§ 10. Effective Date of Laws
The General Assembly shall provide by law for a uniform effective date for laws passed prior to June 1 of a calendar year. The General Assembly may provide for a different effective date in any law passed prior to June 1. A bill passed after May 31 shall not become effective prior to June 1 of the next calendar year unless the General Assembly by the vote of three-fifths of the members elected to each house provides for an earlier effective date.

5 ILLINOIS COMPILED STATUTES CHAPTER 75

75/1. Effective Date of Laws
"§1   (a) A bill passed prior to June 1 of a calendar year that does not provide for an effective date in the terms of the bill shall become effective on January 1 of the following year, or upon its becoming a law, whichever is later.
   (b) A bill passed prior to June 1 of a calendar year that does provide for an effective date in the terms of the bill shall become effective on that date if that date is the same as or subsequent to the date the bill becomes a law; provided that if the effective date provided in the terms of the bill is prior to the date the bill becomes a law then the date the bill becomes a law shall be the effective date."

75/2. Special Effective Dates
"§2   A bill passed after May 31 of a calendar year shall become effective on June 1 of the next calendar year unless the General Assembly by a vote of three-fifths of the members elected to each house provides for an earlier effective date in the terms of the bill or unless the General Assembly provides for a later effective date in the terms of the bill; provided that if the effective date provided in the terms of the bill is prior to the date the bill becomes a law then the date the bill becomes a law shall be the effective date."

Section 20. The School Code is amended by changing Section 18-8.05 as follows:

(105 ILCS 5/18-8.05)

Sec. 18-8.05. Basis for apportionment of general State financial aid and supplemental general State aid to the common schools for the 1998-1999 and subsequent school years.

(A) General Provisions.

(1) The provisions of this Section apply to the 1998-1999 and subsequent school years. The system of general State financial aid provided for in this Section is designed to assure that, through a combination of State financial aid and required local resources, the financial support provided each pupil in Average Daily Attendance equals or exceeds a prescribed per pupil Foundation Level. This formula approach imputes a level of per pupil Available Local Resources and provides for the basis to calculate a per pupil level of general State financial aid that, when added to Available Local Resources, equals or exceeds the Foundation Level. The amount of per pupil general State financial aid for school districts, in general, varies in inverse relation to Available Local Resources. Per pupil amounts are based upon each school district's Average Daily Attendance as that term is defined in this Section.

(2) In addition to general State financial aid, school districts with specified levels or concentrations of pupils from low income households are eligible to receive supplemental general State financial aid grants as provided pursuant to subsection (H). The supplemental State aid grants provided for school districts under subsection (H) shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section.

(3) To receive financial assistance under this Section, school districts are required to file claims with the State Board of Education, subject to the following requirements:

(a) Any school district which fails for any given school year to maintain school as required by law, or to maintain a recognized school is not eligible to file for such school year any claim upon the Common School Fund. In case of nonrecognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion which the Average Daily Attendance in the attendance center or centers bear to the Average Daily Attendance in the
school district. A "recognized school" means any public school which meets the standards as established for recognition by the State Board of Education. A school district or attendance center not having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim which was filed while it was recognized.

(b) School district claims filed under this Section are subject to Sections 18-9 and 18-12, except as otherwise provided in this Section.

(c) If a school district operates a full year school under Section 10-19.1, the general State aid to the school district shall be determined by the State Board of Education in accordance with this Section as near as may be applicable.

(d) (Blank).

(4) Except as provided in subsections (H) and (L), the board of any district receiving any of the grants provided for in this Section may apply those funds to any fund so received for which that board is authorized to make expenditures by law.

School districts are not required to exert a minimum Operating Tax Rate in order to qualify for assistance under this Section.

(5) As used in this Section the following terms, when capitalized, shall have the meaning ascribed herein:

(a) "Average Daily Attendance": A count of pupil attendance in school, averaged as provided for in subsection (C) and utilized in deriving per pupil financial support levels.

(b) "Available Local Resources": A computation of local financial support, calculated on the basis of Average Daily Attendance and derived as provided pursuant to subsection (D).

(c) "Corporate Personal Property Replacement Taxes": Funds paid to local school districts pursuant to "An Act in relation to the abolition of ad valorem personal property tax and the replacement of revenues lost thereby, and amending and repealing certain Acts and parts of Acts in connection therewith", certified August 14, 1979, as amended (Public Act 81-1st S.S.-1).

(d) "Foundation Level": A prescribed level of per pupil financial support as provided for in subsection (B).

(e) "Operating Tax Rate": All school district property taxes extended for all purposes, except Bond and Interest, Summer
School, Rent, Capital Improvement, and Vocational Education Building purposes.

(B) Foundation Level.

(1) The Foundation Level is a figure established by the State representing the minimum level of per pupil financial support that should be available to provide for the basic education of each pupil in Average Daily Attendance. As set forth in this Section, each school district is assumed to exert a sufficient local taxing effort such that, in combination with the aggregate of general State financial aid provided the district, an aggregate of State and local resources are available to meet the basic education needs of pupils in the district.

(2) For the 1998-1999 school year, the Foundation Level of support is $4,225. For the 1999-2000 school year, the Foundation Level of support is $4,325. For the 2000-2001 school year, the Foundation Level of support is $4,425. For the 2001-2002 school year and 2002-2003 school year, the Foundation Level of support is $4,560. For the 2003-2004 school year, the Foundation Level of support is $4,810. For the 2004-2005 school year, the Foundation Level of support is $4,964. For the 2005-2006 school year, the Foundation Level of support is $5,164. For the 2006-2007 school year, the Foundation Level of support is $5,334. For the 2007-2008 school year, the Foundation Level of support is $5,734. For the 2008-2009 school year, the Foundation Level of support is $5,959.

(3) For the 2009-2010 school year and each school year thereafter, the Foundation Level of support is $6,119 or such greater amount as may be established by law by the General Assembly.

(C) Average Daily Attendance.

(1) For purposes of calculating general State aid pursuant to subsection (E), an Average Daily Attendance figure shall be utilized. The Average Daily Attendance figure for formula calculation purposes shall be the monthly average of the actual number of pupils in attendance of each school district, as further averaged for the best 3 months of pupil attendance for each school district. In compiling the figures for the number of pupils in attendance, school districts and the State Board of Education shall, for purposes of general State aid funding, conform attendance figures to the requirements of subsection (F).

(2) The Average Daily Attendance figures utilized in subsection (E) shall be the requisite attendance data for the school year immediately
preceding the school year for which general State aid is being calculated or the average of the attendance data for the 3 preceding school years, whichever is greater. The Average Daily Attendance figures utilized in subsection (H) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated.

(D) Available Local Resources.

(1) For purposes of calculating general State aid pursuant to subsection (E), a representation of Available Local Resources per pupil, as that term is defined and determined in this subsection, shall be utilized. Available Local Resources per pupil shall include a calculated dollar amount representing local school district revenues from local property taxes and from Corporate Personal Property Replacement Taxes, expressed on the basis of pupils in Average Daily Attendance. Calculation of Available Local Resources shall exclude any tax amnesty funds received as a result of Public Act 93-26.

(2) In determining a school district's revenue from local property taxes, the State Board of Education shall utilize the equalized assessed valuation of all taxable property of each school district as of September 30 of the previous year. The equalized assessed valuation utilized shall be obtained and determined as provided in subsection (G).

(3) For school districts maintaining grades kindergarten through 12, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 3.00%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades kindergarten through 8, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 2.30%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades 9 through 12, local property tax revenues per pupil shall be the applicable equalized assessed valuation of the district multiplied by 1.05%, and divided by the district's Average Daily Attendance figure.

For partial elementary unit districts created pursuant to Article 11E of this Code, local property tax revenues per pupil shall be calculated as the product of the equalized assessed valuation for property within the partial elementary unit district for elementary purposes, as defined in Article 11E of this Code, multiplied by 2.06% and divided by the district's Average Daily Attendance figure, plus the product of the equalized

New matter indicated by italics - deletions by strikeout
assessed valuation for property within the partial elementary unit district for high school purposes, as defined in Article 11E of this Code, multiplied by 0.94% and divided by the district's Average Daily Attendance figure.

(4) The Corporate Personal Property Replacement Taxes paid to each school district during the calendar year one year before the calendar year in which a school year begins, divided by the Average Daily Attendance figure for that district, shall be added to the local property tax revenues per pupil as derived by the application of the immediately preceding paragraph (3). The sum of these per pupil figures for each school district shall constitute Available Local Resources as that term is utilized in subsection (E) in the calculation of general State aid.

(E) Computation of General State Aid.

(1) For each school year, the amount of general State aid allotted to a school district shall be computed by the State Board of Education as provided in this subsection.

(2) For any school district for which Available Local Resources per pupil is less than the product of 0.93 times the Foundation Level, general State aid for that district shall be calculated as an amount equal to the Foundation Level minus Available Local Resources, multiplied by the Average Daily Attendance of the school district.

(3) For any school district for which Available Local Resources per pupil is equal to or greater than the product of 0.93 times the Foundation Level and less than the product of 1.75 times the Foundation Level, the general State aid per pupil shall be a decimal proportion of the Foundation Level derived using a linear algorithm. Under this linear algorithm, the calculated general State aid per pupil shall decline in direct linear fashion from 0.07 times the Foundation Level for a school district with Available Local Resources equal to the product of 0.93 times the Foundation Level, to 0.05 times the Foundation Level for a school district with Available Local Resources equal to the product of 1.75 times the Foundation Level. The allocation of general State aid for school districts subject to this paragraph 3 shall be the calculated general State aid per pupil figure multiplied by the Average Daily Attendance of the school district.

(4) For any school district for which Available Local Resources per pupil equals or exceeds the product of 1.75 times the Foundation Level, the general State aid for the school district shall be calculated as the product of $218 multiplied by the Average Daily Attendance of the school district.

New matter indicated by italics - deletions by strikeout
(5) The amount of general State aid allocated to a school district for the 1999-2000 school year meeting the requirements set forth in paragraph (4) of subsection (G) shall be increased by an amount equal to the general State aid that would have been received by the district for the 1998-1999 school year by utilizing the Extension Limitation Equalized Assessed Valuation as calculated in paragraph (4) of subsection (G) less the general State aid allotted for the 1998-1999 school year. This amount shall be deemed a one time increase, and shall not affect any future general State aid allocations.

(F) Compilation of Average Daily Attendance.

(1) Each school district shall, by July 1 of each year, submit to the State Board of Education, on forms prescribed by the State Board of Education, attendance figures for the school year that began in the preceding calendar year. The attendance information so transmitted shall identify the average daily attendance figures for each month of the school year. Beginning with the general State aid claim form for the 2002-2003 school year, districts shall calculate Average Daily Attendance as provided in subdivisions (a), (b), and (c) of this paragraph (1).

   (a) In districts that do not hold year-round classes, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

   (b) In districts in which all buildings hold year-round classes, days of attendance in July and August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

   (c) In districts in which some buildings, but not all, hold year-round classes, for the non-year-round buildings, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May. The average daily attendance for the year-round buildings shall be computed as provided in subdivision (b) of this paragraph (1). To calculate the Average Daily Attendance for the district, the average daily attendance for the year-round buildings shall be multiplied by the days in session for the non-year-round buildings for each month and added to the monthly attendance of the non-year-round buildings.

Except as otherwise provided in this Section, days of attendance by pupils shall be counted only for sessions of not less than 5 clock hours of school work per day under direct supervision of: (i) teachers, or (ii) non-
teaching personnel or volunteer personnel when engaging in non-teaching duties and supervising in those instances specified in subsection (a) of Section 10-22.34 and paragraph 10 of Section 34-18, with pupils of legal school age and in kindergarten and grades 1 through 12.

Days of attendance by tuition pupils shall be accredited only to the districts that pay the tuition to a recognized school.

(2) Days of attendance by pupils of less than 5 clock hours of school shall be subject to the following provisions in the compilation of Average Daily Attendance.

(a) Pupils regularly enrolled in a public school for only a part of the school day may be counted on the basis of 1/6 day for every class hour of instruction of 40 minutes or more attended pursuant to such enrollment, unless a pupil is enrolled in a block-schedule format of 80 minutes or more of instruction, in which case the pupil may be counted on the basis of the proportion of minutes of school work completed each day to the minimum number of minutes that school work is required to be held that day.

(b) (Blank).

(c) A session of 4 or more clock hours may be counted as a day of attendance upon certification by the regional superintendent, and approved by the State Superintendent of Education to the extent that the district has been forced to use daily multiple sessions.

(d) A session of 3 or more clock hours may be counted as a day of attendance (1) when the remainder of the school day or at least 2 hours in the evening of that day is utilized for an in-service training program for teachers, up to a maximum of 5 days per school year, provided a district conducts an in-service training program for teachers in accordance with Section 10-22.39 of this Code; or, in lieu of 4 such days, 2 full days may be used, in which event each such day may be counted as a day required for a legal school calendar pursuant to Section 10-19 of this Code; (1.5) when, of the 5 days allowed under item (1), a maximum of 4 days are used for parent-teacher conferences, or, in lieu of 4 such days, 2 full days are used, in which case each such day may be counted as a calendar day required under Section 10-19 of this Code, provided that the full-day, parent-teacher conference consists of (i) a minimum of 5 clock hours of parent-teacher conferences, (ii) both a minimum of 2 clock hours of parent-teacher conferences held in

the evening following a full day of student attendance, as specified in subsection (F)(1)(c), and a minimum of 3 clock hours of parent-teacher conferences held on the day immediately following evening parent-teacher conferences, or (iii) multiple parent-teacher conferences held in the evenings following full days of student attendance, as specified in subsection (F)(1)(c), in which the time used for the parent-teacher conferences is equivalent to a minimum of 5 clock hours; and (2) when days in addition to those provided in items (1) and (1.5) are scheduled by a school pursuant to its school improvement plan adopted under Article 34 or its revised or amended school improvement plan adopted under Article 2, provided that (i) such sessions of 3 or more clock hours are scheduled to occur at regular intervals, (ii) the remainder of the school days in which such sessions occur are utilized for in-service training programs or other staff development activities for teachers, and (iii) a sufficient number of minutes of school work under the direct supervision of teachers are added to the school days between such regularly scheduled sessions to accumulate not less than the number of minutes by which such sessions of 3 or more clock hours fall short of 5 clock hours. Any full days used for the purposes of this paragraph shall not be considered for computing average daily attendance. Days scheduled for in-service training programs, staff development activities, or parent-teacher conferences may be scheduled separately for different grade levels and different attendance centers of the district.

(e) A session of not less than one clock hour of teaching hospitalized or homebound pupils on-site or by telephone to the classroom may be counted as 1/2 day of attendance, however these pupils must receive 4 or more clock hours of instruction to be counted for a full day of attendance.

(f) A session of at least 4 clock hours may be counted as a day of attendance for first grade pupils, and pupils in full day kindergartens, and a session of 2 or more hours may be counted as 1/2 day of attendance by pupils in kindergartens which provide only 1/2 day of attendance.

(g) For children with disabilities who are below the age of 6 years and who cannot attend 2 or more clock hours because of their disability or immaturity, a session of not less than one clock hour may be counted as 1/2 day of attendance; however for such
children whose educational needs so require a session of 4 or more clock hours may be counted as a full day of attendance.

(h) A recognized kindergarten which provides for only 1/2 day of attendance by each pupil shall not have more than 1/2 day of attendance counted in any one day. However, kindergartens may count 2 1/2 days of attendance in any 5 consecutive school days. When a pupil attends such a kindergarten for 2 half days on any one school day, the pupil shall have the following day as a day absent from school, unless the school district obtains permission in writing from the State Superintendent of Education. Attendance at kindergartens which provide for a full day of attendance by each pupil shall be counted the same as attendance by first grade pupils. Only the first year of attendance in one kindergarten shall be counted, except in case of children who entered the kindergarten in their fifth year whose educational development requires a second year of kindergarten as determined under the rules and regulations of the State Board of Education.

(i) On the days when the assessment that includes a college and career ready determination is administered under subsection (c) of Section 2-3.64a-5 of this Code, the day of attendance for a pupil whose school day must be shortened to accommodate required testing procedures may be less than 5 clock hours and shall be counted towards the 176 days of actual pupil attendance required under Section 10-19 of this Code, provided that a sufficient number of minutes of school work in excess of 5 clock hours are first completed on other school days to compensate for the loss of school work on the examination days.

(j) Pupils enrolled in a remote educational program established under Section 10-29 of this Code may be counted on the basis of one-fifth day of attendance for every clock hour of instruction attended in the remote educational program, provided that, in any month, the school district may not claim for a student enrolled in a remote educational program more days of attendance than the maximum number of days of attendance the district can claim (i) for students enrolled in a building holding year-round classes if the student is classified as participating in the remote educational program on a year-round schedule or (ii) for students enrolled in a building not holding year-round classes if the student

is not classified as participating in the remote educational program on a year-round schedule.

(G) Equalized Assessed Valuation Data.

(1) For purposes of the calculation of Available Local Resources required pursuant to subsection (D), the State Board of Education shall secure from the Department of Revenue the value as equalized or assessed by the Department of Revenue of all taxable property of every school district, together with (i) the applicable tax rate used in extending taxes for the funds of the district as of September 30 of the previous year and (ii) the limiting rate for all school districts subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law.

The Department of Revenue shall add to the equalized assessed value of all taxable property of each school district situated entirely or partially within a county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code (a) an amount equal to the total amount by which the homestead exemption allowed under Section 15-176 or 15-177 of the Property Tax Code for real property situated in that school district exceeds the total amount that would have been allowed in that school district if the maximum reduction under Section 15-176 was (i) $4,500 in Cook County or $3,500 in all other counties in tax year 2003 or (ii) $5,000 in all counties in tax year 2004 and thereafter and (b) an amount equal to the aggregate amount for the taxable year of all additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. The county clerk of any county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code shall annually calculate and certify to the Department of Revenue for each school district all homestead exemption amounts under Section 15-176 or 15-177 of the Property Tax Code and all amounts of additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. It is the intent of this paragraph that if the general homestead exemption for a parcel of property is determined under Section 15-176 or 15-177 of the Property Tax Code rather than Section 15-175, then the calculation of Available Local Resources shall not be affected by the difference, if any, between the amount of the general homestead exemption allowed for that parcel of property under Section 15-176 or 15-177 of the Property Tax Code and the amount that would have been allowed had the general homestead exemption for that parcel of property been determined under Section 15-175 of the Property Tax Code. It is further the intent of this

New matter indicated by italics - deletions by strikeout
paragraph that if additional exemptions are allowed under Section 15-175 of the Property Tax Code for owners with a household income of less than $30,000, then the calculation of Available Local Resources shall not be affected by the difference, if any, because of those additional exemptions.

This equalized assessed valuation, as adjusted further by the requirements of this subsection, shall be utilized in the calculation of Available Local Resources.

(2) The equalized assessed valuation in paragraph (1) shall be adjusted, as applicable, in the following manner:

   (a) For the purposes of calculating State aid under this Section, with respect to any part of a school district within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Sections 11-74.4-1 through 11-74.4-11 of the Illinois Municipal Code or the Industrial Jobs Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the Illinois Municipal Code, no part of the current equalized assessed valuation of real property located in any such project area which is attributable to an increase above the total initial equalized assessed valuation of such property shall be used as part of the equalized assessed valuation of the district, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the equalized assessed valuation of the district, the total initial equalized assessed valuation or the current equalized assessed valuation, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

   (b) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value as equalized or assessed by the Department of Revenue for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any abatement of taxes under subsection (a) of Section 18-165 of the Property Tax Code by the same...
percentage rates for district type as specified in this subparagraph (b).

(3) For the 1999-2000 school year and each school year thereafter, if a school district meets all of the criteria of this subsection (G)(3), the school district's Available Local Resources shall be calculated under subsection (D) using the district's Extension Limitation Equalized Assessed Valuation as calculated under this subsection (G)(3).

For purposes of this subsection (G)(3) the following terms shall have the following meanings:

"Budget Year": The school year for which general State aid is calculated and awarded under subsection (E).

"Base Tax Year": The property tax levy year used to calculate the Budget Year allocation of general State aid.

"Preceding Tax Year": The property tax levy year immediately preceding the Base Tax Year.

"Base Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Base Tax Year multiplied by the limiting rate as calculated by the County Clerk and defined in the Property Tax Extension Limitation Law.

"Preceding Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Preceding Tax Year multiplied by the Operating Tax Rate as defined in subsection (A).

"Extension Limitation Ratio": A numerical ratio, certified by the County Clerk, in which the numerator is the Base Tax Year's Tax Extension and the denominator is the Preceding Tax Year's Tax Extension.

"Operating Tax Rate": The operating tax rate as defined in subsection (A).

If a school district is subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation of that district. For the 1999-2000 school year, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the district's 1996 Equalized Assessed Valuation and the district's Extension Limitation Ratio. Except as otherwise provided in this

New matter indicated by italics - deletions by strikeout
paragraph for a school district that has approved or does approve an increase in its limiting rate, for the 2000-2001 school year and each school year thereafter, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the Equalized Assessed Valuation last used in the calculation of general State aid and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of a school district as calculated under this subsection (G)(3) is less than the district's equalized assessed valuation as calculated pursuant to subsections (G)(1) and (G)(2), then for purposes of calculating the district's general State aid for the Budget Year pursuant to subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources under subsection (D). For the 2009-2010 school year and each school year thereafter, if a school district has approved or does approve an increase in its limiting rate, pursuant to Section 18-190 of the Property Tax Code, affecting the Base Tax Year, the Extension Limitation Equalized Assessed Valuation of the school district, as calculated by the State Board of Education, shall be equal to the product of the Equalized Assessed Valuation last used in the calculation of general State aid times an amount equal to one plus the percentage increase, if any, in the Consumer Price Index for all Urban Consumers for all items published by the United States Department of Labor for the 12-month calendar year preceding the Base Tax Year, plus the Equalized Assessed Valuation of new property, annexed property, and recovered tax increment value and minus the Equalized Assessed Valuation of disconnected property. New property and recovered tax increment value shall have the meanings set forth in the Property Tax Extension Limitation Law.

Partial elementary unit districts created in accordance with Article 11E of this Code shall not be eligible for the adjustment in this subsection (G)(3) until the fifth year following the effective date of the reorganization.

(3.5) For the 2010-2011 school year and each school year thereafter, if a school district's boundaries span multiple counties, then the Department of Revenue shall send to the State Board of Education, for the purpose of calculating general State aid, the limiting rate and individual rates by purpose for the county that contains the majority of the school district's Equalized Assessed Valuation.

(4) For the purposes of calculating general State aid for the 1999-2000 school year only, if a school district experienced a triennial

New matter indicated by italics - deletions by strikeout
reassessment on the equalized assessed valuation used in calculating its general State financial aid apportionment for the 1998-1999 school year, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation that would have been used to calculate the district's 1998-1999 general State aid. This amount shall equal the product of the equalized assessed valuation used to calculate general State aid for the 1997-1998 school year and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of the school district as calculated under this paragraph (4) is less than the district's equalized assessed valuation utilized in calculating the district's 1998-1999 general State aid allocation, then for purposes of calculating the district's general State aid pursuant to paragraph (5) of subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources.

(5) For school districts having a majority of their equalized assessed valuation in any county except Cook, DuPage, Kane, Lake, McHenry, or Will, if the amount of general State aid allocated to the school district for the 1999-2000 school year under the provisions of subsection (E), (H), and (J) of this Section is less than the amount of general State aid allocated to the district for the 1998-1999 school year under these subsections, then the general State aid of the district for the 1999-2000 school year only shall be increased by the difference between these amounts. The total payments made under this paragraph (5) shall not exceed $14,000,000. Claims shall be prorated if they exceed $14,000,000.

(H) Supplemental General State Aid.

(1) In addition to the general State aid a school district is allotted pursuant to subsection (E), qualifying school districts shall receive a grant, paid in conjunction with a district's payments of general State aid, for supplemental general State aid based upon the concentration level of children from low-income households within the school district. Supplemental State aid grants provided for school districts under this subsection shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section.

(1.5) This paragraph (1.5) applies only to those school years preceding the 2003-2004 school year. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall be the low-income eligible pupil count from the most recently available federal census divided by the Average Daily Attendance of the school district. If,

however, (i) the percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count of a high school district with fewer than 400 students exceeds by 75% or more the percentage change in the total low-income eligible pupil count of contiguous elementary school districts, whose boundaries are coterminous with the high school district, or (ii) a high school district within 2 counties and serving 5 elementary school districts, whose boundaries are coterminous with the high school district, has a percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count and there is a percentage increase in the total low-income eligible pupil count of a majority of the elementary school districts in excess of 50% from the 2 most recent federal censuses, then the high school district's low-income eligible pupil count from the earlier federal census shall be the number used as the low-income eligible pupil count for the high school district, for purposes of this subsection (H). The changes made to this paragraph (1) by Public Act 92-28 shall apply to supplemental general State aid grants for school years preceding the 2003-2004 school year that are paid in fiscal year 1999 or thereafter and to any State aid payments made in fiscal year 1994 through fiscal year 1998 pursuant to subsection 1(n) of Section 18-8 of this Code (which was repealed on July 1, 1998), and any high school district that is affected by Public Act 92-28 is entitled to a recomputation of its supplemental general State aid grant or State aid paid in any of those fiscal years. This recomputation shall not be affected by any other funding.

(1.10) This paragraph (1.10) applies to the 2003-2004 school year and each school year thereafter. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall, for each fiscal year, be the low-income eligible pupil count as of July 1 of the immediately preceding fiscal year (as determined by the Department of Human Services based on the number of pupils who are eligible for at least one of the following low income programs: Medicaid, the Children's Health Insurance Program, TANF, or Food Stamps, excluding pupils who are eligible for services provided by the Department of Children and Family Services, averaged over the 2 immediately preceding fiscal years for fiscal year 2004 and over the 3 immediately preceding fiscal years for each fiscal year thereafter) divided by the Average Daily Attendance of the school district.

(2) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 1998-1999, 1999-2000, and 2000-2001 school years only:
(a) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for any school year shall be $800 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for the 1998-1999 school year shall be $1,100 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for the 1998-99 school year shall be $1,500 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of 60% or more, the grant for the 1998-99 school year shall be $1,900 multiplied by the low income eligible pupil count.

(e) For the 1999-2000 school year, the per pupil amount specified in subparagraphs (b), (c), and (d) immediately above shall be increased to $1,243, $1,600, and $2,000, respectively.

(f) For the 2000-2001 school year, the per pupil amounts specified in subparagraphs (b), (c), and (d) immediately above shall be $1,273, $1,640, and $2,050, respectively.

(2.5) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2002-2003 school year:

(a) For any school district with a Low Income Concentration Level of less than 10%, the grant for each school year shall be $355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 10% and less than 20%, the grant for each school year shall be $675 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for each school year shall be $1,330 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant...
for each school year shall be $1,362 multiplied by the low income eligible pupil count.

(e) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for each school year shall be $1,680 multiplied by the low income eligible pupil count.

(f) For any school district with a Low Income Concentration Level of 60% or more, the grant for each school year shall be $2,080 multiplied by the low income eligible pupil count.

(2.10) Except as otherwise provided, supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2003-2004 school year and each school year thereafter:

(a) For any school district with a Low Income Concentration Level of 15% or less, the grant for each school year shall be $355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level greater than 15%, the grant for each school year shall be $294.25 added to the product of $2,700 and the square of the Low Income Concentration Level, all multiplied by the low income eligible pupil count.

For the 2003-2004 school year and each school year thereafter through the 2008-2009 school year only, the grant shall be no less than the grant for the 2002-2003 school year. For the 2009-2010 school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.66. For the 2010-2011 school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.33. Notwithstanding the provisions of this paragraph to the contrary, if for any school year supplemental general State aid grants are prorated as provided in paragraph (1) of this subsection (H), then the grants under this paragraph shall be prorated.

For the 2003-2004 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.25 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2004-2005 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.50 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and

the grant received during the 2002-2003 school year. For the 2005-2006 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.75 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year.

(3) School districts with an Average Daily Attendance of more than 1,000 and less than 50,000 that qualify for supplemental general State aid pursuant to this subsection shall submit a plan to the State Board of Education prior to October 30 of each year for the use of the funds resulting from this grant of supplemental general State aid for the improvement of instruction in which priority is given to meeting the education needs of disadvantaged children. Such plan shall be submitted in accordance with rules and regulations promulgated by the State Board of Education.

(4) School districts with an Average Daily Attendance of 50,000 or more that qualify for supplemental general State aid pursuant to this subsection shall be required to distribute from funds available pursuant to this Section, no less than $261,000,000 in accordance with the following requirements:

(a) The required amounts shall be distributed to the attendance centers within the district in proportion to the number of pupils enrolled at each attendance center who are eligible to receive free or reduced-price lunches or breakfasts under the federal Child Nutrition Act of 1966 and under the National School Lunch Act during the immediately preceding school year.

(b) The distribution of these portions of supplemental and general State aid among attendance centers according to these requirements shall not be compensated for or contravened by adjustments of the total of other funds appropriated to any attendance centers, and the Board of Education shall utilize funding from one or several sources in order to fully implement this provision annually prior to the opening of school.

(c) Each attendance center shall be provided by the school district a distribution of noncategorical funds and other categorical funds to which an attendance center is entitled under law in order that the general State aid and supplemental general State aid provided by application of this subsection supplements rather than

supplants the noncategorical funds and other categorical funds provided by the school district to the attendance centers.

(d) Any funds made available under this subsection that by reason of the provisions of this subsection are not required to be allocated and provided to attendance centers may be used and appropriated by the board of the district for any lawful school purpose.

(e) Funds received by an attendance center pursuant to this subsection shall be used by the attendance center at the discretion of the principal and local school council for programs to improve educational opportunities at qualifying schools through the following programs and services: early childhood education, reduced class size or improved adult to student classroom ratio, enrichment programs, remedial assistance, attendance improvement, and other educationally beneficial expenditures which supplement the regular and basic programs as determined by the State Board of Education. Funds provided shall not be expended for any political or lobbying purposes as defined by board rule.

(f) Each district subject to the provisions of this subdivision (H)(4) shall submit an acceptable plan to meet the educational needs of disadvantaged children, in compliance with the requirements of this paragraph, to the State Board of Education prior to July 15 of each year. This plan shall be consistent with the decisions of local school councils concerning the school expenditure plans developed in accordance with part 4 of Section 34-2.3. The State Board shall approve or reject the plan within 60 days after its submission. If the plan is rejected, the district shall give written notice of intent to modify the plan within 15 days of the notification of rejection and then submit a modified plan within 30 days after the date of the written notice of intent to modify. Districts may amend approved plans pursuant to rules promulgated by the State Board of Education.

Upon notification by the State Board of Education that the district has not submitted a plan prior to July 15 or a modified plan within the time period specified herein, the State aid funds affected by that plan or modified plan shall be withheld by the State Board of Education until a plan or modified plan is submitted.

If the district fails to distribute State aid to attendance centers in accordance with an approved plan, the plan for the following year shall allocate funds, in addition to the funds otherwise required by this subsection, to those attendance centers which were underfunded during the previous year in amounts equal to such underfunding.

For purposes of determining compliance with this subsection in relation to the requirements of attendance center funding, each district subject to the provisions of this subsection shall submit as a separate document by December 1 of each year a report of expenditure data for the prior year in addition to any modification of its current plan. If it is determined that there has been a failure to comply with the expenditure provisions of this subsection regarding contravention or supplanting, the State Superintendent of Education shall, within 60 days of receipt of the report, notify the district and any affected local school council. The district shall within 45 days of receipt of that notification inform the State Superintendent of Education of the remedial or corrective action to be taken, whether by amendment of the current plan, if feasible, or by adjustment in the plan for the following year. Failure to provide the expenditure report or the notification of remedial or corrective action in a timely manner shall result in a withholding of the affected funds.

The State Board of Education shall promulgate rules and regulations to implement the provisions of this subsection. No funds shall be released under this subdivision (H)(4) to any district that has not submitted a plan that has been approved by the State Board of Education.

Sec. 5A-2. Assessment.
(a) Subject to Sections 5A-3 and 5A-10, for State fiscal years 2009 through 2018, an annual assessment on inpatient services is imposed on each hospital provider in an amount equal to $218.38 multiplied by the difference of the hospital's occupied bed days less the hospital's Medicare bed days, provided, however, that the amount of $218.38 shall be increased by a uniform percentage to generate an amount equal to 75% of the State share of the payments authorized under Section 12-5, with such increase only taking effect upon the date that a State share for such payments is required under federal law. For the period of April through June 2015, the amount of $218.38 used to calculate the assessment under this paragraph shall, by emergency rule under subsection (s) of Section 5-45 of the Illinois Administrative Procedure Act, be increased by a uniform percentage to generate $20,250,000 in the aggregate for that period from all hospitals subject to the annual assessment under this paragraph.

For State fiscal years 2009 through 2014 and after, a hospital's occupied bed days and Medicare bed days shall be determined using the most recent data available from each hospital's 2005 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on December 31, 2006, without regard to any subsequent adjustments or changes to such data. If a hospital's 2005 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Illinois Department may obtain the hospital provider's occupied bed days and Medicare bed days from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Illinois Department or its duly authorized agents and employees.

services is imposed on each hospital provider in an amount equal to .008766 multiplied by the hospital's outpatient gross revenue, provided, however, that the amount of .008766 shall be increased by a uniform percentage to generate an amount equal to 25% of the State share of the payments authorized under Section 12-5, with such increase only taking effect upon the date that a State share for such payments is required under federal law. For the period beginning June 10, 2012 through June 30, 2012, the annual assessment on outpatient services shall be prorated by multiplying the assessment amount by a fraction, the numerator of which is 21 days and the denominator of which is 365 days. For the period of April through June 2015, the amount of .008766 used to calculate the assessment under this paragraph shall, by emergency rule under subsection (s) of Section 5-45 of the Illinois Administrative Procedure Act, be increased by a uniform percentage to generate $6,750,000 in the aggregate for that period from all hospitals subject to the annual assessment under this paragraph.

For the portion of State fiscal year 2012, beginning June 10, 2012 through June 30, 2012, and State fiscal years 2013 through 2018, a hospital's outpatient gross revenue shall be determined using the most recent data available from each hospital's 2009 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on June 30, 2011, without regard to any subsequent adjustments or changes to such data. If a hospital's 2009 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Department may obtain the hospital provider's outpatient gross revenue from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Department or its duly authorized agents and employees.

(5) The Department shall define those hospitals or distinct parts of hospitals that shall be exempt from the APR-DRG reimbursement system established under this Section. The Department shall publish these hospitals' inpatient rates on its website no later than 10 calendar days prior to their effective date.

(6) Beginning July 1, 2014 and ending on June 30, 2018, in addition to the statewide-standardized amount, the Department shall develop an adjustor to adjust the rate of reimbursement for safety-net hospitals defined in Section 5-5e.1 of this Code excluding pediatric hospitals.

(7) Beginning July 1, 2014 and ending on June 30, 2018, in addition to the statewide-standardized amount, the Department shall develop an adjustor to adjust the rate of reimbursement for Illinois freestanding inpatient psychiatric hospitals that are not designated as children's hospitals by the Department but are primarily treating patients under the age of 21.

(b) Outpatient hospital services. Effective for dates of service on and after July 1, 2014, reimbursement for outpatient services shall utilize the Enhanced Ambulatory Procedure Grouping (E-APG) software, version 3.7 distributed by 3M™ Health Information System.

(1) The Department shall establish Medicaid weighting factors to be used in the reimbursement system established under this subsection. The initial weighting factors shall be the weighting factors as published by 3M Health Information System, associated with Version 3.7.

(2) The Department shall establish service specific statewide-standardized amounts to be used in the reimbursement system.

(A) The initial statewide standardized amounts, with the labor portion adjusted by the Calendar Year 2013 Medicare Outpatient Prospective Payment System wage index with reclassifications, shall be published by the Department on its website no later than 10 calendar days prior to their effective date.

(B) The Department shall establish adjustments to the statewide-standardized amounts for each Critical Access Hospital, as designated by the Department of Public Health in accordance with 42 CFR 485, Subpart F. The EAPG standardized amounts are determined separately for each critical access hospital such that simulated EAPG payments using outpatient base period paid claim data plus payments under Section 5A-12.4 of this Code net of the associated tax costs are equal to the estimated costs of outpatient base period claims data with a rate year cost inflation factor applied.

(3) In addition to the statewide-standardized amounts, the Department shall develop adjusters to adjust the rate of reimbursement for critical Medicaid hospital outpatient providers or services, including outpatient high volume or safety-net hospitals.

(c) In consultation with the hospital community, the Department is authorized to replace 89 Ill. Admin. Code 152.150 as published in 38 Ill. Reg. 4980 through 4986 within 12 months of the effective date of this amendatory Act of the 98th General Assembly. If the Department does not replace these rules within 12 months of the effective date of this amendatory Act of the 98th General Assembly, the rules in effect for 152.150 as published in 38 Ill. Reg. 4980 through 4986 shall remain in effect until modified by rule by the Department. Nothing in this subsection shall be construed to mandate that the Department file a replacement rule.
(d) Transition period. There shall be a transition period to the reimbursement systems authorized under this Section that shall begin on the effective date of these systems and continue until June 30, 2018, unless extended by rule by the Department. To help provide an orderly and predictable transition to the new reimbursement systems and to preserve and enhance access to the hospital services during this transition, the Department shall allocate a transitional hospital access pool of at least $290,000,000 annually so that transitional hospital access payments are made to hospitals.

(1) After the transition period, the Department may begin incorporating the transitional hospital access pool into the base rate structure.

