There are reasons why you may want to name an agent rather than rely on a surrogate:

(i) The person or people listed by this law may not be who you would want to make decisions for you.

(ii) Some family members or friends might not be able or willing to make decisions as you would want them to.

(iii) Family members and friends may disagree with one another about the best decisions.

(iv) Under some circumstances, a surrogate may not be able to make the same kinds of decisions that an agent can make.

**WHAT IF THERE IS NO ONE AVAILABLE WHOM I TRUST TO BE MY AGENT?**

In this situation, it is especially important to talk to your physician and other health care providers and create written guidance about what you want or do not want, in case you are ever critically ill and cannot express your own wishes. You can complete a living will. You can also write your wishes down and/or discuss them with your physician or other health care provider and ask him or her to write it down in your chart. You might also want to use written or on-line resources to guide you through this process.

**WHAT DO I DO WITH THIS FORM ONCE I COMPLETE IT?**

Follow these instructions after you have completed the form:

(i) Sign the form in front of a witness. See the form for a list of who can and cannot witness it.

(ii) Ask the witness to sign it, too.

(iii) There is no need to have the form notarized.
(iv) Give a copy to your agent and to each of your successor agents.

(v) Give another copy to your physician.

(vi) Take a copy with you when you go to the hospital.

(vii) Show it to your family and friends and others who care for you.

WHAT IF I CHANGE MY MIND?
You may change your mind at any time. If you do, tell someone who is at least 18 years old that you have changed your mind, and/or destroy your document and any copies. If you wish, fill out a new form and make sure everyone you gave the old form to has a copy of the new one, including, but not limited to, your agents and your physicians.

WHAT IF I DO NOT WANT TO USE THIS FORM?
In the event you do not want to use the Illinois statutory form provided here, any document you complete must be executed by you, designate an agent who is over 18 years of age and not prohibited from serving as your agent, and state the agent's powers, but it need not be witnessed or conform in any other respect to the statutory health care power. If you have questions about the use of any form, you may want to consult your physician, other health care provider, and/or an attorney.

MY AGENT CAN MAKE HEALTH CARE DECISIONS FOR ME, INCLUDING:

(i) Deciding to accept, withdraw or decline treatment for any physical or mental condition of mine, including life-and-death decisions.

(ii) Agreeing to admit me to or discharge me from any hospital, home, or other institution, including a mental health facility.

(iii) Having complete access to my medical and mental health records, and sharing them with others as needed, including after I die.

(iv) Carrying out the plans I have already made, or, if I have not done so, making decisions about my body or remains, including organ, tissue or whole body donation, autopsy, cremation, and burial.

The above grant of power is intended to be as broad as possible so that my agent will have the authority to make any decision I could make to obtain or terminate any type of health care, including withdrawal of nutrition and hydration and other life-sustaining measures.

I AUTHORIZE MY AGENT TO (please check any one box):

.... Make decisions for me only when I cannot make them for myself. The physician(s) taking care of me will determine when I lack this ability. Starting now, for the purpose of assisting me with my health care plans and decisions, my agent shall have complete access to my medical and mental health records, the authority to share them with others as needed, and the complete ability to communicate with my personal physician(s) and other health care providers, including the ability to require an opinion of my

physician as to whether I lack the ability to make decisions for myself. OR

... Make decisions for me starting now and continuing after I am no longer able to make them for myself. While I am still able to make my own decisions, I can still do so if I want to.

The subject of life-sustaining treatment is of particular importance. Life-sustaining treatments may include tube feedings or fluids through a tube, breathing machines, and CPR. In general, in making decisions concerning life-sustaining treatment, your agent is instructed to consider the relief of suffering, the quality as well as the possible extension of your life, and your previously expressed wishes. Your agent will weigh the burdens versus benefits of proposed treatments in making decisions on your behalf.

Additional statements concerning the withholding or removal of life-sustaining treatment are described below. These can serve as a guide for your agent when making decisions for you. Ask your physician or health care provider if you have any questions about these statements.

SELECT ONLY ONE STATEMENT BELOW THAT BEST EXPRESSES YOUR WISHES (optional):

... The quality of my life is more important than the length of my life. If I am unconscious and my attending physician believes, in accordance with reasonable medical standards, that I will not wake up or recover my ability to think, communicate with my family and friends, and experience my surroundings, I do not want treatments to prolong my life or delay my death, but I do want treatment or care to make me comfortable and to relieve me of pain.

... Staying alive is more important to me, no matter how sick I am, how much I am suffering, the cost of the procedures, or how unlikely my chances for recovery are. I want my life to be prolonged to the greatest extent possible in accordance with reasonable medical standards.

SPECIFIC LIMITATIONS TO MY AGENT'S DECISION-MAKING AUTHORITY:

The above grant of power is intended to be as broad as possible so that your agent will have the authority to make any decision you could make to obtain or terminate any type of health care. If you wish to limit the scope of your agent's powers or prescribe special rules or limit the power

(c) The statutory short form power of attorney for health care (the "statutory health care power") authorizes the agent to make any and all health care decisions on behalf of the principal which the principal could make if present and under no disability, subject to any limitations on the granted powers that appear on the face of the form, to be exercised in such manner as the agent deems consistent with the intent and desires of the principal. The agent will be under no duty to exercise granted powers or to
assume control of or responsibility for the principal's health care; but when granted powers are exercised, the agent will be required to use due care to act for the benefit of the principal in accordance with the terms of the statutory health care power and will be liable for negligent exercise. The agent may act in person or through others reasonably employed by the agent for that purpose but may not delegate authority to make health care decisions. The agent may sign and deliver all instruments, negotiate and enter into all agreements and do all other acts reasonably necessary to implement the exercise of the powers granted to the agent. Without limiting the generality of the foregoing, the statutory health care power shall include the following powers, subject to any limitations appearing on the face of the form:

(1) The agent is authorized to give consent to and authorize or refuse, or to withhold or withdraw consent to, any and all types of medical care, treatment or procedures relating to the physical or mental health of the principal, including any medication program, surgical procedures, life-sustaining treatment or provision of food and fluids for the principal.

(2) The agent is authorized to admit the principal to or discharge the principal from any and all types of hospitals, institutions, homes, residential or nursing facilities, treatment centers and other health care institutions providing personal care or treatment for any type of physical or mental condition. The agent shall have the same right to visit the principal in the hospital or other institution as is granted to a spouse or adult child of the principal, any rule of the institution to the contrary notwithstanding.

(3) The agent is authorized to contract for any and all types of health care services and facilities in the name of and on behalf of the principal and to bind the principal to pay for all such services and facilities, and to have and exercise those powers over the principal's property as are authorized under the statutory property power, to the extent the agent deems necessary to pay health care costs; and the agent shall not be personally liable for any services or care contracted for on behalf of the principal.

(4) At the principal's expense and subject to reasonable rules of the health care provider to prevent disruption of the principal's health care, the agent shall have the same right the principal has to examine and copy and consent to disclosure of all

the principal's medical records that the agent deems relevant to the exercise of the agent's powers, whether the records relate to mental health or any other medical condition and whether they are in the possession of or maintained by any physician, psychiatrist, psychologist, therapist, hospital, nursing home or other health care provider. The authority under this paragraph (4) applies to any information governed by the Health Insurance Portability and Accountability Act of 1996 ("HIPAA") and regulations thereunder. The agent serves as the principal's personal representative, as that term is defined under HIPAA and regulations thereunder.

(5) The agent is authorized: to direct that an autopsy be made pursuant to Section 2 of "An Act in relation to autopsy of dead bodies", approved August 13, 1965, including all amendments; to make a disposition of any part or all of the principal's body pursuant to the Illinois Anatomical Gift Act, as now or hereafter amended; and to direct the disposition of the principal's remains.

(6) At any time during which there is no executor or administrator appointed for the principal's estate, the agent is authorized to continue to pursue an application or appeal for government benefits if those benefits were applied for during the life of the principal.

(d) A physician may determine that the principal is unable to make health care decisions for himself or herself only if the principal lacks decisional capacity, as that term is defined in Section 10 of the Health Care Surrogate Act.

(e) If the principal names the agent as a guardian on the statutory short form, and if a court decides that the appointment of a guardian will serve the principal's best interests and welfare, the court shall appoint the agent to serve without bond or security.

PUBLIC ACT 99-0329
(Senate Bill No. 0750)

AN ACT concerning regulation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Insurance Code is amended by changing Section 355a as follows:

Sec. 355a. Standardization of terms and coverage.
(215 ILCS 5/355a) (from Ch. 73, par. 967a)
(1) The purpose of this Section shall be (a) to provide reasonable standardization and simplification of terms and coverages of individual accident and health insurance policies to facilitate public understanding and comparisons; (b) to eliminate provisions contained in individual accident and health insurance policies which may be misleading or unreasonably confusing in connection either with the purchase of such coverages or with the settlement of claims; and (c) to provide for reasonable disclosure in the sale of accident and health coverages.
(2) Definitions applicable to this Section are as follows:
(a) "Policy" means all or any part of the forms constituting the contract between the insurer and the insured, including the policy, certificate, subscriber contract, riders, endorsements, and the application if attached, which are subject to filing with and approval by the Director.

New matter indicated by italics - deletions by strikeout
(b) "Service corporations" means voluntary health and dental corporations organized and operating respectively under the Voluntary Health Services Plans Act and the Dental Service Plan Act.

(c) "Accident and health insurance" means insurance written under Article XX of the Insurance Code, other than credit accident and health insurance, and coverages provided in subscriber contracts issued by service corporations. For purposes of this Section such service corporations shall be deemed to be insurers engaged in the business of insurance.

(3) The Director shall issue such rules as he shall deem necessary or desirable to establish specific standards, including standards of full and fair disclosure that set forth the form and content and required disclosure for sale, of individual policies of accident and health insurance, which rules and regulations shall be in addition to and in accordance with the applicable laws of this State, and which may cover but shall not be limited to: (a) terms of renewability; (b) initial and subsequent conditions of eligibility; (c) non-duplication of coverage provisions; (d) coverage of dependents; (e) pre-existing conditions; (f) termination of insurance; (g) probationary periods; (h) limitation, exceptions, and reductions; (i) elimination periods; (j) requirements regarding replacements; (k) recurrent conditions; and (l) the definition of terms including but not limited to the following: hospital, accident, sickness, injury, physician, accidental means, total disability, partial disability, nervous disorder, guaranteed renewable, and non-cancellable.

The Director may issue rules that specify prohibited policy provisions not otherwise specifically authorized by statute which in the opinion of the Director are unjust, unfair or unfairly discriminatory to the policyholder, any person insured under the policy, or beneficiary.

(4) The Director shall issue such rules as he shall deem necessary or desirable to establish minimum standards for benefits under each category of coverage in individual accident and health policies, other than conversion policies issued pursuant to a contractual conversion privilege under a group policy, including but not limited to the following categories: (a) basic hospital expense coverage; (b) basic medical-surgical expense coverage; (c) hospital confinement indemnity coverage; (d) major medical expense coverage; (e) disability income protection coverage; (f) accident only coverage; and (g) specified disease or specified accident coverage.

New matter indicated by italics - deletions by strikeout
Nothing in this subsection (4) shall preclude the issuance of any policy which combines two or more of the categories of coverage enumerated in subparagraphs (a) through (f) of this subsection.

No policy shall be delivered or issued for delivery in this State which does not meet the prescribed minimum standards for the categories of coverage listed in this subsection unless the Director finds that such policy is necessary to meet specific needs of individuals or groups and such individuals or groups will be adequately informed that such policy does not meet the prescribed minimum standards, and such policy meets the requirement that the benefits provided therein are reasonable in relation to the premium charged. The standards and criteria to be used by the Director in approving such policies shall be included in the rules required under this Section with as much specificity as practicable.

The Director shall prescribe by rule the method of identification of policies based upon coverages provided.

(5) (a) In order to provide for full and fair disclosure in the sale of individual accident and health insurance policies, no such policy shall be delivered or issued for delivery in this State unless the outline of coverage described in paragraph (b) of this subsection either accompanies the policy, or is delivered to the applicant at the time the application is made, and an acknowledgment signed by the insured, of receipt of delivery of such outline, is provided to the insurer. In the event the policy is issued on a basis other than that applied for, the outline of coverage properly describing the policy must accompany the policy when it is delivered and such outline shall clearly state that the policy differs, and to what extent, from that for which application was originally made. All policies, except single premium nonrenewal policies, shall have a notice prominently printed on the first page of the policy or attached thereto stating in substance, that the policyholder shall have the right to return the policy within 10 days of its delivery and to have the premium refunded if after examination of the policy the policyholder is not satisfied for any reason.

(b) The Director shall issue such rules as he shall deem necessary or desirable to prescribe the format and content of the outline of coverage required by paragraph (a) of this subsection. "Format" means style, arrangement, and overall appearance, including such items as the size, color, and prominence of type and the arrangement of text and captions. "Content" shall include without limitation thereto, statements relating to the particular policy as to the applicable category of coverage prescribed under subsection 4; principal benefits; exceptions, reductions and

New matter indicated by italics - deletions by strikeout
limitations; and renewal provisions, including any reservation by the insurer of a right to change premiums. Such outline of coverage shall clearly state that it constitutes a summary of the policy issued or applied for and that the policy should be consulted to determine governing contractual provisions.

(c) Without limiting the generality of paragraph (b) of this subsection (5), no qualified health plans shall be offered for sale directly to consumers through the health insurance marketplace operating in the State in accordance with Sections 1311 and 1321 of the federal Patient Protection and Affordable Care Act of 2010 (Public Law 111-148), as amended by the federal Health Care and Education Reconciliation Act of 2010 (Public Law 111-152), and any amendments thereto, or regulations or guidance issued thereunder (collectively, "the Federal Act"), unless the following information is made available to the consumer at the time he or she is comparing policies and their premiums:

(i) With respect to prescription drug benefits, the most recently published formulary where a consumer can view in one location covered prescription drugs; information on tiering and the cost-sharing structure for each tier; and information about how a consumer can obtain specific copayment amounts or coinsurance percentages for a specific qualified health plan before enrolling in that plan. This information shall clearly identify the qualified health plan to which it applies.

(ii) The most recently published provider directory where a consumer can view the provider network that applies to each qualified health plan and information about each provider, including location, contact information, specialty, medical group, if any, any institutional affiliation, and whether the provider is accepting new patients at each of the specific locations listing the provider. Dental providers shall notify qualified health plans electronically or in writing of any changes to their information as listed in the provider directory. Qualified health plans shall update their directories in a manner consistent with the information provided by the provider or dental management service organization within 10 business days after being notified of the change by the provider. Nothing in this paragraph (ii) shall void any contractual relationship between the provider and the plan. The information shall clearly identify the qualified health plan to which it applies.

New matter indicated by italics - deletions by strikeout
(d) Each company that offers qualified health plans for sale directly to consumers through the health insurance marketplace operating in the State shall make the information in paragraph (c) of this subsection (5), for each qualified health plan that it offers, available and accessible to the general public on the company's Internet website and through other means for individuals without access to the Internet.

(e) The Department shall ensure that State-operated Internet websites, in addition to the Internet website for the health insurance marketplace established in this State in accordance with the Federal Act, prominently provide links to Internet-based materials and tools to help consumers be informed purchasers of health insurance.

(f) Nothing in this Section shall be interpreted or implemented in a manner not consistent with the Federal Act. This Section shall apply to all qualified health plans offered for sale directly to consumers through the health insurance marketplace operating in this State for any coverage year beginning on or after January 1, 2015.

(6) Prior to the issuance of rules pursuant to this Section, the Director shall afford the public, including the companies affected thereby, reasonable opportunity for comment. Such rulemaking is subject to the provisions of the Illinois Administrative Procedure Act.

(7) When a rule has been adopted, pursuant to this Section, all policies of insurance or subscriber contracts which are not in compliance with such rule shall, when so provided in such rule, be deemed to be disapproved as of a date specified in such rule not less than 120 days following its effective date, without any further or additional notice other than the adoption of the rule.

(8) When a rule adopted pursuant to this Section so provides, a policy of insurance or subscriber contract which does not comply with the rule shall not less than 120 days from the effective date of such rule, be construed, and the insurer or service corporation shall be liable, as if the policy or contract did comply with the rule.

(9) Violation of any rule adopted pursuant to this Section shall be a violation of the insurance law for purposes of Sections 370 and 446 of the Insurance Code.

Section 10. The Dental Care Patient Protection Act is amended by changing Section 25 as follows:

(215 ILCS 109/25)

Sec. 25. Provision of information.

New matter indicated by italics - deletions by strikeout
(a) A managed care dental plan shall provide upon request to prospective enrollees a written summary description of all of the following terms of coverage:

(1) Information about the dental plan, including how the plan operates and what general types of financial arrangements exist between dentists and the plan. Nothing in this Section shall require disclosure of any specific financial arrangements between providers and the plan.

(2) The service area.

(3) Covered benefits, exclusions, or limitations.

(4) Pre-certification requirements including any requirements for referrals made by primary care dentists to specialists, and other preauthorization requirements.

(5) A list of participating primary care dentists in the plan's service area, including provider address and phone number, for an enrollee to evaluate the managed care dental plan's network access, as well as a phone number by which the prospective enrollee may obtain additional information regarding the provider network including participating specialists. However, a managed care dental plan offering a preferred provider organization ("PPO") product that does not require the enrollee to select a primary care dentist shall only be required to make available for inspection to enrollees and prospective enrollees a list of participating dentists in the plan's service area, including whether the provider is accepting new patients at each of the specific locations listing the provider. Providers shall notify managed care dental plans electronically or in writing of any changes to their information as listed in the provider directory. Managed care dental plans shall update their directories in a manner consistent with the information provided by the provider or dental management service organization within 10 business days after being notified of the change by the provider.

Nothing in this paragraph (5) shall void any contractual relationship between the provider and the plan.

(6) Emergency coverage and benefits.

(7) Out-of-area coverages and benefits, if any.

(8) The process about how participating dentists are selected.

(9) The grievance process, including the telephone number to call to receive information concerning grievance procedures.

New matter indicated by italics - deletions by strikeout
An enrollee shall be provided with an evidence of coverage as required under the Illinois Insurance Code provisions applicable to the managed care dental plan.

(b) An enrollee or prospective enrollee has the right to the most current financial statement filed by the managed care dental plan by contacting the Department of Insurance. The Department may charge a reasonable fee for providing such information.

(c) The managed care dental plan shall provide to the Department, on an annual basis, a list of all participating dentists. Nothing in this Section shall require a particular ratio for any type of provider.

(d) If the managed care dental plan uses a capitation method of compensation to its primary care providers (dentists), the plan must establish and follow procedures that ensure that:

1. the plan application form includes a space in which each enrollee selects a primary care provider (dentist);
2. if an enrollee who fails to select a primary care provider (dentist) is assigned a primary care provider (dentist), the enrollee shall be notified of the name and location of that primary care provider (dentist); and
3. primary care provider (dentist) to whom an enrollee is assigned, pursuant to item (2), is physically located within a reasonable travel distance, as established by rule adopted by the Director, from the residence or place of employment of the enrollee.

(e) Nothing in this Act shall be deemed to require a plan to assign an enrollee to a primary care provider (dentist).

Section 15. The Illinois Dental Practice Act is amended by changing Sections 44 and 45 as follows:

(225 ILCS 25/44) (from Ch. 111, par. 2344)
Sec. 44. Practice by Corporations Prohibited. Exceptions. No corporation shall practice dentistry or engage therein, or hold itself out as being entitled to practice dentistry, or furnish dental services or dentists, or advertise under or assume the title of dentist or dental surgeon or equivalent title, or furnish dental advice for any compensation, or advertise or hold itself out with any other person or alone, that it has or owns a dental office or can furnish dental service or dentists, or solicit through

itself, or its agents, officers, employees, directors or trustees, dental patronage for any dentist employed by any corporation.

Nothing contained in this Act, however, shall:

(a) prohibit a corporation from employing a dentist or dentists to render dental services to its employees, provided that such dental services shall be rendered at no cost or charge to the employees;

(b) prohibit a corporation or association from providing dental services upon a wholly charitable basis to deserving recipients;

(c) prohibit a corporation or association from furnishing information or clerical services which can be furnished by persons not licensed to practice dentistry, to any dentist when such dentist assumes full responsibility for such information or services;

(d) prohibit dental corporations as authorized by the Professional Service Corporation Act, dental associations as authorized by the Professional Association Act, or dental limited liability companies as authorized by the Limited Liability Company Act;

(e) prohibit dental limited liability partnerships as authorized by the Uniform Partnership Act (1997);

(f) prohibit hospitals, public health clinics, federally qualified health centers, or other entities specified by rule of the Department from providing dental services; or

(g) prohibit dental management service organizations from providing non-clinical business services that do not violate the provisions of this Act.

Any corporation violating the provisions of this Section is guilty of a Class A misdemeanor and each day that this Act is violated shall be considered a separate offense.

If a dental management service organization is responsible for enrolling the dentist as a provider in managed care plans provider networks, it shall provide verification to the managed care provider network regarding whether the provider is accepting new patients at each of the specific locations listing the provider.

Nothing in this Section shall void any contractual relationship between the provider and the organization.

(Source: P.A. 96-328, eff. 8-11-09.)

(225 ILCS 25/45) (from Ch. 111, par. 2345)
Sec. 45. Advertising. The purpose of this Section is to authorize and regulate the advertisement by dentists of information which is intended to provide the public with a sufficient basis upon which to make an informed selection of dentists while protecting the public from false or misleading advertisements which would detract from the fair and rational selection process.

Any dentist may advertise the availability of dental services in the public media or on the premises where such dental services are rendered. Such advertising shall be limited to the following information:

(a) The dental services available;
(b) Publication of the dentist's name, title, office hours, address and telephone;
(c) Information pertaining to his or her area of specialization, including appropriate board certification or limitation of professional practice;
(d) Information on usual and customary fees for routine dental services offered, which information shall include notification that fees may be adjusted due to complications or unforeseen circumstances;
(e) Announcement of the opening of, change of, absence from, or return to business;
(f) Announcement of additions to or deletions from professional dental staff;
(g) The issuance of business or appointment cards;
(h) Other information about the dentist, dentist's practice or the types of dental services which the dentist offers to perform which a reasonable person might regard as relevant in determining whether to seek the dentist's services. However, any advertisement which announces the availability of endodontics, pediatric dentistry, periodontics, prosthodontics, orthodontics and dentofacial orthopedics, oral and maxillofacial surgery, or oral and maxillofacial radiology by a general dentist or by a licensed specialist who is not licensed in that specialty shall include a disclaimer stating that the dentist does not hold a license in that specialty.

Any dental practice with more than one location that enrolls its dentist as a participating provider in a managed care plan's network must verify electronically or in writing to the managed care plan whether the
provider is accepting new patients at each of the specific locations listing
the provider. The health plan shall remove the provider from the directory
in accordance with standard practices within 10 business days after being
notified of the changes by the provider. Nothing in this paragraph shall
void any contractual relationship between the provider and the plan.

It is unlawful for any dentist licensed under this Act to do any of
the following:

(1) Use claims of superior quality of care to entice the
public.

(2) Advertise in any way to practice dentistry without
causing pain.

(3) Pay a fee to any dental referral service or other third
party who advertises a dental referral service, unless all advertising
of the dental referral service makes it clear that dentists are paying
a fee for that referral service.

(4) Advertise or offer gifts as an inducement to secure
dental patronage. Dentists may advertise or offer free examinations
or free dental services; it shall be unlawful, however, for any
dentist to charge a fee to any new patient for any dental service
provided at the time that such free examination or free dental
services are provided.

(5) Use the term "sedation dentistry" or similar terms in
advertising unless the advertising dentist holds a valid and current
permit issued by the Department to administer either general
anesthesia, deep sedation, or conscious sedation as required under
Section 8.1 of this Act.

This Act does not authorize the advertising of dental services when
the offeror of such services is not a dentist. Nor shall the dentist use
statements which contain false, fraudulent, deceptive or misleading
material or guarantees of success, statements which play upon the vanity
or fears of the public, or statements which promote or produce unfair
competition.

A dentist shall be required to keep a copy of all advertisements for
a period of 3 years. All advertisements in the dentist's possession shall
indicate the accurate date and place of publication.

The Department shall adopt rules to carry out the intent of this
Section.

AN ACT concerning regulation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Department of Professional Regulation Law of the Civil Administrative Code of Illinois is amended by changing Section 2105-15 as follows:

(20 ILCS 2105/2105-15)

Sec. 2105-15. General powers and duties.

(a) The Department has, subject to the provisions of the Civil Administrative Code of Illinois, the following powers and duties:

(1) To authorize examinations in English to ascertain the qualifications and fitness of applicants to exercise the profession, trade, or occupation for which the examination is held.

(2) To prescribe rules and regulations for a fair and wholly impartial method of examination of candidates to exercise the respective professions, trades, or occupations.

(3) To pass upon the qualifications of applicants for licenses, certificates, and authorities, whether by examination, by reciprocity, or by endorsement.

(4) To prescribe rules and regulations defining, for the respective professions, trades, and occupations, what shall constitute a school, college, or university, or department of a university, or other institution, reputable and in good standing, and to determine the reputability and good standing of a school, college, or university, or department of a university, or other institution, reputable and in good standing, by reference to a compliance with those rules and regulations; provided, that no school, college, or university, or department of a university, or other institution that refuses admittance to applicants solely on account of race, color, creed, sex, or national origin shall be considered reputable and in good standing.
(5) To conduct hearings on proceedings to revoke, suspend, refuse to renew, place on probationary status, or take other disciplinary action as authorized in any licensing Act administered by the Department with regard to licenses, certificates, or authorities of persons exercising the respective professions, trades, or occupations and to revoke, suspend, refuse to renew, place on probationary status, or take other disciplinary action as authorized in any licensing Act administered by the Department with regard to those licenses, certificates, or authorities. The Department shall issue a monthly disciplinary report. The Department shall deny any license or renewal authorized by the Civil Administrative Code of Illinois to any person who has defaulted on an educational loan or scholarship provided by or guaranteed by the Illinois Student Assistance Commission or any governmental agency of this State; however, the Department may issue a license or renewal if the aforementioned persons have established a satisfactory repayment record as determined by the Illinois Student Assistance Commission or other appropriate governmental agency of this State. Additionally, beginning June 1, 1996, any license issued by the Department may be suspended or revoked if the Department, after the opportunity for a hearing under the appropriate licensing Act, finds that the licensee has failed to make satisfactory repayment to the Illinois Student Assistance Commission for a delinquent or defaulted loan. For the purposes of this Section, "satisfactory repayment record" shall be defined by rule. The Department shall refuse to issue or renew a license to, or shall suspend or revoke a license of, any person who, after receiving notice, fails to comply with a subpoena or warrant relating to a paternity or child support proceeding. However, the Department may issue a license or renewal upon compliance with the subpoena or warrant.

The Department, without further process or hearings, shall revoke, suspend, or deny any license or renewal authorized by the Civil Administrative Code of Illinois to a person who is certified by the Department of Healthcare and Family Services (formerly Illinois Department of Public Aid) as being more than 30 days delinquent in complying with a child support order or who is certified by a court as being in violation of the Non-Support Punishment Act for more than 60 days. The Department may,
however, issue a license or renewal if the person has established a satisfactory repayment record as determined by the Department of Healthcare and Family Services (formerly Illinois Department of Public Aid) or if the person is determined by the court to be in compliance with the Non-Support Punishment Act. The Department may implement this paragraph as added by Public Act 89-6 through the use of emergency rules in accordance with Section 5-45 of the Illinois Administrative Procedure Act. For purposes of the Illinois Administrative Procedure Act, the adoption of rules to implement this paragraph shall be considered an emergency and necessary for the public interest, safety, and welfare.

(6) To transfer jurisdiction of any realty under the control of the Department to any other department of the State Government or to acquire or accept federal lands when the transfer, acquisition, or acceptance is advantageous to the State and is approved in writing by the Governor.

(7) To formulate rules and regulations necessary for the enforcement of any Act administered by the Department.

(8) To exchange with the Department of Healthcare and Family Services information that may be necessary for the enforcement of child support orders entered pursuant to the Illinois Public Aid Code, the Illinois Marriage and Dissolution of Marriage Act, the Non-Support of Spouse and Children Act, the Non-Support Punishment Act, the Revised Uniform Reciprocal Enforcement of Support Act, the Uniform Interstate Family Support Act, or the Illinois Parentage Act of 1984. Notwithstanding any provisions in this Code to the contrary, the Department of Professional Regulation shall not be liable under any federal or State law to any person for any disclosure of information to the Department of Healthcare and Family Services (formerly Illinois Department of Public Aid) under this paragraph (8) or for any other action taken in good faith to comply with the requirements of this paragraph (8).

(8.5) To accept continuing education credit for mandated reporter training on how to recognize and report child abuse offered by the Department of Children and Family Services and completed by any person who holds a professional license issued by the Department and who is a mandated reporter under the
Abused and Neglected Child Reporting Act. The Department shall adopt any rules necessary to implement this paragraph.

(9) To perform other duties prescribed by law.

(a-5) Except in cases involving default on an educational loan or scholarship provided by or guaranteed by the Illinois Student Assistance Commission or any governmental agency of this State or in cases involving delinquency in complying with a child support order or violation of the Non-Support Punishment Act, no person or entity whose license, certificate, or authority has been revoked as authorized in any licensing Act administered by the Department may apply for restoration of that license, certification, or authority until 3 years after the effective date of the revocation.

(b) The Department may, when a fee is payable to the Department for a wall certificate of registration provided by the Department of Central Management Services, require that portion of the payment for printing and distribution costs be made directly or through the Department to the Department of Central Management Services for deposit into the Paper and Printing Revolving Fund. The remainder shall be deposited into the General Revenue Fund.

(c) For the purpose of securing and preparing evidence, and for the purchase of controlled substances, professional services, and equipment necessary for enforcement activities, recoupment of investigative costs, and other activities directed at suppressing the misuse and abuse of controlled substances, including those activities set forth in Sections 504 and 508 of the Illinois Controlled Substances Act, the Director and agents appointed and authorized by the Director may expend sums from the Professional Regulation Evidence Fund that the Director deems necessary from the amounts appropriated for that purpose. Those sums may be advanced to the agent when the Director deems that procedure to be in the public interest. Sums for the purchase of controlled substances, professional services, and equipment necessary for enforcement activities and other activities as set forth in this Section shall be advanced to the agent who is to make the purchase from the Professional Regulation Evidence Fund on vouchers signed by the Director. The Director and those agents are authorized to maintain one or more commercial checking accounts with any State banking corporation or corporations organized under or subject to the Illinois Banking Act for the deposit and withdrawal of moneys to be used for the purposes set forth in this Section; provided, that no check may be written nor any withdrawal made from any such

account except upon the written signatures of 2 persons designated by the Director to write those checks and make those withdrawals. Vouchers for those expenditures must be signed by the Director. All such expenditures shall be audited by the Director, and the audit shall be submitted to the Department of Central Management Services for approval.

(d) Whenever the Department is authorized or required by law to consider some aspect of criminal history record information for the purpose of carrying out its statutory powers and responsibilities, then, upon request and payment of fees in conformance with the requirements of Section 2605-400 of the Department of State Police Law (20 ILCS 2605/2605-400), the Department of State Police is authorized to furnish, pursuant to positive identification, the information contained in State files that is necessary to fulfill the request.

(e) The provisions of this Section do not apply to private business and vocational schools as defined by Section 15 of the Private Business and Vocational Schools Act of 2012.

(f) Beginning July 1, 1995, this Section does not apply to those professions, trades, and occupations licensed under the Real Estate License Act of 2000, nor does it apply to any permits, certificates, or other authorizations to do business provided for in the Land Sales Registration Act of 1989 or the Illinois Real Estate Time-Share Act.

(g) Notwithstanding anything that may appear in any individual licensing statute or administrative rule, the Department shall deny any license application or renewal authorized under any licensing Act administered by the Department to any person who has failed to file a return, or to pay the tax, penalty, or interest shown in a filed return, or to pay any final assessment of tax, penalty, or interest, as required by any tax Act administered by the Illinois Department of Revenue, until such time as the requirement of any such tax Act are satisfied; however, the Department may issue a license or renewal if the person has established a satisfactory repayment record as determined by the Illinois Department of Revenue. For the purpose of this Section, "satisfactory repayment record" shall be defined by rule.

In addition, a complaint filed with the Department by the Illinois Department of Revenue that includes a certification, signed by its Director or designee, attesting to the amount of the unpaid tax liability or the years for which a return was not filed, or both, is prima facie evidence of the licensee's failure to comply with the tax laws administered by the Illinois Department of Revenue. Upon receipt of that certification, the Department

shall, without a hearing, immediately suspend all licenses held by the licensee. Enforcement of the Department's order shall be stayed for 60 days. The Department shall provide notice of the suspension to the licensee by mailing a copy of the Department's order by certified and regular mail to the licensee's last known address as registered with the Department. The notice shall advise the licensee that the suspension shall be effective 60 days after the issuance of the Department's order unless the Department receives, from the licensee, a request for a hearing before the Department to dispute the matters contained in the order.

Any suspension imposed under this subsection (g) shall be terminated by the Department upon notification from the Illinois Department of Revenue that the licensee is in compliance with all tax laws administered by the Illinois Department of Revenue.

The Department shall promulgate rules for the administration of this subsection (g).

(h) The Department may grant the title "Retired", to be used immediately adjacent to the title of a profession regulated by the Department, to eligible retirees. For individuals licensed under the Medical Practice Act of 1987, the title "Retired" may be used in the profile required by the Patients' Right to Know Act. The use of the title "Retired" shall not constitute representation of current licensure, registration, or certification. Any person without an active license, registration, or certificate in a profession that requires licensure, registration, or certification shall not be permitted to practice that profession.

(i) Within 180 days after December 23, 2009 (the effective date of Public Act 96-852), the Department shall promulgate rules which permit a person with a criminal record, who seeks a license or certificate in an occupation for which a criminal record is not expressly a per se bar, to apply to the Department for a non-binding, advisory opinion to be provided by the Board or body with the authority to issue the license or certificate as to whether his or her criminal record would bar the individual from the licensure or certification sought, should the individual meet all other licensure requirements including, but not limited to, the successful completion of the relevant examinations.

"Real property" includes a manufactured home as defined in subdivision (53) of Section 9-102 of the Uniform Commercial Code that is real property under Section 5-35 of the Conveyance and Encumbrance of Manufactured Homes as Real Property and Severance Act.

"Reverse mortgage" means a non-recourse loan, secured by real property or a homestead property, that complies with all of the following:

1. Provides cash advances to a borrower for the purchase of the home or based on the equity in a borrower's owner-occupied principal residence, provided that it is a residence with not more than 4 units.
2. Requires no payment of principal or interest until the entire loan becomes due and payable.

Section 10. Reverse mortgages.
(a) Reverse mortgage loans shall be subject to all of the following provisions:

1. Payment, in whole or in part, shall be permitted without penalty at any time during the term of the mortgage.
2. A reverse mortgage may provide for an interest rate that is fixed or adjustable and may provide for interest that is contingent on appreciation in the value of the property.
3. If a reverse mortgage provides for periodic advances to a borrower, the advances may not be reduced in amount or number based on any adjustment in the interest rate.
4. A reverse mortgage may be subject to any additional terms and conditions imposed by a lender that are required under the provisions of the federal Housing and Community Development Act of 1987 to enable the lender to obtain federal government insurance on the mortgage if a loan is to be insured under that Act.
(b) The repayment obligation under a reverse mortgage is subject to all of the following:

1. Temporary absences from the home not exceeding 60 consecutive days shall not cause the mortgage to become due and payable.
(2) Temporary absences from the home exceeding 60 days, but not exceeding one year, shall not cause the mortgage to become due and payable, provided that the borrower has taken action that secures the home in a manner satisfactory to the lender.

c) A reverse mortgage shall become due and payable upon the occurrence of any of the following events, unless the maturity date has been deferred under the Federal Housing Administration's Home Equity Conversion Mortgage Program:

(5) The death of the borrower or, for homestead properties in joint tenancy, the death of the last surviving joint tenant who had an interest in the property at the time the loan was initiated.

Section 15. Reverse mortgage disclosures.

(a) The Office of the Attorney General shall develop the content and format of an educational document providing independent consumer information regarding reverse mortgages, potential alternatives to reverse mortgages, and the availability of independent counseling services, including services provided by nonprofit agencies certified by the federal government to provide required counseling for reverse mortgages insured by the U.S. Federal Government. The document shall also include a statement that the terms of a reverse mortgage may adversely affect the applicant's eligibility to obtain a tax deferral under the Senior Citizens Real Estate Tax Deferral Act. The document shall be updated and revised as often as deemed necessary by the Office of the Attorney General.

(b) Lenders are required to provide each borrower a document regarding the availability of counseling services that shall be in at least 12-point font, containing contact information (including agency name, address, telephone number, and, if applicable, website) for agencies approved by the U.S. Department of Housing and Urban Development (HUD) to conduct reverse mortgage counseling. The agencies included on the list shall be in accordance with requirements for the Federal Housing Administration's Home Equity Conversion Mortgage Program. This document shall contain the following statement:

New matter indicated by italics - deletions by strikeout
"IMPORTANT NOTICE: Under Illinois law, reverse mortgages are non-recourse loans secured by real or homestead property. Reverse mortgages insured by the U.S. Federal Government, known as Home Equity Conversion Mortgages or HECM loans, require people considering reverse mortgages to get counseling prior to submitting a completed application for the loan from an agency approved by the U.S. Department of Housing and Urban Development (HUD) to conduct reverse mortgage counseling.

The purpose of the counseling is to help the prospective borrower understand the financial implications, alternatives to securing a reverse mortgage, borrower obligations, costs of obtaining the loan, repayment conditions, and other issues. Counseling can also be a benefit to people considering reverse mortgages not insured by the federal government. There are advantages to receiving this counseling in person, as this method allows for greater participation by the prospective borrower, and also allows the counselor to more accurately determine the prospective borrower's understanding of the program. However, counseling can also be conducted over the telephone.

In accordance with federal requirements, Illinois State law requires reverse mortgage lenders to provide potential reverse mortgage borrowers with a list, including contact information, of agencies that are approved by HUD to conduct reverse mortgage counseling. Contact information for additional approved counseling agencies is available from HUD or your lender."

(c) At the time of the initial inquiry regarding a reverse mortgage or, if not practically feasible, after the borrower makes a request to apply for a reverse mortgage, a lender shall provide to the borrower the documents described in subsections (a) and (b) of this Section.

(b) A borrower shall not be bound for 3 full business days after the borrower's acceptance, in writing, of a lender's written commitment to make a reverse mortgage loan and may not be required to close or proceed with the loan during that time period. The purpose of this requirement is to provide potential borrowers with 3 business days to consider their decision whether to secure a reverse mortgage or not. Potential borrowers may want to seek additional information from a reverse mortgage counselor during this 3-day period. The 3-day cooling-off period cannot be waived."

Section 25. Reverse mortgages; restriction on cross-selling. No lender may:

(1) require the purchase of an annuity, investment, life insurance, or long-term care insurance product as a condition of obtaining a reverse mortgage loan; however, nothing in this paragraph shall preclude a lender from requiring the borrower to purchase property and casualty insurance, title insurance, flood insurance, or other products meant to insure or protect the value of the home or the lender's lien and that are customary for residential mortgage or reverse mortgage transactions on the borrower's residence securing the reverse mortgage loan;

This Section shall not prohibit disbursements of loan proceeds in compliance with guidelines, including uses defined as mandatory obligations, under the Federal Housing Administration's Home Equity Conversion Mortgage Program, nor shall it prohibit a borrower from using the loan proceeds to purchase products or services from a lender that is a financial institution in the ordinary course of the financial institution's business.

Section 35. Reverse mortgages; certification requirements.

(a) No reverse mortgage commitment may be made unless all lenders involved in brokering and making the reverse mortgage loan certify, in writing, that:

(2) the borrower has received from the lender, at the time a written commitment was made to the applicant to provide a reverse mortgage loan, the disclosure document required in Section 20 regarding the 3-day cooling-off period and that at least 3 business days have passed since the document was provided; the certification shall also include the date the cooling-off period disclosure was provided;

(3) the reverse mortgage loan does not include any current or future requirement for the applicant to purchase an annuity, investment, life insurance, or long-term care insurance product; however, nothing in this paragraph (3) shall preclude a lender from requiring the borrower to purchase property and casualty insurance, title insurance, flood insurance, or other such products meant to insure or protect the value of the home or the lender's lien and that are customary for residential mortgage or reverse mortgage transactions;

(4) no offer of an annuity was made to the borrower before the closing of the reverse mortgage or will be before the expiration of the right of the borrower to rescind the reverse mortgage loan;

This Section shall not prohibit disbursements of loan proceeds in compliance with guidelines under the Federal Housing Administration's Home Equity Conversion Mortgage Program, including uses defined as mandatory obligations, nor shall it prohibit a borrower from using the loan proceeds to purchase products or services from a lender that is a financial institution in the ordinary course of the financial institution's business.

Section 915. The Illinois Credit Union Act is amended by changing Section 46 as follows:
(205 ILCS 305/46) (from Ch. 17, par. 4447)
Sec. 46. Loans and interest rate.

(1) A credit union may make loans to its members for such purpose and upon such security and terms, including rates of interest, as the credit committee, credit manager, or loan officer approves. Notwithstanding the provisions of any other law in connection with extensions of credit, a credit union may elect to contract for and receive interest and fees and other charges for extensions of credit subject only to the provisions of this Act and rules promulgated under this Act, except that extensions of credit secured by residential real estate shall be subject to the laws applicable thereto. The rates of interest to be charged on loans to members shall be
set by the board of directors of each individual credit union in accordance with Section 30 of this Act and such rates may be less than, but may not exceed, the maximum rate set forth in this Section. A borrower may repay his loan prior to maturity, in whole or in part, without penalty. The credit contract may provide for the payment by the member and receipt by the credit union of all costs and disbursements, including reasonable attorney's fees and collection agency charges, incurred by the credit union to collect or enforce the debt in the event of a delinquency by the member, or in the event of a breach of any obligation of the member under the credit contract. A contingency or hourly arrangement established under an agreement entered into by a credit union with an attorney or collection agency to collect a loan of a member in default shall be presumed prima facie reasonable.

(2) Credit unions may make loans based upon the security of any interest or equity in real estate, subject to rules and regulations promulgated by the Secretary. In any contract or loan which is secured by a mortgage, deed of trust, or conveyance in the nature of a mortgage, on residential real estate, the interest which is computed, calculated, charged, or collected pursuant to such contract or loan, or pursuant to any regulation or rule promulgated pursuant to this Act, may not be computed, calculated, charged or collected for any period of time occurring after the date on which the total indebtedness, with the exception of late payment penalties, is paid in full.

For purposes of this subsection (2) of this Section 46, a prepayment shall mean the payment of the total indebtedness, with the exception of late payment penalties if incurred or charged, on any date before the date specified in the contract or loan agreement on which the total indebtedness shall be paid in full, or before the date on which all payments, if timely made, shall have been made. In the event of a prepayment of the indebtedness which is made on a date after the date on which interest on the indebtedness was last computed, calculated, charged, or collected but before the next date on which interest on the indebtedness was to be calculated, computed, charged, or collected, the lender may calculate, charge and collect interest on the indebtedness for the period which elapsed between the date on which the prepayment is made and the date on which interest on the indebtedness was last computed, calculated, charged or collected at a rate equal to 1/360 of the annual rate for each day which so elapsed, which rate shall be applied to the indebtedness outstanding as of the date of prepayment. The lender shall refund to the borrower any
interest charged or collected which exceeds that which the lender may charge or collect pursuant to the preceding sentence. The provisions of this amendatory Act of 1985 shall apply only to contracts or loans entered into on or after the effective date of this amendatory Act.

(3) (Blank). Notwithstanding any other provision of this Act, a credit union authorized under this Act to make loans secured by an interest or equity in real estate may engage in making "reverse mortgage" loans to persons for the purpose of making home improvements or repairs, paying insurance premiums or paying real estate taxes on the homestead properties of such persons. If made, such loans shall be made on such terms and conditions as the credit union shall determine and as shall be consistent with the provisions of this Section and such rules and regulations as the Secretary shall promulgate hereunder. For purposes of this Section, a "reverse mortgage" loan shall be a loan extended on the basis of existing equity in homestead property and secured by a mortgage on such property. Such loans shall be repaid upon the sale of the property or upon the death of the owner or, if the property is in joint tenancy, upon the death of the last surviving joint tenant who had such an interest in the property at the time the loan was initiated; provided, however, that the credit union and its member may by mutual agreement, establish other repayment terms. A credit union, in making a "reverse mortgage" loan, may add deferred interest to principal or otherwise provide for the charging of interest or premiums on such deferred interest. "Homestead" property, for purposes of this Section, means the domicile and contiguous real estate owned and occupied by the mortgagor.

(4) Notwithstanding any other provisions of this Act, a credit union authorized under this Act to make loans secured by an interest or equity in real property may engage in making revolving credit loans secured by mortgages or deeds of trust on such real property or by security assignments of beneficial interests in land trusts.

For purposes of this Section, "revolving credit" has the meaning defined in Section 4.1 of the Interest Act.

Any mortgage or deed of trust given to secure a revolving credit loan may, and when so expressed therein shall, secure not only the existing indebtedness but also such future advances, whether such advances are obligatory or to be made at the option of the lender, or otherwise, as are made within twenty years from the date thereof, to the same extent as if such future advances were made on the date of the execution of such mortgage or deed of trust, although there may be no advance made at the
The time of execution of such mortgage or other instrument, and although there may be no indebtedness outstanding at the time any advance is made. The lien of such mortgage or deed of trust, as to third persons without actual notice thereof, shall be valid as to all such indebtedness and future advances form the time said mortgage or deed of trust is filed for record in the office of the recorder of deeds or the registrar of titles of the county where the real property described therein is located. The total amount of indebtedness that may be so secured may increase or decrease from time to time, but the total unpaid balance so secured at any one time shall not exceed a maximum principal amount which must be specified in such mortgage or deed of trust, plus interest thereon, and any disbursements made for the payment of taxes, special assessments, or insurance on said real property, with interest on such disbursements.

Any such mortgage or deed of trust shall be valid and have priority over all subsequent liens and encumbrances, including statutory liens, except taxes and assessments levied on said real property.

(4-5) For purposes of this Section, "real estate" and "real property" include a manufactured home as defined in subdivision (53) of Section 9-102 of the Uniform Commercial Code which is real property as defined in Section 5-35 of the Conveyance and Encumbrance of Manufactured Homes as Real Property and Severance Act.

(5) Compliance with federal or Illinois preemptive laws or regulations governing loans made by a credit union chartered under this Act shall constitute compliance with this Act.

(6) Credit unions may make residential real estate mortgage loans on terms and conditions established by the United States Department of Agriculture through its Rural Development Housing and Community Facilities Program. The portion of any loan in excess of the appraised value of the real estate shall be allocable only to the guarantee fee required under the program.

(7) For a renewal, refinancing, or restructuring of an existing loan that is secured by an interest or equity in real estate, a new appraisal of the collateral shall not be required when the transaction involves an existing extension of credit at the credit union, no new moneys are advanced other than funds necessary to cover reasonable closing costs, and there has been no obvious or material change in market conditions or physical aspects of the real estate that threatens the adequacy of the credit union's real estate collateral protection after the transaction.

However, the Attorney General, on behalf of the People of the State of Illinois, may specifically enforce the facility's sequestration requirement and the other terms of this contract provision. Compliance with the sequestration requirements and offset purchase requirements that apply to the initial clean coal facility shall be reviewed annually by an independent expert retained by the owner of the initial clean coal facility, with the advance written approval of the Attorney General;

(vi) The Commission shall, after notice and hearing, revoke the certification of any alternative retail electric supplier that fails to execute a sourcing agreement with the initial clean coal facility as required by item (5) of subsection (d) of this Section. The sourcing agreements with this initial clean coal facility shall be subject to both approval of the initial clean coal facility by the General Assembly and satisfaction of the requirements of item (4) of subsection (d) of Section 1-75 of the Illinois Power Agency Act, and shall be executed within 90 days after any such approval by the General Assembly. The Commission shall not accept an application for certification from an alternative retail electric supplier that has lost certification under this subsection (d), or any corporate affiliate thereof, for at least one year from the date of revocation;

(6) With respect to an applicant that seeks to serve residential or small commercial retail customers, that the area to be served by the applicant and any limitations it proposes on the number of customers or maximum amount of load to be served meet the provisions of Section 16-115A, provided, that the Commission can extend the time for considering such a certificate request by up to 90 days, and can schedule hearings on such a request;

(7) That the applicant meets the requirements of subsection a) of Section 16-128; and
(8) That the applicant will comply with all other applicable laws and regulations.

(e) A retail customer that owns a cogeneration or self-generation facility and that seeks certification only to provide electric power and energy from such facility to retail customers at separate locations which customers are both (i) owned by, or a subsidiary or other corporate affiliate of, such applicant and (ii) eligible for delivery services, shall be granted a certificate of service authority upon filing an application and notifying the Commission that it has entered into an agreement with the relevant electric utilities pursuant to Section 16-118. Provided, however, that if the retail customer owning such cogeneration or self-generation facility would not be charged a transition charge due to the exemption provided under subsection (f) of Section 16-108 prior to the certification, and the retail customers at separate locations are taking delivery services in conjunction with purchasing power and energy from the facility, the retail customer on whose premises the facility is located shall not thereafter be required to pay transition charges on the power and energy that such retail customer takes from the facility.

(f) The Commission shall have the authority to promulgate rules and regulations to carry out the provisions of this Section. On or before May 1, 1999, the Commission shall adopt a rule or rules applicable to the certification of those alternative retail electric suppliers that seek to serve only nonresidential retail customers with maximum electrical demands of one megawatt or more which shall provide for (i) expedited and streamlined procedures for certification of such alternative retail electric suppliers and (ii) specific criteria which, if met by any such alternative retail electric supplier, shall constitute the demonstration of technical, financial and managerial resources and abilities to provide service required by subsection d) (1) of this Section, such as a requirement to post a bond or letter of credit, from a responsible surety or financial institution, of sufficient size for the nature and scope of the services to be provided; demonstration of adequate insurance for the scope and nature of the services to be provided; and experience in providing similar services in other jurisdictions.

(g) An alternative retail electric supplier may seek confidential treatment for the following information by filing an affidavit with the
Commission so long as the affidavit meets the requirements in this subsection (g):

(1) the total annual kilowatt-hours delivered and sold by an alternative retail electric supplier to retail customers within each utility service territory and the total annual kilowatt-hours delivered and sold by an alternative retail electric supplier to retail customers in all utility service territories in the preceding calendar year as required by 83 Ill. Adm. Code 451.770;

(2) the total peak demand supplied by an alternative retail electric supplier during the previous year in each utility service territory as required by 83 Ill. Adm. Code 465.40;

(3) a good faith estimate of the amount an alternative retail electric supplier expects to be obliged to pay the utility under single billing tariffs during the next 12 months and the amount of any bond or letter of credit used to demonstrate an alternative retail electric supplier's credit worthiness to provide single billing services pursuant to 83 Ill. Adm. Code 451.510(a) and (b).

The affidavit must be filed contemporaneously with the information for which confidential treatment is sought and must clearly state that the affiant seeks confidential treatment pursuant to this subsection (g) and the information for which confidential treatment is sought must be clearly identified on the confidential version of the document filed with the Commission. The affidavit must be accompanied by a "confidential" and a "public" version of the document or documents containing the information for which confidential treatment is sought.

If the alternative retail electric supplier has met the affidavit requirements of this subsection (g), then the Commission shall afford confidential treatment to the information identified in the affidavit for a period of 2 years after the date the affidavit is received by the Commission.

Nothing in this subsection (g) prevents an alternative retail electric supplier from filing a petition with the Commission seeking confidential treatment for information beyond that identified in this subsection (g) or for information contained in other reports or documents filed with the Commission.

Nothing in this subsection (g) prevents the Commission, on its own motion, or any party from filing a formal petition with the Commission seeking to reconsider the conferring of confidential status on an item of

information afforded confidential treatment pursuant to this subsection (g).

The Commission, on its own motion, may at any time initiate a docketed proceeding to investigate the continued applicability of this subsection (g) to the information contained in items (i), (ii), and (iii) of this subsection (g). If, at the end of such investigation, the Commission determines that a particular item of information should no longer be eligible for the affidavit-based process outlined in this subsection (g), the Commission may enter an order to remove that item from the list of items eligible for the process set forth in this subsection (g). Notwithstanding any such order, in the event the Commission makes such a determination, nothing in this subsection (g) prevents an alternative retail electric supplier desiring confidential treatment for such information from filing a formal petition with the Commission seeking confidential treatment for such information.

(220 ILCS 5/19-110)
Sec. 19-110. Certification of alternative gas suppliers.

(a) The provisions of this Section shall apply only to alternative gas suppliers serving or seeking to serve residential or small commercial customers and only to the extent such alternative gas suppliers provide services to residential or small commercial customers.

(b) An alternative gas supplier must obtain a certificate of service authority from the Commission in accordance with this Section before serving any customer or other user located in this State. An alternative gas supplier may request, and the Commission may grant, a certificate of service authority for the entire State or for a specified geographic area of the State. A person, corporation, or other entity acting as an alternative gas supplier on the effective date of this amendatory Act of the 92nd General Assembly shall have 180 days from the effective date of this amendatory Act of the 92nd General Assembly to comply with the requirements of this Section in order to continue to operate as an alternative gas supplier.

(c) An alternative gas supplier seeking a certificate of service authority shall file with the Commission a verified application containing information showing that the applicant meets the requirements of this Section. The alternative gas supplier shall publish notice of its application in the official State newspaper within 10 days following the date of its filing. No later than 45 days after the application is properly filed with the

Commission, and such notice is published, the Commission shall issue its order granting or denying the application.

(d) An application for a certificate of service authority shall identify the area or areas in which the applicant intends to offer service and the types of services it intends to offer. Applicants that seek to serve residential or small commercial customers within a geographic area that is smaller than a gas utility's service area shall submit evidence demonstrating that the designation of this smaller area does not violate Section 19-115. An applicant may state in its application for certification any limitations that will be imposed on the number of customers or maximum load to be served. The applicant shall submit as part of its application a statement indicating:

(1) Whether the applicant has been denied a natural gas supplier license in any state in the United States.
(2) Whether the applicant has had a natural gas supplier license suspended or revoked by any state in the United States.
(3) Where, if any, other natural gas supplier license applications are pending in the United States.
(4) Whether the applicant is the subject of any lawsuits filed in a court of law or formal complaints filed with a regulatory agency alleging fraud, deception or unfair marketing practices, or other similar allegations, identifying the name, case number, and jurisdiction of each such lawsuit or complaint.

For the purposes of this subsection (d), formal complaints include only those complaints that seek a binding determination from a state or federal regulatory body.

(e) The Commission shall grant the application for a certificate of service authority if it makes the findings set forth in this subsection based on the verified application and such other information as the applicant may submit.

(1) That the applicant possesses sufficient technical, financial, and managerial resources and abilities to provide the service for which it seeks a certificate of service authority. In determining the level of technical, financial, and managerial resources and abilities which the applicant must demonstrate, the Commission shall consider:

(A) the characteristics, including the size and financial sophistication of the customers that the applicant seeks to serve;

New matter indicated by italics - deletions by strikeout
(B) whether the applicant seeks to provide gas using property, plant, and equipment that it owns, controls, or operates; and

(C) the applicant's commitment of resources to the management of sales and marketing staff, through affirmative managerial policies, independent audits, technology, hands-on field monitoring and training, and, in the case of applicants who will have sales personnel or sales agents within the State of Illinois, the applicant's managerial presence within the State.

(2) That the applicant will comply with all applicable federal, State, regional, and industry rules, policies, practices, and procedures for the use, operation, and maintenance of the safety, integrity, and reliability of the gas transmission system.

(3) That the applicant will comply with such informational or reporting requirements as the Commission may by rule establish.

(4) That the area to be served by the applicant and any limitations it proposes on the number of customers or maximum amount of load to be served meet the provisions of Section 19-115, provided, that if the applicant seeks to serve an area smaller than the service area of a gas utility or proposes other limitations on the number of customers or maximum amount of load to be served, the Commission can extend the time for considering such a certificate request by up to 90 days, and can schedule hearings on such a request.

(5) That the applicant and the applicant's sales agents will comply with all other applicable laws and rules.

(f) The Commission can extend the time for considering such a certificate request by up to 90 days, and can schedule hearings on such a request if:

(1) a party to the application proceeding has formally requested that the Commission hold hearings in a pleading that alleges that one or more of the allegations or certifications in the application is false or misleading; or

(2) other facts or circumstances exist that will necessitate additional time or evidence in order to determine whether a certificate should be issued.
(g) The Commission shall have the authority to promulgate rules to carry out the provisions of this Section. Within 30 days after the effective date of this amendatory Act of the 92nd General Assembly, the Commission shall adopt an emergency rule or rules applicable to the certification of those gas suppliers that seek to serve residential customers. Within 180 days of the effective date of this amendatory Act of the 92nd General Assembly, the Commission shall adopt rules that specify criteria which, if met by any such alternative gas supplier, shall constitute the demonstration of technical, financial, and managerial resources and abilities to provide service required by item (1) of subsection (e) of this Section, such as a requirement to post a bond or letter of credit, from a responsible surety or financial institution, of sufficient size for the nature and scope of the services to be provided, demonstration of adequate insurance for the scope and nature of the services to be provided, and experience in providing similar services in other jurisdictions.

