the Special Service Area Tax Law; (iii) the full faith and credit of the municipality; (iv) a mortgage on part or all of the business district project; or (v) any other taxes or anticipated receipts that the municipality may lawfully pledge.

Such obligations may be issued in one or more series, bear such date or dates, become due at such time or times as therein provided, but in any case not later than (i) 20 years after the date of issue or (ii) the dissolution date, whichever is earlier, bear interest payable at such intervals and at such rate or rates as set forth therein, except as may be limited by applicable law, which rate or rates may be fixed or variable, be in such denominations, be in such form, either coupon, registered, or book-entry, carry such conversion, registration and exchange privileges, be subject to defeasance upon such terms, have such rank or priority, be executed in such manner, be payable in such medium or payment at such place or places within or without the State, make provision for a corporate trustee within or without the State with respect to such obligations, prescribe the rights, powers, and duties thereof to be exercised for the benefit of the municipality and the benefit of the owners of such obligations, provide for the holding in trust, investment, and use of moneys, funds, and accounts held under an ordinance, provide for assignment of and direct payment of the moneys to pay such obligations or to be deposited into such funds or accounts directly to such trustee, be subject to such terms of redemption with or without premium, and be sold at such price, all as the corporate authorities shall determine. No referendum approval of the electors shall be required as a condition to the issuance of obligations pursuant to this Law except as provided in this Section.

In the event the municipality authorizes the issuance of obligations pursuant to the authority of this Law secured by the full faith and credit of the municipality, or pledges ad valorem taxes pursuant to this subsection, which obligations are other than obligations which may be issued under home rule powers provided by Section 6 of Article VII of the Illinois Constitution or which ad valorem taxes are other than ad valorem taxes which may be pledged under home rule powers provided by Section 6 of Article VII of the Illinois Constitution or which are levied in a special service area pursuant to the Special Service Area Tax Law, the ordinance authorizing the issuance of those obligations or pledging those taxes shall be published within 10 days after the ordinance has been adopted, in a newspaper having a general circulation within the municipality. The
publication of the ordinance shall be accompanied by a notice of (i) the specific number of voters required to sign a petition requesting the question of the issuance of the obligations or pledging such ad valorem taxes to be submitted to the electors; (ii) the time within which the petition must be filed; and (iii) the date of the prospective referendum. The municipal clerk shall provide a petition form to any individual requesting one.

If no petition is filed with the municipal clerk, as hereinafter provided in this Section, within 21 days after the publication of the ordinance, the ordinance shall be in effect. However, if within that 21-day period a petition is filed with the municipal clerk, signed by electors numbering not less than 15% of the number of electors voting for the mayor or president at the last general municipal election, asking that the question of issuing obligations using full faith and credit of the municipality as security for the cost of paying or reimbursing business district project costs, or of pledging such ad valorem taxes for the payment of those obligations, or both, be submitted to the electors of the municipality, the municipality shall not be authorized to issue obligations of the municipality using the full faith and credit of the municipality as security or pledging such ad valorem taxes for the payment of those obligations, or both, until the proposition has been submitted to and approved by a majority of the voters voting on the proposition at a regularly scheduled election. The municipality shall certify the proposition to the proper election authorities for submission in accordance with the general election law.

The ordinance authorizing the obligations may provide that the obligations shall contain a recital that they are issued pursuant to this Law, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

In the event the municipality authorizes issuance of obligations pursuant to this Law secured by the full faith and credit of the municipality, the ordinance authorizing the obligations may provide for the levy and collection of a direct annual tax upon all taxable property within the municipality sufficient to pay the principal thereof and interest thereon as it matures, which levy may be in addition to and exclusive of the maximum of all other taxes authorized to be levied by the municipality, which levy, however, shall be abated to the extent that monies from other sources are available for payment of the obligations and

the municipality certifies the amount of those monies available to the county clerk.

A certified copy of the ordinance shall be filed with the county clerk of each county in which any portion of the municipality is situated, and shall constitute the authority for the extension and collection of the taxes to be deposited in the business district tax allocation fund.

A municipality may also issue its obligations to refund, in whole or in part, obligations theretofore issued by the municipality under the authority of this Law, whether at or prior to maturity. However, the last maturity of the refunding obligations shall not be expressed to mature later than the dissolution date.

In the event a municipality issues obligations under home rule powers or other legislative authority, the proceeds of which are pledged to pay or reimburse business district project costs, the municipality may, if it has followed the procedures in conformance with this Law, retire those obligations from funds in the business district tax allocation fund in amounts and in such manner as if those obligations had been issued pursuant to the provisions of this Law.

No obligations issued pursuant to this Law shall be regarded as indebtedness of the municipality issuing those obligations or any other taxing district for the purpose of any limitation imposed by law.

Obligations issued pursuant to this Law shall not be subject to the provisions of the Bond Authorization Act.

(f) When business district project costs, including, without limitation, all obligations paying or reimbursing business district project costs have been paid, any surplus funds then remaining in the Business District Tax Allocation Fund shall be distributed to the municipal treasurer for deposit into the general corporate fund of the municipality. Upon payment of all business district project costs and retirement of all obligations paying or reimbursing business district project costs, but in no event more than 23 years after the date of adoption of the ordinance imposing taxes pursuant to subsection (10) or (11) of Section 11-74.3-3, the municipality shall adopt an ordinance immediately rescinding the taxes imposed pursuant to subsection (10) or (11) of Section 11-74.3-3.

(70 ILCS 750/25)
Sec. 25. Flood prevention retailers' and service occupation taxes.
(a) If the Board of Commissioners of a flood prevention district determines that an emergency situation exists regarding levee repair or flood prevention, and upon an ordinance confirming the determination adopted by the affirmative vote of a majority of the members of the county board of the county in which the district is situated, the county may impose a flood prevention retailers' occupation tax upon all persons engaged in the business of selling tangible personal property at retail within the territory of the district to provide revenue to pay the costs of providing emergency levee repair and flood prevention and to secure the payment of bonds, notes, and other evidences of indebtedness issued under this Act for a period not to exceed 25 years or as required to repay the bonds, notes, and other evidences of indebtedness issued under this Act. The tax rate shall be 0.25% of the gross receipts from all taxable sales made in the course of that business. Persons subject to any tax imposed under this Section may reimburse themselves for their seller's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination in a single amount with State taxes that sellers are required to collect under the Use Tax Act, under any bracket schedules the Department may prescribe.

If a tax is imposed under this subsection (a), a tax shall also be imposed under subsection (b) of this Section.

(b) If a tax has been imposed under subsection (a), a flood prevention service occupation tax shall also be imposed upon all persons engaged within the territory of the district in the business of making sales of service, who, as an incident to making the sales of service, transfer tangible personal property, either in the form of tangible personal property or in the form of real estate as an incident to a sale of service to provide revenue to pay the costs of providing emergency levee repair and flood prevention and to secure the payment of bonds, notes, and other evidences of indebtedness issued under this Act for a period not to exceed 25 years or as required to repay the bonds, notes, and other evidences of indebtedness. The tax rate shall be 0.25% of the selling price of all tangible personal property transferred.

The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. those Sections other than the State rate of tax), 4 (except that the reference to the State shall be to the district), 5, 7, 8 (except that the jurisdiction to which the tax is a debt to the extent indicated in that Section 8 is the district), 9 (except as to the disposition of taxes and penalties collected), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State means the district), Section 15, 16, 17, 18, 19, and 20 of the Service Occupation Tax Act and all provisions of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their serviceman's tax liability hereunder by separately stating the tax as an additional charge, that charge may be stated in combination in a single amount with State tax that servicemen are authorized to collect under the Service Use Tax Act, under any bracket schedules the Department may prescribe.

(c) The taxes imposed in subsections (a) and (b) may not be imposed on personal property titled or registered with an agency of the State; food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption); prescription and non-prescription medicines, drugs, and medical appliances; modifications to a motor vehicle for the purpose of rendering it usable by a person with a disability; or insulin, urine testing materials, and syringes and needles used by diabetics.

(d) Nothing in this Section shall be construed to authorize the district to impose a tax upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by the State.

sums of money to the counties from which retailers or servicemen have paid taxes or penalties to the Department during the second preceding calendar month. The amount to be paid to each county is equal to the amount (not including credit memoranda) collected from the county under this Section during the second preceding calendar month by the Department, (i) less 2% of that amount, which shall be deposited into the Tax Compliance and Administration Fund and shall be used by the Department in administering and enforcing the provisions of this Section on behalf of the county, (ii) plus an amount that the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body; (iii) less an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of the county; and (iv) less any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the county. When certifying the amount of a monthly disbursement to a county under this Section, the Department shall increase or decrease the amounts by an amount necessary to offset any miscalculation of previous disbursements within the previous 6 months from the time a miscalculation is discovered.

Within 10 days after receipt by the Comptroller from the Department of the disbursement certification to the counties provided for in this Section, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with directions contained in the certification.

If the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, then the Department shall notify the Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the Treasurer out of the Flood Prevention Occupation Tax Fund.

(g) If a county imposes a tax under this Section, then the county board shall, by ordinance, discontinue the tax upon the payment of all indebtedness of the flood prevention district. The tax shall not be discontinued until all indebtedness of the District has been paid.

(h) Any ordinance imposing the tax under this Section, or any ordinance that discontinues the tax, must be certified by the county clerk and filed with the Illinois Department of Revenue either (i) on or before the first day of April, whereupon the Department shall proceed to administer and enforce the tax or change in the rate as of the first day of

Section 380. The Downstate Forest Preserve District Act is amended by changing Section 6 as follows:

(70 ILCS 805/6) (from Ch. 96 1/2, par. 6309)

Sec. 6. Acquisition of property. Any such District shall have power to acquire lands and grounds for the aforesaid purposes by lease, or in fee simple by gift, grant, legacy, purchase or condemnation, or to acquire easements in land, and to construct, lay out, improve and maintain wells, power plants, comfort stations, shelter houses, paths, driveways, public roads, roadways and other improvements and facilities in and through such forest preserves as they shall deem necessary or desirable for the use of such forest preserves by the public and may acquire, develop, improve and maintain waterways in conjunction with the district. No district with a population less than 600,000 shall have the power to purchase, condemn, lease or acquire an easement in property within a municipality without the concurrence of the governing body of the municipality, except where such district is acquiring land for a linear park or trail not to exceed 100 yards in width or is acquiring land contiguous to an existing park or forest preserve, and no municipality shall annex any land for the purpose of defeating a District acquisition once the District has given notice of intent to acquire a specified parcel of land. No district with a population of less than 500,000 shall (i) have the power to condemn property for a linear park or trail within a municipality without the concurrence of the governing body of the municipality or (ii) have the power to condemn property for a linear park or trail in an unincorporated area without the concurrence of the governing body of the township within which the property is located or (iii) once having commenced a proceeding to acquire

land by condemnation, dismiss or abandon that proceeding without the consent of the property owners. No district shall establish a trail surface within 50 feet of an occupied dwelling which was in existence prior to the approval of the acquisition by the district without obtaining permission of the owners of the premises or the concurrence of the governing body of the municipality or township within which the property is located. All acquisitions of land by a district with a population less than 600,000 within 1 1/2 miles of a municipality shall be preceded by a conference with the mayor or president of the municipality or his designated agent. If a forest preserve district is in negotiations for acquisition of land with owners of land adjacent to a municipality, the annexation of that land shall be deferred for 6 months. The district shall have no power to acquire an interest in real estate situated outside the district by the exercise of the right of eminent domain, by purchase or by lease, but shall have the power to acquire any such property, or an easement in any such property, which is contiguous to the district by gift, legacy, grant, or lease by the State of Illinois, subject to approval of the county board of the county, and of any forest preserve district or conservation district, within which the property is located. The district shall have the same control of and power over land, an interest in which it has so acquired, as over forest preserves within the district. If any of the powers to acquire lands and hold or improve the same given to Forest Preserve Districts, by Sections 5 and 6 of this Act should be held invalid, such invalidity shall not invalidate the remainder of this Act or any of the other powers herein given and conferred upon the Forest Preserve Districts. Such Forest Preserve Districts shall also have power to lease not to exceed 40 acres of the lands and grounds acquired by it, for a term of not more than 99 years to veterans' organizations as grounds for convalescing sick veterans and veterans with disabilities and disabled veterans, and as a place upon which to construct rehabilitation quarters, or to a county as grounds for a county nursing home or convalescent home. Any such Forest Preserve District shall also have power to grant licenses, easements and rights-of-way for the construction, operation and maintenance upon, under or across any property of such District of facilities for water, sewage, telephone, telegraph, electric, gas or other public service, subject to such terms and conditions as may be determined by such District.

Any such District may purchase, but not condemn, a parcel of land and sell a portion thereof for not less than fair market value pursuant to resolution of the Board. Such resolution shall be passed by the affirmative

vote of at least 2/3 of all members of the board within 30 days after acquisition by the district of such parcel.

The corporate authorities of a forest preserve district that (i) is located in a county that has more than 700,000 inhabitants, (ii) borders a county that has 1,000,000 or more inhabitants, and (iii) also borders another state, by ordinance or resolution, may authorize the sale or public auction of a structure located on land owned by the district if (i) the structure existed on the land prior to the district's acquisition of the land, (ii) two-thirds of the members of the board of commissioners then holding office find that the structure is not necessary or is not useful to or for the best interest of the forest preserve district, (iii) a condition of sale or auction requires the transferee of the structure to remove the structure from district land, and (iv) prior to the sale or auction, the fair market value of the structure is determined by a written MAI-certified appraisal or by a written certified appraisal of a State certified or licensed real estate appraiser and the appraisal is available for public inspection. The ordinance or resolution shall (i) direct the sale to be conducted by the staff of the district, a listing with local licensed real estate agencies (in which case the terms of the agent's compensation shall be included in the ordinance or resolution), or by public auction, (ii) be published within 7 days after its passage in a newspaper published in the district, and (iii) contain pertinent information concerning the nature of the structure and any terms or conditions of sale or auction. No earlier than 14 days after the publication, the corporate authorities may accept any offer for the structure determined by them to be in the best interest of the district by a vote of two-thirds of the corporate authorities then holding office.

Whenever the board of any forest preserve district determines that the public interest will be subserved by vacating any street, roadway, or driveway, or part thereof, located within a forest preserve, it may vacate that street, roadway, or driveway, or part thereof, by an ordinance passed by the affirmative vote of at least 3/4 of all the members of the board, except that the affirmative vote of at least 6/7 of all the members of the board is required if the board members are elected under Section 3c of this Act. This vote shall be taken by ayes and nays and entered in the records of the board.

The determination of the board that the nature and extent of the public use or public interest to be subserved is such as to warrant the vacation of any street, roadway, or driveway, or part thereof, is conclusive, and the passage of such an ordinance is sufficient evidence of that
determination, whether so recited in the ordinance or not. The relief to the public from further burden and responsibility of maintaining any street, roadway or driveway, or part thereof, constitutes a public use or public interest authorizing the vacation.

Nothing contained in this Section shall be construed to authorize the board of any forest preserve district to vacate any street, roadway, or driveway, or part thereof, that is part of any State or county highway.

When property is damaged by the vacation or closing of any street, roadway, or driveway, or part thereof, damage shall be ascertained and paid as provided by law.

Except in cases where the deed, or other instrument dedicating a street, roadway, or driveway, or part thereof, has expressly provided for a specific devolution of the title thereto upon the abandonment or vacation thereof, and except where such street, roadway or driveway, or part thereof, is held by the district by lease, or where the district holds an easement in the land included within the street, roadway or driveway, whenever any street, roadway, or driveway, or part thereof is vacated under or by virtue of any ordinance of any forest preserve district, the title to the land in fee simple included within the street, roadway, or driveway, or part thereof, so vacated vests in the forest preserve district.

The board of any forest preserve district is authorized to sell at fair market price, gravel, sand, earth and any other material obtained from the lands and waters owned by the district.

For the purposes of this Section, "acquiring land" includes acquiring a fee simple, lease or easement in land.

Any such forest preserve district shall also have power to grant licenses, easements and rights-of-way for the construction, operation and maintenance upon, under or across any property of such district of facilities for water, sewage, telephone, telegraph, electric, gas or other public service, subject to such terms and conditions as may be determined by such district.

Whenever the board determines that the public interest will be subserved by vacating any street, roadway, or driveway, or part thereof, located within a forest preserve, it may vacate that street, roadway, or driveway, or part thereof, by an ordinance passed by the affirmative vote of at least 3/4 of all the members of the board.

The determination of the board that the nature and extent of the public use or public interest to be subserved is such as to warrant the vacation of any street, roadway, or driveway, or part thereof, is conclusive, and the passage of such an ordinance is sufficient evidence of that determination, whether so recited in the ordinance or not. The relief to the public from further burden and responsibility of maintaining any street, roadway or driveway, or part thereof, constitutes a public use or public interest authorizing the vacation.

When property is damaged by the vacation or closing of any street, roadway, or driveway, or part thereof, damage shall be ascertained and paid as provided by law.

The board of any forest preserve district is authorized to sell at fair market price, gravel, sand, earth and any other material obtained from the lands and waters owned by the district.

The Board shall classify all the offices, positions and grades of regular and exempt employment required, excepting that of the Chairman of the Board, the Executive Director, Secretary, Treasurer, General Counsel, and Chief Engineer, with reference to the duties, job title, job schedule number, and the compensation fixed therefor, and adopt rules governing appointments to any of such offices or positions on the basis of merit and efficiency. The job title shall be generally descriptive of the duties performed in that job, and the job schedule number shall be used to identify a job title and to further classify positions within a job title. No discrimination shall be made in any appointment or promotion to any office, position, or grade of regular employment because of race, creed, color, sex, national origin, physical or mental disability, handicap unrelated to ability, or political or religious affiliations. No officer or employee in regular employment shall be discharged or demoted except for cause which is detrimental to the service. Any officer or employee in regular employment who is discharged or demoted may file a complaint in writing with the Board within ten days after notice of his or her discharge or demotion. If an employee is a member of a labor organization the complaint may be filed by such organization for and in behalf of such employee. The Board shall grant a hearing on such complaint within thirty (30) days after it is filed. The time and place of the hearing shall be fixed by the Board and due notice thereof given to the complainant, the labor organization by or through which the complaint was filed and the Executive Director. member thereof or any officers' committee or employees' committee appointed by the Board. The complainant may be represented by counsel. If the Board finds, or approves a finding of the member or committee appointed by the Board, that the complainant has been unjustly discharged or demoted, he or she shall be restored to his or her office or position with back pay. The decision of the Board shall be final and not subject to review. The Board may designate such offices, positions, and grades of employment as exempt as it deems necessary for the efficient operation of the business of the Authority. The total number of employees occupying exempt offices, positions, or grades of employment may not exceed 3% of the total employment of the Authority. All exempt offices, positions, and grades of employment shall be at will. No discrimination shall be made in any appointment or promotion to any office, position, or grade of exempt employment because of race, creed, color, sex, national origin, physical or mental disability handicap unrelated to ability, or religious or political affiliation. The Board may abolish any vacant or occupied office or position. Additionally, the Board may reduce the force of employees for lack of work or lack of funds as determined by the Board. When the number of positions or employees holding positions of regular employment within a particular job title and job schedule number are reduced, those employees with the least company seniority in that job title and job schedule number shall be first released from regular employment service. For a period of one year, an employee released from service shall be eligible for reinstatement to the job title and job schedule number from which he or she was released, in order of company seniority, if additional force of employees is required. "Company seniority" as used in this Section means the overall employment service credited to an employee by the Authority since the employee's most recent date of hire irrespective of job titles held. If 2 or more employees have the same company seniority date, time in the affected job title and job schedule number shall be used to break the company seniority tie. For purposes of this Section, company seniority shall be considered a working condition. When employees are represented by a labor organization that has a labor agreement with the Authority, the wages, hours, and working conditions (including, but not limited to, seniority rights) shall be governed by the terms of the agreement. Exempt employment shall not include any employees who are represented by a labor organization that has a labor agreement with the Authority.

Section 425. The Regional Transportation Authority Act is amended by changing Sections 1.02, 3A.15, 3A.16, 3B.14, and 3B.15 as follows:

(70 ILCS 3615/1.02) (from Ch. 111 2/3, par. 701.02)
Sec. 1.02. Findings and Purpose.
(a) The General Assembly finds;
   (i) Public transportation is, as provided in Section 7 of Article XIII of the Illinois Constitution, an essential public purpose for which public funds may be expended and that Section authorizes the State to provide financial assistance to units of local government for distribution to providers of public transportation. There is an urgent need to reform and continue a unit of local government to assure the proper management of public transportation and to receive and distribute State or federal operating assistance and to raise and distribute revenues for local operating assistance. System generated revenues are not adequate for such service and a public need exists to provide for, aid and assist public transportation in the northeastern area of the State, consisting of Cook, DuPage, Kane, Lake, McHenry and Will Counties.

   (ii) Comprehensive and coordinated regional public transportation is essential to the public health, safety and welfare. It is essential to economic well-being, maintenance of full employment, conservation of sources of energy and land for open space and reduction of traffic congestion and for providing and maintaining a healthful environment for the benefit of present and future generations in the metropolitan region. Public transportation improves the mobility of the public and improves access to jobs, commercial facilities, schools and cultural attractions. Public transportation decreases air pollution and other environmental hazards resulting from excessive use of automobiles and allows for more efficient land use and planning.

   (iii) Because system generated receipts are not presently adequate, public transportation facilities and services in the northeastern area are in grave financial condition. With existing methods of financing, coordination and management, and relative convenience of automobiles, such public transportation facilities are not providing adequate public transportation to insure the public health, safety and welfare.

(iv) Additional commitments to the public transportation needs of persons with disabilities the disabled, the economically disadvantaged, and the elderly are necessary.

(v) To solve these problems, it is necessary to provide for the creation of a regional transportation authority with the powers necessary to insure adequate public transportation.

(b) The General Assembly further finds, in connection with this amendatory Act of 1983:

(i) Substantial, recurring deficits in the operations of public transportation services subject to the jurisdiction of the Regional Transportation Authority and periodic cash shortages have occurred either of which could bring about a loss of public transportation services throughout the metropolitan region at any time;

(ii) A substantial or total loss of public transportation services or any segment thereof would create an emergency threatening the safety and well-being of the people in the northeastern area of the State; and

(iii) To meet the urgent needs of the people of the metropolitan region that such an emergency be averted and to provide financially sound methods of managing the provision of public transportation services in the northeastern area of the State, it is necessary, while maintaining and continuing the existing Authority, to modify the powers and responsibilities of the Authority, to reallocate responsibility for operating decisions, to change the composition and appointment of the Board of Directors thereof, and to immediately establish a new Board of Directors.

(c) The General Assembly further finds in connection with this amendatory Act of the 95th General Assembly:

(i) The economic vitality of northeastern Illinois requires regionwide and systemwide efforts to increase ridership on the transit systems, constrain road congestion within the metropolitan region, and allocate resources for transportation so as to assist in the development of an adequate, efficient, geographically equitable and coordinated regional transportation system that is in a state of good repair.

(ii) To achieve the purposes of this amendatory Act of the 95th General Assembly, the powers and duties of the Authority must be enhanced to improve overall planning and coordination, to
achieve an integrated and efficient regional transit system, to
advance the mobility of transit users, and to increase financial
transparency of the Authority and the Service Boards.

(d) It is the purpose of this Act to provide for, aid and assist public
transportation in the northeastern area of the State without impairing the
overall quality of existing public transportation by providing for the
creation of a single authority responsive to the people and elected officials
of the area and with the power and competence to develop, implement, and
enforce plans that promote adequate, efficient, geographically equitable
and coordinated public transportation, provide financial review of the
providers of public transportation in the metropolitan region and facilitate
public transportation provided by Service Boards which is attractive and
economical to users, comprehensive, coordinated among its various
elements, economical, safe, efficient and coordinated with area and State
plans.

After an examination of that information the high school district may accept the current placement and all subsequent timelines shall be governed by the current individualized educational program; or the high school district may elect to conduct its own evaluation and multidisciplinary staff conference and formulate its own individualized educational program, in which case the procedures and timelines contained in Section 14-8.02 shall apply.

(105 ILCS 5/14-7.02) (from Ch. 122, par. 14-7.02)

Sec. 14-7.02. Children attending private schools, public out-of-state schools, public school residential facilities or private special education facilities. The General Assembly recognizes that non-public schools or special education facilities provide an important service in the educational system in Illinois.

If because of his or her disability the special education program of a district is unable to meet the needs of a child and the child attends a non-public school or special education facility, a public out-of-state school or a special education facility owned and operated by a county government unit that provides special educational services required by the child and is in compliance with the appropriate rules and regulations of the State Superintendent of Education, the school district in which the child is a resident shall pay the actual cost of tuition for special education and related services provided during the regular school term and during the summer school term if the child's educational needs so require, excluding room, board and transportation costs charged the child by that non-public school or special education facility, public out-of-state school or county special education facility, or $4,500 per year, whichever is less, and shall provide him any necessary transportation. "Nonpublic special education facility" shall include a residential facility, within or without the State of
Illinois, which provides special education and related services to meet the needs of the child by utilizing private schools or public schools, whether located on the site or off the site of the residential facility.

The State Board of Education shall promulgate rules and regulations for determining when placement in a private special education facility is appropriate. Such rules and regulations shall take into account the various types of services needed by a child and the availability of such services to the particular child in the public school. In developing these rules and regulations the State Board of Education shall consult with the Advisory Council on Education of Children with Disabilities and hold public hearings to secure recommendations from parents, school personnel, and others concerned about this matter.

The State Board of Education shall also promulgate rules and regulations for transportation to and from a residential school. Transportation to and from home to a residential school more than once each school term shall be subject to prior approval by the State Superintendent in accordance with the rules and regulations of the State Board.

A school district making tuition payments pursuant to this Section is eligible for reimbursement from the State for the amount of such payments actually made in excess of the district per capita tuition charge for students not receiving special education services. Such reimbursement shall be approved in accordance with Section 14-12.01 and each district shall file its claims, computed in accordance with rules prescribed by the State Board of Education, on forms prescribed by the State Superintendent of Education. Data used as a basis of reimbursement claims shall be for the preceding regular school term and summer school term. Each school district shall transmit its claims to the State Board of Education on or before August 15. The State Board of Education, before approving any such claims, shall determine their accuracy and whether they are based upon services and facilities provided under approved programs. Upon approval the State Board shall cause vouchers to be prepared showing the amount due for payment of reimbursement claims to school districts, for transmittal to the State Comptroller on the 30th day of September, December, and March, respectively, and the final voucher, no later than June 20. If the money appropriated by the General Assembly for such purpose for any year is insufficient, it shall be apportioned on the basis of the claims approved.
No child shall be placed in a special education program pursuant to this Section if the tuition cost for special education and related services increases more than 10 percent over the tuition cost for the previous school year or exceeds $4,500 per year unless such costs have been approved by the Illinois Purchased Care Review Board. The Illinois Purchased Care Review Board shall consist of the following persons, or their designees: the Directors of Children and Family Services, Public Health, Public Aid, and the Governor's Office of Management and Budget; the Secretary of Human Services; the State Superintendent of Education; and such other persons as the Governor may designate. The Review Board shall also consist of one non-voting member who is an administrator of a private, nonpublic, special education school. The Review Board shall establish rules and regulations for its determination of allowable costs and payments made by local school districts for special education, room and board, and other related services provided by non-public schools or special education facilities and shall establish uniform standards and criteria which it shall follow. The Review Board shall approve the usual and customary rate or rates of a special education program that (i) is offered by an out-of-state, non-public provider of integrated autism specific educational and autism specific residential services, (ii) offers 2 or more levels of residential care, including at least one locked facility, and (iii) serves 12 or fewer Illinois students.

The Review Board shall establish uniform definitions and criteria for accounting separately by special education, room and board and other related services costs. The Board shall also establish guidelines for the coordination of services and financial assistance provided by all State agencies to assure that no otherwise qualified child with a disability receiving services under Article 14 shall be excluded from participation in, be denied the benefits of or be subjected to discrimination under any program or activity provided by any State agency.

The Review Board shall review the costs for special education and related services provided by non-public schools or special education facilities and shall approve or disapprove such facilities in accordance with the rules and regulations established by it with respect to allowable costs.

The State Board of Education shall provide administrative and staff support for the Review Board as deemed reasonable by the State Superintendent of Education. This support shall not include travel expenses or other compensation for any Review Board member other than the State Superintendent of Education.

The Review Board shall seek the advice of the Advisory Council on Education of Children with Disabilities on the rules and regulations to be promulgated by it relative to providing special education services.

If a child has been placed in a program in which the actual per pupil costs of tuition for special education and related services based on program enrollment, excluding room, board and transportation costs, exceed $4,500 and such costs have been approved by the Review Board, the district shall pay such total costs which exceed $4,500. A district making such tuition payments in excess of $4,500 pursuant to this Section shall be responsible for an amount in excess of $4,500 equal to the district per capita tuition charge and shall be eligible for reimbursement from the State for the amount of such payments actually made in excess of the districts per capita tuition charge for students not receiving special education services.

If a child has been placed in an approved individual program and the tuition costs including room and board costs have been approved by the Review Board, then such room and board costs shall be paid by the appropriate State agency subject to the provisions of Section 14-8.01 of this Act. Room and board costs not provided by a State agency other than the State Board of Education shall be provided by the State Board of Education on a current basis. In no event, however, shall the State's liability for funding of these tuition costs begin until after the legal obligations of third party payors have been subtracted from such costs. If the money appropriated by the General Assembly for such purpose for any year is insufficient, it shall be apportioned on the basis of the claims approved. Each district shall submit estimated claims to the State Superintendent of Education. Upon approval of such claims, the State Superintendent of Education shall direct the State Comptroller to make payments on a monthly basis. The frequency for submitting estimated claims and the method of determining payment shall be prescribed in rules and regulations adopted by the State Board of Education. Such current state reimbursement shall be reduced by an amount equal to the proceeds which the child or child's parents are eligible to receive under any public or private insurance or assistance program. Nothing in this Section shall be construed as relieving an insurer or similar third party from an otherwise valid obligation to provide or to pay for services provided to a child with a disability.

If it otherwise qualifies, a school district is eligible for the transportation reimbursement under Section 14-13.01 and for the

reimbursement of tuition payments under this Section whether the non-
public school or special education facility, public out-of-state school or 
county special education facility, attended by a child who resides in that 
district and requires special educational services, is within or outside of 
the State of Illinois. However, a district is not eligible to claim 
transportation reimbursement under this Section unless the district certifies 
to the State Superintendent of Education that the district is unable to 
provide special educational services required by the child for the current 
school year.

Nothing in this Section authorizes the reimbursement of a school 
district for the amount paid for tuition of a child attending a non-public 
school or special education facility, public out-of-state school or county 
special education facility unless the school district certifies to the State 
Superintendent of Education that the special education program of that 
district is unable to meet the needs of that child because of his disability 
and the State Superintendent of Education finds that the school district is 
in substantial compliance with Section 14-4.01. However, if a child is 
unilaterally placed by a State agency or any court in a non-public school or 
special education facility, public out-of-state school, or county special 
education facility, a school district shall not be required to certify to the 
State Superintendent of Education, for the purpose of tuition 
reimbursement, that the special education program of that district is unable 
to meet the needs of a child because of his or her disability.

Any educational or related services provided, pursuant to this 
Section in a non-public school or special education facility or a special 
education facility owned and operated by a county government unit shall 
be at no cost to the parent or guardian of the child. However, current law 
and practices relative to contributions by parents or guardians for costs 
other than educational or related services are not affected by this 

Reimbursement for children attending public school residential 
facilities shall be made in accordance with the provisions of this Section.

Notwithstanding any other provision of law, any school district 
receiving a payment under this Section or under Section 14-7.02b, 14-
13.01, or 29-5 of this Code may classify all or a portion of the funds that it 
receives in a particular fiscal year or from general State aid pursuant to 
Section 18-8.05 of this Code as funds received in connection with any 
funding program for which it is entitled to receive funds from the State in 
that fiscal year (including, without limitation, any funding program

referenced in this Section), regardless of the source or timing of the receipt. The district may not classify more funds as funds received in connection with the funding program than the district is entitled to receive in that fiscal year for that program. Any classification by a district must be made by a resolution of its board of education. The resolution must identify the amount of any payments or general State aid to be classified under this paragraph and must specify the funding program to which the funds are to be treated as received in connection therewith. This resolution is controlling as to the classification of funds referenced therein. A certified copy of the resolution must be sent to the State Superintendent of Education. The resolution shall still take effect even though a copy of the resolution has not been sent to the State Superintendent of Education in a timely manner. No classification under this paragraph by a district shall affect the total amount or timing of money the district is entitled to receive under this Code. No classification under this paragraph by a district shall in any way relieve the district from or affect any requirements that otherwise would apply with respect to that funding program, including any accounting of funds by source, reporting expenditures by original source and purpose, reporting requirements, or requirements of providing services.

Sec. 14-7.03. Special Education Classes for Children from Orphanages, Foster Family Homes, Children's Homes, or in State Housing Units. If a school district maintains special education classes on the site of orphanages and children's homes, or if children from the orphanages, children's homes, foster family homes, other State agencies, or State residential units for children attend classes for children with disabilities in which the school district is a participating member of a joint agreement, or if the children from the orphanages, children's homes, foster family homes, other State agencies, or State residential units attend classes for the children with disabilities maintained by the school district, then reimbursement shall be paid to eligible districts in accordance with the provisions of this Section by the Comptroller as directed by the State Superintendent of Education.

The amount of tuition for such children shall be determined by the actual cost of maintaining such classes, using the per capita cost formula set forth in Section 14-7.01, such program and cost to be pre-approved by the State Superintendent of Education.

New matter indicated by italics - deletions by strikeout
If a school district makes a claim for reimbursement under Section 18-3 or 18-4 of this Act it shall not include in any claim filed under this Section a claim for such children. Payments authorized by law, including State or federal grants for education of children included in this Section, shall be deducted in determining the tuition amount.

Nothing in this Act shall be construed so as to prohibit reimbursement for the tuition of children placed in for profit facilities. Private facilities shall provide adequate space at the facility for special education classes provided by a school district or joint agreement for children with disabilities who are residents of the facility at no cost to the school district or joint agreement upon request of the school district or joint agreement. If such a private facility provides space at no cost to the district or joint agreement for special education classes provided to children with disabilities who are residents of the facility, the district or joint agreement shall not include any costs for the use of those facilities in its claim for reimbursement.

Reimbursement for tuition may include the cost of providing summer school programs for children with severe and profound disabilities served under this Section. Claims for that reimbursement shall be filed by November 1 and shall be paid on or before December 15 from appropriations made for the purposes of this Section.

The State Board of Education shall establish such rules and regulations as may be necessary to implement the provisions of this Section.

Claims filed on behalf of programs operated under this Section housed in a jail, detention center, or county-owned shelter care facility shall be on an individual student basis only for eligible students with disabilities. These claims shall be in accordance with applicable rules.

Each district claiming reimbursement for a program operated as a group program shall have an approved budget on file with the State Board of Education prior to the initiation of the program's operation. On September 30, December 31, and March 31, the State Board of Education shall voucher payments to group programs based upon the approved budget during the year of operation. Final claims for group payments shall be filed on or before July 15. Final claims for group programs received at the State Board of Education on or before June 15 shall be vouchered by June 30. Final claims received at the State Board of Education between June 16 and July 15 shall be vouchered by August 30. Claims for group programs received after July 15 shall not be honored.

Each district claiming reimbursement for individual students shall have the eligibility of those students verified by the State Board of Education. On September 30, December 31, and March 31, the State Board of Education shall voucher payments for individual students based upon an estimated cost calculated from the prior year's claim. Final claims for individual students for the regular school term must be received at the State Board of Education by July 15. Claims for individual students received after July 15 shall not be honored. Final claims for individual students shall be vouched by August 30.

Reimbursement shall be made based upon approved group programs or individual students. The State Superintendent of Education shall direct the Comptroller to pay a specified amount to the district by the 30th day of September, December, March, June, or August, respectively. However, notwithstanding any other provisions of this Section or the School Code, beginning with fiscal year 1994 and each fiscal year thereafter, if the amount appropriated for any fiscal year is less than the amount required for purposes of this Section, the amount required to eliminate any insufficient reimbursement for each district claim under this Section shall be reimbursed on August 30 of the next fiscal year. Payments required to eliminate any insufficiency for prior fiscal year claims shall be made before any claims are paid for the current fiscal year.

The claim of a school district otherwise eligible to be reimbursed in accordance with Section 14-12.01 for the 1976-77 school year but for this amendatory Act of 1977 shall not be paid unless the district ceases to maintain such classes for one entire school year.

If a school district's current reimbursement payment for the 1977-78 school year only is less than the prior year's reimbursement payment owed, the district shall be paid the amount of the difference between the payments in addition to the current reimbursement payment, and the amount so paid shall be subtracted from the amount of prior year's reimbursement payment owed to the district.

Regional superintendents may operate special education classes for children from orphanages, foster family homes, children's homes or State housing units located within the educational services region upon consent of the school board otherwise so obligated. In electing to assume the powers and duties of a school district in providing and maintaining such a special education program, the regional superintendent may enter into joint agreements with other districts and may contract with public or private schools or the orphanage, foster family home, children's home or State

Any child who is not a resident of Illinois who is placed in a child welfare institution, private facility, foster family home, State operated program, orphanage or children's home shall have the payment for his educational tuition and any related services assured by the placing agent.

For each student with a disability disabled student who is placed in a residential facility by an Illinois public agency or by any court in this State, the costs for educating the student are eligible for reimbursement under this Section.

The district of residence of the student with a disability disabled student as defined in Section 14-1.11a is responsible for the actual costs of the student's special education program and is eligible for reimbursement under this Section when placement is made by a State agency or the courts.

When a dispute arises over the determination of the district of residence under this Section, the district or districts may appeal the decision in writing to the State Superintendent of Education, who, upon review of materials submitted and any other items or information he or she may request for submission, shall issue a written decision on the matter. The decision of the State Superintendent of Education shall be final.

In the event a district does not make a tuition payment to another district that is providing the special education program and services, the State Board of Education shall immediately withhold 125% of the then remaining annual tuition cost from the State aid or categorical aid payment due to the school district that is determined to be the resident school district. All funds withheld by the State Board of Education shall immediately be forwarded to the school district where the student is being served.

When a child eligible for services under this Section 14-7.03 must be placed in a nonpublic facility, that facility shall meet the programmatic requirements of Section 14-7.02 and its regulations, and the educational services shall be funded only in accordance with this Section 14-7.03.

All special education facilities, building programs, and housing shall comply with the building code authorized by Section 2-3.12.

All educational programs for children with disabilities as defined in Section 14-1.02 administered by any State agency shall be under the general supervision of the State Board of Education. Such supervision shall be limited to insuring that such educational programs meet standards jointly developed and agreed to by both the State Board of Education and the operating State agency, including standards for educational personnel.

Any State agency providing special educational programs for children with disabilities as defined in Section 14-1.02 shall promulgate rules and regulations, in consultation with the State Board of Education and pursuant to the Illinois Administrative Procedure Act as now or hereafter amended, to insure that all such programs comply with this Section and Section 14-8.02.

No otherwise qualified child with a disability disabled child receiving special education and related services under Article 14 shall solely by reason of his or her disability be excluded from the participation in or be denied the benefits of or be subjected to discrimination under any program or activity provided by a State agency.

State agencies providing special education and related services, including room and board, either directly or through grants or purchases of services shall continue to provide these services according to current law and practice. Room and board costs not provided by a State agency other than the State Board of Education shall be provided by the State Board of Education to the extent of available funds. Any such excess room and board funds must first be directed to those school districts with students costing in excess of 4 times the district's per capita tuition charge and then to community based programs that serve as alternatives to residential placements.

shall be allocated by the State Board of Education in the same manner as IDEA, PART B "flow through" funding to local school districts, joint agreements, and special education cooperatives for the maintenance of instructional and related support services to students with disabilities. However, beginning with Fiscal Year 1998, the total IDEA Part B discretionary funds available to the State Board of Education shall not exceed the maximum permissible under federal law or 20% of the total federal funds available to the State, whichever is less. After all room and board payments and similar expenditures are made by the State Board of Education as required by this Section, the State Board of Education may use the remaining funds for administration and for providing discretionary activities. However, the State Board of Education may use no more than 25% of its available IDEA Part B discretionary funds for administrative services.

Special education and related services included in the child's individualized educational program which are not provided by another State agency shall be included in the special education and related services provided by the State Board of Education and the local school district.

(a) The State Board of Education shall make rules under which local school boards shall determine the eligibility of children to receive special education. Such rules shall ensure that a free appropriate public education be available to all children with disabilities as defined in Section 14-1.02. The State Board of Education shall require local school districts to administer non-discriminatory procedures or tests to limited English proficiency students coming from homes in which a language other than English is used to determine their eligibility to receive special education. The placement of low English proficiency students in special education programs and facilities shall be made in accordance with the test results reflecting the student's linguistic, cultural and special education needs. For purposes of determining the eligibility of children the State Board of Education shall include in the rules definitions of "case study", "staff conference", "individualized educational program", and "qualified specialist" appropriate to each category of children with disabilities as defined in this Article. For purposes of determining the eligibility of children from homes in which a language other than English is used, the State Board of Education shall include in the rules definitions for "qualified bilingual specialists" and "linguistically and culturally appropriate individualized educational programs". For purposes of this Section, as well as Sections 14-8.02a, 14-8.02b, and 14-8.02c of this Code, "parent" means a parent as defined in the federal Individuals with Disabilities Education Act (20 U.S.C. 1401(23)).

(b) No child shall be eligible for special education facilities except with a carefully completed case study fully reviewed by professional personnel in a multidisciplinary staff conference and only upon the recommendation of qualified specialists or a qualified bilingual specialist, if available. At the conclusion of the multidisciplinary staff conference, the parent of the child shall be given a copy of the multidisciplinary conference summary report and recommendations, which includes options considered, and be informed of their right to obtain an independent educational evaluation if they disagree with the evaluation findings conducted or obtained by the school district. If the school district's evaluation is shown to be inappropriate, the school district shall reimburse the parent for the cost of the independent evaluation. The State Board of Education shall, with advice from the State Advisory Council on Education of Children with Disabilities on the inclusion of specific independent educational evaluators, prepare a list of suggested independent educational evaluators. The State Board of Education shall
include on the list clinical psychologists licensed pursuant to the Clinical Psychologist Licensing Act. Such psychologists shall not be paid fees in excess of the amount that would be received by a school psychologist for performing the same services. The State Board of Education shall supply school districts with such list and make the list available to parents at their request. School districts shall make the list available to parents at the time they are informed of their right to obtain an independent educational evaluation. However, the school district may initiate an impartial due process hearing under this Section within 5 days of any written parent request for an independent educational evaluation to show that its evaluation is appropriate. If the final decision is that the evaluation is appropriate, the parent still has a right to an independent educational evaluation, but not at public expense. An independent educational evaluation at public expense must be completed within 30 days of a parent written request unless the school district initiates an impartial due process hearing or the parent or school district offers reasonable grounds to show that such 30 day time period should be extended. If the due process hearing decision indicates that the parent is entitled to an independent educational evaluation, it must be completed within 30 days of the decision unless the parent or the school district offers reasonable grounds to show that such 30 day period should be extended. If a parent disagrees with the summary report or recommendations of the multidisciplinary conference or the findings of any educational evaluation which results therefrom, the school district shall not proceed with a placement based upon such evaluation and the child shall remain in his or her regular classroom setting. No child shall be eligible for admission to a special class for *children with a mental disability who are educable or for children with a mental disability who are trainable* except with a psychological evaluation and recommendation by a school psychologist. Consent shall be obtained from the parent of a child before any evaluation is conducted. If consent is not given by the parent or if the parent disagrees with the findings of the evaluation, then the school district may initiate an impartial due process hearing under this Section. The school district may evaluate the child if that is the decision resulting from the impartial due process hearing and the decision is not appealed or if the decision is affirmed on appeal. The determination of eligibility shall be made and the IEP meeting shall be completed within 60 school days from the date of written parental consent. In those instances when written parental consent is obtained with
fewer than 60 pupil attendance days left in the school year, the eligibility determination shall be made and the IEP meeting shall be completed prior to the first day of the following school year. Special education and related services must be provided in accordance with the student's IEP no later than 10 school attendance days after notice is provided to the parents pursuant to Section 300.503 of Title 34 of the Code of Federal Regulations and implementing rules adopted by the State Board of Education. The appropriate program pursuant to the individualized educational program of students whose native tongue is a language other than English shall reflect the special education, cultural and linguistic needs. No later than September 1, 1993, the State Board of Education shall establish standards for the development, implementation and monitoring of appropriate bilingual special individualized educational programs. The State Board of Education shall further incorporate appropriate monitoring procedures to verify implementation of these standards. The district shall indicate to the parent and the State Board of Education the nature of the services the child will receive for the regular school term while waiting placement in the appropriate special education class.

If the child is deaf, hard of hearing, blind, or visually impaired and he or she might be eligible to receive services from the Illinois School for the Deaf or the Illinois School for the Visually Impaired, the school district shall notify the parents, in writing, of the existence of these schools and the services they provide and shall make a reasonable effort to inform the parents of the existence of other, local schools that provide similar services and the services that these other schools provide. This notification shall include without limitation information on school services, school admissions criteria, and school contact information.

In the development of the individualized education program for a student who has a disability on the autism spectrum (which includes autistic disorder, Asperger's disorder, pervasive developmental disorder not otherwise specified, childhood disintegrative disorder, and Rett Syndrome, as defined in the Diagnostic and Statistical Manual of Mental Disorders, fourth edition (DSM-IV, 2000)), the IEP team shall consider all of the following factors:

(1) The verbal and nonverbal communication needs of the child.

(2) The need to develop social interaction skills and proficiencies.

New matter indicated by italics - deletions by strikeout
(3) The needs resulting from the child's unusual responses to sensory experiences.

(4) The needs resulting from resistance to environmental change or change in daily routines.

(5) The needs resulting from engagement in repetitive activities and stereotyped movements.

(6) The need for any positive behavioral interventions, strategies, and supports to address any behavioral difficulties resulting from autism spectrum disorder.

(7) Other needs resulting from the child's disability that impact progress in the general curriculum, including social and emotional development.

Public Act 95-257 does not create any new entitlement to a service, program, or benefit, but must not affect any entitlement to a service, program, or benefit created by any other law.

If the student may be eligible to participate in the Home-Based Support Services Program for Adults with Mental Disabilities, mentally disabled adults authorized under the Developmental Disability and Mental Disability Services Act upon becoming an adult, the student's individualized education program shall include plans for (i) determining the student's eligibility for those home-based services, (ii) enrolling the student in the program of home-based services, and (iii) developing a plan for the student's most effective use of the home-based services after the student becomes an adult and no longer receives special educational services under this Article. The plans developed under this paragraph shall include specific actions to be taken by specified individuals, agencies, or officials.

(c) In the development of the individualized education program for a student who is functionally blind, it shall be presumed that proficiency in Braille reading and writing is essential for the student's satisfactory educational progress. For purposes of this subsection, the State Board of Education shall determine the criteria for a student to be classified as functionally blind. Students who are not currently identified as functionally blind who are also entitled to Braille instruction include: (i) those whose vision loss is so severe that they are unable to read and write at a level comparable to their peers solely through the use of vision, and (ii) those who show evidence of progressive vision loss that may result in functional blindness. Each student who is functionally blind shall be entitled to Braille reading and writing instruction that is sufficient to

enable the student to communicate with the same level of proficiency as other students of comparable ability. Instruction should be provided to the extent that the student is physically and cognitively able to use Braille. Braille instruction may be used in combination with other special education services appropriate to the student's educational needs. The assessment of each student who is functionally blind for the purpose of developing the student's individualized education program shall include documentation of the student's strengths and weaknesses in Braille skills. Each person assisting in the development of the individualized education program for a student who is functionally blind shall receive information describing the benefits of Braille instruction. The individualized education program for each student who is functionally blind shall specify the appropriate learning medium or media based on the assessment report.

(d) To the maximum extent appropriate, the placement shall provide the child with the opportunity to be educated with children who do not have a disability are not disabled; provided that children with disabilities who are recommended to be placed into regular education classrooms are provided with supplementary services to assist the children with disabilities to benefit from the regular classroom instruction and are included on the teacher's regular education class register. Subject to the limitation of the preceding sentence, placement in special classes, separate schools or other removal of the child with a disability disabled child from the regular educational environment shall occur only when the nature of the severity of the disability is such that education in the regular classes with the use of supplementary aids and services cannot be achieved satisfactorily. The placement of limited English proficiency students with disabilities shall be in non-restrictive environments which provide for integration with non-disabled peers who do not have disabilities in bilingual classrooms. Annually, each January, school districts shall report data on students from non-English speaking backgrounds receiving special education and related services in public and private facilities as prescribed in Section 2-3.30. If there is a disagreement between parties involved regarding the special education placement of any child, either in-state or out-of-state, the placement is subject to impartial due process procedures described in Article 10 of the Rules and Regulations to Govern the Administration and Operation of Special Education.

(e) No child who comes from a home in which a language other than English is the principal language used may be assigned to any class or program under this Article until he has been given, in the principal
language used by the child and used in his home, tests reasonably related to his cultural environment. All testing and evaluation materials and procedures utilized for evaluation and placement shall not be linguistically, racially or culturally discriminatory.

(f) Nothing in this Article shall be construed to require any child to undergo any physical examination or medical treatment whose parents object thereto on the grounds that such examination or treatment conflicts with his religious beliefs.

(g) School boards or their designee shall provide to the parents of a child prior written notice of any decision (a) proposing to initiate or change, or (b) refusing to initiate or change, the identification, evaluation, or educational placement of the child or the provision of a free appropriate public education to their child, and the reasons therefor. Such written notification shall also inform the parent of the opportunity to present complaints with respect to any matter relating to the educational placement of the student, or the provision of a free appropriate public education and to have an impartial due process hearing on the complaint. The notice shall inform the parents in the parents' native language, unless it is clearly not feasible to do so, of their rights and all procedures available pursuant to this Act and the federal Individuals with Disabilities Education Improvement Act of 2004 (Public Law 108-446); it shall be the responsibility of the State Superintendent to develop uniform notices setting forth the procedures available under this Act and the federal Individuals with Disabilities Education Improvement Act of 2004 (Public Law 108-446) to be used by all school boards. The notice shall also inform the parents of the availability upon request of a list of free or low-cost legal and other relevant services available locally to assist parents in initiating an impartial due process hearing. Any parent who is deaf, or does not normally communicate using spoken English, who participates in a meeting with a representative of a local educational agency for the purposes of developing an individualized educational program shall be entitled to the services of an interpreter.

(g-5) For purposes of this subsection (g-5), "qualified professional" means an individual who holds credentials to evaluate the child in the domain or domains for which an evaluation is sought or an intern working under the direct supervision of a qualified professional, including a master's or doctoral degree candidate.

To ensure that a parent can participate fully and effectively with school personnel in the development of appropriate educational and
related services for his or her child, the parent, an independent educational
evaluator, or a qualified professional retained by or on behalf of a parent or
child must be afforded reasonable access to educational facilities,
personnel, classrooms, and buildings and to the child as provided in this
subsection (g-5). The requirements of this subsection (g-5) apply to any
public school facility, building, or program and to any facility, building, or
program supported in whole or in part by public funds. Prior to visiting a
school, school building, or school facility, the parent, independent
educational evaluator, or qualified professional may be required by the
school district to inform the building principal or supervisor in writing of
the proposed visit, the purpose of the visit, and the approximate duration
of the visit. The visitor and the school district shall arrange the visit or
visits at times that are mutually agreeable. Visitors shall comply with
school safety, security, and visitation policies at all times. School district
visitation policies must not conflict with this subsection (g-5). Visitors
shall be required to comply with the requirements of applicable privacy
laws, including those laws protecting the confidentiality of education
records such as the federal Family Educational Rights and Privacy Act and
the Illinois School Student Records Act. The visitor shall not disrupt the
educational process.

(1) A parent must be afforded reasonable access of
sufficient duration and scope for the purpose of observing his or
her child in the child's current educational placement, services, or
program or for the purpose of visiting an educational placement or
program proposed for the child.

(2) An independent educational evaluator or a qualified
professional retained by or on behalf of a parent or child must be
afforded reasonable access of sufficient duration and scope for the
purpose of conducting an evaluation of the child, the child's
performance, the child's current educational program, placement,
services, or environment, or any educational program, placement,
services, or environment proposed for the child, including
interviews of educational personnel, child observations,
assessments, tests or assessments of the child's educational
program, services, or placement or of any proposed educational
program, services, or placement. If one or more interviews of
school personnel are part of the evaluation, the interviews must be
conducted at a mutually agreed upon time, date, and place that do
not interfere with the school employee's school duties. The school

Sec. 17-2.11. School board power to levy a tax or to borrow money and issue bonds for fire prevention, safety, energy conservation, disabled accessibility, school security, and specified repair purposes.

(a) Whenever, as a result of any lawful order of any agency, other than a school board, having authority to enforce any school building code applicable to any facility that houses students, or any law or regulation for the protection and safety of the environment, pursuant to the Environmental Protection Act, any school district having a population of less than 500,000 inhabitants is required to alter or reconstruct any school building or permanent, fixed equipment; the district may, by proper resolution, levy a tax for the purpose of making such alteration or reconstruction, based on a survey report by an architect or engineer licensed in this State, upon all of the taxable property of the district at the value as assessed by the Department of Revenue and at a rate not to exceed 0.05% per year for a period sufficient to finance such alteration or reconstruction, upon the following conditions:

(1) When there are not sufficient funds available in the operations and maintenance fund of the school district, the school facility occupation tax fund of the district, or the fire prevention and safety fund of the district, as determined by the district on the basis of rules adopted by the State Board of Education, to make such alteration or reconstruction or to purchase and install such permanent, fixed equipment so ordered or determined as necessary. Appropriate school district records must be made available to the State Superintendent of Education, upon request, to confirm this insufficiency.

(2) When a certified estimate of an architect or engineer licensed in this State stating the estimated amount necessary to

make the alteration or reconstruction or to purchase and install the equipment so ordered has been secured by the school district, and the estimate has been approved by the regional superintendent of schools having jurisdiction over the district and the State Superintendent of Education. Approval must not be granted for any work that has already started without the prior express authorization of the State Superintendent of Education. If the estimate is not approved or is denied approval by the regional superintendent of schools within 3 months after the date on which it is submitted to him or her, the school board of the district may submit the estimate directly to the State Superintendent of Education for approval or denial.

In the case of an emergency situation, where the estimated cost to effectuate emergency repairs is less than the amount specified in Section 10-20.21 of this Code, the school district may proceed with such repairs prior to approval by the State Superintendent of Education, but shall comply with the provisions of subdivision (2) of this subsection (a) as soon thereafter as may be as well as Section 10-20.21 of this Code. If the estimated cost to effectuate emergency repairs is greater than the amount specified in Section 10-20.21 of this Code, then the school district shall proceed in conformity with Section 10-20.21 of this Code and with rules established by the State Board of Education to address such situations. The rules adopted by the State Board of Education to deal with these situations shall stipulate that emergency situations must be expedited and given priority consideration. For purposes of this paragraph, an emergency is a situation that presents an imminent and continuing threat to the health and safety of students or other occupants of a facility, requires complete or partial evacuation of a building or part of a building, or consumes one or more of the 5 emergency days built into the adopted calendar of the school or schools or would otherwise be expected to cause such school or schools to fall short of the minimum school calendar requirements.

(b) Whenever any such district determines that it is necessary for energy conservation purposes that any school building or permanent, fixed equipment should be altered or reconstructed and that such alterations or reconstruction will be made with funds not necessary for the completion of approved and recommended projects contained in any safety survey report or amendments thereto authorized by Section 2-3.12 of this Act; the district may levy a tax or issue bonds as provided in subsection (a) of this Section.

(c) Whenever any such district determines that it is necessary for disabled accessibility purposes and to comply with the school building code that any school building or equipment should be altered or reconstructed and that such alterations or reconstruction will be made with funds not necessary for the completion of approved and recommended projects contained in any safety survey report or amendments thereto authorized under Section 2-3.12 of this Act, the district may levy a tax or issue bonds as provided in subsection (a) of this Section.

(d) Whenever any such district determines that it is necessary for school security purposes and the related protection and safety of pupils and school personnel that any school building or property should be altered or reconstructed or that security systems and equipment (including but not limited to intercom, early detection and warning, access control and television monitoring systems) should be purchased and installed, and that such alterations, reconstruction or purchase and installation of equipment will be made with funds not necessary for the completion of approved and recommended projects contained in any safety survey report or amendment thereto authorized by Section 2-3.12 of this Act and will deter and prevent unauthorized entry or activities upon school property by unknown or dangerous persons, assure early detection and advance warning of any such actual or attempted unauthorized entry or activities and help assure the continued safety of pupils and school staff if any such unauthorized entry or activity is attempted or occurs; the district may levy a tax or issue bonds as provided in subsection (a) of this Section.

(e) If a school district does not need funds for other fire prevention and safety projects, including the completion of approved and recommended projects contained in any safety survey report or amendments thereto authorized by Section 2-3.12 of this Act, and it is determined after a public hearing (which is preceded by at least one published notice (i) occurring at least 7 days prior to the hearing in a newspaper of general circulation within the school district and (ii) setting forth the time, date, place, and general subject matter of the hearing) that there is a substantial, immediate, and otherwise unavoidable threat to the health, safety, or welfare of pupils due to disrepair of school sidewalks, playgrounds, parking lots, or school bus turnarounds and repairs must be made; then the district may levy a tax or issue bonds as provided in subsection (a) of this Section.

(f) For purposes of this Section a school district may replace a school building or build additions to replace portions of a building when it
is determined that the effectuation of the recommendations for the existing building will cost more than the replacement costs. Such determination shall be based on a comparison of estimated costs made by an architect or engineer licensed in the State of Illinois. The new building or addition shall be equivalent in area (square feet) and comparable in purpose and grades served and may be on the same site or another site. Such replacement may only be done upon order of the regional superintendent of schools and the approval of the State Superintendent of Education.

(g) The filing of a certified copy of the resolution levying the tax when accompanied by the certificates of the regional superintendent of schools and State Superintendent of Education shall be the authority of the county clerk to extend such tax.

(h) The county clerk of the county in which any school district levying a tax under the authority of this Section is located, in reducing raised levies, shall not consider any such tax as a part of the general levy for school purposes and shall not include the same in the limitation of any other tax rate which may be extended.

Such tax shall be levied and collected in like manner as all other taxes of school districts, subject to the provisions contained in this Section.

(i) The tax rate limit specified in this Section may be increased to .10% upon the approval of a proposition to effect such increase by a majority of the electors voting on that proposition at a regular scheduled election. Such proposition may be initiated by resolution of the school board and shall be certified by the secretary to the proper election authorities for submission in accordance with the general election law.

(j) When taxes are levied by any school district for fire prevention, safety, energy conservation, and school security purposes as specified in this Section, and the purposes for which the taxes have been levied are accomplished and paid in full, and there remain funds on hand in the Fire Prevention and Safety Fund from the proceeds of the taxes levied, including interest earnings thereon, the school board by resolution shall use such excess and other board restricted funds, excluding bond proceeds and earnings from such proceeds, as follows:

(1) for other authorized fire prevention, safety, energy conservation, and school security purposes and for required safety inspections; or

(2) for transfer to the Operations and Maintenance Fund for the purpose of abating an equal amount of operations and maintenance purposes taxes.

Notwithstanding subdivision (2) of this subsection (j) and subsection (k) of this Section, through June 30, 2016, the school board may, by proper resolution following a public hearing set by the school board or the president of the school board (that is preceded (i) by at least one published notice over the name of the clerk or secretary of the board, occurring at least 7 days and not more than 30 days prior to the hearing, in a newspaper of general circulation within the school district and (ii) by posted notice over the name of the clerk or secretary of the board, at least 48 hours before the hearing, at the principal office of the school board or at the building where the hearing is to be held if a principal office does not exist, with both notices setting forth the time, date, place, and subject matter of the hearing), transfer surplus life safety taxes and interest earnings thereon to the Operations and Maintenance Fund for building repair work.

(k) If any transfer is made to the Operation and Maintenance Fund, the secretary of the school board shall within 30 days notify the county clerk of the amount of that transfer and direct the clerk to abate the taxes to be extended for the purposes of operations and maintenance authorized under Section 17-2 of this Act by an amount equal to such transfer.

(l) If the proceeds from the tax levy authorized by this Section are insufficient to complete the work approved under this Section, the school board is authorized to sell bonds without referendum under the provisions of this Section in an amount that, when added to the proceeds of the tax levy authorized by this Section, will allow completion of the approved work.

(m) Any bonds issued pursuant to this Section shall bear interest at a rate not to exceed the maximum rate authorized by law at the time of the making of the contract, shall mature within 20 years from date, and shall be signed by the president of the school board and the treasurer of the school district.

