(i) On October 1, 2007, or as soon thereafter, in the discretion of the Director of Public Health, as is reasonably practical, and thereafter, each direct care employer or its designee must provide an employment verification for each employee no less than annually. The direct care employer or its designee must log into the Health Care Worker Registry through a secure login. The health care employer or its designee must indicate employment and termination dates within 30 days after hiring or terminating an employee, as well as the employment category and type. Failure to comply with this subsection (i) constitutes a licensing violation. For health care employers that are not licensed or certified, a fine of up to $500 may be imposed for failure to maintain these records. This information shall be used by the Department of Public Health to notify the last known employer of any disqualifying offenses that are reported by the Department of State Police.

(j) The Department of Public Health shall notify each health care employer or long-term care facility inquiring as to the information on the Health Care Worker Registry if the applicant or employee listed on the registry has a disqualifying offense and is therefore ineligible to work. In the event that an applicant or employee has a waiver for one or more disqualifying offenses pursuant to Section 40 of this Act and he or she is otherwise eligible to work, the Department of Public Health shall report
that the applicant or employee is eligible to work and that additional information is available on the Health Care Worker Registry. The Department may report that the applicant or employee has received a waiver or has a waiver pursuant to Section 40 of this Act.

(k) The student, applicant, or employee must be notified of each of the following whenever a fingerprint-based criminal history records check is required:

(1) That the educational entity, health care employer, or long-term care facility shall initiate a fingerprint-based criminal history record check requested by the Department of Public Health of the student, applicant, or employee pursuant to this Act.

(2) That the student, applicant, or employee has a right to obtain a copy of the criminal records report that indicates a conviction for a disqualifying offense and challenge the accuracy and completeness of the report through an established Department of State Police procedure of Access and Review.

(3) That the applicant, if hired conditionally, may be terminated if the criminal records report indicates that the applicant has a record of a conviction of any of the criminal offenses enumerated in Section 25, unless the applicant obtains a waiver pursuant to Section 40 of this Act.

(4) That the applicant, if not hired conditionally, shall not be hired if the criminal records report indicates that the applicant has a record of a conviction of any of the criminal offenses enumerated in Section 25, unless the applicant obtains a waiver pursuant to Section 40 of this Act.

(5) That the employee shall be terminated if the criminal records report indicates that the employee has a record of a conviction of any of the criminal offenses enumerated in Section 25.

(6) If, after the employee has originally been determined not to have disqualifying offenses, the employer is notified that the employee has a new conviction(s) of any of the criminal offenses enumerated in Section 25, then the employee shall be terminated.

(l) A health care employer or long-term care facility may conditionally employ an applicant for up to 3 months pending the results of a fingerprint-based criminal history record check requested by the Department of Public Health.
(m) The Department of Public Health or an entity responsible for inspecting, licensing, certifying, or registering the health care employer or long-term care facility shall be immune from liability for notices given based on the results of a fingerprint-based criminal history record check.

(225 ILCS 46/40)
Sec. 40. Waiver.
(a) Any student, applicant, or employee listed on the Health Care Worker Registry may request a waiver of the prohibition against employment by:

(1) completing a waiver application on a form prescribed by the Department of Public Health;

(2) providing a written explanation of each conviction to include (i) what happened, (ii) how many years have passed since the offense, (iii) the individuals involved, (iv) the age of the applicant at the time of the offense, and (v) any other circumstances surrounding the offense; and

(3) providing official documentation showing that all fines have been paid, if applicable and except for in the instance of payment of court-imposed fines or restitution in which the applicant is adhering to a payment schedule, and the date probation or parole was satisfactorily completed, if applicable.

(b) The applicant may, but is not required to, submit employment and character references and any other evidence demonstrating the ability of the applicant or employee to perform the employment responsibilities competently and evidence that the applicant or employee does not pose a threat to the health or safety of residents, patients, or clients.

(c) The Department of Public Health may, at the discretion of the Director of Public Health, grant a waiver to an applicant, student, or employee listed on the registry. The Department of Public Health shall must inform health care employers if a waiver is being sought by entering a record on the Health Care Worker Registry that a waiver is pending and must act upon the waiver request within 30 days of receipt of all necessary information, as defined by rule. The Department of Public Health shall send an applicant, student, or employee written notification of its decision whether to grant a waiver, including listing the specific disqualifying offenses for which the waiver is being granted or denied. The Department shall issue additional copies of this written notification upon the applicant's, student's, or employee's request. Except in cases where a

rehabilitation waiver is granted, a letter shall be sent to the applicant notifying the applicant that he or she has received an automatic waiver.

(d) An individual shall not be employed from the time that the employer receives a notification from the Department of Public Health based upon the results of a fingerprint-based criminal history records check containing disqualifying conditions until the time that the individual receives a waiver.

(e) The entity responsible for inspecting, licensing, certifying, or registering the health care employer and the Department of Public Health shall be immune from liability for any waivers granted under this Section.

(f) A health care employer is not obligated to employ or offer permanent employment to an applicant, or to retain an employee who is granted a waiver under this Section.

Sec. 40.1. Health Care Worker Registry working group.

(a) The Office of the Governor shall establish a working group regarding the activities under this Act, with the following goals:

(1) to evaluate and monitor the success of health care waivers under Section 40 in creating job opportunity for people with criminal records; and

(2) to identify and recommend changes to the waiver application and implementation process to reduce barriers for applicants or employees.

In order to ensure that the working group is fully informed, the Department of Public Health and the Governor's Office shall provide the working group with any relevant aggregate data currently available that is related to the waiver process and its effectiveness. The working group shall identify any gaps in information currently collected that would inform the working group's efforts and make recommendations to the Governor's Office and the General Assembly about what additional data should be collected to evaluate and monitor the success of the waiver process by July 1, 2017.

(b) The working group shall be comprised of representatives from advocacy and community-based organizations, individuals directly impacted by the waiver process, industry representatives, members of the General Assembly, and representatives from the Department of Public

PUBLIC ACT 99-0873
(House Bill No. 5572)

AN ACT concerning State government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Criminal Justice Information Act is amended by adding Section 15 as follows:

(20 ILCS 3930/15 new)

Sec. 15. Sex Offenses and Sex Offender Registration Task Force.
(a) The General Assembly acknowledges that numerous criminal offenses that are categorized as sex offenses are serious crimes that affect some of the most vulnerable victims.

(1) The Sex Offender Database was created as a statewide database for the purpose of making information regarding sex offenders publicly available so that victims may be aware of released offenders and law enforcement may have a tool to identify potential perpetrators of current offenses. In addition to the Registry, sex offenders may be subject to specific conditions and prohibitions for a period after the person's release from imprisonment that restricts where the person may reside, travel, and work.

(2) The General Assembly recognizes that the current Sex Offender Database and sex offender restrictions do not assess or differentiate based upon the specific risks of each offender, potential threat to public safety, or an offender's likelihood of re-offending.

(3) The General Assembly believes that a Task Force should be created to ensure that law enforcement and communities are able to identify high-risk sex offenders and focus on monitoring those offenders to protect victims, improve public safety, and maintain the seriousness of each offense.

New matter indicated by italics - deletions by strikeout
(b) The Sex Offenses and Sex Offender Registration Task Force is hereby created.

(1) The Task Force shall examine current offenses that require offenders to register as sex offenders, the current data and research regarding evidence based practices, the conditions, restrictions, and outcomes for registered sex offenders, and the registration process.

(2) The Task Force shall hold public hearings at the call of the co-chairpersons to receive testimony from the public and make recommendations to the General Assembly regarding legislative changes to more effectively classify sex offenders based on their level of risk of re-offending, better direct resources to monitor the most violent and high risk offenders, and to ensure public safety.

(3) The Task Force shall be an independent Task Force under the Illinois Criminal Justice Information Authority for administrative purposes, and shall consist of the following members:

(A) the Executive Director of the Illinois Criminal Justice Information Authority;
(B) the Director of Corrections, or his or her designee;
(B-5) the Director of Juvenile Justice, or his or her designee;
(C) 2 members of the House of Representatives appointed by the Speaker of the House of Representatives, one of whom shall serve as co-chairperson;
(D) 2 members of the Senate appointed by the President of the Senate, one of whom shall serve as a co-chairperson;
(E) a member of the Senate appointed by the Minority Leader of the Senate;
(F) a member of the House of Representatives appointed by the Minority Leader of the House of Representatives;
(G) the Director of State Police, or his or her designee;
(H) the Superintendent of the Chicago Police Department, or his or her designee;

(I) the Chairperson of the Juvenile Justice Commission, or his or her designee;

(J) a representative of a statewide organization against sexual assault, appointed by the Executive Director of the Authority;

(K) 2 academics or researchers who have studied issues related to adult sex offending, appointed by the Executive Director of the Authority;

(L) a representative of a legal organization that works with adult sex offenders who focus on the collateral consequences of conviction and registration, appointed by the Executive Director of the Authority;

(M) a representative of a statewide organization representing probation and court services agencies in this State, appointed by the Executive Director of the Authority;

(N) a representative of a statewide organization representing Illinois sheriffs, appointed by the Executive Director of the Authority;

(O) a representative of a statewide organization representing Illinois police chiefs, appointed by the Executive Director of the Authority;

(P) 2 State's Attorneys to be appointed by the Executive Director of the Authority;

(Q) 2 treatment providers who specialize in adult treatment appointed by the Executive Director of the Authority;

(R) a treatment provider who specializes in working with victims of sex offenses, appointed by the Executive Director of the Authority;

(S) 2 representatives from community-based organizations that work with adults convicted of sex offenses on re-entry appointed by the Executive Director of the Authority;

(T) a representative of a statewide organization that represents or coordinates services for victims of sex offenses, appointed by the Executive Director of the Authority;

(U) a representative of a statewide organization that represents or is comprised of individuals convicted as

adults of a sex offense who are currently on a registry, appointed by the Executive Director of the Authority; 
   (V) a public defender to be appointed by the Executive Director of the Authority; and 
   (W) an appellate defender to be appointed by the Executive Director of the Authority.

(c) The Illinois Criminal Justice Information Authority may consult, contract, work in conjunction with, and obtain any information from any individual, agency, association, or research institution deemed appropriate by the Authority.

(d) The Task Force shall submit a written report of its findings and recommendations to the General Assembly on or before January 1, 2018.

(e) This Section is repealed on January 1, 2019.

guidance in criminal justice information sharing, best practices and strategies, and to effectuate the mission of the Task Force.

(c) The members of the Task Force shall elect a chair of the Task Force. The chair of the Task Force shall convene the first meeting of the Task Force on or before August 31, 2016. The Task Force shall meet at least twice a month thereafter until it completes its duties under this Act, or until December 31, 2016, whichever is earlier.

Section 15. Duties of the Task Force.

(a) The Task Force may consult with experts to provide assistance as necessary.

(b) The Task Force shall:

   (1) analyze the criminal discovery process in this State to determine the actual costs, including, but not limited to, labor, materials, time, and other tangible costs of the current criminal discovery process to determine how technology can improve the process for all participants;

   (2) analyze the process for information sharing, including, but not limited to, an analysis of record management systems, computer aided dispatch systems, and other technology used to process information between law enforcement agencies in this State to determine the actual costs of the current process;

   (3) analyze the current information sharing process between law enforcement agencies to determine how technology can improve the process for all participants;

   (4) determine which prosecutors' offices obtain all law enforcement discoverable evidence in an electronic format, which prosecutors' offices will soon be able to obtain all law enforcement discoverable evidence in an electronic format, and which prosecutors' offices will not have that ability at any point in the future without assistance;

   (5) determine the barriers for those prosecutors' offices that will not be able to obtain law enforcement discoverable evidence in an electronic format without assistance;

   (6) determine which law enforcement agencies obtain and utilize data entirely, or partially, in an electronic format, which law enforcement agencies will soon be able to obtain and utilize data entirely in an electronic format, and which law enforcement agencies will not be able to obtain and utilize data entirely in an electronic format at any point in the future without assistance;

New matter indicated by italics - deletions by strikeout
(7) study how a single statewide criminal information sharing system or other technology may improve electronic discovery or electronic redaction;

(8) study how a statewide standardized law enforcement reporting form that can be easily redacted may improve the criminal discovery process;

(9) study the short-term needs for law enforcement agencies and State's Attorneys to facilitate greater use of electronic discovery and information sharing;

(10) study whether a single standardized statewide case record management system or other law enforcement technology would provide better and additional access to information for law enforcement;

(11) determine whether a single standardized statewide case record management system or other electronic discovery technology would provide for a better and more efficient criminal discovery process and offer any cost savings;

(12) determine whether a single standardized statewide case record management system or other information sharing technology would provide for a better and more efficient law enforcement information sharing process and offer any cost savings;

(13) suggest an alternative funding process to the State's current method to pay for criminal discovery costs;

(14) suggest an alternative funding process to the State's current method to pay for law enforcement information sharing costs;

(15) determine which executive branch agency, judicial branch agency, or quasi-governmental organization is best suited to serve as a conduit and coordinator for a statewide criminal electronic discovery system; and

(16) determine which executive branch agency, judicial branch agency, or quasi-governmental organization is best suited to serve as a conduit and coordinator for a statewide criminal information sharing system.