(h) The Commission may deny with prejudice any application that repeatedly fails to include the attachments, documentation, and affidavits required by the application form or that repeatedly fails to provide any other information required by this Section.

(i) An alternative gas supplier may seek confidential treatment for the reporting to the Commission of its total annual dekatherms delivered and sold by it to residential and small commercial customers by utility service territory during the preceding year via the filing of an affidavit with the Commission so long as the affidavit meets the requirements of this subsection (i). The affidavit must be filed contemporaneously with the information for which confidential treatment is sought and must clearly state that the affiant seeks confidential treatment pursuant to this subsection (i) and the information for which confidential treatment is sought must be clearly identified on the confidential version of the document filed with the Commission. The affidavit must be accompanied by both a "confidential" and a "public" version of the document or documents containing the information for which confidential treatment is sought.

If the alternative gas supplier has met the affidavit requirements of this subsection (i), then the Commission shall afford confidential treatment to the information identified in the affidavit for a period of 2 years after the date the affidavit is received by the Commission.

Nothing in this subsection (i) prevents an alternative gas supplier from filing a petition with the Commission seeking confidential treatment.
for information beyond that identified in this subsection (i) or for information contained in other reports or documents filed with the Commission.

Nothing in this subsection (i) prevents the Commission, on its own motion, or any party from filing a formal petition with the Commission seeking to reconsider the conferring of confidential status pursuant to this subsection (i).

The Commission, on its own motion, may at any time initiate a docketed proceeding to investigate the continued applicability of this affidavit-based process for seeking confidential treatment. If, at the end of such investigation, the Commission determines that this affidavit-based process for seeking confidential treatment for the information is no longer necessary, the Commission may enter an order to that effect. Notwithstanding any such order, in the event the Commission makes such a determination, nothing in this subsection (i) prevents an alternative gas supplier desiring confidential treatment for such information from filing a formal petition with the Commission seeking confidential treatment for such information.

(1) whose motor vehicle registrations during the preceding 4 years have been suspended pursuant to Section 7-606 or 7-607 of this Code;

(2) who during the preceding 4 years have been convicted of violating Section 3-707, 3-708 or 3-710 of this Code while operating vehicles owned by other persons;

(3) whose driving privileges have been suspended during the preceding 4 years;

(4) who during the preceding 4 years acquired ownership of motor vehicles while the registrations of such vehicles under the previous owners were suspended pursuant to Section 7-606 or 7-607 of this Code; or

(c) In preparation for selection of random samples and their verification, the Secretary may send to owners of randomly selected motor vehicles, or to randomly selected motor vehicle owners, requests for information about their motor vehicles and liability insurance coverage. this Code shall be deemed to have registered or maintained registration of
a motor vehicle in violation of that Section. Any owner who fails to

PUBLIC ACT 99-0335
(Senate Bill No. 1608)

AN ACT concerning revenue.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Property Tax Code is amended by changing Section 18-155 and by adding Section 18-156 as follows:

(35 ILCS 200/18-155)

Sec. 18-155. Apportionment of taxes for district in two or more counties. The burden of taxation of property in taxing districts that lie in more than one county shall be fairly apportioned as provided in Article IX, Section 7, of the Constitution of 1970.

The Department may, and on written request made before July 1 to the Department shall, proceed to apportion the tax burden. The request may be made only by an assessor, chief county assessment officer, Board of Review, Board of Appeals, overlapping taxing district or 25 or more interested taxpayers. The request shall specify one or more taxing districts in the county which lie in one or more other specified counties, and also specify the civil townships, if any, in which the overlapping taxing districts lie. When the Department has received a written request for equalization for overlapping tax districts as provided in this Section, the Department shall promptly notify the county clerk and county treasurer of each county affected by that request that tax bills with respect to property in the parts of the county which are affected by the request may not be prepared or mailed until the Department certifies the apportionment among counties of the taxing districts' levies, except as provided in subsection (c) of this Section. To apportion, the Department shall:

(a) On or before December 31 of that year cause an assessment ratio study to be made in each township in which each of the named overlapping taxing districts lies, using equalized assessed values as certified by the county clerk, and an analysis of property transfers prior to January 1 of that year. The property transfers shall be in an amount deemed reasonable and proper by the Department. The Department may conduct hearings, at which the evidence shall be limited to the written presentation of assessment ratio study data.
(b) Request from the County Clerk in each County in which the overlapping taxing districts lie, certification of the portion of the assessed value of the prior year for each overlapping taxing district's portion of each township. Beginning with the 1999 taxable year, for those counties that classify property by county ordinance pursuant to subsection (b) of Section 4 of Article IX of the Illinois Constitution, the certification shall be listed by property class as provided in the classification ordinance. The clerk shall return the certification within 30 days of receipt of the request.

(c) Use the township assessment ratio studies to apportion the amount to be raised by taxation upon property within the district so that each county in which the district lies bears that burden of taxation as though all parts of the overlapping taxing district had been assessed at the same proportion of actual value. The Department shall certify to each County Clerk, by March 15, the percent of burden. Except as provided below, the County Clerk shall apply the percentage to the extension as provided in Section 18-45 to determine the amount of tax to be raised in the county.

If the Department does not certify the percent of burden in the time prescribed, the county clerk shall use the most recent prior certification to determine the amount of tax to be raised in the county.

If the use of a prior certified percentage results in over or under extension for the overlapping taxing district in the county using same, the county clerk shall make appropriate adjustments in the subsequent year, except as provided by Section 18-156. Any adjustments necessitated by the procedure authorized by this Section shall be made by increasing or decreasing the tax extension by fund for each taxing district where a prior certified percentage was used. No tax rate limit shall render any part of a tax levy illegally excessive which has been apportioned as herein provided. The percentages certified by the Department shall remain until changed by reason of another assessment ratio study made under this Section.

To determine whether an overlapping district has met any qualifying rate prescribed by law for eligibility for State aid, the tax rate of the district shall be considered to be that rate which would have produced the same amount of revenue had the taxes of the district been extended at a uniform rate throughout the district, even if by application of this Section the actual rate of extension in a portion of the district is less than the qualifying rate.

(35 ILCS 200/18-156 new)

Sec. 18-156. Correction of apportionment of taxes for a district in 2 or more counties.

(a) Definitions. For the purposes of this Section, these definitions shall apply:

"Apportioned property tax levy" means the total property tax extension of a taxing district in one or more counties that has been apportioned by the Department pursuant to Section 18-155.

"Over-apportionment" means that any single county's share of an apportioned property tax levy is subsequently determined to exceed 105% of what that county's share should have been.

(b) If, subsequent to the calculation of an apportioned property tax levy, the Department determines that an over-apportionment has taken place, the Department shall notify the county clerk and county treasurer of each county affected by the incorrect apportionment and shall provide those county clerks and county treasurers with correct apportionment data.

(c) If the notification under this Section is made prior to the due date of the final installment of property tax payments for that taxable year, the county treasurer of a county where an over-apportionment has taken place may, at the treasurer's sole discretion, issue a refund of the over-apportioned amount by either a reduced final installment, a refund of taxes paid, or both, to each taxpayer who is entitled to a refund because of the over-apportionment. Additionally, if the treasurer of the county where an over-apportionment has taken place issues a refund under this subsection, the county treasurer of each other county affected by the incorrect apportionment shall issue a corrected final installment or an additional bill for the amount owed as a result of the under-apportionment of that county's share of the property tax levy to each taxpayer whose taxes were underpaid as a result of the apportionment error.

(d) Any refund issued under subsection (c) due to any over-apportionment may be made from funds held by the county treasurer for the specific taxing district that was the subject of the over-apportionment; once those funds have been disbursed to the taxing districts, the authority of the county treasurer to issue refunds under subsection (c) ends.

(e) This Section applies for taxable year 2015 and thereafter.

Section 10. The Uniform Penalty and Interest Act is amended by changing Section 3-3 as follows:

(35 ILCS 735/3-3) (from Ch. 120, par. 2603-3)

New matter indicated by italics - deletions by strikeout
Sec. 3-3. Penalty for failure to file or pay.

(a) This subsection (a) is applicable before January 1, 1996. A penalty of 5% of the tax required to be shown due on a return shall be imposed for failure to file the tax return on or before the due date prescribed for filing determined with regard for any extension of time for filing (penalty for late filing or nonfiling). If any unprocessable return is corrected and filed within 21 days after notice by the Department, the late filing or nonfiling penalty shall not apply. If a penalty for late filing or nonfiling is imposed in addition to a penalty for late payment, the total penalty due shall be the sum of the late filing penalty and the applicable late payment penalty. Beginning on the effective date of this amendatory Act of 1995, in the case of any type of tax return required to be filed more frequently than annually, when the failure to file the tax return on or before the date prescribed for filing (including any extensions) is shown to be nonfraudulent and has not occurred in the 2 years immediately preceding the failure to file on the prescribed due date, the penalty imposed by Section 3-3(a) shall be abated.

(a-5) This subsection (a-5) is applicable to returns due on and after January 1, 1996 and on or before December 31, 2000. A penalty equal to 2% of the tax required to be shown due on a return, up to a maximum amount of $250, determined without regard to any part of the tax that is paid on time or by any credit that was properly allowable on the date the return was required to be filed, shall be imposed for failure to file the tax return on or before the due date prescribed for filing determined with regard for any extension of time for filing. However, if any return is not filed within 30 days after notice of nonfiling mailed by the Department to the last known address of the taxpayer contained in Department records, an additional penalty amount shall be imposed equal to the greater of $250 or 2% of the tax shown on the return. However, the additional penalty amount may not exceed $5,000 and is determined without regard to any part of the tax that is paid on time or by any credit that was properly allowable on the date the return was required to be filed (penalty for late filing or nonfiling). If any unprocessable return is corrected and filed within 30 days after notice by the Department, the late filing or nonfiling penalty shall not apply. If a penalty for late filing or nonfiling is imposed in addition to a penalty for late payment, the total penalty due shall be the sum of the late filing penalty and the applicable late payment penalty. In the case of any type of tax return required to be filed more frequently than annually, when the failure to file the tax return on or before the date

prescribed for filing (including any extensions) is shown to be nonfraudulent and has not occurred in the 2 years immediately preceding the failure to file on the prescribed due date, the penalty imposed by Section 3-3(a-5) shall be abated.

(a-10) This subsection (a-10) is applicable to returns due on and after January 1, 2001. A penalty equal to 2% of the tax required to be shown due on a return, up to a maximum amount of $250, reduced by any tax that is paid on time or by any credit that was properly allowable on the date the return was required to be filed, shall be imposed for failure to file the tax return on or before the due date prescribed for filing determined with regard for any extension of time for filing. However, if any return is not filed within 30 days after notice of nonfiling mailed by the Department to the last known address of the taxpayer contained in Department records, an additional penalty amount shall be imposed equal to the greater of $250 or 2% of the tax shown on the return. However, the additional penalty amount may not exceed $5,000 and is determined without regard to any part of the tax that is paid on time or by any credit that was properly allowable on the date the return was required to be filed (penalty for late filing or nonfiling). If any unprocessable return is corrected and filed within 30 days after notice by the Department, the late filing or nonfiling penalty shall not apply. If a penalty for late filing or nonfiling is imposed in addition to a penalty for late payment, the total penalty due shall be the sum of the late filing penalty and the applicable late payment penalty. In the case of any type of tax return required to be filed more frequently than annually, when the failure to file the tax return on or before the date prescribed for filing (including any extensions) is shown to be nonfraudulent and has not occurred in the 2 years immediately preceding the failure to file on the prescribed due date, the penalty imposed by this subsection (a-10) shall be abated. This subsection (a-10) does not apply to transaction reporting returns required by Section 3 of the Retailers' Occupation Tax Act and Section 9 of the Use Tax Act that would not, when properly prepared and filed, result in the imposition of a tax; however, those returns are subject to the penalty set forth in subsection (a-15).

(a-15) A penalty of $100 shall be imposed for failure to file a transaction reporting return required by Section 3 of the Retailers' Occupation Tax Act and Section 9 of the Use Tax Act on or before the date a return is required to be filed; provided, however, that this penalty does not apply to returns prepared and filed within 30 days after notice by the Department, if the return is completed within 30 days of the due date.
penalty shall be imposed only if regardless of whether the return when properly prepared and filed would not result in the imposition of a tax. If such a transaction reporting return would result in the imposition of a tax when properly prepared and filed, then that return is subject to the provisions of subsection (a-10).

(b) This subsection is applicable before January 1, 1998. A penalty of 15% of the tax shown on the return or the tax required to be shown due on the return shall be imposed for failure to pay:

(1) the tax shown due on the return on or before the due date prescribed for payment of that tax, an amount of underpayment of estimated tax, or an amount that is reported in an amended return other than an amended return timely filed as required by subsection (b) of Section 506 of the Illinois Income Tax Act (penalty for late payment or nonpayment of admitted liability); or

(2) the full amount of any tax required to be shown due on a return and which is not shown (penalty for late payment or nonpayment of additional liability), within 30 days after a notice of arithmetic error, notice and demand, or a final assessment is issued by the Department. In the case of a final assessment arising following a protest and hearing, the 30-day period shall not begin until all proceedings in court for review of the final assessment have terminated or the period for obtaining a review has expired without proceedings for a review having been instituted. In the case of a notice of tax liability that becomes a final assessment without a protest and hearing, the penalty provided in this paragraph (2) shall be imposed at the expiration of the period provided for the filing of a protest.

(b-5) This subsection is applicable to returns due on and after January 1, 1998 and on or before December 31, 2000. A penalty of 20% of the tax shown on the return or the tax required to be shown due on the return shall be imposed for failure to pay:

(1) the tax shown due on the return on or before the due date prescribed for payment of that tax, an amount of underpayment of estimated tax, or an amount that is reported in an amended return other than an amended return timely filed as required by subsection (b) of Section 506 of the Illinois Income Tax Act (penalty for late payment or nonpayment of admitted liability); or

(b-10) This subsection (b-10) is applicable to returns due on and after January 1, 2001 and on or before December 31, 2003. A penalty shall be imposed for failure to pay:

(1) the tax shown due on a return on or before the due date prescribed for payment of that tax, an amount of underpayment of estimated tax, or an amount that is reported in an amended return other than an amended return timely filed as required by subsection (b) of Section 506 of the Illinois Income Tax Act (penalty for late payment or nonpayment of admitted liability). The amount of penalty imposed under this subsection (b-10)(1) shall be 2% of any amount that is paid no later than 30 days after the due date, 5% of any amount that is paid later than 30 days after the due date and not later than 90 days after the due date, 10% of any amount that is paid later than 90 days after the due date and not later than 180 days after the due date, and 15% of any amount that is paid later than 180 days after the due date. If notice and demand is made for the payment of any amount of tax due and if the amount due is paid within 30 days after the date of the notice and demand, then the penalty for late payment or nonpayment of admitted liability under this subsection (b-10)(1) on the amount so paid shall not accrue for the period after the date of the notice and demand.

following a protest and hearing, the 30-day period shall not begin until all proceedings in court for review of the final assessment have terminated or the period for obtaining a review has expired without proceedings for a review having been instituted. The amount of penalty imposed under this subsection (b-10)(2) shall be 20% of any amount that is not paid within the 30-day period. In the case of a notice of tax liability that becomes a final assessment without a protest and hearing, the penalty provided in this subsection (b-10)(2) shall be imposed at the expiration of the period provided for the filing of a protest.

(b-15) This subsection (b-15) is applicable to returns due on and after January 1, 2004 and on or before December 31, 2004. A penalty shall be imposed for failure to pay the tax shown due or required to be shown due on a return on or before the due date prescribed for payment of that tax, an amount of underpayment of estimated tax, or an amount that is reported in an amended return other than an amended return timely filed as required by subsection (b) of Section 506 of the Illinois Income Tax Act (penalty for late payment or nonpayment of admitted liability). The amount of penalty imposed under this subsection (b-15)(1) shall be 2% of any amount that is paid no later than 30 days after the due date, 10% of any amount that is paid later than 30 days after the due date and not later than 90 days after the due date, 15% of any amount that is paid later than 90 days after the due date and not later than 180 days after the due date, and 20% of any amount that is paid later than 180 days after the due date. If notice and demand is made for the payment of any amount of tax due and if the amount due is paid within 30 days after the date of this notice and demand, then the penalty for late payment or nonpayment of admitted liability under this subsection (b-15)(1) on the amount so paid shall not accrue for the period after the date of the notice and demand.

(b-20) This subsection (b-20) is applicable to returns due on and after January 1, 2005.

(1) A penalty shall be imposed for failure to pay, prior to the due date for payment, any amount of tax the payment of which is required to be made prior to the filing of a return or without a return (penalty for late payment or nonpayment of estimated or accelerated tax). The amount of penalty imposed under this paragraph (1) shall be 2% of any amount that is paid no later than 30 days after the due date and 10% of any amount that is paid later than 30 days after the due date.

(2) A penalty shall be imposed for failure to pay the tax shown due or required to be shown due on a return on or before the due date prescribed for payment of that tax or an amount that is reported in an amended return other than an amended return timely filed as required by subsection (b) of Section 506 of the Illinois Income Tax Act (penalty for late payment or nonpayment of tax). The amount of penalty imposed under this paragraph (2) shall be 2% of any amount that is paid no later than 30 days after the due date, 10% of any amount that is paid later than 30 days after the due date and prior to the date the Department has initiated an audit or investigation of the taxpayer, and 20% of any amount that is paid after the date the Department has initiated an audit or investigation of the taxpayer; provided that the penalty shall be reduced to 15% if the entire amount due is paid not later than 30 days after the Department has provided the taxpayer with an amended return (following completion of an occupation, use, or excise tax audit) or a form for waiver of restrictions on assessment (following completion of an income tax audit); provided further that the reduction to 15% shall be rescinded if the taxpayer makes any claim for refund or credit of the tax, penalties, or interest determined to be due upon audit, except in the case of a claim filed pursuant to subsection (b) of Section 506 of the Illinois Income Tax Act or to claim a carryover of a loss or credit, the availability of which was not determined in the audit. For purposes of this paragraph (2), any overpayment reported on an original return that has been allowed as a refund or credit to the taxpayer shall be deemed to have not been paid on or before the due date for payment and any amount paid under protest pursuant to the provisions of the State Officers and Employees Money Disposition Act shall be deemed to have been paid after the Department has initiated an audit and more than 30 days after the Department has provided the taxpayer with an amended return (following completion of an occupation, use, or excise tax audit) or a form for waiver of restrictions on assessment (following completion of an income tax audit).

(3) The penalty imposed under this subsection (b-20) shall be deemed assessed at the time the tax upon which the penalty is computed is assessed, except that, if the reduction of the penalty imposed under paragraph (2) of this subsection (b-20) to 15% is
rescinded because a claim for refund or credit has been filed, the increase in penalty shall be deemed assessed at the time the claim for refund or credit is filed.

(c) For purposes of the late payment penalties, the basis of the penalty shall be the tax shown or required to be shown on a return, whichever is applicable, reduced by any part of the tax which is paid on time and by any credit which was properly allowable on the date the return was required to be filed.

(d) A penalty shall be applied to the tax required to be shown even if that amount is less than the tax shown on the return.

(e) This subsection (e) is applicable to returns due before January 1, 2001. If both a subsection (b)(1) or (b-5)(1) penalty and a subsection (b)(2) or (b-5)(2) penalty are assessed against the same return, the subsection (b)(2) or (b-5)(2) penalty shall be assessed against only the additional tax found to be due.

(e-5) This subsection (e-5) is applicable to returns due on and after January 1, 2001. If both a subsection (b-10)(1) penalty and a subsection (b-10)(2) penalty are assessed against the same return, the subsection (b-10)(2) penalty shall be assessed against only the additional tax found to be due.

(f) If the taxpayer has failed to file the return, the Department shall determine the correct tax according to its best judgment and information, which amount shall be prima facie evidence of the correctness of the tax due.

(g) The time within which to file a return or pay an amount of tax due without imposition of a penalty does not extend the time within which to file a protest to a notice of tax liability or a notice of deficiency.

(h) No return shall be determined to be unprocessable because of the omission of any information requested on the return pursuant to Section 2505-575 of the Department of Revenue Law (20 ILCS 2505/2505-575).

(i) If a taxpayer has a tax liability for the taxable period ending after June 30, 1983 and prior to July 1, 2002 that is eligible for amnesty under the Tax Delinquency Amnesty Act and the taxpayer fails to satisfy the tax liability during the amnesty period provided for in that Act for that taxable period, then the penalty imposed by the Department under this Section shall be imposed in an amount that is 200% of the amount that would otherwise be imposed under this Section.

(j) If a taxpayer has a tax liability for the taxable period ending after June 30, 2002 and prior to July 1, 2009 that is eligible for amnesty under the Tax Delinquency Amnesty Act, except for any tax liability reported pursuant to Section 506(b) of the Illinois Income Tax Act (35 ILCS 5/506(b)) that is not final, and the taxpayer fails to satisfy the tax liability during the amnesty period provided for in that Act for that taxable period, then the penalty imposed by the Department under this Section shall be imposed in an amount that is 200% of the amount that would otherwise be imposed under this Section.

AN ACT concerning employment.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Occupational Safety and Health Act is amended by changing Sections 55 and 65 as follows:

(820 ILCS 219/55)
Sec. 55. Rules generally.
(a) The Director, from time to time, shall promulgate rules that clearly describe the persons to whom those rules apply and that clearly describe the conduct that is required of those persons. Each such rule shall, by its terms, be uniform and general in its application wherever the subject matter of the rule exists in any workplace having employees in the service of a public employer. The rules may include rules that, when applicable to products which are distributed or used in interstate commerce, are required by compelling local conditions and do not unduly burden interstate commerce.

(b) Any standards or rules promulgated by the Director under the Safety Inspection and Education Act or the Health and Safety Act that are in full force on the effective date of this Act shall become the rules of the
Department under this Act. This Act does not affect the legality of any such rules in the Illinois Administrative Code.

(c) Any proposed standards or rules filed with the Secretary of State by the Director under the Safety Inspection and Education Act or the Health and Safety Act that are pending in the rulemaking process on the effective date of this Act shall be deemed to have been filed by the Director under this Act.

(d) As soon as practicable after the effective date of this Act, the Director shall revise and clarify the standards or rules described in subsections (b) and (c) as necessary to reflect the provisions of this Act.

(e) The Director of Labor shall adopt such rules as he or she may deem necessary to implement the provisions of this Act, including, but not limited to, rules dealing with the inspection of an employer's establishment.

Sec. 65. Periodic inspection of workplaces.

(a) The Director shall enforce the occupational safety and health standards and rules promulgated under this Act and any occupational health and safety regulations relating to inspection of places of employment, and shall visit and inspect, as often as practicable, the places of employment covered by this Act.

(b) The Director or his or her authorized representative, upon presenting appropriate credentials to a public employer's agent in charge, has the right to enter and inspect all places of employment covered by this Act as follows:

1. An inspector may enter without delay and at reasonable times any establishment, construction site, or other area, workplace, or environment where work is performed by an employee of a public employer in order to enforce the occupational safety and health standards adopted under this Act.

2. If a public employer refuses entry to an inspector upon being presented with proper credentials or allows entry but then refuses to permit or hinders the inspection in any way, the inspector shall leave the premises and immediately report the refusal to authorized management within the Division. Authorized management shall notify the Director to initiate the compulsory legal process to obtain entry or obtain a warrant for entry, or both.

(3) An inspector may inspect and investigate during regular working hours and at other reasonable times, and within reasonable limits and in a reasonable manner, any workplace described in paragraph (1) and all pertinent conditions, structures, machines, apparatus, devices, equipment, and materials therein, and to question privately the employer or any agent or employee of the employer.

(4) The owner, operator, manager, or lessee of any workplace covered by this Act, and his or her agent or employee, and any employer affected by this Act shall, when requested by the Division of Occupational Safety and Health or any duly authorized agent of that Division: (i) furnish any information in his or her possession or under his or her control which the Department is authorized to require, (ii) answer truthfully all questions required to be put to him or her, and (iii) cooperate in the making of a proper inspection.

(c) In making his or her inspection and investigations under this Act, the Director of Labor has the power to require the attendance and testimony of witnesses and the production of evidence under oath.

Section 5. The Trusts and Trustees Act is amended by adding Section 8.5 as follows:

(760 ILCS 5/8.5 new)
Sec. 8.5. Certification of trust.
(a) Instead of furnishing a copy of the trust instrument to a person other than the beneficiary, the trustee may furnish to the person a certification of trust containing the following information:

New matter indicated by italics - deletions by strikeout
(1) a statement that the trust exists and the date the trust instrument was executed;
(2) the identity of the settlor;
(3) the identity and address of the currently acting trustee;
(4) the powers of the trustee;
(5) the revocability or irrevocability of the trust, whether the trust is amendable or unamendable, and the identity of any person holding a power to revoke or amend the trust;
(6) the authority of co-trustees to sign or otherwise authenticate and whether all or less than all are required in order to exercise powers of the trustee;
(7) the trust's taxpayer identification number; and
(8) the manner of taking title to trust property.

(b) A certification of trust must be signed or otherwise authenticated by one or more of the trustees. A third party may require that the certification of trust be acknowledged.

(c) A certification of trust must state that the trust has not been revoked, modified, or amended in any manner that would cause the representations contained in the certification of trust to be incorrect.

(d) A certification of trust need not contain the dispositive terms of a trust.

(e) A recipient of a certification of trust may require the trustee to furnish copies of those excerpts from the original trust instrument and later amendments which designate the trustee and confer upon the trustee the power to act in the pending transaction.

(f) A person who acts in reliance upon a certification of trust without knowledge that the representations contained therein are incorrect is not liable to any person for so acting and may assume without inquiry the existence of the facts contained in the certification. Knowledge of the terms of the trust may not be inferred solely from the fact that a copy of all or part of the trust instrument is held by the person relying upon the certification.

(g) A person who in good faith enters into a transaction in reliance upon a certification of trust may enforce the transaction against the trust property as if the representations contained in the certification were correct.

This Section does not modify or limit any obligation a trustee may have to furnish a copy of a trust instrument to the Attorney General under the Charitable Trust Act or the Solicitation for Charity Act.

(i) This Section does not limit the right of a person to obtain a copy of the trust instrument in a judicial proceeding concerning the trust.

Sec. 7. Placement of children; considerations.
(a) In placing any child under this Act, the Department shall place the child, as far as possible, in the care and custody of some individual holding the same religious belief as the parents of the child, or with some child care facility which is operated by persons of like religious faith as the parents of such child.

(a-5) In placing a child under this Act, the Department shall place the child with the child's sibling or siblings under Section 7.4 of this Act unless the placement is not in each child's best interest, or is otherwise not possible under the Department's rules. If the child is not placed with a sibling under the Department's rules, the Department shall consider placements that are likely to develop, preserve, nurture, and support sibling relationships, where doing so is in each child's best interest.

(b) In placing a child under this Act, the Department may place a child with a relative if the Department determines that the relative will be able to adequately provide for the child's safety and welfare based on the factors set forth in the Department's rules governing relative placements, and that the placement is consistent with the child's best interests, taking

into consideration the factors set out in subsection (4.05) of Section 1-3 of the Juvenile Court Act of 1987.

When the Department first assumes custody of a child, in placing that child under this Act, the Department shall make reasonable efforts to identify, locate, and provide notice to all adult grandparents and other adult relatives of the child who are and locate a relative who is ready, willing, and able to care for the child. At a minimum, these efforts shall be renewed each time the child requires a placement change and it is appropriate for the child to be cared for in a home environment. The Department must document its efforts to identify, and locate, and provide notice to such potential relative placements and maintain the documentation in the child's case file.

If the Department determines that a placement with any identified relative is not in the child's best interests or that the relative does not meet the requirements to be a relative caregiver, as set forth in Department rules or by statute, the Department must document the basis for that decision and maintain the documentation in the child's case file.

If, pursuant to the Department's rules, any person files an administrative appeal of the Department's decision not to place a child with a relative, it is the Department's burden to prove that the decision is consistent with the child's best interests.

When the Department determines that the child requires placement in an environment, other than a home environment, the Department shall continue to make reasonable efforts to identify and locate relatives to serve as visitation resources for the child and potential future placement resources, except when the Department determines that those efforts would be futile or inconsistent with the child's best interests.

If the Department determines that efforts to identify and locate relatives would be futile or inconsistent with the child's best interests, the Department shall document the basis of its determination and maintain the documentation in the child's case file.

If the Department determines that an individual or a group of relatives are inappropriate to serve as visitation resources or possible placement resources, the Department shall document the basis of its determination and maintain the documentation in the child's case file.

When the Department determines that an individual or a group of relatives are appropriate to serve as visitation resources or possible future placement resources, the Department shall document the basis of its determination, maintain the documentation in the child's case file, create a

For the purpose of this subsection, any determination as to the child's best interests shall include consideration of the factors set out in subsection (4.05) of Section 1-3 of the Juvenile Court Act of 1987.

The Department may not place a child with a relative, with the exception of certain circumstances which may be waived as defined by the Department in rules, if the results of a check of the Law Enforcement Agencies Data System (LEADS) identifies a prior criminal conviction of the relative or any adult member of the relative's household for any of the following offenses under the Criminal Code of 1961 or the Criminal Code of 2012:

For the purpose of this subsection, "relative" shall include any person, 21 years of age or over, other than the parent, who (i) is currently related to the child in any of the following ways by blood or adoption: grandparent, sibling, great-grandparent, uncle, aunt, nephew, niece, first cousin, second cousin, godparent, great-uncle, or great-aunt; or (ii) is the spouse of such a relative; or (iii) is the child's step-father, step-mother, or adult step-brother or step-sister; or (iv) is a fictive kin; "relative" also includes a person related in any of the foregoing ways to a sibling of a child, even though the person is not related to the child, when the child and its sibling are placed together with that person. For children who have been in the guardianship of the Department, have been adopted, and are subsequently returned to the temporary custody or guardianship of the Department, a "relative" may also include any person who would have qualified as a relative under this paragraph prior to the adoption, but only if the Department determines, and documents, that it would be in the child's best interests to consider this person a relative, based upon the
factors for determining best interests set forth in subsection (4.05) of Section 1-3 of the Juvenile Court Act of 1987. A relative with whom a child is placed pursuant to this subsection may, but is not required to, apply for licensure as a foster family home pursuant to the Child Care Act of 1969; provided, however, that as of July 1, 1995, foster care payments shall be made only to licensed foster family homes pursuant to the terms of Section 5 of this Act.

Notwithstanding any other provision under this subsection to the contrary, a fictive kin with whom a child is placed pursuant to this subsection shall apply for licensure as a foster family home pursuant to the Child Care Act of 1969 within 6 months of the child's placement with the fictive kin. The Department shall not remove a child from the home of a fictive kin on the basis that the fictive kin fails to apply for licensure within 6 months of the child's placement with the fictive kin, or fails to meet the standard for licensure. All other requirements established under the rules and procedures of the Department concerning the placement of a child, for whom the Department is legally responsible, with a relative shall apply. By June 1, 2015, the Department shall promulgate rules establishing criteria and standards for placement, identification, and licensure of fictive kin.

For purposes of this subsection, "fictive kin" means any individual, unrelated by birth or marriage, who is shown to have close personal or emotional ties with the child or the child's family prior to the child's placement with the individual.

The provisions added to this subsection (b) by this amending Act of the 98th General Assembly shall become operative on and after June 1, 2015.

(c) In placing a child under this Act, the Department shall ensure that the child's health, safety, and best interests are met. In rejecting placement of a child with an identified relative, the Department shall ensure that the child's health, safety, and best interests are met. In evaluating the best interests of the child, the Department shall take into consideration the factors set forth in subsection (4.05) of Section 1-3 of the Juvenile Court Act of 1987.

The Department shall consider the individual needs of the child and the capacity of the prospective foster or adoptive parents to meet the needs of the child. When a child must be placed outside his or her home and cannot be immediately returned to his or her parents or guardian, a comprehensive, individualized assessment shall be performed of that child.

at which time the needs of the child shall be determined. Only if race, color, or national origin is identified as a legitimate factor in advancing the child's best interests shall it be considered. Race, color, or national origin shall not be routinely considered in making a placement decision. The Department shall make special efforts for the diligent recruitment of potential foster and adoptive families that reflect the ethnic and racial diversity of the children for whom foster and adoptive homes are needed. "Special efforts" shall include contacting and working with community organizations and religious organizations and may include contracting with those organizations, utilizing local media and other local resources, and conducting outreach activities.

(c-1) At the time of placement, the Department shall consider concurrent planning, as described in subsection (l-1) of Section 5, so that permanency may occur at the earliest opportunity. Consideration should be given so that if reunification fails or is delayed, the placement made is the best available placement to provide permanency for the child.

(d) The Department may accept gifts, grants, offers of services, and other contributions to use in making special recruitment efforts.

(e) The Department in placing children in adoptive or foster care homes may not, in any policy or practice relating to the placement of children for adoption or foster care, discriminate against any child or prospective adoptive or foster parent on the basis of race.

(f) The form of the Birth Parent Preference Form shall be
substantially as follows:

New matter indicated by italics - deletions by strikeout
In recognition of the basic right of all persons to access their birth records, Illinois law now provides for the release of original birth certificates to adopted and surrendered persons 21 years of age or older upon request. While many birth parents are comfortable sharing their identities or initiating contact with their birth sons and daughters once they have reached adulthood, Illinois law also recognizes that there may be unique situations where a birth parent might have a compelling reason for not wishing to establish contact with a birth son or birth daughter or for not wishing to release identifying information that appears on the original birth certificate of a birth son or birth daughter who has reached adulthood. The Illinois Adoption Registry and Medical Information Exchange (IARMIE) has therefore established the attached form to allow birth parents to express their preferences regarding contact; and, if their birth child was born on or after January 1, 1946, to express their wishes regarding the sharing of identifying information listed on the original birth certificate with an adult adopted or surrendered person who has reached the age of 21 or his or her surviving relatives.

In selecting one of the 5 options below, birth parents should keep in mind that the decision to deny an adult adopted or surrendered person access to identifying information on his or her original birth record and/or information about genetically-transmitted diseases is an important decision that may impact the adopted or surrendered person's life in many ways. A request for anonymity on this form only pertains to information that is provided to an adult adopted or surrendered person or his or her surviving relatives through the Registry. This will not prevent the disclosure of identifying information that may be available to the adoptee through his or her adoptive parents and/or other means available to him or her. Birth parents who would prefer not to be contacted by their surrendered son or daughter are strongly urged to complete both the Non-Identifying Information Section included on the final page of the attached form and the Medical Questionnaire in order to provide their surrendered son or daughter with the background information he or she may need to better understand his or her origins. Birth parents whose birth son or birth daughter is under 21 years of age at the time of the completion of this form are reminded that no original birth certificate will be released by the IARMIE before an adoptee has reached the age of 21. Should you need additional assistance in completing this form, please contact the agency that handled the adoption, if applicable, or the Illinois Adoption Registry and Medical Information Exchange at 877-323-5299.

I understand that it is my responsibility to update the IARMIE with any changes to contact information provided below. (5) any adoptive parent or surviving spouse of a deceased adopted or surrendered person; or

(6) any adult birth sibling of the adult adopted or surrendered person unless the birth parent has checked Option E on the Birth Parent Preference Form or has filed a Denial of Information Exchange with the Registry and is not deceased; or

(7) any adult adopted birth sibling of an adult adopted or surrendered person; or

(8) any adult birth sibling of the birth parent if the birth parent is deceased; or

(9) any birth grandparent may petition the court in any county in the State of Illinois for appointment of a confidential intermediary as provided in this Section for the purpose of exchanging medical information with one or more mutually consenting biological relatives, obtaining identifying information about one or more mutually consenting biological relatives, or arranging contact with one or more mutually consenting biological relatives. The petitioner shall be required to accompany his or her petition with proof of registration with the Illinois Adoption Registry and Medical Information Exchange.

(b) Petition. Upon petition, the court shall appoint a confidential intermediary. The petition shall indicate if the petitioner wants to do any one or more of the following as to the sought-after relative or relatives: exchange medical information with the biological relative or relatives, obtain identifying information from the biological relative or relatives, or to arrange contact with the biological relative.

(c) Order. The order appointing the confidential intermediary shall allow that intermediary to conduct a search for the sought-after relative by accessing those records described in subsection (g) of this Section.
(d) Fees and expenses. The court shall not condition the appointment of the confidential intermediary on the payment of the intermediary's fees and expenses in advance of the commencement of the work of the confidential intermediary. No fee shall be charged to any petitioner.

(e) Eligibility of intermediary. The court may appoint as confidential intermediary any person certified by the Department of Children and Family Services as qualified to serve as a confidential intermediary. Certification shall be dependent upon the confidential intermediary completing a course of training including, but not limited to, applicable federal and State privacy laws.

(f) (Blank).

(g) Confidential intermediary access to information. Subject to the limitations of subsection (i) of this Section, the confidential intermediary shall have access to vital records maintained by the Department of Public Health and its local designees for the maintenance of vital records, or a comparable public entity that maintains vital records in another state in accordance with that state's laws, and all records of the court or any adoption agency, public or private, as limited in this Section, which relate to the adoption or the identity and location of an adopted or surrendered person, of an adult child or surviving spouse of a deceased adopted or surrendered person, or of a birth parent, birth sibling, or the sibling of a deceased birth parent. The confidential intermediary shall not have access to any personal health information protected by the Standards for Privacy of Individually Identifiable Health Information adopted by the U.S. Department of Health and Human Services under the Health Insurance Portability and Accountability Act of 1996 unless the confidential intermediary has obtained written consent from the person whose information is being sought by an adult adopted or surrendered person or, if that person is a minor child, that person's parent or guardian. Confidential intermediaries shall be authorized to inspect confidential relinquishment and adoption records. The confidential intermediary shall not be authorized to access medical records, financial records, credit records, banking records, home studies, attorney file records, or other personal records. In cases where a birth parent is being sought, an adoption agency shall inform the confidential intermediary of any statement filed pursuant to Section 18.3, hereinafter referred to as "the 18.3 statement", indicating a desire of the surrendering birth parent to have identifying information shared or to not have identifying information shared.

Information provided to the confidential intermediary by an adoption agency shall be restricted to the full name, date of birth, place of birth, last known address, last known telephone number of the sought-after relative or, if applicable, of the children or siblings of the sought-after relative, and the 18.3 statement. If the petitioner is an adult adopted or surrendered person or the adoptive parent of a minor and if the petitioner has signed a written authorization to disclose personal medical information, an adoption agency disclosing information to a confidential intermediary shall disclose available medical information about the adopted or surrendered person from birth through adoption.

(h) Missing or lost original birth certificate; remedy. Disclosure of information by the confidential intermediary shall be consistent with the public policy and intent of laws granting original birth certificate access as expressed in Section 18.04 of this Act. The confidential intermediary shall comply with the following procedures in disclosing information to the petitioners:

(1) If the petitioner is an adult adopted or surrendered person, or the adult child, adult grandchild, or surviving spouse of a deceased adopted or surrendered person, the confidential intermediary shall disclose:

(A) identifying information about the birth parent of the adopted person which, in the ordinary course of business, would have been reflected on the original filed certificate of birth, as of the date of birth, only if:

(i) the adopted person was born before January 1, 1946 and the petitioner has requested a non-certified copy of the adopted person's original birth certificate under Section 18.1 of this Act, and the Illinois Department of Public Health has issued a certification that the original birth certificate was not found, or the petitioner has presented the confidential intermediary with the non-certified copy of the original birth certificate which omits the name of the birth parent;

(ii) the adopted person was born after January 1, 1946, and the petitioner has requested a non-certified copy of the adopted person's original birth certificate under Section 18.1 of this Act and the Illinois Department of Public Health has issued
a certification that the original birth certificate was not found.

In providing information pursuant to this subdivision (h)(1)(A), the confidential intermediary shall expressly inform the petitioner in writing that since the identifying information is not from an official original certificate of birth filed pursuant to the Vital Records Act, the confidential intermediary cannot attest to the complete accuracy of the information and the confidential intermediary shall not be liable if the information disclosed is not accurate. Only information from the court files shall be provided to the petitioner in this Section. If the identifying information concerning a birth father is sought by the petitioner, the confidential intermediary shall disclose only the identifying information of the birth father as defined in Section 18.06 of this Act;

(B) the name of the child welfare agency which had legal custody of the surrendered person or responsibility for placing the surrendered person and any available contact information for such agency;

(C) the name of the state in which the surrender occurred or in which the adoption was finalized; and

(D) any information for which the sought-after relative has provided his or her consent to disclose under paragraphs (1) through (4) of subsection (i) of this Section.

(2) If the petitioner is an adult adopted or surrendered person, or the adoptive parent of an adult adopted or surrendered person under the age of 21, or the adoptive parent of a deceased adopted or surrendered person, the confidential intermediary shall provide, in addition to the information listed in paragraph (1) of this subsection (h):

(A) any information which the adoption agency provides pursuant to subsection (i) of this Section pertaining to medical information about the adopted or surrendered person; and

(B) any non-identifying information, as defined in Section 18.4 of this Act, that is obtained during the search.
(3) If the petitioner is not defined in paragraph (1) or (2) of this subsection, the confidential intermediary shall provide to the petitioner:

(A) any information for which the sought-after relative has provided his or her consent under paragraphs (1) through (4) of subsection (i) of this Section;

(B) the name of the child welfare agency which had legal custody of the surrendered person or responsibility for placing the surrendered person and any available contact information for such agency; and

(C) the name of the state in which the surrender occurred or in which the adoption was finalized.

(h-5) Disclosure of information shall be made by the confidential intermediary at any time from the appointment of the confidential intermediary and the court's issuance of an order of dismissal.

(i) Duties of confidential intermediary in conducting a search. In conducting a search under this Section, the confidential intermediary shall first determine whether there is a Denial of Information Exchange or a Birth Parent Preference Form with Option E selected or an 18.3 statement referenced in subsection (g) of this Section on file with the Illinois Adoption Registry. If there is a denial, the Birth Parent Preference Form on file with the Registry and the birth parent who completed the form selected Option E, or if there is an 18.3 statement indicating the birth parent's intent not to have identifying information shared and the birth parent did not later file an Information Exchange Authorization with the Registry, the confidential intermediary must discontinue the search unless 5 years or more have elapsed since the execution of the Denial of Information Exchange, Birth Parent Preference Form, or the 18.3 statement. If a birth parent was previously the subject of a search through the State confidential intermediary program, the confidential intermediary shall inform the petitioner of the need to discontinue the search until 10 years or more have elapsed since the initial search was closed. In cases where a birth parent has been the object of 2 searches through the State confidential intermediary program, no subsequent search for the birth parent shall be authorized absent a court order to the contrary.

In conducting a search under this Section, the confidential intermediary shall attempt to locate the relative or relatives from whom the petitioner has requested information. If the sought-after relative is

deceased or cannot be located after a diligent search, the confidential intermediary may contact other adult relatives of the sought-after relative.

The confidential intermediary shall contact a sought-after relative on behalf of the petitioner in a manner that respects the sought-after relative's privacy and shall inform the sought-after relative of the petitioner's request for medical information, identifying information or contact as stated in the petition. Based upon the terms of the petitioner's request, the confidential intermediary shall contact a sought-after relative on behalf of the petitioner and inform the sought-after relative of the following options:

1. The sought-after relative may totally reject one or all of the requests for medical information, identifying information or contact. The sought-after relative shall be informed that they can provide a medical questionnaire to be forwarded to the petitioner without releasing any identifying information. The confidential intermediary shall inform the petitioner of the sought-after relative's decision to reject the sharing of information or contact.

2. The sought-after relative may consent to completing a medical questionnaire only. In this case, the confidential intermediary shall provide the questionnaire and ask the sought-after relative to complete it. The confidential intermediary shall forward the completed questionnaire to the petitioner and inform the petitioner of the sought-after relative's desire to not provide any additional information.

3. The sought-after relative may communicate with the petitioner without having his or her identity disclosed. In this case, the confidential intermediary shall arrange the desired communication in a manner that protects the identity of the sought-after relative. The confidential intermediary shall inform the petitioner of the sought-after relative's decision to communicate but not disclose his or her identity.

4. The sought-after relative may consent to initiate contact with the petitioner. The confidential intermediary shall obtain written consents from both parties that they wish to disclose their identities to each other and to have contact with each other.

(j) Oath. The confidential intermediary shall sign an oath of confidentiality substantially as follows: "I, .........., being duly sworn, on oath depose and say: As a condition of appointment as a confidential intermediary, I affirm that:

(2) Any person who learns a sought-after relative's identity, directly or indirectly, through the use of procedures provided in this Section and who improperly discloses information identifying the sought-after relative shall be liable to the sought-after relative for actual damages plus minimum punitive damages of $10,000.

(3) The Department shall fine any confidential intermediary who improperly discloses confidential information in violation of item (1) or (2) of this subsection (k) an amount up to $2,000 per improper disclosure. This fine does not affect civil liability under item (2) of this subsection (k). The Department shall deposit all fines and penalties collected under this Section into the Illinois Adoption Registry and Medical Information Fund.

(l) Death of person being sought. Notwithstanding any other provision of this Act, if the confidential intermediary discovers that the person being sought has died, he or she shall report this fact to the court, along with a copy of the death certificate. If the sought-after relative is a birth parent, the confidential intermediary shall also forward a copy of the birth parent's death certificate, if available, to the Registry for inclusion in the Registry file.

(m) Any confidential information obtained by the confidential intermediary during the course of his or her search shall be kept strictly confidential and shall be used for the purpose of arranging contact between the petitioner and the sought-after birth relative. At the time the case is closed, all identifying information shall be returned to the court for inclusion in the impounded adoption file.

The public body shall make the remaining information available for inspection and copying. Subject to this requirement, the following shall be exempt from inspection and copying:

(b-5) Files, documents, and other data or databases maintained by one or more law enforcement agencies and specifically designed to provide information to one or more law enforcement agencies regarding the physical or mental status of one or more individual subjects.

(c) Personal information contained within public records, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy, unless the disclosure is consented to in writing by the individual subjects of the information. "Unwarranted invasion of personal privacy" means the disclosure of information that is highly personal or objectionable to a reasonable person and in which the subject's right to privacy outweighs any legitimate public interest in obtaining the information. The disclosure of information that bears on the public duties of public employees and officials shall not be considered an invasion of personal privacy.

(d) Records in the possession of any public body created in the course of administrative enforcement proceedings, and any law enforcement or correctional agency for law enforcement purposes, but only to the extent that disclosure would:
   
   (i) interfere with pending or actually and reasonably contemplated law enforcement proceedings conducted by any law enforcement or correctional agency that is the recipient of the request;
   
   (ii) interfere with active administrative enforcement proceedings conducted by the public body that is the recipient of the request;
   
   (iii) create a substantial likelihood that a person will be deprived of a fair trial or an impartial hearing;

(vi) endanger the life or physical safety of law enforcement personnel or any other person; or

(vii) obstruct an ongoing criminal investigation by the agency that is the recipient of the request.

(d-5) A law enforcement record created for law enforcement purposes and contained in a shared electronic record management system if the law enforcement agency that is the recipient of the request did not create the record, did not participate in or have a role in any of the events which are the subject of the record, and only has access to the record through the shared electronic record management system.

(g) Trade secrets and commercial or financial information obtained from a person or business where the trade secrets or commercial or financial information are furnished under a claim that they are proprietary, privileged or confidential, and that disclosure of the trade secrets or commercial or financial information would cause competitive harm to the person or business, and only insofar as the claim directly applies to the records requested.

The exemption contained in this item does not apply to the identity of a privately held company within the investment portfolio of a private equity fund, unless the disclosure of the identity of a privately held company may cause competitive harm.

Nothing contained in this paragraph (g) shall be construed to prevent a person or business from consenting to disclosure.

(h) Proposals and bids for any contract, grant, or agreement, including information which if it were disclosed would frustrate procurement or give an advantage to any person proposing to enter into a contractor agreement with the body, until an award or final selection is made. Information prepared by or for the body in preparation of a bid solicitation shall be exempt until an award or final selection is made.

Section 7.14. All reports in the central register shall be classified in one of three categories: "indicated", "unfounded" or "undetermined", as the case may be. Prior to classifying the report, the person making the classification shall determine whether the child named in the report is the subject of an action under Article II of the Juvenile Court Act of 1987. If the child is the subject of an action under Article II of the Juvenile Court Act of 1987 and the Department intends to classify the report as indicated, the Department shall, within 45 days of classification of the report, transmit a copy of the report to the attorney or guardian ad litem appointed for the child under Section 2-17 of the Juvenile Court Act of 1987. All information identifying the subjects of an unfounded report shall be expunged from the register forthwith, except as provided in Section 7.7. Unfounded reports may only be made available to the Child Protective Service Unit when investigating a subsequent report of suspected abuse or maltreatment involving a child named in the unfounded report; and to the subject of the report, provided the Department has not expunged the file in accordance with Section 7.7. The Child Protective Service Unit shall not indicate the subsequent report solely based upon the existence of the prior unfounded report or reports. Notwithstanding any other provision of law to the contrary, an unfounded report shall not be admissible in any judicial or administrative proceeding or action except for proceedings under Sections 2-10 and 2-21 of the Juvenile Court Act of 1987 involving a petition filed under Section 2-13 of the Juvenile Court Act of 1987 alleging abuse or neglect to the same child, a sibling of the child, or the same perpetrator.

Identifying information on all other records shall be removed from the register no later than 5 years after the report is indicated. However, if another report is received involving the same child, his sibling or offspring, or a child in the care of the persons responsible for the child's welfare, or involving the same alleged offender, the identifying information may be maintained in the register until 5 years after the subsequent case or report is closed.

Notwithstanding any other provision of this Section, identifying information in indicated reports involving serious physical injury to a child as defined by the Department in rules, may be retained longer than 5 years after the report is indicated or after the subsequent case or report is closed, and may not be removed from the register except as provided by the Department in rules. Identifying information in indicated reports involving sexual penetration of a child, sexual molestation of a child, sexual exploitation of a child, torture of a child, or the death of a child, as defined by the Department in rules, shall be retained for a period of not less than 50 years after the report is indicated or after the subsequent case or report is closed.

AN ACT concerning children.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. The Children and Family Services Act is amended by adding Section 5.05 and by adding Section 5.40 as follows:

(20 ILCS 505/5.05 new)

Sec. 5.05. Victims of sex trafficking.

(a) Legislative findings. Because of their histories of trauma, youth in the care of the Department of Children and Family Services are particularly vulnerable to sex traffickers. Sex traffickers often target child care facilities licensed by the Department to recruit their victims. Foster children who are victims of sex trafficking present unique treatment needs that existing treatment programs are not always able to address. The Department of Children and Family Services needs to develop a comprehensive strategy and continuum of care to treat foster children who are identified as victims of sex trafficking.

(b) Multi-disciplinary workgroup. By January 1, 2016, the Department shall convene a multi-disciplinary workgroup to review treatment programs for youth in the Department's care who are victims of sex trafficking and to make recommendations regarding a continuum of care for these vulnerable youth. The workgroup shall do all of the following:

(1) Conduct a survey of literature and of existing treatment program models available in the State and outside the State for youth in the Department's care who are victims of sex trafficking, taking into account whether the programs have been subject to evaluation.

(2) Evaluate the need for new programs in the State, taking into account that youth in the Department's care who are victims of sex trafficking can present a variety of additional needs, including mental illness, medical needs, emotional disturbance, and cognitive delays.

(3) Review existing State laws and rules that permit children to be placed in secured therapeutic residential care and

recommend (i) whether secured residential care should be part of a continuum of care in the State for foster youth who have been sexually trafficked and who repeatedly run away from treatment facilities, and if so, whether any amendments to existing State laws and rules should be made; and (ii) the circumstances under which youth should be considered for placement in secured therapeutic residential care.

(4) Make recommendations regarding a continuum of care for children in the Department’s care who are victims of sex trafficking.

(c) Composition of workgroup. The workgroup shall consist of a minimum of:

(1) two representatives of the Department, including at least one who is familiar with child care facilities licensed by the Department under the Child Care Act of 1969 that provide residential services;
(2) one representative of a child advocacy organization;
(3) one licensed clinician with expertise in working with youth in the Department’s care;
(4) one licensed clinician with expertise in working with youth who are victims of sex trafficking;
(5) one board-certified child and adolescent psychiatrist;
(6) two persons representing providers of residential treatment programs operating in the State;
(7) two persons representing providers of adolescent foster care or specialized foster care programs operating in the State;
(8) one representative of the Department of Children and Family Services’ Statewide Youth Advisory Board;
(9) one representative of an agency independent of the Department who has experience in providing treatment to children and youth who are victims of sex trafficking; and
(10) one representative of a law enforcement agency that works with youth who are victims of sex trafficking.

(d) Records and information. Upon request, the Department shall provide the workgroup with all records and information in the Department’s possession that are relevant to the workgroup’s review of existing programs and to the workgroup’s review of the need for new programs for victims of sex trafficking. The Department shall redact any confidential information from the records and information provided to the

workgroup to maintain the confidentiality of persons served by the Department.

(e) Workgroup report. The workgroup shall provide a report to the General Assembly no later than January 1, 2017 with its findings and recommendations.

(f) Department report. No later than March 1, 2017, the Department shall implement the workgroup's recommendations, as feasible and appropriate, and shall submit a written report to the General Assembly that explains the Department's decision to implement or to not implement each of the workgroup's recommendations.

(20 ILCS 505/5.40 new)

Sec. 5.40. Multi-dimensional treatment foster care.

Subject to appropriations, beginning June 1, 2016, the Department shall implement a 5-year pilot program of multi-dimensional treatment foster care, or a substantially similar evidence-based program of professional foster care, for (i) children entering care with severe trauma histories, with the goal of returning the child home or maintaining the child in foster care instead of placing the child in congregate care or a more restrictive setting or placement, (ii) children who require placement in foster care when they are ready for discharge from a residential treatment facility, and (iii) children who are identified for residential or group home care and who, based on a determination made by the Department, could be placed in a foster home if higher level interventions are provided.

The Department shall arrange for an independent evaluation of the pilot program to determine whether it is meeting the goal of maintaining children in the least restrictive, most appropriate family-like setting, near the child's home community, while they are in the Department's care and to determine whether there is a long-term cost benefit to continuing the pilot program.

At the end of the 5-year pilot program, the Department shall submit a report to the General Assembly with its findings of the evaluation. The report shall state whether the Department intends to continue the pilot program and the rationale for its decision.

Section 10. The Department of Human Services Act is amended by adding Section 10-34 as follows:

(225 ILCS 10/8.5 new)
Sec. 8.5. Reporting suspected abuse or neglect. The Department shall address through rules and procedures the failure of individual staff at child care facilities or child welfare agencies to report suspected abuse or neglect of children within the child care facility as required by the Abused and Neglected Child Reporting Act.

The rules and procedures shall include provisions for when the Department learns of the child care facility's staff's failure to report suspected abuse or neglect of children and the actions the Department will take to (i) ensure that the child care facility takes immediate action with the individual staff involved and (ii) investigate whether the failure to report suspected abuse and neglect was a single incident or part of a larger incident involving additional staff members who failed to report, or whether the failure to report suspected abuse and neglect is a system-wide problem within the child care facility or child welfare agency. The rules and procedures shall also include the use of corrective action plans and the use of supervisory teams to review staff and facility understanding of their reporting requirements.

The Department shall adopt rules by July 1, 2016.

"Child" means any person under the age of 18 years, unless legally emancipated by reason of marriage or entry into a branch of the United States armed services.

(h) commits or allows to be committed the offense of involuntary servitude, involuntary sexual servitude of a minor, or trafficking in persons as defined in Section 10-9 of the Criminal Code of 2012 against the child.

(a) The Board shall develop basic guidelines for the use of officer-worn body cameras by law enforcement agencies. The guidelines developed by the Board shall be the basis for the written policy which must be adopted by each law enforcement agency which employs the use of officer-worn body cameras. The written policy adopted by the law enforcement agency must include, at a minimum, all of the following:

(1) Cameras must be equipped with pre-event recording, capable of recording at least the 30 seconds prior to camera activation, unless the officer-worn body camera was purchased and acquired by the law enforcement agency prior to July 1, 2015.

(2) Cameras must be capable of recording for a period of 10 hours or more, unless the officer-worn body camera was purchased and acquired by the law enforcement agency prior to July 1, 2015.

(3) Cameras must be turned on at all times when the officer is in uniform and is responding to calls for service or engaged in
any law enforcement-related encounter or activity, that occurs while the officer is on-duty.

(A) If exigent circumstances exist which prevent the camera from being turned on, the camera must be turned on as soon as practicable.

(B) Officer-worn body cameras may be turned off when the officer is inside of a patrol car which is equipped with a functioning in-car camera; however, the officer must turn on the camera upon exiting the patrol vehicle for law enforcement-related encounters.

(4) Cameras must be turned off when:

(A) the victim of a crime requests that the camera be turned off, and unless impractical or impossible, that request is made on the recording;

However, an officer may continue to record or resume recording a victim or a witness, if exigent circumstances exist, or if the officer has reasonable articulable suspicion that a victim or witness, or confidential informant has committed or is in the process of committing a crime. Under these circumstances, and unless impractical or impossible, the officer must indicate on the recording the reason for continuing to record despite the request of the victim or witness.

(4.5) Cameras may be turned off when the officer is engaged in community caretaking functions. However, the camera must be turned on when the officer has reason to believe that the person on whose behalf the officer is performing a community caretaking function has committed or is in the process of committing a crime. If exigent circumstances exist which prevent the camera from being turned on, the camera must be turned on as soon as practicable.

(5) The officer must provide notice of recording to any person if the person has a reasonable expectation of privacy and proof of notice must be evident in the recording. If exigent
circumstances exist which prevent the officer from providing notice, notice must be provided as soon as practicable.