(n) In order to authorize and issue such bonds, the school board shall adopt a resolution fixing the amount of bonds, the date thereof, the maturities thereof, rates of interest thereof, place of payment and denomination, which shall be in denominations of not less than $100 and not more than $5,000, and provide for the levy and collection of a direct annual tax upon all the taxable property in the school district sufficient to pay the principal and interest on such bonds to maturity. Upon the filing in

the office of the county clerk of the county in which the school district is located of a certified copy of the resolution, it is the duty of the county clerk to extend the tax therefor in addition to and in excess of all other taxes heretofore or hereafter authorized to be levied by such school district.

(o) After the time such bonds are issued as provided for by this Section, if additional alterations or reconstructions are required to be made because of surveys conducted by an architect or engineer licensed in the State of Illinois, the district may levy a tax at a rate not to exceed .05% per year upon all the taxable property of the district or issue additional bonds, whichever action shall be the most feasible.

(p) This Section is cumulative and constitutes complete authority for the issuance of bonds as provided in this Section notwithstanding any other statute or law to the contrary.

(q) With respect to instruments for the payment of money issued under this Section either before, on, or after the effective date of Public Act 86-004 (June 6, 1989), it is, and always has been, the intention of the General Assembly (i) that the Omnibus Bond Acts are, and always have been, supplementary grants of power to issue instruments in accordance with the Omnibus Bond Acts, regardless of any provision of this Act that may appear to be or to have been more restrictive than those Acts, (ii) that the provisions of this Section are not a limitation on the supplementary authority granted by the Omnibus Bond Acts, and (iii) that instruments issued under this Section within the supplementary authority granted by the Omnibus Bond Acts are not invalid because of any provision of this Act that may appear to be or to have been more restrictive than those Acts.

(r) When the purposes for which the bonds are issued have been accomplished and paid for in full and there remain funds on hand from the proceeds of the bond sale and interest earnings therefrom, the board shall, by resolution, use such excess funds in accordance with the provisions of Section 10-22.14 of this Act.

(s) Whenever any tax is levied or bonds issued for fire prevention, safety, energy conservation, and school security purposes, such proceeds shall be deposited and accounted for separately within the Fire Prevention and Safety Fund.

New matter indicated by italics - deletions by strikeout
(a) School districts shall not be subject to the provisions limiting their indebtedness prescribed in "An Act to limit the indebtedness of counties having a population of less than 500,000 and townships, school districts and other municipal corporations having a population of less than 300,000", approved February 15, 1928, as amended.

No school districts maintaining grades K through 8 or 9 through 12 shall become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 6.9% on the value of the taxable property therein to be ascertained by the last assessment for State and county taxes or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979, previous to the incurring of such indebtedness.

No school districts maintaining grades K through 12 shall become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 13.8% on the value of the taxable property therein to be ascertained by the last assessment for State and county taxes or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979, previous to the incurring of such indebtedness.

No partial elementary unit district, as defined in Article 11E of this Code, shall become indebted in any manner or for any purpose in an amount, including existing indebtedness, in the aggregate exceeding 6.9% of the value of the taxable property of the entire district, to be ascertained by the last assessment for State and county taxes, plus an amount, including existing indebtedness, in the aggregate exceeding 6.9% of the value of the taxable property of that portion of the district included in the elementary and high school classification, to be ascertained by the last assessment for State and county taxes. Moreover, no partial elementary unit district, as defined in Article 11E of this Code, shall become indebted on account of bonds issued by the district for high school purposes in the aggregate exceeding 6.9% of the value of the taxable property of the entire district, to be ascertained by the last assessment for State and county taxes, nor shall the district become indebted on account of bonds issued by the district for elementary purposes in the aggregate exceeding 6.9% of the value of the taxable property for that portion of the district included in the elementary and high school classification, to be ascertained by the last assessment for State and county taxes.

Notwithstanding the provisions of any other law to the contrary, in any case in which the voters of a school district have approved a proposition for the issuance of bonds of such school district at an election held prior to January 1, 1979, and all of the bonds approved at such election have not been issued, the debt limitation applicable to such school district during the calendar year 1979 shall be computed by multiplying the value of taxable property therein, including personal property, as ascertained by the last assessment for State and county taxes, previous to the incurring of such indebtedness, by the percentage limitation applicable to such school district under the provisions of this subsection (a).

(b) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, additional indebtedness may be incurred in an amount not to exceed the estimated cost of acquiring or improving school sites or constructing and equipping additional building facilities under the following conditions:

(1) Whenever the enrollment of students for the next school year is estimated by the board of education to increase over the actual present enrollment by not less than 35% or by not less than 200 students or the actual present enrollment of students has increased over the previous school year by not less than 35% or by not less than 200 students and the board of education determines that additional school sites or building facilities are required as a result of such increase in enrollment; and

(2) When the Regional Superintendent of Schools having jurisdiction over the school district and the State Superintendent of Education concur in such enrollment projection or increase and approve the need for such additional school sites or building facilities and the estimated cost thereof; and

(3) When the voters in the school district approve a proposition for the issuance of bonds for the purpose of acquiring or improving such needed school sites or constructing and equipping such needed additional building facilities at an election called and held for that purpose. Notice of such an election shall state that the amount of indebtedness proposed to be incurred would exceed the debt limitation otherwise applicable to the school district. The ballot for such proposition shall state what percentage of the equalized assessed valuation will be outstanding in bonds if the proposed issuance of bonds is approved by the voters; or
(4) Notwithstanding the provisions of paragraphs (1) through (3) of this subsection (b), if the school board determines that additional facilities are needed to provide a quality educational program and not less than 2/3 of those voting in an election called by the school board on the question approve the issuance of bonds for the construction of such facilities, the school district may issue bonds for this purpose; or

(5) Notwithstanding the provisions of paragraphs (1) through (3) of this subsection (b), if (i) the school district has previously availed itself of the provisions of paragraph (4) of this subsection (b) to enable it to issue bonds, (ii) the voters of the school district have not defeated a proposition for the issuance of bonds since the referendum described in paragraph (4) of this subsection (b) was held, (iii) the school board determines that additional facilities are needed to provide a quality educational program, and (iv) a majority of those voting in an election called by the school board on the question approve the issuance of bonds for the construction of such facilities, the school district may issue bonds for this purpose.

In no event shall the indebtedness incurred pursuant to this subsection (b) and the existing indebtedness of the school district exceed 15% of the value of the taxable property therein to be ascertained by the last assessment for State and county taxes, previous to the incurring of such indebtedness or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979.

The indebtedness provided for by this subsection (b) shall be in addition to and in excess of any other debt limitation.

(c) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, in any case in which a public question for the issuance of bonds of a proposed school district maintaining grades kindergarten through 12 received at least 60% of the valid ballots cast on the question at an election held on or prior to November 8, 1994, and in which the bonds approved at such election have not been issued, the school district pursuant to the requirements of Section 11A-10 (now repealed) may issue the total amount of bonds approved at such election for the purpose stated in the question.

(d) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, a school district that meets all the criteria set forth in

New matter indicated by italics - deletions by strikeout
paragraphs (1) and (2) of this subsection (d) may incur an additional indebtedness in an amount not to exceed $4,500,000, even though the amount of the additional indebtedness authorized by this subsection (d), when incurred and added to the aggregate amount of indebtedness of the district existing immediately prior to the district incurring the additional indebtedness authorized by this subsection (d), causes the aggregate indebtedness of the district to exceed the debt limitation otherwise applicable to that district under subsection (a):

(1) The additional indebtedness authorized by this subsection (d) is incurred by the school district through the issuance of bonds under and in accordance with Section 17-2.11a for the purpose of replacing a school building which, because of mine subsidence damage, has been closed as provided in paragraph (2) of this subsection (d) or through the issuance of bonds under and in accordance with Section 19-3 for the purpose of increasing the size of, or providing for additional functions in, such replacement school buildings, or both such purposes.

(2) The bonds issued by the school district as provided in paragraph (1) above are issued for the purposes of construction by the school district of a new school building pursuant to Section 17-2.11, to replace an existing school building that, because of mine subsidence damage, is closed as of the end of the 1992-93 school year pursuant to action of the regional superintendent of schools of the educational service region in which the district is located under Section 3-14.22 or are issued for the purpose of increasing the size of, or providing for additional functions in, the new school building being constructed to replace a school building closed as the result of mine subsidence damage, or both such purposes.

(2) The board of education shall also determine by resolution that the improvements to be financed with the proceeds of the bonds are needed because of the projected enrollment increases.

(3) The board of education shall also determine by resolution that the projected increases in enrollment are the result of improvements made or expected to be made to passenger rail facilities located in the school district.

(g) Notwithstanding the provisions of subsection (a) of this Section or any other law, bonds in not to exceed an aggregate amount of 25% of the equalized assessed value of the taxable property of a school district and issued by a school district meeting the criteria in paragraphs (i) through (iv) of this subsection shall not be considered indebtedness for purposes of any statutory limitation and may be issued pursuant to resolution of the school board in an amount or amounts, including existing indebtedness, in excess of any statutory limitation of indebtedness heretofore or hereafter imposed:

(i) The bonds are issued for the purpose of constructing a new high school building to replace two adjacent existing buildings which together house a single high school, each of which is more than 65 years old, and which together are located on more than 10 acres and less than 11 acres of property.

(ii) At the time the resolution authorizing the issuance of the bonds is adopted, the cost of constructing a new school building to replace the existing school building is less than 60% of the cost of repairing the existing school building.

(iii) The sale of the bonds occurs before July 1, 1997.

Sec. 21B-20. Types of licenses. Before July 1, 2013, the State Board of Education shall implement a system of educator licensure, whereby individuals employed in school districts who are required to be licensed must have one of the following licenses: (i) a professional educator license; (ii) a professional educator license with stipulations; or (iii) a substitute teaching license. References in law regarding individuals certified or certificated or required to be certified or certificated under Article 21 of this Code shall also include individuals licensed or required to be licensed under this Article. The first year of all licenses ends on June 30 following one full year of the license being issued.

The State Board of Education, in consultation with the State Educator Preparation and Licensure Board, may adopt such rules as may be necessary to govern the requirements for licenses and endorsements under this Section.

(1) Professional Educator License. Persons who (i) have successfully completed an approved educator preparation program and are recommended for licensure by the Illinois institution offering the educator preparation program, (ii) have successfully completed the required testing under Section 21B-30 of this Code, (iii) have successfully completed coursework on the psychology of the exceptional child, including without limitation children with learning disabilities, (iv) have successfully completed coursework in methods of reading and reading in the content area, and (v) have met all other criteria established by rule of the State Board of Education shall be issued a Professional Educator License. All Professional Educator Licenses are valid until June 30 immediately following 5 years of the license being issued. The Professional Educator License shall be endorsed with specific areas and grade levels in which the individual is eligible to practice.

Individuals can receive subsequent endorsements on the Professional Educator License. Subsequent endorsements shall require a minimum of 24 semester hours of coursework in the

endorsement area, unless otherwise specified by rule, and passage of the applicable content area test.

(2) Educator License with Stipulations. An Educator License with Stipulations shall be issued an endorsement that limits the license holder to one particular position or does not require completion of an approved educator program or both.

An individual with an Educator License with Stipulations must not be employed by a school district or any other entity to replace any presently employed teacher who otherwise would not be replaced for any reason.

An Educator License with Stipulations may be issued with the following endorsements:

(A) Provisional educator. A provisional educator endorsement in a specific content area or areas on an Educator License with Stipulations may be issued to an applicant who holds an educator license with a minimum of 15 semester hours in content coursework from another state, U.S. territory, or foreign country and who, at the time of applying for an Illinois license, does not meet the minimum requirements under Section 21B-35 of this Code, but does, at a minimum, meet both of the following requirements:

(i) Holds the equivalent of a minimum of a bachelor's degree, unless a master's degree is required for the endorsement, from a regionally accredited college or university or, for individuals educated in a country other than the United States, the equivalent of a minimum of a bachelor's degree issued in the United States, unless a master's degree is required for the endorsement.

(ii) Has passed a test of basic skills and content area test, as required by Section 21B-30 of this Code.

However, a provisional educator endorsement for principals may not be issued, nor may any person with a provisional educator endorsement serve as a principal in a public school in this State. In addition, out-of-state applicants shall not receive a provisional educator endorsement if the person completed an alternative licensure program in

another state, unless the program has been determined to be equivalent to Illinois program requirements.

Notwithstanding any other requirements of this Section, a service member or spouse of a service member may obtain a Professional Educator License with Stipulations, and a provisional educator endorsement in a specific content area or areas, if he or she holds a valid teaching certificate or license in good standing from another state, meets the qualifications of educators outlined in Section 21B-15 of this Code, and has not engaged in any misconduct that would prohibit an individual from obtaining a license pursuant to Illinois law, including without limitation any administrative rules of the State Board of Education; however, the service member or spouse may not serve as a principal under the Professional Educator License with Stipulations or provisional educator endorsement.

In this Section, "service member" means any person who, at the time of application under this Section, is an active duty member of the United States Armed Forces or any reserve component of the United States Armed Forces or the National Guard of any state, commonwealth, or territory of the United States or the District of Columbia.

A provisional educator endorsement is valid until June 30 immediately following 2 years of the license being issued, during which time any remaining testing and coursework deficiencies must be met. Failure to satisfy all stated deficiencies shall mean the individual, including any service member or spouse who has obtained a Professional Educator License with Stipulations and a provisional educator endorsement in a specific content area or areas, is ineligible to receive a Professional Educator License at that time. A provisional educator endorsement on an Educator License with Stipulations shall not be renewed.

(B) Alternative provisional educator. An alternative provisional educator endorsement on an Educator License with Stipulations may be issued to an applicant who, at the time of applying for the endorsement, has done all of the following:

A part-time provisional career and technical educator endorsement or a provisional career and technical educator endorsement on an Educator License with Stipulations may be issued to an applicant who has a minimum of 8,000 hours of work experience in the skill for which the
applicant is seeking the endorsement. It is the responsibility of each employing school board and regional office of education to provide verification, in writing, to the State Superintendent of Education at the time the application is submitted that no qualified teacher holding a Professional Educator License or an Educator License with Stipulations with a career and technical educator endorsement is available and that actual circumstances require such issuance.

The provisional career and technical educator endorsement on an Educator License with Stipulations is valid until June 30 immediately following 5 years of the endorsement being issued and may be renewed only one time for 5 years if the individual passes a test of basic skills, as required under Section 21B-30 of this Code, and has completed a minimum of 20 semester hours from a regionally accredited institution.

A part-time provisional career and technical educator endorsement on an Educator License with Stipulations may be issued for teaching no more than 2 courses of study for grades 6 through 12. The part-time provisional career and technical educator endorsement on an Educator License with Stipulations is valid until June 30 immediately following 5 years of the endorsement being issued and may be renewed for 5 years if the individual makes application for renewal.

(G) Transitional bilingual educator. A transitional bilingual educator endorsement on an Educator License with Stipulations may be issued for the purpose of providing instruction in accordance with Article 14C of this Code to an applicant who provides satisfactory evidence that he or she meets all of the following requirements:

(i) Possesses adequate speaking, reading, and writing ability in the language other than English in which transitional bilingual education is offered.

(ii) Has the ability to successfully communicate in English.
(iii) Either possessed, within 5 years previous to his or her applying for a transitional bilingual educator endorsement, a valid and comparable teaching certificate or comparable authorization issued by a foreign country or holds a degree from an institution of higher learning in a foreign country that the State Educator Preparation and Licensure Board determines to be the equivalent of a bachelor's degree from a regionally accredited institution of higher learning in the United States.

A transitional bilingual educator endorsement shall be valid for prekindergarten through grade 12, is valid until June 30 immediately following 5 years of the endorsement being issued, and shall not be renewed.

Persons holding a transitional bilingual educator endorsement shall not be employed to replace any presently employed teacher who otherwise would not be replaced for any reason.

(H) Language endorsement. In an effort to alleviate the shortage of teachers speaking a language other than English in the public schools, an individual who holds an Educator License with Stipulations may also apply for a language endorsement, provided that the applicant provides satisfactory evidence that he or she meets all of the following requirements:

(i) Holds a transitional bilingual endorsement.

(ii) Has demonstrated proficiency in the language for which the endorsement is to be issued by passing the applicable language content test required by the State Board of Education.

(iii) Holds a bachelor's degree or higher from a regionally accredited institution of higher education or, for individuals educated in a country other than the United States, holds a degree from an institution of higher learning in a foreign country that the State Educator Preparation and Licensure Board determines to be the equivalent of a
bachelor's degree from a regionally accredited institution of higher learning in the United States.

(iv) Has passed a test of basic skills, as required under Section 21B-30 of this Code.

A language endorsement on an Educator License with Stipulations is valid for prekindergarten through grade 12 for the same validity period as the individual's transitional bilingual educator endorsement on the Educator License with Stipulations and shall not be renewed.

(I) Visiting international educator. A visiting international educator endorsement on an Educator License with Stipulations may be issued to an individual who is being recruited by a particular school district that conducts formal recruitment programs outside of the United States to secure the services of qualified teachers and who meets all of the following requirements:

(ii) Has been prepared as a teacher at the grade level for which he or she will be employed.

(iii) Has adequate content knowledge in the subject to be taught.

(iv) Has an adequate command of the English language.

A holder of a visiting international educator endorsement on an Educator License with Stipulations shall be permitted to teach in bilingual education programs in the language that was the medium of instruction in his or her teacher preparation program, provided that he or she passes the English Language Proficiency Examination or another test of writing skills in English identified by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board.

A visiting international educator endorsement on an Educator License with Stipulations is valid for 3 years and shall not be renewed.

school diploma or its recognized equivalent and either holds an associate's degree or a minimum of 60 semester hours of credit from a regionally accredited institution of higher education or has passed a test of basic skills required under Section 21B-30 of this Code. The paraprofessional educator endorsement is valid until June 30 immediately following 5 years of the endorsement being issued and may be renewed through application and payment of the appropriate fee, as required under Section 21B-40 of this Code. An individual who holds only a paraprofessional educator endorsement is not subject to additional requirements in order to renew the endorsement.

Substitute Teaching Licenses are valid for 5 years and may be renewed if the individual has passed a test of basic skills, as authorized under Section 21B-30 of this Code. An individual who has passed a test of basic skills for the first licensure renewal is not required to retake the test again for further renewals.

Substitute Teaching Licenses are valid for substitute teaching in every county of this State. If an individual has had his or her Professional Educator License or Educator License with Stipulations suspended or revoked or has not met the renewal requirements for licensure, then that individual is not eligible to obtain a Substitute Teaching License.

A substitute teacher may only teach in the place of a licensed teacher who is under contract with the employing board. If, however, there is no licensed teacher under contract because of an emergency situation, then a district may employ a substitute teacher for no longer than 30 calendar days per each vacant position in the district if the district notifies the appropriate regional office of education within 5 business days after the employment of the substitute teacher in the emergency situation. An emergency situation is one in which an unforeseen vacancy has

occurred and (i) a teacher is unable to fulfill his or her contractual duties or (ii) teacher capacity needs of the district exceed previous indications, and the district is actively engaged in advertising to hire a fully licensed teacher for the vacant position.

There is no limit on the number of days that a substitute teacher may teach in a single school district, provided that no substitute teacher may teach for longer than 90 school days for any one licensed teacher under contract in the same school year. A substitute teacher who holds a Professional Educator License or Educator License with Stipulations shall not teach for more than 120 school days for any one licensed teacher under contract in the same school year. "Eligible veteran or serviceperson" means any veteran or serviceperson, including an Illinois National Guard member who is on active duty or is active on a training assignment, who has been declared by the U.S. Department of Defense or the U.S. Department of Veterans' Affairs to be a prisoner of war, be missing in action, have died as the result of a service-connected disability or have become a person with a permanent disability from service-connected causes with 100% disability and who (i) at the time of entering service was an Illinois resident, (ii) was an Illinois resident within 6 months after entering such service, or (iii) until July 1, 2014, became an Illinois resident within 6 months after leaving the service and can establish at least 30 years of continuous residency in the State of Illinois.

equivalent thereof per term. Scholarships utilized by dependents enrolled in less than full-time study shall be computed in the proportion which the number of hours so carried bears to full-time enrollment.

Scholarships awarded under this Section may be used by a spouse or child without regard to his or her age. The holder of a Scholarship awarded under this Section shall be subject to all examinations and academic standards, including the maintenance of minimum grade levels, that are applicable generally to other enrolled students at the Illinois institution of higher learning where the Scholarship is being used. If the surviving spouse remarries or if there is a divorce between the veteran or serviceperson and his or her spouse while the dependent is pursuing his or her course of study, Scholarship benefits will be terminated at the end of the term for which he or she is presently enrolled. Such dependents shall also be entitled, upon proper proof and application, to enroll in any extension course offered by a State supported Illinois institution of higher learning without payment of tuition and approved fees.

The holder of a MIA/POW Scholarship authorized under this Section shall not be required to pay any matriculation or application fees, tuition, activities fees, graduation fees or other fees, except multipurpose building fees or similar fees for supplies and materials.

Any dependent who has been or shall be awarded a MIA/POW Scholarship shall be reimbursed by the appropriate institution of higher learning for any fees which he or she has paid and for which exemption is granted under this Section if application for reimbursement is made within 2 months following the end of the school term for which the fees were paid.

(b) In lieu of the benefit provided in subsection (a), any spouse, natural child, legally adopted child, or step-child of an eligible veteran or serviceperson, which spouse or child has a physical, mental or developmental disability, shall be entitled to receive, upon application and proper proof, a benefit to be used for the purpose of defraying the cost of the attendance or treatment of such spouse or child at one or more appropriate therapeutic, rehabilitative or educational facilities. The application and proof may be made by the parent or legal guardian of the spouse or child on his or her behalf.

The total benefit provided to any beneficiary under this subsection shall not exceed the cost equivalent of 4 calendar years of full-time enrollment, including summer terms, at the University of Illinois. Whenever practicable in the opinion of the Department of Veterans'
Affairs, payment of benefits under this subsection shall be made directly to the facility, the cost of attendance or treatment at which is being defrayed, as such costs accrue.

(c) The benefits of this Section shall be administered by and paid for out of funds made available to the Illinois Department of Veterans' Affairs. The amounts that become due to any state supported Illinois institution of higher learning shall be payable by the Comptroller to such institution on vouchers approved by the Illinois Department of Veterans' Affairs. The amounts that become due under subsection (b) of this Section shall be payable by warrant upon vouchers issued by the Illinois Department of Veterans' Affairs and approved by the Comptroller. The Illinois Department of Veterans' Affairs shall determine the eligibility of the persons who make application for the benefits provided for in this Section.

If the amount of minority teacher scholarship to be awarded to a qualified student as provided in subsection (c) of this Section exceeds the cost of attendance at the institution at which the student is enrolled, the minority teacher scholarship shall be reduced by an amount equal to the amount by which the combined financial assistance available to the student exceeds the cost of attendance.

(e) The maximum number of academic terms for which a qualified student can receive minority teacher scholarship assistance shall be 8 semesters or 12 quarters.

(f) In any academic year for which an eligible applicant under this Section accepts financial assistance through the Paul Douglas Teacher Scholarship Program, as authorized by Section 551 et seq. of the Higher Education Act of 1965, the applicant shall not be eligible for scholarship assistance awarded under this Section.

(g) All applications for minority teacher scholarships to be awarded under this Section shall be made to the Commission on forms which the Commission shall provide for eligible applicants. The form of applications and the information required to be set forth therein shall be determined by the Commission, and the Commission shall require eligible applicants to submit with their applications such supporting documents or recommendations as the Commission deems necessary.

(h) Subject to a separate appropriation for such purposes, payment of any minority teacher scholarship awarded under this Section shall be determined by the Commission. All scholarship funds distributed in
accordance with this subsection shall be paid to the institution and used only for payment of the tuition and fee and room and board expenses incurred by the student in connection with his or her attendance as an undergraduate student at a qualified Illinois institution of higher learning. Any minority teacher scholarship awarded under this Section shall be applicable to 2 semesters or 3 quarters of enrollment. If a qualified student withdraws from enrollment prior to completion of the first semester or quarter for which the minority teacher scholarship is applicable, the school shall refund to the Commission the full amount of the minority teacher scholarship.

(i) The Commission shall administer the minority teacher scholarship aid program established by this Section and shall make all necessary and proper rules not inconsistent with this Section for its effective implementation.

(j) When an appropriation to the Commission for a given fiscal year is insufficient to provide scholarships to all qualified students, the Commission shall allocate the appropriation in accordance with this subsection. If funds are insufficient to provide all qualified students with a scholarship as authorized by this Section, the Commission shall allocate the available scholarship funds for that fiscal year on the basis of the date the Commission receives a complete application form.

(k) Notwithstanding the provisions of subsection (j) or any other provision of this Section, at least 30% of the funds appropriated for scholarships awarded under this Section in each fiscal year shall be reserved for qualified male minority applicants. If the Commission does not receive enough applications from qualified male minorities on or before January 1 of each fiscal year to award 30% of the funds appropriated for these scholarships to qualified male minority applicants, then the Commission may award a portion of the reserved funds to qualified female minority applicants.

(l) Prior to receiving scholarship assistance for any academic year, each recipient of a minority teacher scholarship awarded under this Section shall be required by the Commission to sign an agreement under which the recipient pledges that, within the one-year period following the termination of the program for which the recipient was awarded a minority teacher scholarship, the recipient (i) shall begin teaching for a period of not less than one year for each year of scholarship assistance he or she was awarded under this Section; and (ii) shall fulfill this teaching obligation at a nonprofit Illinois public, private, or parochial preschool, elementary

school, or secondary school at which no less than 30% of the enrolled students are minority students in the year during which the recipient begins teaching at the school; and (iii) shall, upon request by the Commission, provide the Commission with evidence that he or she is fulfilling or has fulfilled the terms of the teaching agreement provided for in this subsection.

(m) If a recipient of a minority teacher scholarship awarded under this Section fails to fulfill the teaching obligation set forth in subsection (l) of this Section, the Commission shall require the recipient to repay the amount of the scholarships received, prorated according to the fraction of the teaching obligation not completed, at a rate of interest equal to 5%, and, if applicable, reasonable collection fees. The Commission is authorized to establish rules relating to its collection activities for repayment of scholarships under this Section. All repayments collected under this Section shall be forwarded to the State Comptroller for deposit into the State's General Revenue Fund.

(n) A recipient of minority teacher scholarship shall not be considered in violation of the agreement entered into pursuant to subsection (l) if the recipient (i) enrolls on a full time basis as a graduate student in a course of study related to the field of teaching at a qualified Illinois institution of higher learning; (ii) is serving, not in excess of 3 years, as a member of the armed services of the United States; (iii) is a person with a temporary total disability temporarily totally disabled for a period of time not to exceed 3 years as established by sworn affidavit of a qualified physician; (iv) is seeking and unable to find full time employment as a teacher at an Illinois public, private, or parochial preschool or elementary or secondary school that satisfies the criteria set forth in subsection (l) of this Section and is able to provide evidence of that fact; (v) becomes a person with a permanent total disability permanently totally disabled as established by sworn affidavit of a qualified physician; (vi) is taking additional courses, on at least a half-time basis, needed to obtain certification as a teacher in Illinois; or (vii) is fulfilling teaching requirements associated with other programs administered by the Commission and cannot concurrently fulfill them under this Section in a period of time equal to the length of the teaching obligation.

(o) Scholarship recipients under this Section who withdraw from a program of teacher education but remain enrolled in school to continue their postsecondary studies in another academic discipline shall not be
required to commence repayment of their Minority Teachers of Illinois scholarship so long as they remain enrolled in school on a full-time basis or if they can document for the Commission special circumstances that warrant extension of repayment.

Sec. 52. Golden Apple Scholars of Illinois Program; Golden Apple Foundation for Excellence in Teaching.

(a) In this Section, "Foundation" means the Golden Apple Foundation for Excellence in Teaching, a registered 501(c)(3) not-for-profit corporation.

(a-2) In order to encourage academically talented Illinois students, especially minority students, to pursue teaching careers, especially in teacher shortage disciplines (which shall be defined to include early childhood education) or at hard-to-staff schools (as defined by the Commission in consultation with the State Board of Education), to provide those students with the crucial mentoring, guidance, and in-service support that will significantly increase the likelihood that they will complete their full teaching commitments and elect to continue teaching in targeted disciplines and hard-to-staff schools, and to ensure that students in this State will continue to have access to a pool of highly-qualified teachers, each qualified student shall be awarded a Golden Apple Scholars of Illinois Program scholarship to any Illinois institution of higher learning. The Commission shall administer the Golden Apple Scholars of Illinois Program, which shall be managed by the Foundation pursuant to the terms of a grant agreement meeting the requirements of Section 4 of the Illinois Grant Funds Recovery Act.

(a-3) For purposes of this Section, a qualified student shall be a student who meets the following qualifications:

(1) is a resident of this State and a citizen or eligible noncitizen of the United States;
(2) is a high school graduate or a person who has received a high school equivalency certificate;
(3) is enrolled or accepted, on at least a half-time basis, at an institution of higher learning;
(4) is pursuing a postsecondary course of study leading to initial certification or pursuing additional course work needed to gain State Board of Education approval to teach, including alternative teacher licensure; and

(5) is a participant in programs managed by and is approved to receive a scholarship from the Foundation.

(a-5) (Blank).

(b) (Blank).

(b-5) Funds designated for the Golden Apple Scholars of Illinois Program shall be used by the Commission for the payment of scholarship assistance under this Section or for the award of grant funds, subject to the Illinois Grant Funds Recovery Act, to the Foundation. Subject to appropriation, awards of grant funds to the Foundation shall be made on an annual basis and following an application for grant funds by the Foundation.

(b-10) Each year, the Foundation shall include in its application to the Commission for grant funds an estimate of the amount of scholarship assistance to be provided to qualified students during the grant period. Any amount of appropriated funds exceeding the estimated amount of scholarship assistance may be awarded by the Commission to the Foundation for management expenses expected to be incurred by the Foundation in providing the mentoring, guidance, and in-service supports that will increase the likelihood that qualified students will complete their teaching commitments and elect to continue teaching in hard-to-staff schools. If the estimate of the amount of scholarship assistance described in the Foundation's application is less than the actual amount required for the award of scholarship assistance to qualified students, the Foundation shall be responsible for using awarded grant funds to ensure all qualified students receive scholarship assistance under this Section.

(b-15) All grant funds not expended or legally obligated within the time specified in a grant agreement between the Foundation and the Commission shall be returned to the Commission within 45 days. Any funds legally obligated by the end of a grant agreement shall be liquidated within 45 days or otherwise returned to the Commission within 90 days after the end of the grant agreement that resulted in the award of grant funds.

(c) Each scholarship awarded under this Section shall be in an amount sufficient to pay the tuition and fees and room and board costs of the Illinois institution of higher learning at which the recipient is enrolled, up to an annual maximum of $5,000; except that in the case of a recipient who does not reside on-campus at the institution of higher learning at which he or she is enrolled, the amount of the scholarship shall be sufficient to pay tuition and fee expenses and a commuter allowance, up to

an annual maximum of $5,000. All scholarship funds distributed in accordance with this Section shall be paid to the institution on behalf of recipients.

(d) The total amount of scholarship assistance awarded by the Commission under this Section to an individual in any given fiscal year, when added to other financial assistance awarded to that individual for that year, shall not exceed the cost of attendance at the institution of higher learning at which the student is enrolled. In any academic year for which a qualified student under this Section accepts financial assistance through any other teacher scholarship program administered by the Commission, a qualified student shall not be eligible for scholarship assistance awarded under this Section.

(e) A recipient may receive up to 8 semesters or 12 quarters of scholarship assistance under this Section. Scholarship funds are applicable toward 2 semesters or 3 quarters of enrollment each academic year.

(f) All applications for scholarship assistance to be awarded under this Section shall be made to the Foundation in a form determined by the Foundation. Each year, the Foundation shall notify the Commission of the individuals awarded scholarship assistance under this Section. Each year, at least 30% of the Golden Apple Scholars of Illinois Program scholarships shall be awarded to students residing in counties having a population of less than 500,000.

(g) (Blank).

(h) The Commission shall administer the payment of scholarship assistance provided through the Golden Apple Scholars of Illinois Program and shall make all necessary and proper rules not inconsistent with this Section for the effective implementation of this Section.

(i) Prior to receiving scholarship assistance for any academic year, each recipient of a scholarship awarded under this Section shall be required by the Foundation to sign an agreement under which the recipient pledges that, within the 2-year period following the termination of the academic program for which the recipient was awarded a scholarship, the recipient: (i) shall begin teaching for a period of not less than 5 years, (ii) shall fulfill this teaching obligation at a nonprofit Illinois public, private, or parochial preschool or an Illinois public elementary or secondary school that qualifies for teacher loan cancellation under Section 465(a)(2)(A) of the federal Higher Education Act of 1965 (20 U.S.C. 1087ee(a)(2)(A)) or other Illinois schools deemed eligible for fulfilling the teaching commitment as designated by the Foundation, and (iii) shall, upon request

of the Foundation, provide the Foundation with evidence that he or she is fulfilling or has fulfilled the terms of the teaching agreement provided for in this subsection. Upon request, the Foundation shall provide evidence of teacher fulfillment to the Commission.

(j) If a recipient of a scholarship awarded under this Section fails to fulfill the teaching obligation set forth in subsection (i) of this Section, the Commission shall require the recipient to repay the amount of the scholarships received, prorated according to the fraction of the teaching obligation not completed, plus interest at a rate of 5% and if applicable, reasonable collection fees. Payments received by the Commission under this subsection (j) shall be remitted to the State Comptroller for deposit into the General Revenue Fund, except that that portion of a recipient's repayment that equals the amount in expenses that the Commission has reasonably incurred in attempting collection from that recipient shall be remitted to the State Comptroller for deposit into the Commission's Accounts Receivable Fund.

(k) A recipient of a scholarship awarded by the Foundation under this Section shall not be considered to have failed to fulfill the teaching obligations of the agreement entered into pursuant to subsection (i) if the recipient (i) enrolls on a full-time basis as a graduate student in a course of study related to the field of teaching at an institution of higher learning; (ii) is serving as a member of the armed services of the United States; (iii) is a person with a temporary total disability, as established by sworn affidavit of a qualified physician; (iv) is seeking and unable to find full-time employment as a teacher at a school that satisfies the criteria set forth in subsection (i) and is able to provide evidence of that fact; (v) is taking additional courses, on at least a half-time basis, needed to obtain certification as a teacher in Illinois; (vi) is fulfilling teaching requirements associated with other programs administered by the Commission and cannot concurrently fulfill them under this Section in a period of time equal to the length of the teaching obligation; or (vii) is participating in a program established under Executive Order 10924 of the President of the United States or the federal National Community Service Act of 1990 (42 U.S.C. 12501 et seq.). Any such extension of the period during which the teaching requirement must be fulfilled shall be subject to limitations of duration as established by the Commission.

(l) A recipient who fails to fulfill the teaching obligations of the agreement entered into pursuant to subsection (i) of this Section shall

repay the amount of scholarship assistance awarded to them under this Section within 10 years.

(m) Annually, at a time determined by the Commission in consultation with the Foundation, the Foundation shall submit a report to assist the Commission in monitoring the Foundation's performance of grant activities. The report shall describe the following:

1. the Foundation's anticipated expenditures for the next fiscal year;
2. the number of qualified students receiving scholarship assistance at each institution of higher learning where a qualified student was enrolled under this Section during the previous fiscal year;
3. the total monetary value of scholarship funds paid to each institution of higher learning at which a qualified student was enrolled during the previous fiscal year;
4. the number of scholarship recipients who completed a baccalaureate degree during the previous fiscal year;
5. the number of scholarship recipients who fulfilled their teaching obligation during the previous fiscal year;
6. the number of scholarship recipients who failed to fulfill their teaching obligation during the previous fiscal year;
7. the number of scholarship recipients granted an extension described in subsection (k) of this Section during the previous fiscal year;
8. the number of scholarship recipients required to repay scholarship assistance in accordance with subsection (j) of this Section during the previous fiscal year;
9. the number of scholarship recipients who successfully repaid scholarship assistance in full during the previous fiscal year;
10. the number of scholarship recipients who defaulted on their obligation to repay scholarship assistance during the previous fiscal year;

(n) Nothing in this Section shall affect the rights of the Commission to collect moneys owed to it by recipients of scholarship assistance through the Illinois Future Teacher Corps Program, repealed by this amendatory Act of the 98th General Assembly.

(o) The Auditor General shall prepare an annual audit of the operations and finances of the Golden Apple Scholars of Illinois Program. This audit shall be provided to the Governor, General Assembly, and the Commission.

(p) The suspension of grant making authority found in Section 4.2 of the Illinois Grant Funds Recovery Act shall not apply to grants made pursuant to this Section.

Sec. 65.15. Special education teacher scholarships.

(a) There shall be awarded annually 250 scholarships to persons qualifying as members of any of the following groups:

(1) Students who are otherwise qualified to receive a scholarship as provided in subsections (b) and (c) of this Section and who make application to the Commission for such scholarship and agree to take courses that will prepare the student for the teaching of children described in Section 14-1 of the School Code.

(2) Persons holding a valid certificate issued under the laws relating to the certification of teachers and who make application to the Commission for such scholarship and agree to take courses that will prepare them for the teaching of children described in Section 14-1 of the School Code.

(3) Persons who (A) have graduated high school; (B) have not been certified as a teacher; and (C) make application to the Commission for such scholarship and agree to take courses that will prepare them for the teaching of children described in Section 14-1 of the School Code.

Scholarships awarded under this Section shall be issued pursuant to regulations promulgated by the Commission; provided that no rule or

regulation promulgated by the State Board of Education prior to the effective date of this amendatory Act of 1993 pursuant to the exercise of any right, power, duty, responsibility or matter of pending business transferred from the State Board of Education to the Commission under this Section shall be affected thereby, and all such rules and regulations shall become the rules and regulations of the Commission until modified or changed by the Commission in accordance with law.

For the purposes of this Section scholarships awarded each school year shall be deemed to be issued on July 1 of the year prior to the start of the postsecondary school term and all calculations for use of the scholarship shall be based on such date. Each scholarship shall entitle its holder to exemption from fees as provided in subsection (a) of Section 65.40 while enrolled in a special education program of teacher education, for a period of not more than 4 calendar years and shall be available for use at any time during such period of study except as provided in subsection (b) of Section 65.40.

Scholarships issued to holders of a valid certificate issued under the laws relating to the certification of teachers as provided in paragraph (2) of this subsection may also entitle the holder thereof to a program of teacher education that will prepare the student for the teaching of children described in Section 14-1 of the School Code at the graduate level.

(b) The principal, or his or her designee, of an approved high school shall certify to the Commission, for students who are Illinois residents and are completing an application, that the students ranked scholastically in the upper one-half of their graduating class at the end of the sixth semester.

(c) Each holder of a scholarship must furnish proof to the Commission, in such form and at such intervals as the Commission prescribes, of the holder's continued enrollment in a teacher education program qualifying the holder for the scholarship. Any holder of a scholarship who fails to register in a special education program of teacher education at the university within 10 days after the commencement of the term, quarter or semester immediately following the receipt of the scholarship or who, having registered, withdraws from the university or transfers out of teacher education, shall thereupon forfeit the right to use it and it may be granted to the person having the next highest rank as shown on the list held by the Commission. If the person having the next highest rank, within 10 days after notification thereof by the Commission, fails to register at any such university in a special education program of teacher education.
education, or who, having registered, withdraws from the university or transfers out of teacher education, the scholarship may then be granted to the person shown on the list as having the rank next below such person.

(d) Any person who has accepted a scholarship under the preceding subsections of this Section must, within one year after graduation from or termination of enrollment in a teacher education program, begin teaching at a nonprofit Illinois public, private, or parochial preschool or elementary or secondary school for a period of at least 2 of the 5 years immediately following that graduation or termination, excluding, however, from the computation of that 5 year period (i) any time up to 3 years spent in the military service, whether such service occurs before or after the person graduates; (ii) any time that person is enrolled full-time in an academic program related to the field of teaching leading to a graduate or postgraduate degree; (iii) the time that person is a person with a temporary total disability temporarily totally disabled for a period of time not to exceed 3 years, as established by the sworn affidavit of a qualified physician; (iv) the time that person is seeking and unable to find full time employment as a teacher at an Illinois public, private, or parochial school; (v) the time that person is taking additional courses, on at least a half-time basis, needed to obtain certification as a teacher in Illinois; or (vi) the time that person is fulfilling teaching requirements associated with other programs administered by the Commission if he or she cannot concurrently fulfill them under this Section in a period of time equal to the length of the teaching obligation.

A person who has accepted a scholarship under the preceding subsections of this Section and who has been unable to fulfill the teaching requirements of this Section may receive a deferment from the obligation of repayment under this subsection (d) under guidelines established by the Commission; provided that no guideline established for any such purpose by the State Board of Education prior to the effective date of this amendatory Act of 1993 shall be affected by the transfer to the Commission of the responsibility for administering and implementing the provisions of this Section, and all guidelines so established shall become the guidelines of the Commission until modified or changed by the Commission.

Any such person who fails to fulfill this teaching requirement shall pay to the Commission the amount of tuition waived by virtue of his or her acceptance of the scholarship, together with interest at 5% per year on that amount. However, this obligation to repay the amount of tuition waived
plus interest does not apply when the failure to fulfill the teaching requirement results from the death or adjudication as a person under legal disability of the person holding the scholarship, and no claim for repayment may be filed against the estate of such a decedent or person under legal disability. Payments received by the Commission under this subsection (d) shall be remitted to the State Treasurer for deposit in the General Revenue Fund. Each person receiving a scholarship shall be provided with a description of the provisions of this subsection (d) at the time he or she qualifies for the benefits of such a scholarship.

(e) This Section is basically the same as Sections 30-1, 30-2, 30-3, and 30-4a of the School Code, which are repealed by this amendatory Act of 1993, and shall be construed as a continuation of the teacher scholarship program established by that prior law, and not as a new or different teacher scholarship program. The State Board of Education shall transfer to the Commission, as the successor to the State Board of Education for all purposes of administering and implementing the provisions of this Section, all books, accounts, records, papers, documents, contracts, agreements, and pending business in any way relating to the teacher scholarship program continued under this Section; and all scholarships at any time awarded under that program by, and all applications for any such scholarships at any time made to, the State Board of Education shall be unaffected by the transfer to the Commission of all responsibility for the administration and implementation of the teacher scholarship program continued under this Section. The State Board of Education shall furnish to the Commission such other information as the Commission may request to assist it in administering this Section.

Sec. 65.70. Optometric Education Scholarship Program.

(a) The General Assembly finds and declares that the provision of graduate education leading to a doctoral degree in optometry for persons of this State who desire such an education is important to the health and welfare of this State and Nation and, consequently, is an important public purpose. Many qualified potential optometrists are deterred by financial considerations from pursuing their optometric education with consequent irreparable loss to the State and Nation of talents vital to health and welfare. A program of scholarships, repayment of which may be excused if the individual practices professional optometry in this State, will enable

New matter indicated by italics - deletions by strikeout
such individuals to attend qualified public or private institutions of their choice in the State.

(b) Beginning with the 2003-2004 academic year, the Commission shall, each year, consider applications for scholarship assistance under this Section. An applicant is eligible for a scholarship under this Section if the Commission finds that the applicant is:

(1) a United States citizen or eligible noncitizen;
(2) a resident of Illinois; and
(3) enrolled on a full-time basis in a public or private college of optometry located in this State that awards a doctorate degree in optometry and is approved by the Department of Professional Regulation.

(c) Each year the Commission shall award 10 scholarships under this Section among applicants qualified pursuant to subsection (b). Two of these scholarships each shall be awarded to eligible applicants enrolled in their first year, second year, third year, and fourth year. The remaining 2 scholarships shall be awarded to any level of student. The Commission shall receive funding for the scholarships through appropriations from the Optometric Licensing and Disciplinary Board Fund. If in any year the number of qualified applicants exceeds the number of scholarships to be awarded, the Commission shall give priority in awarding scholarships to students demonstrating exceptional merit and who are in financial need. A scholarship shall be in the amount of $5,000 each year applicable to tuition and fees.

(d) The total amount of scholarship assistance awarded by the Commission under this Section to an individual in any given fiscal year, when added to other financial assistance awarded to that individual for that year, shall not exceed the cost of attendance at the institution at which the student is enrolled.

(e) A recipient may receive up to 8 semesters or 12 quarters of scholarship assistance under this Section.

(f) Subject to a separate appropriation made for such purposes, payment of any scholarship awarded under this Section shall be determined by the Commission. All scholarship funds distributed in accordance with this Section shall be paid to the institution on behalf of the recipients. Scholarship funds are applicable toward 2 semesters or 3 quarters of enrollment within an academic year.

(g) The Commission shall administer the Optometric Education Scholarship Program established by this Section and shall make all
necessary and proper rules not inconsistent with this Section for its effective implementation.

(h) Prior to receiving scholarship assistance for any academic year, each recipient of a scholarship awarded under this Section shall be required by the Commission to sign an agreement under which the recipient pledges that, within the one-year period following the termination of the academic program for which the recipient was awarded a scholarship, the recipient shall practice in this State as a licensed optometrist under the Illinois Optometric Practice Act of 1987 for a period of not less than one year for each year of scholarship assistance awarded under this Section. Each recipient shall, upon request of the Commission, provide the Commission with evidence that he or she is fulfilling or has fulfilled the terms of the practice agreement provided for in this subsection.

(i) If a recipient of a scholarship awarded under this Section fails to fulfill the practice obligation set forth in subsection (h) of this Section, the Commission shall require the recipient to repay the amount of the scholarships received, prorated according to the fraction of the obligation not completed, plus interest at a rate of 5% and, if applicable, reasonable collection fees. The Commission is authorized to establish rules relating to its collection activities for repayment of scholarships under this Section.

(j) A recipient of a scholarship awarded by the Commission under this Section shall not be in violation of the agreement entered into pursuant to subsection (h) if the recipient (i) is serving as a member of the armed services of the United States; (ii) is enrolled in a residency program following graduation at an approved institution; (iii) is a person with a temporary total disability, as established by sworn affidavit of a qualified physician; or (iii) cannot fulfill the employment obligation due to his or her death, disability, or incompetency, as established by sworn affidavit of a qualified physician. No claim for repayment may be filed against the estate of such a decedent or incompetent. Any extension of the period during which the employment requirement must be fulfilled shall be subject to limitations of duration as established by the Commission.

as soon as that amount has been determined. The amount of loss on any
loan shall be determined in accordance with the definitions, rules, and
regulations of the Commission, and shall not exceed (1) the unpaid

the unpaid late charges.

Upon payment by the Commission of the guaranteed portion of the

Commission shall file any and all lawsuits on delinquent and defaulted

The Commission shall upon the filing and completion of the
requirements for the "Adjustment of Debts of an Individual with Regular

proceed to collect the outstanding balance of the loan guaranteed under

Regular Income", unless the loan first became due more than 5 years,
exclusive of any applicable suspension period, prior to the filing of the
petition; or unless excepting the debt from discharge will impose an undue

the filing of the petition; or unless excepting the debt from discharge will

New matter indicated by italics - deletions by strikeout
(e) Residency shall be terminated when services available to the resident in the establishment are no longer adequate to meet the needs of the resident. This provision shall not be interpreted as limiting the authority of the Department to require the residency termination of individuals.

(f) Subsection (d) of this Section shall not apply to terminally ill residents who receive or would qualify for hospice care and such care is coordinated by a hospice program licensed under the Hospice Program Licensing Act or other licensed health care professional employed by a licensed home health agency and the establishment and all parties agree to the continued residency.

(g) Items (3), (4), (5), and (9) of subsection (c) shall not apply to a quadriplegic, paraplegic, or individual with neuro-muscular diseases, such as muscular dystrophy and multiple sclerosis, or other chronic diseases and conditions as defined by rule if the individual is able to communicate his or her needs and does not require assistance with complex medical problems, and the establishment is able to accommodate the individual's needs. The Department shall prescribe rules pursuant to this Section that address special safety and service needs of these individuals.

(h) For the purposes of items (7) through (10) of subsection (c), a licensed health care professional may not be employed by the owner or operator of the establishment, its parent entity, or any other entity with ownership common to either the owner or operator of the establishment or parent entity, including but not limited to an affiliate of the owner or operator of the establishment. Nothing in this Section is meant to limit a resident's right to choose his or her health care provider.

(i) Subsection (h) is not applicable to residents admitted to an assisted living establishment under a life care contract as defined in the Life Care Facilities Act if the life care facility has both an assisted living establishment and a skilled nursing facility. A licensed health care professional providing health-related or supportive services at a life care assisted living or shared housing establishment must be employed by an entity licensed by the Department under the Nursing Home Care Act or the Home Health, Home Services, and Home Nursing Agency Licensing Act.

Section 500. The Abused and Neglected Long Term Care Facility Residents Reporting Act is amended by changing Section 6 as follows:

(210 ILCS 30/6) (from Ch. 111 1/2, par. 4166)

New matter indicated by italics - deletions by strikeout
Sec. 6. All reports of suspected abuse or neglect made under this Act shall be made immediately by telephone to the Department's central register established under Section 14 on the single, State-wide, toll-free telephone number established under Section 13, or in person or by telephone through the nearest Department office. No long term care facility administrator, agent or employee, or any other person, shall screen reports or otherwise withhold any reports from the Department, and no long term care facility, department of State government, or other agency shall establish any rules, criteria, standards or guidelines to the contrary. Every long term care facility, department of State government and other agency whose employees are required to make or cause to be made reports under Section 4 shall notify its employees of the provisions of that Section and of this Section, and provide to the Department documentation that such notification has been given. The Department of Human Services shall train all of its mental health and developmental disabilities employees in the detection and reporting of suspected abuse and neglect of residents. Reports made to the central register through the State-wide, toll-free telephone number shall be transmitted to appropriate Department offices and municipal health departments that have responsibility for licensing long term care facilities under the Nursing Home Care Act, the Specialized Mental Health Rehabilitation Act of 2013, or the ID/DD Community Care Act. All reports received through offices of the Department shall be forwarded to the central register, in a manner and form described by the Department. The Department shall be capable of receiving reports of suspected abuse and neglect 24 hours a day, 7 days a week. Reports shall also be made in writing deposited in the U.S. mail, postage prepaid, within 24 hours after having reasonable cause to believe that the condition of the resident resulted from abuse or neglect. Such reports may in addition be made to the local law enforcement agency in the same manner. However, in the event a report is made to the local law enforcement agency, the reporter also shall immediately so inform the Department. The Department shall initiate an investigation of each report of resident abuse and neglect under this Act, whether oral or written, as provided for in Section 3-702 of the Nursing Home Care Act, Section 2-208 of the Specialized Mental Health Rehabilitation Act of 2013, or Section 3-702 of the ID/DD Community Care Act, except that reports of abuse which indicate that a resident's life or safety is in imminent danger shall be investigated within 24 hours of such report. The Department may delegate to law enforcement officials or other public agencies the duty to perform such investigation.
With respect to investigations of reports of suspected abuse or neglect of residents of mental health and developmental disabilities institutions under the jurisdiction of the Department of Human Services, the Department shall transmit copies of such reports to the Department of State Police, the Department of Human Services, and the Inspector General appointed under Section 1-17 of the Department of Human Services Act. If the Department receives a report of suspected abuse or neglect of a recipient of services as defined in Section 1-123 of the Mental Health and Developmental Disabilities Code, the Department shall transmit copies of such report to the Inspector General and the Directors of the Guardianship and Advocacy Commission and the agency designated by the Governor pursuant to the Protection and Advocacy for Persons with Developmental Disabilities Developmentally Disabled Persons Act. When requested by the Director of the Guardianship and Advocacy Commission, the agency designated by the Governor pursuant to the Protection and Advocacy for Persons with Developmental Disabilities Developmentally Disabled Persons Act, or the Department of Financial and Professional Regulation, the Department, the Department of Human Services and the Department of State Police shall make available a copy of the final investigative report regarding investigations conducted by their respective agencies on incidents of suspected abuse or neglect of residents of mental health and developmental disabilities institutions or individuals receiving services at community agencies under the jurisdiction of the Department of Human Services. Such final investigative report shall not contain witness statements, investigation notes, draft summaries, results of lie detector tests, investigative files or other raw data which was used to compile the final investigative report. Specifically, the final investigative report of the Department of State Police shall mean the Director's final transmittal letter. The Department of Human Services shall also make available a copy of the results of disciplinary proceedings of employees involved in incidents of abuse or neglect to the Directors. All identifiable information in reports provided shall not be further disclosed except as provided by the Mental Health and Developmental Disabilities Confidentiality Act. Nothing in this Section is intended to limit or construe the power or authority granted to the agency designated by the Governor pursuant to the Protection and Advocacy for Persons with Developmental Disabilities Developmentally Disabled Persons Act, pursuant to any other State or federal statute.

With respect to investigations of reported resident abuse or neglect, the Department shall effect with appropriate law enforcement agencies formal agreements concerning methods and procedures for the conduct of investigations into the criminal histories of any administrator, staff assistant or employee of the nursing home or other person responsible for the residents care, as well as for other residents in the nursing home who may be in a position to abuse, neglect or exploit the patient. Pursuant to the formal agreements entered into with appropriate law enforcement agencies, the Department may request information with respect to whether the person or persons set forth in this paragraph have ever been charged with a crime and if so, the disposition of those charges. Unless the criminal histories of the subjects involved crimes of violence or resident abuse or neglect, the Department shall be entitled only to information limited in scope to charges and their dispositions. In cases where prior crimes of violence or resident abuse or neglect are involved, a more detailed report can be made available to authorized representatives of the Department, pursuant to the agreements entered into with appropriate law enforcement agencies. Any criminal charges and their disposition information obtained by the Department shall be confidential and may not be transmitted outside the Department, except as required herein, to authorized representatives or delegates of the Department, and may not be transmitted to anyone within the Department who is not duly authorized to handle resident abuse or neglect investigations.

The Department shall effect formal agreements with appropriate law enforcement agencies in the various counties and communities to encourage cooperation and coordination in the handling of resident abuse or neglect cases pursuant to this Act. The Department shall adopt and implement methods and procedures to promote statewide uniformity in the handling of reports of abuse and neglect under this Act, and those methods and procedures shall be adhered to by personnel of the Department involved in such investigations and reporting. The Department shall also make information required by this Act available to authorized personnel within the Department, as well as its authorized representatives.

The Department shall keep a continuing record of all reports made pursuant to this Act, including indications of the final determination of any investigation and the final disposition of all reports.

The Department shall report annually to the General Assembly on the incidence of abuse and neglect of long term care facility residents, with special attention to residents who are persons with mental disabilities.
mentally disabled. The report shall include but not be limited to data on the number and source of reports of suspected abuse or neglect filed under this Act, the nature of any injuries to residents, the final determination of investigations, the type and number of cases where abuse or neglect is determined to exist, and the final disposition of cases.

If there is no guardian, agent or member of the person's immediate family available, able or willing to execute the contract required by this Section and a physician determines that a person is so disabled as to be unable to consent to placement in a facility, or if a person has already been found to be a "person with a disability disabled person", but no order has been entered allowing residential placement of the person, that person may be admitted to a facility before the execution of a contract required by this Section; provided that a petition for guardianship or for modification of guardianship is filed within 15 days of the person's admission to a facility, and provided further that such a contract is executed within 10 days of the disposition of the petition.

Before a licensee enters a contract under this Section, it shall provide the prospective resident and his or her guardian, if any, with written notice of the licensee's policy regarding discharge of a resident whose private funds for payment of care are exhausted.

Before a licensee enters into a contract under this Section, it shall provide the resident or prospective resident and his or her guardian, if any, with a copy of the licensee's policy regarding the assignment of Social Security representative payee status as a condition of the contract when the resident's or prospective resident's care is being funded under Title XIX of the Social Security Act and Article V of the Illinois Public Aid Code.

(b) A resident shall not be discharged or transferred at the expiration of the term of a contract, except as provided in Sections 3-401 through 3-423.

(f) The contract shall be written in clear and unambiguous language and shall be printed in not less than 12-point type. The general form of the contract shall be prescribed by the Department.

(6) the rights, duties and obligations of the resident, except
that the specification of a resident's rights may be furnished on a
separate document which complies with the requirements of
Section 2-211.

(h) The contract shall designate the name of the resident's
representative, if any. The resident shall provide the facility with a copy of
the written agreement between the resident and the resident's
representative which authorizes the resident's representative to inspect and
copy the resident's records and authorizes the resident's representative to
execute the contract on behalf of the resident required by this Section.

(i) The contract shall provide that if the resident is compelled by a
change in physical or mental health to leave the facility, the contract and
all obligations under it shall terminate on 7 days notice. No prior notice of
termination of the contract shall be required, however, in the case of a
resident's death. The contract shall also provide that in all other situations,

Sec. 3-807. Review of shelter care licensure standards. On or before March 1, 1994, the Department shall submit to the Governor and the General Assembly a report concerning the necessity of revising the current statutory and regulatory standards of licensure under the category of shelter care. The Departments shall test the single survey process on a pilot basis, with both the Departments of Public Aid and Public Health represented on the consolidated survey team. The pilot will sunset June 30, 1997. After June 30, 1997, unless otherwise determined by the Governor, a single survey shall be implemented by the Department of Public Health which would not preclude staff from the Department of Healthcare and Family Services (formerly Department of Public Aid) from going on-site to nursing facilities to perform necessary audits and reviews which shall not replicate the single State agency survey required by this Act. Sec. 6.09. (a) In order to facilitate the orderly transition of aged patients and patients with disabilities and disabled patients from hospitals to post-hospital care, whenever a patient who qualifies for the federal Medicare program is hospitalized, the patient shall be notified of discharge at least 24 hours prior to discharge from the hospital. With regard to pending discharges to a skilled nursing facility, the hospital must notify the case coordination unit, as defined in 89 Ill. Adm. Code 240.260, at least 24 hours prior to discharge. When the assessment is completed in the hospital, the case coordination unit shall provide the discharge planner with a copy of the prescreening information and accompanying materials, which the discharge planner shall transmit when the patient is discharged to a skilled nursing facility. If home health services are ordered, the hospital must inform its designated case coordination unit, as defined in 89 Ill. Adm. Code 240.260, of the pending discharge and must provide the patient with the case coordination unit's telephone number and other contact information.

(b) Every hospital shall develop procedures for a physician with medical staff privileges at the hospital or any appropriate medical staff member to provide the discharge notice prescribed in subsection (a) of this Section. The procedures must include prohibitions against discharging or referring a patient to any of the following if unlicensed, uncertified, or unregistered: (i) a board and care facility, as defined in the Board and Care Home Act; (ii) an assisted living and shared housing establishment, as defined in the Assisted Living and Shared Housing Act; (iii) a facility licensed under the Nursing Home Care Act, the Specialized Mental Health Rehabilitation Act of 2013, or the ID/DD Community Care Act; (iv) a supportive living facility, as defined in Section 5-5.01a of the Illinois Public Aid Code; or (v) a free-standing hospice facility licensed under the Hospice Program Licensing Act if licensure, certification, or registration is required. The Department of Public Health shall annually provide hospitals with a list of licensed, certified, or registered board and care facilities, assisted living and shared housing establishments, nursing homes, supportive living facilities, facilities licensed under the ID/DD Community Care Act or the Specialized Mental Health Rehabilitation Act of 2013, and hospice facilities. Reliance upon this list by a hospital shall satisfy compliance with this requirement. The procedure may also include a waiver for any case in which a discharge notice is not feasible due to a short length of stay in the hospital by the patient, or for any case in which

the patient voluntarily desires to leave the hospital before the expiration of
the 24 hour period.

c) At least 24 hours prior to discharge from the hospital, the
patient shall receive written information on the patient's right to appeal the
discharge pursuant to the federal Medicare program, including the steps to
follow to appeal the discharge and the appropriate telephone number to
call in case the patient intends to appeal the discharge.

d) Before transfer of a patient to a long term care facility licensed
under the Nursing Home Care Act where elderly persons reside, a hospital
shall as soon as practicable initiate a name-based criminal history
background check by electronic submission to the Department of State
Police for all persons between the ages of 18 and 70 years; provided,
however, that a hospital shall be required to initiate such a background
check only with respect to patients who:

   (1) are transferring to a long term care facility for the first
time;
   (2) have been in the hospital more than 5 days;
   (3) are reasonably expected to remain at the long term care
facility for more than 30 days;
   (4) have a known history of serious mental illness or
substance abuse; and
   (5) are independently ambulatory or mobile for more than a
temporary period of time.

A hospital may also request a criminal history background check
for a patient who does not meet any of the criteria set forth in items (1)
through (5).