Section 20. Preliminary and final report.

(a) The Task Force shall provide a preliminary report to the Governor and General Assembly on or before December 15, 2016, if the final report is not completed by then.

New matter indicated by italics - deletions by strikeout
(b) The Task Force shall issue a final report to the Governor and General Assembly on or before January 15, 2017. The report shall include recommendations for legislation, use of technology, and other non-legislative processes that would improve the criminal discovery process and law enforcement information sharing.

Section 25. Repeal. This Act is repealed on February 1, 2017.

Effective August 22, 2016.

PUBLIC ACT 99-0875
(House Bill No. 5771)

AN ACT concerning criminal law.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Unified Code of Corrections is amended by changing Sections 5-4.5-105 and 5-8-1 as follows:
(730 ILCS 5/5-4.5-105)
Sec. 5-4.5-105. SENTENCING OF INDIVIDUALS UNDER THE AGE OF 18 AT THE TIME OF THE COMMISSION OF AN OFFENSE.
(a) On or after the effective date of this amendatory Act of the 99th General Assembly, when a person commits an offense and the person is under 18 years of age at the time of the commission of the offense, the court, at the sentencing hearing conducted under Section 5-4-1, shall consider the following additional factors in mitigation in determining the appropriate sentence:
(1) the person's age, impetuosity, and level of maturity at the time of the offense, including the ability to consider risks and consequences of behavior, and the presence of cognitive or developmental disability, or both, if any;
(2) whether the person was subjected to outside pressure, including peer pressure, familial pressure, or negative influences;
(3) the person's family, home environment, educational and social background, including any history of parental neglect, physical abuse, or other childhood trauma;

New matter indicated by italics - deletions by strikeout
(4) the person's potential for rehabilitation or evidence of rehabilitation, or both;
(5) the circumstances of the offense;
(6) the person's degree of participation and specific role in the offense, including the level of planning by the defendant before the offense;
(7) whether the person was able to meaningfully participate in his or her defense;
(8) the person's prior juvenile or criminal history; and
(9) any other information the court finds relevant and reliable, including an expression of remorse, if appropriate. However, if the person, on advice of counsel chooses not to make a statement, the court shall not consider a lack of an expression of remorse as an aggravating factor.

(b) Except as provided in subsection (c), the court may sentence the defendant to any disposition authorized for the class of the offense of which he or she was found guilty as described in Article 4.5 of this Code, and may, in its discretion, decline to impose any otherwise applicable sentencing enhancement based upon firearm possession, possession with personal discharge, or possession with personal discharge that proximately causes great bodily harm, permanent disability, permanent disfigurement, or death to another person.

(c) Notwithstanding any other provision of law, if the defendant is convicted of first degree murder and would otherwise be subject to sentencing under clause (iii), (iv), (v), or (vii) of subparagraph (c) of paragraph (1) of subsection (a) (1) of Section 5-8-1 of this Code based on the category of persons identified therein, the court shall impose a sentence of not less than 40 years of imprisonment. In addition, the court may, in its discretion, decline to impose the sentencing enhancements based upon the possession or use of a firearm during the commission of the offense included in subsection (d) of Section 5-8-1.

For purposes of clause (v), "emergency medical technician - ambulance", "emergency medical technician - intermediate", "emergency medical technician - paramedic", have the meanings ascribed to them in the Emergency Medical Services (EMS) Systems Act.

(d) (i) if the person committed the offense while armed with a firearm, 15 years shall be added to the term of imprisonment imposed by the court;

(ii) if, during the commission of the offense, the person personally discharged a firearm, 20 years shall be added to the term of imprisonment imposed by the court;

(iii) if, during the commission of the offense, the person personally discharged a firearm that
proximately caused great bodily harm, permanent
disability, permanent disfigurement, or death to
another person, 25 years or up to a term of natural
life shall be added to the term of imprisonment
imposed by the court.

(2) (blank);

(2.5) for a person who has attained the age of 18 years at
the time of the commission of the offense and who is convicted
under the circumstances described in subdivision (b)(1)(B) of
Section 11-1.20 or paragraph (3) of subsection (b) of Section 12-
13, subdivision (d)(2) of Section 11-1.30 or paragraph (2) of
subsection (d) of Section 12-14, subdivision (b)(1.2) of Section 11-

subdivision (b)(2) of Section 11-1.40 or paragraph (2) of
subsection (b) of Section 12-14.1 of the Criminal Code of 1961 or
the Criminal Code of 2012, the sentence shall be a term of natural
life imprisonment.

(b) (Blank).

(c) (Blank).

(d) Subject to earlier termination under Section 3-3-8, the parole or
mandatory supervised release term shall be written as part of the
sentencing order and shall be as follows:

(1) for first degree murder or a Class X felony except for
the offenses of predatory criminal sexual assault of a child,
aggravated criminal sexual assault, and criminal sexual assault if
committed on or after the effective date of this amendatory Act of
the 94th General Assembly and except for the offense of
aggravated child pornography under Section 11-20.1B, 11-20.3, or
11-20.1 with sentencing under subsection (c-5) of Section 11-20.1
of the Criminal Code of 1961 or the Criminal Code of 2012, if
committed on or after January 1, 2009, 3 years;

(2) for a Class 1 felony or a Class 2 felony except for the
offense of criminal sexual assault if committed on or after the
effective date of this amendatory Act of the 94th General Assembly
and except for the offenses of manufacture and dissemination of
child pornography under clauses (a)(1) and (a)(2) of Section 11-
20.1 of the Criminal Code of 1961 or the Criminal Code of 2012, if
committed on or after January 1, 2009, 2 years;

(3) for a Class 3 felony or a Class 4 felony, 1 year;

New matter indicated by italics - deletions by strikeout
(4) for defendants who commit the offense of predatory criminal sexual assault of a child, aggravated criminal sexual assault, or criminal sexual assault, on or after the effective date of this amendatory Act of the 94th General Assembly, or who commit the offense of aggravated child pornography under Section 11-20.1B, 11-20.3, or 11-20.1 with sentencing under subsection (c-5) of Section 11-20.1 of the Criminal Code of 1961 or the Criminal Code of 2012, manufacture of child pornography, or dissemination of child pornography after January 1, 2009, the term of mandatory supervised release shall range from a minimum of 3 years to a maximum of the natural life of the defendant;

(5) if the victim is under 18 years of age, for a second or subsequent offense of aggravated criminal sexual abuse or felony criminal sexual abuse, 4 years, at least the first 2 years of which the defendant shall serve in an electronic home detention program under Article 8A of Chapter V of this Code;

(29) convictions set forth in Section 15-75 of this Code.

(c) The Department shall consider any mitigating factors contained in the record, when determining the appropriate disciplinary sanction, if any, to be imposed. In addition to those set forth in Section 2105-130 of the Department of Professional Regulation Law of the Civil Administrative Code of Illinois, mitigating factors shall include the following:

(1) the bearing, if any, the criminal offense or offenses for which the person was previously convicted will have on his or her fitness or ability to perform one or more such duties and responsibilities;

(2) the time that has elapsed since the criminal conviction; and

(3) the age of the person at the time of the criminal conviction.

(d) The Department shall issue an annual report by January 31, 2018 and by January 31 each year thereafter, indicating the following:

(1) the number of initial applicants for a license under this Code within the preceding calendar year;

(2) the number of initial applicants for a license under this Code within the previous calendar year who had a conviction;

(3) the number of applicants with a conviction who were granted a license under this Code within the previous year;

(4) the number of applicants denied a license under this Code within the preceding calendar year; and

(5) the number of applicants denied a license under this Code solely on the basis of a conviction within the preceding calendar year.

(e) Nothing in this Section shall prevent the Department taking disciplinary or non-disciplinary action against a license as set forth in paragraph (2) of subsection (b) of Section 15-175 of this Code.

(225 ILCS 41/15-75)

(Section scheduled to be repealed on January 1, 2023)

Sec. 15-75. Violations; grounds for discipline; penalties.

(a) Each of the following acts is a Class A misdemeanor for the first offense, and a Class 4 felony for each subsequent offense. These penalties shall also apply to unlicensed owners of funeral homes.

(1) Practicing the profession of funeral directing and embalming or funeral directing, or attempting to practice the

profession of funeral directing and embalming or funeral directing without a license as a funeral director and embalmer or funeral director.

(2) Serving or attempting to serve as an intern under a licensed funeral director and embalmer without a license as a licensed funeral director and embalmer intern.

(3) Obtaining or attempting to obtain a license, practice or business, or any other thing of value, by fraud or misrepresentation.

(4) Permitting any person in one's employ, under one's control or in or under one's service to serve as a funeral director and embalmer, funeral director, or funeral director and embalmer intern when the person does not have the appropriate license.

(5) Failing to display a license as required by this Code.

(6) Giving false information or making a false oath or affidavit required by this Code.

(b) The Department may refuse to issue or renew, revoke, suspend, place on probation or administrative supervision, reprimand, or take other disciplinary or non-disciplinary action as the Department may deem appropriate, including imposing fines not to exceed $10,000 for each violation, with regard to any license under the Code for any one or combination of the following:

(1) Fraud or any misrepresentation in applying for or procuring a license under this Code or in connection with applying for renewal of a license under this Code.

(2) For licenses, conviction of plea of guilty or nolo contendere, finding of guilt, jury verdict, or entry of judgment or by sentencing of any crime, including, but not limited to, convictions, preceding sentences of supervision, conditional discharge, or first offender probation, under the laws of any jurisdiction of the United States: (i) that is a felony or (ii) that is a misdemeanor, an essential element of which is dishonesty, or that is directly related to the practice of the profession and, for initial applicants, convictions set forth in Section 15-72 of this Act.

(3) Violation of the laws of this State relating to the funeral, burial or disposition of deceased human bodies or of the rules and regulations of the Department, or the Department of Public Health.

(4) Directly or indirectly paying or causing to be paid any sum of money or other valuable consideration for the securing of
business or for obtaining authority to dispose of any deceased human body.

(5) Professional incompetence, gross negligence, malpractice, or untrustworthiness in the practice of funeral directing and embalming or funeral directing.

(6) (Blank).

(7) Engaging in, promoting, selling, or issuing burial contracts, burial certificates, or burial insurance policies in connection with the profession as a funeral director and embalmer, funeral director, or funeral director and embalmer intern in violation of any laws of the State of Illinois.

(8) Refusing, without cause, to surrender the custody of a deceased human body upon the proper request of the person or persons lawfully entitled to the custody of the body.

(9) Taking undue advantage of a client or clients as to amount to the perpetration of fraud.

(10) Engaging in funeral directing and embalming or funeral directing without a license.

(11) Encouraging, requesting, or suggesting by a licensee or some person working on his behalf and with his consent for compensation that a person utilize the services of a certain funeral director and embalmer, funeral director, or funeral establishment unless that information has been expressly requested by the person. This does not prohibit general advertising or pre-need solicitation.

(12) Making or causing to be made any false or misleading statements about the laws concerning the disposition of human remains, including, but not limited to, the need to embalm, the need for a casket for cremation or the need for an outer burial container.

(13) (Blank).

(14) Embalming or attempting to embalm a deceased human body without express prior authorization of the person responsible for making the funeral arrangements for the body. This does not apply to cases where embalming is directed by local authorities who have jurisdiction or when embalming is required by State or local law. A licensee may embalm without express prior authorization if a good faith effort has been made to contact family members and has been unsuccessful and the licensee has no reason to believe the family opposes embalming.

(15) Making a false statement on a Certificate of Death where the person making the statement knew or should have known that the statement was false.

(16) Soliciting human bodies after death or while death is imminent.

(17) Performing any act or practice that is a violation of this Code, the rules for the administration of this Code, or any federal, State or local laws, rules, or regulations governing the practice of funeral directing or embalming.

(18) Performing any act or practice that is a violation of Section 2 of the Consumer Fraud and Deceptive Business Practices Act.

(19) Engaging in dishonorable, unethical, or unprofessional conduct of a character likely to deceive, defraud or harm the public.

(20) Taking possession of a dead human body without having first obtained express permission from the person holding the right to control the disposition in accordance with Section 5 of the Disposition of Remains Act or a public agency legally authorized to direct, control or permit the removal of deceased human bodies.

(21) Advertising in a false or misleading manner or advertising using the name of an unlicensed person in connection with any service being rendered in the practice of funeral directing or funeral directing and embalming. The use of any name of an unlicensed or unregistered person in an advertisement so as to imply that the person will perform services is considered misleading advertising. Nothing in this paragraph shall prevent including the name of any owner, officer or corporate director of a funeral home, who is not a licensee, in any advertisement used by a funeral home with which the individual is affiliated, if the advertisement specifies the individual's affiliation with the funeral home.

