditions of the original release in order to reasonably assure the defendant's
satisfactory progress in treatment and his or her safety and the safety of others
in accordance with the standards established in paragraph (D) of subsection
(a-1). Nothing in this Section shall limit a Court's contempt powers or any
other powers of a Court.

(j) An order of admission under this Section does not affect the
remedy of habeas corpus.

(k) In the event of a conflict between this Section and the Mental
Health and Developmental Disabilities Code or the Mental Health and
Developmental Disabilities Confidentiality Act, the provisions of this Section
shall govern.

(l) This amendatory Act shall apply to all persons who have been found not guilty by reason of insanity and who are presently committed to the Department of Mental Health and Developmental Disabilities (now the Department of Human Services).

(m) The Clerk of the Court shall, after the entry of an order of transfer to a non-secure setting of the Department of Human Services or discharge or conditional release, transmit a certified copy of the order to the Department of Human Services, and the sheriff of the county from which the defendant was admitted: The Clerk of the Court shall also transmit a certified copy of the order of discharge or conditional release to the Department of Human Services, to the sheriff of the county from which the defendant was admitted, to the Illinois Department of State Police, to the proper law enforcement agency for the municipality where the offense took place, and to the sheriff of the county into which the defendant is conditionally discharged. The Illinois Department of State Police shall maintain a centralized record of discharged or conditionally released defendants while they are under court supervision for access and use of appropriate law enforcement agencies.

PUBLIC ACT 98-1026
(Senate Bill No. 2854)

AN ACT concerning revenue.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Property Tax Code is amended by changing Section 20-175 as follows:

(35 ILCS 200/20-175)
Sec. 20-175. Refund for erroneous assessments or overpayments.
(a) In counties other than Cook County, if any property is twice assessed for the same year, or assessed before it becomes taxable, and the erroneously assessed taxes have been paid either at sale or otherwise, or have

New matter indicated by italics - deletions by strikeout
been overpaid by the same claimant or by different claimants, the County Collector, upon being satisfied of the facts in the case, shall refund the taxes to the proper claimant. When the County Collector is unable to determine the proper claimant, the circuit court, on petition of the person paying the taxes, or his or her agent, and being satisfied of the facts in the case, shall direct the county collector to refund the taxes and deduct the amount thereof, pro rata, from the moneys due to taxing bodies which received the taxes erroneously paid, or their legal successors. Pleadings in connection with the petition provided for in this Section shall conform to that prescribed in the Civil Practice Law. Appeals may be taken from the judgment of the circuit court, either by the county collector or by the petitioner, as in other civil cases. A claim for refund shall not be allowed unless a petition is filed within 5 years from the date the right to a refund arose. If a certificate of error results in the allowance of a homestead exemption not previously allowed, the county collector shall pay the taxpayer interest on the amount of taxes paid that are attributable to the amount of the additional allowance, at the rate of 6% per year. To cover the cost of interest, the county collector shall proportionately reduce the distribution of taxes collected for each taxing district in which the property is situated.

(a-1) In Cook County, if any property is twice assessed for the same year, or assessed before it becomes taxable, and the erroneously assessed taxes have been paid either at sale or otherwise, or have been overpaid by the same claimant or by different claimants, the Cook County Treasurer, upon being satisfied of the facts in the case, shall refund the taxes to the proper claimant. When the Cook County Treasurer is unable to determine the proper claimant, the circuit court, on petition of the person paying the taxes, or his or her agent, and being satisfied of the facts in the case, shall direct the Cook County Treasurer to refund the taxes plus costs of suit and deduct the amount thereof, pro rata, from the moneys due to taxing bodies which received the taxes erroneously paid, or their legal successors. Pleadings in connection with the petition provided for in this Section shall conform to that prescribed in the Civil Practice Law. Appeals may be taken from the judgment of the circuit court, either by the Cook County Treasurer or by the petitioner, as in other civil cases. A claim for refund shall not be allowed unless a petition is filed within 20 years from the date the right to a refund arose. The total amount of taxes and interest refunded for claims under this subsection for which the right to a refund arose prior to January 1, 2009 shall not exceed $2,500,000 per year. If the payment of a claim for a refund would cause the aggregate total of taxes and interest for all claims to exceed

New matter indicated by italics - deletions by strikeout
$2,500,000 in any year, the refund shall be paid in the next succeeding year. If a certificate of error results in the allowance of a homestead exemption not previously allowed, the Cook County Treasurer shall pay the taxpayer interest on the amount of taxes paid that are attributable to the amount of the additional allowance, at the rate of 6% per year. To cover the cost of interest, the Cook County Treasurer shall proportionately reduce the distribution of taxes collected for each taxing district in which the property is situated.

(b) Notwithstanding any other provision of law, in Cook County a claim for refund under this Section is also allowed if the application therefor is filed between September 1, 2011 and September 1, 2012 and the right to a refund arose more than 5 years prior to the date the application is filed but not earlier than January 1, 2000. The Cook County Treasurer, upon being satisfied of the facts in the case, shall refund the taxes to the proper claimant and shall proportionately reduce the distribution of taxes collected for each taxing district in which the property is situated. Refunds under this subsection shall be paid in the order in which the claims are received. The Cook County Treasurer shall not accept a claim for refund under this subsection before September 1, 2011. For the purposes of this subsection, the Cook County Treasurer shall accept a claim for refund by mail or in person. In no event shall a refund be paid under this subsection if the issuance of that refund would cause the aggregate total of taxes and interest refunded for all claims under this subsection to exceed $350,000. The Cook County Treasurer shall notify the public of the provisions of this subsection on the Treasurer's website. A home rule unit may not regulate claims for refunds in a manner that is inconsistent with this Act. This Section is a limitation of home rule powers under subsection (i) of Section 6 of Article VII of the Illinois Constitution.

Section 15. The Metropolitan Transit Authority Act is amended by changing Section 28 and adding Section 28d as follows:

(70 ILCS 3605/28) (from Ch. 111 2/3, par. 328)
Sec. 28. The Board shall classify all the offices, positions and grades of regular and exempt employment required, excepting that of the Chairman of the Board, the Executive Director, Secretary, Treasurer, General Counsel, and Chief Engineer, with reference to the duties, job title, job schedule number, and the compensation fixed therefor, and adopt rules governing appointments to any of such offices or positions on the basis of merit and efficiency. The job title shall be generally descriptive of the duties performed in that job, and the job schedule number shall be used to identify a job title and to further classify positions within a job title. No discrimination shall be made in any appointment or promotion to any office, position, or grade of regular employment because of race, creed, color, sex, national origin, physical or mental handicap unrelated to ability, or political or religious affiliations. No officer or employee in regular employment shall be discharged or demoted except for cause which is detrimental to the service. Any officer or employee in regular employment who is discharged or demoted may file a complaint in writing with the Board within ten days after notice of his or her discharge or demotion. If an employee is a member of a labor organization the complaint may be filed by such organization for and in behalf of such employee. The Board shall grant a hearing on such complaint within thirty (30) days after it is filed. The time and place of the hearing shall be fixed by the Board and due notice thereof given to the complainant, the labor organization by or through which the complaint was filed and the Executive Director. The hearing shall be conducted by the Board, or any member thereof or any officers' committee or employees' committee appointed by the Board. The complainant may be represented by counsel. If the Board finds, or approves a finding of the member or committee appointed by the Board, that the complainant has been unjustly discharged or demoted, he or she shall be restored to his or her office or position with back pay. The decision of the Board shall be final and not subject to review. The Board may designate such offices, positions, and grades of employment as exempt as it deems necessary for the efficient

New matter indicated by italics - deletions by strikeout
operation of the business of the Authority. The total number of employees occupying exempt offices, positions, or grades of employment may not exceed 3% of the total employment of the Authority. All exempt offices, positions, and grades of employment shall be at will. No discrimination shall be made in any appointment or promotion to any office, position, or grade of exempt employment because of race, creed, color, sex, national origin, physical or mental handicap unrelated to ability, or religious or political affiliation. The Board may abolish any vacant or occupied office or position. Additionally, the Board may reduce the force of employees for lack of work or lack of funds as determined by the Board. When the number of positions or employees holding positions of regular employment within a particular job title and job schedule number are reduced, those employees with the least company seniority in that job title and job schedule number shall be first released from regular employment service. For a period of one year, an employee released from service shall be eligible for reinstatement to the job title and job schedule number from which he or she was released, in order of company seniority, if additional force of employees is required. "Company seniority" as used in this Section means the overall employment service credited to an employee by the Authority since the employee's most recent date of hire irrespective of job titles held. If 2 or more employees have the same company seniority date, time in the affected job title and job schedule number shall be used to break the company seniority tie. For purposes of this Section, company seniority shall be considered a working condition. When employees are represented by a labor organization that has a labor agreement with the Authority, the wages, hours, and working conditions (including, but not limited to, seniority rights) shall be governed by the terms of the agreement. Exempt employment shall not include any employees who are represented by a labor organization that has a labor agreement with the Authority.

No employee, officer, or agent of the Chicago Transit Board may receive a bonus that exceeds 10% of his or her annual salary unless that bonus has been reviewed for a period of 14 days by the Regional Transportation Authority Board. After 14 days, the bonus shall be considered reviewed. This Section does not apply to usual and customary salary adjustments.

employment contract in excess of $100,000, the Chicago Transit Board must submit that contract or amendment to the Regional Transportation Authority Board for review for a period of 14 days. After 14 days, the contract shall be considered reviewed. This Section applies only to contracts entered into or amended on or after the effective date of this amendatory Act of the 98th General Assembly.

Section 20. The Regional Transportation Authority Act is amended by changing Sections 1.02, 2.01, 2.01a, 2.06.1, 2.14, 3A.05, 3B.05, 4.01 and by adding Sections 3A.18, 3B.26, 4.15, 4.16 and 5.06 as follows:

(70 ILCS 3615/1.02) (from Ch. 111 2/3, par. 701.02)
Sec. 1.02. Findings and Purpose.
(a) The General Assembly finds;
   (i) Public transportation is, as provided in Section 7 of Article XIII of the Illinois Constitution, an essential public purpose for which public funds may be expended and that Section authorizes the State to provide financial assistance to units of local government for distribution to providers of public transportation. There is an urgent need to reform and continue a unit of local government to assure the proper management of public transportation and to receive and distribute State or federal operating assistance and to raise and distribute revenues for local operating assistance. System generated revenues are not adequate for such service and a public need exists to provide for, aid and assist public transportation in the northeastern area of the State, consisting of Cook, DuPage, Kane, Lake, McHenry and Will Counties.
   (ii) Comprehensive and coordinated regional public transportation is essential to the public health, safety and welfare. It is essential to economic well-being, maintenance of full employment, conservation of sources of energy and land for open space and reduction of traffic congestion and for providing and maintaining a healthful environment for the benefit of present and future generations in the metropolitan region. Public transportation improves the mobility of the public and improves access to jobs, commercial facilities, schools and cultural attractions. Public transportation decreases air pollution and other environmental hazards resulting from excessive use of automobiles and allows for more efficient land use and planning.
   (iii) Because system generated receipts are not presently adequate, public transportation facilities and services in the

northeastern area are in grave financial condition. With existing methods of financing, coordination and management, and relative convenience of automobiles, such public transportation facilities are not providing adequate public transportation to insure the public health, safety and welfare.

(iv) Additional commitments to the public transportation needs of the disabled, the economically disadvantaged, and the elderly are necessary.

(v) To solve these problems, it is necessary to provide for the creation of a regional transportation authority with the powers necessary to insure adequate public transportation.

(b) The General Assembly further finds, in connection with this amendatory Act of 1983:

(i) Substantial, recurring deficits in the operations of public transportation services subject to the jurisdiction of the Regional Transportation Authority and periodic cash shortages have occurred either of which could bring about a loss of public transportation services throughout the metropolitan region at any time;

(ii) A substantial or total loss of public transportation services or any segment thereof would create an emergency threatening the safety and well-being of the people in the northeastern area of the State; and

(iii) To meet the urgent needs of the people of the metropolitan region that such an emergency be averted and to provide financially sound methods of managing the provision of public transportation services in the northeastern area of the State, it is necessary, while maintaining and continuing the existing Authority, to modify the powers and responsibilities of the Authority, to reallocate responsibility for operating decisions, to change the composition and appointment of the Board of Directors thereof, and to immediately establish a new Board of Directors.

(c) The General Assembly further finds in connection with this amendatory Act of the 95th General Assembly:

(i) The economic vitality of northeastern Illinois requires regionwide and systemwide efforts to increase ridership on the transit systems, constrain road congestion within the metropolitan region, and allocate resources for transportation so as to assist in the development of an adequate, efficient, geographically equitable and

coordinated regional transportation system that is in a state of good repair.

(ii) To achieve the purposes of this amendatory Act of the 95th General Assembly, the powers and duties of the Authority must be enhanced to improve overall planning and coordination, to achieve an integrated and efficient regional transit system, to advance the mobility of transit users, and to increase financial transparency of the Authority and the Service Boards.

(d) It is the purpose of this Act to provide for, aid and assist public transportation in the northeastern area of the State without impairing the overall quality of existing public transportation by providing for the creation of a single authority responsive to the people and elected officials of the area and with the power and competence to develop, implement, and enforce plans that promote adequate, efficient, *geographically equitable* and coordinated public transportation, provide financial review of the providers of public transportation in the metropolitan region and facilitate public transportation provided by Service Boards which is attractive and economical to users, comprehensive, coordinated among its various elements, economical, safe, efficient and coordinated with area and State plans.

The Service Boards may provide public transportation by purchasing such service from transportation agencies through purchase of service agreements, by grants to such agencies or by operating such service, all pursuant to this Act and the "Metropolitan Transit Authority Act", as now or hereafter amended. Certain of its actions to implement the responsibilities allocated to the Authority in this subsection (a) shall be taken in 3 public documents adopted by the affirmative vote of at least 12 of its then Directors: A Strategic Plan; a Five-Year Capital Program; and an Annual Budget and Two-Year Financial Plan.

(b) The Authority shall subject the operating and capital plans and expenditures of the Service Boards in the metropolitan region with regard to public transportation to continuing review so that the Authority may budget and expend its funds with maximum effectiveness and efficiency. The Authority shall conduct audits of each of the Service Boards no less than every 5 years. Such audits may include management, performance, financial, and infrastructure condition audits. The Authority may conduct management, performance, financial, and infrastructure condition audits of transportation agencies that receive funds from the Authority. The Authority may direct a Service Board to conduct any such audit of a transportation agency that receives funds from such Service Board, and the Service Board shall comply with such request to the extent it has the right to do so. These audits of the Service Boards or transportation agencies may be project or service specific audits to evaluate their achievement of the goals and objectives of that project or service and their compliance with any applicable requirements.

(c) The Strategic Plan shall establish the process and criteria by which proposals for capital improvements by a Service Board or a transportation agency will be evaluated by the Authority for inclusion in the Five-Year Capital Program, which may include criteria for:

(i) allocating funds among maintenance, enhancement, and expansion improvements;
(ii) projects to be funded from the Innovation, Coordination, and Enhancement Fund;
(iii) projects intended to improve or enhance ridership or customer service;
(iv) design and location of station or transit improvements intended to promote transfers, increase ridership, and support transit-oriented land development;
(v) assessing the impact of projects on the ability to operate and maintain the existing transit system; and
(vi) other criteria that advance the goals and objectives of the Strategic Plan.

(d) The Strategic Plan shall establish performance standards and measurements regarding the adequacy, efficiency, geographic equity and coordination of public transportation services in the region and the implementation of the goals and objectives in the Strategic Plan. At a minimum, such standards and measures shall include customer-related performance data measured by line, route, or sub-region, as determined by the Authority, on the following:

(iii) equipment failure rates;

(g) In developing the Strategic Plan, the Authority shall rely on such demographic and other data, forecasts, and assumptions developed by the Chicago Metropolitan Agency for Planning with respect to the patterns of population density and growth, projected commercial and residential development, and environmental factors, within the metropolitan region and in areas outside the metropolitan region that may impact public transportation utilization in the metropolitan region. The Authority shall also consult with the Illinois Department of Transportation’s Office of Planning and Programming when developing the Strategic Plan. Before adopting or amending any Strategic Plan, the Authority shall consult with the Chicago Metropolitan Agency for Planning regarding the consistency of the Strategic Plan with the Regional Comprehensive Plan adopted pursuant to the Regional Planning Act.

(h) The Authority may adopt, by the affirmative vote of at least 12 of its then Directors, sub-regional or corridor plans for specific geographic areas of the metropolitan region in order to improve the adequacy, efficiency, geographic equity and coordination of existing, or the delivery of new, public transportation. Such plans may also address areas outside the metropolitan region that may impact public transportation utilization in the metropolitan region. In preparing a sub-regional or corridor plan, the Authority may identify changes in operating practices or capital investment in the sub-region or corridor that could increase ridership, reduce costs, improve coordination, or enhance transit-oriented development. The Authority shall consult with
any affected Service Boards in the preparation of any sub-regional or corridor plans.

Nothing in this subparagraph (i) shall prohibit a Service Board from undertaking alternatives analysis and preliminary environmental assessment for any public transportation service or facility identified in items (i) and (ii) above that is included in the Five-Year Capital Program as of the effective date of this amendatory Act of the 95th General Assembly; however, any expenditure related to any such public transportation service or facility must be included in a Five-Year Capital Program under the requirements of Sections 2.01b and 4.02 of this Act.

Financial Plan as the Board deems appropriate, the Board shall adopt its annual appropriation and Annual Budget and Two-Year Financial Plan ordinance. The ordinance may be adopted only upon the affirmative votes of 12 of its then Directors. The ordinance shall appropriate such sums of money as are deemed necessary to defray all necessary expenses and obligations of the Authority, specifying purposes and the objects or programs for which appropriations are made and the amount appropriated for each object or program. Additional appropriations, transfers between items and other changes in such ordinance may be made from time to time by the Board upon the affirmative votes of 12 of its then Directors.

(b) The Annual Budget and Two-Year Financial Plan shall show a balance between anticipated revenues from all sources and anticipated expenses including funding of operating deficits or the discharge of encumbrances incurred in prior periods and payment of principal and interest when due, and shall show cash balances sufficient to pay with reasonable promptness all obligations and expenses as incurred.

The Annual Budget and Two-Year Financial Plan must show:

"Fare revenues" include the proceeds of all fares and charges for services provided, contributions received in connection with public transportation from units of local government other than the Authority, except for contributions received by the Chicago Transit Authority from a real estate transfer tax imposed under subsection (i) of Section 8-3-19 of the Illinois Municipal Code, and from the State pursuant to subsection (i) of Section 2705-305 of the Department of Transportation Law (20 ILCS 2705/2705-305), and all other operating revenues properly included consistent with generally accepted accounting principles but do not include: the proceeds of any borrowings, and, beginning with the 2007 fiscal year, all revenues and receipts, including but not limited to fares and grants received from the federal, State or any unit of local government or other entity, derived from providing ADA paratransit service pursuant to Section 2.30 of the Regional Transportation Authority Act. principles, including administrative costs, but do not include: depreciation; payment of principal and interest on bonds, notes or other evidences of obligation for borrowed money issued by the Authority; payments with respect to public transportation facilities made pursuant to subsection (b) of Section 2.20 of this Act; any payments with respect to rate protection contracts, credit enhancements or liquidity agreements made under Section 4.14; any other cost to which it is reasonably expected that a cash expenditure will not be made; costs for passenger security including grants, contracts, personnel, equipment and administrative expenses, except in the case of the Chicago Transit Authority, in which case the term does not include costs spent annually by that entity for protection against crime as required by Section 27a of the Metropolitan Transit Authority Act; the payment by the Chicago Transit Authority of Debt Service, as defined in Section 12c of the Metropolitan Transit Authority Act, on bonds or notes issued pursuant to that Section; the payment by the Commuter Rail Division of debt service on bonds issued pursuant to Section 3B.09; expenses incurred by the Suburban Bus Division for the cost of new public transportation services funded from grants pursuant to Section 2.01e of this amendatory Act of the 95th General Assembly for a period of 2 years from the date of initiation of each such service; costs as exempted by the Board for projects pursuant to Section 2.09 of this Act; or, beginning with the 2007 fiscal year, expenses related to providing ADA paratransit service pursuant to Section 2.30 of the Regional Transportation Authority Act; and in fiscal years 2008 through 2012 inclusive, costs in the amount of $200,000,000 in fiscal year 2008, reducing by $40,000,000 in each fiscal year thereafter until this exemption is eliminated; and

(ii) that the level of fares charged for ADA paratransit services is sufficient to cause the aggregate of all projected revenues from such fares charged and received in each fiscal year to equal at least 10% of the aggregate costs of providing such ADA paratransit services. For purposes of this Act, the percentages in this subsection (b)(ii) shall be referred to as the "system generated ADA paratransit services revenue recovery ratio". For purposes of the system generated ADA paratransit services revenue recovery ratio, "costs" shall include all items properly included as operating costs consistent with generally accepted accounting principles. However, the Board

The actual administrative expenses of the Authority for the fiscal year commencing January 1, 1986, and for each fiscal year thereafter shall not exceed the maximum administrative expenses for the previous fiscal year plus 5%. "Administrative expenses" are defined for purposes of this Section as all expenses except: (1) capital expenses and purchases of the Authority on behalf of the Service Boards; (2) payments to Service Boards; and (3) payment of principal and interest on bonds, notes or other evidence of obligation for borrowed money issued by the Authority; (4) costs for passenger security including grants, contracts, personnel, equipment and administrative expenses; (5) payments with respect to public transportation facilities made pursuant to subsection (b) of Section 2.20 of this Act; and (6) any payments with respect to rate protection contracts, credit enhancements or liquidity agreements made pursuant to Section 4.14.

(d) This subsection applies only until the Department begins administering and enforcing an increased tax under Section 4.03(m) as authorized by this amendatory Act of the 95th General Assembly. After withholding 15% of the proceeds of any tax imposed by the Authority and 15% of money received by the Authority from the Regional Transportation Authority Occupation and Use Tax Replacement Fund, the Board shall allocate the proceeds and money remaining to the Service Boards as follows: (1) an amount equal to 85% of the proceeds of those taxes collected within the City of Chicago and 85% of the money received by the Authority on account of transfers to the Regional Transportation Authority Occupation and Use Tax Replacement Fund from the County and Mass Transit District Fund attributable to retail sales within the City of Chicago shall be allocated to the Chicago Transit Authority; (2) an amount equal to 85% of the proceeds of those taxes collected within Cook County outside the City of Chicago and 85% of the money received by the Authority on account of transfers to the Regional Transportation Authority Occupation and Use Tax Replacement Fund from the County and Mass Transit District Fund attributable to retail sales within Cook County outside of the city of Chicago shall be allocated 30% to the Chicago Transit Authority, 55% to the Commuter Rail Board and 15% to the Suburban Bus Board; and (3) an amount equal to 85% of the

proceeds of the taxes collected within the Counties of DuPage, Kane, Lake, McHenry and Will shall be allocated 70% to the Commuter Rail Board and 30% to the Suburban Bus Board.

(e) This subsection applies only until the Department begins administering and enforcing an increased tax under Section 4.03(m) as authorized by this amendatory Act of the 95th General Assembly. Moneys received by the Authority on account of transfers to the Regional Transportation Authority Occupation and Use Tax Replacement Fund from the State and Local Sales Tax Reform Fund shall be allocated among the Authority and the Service Boards as follows: 15% of such moneys shall be retained by the Authority and the remaining 85% shall be transferred to the Service Boards as soon as may be practicable after the Authority receives payment. Moneys which are distributable to the Service Boards pursuant to the preceding sentence shall be allocated among the Service Boards on the basis of each Service Board's distribution ratio. The term "distribution ratio" means, for purposes of this subsection (e) of this Section 4.01, the ratio of the total amount distributed to a Service Board pursuant to subsection (d) of Section 4.01 for the immediately preceding calendar year to the total amount distributed to all of the Service Boards pursuant to subsection (d) of Section 4.01 for the immediately preceding calendar year.

(f) To carry out its duties and responsibilities under this Act, the Board shall employ staff which shall: (1) propose for adoption by the Board of the Authority rules for the Service Boards that establish (i) forms and schedules to be used and information required to be provided with respect to a five-year capital program, annual budgets, and two-year financial plans and regular reporting of actual results against adopted budgets and financial plans, (ii) financial practices to be followed in the budgeting and expenditure of public funds, (iii) assumptions and projections that must be followed in preparing and submitting its annual budget and two-year financial plan or a five-year capital program; (2) evaluate for the Board public transportation programs operated or proposed by the Service Boards and transportation agencies in terms of the goals and objectives set out in the Strategic Plan; (3) keep the Board and the public informed of the extent to which the Service Boards and transportation agencies are meeting the goals and objectives adopted by the Authority in the Strategic Plan; and (4) assess the efficiency or adequacy of public transportation services provided by a Service Board and make recommendations for change in that service to the end that the moneys available to the Authority may be expended in the most economical manner possible with the least possible duplication.

(625 ILCS 5/11-208.3) (from Ch. 95 1/2, par. 11-208.3)
Sec. 11-208.3. Administrative adjudication of violations of traffic regulations concerning the standing, parking, or condition of vehicles, automated traffic law violations, and automated speed enforcement system violations.
(a) Any municipality or county may provide by ordinance for a system of administrative adjudication of vehicular standing and parking violations and vehicle compliance violations as described in this subsection, automated traffic law violations as defined in Section 11-208.6, 11-208.9, or 11-1201.1, and automated speed enforcement system violations as defined in Section 11-208.8. The administrative system shall have as its purpose the fair and efficient enforcement of municipal or county regulations through the administrative adjudication of automated speed enforcement system or automated traffic law violations and violations of municipal or county ordinances regulating the standing and parking of vehicles, the condition and use of vehicle equipment, and the display of municipal or county wheel tax licenses within the municipality's or county's borders. The administrative system shall only have authority to adjudicate civil offenses carrying fines not

in excess of $500 or requiring the completion of a traffic education program, or both, that occur after the effective date of the ordinance adopting such a system under this Section. For purposes of this Section, "compliance violation" means a violation of a municipal or county regulation governing the condition or use of equipment on a vehicle or governing the display of a municipal or county wheel tax license.

(b) Any ordinance establishing a system of administrative adjudication under this Section shall provide for:

(1) A traffic compliance administrator authorized to adopt, distribute and process parking, compliance, and automated speed enforcement system or automated traffic law violation notices and other notices required by this Section, collect money paid as fines and penalties for violation of parking and compliance ordinances and automated speed enforcement system or automated traffic law violations, and operate an administrative adjudication system. The traffic compliance administrator also may make a certified report to the Secretary of State under Section 6-306.5.

(2) A parking, standing, compliance, automated speed enforcement system, or automated traffic law violation notice that shall specify the date, time, and place of violation of a parking, standing, compliance, automated speed enforcement system, or automated traffic law regulation; the particular regulation violated; any requirement to complete a traffic education program; the fine and any penalty that may be assessed for late payment or failure to complete a required traffic education program, or both, when so provided by ordinance; the vehicle make and state registration number; and the identification number of the person issuing the notice. With regard to automated speed enforcement system or automated traffic law violations, vehicle make shall be specified on the automated speed enforcement system or automated traffic law violation notice if the make is available and readily discernible. With regard to municipalities or counties with a population of 1 million or more, it shall be grounds for dismissal of a parking violation if the state registration number or vehicle make specified is incorrect. The violation notice shall state that the completion of any required traffic education program, the payment of any indicated fine, and the payment of any applicable penalty for late payment or failure to complete a required traffic education program, or both, shall operate as a final disposition of the violation. The notice also shall contain

information as to the availability of a hearing in which the violation may be contested on its merits. The violation notice shall specify the time and manner in which a hearing may be had.

(3) Service of the parking, standing, or compliance violation notice by affixing the original or a facsimile of the notice to an unlawfully parked vehicle or by handing the notice to the operator of a vehicle if he or she is present and service of an automated speed enforcement system or automated traffic law violation notice by mail to the address of the registered owner or lessee of the cited vehicle as recorded with the Secretary of State or the lessor of the motor vehicle within 30 days after the Secretary of State or the lessor of the motor vehicle notifies the municipality or county of the identity of the owner or lessee of the vehicle, but not later than 90 days after the violation, except that in the case of a lessee of a motor vehicle, service of an automated traffic law violation notice may occur no later than 210 days after the violation. A person authorized by ordinance to issue and serve parking, standing, and compliance violation notices shall certify as to the correctness of the facts entered on the violation notice by signing his or her name to the notice at the time of service or in the case of a notice produced by a computerized device, by signing a single certificate to be kept by the traffic compliance administrator attesting to the correctness of all notices produced by the device while it was under his or her control. In the case of an automated traffic law violation, the ordinance shall require a determination by a technician employed or contracted by the municipality or county that, based on inspection of recorded images, the motor vehicle was being operated in violation of Section 11-208.6, 11-208.9, or 11-1201.1 or a local ordinance. If the technician determines that the vehicle entered the intersection as part of a funeral procession or in order to yield the right-of-way to an emergency vehicle, a citation shall not be issued. In municipalities with a population of less than 1,000,000 inhabitants and counties with a population of less than 3,000,000 inhabitants, the automated traffic law ordinance shall require that all determinations by a technician that a motor vehicle was being operated in violation of Section 11-208.6, 11-208.9, or 11-1201.1 or a local ordinance must be reviewed and approved by a law enforcement officer or retired law enforcement officer of the municipality or county issuing the violation. In municipalities with a population of 1,000,000 or more inhabitants and counties with a population of 3,000,000 or more

inhabitants, the automated traffic law ordinance shall require that all
determinations by a technician that a motor vehicle was being
operated in violation of Section 11-208.6, 11-208.9, or 11-1201.1 or
a local ordinance must be reviewed and approved by a law
enforcement officer or retired law enforcement officer of the
municipality or county issuing the violation or by an additional fully-
trained reviewing technician who is not employed by the contractor
who employs the technician who made the initial determination. In
the case of an automated speed enforcement system violation, the
ordinance shall require a determination by a technician employed by
the municipality, based upon an inspection of recorded images, video
or other documentation, including documentation of the speed limit
and automated speed enforcement signage, and documentation of the
inspection, calibration, and certification of the speed equipment, that
the vehicle was being operated in violation of Article VI of Chapter
11 of this Code or a similar local ordinance. If the technician
determines that the vehicle speed was not determined by a calibrated,
certified speed equipment device based upon the speed equipment
documentation, or if the vehicle was an emergency vehicle, a citation
may not be issued. The automated speed enforcement ordinance shall
require that all determinations by a technician that a violation
occurred be reviewed and approved by a law enforcement officer or
retired law enforcement officer of the municipality issuing the
violation or by an additional fully trained reviewing technician who
is not employed by the contractor who employs the technician who
made the initial determination. Routine and independent calibration
of the speeds produced by automated speed enforcement systems and
equipment shall be conducted annually by a qualified technician.
Speeds produced by an automated speed enforcement system shall be
compared with speeds produced by lidar or other independent
equipment. Radar Qualified technicians shall test radar or lidar
equipment shall undergo an internal validation test no less frequently
than once each week. Qualified technicians shall test loop based
equipment no less frequently than once a year. Radar equipment shall
be checked for accuracy by a qualified technician when the unit is
serviced, when unusual or suspect readings persist, or when deemed
necessary by a reviewing technician. Radar equipment shall be
checked with the internal frequency generator and certified tuning
forks, the internal circuit test, and diode display test whenever the

radar is turned on. Technicians must be alert for any unusual or suspect readings, and if unusual or suspect readings of a radar unit persist, that unit shall immediately be removed from service and not returned to service until it has been checked by a qualified technician and determined to be functioning properly. Documentation of the annual calibration results, including the equipment tested, test date, technician performing the test, and test results, shall be maintained and available for use in the determination of an automated speed enforcement system violation and issuance of a citation. The technician performing the calibration and testing of the automated speed enforcement equipment shall be trained and certified in the use of equipment for speed enforcement purposes. Training on the speed enforcement equipment may be conducted by law enforcement, civilian, or manufacturer's personnel and if applicable may be equivalent to the equipment use and operations training included in the Speed Measuring Device Operator Program developed by the National Highway Traffic Safety Administration (NHTSA). The vendor or technician who performs the work shall keep accurate records on each piece of equipment the technician calibrates and tests. As used in this paragraph, "fully-trained reviewing technician" means a person who has received at least 40 hours of supervised training in subjects which shall include image inspection and interpretation, the elements necessary to prove a violation, license plate identification, and traffic safety and management. In all municipalities and counties, the automated speed enforcement system or automated traffic law ordinance shall require that no additional fee shall be charged to the alleged violator for exercising his or her right to an administrative hearing, and persons shall be given at least 25 days following an administrative hearing to pay any civil penalty imposed by a finding that Section 11-208.6, 11-208.8, 11-208.9, or 11-1201.1 or a similar local ordinance has been violated. The original or a facsimile of the violation notice or, in the case of a notice produced by a computerized device, a printed record generated by the device showing the facts entered on the notice, shall be retained by the traffic compliance administrator, and shall be a record kept in the ordinary course of business. A parking, standing, compliance, automated speed enforcement system, or automated traffic law violation notice issued, signed and served in accordance with this Section, a copy of the notice, or the computer generated record shall be prima facie correct

New matter indicated by italics - deletions by strikeout
and shall be prima facie evidence of the correctness of the facts shown on the notice. The notice, copy, or computer generated record shall be admissible in any subsequent administrative or legal proceedings.

(4) An opportunity for a hearing for the registered owner of the vehicle cited in the parking, standing, compliance, automated speed enforcement system, or automated traffic law violation notice in which the owner may contest the merits of the alleged violation, and during which formal or technical rules of evidence shall not apply; provided, however, that under Section 11-1306 of this Code the lessee of a vehicle cited in the violation notice likewise shall be provided an opportunity for a hearing of the same kind afforded the registered owner. The hearings shall be recorded, and the person conducting the hearing on behalf of the traffic compliance administrator shall be empowered to administer oaths and to secure by subpoena both the attendance and testimony of witnesses and the production of relevant books and papers. Persons appearing at a hearing under this Section may be represented by counsel at their expense. The ordinance may also provide for internal administrative review following the decision of the hearing officer.

(5) Service of additional notices, sent by first class United States mail, postage prepaid, to the address of the registered owner of the cited vehicle as recorded with the Secretary of State or, if any notice to that address is returned as undeliverable, to the last known address recorded in a United States Post Office approved database, or, under Section 11-1306 or subsection (p) of Section 11-208.6 or 11-208.9, or subsection (p) of Section 11-208.8 of this Code, to the lessee of the cited vehicle at the last address known to the lessor of the cited vehicle at the time of lease or, if any notice to that address is returned as undeliverable, to the last known address recorded in a United States Post Office approved database. The service shall be deemed complete as of the date of deposit in the United States mail. The notices shall be in the following sequence and shall include but not be limited to the information specified herein:

(i) A second notice of parking, standing, or compliance violation. This notice shall specify the date and location of the violation cited in the parking, standing, or compliance violation notice, the particular regulation violated, the vehicle make and state registration number, any

requirement to complete a traffic education program, the fine and any penalty that may be assessed for late payment or failure to complete a traffic education program, or both, when so provided by ordinance, the availability of a hearing in which the violation may be contested on its merits, and the time and manner in which the hearing may be had. The notice of violation shall also state that failure to complete a required traffic education program, to pay the indicated fine and any applicable penalty, or to appear at a hearing on the merits in the time and manner specified, will result in a final determination of violation liability for the cited violation in the amount of the fine or penalty indicated, and that, upon the occurrence of a final determination of violation liability for the failure, and the exhaustion of, or failure to exhaust, available administrative or judicial procedures for review, any incomplete traffic education program or any unpaid fine or penalty, or both, will constitute a debt due and owing the municipality or county.

(ii) A notice of final determination of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation liability. This notice shall be sent following a final determination of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation liability and the conclusion of judicial review procedures taken under this Section. The notice shall state that the incomplete traffic education program or the unpaid fine or penalty, or both, is a debt due and owing the municipality or county. The notice shall contain warnings that failure to complete any required traffic education program or to pay any fine or penalty due and owing the municipality or county, or both, within the time specified may result in the municipality's or county's filing of a petition in the Circuit Court to have the incomplete traffic education program or unpaid fine or penalty, or both, rendered a judgment as provided by this Section, or may result in suspension of the person's driver's license for failure to complete a traffic education program or to pay fines or penalties, or both, for 10 or more parking violations under Section 6-306.5, or a combination of 5 or more automated

New matter indicated by italics - deletions by strikeout
traffic law violations under Section 11-208.6 or 11-208.9 or automated speed enforcement system violations under Section 11-208.8.

(6) A notice of impending drivers license suspension. This notice shall be sent to the person liable for failure to complete a required traffic education program or to pay any fine or penalty that remains due and owing, or both, on 10 or more parking violations or combination of 5 or more unpaid automated speed enforcement system or automated traffic law violations. The notice shall state that failure to complete a required traffic education program or to pay the fine or penalty owing, or both, within 45 days of the notice's date will result in the municipality or county notifying the Secretary of State that the person is eligible for initiation of suspension proceedings under Section 6-306.5 of this Code. The notice shall also state that the person may obtain a photostatic copy of an original ticket imposing a fine or penalty by sending a self addressed, stamped envelope to the municipality or county along with a request for the photostatic copy. The notice of impending drivers license suspension shall be sent by first class United States mail, postage prepaid, to the address recorded with the Secretary of State or, if any notice to that address is returned as undeliverable, to the last known address recorded in a United States Post Office approved database.