A hospital shall notify a long term care facility if the hospital has
initiated a criminal history background check on a patient being discharged
to that facility. In all circumstances in which the hospital is required by
this subsection to initiate the criminal history background check, the
transfer to the long term care facility may proceed regardless of the
availability of criminal history results. Upon receipt of the results, the
hospital shall promptly forward the results to the appropriate long term
care facility. If the results of the background check are inconclusive, the
hospital shall have no additional duty or obligation to seek additional
information from, or about, the patient.

Sec. 236. Discrimination prohibited.

New matter indicated by italics - deletions by strikeout
(a) No life company doing business in this State shall make or permit any distinction or discrimination in favor of individuals among insured persons of the same class and equal expectation of life in the issuance of its policies, in the amount of payment of premiums or rates charged for policies of insurance, in the amount of any dividends or other benefits payable thereon, or in any other of the terms and conditions of the contracts it makes.

(b) No life company shall make or permit any distinction or discrimination against individuals with handicaps or disabilities in the amount of payment of premiums or rates charged for policies of life insurance, in the amount of any dividends or death benefits payable thereon, or in any other terms and conditions of the contract it makes unless the rate differential is based on sound actuarial principles and a reasonable system of classification and is related to actual or reasonably anticipated experience directly associated with the handicap or disability.

(c) No life company shall refuse to insure, or refuse to continue to insure, or limit the amount or extent or kind of coverage available to an individual, or charge an individual a different rate for the same coverage solely because of blindness or partial blindness. With respect to all other conditions, including the underlying cause of the blindness or partial blindness, persons who are blind or partially blind shall be subject to the same standards of sound actuarial principles or actual or reasonably anticipated experience as are sighted persons. Refusal to insure includes denial by an insurer of disability insurance coverage on the grounds that the policy defines "disability" as being presumed in the event that the insured loses his or her eyesight. However, an insurer may exclude from coverage disabilities consisting solely of blindness or partial blindness when such condition existed at the time the policy was issued.

(d) No life company shall refuse to insure or to continue to insure an individual solely because of the individual's status as a member of the United States Air Force, Army, Coast Guard, Marines, or Navy or solely because of the individual's status as a member of the National Guard or Armed Forces Reserve.

(e) An insurer or producer authorized to issue policies of insurance in this State may not make a distinction or otherwise discriminate between persons, reject an applicant, cancel a policy, or demand or require a higher rate of premium for reasons based solely upon an applicant's or insured's past lawful travel experiences or future lawful travel plans. This subsection (e) does not prohibit an insurer or producer from excluding or

limiting coverage under a policy or refusing to offer the policy based upon past lawful travel or future lawful travel plans or from charging a different rate for that coverage when that action is based upon sound actuarial principles or is related to actual or reasonably expected experience and is not based solely on the destination's inclusion on the United States Department of State's travel warning list.

Sec. 356b. (a) This Section applies to the hospital and medical expense provisions of an accident or health insurance policy.

(b) If a policy provides that coverage of a dependent person terminates upon attainment of the limiting age for dependent persons specified in the policy, the attainment of such limiting age does not operate to terminate the hospital and medical coverage of a person who, because of a disabling handicapped condition that occurred before attainment of the limiting age, is incapable of self-sustaining employment and is dependent on his or her parents or other care providers for lifetime care and supervision.

(c) For purposes of subsection (b), "dependent on other care providers" is defined as requiring a Community Integrated Living Arrangement, group home, supervised apartment, or other residential services licensed or certified by the Department of Human Services (as successor to the Department of Mental Health and Developmental Disabilities), the Department of Public Health, or the Department of Healthcare and Family Services (formerly Department of Public Aid).

(d) The insurer may inquire of the policyholder 2 months prior to attainment by a dependent of the limiting age set forth in the policy, or at any reasonable time thereafter, whether such dependent is in fact a person who has a disability and is dependent disabled and dependent person and, in the absence of proof submitted within 60 days of such inquiry that such dependent is a person who has a disability and is dependent disabled and dependent person may terminate coverage of such person at or after attainment of the limiting age. In the absence of such inquiry, coverage of any person who has a disability and is dependent disabled and dependent person shall continue through the term of such policy or any extension or renewal thereof.

Sec. 364. Discrimination prohibited. Discrimination between individuals of the same class of risk in the issuance of its policies or in the amount of premiums or rates charged for any insurance covered by this article, or in the benefits payable thereon, or in any of the terms or conditions of such policy, or in any other manner whatsoever is prohibited. Nothing in this provision shall prohibit an insurer from providing incentives for insureds to utilize the services of a particular hospital or person. It is hereby expressly provided that whenever the terms "physician" or "doctor" appear or are used in any way in any policy of accident or health insurance issued in this state, said terms shall include within their meaning persons licensed to practice dentistry under the Illinois Dental Practice Act with regard to benefits payable for services performed by a person so licensed, which such services are within the coverage provided by the particular policy or contract of insurance and are within the professional services authorized to be performed by such person under and in accordance with the said Act.

With respect to all other conditions, including the underlying cause of the blindness or partial blindness, persons who are blind or partially blind shall be subject to the same standards of sound actuarial principles or actual or reasonably anticipated experience as are sighted persons. (c) For purposes of subsection (b), "dependent on other care providers" is defined as requiring a Community Integrated Living Arrangement, group home, supervised apartment, or other residential services licensed or certified by the Department of Human Services (as successor to the Department of Mental Health and Developmental Disabilities), the Department of Public Health, or the Department of Healthcare and Family Services (formerly Department of Public Aid).

(d) The insurer may inquire of the person insured 2 months prior to attainment by a dependent of the limiting age set forth in the policy, or at any reasonable time thereafter, whether such dependent is in fact a person who has a disability and is dependent disabled and dependent person and, in the absence of proof submitted within 31 days of such inquiry that such dependent is a person who has a disability and is dependent disabled and dependent person may terminate coverage of such person at or after attainment of the limiting age. Section 545. The Viatical Settlements Act of 2009 is amended by changing Section 50 as follows:
(215 ILCS 159/50)

New matter indicated by italics - deletions by strikeout
Sec. 50. Prohibited practices.

(a) It is a violation of this Act for any person to enter into a viatical settlement contract prior to the application of or issuance of a policy that is the subject of the viatical settlement contract. (b) It is a violation of this Act for any person to enter into a viatical settlement contract within a 2-year period commencing with the date of issuance of the insurance policy unless the viator certifies to the viatical settlement provider that one or more of the following conditions have been met within the 2-year period:

(1) The policy was issued upon the viator's exercise of conversion rights arising out of a group or individual policy, provided the total of the time covered under the conversion policy plus the time covered under the prior policy is at least 24 months. The time covered under a group policy shall be calculated without regard to any change in insurance carriers, provided the coverage has been continuous and under the same group sponsorship.

(2) The viator certifies and submits independent evidence to the viatical settlement provider that one or more of the following conditions have been met within the 2-year period:

The copies shall be accompanied by a letter of attestation from the viatical settlement provider that the copies are true and correct copies of the documents received by the viatical settlement provider.

(d) If the viatical settlement provider submits to the insurer a copy of the owner or insured's certification described in and the independent evidence required by paragraph (2) of subsection (b) of this Section when the viatical settlement provider submits a request to the insurer to effect the transfer of the policy to the viatical settlement provider, then the copy shall be deemed to conclusively establish that the viatical settlement contract satisfies the requirements of this Section, and the insurer shall timely respond to the request.

(e) No insurer may, as a condition of responding to a request for verification of coverage or effecting the transfer of a policy pursuant to a viatical settlement contract, require that the viator, insured, viatical settlement provider, or viatical settlement broker sign any forms, disclosures, consent, or waiver form that has not been expressly approved by the Director for use in connection with viatical settlement contracts in this State.

(220 ILCS 5/13-703) (from Ch. 111 2/3, par. 13-703)

(Section scheduled to be repealed on July 1, 2015)

Sec. 13-703. (a) The Commission shall design and implement a program whereby each telecommunications carrier providing local exchange service shall provide a telecommunications device capable of servicing the needs of those persons with a hearing or speech disability together with a single party line, at no charge additional to the basic exchange rate, to any subscriber who is certified as having a hearing or speech disability by a licensed physician, speech-language pathologist, audiologist or a qualified State agency and to any subscriber which is an organization serving the needs of those persons with a hearing or speech disability as determined and specified by the Commission pursuant to subsection (d).

New matter indicated by italics - deletions by strikeout
(b) The Commission shall design and implement a program, whereby each telecommunications carrier providing local exchange service shall provide a telecommunications relay system, using third party intervention to connect those persons having a hearing or speech disability with persons of normal hearing by way of intercommunications devices and the telephone system, making available reasonable access to all phases of public telephone service to persons who have a hearing or speech disability. In order to design a telecommunications relay system which will meet the requirements of those persons with a hearing or speech disability available at a reasonable cost, the Commission shall initiate an investigation and conduct public hearings to determine the most cost-effective method of providing telecommunications relay service to those persons who have a hearing or speech disability when using telecommunications devices and therein solicit the advice, counsel, and physical assistance of Statewide nonprofit consumer organizations that serve persons with hearing or speech disabilities in such hearings and during the development and implementation of the system. The Commission shall phase in this program, on a geographical basis, as soon as is practicable, but no later than June 30, 1990.

(c) The Commission shall establish a rate recovery mechanism, authorizing charges in an amount to be determined by the Commission for each line of a subscriber to allow telecommunications carriers providing local exchange service to recover costs as they are incurred under this Section.

(d) The Commission shall determine and specify those organizations serving the needs of those persons having a hearing or speech disability that shall receive a telecommunications device and in which offices the equipment shall be installed in the case of an organization having more than one office. For the purposes of this Section, "organizations serving the needs of those persons with hearing or speech disabilities" means centers for independent living as described in Section 12a of the Rehabilitation of Persons with Disabilities Act and not-for-profit organizations whose primary purpose is serving the needs of those persons with hearing or speech disabilities. The Commission shall direct the telecommunications carriers subject to its jurisdiction and this Section to comply with its determinations and specifications in this regard.

(e) As used in this Section, the phrase "telecommunications carrier providing local exchange service" includes, without otherwise limiting the

meaning of the term, telecommunications carriers which are purely mutual concerns, having no rates or charges for services, but paying the operating expenses by assessment upon the members of such a company and no other person.

(f) Interconnected VoIP service providers in Illinois shall collect and remit assessments determined in accordance with this Section in a competitively neutral manner in the same manner as a telecommunications carrier providing local exchange service. Interconnected VoIP services shall not be considered an intrastate telecommunications service for the purposes of this Section in a manner inconsistent with federal law or Federal Communications Commission regulation.

(g) The provisions of this Section are severable under Section 1.31 of the Statute on Statutes.

Sec. 16-108.5. Infrastructure investment and modernization; regulatory reform.

(a) (Blank).

(b) For purposes of this Section, "participating utility" means an electric utility or a combination utility serving more than 1,000,000 customers in Illinois that voluntarily elects and commits to undertake (i) the infrastructure investment program consisting of the commitments and obligations described in this subsection (b) and (ii) the customer assistance program consisting of the commitments and obligations described in subsection (b-10) of this Section, notwithstanding any other provisions of this Act and without obtaining any approvals from the Commission or any other agency other than as set forth in this Section, regardless of whether any such approval would otherwise be required. "Combination utility" means a utility that, as of January 1, 2011, provided electric service to at least one million retail customers in Illinois and gas service to at least 500,000 retail customers in Illinois. A participating utility shall recover the expenditures made under the infrastructure investment program through the ratemaking process, including, but not limited to, the performance-based formula rate and process set forth in this Section.

During the infrastructure investment program's peak program year, a participating utility other than a combination utility shall create 2,000 full-time equivalent jobs in Illinois, and a participating utility that is a combination utility shall create 450 full-time equivalent jobs in Illinois related to the provision of electric service. These jobs shall include direct

jobs, contractor positions, and induced jobs, but shall not include any portion of a job commitment, not specifically contingent on an amendatory Act of the 97th General Assembly becoming law, between a participating utility and a labor union that existed on the effective date of this amendatory Act of the 97th General Assembly and that has not yet been fulfilled. A portion of the full-time equivalent jobs created by each participating utility shall include incremental personnel hired subsequent to the effective date of this amendatory Act of the 97th General Assembly. For purposes of this Section, "peak program year" means the consecutive 12-month period with the highest number of full-time equivalent jobs that occurs between the beginning of investment year 2 and the end of investment year 4.

A participating utility shall meet one of the following commitments, as applicable:

(1) Beginning no later than 180 days after a participating utility other than a combination utility files a performance-based formula rate tariff pursuant to subsection (c) of this Section, or, beginning no later than January 1, 2012 if such utility files such performance-based formula rate tariff within 14 days of the effective date of this amendatory Act of the 97th General Assembly, the participating utility shall, except as provided in subsection (b-5):

(A) over a 5-year period, invest an estimated $1,300,000,000 in electric system upgrades, modernization projects, and training facilities, including, but not limited to:

(i) distribution infrastructure improvements totaling an estimated $1,000,000,000, including underground residential distribution cable injection and replacement and mainline cable system refurbishment and replacement projects;

(ii) training facility construction or upgrade projects totaling an estimated $10,000,000, provided that, at a minimum, one such facility shall be located in a municipality having a population of more than 2 million residents and one such facility shall be located in a municipality having a population of more than 150,000 residents but fewer than 170,000 residents; any such new facility

located in a municipality having a population of more than 2 million residents must be designed for the purpose of obtaining, and the owner of the facility shall apply for, certification under the United States Green Building Council's Leadership in Energy Efficiency Design Green Building Rating System;

(iii) wood pole inspection, treatment, and replacement programs;

(iv) an estimated $200,000,000 for reducing the susceptibility of certain circuits to storm-related damage, including, but not limited to, high winds, thunderstorms, and ice storms; improvements may include, but are not limited to, overhead to underground conversion and other engineered outcomes for circuits; the participating utility shall prioritize the selection of circuits based on each circuit's historical susceptibility to storm-related damage and the ability to provide the greatest customer benefit upon completion of the improvements; to be eligible for improvement, the participating utility's ability to maintain proper tree clearances surrounding the overhead circuit must not have been impeded by third parties; and

(B) over a 10-year period, invest an estimated $1,300,000,000 to upgrade and modernize its transmission and distribution infrastructure and in Smart Grid electric system upgrades, including, but not limited to:

(i) additional smart meters;

(ii) distribution automation;

(iii) associated cyber secure data communication network; and

(iv) substation micro-processor relay upgrades.

(2) Beginning no later than 180 days after a participating utility that is a combination utility files a performance-based formula rate tariff pursuant to subsection (c) of this Section, or, beginning no later than January 1, 2012 if such utility files such performance-based formula rate tariff within 14 days of the

effective date of this amendatory Act of the 97th General Assembly, the participating utility shall, except as provided in subsection (b-5):

(A) over a 10-year period, invest an estimated $265,000,000 in electric system upgrades, modernization projects, and training facilities, including, but not limited to:

   (i) distribution infrastructure improvements totaling an estimated $245,000,000, which may include bulk supply substations, transformers, reconductoring, and rebuilding overhead distribution and sub-transmission lines, underground residential distribution cable injection and replacement and mainline cable system refurbishment and replacement projects;

   (ii) training facility construction or upgrade projects totaling an estimated $1,000,000; any such new facility must be designed for the purpose of obtaining, and the owner of the facility shall apply for, certification under the United States Green Building Council's Leadership in Energy Efficiency Design Green Building Rating System; and

   (iii) wood pole inspection, treatment, and replacement programs; and

(B) over a 10-year period, invest an estimated $360,000,000 to upgrade and modernize its transmission and distribution infrastructure and in Smart Grid electric system upgrades, including, but not limited to:

   (i) additional smart meters;

   (ii) distribution automation;

   (iii) associated cyber secure data communication network; and

   (iv) substation micro-processor relay upgrades.

For purposes of this Section, "Smart Grid electric system upgrades" shall have the meaning set forth in subsection (a) of Section 16-108.6 of this Act.

The investments in the infrastructure investment program described in this subsection (b) shall be incremental to the participating

New matter indicated by italics - deletions by strikeout
utility's annual capital investment program, as defined by, for purposes of this subsection (b), the participating utility's average capital spend for calendar years 2008, 2009, and 2010 as reported in the applicable Federal Energy Regulatory Commission (FERC) Form 1; provided that where one or more utilities have merged, the average capital spend shall be determined using the aggregate of the merged utilities' capital spend reported in FERC Form 1 for the years 2008, 2009, and 2010. A participating utility may add reasonable construction ramp-up and ramp-down time to the investment periods specified in this subsection (b). For each such investment period, the ramp-up and ramp-down time shall not exceed a total of 6 months.

Within 60 days after filing a tariff under subsection (c) of this Section, a participating utility shall submit to the Commission its plan, including scope, schedule, and staffing, for satisfying its infrastructure investment program commitments pursuant to this subsection (b). The submitted plan shall include a schedule and staffing plan for the next calendar year. The plan shall also include a plan for the creation, operation, and administration of a Smart Grid test bed as described in subsection (c) of Section 16-108.8. The plan need not allocate the work equally over the respective periods, but should allocate material increments throughout such periods commensurate with the work to be undertaken. No later than April 1 of each subsequent year, the utility shall submit to the Commission a report that includes any updates to the plan, a schedule for the next calendar year, the expenditures made for the prior calendar year and cumulatively, and the number of full-time equivalent jobs created for the prior calendar year and cumulatively. If the utility is materially deficient in satisfying a schedule or staffing plan, then the report must also include a corrective action plan to address the deficiency. The fact that the plan, implementation of the plan, or a schedule changes shall not imply the imprudence or unreasonableness of the infrastructure investment program, plan, or schedule. Further, no later than 45 days following the last day of the first, second, and third quarters of each year of the plan, a participating utility shall submit to the Commission a verified quarterly report for the prior quarter that includes (i) the total number of full-time equivalent jobs created during the prior quarter, (ii) the total number of employees as of the last day of the prior quarter, (iii) the total number of full-time equivalent hours in each job classification or job title, (iv) the total number of incremental employees and contractors in support of the investments undertaken pursuant to this subsection (b) for
the prior quarter, and (v) any other information that the Commission may require by rule.

With respect to the participating utility's peak job commitment, if, after considering the utility's corrective action plan and compliance thereunder, the Commission enters an order finding, after notice and hearing, that a participating utility did not satisfy its peak job commitment described in this subsection (b) for reasons that are reasonably within its control, then the Commission shall also determine, after consideration of the evidence, including, but not limited to, evidence submitted by the Department of Commerce and Economic Opportunity and the utility, the deficiency in the number of full-time equivalent jobs during the peak program year due to such failure. The Commission shall notify the Department of any proceeding that is initiated pursuant to this paragraph. For each full-time equivalent job deficiency during the peak program year that the Commission finds as set forth in this paragraph, the participating utility shall, within 30 days after the entry of the Commission's order, pay $6,000 to a fund for training grants administered under Section 605-800 of The Department of Commerce and Economic Opportunity Law, which shall not be a recoverable expense.

With respect to the participating utility's investment amount commitments, if, after considering the utility's corrective action plan and compliance thereunder, the Commission enters an order finding, after notice and hearing, that a participating utility is not satisfying its investment amount commitments described in this subsection (b), then the utility shall no longer be eligible to annually update the performance-based formula rate tariff pursuant to subsection (d) of this Section. In such event, the then current rates shall remain in effect until such time as new rates are set pursuant to Article IX of this Act, subject to retroactive adjustment, with interest, to reconcile rates charged with actual costs.

If the Commission finds that a participating utility is no longer eligible to update the performance-based formula rate tariff pursuant to subsection (d) of this Section, or the performance-based formula rate is otherwise terminated, then the participating utility's voluntary commitments and obligations under this subsection (b) shall immediately terminate, except for the utility's obligation to pay an amount already owed to the fund for training grants pursuant to a Commission order.

In meeting the obligations of this subsection (b), to the extent feasible and consistent with State and federal law, the investments under the infrastructure investment program should provide employment
opportunities for all segments of the population and workforce, including minority-owned and female-owned business enterprises, and shall not, consistent with State and federal law, discriminate based on race or socioeconomic status.

(b-5) Nothing in this Section shall prohibit the Commission from investigating the prudence and reasonableness of the expenditures made under the infrastructure investment program during the annual review required by subsection (d) of this Section and shall, as part of such investigation, determine whether the utility's actual costs under the program are prudent and reasonable. The fact that a participating utility invests more than the minimum amounts specified in subsection (b) of this Section or its plan shall not imply imprudence or unreasonableness.

If the participating utility finds that it is implementing its plan for satisfying the infrastructure investment program commitments described in subsection (b) of this Section at a cost below the estimated amounts specified in subsection (b) of this Section, then the utility may file a petition with the Commission requesting that it be permitted to satisfy its commitments by spending less than the estimated amounts specified in subsection (b) of this Section. The Commission shall, after notice and hearing, enter its order approving, or approving as modified, or denying each such petition within 150 days after the filing of the petition.

In no event, absent General Assembly approval, shall the capital investment costs incurred by a participating utility other than a combination utility in satisfying its infrastructure investment program commitments described in subsection (b) of this Section exceed $3,000,000,000 or, for a participating utility that is a combination utility, $720,000,000. If the participating utility's updated cost estimates for satisfying its infrastructure investment program commitments described in subsection (b) of this Section exceed the limitation imposed by this subsection (b-5), then it shall submit a report to the Commission that identifies the increased costs and explains the reason or reasons for the increased costs no later than the year in which the utility estimates it will exceed the limitation. The Commission shall review the report and shall, within 90 days after the participating utility files the report, report to the General Assembly its findings regarding the participating utility's report. If the General Assembly does not amend the limitation imposed by this subsection (b-5), then the utility may modify its plan so as not to exceed the limitation imposed by this subsection (b-5) and may propose corresponding changes to the metrics established pursuant to

New matter indicated by italics - deletions by strikeout
subparagraphs (5) through (8) of subsection (f) of this Section, and the Commission may modify the metrics and incremental savings goals established pursuant to subsection (f) of this Section accordingly.

(b-10) All participating utilities shall make contributions for an energy low-income and support program in accordance with this subsection. Beginning no later than 180 days after a participating utility files a performance-based formula rate tariff pursuant to subsection (c) of this Section, or beginning no later than January 1, 2012 if such utility files such performance-based formula rate tariff within 14 days of the effective date of this amendatory Act of the 97th General Assembly, and without obtaining any approvals from the Commission or any other agency other than as set forth in this Section, regardless of whether any such approval would otherwise be required, a participating utility other than a combination utility shall pay $10,000,000 per year for 5 years and a participating utility that is a combination utility shall pay $1,000,000 per year for 10 years to the energy low-income and support program, which is intended to fund customer assistance programs with the primary purpose being avoidance of imminent disconnection. Such programs may include:

(1) a residential hardship program that may partner with community-based organizations, including senior citizen organizations, and provides grants to low-income residential customers, including low-income senior citizens, who demonstrate a hardship;

(2) a program that provides grants and other bill payment concessions to veterans with disabilities disabled veterans who demonstrate a hardship and members of the armed services or reserve forces of the United States or members of the Illinois National Guard who are on active duty pursuant to an executive order of the President of the United States, an act of the Congress of the United States, or an order of the Governor and who demonstrate a hardship;

(3) a budget assistance program that provides tools and education to low-income senior citizens to assist them with obtaining information regarding energy usage and effective means of managing energy costs;

(4) a non-residential special hardship program that provides grants to non-residential customers such as small businesses and non-profit organizations that demonstrate a hardship, including

New matter indicated by italics - deletions by strikeout
those providing services to senior citizen and low-income customers; and

(5) a performance-based assistance program that provides grants to encourage residential customers to make on-time payments by matching a portion of the customer's payments or providing credits towards arrearages.

The payments made by a participating utility pursuant to this subsection (b-10) shall not be a recoverable expense. A participating utility may elect to fund either new or existing customer assistance programs, including, but not limited to, those that are administered by the utility.

Programs that use funds that are provided by a participating utility to reduce utility bills may be implemented through tariffs that are filed with and reviewed by the Commission. If a utility elects to file tariffs with the Commission to implement all or a portion of the programs, those tariffs shall, regardless of the date actually filed, be deemed accepted and approved, and shall become effective on the effective date of this amendatory Act of the 97th General Assembly. The participating utilities whose customers benefit from the funds that are disbursed as contemplated in this Section shall file annual reports documenting the disbursement of those funds with the Commission. The Commission has the authority to audit disbursement of the funds to ensure they were disbursed consistently with this Section.

If the Commission finds that a participating utility is no longer eligible to update the performance-based formula rate tariff pursuant to subsection (d) of this Section, or the performance-based formula rate is otherwise terminated, then the participating utility's voluntary commitments and obligations under this subsection (b-10) shall immediately terminate.

(c) A participating utility may elect to recover its delivery services costs through a performance-based formula rate approved by the Commission, which shall specify the cost components that form the basis of the rate charged to customers with sufficient specificity to operate in a standardized manner and be updated annually with transparent information that reflects the utility's actual costs to be recovered during the applicable rate year, which is the period beginning with the first billing day of January and extending through the last billing day of the following December. In the event the utility recovers a portion of its costs through automatic adjustment clause tariffs on the effective date of this amendatory Act of the 97th General Assembly, the utility may elect to

continue to recover these costs through such tariffs, but then these costs shall not be recovered through the performance-based formula rate. In the event the participating utility, prior to the effective date of this amendatory Act of the 97th General Assembly, filed electric delivery services tariffs with the Commission pursuant to Section 9-201 of this Act that are related to the recovery of its electric delivery services costs that are still pending on the effective date of this amendatory Act of the 97th General Assembly, the participating utility shall, at the time it files its performance-based formula rate tariff with the Commission, also file a notice of withdrawal with the Commission to withdraw the electric delivery services tariffs previously filed pursuant to Section 9-201 of this Act. Upon receipt of such notice, the Commission shall dismiss with prejudice any docket that had been initiated to investigate the electric delivery services tariffs filed pursuant to Section 9-201 of this Act, and such tariffs and the record related thereto shall not be the subject of any further hearing, investigation, or proceeding of any kind related to rates for electric delivery services.

The performance-based formula rate shall be implemented through a tariff filed with the Commission consistent with the provisions of this subsection (c) that shall be applicable to all delivery services customers. The Commission shall initiate and conduct an investigation of the tariff in a manner consistent with the provisions of this subsection (c) and the provisions of Article IX of this Act to the extent they do not conflict with this subsection (c). Except in the case where the Commission finds, after notice and hearing, that a participating utility is not satisfying its investment amount commitments under subsection (b) of this Section, the performance-based formula rate shall remain in effect at the discretion of the utility. The performance-based formula rate approved by the Commission shall do the following:

1. Provide for the recovery of the utility's actual costs of delivery services that are prudently incurred and reasonable in amount consistent with Commission practice and law. The sole fact that a cost differs from that incurred in a prior calendar year or that an investment is different from that made in a prior calendar year shall not imply the imprudence or unreasonableness of that cost or investment.

2. Reflect the utility's actual year-end capital structure for the applicable calendar year, excluding goodwill, subject to a determination of prudence and reasonableness consistent with Commission practice and law.

(3) Include a cost of equity, which shall be calculated as the sum of the following:

(A) the average for the applicable calendar year of the monthly average yields of 30-year U.S. Treasury bonds published by the Board of Governors of the Federal Reserve System in its weekly H.15 Statistical Release or successor publication; and

(B) 580 basis points.

At such time as the Board of Governors of the Federal Reserve System ceases to include the monthly average yields of 30-year U.S. Treasury bonds in its weekly H.15 Statistical Release or successor publication, the monthly average yields of the U.S. Treasury bonds then having the longest duration published by the Board of Governors in its weekly H.15 Statistical Release or successor publication shall instead be used for purposes of this paragraph (3).

(4) Permit and set forth protocols, subject to a determination of prudence and reasonableness consistent with Commission practice and law, for the following:

(A) recovery of incentive compensation expense that is based on the achievement of operational metrics, including metrics related to budget controls, outage duration and frequency, safety, customer service, efficiency and productivity, and environmental compliance. Incentive compensation expense that is based on net income or an affiliate's earnings per share shall not be recoverable under the performance-based formula rate;

(B) recovery of pension and other post-employment benefits expense, provided that such costs are supported by an actuarial study;

(C) recovery of severance costs, provided that if the amount is over $3,700,000 for a participating utility that is a combination utility or $10,000,000 for a participating utility that serves more than 3 million retail customers, then the full amount shall be amortized consistent with subparagraph (F) of this paragraph (4);

(D) investment return at a rate equal to the utility's weighted average cost of long-term debt, on the pension assets as, and in the amount, reported in Account 186 (or in

New matter indicated by italics - deletions by strikeout
such other Account or Accounts as such asset may subsequently be recorded) of the utility's most recently filed FERC Form 1, net of deferred tax benefits;

(E) recovery of the expenses related to the Commission proceeding under this subsection (c) to approve this performance-based formula rate and initial rates or to subsequent proceedings related to the formula, provided that the recovery shall be amortized over a 3-year period; recovery of expenses related to the annual Commission proceedings under subsection (d) of this Section to review the inputs to the performance-based formula rate shall be expensed and recovered through the performance-based formula rate;

(F) amortization over a 5-year period of the full amount of each charge or credit that exceeds $3,700,000 for a participating utility that is a combination utility or $10,000,000 for a participating utility that serves more than 3 million retail customers in the applicable calendar year and that relates to a workforce reduction program's severance costs, changes in accounting rules, changes in law, compliance with any Commission-initiated audit, or a single storm or other similar expense, provided that any unamortized balance shall be reflected in rate base. For purposes of this subparagraph (F), changes in law includes any enactment, repeal, or amendment in a law, ordinance, rule, regulation, interpretation, permit, license, consent, or order, including those relating to taxes, accounting, or to environmental matters, or in the interpretation or application thereof by any governmental authority occurring after the effective date of this amendatory Act of the 97th General Assembly;

(G) recovery of existing regulatory assets over the periods previously authorized by the Commission;

(H) historical weather normalized billing determinants; and

(I) allocation methods for common costs.

(5) Provide that if the participating utility's earned rate of return on common equity related to the provision of delivery services for the prior rate year (calculated using costs and capital

structure approved by the Commission as provided in subparagraph (2) of this subsection (c), consistent with this Section, in accordance with Commission rules and orders, including, but not limited to, adjustments for goodwill, and after any Commission-ordered disallowances and taxes) is more than 50 basis points higher than the rate of return on common equity calculated pursuant to paragraph (3) of this subsection (c) (after adjusting for any penalties to the rate of return on common equity applied pursuant to the performance metrics provision of subsection (f) of this Section), then the participating utility shall apply a credit through the performance-based formula rate that reflects an amount equal to the value of that portion of the earned rate of return on common equity that is more than 50 basis points higher than the rate of return on common equity calculated pursuant to paragraph (3) of this subsection (c) (after adjusting for any penalties to the rate of return on common equity applied pursuant to the performance metrics provision of subsection (f) of this Section) for the prior rate year, adjusted for taxes. If the participating utility's earned rate of return on common equity related to the provision of delivery services for the prior rate year (calculated using costs and capital structure approved by the Commission as provided in subparagraph (2) of this subsection (c), consistent with this Section, in accordance with Commission rules and orders, including, but not limited to, adjustments for goodwill, and after any Commission-ordered disallowances and taxes) is more than 50 basis points less than the return on common equity calculated pursuant to paragraph (3) of this subsection (c) (after adjusting for any penalties to the rate of return on common equity applied pursuant to the performance metrics provision of subsection (f) of this Section), then the participating utility shall apply a charge through the performance-based formula rate that reflects an amount equal to the value of that portion of the earned rate of return on common equity that is more than 50 basis points less than the rate of return on common equity calculated pursuant to paragraph (3) of this subsection (c) (after adjusting for any penalties to the rate of return on common equity applied pursuant to the performance metrics provision of subsection (f) of this Section) for the prior rate year, adjusted for taxes.
(6) Provide for an annual reconciliation, as described in subsection (d) of this Section, with interest, of the revenue requirement reflected in rates for each calendar year, beginning with the calendar year in which the utility files its performance-based formula rate tariff pursuant to subsection (c) of this Section, with what the revenue requirement would have been had the actual cost information for the applicable calendar year been available at the filing date.

The utility shall file, together with its tariff, final data based on its most recently filed FERC Form 1, plus projected plant additions and correspondingly updated depreciation reserve and expense for the calendar year in which the tariff and data are filed, that shall populate the performance-based formula rate and set the initial delivery services rates under the formula. For purposes of this Section, "FERC Form 1" means the Annual Report of Major Electric Utilities, Licensees and Others that electric utilities are required to file with the Federal Energy Regulatory Commission under the Federal Power Act, Sections 3, 4(a), 304 and 209, modified as necessary to be consistent with 83 Ill. Admin. Code Part 415 as of May 1, 2011. Nothing in this Section is intended to allow costs that are not otherwise recoverable to be recoverable by virtue of inclusion in FERC Form 1.

After the utility files its proposed performance-based formula rate structure and protocols and initial rates, the Commission shall initiate a docket to review the filing. The Commission shall enter an order approving, or approving as modified, the performance-based formula rate, including the initial rates, as just and reasonable within 270 days after the date on which the tariff was filed, or, if the tariff is filed within 14 days after the effective date of this amendatory Act of the 97th General Assembly, then by May 31, 2012. Such review shall be based on the same evidentiary standards, including, but not limited to, those concerning the prudence and reasonableness of the costs incurred by the utility, the Commission applies in a hearing to review a filing for a general increase in rates under Article IX of this Act. The initial rates shall take effect within 30 days after the Commission's order approving the performance-based formula rate tariff.

Until such time as the Commission approves a different rate design and cost allocation pursuant to subsection (e) of this Section, rate design and cost allocation across customer classes shall be consistent with the

New matter indicated by italics - deletions by strikeout
Commission's most recent order regarding the participating utility's request for a general increase in its delivery services rates.

Subsequent changes to the performance-based formula rate structure or protocols shall be made as set forth in Section 9-201 of this Act, but nothing in this subsection (c) is intended to limit the Commission's authority under Article IX and other provisions of this Act to initiate an investigation of a participating utility's performance-based formula rate tariff, provided that any such changes shall be consistent with paragraphs (1) through (6) of this subsection (c). Any change ordered by the Commission shall be made at the same time new rates take effect following the Commission's next order pursuant to subsection (d) of this Section, provided that the new rates take effect no less than 30 days after the date on which the Commission issues an order adopting the change.

A participating utility that files a tariff pursuant to this subsection (c) must submit a one-time $200,000 filing fee at the time the Chief Clerk of the Commission accepts the filing, which shall be a recoverable expense.

In the event the performance-based formula rate is terminated, the then current rates shall remain in effect until such time as new rates are set pursuant to Article IX of this Act, subject to retroactive rate adjustment, with interest, to reconcile rates charged with actual costs. At such time that the performance-based formula rate is terminated, the participating utility's voluntary commitments and obligations under subsection (b) of this Section shall immediately terminate, except for the utility's obligation to pay an amount already owed to the fund for training grants pursuant to a Commission order issued under subsection (b) of this Section.

(d) Subsequent to the Commission's issuance of an order approving the utility's performance-based formula rate structure and protocols, and initial rates under subsection (c) of this Section, the utility shall file, on or before May 1 of each year, with the Chief Clerk of the Commission its updated cost inputs to the performance-based formula rate for the applicable rate year and the corresponding new charges. Each such filing shall conform to the following requirements and include the following information:

(1) The inputs to the performance-based formula rate for the applicable rate year shall be based on final historical data reflected in the utility's most recently filed annual FERC Form 1 plus projected plant additions and correspondingly updated depreciation reserve and expense for the calendar year in which the

New matter indicated by italics - deletions by strikeout
inputs are filed. The filing shall also include a reconciliation of the revenue requirement that was in effect for the prior rate year (as set by the cost inputs for the prior rate year) with the actual revenue requirement for the prior rate year (determined using a year-end rate base) that uses amounts reflected in the applicable FERC Form 1 that reports the actual costs for the prior rate year. Any over-collection or under-collection indicated by such reconciliation shall be reflected as a credit against, or recovered as an additional charge to, respectively, with interest calculated at a rate equal to the utility's weighted average cost of capital approved by the Commission for the prior rate year, the charges for the applicable rate year. Provided, however, that the first such reconciliation shall be for the calendar year in which the utility files its performance-based formula rate tariff pursuant to subsection (c) of this Section and shall reconcile (i) the revenue requirement or requirements established by the rate order or orders in effect from time to time during such calendar year (weighted, as applicable) with (ii) the revenue requirement determined using a year-end rate base for that calendar year calculated pursuant to the performance-based formula rate using (A) actual costs for that year as reflected in the applicable FERC Form 1, and (B) for the first such reconciliation only, the cost of equity, which shall be calculated as the sum of 590 basis points plus the average for the applicable calendar year of the monthly average yields of 30-year U.S. Treasury bonds published by the Board of Governors of the Federal Reserve System in its weekly H.15 Statistical Release or successor publication. The first such reconciliation is not intended to provide for the recovery of costs previously excluded from rates based on a prior Commission order finding of imprudence or unreasonableness. Each reconciliation shall be certified by the participating utility in the same manner that FERC Form 1 is certified. The filing shall also include the charge or credit, if any, resulting from the calculation required by paragraph (6) of subsection (c) of this Section.

Notwithstanding anything that may be to the contrary, the intent of the reconciliation is to ultimately reconcile the revenue requirement reflected in rates for each calendar year, beginning with the calendar year in which the utility files its performance-based formula rate tariff pursuant to subsection (c) of this Section, with what the revenue requirement determined using a year-end

New matter indicated by italics - deletions by strikeout
rate base for the applicable calendar year would have been had the actual cost information for the applicable calendar year been available at the filing date.

(2) The new charges shall take effect beginning on the first billing day of the following January billing period and remain in effect through the last billing day of the next December billing period regardless of whether the Commission enters upon a hearing pursuant to this subsection (d).

(3) The filing shall include relevant and necessary data and documentation for the applicable rate year that is consistent with the Commission's rules applicable to a filing for a general increase in rates or any rules adopted by the Commission to implement this Section. Normalization adjustments shall not be required. Notwithstanding any other provision of this Section or Act or any rule or other requirement adopted by the Commission, a participating utility that is a combination utility with more than one rate zone shall not be required to file a separate set of such data and documentation for each rate zone and may combine such data and documentation into a single set of schedules.

Within 45 days after the utility files its annual update of cost inputs to the performance-based formula rate, the Commission shall have the authority, either upon complaint or its own initiative, but with reasonable notice, to enter upon a hearing concerning the prudence and reasonableness of the costs incurred by the utility to be recovered during the applicable rate year that are reflected in the inputs to the performance-based formula rate derived from the utility's FERC Form 1. During the course of the hearing, each objection shall be stated with particularity and evidence provided in support thereof, after which the utility shall have the opportunity to rebut the evidence. Discovery shall be allowed consistent with the Commission's Rules of Practice, which Rules shall be enforced by the Commission or the assigned hearing examiner. The Commission shall apply the same evidentiary standards, including, but not limited to, those concerning the prudence and reasonableness of the costs incurred by the utility, in the hearing as it would apply in a hearing to review a filing for a general increase in rates under Article IX of this Act. The Commission shall not, however, have the authority in a proceeding under this subsection (d) to consider or order any changes to the structure or protocols of the performance-based formula rate approved pursuant to subsection (c) of this Section. In a proceeding under this subsection (d),

New matter indicated by italics - deletions by strikeout
the Commission shall enter its order no later than the earlier of 240 days after the utility's filing of its annual update of cost inputs to the performance-based formula rate or December 31. The Commission's determinations of the prudence and reasonableness of the costs incurred for the applicable calendar year shall be final upon entry of the Commission's order and shall not be subject to reopening, reexamination, or collateral attack in any other Commission proceeding, case, docket, order, rule or regulation, provided, however, that nothing in this subsection (d) shall prohibit a party from petitioning the Commission to rehear or appeal to the courts the order pursuant to the provisions of this Act.

In the event the Commission does not, either upon complaint or its own initiative, enter upon a hearing within 45 days after the utility files the annual update of cost inputs to its performance-based formula rate, then the costs incurred for the applicable calendar year shall be deemed prudent and reasonable, and the filed charges shall not be subject to reopening, reexamination, or collateral attack in any other proceeding, case, docket, order, rule, or regulation.

A participating utility's first filing of the updated cost inputs, and any Commission investigation of such inputs pursuant to this subsection (d) shall proceed notwithstanding the fact that the Commission's investigation under subsection (c) of this Section is still pending and notwithstanding any other law, order, rule, or Commission practice to the contrary.

(e) Nothing in subsections (c) or (d) of this Section shall prohibit the Commission from investigating, or a participating utility from filing, revenue-neutral tariff changes related to rate design of a performance-based formula rate that has been placed into effect for the utility. Following approval of a participating utility's performance-based formula rate tariff pursuant to subsection (c) of this Section, the utility shall make a filing with the Commission within one year after the effective date of the performance-based formula rate tariff that proposes changes to the tariff to incorporate the findings of any final rate design orders of the Commission applicable to the participating utility and entered subsequent to the Commission's approval of the tariff. The Commission shall, after notice and hearing, enter its order approving, or approving with modification, the proposed changes to the performance-based formula rate tariff within 240 days after the utility's filing. Following such approval, the utility shall make a filing with the Commission during each subsequent 3-year period that either proposes revenue-neutral tariff changes or re-files the existing

New matter indicated by italics - deletions by strikeout
tariffs without change, which shall present the Commission with an opportunity to suspend the tariffs and consider revenue-neutral tariff changes related to rate design.

(f) Within 30 days after the filing of a tariff pursuant to subsection (c) of this Section, each participating utility shall develop and file with the Commission multi-year metrics designed to achieve, ratably (i.e., in equal segments) over a 10-year period, improvement over baseline performance values as follows:

(1) Twenty percent improvement in the System Average Interruption Frequency Index, using a baseline of the average of the data from 2001 through 2010.

(2) Fifteen percent improvement in the system Customer Average Interruption Duration Index, using a baseline of the average of the data from 2001 through 2010.

(3) For a participating utility other than a combination utility, 20% improvement in the System Average Interruption Frequency Index for its Southern Region, using a baseline of the average of the data from 2001 through 2010. For purposes of this paragraph (3), Southern Region shall have the meaning set forth in the participating utility's most recent report filed pursuant to Section 16-125 of this Act.

(3.5) For a participating utility other than a combination utility, 20% improvement in the System Average Interruption Frequency Index for its Northeastern Region, using a baseline of the average of the data from 2001 through 2010. For purposes of this paragraph (3.5), Northeastern Region shall have the meaning set forth in the participating utility's most recent report filed pursuant to Section 16-125 of this Act.

(4) Seventy-five percent improvement in the total number of customers who exceed the service reliability targets as set forth in subparagraphs (A) through (C) of paragraph (4) of subsection (b) of 83 Ill. Admin. Code Part 411.140 as of May 1, 2011, using 2010 as the baseline year.

(5) Reduction in issuance of estimated electric bills: 90% improvement for a participating utility other than a combination utility, and 56% improvement for a participating utility that is a combination utility, using a baseline of the average number of estimated bills for the years 2008 through 2010.
(6) Consumption on inactive meters: 90% improvement for a participating utility other than a combination utility, and 56% improvement for a participating utility that is a combination utility, using a baseline of the average unbilled kilowatthours for the years 2009 and 2010.

(7) Unaccounted for energy: 50% improvement for a participating utility other than a combination utility using a baseline of the non-technical line loss unaccounted for energy kilowatthours for the year 2009.

(8) Uncollectible expense: reduce uncollectible expense by at least $30,000,000 for a participating utility other than a combination utility and by at least $3,500,000 for a participating utility that is a combination utility, using a baseline of the average uncollectible expense for the years 2008 through 2010.

(9) Opportunities for minority-owned and female-owned business enterprises: design a performance metric regarding the creation of opportunities for minority-owned and female-owned business enterprises consistent with State and federal law using a base performance value of the percentage of the participating utility's capital expenditures that were paid to minority-owned and female-owned business enterprises in 2010.

The definitions set forth in 83 Ill. Admin. Code Part 411.20 as of May 1, 2011 shall be used for purposes of calculating performance under paragraphs (1) through (3.5) of this subsection (f), provided, however, that the participating utility may exclude up to 9 extreme weather event days from such calculation for each year, and provided further that the participating utility shall exclude 9 extreme weather event days when calculating each year of the baseline period to the extent that there are 9 such days in a given year of the baseline period. For purposes of this Section, an extreme weather event day is a 24-hour calendar day (beginning at 12:00 a.m. and ending at 11:59 p.m.) during which any weather event (e.g., storm, tornado) caused interruptions for 10,000 or more of the participating utility's customers for 3 hours or more. If there are more than 9 extreme weather event days in a year, then the utility may choose no more than 9 extreme weather event days to exclude, provided that the same extreme weather event days are excluded from each of the calculations performed under paragraphs (1) through (3.5) of this subsection (f).
The metrics shall include incremental performance goals for each year of the 10-year period, which shall be designed to demonstrate that the utility is on track to achieve the performance goal in each category at the end of the 10-year period. The utility shall elect when the 10-year period shall commence for the metrics set forth in subparagraphs (1) through (4) and (9) of this subsection (f), provided that it begins no later than 14 months following the date on which the utility begins investing pursuant to subsection (b) of this Section, and when the 10-year period shall commence for the metrics set forth in subparagraphs (5) through (8) of this subsection (f), provided that it begins no later than 14 months following the date on which the Commission enters its order approving the utility's Advanced Metering Infrastructure Deployment Plan pursuant to subsection (c) of Section 16-108.6 of this Act.

The metrics and performance goals set forth in subparagraphs (5) through (8) of this subsection (f) are based on the assumptions that the participating utility may fully implement the technology described in subsection (b) of this Section, including utilizing the full functionality of such technology and that there is no requirement for personal on-site notification. If the utility is unable to meet the metrics and performance goals set forth in subparagraphs (5) through (8) of this subsection (f) for such reasons, and the Commission so finds after notice and hearing, then the utility shall be excused from compliance, but only to the limited extent achievement of the affected metrics and performance goals was hindered by the less than full implementation.

(f-5) The financial penalties applicable to the metrics described in subparagraphs (1) through (8) of subsection (f) of this Section, as applicable, shall be applied through an adjustment to the participating utility's return on equity of no more than a total of 30 basis points in each of the first 3 years, of no more than a total of 34 basis points in each of the 3 years thereafter, and of no more than a total of 38 basis points in each of the 4 years thereafter, as follows:

(1) With respect to each of the incremental annual performance goals established pursuant to paragraph (1) of subsection (f) of this Section,

(A) for each year that a participating utility other than a combination utility does not achieve the annual goal, the participating utility's return on equity shall be reduced as follows: during years 1 through 3, by 5 basis points;
during years 4 through 6, by 6 basis points; and during years 7 through 10, by 7 basis points; and

(B) for each year that a participating utility that is a combination utility does not achieve the annual goal, the participating utility's return on equity shall be reduced as follows: during years 1 through 3, by 10 basis points; during years 4 through 6, by 12 basis points; and during years 7 through 10, by 14 basis points.

(2) With respect to each of the incremental annual performance goals established pursuant to paragraph (2) of subsection (f) of this Section, for each year that the participating utility does not achieve each such goal, the participating utility's return on equity shall be reduced as follows: during years 1 through 3, by 5 basis points; during years 4 through 6, by 6 basis points; and during years 7 through 10, by 7 basis points.

(3) With respect to each of the incremental annual performance goals established pursuant to paragraphs (3) and (3.5) of subsection (f) of this Section, for each year that a participating utility other than a combination utility does not achieve both such goals, the participating utility's return on equity shall be reduced as follows: during years 1 through 3, by 5 basis points; during years 4 through 6, by 6 basis points; and during years 7 through 10, by 7 basis points.

(4) With respect to each of the incremental annual performance goals established pursuant to paragraph (4) of subsection (f) of this Section, for each year that the participating utility does not achieve each such goal, the participating utility's return on equity shall be reduced as follows: during years 1 through 3, by 5 basis points; during years 4 through 6, by 6 basis points; and during years 7 through 10, by 7 basis points.

(5) With respect to each of the incremental annual performance goals established pursuant to subparagraph (5) of subsection (f) of this Section, for each year that the participating utility does not achieve at least 95% of each such goal, the participating utility's return on equity shall be reduced by 5 basis points for each such unachieved goal.

(6) With respect to each of the incremental annual performance goals established pursuant to paragraphs (6), (7), and (8) of subsection (f) of this Section, as applicable, which together

measure non-operational customer savings and benefits relating to the implementation of the Advanced Metering Infrastructure Deployment Plan, as defined in Section 16-108.6 of this Act, the performance under each such goal shall be calculated in terms of the percentage of the goal achieved. The percentage of goal achieved for each of the goals shall be aggregated, and an average percentage value calculated, for each year of the 10-year period. If the utility does not achieve an average percentage value in a given year of at least 95%, the participating utility's return on equity shall be reduced by 5 basis points.

The financial penalties shall be applied as described in this subsection (f-5) for the 12-month period in which the deficiency occurred through a separate tariff mechanism, which shall be filed by the utility together with its metrics. In the event the formula rate tariff established pursuant to subsection (c) of this Section terminates, the utility's obligations under subsection (f) of this Section and this subsection (f-5) shall also terminate, provided, however, that the tariff mechanism established pursuant to subsection (f) of this Section and this subsection (f-5) shall remain in effect until any penalties due and owing at the time of such termination are applied.

The Commission shall, after notice and hearing, enter an order within 120 days after the metrics are filed approving, or approving with modification, a participating utility's tariff or mechanism to satisfy the metrics set forth in subsection (f) of this Section. On June 1 of each subsequent year, each participating utility shall file a report with the Commission that includes, among other things, a description of how the participating utility performed under each metric and an identification of any extraordinary events that adversely impacted the utility's performance. Whenever a participating utility does not satisfy the metrics required pursuant to subsection (f) of this Section, the Commission shall, after notice and hearing, enter an order approving financial penalties in accordance with this subsection (f-5). The Commission-approved financial penalties shall be applied beginning with the next rate year. Nothing in this Section shall authorize the Commission to reduce or otherwise obviate the imposition of financial penalties for failing to achieve one or more of the metrics established pursuant to subparagraph (1) through (4) of subsection (f) of this Section.

(g) On or before July 31, 2014, each participating utility shall file a report with the Commission that sets forth the average annual increase in

New matter indicated by italics - deletions by strikeout
the average amount paid per kilowatthour for residential eligible retail customers, exclusive of the effects of energy efficiency programs, comparing the 12-month period ending May 31, 2012; the 12-month period ending May 31, 2013; and the 12-month period ending May 31, 2014. For a participating utility that is a combination utility with more than one rate zone, the weighted average aggregate increase shall be provided. The report shall be filed together with a statement from an independent auditor attesting to the accuracy of the report. The cost of the independent auditor shall be borne by the participating utility and shall not be a recoverable expense. "The average amount paid per kilowatthour" shall be based on the participating utility's tariffed rates actually in effect and shall not be calculated using any hypothetical rate or adjustments to actual charges (other than as specified for energy efficiency) as an input.

In the event that the average annual increase exceeds 2.5% as calculated pursuant to this subsection (g), then Sections 16-108.5, 16-108.6, 16-108.7, and 16-108.8 of this Act, other than this subsection, shall be inoperative as they relate to the utility and its service area as of the date of the report due to be submitted pursuant to this subsection and the utility shall no longer be eligible to annually update the performance-based formula rate tariff pursuant to subsection (d) of this Section. In such event, the then current rates shall remain in effect until such time as new rates are set pursuant to Article IX of this Act, subject to retroactive adjustment, with interest, to reconcile rates charged with actual costs, and the participating utility's voluntary commitments and obligations under subsection (b) of this Section shall immediately terminate, except for the utility's obligation to pay an amount already owed to the fund for training grants pursuant to a Commission order issued under subsection (b) of this Section.

In the event that the average annual increase is 2.5% or less as calculated pursuant to this subsection (g), then the performance-based formula rate shall remain in effect as set forth in this Section.

For purposes of this Section, the amount per kilowatthour means the total amount paid for electric service expressed on a per kilowatthour basis, and the total amount paid for electric service includes without limitation amounts paid for supply, transmission, distribution, surcharges, and add-on taxes exclusive of any increases in taxes or new taxes imposed after the effective date of this amendatory Act of the 97th General Assembly. For purposes of this Section, "eligible retail customers" shall have the meaning set forth in Section 16-111.5 of this Act.

The fact that this Section becomes inoperative as set forth in this subsection shall not be construed to mean that the Commission may reexamine or otherwise reopen prudence or reasonableness determinations already made.

(h) Sections 16-108.5, 16-108.6, 16-108.7, and 16-108.8 of this Act, other than this subsection, are inoperative after December 31, 2017 for every participating utility, after which time a participating utility shall no longer be eligible to annually update the performance-based formula rate tariff pursuant to subsection (d) of this Section. At such time, the then current rates shall remain in effect until such time as new rates are set pursuant to Article IX of this Act, subject to retroactive adjustment, with interest, to reconcile rates charged with actual costs.

By December 31, 2017, the Commission shall prepare and file with the General Assembly a report on the infrastructure program and the performance-based formula rate. The report shall include the change in the average amount per kilowatthour paid by residential customers between June 1, 2011 and May 31, 2017. If the change in the total average rate paid exceeds 2.5% compounded annually, the Commission shall include in the report an analysis that shows the portion of the change due to the delivery services component and the portion of the change due to the supply component of the rate. The report shall include separate sections for each participating utility.

In the event Sections 16-108.5, 16-108.6, 16-108.7, and 16-108.8 of this Act do not become inoperative after December 31, 2017, then these Sections are inoperative after December 31, 2022 for every participating utility, after which time a participating utility shall no longer be eligible to annually update the performance-based formula rate tariff pursuant to subsection (d) of this Section. At such time, the then current rates shall remain in effect until such time as new rates are set pursuant to Article IX of this Act, subject to retroactive adjustment, with interest, to reconcile rates charged with actual costs.

The fact that this Section becomes inoperative as set forth in this subsection shall not be construed to mean that the Commission may reexamine or otherwise reopen prudence or reasonableness determinations already made.

Smart Grid functionality or application to its retail customers, including, but not limited to, the installation, implementation and maintenance of Smart Grid electric system upgrades as defined in Section 16-108.6 of this Act, a participating utility is prohibited from offering to its retail customers broadband services or the delivery of broadband services, voice-over-internet-protocol services, telecommunications services, or cable or video programming services, unless they are part of a service directly related to delivery services or Smart Grid functionality or applications as defined in Section 16-108.6 of this Act, and from recovering the costs of such offerings from retail customers.

(j) Nothing in this Section is intended to legislatively overturn the opinion issued in Commonwealth Edison Co. v. Ill. Commerce Comm'n, Nos. 2-08-0959, 2-08-1037, 2-08-1137, 1-08-3008, 1-08-3030, 1-08-3054, 1-08-3313 cons. (Ill. App. Ct. 2d Dist. Sept. 30, 2010). This amendatory Act of the 97th General Assembly shall not be construed as creating a contract between the General Assembly and the participating utility, and shall not establish a property right in the participating utility.

(k) The changes made in subsections (c) and (d) of this Section by this amendatory Act of the 98th General Assembly are intended to be a restatement and clarification of existing law, and intended to give binding effect to the provisions of House Resolution 1157 adopted by the House of Representatives of the 97th General Assembly and Senate Resolution 821 adopted by the Senate of the 97th General Assembly that are reflected in paragraph (3) of this subsection. In addition, this amendatory Act of the 98th General Assembly preempts and supersedes any final Commission orders entered in Docket Nos. 11-0721, 12-0001, 12-0293, and 12-0321 to the extent inconsistent with the amendatory language added to subsections (c) and (d).

(1) No earlier than 5 business days after the effective date of this amendatory Act of the 98th General Assembly, each participating utility shall file any tariff changes necessary to implement the amendatory language set forth in subsections (c) and (d) of this Section by this amendatory Act of the 98th General Assembly and a revised revenue requirement under the participating utility's performance-based formula rate. The Commission shall enter a final order approving such tariff changes and revised revenue requirement within 21 days after the participating utility's filing.
(2) Notwithstanding anything that may be to the contrary, a participating utility may file a tariff to retroactively recover its previously unrecovered actual costs of delivery service that are no longer subject to recovery through a reconciliation adjustment under subsection (d) of this Section. This retroactive recovery shall include any derivative adjustments resulting from the changes to subsections (c) and (d) of this Section by this amendatory Act of the 98th General Assembly. Such tariff shall allow the utility to assess, on current customer bills over a period of 12 monthly billing periods, a charge or credit related to those unrecovered costs with interest at the utility's weighted average cost of capital during the period in which those costs were unrecovered. A participating utility may file a tariff that implements a retroactive charge or credit as described in this paragraph for amounts not otherwise included in the tariff filing provided for in paragraph (1) of this subsection (k). The Commission shall enter a final order approving such tariff within 21 days after the participating utility's filing.

(3) The tariff changes described in paragraphs (1) and (2) of this subsection (k) shall relate only to, and be consistent with, the following provisions of this amendatory Act of the 98th General Assembly: paragraph (2) of subsection (c) regarding year-end capital structure, subparagraph (D) of paragraph (4) of subsection (c) regarding pension assets, and subsection (d) regarding the reconciliation components related to year-end rate base and interest calculated at a rate equal to the utility's weighted average cost of capital.

(4) Nothing in this subsection is intended to effect a dismissal of or otherwise affect an appeal from any final Commission orders entered in Docket Nos. 11-0721, 12-0001, 12-0293, and 12-0321 other than to the extent of the amendatory language contained in subsections (c) and (d) of this amendatory Act of the 98th General Assembly.

(l) Each participating utility shall be deemed to have been in full compliance with all requirements of subsection (b) of this Section, subsection (c) of this Section, Section 16-108.6 of this Act, and all Commission orders entered pursuant to Sections 16-108.5 and 16-108.6 of this Act, up to and including the effective date of this amendatory Act of the 98th General Assembly. The Commission shall not undertake any investigation of such compliance and no penalty shall be assessed or
adverse action taken against a participating utility for noncompliance with Commission orders associated with subsection (b) of this Section, subsection (c) of this Section, and Section 16-108.6 of this Act prior to such date. Each participating utility other than a combination utility shall be permitted, without penalty, a period of 12 months after such effective date to take actions required to ensure its infrastructure investment program is in compliance with subsection (b) of this Section and with Section 16-108.6 of this Act. Provided further:

(1) if this amendatory Act of the 98th General Assembly takes effect on or before June 15, 2013, the following subparagraphs shall apply to a participating utility other than a combination utility:

(A) if the Commission has initiated a proceeding pursuant to subsection (e) of Section 16-108.6 of this Act that is pending as of the effective date of this amendatory Act of the 98th General Assembly, then the order entered in such proceeding shall, after notice and hearing, accelerate the commencement of the meter deployment schedule approved in the final Commission order on rehearing entered in Docket No. 12-0298;

(B) if the Commission has entered an order pursuant to subsection (e) of Section 16-108.6 of this Act prior to the effective date of this amendatory Act of the 98th General Assembly that does not accelerate the commencement of the meter deployment schedule approved in the final Commission order on rehearing entered in Docket No. 12-0298, then the utility shall file with the Commission, within 45 days after such effective date, a plan for accelerating the commencement of the utility's meter deployment schedule approved in the final Commission order on rehearing entered in Docket No. 12-0298; the Commission shall reopen the proceeding in which it entered its order pursuant to subsection (e) of Section 16-108.6 of this Act and shall, after notice and hearing, enter an amendatory order that approves or approves as modified such accelerated plan within 90 days after the utility's filing; or

Any schedule for meter deployment approved by the Commission pursuant to subparagraphs (1) or (2) of this subsection (l) shall take into consideration procurement times for meters and other equipment and operational issues. Nothing in this amendatory Act of the 98th General Assembly shall shorten or extend the end dates for the 5-year or 10-year periods set forth in subsection (b) of this Section or Section 16-108.6 of this Act. Nothing in this subsection is intended to address whether a participating utility has, or has not, satisfied any or all of the metrics and performance goals established pursuant to subsection (f) of this Section.

The Attorney General shall defend all such actions unless he or she determines either that there would be a conflict of interest in such representation or that the actions complained of were not in good faith or were wilful and wanton.

Should the Attorney General decline representation, the member shall have the right to employ counsel of his or her choice, whose fees shall be provided by the State, after approval by the Attorney General, unless there is a determination by a court that the member's actions were not in good faith or were wilful and wanton.

The review by the Disciplinary Board shall be in a timely manner but in no event, shall the Disciplinary Board's initial review of the material contained in each disciplinary file be less than 61 days nor more than 180 days after the receipt of the initial report by the Disciplinary Board.