(22) Charging for professional services not rendered, including filing false statements for the collection of fees for which services are not rendered.

(23) Failing to account for or remit any monies, documents, or personal property that belongs to others that comes into a licensee's possession.

New matter indicated by italics - deletions by strikeout
(24) Treating any person differently to his detriment because of race, color, creed, gender, religion, or national origin.

(25) Knowingly making any false statements, oral or otherwise, of a character likely to influence, persuade or induce others in the course of performing professional services or activities.

(26) Willfully making or filing false records or reports in the practice of funeral directing and embalming, including, but not limited to, false records filed with State agencies or departments.

(27) Failing to acquire continuing education required under this Code.

(28) (Blank).

(29) Aiding or assisting another person in violating any provision of this Code or rules adopted pursuant to this Code.

(30) Failing within 10 days, to provide information in response to a written request made by the Department.

(31) Discipline by another state, District of Columbia, territory, foreign nation, or governmental agency, if at least one of the grounds for the discipline is the same or substantially equivalent to those set forth in this Section.

(32) (Blank).

(33) Mental illness or disability which results in the inability to practice the profession with reasonable judgment, skill, or safety.

(34) Gross, willful, or continued overcharging for professional services, including filing false statements for collection of fees for which services are not rendered.

(35) Physical illness, including, but not limited to, deterioration through the aging process or loss of motor skill which results in a licensee's inability to practice under this Code with reasonable judgment, skill, or safety.

(36) Failing to comply with any of the following required activities:

(A) When reasonably possible, a funeral director licensee or funeral director and embalmer licensee or anyone acting on his or her behalf shall obtain the express authorization of the person or persons responsible for making the funeral arrangements for a deceased human body prior to removing a body from the place of death or

New matter indicated by italics - deletions by strikeout
any place it may be or embalming or attempting to embalm a deceased human body, unless required by State or local law. This requirement is waived whenever removal or embalming is directed by local authorities who have jurisdiction. If the responsibility for the handling of the remains lawfully falls under the jurisdiction of a public agency, then the regulations of the public agency shall prevail.

(B) A licensee shall clearly mark the price of any casket offered for sale or the price of any service using the casket on or in the casket if the casket is displayed at the funeral establishment. If the casket is displayed at any other location, regardless of whether the licensee is in control of that location, the casket shall be clearly marked and the registrant shall use books, catalogues, brochures, or other printed display aids to show the price of each casket or service.

(C) At the time funeral arrangements are made and prior to rendering the funeral services, a licensee shall furnish a written statement of services to be retained by the person or persons making the funeral arrangements, signed by both parties, that shall contain: (i) the name, address and telephone number of the funeral establishment and the date on which the arrangements were made; (ii) the price of the service selected and the services and merchandise included for that price; (iii) a clear disclosure that the person or persons making the arrangement may decline and receive credit for any service or merchandise not desired and not required by law or the funeral director or the funeral director and embalmer; (iv) the supplemental items of service and merchandise requested and the price of each item; (v) the terms or method of payment agreed upon; and (vi) a statement as to any monetary advances made by the registrant on behalf of the family. The licensee shall maintain a copy of the written statement of services in its permanent records. All written statements of services are subject to inspection by the Department.

(D) In all instances where the place of final disposition of a deceased human body or the cremated
remains of a deceased human body is a cemetery, the licensed funeral director and embalmer, or licensed funeral director, who has been engaged to provide funeral or embalming services shall remain at the cemetery and personally witness the placement of the human remains in their designated grave or the sealing of the above ground depository, crypt, or urn. The licensed funeral director or licensed funeral director and embalmer may designate a licensed funeral director and embalmer intern or representative of the funeral home to be his or her witness to the placement of the remains. If the cemetery authority, cemetery manager, or any other agent of the cemetery takes any action that prevents compliance with this paragraph (D), then the funeral director and embalmer or funeral director shall provide written notice to the Department within 5 business days after failing to comply. If the Department receives this notice, then the Department shall not take any disciplinary action against the funeral director and embalmer or funeral director for a violation of this paragraph (D) unless the Department finds that the cemetery authority, manager, or any other agent of the cemetery did not prevent the funeral director and embalmer or funeral director from complying with this paragraph (D) as claimed in the written notice.

(E) A funeral director or funeral director and embalmer shall fully complete the portion of the Certificate of Death under the responsibility of the funeral director or funeral director and embalmer and provide all required information. In the event that any reported information subsequently changes or proves incorrect, a funeral director or funeral director and embalmer shall immediately upon learning the correct information correct the Certificate of Death.

(37) A finding by the Department that the license, after having his or her license placed on probationary status or subjected to conditions or restrictions, violated the terms of the probation or failed to comply with such terms or conditions.

(38) (Blank).

(39) Being named as a perpetrator in an indicated report by the Department of Children and Family Services pursuant to the Abused and Neglected Child Reporting Act and, upon proof by clear and convincing evidence, being found to have caused a child to be an abused child or neglected child as defined in the Abused and Neglected Child Reporting Act.

(40) Habitual or excessive use or abuse of drugs defined in law as controlled substances, alcohol, or any other substance which results in the inability to practice with reasonable judgment, skill, or safety.

(41) Practicing under a false or, except as provided by law, an assumed name.

(42) Cheating on or attempting to subvert the licensing examination administered under this Code.

(c) The Department may refuse to issue or renew or may suspend without a hearing, as provided for in the Department of Professional Regulation Law of the Civil Administrative Code of Illinois, the license of any person who fails to file a return, to pay the tax, penalty or interest shown in a filed return, or to pay any final assessment of tax, penalty or interest as required by any tax Act administered by the Illinois Department of Revenue, until the time as the requirements of the tax Act are satisfied in accordance with subsection (g) of Section 2105-15 of the Department of Professional Regulation Law of the Civil Administrative Code of Illinois.

(d) No action may be taken under this Code against a person licensed under this Code unless the action is commenced within 5 years after the occurrence of the alleged violations. A continuing violation shall be deemed to have occurred on the date when the circumstances last existed that give rise to the alleged violation.

(e) Nothing in this Section shall be construed or enforced to give a funeral director and embalmer, or his or her designees, authority over the operation of a cemetery or over cemetery employees. Nothing in this Section shall be construed or enforced to impose duties or penalties on cemeteries with respect to the timing of the placement of human remains in their designated grave or the sealing of the above ground depository, crypt, or urn due to patron safety, the allocation of cemetery staffing, liability insurance, a collective bargaining agreement, or other such reasons.

(f) All fines imposed under this Section shall be paid 60 days after the effective date of the order imposing the fine.

(g) The Department shall deny a license or renewal authorized by this Code to a person who has defaulted on an educational loan or scholarship provided or guaranteed by the Illinois Student Assistance Commission or any governmental agency of this State in accordance with item (5) of subsection (a) of Section 2105-15 of the Department of Professional Regulation Law of the Civil Administrative Code of Illinois.

(h) In cases where the Department of Healthcare and Family Services has previously determined a licensee or a potential licensee is more than 30 days delinquent in the payment of child support and has subsequently certified the delinquency to the Department, the Department may refuse to issue or renew or may revoke or suspend that person's license or may take other disciplinary action against that person based solely upon the certification of delinquency made by the Department of Healthcare and Family Services in accordance with item (5) of subsection (a) of Section 2105-15 of the Department of Professional Regulation Law of the Civil Administrative Code of Illinois.

(i) A person not licensed under this Code who is an owner of a funeral establishment or funeral business shall not aid, abet, assist, procure, advise, employ, or contract with any unlicensed person to offer funeral services or aid, abet, assist, or direct any licensed person contrary to or in violation of any rules or provisions of this Code. A person violating this subsection shall be treated as a licensee for the purposes of disciplinary action under this Section and shall be subject to cease and desist orders as provided in this Code, the imposition of a fine up to $10,000 for each violation and any other penalty provided by law.

(j) The determination by a circuit court that a licensee is subject to involuntary admission or judicial admission as provided in the Mental Health and Developmental Disabilities Code, as amended, operates as an automatic suspension. The suspension may end only upon a finding by a court that the licensee is no longer subject to the involuntary admission or judicial admission and issues an order so finding and discharging the licensee, and upon the recommendation of the Board to the Secretary that the licensee be allowed to resume his or her practice.

(k) In enforcing this Code, the Department, upon a showing of a possible violation, may compel an individual licensed to practice under this Code, or who has applied for licensure under this Code, to submit to a mental or physical examination, or both, as required by and at the expense of the Department. The Department may order the examining physician to present testimony concerning the mental or physical examination of the
licensee or applicant. No information shall be excluded by reason of any common law or statutory privilege relating to communications between the licensee or applicant and the examining physician. The examining physician shall be specifically designated by the Department. The individual to be examined may have, at his or her own expense, another physician of his or her choice present during all aspects of this examination. The examination shall be performed by a physician licensed to practice medicine in all its branches. Failure of an individual to submit to a mental or physical examination, when directed, shall result in an automatic suspension without hearing.

A person holding a license under this Code or who has applied for a license under this Code who, because of a physical or mental illness or disability, including, but not limited to, deterioration through the aging process or loss of motor skill, is unable to practice the profession with reasonable judgment, skill, or safety, may be required by the Department to submit to care, counseling, or treatment by physicians approved or designated by the Department as a condition, term, or restriction for continued, reinstated, or renewed licensure to practice. Submission to care, counseling, or treatment as required by the Department shall not be considered discipline of a license. If the licensee refuses to enter into a care, counseling, or treatment agreement or fails to abide by the terms of the agreement, the Department may file a complaint to revoke, suspend, or otherwise discipline the license of the individual. The Secretary may order the license suspended immediately, pending a hearing by the Department. Fines shall not be assessed in disciplinary actions involving physical or mental illness or impairment.

In instances in which the Secretary immediately suspends a person's license under this Section, a hearing on that person's license must be convened by the Department within 15 days after the suspension and completed without appreciable delay. The Department shall have the authority to review the subject individual's record of treatment and counseling regarding the impairment to the extent permitted by applicable federal statutes and regulations safeguarding the confidentiality of medical records.

An individual licensed under this Code and affected under this Section shall be afforded an opportunity to demonstrate to the Department that he or she can resume practice in compliance with acceptable and prevailing standards under the provisions of his or her license.

Sec. 9.1. Grounds for disciplinary action.

(1) The Department may refuse to issue or to renew, or may revoke, suspend, place on probation, reprimand or take other disciplinary or non-disciplinary action as the Department may deem proper, including fines not to exceed $10,000 for each violation, with regard to any license for any one or combination of the following:

(a) violation of this Act or its rules;

(b) *for licensees*, conviction or plea of guilty or nolo contendere, finding of guilt, jury verdict, or entry of judgment or sentencing of any crime, including, but not limited to, convictions, preceding sentences of supervision, conditional discharge, or first offender probation, under the laws of any jurisdiction of the United States that is (i) a felony or (ii) a misdemeanor, an essential element of which is dishonesty or that is directly related to the practice of the profession and, for initial applicants, convictions set forth in Section 7.1 of this Act;

(c) fraud or any misrepresentation in applying for or procuring a license under this Act, or in connection with applying for renewal of a license under this Act;

(d) professional incompetence or gross negligence in the practice of roofing contracting, prima facie evidence of which may be a conviction or judgment in any court of competent jurisdiction against an applicant or licensee relating to the practice of roofing contracting or the construction of a roof or repair thereof that results in leakage within 90 days after the completion of such work;

requirements of any such tax Act are satisfied as determined by the Department of Revenue.

(4) In enforcing this Section, the Department, upon a showing of a possible violation, may compel any individual who is licensed under this Act or any individual who has applied for licensure to submit to a mental or physical examination or evaluation, or both, which may include a substance abuse or sexual offender evaluation, at the expense of the Department. The Department shall specifically designate the examining physician licensed to practice medicine in all of its branches or, if applicable, the multidisciplinary team involved in providing the mental or physical examination and evaluation. The multidisciplinary team shall be led by a physician licensed to practice medicine in all of its branches and may consist of one or more or a combination of physicians licensed to practice medicine in all of its branches, licensed chiropractic physicians, licensed clinical psychologists, licensed clinical social workers, licensed clinical professional counselors, and other professional and administrative staff. Any examining physician or member of the multidisciplinary team may require any person ordered to submit to an examination and evaluation pursuant to this Section to submit to any additional supplemental testing deemed necessary to complete any examination or evaluation process, including, but not limited to, blood testing, urinalysis, psychological testing, or neuropsychological testing.