(6) For the purposes of redaction, labeling, or duplicating recordings, access to camera recordings shall be restricted to only those personnel responsible for those purposes. The recording officer and his or her supervisor may access and review recordings prior to completing incident reports or other documentation, provided that the officer or his or her supervisor discloses that fact in the report or documentation.

(7) Recordings made on officer-worn cameras must be retained by the law enforcement agency or by the camera vendor used by the agency, on a recording medium for a period of 90 days.

(A) Under no circumstances shall any recording made with an officer-worn body camera be altered, erased, or destroyed prior to the expiration of the 90-day storage period.

(B) Following the 90-day storage period, any and all recordings made with an officer-worn body camera must be destroyed, unless any encounter captured on the recording has been flagged. An encounter is deemed to be flagged when:

(C) Under no circumstances shall any recording made with an officer-worn body camera relating to a flagged encounter be altered or destroyed prior to 2 years after the recording was flagged. If the flagged recording was used in a criminal, civil, or administrative proceeding, the recording shall not be destroyed except upon a final disposition and order from the court.

(8) Following the 90-day storage period, recordings may be retained if a supervisor at the law enforcement agency designates the recording for training purposes. If the recording is designated for training purposes, the recordings may be viewed by officers, in the presence of a supervisor or training instructor, for the purposes of instruction, training, or ensuring compliance with agency policies.

(9) Recordings shall not be used to discipline law enforcement officers unless:
   (A) a formal or informal complaint of misconduct has been made;
   (B) a use of force incident has occurred;
   (C) the encounter on the recording could result in a formal investigation under the Uniform Peace Officers' Disciplinary Act; or
   (D) as corroboration of other evidence of misconduct.

Nothing in this paragraph (9) shall be construed to limit or prohibit a law enforcement officer from being subject to an action that does not amount to discipline.

(10) The law enforcement agency shall ensure proper care and maintenance of officer-worn body cameras. Upon becoming aware, officers must as soon as practical document and notify the appropriate supervisor of any technical difficulties, failures, or problems with the officer-worn body camera or associated equipment. Upon receiving notice, the appropriate supervisor shall make every reasonable effort to correct and repair any of the officer-worn body camera equipment.

(11) No officer may hinder or prohibit any person, not a law enforcement officer, from recording a law enforcement officer in the performance of his or her duties in a public place or when the officer has no reasonable expectation of privacy. The law enforcement agency shall ensure proper care and maintenance of officer-worn body cameras. Upon becoming aware, officers must as soon as practical document and notify the appropriate supervisor of any technical difficulties, failures, or problems with the officer-worn body camera or associated equipment. Upon receiving notice, the appropriate supervisor shall make every reasonable effort to correct and repair any of the officer-worn body camera equipment.
enforcement agency's written policy shall indicate the potential
criminal penalties, as well as any departmental discipline, which
may result from unlawful confiscation or destruction of the
recording medium of a person who is not a law enforcement
officer. However, an officer may take reasonable action to maintain
safety and control, secure crime scenes and accident sites, protect
the integrity and confidentiality of investigations, and protect the
public safety and order.

(b) Recordings made with the use of an officer-worn body camera
are not subject to disclosure under the Freedom of Information Act, except
that:

(1) if the subject of the encounter has a reasonable
expectation of privacy, at the time of the recording, any recording
which is flagged, due to the filing of a complaint, discharge of a
firearm, use of force, arrest or detention, or resulting death or
bodily harm, shall be disclosed in accordance with the Freedom of
Information Act if:

(A) the subject of the encounter captured on the
recording is a victim or witness; and

(B) the law enforcement agency obtains written
permission of the subject or the subject's legal
representative;

(2) except as provided in paragraph (1) of this subsection
(b), any recording which is flagged due to the filing of a complaint,
discharge of a firearm, use of force, arrest or detention, or resulting
death or bodily harm shall be disclosed in accordance with the
Freedom of Information Act; and

(3) upon request, the law enforcement agency shall
disclose, in accordance with the Freedom of Information Act, the
recording to the subject of the encounter captured on the recording
or to the subject's attorney, or the officer or his or her legal
representative.

For the purposes of paragraph (1) of this subsection (b), the subject
of the encounter does not have a reasonable expectation of privacy if the
subject was arrested as a result of the encounter. For purposes of
subparagraph (A) of paragraph (1) of this subsection (b), "witness" does
not include a person who is a victim or who was arrested as a result of the
encounter.
Only recordings or portions of recordings responsive to the request shall be available for inspection or reproduction. Any recording disclosed under the Freedom of Information Act shall be redacted to remove identification of any person that appears on the recording and is not the officer, a subject of the encounter, or directly involved in the encounter. Nothing in this subsection (b) shall require the disclosure of any recording or portion of any recording which would be exempt from disclosure under the Freedom of Information Act.

(c) Nothing in this Section shall limit access to a camera recording for the purposes of complying with Supreme Court rules or the rules of evidence.

   (1) a brief overview of the makeup of the agency, including the number of officers utilizing officer-worn body cameras;
   (2) the number of officer-worn body cameras utilized by the law enforcement agency;
   (3) any technical issues with the equipment and how those issues were remedied;
   (4) a brief description of the review process used by supervisors within the law enforcement agency;
   (5) for each recording used in prosecutions of conservation, criminal, or traffic offenses or municipal ordinance violations:
      (A) the time, date, location, and precinct of the incident;
      (B) the offense charged and the date charges were filed; and
   (6) any other information relevant to the administration of the program.
(b) On or before July 30 of each year, the Board must analyze the law enforcement agency reports and provide an annual report to the General Assembly and the Governor.

Section 10-30. Evidence. The recordings may be used as evidence in any administrative, judicial, legislative, or disciplinary proceeding. If a court or other finder of fact finds by a preponderance of the evidence that a recording was intentionally not captured, destroyed, altered, or intermittently captured in violation of this Act, then the court or other
finder of fact shall consider or be instructed to consider that violation in weighing the evidence, unless the State provides a reasonable justification.

Section 10-35. Authorized eavesdropping. Nothing in this Act shall be construed to limit or prohibit law enforcement officers from recording in accordance with Article 14 of the Criminal Code of 2012 or Article 108A or Article 108B of the Code of Criminal Procedure of 1963.

ARTICLE 20.

Section 20-126. The Use Tax Act is amended by changing Section 9 as follows:

(35 ILCS 105/9) (from Ch. 120, par. 439.9)

Sec. 9. Except as to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, each retailer required or authorized to collect the tax imposed by this Act shall pay to

New matter indicated by italics - deletions by strikeout
the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990, and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return. The Department may disallow the discount for retailers whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final. A retailer need not remit that part of any tax collected by him to the extent that he is required to remit and does remit the tax imposed by the Retailers' Occupation Tax Act, with respect to the sale of the same property.

Where such tangible personal property is sold under a conditional sales contract, or under any other form of sale wherein the payment of the principal sum, or a part thereof, is extended beyond the close of the period for which the return is filed, the retailer, in collecting the tax (except as to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State), may collect for each tax return period, only the tax applicable to that part of the selling price actually received during such tax return period.

Except as provided in this Section, on or before the twentieth day of each calendar month, such retailer shall file a return for the preceding calendar month. Such return shall be filed on forms prescribed by the Department and shall furnish such information as the Department may reasonably require.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;

New matter indicated by italics - deletions by strikeout
2. The address of the principal place of business from which he engages in the business of selling tangible personal property at retail in this State; 
3. The total amount of taxable receipts received by him during the preceding calendar month from sales of tangible personal property by him during such preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law; 
4. The amount of credit provided in Section 2d of this Act; 
5. The amount of tax due; 
5-5. The signature of the taxpayer; and 
6. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

New matter indicated by italics - deletions by strikeout
Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, the Service Use Tax Act was $10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act was $20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985, and prior to January 1, 1987, each payment shall be in an
amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987, and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987, and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, or begins on or after January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $10,000 threshold stated above, then such taxpayer may petition the Department for change in such taxpayer's reporting status. On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $20,000. However, if a taxpayer can show the
Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

If any such payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown by an original monthly return, the Department shall issue to the taxpayer a credit memorandum no later than 30 days after the date of payment, which memorandum may be submitted by the taxpayer to the Department in payment of tax liability subsequently to be remitted by the taxpayer to the Department or be assigned by the taxpayer to a similar taxpayer under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations to be prescribed by the Department, except that if such excess payment is shown on an original monthly return and is made after December 31, 1986, no credit memorandum shall be issued, unless requested by the taxpayer. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted by the taxpayer to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determines that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% or 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the

difference between the credit taken and that actually due, and the taxpayer shall be liable for penalties and interest on such difference.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February, and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under this Act with the Department not more than one month after discontinuing such business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 3-55 of this Act, then that seller may report the transfer of all the aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this

Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

The transaction reporting return in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of the Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of the Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft and aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the date of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the tax that is imposed by this Act may be transmitted to the Department

by way of the State agency with which, or State officer with whom, the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer, and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.

Where a retailer collects the tax with respect to the selling price of tangible personal property which he sells and the purchaser thereafter returns such tangible personal property and the retailer refunds the selling price thereof to the purchaser, such retailer shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the retailer may deduct the amount of the tax so refunded by him to the purchaser from any other use tax which such retailer may be required to pay or remit to the Department, as shown by such return, if the amount of the tax to be deducted was previously remitted to the Department by such retailer. If the retailer has not previously remitted the amount of such tax to the Department, he is entitled to no deduction under this Act upon refunding such tax to the purchaser.

Any retailer filing a return under this Section shall also include (for the purpose of paying tax thereon) the total tax covered by such return upon the selling price of tangible personal property purchased by him at retail from a retailer, but as to which the tax imposed by this Act was not collected from the retailer filing such return, and such retailer shall remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable retailers, who are required to file returns hereunder and also under the Retailers' Occupation Tax Act, to furnish all the return information required by both Acts on the one form.

Where the retailer has more than one business registered with the Department under separate registration under this Act, such retailer may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund, a special fund in the State Treasury which is hereby created, the net revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act, plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993 and ending on September 30, 2013, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Subject to payment of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, and the Energy Infrastructure Fund pursuant to the preceding paragraphs or in any amendments to this Section hereafter enacted, beginning on the first day of the first calendar month to occur on or after the effective date of this amendatory Act of the 98th General Assembly, each month, from the collections made under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act, the Department shall pay into the Tax Compliance and Administration Fund, to be used, subject to appropriation, to fund additional auditors and compliance personnel at the Department of Revenue, an amount equal to 1/12 of 5% of 80% of the cash receipts collected during the preceding fiscal year by the Audit Bureau of the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, the Retailers' Occupation Tax Act, and associated local occupation and use taxes administered by the Department.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.
Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers and wholesalers whose products are sold at retail in Illinois by numerous retailers, and who wish to do so, may assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the retailers who are affected do not make written objection to the Department to this arrangement.

Section 20-127. The Service Use Tax Act is amended by changing Section 9 as follows:

(35 ILCS 110/9) (from Ch. 120, par. 439.39)

Sec. 9. Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the serviceman for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. The Department may disallow the discount for servicemen whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final. A serviceman need not remit that part of any tax collected by him to the extent that he is required to pay and does pay the tax imposed by the Service Occupation Tax Act with respect to his sale of service involving the incidental transfer by him of the same property.

Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable Rules and Regulations to be promulgated by the Department. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or
before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in business as a serviceman in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
6. The signature of the taxpayer; and
7. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section

2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer. Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1. Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department. All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department. The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section. If the serviceman is otherwise required to file a monthly return and if the serviceman's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year. If the serviceman is otherwise required to file a monthly or quarterly return and if the serviceman's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year. Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns. Notwithstanding any other provision in this Act concerning the time within which a serviceman may file his return, in the case of any serviceman who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such serviceman shall file a final return under this Act with the Department not more than 1 month after discontinuing such business.

Where a serviceman collects the tax with respect to the selling price of property which he sells and the purchaser thereafter returns such property and the serviceman refunds the selling price thereof to the purchaser, such serviceman shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the serviceman may deduct the amount of the tax so refunded by him to the purchaser from any other Service Use Tax, Service Occupation Tax, retailers' occupation tax or use tax which such serviceman may be required to pay or remit to the Department, as shown by such return, provided that the amount of the tax to be deducted shall previously have been remitted to the Department by such serviceman. If the serviceman shall not previously have remitted the amount of such tax to the Department, he shall be entitled to no deduction hereunder upon refunding such tax to the purchaser.

Any serviceman filing a return hereunder shall also include the total tax upon the selling price of tangible personal property purchased for use by him as an incident to a sale of service, and such serviceman shall remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable servicemen, who are required to file returns hereunder and also under the Service Occupation Tax Act, to furnish all the return information required by both Acts on the one form.

Where the serviceman has more than one business registered with the Department under separate registration hereunder, such serviceman shall not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Tax Reform Fund, a special fund in the State Treasury, the net revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund 20% of the net revenue realized for the preceding month from the 6.25% general rate on transfers
of tangible personal property, other than tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning August 1, 2000, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

**Beginning July 1, 2015, of the remainder of the moneys received by the Department under the Use Tax Act, this Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act, each month the Department shall deposit $500,000 into the State Crime Laboratory Fund.**

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act,
such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any

Chairman of the Metropolitan Pier and Exposition Authority for that fiscal
year, less the amount deposited into the McCormick Place Expansion
Project Fund by the State Treasurer in the respective month under
subsection (g) of Section 13 of the Metropolitan Pier and Exposition

this Section for previous months and years, shall be deposited into the
McCormick Place Expansion Project Fund, until the full amount requested
for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Subject to payment of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, and the Energy Infrastructure Fund pursuant to the preceding paragraphs or in any amendments to this Section hereafter enacted, beginning on the first day of the first calendar month to occur on or after the effective date of this amendatory Act of the 98th General Assembly, each month, from the collections made under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act, the Department shall pay into the Tax Compliance and Administration Fund, to be used, subject to appropriation, to fund additional auditors and compliance personnel at the Department of Revenue, an amount equal to 1/12 of 5% of 80% of the cash receipts collected during the preceding fiscal year by the Audit Bureau of the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, the Retailers' Occupation Tax Act, and associated local occupation and use taxes administered by the Department.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the General Revenue
Fund of the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

Section 20-128. The Service Occupation Tax Act is amended by changing Section 9 as follows:

(35 ILCS 115/9) (from Ch. 120, par. 439.109)

Sec. 9. Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax at the time when he is required to file his return for the period during which such tax was collectible, less a discount of 2.1% prior to January 1, 1990, and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the serviceman for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. The Department may disallow the discount for servicemen whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final.

Where such tangible personal property is sold under a conditional sales contract, or under any other form of sale wherein the payment of the principal sum, or a part thereof, is extended beyond the close of the period for which the return is filed, the serviceman, in collecting the tax may collect, for each tax return period, only the tax applicable to the part of the selling price actually received during such tax return period.

Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return

for the preceding calendar month in accordance with reasonable rules and regulations to be promulgated by the Department of Revenue. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in business as a serviceman in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Prior to October 1, 2003, and on and after September 1, 2004 a serviceman may accept a Manufacturer's Purchase Credit certification from a purchaser in satisfaction of Service Use Tax as provided in Section 3-70 of the Service Use Tax Act if the purchaser provides the appropriate documentation as required by Section 3-70 of the Service Use Tax Act. A Manufacturer's Purchase Credit certification, accepted prior to October 1, 2003 or on or after September 1, 2004 by a serviceman as provided in Section 3-70 of the Service Use Tax Act, may be used by that serviceman to satisfy Service Occupation Tax liability in the amount claimed in the certification, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase. A Manufacturer's Purchase Credit reported on any original or amended return filed under this Act after October 20, 2003 for reporting periods prior to September 1, 2004 shall be disallowed. Manufacturer's Purchase Credit reported on annual returns due on or after
January 1, 2005 will be disallowed for periods prior to September 1, 2004. No Manufacturer's Purchase Credit may be used after September 30, 2003 through August 31, 2004 to satisfy any tax liability imposed under this Act, including any audit liability.

If the serviceman's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the serviceman's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a serviceman may file his return, in the case of any serviceman who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such serviceman shall file a final return under this Act with the Department not more than 1 month after discontinuing such business.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term

"average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Where a serviceman collects the tax with respect to the selling price of tangible personal property which he sells and the purchaser thereafter returns such tangible personal property and the serviceman refunds the selling price thereof to the purchaser, such serviceman shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the serviceman may deduct the amount of the tax so refunded by him to the purchaser from any other Service Occupation Tax, Service Use Tax, Retailers' Occupation Tax or Use Tax which such serviceman may be required to pay or remit to the Department, as shown by such return, provided that the amount of the tax to be deducted shall previously have been remitted to the Department by such serviceman. If the serviceman shall not previously have remitted the amount of such tax to the Department, he shall be entitled to no deduction hereunder upon refunding such tax to the purchaser.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which
will enable servicemen, who are required to file returns hereunder and also
under the Retailers' Occupation Tax Act, the Use Tax Act or the Service
Use Tax Act, to furnish all the return information required by all said Acts
on the one form.

Where the serviceman has more than one business registered with
the Department under separate registrations hereunder, such serviceman
shall file separate returns for each registered business.

Beginning January 1, 1990, each month the Department shall pay
into the Local Government Tax Fund the revenue realized for the

which is to be consumed off the premises where it is sold (other than
alcoholic beverages, soft drinks and food which has been prepared for
immediate consumption) and prescription and nonprescription medicines,
drugs, medical appliances and insulin, urine testing materials, syringes and
needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay
into the County and Mass Transit District Fund 4% of the revenue realized
for the preceding month from the 6.25% general rate.

of motor fuel and gasohol.

into the Local Government Tax Fund 80% of the net revenue realized for
the preceding month from the 1.25% rate on the selling price of motor fuel
and gasohol.

Beginning October 1, 2009, each month the Department shall pay
into the Capital Projects Fund an amount that is equal to an amount
estimated by the Department to represent 80% of the net revenue realized
for the preceding month from the sale of candy, grooming and hygiene
products, and soft drinks that had been taxed at a rate of 1% prior to
September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2013, each month the Department shall pay into
the Underground Storage Tank Fund from the proceeds collected under
this Act, the Use Tax Act, the Service Use Tax Act, and the Retailers'
Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Use Tax Act, the Service Use Tax Act, and the Retailers' Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Beginning July 1, 2015, of the remainder of the moneys received by the Department under the Use Tax Act, the Service Use Tax Act, this Act, and the Retailers' Occupation Tax Act, each month the Department shall deposit $500,000 into the State Crime Laboratory Fund.

payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). preceding calendar month or quarter, as the case may be, from
sales of tangible personal property, and from services furnished, by

Each return shall be accompanied by the statement of prepaid tax issued pursuant to Section 2e for which credit is claimed.

Prior to October 1, 2003, and on and after September 1, 2004 a retailer may accept a Manufacturer's Purchase Credit certification from a purchaser in satisfaction of Use Tax as provided in Section 3-85 of the Use Tax Act if the purchaser provides the appropriate documentation as required by Section 3-85 of the Use Tax Act. A Manufacturer's Purchase Credit certification, accepted by a retailer prior to October 1, 2003 and on and after September 1, 2004 as provided in Section 3-85 of the Use Tax Act, may be used by that retailer to satisfy Retailers' Occupation Tax liability in the amount claimed in the certification, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase. A Manufacturer's Purchase Credit reported on any original or amended return filed under this Act after October 20, 2003 for reporting periods prior to September 1, 2004 shall be disallowed. Manufacturer's Purchaser Credit reported on annual returns due on or after January 1, 2005 will be disallowed for periods prior to September 1, 2004. No Manufacturer's Purchase Credit may be used after September 30, 2003 through August 31, 2004 to satisfy any tax liability imposed under this Act, including any audit liability.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

Beginning on October 1, 2003, any person who is not a licensed distributor, importing distributor, or manufacturer, as defined in the Liquor Control Act of 1934, but is engaged in the business of selling, at retail, alcoholic liquor shall file a statement with the Department of Revenue, in a format and at a time prescribed by the Department, showing the total amount paid for alcoholic liquor purchased during the preceding month and such other information as is reasonably required by the Department. The Department may adopt rules to require that this statement be filed in an electronic or telephonic format. Such rules may provide for exceptions from the filing requirements of this paragraph. For the purposes of this paragraph, the term "alcoholic liquor" shall have the meaning prescribed in the Liquor Control Act of 1934.

Beginning on October 1, 2003, every distributor, importing distributor, and manufacturer of alcoholic liquor as defined in the Liquor Control Act of 1934, shall file a statement with the Department of Revenue, no later than the 10th day of the month for the preceding month during which transactions occurred, by electronic means, showing the total amount of gross receipts from the sale of alcoholic liquor sold or distributed during the preceding month to purchasers; identifying the purchaser to whom it was sold or distributed; the purchaser's tax registration number; and such other information reasonably required by the Department. A distributor, importing distributor, or manufacturer of alcoholic liquor must personally deliver, mail, or provide by electronic means to each retailer listed on the monthly statement a report containing a cumulative total of that distributor's, importing distributor's, or manufacturer's total sales of alcoholic liquor to that retailer no later than the 10th day of the month for the preceding month during which the transaction occurred. The distributor, importing distributor, or manufacturer shall notify the retailer as to the method by which the distributor, importing distributor, or manufacturer will provide the sales information. If the retailer is unable to receive the sales information by electronic means, the distributor, importing distributor, or manufacturer shall furnish the sales information by personal delivery or by mail. For purposes of this paragraph, the term "electronic means" includes, but is not limited to, the use of a secure Internet website, e-mail, or facsimile.

If a total amount of less than $1 is payable, refundable or creditable, such amount shall be disregarded if it is less than 50 cents and shall be increased to $1 if it is 50 cents or more.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.
Any amount which is required to be shown or reported on any return or other document under this Act shall, if such amount is not a whole-dollar amount, be increased to the nearest whole-dollar amount in any case where the fractional part of a dollar is 50 cents or more, and decreased to the nearest whole-dollar amount where the fractional part of a dollar is less than 50 cents.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability with the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under this Act with the Department not more than one month after discontinuing such business.

Where the same person has more than one business registered with the Department under separate registrations under this Act, such person may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of

aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle retailer or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 2-5 of this Act, then that seller may report the transfer of all aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

Any retailer who sells only motor vehicles, watercraft, aircraft, or trailers that are required to be registered with an agency of this State, so that all retailers' occupation tax liability is required to be reported, and is reported, on such transaction reporting returns and who is not otherwise required to file monthly or quarterly returns, need not file monthly or quarterly returns. However, those retailers shall be required to file returns on an annual basis.

The transaction reporting return, in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of The Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of The Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft or aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by

the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the day of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the Illinois use tax may be transmitted to the Department by way of the State agency with which, or State officer with whom the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a use tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of the tax or proof of
exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.

Refunds made by the seller during the preceding return period to purchasers, on account of tangible personal property returned to the seller, shall be allowed as a deduction under subdivision 5 of his monthly or quarterly return, as the case may be, in case the seller had theretofore included the receipts from the sale of such tangible personal property in a return filed by him and had paid the tax imposed by this Act with respect to such receipts.

Where the seller is a corporation, the return filed on behalf of such corporation shall be signed by the president, vice-president, secretary or treasurer or by the properly accredited agent of such corporation.

Where the seller is a limited liability company, the return filed on behalf of the limited liability company shall be signed by a manager, member, or properly accredited agent of the limited liability company.

Except as provided in this Section, the retailer filing the return under this Section shall, at the time of filing such return, pay to the Department the amount of tax imposed by this Act less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for the expenses incurred in keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. Any prepayment made pursuant to Section 2d of this Act shall be included in the amount on which such 2.1% or 1.75% discount is computed. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return.

The Department may disallow the discount for retailers whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was $10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was $20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985 and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987 and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, or begins on or after January 1, 1996,
each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of $10,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $10,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of $20,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status.

status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due as a payment and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

The provisions of this paragraph apply before October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes which average in excess of $25,000 per month during the preceding 2 complete calendar quarters, shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to the effective date of this amendatory Act of 1985, each payment shall be in an amount not less than 22.5% of the taxpayer's actual liability under Section 2d. If the month during which such tax liability is incurred begins on or after January 1, 1986, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding calendar year. If the month during which such tax liability is incurred begins on or after January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until such taxpayer's average monthly prepaid tax collections during the preceding 2 complete calendar quarters is $25,000 or less. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar

as the taxpayer has previously made payments for that month in excess of
the minimum payments previously due.

The provisions of this paragraph apply on and after October 1,
2001. Without regard to whether a taxpayer is required to make quarter
monthly payments as specified above, any taxpayer who is required by
Section 2d of this Act to collect and remit prepaid taxes and has collected
prepaid taxes that average in excess of $20,000 per month during the
preceding 4 complete calendar quarters shall file a return with the
Department as required by Section 2f and shall make payments to the
Department on or before the 7th, 15th, 22nd and last day of the month
during which the liability is incurred. Each payment shall be in an amount
equal to 22.5% of the taxpayer's actual liability for the month or 25% of
the taxpayer's liability for the same calendar month of the preceding year.
The amount of the quarter monthly payments shall be credited against the
final tax liability of the taxpayer's return for that month filed under this
Section or Section 2f, as the case may be. Once applicable, the
requirement of the making of quarter monthly payments to the Department
pursuant to this paragraph shall continue until the taxpayer's average
monthly prepaid tax collections during the preceding 4 complete calendar
quarters (excluding the month of highest liability and the month of lowest
liability) is less than $19,000 or until such taxpayer's average monthly
liability to the Department as computed for each calendar quarter of the 4
preceding complete calendar quarters is less than $20,000. If any such
quarter monthly payment is not paid at the time or in the amount required,
the taxpayer shall be liable for penalties and interest on such difference,
except insofar as the taxpayer has previously made payments for that
month in excess of the minimum payments previously due.

If any payment provided for in this Section exceeds the taxpayer's
liabilities under this Act, the Use Tax Act, the Service Occupation Tax Act
and the Service Use Tax Act, as shown on an original monthly return, the
Department shall, if requested by the taxpayer, issue to the taxpayer a
credit memorandum no later than 30 days after the date of payment. The
credit evidenced by such credit memorandum may be assigned by the
taxpayer to a similar taxpayer under this Act, the Use Tax Act, the Service
Occupation Tax Act or the Service Use Tax Act, in accordance with
reasonable rules and regulations to be prescribed by the Department. If no
such request is made, the taxpayer may credit such excess payment against
tax liability subsequently to be remitted to the Department under this Act,

Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determined that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% and 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and that taxpayer shall be liable for penalties and interest on such difference.

If a retailer of motor fuel is entitled to a credit under Section 2d of this Act which exceeds the taxpayer's liability to the Department under this Act for the month which the taxpayer is filing a return, the Department shall issue the taxpayer a credit memorandum for the excess.

Beginning September 1, 2010, each month the Department shall pay into the County and Mass Transit District Fund 20% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of sales tax holiday items.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Beginning July 1, 2011, each month the Department shall pay into the Clean Air Act (CAA) Permit Fund 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of sorbents used in Illinois in the process of sorbent injection as used to comply with the Environmental Protection Act or the federal Clean Air Act, but the total payment into the Clean Air Act (CAA) Permit Fund under this Act and the Use Tax Act shall not exceed $2,000,000 in any fiscal year.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

thereafter that bonds are outstanding under Section 13.2 of the Metropolitan Pier and Exposition Authority Act, but not after fiscal year 2060.

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act, plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993 and ending on September 30, 2013, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

beginning on the first day of the first calendar month to occur on or after
the effective date of this amendatory Act of the 98th General Assembly,
each month, from the collections made under Section 9 of the Use Tax
Act, Section 9 of the Service Use Tax Act, Section 9 of the Service
Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act,
the Department shall pay into the Tax Compliance and Administration
Fund, to be used, subject to appropriation, to fund additional auditors and
compliance personnel at the Department of Revenue, an amount equal to

fiscal year by the Audit Bureau of the Department under the Use Tax Act,

Occupation Tax Act, and associated local occupation and use taxes
administered by the Department.

Of the remainder of the moneys received by the Department
pursuant to this Act, 75% thereof shall be paid into the State Treasury and
25% shall be reserved in a special account and used only for the transfer to

The Department may, upon separate written notice to a taxpayer,
require the taxpayer to prepare and file with the Department on a form
prescribed by the Department within not less than 60 days after receipt of
the notice an annual information return for the tax year specified in the
notice. Such annual return to the Department shall include a statement of
gross receipts as shown by the retailer's last Federal income tax return. If
the total receipts of the business as reported in the Federal income tax
return do not agree with the gross receipts reported to the Department of
Revenue for the same period, the retailer shall attach to his annual return a
schedule showing a reconciliation of the 2 amounts and the reasons for the
difference. The retailer's annual return to the Department shall also
disclose the cost of goods sold by the retailer during the year covered by
such return, opening and closing inventories of such goods for such year,
costs of goods used from stock or taken from stock and given away by the
retailer during such year, payroll information of the retailer's business
during such year and any additional reasonable information which the
Department deems would be helpful in determining the accuracy of the
monthly, quarterly or annual returns filed by such retailer as provided for
in this Section.

If the annual information return required by this Section is not filed
when and as required, the taxpayer shall be liable as follows:

New matter indicated by italics - deletions by strikeout

(ii) On and after January 1, 1994, the taxpayer shall be liable for a penalty as described in Section 3-4 of the Uniform Penalty and Interest Act.

The chief executive officer, proprietor, owner or highest ranking manager shall sign the annual return to certify the accuracy of the information contained therein. Any person who willfully signs the annual return containing false or inaccurate information shall be guilty of perjury and punished accordingly. The annual return form prescribed by the Department shall include a warning that the person signing the return may be liable for perjury.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers and wholesalers whose products are sold at retail in Illinois by numerous retailers, and who wish to do so, may assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the retailers who are affected do not make written objection to the Department to this arrangement.

The Department shall impose this requirement when it finds that there is a significant risk of loss of revenue to the State at such an exhibition or event. Such a finding shall be based on evidence that a substantial number of concessionaires or other sellers who are not residents of Illinois will be engaging in the business of selling tangible personal property at retail at the exhibition or event, or other evidence of a significant risk of loss of revenue to the State. agency by the State Police Laboratory or any other designated laboratory.

The LIMS shall also link multiple forensic evidence submissions pertaining to a single criminal investigation such that evidence submitted to confirm a previously reported Combined DNA Index System (CODIS) hit in a State or federal database can be linked to the initial evidence submission. Such additional amounts shall be assessed by the court imposing the fine and shall be collected by the Circuit Clerk in addition to the fine and costs in the case. Each such additional penalty shall be remitted by the Circuit Clerk within one month after receipt to the State Treasurer. The State Treasurer shall deposit $1 for each $40, or fraction thereof, of fine imposed into the LEADS Maintenance Fund. The State Treasurer shall deposit $3 for each $40, or fraction thereof, of fine imposed into the Law Enforcement Camera Grant Fund. The remaining surcharge amount shall be deposited into the Traffic and Criminal Conviction Surcharge Fund, unless the fine, costs or additional amounts are subject to disbursement by the circuit clerk under Section 27.5 of the Clerks of Courts Act. Not later than March 1 of each year the Circuit Clerk shall submit a report of the amount of funds remitted to the State Treasurer under this subsection (c) during the preceding calendar year. Except as otherwise provided by Supreme Court Rules, if a court in imposing a fine against an offender levies a gross amount for fine, costs, fees and penalties, the amount of the additional penalty provided for herein shall be computed on the amount remaining after deducting from the gross amount levied all fees of the Circuit Clerk, the State's Attorney and the Sheriff. After deducting from the gross amount levied the fees and additional penalty provided for herein, less any other additional penalties provided by law, the clerk shall remit the net balance remaining to the entity authorized by law to receive the fine imposed in the case. For purposes of this Section "fees of the Circuit Clerk" shall include, if applicable, the fee provided for under Section 27.3a of the Clerks of Courts Act and the fee, if applicable, payable to the county in which the violation occurred pursuant to Section 5-1101 of the Counties Code.

(c-5) In addition to the fines imposed by subsection (c), any person convicted or receiving an order of supervision for driving under the influence of alcohol or drugs shall pay an additional $100 fee to the clerk. This additional fee, less 2 1/2% that shall be used to defray administrative costs incurred by the clerk, shall be remitted by the clerk to the Treasurer within 60 days after receipt for deposit into the Trauma Center Fund. This additional fee of $100 shall not be considered a part of the fine for purposes of any reduction in the fine for time served either before or after sentencing. Not later than March 1 of each year the Circuit Clerk shall
submit a report of the amount of funds remitted to the State Treasurer under this subsection (c-5) during the preceding calendar year.

The Circuit Clerk may accept payment of fines and costs by credit card from an offender who has been convicted of a traffic offense, petty offense or misdemeanor and may charge the service fee permitted where fines and costs are paid by credit card provided for in Section 27.3b of the Clerks of Courts Act.

(c-7) In addition to the fines imposed by subsection (c), any person convicted or receiving an order of supervision for driving under the influence of alcohol or drugs shall pay an additional $5 fee to the clerk. This additional fee, less 2 1/2% that shall be used to defray administrative costs incurred by the clerk, shall be remitted by the clerk to the Treasurer within 60 days after receipt for deposit into the Spinal Cord Injury Paralysis Cure Research Trust Fund. This additional fee of $5 shall not be considered a part of the fine for purposes of any reduction in the fine for time served either before or after sentencing. Not later than March 1 of each year the Circuit Clerk shall submit a report of the amount of funds remitted to the State Treasurer under this subsection (c-7) during the preceding calendar year.

(c-9) (Blank).

(d) In determining the amount and method of payment of a fine, except for those fines established for violations of Chapter 15 of the Illinois Vehicle Code, the court shall consider:

(1) the financial resources and future ability of the offender to pay the fine; and

(2) whether the fine will prevent the offender from making court ordered restitution or reparation to the victim of the offense; and

(3) in a case where the accused is a dissolved corporation and the court has appointed counsel to represent the corporation, the costs incurred either by the county or the State for such representation.

(e) The court may order the fine to be paid forthwith or within a specified period of time or in installments.

(f) All fines, costs and additional amounts imposed under this Section for any violation of Chapters 3, 4, 6, and 11 of the Illinois Vehicle Code, or a similar provision of a local ordinance, and any violation of the Child Passenger Protection Act, or a similar provision of a local ordinance,

AN ACT concerning local government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Counties Code is amended by changing Section 3-3013 as follows:

Sec. 3-3013. Preliminary investigations; blood and urine analysis; summoning jury; reports. Every coroner, whenever, as soon as he knows or is informed that the dead body of any person is found, or lying within his county, whose death is suspected of being:

(a) A sudden or violent death, whether apparently suicidal, homicidal or accidental, including but not limited to deaths apparently caused or contributed to by thermal, traumatic, chemical, electrical or radiational injury, or a complication of any of them, or by drowning or suffocation, or as a result of domestic violence as defined in the Illinois Domestic Violence Act of 1986;

(b) A maternal or fetal death due to abortion, or any death due to a sex crime or a crime against nature;

(c) A death where the circumstances are suspicious, obscure, mysterious or otherwise unexplained or where, in the written opinion of the attending physician, the cause of death is not determined;

(d) A death where addiction to alcohol or to any drug may have been a contributory cause; or

(e) A death where the decedent was not attended by a licensed physician;

shall go to the place where the dead body is, and take charge of the same and shall make a preliminary investigation into the circumstances of the death. In the case of death without attendance by a licensed physician the body may be moved with the coroner's consent from the place of death to a mortuary in the same county. Coroners in their discretion shall notify such physician as is designated in accordance with Section 3-3014 to attempt to ascertain the cause of death, either by autopsy or otherwise.

In cases of accidental death involving a motor vehicle in which the decedent was (1) the operator or a suspected operator of a motor vehicle, or (2) a pedestrian 16 years of age or older, the coroner shall require that a
blood specimen of at least 30 cc., and if medically possible a urine specimen of at least 30 cc. or as much as possible up to 30 cc., be withdrawn from the body of the decedent in a timely fashion after the accident causing his death, by such physician as has been designated in accordance with Section 3-3014, or by the coroner or deputy coroner or a qualified person designated by such physician, coroner, or deputy coroner. If the county does not maintain laboratory facilities for making such analysis, the blood and urine so drawn shall be sent to the Department of State Police or any other accredited or State-certified laboratory for analysis of the alcohol, carbon monoxide, and dangerous or narcotic drug content of such blood and urine specimens. Each specimen submitted shall be accompanied by pertinent information concerning the decedent upon a form prescribed by such laboratory. Any person drawing blood and urine and any person making any examination of the blood and urine under the terms of this Division shall be immune from all liability, civil or criminal, that might otherwise be incurred or imposed.

In all other cases coming within the jurisdiction of the coroner and referred to in subparagraphs (a) through (e) above, blood, and whenever possible, urine samples shall be analyzed for the presence of alcohol and other drugs. When the coroner suspects that drugs may have been involved in the death, either directly or indirectly, a toxicological examination shall be performed which may include analyses of blood, urine, bile, gastric contents and other tissues. When the coroner suspects a death is due to toxic substances, other than drugs, the coroner shall consult with the toxicologist prior to collection of samples. Information submitted to the toxicologist shall include information as to height, weight, age, sex and race of the decedent as well as medical history, medications used by and the manner of death of decedent.

When the coroner or medical examiner finds that the cause of death is due to homicidal means, the coroner or medical examiner shall cause blood and buccal specimens (tissue may be submitted if no uncontaminated blood or buccal specimen can be obtained), whenever possible, to be withdrawn from the body of the decedent in a timely fashion. For proper preservation of the specimens, collected blood and buccal specimens shall be dried and tissue specimens shall be frozen if available equipment exists. As soon as possible, but no later than 30 days after the collection of the specimens, the coroner or medical examiner shall release those specimens, dried, to the police agency responsible for investigating the death. As soon as possible

but no later than 30 days after the receipt from the coroner or medical examiner, the police agency shall submit the specimens using the agency case number to a National DNA Index System (NDIS) participating laboratory within this State, such as the Illinois Department of State Police, Division of Forensic Services, for analysis and categorizing into genetic marker groupings. The results of the analysis and categorizing into genetic marker groupings shall be provided to the Illinois Department of State Police and shall be maintained by the Illinois Department of State Police in the State central repository in the same manner, and subject to the same conditions, as provided in Section 5-4-3 of the Unified Code of Corrections. The requirements of this paragraph are in addition to any other findings, specimens, or information that the coroner or medical examiner is required to provide during the conduct of a criminal investigation.

In all counties, in cases of apparent suicide, homicide, or accidental death or in other cases, within the discretion of the coroner, the coroner may summon 8 persons of lawful age from those persons drawn for petit jurors in the county. The summons shall command these persons to present themselves personally at such a place and time as the coroner shall determine, and may be in any form which the coroner shall determine and may incorporate any reasonable form of request for acknowledgement which the coroner deems practical and provides a reliable proof of service. The summons may be served by first class mail. From the 8 persons so summoned, the coroner shall select 6 to serve as the jury for the inquest. Inquests may be continued from time to time, as the coroner may deem necessary. The 6 jurors selected in a given case may view the body of the deceased. If at any continuation of an inquest one or more of the original jurors shall be unable to continue to serve, the coroner shall fill the vacancy or vacancies. A juror serving pursuant to this paragraph shall receive compensation from the county at the same rate as the rate of compensation that is paid to petit or grand jurors in the county. The coroner shall furnish to each juror without fee at the time of his discharge a certificate of the number of days in attendance at an inquest, and, upon being presented with such certificate, the county treasurer shall pay to the juror the sum provided for his services.

In counties which have a jury commission, in cases of apparent suicide or homicide or of accidental death, the coroner may conduct an inquest. The jury commission shall provide at least 8 jurors to the coroner, from whom the coroner shall select any 6 to serve as the jury for the...
inquest. Inquests may be continued from time to time as the coroner may deem necessary. The 6 jurors originally chosen in a given case may view the body of the deceased. If at any continuation of an inquest one or more of the 6 jurors originally chosen shall be unable to continue to serve, the coroner shall fill the vacancy or vacancies. At the coroner's discretion, additional jurors to fill such vacancies shall be supplied by the jury commission. A juror serving pursuant to this paragraph in such county shall receive compensation from the county at the same rate as the rate of compensation that is paid to petit or grand jurors in the county.

In every case in which a fire is determined to be a contributing factor in a death, the coroner shall report the death to the Office of the State Fire Marshal. The coroner shall provide a copy of the death certificate (i) within 30 days after filing the permanent death certificate and (ii) in a manner that is agreed upon by the coroner and the State Fire Marshal.

In addition, in every case in which domestic violence is determined to be a contributing factor in a death, the coroner shall report the death to the Department of State Police.

All deaths in State institutions and all deaths of wards of the State in private care facilities or in programs funded by the Department of Human Services under its powers relating to mental health and developmental disabilities or alcoholism and substance abuse or funded by the Department of Children and Family Services shall be reported to the coroner of the county in which the facility is located. If the coroner has reason to believe that an investigation is needed to determine whether the death was caused by maltreatment or negligent care of the ward of the State, the coroner may conduct a preliminary investigation of the circumstances of such death as in cases of death under circumstances set forth in paragraphs (a) through (e) of this Section.

A violation of this Act with respect to each of the controlled substances listed herein constitutes a single and separate violation of this Act. For purposes of this Section, "controlled substance analog" or "analog" means a substance which is intended for human consumption, other than a controlled substance, that has a chemical structure substantially similar to that of a controlled substance in Schedule I or II, or that was specifically designed to produce an effect substantially similar to that of a controlled substance in Schedule I or II. Examples of chemical classes in which controlled substance analogs are found include, but are not limited to, the following: phenethylamines, N-substituted piperidines, morphinans, egonines, quinazolinones, substituted indoles, and arylcycloalkylamines. For purposes of this Act, a controlled substance analog shall be treated in the same manner as the controlled substance to which it is substantially similar.

AN ACT concerning business.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Consumer Fraud and Deceptive Business Practices Act is amended by changing Section 2MM as follows:
(815 ILCS 505/2MM)
Sec. 2MM. Verification of accuracy of consumer reporting information used to extend consumers credit and security freeze on credit reports.

New matter indicated by italics - deletions by strikeout
(a) A credit card issuer who mails an offer or solicitation to apply for a credit card and who receives a completed application in response to the offer or solicitation which lists an address that is not substantially the same as the address on the offer or solicitation may not issue a credit card based on that application until reasonable steps have been taken to verify the applicant's change of address.

(b) Any person who uses a consumer credit report in connection with the approval of credit based on the application for an extension of credit, and who has received notice of a police report filed with a consumer reporting agency that the applicant has been a victim of financial identity theft, as defined in Section 16-30 or 16G-15 of the Criminal Code of 1961 or the Criminal Code of 2012, may not lend money or extend credit without taking reasonable steps to verify the consumer's identity and confirm that the application for an extension of credit is not the result of financial identity theft.

(c) A consumer may request that a security freeze be placed on his or her credit report by sending a request in writing by certified mail to a consumer reporting agency at an address designated by the consumer reporting agency to receive such requests.

The following persons may request that a security freeze be placed on the credit report of a disabled person:

(1) a guardian of the disabled person that is the subject of the request, appointed under Article XIa of the Probate Act of 1975; and

(2) an agent of the disabled person that is the subject of the request, under a written durable power of attorney that complies with the Illinois Power of Attorney Act.

New matter indicated by italics - deletions by strikeout
This subsection (c) does not prevent a consumer reporting agency from advising a third party that a security freeze is in effect with respect to the consumer's credit report.

(d) A consumer reporting agency shall place a security freeze on a consumer's credit report no later than 5 business days after receiving a written request from the consumer:

(1) a written request described in subsection (c);

(2) proper identification; and

(3) payment of a fee, if applicable.

(e) Upon placing the security freeze on the consumer's credit report, the consumer reporting agency shall send to the consumer within 10 business days a written confirmation of the placement of the security freeze and a unique personal identification number or password or similar device, other than the consumer's Social Security number, to be used by the consumer when providing authorization for the release of his or her credit report for a specific party or period of time.

(f) If the consumer wishes to allow his or her credit report to be accessed for a specific party or period of time while a freeze is in place, he or she shall contact the consumer reporting agency using a point of contact designated by the consumer reporting agency, request that the freeze be temporarily lifted, and provide the following:

(1) Proper identification;

(2) The unique personal identification number or password or similar device provided by the consumer reporting agency;

(3) The proper information regarding the third party or time period for which the report shall be available to users of the credit report; and

(4) A fee, if applicable.

A security freeze for a minor may not be temporarily lifted. This Section does not require a consumer reporting agency to provide to a minor or a parent or guardian of a minor on behalf of the minor a unique personal identification number, password, or similar device provided by the consumer reporting agency for the minor, or parent or guardian of the minor, to use to authorize the consumer reporting agency to release information from a minor.

(g) A consumer reporting agency shall develop a contact method to receive and process a request from a consumer to temporarily lift a freeze on a credit report pursuant to subsection (f) in an expedited manner.

New matter indicated by italics - deletions by strikeout

(h) A consumer reporting agency that receives a request from a consumer to temporarily lift a freeze on a credit report pursuant to subsection (f), shall comply with the request no later than 3 business days after receiving the request.

(i) A consumer reporting agency shall remove or temporarily lift a freeze placed on a consumer's credit report only in the following cases:

1. upon consumer request, pursuant to subsection (f) or subsection (l) of this Section; or
2. if the consumer's credit report was frozen due to a material misrepresentation of fact by the consumer.

If a consumer reporting agency intends to remove a freeze upon a consumer's credit report pursuant to this subsection, the consumer reporting agency shall notify the consumer in writing prior to removing the freeze on the consumer's credit report.

(j) If a third party requests access to a credit report on which a security freeze is in effect, and this request is in connection with an application for credit or any other use, and the consumer does not allow his or her credit report to be accessed for that specific party or period of time, the third party may treat the application as incomplete.

(k) If a consumer requests a security freeze, the credit reporting agency shall disclose to the consumer the process of placing and temporarily lifting a security freeze, and the process for allowing access to information from the consumer's credit report for a specific party or period of time while the freeze is in place.

(l) A security freeze shall remain in place until the consumer or person authorized under subsection (c) to act on behalf of the minor or disabled person that is the subject of the security freeze requests, using a point of contact designated by the consumer reporting agency, that the security freeze be removed. A credit reporting agency shall remove a security freeze within 3 business days of receiving a request for removal from the consumer, who provides:

1. Proper identification;
2. The unique personal identification number or password or similar device provided by the consumer reporting agency; and
3. A fee, if applicable.

New matter indicated by italics - deletions by strikeout
(m) A consumer reporting agency shall require proper identification of the person making a request to place or remove a security freeze and may require proper identification and proper authority from the person making the request to place or remove a freeze on behalf of the disabled person or minor.

(n) The provisions of subsections (c) through (m) of this Section do not apply to the use of a consumer credit report by any of the following:

1. A person or entity, or a subsidiary, affiliate, or agent of that person or entity, or an assignee of a financial obligation owing by the consumer to that person or entity, or a prospective assignee of a financial obligation owing by the consumer to that person or entity in conjunction with the proposed purchase of the financial obligation, with which the consumer has or had prior to assignment an account or contract, including a demand deposit account, or to whom the consumer issued a negotiable instrument, for the purposes of reviewing the account or collecting the financial obligation owing for the account, contract, or negotiable instrument. For purposes of this subsection, "reviewing the account" includes activities related to account maintenance, monitoring, credit line increases, and account upgrades and enhancements.

2. A subsidiary, affiliate, agent, assignee, or prospective assignee of a person to whom access has been granted under subsection (f) of this Section for purposes of facilitating the extension of credit or other permissible use.

3. Any state or local agency, law enforcement agency, trial court, or private collection agency acting pursuant to a court order, warrant, or subpoena.

4. A child support agency acting pursuant to Title IV-D of the Social Security Act.

5. The State or its agents or assigns acting to investigate fraud.

6. The Department of Revenue or its agents or assigns acting to investigate or collect delinquent taxes or unpaid court orders or to fulfill any of its other statutory responsibilities.

7. The use of credit information for the purposes of prescreening as provided for by the federal Fair Credit Reporting Act.

New matter indicated by italics - deletions by strikeout
(8) Any person or entity administering a credit file monitoring subscription or similar service to which the consumer has subscribed.

(9) Any person or entity for the purpose of providing a consumer with a copy of his or her credit report or score upon the consumer's request.

(10) Any person using the information in connection with the underwriting of insurance.

(n-5) This Section does not prevent a consumer reporting agency from charging a fee of no more than $10 to a consumer for each freeze, removal, or temporary lift of the freeze, regarding access to a consumer credit report, except that a consumer reporting agency may not charge a fee to: (i) a consumer 65 years of age or over for placement and removal of a freeze; or (ii) a victim of identity theft who has submitted to the consumer reporting agency a valid copy of a police report, investigative report, or complaint that the consumer has filed with a law enforcement agency about unlawful use of his or her personal information by another person; or (iii) an active duty military service member who has submitted to the consumer reporting agency a copy of his or her orders calling the service member to military service and any orders further extending the service member's period of service if currently active.

(o) If a security freeze is in place, a consumer reporting agency shall not change any of the following official information in a credit report without sending a written confirmation of the change to the consumer within 30 days of the change being posted to the consumer's file: (i) name, (ii) date of birth, (iii) Social Security number, and (iv) address. Written confirmation is not required for technical modifications of a consumer's official information, including name and street abbreviations, complete spellings, or transposition of numbers or letters. In the case of an address change, the written confirmation shall be sent to both the new address and to the former address.

(p) The following entities are not required to place a security freeze in a consumer report, however, pursuant to paragraph (3) of this subsection, a consumer reporting agency acting as a reseller shall honor any security freeze placed on a consumer credit report by another consumer reporting agency:

(1) A check services or fraud prevention services company, which issues reports on incidents of fraud or authorizations for the
purpose of approving or processing negotiable instruments, electronic funds transfers, or similar methods of payment.

(2) A deposit account information service company, which issues reports regarding account closures due to fraud, substantial overdrafts, ATM abuse, or similar negative information regarding a consumer to inquiring banks or other financial institutions for use only in reviewing a consumer request for a deposit account at the inquiring bank or financial institution.

(3) A consumer reporting agency that:
   (A) acts only to resell credit information by assembling and merging information contained in a database of one or more consumer reporting agencies; and
   (B) does not maintain a permanent database of credit information from which new credit reports are produced.

(q) For purposes of this Section:
"Credit report" has the same meaning as "consumer report", as ascribed to it in 15 U.S.C. Sec. 1681a(d).
"Consumer reporting agency" has the meaning ascribed to it in 15 U.S.C. Sec. 1681a(f).
"Security freeze" means a notice placed in a consumer's credit report, at the request of the consumer and subject to certain exceptions, that prohibits the consumer reporting agency from releasing the consumer's credit report or score relating to an extension of credit, without the express authorization of the consumer.
"Extension of credit" does not include an increase in an existing open-end credit plan, as defined in Regulation Z of the Federal Reserve System (12 C.F.R. 226.2), or any change to or review of an existing credit account.

"Proper authority" means documentation that shows that a parent, guardian, or agent has authority to act on behalf of a minor or disabled person. "Proper authority" includes (1) an order issued by a court of law that shows that a guardian has authority to act on behalf of a minor or disabled person, (2) a written, notarized statement signed by a parent that expressly describes the authority of the parent to act on behalf of the minor, or (3) a durable power of attorney that complies with the Illinois Power of Attorney Act.

"Proper identification" means information generally deemed sufficient to identify a person. Only if the consumer is unable to
reasonably identify himself or herself with the information described above, may a consumer reporting agency require additional information concerning the consumer's employment and personal or family history in order to verify his or her identity.

"Military service member" means a resident of Illinois who is a member of any component of the U.S. Armed Forces or the National Guard of any state, the District of Columbia, a commonwealth, or a territory of the United States who has entered any full-time training or duty for which the service member was ordered to report by the President, the governor of a state, commonwealth, or territory of the United States, or another appropriate military authority.

PUBLIC ACT 99-0374
(House Bill No. 3686)

AN ACT concerning veterans.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Veterans' and Military Discount Program Act.

Section 5. Legislative findings. The General Assembly finds that though there is no way to adequately repay our nation's military personnel for their service and sacrifice, we can demonstrate our gratitude by forging a collaborative effort between businesses and government that will connect veterans and active duty service members with merchants who choose to honor their military service through special discounts and promotions.

The Veterans' and Military Discount Program, created under this Act, will enable veterans (those honorably discharged and other veterans generally discharged for reasons other than discipline, misconduct, resignation in lieu of misconduct charges, unfitness for duty, voluntary resignation, or court martial) and military personnel currently serving our
country to receive a discount on goods and services from participating merchants, or another appropriate money-saving promotion of a merchant's choice.

The Veterans' and Military Discount Program will be mutually beneficial, helping active duty service members and veterans in the State save money with discounts on goods and services, and helping business owners to enjoy increased traffic and sales in their stores.

Section 10. Veterans' and Military Discount Program. The Department of Veterans' Affairs shall establish and administer a Veterans' and Military Discount Program that enables veterans and active duty military personnel to use the following photo identification at participating merchants to receive a discount on goods and services or to receive another appropriate money-saving promotion of a merchant's choice:

(1) veterans who have a valid driver's license or Illinois Identification Card issued pursuant to subsection (e) of Section 6-106 of the Illinois Vehicle Code or subsection (c-5) of Section 4 of the Illinois Identification Card Act; and

(2) active duty military personnel who have a valid Common Access Card issued by the U.S. Department of Defense indicating the cardholder's active duty status.

Section 15. Outreach program. The Department shall develop and implement an outreach program, subject to resources, to ensure that active duty service members, veterans, and potential merchant-participants in the State are made aware of the Veterans' and Military Discount Program. However, the Department shall not be required to conduct such outreach in a county offering a similar discount program. The Secretary of State may also assist in promoting and disseminating information on the Veterans' and Military Discount Program.

Section 20. Rules. The Department of Veterans' Affairs shall adopt any rules necessary to implement this Act.

Section 99. Effective date. This Act takes effect upon becoming law.

(B) As used in this Section, "charge not initiated by arrest" means a charge (as defined by 730 ILCS 5/5-1-3) brought against a defendant where the defendant is not arrested prior to or as a direct result of the charge.

(C) "Conviction" means a judgment of conviction or sentence entered upon a plea of guilty or upon a verdict or finding of guilty of an offense, rendered by a legally constituted jury or by a court of competent jurisdiction authorized to try the case without a jury. An order of supervision successfully completed by the petitioner is not a conviction. An order of qualified probation (as defined in subsection (a)(1)(J)) successfully completed by the petitioner is not a conviction. If multiple sentences, orders of supervision, or orders of qualified probation terminate on the same day and are last in time, they shall be collectively considered the "last sentence" regardless of whether they were ordered to run concurrently.

(G) "Minor traffic offense" means a petty offense, business offense, or Class C misdemeanor under the Illinois Vehicle Code or a similar provision of a municipal or local ordinance.

(H) "Municipal ordinance violation" means an offense defined by a municipal or local ordinance that is criminal in nature and with which the petitioner was charged or for which the petitioner was arrested and released without charging.

(I) "Petitioner" means an adult or a minor prosecuted as an adult who has applied for relief under this Section.

under Section 10-102 of the Illinois Alcoholism and Other Drug Dependency Act and Section 40-10 of the Alcoholism and Other Drug Abuse and Dependency Act means that the probation was terminated satisfactorily and the judgment of conviction was vacated.

(K) "Seal" means to physically and electronically maintain the records, unless the records would otherwise be destroyed due to age, but to make the records unavailable without a court order, subject to the exceptions in Sections 12 and 13 of this Act. The petitioner's name shall also be obliterated from the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but any index issued by the circuit court clerk before the entry of the order to seal shall not be affected.

(L) "Sexual offense committed against a minor" includes but is not limited to the offenses of indecent solicitation of a child or criminal sexual abuse when the victim of such offense is under 18 years of age.

(M) "Terminate" as it relates to a sentence or order of supervision or qualified probation includes either satisfactory or unsatisfactory termination of the sentence, unless otherwise specified in this Section.

(2) Minor Traffic Offenses. Orders of supervision or convictions for minor traffic offenses shall not affect a petitioner's eligibility to expunge or seal records pursuant to this Section.

(3) Exclusions. Except as otherwise provided in subsections (b)(5), (b)(6), (b)(8), (e), (e-5), and (e-6) of this Section, the court shall not order:

(B) the sealing or expungement of records of minor traffic offenses (as defined in subsection (a)(1)(G)), unless the petitioner was arrested and released without charging.

(iv) offenses which are Class A misdemeanors under the Humane Care for Animals Act; or

(v) any offense or attempted offense that would subject a person to registration under the Sex Offender Registration Act.

(D) the sealing of the records of an arrest which results in the petitioner being charged with a felony offense or records of a charge not initiated by arrest for a felony offense unless:

(i) the charge is amended to a misdemeanor and is otherwise eligible to be sealed pursuant to subsection (e);

(ii) the charge is brought along with another charge as a part of one case and the charge results in
acquittal, dismissal, or conviction when the conviction was reversed or vacated, and another charge brought in the same case results in a disposition for a misdemeanor offense that is eligible to be sealed pursuant to subsection (c) or a disposition listed in paragraph (i), (iii), or (iv) of this subsection;

(iv) the charge is for a felony offense listed in subsection (c)(2)(F) or the charge is amended to a felony offense listed in subsection (c)(2)(F);
(v) the charge results in acquittal, dismissal, or the petitioner's release without conviction; or
(vi) the charge results in a conviction, but the conviction was reversed or vacated.