(2) After the transition period, if the Department reduces payments from the transitional hospital access pool, it shall increase base rates, develop new adjustors, adjust current adjustors, develop new hospital access payments based on updated information, or any combination thereof by an amount equal to the decreases proposed in the transitional hospital access pool payments, ensuring that the entire transitional hospital access pool amount shall continue to be used for hospital payments.

(e) Beginning 36 months after initial implementation, the Department shall update the reimbursement components in subsections (a) and (b), including standardized amounts and weighting factors, and at least triennially and no more frequently than annually thereafter. The Department shall publish these updates on its website no later than 30 calendar days prior to their effective date.

(f) Continuation of supplemental payments. Any supplemental payments authorized under Illinois Administrative Code 148 effective January 1, 2014 and that continue during the period of July 1, 2014 through December 31, 2014 shall remain in effect as long as the assessment imposed by Section 5A-2 is in effect.

(g) Notwithstanding subsections (a) through (f) of this Section and notwithstanding the changes authorized under Section 5-5b.1, any updates to the system shall not result in any diminishment of the overall effective rates of reimbursement as of the implementation date of the new system (July 1, 2014). These updates shall not preclude variations in any individual component of the system or hospital rate variations. Nothing in this Section shall prohibit the Department from increasing the rates of reimbursement or developing payments to ensure access to hospital services.

Nothing in this Section shall be construed to guarantee a minimum amount of spending in the aggregate or per hospital as spending may be impacted by factors including but not limited to the number of individuals in the medical assistance program and the severity of illness of the individuals.

(h) The Department shall have the authority to modify by rulemaking any changes to the rates or methodologies in this Section as required by the federal government to obtain federal financial participation for expenditures made under this Section.

(i) Except for subsections (g) and (h) of this Section, the Department shall, pursuant to subsection (c) of Section 5-40 of the Illinois Administrative Procedure Act, provide for presentation at the June 2014 hearing of the Joint Committee on Administrative Rules (JCAR) additional written notice to JCAR of the following rules in order to commence the second notice period for the following rules: rules published in the Illinois Register, rule dated February 21, 2014 at 38 Ill. If imposed, this tax shall be imposed only in one-quarter percent increments. By resolution, the county board may order the proposition to be submitted at any election. If the tax is imposed for transportation purposes for expenditures for public highways or as authorized under the Illinois Highway Code, the county board must publish notice of the existence of its long-range highway transportation plan as required or described in Section 5-301 of the Illinois Highway Code and must make the plan publicly available prior to approval of the ordinance or resolution imposing the tax. The tax imposed by a county under this Section and all civil penalties that may be assessed as an incident of the tax shall be collected and enforced by the Illinois Department of Revenue and deposited into a special fund created for that purpose. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit the retailer to engage in a business that is taxable without registering separately with the Department under an ordinance or resolution under this Section. The Department has full power to administer and enforce this Section, to collect all taxes and penalties due under this Section, to dispose of taxes and penalties so collected in the manner provided in this Section, and to determine all rights to credit memoranda arising on account of the erroneous payment of a tax or penalty under this Section. In the administration of and compliance with this Section, the Department and persons who are subject to this Section shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and (iii) employ the same modes of procedure as are prescribed in Sections 1, 1a, 1a-1, 1d, 1e, 1f, 1i, 1j, 1k, 1m, 1n, 2 through 2-70 (in respect to all provisions contained in those Sections other than the State rate of tax), 2a, 2b, 2c, 3 (except provisions relating to transaction returns and quarter monthly payments), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 11a, 12, and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act as if those provisions were set forth in this Section.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the County Public Safety or Transportation Retailers' Occupation Tax Fund.

(b) If a tax has been imposed under subsection (a), a service occupation tax shall also be imposed at the same rate upon all persons engaged, in the county, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the county as an incident to a sale of service. This tax may not be imposed on sales of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food prepared for immediate consumption) and prescription and non-prescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes, and needles used by diabetics. Service Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their serviceman's tax liability by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the County Public Safety or Transportation Retailers' Occupation Fund.

Nothing in this subsection shall be construed to authorize the county to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by the State.

(c) The Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected under this Section to be deposited into the County Public Safety or Transportation Retailers' Occupation Tax Fund, which shall be an unappropriated trust fund held outside of the State treasury.

After the monthly transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to the counties from which retailers have paid taxes or penalties to the Department during the second preceding calendar month. The amount to be paid to each county, and deposited by the county into its special fund created for the purposes of this Section, shall be the amount (not including credit memoranda) collected under this Section during the second

Within 10 days after receipt by the Comptroller of the disbursement certification to the counties provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with directions contained in the certification.

In addition to the disbursement required by the preceding paragraph, an allocation shall be made in March of each year to each county that received more than $500,000 in disbursements under the preceding paragraph in the preceding calendar year. The allocation shall be in an amount equal to the average monthly distribution made to each such county under the preceding paragraph during the preceding calendar year (excluding the 2 months of highest receipts). The distribution made in March of each year subsequent to the year in which an allocation was made pursuant to this paragraph and the preceding paragraph shall be reduced by the amount allocated and disbursed under this paragraph in the preceding calendar year. The Department shall prepare and certify to the Comptroller for disbursement the allocations made in accordance with this paragraph.

A county may direct, by ordinance, that all or a portion of the taxes and penalties collected under the Special County Retailers' Occupation Tax For Public Safety or Transportation be deposited into the Transportation Development Partnership Trust Fund.

(d) For the purpose of determining the local governmental unit whose tax is applicable, a retail sale by a producer of coal or another mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or another mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the United States Constitution as a sale in interstate or foreign commerce.

(a) Except as provided in subsection (l) of this Section, the corporate authorities of any municipality or any county may, subject to the limitations of subsections (c), (d), and (h), and in addition to any tax levied pursuant to the Simplified Municipal Telecommunications Tax Act, impose a monthly surcharge on billed subscribers of network connection provided by telecommunication carriers engaged in the business of transmitting messages by means of electricity originating within the corporate limits of the municipality or county imposing the surcharge at a rate per network connection determined in accordance with subsection (c), however the monthly surcharge shall not apply to a network connection provided for use with pay telephone services. to and following the effective date of this amendatory Act of the 97th General Assembly.

For mobile telecommunications services, if a surcharge is imposed it shall be imposed based upon the municipality or county that encompasses the customer's place of primary use as defined in the Mobile Telecommunications Sourcing Conformity Act. A municipality may enter into an intergovernmental agreement with any county in which it is partially located, when the county has adopted an ordinance to impose a surcharge as provided in subsection (c), to include that portion of the municipality lying outside the county in that county's surcharge referendum. If the county's surcharge referendum is approved, the portion of the municipality identified in the intergovernmental agreement shall automatically be disconnected from the county in which it lies and connected to the county which approved the referendum for purposes of a surcharge on telecommunications carriers.

(b) For purposes of computing the surcharge imposed by subsection (a), the network connections to which the surcharge shall apply shall be those in-service network connections, other than those network connections assigned to the municipality or county, where the service address for each such network connection or connections is located within the corporate limits of the municipality or county levying the surcharge. Except for mobile telecommunication services, the "service address" shall mean the location of the primary use of the network connection or connections. For mobile telecommunication services, "service address" means the customer's place of primary use as defined in the Mobile Telecommunications Sourcing Conformity Act.

(c) Upon the passage of an ordinance to impose a surcharge under this Section the clerk of the municipality or county shall certify the question of whether the surcharge may be imposed to the proper election authority who shall submit the public question to the electors of the municipality or county in accordance with the general election law; provided that such question shall not be submitted at a consolidated primary election. The public question shall be in substantially the following form:

-------------------------------------------------------------
Shall the county (or city, village or incorporated town) of ..... impose YES a surcharge of up to ...¢ per month per

network connection, which surcharge will be added to the monthly bill you receive for telephone or telecommunications charges, for the purpose of installing (or improving) a 9-1-1 Emergency Telephone System?

If a majority of the votes cast upon the public question are in favor thereof, the surcharge shall be imposed.

However, if a Joint Emergency Telephone System Board is to be created pursuant to an intergovernmental agreement under Section 15.4, the ordinance to impose the surcharge shall be subject to the approval of a majority of the total number of votes cast upon the public question by the electors of all of the municipalities or counties, or combination thereof, that are parties to the intergovernmental agreement.

The referendum requirement of this subsection (c) shall not apply to any municipality with a population over 500,000 or to any county in which a proposition as to whether a sophisticated 9-1-1 Emergency Telephone System should be installed in the county, at a cost not to exceed a specified monthly amount per network connection, has previously been approved by a majority of the electors of the county voting on the proposition at an election conducted before the effective date of this amendatory Act of 1987.

(d) A county may not impose a surcharge, unless requested by a municipality, in any incorporated area which has previously approved a surcharge as provided in subsection (c) or in any incorporated area where the corporate authorities of the municipality have previously entered into a binding contract or letter of intent with a telecommunications carrier to provide sophisticated 9-1-1 service through municipal funds.

(e) A municipality or county may at any time by ordinance change the rate of the surcharge imposed under this Section if the new rate does not exceed the rate specified in the referendum held pursuant to subsection (c).

(f) The surcharge authorized by this Section shall be collected from the subscriber by the telecommunications carrier providing the subscriber the network connection as a separately stated item on the subscriber's bill.

(g) The amount of surcharge collected by the telecommunications carrier shall be paid to the particular municipality or county or Joint

Emergency Telephone System Board not later than 30 days after the surcharge is collected, net of any network or other 9-1-1 or sophisticated 9-1-1 system charges then due the particular telecommunications carrier, as shown on an itemized bill. The telecommunications carrier collecting the surcharge shall also be entitled to deduct 3% of the gross amount of surcharge collected to reimburse the telecommunications carrier for the expense of accounting and collecting the surcharge.

(h) Except as expressly provided in subsection (a) of this Section, on or after the effective date of this amendatory Act of the 98th General Assembly and until July 1, 2015, a municipality with a population of 500,000 or more shall not impose a monthly surcharge per network connection in excess of the highest monthly surcharge imposed as of January 1, 2014 by any county or municipality under subsection (c) of this Section. On or after July 1, 2017, a municipality with a population over 500,000 may not impose a monthly surcharge in excess of $2.50 per network connection.

(i) Any municipality or county or joint emergency telephone system board that has imposed a surcharge pursuant to this Section prior to the effective date of this amendatory Act of 1990 shall hereafter impose the surcharge in accordance with subsection (b) of this Section.

(j) The corporate authorities of any municipality or county may issue, in accordance with Illinois law, bonds, notes or other obligations secured in whole or in part by the proceeds of the surcharge described in this Section. Notwithstanding any change in law subsequent to the issuance of any bonds, notes or other obligations secured by the surcharge, every municipality or county issuing such bonds, notes or other obligations shall be authorized to impose the surcharge as though the laws relating to the imposition of the surcharge in effect at the time of issuance of the bonds, notes or other obligations were in full force and effect until the bonds, notes or other obligations are paid in full. The State of Illinois pledges and agrees that it will not limit or alter the rights and powers vested in municipalities and counties by this Section to impose the surcharge so as to impair the terms of or affect the security for bonds, notes or other obligations secured in whole or in part with the proceeds of the surcharge described in this Section. The pledge and agreement set forth in this Section survive the termination of the surcharge under subsection (l) by virtue of the replacement of the surcharge monies guaranteed under Section 20; the State of Illinois pledges and agrees that it will not limit or alter the rights vested in municipalities and counties to

the surcharge replacement funds guaranteed under Section 20 so as to impair the terms of or affect the security for bonds, notes or other obligations secured in whole or in part with the proceeds of the surcharge described in this Section.

(k) Any surcharge collected by or imposed on a telecommunications carrier pursuant to this Section shall be held to be a special fund in trust for the municipality, county or Joint Emergency Telephone Board imposing the surcharge. Except for the 3% deduction provided in subsection (g) above, the special fund shall not be subject to the claims of creditors of the telecommunication carrier.

Section 1-30. The Prepaid Wireless 9-1-1 Surcharge Act is amended by changing Section 15 as follows:

(50 ILCS 753/15)

Sec. 15. Prepaid wireless 9-1-1 surcharge.

(a) Until September 30, 2015, there is hereby imposed on consumers a prepaid wireless 9-1-1 surcharge of 1.5% per retail transaction. Beginning October 1, 2015, the prepaid wireless 9-1-1 surcharge shall be 3% per retail transaction. The surcharge authorized by this subsection (a) does not apply in a home rule municipality having a population in excess of 500,000. The amount of the surcharge may be reduced or increased pursuant to subsection (c).

(a-5) On or after the effective date of this amendatory Act of the 98th General Assembly and until July 1, 2017, a home rule municipality having a population in excess of 500,000 on the effective date of this amendatory Act may impose a prepaid wireless 9-1-1 surcharge not to exceed 9% per retail transaction sourced to that jurisdiction and collected and remitted in accordance with the provisions of subsection (b-5) of this Section. On or after July 1, 2017, a home rule municipality having a population in excess of 500,000 on the effective date of this Act may only impose a prepaid wireless 9-1-1 surcharge not to exceed 7% per retail transaction sourced to that jurisdiction and collected and remitted in accordance with the provisions of subsection (b-5).

(b) The prepaid wireless 9-1-1 surcharge shall be collected by the seller from the consumer with respect to each retail transaction occurring in this State and shall be remitted to the Department by the seller as provided in this Act. The amount of the prepaid wireless 9-1-1 surcharge shall be separately stated as a distinct item apart from the charge for the prepaid wireless telecommunications service on an invoice, receipt, or other similar document that is provided to the consumer by the seller or shall be otherwise disclosed to the consumer. If the seller does not separately state the surcharge as a distinct item to the consumer as provided in this Section, then the seller shall maintain books and records...
as required by this Act which clearly identify the amount of the 9-1-1 surcharge for retail transactions.

For purposes of this subsection (b), a retail transaction occurs in this State if (i) the retail transaction is made in person by a consumer at the seller's business location and the business is located within the State; (ii) the seller is a provider and sells prepaid wireless telecommunications service to a consumer located in Illinois; (iii) the retail transaction is treated as occurring in this State for purposes of the Retailers' Occupation Tax Act; or (iv) a seller that is included within the definition of a "retailer maintaining a place of business in this State" under Section 2 of the Use Tax Act makes a sale of prepaid wireless telecommunications service to a consumer located in Illinois. In the case of a retail transaction which does not occur in person at a seller's business location, if a consumer uses a credit card to purchase prepaid wireless telecommunications service online or over the telephone, and no product is shipped to the consumer, the transaction occurs in this State if the billing address for the consumer's credit card is in this State.

(b-5) The prepaid wireless 9-1-1 surcharge imposed under subsection (a-5) of this Section shall be collected by the seller from the consumer with respect to each retail transaction occurring in the municipality imposing the surcharge. The amount of the prepaid wireless 9-1-1 surcharge shall be separately stated on an invoice, receipt, or other similar document that is provided to the consumer by the seller or shall be otherwise disclosed to the consumer. If the seller does not separately state the surcharge as a distinct item to the consumer as provided in this Section, then the seller shall maintain books and records as required by this Act which clearly identify the amount of the 9-1-1 surcharge for retail transactions.

For purposes of this subsection (b-5), a retail transaction occurs in the municipality if (i) the retail transaction is made in person by a consumer at the seller's business location and the business is located within the municipality; (ii) the seller is a provider and sells prepaid wireless telecommunications service to a consumer located in the municipality; (iii) the retail transaction is treated as occurring in the municipality for purposes of the Retailers' Occupation Tax Act; or (iv) a seller that is included within the definition of a "retailer maintaining a place of business in this State" under Section 2 of the Use Tax Act makes a sale of prepaid wireless telecommunications service to a consumer located in the municipality. In the case of a retail transaction which does

not occur in person at a seller's business location, if a consumer uses a credit card to purchase prepaid wireless telecommunications service online or over the telephone, and no product is shipped to the consumer, the transaction occurs in the municipality if the billing address for the consumer's credit card is in the municipality.

(c) The prepaid wireless 9-1-1 surcharge is imposed on the consumer and not on any provider. The seller shall be liable to remit all prepaid wireless 9-1-1 surcharges that the seller collects from consumers as provided in Section 20, including all such surcharges that the seller is deemed to collect where the amount of the surcharge has not been separately stated on an invoice, receipt, or other similar document provided to the consumer by the seller. The surcharge collected or deemed collected by a seller shall constitute a debt owed by the seller to this State, and any such surcharge actually collected shall be held in trust for the benefit of the Department.

For purposes of this subsection (c), the surcharge shall not be imposed or collected from entities that have an active tax exemption identification number issued by the Department under Section 1g of the Retailers' Occupation Tax Act.

(d) The amount of the prepaid wireless 9-1-1 surcharge that is collected by a seller from a consumer, if such amount is separately stated on an invoice, receipt, or other similar document provided to the consumer by the seller, shall not be included in the base for measuring any tax, fee, surcharge, or other charge that is imposed by this State, any political subdivision of this State, or any intergovernmental agency.

(e) (Blank). The prepaid wireless 9-1-1 charge imposed under subsection (a) of this Section shall be proportionately increased or reduced, as applicable, upon any change to the surcharge imposed under Section 17 of the Wireless Emergency Telephone Safety Act. The adjusted rate shall be determined by dividing the amount of the surcharge imposed under Section 17 of the Wireless Emergency Telephone Safety Act by $50. Such increase or reduction shall be effective on the first day of the first calendar month to occur at least 60 days after the enactment of the change to the surcharge imposed under Section 17 of the Wireless Emergency Telephone Safety Act. The Department shall provide not less than 30 days' notice of an increase or reduction in the amount of the surcharge on the Department's website.

(e-5) Any changes in the rate of the surcharge imposed by a municipality under the authority granted in subsection (a-5) of this Section

shall be effective on the first day of the first calendar month to occur at least 60 days after the enactment of the change. The Department shall provide not less than 30 days' notice of the increase or reduction in the rate of such surcharge on the Department's website.

(f) When prepaid wireless telecommunications service is sold with one or more other products or services for a single, non-itemized price, then the percentage specified in subsection (a) or (a-5) of this Section 15 shall be applied to the entire non-itemized price unless the seller elects to apply the percentage to (i) the dollar amount of the prepaid wireless telecommunications service if that dollar amount is disclosed to the consumer or (ii) the portion of the price that is attributable to the prepaid wireless telecommunications service if the retailer can identify that portion by reasonable and verifiable standards from its books and records that are kept in the regular course of business for other purposes, including, but not limited to, books and records that are kept for non-tax purposes. However, if a minimal amount of prepaid wireless telecommunications service is sold with a prepaid wireless device for a single, non-itemized price, then the seller may elect not to apply the percentage specified in subsection (a) or (a-5) of this Section 15 to such transaction. For purposes of this subsection, an amount of service denominated as 10 minutes or less or $5 or less is considered minimal.

(g) The prepaid wireless 9-1-1 surcharge imposed under subsections (a) and (a-5) of this Section is not imposed on the provider or the consumer for wireless Lifeline service where the consumer does not pay the provider for the service. Where the consumer purchases from the provider optional minutes, texts, or other services in addition to the federally funded Lifeline benefit, a consumer must pay the prepaid wireless 9-1-1 surcharge, and it must be collected by the seller according to subsection (b-5).

Section 1-31. The Counties Code is amended by changing Section 5-1095.1 as follows:

(55 ILCS 5/5-1095.1)
Sec. 5-1095.1. County franchise fee or service provider fee review; requests for information.

system (CATV) operator providing cable or video service in that county is required to pay the service provider fees imposed by the Cable and Video Competition Law of 2007, then the county may conduct an audit of that CATV operator's franchise fees or service provider fees derived from the provision of cable and video services to subscribers within the franchise area to determine whether the amount of franchise fees or service provider fees paid by that CATV operator to the county was accurate. Any audit conducted under this subsection (a) shall determine, for a period of not more than 4 years after the date the franchise fees or service provider fees were due, any overpayment or underpayment to the county by the CATV operator, and the amount due to the county or CATV operator is limited to the net difference.

(b) Not more than once every 2 years, a county or its agent that is authorized to perform an audit as set forth in subsection (a) that has imposed a franchise fee authorized by 47 U.S.C. 542 may, subject to the limitations and protections stated in the Local Government Taxpayers' Bill of Rights Act, request information from the CATV operator in the format maintained by the CATV operator in the ordinary course of its business that the county reasonably requires in order to perform an audit under subsection (a). The information that may be requested by the county includes without limitation the following:

(1) in an electronic format used by the CATV operator in the ordinary course of its business, the database used by the CATV operator to determine the amount of the franchise fee or service provider fee due to the county; and

(2) in a format used by the CATV operator in the ordinary course of its business, summary data, as needed by the county, to determine the CATV operator's franchise fees or service provider fees derived from the provision of cable and video services to subscribers within the CATV operator's franchise area.

(c) The CATV operator must provide the information requested under subsection (b) within:

(1) 60 days after the receipt of the request if the population of the requesting county is 500,000 or less; or

(2) 90 days after the receipt of the request if the population of the requesting county exceeds 500,000.

The time in which a CATV operator must provide the information requested under subsection (b) may be extended by written agreement between the county or its agent and the CATV operator.

New matter indicated by italics - deletions by strikeout
(c-5) The county or its agent must provide an initial report of its audit findings to the CATV operator no later than 90 days after the information set forth in subsection (b) of this Section has been provided by the CATV operator. This 90-day timeline may be extended one time by written agreement between the county or its agent and the CATV operator. However, in no event shall an extension of time exceed 90 days. This initial report of audit findings shall detail the basis of its findings and provide, but not be limited to, the following information: (i) any overpayments of franchise fees or service provider fees, (ii) any underpayments of franchise fees or service provider fees, (iii) all county addresses that should be included in the CATV operator's database and attributable to that county for determination of franchise fees or service provider fees, and (iv) addresses that should not be included in the CATV operator's database and addresses that are not attributable to that county for determination of franchise fees or service provider fees. Generally accepted auditing standards shall be utilized by the county and its agents in its review of information provided by the CATV operator.

(c-10) In the event that the county or its agent does not provide the initial report of the audit findings to the CATV operator with the timeframes set forth in subsection (c-5) of this Section, then the audit shall be deemed completed and to have conclusively found that there was no overpayment or underpayment by the CATV operator during the 24 months prior to the county or its agents requesting the information set forth in subsection (b) of this Section.

(d) If an audit by the county or its agents finds an error by the CATV operator in the amount of the franchise fees or service provider fees paid by the CATV operator to the county, then the county shall may notify the CATV operator of the error. Any such notice must be given to the CATV operator by the county or its agent within 90 days after the county or its agent discovers the error, and no later than 4 years after the date the franchise fee or service provider fee was due. Upon such a notice, the CATV operator must submit a written response within 60 days after receipt of the notice stating that the CATV operator has corrected the error on a prospective basis or stating the reason that the error is inapplicable or inaccurate. The county or its agent then has 60 days after the receipt of the CATV operator's response to review and contest the conclusion of the CATV operator. No legal proceeding to collect a deficiency or overpayment based upon an alleged error shall be commenced unless within 180 days after the county's notification of the error to the CATV

Any legal proceeding to collect a deficiency as set forth in this subsection (d) shall be filed in the appropriate circuit court.

(e) No CATV operator is liable for any error in past franchise fee or service provider fee payments that was unknown by the CATV operator prior to the audit process unless (i) the error was due to negligence on the part of the CATV operator in the collection or processing of required data and (ii) the county had not failed to respond in writing in a timely manner to any written request of the CATV operator to review and correct information used by the CATV operator to calculate the appropriate franchise fees or service provider fees if a diligent review of such information by the county reasonably could have been expected to discover such error.

(f) All account specific information provided by a CATV operator under this Section may be used only for the purpose of an audit conducted under this Section and the enforcement of any franchise fee or service provider fee delinquent claim. All such information must be held in strict confidence by the county and its agents and may not be disclosed to the public under the Freedom of Information Act or under any other similar statutes allowing for or requiring public disclosure.

(h) This Section does not apply to any action that was commenced, to any complaint that was filed, or to any audit that was commenced before the effective date of this amendatory Act of the 96th General Assembly. This Section also does not apply to any franchise agreement that was entered into before the effective date of this amendatory Act of the 96th General Assembly unless the franchise agreement contains audit provisions but no specifics regarding audit procedures.

(a) If pursuant to its franchise agreement with a community antenna television system (CATV) operator, a municipality imposes a franchise fee authorized by 47 U.S.C. 542 or if a community antenna television system (CATV) operator providing cable or video service in that municipality is required to pay the service provider fees imposed by the Cable and Video Competition Law of 2007, then the municipality may conduct an audit of that CATV operator's franchise fees or service provider fees derived from the provision of cable and video services to subscribers within the franchise area to determine whether the amount of franchise fees or service provider fees paid by that CATV operator to the municipality was accurate. Any audit conducted under this subsection (a) shall determine, for a period of not more than 4 years after the date the franchise fees or service provider fees were due, any overpayment or underpayment to the municipality by the CATV operator, and the amount due to the municipality or CATV operator is limited to the net difference.

(b) Not more than once every 2 years, a municipality or its agent that is authorized to perform an audit as set forth in subsection (a) of this Section that has imposed a franchise fee authorized by 47 U.S.C. 542 may, subject to the limitations and protections stated in the Local Government Taxpayers' Bill of Rights Act, request information from the CATV

operator in the format maintained by the CATV operator in the ordinary course of its business that the municipality reasonably requires in order to perform an audit under subsection (a). The information that may be requested by the municipality includes without limitation the following:

(1) in an electronic format used by the CATV operator in the ordinary course of its business, the database used by the CATV operator to determine the amount of the franchise fee or service provider fee due to the municipality; and

(2) in a format used by the CATV operator in the ordinary course of its business, summary data, as needed by the municipality, to determine the CATV operator's franchise fees or service provider fees derived from the provision of cable and video services to subscribers within the CATV operator's franchise area.

(c) The CATV operator must provide the information requested under subsection (b) within:

(1) 60 days after the receipt of the request if the population of the requesting municipality is 500,000 or less; or

(2) 90 days after the receipt of the request if the population of the requesting municipality exceeds 500,000.

The time in which a CATV operator must provide the information requested under subsection (b) may be extended by written agreement between the municipality or its agent and the CATV operator.

(c-5) The municipality or its agent must provide an initial report of its audit findings to the CATV operator no later than 90 days after the information set forth in subsection (b) of this Section has been provided by the CATV operator. This 90-day timeline may be extended one time by written agreement between the municipality or its agents and the CATV operator. However, in no event shall an extension of time exceed 90 days. This initial report of audit findings shall detail the basis of its findings and provide, but not be limited to, the following information: (i) any overpayments of franchise fees or service provider fees, (ii) any underpayments of franchise fees or service provider fees, (iii) all municipal addresses that should be included in the CATV operator's database and attributable to that municipality for determination of franchise fees or service provider fees, and (iv) addresses that should not be included in the CATV operator's database and addresses that are not attributable to that municipality for determination of franchise fees or service provider fees. Generally accepted auditing standards shall be...
utilized by the municipality and its agents in its review of information provided by the CATV operator.

(c-10) In the event that the municipality or its agent does not provide the initial report of the audit findings to the CATV operator with the timeframes set forth in subsection (c-5) of this Section, then the audit shall be deemed completed and to have conclusively found that there was no overpayment or underpayment by the CATV operator during the 24 months prior to the municipality or its agents requesting the information set forth in subsection (b) of this Section.

(d) If an audit by the municipality or its agents finds an error by the CATV operator in the amount of the franchise fees or service provider fees paid by the CATV operator to the municipality, then the municipality shall may notify the CATV operator of the error. Any such notice must be given to the CATV operator by the municipality or its agent within 90 days after the municipality or its agent discovers the error, and no later than 4 years after the date the franchise fee or service provider fee was due. Upon such a notice, the CATV operator must submit a written response within 60 days after receipt of the notice stating that the CATV operator has corrected the error on a prospective basis or stating the reason that the error is inapplicable or inaccurate. The municipality or its agent then has 60 days after the receipt of the CATV operator's response to review and contest the conclusion of the CATV operator. No legal proceeding to collect a deficiency or overpayment based upon an alleged error shall be commenced unless within 180 days after the municipality's notification of the error to the CATV operator the parties are unable to agree on the disposition of the audit findings.

Any legal proceeding to collect a deficiency as set forth in this subsection (d) shall be filed in the appropriate circuit court.

(e) No CATV operator is liable for any error in past franchise fee or service provider fee payments that was unknown by the CATV operator prior to the audit process unless (i) the error was due to negligence on the part of the CATV operator in the collection or processing of required data and (ii) the municipality had not failed to respond in writing in a timely manner to any written request of the CATV operator to review and correct information used by the CATV operator to calculate the appropriate franchise fees or service provider fees if a diligent review of such information by the municipality reasonably could have been expected to discover such error.

(220 ILCS 5/13-506.2)
(Section scheduled to be repealed on July 1, 2015)
Sec. 13-506.2. Market regulation for competitive retail services.
(a) Definitions. As used in this Section:

(1) "Electing Provider" means a telecommunications carrier that is subject to either rate regulation pursuant to Section 13-504 or Section 13-505 or alternative regulation pursuant to Section 13-506.1 and that elects to have the rates, terms, and conditions of its competitive retail telecommunications services solely determined and regulated pursuant to the terms of this Article.

(2) "Basic local exchange service" means either a stand-alone residence network access line and per-call usage or, for any geographic area in which such stand-alone service is not offered, a stand-alone flat rate residence network access line for which local calls are not charged for frequency or duration. Extended Area Service shall be included in basic local exchange service.

(3) "Existing customer" means a residential customer who was subscribing to one of the optional packages described in subsection (d) of this Section as of the effective date of this amendatory Act of the 99th General Assembly. A customer who was subscribing to one of the optional packages on that date but stops subscribing thereafter shall not be considered an "existing customer" as of the date the customer stopped subscribing to the optional package, unless the stoppage is temporary and caused by the customer changing service address locations, or unless the customer resumes subscribing and is eligible to receive discounts on monthly telephone service under the federal Lifeline program, 47 C.F.R. Part 54, Subpart E.

(4) "New customer" means a residential customer who was not subscribing to one of the optional packages described in subsection (d) of this Section as of the effective date of this amendatory Act of the 99th General Assembly and who is eligible to receive discounts on monthly telephone service under the federal Lifeline program, 47 C.F.R. Part 54, Subpart E.
(b) Election for market regulation. Notwithstanding any other provision of this Act, an Electing Provider may elect to have the rates, terms, and conditions of its competitive retail telecommunications services solely determined and regulated pursuant to the terms of this Section by filing written notice of its election for market regulation with the Commission. The notice of election shall designate the geographic area of the Electing Provider's service territory where the market regulation shall apply, either on a state-wide basis or in one or more specified Market Service Areas ("MSA") or Exchange areas. An Electing Provider shall not make an election for market regulation under this Section unless it commits in its written notice of election for market regulation to fulfill the conditions and requirements in this Section in each geographic area in which market regulation is elected. Immediately upon filing the notice of election for market regulation, the Electing Provider shall be subject to the jurisdiction of the Commission to the extent expressly provided in this Section.

(c) Competitive classification. Market regulation shall be available for competitive retail telecommunications services as provided in this subsection.

(1) For geographic areas in which telecommunications services provided by the Electing Provider were classified as competitive either through legislative action or a tariff filing pursuant to Section 13-502 prior to January 1, 2010, and that are included in the Electing Provider's notice of election pursuant to subsection (b) of this Section, such services, and all recurring and nonrecurring charges associated with, related to or used in connection with such services, shall be classified as competitive without further Commission review. For services classified as competitive pursuant to this subsection, the requirements or conditions in any order or decision rendered by the Commission pursuant to Section 13-502 prior to the effective date of this amendatory Act of the 96th General Assembly, except for the commitments made by the Electing Provider in such order or decision concerning the optional packages required in subsection (d) of this Section and basic local exchange service as defined in this Section, shall no longer be in effect and no Commission investigation, review, or proceeding under Section 13-502 shall be continued, conducted, or maintained with respect to such services, charges, requirements, or conditions. If an Electing Provider has
ceased providing optional packages to customers pursuant to subdivision (d)(8) of this Section, the commitments made by the Electing Provider in such order or decision concerning the optional packages under subsection (d) of this Section shall no longer be in effect and no Commission investigation, review, or proceeding under Section 13-502 shall be continued, conducted, or maintained with respect to such packages.

(2) For those geographic areas in which residential local exchange telecommunications services have not been classified as competitive as of the effective date of this amendatory Act of the 96th General Assembly, all telecommunications services provided to residential and business end users by an Electing Provider in the geographic area that is included in its notice of election pursuant to subsection (b) shall be classified as competitive for purposes of this Article without further Commission review.

(3) If an Electing Provider was previously subject to alternative regulation pursuant to Section 13-506.1 of this Article, the alternative regulation plan shall terminate in whole for all services subject to that plan and be of no force or effect, without further Commission review or action, when the Electing Provider's residential local exchange telecommunications service in each MSA in its telecommunications service area in the State has been classified as competitive pursuant to either subdivision (c)(1) or (c)(2) of this Section.

(4) The service packages described in Section 13-518 shall be classified as competitive for purposes of this Section if offered by an Electing Provider in a geographic area in which local exchange telecommunications service has been classified as competitive pursuant to either subdivision (c)(1) or (c)(2) of this Section.

(5) Where a service, or its functional equivalent, or a substitute service offered by a carrier that is not an Electing Provider or the incumbent local exchange carrier for that area is also being offered by an Electing Provider for some identifiable class or group of customers in an exchange, group of exchanges, or some other clearly defined geographical area, the service offered by a carrier that is not an Electing Provider or the incumbent local exchange carrier for that area shall be classified as competitive without further Commission review.

(6) Notwithstanding any other provision of this Act, retail telecommunications services classified as competitive pursuant to Section 13-502 or subdivision (c)(5) of this Section shall have their rates, terms, and conditions solely determined and regulated pursuant to the terms of this Section in the same manner and to the same extent as the competitive retail telecommunications services of an Electing Provider, except that subsections (d), (g), and (j) of this Section shall not apply to a carrier that is not an Electing Provider or to the competitive telecommunications services of a carrier that is not an Electing Provider. The access services of a carrier that is not an Electing Provider shall remain subject to Section 13-900.2. The requirements in subdivision (e)(3) of this Section shall not apply to retail telecommunications services classified as competitive pursuant to Section 13-502 or subdivision (c)(5) of this Section, except that, upon request from the Commission, the telecommunications carrier providing competitive retail telecommunications services shall provide a report showing the number of credits and exemptions for the requested time period.

(d) Consumer choice safe harbor options.

(1) Subject to subdivision (d)(8) of this Section, an Electing Provider in each of the MSA or Exchange areas classified as competitive pursuant to subdivision (c)(1) or (c)(2) of this Section shall offer to all residential customers who choose to subscribe the following optional packages of services priced at the same rate levels in effect on January 1, 2010:

(A) A basic package, which shall consist of a stand-alone residential network access line and 30 local calls. If the Electing Provider offers a stand-alone residential access line and local usage on a per call basis, the price for the basic package shall be the Electing Provider's applicable price in effect on January 1, 2010 for the sum of a residential access line and 30 local calls, additional calls over 30 calls shall be provided at the current per call rate. However, this basic package is not required if stand-alone residential network access lines or per-call local usage are not offered by the Electing Provider in the geographic area on January 1, 2010 or if the Electing Provider has not increased its stand-alone network access line and local

usage rates, including Extended Area Service rates, since January 1, 2010.

(B) An extra package, which shall consist of residential basic local exchange network access line and unlimited local calls. The price for the extra package shall be the Electing Provider's applicable price in effect on January 1, 2010 for a residential access line with unlimited local calls.

(C) A plus package, which shall consist of residential basic local exchange network access line, unlimited local calls, and the customer's choice of 2 vertical services offered by the Electing Provider. The term "vertical services" as used in this subsection, includes, but is not limited to, call waiting, call forwarding, 3-way calling, caller ID, call tracing, automatic callback, repeat dialing, and voicemail. The price for the plus package shall be the Electing Provider's applicable price in effect on January 1, 2010 for the sum of a residential access line with unlimited local calls and 2 times the average price for the vertical features included in the package.

(2) Subject to subdivision (d)(8) of this Section, for those geographic areas in which local exchange telecommunications services were classified as competitive on the effective date of this amendatory Act of the 96th General Assembly, an Electing Provider in each such MSA or Exchange area shall be subject to the same terms and conditions as provided in commitments made by the Electing Provider in connection with such previous competitive classifications, which shall apply with equal force under this Section, except as follows: (i) the limits on price increases on the optional packages required by this Section shall be extended consistent with subsection (d)(1) of this Section and (ii) the price for the extra package required by subsection (d)(1)(B) shall be reduced by one dollar from the price in effect on January 1, 2010. In addition, if an Electing Provider obtains a competitive classification pursuant to subsection (c)(1) and (c)(2), the price for the optional packages shall be determined in such area in compliance with subsection (d)(1), except the price for the plus package required by subsection (d)(1) (C) shall be the lower of the price for such area or the price of the plus package in effect on

January 1, 2010 for areas classified as competitive pursuant to subsection (c)(1).

(3) To the extent that the requirements in Section 13-518 applied to a telecommunications carrier prior to the effective date of this Section and that telecommunications carrier becomes an Electing Provider in accordance with the provisions of this Section, the requirements in Section 13-518 shall cease to apply to that Electing Provider in those geographic areas included in the Electing Provider's notice of election pursuant to subsection (b) of this Section.