(5) The Department may order the examining physician or any member of the multidisciplinary team to provide to the Department any and all records, including business records, that relate to the examination and evaluation, including any supplemental testing performed. The Department may order the examining physician or any member of the multidisciplinary team to present testimony concerning this examination and evaluation of the licensee or applicant, including testimony concerning any supplemental testing or documents relating to the examination and evaluation. No information, report, record, or other documents in any way related to the examination and evaluation shall be excluded by reason of any common law or statutory privilege relating to communication between the licensee or applicant and the examining physician or any member of the multidisciplinary team. No authorization is necessary from the licensee or applicant ordered to undergo an evaluation and examination for the examining physician or any member of the multidisciplinary team to provide information, reports, records, or other documents or to provide any testimony regarding the examination and evaluation. The individual to be

examined may have, at his or her own expense, another physician of his or her choice present during all aspects of the examination.

(6) Failure of any individual to submit to mental or physical examination or evaluation, or both, when directed, shall result in an automatic suspension without hearing until such time as the individual submits to the examination. If the Department finds a licensee unable to practice because of the reasons set forth in this Section, the Department shall require the licensee to submit to care, counseling, or treatment by physicians approved or designated by the Department as a condition for continued, reinstated, or renewed licensure.

(7) When the Secretary immediately suspends a license under this Section, a hearing upon such person's license must be convened by the Department within 15 days after the suspension and completed without appreciable delay. The Department shall have the authority to review the licensee's record of treatment and counseling regarding the impairment to the extent permitted by applicable federal statutes and regulations safeguarding the confidentiality of medical records.

(8) Licensees affected under this Section shall be afforded an opportunity to demonstrate to the Department that they can resume practice in compliance with acceptable and prevailing standards under the provisions of their license.

(9) The Department shall deny a license or renewal authorized by this Act to a person who has defaulted on an educational loan or scholarship provided or guaranteed by the Illinois Student Assistance Commission or any governmental agency of this State in accordance with paragraph (5) of subsection (a) of Section 2105-15 of the Department of Professional Regulation Law of the Civil Administrative Code of Illinois.

(10) In cases where the Department of Healthcare and Family Services has previously determined a licensee or a potential licensee is more than 30 days delinquent in the payment of child support and has subsequently certified the delinquency to the Department, the Department may refuse to issue or renew or may revoke or suspend that person's license or may take other disciplinary action against that person based solely upon the certification of delinquency made by the Department of Healthcare and Family Services in accordance with paragraph (5) of subsection (a) of Section 2105-15 of the Department of Professional Regulation Law of the Civil Administrative Code of Illinois.
The changes to this Act made by this amendatory Act of 1997 apply only to disciplinary actions relating to events occurring after the effective date of this amendatory Act of 1997.

Sec. 4-6.1. Applicant convictions.

(a) When reviewing a conviction by plea of guilty or nolo contendere, finding of guilt, jury verdict, or entry of judgment or by sentencing of an initial applicant, the Department may only deny a license based upon consideration of mitigating factors provided in subsection (c) of this Section for a felony directly related to the practice of cosmetology, esthetics, hair braiding, nail technology, and barbering.

(b) The following crimes or similar offenses in any other jurisdiction are hereby deemed directly related to the practice of cosmetology, esthetics, hair braiding, nail technology, and barbering:

(1) first degree murder;
(2) second degree murder;
(3) drug induced homicide;
(4) unlawful restraint;
(5) aggravated unlawful restraint;
(6) forcible detention;
(7) involuntary servitude;
(8) involuntary sexual servitude of a minor;
(9) predatory criminal sexual assault of a child;
(10) aggravated criminal sexual assault;
(11) criminal sexual assault;
(12) criminal sexual abuse;
(13) aggravated kidnaping;
(14) aggravated robbery;
(15) armed robbery;
(16) kidnapping;
(17) aggravated battery;
(18) aggravated vehicular hijacking;
(19) terrorism;
(20) causing a catastrophe;
(21) possession of a deadly substance;

(22) making a terrorist threat;
(23) material support for terrorism;
(24) hindering prosecution of terrorism;
(25) armed violence;
(26) any felony based on consumer fraud or deceptive business practices under the Consumer Fraud and Deceptive Business Practices Act;
(27) any felony requiring registration as a sex offender under the Sex Offender Registration Act;
(28) attempt of any the offenses set forth in paragraphs (1) through (27) of this subsection (b); and
(29) convictions set forth in Section 4-20 of this Act.

(c) The Department shall consider any mitigating factors contained in the record, when determining the appropriate disciplinary sanction, if any, to be imposed. In addition to those set forth in Section 2105-130 of the Department of Professional Regulation Law of the Civil Administrative Code of Illinois, mitigating factors shall include the following:

(1) the bearing, if any, the criminal offense or offenses for which the person was previously convicted will have on his or her fitness or ability to perform one or more such duties and responsibilities;
(2) the time that has elapsed since the criminal conviction; and
(3) the age of the person at the time of the criminal conviction.

(d) The Department shall issue an annual report by January 31, 2018 and by January 31 each year thereafter, indicating the following:

(1) the number of initial applicants for a license under this Act within the preceding calendar year;
(2) the number of initial applicants for a license under this Act within the previous calendar year who had a conviction;
(3) the number of applicants with a conviction who were granted a license under this Act within the previous year;
(4) the number of applicants denied a license under this Act within the preceding calendar year; and
(5) the number of applicants denied a license under this Act solely on the basis of a conviction within the preceding calendar year.

(e) Nothing in this Section shall prevent the Department taking disciplinary or non-disciplinary action against a license as set forth in paragraph (2) of subsection (1) of Section 4-7 of this Act.

(225 ILCS 410/4-7) (from Ch. 111, par. 1704-7)

(Section scheduled to be repealed on January 1, 2026)

Sec. 4-7. Refusal, suspension and revocation of licenses; causes; disciplinary action.

(1) The Department may refuse to issue or renew, and may suspend, revoke, place on probation, reprimand or take any other disciplinary or non-disciplinary action as the Department may deem proper, including civil penalties not to exceed $500 for each violation, with regard to any license for any one, or any combination, of the following causes:

   a. For licensees, conviction *Conviction* of any crime under the laws of the United States or any state or territory thereof that is (i) a felony, (ii) a misdemeanor, an essential element of which is dishonesty, or (iii) a crime which is related to the practice of the profession and, for initial applicants, convictions set forth in Section 4-6.1 of this Act.

   b. Conviction of any of the violations listed in Section 4-20.

   c. Material misstatement in furnishing information to the Department.

   d. Making any misrepresentation for the purpose of obtaining a license or violating any provision of this Act or its rules.

   e. Aiding or assisting another person in violating any provision of this Act or its rules.

   f. Failing, within 60 days, to provide information in response to a written request made by the Department.

   g. Discipline by another state, territory, or country if at least one of the grounds for the discipline is the same as or substantially equivalent to those set forth in this Act.

   h. Practice in the barber, nail technology, esthetics, hair braiding, or cosmetology profession, or an attempt to practice in those professions, by fraudulent misrepresentation.

   i. Gross malpractice or gross incompetency.

   j. Continued practice by a person knowingly having an infectious or contagious disease.

k. Solicitation of professional services by using false or misleading advertising.

l. A finding by the Department that the licensee, after having his or her license placed on probationary status, has violated the terms of probation.

m. Directly or indirectly giving to or receiving from any person, firm, corporation, partnership or association any fee, commission, rebate, or other form of compensation for any professional services not actually or personally rendered.

n. Violating any of the provisions of this Act or rules adopted pursuant to this Act.

o. Willfully making or filing false records or reports relating to a licensee's practice, including but not limited to, false records filed with State agencies or departments.

p. Habitual or excessive use or addiction to alcohol, narcotics, stimulants, or any other chemical agent or drug that results in the inability to practice with reasonable judgment, skill or safety.

q. Engaging in dishonorable, unethical or unprofessional conduct of a character likely to deceive, defraud, or harm the public as may be defined by rules of the Department, or violating the rules of professional conduct which may be adopted by the Department.

r. Permitting any person to use for any unlawful or fraudulent purpose one's diploma or license or certificate of registration as a cosmetologist, nail technician, esthetician, hair braider, or barber or cosmetology, nail technology, esthetics, hair braiding, or barber teacher or salon or shop or cosmetology clinic teacher.

s. Being named as a perpetrator in an indicated report by the Department of Children and Family Services under the Abused and Neglected Child Reporting Act and upon proof by clear and convincing evidence that the licensee has caused a child to be an abused child or neglected child as defined in the Abused and Neglected Child Reporting Act.

t. Operating a salon or shop without a valid registration.

u. Failure to complete required continuing education hours.

(2) In rendering an order, the Secretary shall take into consideration the facts and circumstances involving the type of acts or omissions in paragraph (1) of this Section including, but not limited to:
   (a) the extent to which public confidence in the cosmetology, nail technology, esthetics, hair braiding, or barbering profession was, might have been, or may be, injured;
   (b) the degree of trust and dependence among the involved parties;
   (c) the character and degree of harm which did result or might have resulted;
   (d) the intent or mental state of the licensee at the time of the acts or omissions.
(3) The Department may reissue the license or registration upon certification by the Board that the disciplined licensee or registrant has complied with all of the terms and conditions set forth in the final order or has been sufficiently rehabilitated to warrant the public trust.
(4) The Department shall refuse to issue or renew or suspend without hearing the license or certificate of registration of any person who fails to file a return, or to pay the tax, penalty or interest shown in a filed return, or to pay any final assessment of tax, penalty or interest, as required by any tax Act administered by the Illinois Department of Revenue, until such time as the requirements of any such tax Act are satisfied as determined by the Department of Revenue.
(5) The Department shall deny without hearing any application for a license or renewal of a license under this Act by a person who has defaulted on an educational loan guaranteed by the Illinois Student Assistance Commission; however, the Department may issue or renew a license if the person in default has established a satisfactory repayment record as determined by the Illinois Student Assistance Commission.
(6) All fines imposed under this Section shall be paid within 60 days after the effective date of the order imposing the fine or in accordance with the terms set forth in the order imposing the fine.

Section 5. The Unified Code of Corrections is amended by changing Section 5-5-3.1 as follows:

(730 ILCS 5/5-5-3.1) (from Ch. 38, par. 1005-5-3.1)

Sec. 5-5-3.1. Factors in Mitigation.

(a) The following grounds shall be accorded weight in favor of withholding or minimizing a sentence of imprisonment:

1. The defendant's criminal conduct neither caused nor threatened serious physical harm to another.
2. The defendant did not contemplate that his criminal conduct would cause or threaten serious physical harm to another.
3. The defendant acted under a strong provocation.
4. There were substantial grounds tending to excuse or justify the defendant's criminal conduct, though failing to establish a defense.
5. The defendant's criminal conduct was induced or facilitated by someone other than the defendant.
6. The defendant has compensated or will compensate the victim of his criminal conduct for the damage or injury that he sustained.
7. The defendant has no history of prior delinquency or criminal activity or has led a law-abiding life for a substantial period of time before the commission of the present crime.
8. The defendant's criminal conduct was the result of circumstances unlikely to recur.
9. The character and attitudes of the defendant indicate that he is unlikely to commit another crime.
10. The defendant is particularly likely to comply with the terms of a period of probation.
11. The imprisonment of the defendant would entail excessive hardship to his dependents.
12. The imprisonment of the defendant would endanger his or her medical condition.

New matter indicated by italics - deletions by strikeout
(13) The defendant was a person with an intellectual disability as defined in Section 5-1-13 of this Code.

(14) The defendant sought or obtained emergency medical assistance for an overdose and was convicted of a Class 3 felony or higher possession, manufacture, or delivery of a controlled, counterfeit, or look-alike substance or a controlled substance analog under the Illinois Controlled Substances Act or a Class 2 felony or higher possession, manufacture or delivery of methamphetamine under the Methamphetamine Control and Community Protection Act.

(15) At the time of the offense, the defendant is or had been the victim of domestic violence and the effects of the domestic violence tended to excuse or justify the defendant's criminal conduct. As used in this paragraph (15), "domestic violence" means abuse as defined in Section 103 of the Illinois Domestic Violence Act of 1986.

(16) At the time of the offense, the defendant was suffering from a serious mental illness which, though insufficient to establish the defense of insanity, substantially affected his or her ability to understand the nature of his or her acts or to conform his or her conduct to the requirements of the law.

(b) If the court, having due regard for the character of the offender, the nature and circumstances of the offense and the public interest finds that a sentence of imprisonment is the most appropriate disposition of the offender, or where other provisions of this Code mandate the imprisonment of the offender, the grounds listed in paragraph (a) of this subsection shall be considered as factors in mitigation of the term imposed.