When the Disciplinary Board makes its initial review of the materials contained within its disciplinary files, the Disciplinary Board shall, in writing, make a determination as to whether there are sufficient facts to warrant further investigation or action. Failure to make such determination within the time provided shall be deemed to be a determination that there are not sufficient facts to warrant further investigation or action.

Should the Disciplinary Board find that there are not sufficient facts to warrant further investigation, or action, the report shall be accepted for filing and the matter shall be deemed closed and so reported to the Secretary. The Secretary shall then have 30 days to accept the Disciplinary Board's decision or request further investigation. The Secretary shall inform the Board of the decision to request further investigation, including the specific reasons for the decision. The individual or entity filing the original report or complaint and the person who is the subject of the report or complaint shall be notified in writing by the Secretary of any final action on their report or complaint. The Department shall disclose to the individual or entity who filed the original report or complaint, on request, the status of the Disciplinary Board's review of a specific report or complaint. Such request may be made at any time, including prior to the Disciplinary Board's determination as to whether there are sufficient facts to warrant further investigation or action.

(F) Summary reports. The Disciplinary Board shall prepare, on a timely basis, but in no event less than once every other month, a summary report of final disciplinary actions taken upon disciplinary files maintained by the Disciplinary Board. The summary reports shall be made available to the public upon request and payment of the fees set by the Department. This publication may be made available to the public on the Department's website. Information or documentation relating to any disciplinary file that

is closed without disciplinary action taken shall not be disclosed and shall be afforded the same status as is provided by Part 21 of Article VIII of the Code of Civil Procedure.

(G) Any violation of this Section shall be a Class A misdemeanor.

(H) If any such person violates the provisions of this Section an action may be brought in the name of the People of the State of Illinois, through the Attorney General of the State of Illinois, for an order enjoining such violation or for an order enforcing compliance with this Section. Upon filing of a verified petition in such court, the court may issue a temporary restraining order without notice or bond and may preliminarily or permanently enjoin such violation, and if it is established that such person has violated or is violating the injunction, the court may punish the offender for contempt of court. Proceedings under this paragraph shall be in addition to, and not in lieu of, all other remedies and penalties provided for by this Section.

Nothing contained in this Section shall be construed to in any way waive or modify the confidentiality of medical reports and committee reports to the extent provided by law. Any information reported or disclosed shall be kept for the confidential use of the Board, the Board's attorneys, the investigative staff, and authorized clerical staff and shall be afforded the same status as is provided information concerning medical studies in Part 21 of Article VIII of the Code of Civil Procedure.

(c) Immunity from Prosecution. An individual or organization acting in good faith, and not in a wilful and wanton manner, in complying with this Section by providing a report or other information to the Board, by assisting in the investigation or preparation of a report or information, by participating in proceedings of the Board, or by serving as a member of the Board shall not, as a result of such actions, be subject to criminal prosecution or civil damages.

(d) Indemnification. Members of the Board, the Board's attorneys, the investigative staff, advanced practice nurses or physicians retained under contract to assist and advise in the investigation, and authorized clerical staff shall be indemnified by the State for any actions (i) occurring within the scope of services on the Board, (ii) performed in good faith, and (iii) not wilful and wanton in nature. The Attorney General shall defend all actions taken against those persons unless he or she determines either that there would be a conflict of interest in the representation or that the actions complained of were not performed in good faith or were wilful and wanton in nature. If the Attorney General declines representation, the member shall have the right to employ counsel of his or her choice, whose fees shall be provided by the State, after approval by the Attorney General, unless there is a determination by a court that the member's actions were not performed in good faith or were wilful and wanton in nature. The member shall notify the Attorney General within 7 days of receipt of notice of the initiation of an action involving services of the Board. Failure to so notify the Attorney General shall constitute an absolute waiver of the right to a defense and indemnification. The Attorney General shall determine within 7 days after receiving the notice whether he or she will undertake to represent the member.

(e) Deliberations of Board. Upon the receipt of a report called for by this Section, other than those reports of impaired persons licensed under this Article required pursuant to the rules of the Board, the Board shall notify in writing by certified mail the person who is the subject of the report. The person who is the subject of the report shall submit a written statement responding to, clarifying, adding to, or proposing to amend the report previously filed. The statement shall become a permanent part of the file and shall be received by the Board no more than 30 days after the date on which the person was notified of the existence of the original report. The Board shall review all reports received by it and any supporting information and responding statements submitted by persons who are the subject of reports. The review by the Board shall be in a timely manner but in no event shall the Board's initial review of the material contained in each disciplinary file be less than 61 days nor more than 180 days after the receipt of the initial report by the Board. When the Board makes its initial review of the materials contained within its disciplinary files, the Board shall, in writing, make a determination as to whether there are sufficient facts to warrant further investigation or action. Failure to make that determination within the time provided shall be deemed to be a determination that there are not sufficient facts to warrant further investigation or action. Should the Board find that there are not sufficient facts to warrant further investigation or action, the report shall be accepted for filing and the matter shall be deemed closed and so reported. The individual or entity filing the original report or complaint and the person who is the subject of the report or complaint shall be notified in writing by the Board of any final action on their report or complaint.

(f) Summary Reports. The Board shall prepare, on a timely basis, but in no event less than one every other month, a summary report of final actions taken upon disciplinary files maintained by the Board. The summary reports shall be made available to the public upon request and payment of the fees set by the Department. This publication may be made available to the public on the Department's Internet website.

Proceedings under this subsection shall be in addition to, and not in lieu of, all other remedies and penalties provided for by this Section.

Section 595. The Nursing Home Administrators Licensing and Disciplinary Act is amended by changing Section 17.1 as follows:

(225 ILCS 70/17.1)
(Section scheduled to be repealed on January 1, 2018)
Sec. 17.1. Reports of violations of Act or other conduct.
(a) The owner or licensee of a long term care facility licensed under the Nursing Home Care Act who employs or contracts with a licensee under this Act shall report to the Department any instance of which he or she has knowledge arising in connection with operations of the health care institution, including the administration of any law by the institution, in which a licensee under this Act has either committed an act or acts which may constitute a violation of this Act or unprofessional conduct related directly to patient care, or which may indicate that the licensee may have a mental or physical disability that may be mentally or physically disabled in such a manner as to endanger patients under that licensee's care. Additionally, every nursing home shall report to the Department any instance when a licensee is terminated for cause which would constitute a violation of this Act. The Department may take disciplinary or non-disciplinary action if the termination is based upon unprofessional conduct related to planning, organizing, directing, or supervising the operation of a nursing home as defined by this Act or other conduct by the licensee that would be a violation of this Act or rules.

For the purposes of this subsection, "owner" does not mean the owner of the real estate or physical plant who does not hold management or operational control of the licensed long term care facility.

(b) Any insurance company that offers policies of professional liability insurance to licensees, or any other entity that seeks to indemnify the professional liability of a licensee, shall report the settlement of any claim or adverse final judgment rendered in any action that alleged negligence in planning, organizing, directing, or supervising the operation of a nursing home by the licensee.

New matter indicated by italics - deletions by strikeout
(c) The State's Attorney of each county shall report to the Department each instance in which a licensee is convicted of or enters a plea of guilty or nolo contendere to any crime that is a felony, or of which an essential element is dishonesty, or that is directly related to the practice of the profession of nursing home administration.

(d) Any agency, board, commission, department, or other instrumentality of the government of the State of Illinois shall report to the Department any instance arising in connection with the operations of the agency, including the administration of any law by the agency, in which a licensee under this Act has either committed an act or acts which may constitute a violation of this Act or unprofessional conduct related directly to planning, organizing, directing or supervising the operation of a nursing home, or which may indicate that a licensee may have a mental or physical disability that may be mentally or physically disabled in such a manner as to endanger others.

(e) All reports required by items (19), (20), and (21) of subsection (a) of Section 17 and by this Section 17.1 shall be submitted to the Department in a timely fashion. The reports shall be filed in writing within 60 days after a determination that a report is required under this Section. All reports shall contain the following information:

1. The name, address, and telephone number of the person making the report.
2. The name, address, and telephone number of the person who is the subject of the report.
3. The name and date of birth of any person or persons whose treatment is a subject of the report, or other means of identification if that information is not available, and identification of the nursing home facility where the care at issue in the report was rendered.
4. A brief description of the facts which gave rise to the issuance of the report, including the dates of any occurrences deemed to necessitate the filing of the report.
5. If court action is involved, the identity of the court in which the action is filed, along with the docket number and the date the action was filed.
6. Any further pertinent information that the reporting party deems to be an aid in evaluating the report.

If the Department receives a written report concerning an incident required to be reported under item (19), (20), or (21) of subsection (a) of
Section 17, then the licensee's failure to report the incident to the Department within 60 days may not be the sole ground for any disciplinary action against the licensee.

(f) Any individual or organization acting in good faith, and not in a wilful and wanton manner, in complying with this Section by providing any report or other information to the Department, by assisting in the investigation or preparation of such information, by voluntarily reporting to the Department information regarding alleged errors or negligence by a licensee, or by participating in proceedings of the Department, shall not, as a result of such actions, be subject to criminal prosecution or civil damages.

(g) Upon the receipt of any report required by this Section, the Department shall notify in writing, by certified mail, the person who is the subject of the report. The notification shall be made within 30 days after the Department's receipt of the report.

The notification shall include a written notice setting forth the person's right to examine the report. The notification shall also include the address at which the file is maintained, the name of the custodian of the file, and the telephone number at which the custodian may be reached. The person who is the subject of the report shall submit a written statement responding, clarifying, adding to, or proposing the amending of the report previously filed. The statement shall become a permanent part of the file and must be received by the Department no more than 30 days after the date on which the person was notified by the Department of the existence of the original report.

The Department shall review a report received by it, together with any supporting information and responding statements submitted by the person who is the subject of the report. The review by the Department shall be in a timely manner, but in no event shall the Department's initial review of the material contained in each disciplinary file last less than 61 days nor more than 180 days after the receipt of the initial report by the Department.

When the Department makes its initial review of the materials contained within its disciplinary files, the Department shall, in writing, make a determination as to whether there are sufficient facts to warrant further investigation or action. Failure to make such a determination within the time provided shall be deemed to be a determination that there are not sufficient facts to warrant further investigation or action. The

Department shall notify the person who is the subject of the report of any final action on the report.

(h) A violation of this Section is a Class A misdemeanor.

(i) If any person or entity violates this Section, then an action may be brought in the name of the People of the State of Illinois, through the Attorney General of the State of Illinois, for an order enjoining the violation or for an order enforcing compliance with this Section. Upon filing of a verified petition in the court, the court may issue a temporary restraining order without notice or bond and may preliminarily or permanently enjoin the violation. If it is established that the person or entity has violated or is violating the injunction, the court may punish the offender for contempt of court. Proceedings under this subsection (i) shall be in addition to, and not in lieu of, all other remedies and penalties provided for by this Section.

Section 620. The Solicitation for Charity Act is amended by changing Sections 1 and 11 as follows:

Sec. 1. The following words and phrases as used in this Act shall have the following meanings unless a different meaning is required by the context.

(a) "Charitable organization" means any benevolent, philanthropic, patriotic, or eleemosynary person or one purporting to be such which solicits and collects funds for charitable purposes and includes each local, county, or area division within this State of such charitable organization, provided such local, county or area division has authority and discretion to disburse funds or property otherwise than by transfer to any parent organization.

Reference to the dollar amount of "contributions" in this Act means in the case of promises to pay, or payments for merchandise or rights of any other description, the value of the total amount promised to be paid or paid for such merchandise or rights and not merely that portion of the purchase price to be applied to a charitable purpose. Contribution shall not include the proceeds from the sale of admission tickets by any not-for-profit music or dramatic arts organization which establishes, by such proof as the Attorney General may require, that it has received an exemption under Section 501(c)(3) of the Internal Revenue Code and which is organized and operated for the presentation of live public performances of musical or theatrical works on a regular basis. For purposes of this subsection, union member dues and donated services shall not be deemed contributions.

(d) "Professional fund raiser" means any person who for compensation or other consideration, conducts, manages, or carries on any solicitation or fund raising drive or campaign in this State or from this State or on behalf of a charitable organization residing within this State for the purpose of soliciting, receiving, or collecting contributions for or on behalf of any charitable organization or any other person, or who engages in the business of, or holds himself out to persons in this State as independently engaged in the business of soliciting, receiving, or collecting contributions for such purposes. A bona fide director, officer, employee or unpaid volunteer of a charitable organization shall not be deemed a professional fund raiser unless the person is in a management position and the majority of the individual's salary or other compensation is computed on a percentage basis of funds to be raised, or actually raised.

(e) "Professional fund raising consultant" means any person who is retained by a charitable organization or trustee for a fixed fee or rate that is not computed on a percentage of funds to be raised, or actually raised, under a written agreement, to only plan, advise, consult, or prepare materials for a solicitation of contributions in this State, but who does not manage, conduct or carry on a fundraising campaign and who does not solicit contributions or employ, procure, or engage any compensated person to solicit contributions and who does not at any time have custody or control of contributions. A volunteer, employee or salaried officer of a charitable organization or trustee maintaining a permanent establishment or office in this State is not a professional fundraising consultant. An attorney, investment counselor, or banker who advises an individual, corporation or association to make a charitable contribution is not a professional fundraising consultant as a result of the advice.

(f) "Charitable purpose" means any charitable, benevolent, philanthropic, patriotic, or eleemosynary purpose.

(g) "Charitable Trust" means any relationship whereby property is held by a person for a charitable purpose.

(h) "Education Program Service" means any activity which provides information to the public of a nature that is not commonly known or facts which are not universally regarded as obvious or as established by common understanding and which informs the public of what it can or should do about a particular issue.

(i) "Primary Program Service" means the program service upon which an organization spends more than 50% of its program service funds
or the program activity which represents the largest expenditure of funds in the fiscal period.

(j) "Professional solicitor" means any natural person who is employed or retained for compensation by a professional fund raiser to solicit, receive, or collect contributions for charitable purposes from persons in this State or from this State or on behalf of a charitable organization residing within this State.

(k) "Program Service Activity" means the actual charitable program activities of a charitable organization for which it expends its resources.

(l) "Program Service Expense" means the expenses of charitable program activity and not management expenses or fund raising expenses. In determining Program Service Expense, management and fund raising expenses may not be included.

(m) "Public Safety Personnel Organization" means any person who uses any of the words "officer", "police", "policeman", "policemen", "troopers", "sheriff", "law enforcement", "fireman", "firemen", "paramedic", or similar words in its name or in conjunction with solicitations, or in the title or name of a magazine, newspaper, periodical, advertisement book, or any other medium of electronic or print publication, and is not a governmental entity. No organization may be a Public Safety Personnel Organization unless 80% or more of its voting members or trustees are active or retired police officers, police officers with disabilities, retired police officers, peace officers, firemen, fire fighters, emergency medical technicians - ambulance, emergency medical technicians - intermediate, emergency medical technicians - paramedic, ambulance drivers, or other medical assistance or first aid personnel.

(m-5) "Public Safety Personnel" includes police officers, peace officers, firemen, fire fighters, emergency medical technicians - ambulance, emergency medical technicians - intermediate, emergency medical technicians - paramedic, ambulance drivers, and other medical assistance or first aid personnel.

For purposes of eligibility for aid under this Article, the Department shall (a) disregard all earned income between the grant amount and 50% of the Federal Poverty Level and (b) disregard the value of all assets held by the family.

In considering income to be taken into account, consideration shall be given to any expenses reasonably attributable to the earning of such income. Three-fourths of the earned income of a household eligible for aid under this Article shall be disregarded when determining the level of assistance for which a household is eligible. The Illinois Department may also permit all or any portion of earned or other income to be set aside for the future identifiable needs of a child. The eligibility of any applicant for or recipient of public aid under this Article is not affected by the payment of any grant under the "Senior Citizens and Persons with Disabilities Disabled Persons Property Tax Relief Act" or any distributions or items of income described under subparagraph (X) of paragraph (2) of subsection (a) of Section 203 of the Illinois Income Tax Act.

The Illinois Department may, by rule, set forth criteria under which an assistance unit is ineligible for cash assistance under this Article for a specified number of months due to the receipt of a lump sum payment.

Sec. 4-2. Amount of aid.

(a) The amount and nature of financial aid shall be determined in accordance with the grant amounts, rules and regulations of the Illinois Department. Due regard shall be given to the self-sufficiency requirements of the family and to the income, money contributions and other support and resources available, from whatever source. However, the amount and nature of any financial aid is not affected by the payment of any grant under the "Senior Citizens and Persons with Disabilities Disabled Persons Property Tax Relief Act" or any distributions or items of income described under subparagraph (X) of paragraph (2) of subsection (a) of Section 203 of the Illinois Income Tax Act. The aid shall be sufficient, when added to all other income, money contributions and support to provide the family with a grant in the amount established by Department regulation.

Subject to appropriation, beginning on July 1, 2008, the Department of Human Services shall increase TANF grant amounts in effect on June 30, 2008 by 15%. The Department is authorized to administer this increase but may not otherwise adopt any rule to implement this increase.

(b) The Illinois Department may conduct special projects, which may be known as Grant Diversion Projects, under which recipients of financial aid under this Article are placed in jobs and their grants are diverted to the employer who in turn makes payments to the recipients in the form of salary or other employment benefits. The Illinois Department shall by rule specify the terms and conditions of such Grant Diversion Projects. Such projects shall take into consideration and be coordinated with the programs administered under the Illinois Emergency Employment Development Act.
(c) The amount and nature of the financial aid for a child requiring care outside his own home shall be determined in accordance with the rules and regulations of the Illinois Department, with due regard to the needs and requirements of the child in the foster home or institution in which he has been placed.

(d) If the Department establishes grants for family units consisting exclusively of a pregnant woman with no dependent child or including her husband if living with her, the grant amount for such a unit shall be equal to the grant amount for an assistance unit consisting of one adult, or 2 persons if the husband is included. Other than as herein described, an unborn child shall not be counted in determining the size of an assistance unit or for calculating grants.

Payments for basic maintenance requirements of a child or children and the relative with whom the child or children are living shall be prescribed, by rule, by the Illinois Department.

Grants under this Article shall not be supplemented by General Assistance provided under Article VI.

(e) Grants shall be paid to the parent or other person with whom the child or children are living, except for such amount as is paid in behalf of the child or his parent or other relative to other persons or agencies pursuant to this Code or the rules and regulations of the Illinois Department.

(f) Subject to subsection (f-5), an assistance unit, receiving financial aid under this Article or temporarily ineligible to receive aid under this Article under a penalty imposed by the Illinois Department for failure to comply with the eligibility requirements or that voluntarily requests termination of financial assistance under this Article and becomes subsequently eligible for assistance within 9 months, shall not receive any increase in the amount of aid solely on account of the birth of a child; except that an increase is not prohibited when the birth is (i) of a child of a pregnant woman who became eligible for aid under this Article during the pregnancy, or (ii) of a child born within 10 months after the date of implementation of this subsection, or (iii) of a child conceived after a family became ineligible for assistance due to income or marriage and at least 3 months of ineligibility expired before any reapplication for assistance. This subsection does not, however, prevent a unit from receiving a general increase in the amount of aid that is provided to all recipients of aid under this Article.

New matter indicated by italics - deletions by strikeout
The Illinois Department is authorized to transfer funds, and shall use any budgetary savings attributable to not increasing the grants due to the births of additional children, to supplement existing funding for employment and training services for recipients of aid under this Article IV. The Illinois Department shall target, to the extent the supplemental funding allows, employment and training services to the families who do not receive a grant increase after the birth of a child. In addition, the Illinois Department shall provide, to the extent the supplemental funding allows, such families with up to 24 months of transitional child care pursuant to Illinois Department rules. All remaining supplemental funds shall be used for employment and training services or transitional child care support.

In making the transfers authorized by this subsection, the Illinois Department shall first determine, pursuant to regulations adopted by the Illinois Department for this purpose, the amount of savings attributable to not increasing the grants due to the births of additional children. Transfers may be made from General Revenue Fund appropriations for distributive purposes authorized by Article IV of this Code only to General Revenue Fund appropriations for employability development services including operating and administrative costs and related distributive purposes under Article IXA of this Code. The Director, with the approval of the Governor, shall certify the amount and affected line item appropriations to the State Comptroller.

Nothing in this subsection shall be construed to prohibit the Illinois Department from using funds under this Article IV to provide assistance in the form of vouchers that may be used to pay for goods and services deemed by the Illinois Department, by rule, as suitable for the care of the child such as diapers, clothing, school supplies, and cribs.

(f-5) Subsection (f) shall not apply to affect the monthly assistance amount of any family as a result of the birth of a child on or after January 1, 2004. As resources permit after January 1, 2004, the Department may cease applying subsection (f) to limit assistance to families receiving assistance under this Article on January 1, 2004, with respect to children born prior to that date. In any event, subsection (f) shall be completely inoperative on and after July 1, 2007.

Department determines that the caseload upon which the appropriations for the current fiscal year are based have increased by more than 5% and the appropriation is not sufficient to ensure that cash benefits under this Article do not exceed the amounts appropriated for those cash benefits. Reductions in payment levels may be accomplished by emergency rule under Section 5-45 of the Illinois Administrative Procedure Act, except that the limitation on the number of emergency rules that may be adopted in a 24-month period shall not apply and the provisions of Sections 5-115 and 5-125 of the Illinois Administrative Procedure Act shall not apply. Increases in payment levels shall be accomplished only in accordance with Section 5-40 of the Illinois Administrative Procedure Act. Before any rule to increase payment levels promulgated under this Section shall become effective, a joint resolution approving the rule must be adopted by a roll call vote by a majority of the members elected to each chamber of the General Assembly.

17. Persons who, pursuant to a waiver approved by the Secretary of the U.S. Department of Health and Human Services, are eligible for medical assistance under Title XIX or XXI of the federal Social Security Act. Notwithstanding any other provision of this Code and consistent with the terms of the approved waiver, the Illinois Department, may by rule:

(a) Limit the geographic areas in which the waiver program operates.

(b) Determine the scope, quantity, duration, and quality, and the rate and method of reimbursement, of the medical services to be provided, which may differ from those for other classes of persons eligible for assistance under this Article.

(c) Restrict the persons' freedom in choice of providers.

18. Beginning January 1, 2014, persons aged 19 or older, but younger than 65, who are not otherwise eligible for medical assistance under this Section 5-2, who qualify for medical assistance pursuant to 42 U.S.C. 1396a(a)(10)(A)(i)(VIII) and applicable federal regulations, and who have income at or below 133% of the federal poverty level plus 5% for the applicable family size as determined pursuant to 42 U.S.C. 1396a(e)(14) and applicable federal regulations. Persons eligible for medical assistance under this paragraph 18 shall receive coverage for the Health Benefits Service Package as that term is defined in subsection (m) of Section 5-1.1 of this Code. If Illinois' federal medical assistance percentage (FMAP) is reduced below 90% for persons eligible for medical assistance under this paragraph 18, eligibility under this paragraph 18 shall cease no later than the end of the third month following the month in which the reduction in FMAP takes effect.

19. Beginning January 1, 2014, as required under 42 U.S.C. 1396a(a)(10)(A)(i)(IX), persons older than age 18 and younger than age 26 who are not otherwise eligible for medical assistance under paragraphs (1) through (17) of this Section who (i) were in foster care under the responsibility of the State on the date of attaining age 18 or on the date of attaining age 21 when a court has continued wardship for good cause as provided in Section 2-31 of the Juvenile Court Act of 1987 and (ii) received medical assistance
under the Illinois Title XIX State Plan or waiver of such plan while in foster care.

In implementing the provisions of Public Act 96-20, the Department is authorized to adopt only those rules necessary, including emergency rules. Nothing in Public Act 96-20 permits the Department to adopt rules or issue a decision that expands eligibility for the FamilyCare Program to a person whose income exceeds 185% of the Federal Poverty Level as determined from time to time by the U.S. Department of Health and Human Services, unless the Department is provided with express statutory authority.

The eligibility of any such person for medical assistance under this Article is not affected by the payment of any grant under the Senior Citizens and Persons with Disabilities Property Tax Relief Act or any distributions or items of income described under subparagraph (X) of paragraph (2) of subsection (a) of Section 203 of the Illinois Income Tax Act.

The Department shall by rule establish the amounts of assets to be disregarded in determining eligibility for medical assistance, which shall at a minimum equal the amounts to be disregarded under the Federal Supplemental Security Income Program. The amount of assets of a single person to be disregarded shall not be less than $2,000, and the amount of assets of a married couple to be disregarded shall not be less than $3,000.

To the extent permitted under federal law, any person found guilty of a second violation of Article VIIIA shall be ineligible for medical assistance under this Article, as provided in Section 8A-8.

The eligibility of any person for medical assistance under this Article shall not be affected by the receipt by the person of donations or benefits from fundraisers held for the person in cases of serious illness, as long as neither the person nor members of the person's family have actual control over the donations or benefits or the disbursement of the donations or benefits.

Notwithstanding any other provision of this Code, if the United States Supreme Court holds Title II, Subtitle A, Section 2001(a) of Public Law 111-148 to be unconstitutional, or if a holding of Public Law 111-148 makes Medicaid eligibility allowed under Section 2001(a) inoperable, the State or a unit of local government shall be prohibited from enrolling individuals in the Medical Assistance Program as the result of federal approval of a State Medicaid waiver on or after the effective date of this amendatory Act of the 97th General Assembly, and any individuals

enrolled in the Medical Assistance Program pursuant to eligibility permitted as a result of such a State Medicaid waiver shall become immediately ineligible.

Notwithstanding any other provision of this Code, if an Act of Congress that becomes a Public Law eliminates Section 2001(a) of Public Law 111-148, the State or a unit of local government shall be prohibited from enrolling individuals in the Medical Assistance Program as the result of federal approval of a State Medicaid waiver on or after the effective date of this amendatory Act of the 97th General Assembly, and any individuals enrolled in the Medical Assistance Program pursuant to eligibility permitted as a result of such a State Medicaid waiver shall become immediately ineligible.

Effective October 1, 2013, the determination of eligibility of persons who qualify under paragraphs 5, 6, 8, 15, 17, and 18 of this Section shall comply with the requirements of 42 U.S.C. 1396a(e)(14) and applicable federal regulations.

The Department of Healthcare and Family Services, the Department of Human Services, and the Illinois health insurance marketplace shall work cooperatively to assist persons who would otherwise lose health benefits as a result of changes made under this amendatory Act of the 98th General Assembly to transition to other health insurance coverage.

Sec. 5-4. Amount and nature of medical assistance.

(a) The amount and nature of medical assistance shall be determined in accordance with the standards, rules, and regulations of the Department of Healthcare and Family Services, with due regard to the requirements and conditions in each case, including contributions available from legally responsible relatives. However, the amount and nature of such medical assistance shall not be affected by the payment of any grant under the Senior Citizens and Persons with Disabilities Property Tax Relief Act or any distributions or items of income described under subparagraph (X) of paragraph (2) of subsection (a) of Section 203 of the Illinois Income Tax Act. person nor members of the person's family have actual control over the donations or benefits or the disbursement of the donations or benefits.

In determining the income and resources available to the institutionalized spouse and to the community spouse, the Department of Healthcare and Family Services shall follow the procedures established by federal law. If an institutionalized spouse or community spouse refuses to comply with the requirements of Title XIX of the federal Social Security Act and the regulations duly promulgated thereunder by failing to provide the total value of assets, including income and resources, to the extent either the institutionalized spouse or community spouse has an ownership interest in them pursuant to 42 U.S.C. 1396r-5, such refusal may result in the institutionalized spouse being denied eligibility and continuing to remain ineligible for the medical assistance program based on failure to cooperate.

Subject to federal approval, the community spouse resource allowance shall be established and maintained at the higher of $109,560 or the minimum level permitted pursuant to Section 1924(f)(2) of the Social Security Act, as now or hereafter amended, or an amount set after a fair hearing, whichever is greater. The monthly maintenance allowance for the community spouse shall be established and maintained at the higher of $2,739 per month or the minimum level permitted pursuant to Section 1924(d)(3) of the Social Security Act, as now or hereafter amended, or an amount set after a fair hearing, whichever is greater. Subject to the approval of the Secretary of the United States Department of Health and Human Services, the provisions of this Section shall be extended to persons who but for the provision of home or community-based services under Section 4.02 of the Illinois Act on the Aging, would require the level of care provided in an institution, as is provided for in federal law.

(b) Spousal support for institutionalized spouses receiving medical assistance.

   (i) The Department may seek support for an institutionalized spouse, who has assigned his or her right of support from his or her spouse to the State, from the resources and income available to the community spouse.

   (ii) The Department may bring an action in the circuit court to establish support orders or itself establish administrative support orders by any means and procedures authorized in this Code, as applicable, except that the standard and regulations for determining

New matter indicated by italics - deletions by strikeout
ability to support in Section 10-3 shall not limit the amount of support that may be ordered.

(iii) Proceedings may be initiated to obtain support, or for the recovery of aid granted during the period such support was not provided, or both, for the obtainment of support and the recovery of the aid provided. Proceedings for the recovery of aid may be taken separately or they may be consolidated with actions to obtain support. Such proceedings may be brought in the name of the person or persons requiring support or may be brought in the name of the Department, as the case requires.

(iv) The orders for the payment of moneys for the support of the person shall be just and equitable and may direct payment thereof for such period or periods of time as the circumstances require, including support for a period before the date the order for support is entered. In no event shall the orders reduce the community spouse resource allowance below the level established in subsection (a) of this Section or an amount set after a fair hearing, whichever is greater, or reduce the monthly maintenance allowance for the community spouse below the level permitted pursuant to subsection (a) of this Section.

Sec. 5-5.4f. Intermediate care facilities for persons with developmental disabilities.

(a) Legislative intent. Individuals with developmental disabilities who live in community-based settings rely on direct support staff for a variety of supports and services essential to the ability to reach their full potential. A stable, well-trained direct support workforce is critical to the well-being of these individuals. State and national studies have documented high rates of turnover among direct support workers and confirmed that improvements in wages can help reduce turnover and develop a more stable and committed workforce. This Section would increase the wages and benefits for direct care workers supporting individuals with developmental disabilities and provide accountability by ensuring that additional resources go directly to these workers.

(b) Reimbursement. Notwithstanding any provision of Section 5-5.4, in order to attract and retain a stable, qualified, and healthy workforce, beginning July 1, 2010, the Department of Healthcare and Family Services...
may reimburse an individual intermediate care facility for persons with developmental disabilities for spending incurred to provide improved wages and benefits to its employees serving the individuals residing in the facility. Reimbursement shall be based upon patient days reported in the facility's most recent cost report. Subject to available appropriations, this reimbursement shall be made according to the following criteria:

(1) The Department shall reimburse the facility to compensate for spending on improved wages and benefits for its eligible employees. Eligible employees include employees engaged in direct care work.

(2) In order to qualify for reimbursement under this Section, a facility must submit to the Department, before January 1 of each year, documentation of a written, legally binding commitment to increase spending for the purpose of providing improved wages and benefits to its eligible employees during the next year. The commitment must be binding as to both existing and future staff. The commitment must include a method of enforcing the commitment that is available to the employees or their representative and is expeditious, uses a neutral decision-maker, and is economical for the employees. The Department must also receive documentation of the facility's provision of written notice of the commitment and the availability of the enforcement mechanism to the employees or their representative.

(3) Reimbursement shall be based on the amount of increased spending to be incurred by the facility for improving wages and benefits that exceeds the spending reported in the cost report currently used by the Department. Reimbursement shall be calculated as follows: the per diem equivalent of the quarterly difference between the cost to provide improved wages and benefits for covered eligible employees as identified in the legally binding commitment and the previous period cost of wages and benefits as reported in the cost report currently used by the Department, subject to the limitations identified in paragraph (2) of this subsection. In no event shall the per diem increase be in excess of $5.00 for any 12 month period for an intermediate care facility for persons with developmental disabilities with more than 16 beds, or in excess of $6.00 for any 12 month period for an intermediate care facility for persons with developmental disabilities.
developmental disabilities with 16 beds or less.

(4) Any intermediate care facility for persons with developmental disabilities is eligible to receive reimbursement under this Section. A facility's eligibility to receive reimbursement shall continue as long as the facility maintains eligibility under paragraph (2) of this subsection and the reimbursement program continues to exist.

(c) Audit. Reimbursement under this Section is subject to audit by the Department and shall be reduced or eliminated in the case of any facility that does not honor its commitment to increase spending to improve the wages and benefits of its employees or that decreases such spending.

Sec. 5-5.17. Separate reimbursement rate. The Illinois Department may by rule establish a separate reimbursement rate to be paid to long term care facilities for adult developmental training services as defined in Section 15.2 of the Mental Health and Developmental Disabilities Administrative Act which are provided to intellectually disabled residents of such facilities who have intellectual disabilities and who receive aid under this Article. Any such reimbursement shall be based upon cost reports submitted by the providers of such services and shall be paid by the long term care facility to the provider within such time as the Illinois Department shall prescribe by rule, but in no case less than 3 business days after receipt of the reimbursement by such facility from the Illinois Department. The Illinois Department may impose a penalty upon a facility which does not make payment to the provider of adult developmental training services within the time so prescribed, up to the amount of payment not made to the provider.

On and after July 1, 2012, the Department shall reduce any rate of reimbursement for services or other payments or alter any methodologies authorized by this Code to reduce any rate of reimbursement for services or other payments in accordance with Section 5-5e.

Sec. 5-13. Claim against estate of recipients. To the extent permitted under the federal Social Security Act, the amount expended under this Article (1) for a person of any age who is an inpatient in a nursing facility, an intermediate care facility for persons with intellectual disabilities the intellectually disabled, or other medical institution, or (2) for a person aged 55 or more, shall be a claim against the person's estate or a claim against the estate of the person's spouse, regardless of the order of death, but no recovery may be had thereon until after the death of the surviving spouse, if any, and then only at such time when there is no surviving child who is under age 21, or blind, or is a child with a permanent total disability permanently and totally disabled. This Section, however, shall not bar recovery at the death of the person of amounts of medical assistance paid to or in his behalf to which he was not entitled; provided that such recovery shall not be enforced against any real estate while it is occupied as a homestead by the surviving spouse or other dependent, if no claims by other creditors have been filed against the estate, or if such claims have been filed, they remain dormant for failure of prosecution or failure of the claimant to compel administration of the estate for the purpose of payment. The term "estate", as used in this Section, with respect to a deceased person, means all real and personal property and other assets included within the person's estate, as that term is used in the Probate Act of 1975; however, in the case of a deceased person who has received (or is entitled to receive) benefits under a long-term care insurance policy in connection with which assets or resources are disregarded to the extent that payments are made or because the deceased

person received (or was entitled to receive) benefits under a long-term care insurance policy, "estate" also includes any other real and personal property and other assets in which the deceased person had any legal title or interest at the time of his or her death (to the extent of that interest), including assets conveyed to a survivor, heir, or assignee of the deceased person through joint tenancy, tenancy in common, survivorship, life estate, living trust, or other arrangement. The term "homestead", as used in this Section, means the dwelling house and contiguous real estate occupied by a surviving spouse or relative, as defined by the rules and regulations of the Illinois Department, regardless of the value of the property.

A claim arising under this Section against assets conveyed to a survivor, heir, or assignee of the deceased person through joint tenancy, tenancy in common, survivorship, life estate, living trust, or other arrangement is not effective until the claim is recorded or filed in the manner provided for a notice of lien in Section 3-10.2. The claim is subject to the same requirements and conditions to which liens on real property interests are subject under Sections 3-10.1 through 3-10.10. A claim arising under this Section attaches to interests owned or subsequently acquired by the estate of a recipient or the estate of a recipient's surviving spouse. The transfer or conveyance of any real or personal property of the estate as defined in this Section shall be subject to the fraudulent transfer conditions that apply to real property in Section 3-11 of this Code.

The provisions of this Section shall not affect the validity of claims against estates for medical assistance provided prior to January 1, 1966 to aged or blind persons or persons with disabilities, or disabled persons receiving aid under Articles V, VII and VII-A of the 1949 Code. (c) Notwithstanding any other provision in this Article, a person who ceases to conduct, operate, or maintain a care facility for persons with a developmental disability in respect of which the person is subject to assessment under this Article as a care provider for persons with a developmental disability, the assessment for the State fiscal year in which the cessation occurs shall be adjusted by multiplying the assessment computed under Section 5C-2 by a fraction, the numerator of which is the number of months in the year during which the provider conducts, operates, or maintains the care facility for persons with a developmental disability and the denominator of which is 12. (e) Notwithstanding any other provision of this Article, in the case of a care provider for persons with a developmental disability that did not conduct, operate, or maintain a care facility for persons with a developmental disability throughout the prior State fiscal year, the assessment for that State fiscal year shall be computed on the basis of hypothetical adjusted gross developmentally disabled care revenue for the prior year as determined by rules adopted by the Illinois Department (which may be based on annualization of the provider's actual revenues for a portion of the State fiscal year, or revenues of a comparable facility for such year, including revenues realized by a prior provider from the same facility during such year).

(f) In the case of a care provider for persons with a developmental disability existing as a corporation or legal entity other than an individual, the return filed by it shall be signed by its president, vice-president, secretary, or treasurer or by its properly authorized agent.

(g) If a care provider for persons with a developmental disability fails to file its return for a State fiscal year on or before the due date of the return, there shall, unless waived by the Illinois Department for reasonable cause, be added to the assessment imposed by Section 5C-2 for the State fiscal year a penalty assessment equal to 25% of the assessment imposed for the year.

(h) Every care provider for persons with a developmental disability subject to assessment under this Article shall keep records and books that will permit the determination of adjusted gross developmentally disabled care revenue on a State fiscal year basis. Sec. 6-1.2. Need. Income available to the person, when added to contributions in money, substance, or services from other sources, including contributions from legally responsible relatives, must be insufficient to equal the grant amount established by Department regulation (or by local governmental unit in units which do not receive State funds) for such a person.

In determining income to be taken into account:

1. The first $75 of earned income in income assistance units comprised exclusively of one adult person shall be disregarded, and for not more than 3 months in any 12 consecutive months that portion of earned income beyond the first $75 that is the difference between the standard of assistance and the grant amount, shall be disregarded.

2. For income assistance units not comprised exclusively of one adult person, when authorized by rules and regulations of the Illinois Department, a portion of earned income, not to exceed the first $25 a month plus 50% of the next $75, may be disregarded for the purpose of stimulating and aiding rehabilitative effort and self-support activity.

"Earned income" means money earned in self-employment or wages, salary, or commission for personal services performed as an employee. The eligibility of any applicant for or recipient of public aid under this Article is not affected by the payment of any grant under the "Senior Citizens and Persons with Disabilities Disabled Persons Property Tax Relief Act", any refund or payment of the federal Earned Income Tax Credit, or any distributions or items of income described under subparagraph (X) of paragraph (2) of subsection (a) of Section 203 of the Illinois Income Tax Act.

Sec. 6-2. Amount of aid. The amount and nature of General Assistance for basic maintenance requirements shall be determined in accordance with local budget standards for local governmental units which do not receive State funds. For local governmental units which do receive State funds, the amount and nature of General Assistance for basic maintenance requirements shall be determined in accordance with the standards, rules and regulations of the Illinois Department. However, the
amount and nature of any financial aid is not affected by the payment of any grant under the Senior Citizens and Persons with Disabilities Disabled Persons Property Tax Relief Act or any distributions or items of income described under subparagraph (X) of paragraph (2) of subsection (a) of Section 203 of the Illinois Income Tax Act. Due regard shall be given to the requirements and the conditions existing in each case, and to the income, money contributions and other support and resources available, from whatever source. In local governmental units which do not receive State funds, the grant shall be sufficient when added to all other income, money contributions and support in excess of any excluded income or resources, to provide the person with a grant in the amount established for such a person by the local governmental unit based upon standards meeting basic maintenance requirements. In local governmental units which do receive State funds, the grant shall be sufficient when added to all other income, money contributions and support in excess of any excluded income or resources, to provide the person with a grant in the amount established for such a person by Department regulation based upon standards providing a livelihood compatible with health and well-being, as directed by Section 12-4.11 of this Code.

The Illinois Department may conduct special projects, which may be known as Grant Diversion Projects, under which recipients of financial aid under this Article are placed in jobs and their grants are diverted to the employer who in turn makes payments to the recipients in the form of salary or other employment benefits. The Illinois Department shall by rule specify the terms and conditions of such Grant Diversion Projects. Such projects shall take into consideration and be coordinated with the programs administered under the Illinois Emergency Employment Development Act.

The allowances provided under Article IX for recipients participating in the training and rehabilitation programs shall be in addition to such maximum payment.

Payments may also be made to provide persons receiving basic maintenance support with necessary treatment, care and supplies required because of illness or disability or with acute medical treatment, care, and supplies. Payments for necessary or acute medical care under this paragraph may be made to or in behalf of the person. Obligations incurred for such services but not paid for at the time of a recipient's death may be paid, subject to the rules and regulations of the Illinois Department, after the death of the recipient.

Section 645. The Energy Assistance Act is amended by changing Section 6 as follows:

(305 ILCS 20/6) (from Ch. 111 2/3, par. 1406)

Sec. 6. Eligibility, Conditions of Participation, and Energy Assistance.

(a) Any person who is a resident of the State of Illinois and whose household income is not greater than an amount determined annually by the Department, in consultation with the Policy Advisory Council, may apply for assistance pursuant to this Act in accordance with regulations promulgated by the Department. In setting the annual eligibility level, the Department shall consider the amount of available funding and may not set a limit higher than 150% of the federal nonfarm poverty level as established by the federal Office of Management and Budget; except that for the period ending June 30, 2013, the Department may not establish
limits higher than 200% of that poverty level or the maximum level provided for by federal guidelines.

(b) Applicants who qualify for assistance pursuant to subsection (a) of this Section shall, subject to appropriation from the General Assembly and subject to availability of funds to the Department, receive energy assistance as provided by this Act. The Department, upon receipt of monies authorized pursuant to this Act for energy assistance, shall commit funds for each qualified applicant in an amount determined by the Department. In determining the amounts of assistance to be provided to or on behalf of a qualified applicant, the Department shall ensure that the highest amounts of assistance go to households with the greatest energy costs in relation to household income. The Department shall include factors such as energy costs, household size, household income, and region of the State when determining individual household benefits. In setting assistance levels, the Department shall attempt to provide assistance to approximately the same number of households who participated in the 1991 Residential Energy Assistance Partnership Program. Such assistance levels shall be adjusted annually on the basis of funding availability and energy costs. In promulgating rules for the administration of this Section the Department shall assure that a minimum of 1/3 of funds available for benefits to eligible households with the lowest incomes and that elderly households and households with persons with disabilities and disabled households are offered a priority application period.

(c) If the applicant is not a customer of record of an energy provider for energy services or an applicant for such service, such applicant shall receive a direct energy assistance payment in an amount established by the Department for all such applicants under this Act; provided, however, that such an applicant must have rental expenses for housing greater than 30% of household income.

(c-1) This subsection shall apply only in cases where: (1) the applicant is not a customer of record of an energy provider because energy services are provided by the owner of the unit as a portion of the rent; (2) the applicant resides in housing subsidized or developed with funds provided under the Rental Housing Support Program Act or under a similar locally funded rent subsidy program, or is the voucher holder who resides in a rental unit within the State of Illinois and whose monthly rent is subsidized by the tenant-based Housing Choice Voucher Program under Section 8 of the U.S. Housing Act of 1937; and (3) the rental expenses for housing are no more than 30% of household income. In such cases, the
(c) Any qualified applicant pursuant to this Section may receive or have paid on such applicant's behalf an emergency assistance payment to enable such applicant to obtain access to winter energy services. Any such payments shall be made in accordance with regulations of the Department.

(d) The Department may, if sufficient funds are available, provide additional benefits to certain qualified applicants:

(i) for the reduction of past due amounts owed to energy providers; and

(ii) to assist the household in responding to excessively high summer temperatures or energy costs. Households containing elderly members, children, a person with a disability, or a person with a medical need for conditioned air shall receive priority for receipt of such benefits.

Section 650. The Medicaid Revenue Act is amended by changing Section 1-2 as follows:

(305 ILCS 35/1-2) (from Ch. 23, par. 7051-2)

New matter indicated by italics - deletions by strikeout
Sec. 1-2. Legislative finding and declaration. The General Assembly hereby finds, determines, and declares:

(1) It is in the public interest and it is the public policy of this State to provide for and improve the basic medical care and long-term health care services of its indigent, most vulnerable citizens.

(2) Preservation of health, alleviation of sickness, and correction of disabling handicapping conditions for persons requiring maintenance support are essential if those persons are to have an opportunity to become self-supporting or to attain a greater capacity for self-care.

(3) For persons who are medically indigent but otherwise able to provide themselves a livelihood, it is of special importance to maintain their incentives for continued independence and preserve their limited resources for ordinary maintenance needed to prevent their total or substantial dependence on public support.

(4) The State has historically provided for care and services, in conjunction with the federal government, through the establishment and funding of a medical assistance program administered by the Department of Healthcare and Family Services (formerly Department of Public Aid) and approved by the Secretary of Health and Human Services under Title XIX of the federal Social Security Act, that program being commonly referred to as "Medicaid".

(5) The Medicaid program is a funding partnership between the State of Illinois and the federal government, with the Department of Healthcare and Family Services being designated as the single State agency responsible for the administration of the program, but with the State historically receiving 50% of the amounts expended as medical assistance under the Medicaid program from the federal government.

(6) To raise a portion of Illinois' share of the Medicaid funds after July 1, 1991, the General Assembly enacted Public Act 87-13 to provide for the collection of provider participation fees from designated health care providers receiving Medicaid payments.

(7) On September 12, 1991, the Secretary of Health and Human Services proposed regulations that could have reduced the federal matching of Medicaid expenditures incurred on or after

New matter indicated by italics - deletions by strikeout
January 1, 1992 by the portion of the expenditures paid from funds raised through the provider participation fees.

(8) To prevent the Secretary from enacting those regulations but at the same time to impose certain statutory limitations on the means by which states may raise Medicaid funds eligible for federal matching, Congress enacted the Medicaid Voluntary Contribution and Provider-Specific Tax Amendments of 1991, Public Law 102-234.

(9) Public Law 102-234 provides for a state's share of Medicaid funding eligible for federal matching to be raised through "broad-based health care related taxes", meaning, generally, a tax imposed with respect to a class of health care items or services (or providers thereof) specified therein, which (i) is imposed on all items or services or providers in the class in the state, except federal or public providers, and (ii) is imposed uniformly on all providers in the class at the same rate with respect to the same base.

(10) The separate classes of health care items and services established by P.L. 102-234 include inpatient and outpatient hospital services, nursing facility services, and services of intermediate care facilities for persons with intellectual disabilities.

(11) The provider participation fees imposed under P.A. 87-13 may not meet the standards under P.L. 102-234.

(12) The resulting hospital Medicaid reimbursement reductions may force the closure of some hospitals now serving a disproportionately high number of the needy, who would then have to be cared for by remaining hospitals at substantial cost to those remaining hospitals.

(13) The hospitals in the State are all part of and benefit from a hospital system linked together in a number of ways, including common licensing and regulation, health care standards, education, research and disease control reporting, patient transfers for specialist care, and organ donor networks.

(14) Each hospital's patient population demographics, including the proportion of patients whose care is paid by Medicaid, is subject to change over time.

New matter indicated by italics - deletions by strikeout
(15) Hospitals in the State have a special interest in the payment of adequate reimbursement levels for hospital care by Medicaid.

(16) Most hospitals are exempt from payment of most federal, State, and local income, sales, property, and other taxes.

(17) The hospital assessment enacted by this Act under the guidelines of P.L. 102-234 is the most efficient means of raising the federally matchable funds needed for hospital care reimbursement.

(18) Cook County Hospital and Oak Forest Hospital are public hospitals owned and operated by Cook County with unique fiscal problems, including a patient population that is primarily Medicaid or altogether nonpaying, that make an intergovernmental transfer payment arrangement a more appropriate means of financing than the regular hospital assessment and reimbursement provisions.

(19) Sole community hospitals provide access to essential care that would otherwise not be reasonably available in the community they serve, such that imposition of assessments on them in their precarious financial circumstances may force their closure and have the effect of reducing access to health care.

(20) Each nursing home's resident population demographics, including the proportion of residents whose care is paid by Medicaid, is subject to change over time in that, among other things, residents currently able to pay the cost of nursing home care may become dependent on Medicaid support for continued care and services as resources are depleted.

(21) As the citizens of the State age, increased pressures will be placed on limited facilities to provide reasonable levels of care for a greater number of geriatric residents, and all involved in the nursing home industry, providers and residents, have a special interest in the maintenance of adequate Medicaid support for all nursing facilities.

(22) The assessments on nursing homes enacted by this Act under the guidelines of P.L. 102-234 are the most efficient means of raising the federally matchable funds needed for nursing home care reimbursement.

(23) All intermediate care facilities for persons with developmental disabilities receive a high degree of Medicaid

support and benefits and therefore have a special interest in the maintenance of adequate Medicaid support.

(24) The assessments on intermediate care facilities for persons with developmental disabilities enacted by this Act under the guidelines of P.L. 102-234 are the most efficient means of raising the federally matchable funds needed for reimbursement of providers of intermediate care for persons with developmental disabilities.

(310 ILCS 75/2) (from Ch. 67 1/2, par. 1352)

Sec. 2. Legislative findings. The General Assembly makes the following findings:

(1) Elderly persons and persons with disabilities and handicapped persons frequently desire to share a residence (i) to maximize the effectiveness of the portion of their often limited incomes that is spent for housing; (ii) for protection; and (iii) for assistance in performing necessary daily tasks of life such as cooking and cleaning.

(3) Rules of the federal Department of Housing and Urban Development permit 2 or more unrelated elderly persons or persons with disabilities or handicapped persons to occupy the same unit in federally subsidized housing, although local housing authorities frequently do not permit those persons to occupy the same unit.

(4) The State of Illinois should do all it can to assist its elderly persons and persons with disabilities and handicapped persons in maximizing the effectiveness of their incomes and to insure that those citizens are not unnecessarily burdened in accomplishing the daily tasks of life.

Section 700. The Respite Program Act is amended by changing the title of the Act and Sections 1.5, 2, 3, 5, and 11 as follows:

(320 ILCS 10/Act title)
An Act to create the Respite Program which gives families relief from their responsibilities of caring for frail adults and adults with disabilities and disabled adults.

(320 ILCS 10/1.5) (from Ch. 23, par. 6201.5)
Sec. 1.5. Purpose. It is hereby found and determined by the General Assembly that respite care provides relief and support to the primary caregiver of a frail adult or an adult with a disability or disabled adult and provides a break for the caregiver from the continuous responsibilities of care-giving. Without this support, the primary care-giver's ability to continue in his or her role would be jeopardized; thereby increasing the risk of institutionalization of the frail adult or adult with a disability or disabled adult.

By providing respite care through intermittent planned or emergency relief to the care-giver during the regular week-day, evening, and weekend hours, both the special physical and psychological needs of the primary care-giver and the frail adult or adult with a disability or disabled adult, who is the recipient of continuous care, shall be met reducing or preventing the need for institutionalization.

Furthermore, the primary care-giver providing continuous care is frequently under substantial financial stress. Respite care and other supportive services sustain and preserve the primary care-giver and family caregiving unit. It is the intent of the General Assembly that this Act ensure that Illinois primary care-givers of frail adults or adults with disabilities or disabled adults have access to affordable, appropriate in-home respite care services.
(Source: P.A. 93-864, eff. 8-5-04.)

(320 ILCS 10/2) (from Ch. 23, par. 6202)
Sec. 2. Definitions. As used in this Act:

New matter indicated by italics - deletions by strikeout
(1) "Respite care" means the provision of intermittent and temporary substitute care or supervision of frail adults or adults with disabilities or disabled adults on behalf of and in the absence of the primary care-giver, for the purpose of providing relief from the stress or responsibilities concomitant with providing constant care, so as to enable the care-giver to continue the provision of care in the home. Respite care should be available to sustain the care-giver throughout the period of care-giving, which can vary from several months to a number of years. Respite care can be provided in the home, in a day care setting during the day, overnight, in a substitute residential setting such as a long-term care facility required to be licensed under the Nursing Home Care Act or the Assisted Living and Shared Housing Act, or for more extended periods of time on a temporary basis.

(1.5) "In-home respite care" means care provided by an appropriately trained paid worker providing short-term intermittent care, supervision, or companionship to the frail adult or adult with a disability or disabled adult in the home while relieving the care-giver, by permitting a short-term break from the care-giver's care-giving role. This support may contribute to the delay, reduction, and prevention of institutionalization by enabling the care-giver to continue in his or her care-giving role. In-home respite care should be flexible and available in a manner that is responsive to the needs of the care-giver. This may consist of evening respite care services that are available from 6:00 p.m. to 8:00 a.m. Monday through Friday and weekend respite care services from 6:00 p.m. Friday to 8:00 a.m. Monday.

(2) "Care-giver" shall mean the family member or other natural person who normally provides the daily care or supervision of a frail adult or adult with a disability or disabled adult. Such care-giver may, but need not, reside in the same household as the frail adult or adult with a disability or disabled adult.

(3) (Blank).

(4) (Blank).

(5) (Blank).

(6) "Department" shall mean the Department on Aging.

(7) (Blank).

(8) "Frail adult or adult with a disability or disabled adult" shall mean any person who is 60 years of age or older and who either (i) suffers from Alzheimer's disease or a related disorder or (ii) is unable to attend to his or her daily needs without the assistance or regular supervision of a

New matter indicated by italics - deletions by strikeout
care-giver due to mental or physical impairment and who is otherwise eligible for services on the basis of his or her level of impairment.

(9) "Emergency respite care" means the immediate placement of a trained, in-home respite care worker in the home during an emergency or unplanned event, or during a temporary placement outside the home, to substitute for the care-giver. Emergency respite care may be provided on one or more occasions unless an extension is deemed necessary by the case coordination unit or by another agency designated by the Department and area agencies on aging to conduct needs assessments for respite care services. When there is an urgent need for emergency respite care, procedures to accommodate this need must be determined.

An emergency is:

(a) An unplanned event that results in the immediate and unavoidable absence of the care-giver from the home in an excess of 4 hours at a time when no other qualified care-giver is available.

(b) An unplanned situation that prevents the care-giver from providing the care required by a frail adult or an adult with a disability or disabled adult living at home.

(c) An unplanned event that threatens the health and safety of the frail adult or adult with a disability or disabled adult.

(d) An unplanned event that threatens the health and safety of the care-giver thereby placing the frail adult or adult with a disability or disabled adult in danger.

(a) A respite care worker shall be an appropriately trained individual whose duty it is to provide in-home supervision and assistance to a frail adult or an adult with a disability or disabled adult in order to allow the care-giver a break from his or her continuous care-giving responsibilities.
(b) The Director may prescribe minimum training guidelines for respite care workers to ensure that the special needs of persons receiving services under this Act and their caregivers will be met. Sec. 4. Amount of Grant.

Any individual 65 years or older or any individual who will become 65 years old during the calendar year in which a claim is filed, and any surviving spouse of such a claimant, who at the time of death received or was entitled to receive a grant pursuant to this Section, which surviving spouse will become 65 years of age within the 24 months immediately following the death of such claimant and which surviving spouse but for his or her age is otherwise qualified to receive a grant

pursuant to this Section, and any person with a disability whose annual household income is less than the income eligibility limitation, as defined in subsection (a-5) and whose household is liable for payment of property taxes accrued or has paid rent constituting property taxes accrued and is domiciled in this State at the time he or she files his or her claim is entitled to claim a grant under this Act. With respect to claims filed by individuals who will become 65 years old during the calendar year in which a claim is filed, the amount of any grant to which that household is entitled shall be an amount equal to 1/12 of the amount to which the claimant would otherwise be entitled as provided in this Section, multiplied by the number of months in which the claimant was 65 in the calendar year in which the claim is filed.

(a-5) Income eligibility limitation. For purposes of this Section, "income eligibility limitation" means an amount for grant years 2008 and thereafter:

1. less than $22,218 for a household containing one person;
2. less than $29,480 for a household containing 2 persons;
3. less than $36,740 for a household containing 3 or more persons.

For 2009 claim year applications submitted during calendar year 2010, a household must have annual household income of less than $27,610 for a household containing one person; less than $36,635 for a household containing 2 persons; or less than $45,657 for a household containing 3 or more persons.

The Department on Aging may adopt rules such that on January 1, 2011, and thereafter, the foregoing household income eligibility limits may be changed to reflect the annual cost of living adjustment in Social Security and Supplemental Security Income benefits that are applicable to the year for which those benefits are being reported as income on an application.

If a person files as a surviving spouse, then only his or her income shall be counted in determining his or her household income.

(b) Limitation. Except as otherwise provided in subsections (a) and (f) of this Section, the maximum amount of grant which a claimant is entitled to claim is the amount by which the property taxes accrued which were paid or payable during the last preceding tax year or rent constituting property taxes accrued upon the claimant's residence for the last preceding

taxable year exceeds 3 1/2% of the claimant's household income for that year but in no event is the grant to exceed (i) $700 less 4.5% of household income for that year for those with a household income of $14,000 or less or (ii) $70 if household income for that year is more than $14,000.

(c) Public aid recipients. If household income in one or more months during a year includes cash assistance in excess of $55 per month from the Department of Healthcare and Family Services or the Department of Human Services (acting as successor to the Department of Public Aid under the Department of Human Services Act) which was determined under regulations of that Department on a measure of need that included an allowance for actual rent or property taxes paid by the recipient of that assistance, the amount of grant to which that household is entitled, except as otherwise provided in subsection (a), shall be the product of (1) the maximum amount computed as specified in subsection (b) of this Section and (2) the ratio of the number of months in which household income did not include such cash assistance over $55 to the number twelve. If household income did not include such cash assistance over $55 for any months during the year, the amount of the grant to which the household is entitled shall be the maximum amount computed as specified in subsection (b) of this Section. For purposes of this paragraph (c), "cash assistance" does not include any amount received under the federal Supplemental Security Income (SSI) program.

(d) Joint ownership. If title to the residence is held jointly by the claimant with a person who is not a member of his or her household, the amount of property taxes accrued used in computing the amount of grant to which he or she is entitled shall be the same percentage of property taxes accrued as is the percentage of ownership held by the claimant in the residence.

(e) More than one residence. If a claimant has occupied more than one residence in the taxable year, he or she may claim only one residence for any part of a month. In the case of property taxes accrued, he or she shall prorate 1/12 of the total property taxes accrued on his or her residence to each month that he or she owned and occupied that residence; and, in the case of rent constituting property taxes accrued, shall prorate each month's rent payments to the residence actually occupied during that month.

disabled, entitled the Illinois Seniors and Disabled Drug Coverage Program, which shall be administered by the Department of Healthcare and Family Services and the Department on Aging in accordance with this subsection, to consist of coverage of specified prescription drugs on behalf of beneficiaries of the program as set forth in this subsection. Notwithstanding any provisions of this Act to the contrary, on and after July 1, 2012, pharmaceutical assistance under this Act shall no longer be provided, and on July 1, 2012 the Illinois Senior Citizens and Disabled Persons Pharmaceutical Assistance Program shall terminate. The following provisions that concern the Illinois Senior Citizens and Disabled Persons Pharmaceutical Assistance Program shall continue to apply on and after July 1, 2012 to the extent necessary to pursue any actions authorized by subsection (d) of Section 9 of this Act with respect to acts which took place prior to July 1, 2012.

To become a beneficiary under the program established under this subsection, a person must:

(1) be (i) 65 years of age or older or (ii) a person with a disability; and
(2) be domiciled in this State; and
(3) enroll with a qualified Medicare Part D Prescription Drug Plan if eligible and apply for all available subsidies under Medicare Part D; and
(4) for the 2006 and 2007 claim years, have a maximum household income of (i) less than $21,218 for a household containing one person, (ii) less than $28,480 for a household containing 2 persons, or (iii) less than $35,740 for a household containing 3 or more persons; and
(5) for the 2008 claim year, have a maximum household income of (i) less than $22,218 for a household containing one person, (ii) $29,480 for a household containing 2 persons, or (iii) $36,740 for a household containing 3 or more persons; and

(7) as of September 1, 2011, have a maximum household income at or below 200% of the federal poverty level.
All individuals enrolled as of December 31, 2005, in the pharmaceutical assistance program operated pursuant to subsection (f) of this Section and all individuals enrolled as of December 31, 2005, in the SeniorCare Medicaid waiver program operated pursuant to Section 5-5.12a of the Illinois Public Aid Code shall be automatically enrolled in the program established by this subsection for the first year of operation without the need for further application, except that they must apply for Medicare Part D and the Low Income Subsidy under Medicare Part D. A person enrolled in the pharmaceutical assistance program operated pursuant to subsection (f) of this Section as of December 31, 2005, shall not lose eligibility in future years due only to the fact that they have not reached the age of 65.