(4) Subject to subdivision (d)(8) of this Section, an Electing Provider shall make the optional packages required by this subsection and stand-alone residential network access lines and local usage, where offered, readily available to the public by providing information, in a clear manner, to residential customers. Information shall be made available on a website, and an Electing Provider shall provide notification to its customers every 6 months, provided that notification may consist of a bill page message that provides an objective description of the safe harbor options that includes a telephone number and website address where the customer may obtain additional information about the packages from the Electing Provider. The optional packages shall be offered on a monthly basis with no term of service requirement. An Electing Provider shall allow online electronic ordering of the optional packages and stand-alone residential network access lines and local usage, where offered, on its website in a manner similar to the online electronic ordering of its other residential services.

(5) Subject to subdivision (d)(8) of this Section, an Electing Provider shall comply with the Commission's existing rules, regulations, and notices in Title 83, Part 735 of the Illinois Administrative Code when offering or providing the optional packages required by this subsection (d) and stand-alone residential network access lines.

(6) Subject to subdivision (d)(8) of this Section, an Electing Provider shall provide to the Commission semi-annual subscribership reports as of June 30 and December 31 that contain the number of its customers subscribing to each of the consumer choice safe harbor packages required by subsection (d)(1) of this Section and the number of its customers subscribing to retail

residential basic local exchange service as defined in subsection (a)(2) of this Section. The first semi-annual reports shall be made on April 1, 2011 for December 31, 2010, and on September 1, 2011 for June 30, 2011, and semi-annually on April 1 and September 1 thereafter. Such subscribership information shall be accorded confidential and proprietary treatment upon request by the Electing Provider.

(7) The Commission shall have the power, after notice and hearing as provided in this Article, upon complaint or upon its own motion, to take corrective action if the requirements of this Section are not complied with by an Electing Provider.

(8) On and after the effective date of this amendatory Act of the 99th General Assembly, an Electing Provider shall continue to offer and provide the optional packages described in this subsection (d) to existing customers and new customers. On and after July 1, 2017, an Electing Provider may immediately stop offering the optional packages described in this subsection (d) and, upon providing two notices to affected customers and to the Commission, may stop providing the optional packages described in this subsection (d) to all customers who subscribe to one of the optional packages. The first notice shall be provided at least 90 days before the date upon which the Electing Provider intends to stop providing the optional packages, and the second notice must be provided at least 30 days before that date. The first notice shall not be provided prior to July 1, 2017. Each notice must identify the date on which the Electing Provider intends to stop providing the optional packages, at least one alternative service available to the customer, and a telephone number by which the customer may contact a service representative of the Electing Provider. After July 1, 2017 with respect to new customers, and upon the expiration of the second notice period with respect to customers who were subscribing to one of the optional packages, subdivisions (d)(1), (d)(2), (d)(4), (d)(5), (d)(6), and (d)(7) of this Section shall not apply to the Electing Provider. Notwithstanding any other provision of this Article, an Electing Provider that has ceased providing the optional packages under this subdivision (d)(8) is not subject to Section 13-301(1)(c) of this Act. Notwithstanding any other provision of this Act, and subject to subdivision (d)(7) of this Section, the Commission's authority over the discontinuance of the

optional packages described in this subsection (d) by an Electing Provider shall be governed solely by this subsection (d)(8).

(e) Service quality and customer credits for basic local exchange service.

(1) An Electing Provider shall meet the following service quality standards in providing basic local exchange service, which for purposes of this subsection (e), includes both basic local exchange service and any the consumer choice safe harbor options that may be required by subsection (d) of this Section.

(A) Install basic local exchange service within 5 business days after receipt of an order from the customer unless the customer requests an installation date that is beyond 5 business days after placing the order for basic service and to inform the customer of the Electing Provider's duty to install service within this timeframe. If installation of service is requested on or by a date more than 5 business days in the future, the Electing Provider shall install service by the date requested.

(B) Restore basic local exchange service for the customer within 30 hours after receiving notice that the customer is out of service.

(C) Keep all repair and installation appointments for basic local exchange service if a customer premises visit requires a customer to be present. The appointment window shall be either a specific time or, at a maximum, a 4-hour time block during evening, weekend, and normal business hours.

(D) Inform a customer when a repair or installation appointment requires the customer to be present.

(2) Customers shall be credited by the Electing Provider for violations of basic local exchange service quality standards described in subdivision (e)(1) of this Section. The credits shall be applied automatically on the statement issued to the customer for the next monthly billing cycle following the violation or following the discovery of the violation. The next monthly billing cycle following the violation or the discovery of the violation means the billing cycle immediately following the billing cycle in process at the time of the violation or discovery of the violation, provided the total time between the violation or discovery of the violation and
the issuance of the credit shall not exceed 60 calendar days. The Electing Provider is responsible for providing the credits and the customer is under no obligation to request such credits. The following credits shall apply:

(A) If an Electing Provider fails to repair an out-of-service condition for basic local exchange service within 30 hours, the Electing Provider shall provide a credit to the customer. If the service disruption is for more than 30 hours, but not more than 48 hours, the credit must be equal to a pro-rata portion of the monthly recurring charges for all basic local exchange services disrupted. If the service disruption is for more than 48 hours, but not more than 72 hours, the credit must be equal to at least 33% of one month's recurring charges for all local services disrupted. If the service disruption is for more than 72 hours, but not more than 96 hours, the credit must be equal to at least 67% of one month's recurring charges for all basic local exchange services disrupted. If the service disruption is for more than 96 hours, but not more than 120 hours, the credit must be equal to one month's recurring charges for all basic local exchange services disrupted. For each day or portion thereof that the service disruption continues beyond the initial 120-hour period, the Electing Provider shall also provide an additional credit of $20 per calendar day.

(B) If an Electing Provider fails to install basic local exchange service as required under subdivision (e)(1) of this Section, the Electing Provider shall waive 50% of any installation charges, or in the absence of an installation charge or where installation is pursuant to the Link Up program, the Electing Provider shall provide a credit of $25. If an Electing Provider fails to install service within 10 business days after the service application is placed, or fails to install service within 5 business days after the customer's requested installation date, if the requested date was more than 5 business days after the date of the order, the Electing Provider shall waive 100% of the installation charge, or in the absence of an installation charge or where installation is provided pursuant to the Link Up program, the Electing Provider shall provide a credit of $50. For each day that the

failure to install service continues beyond the initial 10
business days, or beyond 5 business days after the
customer's requested installation date, if the requested date
was more than 5 business days after the date of the order,
the Electing Provider shall also provide an additional credit
of $20 per calendar day until the basic local exchange
service is installed.

(C) If an Electing Provider fails to keep a scheduled
repair or installation appointment when a customer
premises visit requires a customer to be present as required
under subdivision (e)(1) of this Section, the Electing
Provider shall credit the customer $25 per missed
appointment. A credit required by this subdivision does not
apply when the Electing Provider provides the customer
notice of its inability to keep the appointment no later than
8:00 pm of the day prior to the scheduled date of the
appointment.

(D) Credits required by this subsection do not apply
if the violation of a service quality standard:

(i) occurs as a result of a negligent or willful
act on the part of the customer;

(ii) occurs as a result of a malfunction of
customer-owned telephone equipment or inside
wiring;

(iii) occurs as a result of, or is extended by,
an emergency situation as defined in 83 Ill. Adm.
Code 732.10;

(iv) is extended by the Electing Provider's
inability to gain access to the customer's premises
due to the customer missing an appointment,
provided that the violation is not further extended
by the Electing Provider;

(v) occurs as a result of a customer request
to change the scheduled appointment, provided that
the violation is not further extended by the Electing
Provider;
(vi) occurs as a result of an Electing Provider's right to refuse service to a customer as provided in Commission rules; or

(vii) occurs as a result of a lack of facilities where a customer requests service at a geographically remote location, where a customer requests service in a geographic area where the Electing Provider is not currently offering service, or where there are insufficient facilities to meet the customer's request for service, subject to an Electing Provider's obligation for reasonable facilities planning.

(3) Each Electing Provider shall provide to the Commission on a quarterly basis and in a form suitable for posting on the Commission's website in conformance with the rules adopted by the Commission and in effect on April 1, 2010, a public report that includes the following data for basic local exchange service quality of service:

(A) With regard to credits due in accordance with subdivision (e)(2)(A) as a result of out-of-service conditions lasting more than 30 hours:

(i) the total dollar amount of any customer credits paid;

(ii) the number of credits issued for repairs between 30 and 48 hours;

(iii) the number of credits issued for repairs between 49 and 72 hours;

(iv) the number of credits issued for repairs between 73 and 96 hours;

(v) the number of credits used for repairs between 97 and 120 hours;

(vi) the number of credits issued for repairs greater than 120 hours; and

(vii) the number of exemptions claimed for each of the categories identified in subdivision (e)(2)(D).
(B) With regard to credits due in accordance with subdivision (e)(2)(B) as a result of failure to install basic local exchange service:
   (i) the total dollar amount of any customer credits paid;
   (ii) the number of installations after 5 business days;
   (iii) the number of installations after 10 business days;
   (iv) the number of installations after 11 business days; and
   (v) the number of exemptions claimed for each of the categories identified in subdivision (e)(2)(D).

(C) With regard to credits due in accordance with subdivision (e)(2)(C) as a result of missed appointments:
   (i) the total dollar amount of any customer credits paid;
   (ii) the number of any customers receiving credits; and
   (iii) the number of exemptions claimed for each of the categories identified in subdivision (e)(2)(D).

(D) The Electing Provider's annual report required by this subsection shall also include, for informational reporting, the performance data described in subdivisions (e)(2)(A), (e)(2)(B), and (e)(2)(C), and trouble reports per 100 access lines calculated using the Commission's existing applicable rules and regulations for such measures, including the requirements for service standards established in this Section.

(4) It is the intent of the General Assembly that the service quality rules and customer credits in this subsection (e) of this Section and other enforcement mechanisms, including fines and penalties authorized by Section 13-305, shall apply on a nondiscriminatory basis to all Electing Providers. Accordingly, notwithstanding any provision of any service quality rules promulgated by the Commission, any alternative regulation plan

adopted by the Commission, or any other order of the Commission, any Electing Provider that is subject to any other order of the Commission and that violates or fails to comply with the service quality standards promulgated pursuant to this subsection (e) or any other order of the Commission shall not be subject to any fines, penalties, customer credits, or enforcement mechanisms other than such fines or penalties or customer credits as may be imposed by the Commission in accordance with the provisions of this subsection (e) and Section 13-305, which are to be generally applicable to all Electing Providers. The amount of any fines or penalties imposed by the Commission for failure to comply with the requirements of this subsection (e) shall be an appropriate amount, taking into account, at a minimum, the Electing Provider's gross annual intrastate revenue; the frequency, duration, and recurrence of the violation; and the relative harm caused to the affected customers or other users of the network. In imposing fines and penalties, the Commission shall take into account compensation or credits paid by the Electing Provider to its customers pursuant to this subsection (e) in compensation for any violation found pursuant to this subsection (e), and in any event the fine or penalty shall not exceed an amount equal to the maximum amount of a civil penalty that may be imposed under Section 13-305.

(5) An Electing Provider in each of the MSA or Exchange areas classified as competitive pursuant to subsection (c) of this Section shall fulfill the requirements in subdivision (e)(3) of this Section for 3 years after its notice of election becomes effective. After such 3 years, the requirements in subdivision (e)(3) of this Section shall not apply to such Electing Provider, except that, upon request from the Commission, the Electing Provider shall provide a report showing the number of credits and exemptions for the requested time period.

(f) Commission jurisdiction over competitive retail telecommunications services. Except as otherwise expressly stated in this Section, the Commission shall thereafter have no jurisdiction or authority over any aspect of competitive retail telecommunications service of an Electing Provider in those geographic areas included in the Electing Provider's notice of election pursuant to subsection (b) of this Section or of a retail telecommunications service classified as competitive pursuant to

(g) Commission authority over access services upon election for market regulation.

(1) As part of its Notice of Election for Market Regulation, the Electing Provider shall reduce its intrastate switched access rates to rates no higher than its interstate switched access rates in 4 installments. The first reduction must be made 30 days after submission of its complete application for Notice of Election for Market Regulation, and the Electing Provider must reduce its intrastate switched access rates by an amount equal to 33% of the difference between its current intrastate switched access rates and its current interstate switched access rates. The second reduction must be made no later than one year after the first reduction, and the Electing Provider must reduce its then current intrastate switched access rates by an amount equal to 41% of the difference between its then current intrastate switched access rates and its then current interstate switched access rates. The third reduction must be made no later than one year after the second reduction, and the Electing Provider must reduce its then current intrastate switched access rates by an amount equal to 50% of the difference between its then current intrastate switched access rates and its then current interstate switched access rates. The fourth reduction must be made on or before June 30, 2013, and the Electing Provider must reduce its intrastate switched access rate to mirror its then current interstate switched access rates and rate structure. Following the fourth reduction, each Electing Provider must continue to set its intrastate switched access rates to mirror its interstate switched access rates and rate structure. For purposes of this subsection, the rate for intrastate switched access service

means the composite, per-minute rate for that service, including all applicable fixed and traffic-sensitive charges, including, but not limited to, carrier common line charges.

(2) Nothing in paragraph (1) of this subsection (g) prohibits an Electing Provider from electing to offer intrastate switched access service at rates lower than its interstate switched access rates.

(3) The Commission shall have no authority to order an Electing Provider to set its rates for intrastate switched access at a level lower than its interstate switched access rates.

(4) The Commission's authority under this subsection (g) shall only apply to Electing Providers under Market Regulation. The Commission's authority over switched access services for all other carriers is retained under Section 13-900.2 of this Act.

(h) Safety of service equipment and facilities.

(1) An Electing Provider shall furnish, provide, and maintain such service instrumentalities, equipment, and facilities as shall promote the safety, health, comfort, and convenience of its patrons, employees, and public and as shall be in all respects adequate, reliable, and efficient without discrimination or delay. Every Electing Provider shall provide service and facilities that are in all respects environmentally safe.

(2) The Commission is authorized to conduct an investigation of any Electing Provider or part thereof. The investigation may examine the reasonableness, prudence, or efficiency of any aspect of the Electing Provider's operations or functions that may affect the adequacy, safety, efficiency, or reliability of telecommunications service. The Commission may conduct or order an investigation only when it has reasonable grounds to believe that the investigation is necessary to assure that the Electing Provider is providing adequate, efficient, reliable, and safe service. The Commission shall, before initiating any such investigation, issue an order describing the grounds for the investigation and the appropriate scope and nature of the investigation, which shall be reasonably related to the grounds relied upon by the Commission in its order.

(220 ILCS 5/13-703) (from Ch. 111 2/3, par. 13-703)

(Section scheduled to be repealed on July 1, 2015)
Sec. 13-703. (a) The Commission shall design and implement a program whereby each telecommunications carrier providing local exchange service shall provide a telecommunications device capable of servicing the needs of those persons with a hearing or speech disability together with a single party line, at no charge additional to the basic exchange rate, to any subscriber who is certified as having a hearing or speech disability by a licensed physician, speech-language pathologist, audiologist or a qualified State agency and to any subscriber which is an organization serving the needs of those persons with a hearing or speech disability as determined and specified by the Commission pursuant to subsection (d).

(b) The Commission shall design and implement a program, whereby each telecommunications carrier providing local exchange service shall provide a telecommunications relay system, using third party intervention to connect those persons having a hearing or speech disability with persons of normal hearing by way of intercommunications devices and the telephone system, making available reasonable access to all phases of public telephone service to persons who have a hearing or speech disability. In order to design a telecommunications relay system which will meet the requirements of those persons with a hearing or speech disability available at a reasonable cost, the Commission shall initiate an investigation and conduct public hearings to determine the most cost-effective method of providing telecommunications relay service to those persons who have a hearing or speech disability when using telecommunications devices and therein solicit the advice, counsel, and physical assistance of Statewide nonprofit consumer organizations that serve persons with hearing or speech disabilities in such hearings and during the development and implementation of the system. The Commission shall phase in this program, on a geographical basis, as soon as is practicable, but no later than June 30, 1990.

(c) The Commission shall establish a competitively neutral rate recovery mechanism that establishes, authorizing charges in an amount to be determined by the Commission for each line of a subscriber to allow telecommunications carriers providing local exchange service to recover costs as they are incurred under this Section. Beginning no later than April 1, 2016, and on a yearly basis thereafter, the Commission shall initiate a proceeding to establish the competitively neutral amount to be charged or assessed to subscribers of telecommunications carriers and wireless carriers, Interconnected VoIP service providers and consumers of prepaid

wireless telecommunications service in a manner consistent with this subsection (c) and subsection (f) of this Section. The Commission shall issue its order establishing the competitively neutral amount to be charged or assessed to subscribers of telecommunications carriers and wireless carriers, Interconnected VoIP service providers and purchasers of prepaid wireless telecommunications service on or prior to June 1 of each year, and such amount shall take effect June 1 of each year.

Telecommunications carriers, wireless carriers, Interconnected VoIP service providers, and sellers of prepaid wireless telecommunications service shall have 60 days from the date the Commission files its order to implement the new rate established by the order.

(d) The Commission shall determine and specify those organizations serving the needs of those persons having a hearing or speech disability that shall receive a telecommunications device and in which offices the equipment shall be installed in the case of an organization having more than one office. For the purposes of this Section, "organizations serving the needs of those persons with hearing or speech disabilities" means centers for independent living as described in Section 12a of the Disabled Persons Rehabilitation Act and not-for-profit organizations whose primary purpose is serving the needs of those persons with hearing or speech disabilities. The Commission shall direct the telecommunications carriers subject to its jurisdiction and this Section to comply with its determinations and specifications in this regard.

(e) As used in this Section:

"Prepaid wireless telecommunications service" has the meaning given to that term under Section 10 of the Prepaid Wireless 9-1-1 Surcharge Act.

"Retail transaction" has the meaning given to that term under Section 10 of the Prepaid Wireless 9-1-1 Surcharge Act.

"Seller" has the meaning given to that term under Section 10 of the Prepaid Wireless 9-1-1 Surcharge Act.

"Telecommunications carrier providing local exchange service" includes, without otherwise limiting the meaning of the term, telecommunications carriers which are purely mutual concerns, having no rates or charges for services, but paying the operating expenses by assessment upon the members of such a company and no other person.

New matter indicated by italics - deletions by strikeout
"Wireless carrier" has the meaning given to that term under Section 10 of the Wireless Emergency Telephone Safety Act.

(f) Interconnected VoIP service providers, sellers of prepaid wireless telecommunications service, and wireless carriers in Illinois shall collect and remit assessments determined in accordance with this Section in a competitively neutral manner in the same manner as a telecommunications carrier providing local exchange service. However, the assessment imposed on consumers of prepaid wireless telecommunications service shall be collected by the seller from the consumer and imposed per retail transaction as a percentage of that retail transaction on all retail transactions occurring in this State. The assessment on subscribers of wireless carriers and consumers of prepaid wireless telecommunications service shall not be imposed or collected prior to June 1, 2016.

Sellers of prepaid wireless telecommunications service shall remit the assessments to the Department of Revenue on the same form and in the same manner which they remit the fee collected under the Prepaid Wireless 9-1-1 Surcharge Act. For the purposes of display on the consumers' receipts, the rates of the fee collected under the Prepaid Wireless 9-1-1 Surcharge Act and the assessment under this Section may be combined. In administration and enforcement of this Section, the provisions of Sections 15 and 20 of the Prepaid Wireless 9-1-1 Surcharge Act (except subsections (a), (a-5), (b-5), (e), and (e-5) of Section 15 and subsections (c) and (e) of Section 20 of the Prepaid Wireless 9-1-1 Surcharge Act and, from the effective date of this amendatory Act of the 99th General Assembly, the seller shall be permitted to deduct and retain 3% of the assessments that are collected by the seller from consumers and that are remitted and timely filed with the Department) that are not inconsistent with this Section, shall apply, as far as practicable, to the subject matter of this Section to the same extent as if those provisions were included in this Section. The Department shall deposit all assessments and penalties collected under this Section into the Illinois Telecommunications Access Corporation Fund, a special fund created in the State treasury. On or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the amount available to the Commission for distribution out of the Illinois Telecommunications Access Corporation Fund. The amount certified shall be the amount (not including credit memoranda) collected during the second preceding calendar month by the Department, plus an amount the Department

determines is necessary to offset any amounts which were erroneously paid to a different taxing body or fund. The amount paid to the Illinois Telecommunications Access Corporation Fund shall not include any amount equal to the amount of refunds made during the second preceding calendar month by the Department to retailers under this Section or any amount that the Department determines is necessary to offset any amounts which were payable to a different taxing body or fund but were erroneously paid to the Illinois Telecommunications Access Corporation Fund. The Commission shall distribute all the funds to the Illinois Telecommunications Access Corporation and the funds may only be used in accordance with the provisions of this Section. The Department shall deduct 2% of all amounts deposited in the Illinois Telecommunications Access Corporation Fund during every year of remitted assessments. Of the 2% deducted by the Department, one-half shall be transferred into the Tax Compliance and Administration Fund to reimburse the Department for its direct costs of administering the collection and remittance of the assessment. The remaining one-half shall be transferred into the Public Utilities Fund to reimburse the Commission for its costs of distributing to the Illinois Telecommunications Access Corporation the amount certified by the Department for distribution. The amount to be charged or assessed under subsections (c) and (f) is not imposed on a provider or the consumer for wireless Lifeline service where the consumer does not pay the provider for the service. Where the consumer purchases from the provider optional minutes, texts, or other services in addition to the federally funded Lifeline benefit, a consumer must pay the charge or assessment, and it must be collected by the seller according to subsection (f).

Interconnected VoIP services shall not be considered an intrastate telecommunications service for the purposes of this Section in a manner inconsistent with federal law or Federal Communications Commission regulation.

(g) The provisions of this Section are severable under Section 1.31 of the Statute on Statutes.

(h) The Commission may adopt rules necessary to implement this Section.

The application shall include adequate assurance that the applicant possesses the financial, managerial, legal, and technical qualifications necessary to construct and operate the proposed system, to promptly repair any damage to the public right-of-way caused by the applicant, and to pay the cost of removal of its facilities. To accomplish these requirements, the applicant may, at the time the applicant seeks to use the public rights-of-way in that jurisdiction, be required by the State of Illinois or later be required by the local unit of government, or both, to post a bond, produce a certificate of insurance, or otherwise demonstrate its financial responsibility.

The Commission shall provide adequate protection for such information pursuant to Section 4-404 of this Act. If the Commission, a local unit of government, or any other party seeks public disclosure of information designated as confidential, the Commission shall consider the confidential designation in a proceeding under the Illinois Administrative Procedure Act, and the burden of proof to demonstrate that the designated information is confidential shall be upon the applicant. Designated information shall remain confidential pending the Commission's determination of whether the information is entitled to confidential

treatment. Information designated as confidential shall be provided to local units of government for purposes of assessing compliance with this Article as permitted under a Protective Order issued by the Commission pursuant to the Commission's rules and to the Attorney General pursuant to Section 6.5 of the Attorney General Act (15 ILCS 205/6.5). Information designated as confidential under this Section or determined to be confidential upon Commission review shall only be disclosed pursuant to a valid and enforceable subpoena or court order or as required by the Freedom of Information Act. Nothing herein shall delay the application approval timeframes set forth in this Article.

(2) Information regarding the location of video services that have been or are being offered to the public and aggregate information included in the reports required by this Article shall not be designated or treated as confidential.

(d)(1) The Commission shall post all applications it receives under this Article on its web site within 5 business days.

(2) The Commission shall notify an applicant for a cable service or video service authorization whether the applicant's application and affidavit are complete on or before the 15th business day after the applicant submits the application. If the application and affidavit are not complete, the Commission shall state in its notice all of the reasons the application or affidavit are incomplete, and the applicant shall resubmit a complete application. The Commission shall have 30 days after submission by the applicant of a complete application and affidavit to issue the service authorization. If the Commission does not notify the applicant regarding the completeness of the application and affidavit or issue the service authorization within the time periods required under this subsection, the application and affidavit shall be considered complete and the service authorization issued upon the expiration of the 30th day.

(e) Any authorization issued by the Commission will expire on December 31, 2020 and shall contain or include all of the following:

(1) A grant of authority, including an authorization issued prior to this amendatory Act of the 98th General Assembly, to provide cable service or video service in the service area footprint as requested in the application, subject to the provisions of this Article in existence on the date the grant of authority was issued, and any modifications to this Article enacted at any time prior to the date in Section 21-1601 of this Act, and to the laws of the State

and the ordinances, rules, and regulations of the local units of government.

(2) A grant of authority to use, occupy, and construct facilities in the public rights-of-way for the delivery of cable service or video service in the service area footprint, subject to the laws, ordinances, rules, or regulations of this State and local units of governments.

(3) A statement that the grant of authority is subject to lawful operation of the cable service or video service by the applicant, its affiliated entities, or its successors-in-interest.

(e-5) The Commission shall notify a local unit of government within 3 business days of the grant of any authorization within a service area footprint if that authorization includes any part of the local unit of government's jurisdictional boundaries and state whether the holder will be providing video service or cable service under the authorization.

(f) The authorization issued pursuant to this Section by the Commission may be transferred to any successor-in-interest to the applicant to which it is initially granted without further Commission action if the successor-in-interest (i) submits an application and the information required by subsection (b) of this Section for the successor-in-interest and (ii) is not in violation of this Article or of any federal, State, or local law, ordinance, rule, or regulation. A successor-in-interest shall file its application and notice of transfer with the Commission and the relevant local units of government no less than 15 business days prior to the completion of the transfer. The Commission is not required or authorized to act upon the notice of transfer; however, the transfer is not effective until the Commission approves the successor-in-interest's application. A local unit of government or the Attorney General may seek to bar a transfer of ownership by filing suit in a court of competent jurisdiction predicated on the existence of a material and continuing breach of this Article by the holder, a pattern of noncompliance with customer service standards by the potential successor-in-interest, or the insolvency of the potential successor-in-interest. If a transfer is made when there are violations of this Article or of any federal, State, or local law, ordinance, rule, or regulation, the successor-in-interest shall be subject to 3 times the penalties provided for in this Article.

(g) The authorization issued pursuant to this Section 21-401 of this Article by the Commission may be terminated, or its cable service or video service area footprint may be modified, by the cable service provider or

New matter indicated by italics - deletions by strikeout
video service provider by submitting notice to the Commission and to the relevant local unit of government containing a description of the change on the same terms as the initial description pursuant to item (4) of subsection (b) of this Section. The Commission is not required or authorized to act upon that notice. It shall be a violation of this Article for a holder to discriminate against potential residential subscribers because of the race or income of the residents in the local area in which the group resides by terminating or modifying its cable service or video service area footprint. It shall be a violation of this Article for a holder to terminate or modify its cable service or video service area footprint if it leaves an area with no cable service or video service from any provider.

(h) The Commission's authority to administer this Article is limited to the powers and duties explicitly provided under this Article. Its authority under this Article does not include or limit the powers and duties that the Commission has under the other Articles of this Act, the Illinois Administrative Procedure Act, or any other law or regulation to conduct proceedings, other than as provided in subsection (c), or has to promulgate rules or regulations. The Commission shall not have the authority to limit or expand the obligations and requirements provided in this Section or to regulate or control a person or entity to the extent that person or entity is providing cable service or video service, except as provided in this Article.

provided to the local unit of government pursuant to item (6) of subsection
(b) of Section 21-401 of this Act. The fee authorized by this Section shall

paid on the date it is postmarked. Except as provided in this Article, the

from the holder and may not demand the use of any other calculation
method other than allowed under this Article.

(c) For purposes of this Article, "gross revenues" means all
consideration of any kind or nature, including, without limitation, cash,
credits, property, and in-kind contributions received by the holder for the
operation of a cable or video system to provide cable service or video

       to service order and service termination charges.

   (vi) Late payment fees or charges, insufficient funds
       check charges, and other charges assessed to recover the
       costs of collecting delinquent payments.

arrangements for advertising or for promotion or exhibition of any products or services derived from the operation of the holder's network to provide cable service or video service within the local unit of government's jurisdiction. The allocation shall be based on the number of subscribers in the local unit of government divided by the total number of subscribers in relation to the relevant regional or national compensation arrangement.

(viii) Compensation received by the holder that is derived from the operation of the holder's network to provide cable service or video service with respect to commissions that are received by the holder as compensation for promotion or exhibition of any products or services on the holder's network, such as a "home shopping" or similar channel, subject to item (ix) of this paragraph (1).

(ix) In the case of a cable service or video service that is bundled or integrated functionally with other services, capabilities, or applications, the portion of the holder's revenue attributable to the other services, capabilities, or applications shall be included in gross revenue unless the holder can reasonably identify the division or exclusion of the revenue from its books and records that are kept in the regular course of business.

(x) The service provider fee permitted by subsection (b) of this Section.

(2) Gross revenues do not include any of the following:

(i) Revenues not actually received, even if billed, such as bad debt, subject to item (vi) of paragraph (1) of this subsection (c).

(ii) Refunds, discounts, or other price adjustments that reduce the amount of gross revenues received by the holder of the State-issued authorization to the extent the refund, rebate, credit, or discount is attributable to cable service or video service.

(iii) Regardless of whether the services are bundled, packaged, or functionally integrated with cable service or video service, any revenues received from services not classified as cable service or video service, including,
without limitation, revenue received from telecommunications services, information services, or the provision of directory or Internet advertising, including yellow pages, white pages, banner advertisement, and electronic publishing, or any other revenues attributed by the holder to noncable service or nonvideo service in accordance with the holder's books and records and records kept in the regular course of business and any applicable laws, rules, regulations, standards, or orders.

(iv) The sale of cable services or video services for resale in which the purchaser is required to collect the service provider fee from the purchaser's subscribers to the extent the purchaser certifies in writing that it will resell the service within the local unit of government's jurisdiction and pay the fee permitted by subsection (b) of this Section with respect to the service.

(v) Any tax or fee of general applicability imposed upon the subscribers or the transaction by a city, State, federal, or any other governmental entity and collected by the holder of the State-issued authorization and required to be remitted to the taxing entity, including sales and use taxes.

(vi) Security deposits collected from subscribers.

(vii) Amounts paid by subscribers to "home shopping" or similar vendors for merchandise sold through any home shopping channel offered as part of the cable service or video service.

(3) Revenue of an affiliate of a holder shall be included in the calculation of gross revenues to the extent the treatment of the revenue as revenue of the affiliate rather than the holder has the effect of evading the payment of the fee permitted by subsection (b) of this Section which would otherwise be paid by the cable service or video service.

(d)(1) Except for a holder providing cable service that is subject to the fee in subsection (i) of this Section, the holder shall pay to the local unit of government or the entity designated by that local unit of government to manage public, education, and government access, upon request as support for public, education, and government access, a fee equal to no less than (i) 1% of gross revenues or (ii) if greater, the
percentage of gross revenues that incumbent cable operators pay to the local unit of government or its designee for public, education, and government access support in the local unit of government's jurisdiction. For purposes of item (ii) of paragraph (1) of this subsection (d), the percentage of gross revenues that all incumbent cable operators pay shall be equal to the annual sum of the payments that incumbent cable operators in the service area are obligated to pay by franchises and agreements or by contracts with the local government designee for public, education and government access in effect on January 1, 2007, including the total of any lump sum payments required to be made over the term of each franchise or agreement divided by the number of years of the applicable term, divided by the annual sum of such incumbent cable operator's or operators' gross revenues during the immediately prior calendar year. The sum of payments includes any payments that an incumbent cable operator is required to pay pursuant to item (3) of subsection (c) of Section 21-301.

(2) A local unit of government may require all holders of a State-issued authorization and all cable operators franchised by that local unit of government on June 30, 2007 (the effective date of this Section) in the franchise area to provide to the local unit of government, or to the entity designated by that local unit of government to manage public, education, and government access, information sufficient to calculate the public, education, and government access equivalent fee and any credits under paragraph (1) of this subsection (d).

(3) The fee shall be due on a quarterly basis and paid 45 days after the close of the calendar quarter. Each payment shall include a statement explaining the basis for the calculation of the fee. If mailed, the fee is considered paid on the date it is postmarked. The liability of the holder for payment of the fee under this subsection shall commence on the same date as the payment of the service provider fee pursuant to subsection (b) of this Section.

(e) The holder may identify and collect the amount of the service provider fee as a separate line item on the regular bill of each subscriber.

(f) The holder may identify and collect the amount of the public, education, and government programming support fee as a separate line item on the regular bill of each subscriber.

(g) All determinations and computations under this Section shall be made pursuant to the definition of gross revenues set forth in this Section and shall be made pursuant to generally accepted accounting principles.
(h) Nothing contained in this Article shall be construed to exempt a holder from any tax that is or may later be imposed by the local unit of government, including any tax that is or may later be required to be paid by or through the holder with respect to cable service or video service. A State-issued authorization shall not affect any requirement of the holder with respect to payment of the local unit of government's simplified municipal telecommunications tax or any other tax as it applies to any telephone service provided by the holder. A State-issued authorization shall not affect any requirement of the holder with respect to payment of the local unit of government's 911 or E911 fees, taxes, or charges.

(i) Except for a municipality having a population of 2,000,000 or more, the fee imposed under paragraph (1) of subsection (d) by a local unit of government against a holder who is a cable operator shall be as follows:

(1) the fee shall be collected and paid only for capital costs that are considered lawful under Subchapter VI of the federal Communications Act of 1934, as amended, and as implemented by the Federal Communications Commission;

(2) the local unit of government shall impose any fee by ordinance; and

(3) the fee may not exceed 1% of gross revenue; if, however, on the date that an incumbent cable operator files an application under Section 21-401, the incumbent cable operator is operating under a franchise agreement that imposes a fee for support for capital costs for public, education, and government access facilities obligations in excess of 1% of gross revenue, then the cable operator shall continue to provide support for capital costs for public, education, and government access facilities obligations at the rate stated in such agreement.

Sec. 21-901. Audits.

(a) A holder that has received State-issued authorization under this Article is subject to an audit of its service provider fees derived from the provision of cable or video services to subscribers within any part of the local unit of government which is located in the holder's service territory. Any such audit shall be conducted by the local unit of government or its agent for the sole purpose of determining any overpayment or

underpayment of the holder's service provider fee to the local unit of government. Upon receiving notice under item (4) of subsection (e) of Section 21-401 of this Act that a holder has received State-issued authorization under this Article, a local unit of government shall notify the holder of the requirements it imposes on other cable service or video service providers in its jurisdiction to submit to an audit of its books and records. The holder shall comply with the same requirements the local unit of government imposes on other cable service or video service providers in its jurisdiction to audit the holder's books and records and to recompute any amounts determined to be payable under the requirements of the local unit of government. If all local franchises between the local unit of government and a cable operator terminate, the audit requirements shall be those adopted by the local government pursuant to the Local Government Taxpayers' Bill of Rights Act. No acceptance of amounts remitted should be construed as an accord that the amounts are correct.

(b) Beginning on or after the effective date of this amendatory Act of the 99th General Assembly, any audit conducted pursuant to this Section by a local government shall be governed by Section 11-42-11.05 of the Illinois Municipal Code or Section 5-1095.1 of the Counties Code. Any additional amount due after an audit shall be paid within 30 days after the local unit of government's submission of an invoice for the sum.

(Section scheduled to be repealed on July 1, 2015)
Sec. 21-1001. Local unit of government authority.

(a) The holder of a State-issued authorization shall comply with all the applicable construction and technical standards and right-of-way occupancy standards set forth in a local unit of government's code of ordinances relating to the use of public rights-of-way, pole attachments, permit obligations, indemnification, performance bonds, penalties, or liquidated damages. The applicable requirements for a holder that is using its existing telecommunications network or constructing a telecommunications network shall be the same requirements that the local unit of government imposes on telecommunications providers in its jurisdiction. The applicable requirements for a holder that is using or constructing a cable system shall be the same requirements the local unit of government imposes on other cable operators in its jurisdiction.

(b) A local unit of government shall allow the holder to install, construct, operate, maintain, and remove a cable service, video service, or
telecommunications network within a public right-of-way and shall provide the holder with open, comparable, nondiscriminatory, and competitively neutral access to the public right-of-way on the same terms applicable to other cable service or video service providers or cable operators in its jurisdiction. Notwithstanding any other provisions of law, if a local unit of government is permitted by law to require the holder of a State authorization to seek a permit to install, construct, operate, maintain, or remove its cable service, video service, or telecommunications network within a public right-of-way, those permits shall be deemed granted within 45 days after being submitted, if not otherwise acted upon by the local unit of government, provided the holder complies with the requirements applicable to the holder in its jurisdiction.

(c) A local unit of government may impose reasonable terms, but it may not discriminate against the holder with respect to any of the following:

(1) The authorization or placement of a cable service, video service, or telecommunications network or equipment in public rights-of-way.
(2) Access to a building.
(3) A local unit of government utility pole attachment.

(d) If a local unit of government imposes a permit fee on incumbent cable operators, it may impose a permit fee on the holder only to the extent it imposes such a fee on incumbent cable operators. In all other cases, these fees may not exceed the actual, direct costs incurred by the local unit of government for issuing the relevant permit. In no event may a fee under this Section be levied if the holder already has paid a permit fee of any kind in connection with the same activity that would otherwise be covered by the permit fee under this Section provided no additional equipment, work, function, or other burden is added to the existing activity for which the permit was issued.

(e) Nothing in this Article shall affect the rights that any holder has under Section 4 of the Telephone Line Right of Way Act (220 ILCS 65/4).

(f) In addition to the other requirements in this Section, if the holder installs, upgrades, constructs, operates, maintains, and removes facilities or equipment within a public right-of-way to provide cable service or video service, it shall comply with the following:

(1) The holder must locate its equipment in the right-of-way as to cause only minimum interference with the use of streets,
alleys, and other public ways and places, and to cause only
minimum impact upon and interference with the rights and
reasonable convenience of property owners who adjoin any of the
said streets, alleys, or other public ways. No fixtures shall be
placed in any public ways in such a manner to interfere with the
usual travel on such public ways, nor shall such fixtures or
equipment limit the visibility of vehicular or pedestrian traffic, or
both.