(b) Expungement.

(1) A petitioner may petition the circuit court to expunge the records of his or her arrests and charges not initiated by arrest when:

(A) He or she has never been convicted of a criminal offense; and

(B) Each arrest or charge not initiated by arrest sought to be expunged resulted in: (i) acquittal, dismissal, or the petitioner's release without charging, unless excluded by subsection (a)(3)(B); (ii) a conviction which was vacated or reversed, unless excluded by subsection (a)(3)(B); (iii) an order of supervision and such supervision was successfully completed by the petitioner, unless excluded by subsection (a)(3)(A) or (a)(3)(B); or (iv) an order of qualified probation (as defined in subsection (a)(1)(J)) and such probation was successfully completed by the petitioner.

(2) Time frame for filing a petition to expunge.

(B) When the arrest or charge not initiated by arrest sought to be expunged resulted in an order of supervision, successfully completed by the petitioner, the following time frames will apply:

(i) Those arrests or charges that resulted in orders of supervision under Section 3-707, 3-708, 3-710, or 5-401.3 of the Illinois Vehicle Code or a similar provision of a local ordinance, or under Section 11-1.50, 12-3.2, or 12-15 of the Criminal Code of 1961 or the Criminal Code of 2012, or a similar provision of a local ordinance, shall not be eligible for expungement until 5 years have passed following the satisfactory termination of the supervision.

(i-5) Those arrests or charges that resulted in orders of supervision for a misdemeanor violation of subsection (a) of Section 11-503 of the Illinois Vehicle Code or a similar provision of a local ordinance, that occurred prior to the offender reaching the age of 25 years and the offender has no other conviction for violating Section 11-501 or 11-503 of the Illinois Vehicle Code or a similar provision of a local ordinance shall not be eligible for expungement until the petitioner has reached the age of 25 years.

The records of the circuit court clerk shall be sealed until further order of the court upon good cause shown and the name of the aggrieved person obliterated on the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but the order shall not affect any index issued by the circuit court clerk before the entry of the order. Nothing in this Section shall limit the Department of State Police or other criminal justice agencies or prosecutors from listing under an offender's name the false names he or she has used.

(5) Whenever a person has been convicted of criminal sexual assault, aggravated criminal sexual assault, predatory criminal sexual assault of a child, criminal sexual abuse, or aggravated criminal sexual abuse, the victim of that offense may request that the State's Attorney of the county in which the conviction occurred file a verified petition with the presiding trial judge at the petitioner's trial to have a court order entered to seal the records of the circuit court clerk in connection with the proceedings of the trial court concerning that offense. However, the records of the arresting authority and the Department of State Police concerning the offense shall not be sealed. The court, upon good cause shown, shall make the records of the circuit court clerk in connection with the proceedings of the trial court concerning the offense available for public inspection.

(A) Any party entitled to notice of the petition may file an objection to the petition. All objections shall be in writing, shall be filed with the circuit court clerk, and shall state with specificity the basis of the objection. Whenever a person who has been convicted of an offense is granted a pardon by the Governor which specifically authorizes expungement, an objection to the petition may not be filed.

(B) Objections to a petition to expunge or seal must be filed within 60 days of the date of service of the petition.

(6) Entry of order.

(A) The Chief Judge of the circuit wherein the charge was brought, any judge of that circuit designated by the Chief Judge, or in counties of less than 3,000,000 inhabitants, the presiding trial judge at the petitioner's trial, if any, shall rule on the petition to expunge or seal as set forth in this subsection (d)(6).

(B) Unless the State's Attorney or prosecutor, the Department of State Police, the arresting agency, or the chief legal officer files an objection to the petition to expunge or seal within 60 days from the date of service of the petition, the court shall enter an order granting or denying the petition.

(7) Hearings. If an objection is filed, the court shall set a date for a hearing and notify the petitioner and all parties entitled to notice of the petition of the hearing date at least 30 days prior to the hearing. Prior to the hearing, the State's Attorney shall consult with the Department as to the appropriateness of the relief sought in the petition to expunge or seal. At the hearing, the court shall hear evidence on whether the petition should or should not be granted, and shall grant or deny the petition to expunge or seal the records based on the evidence presented at the hearing. The court may consider the following:

(A) the strength of the evidence supporting the defendant's conviction;
(B) the reasons for retention of the conviction records by the State;
(C) the petitioner's age, criminal record history, and employment history;

New matter indicated by italics - deletions by strikeout
(D) the period of time between the petitioner's arrest on the charge resulting in the conviction and the filing of the petition under this Section; and

(E) the specific adverse consequences the petitioner may be subject to if the petition is denied.

(8) Service of order. After entering an order to expunge or seal records, the court must provide copies of the order to the Department, in a form and manner prescribed by the Department, to the petitioner, to the State's Attorney or prosecutor charged with the duty of prosecuting the offense, to the arresting agency, to the chief legal officer of the unit of local government effecting the arrest, and to such other criminal justice agencies as may be ordered by the court.

(9) Implementation of order.

(A) Upon entry of an order to expunge records pursuant to (b)(2)(A) or (b)(2)(B)(ii), or both:

(i) the records shall be expunged (as defined in subsection (a)(1)(E)) by the arresting agency, the Department, and any other agency as ordered by the court, within 60 days of the date of service of the order, unless a motion to vacate, modify, or reconsider the order is filed pursuant to paragraph (12) of subsection (d) of this Section;

(ii) the records of the circuit court clerk shall be impounded until further order of the court upon good cause shown and the name of the petitioner obliterated on the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but the order shall not affect any index issued by the circuit court clerk before the entry of the order; and

(iii) in response to an inquiry for expunged records, the court, the Department, or the agency receiving such inquiry, shall reply as it does in response to inquiries when no records ever existed.

(B) Upon entry of an order to expunge records pursuant to (b)(2)(B)(i) or (b)(2)(C), or both:

(i) the records shall be expunged (as defined in subsection (a)(1)(E)) by the arresting agency and
any other agency as ordered by the court, within 60 days of the date of service of the order, unless a motion to vacate, modify, or reconsider the order is filed pursuant to paragraph (12) of subsection (d) of this Section;

(ii) the records of the circuit court clerk shall be impounded until further order of the court upon good cause shown and the name of the petitioner obliterated on the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but the order shall not affect any index issued by the circuit court clerk before the entry of the order;

(iii) the records shall be impounded by the Department within 60 days of the date of service of the order as ordered by the court, unless a motion to vacate, modify, or reconsider the order is filed pursuant to paragraph (12) of subsection (d) of this Section;

(iv) records impounded by the Department may be disseminated by the Department only as required by law or to the arresting authority, the State's Attorney, and the court upon a later arrest for the same or a similar offense or for the purpose of sentencing for any subsequent felony, and to the Department of Corrections upon conviction for any offense; and

(v) in response to an inquiry for such records from anyone not authorized by law to access such records, the court, the Department, or the agency receiving such inquiry shall reply as it does in response to inquiries when no records ever existed.

(B-5) Upon entry of an order to expunge records under subsection (e-6):

(i) the records shall be expunged (as defined in subsection (a)(1)(E)) by the arresting agency and any other agency as ordered by the court, within 60 days of the date of service of the order, unless a motion to vacate, modify, or reconsider the order is

filed under paragraph (12) of subsection (d) of this Section;

   (ii) the records of the circuit court clerk shall be impounded until further order of the court upon good cause shown and the name of the petitioner obliterated on the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but the order shall not affect any index issued by the circuit court clerk before the entry of the order;

   (iii) the records shall be impounded by the Department within 60 days of the date of service of the order as ordered by the court, unless a motion to vacate, modify, or reconsider the order is filed under paragraph (12) of subsection (d) of this Section;

   (iv) records impounded by the Department may be disseminated by the Department only as required by law or to the arresting authority, the State's Attorney, and the court upon a later arrest for the same or a similar offense or for the purpose of sentencing for any subsequent felony, and to the Department of Corrections upon conviction for any offense; and

   (v) in response to an inquiry for these records from anyone not authorized by law to access the records, the court, the Department, or the agency receiving the inquiry shall reply as it does in response to inquiries when no records ever existed.

(C) Upon entry of an order to seal records under subsection (c), the arresting agency, any other agency as ordered by the court, the Department, and the court shall seal the records (as defined in subsection (a)(1)(K)). In response to an inquiry for such records, from anyone not authorized by law to access such records, the court, the Department, or the agency receiving such inquiry shall reply as it does in response to inquiries when no records ever existed.

(D) The Department shall send written notice to the petitioner of its compliance with each order to expunge or
seal records within 60 days of the date of service of that order or, if a motion to vacate, modify, or reconsider is filed, within 60 days of service of the order resolving the motion, if that order requires the Department to expunge or seal records. In the event of an appeal from the circuit court order, the Department shall send written notice to the petitioner of its compliance with an Appellate Court or Supreme Court judgment to expunge or seal records within 60 days of the issuance of the court's mandate. The notice is not required while any motion to vacate, modify, or reconsider, or any appeal or petition for discretionary appellate review, is pending.

(10) Fees. The Department may charge the petitioner a fee equivalent to the cost of processing any order to expunge or seal records. Notwithstanding any provision of the Clerks of Courts Act to the contrary, the circuit court clerk may charge a fee equivalent to the cost associated with the sealing or expungement of records by the circuit court clerk. From the total filing fee collected for the petition to seal or expunge, the circuit court clerk shall deposit $10 into the Circuit Court Clerk Operation and Administrative Fund, to be used to offset the costs incurred by the circuit court clerk in performing the additional duties required to serve the petition to seal or expunge on all parties. The circuit court clerk shall collect and forward the Department of State Police portion of the fee to the Department and it shall be deposited in the State Police Services Fund.

(11) Final Order. No court order issued under the expungement or sealing provisions of this Section shall become final for purposes of appeal until 30 days after service of the order on the petitioner and all parties entitled to notice of the petition.

(12) Motion to Vacate, Modify, or Reconsider. Under Section 2-1203 of the Code of Civil Procedure, the petitioner or any party entitled to notice may file a motion to vacate, modify, or reconsider the order granting or denying the petition to expunge or seal within 60 days of service of the order. If filed more than 60 days after service of the order, a petition to vacate, modify, or reconsider shall comply with subsection (c) of Section 2-1401 of the Code of Civil Procedure. Upon filing of a motion to vacate,
modify, or reconsider, notice of the motion shall be served upon
the petitioner and all parties entitled to notice of the petition.

(13) Effect of Order. An order granting a petition under the
expungement or sealing provisions of this Section shall not be
considered void because it fails to comply with the provisions of
this Section or because of any error asserted in a motion to vacate,
modify, or reconsider. The circuit court retains jurisdiction to
determine whether the order is voidable and to vacate, modify, or
reconsider its terms based on a motion filed under paragraph (12)
of this subsection (d).

(14) Compliance with Order Granting Petition to Seal
Records. Unless a court has entered a stay of an order granting a
petition to seal, all parties entitled to notice of the petition must
fully comply with the terms of the order within 60 days of service
of the order even if a party is seeking relief from the order through
a motion filed under paragraph (12) of this subsection (d) or is
appealing the order.

(15) Compliance with Order Granting Petition to Expunge
Records. While a party is seeking relief from the order granting the
petition to expunge through a motion filed under paragraph (12) of
this subsection (d) or is appealing the order, and unless a court has
entered a stay of that order, the parties entitled to notice of the
petition must seal, but need not expunge, the records until there is a
final order on the motion for relief or, in the case of an appeal, the
issuance of that court's mandate.

(16) The changes to this subsection (d) made by Public Act
98-163 apply to all petitions pending on August 5, 2013 (the
effective date of Public Act 98-163) and to all orders ruling on a
petition to expunge or seal on or after August 5, 2013 (the effective
date of Public Act 98-163).

(e) Whenever a person who has been convicted of an offense is
granted a pardon by the Governor which specifically authorizes
expungement, he or she may, upon verified petition to the Chief Judge of
the circuit where the person had been convicted, any judge of the circuit
designated by the Chief Judge, or in counties of less than 3,000,000
inhabitants, the presiding trial judge at the defendant's trial, have a court

cause shown or as otherwise provided herein, and the name of the defendant obliterated from the official index requested to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act in connection with the arrest and conviction for the offense for which he or she had been pardoned but the order shall not affect any index issued by the circuit court clerk before the entry of the order. All records sealed by the Department may be disseminated by the Department only to the arresting authority, the State's Attorney, and the court upon a later arrest for the same or similar offense or for the purpose of sentencing for any subsequent felony. Upon conviction for any subsequent offense, the Department of Corrections shall have access to all sealed records of the Department pertaining to that individual. Upon entry of the order of expungement, the circuit court clerk shall promptly mail a copy of the order to the person who was pardoned.

(e-5) Whenever a person who has been convicted of an offense is granted a certificate of eligibility for sealing by the Prisoner Review Board which specifically authorizes sealing, he or she may, upon verified petition to the Chief Judge of the circuit where the person had been convicted, any judge of the circuit designated by the Chief Judge, or in counties of less than 3,000,000 inhabitants, the presiding trial judge at the petitioner's trial, have a court order entered sealing the record of arrest from the official records of the arresting authority and order that the records of the circuit court clerk and the Department be sealed until further order of the court upon good cause shown or as otherwise provided herein, and the name of the petitioner obliterated from the official index requested to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act in connection with the arrest and conviction for the offense for which he or she had been granted the certificate but the order shall not affect any index issued by the circuit court clerk before the entry of the order. All records sealed by the Department may be disseminated by the Department only as required by this Act or to the arresting authority, a law enforcement agency, the State's Attorney, and the court upon a later arrest for the same or similar offense or for the purpose of sentencing for any subsequent felony. Upon conviction for any subsequent offense, the Department of Corrections shall have access to all sealed records of the Department pertaining to that individual. Upon entry of the order of sealing, the circuit court clerk shall promptly mail a copy of the order to the person who was granted the certificate of eligibility for sealing.
(e-6) Whenever a person who has been convicted of an offense is granted a certificate of eligibility for expungement by the Prisoner Review Board which specifically authorizes expungement, he or she may, upon verified petition to the Chief Judge of the circuit where the person had been convicted, any judge of the circuit designated by the Chief Judge, or in counties of less than 3,000,000 inhabitants, the presiding trial judge at the petitioner's trial, have a court order entered expunging the record of arrest from the official records of the arresting authority and order that the records of the circuit court clerk and the Department be sealed until further order of the court upon good cause shown or as otherwise provided herein, and the name of the petitioner obliterated from the official index requested to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act in connection with the arrest and conviction for the offense for which he or she had been granted the certificate but the order shall not affect any index issued by the circuit court clerk before the entry of the order. All records sealed by the Department may be disseminated by the Department only as required by this Act or to the arresting authority, a law enforcement agency, the State's Attorney, and the court upon a later arrest for the same or similar offense or for the purpose of sentencing for any subsequent felony. Upon conviction for any subsequent offense, the Department of Corrections shall have access to all expunged records of the Department pertaining to that individual. Upon entry of the order of expungement, the circuit court clerk shall promptly mail a copy of the order to the person who was granted the certificate of eligibility for expungement.

(f) Subject to available funding, the Illinois Department of Corrections shall conduct a study of the impact of sealing, especially on employment and recidivism rates, utilizing a random sample of those who apply for the sealing of their criminal records under Public Act 93-211. At the request of the Illinois Department of Corrections, records of the Illinois Department of Employment Security shall be utilized as appropriate to assist in the study. The study shall not disclose any data in a manner that would allow the identification of any particular individual or employing unit. The study shall be made available to the General Assembly no later than September 1, 2010.

AN ACT concerning local government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Municipal Code is amended by changing Sections 10-1-7.1 and 10-2.1-6.3 as follows:

(65 ILCS 5/10-1-7.1)
Sec. 10-1-7.1. Original appointments; full-time fire department.
(a) Applicability. Unless a commission elects to follow the provisions of Section 10-1-7.2, this Section shall apply to all original appointments to an affected full-time fire department. Existing registers of eligibles shall continue to be valid until their expiration dates, or up to a maximum of 2 years after the effective date of this amendatory Act of the 97th General Assembly.

Notwithstanding any statute, ordinance, rule, or other law to the contrary, all original appointments to an affected department to which this Section applies shall be administered in the manner provided for in this Section. Provisions of the Illinois Municipal Code, municipal ordinances, and rules adopted pursuant to such authority and other laws relating to initial hiring of firefighters in affected departments shall continue to apply to the extent they are compatible with this Section, but in the event of a conflict between this Section and any other law, this Section shall control.

A home rule or non-home rule municipality may not administer its fire department process for original appointments in a manner that is less stringent than this Section. This Section is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of the powers and functions exercised by the State.

A municipality that is operating under a court order or consent decree regarding original appointments to a full-time fire department before the effective date of this amendatory Act of the 97th General Assembly...
Assembly is exempt from the requirements of this Section for the duration of the court order or consent decree.

Notwithstanding any other provision of this subsection (a), this Section does not apply to a municipality with more than 1,000,000 inhabitants.

(b) Original appointments. All original appointments made to an affected fire department shall be made from a register of eligibles established in accordance with the processes established by this Section. Only persons who meet or exceed the performance standards required by this Section shall be placed on a register of eligibles for original appointment to an affected fire department.

Whenever an appointing authority authorizes action to hire a person to perform the duties of a firefighter or to hire a firefighter-paramedic to fill a position that is a new position or vacancy due to resignation, discharge, promotion, death, the granting of a disability or retirement pension, or any other cause, the appointing authority shall appoint to that position the person with the highest ranking on the final eligibility list. If the appointing authority has reason to conclude that the highest ranked person fails to meet the minimum standards for the position or if the appointing authority believes an alternate candidate would better serve the needs of the department, then the appointing authority has the right to pass over the highest ranked person and appoint either: (i) any person who has a ranking in the top 5% of the register of eligibles or (ii) any person who is among the top 5 highest ranked persons on the list of eligibles if the number of people who have a ranking in the top 5% of the register of eligibles is less than 5 people.

Any candidate may pass on an appointment once without losing his or her position on the register of eligibles. Any candidate who passes a second time may be removed from the list by the appointing authority provided that such action shall not prejudice a person's opportunities to participate in future examinations, including an examination held during the time a candidate is already on the municipality's register of eligibles.

The sole authority to issue certificates of appointment shall be vested in the Civil Service Commission. All certificates of appointment issued to any officer or member of an affected department shall be signed by the chairperson and secretary, respectively, of the commission upon appointment of such officer or member to the affected department by the commission. Each person who accepts a certificate of appointment and

successfully completes his or her probationary period shall be enrolled as a firefighter and as a regular member of the fire department.

For the purposes of this Section, "firefighter" means any person who has been prior to, on, or after the effective date of this amendatory Act of the 97th General Assembly appointed to a fire department or fire protection district or employed by a State university and sworn or commissioned to perform firefighter duties or paramedic duties, or both, except that the following persons are not included: part-time firefighters; auxiliary, reserve, or voluntary firefighters, including paid-on-call firefighters; clerks and dispatchers or other civilian employees of a fire department or fire protection district who are not routinely expected to perform firefighter duties; and elected officials.

(c) Qualification for placement on register of eligibles. The purpose of establishing a register of eligibles is to identify applicants who possess and demonstrate the mental aptitude and physical ability to perform the duties required of members of the fire department in order to provide the highest quality of service to the public. To this end, all applicants for original appointment to an affected fire department shall be subject to examination and testing which shall be public, competitive, and open to all applicants unless the municipality shall by ordinance limit applicants to residents of the municipality, county or counties in which the municipality is located, State, or nation. Any examination and testing procedure utilized under subsection (e) of this Section shall be supported by appropriate validation evidence and shall comply with all applicable State and federal laws. Municipalities may establish educational, emergency medical service licensure, and other pre-requisites for participation in an examination or for hire as a firefighter. Any municipality may charge a fee to cover the costs of the application process.

Residency requirements in effect at the time an individual enters the fire service of a municipality cannot be made more restrictive for that individual during his or her period of service for that municipality, or be made a condition of promotion, except for the rank or position of fire chief and for no more than 2 positions that rank immediately below that of the chief rank which are appointed positions pursuant to the Fire Department Promotion Act.

No person who is 35 years of age or older shall be eligible to take an examination for a position as a firefighter unless the person has had previous employment status as a firefighter in the regularly constituted fire
department of the municipality, except as provided in this Section. The age limitation does not apply to:

(1) any person previously employed as a full-time firefighter in a regularly constituted fire department of (i) any municipality or fire protection district located in Illinois, (ii) a fire protection district whose obligations were assumed by a municipality under Section 21 of the Fire Protection District Act, or (iii) a municipality whose obligations were taken over by a fire protection district, or

(2) any person who has served a municipality as a regularly enrolled volunteer, paid-on-call, or part-time firefighter for the 5 years immediately preceding the time that the municipality begins to use full-time firefighters to provide all or part of its fire protection service, or

(3) any person who turned 35 while serving as a member of the active or reserve components of any of the branches of the Armed Forces of the United States or the National Guard of any state, whose service was characterized as honorable or under honorable, if separated from the military, and is currently under the age of 40.

No person who is under 21 years of age shall be eligible for employment as a firefighter.

No applicant shall be examined concerning his or her political or religious opinions or affiliations. The examinations shall be conducted by the commissioners of the municipality or their designees and agents.

No municipality shall require that any firefighter appointed to the lowest rank serve a probationary employment period of longer than one year of actual active employment, which may exclude periods of training, or injury or illness leaves, including duty related leave, in excess of 30 calendar days. Notwithstanding anything to the contrary in this Section, the probationary employment period limitation may be extended for a firefighter who is required, as a condition of employment, to be a licensed paramedic, during which time the sole reason that a firefighter may be discharged without a hearing is for failing to meet the requirements for paramedic licensure.

In the event that any applicant who has been found eligible for appointment and whose name has been placed upon the final eligibility register provided for in this Division 1 has not been appointed to a firefighter position within one year after the date of his or her physical

New matter indicated by italics - deletions by strikeout
ability examination, the commission may cause a second examination to be made of that applicant's physical ability prior to his or her appointment. If, after the second examination, the physical ability of the applicant shall be found to be less than the minimum standard fixed by the rules of the commission, the applicant shall not be appointed. The applicant's name may be retained upon the register of candidates eligible for appointment and when next reached for certification and appointment that applicant may be again examined as provided in this Section, and if the physical ability of that applicant is found to be less than the minimum standard fixed by the rules of the commission, the applicant shall not be appointed, and the name of the applicant shall be removed from the register.

(d) Notice, examination, and testing components. Notice of the time, place, general scope, merit criteria for any subjective component, and fee of every examination shall be given by the commission, by a publication at least 2 weeks preceding the examination: (i) in one or more newspapers published in the municipality, or if no newspaper is published therein, then in one or more newspapers with a general circulation within the municipality, or (ii) on the municipality's Internet website. Additional notice of the examination may be given as the commission shall prescribe.

The examination and qualifying standards for employment of firefighters shall be based on: mental aptitude, physical ability, preferences, moral character, and health. The mental aptitude, physical ability, and preference components shall determine an applicant's qualification for and placement on the final register of eligibles. The examination may also include a subjective component based on merit criteria as determined by the commission. Scores from the examination must be made available to the public.

(e) Mental aptitude. No person who does not possess at least a high school diploma or an equivalent high school education shall be placed on a register of eligibles. Examination of an applicant's mental aptitude shall be based upon a written examination. The examination shall be practical in character and relate to those matters that fairly test the capacity of the persons examined to discharge the duties performed by members of a fire department. Written examinations shall be administered in a manner that ensures the security and accuracy of the scores achieved.

(f) Physical ability. All candidates shall be required to undergo an examination of their physical ability to perform the essential functions included in the duties they may be called upon to perform as a member of a fire department. For the purposes of this Section, essential functions of
the job are functions associated with duties that a firefighter may be called upon to perform in response to emergency calls. The frequency of the occurrence of those duties as part of the fire department's regular routine shall not be a controlling factor in the design of examination criteria or evolutions selected for testing. These physical examinations shall be open, competitive, and based on industry standards designed to test each applicant's physical abilities in the following dimensions:

(1) Muscular strength to perform tasks and evolutions that may be required in the performance of duties including grip strength, leg strength, and arm strength. Tests shall be conducted under anaerobic as well as aerobic conditions to test both the candidate's speed and endurance in performing tasks and evolutions. Tasks tested may be based on standards developed, or approved, by the local appointing authority.

(2) The ability to climb ladders, operate from heights, walk or crawl in the dark along narrow and uneven surfaces, and operate in proximity to hazardous environments.

(3) The ability to carry out critical, time-sensitive, and complex problem solving during physical exertion in stressful and hazardous environments. The testing environment may be hot and dark with tightly enclosed spaces, flashing lights, sirens, and other distractions.

The tests utilized to measure each applicant's capabilities in each of these dimensions may be tests based on industry standards currently in use or equivalent tests approved by the Joint Labor-Management Committee of the Office of the State Fire Marshal.

Physical ability examinations administered under this Section shall be conducted with a reasonable number of proctors and monitors, open to the public, and subject to reasonable regulations of the commission.

(g) Scoring of examination components. Appointing authorities may create a preliminary eligibility register. A person shall be placed on the list based upon his or her passage of the written examination or the passage of the written examination and the physical ability component. Passage of the written examination means attaining the minimum score set by the commission. Minimum scores should be set by the commission so as to demonstrate a candidate's ability to perform the essential functions of the job. The minimum score set by the commission shall be supported by appropriate validation evidence and shall comply with all applicable State and federal laws. The appointing authority may conduct the physical

New matter indicated by italics - deletions by strikeout
ability component and any subjective components subsequent to the posting of the preliminary eligibility register.

The examination components for an initial eligibility register shall be graded on a 100-point scale. A person's position on the list shall be determined by the following: (i) the person's score on the written examination, (ii) the person successfully passing the physical ability component, and (iii) the person's results on any subjective component as described in subsection (d).

In order to qualify for placement on the final eligibility register, an applicant's score on the written examination, before any applicable preference points or subjective points are applied, shall be at or above the minimum score set by the commission. The local appointing authority may prescribe the score to qualify for placement on the final eligibility register, but the score shall not be less than the minimum score set by the commission.

The commission shall prepare and keep a register of persons whose total score is not less than the minimum score for passage and who have passed the physical ability examination. These persons shall take rank upon the register as candidates in the order of their relative excellence based on the highest to the lowest total points scored on the mental aptitude, subjective component, and preference components of the test administered in accordance with this Section. No more than 60 days after each examination, an initial eligibility list shall be posted by the commission. The list shall include the final grades of the candidates without reference to priority of the time of examination and subject to claim for preference credit.

Commissions may conduct additional examinations, including without limitation a polygraph test, after a final eligibility register is established and before it expires with the candidates ranked by total score without regard to date of examination. No more than 60 days after each examination, an initial eligibility list shall be posted by the commission showing the final grades of the candidates without reference to priority of time of examination and subject to claim for preference credit.

(h) Preferences. The following are preferences:

(1) Veteran preference. Persons who were engaged in the military service of the United States for a period of at least one year of active duty and who were honorably discharged therefrom, or who are now or have been members on inactive or reserve duty in such military or naval service, shall be preferred for appointment.
to and employment with the fire department of an affected department.

(2) Fire cadet preference. Persons who have successfully completed 2 years of study in fire techniques or cadet training within a cadet program established under the rules of the Joint Labor and Management Committee (JLMC), as defined in Section 50 of the Fire Department Promotion Act, may be preferred for appointment to and employment with the fire department.

(3) Educational preference. Persons who have successfully obtained an associate's degree in the field of fire service or emergency medical services, or a bachelor's degree from an accredited college or university may be preferred for appointment to and employment with the fire department.

(4) Paramedic preference. Persons who have obtained a license as a paramedic may be preferred for appointment to and employment with the fire department of an affected department providing emergency medical services.

(5) Experience preference. All persons employed by a municipality who have been paid-on-call or part-time certified Firefighter II, certified Firefighter III, State of Illinois or nationally licensed EMT, EMT-I, A-EMT, or paramedic, or any combination of those capacities may be awarded up to a maximum of 5 points. However, the applicant may not be awarded more than 0.5 points for each complete year of paid-on-call or part-time service. Applicants from outside the municipality who were employed as full-time firefighters or firefighter-paramedics by a fire protection district or another municipality may be awarded up to 5 experience preference points. However, the applicant may not be awarded more than one point for each complete year of full-time service.

Upon request by the commission, the governing body of the municipality or in the case of applicants from outside the municipality the governing body of any fire protection district or any other municipality shall certify to the commission, within 10 days after the request, the number of years of successful paid-on-call, part-time, or full-time service of any person. A candidate may not receive the full amount of preference points under this subsection if the amount of points awarded would place the candidate before a veteran on the eligibility list. If more than one candidate receiving experience preference points is prevented from

receiving all of their points due to not being allowed to pass a veteran, the candidates shall be placed on the list below the veteran in rank order based on the totals received if all points under this subsection were to be awarded. Any remaining ties on the list shall be determined by lot.

(6) Residency preference. Applicants whose principal residence is located within the fire department's jurisdiction may be preferred for appointment to and employment with the fire department.

(7) Additional preferences. Up to 5 additional preference points may be awarded for unique categories based on an applicant's experience or background as identified by the commission.

(8) Scoring of preferences. The commission shall give preference for original appointment to persons designated in item (1) by adding to the final grade that they receive 5 points for the recognized preference achieved. The commission shall determine the number of preference points for each category except (1). The number of preference points for each category shall range from 0 to 5. In determining the number of preference points, the commission shall prescribe that if a candidate earns the maximum number of preference points in all categories, that number may not be less than 10 nor more than 30. The commission shall give preference for original appointment to persons designated in items (2) through (7) by adding the requisite number of points to the final grade for each recognized preference achieved. The numerical result thus attained shall be applied by the commission in determining the final eligibility list and appointment from the eligibility list. The local appointing authority may prescribe the total number of preference points awarded under this Section, but the total number of preference points shall not be less than 10 points or more than 30 points.

No person entitled to any preference shall be required to claim the credit before any examination held under the provisions of this Section, but the preference shall be given after the posting or publication of the initial eligibility list or register at the request of a person entitled to a credit before any certification or appointments are made from the eligibility register, upon the furnishing of verifiable evidence and proof of qualifying preference credit. Candidates who are eligible for preference credit shall

make a claim in writing within 10 days after the posting of the initial eligibility list, or the claim shall be deemed waived. Final eligibility registers shall be established after the awarding of verified preference points. All employment shall be subject to the commission's initial hire background review including, but not limited to, criminal history, employment history, moral character, oral examination, and medical and psychological examinations, all on a pass-fail basis. The medical and psychological examinations must be conducted last, and may only be performed after a conditional offer of employment has been extended.

Any person placed on an eligibility list who exceeds the age requirement before being appointed to a fire department shall remain eligible for appointment until the list is abolished, or his or her name has been on the list for a period of 2 years. No person who has attained the age of 35 years shall be inducted into a fire department, except as otherwise provided in this Section.

The commission shall strike off the names of candidates for original appointment after the names have been on the list for more than 2 years.

(i) Moral character. No person shall be appointed to a fire department unless he or she is a person of good character; not a habitual drunkard, a gambler, or a person who has been convicted of a felony or a crime involving moral turpitude. However, no person shall be disqualified from appointment to the fire department because of the person's record of misdemeanor convictions except those under Sections 11-6, 11-7, 11-9, 11-14, 11-15, 11-17, 11-18, 11-19, 12-2, 12-6, 12-15, 14-4, 16-1, 21.1-3, 24-3.1, 24-5, 25-1, 28-3, 31-1, 31-4, 31-6, 31-7, 32-1, 32-2, 32-3, 32-4, 32-8, and subsections 1, 6, and 8 of Section 24-1 of the Criminal Code of 1961 or the Criminal Code of 2012, or arrest for any cause without conviction thereon. Any such person who is in the department may be removed on charges brought for violating this subsection and after a trial as hereinafter provided.

A classifiable set of the fingerprints of every person who is offered employment as a certificated member of an affected fire department whether with or without compensation, shall be furnished to the Illinois Department of State Police and to the Federal Bureau of Investigation by the commission.

Whenever a commission is authorized or required by law to consider some aspect of criminal history record information for the purpose of carrying out its statutory powers and responsibilities, then,
upon request and payment of fees in conformance with the requirements of Section 2605-400 of the State Police Law of the Civil Administrative Code of Illinois, the Department of State Police is authorized to furnish, pursuant to positive identification, the information contained in State files as is necessary to fulfill the request.

(j) Temporary appointments. In order to prevent a stoppage of public business, to meet extraordinary exigencies, or to prevent material impairment of the fire department, the commission may make temporary appointments, to remain in force only until regular appointments are made under the provisions of this Division, but never to exceed 60 days. No temporary appointment of any one person shall be made more than twice in any calendar year.

(k) A person who knowingly divulges or receives test questions or answers before a written examination, or otherwise knowingly violates or subverts any requirement of this Section, commits a violation of this Section and may be subject to charges for official misconduct.

A person who is the knowing recipient of test information in advance of the examination shall be disqualified from the examination or discharged from the position to which he or she was appointed, as applicable, and otherwise subjected to disciplinary actions.

(65 ILCS 5/10-2.1-6.3)

Sec. 10-2.1-6.3. Original appointments; full-time fire department.

(a) Applicability. Unless a commission elects to follow the provisions of Section 10-2.1-6.4, this Section shall apply to all original appointments to an affected full-time fire department. Existing registers of eligibles shall continue to be valid until their expiration dates, or up to a maximum of 2 years after the effective date of this amendatory Act of the 97th General Assembly.

Notwithstanding any statute, ordinance, rule, or other law to the contrary, all original appointments to an affected department to which this Section applies shall be administered in the manner provided for in this Section. Provisions of the Illinois Municipal Code, municipal ordinances, and rules adopted pursuant to such authority and other laws relating to initial hiring of firefighters in affected departments shall continue to apply to the extent they are compatible with this Section, but in the event of a conflict between this Section and any other law, this Section shall control.

A home rule or non-home rule municipality may not administer its fire department process for original appointments in a manner that is less stringent than this Section. This Section is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of the powers and functions exercised by the State.

A municipality that is operating under a court order or consent decree regarding original appointments to a full-time fire department before the effective date of this amendatory Act of the 97th General Assembly is exempt from the requirements of this Section for the duration of the court order or consent decree.

Notwithstanding any other provision of this subsection (a), this Section does not apply to a municipality with more than 1,000,000 inhabitants.

(b) Original appointments. All original appointments made to an affected fire department shall be made from a register of eligibles established in accordance with the processes established by this Section. Only persons who meet or exceed the performance standards required by this Section shall be placed on a register of eligibles for original appointment to an affected fire department.

Whenever an appointing authority authorizes action to hire a person to perform the duties of a firefighter or to hire a firefighter-paramedic to fill a position that is a new position or vacancy due to resignation, discharge, promotion, death, the granting of a disability or retirement pension, or any other cause, the appointing authority shall appoint to that position the person with the highest ranking on the final eligibility list. If the appointing authority has reason to conclude that the highest ranked person fails to meet the minimum standards for the position or if the appointing authority believes an alternate candidate would better serve the needs of the department, then the appointing authority has the right to pass over the highest ranked person and appoint either: (i) any person who has a ranking in the top 5% of the register of eligibles or (ii) any person who is among the top 5 highest ranked persons on the list of eligibles if the number of people who have a ranking in the top 5% of the register of eligibles is less than 5 people.

Any candidate may pass on an appointment once without losing his or her position on the register of eligibles. Any candidate who passes a second time may be removed from the list by the appointing authority provided that such action shall not prejudice a person's opportunities to

participate in future examinations, including an examination held during
the time a candidate is already on the municipality's register of eligibles.

The sole authority to issue certificates of appointment shall be
vested in the board of fire and police commissioners. All certificates of
appointment issued to any officer or member of an affected department
shall be signed by the chairperson and secretary, respectively, of the board
upon appointment of such officer or member to the affected department by
action of the board. Each person who accepts a certificate of appointment
and successfully completes his or her probationary period shall be enrolled
as a firefighter and as a regular member of the fire department.

For the purposes of this Section, "firefighter" means any person
who has been prior to, on, or after the effective date of this amendatory
Act of the 97th General Assembly appointed to a fire department or fire
protection district or employed by a State university and sworn or
commissioned to perform firefighter duties or paramedic duties, or both,
except that the following persons are not included: part-time firefighters;
auxiliary, reserve, or voluntary firefighters, including paid-on-call
firefighters; clerks and dispatchers or other civilian employees of a fire
department or fire protection district who are not routinely expected to
perform firefighter duties; and elected officials.

(c) Qualification for placement on register of eligibles. The
purpose of establishing a register of eligibles is to identify applicants who
possess and demonstrate the mental aptitude and physical ability to
perform the duties required of members of the fire department in order to
provide the highest quality of service to the public. To this end, all
applicants for original appointment to an affected fire department shall be
subject to examination and testing which shall be public, competitive, and
open to all applicants unless the municipality shall by ordinance limit
applicants to residents of the municipality, county or counties in which the
municipality is located, State, or nation. Any examination and testing
procedure utilized under subsection (e) of this Section shall be supported
by appropriate validation evidence and shall comply with all applicable
State state and federal laws. Municipalities may establish educational,
emergency medical service licensure, and other pre-requisites for
participation in an examination or for hire as a firefighter. Any
municipality may charge a fee to cover the costs of the application process.

Residency requirements in effect at the time an individual enters
the fire service of a municipality cannot be made more restrictive for that
individual during his or her period of service for that municipality, or be

made a condition of promotion, except for the rank or position of fire chief and for no more than 2 positions that rank immediately below that of the chief rank which are appointed positions pursuant to the Fire Department Promotion Act.

No person who is 35 years of age or older shall be eligible to take an examination for a position as a firefighter unless the person has had previous employment status as a firefighter in the regularly constituted fire department of the municipality, except as provided in this Section. The age limitation does not apply to:

(1) any person previously employed as a full-time firefighter in a regularly constituted fire department of (i) any municipality or fire protection district located in Illinois, (ii) a fire protection district whose obligations were assumed by a municipality under Section 21 of the Fire Protection District Act, or (iii) a municipality whose obligations were taken over by a fire protection district, or

(2) any person who has served a municipality as a regularly enrolled volunteer, paid-on-call, or part-time firefighter for the 5 years immediately preceding the time that the municipality begins to use full-time firefighters to provide all or part of its fire protection service, or

(3) any person who turned 35 while serving as a member of the active or reserve components of any of the branches of the Armed Forces of the United States or the National Guard of any state, whose service was characterized as honorable or under honorable, if separated from the military, and is currently under the age of 40.

No person who is under 21 years of age shall be eligible for employment as a firefighter.

No applicant shall be examined concerning his or her political or religious opinions or affiliations. The examinations shall be conducted by the commissioners of the municipality or their designees and agents.

No municipality shall require that any firefighter appointed to the lowest rank serve a probationary employment period of longer than one year of actual active employment, which may exclude periods of training, or injury or illness leaves, including duty related leave, in excess of 30 calendar days. Notwithstanding anything to the contrary in this Section, the probationary employment period limitation may be extended for a firefighter who is required, as a condition of employment, to be a licensed

paramedic, during which time the sole reason that a firefighter may be discharged without a hearing is for failing to meet the requirements for paramedic licensure.

In the event that any applicant who has been found eligible for appointment and whose name has been placed upon the final eligibility register provided for in this Section has not been appointed to a firefighter position within one year after the date of his or her physical ability examination, the commission may cause a second examination to be made of that applicant's physical ability prior to his or her appointment. If, after the second examination, the physical ability of the applicant shall be found to be less than the minimum standard fixed by the rules of the commission, the applicant shall not be appointed. The applicant's name may be retained upon the register of candidates eligible for appointment and when next reached for certification and appointment that applicant may be again examined as provided in this Section, and if the physical ability of that applicant is found to be less than the minimum standard fixed by the rules of the commission, the applicant shall not be appointed, and the name of the applicant shall be removed from the register.

(d) Notice, examination, and testing components. Notice of the time, place, general scope, merit criteria for any subjective component, and fee of every examination shall be given by the commission, by a publication at least 2 weeks preceding the examination: (i) in one or more newspapers published in the municipality, or if no newspaper is published therein, then in one or more newspapers with a general circulation within the municipality, or (ii) on the municipality's Internet website. Additional notice of the examination may be given as the commission shall prescribe.

The examination and qualifying standards for employment of firefighters shall be based on: mental aptitude, physical ability, preferences, moral character, and health. The mental aptitude, physical ability, and preference components shall determine an applicant's qualification for and placement on the final register of eligibles. The examination may also include a subjective component based on merit criteria as determined by the commission. Scores from the examination must be made available to the public.

(e) Mental aptitude. No person who does not possess at least a high school diploma or an equivalent high school education shall be placed on a register of eligibles. Examination of an applicant's mental aptitude shall be based upon a written examination. The examination shall be practical in character and relate to those matters that fairly test the capacity of the

New matter indicated by italics - deletions by strikeout
persons examined to discharge the duties performed by members of a fire department. Written examinations shall be administered in a manner that ensures the security and accuracy of the scores achieved.

(f) Physical ability. All candidates shall be required to undergo an examination of their physical ability to perform the essential functions included in the duties they may be called upon to perform as a member of a fire department. For the purposes of this Section, essential functions of the job are functions associated with duties that a firefighter may be called upon to perform in response to emergency calls. The frequency of the occurrence of those duties as part of the fire department's regular routine shall not be a controlling factor in the design of examination criteria or evolutions selected for testing. These physical examinations shall be open, competitive, and based on industry standards designed to test each applicant's physical abilities in the following dimensions:

1. Muscular strength to perform tasks and evolutions that may be required in the performance of duties including grip strength, leg strength, and arm strength. Tests shall be conducted under anaerobic as well as aerobic conditions to test both the candidate's speed and endurance in performing tasks and evolutions. Tasks tested may be based on standards developed, or approved, by the local appointing authority.

2. The ability to climb ladders, operate from heights, walk or crawl in the dark along narrow and uneven surfaces, and operate in proximity to hazardous environments.

3. The ability to carry out critical, time-sensitive, and complex problem solving during physical exertion in stressful and hazardous environments. The testing environment may be hot and dark with tightly enclosed spaces, flashing lights, sirens, and other distractions.

The tests utilized to measure each applicant's capabilities in each of these dimensions may be tests based on industry standards currently in use or equivalent tests approved by the Joint Labor-Management Committee of the Office of the State Fire Marshal.

Physical ability examinations administered under this Section shall be conducted with a reasonable number of proctors and monitors, open to the public, and subject to reasonable regulations of the commission.

(g) Scoring of examination components. Appointing authorities may create a preliminary eligibility register. A person shall be placed on the list based upon his or her passage of the written examination or the
passage of the written examination and the physical ability component. Passage of the written examination means attaining the minimum score set by the commission. Minimum scores should be set by the commission so as to demonstrate a candidate's ability to perform the essential functions of the job. The minimum score set by the commission shall be supported by appropriate validation evidence and shall comply with all applicable State and federal laws. The appointing authority may conduct the physical ability component and any subjective components subsequent to the posting of the preliminary eligibility register.

The examination components for an initial eligibility register shall be graded on a 100-point scale. A person's position on the list shall be determined by the following: (i) the person's score on the written examination, (ii) the person successfully passing the physical ability component, and (iii) the person's results on any subjective component as described in subsection (d).

In order to qualify for placement on the final eligibility register, an applicant's score on the written examination, before any applicable preference points or subjective points are applied, shall be at or above the minimum score as set by the commission. The local appointing authority may prescribe the score to qualify for placement on the final eligibility register, but the score shall not be less than the minimum score set by the commission.

The commission shall prepare and keep a register of persons whose total score is not less than the minimum score for passage and who have passed the physical ability examination. These persons shall take rank upon the register as candidates in the order of their relative excellence based on the highest to the lowest total points scored on the mental aptitude, subjective component, and preference components of the test administered in accordance with this Section. No more than 60 days after each examination, an initial eligibility list shall be posted by the commission. The list shall include the final grades of the candidates without reference to priority of the time of examination and subject to claim for preference credit.

Commissions may conduct additional examinations, including without limitation a polygraph test, after a final eligibility register is established and before it expires with the candidates ranked by total score without regard to date of examination. No more than 60 days after each examination, an initial eligibility list shall be posted by the commission.

showing the final grades of the candidates without reference to priority of time of examination and subject to claim for preference credit.

(h) Preferences. The following are preferences:

(1) Veteran preference. Persons who were engaged in the military service of the United States for a period of at least one year of active duty and who were honorably discharged therefrom, or who are now or have been members on inactive or reserve duty in such military or naval service, shall be preferred for appointment to and employment with the fire department of an affected department.

(2) Fire cadet preference. Persons who have successfully completed 2 years of study in fire techniques or cadet training within a cadet program established under the rules of the Joint Labor and Management Committee (JLMC), as defined in Section 50 of the Fire Department Promotion Act, may be preferred for appointment to and employment with the fire department.

(3) Educational preference. Persons who have successfully obtained an associate's degree in the field of fire service or emergency medical services, or a bachelor's degree from an accredited college or university may be preferred for appointment to and employment with the fire department.

(4) Paramedic preference. Persons who have obtained a license as a paramedic shall be preferred for appointment to and employment with the fire department of an affected department providing emergency medical services.

(5) Experience preference. All persons employed by a municipality who have been paid-on-call or part-time certified Firefighter II, State of Illinois or nationally licensed EMT, EMT-I, A-EMT, or any combination of those capacities shall be awarded 0.5 point for each year of successful service in one or more of those capacities, up to a maximum of 5 points. Certified Firefighter III and State of Illinois or nationally licensed paramedics shall be awarded one point per year up to a maximum of 5 points. Applicants from outside the municipality who were employed as full-time firefighters or firefighter-paramedics by a fire protection district or another municipality for at least 2 years shall be awarded 5 experience preference points. These additional points presuppose a rating scale totaling 100 points available for the eligibility list. If more or fewer points are used in the rating scale for the eligibility list, the additional points shall be proportionally adjusted.
list, the points awarded under this subsection shall be increased or
decreased by a factor equal to the total possible points available for
the examination divided by 100.

Upon request by the commission, the governing body of the
municipality or in the case of applicants from outside the
municipality the governing body of any fire protection district or
any other municipality shall certify to the commission, within 10
days after the request, the number of years of successful paid-on-call,
part-time, or full-time service of any person. A candidate may
not receive the full amount of preference points under this
subsection if the amount of points awarded would place the
candidate before a veteran on the eligibility list. If more than one
candidate receiving experience preference points is prevented from
receiving all of their points due to not being allowed to pass a
veteran, the candidates shall be placed on the list below the veteran
in rank order based on the totals received if all points under this
subsection were to be awarded. Any remaining ties on the list shall
be determined by lot.

(6) Residency preference. Applicants whose principal
residence is located within the fire department's jurisdiction shall
be preferred for appointment to and employment with the fire
department.

(7) Additional preferences. Up to 5 additional preference
points may be awarded for unique categories based on an
applicant's experience or background as identified by the
commission.

(8) Scoring of preferences. The commission shall give
preference for original appointment to persons designated in item
(1) by adding to the final grade that they receive 5 points for the
recognized preference achieved. The commission shall determine
the number of preference points for each category except (1). The
number of preference points for each category shall range from 0 to
5. In determining the number of preference points, the commission
shall prescribe that if a candidate earns the maximum number of
preference points in all categories, that number may not be less
than 10 nor more than 30. The commission shall give preference
for original appointment to persons designated in items (2) through
(7) by adding the requisite number of points to the final grade for
each recognized preference achieved. The numerical result thus

New matter indicated by italics - deletions by strikeout
attained shall be applied by the commission in determining the final eligibility list and appointment from the eligibility list. The local appointing authority may prescribe the total number of preference points awarded under this Section, but the total number of preference points shall not be less than 10 points or more than 30 points.

No person entitled to any preference shall be required to claim the credit before any examination held under the provisions of this Section, but the preference shall be given after the posting or publication of the initial eligibility list or register at the request of a person entitled to a credit before any certification or appointments are made from the eligibility register, upon the furnishing of verifiable evidence and proof of qualifying preference credit. Candidates who are eligible for preference credit shall make a claim in writing within 10 days after the posting of the initial eligibility list, or the claim shall be deemed waived. Final eligibility registers shall be established after the awarding of verified preference points. All employment shall be subject to the commission's initial hire background review including, but not limited to, criminal history, employment history, moral character, oral examination, and medical and psychological examinations, all on a pass-fail basis. The medical and psychological examinations must be conducted last, and may only be performed after a conditional offer of employment has been extended.

Any person placed on an eligibility list who exceeds the age requirement before being appointed to a fire department shall remain eligible for appointment until the list is abolished, or his or her name has been on the list for a period of 2 years. No person who has attained the age of 35 years shall be inducted into a fire department, except as otherwise provided in this Section.

The commission shall strike off the names of candidates for original appointment after the names have been on the list for more than 2 years.

(i) Moral character. No person shall be appointed to a fire department unless he or she is a person of good character; not a habitual drunkard, a gambler, or a person who has been convicted of a felony or a crime involving moral turpitude. However, no person shall be disqualified from appointment to the fire department because of the person's record of misdemeanor convictions except those under Sections 11-6, 11-7, 11-9, 11-14, 11-15, 11-17, 11-18, 11-19, 12-2, 12-6, 12-15, 14-4, 16-1, 21.1-3, 24-3.1, 24-5, 25-1, 28-3, 31-1, 31-4, 31-6, 31-7, 32-1, 32-2, 32-3, 32-4,
32-8, and subsections 1, 6, and 8 of Section 24-1 of the Criminal Code of 1961 or the Criminal Code of 2012, or arrest for any cause without conviction thereon. Any such person who is in the department may be removed on charges brought for violating this subsection and after a trial as hereinafter provided.

A classifiable set of the fingerprints of every person who is offered employment as a certificated member of an affected fire department whether with or without compensation, shall be furnished to the Illinois Department of State Police and to the Federal Bureau of Investigation by the commission.

Whenever a commission is authorized or required by law to consider some aspect of criminal history record information for the purpose of carrying out its statutory powers and responsibilities, then, upon request and payment of fees in conformance with the requirements of Section 2605-400 of the State Police Law of the Civil Administrative Code of Illinois, the Department of State Police is authorized to furnish, pursuant to positive identification, the information contained in State files as is necessary to fulfill the request.

(j) Temporary appointments. In order to prevent a stoppage of public business, to meet extraordinary exigencies, or to prevent material impairment of the fire department, the commission may make temporary appointments, to remain in force only until regular appointments are made under the provisions of this Division, but never to exceed 60 days. No temporary appointment of any one person shall be made more than twice in any calendar year.

(k) A person who knowingly divulges or receives test questions or answers before a written examination, or otherwise knowingly violates or subverts any requirement of this Section, commits a violation of this Section and may be subject to charges for official misconduct.

A person who is the knowing recipient of test information in advance of the examination shall be disqualified from the examination or discharged from the position to which he or she was appointed, as applicable, and otherwise subjected to disciplinary actions.

1.1. Exclusion From the CAAPP.

a. An owner or operator of a source which determines that the source could be excluded from the CAAPP may seek such exclusion prior to the date that the CAAPP application for the source is due but in no case later than 9 months after the effective date of the CAAPP through the imposition of federally enforceable conditions limiting the "potential to emit" of the source to a level below the major source threshold for that source as described in paragraph(c) of subsection 2 of this Section, within a State operating permit issued pursuant to subsection (a) of Section 39 of this Act. After such date, an exclusion from the CAAPP may be sought under paragraph(c) of subsection 3 of this Section.

b. An owner or operator of a source seeking exclusion from the CAAPP pursuant to paragraph (a) of this subsection must submit a permit application consistent with the existing State permit program which specifically requests such exclusion through the imposition of such federally enforceable conditions.

c. Upon such request, if the Agency determines that the owner or operator of a source has met the requirements for exclusion pursuant to paragraph (a) of this subsection and other applicable requirements for permit issuance under subsection (a) of Section 39 of this Act, the Agency shall issue a State operating permit for such source under subsection (a) of Section 39 of this Act, as amended, and regulations promulgated thereunder with federally enforceable conditions limiting the "potential to emit" of
the source to a level below the major source threshold for that source as described in paragraph (c) of subsection 2 of this Section.

d. The Agency shall provide an owner or operator of a source which may be excluded from the CAAPP pursuant to this subsection with reasonable notice that the owner or operator may seek such exclusion.

e. The Agency shall provide such sources with the necessary permit application forms.

2. Applicability.

a. Sources subject to this Section shall include:
   i. Any major source as defined in paragraph (c) of this subsection.
   ii. Any source subject to a standard or other requirements promulgated under Section 111 (New Source Performance Standards) or Section 112 (Hazardous Air Pollutants) of the Clean Air Act, except that a source is not required to obtain a permit solely because it is subject to regulations or requirements under Section 112(r) of the Clean Air Act.
   iii. Any affected source for acid deposition, as defined in subsection 1 of this Section.
   iv. Any other source subject to this Section under the Clean Air Act or regulations promulgated thereunder, or applicable Board regulations.

b. Sources exempted from this Section shall include:
   i. All sources listed in paragraph (a) of this subsection that are not major sources, affected sources for acid deposition or solid waste incineration units required to obtain a permit pursuant to Section 129(e) of the Clean Air Act, until the source is required to obtain a CAAPP permit pursuant to the Clean Air Act or regulations promulgated thereunder.
   ii. Nonmajor sources subject to a standard or other requirements subsequently promulgated by USEPA under Section 111 or 112 of the Clean Air Act that are determined by USEPA to be exempt at the time a new standard is promulgated.
   iii. All sources and source categories that would be required to obtain a permit solely because they are subject

iv. All sources and source categories that would be required to obtain a permit solely because they are subject to Part 61, Subpart M - National Emission Standard for Hazardous Air Pollutants for Asbestos, Section 61.145 (40 CFR Part 61).

v. Any other source categories exempted by USEPA regulations pursuant to Section 502(a) of the Clean Air Act.

vi. Major sources of greenhouse gas emissions required to obtain a CAAPP permit under this Section if any of the following occurs:
   
   (A) enactment of federal legislation depriving the Administrator of the USEPA of authority to regulate greenhouse gases under the Clean Air Act;
   
   (B) the issuance of any opinion, ruling, judgment, order, or decree by a federal court depriving the Administrator of the USEPA of authority to regulate greenhouse gases under the Clean Air Act; or
   
   (C) action by the President of the United States or the President's authorized agent, including the Administrator of the USEPA, to repeal or withdraw the Greenhouse Gas Tailoring Rule (75 Fed. Reg. 31514, June 3, 2010).

If any event listed in this subparagraph (vi) occurs, CAAPP permits issued after such event shall not impose permit terms or conditions addressing greenhouse gases during the effectiveness of any event listed in subparagraph (vi). If any event listed in this subparagraph (vi) occurs, any owner or operator with a CAAPP permit that includes terms or conditions addressing greenhouse gases may elect to submit an application to the Agency to address a revision or repeal of such terms or conditions. If any owner or operator submits such an application, the Agency shall expeditiously process the permit application in accordance with applicable laws and regulations. Nothing in this subparagraph (vi) shall relieve an owner or operator of a

source from the requirement to obtain a CAAPP permit for its emissions of regulated air pollutants other than greenhouse gases, as required by this Section.
c. For purposes of this Section the term "major source" means any source that is:
   i. A major source under Section 112 of the Clean Air Act, which is defined as:
      A. For pollutants other than radionuclides, any stationary source or group of stationary sources located within a contiguous area and under common control that emits or has the potential to emit, in the aggregate, 10 tons per year (tpy) or more of any hazardous air pollutant which has been listed pursuant to Section 112(b) of the Clean Air Act, 25 tpy or more of any combination of such hazardous air pollutants, or such lesser quantity as USEPA may establish by rule. Notwithstanding the preceding sentence, emissions from any oil or gas exploration or production well (with its associated equipment) and emissions from any pipeline compressor or pump station shall not be aggregated with emissions from other similar units, whether or not such units are in a contiguous area or under common control, to determine whether such stations are major sources.
      B. For radionuclides, "major source" shall have the meaning specified by the USEPA by rule.
   ii. A major stationary source of air pollutants, as defined in Section 302 of the Clean Air Act, that directly emits or has the potential to emit, 100 tpy or more of any air pollutant subject to regulation (including any major source of fugitive emissions of any such pollutant, as determined by rule by USEPA). For purposes of this subsection, "fugitive emissions" means those emissions which could not reasonably pass through a stack, chimney, vent, or other functionally-equivalent opening. The fugitive emissions of a stationary source shall not be considered in determining whether it is a major stationary source for the purposes of Section 302(j) of the Clean Air Act, unless the
source belongs to one of the following categories of stationary source:

A. Coal cleaning plants (with thermal dryers).
B. Kraft pulp mills.

standard promulgated under Section 111 or 112 of the Clean Air Act.

BB. Any other stationary source category designated by USEPA by rule.

iii. A major stationary source as defined in part D of Title I of the Clean Air Act including:

A. For ozone nonattainment areas, sources with the potential to emit 100 tons or more per year of volatile organic compounds or oxides of nitrogen in areas classified as "marginal" or "moderate", 50 tons or more per year in areas classified as "serious", 25 tons or more per year in areas classified as "severe", and 10 tons or more per year in areas classified as "extreme"; except that the references in this clause to 100, 50, 25, and 10 tons per year of nitrogen oxides shall not apply with respect to any source for which USEPA has made a finding, under Section 182(f)(1) or (2) of the Clean Air Act, that requirements otherwise applicable to such source under Section 182(f) of the Clean Air Act do not apply. Such sources shall remain subject to the major source criteria of subparagraph (ii) of paragraph(c) of this subsection.