(7) Final determinations of violation liability. A final determination of violation liability shall occur following failure to complete the required traffic education program or to pay the fine or penalty, or both, after a hearing officer's determination of violation liability and the exhaustion of or failure to exhaust any administrative review procedures provided by ordinance. Where a person fails to appear at a hearing to contest the alleged violation in the time and manner specified in a prior mailed notice, the hearing officer's determination of violation liability shall become final: (A) upon denial of a timely petition to set aside that determination, or (B) upon expiration of the period for filing the petition without a filing having been made.

(8) A petition to set aside a determination of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation liability that may be filed by a person owing an unpaid fine or penalty. A petition to set aside a determination of liability may also be filed by a person required to

New matter indicated by italics - deletions by strikeout
complete a traffic education program. The petition shall be filed with and ruled upon by the traffic compliance administrator in the manner and within the time specified by ordinance. The grounds for the petition may be limited to: (A) the person not having been the owner or lessee of the cited vehicle on the date the violation notice was issued, (B) the person having already completed the required traffic education program or paid the fine or penalty, or both, for the violation in question, and (C) excusable failure to appear at or request a new date for a hearing. With regard to municipalities or counties with a population of 1 million or more, it shall be grounds for dismissal of a parking violation if the state registration number, or vehicle make if specified, is incorrect. After the determination of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation liability has been set aside upon a showing of just cause, the registered owner shall be provided with a hearing on the merits for that violation.

(9) Procedures for non-residents. Procedures by which persons who are not residents of the municipality or county may contest the merits of the alleged violation without attending a hearing.

(10) A schedule of civil fines for violations of vehicular standing, parking, compliance, automated speed enforcement system, or automated traffic law regulations enacted by ordinance pursuant to this Section, and a schedule of penalties for late payment of the fines or failure to complete required traffic education programs, provided, however, that the total amount of the fine and penalty for any one violation shall not exceed $250, except as provided in subsection (c) of Section 11-1301.3 of this Code.

(11) Other provisions as are necessary and proper to carry into effect the powers granted and purposes stated in this Section.

(c) Any municipality or county establishing vehicular standing, parking, compliance, automated speed enforcement system, or automated traffic law regulations under this Section may also provide by ordinance for a program of vehicle immobilization for the purpose of facilitating enforcement of those regulations. The program of vehicle immobilization shall provide for immobilizing any eligible vehicle upon the public way by presence of a restraint in a manner to prevent operation of the vehicle. Any ordinance establishing a program of vehicle immobilization under this Section shall provide:

New matter indicated by italics - deletions by strikeout
(1) Criteria for the designation of vehicles eligible for immobilization. A vehicle shall be eligible for immobilization when the registered owner of the vehicle has accumulated the number of incomplete traffic education programs or unpaid final determinations of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation liability, or both, as determined by ordinance.

(2) A notice of impending vehicle immobilization and a right to a hearing to challenge the validity of the notice by disproving liability for the incomplete traffic education programs or unpaid final determinations of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation liability, or both, listed on the notice.

(3) The right to a prompt hearing after a vehicle has been immobilized or subsequently towed without the completion of the required traffic education program or payment of the outstanding fines and penalties on parking, standing, compliance, automated speed enforcement system, or automated traffic law violations, or both, for which final determinations have been issued. An order issued after the hearing is a final administrative decision within the meaning of Section 3-101 of the Code of Civil Procedure.

(4) A post immobilization and post-towing notice advising the registered owner of the vehicle of the right to a hearing to challenge the validity of the impoundment.

(d) Judicial review of final determinations of parking, standing, compliance, automated speed enforcement system, or automated traffic law violations and final administrative decisions issued after hearings regarding vehicle immobilization and impoundment made under this Section shall be subject to the provisions of the Administrative Review Law.

(e) Any fine, penalty, incomplete traffic education program, or part of any fine or any penalty remaining unpaid after the exhaustion of, or the failure to exhaust, administrative remedies created under this Section and the conclusion of any judicial review procedures shall be a debt due and owing the municipality or county and, as such, may be collected in accordance with applicable law. Completion of any required traffic education program and payment in full of any fine or penalty resulting from a standing, parking, compliance, automated speed enforcement system, or automated traffic law violation shall constitute a final disposition of that violation.

New matter indicated by italics - deletions by strikeout
(f) After the expiration of the period within which judicial review may be sought for a final determination of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation, the municipality or county may commence a proceeding in the Circuit Court for purposes of obtaining a judgment on the final determination of violation. Nothing in this Section shall prevent a municipality or county from consolidating multiple final determinations of parking, standing, compliance, automated speed enforcement system, or automated traffic law violations against a person in a proceeding. Upon commencement of the action, the municipality or county shall file a certified copy or record of the final determination of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation, which shall be accompanied by a certification that recites facts sufficient to show that the final determination of violation was issued in accordance with this Section and the applicable municipal or county ordinance. Service of the summons and a copy of the petition may be by any method provided by Section 2-203 of the Code of Civil Procedure or by certified mail, return receipt requested, provided that the total amount of fines and penalties for final determinations of parking, standing, compliance, automated speed enforcement system, or automated traffic law violations does not exceed $2500. If the court is satisfied that the final determination of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation was entered in accordance with the requirements of this Section and the applicable municipal or county ordinance, and that the registered owner or the lessee, as the case may be, had an opportunity for an administrative hearing and for judicial review as provided in this Section, the court shall render judgment in favor of the municipality or county and against the registered owner or the lessee for the amount indicated in the final determination of parking, standing, compliance, automated speed enforcement system, or automated traffic law violation, plus costs. The judgment shall have the same effect and may be enforced in the same manner as other judgments for the recovery of money.

(g) The fee for participating in a traffic education program under this Section shall not exceed $25.

A low-income individual required to complete a traffic education program under this Section who provides proof of eligibility for the federal earned income tax credit under Section 32 of the Internal Revenue Code or the Illinois earned income tax credit under Section 212 of the Illinois Income

*If the distance between 2 axles is 96 inches or less, the 2 axles are tandem axles and the maximum total weight may not exceed 34,000 pounds, notwithstanding the higher limit resulting from the application of the formula.

Vehicles not in a combination having more than 4 axles may not exceed the weight in the table in this subsection (a) for 4 axles measured between the extreme axles of the vehicle.

Vehicles in a combination having more than 6 axles may not exceed the weight in the table in this subsection (a) for 6 axles measured between the extreme axles of the combination.

Local authorities, with respect to streets and highways under their jurisdiction, without additional fees, may also by ordinance or resolution allow the weight limitations of this subsection, provided the maximum gross weight on any one axle shall not exceed 20,000 pounds and the maximum total weight on any tandem axle shall not exceed 34,000 pounds, on designated highways when appropriate regulatory signs giving notice are erected upon the street or highway or portion of any street or highway affected by the ordinance or resolution.

The following are exceptions to the above formula:

(1) Vehicles for which a different limit is established and posted in accordance with Section 15-316 of this Code.

(2) Vehicles for which the Department of Transportation and local authorities issue overweight permits under authority of Section

(3) Cities having a population of more than 50,000 may permit by ordinance axle loads on 2 axle motor vehicles 33 1/2% above those provided for herein, but the increase shall not become effective until the city has officially notified the Department of the passage of the ordinance and shall not apply to those vehicles when outside of the limits of the city, nor shall the gross weight of any 2 axle motor vehicle operating over any street of the city exceed 40,000 pounds.

(4) Weight limitations shall not apply to vehicles (including loads) operated by a public utility when transporting equipment required for emergency repair of public utility facilities or properties or water wells.

(5) Two consecutive sets of tandem axles may carry a total weight of 34,000 pounds each if the overall distance between the first and last axles of the consecutive sets of tandem axles is 36 feet or more, notwithstanding the lower limit resulting from the application of the above formula.

(6) A truck, not in combination and used exclusively for the collection of rendering materials, may, when laden, transmit upon the road surface, except when on part of the National System of Interstate and Defense Highways, the following maximum weights: 22,000 pounds on a single axle; 40,000 pounds on a tandem axle.

(7) A truck not in combination, equipped with a self compactor or an industrial roll-off hoist and roll-off container, used exclusively for garbage, refuse, or recycling operations, may, when laden, transmit upon the road surface, except when on part of the National System of Interstate and Defense Highways, the following maximum weights: 22,000 pounds on a single axle; 40,000 pounds on a tandem axle; 40,000 pounds gross weight on a 2-axle vehicle; 54,000 pounds gross weight on a 3-axle vehicle. This vehicle is not subject to the bridge formula.

(7.5) A 3-axle rear discharge truck mixer registered as a Special Hauling Vehicle, used exclusively for the mixing and transportation of concrete in the plastic state, may, when laden, transmit upon the road surface, except when on part of the National System of Interstate and Defense Highways, the following maximum weights: 22,000 pounds on single axle; 40,000 pounds on a tandem

axle; 54,000 pounds gross weight on a 3-axle vehicle. This vehicle is not subject to the bridge formula.

(8) Except as provided in paragraph (7.5) of this subsection (a), tandem axles on a 3-axle truck registered as a Special Hauling Vehicle, manufactured prior to or in the model year of 2024 and first registered in Illinois prior to January 1, 2025, with a distance greater than 72 inches but not more than 96 inches between any series of 2 axles, is allowed a combined weight on the series not to exceed 36,000 pounds and neither axle of the series may exceed 20,000 pounds. Any vehicle of this type manufactured after the model year of 2024 or first registered in Illinois after December 31, 2024 may not exceed a combined weight of 34,000 pounds through the series of 2 axles and neither axle of the series may exceed 20,000 pounds.

A 3-axle combination sewer cleaning jetting vacuum truck registered as a Special Hauling Vehicle, used exclusively for the transportation of non-hazardous solid waste, manufactured before or in the model year of 2014, first registered in Illinois before January 1, 2015, may, when laden, transmit upon the road surface, except when on part of the National System of Interstate and Defense Highways, the following maximum weights: 22,000 pounds on a single axle; 40,000 pounds on a tandem axle; 54,000 pounds gross weight on a 3-axle vehicle. This vehicle is not subject to the bridge formula.

(9) A 4-axle truck mixer registered as a Special Hauling Vehicle, used exclusively for the mixing and transportation of concrete in the plastic state, 2025, and not operated on a highway that is part of the National System of Interstate Highways, is allowed the following maximum weights: 20,000 pounds on any single axle; 36,000 pounds on a series of axles greater than 72 inches but not more than 96 inches; and 34,000 pounds on any series of 2 axles greater than 40 inches but not more than 72 inches. The gross weight of this vehicle may not exceed the weights allowed by the bridge formula for 4 axles. The bridge formula does not apply to any series of 3 axles while the vehicle is transporting concrete in the plastic state, but no axle or tandem axle of the series may exceed the maximum weight permitted under this paragraph (9) of subsection (a).

(10) Combinations of vehicles, registered as Special Hauling Vehicles that include a semitrailer manufactured prior to or in the
model year of 2024, and registered in Illinois prior to January 1, 2025, having 5 axles with a distance of 42 feet or less between extreme axles, may not exceed the following maximum weights: 20,000 pounds on a single axle; 34,000 pounds on a tandem axle; and 72,000 pounds gross weight. This combination of vehicles is not subject to the bridge formula. For all those combinations of vehicles that include a semitrailer manufactured after the effective date of P.A. 92-0417, the overall distance between the first and last axles of the 2 sets of tandems must be 18 feet 6 inches or more. Any combination of vehicles that has had its cargo container replaced in its entirety after December 31, 2024 may not exceed the weights allowed by the bridge formula.

(11) The maximum weight allowed on a vehicle with crawler type tracks is 40,000 pounds.

(12) A combination of vehicles, including a tow truck and a disabled vehicle or disabled combination of vehicles, that exceeds the weight restriction imposed by this Code, may be operated on a public highway in this State provided that neither the disabled vehicle nor any vehicle being towed nor the tow truck itself shall exceed the weight limitations permitted under this Chapter. During the towing operation, neither the tow truck nor the vehicle combination shall exceed 24,000 pounds on a single rear axle and 44,000 pounds on a tandem rear axle, provided the towing vehicle:

(i) is specifically designed as a tow truck having a gross vehicle weight rating of at least 18,000 pounds and is equipped with air brakes, provided that air brakes are required only if the towing vehicle is towing a vehicle, semitrailer, or tractor-trailer combination that is equipped with air brakes;

(ii) is equipped with flashing, rotating, or oscillating amber lights, visible for at least 500 feet in all directions;

(iii) is capable of utilizing the lighting and braking systems of the disabled vehicle or combination of vehicles; and

(iv) does not engage in a tow exceeding 20 miles from the initial point of wreck or disablement. Any additional movement of the vehicles may occur only upon issuance of authorization for that movement under the provisions of Sections 15-301 through 15-319 of this Code. The towing vehicle, however, may tow any disabled vehicle to a point
where repairs are actually to occur. This movement shall be valid only on State routes. The tower must abide by posted bridge weight limits.

(13) A vehicle or combination of vehicles that uses natural gas or propane gas as a motor fuel may exceed the above weight limitations by 2,000 pounds except on interstate highways as defined by Section 1-133.1 of this Code. This paragraph (13) shall not allow a vehicle to exceed any posted weight limit on a highway or structure. Gross weight limits shall not apply to the combination of the tow truck and vehicles being towed. The tow truck license plate must cover the operating empty weight of the tow truck only. The weight of each vehicle being towed shall be covered by a valid license plate issued to the owner or operator of the vehicle being towed and displayed on that vehicle. If no valid plate issued to the owner or operator of that vehicle is displayed on that vehicle, or the plate displayed on that vehicle does not cover the weight of the vehicle, the weight of the vehicle shall be covered by the third tow truck plate issued to the owner or operator of the tow truck and temporarily affixed to the vehicle being towed. If a roll-back carrier is registered and being used as a tow truck, however, the license plate or plates for the tow truck must cover the gross vehicle weight, including any load carried on the bed of the roll-back carrier.

The Department may by rule or regulation prescribe additional requirements. However, nothing in this Code shall prohibit a tow truck under instructions of a police officer from legally clearing a disabled vehicle, that may be in violation of weight limitations of this Chapter, from the roadway to the berm or shoulder of the highway. If in the opinion of the police officer that location is unsafe, the officer is authorized to have the disabled vehicle towed to the nearest place of safety.

For the purpose of this subsection, gross vehicle weight rating, or GVWR, means the value specified by the manufacturer as the loaded weight of the tow truck.

(b) As used in this Section, "recycling haul" or "recycling operation" means the hauling of non-hazardous, non-special, non-putrescible materials, such as paper, glass, cans, or plastic, for subsequent use in the secondary materials market.

(c) No vehicle or combination of vehicles equipped with pneumatic tires shall be operated, unladen or with load, upon the highways of this State in violation of the provisions of any permit issued under the provisions of Sections 15-301 through 15-319 of this Chapter.

New matter indicated by italics - deletions by strikeout
(d) No vehicle or combination of vehicles equipped with other than pneumatic tires may be operated, unladen or with load, upon the highways of this State when the gross weight on the road surface through any wheel exceeds 800 pounds per inch width of tire tread or when the gross weight on the road surface through any axle exceeds 16,000 pounds.

(e) No person shall operate a vehicle or combination of vehicles over a bridge or other elevated structure constituting part of a highway with a gross weight that is greater than the maximum weight permitted by the Department, when the structure is sign posted as provided in this Section.

(f) The Department upon request from any local authority shall, or upon its own initiative may, conduct an investigation of any bridge or other elevated structure constituting a part of a highway, and if it finds that the structure cannot with safety to itself withstand the weight of vehicles otherwise permissible under this Code the Department shall determine and declare the maximum weight of vehicles that the structures can withstand, and shall cause or permit suitable signs stating maximum weight to be erected and maintained before each end of the structure. No person shall operate a vehicle or combination of vehicles over any structure with a gross weight that is greater than the posted maximum weight.

(g) Upon the trial of any person charged with a violation of subsection (e) or (f) of this Section, proof of the determination of the maximum allowable weight by the Department and the existence of the signs, constitutes conclusive evidence of the maximum weight that can be maintained with safety to the bridge or structure.

PUBLIC ACT 98-1030
(House Bill No. 5735)

AN ACT concerning business.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 1. Short title. This Act may be cited as the Home Repair and Construction Task Force Act.
Section 5. Findings. The General Assembly finds as follows:

New matter indicated by italics - deletions by strikeout
(1) In November, 2013, several tornadoes devastated parts of many Illinois towns, including Brookport, Coal City/Braidwood, Gifford, New Minden, Pekin, and Washington. In previous years, Illinois has suffered natural disasters, such as the flooding that destroyed parts of southern Illinois in 1993. Storms, tornadoes, and flooding have affected numerous parts of the State nearly every year.

(2) Often, after natural disasters such as storms or flooding, contractors from outside the local area where the disaster occurred come into the area and solicit business. In some cases, the contractors engage in high pressure sales tactics and collect large down payments from homeowners anxious to repair their homes after a disaster, and then fail to complete the work in a workmanlike manner or leave the area without even beginning the work. Homeowners are unable to reach the contractors either because the contractors provided a false physical address or telephone number or because the contractors are unresponsive to calls and letters.

(3) Each year, the Attorney General's office receives a significant number of consumer complaints about home repair and construction, and such complaints rank among the top 10 consumer complaint types that office receives annually. These complaints often involve allegations of poor workmanship, failure to complete the contracted for work, or failure to begin the contracted for work. These complaints often arise after natural disasters, but the Attorney General's office also receives numerous complaints every year about routine home repair and construction outside of a natural disaster.

(4) The Attorney General wishes to explore whether Illinois residents would benefit from legislation that requires home repair and construction contractors to obtain a license from the Department of Financial and Professional Regulation before offering home repair and construction services in Illinois and, if so, whether potential licensees and all their agents should be required to pass a proficiency test and meet certain qualifications as a condition of obtaining a license.

Section 10. Definition. As used in this Act, "home repair and construction" means the building of a new structure primarily designed or used as a residence or the fixing, replacing, altering, converting, modernizing, improving, or making of an addition to any real property primarily designed or used as a residence other than maintenance, service, or repairs under $500. "Home repair and construction" includes the construction, installation,
replacement, or improvement of driveways, swimming pools, porches, kitchens, bathrooms, basements, chimneys, chimney liners, garages, fences, fallout shelters, central air conditioning, central heating, boilers, furnaces, electrical wiring, sewers, plumbing fixtures, storm doors, windows, roofs, and awnings and other improvements to structures within the residence or upon the land adjacent to the residence. "Home repair and construction" does not include the sale, installation, cleaning, or repair of carpets; the repair, installation, replacement, or connection of any home appliance, including, but not limited to, disposals, refrigerators, ranges, garage door openers, televisions or television antennas, washing machines, telephones, hot water heaters, satellite dishes, or other appliances when the person replacing, installing, repairing, or connecting the home appliance is an employee or agent of the merchant that sold the home appliance or sold new products of the same type; or landscaping.

Section 15. Home Repair and Construction Task Force; members.
(a) There is created the Home Repair and Construction Task Force consisting of the following members:

(1) one member of the Senate appointed by the President of the Senate;

AN ACT concerning public aid.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This amendatory Act may be referred to as the Health Insurance Consumer Protection Act of 2014.

Section 3. Findings and purpose. The General Assembly finds that the federal Patient Protection and Affordable Care Act and the federal regulations implementing that Act give the State and its Department of Insurance primary responsibility for ensuring that all policies of health insurance and health care plans that are offered for sale directly to consumers in the State provide consumers with adequate information about the coverage offered to enable them to meaningfully compare plans and premiums and enroll in the appropriate policy or plan. The purpose of this amendatory Act of the 98th General Assembly is to build on the consumer protections provided in federal law for policies or qualified health plans offered for sale directly to consumers through the Health Insurance Marketplace in Illinois.

In any fiscal year in which an appropriation for the Initiative is made, the consortium shall guarantee that support will be available to an admitted cohort for the cohort's education for that fiscal year. At the beginning of the Initiative, programs that are already operating and existing cohorts of candidates under this model shall be eligible for funding.

(7) The institutions of higher education participating in the consortium shall document and agree to expend the same amount of funds in implementing the program that these institutions spend per student on similar educational programs. (8) The Board of Higher Education shall establish additional criteria for review of proposals, including criteria that address the following issues:

   (A) Previous experience of the institutions of higher education in preparing candidates for hard-to-staff schools and positions and in working with students with non-traditional backgrounds.
(B) The quality of the implementation plan, including strategies for overcoming institutional barriers to the progress of non-traditional candidates.

(C) If a community college is a participant, the nature and extent of existing articulation agreements and guarantees between the community college and the 4-year institution of higher education.

(N) A plan for continued participation of graduates of the program in a program of support for at least 2 years, including mentoring and group meetings.

(O) A plan for testing and qualitative evaluation of candidates' teaching skills that ensures that graduates of the program are as prepared for teaching as other individuals completing the institution of higher education's preparation program for the certificate sought.

(P) A plan for internal evaluation that provides reports at least yearly on the progress of candidates towards graduation and the impact of the program on the target schools and their communities.

(Q) Contributions from schools, school districts, and other consortia members to the program, including stipends for candidates during their student teaching.

Sec. 25. Expenditures under the Initiative.

(a) Every program under the Initiative shall implement a program of forgivable loans to cover any portion of tuition, books, and fees of candidates under the program in excess of the candidates' grants-in-aid. All students admitted to a cohort shall be eligible for a forgivable student loan. Loans shall be fully forgiven if a graduate completes 5 years of service in hard-to-staff schools or hard-to-staff teaching positions, with partial forgiveness for shorter periods of service. The Board of Higher Education State Board shall establish standards for the approval of requests for waivers or deferrals from individuals to waive this obligation. The Board of Higher Education State Board shall also define standards for the fiscal management of these loan funds.

(b) The Board of Higher Education State Board shall award grants under the Initiative in such a way as to provide the required support for a cohort of candidates for any fiscal year in which an appropriation for the
Initiative is made. Program budgets must show expenditures and needed funds for the entire period that candidates are expected to be enrolled.

(c) No funds under the Initiative may be used to supplant the average per-capita expenditures by the institution of higher education for candidates.

(d) Where necessary, program budgets shall include the costs of child care and other indirect expenses, such as transportation, tutoring, technology, and technology support, necessary to permit candidates to maintain their class schedules. Grant funds may be used by any member of a consortium to offset such costs, and the services may be provided by the community organization or organizations, by any other member of the consortium, or by independent contractors.

(e) The institution of higher education may expend grant funds to cover the additional costs of offering classes in community settings and for tutoring services.

(f) The community organization or organizations may receive a portion of the grant money for the expenses of recruitment, community orientation, and counseling of potential candidates, for providing space in the community, and for working with school personnel to facilitate individual work experiences and support of candidates.

(g) The school district or school employee union or both may receive a portion of the grant money for expenses of supporting the work experiences of candidates and providing mentors for graduates. Notwithstanding the provisions of Section 10-20.15 of the School Code, school districts may also use these or other applicable public funds to pay participants in programs under the Initiative for student teaching required by an accredited teacher preparation program.

(h) One or more members of the consortium may expend funds to cover the salary of a site-based cohort coordinator.

(i) Grant funds may also be expended to pay directly for required developmental classes for candidates beginning a program.

At any time after a report to the Registry, but no more than once in each successive 3-year period thereafter, for a maximum of 3 such requests, a caregiver may write to the Director of the Department on Aging to request removal of his or her name from the Registry in relationship to a single incident. The caregiver shall bear the burden of establishing cause that establishes, by a preponderance of the evidence, that removal of his or her name from the Registry is in the public interest. Upon receiving such a request, the Department on Aging shall conduct an investigation and consider any evidentiary material provided. The Department shall issue a decision either granting or denying removal within 60 calendar days, and shall issue such decision to the caregiver and report it to the Registry. The waiver process at the Department of Public Health does not apply to Registry reports from the Department on Aging. The Department on Aging shall, by rule, establish standards and a process for requesting the removal of a name from the Registry by rule.

(j) Referral of Registry reports to health care facilities. In the event an eligible adult receiving services from a provider agency changes his or her residence from a domestic living situation to that of a health care or long term care facility, the provider agency shall use reasonable efforts to promptly inform the health care facility and the appropriate Regional Long Term Care Ombudsman about any Registry reports relating to the eligible adult. For purposes of this Section, a health care or long term care facility includes, but is not limited to, any residential facility licensed, certified, or regulated by the Department of Public Health, Healthcare and Family Services, or Human Services.

(320 ILCS 20/9) (from Ch. 23, par. 6609)

Sec. 9. Authority to consent to services.

(a) If an eligible adult consents to an assessment of a reported incident of suspected abuse, neglect, financial exploitation, or self-neglect and, following the assessment of such report, consents to services being provided according to the case plan, such services shall be arranged to meet the adult's needs, based upon the availability of resources to provide such services. If an adult withdraws his or her consent for an assessment of the reported incident or withdraws his or her consent for services and refuses to accept such services, the services shall not be provided.

(b) If it reasonably appears to the Department or other agency designated under this Act that a person is an eligible adult and lacks the capacity to consent to an assessment of a reported incident of suspected abuse, neglect, financial exploitation, or self-neglect or to necessary services, the Department or other agency shall take appropriate action necessary to

ameliorate risk to the eligible adult if there is a threat of ongoing harm or another emergency exists. The Department or other agency shall be authorized to seek the notify the Illinois Guardianship and Advocacy Commission, the Office of State Guardian, or any other appropriate agency, of the potential need for appointment of a temporary guardian as provided in Article XIa of the Probate Act of 1975 for the purpose of consenting to an assessment of the reported incident and such services, together with an order for an evaluation of the eligible adult's physical, psychological, and medical condition and decisional capacity.

(c) A guardian of the person of an eligible adult may consent to an assessment of the reported incident and to services being provided according to the case plan. If an eligible adult lacks capacity to consent, an agent having authority under a power of attorney may consent to an assessment of the reported incident and to services. If the guardian or agent is the suspected abuser and he or she withdraws consent for the assessment of the reported incident, or refuses to allow services to be provided to the eligible adult, the Department, an agency designated under this Act, or the office of the Attorney General may request a court order seeking appropriate remedies, and may in addition request removal of the guardian and appointment of a successor guardian or request removal of the agent and appointment of a guardian.

(d) If an emergency exists and the Department or other agency designated under this Act reasonably believes that a person is an eligible adult and lacks the capacity to consent to necessary services, the Department or other agency may request an ex parte order from the circuit court of the county in which the petitioner or respondent resides or in which the alleged abuse, neglect, financial exploitation, or self-neglect occurred, authorizing an assessment of a report of alleged or suspected abuse, neglect, financial exploitation, or self-neglect or the provision of necessary services, or both, including relief available under the Illinois Domestic Violence Act of 1986 in accord with established law and Department protocols, procedures, and policies. Petitions filed under this subsection shall be treated as expedited proceedings. When an eligible adult is at risk of serious injury or death and it reasonably appears that the eligible adult lacks capacity to consent to necessary services, the Department or other agency designated under this Act may take action necessary to ameliorate the risk in accordance with administrative rules promulgated by the Department.

(d-5) For purposes of this Section, an eligible adult "lacks the capacity to consent" if qualified staff of an agency designated under this Act
reasonably determine, in accordance with administrative rules promulgated by the Department, that he or she appears either (i) unable to receive and evaluate information related to the assessment or services or (ii) unable to communicate in any manner decisions related to the assessment of the reported incident or services.

(e) Within 15 days after the entry of the ex parte emergency order, the order shall expire, or, if the need for assessment of the reported incident or services continues, the provider agency shall petition for the appointment of a guardian as provided in Article XIa of the Probate Act of 1975 for the purpose of consenting to such assessment or services or to protect the eligible adult from further harm.

(f) If the court enters an ex parte order under subsection (d) for an assessment of a reported incident of alleged or suspected abuse, neglect, financial exploitation, or self-neglect, or for the provision of necessary services in connection with alleged or suspected self-neglect, or for both, the court, as soon as is practicable thereafter, shall appoint a guardian ad litem for the eligible adult who is the subject of the order, for the purpose of reviewing the reasonableness of the order. The guardian ad litem shall review the order and, if the guardian ad litem reasonably believes that the order is unreasonable, the guardian ad litem shall file a petition with the court stating the guardian ad litem's belief and requesting that the order be vacated.

(g) In all cases in which there is a substantiated finding of abuse, neglect, or financial exploitation by a guardian, the Department shall, within 30 days after the finding, notify the Probate Court with jurisdiction over the guardianship.

Sec. 13. Access.

(a) In accord with established law and Department protocols, procedures, and policies, the designated provider agencies shall have access to eligible adults who have been reported or found to be victims of abuse, neglect, financial exploitation, or self-neglect in order to assess the validity of the report, assess other needs of the eligible adult, and provide services in accordance with this Act.

(a-5) A representative of the Department or a designated provider agency that is actively involved in an abuse, neglect, financial exploitation, or self-neglect investigation under this Act shall be allowed access to the financial records, mental and physical health records, and other relevant evaluative records of the eligible adult which are in the possession of any

individual, financial institution, health care provider, mental health provider, educational facility, or other facility if necessary to complete the investigation mandated by this Act. The provider or facility shall provide such records to the representative upon receipt of a written request and certification from the Department or designated provider agency that an investigation is being conducted under this Act and the records are pertinent to the investigation.

Any records received by such representative, the confidentiality of which is protected by another law or rule, shall be maintained as confidential, except for such use as may be necessary for any administrative or other legal proceeding.

(b) Where access to an eligible adult is denied, including the refusal to provide requested records, the Office of the Attorney General, the Department, or the provider agency may petition the court for an order to require appropriate access where:

(1) a caregiver or third party has interfered with the assessment or service plan, or

(2) the agency has reason to believe that the eligible adult is denying access because of coercion, extortion, or justifiable fear of future abuse, neglect, or financial exploitation.

(c) The petition for an order requiring appropriate access shall be afforded an expedited hearing in the circuit court.

(d) If the provider agency has substantiated financial exploitation against an eligible adult, and has documented a reasonable belief that the eligible adult will be irreparably harmed as a result of the financial exploitation, the Office of the Attorney General, the Department, or the provider agency may petition for an order freezing the assets of the eligible adult. The petition shall be filed in the county or counties in which the assets are located. The court's order shall prohibit the sale, gifting, transfer, or wasting of the assets of the eligible adult, both real and personal, owned by, or vested in, the eligible adult, without the express permission of the court. The petition to freeze the assets of the eligible adult shall be afforded an expedited hearing in the circuit court.

Sec. 15. Abuse Fatality Review Teams.

(a) State policy.

(1) Both the State and the community maintain a commitment to preventing the abuse, neglect, and financial exploitation of at-risk
adults. This includes a charge to bring perpetrators of crimes against at-risk adults to justice and prevent untimely deaths in the community.

(2) When an at-risk adult dies, the response to the death by the community, law enforcement, and the State must include an accurate and complete determination of the cause of death, and the development and implementation of measures to prevent future deaths from similar causes.

(3) Multidisciplinary and multi-agency reviews of deaths can assist the State and counties in developing a greater understanding of the incidence and causes of premature deaths and the methods for preventing those deaths, improving methods for investigating deaths, and identifying gaps in services to at-risk adults.

(4) Access to information regarding the deceased person and his or her family by multidisciplinary and multi-agency at-risk adult fatality review teams is necessary in order to fulfill their purposes and duties.

(a-5) Definitions. As used in this Section:

"Review Team" means a regional interagency at-risk adult fatality review team.

(b) The Director, in consultation with the Advisory Council, law enforcement, and other professionals who work in the fields of investigating, treating, or preventing abuse or neglect of at-risk adults, shall appoint members to a minimum of one review team in each of the Department's planning and service areas. Each member of a review team shall be appointed for a 2-year term and shall be eligible for reappointment upon the expiration of the term. A review team's purpose in conducting review of at-risk adult deaths is: (i) to assist local agencies in identifying and reviewing suspicious deaths of adult victims of alleged, suspected, or substantiated abuse or neglect in domestic living situations; (ii) to facilitate communications between officials responsible for autopsies and inquests and persons involved in reporting or investigating alleged or suspected cases of abuse, neglect, or financial exploitation of at-risk adults and persons involved in providing services to at-risk adults; (iii) to evaluate means by which the death might have been prevented; and (iv) to report its findings to the appropriate agencies and the Advisory Council and make recommendations that may help to reduce the number of at-risk adult deaths caused by abuse and neglect and

New matter indicated by italics - deletions by strikeout
that may help to improve the investigations of deaths of at-risk adults and increase prosecutions, if appropriate.

(b-5) Each such team shall be composed of representatives of entities and individuals including, but not limited to:

(1) the Department on Aging;
(2) coroners or medical examiners (or both);
(3) State's Attorneys;
(4) local police departments;
(5) forensic units;
(6) local health departments;
(7) a social service or health care agency that provides services to persons with mental illness, in a program whose accreditation to provide such services is recognized by the Division of Mental Health within the Department of Human Services;
(8) a social service or health care agency that provides services to persons with developmental disabilities, in a program whose accreditation to provide such services is recognized by the Division of Developmental Disabilities within the Department of Human Services;
(9) a local hospital, trauma center, or provider of emergency medicine;
(10) providers of services for eligible adults in domestic living situations; and
(11) a physician, psychiatrist, or other health care provider knowledgeable about abuse and neglect of at-risk adults.

(c) A review team shall review cases of deaths of at-risk adults occurring in its planning and service area (i) involving blunt force trauma or an undetermined manner or suspicious cause of death, (ii) if requested by the deceased's attending physician or an emergency room physician, (iii) upon referral by a health care provider, (iv) upon referral by a coroner or medical examiner, (v) constituting an open or closed case from an adult protective services agency, law enforcement agency, State's Attorney's office, or the Department of Human Services' Office of the Inspector General that involves alleged or suspected abuse, neglect, or financial exploitation; or (vi) upon referral by a law enforcement agency or State's Attorney's office. If such a death occurs in a planning and service area where a review team has not yet been established, the Director shall request that the Advisory Council or another review team review that death. A team may also review deaths of at-
risk adults if the alleged abuse or neglect occurred while the person was residing in a domestic living situation.

A review team shall meet not less than 6 times a year to discuss cases for its possible review. Each review team, with the advice and consent of the Department, shall establish criteria to be used in discussing cases of alleged, suspected, or substantiated abuse or neglect for review and shall conduct its activities in accordance with any applicable policies and procedures established by the Department.

(c-5) The Illinois At-Risk Adult Fatality Review Team Advisory Council, consisting of one member from each review team in Illinois, shall be the coordinating and oversight body for review teams and activities in Illinois. The Director may appoint to the Advisory Council any ex-officio members deemed necessary. Persons with expertise needed by the Advisory Council may be invited to meetings. The Advisory Council must select from its members a chairperson and a vice-chairperson, each to serve a 2-year term. The chairperson or vice-chairperson may be selected to serve additional, subsequent terms. The Advisory Council must meet at least 4 times during each calendar year.

The Department may provide or arrange for the staff support necessary for the Advisory Council to carry out its duties. The Director, in cooperation and consultation with the Advisory Council, shall appoint, reappoint, and remove review team members.

The Advisory Council has, but is not limited to, the following duties:

(1) To serve as the voice of review teams in Illinois.
(2) To oversee the review teams in order to ensure that the review teams' work is coordinated and in compliance with State statutes and the operating protocol.
(3) To ensure that the data, results, findings, and recommendations of the review teams are adequately used in a timely manner to make any necessary changes to the policies, procedures, and State statutes in order to protect at-risk adults.
(4) To collaborate with the Department in order to develop any legislation needed to prevent unnecessary deaths of at-risk adults.
(5) To ensure that the review teams' review processes are standardized in order to convey data, findings, and recommendations in a usable format.
(6) To serve as a link with review teams throughout the country and to participate in national review team activities.

New matter indicated by italics - deletions by strikeout
(7) To provide the review teams with the most current information and practices concerning at-risk adult death review and related topics.

(8) To perform any other functions necessary to enhance the capability of the review teams to reduce and prevent at-risk adult fatalities.

The Advisory Council may prepare an annual report, in consultation with the Department, using aggregate data gathered by review teams and using the review teams' recommendations to develop education, prevention, prosecution, or other strategies designed to improve the coordination of services for at-risk adults and their families.

In any instance where a review team does not operate in accordance with established protocol, the Director, in consultation and cooperation with the Advisory Council, must take any necessary actions to bring the review team into compliance with the protocol.

(d) Any document or oral or written communication shared within or produced by the review team relating to a case discussed or reviewed by the review team is confidential and is not admissible as evidence in any civil or criminal proceeding, except for use by a State's Attorney's office in prosecuting a criminal case against a caregiver. Those records and information are, however, subject to discovery or subpoena, and are admissible as evidence, to the extent they are otherwise available to the public.

Any document or oral or written communication provided to a review team by an individual or entity, and created by that individual or entity solely for the use of the review team, is confidential, is not subject to disclosure to or discoverable by another party, and is not admissible as evidence in any civil or criminal proceeding, except for use by a State's Attorney's office in prosecuting a criminal case against a caregiver. Those records and information are, however, subject to discovery or subpoena, and are admissible as evidence, to the extent they are otherwise available to the public.

Each entity or individual represented on the abuse fatality review team may share with other members of the team information in the entity's or individual's possession concerning the decedent who is the subject of the review or concerning any person who was in contact with the decedent, as well as any other information deemed by the entity or individual to be pertinent to the review. Any such information shared by an entity or individual with other members of the review team is confidential. The intent

New matter indicated by italics - deletions by strikeout
of this paragraph is to permit the disclosure to members of the review team
of any information deemed confidential or privileged or prohibited from
disclosure by any other provision of law. Release of confidential
communication between domestic violence advocates and a domestic
violence victim shall follow subsection (d) of Section 227 of the Illinois
Domestic Violence Act of 1986 which allows for the waiver of privilege
afforded to guardians, executors, or administrators of the estate of the
domestic violence victim. This provision relating to the release of
confidential communication between domestic violence advocates and a
domestic violence victim shall exclude adult protective service providers.