(2) The holder shall comply with a local unit of
government's reasonable requests to place equipment on public
property where possible and promptly comply with local unit of
government direction with respect to the location and screening of
equipment and facilities. In constructing or upgrading its cable or
video network in the right-of-way, the holder shall use the smallest
suitable equipment enclosures and power pedestals and cabinets
then in use by the holder for the application.

(3) The holder's construction practices shall be in
accordance with all applicable Sections of the Occupational Safety
and Health Act of 1970, as amended, as well as all applicable State
laws, including the Civil Administrative Code of Illinois, and local
codes, where applicable, as adopted by the local unit of
government. All installation of electronic equipment shall be of a
permanent nature, durable, and, where applicable, installed in
accordance with the provisions of the National Electrical Safety
Code of the National Bureau of Standards and National Electrical
Code of the National Board of Fire Underwriters.

(4) The holder shall not interfere with the local unit of
government's performance of public works. Nothing in the State-
issued authorization shall be in preference or hindrance to the right
of the local unit of government to perform or carry on any public
works or public improvements of any kind. The holder expressly
agrees that it shall, at its own expense, protect, support, temporarily
disconnect, relocate in the same street or other public place, or
remove from such street or other public place any of the network,
system, facilities, or equipment when required to do so by the local
unit of government because of necessary public health, safety, and
welfare improvements. In the event a holder and other users of a
public right-of-way, including incumbent cable operators or
utilities, are required to relocate and compensation is paid to the

New matter indicated by italics - deletions by strikeout
users of such public right-of-way, such parties shall be treated equally with respect to such compensation.

(5) The holder shall comply with all local units of government inspection requirements. The making of post-construction, subsequent or periodic inspections, or both, or the failure to do so shall not operate to relieve the holder of any responsibility, obligation, or liability.

(6) The holder shall maintain insurance or provide evidence of self insurance as required by an applicable ordinance of the local unit of government.

(7) The holder shall reimburse all reasonable make-ready expenses, including aerial and underground installation expenses requested by the holder to the local unit of government within 30 days of billing to the holder, provided that such charges shall be at the same rates as charges to others for the same or similar services.

(8) The holder shall indemnify and hold harmless the local unit of government and all boards, officers, employees, and representatives thereof from all claims, demands, causes of action, liability, judgments, costs and expenses, or losses for injury or death to persons or damage to property owned by, and Worker's Compensation claims against any parties indemnified herein, arising out of, caused by, or as a result of the holder's construction, lines, cable, erection, maintenance, use or presence of, or removal of any poles, wires, conduit, appurtenances thereto, or equipment or attachments thereto. The holder, however, shall not indemnify the local unit of government for any liabilities, damages, cost, and expense resulting from the willful misconduct, or negligence of the local unit of government, its officers, employees, and agents. The obligations imposed pursuant to this Section by a local unit of government shall be competitively neutral.

(9) The holder, upon request, shall provide the local unit of government with information describing the location of the cable service or video service facilities and equipment located in the unit of local government's rights-of-way pursuant to its State-issued authorization. If designated by the holder as confidential, such information provided pursuant to this subsection shall be exempt from inspection and copying under the Illinois Freedom of Information Act pursuant to the exemption provided for under provision (mm) of item (1) of Section 7 of the Freedom of Information Act.
Information Act and any other present or future exemptions applicable to such information and shall not be disclosed by the unit of local government to any third party without the written consent of the holder.

ARTICLE II

Section 2-1. The Department of Central Management Services Law of the Civil Administrative Code of Illinois is amended by changing Section 405-270 as follows:

(20 ILCS 405/405-270) (was 20 ILCS 405/67.18)

Sec. 405-270. Communications services. To provide for and coordinate communications services for State agencies and, when requested and when in the best interests of the State, for units of federal or local governments and public and not-for-profit institutions of primary, secondary, and higher education. The Department may make use of its satellite uplink available to interested parties not associated with State government provided that State government usage shall have first priority. For this purpose the Department shall have the power and duty to do all of the following:

(1) Provide for and control the procurement, retention, installation, and maintenance of communications equipment or services used by State agencies in the interest of efficiency and economy.

(2) Establish standards by January 1, 1989 for communications services for State agencies which shall include a minimum of one telecommunication device for the deaf installed and operational within each State agency, to provide public access to agency information for those persons who are hearing or speech impaired. The Department shall consult the Department of Human Services to develop standards and implementation for this equipment.

(3) Establish charges (i) for communication services for State agencies and, when requested, for units of federal or local government and public and not-for-profit institutions of primary,
secondary, or higher education and (ii) for use of the Department's satellite uplink by parties not associated with State government. Entities charged for these services shall reimburse the Department.

(4) Instruct all State agencies to report their usage of communication services regularly to the Department in the manner the Director may prescribe.

(5) Analyze the present and future aims and needs of all State agencies in the area of communications services and plan to serve those aims and needs in the most effective and efficient manner.

(6) Provide services, including, but not limited to, telecommunications, video recording, satellite uplink, public information, and other communications services.

(7) Establish the administrative organization within the Department that is required to accomplish the purpose of this Section.

The Department is authorized to conduct a study for the purpose of determining technical, engineering, and management specifications for the networking, compatible connection, or shared use of existing and future public and private owned television broadcast and reception facilities, including but not limited to terrestrial microwave, fiber optic, and satellite, for broadcast and reception of educational, governmental, and business programs, and to implement those specifications.

However, the Department may not control or interfere with the input of content into the telecommunications systems by the several State agencies or units of federal or local government, or public or not-for-profit institutions of primary, secondary, and higher education, or users of the Department's satellite uplink.

As used in this Section, the term "State agencies" means all departments, officers, commissions, boards, institutions, and bodies politic and corporate of the State except (i) the judicial branch, including, without limitation, the several courts of the State, the offices of the clerk of the supreme court and the clerks of the appellate court, and the Administrative Office of the Illinois Courts and (ii) the General Assembly, legislative service agencies, and all officers of the General Assembly.

This Section does not apply to the procurement of Next Generation 9-1-1 service as governed by Section 15.6b of the Emergency Telephone System Act.

The notice shall include the text of the emergency rule and shall be published in the Illinois Register. The agency's finding and a statement of the specific reasons for the finding shall be filed with the rule. The agency shall take reasonable and appropriate measures to make emergency rules known to the persons who may be affected by them.

Sec. 45. Wireless Carrier Reimbursement Fund.

(a) A special fund in the State treasury known as the Wireless Carrier Reimbursement Fund, which was created previously under Section 30 of the Wireless Emergency Telephone Safety Act, shall continue in existence without interruption notwithstanding the repeal of that Act. Moneys in the Wireless Carrier Reimbursement Fund may be used, subject to appropriation, only (i) to reimburse wireless carriers for all of their costs incurred in complying with the applicable provisions of Federal Communications Commission wireless enhanced 9-1-1 service mandates, and (ii) to pay the reasonable and necessary costs of the Illinois Commerce Commission in exercising its rights, duties, powers, and functions under this Act. This reimbursement to wireless carriers may include, but need not be limited to, the cost of designing, upgrading, purchasing, leasing, programming, installing, testing, and maintaining necessary data, hardware, and software and associated operating and administrative costs and overhead.

(c) If in any month the total amount of invoices submitted to the Illinois Commerce Commission and approved for payment exceeds the amount available in the Wireless Carrier Reimbursement Fund, wireless carriers
carriers that have invoices approved for payment shall receive a pro-rata share of the amount available in the Wireless Carrier Reimbursement Fund based on the relative amount of their approved invoices available that month, and the balance of the payments shall be carried into the following months until all of the approved payments are made.

(d) A wireless carrier may not receive payment from the Wireless Carrier Reimbursement Fund for its costs of providing wireless enhanced 9-1-1 services in an area when a unit of local government or emergency telephone system board provides wireless 9-1-1 services in that area and was imposing and collecting a wireless carrier surcharge prior to July 1, 1998.

(e) The Illinois Commerce Commission shall maintain detailed records of all receipts and disbursements and shall provide an annual accounting of all receipts and disbursements to the Auditor General.

(f) The Illinois Commerce Commission must annually review the balance in the Wireless Carrier Reimbursement Fund as of June 30 of each year and shall direct the Comptroller to transfer into the Statewide 9-1-1 Fund for distribution in accordance with subsection (b) of Section 30 of this Act any amount in excess of outstanding invoices as of June 30 of each year.

The Auditor General shall commence the audit as soon as possible and distribute the report upon completion in accordance with Section 3-14 of the Illinois State Auditing Act.

(50 ILCS 750/55 new)

Sec. 55. Public disclosure. Because of the highly competitive nature of the wireless telephone industry, public disclosure of information about surcharge moneys paid by wireless carriers could have the effect of stifling competition to the detriment of the public and the delivery of wireless 9-1-1 services. Therefore, the Illinois Commerce Commission, the Department of State Police, governmental agencies, and individuals with access to that information shall take appropriate steps to prevent public disclosure of this information. Information and data supporting the amount and distribution of surcharge moneys collected and remitted by an individual wireless carrier shall be deemed exempt information for purposes of the Freedom of Information Act and shall not be publicly disclosed. The gross amount paid by all carriers shall not be deemed exempt and may be publicly disclosed.

Sec. 60. Interconnected VoIP providers. Interconnected VoIP providers in Illinois shall be subject in a competitively neutral manner to the same provisions of this Act as are provided for telecommunications carriers. ARTICLE III

Section 3-99. Effective date. This Act takes effect upon becoming law, except that Article II of this Act takes effect on January 1, 2016.

Approved June 29, 2015.
Effective June 29, 2015.

June 30, 2015

To the Honorable Members of
The Illinois House of Representatives,
99th General Assembly:

Today I approve House Bill 4166 from the 99th General Assembly, which re-appropriates funds for previously approved road construction and other capital projects, except for certain vetoed items identified below.

Continued investment in our public infrastructure is critical to economic development. We must maintain the infrastructure that has made Illinois a major transportation hub for the world economy. This bill enhances mobility, helps to maintain our State’s competitive advantage, and supports construction and permanent jobs across Illinois.

Our taxpayer dollars, however, could go further. We need truly competitive bidding to maximize the value of our resources, particularly during this time of fiscal crisis. State laws like the Prevailing Wage Act and the Project Labor Agreements Act are barriers to entry and inflate construction prices. We need to reform the way we spend taxpayer dollars in order to deliver the most value to our residents and businesses.

New matter indicated by italics - deletions by strikeout
We must also ensure that our limited taxpayer dollars are spent wisely, and that we prioritize funds for critical deferred maintenance. In light of the General Assembly’s unbalanced budget and the need for additional savings, I am vetoing earmarks, including Capitol building renovations, in order to make those funds available for other priorities.

Therefore, pursuant to Section 9(d) of Article IV of the Illinois Constitution of 1970, I hereby veto and return the following items of appropriations in House Bill 4166, entitled “AN ACT making appropriations”:

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

ARTICLE 5. RETIREMENT CONTRIBUTIONS
Section 5-5. The State Finance Act is amended by changing Sections 8.12 and 14.1 as follows:

(30 ILCS 105/8.12) (from Ch. 127, par. 144.12)

(a) The moneys in the State Pensions Fund shall be used exclusively for the administration of the Uniform Disposition of Unclaimed Property Act and for the expenses incurred by the Auditor General for administering the provisions of Section 2-8.1 of the Illinois State Auditing Act and for the funding of the unfunded liabilities of the designated retirement systems. Beginning in State fiscal year 2016, payments to the designated retirement systems under this Section shall be in addition to, and not in lieu of, any State contributions required under the Illinois Pension Code.

"Designated retirement systems" means:

(1) the State Employees' Retirement System of Illinois;
(2) the Teachers' Retirement System of the State of Illinois;
(3) the State Universities Retirement System;
(4) the Judges Retirement System of Illinois; and
(5) the General Assembly Retirement System.

(b) Each year the General Assembly may make appropriations from the State Pensions Fund for the administration of the Uniform Disposition of Unclaimed Property Act.

Each month, the Commissioner of the Office of Banks and Real Estate shall certify to the State Treasurer the actual expenditures that the Office of Banks and Real Estate incurred conducting unclaimed property examinations under the Uniform Disposition of Unclaimed Property Act during the immediately preceding month. Within a reasonable time following the acceptance of such certification by the State Treasurer, the State Treasurer shall pay from its appropriation from the State Pensions Fund to the Bank and Trust Company Fund, the Savings Bank Regulatory

Fund, and the Residential Finance Regulatory Fund an amount equal to the expenditures incurred by each Fund for that month.

Each month, the Director of Financial Institutions shall certify to the State Treasurer the actual expenditures that the Department of Financial Institutions incurred conducting unclaimed property examinations under the Uniform Disposition of Unclaimed Property Act during the immediately preceding month. Within a reasonable time following the acceptance of such certification by the State Treasurer, the State Treasurer shall pay from its appropriation from the State Pensions Fund to the Financial Institution Fund and the Credit Union Fund an amount equal to the expenditures incurred by each Fund for that month.

(c) As soon as possible after the effective date of this amendatory Act of the 93rd General Assembly, the General Assembly shall appropriate from the State Pensions Fund (1) to the State Universities Retirement System the amount certified under Section 15-165 during the prior year, (2) to the Judges Retirement System of Illinois the amount certified under Section 18-140 during the prior year, and (3) to the General Assembly Retirement System the amount certified under Section 2-134 during the prior year as part of the required State contributions to each of those designated retirement systems; except that amounts appropriated under this subsection (c) in State fiscal year 2005 shall not reduce the amount in the State Pensions Fund below $5,000,000. If the amount in the State Pensions Fund does not exceed the sum of the amounts certified in Sections 15-165, 18-140, and 2-134 by at least $5,000,000, the amount paid to each designated retirement system under this subsection shall be reduced in proportion to the amount certified by each of those designated retirement systems.

(c-5) For fiscal years 2006 through 2015, the General Assembly shall appropriate from the State Pensions Fund to the State Universities Retirement System the amount estimated to be available during the fiscal year in the State Pensions Fund; provided, however, that the amounts appropriated under this subsection (c-5) shall not reduce the amount in the State Pensions Fund below $5,000,000.

(c-6) For fiscal year 2017 and each fiscal year thereafter, as soon as may be practical after any money is deposited into the State Pensions Fund from the Unclaimed Property Trust Fund, the State Treasurer shall apportion the deposited amount among the designated retirement systems as defined in subsection (a) to reduce their actuarial reserve deficiencies. The State Comptroller and State Treasurer shall pay

the apportioned amounts to the designated retirement systems to fund the unfunded liabilities of the designated retirement systems. The amount apportioned to each designated retirement system shall constitute a portion of the amount estimated to be available for appropriation from the State Pensions Fund that is the same as that retirement system's portion of the total actual reserve deficiency of the systems, as determined annually by the Governor's Office of Management and Budget at the request of the State Treasurer. The amounts apportioned under this subsection shall not reduce the amount in the State Pensions Fund below $5,000,000.

(d) The Governor's Office of Management and Budget shall determine the individual and total reserve deficiencies of the designated retirement systems. For this purpose, the Governor's Office of Management and Budget shall utilize the latest available audit and actuarial reports of each of the retirement systems and the relevant reports and statistics of the Public Employee Pension Fund Division of the Department of Insurance.

(d-1) As soon as practicable after the effective date of this amendatory Act of the 93rd General Assembly, the Comptroller shall direct and the Treasurer shall transfer from the State Pensions Fund to the General Revenue Fund, as funds become available, a sum equal to the amounts that would have been paid from the State Pensions Fund to the Teachers' Retirement System of the State of Illinois, the State Universities Retirement System, the Judges Retirement System of Illinois, the General Assembly Retirement System, and the State Employees' Retirement System of Illinois after the effective date of this amendatory Act during the remainder of fiscal year 2004 to the designated retirement systems from the appropriations provided for in this Section if the transfers provided in Section 6z-61 had not occurred. The transfers described in this subsection (d-1) are to partially repay the General Revenue Fund for the costs associated with the bonds used to fund the moneys transferred to the designated retirement systems under Section 6z-61.

(e) The changes to this Section made by this amendatory Act of 1994 shall first apply to distributions from the Fund for State fiscal year 1996.

For fiscal year 2010 only, no payment from appropriations for State contributions shall be made in conjunction with payment of salary to an employee under the personal services line item from the General Revenue Fund.

(a-3) For fiscal year 2011 only, at the time of each payment of salary to an employee under the personal services line item from a fund other than the General Revenue Fund, payment shall be made for deposit into the State Employees' Retirement System of Illinois from the amount appropriated for State contributions to the State Employees' Retirement System of Illinois of an amount calculated at the rate certified for fiscal year 2011 by the Board of Trustees of the State Employees' Retirement System of Illinois under Section 14-135.08 of the Illinois Pension Code. corresponding payment of State contributions to that retirement system at the full rate certified under Section 14-135.08 for that fiscal year for eligible employees, unless the balance in the fund on which the payroll voucher is drawn is insufficient to pay the total payroll voucher, or unavailable due to any limitation on appropriations that may apply, including, but not limited to, limitations on appropriations from the Road Fund under Section 8.3 of the State Finance Act. If the State Comptroller approves a payroll voucher under this Section for which the fund balance is insufficient to pay the full amount of the required State contribution to the State Employees' Retirement System, the Comptroller shall promptly so notify the Retirement System.

(b-1) For fiscal year 2010 and fiscal year 2011 only, the State Comptroller shall not approve for payment any non-General Revenue Fund payroll voucher that (1) includes payments of salary to eligible employees in the State Employees' Retirement System of Illinois and (2) does not include the corresponding payment of State contributions to that retirement system at the full rate certified under Section 14-135.08 for that fiscal year for eligible employees, unless the balance in the fund on which the payroll voucher is drawn is insufficient to pay the total payroll voucher, or unavailable due to any limitation on appropriations that may apply, including, but not limited to, limitations on appropriations from the Road Fund under Section 8.3 of the State Finance Act. If the State Comptroller approves a payroll voucher under this Section for which the fund balance is insufficient to pay the full amount of the required State contribution to the State Employees' Retirement System of Illinois, the Comptroller shall promptly so notify the retirement system.

(c) Notwithstanding any other provisions of law, beginning July 1, 2007, required State and employee contributions to the State Employees' Retirement System of Illinois relating to affected legislative staff employees shall be paid out of moneys appropriated for that purpose to the Commission on Government Forecasting and Accountability, rather than out of the lump-sum appropriations otherwise made for the payroll and other costs of those employees.

These payments must be made pursuant to payroll vouchers submitted by the employing entity as part of the regular payroll voucher process.

For the purpose of this subsection, "affected legislative staff employees" means legislative staff employees paid out of lump-sum appropriations made to the General Assembly, an Officer of the General Assembly, or a legislative committee.

Sec. 3-125. Financing.
(a) The city council or the board of trustees of the municipality shall annually levy a tax upon all the taxable property of the municipality at the rate on the dollar which will produce an amount which, when added to the deductions from the salaries or wages of police officers, and revenues available from other sources, will equal a sum sufficient to meet the annual requirements of the police pension fund. In making these determinations, the required minimum employer contribution shall be calculated each year as a level percentage of payroll over the years remaining up to and including fiscal year 2040 and shall be determined under the projected unit credit actuarial cost method. The tax shall be levied and collected in the same manner as the general taxes of the municipality, and in addition to all other taxes now or hereafter authorized to be levied upon all property within the municipality, and shall be in addition to the amount authorized to be levied for general purposes as provided by Section 8-3-1 of the Illinois Municipal Code, approved May 29, 1961, as amended. Sec. 14-131. Contributions by State.

(a) The State shall make contributions to the System by appropriations of amounts which, together with other employer contributions from trust, federal, and other funds, employee contributions, investment income, and other income, will be sufficient to meet the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.

For the purposes of this Section and Section 14-135.08, references to State contributions refer only to employer contributions and do not include employee contributions that are picked up or otherwise paid by the State or a department on behalf of the employee.

(b) The Board shall determine the total amount of State contributions required for each fiscal year on the basis of the actuarial

New matter indicated by italics - deletions by strikeout
The Board shall also determine a State contribution rate for each fiscal year, expressed as a percentage of payroll, based on the total required State contribution for that fiscal year (less the amount received by the System from appropriations under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act, if any, for the fiscal year ending on the June 30 immediately preceding the applicable November 15 certification deadline), the estimated payroll (including all forms of compensation) for personal services rendered by eligible employees, and the recommendations of the actuary.

For the purposes of this Section and Section 14.1 of the State Finance Act, the term "eligible employees" includes employees who participate in the System, persons who may elect to participate in the System but have not so elected, persons who are serving a qualifying period that is required for participation, and annuitants employed by a department as described in subdivision (a)(1) or (a)(2) of Section 14-111.

(c) Contributions shall be made by the several departments for each pay period by warrants drawn by the State Comptroller against their respective funds or appropriations based upon vouchers stating the amount to be so contributed. These amounts shall be based on the full rate certified by the Board under Section 14-135.08 for that fiscal year. From the effective date of this amendatory Act of the 93rd General Assembly through the payment of the final payroll from fiscal year 2004 appropriations, the several departments shall not make contributions for the remainder of fiscal year 2004 but shall instead make payments as required under subsection (a-1) of Section 14.1 of the State Finance Act. The several departments shall resume those contributions at the commencement of fiscal year 2005.

(c-1) Notwithstanding subsection (c) of this Section, for fiscal years 2010, 2012, 2013, 2014, and 2015 only, contributions by the several departments are not required to be made for General Revenue Funds payrolls processed by the Comptroller. Payrolls paid by the several departments from all other State funds must continue to be processed pursuant to subsection (c) of this Section.

(c-2) For State fiscal years 2010, 2012, 2013, 2014, and 2015 only, on or as soon as possible after the 15th day of each month, the Board shall submit vouchers for payment of State contributions to the
System, in a total monthly amount of one-twelfth of the fiscal year General Revenue Fund contribution as certified by the System pursuant to Section 14-135.08 of the Illinois Pension Code.

(d) If an employee is paid from trust funds or federal funds, the department or other employer shall pay employer contributions from those funds to the System at the certified rate, unless the terms of the trust or the federal-State agreement preclude the use of the funds for that purpose, in which case the required employer contributions shall be paid by the State. From the effective date of this amendatory Act of the 93rd General Assembly through the payment of the final payroll from fiscal year 2004 appropriations, the department or other employer shall not pay contributions for the remainder of fiscal year 2004 but shall instead make payments as required under subsection (a-1) of Section 14.1 of the State Finance Act. The department or other employer shall resume payment of contributions at the commencement of fiscal year 2005.

(e) For State fiscal years 2012 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section; except that (i) for State fiscal year 1998, for all purposes of this Code and any other law of this State, the certified percentage of the applicable employee payroll shall be 5.052% for employees earning eligible creditable service under Section 14-110 and 6.500% for all other employees, notwithstanding any contrary certification made under Section 14-135.08 before the effective date of this amendatory Act of 1997, and (ii) in the following specified State fiscal years, the State contribution to the System shall not be less than the following indicated percentages of the applicable employee payroll, even if the indicated percentage will produce a State contribution in excess of the amount otherwise required under this subsection and

Notwithstanding any other provision of this Article, the total required State General Revenue Fund contribution for State fiscal year 2010 is $723,703,100 and shall be made from the proceeds of bonds sold in fiscal year 2010 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2010, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Notwithstanding any other provision of this Article, the total required State General Revenue Fund contribution for State fiscal year 2011 is the amount recertified by the System on or before April 1, 2011 pursuant to Section 14-135.08 and shall be made from the proceeds of bonds sold in fiscal year 2011 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2011, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 90%. A reference in this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under Section 14-135.08, shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued in fiscal year 2003 for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued in fiscal year 2003 for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(f) After the submission of all payments for eligible employees from personal services line items in fiscal year 2004 have been made, the Comptroller shall provide to the System a certification of the sum of all fiscal year 2004 expenditures for personal services that would have been covered by payments to the System under this Section if the provisions of this amendatory Act of the 93rd General Assembly had not been enacted. Upon receipt of the certification, the System shall determine the amount due to the System based on the full rate certified by the Board under Section 14-135.08 for fiscal year 2004 in order to meet the State's obligation under this Section. The System shall compare this amount due to the amount received by the System in fiscal year 2004 through payments

under this Section and under Section 6z-61 of the State Finance Act. If the
amount due is more than the amount received, the difference shall be
termed the "Fiscal Year 2004 Shortfall" for purposes of this Section, and
the Fiscal Year 2004 Shortfall shall be satisfied under Section 1.2 of the
State Pension Funds Continuing Appropriation Act. If the amount due is
less than the amount received, the difference shall be termed the "Fiscal
Year 2004 Overpayment" for purposes of this Section, and the Fiscal Year
2004 Overpayment shall be repaid by the System to the Pension
Contribution Fund as soon as practicable after the certification.

(g) For purposes of determining the required State contribution to
the System, the value of the System's assets shall be equal to the actuarial
value of the System's assets, which shall be calculated as follows:

As of June 30, 2008, the actuarial value of the System's assets shall
be equal to the market value of the assets as of that date. In determining
the actuarial value of the System's assets for fiscal years after June 30,
2008, any actuarial gains or losses from investment return incurred in a
fiscal year shall be recognized in equal annual amounts over the 5-year
period following that fiscal year.

(h) For purposes of determining the required State contribution to
the System for a particular year, the actuarial value of assets shall be
assumed to earn a rate of return equal to the System's actuarially assumed
rate of return.

(i) After the submission of all payments for eligible employees
from personal services line items paid from the General Revenue Fund in
fiscal year 2010 have been made, the Comptroller shall provide to the
System a certification of the sum of all fiscal year 2010 expenditures for
personal services that would have been covered by payments to the System
under this Section if the provisions of this amendatory Act of the 96th
General Assembly had not been enacted. Upon receipt of the certification,
the System shall determine the amount due to the System based on the full
rate certified by the Board under Section 14-135.08 for fiscal year 2010 in
order to meet the State's obligation under this Section. The System shall
compare this amount due to the amount received by the System in fiscal
year 2010 through payments under this Section. If the amount due is more
than the amount received, the difference shall be termed the "Fiscal Year
2010 Shortfall" for purposes of this Section, and the Fiscal Year 2010
Shortfall shall be satisfied under Section 1.2 of the State Pension Funds
Continuing Appropriation Act. If the amount due is less than the amount
received, the difference shall be termed the "Fiscal Year 2010

(j) After the submission of all payments for eligible employees from personal services line items paid from the General Revenue Fund in fiscal year 2011 have been made, the Comptroller shall provide to the System a certification of the sum of all fiscal year 2011 expenditures for personal services that would have been covered by payments to the System under this Section if the provisions of this amendatory Act of the 96th General Assembly had not been enacted. Upon receipt of the certification, the System shall determine the amount due to the System based on the full rate certified by the Board under Section 14-135.08 for fiscal year 2011 in order to meet the State's obligation under this Section. The System shall compare this amount due to the amount received by the System in fiscal year 2011 through payments under this Section. If the amount due is more than the amount received, the difference shall be termed the "Fiscal Year 2011 Shortfall" for purposes of this Section, and the Fiscal Year 2011 Shortfall shall be satisfied under Section 1.2 of the State Pension Funds Continuing Appropriation Act. If the amount due is less than the amount received, the difference shall be termed the "Fiscal Year 2011 Overpayment" for purposes of this Section, and the Fiscal Year 2011 Overpayment shall be repaid by the System to the General Revenue Fund as soon as practicable after the certification.

(k) For fiscal years 2012 through 2015 only, after the submission of all payments for eligible employees from personal services line items paid from the General Revenue Fund in the fiscal year have been made, the Comptroller shall provide to the System a certification of the sum of all expenditures in the fiscal year for personal services. Upon receipt of the certification, the System shall determine the amount due to the System based on the full rate certified by the Board under Section 14-135.08 for the fiscal year in order to meet the State's obligation under this Section. The System shall compare this amount due to the amount received by the System for the fiscal year. If the amount due is more than the amount received, the difference shall be termed the "Prior Fiscal Year Shortfall" for purposes of this Section, and the Prior Fiscal Year Shortfall shall be satisfied under Section 1.2 of the State Pension Funds Continuing Appropriation Act. If the amount due is less than the amount received, the difference shall be termed the "Prior Fiscal Year Overpayment" for purposes of this Section, and the Prior Fiscal Year Overpayment shall be repaid by the System to the General Revenue Fund as soon as practicable after the certification.

PUBLIC ACT 99-0009
(House Bill No. 0132)

AN ACT concerning health.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Food Handling Regulation Enforcement Act is amended by changing Section 3.3 as follows:

(410 ILCS 625/3.3)
Sec. 3.3. Farmers' markets.
(a) The General Assembly finds as follows:
(1) Farmers' markets, as defined in subsection (b) of this Section, provide not only a valuable marketplace for farmers and food artisans to sell their products directly to consumers, but also a place for consumers to access fresh fruits, vegetables, and other agricultural products.

New matter indicated by italics - deletions by strikeout
(2) Farmers' markets serve as a stimulator for local economies and for thousands of new businesses every year, allowing farmers to sell directly to consumers and capture the full retail value of their products. They have become important community institutions and have figured in the revitalization of downtown districts and rural communities.

(3) Since 1999, the number of farmers' markets has tripled and new ones are being established every year. There is a lack of consistent regulation from one county to the next, resulting in confusion and discrepancies between counties regarding how products may be sold.

(4) In 1999, the Department of Public Health published Technical Information Bulletin/Food #30 in order to outline the food handling and sanitation guidelines required for farmers' markets, producer markets, and other outdoor food sales events.

(5) While this bulletin was revised in 2010, there continues to be inconsistencies, confusion, and lack of awareness by consumers, farmers, markets, and local health authorities of required guidelines affecting farmers' markets from county to county.

(b) For the purposes of this Section:
"Department" means the Department of Public Health.
"Director" means the Director of Public Health.
"Farmers' market" means a common facility or area where the primary purpose is for farmers to gather to sell a variety of fresh fruits and vegetables and other locally produced farm and food products directly to consumers.

(c) In order to facilitate the orderly and uniform statewide implementation of the standards established in the Department of Public Health's administrative rules for this Section Act, the Farmers' Market Task Force shall be formed by the Director to assist the Department in implementing statewide administrative regulations for farmers' markets.

(d) This Section Act does not intend and shall not be construed to limit the power of counties, municipalities, and other local government units to regulate farmers' markets for the protection of the public health, safety, morals, and welfare, including, but not limited to, licensing requirements and time, place, and manner restrictions. This Section Act provides for a statewide scheme for the orderly and consistent
interpretation of the Department of Public Health administrative rules pertaining to the safety of food and food products sold at farmers' markets.

(e) The Farmers' Market Task Force shall consist of at least 24 members appointed within 60 days after the effective date of this Section. Task Force members shall consist of:

1. one person appointed by the President of the Senate;
2. one person appointed by the Minority Leader of the Senate;
3. one person appointed by the Speaker of the House of Representatives;
4. one person appointed by the Minority Leader of the House of Representatives;
5. the Director of Public Health or his or her designee;
6. the Director of Agriculture or his or her designee;
7. a representative of a general agricultural production association appointed by the Department of Agriculture;
8. three representatives of local county public health departments appointed by the Director and selected from 3 different counties representing each of the northern, central, and southern portions of this State;
9. four members of the general public who are engaged in local farmers' markets appointed by the Director of Agriculture;
10. a representative of an association representing public health administrators appointed by the Director;
11. a representative of an organization of public health departments that serve the City of Chicago and the counties of Cook, DuPage, Kane, Kendall, Lake, McHenry, Will, and Winnebago appointed by the Director;
12. a representative of a general public health association appointed by the Director;
13. the Director of Commerce and Economic Opportunity or his or her designee;
14. the Lieutenant Governor or his or her designee; and
15. five farmers who sell their farm products at farmers' markets appointed by the Lieutenant Governor or his or her designee.

Task Force members' terms shall be for a period of 2 years, with ongoing appointments made according to the provisions of this Section.

New matter indicated by italics - deletions by strikeout
(f) The Task Force shall be convened by the Director or his or her designee. Members shall elect a Task Force Chair and Co-Chair.

(g) Meetings may be held via conference call, in person, or both. Three members of the Task Force may call a meeting as long as a 5-working-day notification is sent via mail, e-mail, or telephone call to each member of the Task Force.

(h) Members of the Task Force shall serve without compensation.

(i) The Task Force shall undertake a comprehensive and thorough review of the current Statutes and administrative rules that define which products and practices are permitted and which products and practices are not permitted at farmers' markets and to assist the Department in developing statewide administrative regulations for farmers' markets.

(j) The Task Force shall advise the Department regarding the content of any administrative rules adopted under this Section Act prior to adoption of the rules. Any administrative rules, except emergency rules adopted pursuant to Section 5-45 of the Illinois Administrative Procedure Act, adopted under this Section without obtaining the advice of the Task Force are null and void. If the Department fails to follow the advice of the Task Force, the Department shall, prior to adopting the rules, transmit a written explanation to the Task Force. If the Task Force, having been asked for its advice, fails to advise the Department within 90 days after receiving the rules for review, the rules shall be considered to have been approved by the Task Force.

(k) The Department of Public Health shall provide staffing support to the Task Force and shall help to prepare, print, and distribute all reports deemed necessary by the Task Force.

(l) The Task Force may request assistance from any entity necessary or useful for the performance of its duties. The Task Force shall issue a report annually to the Secretary of the Senate and the Clerk of the House.

(m) The following provisions shall apply concerning statewide farmers' market food safety guidelines:

(1) The Director, in accordance with this Section, shall adopt administrative rules (as provided by the Illinois Administrative Procedure Act) for foods found at farmers' markets.

(2) The rules and regulations described in this Section Act shall be consistently enforced by local health authorities throughout the State.

(2.5) Notwithstanding any other provision of law except as provided in this Section Act, local public health departments and all other units of local government are prohibited from creating sanitation guidelines, rules, or regulations for farmers' markets that are more stringent than those farmers' market sanitation regulations contained in the administrative rules adopted by the Department for the purposes of implementing Section 3.3 of this Act. Except as provided for in Section 3.4 of this Act, this Section Act does not intend and shall not be construed to limit the power of local health departments and other government units from requiring licensing and permits for the sale of commercial food products, processed food products, prepared foods, and potentially hazardous foods at farmers' markets or conducting related inspections and enforcement activities, so long as those permits and licenses do not include unreasonable fees or sanitation provisions and rules that are more stringent than those laid out in the administrative rules adopted by the Department for the purposes of implementing Section 3.3 of this Act.

(3) In the case of alleged non-compliance with the provisions described in this Section Act, local health departments shall issue written notices to vendors and market managers of any noncompliance issues.

(4) Produce and food products coming within the scope of the provisions of this Section Act shall include, but not be limited to, raw agricultural products, including fresh fruits and vegetables; popcorn, grains, seeds, beans, and nuts that are whole, unprocessed, unpackaged, and unsprouted; fresh herb springs and dried herbs in bunches; baked goods sold at farmers' markets; cut fruits and vegetables; milk and cheese products; ice cream; syrups; wild and cultivated mushrooms; apple cider and other fruit and vegetable juices; herb vinegar; garlic-in-oil; flavored oils; pickles, relishes, salsas, and other canned or jarred items; shell eggs; meat and poultry; fish; ready-to-eat foods; commercially produced prepackaged food products; and any additional items specified in the administrative rules adopted by the Department to implement Section 3.3 of this Act.

(n) Local health department regulatory guidelines may be applied to foods not often found at farmers' markets, all other food products not

regulated by the Department of Agriculture and the Department of Public Health, as well as live animals to be sold at farmers' markets.

(o) The Task Force shall issue annual reports to the Secretary of the Senate and the Clerk of the House with recommendations for the development of administrative rules as specified. The first report shall be issued no later than December 31, 2012.

(p) The Department of Public Health and the Department of Agriculture, in conjunction with the Task Force, shall adopt administrative rules necessary to implement, interpret, and make specific the provisions of this Section of the Act, including, but not limited to, rules concerning labels, sanitation, and food product safety according to the realms of their jurisdiction in accordance with subsection (j) of this Section. The Task Force shall submit recommendations for administrative rules to the Department no later than December 15, 2014.

(q) The Department and the Task Force shall work together to create a food sampling training and license program as specified in Section 3.4 of this Act.

Sec. 3-6012.1. Court security officers. The sheriff of any county in Illinois with less than 3,000,000 inhabitants may hire court security officers in such number as the county board shall from time to time deem necessary. Court security officers may carry weapons, upon which they have been trained and qualified as permitted by law, at their place of employment and to and from their place of employment with the consent of the Sheriff. The court security officers shall be sworn officers of the Sheriff and shall be primarily responsible for the security of the courthouse and its courtrooms. The court security officers shall be under the sole control of the sheriff of the county in which they are hired. No court security officer shall be subject to the jurisdiction of a Sheriff's Merit Commission unless the officer was hired through the Sheriff's Merit Commission's certified applicant process under Section 3-8010 of the Counties Code. If a county has a Sheriff's Merit Commission, court security officers shall be subject to its jurisdiction for disciplinary purposes. They are not regular appointed deputies under Section 3-6008. The position of court security officer shall not be considered a rank when seeking initial appointment as deputy sheriff under Section 3-8011.

Every court security officer hired on or after the effective date of this amendatory Act of 1996 shall serve a probationary period of 12 months during which time they may be discharged at the will of the Sheriff.

Sec. 22.55. Household Waste Drop-off Points.
(a) Findings; Purpose and Intent.