AN ACT concerning criminal law.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Legislative findings and intent. The General Assembly finds that the ability of an individual incarcerated to maintain contact with the community and family is critical to a successful re-entry after release from prison. In addition, many incarcerated people are parents. Communication has been proven essential to the healthy development of their children. Many people are incarcerated far away from where their family and friends reside, which in some cases may be a country outside the United States. Telephone calls are frequently the only method available to maintain vital contact with loved ones. The purpose of this legislation is to ensure that people incarcerated can maintain contact with their loved ones without creating an undue burden on the person incarcerated or the recipient of phone calls. The General Assembly intends that when determining the best value of a telephone service, the lowest possible cost to the telephone user shall be emphasized.

Section 5. The Unified Code of Corrections is amended by changing Section 3-4-1 as follows:

Sec. 3-4-1. Gifts and Grants; Special Trusts Funds; Department of Corrections Reimbursement and Education Fund.

(a) The Department may accept, receive and use, for and in behalf of the State, any moneys, goods or services given for general purposes of this Code by the federal government or from any other source, public or private, including collections from inmates, reimbursement of payments under the Workers' Compensation Act, and commissions from inmate collect call telephone systems under an agreement with the Department of Central Management Services. For these purposes the Department may comply with such conditions and enter into such agreements upon such covenants, terms, and conditions as the Department may deem necessary or desirable, if the agreement is not in conflict with State law.

(a-5) Beginning January 1, 2018, the Department of Central Management Services shall contract with the qualified vendor who proposes the lowest per minute rate not exceeding 7 cents per minute for debit, prepaid, collect calls and who does not bill to any party any tax,
service charge, or additional fee exceeding the per minute rate, including, but not limited to, any per call surcharge, account set up fee, bill statement fee, monthly account maintenance charge, or refund fee as established by the Federal Communications Commission Order for state prisons in the Matter of Rates for Interstate Inmate Calling Services, Second Report and Order, WC Docket 12-375, FCC 15-136 (adopted Oct. 22, 2015). Telephone services made available through a prepaid or collect call system shall include international calls; those calls shall be made available at reasonable rates subject to Federal Communications Commission rules and regulations, but not to exceed 23 cents per minute. This amendatory Act of the 99th General Assembly applies to any new or renewal contract for inmate calling services.

(b) On July 1, 1998, the Department of Corrections Reimbursement Fund and the Department of Corrections Education Fund shall be combined into a single fund to be known as the Department of Corrections Reimbursement and Education Fund, which is hereby created as a special fund in the State Treasury. The moneys deposited into the Department of Corrections Reimbursement and Education Fund shall be appropriated to the Department of Corrections for the expenses of the Department.

The following shall be deposited into the Department of Corrections Reimbursement and Education Fund:

(i) Moneys received or recovered by the Department of Corrections as reimbursement for expenses incurred for the incarceration of committed persons.

(ii) Moneys received or recovered by the Department as reimbursement of payments made under the Workers' Compensation Act.

(iii) Moneys received by the Department as commissions from inmate collect call telephone systems.

(iv) Moneys received or recovered by the Department as reimbursement for expenses incurred by the employment of persons referred to the Department as participants in the federal Job Training Partnership Act programs.

(v) Federal moneys, including reimbursement and advances for services rendered or to be rendered and moneys for other than educational purposes, under grant or contract.

(vi) Moneys identified for deposit into the Fund under Section 13-44.4 of the School Code.

PUBLIC ACT 99-0879
(House Bill No. 6291)

AN ACT concerning courts.
Be it enacted by the People of the State of Illinois, represented in
the General Assembly:
Section 5. The Juvenile Court Act of 1987 is amended by changing
Sections 5-710 and 5-715 as follows:
(705 ILCS 405/5-710)
Sec. 5-710. Kinds of sentencing orders.
(1) The following kinds of sentencing orders may be made in
respect of wards of the court:
(a) Except as provided in Sections 5-805, 5-810, 5-815, a
minor who is found guilty under Section 5-620 may be:
(i) put on probation or conditional discharge and
released to his or her parents, guardian or legal custodian,
provided, however, that any such minor who is not
committed to the Department of Juvenile Justice under this
subsection and who is found to be a delinquent for an
offense which is first degree murder, a Class X felony, or a
forcible felony shall be placed on probation;
(ii) placed in accordance with Section 5-740, with
or without also being put on probation or conditional
discharge;
(iii) required to undergo a substance abuse
assessment conducted by a licensed provider and participate
in the indicated clinical level of care;
(iv) on and after the effective date of this
amendatory Act of the 98th General Assembly and before
January 1, 2017, placed in the guardianship of the

New matter indicated by italics - deletions by strikeout
Department of Children and Family Services, but only if the delinquent minor is under 16 years of age or, pursuant to Article II of this Act, a minor for whom an independent basis of abuse, neglect, or dependency exists. On and after January 1, 2017, placed in the guardianship of the Department of Children and Family Services, but only if the delinquent minor is under 15 years of age or, pursuant to Article II of this Act, a minor for whom an independent basis of abuse, neglect, or dependency exists. An independent basis exists when the allegations or adjudication of abuse, neglect, or dependency do not arise from the same facts, incident, or circumstances which give rise to a charge or adjudication of delinquency;

(v) placed in detention for a period not to exceed 30 days, either as the exclusive order of disposition or, where appropriate, in conjunction with any other order of disposition issued under this paragraph, provided that any such detention shall be in a juvenile detention home and the minor so detained shall be 10 years of age or older. However, the 30-day limitation may be extended by further order of the court for a minor under age 15 committed to the Department of Children and Family Services if the court finds that the minor is a danger to himself or others. The minor shall be given credit on the sentencing order of detention for time spent in detention under Sections 5-501, 5-601, 5-710, or 5-720 of this Article as a result of the offense for which the sentencing order was imposed. The court may grant credit on a sentencing order of detention entered under a violation of probation or violation of conditional discharge under Section 5-720 of this Article for time spent in detention before the filing of the petition alleging the violation. A minor shall not be deprived of credit for time spent in detention before the filing of a violation of probation or conditional discharge alleging the same or related act or acts. The limitation that the minor shall only be placed in a juvenile detention home does not apply as follows:

Persons 18 years of age and older who have a petition of delinquency filed against them may be confined
in an adult detention facility. In making a determination whether to confine a person 18 years of age or older who has a petition of delinquency filed against the person, these factors, among other matters, shall be considered:

(A) the age of the person;

(B) any previous delinquent or criminal history of the person;

(C) any previous abuse or neglect history of the person;

(D) any mental health history of the person; and

(E) any educational history of the person;

(vi) ordered partially or completely emancipated in accordance with the provisions of the Emancipation of Minors Act;

(vii) subject to having his or her driver's license or driving privileges suspended for such time as determined by the court but only until he or she attains 18 years of age;

(viii) put on probation or conditional discharge and placed in detention under Section 3-6039 of the Counties Code for a period not to exceed the period of incarceration permitted by law for adults found guilty of the same offense or offenses for which the minor was adjudicated delinquent, and in any event no longer than upon attainment of age 21; this subdivision (viii) notwithstanding any contrary provision of the law;

(ix) ordered to undergo a medical or other procedure to have a tattoo symbolizing allegiance to a street gang removed from his or her body; or

(x) placed in electronic home detention under Part 7A of this Article.

(b) A minor found to be guilty may be committed to the Department of Juvenile Justice under Section 5-750 if the minor is at least 13 years and under 20 years of age, provided that the commitment to the Department of Juvenile Justice shall be made only if a term of imprisonment in the penitentiary system of the Department of Corrections is permitted by law for adults found guilty of the offense for which the minor was adjudicated delinquent. The court shall include in the sentencing order any pre-
custody credits the minor is entitled to under Section 5-4.5-100 of the Unified Code of Corrections. The time during which a minor is in custody before being released upon the request of a parent, guardian or legal custodian shall also be considered as time spent in custody.

(c) When a minor is found to be guilty for an offense which is a violation of the Illinois Controlled Substances Act, the Cannabis Control Act, or the Methamphetamine Control and Community Protection Act and made a ward of the court, the court may enter a disposition order requiring the minor to undergo assessment, counseling or treatment in a substance abuse program approved by the Department of Human Services.

(2) Any sentencing order other than commitment to the Department of Juvenile Justice may provide for protective supervision under Section 5-725 and may include an order of protection under Section 5-730.

(3) Unless the sentencing order expressly so provides, it does not operate to close proceedings on the pending petition, but is subject to modification until final closing and discharge of the proceedings under Section 5-750.

(4) In addition to any other sentence, the court may order any minor found to be delinquent to make restitution, in monetary or non-monetary form, under the terms and conditions of Section 5-5-6 of the Unified Code of Corrections, except that the "presentencing hearing" referred to in that Section shall be the sentencing hearing for purposes of this Section. The parent, guardian or legal custodian of the minor may be ordered by the court to pay some or all of the restitution on the minor's behalf, pursuant to the Parental Responsibility Law. The State's Attorney is authorized to act on behalf of any victim in seeking restitution in proceedings under this Section, up to the maximum amount allowed in Section 5 of the Parental Responsibility Law.

(5) Any sentencing order where the minor is committed or placed in accordance with Section 5-740 shall provide for the parents or guardian of the estate of the minor to pay to the legal custodian or guardian of the person of the minor such sums as are determined by the custodian or guardian of the person of the minor as necessary for the minor's needs. The payments may not exceed the maximum amounts provided for by Section 9.1 of the Children and Family Services Act.

(6) Whenever the sentencing order requires the minor to attend school or participate in a program of training, the truant officer or

New matter indicated by italics - deletions by strikeout
designated school official shall regularly report to the court if the minor is a chronic or habitual truant under Section 26-2a of the School Code. Notwithstanding any other provision of this Act, in instances in which educational services are to be provided to a minor in a residential facility where the minor has been placed by the court, costs incurred in the provision of those educational services must be allocated based on the requirements of the School Code.

(7) In no event shall a guilty minor be committed to the Department of Juvenile Justice for a period of time in excess of that period for which an adult could be committed for the same act. The court shall include in the sentencing order a limitation on the period of confinement not to exceed the maximum period of imprisonment the court could impose under Article V of the Unified Code of Corrections.

(7.5) In no event shall a guilty minor be committed to the Department of Juvenile Justice or placed in detention when the act for which the minor was adjudicated delinquent would not be illegal if committed by an adult.

(7.75) In no event shall a guilty minor be committed to the Department of Juvenile Justice for an offense that is a Class 3 or Class 4 felony violation of the Illinois Controlled Substances Act unless the commitment occurs upon a third or subsequent judicial finding of a violation of probation for substantial noncompliance with court ordered treatment or programming.

(8) A minor found to be guilty for reasons that include a violation of Section 21-1.3 of the Criminal Code of 1961 or the Criminal Code of 2012 shall be ordered to perform community service for not less than 30 and not more than 120 hours, if community service is available in the jurisdiction. The community service shall include, but need not be limited to, the cleanup and repair of the damage that was caused by the violation or similar damage to property located in the municipality or county in which the violation occurred. The order may be in addition to any other order authorized by this Section.

(8.5) A minor found to be guilty for reasons that include a violation of Section 3.02 or Section 3.03 of the Humane Care for Animals Act or paragraph (d) of subsection (1) of Section 21-1 of the Criminal Code of 1961 or paragraph (4) of subsection (a) of Section 21-1 of the Criminal Code of 2012 shall be ordered to undergo medical or psychiatric treatment rendered by a psychiatrist or psychological treatment rendered by a clinical
(9) In addition to any other sentencing order, the court shall order any minor found to be guilty for an act which would constitute, predatory criminal sexual assault of a child, aggravated criminal sexual assault, criminal sexual assault, aggravated criminal sexual abuse, or criminal sexual abuse if committed by an adult to undergo medical testing to determine whether the defendant has any sexually transmissible disease including a test for infection with human immunodeficiency virus (HIV) or any other identified causative agency of acquired immunodeficiency syndrome (AIDS). Any medical test shall be performed only by appropriately licensed medical practitioners and may include an analysis of any bodily fluids as well as an examination of the minor's person. Except as otherwise provided by law, the results of the test shall be kept strictly confidential by all medical personnel involved in the testing and must be personally delivered in a sealed envelope to the judge of the court in which the sentencing order was entered for the judge's inspection in camera. Acting in accordance with the best interests of the victim and the public, the judge shall have the discretion to determine to whom the results of the testing may be revealed. The court shall notify the minor of the results of the test for infection with the human immunodeficiency virus (HIV). The court shall also notify the victim if requested by the victim, and if the victim is under the age of 15 and if requested by the victim's parents or legal guardian, the court shall notify the victim's parents or the legal guardian, of the results of the test for infection with the human immunodeficiency virus (HIV). The court shall provide information on the availability of HIV testing and counseling at the Department of Public Health facilities to all parties to whom the results of the testing are revealed. The court shall order that the cost of any test shall be paid by the county and may be taxed as costs against the minor.