A coroner's or medical examiner's office may share with the review
team medical records that have been made available to the coroner's or
medical examiner's office in connection with that office's investigation of a
death.

Members of a review team and the Advisory Council are not subject
to examination, in any civil or criminal proceeding, concerning information
presented to members of the review team or the Advisory Council or opinions
formed by members of the review team or the Advisory Council based on that
information. A person may, however, be examined concerning information
provided to a review team or the Advisory Council.

(d-5) Meetings of the review teams and the Advisory Council may be
closed to the public under the Open Meetings Act. Records and information
provided to a review team and the Advisory Council, and records maintained
by a team or the Advisory Council, are exempt from release under the
Freedom of Information Act.

(e) A review team's recommendation in relation to a case discussed
or reviewed by the review team, including, but not limited to, a
recommendation concerning an investigation or prosecution, may be
disclosed by the review team upon the completion of its review and at the
discretion of a majority of its members who reviewed the case.

(e-5) The State shall indemnify and hold harmless members of a
review team and the Advisory Council for all their acts, omissions, decisions,
or other conduct arising out of the scope of their service on the review team
or Advisory Council, except those involving willful or wanton misconduct.
The method of providing indemnification shall be as provided in the State
Employee Indemnification Act.

(f) The Department, in consultation with coroners, medical examiners,
and law enforcement agencies, shall use aggregate data gathered by and
recommendations from the Advisory Council and the review teams to create

an annual report and may use those data and recommendations to develop education, prevention, prosecution, or other strategies designed to improve the coordination of services for at-risk adults and their families. The Department or other State or county agency, in consultation with coroners, medical examiners, and law enforcement agencies, also may use aggregate data gathered by the review teams to create a database of at-risk individuals.

(g) The Department shall adopt such rules and regulations as it deems necessary to implement this Section.

(765 ILCS 160/1-25)

Sec. 1-25. Board of managers, board of directors, duties, elections, and voting.

(a) Elections shall be held in accordance with the community instruments, provided that an election shall be held no less frequently than
once every 24 months, for the board of managers or board of directors from among the membership of a common interest community association.

(b) (Blank).

(c) The members of the board shall serve without compensation, unless the community instruments indicate otherwise.

(d) No member of the board or officer shall be elected for a term of more than 4 years, but officers and board members may succeed themselves.

(e) If there is a vacancy on the board, the remaining members of the board may fill the vacancy by a two-thirds vote of the remaining board members until the next annual meeting of the membership or until members holding 20% of the votes of the association request a meeting of the members to fill the vacancy for the balance of the term. A meeting of the members shall be called for purposes of filling a vacancy on the board no later than 30 days following the filing of a petition signed by membership holding 20% of the votes of the association requesting such a meeting.

(f) There shall be an election of a:

1. president from among the members of the board, who shall preside over the meetings of the board and of the membership;
2. secretary from among the members of the board, who shall keep the minutes of all meetings of the board and of the membership and who shall, in general, perform all the duties incident to the office of secretary; and
3. treasurer from among the members of the board, who shall keep the financial records and books of account.

(g) If no election is held to elect board members within the time period specified in the bylaws, or within a reasonable amount of time thereafter not to exceed 90 days, then 20% of the members may bring an action to compel compliance with the election requirements specified in the bylaws. If the court finds that an election was not held to elect members of the board within the required period due to the bad faith acts or omissions of the board of managers or the board of directors, the members shall be entitled to recover their reasonable attorney's fees and costs from the association. If the relevant notice requirements have been met and an election is not held solely due to a lack of a quorum, then this subsection (g) does not apply.

(h) Where there is more than one owner of a unit and there is only one member vote associated with that unit, if only one of the multiple owners is present at a meeting of the membership, he or she is entitled to cast the member vote associated with that unit.

(h-5) A member may vote:

The instruction notice must include the names of all candidates who have given the board or its authorized agent timely written notice of their candidacy and must give the person voting through electronic or acceptable technological means the opportunity to cast votes for candidates whose names do not appear on the ballot. The board rules shall provide and the instructions provided to the member shall state that a member who submits a vote using electronic or acceptable technological means may request and cast a ballot in person at the election meeting, and thereby void any vote previously submitted by that member. A candidate for election to the board or such candidate's representative shall have the right to be present at the counting of ballots at such election.

(j) Upon proof of purchase, the purchaser of a unit from a seller other than the developer pursuant to an installment contract for purchase shall, during such times as he or she resides in the unit, be counted toward a quorum for purposes of election of members of the board at any meeting of the membership called for purposes of electing members of the board, shall

(c) A verifiable electronic signature satisfies any requirement for a signature under any community instrument or any provision of this Act.

(d) Voting on, consent to, and approval of any matter under any community instrument or any provision of this Act may be accomplished by electronic transmission or other equivalent technological means, provided that a record is created as evidence thereof and maintained as long as the record would be required to be maintained in nonelectronic form.

(e) Subject to other provisions of law, no action required or permitted by any community instrument or any provision of this Act need be acknowledged before a notary public if the identity and signature of the person can otherwise be authenticated to the satisfaction of the board of directors.

(f) If any person does not provide written authorization to conduct business using electronic transmission or other equivalent technological means, the common interest community association shall, at its expense, conduct business with the person without the use of electronic transmission or other equivalent technological means.

(D) that votes cast by ballot under subparagraph (B) or electronic or acceptable technological means under subparagraph (B-5) of this paragraph (9) are valid for the purpose of establishing a quorum;

(10) that the association may, upon adoption of the appropriate rules by the board of managers, conduct elections by secret ballot whereby the voting ballot is marked only with the percentage interest for the unit and the vote itself, provided that the board further adopt rules to verify the status of the unit owner issuing a proxy or casting a ballot; and further, that a candidate for election to the board of managers or such candidate's representative shall have the right to be present at the counting of ballots at such election;

(11) that in the event of a resale of a condominium unit the purchaser of a unit from a seller other than the developer pursuant to an installment contract for purchase shall during such times as he or she resides in the unit be counted toward a quorum for purposes of election of members of the board of managers at any meeting of the unit owners called for purposes of electing members of the board, shall have the right to vote for the election of members of the board of managers and to be elected to and serve on the board of managers unless the seller expressly retains in writing any or all of such rights. (12) the method by which matters subject to the approval of unit owners set forth in this Act, or in the condominium instruments, will be submitted to the unit owners at special membership meetings called for such purposes; and

(i) merger or consolidation of the association;
(ii) sale, lease, exchange, or other disposition (excluding the mortgage or pledge) of all, or substantially all of the property and assets of the association; and
(iii) the purchase or sale of land or of units on behalf of all unit owners.

(c) Election of a president from among the board of managers, who shall preside over the meetings of the board of managers and of the unit owners.

(d) Election of a secretary from among the board of managers, who shall keep the minutes of all meetings of the board of managers and of the unit owners and who shall, in general, perform all the duties incident to the office of secretary.

(e) Election of a treasurer from among the board of managers, who shall keep the financial records and books of account.

(f) Maintenance, repair and replacement of the common elements and payments therefor, including the method of approving payment vouchers.

(g) An association with 30 or more units shall obtain and maintain fidelity insurance covering persons who control or disburse funds of the association for the maximum amount of coverage available to protect funds in the custody or control of the association plus the association reserve fund. All management companies which are responsible for the funds held or administered by the association shall maintain and furnish to the association a fidelity bond for the maximum amount of coverage available to protect funds in the custody of the management company at any time. The association shall bear the cost of the fidelity insurance and fidelity bond, unless otherwise provided by contract between the association and a management company. The association shall be the direct obligee of any such fidelity bond. A management company holding reserve funds of an association shall at all times maintain a separate account for each association, provided, however, that for investment purposes, the Board of Managers of an association may authorize a management company to maintain the

association's reserve funds in a single interest bearing account with similar funds of other associations. The management company shall at all times maintain records identifying all moneys of each association in such investment account. The management company may hold all operating funds of associations which it manages in a single operating account but shall at all times maintain records identifying all moneys of each association in such operating account. Such operating and reserve funds held by the management company for the association shall not be subject to attachment by any creditor of the management company.

For the purpose of this subsection a management company shall be defined as a person, partnership, corporation, or other legal entity entitled to transact business on behalf of others, acting on behalf of or as an agent for a unit owner, unit owners or association of unit owners for the purpose of carrying out the duties, responsibilities, and other obligations necessary for the day to day operation and management of any property subject to this Act. For purposes of this subsection, the term "fiduciary insurance coverage" shall be defined as both a fidelity bond and directors and officers liability coverage, the fidelity bond in the full amount of association funds and association reserves that will be in the custody of the association, and the directors and officers liability coverage at a level as shall be determined to be reasonable by the board of managers, if not otherwise established by the declaration or by laws.

Until one year after the effective date of this amendatory Act of 1985, if a condominium association has reserves plus assessments in excess of $250,000 and cannot reasonably obtain 100% fidelity bond coverage for such amount, then it must obtain a fidelity bond coverage of $250,000.

the use of their respective units and of the common elements by the several unit owners.

(l) Method of adopting and of amending administrative rules and regulations governing the operation and use of the common elements.

(m) The percentage of votes required to modify or amend the bylaws, but each one of the particulars set forth in this section shall always be embodied in the bylaws.

(n) (i) The provisions of this Act, the declaration, bylaws, other condominium instruments, and rules and regulations that relate to the use of the individual unit or the common elements shall be applicable to any person leasing a unit and shall be deemed to be incorporated in any lease executed or renewed on or after the effective date of this amendatory Act of 1984. (ii) With regard to any lease entered into subsequent to the effective date of this amendatory Act of 1989, the unit owner leasing the unit shall deliver a copy of the signed lease to the board or if the lease is oral, a memorandum of the lease, not later than the date of occupancy or 10 days after the lease is signed, whichever occurs first. In addition to any other remedies, by filing an action jointly against the tenant and the unit owner, an association may seek to enjoin a tenant from occupying a unit or seek to evict a tenant under the provisions of Article IX of the Code of Civil Procedure for failure of the lessor-owner to comply with the leasing requirements prescribed by this Section or by the declaration, bylaws, and rules and regulations. The board of managers may proceed directly against a tenant, at law or in equity, or under the provisions of Article IX of the Code of Civil Procedure, for any other breach by tenant of any covenants, rules, regulations or bylaws.

(o) The association shall have no authority to forbear the payment of assessments by any unit owner.

(p) That when 30% or fewer of the units, by number, possess over 50% in the aggregate of the votes in the association, any percentage vote of members specified herein or in the condominium instruments shall require the specified percentage by number of units rather than by percentage of interest in the common elements allocated to units that would otherwise be applicable and garage units or storage units, or both, shall have, in total, no more votes than their aggregate percentage of ownership in the common elements; this shall mean that if garage units or storage units, or both, are to be given a vote, or portion of a vote, that the association must add the total number of votes cast of garage units, storage units, or both, and divide the total by the number of garage units, storage units, or both, and multiply by the aggregate percentage of ownership of garage units and storage units to

determine the vote, or portion of a vote, that garage units or storage units, or both, have. For purposes of this subsection (p), when making a determination of whether 30% or fewer of the units, by number, possess over 50% in the aggregate of the votes in the association, a unit shall not include a garage unit or a storage unit.

(q) That a unit owner may not assign, delegate, transfer, surrender, or avoid the duties, responsibilities, and liabilities of a unit owner under this Act, the condominium instruments, or the rules and regulations of the Association; and that such an attempted assignment, delegation, transfer, surrender, or avoidance shall be deemed void.

The provisions of this Section are applicable to all condominium instruments recorded under this Act. Any portion of a condominium instrument which contains provisions contrary to these provisions shall be void as against public policy and ineffective. Any such instrument which fails to contain the provisions required by this Section shall be deemed to incorporate such provisions by operation of law.

PUBLIC ACT 98-1043
(House Bill No. 5433)

AN ACT concerning State government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The State Comptroller Act is amended by changing Section 9.03 as follows:

(15 ILCS 405/9.03) (from Ch. 15, par. 209.03)
Sec. 9.03. Direct deposit of State payments.
(a) The Comptroller, with the approval of the State Treasurer, may provide by rule or regulation for the direct deposit of any payment lawfully payable from the State Treasury and in accordance with federal banking regulations including but not limited to payments to (i) persons paid from personal services, (ii) persons receiving benefit payments from the Comptroller under the State pension systems, (iii) individuals who receive assistance under Articles III, IV, and VI of the Illinois Public Aid Code, (iv) providers of services under the Mental Health and Developmental Disabilities Administrative Act, (v) providers of community-based mental health services, and (vi) providers of services under programs administered by the State Board of Education, in the accounts of those persons or entities

maintained at a bank, savings and loan association, or credit union, where authorized by the payee. The Comptroller also may deposit public aid payments for individuals who receive assistance under Articles III, IV, VI, and X of the Illinois Public Aid Code directly into an electronic benefits transfer account in a financial institution approved by the State Treasurer as prescribed by the Illinois Department of Human Services and in accordance with the rules and regulations of that Department and the rules and regulations adopted by the Comptroller and the State Treasurer. The Comptroller, with the approval of the State Treasurer, may provide by rule for the electronic direct deposit of payments to public agencies and any other payee of the State. The electronic direct deposits may be made to the designated account in those financial institutions specified in this Section for the direct deposit of payments. Within 6 months after the effective date of this amendatory Act of 1994, the Comptroller shall establish a pilot program for the electronic direct deposit of payments to local school districts, municipalities, and units of local government. The payments may be made without the use of the voucher-warrant system, provided that documentation of approval by the Treasurer of each group of payments made by direct deposit shall be retained by the Comptroller. The form and method of the Treasurer's approval shall be established by the rules or regulations adopted by the Comptroller under this Section.

(b) Except as provided in subsection (b-5), all State payments for an employee's payroll or an employee's expense reimbursement must be made through direct deposit. It is the responsibility of the paying State agency to ensure compliance with this mandate. If a State agency pays an employee's payroll or an employee's expense reimbursement without using direct deposit, the Comptroller may charge that employee a processing fee of $2.50 per paper warrant. The processing fee may be withheld from the employee's payment or reimbursement. The amount collected from the fee shall be deposited into the Comptroller's Administrative Fund.

(b-5) If an employee wants his or her payments deposited into a secure check account, the employee must submit a direct deposit form to the paying State agency for his or her payroll or to the Comptroller for his or her expense reimbursements. Upon acceptance of the direct deposit form, the Comptroller shall disburse those funds to the secure check account. For the purposes of this Section, "secure check account" means an account established with a financial institution for the employee that allows the dispensing of the funds in the account through a third party who dispenses to the employee a paper check.

(c) All State payments to a vendor that exceed the allowable limit of paper warrants in a fiscal year, by the same agency, must be made through direct deposit. It is the responsibility of the paying State agency to ensure compliance with this mandate. If a State agency pays a vendor more times than the allowable limit in a single fiscal year without using direct deposit, the Comptroller may charge the vendor a processing fee of $2.50 per paper warrant. The processing fee may be withheld from the vendor's payment. The amount collected from the processing fee shall be deposited into the Comptroller's Administrative Fund. The Office of the Comptroller shall define "allowable limit" in the Comptroller's Statewide Accounting Management System (SAMS) manual, except that the allowable limit shall not be less than 30 paper warrants. The Office of the Comptroller shall also provide reasonable notice to all State agencies of the allowable limit of paper warrants.

(c-1) All State payments to an entity from a payroll or retirement voluntary deduction must be made through direct deposit. If an entity receives a payment from a payroll or retirement voluntary deduction without using direct deposit, the Comptroller may charge the entity a processing fee of $2.50 per paper warrant. The processing fee may be withheld from the entity's payment or billed to the entity at a later date. The amount collected from the processing fee shall be deposited into the Comptroller's Administrative Fund. The Comptroller shall provide reasonable notice to all entities impacted by this requirement. Any new entities that receive a payroll or retirement voluntary deduction must sign up for direct deposit during the application process.

(c-2) The detail information, such as names, identifiers, and amounts, associated with a State payment to an entity from a payroll or retirement voluntary deduction must be retrieved by the entity from the Comptroller's designated Internet website or an electronic alternative approved by the Comptroller. If the entity requires the Comptroller to mail the detail information, the Comptroller may charge the entity a processing fee up to $25.00 per mailing. Any processing fee will be billed to the entity at a later date. The amount collected from the processing fee shall be deposited into the Comptroller's Administrative Fund. The Comptroller shall provide reasonable notice to all entities impacted by this requirement.

(d) State employees covered by provisions in collective bargaining agreements that do not require direct deposit of paychecks are exempt from this mandate. No later than 60 days after the effective date of this amendatory Act of the 97th General Assembly, all State agencies must provide to the

New matter indicated by italics - deletions by strikeout
Office of the Comptroller a list of employees that are exempt under this subsection (d) from the direct deposit mandate. In addition, a State employee or vendor may file a hardship petition with the Office of the Comptroller requesting an exemption from the direct deposit mandate under this Section. A hardship petition shall be made available for download on the Comptroller's official Internet website.

(e) Notwithstanding any provision of law to the contrary, the direct deposit of State payments under this Section for an employee's payroll, an employee's expense reimbursement, or a State vendor's payment does not authorize the State to automatically withdraw funds from those accounts.

(f) For the purposes of this Section, "vendor" means a non-governmental entity with a taxpayer identification number issued by the Social Security Administration or Internal Revenue Service that receives payments through the Comptroller's commercial system. The term does not include State agencies.

(g) The requirements of this Section do not apply to the legislative or judicial branches of State government.

Such procedures shall be established in accord with sound business practices.

(b) Until July 1, 2004 for the Department of Public Aid and July 1, 2005 for Universities and all other State agencies, agencies may enter deferred payment plans for debtors of the agency and documentation of this fact retained by the agency, where the deferred payment plan is likely to increase the net amount collected by the State, except that, on and after July 1, 2005, the Department of Employment Security may continue to enter deferred payment plans for debts that are exempt from subsection (g).

(c) Until July 1, 2004 for the Department of Public Aid and July 1, 2005 for Universities and all other State agencies, State agencies may use the Comptroller's Offset System provided in Section 10.05 of the State Comptroller Act for the collection of debts owed to the agency, except that, on and after July 1, 2005, the Department of Employment Security may continue to use the Comptroller's offset system to collect amounts that are exempt from subsection (g).

(c-1) All debts that exceed $250 and are more than 90 days past due shall be placed in the Comptroller's Offset System, unless (i) the State agency shall have entered into a deferred payment plan or demonstrates to the Comptroller's satisfaction that referral for offset is not cost effective; or (ii) the State agency is a university that elects to place in the Comptroller's Offset System only debts that exceed $1,000 and are more than 90 days past due. All debt, and maintenance of that debt, that is placed in the Comptroller's Offset System must be submitted electronically to the office of the Comptroller. Any exception to this requirement must be approved in writing by the Comptroller.

The notice shall inform the person that he or she may make a written protest to the Comptroller within 60 days after the Comptroller has given notice. The protest shall include the reason for contesting the deduction and any other information that will enable the Comptroller to determine the amount due and payable. If the person subject to the offset has not made a written protest within 60 days after the Comptroller has given notice, or if a final disposition is made concerning the deduction, the Comptroller shall pay the deduction to the university or the State agency.

(c-3) For a debt owed to a university or a State agency and placed in the Comptroller's Offset System in accordance with subsection (c-1), the Comptroller shall deduct, from a warrant or other payment, its processing charge and the amount certified as necessary to satisfy, in whole or in part, the debt owed to the university or the State agency. The Comptroller shall deduct a processing charge of up to $15 per transaction for each offset and such charges shall be deposited into the Comptroller Debt Recovery Trust Fund.

(c-4) If a State university withholds moneys from a university-funded payroll for a debt in accordance with this Act, the university may also

withhold the processing charge identified in Section 10.05d of the State Comptroller Act and subsection (c-3) of Section 5 of the Illinois State Collection Act of 1986. Both amounts must be remitted to the Office of the Comptroller in a timely manner.

(d) State agencies shall develop internal procedures whereby agency initiated payments to its debtors may be offset without referral to the Comptroller's Offset System.

(e) State agencies or the Comptroller may remove claims from the Comptroller's Offset System, where such claims have been inactive for more than one year.

(f) State agencies may use the Comptroller's Offset System to determine if any State agency is attempting to collect debt from a contractor, bidder, or other proposed contracting party.

(g) Beginning July 1, 2004 for the Departments of Public Aid (now Healthcare and Family Services) and Employment Security and July 1, 2005 for Universities and other State agencies, State agencies shall refer to the Department of Revenue Debt Collection Bureau (the Bureau) all debt to the State, provided that the debt satisfies the requirements for referral of delinquent debt as established by rule by the Department of Revenue.

(h) The Department of Healthcare and Family Services shall be exempt from the requirements of this Section with regard to child support debts, the collection of which is governed by the requirements of Title IV, Part D of the federal Social Security Act. The Department of Healthcare and Family Services may refer child support debts to the Bureau, provided that the debt satisfies the requirements for referral of delinquent debt as established by rule by the Department of Revenue. The Bureau shall use all legal means available to collect child support debt, including those authorizing the Department of Revenue to collect debt and those authorizing the Department of Healthcare and Family Services to collect debt. All such referred debt shall remain an obligation under the Department of Healthcare and Family Services' Child Support Enforcement Program subject to the requirements of Title IV, Part D of the federal Social Security Act, including the continued use of federally mandated enforcement remedies and techniques by the Department of Healthcare and Family Services.

(h-1) The Department of Employment Security is exempt from subsection (g) with regard to debts to any federal account, including but not limited to the Unemployment Trust Fund, and penalties and interest assessed under the Unemployment Insurance Act. Section 10. The Wildlife Code is amended by changing Section 2.37 as follows:

(520 ILCS 5/2.37) (from Ch. 61, par. 2.37)

Sec. 2.37. Authority to kill wildlife responsible for damage. Subject to federal regulations and Section 3 of the Illinois Endangered Species Act, the Department may authorize owners and tenants of lands or their agents to remove or destroy any wild bird or wild mammal when the wild bird or wild mammal is known to be destroying property or causing a risk to human health or safety upon his or her land.

Upon receipt by the Department of information from the owner, tenant, or sharecropper that any one or more species of wildlife is damaging dams, levees, ditches, cattle pastures, or other property on the land on which he resides or controls, together with a statement regarding location of the property damages, the nature and extent of the damage, and the particular species of wildlife committing the damage, the Department shall make an investigation.

If, after investigation, the Department finds that damage does exist and can be abated only by removing or destroying that wildlife, a permit shall be issued by the Department to remove or destroy the species responsible for causing the damage.

A permit to control the damage shall be for a period of up to 90 days, shall specify the means and methods by which and the person or persons by whom the wildlife may be removed or destroyed, and shall set forth the disposition procedure to be made of all wildlife taken and other restrictions the Director considers necessary and appropriate in the circumstances of the particular case. Whenever possible, the specimens destroyed shall be given to a bona-fide public or State scientific, educational, or zoological institution.

The permittee shall advise the Department in writing, within 10 days after the expiration date of the permit, of the number of individual species of

wildlife taken, disposition made of them, and any other information which
the Department may consider necessary.

Subject to federal regulations and Section 3 of the Illinois Endangered
Species Act, the Department may grant to an individual, corporation,
association or a governmental body the authority to control species protected
by this Code. The Department shall set forth applicable regulations in an
Administrative Order and may require periodic reports listing species taken,
numbers of each species taken, dates when taken, and other pertinent
information.

Drainage Districts shall have the authority to control beaver provided
that they must notify the Department in writing that a problem exists and of
their intention to trap the animals at least 7 days before the trapping begins.
The District must identify traps used in beaver control outside the dates of the
furbearer trapping season with metal tags with the district's name legibly
inscribed upon them. During the furtrapping season, traps must be identified
as prescribed by law. Conibear traps at least size 330 shall be used except
during the statewide furbearer trapping season. During that time trappers may
use any device that is legal according to the Wildlife Code. Except during the
statewide furbearer trapping season, beaver traps must be set in water at least
10 inches deep. Except during the statewide furbearer trapping season, traps
must be set within 10 feet of an inhabited bank burrow or house and within
10 feet of a dam maintained by a beaver. No beaver or other furbearer taken
outside of the dates for the furbearer trapping season may be sold. All
animals must be given to the nearest conservation officer or other Department
of Natural Resources representative within 48 hours after they are caught.
Furbearers taken during the fur trapping season may be sold provided that
they are taken by persons who have valid trapping licenses in their possession
and are lawfully taken. The District must submit an annual report showing the
species and numbers of animals caught. The report must indicate all species
which were taken.

applicant or patient, and (3) keep the results of such testing confidential.
Notice of an adverse underwriting or coverage decision may be given to any

Section 99. Effective date. This Act takes effect July 1, 2014.

PUBLIC ACT 98-1049
(Senate Bill No. 3447)

AN ACT concerning revenue.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Counties Code is amended by changing Section 5-1035.1 as follows:

(55 ILCS 5/5-1035.1) (from Ch. 34, par. 5-1035.1)
Sec. 5-1035.1. County Motor Fuel Tax Law. The county board of the counties of DuPage, Kane and McHenry may, by an ordinance or resolution adopted by an affirmative vote of a majority of the members elected or appointed to the county board, impose a tax upon all persons engaged in the county in the business of selling motor fuel, as now or hereafter defined in the Motor Fuel Tax Law, at retail for the operation of motor vehicles upon public highways or for the operation of recreational watercraft upon waterways. Kane County may exempt diesel fuel from the tax imposed pursuant to this Section. The tax may be imposed, in half-cent increments, at a rate not exceeding 4 cents per gallon of motor fuel sold at retail within the county for the purpose of use or consumption and not for the purpose of resale. The

New matter indicated by italics - deletions by strikeout
proceeds from the tax shall be used by the county solely for the purpose of operating, constructing and improving public highways and waterways, and acquiring real property and right-of-ways for public highways and waterways within the county imposing the tax.

A tax imposed pursuant to this Section, and all civil penalties that may be assessed as an incident thereof, shall be administered, collected and enforced by the Illinois Department of Revenue in the same manner as the tax imposed under the Retailers' Occupation Tax Act, as now or hereafter amended, insofar as may be practicable; except that in the event of a conflict with the provisions of this Section, this Section shall control. The Department of Revenue shall have full power: to administer and enforce this Section; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder.

Whenever the Department determines that a refund shall be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the County Option Motor Fuel Tax Fund.

The Department shall forthwith pay over to the State Treasurer, ex-officio, as trustee, all taxes and penalties collected hereunder, which shall be deposited into the County Option Motor Fuel Tax Fund, a special fund in the State Treasury which is hereby created. On or before the 25th day of each calendar month, the Department shall prepare and certify to the State Comptroller the disbursement of stated sums of money to named counties for which taxpayers have paid taxes or penalties hereunder to the Department during the second preceding calendar month. The amount to be paid to each county shall be the amount (not including credit memoranda) collected hereunder from retailers within the county during the second preceding calendar month by the Department, but not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of the county; less 2% of the balance, which sum shall be retained by the State Treasurer to cover the costs incurred by the Department in administering and enforcing the provisions of this Section. The Department, at the time of each monthly disbursement to the counties, shall prepare and certify to the Comptroller the amount so retained by the State Treasurer, which shall be transferred into the Tax Compliance and

Administration Fund the amount expended during the second preceding month by the Department pursuant to appropriation from the County Option Motor Fuel Tax Fund for the administration and enforcement of this Section, which appropriation shall not exceed $200,000 for fiscal year 1990 and, for each year thereafter, shall not exceed 2% of the amount deposited into the County Option Motor Fuel Tax Fund during the preceding fiscal year.

A county may direct, by ordinance, that all or a portion of the taxes and penalties collected under the County Option Motor Fuel Tax shall be deposited into the Transportation Development Partnership Trust Fund.

Nothing in this Section shall be construed to authorize a county to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

An ordinance or resolution imposing a tax hereunder or effecting a change in the rate thereof shall be effective on the first day of the second calendar month next following the month in which the ordinance or resolution is adopted and a certified copy thereof is filed with the Department of Revenue, whereupon the Department of Revenue shall proceed to administer and enforce this Section on behalf of the county as of the effective date of the ordinance or resolution. Upon a change in rate of a tax levied hereunder, or upon the discontinuance of the tax, the county board of the county shall, on or not later than 5 days after the effective date of the ordinance or resolution discontinuing the tax or effecting a change in rate, transmit to the Department of Revenue a certified copy of the ordinance or resolution effecting the change or discontinuance.

This Section shall be known and may be cited as the County Motor Fuel Tax Law.

Section 10. The Illinois Municipal Code is amended by changing Section 8-11-6 as follows:

(65 ILCS 5/8-11-6) (from Ch. 24, par. 8-11-6)
(a) The corporate authorities of a home rule municipality may impose a tax upon the privilege of using, in such municipality, any item of tangible personal property which is purchased at retail from a retailer, and which is titled or registered at a location within the corporate limits of such home rule municipality with an agency of this State's government, at a rate which is an increment of 1/4% and based on the selling price of such tangible personal property, as "selling price" is defined in the Use Tax Act. In home rule

municipalities with less than 2,000,000 inhabitants, the tax shall be collected by the municipality imposing the tax from persons whose Illinois address for titling or registration purposes is given as being in such municipality.

(b) In home rule municipalities with 2,000,000 or more inhabitants, the corporate authorities of the municipality may additionally impose a tax beginning July 1, 1991 upon the privilege of using in the municipality, any item of tangible personal property, other than tangible personal property titled or registered with an agency of the State's government, that is purchased at retail from a retailer located outside the corporate limits of the municipality, at a rate that is an increment of 1/4% not to exceed 1% and based on the selling price of the tangible personal property, as "selling price" is defined in the Use Tax Act. Such tax shall be collected from the purchaser either by the municipality imposing such tax or by the Department of Revenue pursuant to an agreement between the Department and the municipality.

To prevent multiple home rule taxation, the use in a home rule municipality of tangible personal property that is acquired outside the municipality and caused to be brought into the municipality by a person who has already paid a home rule municipal tax in another municipality in respect to the sale, purchase, or use of that property, shall be exempt to the extent of the amount of the tax properly due and paid in the other home rule municipality.

(c) If a municipality having 2,000,000 or more inhabitants imposes the tax authorized by subsection (a), then the tax shall be collected by the Illinois Department of Revenue when the property is purchased at retail from a retailer in the county in which the home rule municipality imposing the tax is located, and in all contiguous counties. The tax shall be remitted to the State, or an exemption determination must be obtained from the Department before the title or certificate of registration for the property may be issued. The tax or proof of exemption may be transmitted to the Department by way of the State agency with which, or State officer with whom, the tangible personal property must be titled or registered if the Department and that agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

The Department shall have full power to administer and enforce this Section to collect all taxes, penalties and interest due hereunder, to dispose of taxes, penalties and interest so collected in the manner hereinafter provided, and determine all rights to credit memoranda or refunds arising on account of the erroneous payment of tax, penalty or interest hereunder. In the administration of and compliance with this Section the Department and

persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties and definitions of terms, and employ the same modes of procedure as are prescribed in Sections 2 (except the definition of "retailer maintaining a place of business in this State"), 3 (except provisions pertaining to the State rate of tax, and except provisions concerning collection or refunding of the tax by retailers), 4, 11, 12, 12a, 14, 15, 19, 20, 21 and 22 of the Use Tax Act, which are not inconsistent with this Section, as fully as if provisions contained in those Sections of the Use Tax Act were set forth herein.

Whenever the Department determines that a refund shall be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in such notification from the Department. Such refund shall be paid by the State Treasurer out of the home rule municipal retailers' occupation tax fund.

The Department shall forthwith pay over to the State Treasurer, ex officio, as trustee, all taxes, penalties and interest collected hereunder. On or before the 25th day of each calendar month, the Department shall prepare and certify to the State Comptroller the disbursement of stated sums of money to named municipalities, the municipality in each instance to be that municipality from which the Department during the second preceding calendar month, collected municipal use tax from any person whose Illinois address for titling or registration purposes is given as being in such municipality. The amount to be paid to each municipality shall be the amount (not including credit memoranda) collected hereunder during the second preceding calendar month by the Department, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of such municipality, less 2% of the balance, which sum shall be retained by the State Treasurer to cover the costs incurred by the Department in administering and enforcing the provisions of this Section. The Department, at the time of each monthly disbursement to the municipalities, shall prepare and certify to the Comptroller the amount so retained by the State Treasurer, which shall be transferred into the Tax Compliance and Administration Fund the amount expended during the second preceding month by the Department to be paid from the appropriation to the Department from the Home Rule Municipal Retailers' Occupation Tax Trust Fund. The appropriation to cover the costs incurred by the Department in administering and enforcing this Section shall

not exceed 2% of the amount estimated to be deposited into the Home Rule Municipal Retailers' Occupation Tax Trust Fund during the fiscal year for which the appropriation is made. Within 10 days after receipt by the State Comptroller of the disbursement certification to the municipalities provided for in this Section to be given to the State Comptroller by the Department, the State Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in that certification.

Any ordinance imposing or discontinuing any tax to be collected and enforced by the Department under this Section shall be adopted and a certified copy thereof filed with the Department on or before October 1, whereupon the Department of Revenue shall proceed to administer and enforce this Section on behalf of the municipalities as of January 1 next following such adoption and filing. Beginning April 1, 1998, any ordinance imposing or discontinuing any tax to be collected and enforced by the Department under this Section shall either (i) be adopted and a certified copy thereof filed with the Department on or before April 1, whereupon the Department of Revenue shall proceed to administer and enforce this Section on behalf of the municipalities as of July 1 next following the adoption and filing; or (ii) be adopted and a certified copy thereof filed with the Department on or before October 1, whereupon the Department of Revenue shall proceed to administer and enforce this Section on behalf of the municipalities as of January 1 next following the adoption and filing.

Nothing in this subsection (c) shall prevent a home rule municipality from collecting the tax pursuant to subsection (a) in any situation where such tax is not collected by the Department of Revenue under this subsection (c).

(d) Any unobligated balance remaining in the Municipal Retailers' Occupation Tax Fund on December 31, 1989, which fund was abolished by Public Act 85-1135, and all receipts of municipal tax as a result of audits of liability periods prior to January 1, 1990, shall be paid into the Local Government Tax Fund, for distribution as provided by this Section prior to the enactment of Public Act 85-1135. All receipts of municipal tax as a result of an assessment not arising from an audit, for liability periods prior to January 1, 1990, shall be paid into the Local Government Tax Fund for distribution before July 1, 1990, as provided by this Section prior to the enactment of Public Act 85-1135, and on and after July 1, 1990, all such receipts shall be distributed as provided in Section 6z-18 of the State Finance Act.
(e) As used in this Section, "Municipal" and "Municipality" means a city, village or incorporated town, including an incorporated town which has superseded a civil township.

(f) This Section shall be known and may be cited as the Home Rule Municipal Use Tax Act.

PUBLIC ACT 98-1050
(House Bill No. 0008)

AN ACT concerning human rights.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. Findings. The General Assembly finds and declares the following:

(1) Current workplace laws are inadequate to protect pregnant workers from enjoying equal employment opportunities.

(2) Because of inadequate protections, pregnant women who are temporarily limited in their abilities to perform their work functions because of pregnancy, childbirth, or conditions related to pregnancy or childbirth are often forced to take unpaid leave or are fired, despite the availability of reasonable accommodations that would allow them to continue to work. The most frequent accommodations involve limits on lifting, access to places to sit, and more frequent bathroom breaks.

(3) Many pregnant women are single mothers or the primary breadwinners for their families. If one of these women loses her job, her whole family, and Illinois, suffers.

(4) Employers are familiar with the reasonable accommodations framework. Indeed, employers are required to reasonably accommodate people with disabilities. Sadly, many employers refuse to provide reasonable accommodations or decline to extend workplace injury policies to pregnant women.

New matter indicated by italics - deletions by strikeout
(5) Women are nearly 50% of all workers in Illinois and women of childbearing age are 54% of women workers. Failing to provide reasonable accommodations to pregnant women leads to lost wages, periods of unemployment, and lost employment opportunities and job benefits such as seniority, all of which have lifelong repercussions on women's economic security and advancement and the well-being of their families.

(6) Most women work during pregnancy. By continuing to work, women can maintain and advance their economic security. Moreover, women who work during pregnancy may be able to take a longer period of leave following childbirth, which in turn facilitates breastfeeding, bonding with and caring for a new child, and recovering from childbirth.

(7) Enabling pregnant workers to work through pregnancy is good for businesses. Providing pregnant employees with reasonable, temporary accommodations increases worker productivity, retention, and morale, decreases re-training costs, and reduces health care costs associated with pregnancy complications.

Section 10. Purposes. The purposes of this Act are:
  (1) to promote the State's interest in eradicating gender discrimination, including discrimination based on pregnancy, childbirth, or conditions related to pregnancy or childbirth, and in promoting women's equality;
  (2) to address the failure of existing laws to protect the employment rights of pregnant workers; and
  (3) to ensure full and equal participation for women in the labor force by requiring employers to provide reasonable accommodations to employees with conditions related to pregnancy or childbirth.

Section 15. The Illinois Human Rights Act is amended by changing Sections 1-102, 1-103, 2-101, 2-102, and 6-101 as follows:
  (775 ILCS 5/1-102) (from Ch. 68, par. 1-102)

(G) Equal Opportunity, Affirmative Action. To establish Equal Opportunity and Affirmative Action as the policies of this State in all of its decisions, programs and activities, and to assure that all State departments, boards, commissions and instrumentalities rigorously take affirmative action to provide equality of opportunity and eliminate the effects of past discrimination in the internal affairs of State government and in their relations with the public.