New matter indicated by italics - deletions by strikeout
(1) The General Assembly finds that protection of human health and the environment can be enhanced if certain commonly generated household wastes are managed separately from the general household waste stream.

(b) Definitions. For the purposes of this Section:

"Recycling coordinator" means the person designated by each county waste management plan to administer the county recycling program, as set forth in the Solid Waste Management Act.

(c) Except as otherwise provided in Agency rules, the following requirements apply to each household waste drop-off point, other than a one-day household waste collection event, one-day compostable waste collection event, or permanent compostable waste collection point:

(1) A household waste drop-off point must not accept waste other than the following types of household waste: pharmaceutical products, personal care products, batteries other than lead-acid batteries, paints, automotive fluids, compact fluorescent lightbulbs, mercury thermometers, and mercury thermostats.

(2) Except as provided in subdivision (c)(2) of this Section, household waste drop-off points must be located at a site or facility where the types of products accepted at the household waste drop-off point are lawfully sold, distributed, or dispensed. For example, household waste drop-off points that accept prescription pharmaceutical products must be located at a site or facility where prescription pharmaceutical products are sold, distributed, or dispensed.

(6) Household waste must not be stored for longer than 90 days after its receipt, except as otherwise approved by the Agency in writing.

(7) Household waste must be managed in a manner that protects against releases of the waste, prevents nuisances, and otherwise protects human health and the environment. Household waste must also be properly secured to prevent unauthorized public access to the waste, including, but not limited to, preventing access to the waste during the non-business hours of the site or facility on which the household waste drop-off point is located. Containers in which pharmaceutical products are collected must be clearly marked "No Controlled Substances".

(3) Household waste must be managed in a manner that protects against releases of the waste, prevents nuisances, and otherwise protects human health and the environment. Household waste must also be properly secured to prevent public access to the waste, including, but not limited to, preventing access to the waste during the event's non-business hours.

(4) Management of the household waste must be limited to the following: (i) acceptance of the waste, (ii) temporary storage of the waste before transfer, and (iii) off-site transfer of the waste or packaging for off-site transfer.

date, location, and time of the event; and must list the types of compostable waste that will be collected at the event. If the one-day compostable waste collection event is to be operated at a location within a county with a population of more than 400,000 but less than 2,000,000 inhabitants, according to the 2010 decennial census, then the operator of the event shall, at least 30 days before the event, provide a copy of the approval to the recycling coordinator designated by that county. The approval granted under this subsection (d-5) may include conditions imposed by the county or municipality as necessary to protect public health and prevent odors, vectors, and other nuisances. A one-day compostable waste collection event approved under this subsection (d-5) must be operated in accordance with the approval, including all conditions contained in the approval. Compostable waste must be secured in non-porous, rigid, leak-proof containers that:

(A) are covered, except when the compostable waste is being added to or removed from the containers or it is otherwise necessary to access the compostable waste;
(B) prevent precipitation from draining through the compostable waste;
(C) prevent dispersion of the compostable waste by wind;
(D) contain spills or releases that could create nuisances or otherwise harm human health or the environment;
(E) limit access to the compostable waste by vectors;
(F) control odors and other nuisances; and
(G) provide for storage, removal, and off-site transfer of the compostable waste in a manner that protects its ability to be composted.

No more than a total of 40 cubic yards of compostable waste shall be located at the collection site at any one time.

Management of the compostable waste must be limited to the following: (A) acceptance, (B) temporary storage before transfer, and (C) off-site transfer.

All compostable waste received at the event must be transferred off-site to a permitted compost facility by no later than 48 hours after the event ends or by the end of the first business day after the event ends, whichever is sooner.

If waste other than compostable waste is received at the event, then that waste must be disposed of within 48 hours after the event ends or by the end of the first business day after the event ends, whichever is sooner.

Permanent compostable waste collection points. To further aid in the collection and composting of compostable waste, as defined in subsection (b), a municipality may approve the operation of permanent compostable waste collection points at any site or facility within its territorial jurisdiction, and a county may approve the operation of permanent compostable waste collection points at any site or facility in any unincorporated area within its territorial jurisdiction. The approval
granted pursuant to this subsection (d-6) must be in writing; must specify the location, operating days, and operating hours of the collection point; must list the types of compostable waste that will be collected at the collection point; and must specify a term of not more than 365 calendar days during which the approval will be effective. In addition, if the permanent compostable waste collection point is to be operated at a location within a county with a population of more than 400,000 but less than 2,000,000 inhabitants, according to the 2010 federal decennial census, then the operator of the collection point shall, at least 30 days before the collection point begins operation, provide a copy of the approval to the recycling coordinator designated by that county. The approval may include conditions imposed by the county or municipality as necessary to protect public health and prevent odors, vectors, and other nuisances. A permanent compostable waste collection point approved pursuant to this subsection (d-6) must be operated in accordance with the approval, including all conditions contained in the approval. The following requirements apply to the permanent compostable waste collection point, in addition to the conditions contained in the approval:

(1) Waste accepted at the collection point must be limited to the types of compostable waste authorized to be accepted under the approval.

(2) Information promoting the collection point and signs at the collection point must clearly indicate the types of compostable waste approved for collection. To discourage the receipt of other waste, information promoting the collection point and signs at the collection point must also include (A) examples of compostable waste being collected and (B) examples of waste that is not being collected.

(3) Compostable waste must be accepted only from private individuals. It may not be accepted from other persons, including, but not limited to, owners and operators of rented or leased residences where it was generated, commercial haulers, and other commercial, industrial, agricultural, and government operations or entities.

(4) Compostable waste must be managed in a manner that protects against releases of the waste, prevents nuisances, and otherwise protects human health and the environment. Compostable waste must be properly secured to prevent it from being accessed by the public at any time, including, but not limited to,

to, during the collection point's non-operating hours. Permanent compostable waste collection points must be adequately supervised during their operating hours.

(5) Compostable waste must be secured in non-porous, rigid, leak-proof containers that:
   (A) are no larger than 10 cubic yards in size;
   (B) are covered, except when the compostable waste is being added to or removed from the container or it is otherwise necessary to access the compostable waste;
   (C) prevent precipitation from draining through the compostable waste;
   (D) prevent dispersion of the compostable waste by wind;
   (E) contain spills or releases that could create nuisances or otherwise harm human health or the environment;
   (F) limit access to the compostable waste by vectors;
   (G) control odors and other nuisances; and
   (H) provide for storage, removal, and off-site transfer of the compostable waste in a manner that protects its ability to be composted.

(6) No more than a total of 10 cubic yards of compostable waste shall be located at the permanent compostable waste collection site at any one time.

(7) Management of the compostable waste must be limited to the following: (A) acceptance, (B) temporary storage before transfer, and (C) off-site transfer.

(8) All compostable waste received at the permanent compostable waste collection point must be transferred off-site to a permitted compost facility not less frequently than once every 7 days.

(9) If a permanent compostable waste collection point receives waste other than compostable waste, then that waste must be disposed of not less frequently than once every 7 days.

(e) The Agency may adopt rules governing the operation of household waste drop-off points, other than one-day household waste collection events, one-day compostable waste collection events, and
permanent compostable waste collection points. Those rules must be
designed to protect against releases of waste to the environment, prevent
nuisances, and otherwise protect human health and the environment. As
necessary to address different circumstances, the regulations may contain
different requirements for different types of household waste and different
types of household waste drop-off points, and the regulations may modify
the requirements set forth in subsection (c) of this Section. The regulations
may include, but are not limited to, the following: (i) identification of
additional types of household waste that can be collected at household
waste drop-off points, (ii) identification of the different types of household

event, one-day compostable waste collection event, or permanent
compostable waste collection point, in violation of this Section or
any regulations adopted under this Section.

(2) No person shall cause or allow the operation of a one-
day household waste collection event in violation of this Section or

all conditions contained in the approval.

(4) No person shall cause or allow the operation of a
permanent compostable waste collection event in violation of this
Section or the approval issued for the permanent compostable
waste collection point under subsection (d-6) of this Section,
including all conditions contained in the approval.

(g) Permit exemptions.

(1) No permit is required under subdivision (d)(1) of
Section 21 of this Act for the operation of a household waste drop-
off point, other than a one-day household waste collection event, one-day compostable waste collection event, or permanent compostable waste collection point, if the household waste drop-off point is operated in accordance with this Section and all regulations adopted under this Section.

(2) No permit is required under subdivision (d)(1) of Section 21 of this Act for the operation of a one-day household waste collection event if the event is operated in accordance with this Section and the Agency's approval issued under subsection (d) of this Section, including all conditions contained in the approval, or for the operation of a household waste collection event by the Agency.

(3) No permit is required under paragraph (1) of subsection (d) of Section 21 of this Act for the operation of a one-day compostable waste collection event if the compostable waste collection event is operated in accordance with this Section and the approval issued for the compostable waste collection point under subsection (d-5) of this Section, including all conditions contained in the approval.

(4) No permit is required under paragraph (1) of subsection (d) of Section 21 of this Act for the operation of a permanent compostable waste collection point if the collection point is operated in accordance with this Section and the approval issued for the compostable waste collection event under subsection (d-6) of this Section, including all conditions contained in the approval.

(h) This Section does not apply to the following:

(1) Persons accepting household waste that they are authorized to accept under a permit issued by the Agency.

(2) Sites or facilities operated pursuant to an intergovernmental agreement entered into with the Agency under Section 22.16b(d) of this Act.

(i) The Agency, in consultation with the Department of Public Health, must develop and implement a public information program regarding household waste drop-off points that accept pharmaceutical products.

New matter indicated by italics - deletions by strikeout
(j) The Agency must develop a sign that provides information on the proper disposal of unused pharmaceutical products. The Agency shall make a copy of the sign available for downloading from its website.

(k) If an entity chooses to participate as a household waste drop-off point, then it must follow the provisions of this Section and any rules the Agency may adopt governing household waste drop-off points.

(415 ILCS 150/15)

New matter indicated by italics - deletions by strikeout
Sec. 15. Statewide recycling and reuse goals for all covered electronic devices.

(a) For program year 2010, the statewide recycling or reuse goal for all CEDs is the product of: (i) the latest population estimate for the State, as published on the U.S. Census Bureau's website on January 1, 2010; multiplied by (ii) 2.5 pounds per capita.

(b) For program year 2011, the statewide recycling or reuse goal for all CEDs is the product of: (i) the 2010 base weight; multiplied by (ii) the 2010 goal attainment percentage.

For the purposes of this subsection (b):
The "2010 base weight" means the greater of: (i) twice the total weight of all CEDs that were recycled or processed for reuse between January 1, 2010 and June 30, 2010 as reported to the Agency under subsection (i) or (j) of Section 30; or (ii) twice the total weight of all CEDs that were recycled or processed for reuse between January 1, 2010 and June 30, 2010 as reported to the Agency under subsection (c) of Section 55.

The "2010 goal attainment percentage" means:
(1) 90% if the 2010 base weight is less than 90% of the statewide recycling or reuse goal for program year 2010;
(2) 95% if the 2010 base weight is 90% or greater, but does not exceed 95%, of the statewide recycling or reuse goal for program year 2010;
(3) 100% if the 2010 base weight is 95% or greater, but does not exceed 105%, of the statewide recycling or reuse goal for program year 2010;
(4) 105% if the 2010 base weight is 105% or greater, but does not exceed 110%, of the statewide recycling or reuse goal for program year 2010; and
(5) 110% if the 2010 base weight is 110% or greater of the statewide recycling or reuse goal for program year 2010.

(c) For program year 2012 and for each of the following categories of electronic devices, each manufacturer shall recycle or reuse at least 40% of the total weight of the electronic devices that the manufacturer sold in that category in Illinois during the calendar year beginning January 1, 2010: computers, monitors, televisions, printers, electronic keyboards, facsimile machines, video cassette recorders, portable digital music players, digital video disc players, video game consoles, electronic mice,
scanners, digital converter boxes, cable receivers, satellite receivers, digital video disc recorders, and small-scale servers. To determine the manufacturer's annual recycling or reuse goal, the manufacturer shall use its own Illinois sales data or its own national sales data proportioned to Illinois' share of the U.S. population, based on the U.S. Census population estimate for 2009.

(c-5) For program year 2013 and program year 2014 and thereafter and for each of the following categories of electronic devices, each manufacturer shall recycle or reuse at least 50% of the total weight of the electronic devices that the manufacturer sold in that category in Illinois during the calendar year 2 years before the applicable program year: computers, monitors, televisions, printers, electronic keyboards, facsimile machines, video cassette recorders, portable digital music players, digital video disc players, video game consoles, electronic mice, scanners, digital converter boxes, cable receivers, satellite receivers, digital video disc recorders, and small-scale servers.

(c-6) For program year 2015, the total annual recycling goal for all manufacturers shall be as follows:

1. 30,800,000 pounds for manufacturers of televisions and computer monitors; and
2. 15,800,000 pounds for manufacturers of all other covered electronic devices.

For program year 2016 and program year 2017, the total annual recycling goal for all manufacturers shall be as follows:

1. 34,000,000 pounds for manufacturers of televisions and computer monitors; and
2. 15,600,000 pounds for manufacturers of all other covered electronic devices.

An individual manufacturer's annual recycling goal for televisions, computer monitors, and all other covered electronic devices shall be in proportion to the manufacturer's market share of those product types sold in Illinois during the calendar year 2 years before the applicable program year.
For program year 2018 and thereafter, and for each of the following categories of electronic devices, each manufacturer shall recycle or reuse at least 50% of the total weight of the electronic devices that the manufacturer sold in that category in Illinois during the calendar year 2 years before the applicable program year: computers, monitors, televisions, printers, electronic keyboards, facsimile machines, video cassette recorders, portable digital music players, digital video disc players, video game consoles, electronic mice, scanners, digital converter boxes, cable receivers, satellite receivers, digital video disc recorders, and small-scale servers.

To determine the manufacturer's annual recycling or reuse goal for program year 2018 and thereafter, the manufacturer shall use its own Illinois sales data or its own national sales data proportioned to Illinois' share of the U.S. population, based on the most recent U.S. census data.

(d) In order to further the policy of the State of Illinois to reduce the environmental and economic impacts of transporting and managing cathode-ray tube (CRT) glass, and to support (i) the beneficial use of CRTs in accordance with beneficial use determinations issued by the Agency under Section 22.54 of the Environmental Protection Act and (ii) the storage of CRTs in retrievable storage cells at locations within the State for future recovery, the total weight of a CRT device, prior to processing, may be applied toward the manufacturer's annual recycling or reuse goal, provided that:

1. all recyclable components are removed from the device;
2. the glass from the device is either:
   a. beneficially reused in accordance with a beneficial use determination issued under Section 22.54 of the Environmental Protection Act; or
   b. placed in a storage cell, in a manner that allows it to be retrieved in the future, at a waste disposal site that is permitted to accept the glass.

statewide recycling goal, determined by adding each individual manufacturer's annual goal.

(h) By April 1, 2011, and by April 1 of all subsequent years, the Agency shall award those manufacturers that have met or exceeded their recycling or reuse goals for the previous program year with an Electronic Industry Recycling Award. The award shall acknowledge that the manufacturer has met or exceeded its recycling goals and shall be posted on the Agency website and in other media as appropriate.

(i) By March 1, 2011, and by March 1 of each subsequent year, the Agency shall post on its website a list of registered manufacturers that have not met their annual recycling and reuse goal for the previous program year.

(j) By July 1, 2015, the Agency shall solicit written comments regarding all aspects of the program codified in this Act, for the purpose of determining if the program requires any modifications.

(1) Issues to be reviewed by the Agency are, but not limited to, the following:

(A) Sufficiency of the annual statewide recycling goals.

(B) Fairness of the formulas used to determine individual manufacturer goals.

(k) Any violation of this Act shall be enforceable by administrative citation. Whenever the Agency personnel or county personnel to whom the Agency has delegated the authority to monitor compliance with this Act shall, on the basis of direct observation, determine that any person has violated any provision of this Act, the Agency or county personnel may issue and serve, within 60 days after the observed violation, an administrative citation upon that person or the entity employing that person. Each citation shall be served upon the person named or the person's authorized agent for service of process and shall include the following:

(1) a statement specifying the provisions of this Act that the person or the entity employing the person has violated;
(2) a copy of the inspection report in which the Agency or local government recorded the violation and the date and time of the inspection;

(l) If the person named in the administrative citation fails to petition the Illinois Pollution Control Board for review within 35 days after the date of service, the Board shall adopt a final order, which shall include the administrative citation and findings of violation as alleged in the citation and shall impose the penalty specified in Section 80.

(m) If a petition for review is filed with the Board to contest an administrative citation issued under this Section, the Agency or unit of local government shall appear as a complainant at a hearing before the Board to be conducted pursuant to subsection (n) of this Section at a time not less than 21 days after notice of the hearing has been sent by the Board to the Agency or unit of local government and the person named in the citation. In those hearings, the burden of proof shall be on the Agency or unit of local government. If, based on the record, the Board finds that the alleged violation occurred, it shall adopt a final order, which shall include

the administrative citation and findings of violation as alleged in the citation, and shall impose the penalty specified in Section 80 of this Act. However, if the Board finds that the person appealing the citation has shown that the violation resulted from uncontrollable circumstances, the Board shall adopt a final order that makes no finding of violation and imposes no penalty.

(n) All hearings under this Act shall be held before a qualified hearing officer, who may be attended by one or more members of the Board, designated by the Chairman. All of these hearings shall be open to the public, and any person may submit written statements to the Board in connection with the subject of these hearings. Sec. 50. Recycler and refurbisher registration.

(a) Prior to January 1 of each program year, each recycler and refurbisher must register with the Agency and submit a registration fee pursuant to subsection (b) for that program year. Registration must be on forms and in a format prescribed by the Agency and shall include, but not be limited to, the address of each location where the recycler or refurbisher manages CEDs or EEDs and identification of each location at which the recycler or refurbisher accepts CEDs or EEDs from a residence.

(b) The registration fee for program year 2010 is $2,000. For program year 2011, if a recycler's or refurbisher's annual combined total weight of CEDs and EEDs is less than 1,000 tons per year, the registration fee shall be $500. For program year 2012 and for all subsequent program years, both registration fees shall be increased each year by an inflation

New matter indicated by italics - deletions by strikeout
factor determined by the annual Implicit Price Deflator for Gross National Product as published by the U.S. Department of Commerce in its Survey of Current Business. The inflation factor must be calculated each year by dividing the latest published annual Implicit Price Deflator for Gross National Product by the annual Implicit Price Deflator for Gross National Product for the previous year. The inflation factor must be rounded to the nearest 1/100th, and the resulting registration fee must be rounded to the nearest whole dollar. No later than October 1 of each program year, the Agency shall post on its website the registration fee for the next program year.

(c) No person may act as a recycler or a refurbisher of CEDs for a manufacturer obligated to meet goals under this Act unless the recycler or refurbisher is registered with the Agency and has paid the registration fee as required under this Section. Beginning in program year 2016, all recycling or refurbishing facilities used by collectors of CEDs and EEDs shall be accredited by the Responsible Recycling (R2) Practices or e-Stewards certification programs or any other equivalent certification programs recognized by the United States Environmental Protection Agency. Manufacturers of CEDs and EEDs shall ensure that recycling or refurbishing facilities used as part of their recovery programs meet this requirement. No person may act as a recycler or a refurbisher of CEDs for a manufacturer obligated to meet goals under this Act unless the recycler or refurbisher is registered and has paid the registration fee as required under this Section.

(c-5) Neither a registered recycler nor a refurbisher of CEDs and EEDs for a manufacturer obligated to meet goals under this Act may not charge individual consumers or units of local government acting as collectors a fee to recycle or refurbish CEDs and EEDs, unless the recycler or refurbisher provides (i) a financial incentive, such as a coupon, that is of greater or equal value to the fee being charged or (ii) premium service, such as curbside collection, home pick-up, or a similar methods method of collection. Local units of government serving as collectors of CEDs and EEDs shall not charge a manufacturer for collection costs and shall offer the manufacturer or its representative all CEDs and EEDs collected by the local government at no cost. Nothing in this Act requires a local unit of government to serve as a collector.

(c-10) Nothing in this Act prohibits any waste hauler from entering into a contractual agreement with a unit of local government to establish a collection program for the recycling or reuse of CEDs or EEDs, including

New matter indicated by italics - deletions by strikeout
services such as curbside collection, home pick-up, drop-off locations, or similar methods of collection.

(d) Recyclers and refurbishers must, at a minimum, comply with all of the following:

(1) Recyclers and refurbishers must comply with federal, State, and local laws and regulations, including federal and State minimum wage laws, specifically relevant to the handling, processing, refurbishing and recycling of residential CEDs and must have proper authorization by all appropriate governing authorities to perform the handling, processing, refurbishment, and recycling.

(2) Recyclers and refurbishers must implement the appropriate measures to safeguard occupational and environmental health and safety, through the following:

   (A) environmental health and safety training of personnel, including training with regard to material and equipment handling, worker exposure, controlling releases, and safety and emergency procedures;

   (B) an up-to-date, written plan for the identification and management of hazardous materials; and

   (C) an up-to-date, written plan for reporting and responding to exceptional pollutant releases, including emergencies such as accidents, spills, fires, and explosions.

(3) Recyclers and refurbishers must maintain (i) commercial general liability insurance or the equivalent corporate guarantee for accidents and other emergencies with limits of not less than $1,000,000 per occurrence and $1,000,000 aggregate and (ii) pollution legal liability insurance with limits not less than $1,000,000 per occurrence for companies engaged solely in the dismantling activities and $5,000,000 per occurrence for companies engaged in recycling.

(4) Recyclers and refurbishers must maintain on file documentation that demonstrates the completion of an environmental health and safety audit completed and certified by a competent internal and external auditor annually. A competent auditor is an individual who, through professional training or work experience, is appropriately qualified to evaluate the environmental health and safety conditions, practices, and procedures of the

New matter indicated by italics - deletions by strikeout
facility. Documentation of auditors' qualifications must be available for inspection by Agency officials and third-party auditors.

(5) Recyclers and refurbishers must maintain on file proof of workers' compensation and employers' liability insurance.

(6) Recyclers and refurbishers must provide adequate assurance (such as bonds or corporate guarantee) to cover environmental and other costs of the closure of the recycler or refurbisher's facility, including cleanup of stockpiled equipment and materials.

(7) Recyclers and refurbishers must apply due diligence principles to the selection of facilities to which components and materials (such as plastics, metals, and circuit boards) from CEDs and EEDs are sent for reuse and recycling.

(8) Recyclers and refurbishers must establish a documented environmental management system that is appropriate in level of detail and documentation to the scale and function of the facility, including documented regular self-audits or inspections of the recycler or refurbisher's environmental compliance at the facility.

(9) Recyclers and refurbishers must use the appropriate equipment for the proper processing of incoming materials as well as controlling environmental releases to the environment. The dismantling operations and storage of CED and EED components that contain hazardous substances must be conducted indoors and over impervious floors. Storage areas must be adequate to hold all processed and unprocessed inventory. When heat is used to soften solder and when CED and EED components are shredded, operations must be designed to control indoor and outdoor hazardous air emissions.

(10) Recyclers and refurbishers must establish a system for identifying and properly managing components (such as circuit boards, batteries, CRTs, and mercury phosphor lamps) that are removed from CEDs and EEDs during disassembly. Recyclers and refurbishers must properly manage all hazardous and other components requiring special handling from CEDs and EEDs consistent with federal, State, and local laws and regulations. Recyclers and refurbishers must provide visible tracking (such as hazardous waste manifests or bills of lading) of hazardous components and materials from the facility to the destination.

New matter indicated by italics - deletions by strikeout
facilities and documentation (such as contracts) stating how the destination facility processes the materials received. No recycler or refurbisher may send, either directly or through intermediaries, hazardous wastes to solid waste (non-hazardous waste) landfills or to non-hazardous waste incinerators for disposal or energy recovery. For the purpose of these guidelines, smelting of hazardous wastes to recover metals for reuse in conformance with all applicable laws and regulations is not considered disposal or energy recovery.

(11) Recyclers and refurbishers must use a regularly implemented and documented monitoring and record-keeping program that tracks inbound CED and EED material weights (total) and subsequent outbound weights (total to each destination), injury and illness rates, and compliance with applicable permit parameters including monitoring of effluents and emissions. Recyclers and refurbishers must maintain contracts or other documents, such as sales receipts, suitable to demonstrate: (i) the reasonable expectation that there is a downstream market or uses for designated electronics (which may include recycling or reclamation processes such as smelting to recover metals for reuse); and (ii) that any residuals from recycling or reclamation processes, or both, are properly handled and managed to maximize reuse and recycling of materials to the extent practical.

(12) Recyclers and refurbishers must comply with federal and international law and agreements regarding the export of used products or materials. In the case of exports of CEDs and EEDs, recyclers and refurbishers must comply with applicable requirements of the U.S. and of the import and transit countries and must maintain proper business records documenting its compliance. No recycler or refurbisher may establish or use intermediaries for the purpose of circumventing these U.S. import and transit country requirements.

(13) Recyclers and refurbishers that conduct transactions involving the transboundary shipment of used CEDs and EEDs shall use contracts (or the equivalent commercial arrangements) made in advance that detail the quantity and nature of the materials to be shipped. For the export of materials to a foreign country (directly or indirectly through downstream market contractors): (i) the shipment of intact televisions and computer monitors destined

New matter indicated by italics - deletions by strikeout
for reuse must include only whole products that are tested and certified as being in working order or requiring only minor repair (e.g. not requiring the replacement of circuit boards or CRTs), must be destined for reuse with respect to the original purpose, and the recipient must have verified a market for the sale or donation of such product for reuse; (ii) the shipments of CEDs and EEDs for material recovery must be prepared in a manner for recycling, including, without limitation, smelting where metals will be recovered, plastics recovery and glass-to-glass recycling; or (iii) the shipment of CEDs and EEDs are being exported to companies or facilities that are owned or controlled by the original equipment manufacturer.

(14) Recyclers and refurbishers must maintain the following export records for each shipment on file for a minimum of 3 years: (i) the facility name and the address to which shipment is exported; (ii) the shipment contents and volumes; (iii) the intended use of contents by the destination facility; (iv) any specification required by the destination facility in relation to shipment contents; (v) an assurance that all shipments for export, as applicable to the CED manufacturer, are legal and satisfy all applicable laws of the destination country.

(15) Recyclers and refurbishers must employ industry-accepted procedures for the destruction or sanitization of data on hard drives and other data storage devices. Acceptable guidelines for the destruction or sanitization of data are contained in the National Institute of Standards and Technology's Guidelines for Media Sanitation or those guidelines certified by the National Association for Information Destruction;

(16) No recycler or refurbisher may employ prison labor in any operation related to the collection, transportation, recycling, and refurbishment of CEDs and EEDs. No recycler or refurbisher may employ any third party that uses or subcontracts for the use of prison labor.

(2) A list of each recycler and refurbisher that received CEDs and EEDs from the collector and the total weight each recycler and refurbisher received.

(3) The address of each collector's facility where the CEDs and EEDs were collected or received. Each facility address must include the county in which the facility is located.

(e) Collectors may accept no more than 10 CEDs or EEDs at one time from individual members of the public and, when scheduling collection events, shall provide no fewer than 30 days' notice to the county waste agency of those events.

(f) No collector of CEDs and EEDs may recycle, or refurbish for reuse or resale, CEDs or EEDs to a third party unless the collector
registers as a recycler or refurbisher pursuant to Section 50 and pays the registration fee pursuant to Section 50.

(d) (Blank) A license which is not renewed within one year of becoming inactive shall expire.

Moneys transferred to the county's general corporate or operating fund under this subsection shall be transferred on the first day of the fiscal year following the fiscal year in which the unspent or surplus moneys were determined to exist.

(9) Mine subsidence, mine fire control, mine sealing, and mine reclamation.

(a-5) Except to the extent that the uses are otherwise authorized by law without such restrictions, the uses specified in items (a)(3)(A) and (a)(7) through (9) shall be subject to the following conditions:

(A) CCB shall not have been mixed with hazardous waste prior to use.

New matter indicated by italics - deletions by strikeout
(B) CCB shall not exceed Class I Groundwater Standards for metals when tested utilizing test method ASTM D3987-85. The sample or samples tested shall be representative of the CCB being considered for use.

(C) Unless otherwise exempted, users of CCB for the purposes described in items (a)(3)(A) and (a)(7) through (9) of this Section shall provide notification to the Agency for each project utilizing CCB documenting the quantity of CCB utilized and certification of compliance with conditions (A) and (B) of this subsection. Notification shall not be required for users of CCB for purposes described in items (a)(1), (a)(2), (a)(3)(B), (a)(4), (a)(5) and (a)(6) of this Section, or as required specifically under a beneficial use determination as provided under this Section, or pavement base, parking lot base, or building base projects utilizing less than 10,000 tons, flowable fill/grout projects utilizing less than 1,000 cubic yards or other applications utilizing less than 100 tons.

(E) CCB is not to be accumulated speculatively. CCB is not accumulated speculatively if during the calendar year, the CCB used is equal to 75% of the CCB by weight or volume accumulated at the beginning of the period.

(F) CCB shall include any prescribed mixture of fly ash, bottom ash, boiler slag, flue gas desulfurization scrubber sludge, fluidized bed combustion ash, and stoker boiler ash and shall be tested as intended for use.

(b) To encourage and promote the utilization of CCB in productive and beneficial applications, upon request by the applicant, the Agency shall make a written beneficial use determination that coal-combustion waste is CCB when used in a manner other than those uses specified in subsection (a) of this Section if the applicant demonstrates that use of the coal-combustion waste satisfies all of the following criteria: the use will not cause, threaten, or allow the discharge of any contaminant into the environment; the use will otherwise protect human health and safety and the environment; and the use constitutes a legitimate use of the coal-combustion waste as an ingredient or raw material that is an effective substitute for an analogous ingredient or raw material.

New matter indicated by italics - deletions by strikeout
The Agency's beneficial use determinations may allow the uses set forth in items (a)(3)(A) and (a)(7) through (9) of this Section without the CCB being subject to the restrictions set forth in subdivisions (a-5)(B) and (a-5)(E) of this Section.

Within 90 days after the receipt of an application for a beneficial use determination under this subsection (b), the Agency shall, in writing, approve, disapprove, or approve with conditions the beneficial use. Any disapproval or approval with conditions shall include the Agency's reasons for the disapproval or conditions. Failure of the Agency to issue a decision within 90 days shall constitute disapproval of the beneficial use request. These beneficial use determinations are subject to review under Section 40 of this Act.

Any approval of a beneficial use under this subsection (b) shall become effective upon the date of the Agency's written decision and remain in effect for a period of 5 years. If an applicant desires to continue a beneficial use after the expiration of the 5-year period, the applicant must submit an application for renewal no later than 90 days prior to the expiration. The beneficial use approval shall be automatically extended unless denied by the Agency in writing with the Agency's reasons for disapproval, or unless the Agency has requested an extension for review, in which case the use will continue to be allowed until an Agency determination is made.

Coal-combustion waste for which a beneficial use is approved pursuant to this subsection (b) shall be considered CCB during the effective period of the approval, as long as it is used in accordance with the approval and any conditions.

Notwithstanding the other provisions of this subsection (b), written beneficial use determination applications for the use of CCB at sites governed by the federal Surface Mining Control and Reclamation Act of 1977 (P.L. 95-87) or the rules and regulations thereunder, or by any law or rule or regulation adopted by the State of Illinois pursuant thereto, shall be reviewed and approved by the Office of Mines and Minerals within the Department of Natural Resources pursuant to 62 Ill. Adm. Code §§ 1700-1850. Further, appeals of those determinations shall be made pursuant to the Illinois Administrative Review Law.

The Board shall adopt rules establishing standards and procedures for the Agency's issuance of beneficial use determinations under this subsection (b). The Board rules may also, but are not required to, include standards and procedures for the revocation of the beneficial use
determinations. Prior to the effective date of Board rules adopted under this subsection (b), the Agency is authorized to make beneficial use determinations in accordance with this subsection (b).

The Agency is authorized to prepare and distribute guidance documents relating to its administration of this Section. Guidance documents prepared under this subsection are not rules for the purposes of the Illinois Administrative Procedure Act.

PUBLIC ACT 99-0021
(Senate Bill No. 0706)

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Sections 2-3.25o, 10-21.9, and 34-18.5 as follows:

(105 ILCS 5/2-3.25o)

Sec. 2-3.25o. Registration and recognition of non-public elementary and secondary schools.

(a) Findings. The General Assembly finds and declares (i) that the Constitution of the State of Illinois provides that a "fundamental goal of the People of the State is the educational development of all persons to the limits of their capacities" and (ii) that the educational development of every school student serves the public purposes of the State. In order to ensure that all Illinois students and teachers have the opportunity to enroll and work in State-approved educational institutions and programs, the State Board of Education shall provide for the voluntary registration and recognition of non-public elementary and secondary schools.

(b) Registration. All non-public elementary and secondary schools in the State of Illinois may voluntarily register with the State Board of Education on an annual basis. Registration shall be completed in conformance with procedures prescribed by the State Board of Education.

New matter indicated by italics - deletions by strikeout
Information required for registration shall include assurances of compliance (i) with federal and State laws regarding health examination and immunization, attendance, length of term, and nondiscrimination and (ii) with applicable fire and health safety requirements.

(c) Recognition. All non-public elementary and secondary schools in the State of Illinois may voluntarily seek the status of "Non-public School Recognition" from the State Board of Education. This status may be obtained by compliance with administrative guidelines and review procedures as prescribed by the State Board of Education. The guidelines and procedures must recognize that some of the aims and the financial bases of non-public schools are different from public schools and will not be identical to those for public schools, nor will they be more burdensome. The guidelines and procedures must also recognize the diversity of non-public schools and shall not impinge upon the noneducational relationships between those schools and their clientele.

(c-5) Prohibition against recognition. A non-public elementary or secondary school may not obtain "Non-public School Recognition" status unless the school requires all certified and non-certified applicants for employment with the school, after July 1, 2007, to authorize a fingerprint-based criminal history records check as a condition of employment to determine if such applicants have been convicted of any of the enumerated criminal or drug offenses set forth in Section 21B-80 of this Code or have been convicted, within 7 years of the application for employment, of any other felony under the laws of this State or of any offense committed or attempted in any other state or against the laws of the United States that, if committed or attempted in this State, would have been punishable as a felony under the laws of this State.

Authorization for the check shall be furnished by the applicant to the school, except that if the applicant is a substitute teacher seeking employment in more than one non-public school, a teacher seeking concurrent part-time employment positions with more than one non-public school (as a reading specialist, special education teacher, or otherwise), or an educational support personnel employee seeking employment positions with more than one non-public school, then only one of the non-public schools employing the individual shall request the authorization. Upon receipt of this authorization, the non-public school shall submit the applicant's name, sex, race, date of birth, social security number, fingerprint images, and other identifiers, as prescribed by the Department of State Police, to the Department of State Police.
The Department of State Police and Federal Bureau of Investigation shall furnish, pursuant to a fingerprint-based criminal history records check, records of convictions, forever and hereafter, until expunged, to the president or principal of the non-public school that requested the check. The Department of State Police shall charge that school a fee for conducting such check, which fee must be deposited into the State Police Services Fund and must not exceed the cost of the inquiry. Subject to appropriations for these purposes, the State Superintendent of Education shall reimburse non-public schools for fees paid to obtain criminal history records checks under this Section.

A non-public school may not obtain recognition status unless the school also performs a check of the Statewide Sex Offender Database, as authorized by the Sex Offender Community Notification Law, for each applicant for employment, after July 1, 2007, to determine whether the applicant has been adjudicated a sex offender.

Any information concerning the record of convictions obtained by a non-public school's president or principal under this Section is confidential and may be disseminated only to the governing body of the non-public school or any other person necessary to the decision of hiring the applicant for employment. A copy of the record of convictions obtained from the Department of State Police shall be provided to the applicant for employment. Upon a check of the Statewide Sex Offender Database, the non-public school shall notify the applicant as to whether or not the applicant has been identified in the Sex Offender Database as a sex offender. Any information concerning the records of conviction obtained by the non-public school's president or principal under this Section for a substitute teacher seeking employment in more than one non-public school, a teacher seeking concurrent part-time employment positions with more than one non-public school (as a reading specialist, special education teacher, or otherwise), or an educational support personnel employee seeking employment positions with more than one non-public school may be shared with another non-public school's principal or president to which the applicant seeks employment. Any unauthorized release of confidential information may be a violation of Section 7 of the Criminal Identification Act. Any person who releases any criminal history record information concerning an applicant for employment is guilty of a Class A misdemeanor and may be subject to prosecution under federal law, unless the release of such information is authorized by this Section.
No non-public school may obtain recognition status that knowingly employs a person, hired after July 1, 2007, for whom a Department of State Police and Federal Bureau of Investigation fingerprint-based criminal history records check and a Statewide Sex Offender Database check has not been initiated or who has been convicted of any offense enumerated in Section 21B-80 of this Code or any offense committed or attempted in any other state or against the laws of the United States that, if committed or attempted in this State, would have been punishable as one or more of those offenses. No non-public school may obtain recognition status under this Section that knowingly employs a person who has been found to be the perpetrator of sexual or physical abuse of a minor under 18 years of age pursuant to proceedings under Article II of the Juvenile Court Act of 1987.

In order to obtain recognition status under this Section, a non-public school must require compliance with the provisions of this subsection (c-5) from all employees of persons or firms holding contracts with the school, including, but not limited to, food service workers, school bus drivers, and other transportation employees, who have direct, daily contact with pupils. Any information concerning the records of conviction or identification as a sex offender of any such employee obtained by the non-public school principal or president must be promptly reported to the school's governing body.