(10) When a court finds a minor to be guilty the court shall, before entering a sentencing order under this Section, make a finding whether the offense committed either: (a) was related to or in furtherance of the criminal activities of an organized gang or was motivated by the minor's membership in or allegiance to an organized gang, or (b) involved a violation of subsection (a) of Section 12-7.1 of the Criminal Code of 1961 or the Criminal Code of 2012, a violation of any Section of Article 24 of the Criminal Code of 1961 or the Criminal Code of 2012, or a violation of any statute that involved the wrongful use of a firearm. If the court

New matter indicated by italics - deletions by strikeout
determines the question in the affirmative, and the court does not commit
the minor to the Department of Juvenile Justice, the court shall order the
minor to perform community service for not less than 30 hours nor more
than 120 hours, provided that community service is available in the
jurisdiction and is funded and approved by the county board of the county
where the offense was committed. The community service shall include,
but need not be limited to, the cleanup and repair of any damage caused by
a violation of Section 21-1.3 of the Criminal Code of 1961 or the Criminal
Code of 2012 and similar damage to property located in the municipality
or county in which the violation occurred. When possible and reasonable,
the community service shall be performed in the minor's neighborhood.
This order shall be in addition to any other order authorized by this Section
except for an order to place the minor in the custody of the Department of
Juvenile Justice. For the purposes of this Section, "organized gang" has the
meaning ascribed to it in Section 10 of the Illinois Streetgang Terrorism
Omnibus Prevention Act.

(11) If the court determines that the offense was committed in
furtherance of the criminal activities of an organized gang, as provided in
subsection (10), and that the offense involved the operation or use of a
motor vehicle or the use of a driver's license or permit, the court shall
notify the Secretary of State of that determination and of the period for
which the minor shall be denied driving privileges. If, at the time of the
determination, the minor does not hold a driver's license or permit, the
court shall provide that the minor shall not be issued a driver's license or
permit until his or her 18th birthday. If the minor holds a driver's license or
permit at the time of the determination, the court shall provide that the
minor's driver's license or permit shall be revoked until his or her 21st
birthday, or until a later date or occurrence determined by the court. If the
minor holds a driver's license at the time of the determination, the court
may direct the Secretary of State to issue the minor a judicial driving
permit, also known as a JDP. The JDP shall be subject to the same terms
as a JDP issued under Section 6-206.1 of the Illinois Vehicle Code, except
that the court may direct that the JDP be effective immediately.

(12) If a minor is found to be guilty of a violation of subsection (a-7)
of Section 1 of the Prevention of Tobacco Use by Minors Act, the court
may, in its discretion, and upon recommendation by the State's Attorney,
order that minor and his or her parents or legal guardian to attend a
smoker's education or youth diversion program as defined in that Act if
that program is available in the jurisdiction where the offender resides.

New matter indicated by italics - deletions by strikeout
Attendance at a smoker's education or youth diversion program shall be time-credited against any community service time imposed for any first violation of subsection (a-7) of Section 1 of that Act. In addition to any other penalty that the court may impose for a violation of subsection (a-7) of Section 1 of that Act, the court, upon request by the State's Attorney, may in its discretion require the offender to remit a fee for his or her attendance at a smoker's education or youth diversion program.

For purposes of this Section, "smoker's education program" or "youth diversion program" includes, but is not limited to, a seminar designed to educate a person on the physical and psychological effects of smoking tobacco products and the health consequences of smoking tobacco products that can be conducted with a locality's youth diversion program.

In addition to any other penalty that the court may impose under this subsection (12):

(a) If a minor violates subsection (a-7) of Section 1 of the Prevention of Tobacco Use by Minors Act, the court may impose a sentence of 15 hours of community service or a fine of $25 for a first violation.

(b) A second violation by a minor of subsection (a-7) of Section 1 of that Act that occurs within 12 months after the first violation is punishable by a fine of $50 and 25 hours of community service.

(c) A third or subsequent violation by a minor of subsection (a-7) of Section 1 of that Act that occurs within 12 months after the first violation is punishable by a $100 fine and 30 hours of community service.

(d) Any second or subsequent violation not within the 12-month time period after the first violation is punishable as provided for a first violation.

Sec. 5-715. Probation.
(1) The period of probation or conditional discharge shall not exceed 5 years or until the minor has attained the age of 21 years, whichever is less, except as provided in this Section for a minor who is found to be guilty for an offense which is first degree murder, a Class X felony or a forcible felony. The juvenile court may terminate probation or

conditional discharge and discharge the minor at any time if warranted by the conduct of the minor and the ends of justice; provided, however, that the period of probation for a minor who is found to be guilty for an offense which is first degree murder, a Class X felony, or a forcible felony shall be at least 5 years.

(1.5) The period of probation for a minor who is found guilty of aggravated criminal sexual assault, criminal sexual assault, or aggravated battery with a firearm shall be at least 36 months. The period of probation for a minor who is found to be guilty of any other Class X felony shall be at least 24 months. The period of probation for a Class 1 or Class 2 forcible felony shall be at least 18 months. Regardless of the length of probation ordered by the court, for all offenses under this paragraph (1.5), the court shall schedule hearings to determine whether it is in the best interest of the minor and public safety to terminate probation after the minimum period of probation has been served. In such a hearing, there shall be a rebuttable presumption that it is in the best interest of the minor and public safety to terminate probation.

(2) The court may as a condition of probation or of conditional discharge require that the minor:

(a) not violate any criminal statute of any jurisdiction;
(b) make a report to and appear in person before any person or agency as directed by the court;
(c) work or pursue a course of study or vocational training;
(d) undergo medical or psychiatric treatment, rendered by a psychiatrist or psychological treatment rendered by a clinical psychologist or social work services rendered by a clinical social worker, or treatment for drug addiction or alcoholism;
(e) attend or reside in a facility established for the instruction or residence of persons on probation;
(f) support his or her dependents, if any;
(g) refrain from possessing a firearm or other dangerous weapon, or an automobile;
(h) permit the probation officer to visit him or her at his or her home or elsewhere;
(i) reside with his or her parents or in a foster home;
(j) attend school;
(j-5) with the consent of the superintendent of the facility, attend an educational program at a facility other than the school in which the offense was committed if he or she committed a crime of

violence as defined in Section 2 of the Crime Victims Compensation Act in a school, on the real property comprising a school, or within 1,000 feet of the real property comprising a school;

(k) attend a non-residential program for youth;
(l) make restitution under the terms of subsection (4) of Section 5-710;
(m) contribute to his or her own support at home or in a foster home;
(n) perform some reasonable public or community service;
(o) participate with community corrections programs including unified delinquency intervention services administered by the Department of Human Services subject to Section 5 of the Children and Family Services Act;
(p) pay costs;
(q) serve a term of home confinement. In addition to any other applicable condition of probation or conditional discharge, the conditions of home confinement shall be that the minor:

(i) remain within the interior premises of the place designated for his or her confinement during the hours designated by the court;

(ii) admit any person or agent designated by the court into the minor's place of confinement at any time for purposes of verifying the minor's compliance with the conditions of his or her confinement; and

(iii) use an approved electronic monitoring device if ordered by the court subject to Article 8A of Chapter V of the Unified Code of Corrections;

(r) refrain from entering into a designated geographic area except upon terms as the court finds appropriate. The terms may include consideration of the purpose of the entry, the time of day, other persons accompanying the minor, and advance approval by a probation officer, if the minor has been placed on probation, or advance approval by the court, if the minor has been placed on conditional discharge;

(s) refrain from having any contact, directly or indirectly, with certain specified persons or particular types of persons, including but not limited to members of street gangs and drug users or dealers;

(s-5) undergo a medical or other procedure to have a tattoo symbolizing allegiance to a street gang removed from his or her body;
(t) refrain from having in his or her body the presence of any illicit drug prohibited by the Cannabis Control Act, the Illinois Controlled Substances Act, or the Methamphetamine Control and Community Protection Act, unless prescribed by a physician, and shall submit samples of his or her blood or urine or both for tests to determine the presence of any illicit drug; or
(u) comply with other conditions as may be ordered by the court.
(3) The court may as a condition of probation or of conditional discharge require that a minor found guilty on any alcohol, cannabis, methamphetamine, or controlled substance violation, refrain from acquiring a driver's license during the period of probation or conditional discharge. If the minor is in possession of a permit or license, the court may require that the minor refrain from driving or operating any motor vehicle during the period of probation or conditional discharge, except as may be necessary in the course of the minor's lawful employment.
(3.5) The court shall, as a condition of probation or of conditional discharge, require that a minor found to be guilty and placed on probation for reasons that include a violation of Section 3.02 or Section 3.03 of the Humane Care for Animals Act or paragraph (4) of subsection (a) of Section 21-1 of the Criminal Code of 2012 undergo medical or psychiatric treatment rendered by a psychiatrist or psychological treatment rendered by a clinical psychologist. The condition may be in addition to any other condition.
(3.10) The court shall order that a minor placed on probation or conditional discharge for a sex offense as defined in the Sex Offender Management Board Act undergo and successfully complete sex offender treatment. The treatment shall be in conformance with the standards developed under the Sex Offender Management Board Act and conducted by a treatment provider approved by the Board. The treatment shall be at the expense of the person evaluated based upon that person's ability to pay for the treatment.
(4) A minor on probation or conditional discharge shall be given a certificate setting forth the conditions upon which he or she is being released.
(5) The court shall impose upon a minor placed on probation or conditional discharge, as a condition of the probation or conditional discharge, a fee of $50 for each month of probation or conditional discharge supervision ordered by the court, unless after determining the inability of the minor placed on probation or conditional discharge to pay the fee, the court assesses a lesser amount. The court may not impose the fee on a minor who is made a ward of the State under this Act while the minor is in placement. The fee shall be imposed only upon a minor who is actively supervised by the probation and court services department. The court may order the parent, guardian, or legal custodian of the minor to pay some or all of the fee on the minor's behalf.

(5.5) Jurisdiction over an offender may be transferred from the sentencing court to the court of another circuit with the concurrence of both courts. Further transfers or retransfers of jurisdiction are also authorized in the same manner. The court to which jurisdiction has been transferred shall have the same powers as the sentencing court. The probation department within the circuit to which jurisdiction has been transferred, or which has agreed to provide supervision, may impose probation fees upon receiving the transferred offender, as provided in subsection (i) of Section 5-6-3 of the Unified Code of Corrections. For all transfer cases, as defined in Section 9b of the Probation and Probation Officers Act, the probation department from the original sentencing court shall retain all probation fees collected prior to the transfer. After the transfer, all probation fees shall be paid to the probation department within the circuit to which jurisdiction has been transferred.

If the transfer case originated in another state and has been transferred under the Interstate Compact for Juveniles to the jurisdiction of an Illinois circuit court for supervision by an Illinois probation department, probation fees may be imposed only if permitted by the Interstate Commission for Juveniles.

(6) The General Assembly finds that in order to protect the public, the juvenile justice system must compel compliance with the conditions of probation by responding to violations with swift, certain, and fair punishments and intermediate sanctions. The Chief Judge of each circuit shall adopt a system of structured, intermediate sanctions for violations of the terms and conditions of a sentence of supervision, probation or conditional discharge, under this Act.

The court shall provide as a condition of a disposition of probation, conditional discharge, or supervision, that the probation agency may
invoke any sanction from the list of intermediate sanctions adopted by the chief judge of the circuit court for violations of the terms and conditions of the sentence of probation, conditional discharge, or supervision, subject to the provisions of Section 5-720 of this Act.

PUBLIC ACT 99-0880
(House Bill No. 6324)

AN ACT concerning State government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Uniform Conviction Information Act is amended by changing Section 3 as follows:

(20 ILCS 2635/3) (from Ch. 38, par. 1603)

Sec. 3. Definitions. Whenever used in this Act, and for the purposes of this Act, unless the context clearly indicates otherwise:

(A) "Accurate" means factually correct, containing no mistake or error of a material nature.

(B) The phrase "administer the criminal laws" includes any of the following activities: intelligence gathering, surveillance, criminal investigation, crime detection and prevention (including research), apprehension, detention, pretrial or post-trial release, prosecution, the correctional supervision or rehabilitation of accused persons or criminal offenders, criminal identification activities, data analysis and research done by the sentencing commission, or the collection, maintenance or dissemination of criminal history record information.

(C) "The Authority" means the Illinois Criminal Justice Information Authority.

(D) "Automated" means the utilization of computers, telecommunication lines, or other automatic data processing equipment for data collection or storage, analysis, processing, preservation, maintenance,
dissemination, or display and is distinguished from a system in which such activities are performed manually.

(E) "Complete" means accurately reflecting all the criminal history record information about an individual that is required to be reported to the Department pursuant to Section 2.1 of the Criminal Identification Act.

(F) "Conviction information" means data reflecting a judgment of guilt or nolo contendere. The term includes all prior and subsequent criminal history events directly relating to such judgments, such as, but not limited to: (1) the notation of arrest; (2) the notation of charges filed; (3) the sentence imposed; (4) the fine imposed; and (5) all related probation, parole, and release information. Information ceases to be "conviction information" when a judgment of guilt is reversed or vacated.