To the extent permitted by federal law, the Department may act as an authorized representative of a beneficiary in order to enroll the beneficiary in a Medicare Part D Prescription Drug Plan if the beneficiary has failed to choose a plan and, where possible, to enroll beneficiaries in the low-income subsidy program under Medicare Part D or assist them in enrolling in that program.

Beneficiaries under the program established under this subsection shall be divided into the following 4 eligibility groups:

(A) Eligibility Group 1 shall consist of beneficiaries who are not eligible for Medicare Part D coverage and who are:
   (i) a person with a disability disabled and under age 65; or
   (ii) age 65 or older, with incomes over 200% of the Federal Poverty Level; or
   (iii) age 65 or older, with incomes at or below 200% of the Federal Poverty Level and not eligible for federally funded means-tested benefits due to immigration status.

(B) Eligibility Group 2 shall consist of beneficiaries who are eligible for Medicare Part D coverage.

(C) Eligibility Group 3 shall consist of beneficiaries age 65 or older, with incomes at or below 200% of the Federal Poverty Level, who are not barred from receiving federally funded means-tested benefits due to immigration status and are not eligible for Medicare Part D coverage.

If the State applies and receives federal approval for a waiver under Title XIX of the Social Security Act, persons in Eligibility Group 3 shall continue to receive benefits through the
approved waiver, and Eligibility Group 3 may be expanded to include persons with disabilities who are disabled persons under age 65 with incomes under 200% of the Federal Poverty Level who are not eligible for Medicare and who are not barred from receiving federally funded means-tested benefits due to immigration status.

(D) Eligibility Group 4 shall consist of beneficiaries who are otherwise described in Eligibility Group 2 who have a diagnosis of HIV or AIDS.

The program established under this subsection shall cover the cost of covered prescription drugs in excess of the beneficiary cost-sharing amounts set forth in this paragraph that are not covered by Medicare. The Department of Healthcare and Family Services may establish by emergency rule changes in cost-sharing necessary to conform the cost of the program to the amounts appropriated for State fiscal year 2012 and future fiscal years except that the 24-month limitation on the adoption of emergency rules and the provisions of Sections 5-115 and 5-125 of the Illinois Administrative Procedure Act shall not apply to rules adopted under this subsection (g). The adoption of emergency rules authorized by this subsection (g) shall be deemed to be necessary for the public interest, safety, and welfare.

For purposes of the program established under this subsection, the term "covered prescription drug" has the following meanings:

For Eligibility Group 1, "covered prescription drug" means:

(1) any cardiovascular agent or drug; (2) any insulin or other prescription drug used in the treatment of diabetes, including syringe and needles used to administer the insulin; (3) any prescription drug used in the treatment of arthritis; (4) any prescription drug used in the treatment of cancer; (5) any prescription drug used in the treatment of Alzheimer's disease; (6) any prescription drug used in the treatment of Parkinson's disease; (7) any prescription drug used in the treatment of glaucoma; (8) any prescription drug used in the treatment of lung disease and smoking-related illnesses; (9) any prescription drug used in the treatment of osteoporosis; and (10) any prescription drug used in the treatment of multiple sclerosis. The Department may add additional therapeutic classes by rule. The Department may adopt a preferred drug list within any of the classes of drugs described in items (1) through (10) of this paragraph. The specific drugs or

New matter indicated by italics - deletions by strikeout
therapeutic classes of covered prescription drugs shall be indicated by rule.

For Eligibility Group 2, "covered prescription drug" means those drugs covered by the Medicare Part D Prescription Drug Plan in which the beneficiary is enrolled.

For Eligibility Group 3, "covered prescription drug" means those drugs covered by the Medical Assistance Program under Article V of the Illinois Public Aid Code.

For Eligibility Group 4, "covered prescription drug" means those drugs covered by the Medicare Part D Prescription Drug Plan in which the beneficiary is enrolled.

Any person otherwise eligible for pharmaceutical assistance under this subsection whose covered drugs are covered by any public program is ineligible for assistance under this subsection to the extent that the cost of those drugs is covered by the other program.

The Department of Healthcare and Family Services shall establish by rule the methods by which it will provide for the coverage called for in this subsection. Those methods may include direct reimbursement to pharmacies or the payment of a capitated amount to Medicare Part D Prescription Drug Plans.

For a pharmacy to be reimbursed under the program established under this subsection, it must comply with rules adopted by the Department of Healthcare and Family Services regarding coordination of benefits with Medicare Part D Prescription Drug Plans. A pharmacy may not charge a Medicare-enrolled beneficiary of the program established under this subsection more for a covered prescription drug than the appropriate Medicare cost-sharing less any payment from or on behalf of the Department of Healthcare and Family Services.

The Department of Healthcare and Family Services or the Department on Aging, as appropriate, may adopt rules regarding applications, counting of income, proof of Medicare status, mandatory generic policies, and pharmacy reimbursement rates and any other rules necessary for the cost-efficient operation of the program established under this subsection.

(h) A qualified individual is not entitled to duplicate benefits in a coverage period as a result of the changes made by this amendatory Act of the 96th General Assembly.

(b) (Blank).

Section 720. The Senior Pharmaceutical Assistance Act is amended by changing Section 5 as follows:

(320 ILCS 50/5)

Sec. 5. Findings. The General Assembly finds:

(1) Senior citizens identify pharmaceutical assistance as the single most critical factor to their health, well-being, and continued independence.

(2) The State of Illinois currently operates 2 pharmaceutical assistance programs that benefit seniors: (i) the program of pharmaceutical assistance under the Senior Citizens and Persons with Disabilities Disabled Persons Property Tax Relief Act and (ii) the Aid to the Aged, Blind, or Disabled program under the Illinois Public Aid Code. The State has been given authority to establish a third program, SeniorRx Care, through a federal Medicaid waiver.

(3) Each year, numerous pieces of legislation are filed seeking to establish additional pharmaceutical assistance benefits for seniors or to make changes to the existing programs.

(4) Establishment of a pharmaceutical assistance review committee will ensure proper coordination of benefits, diminish the likelihood of duplicative benefits, and ensure that the best interests of seniors are served.

(5) In addition to the State pharmaceutical assistance programs, several private entities, such as drug manufacturers and pharmacies, also offer prescription drug discount or coverage programs.

(6) Many seniors are unaware of the myriad of public and private programs available to them.

(7) Establishing a pharmaceutical clearinghouse with a toll-free hot-line and local outreach workers will educate seniors about the vast array of options available to them and enable seniors to make an educated and informed choice that is best for them.

(8) Estimates indicate that almost one-third of senior citizens lack prescription drug coverage. The federal government, states, and the

New matter indicated by italics - deletions by strikeout
pharmaceutical industry each have a role in helping these uninsured seniors gain access to life-saving medications.

(9) The State of Illinois has recognized its obligation to assist Illinois' neediest seniors in purchasing prescription medications, and it is now time for pharmaceutical manufacturers to recognize their obligation to make their medications affordable to seniors.

Section 725. The Illinois Prescription Drug Discount Program Act is amended by changing Section 30 as follows:

(320 ILCS 55/30)
Sec. 30. Manufacturer rebate agreements.
(a) Taking into consideration the extent to which the State pays for prescription drugs under various State programs and the provision of assistance to persons with disabilities or eligible seniors under patient assistance programs, prescription drug discount programs, or other offers for free or reduced price medicine, clinical research projects, limited supply distribution programs, compassionate use programs, or programs of research conducted by or for a drug manufacturer, the Department, its agent, or the program administrator shall negotiate and enter into rebate agreements with drug manufacturers, as defined in this Act, to effect prescription drug price discounts. (405 ILCS 5/2-108) (from Ch. 91 1/2, par. 2-108)

Sec. 2-108. Use of restraint. Restraint may be used only as a therapeutic measure to prevent a recipient from causing physical harm to himself or physical abuse to others. Restraint may only be applied by a person who has been trained in the application of the particular type of restraint to be utilized. In no event shall restraint be utilized to punish or discipline a recipient, nor is restraint to be used as a convenience for the staff.

(a) Except as provided in this Section, restraint shall be employed only upon the written order of a physician, clinical psychologist, clinical social worker, clinical professional counselor, or registered nurse with supervisory responsibilities. No restraint shall be ordered unless the physician, clinical psychologist, clinical social worker, clinical professional counselor, or registered nurse with supervisory responsibilities, after personally observing and examining the recipient, is clinically satisfied that the use of restraint is justified to prevent the recipient from causing physical harm to himself or others. In no event may restraint continue for longer than 2 hours unless within that time period a nurse with supervisory responsibilities or a physician confirms, in writing, following a personal examination of the recipient, that the restraint does not pose an undue risk to the recipient's health in light of the recipient's physical or medical condition. The order shall state the events leading up to the need for restraint and the purposes for which restraint is employed. The order shall also state the length of time restraint is to be employed and the clinical justification for that length of time. No order for restraint shall be valid for more than 16 hours. If further restraint is required, a new order must be issued pursuant to the requirements provided in this Section.

(b) In the event there is an emergency requiring the immediate use of restraint, it may be ordered temporarily by a qualified person only where a physician, clinical psychologist, clinical social worker, clinical professional counselor, or registered nurse with supervisory responsibilities is not immediately available. In that event, an order by a nurse, clinical psychologist, clinical social worker, clinical professional counselor, or physician shall be obtained pursuant to the requirements of this Section as quickly as possible, and the recipient shall be examined by

a physician or supervisory nurse within 2 hours after the initial employment of the emergency restraint. Whoever orders restraint in emergency situations shall document its necessity and place that documentation in the recipient's record.

(c) The person who orders restraint shall inform the facility director or his designee in writing of the use of restraint within 24 hours.

(d) The facility director shall review all restraint orders daily and shall inquire into the reasons for the orders for restraint by any person who routinely orders them.

(e) Restraint may be employed during all or part of one 24 hour period, the period commencing with the initial application of the restraint. However, once restraint has been employed during one 24 hour period, it shall not be used again on the same recipient during the next 48 hours without the prior written authorization of the facility director.

(f) Restraint shall be employed in a humane and therapeutic manner and the person being restrained shall be observed by a qualified person as often as is clinically appropriate but in no event less than once every 15 minutes. The qualified person shall maintain a record of the observations. Specifically, unless there is an immediate danger that the recipient will physically harm himself or others, restraint shall be loosely applied to permit freedom of movement. Further, the recipient shall be permitted to have regular meals and toilet privileges free from the restraint, except when freedom of action may result in physical harm to the recipient or others.

(g) Every facility that employs restraint shall provide training in the safe and humane application of each type of restraint employed. The facility shall not authorize the use of any type of restraint by an employee who has not received training in the safe and humane application of that type of restraint. Each facility in which restraint is used shall maintain records detailing which employees have been trained and are authorized to apply restraint, the date of the training and the type of restraint that the employee was trained to use.

(h) Whenever restraint is imposed upon any recipient whose primary mode of communication is sign language, the recipient shall be permitted to have his hands free from restraint for brief periods each hour, except when freedom may result in physical harm to the recipient or others.

(i) A recipient who is restrained may only be secluded at the same time pursuant to an explicit written authorization as provided in Section 2-
109 of this Code. Whenever a recipient is restrained, a member of the facility staff shall remain with the recipient at all times unless the recipient has been secluded. A recipient who is restrained and secluded shall be observed by a qualified person as often as is clinically appropriate but in no event less than every 15 minutes.

(j) Whenever restraint is used, the recipient shall be advised of his right, pursuant to Sections 2-200 and 2-201 of this Code, to have any person of his choosing, including the Guardianship and Advocacy Commission or the agency designated pursuant to the Protection and Advocacy for Persons with Developmental Disabilities Act notified of the restraint. A recipient who is under guardianship may request that any person of his choosing be notified of the restraint whether or not the guardian approves of the notice. Whenever the Guardianship and Advocacy Commission is notified that a recipient has been restrained, it shall contact that recipient to determine the circumstances of the restraint and whether further action is warranted.

Sec. 5-105. Each recipient of services provided directly or funded by the Department and the estate of that recipient is liable for the payment of sums representing charges for services to the recipient at a rate to be determined by the Department in accordance with this Act. If a recipient is a beneficiary of a trust described in Section 15.1 of the Trusts and Trustees Act, the trust shall not be considered a part of the recipient's estate and shall not be subject to payment for services to the recipient under this Section except to the extent permitted under Section 15.1 of the Trusts and Trustees Act. If the recipient is unable to pay or if the estate of the recipient is insufficient, the responsible relatives are severally liable for the payment of those sums or for the balance due in case less than the amount prescribed under this Act has been paid. If the recipient is under the age of 18, the recipient and responsible relative shall be liable for medical costs on a case-by-case basis for services for the diagnosis and treatment of conditions other than that child's disabling handicapping condition. The liability shall be the lesser of the cost of medical care or the amount of responsible relative liability established by the Department under Section 5-116. Any person 18 through 21 years of age who is receiving services under the Education for All Handicapped Children Act of 1975 (Public Law 94-142) or that person's responsible relative shall only be liable for medical costs on a case-by-case basis for services for the diagnosis and treatment of conditions other than the person's disabling handicapping condition. The liability shall be the lesser of the cost of medical care or the amount of responsible relative liability established by the Department under Section 5-116. In the case of any person who has received residential services from the Department, whether directly from the Department or through a public or private agency or entity funded by the Department, the liability shall be the same regardless of the source of services. Department, the Department may pay the actual cost of services in that facility and may collect reimbursement for the entire amount paid from the recipient or an amount not to exceed those amounts determined under Section 5-116 from responsible relatives according to their proportionate ability to contribute to those charges. The liability of each responsible relative for payment of services charges ceases when payments on the basis of financial ability have been made for a total of 12 years for any recipient, and any portion of that 12 year period during which a responsible relative has been determined by the Department to be financially unable to pay any services charges must be included in fixing the total period of liability. No child is liable under this Act for services to a parent. No spouse is liable under this Act for the services to the other spouse who wilfully failed to contribute to the spouse's support for a period of 5 years immediately preceding his or her admission. Any spouse claiming exemption because of wilful failure to support during any such 5 year period must furnish the Department with clear and convincing evidence substantiating the claim. No parent is liable under this Act for the services charges incurred by a child after the child reaches the age of majority. Nothing in this Section shall preclude the Department from applying federal benefits that are specifically provided for the care and treatment of a person with a disability toward the cost of care provided by a State facility or private agency.

Sec. 4.4. Funding reinvestment.

(a) The purposes of this Section are as follows:

(1) The General Assembly recognizes that the United States Supreme Court in Olmstead v. L.C. ex Rel. Zimring, 119 S. Ct. 2176 (1999), affirmed that the unjustifiable institutionalization of a person with a disability who could live in the community with proper support, and wishes to do so, is unlawful discrimination in violation of the Americans with Disabilities Act (ADA). The State of Illinois, along with all other states, is required to provide appropriate residential and community-based support services to persons with disabilities who wish to live in a less restrictive setting.

(2) It is the purpose of this Section to help fulfill the State's obligations under the Olmstead decision by maximizing the level of funds for both developmental disability and mental health services and supports in order to maintain and create an array of residential and supportive services for people with mental health needs and developmental disabilities whenever they are transferred into another facility or a community-based setting.

(b) In this Section:

"Office of Developmental Disabilities" means the Office of Developmental Disabilities within the Department of Human Services.

"Office of Mental Health" means the Office of Mental Health within the Department of Human Services.

(c) On and after the effective date of this amendatory Act of the 94th General Assembly, every appropriation of State moneys relating to funding for the Office of Developmental Disabilities or the Office of Mental Health must comply with this Section.

(d) Whenever any appropriation, or any portion of an appropriation, for any fiscal year relating to the funding of any State-operated facility operated by the Office of Developmental Disabilities or any mental health facility operated by the Office of Mental Health is reduced because of any of the reasons set forth in the following items (1) through (3), to the extent that savings are realized from these items, those moneys must be directed toward providing other services and supports for persons with developmental disabilities or mental health needs:

New matter indicated by italics - deletions by strikeout
(1) The closing of any such State-operated facility for persons with developmental disabilities the developmentally disabled or mental health facility.

(2) Reduction in the number of units or available beds in any such State-operated facility for persons with developmental disabilities the developmentally disabled or mental health facility.

(3) Reduction in the number of staff employed in any such State-operated facility for persons with developmental disabilities the developmentally disabled or mental health facility.

In determining whether any savings are realized from items (1) through (3), sufficient moneys shall be made available to ensure that there is an appropriate level of staffing and that life, safety, and care concerns are addressed so as to provide for the remaining persons with developmental disabilities or mental illness at any facility in the case of item (2) or (3) or, in the case of item (1), such remaining persons at the remaining State-operated facilities that will be expected to handle the individuals previously served at the closed facility.

(e) The purposes of redirecting this funding shall include, but not be limited to, providing the following services and supports for individuals with developmental disabilities and mental health needs:

(1) Residence in the most integrated setting possible, whether independent living in a private residence, a Community Integrated Living Arrangement (CILA), a supported residential program, an Intermediate Care Facility for persons with Developmental Disabilities (ICFDD), a supervised residential program, or supportive housing, as appropriate.

(2) Residence in another State-operated facility.

(3) Rehabilitation and support services, including assertive community treatment, case management, supportive and supervised day treatment, and psychosocial rehabilitation.

(4) Vocational or developmental training, as appropriate, that contributes to the person's independence and employment potential.

(5) Employment or supported employment, as appropriate, free from discrimination pursuant to the Constitution and laws of this State.

(6) In-home family supports, such as respite services and client and family supports.

(7) Periodic reevaluation, as needed.

(f) An appropriation may not circumvent the purposes of this Section by transferring moneys within the funding system for services and supports for persons with developmental disabilities the developmentally disabled and the mentally ill and then compensating for this transfer by redirecting other moneys away from these services to provide funding for some other governmental purpose or to relieve other State funding expenditures.

(1) Diagnosis consistent with the criteria for autistic disorder in the current edition of the Diagnostic and Statistical Manual of Mental Disorders.

(2) Severe disturbances in reciprocal social interactions; verbal and nonverbal communication and imaginative activity; repertoire of activities and interests. A determination of severe autism shall be based upon a comprehensive, documented assessment with an evaluation by a licensed clinical psychologist or psychiatrist. A determination of severe autism shall not be based solely on behaviors relating to environmental, cultural or economic differences.

(j) "Severe mental illness" means the manifestation of all of the following characteristics:

(1) The evaluation determines the presence of a developmental disability which is expected to continue indefinitely, constitutes a substantial disability handicap and is attributable to any of the following:

(A) Intellectual disability, which is defined as general intellectual functioning that is 2 or more standard deviations below the mean concurrent with impairment of adaptive behavior which is 2 or more standard deviations below the mean. Assessment of the individual's intellectual functioning must be measured by a standardized instrument for general intellectual functioning.

(A) Physical functioning, which severely impairs the individual's motor performance that may be due to:

   (i) Neurological, psychological or physical involvement resulting in a variety of disabling conditions such as hemiplegia, quadriplegia or ataxia,

   (ii) Severe organ systems involvement such as congenital heart defect,

   (iii) Physical abnormalities resulting in the individual being non-mobile and non-ambulatory or confined to bed and receiving assistance in transferring, or

(4) A determination that the disability originated before the age of 18 years.

A determination of severe and multiple impairments shall be based upon a comprehensive, documented assessment with an evaluation by a licensed clinical psychologist or psychiatrist.
If the examiner is a licensed clinical psychologist, ancillary evaluation of physical impairment, cerebral palsy or epilepsy must be made by a physician licensed to practice medicine in all its branches.

Regardless of the discipline of the examiner, ancillary evaluation of visual impairment must be made by an ophthalmologist or a licensed optometrist.

Regardless of the discipline of the examiner, ancillary evaluation of hearing impairment must be made by an otolaryngologist or an audiologist with a certificate of clinical competency.

The only exception to the above is in the case of a person with cerebral palsy or epilepsy who, according to the eligibility criteria listed below, has multiple impairments which are only physical and sensory. The amount of the home-based services provided by the Department in any month shall be determined by the service plan of the adult with a mental disability, but in no case shall it be more than either:

(a) three hundred percent of the monthly federal Supplemental Security Income payment for an individual residing alone if the adult with a mental disability is
not enrolled in a special education program by a local education agency, or

(b) two hundred percent of the monthly Supplemental Security Income payment for an individual residing alone if the adult with a mental disability is enrolled in a special education program by a local education agency.

Upon approval of the Department, all or part of the monthly amount approved for home-based services to participating adults may be used as a one-time or continuing payment to the eligible adult or the adult's parent or guardian to pay for specified tangible items that are directly related to meeting basic needs related to the person's mental disabilities.

Tangible items include, but are not limited to: adaptive equipment, medication not covered by third-party payments, nutritional supplements, and residential modifications.

(c) if the adult fails to request or access any services after 120 days. Prior to making the decision, if the adult has failed to request or access any services within 90 days, the Department shall give written notice to the person who signed the application that participation in the Program will be denied if services are not requested or accessed within 30 days.

Whenever services provided by the Department under the Program are denied for the reasons in paragraphs (a), (b), or (c) of this Section, the Department shall give written notice of the decision and the reasons for denial of services to the person who signed the application. Such notice shall contain information on requesting an appeal under Section 2-13.

Section 795. The Developmental Disability and Mental Health Safety Act is amended by changing Sections 5, 15, and 40 as follows:

(405 ILCS 82/5)

Sec. 5. Legislative Findings. The General Assembly finds all of the following:

(a) As a result of decades of significant under-funding of Illinois' developmental disabilities and mental health service delivery system, the quality of life of individuals with disabilities has been negatively impacted and, in an unacceptable number of instances, has resulted in serious health consequences and even death.

(b) In response to growing concern over the safety of the State-operated developmental disability facilities, following a series of resident deaths, the agency designated by the Governor pursuant to the Protection and Advocacy for Persons with Developmental Disabilities Act opened a systemic investigation to examine all such deaths for a period of time, including the death of a young man in his twenties, Brian Kent, on October 30, 2002, and released a public report, "Life and Death in State-Operated Developmental Disability Institutions," which included findings and recommendations aimed at preventing such tragedies in the future.

(c) The documentation of substandard medical care and treatment of individual residents living in the State-operated facilities cited in that report necessitate that the State of Illinois take immediate action to prevent further injuries and deaths.

(d) The agency designated by the Governor pursuant to the Protection and Advocacy for Persons with Developmental Disabilities Act has also reviewed conditions and deaths of individuals with disabilities living in or transferred to community-based facilities and found similar problems in some of those settings.

(e) The circumstances associated with deaths in both State-operated facilities and community-based facilities, and review of the State's investigations and findings regarding these incidents, demonstrate

New matter indicated by italics - deletions by strikeout
that the current federal and State oversight and investigatory systems are seriously under-funded.

(f) An effective mortality review process enables state service systems to focus on individual deaths and consider the broader issues, policies, and practices that may contribute to these tragedies. This critical information, when shared with public and private facilities, can help to reduce circumstances that place individuals at high risk of serious harm and even death.

(g) The purpose of this Act is to establish within the Department of Human Services a low-cost, volunteer-based mortality review process conducted by an independent team of experts that will enhance the health and safety of the individuals served by Illinois' developmental disability and mental health service delivery systems.

(h) This independent team of experts will be comparable to 2 existing types of oversight teams: the Abuse Prevention Review Team created under the jurisdiction of the Department of Public Health, which examines deaths of individuals living in long-term care facilities, and Child Death Review Teams created under the jurisdiction of the Department of Children and Family Services, which reviews the deaths of children.

Section 845. The Animal Control Act is amended by changing Sections 15 and 15.1 as follows:

 Sec. 15. (a) In order to have a dog deemed "vicious", the Administrator, Deputy Administrator, or law enforcement officer must give notice of the infraction that is the basis of the investigation to the owner, conduct a thorough investigation, interview any witnesses, including the owner, gather any existing medical records, veterinary medical records or behavioral evidence, and make a detailed report recommending a finding that the dog is a vicious dog and give the report to the States Attorney's Office and the owner. The Administrator, State's Attorney, Director or any citizen of the county in which the dog exists may file a complaint in the circuit court in the name of the People of the State of Illinois to deem a dog to be a vicious dog. Testimony of a certified applied behaviorist, a board certified veterinary behaviorist, or another recognized expert may be relevant to the court's determination of whether the dog's behavior was justified. The petitioner must prove the dog is a vicious dog by clear and convincing evidence. The Administrator shall determine where the animal shall be confined during the pendency of the case.

A dog may not be declared vicious if the court determines the conduct of the dog was justified because:

(1) the threat, injury, or death was sustained by a person who at the time was committing a crime or offense upon the owner or custodian of the dog, or was committing a willful trespass or

New matter indicated by italics - deletions by strikeout
other tort upon the premises or property owned or occupied by the owner of the animal;

(2) the injured, threatened, or killed person was abusing, assaulting, or physically threatening the dog or its offspring, or has in the past abused, assaulted, or physically threatened the dog or its offspring; or

(3) the dog was responding to pain or injury, or was protecting itself, its owner, custodian, or member of its household, kennel, or offspring.

No dog shall be deemed "vicious" if it is a professionally trained dog for law enforcement or guard duties. Vicious dogs shall not be classified in a manner that is specific as to breed.

If the burden of proof has been met, the court shall deem the dog to be a vicious dog.

If a dog is found to be a vicious dog, the owner shall pay a $100 public safety fine to be deposited into the Pet Population Control Fund, the dog shall be spayed or neutered within 10 days of the finding at the expense of its owner and microchipped, if not already, and the dog is subject to enclosure. If an owner fails to comply with these requirements, the animal control agency shall impound the dog and the owner shall pay a $500 fine plus impoundment fees to the animal control agency impounding the dog. The judge has the discretion to order a vicious dog be euthanized. A dog found to be a vicious dog shall not be released to the owner until the Administrator, an Animal Control Warden, or the Director approves the enclosure. No owner or keeper of a vicious dog shall sell or give away the dog without approval from the Administrator or court. Whenever an owner of a vicious dog relocates, he or she shall notify both the Administrator of County Animal Control where he or she has relocated and the Administrator of County Animal Control where he or she formerly resided.

(b) It shall be unlawful for any person to keep or maintain any dog which has been found to be a vicious dog unless the dog is kept in an enclosure. The only times that a vicious dog may be allowed out of the enclosure are (1) if it is necessary for the owner or keeper to obtain veterinary care for the dog, (2) in the case of an emergency or natural disaster where the dog's life is threatened, or (3) to comply with the order of a court of competent jurisdiction, provided that the dog is securely muzzled and restrained with a leash not exceeding 6 feet in length, and
shall be under the direct control and supervision of the owner or keeper of the dog or muzzled in its residence.

Any dog which has been found to be a vicious dog and which is not confined to an enclosure shall be impounded by the Administrator, an Animal Control Warden, or the law enforcement authority having jurisdiction in such area.

If the owner of the dog has not appealed the impoundment order to the circuit court in the county in which the animal was impounded within 15 working days, the dog may be euthanized.

Upon filing a notice of appeal, the order of euthanasia shall be automatically stayed pending the outcome of the appeal. The owner shall bear the burden of timely notification to animal control in writing.

Guide dogs for the blind or hearing impaired, support dogs for persons with physical disabilities, accelerant detection dogs, and sentry, guard, or police-owned dogs are exempt from this Section; provided, an attack or injury to a person occurs while the dog is performing duties as expected. To qualify for exemption under this Section, each such dog shall be currently inoculated against rabies in accordance with Section 8 of this Act. It shall be the duty of the owner of such exempted dog to notify the Administrator of changes of address. In the case of a sentry or guard dog, the owner shall keep the Administrator advised of the location where such dog will be stationed. The Administrator shall provide police and fire departments with a categorized list of such exempted dogs, and shall promptly notify such departments of any address changes reported to him.

(c) If the animal control agency has custody of the dog, the agency may file a petition with the court requesting that the owner be ordered to post security. The security must be in an amount sufficient to secure payment of all reasonable expenses expected to be incurred by the animal control agency or animal shelter in caring for and providing for the dog pending the determination. Reasonable expenses include, but are not limited to, estimated medical care and boarding of the animal for 30 days. If security has been posted in accordance with this Section, the animal control agency may draw from the security the actual costs incurred by the agency in caring for the dog.

(d) Upon receipt of a petition, the court must set a hearing on the petition, to be conducted within 5 business days after the petition is filed. The petitioner must serve a true copy of the petition upon the defendant.
(e) If the court orders the posting of security, the security must be posted with the clerk of the court within 5 business days after the hearing. If the person ordered to post security does not do so, the dog is forfeited by operation of law and the animal control agency must dispose of the animal through adoption or humane euthanization.

No dog shall be deemed a "dangerous dog" unless shown to be a dangerous dog by a preponderance of evidence. The owner shall be sent immediate notification of the determination by registered or certified mail that includes a complete description of the appeal process.
(b) A dog shall not be declared dangerous if the Administrator, or his or her designee, or the Director determines the conduct of the dog was justified because:

(1) the threat was sustained by a person who at the time was committing a crime or offense upon the owner or custodian of the dog or was committing a willful trespass or other tort upon the premises or property occupied by the owner of the animal;
(2) the threatened person was abusing, assaulting, or physically threatening the dog or its offspring;

1. evaluation of the dog by a certified applied behaviorist, a board certified veterinary behaviorist, or another recognized expert in the field and completion of training or other treatment as deemed appropriate by the expert. The owner of the dog shall be responsible for all costs associated with evaluations and training ordered under this subsection; or

2. direct supervision by an adult 18 years of age or older whenever the animal is on public premises.

(e) The Administrator may order a dangerous dog to be muzzled whenever it is on public premises in a manner that will prevent it from biting any person or animal, but that shall not interfere with its vision or respiration.

(f) Guide dogs for the blind or hearing impaired, support dogs for persons with a physical disability, the physically handicapped, and sentry, guard, or police-owned dogs are exempt from this Section; provided, an attack or injury to a person occurs while the dog is performing duties as expected. To qualify for exemption under this Section, each such dog shall be currently inoculated against rabies in accordance with Section 8 of this Act and performing duties as expected. It shall be the duty of the owner of the exempted dog to notify the Administrator of changes of address. In the case of a sentry or guard dog, the owner shall keep the Administrator advised of the location where such dog will be stationed. The Administrator shall provide police and fire departments with a categorized list of the exempted dogs, and shall promptly notify the departments of any address changes reported to him or her.

3. (c)(1) Whenever a person is convicted of any of the offenses enumerated in this Section, the court may recommend and the Secretary of State in his discretion, without regard to whether the recommendation is made by the court may, upon application, issue to the person a restricted driving permit granting the privilege of driving a motor vehicle between the petitioner's residence and petitioner's place of employment or within the scope of the petitioner's employment related duties, or to allow the petitioner to transport himself or herself or a family member of the petitioner's household to a medical facility for the receipt of necessary medical care or to allow the petitioner to transport himself or herself to and from alcohol or drug remedial or rehabilitative activity recommended by a licensed service provider, or to allow the petitioner to transport himself or herself or a family member of the petitioner's household to classes, as a student, at an accredited educational institution, or to allow the petitioner to transport children, elderly persons, or persons with disabilities who do not hold driving privileges and are living in the petitioner's household to and from daycare; if the petitioner is able to demonstrate that no alternative means of transportation is reasonably available and that the petitioner will not endanger the public safety or welfare; provided that the Secretary's discretion shall be limited to cases where undue hardship, as defined by the rules of the Secretary of State, would result from a failure to issue the restricted driving permit. Those multiple offenders identified in subdivision (b)4 of Section 6-208 of this Code, however, shall not be eligible for the issuance of a restricted driving permit.

Code or a similar provision of a local ordinance or a similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense, or a combination of these offenses, arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(3) If:

(A) a person's license or permit is revoked or suspended 2 or more times within a 10 year period due to any combination of:

   (i) a single conviction of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense; or

   (ii) a statutory summary suspension or revocation under Section 11-501.1; or

   (iii) a suspension pursuant to Section 6-203.1;

arising out of separate occurrences; or

(B) a person has been convicted of one violation of Section 6-303 of this Code committed while his or her driver's license, permit, or privilege was revoked because of a violation of Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, relating to the offense of reckless homicide where the use of alcohol or other drugs was recited as an element of the offense, or a similar provision of a law of another state;

that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(4) The person issued a permit conditioned on the use of an ignition interlock device must pay to the Secretary of State DUI Administration Fund an amount not to exceed $30 per month. The
Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees.

(5) If the restricted driving permit is issued for employment purposes, then the prohibition against operating a motor vehicle that is not equipped with an ignition interlock device does not apply to the operation of an occupational vehicle owned or leased by that person's employer when used solely for employment purposes.

(6) In each case the Secretary of State may issue a restricted driving permit for a period he deems appropriate, except that the permit shall expire within one year from the date of issuance. The Secretary may not, however, issue a restricted driving permit to any person whose current revocation is the result of a second or subsequent conviction for a violation of Section 11-501 of this Code or a similar provision of a local ordinance or any similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, where the use of alcohol or other drugs is recited as an element of the offense, or any similar out-of-state offense, or any combination of these offenses, until the expiration of at least one year from the date of the revocation. A restricted driving permit issued under this Section shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued under this Code may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit. The Secretary of State may, as a condition to the issuance of a restricted driving permit, require the petitioner to participate in a designated driver remedial or rehabilitative program. The Secretary of State is authorized to cancel a restricted driving permit if the permit holder does not successfully complete the program. However, if an individual's driving privileges have been revoked in accordance with paragraph 13 of subsection (a) of this Section, no restricted driving permit shall be issued until the individual has served 6 months of the revocation period.

revoked, where the revocation was for a violation of Section 9-3 of the
Criminal Code of 1961 or the Criminal Code of 2012 relating to the
offense of reckless homicide or a similar out-of-state offense, the person's
driving privileges shall be revoked pursuant to subdivision (a)(15) of this
Section. The person may not make application for a license or permit until
the expiration of five years from the effective date of the revocation or the
expiration of five years from the date of release from a term of
imprisonment, whichever is later.

(c-7) If a person is convicted of a third or subsequent violation of
operating a motor vehicle while the person's driver's license, permit or
privilege was revoked, where the revocation was for a violation of Section
9-3 of the Criminal Code of 1961 or the Criminal Code of 2012 relating to
the offense of reckless homicide or a similar out-of-state offense, the
person may never apply for a license or permit.

(d)(1) Whenever a person under the age of 21 is convicted under
Section 11-501 of this Code or a similar provision of a local ordinance or a
similar out-of-state offense, the Secretary of State shall revoke the driving
privileges of that person. One year after the date of revocation, and upon
application, the Secretary of State may, if satisfied that the person applying
will not endanger the public safety or welfare, issue a restricted driving
permit granting the privilege of driving a motor vehicle only between the
hours of 5 a.m. and 9 p.m. or as otherwise provided by this Section for a
period of one year. After this one year period, and upon reapplication for a
license as provided in Section 6-106, upon payment of the appropriate
reinstatement fee provided under paragraph (b) of Section 6-118, the
Secretary of State, in his discretion, may reinstate the petitioner's driver's
license and driving privileges, or extend the restricted driving permit as
many times as the Secretary of State deems appropriate, by additional
periods of not more than 12 months each.

(2) If a person's license or permit is revoked or suspended
due to 2 or more convictions of violating Section 11-501 of this
Code or a similar provision of a local ordinance or a similar out-of-
state offense, or Section 9-3 of the Criminal Code of 1961 or the
Criminal Code of 2012, where the use of alcohol or other drugs is
recited as an element of the offense, or a similar out-of-state
offense, or a combination of these offenses, arising out of separate
occurrences, that person, if issued a restricted driving permit, may
not operate a vehicle unless it has been equipped with an ignition
interlock device as defined in Section 1-129.1.
(3) If a person's license or permit is revoked or suspended 2 or more times within a 10 year period due to any combination of:
   (A) a single conviction of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense; or
   (B) a statutory summary suspension or revocation under Section 11-501.1; or
   (C) a suspension pursuant to Section 6-203.1; arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(4) The person issued a permit conditioned upon the use of an interlock device must pay to the Secretary of State DUI Administration Fund an amount not to exceed $30 per month. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees.

(5) If the restricted driving permit is issued for employment purposes, then the prohibition against driving a vehicle that is not equipped with an ignition interlock device does not apply to the operation of an occupational vehicle owned or leased by that person's employer when used solely for employment purposes.

(6) A restricted driving permit issued under this Section shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued under this Code may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit.

(d-5) The revocation of the license, permit, or driving privileges of a person convicted of a third or subsequent violation of Section 6-303 of this Code committed while his or her driver's license, permit, or privilege was revoked because of a violation of Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, relating to the offense of reckless...
homicide, or a similar provision of a law of another state, is permanent. The Secretary may not, at any time, issue a license or permit to that person.

(e) This Section is subject to the provisions of the Driver License Compact.

(f) Any revocation imposed upon any person under subsections 2 and 3 of paragraph (b) that is in effect on December 31, 1988 shall be converted to a suspension for a like period of time.

(g) The Secretary of State shall not issue a restricted driving permit to a person under the age of 16 years whose driving privileges have been revoked under any provisions of this Code.

(h) The Secretary of State shall require the use of ignition interlock devices on all vehicles owned by a person who has been convicted of a second or subsequent offense under Section 11-501 of this Code or a similar provision of a local ordinance. The person must pay to the Secretary of State DUI Administration Fund an amount not to exceed $30 for each month that he or she uses the device. The Secretary shall establish by rule and regulation the procedures for certification and use of the interlock system, the amount of the fee, and the procedures, terms, and conditions relating to these fees.

The application for a meter-exempt parking decal or device shall contain a statement certified by a licensed physician, physician assistant, or advanced practice nurse attesting to the permanent nature of the applicant's condition and verifying that the applicant meets the physical qualifications specified in this subsection (c-5).

Notwithstanding the requirements of this subsection (c-5), the Secretary shall issue a meter-exempt decal or device to a person who has been issued registration plates under Section 3-616 of this Code or a special decal or device under this Section, if the applicant is the parent or guardian of a person with disabilities who is under 18 years of age and incapable of driving.

(d) Replacement decals or devices may be issued for lost, stolen, or destroyed decals upon application and payment of a $10 fee. The replacement fee may be waived for individuals that have claimed and received a grant under the Senior Citizens and Persons with Disabilities Disabled Persons Property Tax Relief Act.

However, the Secretary shall take reasonable steps to ensure the veteran still resides in this State at the time of the renewal. These steps may include requiring the veteran to provide additional documentation or to appear at a Secretary of State facility. To identify veterans who are eligible for this exemption, the Secretary shall compare the list of the persons who have been issued a decal or device to the list of persons who have been issued a disabled veteran vehicle registration plate for veterans with disabilities under Section 3-609 of this Code, or who are identified as a veteran on their driver's license under Section 6-110 of this Code or on their identification card under Section 4 of the Illinois Identification Card Act.

It is a violation of this Section to park in a space reserved for a person with disabilities if the authorized holder of the disability license plate or parking decal or device does not enter or exit the vehicle at the time the parking privileges are being used. Any motor vehicle properly displaying a disability license plate or a parking decal or device containing the International symbol of access issued to persons with disabilities by any local authority, state, district, territory or foreign country shall be recognized by State and local authorities as a valid license plate or device and receive the same parking privileges as residents of this State.

If the amount of the fine is subsequently changed, the municipality shall change the sign to indicate the current amount of the fine. It shall not be a defense to a charge under this Section that either the sign posted pursuant to this Section or the intended accessible parking place does not comply with the technical requirements of Section 11-301, Department regulations, or local ordinance if a reasonable person would be made aware by the sign or notice on or near the parking place that the place is reserved for a person with disabilities.

(c-1) Any person found guilty of violating the provisions of subsection (a-1) a first time shall be fined $600. Any person found guilty of violating subsection (a-1) a second or subsequent time shall be fined $1,000. If an officer of the Secretary of State Department of Police arrested a person for a violation of this Section, 50% of the fine imposed shall be deposited into the Secretary of State Police Services Fund.

(625 ILCS 45/3A-15) (from Ch. 95 1/2, par. 313A-15)

Sec. 3A-15. Transfer by operation of law.

1975, as amended, the transferee shall promptly mail or deliver to the Department of Natural Resources, within 120 days, the last certificate of title, if available, the documentation required under the provisions of the Probate Act of 1975, as amended, and an application for certificate of title. The transfer may be to the transferee or to the nominee of the transferee.

(c) If the interest of an owner in a watercraft passes to another under other provisions of the Probate Act of 1975, as amended, and the transfer is made by an executor, administrator, or guardian for a person with a disability, such transferee shall promptly mail or deliver to the Department of Natural Resources, the last certificate of title, if available, and a certified copy of the letters testamentary, letters of administration or letters of guardianship, as the case may be, and an application for certificate of title. Such application shall be made before the estate is closed. The transfer may be to the transferee or to the nominee of the transferee.

(d) If the interest of an owner in joint tenancy passes to the other joint tenant with survivorship rights as provided by law, the transferee shall promptly mail or deliver to the Department of Natural Resources, the last certificate of title, if available, proof of death of the one joint tenant and survivorship of the surviving joint tenant, and an application for certificate of title. Such application shall be made within 120 days after the death of the joint tenant. The transfer may be to the transferee or to the nominee of the transferee.

(e) If the interest of the owner is terminated or the watercraft is sold under a security agreement by a lienholder named in the certificate of title, the transferee shall promptly mail or deliver within 15 days to the Department of Natural Resources the last certificate of title, his or her application for a new certificate in the form the Department prescribes, and an affidavit made by or on behalf of the lienholder that the watercraft was repossessed and that the interest of the owner was lawfully terminated or sold pursuant to the terms of the security agreement. In all cases wherein a lienholder has found it necessary to repossess a watercraft and desires to obtain certificate of title for such watercraft in the name of such lienholder, the Department of Natural Resources shall not issue a certificate of title to such lienholder unless the person from whom such watercraft has been repossessed, is shown to be the last registered owner of such watercraft and such lienholder establishes to the satisfaction of the Department that he or she is entitled to such certificate of title.

(f) A person holding a certificate of title whose interest in the watercraft has been extinguished or transferred other than by voluntary transfer shall mail or deliver the certificate within 15 days upon request of the Department of Natural Resources. The delivery of the certificate pursuant to the request of the Department of Natural Resources does not affect the rights of the person surrendering the certificate, and the action of the Department in issuing a new certificate of title as provided herein is not conclusive upon the rights of an owner or lienholder named in the old certificate.

(g) The Department of Natural Resources may decline to process any application for a transfer of an interest hereunder if any fees or taxes due under this Act from the transferor or the transferee have not been paid upon reasonable notice and demand.

(h) The Department of Natural Resources shall not be held civilly or criminally liable to any person because any purported transferor may not have had the power or authority to make a transfer of any interest in any watercraft.

2. before a jury impanelled for the purpose of the proceeding if:

Any information relevant to any additional aggravating factors or any mitigating factors indicated in subsection (c) may be

presented by the State or defendant regardless of its admissibility under the rules governing the admission of evidence at criminal trials. The State and the defendant shall be given fair opportunity to rebut any information received at the hearing.

(f) Proof.

The burden of proof of establishing the existence of any of the factors set forth in subsection (b) is on the State and shall not be satisfied unless established beyond a reasonable doubt.

(g) Procedure - Jury.

If at the separate sentencing proceeding the jury finds that none of the factors set forth in subsection (b) exists, the court shall sentence the defendant to a term of imprisonment under Chapter V of the Unified Code of Corrections. If there is a unanimous finding by the jury that one or more of the factors set forth in subsection (b) exist, the jury shall consider aggravating and mitigating factors as instructed by the court and shall determine whether the sentence of death shall be imposed. If the jury determines unanimously, after weighing the factors in aggravation and mitigation, that death is the appropriate sentence, the court shall sentence the defendant to death. If the court does not concur with the jury determination that death is the appropriate sentence, the court shall set forth reasons in writing including what facts or circumstances the court relied upon, along with any relevant documents, that compelled the court to non-concur with the sentence. This document and any attachments shall be part of the record for appellate review. The court shall be bound by the jury's sentencing determination.

If after weighing the factors in aggravation and mitigation, one or more jurors determines that death is not the appropriate sentence, the court shall sentence the defendant to a term of imprisonment under Chapter V of the Unified Code of Corrections.

(h) Procedure - No Jury.

In a proceeding before the court alone, if the court finds that none of the factors found in subsection (b) exists, the court shall sentence the defendant to a term of imprisonment under Chapter V of the Unified Code of Corrections.

If the Court determines that one or more of the factors set forth in subsection (b) exists, the Court shall consider any aggravating and mitigating factors as indicated in subsection (c). If the Court determines, after weighing the factors in aggravation and mitigation, that death is the appropriate sentence, the Court shall sentence the defendant to death.

If the court finds that death is not the appropriate sentence, the court shall sentence the defendant to a term of imprisonment under Chapter V of the Unified Code of Corrections.

(h-5) Decertification as a capital case.

In a case in which the defendant has been found guilty of first degree murder by a judge or jury, or a case on remand for resentencing, and the State seeks the death penalty as an appropriate sentence, on the court's own motion or the written motion of the defendant, the court may decertify the case as a death penalty case if the court finds that the only evidence supporting the defendant's conviction is the uncorroborated testimony of an informant witness, as defined in Section 115-21 of the Code of Criminal Procedure of 1963, concerning the confession or admission of the defendant or that the sole evidence against the defendant is a single eyewitness or single accomplice without any other corroborating evidence. If the court decertifies the case as a capital case under either of the grounds set forth above, the court shall issue a written finding. The State may pursue its right to appeal the decertification pursuant to Supreme Court Rule 604(a)(1). If the court does not decertify the case as a capital case, the matter shall proceed to the eligibility phase of the sentencing hearing.

(i) Appellate Procedure.

The conviction and sentence of death shall be subject to automatic review by the Supreme Court. Such review shall be in accordance with rules promulgated by the Supreme Court. The Illinois Supreme Court may overturn the death sentence, and order the imposition of imprisonment under Chapter V of the Unified Code of Corrections if the court finds that the death sentence is fundamentally unjust as applied to the particular case. If the Illinois Supreme Court finds that the death sentence is fundamentally unjust as applied to the particular case, independent of any procedural grounds for relief, the Illinois Supreme Court shall issue a written opinion explaining this finding.

(j) Disposition of reversed death sentence.

In the event that the death penalty in this Act is held to be unconstitutional by the Supreme Court of the United States or of the State of Illinois, any person convicted of first degree murder shall be sentenced by the court to a term of imprisonment under Chapter V of the Unified Code of Corrections.

In the event that any death sentence pursuant to the sentencing provisions of this Section is declared unconstitutional by the Supreme Court, the conviction and sentence of death shall be subject to automatic review by the Supreme Court.
Court of the United States or of the State of Illinois, the court having jurisdiction over a person previously sentenced to death shall cause the defendant to be brought before the court, and the court shall sentence the defendant to a term of imprisonment under Chapter V of the Unified Code of Corrections.

(k) Guidelines for seeking the death penalty.

The Attorney General and State's Attorneys Association shall consult on voluntary guidelines for procedures governing whether or not to seek the death penalty. The guidelines do not have the force of law and are only advisory in nature.

Sec. 10-5. Child abduction.

(a) For purposes of this Section, the following terms have the following meanings:

(1) "Child" means a person who, at the time the alleged violation occurred, was under the age of 18 or was a person with a severe or profound intellectual disability severely or profoundly intellectually disabled.

New matter indicated by italics - deletions by strikeout
(2) "Detains" means taking or retaining physical custody of a child, whether or not the child resists or objects.

(2.1) "Express consent" means oral or written permission that is positive, direct, and unequivocal, requiring no inference or implication to supply its meaning.

(2.2) "Luring" means any knowing act to solicit, entice, tempt, or attempt to attract the minor.

(3) "Lawful custodian" means a person or persons granted legal custody of a child or entitled to physical possession of a child pursuant to a court order. It is presumed that, when the parties have never been married to each other, the mother has legal custody of the child unless a valid court order states otherwise. If an adjudication of paternity has been completed and the father has been assigned support obligations or visitation rights, such a paternity order should, for the purposes of this Section, be considered a valid court order granting custody to the mother.

(4) "Putative father" means a man who has a reasonable belief that he is the father of a child born of a woman who is not his wife.

(5) "Unlawful purpose" means any misdemeanor or felony violation of State law or a similar federal or sister state law or local ordinance.

(b) A person commits the offense of child abduction when he or she does any one of the following:

(1) Intentionally violates any terms of a valid court order granting sole or joint custody, care, or possession to another by concealing or detaining the child or removing the child from the jurisdiction of the court.

(2) Intentionally violates a court order prohibiting the person from concealing or detaining the child or removing the child from the jurisdiction of the court.

(3) Intentionally conceals, detains, or removes the child without the consent of the mother or lawful custodian of the child if the person is a putative father and either: (A) the paternity of the child has not been legally established or (B) the paternity of the child has been legally established but no orders relating to custody have been entered. Notwithstanding the presumption created by paragraph (3) of subsection (a), however, a mother commits child abduction when she intentionally conceals or removes a child,
whom she has abandoned or relinquished custody of, from an unadjudicated father who has provided sole ongoing care and custody of the child in her absence.

(4) Intentionally conceals or removes the child from a parent after filing a petition or being served with process in an action affecting marriage or paternity but prior to the issuance of a temporary or final order determining custody.

(5) At the expiration of visitation rights outside the State, intentionally fails or refuses to return or impedes the return of the child to the lawful custodian in Illinois.

(6) Being a parent of the child, and if the parents of that child are or have been married and there has been no court order of custody, knowingly conceals the child for 15 days, and fails to make reasonable attempts within the 15-day period to notify the other parent as to the specific whereabouts of the child, including a means by which to contact the child, or to arrange reasonable visitation or contact with the child. It is not a violation of this Section for a person fleeing domestic violence to take the child with him or her to housing provided by a domestic violence program.

(7) Being a parent of the child, and if the parents of the child are or have been married and there has been no court order of custody, knowingly conceals, detains, or removes the child with physical force or threat of physical force.

(8) Knowingly conceals, detains, or removes the child for payment or promise of payment at the instruction of a person who has no legal right to custody.

(9) Knowingly retains in this State for 30 days a child removed from another state without the consent of the lawful custodian or in violation of a valid court order of custody.

(10) Intentionally lures or attempts to lure a child: (A) under the age of 17 or (B) while traveling to or from a primary or secondary school into a motor vehicle, building, housetrailer, or dwelling place without the consent of the child's parent or lawful custodian for other than a lawful purpose. For the purposes of this item (10), the trier of fact may infer that luring or attempted luring of a child under the age of 17 into a motor vehicle, building, housetrailer, or dwelling place without the express consent of the child's parent or lawful custodian or with the intent to avoid the
express consent of the child's parent or lawful custodian was for other than a lawful purpose.

(11) With the intent to obstruct or prevent efforts to locate the child victim of a child abduction, knowingly destroys, alters, conceals, or disguises physical evidence or furnishes false information.

(c) It is an affirmative defense to subsections (b)(1) through (b)(10) of this Section that:

1. the person had custody of the child pursuant to a court order granting legal custody or visitation rights that existed at the time of the alleged violation;

2. the person had physical custody of the child pursuant to a court order granting legal custody or visitation rights and failed to return the child as a result of circumstances beyond his or her control, and the person notified and disclosed to the other parent or legal custodian the specific whereabouts of the child and a means by which the child could be contacted or made a reasonable attempt to notify the other parent or lawful custodian of the child of those circumstances and made the disclosure within 24 hours after the visitation period had expired and returned the child as soon as possible;

3. the person was fleeing an incidence or pattern of domestic violence; or

4. the person lured or attempted to lure a child under the age of 17 into a motor vehicle, building, houstrailer, or dwelling place for a lawful purpose in prosecutions under paragraph (10) of subsection (b).

(d) A person convicted of child abduction under this Section is guilty of a Class 4 felony. A person convicted of child abduction under subsection (b)(10) shall undergo a sex offender evaluation prior to a sentence being imposed. A person convicted of a second or subsequent violation of paragraph (10) of subsection (b) of this Section is guilty of a Class 3 felony. A person convicted of child abduction under subsection (b)(10) when the person has a prior conviction of a sex offense as defined in the Sex Offender Registration Act or any substantially similar federal, Uniform Code of Military Justice, sister state, or foreign government offense is guilty of a Class 2 felony. It is a factor in aggravation under subsections (b)(1) through (b)(10) of this Section for which a court may impose a more severe sentence under Section 5-8-1 (730 ILCS 5/5-8-1) or

New matter indicated by italics - deletions by strikeout
Article 4.5 of Chapter V of the Unified Code of Corrections if, upon sentencing, the court finds evidence of any of the following aggravating factors:

(1) that the defendant abused or neglected the child following the concealment, detention, or removal of the child;
(2) that the defendant inflicted or threatened to inflict physical harm on a parent or lawful custodian of the child or on the child with intent to cause that parent or lawful custodian to discontinue criminal prosecution of the defendant under this Section;
(3) that the defendant demanded payment in exchange for return of the child or demanded that he or she be relieved of the financial or legal obligation to support the child in exchange for return of the child;
(4) that the defendant has previously been convicted of child abduction;
(5) that the defendant committed the abduction while armed with a deadly weapon or the taking of the child resulted in serious bodily injury to another; or
(6) that the defendant committed the abduction while in a school, regardless of the time of day or time of year; in a playground; on any conveyance owned, leased, or contracted by a school to transport students to or from school or a school related activity; on the real property of a school; or on a public way within 1,000 feet of the real property comprising any school or playground. For purposes of this paragraph (6), "playground" means a piece of land owned or controlled by a unit of local government that is designated by the unit of local government for use solely or primarily for children's recreation; and "school" means a public or private elementary or secondary school, community college, college, or university.

(e) The court may order the child to be returned to the parent or lawful custodian from whom the child was concealed, detained, or removed. In addition to any sentence imposed, the court may assess any reasonable expense incurred in searching for or returning the child against any person convicted of violating this Section.

(f) Nothing contained in this Section shall be construed to limit the court's contempt power.
(g) Every law enforcement officer investigating an alleged incident of child abduction shall make a written police report of any bona fide allegation and the disposition of that investigation. Every police report completed pursuant to this Section shall be compiled and recorded within the meaning of Section 5.1 of the Criminal Identification Act.

(h) Whenever a law enforcement officer has reasons to believe a child abduction has occurred, she or he shall provide the lawful custodian a summary of her or his rights under this Code, including the procedures and relief available to her or him.

(i) If during the course of an investigation under this Section the child is found in the physical custody of the defendant or another, the law enforcement officer shall return the child to the parent or lawful custodian from whom the child was concealed, detained, or removed, unless there is good cause for the law enforcement officer or the Department of Children and Family Services to retain temporary protective custody of the child pursuant to the Abused and Neglected Child Reporting Act.

(g) Re-enactment; findings; purposes.

(1) The General Assembly finds and declares that:

(ii) In addition, Public Act 88-680 was entitled "AN ACT to create a Safe Neighborhoods Law". (A) Article 5 was entitled JUVENILE JUSTICE and amended the Juvenile Court Act of 1987. (B) Article 15 was entitled GANGS and amended various provisions of the Criminal Code of 1961 and the Unified Code of Corrections. (C) Article 20 was entitled ALCOHOL ABUSE and amended various provisions of the Illinois Vehicle Code. (D) Article 25 was entitled DRUG ABUSE and amended the Cannabis Control Act and the Illinois Controlled Substances Act. the Unified Code of Corrections. (G) Article 40 amended the Criminal Code of 1961 to increase the penalty for compelling organization membership of persons. (H) Article 45 created the Secure Residential Youth Care Facility Licensing Act and amended the State Finance Act, the Juvenile Court Act of 1987, the Unified Code of Corrections, and the Private Correctional Facility Moratorium Act. (I) Article 50 amended the WIC Vendor Management Act, the Firearm Owners Identification Card Act, the Juvenile Court Act of 1987, the Criminal Code of 1961, the Wrongs to Children Act, and the Unified Code of Corrections.

(iii) On September 22, 1998, the Third District Appellate Court in People v. Dainty, 701 N.E. 2d 118, ruled that Public Act 88-680 violates the single subject clause of the Illinois Constitution (Article IV, Section 8 (d)) and was unconstitutional in its entirety. As of the time this amendatory Act of 1999 was prepared, People v. Dainty was still subject to appeal.

(iv) Child pornography is a vital concern to the people of this State and the validity of future prosecutions under the child pornography statute of the Criminal Code of 1961 is in grave doubt.

(2) It is the purpose of this amendatory Act of 1999 to prevent or minimize any problems relating to prosecutions for child pornography that may result from challenges to the constitutional validity of Public Act 88-680 by re-enacting the Section relating to child pornography that was included in Public Act 88-680.

(3) This amendatory Act of 1999 re-enacts Section 11-20.1 of the Criminal Code of 1961, as it has been amended. This re-enactment is intended to remove any question as to the validity or content of that Section; it is not intended to supersede any other Public Act that amends the text of the Section as set forth in this amendatory Act of 1999. The material is shown as existing text (i.e., without underscoring) because, as of the time this amendatory Act of 1999 was prepared, People v. Dainty was subject to appeal to the Illinois Supreme Court.

(4) The re-enactment by this amendatory Act of 1999 of Section 11-20.1 of the Criminal Code of 1961 relating to child pornography that was amended by Public Act 88-680 is not intended, and shall not be construed, to imply that Public Act 88-680 is invalid or to limit or impair any legal argument concerning whether those provisions were substantially re-enacted by other Public Acts.

Sec. 110-5. Determining the amount of bail and conditions of release.

New matter indicated by italics - deletions by strikeout
(a) In determining the amount of monetary bail or conditions of release, if any, which will reasonably assure the appearance of a defendant as required or the safety of any other person or the community and the likelihood of compliance by the defendant with all the conditions of bail, the court shall, on the basis of available information, take into account such matters as the nature and circumstances of the offense charged, whether the evidence shows that as part of the offense there was a use of violence or threatened use of violence, whether the offense involved corruption of public officials or employees, whether there was physical harm or threats of physical harm to any public official, public employee, judge, prosecutor, juror or witness, senior citizen, child, or person with a disability handicapped person, whether evidence shows that during the offense or during the arrest the defendant possessed or used a firearm, machine gun, explosive or metal piercing ammunition or explosive bomb device or any military or paramilitary armament, whether the evidence shows that the offense committed was related to or in furtherance of the criminal activities of an organized gang or was motivated by the defendant's membership in or allegiance to an organized gang, the condition of the victim, any written statement submitted by the victim or proffer or representation by the State regarding the impact which the alleged criminal conduct has had on the victim and the victim's concern, if any, with further contact with the defendant if released on bail, whether the offense was based on racial, religious, sexual orientation or ethnic hatred, the likelihood of the filing of a greater charge, the likelihood of conviction, the sentence applicable upon conviction, the weight of the evidence against such defendant, whether there exists motivation or ability to flee, whether there is any verification as to prior residence, education, or family ties in the local jurisdiction, in another county, state or foreign country, the defendant's employment, financial resources, character and mental condition, past conduct, prior use of alias names or dates of birth, and length of residence in the community, the consent of the defendant to periodic drug testing in accordance with Section 110-6.5, whether a foreign national defendant is lawfully admitted in the United States of America, whether the government of the foreign national maintains an extradition treaty with the United States by which the foreign government will extradite to the United States its national for a trial for a crime allegedly committed in the United States, whether the defendant is currently subject to deportation or exclusion under the immigration laws of the United States, whether the defendant, although a United States citizen,
is considered under the law of any foreign state a national of that state for the purposes of extradition or non-extradition to the United States, the amount of unrecovered proceeds lost as a result of the alleged offense, the source of bail funds tendered or sought to be tendered for bail, whether from the totality of the court's consideration, the loss of funds posted or sought to be posted for bail will not deter the defendant from flight, whether the evidence shows that the defendant is engaged in significant possession, manufacture, or delivery of a controlled substance or cannabis, either individually or in consort with others, whether at the time of the offense charged he or she was on bond or pre-trial release pending trial, probation, periodic imprisonment or conditional discharge pursuant to this Code or the comparable Code of any other state or federal jurisdiction, whether the defendant is on bond or pre-trial release pending the imposition or execution of sentence or appeal of sentence for any offense under the laws of Illinois or any other state or federal jurisdiction, whether the defendant is under parole, aftercare release, mandatory supervised release, or work release from the Illinois Department of Corrections or Illinois Department of Juvenile Justice or any penal institution or corrections department of any state or federal jurisdiction, the defendant's record of convictions, whether the defendant has been convicted of a misdemeanor or ordinance offense in Illinois or similar offense in other state or federal jurisdiction within the 10 years preceding the current charge or convicted of a felony in Illinois, whether the defendant was convicted of an offense in another state or federal jurisdiction that would be a felony if committed in Illinois within the 20 years preceding the current charge or has been convicted of such felony and released from the penitentiary within 20 years preceding the current charge if a penitentiary sentence was imposed in Illinois or other state or federal jurisdiction, the defendant's records of juvenile adjudication of delinquency in any jurisdiction, any record of appearance or failure to appear by the defendant at court proceedings, whether there was flight to avoid arrest or prosecution, whether the defendant escaped or attempted to escape to avoid arrest, whether the defendant refused to identify himself or herself, or whether there was a refusal by the defendant to be fingerprinted as required by law. Information used by the court in its findings or stated in or offered in connection with this Section may be by way of proffer based upon reliable information offered by the State or defendant. If the State presents evidence that the offense committed by the defendant was related to or in furtherance of the criminal activities of an organized gang or was motivated by the defendant's membership in or allegiance to an organized gang, and if the court determines that the evidence may be substantiated, the court shall prohibit the defendant from associating with other members of the organized gang as a condition of bail or release. For the purposes of this Section, "organized gang" has the meaning ascribed to it in Section 10 of the Illinois Streetgang Terrorism Omnibus Prevention Act.