Prior to the commencement of any student teaching experience or required internship (which is referred to as student teaching in this Section) in any non-public elementary or secondary school that has obtained or seeks to obtain recognition status under this Section, a student teacher is required to authorize a fingerprint-based criminal history records check. Authorization for and payment of the costs of the check must be furnished by the student teacher to the chief administrative officer of the non-public school where the student teaching is to be completed. Upon receipt of this authorization and payment, the chief administrative officer of the non-public school shall submit the student teacher's name, sex, race, date of birth, social security number, fingerprint images, and other identifiers, as prescribed by the Department of State Police, to the Department of State Police. The Department of State Police and the Federal Bureau of Investigation shall furnish, pursuant to a fingerprint-based criminal history records check, records of convictions, forever and hereinafter, until expunged, to the chief administrative officer of the non-public school that requested the check. The Department of State Police

shall charge the school a fee for conducting the check, which fee must be passed on to the student teacher, must not exceed the cost of the inquiry, and must be deposited into the State Police Services Fund. The school shall further perform a check of the Statewide Sex Offender Database, as authorized by the Sex Offender Community Notification Law, and of the Statewide Murderer and Violent Offender Against Youth Database, as authorized by the Murderer and Violent Offender Against Youth Registration Act, for each student teacher. No school that has obtained or seeks to obtain recognition status under this Section may knowingly allow a person to student teach for whom a criminal history records check, a Statewide Sex Offender Database check, and a Statewide Murderer and Violent Offender Against Youth Database check have not been completed and reviewed by the chief administrative officer of the non-public school.

A copy of the record of convictions obtained from the Department of State Police must be provided to the student teacher. Any information concerning the record of convictions obtained by the chief administrative officer of the non-public school is confidential and may be transmitted only to the chief administrative officer of the non-public school or his or her designee, the State Superintendent of Education, the State Educator Preparation and Licensure Board, or, for clarification purposes, the Department of State Police or the Statewide Sex Offender Database or Statewide Murderer and Violent Offender Against Youth Database. Any unauthorized release of confidential information may be a violation of Section 7 of the Criminal Identification Act.

No school that has obtained or seeks to obtain recognition status under this Section may knowingly allow a person to student teach who has been convicted of any offense that would subject him or her to license suspension or revocation pursuant to Section 21B-80 of this Code or who has been found to be the perpetrator of sexual or physical abuse of a minor under 18 years of age pursuant to proceedings under Article II of the Juvenile Court Act of 1987.

(d) Public purposes. The provisions of this Section are in the public interest, for the public benefit, and serve secular public purposes.

(e) Definition. For purposes of this Section, a non-public school means any non-profit, non-home-based, and non-public elementary or secondary school that is in compliance with Title VI of the Civil Rights Act of 1964 and attendance at which satisfies the requirements of Section 26-1 of this Code.

Sec. 10-21.9. Criminal history records checks and checks of the Statewide Sex Offender Database and Statewide Murderer and Violent Offender Against Youth Database.

(a) Certified and noncertified applicants for employment with a school district, except school bus driver applicants, are required as a condition of employment to authorize a fingerprint-based criminal history records check to determine if such applicants have been convicted of any of the enumerated criminal or drug offenses in subsection (c) of this Section or have been convicted, within 7 years of the application for employment with the school district, of any other felony under the laws of this State or of any offense committed or attempted in any other state or against the laws of the United States that, if committed or attempted in this State, would have been punishable as a felony under the laws of this State. Authorization for the check shall be furnished by the applicant to the school district, except that if the applicant is a substitute teacher seeking employment in more than one school district, a teacher seeking concurrent part-time employment positions with more than one school district (as a reading specialist, special education teacher or otherwise), or an educational support personnel employee seeking employment positions with more than one district, any such district may require the applicant to furnish authorization for the check to the regional superintendent of the educational service region in which are located the school districts in which the applicant is seeking employment as a substitute or concurrent educational support personnel employee. Upon receipt of this authorization, the school district or the appropriate regional superintendent, as the case may be, shall submit the applicant's name, sex, race, date of birth, social security number, fingerprint images, and other identifiers, as prescribed by the Department of State Police, to the Department. The regional superintendent submitting the requisite information to the Department of State Police shall promptly notify the school districts in which the applicant is seeking employment as a substitute or concurrent part-time teacher or concurrent educational support personnel employee that the check of the applicant has been requested. The Department of State Police and the Federal Bureau of Investigation shall furnish, pursuant to a fingerprint-based criminal history records check, records of convictions, forever and hereinafter, until expunged, to the president of the school board for the school district that requested the check, or to the regional superintendent who requested the

check. The Department shall charge the school district or the appropriate regional superintendent a fee for conducting such check, which fee shall be deposited in the State Police Services Fund and shall not exceed the cost of the inquiry; and the applicant shall not be charged a fee for such check by the school district or by the regional superintendent, except that those applicants seeking employment as a substitute teacher with a school district may be charged a fee not to exceed the cost of the inquiry. Subject to appropriations for these purposes, the State Superintendent of Education shall reimburse school districts and regional superintendents for fees paid to obtain criminal history records checks under this Section.

(a-5) The school district or regional superintendent shall further perform a check of the Statewide Sex Offender Database, as authorized by the Sex Offender Community Notification Law, for each applicant.

(a-6) The school district or regional superintendent shall further perform a check of the Statewide Murderer and Violent Offender Against Youth Database, as authorized by the Murderer and Violent Offender Against Youth Community Notification Law, for each applicant.

(b) Any information concerning the record of convictions obtained by the president of the school board or the regional superintendent shall be confidential and may only be transmitted to the superintendent of the school district or his designee, the appropriate regional superintendent if the check was requested by the school district, the presidents of the appropriate school boards if the check was requested from the Department of State Police by the regional superintendent, the State Superintendent of Education, the State Teacher Certification Board, any other person necessary to the decision of hiring the applicant for employment, or for clarification purposes to the Department of State Police or Statewide Sex Offender Database, or both. A copy of the record of convictions obtained from the Department of State Police shall be provided to the applicant for employment. Upon the check of the Statewide Sex Offender Database, the school district or regional superintendent shall notify an applicant as to whether or not the applicant has been identified in the Database as a sex offender. If a check of an applicant for employment as a substitute or concurrent part-time teacher or concurrent educational support personnel employee in more than one school district was requested by the regional superintendent, and the Department of State Police upon a check ascertains that the applicant has not been convicted of any of the enumerated criminal or drug offenses in subsection (c) or has not been convicted, within 7 years of the application for employment with the

school district, of any other felony under the laws of this State or of any offense committed or attempted in any other state or against the laws of the United States that, if committed or attempted in this State, would have been punishable as a felony under the laws of this State and so notifies the regional superintendent and if the regional superintendent upon a check ascertains that the applicant has not been identified in the Sex Offender Database as a sex offender, then the regional superintendent shall issue to the applicant a certificate evidencing that as of the date specified by the Department of State Police the applicant has not been convicted of any of the enumerated criminal or drug offenses in subsection (c) or has not been convicted, within 7 years of the application for employment with the school district, of any other felony under the laws of this State or of any offense committed or attempted in any other state or against the laws of the United States that, if committed or attempted in this State, would have been punishable as a felony under the laws of this State and evidencing that as of the date that the regional superintendent conducted a check of the Statewide Sex Offender Database, the applicant has not been identified in the Database as a sex offender. The school board of any school district may rely on the certificate issued by any regional superintendent to that substitute teacher, concurrent part-time teacher, or concurrent educational support personnel employee or may initiate its own criminal history records check of the applicant through the Department of State Police and its own check of the Statewide Sex Offender Database as provided in subsection (a).

Any unauthorized release of confidential information may be a violation of Section 7 of the Criminal Identification Act. Any person who releases any confidential information concerning any criminal convictions of an applicant for employment shall be guilty of a Class A misdemeanor, unless the release of such information is authorized by this Section.

(c) No school board shall knowingly employ a person who has been convicted of any offense that would subject him or her to license suspension or revocation pursuant to Section 21B-80 of this Code. Further, no school board shall knowingly employ a person who has been found to be the perpetrator of sexual or physical abuse of any minor under 18 years of age pursuant to proceedings under Article II of the Juvenile Court Act of 1987.

(d) No school board shall knowingly employ a person for whom a criminal history records check and a Statewide Sex Offender Database check has not been initiated.

(e) Upon receipt of the record of a conviction of or a finding of child abuse by a holder of any certificate issued pursuant to Article 21 or Section 34-8.1 or 34-83 of the School Code, the State Superintendent of Education may initiate certificate suspension and revocation proceedings as authorized by law.

(e-5) The superintendent of the employing school board shall, in writing, notify the State Superintendent of Education and the applicable regional superintendent of schools of any certificate holder whom he or she has reasonable cause to believe has committed an intentional act of abuse or neglect with the result of making a child an abused child or a neglected child, as defined in Section 3 of the Abused and Neglected Child Reporting Act, and that act resulted in the certificate holder's dismissal or resignation from the school district. This notification must be submitted within 30 days after the dismissal or resignation. The certificate holder must also be contemporaneously sent a copy of the notice by the superintendent. All correspondence, documentation, and other information so received by the regional superintendent of schools, the State Superintendent of Education, the State Board of Education, or the State Teacher Certification Board under this subsection (e-5) is confidential and must not be disclosed to third parties, except (i) as necessary for the State Superintendent of Education or his or her designee to investigate and prosecute pursuant to Article 21 of this Code, (ii) pursuant to a court order, (iii) for disclosure to the certificate holder or his or her representative, or (iv) as otherwise provided in this Article and provided that any such information admitted into evidence in a hearing is exempt from this confidentiality and non-disclosure requirement. Except for an act of willful or wanton misconduct, any superintendent who provides notification as required in this subsection (e-5) shall have immunity from any liability, whether civil or criminal or that otherwise might result by reason of such action.

(f) After January 1, 1990 the provisions of this Section shall apply to all employees of persons or firms holding contracts with any school district including, but not limited to, food service workers, school bus drivers and other transportation employees, who have direct, daily contact with the pupils of any school in such district. For purposes of criminal history records checks and checks of the Statewide Sex Offender Database on employees of persons or firms holding contracts with more than one school district and assigned to more than one school district, the regional superintendent of the educational service region in which the contracting
school districts are located may, at the request of any such school district, be responsible for receiving the authorization for a criminal history records check prepared by each such employee and submitting the same to the Department of State Police and for conducting a check of the Statewide Sex Offender Database for each employee. Any information concerning the record of conviction and identification as a sex offender of any such employee obtained by the regional superintendent shall be promptly reported to the president of the appropriate school board or school boards.

(f-5) Upon request of a school or school district, any information obtained by a school district pursuant to subsection (f) of this Section within the last year must be made available to the requesting school or school district.

(g) Prior to the commencement of any student teaching experience or required internship (which is referred to as student teaching in this Section), in order to student teach in the public schools, a student teacher is required to authorize a fingerprint-based criminal history records check and checks of the Statewide Sex Offender Database and Statewide Murderer and Violent Offender Against Youth Database prior to participating in any field experiences in the public schools. Authorization for and payment of the costs of the check checks must be furnished by the student teacher to the school district where the student teaching is to be completed. Upon receipt of this authorization and payment, the school district shall submit the student teacher’s name, sex, race, date of birth, social security number, fingerprint images, and other identifiers, as prescribed by the Department of State Police, to the Department of State Police. The Department of State Police and the Federal Bureau of Investigation shall furnish, pursuant to a fingerprint-based criminal history records check, records of convictions, forever and hereinafter, until expunged, to the president of the school board for the school district that requested the check. The school district shall further perform a check of the Statewide Sex Offender Database, as authorized by the Sex Offender Community Notification Law, and of the Statewide Murderer and Violent Offender Against Youth Database, as authorized by the Murderer and Violent Offender Against Youth Registration Act, for each student teacher. No school board may knowingly allow a person to student teach for whom a criminal history records check, a Statewide Sex Offender Database check, and a Statewide
Murderer and Violent Offender Against Youth Database check have not been completed and reviewed by the district. **Results of the checks must be furnished to the higher education institution where the student teacher is enrolled and the superintendent of the school district where the student is assigned.**

A copy of the record of convictions obtained from the Department of State Police must be provided to the student teacher. Any information concerning the record of convictions obtained by the president of the school board is confidential and may only be transmitted to the superintendent of the school district or his or her designee, the State Superintendent of Education, the State Educator Preparation and Licensure Board, or, for clarification purposes, the Department of State Police or the Statewide Sex Offender Database or Statewide Murderer and Violent Offender Against Youth Database. Any unauthorized release of confidential information may be a violation of Section 7 of the Criminal Identification Act.

Sec. 34-18.5. Criminal history records checks and checks of the Statewide Sex Offender Database and Statewide Murderer and Violent Offender Against Youth Database.

(a) Certified and noncertified applicants for employment with the school district are required as a condition of employment to authorize a fingerprint-based criminal history records check to determine if such applicants have been convicted of any of the enumerated criminal or drug offenses in subsection (c) of this Section or have been convicted, within 7
years of the application for employment with the school district, of any other felony under the laws of this State or of any offense committed or attempted in any other state or against the laws of the United States that, if committed or attempted in this State, would have been punishable as a felony under the laws of this State. Authorization for the check shall be furnished by the applicant to the school district, except that if the applicant is a substitute teacher seeking employment in more than one school district, or a teacher seeking concurrent part-time employment positions with more than one school district (as a reading specialist, special education teacher or otherwise), or an educational support personnel employee seeking employment positions with more than one district, any such district may require the applicant to furnish authorization for the check to the regional superintendent of the educational service region in which are located the school districts in which the applicant is seeking employment as a substitute or concurrent part-time teacher or concurrent educational support personnel employee. Upon receipt of this authorization, the school district or the appropriate regional superintendent, as the case may be, shall submit the applicant's name, sex, race, date of birth, social security number, fingerprint images, and other identifiers, as prescribed by the Department of State Police, to the Department. When making the State of Illinois a party to a foreclosure, summons may be served by sending, by registered or certified mail, a copy of the summons and the complaint to the Attorney General. The complaint shall set forth with particularity the nature of the interest or lien of the State of Illinois. (e) The "Health/Life Safety Code for Public Schools" shall be the governing code for public schools; however, the provisions of this Section shall not preclude inspection of school premises and buildings pursuant to Section 9 of the Fire Investigation Act, provided that the provisions of the "Health/Life Safety Code for Public Schools", or such predecessor document authorized by this Section as may be applicable are used, and provided that those inspections are coordinated with the Regional Superintendent having jurisdiction over the public school facility.

(f) Nothing in this Section shall be construed to prohibit the State Fire Marshal or a qualified fire official to whom the State Fire Marshal has
delegated his or her authority from conducting a fire safety check in a public school.

Sec. 2-3.25o. Registration and recognition of non-public elementary and secondary schools.

(a) Findings. The General Assembly finds and declares (i) that the Constitution of the State of Illinois provides that a "fundamental goal of the People of the State is the educational development of all persons to the limits of their capacities" and (ii) that the educational development of every school student serves the public purposes of the State. In order to ensure that all Illinois students and teachers have the opportunity to enroll and work in State-approved educational institutions and programs, the State Board of Education shall provide for the voluntary registration and recognition of non-public elementary and secondary schools.

(b) Registration. All non-public elementary and secondary schools in the State of Illinois may voluntarily register with the State Board of Education on an annual basis. Registration shall be completed in conformance with procedures prescribed by the State Board of Education. Information required for registration shall include assurances of
compliance (i) with federal and State laws regarding health examination and immunization, attendance, length of term, and nondiscrimination and (ii) with applicable fire and health safety requirements.

(c) Recognition. All non-public elementary and secondary schools in the State of Illinois may voluntarily seek the status of "Non-public School Recognition" from the State Board of Education. This status may be obtained by compliance with administrative guidelines and review procedures as prescribed by the State Board of Education. The guidelines and procedures must recognize that some of the aims and the financial bases of non-public schools are different from public schools and will not be identical to those for public schools, nor will they be more burdensome. The guidelines and procedures must also recognize the diversity of non-public schools and shall not impinge upon the noneducational relationships between those schools and their clientele.

(c-5) Prohibition against recognition. A non-public elementary or secondary school may not obtain "Non-public School Recognition" status unless the school requires all certified and non-certified applicants for employment with the school, after July 1, 2007, to authorize a fingerprint-based criminal history records check as a condition of employment to determine if such applicants have been convicted of any of the enumerated criminal or drug offenses set forth in Section 21B-80 21-23a of this Code or have been convicted, within 7 years of the application for employment, of any other felony under the laws of this State or of any offense committed or attempted in any other state or against the laws of the United States that, if committed or attempted in this State, would have been punishable as a felony under the laws of this State.

Authorization for the check shall be furnished by the applicant to the school, except that if the applicant is a substitute teacher seeking employment in more than one non-public school, a teacher seeking concurrent part-time employment positions with more than one non-public school (as a reading specialist, special education teacher, or otherwise), or an educational support personnel employee seeking employment positions with more than one non-public school, then only one of the non-public schools employing the individual shall request the authorization. Upon receipt of this authorization, the non-public school shall submit the applicant's name, sex, race, date of birth, social security number, fingerprint images, and other identifiers, as prescribed by the Department of State Police, to the Department of State Police.

The Department of State Police and Federal Bureau of Investigation shall furnish, pursuant to a fingerprint-based criminal history records check, records of convictions, forever and hereafter, until expunged, to the president or principal of the non-public school that requested the check. The Department of State Police shall charge that school a fee for conducting such check, which fee must be deposited into the State Police Services Fund and must not exceed the cost of the inquiry. Subject to appropriations for these purposes, the State Superintendent of Education shall reimburse non-public schools for fees paid to obtain criminal history records checks under this Section.

A non-public school may not obtain recognition status unless the school also performs a check of the Statewide Sex Offender Database, as authorized by the Sex Offender Community Notification Law, for each applicant for employment, after July 1, 2007, to determine whether the applicant has been adjudicated a sex offender.

Any information concerning the record of convictions obtained by a non-public school's president or principal under this Section is confidential and may be disseminated only to the governing body of the non-public school or any other person necessary to the decision of hiring the applicant for employment. A copy of the record of convictions obtained from the Department of State Police shall be provided to the applicant for employment. Upon a check of the Statewide Sex Offender Database, the non-public school shall notify the applicant as to whether or not the applicant has been identified in the Sex Offender Database as a sex offender. Any information concerning the records of conviction obtained by the non-public school's president or principal under this Section for a substitute teacher seeking employment in more than one non-public school, a teacher seeking concurrent part-time employment positions with more than one non-public school (as a reading specialist, special education teacher, or otherwise), or an educational support personnel employee seeking employment positions with more than one non-public school may be shared with another non-public school's principal or president to which the applicant seeks employment. Any person who releases any criminal history record information concerning an applicant for employment is guilty of a Class A misdemeanor and may be subject to prosecution under federal law, unless the release of such information is authorized by this Section.

No non-public school may obtain recognition status that knowingly employs a person, hired after July 1, 2007, for whom a Department of
State Police and Federal Bureau of Investigation fingerprint-based criminal history records check and a Statewide Sex Offender Database check has not been initiated or who has been convicted of any offense enumerated in Section 21B-80 of this Code or any offense committed or attempted in any other state or against the laws of the United States that, if committed or attempted in this State, would have been punishable as one or more of those offenses. No non-public school may obtain recognition status under this Section that knowingly employs a person who has been found to be the perpetrator of sexual or physical abuse of a minor under 18 years of age pursuant to proceedings under Article II of the Juvenile Court Act of 1987.

In order to obtain recognition status under this Section, a non-public school must require compliance with the provisions of this subsection (c-5) from all employees of persons or firms holding contracts with the school, including, but not limited to, food service workers, school bus drivers, and other transportation employees, who have direct, daily contact with pupils. Any information concerning the records of conviction or identification as a sex offender of any such employee obtained by the non-public school principal or president must be promptly reported to the school's governing body.

(d) Public purposes. The provisions of this Section are in the public interest, for the public benefit, and serve secular public purposes.

(e) Definition. For purposes of this Section, a non-public school means any non-profit, non-home-based, and non-public elementary or secondary school that is in compliance with Title VI of the Civil Rights Act of 1964 and attendance at which satisfies the requirements of Section 26-1 of this Code.

(4) Provide for the maximum practical involvement of parents of bilingual children, transitional bilingual education teachers, representatives of community groups, educators, and laymen knowledgeable in the field of bilingual education in the formulation of policy and procedures relating to the administration of Article 14C of this Code.

(5) Consult with other public departments and agencies, including but not limited to the Department of Community Affairs, the Department of Public Welfare, the Division of Employment Security, the Commission Against Discrimination, and the United States Department of Health, Education, and Welfare in connection with the administration of Article 14C of this Code.

(6) Make recommendations in the areas of preservice and inservice training for transitional bilingual education teachers, curriculum development, testing and testing mechanisms, and the development of materials for transitional bilingual education programs.

(7) Undertake any further activities which may assist in the full implementation of Article 14C of this Code and to make an annual report to the General Assembly to include an evaluation of the program, the need for continuing such a program, and recommendations for improvement.

The requirement for reporting to the General Assembly shall be satisfied by filing copies of the report with the Speaker, the Minority Leader and the Clerk of the House of Representatives and the President, the Minority Leader and the Secretary of the Senate and the Legislative Research Unit, as required by Section 3.1 of "An Act to revise the law in relation to the General Assembly", approved February 25, 1874, as amended, and filing such additional copies with the State Government Report Distribution Center for the General Assembly as is required under paragraph (t) of Section 7 of the State Library Act.

Services to be made available by such centers shall include the planning, implementation and evaluation of:

(2) computer technology education;
(3) mathematics, science and reading resources for teachers including continuing education, inservice training and staff development.

The centers may provide training, technical assistance, coordination and planning in other program areas such as school improvement, school accountability, financial planning, consultation, and services, career guidance, early childhood education, alcohol/drug education and prevention, family life - sex education, electronic transmission of data from school districts to the State, alternative education and regional special education, and telecommunications systems that provide distance learning. Such telecommunications systems may be obtained through the Department of Central Management Services pursuant to Section 405-270 of the Department of Central Management Services Law (20 ILCS 405/405-270). The programs and services of educational service centers may be offered to private school teachers and private school students within each service center area provided public schools have already been afforded adequate access to such programs and services.

Upon the abolition of the office, removal from office, disqualification for office, resignation from office, or expiration of the current term of office of the regional superintendent of schools, whichever is earlier, the chief administrative officer of the centers serving that portion of a Class II county school unit outside of a city of 500,000 or more inhabitants shall have and exercise, in and with respect to each educational service region having a population of 2,000,000 or more inhabitants and in and with respect to each school district located in any such educational service region, all of the rights, powers, duties, and responsibilities theretofore vested by law in and exercised and performed by the regional superintendent of schools for that area under the provisions of this Code or any other laws of this State.

The State Board of Education shall promulgate rules and regulations necessary to implement this Section. The rules shall include detailed standards which delineate the scope and specific content of programs to be provided by each Educational Service Center, as well as the specific planning, implementation and evaluation services to be provided by each Center relative to its programs. The Board shall also provide the standards by which it will evaluate the programs provided by each Center.

(b) Centers serving Class 1 county school units shall be governed by an 11-member board, 3 members of which shall be public school teachers nominated by the local bargaining representatives to the appropriate regional superintendent for appointment and no more than 3 members of which shall be from each of the following categories, including but not limited to superintendents, regional superintendents, school board members and a representative of an institution of higher education. The members of the board shall be appointed by the regional superintendents whose school districts are served by the educational service center. The composition of the board will reflect the revisions of this amendatory Act of 1989 as the terms of office of current members expire.

(c) The centers shall be of sufficient size and number to assure delivery of services to all local school districts in the State.

(d) From monies appropriated for this program the State Board of Education shall provide grants paid from the Personal Property Tax Replacement Fund to qualifying Educational Service Centers applying for such grants in accordance with rules and regulations promulgated by the State Board of Education to implement this Section.

(e) The governing authority of each of the 18 regional educational service centers shall appoint a family life - sex education advisory board consisting of 2 parents, 2 teachers, 2 school administrators, 2 school board members, 2 health care professionals, one library system representative, and the director of the regional educational service center who shall serve as chairperson of the advisory board so appointed. Sec. 2-3.64a-5. State goals and assessment.
(a) For the assessment and accountability purposes of this Section, "students" includes those students enrolled in a public or State-operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control, a charter school operating in compliance with the Charter Schools Law, a school operated by a regional office of education under Section 13A-3 of this Code, or a public school administered by a local public agency or the Department of Human Services.

(b) The State Board of Education shall establish the academic standards that are to be applicable to students who are subject to State assessments under this Section. The State Board of Education shall not establish any such standards in final form without first providing opportunities for public participation and local input in the development of the final academic standards. Those opportunities shall include a well-publicized period of public comment and opportunities to file written comments.

(c) Beginning no later than the 2014-2015 school year, the State Board of Education shall annually assess all students enrolled in grades 3 through 8 in English language arts and mathematics.

Beginning no later than the 2017-2018 school year, the State Board of Education shall annually assess all students in science at one grade in
grades 3 through 5, at one grade in grades 6 through 8, and at one grade in
grades 9 through 12.

The State Board of Education shall annually assess schools that
operate a secondary education program, as defined in Section 22-22 of this
Code, in English language arts and mathematics. The State Board of
Education shall administer no more than 3 assessments, per student, of
English language arts and mathematics for students in a secondary
education program. One of these assessments shall include a college and
career ready determination.

Students who are not assessed for college and career ready
determinations may not receive a regular high school diploma unless the
student is exempted from taking State assessments under subsection (d) of
this Section because (i) the student's individualized educational program
developed under Article 14 of this Code identifies the State assessment as
inappropriate for the student, (ii) the student is enrolled in a program of
adult and continuing education, as defined in the Adult Education Act, (iii)
the school district is not required to assess the individual student for
purposes of accountability under federal No Child Left Behind Act of
2001 requirements, (iv) the student has been determined to be an English
language learner, referred to in this Code as a student with limited English
proficiency, and has been enrolled in schools in the United States for less
than 12 months, or (v) the student is otherwise identified by the State
Board of Education, through rules, as being exempt from the assessment.

The State Board of Education shall not assess students under this
Section in subjects not required by this Section.

Districts shall inform their students of the timelines and procedures
applicable to their participation in every yearly administration of the State
assessments. The State Board of Education shall establish periods of time
in each school year during which State assessments shall occur to meet the
objectives of this Section.

(d) Every individualized educational program as described in
Article 14 shall identify if the State assessment or components thereof are
appropriate for the student. The State Board of Education shall develop
rules governing the administration of an alternate assessment that may be
available to students for whom participation in this State's regular
assessments is not appropriate, even with accommodations as allowed
under this Section.

educational programs identify them as eligible for the alternative State

assessments nevertheless shall have the option of taking this State's regular assessment that includes a college and career ready determination, which shall be administered in accordance with the eligible accommodations appropriate for meeting these students' respective needs.

All students determined to be an English language learner, referred to in this Code as a student with limited English proficiency, shall participate in the State assessments, excepting those students who have been enrolled in schools in the United States for less than 12 months. Such students may be exempted from participation in one annual administration of the English language arts assessment. Any student determined to be an English language learner, referred to in this Code as a student with limited English proficiency, shall receive appropriate assessment accommodations, including language supports, which shall be established by rule. Approved assessment accommodations must be provided until the student's English language skills develop to the extent that the student is no longer considered to be an English language learner, referred to in this Code as a student with limited English proficiency, as demonstrated through a State-identified English language proficiency assessment.

(e) The results or scores of each assessment taken under this Section shall be made available to the parents of each student.

In each school year, the scores attained by a student on the State assessment that includes a college and career ready determination must be placed in the student's permanent record and must be entered on the student's transcript pursuant to rules that the State Board of Education shall adopt for that purpose in accordance with Section 3 of the Illinois School Student Records Act. In each school year, the scores attained by a student on the State assessments administered in grades 3 through 8 must be placed in the student's temporary record.

(f) All schools shall administer an academic assessment of English language proficiency in oral language (listening and speaking) and reading and writing skills to all children determined to be English language learners, referred to in Section 14C-3 of this Code as children with limited English-speaking ability.

(g) All schools in this State that are part of the sample drawn by the National Center for Education Statistics, in collaboration with their school districts and the State Board of Education, shall administer the biennial academic assessments under the National Assessment of Educational Progress carried out under Section 411(b)(2) of the federal National
Education Statistics Act of 1994 (20 U.S.C. 9010) if the U.S. Secretary of Education pays the costs of administering the assessments.

(h) Subject to available funds to this State for the purpose of student assessment, the State Board of Education shall provide additional assessments and assessment resources that may be used by school districts for local assessment purposes. The State Board of Education shall annually distribute a listing of these additional resources.

(i) For the purposes of this subsection (i), "academically based assessments" means assessments consisting of questions and answers that are measurable and quantifiable to measure the knowledge, skills, and ability of students in the subject matters covered by the assessments. All assessments administered pursuant to this Section must be academically based assessments. The scoring of academically based assessments shall be reliable, valid, and fair and shall meet the guidelines for assessment development and use prescribed by the American Psychological Association, the National Council on Measurement in Education, and the American Educational Research Association.

The State Board of Education shall review the use of all assessment item types in order to ensure that they are valid and reliable indicators of student performance aligned to the learning standards being assessed and that the development, administration, and scoring of these item types are justifiable in terms of cost.

(j) The State Superintendent of Education shall appoint a committee of no more than 21 members, consisting of parents, teachers, school administrators, school board members, assessment experts, regional superintendents of schools, and citizens, to review the State assessments administered by the State Board of Education. The Committee shall select one of its members as its chairperson. The Committee shall meet on an ongoing basis to review the content and design of the assessments (including whether the requirements of subsection (i) of this Section have been met), the time and money expended at the local and State levels to prepare for and administer the assessments, the collective results of the assessments as measured against the stated purpose of assessing student performance, and other issues involving the assessments identified by the Committee. The Committee shall make periodic recommendations to the State Superintendent of Education and the General Assembly concerning the assessments.

(k) The State Board of Education may adopt rules to implement this Section.
Sec. 2-3.162. Student discipline report; school discipline improvement plan.

(a) On or before October 31, 2015 and on or before October 31 of each subsequent year, the State Board of Education, through the State Superintendent of Education, shall prepare a report on student discipline in all school districts in this State, including State-authorized charter schools. This report shall include data from all public schools within school districts, including district-authorized charter schools. This report must be posted on the Internet website of the State Board of Education. The report shall include data on the issuance of out-of-school suspensions, expulsions, and removals to alternative settings in lieu of another disciplinary action, disaggregated by race and ethnicity, gender, age, grade level, whether a student is an English learner or has limited English proficiency, incident type, and discipline duration.

(b) The State Board of Education shall analyze the data under subsection (a) of this Section on an annual basis and determine the top 20% of school districts for the following metrics:

1. Total number of out-of-school suspensions divided by the total district enrollment by the last school day in September for the year in which the data was collected, multiplied by 100.

2. Total number of out-of-school expulsions divided by the total district enrollment by the last school day in September for the year in which the data was collected, multiplied by 100.

3. Racial disproportionality, defined as the overrepresentation of students of color or white students in comparison to the total number of students of color or white students on October 1st of the school year in which data are collected, with respect to the use of out-of-school suspensions and expulsions, which must be calculated using the same method as the U.S. Department of Education's Office for Civil Rights uses.

The analysis must be based on data collected over 3 consecutive school years, beginning with the 2014-2015 school year.

Beginning with the 2017-2018 school year, the State Board of Education shall require each of the school districts that are identified in the top 20% of any of the metrics described in this subsection (b) for 3 consecutive years to submit a plan identifying the strategies the school
public act 99-0030

This plan may be combined with any other improvement plans required under federal or State law.

The calculation of the top 20% of any of the metrics described in this subsection (b) shall exclude all school districts, State-authorized charter schools, and special charter districts that issued fewer than a total of 10 out-of-school suspensions or expulsions, whichever is applicable, during the school year. The calculation of the top 20% of metric described in subdivision (3) of this subsection (b) shall exclude all school districts with an enrollment of fewer than 50 white students or fewer than 50 students of color.

The plan must be approved at a public school board meeting and posted on the school district's Internet website. Within one year after being identified, the school district shall submit to the State Board of Education and post on the district's Internet website a progress report describing the implementation of the plan and the results achieved.

No one is eligible to file his petition at any primary election for the nomination as candidate for the office of regional superintendent of schools nor to enter upon the duties of such office either by election or appointment unless he possesses the following qualifications: (1) he is of good character, (2) he has a master's degree, (3) he has earned at least 20

No petition of any candidate for nomination for the office of regional superintendent of schools may be filed and no such candidate's name may be placed on a primary or general election ballot, unless such candidate files as part of his petition a certificate from the State Board of Education certifying that from the records of its office such candidate has the qualifications required by this Section; however, any incumbent filing his petition for nomination for a succeeding term of office shall not be required to attach such certificate to his petition of candidacy.

Nomination papers filed under this Section are not valid unless the candidate named therein files with the county clerk or State Board of Elections a statement of economic interests as required by the Illinois Governmental Ethics Act. Such receipt shall be so filed either previously during the calendar year in which his nomination papers were filed or within the period for the filing of nomination papers in accordance with the general election law.

The changes in qualifications made by Public Act 76-1563 do not affect the right of an incumbent to seek reelection.

On and after July 1, 1994, the provisions of this Section shall have no application in any educational service region having a population of 2,000,000 or more inhabitants; provided further that no election shall be held in November of 1994 or at any other time after July 1, 1992 for the office of regional superintendent of schools in any county or educational service region having a population of 2,000,000 or more inhabitants.

(b) Subject to appropriation, funding for civic education professional development for high school teachers must be provided by line item appropriation made to the State Board of Education for that purpose. When appropriated, the State Board of Education must provide this funding to each regional superintendent of schools based on high school enrollment as reported on the State Board of Education's most recent fall enrollment and housing report, except that 20% of each annual appropriation must be reserved for a school district organized under Article 34 of this Code.

(c) In order to establish eligibility for one or more of its schools to receive funding under this Section, a school district shall submit to its regional superintendent of schools an application, accompanied by a completed civic audit, for each school. A regional superintendent shall award funds to a district based on the number of teachers identified by the district to receive professional development multiplied by $250. A district must not be awarded more than $3,000 in any year, unless additional funds remain available after all eligible applicants have received funding. If the district posts the report card on its Internet web site, the district shall send a written notice home to parents stating (i) that the report card is available on the web site, (ii) the address of the web site, (iii) that a printed copy of the report card will be sent to parents upon request, and (iv) the telephone number that parents may call to request a printed copy of the report card.

(a) The State Board of Education shall make rules under which local school boards shall determine the eligibility of children to receive special education. Such rules shall ensure that a free appropriate public education be available to all children with disabilities as defined in Section 14-1.02. The State Board of Education shall require local school districts to administer non-discriminatory procedures or tests to limited English learners proficiency students coming from homes in which a language other than English is used to determine their eligibility to receive special education. The placement of low English proficiency students in special education programs and facilities shall be made in accordance with the test results reflecting the student's linguistic, cultural and special education needs. For purposes of determining the eligibility of children the State

Board of Education shall include in the rules definitions of "case study", "staff conference", "individualized educational program", and "qualified specialist" appropriate to each category of children with disabilities as defined in this Article. For purposes of determining the eligibility of children from homes in which a language other than English is used, the State Board of Education shall include in the rules definitions for "qualified bilingual specialists" and "linguistically and culturally appropriate individualized educational programs". For purposes of this Section, as well as Sections 14-8.02a, 14-8.02b, and 14-8.02c of this Code, "parent" means a parent as defined in the federal Individuals with Disabilities Education Act (20 U.S.C. 1401(23)).

(b) No child shall be eligible for special education facilities except with a carefully completed case study fully reviewed by professional personnel in a multidisciplinary staff conference and only upon the recommendation of qualified specialists or a qualified bilingual specialist, if available. At the conclusion of the multidisciplinary staff conference, the parent of the child shall be given a copy of the multidisciplinary conference summary report and recommendations, which includes options considered, and be informed of their right to obtain an independent educational evaluation if they disagree with the evaluation findings conducted or obtained by the school district. If the school district's evaluation is shown to be inappropriate, the school district shall reimburse the parent for the cost of the independent evaluation. The State Board of Education shall, with advice from the State Advisory Council on Education of Children with Disabilities on the inclusion of specific independent educational evaluators, prepare a list of suggested independent educational evaluators. The State Board of Education shall include on the list clinical psychologists licensed pursuant to the Clinical Psychologist Licensing Act. Such psychologists shall not be paid fees in excess of the amount that would be received by a school psychologist for performing the same services. The State Board of Education shall supply school districts with such list and make the list available to parents at their request. School districts shall make the list available to parents at the time they are informed of their right to obtain an independent educational evaluation. However, the school district may initiate an impartial due process hearing under this Section within 5 days of any written parent request for an independent educational evaluation to show that its evaluation is appropriate. If the final decision is that the evaluation is appropriate, the parent still has a right to an independent educational evaluation.
evaluation, but not at public expense. An independent educational evaluation at public expense must be completed within 30 days of a parent written request unless the school district initiates an impartial due process hearing or the parent or school district offers reasonable grounds to show that such 30 day time period should be extended. If the due process hearing decision indicates that the parent is entitled to an independent educational evaluation, it must be completed within 30 days of the decision unless the parent or the school district offers reasonable grounds to show that such 30 day period should be extended. If a parent disagrees with the summary report or recommendations of the multidisciplinary conference or the findings of any educational evaluation which results therefrom, the school district shall not proceed with a placement based upon such evaluation and the child shall remain in his or her regular classroom setting. No child shall be eligible for admission to a special class for the educable mentally disabled or for the trainable mentally disabled except with a psychological evaluation and recommendation by a school psychologist. Consent shall be obtained from the parent of a child before any evaluation is conducted. If consent is not given by the parent or if the parent disagrees with the findings of the evaluation, then the school district may initiate an impartial due process hearing under this Section. The school district may evaluate the child if that is the decision resulting from the impartial due process hearing and the decision is not appealed or if the decision is affirmed on appeal. The determination of eligibility shall be made and the IEP meeting shall be completed within 60 school days from the date of written parental consent. In those instances when written parental consent is obtained with fewer than 60 pupil attendance days left in the school year, the eligibility determination shall be made and the IEP meeting shall be completed prior to the first day of the following school year. Special education and related services must be provided in accordance with the student's IEP no later than 10 school attendance days after notice is provided to the parents pursuant to Section 300.503 of Title 34 of the Code of Federal Regulations and implementing rules adopted by the State Board of Education. The appropriate program pursuant to the individualized educational program of students whose native tongue is a language other than English shall reflect the special education, cultural and linguistic needs. No later than September 1, 1993, the State Board of Education shall establish standards for the development, implementation and monitoring of appropriate bilingual special individualized educational programs. The State Board of Education shall further incorporate

appropriate monitoring procedures to verify implementation of these standards. The district shall indicate to the parent and the State Board of Education the nature of the services the child will receive for the regular school term while waiting placement in the appropriate special education class.