(J) Eligible Bidder. "Eligible bidder" means a person who, prior to a bid opening, has filed with the Department a properly completed, sworn and currently valid employer report form, pursuant to the Department's regulations. The provisions of this Article relating to eligible bidders apply only to bids on contracts with the State and its departments, agencies, boards, and commissions, and the provisions do not apply to bids on contracts with units of local government or school districts.

Sec. 2-102. Civil Rights Violations - Employment. It is a civil rights violation:

(A) Employers. For any employer to refuse to hire, to segregate, or to act with respect to recruitment, hiring, promotion, renewal of employment, selection for training or apprenticeship, discharge, discipline, tenure or terms, privileges or conditions of employment on the basis of unlawful discrimination or citizenship status.

(A-5) Language. For an employer to impose a restriction that has the effect of prohibiting a language from being spoken by an employee in communications that are unrelated to the employee's duties.

For the purposes of this subdivision (A-5), "language" means a person's native tongue, such as Polish, Spanish, or Chinese. "Language" does not include such things as slang, jargon, profanity, or vulgarity.

(B) Employment Agency. For any employment agency to fail or refuse to classify properly, accept applications and register for employment referral or apprenticeship referral, refer for employment, or refer for apprenticeship on the basis of unlawful discrimination or citizenship status or to accept from any person any job order, requisition or request for referral of applicants for employment or apprenticeship which makes or has the effect of making unlawful discrimination or discrimination on the basis of citizenship status a condition of referral.

(C) Labor Organization. For any labor organization to limit, segregate or classify its membership, or to limit employment opportunities, selection and training for apprenticeship in any trade or craft, or otherwise to take, or fail to take, any action which affects adversely any person's status as an employee or as an applicant for employment or as an apprentice, or as an applicant for apprenticeships, or wages, tenure, hours of employment or apprenticeship conditions on the basis of unlawful discrimination or citizenship status.

(D) Sexual Harassment. For any employer, employee, agent of any employer, employment agency or labor organization to engage in sexual harassment; provided, that an employer shall be responsible for sexual harassment of the employer's employees by nonemployees or nonmanagerial and nonsupervisory employees only if the employer becomes aware of the conduct and fails to take reasonable corrective measures.

(E) Public Employers. For any public employer to refuse to permit a public employee under its jurisdiction who takes time off from work in order to practice his or her religious beliefs to engage in work, during hours other than such employee's regular working hours, consistent with the operational

needs of the employer and in order to compensate for work time lost for such religious reasons. Any employee who elects such deferred work shall be compensated at the wage rate which he or she would have earned during the originally scheduled work period. The employer may require that an employee who plans to take time off from work in order to practice his or her religious beliefs provide the employer with a notice of his or her intention to be absent from work not exceeding 5 days prior to the date of absence.

(F) Training and Apprenticeship Programs. For any employer, employment agency or labor organization to discriminate against a person on the basis of age in the selection, referral for or conduct of apprenticeship or training programs.

(G) Immigration-Related Practices.

(1) for an employer to request for purposes of satisfying the requirements of Section 1324a(b) of Title 8 of the United States Code, as now or hereafter amended, more or different documents than are required under such Section or to refuse to honor documents tendered that on their face reasonably appear to be genuine; or

(2) for an employer participating in the E-Verify Program, as authorized by 8 U.S.C. 1324a, Notes, Pilot Programs for Employment Eligibility Confirmation (enacted by PL 104-208, div. C title IV, subtitle A) to refuse to hire, to segregate, or to act with respect to recruitment, hiring, promotion, renewal of employment, selection for training or apprenticeship, discharge, discipline, tenure or terms, privileges or conditions of employment without following the procedures under the E-Verify Program.

(H) (Blank). Pregnancy; peace officers and fire fighters. For a public employer to refuse to temporarily transfer a pregnant female peace officer or pregnant female fire fighter to a less strenuous or hazardous position for the duration of her pregnancy if she so requests, with the advice of her physician, where that transfer can be reasonably accommodated. For the purposes of this subdivision (H), “peace officer” and “fire fighter” have the meanings ascribed to those terms in Section 3 of the Illinois Public Labor Relations Act.

It is not a civil rights violation for an employer to take any action that is required by Section 1324a of Title 8 of the United States Code, as now or hereafter amended.

(I) Pregnancy. For an employer to refuse to hire, to segregate, or to act with respect to recruitment, hiring, promotion, renewal of employment, selection for training or apprenticeship, discharge, discipline, tenure or terms, privileges or conditions of employment on the basis of pregnancy, childbirth,
or related medical or common conditions related to pregnancy or childbirth. Women affected by pregnancy, childbirth, or related medical or common conditions related to pregnancy or childbirth shall be treated the same for all employment-related purposes, including receipt of benefits under fringe benefit programs, as other persons not so affected but similar in their ability or inability to work, regardless of the source of the inability to work or employment classification or status.

(J) Pregnancy; reasonable accommodations.

(1) If after a job applicant or employee, including a part-time, full-time, or probationary employee, requests a reasonable accommodation, for an employer to not make reasonable accommodations for any medical or common condition of a job applicant or employee related to pregnancy or childbirth, unless the employer can demonstrate that the accommodation would impose an undue hardship on the ordinary operation of the business of the employer. The employer may request documentation from the employee's health care provider concerning the need for the requested reasonable accommodation or accommodations to the same extent documentation is requested for conditions related to disability if the employer's request for documentation is job-related and consistent with business necessity. The employer may require only the medical justification for the requested accommodation or accommodations, a description of the reasonable accommodation or accommodations medically advisable, the date the reasonable accommodation or accommodations became medically advisable, and the probable duration of the reasonable accommodation or accommodations. It is the duty of the individual seeking a reasonable accommodation or accommodations to submit to the employer any documentation that is requested in accordance with this paragraph. Notwithstanding the provisions of this paragraph, the employer may require documentation by the employee's health care provider to determine compliance with other laws. The employee and employer shall engage in a timely, good faith, and meaningful exchange to determine effective reasonable accommodations.

(2) For an employer to deny employment opportunities or benefits to or take adverse action against an otherwise qualified job applicant or employee, including a part-time, full-time, or probationary employee, if the denial or adverse action is based on the need of the employer to make reasonable accommodations to the

New matter indicated by italics - deletions by strikeout
known medical or common conditions related to the pregnancy or childbirth of the applicant or employee.

(3) For an employer to require a job applicant or employee, including a part-time, full-time, or probationary employee, affected by pregnancy, childbirth, or medical or common conditions related to pregnancy or childbirth to accept an accommodation when the applicant or employee did not request an accommodation and the applicant or employee chooses not to accept the employer's accommodation.

(4) For an employer to require an employee, including a part-time, full-time, or probationary employee, to take leave under any leave law or policy of the employer if another reasonable accommodation can be provided to the known medical or common conditions related to the pregnancy or childbirth of an employee. No employer shall fail or refuse to reinstate the employee affected by pregnancy, childbirth, or medical or common conditions related to pregnancy or childbirth to her original job or to an equivalent position with equivalent pay and accumulated seniority, retirement, fringe benefits, and other applicable service credits upon her signifying her intent to return or when her need for reasonable accommodation ceases, unless the employer can demonstrate that the accommodation would impose an undue hardship on the ordinary operation of the business of the employer.

For the purposes of this subdivision (J), "reasonable accommodations" means reasonable modifications or adjustments to the job application process or work environment, or to the manner or circumstances under which the position desired or held is customarily performed, that enable an applicant or employee affected by pregnancy, childbirth, or medical or common conditions related to pregnancy or childbirth to be considered for the position the applicant desires or to perform the essential functions of that position, and may include, but is not limited to: more frequent or longer bathroom breaks, breaks for increased water intake, and breaks for periodic rest; private non-bathroom space for expressing breast milk and breastfeeding; seating; assistance with manual labor; light duty; temporary transfer to a less strenuous or hazardous position; the provision of an accessible worksite; acquisition or modification of equipment; job restructuring; a part-time or modified work schedule; appropriate adjustment or modifications of examinations, training materials, or policies; reassignment to a vacant position; time off to recover from conditions related

to childbirth; and leave necessitated by pregnancy, childbirth, or medical or
common conditions resulting from pregnancy or childbirth.

For the purposes of this subdivision (J), "undue hardship" means an
action that is prohibitively expensive or disruptive when considered in light
of the following factors: (i) the nature and cost of the accommodation
needed; (ii) the overall financial resources of the facility or facilities involved
in the provision of the reasonable accommodation, the number of persons
employed at the facility, the effect on expenses and resources, or the impact
otherwise of the accommodation upon the operation of the facility; (iii) the
overall financial resources of the employer, the overall size of the business
of the employer with respect to the number of its employees, and the number,
type, and location of its facilities; and (iv) the type of operation or operations
of the employer, including the composition, structure, and functions of the
workforce of the employer, the geographic separateness, administrative, or
fiscal relationship of the facility or facilities in question to the employer. The
employer has the burden of proving undue hardship. The fact that the
employer provides or would be required to provide a similar accommodation
to similarly situated employees creates a rebuttable presumption that the
accommodation does not impose an undue hardship on the employer.

No employer is required by this subdivision (J) to create additional
employment that the employer would not otherwise have created, unless the
employer does so or would do so for other classes of employees who need
accommodation. The employer is not required to discharge any employee,
transfer any employee with more seniority, or promote any employee who is
not qualified to perform the job, unless the employer does so or would do so
to accommodate other classes of employees who need it.

(K) Notice.

(1) For an employer to fail to post or keep posted in a
conspicuous location on the premises of the employer where notices
to employees are customarily posted, or fail to include in any
employee handbook information concerning an employee's rights
under this Article, a notice, to be prepared or approved by the
Department, summarizing the requirements of this Article and
information pertaining to the filing of a charge, including the right
to be free from unlawful discrimination and the right to certain
reasonable accommodations. The Department shall make the
documents required under this paragraph available for retrieval from
the Department's website.

(2) Upon notification of a violation of paragraph (1) of this subdivision (K), the Department may launch a preliminary investigation. If the Department finds a violation, the Department may issue a notice to show cause giving the employer 30 days to correct the violation. If the violation is not corrected, the Department may initiate a charge of a civil rights violation.

Sec. 10-20. Distributor's Licenses. It shall be unlawful for any person to engage in business as a distributor of tobacco products within the meaning of this Act without first having obtained a license to do so from the Department. Application for that license shall be made to the Department in a form prescribed and furnished by the Department. Each applicant for a

license shall furnish to the Department on a form, signed and verified by the applicant, the following information:

(1) The name of the applicant.

(2) The address of the location at which the applicant proposes to engage in business as a distributor of tobacco products.

(3) Other information the Department may reasonably require.

Except as otherwise provided in this Section, every applicant who is required to procure a distributor's license shall file with his or her application a joint and several bond. The bond shall be executed to the Department of Revenue, with good and sufficient surety or sureties residing or licensed to do business within the State of Illinois, conditioned upon the true and faithful compliance by the licensee with all of the provisions of this Act. The Department shall fix the amount of the bond for each applicant, taking into consideration the amount of money expected to become due from the applicant under this Act. The amount of bond required by the Department shall be an amount that, in its opinion, will protect the State of Illinois against failure to pay the amount that may become due from the applicant under this Act, but the amount of the security required by the Department shall not exceed 3 times the amount of the applicant's average monthly tax liability, or $50,000, whichever amount is lower. The bond, a reissue, or a substitute shall be kept in full force and effect during the entire period covered by the license. A separate application for license shall be made, and bond filed, for each place of business at which a person who is required to procure a distributor's license proposes to engage in business as a distributor under this Act.

The Department, upon receipt of an application and bond in proper form, shall issue to the applicant a license, in a form prescribed by the Department, which shall permit the applicant to whom it is issued to engage in business as a distributor at the place shown on his or her application. The license shall be issued by the Department without charge or cost to the applicant. No license issued under this Act is transferable or assignable. The license shall be conspicuously displayed in the place of business conducted by the licensee under the license.

The bonding requirement in this Section does not apply to an applicant for a distributor's license who is already bonded under the Cigarette Tax Act or the Cigarette Use Tax Act. Licenses issued by the Department under this Act shall be valid for a period not to exceed one year after issuance unless sooner revoked, canceled, or suspended as provided in this Act.

New matter indicated by italics - deletions by strikeout
No license shall be issued to any person who is in default to the State of Illinois for moneys due under this Act or any other tax Act administered by the Department.

The Department may, in its discretion, upon application, authorize the payment of the tax imposed under Section 10-10 by any distributor or manufacturer not otherwise subject to the tax imposed under this Act who, to the satisfaction of the Department, furnishes adequate security to ensure payment of the tax. The distributor or manufacturer shall be issued, without charge, a license to remit the tax. When so authorized, it shall be the duty of the distributor or manufacturer to remit the tax imposed upon the wholesale price of tobacco products sold or otherwise disposed of to retailers or consumers located in this State, in the same manner and subject to the same requirements as any other distributor or manufacturer licensed under this Act.

The Department may revoke, suspend, or cancel the license of a distributor of roll-your-own tobacco (as that term is used in Section 10 of the Tobacco Product Manufacturers' Escrow Act) under this Act if the tobacco product manufacturer, as defined in Section 10 of the Tobacco Product Manufacturers' Escrow Act, that made or sold the roll-your-own tobacco has failed to become a participating manufacturer, as defined in subdivision (a)(1) of Section 15 of the Tobacco Product Manufacturers' Escrow Act, or has failed to create a qualified escrow fund for any roll-your-own tobacco manufactured by the tobacco product manufacturer and sold in this State or otherwise failed to bring itself into compliance with subdivision (a)(2) of Section 15 of the Tobacco Product Manufacturers' Escrow Act.

Any person aggrieved by any decision of the Department under this Section may, within 20 days after notice of that decision, protest and request a hearing, whereupon the Department must give notice to that person of the time and place fixed for the hearing and must hold a hearing in conformity with the provisions of this Act and then issue its final administrative decision in the matter to that person. In the absence of such a protest within 20 days, the Department's decision becomes final without any further determination being made or notice given.

Sec. 10-21. Retailer's license. Beginning on January 1, 2016, no person may engage in business as a retailer of tobacco products in this State without first having obtained a license from the Department. Application for license shall be made to the Department, by electronic means, in a form prescribed by the Department. Each applicant for a license under this Act...
Section shall furnish to the Department, in an electronic format established by the Department, the following information:

(1) the name and address of the applicant;
(2) the address of the location at which the applicant proposes to engage in business as a retailer of tobacco products in this State;
(3) such other additional information as the Department may lawfully require by its rules and regulations.

The annual license fee payable to the Department for each retailer's license shall be $75. The fee will be deposited into the Tax Compliance and Administration Fund and shall be used for the cost of tobacco retail inspection and contraband tobacco and tobacco smuggling with at least two-thirds of the money being used for contraband tobacco and tobacco smuggling operations and enforcement.

Each applicant for license shall pay such fee to the Department at the time of submitting its application for license to the Department. The Department shall require an applicant for a license under this Section to electronically file and pay the fee.

A separate annual license fee shall be paid for each place of business at which a person who is required to procure a retailer's license under this Section proposes to engage in business as a retailer in Illinois under this Act.

The following are ineligible to receive a retailer's license under this Act:

(1) a person who has been convicted of a felony under any federal or State law for smuggling cigarettes or tobacco products or tobacco tax evasion, if the Department, after investigation and a hearing if requested by the applicant, determines that such person has not been sufficiently rehabilitated to warrant the public trust; and
(2) a corporation, if any officer, manager or director thereof, or any stockholder or stockholders owning in the aggregate more than 5% of the stock of such corporation, would not be eligible to receive a license under this Act for any reason.

The Department, upon receipt of an application and license fee, in proper form, from a person who is eligible to receive a retailer's license under this Act, shall issue to such applicant a license in form as prescribed by the Department, which license shall permit the applicant to which it is issued to engage in business as a retailer under this Act at the place shown in his application. All licenses issued by the Department under this Section shall be valid for a period not to exceed one year after issuance unless sooner revoked, canceled or suspended as provided in this Act. A person who obtains a license as a retailer who ceases to do business as specified in the license, or who never commenced business, or who obtains a distributor's license, or whose license is suspended or revoked, shall immediately surrender the license to the Department. The Department shall not issue a license to a retailer unless the retailer is also validly registered under the Retailers Occupation Tax Act.

A retailer as defined under this Act need not obtain an additional license under this Act, but shall be deemed to be sufficiently licensed by virtue of his being properly licensed as a retailer under Section 4g of the Cigarette Tax Act.

Any person aggrieved by any decision of the Department under this subsection may, within 30 days after notice of the decision, protest and request a hearing. Upon receiving a request for a hearing, the Department shall give notice to the person requesting the hearing of the time and place fixed for the hearing and shall hold a hearing in conformity with the provisions of this Act and then issue its final administrative decision in the matter to that person. In the absence of a protest and request for a hearing within 30 days, the Department's decision shall become final without any further determination being made or notice given.

For the purposes of this Section, any violation of subsection (a) of Section 2 of the Prevention of Tobacco Use by Minors and Sale and Distribution of Tobacco Products Act occurring at the retailer's licensed location, during a 24-month period, shall be counted as a violation against the retailer.

If the retailer does not have a training program that facilitates compliance with minimum-age tobacco laws, the Department shall suspend for 3 days the license of that retailer for a second violation of the Prevention of Tobacco Use by Minors and Sale and Distribution of Tobacco Products Act, as provided in subsection (a-5) of Section 2 of that Act.

If the retailer does not have a training program that facilitates compliance with minimum-age tobacco laws, the Department shall suspend for 7 days the license of that retailer for a third violation of the Prevention of Tobacco Use by Minors and Sale and Distribution of Tobacco Products Act, as provided in subsection (a-5) of Section 2 of that Act.

(d) The Department may, by application to any circuit court, obtain an injunction restraining any person who engages in business as a distributor of tobacco products without a license (either because his or her license has been revoked, canceled, or suspended or because of a failure to obtain a license in the first instance) from engaging in that business until that person, as if that person were a new applicant for a license, complies with all of the conditions, restrictions, and requirements of Section 10-20 of this Act and qualifies for and obtains a license. Refusal or neglect to obey the order of the court may result in punishment for contempt.

(105 ILCS 5/29-5.2) (from Ch. 122, par. 29-5.2)
Sec. 29-5.2. Reimbursement of transportation.

New matter indicated by italics - deletions by strikeout
(a) Reimbursement. A custodian of a qualifying pupil shall be entitled to reimbursement in accordance with procedures established by the State Board of Education for qualified transportation expenses paid by such custodian during the school year.

(b) Definitions. As used in this Section:
   (1) "Qualifying pupil" means an individual referred to in subsection (c), as well as an individual who:
      (A) is a resident of the State of Illinois; and
      (B) is under the age of 21 at the close of the school year for which reimbursement is sought; and
      (C) during the school year for which reimbursement is sought was a full-time pupil enrolled in a kindergarten through 12th grade educational program at a school which was a distance of 1 1/2 miles or more from the residence of such pupil; and
      (D) did not live within 1 1/2 miles from the school in which the pupil was enrolled or have access to transportation provided entirely at public expense to and from that school and a point within 1 1/2 miles of the pupil's residence, measured in a manner consistent with Section 29-3.
   (2) "Qualified transportation expenses" means costs reasonably incurred by the custodian to transport, for the purposes of attending regularly scheduled day-time classes, a qualifying pupil between such qualifying pupil's residence and the school at which such qualifying pupil is enrolled, as limited in subsection (e) of this Section, and shall include automobile expenses at the standard mileage rate allowed by the United States Internal Revenue Service as reimbursement for business transportation expense, as well as payments to mass transit carriers, private carriers, and contractual fees for transportation.
   (3) "School" means a public or nonpublic elementary or secondary school in Illinois, attendance at which satisfies the requirements of Section 26-1.
   (4) One and one-half miles distance. For the purposes of this Section, 1 1/2 miles distance shall be measured in a manner consistent with Section 29-3.
   (5) Custodian. The term "custodian" shall mean, with respect to a qualifying pupil, an Illinois resident who is the parent, or parents, or legal guardian of such qualifying pupil.
   (c) An individual, resident of the State of Illinois, who is under the age of 21 at the close of the school year for which reimbursement is sought and who, during that school year, was a full time pupil enrolled in a
kindergarten through 12th grade educational program at a school which was within 1 1/2 miles of the pupil's residence, measured in a manner consistent with Section 29-3, is a "qualifying pupil" within the meaning of this Section if (i) such pupil attends public school in a school district organized under Article 34 of this Code and must walk or otherwise travel along a safe passage route, as designated by the school board, to reach school or return home or (ii) such pupil did not have access to transportation provided entirely at public expense to and from that school and the pupil's residence; and (iii) conditions were such that walking would have constituted a serious hazard to the safety of the pupil due to vehicular traffic. The determination of what constitutes a serious safety hazard within the meaning of this subsection shall in each case be made by the Department of Transportation in accordance with guidelines which the Department, in consultation with the State Superintendent of Education, shall promulgate. Each custodian intending to file an application for reimbursement under subsection (d) for expenditures incurred or to be incurred with respect to a pupil asserted to be a qualified pupil as an individual referred to in this subsection shall first file with the appropriate regional superintendent, on forms provided by the State Board of Education, a request for a determination that a serious safety hazard within the meaning of this subsection (c) exists with respect to such pupil. The Department shall make its determination on all requests so transmitted to it within 30 days, and shall thereupon forward notice of each determination which it has made to the appropriate regional superintendent for immediate transmittal to the custodian affected thereby. The determination of the Department relative to what constitutes a serious safety hazard within the meaning of subsection (c) with respect to any pupil shall be deemed an "administrative decision" as defined in Section 3-101 of the Administrative Review Law; and the Administrative Review Law and all amendments and modifications thereof and rules adopted pursuant thereto shall apply to and govern all proceedings instituted for the

A custodian, including a custodian for a pupil asserted to be a qualified pupil as an individual referred to in subsection (c), who applies in accordance with procedures established by the State Board of Education shall be reimbursed in accordance with the dollar limits set out in this Section. Such procedures shall require application no later than June 30 of each year, documentation as to eligibility, and adequate evidence of expenditures; except that for reimbursement sought pursuant to subsection (c) for the 1985-1986 school year, such procedures shall require application within 21 days after the determination of the Department of Transportation with respect to that school year is transmitted by the regional superintendent to the affected custodian. In the absence of contemporaneous records, an affidavit by the custodian may be accepted as evidence of an expenditure. If the amount appropriated for such reimbursement for any year is less than the amount due each custodian, it shall be apportioned on the basis of the requests approved. Regional Superintendents shall be reimbursed for such costs of administering the program, including costs incurred in administering the provisions of subsection (c), as the State Board of Education determines are reasonable and necessary.

(e) Dollar limit on amount of reimbursement. Reimbursement to custodians for transportation expenses incurred during the 1985-1986 school year, payable in fiscal year 1987, shall be equal to the lesser of (1) the actual qualified transportation expenses, or (2) $50 per pupil. The inspection report shall be posted beginning the business day after the date by which the violation or violations must be corrected as set forth in the inspection report issued by the authority having jurisdiction. Sec. 12. Lease prohibitions. No lease hereafter executed or currently existing between a park owner and tenant in a mobile home park or manufactured home community in this State shall contain any provision:

(a) Permitting the park owner to charge a penalty fee for late payment of rent without allowing a tenant a minimum of 5 days beyond the date the rent is due in which to remit such payment;

(b) Permitting the park owner to charge an amount in excess of one month's rent as a security deposit;

(c) Requiring the tenant to pay any fees not specified in the lease;

(d) Permitting the park owner to transfer, or move, a mobile home to a different lot, including a different lot in the same mobile home park or manufactured home community, during the term of the lease;

(e) Waiving the homeowner's right to a trial by jury.

If one provision of a lease is invalid, that does not affect the validity of the remaining provisions of the lease.

Sec. 18. Security deposit; Interest.

(a) If the lease requires the tenant to provide any deposit with the park owner for the term of the lease, or any part thereof, said deposit shall be considered a Security Deposit. Security Deposits shall be returned in full to the tenant, provided that the tenant has paid all rent due in full for the term of the lease and has caused no actual damage to the premises.

The park owner shall furnish the tenant, within 15 days after termination or expiration of the lease, an itemized list of the damages incurred upon the premises and the estimated cost for the repair of each item. The tenant's failure to object to the itemized list within 15 days shall constitute an agreement upon the amount of damages specified therein. The park owner's failure to furnish such itemized list of damages shall constitute an agreement that no damages have been incurred upon the premises and the entire security deposit shall become immediately due and owing to the tenant.

The tenant's failure to furnish the park owner a forwarding address shall excuse the park owner from furnishing the list required by this Section.

(b) A park owner of any park regularly containing 25 or more mobile homes shall pay interest to the tenant, on any deposit held by the park owner, computed from the date of the deposit at a rate equal to the interest paid by the largest commercial bank, as measured by total assets, having its main banking premises in this State on minimum deposit passbook savings accounts as of December 31 of the preceding year on any such deposit held.
by the park owner for more than 6 months. However, in the event that any portion of the amount deposited is utilized during the period for which it is deposited in order to compensate the owner for non-payment of rent or to make a good faith reimbursement to the owner for damage caused by the tenant, the principal on which the interest accrues may be recomputed to reflect the reduction for the period commencing on the first day of the calendar month following the reduction.

The park owner shall, within 30 days after the end of each 12-month period, pay to the tenant any interest owed under this Section in cash, provided, however, that the amount owed may be applied to rent due if the owner and tenant agree thereto.

A park owner who willfully fails or refuses to pay the interest required by this Act shall, upon a finding by a circuit court that he willfully failed or refused to pay, be liable for an amount equal to the amount of the security deposit, together with court costs and a reasonable attorney's fee.

(c) A park owner, as landlord, shall hold in trust all security deposits received from a tenant in one or more banks, savings banks, or credit unions, the accounts of which are insured by the Federal Deposit Insurance Corporation, the National Credit Union Administration Share Insurance Fund, or other applicable entity under law. A security deposit and the interest due under subsection (b) of this Section is the property of the tenant until the deposit is returned to the tenant or used to compensate, or applied to the tenant's obligations to, the park owner, as landlord, in accordance with the lease or applicable State and local law. The security deposit shall not be commingled with the assets of the park owner, and shall not be subject to the claims of any creditor of the park owner or any party claiming an interest in the deposit through the park owner, including a foreclosing mortgagee or trustee in bankruptcy; provided that this subsection does not prevent a foreclosing mortgagee, receiver, or trustee from taking over control of the applicable bank account holding the security deposits, which may include moving the security deposits to another bank account meeting the requirements of this Section, provided that the mortgagee, receiver, or trustee:

(1) shall continue to hold the security deposits in trust as provided in, and subject to, the provisions of this Section; and
(2) is entitled to use a security deposit to compensate, and apply a security deposit to discharge the obligations of the tenant to, the park owner as permitted by the lease or applicable State and local law.

Protection Act, any school district having a population of less than 500,000 inhabitants is required to alter or reconstruct any school building or permanent, fixed equipment; the district may, by proper resolution, levy a tax for the purpose of making such alteration or reconstruction, based on a survey report by an architect or engineer licensed in this State, upon all of the taxable property of the district at the value as assessed by the Department of Revenue and at a rate not to exceed 0.05% per year for a period sufficient to finance such alteration or reconstruction, upon the following conditions:

1. When there are not sufficient funds available in the operations and maintenance fund of the school district, the school facility occupation tax fund of the district, or the fire prevention and safety fund of the district, as determined by the district on the basis of rules adopted by the State Board of Education, to make such alteration or reconstruction or to purchase and install such permanent, fixed equipment so ordered or determined as necessary. Appropriate school district records must be made available to the State Superintendent of Education, upon request, to confirm this insufficiency.

2. When a certified estimate of an architect or engineer licensed in this State stating the estimated amount necessary to make the alteration or reconstruction or to purchase and install the equipment so ordered has been secured by the school district, and the estimate has been approved by the regional superintendent of schools having jurisdiction over the district and the State Superintendent of Education. Approval must not be granted for any work that has already started without the prior express authorization of the State Superintendent of Education. If the estimate is not approved or is denied approval by the regional superintendent of schools within 3 months after the date on which it is submitted to him or her, the school board of the district may submit the estimate directly to the State Superintendent of Education for approval or denial.

In the case of an emergency situation, where the estimated cost to effectuate emergency repairs is less than the amount specified in Section 10-20.21 of this Code, the school district may proceed with such repairs prior to approval by the State Superintendent of Education, but shall comply with the provisions of subdivision (2) of this subsection (a) as soon thereafter as may be as well as Section 10-20.21 of this Code. If the estimated cost to effectuate emergency repairs is greater than the amount specified in Section 10-20.21 of this Code, then the school district shall proceed in conformity with Section

10-20.21 of this Code and with rules established by the State Board of Education to address such situations. The rules adopted by the State Board of Education to deal with these situations shall stipulate that emergency situations must be expedited and given priority consideration. For purposes of this paragraph, an emergency is a situation that presents an imminent and continuing threat to the health and safety of students or other occupants of a facility, requires complete or partial evacuation of a building or part of a building, or consumes one or more of the 5 emergency days built into the adopted calendar of the school or schools or would otherwise be expected to cause such school or schools to fall short of the minimum school calendar requirements.

(b) Whenever any such district determines that it is necessary for energy conservation purposes that any school building or permanent, fixed equipment should be altered or reconstructed and that such alterations or reconstruction will be made with funds not necessary for the completion of approved and recommended projects contained in any safety survey report or amendments thereto authorized by Section 2-3.12 of this Act; the district may levy a tax or issue bonds as provided in subsection (a) of this Section.

(c) Whenever any such district determines that it is necessary for disabled accessibility purposes and to comply with the school building code that any school building or equipment should be altered or reconstructed and that such alterations or reconstruction will be made with funds not necessary for the completion of approved and recommended projects contained in any safety survey report or amendments thereto authorized under Section 2-3.12 of this Act, the district may levy a tax or issue bonds as provided in subsection (a) of this Section.

(d) Whenever any such district determines that it is necessary for school security purposes and the related protection and safety of pupils and school personnel that any school building or property should be altered or reconstructed or that security systems and equipment (including but not limited to intercom, early detection and warning, access control and television monitoring systems) should be purchased and installed, and that such alterations, reconstruction or purchase and installation of equipment will be made with funds not necessary for the completion of approved and recommended projects contained in any safety survey report or amendment thereto authorized by Section 2-3.12 of this Act and will deter and prevent unauthorized entry or activities upon school property by unknown or dangerous persons, assure early detection and advance warning of any such actual or attempted unauthorized entry or activities and help assure the
continued safety of pupils and school staff if any such unauthorized entry or activity is attempted or occurs; the district may levy a tax or issue bonds as provided in subsection (a) of this Section.

(e) If a school district does not need funds for other fire prevention and safety projects, including the completion of approved and recommended projects contained in any safety survey report or amendments thereto authorized by Section 2-3.12 of this Act, and it is determined after a public hearing (which is preceded by at least one published notice (i) occurring at least 7 days prior to the hearing in a newspaper of general circulation within the school district and (ii) setting forth the time, date, place, and general subject matter of the hearing) that there is a substantial, immediate, and otherwise unavoidable threat to the health, safety, or welfare of pupils due to disrepair of school sidewalks, playgrounds, parking lots, or school bus turnarounds and repairs must be made; then the district may levy a tax or issue bonds as provided in subsection (a) of this Section.

(f) For purposes of this Section a school district may replace a school building or build additions to replace portions of a building when it is determined that the effectuation of the recommendations for the existing building will cost more than the replacement costs. Such determination shall be based on a comparison of estimated costs made by an architect or engineer licensed in the State of Illinois. The new building or addition shall be equivalent in area (square feet) and comparable in purpose and grades served and may be on the same site or another site. Such replacement may only be done upon order of the regional superintendent of schools and the approval of the State Superintendent of Education.

(g) The filing of a certified copy of the resolution levying the tax when accompanied by the certificates of the regional superintendent of schools and State Superintendent of Education shall be the authority of the county clerk to extend such tax.

(h) The county clerk of the county in which any school district levying a tax under the authority of this Section is located, in reducing raised levies, shall not consider any such tax as a part of the general levy for school purposes and shall not include the same in the limitation of any other tax rate which may be extended.

Such tax shall be levied and collected in like manner as all other taxes of school districts, subject to the provisions contained in this Section.

(i) The tax rate limit specified in this Section may be increased to .10% upon the approval of a proposition to effect such increase by a majority of the electors voting on that proposition at a regular scheduled election. Such
proposition may be initiated by resolution of the school board and shall be certified by the secretary to the proper election authorities for submission in accordance with the general election law.

(j) When taxes are levied by any school district for fire prevention, safety, energy conservation, and school security purposes as specified in this Section, and the purposes for which the taxes have been levied are accomplished and paid in full, and there remain funds on hand in the Fire Prevention and Safety Fund from the proceeds of the taxes levied, including interest earnings thereon, the school board by resolution shall use such excess and other board restricted funds, excluding bond proceeds and earnings from such proceeds, as follows:

(1) for other authorized fire prevention, safety, energy conservation, and school security purposes and for required safety inspections; or

(2) for transfer to the Operations and Maintenance Fund for the purpose of abating an equal amount of operations and maintenance purposes taxes.

Notwithstanding subdivision (2) of this subsection (j) and subsection (k) of this Section, through June 30, 2016, the school board may, by proper resolution following a public hearing set by the school board or the president of the school board (that is preceded (i) by at least one published notice over the name of the clerk or secretary of the board, occurring at least 7 days and not more than 30 days prior to the hearing, in a newspaper of general circulation within the school district and (ii) by posted notice over the name of the clerk or secretary of the board, at least 48 hours before the hearing, at the principal office of the school board or at the building where the hearing is to be held if a principal office does not exist, with both notices setting forth the time, date, place, and subject matter of the hearing), transfer surplus life safety taxes and interest earnings thereon to the Operations and Maintenance Fund for building repair work.

(k) If any transfer is made to the Operation and Maintenance Fund, the secretary of the school board shall within 30 days notify the county clerk of the amount of that transfer and direct the clerk to abate the taxes to be extended for the purposes of operations and maintenance authorized under Section 17-2 of this Act by an amount equal to such transfer.

(l) If the proceeds from the tax levy authorized by this Section are insufficient to complete the work approved under this Section, the school board is authorized to sell bonds without referendum under the provisions of

New matter indicated by italics - deletions by strikeout
this Section in an amount that, when added to the proceeds of the tax levy authorized by this Section, will allow completion of the approved work.

(m) Any bonds issued pursuant to this Section shall bear interest at a rate not to exceed the maximum rate authorized by law at the time of the making of the contract, shall mature within 20 years from date, and shall be signed by the president of the school board and the treasurer of the school district.

(n) In order to authorize and issue such bonds, the school board shall adopt a resolution fixing the amount of bonds, the date thereof, the maturities thereof, rates of interest thereof, place of payment and denomination, which shall be in denominations of not less than $100 and not more than $5,000, and provide for the levy and collection of a direct annual tax upon all the taxable property in the school district sufficient to pay the principal and interest on such bonds to maturity. Upon the filing in the office of the county clerk of the county in which the school district is located of a certified copy of the resolution, it is the duty of the county clerk to extend the tax therefor in addition to and in excess of all other taxes heretofore or hereafter authorized to be levied by such school district.

(o) After the time such bonds are issued as provided for by this Section, if additional alterations or reconstructions are required to be made because of surveys conducted by an architect or engineer licensed in the State of Illinois, the district may levy a tax at a rate not to exceed .05% per year upon all the taxable property of the district or issue additional bonds, whichever action shall be the most feasible.

(p) This Section is cumulative and constitutes complete authority for the issuance of bonds as provided in this Section notwithstanding any other statute or law to the contrary.

(q) With respect to instruments for the payment of money issued under this Section either before, on, or after the effective date of Public Act 86-004 (June 6, 1989), it is, and always has been, the intention of the General Assembly (i) that the Omnibus Bond Acts are, and always have been, supplementary grants of power to issue instruments in accordance with the Omnibus Bond Acts, regardless of any provision of this Act that may appear to be or to have been more restrictive than those Acts, (ii) that the provisions of this Section are not a limitation on the supplementary authority granted by the Omnibus Bond Acts, and (iii) that instruments issued under this Section within the supplementary authority granted by the Omnibus Bond Acts are not invalid because of any provision of this Act that may appear to be or to have been more restrictive than those Acts.

(r) When the purposes for which the bonds are issued have been accomplished and paid for in full and there remain funds on hand from the proceeds of the bond sale and interest earnings therefrom, the board shall, by resolution, use such excess funds in accordance with the provisions of Section 10-22.14 of this Act.

(s) Whenever any tax is levied or bonds issued for fire prevention, safety, energy conservation, and school security purposes, such proceeds shall be deposited and accounted for separately within the Fire Prevention and Safety Fund.

Sec. 15-35. Vendor portal. Each chief procurement officer may, in consultation with the agencies under his or her jurisdiction and the Procurement Policy Board, establish a vendor portal. The vendor portal shall allow a potential prospective vendor to provide certifications, disclosures, registrations, and other documentation needed to do business with a State agency in advance of any particular procurement. A potential prospective vendor who registers with the vendor portal and provides this information may submit its registration number, with a confirmation that the portal information remains current, as part of its response to a competitive selection or a contracting process, rather than submit the same information in full. One or more chief procurement officers may jointly operate a vendor portal if a single portal would better serve the needs of the State agencies and the vendor community. A chief procurement officer may accept, for use on procurements and contracts under his or her jurisdiction, the registration from another chief procurement officer's vendor portal. This Section applies notwithstanding any laws to the contrary except for later enacted laws that specifically refer to this Section.