(b) The amount of bail shall be:

(1) Sufficient to assure compliance with the conditions set forth in the bail bond, which shall include the defendant's current address with a written admonishment to the defendant that he or she must comply with the provisions of Section 110-12 regarding any change in his or her address. The defendant's address shall at all times remain a matter of public record with the clerk of the court.

(2) Not oppressive.

(3) Considerate of the financial ability of the accused.

(4) When a person is charged with a drug related offense involving possession or delivery of cannabis or possession or delivery of a controlled substance as defined in the Cannabis Control Act, the Illinois Controlled Substances Act, or the Methamphetamine Control and Community Protection Act, the full street value of the drugs seized shall be considered. "Street value" shall be determined by the court on the basis of a proffer by the State based upon reliable information of a law enforcement official contained in a written report as to the amount seized and such proffer may be used by the court as to the current street value of the smallest unit of the drug seized.

(b-5) Upon the filing of a written request demonstrating reasonable cause, the State's Attorney may request a source of bail hearing either before or after the posting of any funds. If the hearing is granted, before the posting of any bail, the accused must file a written notice requesting that the court conduct a source of bail hearing. The notice must be accompanied by justifying affidavits stating the legitimate and lawful source of funds for bail. At the hearing, the court shall inquire into any matters stated in any justifying affidavits, and may also inquire into
matters appropriate to the determination which shall include, but are not limited to, the following:

(1) the background, character, reputation, and relationship to the accused of any surety; and

(2) the source of any money or property deposited by any surety, and whether any such money or property constitutes the fruits of criminal or unlawful conduct; and

(4) the background, character, reputation, and relationship to the accused of the person posting cash bail.

Upon setting the hearing, the court shall examine, under oath, any persons who may possess material information.

The State's Attorney has a right to attend the hearing, to call witnesses and to examine any witness in the proceeding. The court shall, upon request of the State's Attorney, continue the proceedings for a reasonable period to allow the State's Attorney to investigate the matter raised in any testimony or affidavit. If the hearing is granted after the accused has posted bail, the court shall conduct a hearing consistent with this subsection (b-5). At the conclusion of the hearing, the court must issue an order either approving or disapproving the bail.

(c) When a person is charged with an offense punishable by fine only the amount of the bail shall not exceed double the amount of the maximum penalty.

(e) The State may appeal any order granting bail or setting a given amount for bail.

(f) When a person is charged with a violation of an order of protection under Section 12-3.4 or 12-30 of the Criminal Code of 1961 or the Criminal Code of 2012 or when a person is charged with domestic battery, aggravated domestic battery, kidnapping, aggravated kidnaping, unlawful restraint, aggravated unlawful restraint, stalking, aggravated stalking, cyberstalking, harassment by telephone, harassment through electronic communications, or an attempt to commit first degree murder committed against an intimate partner regardless whether an order of protection has been issued against the person,
(1) whether the alleged incident involved harassment or abuse, as defined in the Illinois Domestic Violence Act of 1986;
(2) whether the person has a history of domestic violence, as defined in the Illinois Domestic Violence Act, or a history of other criminal acts;
(3) based on the mental health of the person;
(4) whether the person has a history of violating the orders of any court or governmental entity;
(5) whether the person has been, or is, potentially a threat to any other person;
(6) whether the person has access to deadly weapons or a history of using deadly weapons;
(7) whether the person has a history of abusing alcohol or any controlled substance;

(9) whether a separation of the person from the alleged victim or a termination of the relationship between the person and the alleged victim has recently occurred or is pending;

(11) whether the person has expressed suicidal or homicidal ideations;
(12) based on any information contained in the complaint and any police reports, affidavits, or other documents accompanying the complaint, the court may, in its discretion, order the respondent to undergo a risk assessment evaluation using a recognized, evidence-based instrument conducted by an Illinois Department of Human Services approved partner abuse intervention program provider, pretrial service, probation, or parole agency. These agencies shall have access to summaries of the defendant's criminal history, which shall not include victim interviews or information, for the risk evaluation. Based on the information collected from the 12...
points to be considered at a bail hearing under this subsection (f), the results of any risk evaluation conducted and the other circumstances of the violation, the court may order that the person, as a condition of bail, be placed under electronic surveillance as provided in Section 5-8A-7 of the Unified Code of Corrections. Upon making a determination whether or not to order the respondent to undergo a risk assessment evaluation or to be placed under electronic surveillance and risk assessment, the court shall document in the record the court's reasons for making those determinations. The cost of the electronic surveillance and risk assessment shall be paid by, or on behalf, of the defendant. As used in this subsection (f), "intimate partner" means a spouse or a current or former partner in a cohabitation or dating relationship.

(725 ILCS 5/114-15)

(a) In a first degree murder case in which the State seeks the death penalty as an appropriate sentence, any party may raise the issue of the defendant's intellectual disabilities by motion. A defendant wishing to raise the issue of his or her intellectual disabilities shall provide written notice to the State and the court as soon as the defendant reasonably believes such issue will be raised.

(b) The issue of the defendant's intellectual disabilities shall be determined in a pretrial hearing. The court shall be the fact finder on the issue of the defendant's intellectual disabilities and shall determine the issue by a preponderance of evidence in which the moving party has the burden of proof. The court may appoint an expert in the field of intellectual disabilities. The defendant and the State may offer experts from the field of intellectual disabilities. The court shall determine admissibility of evidence and qualification as an expert.

(c) If after a plea of guilty to first degree murder, or a finding of guilty of first degree murder in a bench trial, or a verdict of guilty for first degree murder in a jury trial, or on a matter remanded from the Supreme Court for sentencing for first degree murder, and the State seeks the death penalty as an appropriate sentence, the defendant may raise the issue of defendant's intellectual disabilities not at eligibility but at aggravation and mitigation. The defendant and the State may offer experts from the field of intellectual disabilities. The court shall determine admissibility of evidence and qualification as an expert.

(d) In determining whether the defendant is a person with an intellectual disability intellectually disabled, the intellectual disability must have manifested itself by the age of 18. IQ tests and psychometric tests administered to the defendant must be the kind and type recognized by experts in the field of intellectual disabilities. In order for the defendant to be considered a person with an intellectual disability intellectually disabled, a low IQ must be accompanied by significant deficits in adaptive behavior in at least 2 of the following skill areas: communication, self-care, social or interpersonal skills, home living, self-direction, academics, health and safety, use of community resources, and work. An intelligence quotient (IQ) of 75 or below is presumptive evidence of an intellectual disability.

(e) Evidence of an intellectual disability that did not result in disqualifying the case as a capital case, may be introduced as evidence in mitigation during a capital sentencing hearing. A failure of the court to determine that the defendant is a person with an intellectual disability intellectually disabled does not preclude the court during trial from allowing evidence relating to mental disability should the court deem it appropriate.

(f) If the court determines at a pretrial hearing or after remand that a capital defendant is a person with an intellectual disability intellectually disabled, and the State does not appeal pursuant to Supreme Court Rule 604, the case shall no longer be considered a capital case and the procedural guidelines established for capital cases shall no longer be applicable to the defendant. In that case, the defendant shall be sentenced under the sentencing provisions of Chapter V of the Unified Code of Corrections.

Each person committed or detained under this Act who receives services provided directly or funded by the Department and the estate of that person is liable for the payment of sums representing charges for services to the person at a rate to be determined by the Department. Services charges against that person take effect on the date of admission or the effective date of this Section. The Department in its rules may establish a maximum rate for the cost of services. In the case of any person who has received residential services from the Department, whether directly from the Department or through a public or private agency or entity funded by the Department, the liability shall be the same regardless of the source of services. When the person is placed in a facility outside the Department, the facility shall

collect reimbursement from the person. The Department may supplement the contribution of the person to private facilities after all other sources of income have been utilized; however the supplement shall not exceed the allowable rate under Title XVIII or Title XIX of the Federal Social Security Act for those persons eligible for those respective programs. The Department may pay the actual costs of services or maintenance in the facility and may collect reimbursement for the entire amount paid from the person or an amount not to exceed the maximum. Lesser or greater amounts may be accepted by the Department when conditions warrant that action or when offered by persons not liable under this Act. Nothing in this Section shall preclude the Department from applying federal benefits that are specifically provided for the care and treatment of a person with a disability toward the cost of care provided by a State facility or private agency. The Department may investigate the financial condition of each person committed under this Act, may make determinations of the ability of each such person to pay sums representing services charges, and for those purposes may set a standard as a basis of judgment of ability to pay. The Department shall by rule make provisions for unusual and exceptional circumstances in the application of that standard. The Department may issue to any person liable under this Act a statement of amount due as treatment charges requiring him or her to pay monthly, quarterly, or otherwise as may be arranged, an amount not exceeding that required under this Act, plus fees to which the Department may be entitled under this Act.

(a) Whenever an individual is covered, in part or in whole, under any type of insurance arrangement, private or public, for services provided by the Department, the proceeds from the insurance shall be considered as part of the individual's ability to pay notwithstanding that the insurance contract was entered into by a person other than the individual or that the premiums for the insurance were paid for by a person other than the individual. Remittances from intermediary agencies under Title XVIII of the Federal Social Security Act for services to committed persons shall be deposited with the State Treasurer and placed in the Mental Health Fund. Payments received from the Department of Healthcare and Family Services under Title XIX of the Federal Social Security Act for services to those persons shall be deposited with the State Treasurer and shall be placed in the General Revenue Fund.

(b) Any person who has been issued a Notice of Determination of sums due as services charges may petition the Department for a review of

that determination. The petition must be in writing and filed with the Department within 90 days from the date of the Notice of Determination. The Department shall provide for a hearing to be held on the charges for the period covered by the petition. The Department may after the hearing, cancel, modify, or increase the former determination to an amount not to exceed the maximum provided for the person by this Act. The Department at its expense shall take testimony and preserve a record of all proceedings at the hearing upon any petition for a release from or modification of the determination. The petition and other documents in the nature of pleadings and motions filed in the case, a transcript of testimony, findings of the Department, and orders of the Secretary constitute the record. The Secretary shall furnish a transcript of the record to any person upon payment of 75¢ per page for each original transcript and 25¢ per page for each copy of the transcript. Any person aggrieved by the decision of the Department upon a hearing may, within 30 days thereafter, file a petition with the Department for review of the decision by the Board of Reimbursement Appeals established in the Mental Health and Developmental Disabilities Code. The Board of Reimbursement Appeals may approve action taken by the Department or may remand the case to the Secretary with recommendation for redetermination of charges.

(c) Upon receiving a petition for review under subsection (b) of this Section, the Department shall thereupon notify the Board of Reimbursement Appeals which shall render its decision thereon within 30 days after the petition is filed and certify such decision to the Department. Concurrence of a majority of the Board is necessary in any such decision. Upon request of the Department, the State's Attorney of the county in which a client who is liable under this Act for payment of sums representing services charges resides, shall institute appropriate legal action against any such client, or within the time provided by law shall file a claim against the estate of the client who fails or refuses to pay those charges. The court shall order the payment of sums due for services charges for such period or periods of time as the circumstances require. The order may be entered against any defendant and may be based upon the proportionate ability of each defendant to contribute to the payment of sums representing services charges including the actual charges for services in facilities outside the Department where the Department has paid those charges. Orders for the payment of money may be enforced by attachment as for contempt against the persons of the defendants and, in

(a) General rule. Except as provided otherwise in this Section, no person who, without compensation and as a volunteer, renders services as a manager, coach, instructor, umpire or referee or who, without compensation and as a volunteer, assists a manager, coach, instructor, umpire or referee in a sports program of a nonprofit association, shall be liable to any person for any civil damages as a result of any acts or

omissions in rendering such services or in conducting or sponsoring such sports program, unless the conduct of such person falls substantially below the standards generally practiced and accepted in like circumstances by similar persons rendering such services or conducting or sponsoring such sports programs, and unless it is shown that such person did an act or omitted the doing of an act which such person was under a recognized duty to another to do, knowing or having reason to know that such act or omission created a substantial risk of actual harm to the person or property of another. It shall be insufficient to impose liability to establish only that the conduct of such person fell below ordinary standards of care.

(b) Exceptions.

(1) Nothing in this Section shall be construed as affecting or modifying the liability of such person or a nonprofit association for any of the following:

(i) Acts or omissions relating to the transportation of participants in a sports program or others to or from a game, event or practice.

(ii) Acts or omissions relating to the care and maintenance of real estate unrelated to the practice or playing areas which such persons or nonprofit associations own, possess or control.

(2) Nothing in this Section shall be construed as affecting or modifying any existing legal basis for determining the liability, or any defense thereto, of any person not covered by the standard of negligence established by this Section.

(c) Assumption of risk or comparative fault. Nothing in this Section shall be construed as affecting or modifying the doctrine of assumption of risk or comparative fault on the part of the participant.

(d) Definitions. As used in this Act the following words and phrases shall have the meanings given to them in this subsection:

"Compensation" means any payment for services performed but does not include reimbursement for reasonable expenses actually incurred or to be incurred or, solely in the case of umpires or referees, a modest honorarium.

"Nonprofit association" means an entity which is organized as a not-for-profit corporation under the laws of this State or the United States or a nonprofit unincorporated association or any entity which is authorized to do business in this State as a not-for-profit corporation under the laws of this State, including, but not limited to, youth or athletic associations,
volunteer fire, ambulance, religious, charitable, fraternal, veterans, civic, county fair or agricultural associations, or any separately chartered auxiliary of the foregoing, if organized and operated on a nonprofit basis.

"Sports program" means baseball (including softball), football, basketball, soccer or any other competitive sport formally recognized as a sport by the United States Olympic Committee as specified by and under the jurisdiction of the Amateur Sports Act of 1978 (36 U.S.C. 371 et seq.), the Amateur Athletic Union or the National Collegiate Athletic Association. The term shall be limited to a program or that portion of a program that is organized for recreational purposes and whose activities are substantially for such purposes and which is primarily for participants who are 18 years of age or younger or whose 19th birthday occurs during the year of participation or the competitive season, whichever is longer. There shall, however, be no age limitation for programs operated for persons with physical or intellectual disabilities physically handicapped or intellectually disabled.

(e) Nothing in this Section is intended to bar any cause of action against a nonprofit association or change the liability of such an association which arises out of an act or omission of any person exempt from liability under this Act.

college education or professional or other training after graduation from high school, but also to any period during which the child of the parties is still attending high school, even though he or she attained the age of 19. The educational expenses may include, but shall not be limited to, room, board, dues, tuition, transportation, books, fees, registration and application costs, medical expenses including medical insurance, dental expenses, and living expenses during the school year and periods of recess, which sums may be ordered payable to the child, to either parent, or to the educational institution, directly or through a special account or trust created for that purpose, as the court sees fit.

If educational expenses are ordered payable, each parent and the child shall sign any consents necessary for the educational institution to provide the supporting parent with access to the child's academic transcripts, records, and grade reports. The consents shall not apply to any non-academic records. Failure to execute the required consent may be a basis for a modification or termination of any order entered under this Section. Unless the court specifically finds that the child's safety would be jeopardized, each parent is entitled to know the name of the educational institution the child attends. This amendatory Act of the 95th General Assembly applies to all orders entered under this paragraph (2) on or after the effective date of this amendatory Act of the 95th General Assembly.

(3) The financial resources of the child.
(4) The child's academic performance.

(c) Notice of a child custody proceeding, including an action for modification of a previous custody order, shall be given to the child's parents, guardian and custodian, who may appear, be heard, and file a responsive pleading. The court, upon showing of good cause, may permit intervention of other interested parties.

(f) The court shall, at the court's discretion or upon the request of any party entitled to petition for custody of the child, appoint a guardian ad litem to represent the best interest of the child for the duration of the custody proceeding or for any modifications of any custody orders entered. Nothing in this Section shall be construed to prevent the court from appointing the same guardian ad litem for 2 or more children that are siblings or half-siblings.

(750 ILCS 5/607) (from Ch. 40, par. 607)
Sec. 607. Visitation.

(a) A parent not granted custody of the child is entitled to reasonable visitation rights unless the court finds, after a hearing, that visitation would endanger seriously the child's physical, mental, moral or emotional health. If the custodian's street address is not identified,
pursuant to Section 708, the court shall require the parties to identify reasonable alternative arrangements for visitation by a non-custodial parent, including but not limited to visitation of the minor child at the residence of another person or at a local public or private facility.

(1) "Visitation" means in-person time spent between a child and the child's parent. In appropriate circumstances, it may include electronic communication under conditions and at times determined by the court.

(2) "Electronic communication" means time that a parent spends with his or her child during which the child is not in the parent's actual physical custody, but which is facilitated by the use of communication tools such as the telephone, electronic mail, instant messaging, video conferencing or other wired or wireless technologies via the Internet, or another medium of communication.

(a-3) Grandparents, great-grandparents, and siblings of a minor child, who is one year old or older, have standing to bring an action in circuit court by petition, requesting visitation in accordance with this Section. The term "sibling" in this Section means a brother, sister, stepbrother, or stepsister of the minor child. Grandparents, great-grandparents, and siblings also have standing to file a petition for visitation and any electronic communication rights in a pending dissolution proceeding or any other proceeding that involves custody or visitation issues, requesting visitation in accordance with this Section. A petition for visitation with a child by a person other than a parent must be filed in the county in which the child resides. Nothing in this subsection (a-3) and subsection (a-5) of this Section shall apply to a child in whose interests a petition is pending under Section 2-13 of the Juvenile Court Act of 1987 or a petition to adopt an unrelated child is pending under the Adoption Act.

(a-5)(1) Except as otherwise provided in this subsection (a-5), any grandparent, great-grandparent, or sibling may file a petition for visitation rights to a minor child if there is an unreasonable denial of visitation by a parent and at least one of the following conditions exists:

(A) (Blank);

(A-5) the child's other parent is deceased or has been missing for at least 3 months. For the purposes of this Section a parent is considered to be missing if the parent's location has not
been determined and the parent has been reported as missing to a law enforcement agency;

(A-10) a parent of the child is incompetent as a matter of law;

(A-15) a parent has been incarcerated in jail or prison during the 3 month period preceding the filing of the petition;

(B) the child's mother and father are divorced or have been legally separated from each other or there is pending a dissolution proceeding involving a parent of the child or another court proceeding involving custody or visitation of the child (other than any adoption proceeding of an unrelated child) and at least one parent does not object to the grandparent, great-grandparent, or sibling having visitation with the child. The visitation of the grandparent, great-grandparent, or sibling must not diminish the visitation of the parent who is not related to the grandparent, great-grandparent, or sibling seeking visitation;

(C) (Blank);

(D) the child is born out of wedlock, the parents are not living together, and the petitioner is a maternal grandparent, great-grandparent, or sibling of the child born out of wedlock; or

(E) the child is born out of wedlock, the parents are not living together, the petitioner is a paternal grandparent, great-grandparent, or sibling, and the paternity has been established by a court of competent jurisdiction.

(2) Any visitation rights granted pursuant to this Section before the filing of a petition for adoption of a child shall automatically terminate by operation of law upon the entry of an order terminating parental rights or granting the adoption of the child, whichever is earlier. If the person or persons who adopted the child are related to the child, as defined by Section 1 of the Adoption Act, any person who was related to the child as grandparent, great-grandparent, or sibling prior to the adoption shall have standing to bring an action pursuant to this Section requesting visitation with the child.

(3) In making a determination under this subsection (a-5), there is a rebuttable presumption that a fit parent's actions and decisions regarding grandparent, great-grandparent, or sibling visitation are not harmful to the child's mental, physical, or emotional health. The burden is on the party filing a petition under this Section to prove that the parent's actions and

New matter indicated by italics - deletions by strikeout
decisions regarding visitation times are harmful to the child's mental, physical, or emotional health.

(4) In determining whether to grant visitation, the court shall consider the following:

(A) the preference of the child if the child is determined to be of sufficient maturity to express a preference;
(B) the mental and physical health of the child;
(C) the mental and physical health of the grandparent, great-grandparent, or sibling;
(D) the length and quality of the prior relationship between the child and the grandparent, great-grandparent, or sibling;
(E) the good faith of the party in filing the petition;
(F) the good faith of the person denying visitation;
(G) the quantity of the visitation time requested and the potential adverse impact that visitation would have on the child's customary activities;
(H) whether the child resided with the petitioner for at least 6 consecutive months with or without the current custodian present;
(I) whether the petitioner had frequent or regular contact or visitation with the child for at least 12 consecutive months;
(J) any other fact that establishes that the loss of the relationship between the petitioner and the child is likely to harm the child's mental, physical, or emotional health; and
(K) whether the grandparent, great-grandparent, or sibling was a primary caretaker of the child for a period of not less than 6 consecutive months.

(5) The court may order visitation rights for the grandparent, great-grandparent, or sibling that include reasonable access without requiring overnight or possessory visitation.

(a-7)(1) Unless by stipulation of the parties, no motion to modify a grandparent, great-grandparent, or sibling visitation order may be made earlier than 2 years after the date the order was filed, unless the court permits it to be made on the basis of affidavits that there is reason to believe the child's present environment may endanger seriously the child's mental, physical, or emotional health.

(2) The court shall not modify an order that grants visitation to a grandparent, great-grandparent, or sibling unless it finds by clear and convincing evidence, upon the basis of facts that have arisen since the

New matter indicated by italics - deletions by strikeout
prior visitation order or that were unknown to the court at the time of entry of the prior visitation, that a change has occurred in the circumstances of the child or his or her custodian, and that the modification is necessary to protect the mental, physical, or emotional health of the child. The court shall state in its decision specific findings of fact in support of its modification or termination of the grandparent, great-grandparent, or sibling visitation. A child's parent may always petition to modify visitation upon changed circumstances when necessary to promote the child's best interest.

(3) Attorney fees and costs shall be assessed against a party seeking modification of the visitation order if the court finds that the modification action is vexatious and constitutes harassment.

(4) Notice under this subsection (a-7) shall be given as provided in subsections (c) and (d) of Section 601.

(b) (1) (Blank.)

(1.5) The Court may grant reasonable visitation privileges to a stepparent upon petition to the court by the stepparent, with notice to the parties required to be notified under Section 601 of this Act, if the court determines that it is in the best interests and welfare of the child, and may issue any necessary orders to enforce those visitation privileges. A petition for visitation privileges may be filed under this paragraph (1.5) whether or not a petition pursuant to this Act has been previously filed or is currently pending if the following circumstances are met:

(A) the child is at least 12 years old;
(B) the child resided continuously with the parent and stepparent for at least 5 years;
(C) the parent is deceased or is a person with a disability

disabled and is unable to care for the child;
(D) the child wishes to have reasonable visitation with the stepparent; and
(E) the stepparent was providing for the care, control, and welfare to the child prior to the initiation of the petition for visitation.

(2)(A) A petition for visitation privileges shall not be filed pursuant to this subsection (b) by the parents or grandparents of a putative father if the paternity of the putative father has not been legally established.

(B) A petition for visitation privileges may not be filed under this subsection (b) if the child who is the subject of the grandparents' or great-
grandparents' petition has been voluntarily surrendered by the parent or parents, except for a surrender to the Illinois Department of Children and Family Services or a foster care facility, or has been previously adopted by an individual or individuals who are not related to the biological parents of the child or is the subject of a pending adoption petition by an individual or individuals who are not related to the biological parents of the child.

(3) (Blank).

(c) The court may modify an order granting or denying visitation rights of a parent whenever modification would serve the best interest of the child; but the court shall not restrict a parent's visitation rights unless it finds that the visitation would endanger seriously the child's physical, mental, moral or emotional health.

(d) If any court has entered an order prohibiting a non-custodial parent of a child from any contact with a child or restricting the non-custodial parent's contact with the child, the following provisions shall apply:

(1) If an order has been entered granting visitation privileges with the child to a grandparent or great-grandparent who is related to the child through the non-custodial parent, the visitation privileges of the grandparent or great-grandparent may be revoked if:

(i) a court has entered an order prohibiting the non-custodial parent from any contact with the child, and the grandparent or great-grandparent is found to have used his or her visitation privileges to facilitate contact between the child and the non-custodial parent; or

(ii) a court has entered an order restricting the non-custodial parent's contact with the child, and the grandparent or great-grandparent is found to have used his or her visitation privileges to facilitate contact between the child and the non-custodial parent in a manner that violates the terms of the order restricting the non-custodial parent's contact with the child.

Nothing in this subdivision (1) limits the authority of the court to enforce its orders in any manner permitted by law.

(2) Any order granting visitation privileges with the child to a grandparent or great-grandparent who is related to the child through the non-custodial parent shall contain the following provision:

(e) No parent, not granted custody of the child, or grandparent, or great-grandparent, or stepparent, or sibling of any minor child, convicted of any offense involving an illegal sex act perpetrated upon a victim less than 18 years of age including but not limited to offenses for violations of Section 11-1.20, 11-1.30, 11-1.40, 11-1.50, 11-1.60, 11-1.70, or Article 12 of the Criminal Code of 1961 or the Criminal Code of 2012, is entitled to visitation rights while incarcerated or while on parole, probation, conditional discharge, periodic imprisonment, or mandatory supervised release for that offense, and upon discharge from incarceration for a misdemeanor offense or upon discharge from parole, probation, conditional discharge, periodic imprisonment, or mandatory supervised release for a felony offense, visitation shall be denied until the person successfully completes a treatment program approved by the court.

(f) Unless the court determines, after considering all relevant factors, including but not limited to those set forth in Section 602(a), that it would be in the best interests of the child to allow visitation, the court shall not enter an order providing visitation rights and pursuant to a motion to modify visitation shall revoke visitation rights previously granted to any person who would otherwise be entitled to petition for visitation rights under this Section who has been convicted of first degree murder of the parent, grandparent, great-grandparent, or sibling of the child who is the subject of the order. Until an order is entered pursuant to this subsection, no person shall visit, with the child present, a person who has been convicted of first degree murder of the parent, grandparent, great-grandparent, or sibling of the child without the consent of the child's parent, other than a parent convicted of first degree murder as set forth herein, or legal guardian.

(g) (Blank).

(h) Upon motion, the court may allow a parent who is deployed or who has orders to be deployed as a member of the United States Armed Forces to designate a person known to the child to exercise reasonable substitute visitation on behalf of the deployed parent, if the court determines that substitute visitation is in the best interest of the child. In determining whether substitute visitation is in the best interest of the child,
the court shall consider all of the relevant factors listed in subsection (a) of Section 602 and apply those factors to the person designated as a substitute for the deployed parent for visitation purposes.

found by a preponderance of the evidence to be civilly liable for financial exploitation shall not receive any property, benefit, or other interest by reason of the death of that elderly person or person with a disability, whether as heir, legatee, beneficiary, survivor, appointee, claimant under Section 18-1.1, or in any other capacity and whether the property, benefit, or other interest passes pursuant to any form of title registration, testamentary or nontestamentary instrument, intestacy, renunciation, or any other circumstance. Except as provided in subsection (f) of this Section, the property, benefit, or other interest shall pass as if the person convicted of the financial exploitation, abuse, or neglect or person found civilly liable for financial exploitation died before the decedent, provided that with respect to joint tenancy property the interest possessed prior to the death by the person convicted of the financial exploitation, abuse, or neglect shall not be diminished by the application of this Section. Notwithstanding the foregoing, a person convicted of financial exploitation, abuse, or neglect of an elderly person or a person with a disability or a person who has been found by a preponderance of the evidence to be civilly liable for financial exploitation shall be entitled to receive property, a benefit, or an interest in any capacity and under any circumstances described in this subsection (b) if it is demonstrated by clear and convincing evidence that the victim of that offense knew of the conviction or finding of civil liability and subsequent to the conviction or finding of civil liability expressed or ratified his or her intent to transfer the property, benefit, or interest to the person convicted of financial exploitation, abuse, or neglect of an elderly person or a person with a disability or the person found by a preponderance of the evidence to be civilly liable for financial exploitation in any manner contemplated by this subsection (b).

(c)(1) The holder of any property subject to the provisions of this Section shall not be liable for distributing or releasing the property to the person convicted of financial exploitation, abuse, or neglect of an elderly person or a person with a disability or the person who has been found by a preponderance of the evidence to be civilly liable for financial exploitation if the distribution or release occurs prior to the conviction or finding of civil liability.

(2) If the holder is a financial institution, trust company, trustee, or similar entity or person, the holder shall not be liable for any distribution or release of the property, benefit, or other interest to the person convicted of a violation of Section 12-19, 12-21, 16-1.3, or 17-56, or subsection (a)
or (b) of Section 12-4.4a, of the Criminal Code of 1961 or the Criminal Code of 2012 or the person who has been found by a preponderance of the evidence to be civilly liable for financial exploitation unless the holder knowingly distributes or releases the property, benefit, or other interest to the person so convicted or found civilly liable after first having received actual written notice of the conviction in sufficient time to act upon the notice.

(d) If the holder of any property subject to the provisions of this Section knows that a potential beneficiary has been convicted of financial exploitation, abuse, or neglect of an elderly person or a person with a disability or has been found by a preponderance of the evidence to be civilly liable for financial exploitation within the scope of this Section, the holder shall fully cooperate with law enforcement authorities and judicial officers in connection with any investigation of the financial exploitation, abuse, or neglect. If the holder is a person or entity that is subject to regulation by a regulatory agency pursuant to the laws of this or any other state or pursuant to the laws of the United States, including but not limited to the business of a financial institution, corporate fiduciary, or insurance company, then such person or entity shall not be deemed to be in violation of this Section to the extent that privacy laws and regulations applicable to such person or entity prevent it from voluntarily providing law enforcement authorities or judicial officers with information.

(e) all heirs and legatees of the decedent have consented in writing to distribution of the estate on summary administration (and if an heir or legatee is a minor or person with a disability, the consent may be given on his behalf by his parent, spouse, adult child, person in loco parentis, guardian or guardian ad litem);

(f) each distributee gives bond in the value of his distributive share, conditioned to refund the due proportion of any claim entitled to be paid from the estate distributed, including the claim of any person having a prior right to such distribution, together with expenses of recovery, including reasonable attorneys' fees, with surety to be approved by the court. If at any time after payment of a distributive share it becomes necessary for all or any part of the distributive share to be refunded for the payment of any claim entitled to be paid from the estate distributed or to provide for a distribution to any person having a prior right thereto, upon petition of any interested person the court shall order the distributee to refund that portion of his distributive share which is necessary for such purposes. If there is more than one distributee, the court shall apportion among the distributees the amount to be refunded according to the amount received by each of them, but specific and general legacies need not be refunded unless the residue is insufficient to satisfy the claims entitled to be paid from the estate distributed. If a distributee refuses to refund within 60 days after being ordered by the court to do so and upon demand, the refusal is deemed a breach of the bond and a civil action may be maintained by the claimant or person having a prior right to a distribution against the distributee and the surety or either of them for the amount due together with the expenses of recovery, including reasonable attorneys' fees. The order of the court is evidence of the amount due;

(g) the petitioner has published a notice informing all persons of the death of the decedent, of the filing of the petition for distribution of the estate on summary administration and of the date, time and place of the hearing on the petition (the notice

newspaper published in the county where the petition has been

clerk of the court;
the court may determine the rights of claimants and other persons
interested in the estate, direct payment of claims and distribution of the
estate on summary administration and excuse the issuance of letters of
office or revoke the letters which have been issued and discharge the
representative.

Any claimant may file his claim in the proceeding at or before the
hearing on the petition, but failure to do so does not deprive the claimant
of his right to enforce his claim in any other manner provided by law.

A petition for distribution on summary administration may be
combined with or filed separately from a petition for probate of a will or
for administration of an estate.

Any person other than the short-term guardian to whom a revocation or amendment is communicated or delivered shall make all reasonable efforts to inform the short-term guardian of that fact as promptly as possible.

Sec. 11a-17. Duties of personal guardian.
(a) To the extent ordered by the court and under the direction of the
court, the guardian of the person shall have custody of the ward and the
ward's minor and adult dependent children and shall procure for them and
shall make provision for their support, care, comfort, health, education and
maintenance, and professional services as are appropriate, but the ward's
spouse may not be deprived of the custody and education of the ward's
minor and adult dependent children, without the consent of the spouse,
unless the court finds that the spouse is not a fit and competent person to
have that custody and education. The guardian shall assist the ward in the
development of maximum self-reliance and independence. The guardian
of the person may petition the court for an order directing the guardian of
the estate to pay an amount periodically for the provision of the services
specified by the court order. If the ward's estate is insufficient to provide
for education and the guardian of the ward's person fails to provide
education, the court may award the custody of the ward to some other
person for the purpose of providing education. If a person makes a
settlement upon or provision for the support or education of a ward, the
court may make an order for the visitation of the ward by the person
making the settlement or provision as the court deems proper. A guardian
of the person may not admit a ward to a mental health facility except at the

ward's request as provided in Article IV of the Mental Health and Developmental Disabilities Code and unless the ward has the capacity to consent to such admission as provided in Article IV of the Mental Health and Developmental Disabilities Code.

(a-5) If the ward filed a petition for dissolution of marriage under the Illinois Marriage and Dissolution of Marriage Act before the ward was adjudicated a person with a disability under this Article, the guardian of the ward's person and estate may maintain that action for dissolution of marriage on behalf of the ward. Upon petition by the guardian of the ward's person or estate, the court may authorize and direct a guardian of the ward's person or estate to file a petition for dissolution of marriage or to file a petition for legal separation or declaration of invalidity of marriage under the Illinois Marriage and Dissolution of Marriage Act on behalf of the ward if the court finds by clear and convincing evidence that the relief sought is in the ward's best interests. In making its determination, the court shall consider the standards set forth in subsection (e) of this Section.

(a-10) Upon petition by the guardian of the ward's person or estate, the court may authorize and direct a guardian of the ward's person or estate to consent, on behalf of the ward, to the ward's marriage pursuant to Part II of the Illinois Marriage and Dissolution of Marriage Act if the court finds by clear and convincing evidence that the marriage is in the ward's best interests. In making its determination, the court shall consider the standards set forth in subsection (e) of this Section. Upon presentation of a court order authorizing and directing a guardian of the ward's person and estate to consent to the ward's marriage, the county clerk shall accept the guardian's application, appearance, and signature on behalf of the ward for purposes of issuing a license to marry under Section 203 of the Illinois Marriage and Dissolution of Marriage Act.

(b) If the court directs, the guardian of the person shall file with the court at intervals indicated by the court, a report that shall state briefly: (1) the current mental, physical, and social condition of the ward and the ward's minor and adult dependent children; (2) their present living arrangement, and a description and the address of every residence where they lived during the reporting period and the length of stay at each place; (3) a summary of the medical, educational, vocational, and other professional services given to them; (4) a resume of the guardian's visits with and activities on behalf of the ward and the ward's minor and adult dependent children; (5) a recommendation as to the need for continued
guardianship; (6) any other information requested by the court or useful in the opinion of the guardian. The Office of the State Guardian shall assist the guardian in filing the report when requested by the guardian. The court may take such action as it deems appropriate pursuant to the report.

(c) Absent court order pursuant to the Illinois Power of Attorney Act directing a guardian to exercise powers of the principal under an agency that survives disability, the guardian has no power, duty, or liability with respect to any personal or health care matters covered by the agency. This subsection (c) applies to all agencies, whenever and wherever executed.

(d) A guardian acting as a surrogate decision maker under the Health Care Surrogate Act shall have all the rights of a surrogate under that Act without court order including the right to make medical treatment decisions such as decisions to forgo or withdraw life-sustaining treatment. Any decisions by the guardian to forgo or withdraw life-sustaining treatment that are not authorized under the Health Care Surrogate Act shall require a court order. Nothing in this Section shall prevent an agent acting under a power of attorney for health care from exercising his or her authority under the Illinois Power of Attorney Act without further court order, unless a court has acted under Section 2-10 of the Illinois Power of Attorney Act. If a guardian is also a health care agent for the ward under a valid power of attorney for health care, the guardian acting as agent may execute his or her authority under that act without further court order.

(e) Decisions made by a guardian on behalf of a ward shall be made in accordance with the following standards for decision making. Decisions made by a guardian on behalf of a ward may be made by conforming as closely as possible to what the ward, if competent, would have done or intended under the circumstances, taking into account evidence that includes, but is not limited to, the ward's personal, philosophical, religious and moral beliefs, and ethical values relative to the decision to be made by the guardian. Where possible, the guardian shall determine how the ward would have made a decision based on the ward's previously expressed preferences, and make decisions in accordance with the preferences of the ward. If the ward's wishes are unknown and remain unknown after reasonable efforts to discern them, the decision shall be made on the basis of the ward's best interests as determined by the guardian. In determining the ward's best interests, the guardian shall weigh the reason for and nature of the proposed action, the benefit or necessity of the action, the possible risks and other consequences of the proposed action, the possible risks and other consequences of the proposed

action, and any available alternatives and their risks, consequences and benefits, and shall take into account any other information, including the views of family and friends, that the guardian believes the ward would have considered if able to act for herself or himself.

(f) Upon petition by any interested person (including the standby or short-term guardian), with such notice to interested persons as the court directs and a finding by the court that it is in the best interest of the person with a disability, the court may terminate or limit the authority of a standby or short-term guardian or may enter such other orders as the court deems necessary to provide for the best interest of the person with a disability. The petition for termination or limitation of the authority of a standby or short-term guardian may, but need not, be combined with a petition to have another guardian appointed for the person with a disability.

Sec. 11a-18. Duties of the estate guardian.

(a) To the extent specified in the order establishing the guardianship, the guardian of the estate shall have the care, management and investment of the estate, shall manage the estate frugally and shall apply the income and principal of the estate so far as necessary for the comfort and suitable support and education of the ward, his minor and adult dependent children, and persons related by blood or marriage who are dependent upon or entitled to support from him, or for any other purpose which the court deems to be for the best interests of the ward, and the court may approve the making on behalf of the ward of such agreements as the court determines to be for the ward's best interests. The guardian may make disbursement of his ward's funds and estate directly to the ward or other distributee or in such other manner and in such amounts as the court directs. If the estate of a ward is derived in whole or in part from payments of compensation, adjusted compensation, pension, insurance or other similar benefits made directly to the estate by the Veterans Administration, notice of the application for leave to invest or expend the ward's funds or estate, together with a copy of the petition and proposed order, shall be given to the Veterans' Administration Regional Office in this State at least 7 days before the hearing on the application.

(a-5) The probate court, upon petition of a guardian, other than the guardian of a minor, and after notice to all other persons interested as the court directs, may authorize the guardian to exercise any or all powers

over the estate and business affairs of the ward that the ward could exercise if present and not under disability. The court may authorize the taking of an action or the application of funds not required for the ward's current and future maintenance and support in any manner approved by the court as being in keeping with the ward's wishes so far as they can be ascertained. The court must consider the permanence of the ward's disabling condition and the natural objects of the ward's bounty. In ascertaining and carrying out the ward's wishes the court may consider, but shall not be limited to, minimization of State or federal income, estate, or inheritance taxes; and providing gifts to charities, relatives, and friends that would be likely recipients of donations from the ward. The ward's wishes as best they can be ascertained shall be carried out, whether or not tax savings are involved. Actions or applications of funds may include, but shall not be limited to, the following:

(1) making gifts of income or principal, or both, of the estate, either outright or in trust;
(2) conveying, releasing, or disclaiming his or her contingent and expectant interests in property, including marital property rights and any right of survivorship incident to joint tenancy or tenancy by the entirety;
(3) releasing or disclaiming his or her powers as trustee, personal representative, custodian for minors, or guardian;
(4) exercising, releasing, or disclaiming his or her powers as donee of a power of appointment;
(5) entering into contracts;
(6) creating for the benefit of the ward or others, revocable or irrevocable trusts of his or her property that may extend beyond his or her disability or life;
(7) exercising options of the ward to purchase or exchange securities or other property;
(8) exercising the rights of the ward to elect benefit or payment options, to terminate, to change beneficiaries or ownership, to assign rights, to borrow, or to receive cash value in return for a surrender of rights under any one or more of the following:

(i) life insurance policies, plans, or benefits,
(ii) annuity policies, plans, or benefits,
(iii) mutual fund and other dividend investment plans,

New matter indicated by italics - deletions by strikeout
(iv) retirement, profit sharing, and employee welfare plans and benefits;
(9) exercising his or her right to claim or disclaim an elective share in the estate of his or her deceased spouse and to renounce any interest by testate or intestate succession or by inter vivos transfer;
(10) changing the ward's residence or domicile; or
(11) modifying by means of codicil or trust amendment the terms of the ward's will or any revocable trust created by the ward, as the court may consider advisable in light of changes in applicable tax laws.

The guardian in his or her petition shall briefly outline the action or application of funds for which he or she seeks approval, the results expected to be accomplished thereby, and the tax savings, if any, expected to accrue. The proposed action or application of funds may include gifts of the ward's personal property or real estate, but transfers of real estate shall be subject to the requirements of Section 20 of this Act. Gifts may be for the benefit of prospective legatees, devisees, or heirs apparent of the ward or may be made to individuals or charities in which the ward is believed to have an interest. The guardian shall also indicate in the petition that any planned disposition is consistent with the intentions of the ward insofar as they can be ascertained, and if the ward's intentions cannot be ascertained, the ward will be presumed to favor reduction in the incidents of various forms of taxation and the partial distribution of his or her estate as provided in this subsection. The guardian shall not, however, be required to include as a beneficiary or fiduciary any person who he has reason to believe would be excluded by the ward. A guardian shall be required to investigate and pursue a ward's eligibility for governmental benefits.

(b) Upon the direction of the court which issued his letters, a guardian may perform the contracts of his ward which were legally subsisting at the time of the commencement of the ward's disability. The court may authorize the guardian to execute and deliver any bill of sale, deed or other instrument.

(c) The guardian of the estate of a ward shall appear for and represent the ward in all legal proceedings unless another person is appointed for that purpose as guardian or next friend. This does not impair the power of any court to appoint a guardian ad litem or next friend to defend the interests of the ward in that court, or to appoint or allow any person as the next friend of a ward to commence, prosecute or defend any

proceeding in his behalf. Without impairing the power of the court in any respect, if the guardian of the estate of a ward and another person as next friend shall appear for and represent the ward in a legal proceeding in which the compensation of the attorney or attorneys representing the guardian and next friend is solely determined under a contingent fee arrangement, the guardian of the estate of the ward shall not participate in or have any duty to review the prosecution of the action, to participate in or review the appropriateness of any settlement of the action, or to participate in or review any determination of the appropriateness of any fees awarded to the attorney or attorneys employed in the prosecution of the action.

(d) Adjudication of disability shall not revoke or otherwise terminate a trust which is revocable by the ward. A guardian of the estate shall have no authority to revoke a trust that is revocable by the ward, except that the court may authorize a guardian to revoke a Totten trust or similar deposit or withdrawable capital account in trust to the extent necessary to provide funds for the purposes specified in paragraph (a) of this Section. If the trustee of any trust for the benefit of the ward has discretionary power to apply income or principal for the ward's benefit, the trustee shall not be required to distribute any of the income or principal to the guardian of the ward's estate, but the guardian may bring an action on behalf of the ward to compel the trustee to exercise the trustee's discretion or to seek relief from an abuse of discretion. This paragraph shall not limit the right of a guardian of the estate to receive accountings from the trustee on behalf of the ward.

(e) Absent court order pursuant to the Illinois Power of Attorney Act directing a guardian to exercise powers of the principal under an agency that survives disability, the guardian will have no power, duty or liability with respect to any property subject to the agency. This subsection (e) applies to all agencies, whenever and wherever executed.

(f) Upon petition by any interested person (including the standby or short-term guardian), with such notice to interested persons as the court directs and a finding by the court that it is in the best interest of the person with a disability, the court may terminate or limit the authority of a standby or short-term guardian or may enter such other orders as the court deems necessary to provide for the best interest of the person with a disability. The petition for termination or limitation of the authority of a standby or short-term guardian may, but
Sec. 11a-18.1. Conditional gifts. (a) The court may authorize and direct the guardian of the estate to make conditional gifts from the estate of a person with a disability to any spouse, parent, brother or sister of the person with a disability who dedicates himself or herself to the care of the person with a disability by living with and personally caring for the person with a disability for at least 3 years. It shall be presumed that the person with a disability intends to make such conditional gifts.

(b) A conditional gift shall not be distributed to the donee until the death of the person with a disability. The court may impose such other conditions on the gift as the court deems just and reasonable. The court may provide for an alternate disposition of the gift should the donee die before the person with a disability; provided that if no such alternate disposition is made, the conditional gift shall lapse upon the death of the donee prior to the death of the person with a disability. A conditional gift may be modified or revoked by the court at any time.

(c) The guardian of the estate, the spouse, parent, brother or sister of a person with a disability, or any other interested person may petition the court to authorize and direct the guardian of the estate to make a conditional gift or to modify, revoke or distribute a conditional gift. All persons who would be heirs of the person with a disability if the person with a disability died on the date the petition is filed (or the heirs if the person with a disability is deceased) and all legatees under any known last will of the person with a disability shall be given reasonable notice of the hearing on the petition by certified U. S. mail, return receipt requested. If a trustee is a legatee, notice shall be given to the trustee and need not be given to the trust beneficiaries. Any person entitled to notice of the hearing may appear and object to the petition. The giving of the notice of the hearing to those persons entitled to notice shall cause the decision and order of the court to be binding upon all other persons who otherwise may be interested or may become interested in the estate of the person with a disability.
(d) The guardian of the estate shall set aside conditional gifts in a separate fund for each donee and shall hold and invest each fund as part of the estate of the person with a disability. Upon order of the court, any conditional gift may be revoked or modified in whole or part so that the assets may be used for the care and comfort of the person with a disability should funds otherwise available for such purposes be inadequate.

(e) Upon the death of the person with a disability, the guardian of the estate shall hold each special fund as trustee and shall petition the court for authorization to distribute the special fund and for any other appropriate relief. The court shall order distribution upon such terms and conditions as the court deems just and reasonable.

Sec. 11a-18.2. Duties of standby guardian of a person with a disability.

(a) Before a standby guardian of a person with a disability may act, the standby guardian must be appointed by the court of the proper county and, in the case of a standby guardian of the person with a disability's estate, the standby guardian must give the bond prescribed in subsection (c) of Section 11a-3.1 and Section 12-2.

(b) The standby guardian shall not have any duties or authority to act until the standby guardian receives knowledge of the death or consent of the person with a disability, or the inability of the person with a disability's guardian to make and carry out day-to-day care decisions concerning the person with a disability for whom the standby guardian has been appointed. This inability of the person with a disability's guardian to make and carry out day-to-day care decisions may be communicated either by the guardian's own admission or by the written certification of the guardian's attending physician. Immediately upon receipt of that knowledge, the standby guardian shall assume all duties as guardian of the person with a disability as previously determined by the order appointing the standby guardian, and as set forth in Sections 11a-17 and 11a-18, and the standby guardian of the person shall have the authority to act as guardian of the person without direction of court for a period of up to 60 days, provided that the authority of the

standby guardian may be limited or terminated by a court of competent jurisdiction.

(c) Within 60 days of the standby guardian's receipt of knowledge of the death or consent of the guardian of the person with a disability, or the inability of the guardian of the person with a disability to make and carry out day-to-day care decisions concerning the person with a disability, the standby guardian shall file or cause to be filed a petition for the appointment of a guardian of the person or estate, or both, of the person with a disability under Section 11a-3.

Sec. 11a-18.3. Duties of short-term guardian of a person with a disability.

(a) Immediately upon the effective date of the appointment of a short-term guardian, the short-term guardian shall assume all duties as short-term guardian of the person with a disability as provided in this Section. The short-term guardian of the person shall have authority to act as short-term guardian, without direction of the court, for the duration of the appointment, which in no case shall exceed a cumulative total of 60 days in any 12 month period for all short-term guardians appointed by the guardian. The authority of the short-term guardian may be limited or terminated by a court of competent jurisdiction.

(b) Unless further specifically limited by the instrument appointing the short-term guardian, a short-term guardian shall have the authority to act as a guardian of the person of a person with a disability, as prescribed in Section 11a-17, but shall not have any authority to act as guardian of the estate of a person with a disability, except that a short-term guardian shall have the authority to apply for and receive on behalf of the person with a disability benefits to which the person with a disability may be entitled from or under federal, State, or local organizations or programs.

Sec. 11a-20. Termination of adjudication of disability - Revocation of letters - modification.

(a) Except as provided in subsection (b-5), upon the filing of a petition by or on behalf of a person with a disability or on
its own motion, the court may terminate the adjudication of disability of
the ward, revoke the letters of guardianship of the estate or person, or both,
or modify the duties of the guardian if the ward's capacity to perform the
tasks necessary for the care of his person or the management of his estate
has been demonstrated by clear and convincing evidence. A report or
testimony by a licensed physician is not a prerequisite for termination,
revocation or modification of a guardianship order under this subsection
(a).

(b) Except as provided in subsection (b-5), a request by the ward or
any other person on the ward's behalf, under this Section may be
communicated to the court or judge by any means, including but not
limited to informal letter, telephone call or visit. Upon receipt of a request
from the ward or another person, the court may appoint a guardian ad
litem to investigate and report to the court concerning the allegations made
in conjunction with said request, and if the ward wishes to terminate,
revoke, or modify the guardianship order, to prepare the ward's petition
and to render such other services as the court directs.

(b-5) Upon the filing of a verified petition by the guardian of the
person with a disability or person with a disability, the court may terminate the adjudication of disability of
the ward, revoke the letters of guardianship of the estate or person, or both,
or modify the duties of the guardian if: (i) a report completed in
accordance with subsection (a) of Section 11a-9 states that the person with a disability is no longer in need of guardianship or that the
type and scope of guardianship should be modified; (ii) the person with a disability no longer wishes to be under guardianship or
desires that the type and scope of guardianship be modified; and (iii) the
guardian of the person with a disability states that it is in
the best interest of the person with a disability to
terminate the adjudication of disability of the ward, revoke the letters of guardianship of the estate or person, or both, or modify the duties of the guardian, and provides the basis thereof. In a proceeding brought pursuant
to this subsection (b-5), the court may terminate the adjudication of disability of the ward, revoke the letters of guardianship of the estate or person, or both, or modify the duties of the guardian, unless it has been
demonstrated by clear and convincing evidence that the ward is incapable of performing the tasks necessary for the care of his or her person or the
management of his or her estate.
(c) Notice of the hearing on a petition under this Section, together with a copy of the petition, shall be given to the ward, unless he is the petitioner, and to each and every guardian to whom letters of guardianship have been issued and not revoked, not less than 14 days before the hearing. (b) If a person designates a guardian of his person or estate or both to be appointed in the event he is adjudged a person with a disability as provided in Section 11a-6 and excuses the guardian from giving bond or security, or if the guardian is the Office of State Guardian, the guardian's bond in the amount from time to time required under this Article shall be in full force and effect without writing, unless the court requires the filing of a written bond.

Sec. 13-5. Powers and duties of public guardian.) The court may appoint the public guardian as the guardian of any adult with a disability who is in need of a public guardian and whose estate exceeds $25,000. When an adult with a disability who has a smaller estate is in need of guardianship services, the court shall appoint the State guardian pursuant to Section 30 of the Guardianship and Advocacy Act. If the public guardian is appointed guardian of an adult and the estate of the adult with a disability is thereafter reduced to less than $25,000, the court may, upon the petition of the public guardian and the approval by the court of a final accounting of the disabled adult's estate, discharge the public guardian and transfer the guardianship to the State guardian. The public guardian shall serve not less than 14 days' notice to the State guardian of the hearing date regarding the transfer. When appointed by the court, the public guardian has the same powers and duties as other guardians appointed under this Act, with the following additions and modifications:

(a) The public guardian shall monitor the ward and his care and progress on a continuous basis. Monitoring shall at minimum consist of monthly contact with the ward, and the receipt of periodic reports from all individuals and agencies, public or private, providing care or related services to the ward.

(b) Placement of a ward outside of the ward's home may be made only after the public guardian or his representative has visited the facility in which placement is proposed.

No personal property shall be removed from the ward's possession except for storage pending final placement or for liquidation in accordance with this Act.

  (d) The public guardian shall make no substantial distribution of the ward's estate without a court order.

  (e) The public guardian may liquidate assets of the ward to pay for the costs of the ward's care and for storage of the ward's personal property only after notice of such pending action is given to all potential heirs at law, unless notice is waived by the court; provided, however, that a person who has been so notified may elect to pay for care or storage or to pay fair market value of the asset or assets sought to be sold in lieu of liquidation.

  (f) Real property of the ward may be sold at fair market value after an appraisal of the property has been made by a licensed appraiser; provided, however, that the ward's residence may be sold only if the court finds that the ward is not likely to be able to return home at a future date.

  (g) The public guardian shall, at such intervals as the court may direct, submit to the court an affidavit setting forth in detail the services he has provided for the benefit of the ward.

  (h) Upon the death of the ward, the public guardian shall turn over to the court-appointed administrator all of the ward's assets and an account of his receipt and administration of the ward's property. A guardian ad litem shall be appointed for an accounting when the estate exceeds the amount set in Section 25-1 of this Act for administration of small estates.

The claim shall take into consideration the claimant's lost employment opportunities, lost lifestyle opportunities, and emotional distress experienced as a result of personally caring for the person with a disability. Notwithstanding the statutory claim amounts stated in this Section, a court may reduce an amount to the extent that the living arrangements were intended to and did in fact also provide a physical or financial benefit to the claimant. Notwithstanding any contrary provision of the preceding sentence, if there is an interested person who is a minor or person with a disability, the court may require supervised administration (or may grant independent administration on such conditions as its deems adequate to protect the ward's interest) whenever the court finds that (1) the interests of the ward are not adequately represented by a personal fiduciary acting or designated to act pursuant to Section 28-3 or by another party having a substantially identical interest in the estate and the ward is not represented by a guardian of his estate and (2) supervised administration is necessary to protect the ward's interests. Sec. 28-3. Protection of persons under disability during independent administration. (a) A personal fiduciary acting pursuant to this Article has full power and the responsibility to protect the interests of his ward during independent administration and to do all acts necessary or appropriate for that purpose which the ward might do if not under disability. Approval of any act of the independent representative or of his final report by the personal fiduciary, or failure of the personal fiduciary to object after notice pursuant to this Article, binds the ward. Unless the ward is bound under the preceding sentence, the independent representative is accountable to the ward for damages incurred as a consequence of willful default by the independent representative until the expiration of a period of 6 months after the ward's disability is removed, and any action must be commenced before the expiration of that period. Upon the entry of an order pursuant to Section 28-4 terminating independent administration status, the personal fiduciary's powers and responsibility for continuing to protect the ward's interest terminate. The fact that a personal fiduciary is acting does not limit the right of any person as next friend of the ward to inform the court of any circumstances that may adversely affect the ward's interests in the estate.

(b) The following persons are entitled to act as personal fiduciary for a ward in the order of preference indicated:

New matter indicated by italics - deletions by strikeout
(1) The representative of the ward's estate acting in Illinois or, if none, the representative of the ward's estate acting in any other jurisdiction.

(2) The person designated as personal fiduciary in the decedent's will, if any.

(3) The person designated as personal fiduciary by the independent representative in a petition for letters of office or other instrument filed with the clerk of the court.

No person may act as personal fiduciary who is a minor or person with a disability, who has been convicted of a felony or whose interests conflict with the ward's interests in the decedent's estate. A personal fiduciary designated under subparagraph (3) above shall be a spouse, descendant, parent, grandparent, brother, sister, uncle or aunt of the ward, a guardian of the person of the ward or a party having an interest in the estate substantially identical to that of the ward. The responsibility of a personal fiduciary begins on delivery of his written acceptance of the office to the independent representative. Any personal fiduciary may refuse to act or may resign at any time by instrument delivered to the independent representative. When a personal fiduciary has been appointed and there is a change of personal fiduciary or a vacancy in that office, the independent representative shall inform the court; and the court may designate any suitable person as personal fiduciary when there is a vacancy that has not been filled by the independent representative in accordance with this Section 28-3.

(c) A personal fiduciary is entitled to such reasonable compensation for his services as may be approved by the independent representative or, in the absence of approval, as may be fixed by the court, to be paid out of the estate as an expense of administration.

(d) A personal fiduciary is liable to the ward only for willful default and not for errors in judgment.

without surety. If the distribution is made before the expiration of the period when claims are barred under Section 18-12, the independent representative must require the distributee to give him a refunding bond as provided in Section 24-4. If the estate includes an interest in real estate that has not been sold by the independent representative, the independent representative must record and deliver to the persons entitled thereto an instrument which contains the legal description of the real estate and releases the estate's interest.

(b) If abatement or equalization of legacies pursuant to subsection 24-3(b) or (c) is required, the independent representative shall determine the amount of the respective contributions, the manner in which they are paid and whether security is required.

(c) If it appears to the independent representative that the value of the estate of the decedent remaining after payment of 1st class claims does not exceed the amount of the surviving spouse's and child's awards due, the independent representative may deliver the personal estate to the persons entitled to the awards and close the estate as provided in Section 28-11, without waiting until the expiration of the period when claims are barred under Section 18-12.

(d) If property distributed in kind, or a security interest therein, is acquired in good faith by a purchaser or lender for value from a distributee (or from the successors in interest to a distributee) who has received physical delivery or an assignment, deed, release or other instrument of distribution from an independent representative, the purchaser or lender takes title free of the rights of all persons having an interest in the estate and incurs no liability to the estate, whether or not the distribution was proper.

(e) If a distributee is a minor or a person with a disability, the independent representative may make distribution to the ward's representative, if any, to a custodian for the ward under the Illinois Uniform Transfers to Minors Act or the corresponding statute of any other state in which the ward or the custodian resides, by deposit or investment of the ward's property subject to court order under Section 24-21 or in any other manner authorized by law. (c) "Person with a disability Disabled person" has the same meaning as in the "Probate Act of 1975", as now or hereafter amended. To be under a "disability" or "disabled" means to be a person with a disability disabled person.

(c-5) "Incapacitated", when used to describe a principal, means that the principal is under a legal disability as defined in Section 11a-2 of the Probate Act of 1975. A principal shall also be considered incapacitated if: (i) a physician licensed to practice medicine in all of its branches has examined the principal and has determined that the principal lacks decision making capacity; (ii) that physician has made a written record of this determination and has signed the written record within 90 days after the examination; and (iii) the written record has been delivered to the agent. The agent may rely conclusively on the written record.

(d) "Person" means an individual, corporation, trust, partnership or other entity, as appropriate to the agency.

(e) "Principal" means an individual (including, without limitation, an individual acting as trustee, representative or other fiduciary) who signs a power of attorney or other instrument of agency granting powers to an agent.

(a) All acts of the agent within the scope of the agency during any period of disability, incapacity or incompetency of the principal have the same effect and inure to the benefit of and bind the principal and his or her successors in interest as if the principal were competent and not a person with a disability disabled.

(b) If a court enters a judgement of dissolution of marriage or legal separation between the principal and his or her spouse after the agency is signed, the spouse shall be deemed to have died at the time of the judgment for all purposes of the agency.

Sec. 3-3. Statutory short form power of attorney for property.
(a) The form prescribed in this Section may be known as "statutory property power" and may be used to grant an agent powers with respect to property and financial matters. The "statutory property power" consists of the following: (1) Notice to the Individual Signing the Illinois Statutory Short Form Power of Attorney for Property; (2) Illinois Statutory Short Form Power of Attorney for Property; and (3) Notice to Agent. When a power of attorney in substantially the form prescribed in this Section is used, including all 3 items above, the Notice to Individual Signing the Illinois Statutory Short Form Power of Attorney for Property, on a separate sheet (coversheet) in 14-point type and the notarized form of acknowledgment at the end, it shall have the meaning and effect prescribed in this Act.

(b) A power of attorney shall also be deemed to be in substantially the same format as the statutory form if the explanatory language throughout the form (the language following the designation "NOTE:" is distinguished in some way from the legal paragraphs in the form, such as the use of boldface or other difference in typeface and font or point size, even if the "Notice" paragraphs at the beginning are not on a separate sheet of paper or are not in 14-point type, or if the principal's initials do not appear in the acknowledgement at the end of the "Notice" paragraphs.