B. For ozone transport regions established pursuant to Section 184 of the Clean Air Act, sources with the potential to emit 50 tons or more per year of volatile organic compounds (VOCs).

3. Agency Authority To Issue CAAPP Permits and Federally Enforceable State Operating Permits.

New matter indicated by italics - deletions by strikeout
a. The Agency shall issue CAAPP permits under this Section consistent with the Clean Air Act and regulations promulgated thereunder and this Act and regulations promulgated thereunder.

b. The Agency shall issue CAAPP permits for fixed terms of 5 years, except CAAPP permits issued for solid waste incineration units combusting municipal waste which shall be issued for fixed terms of 12 years and except CAAPP permits for affected sources for acid deposition which shall be issued for initial terms to expire on December 31, 1999, and for fixed terms of 5 years thereafter.

c. The Agency shall have the authority to issue a State operating permit for a source under subsection (a) of Section 39 of this Act, as amended, and regulations promulgated thereunder, which includes federally enforceable conditions limiting the "potential to emit" of the source to a level below the major source threshold for that source as described in paragraph(c) of subsection 2 of this Section, thereby excluding the source from the CAAPP, when requested by the applicant pursuant to paragraph(u) of subsection 5 of this Section. The public notice requirements of this Section applicable to CAAPP permits shall also apply to the initial issuance of permits under this paragraph.

d. For purposes of this Act, a permit issued by USEPA under Section 505 of the Clean Air Act, as now and hereafter amended, shall be deemed to be a permit issued by the Agency pursuant to Section 39.5 of this Act.

4. Transition.

a. An owner or operator of a CAAPP source shall not be required to renew an existing State operating permit for any emission unit at such CAAPP source once a CAAPP application timely submitted prior to expiration of the State operating permit has been deemed complete. For purposes other than permit renewal, the obligation upon the owner or operator of a CAAPP source to obtain a State operating permit is not removed upon submittal of the complete CAAPP permit application. An owner or operator of a CAAPP source seeking to make a modification to a source prior to the issuance of its CAAPP permit shall be required to obtain a construction permit, operating permit, or both as required for such modification in accordance with the State permit
program under subsection (a) of Section 39 of this Act, as amended, and regulations promulgated thereunder. The application for such construction permit, operating permit, or both shall be considered an amendment to the CAAPP application submitted for such source.

b. An owner or operator of a CAAPP source shall continue to operate in accordance with the terms and conditions of its applicable State operating permit notwithstanding the expiration of the State operating permit until the source's CAAPP permit has been issued.

c. An owner or operator of a CAAPP source shall submit its initial CAAPP application to the Agency no later than 12 months after the effective date of the CAAPP. The Agency may request submittal of initial CAAPP applications during this 12-month period according to a schedule set forth within Agency procedures, however, in no event shall the Agency require such submittal earlier than 3 months after such effective date of the CAAPP. An owner or operator may voluntarily submit its initial CAAPP application prior to the date required within this paragraph or applicable procedures, if any, subsequent to the date the Agency submits the CAAPP to USEPA for approval.

d. The Agency shall act on initial CAAPP applications in accordance with paragraph (j) of subsection 5 of this Section.

e. For purposes of this Section, the term "initial CAAPP application" shall mean the first CAAPP application submitted for a source existing as of the effective date of the CAAPP.

f. The Agency shall provide owners or operators of CAAPP sources with at least 3 months advance notice of the date on which their applications are required to be submitted. In determining which sources shall be subject to early submittal, the Agency shall include among its considerations the complexity of the permit application, and the burden that such early submittal will have on the source.

g. The CAAPP permit shall upon becoming effective supersede the State operating permit.

h. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

5. Applications and Completeness.

New matter indicated by italics - deletions by strikeout
a. An owner or operator of a CAAPP source shall submit its complete CAAPP application consistent with the Act and applicable regulations.

b. An owner or operator of a CAAPP source shall submit a single complete CAAPP application covering all emission units at that source.

c. To be deemed complete, a CAAPP application must provide all information, as requested in Agency application forms, sufficient to evaluate the subject source and its application and to determine all applicable requirements, pursuant to the Clean Air Act, and regulations thereunder, this Act and regulations thereunder. Such Agency application forms shall be finalized and made available prior to the date on which any CAAPP application is required.

d. An owner or operator of a CAAPP source shall submit, as part of its complete CAAPP application, a compliance plan, including a schedule of compliance, describing how each emission unit will comply with all applicable requirements. Any such schedule of compliance shall be supplemental to, and shall not sanction noncompliance with, the applicable requirements on which it is based.

e. Each submitted CAAPP application shall be certified for truth, accuracy, and completeness by a responsible official in accordance with applicable regulations.

f. The Agency shall provide notice to a CAAPP applicant as to whether a submitted CAAPP application is complete. Unless the Agency notifies the applicant of incompleteness, within 60 days after receipt of the CAAPP application, the application shall be deemed complete. The Agency may request additional information as needed to make the completeness determination. The Agency may to the extent practicable provide the applicant with a reasonable opportunity to correct deficiencies prior to a final determination of completeness.

g. If after the determination of completeness the Agency finds that additional information is necessary to evaluate or take final action on the CAAPP application, the Agency may request in writing such information from the source with a reasonable deadline for response.

New matter indicated by italics - deletions by strikeout
h. If the owner or operator of a CAAPP source submits a timely and complete CAAPP application, the source's failure to have a CAAPP permit shall not be a violation of this Section until the Agency takes final action on the submitted CAAPP application, provided, however, where the applicant fails to submit the requested information under paragraph(g) of this subsection 5 within the time frame specified by the Agency, this protection shall cease to apply.

i. Any applicant who fails to submit any relevant facts necessary to evaluate the subject source and its CAAPP application or who has submitted incorrect information in a CAAPP application shall, upon becoming aware of such failure or incorrect submittal, submit supplementary facts or correct information to the Agency. In addition, an applicant shall provide to the Agency additional information as necessary to address any requirements which become applicable to the source subsequent to the date the applicant submitted its complete CAAPP application but prior to release of the draft CAAPP permit.

j. The Agency shall issue or deny the CAAPP permit within 18 months after the date of receipt of the complete CAAPP application, with the following exceptions: (i) permits for affected sources for acid deposition shall be issued or denied within 6 months after receipt of a complete application in accordance with subsection 17 of this Section; (ii) the Agency shall act on initial CAAPP applications within 24 months after the date of receipt of the complete CAAPP application; (iii) the Agency shall act on complete applications containing early reduction demonstrations under Section 112(i)(5) of the Clean Air Act within 9 months of receipt of the complete CAAPP application.

Where the Agency does not take final action on the permit within the required time period, the permit shall not be deemed issued; rather, the failure to act shall be treated as a final permit action for purposes of judicial review pursuant to Sections 40.2 and 41 of this Act.

k. The submittal of a complete CAAPP application shall not affect the requirement that any source have a preconstruction permit under Title I of the Clean Air Act.

l. Unless a timely and complete renewal application has been submitted consistent with this subsection, a CAAPP source

operating upon the expiration of its CAAPP permit shall be deemed to be operating without a CAAPP permit. Such operation is prohibited under this Act.

m. Permits being renewed shall be subject to the same procedural requirements, including those for public participation and federal review and objection, that apply to original permit issuance.

n. For purposes of permit renewal, a timely application is one that is submitted no less than 9 months prior to the date of permit expiration.

o. The terms and conditions of a CAAPP permit shall remain in effect until the issuance of a CAAPP renewal permit provided a timely and complete CAAPP application has been submitted.

p. The owner or operator of a CAAPP source seeking a permit shield pursuant to paragraph(j) of subsection 7 of this Section shall request such permit shield in the CAAPP application regarding that source.

q. The Agency shall make available to the public all documents submitted by the applicant to the Agency, including each CAAPP application, compliance plan (including the schedule of compliance), and emissions or compliance monitoring report, with the exception of information entitled to confidential treatment pursuant to Section 7 of this Act.

r. The Agency shall use the standardized forms required under Title IV of the Clean Air Act and regulations promulgated thereunder for affected sources for acid deposition.

s. An owner or operator of a CAAPP source may include within its CAAPP application a request for permission to operate during a startup, malfunction, or breakdown consistent with applicable Board regulations.

t. An owner or operator of a CAAPP source, in order to utilize the operational flexibility provided under paragraph(l) of subsection 7 of this Section, must request such use and provide the necessary information within its CAAPP application.

u. An owner or operator of a CAAPP source which seeks exclusion from the CAAPP through the imposition of federally enforceable conditions, pursuant to paragraph(c) of subsection 3 of this Section, must request such exclusion within a CAAPP

New matter indicated by italics - deletions by strikeout
application submitted consistent with this subsection on or after the date that the CAAPP application for the source is due. Prior to such date, but in no case later than 9 months after the effective date of the CAAPP, such owner or operator may request the imposition of federally enforceable conditions pursuant to paragraph (b) of subsection 1.1 of this Section.

v. CAAPP applications shall contain accurate information on allowable emissions to implement the fee provisions of subsection 18 of this Section.

w. An owner or operator of a CAAPP source shall submit within its CAAPP application emissions information regarding all regulated air pollutants emitted at that source consistent with applicable Agency procedures. Emissions information regarding insignificant activities or emission levels, as determined by the Agency pursuant to Board regulations, may be submitted as a list within the CAAPP application. The Agency shall propose regulations to the Board defining insignificant activities or emission levels, consistent with federal regulations, if any, no later than 18 months after the effective date of this amendatory Act of 1992, consistent with Section 112(n)(1) of the Clean Air Act. The Board shall adopt final regulations defining insignificant activities or emission levels no later than 9 months after the date of the Agency's proposal.

x. The owner or operator of a new CAAPP source shall submit its complete CAAPP application consistent with this subsection within 12 months after commencing operation of such source. The owner or operator of an existing source that has been excluded from the provisions of this Section under subsection 1.1 or paragraph (c) of subsection 3 of this Section and that becomes subject to the CAAPP solely due to a change in operation at the source shall submit its complete CAAPP application consistent with this subsection at least 180 days before commencing operation in accordance with the change in operation.

y. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary to implement this subsection.

6. Prohibitions.

a. It shall be unlawful for any person to violate any terms or conditions of a permit issued under this Section, to operate any
CAAPP source except in compliance with a permit issued by the Agency under this Section or to violate any other applicable requirements. All terms and conditions of a permit issued under this Section are enforceable by USEPA and citizens under the Clean Air Act, except those, if any, that are specifically designated as not being federally enforceable in the permit pursuant to paragraph(m) of subsection 7 of this Section.

b. After the applicable CAAPP permit or renewal application submittal date, as specified in subsection 5 of this Section, no person shall operate a CAAPP source without a CAAPP permit unless the complete CAAPP permit or renewal application for such source has been timely submitted to the Agency.

c. No owner or operator of a CAAPP source shall cause or threaten or allow the continued operation of an emission source during malfunction or breakdown of the emission source or related air pollution control equipment if such operation would cause a violation of the standards or limitations applicable to the source, unless the CAAPP permit granted to the source provides for such operation consistent with this Act and applicable Board regulations.

7. Permit Content.

a. All CAAPP permits shall contain emission limitations and standards and other enforceable terms and conditions, including but not limited to operational requirements, and schedules for achieving compliance at the earliest reasonable date, which are or will be required to accomplish the purposes and provisions of this Act and to assure compliance with all applicable requirements.

b. The Agency shall include among such conditions applicable monitoring, reporting, record keeping and compliance certification requirements, as authorized by paragraphs (d), (e), and (f) of this subsection, that the Agency deems necessary to assure compliance with the Clean Air Act, the regulations promulgated thereunder, this Act, and applicable Board regulations. When monitoring, reporting, record keeping, and compliance certification requirements are specified within the Clean Air Act, regulations promulgated thereunder, this Act, or applicable regulations, such requirements shall be included within the CAAPP permit. The
Board shall have authority to promulgate additional regulations where necessary to accomplish the purposes of the Clean Air Act, this Act, and regulations promulgated thereunder.

c. The Agency shall assure, within such conditions, the use of terms, test methods, units, averaging periods, and other statistical conventions consistent with the applicable emission limitations, standards, and other requirements contained in the permit.

d. To meet the requirements of this subsection with respect to monitoring, the permit shall:

  i. Incorporate and identify all applicable emissions monitoring and analysis procedures or test methods required under the Clean Air Act, regulations promulgated thereunder, this Act, and applicable Board regulations, including any procedures and methods promulgated by USEPA pursuant to Section 504(b) or Section 114(a)(3) of the Clean Air Act.

  ii. Where the applicable requirement does not require periodic testing or instrumental or noninstrumental monitoring (which may consist of recordkeeping designed to serve as monitoring), require periodic monitoring sufficient to yield reliable data from the relevant time period that is representative of the source's compliance with the permit, as reported pursuant to paragraph (f) of this subsection. The Agency may determine that recordkeeping requirements are sufficient to meet the requirements of this subparagraph.

  iii. As necessary, specify requirements concerning the use, maintenance, and when appropriate, installation of monitoring equipment or methods.

e. To meet the requirements of this subsection with respect to record keeping, the permit shall incorporate and identify all applicable recordkeeping requirements and require, where applicable, the following:

  i. Records of required monitoring information that include the following:

     A. The date, place and time of sampling or measurements.

     B. The date(s) analyses were performed.
C. The company or entity that performed the analyses.
D. The analytical techniques or methods used.
E. The results of such analyses.
F. The operating conditions as existing at the time of sampling or measurement.
ii. Retention of records of all monitoring data and support information for a period of at least 5 years from the date of the monitoring sample, measurement, report, or application. Support information includes all calibration and maintenance records, original strip-chart recordings for continuous monitoring instrumentation, and copies of all reports required by the permit.
f. To meet the requirements of this subsection with respect to reporting, the permit shall incorporate and identify all applicable reporting requirements and require the following:
   i. Submittal of reports of any required monitoring every 6 months. More frequent submittals may be requested by the Agency if such submittals are necessary to assure compliance with this Act or regulations promulgated by the Board thereunder. All instances of deviations from permit requirements must be clearly identified in such reports. All required reports must be certified by a responsible official consistent with subsection 5 of this Section.
   ii. Prompt reporting of deviations from permit requirements, including those attributable to upset conditions as defined in the permit, the probable cause of such deviations, and any corrective actions or preventive measures taken.
g. Each CAAPP permit issued under subsection 10 of this Section shall include a condition prohibiting emissions exceeding any allowances that the source lawfully holds under Title IV of the Clean Air Act or the regulations promulgated thereunder, consistent with subsection 17 of this Section and applicable regulations, if any.
h. All CAAPP permits shall state that, where another applicable requirement of the Clean Air Act is more stringent than any applicable requirement of regulations promulgated under Title
IV of the Clean Air Act, both provisions shall be incorporated into the permit and shall be State and federally enforceable.

i. Each CAAPP permit issued under subsection 10 of this Section shall include a severability clause to ensure the continued validity of the various permit requirements in the event of a challenge to any portions of the permit.

j. The following shall apply with respect to owners or operators requesting a permit shield:

i. The Agency shall include in a CAAPP permit, when requested by an applicant pursuant to paragraph(p) of subsection 5 of this Section, a provision stating that compliance with the conditions of the permit shall be deemed compliance with applicable requirements which are applicable as of the date of release of the proposed permit, provided that:

A. The applicable requirement is specifically identified within the permit; or

B. The Agency in acting on the CAAPP application or revision determines in writing that other requirements specifically identified are not applicable to the source, and the permit includes that determination or a concise summary thereof.

ii. The permit shall identify the requirements for which the source is shielded. The shield shall not extend to applicable requirements which are promulgated after the date of release of the proposed permit unless the permit has been modified to reflect such new requirements.

iii. A CAAPP permit which does not expressly indicate the existence of a permit shield shall not provide such a shield.

iv. Nothing in this paragraph or in a CAAPP permit shall alter or affect the following:

A. The provisions of Section 303 (emergency powers) of the Clean Air Act, including USEPA's authority under that section.

B. The liability of an owner or operator of a source for any violation of applicable requirements prior to or at the time of permit issuance.

C. The applicable requirements of the acid rain program consistent with Section 408(a) of the Clean Air Act.

D. The ability of USEPA to obtain information from a source pursuant to Section 114 (inspections, monitoring, and entry) of the Clean Air Act.

k. Each CAAPP permit shall include an emergency provision providing an affirmative defense of emergency to an action brought for noncompliance with technology-based emission limitations under a CAAPP permit if the following conditions are met through properly signed, contemporaneous operating logs, or other relevant evidence:

i. An emergency occurred and the permittee can identify the cause(s) of the emergency.

ii. The permitted facility was at the time being properly operated.

iii. The permittee submitted notice of the emergency to the Agency within 2 working days after the time when emission limitations were exceeded due to the emergency. This notice must contain a detailed description of the emergency, any steps taken to mitigate emissions, and corrective actions taken.

iv. During the period of the emergency the permittee took all reasonable steps to minimize levels of emissions that exceeded the emission limitations, standards, or requirements in the permit.

For purposes of this subsection, "emergency" means any situation arising from sudden and reasonably unforeseeable events beyond the control of the source, such as an act of God, that requires immediate corrective action to restore normal operation, and that causes the source to exceed a technology-based emission limitation under the permit, due to unavoidable increases in emissions attributable to the emergency. An emergency shall not include noncompliance to the extent caused by improperly designed equipment, lack of preventative maintenance, careless or improper operation, or operation error.

In any enforcement proceeding, the permittee seeking to establish the occurrence of an emergency has the burden of proof.

This provision is in addition to any emergency or upset provision contained in any applicable requirement. This provision does not relieve a permittee of any reporting obligations under existing federal or state laws or regulations.

i. The Agency shall include in each permit issued under subsection 10 of this Section:

i. Terms and conditions for reasonably anticipated operating scenarios identified by the source in its application. The permit terms and conditions for each such operating scenario shall meet all applicable requirements and the requirements of this Section.

A. Under this subparagraph, the source must record in a log at the permitted facility a record of the scenario under which it is operating contemporaneously with making a change from one operating scenario to another.

B. The permit shield described in paragraph(j) of subsection 7 of this Section shall extend to all terms and conditions under each such operating scenario.

ii. Where requested by an applicant, all terms and conditions allowing for trading of emissions increases and decreases between different emission units at the CAAPP source, to the extent that the applicable requirements provide for trading of such emissions increases and decreases without a case-by-case approval of each emissions trade. Such terms and conditions:

A. Shall include all terms required under this subsection to determine compliance;
B. Must meet all applicable requirements;
C. Shall extend the permit shield described in paragraph(j) of subsection 7 of this Section to all terms and conditions that allow such increases and decreases in emissions.

m. The Agency shall specifically designate as not being federally enforceable under the Clean Air Act any terms and conditions included in the permit that are not specifically required under the Clean Air Act or federal regulations promulgated thereunder. Terms or conditions so designated shall be subject to

all applicable state requirements, except the requirements of subsection 7 (other than this paragraph, paragraph q of subsection 7, subsections 8 through 11, and subsections 13 through 16 of this Section. The Agency shall, however, include such terms and conditions in the CAAPP permit issued to the source.

n. Each CAAPP permit issued under subsection 10 of this Section shall specify and reference the origin of and authority for each term or condition, and identify any difference in form as compared to the applicable requirement upon which the term or condition is based.

o. Each CAAPP permit issued under subsection 10 of this Section shall include provisions stating the following:

i. Duty to comply. The permittee must comply with all terms and conditions of the CAAPP permit. Any permit noncompliance constitutes a violation of the Clean Air Act and the Act, and is grounds for any or all of the following: enforcement action; permit termination, revocation and reissuance, or modification; or denial of a permit renewal application.

ii. Need to halt or reduce activity not a defense. It shall not be a defense for a permittee in an enforcement action that it would have been necessary to halt or reduce the permitted activity in order to maintain compliance with the conditions of this permit.

iii. Permit actions. The permit may be modified, revoked, reopened, and reissued, or terminated for cause in accordance with the applicable subsections of Section 39.5 of this Act. The filing of a request by the permittee for a permit modification, revocation and reissuance, or termination, or of a notification of planned changes or anticipated noncompliance does not stay any permit condition.

iv. Property rights. The permit does not convey any property rights of any sort, or any exclusive privilege.

v. Duty to provide information. The permittee shall furnish to the Agency within a reasonable time specified by the Agency any information that the Agency may request in writing to determine whether cause exists for modifying, revoking and reissuing, or terminating the permit or to
determine compliance with the permit. Upon request, the permittee shall also furnish to the Agency copies of records required to be kept by the permit or, for information claimed to be confidential, the permittee may furnish such records directly to USEPA along with a claim of confidentiality.

vi. Duty to pay fees. The permittee must pay fees to the Agency consistent with the fee schedule approved pursuant to subsection 18 of this Section, and submit any information relevant thereto.

vii. Emissions trading. No permit revision shall be required for increases in emissions allowed under any approved economic incentives, marketable permits, emissions trading, and other similar programs or processes for changes that are provided for in the permit and that are authorized by the applicable requirement.

p. Each CAAPP permit issued under subsection 10 of this Section shall contain the following elements with respect to compliance:

i. Compliance certification, testing, monitoring, reporting, and record keeping requirements sufficient to assure compliance with the terms and conditions of the permit. Any document (including reports) required by a CAAPP permit shall contain a certification by a responsible official that meets the requirements of subsection 5 of this Section and applicable regulations.

ii. Inspection and entry requirements that necessitate that, upon presentation of credentials and other documents as may be required by law and in accordance with constitutional limitations, the permittee shall allow the Agency, or an authorized representative to perform the following:

A. Enter upon the permittee's premises where a CAAPP source is located or emissions-related activity is conducted, or where records must be kept under the conditions of the permit.

B. Have access to and copy, at reasonable times, any records that must be kept under the conditions of the permit.

New matter indicated by italics - deletions by strikeout
C. Inspect at reasonable times any facilities, equipment (including monitoring and air pollution control equipment), practices, or operations regulated or required under the permit.

D. Sample or monitor any substances or parameters at any location:
   1. As authorized by the Clean Air Act, at reasonable times, for the purposes of assuring compliance with the CAAPP permit or applicable requirements; or
   2. As otherwise authorized by this Act.

   iii. A schedule of compliance consistent with subsection 5 of this Section and applicable regulations.

   iv. Progress reports consistent with an applicable schedule of compliance pursuant to paragraph(d) of subsection 5 of this Section and applicable regulations to be submitted semiannually, or more frequently if the Agency determines that such more frequent submittals are necessary for compliance with the Act or regulations promulgated by the Board thereunder. Such progress reports shall contain the following:

   A. Required dates for achieving the activities, milestones, or compliance required by the schedule of compliance and dates when such activities, milestones or compliance were achieved.

   B. An explanation of why any dates in the schedule of compliance were not or will not be met, and any preventive or corrective measures adopted.

   v. Requirements for compliance certification with terms and conditions contained in the permit, including emission limitations, standards, or work practices. Permits shall include each of the following:

   A. The frequency (annually or more frequently as specified in any applicable requirement or by the Agency pursuant to written procedures) of submissions of compliance certifications.

New matter indicated by italics - deletions by strikeout
B. A means for assessing or monitoring the compliance of the source with its emissions limitations, standards, and work practices.

C. A requirement that the compliance certification include the following:
   1. The identification of each term or condition contained in the permit that is the basis of the certification.
   2. The compliance status.
   3. Whether compliance was continuous or intermittent.
   4. The method(s) used for determining the compliance status of the source, both currently and over the reporting period consistent with subsection 7 of this Section.

D. A requirement that all compliance certifications be submitted to USEPA as well as to the Agency.

E. Additional requirements as may be specified pursuant to Sections 114(a)(3) and 504(b) of the Clean Air Act.

F. Other provisions as the Agency may require.

q. If the owner or operator of CAAPP source can demonstrate in its CAAPP application, including an application for a significant modification, that an alternative emission limit would be equivalent to that contained in the applicable Board regulations, the Agency shall include the alternative emission limit in the CAAPP permit, which shall supersede the emission limit set forth in the applicable Board regulations, and shall include conditions that insure that the resulting emission limit is quantifiable, accountable, enforceable, and based on replicable procedures.

8. Public Notice; Affected State Review.

   a. The Agency shall provide notice to the public, including an opportunity for public comment and a hearing, on each draft CAAPP permit for issuance, renewal or significant modification, subject to Section 7.1 and subsection (a) of Section 7 of this Act.

New matter indicated by italics - deletions by strikeout
b. The Agency shall prepare a draft CAAPP permit and a statement that sets forth the legal and factual basis for the draft CAAPP permit conditions, including references to the applicable statutory or regulatory provisions. The Agency shall provide this statement to any person who requests it.

c. The Agency shall give notice of each draft CAAPP permit to the applicant and to any affected State on or before the time that the Agency has provided notice to the public, except as otherwise provided in this Act.

d. The Agency, as part of its submittal of a proposed permit to USEPA (or as soon as possible after the submittal for minor permit modification procedures allowed under subsection 14 of this Section), shall notify USEPA and any affected State in writing of any refusal of the Agency to accept all of the recommendations for the proposed permit that an affected State submitted during the public or affected State review period. The notice shall include the Agency's reasons for not accepting the recommendations. The Agency is not required to accept recommendations that are not based on applicable requirements or the requirements of this Section.

e. The Agency shall make available to the public any CAAPP permit application, compliance plan (including the schedule of compliance), CAAPP permit, and emissions or compliance monitoring report. If an owner or operator of a CAAPP source is required to submit information entitled to protection from disclosure under Section 7.1 and subsection (a) of Section 7 of this Act, the owner or operator shall submit such information separately. The requirements of Section 7.1 and subsection (a) of Section 7 of this Act shall apply to such information, which shall not be included in a CAAPP permit unless required by law. The contents of a CAAPP permit shall not be entitled to protection under Section 7.1 and subsection (a) of Section 7 of this Act.

f. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

g. If requested by the permit applicant, the Agency shall provide the permit applicant with a copy of the draft CAAPP permit prior to any public review period. If requested by the permit applicant, the Agency shall provide the permit applicant with a...
copy of the final CAAPP permit prior to issuance of the CAAPP permit.

9. USEPA Notice and Objection.
   a. The Agency shall provide to USEPA for its review a copy of each CAAPP application (including any application for permit modification), statement of basis as provided in paragraph(b) of subsection 8 of this Section, proposed CAAPP permit, CAAPP permit, and, if the Agency does not incorporate any affected State's recommendations on a proposed CAAPP permit, a written statement of this decision and its reasons for not accepting the recommendations, except as otherwise provided in this Act or by agreement with USEPA. To the extent practicable, the preceding information shall be provided in computer readable format compatible with USEPA's national database management system.

   b. The Agency shall not issue the proposed CAAPP permit if USEPA objects in writing within 45 days after receipt of the proposed CAAPP permit and all necessary supporting information.

   c. If USEPA objects in writing to the issuance of the proposed CAAPP permit within the 45-day period, the Agency shall respond in writing and may revise and resubmit the proposed CAAPP permit in response to the stated objection, to the extent supported by the record, within 90 days after the date of the objection. Prior to submitting a revised permit to USEPA, the Agency shall provide the applicant and any person who participated in the public comment process, pursuant to subsection 8 of this Section, with a 10-day period to comment on any revision which the Agency is proposing to make to the permit in response to USEPA's objection in accordance with Agency procedures.

   d. Any USEPA objection under this subsection, according to the Clean Air Act, will include a statement of reasons for the objection and a description of the terms and conditions that must be in the permit, in order to adequately respond to the objections. Grounds for a USEPA objection include the failure of the Agency to: (1) submit the items and notices required under this subsection; (2) submit any other information necessary to adequately review the proposed CAAPP permit; or (3) process the permit under subsection 8 of this Section except for minor permit modifications.

New matter indicated by italics - deletions by strikeout
e. If USEPA does not object in writing to issuance of a permit under this subsection, any person may petition USEPA within 60 days after expiration of the 45-day review period to make such objection.

f. If the permit has not yet been issued and USEPA objects to the permit as a result of a petition, the Agency shall not issue the permit until USEPA’s objection has been resolved. The Agency shall provide a 10-day comment period in accordance with paragraph c of this subsection. A petition does not, however, stay the effectiveness of a permit or its requirements if the permit was issued after expiration of the 45-day review period and prior to a USEPA objection.

g. If the Agency has issued a permit after expiration of the 45-day review period and prior to receipt of a USEPA objection under this subsection in response to a petition submitted pursuant to paragraph e of this subsection, the Agency may, upon receipt of an objection from USEPA, revise and resubmit the permit to USEPA pursuant to this subsection after providing a 10-day comment period in accordance with paragraph c of this subsection. If the Agency fails to submit a revised permit in response to the objection, USEPA shall modify, terminate or revoke the permit. In any case, the source will not be in violation of the requirement to have submitted a timely and complete application.

h. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

a. The Agency shall issue a CAAPP permit, permit modification, or permit renewal if all of the following conditions are met:

i. The applicant has submitted a complete and certified application for a permit, permit modification, or permit renewal consistent with subsections 5 and 14 of this Section, as applicable, and applicable regulations.

ii. The applicant has submitted with its complete application an approvable compliance plan, including a schedule for achieving compliance, consistent with subsection 5 of this Section and applicable regulations.
iii. The applicant has timely paid the fees required pursuant to subsection 18 of this Section and applicable regulations.

iv. The Agency has received a complete CAAPP application and, if necessary, has requested and received additional information from the applicant consistent with subsection 5 of this Section and applicable regulations.

v. The Agency has complied with all applicable provisions regarding public notice and affected State review consistent with subsection 8 of this Section and applicable regulations.

vi. The Agency has provided a copy of each CAAPP application, or summary thereof, pursuant to agreement with USEPA and proposed CAAPP permit required under subsection 9 of this Section to USEPA, and USEPA has not objected to the issuance of the permit in accordance with the Clean Air Act and 40 CFR Part 70.

b. The Agency shall have the authority to deny a CAAPP permit, permit modification, or permit renewal if the applicant has not complied with the requirements of subparagraphs (i) through (iv) of paragraph (a) of this subsection or if USEPA objects to its issuance.

c. i. Prior to denial of a CAAPP permit, permit modification, or permit renewal under this Section, the Agency shall notify the applicant of the possible denial and the reasons for the denial.

ii. Within such notice, the Agency shall specify an appropriate date by which the applicant shall adequately respond to the Agency's notice. Such date shall not exceed 15 days from the date the notification is received by the applicant. The Agency may grant a reasonable extension for good cause shown.

iii. Failure by the applicant to adequately respond by the date specified in the notification or by any granted extension date shall be grounds for denial of the permit.

For purposes of obtaining judicial review under Sections 40.2 and 41 of this Act, the Agency shall provide to USEPA and each applicant, and, upon request, to affected States, any person who participated in the public

comment process, and any other person who could obtain judicial review under Sections 40.2 and 41 of this Act, a copy of each CAAPP permit or notification of denial pertaining to that party.

d. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

11. General Permits.

a. The Agency may issue a general permit covering numerous similar sources, except for affected sources for acid deposition unless otherwise provided in regulations promulgated under Title IV of the Clean Air Act.

b. The Agency shall identify, in any general permit, criteria by which sources may qualify for the general permit.

c. CAAPP sources that would qualify for a general permit must apply for coverage under the terms of the general permit or must apply for a CAAPP permit consistent with subsection 5 of this Section and applicable regulations.

d. The Agency shall comply with the public comment and hearing provisions of this Section as well as the USEPA and affected State review procedures prior to issuance of a general permit.

e. When granting a subsequent request by a qualifying CAAPP source for coverage under the terms of a general permit, the Agency shall not be required to repeat the public notice and comment procedures. The granting of such request shall not be considered a final permit action for purposes of judicial review.

f. The Agency may not issue a general permit to cover any discrete emission unit at a CAAPP source if another CAAPP permit covers emission units at the source.

g. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

12. Operational Flexibility.

a. An owner or operator of a CAAPP source may make changes at the CAAPP source without requiring a prior permit revision, consistent with subparagraphs (i) through (iii) of paragraph (a) of this subsection, so long as the changes are not modifications under any provision of Title I of the Clean Air Act

New matter indicated by italics - deletions by strikeout
and they do not exceed the emissions allowable under the permit (whether expressed therein as a rate of emissions or in terms of total emissions), provided that the owner or operator of the CAAPP source provides USEPA and the Agency with written notification as required below in advance of the proposed changes, which shall be a minimum of 7 days, unless otherwise provided by the Agency in applicable regulations regarding emergencies. The owner or operator of a CAAPP source and the Agency shall each attach such notice to their copy of the relevant permit.

i. An owner or operator of a CAAPP source may make Section 502 (b) (10) changes without a permit revision, if the changes are not modifications under any provision of Title I of the Clean Air Act and the changes do not exceed the emissions allowable under the permit (whether expressed therein as a rate of emissions or in terms of total emissions).

A. For each such change, the written notification required above shall include a brief description of the change within the source, the date on which the change will occur, any change in emissions, and any permit term or condition that is no longer applicable as a result of the change.

B. The permit shield described in paragraph(j) of subsection 7 of this Section shall not apply to any change made pursuant to this subparagraph.

ii. An owner or operator of a CAAPP source may trade increases and decreases in emissions in the CAAPP source, where the applicable implementation plan provides for such emission trades without requiring a permit revision. This provision is available in those cases where the permit does not already provide for such emissions trading.

A. Under this subparagraph(ii) of paragraph (a) of this subsection, the written notification required above shall include such information as may be required by the provision in the applicable implementation plan authorizing the emissions trade, including at a minimum, when the proposed
changes will occur, a description of each such change, any change in emissions, the permit requirements with which the source will comply using the emissions trading provisions of the applicable implementation plan, and the pollutants emitted subject to the emissions trade. The notice shall also refer to the provisions in the applicable implementation plan with which the source will comply and provide for the emissions trade.

B. The permit shield described in paragraph(j) of subsection 7 of this Section shall not apply to any change made pursuant to subparagraph (ii) of paragraph (a) of this subsection. Compliance with the permit requirements that the source will meet using the emissions trade shall be determined according to the requirements of the applicable implementation plan authorizing the emissions trade.

iii. If requested within a CAAPP application, the Agency shall issue a CAAPP permit which contains terms and conditions, including all terms required under subsection 7 of this Section to determine compliance, allowing for the trading of emissions increases and decreases at the CAAPP source solely for the purpose of complying with a federally-enforceable emissions cap that is established in the permit independent of otherwise applicable requirements. The owner or operator of a CAAPP source shall include in its CAAPP application proposed replicable procedures and permit terms that ensure the emissions trades are quantifiable and enforceable. The permit shall also require compliance with all applicable requirements.

A. Under this subparagraph(iii) of paragraph (a), the written notification required above shall state when the change will occur and shall describe the changes in emissions that will result and how these increases and decreases in emissions will comply with the terms and conditions of the permit.

New matter indicated by italics - deletions by strikeout
B. The permit shield described in paragraph (j) of subsection 7 of this Section shall extend to terms and conditions that allow such increases and decreases in emissions.

b. An owner or operator of a CAAPP source may make changes that are not addressed or prohibited by the permit, other than those which are subject to any requirements under Title IV of the Clean Air Act or are modifications under any provisions of Title I of the Clean Air Act, without a permit revision, in accordance with the following requirements:

(i) Each such change shall meet all applicable requirements and shall not violate any existing permit term or condition;

(ii) Sources must provide contemporaneous written notice to the Agency and USEPA of each such change, except for changes that qualify as insignificant under provisions adopted by the Agency or the Board. Such written notice shall describe each such change, including the date, any change in emissions, pollutants emitted, and any applicable requirement that would apply as a result of the change;

(iii) The change shall not qualify for the shield described in paragraph (j) of subsection 7 of this Section; and

(iv) The permittee shall keep a record describing changes made at the source that result in emissions of a regulated air pollutant subject to an applicable Clean Air Act requirement, but not otherwise regulated under the permit, and the emissions resulting from those changes.

c. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary to implement this subsection.

13. Administrative Permit Amendments.

a. The Agency shall take final action on a request for an administrative permit amendment within 60 days after receipt of the request. Neither notice nor an opportunity for public and affected State comment shall be required for the Agency to incorporate such revisions, provided it designates the permit revisions as having been made pursuant to this subsection.

New matter indicated by italics - deletions by strikeout
b. The Agency shall submit a copy of the revised permit to USEPA.

c. For purposes of this Section the term "administrative permit amendment" shall be defined as a permit revision that can accomplish one or more of the changes described below:
   i. Corrects typographical errors;
   ii. Identifies a change in the name, address, or phone number of any person identified in the permit, or provides a similar minor administrative change at the source;
   iii. Requires more frequent monitoring or reporting by the permittee;
   iv. Allows for a change in ownership or operational control of a source where the Agency determines that no other change in the permit is necessary, provided that a written agreement containing a specific date for transfer of permit responsibility, coverage, and liability between the current and new permittees has been submitted to the Agency;
   v. Incorporates into the CAAPP permit the requirements from preconstruction review permits authorized under a USEPA-approved program, provided the program meets procedural and compliance requirements substantially equivalent to those contained in this Section;
   vi. (Blank); or
   vii. Any other type of change which USEPA has determined as part of the approved CAAPP permit program to be similar to those included in this subsection.

d. The Agency shall, upon taking final action granting a request for an administrative permit amendment, allow coverage by the permit shield in paragraph(j) of subsection 7 of this Section for administrative permit amendments made pursuant to subparagraph(v) of paragraph (c) of this subsection which meet the relevant requirements for significant permit modifications.

e. Permit revisions and modifications, including administrative amendments and automatic amendments (pursuant to Sections 408(b) and 403(d) of the Clean Air Act or regulations promulgated thereunder), for purposes of the acid rain portion of the permit shall be governed by the regulations promulgated under Title IV of the Clean Air Act. Owners or operators of affected
sources for acid deposition shall have the flexibility to amend their compliance plans as provided in the regulations promulgated under Title IV of the Clean Air Act.

f. The CAAPP source may implement the changes addressed in the request for an administrative permit amendment immediately upon submittal of the request.

g. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

14. Permit Modifications.

a. Minor permit modification procedures.

i. The Agency shall review a permit modification using the "minor permit" modification procedures only for those permit modifications that:

A. Do not violate any applicable requirement;

B. Do not involve significant changes to existing monitoring, reporting, or recordkeeping requirements in the permit;

C. Do not require a case-by-case determination of an emission limitation or other standard, or a source-specific determination of ambient impacts, or a visibility or increment analysis;

D. Do not seek to establish or change a permit term or condition for which there is no corresponding underlying requirement and which avoids an applicable requirement to which the source would otherwise be subject. Such terms and conditions include:

1. A federally enforceable emissions cap assumed to avoid classification as a modification under any provision of Title I of the Clean Air Act; and

2. An alternative emissions limit approved pursuant to regulations promulgated under Section 112(i)(5) of the Clean Air Act;

New matter indicated by italics - deletions by strikeout
E. Are not modifications under any provision of Title I of the Clean Air Act; and
F. Are not required to be processed as a significant modification.

ii. Notwithstanding subparagraph(i) of paragraph (a) and subparagraph(ii) of paragraph (b) of this subsection, minor permit modification procedures may be used for permit modifications involving the use of economic incentives, marketable permits, emissions trading, and other similar approaches, to the extent that such minor permit modification procedures are explicitly provided for in an applicable implementation plan or in applicable requirements promulgated by USEPA.

iii. An applicant requesting the use of minor permit modification procedures shall meet the requirements of subsection 5 of this Section and shall include the following in its application:

A. A description of the change, the emissions resulting from the change, and any new applicable requirements that will apply if the change occurs;

B. The source's suggested draft permit;

C. Certification by a responsible official, consistent with paragraph(e) of subsection 5 of this Section and applicable regulations, that the proposed modification meets the criteria for use of minor permit modification procedures and a request that such procedures be used; and

D. Completed forms for the Agency to use to notify USEPA and affected States as required under subsections 8 and 9 of this Section.

iv. Within 5 working days after receipt of a complete permit modification application, the Agency shall notify USEPA and affected States of the requested permit modification in accordance with subsections 8 and 9 of this Section. The Agency promptly shall send any notice required under paragraph(d) of subsection 8 of this Section to USEPA.

v. The Agency may not issue a final permit modification until after the 45-day review period for USEPA or until USEPA has notified the Agency that USEPA will not object to the issuance of the permit modification, whichever comes first, although the Agency can approve the permit modification prior to that time. Within 90 days after the Agency's receipt of an application under the minor permit modification procedures or 15 days after the end of USEPA's 45-day review period under subsection 9 of this Section, whichever is later, the Agency shall:

A. Issue the permit modification as proposed;
B. Deny the permit modification application;
C. Determine that the requested modification does not meet the minor permit modification criteria and should be reviewed under the significant modification procedures; or
D. Revise the draft permit modification and transmit to USEPA the new proposed permit modification as required by subsection 9 of this Section.

vi. Any CAAPP source may make the change proposed in its minor permit modification application immediately after it files such application. After the CAAPP source makes the change allowed by the preceding sentence, and until the Agency takes any of the actions specified in items(A) through(C) of subparagraph (v) of paragraph (a) of this subsection, the source must comply with both the applicable requirements governing the change and the proposed permit terms and conditions. During this time period, the source need not comply with the existing permit terms and conditions it seeks to modify. If the source fails to comply with its proposed permit terms and conditions during this time period, the existing permit terms and conditions which it seeks to modify may be enforced against it.

vii. The permit shield under paragraph (j) of subsection 7 of this Section may not extend to minor permit modifications.

viii. If a construction permit is required, pursuant to subsection (a) of Section 39 of this Act and regulations thereunder, for a change for which the minor permit modification procedures are applicable, the source may request that the processing of the construction permit application be consolidated with the processing of the application for the minor permit modification. In such cases, the provisions of this Section, including those within subsections 5, 8, and 9, shall apply and the Agency shall act on such applications pursuant to subparagraph(v) of paragraph (a) of subsection 14 of this Section. The source may make the proposed change immediately after filing its application for the minor permit modification. Nothing in this subparagraph shall otherwise affect the requirements and procedures applicable to construction permits.

b. Group Processing of Minor Permit Modifications.

i. Where requested by an applicant within its application, the Agency shall process groups of a source's applications for certain modifications eligible for minor permit modification processing in accordance with the provisions of this paragraph (b).

ii. Permit modifications may be processed in accordance with the procedures for group processing, for those modifications:

A. Which meet the criteria for minor permit modification procedures under subparagraph(i) of paragraph (a) of subsection 14 of this Section; and

B. That collectively are below 10 percent of the emissions allowed by the permit for the emissions unit for which change is requested, 20 percent of the applicable definition of major source set forth in subsection 2 of this Section, or 5 tons per year, whichever is least.

iii. An applicant requesting the use of group processing procedures shall meet the requirements of

subsection 5 of this Section and shall include the following in its application:

A. A description of the change, the emissions resulting from the change, and any new applicable requirements that will apply if the change occurs.

B. The source's suggested draft permit.

C. Certification by a responsible official consistent with paragraph (e) of subsection 5 of this Section, that the proposed modification meets the criteria for use of group processing procedures and a request that such procedures be used.

D. A list of the source's other pending applications awaiting group processing, and a determination of whether the requested modification, aggregated with these other applications, equals or exceeds the threshold set under item(B) of subparagraph (ii) of paragraph (b) of this subsection.

E. Certification, consistent with paragraph(e) of subsection 5 of this Section, that the source has notified USEPA of the proposed modification. Such notification need only contain a brief description of the requested modification.

F. Completed forms for the Agency to use to notify USEPA and affected states as required under subsections 8 and 9 of this Section.

iv. On a quarterly basis or within 5 business days after receipt of an application demonstrating that the aggregate of a source's pending applications equals or exceeds the threshold level set forth within item (B) of subparagraph (ii) of paragraph (b) of this subsection, whichever is earlier, the Agency shall promptly notify USEPA and affected States of the requested permit modifications in accordance with subsections 8 and 9 of this Section. The Agency shall send any notice required under paragraph(d) of subsection 8 of this Section to USEPA.
v. The provisions of subparagraph (v) of paragraph (a) of this subsection shall apply to modifications eligible for group processing, except that the Agency shall take one of the actions specified in items (A) through (D) of subparagraph (v) of paragraph (a) of this subsection within 180 days after receipt of the application or 15 days after the end of USEPA's 45-day review period under subsection 9 of this Section, whichever is later.

vi. The provisions of subparagraph (vi) of paragraph (a) of this subsection shall apply to modifications for group processing.

vii. The provisions of paragraph (j) of subsection 7 of this Section shall not apply to modifications eligible for group processing.

c. Significant Permit Modifications.

i. Significant modification procedures shall be used for applications requesting significant permit modifications and for those applications that do not qualify as either minor permit modifications or as administrative permit amendments.

ii. Every significant change in existing monitoring permit terms or conditions and every relaxation of reporting or recordkeeping requirements shall be considered significant. A modification shall also be considered significant if in the judgment of the Agency action on an application for modification would require decisions to be made on technically complex issues. Nothing herein shall be construed to preclude the permittee from making changes consistent with this Section that would render existing permit compliance terms and conditions irrelevant.

iii. Significant permit modifications must meet all the requirements of this Section, including those for applications (including completeness review), public participation, review by affected States, and review by USEPA applicable to initial permit issuance and permit renewal. The Agency shall take final action on significant permit modifications within 9 months after receipt of a complete application.

d. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

15. Reopenings for Cause by the Agency.

a. Each issued CAAPP permit shall include provisions specifying the conditions under which the permit will be reopened prior to the expiration of the permit. Such revisions shall be made as expeditiously as practicable. A CAAPP permit shall be reopened and revised under any of the following circumstances, in accordance with procedures adopted by the Agency:

i. Additional requirements under the Clean Air Act become applicable to a major CAAPP source for which 3 or more years remain on the original term of the permit. Such a reopening shall be completed not later than 18 months after the promulgation of the applicable requirement. No such revision is required if the effective date of the requirement is later than the date on which the permit is due to expire.

ii. Additional requirements (including excess emissions requirements) become applicable to an affected source for acid deposition under the acid rain program. Excess emissions offset plans shall be deemed to be incorporated into the permit upon approval by USEPA.

iii. The Agency or USEPA determines that the permit contains a material mistake or that inaccurate statements were made in establishing the emissions standards, limitations, or other terms or conditions of the permit.

iv. The Agency or USEPA determines that the permit must be revised or revoked to assure compliance with the applicable requirements.

b. In the event that the Agency determines that there are grounds for revoking a CAAPP permit, for cause, consistent with paragraph a of this subsection, it shall file a petition before the Board setting forth the basis for such revocation. In any such proceeding, the Agency shall have the burden of establishing that the permit should be revoked under the standards set forth in this Act and the Clean Air Act. Any such proceeding shall be conducted pursuant to the Board's procedures for adjudicatory

New matter indicated by italics - deletions by strikeout
hearings and the Board shall render its decision within 120 days of the filing of the petition. The Agency shall take final action to revoke and reissue a CAAPP permit consistent with the Board's order.

c. Proceedings regarding a reopened CAAPP permit shall follow the same procedures as apply to initial permit issuance and shall affect only those parts of the permit for which cause to reopen exists.

d. Reopenings under paragraph (a) of this subsection shall not be initiated before a notice of such intent is provided to the CAAPP source by the Agency at least 30 days in advance of the date that the permit is to be reopened, except that the Agency may provide a shorter time period in the case of an emergency.

e. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

16. Reopenings for Cause by USEPA.

a. When USEPA finds that cause exists to terminate, modify, or revoke and reissue a CAAPP permit pursuant to subsection 15 of this Section, and thereafter notifies the Agency and the permittee of such finding in writing, the Agency shall forward to USEPA and the permittee a proposed determination of termination, modification, or revocation and reissuance as appropriate, in accordance with paragraph (b) of this subsection. The Agency's proposed determination shall be in accordance with the record, the Clean Air Act, regulations promulgated thereunder, this Act and regulations promulgated thereunder. Such proposed determination shall not affect the permit or constitute a final permit action for purposes of this Act or the Administrative Review Law. The Agency shall forward to USEPA such proposed determination within 90 days after receipt of the notification from USEPA. If additional time is necessary to submit the proposed determination, the Agency shall request a 90-day extension from USEPA and shall submit the proposed determination within 180 days after receipt of notification from USEPA.

b. i. Prior to the Agency's submittal to USEPA of a proposed determination to terminate or revoke and reissue the permit, the Agency shall file a petition before the Board setting forth USEPA's objection, the permit record, the
Agency's proposed determination, and the justification for its proposed determination. The Board shall conduct a hearing pursuant to the rules prescribed by Section 32 of this Act, and the burden of proof shall be on the Agency.

ii. After due consideration of the written and oral statements, the testimony and arguments that shall be submitted at hearing, the Board shall issue and enter an interim order for the proposed determination, which shall set forth all changes, if any, required in the Agency's proposed determination. The interim order shall comply with the requirements for final orders as set forth in Section 33 of this Act. Issuance of an interim order by the Board under this paragraph, however, shall not affect the permit status and does not constitute a final action for purposes of this Act or the Administrative Review Law.

iii. The Board shall cause a copy of its interim order to be served upon all parties to the proceeding as well as upon USEPA. The Agency shall submit the proposed determination to USEPA in accordance with the Board's Interim Order within 180 days after receipt of the notification from USEPA.

c. USEPA shall review the proposed determination to terminate, modify, or revoke and reissue the permit within 90 days after receipt.

i. When USEPA reviews the proposed determination to terminate or revoke and reissue and does not object, the Board shall, within 7 days after receipt of USEPA's final approval, enter the interim order as a final order. The final order may be appealed as provided by Title XI of this Act. The Agency shall take final action in accordance with the Board's final order.

ii. When USEPA reviews such proposed determination to terminate or revoke and reissue and objects, the Agency shall submit USEPA's objection and the Agency's comments and recommendation on the objection to the Board and permittee. The Board shall review its interim order in response to USEPA's objection and the Agency's comments and recommendation and issue a final order in accordance with Sections 32 and 33 of this Act.
Act. The Agency shall, within 90 days after receipt of such objection, respond to USEPA's objection in accordance with the Board's final order.

iii. When USEPA reviews such proposed determination to modify and objects, the Agency shall, within 90 days after receipt of the objection, resolve the objection and modify the permit in accordance with USEPA's objection, based upon the record, the Clean Air Act, regulations promulgated thereunder, this Act, and regulations promulgated thereunder.

d. If the Agency fails to submit the proposed determination pursuant to paragraph a of this subsection or fails to resolve any USEPA objection pursuant to paragraph c of this subsection, USEPA will terminate, modify, or revoke and reissue the permit.

e. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

17. Title IV; Acid Rain Provisions.

a. The Agency shall act on initial CAAPP applications for affected sources for acid deposition in accordance with this Section and Title V of the Clean Air Act and regulations promulgated thereunder, except as modified by Title IV of the Clean Air Act and regulations promulgated thereunder. The Agency shall issue initial CAAPP permits to the affected sources for acid deposition which shall become effective no earlier than January 1, 1995, and which shall terminate on December 31, 1999, in accordance with this Section. Subsequent CAAPP permits issued to affected sources for acid deposition shall be issued for a fixed term of 5 years. Title IV of the Clean Air Act and regulations promulgated thereunder, including but not limited to 40 C.F.R. Part 72, as now or hereafter amended, are applicable to and enforceable under this Act.

b. A designated representative of an affected source for acid deposition shall submit a timely and complete Phase II acid rain permit application and compliance plan to the Agency, not later than January 1, 1996, that meets the requirements of Titles IV and V of the Clean Air Act and regulations. The Agency shall act on the Phase II acid rain permit application and compliance plan in accordance with this Section and Title V of the Clean Air Act and regulations.

regulations promulgated thereunder, except as modified by Title IV of the Clean Air Act and regulations promulgated thereunder. The Agency shall issue the Phase II acid rain permit to an affected source for acid deposition no later than December 31, 1997, which shall become effective on January 1, 2000, in accordance with this Section, except as modified by Title IV and regulations promulgated thereunder; provided that the designated representative of the source submitted a timely and complete Phase II permit application and compliance plan to the Agency that meets the requirements of Title IV and V of the Clean Air Act and regulations.

c. Each Phase II acid rain permit issued in accordance with this subsection shall have a fixed term of 5 years. Except as provided in paragraph b above, the Agency shall issue or deny a Phase II acid rain permit within 18 months of receiving a complete Phase II permit application and compliance plan.

d. A designated representative of a new unit, as defined in Section 402 of the Clean Air Act, shall submit a timely and complete Phase II acid rain permit application and compliance plan that meets the requirements of Titles IV and V of the Clean Air Act and its regulations. The Agency shall act on the new unit's Phase II acid rain permit application and compliance plan in accordance with this Section and Title V of the Clean Air Act and its regulations, except as modified by Title IV of the Clean Air Act and its regulations. The Agency shall reopen the new unit's CAAPP permit for cause to incorporate the approved Phase II acid rain permit in accordance with this Section. The Phase II acid rain permit for the new unit shall become effective no later than the date required under Title IV of the Clean Air Act and its regulations.

e. A designated representative of an affected source for acid deposition shall submit a timely and complete Title IV NOx permit application to the Agency, not later than January 1, 1998, that meets the requirements of Titles IV and V of the Clean Air Act and its regulations. The Agency shall reopen the Phase II acid rain permit for cause and incorporate the approved NOx provisions into the Phase II acid rain permit not later than January 1, 1999, in accordance with this Section, except as modified by Title IV of the
Clean Air Act and regulations promulgated thereunder. Such reopening shall not affect the term of the Phase II acid rain permit.

f. The designated representative of the affected source for acid deposition shall renew the initial CAAPP permit and Phase II acid rain permit in accordance with this Section and Title V of the Clean Air Act and regulations promulgated thereunder, except as modified by Title IV of the Clean Air Act and regulations promulgated thereunder.

g. In the case of an affected source for acid deposition for which a complete Phase II acid rain permit application and compliance plan are timely received under this subsection, the complete permit application and compliance plan, including amendments thereto, shall be binding on the owner, operator and designated representative, all affected units for acid deposition at the affected source, and any other unit, as defined in Section 402 of the Clean Air Act, governed by the Phase II acid rain permit application and shall be enforceable as an acid rain permit for purposes of Titles IV and V of the Clean Air Act, from the date of submission of the acid rain permit application until a Phase II acid rain permit is issued or denied by the Agency.

h. The Agency shall not include or implement any measure which would interfere with or modify the requirements of Title IV of the Clean Air Act or regulations promulgated thereunder.

i. Nothing in this Section shall be construed as affecting allowances or USEPA's decision regarding an excess emissions offset plan, as set forth in Title IV of the Clean Air Act or regulations promulgated thereunder.

i. No permit revision shall be required for increases in emissions that are authorized by allowances acquired pursuant to the acid rain program, provided that such increases do not require a permit revision under any other applicable requirement.

ii. No limit shall be placed on the number of allowances held by the source. The source may not, however, use allowances as a defense to noncompliance with any other applicable requirement.

iii. Any such allowance shall be accounted for according to the procedures established in regulations promulgated under Title IV of the Clean Air Act.
j. To the extent that the federal regulations promulgated under Title IV, including but not limited to 40 C.F.R. Part 72, as now or hereafter amended, are inconsistent with the federal regulations promulgated under Title V, the federal regulations promulgated under Title IV shall take precedence.

k. The USEPA may intervene as a matter of right in any permit appeal involving a Phase II acid rain permit provision or denial of a Phase II acid rain permit.

l. It is unlawful for any owner or operator to violate any terms or conditions of a Phase II acid rain permit issued under this subsection, to operate any affected source for acid deposition except in compliance with a Phase II acid rain permit issued by the Agency under this subsection, or to violate any other applicable requirements.

m. The designated representative of an affected source for acid deposition shall submit to the Agency the data and information submitted quarterly to USEPA, pursuant to 40 CFR 75.64, concurrently with the submission to USEPA. The submission shall be in the same electronic format as specified by USEPA.

n. The Agency shall act on any petition for exemption of a new unit or retired unit, as those terms are defined in Section 402 of the Clean Air Act, from the requirements of the acid rain program in accordance with Title IV of the Clean Air Act and its regulations.

o. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary to implement this subsection.

a. A source subject to this Section or excluded under subsection 1.1 or paragraph (c) of subsection 3 of this Section, shall pay a fee as provided in this paragraph (a) of subsection 18. However, a source that has been excluded from the provisions of this Section under subsection 1.1 or under paragraph (c) of subsection 3 of this Section because the source emits less than 25 tons per year of any combination of regulated air pollutants, except greenhouse gases, shall pay fees in accordance with paragraph (1) of subsection (b) of Section 9.6.

New matter indicated by italics - deletions by strikeout
i. The fee for a source allowed to emit less than 100 tons per year of any combination of regulated air pollutants, except greenhouse gases, shall be $1,800 per year, and that fee shall increase, beginning January 1, 2012, to $2,150 per year.

ii. The fee for a source allowed to emit 100 tons or more per year of any combination of regulated air pollutants, except greenhouse gases and those regulated air pollutants excluded in paragraph(f) of this subsection 18, shall be as follows:

A. The Agency shall assess a fee of $18 per ton, per year for the allowable emissions of regulated air pollutants subject to this subparagraph (ii) of paragraph (a) of subsection 18, and that fee shall increase, beginning January 1, 2012, to $21.50 per ton, per year. These fees shall be used by the Agency and the Board to fund the activities required by Title V of the Clean Air Act including such activities as may be carried out by other State or local agencies pursuant to paragraph (d) of this subsection. The amount of such fee shall be based on the information supplied by the applicant in its complete CAAPP permit application or in the CAAPP permit if the permit has been granted and shall be determined by the amount of emissions that the source is allowed to emit annually, provided however, that the maximum fee for a CAAPP permit under this subparagraph (ii) of paragraph (a) of subsection 18 is $250,000, and increases, beginning January 1, 2012, to $294,000. Beginning January 1, 2012, the maximum fee under this subparagraph (ii) of paragraph (a) of subsection 18 for a source that has been excluded under subsection 1.1 of this Section or under paragraph (c) of subsection 3 of this Section is $4,112. The Agency shall provide as part of the permit application form required under subsection 5 of this Section a separate fee calculation form which will allow the applicant to identify the allowable
emissions and calculate the fee. In no event shall the Agency raise the amount of allowable emissions requested by the applicant unless such increases are required to demonstrate compliance with terms of a CAAPP permit.