Nothing in this Section shall preclude a State agency from implementing its own pre-qualification, certification, disclosure, and registration requirements necessary to conduct and manage its program operation.

All decisions to permit the correction or withdrawal of bids based on bid mistakes shall be supported by written determination made by a State purchasing officer.

(g) Award. The contract shall be awarded with reasonable promptness by written notice to the lowest responsible and responsive bidder whose bid meets the requirements and criteria set forth in the invitation for bids, except when a State purchasing officer determines it is not in the best interest of the State and by written explanation determines another bidder shall receive the award. The explanation shall appear in the appropriate volume of the Illinois Procurement Bulletin. The written explanation must include:

1. a description of the agency's needs;
2. a determination that the anticipated cost will be fair and reasonable;
3. a listing of all responsible and responsive bidders; and
4. the name of the bidder selected, the total contract price, and the reasons for selecting that bidder.

Each chief procurement officer may adopt guidelines to implement the requirements of this subsection (g).

(h) Multi-step sealed bidding. When it is considered impracticable to initially prepare a purchase description to support an award based on price, an invitation for bids may be issued requesting the submission of unpriced offers to be followed by an invitation for bids limited to those bidders whose offers have been qualified under the criteria set forth in the first solicitation.

(i) Alternative procedures. Notwithstanding any other provision of this Act to the contrary, the Director of the Illinois Power Agency may create alternative bidding procedures to be used in procuring professional services under subsection (a) of Section 1-75 and subsection (d) of Section 1-78 of the Illinois Power Agency Act and Section 16-111.5(c) of the Public Utilities Act and to procure renewable energy resources under Section 1-56 of the Illinois Power Agency Act. procurement description, (ii) all contractual terms, whenever practical, and

will be received in an electronic auction manner.

manner as provided in subsection (c).

   Bids shall be accepted electronically at the time and in the manner
designated in the invitation for bids. During the auction, a bidder's price shall
be disclosed to other bidders. Bidders shall have the opportunity to reduce
their bid prices during the auction. At the conclusion of the auction, the
record of the bid prices received and the name of each bidder shall be open
to public inspection.

   After the auction period has terminated, withdrawal of bids shall be
permitted as provided in subsection (f).

   The contract shall be awarded within 60 calendar days after the
auction by written notice to the lowest responsible bidder, or all bids shall be

The first part of all proposals shall be evaluated and ranked independently of the second part of all proposals.
(f) Discussion with responsible offerors and revisions of offers or proposals. As provided in the request for proposals and under rules, discussions may be conducted with responsible offerors who submit offers or proposals determined to be reasonably susceptible of being selected for award for the purpose of clarifying and assuring full understanding of and responsiveness to the solicitation requirements. Those offerors shall be accorded fair and equal treatment with respect to any opportunity for discussion and revision of proposals. Revisions may be permitted after submission and before award for the purpose of obtaining best and final offers. In conducting discussions there shall be no disclosure of any information derived from proposals submitted by competing offerors. If information is disclosed to any offeror, it shall be provided to all competing offerors.

Sec. 20-25. Sole source procurements.

(a) In accordance with standards set by rule, contracts may be awarded without use of the specified method of source selection when there is only one economically feasible source for the item. A State contract may be awarded as a sole source procurement unless an interested party submits a written request for a public hearing at which the chief procurement officer and purchasing agency present written justification for the procurement method. Any interested party may present testimony. A sole source contract where a hearing was requested by an interested party may be awarded after the hearing is conducted with the approval of the chief procurement officer.

(b) This Section may not be used as a basis for amending a contract for professional or artistic services if the amendment would result in an increase in the amount paid under the contract of more than 5% of the initial award, or would extend the contract term beyond the time reasonably needed for a competitive procurement, not to exceed 2 months.

(c) Notice of intent to enter into a sole source contract shall be provided to the Procurement Policy Board and published in the online electronic Bulletin at least 14 calendar days before the public hearing required in subsection (a). The notice shall include the sole source

procurement justification form prescribed by the Board, a description of the item to be procured, the intended sole source contractor, and the date, time, and location of the public hearing. A copy of the notice and all documents provided at the hearing shall be included in the subsequent Procurement Bulletin.

(d) By August 1 each year, each chief procurement officer shall file a report with the General Assembly identifying each contract the officer sought under the sole source procurement method and providing the justification given for seeking sole source as the procurement method for each of those contracts.

Sec. 20-30. Emergency purchases.

(a) Conditions for use. In accordance with standards set by rule, a purchasing agency may make emergency procurements without competitive sealed bidding or prior notice when there exists a threat to public health or public safety, or when immediate expenditure is necessary for repairs to State property in order to protect against further loss of or damage to State property, to prevent or minimize serious disruption in critical State services that affect health, safety, or collection of substantial State revenues, or to ensure the integrity of State records; provided, however, that the term of the emergency purchase shall be limited to the time reasonably needed for a competitive procurement, not to exceed 90 calendar days. A contract may be extended beyond 90 calendar days if the chief procurement officer determines additional time is necessary and that the contract scope and duration are limited to the emergency. Prior to execution of the extension, the chief procurement officer must hold a public hearing and provide written justification for all emergency contracts. Members of the public may present testimony. Emergency procurements shall be made with as much competition as is practicable under the circumstances. A written description of the basis for the emergency and reasons for the selection of the particular contractor shall be included in the contract file.

(b) Notice. Notice of all emergency procurements shall be provided to the Procurement Policy Board and published in the online electronic Bulletin no later than 5 calendar business days after the contract is awarded. Notice of intent to extend an emergency contract shall be provided to the Procurement Policy Board and published in the online electronic

Notice shall include at least a description of the need for the emergency purchase, the contractor, and if applicable, the date, time, and location of the public hearing. A copy of this notice and all documents provided at the hearing shall be included in the subsequent Procurement Bulletin. Before the next appropriate volume of the Illinois Procurement Bulletin, the purchasing agency shall publish in the Illinois Procurement Bulletin a copy of each written description and reasons and the total cost of each emergency procurement made during the previous month. When only an estimate of the total cost is known at the time of publication, the estimate shall be identified as an estimate and published. When the actual total cost is determined, it shall also be published in like manner before the 10th day of the next succeeding month.

(c) Affidavits. A chief procurement officer making a procurement under this Section shall file affidavits with the Procurement Policy Board and the Auditor General within 10 calendar days after the procurement setting forth the amount expended, the name of the contractor involved, and the conditions and circumstances requiring the emergency procurement. When only an estimate of the cost is available within 10 calendar days after the procurement, the actual cost shall be reported immediately after it is determined. At the end of each fiscal quarter, the Auditor General shall file with the Legislative Audit Commission and the Governor a complete listing of all emergency procurements reported during that fiscal quarter. The Legislative Audit Commission shall review the emergency procurements so reported and, in its annual reports, advise the General Assembly of procurements that appear to constitute an abuse of this Section.

(d) Quick purchases. The chief procurement officer may promulgate rules extending the circumstances by which a purchasing agency may make purchases under this Section, including but not limited to the procurement of items available at a discount for a limited period of time.

(e) The changes to this Section made by this amendatory Act of the 96th General Assembly apply to procurements executed on or after its effective date.

A business entity required to register under this subsection due to item (iii) has a continuing duty to ensure that the registration is accurate in accordance with subsection (e).

(d) Any business entity, not required under subsection (c) to register within 30 days after the effective date of this amendatory Act of the 95th General Assembly, whose aggregate bids and proposals on State contracts annually total more than $50,000, or whose aggregate bids and proposals on State contracts combined with the business entity's aggregate annual total value of State contracts exceed $50,000, shall register with the State Board of Elections in accordance with Section 9-35 of the Election Code prior to submitting to a State agency the bid or proposal whose value causes the business entity to fall within the monetary description of this subsection. (c) The disclosure in subsection (b) is not intended to prohibit or
prevent any contract. The disclosure is meant to fully and publicly disclose
any potential conflict to the chief procurement officers, State purchasing

(d) When a potential for a conflict of interest is identified, discovered,

with the objectives of subsection (c), if the Procurement Policy Board finds
evidence of a potential conflict of interest not originally disclosed by the

A chief procurement officer is prohibited from awarding a contract before a hearing if the Board recommendation does not support a bid or offer. The recommendation and proceedings of any hearing, if applicable, shall be available to the public.

(e) These thresholds and disclosure do not relieve the chief procurement officer, the State purchasing officer, or their designees from reasonable care and diligence for any contract, bid, offer, or submission to a vendor portal or proposal. The chief procurement officer, the State purchasing officer, or their designees shall be responsible for using any reasonably known and publicly available information to discover any undisclosed potential conflict of interest and act to protect the best interest of the State of Illinois.

(f) Inadvertent or accidental failure to fully disclose shall render the contract, bid, offer, proposal, subcontract, or relationship voidable by the chief procurement officer if he or she deems it in the best interest of the State of Illinois and, at his or her discretion, may be cause for barring from future contracts, bids, offers, proposals, subcontracts, or relationships with the State for a period of up to 2 years.

(g) Intentional, willful, or material failure to disclose shall render the contract, bid, offer, proposal, subcontract, or relationship voidable by the chief procurement officer if he or she deems it in the best interest of the State of Illinois and shall result in debarment from future contracts, bids, offers, proposals, subcontracts, or relationships for a period of not less than 2 years and not more than 10 years. Reinstatement after 2 years and before 10 years must be reviewed and commented on in writing by the Governor of the State of Illinois, or by an executive ethics board or commission he or she might designate. When the State of Illinois is a party to a joint purchase agreement pursuant to subsection (a-5) of Section 2, the State may act as the lead state or as a participant state. When the State of Illinois is the lead state, all such joint purchases shall be conducted in accordance with the Illinois Procurement Code. When Illinois is a participant state, all such joint purchases shall be conducted in accordance with the procurement laws of the lead state; provided that all such joint procurements must be by competitive solicitation process. All resulting awards shall be published in the appropriate volume of the Illinois Procurement Bulletin as may be required by Illinois law governing publication of the solicitation, protest, and award of Illinois State contracts. Contracts resulting from a joint purchase shall contain all provisions required by Illinois law and rule.

The personal property, supplies or services involved shall be distributed or rendered directly to each governmental unit taking part in the purchase. The person selling the personal property, supplies or services may bill each governmental unit separately for its proportionate share of the cost of the personal property, supplies or services purchased.

The credit or liability of each governmental unit shall remain separate and distinct. Disputes between bidders and governmental units shall be resolved between the immediate parties.

Sec. 4. Bids, offers, and small purchases and proposals. The purchases of all personal property, supplies and services under this Act, except for small purchases, shall be based on competitive solicitations and shall follow the same procedures used for competitive solicitations made pursuant to the Illinois Procurement Code. For purchases pursuant to subsection (a) of Section 2, bids and offers and proposals shall be solicited by public notice inserted at least once in a newspaper of general circulation in one of the counties where the materials are to be used and at least 5 calendar days before the final date of submitting bids or offers or proposals. Where the State of Illinois is a party to the joint purchase agreement, public
notice soliciting the bids or offers shall be published in the appropriate volume of the Illinois Procurement Bulletin. Such notice shall include a general description of the personal property, supplies or services to be purchased and shall state where all blanks and specifications may be obtained and the time and place for the opening of bids and offers and proposals. The governmental unit conducting the competitive procurement selection process may also solicit sealed bids or offers or proposals by sending requests by mail to potential contractors, prospective suppliers and by posting notices on a public bulletin board in its office. Small purchases pursuant to this Section shall follow the same procedure used for small purchases in Section 20-20 of the Illinois Procurement Code.

All purchases, orders or contracts shall be awarded to the lowest responsible bidder or highest-ranked offeror proposer, taking into consideration the qualities of the articles or services supplied, their conformity with the specifications, their suitability to the requirements of the participating governmental units and the delivery terms.

Where the State of Illinois is not a party, all bids or offers or proposals may be rejected and new bids or offers or proposals solicited if one or more of the participating governmental units believes the public interest may be served thereby. Each bid or offer, or proposal, with the name of the bidder or offeror, or proposer, shall be entered on a record, which record with the successful bid or offer, or proposal indicated thereon shall, after the award of the purchase or order or contract, be open to public inspection. A copy of all contracts shall be filed with the purchasing office or clerk or secretary of each participating governmental unit.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Solid Waste Hauling and Recycling Program Act.

Section 5. Definitions. As used in this Act, unless the context clearly indicates otherwise:

"County" means a county in Illinois having a population of 3,000,000 or more, and any county that is contiguous to that county.

"Hauler" means any person who engages in the business of collecting or hauling garbage, municipal waste, recyclable material, landscape waste, brush, or other refuse on a continuous and regular basis, and makes multiple scheduled collections per month within a county.

"Landscape waste" means all accumulations of grass or shrubbery cuttings, leaves, tree limbs, and other materials accumulated as the result of the care of lawns, shrubbery, vines, and trees.

"Municipal waste" means garbage, general household institutional and commercial waste, industrial lunchroom or office waste, and landscape waste. "Municipal waste" also includes "garbage", "refuse", and "ashes", as those terms are defined in Section 11-19-2 of the Municipal Code.

"Municipality" means a municipality, as defined in Section 1 of Article VII of the Illinois Constitution, that is located either partially or wholly within the boundaries of a county as defined in this Section. "Municipality" does not include a municipality with a population of 2,000,000 or more.

"Person" means any business, public or private corporation, partnership, association, government agency, municipality, unit of local government, or other legal entity.

"Recycling" means a method, technique, or process designed to remove any contaminant from waste so as to render that waste reusable, or any process by which materials that would otherwise be disposed of or discarded are collected, separated, or processed and returned to the economic mainstream in the form of raw materials or products.

"Recyclable material" means material that is separated from municipal waste for the purpose of recycling, including, but not limited to, ferrous metal cans, aluminum containers, glass, plastics including HDPE or PET containers and plastics #3 through #7, newsprint, corrugated paper, junk mail, magazines, office paper, and boxboard.

Section 10. Collection of recyclable materials.

(a) Each hauler operating in a county or municipality shall offer, either as part of basic service, or alternatively as an additional service, the collection of recyclable materials from any commercial business, commercial property, or institutional facility within that county or municipality. Haulers shall provide information on how and what materials to recycle at least once every other year to customers with recycling service. Haulers shall provide a written offer to provide recycling services to commercial businesses, owners or operators of commercial property, and institutional facilities that are not recycling. Those offers shall be made at least once during the term of the contract or at least once every 2 years, whichever is shorter. The hauler's written offer shall include a request that the commercial business, owner or operator of the commercial business, or institutional facility respond to the hauler's request to provide recycling services in writing.

(b) Recyclable materials collected by a hauler within a county or municipality shall not be deposited into a landfill or incinerator unless all reasonable efforts have been made by the hauler to sell those recyclable materials to a processor or end user.

(c) Ownership of recyclable materials set out for collection shall remain with the commercial business, commercial property owner, or institutional facility that set out the material for collection until the material is removed by the hauler.

Section 15. Compliance. Nothing in this Act shall exempt a hauler from obtaining a license or permit required by other applicable laws or regulations. The hauler shall at all times operate in compliance with all applicable laws and regulations.

In the event of a conflict between this Act and any other law, including, but not limited to, the Solid Waste Planning and Recycling Act, the Counties Code, and the Illinois Municipal Code, this Act shall control.

Section 20. Applicability. Nothing in this Act shall apply to a contract or franchise awarded pursuant to Section 11-19-1 of the Municipal Code, entered into before the effective date of this Act. Nothing in this Act shall apply to a municipality with a population of 2,000,000 or more.

Section 25. Home Rule. No home rule municipality with a population of less than 2,000,000 or home rule county may provide for the collection of recyclable materials in a manner less restrictive than the provisions of this Act. This Act is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule municipalities or home rule counties of powers and functions exercised by the State.

Section 90. The Illinois Municipal Code is amended by changing Section 11-19-1 as follows:

(a) Any city, village or incorporated town may make contracts with any other city, village, or incorporated town or with any person, corporation, or county, or any agency created by intergovernmental agreement, for more than one year and not exceeding 30 years relating to the collection and final disposition, or relating solely to either the collection or final disposition of garbage, refuse and ashes. A municipality may contract with private industry to operate a designated facility for the disposal, treatment or recycling of solid waste, and may enter into contracts with private firms or local governments for the delivery of waste to such facility. In regard to a contract involving a garbage, refuse, or garbage and refuse incineration facility, the 30 year contract limitation imposed by this Section shall be computed so that the 30 years shall not begin to run until the date on which the facility actually begins accepting garbage or refuse. The payments required in regard to any contract entered into under this Division 19 shall not be regarded as indebtedness of the city, village, or incorporated town, as the case may be, for the purpose of any debt limitation imposed by any law.

(a-5) If a municipality with a population of less than 1,000,000 located in a county as defined in the Solid Waste and Recycling Program Act has never awarded a franchise to a private entity for the collection of waste from non-residential locations, then the municipality may not award a franchise unless:

New matter indicated by italics - deletions by strikeout
(1) the municipality provides prior written notice to all haulers licensed to provide waste hauling service in that municipality of the municipality's intent to issue a request for proposal under this Section;

(2) the municipality adopts an ordinance requiring each licensed hauler, for a period of no less than 36 continuous months commencing on the first day of the month following the effective date of such ordinance, to report every 6 months to the municipality the number of non-residential locations served by the hauler in the municipality and the number of non-residential locations contracting with the hauler for the recyclable materials collection service pursuant to Section 10 of the Solid Waste Hauling and Recycling Program Act; and

(3) the report to the municipality required under paragraph (2) of this subsection (a-5) for the final 6 months of that 36-month period establishes that less than 50% of the non-residential locations in the municipality contract for recyclable material collection services pursuant to Section 10 of the Solid Waste Hauling and Recycling Program Act.

All such reports shall be filed with the municipality by the hauler on or before the last day of the month following the end of the 6-month reporting period. Within 15 days after the last day for licensed haulers to file such reports, the municipality shall post on its website: (i) the information provided by each hauler pursuant to paragraph (2) of this subsection (a-5), without identifying the hauler; and (ii) the aggregate number of non-residential locations served by all licensed haulers in the municipality and the aggregate number of non-residential locations contracting with all licensed haulers in the municipality for the recyclable materials collection service under Section 10 of the Solid Waste Hauling and Recycling Program Act.

(a-10) Beginning at the conclusion of the 36-month reporting period and thereafter, and upon written request of the municipality, each licensed hauler shall, for every 6-month period, report to the municipality (i) the number of non-residential locations served by the hauler in the municipality and the number of non-residential locations contracting with the hauler for the recyclable materials collection service pursuant to Section 10 of the Solid Waste Hauling and Recycling Program Act, (ii) an estimate of the quantity of recyclable materials, in tons, collected by the hauler in the municipality from non-residential locations contracting with the hauler for recyclable

materials collection service pursuant to Section 10 of the Solid Waste Hauling and Recycling Program Act, and (iii) an estimate of the quantity of municipal waste, in tons, collected by the hauler in the municipality from those non-residential locations. All reports for that 6-month period shall be filed with the municipality by the hauler on or before the last day of the month following the end of the 6-month reporting period. Within 15 days after the last day for licensed haulers to file such reports, the municipality shall post on its website: (i) the information provided by each hauler pursuant to this subsection (a-10), without identifying the hauler; and (ii) the aggregate number of non-residential locations served by all licensed haulers in the municipality and the aggregate number of non-residential locations contracting with all licensed haulers in the municipality for the recyclable materials collection service under Section 10 of the Solid Waste Hauling and Recycling Program Act.

A municipality subject to subsection (a-5) of this Section may not award a franchise unless 2 consecutive 6-month reports determine that less than 50% of the non-residential locations within the municipality contract for recyclable material collection service pursuant to Section 10 of the Solid Waste Hauling and Recycling Program Act.

(b) If a municipality with a population of less than 1,000,000 has never awarded a franchise to a private entity for the collection of waste from non-residential locations, then that municipality may not award such a franchise without issuing a request for proposal. The municipality may not issue a request for proposal without first: (i) holding at least one public hearing seeking comment on the advisability of issuing a request for proposal and awarding a franchise; (ii) providing at least 30 days' written notice of the hearing, delivered by first class mail to all private entities that provide non-residential waste collection services within the municipality that the municipality is able to identify through its records; and (iii) providing at least 30 days' public notice of the hearing.

After issuing a request for proposal, the municipality may not award a franchise without first: (i) allowing at least 30 days for proposals to be submitted to the municipality; (ii) holding at least one public hearing after the receipt of proposals on whether to award a franchise to a proposed franchisee; and (iii) providing at least 30 days' public notice of the hearing. At the public hearing, the municipality must disclose and discuss the proposed franchise fee or calculation formula of such franchise fee that it will receive under the proposed franchise.

(b-5) If no request for proposal is issued within 120 days after the initial public hearing required in subsection (b), then the municipality must hold another hearing as outlined in subsection (b).

(b-10) If a municipality has not awarded a franchise within 210 days after the date that a request for proposal is issued pursuant to subsection (b), then the municipality must adhere to all of the requirements set forth in subsections (b) and (b-5).

(b-15) The franchise fee and any other fees, taxes, or charges imposed by the municipality in connection with a franchise for the collection of waste from non-residential locations must be used exclusively for costs associated with administering the franchise program.

(c) If a municipality with a population of less than 1,000,000 has never awarded a franchise to a private entity for the collection of waste from non-residential locations, then a private entity may not begin providing waste collection services to non-residential locations under a franchise agreement with that municipality at any time before the date that is 15 months after the date the ordinance or resolution approving the award of the franchise is adopted.

(d) For purposes of this Section, "waste" means garbage, refuse, or ashes as defined in Section 11-19-2.

(e) A home rule unit may not award a franchise to a private entity for the collection of waste in a manner contrary to the provisions of this Section. This Section is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State.

Section 5. If and only if House Bill 2317 of the 98th General Assembly becomes law, then the Use Tax Act is amended by changing Section 2 as follows:

(35 ILCS 105/2) (from Ch. 120, par. 439.2)
Sec. 2. "Use" means the exercise by any person of any right or power over tangible personal property incident to the ownership of that property, except that it does not include the sale of such property in any form as tangible personal property in the regular course of business to the extent that such property is not first subjected to a use for which it was purchased, and does not include the use of such property by its owner for demonstration purposes: Provided that the property purchased is deemed to be purchased for the purpose of resale, despite first being used, to the extent to which it is resold as an ingredient of an intentionally produced product or by-product of manufacturing. "Use" does not mean the demonstration use or interim use of tangible personal property by a retailer before he sells that tangible personal property. For watercraft or aircraft, if the period of demonstration use or interim use by the retailer exceeds 18 months, the retailer shall pay on the retailers' original cost price the tax imposed by this Act, and no credit for that tax is permitted if the watercraft or aircraft is subsequently sold by the retailer. "Use" does not mean the physical incorporation of tangible personal property, to the extent not first subjected to a use for which it was purchased, as an ingredient or constituent, into other tangible personal property (a) which is sold in the regular course of business or (b) which the person incorporating such ingredient or constituent therein has undertaken at the time of such purchase to cause to be transported in interstate commerce to destinations outside the State of Illinois: Provided that the property purchased is deemed to be purchased for the purpose of resale, despite first being used, to the extent to which it is resold as an ingredient of an intentionally produced product or by-product of manufacturing.

"Watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

"Purchase at retail" means the acquisition of the ownership of or title to tangible personal property through a sale at retail.

"Purchaser" means anyone who, through a sale at retail, acquires the ownership of tangible personal property for a valuable consideration.

"Sale at retail" means any transfer of the ownership of or title to tangible personal property to a purchaser, for the purpose of use, and not for the purpose of resale in any form as tangible personal property to the extent not first subjected to a use for which it was purchased, for a valuable consideration: Provided that the property purchased is deemed to be purchased for the purpose of resale, despite first being used, to the extent to which it is resold as an ingredient of an intentionally produced product or by-product of manufacturing. For this purpose, slag produced as an incident to manufacturing pig iron or steel and sold is considered to be an intentionally produced by-product of manufacturing. "Sale at retail" includes any such transfer made for resale unless made in compliance with Section 2c of the Retailers' Occupation Tax Act, as incorporated by reference into Section 12 of this Act. Transactions whereby the possession of the property is transferred but the seller retains the title as security for payment of the selling price are sales.

"Sale at retail" shall also be construed to include any Illinois florist's sales transaction in which the purchase order is received in Illinois by a florist and the sale is for use or consumption, but the Illinois florist has a florist in another state deliver the property to the purchaser or the purchaser's donee in such other state.

Nonreusable tangible personal property that is used by persons engaged in the business of operating a restaurant, cafeteria, or drive-in is a sale for resale when it is transferred to customers in the ordinary course of business as part of the sale of food or beverages and is used to deliver, package, or consume food or beverages, regardless of where consumption of the food or beverages occurs. Examples of those items include, but are not limited to nonreusable, paper and plastic cups, plates, baskets, boxes, sleeves, buckets or other containers, utensils, straws, placemats, napkins, doggie bags, and wrapping or packaging materials that are transferred to customers as part of the sale of food or beverages in the ordinary course of business.

The purchase, employment and transfer of such tangible personal property as newsprint and ink for the primary purpose of conveying news (with or without other information) is not a purchase, use or sale of tangible personal property.

"Selling price" means the consideration for a sale valued in money whether received in money or otherwise, including cash, credits, property other than as hereinafter provided, and services, but not including the value of or credit given for traded-in tangible personal property where the item that is traded-in is of like kind and character as that which is being sold, and shall be determined without any deduction on account of the cost of the property sold, the cost of materials used, labor or service cost or any other expense whatsoever, but does not include interest or finance charges which appear as separate items on the bill of sale or sales contract nor charges that are added to prices by sellers on account of the seller's tax liability under the "Retailers' Occupation Tax Act", or on account of the seller's duty to collect, from the purchaser, the tax that is imposed by this Act, or, except as otherwise provided with respect to any cigarette tax imposed by a home rule unit, on account of the seller's tax liability under any local occupation tax administered by the Department, or, except as otherwise provided with respect to any cigarette tax imposed by a home rule unit on account of the seller's duty to collect, from the purchasers, the tax that is imposed under any local use tax administered by the Department. Effective December 1, 1985, "selling price" shall include charges that are added to prices by sellers on account of the seller's tax liability under the Cigarette Tax Act, on account of the seller's duty to collect, from the purchaser, the tax imposed under the Cigarette Use Tax Act, and on account of the seller's duty to collect, from the purchaser, any cigarette tax imposed by a home rule unit.

Notwithstanding any law to the contrary, for any motor vehicle, as defined in Section 1-146 of the Vehicle Code, that is sold on or after January 1, 2015 for the purpose of leasing the vehicle for a defined period that is longer than one year and (1) is a motor vehicle of the second division that: (A) is a self-contained motor vehicle designed or permanently converted to provide living quarters for recreational, camping, or travel use, with direct walk through access to the living quarters from the driver's seat; (B) is of the van configuration designed for the transportation of not less than 7 nor more than 16 passengers; or (C) has a gross vehicle weight rating of 8,000 pounds or less or (2) is a motor vehicle of the first division, "selling price" or "amount of sale" means the consideration received by the lessor pursuant to the lease contract, including amounts due at lease signing and all monthly or other regular payments charged over the term of the lease. Also included in the selling price is any amount received by the lessor from the lessee for the leased vehicle that is not calculated at the time the lease is executed, including, but not limited to, excess mileage charges and charges
for excess wear and tear. For sales that occur in Illinois, with respect to any amount received by the lessor from the lessee for the leased vehicle that is not calculated at the time the lease is executed, the lessor who purchased the motor vehicle does not incur the tax imposed by the Use Tax Act on those amounts, and the retailer who makes the retail sale of the motor vehicle to the lessor is not required to collect the tax imposed by this Act or to pay the tax imposed by the Retailers' Occupation Tax Act on those amounts. However, the lessor who purchased the motor vehicle assumes the liability for reporting and paying the tax on those amounts directly to the Department in the same form (Illinois Retailers' Occupation Tax, and local retailers' occupation taxes, if applicable) in which the retailer would have reported and paid such tax if the retailer had accounted for the tax to the Department. For amounts received by the lessor from the lessee that are not calculated at the time the lease is executed, the lessor must file the return and pay the tax to the Department by the due date otherwise required by this Act for returns other than transaction returns. If the retailer is entitled under this Act to a discount for collecting and remitting the tax imposed under this Act to the Department with respect to the sale of the motor vehicle to the lessor, then the right to the discount provided in this Act shall be transferred to the lessor with respect to the tax paid by the lessor for any amount received by the lessor from the lessee for the leased vehicle that is not calculated at the time the lease is executed; provided that the discount is only allowed if the return is timely filed and for amounts timely paid. The "selling price" of a motor vehicle that is sold on or after January 1, 2015 July 1, 2014 for the purpose of leasing for a defined period of longer than one year shall not be reduced by the value of or credit given for traded-in tangible personal property owned by the lessor, nor shall it be reduced by the value of or credit given for traded-in tangible personal property owned by the lessee, regardless of whether the trade-in value thereof is assigned by the lessee to the lessor. In the case of a motor vehicle that is sold for the purpose of leasing for a defined period of longer than one year, the sale occurs at the time of the delivery of the vehicle, regardless of the due date of any lease payments. A lessor who incurs a Retailers' Occupation Tax liability on the sale of a motor vehicle coming off lease may not take a credit against that liability for the Use Tax the lessor paid upon the purchase of the motor vehicle (or for any tax the lessor paid with respect to any amount received by the lessor from the lessee for the leased vehicle that was not calculated at the time the lease was executed) if the selling price of the motor vehicle at the time of purchase was calculated using the definition of "selling price" as defined in this paragraph.
Notwithstanding any other provision of this Act to the contrary, lessors shall file all returns and make all payments required under this paragraph to the Department by electronic means in the manner and form as required by the Department. This paragraph does not apply to leases of motor vehicles for which, at the time the lease is entered into, the term of the lease is not a defined period, including leases with a defined initial period with the option to continue the lease on a month-to-month or other basis beyond the initial defined period.

The phrase "like kind and character" shall be liberally construed (including but not limited to any form of motor vehicle for any form of motor vehicle, or any kind of farm or agricultural implement for any other kind of farm or agricultural implement), while not including a kind of item which, if sold at retail by that retailer, would be exempt from retailers' occupation tax and use tax as an isolated or occasional sale.

"Department" means the Department of Revenue.

"Person" means any natural individual, firm, partnership, association, joint stock company, joint adventure, public or private corporation, limited liability company, or a receiver, executor, trustee, guardian or other representative appointed by order of any court.

"Retailer" means and includes every person engaged in the business of making sales at retail as defined in this Section.

A person who holds himself or herself out as being engaged (or who habitually engages) in selling tangible personal property at retail is a retailer hereunder with respect to such sales (and not primarily in a service occupation) notwithstanding the fact that such person designs and produces such tangible personal property on special order for the purchaser and in such a way as to render the property of value only to such purchaser, if such tangible personal property so produced on special order serves substantially the same function as stock or standard items of tangible personal property that are sold at retail.

A person whose activities are organized and conducted primarily as a not-for-profit service enterprise, and who engages in selling tangible personal property at retail (whether to the public or merely to members and their guests) is a retailer with respect to such transactions, excepting only a person organized and operated exclusively for charitable, religious or educational purposes either (1), to the extent of sales by such person to its members, students, patients or inmates of tangible personal property to be used primarily for the purposes of such person, or (2), to the extent of sales by such person of tangible personal property which is not sold or offered for

sale by persons organized for profit. The selling of school books and school supplies by schools at retail to students is not "primarily for the purposes of" the school which does such selling. This paragraph does not apply to nor subject to taxation occasional dinners, social or similar activities of a person organized and operated exclusively for charitable, religious or educational purposes, whether or not such activities are open to the public.

A person who is the recipient of a grant or contract under Title VII of the Older Americans Act of 1965 (P.L. 92-258) and serves meals to participants in the federal Nutrition Program for the Elderly in return for contributions established in amount by the individual participant pursuant to a schedule of suggested fees as provided for in the federal Act is not a retailer under this Act with respect to such transactions.

Persons who engage in the business of transferring tangible personal property upon the redemption of trading stamps are retailers hereunder when engaged in such business.

The isolated or occasional sale of tangible personal property at retail by a person who does not hold himself out as being engaged (or who does not habitually engage) in selling such tangible personal property at retail or a sale through a bulk vending machine does not make such person a retailer hereunder. However, any person who is engaged in a business which is not subject to the tax imposed by the "Retailers' Occupation Tax Act" because of involving the sale of or a contract to sell real estate or a construction contract to improve real estate, but who, in the course of conducting such business, transfers tangible personal property to users or consumers in the finished form in which it was purchased, and which does not become real estate, under any provision of a construction contract or real estate sale or real estate sales agreement entered into with some other person arising out of or because of such nontaxable business, is a retailer to the extent of the value of the tangible personal property so transferred. If, in such transaction, a separate charge is made for the tangible personal property so transferred, the value of such property, for the purposes of this Act, is the amount so separately charged, but not less than the cost of such property to the transferor; if no separate charge is made, the value of such property, for the purposes of this Act, is the cost to the transferor of such tangible personal property.

"Retailer maintaining a place of business in this State", or any like term, means and includes any of the following retailers:

1. A retailer having or maintaining within this State, directly or by a subsidiary, an office, distribution house, sales house, warehouse or other place of business, or any agent or other
representative operating within this State under the authority of the retailer or its subsidiary, irrespective of whether such place of business or agent or other representative is located here permanently or temporarily, or whether such retailer or subsidiary is licensed to do business in this State. However, the ownership of property that is located at the premises of a printer with which the retailer has contracted for printing and that consists of the final printed product, property that becomes a part of the final printed product, or copy from which the printed product is produced shall not result in the retailer being deemed to have or maintain an office, distribution house, sales house, warehouse, or other place of business within this State.

1.1. Beginning July 1, 2011, a retailer having a contract with a person located in this State under which the person, for a commission or other consideration based upon the sale of tangible personal property by the retailer, directly or indirectly refers potential customers to the retailer by a link on the person's Internet website. The provisions of this paragraph 1.1 shall apply only if the cumulative gross receipts from sales of tangible personal property by the retailer to customers who are referred to the retailer by all persons in this State under such contracts exceed $10,000 during the preceding 4 quarterly periods ending on the last day of March, June, September, and December.

1.2. Beginning July 1, 2011, a retailer having a contract with a person located in this State under which:
   A. the retailer sells the same or substantially similar line of products as the person located in this State and does so using an identical or substantially similar name, trade name, or trademark as the person located in this State; and
   B. the retailer provides a commission or other consideration to the person located in this State based upon the sale of tangible personal property by the retailer.

The provisions of this paragraph 1.2 shall apply only if the cumulative gross receipts from sales of tangible personal property by the retailer to customers in this State under all such contracts exceed $10,000 during the preceding 4 quarterly periods ending on the last day of March, June, September, and December.

2. A retailer soliciting orders for tangible personal property by means of a telecommunication or television shopping system (which utilizes toll free numbers) which is intended by the retailer to be

broadcast by cable television or other means of broadcasting, to consumers located in this State.

3. A retailer, pursuant to a contract with a broadcaster or publisher located in this State, soliciting orders for tangible personal property by means of advertising which is disseminated primarily to consumers located in this State and only secondarily to bordering jurisdictions.

4. A retailer soliciting orders for tangible personal property by mail if the solicitations are substantial and recurring and if the retailer benefits from any banking, financing, debt collection, telecommunication, or marketing activities occurring in this State or benefits from the location in this State of authorized installation, servicing, or repair facilities.

5. A retailer that is owned or controlled by the same interests that own or control any retailer engaging in business in the same or similar line of business in this State.

6. A retailer having a franchisee or licensee operating under its trade name if the franchisee or licensee is required to collect the tax under this Section.

7. A retailer, pursuant to a contract with a cable television operator located in this State, soliciting orders for tangible personal property by means of advertising which is transmitted or distributed over a cable television system in this State.

8. A retailer engaging in activities in Illinois, which activities in the state in which the retail business engaging in such activities is located would constitute maintaining a place of business in that state.

"Bulk vending machine" means a vending machine, containing unsorted confections, nuts, toys, or other items designed primarily to be used or played with by children which, when a coin or coins of a denomination not larger than $0.50 are inserted, are dispensed in equal portions, at random and without selection by the customer.

Section 10. If and only if House Bill 2317 of the 98th General Assembly becomes law, then the Retailers' Occupation Tax Act is amended by changing Section 1 as follows:

(35 ILCS 120/1) (from Ch. 120, par. 440)
Sec. 1. Definitions. "Sale at retail" means any transfer of the ownership of or title to tangible personal property to a purchaser, for the purpose of use or consumption, and not for the purpose of resale in any form

New matter indicated by italics - deletions by strikeout
as tangible personal property to the extent not first subjected to a use for which it was purchased, for a valuable consideration: Provided that the property purchased is deemed to be purchased for the purpose of resale, despite first being used, to the extent to which it is resold as an ingredient of an intentionally produced product or byproduct of manufacturing. For this purpose, slag produced as an incident to manufacturing pig iron or steel and sold is considered to be an intentionally produced byproduct of manufacturing. Transactions whereby the possession of the property is transferred but the seller retains the title as security for payment of the selling price shall be deemed to be sales.

"Sale at retail" shall be construed to include any transfer of the ownership of or title to tangible personal property to a purchaser, for use or consumption by any other person to whom such purchaser may transfer the tangible personal property without a valuable consideration, and to include any transfer, whether made for or without a valuable consideration, for resale in any form as tangible personal property unless made in compliance with Section 2c of this Act.