If the child is deaf, hard of hearing, blind, or visually impaired and he or she might be eligible to receive services from the Illinois School for the Deaf or the Illinois School for the Visually Impaired, the school district shall notify the parents, in writing, of the existence of these schools and the services they provide and shall make a reasonable effort to inform the parents of the existence of other, local schools that provide similar services and the services that these other schools provide. This notification shall include without limitation information on school services, school admissions criteria, and school contact information.

In the development of the individualized education program for a student who has a disability on the autism spectrum (which includes autistic disorder, Asperger's disorder, pervasive developmental disorder not otherwise specified, childhood disintegrative disorder, and Rett Syndrome, as defined in the Diagnostic and Statistical Manual of Mental Disorders, fourth edition (DSM-IV, 2000)), the IEP team shall consider all of the following factors:

1. The verbal and nonverbal communication needs of the child.
2. The need to develop social interaction skills and proficiencies.
3. The needs resulting from the child's unusual responses to sensory experiences.
4. The needs resulting from resistance to environmental change or change in daily routines.
5. The needs resulting from engagement in repetitive activities and stereotyped movements.
6. The need for any positive behavioral interventions, strategies, and supports to address any behavioral difficulties resulting from autism spectrum disorder.
7. Other needs resulting from the child's disability that impact progress in the general curriculum, including social and emotional development.
Public Act 95-257 does not create any new entitlement to a service, program, or benefit, but must not affect any entitlement to a service, program, or benefit created by any other law.

If the student may be eligible to participate in the Home-Based Support Services Program for Mentally Disabled Adults authorized under the Developmental Disability and Mental Disability Services Act upon becoming an adult, the student's individualized education program shall include plans for (i) determining the student's eligibility for those home-based services, (ii) enrolling the student in the program of home-based services, and (iii) developing a plan for the student's most effective use of the home-based services after the student becomes an adult and no longer receives special educational services under this Article. The plans developed under this paragraph shall include specific actions to be taken by specified individuals, agencies, or officials.

(c) In the development of the individualized education program for a student who is functionally blind, it shall be presumed that proficiency in Braille reading and writing is essential for the student's satisfactory educational progress. For purposes of this subsection, the State Board of Education shall determine the criteria for a student to be classified as functionally blind. Students who are not currently identified as functionally blind who are also entitled to Braille instruction include: (i) those whose vision loss is so severe that they are unable to read and write at a level comparable to their peers solely through the use of vision, and (ii) those who show evidence of progressive vision loss that may result in functional blindness. Each student who is functionally blind shall be entitled to Braille reading and writing instruction that is sufficient to enable the student to communicate with the same level of proficiency as other students of comparable ability. Instruction should be provided to the extent that the student is physically and cognitively able to use Braille. Braille instruction may be used in combination with other special education services appropriate to the student's educational needs. The assessment of each student who is functionally blind for the purpose of developing the student's individualized education program shall include documentation of the student's strengths and weaknesses in Braille skills. Each person assisting in the development of the individualized education program for a student who is functionally blind shall receive information describing the benefits of Braille instruction. The individualized education program for each student who is functionally blind shall specify the appropriate learning medium or media based on the assessment report.

(d) To the maximum extent appropriate, the placement shall provide the child with the opportunity to be educated with children who are not disabled; provided that children with disabilities who are recommended to be placed into regular education classrooms are provided with supplementary services to assist the children with disabilities to benefit from the regular classroom instruction and are included on the teacher's regular education class register. Subject to the limitation of the preceding sentence, placement in special classes, separate schools or other removal of the disabled child from the regular educational environment shall occur only when the nature of the severity of the disability is such that education in the regular classes with the use of supplementary aids and services cannot be achieved satisfactorily. The placement of limited English learners proficiency students with disabilities shall be in non-restrictive environments which provide for integration with non-disabled peers in bilingual classrooms. Annually, each January, school districts shall report data on students from non-English speaking backgrounds receiving special education and related services in public and private facilities as prescribed in Section 2-3.30. If there is a disagreement between parties involved regarding the special education placement of any child, either in-state or out-of-state, the placement is subject to impartial due process procedures described in Article 10 of the Rules and Regulations to Govern the Administration and Operation of Special Education.

(e) No child who comes from a home in which a language other than English is the principal language used may be assigned to any class or program under this Article until he has been given, in the principal language used by the child and used in his home, tests reasonably related to his cultural environment. All testing and evaluation materials and procedures utilized for evaluation and placement shall not be linguistically, racially or culturally discriminatory.

(f) Nothing in this Article shall be construed to require any child to undergo any physical examination or medical treatment whose parents object thereto on the grounds that such examination or treatment conflicts with his religious beliefs.

(g) School boards or their designee shall provide to the parents of a child prior written notice of any decision (a) proposing to initiate or change, or (b) refusing to initiate or change, the identification, evaluation, or educational placement of the child or the provision of a free appropriate public education to their child, and the reasons therefor. Such written

notification shall also inform the parent of the opportunity to present complaints with respect to any matter relating to the educational placement of the student, or the provision of a free appropriate public education and to have an impartial due process hearing on the complaint. The notice shall inform the parents in the parents' native language, unless it is clearly not feasible to do so, of their rights and all procedures available pursuant to this Act and the federal Individuals with Disabilities Education Improvement Act of 2004 (Public Law 108-446); it shall be the responsibility of the State Superintendent to develop uniform notices setting forth the procedures available under this Act and the federal Individuals with Disabilities Education Improvement Act of 2004 (Public Law 108-446) to be used by all school boards. The notice shall also inform the parents of the availability upon request of a list of free or low-cost legal and other relevant services available locally to assist parents in initiating an impartial due process hearing. Any parent who is deaf, or does not normally communicate using spoken English, who participates in a meeting with a representative of a local educational agency for the purposes of developing an individualized educational program shall be entitled to the services of an interpreter.

(g-5) For purposes of this subsection (g-5), "qualified professional" means an individual who holds credentials to evaluate the child in the domain or domains for which an evaluation is sought or an intern working under the direct supervision of a qualified professional, including a master's or doctoral degree candidate.

To ensure that a parent can participate fully and effectively with school personnel in the development of appropriate educational and related services for his or her child, the parent, an independent educational evaluator, or a qualified professional retained by or on behalf of a parent or child must be afforded reasonable access to educational facilities, personnel, classrooms, and buildings and to the child as provided in this subsection (g-5). The requirements of this subsection (g-5) apply to any public school facility, building, or program and to any facility, building, or program supported in whole or in part by public funds. Prior to visiting a school, school building, or school facility, the parent, independent educational evaluator, or qualified professional may be required by the school district to inform the building principal or supervisor in writing of the proposed visit, the purpose of the visit, and the approximate duration of the visit. The visitor and the school district shall arrange the visit or visits at times that are mutually agreeable. Visitors shall comply with

school safety, security, and visitation policies at all times. School district visitation policies must not conflict with this subsection (g-5). Visitors shall be required to comply with the requirements of applicable privacy laws, including those laws protecting the confidentiality of education records such as the federal Family Educational Rights and Privacy Act and the Illinois School Student Records Act. The visitor shall not disrupt the educational process.

(1) A parent must be afforded reasonable access of sufficient duration and scope for the purpose of observing his or her child in the child's current educational placement, services, or program or for the purpose of visiting an educational placement or program proposed for the child.

(2) An independent educational evaluator or a qualified professional retained by or on behalf of a parent or child must be afforded reasonable access of sufficient duration and scope for the purpose of conducting an evaluation of the child, the child's performance, the child's current educational program, placement, services, or environment, or any educational program, placement, services, or environment proposed for the child, including interviews of educational personnel, child observations, assessments, tests or assessments of the child's educational program, services, or placement or of any proposed educational program, services, or placement. If one or more interviews of school personnel are part of the evaluation, the interviews must be conducted at a mutually agreed upon time, date, and place that do not interfere with the school employee's school duties. The school district may limit interviews to personnel having information relevant to the child's current educational services, program, or placement or to a proposed educational service, program, or placement.

Sec. 14-9.01. Qualifications of teachers, other professional personnel and necessary workers. No person shall be employed to teach any class or program authorized by this Article who does not hold a valid teacher's license certificate as provided by law and unless he has had such special training as the State Board of Education may require. No special license certificate or endorsement to a special license certificate issued under Section 21B-30 of this Code on or after July 1, 1994, shall be valid for teaching students with visual disabilities unless the person to whom the license certificate or endorsement is issued has attained satisfactory performance on an examination that is designed to assess competency in Braille reading and writing skills according to standards that the State Board of Education may adopt. Evidence of successfully completing the examination of Braille reading and writing skills must be submitted to the State Board of Education prior to an applicant's taking examination of the content area subject matter knowledge test required under Section 21B-30 of this Code.

In Beginning July 1, 1995, in addition to other requirements, a candidate for a teaching license certification in the area of the deaf and hard of hearing granted by the Illinois State Board of Education for teaching deaf and hard of hearing students in grades pre-school through grade 12 must demonstrate a minimum proficiency in sign language as determined by the Illinois State Board of Education. All other professional personnel employed in any class, service, or program authorized by this Article shall hold such licenses certificates and shall have had such special training as the State Board of Education may require; provided that in a school district organized under Article 34, the school district may employ speech and language pathologists who are licensed under the Illinois Speech-Language Pathology and Audiology Practice Act but who do not hold a license certificate issued under this the School Code if the district certifies that a chronic shortage of certified personnel exists. Nothing contained in this Act prohibits the school board from employing necessary workers to assist the teacher with the special educational facilities, except that all such necessary workers must have had such training as the State Board of Education may require.

(105 ILCS 5/14C-1) (from Ch. 122, par. 14C-1)

Sec. 14C-1. The General Assembly finds that there are large numbers of children in this State who come from environments where the primary language is other than English. Experience has shown that public school classes in which instruction is given only in English are often inadequate for the education of children whose native tongue is another language. The General Assembly believes that a program of transitional bilingual education can meet the needs of these children and facilitate their integration into the regular public school curriculum. Therefore, pursuant to the policy of this State to ensure equal educational opportunity to every child, and in recognition of the educational needs of English learners children of limited English-speaking ability, it is the purpose of this Act to provide for the establishment of transitional bilingual education programs in the public schools, to provide supplemental financial assistance to help local school districts meet the extra costs of such programs, and to allow this State to directly or indirectly provide technical assistance and professional development to support transitional bilingual education programs statewide.

Sec. 14C-3. Language classification of children; establishment of program; period of participation; examination. Each school district shall ascertain, not later than the first day of March, under regulations prescribed by the State Board, the number of English learners children of limited English-speaking ability within the school district, and shall classify them according to the language of which they possess a primary speaking ability, and their grade level, age or achievement level.

enrolled in existing private school systems, 20 or more English learners children of limited English-speaking ability in any such language classification, the school district shall establish, for each classification, a program in transitional bilingual education for the children therein. A school district may establish a program in transitional bilingual education with respect to any classification with less than 20 children therein, but should a school district decide not to establish such a program, the school district shall provide a locally determined transitional program of instruction which, based upon an individual student language assessment, provides content area instruction in a language other than English to the extent necessary to ensure that each student can benefit from educational instruction and achieve an early and effective transition into the regular school curriculum.

Every school-age English learner child of limited English-speaking ability not enrolled in existing private school systems shall be enrolled and participate in the program in transitional bilingual education established for the classification to which he belongs by the school district in which he resides for a period of 3 years or until such time as he achieves a level of English language skills which will enable him to perform successfully in classes in which instruction is given only in English, whichever shall first occur.

No school district shall transfer an English learner a child of limited English-speaking ability out of a program in transitional bilingual education prior to his third year of enrollment therein unless the parents of the child approve the transfer in writing, and unless the child has received a score on said examination which, in the determination of the State Board, reflects a level of English language skills appropriate to his or her grade level.

Sec. 27A-5. Charter school; legal entity; requirements.

(a) A charter school shall be a public, nonsectarian, nonreligious, non-home based, and non-profit school. A charter school shall be organized and operated as a nonprofit corporation or other discrete, legal, nonprofit entity authorized under the laws of the State of Illinois.

(b) A charter school may be established under this Article by creating a new school or by converting an existing public school or attendance center to charter school status. Beginning on the effective date of this amendatory Act of the 93rd General Assembly, in all new applications to establish a charter school in a city having a population exceeding 500,000, operation of the charter school shall be limited to one campus. The changes made to this Section by this amendatory Act of the 93rd General Assembly do not apply to charter schools existing or approved on or before the effective date of this amendatory Act.

(b-5) In this subsection (b-5), "virtual-schooling" means a cyber school where students engage in online curriculum and instruction via the Internet and electronic communication with their teachers at remote locations and with students participating at different times.

From April 1, 2013 through December 31, 2016, there is a moratorium on the establishment of charter schools with virtual-schooling components in school districts other than a school district organized under Article 34 of this Code. This moratorium does not apply to a charter
school with virtual-schooling components existing or approved prior to April 1, 2013 or to the renewal of the charter of a charter school with virtual-schooling components already approved prior to April 1, 2013.

On or before March 1, 2014, the Commission shall submit to the General Assembly a report on the effect of virtual-schooling, including without limitation the effect on student performance, the costs associated with virtual-schooling, and issues with oversight. The report shall include policy recommendations for virtual-schooling.

(c) A charter school shall be administered and governed by its board of directors or other governing body in the manner provided in its charter. The governing body of a charter school shall be subject to the Freedom of Information Act and the Open Meetings Act.

(d) A charter school shall comply with all applicable health and safety requirements applicable to public schools under the laws of the State of Illinois.

(e) Except as otherwise provided in the School Code, a charter school shall not charge tuition; provided that a charter school may charge reasonable fees for textbooks, instructional materials, and student activities.

(f) A charter school shall be responsible for the management and operation of its fiscal affairs including, but not limited to, the preparation of its budget. An audit of each charter school's finances shall be conducted annually by an outside, independent contractor retained by the charter school. To ensure financial accountability for the use of public funds, on or before December 1 of every year of operation, each charter school shall submit to its authorizer and the State Board a copy of its audit and a copy of the Form 990 the charter school filed that year with the federal Internal Revenue Service. In addition, if deemed necessary for proper financial oversight of the charter school, an authorizer may require quarterly financial statements from each charter school.

(g) A charter school shall comply with all provisions of this Article, the Illinois Educational Labor Relations Act, all federal and State laws and rules applicable to public schools that pertain to special education and the instruction of English language learners, referred to in this Code as "children of limited English-speaking ability"; and its charter. A charter school is exempt from all other State laws and regulations in this Code governing public schools and local school board policies, except the following:

However, a charter school that is established on or after the effective date of this amendatory Act of the 93rd General Assembly and that operates in a city having a population exceeding 500,000 may not contract with a for-profit entity to manage or operate the school during the period that commences on the effective date of this amendatory Act of the 93rd General Assembly and concludes at the end of the 2004-2005 school year. (i) In no event shall a charter school that is established by converting an existing school or attendance center to charter school status be required to pay rent for space that is deemed available, as negotiated and provided in the charter agreement, in school district facilities. However, all other costs for the operation and maintenance of school district facilities that are used by the charter school shall be subject to negotiation between the charter school and the local school board and shall be set forth in the charter.

(j) A charter school may limit student enrollment by age or grade level.

PUBLIC ACT 99-0035
(House Bill No. 1790)

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Section 21B-20 as follows:

(105 ILCS 5/21B-20)
Sec. 21B-20. Types of licenses. Before July 1, 2013, the State Board of Education shall implement a system of educator licensure, whereby individuals employed in school districts who are required to be licensed must have one of the following licenses: (i) a professional educator license; (ii) a professional educator license with stipulations; or (iii) a substitute teaching license. References in law regarding individuals certified or certificated or required to be certified or certificated under Article 21 of this Code shall also include individuals licensed or required to be licensed under this Article. The first year of all licenses ends on June 30 following one full year of the license being issued.

The State Board of Education, in consultation with the State Educator Preparation and Licensure Board, may adopt such rules as may be necessary to govern the requirements for licenses and endorsements under this Section.

(1) Professional Educator License. Persons who (i) have successfully completed an approved educator preparation program and are recommended for licensure by the Illinois institution offering the educator preparation program, (ii) have successfully completed the required testing under Section 21B-30 of this Code, (iii) have successfully completed coursework on the psychology of,
the identification of, and the methods of instruction for the exceptional child, including without limitation the learning disabled, (iv) have successfully completed coursework in methods of reading and reading in the content area, and (v) have met all other criteria established by rule of the State Board of Education shall be issued a Professional Educator License. All Professional Educator Licenses are valid until June 30 immediately following 5 years of the license being issued. The Professional Educator License shall be endorsed with specific areas and grade levels in which the individual is eligible to practice.

Individuals can receive subsequent endorsements on the Professional Educator License. Subsequent endorsements shall require a minimum of 24 semester hours of coursework in the endorsement area, unless otherwise specified by rule, and passage of the applicable content area test.

(2) Educator License with Stipulations. An Educator License with Stipulations shall be issued an endorsement that limits the license holder to one particular position or does not require completion of an approved educator program or both.

An individual with an Educator License with Stipulations must not be employed by a school district or any other entity to replace any presently employed teacher who otherwise would not be replaced for any reason.

An Educator License with Stipulations may be issued with the following endorsements:

(A) Provisional educator. A provisional educator endorsement in a specific content area or areas on an Educator License with Stipulations may be issued to an applicant who holds an educator license with a minimum of 15 semester hours in content coursework from another state, U.S. territory, or foreign country and who, at the time of applying for an Illinois license, does not meet the minimum requirements under Section 21B-35 of this Code, but does, at a minimum, meet both of the following requirements:

(i) Holds the equivalent of a minimum of a bachelor's degree, unless a master's degree is required for the endorsement, from a regionally accredited college or university or, for individuals

educated in a country other than the United States, the equivalent of a minimum of a bachelor's degree issued in the United States, unless a master's degree is required for the endorsement.

(ii) Has passed a test of basic skills and content area test, as required by Section 21B-30 of this Code.

However, a provisional educator endorsement for principals may not be issued, nor may any person with a provisional educator endorsement serve as a principal in a public school in this State. In addition, out-of-state applicants shall not receive a provisional educator endorsement if the person completed an alternative licensure program in another state, unless the program has been determined to be equivalent to Illinois program requirements.

Notwithstanding any other requirements of this Section, a service member or spouse of a service member may obtain a Professional Educator License with Stipulations, and a provisional educator endorsement in a specific content area or areas, if he or she holds a valid teaching certificate or license in good standing from another state, meets the qualifications of educators outlined in Section 21B-15 of this Code, and has not engaged in any misconduct that would prohibit an individual from obtaining a license pursuant to Illinois law, including without limitation any administrative rules of the State Board of Education; however, the service member or spouse may not serve as a principal under the Professional Educator License with Stipulations or provisional educator endorsement.

In this Section, "service member" means any person who, at the time of application under this Section, is an active duty member of the United States Armed Forces or any reserve component of the United States Armed Forces or the National Guard of any state, commonwealth, or territory of the United States or the District of Columbia.

A provisional educator endorsement is valid until June 30 immediately following 2 years of the license being issued, during which time any remaining testing and
coursework deficiencies must be met. Failure to satisfy all stated deficiencies shall mean the individual, including any service member or spouse who has obtained a Professional Educator License with Stipulations and a provisional educator endorsement in a specific content area or areas, is ineligible to receive a Professional Educator License at that time. A provisional educator endorsement on an Educator License with Stipulations shall not be renewed.

(B) Alternative provisional educator. An alternative provisional educator endorsement on an Educator License with Stipulations may be issued to an applicant who, at the time of applying for the endorsement, has done all of the following:

(C) Alternative provisional superintendent. An alternative provisional superintendent endorsement on an Educator License with Stipulations entitles the holder to serve only as a superintendent or assistant superintendent in a school district's central office. This endorsement may only be issued to an applicant who, at the time of applying for the endorsement, has done all of the following:

The career and technical educator endorsement on an Educator License with Stipulations is valid until June 30 immediately following 5 years of the endorsement being issued and may be renewed. *For individuals who were issued the career and technical educator endorsement on an Educator License with Stipulations on or after January 1, 2015, the license may be renewed* if the individual passes a test of basic skills, as required under Section 21B-30 of this Code.

(F) Part-time provisional career and technical educator or provisional career and technical educator. A part-time provisional career and technical educator endorsement or a provisional career and technical educator endorsement on an Educator License with Stipulations may be issued to an applicant who has a minimum of 8,000 hours of work experience in the skill for which the applicant is seeking the endorsement. It is the responsibility of each employing school board and regional office of education to provide verification, in writing, to the State Superintendent of Education at the time the application is submitted that no qualified teacher holding a Professional Educator License or an Educator License with Stipulations with a career and technical educator endorsement is available and that actual circumstances require such issuance.

The provisional career and technical educator endorsement on an Educator License with Stipulations is valid until June 30 immediately following 5 years of the endorsement being issued and may be renewed only one time for 5 years. *For individuals who were issued the provisional career and technical educator endorsement on an Educator License with Stipulations on or after January 1, 2015, the license may be renewed one time* if the individual passes a test of basic skills, as required under Section 21B-30 of this Code, and has completed a

Substitute Teaching Licenses are not eligible for endorsements. Applicants for a Substitute Teaching License must hold a bachelor's degree or higher from a regionally accredited institution of higher education.

An individual who has passed a test of basic skills for the first licensure renewal is not required to retake the test again for further renewals.

Substitute Teaching Licenses are valid for substitute teaching in every county of this State. If an individual has had his or her Professional Educator License or Educator License with Stipulations suspended or revoked or has not met the renewal requirements for licensure, then that individual is not eligible to obtain a Substitute Teaching License.

A substitute teacher may only teach in the place of a licensed teacher who is under contract with the employing board. If, however, there is no licensed teacher under contract because of an emergency situation, then a district may employ a substitute teacher for no longer than 30 calendar days per each vacant position in the district if the district notifies the appropriate regional office of education within 5 business days after the employment of the substitute teacher in the emergency situation. For the purposes of this Section investment obligation shall mean direct general municipal, state, or federal obligations which at the time are legal investments under the laws of this State and the payment of principal of and interest on which are unconditionally guaranteed by the governing body issuing them.

(d) Except as permitted by this subsection and subsection (d-5), the guarantee fund shall be used solely and exclusively for the purpose of providing guarantees to members of the particular Guaranteed Home Equity Program and for reasonable salaries, expenses, bills, and fees incurred in administering the program, and shall be used for no other purpose.

A governing commission, with no less than $4,000,000 in its guarantee fund, may, if authorized (i) by referendum duly adopted by a majority of the voters or (ii) by resolution of the governing commission upon approval by two-thirds of the commissioners, establish a Low Interest Home Improvement Loan Program in accordance with and subject to procedures established by a financial institution, as defined in the Illinois Banking Act. (1) At any given time, the cumulative total of all loans and loan guarantees (if applicable) issued under this program may not reduce the balance of the guarantee fund to less than $3,000,000.

(2) Only eligible applicants may apply for a loan.

A petition initiating a question described in this subsection shall be filed with the election authority having jurisdiction over the municipality. The petition shall be filed and objections to the petition shall be made in the manner provided in the Election Code. A resolution, ordinance, or petition initiating a question described in this subsection shall specify the election at which the question is to be submitted. (8) A commission may also impose on loan applicants a one-time application fee for the purpose of defraying the costs of administering the program.

(e) The guarantee fund shall be maintained, invested, and expended exclusively by the governing commission of the program for whose purposes it was created. Under no circumstance shall the guarantee fund be used by any person or persons, governmental body, or public or private agency or concern other than the governing commission of the program for whose purposes it was created. Under no circumstances shall the guarantee fund be commingled with other funds or investments.

(e-1) No commissioner or family member of a commissioner, or employee or family member of an employee, may receive any financial benefit, either directly or indirectly, from the guarantee fund. (2) Only eligible applicants may apply for a loan.

(3) The loan must be used for the repair, maintenance, remodeling, alteration, or improvement of a guaranteed residence. This condition is intended to include the repair or maintenance of a guaranteed residence's water and sewer pipes and repair of a guaranteed residence, including but not limited to basement repairs, following flooding damage to the property. This condition is not intended to exclude the repair, maintenance, remodeling, alteration, or improvement of a guaranteed residence's landscape. This condition is intended to exclude the demolition of a current residence. This condition is also intended to exclude the construction of a new residence.

(6) A commission shall charge an interest rate which it determines to be below the market rate of interest generally available to the applicant.

(7) A commission may, by resolution, establish other administrative rules and procedures as are necessary to implement this program including, but not limited to, loan dollar amounts and terms. A commission may also impose on loan applicants a one-time application fee for the purpose of defraying the costs of administering the program.

(d-5) A governing commission, with no less than $4,000,000 in its guarantee fund, may, if authorized by referendum duly adopted by a majority of the voters, establish a Foreclosure Prevention Loan Fund to provide low interest emergency loans to eligible applicants that may be forced into foreclosure proceedings.

Whenever the question of creating a Foreclosure Prevention Loan Fund is initiated by resolution or ordinance of the corporate authorities of
the municipality or by a petition signed by not less than 10% of the total number of registered voters of each precinct in the territory, the registered voters of which are eligible to sign the petition, it shall be the duty of the election authority having jurisdiction over the municipality to submit the question of creating the program to the electors of each precinct within the territory at the regular election specified in the resolution, ordinance, or petition initiating the question. A petition initiating a question described in this subsection shall be filed with the election authority having jurisdiction over the municipality. The petition shall be filed and objections to the petition shall be made in the manner provided in the Election Code. A resolution, ordinance, or petition initiating a question described in this subsection shall specify the election at which the question is to be submitted. The votes must be recorded as "Yes" or "No".

Whenever a majority of the voters on the public question approve the creation of a Foreclosure Prevention Loan Fund as certified by the proper election authorities, the commission shall establish the program and administer the program with funds collected under the Guaranteed Home Equity Program, subject to the following conditions:

1. At any given time, the cumulative total of all loans and loan guarantees (if applicable) issued under this program may not exceed $3,000,000.

2. Only eligible applicants may apply for a loan. The Commission may establish, by resolution, additional criteria for eligibility.

Notwithstanding any provision of the law to the contrary, the General Assembly hereby authorizes the use of such funds for the purposes set forth in this Section.

These provisions do not apply to funds classified by the Comptroller as federal trust funds or State trust funds. The Audit Expense Fund may receive transfers from those trust funds only as directed herein, except where prohibited by the terms of the trust fund agreement. The Auditor General shall notify the trustees of those funds of the estimated cost of the audit to be incurred under the Illinois State Auditing Act for the fund. The trustees of those funds shall direct the State Comptroller and Treasurer to transfer the estimated amount to the Audit Expense Fund.

The Auditor General may bill entities that are not subject to the above transfer provisions, including private entities, related organizations and entities whose funds are locally-held, for the cost of audits, studies, and investigations incurred on their behalf. Any revenues received under this provision shall be deposited into the Audit Expense Fund.

In the event that moneys on deposit in any fund are unavailable, by reason of deficiency or any other reason preventing their lawful transfer, the State Comptroller shall order transferred and the State Treasurer shall transfer the amount deficient or otherwise unavailable from the General Revenue Fund for deposit into the Audit Expense Fund.

On or before December 1, 1992, and each December 1 thereafter, the Auditor General shall notify the Governor's Office of Management and Budget (formerly Bureau of the Budget) of the amount estimated to be necessary to pay for audits, studies, and investigations in accordance with the Illinois State Auditing Act during the next succeeding fiscal year for each State fund for which a transfer or reimbursement is anticipated.

Beginning with fiscal year 1994 and during each fiscal year thereafter, the Auditor General may direct the State Comptroller and Treasurer to transfer moneys from funds authorized by the General Assembly for that fund. In the event funds, including federal and State trust funds but excluding the General Revenue Fund, are transferred, during fiscal year 1994 and during each fiscal year thereafter, in excess of the amount to pay actual costs attributable to audits, studies, and investigations as permitted or required by the Illinois State Auditing Act or specific action of the General Assembly, the Auditor General shall, on September 30, or as soon thereafter as is practicable, direct the State
Comptroller and Treasurer to transfer the excess amount back to the fund from which it was originally transferred.

The Secretary shall have the powers and authority, and is charged with the duties and responsibilities designated in this Act, and a State bank shall not be subject to any other visitorial power other than as authorized by this Act, except those vested in the courts, or upon prior consultation with the Secretary, a foreign bank regulator with an appropriate supervisory interest in the parent or affiliate of a state bank. In the performance of the Secretary's duties:

(1) The Commissioner shall call for statements from all State banks as provided in Section 47 at least one time during each calendar quarter.

(2) (a) The Commissioner, as often as the Commissioner shall deem necessary or proper, and no less frequently than 18 months following the preceding examination, shall appoint a suitable person or persons to make an examination of the affairs of every State bank, except that for every eligible State bank, as defined by regulation, the Commissioner in lieu of the examination may accept on an alternating basis the examination made by the eligible State bank's appropriate federal banking agency pursuant to Section 111 of the Federal Deposit Insurance Corporation

Improvement Act of 1991, provided the appropriate federal banking agency has made such an examination. A person so appointed shall not be a stockholder or officer or employee of any bank which that person may be directed to examine, and shall have powers to make a thorough examination into all the affairs of the bank and in so doing to examine any of the officers or agents or employees thereof on oath and shall make a full and detailed report of the condition of the bank to the Commissioner. In making the examination the examiners shall include an examination of the affairs of all the affiliates of the bank, as defined in subsection (b) of Section 35.2 of this Act, or subsidiaries of the bank as shall be necessary to disclose fully the conditions of the subsidiaries or affiliates, the relations between the bank and the subsidiaries or affiliates and the effect of those relations upon the affairs of the bank, and in connection therewith shall have power to examine any of the officers, directors, agents, or employees of the subsidiaries or affiliates on oath. After May 31, 1997, the Commissioner may enter into cooperative agreements with state regulatory authorities of other states to provide for examination of State bank branches in those states, and the Commissioner may accept reports of examinations of State bank branches from those state regulatory authorities. These cooperative agreements may set forth the manner in which the other state regulatory authorities may be compensated for examinations prepared for and submitted to the Commissioner.

(b) After May 31, 1997, the Commissioner is authorized to examine, as often as the Commissioner shall deem necessary or proper, branches of out-of-state banks. The Commissioner may establish and may assess fees to be paid to the Commissioner for examinations under this subsection (b). The fees shall be borne by the out-of-state bank, unless the fees are borne by the state regulatory authority that chartered the out-of-state bank, as determined by a cooperative agreement between the Commissioner and the state regulatory authority that chartered the out-of-state bank.

(2.1) Pursuant to paragraph (a) of subsection (6) of this Section, the Secretary shall adopt rules that ensure consistency and due process in the examination process. The Secretary may also establish guidelines that (i) define the scope of the examination process and (ii) clarify examination items to be resolved. The rules,
formal guidance, interpretive letters, or opinions furnished to State banks by the Secretary may be relied upon by the State banks.

(2.5) Whenever any State bank, any subsidiary or affiliate of a State bank, or after May 31, 1997, any branch of an out-of-state bank causes to be performed, by contract or otherwise, any bank services for itself, whether on or off its premises:

(a) that performance shall be subject to examination by the Commissioner to the same extent as if services were being performed by the bank or, after May 31, 1997, branch of the out-of-state bank itself on its own premises; and

(b) the bank or, after May 31, 1997, branch of the out-of-state bank shall notify the Commissioner of the existence of a service relationship. The notification shall be submitted with the first statement of condition (as required by Section 47 of this Act) due after the making of the service contract or the performance of the service, whichever occurs first. The Commissioner shall be notified of each subsequent contract in the same manner.

For purposes of this subsection (2.5), the term "bank services" means services such as sorting and posting of checks and deposits, computation and posting of interest and other credits and charges, preparation and mailing of checks, statements, notices, and similar items, or any other clerical, bookkeeping, accounting, statistical, or similar functions performed for a State bank, including but not limited to electronic data processing related to those bank services.

(3) The expense of administering this Act, including the expense of the examinations of State banks as provided in this Act, shall to the extent of the amounts resulting from the fees provided for in paragraphs (a), (a-2), and (b) of this subsection (3) be assessed against and borne by the State banks:

(a) Each bank shall pay to the Secretary a Call Report Fee which shall be paid in quarterly installments equal to one-fourth of the sum of the annual fixed fee of $800, plus a variable fee based on the assets shown on the quarterly statement of condition delivered to the Secretary in accordance with Section 47 for the preceding quarter according to the following schedule: 16¢ per $1,000 of the first $5,000,000 of total assets, 15¢ per $1,000 of the next

$20,000,000 of total assets, 13¢ per $1,000 of the next $75,000,000 of total assets, 9¢ per $1,000 of the next $400,000,000 of total assets, 7¢ per $1,000 of the next $500,000,000 of total assets, and 5¢ per $1,000 of all assets in excess of $1,000,000,000, of the State bank. The Call Report Fee shall be calculated by the Secretary and billed to the banks for remittance at the time of the quarterly statements of condition provided for in Section 47. The Secretary may require payment of the fees provided in this Section by an electronic transfer of funds or an automatic debit of an account of each of the State banks. In case more than one examination of any bank is deemed by the Secretary to be necessary in any examination frequency cycle specified in subsection 2(a) of this Section, and is performed at his direction, the Secretary may assess a reasonable additional fee to recover the cost of the additional examination; provided, however, that an examination conducted at the request of the State Treasurer pursuant to the Uniform Disposition of Unclaimed Property Act shall not be deemed to be an additional examination under this Section. In lieu of the method and amounts set forth in this paragraph (a) for the calculation of the Call Report Fee, the Secretary may specify by rule that the Call Report Fees provided by this Section may be assessed semiannually or some other period and may provide in the rule the formula to be used for calculating and assessing the periodic Call Report Fees to be paid by State banks.

(a-1) If in the opinion of the Commissioner an emergency exists or appears likely, the Commissioner may assign an examiner or examiners to monitor the affairs of a State bank with whatever frequency he deems appropriate, including but not limited to a daily basis. The reasonable and necessary expenses of the Commissioner during the period of the monitoring shall be borne by the subject bank. The Commissioner shall furnish the State bank a statement of time and expenses if requested to do so within 30 days of the conclusion of the monitoring period.

(a-2) On and after January 1, 1990, the reasonable and necessary expenses of the Commissioner during
examination of the performance of electronic data processing services under subsection (2.5) shall be borne by the banks for which the services are provided. An amount, based upon a fee structure prescribed by the Commissioner, shall be paid by the banks or, after May 31, 1997, branches of out-of-state banks receiving the electronic data processing services along with the Call Report Fee assessed under paragraph (a) of this subsection (3).

(a-3) After May 31, 1997, the reasonable and necessary expenses of the Commissioner during examination of the performance of electronic data processing services under subsection (2.5) at or on behalf of branches of out-of-state banks shall be borne by the out-of-state banks, unless those expenses are borne by the state regulatory authorities that chartered the out-of-state banks, as determined by cooperative agreements between the Commissioner and the state regulatory authorities that chartered the out-of-state banks.

(b) "Fiscal year" for purposes of this Section 48 is defined as a period beginning July 1 of any year and ending June 30 of the next year. The Commissioner shall receive for each fiscal year, commencing with the fiscal year ending June 30, 1987, a contingent fee equal to the lesser of the aggregate of the fees paid by all State banks under paragraph (a) of subsection (3) for that year, or the amount, if any, whereby the aggregate of the administration expenses, as defined in paragraph (c), for that fiscal year exceeds the sum of the aggregate of the fees payable by all State banks for that year under paragraph (a) of subsection (3), plus any amounts transferred into the Bank and Trust Company Fund from the State Pensions Fund for that year, plus all other amounts collected by the Commissioner for that year under any other provision of this Act, plus the aggregate of all fees collected for that year by the Commissioner under the Corporate Fiduciary Act, excluding the receivership fees provided for in Section 5-10 of the Corporate Fiduciary Act, and the Foreign Banking Office Act. The aggregate amount of the contingent fee thus arrived at for any fiscal year shall be apportioned

amongst, assessed upon, and paid by the State banks and foreign banking corporations, respectively, in the same proportion that the fee of each under paragraph (a) of subsection (3), respectively, for that year bears to the aggregate for that year of the fees collected under paragraph (a) of subsection (3). The aggregate amount of the contingent fee, and the portion thereof to be assessed upon each State bank and foreign banking corporation, respectively, shall be determined by the Commissioner and shall be paid by each, respectively, within 120 days of the close of the period for which the contingent fee is computed and is payable, and the Commissioner shall give 20 days advance notice of the amount of the contingent fee payable by the State bank and of the date fixed by the Commissioner for payment of the fee.