For purposes of this Act, continuances to a date certain in furtherance of an order of supervision granted under Section 5-6-1 of the Unified Code of Corrections or an order of probation granted under either Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, Section 70 of the Methamphetamine Control and Community Protection Act, Section 12-4.3 or subdivision (b)(1) of Section 12-3.05 of the Criminal Code of 1961 or the Criminal Code of 2012, Section 10-102 of the Illinois Alcoholism and Other Drug Dependency Act, Section 40-10 of the Alcoholism and Other Drug Abuse and Dependency Act, or Section 10 of the Steroid Control Act shall not be deemed "conviction information".

(G) "Criminal history record information" means data identifiable to an individual, including information collected under Section 4.5 of the Criminal Identification Act, and consisting of descriptions or notations of arrests, detentions, indictments, informations, pretrial proceedings, trials, or other formal events in the criminal justice system or descriptions or notations of criminal charges (including criminal violations of local municipal ordinances) and the nature of any disposition arising therefrom, including sentencing, court or correctional supervision, rehabilitation and release. The term does not apply to statistical records and reports in which individual are not identified and from which their identities are not ascertainable, or to information that is for criminal investigative or intelligence purposes.

(H) "Criminal justice agency" means (1) a government agency or any subunit thereof which is authorized to administer the criminal laws and which allocates a substantial part of its annual budget for that purpose, or (2) an agency supported by public funds which is authorized as its
principal function to administer the criminal laws and which is officially
designated by the Department as a criminal justice agency for purposes of
this Act.

(I) "The Department" means the Illinois Department of State
Police.

(J) "Director" means the Director of the Illinois Department of
State Police.

(K) "Disseminate" means to disclose or transmit conviction
information in any form, oral, written, or otherwise.

(L) "Exigency" means pending danger or the threat of pending
danger to an individual or property.

(M) "Non-criminal justice agency" means a State agency, Federal
agency, or unit of local government that is not a criminal justice agency.
The term does not refer to private individuals, corporations, or non-
governmental agencies or organizations.

(M-5) "Request" means the submission to the Department, in the
form and manner required, the necessary data elements or fingerprints, or
both, to allow the Department to initiate a search of its criminal history
record information files.

(N) "Requester" means any private individual, corporation,
organization, employer, employment agency, labor organization, or non-
criminal justice agency that has made a request pursuant to this Act to
obtain conviction information maintained in the files of the Department of
State Police regarding a particular individual.

(O) "Statistical information" means data from which the identity of
an individual cannot be ascertained, reconstructed, or verified and to
which the identity of an individual cannot be linked by the recipient of the
information.

(P) "Sentencing commission" means the Sentencing Policy
Advisory Council.

AN ACT concerning State government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Criminal Identification Act is amended by changing Section 5.2 as follows:

(20 ILCS 2630/5.2)
Sec. 5.2. Expungement and sealing.
(a) General Provisions.
   (1) Definitions. In this Act, words and phrases have the meanings set forth in this subsection, except when a particular context clearly requires a different meaning.
      (A) The following terms shall have the meanings ascribed to them in the Unified Code of Corrections, 730 ILCS 5/5-1-2 through 5/5-1-22:
         (i) Business Offense (730 ILCS 5/5-1-2),
         (ii) Charge (730 ILCS 5/5-1-3),
         (iii) Court (730 ILCS 5/5-1-6),
         (iv) Defendant (730 ILCS 5/5-1-7),
         (v) Felony (730 ILCS 5/5-1-9),
         (vi) Imprisonment (730 ILCS 5/5-1-10),
         (vii) Judgment (730 ILCS 5/5-1-12),
         (viii) Misdemeanor (730 ILCS 5/5-1-14),
         (ix) Offense (730 ILCS 5/5-1-15),
         (x) Parole (730 ILCS 5/5-1-16),
         (xi) Petty Offense (730 ILCS 5/5-1-17),
         (xii) Probation (730 ILCS 5/5-1-18),
         (xiii) Sentence (730 ILCS 5/5-1-19),
         (xiv) Supervision (730 ILCS 5/5-1-21), and
         (xv) Victim (730 ILCS 5/5-1-22).
      (B) As used in this Section, "charge not initiated by arrest" means a charge (as defined by 730 ILCS 5/5-1-3) brought against a defendant where the defendant is not arrested prior to or as a direct result of the charge.
      (C) "Conviction" means a judgment of conviction or sentence entered upon a plea of guilty or upon a verdict or finding of guilty of an offense, rendered by a legally
constituted jury or by a court of competent jurisdiction authorized to try the case without a jury. An order of supervision successfully completed by the petitioner is not a conviction. An order of qualified probation (as defined in subsection (a)(1)(J)) successfully completed by the petitioner is not a conviction. An order of supervision or an order of qualified probation that is terminated unsatisfactorily is a conviction, unless the unsatisfactory termination is reversed, vacated, or modified and the judgment of conviction, if any, is reversed or vacated.

(D) "Criminal offense" means a petty offense, business offense, misdemeanor, felony, or municipal ordinance violation (as defined in subsection (a)(1)(H)). As used in this Section, a minor traffic offense (as defined in subsection (a)(1)(G)) shall not be considered a criminal offense.

(E) "Expunge" means to physically destroy the records or return them to the petitioner and to obliterate the petitioner's name from any official index or public record, or both. Nothing in this Act shall require the physical destruction of the circuit court file, but such records relating to arrests or charges, or both, ordered expunged shall be impounded as required by subsections (d)(9)(A)(ii) and (d)(9)(B)(ii).

(F) As used in this Section, "last sentence" means the sentence, order of supervision, or order of qualified probation (as defined by subsection (a)(1)(J)), for a criminal offense (as defined by subsection (a)(1)(D)) that terminates last in time in any jurisdiction, regardless of whether the petitioner has included the criminal offense for which the sentence or order of supervision or qualified probation was imposed in his or her petition. If multiple sentences, orders of supervision, or orders of qualified probation terminate on the same day and are last in time, they shall be collectively considered the "last sentence" regardless of whether they were ordered to run concurrently.

(G) "Minor traffic offense" means a petty offense, business offense, or Class C misdemeanor under the Illinois

New matter indicated by italics - deletions by strikeout
Vehicle Code or a similar provision of a municipal or local ordinance.

(H) "Municipal ordinance violation" means an offense defined by a municipal or local ordinance that is criminal in nature and with which the petitioner was charged or for which the petitioner was arrested and released without charging.

(I) "Petitioner" means an adult or a minor prosecuted as an adult who has applied for relief under this Section.

(J) "Qualified probation" means an order of probation under Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, Section 70 of the Methamphetamine Control and Community Protection Act, Section 5-6-3.3 or 5-6-3.4 of the Unified Code of Corrections, Section 12-4.3(b)(1) and (2) of the Criminal Code of 1961 (as those provisions existed before their deletion by Public Act 89-313), Section 10-102 of the Illinois Alcoholism and Other Drug Dependency Act, Section 40-10 of the Alcoholism and Other Drug Abuse and Dependency Act, or Section 10 of the Steroid Control Act. For the purpose of this Section, "successful completion" of an order of qualified probation under Section 10-102 of the Illinois Alcoholism and Other Drug Dependency Act and Section 40-10 of the Alcoholism and Other Drug Abuse and Dependency Act means that the probation was terminated satisfactorily and the judgment of conviction was vacated.

(K) "Seal" means to physically and electronically maintain the records, unless the records would otherwise be destroyed due to age, but to make the records unavailable without a court order, subject to the exceptions in Sections 12 and 13 of this Act. The petitioner's name shall also be obliterated from the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but any index issued by the circuit court clerk before the entry of the order to seal shall not be affected.

(L) "Sexual offense committed against a minor" includes but is not limited to the offenses of indecent
solicitation of a child or criminal sexual abuse when the victim of such offense is under 18 years of age.

(M) "Terminate" as it relates to a sentence or order of supervision or qualified probation includes either satisfactory or unsatisfactory termination of the sentence, unless otherwise specified in this Section.

(2) Minor Traffic Offenses. Orders of supervision or convictions for minor traffic offenses shall not affect a petitioner's eligibility to expunge or seal records pursuant to this Section.

(3) Exclusions. Except as otherwise provided in subsections (b)(5), (b)(6), (b)(8), (e), (e-5), and (e-6) of this Section, the court shall not order:

(A) the sealing or expungement of the records of arrests or charges not initiated by arrest that result in an order of supervision for or conviction of: (i) any sexual offense committed against a minor; (ii) Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance; or (iii) Section 11-503 of the Illinois Vehicle Code or a similar provision of a local ordinance, unless the arrest or charge is for a misdemeanor violation of subsection (a) of Section 11-503 or a similar provision of a local ordinance, that occurred prior to the offender reaching the age of 25 years and the offender has no other conviction for violating Section 11-501 or 11-503 of the Illinois Vehicle Code or a similar provision of a local ordinance.

(B) the sealing or expungement of records of minor traffic offenses (as defined in subsection (a)(1)(G)), unless the petitioner was arrested and released without charging.

(C) the sealing of the records of arrests or charges not initiated by arrest which result in an order of supervision or a conviction for the following offenses:

(i) offenses included in Article 11 of the Criminal Code of 1961 or the Criminal Code of 2012 or a similar provision of a local ordinance, except Section 11-14 of the Criminal Code of 1961 or the Criminal Code of 2012, or a similar provision of a local ordinance;

(ii) Section 11-1.50, 12-3.4, 12-15, 12-30, 26-5, or 48-1 of the Criminal Code of 1961 or the
(iii) Sections 12-3.1 or 12-3.2 of the Criminal Code of 1961 or the Criminal Code of 2012, or Section 125 of the Stalking No Contact Order Act, or Section 219 of the Civil No Contact Order Act, or a similar provision of a local ordinance;

(iv) offenses which are Class A misdemeanors under the Humane Care for Animals Act; or

(v) any offense or attempted offense that would subject a person to registration under the Sex Offender Registration Act.

(D) the sealing of the records of an arrest which results in the petitioner being charged with a felony offense or records of a charge not initiated by arrest for a felony offense unless:

(i) the charge is amended to a misdemeanor and is otherwise eligible to be sealed pursuant to subsection (c);

(ii) the charge is brought along with another charge as a part of one case and the charge results in acquittal, dismissal, or conviction when the conviction was reversed or vacated, and another charge brought in the same case results in a disposition for a misdemeanor offense that is eligible to be sealed pursuant to subsection (c) or a disposition listed in paragraph (i), (iii), or (iv) of this subsection;

(iii) the charge results in first offender probation as set forth in subsection (c)(2)(E);

(iv) the charge is for a felony offense listed in subsection (c)(2)(F) or the charge is amended to a felony offense listed in subsection (c)(2)(F);

(v) the charge results in acquittal, dismissal, or the petitioner's release without conviction; or

(vi) the charge results in a conviction, but the conviction was reversed or vacated.

New matter indicated by italics - deletions by strikeout
(b) Expungement.

(1) A petitioner may petition the circuit court to expunge the records of his or her arrests and charges not initiated by arrest when each:

    (A) He or she has never been convicted of a criminal offense; and

    (B) Each arrest or charge not initiated by arrest sought to be expunged resulted in: (i) acquittal, dismissal, or the petitioner's release without charging, unless excluded by subsection (a)(3)(B); (ii) a conviction which was vacated or reversed, unless excluded by subsection (a)(3)(B); (iii) an order of supervision and such supervision was successfully completed by the petitioner, unless excluded by subsection (a)(3)(A) or (a)(3)(B); or (iv) an order of qualified probation (as defined in subsection (a)(1)(J)) and such probation was successfully completed by the petitioner.

(1.5) When a petitioner seeks to have a record of arrest expunged under this Section, and the offender has been convicted of a criminal offense, the State's Attorney may object to the expungement on the grounds that the records contain specific relevant information aside from the mere fact of the arrest.

(2) Time frame for filing a petition to expunge.

    (A) When the arrest or charge not initiated by arrest sought to be expunged resulted in an acquittal, dismissal, the petitioner's release without charging, or the reversal or vacation of a conviction, there is no waiting period to petition for the expungement of such records.

    (B) When the arrest or charge not initiated by arrest sought to be expunged resulted in an order of supervision, successfully completed by the petitioner, the following time frames will apply:

        (i) Those arrests or charges that resulted in orders of supervision under Section 3-707, 3-708, 3-710, or 5-401.3 of the Illinois Vehicle Code or a similar provision of a local ordinance, or under Section 11-1.50, 12-3.2, or 12-15 of the Criminal Code of 1961 or the Criminal Code of 2012, or a similar provision of a local ordinance, shall not be
eligible for expungement until 5 years have passed following the satisfactory termination of the supervision.