Sales of tangible personal property, which property, to the extent not first subjected to a use for which it was purchased, as an ingredient or constituent, goes into and forms a part of tangible personal property subsequently the subject of a "Sale at retail", are not sales at retail as defined in this Act: Provided that the property purchased is deemed to be purchased for the purpose of resale, despite first being used, to the extent to which it is resold as an ingredient of an intentionally produced product or byproduct of manufacturing.

"Sale at retail" shall be construed to include any Illinois florist's sales transaction in which the purchase order is received in Illinois by a florist and the sale is for use or consumption, but the Illinois florist has a florist in another state deliver the property to the purchaser or the purchaser's donee in such other state.

Nonreusable tangible personal property that is used by persons engaged in the business of operating a restaurant, cafeteria, or drive-in is a sale for resale when it is transferred to customers in the ordinary course of business as part of the sale of food or beverages and is used to deliver, package, or consume food or beverages, regardless of where consumption of the food or beverages occurs. Examples of those items include, but are not limited to nonreusable, paper and plastic cups, plates, baskets, boxes, sleeves, buckets or other containers, utensils, straws, placemats, napkins, doggie bags,
and wrapping or packaging materials that are transferred to customers as part of the sale of food or beverages in the ordinary course of business.

The purchase, employment and transfer of such tangible personal property as newsprint and ink for the primary purpose of conveying news (with or without other information) is not a purchase, use or sale of tangible personal property.

A person whose activities are organized and conducted primarily as a not-for-profit service enterprise, and who engages in selling tangible personal property at retail (whether to the public or merely to members and their guests) is engaged in the business of selling tangible personal property at retail with respect to such transactions, excepting only a person organized and operated exclusively for charitable, religious or educational purposes either (1), to the extent of sales by such person to its members, students, patients or inmates of tangible personal property to be used primarily for the purposes of such person, or (2), to the extent of sales by such person of tangible personal property which is not sold or offered for sale by persons organized for profit. The selling of school books and school supplies by schools at retail to students is not "primarily for the purposes of" the school which does such selling. The provisions of this paragraph shall not apply to nor subject to taxation occasional dinners, socials or similar activities of a person organized and operated exclusively for charitable, religious or educational purposes, whether or not such activities are open to the public.

A person who is the recipient of a grant or contract under Title VII of the Older Americans Act of 1965 (P.L. 92-258) and serves meals to participants in the federal Nutrition Program for the Elderly in return for contributions established in amount by the individual participant pursuant to a schedule of suggested fees as provided for in the federal Act is not engaged in the business of selling tangible personal property at retail with respect to such transactions.

"Purchaser" means anyone who, through a sale at retail, acquires the ownership of or title to tangible personal property for a valuable consideration.

"Reseller of motor fuel" means any person engaged in the business of selling or delivering or transferring title of motor fuel to another person other than for use or consumption. No person shall act as a reseller of motor fuel within this State without first being registered as a reseller pursuant to Section 2c or a retailer pursuant to Section 2a.

"Selling price" or the "amount of sale" means the consideration for a sale valued in money whether received in money or otherwise, including

cash, credits, property, other than as hereinafter provided, and services, but not including the value of or credit given for traded-in tangible personal property where the item that is traded-in is of like kind and character as that which is being sold, and shall be determined without any deduction on account of the cost of the property sold, the cost of materials used, labor or service cost or any other expense whatsoever, but does not include charges that are added to prices by sellers on account of the seller's tax liability under this Act, or on account of the seller's duty to collect, from the purchaser, the tax that is imposed by the Use Tax Act, or, except as otherwise provided with respect to any cigarette tax imposed by a home rule unit, on account of the seller's tax liability under any local occupation tax administered by the Department, or, except as otherwise provided with respect to any cigarette tax imposed by a home rule unit on account of the seller's duty to collect, from the purchasers, the tax that is imposed under any local use tax administered by the Department. Effective December 1, 1985, "selling price" shall include charges that are added to prices by sellers on account of the seller's tax liability under the Cigarette Tax Act, on account of the seller's duty to collect, from the purchaser, the tax imposed under the Cigarette Use Tax Act, and on account of the seller's duty to collect, from the purchaser, any cigarette tax imposed by a home rule unit.

Notwithstanding any law to the contrary, for any motor vehicle, as defined in Section 1-146 of the Vehicle Code, that is sold on or after January 1, 2015 July 1, 2014 for the purpose of leasing the vehicle for a defined period that is longer than one year and (1) is a motor vehicle of the second division that: (A) is a self-contained motor vehicle designed or permanently converted to provide living quarters for recreational, camping, or travel use, with direct walk through access to the living quarters from the driver's seat; (B) is of the van configuration designed for the transportation of not less than 7 nor more than 16 passengers; or (C) has a gross vehicle weight rating of 8,000 pounds or less or (2) is a motor vehicle of the first division, "selling price" or "amount of sale" means the consideration received by the lessor pursuant to the lease contract, including amounts due at lease signing and all monthly or other regular payments charged over the term of the lease. Also included in the selling price is any amount received by the lessor from the lessee for the leased vehicle that is not calculated at the time the lease is executed, including, but not limited to, excess mileage charges and charges for excess wear and tear. For sales that occur in Illinois, with respect to any amount received by the lessor from the lessee for the leased vehicle that is not calculated at the time the lease is executed, the lessor who purchased the

motor vehicle does not incur the tax imposed by the Use Tax Act on those amounts, and the retailer who makes the retail sale of the motor vehicle to the lessor is not required to collect the tax imposed by the Use Tax Act or to pay the tax imposed by this Act on those amounts. However, the lessor who purchased the motor vehicle assumes the liability for reporting and paying the tax on those amounts directly to the Department in the same form (Illinois Retailers' Occupation Tax, and local retailers' occupation taxes, if applicable) in which the retailer would have reported and paid such tax if the retailer had accounted for the tax to the Department. For amounts received by the lessor from the lessee that are not calculated at the time the lease is executed, the lessor must file the return and pay the tax to the Department by the due date otherwise required by this Act for returns other than transaction returns. If the retailer is entitled under this Act to a discount for collecting and remitting the tax imposed under this Act to the Department with respect to the sale of the motor vehicle to the lessor, then the right to the discount provided in this Act shall be transferred to the lessor with respect to the tax paid by the lessor for any amount received by the lessor from the lessee for the leased vehicle that is not calculated at the time the lease is executed; provided that the discount is only allowed if the return is timely filed and for amounts timely paid. The "selling price" of a motor vehicle that is sold on or after \textit{January 1, 2015} \textbf{July 1, 2014} for the purpose of leasing for a defined period of longer than one year shall not be reduced by the value of or credit given for traded-in tangible personal property owned by the lessor, nor shall it be reduced by the value of or credit given for traded-in tangible personal property owned by the lessee, regardless of whether the trade-in value thereof is assigned by the lessee to the lessor. In the case of a motor vehicle that is sold for the purpose of leasing for a defined period of longer than one year, the sale occurs at the time of the delivery of the vehicle, regardless of the due date of any lease payments. A lessor who incurs a Retailers' Occupation Tax liability on the sale of a motor vehicle coming off lease may not take a credit against that liability for the Use Tax the lessor paid upon the purchase of the motor vehicle (or for any tax the lessor paid with respect to any amount received by the lessor from the lessee for the leased vehicle that was not calculated at the time the lease was executed) if the selling price of the motor vehicle at the time of purchase was calculated using the definition of "selling price" as defined in this paragraph. Notwithstanding any other provision of this Act to the contrary, lessors shall file all returns and make all payments required under this paragraph to the Department by electronic means in the manner and form as required by the Department. This paragraph does not apply to leases of motor vehicles for
which, at the time the lease is entered into, the term of the lease is not a defined period, including leases with a defined initial period with the option to continue the lease on a month-to-month or other basis beyond the initial defined period.

The phrase "like kind and character" shall be liberally construed (including but not limited to any form of motor vehicle for any form of motor vehicle, or any kind of farm or agricultural implement for any other kind of farm or agricultural implement), while not including a kind of item which, if sold at retail by that retailer, would be exempt from retailers' occupation tax and use tax as an isolated or occasional sale.

"Gross receipts" from the sales of tangible personal property at retail means the total selling price or the amount of such sales, as hereinbefore defined. In the case of charge and time sales, the amount thereof shall be included only as and when payments are received by the seller. Receipts or other consideration derived by a seller from the sale, transfer or assignment of accounts receivable to a wholly owned subsidiary will not be deemed payments prior to the time the purchaser makes payment on such accounts.

"Department" means the Department of Revenue.

"Person" means any natural individual, firm, partnership, association, joint stock company, joint adventure, public or private corporation, limited liability company, or a receiver, executor, trustee, guardian or other representative appointed by order of any court.

The isolated or occasional sale of tangible personal property at retail by a person who does not hold himself out as being engaged (or who does not habitually engage) in selling such tangible personal property at retail, or a sale through a bulk vending machine, does not constitute engaging in a business of selling such tangible personal property at retail within the meaning of this Act; provided that any person who is engaged in a business which is not subject to the tax imposed by this Act because of involving the sale of or a contract to sell real estate or a construction contract to improve real estate or a construction contract to engineer, install, and maintain an integrated system of products, but who, in the course of conducting such business, transfers tangible personal property to users or consumers in the finished form in which it was purchased, and which does not become real estate or was not engineered and installed, under any provision of a construction contract or real estate sale or real estate sales agreement entered into with some other person arising out of or because of such nontaxable business, is engaged in the business of selling tangible personal property at retail to the extent of the value of the tangible personal property so transferred. If, in such a transaction,
a separate charge is made for the tangible personal property so transferred, the value of such property, for the purpose of this Act, shall be the amount so separately charged, but not less than the cost of such property to the transferor; if no separate charge is made, the value of such property, for the purposes of this Act, is the cost to the transferor of such tangible personal property. Construction contracts for the improvement of real estate consisting of engineering, installation, and maintenance of voice, data, video, security, and all telecommunication systems do not constitute engaging in a business of selling tangible personal property at retail within the meaning of this Act if they are sold at one specified contract price.

A person who holds himself or herself out as being engaged (or who habitually engages) in selling tangible personal property at retail is a person engaged in the business of selling tangible personal property at retail hereunder with respect to such sales (and not primarily in a service occupation) notwithstanding the fact that such person designs and produces such tangible personal property on special order for the purchaser and in such a way as to render the property of value only to such purchaser, if such tangible personal property so produced on special order serves substantially the same function as stock or standard items of tangible personal property that are sold at retail.

Persons who engage in the business of transferring tangible personal property upon the redemption of trading stamps are engaged in the business of selling such property at retail and shall be liable for and shall pay the tax imposed by this Act on the basis of the retail value of the property transferred upon redemption of such stamps.

"Bulk vending machine" means a vending machine, containing unsorted confections, nuts, toys, or other items designed primarily to be used or played with by children which, when a coin or coins of a denomination not larger than $0.50 are inserted, are dispensed in equal portions, at random and without selection by the customer.

(b) Each year the General Assembly may make appropriations from the State Pensions Fund for the administration of the Uniform Disposition of Unclaimed Property Act.

Each month, the Commissioner of the Office of Banks and Real Estate shall certify to the State Treasurer the actual expenditures that the Office of Banks and Real Estate incurred conducting unclaimed property examinations under the Uniform Disposition of Unclaimed Property Act during the immediately preceding month. Within a reasonable time following the acceptance of such certification by the State Treasurer, the State Treasurer shall pay from its appropriation from the State Pensions Fund to the Bank and Trust Company Fund, the Savings Bank Regulatory Fund, and the Savings and Residential Finance Regulatory Fund an amount equal to the expenditures incurred by each Fund for that month.

Each month, the Director of Financial Institutions shall certify to the State Treasurer the actual expenditures that the Department of Financial Institutions incurred conducting unclaimed property examinations under the Uniform Disposition of Unclaimed Property Act during the immediately preceding month. (c) As soon as possible after the effective date of this amendatory Act of the 93rd General Assembly, the General Assembly shall appropriate from the State Pensions Fund (1) to the State Universities Retirement System the amount certified under Section 15-165 during the prior year, (2) to the Judges Retirement System of Illinois the amount certified under Section 18-140 during the prior year, and (3) to the General Assembly Retirement System the amount certified under Section 2-134 during the prior year as part of the required State contributions to each of those designated retirement systems; except that amounts appropriated under this subsection (c) in State fiscal year 2005 shall not reduce the amount in the State Pensions Fund below $5,000,000. The State Comptroller and State Treasurer shall pay the apportioned amounts to the designated retirement systems to fund the unfunded liabilities of the designated retirement systems. The amount apportioned to each designated retirement system shall constitute a portion of the amount estimated to be available for appropriation from the State Pensions Fund that is the same as that retirement system's portion of the total actual reserve deficiency of the systems, as determined annually by the Governor's Office of Management and Budget at the request of the State Treasurer. The amounts apportioned under this subsection shall not reduce the amount in the State Pensions Fund below $5,000,000.

(d) The Governor's Office of Management and Budget shall determine the individual and total reserve deficiencies of the designated retirement systems. For this purpose, the Governor's Office of Management and Budget shall utilize the latest available audit and actuarial reports of each of the retirement systems and the relevant reports and statistics of the Public Employee Pension Fund Division of the Department of Insurance.

AN ACT concerning civil law.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Probate Act of 1975 is amended by changing Sections 11-5, 11-5.4, 11-8, 11-8.1, 11-10.1, and 11-13 as follows:

(755 ILCS 5/11-5) (from Ch. 110 1/2, par. 11-5)

Sec. 11-5. Appointment of guardian.

(a) Upon the filing of a petition for the appointment of a guardian or on its own motion, the court may appoint a guardian of the estate or of both the person and estate, of a minor, or may appoint a guardian of the person only of a minor or minors, as the court finds to be in the best interest of the minor or minors.

(a-1) A parent, adoptive parent or adjudicated parent, whose parental rights have not been terminated, may designate in any writing, including a will, a person qualified to act under Section 11-3 to be appointed as guardian of the person or estate, or both, of an unmarried minor or of a child likely to be born. A parent, adoptive parent or adjudicated parent, whose parental rights have not been terminated, or a guardian or a standby guardian of an unmarried minor or of a child likely to be born may designate in any writing, including a will, a person qualified to act under Section 11-3 to be appointed as successor guardian of the minor’s person or estate, or both. The designation must be witnessed by 2 or more credible witnesses at least 18 years of age, neither of whom is the person designated as the guardian. The designation may be proved by any competent evidence. If the designation is executed and attested in the same manner as a will, it shall have prima facie validity. The designation of a guardian or successor guardian does not affect the rights of the other parent in the minor.

(b) The court lacks jurisdiction to proceed on a petition for the appointment of a guardian of a minor if it finds that (i) the minor has a living parent, adoptive parent or adjudicated parent, whose parental rights have not been terminated, whose whereabouts are known, and who is willing and able to make and carry out day-to-day child care decisions concerning the minor, unless: (1) the parent or parents voluntarily relinquished physical custody of the minor; (2) after receiving notice of the hearing under Section 11-10.1, the parent or parents fail to object to the appointment at the hearing on the petition; or (3) the parent or parents consent to the appointment as evidenced

New matter indicated by italics - deletions by strikeout
by a written document that has been notarized and dated, or by a personal appearance and consent in open court; or (ii) there is a guardian for the minor appointed by a court of competent jurisdiction. There shall be a rebuttable presumption that a parent of a minor is willing and able to make and carry out day-to-day child care decisions concerning the minor, but the presumption may be rebutted by a preponderance of the evidence. If a short-term guardian has been appointed for the minor prior to the filing of the petition and the petition for guardianship is not the short-term guardian, there shall be a rebuttable presumption that it is in the best interest of the minor to remain in the care of the short-term guardian. The petitioner shall have the burden of proving by a preponderance of the evidence that it is not in the child's best interest to remain with the short-term guardian.

(b-1) If the court finds the appointment of a guardian of the minor to be in the best interest of the minor, and if a standby guardian has previously been appointed for the minor under Section 11-5.3, the court shall appoint the standby guardian as the guardian of the person or estate, or both, of the minor unless the court finds, upon good cause shown, that the appointment would no longer be in the best interest of the minor.

(c) If the minor is 14 years of age or more, the minor may nominate the guardian of the minor's person and estate, subject to approval of the court. If the minor's nominee is not approved by the court or if, after notice to the minor, the minor fails to nominate a guardian of the minor's person or estate, the court may appoint the guardian without nomination.

(d) The court shall not appoint as guardian of the person of the minor any person whom the court has determined had caused or substantially contributed to the minor becoming a neglected or abused minor as defined in the Juvenile Court Act of 1987, unless 2 years have elapsed since the last proven incident of abuse or neglect and the court determines that appointment of such person as guardian is in the best interests of the minor.

(e) Previous statements made by the minor relating to any allegations that the minor is an abused or neglected child within the meaning of the Abused and Neglected Child Reporting Act, or an abused or neglected minor within the meaning of the Juvenile Court Act of 1987, shall be admissible in evidence in a hearing concerning appointment of a guardian of the person or estate of the minor. No such statement, however, if uncorroborated and not subject to cross-examination, shall be sufficient in itself to support a finding of abuse or neglect.

Sec. 11-5.4. Short-term guardian.

(a) A parent, adoptive parent, or adjudicated parent whose parental rights have not been terminated, or the guardian of the person of a minor may appoint in writing, without court approval, a short-term guardian of an unmarried minor or a child likely to be born. The written instrument appointing a short-term guardian shall be dated and shall identify the appointing parent or guardian, the minor, and the person appointed to be the short-term guardian. The written instrument shall be signed by, or at the direction of, the appointing parent in the presence of at least 2 credible witnesses at least 18 years of age, neither of whom is the person appointed as the short-term guardian. The person appointed as the short-term guardian shall also sign the written instrument, but need not sign at the same time as the appointing parent.

(b) A parent or guardian shall not appoint a short-term guardian of a minor if the minor has another living parent, adoptive parent or adjudicated parent, whose parental rights have not been terminated, whose whereabouts are known, and who is willing and able to make and carry out day-to-day child care decisions concerning the minor, unless the nonappointing parent consents to the appointment by signing the written instrument of appointment.

(c) The appointment of the short-term guardian is effective immediately upon the date the written instrument is executed, unless the written instrument provides for the appointment to become effective upon a later specified date or event. Except as provided in subsection (e-5) of this Section, the short-term guardian shall have authority to act as guardian of the minor as provided in Section 11-13.2 for a period of 365 days from the date the appointment is effective, unless the written instrument provides for the appointment to terminate upon an earlier specified date or event. Only one written instrument appointing a short-term guardian may be in force at any given time.

(d) Every appointment of a short-term guardian may be amended or revoked by the appointing parent or by the appointing guardian of the person of the minor at any time and in any manner communicated to the short-term guardian or to any other person. Any person other than the short-term guardian to whom a revocation or amendment is communicated or delivered shall make all reasonable efforts to inform the short-term guardian of that fact as promptly as possible.

(e) The appointment of a short-term guardian or successor short-term guardian does not affect the rights of the other parent in the minor. The short-
term guardian appointment does not constitute consent for court appointment of a guardian.

(e-5) Any time after the appointment of a temporary custodian under Section 2-10, 3-12, 4-9, 5-410, or 5-501 of the Juvenile Court Act of 1987, and after notice to all parties, including the short-term guardian, as required by the Juvenile Court Act of 1987, a court may vacate any short-term guardianship for the minor appointed under this Section, provided the vacation is consistent with the minor's best interests as determined using the factors listed in paragraph (4.05) of Section 1-3 of the Juvenile Court Act of 1987.

(f) The written instrument appointing a short-term guardian may, but need not, be in the following form:

This form may not be used to appoint a guardian if there is a guardian already appointed for the child, except that if a guardian of the person of the child has been appointed, that guardian may use this form to appoint a short-term guardian. Both living parents of a child may together appoint a guardian of the child, or the guardian of the person of the child may appoint a guardian of the child, for a period of up to 365 days through the use of this form. If the short-term guardian is appointed by both living parents of the child, the parents need not sign the form at the same time.]

(755 ILCS 5/11-13) (from Ch. 110 1/2, par. 11-13)
Sec. 11-13. Duties of guardian of a minor. Before a guardian of a
minor may act, the guardian shall be appointed by the court of the proper
county and, in the case of a guardian of the minor's estate, the guardian shall
give the bond prescribed in Section 12-2. Except as provided in Section 11-
13.1 and Section 11-13.2 with respect to the standby or short-term guardian
of the person of a minor, the court shall have control over the person and
estate of the ward. Under the direction of the court:
(a) The guardian of the person shall have the custody, nurture and
tuition and shall provide education of the ward and of his children, but the
ward's spouse may not be deprived of the custody and education of the
spouse's children, without consent of the spouse, unless the court finds that
the spouse is not a fit and competent person to have such custody and
education. If the ward's estate is insufficient to provide for the ward's
education and the guardian of his person fails to provide education, the court

New matter indicated by italics - deletions by strikeout
may award the custody of the ward to some other person for the purpose of providing education. If a person makes a settlement upon or provision for the support or education of a ward and if either parent of the ward is dead, the court may make such order for the visitation of the ward by the person making the settlement or provision as the court deems proper. The guardian of the minor shall inform the court of the minor's current address by certified mail, hand delivery, or other method in accordance with court rules within 30 days of any change of residence.

(b) The guardian or other representative of the ward's estate shall have the care, management and investment of the estate, shall manage the estate frugally and shall apply the income and principal of the estate so far as necessary for the comfort and suitable support and education of the ward, his children, and persons related by blood or marriage who are dependent upon or entitled to support from him, or for any other purpose which the court deems to be for the best interests of the ward, and the court may approve the making on behalf of the ward of such agreements as the court determines to be for the ward's best interests. The representative may make disbursement of his ward's funds and estate directly to the ward or other distributee or in such other manner and in such amounts as the court directs. If the estate of a ward is derived in whole or in part from payments of compensation, adjusted compensation, pension, insurance or other similar benefits made directly to the estate by the Veterans Administration, notice of the application for leave to invest or expend the ward's funds or estate, together with a copy of the petition and proposed order, shall be given to the Veterans' Administration Regional Office in this State at least 7 days before the hearing on the application. The court, upon petition of a guardian of the estate of a minor, may permit the guardian to make a will or create a revocable or irrevocable trust for the minor that the court considers appropriate in light of changes in applicable tax laws that allow for minimization of State or federal income, estate, or inheritance taxes; however, the will or trust must make distributions only to the persons who would be entitled to distributions if the minor were to die intestate and the will or trust must make distributions to those persons in the same amounts to which they would be entitled if the minor were to die intestate.

(c) Upon the direction of the court which issued his letters a representative may perform the contracts of his ward which were legally subsisting at the time of the commencement of the guardianship. The court may authorize the guardian to execute and deliver any bill of sale, deed or other instrument.

New matter indicated by italics - deletions by strikeout
(d) The representative of the estate of a ward shall appear for and represent the ward in all legal proceedings unless another person is appointed for that purpose as representative or next friend. This does not impair the power of any court to appoint a representative or next friend to defend the interests of the ward in that court, or to appoint or allow any person as the next friend of a ward to commence, prosecute or defend any proceeding in his behalf. Any proceeding on behalf of a minor may be commenced and prosecuted by his next friend, without any previous authority or appointment by the court if the next friend enters bond for costs and files it in the court where the proceeding is pending. Without impairing the power of the court in any respect, if the representative of the estate of a minor and another person as next friend shall appear for and represent the minor in a legal proceeding in which the compensation of the attorney or attorneys representing the guardian and next friend is solely determined under a contingent fee arrangement, the guardian of the estate of the minor shall not participate in or have any duty to review the prosecution of the action, to participate in or review the appropriateness of any settlement of the action, or to participate in or review any determination of the appropriateness of any fees awarded to the attorney or attorneys employed in the prosecution of the action.

(e) Upon petition by any interested person (including the standby or short-term guardian), with such notice to interested persons as the court directs and a finding by the court that it is in the best interest of the minor, the court may terminate or limit the authority of a standby or short-term guardian or may enter such other orders as the court deems necessary to provide for the best interest of the minor. The petition for termination or limitation of the authority of a standby or short-term guardian may, but need not, be combined with a petition to have a guardian appointed for the minor.

(f) The court may grant leave to the guardian of a minor child or children to remove such child or children from Illinois whenever such approval is in the best interests of such child or children. The guardian may not remove a minor from Illinois except as permitted under this Section and must seek leave of the court prior to removing a child for 30 days or more. The burden of proving that such removal is in the best interests of such child or children is on the guardian. When such removal is permitted, the court may require the guardian removing such child or children from Illinois to give reasonable security guaranteeing the return of such children.

The court shall consider the wishes of the minor’s parent or parents and the effect of removal on visitation and the wishes of the minor if he or she

is 14 years of age or older. The court may not consider the availability of electronic communication as a factor in support of the removal of a child by the guardian from Illinois. The guardianship order may incorporate language governing removal of the minor from the State.

Before a minor child is temporarily removed from Illinois for more than 48 hours but less than 30 days, the guardian shall inform the parent or parents of the address and telephone number where the child may be reached during the period of temporary removal and the date on which the child shall return to Illinois. The State of Illinois retains jurisdiction when the minor child is absent from the State pursuant to this subsection. The guardianship order may incorporate language governing out-of-state travel with the minor.

C. such interested member publicly discloses the nature and extent of his interest before or during deliberations concerning the proposed award of the contract; and

D. such interested member abstains from voting on the award of the contract, though he shall be considered present for the purposes of establishing a quorum.

(c) A contract for the procurement of public utility services by a public entity with a public utility company is not barred by this Section by one or more members of the governing body of the public entity being an officer or employee of the public utility company or holding an ownership interest of no more than 7 1/2% in the public utility company, or holding an ownership interest of any size if the public entity is a municipality with a population of less than 7,500 and the public utility's rates are approved by the Illinois Commerce Commission. An elected or appointed member of the governing body of the public entity having such an interest shall be deemed not to have a prohibited interest under this Section.
(d) Notwithstanding any other provision of this Section or any other law to the contrary, until January 1, 1994, a member of the city council of a municipality with a population under 20,000 may purchase real estate from the municipality, at a price of not less than 100% of the value of the real estate as determined by a written MAI certified appraisal or by a written certified appraisal of a State certified or licensed real estate appraiser, if the purchase is approved by a unanimous vote of the city council members then holding office (except for the member desiring to purchase the real estate, who shall not vote on the question).

A municipal officer shall not be deemed interested if the officer owns or holds an interest of 1% or less, not in the officer's individual name but through a mutual fund or exchange-traded fund, in a company, that company is involved in the transaction of business with the municipality, and that company's stock is traded on a nationally recognized securities market.

(f) Under either of the following circumstances, a municipal or county officer may hold a position on the board of a not-for-profit corporation that is interested in a contract, work, or business of the municipality or county:

1. If the municipal or county officer is appointed by the governing body of the municipality or county to represent the interests of the municipality or county on a not-for-profit corporation's board, then the municipal or county officer may actively vote on matters involving either that board or the municipality or county, at any time, so long as the membership on the not-for-profit board is not a paid position, except that the municipal or county
officer may be reimbursed by the non-for-profit board for expenses incurred as the result of membership on the non-for-profit board.

(2) If the municipal or county officer is not appointed to the governing body of a not-for-profit corporation by the governing body of the municipality or county, then the municipal or county officer may continue to serve; however, the municipal or county officer shall abstain from voting on any proposition before the municipal or county governing body directly involving the not-for-profit corporation and, for those matters, shall not be counted as present for the purposes of a quorum of the municipal or county governing body.

(5) Coordinate with the Center for Comprehensive Health Planning and other state agencies having responsibilities affecting health care facilities, including those of licensure and cost reporting. Beginning no later than January 1, 2013, the Department of Public Health shall produce a written annual report to the Governor and the General Assembly regarding the

development of the Center for Comprehensive Health Planning. The Chairman of the State Board and the State Board Administrator shall also receive a copy of the annual report.

(6) Solicit, accept, hold and administer on behalf of the State any grants or bequests of money, securities or property for use by the State Board or Center for Comprehensive Health Planning in the administration of this Act; and enter into contracts consistent with the appropriations for purposes enumerated in this Act.

Such rules shall not abridge the right of the Center for Comprehensive Health Planning to make recommendations on the classification and approval of projects, nor shall such rules prevent the conduct of a public hearing upon the timely request of an interested party. Such reviews shall not exceed 60 days from the date the application is declared to be complete.

(9) Prescribe rules, regulations, standards, and criteria pertaining to the granting of permits for construction and modifications which are emergent in nature and must be undertaken immediately to prevent or correct structural deficiencies or hazardous conditions that may harm or injure persons using the facility, as defined in the rules and regulations of the State Board. Requests for a written decision shall be made within 15 days after the Board meeting in which a final decision has been made. State Board members shall provide their rationale when voting on an item before the State Board at a State Board meeting in order to comply with subsection (b) of Section 3-108 of the Administrative Review Law of the Code of Civil Procedure. The transcript of the State Board meeting shall be incorporated into the Board's final decision. The written decision shall identify the applicable criteria and factors listed in this Act and the Board's regulations that were taken into consideration by the Board when coming to a final decision. If the Board denies or fails to approve an application for permit or exemption, the Board shall include in the final decision a detailed explanation as to why the application was denied and identify what specific criteria or standards the applicant did not fulfill.
(12) Require at least one of its members to participate in any public hearing, after the appointment of a majority of the members to the Board.

(13) Provide a mechanism for the public to comment on, and request changes to, draft rules and standards.

(14) Implement public information campaigns to regularly inform the general public about the opportunity for public hearings and public hearing procedures.

(15) Establish a separate set of rules and guidelines for long-term care that recognizes that nursing homes are a different business line and service model from other regulated facilities. An open and transparent process shall be developed that considers the following: how skilled nursing fits in the continuum of care with other care providers, modernization of nursing homes, establishment of more private rooms, development of alternative services, and current trends in long-term care services. The Subcommittee shall also provide continuous review and commentary on policies and procedures relative to long-term care and the review of related projects. In consultation with other experts from the health field of long-term care, the Board and the Subcommittee shall study new approaches to the current bed need formula and Health Service Area boundaries to encourage flexibility and innovation in design models reflective of the changing long-term care marketplace and consumer preferences. The Subcommittee shall evaluate, and make recommendations to the State Board regarding, the buying, selling, and exchange of beds between long-term care facilities within a specified geographic area or drive time. The Board shall file the proposed related administrative rules for the separate rules and guidelines for long-term care required by this paragraph (15) by no later than September 30, 2011. The Subcommittee shall be provided a reasonable and timely opportunity to review and comment on any review, revision, or updating of the criteria, standards, procedures, and rules used to evaluate project applications as provided under Section 12.3 of this Act.

(16) Prescribe and provide forms pertaining to the State Board Staff Report. A State Board Staff Report shall pertain to applications that include, but are not limited to, applications for permit or exemption, applications for permit renewal, applications for extension of the obligation period, applications requesting a declaratory ruling, or applications under the

Board, by a proceeding as for contempt, or otherwise, in the same manner as production of evidence may be compelled before the court.

The State Board shall require all health facilities operating in this State to provide such reasonable reports at such times and containing such information as is needed by it to carry out the purposes and provisions of this Act. Prior to collecting information from health facilities, the State Board shall make reasonable efforts through a public process to consult with health facilities and associations that represent them to determine whether data and information requests will result in useful information for health planning, whether sufficient information is available from other sources, and whether data requested is routinely collected by health facilities and is available without retrospective record review. Data and information requests shall not impose undue paperwork burdens on health care facilities and personnel. Health facilities not complying with this requirement shall be reported to licensing, accrediting, certifying, or payment agencies as being in violation of State law. Health care facilities and other parties at interest shall have reasonable access, under rules established by the State Board, to all planning information submitted in accord with this Act pertaining to their area.

Among the reports to be required by the State Board are facility questionnaires for health care facilities licensed under the Ambulatory Surgical Treatment Center Act, the Hospital Licensing Act, the Nursing Home Care Act, the ID/DD Community Care Act, the Specialized Mental Health Rehabilitation Act, or the End Stage Renal Disease Facility Act. These questionnaires shall be conducted on an annual basis and compiled by the *State Board Agency*. The Health Facilities and Services Review Board shall consult with associations representing facilities licensed under the ID/DD Community Care Act when developing the information requested in these annual reports. For health care facilities that contain long term care beds, the reports shall also include the number of staffed long term care beds, physical capacity for long term care beds at the facility, and long term care beds available for immediate occupancy. For purposes of this paragraph, "long term care beds" means beds (i) licensed under the Nursing Home Care Act,
Act, (ii) licensed under the ID/DD Community Care Act, (iii) licensed under the Hospital Licensing Act, or (iv) licensed under the Specialized Mental Health Rehabilitation Act and certified as skilled nursing or nursing facility beds under Medicaid or Medicare.

(Senate Bill No. 0345)

AN ACT concerning revenue.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Property Tax Code is amended by changing Section 18-190 as follows:

(35 ILCS 200/18-190)
Sec. 18-190. Direct referendum; new rate or increased limiting rate.
(a) If a new rate is authorized by statute to be imposed without referendum or is subject to a backdoor referendum, as defined in Section 28-2 of the Election Code, the governing body of the affected taxing district before levying the new rate shall submit the new rate to direct referendum under the provisions of this Section and of Article 28 of the Election Code. Notwithstanding any other provision of law, the levies authorized by Sections 21-110 and 21-110.1 of the Illinois Pension Code shall not be considered new rates; however, nothing in this amendatory Act of the 98th General Assembly authorizes a taxing district to increase its limiting rate or its aggregate extension without first obtaining referendum approval as provided in this Section. Notwithstanding the provisions, requirements, or limitations of any other law, any tax levied for the 2005 levy year and all subsequent levy years by any taxing district subject to this Law may be extended at a rate exceeding the rate established for that tax by referendum or statute, provided that the rate does not exceed the statutory ceiling above which the tax is not

authorized to be further increased either by referendum or in any other manner. Notwithstanding the provisions, requirements, or limitations of any other law, all taxing districts subject to this Law shall follow the provisions of this Section whenever seeking referenda approval after March 21, 2006 to (i) levy a new tax rate authorized by statute or (ii) increase the limiting rate applicable to the taxing district. All taxing districts subject to this Law are authorized to seek referendum approval of each proposition described and set forth in this Section.

The proposition seeking to obtain referendum approval to levy a new tax rate as authorized in clause (i) shall be in substantially the following form:

Shall ... (insert legal name, number, if any, and county or counties of taxing district and geographic or other common name by which a school or community college district is known and referred to), Illinois, be authorized to levy a new tax for ... purposes and have an additional tax of ...% of the equalized assessed value of the taxable property therein extended for such purposes?

The votes must be recorded as "Yes" or "No".

The proposition seeking to obtain referendum approval to increase the limiting rate as authorized in clause (ii) shall be in substantially the following form:

Shall the limiting rate under the Property Tax Extension Limitation Law for ... (insert legal name, number, if any, and county or counties of taxing district and geographic or other common name by which a school or community college district is known and referred to), Illinois, be increased by an additional amount equal to ...% above the limiting rate for the purpose of...(insert purpose) for levy year ... (insert the most recent levy year for which the limiting rate of the taxing district is known at the time the submission of the proposition is initiated by the taxing district) and be equal to ...% of the equalized assessed value of the taxable property therein for levy year(s) (insert each levy year for which the increase will be applicable, which years must be consecutive and may not exceed 4)?

The votes must be recorded as "Yes" or "No".

The ballot for any proposition submitted pursuant to this Section shall have printed thereon, but not as a part of the proposition submitted, only the following supplemental information (which shall be supplied to the election authority by the taxing district) in substantially the following form:

New matter indicated by italics - deletions by strikeout
(1) The approximate amount of taxes extendable at the most recently extended limiting rate is $..., and the approximate amount of taxes extendable if the proposition is approved is $....

(2) For the ... (insert the first levy year for which the new rate or increased limiting rate will be applicable) levy year the approximate amount of the additional tax extendable against property containing a single family residence and having a fair market value at the time of the referendum of $100,000 is estimated to be $....

(3) Based upon an average annual percentage increase (or decrease) in the market value of such property of %... (insert percentage equal to the average annual percentage increase or decrease for the prior 3 levy years, at the time the submission of the proposition is initiated by the taxing district, in the amount of (A) the equalized assessed value of the taxable property in the taxing district less (B) the new property included in the equalized assessed value), the approximate amount of the additional tax extendable against such property for the ... levy year is estimated to be $... and for the ... levy year is estimated to be $....

(4) If the proposition is approved, the aggregate extension for ... (insert each levy year for which the increase will apply) will be determined by the limiting rate set forth in the proposition, rather than the otherwise applicable limiting rate calculated under the provisions of the Property Tax Extension Limitation Law (commonly known as the Property Tax Cap Law).

The approximate amount of taxes extendable shown in paragraph (1) shall be computed upon the last known equalized assessed value of taxable property in the taxing district (at the time the submission of the proposition is initiated by the taxing district). Paragraph (3) shall be included only if the increased limiting rate will be applicable for more than one levy year and shall list each levy year for which the increased limiting rate will be applicable. The additional tax shown for each levy year shall be the approximate dollar amount of the increase over the amount of the most recently completed extension at the time the submission of the proposition is initiated by the taxing district. The approximate amount of the additional taxes extendable shown in paragraphs (2) and (3) shall be calculated by multiplying $100,000 (the fair market value of the property without regard to any property tax exemptions) by (i) the percentage level of assessment prescribed for that property by statute, or by ordinance of the county board in counties that classify property for purposes of taxation in accordance with Section 4 of
Article IX of the Illinois Constitution; (ii) the most recent final equalization factor certified to the county clerk by the Department of Revenue at the time the taxing district initiates the submission of the proposition to the electors; and (iii) either the new rate or the amount by which the limiting rate is to be increased. This amendatory Act of the 97th General Assembly is intended to clarify the existing requirements of this Section, and shall not be construed to validate any prior non-compliant referendum language. Paragraph (4) shall be included if the proposition concerns a limiting rate increase but shall not be included if the proposition concerns a new rate. Any notice required to be published in connection with the submission of the proposition shall also contain this supplemental information and shall not contain any other supplemental information regarding the proposition. Any error, miscalculation, or inaccuracy in computing any amount set forth on the ballot and in the notice that is not deliberate shall not invalidate or affect the validity of any proposition approved. Notice of the referendum shall be published and posted as otherwise required by law, and the submission of the proposition shall be initiated as provided by law.