(c) The "administration expenses" for any fiscal year shall mean the ordinary and contingent expenses for that year incident to making the examinations provided for by, and for otherwise administering, this Act, the Corporate Fiduciary Act, excluding the expenses paid from the Corporate Fiduciary Receivership account in the Bank and Trust Company Fund, the Foreign Banking Office Act, the Electronic Fund Transfer Act, and the Illinois Bank Examiners' Education Foundation Act, including all salaries and other compensation paid for personal services rendered for the State by officers or employees of the State, including the Commissioner and the Deputy Commissioners, communication equipment and services, office furnishings, surety bond premiums, and travel expenses of those officers and employees, employees, expenditures or charges for the acquisition, enlargement or improvement of, or for the use of, any office space, building or structure, or expenditures for the maintenance thereof or for furnishing heat, light, or power with respect thereto, all to the extent that those expenditures are directly incidental to such examinations or administration. The Commissioner shall not be required by paragraphs (c) or (d-1) of this subsection (3) to maintain in any fiscal year's budget appropriated reserves for accrued vacation and

accrued sick leave that is required to be paid to employees of the Commissioner upon termination of their service with the Commissioner in an amount that is more than is reasonably anticipated to be necessary for any anticipated turnover in employees, whether due to normal attrition or due to layoffs, terminations, or resignations.

(d) The aggregate of all fees collected by the Secretary under this Act, the Corporate Fiduciary Act, or the Foreign Banking Office Act on and after July 1, 1979, shall be paid promptly after receipt of the same, accompanied by a detailed statement thereof, into the State treasury and shall be set apart in a special fund to be known as the "Bank and Trust Company Fund", except as provided in paragraph (c) of subsection (11) of this Section. All earnings received from investments of funds in the Bank and Trust Company Fund shall be deposited in the Bank and Trust Company Fund and may be used for the same purposes as fees deposited in that Fund. The amount from time to time deposited into the Bank and Trust Company Fund shall be used: (i) to offset the ordinary administrative expenses of the Secretary as defined in this Section or (ii) as a credit against fees under paragraph (d-1) of this subsection (3). Nothing in this amendatory Act of 1979 shall prevent continuing the practice of paying expenses involving salaries, retirement, social security, and State-paid insurance premiums of State officers by appropriations from the General Revenue Fund. However, the General Revenue Fund shall be reimbursed for those payments made on and after July 1, 1979, by an annual transfer of funds from the Bank and Trust Company Fund. Moneys in the Bank and Trust Company Fund may be transferred to the Professions Indirect Cost Fund, as authorized under Section 2105-300 of the Department of Professional Regulation Law of the Civil Administrative Code of Illinois.

Notwithstanding provisions in the State Finance Act, as now or hereafter amended, or any other law to the contrary, the sum of $18,788,847 shall be transferred from the Bank and Trust Company Fund to the Financial

Institutions Settlement of 2008 Fund on the effective date of this amendatory Act of the 95th General Assembly, or as soon thereafter as practical.

Notwithstanding provisions in the State Finance Act, as now or hereafter amended, or any other law to the contrary, the Governor may, during any fiscal year through January 10, 2011, from time to time direct the State Treasurer and Comptroller to transfer a specified sum not exceeding 10% of the revenues to be deposited into the Bank and Trust Company Fund during that fiscal year from that Fund to the General Revenue Fund in order to help defray the State's operating costs for the fiscal year. Notwithstanding provisions in the State Finance Act, as now or hereafter amended, or any other law to the contrary, the total sum transferred during any fiscal year through January 10, 2011, from the Bank and Trust Company Fund to the General Revenue Fund pursuant to this provision shall not exceed during any fiscal year 10% of the revenues to be deposited into the Bank and Trust Company Fund during that fiscal year. The State Treasurer and Comptroller shall transfer the amounts designated under this Section as soon as may be practicable after receiving the direction to transfer from the Governor.

(d-1) Adequate funds shall be available in the Bank and Trust Company Fund to permit the timely payment of administration expenses. In each fiscal year the total administration expenses shall be deducted from the total fees collected by the Commissioner and the remainder transferred into the Cash Flow Reserve Account, unless the balance of the Cash Flow Reserve Account prior to the transfer equals or exceeds one-fourth of the total initial appropriations from the Bank and Trust Company Fund for the subsequent year, in which case the remainder shall be credited to State banks and foreign banking corporations and applied against their fees for the subsequent year. The amount credited to each State bank and foreign banking corporation shall be in the same proportion as the Call Report Fees paid by each for the year bear to the total Call Report Fees collected for the year. If, after a transfer to the

Cash Flow Reserve Account is made or if no remainder is available for transfer, the balance of the Cash Flow Reserve Account is less than one-fourth of the total initial appropriations for the subsequent year and the amount transferred is less than 5% of the total Call Report Fees for the year, additional amounts needed to make the transfer equal to 5% of the total Call Report Fees for the year shall be apportioned amongst, assessed upon, and paid by the State banks and foreign banking corporations in the same proportion that the Call Report Fees of each, respectively, for the year bear to the total Call Report Fees collected for the year. The additional amounts assessed shall be transferred into the Cash Flow Reserve Account. For purposes of this paragraph (d-1), the calculation of the fees collected by the Commissioner shall exclude the receivership fees provided for in Section 5-10 of the Corporate Fiduciary Act.

(e) The Commissioner may upon request certify to any public record in his keeping and shall have authority to levy a reasonable charge for issuing certifications of any public record in his keeping.

(f) In addition to fees authorized elsewhere in this Act, the Commissioner may, in connection with a review, approval, or provision of a service, levy a reasonable charge to recover the cost of the review, approval, or service.

(4) Nothing contained in this Act shall be construed to limit the obligation relative to examinations and reports of any State bank, deposits in which are to any extent insured by the United States or any agency thereof, nor to limit in any way the powers of the Commissioner with reference to examinations and reports of that bank.

(5) The nature and condition of the assets in or investment of any bonus, pension, or profit sharing plan for officers or employees of every State bank or, after May 31, 1997, branch of an out-of-state bank shall be deemed to be included in the affairs of that State bank or branch of an out-of-state bank subject to examination by the Commissioner under the provisions of subsection (2) of this Section, and if the Commissioner shall find from an examination that the condition of or operation of the

investments or assets of the plan is unlawful, fraudulent, or unsafe, or that any trustee has abused his trust, the Commissioner shall, if the situation so found by the Commissioner shall not be corrected to his satisfaction within 60 days after the Commissioner has given notice to the board of directors of the State bank or out-of-state bank of his findings, report the facts to the Attorney General who shall thereupon institute proceedings against the State bank or out-of-state bank, the board of directors thereof, or the trustees under such plan as the nature of the case may require.

(6) The Commissioner shall have the power:

(a) To promulgate reasonable rules for the purpose of administering the provisions of this Act.

(a-5) To impose conditions on any approval issued by the Commissioner if he determines that the conditions are necessary or appropriate. These conditions shall be imposed in writing and shall continue in effect for the period prescribed by the Commissioner.

(b) To issue orders against any person, if the Commissioner has reasonable cause to believe that an unsafe or unsound banking practice has occurred, is occurring, or is about to occur, if any person has violated, is violating, or is about to violate any law, rule, or written agreement with the Commissioner, or for the purpose of administering the provisions of this Act and any rule promulgated in accordance with this Act.

(b-1) To enter into agreements with a bank establishing a program to correct the condition of the bank or its practices.

(c) To appoint hearing officers to execute any of the powers granted to the Commissioner under this Section for the purpose of administering this Act and any rule promulgated in accordance with this Act and otherwise to authorize, in writing, an officer or employee of the Office of Banks and Real Estate to exercise his powers under this Act.

(7) Whenever, in the opinion of the Secretary, any director, officer, employee, or agent of a State bank or any subsidiary or bank holding company of the bank or, after May 31, 1997, of any branch of an out-of-state bank or any subsidiary or bank holding company of the bank shall have violated any law, rule, or order relating to that bank or any subsidiary or bank holding company of the bank, shall have obstructed or impeded any examination or investigation by the Secretary, shall have engaged in an unsafe or unsound practice in conducting the business of that bank or any subsidiary or bank holding company of the bank, or shall have violated any law or engaged or participated in any unsafe or unsound practice in connection with any financial institution or other business entity such that the character and fitness of the director, officer, employee, or agent does not assure reasonable promise of safe and sound operation of the State bank, the Secretary may issue an order of removal. If, in the opinion of the Secretary, any former director, officer, employee, or agent of a State bank or any subsidiary or bank holding company of the bank, prior to the termination of his or her service with that bank or any subsidiary or bank holding company of the bank, violated any law, rule, or order relating to that State bank or any subsidiary or bank holding company of the bank, obstructed or impeded any examination or investigation by the Secretary, engaged in an unsafe or unsound practice in conducting the business of that bank or any subsidiary or bank holding company of the bank, or violated any law or engaged or participated in any unsafe or unsound practice in connection with any financial institution or other business entity such that the character and fitness of the director, officer, employee, or agent would not have assured reasonable promise of safe and sound operation of the State bank, the Secretary may issue an order prohibiting that person from further service with a bank or any subsidiary or bank holding company of the bank as a director, officer, employee, or agent. An order issued pursuant to this

subsection shall be served upon the director, officer, employee, or agent. A copy of the order shall be sent to each director of the bank affected by registered mail. A copy of the order shall also be served upon the bank of which he is a director, officer, employee, or agent, whereupon he shall cease to be a director, officer, employee, or agent of that bank. The Secretary may institute a civil action against the director, officer, or agent of the State bank or, after May 31, 1997, of the branch of the out-of-state bank against whom any order provided for by this subsection (7) of this Section 48 has been issued, and against the State bank or, after May 31, 1997, out-of-state bank, to enforce compliance with or to enjoin any violation of the terms of the order. Any person who has been the subject of an order of removal or an order of prohibition issued by the Secretary under this subsection or Section 5-6 of the Corporate Fiduciary Act may not thereafter serve as director, officer, employee, or agent of any State bank or of any branch of any out-of-state bank, or of any corporate fiduciary, as defined in Section 1-5.05 of the Corporate Fiduciary Act, or of any other entity that is subject to licensure or regulation by the Division of Banking unless the Secretary has granted prior approval in writing.

For purposes of this paragraph (7), "bank holding company" has the meaning prescribed in Section 2 of the Illinois Bank Holding Company Act of 1957.

(8) The Commissioner may impose civil penalties of up to $100,000 against any person for each violation of any provision of this Act, any rule promulgated in accordance with this Act, any order of the Commissioner, or any other action which in the Commissioner's discretion is an unsafe or unsound banking practice.

(9) The Commissioner may impose civil penalties of up to $100 against any person for the first failure to comply with reporting requirements set forth in the report of examination of the bank and up to $200 for the second and subsequent failures to comply with those reporting requirements.

If the court finds that an election was not held to elect members of the board within the required period due to the bad faith acts or omissions of the board of managers or the board of directors, the members shall be entitled to recover their reasonable attorney's fees and costs from the association. If the relevant notice requirements have been met and an election is not held solely due to a lack of a quorum, then this subsection (g) does not apply.

(750 ILCS 50/1) (from Ch. 40, par. 1501)

A person is related to the child as a first cousin or second cousin if they are both related to the same ancestor as either grandchild or great-grandchild. A child whose parent has executed a consent to adoption, a surrender, or a waiver pursuant to Section 10 of this Act or whose parent has signed a denial of paternity pursuant to Section 12 of the Vital Records Act or Section 12a of this Act, or whose parent has...
had his or her parental rights terminated, is not a related child to that

to subsection O of Section 10 of this Act; or (2) the parent of the child
executed a consent to adoption by a specified person or persons pursuant
to subsection A-1 of Section 10 of this Act and a court of competent
jurisdiction finds that such consent is void; or (3) the order terminating the
parental rights of the parent is vacated by a court of competent jurisdiction.

C. "Agency" for the purpose of this Act means a public child
care and supervision agency or a licensed child welfare agency.

D. "Unfit person" means any person whom the court shall find to
be unfit to have a child, without regard to the likelihood that the child will
be placed for adoption. The grounds of unfitness are any one or more of
the following, except that a person shall not be considered an unfit person
for the sole reason that the person has relinquished a child in accordance
with the Abandoned Newborn Infant Protection Act:

(a) Abandonment of the child.

(a-1) Abandonment of a newborn infant in a hospital.

(a-2) Abandonment of a newborn infant in any setting
where the evidence suggests that the parent intended to relinquish

unfit if:

(1) Two or more findings of physical abuse have

the Juvenile Court Act of 1987, the most recent of which
was determined by the juvenile court hearing the matter to
be supported by clear and convincing evidence; or

(2) The parent has been convicted or found not guilty by reason of insanity and the conviction or finding resulted from the death of any child by physical abuse; or

(3) There is a finding of physical child abuse resulting from the death of any child under Section 2-21 of the Juvenile Court Act of 1987.

No conviction or finding of delinquency pursuant to Article V of the Juvenile Court Act of 1987 shall be considered a criminal conviction for the purpose of applying any presumption under this item (f).

(g) Failure to protect the child from conditions within his environment injurious to the child's welfare.

(h) Other neglect of, or misconduct toward the child; provided that in making a finding of unfitness the court hearing the adoption proceeding shall not be bound by any previous finding, order or judgment affecting or determining the rights of the parents toward the child sought to be adopted in any other proceeding except such proceedings terminating parental rights as shall be had under either this Act, the Juvenile Court Act or the Juvenile Court Act of 1987.

(i) Depravity. Conviction of any one of the following crimes shall create a presumption that a parent is depraved which can be overcome only by clear and convincing evidence: (1) first degree murder in violation of paragraph 1 or 2 of subsection (a) of Section 9-1 of the Criminal Code of 1961 or the Criminal Code of 2012 or conviction of second degree murder in violation of subsection (a) of Section 9-2 of the Criminal Code of 1961 or the Criminal Code of 2012 of a parent of the child to be adopted; (2) first degree murder or second degree murder of any child in violation of the Criminal Code of 1961 or the Criminal Code of 2012; (3) attempt or conspiracy to commit first degree murder or second degree murder of any child in violation of the Criminal Code of 1961 or the Criminal Code of 2012; (4) solicitation to commit murder of any child, solicitation to commit murder of any child for hire, or solicitation to commit second degree murder of any child in violation of the Criminal Code of 1961 or the Criminal Code of 2012; (5) predatory criminal sexual assault of a child in violation of Section 11-1.40 or 12-14.1 of the Criminal Code of 1961 or the Criminal Code of 2012; (6) heinous battery of any

There is a rebuttable presumption that a parent is depraved if the parent has been criminally convicted of at least 3 felonies under the laws of this State or any other state, or under federal law, or the criminal laws of any United States territory; and at least one of these convictions took place within 5 years of the filing of the petition or motion seeking termination of parental rights.

There is a rebuttable presumption that a parent is depraved if that parent has been criminally convicted of either first or second degree murder of any person as defined in the Criminal Code of 1961 or the Criminal Code of 2012 within 10 years of the filing date of the petition or motion to terminate parental rights.

No conviction or finding of delinquency pursuant to Article 5 of the Juvenile Court Act of 1987 shall be considered a criminal conviction for the purpose of applying any presumption under this item (i).

(j) Open and notorious adultery or fornication.

(j-1) (Blank).

(k) Habitual drunkenness or addiction to drugs, other than those prescribed by a physician, for at least one year immediately prior to the commencement of the unfitness proceeding.

There is a rebuttable presumption that a parent is unfit under this subsection with respect to any child to which that parent gives birth where there is a confirmed test result that at birth the child's blood, urine, or meconium contained any amount of a controlled substance as defined in subsection (f) of Section 102 of the Illinois Controlled Substances Act or metabolites of such substances, the presence of which in the newborn infant was not the result of medical treatment administered to the mother or the newborn infant; and the biological mother of this child is the biological mother of at least one other child who was adjudicated a neglected minor under subsection (c) of Section 2-3 of the Juvenile Court Act of 1987.

(l) Failure to demonstrate a reasonable degree of interest, concern or responsibility as to the welfare of a new born child during the first 30 days after its birth.

New matter indicated by italics - deletions by strikeout
(m) Failure by a parent (i) to make reasonable efforts to correct the conditions that were the basis for the removal of the child from the parent during any 9-month period following the adjudication of neglected or abused minor under Section 2-3 of the Juvenile Court Act of 1987 or dependent minor under Section 2-4 of that Act, or (ii) to make reasonable progress toward the return of the child to the parent during any 9-month period following the adjudication of neglected or abused minor under Section 2-3 of the Juvenile Court Act of 1987 or dependent minor under Section 2-4 of that Act. If a service plan has been established as required under Section 8.2 of the Abused and Neglected Child Reporting Act to correct the conditions that were the basis for the removal of the child from the parent and if those services were available, then, for purposes of this Act, "failure to make reasonable progress toward the return of the child to the parent" includes the parent's failure to substantially fulfill his or her obligations under the service plan and correct the conditions that brought the child into care during any 9-month period following the adjudication under Section 2-3 or 2-4 of the Juvenile Court Act of 1987. Notwithstanding any other provision, when a petition or motion seeks to terminate parental rights on the basis of item (ii) of this subsection (m), the petitioner shall file with the court and serve on the parties a pleading that specifies the 9-month period or periods relied on. The pleading shall be filed and served on the parties no later than 3 weeks before the date set by the court for closure of discovery, and the allegations in the pleading shall be treated as incorporated into the petition or motion. Failure of a respondent to file a written denial of the allegations in the pleading shall not be treated as an admission that the allegations are true.

(m-1) Pursuant to the Juvenile Court Act of 1987, a child has been in foster care for 15 months out of any 22 month period which begins on or after the effective date of this amendatory Act of 1998 unless the child's parent can prove by a preponderance of the evidence that it is more likely than not that it will be in the best interests of the child to be returned to the parent within 6 months of the date on which a petition for termination of parental rights is filed under the Juvenile Court Act of 1987. The 15 month time limit is tolled during any period for which there is a court finding that the appointed custodian or guardian failed to make reasonable
efforts to reunify the child with his or her family, provided that (i) the finding of no reasonable efforts is made within 60 days of the period when reasonable efforts were not made or (ii) the parent filed a motion requesting a finding of no reasonable efforts within 60 days of the period when reasonable efforts were not made. For purposes of this subdivision (m-1), the date of entering foster care is the earlier of: (i) the date of a judicial finding at an adjudicatory hearing that the child is an abused, neglected, or dependent minor; or (ii) 60 days after the date on which the child is removed from his or her parent, guardian, or legal custodian.

(n) Evidence of intent to forgo his or her parental rights, whether or not the child is a ward of the court, (1) as manifested by his or her failure for a period of 12 months: (i) to visit the child, (ii) to communicate with the child or agency, although able to do so and not prevented from doing so by an agency or by court order, or (iii) to maintain contact with or plan for the future of the child, although physically able to do so, or (2) as manifested by the father's failure, where he and the mother of the child were unmarried to each other at the time of the child's birth, (i) to commence legal proceedings to establish his paternity under the Illinois Parentage Act of 1984 or the law of the jurisdiction of the child's birth within 30 days of being informed, pursuant to Section 12a of this Act, that he is the father or the likely father of the child or, after being so informed where the child is not yet born, within 30 days of the child's birth, or (ii) to make a good faith effort to pay a reasonable amount of the expenses related to the birth of the child and to provide a reasonable amount for the financial support of the child, the court to consider in its determination all relevant circumstances, including the financial condition of both parents; provided that the ground for termination provided in this subparagraph (n)(2)(ii) shall only be available where the petition is brought by the mother or the husband of the mother.

Contact or communication by a parent with his or her child that does not demonstrate affection and concern does not constitute reasonable contact and planning under subdivision (n). In the absence of evidence to the contrary, the ability to visit, communicate, maintain contact, pay expenses and plan for the future shall be presumed. The subjective intent of the parent, whether expressed or otherwise, unsupported by evidence of the

New matter indicated by italics - deletions by strikeout
foregoing parental acts manifesting that intent, shall not preclude a
determination that the parent has intended to forgo his or her
parental rights. In making this determination, the court may
consider but shall not require a showing of diligent efforts by an
authorized agency to encourage the parent to perform the acts
specified in subdivision (n).

It shall be an affirmative defense to any allegation under
paragraph (2) of this subsection that the father's failure was due to
circumstances beyond his control or to impediments created by the
mother or any other person having legal custody. Proof of that fact
need only be by a preponderance of the evidence.

(o) Repeated or continuous failure by the parents, although
physically and financially able, to provide the child with adequate
food, clothing, or shelter.

(p) Inability to discharge parental responsibilities supported
by competent evidence from a psychiatrist, licensed clinical social
worker, or clinical psychologist of mental impairment, mental
illness or an intellectual disability as defined in Section 1-116 of
the Mental Health and Developmental Disabilities Code, or
developmental disability as defined in Section 1-106 of that Code,
and there is sufficient justification to believe that the inability to
discharge parental responsibilities shall extend beyond a reasonable
time period. However, this subdivision (p) shall not be construed
so as to permit a licensed clinical social worker to conduct any
medical diagnosis to determine mental illness or mental
impairment.

(q) (Blank).

(r) The child is in the temporary custody or guardianship of
the Department of Children and Family Services, the parent is
incarcerated as a result of criminal conviction at the time the
petition or motion for termination of parental rights is filed, prior
to incarceration the parent had little or no contact with the child or
provided little or no support for the child, and the parent's
incarceration will prevent the parent from discharging his or her
parental responsibilities for the child for a period in excess of 2
years after the filing of the petition or motion for termination of
parental rights.

(s) The child is in the temporary custody or guardianship of
the Department of Children and Family Services, the parent is

incarcerated at the time the petition or motion for termination of parental rights is filed, the parent has been repeatedly incarcerated as a result of criminal convictions, and the parent's repeated incarceration has prevented the parent from discharging his or her parental responsibilities for the child.

(t) A finding that at birth the child's blood, urine, or meconium contained any amount of a controlled substance as defined in subsection (f) of Section 102 of the Illinois Controlled Substances Act, or a metabolite of a controlled substance, with the exception of controlled substances or metabolites of such substances, the presence of which in the newborn infant was the result of medical treatment administered to the mother or the newborn infant, and that the biological mother of this child is the biological mother of at least one other child who was adjudicated a neglected minor under subsection (c) of Section 2-3 of the Juvenile Court Act of 1987, after which the biological mother had the opportunity to enroll in and participate in a clinically appropriate substance abuse counseling, treatment, and rehabilitation program.

(a) The Department of Children and Family Services shall promulgate rules regarding the approval and regulation of agencies providing, in this State, adoption services, as defined in Section 2.24 of the Child Care Act of 1969, which shall include, but not be limited to, a requirement that any agency shall be licensed in this State as a child welfare agency as defined in Section 2.08 of the Child Care Act of 1969. An out-of-state agency, if not licensed in this State as a child welfare agency, is prohibited from providing in this State adoption services, as defined by Section 2.24 of the Child Care Act of 1969; shall comply with Section 12C-70 of the Criminal Code of 2012; and shall provide all of the following to the Department:

(1) A copy of the agency's current license or other form of authorization from the approving authority in the agency's state. If no license or authorization is issued, the agency must provide a reference statement, from the approving authority, stating that the agency is authorized to place children in foster care or adoption or both in its jurisdiction.

(2) A description of the program, including home studies, placements, and supervisions, that the child placing agency

(†) The adoption of a child, if the child is a habitual resident of a country other than the United States and the petitioner is a habitual resident of the United States, or, if the child is a habitual resident of the United States and the petitioner is a habitual resident of a country other than the United States, shall comply with the Intercountry Adoption Act of 2000, as amended, and the Immigration and Nationality Act, as amended. In the case of an intercountry adoption that requires oversight by the adoption services governed by the Intercountry Adoption Universal Accreditation Act of 2012, this State shall not impose any additional preadoption requirements.

(2) The Department of Children and Family Services shall maintain the office of Intercountry Adoption Coordinator in order to maintain and protect the rights of prospective adoptive parents and children participating in an intercountry adoption and shall develop ongoing programs of support and services to such prospective adoptive parents and children.

(3) In the case of an intercountry adoption of a child by an Illinois resident, the Department shall promulgate rules concerning preadoption requirements, which shall include, but not be limited to, requirements relating to home studies conducted by licensed child welfare agencies and requirements relating to supporting documentation concerning the prospective adoptive parent’s suitability to adopt a child.

(4) The Intercountry Adoption Coordinator shall determine whether all preadoption requirements have been met by a prospective adoptive parent. The Intercountry Adoption Coordinator shall also determine whether the prospective adoptive parent is suitable as the adoptive parent. In determining suitability to adopt, the Intercountry Adoption Coordinator shall give considerable weight to the home study, but is not bound by it. Even if the home study is favorable, the Intercountry Adoption Coordinator must issue a denial letter if, on the basis of all the information provided, the Intercountry Adoption Coordinator finds, for a specific and articulable reason, that the prospective adoptive parent has failed to establish that he or she is suitable as the adoptive parent.

(5) The Intercountry Adoption Coordinator shall issue an endorsement letter, indicating that all preadoption requirements have been met, or a denial letter, indicating the specific preadoption requirements that have not been met, no later than 21 days from receipt of the home study from the child welfare agency. If, upon receipt of the home study, the Intercountry Adoption Coordinator determines that more information is required before any determination can be made with respect to compliance with the preadoption requirements, the Intercountry Adoption Coordinator shall, within 7 days of receipt of the home study from the child welfare agency, provide notice describing the additional information, via facsimile or through electronic communication, to the licensed child welfare agency and the adoptive parent. Within 21 days of receipt of the additional information, the Intercountry Adoption Coordinator shall provide the child welfare agency with an endorsement letter or a denial letter. The Intercountry Adoption Coordinator shall mail a copy of the endorsement letter or denial letter to the prospective adoptive parent at the same time that the Intercountry Adoption Coordinator provides the letter to the child welfare agency.

(6) If the Intercountry Adoption Coordinator issues a denial letter, a prospective adoptive parent shall have the right to a review. The Intercountry Adoption Coordinator shall include in its denial letter notification advising the prospective adoptive parent of the right to seek a review, by the Director of the Department, of the determination, if requested in writing within 30 days of receipt of the denial letter. Failure to submit such a request within 30 days waives the prospective parent's right to a review:

(i) The review by the Director shall include, but is not limited to, a review of documentation submitted by the prospective adoptive parent and, if requested by the prospective adoptive parent, a telephone conference or a mutually convenient in-person meeting with the Director, or the Director's designated representative, to allow the prospective adoptive parent to present the facts and circumstances supporting the request for the endorsement letter.

(ii) The Director shall issue a decision within 30 days of receipt of the request for review.

(iii) If the Director concurs with the original denial letter of the Intercountry Adoption Coordinator, the Director's decision shall be considered a final decision and the prospective adoptive parent shall have all rights and remedies to which he or she is entitled under applicable law, including a mandamus action under Article XIV of the Code of Civil Procedure and an action under the federal Civil Rights Act, 42 U.S.C. 1983.

(7) In the case of an intercountry adoption finalized in another country, where a complete and valid Order of Adoption is issued from that country to an Illinois resident, as determined by the United States Department of State, this State shall not impose any additional preadoption requirements:

(8) The Department of Children and Family Services shall provide a report to the General Assembly, on an annual basis for the preceding year, beginning on September 1 of each year after the effective date of this amendatory Act of the 98th General Assembly. The report shall provide non-identifying statistical data on the endorsement and denial letters and the requests for review of denial letters and shall contain, but not limited to, the following:

(ii) the number of denial letters issued by the Intercountry Adoption Coordinator;
(iii) the number of requests for review of denial letters;

(v) the basis of each denial letter and the basis of each reversal of the denial letter in a particular case.

(e) Re-adoption after an intercountry adoption.

(1) Any time after a minor child has been adopted in a foreign country and has immigrated to the United States, the adoptive parent or parents of the child may petition the court for a judgment of adoption to re-adopt the child and confirm the foreign adoption decree.

(2) The petitioner must submit to the court one or more of the following to verify the foreign adoption:

   (i) an immigrant visa for the child issued by United States Citizenship and Immigration Services of the U.S. Department of Homeland Security that was valid at the time of the child's immigration;
   (ii) a decree, judgment, certificate of adoption, adoption registration, or equivalent court order, entered or issued by a court of competent jurisdiction or administrative body outside the United States, establishing the relationship of parent and child by adoption; or
   (iii) such other evidence deemed satisfactory by the court.

(3) The child's immigrant visa shall be prima facie proof that the adoption was established in accordance with the laws of the foreign jurisdiction and met United States requirements for immigration.

(4) If the petitioner submits documentation that satisfies the requirements of paragraph (2), the court shall not appoint a guardian ad litem for the minor who is the subject of the
proceeding, shall not require any further termination of parental rights of the child's biological parents, nor shall it require any home study, investigation, post-placement visit, or background check of the petitioner.

(5) The petition may include a request for change of the child's name and any other request for specific relief that is in the best interests of the child. The relief may include a request for a revised birth date for the child if supported by evidence from a medical or dental professional attesting to the appropriate age of the child or other collateral evidence.

(6) Two adoptive parents who adopted a minor child together in a foreign country while married to one another may file a petition for adoption to re-adopt the child jointly, regardless of whether their marriage has been dissolved. If either parent whose marriage was dissolved has subsequently remarried or entered into a civil union with another person, the new spouse or civil union partner shall not join in the petition to re-adopt the child, unless the new spouse or civil union partner is seeking to adopt the child. If either adoptive parent does not join in the petition, he or she must be joined as a party defendant. The defendant parent's failure to participate in the re-adoption proceeding shall not affect the existing parental rights or obligations of the parent as they relate to the minor child, and the parent's name shall be placed on any subsequent birth record issued for the child as a result of the re-adoption proceeding.

(7) An adoptive parent who adopted a minor child in a foreign country as an unmarried person may file a petition for adoption to re-adopt the child as a sole petitioner, even if the adoptive parent has subsequently married or entered into a civil union.

(8) If one of the adoptive parents who adopted a minor child dies prior to a re-adoption proceeding, the deceased parent's name shall be placed on any subsequent birth record issued for the child as a result of the re-adoption proceeding.

(j) That the person or agency, having authority to consent under Section 8 of this Act, has consented, or has indicated willingness to consent, to the adoption of the child by the petitioners, or that the person having authority to consent is an unfit person and the ground therefor, or that no consent is required under paragraph (f) of Section 8 of this Act;

(k) Whatever orders, judgments or decrees have heretofore been entered by any court affecting (1) adoption or custody of the child, or (2) the adoptive, custodial or parental rights of either petitioner, including the prior denial of any petition for adoption pertaining to such child, or to the petitioners, or either of them.

Sec. 13. Interim order. As soon as practicable after the filing of a petition for adoption the court shall hold a hearing for the following purposes:

A. In other than an adoption of a related child or an adoption through an agency, or of an adult:

(a) To determine the validity of the consent, provided that the execution of a consent pursuant to this Act shall be prima facie evidence of its validity, and provided that the validity of a consent shall not be affected by the omission therefrom of the names of the petitioners or adopting parents at the time the consent is executed or acknowledged, and further provided that the execution of a consent prior to the filing of a petition for adoption shall not affect its validity.

(b) To determine whether there is available suitable temporary custodial care for a child sought to be adopted.

B. In all cases except standby adoptions and re-adoptions:

(a) The court shall appoint some licensed attorney other than the State's attorney acting in his or her official capacity as guardian ad litem to represent a child sought to be adopted. Such guardian ad litem shall have power to consent to the adoption of the child, if such consent is required.

(b) The court shall appoint a guardian ad litem for all named minors or defendants who are persons under legal disability, if any.

(c) If the petition alleges a person to be unfit pursuant to the provisions of subparagraph (p) of paragraph D of Section 1 of this Act, such person shall be represented by counsel. If such person is indigent or an appearance has not been entered on his behalf at the time the matter is set for hearing, the court shall appoint as counsel for him either the Guardianship and Advocacy Commission, the public defender, or, only if no attorney from the Guardianship and
Advocacy Commission or the public defender is available, an attorney licensed to practice law in this State.

(d) If it is proved to the satisfaction of the court, after such investigation as the court deems necessary, that termination of parental rights and temporary commitment of the child to an agency or to a person deemed competent by the court, including petitioners, will be for the welfare of the child, the court may order the child to be so committed and may terminate the parental rights of the parents and declare the child a ward of the court or, if it is not so proved, the court may enter such other order as it shall deem necessary and advisable.

(e) Before an interim custody order is granted under this Section, service of summons shall be had upon the parent or parents whose rights have not been terminated, except as provided in subsection (f). Reasonable notice and opportunity to be heard shall be given to the parent or parents after service of summons when the address of the parent or parents is available. The party seeking an interim custody order shall make all reasonable efforts to locate the parent or parents of the child or children they are seeking to adopt and to notify the parent or parents of the party's request for an interim custody order pursuant to this Section.

(f) An interim custody order may be granted without notice upon presentation to the court of a written petition, accompanied by an affidavit, stating that there is an immediate danger to the child and that irreparable harm will result to the child if notice is given to the parent or parents or legal guardian. Upon making a finding that there is an immediate danger to the child if service of process is had upon and notice of hearing is given to the parent or parents or legal guardian prior to the entry of an order granting temporary custody to someone other than a parent or legal guardian, the court may enter an order of temporary custody which shall expire not more than 10 days after its entry. Every ex parte custody order granted without notice shall state the injury which the court sought to avoid by granting the order, the irreparable injury that would have occurred had notice been given, and the reason the order was granted without notice. The matter shall be set down for full hearing before the expiration of the ex parte order and will be heard after service of summons is had upon and notice of hearing is given to the parent or parents or legal guardian. At the

hearing the burden of proof shall be upon the party seeking to extend the interim custody order to show that the order was properly granted without notice and that custody should remain with the party seeking to adopt during the pendency of the adoption proceeding. If the interim custody order is extended, the reasons for granting the extension shall be stated in the order.

C. In the case of a child born outside the United States or a territory thereof, if the petitioners have previously been appointed guardians of such child by a court of competent jurisdiction in a country other than the United States or a territory thereof, the court may order that the petitioners continue as guardians of such child.

D. In standby adoption cases:

(a) The court shall appoint a licensed attorney other than the State's Attorney acting in his or her official capacity as guardian ad litem to represent a child sought to be adopted. The guardian ad litem shall have power to consent to the adoption of the child, if consent is required.

(b) The court shall appoint a guardian ad litem for all named minors or defendants who are persons under legal disability, if any.

(c) The court lacks jurisdiction to proceed on the petition for standby adoption if the child has a living parent, adoptive parent, or adjudicated parent whose rights have not been terminated and whose whereabouts are known, unless the parent consents to the standby adoption or, after receiving notice of the hearing on the standby adoption petition, fails to object to the appointment of a standby adoptive parent at the hearing on the petition.

(d) The court shall investigate as needed for the welfare of the child and shall determine whether the petitioner or petitioners shall be permitted to adopt.

(D) the length of the placement prior to the placement disruption, adoption dissolution, unregulated placement, or secondary placement;

(E) the age of the child at the time of the placement disruption, adoption dissolution, unregulated placement, or secondary placement;

(F) the reason, if known, for the placement disruption, adoption dissolution, unregulated placement, or secondary placement; and

Section 99. Effective date. This Act takes effect upon becoming law.

Approved July 15, 2015.
Effective July 15, 2015.
AN ACT concerning health.
Be it enacted by the People of the State of Illinois, represented in
the General Assembly:

Section 1. Short title. This Act may be cited as the Powdered
Caffeine Control and Education Act.

Section 5. Findings. The General Assembly finds that the United
States Food and Drug Administration issued a warning concerning
powdered pure caffeine that companies market to consumers. The powder,
often sold in bulk, is nearly 100% pure caffeine. Caffeine powder is easily
purchased online, including on websites that sell vitamins and
supplements. Because the product is unregulated by the United States
Food and Drug Administration, health experts indicate that it is nearly
impossible to know what dose of caffeine an individual is consuming,
even if the powder is measured carefully. While caffeine in small
quantities is generally not dangerous for human consumption, large
quantities of caffeine can be extremely dangerous, even fatal. The
American Academy of Pediatrics discourages the consumption of caffeine
and related stimulants by children and adolescents.

Section 10. Purpose. The purpose of this Act is to ban the sale of
powdered pure caffeine to minors within the State in order to protect their
health and safety.

Section 15. Definitions. As used in this Act:
"Person" means any natural person, corporation, partnership, firm,
organization, association, or other legal entity.

"Powdered pure caffeine" means any product composed purely of
caffeine in a loose powdered form.

Section 20. Control of the sale of powdered pure caffeine.
(a) No person may sell, offer for sale, give away, or provide free
samples of powdered pure caffeine to any person under age 18 located
within the State or to any person under age 18 making the purchase from
within the State.

(b) The prohibition of subsection (a) of this Section does not apply
to the sale of any powdered pure caffeine product that receives explicit
approval as safe and effective for its intended use under the federal Food,
Drug, and Cosmetic Act or is lawfully marketed under an over-the-counter monograph issued by the United States Food and Drug Administration.

Section 25. Penalties.
(a) Any person who violates this Act is guilty of a Class A misdemeanor.

(b) For a second or subsequent violation of this Act, a person is guilty of a Class 4 felony.