Notwithstanding the above, any applicant may seek a change in its permit which would result in increases in allowable emissions due to an increase in the hours of operation or production rates of an emission unit or units and such a change shall be consistent with the construction permit requirements of the existing State permit program, under subsection (a) of Section 39 of this Act and applicable provisions of this Section. Where a construction permit is required, the Agency shall expeditiously grant such construction permit and shall, if necessary, modify the CAAPP permit based on the same application.

B. The applicant or permittee may pay the fee annually or semiannually for those fees greater than $5,000. However, any applicant paying a fee equal to or greater than $100,000 shall pay the full amount on July 1, for the subsequent fiscal year, or pay 50% of the fee on July 1 and the remaining 50% by the next January 1. The Agency may change any annual billing date upon reasonable notice, but shall prorate the new bill so that the permittee or applicant does not pay more than its required fees for the fee period for which payment is made.

b. (Blank).

c. (Blank).

d. There is hereby created in the State Treasury a special fund to be known as the "CAA Permit Fund". All Funds collected by the Agency pursuant to this subsection shall be deposited into the Fund. The General Assembly shall appropriate monies from this Fund to the Agency and to the Board to carry out their obligations under this Section. The General Assembly may also authorize monies to be granted by the Agency from this Fund to other State and local agencies which perform duties related to the

CAAPP. Interest generated on the monies deposited in this Fund shall be returned to the Fund.

e. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary to implement this subsection.

f. For purposes of this subsection, the term "regulated air pollutant" shall have the meaning given to it under subsection 1 of this Section but shall exclude the following:
   i. carbon monoxide;
   ii. any Class I or II substance which is a regulated air pollutant solely because it is listed pursuant to Section 602 of the Clean Air Act; and
   iii. any pollutant that is a regulated air pollutant solely because it is subject to a standard or regulation under Section 112(r) of the Clean Air Act based on the emissions allowed in the permit effective in that calendar year, at the time the applicable bill is generated.

   a. In the event that the USEPA fails to promulgate in a timely manner a standard pursuant to Section 112(d) of the Clean Air Act, the Agency shall have the authority to issue permits, pursuant to Section 112(j) of the Clean Air Act and regulations promulgated thereunder, which contain emission limitations which are equivalent to the emission limitations that would apply to a source if an emission standard had been promulgated in a timely manner by USEPA pursuant to Section 112(d). Provided, however, that the owner or operator of a source shall have the opportunity to submit to the Agency a proposed emission limitation which it determines to be equivalent to the emission limitations that would apply to such source if an emission standard had been promulgated in a timely manner by USEPA. If the Agency refuses to include the emission limitation proposed by the owner or operator in a CAAPP permit, the owner or operator may petition the Board to establish whether the emission limitation proposal submitted by the owner or operator provides for emission limitations which are equivalent to the emission limitations that would apply to the source if the emission standard had been promulgated by USEPA in a timely manner. The Board shall determine whether the emission limitation proposed by the owner or operator or an alternative emission

New matter indicated by italics - deletions by strikeout
limitation proposed by the Agency provides for the level of control required under Section 112 of the Clean Air Act, or shall otherwise establish an appropriate emission limitation, pursuant to Section 112 of the Clean Air Act.

b. Any Board proceeding brought under paragraph (a) or (c) of this subsection shall be conducted according to the Board's procedures for adjudicatory hearings and the Board shall render its decision within 120 days of the filing of the petition. Any such decision shall be subject to review pursuant to Section 41 of this Act. Where USEPA promulgates an applicable emission standard prior to the issuance of the CAAPP permit, the Agency shall include in the permit the promulgated standard, provided that the source shall have the compliance period provided under Section 112(i) of the Clean Air Act. Where USEPA promulgates an applicable standard subsequent to the issuance of the CAAPP permit, the Agency shall revise such permit upon the next renewal to reflect the promulgated standard, providing a reasonable time for the applicable source to comply with the standard, but no longer than 8 years after the date on which the source is first required to comply with the emissions limitation established under this subsection.

c. The Agency shall have the authority to implement and enforce complete or partial emission standards promulgated by USEPA pursuant to Section 112(d), and standards promulgated by USEPA pursuant to Sections 112(f), 112(h), 112(m), and 112(n), and may accept delegation of authority from USEPA to implement and enforce Section 112(l) and requirements for the prevention and detection of accidental releases pursuant to Section 112(r) of the Clean Air Act.

d. The Agency shall have the authority to issue permits pursuant to Section 112(i)(5) of the Clean Air Act.

e. The Agency has the authority to implement Section 112(g) of the Clean Air Act consistent with the Clean Air Act and federal regulations promulgated thereunder. If the Agency refuses to include the emission limitations proposed in an application submitted by an owner or operator for a case-by-case maximum achievable control technology (MACT) determination, the owner or operator may petition the Board to determine whether the emission limitation proposed by the owner or operator or an

alternative emission limitation proposed by the Agency provides for a level of control required by Section 112 of the Clean Air Act, or to otherwise establish an appropriate emission limitation under Section 112 of the Clean Air Act.

   a. For purposes of this subsection:
      "Program" is the Small Business Stationary Source Technical and Environmental Compliance Assistance Program created within this State pursuant to Section 507 of the Clean Air Act and guidance promulgated thereunder, to provide technical assistance and compliance information to small business stationary sources;
      "Small Business Assistance Program" is a component of the Program responsible for providing sufficient communications with small businesses through the collection and dissemination of information to small business stationary sources; and
      "Small Business Stationary Source" means a stationary source that:
         1. is owned or operated by a person that employs 100 or fewer individuals;
         2. is a small business concern as defined in the "Small Business Act";
         3. is not a major source as that term is defined in subsection 2 of this Section;
         4. does not emit 50 tons or more per year of any regulated air pollutant, except greenhouse gases; and
         5. emits less than 75 tons per year of all regulated pollutants, except greenhouse gases.
   b. The Agency shall adopt and submit to USEPA, after reasonable notice and opportunity for public comment, as a revision to the Illinois state implementation plan, plans for establishing the Program.
   c. The Agency shall have the authority to enter into such contracts and agreements as the Agency deems necessary to carry out the purposes of this subsection.
   d. The Agency may establish such procedures as it may deem necessary for the purposes of implementing and executing its responsibilities under this subsection.

e. There shall be appointed a Small Business Ombudsman (hereinafter in this subsection referred to as "Ombudsman") to monitor the Small Business Assistance Program. The Ombudsman shall be a nonpartisan designated official, with the ability to independently assess whether the goals of the Program are being met.

f. The State Ombudsman Office shall be located in an existing Ombudsman office within the State or in any State Department.

g. There is hereby created a State Compliance Advisory Panel (hereinafter in this subsection referred to as "Panel") for determining the overall effectiveness of the Small Business Assistance Program within this State.

h. The selection of Panel members shall be by the following method:

1. The Governor shall select two members who are not owners or representatives of owners of small business stationary sources to represent the general public;
2. The Director of the Agency shall select one member to represent the Agency; and
3. The State Legislature shall select four members who are owners or representatives of owners of small business stationary sources. Both the majority and minority leadership in both Houses of the Legislature shall appoint one member of the panel.

i. Panel members should serve without compensation but will receive full reimbursement for expenses including travel and per diem as authorized within this State.

j. The Panel shall select its own Chair by a majority vote. The Chair may meet and consult with the Ombudsman and the head of the Small Business Assistance Program in planning the activities for the Panel.

21. Temporary Sources.

a. The Agency may issue a single permit authorizing emissions from similar operations by the same source owner or operator at multiple temporary locations, except for sources which are affected sources for acid deposition under Title IV of the Clean Air Act.
b. The applicant must demonstrate that the operation is temporary and will involve at least one change of location during the term of the permit.

c. Any such permit shall meet all applicable requirements of this Section and applicable regulations, and include conditions assuring compliance with all applicable requirements at all authorized locations and requirements that the owner or operator notify the Agency at least 10 days in advance of each change in location.

22. Solid Waste Incineration Units.

a. A CAAPP permit for a solid waste incineration unit combusting municipal waste subject to standards promulgated under Section 129(e) of the Clean Air Act shall be issued for a period of 12 years and shall be reviewed every 5 years, unless the Agency requires more frequent review through Agency procedures.

b. During the review in paragraph (a) of this subsection, the Agency shall fully review the previously submitted CAAPP permit application and corresponding reports subsequently submitted to determine whether the source is in compliance with all applicable requirements.

c. If the Agency determines that the source is not in compliance with all applicable requirements it shall revise the CAAPP permit as appropriate.

d. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

Sec. 5-5.5-30. Issuance of certificate of good conduct.
(a) After a rehabilitation review has been held, in a manner designated by the chief judge of the judicial circuit in which the conviction was entered, the Circuit Court of that judicial circuit shall have the power to issue a certificate of good conduct to any eligible offender previously convicted of a crime in this State, and shall make a specific finding of rehabilitation with the force and effect of a final judgment on the merits, when the Court is satisfied that:

(1) the applicant has conducted himself or herself in a manner warranting the issuance for a minimum period in accordance with the provisions of subsection (c) of this Section;
(2) the relief to be granted by the certificate is consistent with the rehabilitation of the applicant; and
(3) the relief to be granted is consistent with the public interest.

(b) The Circuit Court shall have the power to issue a certificate of good conduct to any person previously convicted of a crime in any other jurisdiction, when the Court is satisfied that:

(1) the applicant has demonstrated that there exist specific facts and circumstances and specific sections of Illinois State law that have an adverse impact on the applicant and warrant the application for relief to be made in Illinois; and

PUBLIC ACT 99-0382
(House Bill No. 3592)

AN ACT concerning public employee benefits.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Illinois Pension Code is amended by changing Section 7-141.1 as follows:
(40 ILCS 5/7-141.1)
Sec. 7-141.1. Early retirement incentive.
(a) The General Assembly finds and declares that:
(1) Units of local government across the State have been functioning under a financial crisis.
(2) This financial crisis is expected to continue.
(3) Units of local government must depend on additional sources of revenue and, when those sources are not forthcoming, must establish cost-saving programs.
(4) An early retirement incentive designed specifically to target highly-paid senior employees could result in significant annual cost savings.
(5) The early retirement incentive should be made available only to those units of local government that determine that an early retirement incentive is in their best interest.
(6) A unit of local government adopting a program of early retirement incentives under this Section is encouraged to implement personnel procedures to prohibit, for at least 5 years, the rehiring (whether on payroll or by independent contract) of employees who receive early retirement incentives.

New matter indicated by italics - deletions by strikeout
(7) A unit of local government adopting a program of early retirement incentives under this Section is also encouraged to replace as few of the participating employees as possible and to hire replacement employees for salaries totaling no more than 80% of the total salaries formerly paid to the employees who participate in the early retirement program.

It is the primary purpose of this Section to encourage units of local government that can realize true cost savings, or have determined that an early retirement program is in their best interest, to implement an early retirement program.

(b) Until the effective date of this amendatory Act of 1997, this Section does not apply to any employer that is a city, village, or incorporated town, nor to the employees of any such employer. Beginning on the effective date of this amendatory Act of 1997, any employer under this Article, including an employer that is a city, village, or incorporated town, may establish an early retirement incentive program for its employees under this Section. The decision of a city, village, or incorporated town to consider or establish an early retirement program is at the sole discretion of that city, village, or incorporated town, and nothing in this amendatory Act of 1997 limits or otherwise diminishes this discretion. Nothing contained in this Section shall be construed to require a city, village, or incorporated town to establish an early retirement program and no city, village, or incorporated town may be compelled to implement such a program.

The benefits provided in this Section are available only to members employed by a participating employer that has filed with the Board of the Fund a resolution or ordinance expressly providing for the creation of an early retirement incentive program under this Section for its employees and specifying the effective date of the early retirement incentive program. Subject to the limitation in subsection (h), an employer may adopt a resolution or ordinance providing a program of early retirement incentives under this Section at any time.

The resolution or ordinance shall be in substantially the following form:

RESOLUTION (ORDINANCE) NO. ....
A RESOLUTION (ORDINANCE) ADOPTING AN EARLY RETIREMENT INCENTIVE PROGRAM FOR EMPLOYEES IN THE ILLINOIS MUNICIPAL RETIREMENT FUND

New matter indicated by italics - deletions by strikeout
WHEREAS, Section 7-141.1 of the Illinois Pension Code provides that a participating employer may elect to adopt an early retirement incentive program offered by the Illinois Municipal Retirement Fund by adopting a resolution or ordinance; and

WHEREAS, The goal of adopting an early retirement program is to realize a substantial savings in personnel costs by offering early retirement incentives to employees who have accumulated many years of service credit; and

WHEREAS, Implementation of the early retirement program will provide a budgeting tool to aid in controlling payroll costs; and

WHEREAS, The (name of governing body) has determined that the adoption of an early retirement incentive program is in the best interests of the (name of participating employer); therefore be it

RESOLVED (ORDAINED) by the (name of governing body) of (name of participating employer) that:

(1) The (name of participating employer) does hereby adopt the Illinois Municipal Retirement Fund early retirement incentive program as provided in Section 7-141.1 of the Illinois Pension Code. The early retirement incentive program shall take effect on (date).

(2) In order to help achieve a true cost savings, a person who retires under the early retirement incentive program shall lose those incentives if he or she later accepts employment with any IMRF employer in a position for which participation in IMRF is required or is elected by the employee.

(3) In order to utilize an early retirement incentive as a budgeting tool, the (name of participating employer) will use its best efforts either to limit the number of employees who replace the employees who retire under the early retirement program or to limit the salaries paid to the employees who replace the employees who retire under the early retirement program.

(4) The effective date of each employee's retirement under this early retirement program shall be set by (name of employer) and shall be no earlier than the effective date of the program and no later than one year after that effective date; except that the employee may require that the retirement date set by the employer be no later than the June 30 next occurring after the effective date of the program and no earlier than the date upon which the employee qualifies for retirement.

New matter indicated by italics - deletions by strikeout
(5) To be eligible for the early retirement incentive under this Section, the employee must have attained age 50 and have at least 20 years of creditable service by his or her retirement date.

(6) The (clerk or secretary) shall promptly file a certified copy of this resolution (ordinance) with the Board of Trustees of the Illinois Municipal Retirement Fund.

CERTIFICATION

I, (name), the (clerk or secretary) of the (name of participating employer) of the County of (name), State of Illinois, do hereby certify that I am the keeper of the books and records of the (name of employer) and that the foregoing is a true and correct copy of a resolution (ordinance) duly adopted by the (governing body) at a meeting duly convened and held on (date).

(Signature of clerk or secretary)

(c) To be eligible for the benefits provided under an early retirement incentive program adopted under this Section, a member must:

(1) be a participating employee of this Fund who, on the effective date of the program, (i) is in active payroll status as an employee of a participating employer that has filed the required ordinance or resolution with the Board, (ii) is on layoff status from such a position with a right of re-employment or recall to service, (iii) is on a leave of absence from such a position, or (iv) is on disability but has not been receiving benefits under Section 7-146 or 7-150 for a period of more than 2 years from the date of application;

(2) have never previously received a retirement annuity under this Article or under the Retirement Systems Reciprocal Act using service credit established under this Article;

(3) (blank);

(4) have at least 20 years of creditable service in the Fund by the date of retirement, without the use of any creditable service established under this Section;

(5) have attained age 50 by the date of retirement, without the use of any age enhancement received under this Section; and

(6) be eligible to receive a retirement annuity under this Article by the date of retirement, for which purpose the age enhancement and creditable service established under this Section may be considered.

New matter indicated by italics - deletions by strikeout
(d) The employer shall determine the retirement date for each employee participating in the early retirement program adopted under this Section. The retirement date shall be no earlier than the effective date of the program and no later than one year after that effective date, except that the employee may require that the retirement date set by the employer be no later than the June 30 next occurring after the effective date of the program and no earlier than the date upon which the employee qualifies for retirement. The employer shall give each employee participating in the early retirement program at least 30 days written notice of the employee's designated retirement date, unless the employee waives this notice requirement.

(e) An eligible person may establish up to 5 years of creditable service under this Section. In addition, for each period of creditable service established under this Section, a person shall have his or her age at retirement deemed enhanced by an equivalent period.

The creditable service established under this Section may be used for all purposes under this Article and the Retirement Systems Reciprocal Act, except for the computation of final rate of earnings and the determination of earnings, salary, or compensation under this or any other Article of the Code.

The age enhancement established under this Section may be used for all purposes under this Article (including calculation of the reduction imposed under subdivision (a)1b(iv) of Section 7-142), except for purposes of a reversionary annuity under Section 7-145 and any distributions required because of age. The age enhancement established under this Section may be used in calculating a proportionate annuity payable by this Fund under the Retirement Systems Reciprocal Act, but shall not be used in determining benefits payable under other Articles of this Code under the Retirement Systems Reciprocal Act.

(f) For all creditable service established under this Section, the member must pay to the Fund an employee contribution consisting of the total employee contribution rate in effect at the time the member purchases the service for the plan in which the member was participating with the employer at that time multiplied by 4.5% of the member's highest annual salary rate used in the determination of the final rate of earnings for retirement annuity purposes for each year of creditable service granted under this Section. For creditable service established under this Section by a person who is a sheriff's law enforcement employee to be deemed service as a sheriff's law enforcement employee, the employee contribution shall

New matter indicated by italics - deletions by strikeout
be at the rate of 6.5% of highest annual salary per year of creditable service granted. Contributions for fractions of a year of service shall be prorated. Any amounts that are disregarded in determining the final rate of earnings under subdivision (d)(5) of Section 7-116 (the 125% rule) shall also be disregarded in determining the required contribution under this subsection (f).

The employee contribution shall be paid to the Fund as follows: If the member is entitled to a lump sum payment for accumulated vacation, sick leave, or personal leave upon withdrawal from service, the employer shall deduct the employee contribution from that lump sum and pay the deducted amount directly to the Fund. If there is no such lump sum payment or the required employee contribution exceeds the net amount of the lump sum payment, then the remaining amount due, at the option of the employee, may either be paid to the Fund before the annuity commences or deducted from the retirement annuity in 24 equal monthly installments.

(g) An annuitant who has received any age enhancement or creditable service under this Section and thereafter accepts employment with or enters into a personal services contract with an employer under this Article thereby forfeits that age enhancement and creditable service; except that this restriction does not apply to (1) service in an elective office, so long as the annuitant does not participate in this Fund with respect to that office, (2) a person appointed as an officer under subsection (f) of Section 3-109 of this Code, and (3) a person appointed as an auxiliary police officer pursuant to Section 3.1-30-5 of the Illinois Municipal Code. A person forfeiting early retirement incentives under this subsection (i) must repay to the Fund that portion of the retirement annuity already received which is attributable to the early retirement incentives that are being forfeited, (ii) shall not be eligible to participate in any future early retirement program adopted under this Section, and (iii) is entitled to a refund of the employee contribution paid under subsection (f). The Board shall deduct the required repayment from the refund and may impose a reasonable payment schedule for repaying the amount, if any, by which the required repayment exceeds the refund amount.

(h) The additional unfunded liability accruing as a result of the adoption of a program of early retirement incentives under this Section by an employer shall be amortized over a period of 10 years beginning on January 1 of the second calendar year following the calendar year in which the latest date for beginning to receive a retirement annuity under the

New matter indicated by italics - deletions by strikeout
program (as determined by the employer under subsection (d) of this Section) occurs; except that the employer may provide for a shorter amortization period (of no less than 5 years) by adopting an ordinance or resolution specifying the length of the amortization period and submitting a certified copy of the ordinance or resolution to the Fund no later than 6 months after the effective date of the program. An employer, at its discretion, may accelerate payments to the Fund.

An employer may provide more than one early retirement incentive program for its employees under this Section. However, an employer that has provided an early retirement incentive program for its employees under this Section may not provide another early retirement incentive program under this Section until the liability arising from the earlier program has been fully paid to the Fund.

Section 5. The Unified Code of Corrections is amended by changing Section 5-5-3.1 as follows:

(730 ILCS 5/5-5-3.1) (from Ch. 38, par. 1005-5-3.1)
Sec. 5-5-3.1. Factors in Mitigation.
(a) The following grounds shall be accorded weight in favor of withholding or minimizing a sentence of imprisonment:

(1) The defendant's criminal conduct neither caused nor threatened serious physical harm to another.

(2) The defendant did not contemplate that his criminal conduct would cause or threaten serious physical harm to another.

(3) The defendant acted under a strong provocation.

(4) There were substantial grounds tending to excuse or justify the defendant's criminal conduct, though failing to establish a defense.

(5) The defendant's criminal conduct was induced or facilitated by someone other than the defendant.

(6) The defendant has compensated or will compensate the victim of his criminal conduct for the damage or injury that he sustained.

(7) The defendant has no history of prior delinquency or criminal activity or has led a law-abiding life for a substantial period of time before the commission of the present crime.

(8) The defendant's criminal conduct was the result of circumstances unlikely to recur.

(9) The character and attitudes of the defendant indicate that he is unlikely to commit another crime.

(10) The defendant is particularly likely to comply with the terms of a period of probation.

(11) The imprisonment of the defendant would entail excessive hardship to his dependents.

(12) The imprisonment of the defendant would endanger his or her medical condition.
(13) The defendant was intellectually disabled as defined in Section 5-1-13 of this Code.

(14) The defendant sought or obtained emergency medical assistance for an overdose and was convicted of a Class 3 felony or higher possession, manufacture, or delivery of a controlled, counterfeit, or look-alike substance or a controlled substance analog under the Illinois Controlled Substances Act or a Class 2 felony or higher possession, manufacture or delivery of methamphetamine under the Methamphetamine Control and Community Protection Act.

(15) At the time of the offense, the defendant is or had been the victim of domestic violence and the effects of the domestic violence tended to excuse or justify the defendant's criminal conduct. As used in this paragraph (15), "domestic violence" means abuse as defined in Section 103 of the Illinois Domestic Violence Act of 1986.

(b) If the court, having due regard for the character of the offender, the nature and circumstances of the offense and the public interest finds that a sentence of imprisonment is the most appropriate disposition of the offender, or where other provisions of this Code mandate the imprisonment of the offender, the grounds listed in paragraph (a) of this subsection shall be considered as factors in mitigation of the term imposed.

Section 10. The Code of Civil Procedure is amended by changing Section 2-1401 as follows:

(735 ILCS 5/2-1401) (from Ch. 110, par. 2-1401)
Sec. 2-1401. Relief from judgments.
(a) Relief from final orders and judgments, after 30 days from the entry thereof, may be had upon petition as provided in this Section. Writs of error coram nobis and coram vobis, bills of review and bills in the nature of bills of review are abolished. All relief heretofore obtainable and the grounds for such relief heretofore available, whether by any of the foregoing remedies or otherwise, shall be available in every case, by proceedings hereunder, regardless of the nature of the order or judgment from which relief is sought or of the proceedings in which it was entered. Except as provided in Section 6 of the Illinois Parentage Act of 1984, there shall be no distinction between actions and other proceedings, statutory or

New matter indicated by italics - deletions by strikeout
otherwise, as to availability of relief, grounds for relief or the relief obtainable.

(b) The petition must be filed in the same proceeding in which the order or judgment was entered but is not a continuation thereof. The petition must be supported by affidavit or other appropriate showing as to matters not of record. All parties to the petition shall be notified as provided by rule.

(b-5) A movant may present a meritorious claim under this Section if the allegations in the petition establish each of the following by a preponderance of the evidence:

(1) the movant was convicted of a forcible felony;
(2) the movant's participation in the offense was related to him or her previously having been a victim of domestic violence as perpetrated by an intimate partner;
(3) no evidence of domestic violence against the movant was presented at the movant's sentencing hearing;
(4) the movant was unaware of the mitigating nature of the evidence of the domestic violence at the time of sentencing and could not have learned of its significance sooner through diligence; and
(5) the new evidence of domestic violence against the movant is material and noncumulative to other evidence offered at the sentencing hearing, and is of such a conclusive character that it would likely change the sentence imposed by the original trial court.

Nothing in this subsection (b-5) shall prevent a movant from applying for any other relief under this Section or any other law otherwise available to him or her.

As used in this subsection (b-5):

"Forcible felony" has the meaning ascribed to the term in Section 2-8 of the Criminal Code of 2012.
"Intimate partner" means a spouse or former spouse, persons who have or allegedly have had a child in common, or persons who have or have had a dating or engagement relationship.

(c) Except as provided in Section 20b of the Adoption Act and Section 2-32 of the Juvenile Court Act of 1987 or in a petition based upon
Section 116-3 of the Code of Criminal Procedure of 1963, the petition must be filed not later than 2 years after the entry of the order or judgment. Time during which the person seeking relief is under legal disability or duress or the ground for relief is fraudulently concealed shall be excluded in computing the period of 2 years.

(d) The filing of a petition under this Section does not affect the order or judgment, or suspend its operation.

(e) Unless lack of jurisdiction affirmatively appears from the record proper, the vacation or modification of an order or judgment pursuant to the provisions of this Section does not affect the right, title or interest in or to any real or personal property of any person, not a party to the original action, acquired for value after the entry of the order or judgment but before the filing of the petition, nor affect any right of any person not a party to the original action under any certificate of sale issued before the filing of the petition, pursuant to a sale based on the order or judgment.

(f) Nothing contained in this Section affects any existing right to relief from a void order or judgment, or to employ any existing method to procure that relief.

(C) "Conviction" means a judgment of conviction or sentence entered upon a plea of guilty or upon a verdict or finding of guilty of an offense, rendered by a legally constituted jury or by a court of competent jurisdiction authorized to try the case without a jury. An order of supervision successfully completed by the petitioner is not a conviction. (F) As used in this Section, "last sentence" means the sentence, order of supervision, or order of qualified probation (as defined by subsection (a)(1)(J)), for a criminal offense (as defined by subsection (a)(1)(D)) that terminates last in time in any jurisdiction, regardless of whether the petitioner has included the criminal offense for which the sentence or order of supervision or qualified probation was imposed in his or her petition. If multiple sentences, orders of supervision, or orders of qualified probation terminate on the same day and are last in time, they shall be collectively considered the "last sentence" regardless of whether they were ordered to run concurrently.

(G) "Minor traffic offense" means a petty offense, business offense, or Class C misdemeanor under the Illinois Vehicle Code or a similar provision of a municipal or local ordinance.

(H) "Municipal ordinance violation" means an offense defined by a municipal or local ordinance that is criminal in nature and with which the petitioner was charged or for which the petitioner was arrested and released without charging.

For the purpose of this Section, "successful completion" of an order of qualified probation under Section 10-102 of the Illinois Alcoholism and Other Drug Dependency Act and Section 40-10 of the Alcoholism and Other Drug Abuse and Dependency Act means that the probation was terminated satisfactorily and the judgment of conviction was vacated.

(K) "Seal" means to physically and electronically maintain the records, unless the records would otherwise be destroyed due to age, but to make the records unavailable without a court order, subject to the exceptions in Sections 12 and 13 of this Act. The petitioner's name shall also be obliterated from the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but any index issued by the circuit court clerk before the entry of the order to seal shall not be affected.

(L) "Sexual offense committed against a minor" includes but is not limited to the offenses of indecent solicitation of a child or criminal sexual abuse when the victim of such offense is under 18 years of age.

In the event of an appeal from the circuit court order, the Department shall send written notice to the petitioner of its compliance with an Appellate Court or Supreme Court judgment to expunge or seal records within 60 days of the issuance of the court's mandate. Notwithstanding any provision of the Clerks of Courts Act to the contrary, the circuit court clerk may charge a fee equivalent to the cost associated with the sealing or expungement of records by the circuit court clerk. From the total filing fee collected for the petition to seal or expunge, the circuit court clerk shall deposit $10 into the Circuit Court Clerk Operation and Administrative Fund, to be used to offset the costs incurred by the circuit court clerk in performing the additional duties required to serve the petition to seal or expunge on all parties. Upon filing of a motion to vacate, modify, or reconsider, notice of the motion shall be served upon the petitioner and all parties entitled to notice of the petition.

(13) Effect of Order. An order granting a petition under the expungement or sealing provisions of this Section shall not be considered void because it fails to comply with the provisions of this Section or because of any error asserted in a motion to vacate, modify, or reconsider. The circuit court retains jurisdiction to determine whether the order is voidable and to vacate, modify, or reconsider its terms based on a motion filed under paragraph (12) of this subsection (d).

The Fund shall be deemed the insolvent company to the extent of the Fund's obligation for covered claims and to such extent shall have all rights, duties, and obligations of the insolvent company, subject to the limitations provided in this Article, as if the company had not become insolvent, with the exception that the liquidator shall retain the sole right to recover any reinsurance proceeds. The Fund's rights under this Section include, but are not limited to, the right to pursue and retain salvage and subrogation recoveries on paid covered claim obligations to the extent paid by the Fund. Sec. 546. Other insurance.

(a) An insured or claimant shall be required first to exhaust all coverage provided by any other insurance policy, regardless of whether or not such other insurance policy was written by a member company, if the claim under such other policy arises from the same facts, injury, or loss that gave rise to the covered claim against the Fund. The Fund's obligation under Section 537.2 shall be reduced by the amount recovered or recoverable, whichever is greater, under such other insurance policy.

New matter indicated by italics - deletions by strikeout
Where such other insurance policy provides uninsured or underinsured motorist coverage, the amount recoverable shall be deemed to be the full applicable limits of such coverage. To the extent that the Fund's obligation under Section 537.2 is reduced by application of this Section, the liability of the person insured by the insolvent insurer's policy for the claim shall be reduced in the same amount. *If the Fund pays a covered claim without the exhaustion of all other coverage that could have been exhausted under this Section, the Fund shall have an independent right of recovery against each insurer whose coverage was not exhausted in the amount the Fund would not have had to pay if that insurer's coverage had been exhausted first.*

(b) Any insured or claimant having a claim which may be recovered under more than one insurance guaranty fund or its equivalent shall seek recovery first from the Fund of the place of residence of the insured except that if it is a first party claim for damage to property with a permanent location, he shall first seek recovery from the Fund of the location of the property; if it is a workers' compensation claim, he shall first seek recovery from the Fund of the residence of the claimant. Any recovery under this Article shall be reduced by the amount of the recovery from any other insurance guaranty fund or its equivalent.

No school districts maintaining grades K through 8 or 9 through 12 shall become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 6.9% on the value of the taxable property therein to be ascertained by the last assessment for State and county taxes or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979, previous to the incurring of such indebtedness.

No school districts maintaining grades K through 12 shall become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 13.8% on the value of the taxable property therein to be ascertained by the last assessment for State and county taxes or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979, previous to the incurring of such indebtedness.

Moreover, no partial elementary unit district, as defined in Article 11E of this Code, shall become indebted on account of bonds issued by the district for high school purposes in the aggregate exceeding 6.9% of the value of the taxable property of the entire district, to be ascertained by the last assessment for State and county taxes, nor shall the district become indebted on account of bonds issued by the district for elementary purposes in the aggregate exceeding 6.9% of the value of the taxable property for that portion of the district included in the elementary and high school classification, to be ascertained by the last assessment for State and county taxes.

Notwithstanding the provisions of any other law to the contrary, in any case in which the voters of a school district have approved a proposition for the issuance of bonds of such school district at an election held prior to January 1, 1979, and all of the bonds approved at such election have not been issued, the debt limitation applicable to such school district during the calendar year 1979 shall be computed by multiplying the value of taxable property therein, including personal property, as ascertained by the last assessment for State and county taxes, previous to the incurring of such indebtedness, by the percentage limitation applicable to such school district under the provisions of this subsection (a).

(b) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, additional indebtedness may be incurred in an amount not to exceed the estimated cost of acquiring or improving school sites or constructing and equipping additional building facilities under the following conditions:

(2) When the Regional Superintendent of Schools having jurisdiction over the school district and the State Superintendent of Education concur in such enrollment projection or increase and approve the need for such additional school sites or building facilities and the estimated cost thereof; and
(3) When the voters in the school district approve a proposition for the issuance of bonds for the purpose of acquiring or improving such needed school sites or constructing and equipping such needed additional building facilities at an election called and held for that purpose. Notice of such an election shall state that the amount of indebtedness proposed to be incurred would exceed the debt limitation otherwise applicable to the school district. The ballot for such proposition shall state what percentage of the equalized assessed valuation will be outstanding in bonds if the proposed issuance of bonds is approved by the voters; or

(4) Notwithstanding the provisions of paragraphs (1) through (3) of this subsection (b), if the school board determines that additional facilities are needed to provide a quality educational program and not less than 2/3 of those voting in an election called by the school board on the question approve the issuance of bonds for the construction of such facilities, the school district may issue bonds for this purpose; or

(5) Notwithstanding the provisions of paragraphs (1) through (3) of this subsection (b), if (i) the school district has previously availed itself of the provisions of paragraph (4) of this subsection (b) to enable it to issue bonds, (ii) the voters of the school district have not defeated a proposition for the issuance of bonds since the referendum described in paragraph (4) of this subsection (b) was held, (iii) the school board determines that additional facilities are needed to provide a quality educational program, and (iv) a majority of those voting in an election called by the school board on the question approve the issuance of bonds for the construction of such facilities, the school district may issue bonds for this purpose.

In no event shall the indebtedness incurred pursuant to this subsection (b) and the existing indebtedness of the school district exceed 15% of the value of the taxable property therein to be ascertained by the last assessment for State and county taxes, previous to the incurring of such indebtedness or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979.

(d) For redevelopment project areas for which bonds were issued before July 29, 1991, or for which contracts were entered into before June 1, 1988, in connection with a redevelopment project in the area within the State Sales Tax Boundary, the estimated dates of completion of the redevelopment project and retirement of obligations to finance redevelopment project costs (including refunding bonds under Section 11-74.4-7) may be extended by municipal ordinance to December 31, 2013. The termination procedures of subsection (b) of Section 11-74.4-8 are not required for these redevelopment project areas in 2009 but are required in 2013. The extension allowed by Public Act 87-1272 shall not apply to real property tax increment allocation financing under Section 11-74.4-8.

(e) Those dates, for purposes of real property tax increment allocation pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were adopted on or after December 16, 1986 and for which at least $8 million worth of municipal
bonds were authorized on or after December 19, 1989 but before January 1, 1990; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

(f) Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were established on or after December 1, 1981 but before January 1, 1982 and for which at least $1,500,000 worth of tax increment revenue bonds were authorized on or after September 30, 1990 but before July 1, 1991; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

(g) In consolidating the material relating to completion dates from Sections 11-74.4-3 and 11-74.4-7 into this Section, it is not the intent of the General Assembly to make any substantive change in the law, except for the extension of the completion dates for the City of Aurora, the Village of Milan, the City of West Frankfort, the Village of Libertyville, and the Village of Hoffman Estates set forth under items (67), (68), (69), (70), and (71) of subsection (c) of this Section.

PUBLIC ACT 99-0396
(Senate Bill No. 1590)

AN ACT concerning safety.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Environmental Protection Act is amended by changing Section 39 as follows:

(415 ILCS 5/39) (from Ch. 111 1/2, par. 1039)
Sec. 39. Issuance of permits; procedures.
(a) When the Board has by regulation required a permit for the construction, installation, or operation of any type of facility, equipment, vehicle, vessel, or aircraft, the applicant shall apply to the Agency for such permit and it shall be the duty of the Agency to issue such a permit upon proof by the applicant that the facility, equipment, vehicle, vessel, or aircraft will not cause a violation of this Act or of regulations hereunder. The Agency shall adopt such procedures as are necessary to carry out its duties under this Section. In making its determinations on permit applications under this Section the Agency may consider prior adjudications of noncompliance with this Act by the applicant that

involved a release of a contaminant into the environment. In granting permits, the Agency may impose reasonable conditions specifically related to the applicant's past compliance history with this Act as necessary to correct, detect, or prevent noncompliance. The Agency may impose such other conditions as may be necessary to accomplish the purposes of this Act, and as are not inconsistent with the regulations promulgated by the Board hereunder. Except as otherwise provided in this Act, a bond or other security shall not be required as a condition for the issuance of a permit. If the Agency denies any permit under this Section, the Agency shall transmit to the applicant within the time limitations of this Section specific, detailed statements as to the reasons the permit application was denied. Such statements shall include, but not be limited to the following:

(i) the Sections of this Act which may be violated if the permit were granted;
(ii) the provision of the regulations, promulgated under this Act, which may be violated if the permit were granted;
(iii) the specific type of information, if any, which the Agency deems the applicant did not provide the Agency; and
(iv) a statement of specific reasons why the Act and the regulations might not be met if the permit were granted.

If there is no final action by the Agency within 90 days after the filing of the application for permit, the applicant may deem the permit issued; except that this time period shall be extended to 180 days when (1) notice and opportunity for public hearing are required by State or federal law or regulation, (2) the application which was filed is for any permit to develop a landfill subject to issuance pursuant to this subsection, or (3) the application that was filed is for a MSWLF unit required to issue public notice under subsection (p) of Section 39. The 90-day and 180-day time periods for the Agency to take final action do not apply to NPDES permit applications under subsection (b) of this Section, to RCRA permit applications under subsection (d) of this Section, or to UIC permit applications under subsection (e) of this Section.

The Agency shall publish notice of all final permit determinations for development permits for MSWLF units and for significant permit modifications for lateral expansions for existing MSWLF units one time in a newspaper of general circulation in the county in which the unit is or is proposed to be located.

After January 1, 1994 and until July 1, 1998, operating permits issued under this Section by the Agency for sources of air pollution
permitted to emit less than 25 tons per year of any combination of regulated air pollutants, as defined in Section 39.5 of this Act, shall be required to be renewed only upon written request by the Agency consistent with applicable provisions of this Act and regulations promulgated hereunder. Such operating permits shall expire 180 days after the date of such a request. The Board shall revise its regulations for the existing State air pollution operating permit program consistent with this provision by January 1, 1994.

After June 30, 1998, operating permits issued under this Section by the Agency for sources of air pollution that are not subject to Section 39.5 of this Act and are not required to have a federally enforceable State operating permit shall be required to be renewed only upon written request by the Agency consistent with applicable provisions of this Act and its rules. Such operating permits shall expire 180 days after the date of such a request. Before July 1, 1998, the Board shall revise its rules for the existing State air pollution operating permit program consistent with this paragraph and shall adopt rules that require a source to demonstrate that it qualifies for a permit under this paragraph.

(b) The Agency may issue NPDES permits exclusively under this subsection for the discharge of contaminants from point sources into navigable waters, all as defined in the Federal Water Pollution Control Act, as now or hereafter amended, within the jurisdiction of the State, or into any well.

All NPDES permits shall contain those terms and conditions, including but not limited to schedules of compliance, which may be required to accomplish the purposes and provisions of this Act.

The Agency may issue general NPDES permits for discharges from categories of point sources which are subject to the same permit limitations and conditions. Such general permits may be issued without individual applications and shall conform to regulations promulgated under Section 402 of the Federal Water Pollution Control Act, as now or hereafter amended.

The Agency may include, among such conditions, effluent limitations and other requirements established under this Act, Board regulations, the Federal Water Pollution Control Act, as now or hereafter amended, and regulations pursuant thereto, and schedules for achieving compliance therewith at the earliest reasonable date.

The Agency shall adopt filing requirements and procedures which are necessary and appropriate for the issuance of NPDES permits, and
which are consistent with the Act or regulations adopted by the Board, and with the Federal Water Pollution Control Act, as now or hereafter amended, and regulations pursuant thereto.

The Agency, subject to any conditions which may be prescribed by Board regulations, may issue NPDES permits to allow discharges beyond deadlines established by this Act or by regulations of the Board without the requirement of a variance, subject to the Federal Water Pollution Control Act, as now or hereafter amended, and regulations pursuant thereto.

(c) Except for those facilities owned or operated by sanitary districts organized under the Metropolitan Water Reclamation District Act, no permit for the development or construction of a new pollution control facility may be granted by the Agency unless the applicant submits proof to the Agency that the location of the facility has been approved by the County Board of the county if in an unincorporated area, or the governing body of the municipality when in an incorporated area, in which the facility is to be located in accordance with Section 39.2 of this Act. For purposes of this subsection (c), and for purposes of Section 39.2 of this Act, the appropriate county board or governing body of the municipality shall be the county board of the county or the governing body of the municipality in which the facility is to be located as of the date when the application for siting approval is filed.

In the event that siting approval granted pursuant to Section 39.2 has been transferred to a subsequent owner or operator, that subsequent owner or operator may apply to the Agency for, and the Agency may grant, a development or construction permit for the facility for which local siting approval was granted. Upon application to the Agency for a development or construction permit by that subsequent owner or operator, the permit applicant shall cause written notice of the permit application to be served upon the appropriate county board or governing body of the municipality that granted siting approval for that facility and upon any party to the siting proceeding pursuant to which siting approval was granted. In that event, the Agency shall conduct an evaluation of the subsequent owner or operator's prior experience in waste management operations in the manner conducted under subsection (i) of Section 39 of this Act.

Beginning August 20, 1993, if the pollution control facility consists of a hazardous or solid waste disposal facility for which the proposed site is located in an unincorporated area of a county with a population of less than 100,000 and includes all or a portion of a parcel of

New matter indicated by italics - deletions by strikeout
land that was, on April 1, 1993, adjacent to a municipality having a population of less than 5,000, then the local siting review required under this subsection (c) in conjunction with any permit applied for after that date shall be performed by the governing body of that adjacent municipality rather than the county board of the county in which the proposed site is located; and for the purposes of that local siting review, any references in this Act to the county board shall be deemed to mean the governing body of that adjacent municipality; provided, however, that the provisions of this paragraph shall not apply to any proposed site which was, on April 1, 1993, owned in whole or in part by another municipality.

In the case of a pollution control facility for which a development permit was issued before November 12, 1981, if an operating permit has not been issued by the Agency prior to August 31, 1989 for any portion of the facility, then the Agency may not issue or renew any development permit nor issue an original operating permit for any portion of such facility unless the applicant has submitted proof to the Agency that the location of the facility has been approved by the appropriate county board or municipal governing body pursuant to Section 39.2 of this Act.

After January 1, 1994, if a solid waste disposal facility, any portion for which an operating permit has been issued by the Agency, has not accepted waste disposal for 5 or more consecutive calendars years, before that facility may accept any new or additional waste for disposal, the owner and operator must obtain a new operating permit under this Act for that facility unless the owner and operator have applied to the Agency for a permit authorizing the temporary suspension of waste acceptance. The Agency may not issue a new operation permit under this Act for the facility unless the applicant has submitted proof to the Agency that the location of the facility has been approved or re-approved by the appropriate county board or municipal governing body under Section 39.2 of this Act after the facility ceased accepting waste.

Except for those facilities owned or operated by sanitary districts organized under the Metropolitan Water Reclamation District Act, and except for new pollution control facilities governed by Section 39.2, and except for fossil fuel mining facilities, the granting of a permit under this Act shall not relieve the applicant from meeting and securing all necessary zoning approvals from the unit of government having zoning jurisdiction over the proposed facility.

Before beginning construction on any new sewage treatment plant or sludge drying site to be owned or operated by a sanitary district
organized under the Metropolitan Water Reclamation District Act for which a new permit (rather than the renewal or amendment of an existing permit) is required, such sanitary district shall hold a public hearing within the municipality within which the proposed facility is to be located, or within the nearest community if the proposed facility is to be located within an unincorporated area, at which information concerning the proposed facility shall be made available to the public, and members of the public shall be given the opportunity to express their views concerning the proposed facility.

The Agency may issue a permit for a municipal waste transfer station without requiring approval pursuant to Section 39.2 provided that the following demonstration is made:

(1) the municipal waste transfer station was in existence on or before January 1, 1979 and was in continuous operation from January 1, 1979 to January 1, 1993;
(2) the operator submitted a permit application to the Agency to develop and operate the municipal waste transfer station during April of 1994;

In the case of a permit to operate a hazardous waste or PCB incinerator as defined in subsection (k) of Section 44, the Agency shall...
require, as a condition of the permit, that the operator of the facility perform such analyses of the waste to be incinerated as may be necessary and appropriate to ensure the safe operation of the incinerator.

The Agency shall adopt filing requirements and procedures which are necessary and appropriate for the issuance of RCRA permits, and which are consistent with the Act or regulations adopted by the Board, and with the Resource Conservation and Recovery Act of 1976 (P.L. 94-580), as amended, and regulations pursuant thereto.

The applicant shall make available to the public for inspection all documents submitted by the applicant to the Agency in furtherance of an application, with the exception of trade secrets, at the office of the county board or governing body of the municipality. Such documents may be copied upon payment of the actual cost of reproduction during regular business hours of the local office. The Agency shall issue a written statement concurrent with its grant or denial of the permit explaining the basis for its decision.

(e) The Agency may issue UIC permits exclusively under this subsection to persons owning or operating a facility for the underground injection of contaminants as defined under this Act.

All UIC permits shall contain those terms and conditions, including but not limited to schedules of compliance, which may be required to accomplish the purposes and provisions of this Act. The Agency may include among such conditions standards and other requirements established under this Act, Board regulations, the Safe Drinking Water Act (P.L. 93-523), as amended, and regulations pursuant thereto, and may include schedules for achieving compliance therewith. statement concurrent with its grant or denial of the permit explaining the basis for its decision.

(f) In making any determination pursuant to Section 9.1 of this Act:

1. The Agency shall have authority to make the determination of any question required to be determined by the Clean Air Act, as now or hereafter amended, this Act, or the regulations of the Board, including the determination of the Lowest Achievable Emission Rate, Maximum Achievable Control Technology, or Best Available Control Technology, consistent with the Board's regulations, if any.

2. The Agency shall, after conferring with the applicant, give written notice to the applicant of its proposed decision on the application including the terms and conditions of the permit to be issued and the facts, conduct or other basis upon which the Agency will rely to support its proposed action.

3. Following such notice, the Agency shall give the applicant an opportunity for a hearing in accordance with the provisions of Sections 10-25 through 10-60 of the Illinois Administrative Procedure Act.

(g) The Agency shall include as conditions upon all permits issued for hazardous waste disposal sites such restrictions upon the future use of such sites as are reasonably necessary to protect public health and the environment, including permanent prohibition of the use of such sites for purposes which may create an unreasonable risk of injury to human health or to the environment. After administrative and judicial challenges to such restrictions have been exhausted, the Agency shall file such restrictions of record in the Office of the Recorder of the county in which the hazardous waste disposal site is located.

(h) A hazardous waste stream may not be deposited in a permitted hazardous waste site unless specific authorization is obtained from the Agency by the generator and disposal site owner and operator for the deposit of that specific hazardous waste stream. The Agency may grant specific authorization for disposal of hazardous waste streams only after the generator has reasonably demonstrated that, considering technological feasibility and economic reasonableness, the hazardous waste cannot be reasonably recycled for reuse, nor incinerated or chemically, physically or biologically treated so as to neutralize the hazardous waste and render it nonhazardous. In granting authorization under this Section, the Agency may impose such conditions as may be necessary to accomplish the

purposes of the Act and are consistent with this Act and regulations promulgated by the Board hereunder. If the Agency refuses to grant authorization under this Section, the applicant may appeal as if the Agency refused to grant a permit, pursuant to the provisions of subsection (a) of Section 40 of this Act. For purposes of this subsection (h), the term "generator" has the meaning given in Section 3.205 of this Act, unless: (1) the hazardous waste is treated, incinerated, or partially recycled for reuse prior to disposal, in which case the last person who treats, incinerates, or partially recycles the hazardous waste prior to disposal is the generator; or (2) the hazardous waste is from a response action, in which case the person performing the response action is the generator. This subsection (h) does not apply to any hazardous waste that is restricted from land disposal under 35 Ill. Adm. Code 728.

(i) Before issuing any RCRA permit, any permit for a waste storage site, sanitary landfill, waste disposal site, waste transfer station, waste treatment facility, waste incinerator, or any waste-transportation operation, or any permit or interim authorization for a clean construction or demolition debris fill operation, or any permit required under subsection (d-5) of Section 55, the Agency shall conduct an evaluation of the prospective owner's or operator's prior experience in waste management operations, clean construction or demolition debris fill operations, and tire storage site management. The Agency may deny such a permit, or deny or revoke interim authorization, if the prospective owner or operator or any employee or officer of the prospective owner or operator has a history of:

(1) repeated violations of federal, State, or local laws, regulations, standards, or ordinances in the operation of waste management facilities or sites, or clean construction or demolition debris fill operation facilities or sites, or tire storage sites; or

(2) conviction in this or another State of any crime which is a felony under the laws of this State, or conviction of a felony in a federal court; or conviction in this or another state or federal court of any of the following crimes: forgery, official misconduct, bribery, perjury, or knowingly submitting false information under any environmental law, regulation, or permit term or condition; or

(3) proof of gross carelessness or incompetence in handling, storing, processing, transporting or disposing of waste, or clean construction or demolition debris, or used or waste tires, or
proof of gross carelessness or incompetence in using clean construction or demolition debris as fill.

(i-5) Before issuing any permit or approving any interim authorization for a clean construction or demolition debris fill operation in which any ownership interest is transferred between January 1, 2005, and the effective date of the prohibition set forth in Section 22.52 of this Act, the Agency shall conduct an evaluation of the operation if any previous activities at the site or facility may have caused or allowed contamination of the site. It shall be the responsibility of the owner or operator seeking the permit or interim authorization to provide to the Agency all of the information necessary for the Agency to conduct its evaluation. The Agency may deny a permit or interim authorization if previous activities at the site may have caused or allowed contamination at the site, unless such contamination is authorized under any permit issued by the Agency.

(j) The issuance under this Act of a permit to engage in the surface mining of any resources other than fossil fuels shall not relieve the permittee from its duty to comply with any applicable local law regulating the commencement, location or operation of surface mining facilities.

(k) A development permit issued under subsection (a) of Section 39 for any facility or site which is required to have a permit under subsection (d) of Section 21 shall expire at the end of 2 calendar years from the date upon which it was issued, unless within that period the applicant has taken action to develop the facility or the site. In the event that review of the conditions of the development permit is sought pursuant to Section 40 or 41, or permittee is prevented from commencing development of the facility or site by any other litigation beyond the permittee's control, such two-year period shall be deemed to begin on the date upon which such review process or litigation is concluded.

(l) No permit shall be issued by the Agency under this Act for construction or operation of any facility or site located within the boundaries of any setback zone established pursuant to this Act, where such construction or operation is prohibited.

(m) The Agency may issue permits to persons owning or operating a facility for composting landscape waste. In granting such permits, the Agency may impose such conditions as may be necessary to accomplish the purposes of this Act, and as are not inconsistent with applicable regulations promulgated by the Board. Except as otherwise provided in this Act, a bond or other security shall not be required as a condition for the issuance of a permit. If the Agency denies any permit pursuant to this

(2) the specific regulations promulgated pursuant to this Act that may be violated if the permit were granted;
(3) the specific information, if any, the Agency deems the applicant did not provide in its application to the Agency; and
(4) a statement of specific reasons why the Act and the regulations might be violated if the permit were granted.

If no final action is taken by the Agency within 90 days after the filing of the application for permit, the applicant may deem the permit issued. Any applicant for a permit may waive the 90 day limitation by filing a written statement with the Agency.

The Agency shall issue permits for such facilities upon receipt of an application that includes a legal description of the site, a topographic map of the site drawn to the scale of 200 feet to the inch or larger, a description of the operation, including the area served, an estimate of the volume of materials to be processed, and documentation that:

(1) the facility includes a setback of at least 200 feet from the nearest potable water supply well;
(2) the facility is located outside the boundary of the 10-year floodplain or the site will be floodproofed;
(3) the facility is located so as to minimize incompatibility with the character of the surrounding area, including at least a 200 foot setback from any residence, and in the case of a facility that is developed or the permitted composting area of which is expanded after November 17, 1991, the composting area is located at least 1/8 mile from the nearest residence (other than a residence located on the same property as the facility);
(4) the design of the facility will prevent any compost material from being placed within 5 feet of the water table, will adequately control runoff from the site, and will collect and manage any leachate that is generated on the site;
(5) the operation of the facility will include appropriate dust and odor control measures, limitations on operating hours, appropriate noise control measures for shredding, chipping and
similar equipment, management procedures for composting, containment and disposal of non-compostable wastes, procedures to be used for terminating operations at the site, and recordkeeping sufficient to document the amount of materials received, composted and otherwise disposed of; and

(6) the operation will be conducted in accordance with any applicable rules adopted by the Board.

The Agency shall issue renewable permits of not longer than 10 years in duration for the composting of landscape wastes, as defined in Section 3.155 of this Act, based on the above requirements.

The operator of any facility permitted under this subsection (m) must submit a written annual statement to the Agency on or before April 1 of each year that includes an estimate of the amount of material, in tons, received for composting.

(n) The Agency shall issue permits jointly with the Department of Transportation for the dredging or deposit of material in Lake Michigan in accordance with Section 18 of the Rivers, Lakes, and Streams Act.

(o) (Blank.)

(p) (1) Any person submitting an application for a permit for a new MSWLF unit or for a lateral expansion under subsection (t) of Section 21 of this Act for an existing MSWLF unit that has not received and is not subject to local siting approval under Section 39.2 of this Act shall publish notice of the application in a newspaper of general circulation in the county in which the MSWLF unit is or is proposed to be located. The notice must be published at least 15 days before submission of the permit application to the Agency. The notice shall state the name and address of the applicant, the location of the MSWLF unit or proposed MSWLF unit, the nature and size of the MSWLF unit or proposed MSWLF unit, the nature of the activity proposed, the probable life of the proposed activity, the date the permit application will be submitted, and a statement that persons may file written comments with the Agency concerning the permit application within 30 days after the filing of the permit application unless the time period to submit comments is extended by the Agency.

When a permit applicant submits information to the Agency to supplement a permit application being reviewed by the Agency, the applicant shall not be required to reissue the notice under this subsection.

(2) The Agency shall accept written comments concerning the permit application that are postmarked no later than 30 days after the filing
of the permit application, unless the time period to accept comments is extended by the Agency.

(3) Each applicant for a permit described in part (1) of this subsection shall file a copy of the permit application with the county board or governing body of the municipality in which the MSWLF unit is or is proposed to be located at the same time the application is submitted to the Agency. The permit application filed with the county board or governing body of the municipality shall include all documents submitted to or to be submitted to the Agency, except trade secrets as determined under Section 7.1 of this Act. The permit application and other documents on file with the county board or governing body of the municipality shall be made available for public inspection during regular business hours at the office of the county board or the governing body of the municipality and may be copied upon payment of the actual cost of reproduction.

The reports must be posted by February 1 and August 1 each year and shall include:

(B) for those applications where the Agency has not taken action in accordance with the timeframes set forth in this Act, the date the application was received and the reasons for any delays, which may include, but shall not be limited to, (i) the application being inadequate or incomplete, (ii) scientific or technical disagreements with the applicant, USEPA, or other local, state, or federal agencies involved in the permitting approval process, (iii) public opposition to the permit, or (iv) Agency staffing shortages. To the extent practicable, the tracking report shall provide approximate dates when cause for delay was identified by the Agency, when the Agency informed the applicant of the problem leading to the delay, and when the applicant remedied the reason for the delay.

AN ACT concerning the Prairie Wind Trail.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Prairie Wind Trail Property Transfer Act.

Section 5. Legislative statement. Between the years of 1991 and 2002, the Department of Natural Resources expended $408,085 to acquire 281.502 acres of real property, in the counties of Coles, Douglas and Moultrie, with the intention of constructing a recreational trail for use by the general public. The intended recreational trail was not constructed because the Department of Natural Resources was not able to acquire a contiguous linear parcel of real property sufficient to construct an uninterrupted recreational trail.

Between the years of 1995 and 2011, the Department of Natural Resources transferred 47.777 acres of real property to several private and public entities. These transfers were completed in accordance with Public Acts 88-369, 89-29, 89-223, 90-760, 91-824, and 96-316.

Between 1991 and 2013, the Department of Natural Resources expended $207,425.89 in legal defense expenses associated with the process of acquiring and holding title to the real property constituting the planned Prairie Wind Trail. (See Hemingway v. American Premium Underwriters, Inc., 97-MR-5, Sixth Circuit, Douglas County, Illinois and Ag Farms, Inc. v. American Premium Underwriters, Inc., 2002-MR-6, Sixth Circuit, Moultrie County, Illinois.)

The General Assembly finds that transferring the real property known as the Prairie Wind Trail to adjacent owners is a public benefit to avoid further expenditure of legal defense expenses.

Section 10. Definitions. As used in this Act:

"Adjacent owner" means an owner of real property with a common boundary to parcels comprising the planned Prairie Wind Trail owned by the Department of Natural Resources.

"Department" means the Department of Natural Resources of the State of Illinois.

"Prairie Wind Trail" means real property in the counties of Coles, Douglas and Moultrie that is owned by the Department of Natural Resources.