The validity of a power of attorney as meeting the requirements of a statutory property power shall not be affected by the fact that one or more of the categories of optional powers listed in the form are struck out or the form includes specific limitations on or additions to the agent's powers, as permitted by the form. Nothing in this Article shall invalidate or bar use by the principal of any other or different form of power of attorney for property. Nonstatutory property powers (i) must be executed by the principal, (ii) must designate the agent and the agent's powers, (iii) must be signed by at least one witness to the principal's signature, and (iv) must indicate that the principal has acknowledged his or her signature before a notary public. However, nonstatutory property powers need not conform in any other respect to the statutory property power.

(c) The Notice to the Individual Signing the Illinois Statutory Short Form Power of Attorney for Property shall be substantially as follows:

"NOTICE TO THE INDIVIDUAL SIGNING THE ILLINOIS STATUTORY SHORT FORM POWER OF ATTORNEY FOR PROPERTY.

New matter indicated by italics - deletions by strikeout
PLEASE READ THIS NOTICE CAREFULLY. The form that you will be signing is a legal document. It is governed by the Illinois Power of Attorney Act. If there is anything about this form that you do not understand, you should ask a lawyer to explain it to you.

The purpose of this Power of Attorney is to give your designated "agent" broad powers to handle your financial affairs, which may include the power to pledge, sell, or dispose of any of your real or personal property, even without your consent or any advance notice to you. When using the Statutory Short Form, you may name successor agents, but you may not name co-agents.

This form does not impose a duty upon your agent to handle your financial affairs, so it is important that you select an agent who will agree to do this for you. It is also important to select an agent whom you trust, since you are giving that agent control over your financial assets and property. Any agent who does act for you has a duty to act in good faith for your benefit and to use due care, competence, and diligence. He or she must also act in accordance with the law and with the directions in this form. Your agent must keep a record of all receipts, disbursements, and significant actions taken as your agent.

Unless you specifically limit the period of time that this Power of Attorney will be in effect, your agent may exercise the powers given to him or her throughout your lifetime, both before and after you become incapacitated. A court, however, can take away the powers of your agent if it finds that the agent is not acting properly. You may also revoke this Power of Attorney if you wish.

This Power of Attorney does not authorize your agent to appear in court for you as an attorney-at-law or otherwise to engage in the practice of law unless he or she is a licensed attorney who is authorized to practice law in Illinois.

The powers you give your agent are explained more fully in Section 3-4 of the Illinois Power of Attorney Act. This form is a part of that law. The "NOTE" paragraphs throughout this form are instructions.

You are not required to sign this Power of Attorney, but it will not take effect without your signature. You should not sign this Power of Attorney if you do not understand everything in it, and what your agent will be able to do if you do sign it.

Please place your initials on the following line indicating that you have read this Notice:

(NOTE: You must strike out any one or more of the following categories of powers you do not want your agent to have. To do this, retain paragraph 9, and the court will appoint your agent if the court finds that this appointment will serve your best interests and welfare. (e) Notice to Agent. The following form may be known as "Notice to Agent" and shall be supplied to an agent appointed under a power of attorney for property.

"NOTICE TO AGENT

When you accept the authority granted under this power of attorney a special legal relationship, known as agency, is created between you and the principal. Agency imposes upon you duties that continue until you resign or the power of attorney is terminated or revoked.

As agent you must:

(1) do what you know the principal reasonably expects you to do with the principal's property;

(2) act in good faith for the best interest of the principal, using due care, competence, and diligence;

(3) keep a complete and detailed record of all receipts, disbursements, and significant actions conducted for the principal;

(4) attempt to preserve the principal's estate plan, to the extent actually known by the agent, if preserving the plan is consistent with the principal's best interest; and

(5) cooperate with a person who has authority to make health care decisions for the principal to carry out the principal's reasonable expectations to the extent actually in the principal's best interest.

As agent you must not do any of the following:

(1) act so as to create a conflict of interest that is inconsistent with the other principles in this Notice to Agent;

(2) do any act beyond the authority granted in this power of attorney;

(3) commingle the principal's funds with your funds;

(4) borrow funds or other property from the principal, unless otherwise authorized;

New matter indicated by italics - deletions by strikeout
(5) continue acting on behalf of the principal if you learn of any event that terminates this power of attorney or your authority under this power of attorney, such as the death of the principal, your legal separation from the principal, or the dissolution of your marriage to the principal.

If you have special skills or expertise, you must use those special skills and expertise when acting for the principal. You must disclose your identity as an agent whenever you act for the principal by writing or printing the name of the principal and signing your own name "as Agent" in the following manner:

"(Principal's Name) by (Your Name) as Agent"

The meaning of the powers granted to you is contained in Section 3-4 of the Illinois Power of Attorney Act, which is incorporated by reference into the body of the power of attorney for property document.

If you violate your duties as agent or act outside the authority granted to you, you may be liable for any damages, including attorney's fees and costs, caused by your violation.

If there is anything about this document or your duties that you do not understand, you should seek legal advice from an attorney."

(f) The requirement of the signature of a witness in addition to the principal and the notary, imposed by Public Act 91-790, applies only to instruments executed on or after June 9, 2000 (the effective date of that Public Act).

(NOTE: This amendatory Act of the 96th General Assembly deletes provisions that referred to the one required witness as an "additional witness", and it also provides for the signature of an optional "second witness".)

(755 ILCS 45/4-1) (from Ch. 110 1/2, par. 804-1)

Sec. 4-1. Purpose. The General Assembly recognizes the right of the individual to control all aspects of his or her personal care and medical treatment, including the right to decline medical treatment or to direct that it be withdrawn, even if death ensues. The right of the individual to decide about personal care overrides the obligation of the physician and other health care providers to render care or to preserve life and health.

However, if the individual becomes a person with a disability disabled, her or his right to control treatment may be denied unless the individual, as principal, can delegate the decision making power to a trusted agent and be sure that the agent's power to make personal and

health care decisions for the principal will be effective to the same extent as though made by the principal.

The Illinois statutory recognition of the right of delegation for health care purposes needs to be restated to make it clear that its scope is intended to be as broad as the comparable right of delegation for property and financial matters. However, the General Assembly recognizes that powers concerning life and death and the other issues involved in health care agencies are more sensitive than property matters and that particular rules and forms are necessary for health care agencies to insure their validity and efficacy and to protect health care providers so that they will honor the authority of the agent at all times. For purposes of emphasis and their particular application to health care, the General Assembly restates the purposes and public policy announced in Article II, Section 2-1 of this Act as if those purposes and public policies were set forth verbatim in this Section.

In furtherance of these purposes, the General Assembly adopts this Article, setting forth general principles governing health care agencies and a statutory short form power of attorney for health care, intending that when a power in substantially the form set forth in this Article is used, health care providers and other third parties who rely in good faith on the acts and decisions of the agent within the scope of the power may do so without fear of civil or criminal liability to the principal, the State or any other person. However, the form of health care agency in this Article is not intended to be exclusive and other forms of powers of attorney chosen by the principal that comply with Section 4-5 of this Article may offer powers and protection similar to the statutory short form power of attorney for health care.

Section 970. The Trusts and Trustees Act is amended by changing Sections 15, 15.1, 16.1, and 16.4 as follows:

(760 ILCS 5/15) (from Ch. 17, par. 1685)

Sec. 15. Minor or person with a disability disabled person-Authority of Representative. The representative of the estate of a beneficiary under legal disability or a spouse, parent, adult child, or guardian of the person of a beneficiary for whose estate no representative has been appointed, may act for the beneficiary in receiving and approving any account of the trustee appointing a successor trustee and executing any receipt and receiving any notice from the trustee.

Sec. 15.1. Trust for a beneficiary with a disability. A discretionary trust for the benefit of an individual who has a disability that substantially impairs the individual's ability to provide for his or her own care or custody and constitutes a substantial handicap shall not be liable to pay or reimburse the State or any public agency for financial aid or services to the individual except to the extent the trust was created by the individual or trust property has been distributed directly to or is otherwise under the control of the individual, provided that such exception shall not apply to a trust created with the disabled individual's own property of the individual with a disability or property within his or her control if the trust complies with Medicaid reimbursement requirements of federal law. Notwithstanding any other provisions to the contrary, a trust created with the disabled individual's own property of the individual with a disability or property within his or her control shall be liable, after reimbursement of Medicaid expenditures, to the State for reimbursement of any other service charges outstanding at the death of the individual with a disability. Property, goods and services purchased or owned by a trust for and used or consumed by a beneficiary with a disability shall not be considered trust property distributed to or under the control of the beneficiary. A discretionary trust is one in which the trustee has discretionary power to determine distributions to be made under the trust.

Sec. 16.1. Virtual representation.

(a) Representation by a beneficiary with a substantially similar interest, by the primary beneficiaries and by others.

(1) To the extent there is no conflict of interest between the representative and the represented beneficiary with respect to the particular question or dispute, a beneficiary who is a minor or a beneficiary with a disability or an unborn beneficiary, or a beneficiary whose identity or location is unknown and not reasonably ascertainable (hereinafter referred to as an "unascertainable beneficiary"), may for all purposes be represented by and bound by another beneficiary having a substantially similar interest with respect to the particular question or dispute; provided, however, that the represented beneficiary is not otherwise
represented by a guardian or agent in accordance with subdivision (a)(4) or by a parent in accordance with subdivision (a)(5).

(2) If all primary beneficiaries of a trust either have legal capacity or have representatives in accordance with this subsection (a) who have legal capacity, the actions of such primary beneficiaries, in each case either by the beneficiary or by the beneficiary's representative, shall represent and bind all other beneficiaries who have a successor, contingent, future, or other interest in the trust.

(3) For purposes of this Act:

   (A) "Primary beneficiary" means a beneficiary of a trust who as of the date of determination is either: (i) currently eligible to receive income or principal from the trust, or (ii) a presumptive remainder beneficiary.

   (B) "Presumptive remainder beneficiary" means a beneficiary of a trust, as of the date of determination and assuming nonexercise of all powers of appointment, who either: (i) would be eligible to receive a distribution of income or principal if the trust terminated on that date, or (ii) would be eligible to receive a distribution of income or principal if the interests of all beneficiaries currently eligible to receive income or principal from the trust ended on that date without causing the trust to terminate.

   (C) "Person with a disability" as of any date means either a person with a disability within the meaning of Section 11a-2 of the Probate Act of 1975 or a person who, within the 365 days immediately preceding that date, was examined by a licensed physician who determined that the person lacked the capacity to make prudent financial decisions, and the physician made a written record of the physician's determination and signed the written record within 90 days after the examination.

   (D) A person has legal capacity unless the person is a minor or a person with a disability.

(4) If a trust beneficiary is represented by a court appointed guardian of the estate or, if none, guardian of the person, the guardian shall represent and bind the beneficiary. If a trust beneficiary is a person with a disability, an agent

under a power of attorney for property who has authority to act with respect to the particular question or dispute and who does not have a conflict of interest with respect to the particular question or dispute may represent and bind the principal. An agent is deemed to have such authority if the power of attorney grants the agent the power to settle claims and to exercise powers with respect to trusts and estates, even if the powers do not include powers to make a will, to revoke or amend a trust, or to require the trustee to pay income or principal. Absent a court order pursuant to the Illinois Power of Attorney Act directing a guardian to exercise powers of the principal under an agency that survives disability, an agent under a power of attorney for property who in accordance with this subdivision has authority to represent and bind a principal with a disability takes precedence over a court appointed guardian unless the court specifies otherwise. This subdivision applies to all agencies, whenever and wherever executed.

(5) If a trust beneficiary is a minor or a person with a disability or an unborn person and is not represented by a guardian or agent in accordance with subdivision (a)(4), then a parent of the beneficiary may represent and bind the beneficiary, provided that there is no conflict of interest between the represented person and either of the person's parents with respect to the particular question or dispute. If a disagreement arises between parents who otherwise qualify to represent a child in accordance with this subsection (a) and who are seeking to represent the same child, the parent who is a lineal descendant of the settlor of the trust that is the subject of the representation is entitled to represent the child; or if none, the parent who is a beneficiary of the trust is entitled to represent the child.

(6) A guardian, agent or parent who is the representative for a beneficiary under subdivision (a)(4) or (a)(5) may, for all purposes, represent and bind any other beneficiary who is a minor or a beneficiary with a disability or an unborn, or unascertainable beneficiary who has an interest, with respect to the particular question or dispute, that is substantially similar to the interest of the beneficiary represented by the representative, but only to the extent that there is no conflict of interest between the beneficiary represented by the representative and the other

New matter indicated by italics - deletions by strikeout
beneficiary with respect to the particular question or dispute; provided, however, that the other beneficiary is not otherwise represented by a guardian or agent in accordance with subdivision (a)(4) or by a parent in accordance with subdivision (a)(5).

(7) The action or consent of a representative who may represent and bind a beneficiary in accordance with this Section is binding on the beneficiary represented, and notice or service of process to the representative has the same effect as if the notice or service of process were given directly to the beneficiary represented.

(8) Nothing in this Section limits the discretionary power of a court in a judicial proceeding to appoint a guardian ad litem for any beneficiary who is a minor, beneficiary who has a disability, unborn beneficiary, or unascertainable beneficiary with respect to a particular question or dispute, but appointment of a guardian ad litem need not be considered and is not necessary if such beneficiary is otherwise represented in accordance with this Section.

(b) Total return trusts. This Section shall apply to enable conversion to a total return trust by agreement in accordance with subsection (b) of Section 5.3 of this Act, by agreement between the trustee and all primary beneficiaries of the trust, in each case either by the beneficiary or by the beneficiary's representative in accordance with this Section.

(c) Representation of charity. If a trust provides a beneficial interest or expectancy for one or more charities or charitable purposes that are not specifically named or otherwise represented (the "charitable interest"), the Illinois Attorney General may, in accordance with this Section, represent, bind, and act on behalf of the charitable interest with respect to any particular question or dispute, including without limitation representing the charitable interest in a nonjudicial settlement agreement or in an agreement to convert a trust to a total return trust in accordance with subsection (b) of Section 5.3 of this Act. A charity that is specifically named as beneficiary of a trust or that otherwise has an express beneficial interest in a trust may act for itself. Notwithstanding any other provision, nothing in this Section shall be construed to limit or affect the Illinois Attorney General's authority to file an action or take other steps as he or she deems advisable at any time to enforce or protect the general public

interest as to a trust that provides a beneficial interest or expectancy for one or more charities or charitable purposes whether or not a specific charity is named in the trust. This subsection (c) shall be construed as being declarative of existing law and not as a new enactment.

(d) Nonjudicial settlement agreements.

(1) For purposes of this Section, "interested persons" means the trustee and all beneficiaries, or their respective representatives determined after giving effect to the preceding provisions of this Section, whose consent or joinder would be required in order to achieve a binding settlement were the settlement to be approved by the court. "Interested persons" also includes a trust advisor, investment advisor, distribution advisor, trust protector or other holder, or committee of holders, of fiduciary or nonfiduciary powers, if the person then holds powers material to a particular question or dispute to be resolved or affected by a nonjudicial settlement agreement in accordance with this Section or by the court.

(2) Interested persons, or their respective representatives determined after giving effect to the preceding provisions of this Section, may enter into a binding nonjudicial settlement agreement with respect to any matter involving a trust as provided in this Section.

(3) (Blank).

(4) The following matters may be resolved by a nonjudicial settlement agreement:

(A) Validity, interpretation, or construction of the terms of the trust.

(B) Approval of a trustee's report or accounting.

(C) Exercise or nonexercise of any power by a trustee.

(D) The grant to a trustee of any necessary or desirable administrative power, provided the grant does not conflict with a clear material purpose of the trust.

(E) Questions relating to property or an interest in property held by the trust, provided the resolution does not conflict with a clear material purpose of the trust.

(F) Removal, appointment, or removal and appointment of a trustee, trust advisor, investment advisor, distribution advisor, trust protector or other holder, or
committee of holders, of fiduciary or nonfiduciary powers, including without limitation designation of a plan of succession or procedure to determine successors to any such office.

(G) Determination of a trustee's compensation.

(H) Transfer of a trust's principal place of administration, including without limitation to change the law governing administration of the trust.

(I) Liability or indemnification of a trustee for an action relating to the trust.

(J) Resolution of bona fide disputes related to administration, investment, distribution or other matters.

(K) Modification of terms of the trust pertaining to administration of the trust.

(L) Termination of the trust, provided that court approval of such termination must be obtained in accordance with subdivision (d)(5) of this Section, and the court must conclude continuance of the trust is not necessary to achieve any clear material purpose of the trust. The court may consider spendthrift provisions as a factor in making a decision under this subdivision, but a spendthrift provision is not necessarily a clear material purpose of a trust, and the court is not precluded from modifying or terminating a trust because the trust instrument contains a spendthrift provision. Upon such termination the court may order the trust property distributed as agreed by the parties to the agreement or otherwise as the court determines equitable consistent with the purposes of the trust.

(M) Any other matter involving a trust to the extent the terms and conditions of the nonjudicial settlement agreement could be properly approved under applicable law by a court of competent jurisdiction.

(4.5) If a charitable interest or a specifically named charity is a current beneficiary, is a presumptive remainder beneficiary, or has any vested interest in a trust, the parties to any proposed nonjudicial settlement agreement affecting the trust shall deliver to the Attorney General's Charitable Trust Bureau written notice of the proposed agreement at least 60 days prior to its effective date. The Bureau need take no action, but if it objects in a writing

delivered to one or more of the parties prior to the proposed effective date, the agreement shall not take effect unless the parties obtain court approval.

(5) Any beneficiary or other interested person may request the court to approve any part or all of a nonjudicial settlement agreement, including whether any representation is adequate and without conflict of interest, provided that the petition for such approval must be filed before or within 60 days after the effective date of the agreement.

(6) An agreement entered into in accordance with this Section shall be final and binding on the trustee, on all beneficiaries of the trust, both current and future, and on all other interested persons as if ordered by a court with competent jurisdiction over the trust, the trust property, and all parties in interest.

(7) In the trustee's sole discretion, the trustee may, but is not required to, obtain and rely upon an opinion of counsel on any matter relevant to this Section, including without limitation: (i) where required by this Section, that the agreement proposed to be made in accordance with this Section does not conflict with a clear material purpose of the trust or could be properly approved by the court under applicable law; (ii) in the case of a trust termination, that continuance of the trust is not necessary to achieve any clear material purpose of the trust; (iii) that there is no conflict of interest between a representative and the person represented with respect to the particular question or dispute; or (iv) that the representative and the person represented have substantially similar interests with respect to the particular question or dispute.

(e) Application. On and after its effective date, this Section applies to all existing and future trusts, judicial proceedings, or agreements entered into in accordance with this Section on or after the effective date.

(f) This Section shall be construed as pertaining to the administration of a trust and shall be available to any trust that is administered in this State or that is governed by Illinois law with respect to the meaning and effect of its terms, except to the extent the governing instrument expressly prohibits the use of this Section by specific reference to this Section. A provision in the governing instrument in the form: "Neither the provisions of Section 16.1 of the Illinois Trusts and Trustees Act nor any corresponding provision of future law may be used in the
administration of this trust", or a similar provision demonstrating that intent, is sufficient to preclude the use of this Section.

(g) The changes made by this amendatory Act of the 98th General Assembly apply to all trusts in existence on the effective date of this amendatory Act of the 98th General Assembly or created after that date, and are applicable to judicial proceedings and nonjudicial matters involving such trusts. For purposes of this Section:

(i) judicial proceedings include any proceeding before a court or administrative tribunal of this State and any arbitration or mediation proceedings; and

(ii) nonjudicial matters include, but are not limited to, nonjudicial settlement agreements entered into in accordance with this Section and the grant of any consent, release, ratification, or indemnification.

Sec. 16.4. Distribution of trust principal in further trust.

(a) Definitions. In this Section:

"Absolute discretion" means the right to distribute principal that is not limited or modified in any manner to or for the benefit of one or more beneficiaries of the trust, whether or not the term "absolute" is used. A power to distribute principal that includes purposes such as best interests, welfare, or happiness shall constitute absolute discretion.

"Authorized trustee" means an entity or individual, other than the settlor, who has authority under the terms of the first trust to distribute the principal of the trust for the benefit of one or more current beneficiaries.

"Code" means the United States Internal Revenue Code of 1986, as amended from time to time, including corresponding provisions of subsequent internal revenue laws and corresponding provisions of State law.

"Current beneficiary" means a person who is currently receiving or eligible to receive a distribution of principal or income from the trustee on the date of the exercise of the power.

"Distribute" means the power to pay directly to the beneficiary of a trust or make application for the benefit of the beneficiary.

"First trust" means an existing irrevocable inter vivos or testamentary trust part or all of the principal of which is distributed in further trust under subsection (c) or (d).

New matter indicated by italics - deletions by strikeout
"Presumptive remainder beneficiary" means a beneficiary of a trust, as of the date of determination and assuming non-exercise of all powers of appointment, who either (i) would be eligible to receive a distribution of income or principal if the trust terminated on that date, or (ii) would be eligible to receive a distribution of income or principal if the interests of all beneficiaries currently eligible to receive income or principal from the trust ended on that date without causing the trust to terminate.

"Principal" includes the income of the trust at the time of the exercise of the power that is not currently required to be distributed, including accrued and accumulated income.

"Second trust" means any irrevocable trust to which principal is distributed in accordance with subsection (c) or (d).

"Successor beneficiary" means any beneficiary other than the current and presumptive remainder beneficiaries, but does not include a potential appointee of a power of appointment held by a beneficiary.

(b) Purpose. An independent trustee who has discretion to make distributions to the beneficiaries shall exercise that discretion in the trustee's fiduciary capacity, whether the trustee's discretion is absolute or limited to ascertainable standards, in furtherance of the purposes of the trust.

(c) Distribution to second trust if absolute discretion. An authorized trustee who has the absolute discretion to distribute the principal of a trust may distribute part or all of the principal of the trust in favor of a trustee of a second trust for the benefit of one, more than one, or all of the current beneficiaries of the first trust and for the benefit of one, more than one, or all of the successor and remainder beneficiaries of the first trust.

(1) If the authorized trustee exercises the power under this subsection, the authorized trustee may grant a power of appointment (including a presently exercisable power of appointment) in the second trust to one or more of the current beneficiaries of the first trust, provided that the beneficiary granted a power to appoint could receive the principal outright under the terms of the first trust.

(2) If the authorized trustee grants a power of appointment, the class of permissible appointees in favor of whom a beneficiary may exercise the power of appointment granted in the second trust may be broader than or otherwise different from the current,
successor, and presumptive remainder beneficiaries of the first trust.

(3) If the beneficiary or beneficiaries of the first trust are described as a class of persons, the beneficiary or beneficiaries of the second trust may include one or more persons of such class who become includible in the class after the distribution to the second trust.

(d) Distribution to second trust if no absolute discretion. An authorized trustee who has the power to distribute the principal of a trust but does not have the absolute discretion to distribute the principal of the trust may distribute part or all of the principal of the first trust in favor of a trustee of a second trust, provided that the current beneficiaries of the second trust shall be the same as the current beneficiaries of the first trust and the successor and remainder beneficiaries of the second trust shall be the same as the successor and remainder beneficiaries of the first trust.

(1) If the authorized trustee exercises the power under this subsection (d), the second trust shall include the same language authorizing the trustee to distribute the income or principal of a trust as set forth in the first trust.

(2) If the beneficiary or beneficiaries of the first trust are described as a class of persons, the beneficiary or beneficiaries of the second trust shall include all persons who become includible in the class after the distribution to the second trust.

(3) If the authorized trustee exercises the power under this subsection (d) and if the first trust grants a power of appointment to a beneficiary of the trust, the second trust shall grant such power of appointment in the second trust and the class of permissible appointees shall be the same as in the first trust.

(4) Supplemental Needs Trusts.

(i) Notwithstanding the other provisions of this subsection (d), the authorized trustee may distribute part or all of the principal of the interest of a beneficiary who has a disability a disabled beneficiary's interest in the first trust in favor of a trustee of a second trust which is a supplemental needs trust if the authorized trustee determines that to do so would be in the best interests of the beneficiary who has a disability disabled beneficiary.

(ii) Definitions. For purposes of this subsection (d):

New matter indicated by italics - deletions by strikeout
"Best interests" of a beneficiary who has a disability include, without limitation, consideration of the financial impact to the beneficiary's family.

"Beneficiary who has a disability" means a current beneficiary, presumptive remainder beneficiary, or successor beneficiary of the first trust who the authorized trustee determines has a disability that substantially impairs the beneficiary's ability to provide for his or her own care or custody and that constitutes a substantial disability handicap, whether or not the beneficiary has been adjudicated a "person with a disability" or disabled person.

"Governmental benefits" means financial aid or services from any State, Federal, or other public agency.

"Supplemental needs second trust" means a trust that complies with paragraph (iii) of this paragraph (4) and that relative to the first trust contains either lesser or greater restrictions on the trustee's power to distribute trust income or principal and which the trustee believes would, if implemented, allow the beneficiary who has a disability to receive a greater degree of governmental benefits than the beneficiary who has a disability will receive if no distribution is made.

(iii) Remainder beneficiaries. A supplemental needs second trust may name remainder and successor beneficiaries other than the beneficiary's estate, provided that the second trust names the same presumptive remainder beneficiaries and successor beneficiaries to the beneficiary's estate, and in the same proportions, as exist in the first trust. In addition to the foregoing, where the first trust was created by the beneficiary who has a disability or the

trust property has been distributed directly to or is otherwise under the control of the beneficiary who has a disability, the authorized trustee may distribute to a "pooled trust" as defined by federal Medicaid law for the benefit of the beneficiary who has a disability or the supplemental needs second trust must contain pay back provisions complying with Medicaid reimbursement requirements of federal law.

(iv) Reimbursement. A supplemental needs second trust shall not be liable to pay or reimburse the State or any public agency for financial aid or services to the beneficiary except as provided in the supplemental needs second trust.

(e) Notice. An authorized trustee may exercise the power to distribute in favor of a second trust under subsections (c) and (d) without the consent of the settlor or the beneficiaries of the first trust and without court approval if:

(1) there are one or more legally competent current beneficiaries and one or more legally competent presumptive remainder beneficiaries and the authorized trustee sends written notice of the trustee's decision, specifying the manner in which the trustee intends to exercise the power and the prospective effective date for the distribution, to all of the legally competent current beneficiaries and presumptive remainder beneficiaries, determined as of the date the notice is sent and assuming non-exercise of all powers of appointment; and

(2) no beneficiary to whom notice was sent objects to the distribution in writing delivered to the trustee within 60 days after the notice is sent ("notice period").

A trustee is not required to provide a copy of the notice to a beneficiary who is known to the trustee but who cannot be located by the trustee after reasonable diligence or who is not known to the trustee.

If a charity is a current beneficiary or presumptive remainder beneficiary of the trust, the notice shall also be given to the Attorney General's Charitable Trust Bureau.

(f) Court involvement.

(1) The trustee may for any reason elect to petition the court to order the distribution, including, without limitation, the reason

New matter indicated by italics - deletions by strikeout
that the trustee's exercise of the power to distribute under this Section is unavailable, such as:

(a) a beneficiary timely objects to the distribution in a writing delivered to the trustee within the time period specified in the notice; or

(b) there are no legally competent current beneficiaries or legally competent presumptive remainder beneficiaries.

(2) If the trustee receives a written objection within the notice period, either the trustee or the beneficiary may petition the court to approve, modify, or deny the exercise of the trustee's powers. The trustee has the burden of proving the proposed exercise of the power furthers the purposes of the trust.

(3) In a judicial proceeding under this subsection (f), the trustee may, but need not, present the trustee's opinions and reasons for supporting or opposing the proposed distribution, including whether the trustee believes it would enable the trustee to better carry out the purposes of the trust. A trustee's actions in accordance with this Section shall not be deemed improper or inconsistent with the trustee's duty of impartiality unless the court finds from all the evidence that the trustee acted in bad faith.

(g) Term of the second trust. The second trust to which an authorized trustee distributes the assets of the first trust may have a term that is longer than the term set forth in the first trust, including, but not limited to, a term measured by the lifetime of a current beneficiary; provided, however, that the second trust shall be limited to the same permissible period of the rule against perpetuities that applied to the first trust, unless the first trust expressly permits the trustee to extend or lengthen its perpetuities period.

(h) Divided discretion. If an authorized trustee has absolute discretion to distribute the principal of a trust and the same trustee or another trustee has the power to distribute principal under the trust instrument which power is not absolute discretion, such authorized trustee having absolute discretion may exercise the power to distribute under subsection (c).

(i) Later discovered assets. To the extent the authorized trustee does not provide otherwise:

(1) The distribution of all of the assets comprising the principal of the first trust in favor of a second trust shall be deemed
to include subsequently discovered assets otherwise belonging to
the first trust and undistributed principal paid to or acquired by the
first trust subsequent to the distribution in favor of the second trust.

(2) The distribution of part but not all of the assets
comprising the principal of the first trust in favor of a second trust
shall not include subsequently discovered assets belonging to the
first trust and principal paid to or acquired by the first trust
subsequent to the distribution in favor of a second trust; such assets
shall remain the assets of the first trust.

(j) Other authority to distribute in further trust. This Section shall
not be construed to abridge the right of any trustee to distribute property in
further trust that arises under the terms of the governing instrument of a
trust, any provision of applicable law, or a court order. In addition,
distribution of trust principal to a second trust may be made by agreement
between a trustee and all primary beneficiaries of a first trust, acting either
individually or by their respective representatives in accordance with
Section 16.1 of this Act.

(k) Need to distribute not required. An authorized trustee may
exercise the power to distribute in favor of a second trust under
subsections (c) and (d) whether or not there is a current need to distribute
principal under the terms of the first trust.

(l) No duty to distribute. Nothing in this Section is intended to
create or imply a duty to exercise a power to distribute principal, and no
inference of impropriety shall be made as a result of an authorized trustee
not exercising the power conferred under subsection (c) or (d). Notwithstanding any other provision of this Section, a trustee has no duty
to inform beneficiaries about the availability of this Section and no duty to
review the trust to determine whether any action should be taken under
this Section.

(m) Express prohibition. A power authorized by subsection (c) or
(d) may not be exercised if expressly prohibited by the terms of the
governing instrument, but a general prohibition of the amendment or
revocation of the first trust or a provision that constitutes a spendthrift
clause shall not preclude the exercise of a power under subsection (c) or
(d).

(n) Restrictions. An authorized trustee may not exercise a power
authorized by subsection (c) or (d) to affect any of the following:

(1) to reduce, limit or modify any beneficiary's current right
to a mandatory distribution of income or principal, a mandatory
annuity or unitrust interest, a right to withdraw a percentage of the value of the trust or a right to withdraw a specified dollar amount provided that such mandatory right has come into effect with respect to the beneficiary, except with respect to a second trust which is a supplemental needs trust;

(2) to decrease or indemnify against a trustee's liability or exonerate a trustee from liability for failure to exercise reasonable care, diligence, and prudence; except to indemnify or exonerate one party from liability for actions of another party with respect to distribution that unbundles the governance structure of a trust to divide and separate fiduciary and nonfiduciary responsibilities among several parties, including without limitation one or more trustees, distribution advisors, investment advisors, trust protectors, or other parties, provided however that such modified governance structure may reallocate fiduciary responsibilities from one party to another but may not reduce them;

(3) to eliminate a provision granting another person the right to remove or replace the authorized trustee exercising the power under subsection (c) or (d); provided, however, such person's right to remove or replace the authorized trustee may be eliminated if a separate independent, non-subservient individual or entity, such as a trust protector, acting in a nonfiduciary capacity has the right to remove or replace the authorized trustee;

(4) to reduce, limit or modify the perpetuities provision specified in the first trust in the second trust, unless the first trust expressly permits the trustee to do so.

(o) Exception. Notwithstanding the provisions of paragraph (1) of subsection (n) but subject to the other limitations in this Section, an authorized trustee may exercise a power authorized by subsection (c) or (d) to distribute to a second trust; provided, however, that the exercise of such power does not subject the second trust to claims of reimbursement by any private or governmental body and does not at any time interfere with, reduce the amount of, or jeopardize an individual's entitlement to government benefits.

(p) Tax limitations. If any contribution to the first trust qualified for the annual exclusion under Section 2503(b) of the Code, the marital deduction under Section 2056(a) or 2523(a) of the Code, or the charitable deduction under Section 170(a), 642(c), 2055(a) or 2522(a) of the Code, is a direct skip qualifying for treatment under Section 2642(c) of the Code, or

New matter indicated by italics - deletions by strikeout
qualified for any other specific tax benefit that would be lost by the existence of the authorized trustee's authority under subsection (c) or (d) for income, gift, estate, or generation-skipping transfer tax purposes under the Code, then the authorized trustee shall not have the power to distribute the principal of a trust pursuant to subsection (c) or (d) in a manner that would prevent the contribution to the first trust from qualifying for or would reduce the exclusion, deduction, or other tax benefit that was originally claimed with respect to that contribution.

(1) Notwithstanding the provisions of this subsection (p), the authorized trustee may exercise the power to pay the first trust to a trust as to which the settlor of the first trust is not considered the owner under Subpart E of Part I of Subchapter J of Chapter I of Subtitle A of the Code even if the settlor is considered such owner of the first trust. Nothing in this Section shall be construed as preventing the authorized trustee from distributing part or all of the first trust to a second trust that is a trust as to which the settlor of the first trust is considered the owner under Subpart E of Part I of Subchapter J of Chapter I of Subtitle A of the Code.

(2) During any period when the first trust owns subchapter S corporation stock, an authorized trustee may not exercise a power authorized by paragraph (c) or (d) to distribute part or all of the S corporation stock to a second trust that is not a permitted shareholder under Section 1361(c)(2) of the Code.

(3) During any period when the first trust owns an interest in property subject to the minimum distribution rules of Section 401(a)(9) of the Code, an authorized trustee may not exercise a power authorized by subsection (c) or (d) to distribute part or all of the interest in such property to a second trust that would result in the shortening of the minimum distribution period to which the property is subject in the first trust.

(q) Limits on compensation of trustee.

(1) Unless the court upon application of the trustee directs otherwise, an authorized trustee may not exercise a power authorized by subsection (c) or (d) solely to change the provisions regarding the determination of the compensation of any trustee; provided, however, an authorized trustee may exercise the power authorized in subsection (c) or (d) in conjunction with other valid and reasonable purposes to bring the trustee's compensation into
accord with reasonable limits in accord with Illinois law in effect at the time of the exercise.

(2) The compensation payable to the trustee or trustees of the first trust may continue to be paid to the trustees of the second trust during the terms of the second trust and may be determined in the same manner as otherwise would have applied in the first trust; provided, however, that no trustee shall receive any commission or other compensation imposed upon assets distributed due to the distribution of property from the first trust to a second trust pursuant to subsection (c) or (d).

(r) Written instrument. The exercise of a power to distribute principal under subsection (c) or (d) must be made by an instrument in writing, signed and acknowledged by the trustee, and filed with the records of the first trust and the second trust.

(s) Terms of second trust. Any reference to the governing instrument or terms of the governing instrument in this Act includes the terms of a second trust established in accordance with this Section.

(t) Settlor. The settlor of a first trust is considered for all purposes to be the settlor of any second trust established in accordance with this Section. If the settlor of a first trust is not also the settlor of a second trust, then the settlor of the first trust shall be considered the settlor of the second trust, but only with respect to the portion of second trust distributed from the first trust in accordance with this Section.

(u) Remedies. A trustee who reasonably and in good faith takes or omits to take any action under this Section is not liable to any person interested in the trust. An act or omission by a trustee under this Section is presumed taken or omitted reasonably and in good faith unless it is determined by the court to have been an abuse of discretion. If a trustee reasonably and in good faith takes or omits to take any action under this Section and a person interested in the trust opposes the act or omission, the person's exclusive remedy is to obtain an order of the court directing the trustee to exercise authority in accordance with this Section in such manner as the court determines necessary or helpful for the proper functioning of the trust, including without limitation prospectively to modify or reverse a prior exercise of such authority. Any claim by any person interested in the trust that an act or omission by a trustee under this Section was an abuse of discretion is barred if not asserted in a proceeding commenced by or on behalf of the person within 2 years after the trustee has sent to the person or the person's personal representative a notice or

report in writing sufficiently disclosing facts fundamental to the claim such that the person knew or reasonably should have known of the claim. Except for a distribution of trust principal from a first trust to a second trust made by agreement in accordance with Section 16.1 of this Act, the preceding sentence shall not apply to a person who was under a legal disability at the time the notice or report was sent and who then had no personal representative. For purposes of this subsection (u), a personal representative refers to a court appointed guardian or conservator of the estate of a person.

(v) Application. This Section is available to trusts in existence on the effective date of this amendatory Act of the 97th General Assembly or created on or after the effective date of this amendatory Act of the 97th General Assembly. This Section shall be construed as pertaining to the administration of a trust and shall be available to any trust that is administered in Illinois under Illinois law or that is governed by Illinois law with respect to the meaning and effect of its terms, including a trust whose governing law has been changed to the laws of this State, unless the governing instrument expressly prohibits use of this Section by specific reference to this Section. A provision in the governing instrument in the form: "Neither the provisions of Section 16.4 of the Trusts and Trustees Act nor any corresponding provision of future law may be used in the administration of this trust" or a similar provision demonstrating that intent is sufficient to preclude the use of this Section.

Section 975. The Illinois Uniform Transfers to Minors Act is amended by changing Section 19 as follows:

(760 ILCS 20/19) (from Ch. 110 1/2, par. 269)

Sec. 19. Renunciation, Resignation, Death, or Removal of Custodian; Designation of Successor Custodian. (a) A person nominated under Section 4 or designated under Section 6 or Section 10 as custodian may decline to serve by delivering a valid disclaimer to the person who made the nomination or designation or to the transferor or the transferor's representative. If the event giving rise to a transfer has not occurred and no substitute custodian able, willing, and eligible to serve was nominated under Section 4, the person who made the nomination or designation may nominate a substitute custodian; otherwise the transferor or the transferor's representative shall designate a substitute custodian at the time of the transfer in either case from among the persons eligible to serve as custodians.
custodian for that kind of property under Section 10(a). The custodian so designated has the rights of a successor custodian.

(b) At any time or times a transferor or his representative may designate an adult or a trust company as successor custodian, single or successive, by executing and dating an instrument of designation and delivering it to the custodian or if he is deceased or is a person with a disability, to his representative. A custodian at any time when a vacancy would otherwise occur may designate a trust company or an adult as successor custodian by executing and dating an instrument of designation. If an instrument of designation does not contain or is not accompanied by the resignation of the custodian, the designation of the successor does not take effect until the custodian resigns, dies, becomes a person with a disability, or is removed. If a transferor or a custodian has executed more than one instrument of designation, the instrument dated on the earlier date shall be treated as revoked by the instrument dated on the later date; however, a designation by a transferor or his representative shall not be revoked by a custodian. A successor custodian has all the powers, duties and immunities of a custodian designated in a manner prescribed by this Act.

(c) A custodian may resign at any time by delivering written notice to the minor if the minor has attained the age of 14 years and to the successor custodian and by delivering the custodial property to the successor custodian.

(d) If a custodian is ineligible, dies, or becomes a person with a disability, and no successor has been effectively designated and the minor has attained the age of 14 years, the minor may designate as successor custodian, in the manner prescribed in subsection (b), an adult member of the minor’s family, a guardian of the minor, or a trust company. If the minor has not attained the age of 14 years or fails to act within 60 days after the ineligibility, death, or incapacity, the guardian of the minor becomes successor custodian. If the minor has no guardian or the guardian declines to act, the transferor, the representative of the transferor or of the custodian, an adult member of the minor’s family, or any other interested person may petition the court to designate a successor custodian.

(e) A custodian who declines to serve under subsection (a) or resigns under subsection (c), or the representative of a deceased custodian or a custodian with a disability, as soon as practicable, shall put the custodial property and records in the possession and control of the successor custodian. The successor custodian by action

may enforce the obligations to deliver custodial property and records and becomes responsible for each item as received.

(f) A transferor, the representative of a transferor, an adult member of the minor's family, a guardian of the person of the minor, the guardian of the minor, or the minor if the minor has attained the age of 14 years may petition the court to remove the custodian for cause and to designate a successor custodian not inconsistent with an effective designation or to require the custodian to give appropriate bond.

Section 980. The Charitable Trust Act is amended by changing Section 7.5 as follows:

(760 ILCS 55/7.5)

Sec. 7.5. Charitable trust for the benefit of a minor or person with a disability; report.

(a) In the case of a charitable trust established for the benefit of a minor or person with a disability, the person or trustee responsible for the trust, if not the guardian or parent, shall report its existence by certified or registered United States mail to the parent or guardian of the minor or person with a disability within 30 days after formation of the trust and every 6 months thereafter. The written report shall include the name and address of the trustee or trustees responsible for the trust, the name and address of the financial institution at which funds for the trust are held, the amount of funds raised for the trust, and an itemized list of expenses for administration of the trust.

The guardian of the estate of the minor or person with a disability shall report the existence of the trust as part of the ward's estate to the court that appointed the guardian as part of its responsibility to manage the ward's estate as established under Section 11-13 of the Probate Act of 1975. Compliance with this Section in no way affects other requirements for trustee registration and reporting under this Act or any accountings or authorizations required by the court handling the ward's estate.

(b) If a person or trustee fails to report the existence of the trust to the minor's or disabled person's parent or guardian or to the parent or guardian of the person with a disability as required in this Section, the person or trustee is subject to injunction, to removal, to account, and to other appropriate relief before a court of competent jurisdiction exercising chancery jurisdiction.

(c) For the purpose of this Section, a charitable trust for the benefit of a minor or person with a disability is a trust, including a special needs trust, that receives funds solicited from the public under representations that such will (i) benefit a needy minor or person with a disability, (ii) pay the medical or living expenses of the minor or person with a disability, or (iii) be used to assist in family expenses of the minor or person with a disability.

(d) Each and every trustee of a charitable trust for the benefit of a minor or person with a disability must register under this Act and in addition must file an annual report as required by Section 7 of this Act.

Section 985. The Real Estate Timeshare Act of 1999 is amended by changing Section 1-25 as follows:

(765 ILCS 101/1-25)

Sec. 1-25. Local powers; construction.

(a) Except as specifically provided in this Section, the regulation of timeshare plans and exchange programs is an exclusive power and function of the State. A unit of local government, including a home rule unit, may not regulate timeshare plans and exchange programs. This subsection is a denial and limitation of home rule powers and functions under subsection (h) of Section 6 of Article VII of the Illinois Constitution.

(b) Notwithstanding subsection (a), no provision of this Act invalidates or modifies any provision of any zoning, subdivision, or building code or other real estate use law, ordinance, or regulation. Further, nothing in this Act shall be construed to affect or impair the validity of Section 11-11.1-1 of the Illinois Municipal Code or to deny to the corporate authorities of any municipality the powers granted in that Code to enact ordinances (i) prescribing fair housing practices, (ii) defining unfair housing practices, (iii) establishing fair housing or human relations commissions and standards for the operation of such commissions in the administration and enforcement of such ordinances, (iv) prohibiting discrimination based on age, ancestry, color, creed, mental or physical handicap, national origin, race, religion, or sex in the listing, sale, assignment, exchange, transfer, lease, rental, or financing of real property for the purpose of the residential occupancy thereof, and (v) prescribing penalties for violations of such ordinances.

Section 990. The Condominium Property Act is amended by changing Section 18.4 as follows:

(765 ILCS 605/18.4) (from Ch. 30, par. 318.4)

Sec. 18.4. Powers and duties of board of managers. The board of managers shall exercise for the association all powers, duties and authority vested in the association by law or the condominium instruments except for such powers, duties and authority reserved by law to the members of the association. The powers and duties of the board of managers shall include, but shall not be limited to, the following:

(a) To provide for the operation, care, upkeep, maintenance, replacement and improvement of the common elements. Nothing in this subsection (a) shall be deemed to invalidate any provision in a condominium instrument placing limits on expenditures for the common elements, provided, that such limits shall not be applicable to expenditures for repair, replacement, or restoration of existing portions of the common elements. The term "repair, replacement or restoration" means expenditures to deteriorated or damaged portions of the property related to the existing decorating, facilities, or structural or mechanical components, interior or exterior surfaces, or energy systems and equipment with the functional equivalent of the original portions of such areas. Replacement of the common elements may result in an improvement over the original quality of such elements or facilities; provided that, unless the improvement is mandated by law or is an emergency as defined in item (iv) of subparagraph (8) of paragraph (a) of Section 18, if the improvement results in a proposed expenditure exceeding 5% of the annual budget, the board of managers, upon written petition by unit owners with 20% of the votes of the association delivered to the board within 14 days of the board action to approve the expenditure, shall call a meeting of the unit owners within 30 days of the date of delivery of the petition to consider the expenditure. However, no rule or regulation may impair any rights guaranteed by the First Amendment to the Constitution of the United States or Section 4 of Article I of the Illinois Constitution including, but not limited to, the free exercise of religion, nor may any rules or regulations conflict with the provisions of this Act or the condominium instruments. (p) To seek relief on behalf of all unit owners when authorized pursuant to subsection (c) of Section 10 from or in connection with the assessment or levying of real property taxes, special assessments, and any other special taxes or charges of the State of Illinois or of any political subdivision thereof or of any lawful taxing or assessing body.

(q) To reasonably accommodate the needs of a unit owner who is a person with a disability as required by the federal Civil Rights Act of 1968, the Human Rights Act and any applicable local ordinances in the exercise of its powers with respect to the use of common elements or approval of modifications in an individual unit.

In the performance of their duties, the officers and members of the board, whether appointed by the developer or elected by the unit owners, shall exercise the care required of a fiduciary of the unit owners.

The collection of assessments from unit owners by an association, board of managers or their duly authorized agents shall not be considered acts constituting a collection agency for purposes of the Collection Agency Act.

The provisions of this Section are applicable to all condominium instruments recorded under this Act. Any portion of a condominium instrument which contains provisions contrary to these provisions shall be void as against public policy and ineffective. Any such instrument that fails to contain the provisions required by this Section shall be deemed to incorporate such provisions by operation of law.

(9) Any person or entity for the purpose of providing a consumer with a copy of his or her credit report or score upon the consumer's request.

(10) Any person using the information in connection with the underwriting of insurance.

(n-5) This Section does not prevent a consumer reporting agency from charging a fee of no more than $10 to a consumer for each freeze, removal, or temporary lift of the freeze, regarding access to a consumer credit report, except that a consumer reporting agency may not charge a fee to (i) a consumer 65 years of age or over for placement and removal of a freeze, or (ii) a victim of identity theft who has submitted to the consumer reporting agency a valid copy of a police report, investigative report, or complaint that the consumer has filed with a law enforcement agency about unlawful use of his or her personal information by another person.

(o) If a security freeze is in place, a consumer reporting agency shall not change any of the following official information in a credit report without sending a written confirmation of the change to the consumer within 30 days of the change being posted to the consumer's file: (i) name, (ii) date of birth, (iii) Social Security number, and (iv) address. Written confirmation is not required for technical modifications of a consumer's official information, including name and street abbreviations, complete spellings, or transposition of numbers or letters. In the case of an address change, the written confirmation shall be sent to both the new address and to the former address.

(p) The following entities are not required to place a security freeze in a consumer report, however, pursuant to paragraph (3) of this subsection, a consumer reporting agency acting as a reseller shall honor any security freeze placed on a consumer credit report by another consumer reporting agency:

(1) A check services or fraud prevention services company, which issues reports on incidents of fraud or authorizations for the purpose of approving or processing negotiable instruments, electronic funds transfers, or similar methods of payment.

(2) A deposit account information service company, which issues reports regarding account closures due to fraud, substantial overdrafts, ATM abuse, or similar negative information regarding a consumer to inquiring banks or other financial institutions for use

(3) A consumer reporting agency that:

(A) acts only to resell credit information by assembling and merging information contained in a database of one or more consumer reporting agencies; and

(B) does not maintain a permanent database of credit information from which new credit reports are produced.

(q) For purposes of this Section:
"Credit report" has the same meaning as "consumer report", as ascribed to it in 15 U.S.C. Sec. 1681a(d).
"Consumer reporting agency" has the meaning ascribed to it in 15 U.S.C. Sec. 1681a(f).
"Security freeze" means a notice placed in a consumer's credit report, at the request of the consumer and subject to certain exceptions, that prohibits the consumer reporting agency from releasing the consumer's credit report or score relating to an extension of credit, without the express authorization of the consumer.

(r) Any person who violates this Section commits an unlawful practice within the meaning of this Act.

Section 1045. The Motor Vehicle Franchise Act is amended by changing Section 4 as follows:

(815 ILCS 710/4) (from Ch. 121 1/2, par. 754)

Sec. 4. Unfair competition and practices.

(a) The unfair methods of competition and unfair and deceptive acts or practices listed in this Section are hereby declared to be unlawful. In construing the provisions of this Section, the courts may be guided by the interpretations of the Federal Trade Commission Act (15 U.S.C. 45 et seq.), as from time to time amended.

(b) It shall be deemed a violation for any manufacturer, factory branch, factory representative, distributor or wholesaler, distributor branch, distributor representative or motor vehicle dealer to engage in any action with respect to a franchise which is arbitrary, in bad faith or unconscionable and which causes damage to any of the parties or to the public.

(c) It shall be deemed a violation for a manufacturer, a distributor, a wholesaler, a distributor branch or division, a factory branch or division, or a wholesale branch or division, or officer, agent or other representative thereof, to coerce, or attempt to coerce, any motor vehicle dealer:

(1) to accept, buy or order any motor vehicle or vehicles, appliances, equipment, parts or accessories therefor, or any other commodity or commodities or service or services which such motor vehicle dealer has not voluntarily ordered or requested except items required by applicable local, state or federal law; or to require a motor vehicle dealer to accept, buy, order or purchase such items in order to obtain any motor vehicle or vehicles or any other commodity or commodities which have been ordered or requested by such motor vehicle dealer;

(2) to order or accept delivery of any motor vehicle with special features, appliances, accessories or equipment not included in the list price of the motor vehicles as publicly advertised by the manufacturer thereof, except items required by applicable law; or

(3) to order for anyone any parts, accessories, equipment, machinery, tools, appliances or any commodity whatsoever, except items required by applicable law.

(d) It shall be deemed a violation for a manufacturer, a distributor, a wholesaler, a distributor branch or division, or officer, agent or other representative thereof:

   (1) to adopt, change, establish or implement a plan or system for the allocation and distribution of new motor vehicles to motor vehicle dealers which is arbitrary or capricious or to modify an existing plan so as to cause the same to be arbitrary or capricious;

   (2) to fail or refuse to advise or disclose to any motor vehicle dealer having a franchise or selling agreement, upon written request therefor, the basis upon which new motor vehicles of the same line make are allocated or distributed to motor vehicle dealers in the State and the basis upon which the current allocation or distribution is being made or will be made to such motor vehicle dealer;

   (3) to refuse to deliver in reasonable quantities and within a reasonable time after receipt of dealer's order, to any motor vehicle dealer having a franchise or selling agreement for the retail sale of new motor vehicles sold or distributed by such manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division or wholesale branch or division, any such motor vehicles as are covered by such franchise or selling agreement specifically publicly advertised in the State by such manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division, or wholesale branch or division to be available for immediate delivery. However, the failure to deliver any motor vehicle shall not be considered a violation of this Act if such failure is due to an act of God, a work stoppage or delay due to a strike or labor difficulty, a shortage of materials, a lack of manufacturing capacity, a freight embargo or other cause over which the manufacturer, distributor, or wholesaler, or any agent thereof has no control;

   (4) to coerce, or attempt to coerce, any motor vehicle dealer to enter into any agreement with such manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division, or wholesale branch or division, or officer, agent or other representative thereof.
representative thereof, or to do any other act prejudicial to the dealer by threatening to reduce his allocation of motor vehicles or cancel any franchise or any selling agreement existing between such manufacturer, distributor, wholesaler, distributor branch or division, or factory branch or division, or wholesale branch or division, and the dealer. However, notice in good faith to any motor vehicle dealer of the dealer's violation of any terms or provisions of such franchise or selling agreement or of any law or regulation applicable to the conduct of a motor vehicle dealer shall not constitute a violation of this Act;

(5) to require a franchisee to participate in an advertising campaign or contest or any promotional campaign, or to purchase or lease any promotional materials, training materials, show room or other display decorations or materials at the expense of the franchisee;

(6) to cancel or terminate the franchise or selling agreement of a motor vehicle dealer without good cause and without giving notice as hereinafter provided; to fail or refuse to extend the franchise or selling agreement of a motor vehicle dealer upon its expiration without good cause and without giving notice as hereinafter provided; or, to offer a renewal, replacement or succeeding franchise or selling agreement containing terms and provisions the effect of which is to substantially change or modify the sales and service obligations or capital requirements of the motor vehicle dealer arbitrarily and without good cause and without giving notice as hereinafter provided notwithstanding any term or provision of a franchise or selling agreement.

(A) If a manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division or wholesale branch or division intends to cancel or terminate a franchise or selling agreement or intends not to extend or renew a franchise or selling agreement on its expiration, it shall send a letter by certified mail, return receipt requested, to the affected franchisee at least 60 days before the effective date of the proposed action, or not later than 10 days before the proposed action when the reason for the action is based upon either of the following:

(i) the business operations of the franchisee have been abandoned or the franchisee has failed to
conduct customary sales and service operations during customary business hours for at least 7 consecutive business days unless such closing is due to an act of God, strike or labor difficulty or other cause over which the franchisee has no control; or 

(ii) the conviction of or plea of nolo contendere by the motor vehicle dealer or any operator thereof in a court of competent jurisdiction to an offense punishable by imprisonment for more than two years.

Each notice of proposed action shall include a detailed statement setting forth the specific grounds for the proposed cancellation, termination, or refusal to extend or renew and shall state that the dealer has only 30 days from receipt of the notice to file with the Motor Vehicle Review Board a written protest against the proposed action.

(B) If a manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division or wholesale branch or division intends to change substantially or modify the sales and service obligations or capital requirements of a motor vehicle dealer as a condition to extending or renewing the existing franchise or selling agreement of such motor vehicle dealer, it shall send a letter by certified mail, return receipt requested, to the affected franchisee at least 60 days before the date of expiration of the franchise or selling agreement. Each notice of proposed action shall include a detailed statement setting forth the specific grounds for the proposed action and shall state that the dealer has only 30 days from receipt of the notice to file with the Motor Vehicle Review Board a written protest against the proposed action.

(C) Within 30 days from receipt of the notice under subparagraphs (A) and (B), the franchisee may file with the Board a written protest against the proposed action.

When the protest has been timely filed, the Board shall enter an order, fixing a date (within 60 days of the date of the order), time, and place of a hearing on the protest required under Sections 12 and 29 of this Act, and send by certified mail, return receipt requested, a copy of

the order to the manufacturer that filed the notice of intention of the proposed action and to the protesting dealer or franchisee.

The manufacturer shall have the burden of proof to establish that good cause exists to cancel or terminate, or fail to extend or renew the franchise or selling agreement of a motor vehicle dealer or franchisee, and to change substantially or modify the sales and service obligations or capital requirements of a motor vehicle dealer as a condition to extending or renewing the existing franchise or selling agreement. The determination whether good cause exists to cancel, terminate, or refuse to renew or extend the franchise or selling agreement, or to change or modify the obligations of the dealer as a condition to offer renewal, replacement, or succession shall be made by the Board under subsection (d) of Section 12 of this Act.

(D) Notwithstanding the terms, conditions, or provisions of a franchise or selling agreement, the following shall not constitute good cause for cancelling or terminating or failing to extend or renew the franchise or selling agreement: (i) the change of ownership or executive management of the franchisee's dealership; or (ii) the fact that the franchisee or owner of an interest in the franchise owns, has an investment in, participates in the management of, or holds a license for the sale of the same or any other line make of new motor vehicles.

(E) The manufacturer may not cancel or terminate, or fail to extend or renew a franchise or selling agreement or change or modify the obligations of the franchisee as a condition to offering a renewal, replacement, or succeeding franchise or selling agreement before the hearing process is concluded as prescribed by this Act, and thereafter, if the Board determines that the manufacturer has failed to meet its burden of proof and that good cause does not exist to allow the proposed action;

(7) notwithstanding the terms of any franchise agreement, to fail to indemnify and hold harmless its franchised dealers against any judgment or settlement for damages, including, but not limited to, court costs, expert witness fees, reasonable attorneys' fees of the

new motor vehicle dealer, and other expenses incurred in the litigation, so long as such fees and costs are reasonable, arising out of complaints, claims or lawsuits including, but not limited to, strict liability, negligence, misrepresentation, warranty (express or implied), or recision of the sale as defined in Section 2-608 of the Uniform Commercial Code, to the extent that the judgment or settlement relates to the alleged defective or negligent manufacture, assembly or design of new motor vehicles, parts or accessories or other functions by the manufacturer, beyond the control of the dealer; provided that, in order to provide an adequate defense, the manufacturer receives notice of the filing of a complaint, claim, or lawsuit within 60 days after the filing;

(8) to require or otherwise coerce a motor vehicle dealer to underutilize the motor vehicle dealer's facilities by requiring or otherwise coercing the motor vehicle dealer to exclude or remove from the motor vehicle dealer's facilities operations for selling or servicing of any vehicles for which the motor vehicle dealer has a franchise agreement with another manufacturer, distributor, wholesaler, distribution branch or division, or officer, agent, or other representative thereof; provided, however, that, in light of all existing circumstances, (i) the motor vehicle dealer maintains a reasonable line of credit for each make or line of new motor vehicle, (ii) the new motor vehicle dealer remains in compliance with any reasonable facilities requirements of the manufacturer, (iii) no change is made in the principal management of the new motor vehicle dealer, and (iv) the addition of the make or line of new motor vehicles would be reasonable. The reasonable facilities requirement set forth in item (ii) of subsection (d)(8) shall not include any requirement that a franchisee establish or maintain exclusive facilities, personnel, or display space. Any decision by a motor vehicle dealer to sell additional makes or lines at the motor vehicle dealer's facility shall be presumed to be reasonable, and the manufacturer shall have the burden to overcome that presumption. A motor vehicle dealer must provide a written notification of its intent to add a make or line of new motor vehicles to the manufacturer. If the manufacturer does not respond to the motor vehicle dealer, in writing, objecting to the addition of the make or line within 60 days after the date that the motor vehicle dealer

sends the written notification, then the manufacturer shall be deemed to have approved the addition of the make or line; or

(9) to use or consider the performance of a motor vehicle dealer relating to the sale of the manufacturer's, distributor's, or wholesaler's vehicles or the motor vehicle dealer's ability to satisfy any minimum sales or market share quota or responsibility relating to the sale of the manufacturer's, distributor's, or wholesaler's new vehicles in determining:

(A) the motor vehicle dealer's eligibility to purchase program, certified, or other used motor vehicles from the manufacturer, distributor, or wholesaler;

(B) the volume, type, or model of program, certified, or other used motor vehicles that a motor vehicle dealer is eligible to purchase from the manufacturer, distributor, or wholesaler;

(C) the price of any program, certified, or other used motor vehicle that the dealer is eligible to purchase from the manufacturer, distributor, or wholesaler;

(D) the availability or amount of any discount, credit, rebate, or sales incentive that the dealer is eligible to receive from the manufacturer, distributor, or wholesaler for the purchase of any program, certified, or other used motor vehicle offered for sale by the manufacturer, distributor, or wholesaler.