If a majority of all ballots cast on the proposition are in favor of the proposition, the following provisions shall be applicable to the extension of taxes for the taxing district:

(A) a new tax rate shall be first effective for the levy year in which the new rate is approved;

(B) if the proposition provides for a new tax rate, the taxing district is authorized to levy a tax after the canvass of the results of the referendum by the election authority for the purposes for which the tax is authorized;

(C) a limiting rate increase shall be first effective for the levy year in which the limiting rate increase is approved, provided that the taxing district may elect to have a limiting rate increase be effective for the levy year prior to the levy year in which the limiting rate increase is approved unless the extension of taxes for the prior levy year occurs 30 days or less after the canvass of the results of the referendum by the election authority in any county in which the taxing district is located;

(D) in order for the limiting rate increase to be first effective for the levy year prior to the levy year of the referendum, the taxing district must certify its election to have the limiting rate increase be effective for the prior levy year to the clerk of each county in which
the taxing district is located not more than 2 days after the date the
results of the referendum are canvassed by the election authority; and
(E) if the proposition provides for a limiting rate increase, the
increase may be effective regardless of whether the proposition is
approved before or after the taxing district adopts or files its levy for
any levy year.

Rates required to extend taxes on levies subject to a backdoor
referendum in each year there is a levy are not new rates or rate increases
under this Section if a levy has been made for the fund in one or more of the
preceding 3 levy years. Changes made by this amendatory Act of 1997 to this
Section in reference to rates required to extend taxes on levies subject to a
backdoor referendum in each year there is a levy are declarative of existing
law and not a new enactment.

(b) Whenever other applicable law authorizes a taxing district subject
to the limitation with respect to its aggregate extension provided for in this
Law to issue bonds or other obligations either without referendum or subject
to backdoor referendum, the taxing district may elect for each separate bond
issuance to submit the question of the issuance of the bonds or obligations
directly to the voters of the taxing district, and if the referendum passes the
taxing district is not required to comply with any backdoor referendum
procedures or requirements set forth in the other applicable law. The direct
referendum shall be initiated by ordinance or resolution of the governing
body of the taxing district, and the question shall be certified to the proper
election authorities in accordance with the provisions of the Election Code.

Effective August 26, 2014.

PUBLIC ACT 98-1089
(Senate Bill No. 0352)

AN ACT concerning revenue.
Be it enacted by the People of the State of Illinois, represented in the
General Assembly:

Section 5. The Use Tax Act is amended by changing Section 2 as
follows:

(35 ILCS 105/2) (from Ch. 120, par. 439.2)

New matter indicated by italics - deletions by strikeout
Sec. 2. Definitions.

"Use" means the exercise by any person of any right or power over tangible personal property incident to the ownership of that property, except that it does not include the sale of such property in any form as tangible personal property in the regular course of business to the extent that such property is not first subjected to a use for which it was purchased, and does not include the use of such property by its owner for demonstration purposes: Provided that the property purchased is deemed to be purchased for the purpose of resale, despite first being used, to the extent to which it is resold as an ingredient of an intentionally produced product or by-product of manufacturing. "Use" does not mean the demonstration use or interim use of tangible personal property by a retailer before he sells that tangible personal property. For watercraft or aircraft, if the period of demonstration use or interim use by the retailer exceeds 18 months, the retailer shall pay on the retailers' original cost price the tax imposed by this Act, and no credit for that tax is permitted if the watercraft or aircraft is subsequently sold by the retailer. "Use" does not mean the physical incorporation of tangible personal property, to the extent not first subjected to a use for which it was purchased, as an ingredient or constituent, into other tangible personal property (a) which is sold in the regular course of business or (b) which the person incorporating such ingredient or constituent therein has undertaken at the time of such purchase to cause to be transported in interstate commerce to destinations outside the State of Illinois: Provided that the property purchased is deemed to be purchased for the purpose of resale, despite first being used, to the extent to which it is resold as an ingredient of an intentionally produced product or by-product of manufacturing.

"Watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

"Purchase at retail" means the acquisition of the ownership of or title to tangible personal property through a sale at retail.

"Purchaser" means anyone who, through a sale at retail, acquires the ownership of tangible personal property for a valuable consideration.

"Sale at retail" means any transfer of the ownership of or title to tangible personal property to a purchaser, for the purpose of use, and not for the purpose of resale in any form as tangible personal property to the extent not first subjected to a use for which it was purchased, for a valuable consideration: Provided that the property purchased is deemed to be

New matter indicated by italics - deletions by strikeout
purchased for the purpose of resale, despite first being used, to the extent to which it is resold as an ingredient of an intentionally produced product or byproduct of manufacturing. For this purpose, slag produced as an incident to manufacturing pig iron or steel and sold is considered to be an intentionally produced by-product of manufacturing. "Sale at retail" includes any such transfer made for resale unless made in compliance with Section 2c of the Retailers' Occupation Tax Act, as incorporated by reference into Section 12 of this Act. Transactions whereby the possession of the property is transferred but the seller retains the title as security for payment of the selling price are sales.

"Sale at retail" shall also be construed to include any Illinois florist's sales transaction in which the purchase order is received in Illinois by a florist and the sale is for use or consumption, but the Illinois florist has a florist in another state deliver the property to the purchaser or the purchaser's donee in such other state.

Nonreusable tangible personal property that is used by persons engaged in the business of operating a restaurant, cafeteria, or drive-in is a sale for resale when it is transferred to customers in the ordinary course of business as part of the sale of food or beverages and is used to deliver, package, or consume food or beverages, regardless of where consumption of the food or beverages occurs. Examples of those items include, but are not limited to nonreusable, paper and plastic cups, plates, baskets, boxes, sleeves, buckets or other containers, utensils, straws, placemats, napkins, doggie bags, and wrapping or packaging materials that are transferred to customers as part of the sale of food or beverages in the ordinary course of business.

The purchase, employment and transfer of such tangible personal property as newsprint and ink for the primary purpose of conveying news (with or without other information) is not a purchase, use or sale of tangible personal property.

"Selling price" means the consideration for a sale valued in money whether received in money or otherwise, including cash, credits, property other than as hereinafter provided, and services, but not including the value of or credit given for traded-in tangible personal property where the item that is traded-in is of like kind and character as that which is being sold, and shall be determined without any deduction on account of the cost of the property sold, the cost of materials used, labor or service cost or any other expense whatsoever, but does not include interest or finance charges which appear as separate items on the bill of sale or sales contract nor charges that are added to prices by sellers on account of the seller's tax liability under the "Retailers' New matter indicated by italics - deletions by strikeout
Occupation Tax Act", or on account of the seller's duty to collect, from the purchaser, the tax that is imposed by this Act, or, except as otherwise provided with respect to any cigarette tax imposed by a home rule unit, on account of the seller's tax liability under any local occupation tax administered by the Department, or, except as otherwise provided with respect to any cigarette tax imposed by a home rule unit on account of the seller's duty to collect, from the purchasers, the tax that is imposed under any local use tax administered by the Department. Effective December 1, 1985, "selling price" shall include charges that are added to prices by sellers on account of the seller's duty to collect, from the purchaser, the tax imposed under the Cigarette Tax Act, on account of the seller's duty to collect, from the purchaser, the tax imposed under the Cigarette Use Tax Act, and on account of the seller's duty to collect, from the purchaser, any cigarette tax imposed by a home rule unit.

The phrase "like kind and character" shall be liberally construed (including but not limited to any form of motor vehicle for any form of motor vehicle, or any kind of farm or agricultural implement for any other kind of farm or agricultural implement), while not including a kind of item which, if sold at retail by that retailer, would be exempt from retailers' occupation tax and use tax as an isolated or occasional sale.

"Department" means the Department of Revenue.

"Person" means any natural individual, firm, partnership, association, joint stock company, joint adventure, public or private corporation, limited liability company, or a receiver, executor, trustee, guardian or other representative appointed by order of any court.

"Retailer" means and includes every person engaged in the business of making sales at retail as defined in this Section.

A person who holds himself or herself out as being engaged (or who habitually engages) in selling tangible personal property at retail is a retailer hereunder with respect to such sales (and not primarily in a service occupation) notwithstanding the fact that such person designs and produces such tangible personal property on special order for the purchaser and in such a way as to render the property of value only to such purchaser, if such tangible personal property so produced on special order serves substantially the same function as stock or standard items of tangible personal property that are sold at retail.

A person whose activities are organized and conducted primarily as a not-for-profit service enterprise, and who engages in selling tangible personal property at retail (whether to the public or merely to members and their guests) is a retailer with respect to such transactions, excepting only a
person organized and operated exclusively for charitable, religious or educational purposes either (1), to the extent of sales by such person to its members, students, patients or inmates of tangible personal property to be used primarily for the purposes of such person, or (2), to the extent of sales by such person of tangible personal property which is not sold or offered for sale by persons organized for profit. The selling of school books and school supplies by schools at retail to students is not "primarily for the purposes of" the school which does such selling. This paragraph does not apply to nor subject to taxation occasional dinners, social or similar activities of a person organized and operated exclusively for charitable, religious or educational purposes, whether or not such activities are open to the public.

A person who is the recipient of a grant or contract under Title VII of the Older Americans Act of 1965 (P.L. 92-258) and serves meals to participants in the federal Nutrition Program for the Elderly in return for contributions established in amount by the individual participant pursuant to a schedule of suggested fees as provided for in the federal Act is not a retailer under this Act with respect to such transactions.

Persons who engage in the business of transferring tangible personal property upon the redemption of trading stamps are retailers hereunder when engaged in such business.

The isolated or occasional sale of tangible personal property at retail by a person who does not hold himself out as being engaged (or who does not habitually engage) in selling such tangible personal property at retail or a sale through a bulk vending machine does not make such person a retailer hereunder. However, any person who is engaged in a business which is not subject to the tax imposed by the "Retailers' Occupation Tax Act" because of involving the sale of or a contract to sell real estate or a construction contract to improve real estate, but who, in the course of conducting such business, transfers tangible personal property to users or consumers in the finished form in which it was purchased, and which does not become real estate, under any provision of a construction contract or real estate sale or real estate sales agreement entered into with some other person arising out of or because of such nontaxable business, is a retailer to the extent of the value of the tangible personal property so transferred. If, in such transaction, a separate charge is made for the tangible personal property so transferred, the value of such property, for the purposes of this Act, is the amount so separately charged, but not less than the cost of such property to the transferor; if no separate charge is made, the value of such property, for the purposes of this Act, is the cost to the transferor of such tangible personal property.

"Retailer maintaining a place of business in this State", or any like term, means and includes any of the following retailers:

1. A retailer having or maintaining within this State, directly or by a subsidiary, an office, distribution house, sales house, warehouse or other place of business, or any agent or other representative operating within this State under the authority of the retailer or its subsidiary, irrespective of whether such place of business or agent or other representative is located here permanently or temporarily, or whether such retailer or subsidiary is licensed to do business in this State. However, the ownership of property that is located at the premises of a printer with which the retailer has contracted for printing and that consists of the final printed product, property that becomes a part of the final printed product, or copy from which the printed product is produced shall not result in the retailer being deemed to have or maintain an office, distribution house, sales house, warehouse, or other place of business within this State.

1.1. Beginning July 1, 2011, a retailer having a contract with a person located in this State under which the person, for a commission or other consideration based upon the sale of tangible personal property by the retailer, directly or indirectly refers potential customers to the retailer by providing to the potential customers a promotional code or other mechanism that allows the retailer to track purchases referred by such persons. Examples of mechanisms that allow the retailer to track purchases referred by such persons include but are not limited to the use of a link on the person's Internet website, promotional codes distributed through the person's hand-delivered or mailed material, and promotional codes distributed by the person through radio or other broadcast media. The provisions of this paragraph 1.1 shall apply only if the cumulative gross receipts from sales of tangible personal property by the retailer to customers who are referred to the retailer by all persons in this State under such contracts exceed $10,000 during the preceding 4 quarterly periods ending on the last day of March, June, September, and December. A retailer meeting the requirements of this paragraph 1.1 shall be presumed to be maintaining a place of business in this State but may rebut this presumption by submitting proof that the referrals or other activities pursued within this State by such persons were not sufficient to meet the nexus standards of the United States Constitution during the preceding 4 quarterly periods.

1.2. Beginning July 1, 2011, a retailer having a contract with a person located in this State under which:

A. the retailer sells the same or substantially similar line of products as the person located in this State and does so using an identical or substantially similar name, trade name, or trademark as the person located in this State; and

B. the retailer provides a commission or other consideration to the person located in this State based upon the sale of tangible personal property by the retailer.

The provisions of this paragraph 1.2 shall apply only if the cumulative gross receipts from sales of tangible personal property by the retailer to customers in this State under all such contracts exceed $10,000 during the preceding 4 quarterly periods ending on the last day of March, June, September, and December.

2. A retailer soliciting orders for tangible personal property by means of a telecommunication or television shopping system (which utilizes toll free numbers) which is intended by the retailer to be broadcast by cable television or other means of broadcasting, to consumers located in this State.

3. A retailer, pursuant to a contract with a broadcaster or publisher located in this State, soliciting orders for tangible personal property by means of advertising which is disseminated primarily to consumers located in this State and only secondarily to bordering jurisdictions.

4. A retailer soliciting orders for tangible personal property by mail if the solicitations are substantial and recurring and if the retailer benefits from any banking, financing, debt collection, telecommunication, or marketing activities occurring in this State or benefits from the location in this State of authorized installation, servicing, or repair facilities.

5. A retailer that is owned or controlled by the same interests that own or control any retailer engaging in business in the same or similar line of business in this State.

6. A retailer having a franchisee or licensee operating under its trade name if the franchisee or licensee is required to collect the tax under this Section.

7. A retailer, pursuant to a contract with a cable television operator located in this State, soliciting orders for tangible personal

property by means of advertising which is transmitted or distributed over a cable television system in this State.

8. A retailer engaging in activities in Illinois, which activities in the state in which the retail business engaging in such activities is located would constitute maintaining a place of business in that state. "Bulk vending machine" means a vending machine, containing unsorted confections, nuts, toys, or other items designed primarily to be used or played with by children which, when a coin or coins of a denomination not larger than $0.50 are inserted, are dispensed in equal portions, at random and without selection by the customer.

Sec. 2. Definitions.

"Use" means the exercise by any person of any right or power over tangible personal property incident to the ownership of that property, except that it does not include the sale of such property in any form as tangible personal property in the regular course of business to the extent that such property is not first subjected to a use for which it was purchased, and does not include the use of such property by its owner for demonstration purposes: Provided that the property purchased is deemed to be purchased for the purpose of resale, despite first being used, to the extent to which it is resold as an ingredient of an intentionally produced product or by-product of manufacturing. "Use" does not mean the demonstration use or interim use of tangible personal property by a retailer before he sells that tangible personal property. For watercraft or aircraft, if the period of demonstration use or interim use by the retailer exceeds 18 months, the retailer shall pay on the retailers' original cost price the tax imposed by this Act, and no credit for that tax is permitted if the watercraft or aircraft is subsequently sold by the retailer. "Use" does not mean the physical incorporation of tangible personal property, to the extent not first subjected to a use for which it was purchased, as an ingredient or constituent, into other tangible personal property (a) which is sold in the regular course of business or (b) which the person incorporating such ingredient or constituent therein has undertaken at the time of such purchase to cause to be transported in interstate commerce to destinations outside the State of Illinois: Provided that the property purchased is deemed to be purchased for the purpose of resale, despite first being used, to the extent to which it is resold as an ingredient of an intentionally produced product or by-product of manufacturing.

New matter indicated by italics - deletions by strikeout
"Watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

"Purchase at retail" means the acquisition of the ownership of or title to tangible personal property through a sale at retail.

"Purchaser" means anyone who, through a sale at retail, acquires the ownership of tangible personal property for a valuable consideration.

"Sale at retail" means any transfer of the ownership of or title to tangible personal property to a purchaser, for the purpose of use, and not for the purpose of resale in any form as tangible personal property to the extent not first subjected to a use for which it was purchased, for a valuable consideration: Provided that the property purchased is deemed to be purchased for the purpose of resale, despite first being used, to the extent to which it is resold as an ingredient of an intentionally produced product or by-product of manufacturing. For this purpose, slag produced as an incident to manufacturing pig iron or steel and sold is considered to be an intentionally produced by-product of manufacturing. "Sale at retail" includes any such transfer made for resale unless made in compliance with Section 2c of the Retailers' Occupation Tax Act, as incorporated by reference into Section 12 of this Act. Transactions whereby the possession of the property is transferred but the seller retains the title as security for payment of the selling price are sales.

"Sale at retail" shall also be construed to include any Illinois florist's sales transaction in which the purchase order is received in Illinois by a florist and the sale is for use or consumption, but the Illinois florist has a florist in another state deliver the property to the purchaser or the purchaser's donee in such other state.

Nonreusable tangible personal property that is used by persons engaged in the business of operating a restaurant, cafeteria, or drive-in is a sale for resale when it is transferred to customers in the ordinary course of business as part of the sale of food or beverages and is used to deliver, package, or consume food or beverages, regardless of where consumption of the food or beverages occurs. Examples of those items include, but are not limited to nonreusable, paper and plastic cups, plates, baskets, boxes, sleeves, buckets or other containers, utensils, straws, placemats, napkins, doggie bags, and wrapping or packaging materials that are transferred to customers as part of the sale of food or beverages in the ordinary course of business.

The purchase, employment and transfer of such tangible personal property as newsprint and ink for the primary purpose of conveying news
"Selling price" means the consideration for a sale valued in money whether received in money or otherwise, including cash, credits, property other than as hereinafter provided, and services, but not including the value of or credit given for traded-in tangible personal property where the item that is traded-in is of like kind and character as that which is being sold, and shall be determined without any deduction on account of the cost of the property sold, the cost of materials used, labor or service cost or any other expense whatsoever, but does not include interest or finance charges which appear as separate items on the bill of sale or sales contract nor charges that are added to prices by sellers on account of the seller's tax liability under the "Retailers' Occupation Tax Act", or on account of the seller's duty to collect, from the purchaser, the tax that is imposed by this Act, or, except as otherwise provided with respect to any cigarette tax imposed by a home rule unit, on account of the seller's tax liability under any local occupation tax administered by the Department, or, except as otherwise provided with respect to any cigarette tax imposed by a home rule unit on account of the seller's duty to collect, from the purchasers, the tax that is imposed under any local use tax administered by the Department. Effective December 1, 1985, "selling price" shall include charges that are added to prices by sellers on account of the seller's tax liability under the Cigarette Tax Act, on account of the seller's duty to collect, from the purchaser, the tax imposed under the Cigarette Use Tax Act, and on account of the seller's duty to collect, from the purchaser, any cigarette tax imposed by a home rule unit. Notwithstanding any law to the contrary, for any motor vehicle, as defined in Section 1-146 of the Vehicle Code, that is sold on or after July 1, 2014 for the purpose of leasing the vehicle for a defined period that is longer than one year and (1) is a motor vehicle of the second division that: (A) is a self-contained motor vehicle designed or permanently converted to provide living quarters for recreational, camping, or travel use, with direct walk through access to the living quarters from the driver's seat; (B) is of the van configuration designed for the transportation of not less than 7 nor more than 16 passengers; or (C) has a gross vehicle weight rating of 8,000 pounds or less or (2) is a motor vehicle of the first division, "selling price" or "amount of sale" means the consideration received by the lessor pursuant to the lease contract, including amounts due at lease signing and all monthly or other regular payments charged over the term of the lease. Also included in the selling price is any amount received by the lessor from the lessee for the

New matter indicated by italics - deletions by strikeout
leased vehicle that is not calculated at the time the lease is executed, including, but not limited to, excess mileage charges and charges for excess wear and tear. For sales that occur in Illinois, with respect to any amount received by the lessor from the lessee for the leased vehicle that is not calculated at the time the lease is executed, the lessor who purchased the motor vehicle does not incur the tax imposed by the Use Tax Act on those amounts, and the retailer who makes the retail sale of the motor vehicle to the lessor is not required to collect the tax imposed by this Act or to pay the tax imposed by the Retailers' Occupation Tax Act on those amounts. However, the lessor who purchased the motor vehicle assumes the liability for reporting and paying the tax on those amounts directly to the Department in the same form (Illinois Retailers' Occupation Tax, and local retailers' occupation taxes, if applicable) in which the retailer would have reported and paid such tax if the retailer had accounted for the tax to the Department. For amounts received by the lessor from the lessee that are not calculated at the time the lease is executed, the lessor must file the return and pay the tax to the Department by the due date otherwise required by this Act for returns other than transaction returns. If the retailer is entitled under this Act to a discount for collecting and remitting the tax imposed under this Act to the Department with respect to the sale of the motor vehicle to the lessor, then the right to the discount provided in this Act shall be transferred to the lessor with respect to the tax paid by the lessor for any amount received by the lessor from the lessee for the leased vehicle that is not calculated at the time the lease is executed; provided that the discount is only allowed if the return is timely filed and for amounts timely paid. The "selling price" of a motor vehicle that is sold on or after July 1, 2014 for the purpose of leasing for a defined period of longer than one year shall not be reduced by the value of or credit given for traded-in tangible personal property owned by the lessor, nor shall it be reduced by the value of or credit given for traded-in tangible personal property owned by the lessee, regardless of whether the trade-in value thereof is assigned by the lessee to the lessor. In the case of a motor vehicle that is sold for the purpose of leasing for a defined period of longer than one year, the sale occurs at the time of the delivery of the vehicle, regardless of the due date of any lease payments. A lessor who incurs a Retailers' Occupation Tax liability on the sale of a motor vehicle coming off lease may not take a credit against that liability for the Use Tax the lessor paid upon the purchase of the motor vehicle (or for any tax the lessor paid with respect to any amount received by the lessor from the lessee for the leased vehicle that was not calculated at the time the lease was executed) if the selling price of the motor

New matter indicated by italics - deletions by strikeout
vehicle at the time of purchase was calculated using the definition of "selling price" as defined in this paragraph. Notwithstanding any other provision of this Act to the contrary, lessors shall file all returns and make all payments required under this paragraph to the Department by electronic means in the manner and form as required by the Department. This paragraph does not apply to leases of motor vehicles for which, at the time the lease is entered into, the term of the lease is not a defined period, including leases with a defined initial period with the option to continue the lease on a month-to-month or other basis beyond the initial defined period.

The phrase "like kind and character" shall be liberally construed (including but not limited to any form of motor vehicle for any form of motor vehicle, or any kind of farm or agricultural implement for any other kind of farm or agricultural implement), while not including a kind of item which, if sold at retail by that retailer, would be exempt from retailers' occupation tax and use tax as an isolated or occasional sale.

"Department" means the Department of Revenue.

"Person" means any natural individual, firm, partnership, association, joint stock company, joint adventure, public or private corporation, limited liability company, or a receiver, executor, trustee, guardian or other representative appointed by order of any court.

"Retailer" means and includes every person engaged in the business of making sales at retail as defined in this Section.

A person who holds himself or herself out as being engaged (or who habitually engages) in selling tangible personal property at retail is a retailer hereunder with respect to such sales (and not primarily in a service occupation) notwithstanding the fact that such person designs and produces such tangible personal property on special order for the purchaser and in such a way as to render the property of value only to such purchaser, if such tangible personal property so produced on special order serves substantially the same function as stock or standard items of tangible personal property that are sold at retail.

A person whose activities are organized and conducted primarily as a not-for-profit service enterprise, and who engages in selling tangible personal property at retail (whether to the public or merely to members and their guests) is a retailer with respect to such transactions, excepting only a person organized and operated exclusively for charitable, religious or educational purposes either (1), to the extent of sales by such person to its members, students, patients or inmates of tangible personal property to be used primarily for the purposes of such person, or (2), to the extent of sales

by such person of tangible personal property which is not sold or offered for
sale by persons organized for profit. The selling of school books and school
supplies by schools at retail to students is not "primarily for the purposes of"
the school which does such selling. This paragraph does not apply to nor
subject to taxation occasional dinners, social or similar activities of a person
organized and operated exclusively for charitable, religious or educational
purposes, whether or not such activities are open to the public.

A person who is the recipient of a grant or contract under Title VII of
the Older Americans Act of 1965 (P.L. 92-258) and serves meals to
participants in the federal Nutrition Program for the Elderly in return for
contributions established in amount by the individual participant pursuant to
a schedule of suggested fees as provided for in the federal Act is not a retailer
under this Act with respect to such transactions.

Persons who engage in the business of transferring tangible personal
property upon the redemption of trading stamps are retailers hereunder when
engaged in such business.

The isolated or occasional sale of tangible personal property at retail
by a person who does not hold himself out as being engaged (or who does not
habitually engage) in selling such tangible personal property at retail or a sale
through a bulk vending machine does not make such person a retailer
hereunder. However, any person who is engaged in a business which is not
subject to the tax imposed by the "Retailers' Occupation Tax Act" because of
involving the sale of or a contract to sell real estate or a construction contract
to improve real estate, but who, in the course of conducting such business,
transfers tangible personal property to users or consumers in the finished
form in which it was purchased, and which does not become real estate,
under any provision of a construction contract or real estate sale or real estate
sales agreement entered into with some other person arising out of or because
of such nontaxable business, is a retailer to the extent of the value of the
tangible personal property so transferred. If, in such transaction, a separate
charge is made for the tangible personal property so transferred, the value of
such property, for the purposes of this Act, is the amount so separately
charged, but not less than the cost of such property to the transferor; if no
separate charge is made, the value of such property, for the purposes of this
Act, is the cost to the transferor of such tangible personal property.

"Retailer maintaining a place of business in this State", or any like

warehouse or other place of business, or any agent or other representative operating within this State under the authority of the retailer or its subsidiary, irrespective of whether such place of business or agent or other representative is located here permanently or temporarily, or whether such retailer or subsidiary is licensed to do business in this State. However, the ownership of property that is located at the premises of a printer with which the retailer has contracted for printing and that consists of the final printed product, property that becomes a part of the final printed product, or copy from which the printed product is produced shall not result in the retailer being deemed to have or maintain an office, distribution house, sales house, warehouse, or other place of business within this State.

1.1. The user of such machinery and equipment and tools without an active resale registration number shall prepare a certificate of exemption for each transaction stating facts establishing the exemption for that transaction, which certificate shall be available to the Department for inspection or audit. The Department shall prescribe the form of the certificate.

Any informal rulings, opinions or letters issued by the Department in response to an inquiry or request for any opinion from any person regarding the coverage and applicability of exemption (5) to specific devices shall be published, maintained as a public record, and made available for public inspection and copying. PUBLIC ACT 98-1093
(Senate Bill No. 1048)

AN ACT concerning civil law.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Probate Act of 1975 is amended by adding Article IVa as follows:

(755 ILCS 5/Art. IVa heading new)

ARTICLE IVa

PRESUMPTIVELY VOID TRANSFERS

(755 ILCS 5/4a-5 new)

Sec. 4a-5. Definitions. As used in this Article:

(1) "Caregiver" means a person who voluntarily, or in exchange for compensation, has assumed responsibility for all or a portion of the care of another person who needs assistance with activities of daily living. "Caregiver" includes a caregiver's spouse, cohabitant, child, or employee.

New matter indicated by italics - deletions by strikeout
"Caregiver" does not include a family member of the person receiving assistance.

(2) "Family member" means a spouse, child, grandchild, sibling, aunt, uncle, niece, nephew, first cousin, or parent of the person receiving assistance.

(3) "Transfer instrument" means the legal document intended to effectuate a transfer effective on or after the transferor's death and includes, without limitation, a will, trust, deed, form designated as payable on death, contract, or other beneficiary designation form.

(4) "Transferee" means a legatee, a beneficiary of a trust, a grantee of a deed, or any other person designated in a transfer instrument to receive a nonprobate transfer.

(5) "Transferor" means a testator, settlor, grantor of a deed, or a decedent whose interest is transferred pursuant to a nonprobate transfer.

Sec. 4a-10. Presumption of void transfer.

(a) In any civil action in which a transfer instrument is being challenged, there is a rebuttable presumption, except as provided in Section 4a-15, that the transfer instrument is void if the transferee is a caregiver and the fair market value of the transferred property exceeds $20,000.

(b) Unless a shorter limitations period is required by Section 8-1 or 18-12 of this Act, any action under this Section shall be filed within 2 years of the date of death of the transferor.

Sec. 4a-15. Exceptions. The rebuttable presumption established by Section 4a-10 can be overcome if the transferee proves to the court either:

(1) by a preponderance of evidence that the transferee's share under the transfer instrument is not greater than the share the transferee was entitled to under the transferor's transfer instrument in effect prior to the transferee becoming a caregiver; or

(2) by clear and convincing evidence that the transfer was not the product of fraud, duress, or undue influence.

Sec. 4a-20. Common law. The provisions of this Article do not abrogate or limit any principle or rule of the common law, unless the common law principle or rule is inconsistent with the provisions of this Article. Notwithstanding the limited definition of "caregiver" in Section 4a-5 of this Article, nothing in this Article precludes any action against any individual under the common law, or any other applicable law, regardless
of the individual's familial relationship with the person receiving assistance. The provisions of this Article are in addition to any other principle or rule of law.

(755 ILCS 5/4a-25 new)

Sec. 4a-25. Attorney's fees and costs. If the caregiver attempts and fails to overcome the presumption under Section 4a-15, the caregiver shall bear the costs of the proceedings, including, without limitation, reasonable attorney's fees.

(755 ILCS 5/4a-30 new)

Sec. 4a-30. No independent duty. The rebuttable presumption set forth in Section 4a-10 of this Article applies only in a civil action in which a transfer instrument is being challenged, and does not create or impose an independent duty on any financial institution, trust company, trustee, or similar entity or person related to any transfer instrument.

(755 ILCS 5/4a-35 new)

Sec. 4a-35. Applicability. This Article applies only to transfer instruments executed after the effective date of this amendatory Act of the 98th General Assembly.

Approved August 26, 2014.
Effective January 1, 2015.

have been performed within 3 months of the date of the filing of the petition; (3) an opinion as to whether guardianship is needed, the type and scope of the guardianship needed, and the reasons therefor; (4) a recommendation as to the most suitable living arrangement and, where appropriate, treatment or habilitation plan for the respondent and the reasons therefor; (5) the name, business address, business telephone number, and the signatures of all persons who performed the evaluations upon which the report is based, one of whom shall be a licensed physician and a statement of the certification, license, or other credentials that qualify the evaluators who prepared the report.

(b) If for any reason no report accompanies the petition, the court shall order appropriate evaluations to be performed by a qualified person or persons and a report prepared and filed with the court at least 10 days prior to the hearing.

(b-5) Upon oral or written motion by the respondent or the guardian ad litem or upon the court's own motion, the court shall appoint one or more independent experts to examine the respondent. Upon the filing with the court of a verified statement of services rendered by the expert or experts, the court shall determine a reasonable fee for the services performed. If the respondent is unable to pay the fee, the court may enter an order upon the petitioner to pay the entire fee or such amount as the respondent is unable to pay. However, in cases where the Office of State Guardian is the petitioner, consistent with Section 30 of the Guardianship and Advocacy Act, no expert services fees shall be assessed against the Office of the State Guardian.

(c) Unless the court otherwise directs, any report prepared pursuant to this Section shall not be made part of the public record of the proceedings but shall be available to the court or an appellate court in which the proceedings are subject to review, to the respondent, the petitioner, the guardian, and their attorneys, to the respondent's guardian ad litem, and to such other persons as the court may direct.

refuses to be present or will suffer harm if required to attend, the respondent shall be present at the hearing.

(b) (Blank).

c) (Blank) Upon oral or written motion by the respondent or the guardian ad litem or on the court's own motion, the court shall appoint one or more independent experts to examine the respondent. Upon the filing with the court of a verified statement of services rendered by the expert or experts, the court shall determine a reasonable fee for the services performed. If the respondent is unable to pay the fee, the court may enter an order upon the petitioner to pay the entire fee or such amount as the respondent is unable to pay. However, in cases where the Office of State Guardian is the petitioner, consistent with Section 30 of the Guardianship and Advocacy Act, no expert services fees shall be assessed against the Office of the State Guardian.

d) In an uncontested proceeding for the appointment of a guardian the person who prepared the report required by Section 11a-9 will only be required to testify at trial upon order of court for cause shown.

e) At the hearing the court shall inquire regarding: (1) the nature and extent of respondent's general intellectual and physical functioning; (2) the extent of the impairment of his adaptive behavior if he is a person with a developmental disability, or the nature and severity of his mental illness if he is a person with mental illness; (3) the understanding and capacity of the respondent to make and communicate responsible decisions concerning his person; (4) the capacity of the respondent to manage his estate and his financial affairs; (5) the appropriateness of proposed and alternate living arrangements; (6) the impact of the disability upon the respondent's functioning in the basic activities of daily living and the important decisions faced by the respondent or normally faced by adult members of the respondent's community; and (7) any other area of inquiry deemed appropriate by the court.

f) An authenticated transcript of the evidence taken in a judicial proceeding concerning the respondent under the Mental Health and Developmental Disabilities Code is admissible in evidence at the hearing.

g) If the petition is for the appointment of a guardian for a disabled beneficiary of the Veterans Administration, a certificate of the Administrator of Veterans Affairs or his representative stating that the beneficiary has been determined to be incompetent by the Veterans Administration on examination in accordance with the laws and regulations governing the Veterans Administration in effect upon the date of the issuance of the certificate and that the appointment of a guardian is a condition precedent to the payment of
any money due the beneficiary by the Veterans Administration, is admissible in evidence at the hearing.

Sec. 11a-12. Order of appointment.
(a) If basis for the appointment of a guardian as specified in Section 11a-3 is not found, the court shall dismiss the petition.

(b) If the respondent is adjudged to be disabled and to lack some but not all of the capacity as specified in Section 11a-3, and if the court finds that guardianship is necessary for the protection of the disabled person, his or her estate, or both, the court shall appoint a limited guardian for the respondent's person or estate or both. The court shall enter a written order stating the factual basis for its findings and specifying the duties and powers of the guardian and the legal disabilities to which the respondent is subject.

(c) If the respondent is adjudged to be disabled and to be totally without capacity as specified in Section 11a-3, and if the court finds that limited guardianship will not provide sufficient protection for the disabled person, his or her estate, or both, the court shall appoint a plenary guardian for the respondent's person or estate or both. The court shall enter a written order stating the factual basis for its findings.

(d) The selection of the guardian shall be in the discretion of the court, which shall give due consideration to the preference of the disabled person as to a guardian, as well as the qualifications of the proposed guardian, in making its appointment. However, the paramount concern in the selection of the guardian is the best interest and well-being of the disabled person.

Passed in the General Assembly May 29, 2014.
Approved August 26, 2014.
Effective January 1, 2015.
(a) Purpose. The General Assembly finds the consolidation of fire protection services on a regional basis provided by fire departments throughout the State of Illinois to be an economic benefit. Therefore, this Act establishes procedures for the creation of Regional Fire Protection Agencies that encompass wider service areas by combining existing fire departments and extending service areas of these departments into under-served geographic areas. It is the expressed intent of the General Assembly that Regional Fire Protection Agencies shall achieve a net savings in the cost of providing fire protection services, emergency medical services, and related services in the expanded service area by reducing and eliminating costs including, but not limited to, duplicative or excessive administrative and operational services, equipment, facilities, and capital expenditures, without a reduction in the quality or level of these services.

(b) Creation. A Regional Fire Protection Agency may be formed by filing voter-initiated petitions for the purposes of integrating existing service areas of contiguous units of local government providing fire protection services to achieve the purposes of this Act.

Section 7. Application.

This Act does not apply to any unit of local government that has entered into a consolidation agreement with one or more units of local government that includes the consolidation of the delivery of fire protection or emergency medical services under a single chain of command. Additionally, this Act does not apply to any unit of local government that has adopted a resolution declaring the intent to consolidate the delivery of fire protection or emergency medical services under a single chain of command with one or more units of local government. The resolution shall exempt the local government from the provisions of this Act for one year following its passage. The existence of an automatic aid agreement or mutual aid agreements does not constitute a consolidation for the purposes of this Section.

Section 10. Definitions. The definitions in this Section apply throughout this Act unless the context clearly requires otherwise:

"Board" means the governing body of a Regional Fire Protection Agency.

"Fire protection jurisdiction" means a fire protection district, municipal fire department, or service organized under Section 5-1056.1 of the Counties Code, Sections 195 and 200 of the Illinois Township Code, Section 10-2.1 of the Illinois Municipal Code, or the Illinois Fire Protection District Act.

New matter indicated by italics - deletions by strikeout
"Joint Committee" means the group consisting of the parties appointed by the court in accordance with the procedures of this Act after a petition has been filed to create a Regional Fire Protection Agency. The Joint Committee meets for the limited purpose of negotiating the terms of an intergovernmental agreement to create and implement a Regional Fire Protection Agency.

"Property Tax" or "Tax" has the same meaning as the term "Tax", as defined in Section 1-145 of the Property Tax Code.