Resources and was acquired between the years of 1991 and 2002 with the intention of constructing a recreational trail for use by the general public.

Section 15. Authority to convey real estate. The Department may transfer and convey all or part of the real estate acquired for the Prairie Wind Trail as provided in this Act. In order to facilitate the transfers authorized by this Act, the Secretary of State shall establish a repository for the deeds, surveys, and related materials for each parcel within the Secretary of State Index Department.

Section 20. Transfer process.

(a) Notwithstanding any provision of the State Property Control Act, an adjacent owner may request the transfer of a limited portion of the Prairie Wind Trail in accordance with this Act. If an adjacent owner desires transfer of a portion of the Prairie Wind Trail, the adjacent owner shall provide notice to the Department, accompanied by the following:

1. a title search proving ownership or a certified copy of the recorded deed for the adjacent real property;
2. a copy of the most recent real property tax assessment for the adjacent real property; and
3. a notarized affidavit executed by the owner of the adjacent real property affirming current ownership of the adjacent real property.

(b) The real estate transferred to an adjacent owner pursuant to this Act may not extend beyond an area encompassed by:

1. the common property boundary;
2. the center line of the Prairie Wind Trail; and
3. lines extending from the boundary of the common boundary of the real estate to the center line of the Prairie Wind Trail.

(c) Upon receipt of notice, the Department shall determine whether the adjacent owner has demonstrated ownership of the real estate with a common boundary to the Prairie Wind Trail and compliance with subsection (a) of this Section.

(d) If the adjacent owner demonstrates ownership of the real estate with a common boundary to the Prairie Wind Trail and compliance with subsection (a) of this Section, the Department shall notify the adjacent owner and schedule a real estate closing at a mutually agreeable time and place. The adjacent owner is responsible to pay all filing fees, taxes, and costs associated with closing the real estate transaction.

New matter indicated by italics - deletions by strikeout
(e) If a person does not demonstrate ownership of the real estate with a common boundary to the Prairie Wind Trail or compliance with subsection (a) of this Section, the Department shall reject the request to transfer any portion of the Prairie Wind Trail to that person.

(f) If the Department receives a request to transfer any portion of the Prairie Wind Trail that is the subject of any pending action filed in any federal or State court, that requested portion of the Prairie Wind Trail may not be transferred by the Department until a final judgment is rendered in the pending action.

(g) In the case of 2 or more parties claiming ownership of all or the same adjacent property, the Department shall not transfer any property of the requested portion of the Prairie Wind Trail until an agreed-upon settlement between the conflicting parties is made or until a final judgment is made in any action related to the adjacent property in a court of competent jurisdiction.

(h) Upon a final judgment in favor of the requesting party or dismissal of all lawsuits concerning real estate for which a transfer has been requested, the Department shall transfer that real estate, provided that it meets the other requirements of this Act.

The hearing shall provide an opportunity for adjacent owners to petition the Department. Notice shall be given by public advertisement in a newspaper in general circulation in the Prairie Wind Trail area. The notice shall provide the date, time, and location of the public hearings and provide information regarding the transfer of real property.

Section 30. Review. Any determinations required by this Act and any actions to transfer real estate are within the sole discretion of the Department and are not subject to judicial or administrative review.

AN ACT concerning utilities.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Public Utilities Act is amended by changing Sections 8-406, 8-406.1, and 8-510 as follows:

(220 ILCS 5/8-406) (from Ch. 111 2/3, par. 8-406)

Sec. 8-406. Certificate of public convenience and necessity.

(a) No public utility not owning any city or village franchise nor engaged in performing any public service or in furnishing any product or commodity within this State as of July 1, 1921 and not possessing a certificate of public convenience and necessity from the Illinois Commerce Commission, the State Public Utilities Commission or the Public Utilities Commission, at the time this amendatory Act of 1985 goes into effect, shall transact any business in this State until it shall have obtained a certificate from the Commission that public convenience and necessity require the transaction of such business.

(b) No public utility shall begin the construction of any new plant, equipment, property or facility which is not in substitution of any existing plant, equipment, property or facility or any extension or alteration thereof or in addition thereto, unless and until it shall have obtained from the Commission a certificate that public convenience and necessity require such construction. Whenever after a hearing the Commission determines that any new construction or the transaction of any business by a public utility will promote the public convenience and is necessary thereto, it shall have the power to issue certificates of public convenience and necessity. The Commission shall determine that proposed construction will promote the public convenience and necessity only if the utility demonstrates: (1) that the proposed construction is necessary to provide adequate, reliable, and efficient service to its customers and is the least-cost means of satisfying the service needs of its customers or that the proposed construction will promote the development of an effectively competitive electricity market that operates efficiently, is equitable to all customers, and is the least cost means of satisfying those objectives; (2) that the utility is capable of efficiently managing and supervising the construction process and has taken sufficient action to ensure adequate and efficient construction and supervision thereof; and (3) that the utility is

capable of financing the proposed construction without significant adverse financial consequences for the utility or its customers.

(c) After the effective date of this amendatory Act of 1987, no construction shall commence on any new nuclear power plant to be located within this State, and no certificate of public convenience and necessity or other authorization shall be issued therefor by the Commission, until the Director of the Illinois Environmental Protection Agency finds that the United States Government, through its authorized agency, has identified and approved a demonstrable technology or means for the disposal of high level nuclear waste, or until such construction has been specifically approved by a statute enacted by the General Assembly.

As used in this Section, "high level nuclear waste" means those aqueous wastes resulting from the operation of the first cycle of the solvent extraction system or equivalent and the concentrated wastes of the subsequent extraction cycles or equivalent in a facility for reprocessing irradiated reactor fuel and shall include spent fuel assemblies prior to fuel reprocessing.

(d) In making its determination, the Commission shall attach primary weight to the cost or cost savings to the customers of the utility. The Commission may consider any or all factors which will or may affect such cost or cost savings, including the public utility's engineering judgment regarding the materials used for construction.

(e) The Commission may issue a temporary certificate which shall remain in force not to exceed one year in cases of emergency, to assure maintenance of adequate service or to serve particular customers, without notice or hearing, pending the determination of an application for a certificate, and may by regulation exempt from the requirements of this Section temporary acts or operations for which the issuance of a certificate will not be required in the public interest.

A public utility shall not be required to obtain but may apply for and obtain a certificate of public convenience and necessity pursuant to this Section with respect to any matter as to which it has received the authorization or order of the Commission under the Electric Supplier Act, and any such authorization or order granted a public utility by the Commission under that Act shall as between public utilities be deemed to be, and shall have except as provided in that Act the same force and effect as, a certificate of public convenience and necessity issued pursuant to this Section.
No electric cooperative shall be made or shall become a party to or shall be entitled to be heard or to otherwise appear or participate in any proceeding initiated under this Section for authorization of power plant construction and as to matters as to which a remedy is available under The Electric Supplier Act.

(f) Such certificates may be altered or modified by the Commission, upon its own motion or upon application by the person or corporation affected. Unless exercised within a period of 2 years from the grant thereof authority conferred by a certificate of convenience and necessity issued by the Commission shall be null and void.

No certificate of public convenience and necessity shall be construed as granting a monopoly or an exclusive privilege, immunity or franchise.

(g) A public utility that undertakes any of the actions described in items (1) through (3) of this subsection (g) or that has obtained approval pursuant to Section 8-406.1 of this Act shall not be required to comply with the requirements of this Section to the extent such requirements otherwise would apply. For purposes of this Section and Section 8-406.1 of this Act, "high voltage electric service line" means an electric line having a design voltage of 100,000 or more. For purposes of this subsection (g), a public utility may do any of the following:

(1) replace or upgrade any existing high voltage electric service line and related facilities, notwithstanding its length;

(2) relocate any existing high voltage electric service line and related facilities, notwithstanding its length, to accommodate construction or expansion of a roadway or other transportation infrastructure; or

(3) construct a high voltage electric service line and related facilities that is constructed solely to serve a single customer's premises or to provide a generator interconnection to the public utility's transmission system and that will pass under or over the premises owned by the customer or generator to be served or under or over premises for which the customer or generator has secured the necessary right of way.

(h) A public utility seeking to construct a high-voltage electric service line and related facilities (Project) must show that the utility has held a minimum of 2 pre-filing public meetings to receive public comment concerning the Project in each county where the Project is to be located, no earlier than 6 months prior to filing an application for a certificate of

New matter indicated by italics - deletions by strikeout
public convenience and necessity from the Commission. Notice of the public meeting shall be published in a newspaper of general circulation within the affected county once a week for 3 consecutive weeks, beginning no earlier than one month prior to the first public meeting. If the Project traverses 2 contiguous counties and where in one county the transmission line mileage and number of landowners over whose property the proposed route traverses is one-fifth or less of the transmission line mileage and number of such landowners of the other county, then the utility may combine the 2 pre-filing meetings in the county with the greater transmission line mileage and affected landowners. All other requirements regarding pre-filing meetings shall apply in both counties. Notice of the public meeting, including a description of the Project, must be provided in writing to the clerk of each county where the Project is to be located. A representative of the Commission shall be invited to each pre-filing public meeting.

(i) For applications filed after the effective date of this amendatory Act of the 99th General Assembly, the Commission shall by registered mail notify each owner of record of land, as identified in the records of the relevant county tax assessor, included in the right-of-way over which the utility seeks in its application to construct a high-voltage electric line of the time and place scheduled for the initial hearing on the public utility's application. The utility shall reimburse the Commission for the cost of the postage and supplies incurred for mailing the notice.

information under applicable law. The public utility may seek confidential protection of any of the information provided pursuant to this Section, subject to Commission approval.

(d) The public utility shall publish notice of its application in the official State newspaper within 10 days following the date of the application's filing.

(e) The public utility shall establish a dedicated website for the Project 3 weeks prior to the first public meeting and maintain the website until construction of the Project is complete. The website address shall be included in all public notices.

(f) The Commission shall, after notice and hearing, grant a certificate of public convenience and necessity filed in accordance with the requirements of this Section if, based upon the application filed with the Commission and the evidentiary record, it finds the Project will promote the public convenience and necessity and that all of the following criteria are satisfied:

(1) That the Project is necessary to provide adequate, reliable, and efficient service to the public utility's customers and is the least-cost means of satisfying the service needs of the public utility's customers or that the Project will promote the development of an effectively competitive electricity market that operates efficiently, is equitable to all customers, and is the least cost means of satisfying those objectives.

(2) That the public utility is capable of efficiently managing and supervising the construction process and has taken sufficient action to ensure adequate and efficient construction and supervision of the construction.

(3) That the public utility is capable of financing the proposed construction without significant adverse financial consequences for the utility or its customers.

(g) The Commission shall issue its decision with findings of fact and conclusions of law granting or denying the application no later than 150 days after the application is filed. The Commission may extend the 150-day deadline upon notice by an additional 75 days if, on or before the 30th day after the filing of the application, the Commission finds that good cause exists to extend the 150-day period.

(h) In the event the Commission grants a public utility's application for a certificate pursuant to this Section, the public utility shall pay a one-time construction fee to each county in which the Project is constructed
within 30 days after the completion of construction. The construction fee shall be $20,000 per mile of high voltage electric service line constructed in that county, or a proportionate fraction of that fee. The fee shall be in lieu of any permitting fees that otherwise would be imposed by a county. Counties receiving a payment under this subsection (h) may distribute all or portions of the fee to local taxing districts in that county.

(i) Notwithstanding any other provisions of this Act, a decision granting a certificate under this Section shall include an order pursuant to Section 8-503 of this Act authorizing or directing the construction of the high voltage electric service line and related facilities as approved by the Commission, in the manner and within the time specified in said order.

(b) Low-speed vehicles may cross a street at an intersection where the street being crossed has a posted speed limit of not more than 45 miles per hour. Low-speed vehicles may not cross a street with a speed limit in excess of 45 miles per hour unless the crossing is at an intersection controlled by a traffic light or 4-way stop sign.
(c) The Department of Transportation or a municipality, township, county, or other unit of local government may prohibit, by regulation, ordinance, or resolution, the operation of low-speed vehicles on streets under its jurisdiction where the posted speed limit is 30 miles per hour or less if the Department of Transportation or unit of local government determines that the public safety would be jeopardized.

(e-5) A unit of local government may, by ordinance or resolution, authorize the operation of low-speed vehicles on one or more streets under its jurisdiction that have a speed limit of more than 30 miles per hour but not greater than 35 miles per hour.

Before authorizing the operation of low-speed vehicles on any street under this subsection (e-5), the unit of local government must consider the volume, speed, and character of traffic on the street and determine whether low-speed vehicles may travel safely on that street.

If a street is under the jurisdiction of more than one unit of government, low-speed vehicles may not be operated on the street under this subsection (e-5) unless each unit of government agrees and takes action as provided in this subsection.

Upon the adoption of an ordinance authorizing low-speed vehicles under this subsection (e-5), appropriate signs shall be posted.

(f) No low-speed vehicle may be operated on any street unless, at a minimum, it has the following: a parking brake, brakes, a steering apparatus, tires, a windshield that conforms to the federal vehicle safety standards on glazing materials as set forth in 49 CFR part 571.205, a vehicle identification number, seat belts, a rearview mirror, an exterior rearview mirror mounted on the driver's side of the vehicle, red reflectorized warning devices on each rear side and one on the center rear of the vehicle in the front and rear, a headlight that emits a white light visible from a distance of 500 feet to the front, a tail lamp that emits a red light visible from at least 100 feet from the rear, brake lights, and front and rear turn signals. When operated on a street, a low-speed vehicle shall have its headlight and tail lamps lighted as required by Section 12-201 of this Code.

PUBLIC ACT 99-0402
(House Bill No. 0175)

AN ACT concerning State government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Open Meetings Act is amended by changing Section 3.5 as follows:

(5 ILCS 120/3.5)
Sec. 3.5. Public Access Counselor; opinions.
(a) A person who believes that a violation of this Act by a public body has occurred may file a request for review with the Public Access Counselor established in the Office of the Attorney General not later than 60 days after the alleged violation. If facts concerning the violation are not discovered within the 60-day period, but are discovered at a later date, not exceeding 2 years after the alleged violation, by a person utilizing reasonable diligence, the request for review may be made within 60 days of the discovery of the alleged violation. The request for review must be in writing, must be signed by the requester, and must include a summary of the facts supporting the allegation. The changes made by this amendatory Act of the 99th General Assembly apply to violations alleged to have occurred at meetings held on or after the effective date of this amendatory Act of the 99th General Assembly.

(b) Upon receipt of a request for review, the Public Access Counselor shall determine whether further action is warranted. If the Public Access Counselor determines from the request for review that the

New matter indicated by italics - deletions by strikeout
alleged violation is unfounded, he or she shall so advise the requester and
the public body and no further action shall be undertaken. In all other
cases, the Public Access Counselor shall forward a copy of the request for
review to the public body within 7 working days. The Public Access
Counselor shall specify the records or other documents that the public
body shall furnish to facilitate the review. Within 7 working days after
receipt of the request for review, the public body shall provide copies of
the records requested and shall otherwise fully cooperate with the Public
Access Counselor. If a public body fails to furnish specified records
pursuant to this Section, or if otherwise necessary, the Attorney General
may issue a subpoena to any person or public body having knowledge of
or records pertaining to an alleged violation of this Act. For purposes of
conducting a thorough review, the Public Access Counselor has the same
right to examine a verbatim recording of a meeting closed to the public or
the minutes of a closed meeting as does a court in a civil action brought to
enforce this Act.

(c) Within 7 working days after it receives a copy of a request for
review and request for production of records from the Public Access
Counselor, the public body may, but is not required to, answer the
allegations of the request for review. The answer may take the form of a
letter, brief, or memorandum. Upon request, the public body may also
furnish the Public Access Counselor with a redacted copy of the answer
excluding specific references to any matters at issue. The Public Access
Counselor shall forward a copy of the answer or redacted answer, if
furnished, to the person submitting the request for review. The requester
may, but is not required to, respond in writing to the answer within 7
working days and shall provide a copy of the response to the public body.

(d) In addition to the request for review, and the answer and the
response thereto, if any, a requester or a public body may furnish affidavits
and records concerning any matter germane to the review.

(e) Unless the Public Access Counselor extends the time by no
more than 21 business days by sending written notice to the requester and
public body that includes a statement of the reasons for the extension in
the notice, or decides to address the matter without the issuance of a
binding opinion, the Attorney General shall examine the issues and the
records, shall make findings of fact and conclusions of law, and shall issue
to the requester and the public body an opinion within 60 days after
initiating review. The opinion shall be binding upon both the requester and

New matter indicated by italics - deletions by strikeout
the public body, subject to administrative review under Section 7.5 of this Act.

In responding to any written request under this Section 3.5, the Attorney General may exercise his or her discretion and choose to resolve a request for review by mediation or by a means other than the issuance of a binding opinion. The decision not to issue a binding opinion shall not be reviewable.

Upon receipt of a binding opinion concluding that a violation of this Act has occurred, the public body shall either take necessary action as soon as practical to comply with the directive of the opinion or shall initiate administrative review under Section 7.5. If the opinion concludes that no violation of the Act has occurred, the requester may initiate administrative review under Section 7.5.

(f) If the requester files suit under Section 3 with respect to the same alleged violation that is the subject of a pending request for review, the requester shall notify the Public Access Counselor, and the Public Access Counselor shall take no further action with respect to the request for review and shall so notify the public body.

(g) Records that are obtained by the Public Access Counselor from a public body for purposes of addressing a request for review under this Section 3.5 may not be disclosed to the public, including the requester, by the Public Access Counselor. Those records, while in the possession of the Public Access Counselor, shall be exempt from disclosure by the Public Access Counselor under the Freedom of Information Act.

(h) The Attorney General may also issue advisory opinions to public bodies regarding compliance with this Act. A review may be initiated upon receipt of a written request from the head of the public body or its attorney. The request must contain sufficient accurate facts from which a determination can be made. The Public Access Counselor may request additional information from the public body in order to facilitate the review. A public body that relies in good faith on an advisory opinion of the Attorney General in complying with the requirements of this Act is not liable for penalties under this Act, so long as the facts upon which the opinion is based have been fully and fairly disclosed to the Public Access Counselor.

Sec. 2. General provisions. The Department of Public Health shall administer the provisions of this Act and shall:

(a) Institute and carry on an intensive educational program among physicians, hospitals, public health nurses and the public concerning disorders included in newborn screening. This educational program shall include information about the nature of the diseases and examinations for the detection of the diseases in early infancy in order that measures may be taken to prevent the disabilities resulting from the diseases.

(a-5) Require that all newborns be screened for the presence of certain genetic, metabolic, and congenital anomalies as determined by the Department, by rule.

(a-5.1) Require that all blood and biological specimens collected pursuant to this Act or the rules adopted under this Act be submitted for testing to the nearest Department laboratory designated to perform such tests. The following provisions shall apply concerning testing:

(1) Beginning July 1, 2015, the base fee for newborn screening services shall be $118. The coverage shall be as follows:

(1) A baseline mammogram for women 35 to 39 years of age.

(2) An annual mammogram for women 40 years of age or older.

(3) A mammogram at the age and intervals considered medically necessary by the woman's health care provider for women under 40 years of age and having a family history of breast cancer, prior personal history of breast cancer, positive genetic testing, or other risk factors.

(4) A comprehensive ultrasound screening of an entire breast or breasts if a mammogram demonstrates heterogeneous or
dense breast tissue, when medically necessary as determined by a physician licensed to practice medicine in all of its branches.

For purposes of this Section, "low-dose mammography" means the x-ray examination of the breast using equipment dedicated specifically for mammography, including the x-ray tube, filter, compression device, and image receptor, with radiation exposure delivery of less than 1 rad per breast for 2 views of an average size breast. The term also includes digital mammography and includes breast tomosynthesis. As used in this Section, the term "breast tomosynthesis" means a radiologic procedure that involves the acquisition of projection images over the stationary breast to produce cross-sectional digital three-dimensional images of the breast.

(a-5) Coverage as described by subsection (a) shall be provided at no cost to the insured and shall not be applied to an annual or lifetime maximum benefit.

(a-10) When health care services are available through contracted providers and a person does not comply with plan provisions specific to the use of contracted providers, the requirements of subsection (a-5) are not applicable. When a person does not comply with plan provisions specific to the use of contracted providers, plan provisions specific to the use of non-contracted providers must be applied without distinction for coverage required by this Section and shall be at least as favorable as for other radiological examinations covered by the policy or contract.

(b) No policy of accident or health insurance that provides for the surgical procedure known as a mastectomy shall be issued, amended, delivered, or renewed in this State unless that coverage also provides for prosthetic devices or reconstructive surgery incident to the mastectomy. Coverage for breast reconstruction in connection with a mastectomy shall include:

(1) reconstruction of the breast upon which the mastectomy has been performed;
(2) surgery and reconstruction of the other breast to produce a symmetrical appearance; and

Care shall be determined in consultation with the attending physician and the patient. The offered coverage for prosthetic devices and reconstructive surgery shall be subject to the deductible and coinsurance conditions applied to the mastectomy, and all other terms and conditions applicable to other benefits. When a mastectomy is performed and there is no evidence

As used in this Section, "mastectomy" means the removal of all or part of the breast for medically necessary reasons, as determined by a licensed physician.

Written notice of the availability of coverage under this Section shall be delivered to the insured upon enrollment and annually thereafter. An insurer may not deny to an insured eligibility, or continued eligibility, to enroll or to renew coverage under the terms of the plan solely for the purpose of avoiding the requirements of this Section. An insurer may not penalize or reduce or limit the reimbursement of an attending provider or provide incentives (monetary or otherwise) to an attending provider to induce the provider to provide care to an insured in a manner inconsistent with this Section.

(c) Rulemaking authority to implement this amendatory Act of the 95th General Assembly, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

The Illinois Department, by rule, shall prohibit any physician from providing medical assistance to anyone eligible therefor under this Code where such physician has been found guilty of performing an abortion procedure in a wilful and wanton manner upon a woman who was not pregnant at the time such abortion procedure was performed. The term "any other type of remedial care" shall include nursing care and nursing home service for persons who rely on treatment by spiritual means alone through prayer for healing.

Notwithstanding any other provision of this Code, the Illinois Department may not require, as a condition of payment for any laboratory test authorized under this Article, that a physician's handwritten signature appear on the laboratory test order form. The Illinois Department may, however, impose other appropriate requirements regarding laboratory test order documentation.

Claims for services provided by CPS's vendor or vendors to recipients of benefits in the medical assistance program under this Code, the Children's Health Insurance Program, or the Covering ALL KIDS Health Insurance Program shall be submitted to the Department or the MCE in which the individual is enrolled for payment and shall be reimbursed at the Department's or the MCE's established rates or rate methodologies for eyeglasses.

The Department shall convene an expert panel including representatives of hospitals, free-standing mammography facilities, and doctors, including radiologists, to establish quality standards.

Subject to federal approval, the Department shall establish a rate methodology for mammography at federally qualified health centers and other encounter-rate clinics. These clinics or centers may also collaborate with other hospital-based mammography facilities.

The Department shall establish a methodology to remind women who are age-appropriate for screening mammography, but who have not received a mammogram within the previous 18 months, of the importance and benefit of screening mammography.

The Department shall establish a performance goal for primary care providers with respect to their female patients over age 40 receiving an annual mammogram. This performance goal shall be used to provide additional reimbursement in the form of a quality performance bonus to primary care providers who meet that goal.

The Department shall devise a means of case-managing or patient navigation for beneficiaries diagnosed with breast cancer. This program shall initially operate as a pilot program in areas of the State with the highest incidence of mortality related to breast cancer. At least one pilot program site shall be in the metropolitan Chicago area and at least one site shall be outside the metropolitan Chicago area. An evaluation of the pilot program shall be carried out measuring health outcomes and cost of care for those served by the pilot program compared to similarly situated patients who are not served by the pilot program.

The Illinois Department may develop and contract with Partnerships of medical providers to arrange medical services for persons eligible under Section 5-2 of this Code. Implementation of this Section may be by demonstration projects in certain geographic areas. The Partnership shall be represented by a sponsor organization. The Department, by rule, shall develop qualifications for sponsors of Partnerships. Nothing in this Section shall be construed to require that the sponsor organization be a medical organization.

New matter indicated by italics - deletions by strikeout
The sponsor must negotiate formal written contracts with medical providers for physician services, inpatient and outpatient hospital care, home health services, treatment for alcoholism and substance abuse, and other services determined necessary by the Illinois Department by rule for delivery by Partnerships. Physician services must include prenatal and obstetrical care. The Illinois Department shall reimburse medical services delivered by Partnership providers to clients in target areas according to provisions of this Article and the Illinois Health Finance Reform Act, except that:

Medical providers shall be required to meet certain qualifications to participate in Partnerships to ensure the delivery of high quality medical services. These qualifications shall be determined by rule of the Illinois Department and may be higher than qualifications for participation in the medical assistance program. Partnership sponsors may prescribe reasonable additional qualifications for participation by medical providers, only with the prior written approval of the Illinois Department.

Nothing in this Section shall limit the free choice of practitioners, hospitals, and other providers of medical services by clients. In order to ensure patient freedom of choice, the Illinois Department shall immediately promulgate all rules and take all other necessary actions so that provided services may be accessed from therapeutically certified optometrists to the full extent of the Illinois Optometric Practice Act of 1987 without discriminating between service providers.

All dispensers of medical services shall be required to maintain and retain business and professional records sufficient to fully and accurately document the nature, scope, details and receipt of the health care provided to persons eligible for medical assistance under this Code, in accordance with regulations promulgated by the Illinois Department. The rules and regulations shall require that proof of the receipt of prescription drugs, dentures, prosthetic devices and eyeglasses by eligible persons under this Section accompany each claim for reimbursement submitted by the dispenser of such medical services. No such claims for reimbursement shall be approved for payment by the Illinois Department without such proof of receipt, unless the Illinois Department shall have put into effect and shall be operating a system of post-payment audit and review which shall, on a sampling basis, be deemed adequate by the Illinois Department to assure that such drugs, dentures, prosthetic devices and eyeglasses for which payment is being made are actually being received by eligible recipients. Within 90 days after the effective date of this amendatory Act of 1984, the Illinois Department shall establish a current list of acquisition costs for all prosthetic devices and any other items recognized as medical equipment and supplies reimbursable under this Article and shall update such list on a quarterly basis, except that the acquisition costs of all prescription drugs shall be updated no less frequently than every 30 days as required by Section 5-5.12.

The Illinois Department may require that all dispensers of medical services desiring to participate in the medical assistance program established under this Article disclose, under such terms and conditions as the Illinois Department may by rule establish, all inquiries from clients and attorneys regarding medical bills paid by the Illinois Department, which inquiries could indicate potential existence of claims or liens for the Illinois Department.

Enrollment of a vendor shall be subject to a provisional period and shall be conditional for one year. During the period of conditional enrollment, the Department may terminate the vendor's eligibility to participate in, or may disenroll the vendor from, the medical assistance program without cause. Unless otherwise specified, such termination of eligibility or disenrollment is not subject to the Department's hearing process. However, a disenrolled vendor may reapply without penalty.

The Department has the discretion to limit the conditional enrollment period for vendors based upon category of risk of the vendor.

(3) In the case of a provider for whom the Illinois Department initiates the monthly billing process.

(4) In the case of a provider operated by a unit of local government with a population exceeding 3,000,000 when local

For claims for which the Illinois Department is not the primary payer, claims must be submitted to the Illinois Department within 180 days after the final adjudication by the primary payer.

In the case of long term care facilities, within 5 days of receipt by the facility of required prescreening information, data for new admissions shall be entered into the Medical Electronic Data Interchange (MEDI) or the Recipient Eligibility Verification (REV) System or successor system, and within 15 days of receipt by the facility of required prescreening information, admission documents shall be submitted through MEDI or REV or shall be submitted directly to the Department of Human Services using required admission forms. Effective September 1, 2014, admission documents, including all prescreening information, must be submitted through MEDI or REV. Confirmation numbers assigned to an accepted transaction shall be retained by a facility to verify timely submittal. Once an admission transaction has been completed, all resubmitted claims following prior rejection are subject to receipt no later than 180 days after the admission transaction has been completed.

Claims that are not submitted and received in compliance with the foregoing requirements shall not be eligible for payment under the medical assistance program, and the State shall have no liability for payment of those claims.

To the extent consistent with applicable information and privacy, security, and disclosure laws, State and federal agencies and departments shall provide the Illinois Department access to confidential and other information and data necessary to perform eligibility and payment verifications and other Illinois Department functions. Beginning in fiscal year 2013, the Illinois Department shall set forth a request for information to identify the benefits of a pre-payment, post-adjudication, and post-edit claims system with the goals of streamlining claims processing and provider reimbursement, reducing the number of pending or rejected claims, and helping to ensure a more transparent adjudication process through the utilization of: (i) provider data verification and provider screening technology; and (ii) clinical code editing; and (iii) pre-pay, pre- or post-adjudicated predictive modeling with an integrated case management system with link analysis. (105 ILCS 20/5)

Sec. 5. Student prayer. For purpose of this Section, "noninstructional time" means time set aside by a school before actual classroom instruction begins or after actual classroom instruction ends. In order that the right of every student to the free exercise of religion is guaranteed within the public schools and that each student has the freedom to not be subject to pressure from the State either to engage in or to refrain from religious observation on public school grounds, students in the public schools may, during the school day, during noninstructional time, voluntarily engage in individually or collectively initiated, non-disruptive prayer or religious-based meetings, including without limitation prayer groups, B I B L E (Basic Instruction Before Leaving Earth) clubs, or "meet at the flagpole for prayer" days, that, consistent with the Free Exercise and Establishment Clauses of the United States and Illinois Constitutions, are is not sponsored, promoted, or endorsed in any manner by the school or any school employee.

AN ACT concerning regulation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Youth Mental Health Protection Act.

Section 5. Legislative findings. The General Assembly finds and declares the following:

(1) Being lesbian, gay, or bisexual is not a disease, disorder, illness, deficiency, or shortcoming. The major professional associations of mental health practitioners and researchers in the United States have recognized this fact for nearly 40 years.

(2) The American Psychological Association convened a Task Force on Appropriate Therapeutic Responses to Sexual Orientation. The Task Force conducted a systematic review of peer-reviewed journal literature on sexual orientation change efforts and issued a report in 2009. The Task Force concluded that sexual orientation change efforts can pose critical health risks to lesbian, gay, and bisexual people, including confusion, depression, guilt, helplessness, hopelessness, shame, social withdrawal, suicidality, substance abuse, stress, disappointment, self-blame, decreased self-esteem and authenticity to others, increased self-hatred, hostility and blame towards parents, feelings of anger and betrayal, loss of friends and potential romantic partners, problems in sexual and emotional intimacy, sexual dysfunction, high-risk sexual behaviors, a feeling of being dehumanized and untrue to self, a loss of faith, and a sense of having wasted time and resources.

(3) The American Psychological Association issued a resolution on Appropriate Affirmative Responses to Sexual Orientation Distress and Change Efforts in 2009 that states: "The American Psychological Association advises parents, guardians, young people, and their families to avoid sexual orientation change efforts that portray homosexuality as a mental illness or developmental disorder and to seek psychotherapy, social support, and educational services that provide accurate information on
sexual orientation and sexuality, increase family and school support, and reduce rejection of sexual minority youth.”.

(4) The American Psychiatric Association published a position statement in March of 2000 that states: "Psychotherapeutic modalities to convert or 'repair' homosexuality are based on developmental theories whose scientific validity is questionable. Furthermore, anecdotal reports of 'cures' are counterbalanced by anecdotal claims of psychological harm. In the last four decades, 'reparative' therapists have not produced any rigorous scientific research to substantiate their claims of cure. Until there is such research available, the American Psychiatric Association recommends that ethical practitioners refrain from attempts to change individuals' sexual orientation, keeping in mind the medical dictum to first, do no harm. The potential risks of reparative therapy are great, including depression, anxiety and self-destructive behavior, since therapist alignment with societal prejudices against homosexuality may reinforce self-hatred already experienced by the patient. Many patients who have undergone reparative therapy relate that they were inaccurately told that homosexuals are lonely, unhappy individuals who never achieve acceptance or satisfaction. The possibility that the person might achieve happiness and satisfying interpersonal relationships as a gay man or lesbian is not presented, nor are alternative approaches to dealing with the effects of societal stigmatization discussed. Therefore, the American Psychiatric Association opposes any psychiatric treatment such as reparative or conversion therapy which is based upon the assumption that homosexuality per se is a mental disorder or based upon the a priori assumption that a patient should change his or her sexual homosexual orientation.”.

(5) The American Academy of Pediatrics published an article in 1993 in its journal, Pediatrics, that states: "Therapy directed at specifically changing sexual orientation is contraindicated, since it can provoke guilt and anxiety while having little or no potential for achieving changes in orientation.”.

(6) The American Medical Association Council on Scientific Affairs prepared a report in 1994 that states: "Aversion therapy (a behavioral or medical intervention which pairs unwanted behavior, in this case, homosexual behavior, with unpleasant sensations or aversive consequences) is no longer
recommended for gay men and lesbians. Through psychotherapy, gay men and lesbians can become comfortable with their sexual orientation and understand the societal response to it.

(7) The National Association of Social Workers prepared a policy statement in 1997 that states: "Social stigmatization of lesbian, gay, and bisexual people is widespread and is a primary motivating factor in leading some people to seek sexual orientation changes. Sexual orientation conversion therapies assume that homosexual orientation is both pathological and freely chosen. No data demonstrates that reparative or conversion therapies are effective, and, in fact, they may be harmful."

(8) The American Counseling Association Governing Council issued a position statement in April, 1999 that states: "We oppose the promotion of 'reparative therapy' as a 'cure' for individuals who are homosexual."

(9) The American Psychoanalytic Association issued a position statement in June, 2012 on attempts to change sexual orientation, gender, identity, or gender expression that states: "As with any societal prejudice, bias against individuals based on actual or perceived sexual orientation, gender identity or gender expression negatively affects mental health, contributing to an enduring sense of stigma and pervasive self-criticism through the internalization of such prejudice. Psychoanalytic technique does not encompass purposeful attempts to 'convert', 'repair', change or shift an individual's sexual orientation, gender identity or gender expression. Such directed efforts are against fundamental principles of psychoanalytic treatment and often result in substantial psychological pain by reinforcing damaging internalized attitudes."

(10) The American Academy of Child and Adolescent Psychiatry published an article in 2012 in its journal, Journal of the American Academy of Child and Adolescent Psychiatry, that states: "Clinicians should be aware that there is no evidence that sexual orientation can be altered through therapy, and that attempts to do so may be harmful. There is no empirical evidence adult homosexuality can be prevented if gender nonconforming children are influenced to be more gender conforming. Indeed, there is no medically valid basis for attempting to prevent homosexuality, which is not an illness. On the contrary, such efforts may

New matter indicated by italics - deletions by strikeout
encourage family rejection and undermine self-esteem, connectedness and caring, important protective factors against suicidal ideation and attempts. Given that there is no evidence that efforts to alter sexual orientation are effective, beneficial or necessary, and the possibility that they carry the risk of significant harm, such interventions are contraindicated."

(11) The Pan American Health Organization, a regional office of the World Health Organization, issued a statement in May, 2012 that states: "These supposed conversion therapies constitute a violation of the ethical principles of health care and violate human rights that are protected by international and regional agreements.". The organization also noted that reparative therapies "lack medical justification and represent a serious threat to the health and well-being of affected people."

(12) Minors who experience family rejection based on their sexual orientation face especially serious health risks. In one study, lesbian, gay, and bisexual young adults who reported higher levels of family rejection during adolescence were 8.4 times more likely to report having attempted suicide, 5.9 times more likely to report high levels of depression, 3.4 times more likely to use illegal drugs, and 3.4 times more likely to report having engaged in unprotected sexual intercourse compared with peers from families that reported no or low levels of family rejection. This is documented by Caitlin Ryan et al. in their article entitled Family Rejection as a Predictor of Negative Health Outcomes in White and Latino Lesbian, Gay, and Bisexual Young Adults (2009), 123 Pediatrics 346.

(13) Illinois has a compelling interest in protecting the physical and psychological well-being of minors, including lesbian, gay, bisexual, and transgender youth and in protecting its minors against exposure to serious harms caused by sexual orientation change efforts.

Section 10. Purpose. The purpose of this Act is to protect lesbian, gay, bisexual, and transgender youth from sexual orientation change efforts, also known as conversion therapy.

Section 15. Definitions. For the purposes of this Act:
"Mental health provider" means a clinical psychologist licensed under the Clinical Psychology Licensing Act; a school psychologist as defined in the School Code; a psychiatrist as defined in Section 1-121 of the Mental Health and Developmental Disabilities Code; a clinical social

worker or social worker licensed under the Clinical Social Work and Social Work Practice Act; a marriage and family therapist or associate marriage and family therapist licensed under the Marriage and Family Therapy Licensing Act; a professional counselor or clinical professional counselor licensed under the Professional Counselor and Clinical Professional Counselor Licensing and Practice Act; or any students, interns, volunteers, or other persons assisting or acting under the direction or guidance of any of these licensed professionals.

"Sexual orientation change efforts" or "conversion therapy" means any practices or treatments that seek to change an individual's sexual orientation, as defined by subsection (o-1) of Section 1-103 of the Illinois Human Rights Act, including efforts to change behaviors or gender expressions or to eliminate or reduce sexual or romantic attractions or feelings towards individuals of the same sex. "Sexual orientation change efforts" or "conversion therapy" does not include counseling or mental health services that provide acceptance, support, and understanding of a person without seeking to change sexual orientation or mental health services that facilitate a person's coping, social support, and gender identity exploration and development, including sexual orientation neutral interventions to prevent or address unlawful conduct or unsafe sexual practices, without seeking to change sexual orientation.

Section 20. Prohibition on conversion therapy. Under no circumstances shall a mental health provider engage in sexual orientation change efforts with a person under the age of 18.

Section 25. Advertisement and sales; misrepresentation. No person or entity may, in the conduct of any trade or commerce, use or employ any deception, fraud, false pretense, false promise, misrepresentation, or the concealment, suppression, or omission of any material fact in advertising or otherwise offering conversion therapy services in a manner that represents homosexuality as a mental disease, disorder, or illness, with intent that others rely upon the concealment, suppression, or omission of such material fact. A violation of this Section constitutes an unlawful practice under the Consumer Fraud and Deceptive Business Practices Act.

Section 30. Discipline. Any sexual orientation change efforts attempted on a person under the age of 18 by a mental health provider may be considered unprofessional conduct. Mental health providers found to have engaged in a sexual orientation change effort on a patient under the age of 18 may be subject to discipline by the licensing entity or disciplinary review board with competent jurisdiction.

(a) The person for whom bail has been set shall execute the bail bond and deposit with the clerk of the court before which the proceeding is pending a sum of money equal to 10% of the bail, but in no event shall such deposit be less than $25. The clerk of the court shall provide a space on each form for a person other than the accused who has provided the money for the posting of bail to so indicate and a space signed by an accused who has executed the bail bond indicating whether a person other than the accused has provided the money for the posting of bail. The form shall also include a written notice to such person who has provided the defendant with the money for the posting of bail indicating that the bail may be used to pay costs, attorney's fees, fines, or other purposes authorized by the court and if the defendant fails to comply with the conditions of the bail bond, the court shall enter an order declaring the bail to be forfeited. The written notice must be: (1) distinguishable from the surrounding text; (2) in bold type or underscored; and (3) in a type size at least 2 points larger than the surrounding type. When a person for whom bail has been set is charged with an offense under the Illinois Controlled Substances Act or the Methamphetamine Control and Community Protection Act which is a Class X felony, or making a terrorist threat in violation of Section 29D-20 of the Criminal Code of 1961 or the Criminal Code of 2012 or an attempt to commit the offense of making a terrorist threat, the court may require the defendant to deposit a sum equal to 100% of the bail. Where any person is charged with a forcible felony while free on bail and is the subject of proceedings under Section 109-3 of this Code the judge conducting the preliminary examination may also conduct a hearing upon the application of the State pursuant to the provisions of Section 110-6 of this Code to increase or revoke the bail for that person's prior alleged offense.

(b) Upon depositing this sum and any bond fee authorized by law, the person shall be released from custody subject to the conditions of the bail bond.

(c) Once bail has been given and a charge is pending or is thereafter filed in or transferred to a court of competent jurisdiction the latter court shall continue the original bail in that court subject to the provisions of Section 110-6 of this Code.

(d) After conviction the court may order that the original bail stand as bail pending appeal or deny, increase or reduce bail subject to the provisions of Section 110-6.2.

(e) After the entry of an order by the trial court allowing or denying bail pending appeal either party may apply to the reviewing court having jurisdiction or to a justice thereof sitting in vacation for an order increasing or decreasing the amount of bail or allowing or denying bail pending appeal subject to the provisions of Section 110-6.2.

(f) When the conditions of the bail bond have been performed and the accused has been discharged from all obligations in the cause the clerk of the court shall return to the accused or to the defendant's designee by an assignment executed at the time the bail amount is deposited, unless the court orders otherwise, 90% of the sum which had been deposited and shall retain as bail bond costs 10% of the amount deposited. However, in no event shall the amount retained by the clerk as bail bond costs be less than $5. Notwithstanding the foregoing, in counties with a population of 3,000,000 or more, in no event shall the amount retained by the clerk as bail bond costs exceed $100. Bail bond deposited by or on behalf of a defendant in one case may be used, in the court's discretion, to satisfy financial obligations of that same defendant incurred in a different case due to a fine, court costs, restitution or fees of the defendant's attorney of record. In counties with a population of 3,000,000 or more, the court shall not order bail bond deposited by or on behalf of a defendant in one case to be used to satisfy financial obligations of that same defendant in a different case until the bail bond is first used to satisfy court costs and attorney's fees in the case in which the bail bond has been deposited and any other unpaid child support obligations are satisfied. In counties with a population of less than 3,000,000, the court shall not order bail bond deposited by or on behalf of a defendant in one case to be used to satisfy financial obligations of that same defendant in a different case until the bail bond is first used to satisfy court costs in the case in which the bail bond has been deposited.

At the request of the defendant the court may order such 90% of defendant's bail deposit, or whatever amount is repayable to defendant from such deposit, to be paid to defendant's attorney of record.

(g) If the accused does not comply with the conditions of the bail bond the court having jurisdiction shall enter an order declaring the bail to be forfeited. Notice of such order of forfeiture shall be mailed forthwith to the accused at his last known address. If the accused does not appear and surrender to the court having jurisdiction within 30 days from the date of the forfeiture or within such period satisfy the court that appearance and surrender by the accused is impossible and without his fault the court shall

enter judgment for the State if the charge for which the bond was given was a felony or misdemeanor, or if the charge was quasi-criminal or traffic, judgment for the political subdivision of the State which prosecuted the case, against the accused for the amount of the bail and costs of the court proceedings; however, in counties with a population of less than 3,000,000, instead of the court entering a judgment for the full amount of the bond the court may, in its discretion, enter judgment for the cash deposit on the bond, less costs, retain the deposit for further disposition or, if a cash bond was posted for failure to appear in a matter involving enforcement of child support or maintenance, the amount of the cash deposit on the bond, less outstanding costs, may be awarded to the person or entity to whom the child support or maintenance is due. The deposit made in accordance with paragraph (a) shall be applied to the payment of costs. If judgment is entered and any amount of such deposit remains after the payment of costs it shall be applied to payment of the judgment and transferred to the treasury of the municipal corporation wherein the bond was taken if the offense was a violation of any penal ordinance of a political subdivision of this State, or to the treasury of the county wherein the bond was taken if the offense was a violation of any penal statute of this State. The balance of the judgment may be enforced and collected in the same manner as a judgment entered in a civil action.

(h) After a judgment for a fine and court costs or either is entered in the prosecution of a cause in which a deposit had been made in accordance with paragraph (a) the balance of such deposit, after deduction of bail bond costs, shall be applied to the payment of the judgment.

(i) When a court appearance is required for an alleged violation of the Criminal Code of 1961, the Criminal Code of 2012, the Illinois Vehicle Code, the Wildlife Code, the Fish and Aquatic Life Code, the Child Passenger Protection Act, or a comparable offense of a unit of local government as specified in Supreme Court Rule 551, and if the accused does not appear in court on the date set for appearance or any date to which the case may be continued and the court issues an arrest warrant for the accused, based upon his or her failure to appear when having so previously been ordered to appear by the court, the accused upon his or her admission to bail shall be assessed by the court a fee of $75. Payment of the fee shall be a condition of release unless otherwise ordered by the court. The fee shall be in addition to any bail that the accused is required to deposit for the offense for which the accused has been charged and may not be used for the payment of court costs or fines assessed for the offense.

(c) The court shall ensure that the rights of the victim are afforded.

(c-5) The following procedures shall be followed to afford victims the rights guaranteed by Article I, Section 8.1 of the Illinois Constitution:

(1) Written notice. A victim may complete a written notice of intent to assert rights on a form prepared by the Office of the Attorney General and provided to the victim by the State's Attorney. The victim may at any time provide a revised written notice to the State's Attorney. The State's Attorney shall file the written notice with the court. At the beginning of any court proceeding in which the right of a victim may be at issue, the court and prosecutor shall review the written notice to determine whether the victim has asserted the right that may be at issue.

(2) Victim's retained attorney. A victim's attorney shall file an entry of appearance limited to assertion of the victim's rights. Upon the filing of the entry of appearance and service on the State's Attorney and the defendant, the attorney is to receive copies of all notices, motions and court orders filed thereafter in the case.

(3) Standing. The victim has standing to assert the rights enumerated in subsection (a) of Article I, Section 8.1 of the Illinois Constitution and the statutory rights under Section 4 of this Act in any court exercising jurisdiction over the criminal case. The prosecuting attorney, a victim, or the victim's retained attorney may assert the victim's rights. The defendant in the criminal case has no standing to assert a right of the victim in any court proceeding, including on appeal.

(4) Assertion of and enforcement of rights.

(A) The prosecuting attorney shall assert a victim's right or request enforcement of a right by filing a motion or by orally asserting the right or requesting enforcement in open court in the criminal case outside the presence of the jury. The prosecuting attorney shall consult with the victim and the victim's attorney regarding the assertion or enforcement of a right. If the prosecuting attorney decides not to assert or enforce a victim's right, the prosecuting attorney shall notify the victim or the victim's attorney in sufficient time to allow the victim or the victim's attorney to assert the right or to seek enforcement of a right.

(B) If the prosecuting attorney elects not to assert a victim's right or to seek enforcement of a right, the victim

or the victim's attorney may assert the victim's right or request enforcement of a right by filing a motion or by orally asserting the right or requesting enforcement in open court in the criminal case outside the presence of the jury.

(C) If the prosecuting attorney asserts a victim's right or seeks enforcement of a right, and the court denies the assertion of the right or denies the request for enforcement of a right, the victim or victim's attorney may file a motion to assert the victim's right or to request enforcement of the right within 10 days of the court's ruling. The motion need not demonstrate the grounds for a motion for reconsideration. The court shall rule on the merits of the motion.

(D) The court shall take up and decide any motion or request asserting or seeking enforcement of a victim's right without delay, unless a specific time period is specified by law or court rule. The reasons for any decision denying the motion or request shall be clearly stated on the record.

(5) Violation of rights and remedies.

(A) If the court determines that a victim's right has been violated, the court shall determine the appropriate remedy for the violation of the victim's right by hearing from the victim and the parties, considering all factors relevant to the issue, and then awarding appropriate relief to the victim.

(B) The appropriate remedy shall include only actions necessary to provide the victim the right to which the victim was entitled and may include reopening previously held proceedings; however, in no event shall the court vacate a conviction. Any remedy shall be tailored to provide the victim an appropriate remedy without violating any constitutional right of the defendant. In no event shall the appropriate remedy be a new trial, damages, or costs.

(6) Right to be heard. Whenever a victim has the right to be heard, the court shall allow the victim to exercise the right in any reasonable manner the victim chooses.

(7) Right to attend trial. A party must file a written motion to exclude a victim from trial at least 60 days prior to the date set

New matter indicated by italics - deletions by strikeout
for trial. The motion must state with specificity the reason exclusion is necessary to protect a constitutional right of the party, and must contain an offer of proof. The court shall rule on the motion within 30 days. If the motion is granted, the court shall set forth on the record the facts that support its finding that the victim's testimony will be materially affected if the victim hears other testimony at trial.

(8) Right to have advocate present. A party who intends to call an advocate as a witness must seek permission of the court before the subpoena is issued. The party must file a written motion and offer of proof regarding the anticipated testimony of the advocate in sufficient time to allow the court to rule and the victim to seek appellate review. The court shall rule on the motion without delay.

(9) Right to notice and hearing before disclosure of confidential or privileged information or records. A defendant who seeks to subpoena records of or concerning the victim that are confidential or privileged by law must seek permission of the court before the subpoena is issued. The defendant must file a written motion and an offer of proof regarding the relevance, admissibility and materiality of the records. If the court finds by a preponderance of the evidence that: (A) the records are not protected by an absolute privilege and (B) the records contain relevant, admissible, and material evidence that is not available through other witnesses or evidence, the court shall issue a subpoena requiring a sealed copy of the records be delivered to the court to be reviewed in camera. If, after conducting an in camera review of the records, the court determines that due process requires disclosure of any portion of the records, the court shall provide copies of what it intends to disclose to the prosecuting attorney and the victim. The prosecuting attorney and the victim shall have 30 days to seek appellate review before the records are disclosed to the defendant. The disclosure of copies of any portion of the records to the prosecuting attorney does not make the records subject to discovery.

(10) Right to notice of court proceedings. If the victim is not present at a court proceeding in which a right of the victim is at issue, the court shall ask the prosecuting attorney whether the victim was notified of the time, place, and purpose of the court proceedings.

New matter indicated by italics - deletions by strikeout
proceeding and that the victim had a right to be heard at the court proceeding. If the court determines that timely notice was not given or that the victim was not adequately informed of the nature of the court proceeding, the court shall not rule on any substantive issues, accept a plea, or impose a sentence and shall continue the hearing for the time necessary to notify the victim of the time, place and nature of the court proceeding. The time between court proceedings shall not be attributable to the State under Section 103-5 of the Code of Criminal Procedure of 1963.

(11) Right to timely disposition of the case. A victim has the right to timely disposition of the case so as to minimize the stress, cost, and inconvenience resulting from the victim's involvement in the case. Before ruling on a motion to continue trial or other court proceeding, the court shall inquire into the circumstances for the request for the delay and, if the victim has provided written notice of the assertion of the right to a timely disposition, and whether the victim objects to the delay. If the victim objects, the prosecutor shall inform the court of the victim's objections. If the prosecutor has not conferred with the victim about the continuance, the prosecutor shall inform the court of the attempts to confer. If the court finds the attempts of the prosecutor to confer with the victim were inadequate to protect the victim's right to be heard, the court shall give the prosecutor at least 3 but not more than 5 business days to confer with the victim. In ruling on a motion to continue, the court shall consider the reasons for the requested continuance, the number and length of continuances that have been granted, the victim's objections and procedures to avoid further delays. If a continuance is granted over the victim's objection, the court shall specify on the record the reasons for the continuance and the procedures that have been or will be taken to avoid further delays.

(12) Right to Restitution.

(A) If the victim has asserted the right to restitution and the amount of restitution is known at the time of sentencing, the court shall enter the judgment of restitution at the time of sentencing.

(B) If the victim has asserted the right to restitution and the amount of restitution is not known at the time of sentencing, the prosecutor shall, within 5 days after sentencing, notify the victim what information and

New matter indicated by italics - deletions by strikeout
documentation related to restitution is needed and that the information and documentation must be provided to the prosecutor within 45 days after sentencing. Failure to timely provide information and documentation related to restitution shall be deemed a waiver of the right to restitution. The prosecutor shall file and serve within 60 days after sentencing a proposed judgment for restitution and a notice that includes information concerning the identity of any victims or other persons seeking restitution, whether any victim or other person expressly declines restitution, the nature and amount of any damages together with any supporting documentation, a restitution amount recommendation, and the names of any co-defendants and their case numbers. Within 30 days after receipt of the proposed judgment for restitution, the defendant shall file any objection to the proposed judgment, a statement of grounds for the objection, and a financial statement. If the defendant does not file an objection, the court may enter the judgment for restitution without further proceedings. If the defendant files an objection and either party requests a hearing, the court shall schedule a hearing.

(13) Access to presentence reports.

(A) The victim may request a copy of the presentence report prepared under the Unified Code of Corrections from the State's Attorney. The State's Attorney shall redact the following information before providing a copy of the report:

(i) the defendant's mental history and condition;
(ii) any evaluation prepared under subsection (b) or (b-5) of Section 5-3-2; and
(iii) the name, address, phone number, and other personal information about any other victim.

(B) The State's Attorney or the defendant may request the court redact other information in the report that may endanger the safety of any person.

(C) The State's Attorney may orally disclose to the victim any of the information that has been redacted if
there is a reasonable likelihood that the information will be stated in court at the sentencing.

(D) The State's Attorney must advise the victim that the victim must maintain the confidentiality of the report and other information. Any dissemination of the report or information that was not stated at a court proceeding constitutes indirect criminal contempt of court.

(14) Appellate relief. If the trial court denies the relief requested, the victim, the victim's attorney or the prosecuting attorney may file an appeal within 30 days of the trial court's ruling. The trial or appellate court may stay the court proceedings if the court finds that a stay would not violate a constitutional right of the defendant. If the appellate court denies the relief sought, the reasons for the denial shall be clearly stated in a written opinion. In any appeal in a criminal case, the State may assert as error the court's denial of any crime victim's right in the proceeding to which the appeal relates.

(15) Limitation on appellate relief. In no case shall an appellate court provide a new trial to remedy the violation of a victim's right.

(d)(1) The Prisoner Review Board shall inform a victim or any other concerned citizen, upon written request, of the prisoner's release on parole, aftercare release, mandatory supervised release, electronic detention, work release, international transfer or exchange, or by the custodian of the discharge of any individual who was adjudicated a delinquent for a violent crime from State custody and by the sheriff of the appropriate county of any such person's final discharge from county custody. The Prisoner Review Board, upon written request, shall provide to a victim or any other concerned citizen a recent photograph of any person convicted of a felony, upon his or her release from custody. The Prisoner Review Board, upon written request, shall inform a victim or any other concerned citizen when feasible at least 7 days prior to the prisoner's release on furlough of the times and dates of such furlough. Upon written request by the victim or any other concerned citizen, the State's Attorney shall notify the person once of the times and dates of release of a prisoner sentenced to periodic imprisonment. Notification shall be based on the most recent information as to victim's or other concerned citizen's residence or other location available to the notifying authority.

The Department of Human Services shall establish and maintain a statewide telephone number to be used by victims to make notification requests under these provisions and shall publicize this telephone number on its website and to the State's Attorney of each county.

(3) In the event of an escape from State custody, the Department of Corrections or the Department of Juvenile Justice immediately shall notify the Prisoner Review Board of the escape and the Prisoner Review Board shall notify the victim. The notification shall be based upon the most recent information as to the victim's residence or other location available to the Board. When no such information is available, the Board shall make all reasonable efforts to obtain the information and make the notification. When the escapee is apprehended, the Department of Corrections or the Department of Juvenile Justice immediately shall notify the Prisoner Review Board and the Board shall notify the victim.

(4) The victim of the crime for which the prisoner has been sentenced shall receive reasonable written notice not less than 30 days prior to the parole or aftercare release hearing and may submit, in writing, on film, videotape or other electronic means or in the form of a recording or in person at the parole or aftercare release hearing or if a victim of a violent crime, by calling the toll-free number established in subsection (f) of this Section, information for consideration by the Prisoner Review Board. The provisions of this paragraph (4) are subject to the Open Parole Hearings Act.

(6) At the written or oral request of the victim of the crime for which the prisoner was sentenced or the State's Attorney of the county where the person seeking parole or aftercare release was prosecuted, the Prisoner Review Board shall notify the victim and the State's Attorney of the county where the person seeking parole or aftercare release was prosecuted of the death of the prisoner if the prisoner died while on parole or aftercare release or mandatory supervised release.

(7) When a defendant who has been committed to the Department of Corrections, the Department of Juvenile Justice, or the Department of Human Services is released or discharged and subsequently committed to the Department of Human Services as a sexually violent person and the victim had requested to be notified by the releasing authority of the defendant's discharge, conditional release, death, or escape from State custody, the releasing authority shall provide to the Department of Human Services such information that would allow the Department of Human Services to contact the victim.

(8) When a defendant has been convicted of a sex offense as defined in Section 2 of the Sex Offender Registration Act and has been sentenced to the Department of Corrections or the Department of Juvenile Justice, the Prisoner Review Board shall notify the victim of the sex offense of the prisoner's eligibility for release on parole, aftercare release, mandatory supervised release, electronic detention, work release, international transfer or exchange, or by the custodian of the discharge of any individual who was adjudicated a delinquent for a sex offense from State custody and by the sheriff of the appropriate county of any such person's final discharge from county custody. When, at the time of filing the application, the applicant or any person mentioned in the application is employed as an employment counsellor by a licensed employment agency in this State, the Department shall notify the agency of this fact.

(c) Once issued, a license may be renewed annually by furnishing the Department the required application fee, a letter from a surety stating that a sufficient bond is in force, and other documents necessary to complete the renewal. Failure to renew a license at its expiration date shall cause the license to lapse and it may only be reinstated by a new application.