(e) It shall be deemed a violation for a manufacturer, a distributor, a wholesaler, a distributor branch or division or officer, agent or other representative thereof:

(1) to resort to or use any false or misleading advertisement in connection with his business as such manufacturer, distributor, wholesaler, distributor branch or division or officer, agent or other representative thereof;

(2) to offer to sell or lease, or to sell or lease, any new motor vehicle to any motor vehicle dealer at a lower actual price therefor than the actual price offered to any other motor vehicle dealer for the same model vehicle similarly equipped or to utilize any device including, but not limited to, sales promotion plans or programs which result in such lesser actual price or fail to make available to any motor vehicle dealer any preferential pricing, incentive, rebate, finance rate, or low interest loan program offered

to competing motor vehicle dealers in other contiguous states. However, the provisions of this paragraph shall not apply to sales to a motor vehicle dealer for resale to any unit of the United States Government, the State or any of its political subdivisions;

(3) to offer to sell or lease, or to sell or lease, any new motor vehicle to any person, except a wholesaler, distributor or manufacturer's employees at a lower actual price therefor than the actual price offered and charged to a motor vehicle dealer for the same model vehicle similarly equipped or to utilize any device which results in such lesser actual price. However, the provisions of this paragraph shall not apply to sales to a motor vehicle dealer for resale to any unit of the United States Government, the State or any of its political subdivisions;

(4) to prevent or attempt to prevent by contract or otherwise any motor vehicle dealer or franchisee from changing the executive management control of the motor vehicle dealer or franchisee unless the franchiser, having the burden of proof, proves that such change of executive management will result in executive management control by a person or persons who are not of good moral character or who do not meet the franchiser's existing and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards in the market area. However where the manufacturer rejects a proposed change in executive management control, the manufacturer shall give written notice of his reasons to the dealer within 60 days of notice to the manufacturer by the dealer of the proposed change. If the manufacturer does not send a letter to the franchisee by certified mail, return receipt requested, within 60 days from receipt by the manufacturer of the proposed change, then the change of the executive management control of the franchisee shall be deemed accepted as proposed by the franchisee, and the manufacturer shall give immediate effect to such change;

(5) to prevent or attempt to prevent by contract or otherwise any motor vehicle dealer from establishing or changing the capital structure of his dealership or the means by or through which he finances the operation thereof; provided the dealer meets any reasonable capital standards agreed to between the dealer and the manufacturer, distributor or wholesaler, who may require that the sources, method and manner by which the dealer finances or

intends to finance its operation, equipment or facilities be fully disclosed;

(6) to refuse to give effect to or prevent or attempt to prevent by contract or otherwise any motor vehicle dealer or any officer, partner or stockholder of any motor vehicle dealer from selling or transferring any part of the interest of any of them to any other person or persons or party or parties unless such sale or transfer is to a transferee who would not otherwise qualify for a new motor vehicle dealers license under "The Illinois Vehicle Code" or unless the franchiser, having the burden of proof, proves that such sale or transfer is to a person or party who is not of good moral character or does not meet the franchiser's existing and reasonable capital standards and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards in the market area. However, nothing herein shall be construed to prevent a franchiser from implementing affirmative action programs providing business opportunities for minorities or from complying with applicable federal, State or local law:

(A) If the manufacturer intends to refuse to approve the sale or transfer of all or a part of the interest, then it shall, within 60 days from receipt of the completed application forms generally utilized by a manufacturer to conduct its review and a copy of all agreements regarding the proposed transfer, send a letter by certified mail, return receipt requested, advising the franchisee of any refusal to approve the sale or transfer of all or part of the interest and shall state that the dealer only has 30 days from the receipt of the notice to file with the Motor Vehicle Review Board a written protest against the proposed action. The notice shall set forth specific criteria used to evaluate the prospective transferee and the grounds for refusing to approve the sale or transfer to that transferee. Within 30 days from the franchisee's receipt of the manufacturer's notice, the franchisee may file with the Board a written protest against the proposed action.

When a protest has been timely filed, the Board shall enter an order, fixing the date (within 60 days of the date of such order), time, and place of a hearing on the

protest, required under Sections 12 and 29 of this Act, and send by certified mail, return receipt requested, a copy of the order to the manufacturer that filed notice of intention of the proposed action and to the protesting franchisee.

The manufacturer shall have the burden of proof to establish that good cause exists to refuse to approve the sale or transfer to the transferee. The determination whether good cause exists to refuse to approve the sale or transfer shall be made by the Board under subdivisions (6)(B). The manufacturer shall not refuse to approve the sale or transfer by a dealer or an officer, partner, or stockholder of a franchise or any part of the interest to any person or persons before the hearing process is concluded as prescribed by this Act, and thereafter if the Board determines that the manufacturer has failed to meet its burden of proof and that good cause does not exist to refuse to approve the sale or transfer to the transferee.

(B) Good cause to refuse to approve such sale or transfer under this Section is established when such sale or transfer is to a transferee who would not otherwise qualify for a new motor vehicle dealers license under "The Illinois Vehicle Code" or such sale or transfer is to a person or party who is not of good moral character or does not meet the franchiser's existing and reasonable capital standards and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards in the market area.

(7) to obtain money, goods, services, anything of value, or any other benefit from any other person with whom the motor vehicle dealer does business, on account of or in relation to the transactions between the dealer and the other person as compensation, except for services actually rendered, unless such benefit is promptly accounted for and transmitted to the motor vehicle dealer;

(8) to grant an additional franchise in the relevant market area of an existing franchise of the same line make or to relocate an existing motor vehicle dealership within or into a relevant market area of an existing franchise of the same line make. However, if the manufacturer wishes to grant such an additional franchise to an

New matter indicated by italics - deletions by strikeout
independent person in a bona fide relationship in which such
person is prepared to make a significant investment subject to loss
in such a dealership, or if the manufacturer wishes to relocate an
existing motor vehicle dealership, then the manufacturer shall send
a letter by certified mail, return receipt requested, to each existing
dealer or dealers of the same line make whose relevant market area
includes the proposed location of the additional or relocated
franchise at least 60 days before the manufacturer grants an
additional franchise or relocates an existing franchise of the same
line make within or into the relevant market area of an existing
franchisee of the same line make. Each notice shall set forth the
specific grounds for the proposed grant of an additional or
relocation of an existing franchise and shall state that the dealer has
only 30 days from the date of receipt of the notice to file with the
Motor Vehicle Review Board a written protest against the
proposed action. Unless the parties agree upon the grant or
establishment of the additional or relocated franchise within 30
days from the date the notice was received by the existing
franchisee of the same line make or any person entitled to receive
such notice, the franchisee or other person may file with the Board
a written protest against the grant or establishment of the proposed
additional or relocated franchise.

When a protest has been timely filed, the Board shall enter
an order fixing a date (within 60 days of the date of the order),
time, and place of a hearing on the protest, required under Sections
12 and 29 of this Act, and send by certified or registered mail,
return receipt requested, a copy of the order to the manufacturer
that filed the notice of intention to grant or establish the proposed
additional or relocated franchise and to the protesting dealer or
dealers of the same line make whose relevant market area includes
the proposed location of the additional or relocated franchise.

When more than one protest is filed against the grant or
establishment of the additional or relocated franchise of the same
line make, the Board may consolidate the hearings to expedite
disposition of the matter. The manufacturer shall have the burden
of proof to establish that good cause exists to allow the grant or
establishment of the additional or relocated franchise. The
manufacturer may not grant or establish the additional franchise or
relocate the existing franchise before the hearing process is

concluded as prescribed by this Act, and thereafter if the Board determines that the manufacturer has failed to meet its burden of proof and that good cause does not exist to allow the grant or establishment of the additional franchise or relocation of the existing franchise.

The determination whether good cause exists for allowing the grant or establishment of an additional franchise or relocated existing franchise, shall be made by the Board under subsection (c) of Section 12 of this Act. If the manufacturer seeks to enter into a contract, agreement or other arrangement with any person, establishing any additional motor vehicle dealership or other facility, limited to the sale of factory repurchase vehicles or late model vehicles, then the manufacturer shall follow the notice procedures set forth in this Section and the determination whether good cause exists for allowing the proposed agreement shall be made by the Board under subsection (c) of Section 12, with the manufacturer having the burden of proof.

A. (Blank).

B. For the purposes of this Section, appointment of a successor motor vehicle dealer at the same location as its predecessor, or within 2 miles of such location, or the relocation of an existing dealer or franchise within 2 miles of the relocating dealer's or franchisee's existing location, shall not be construed as a grant, establishment or the entering into of an additional franchise or selling agreement, or a relocation of an existing franchise. The reopening of a motor vehicle dealership that has not been in operation for 18 months or more shall be deemed the grant of an additional franchise or selling agreement.

C. This Section does not apply to the relocation of an existing dealership or franchise in a county having a population of more than 300,000 persons when the new location is within the dealer's current relevant market area, provided the new location is more than 7 miles from the nearest dealer of the same line make. This Section does not apply to the relocation of an existing dealership or franchise in a county having a population of less than 300,000 persons when the new location is within the dealer's current relevant market area, provided the new location is more
than 12 miles from the nearest dealer of the same line make. A dealer that would be farther away from the new location of an existing dealership or franchise of the same line make after a relocation may not file a written protest against the relocation with the Motor Vehicle Review Board.

D. Nothing in this Section shall be construed to prevent a franchiser from implementing affirmative action programs providing business opportunities for minorities or from complying with applicable federal, State or local law; (9) to require a motor vehicle dealer to assent to a release, assignment, novation, waiver or estoppel which would relieve any person from liability imposed by this Act; (10) to prevent or refuse to give effect to the succession to the ownership or management control of a dealership by any legatee under the will of a dealer or to an heir under the laws of descent and distribution of this State unless the franchisee has designated a successor to the ownership or management control under the succession provisions of the franchise. Unless the franchiser, having the burden of proof, proves that the successor is a person who is not of good moral character or does not meet the franchiser's existing and reasonable capital standards and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards in the market area, any designated successor of a dealer or franchisee may succeed to the ownership or management control of a dealership under the existing franchise if:

(i) The designated successor gives the franchiser written notice by certified mail, return receipt requested, of his or her intention to succeed to the ownership of the dealer within 60 days of the dealer's death or incapacity; and

(ii) The designated successor agrees to be bound by all the terms and conditions of the existing franchise.

Notwithstanding the foregoing, in the event the motor vehicle dealer or franchisee and manufacturer have duly executed an agreement concerning succession rights prior to the dealer's death or incapacitation, the agreement shall be observed.

New matter indicated by italics - deletions by strikeout
(A) If the franchiser intends to refuse to honor the successor to the ownership of a deceased or incapacitated dealer or franchisee under an existing franchise agreement, the franchiser shall send a letter by certified mail, return receipt requested, to the designated successor within 60 days from receipt of a proposal advising of its intent to refuse to honor the succession and to discontinue the existing franchise agreement and shall state that the designated successor only has 30 days from the receipt of the notice to file with the Motor Vehicle Review Board a written protest against the proposed action. The notice shall set forth the specific grounds for the refusal to honor the succession and discontinue the existing franchise agreement.

If notice of refusal is not timely served upon the designated successor, the franchise agreement shall continue in effect subject to termination only as otherwise permitted by paragraph (6) of subsection (d) of Section 4 of this Act.

Within 30 days from the date the notice was received by the designated successor or any other person entitled to notice, the designee or other person may file with the Board a written protest against the proposed action.

When a protest has been timely filed, the Board shall enter an order, fixing a date (within 60 days of the date of the order), time, and place of a hearing on the protest, required under Sections 12 and 29 of this Act, and send by certified mail, return receipt requested, a copy of the order to the franchiser that filed the notice of intention of the proposed action and to the protesting designee or such other person.

The manufacturer shall have the burden of proof to establish that good cause exists to refuse to honor the succession and discontinue the existing franchise agreement. The determination whether good cause exists to refuse to honor the succession shall be made by the Board under subdivision (B) of this paragraph (10). The manufacturer shall not refuse to honor the succession or
discontinue the existing franchise agreement before the hearing process is concluded as prescribed by this Act, and thereafter if the Board determines that it has failed to meet its burden of proof and that good cause does not exist to refuse to honor the succession and discontinue the existing franchise agreement.

(B) No manufacturer shall impose any conditions upon honoring the succession and continuing the existing franchise agreement with the designated successor other than that the franchisee has designated a successor to the ownership or management control under the succession provisions of the franchise, or that the designated successor is of good moral character or meets the reasonable capital standards and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards in the market area;

(11) to prevent or refuse to approve a proposal to establish a successor franchise at a location previously approved by the franchiser when submitted with the voluntary termination by the existing franchisee unless the successor franchisee would not otherwise qualify for a new motor vehicle dealer's license under the Illinois Vehicle Code or unless the franchiser, having the burden of proof, proves that such proposed successor is not of good moral character or does not meet the franchiser's existing and reasonable capital standards and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards in the market area. However, when such a rejection of a proposal is made, the manufacturer shall give written notice of its reasons to the franchisee within 60 days of receipt by the manufacturer of the proposal. However, nothing herein shall be construed to prevent a franchiser from implementing affirmative action programs providing business opportunities for minorities, or from complying with applicable federal, State or local law;

(12) to prevent or refuse to grant a franchise to a person because such person owns, has investment in or participates in the management of or holds a franchise for the sale of another make or line of motor vehicles within 7 miles of the proposed franchise location in a county having a population of more than 300,000

persons, or within 12 miles of the proposed franchise location in a county having a population of less than 300,000 persons; or

(13) to prevent or attempt to prevent any new motor vehicle dealer from establishing any additional motor vehicle dealership or other facility limited to the sale of factory repurchase vehicles or late model vehicles or otherwise offering for sale factory repurchase vehicles of the same line make at an existing franchise by failing to make available any contract, agreement or other arrangement which is made available or otherwise offered to any person.

(f) It is deemed a violation for a manufacturer, a distributor, a wholesale, a distributor branch or division, a factory branch or division, or a wholesale branch or division, or officer, agent, broker, shareholder, except a shareholder of 1% or less of the outstanding shares of any class of securities of a manufacturer, distributor, or wholesaler which is a publicly traded corporation, or other representative, directly or indirectly, to own or operate a place of business as a motor vehicle franchisee or motor vehicle financing affiliate, except that, this subsection shall not prohibit the ownership or operation of a place of business as a motor vehicle franchisee or motor vehicle financing affiliate, except that, this subsection shall not prohibit the ownership or operation of a place of business by a manufacturer, distributor, or wholesaler for a period, not to exceed 18 months, during the transition from one motor vehicle franchisee to another; or the investment in a motor vehicle franchisee by a manufacturer, distributor, or wholesaler if the investment is for the sole purpose of enabling a partner or shareholder in that motor vehicle franchisee to acquire an interest in that motor vehicle franchisee and that partner or shareholder is not otherwise employed by or associated with the manufacturer, distributor, or wholesaler and would not otherwise have the requisite capital investment funds to invest in the motor vehicle franchisee, and has the right to purchase the entire equity interest of the manufacturer, distributor, or wholesaler in the motor vehicle franchisee within a reasonable period of time not to exceed 5 years.

(g) Notwithstanding the terms, provisions, or conditions of any agreement or waiver, it shall be deemed a violation for a manufacturer, a distributor, a wholesaler, a distributor branch or division, a factory branch or division, or a wholesale branch or division, or officer, agent or other representative thereof, to directly or indirectly condition the awarding of a franchise to a prospective new motor vehicle dealer, the addition of a line make or franchise to an existing dealer, the renewal of a franchise of an existing dealer, the approval of the relocation of an existing dealer's

facility, or the approval of the sale or transfer of the ownership of a franchise on the willingness of a dealer, proposed new dealer, or owner of an interest in the dealership facility to enter into a site control agreement or exclusive use agreement unless separate and reasonable consideration was offered and accepted for that agreement.

For purposes of this subsection (g), the terms "site control agreement" and "exclusive use agreement" include any agreement that has the effect of either (i) requiring that the dealer establish or maintain exclusive dealership facilities; or (ii) restricting the ability of the dealer, or the ability of the dealer's lessor in the event the dealership facility is being leased, to transfer, sell, lease, or change the use of the dealership premises, whether by sublease, lease, collateral pledge of lease, or other similar agreement. "Site control agreement" and "exclusive use agreement" also include a manufacturer restricting the ability of a dealer to transfer, sell, or lease the dealership premises by right of first refusal to purchase or lease, option to purchase, or option to lease if the transfer, sale, or lease of the dealership premises is to a person who is an immediate family member of the dealer. For the purposes of this subsection (g), "immediate family member" means a spouse, parent, son, daughter, son-in-law, daughter-in-law, brother, and sister.

If a manufacturer exercises any right of first refusal to purchase or lease or option to purchase or lease with regard to a transfer, sale, or lease of the dealership premises to a person who is not an immediate family member of the dealer, then (1) within 60 days from the receipt of the completed application forms generally utilized by a manufacturer to conduct its review and a copy of all agreements regarding the proposed transfer, the manufacturer must notify the dealer of its intent to exercise the right of first refusal to purchase or lease or option to purchase or lease and (2) the exercise of the right of first refusal to purchase or lease or option to purchase or lease must result in the dealer receiving consideration, terms, and conditions that either are the same as or greater than that which they have contracted to receive in connection with the proposed transfer, sale, or lease of the dealership premises.

Any provision contained in any agreement entered into on or after the effective date of this amendatory Act of the 96th General Assembly that is inconsistent with the provisions of this subsection (g) shall be voidable at the election of the affected dealer, prospective dealer, or owner of an interest in the dealership facility.

(h) For purposes of this subsection:

"Successor manufacturer" means any motor vehicle manufacturer that, on or after January 1, 2009, acquires, succeeds to, or assumes any part of the business of another manufacturer, referred to as the "predecessor manufacturer", as the result of any of the following:

(i) A change in ownership, operation, or control of the predecessor manufacturer by sale or transfer of assets, corporate stock or other equity interest, assignment, merger, consolidation, combination, joint venture, redemption, court-approved sale, operation of law or otherwise.

(ii) The termination, suspension, or cessation of a part or all of the business operations of the predecessor manufacturer.

(iii) The discontinuance of the sale of the product line.

(iv) A change in distribution system by the predecessor manufacturer, whether through a change in distributor or the predecessor manufacturer's decision to cease conducting business through a distributor altogether.

"Former Franchisee" means a new motor vehicle dealer that has entered into a franchise with a predecessor manufacturer and that has either:

(i) entered into a termination agreement or deferred termination agreement with a predecessor or successor manufacturer related to such franchise; or

(ii) has had such franchise canceled, terminated, nonrenewed, noncontinued, rejected, nonassumed, or otherwise ended.

For a period of 3 years from: (i) the date that a successor manufacturer acquires, succeeds to, or assumes any part of the business of a predecessor manufacturer; (ii) the last day that a former franchisee is authorized to remain in business as a franchised dealer with respect to a particular franchise under a termination agreement or deferred termination agreement with a predecessor or successor manufacturer; (iii) the last day that a former franchisee that was cancelled, terminated, nonrenewed, noncontinued, rejected, nonassumed, or otherwise ended by a predecessor or successor manufacturer is authorized to remain in business as a franchised dealer with respect to a particular franchise; or (iv) the effective date of this amendatory Act of the 96th General Assembly, whichever is latest, it shall be unlawful for such successor manufacturer to enter into a same line make franchise with any person or to permit the relocation of any existing same line make franchise, for a line make of the predecessor

manufacturer that would be located or relocated within the relevant market area of a former franchisee who owned or leased a dealership facility in that relevant market area without first offering the additional or relocated franchise to the former franchisee, or the designated successor of such former franchisee in the event the former franchisee is deceased or a person with a disability disabled, at no cost and without any requirements or restrictions other than those imposed generally on the manufacturer's other franchisees at that time, unless one of the following applies:

(1) As a result of the former franchisee's cancellation, termination, noncontinuance, or nonrenewal of the franchise, the predecessor manufacturer had consolidated the line make with another of its line makes for which the predecessor manufacturer had a franchise with a then-existing dealership facility located within that relevant market area.

(2) The successor manufacturer has paid the former franchisee, or the designated successor of such former franchisee in the event the former franchisee is deceased or a person with a disability disabled, the fair market value of the former franchisee's franchise on (i) the date the franchisor announces the action which results in the termination, cancellation, or nonrenewal; or (ii) the date the action which results in termination, cancellation, or nonrenewal first became general knowledge; or (iii) the day 12 months prior to the date on which the notice of termination, cancellation, or nonrenewal is issued, whichever amount is higher. Payment is due within 90 days of the effective date of the termination, cancellation, or nonrenewal. If the termination, cancellation, or nonrenewal is due to a manufacturer's change in distributors, the manufacturer may avoid paying fair market value to the dealer if the new distributor or the manufacturer offers the dealer a franchise agreement with terms acceptable to the dealer.

(3) The successor manufacturer proves that it would have had good cause to terminate the franchise agreement of the former franchisee, or the successor of the former franchisee under item (e)(10) in the event that the former franchisee is deceased or a person with a disability disabled. The determination of whether the successor manufacturer would have had good cause to terminate the franchise agreement of the former franchisee, or the successor of the former franchisee, shall be made by the Board under subsection (d) of Section 12. A successor manufacturer that seeks
to assert that it would have had good cause to terminate a former franchisee, or the successor of the former franchisee, must file a petition seeking a hearing on this issue before the Board and shall have the burden of proving that it would have had good cause to terminate the former franchisee or the successor of the former franchisee. No successor dealer, other than the former franchisee, may be appointed or franchised by the successor manufacturer within the relevant market area of the former franchisee until the Board has held a hearing and rendered a determination on the issue of whether the successor manufacturer would have had good cause to terminate the former franchisee.

In the event that a successor manufacturer attempts to enter into a same line make franchise with any person or to permit the relocation of any existing line make franchise under this subsection (h) at a location that is within the relevant market area of 2 or more former franchisees, then the successor manufacturer may not offer it to any person other than one of those former franchisees unless the successor manufacturer can prove that at least one of the 3 exceptions in items (1), (2), and (3) of this subsection (h) applies to each of those former franchisees.

(c) Every employer of an employee engaged in an occupation in which gratuities have customarily and usually constituted and have been recognized as part of the remuneration for hire purposes is entitled to an allowance for gratuities as part of the hourly wage rate provided in Section 4, subsection (a) in an amount not to exceed 40% of the applicable minimum wage rate. (d) No camp counselor who resides on the premises of a seasonal camp of an organized not-for-profit corporation shall be subject to the adult minimum wage if the camp counselor (1) works 40 or more hours per week, and (2) receives a total weekly salary of not less than the adult minimum wage for a 40-hour week. (820 ILCS 105/10) (from Ch. 48, par. 1010)

Sec. 10. (a) The Director shall make and revise administrative regulations, including definitions of terms, as he deems appropriate to carry out the purposes of this Act, to prevent the circumvention or evasion thereof, and to safeguard the minimum wage established by the Act. Regulations governing employment of learners may be issued only after notice and opportunity for public hearing, as provided in subsection (c) of this Section.

(b) In order to prevent curtailment of opportunities for employment, avoid undue hardship, and safeguard the minimum wage rate under this Act, the Director may also issue regulations providing for the employment of workers with disabilities at wages lower than the wage rate applicable under this Act, under permits and for such periods of time as specified therein; and providing for the employment of learners at wages lower than the wage rate applicable under this Act. However, such regulation shall not permit lower wages for persons with disabilities on any basis that is unrelated to such person's ability resulting from his handicap, and such regulation may be issued only after notice and opportunity for public hearing as provided in subsection (c) of this Section.

(c) Prior to the adoption, amendment or repeal of any rule or regulation by the Director under this Act, except regulations which concern only the internal management of the Department of Labor and do not affect any public right provided by this Act, the Director shall give proper notice to persons in any industry or occupation that may be affected by the proposed rule or regulation, and hold a public hearing on his proposed action at which any such affected person, or his duly authorized representative, may attend and testify or present other evidence for or against such proposed rule or regulation. Rules and regulations adopted under this Section shall be filed with the Secretary of State in compliance with "An Act concerning administrative rules", as now or hereafter amended. Such adopted and filed rules and regulations shall become effective 10 days after copies thereof have been mailed by the Department to persons in industries affected thereby at their last known address.

(d) The commencement of proceedings by any person aggrieved by an administrative regulation issued under this Act does not, unless specifically ordered by the Court, operate as a stay of that administrative regulation against other persons. The Court shall not grant any stay of an administrative regulation unless the person complaining of such regulation files in the Court an undertaking with a surety or sureties satisfactory to the Court for the payment to the employees affected by the regulation, in the event such regulation is affirmed, of the amount by which the compensation such employees are entitled to receive under the regulation exceeds the compensation they actually receive while such stay is in effect.

Section 1055. The Workers' Compensation Act is amended by changing Sections 6 and 17 as follows:

New matter indicated by italics - deletions by strikeout
Sec. 6. (a) Every employer within the provisions of this Act, shall, under the rules and regulations prescribed by the Commission, post printed notices in their respective places of employment in such number and at such places as may be determined by the Commission, containing such information relative to this Act as in the judgment of the Commission may be necessary to aid employees to safeguard their rights under this Act in event of injury.

In addition thereto, the employer shall post in a conspicuous place on the place of the employment a printed or typewritten notice stating whether he is insured or whether he has qualified and is operating as a self-insured employer. In the event the employer is insured, the notice shall state the name and address of his insurance carrier, the number of the insurance policy, its effective date and the date of termination. In the event of the termination of the policy for any reason prior to the termination date stated, the posted notice shall promptly be corrected accordingly. In the event the employer is operating as a self-insured employer the notice shall state the name and address of the company, if any, servicing the compensation payments of the employer, and the name and address of the person in charge of making compensation payments.

(b) Every employer subject to this Act shall maintain accurate records of work-related deaths, injuries and illness other than minor injuries requiring only first aid treatment and which do not involve medical treatment, loss of consciousness, restriction of work or motion, or transfer to another job and file with the Commission, in writing, a report of all accidental deaths, injuries and illnesses arising out of and in the course of the employment resulting in the loss of more than 3 scheduled work days. In the case of death such report shall be made no later than 2 working days following the accidental death. In all other cases such report shall be made between the 15th and 25th of each month unless required to be made sooner by rule of the Commission. In case the injury results in permanent disability, a further report shall be made as soon as it is determined that such permanent disability has resulted or will result from the injury. All reports shall state the date of the injury, including the time of day or night, the nature of the employer's business, the name, address, age, sex, conjugal condition of the injured person, the specific occupation of the injured person, the direct cause of the injury and the nature of the accident, the character of the injury, the length of disability, and in case of death the length of disability before death, the wages of the injured person,
whether compensation has been paid to the injured person, or to his or her legal representative or his heirs or next of kin, the amount of compensation paid, the amount paid for physicians', surgeons' and hospital bills, and by whom paid, and the amount paid for funeral or burial expenses if known. The reports shall be made on forms and in the manner as prescribed by the Commission and shall contain such further information as the Commission shall deem necessary and require. The making of these reports releases the employer from making such reports to any other officer of the State and shall satisfy the reporting provisions as contained in the Safety Inspection and Education Act, the Health and Safety Act, and the Occupational Safety and Health Act. The reports filed with the Commission pursuant to this Section shall be made available by the Commission to the Director of Labor or his representatives and to all other departments of the State of Illinois which shall require such information for the proper discharge of their official duties. Failure to file with the Commission any of the reports required in this Section is a petty offense.

Except as provided in this paragraph, all reports filed hereunder shall be confidential and any person having access to such records filed with the Illinois Workers' Compensation Commission as herein required, who shall release any information therein contained including the names or otherwise identify any persons sustaining injuries or disabilities, or give access to such information to any unauthorized person, shall be subject to discipline or discharge, and in addition shall be guilty of a Class B misdemeanor. The Commission shall compile and distribute to interested persons aggregate statistics, taken from the reports filed hereunder. The aggregate statistics shall not give the names or otherwise identify persons sustaining injuries or disabilities or the employer of any injured person or person with a disability or disabled person.

(c) Notice of the accident shall be given to the employer as soon as practicable, but not later than 45 days after the accident. Provided:

(1) In case of the legal disability of the employee or any dependent of a deceased employee who may be entitled to compensation under the provisions of this Act, the limitations of time by this Act provided do not begin to run against such person under legal disability until a guardian has been appointed.

(2) In cases of injuries sustained by exposure to radiological materials or equipment, notice shall be given to the employer within 90 days subsequent to the time that the employee knows or suspects that he has received an excessive dose of radiation.

New matter indicated by italics - deletions by strikeout
No defect or inaccuracy of such notice shall be a bar to the maintenance of proceedings on arbitration or otherwise by the employee unless the employer proves that he is unduly prejudiced in such proceedings by such defect or inaccuracy.

Notice of the accident shall give the approximate date and place of the accident, if known, and may be given orally or in writing.

(d) Every employer shall notify each injured employee who has been granted compensation under the provisions of Section 8 of this Act of his rights to rehabilitation services and advise him of the locations of available public rehabilitation centers and any other such services of which the employer has knowledge.

In any case, other than one where the injury was caused by exposure to radiological materials or equipment or asbestos unless the application for compensation is filed with the Commission within 3 years after the date of the accident, where no compensation has been paid, or within 2 years after the date of the last payment of compensation, where any has been paid, whichever shall be later, the right to file such application shall be barred.

In any case of injury caused by exposure to radiological materials or equipment or asbestos, unless application for compensation is filed with the Commission within 25 years after the last day that the employee was employed in an environment of hazardous radiological activity or asbestos, the right to file such application shall be barred.

If in any case except one where the injury was caused by exposure to radiological materials or equipment or asbestos, the accidental injury results in death application for compensation for death may be filed with the Commission within 3 years after the date of death where no compensation has been paid or within 2 years after the date of the last payment of compensation where any has been paid, whichever shall be later, but not thereafter.

If an accidental injury caused by exposure to radiological material or equipment or asbestos results in death within 25 years after the last day that the employee was so exposed application for compensation for death may be filed with the Commission within 3 years after the date of death, where no compensation has been paid, or within 2 years after the date of the last payment of compensation where any has been paid, whichever shall be later, but not thereafter.

(e) Any contract or agreement made by any employer or his agent or attorney with any employee or any other beneficiary of any claim under
the provisions of this Act within 7 days after the injury shall be presumed to be fraudulent.

(f) Any condition or impairment of health of an employee employed as a firefighter, emergency medical technician (EMT), emergency medical technician-intermediate (EMT-I), advanced emergency medical technician (A-EMT), or paramedic which results directly or indirectly from any bloodborne pathogen, lung or respiratory disease or condition, heart or vascular disease or condition, hypertension, tuberculosis, or cancer resulting in any disability (temporary, permanent, total, or partial) to the employee shall be rebuttably presumed to arise out of and in the course of the employee's firefighting, EMT, or paramedic employment and, further, shall be rebuttably presumed to be causally connected to the hazards or exposures of the employment. This presumption shall also apply to any hernia or hearing loss suffered by an employee employed as a firefighter, EMT, EMT-I, A-EMT, or paramedic. However, this presumption shall not apply to any employee who has been employed as a firefighter, EMT, or paramedic for less than 5 years at the time he or she files an Application for Adjustment of Claim concerning this condition or impairment with the Illinois Workers' Compensation Commission. The rebuttable presumption established under this subsection, however, does not apply to an emergency medical technician (EMT), emergency medical technician-intermediate (EMT-I), advanced emergency medical technician (A-EMT), or paramedic employed by a private employer if the employee spends the preponderance of his or her work time for that employer engaged in medical transfers between medical care facilities or non-emergency medical transfers to or from medical care facilities. The changes made to this subsection by Public Act 98-291 shall be narrowly construed. The Finding and Decision of the Illinois Workers' Compensation Commission under only the rebuttable presumption provision of this subsection shall not be admissible or be deemed res judicata in any disability claim under the Illinois Pension Code arising out of the same medical condition; however, this sentence makes no change to the law set forth in Krohe v. City of Bloomington, 204 Ill.2d 392.

The Commission may destroy all papers and documents which have been on file for more than 5 years where there is no claim for compensation pending or where more than 2 years have elapsed since the termination of the compensation period.

The Commission shall compile and distribute to interested persons aggregate statistics, taken from any records and reports in the possession of the Commission. The aggregate statistics shall not give the names or otherwise identify persons sustaining injuries or disabilities or the employer of any injured person or person with a disability or disabled person.

The Commission is authorized to establish reasonable fees and methods of payment limited to covering only the costs to the Commission for processing, maintaining and generating records or data necessary for the computerized production of documents, records and other materials except to the extent of any salaries or compensation of Commission officers or employees.

All fees collected by the Commission under this Section shall be deposited in the Statistical Services Revolving Fund and credited to the account of the Illinois Workers’ Compensation Commission.

agents or employees of any of them for or on account of any injury to health, disease, or death therefrom, other than for the compensation herein provided or for damages as provided in Section 3 of this Act. This Section shall not affect any right to compensation under the "Workers' Compensation Act".

No compensation is payable under this Act for any condition of physical or mental ill-being, disability, disablement, or death for which compensation is recoverable on account of accidental injury under the "Workers' Compensation Act".

(b) Where the disablement or death for which compensation is payable under this Act was caused under circumstances creating a legal liability for damages on the part of some person other than his employer to pay damages, then legal proceedings may be taken against such other person to recover damages notwithstanding such employer's payment of or liability to pay compensation under this Act. In such case, however, if the action against such other person is brought by the employee with a disability or his personal representative and judgment is obtained and paid or settlement is made with such other person, either with or without suit, then from the amount received by such employee or personal representative there shall be paid to the employer the amount of compensation paid or to be paid by him to such employee or personal representative, including amounts paid or to be paid pursuant to paragraph (a) of Section 8 of the Workers' Compensation Act as required under Section 7 of this Act. If the employee or personal representative brings an action against another person and the other person then brings an action for contribution against the employer, the amount, if any, that shall be paid to the employer by the employee or personal representative pursuant to this Section shall be reduced by an amount equal to the amount found by the trier of fact to be the employer's pro rata share of the common liability in the action.

Out of any reimbursement received by the employer, pursuant to this Section the employer shall pay his pro rata share of all costs and reasonably necessary expenses in connection with such third party claim, action or suit, and where the services of an attorney at law of the employee or dependents have resulted in or substantially contributed to the procurement by suit, settlement or otherwise of the proceeds out of which the employer is reimbursed, then, in the absence of other agreement, the employer shall pay such attorney 25% of the gross amount of such reimbursement.

If the employee with a disability or his personal representative agrees to receive compensation from the employer or accept from the employer any payment on account of such compensation, or to institute proceedings to recover the same, the employer may have or claim a lien upon any award, judgment or fund out of which such employee might be compensated from such third party.

In such actions brought by the employee or his personal representative, he shall forthwith notify his employer by personal service or registered mail, of such fact and of the name of the court in which the suit is brought, filing proof thereof in the action. The employer may, at any time thereafter join in the action upon his motion so that all orders of court after hearing and judgment shall be made for his protection. No release or settlement of claim for damages by reason of such disability or death, and no satisfaction of judgment in such proceedings, are valid without the written consent of both employer and employee or his personal representative, except in the case of the employers, such consent is not required where the employer has been fully indemnified or protected by court order.

In the event the employee or his personal representative fails to institute a proceeding against such third person at any time prior to 3 months before such action would be barred at law the employer may in his own name, or in the name of the employee or his personal representative, commence a proceeding against such other person for the recovery of damages on account of such disability or death to the employee, and out of any amount recovered the employer shall pay over to the injured employee or his personal representative all sums collected from such other person by judgment or otherwise in excess of the amount of such compensation paid or to be paid under this Act, including amounts paid or to be paid pursuant to paragraph (a) of Section 8 of the Workers' Compensation Act as required by Section 7 of this Act, and costs, attorney's fees and reasonable expenses as may be incurred by such employer in making such collection or in enforcing such liability.

This amendatory Act of 1995 applies to causes of action accruing on or after its effective date.

(Text of Section WITHOUT the changes made by P.A. 89-7, which has been held unconstitutional)

Sec. 5. (a) There is no common law or statutory right to recover compensation or damages from the employer, his insurer, his broker, any
service organization retained by the employer, his insurer or his broker to provide safety service, advice or recommendations for the employer or the agents or employees of any of them for or on account of any injury to health, disease, or death therefrom, other than for the compensation herein provided or for damages as provided in Section 3 of this Act. This Section shall not affect any right to compensation under the "Workers' Compensation Act".

No compensation is payable under this Act for any condition of physical or mental ill-being, disability, disablement, or death for which compensation is recoverable on account of accidental injury under the "Workers' Compensation Act".

(b) Where the disablement or death for which compensation is payable under this Act was caused under circumstances creating a legal liability for damages on the part of some person other than his employer to pay damages, then legal proceedings may be taken against such other person to recover damages notwithstanding such employer's payment of or liability to pay compensation under this Act. Out of any reimbursement received by the employer, pursuant to this Section the employer shall pay his pro rata share of all costs and reasonably necessary expenses in connection with such third party claim, action or suit, and where the services of an attorney at law of the employee or dependents have resulted in or substantially contributed to the procurement by suit, settlement or otherwise of the proceeds out of which the employer is reimbursed, then, in the absence of other agreement, the employer shall pay such attorney 25% of the gross amount of such reimbursement.

Sec. 6. (a) Every employer operating under the compensation provisions of this Act, shall post printed notices in their respective places of employment in conspicuous places and in such number and at such places as may be determined by the Commission, containing such information relative to this Act as in the judgment of the Commission may be necessary to aid employees to safeguard their rights under this Act.

In addition thereto, the employer shall post in a conspicuous place on the premises of the employment a printed or typewritten notice stating whether he is insured or whether he has qualified and is operating as a self-insured employer. In the event the employer is insured, the notice

shall state the name and address of his or her insurance carrier, the number of the insurance policy, its effective date and the date of termination. In the event of the termination of the policy for any reason prior to the termination date stated, the posted notice shall promptly be corrected accordingly. In the event the employer is operating as a self-insured employer the notice shall state the name and address of the company, if any, servicing the compensation payments of the employer, and the name and address of the person in charge of making compensation payments.

(b) Every employer subject to this Act shall maintain accurate records of work-related deaths, injuries and illnesses other than minor injuries requiring only first aid treatment and which do not involve medical treatment, loss of consciousness, restriction of work or motion or transfer to another job and file with the Illinois Workers' Compensation Commission, in writing, a report of all occupational diseases arising out of and in the course of the employment and resulting in death, or disablement or illness resulting in the loss of more than 3 scheduled work days. In the case of death such report shall be made no later than 2 working days following the occupational death. In all other cases such report shall be made between the 15th and 25th of each month unless required to be made sooner by rule of the Illinois Workers' Compensation Commission. In case the occupational disease results in permanent disability, a further report shall be made as soon as it is determined that such permanent disability has resulted or will result therefrom. All reports shall state the date of the disablement, the nature of the employer's business, the name, address, the age, sex, conjugal condition of the person, the specific occupation of the person, the nature and character of the occupational disease, the length of disability, and, in case of death, the wages of the employee, whether compensation has been paid to the employee, or to his legal representative or his heirs or next of kin, the amount of compensation paid, the amount paid for physicians', surgeons' and hospital bills, and by whom paid, and the amount paid for funeral or burial expenses, if known. The reports shall be made on forms and in the manner as prescribed by the Illinois Workers' Compensation Commission and shall contain such further information as the Commission shall deem necessary and require. The making of such reports releases the employer from making such reports to any other officer of the State and shall satisfy the reporting provisions as contained in the Safety Inspection and Education Act, the Health And Safety Act, and the Occupational Safety and Health Act. The report filed with the

Illinois Workers' Compensation Commission pursuant to the provisions of this Section shall be made available by the Illinois Workers' Compensation Commission to the Director of Labor or his representatives, to the Department of Public Health pursuant to the Illinois Health and Hazardous Substances Registry Act, and to all other departments of the State of Illinois which shall require such information for the proper discharge of their official duties. Failure to file with the Commission any of the reports required in this Section is a petty offense.

Except as provided in this paragraph, all reports filed hereunder shall be confidential and any person having access to such records filed with the Illinois Workers' Compensation Commission as herein required, who shall release the names or otherwise identify any persons sustaining injuries or disabilities, or gives access to such information to any unauthorized person, shall be subject to discipline or discharge, and in addition shall be guilty of a Class B misdemeanor. The Commission shall compile and distribute to interested persons aggregate statistics, taken from the reports filed hereunder. The aggregate statistics shall not give the names or otherwise identify persons sustaining injuries or disabilities or the employer of any injured person or person with a disability or disabled person.

(c) There shall be given notice to the employer of disablement arising from an occupational disease as soon as practicable after the date of the disablement. If the Commission shall find that the failure to give such notice substantially prejudices the rights of the employer the Commission in its discretion may order that the right of the employee to proceed under this Act shall be barred.

In case of legal disability of the employee or any dependent of a deceased employee who may be entitled to compensation, under the provisions of this Act, the limitations of time in this Section of this Act provided shall not begin to run against such person who is under legal disability until a conservator or guardian has been appointed. No defect or inaccuracy of such notice shall be a bar to the maintenance of proceedings on arbitration or otherwise by the employee unless the employer proves that he or she is unduly prejudiced in such proceedings by such defect or inaccuracy. Notice of the disabling disease may be given orally or in writing. In any case, other than injury or death caused by exposure to radiological materials or equipment or asbestos, unless application for compensation is filed with the Commission within 3 years after the date of the disablement, where no compensation has been paid, or within 2 years.
after the date of the last payment of compensation, where any has been paid, whichever shall be later, the right to file such application shall be barred. If the occupational disease results in death, application for compensation for death may be filed with the Commission within 3 years after the date of death where no compensation has been paid, or within 3 years after the last payment of compensation, where any has been paid, whichever is later, but not thereafter.

Effective July 1, 1973 in cases of disability caused by coal miners pneumoconiosis unless application for compensation is filed with the Commission within 5 years after the employee was last exposed where no compensation has been paid, or within 5 years after the last payment of compensation where any has been paid, the right to file such application shall be barred.

In cases of disability caused by exposure to radiological materials or equipment or asbestos, unless application for compensation is filed with the Commission within 25 years after the employee was so exposed, the right to file such application shall be barred.

In cases of death occurring within 25 years from the last exposure to radiological material or equipment or asbestos, application for compensation must be filed within 3 years of death where no compensation has been paid, or within 3 years, after the date of the last payment where any has been paid, but not thereafter.

(d) Any contract or agreement made by any employer or his agent or attorney with any employee or any other beneficiary of any claim under the provisions of this Act within 7 days after the disablement shall be presumed to be fraudulent.

Sec. 10. The basis for computing the compensation provided for in Sections 7 and 8 of the Act shall be as follows:

(a) The compensation shall be computed on the basis of the annual earnings which the person with a disability received as salary, wages or earnings if in the employment of the same employer continuously during the year next preceding the day of last exposure.

(b) Employment by the same employer shall be taken to mean employment by the same employer in the grade in which the employee was employed at the time of the last day of the last exposure, uninterrupted by absence from work due to illness or any other unavoidable cause.
(c) If such person has not been engaged in the employment of the same employer for the full year immediately preceding the last day of the last exposure, the compensation shall be computed according to the annual earnings which persons of the same class in the same employment and same location, (or if that be impracticable, of neighboring employments of the same kind) have earned during such period.

(d) As to employees in employments in which it is the custom to operate throughout the working days of the year, the annual earnings, if not otherwise determinable, shall be regarded as 300 times the average daily earnings in such computation.

(e) As to employees in employments in which it is the custom to operate for a part of the whole number of working days in each year, such number, if the annual earnings are not otherwise determinable, shall be used instead of 300 as a basis for computing the annual earnings, provided the minimum number of days which shall be so used for the basis of the year's work shall be not less than 200.

(f) In the case of injured employees who earn either no wage or less than the earnings of adult day laborers in the same line of employment in that locality, the yearly wage shall be reckoned according to the average annual earnings of adults of the same class in the same (or if that is impracticable, then of neighboring) employments.

(g) Earnings, for the purpose of this section, shall be based on the earnings for the number of hours commonly regarded as a day's work for that employment, and shall include overtime earnings. The earnings shall not include any sum which the employer has been accustomed to pay the employee to cover any special expense entailed on him by the nature of his employment.

(h) In computing the compensation to be paid to any employee, who, before the disablement for which he claims compensation, was a person with a disability disabled and drawing compensation under the terms of this Act, the compensation for each subsequent disablement shall be apportioned according to the proportion of incapacity and disability caused by the respective disablements which he may have suffered.

(i) To determine the amount of compensation for each installment period, the amount per annum shall be ascertained pursuant hereto, and such amount divided by the number of installment periods per annum.

Sec. 17. The Commission shall cause to be printed and shall furnish free of charge upon request by any employer or employee such blank forms as it shall deem requisite to facilitate or promote the efficient administration of this Act, and the performance of the duties of the Commission. It shall provide a proper record in which shall be entered and indexed the name of any employer who shall file a notice of election under this Act, and the date of the filing thereof; and a proper record in which shall be entered and indexed the name of any employee who shall file a notice of election, and the date of the filing thereof; and such other notices as may be required by this Act; and records in which shall be recorded all proceedings, orders and awards had or made by the Commission, or by the arbitration committees, and such other books or records as it shall deem necessary, all such records to be kept in the office of the Commission. The Commission, in its discretion, may destroy all papers and documents except notices of election and waivers which have been on file for more than five years where there is no claim for compensation pending, or where more than two years have elapsed since the termination of the compensation period.

The Commission shall compile and distribute to interested persons aggregate statistics, taken from any records and reports in the possession of the Commission. The aggregate statistics shall not give the names or otherwise identify persons sustaining injuries or disabilities or the employer of any injured person or person with a disability or disabled person.

The Commission is authorized to establish reasonable fees and methods of payment limited to covering only the costs to the Commission for processing, maintaining and generating records or data necessary for the computerized production of documents, records and other materials except to the extent of any salaries or compensation of Commission officers or employees.

All fees collected by the Commission under this Section shall be deposited in the Statistical Services Revolving Fund and credited to the account of the Illinois Workers' Compensation Commission. (Source: P.A. 93-721, eff. 1-1-05.)

Section 1065. The Unemployment Insurance Act is amended by changing Section 601 as follows:

(820 ILCS 405/601) (from Ch. 48, par. 431)
Sec. 601. Voluntary leaving.

New matter indicated by italics - deletions by strikeout
A. An individual shall be ineligible for benefits for the week in which he or she has left work voluntarily without good cause attributable to the employing unit and, thereafter, until he or she has become reemployed and has had earnings equal to or in excess of his or her current weekly benefit amount in each of four calendar weeks which are either for services in employment, or have been or will be reported pursuant to the provisions of the Federal Insurance Contributions Act by each employing unit for which such services are performed and which submits a statement certifying to that fact.

B. The provisions of this Section shall not apply to an individual who has left work voluntarily:

1. Because he or she is deemed physically unable to perform his or her work by a licensed and practicing physician, or because the individual's assistance is necessary for the purpose of caring for his or her spouse, child, or parent who, according to a licensed and practicing physician or as otherwise reasonably verified, is in poor physical or mental health or is a person with a mental or physical disability and the employer is unable to accommodate the individual's need to provide such assistance;

2. To accept other bona fide work and, after such acceptance, the individual is either not unemployed in each of 2 weeks, or earns remuneration for such work equal to at least twice his or her current weekly benefit amount;

3. In lieu of accepting a transfer to other work offered to the individual by the employing unit under the terms of a collective bargaining agreement or pursuant to an established employer plan, program, or policy, if the acceptance of such other work by the individual would require the separation from that work of another individual currently performing it;

4. Solely because of the sexual harassment of the individual by another employee. Sexual harassment means (1) unwelcome sexual advances, requests for sexual favors, sexually motivated physical contact or other conduct or communication which is made a term or condition of the employment or (2) the employee's submission to or rejection of such conduct or communication which is the basis for decisions affecting employment, or (3) when such conduct or communication has the purpose or effect of substantially interfering with an individual's work performance or

creating an intimidating, hostile, or offensive working environment and the employer knows or should know of the existence of the harassment and fails to take timely and appropriate action;

5. Which he or she had accepted after separation from other work, and the work which he or she left voluntarily would be deemed unsuitable under the provisions of Section 603;

6. (a) Because the individual left work due to verified domestic violence as defined in Section 103 of the Illinois Domestic Violence Act of 1986 where the domestic violence caused the individual to reasonably believe that his or her continued employment would jeopardize his or her safety or the safety of his or her spouse, minor child, or parent
   if the individual provides the following:
   (i) notice to the employing unit of the reason for the individual's voluntarily leaving; and
   (ii) to the Department provides:
      (A) an order of protection or other documentation of equitable relief issued by a court of competent jurisdiction; or
      (B) a police report or criminal charges documenting the domestic violence; or
      (C) medical documentation of the domestic violence; or
      (D) evidence of domestic violence from a member of the clergy, attorney, counselor, social worker, health worker or domestic violence shelter worker.

   (b) If the individual does not meet the provisions of subparagraph (a), the individual shall be held to have voluntarily terminated employment for the purpose of determining the individual's eligibility for benefits pursuant to subsection A.

(c) Notwithstanding any other provision to the contrary, evidence of domestic violence experienced by an individual, or his or her spouse, minor child, or parent, including the individual's statement and corroborating evidence, shall not be disclosed by the Department unless consent for disclosure is given by the individual.

7. Because, due to a change in location of employment of the individual's spouse, the individual left work to accompany his
or her spouse to a place from which it is impractical to commute or because the individual left employment to accompany a spouse who has been reassigned from one military assignment to another. The employer's account, however, shall not be charged for any benefits paid out to the individual who leaves work under a circumstance described in this paragraph.

C. Within 90 days of the effective date of this amendatory Act of the 96th General Assembly, the Department shall promulgate rules, pursuant to the Illinois Administrative Procedure Act and consistent with Section 903(f)(3)(B) of the Social Security Act, to clarify and provide guidance regarding eligibility and the prevention of fraud.

(a) The General Assembly makes all of the following findings:

(1) The Department of Human Services maintains a statewide database known as the Prioritization of Urgency of Need for Services that records information about individuals with developmental disabilities who are potentially in need of services.

(2) The Department of Human Services uses the data on Prioritization of Urgency of Need for Services to select individuals for services as funding becomes available, to develop proposals and materials for budgeting, and to plan for future needs.

(3) Prioritization of Urgency of Need for Services is available for children and adults with a developmental disability who have an unmet service need anticipated in the next 5 years.

(4) Prioritization of Urgency of Need for Services is the first step toward getting developmental disabilities services in this State. If individuals are not on the Prioritization of Urgency of Need for Services waiting list, they are not in queue for State developmental disabilities services.

(5) Prioritization of Urgency of Need for Services may be underutilized by children and their parents or guardians due to lack of awareness or lack of information.

(b) The State Board of Education may work with school districts to inform all students with developmental disabilities and their parents or guardians about the Prioritization of Urgency of Need for Services database.

(c) Subject to appropriation, the Department of Human Services and State Board of Education shall develop and implement an online, computer-based training program for at least one designated employee in every public school in this State to educate him or her about the Prioritization of Urgency of Need for Services database and steps to be taken to ensure children and adolescents are enrolled. The training shall include instruction for at least one designated employee in every public school in contacting the appropriate developmental disabilities Independent Service Coordination agency to enroll children and adolescents in the database. At least one designated employee in every public school shall ensure the opportunity to enroll in the Prioritization of Urgency of Need for Services database is discussed during annual individualized education program (IEP) meetings for all children and adolescents believed to have a developmental disability.

PUBLIC ACT 99-0145
(Senate Bill No. 1383)

AN ACT concerning State government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The State Treasurer Act is amended by adding Section 16.6 as follows:
(15 ILCS 505/16.6 new)
Sec. 16.6. ABLE account program.
(a) As used in this Section:
"ABLE account" or "account" means an account established for the purpose of financing certain qualified expenses of eligible individuals as specifically provided for in this Section and authorized by Section 529A of the Internal Revenue Code.
"ABLE account plan" or "plan" means the savings account plan provided for in this Section.
"Account administrator" means the person selected by the State Treasurer to administer the daily operations of the ABLE account plan and provide marketing, recordkeeping, investment management, and other services for the plan.
"Aggregate account balance" means the amount in an account on a particular date or the fair market value of an account on a particular date.
"Beneficiary" means the ABLE account owner.
"Board" means the Illinois State Board of Investment.
"Contracting state" means a state without a qualified ABLE program which has entered into a contract with Illinois to provide residents of the contracting state access to a qualified ABLE program.
"Designated representative" means a person who is authorized to act on behalf of an account owner. An account owner is authorized to act

on his or her own behalf unless the account owner is a minor or the account owner has been adjudicated to have a disability so that a guardian has been appointed. A designated representative acts in a fiduciary capacity to the account owner. The State Treasurer shall recognize a person as a designated representative without appointment by a court in the following order of priority:

(1) The account owner's plenary guardian of the estate, or the account owner's limited guardian of financial or contractual matters. Any guardian acting in this capacity shall not be required to seek court approval for any ABLE qualified distributions.

(2) The agent named by the account owner in a property power of attorney recognized as a statutory short form power of attorney for property.

(3) Such individual or entity that the account owner so designates in writing, in a manner to be established by the State Treasurer.

(4) Such other individual or entity designated by the State Treasurer pursuant to its rules.

"Disability certification" has the meaning given to that term under Section 529A of the Internal Revenue Code.

"Eligible individual" has the meaning given to that term under Section 529A of the Internal Revenue Code.

"Participation agreement" means an agreement to participate in the ABLE account plan between an account owner and the State, through its agencies and the State Treasurer.

"Qualified disability expenses" has the meaning given to that term under Section 529A of the Internal Revenue Code.

"Qualified withdrawal" or "qualified distribution" means a withdrawal from an ABLE account to pay the qualified disability expenses of the beneficiary of the account.

(b) The "Achieving a Better Life Experience" or "ABLE" account program is hereby created and shall be administered by the State Treasurer. The purpose of the ABLE plan is to encourage and assist individuals and families in saving private funds for the purpose of supporting individuals with disabilities to maintain health, independence, and quality of life, and to provide secure funding for disability-related expenses on behalf of designated beneficiaries with disabilities that will supplement, but not supplant, benefits provided through private insurance, federal and State medical and disability insurance, the beneficiary's
employment, and other sources. Under the plan, a person may make contributions to an ABLE account to meet the qualified disability expenses of the designated beneficiary of the account. The plan must be operated as an accounts-type plan that permits persons to save for qualified disability expenses incurred by or on behalf of an eligible individual.

The State Treasurer shall promote awareness of the availability and advantages of the ABLE account plan as a way to assist individuals and families in saving private funds for the purpose of supporting individuals with disabilities. The cost of these promotional efforts shall not be funded with fees imposed on participants by the State Treasurer.

The State Treasurer shall not accept contributions for ABLE accounts under this Section until the Internal Revenue Service has issued its final regulations concerning ABLE accounts.

A separate account must be maintained for each beneficiary for whom contributions are made, and no more than one account shall be established per beneficiary. If an ABLE account is established for a designated beneficiary, no account subsequently established for such beneficiary shall be treated as an ABLE account. The preceding sentence shall not apply in the case of an ABLE account established for purposes of a rollover as permitted under Section 529A of the Internal Revenue Code.

An ABLE account may be established under this Section only for a designated beneficiary who is a resident of Illinois or a resident of a contracting state.

Prior to the establishment of an ABLE account, an account owner must provide documentation to the State Treasurer that the account beneficiary is an eligible individual.

Annual contributions to an ABLE account on behalf of a beneficiary are subject to the requirements of subsection (b) of Section 529A of the Internal Revenue Code. No person may make a contribution to an ABLE account if such a contribution would result in the aggregate account balance of an ABLE account exceeding the account balance limit authorized under Section 529A of the Internal Revenue Code. The Treasurer shall review the contribution limit at least annually.

The State Treasurer shall administer the plan, including accepting and processing applications, maintaining account records, making payments, and undertaking any other necessary tasks to administer the plan, including the appointment of an account administrator. The State Treasurer may contract with one or more third parties to carry out some or all of these administrative duties, including, but not limited to,

providing investment management services, incentives, and marketing the plan.

In designing and establishing the plan's requirements and in negotiating or entering into contracts with third parties under this Section, the State Treasurer shall consult with the Board. The State Treasurer shall establish fees to be imposed on participants to recover the costs of administration, recordkeeping, and investment management. The State Treasurer must use his or her best efforts to keep these fees as low as possible, consistent with efficient administration.

The Illinois ABLE Accounts Administrative Fund is created as a nonappropriated trust fund in the State treasury. The State Treasurer shall use moneys in the Administrative Fund to pay for administrative expenses he or she incurs in the performance of his or her duties under this Section. The State Treasurer shall use moneys in the Administrative Fund to cover administrative expenses incurred under this Section. The Administrative Fund may receive any grants or other moneys designated for administrative purposes from the State, or any unit of federal or local government, or any other person, firm, partnership, or corporation. Any interest earnings that are attributable to moneys in the Administrative Fund must be deposited into the Administrative Fund. Any fees established by the State Treasurer to recover the costs of administration, recordkeeping, and investment management shall be deposited into the Administrative Fund.

Subject to appropriation, the State Treasurer may pay administrative costs associated with the creation and management of the plan until sufficient assets are available in the Administrative Fund for that purpose.

Applications for accounts, account owner data, account data, and data on beneficiaries of accounts are confidential and exempt from disclosure under the Freedom of Information Act.

(c) The State Treasurer may invest the moneys in ABLE accounts in the same manner and in the same types of investments provided for the investment of moneys by the Board. To enhance the safety and liquidity of ABLE accounts, to ensure the diversification of the investment portfolio of accounts, and in an effort to keep investment dollars in the State, the State Treasurer may make a percentage of each account available for investment in participating financial institutions doing business in the State, except that the accounts may be invested without limit in investment options from open-ended investment companies registered under Section

80a of the federal Investment Company Act of 1940. The State Treasurer may contract with one or more third parties for investment management, recordkeeping, or other services in connection with investing the accounts.

The account administrator shall annually prepare and adopt a written statement of investment policy that includes a risk management and oversight program. The risk management and oversight program shall be designed to ensure that an effective risk management system is in place to monitor the risk levels of the ABLE plan, to ensure that the risks taken are prudent and properly managed, to provide an integrated process for overall risk management, and to assess investment returns as well as risk to determine if the risks taken are adequately compensated compared to applicable performance benchmarks and standards.

The State Treasurer may enter into agreements with other states to either allow Illinois residents to participate in a plan operated by another state or to allow residents of other states to participate in the Illinois ABLE plan.

(d) The State Treasurer shall ensure that the plan meets the requirements for an ABLE account under Section 529A of the Internal Revenue Code. The State Treasurer may request a private letter ruling or rulings from the Internal Revenue Service and must take any necessary steps to ensure that the plan qualifies under relevant provisions of federal law. Notwithstanding the foregoing, any determination by the Secretary of the Treasury of the United States that an account was utilized to make non-qualified distributions shall not result in an ABLE account being disregarded as a resource.

A person may make contributions to an ABLE account on behalf of a beneficiary. Contributions to an account made by persons other than the account owner become the property of the account owner. Contributions to an account shall be considered as a transfer of assets for fair market value. A person does not acquire an interest in an ABLE account by making contributions to an account. A contribution to any account for a beneficiary must be rejected if the contribution would cause either the aggregate or annual account balance of the account to exceed the limits imposed by Section 529A of the Internal Revenue Code.

Any change in account owner must be done in a manner consistent with Section 529A of the Internal Revenue Code.

Notice of any proposed amendments to the rules and regulations shall be provided to all owners or their designated representatives prior to adoption. Amendments to rules and regulations shall apply only to

New matter indicated by italics - deletions by strikeout
contributions made after the adoption of the amendment. Amendments to this Section automatically amend the participation agreement. Any amendments to the operating procedures and policies of the plan shall automatically amend the participation agreement after adoption by the State Treasurer.

All assets of the plan, including any contributions to accounts, are held in trust for the exclusive benefit of the account owner and shall be considered spendthrift accounts exempt from all of the owner's creditors. The plan shall provide separate accounting for each designated beneficiary sufficient to satisfy the requirements of paragraph (3) of subsection (b) of Section 529A of the Internal Revenue Code. Assets must be held in either a state trust fund outside the State treasury, to be known as the Illinois ABLE plan trust fund, or in accounts with a third-party provider selected pursuant to this Section. Amounts contributed to ABLE accounts shall not be commingled with State funds and the State shall have no claim to or against, or interest in, such funds.

Plan assets are not subject to claims by creditors of the State and are not subject to appropriation by the State. Payments from the Illinois ABLE account plan shall be made under this Section. The assets of ABLE accounts and their income may not be used as security for a loan.

The assets of ABLE accounts and their income and operation shall be exempt from all taxation by the State of Illinois and any of its subdivisions to the extent exempt from federal income taxation. The accrued earnings on investments in an ABLE account once disbursed on behalf of a designated beneficiary shall be similarly exempt from all taxation by the State of Illinois and its subdivisions to the extent exempt from federal income taxation, so long as they are used for qualified expenses.

Notwithstanding any other provision of law that requires consideration of one or more financial circumstances of an individual, for the purpose of determining eligibility to receive, or the amount of, any assistance or benefit authorized by such provision to be provided to or for the benefit of such individual, any amount, including earnings thereon, in the ABLE account of such individual, any contributions to the ABLE account of the individual, and any distribution for qualified disability expenses shall be disregarded for such purpose with respect to any period during which such individual maintains, makes contributions to, or receives distributions from such ABLE account.

(e) The account owner or the designated representative of the account owner may request that a qualified distribution be made for the benefit of the account owner. Qualified distributions shall be made for qualified disability expenses allowed pursuant to Section 529A of the Internal Revenue Code. Qualified distributions must be withdrawn proportionally from contributions and earnings in an account owner’s account on the date of distribution as provided in Section 529A of the Internal Revenue Code. Upon the death of a beneficiary, the amount remaining in the beneficiary's account must be distributed pursuant to subsection (f) of Section 529A of the Internal Revenue Code.