"Regional Fire Protection Agency" or "Agency" means a fire protection organization formed pursuant to this Act that combines 2 or more units of local government with a unified command and operations that has boundaries that are coextensive with 2 or more adjacent units of local government and has been created by a referendum under this Act.

"Special Mediator" means an individual who possesses the qualifications specified in this Act and shall facilitate the negotiation of an intergovernmental agreement to create a Regional Fire Protection Agency.

Section 15. Elections and referenda. When a referendum is submitted under this Act for approval or rejection by the electors, the time and manner of conducting a referendum, including petition signature requirements, shall be in accordance with the general election law of the State. The creation of any Regional Fire Protection Agency by referendum shall be secured by an intergovernmental agreement that includes terms that meet the standards set forth in Section 25 of this Act.

Section 20. Notice to the Office of the State Fire Marshal.

The Office of the State Fire Marshal shall be served notice as to any plans of 2 or more units of local government to combine fire protection or emergency medical services, or both, as follows:

(1) Whenever a county clerk or other election authority places upon a ballot the question of creating or altering an Agency or fire protection jurisdiction, the clerk or other election authority shall notify the Office of the State Fire Marshal that the proposition is to be put before the electorate. The notice shall be sent to the Office of the State Fire Marshal within 10 business days after the question is certified to the clerk or other election authority.

(2) Whenever the governing bodies of 2 or more adjacent fire protection jurisdictions conduct a public hearing to consider a plan to combine 2 or more fire protection jurisdiction service areas by intergovernmental agreement, the clerk of each unit of local government to be party to such an intergovernmental agreement shall
notify the Office of the State Fire Marshal that the units of local
government are considering such a plan. The notice shall be sent to
the Office of the State Fire Marshal within 10 business days after
notice of the meeting is published.

(3) Whenever the governing bodies of 2 or more adjacent fire
protection jurisdictions enter into an agreement to combine 2 or more
fire protection jurisdiction service areas by intergovernmental
agreement, the clerk of each unit of local government to be party to
such an intergovernmental agreement shall notify the Office of the
State Fire Marshal that the units of local government have entered
into the intergovernmental agreement. The notice shall be sent to the
Office of the State Fire Marshal within 10 business days after notice
of the meeting is published.

Section 25. Creation of an Agency by petition and referendum.

(a) Petition. A Regional Fire Protection Agency may exclusively be
formed upon petition signed by the lesser of: (i) at least 8% of the total votes
cast for candidates for Governor in the preceding gubernatorial election in
each of the units of local governments included in the Regional Fire
Protection Agency; or (ii) at least 500 legal voters in each of the units of local
government to be included in the Regional Fire Protection Agency. The
petition shall be filed in the circuit court of the county in which the greater
part of the land of the proposed Regional Fire Protection Agency shall be
situated. The petition shall set forth the names of the units of local
government proposed to be included, the name of the proposed Regional Fire
Protection Agency, the benefits of consolidating the units of local
government within a Regional Fire Protection Agency, the names of the
representatives of the petitioners from each unit of local government who
shall be authorized to serve on the Joint Committee, and up to 3 alternate
representatives from each unit of local government in the event a designated
representative ceases to be an elector of their jurisdiction or resigns from the
Joint Committee. Upon its filing, the petition shall be presented to the court,
and the court shall fix the date and hour for a hearing.

(b) Notice of Hearing. Upon the filing of the petition, the court shall
set a hearing date that is at least 4 weeks, but not more than 8 weeks, after the
date the petition is filed. The court, clerk, petitioner's counsel, or sheriff shall,
upon order of the court, give notice 21 days before the hearing in one or more
daily or weekly newspapers of general circulation in each county where an
affected unit of local government is organized. The notice must describe the
units of local government to be included and shall state that if the conditions
required by this Section are met, then the proposition for the creation of the Agency shall be submitted to the voters of the units of local government in the proposed Agency by order of the court.

(c) Hearing and referendum. At the hearing, the court shall first determine whether the petition is supported by the required number of valid signatures of legal voters within the contiguous units of local government. If the petition is proper, then the court shall remand the matter to a Special Mediator who shall mediate the negotiations regarding the terms of an intergovernmental agreement by the members of the Joint Committee as provided in subsection (d) of this Section. The Special Mediator shall be a member of the bar of the State of Illinois or a member of the faculty of an accredited law school. The Special Mediator shall have practiced law for at least 7 years and be knowledgeable about municipal, labor, employment, and election law. The Special Mediator shall be free of any conflicts of interest. The Special Mediator shall have strong mediation skills and the temperament and training to listen well, facilitate communication, and assist with negotiations. Special Mediators shall have sufficient experience and familiarity with municipal, labor, employment, and election law to provide a credible evaluation and assessment of relative positions. The Special Mediator assigned to mediate the Joint Committee's negotiations shall be selected by the members of the Joint Committee from a panel of 7 individuals provided by the Joint Labor Management Committee, as it is defined in Section 50 of the Fire Department Promotion Act. The panel shall be randomly selected by the Joint Labor Management Committee from a master list maintained by the Joint Labor Management Committee consisting of at least 14 qualified Special Mediators. If the members fail to agree, the court shall appoint the Special Mediator. The Joint Committee may elect to conduct negotiations without the assistance of the Special Mediator upon a majority vote of the Joint Committee. To certify a question for referendum, the court must find that: (i) based upon a preponderance of the evidence, at least 2 of the 3 Joint Committee representatives appointed by the court for each unit of local government included in the proposed Agency have executed an intergovernmental agreement that includes terms that are in compliance with the requirements under subsection (d) of this Section; (ii) the terms of an agreed-upon intergovernmental agreement have been approved by the requisite governing bodies of each of the units of local government; and (iii) should the terms of an agreed-upon intergovernmental agreement change the terms of the collective bargaining agreement for a bargaining unit of employees of any local unit of government of the proposed Agency.

New matter indicated by italics - deletions by strikeout
Regional Fire Protection Agency, any affected collective bargaining units must also approve all such changes in the terms of the collective bargaining agreement.

(d) Joint Committee. The court shall allow appointments to the Joint Committee as follows:

(1) A representative of each unit of local government included within the proposed service area of the proposed Agency.

(2) A representative of each collective bargaining unit that is a party to a collective bargaining agreement with a unit of local government to provide fire suppression or emergency medical services, or both, included within the proposed Agency.

(3) A representative for the petitioners from each unit of local government included within the proposed Agency, as designated by the petition, or, if none are designated or willing to serve, then chosen by the court from among the legal voters that signed the petition.

(e) Joint Committee Negotiations. After remand, the Special Mediator shall schedule a meeting of the Joint Committee and facilitate the members in negotiating the terms of an intergovernmental agreement. The first order of business shall be to establish a financial baseline for the current costs of fire and emergency medical services provided by the units of local government party to the Joint Committee. To this end, each unit of local government party to the Joint Committee shall disclose to the Joint Committee the total aggregate expenditures it allocates for providing all fire, rescue, and emergency medical services. These expenditures shall include, but are not limited to, the following cost factors: (i) all expenses from the corporate fund and other operational funds related to fire protection services, whether direct or indirect, for the current fiscal year; and (ii) all costs, whether direct or indirect, paid from other funds, including, but not limited to, capital or building funds, pension funds, workers' compensation funds, health insurance funds, enterprise funds, administrative funds, and all other funds from which money is, or may be, paid or transferred to pay for the administration and compensation or benefits for employees or persons assigned to provide fire or emergency medical services or related services, equipment, and buildings and their maintenance or operation and debt service for any expenditures related to these or related cost factors.

The Special Mediator or the court, or both if necessary, shall facilitate the computation and production of this financial baseline unless the Joint Committee elects to conduct negotiations without the assistance of the Special Mediator. The financial baseline shall serve as the predicate to: (i) the

New matter indicated by italics - deletions by strikeout
annual contributions to be made by each unit of local government to the costs of providing fire and emergency medical services to the service area established for the proposed Regional Fire Protection Agency; and (ii) for the court's findings pursuant to subsection (f) of this Section.

The Joint Committee may take note or give due consideration to available resources, studies, and plans that may facilitate the resolution of issues relating to the terms of an agreement. Negotiations may continue for a period of 90 days or, if the court determines that additional time will facilitate agreement, longer.

If no agreement is reached, the court shall dismiss the petition. If an agreement is reached, the court shall schedule an evidentiary hearing with notice to determine if the terms of the agreement are in compliance with the requirements of subsection (f) of this Section. The expenses of the Special Mediator shall be apportioned equally among the included units of local government unless the parties agree otherwise in the intergovernmental agreement.

If the intergovernmental agreement has been approved by the governing bodies of at least 2 units of local government included in the original petition, then the petition may proceed, provided that the agreement is also executed by at least 2 of 3 Joint Committee representatives from each affected unit of local government included in the original petition. The units of local government that did not consent to inclusion shall be dismissed, and an amended petition on behalf of the consenting units of local government shall be scheduled for an evidentiary hearing.

The persons or entities, or their duly authorized representatives, that shall have standing to present evidence at the hearing are the petitioners, the units of local government that sought to be included in the proposed Agency, and the representatives of each collective bargaining unit that is a party to a collective bargaining agreement with a fire protection jurisdiction within a unit of local government included within the proposed Agency.

If the court finds, by a preponderance of the evidence, that the petition is supported by a proper intergovernmental agreement, the court shall enter an order certifying the proposition to the proper election officials, who shall submit the question of the creation of the proposed Agency to the legal voters of each included unit of local government at the next election. Notice of the election shall be given and the election conducted in the manner provided by the general election law. The notice shall state the boundaries of the proposed Agency.

The question shall be submitted in substantially the following form:

New matter indicated by italics - deletions by strikeout
Shall the service areas of (names of existing units of local government to be combined) be combined to create the (name of the Regional Fire Protection Agency)?
Responses shall be recorded as "Yes" or "No".
A written statement of the election results shall be filed with the court. If, in each unit of local government included within the boundaries of the Regional Fire Protection Agency, a majority of the voters voting on the question favor the proposition, then the court shall issue an order stating that the Agency has been approved.

(f) Intergovernmental agreement; minimum standards of service. The terms of the intergovernmental agreement shall ensure that all of the following standards of service are met:

(1) The formation of the Agency shall result in no net increase in the cost of fire protection services and emergency medical services to the units of local government in the proposed Agency due to the reduction or elimination of duplicative administrative costs, operational costs, equipment costs, or capital expenditures unless members of the Joint Committee can demonstrate that an increase in the cost to a participating unit of local government is justified by a corresponding increase in the level of services provided under the terms of the intergovernmental agreement.

(2) The formation of the Agency shall not increase the average response times in any included unit of local government.

(3) Agencies shall have no independent ability to levy taxes and shall rely on the fiscal support and contributions from component fire protection jurisdictions, as required under the terms of the intergovernmental agreement.

Section 30. Judicial notice. All courts in this State shall take judicial notice of the existence of any Agency organized under this Act, and every such Agency shall constitute a body corporate that may sue or be sued in all courts.

Section 35. Support. Notwithstanding any provision of this Act, a Regional Fire Protection Agency may receive supplementary funding, fiscal support, or other revenue or property consideration from the State, including the Office of the State Fire Marshal, a county, or any other unit of local government, to defray the expenses of organizing a new Agency or as may be deemed necessary or appropriate, and may be appropriated by that entity to the Agency.
Section 40. Enforcement of an intergovernmental agreement. In the event of a default of payment, the Agency shall be authorized to secure collection of promised contributions from the defaulting unit of local government by court order authorizing the interception of or turning over of: (1) monies deposited or to be deposited into any fund of the defaulting unit of local government; or (2) grants or other revenues or taxes expected to be received by the unit of local government from the State, county, or federal government, including taxes imposed by the governmental unit pursuant to a grant of authority by the State, such as property, sales or use taxes or utility taxes.

Any interception authorized under this Section by the Agency shall be valid and binding from the time the interception order is made until the defaulting unit of local government has paid in full its past due obligations to the Agency and has been current in its obligations to the Agency for a minimum of 12 months. The revenues, monies, and other funds intercepted and to be intercepted by the Agency shall immediately be subject to the Agency's lien. The lien shall be valid and binding against all parties having claims of any kind in tort, contract, or otherwise against the defaulting unit of local government, irrespective of whether such parties have notice. Under any such interception, a defaulting unit of local government may bind itself to impose rates, charges, or taxes to the fullest extent permitted by applicable law. Any ordinance, resolution, trust agreement, or other instrument by which a lien is created shall be filed in the records of the Agency.

The State Treasurer, the State Comptroller, the Department of Revenue, the Department of Transportation, and any county official charged with collecting and disbursing property taxes shall deposit or cause to be deposited any amount of grants or other revenues or taxes expected to be received by the defaulting unit of local government from that official or entity that has been pledged to the defaulting unit of local government, directly into a designated escrow account established by the Agency at a trust company or bank having trust powers, unless otherwise prohibited by law. The court order authorizing that disposition shall, within 10 days after issuance, be filed with the official or entity with custody of the garnished grants or other revenues or taxes.

Section 45. Initial startup.
(a) An Agency shall commence operations no later than 90 days after the date of the election unless an alternative date is agreed to by the terms of the intergovernmental agreement and shall operate for the purposes set forth in the intergovernmental agreement. An Agency's governing body shall

New matter indicated by italics - deletions by strikeout
consist of representatives designated by the governing bodies of the participating units of local government as set forth in this Act, and shall be considered to be formed upon approval of the governing body of each member unit of local government unless otherwise agreed to by the terms of the intergovernmental agreement.

(b) The Regional Fire Protection Agency shall be governed by a 5-member Board of Trustees. Each trustee shall be a resident of a unit of local government within the Agency. The Board shall elect a Chairperson from among its members.

The number of trustees from each unit of local government shall be in proportion, as nearly as practicable, to the number of residents of the Agency who reside in that unit of local government in relation to the total population of the Agency. Thereafter, each trustee shall be succeeded by a resident of the same unit of local government and shall be appointed by the same appointing authority. The appropriate appointing authorities shall appoint 5 trustees of the Agency within 60 days after the entry of the order establishing the Agency. The trustees shall be electors in one of the units of local government of the Agency, provided that the Board shall consist of at least one trustee from each unit of local government, subject to the intergovernmental agreement, within the Regional Fire Protection Agency. The trustees shall hold the terms of office and shall have the powers and qualifications that are provided for trustees under Section 4 of the Fire Protection District Act.

In the event of a conflict between the terms of the intergovernmental agreement and the powers of the trustees otherwise provided by law, the terms of the intergovernmental agreement shall prevail and supersede.

(c) The Agency shall have the power, duties, and obligations of a fire protection district as otherwise provided by the Fire Protection District Act, except as modified or limited by the provisions of this Act or terms of the intergovernmental agreement. The Agency shall develop a budget funded at a level sufficient to ensure that the quality of services provided to the residents of the service area within the boundary of the included units of local government continues at a level equal to or greater than those provided prior to the modification.

(d) The establishment of an Agency as a separately named unit of local government shall not prevent the units of local government within it from identifying their historical fire departments with the names of their localities. In that event, local fire departments shall be described as [local name] Branch of the [name of the Agency].

New matter indicated by italics - deletions by strikeout
(e) Upon the formation of an Agency under this Act, the fire departments of the participating units of local government shall be operated under a single chain of command under the leadership of one fire chief appointed by the Board of the Agency. The manner in which chiefs and subordinate chief officers who are redundant under the single chain of command and who are eliminated or integrated into the new unified chain of command shall be defined within the terms of the intergovernmental agreement entered into by the parties. The chiefs and other chief officers shall retain any rights they may have as established by other applicable law, provided that positions shall not be available to any person who is already retired and receiving benefits under Article 4 of the Illinois Pension Code. Any proposed reduction to a bargaining unit position resulting from the abolishment of a non-bargaining unit position shall be subject to compliance with the bargaining rights of any affected collective bargaining representative.

Upon taking office, the fire chief of the Agency shall command all operations of the unified service area of the Agency. The District shall become a body politic and corporate with all the powers, rights, duties, and obligations vested in it under the terms of the intergovernmental agreement and as otherwise provided under the provisions of this Act.

(f) Upon the organization of the Agency, the duties of each included unit of local government relating to the operation of a fire department and emergency medical services within the boundaries of the Agency shall be transferred to the Board of the Agency to be exercised according to the terms of the intergovernmental agreement and as otherwise provided under the provisions of this Act.

(g) Unless otherwise agreed upon, all firefighters, emergency medical services personnel, and other personnel lawfully in the employment of any unit of local government included in the Agency shall maintain identity with the fire departments that they were serving on prior to the creation of the Regional Fire Protection Agency, but shall be subject to the unified chain of command established by the Board.

An Agency consisting of any fire department that employs full-time officers or members shall be subject to Sections 16.01 through 16.18 of the Fire Protection District Act unless the terms of the intergovernmental agreement agreed to by the included units of local government and included collective bargaining unit agents representing employees engaged in providing fire protection or emergency medical services, or both, within the Agency's service area provide otherwise.
(h) Contracts in effect between an exclusive bargaining agent representing employees engaged in providing fire protection or emergency medical services, or both, within the Agency's service area and a participating unit of local government shall continue according to their terms. Successor contracts shall be negotiated in accordance with the provisions of the Illinois Public Labor Relations Act. Upon agreement of any 2 or more units of local government and corresponding exclusive bargaining representatives, and approval of that agreement by a majority of the members of each respective bargaining unit who vote on the issue, any 2 or more bargaining units may be consolidated into a single bargaining unit.

(i) Any unit of local government that is included in an Agency shall be exempt from any reduction in the formula for distribution of income tax revenues under Section 901 of the Illinois Income Tax Act and personal property replacement tax revenues under subsection (c) of Section 201 of the Illinois Income Tax Act collected from local taxpayers by State agencies and redistributed to the units of local government based on the formula and laws in effect as of the effective date of this amendatory Act of the 98th General Assembly.

Section 50. Levy of taxes; limitations; indebtedness.

(a) To carry out the purposes for which an Agency is created, the Agency Board is empowered to take all actions authorized by law and authorized under this Act for the purpose of enforcing payment of any and all contributions and payments required under the terms of an intergovernmental agreement executed under the provisions of this Act.

(b) The inclusion of any unit of local government into an Agency shall not affect the obligation of any contract entered into by the unit of local government unless otherwise agreed upon in the intergovernmental agreement. Such contracts shall remain the obligation of the unit of local government that incurred the obligation.

The inclusion of a unit of local government in an Agency shall not adversely affect proceedings for the collection or enforcement of any tax debt, or other obligation owed to the unit of local government. The proceedings shall continue to finality as if no inclusion had taken place. The proceeds thereof shall be paid to the treasurer of the unit of local government, subject to the terms of the intergovernmental agreement.

All suits pending in any court on behalf of or against any participating unit of local government relating to the provision of fire or emergency medical services on the date that the unit of local government is joined into an Agency under this Act may be prosecuted or defended in the name of the
unit of local government unless otherwise provided in the intergovernmental agreement. All judgments obtained for any unit of local government joined into an Agency shall be collected and enforced by the Agency for its benefit unless otherwise provided in the intergovernmental agreement.

The intergovernmental agreement shall define ownership interests and rights of each unit of local government's fire department related assets and liabilities.

Section 55. Petition to dissolve a District; referendum. The Board of an Agency established by referendum may certify and submit the question of dissolution of the Agency to the electors of the Agency. The Board may draft a ballot title, give notice as required by the general election law, and perform other duties as required to put the question before the voters of the Agency for their approval or rejection as a single ballot measure. The electorate consists of the voters voting within the boundaries of the existing Agency. A simple majority of the registered voters voting on the single ballot measure is required to approve dissolution of the Agency. The Agency seeking dissolution is liable for its proportionate share of the costs of the election.

The question shall be in substantially the following form:

Shall the [name of Regional Fire Protection Agency] be dissolved?

Votes shall be recorded as "Yes" or "No".

If a majority of the votes cast are in favor of the dissolution, the assets, liabilities, obligations, and personnel assigned or belonging to the Agency shall revert to the component units of local government comprising or contributing to the Agency, proportional to each unit of local government's contribution. All such transfers and reassignments shall be made in an expeditious and timely manner, and no longer than 120 days after the date upon which the Agency's dissolution vote was certified by local election authorities.

Section 60. Powers; exclusive. The powers provided by this Act for the creation of Regional Fire Protection Agencies do not prohibit a unit of local government from entering into an intergovernmental agreement to merge, consolidate, or otherwise cooperate with other units of local government to provide fire, rescue, or emergency medical services as otherwise provided by Section 10 of Article VII of the Illinois Constitution and the Illinois Intergovernmental Cooperation Act. However, the powers and benefits provided by this Act for the combination of fire protection or emergency medical services, or both, of 2 or more units of local government shall be limited to Regional Fire Protection Agencies operated according to

Section 65. Home rule. A home rule municipality may not administer fire protection services or emergency medical services, or both, in geographic areas incorporated within the service area of an Agency in a manner that is inconsistent with the terms of an intergovernmental agreement approved in accordance with this Act. This Section is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State.

It shall be the duty of every resale dealer to make out and deliver to the appropriate law enforcement official where such resale dealer does business, on each day before the hours of 12 o'clock noon, a legible and exact copy from the standard record book, as required in Section 15. Such report may be made by means authorized by the appropriate law enforcement official.

No resale dealer shall expose for sale, sell, trade, barter, melt, crush or compact, destroy, or otherwise dispose of any non-identifiable article within 3 days after the date of purchasing or receiving the article.

(b) All items subject to this Section shall be stored at the location in which they were purchased during the holding period.

Section 45. Hold order.

New matter indicated by italics - deletions by strikeout
(a) For the purposes of this Section, "hold order" means a written legal instrument issued to a resale dealer by a law enforcement officer commissioned by the appropriate law enforcement official of the municipality or county that licenses and regulates the resale dealer ordering the resale dealer to retain physical possession of pledged goods in the possession of the resale dealer or property purchased by and in the possession of the resale dealer and not to return, sell, or otherwise dispose of such property on the basis that the property is believed to be misappropriated goods.

(b) Upon receipt of written notice from the appropriate law enforcement official indicating that property in the possession of the resale dealer and subject to a hold order is needed for the purpose of furthering a criminal investigation and prosecution, the resale dealer shall release the property to the custody of the law enforcement official for such purpose and the officer shall provide a written acknowledgment that the property has been released to the official. The release of the property to the custody of the appropriate law enforcement official shall not be considered a waiver or release of the resale dealer's property rights or interest in the property. Upon completion of the criminal investigation, the property shall be returned to the resale dealer; except that, if the appropriate law enforcement official has not completed the criminal investigation within 120 days after the property's release, the official shall immediately return the property to the resale dealer or obtain and furnish to the resale dealer a warrant for the continued custody of the property.

The resale dealer shall not release or dispose of the property except pursuant to a court order or the expiration of the holding period of the hold order, including all extensions.

In cases where criminal charges have been filed and the property may be needed as evidence, the prosecuting attorney shall notify the resale dealer in writing. The notice shall contain the case number, the style of the case, and a description of the property. The resale dealer shall hold such property until receiving notice of the disposition of the case from the prosecuting attorney. The prosecuting attorney shall notify the resale dealer and claimant in writing within 15 days after the disposition of the case. When such other disposition is ordered, the court shall additionally order the person from whom the resale dealer acquired the property to pay restitution to the resale dealer in the amount that the resale dealer paid for the property together with reasonable attorney's fees and costs.

When any person is found to be the owner of stolen property that has been sold to resale dealer, the property shall be returned to the owner without
the payment of the money paid by the resale dealer or any costs or charges of any kind that the resale dealer may have placed on the property.

Section 50. Violations.

(a) Any person who knowingly fails to obey, observe, or comply with the provisions of Sections 15, 20, 25, or 35 of this Act shall be: (i) guilty of a petty offense for which a $750 fine shall be imposed for a first or second offense; (ii) guilty of a Class B misdemeanor for a third offense; and (iii) guilty of a Class A misdemeanor for a fourth or subsequent offense.

Section 55. Local regulation. Nothing in this Act shall be construed to impair the power of a county or municipality, including home rule units, to enforce the provisions of this Act or to license, regulate, suppress, or prohibit resale dealers, provided that any such actions are no less restrictive than required by this Act. This Section is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of the powers and functions exercised by the State. Such local licensing regulation may include the requirement to install, operate, and maintain a video camera surveillance system capable of recording clear and unobstructed photographic representations of the resale dealer's customers. Such videotape recording may be subject to inspection by the appropriate law enforcement official.

Section 20. The Use Tax Act is amended by changing Sections 9 and 12 as follows:

(35 ILCS 105/9) (from Ch. 120, par. 439.9)
Sec. 9. Except as to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, each retailer required or authorized to collect the tax imposed by this Act shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990, and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for expenses incurred in collecting the tax,

keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return. The Department may disallow the discount for retailers whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final. A retailer need not remit that part of any tax collected by him to the extent that he is required to remit and does remit the tax imposed by the Retailers' Occupation Tax Act, with respect to the sale of the same property.

Where such tangible personal property is sold under a conditional sales contract, or under any other form of sale wherein the payment of the principal sum, or a part thereof, is extended beyond the close of the period for which the return is filed, the retailer, in collecting the tax (except as to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State), may collect for each tax return period, only the tax applicable to that part of the selling price actually received during such tax return period.

Except as provided in this Section, on or before the twentieth day of each calendar month, such retailer shall file a return for the preceding calendar month. Such return shall be filed on forms prescribed by the Department and shall furnish such information as the Department may reasonably require.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in the business of selling tangible personal property at retail in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month from sales of tangible personal property by him during such preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;

5. The amount of tax due;
5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, the Service Use Tax Act was $10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act was $20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985, and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987, and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, or begins on or after January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $10,000 threshold stated above, then such taxpayer may petition the Department for change in such taxpayer's reporting status. On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment.
amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

If any such payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown by an original monthly return, the Department shall issue to the taxpayer a credit memorandum no later than 30 days after the date of payment, which memorandum may be submitted by the taxpayer to the Department in payment of tax liability subsequently to be remitted by the taxpayer to the Department or be assigned by the taxpayer to a similar taxpayer under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations to be prescribed by the Department, except that if such excess payment is shown on an original monthly return and is made after December 31, 1986, no credit memorandum shall be issued, unless requested by the taxpayer. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted by the taxpayer to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determines that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% or 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and the taxpayer shall be liable for penalties and interest on such difference.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February, and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under this Act with the Department not more than one month after discontinuing such business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 3-55 of this Act, then that seller may report the transfer of all the aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

The transaction reporting return in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of the Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold;

Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft and aircraft
must show the name and address of the seller; the name and address of the
purchaser; the amount of the selling price including the amount allowed by
the retailer for traded-in property, if any; the amount allowed by the retailer
for the traded-in tangible personal property, if any, to the extent to which
Section 2 of this Act allows an exemption for the value of traded-in property;
the balance payable after deducting such trade-in allowance from the total
selling price; the amount of tax due from the retailer with respect to such
transaction; the amount of tax collected from the purchaser by the retailer on
such transaction (or satisfactory evidence that such tax is not due in that
particular instance, if that is claimed to be the fact); the place and date of the
sale, a sufficient identification of the property sold, and such other
information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days
after the date of delivery of the item that is being sold, but may be filed by the
retailer at any time sooner than that if he chooses to do so. The transaction
reporting return and tax remittance or proof of exemption from the tax that
is imposed by this Act may be transmitted to the Department by way of the
State agency with which, or State officer with whom, the tangible personal
property must be titled or registered (if titling or registration is required) if the
Department and such agency or State officer determine that this procedure
will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the
proper amount of tax due (or shall submit satisfactory evidence that the sale
is not taxable if that is the case), to the Department or its agents, whereupon
the Department shall issue, in the purchaser's name, a tax receipt (or a
certificate of exemption if the Department is satisfied that the particular sale
is tax exempt) which such purchaser may submit to the agency with which,
or State officer with whom, he must title or register the tangible personal
property that is involved (if titling or registration is required) in support of
such purchaser's application for an Illinois certificate or other evidence of title
or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a
user, who has paid the proper tax to the retailer, from obtaining his certificate
of title or other evidence of title or registration (if titling or registration is
required) upon satisfying the Department that such user has paid the proper
tax (if tax is due) to the retailer. The Department shall adopt appropriate rules
to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the
transaction reporting return filed and the payment of tax or proof of
exemption made to the Department before the retailer is willing to take these
actions and such user has not paid the tax to the retailer, such user may certify
to the fact of such delay by the retailer, and may (upon the Department being
satisfied of the truth of such certification) transmit the information required
by the transaction reporting return and the remittance for tax or proof of
exemption directly to the Department and obtain his tax receipt or exemption
determination, in which event the transaction reporting return and tax
remittance (if a tax payment was required) shall be credited by the
Department to the proper retailer's account with the Department, but without
the 2.1% or 1.75% discount provided for in this Section being allowed. When
the user pays the tax directly to the Department, he shall pay the tax in the
same amount and in the same form in which it would be remitted if the tax
had been remitted to the Department by the retailer.

Where a retailer collects the tax with respect to the selling price of
tangible personal property which he sells and the purchaser thereafter returns
such tangible personal property and the retailer refunds the selling price
thereof to the purchaser, such retailer shall also refund, to the purchaser, the
tax so collected from the purchaser. When filing his return for the period in
which he refunds such tax to the purchaser, the retailer may deduct the
amount of the tax so refunded by him to the purchaser from any other use tax
which such retailer may be required to pay or remit to the Department, as
shown by such return, if the amount of the tax to be deducted was previously
remitted to the Department by such retailer. If the retailer has not previously
remitted the amount of such tax to the Department, he is entitled to no
deduction under this Act upon refunding such tax to the purchaser.

Any retailer filing a return under this Section shall also include (for
the purpose of paying tax thereon) the total tax covered by such return upon
the selling price of tangible personal property purchased by him at retail from
a retailer, but as to which the tax imposed by this Act was not collected from
the retailer filing such return, and such retailer shall remit the amount of such
tax to the Department when filing such return.

If experience indicates such action to be practicable, the Department
may prescribe and furnish a combination or joint return which will enable
retailers, who are required to file returns hereunder and also under the

Retailers' Occupation Tax Act, to furnish all the return information required by both Acts on the one form.

Where the retailer has more than one business registered with the Department under separate registration under this Act, such retailer may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund, a special fund in the State Treasury which is hereby created, the net revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund 4% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund, a special fund in the State Treasury, 20% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property, other than tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning August 1, 2000, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol. Beginning September 1, 2010, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of sales tax holiday items.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible

personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2011, each month the Department shall pay into the Clean Air Act (CAA) Permit Fund 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of sorbents used in Illinois in the process of sorbent injection as used to comply with the Environmental Protection Act or the federal Clean Air Act, but the total payment into the Clean Air Act (CAA) Permit Fund under this Act and the Retailers' Occupation Tax Act shall not exceed $2,000,000 in any fiscal year.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the

amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget).

If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department

pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of the sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

and each fiscal year thereafter that bonds are outstanding under Section 13.2 of the Metropolitan Pier and Exposition Authority Act, but not after fiscal year 2060.

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act, plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993 and ending on September 30, 2013, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue

realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Subject to payment of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, and the Energy Infrastructure Fund pursuant to the preceding paragraphs or in any amendments to this Section hereafter enacted, beginning on the first day of the first calendar month to occur on or after the effective date of this amendatory Act of the 98th General Assembly, each month, from the collections made under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act, the Department shall pay into the Tax Compliance and Administration Fund, to be used, subject to appropriation, to fund additional auditors and compliance personnel at the Department of Revenue, an amount equal to 1/12 of 5% of 80% of the cash receipts collected during the preceding fiscal year by the Audit Bureau of the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, the Retailers' Occupation Tax Act, and associated local occupation and use taxes administered by the Department.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net

revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers and wholesalers whose products are sold at retail in Illinois by numerous retailers, and who wish to do so, may assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the retailers who are affected do not make written objection to the Department to this arrangement.

Section 25. The Service Use Tax Act is amended by changing Sections 9 and 12 as follows:

(35 ILCS 110/9) (from Ch. 120, par. 439.39)

Sec. 9. Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or $5 per

calendar year, whichever is greater, which is allowed to reimburse the serviceman for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. The Department may disallow the discount for servicemen whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final. A serviceman need not remit that part of any tax collected by him to the extent that he is required to pay and does pay the tax imposed by the Service Occupation Tax Act with respect to his sale of service involving the incidental transfer by him of the same property.

Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable Rules and Regulations to be promulgated by the Department. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in business as a serviceman in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules
of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

   Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

   Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

   All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

   The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

   If the serviceman is otherwise required to file a monthly return and if the serviceman's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such

New matter indicated by italics - deletions by strikeout
year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the serviceman is otherwise required to file a monthly or quarterly return and if the serviceman's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a serviceman may file his return, in the case of any serviceman who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such serviceman shall file a final return under this Act with the Department not more than 1 month after discontinuing such business.

Where a serviceman collects the tax with respect to the selling price of property which he sells and the purchaser thereafter returns such property and the serviceman refunds the selling price thereof to the purchaser, such serviceman shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the serviceman may deduct the amount of the tax so refunded by him to the purchaser from any other Service Use Tax, Service Occupation Tax, retailers' occupation tax or use tax which such serviceman may be required to pay or remit to the Department, as shown by such return, provided that the amount of the tax to be deducted shall previously have been remitted to the Department by such serviceman. If the serviceman shall not previously have remitted the amount of such tax to the Department, he shall be entitled to no deduction hereunder upon refunding such tax to the purchaser.

Any serviceman filing a return hereunder shall also include the total tax upon the selling price of tangible personal property purchased for use by him as an incident to a sale of service, and such serviceman shall remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable servicemen, who are required to file returns hereunder and also under the Service Occupation Tax Act, to furnish all the return information required by both Acts on the one form.

New matter indicated by italics - deletions by strikeout
Where the serviceman has more than one business registered with the Department under separate registration hereunder, such serviceman shall not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Tax Reform Fund, a special fund in the State Treasury, the net revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund 20% of the net revenue realized for the preceding month from the 6.25% general rate on transfers of tangible personal property, other than tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act, plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993 and ending on September 30, 2013, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Subject to payment of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, and the Energy Infrastructure Fund pursuant to the preceding paragraphs or in any amendments to this Section hereafter enacted, beginning on the first day of the first calendar month to occur on or after the effective date of this amendatory Act of the 98th General Assembly, each month, from the collections made under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act, the Department shall pay into the Tax Compliance and Administration Fund, to be used, subject to appropriation, to fund additional auditors and compliance personnel at the Department of Revenue, an amount equal to 1/12 of 5% of 80% of the cash receipts

Section 30. The Service Occupation Tax Act is amended by changing Sections 9 and 12 as follows:

(35 ILCS 115/9) (from Ch. 120, par. 439.109)

Sec. 9. Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax at the time when he is required to file his return for the period during which such tax was collectible, less a discount of 2.1% prior to January 1, 1990, and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the serviceman for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. The Department may disallow the discount for servicemen whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final.

Where such tangible personal property is sold under a conditional sales contract, or under any other form of sale wherein the payment of the principal sum, or a part thereof, is extended beyond the close of the period for which the return is filed, the serviceman, in collecting the tax may collect, for each tax return period, only the tax applicable to the part of the selling price actually received during such tax return period.

Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable rules and regulations to be promulgated by the Department of Revenue. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in business as a serviceman in this State;

3. The total amount of taxable receipts received by him during the preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Prior to October 1, 2003, and on and after September 1, 2004 a serviceman may accept a Manufacturer's Purchase Credit certification from a purchaser in satisfaction of Service Use Tax as provided in Section 3-70 of the Service Use Tax Act if the purchaser provides the appropriate documentation as required by Section 3-70 of the Service Use Tax Act. A Manufacturer's Purchase Credit certification, accepted prior to October 1, 2003 or on or after September 1, 2004 by a serviceman as provided in Section 3-70 of the Service Use Tax Act, may be used by that serviceman to satisfy Service Occupation Tax liability in the amount claimed in the certification, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase. A Manufacturer's Purchase Credit reported on any original or amended return filed under this Act after October 20, 2003 for reporting periods prior to September 1, 2004 shall be disallowed. Manufacturer's Purchase Credit reported on annual returns due on or after January 1, 2005 will be disallowed for periods prior to September 1, 2004. No Manufacturer's Purchase Credit may be used after September 30, 2003 through August 31, 2004 to satisfy any tax liability imposed under this Act, including any audit liability.

If the serviceman's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the serviceman's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on

an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a serviceman may file his return, in the case of any serviceman who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such serviceman shall file a final return under this Act with the Department not more than 1 month after discontinuing such business.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.
All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Where a serviceman collects the tax with respect to the selling price of tangible personal property which he sells and the purchaser thereafter returns such tangible personal property and the serviceman refunds the selling price thereof to the purchaser, such serviceman shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the serviceman may deduct the amount of the tax so refunded by him to the purchaser from any other Service Occupation Tax, Service Use Tax, Retailers' Occupation Tax or Use Tax which such serviceman may be required to pay or remit to the Department, as shown by such return, provided that the amount of the tax to be deducted shall previously have been remitted to the Department by such serviceman. If the serviceman shall not previously have remitted the amount of such tax to the Department, he shall be entitled to no deduction hereunder upon refunding such tax to the purchaser.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable servicemen, who are required to file returns hereunder and also under the Retailers' Occupation Tax Act, the Use Tax Act or the Service Use Tax Act, to furnish all the return information required by all said Acts on the one form.

Where the serviceman has more than one business registered with the Department under separate registrations hereunder, such serviceman shall file separate returns for each registered business.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund the revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund 4% of the revenue realized for the preceding month from the 6.25% general rate.