(d) No license shall be transferrable, but a licensee may, with the approval of the Department, make changes in the structure of the business entity operating the agency, but no licensee shall permit any person not mentioned in the original application for a license to become a partner if such agency is a partnership, or an officer of the corporation if such agency is a corporation, unless the written consent of the Department of Labor shall first be obtained. Such consent may be withheld for any reason for which an original application might have been rejected, if the

person in question had been mentioned therein. No such change shall be permitted until the written consent of the surety or sureties on the bond required to be filed by Section 2 of this Act, to such change, is filed with the original bond. The Department shall be notified immediately of any change in the management of the agency so that at all times the identity of the person charged with the general management of the agency shall be known by the Department. A licensee may promote persons within its agency or change the titles and duties of existing agency personnel, other than the general manager, without notice to the Department.

Sec. 3. Records. It shall be the duty of every such licensed person to keep a complete record in the English language of all orders for employees which are received from prospective employers. Upon request of the Department, a licensee shall verify the date when the order was received, the name of the person recording the job order, the name and address of the employer seeking the services of an employee, the name of the person placing the order, the kind of employee requested, the qualifications required in the employee, the salary or wages to be paid if known, and the possible duration of the job. Prior to the placement of any job advertisement, an employment agency must have a current, bona fide job order, and must maintain a copy of both the advertisement and the job order in a register established specially for that purpose. The term "current, bona fide job order" shall be defined as a job order obtained by the employment agency within 30 days prior to the placement of the advertisement. A job order must be renewed after 45 days and must be annotated with the name of the representative of the prospective employer who authorized the renewal and the date on which the renewal was authorized.

Such employment agency shall also keep a complete record in the English language of each applicant to whom employment is offered or promised and who is sent out by the agency to secure a job or interview. This record, which shall be called the Applicant's Record, shall contain the date when the applicant was sent out for the job or interview, the name of the applicant, the name and address of the person or firm to whom sent, the type of job offered and the wages or salary proposed to be paid if known.

The agency shall also keep a record of all payments to it of any and all placement fees received and refunded. This record shall be called a Fee Transaction record. It shall contain the date of each transaction, the name

of the person making the remittance, the amount paid, a designation indicating whether the amount paid is in full or on account, the receipt number and the date and the amount of any refund.

Notwithstanding the provisions of this Act concerning the records required to be kept by employment agencies, the Director of Labor may by regulation permit teachers' agencies, medical agencies, nurses' registries, theatrical agencies, contract labor agencies, baby sitter agencies and such other agencies of a like nature who serve the needs of a specialized class of workers, to keep such records concerning job orders, listing of placed applicants, listing of available applicants and payments of fees by either the employer or the employee as the Department by regulation may approve.

The aforesaid records shall be kept in the agency for 3 years one year and shall be open during office hours to inspection by the Department and its duly qualified agents, or produced in response to a subpoena issued by the Attorney General in accordance with Section 10-104 of the Illinois Human Rights Act. No such licensee, or his employee, shall knowingly make any false entry in such records. It is a violation of this Act to falsify or fail to keep any of the aforesaid records.

(a) The enforcement of this Act shall be entrusted to the Department of Labor, which shall appoint such inspectors and officers as it may deem necessary to carry out the provisions of this Act. The Director of Labor or his authorized representative shall have the power to conduct investigations in connection with the administration and enforcement of this Act, and any investigator with the Department shall be authorized to visit and inspect such places and records as the Director of Labor may deem necessary or appropriate to determine if there has been a violation of this Act.

The notice shall identify the unlicensed entity, indicate that any contract between the unlicensed employment agency and the employer client is null and void, provide information regarding the Department's website that lists licensed employment agencies, and inform the employer of penalties for subsequent violations.

For a second violation by an employer, or if the first violation is not remedied within 10 days of notice by the Department, the Director may impose a civil penalty of up to $500 for each referral of an individual for employment accepted from an employment agency not licensed under Section 1.5.

For any violation by an employer after the second violation, the Director may impose a civil penalty of up to $1,500 for each referral of an individual for employment accepted from an employment agency not licensed under Section 1.5. If the first violation is not remedied within 30 days of notice by the Department, the Director may impose an additional civil penalty of up to $1,500 for every 30 days that passes thereafter.

(c) The Director of Labor may adopt rules for the conduct of hearings and collection of these penalties assessed under this Section in accordance with Section 12 of this Act. PUBLIC ACT 99-0425
(House Bill No. 0356)

AN ACT concerning criminal law.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

New matter indicated by italics - deletions by strikeout
Section 1. Short title. This Act may be cited as the Cook County Drug Analysis Field Test Pilot Program Act.

Section 5. Legislative findings and intent.
(a) The General Assembly finds that:

(1) The Cook County Jail consistently faces overcrowding issues, with the number of persons held in custody often near or exceeding the jail's capacity limits.

(2) The Cook County Jail population includes defendants held in custody, pending a preliminary examination to determine whether there is probable cause to believe that the defendant committed a criminal offense.

(3) Each person held in custody at the Cook County Jail costs the taxpayers of Cook County at least an estimated $143 per day, with even higher costs for those people in custody who require mental health treatment and services.

(4) If a person in custody is awaiting preliminary examination on an illegal substance offense in Cook County, the preliminary examination will not commence until the Cook County State's Attorney has received a drug chemistry laboratory report from the Department of State Police Division of Forensic Services indicating that a recovered substance in fact tested positive as an illegal substance. This process can take several weeks.

(5) Drug analysis field test devices are not currently utilized by law enforcement agencies in Cook County for preliminary examinations. If utilized, drug analysis field test devices may allow the Cook County State's Attorney to immediately determine whether probable cause exists to believe that a recovered substance is an illegal drug or narcotic.

(b) It is the intent of the General Assembly to create a Pilot Program making drug analysis field test devices available for use by law enforcement agencies within Cook County. It is also the intent of the General Assembly to explicitly allow the Cook County State's Attorney to use drug analysis field tests to establish probable cause at a preliminary examination, in lieu of waiting for the Department of State Police drug chemistry reports.

Section 10. Definitions. For purposes of this Act:
"Cannabis" has the meaning ascribed to it in Section 3 of the Cannabis Control Act.

New matter indicated by italics - deletions by strikeout
"Cocaine" is the same as described in paragraph (4) of subsection (b) of Section 206 of the Illinois Controlled Substances Act.
"Heroin" is the same as described in Section 204 of the Illinois Controlled Substances Act.
"Pilot Program" means the Cook County Drug Analysis Field Test Pilot Program.

Section 15. Establishment of the Pilot Program.
(a) The Cook County Drug Analysis Field Test Pilot Program is hereby authorized. The Pilot Program shall assess whether the use of field tests in Cook County will:
   (1) reduce the number of days a person would otherwise remain in custody awaiting drug chemistry reports;
   (2) result in expedited preliminary examinations for cannabis, cocaine, or heroin offenses; and
   (3) reduce the overall Cook County Jail population at a substantial cost savings to Cook County taxpayers.
(b) Within 30 days after the effective date of this Act, the Superintendent of Police for the City of Chicago shall create a Pilot Program that allows officers to use drug analysis field test devices for use in the Circuit Court of Cook County to determine whether a recovered substance is illegal cannabis, cocaine, or heroin. The Superintendent shall provide field test training and inventory procedures consistent with this purpose.
(c) But for good cause shown, the results of each field test performed under this Pilot Program shall be documented and offered by the Cook County State's Attorney as evidence to determine probable cause at a preliminary examination.
(d) For purposes of the preliminary examination only, the field test results shall be used in lieu of drug chemistry laboratory reports from the Department of State Police Division of Forensic Services. Where field test results indicate a recovered substance has tested positive for the presence of cannabis, cocaine, or heroin, the Cook County State's Attorney shall proceed to a preliminary examination as soon as practicable, regardless as to whether drug chemistry laboratory reports are available.
(e) For purposes of determining probable cause at a preliminary examination under Section 109-3 of the Code of Criminal Procedure of 1963 and in accordance with this Pilot Program:
   (1) Evidence of results of a properly performed drug analysis field test is admissible in a preliminary examination solely

New matter indicated by italics - deletions by strikeout
to establish that the substance tested is cannabis, cocaine, or heroin.

(2) Evidence of results of a properly performed drug analysis field test is sufficient to establish that the substance tested is cannabis, cocaine, or heroin for the purposes of a preliminary examination.

Section 20. Data collection. The Superintendent of Police for the City of Chicago shall notify the Director of the Cook County Department of Corrections each time a defendant is entered into custody subject to a drug analysis field test. The Superintendent, Cook County State's Attorney, and Director of the Cook County Department of Corrections shall tally the number of days each defendant remains in custody as part of the Pilot Program from arrest until preliminary examination and report this information to the Pilot Program Study Committee.

Section 25. Duration. The Pilot Program shall operate one year from the later of September 1, 2015 or 30 days after the effective date of this Act.

Section 30. Pilot Program Study Committee.

Section 85. The Code of Civil Procedure is amended by adding Section 8-804 as follows:

(735 ILCS 5/8-804 new)
Sec. 8-804. Confidential advisor.

(a) This Section is intended to protect students at higher education institutions in this State who are survivors of sexual violence from public disclosure of communications they make in confidence to confidential advisors. Because of the fear, stigma, and trauma that often result from incidents of sexual violence, many survivors hesitate to report or seek help, even when it is available at no cost to them. As a result, they not only fail to receive needed medical care and emergency counseling, but may lack the psychological support necessary to report the incident of sexual violence to the higher education institution or law enforcement.

(b) In this Section:
"Confidential advisor" means a person who is employed or contracted by a higher education institution to provide emergency and ongoing support to survivors of sexual violence with the training, duties,

"Survivor" means a student who has experienced sexual violence while enrolled at a higher education institution.

(c) All communications between a confidential advisor and a survivor pertaining to an incident of sexual violence shall remain confidential, unless the survivor consents to the disclosure of the communication in writing, the disclosure falls within one of the exceptions outlined in subsection (d) of this Section, or failure to disclose the communication would violate State or federal law. Communications include all records kept by the confidential advisor in the course of providing the survivor with services related to the incident of sexual violence.

(d) The confidential advisor may disclose confidential communications between the confidential advisor and the survivor if failure to disclose would result in a clear, imminent risk of serious physical injury to or death of the survivor or another person.

Sec. 3-6. Examination. The Department shall authorize examinations of applicants for licensure as cosmetologists and teachers of cosmetology at the times and places it may determine. The Department may provide by rule for the administration of the examination prior to the completion of the applicant's program of training as required in Section 3-2, 3-3, or 3-4. If an applicant for licensure as a cosmetologist fails to pass 3 examinations conducted by the Department, the applicant shall, before taking a subsequent examination, furnish evidence of not less than 250 hours of additional study of cosmetology in an approved school of cosmetology since the applicant last took the examination. If an applicant for licensure as a cosmetology teacher fails to pass 3 examinations conducted by the Department, the applicant shall, before taking a subsequent examination, furnish evidence of not less than 80 hours of additional study in teaching methodology and educational psychology in an approved school of cosmetology since the applicant last took the examination. An applicant who fails to pass the fourth examination shall not again be admitted to an examination unless: (i) in the case of an applicant for licensure as a cosmetologist, the applicant again takes and completes a program of 1500 hours in the study of cosmetology in an approved school of cosmetology extending over a period that commences after the applicant fails to pass the fourth examination and that is not less than 8 months nor more than 7 consecutive years in duration; (ii) in the case of an applicant for licensure as a cosmetology teacher, the applicant again takes and completes a program of 1000 hours of teacher training in an approved school of cosmetology, except that if the applicant had 2 years of practical experience as a licensed cosmetologist within the 5 years

preceding the initial examination taken by the applicant, the applicant must again take and complete a program of 500 hours of teacher training in an approved school of cosmetology, esthetics, or nail technology; or (iii) in the case of an applicant for licensure as a cosmetology clinic teacher, the applicant again takes and completes a program of 250 hours of clinic teacher training in a licensed school of cosmetology or an instructor's institute of 20 hours. The requirements for remedial training set forth in this Section may be waived in whole or in part by the Department upon proof to the Department that the applicant has demonstrated competence to again sit for the examination. The Department shall adopt rules establishing the standards by which this determination shall be made. Each cosmetology applicant shall be given a written examination testing both theoretical and practical knowledge, which shall include, but not be limited to, questions that determine the applicant's knowledge of product chemistry, sanitary rules, sanitary procedures, chemical service procedures, hazardous chemicals and exposure minimization, knowledge of the anatomy of the skin, scalp, hair, and nails as they relate to applicable services under this Act and labor and compensation laws.

The examination of applicants for licensure as a cosmetology, esthetics, or nail technology teacher may include all of the elements of the exam for licensure as a cosmetologist, esthetician, or nail technician and also include teaching methodology, classroom management, record keeping, and any other related subjects that the Department in its discretion may deem necessary to insure competent performance.

This Act does not prohibit the practice of cosmetology by one who has applied in writing to the Department, in form and substance satisfactory to the Department, for a license as a cosmetologist, or the teaching of cosmetology by one who has applied in writing to the Department, in form and substance satisfactory to the Department, for a license as a cosmetology teacher or cosmetology clinic teacher, if the person has complied with all the provisions of this Act in order to qualify for a license, except the passing of an examination to be eligible to receive a license, until: (a) the expiration of 6 months after the filing of the written application, (b) the decision of the Department that the applicant has failed to pass an examination within 6 months or failed without an approved excuse to take an examination conducted within 6 months by the Department, or (c) the withdrawal of the application.

Section 5. The Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois is amended by changing Section 2310-675 as follows:

(20 ILCS 2310/2310-675)
(Section scheduled to be repealed on January 1, 2016)
Sec. 2310-675. Hepatitis C Task Force.
(a) The General Assembly finds and declares the following:

(1) Viral hepatitis is a contagious and life-threatening disease that has a substantial and increasing effect upon the lifespans and quality of life of at least 5,000,000 persons living in the United States and as many as 180,000,000 worldwide. According to the U.S. Department of Health and Human Services (HHS), the chronic form of the hepatitis C virus (HCV) and hepatitis B virus (HBV) account for the vast majority of hepatitis-related mortalities in the U.S., yet as many as 65% to 75% of infected Americans remain unaware that they are infected with the virus, prompting the U.S. Centers for Disease Control and Prevention (CDC) to label these viruses as the silent epidemic. HCV and HBV are major public health problems that cause chronic liver diseases, such as cirrhosis, liver failure, and liver cancer. The 5-year survival rate for primary liver cancer is less than 5%. These viruses are also the leading cause of liver transplantation in the United States. While there is a vaccine for HBV, no vaccine exists for HCV. However, there are anti-viral treatments for HCV that can improve the prognosis or actually clear the virus from the patient's system. Unfortunately, the vast majority of infected patients remain unaware that they have the virus since there are generally no symptoms. Therefore, there is a dire need to aid the public in identifying certain risk factors that would warrant testing for these viruses. Millions of infected patients remain undiagnosed and continue to be at elevated risks for developing more serious complications. More needs to be done to educate the public about this disease and the risk factors that warrant testing. In some cases, infected patients play an unknowing role in further spreading this infectious disease.

(2) The existence of HCV was definitively published and discovered by medical researchers in 1989. Prior to this date, HCV is believed to have spread unchecked. The American Association for the Study of Liver Diseases (AASLD) recommends that

New matter indicated by italics - deletions by strikeout
primary care physicians screen all patients for a history of any viral hepatitis risk factor and test those individuals with at least one identifiable risk factor for the virus. Some of the most common risk factors have been identified by AASLD, HHS, and the U.S. Department of Veterans Affairs, as well as other public health and medical research organizations, and include the following:

(A) anyone who has received a blood transfusion prior to 1992;
(B) anyone who is a Vietnam-era veteran;
(C) anyone who has abnormal liver function tests;
(D) anyone infected with the HIV virus;
(E) anyone who has used a needle to inject drugs;
(F) any health care, emergency medical, or public safety worker who has been stuck by a needle or exposed to any mucosal fluids of an HCV-infected person; and
(G) any children born to HCV-infected mothers.

A 1994 study determined that Caucasian Americans statistically accounted for the most number of infected persons in the United States, while the highest incidence rates were among African and Hispanic Americans.

(3) In January of 2010, the Institute of Medicine (IOM), commissioned by the CDC, issued a comprehensive report entitled *Hepatitis and Liver Cancer: A National Strategy for Prevention and Control of Hepatitis B and C*. The key findings and recommendations from the IOM's report are (A) there is a lack of knowledge and awareness about chronic viral hepatitis on the part of health care and social service providers, (B) there is a lack of knowledge and awareness about chronic viral hepatitis among at-risk populations, members of the public, and policy makers, and (C) there is insufficient understanding about the extent and seriousness of the public health problem, so inadequate public resources are being allocated to prevention, control, and surveillance programs.

(4) In this same 2010 IOM report, researchers compared the prevalence and incidences of HCV, HBV, and HIV and found that, although there are only 1,100,000 HIV/AIDS infected persons in the United States and over 4,000,000 Americans infected with viral hepatitis, the percentage of those with HIV that are unaware they have HIV is only 21% as opposed to approximately 70% of those...
with viral hepatitis being unaware that they have viral hepatitis. It appears that public awareness of risk factors associated with each of these diseases could be a major factor in the alarming disparity between the percentage of the population that is infected with one of these blood viruses, but unaware that they are infected.

(5) In light of the widely varied nature of the risk factors mentioned in this subsection (a), the previous findings by the Institute of Medicine, and the clear evidence of the disproportional public awareness between HIV and viral hepatitis, it is clearly in the public interest for this State to establish a task force to gather testimony and develop an action plan to (A) increase public awareness of the risk factors for these viruses, (B) improve access to screening for these viruses, and (C) provide those infected with information about the prognosis, treatment options, and elevated risk of developing cirrhosis and liver cancer. There is clear and increasing evidence that many adults in Illinois and in the United States have at least one of the risk factors mentioned in this subsection (a).

(6) The General Assembly also finds that it is in the public interest to bring communities of Illinois-based veterans of American military service into familiarity with the issues created by this disease, because many veterans, especially Vietnam-era veterans, have at least one of the previously enumerated risk factors and are especially prone to being affected by this disease; and because veterans of American military service should enjoy in all cases, and do enjoy in most cases, adequate access to health care services that include medical management and care for preexisting and long-term medical conditions, such as infection with the hepatitis virus.

(b) There is established the Hepatitis C Task Force within the Department of Public Health. The purpose of the Task Force shall be to:

(1) develop strategies to identify and address the unmet needs of persons with hepatitis C in order to enhance the quality of life of persons with hepatitis C by maximizing productivity and independence and addressing emotional, social, financial, and vocational challenges of persons with hepatitis C;

(2) develop strategies to provide persons with hepatitis C greater access to various treatments and other therapeutic options that may be available; and

New matter indicated by italics - deletions by strikeout
(3) develop strategies to improve hepatitis C education and awareness.

(c) The Task Force shall consist of 17 members as follows:

(1) the Director of Public Health, the Director of Veterans' Affairs, and the Director of Human Services, or their designees, who shall serve ex officio;

(2) ten public members who shall be appointed by the Director of Public Health from the medical, patient, and service provider communities, including, but not limited to, HCV Support, Inc.; and

(3) four members of the General Assembly, appointed one each by the President of the Senate, the Minority Leader of the Senate, the Speaker of the House of Representatives, and the Minority Leader of the House of Representatives.

Vacancies in the membership of the Task Force shall be filled in the same manner provided for in the original appointments.

(d) The Task Force shall organize within 120 days following the appointment of a majority of its members and shall select a chairperson and vice-chairperson from among the members. The chairperson shall appoint a secretary, who need not be a member of the Task Force.

(e) The public members shall serve without compensation and shall not be reimbursed for necessary expenses incurred in the performance of their duties, unless funds become available to the Task Force.

(f) The Task Force shall be entitled to call to its assistance and avail itself of the services of the employees of any State, county, or municipal department, board, bureau, commission, or agency as it may require and as may be available to it for its purposes.

(g) The Task Force may meet and hold hearings as it deems appropriate.

(h) The Department of Public Health shall provide staff support to the Task Force.

(i) The Task Force shall report its findings and recommendations to the Governor and to the General Assembly, along with any legislative bills that it desires to recommend for adoption by the General Assembly, no later than December 31, 2015.

(j) The Task Force is abolished and this Section is repealed on January 1, 2016.

AN ACT concerning regulation.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Authorized Electronic Monitoring in Long-Term Care Facilities Act.

Section 5. Definitions. As used in this Act:
"Authorized electronic monitoring" means the placement and use of an electronic monitoring device by a resident in his or her room in accordance with this Act.
"Department" means the Department of Public Health.
"Electronic monitoring device" means a surveillance instrument with a fixed position video camera or an audio recording device, or a combination thereof, that is installed in a resident's room under the provisions of this Act and broadcasts or records activity or sounds occurring in the room.
"Facility" means an intermediate care facility for the developmentally disabled licensed under the ID/DD Community Care Act that has 30 beds or more, a long-term care for under age 22 facility licensed under the ID/DD Community Care Act, or a facility licensed under the Nursing Home Care Act.
"Resident" means a person residing in a facility.
"Resident's representative" has the meaning given to that term in (1) Section 1-123 of the Nursing Home Care Act if the resident resides in a facility licensed under the Nursing Home Care Act or (2) Section 1-123 of the ID/DD Community Care Act if the resident resides in a facility licensed under the ID/DD Community Care Act.

Section 10. Authorized electronic monitoring.
(a) A resident shall be permitted to conduct authorized electronic monitoring of the resident's room through the use of electronic monitoring devices placed in the room pursuant to this Act.
(b) Nothing in this Act shall be construed to allow the use of an electronic monitoring device to take still photographs or for the nonconsensual interception of private communications.
Section 15. Consent.

(a) Except as otherwise provided in this subsection, a resident, a resident's plenary guardian of the person, or the parent of a resident under the age of 18 must consent in writing on a notification and consent form prescribed by the Department to the authorized electronic monitoring in the resident's room. If the resident has not affirmatively objected to the authorized electronic monitoring and the resident's physician determines that the resident lacks the ability to understand and appreciate the nature and consequences of electronic monitoring, the following individuals may consent on behalf of the resident, in order of priority:

(1) a health care agent named under the Illinois Power of Attorney Act;
(2) a resident's representative, as defined in Section 5 of this Act;
(3) the resident's spouse;
(4) the resident's parent;
(5) the resident's adult child who has the written consent of the other adult children of the resident to act as the sole decision maker regarding authorized electronic monitoring; or
(6) the resident's adult brother or sister who has the written consent of the other adult siblings of the resident to act as the sole decision maker regarding authorized electronic monitoring.

(a-5) Prior to another person, other than a resident's plenary guardian of the person, consenting on behalf of a resident 18 years of age or older in accordance with this Section, the resident must be asked by that person, in the presence of a facility employee, if he or she wants authorized electronic monitoring to be conducted. The person must explain to the resident:

(1) the type of electronic monitoring device to be used;
(2) the standard conditions that may be placed on the electronic monitoring device's use, including those listed in paragraph (7) of subsection (b) of Section 20;
(3) with whom the recording may be shared according to Section 45; and
(4) the resident's ability to decline all recording.

For the purposes of this subsection, a resident affirmatively objects when he or she orally, visually, or through the use of auxiliary aids or services declines authorized electronic monitoring. The resident's response must be documented on the notification and consent form.

New matter indicated by italics - deletions by strikeout
(b) A resident or roommate may consent to authorized electronic monitoring with any conditions of the resident's choosing, including, but not limited to, the list of standard conditions provided in paragraph (7) of subsection (b) of Section 20. A resident or roommate may request that the electronic monitoring device be turned off or the visual recording component of the electronic monitoring device be blocked at any time.

(c) Prior to the authorized electronic monitoring, a resident must obtain the written consent of any other resident residing in the room on the notification and consent form prescribed by the Department. Except as otherwise provided in this subsection, a roommate, a roommate's plenary guardian of the person, or the parent of a roommate under the age of 18 must consent in writing to the authorized electronic monitoring in the resident's room. If the roommate has not affirmatively objected to the authorized electronic monitoring in accordance with subsection (a-5) and the roommate's physician determines that the roommate lacks the ability to understand and appreciate the nature and consequences of electronic monitoring, the following individuals may consent on behalf of the roommate, in order of priority:

(1) a health care agent named under the Illinois Power of Attorney Act;
(2) a roommate's resident's representative, as defined in Section 5 of this Act;
(3) the roommate's spouse;
(4) the roommate's parent;
(5) the roommate's adult child who has the written consent of the other adult children of the resident to act as the sole decision maker regarding authorized electronic monitoring; or
(6) the roommate's adult brother or sister who has the written consent of the other adult siblings of the resident to act as the sole decision maker regarding authorized electronic monitoring.

(c-5) Consent by a roommate under subsection (c) authorizes the resident's use of any recording obtained under this Act, as provided in Section 45 of this Act.

(c-7) Any resident previously conducting authorized electronic monitoring must obtain consent from any new roommate before the resident may resume authorized electronic monitoring. If a new roommate does not consent to authorized electronic monitoring and the resident conducting the authorized electronic monitoring does not remove or
disable the electronic monitoring device, the facility may turn off the
device.

(d) Consent may be withdrawn by the resident or roommate at any
time, and the withdrawal of consent shall be documented in the resident's
clinical record. If a roommate withdraws consent and the resident
conducting the authorized electronic monitoring does not remove or
disable the electronic monitoring device, the facility may turn off the
electronic monitoring device.

(e) If a resident who is residing in a shared room wants to conduct
authorized electronic monitoring and another resident living in or moving
into the same shared room refuses to consent to the use of an electronic
monitoring device, the facility shall make a reasonable attempt to
accommodate the resident who wants to conduct authorized electronic
monitoring. A facility has met the requirement to make a reasonable
attempt to accommodate a resident who wants to conduct authorized
electronic monitoring when upon notification that a roommate has not
consented to the use of an electronic monitoring device in his or her room,
the facility offers to move either resident to another shared room that is
available at the time of the request. If a resident chooses to reside in a
private room in order to accommodate the use of an electronic monitoring
device, the resident must pay the private room rate. If a facility is unable to
accommodate a resident due to lack of space, the facility must reevaluate
the request every 2 weeks until the request is fulfilled.

Section 20. Notice to the facility.

(a) Authorized electronic monitoring may begin only after a
notification and consent form prescribed by the Department has been
completed and submitted to the facility.

(b) A resident shall notify the facility in writing of his or her intent
to install an electronic monitoring device by providing a completed
notification and consent form prescribed by the Department that must
include, at minimum, the following information:

(1) the resident's signed consent to electronic monitoring or
the signature of the person consenting on behalf of the resident in
accordance with Section 15 of this Act; if a person other than the
resident signs the consent form, the form must document the
following:

(A) the date the resident was asked if he or she
wants authorized electronic monitoring to be conducted in
accordance with subsection (a-5) of Section 15;

New matter indicated by italics - deletions by strikeout
(B) who was present when the resident was asked; and

(C) an acknowledgement that the resident did not affirmatively object; and

(2) the resident's roommate's signed consent or the signature of the person consenting on behalf of the resident in accordance with Section 15 of this Act, if applicable, and any conditions placed on the roommate's consent; if a person other than the roommate signs the consent form, the form must document the following:

(A) the date the roommate was asked if he or she wants authorized electronic monitoring to be conducted in accordance with subsection (a-5) of Section 15;

(B) who was present when the roommate was asked; and

(3) the type of electronic monitoring device to be used;

(4) any installation needs, such as mounting of a device to a wall or ceiling;

(5) the proposed date of installation for scheduling purposes;

(6) a copy of any contract for maintenance of the electronic monitoring device by a commercial entity;

(7) a list of standard conditions or restrictions that the resident or a roommate may elect to place on use of the electronic monitoring device, including, but not limited to:

(A) prohibiting audio recording;

(B) prohibiting broadcasting of audio or video;

(C) turning off the electronic monitoring device or blocking the visual recording component of the electronic monitoring device for the duration of an exam or procedure by a health care professional;

(D) turning off the electronic monitoring device or blocking the visual recording component of the electronic monitoring device while dressing or bathing is performed; and

(E) turning the electronic monitoring device off for the duration of a visit with a spiritual advisor, ombudsman,

attorney, financial planner, intimate partner, or other visitor; and
(8) any other condition or restriction elected by the resident or roommate on the use of an electronic monitoring device.

(c) A copy of the completed notification and consent form shall be placed in the resident's and any roommate's clinical record and a copy shall be provided to the resident and his or her roommate, if applicable.

(d) The Department shall prescribe the notification and consent form required in this Section no later than 60 days after the effective date of this Act. If the Department has not prescribed such a form by that date, the Office of the Attorney General shall post a notification and consent form on its website for resident use until the Department has prescribed the form.

Section 25. Cost and installation.
(a) A resident choosing to conduct authorized electronic monitoring must do so at his or her own expense, including paying purchase, installation, maintenance, and removal costs.

(b) If a resident chooses to install an electronic monitoring device that uses Internet technology for visual or audio monitoring, that resident is responsible for contracting with an Internet service provider.

(c) The facility shall make a reasonable attempt to accommodate the resident's installation needs, including, but not limited to, allowing access to the facility's telecommunications or equipment room. A facility has the burden of proving that a requested accommodation is not reasonable.

(d) The electronic monitoring device must be placed in a conspicuously visible location in the room.

(e) A facility may not charge the resident a fee for the cost of electricity used by an electronic monitoring device.

(f) All electronic monitoring device installations and supporting services shall comply with the requirements of the National Fire Protection Association (NFPA) 101 Life Safety Code (2000 edition).

(b) The Department shall distribute up to $50,000 in funds on an annual basis to residents receiving medical assistance under Article V of
the Illinois Public Aid Code for the purchase and installation of authorized
electronic monitoring devices.
  (c) Applications for funds and disbursement of funds must be made
in a manner prescribed by the Department.

Section 30. Notice to visitors.
  (a) If a resident of a facility conducts authorized electronic
monitoring, a sign shall be clearly and conspicuously posted at all building
entrances accessible to visitors. The notice must be entitled "Electronic
Monitoring" and must state, in large, easy-to-read type, "The rooms of
some residents may be monitored electronically by or on behalf of the
residents."

  (b) A sign shall be clearly and conspicuously posted at the entrance
to a resident's room where authorized electronic monitoring is being
conducted. The notice must state, in large, easy-to-read type, "This room is
electronically monitored."
  (c) The facility is responsible for installing and maintaining the
signage required in this Section.

Section 40. Obstruction of electronic monitoring devices.
  (a) A person or entity is prohibited from knowingly hampering,
obstructing, tampering with, or destroying an electronic monitoring device
installed in a resident's room without the permission of the resident or the
individual who consented on behalf of the resident in accordance with
Section 15 of this Act.

  (b) A person or entity is prohibited from knowingly hampering,
obstructing, tampering with, or destroying a video or audio recording
obtained in accordance with this Act without the permission of the resident
or the individual who consented on behalf of the resident in accordance
with Section 15 of this Act.

  (c) A person or entity that violates this Section is guilty of a Class
B misdemeanor. A person or entity that violates this Section in the
commission of or to conceal a misdemeanor offense is guilty of a Class A
misdemeanor. A person or entity that violates this Section in the
commission of or to conceal a felony offense is guilty of a Class 4 felony.

  (d) It is not a violation of this Section if a person or facility turns
off the electronic monitoring device or blocks the visual recording
component of the electronic monitoring device at the direction of the
resident or the person who consented on behalf of the resident in
accordance with Section 15 of this Act.

Section 45. Dissemination of recordings.

(c) The resident or person who consented on behalf of the resident in accordance with Section 15 of this Act shall provide a copy of any video or audio recording to parties involved in a civil, criminal, or administrative proceeding, upon a party's request, if the video or audio recording was made during the time period that the conduct at issue in the proceeding allegedly occurred.

Section 50. Admissibility of evidence. Subject to applicable rules of evidence and procedure, any video or audio recording created through authorized electronic monitoring in accordance with this Act may be admitted into evidence in a civil, criminal, or administrative proceeding if the contents of the recording have not been edited or artificially enhanced and the video recording includes the date and time the events occurred.

Section 55. Report. Each facility shall report to the Department, in a manner prescribed by the Department, the number of authorized electronic monitoring notification and consent forms received annually. (a) Every insurer shall provide in each group or individual policy, contract, or certificate of insurance issued or renewed for persons who are residents of this State, coverage for screening by low-dose mammography for all women 35 years of age or older for the presence of occult breast cancer within the provisions of the policy, contract, or certificate. The coverage shall be as follows:

1. A baseline mammogram for women 35 to 39 years of age.
2. An annual mammogram for women 40 years of age or older.

4. A comprehensive ultrasound screening of an entire breast or breasts if a mammogram demonstrates heterogeneous or dense breast tissue, when medically necessary as determined by a physician licensed to practice medicine in all of its branches.
5. A screening MRI when medically necessary, as determined by a physician licensed to practice medicine in all of its branches.

For purposes of this Section, "low-dose mammography" means the x-ray examination of the breast using equipment dedicated specifically for mammography, including the x-ray tube, filter, compression device, and

image receptor, with radiation exposure delivery of less than 1 rad per breast for 2 views of an average size breast. The term also includes digital mammography.

(a-5) Coverage as described by subsection (a) shall be provided at no cost to the insured and shall not be applied to an annual or lifetime maximum benefit.

(a-10) When health care services are available through contracted providers and a person does not comply with plan provisions specific to the use of contracted providers, the requirements of subsection (a-5) are not applicable. When a person does not comply with plan provisions specific to the use of non-contracted providers, plan provisions specific to the use of non-contracted providers must be applied without distinction for coverage required by this Section and shall be at least as favorable as for other radiological examinations covered by the policy or contract.

(b) No policy of accident or health insurance that provides for the surgical procedure known as a mastectomy shall be issued, amended, delivered, or renewed in this State unless that coverage also provides for prosthetic devices or reconstructive surgery incident to the mastectomy. As used in this Section, "mastectomy" means the removal of all or part of the breast for medically necessary reasons, as determined by a licensed physician.

Written notice of the availability of coverage under this Section shall be delivered to the insured upon enrollment and annually thereafter. An insurer may not deny to an insured eligibility, or continued eligibility,

An insurer may not penalize or reduce or limit the reimbursement of an attending provider or provide incentives (monetary or otherwise) to an attending provider to induce the provider to provide care to an insured in a manner inconsistent with this Section.

(c) Rulemaking authority to implement this amendatory Act of the 95th General Assembly, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

The Illinois Department may require that all dispensers of medical services desiring to participate in the medical assistance program established under this Article disclose, under such terms and conditions as the Illinois Department may by rule establish, all inquiries from clients and attorneys regarding medical bills paid by the Illinois Department, which inquiries could indicate potential existence of claims or liens for the Illinois Department.

The Department has the discretion to limit the conditional enrollment period for vendors based upon category of risk of the vendor.

To be eligible for payment consideration, a vendor's payment claim or bill, either as an initial claim or as a resubmitted claim following prior rejection, must be received by the Illinois Department, or its fiscal intermediary, no later than 180 days after the latest date on the claim on which medical goods or services were provided, with the following exceptions:

Confirmation numbers assigned to an accepted transaction shall be retained by a facility to verify timely submittal. Once an admission transaction has been completed, all resubmitted claims following prior rejection are subject to receipt no later than 180 days after the admission transaction has been completed.

Claims that are not submitted and received in compliance with the foregoing requirements shall not be eligible for payment under the medical assistance program, and the State shall have no liability for payment of those claims.

To the extent consistent with applicable information and privacy, security, and disclosure laws, State and federal agencies and departments shall provide the Illinois Department access to confidential and other information and data necessary to perform eligibility and payment verifications and other Illinois Department functions. New matter indicated by italics - deletions by strikeout
Sec. 9-10. Disclosure of contributions and expenditures.

(a) The treasurer of every political committee shall file with the Board reports of campaign contributions and expenditures as required by this Section on forms to be prescribed or approved by the Board.

(b) Every political committee shall file quarterly reports of campaign contributions, expenditures, and independent expenditures. The reports shall cover the period January 1 through March 31, April 1 through June 30, July 1 through September 30, and October 1 through December 31 of each year. A political committee shall file quarterly reports no later than the 15th day of the month following each period. Reports of contributions and expenditures must be filed to cover the prescribed time periods even though no contributions or expenditures may have been received or made during the period. The Board shall assess a civil penalty not to exceed $5,000 for failure to file a report required by this subsection. The fine, however, shall not exceed $1,000 for a first violation if the committee files less than 10 days after the deadline. There shall be no fine if the report is mailed and postmarked at least 72 hours prior to the filing deadline. When considering the amount of the fine to be imposed, the Board shall consider whether the violation was committed inadvertently, negligently, knowingly, or intentionally and any past violations of this Section.

(c) A political committee shall file a report of any contribution of $1,000 or more electronically with the Board within 5 business days after receipt of the contribution, except that the report shall be filed within 2 business days after receipt if (i) the contribution is received 30 or fewer days before the date of an election and (ii) the political committee supports or opposes a candidate or public question on the ballot at that election or makes expenditures in excess of $500 on behalf of or in opposition to a candidate, candidates, a public question, or public questions on the ballot at that election. The State Board shall allow filings of reports of contributions of $1,000 or more by political committees that are not required to file electronically to be made by facsimile transmission. The Board shall assess a civil penalty for failure to file a report required by this subsection. Failure to report each contribution is a separate violation of this subsection. The Board shall impose fines for willful or wanton violations of this subsection (c) not to exceed 150% of the total amount of the contributions that were untimely reported, but in no case shall it be less than 10% of the total amount of the contributions that were untimely reported. When considering the amount of the fine to be imposed for
willful or wanton violations, the Board shall consider the number of days
the contribution was reported late and past violations of this Section and
Section 9-3. The Board may impose a fine for negligent or inadvertent
violations of this subsection not to exceed 50% of the total amount of the
contributions that were untimely reported, or the Board may waive the
fine. When considering whether to impose a fine and the amount of the
fine, the Board shall consider the following factors: (1) whether the
political committee made an attempt to disclose the contribution and any
attempts made to correct the violation, (2) whether the violation is
attributed to a clerical or computer error, (3) the amount of the
contribution, (4) whether the violation arose from a discrepancy between
the date the contribution was reported transferred by a political committee
and the date the contribution was received by a political committee, (5) the
number of days the contribution was reported late, and (6) past violations
of this Section and Section 9-3 by the political committee.

(d) For the purpose of this Section, a contribution is considered
received on the date (i) a monetary contribution was deposited in a bank,
financial institution, or other repository of funds for the committee, (ii) the
date a committee receives notice a monetary contribution was deposited by
an entity used to process financial transactions by credit card or other
entity used for processing a monetary contribution that was deposited in a
bank, financial institution, or other repository of funds for the committee,
or (iii) the public official, candidate, or political committee receives the
notification of contribution of goods or services as required under
subsection (b) of Section 9-6.

(e) A political committee that makes independent expenditures of
$1,000 or more shall file a report electronically with the Board within 5
business days after making the independent expenditure, except that the
report shall be filed within 2 business days after making the independent
expenditure during the 60-day period before an election during the period
30 days or fewer before an election shall electronically file a report with
the Board within 5 business days after making the independent
expenditure. The report shall contain the information required in Section
9-11(c) of this Article.

(e-5) An independent expenditure committee that makes an
independent expenditure supporting or opposing a public official or
candidate that, alone or in combination with any other independent
expenditure made by that independent expenditure committee supporting
or opposing that public official or candidate during the election cycle,

equals an aggregate value of more than (i) $250,000 for statewide office or (ii) $100,000 for all other elective offices must file a written disclosure with the State Board of Elections within 2 business days after making any expenditure that results in the independent expenditure committee exceeding the applicable threshold. The Board shall assess a civil penalty against an independent expenditure committee for failure to file the disclosure required by this subsection not to exceed (i) $500 for an initial failure to file the required disclosure and (ii) $1,000 for each subsequent failure to file the required disclosure.

urban district for 24 hours or more, its removal by a towing service may be authorized by a law enforcement agency having jurisdiction.

(d) When an abandoned, unattended, wrecked, burned or partially dismantled vehicle is creating a traffic hazard because of its position in relation to the highway or its physical appearance is causing the impeding of traffic, its immediate removal from the highway or private property adjacent to the highway by a towing service may be authorized by a law enforcement agency having jurisdiction.

(e) Whenever a peace officer reasonably believes that a person under arrest for a violation of Section 11-501 of this Code or a similar provision of a local ordinance is likely, upon release, to commit a subsequent violation of Section 11-501, or a similar provision of a local ordinance, the arresting officer shall have the vehicle which the person was operating at the time of the arrest impounded for a period of not more than 12 hours after the time of arrest. However, such vehicle may be released by the arresting law enforcement agency prior to the end of the impoundment period if:

(1) the vehicle was not owned by the person under arrest, and the lawful owner requesting such release possesses a valid operator's license, proof of ownership, and would not, as determined by the arresting law enforcement agency, indicate a lack of ability to operate a motor vehicle in a safe manner, or who would otherwise, by operating such motor vehicle, be in violation of this Code; or

(2) the vehicle is owned by the person under arrest, and the person under arrest gives permission to another person to operate such vehicle, provided however, that the other person possesses a valid operator's license and would not, as determined by the arresting law enforcement agency, indicate a lack of ability to operate a motor vehicle in a safe manner or who would otherwise, by operating such motor vehicle, be in violation of this Code.

(e-5) Whenever a registered owner of a vehicle is taken into custody for operating the vehicle in violation of Section 11-501 of this Code or a similar provision of a local ordinance or Section 6-303 of this Code, a law enforcement officer may have the vehicle immediately impounded for a period not less than:

(2) 48 hours for a third violation of Section 11-501 of this Code or a similar provision of a local ordinance or Section 6-303 of this Code or a combination of these offenses.

The vehicle may be released sooner if the vehicle is owned by the person under arrest and the person under arrest gives permission to another person to operate the vehicle and that other person possesses a valid operator's license and would not, as determined by the arresting law enforcement agency, indicate a lack of ability to operate a motor vehicle in a safe manner or would otherwise, by operating the motor vehicle, be in violation of this Code.

(f) Except as provided in Chapter 18a of this Code, the owner or lessor of privately owned real property within this State, or any person authorized by such owner or lessor, or any law enforcement agency in the case of publicly owned real property may cause any motor vehicle abandoned or left unattended upon such property without permission to be removed by a towing service without liability for the costs of removal, transportation or storage or damage caused by such removal, transportation or storage. The towing or removal of any vehicle from private property without the consent of the registered owner or other legally authorized person in control of the vehicle is subject to compliance with the following conditions and restrictions:

1. Any towed or removed vehicle must be stored at the site of the towing service's place of business. The site must be open during business hours, and for the purpose of redemption of vehicles, during the time that the person or firm towing such vehicle is open for towing purposes.

2. The towing service shall within 30 minutes of completion of such towing or removal, notify the law enforcement agency having jurisdiction of such towing or removal, and the make, model, color and license plate number of the vehicle, and shall obtain and record the name of the person at the law enforcement agency to whom such information was reported.

3. If the registered owner or legally authorized person entitled to possession of the vehicle shall arrive at the scene prior to actual removal or towing of the vehicle, the vehicle shall be disconnected from the tow truck and that person shall be allowed to remove the vehicle without interference, upon the payment of a reasonable service fee of not more than one half the posted rate of

the towing service as provided in paragraph 6 of this subsection, for which a receipt shall be given.

4. The rebate or payment of money or any other valuable consideration from the towing service or its owners, managers or employees to the owners or operators of the premises from which the vehicles are towed or removed, for the privilege of removing or towing those vehicles, is prohibited. Any individual who violates this paragraph shall be guilty of a Class A misdemeanor.

5. Except for property appurtenant to and obviously a part of a single family residence, and except for instances where notice is personally given to the owner or other legally authorized person in control of the vehicle that the area in which that vehicle is parked is reserved or otherwise unavailable to unauthorized vehicles and they are subject to being removed at the owner or operator's expense, any property owner or lessor, prior to towing or removing any vehicle from private property without the consent of the owner or other legally authorized person in control of that vehicle, must post a notice meeting the following requirements:

   a. Except as otherwise provided in subparagraph a.1 of this subdivision (f)5, the notice must be prominently placed at each driveway access or curb cut allowing vehicular access to the property within 5 feet from the public right-of-way line. If there are no curbs or access barriers, the sign must be posted not less than one sign each 100 feet of lot frontage.

   a.1. In a municipality with a population of less than 250,000, as an alternative to the requirement of subparagraph a of this subdivision (f)5, the notice for a parking lot contained within property used solely for a 2-family, 3-family, or 4-family residence may be prominently placed at the perimeter of the parking lot, in a position where the notice is visible to the occupants of vehicles entering the lot.

   b. The notice must indicate clearly, in not less than 2 inch high light-reflective letters on a contrasting background, that unauthorized vehicles will be towed away at the owner's expense.
c. The notice must also provide the name and current telephone number of the towing service towing or removing the vehicle.

d. The sign structure containing the required notices must be permanently installed with the bottom of the sign not less than 4 feet above ground level, and must be continuously maintained on the property for not less than 24 hours prior to the towing or removing of any vehicle.

6. Any towing service that tows or removes vehicles and proposes to require the owner, operator, or person in control of the vehicle to pay the costs of towing and storage prior to redemption of the vehicle must file and keep on record with the local law enforcement agency a complete copy of the current rates to be charged for such services, and post at the storage site an identical rate schedule and any written contracts with property owners, lessors, or persons in control of property which authorize them to remove vehicles as provided in this Section. The towing and storage charges, however, shall not exceed the maximum allowed by the Illinois Commerce Commission under Section 18a-200.

7. No person shall engage in the removal of vehicles from private property as described in this Section without filing a notice of intent in each community where he intends to do such removal, and such notice shall be filed at least 7 days before commencing such towing.

8. No removal of a vehicle from private property shall be done except upon express written instructions of the owners or persons in charge of the private property upon which the vehicle is said to be trespassing.

9. Vehicle entry for the purpose of removal shall be allowed with reasonable care on the part of the person or firm towing the vehicle. Such person or firm shall be liable for any damages occasioned to the vehicle if such entry is not in accordance with the standards of reasonable care.

9.5. Except as authorized by a law enforcement officer, no towing service shall engage in the removal of a commercial motor vehicle that requires a commercial driver's license to operate by operating the vehicle under its own power on a highway.

10. When a vehicle has been towed or removed pursuant to this Section, it must be released to its owner or custodian within

one half hour after requested, if such request is made during business hours. Any vehicle owner or custodian or agent shall have the right to inspect the vehicle before accepting its return, and no release or waiver of any kind which would release the towing service from liability for damages incurred during the towing and storage may be required from any vehicle owner or other legally authorized person as a condition of release of the vehicle. A detailed, signed receipt showing the legal name of the towing service must be given to the person paying towing or storage charges at the time of payment, whether requested or not.

This Section shall not apply to law enforcement, firefighting, rescue, ambulance, or other emergency vehicles which are marked as such or to property owned by any governmental entity.

When an authorized person improperly causes a motor vehicle to be removed, such person shall be liable to the owner or lessee of the vehicle for the cost or removal, transportation and storage, any damages resulting from the removal, transportation and storage, attorney's fee and court costs.

Any towing or storage charges accrued shall be payable by the use of any major credit card, in addition to being payable in cash.

11. Towing companies shall also provide insurance coverage for areas where vehicles towed under the provisions of this Chapter will be impounded or otherwise stored, and shall adequately cover loss by fire, theft or other risks.

Any person who fails to comply with the conditions and restrictions of this subsection shall be guilty of a Class C misdemeanor and shall be fined not less than $100 nor more than $500.

(g)(1) When a vehicle is determined to be a hazardous dilapidated motor vehicle pursuant to Section 11-40-3.1 of the Illinois Municipal Code or Section 5-12002.1 of the Counties Code, its removal and impoundment by a towing service may be authorized by a law enforcement agency with appropriate jurisdiction.

(2) When a vehicle removal from either public or private property is authorized by a law enforcement agency, the owner of the vehicle shall be responsible for all towing and storage charges.

(3) Vehicles removed from public or private property and stored by a commercial vehicle relocator or any other towing service authorized by a law enforcement agency in compliance with this Section and Sections 4-201 and 4-202 of this Code, or at the request of the vehicle owner or

operator, shall be subject to a possessor lien for services pursuant to the Labor and Storage Lien (Small Amount) Act. The provisions of Section 1 of that Act relating to notice and implied consent shall be deemed satisfied by compliance with Section 18a-302 and subsection (6) of Section 18a-300. In no event shall such lien be greater than the rate or rates established in accordance with subsection (6) of Section 18a-200 of this Code. In no event shall such lien be increased or altered to reflect any charge for services or materials rendered in addition to those authorized by this Act. Every such lien shall be payable by use of any major credit card, in addition to being payable in cash.

(4) Any personal property belonging to the vehicle owner in a vehicle subject to a lien under this subsection (g) shall likewise be subject to that lien, excepting only: child restraint systems as defined in Section 4 of the Child Passenger Protection Act and other child booster seats; eyeglasses; food; medicine; perishable property; any operator's licenses; any cash, credit cards, or checks or checkbooks; any wallet, purse, or other property containing any operator's license or other identifying documents or materials, cash, credit cards, checks, or checkbooks; and any personal property belonging to a person other than the vehicle owner if that person provides adequate proof that the personal property belongs to that person. The spouse, child, mother, father, brother, or sister of the vehicle owner may claim personal property excepted under this paragraph (4) if the person claiming the personal property provides the commercial vehicle relocator or towing service with the authorization of the vehicle owner.

(5) This paragraph (5) applies only in the case of a vehicle that is towed as a result of being involved in an accident. In addition to the personal property excepted under paragraph (4), all other personal property in a vehicle subject to a lien under this subsection (g) is exempt from that lien and may be claimed by the vehicle owner if the vehicle owner provides the commercial vehicle relocator or towing service with proof that the vehicle owner has an insurance policy covering towing and storage fees. The spouse, child, mother, father, brother, or sister of the vehicle owner may claim personal property in a vehicle subject to a lien under this subsection (g) if the person claiming the personal property provides the commercial vehicle relocator or towing service with the authorization of the vehicle owner and proof that the vehicle owner has an insurance policy covering towing and storage fees. The regulation of liens on personal property and exceptions to those liens in the case of vehicles towed as a result of being involved in an accident are exclusive powers and functions.
of the State. A home rule unit may not regulate liens on personal property and exceptions to those liens in the case of vehicles towed as a result of being involved in an accident. This paragraph (5) is a denial and limitation of home rule powers and functions under subsection (h) of Section 6 of Article VII of the Illinois Constitution.

(6) No lien under this subsection (g) shall: exceed $2,000 in its total amount; or be increased or altered to reflect any charge for services or materials rendered in addition to those authorized by this Act.

(h) Whenever a peace officer issues a citation to a driver for a violation of subsection (a) of Section 11-506 of this Code, the arresting officer may have the vehicle which the person was operating at the time of the arrest impounded for a period of 5 days after the time of arrest. An impounding agency shall release a motor vehicle impounded under this subsection (h) to the registered owner of the vehicle under any of the following circumstances:

(1) If the vehicle is a stolen vehicle; or
(2) If the person ticketed for a violation of subsection (a) of Section 11-506 of this Code was not authorized by the registered owner of the vehicle to operate the vehicle at the time of the violation; or
(3) If the registered owner of the vehicle was neither the driver nor a passenger in the vehicle at the time of the violation or was unaware that the driver was using the vehicle to engage in street racing; or
(4) If the legal owner or registered owner of the vehicle is a rental car agency; or
(5) If, prior to the expiration of the impoundment period specified above, the citation is dismissed or the defendant is found not guilty of the offense.

(i) Except for vehicles exempted under subsection (b) of Section 7-601 of this Code, whenever a law enforcement officer issues a citation to a driver for a violation of Section 3-707 of this Code, and the driver has a prior conviction for a violation of Section 3-707 of this Code in the past 12 months, the arresting officer shall authorize the removal and impoundment of the vehicle by a towing service.

(625 ILCS 5/4-203.5 new)
Sec. 4-203.5. Tow rotation list.

New matter indicated by italics - deletions by strikeout
(a) Each law enforcement agency whose duties include the patrol of highways in this State shall maintain a tow rotation list which shall be used by law enforcement officers authorizing the tow of a vehicle within the jurisdiction of the law enforcement agency. To ensure adequate response time, a law enforcement agency may maintain multiple tow rotation lists, with each tow rotation list covering tows authorized in different geographic locations within the jurisdiction of the law enforcement agency. A towing service may be included on more than one tow rotation list.

(b) Any towing service operating within the jurisdiction of a law enforcement agency may submit an application in a form and manner prescribed by the law enforcement agency for inclusion on the law enforcement agency's tow rotation list. The towing service does not need to be located within the jurisdiction of the law enforcement agency. To be included on a tow rotation list the towing service must meet the following requirements:

(1) possess a license permitting the towing service to operate in every unit of local government in the law enforcement agency's jurisdiction that requires a license for the operation of a towing service;

(2) if required by the law enforcement agency for inclusion on that law enforcement agency's tow rotation list, each owner of the towing service and each person operating a vehicle on behalf of the towing service shall submit his or her fingerprints to the Department of State Police in the form and manner prescribed by the Department of State Police. These fingerprints should be transmitted through a live scan fingerprint vendor licensed by the Department of Financial and Professional Regulation. These fingerprints shall be checked against the fingerprint records now and hereafter filed in the Department of State Police and Federal Bureau of Investigation criminal history records databases. The Department of State Police shall charge a fee for conducting the criminal history record check, which shall be deposited in the State Police Services Fund and shall not exceed the actual cost of the State and national criminal history record check. The Department of State Police shall furnish, pursuant to positive identification, all Illinois conviction information to the law enforcement agency maintaining the tow rotation list and shall forward the national criminal history record information to the law enforcement agency.

maintaining the tow rotation list. A person may not own a towing service or operate a vehicle on behalf of a towing service included on a tow rotation list if that person has been convicted during the 5 years preceding the application of a criminal offense involving one or more of the following:

(A) bodily injury or attempt to inflict bodily injury to another person;
(B) theft of property or attempted theft of property; or
(C) sexual assault or attempted sexual assault of any kind;

(3) each person operating a vehicle on behalf of the towing service must be classified for the type of towing operation he or she shall be performing and the vehicle he or she shall be operating;

(4) possess and maintain the following insurance in addition to any other insurance required by law:

(A) comprehensive automobile liability insurance with a minimum combined single limit coverage of $1,000,000;

(B) commercial general liability insurance with limits of not less than $1,000,000 per occurrence, $100,000 minimum garage keepers legal liability insurance, and $100,000 minimum on-hook coverage or cargo insurance; and

(C) a worker's compensation policy covering every person operating a tow truck on behalf of the towing service, if required under current law;

(5) possess a secure parking lot used for short-term vehicle storage after a vehicle is towed that is open during business hours and is equipped with security features as required by the law enforcement agency;

(6) utilize only vehicles that possess a valid vehicle registration, display a valid Illinois license plate in accordance with Section 5-202 of this Code, and comply with the weight requirements of this Code;

(7) every person operating a towing or recovery vehicle on behalf of the towing service must have completed a Traffic Incident

Management Training Program approved by the Department of Transportation;

(8) hold a valid authority issued to it by the Illinois Commerce Commission;

(9) comply with all other applicable federal, State, and local laws; and

(10) comply with any additional requirements the applicable law enforcement agency deems necessary.

The law enforcement agency may select which towing services meeting the requirements of this subsection (b) shall be included on a tow rotation list. The law enforcement agency may choose to have only one towing service on its tow rotation list. Complaints regarding the process for inclusion on a tow rotation list or the use of a tow rotation list may be referred in writing to the head of the law enforcement agency administering that tow rotation list. The head of the law enforcement agency shall make the final determination as to which qualified towing services shall be included on a tow rotation list, and shall not be held liable for the exclusion of any towing service from a tow rotation list.

(c) Whenever a law enforcement officer initiates a tow of a vehicle, the officer shall contact his or her law enforcement agency and inform the agency that a tow has been authorized. The law enforcement agency shall then select a towing service from the law enforcement agency's tow rotation list corresponding to the geographical area where the tow was authorized, and shall contact that towing service directly by phone, computer, or similar means. Towing services shall be contacted in the order listed on the appropriate tow rotation list, at which point the towing service shall be placed at the end of that tow rotation list. In the event a listed towing service is not available, the next listed towing service on that tow rotation list shall be contacted.

(d) A law enforcement agency may deviate from the order listed on a tow rotation list if the towing service next on that tow rotation list is, in the judgment of the authorizing officer or the law enforcement agency making the selection, incapable of or not properly equipped for handling a specific task related to the tow that requires special skills or equipment. A deviation from the order listed on the tow rotation list for this reason shall not cause a loss of rotation turn by the towing service determined to be incapable or not properly equipped for handling the request.

(e) In the event of an emergency a law enforcement officer or agency, taking into account the safety and location of the situation, may
deviate from the order of the tow rotation list and obtain towing service from any source deemed appropriate.

(f) If the owner or operator of a disabled vehicle is present at the scene of the disabled vehicle, is not under arrest, and does not abandon his or her vehicle, and in the law enforcement officer's opinion the disabled vehicle is not impeding or obstructing traffic, illegally parked, or posing a security or safety risk, the law enforcement officer shall allow the owner of the vehicle to specify a towing service to relocate the disabled vehicle. If the owner chooses not to specify a towing service, the law enforcement agency shall select a towing service for the vehicle as provided in subsection (c) of this Section.

(g) If a tow operator is present or arrives where a tow is needed and it has not been requested by the law enforcement agency or the owner or operator, the law enforcement officer, unless acting under Section 11-1431 of this Code, shall advise the tow operator to leave the scene.

(h) Nothing contained in this Section shall apply to a law enforcement agency having jurisdiction solely over a municipality with a population over 1,000,000.