(i-5) Those arrests or charges that resulted in orders of supervision for a misdemeanor violation of subsection (a) of Section 11-503 of the Illinois Vehicle Code or a similar provision of a local ordinance, that occurred prior to the offender reaching the age of 25 years and the offender has no other conviction for violating Section 11-501 or 11-503 of the Illinois Vehicle Code or a similar provision of a local ordinance shall not be eligible for expungement until the petitioner has reached the age of 25 years.

(ii) Those arrests or charges that resulted in orders of supervision for any other offenses shall not be eligible for expungement until 2 years have passed following the satisfactory termination of the supervision.

(C) When the arrest or charge not initiated by arrest sought to be expunged resulted in an order of qualified probation, successfully completed by the petitioner, such records shall not be eligible for expungement until 5 years have passed following the satisfactory termination of the probation.

(3) Those records maintained by the Department for persons arrested prior to their 17th birthday shall be expunged as provided in Section 5-915 of the Juvenile Court Act of 1987.

(4) Whenever a person has been arrested for or convicted of any offense, in the name of a person whose identity he or she has stolen or otherwise come into possession of, the aggrieved person from whom the identity was stolen or otherwise obtained without authorization, upon learning of the person having been arrested using his or her identity, may, upon verified petition to the chief judge of the circuit wherein the arrest was made, have a court order entered nunc pro tunc by the Chief Judge to correct the arrest record, conviction record, if any, and all official records of the arresting authority, the Department, other criminal justice agencies, the prosecutor, and the trial court concerning such arrest, if any, by

removing his or her name from all such records in connection with
the arrest and conviction, if any, and by inserting in the records the
name of the offender, if known or ascertainable, in lieu of the
aggrieved's name. The records of the circuit court clerk shall be
sealed until further order of the court upon good cause shown and
the name of the aggrieved person obliterated on the official index
required to be kept by the circuit court clerk under Section 16 of
the Clerks of Courts Act, but the order shall not affect any index
issued by the circuit court clerk before the entry of the order.
Nothing in this Section shall limit the Department of State Police
or other criminal justice agencies or prosecutors from listing under
an offender's name the false names he or she has used.

(5) Whenever a person has been convicted of criminal
sexual assault, aggravated criminal sexual assault, predatory
criminal sexual assault of a child, criminal sexual abuse, or
aggravated criminal sexual abuse, the victim of that offense may
request that the State's Attorney of the county in which the
conviction occurred file a verified petition with the presiding trial
judge at the petitioner's trial to have a court order entered to seal
the records of the circuit court clerk in connection with the
proceedings of the trial court concerning that offense. However, the
records of the arresting authority and the Department of State
Police concerning the offense shall not be sealed. The court, upon
good cause shown, shall make the records of the circuit court clerk
in connection with the proceedings of the trial court concerning the
offense available for public inspection.

(6) If a conviction has been set aside on direct review or on
collateral attack and the court determines by clear and convincing
evidence that the petitioner was factually innocent of the charge,
the court that finds the petitioner factually innocent of the charge
shall enter an expungement order for the conviction for which the
petitioner has been determined to be innocent as provided in
subsection (b) of Section 5-5-4 of the Unified Code of Corrections.

(7) Nothing in this Section shall prevent the Department of
State Police from maintaining all records of any person who is
admitted to probation upon terms and conditions and who fulfills
those terms and conditions pursuant to Section 10 of the Cannabis
Control Act, Section 410 of the Illinois Controlled Substances Act,
Section 70 of the Methamphetamine Control and Community

Protection Act, Section 5-6-3.3 or 5-6-3.4 of the Unified Code of Corrections, Section 12-4.3 or subdivision (b)(1) of Section 12-3.05 of the Criminal Code of 1961 or the Criminal Code of 2012, Section 10-102 of the Illinois Alcoholism and Other Drug Dependency Act, Section 40-10 of the Alcoholism and Other Drug Abuse and Dependency Act, or Section 10 of the Steroid Control Act.

(8) If the petitioner has been granted a certificate of innocence under Section 2-702 of the Code of Civil Procedure, the court that grants the certificate of innocence shall also enter an order expunging the conviction for which the petitioner has been determined to be innocent as provided in subsection (h) of Section 2-702 of the Code of Civil Procedure.

(c) Sealing.

(1) Applicability. Notwithstanding any other provision of this Act to the contrary, and cumulative with any rights to expungement of criminal records, this subsection authorizes the sealing of criminal records of adults and of minors prosecuted as adults.

(2) Eligible Records. The following records may be sealed:

(A) All arrests resulting in release without charging;

(B) Arrests or charges not initiated by arrest resulting in acquittal, dismissal, or conviction when the conviction was reversed or vacated, except as excluded by subsection (a)(3)(B);

(C) Arrests or charges not initiated by arrest resulting in orders of supervision, including orders of supervision for municipal ordinance violations, successfully completed by the petitioner, unless excluded by subsection (a)(3);

(D) Arrests or charges not initiated by arrest resulting in convictions, including convictions on municipal ordinance violations, unless excluded by subsection (a)(3);

(E) Arrests or charges not initiated by arrest resulting in orders of first offender probation under Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, Section 70 of the...
Methamphetamine Control and Community Protection Act, or Section 5-6-3.3 of the Unified Code of Corrections; and 

(F) Arrests or charges not initiated by arrest resulting in felony convictions for the following offenses: 

(i) Class 4 felony convictions for:
   Prostitution under Section 11-14 of the Criminal Code of 1961 or the Criminal Code of 2012.
   Possession of cannabis under Section 4 of the Cannabis Control Act.
   Possession of a controlled substance under Section 402 of the Illinois Controlled Substances Act.
   Offenses under the Methamphetamine Precursor Control Act.
   Theft under Section 16-1 of the Criminal Code of 1961 or the Criminal Code of 2012.
   Retail theft under Section 16A-3 or paragraph (a) of 16-25 of the Criminal Code of 1961 or the Criminal Code of 2012.
   Deceptive practices under Section 17-1 of the Criminal Code of 1961 or the Criminal Code of 2012.
   Forgery under Section 17-3 of the Criminal Code of 1961 or the Criminal Code of 2012.

(ii) Class 3 felony convictions for:
   Theft under Section 16-1 of the Criminal Code of 1961 or the Criminal Code of 2012.
   Retail theft under Section 16A-3 or paragraph (a) of 16-25 of the Criminal Code of 1961 or the Criminal Code of 2012.

Deceptive practices under Section 17-1 of the Criminal Code of 1961 or the Criminal Code of 2012.

 Forgery under Section 17-3 of the Criminal Code of 1961 or the Criminal Code of 2012.

 Possession with intent to manufacture or deliver a controlled substance under Section 401 of the Illinois Controlled Substances Act.

(3) When Records Are Eligible to Be Sealed. Records identified as eligible under subsection (c)(2) may be sealed as follows:

(A) Records identified as eligible under subsection (c)(2)(A) and (c)(2)(B) may be sealed at any time.

(B) Except as otherwise provided in subparagraph (E) of this paragraph (3), records identified as eligible under subsection (c)(2)(C) may be sealed 2 years after the termination of petitioner's last sentence (as defined in subsection (a)(1)(F)).

(C) Except as otherwise provided in subparagraph (E) of this paragraph (3), records identified as eligible under subsections (c)(2)(D), (c)(2)(E), and (c)(2)(F) may be sealed 3 years after the termination of the petitioner's last sentence (as defined in subsection (a)(1)(F)).

(D) Records identified in subsection (a)(3)(A)(iii) may be sealed after the petitioner has reached the age of 25 years.

(E) Records identified as eligible under subsections (c)(2)(C), (c)(2)(D), (c)(2)(E), or (c)(2)(F) may be sealed upon termination of the petitioner's last sentence if the petitioner earned a high school diploma, associate's degree, career certificate, vocational technical certification, or bachelor's degree, or passed the high school level Test of General Educational Development, during the period of his or her sentence, aftercare release, or mandatory supervised release. This subparagraph shall apply only to a petitioner who has not completed the same educational goal prior to the period of his or her sentence, aftercare release, or mandatory supervised release.
mandatory supervised release. If a petition for sealing eligible records filed under this subparagraph is denied by the court, the time periods under subparagraph (B) or (C) shall apply to any subsequent petition for sealing filed by the petitioner.

(4) Subsequent felony convictions. A person may not have subsequent felony conviction records sealed as provided in this subsection (c) if he or she is convicted of any felony offense after the date of the sealing of prior felony convictions as provided in this subsection (c). The court may, upon conviction for a subsequent felony offense, order the unsealing of prior felony conviction records previously ordered sealed by the court.

(5) Notice of eligibility for sealing. Upon entry of a disposition for an eligible record under this subsection (c), the petitioner shall be informed by the court of the right to have the records sealed and the procedures for the sealing of the records.

(d) Procedure. The following procedures apply to expungement under subsections (b), (e), and (e-6) and sealing under subsections (c) and (e-5):

(1) Filing the petition. Upon becoming eligible to petition for the expungement or sealing of records under this Section, the petitioner shall file a petition requesting the expungement or sealing of records with the clerk of the court where the arrests occurred or the charges were brought, or both. If arrests occurred or charges were brought in multiple jurisdictions, a petition must be filed in each such jurisdiction. The petitioner shall pay the applicable fee, except no fee shall be required if the petitioner has obtained a court order waiving fees under Supreme Court Rule 298 or it is otherwise waived if not waived.

(1.5) County fee waiver pilot program. In a county of 3,000,000 or more inhabitants, no fee shall be required to be paid by a petitioner if the records sought to be expunged or sealed were arrests resulting in release without charging or arrests or charges not initiated by arrest resulting in acquittal, dismissal, or conviction when the conviction was reversed or vacated, unless excluded by subsection (a)(3)(B). The provisions of this paragraph (1.5), other than this sentence, are inoperative on and after January 1, 2018 or one year after the effective date of this amendatory Act of the 99th General Assembly, whichever is later.

(2) Contents of petition. The petition shall be verified and shall contain the petitioner's name, date of birth, current address and, for each arrest or charge not initiated by arrest sought to be sealed or expunged, the case number, the date of arrest (if any), the identity of the arresting authority, and such other information as the court may require. During the pendency of the proceeding, the petitioner shall promptly notify the circuit court clerk of any change of his or her address. If the petitioner has received a certificate of eligibility for sealing from the Prisoner Review Board under paragraph (10) of subsection (a) of Section 3-3-2 of the Unified Code of Corrections, the certificate shall be attached to the petition.

(3) Drug test. The petitioner must attach to the petition proof that the petitioner has passed a test taken within 30 days before the filing of the petition showing the absence within his or her body of all illegal substances as defined by the Illinois Controlled Substances Act, the Methamphetamine Control and Community Protection Act, and the Cannabis Control Act if he or she is petitioning to:

(A) seal felony records under clause (c)(2)(E);
(B) seal felony records for a violation of the Illinois Controlled Substances Act, the Methamphetamine Control and Community Protection Act, or the Cannabis Control Act under clause (c)(2)(F);
(C) seal felony records under subsection (e-5); or
(D) expunge felony records of a qualified probation under clause (b)(1)(B)(iv).

(4) Service of petition. The circuit court clerk shall promptly serve a copy of the petition and documentation to support the petition under subsection (e-5) or (e-6) on the State's Attorney or prosecutor charged with the duty of prosecuting the offense, the Department of State Police, the arresting agency and the chief legal officer of the unit of local government effecting the arrest.

(5) Objections.

(A) Any party entitled to notice of the petition may file an objection to the petition. All objections shall be in writing, shall be filed with the circuit court clerk, and shall state with specificity the basis of the objection. Whenever a person who has been convicted of an offense is granted a
pardón by the Governor which specifically authorizes expungement, an objection to the petition may not be filed.

(B) Objections to a petition to expunge or seal must be filed within 60 days of the date of service of the petition.

(6) Entry of order.

(A) The Chief Judge of the circuit wherein the charge was brought, any judge of that circuit designated by the Chief Judge, or in counties of less than 3,000,000 inhabitants, the presiding trial judge at the petitioner's trial, if any, shall rule on the petition to expunge or seal as set forth in this subsection (d)(6).

(B) Unless the State's Attorney or prosecutor, the Department of State Police, the arresting agency, or the chief legal officer files an objection to the petition to expunge or seal within 60 days from the date of service of the petition, the court shall enter an order granting or denying the petition.

(7) Hearings. If an objection is filed, the court shall set a date for a hearing and notify the petitioner and all parties entitled to notice of the petition of the hearing date at least 30 days prior to the hearing. Prior to the hearing, the State's Attorney shall consult with the Department as to the appropriateness of the relief sought in the petition to expunge or seal. At the hearing, the court shall hear evidence on whether the petition should or should not be granted, and shall grant or deny the petition to expunge or seal the records based on the evidence presented at the hearing. The court may consider the following:

(A) the strength of the evidence supporting the defendant's conviction;

(B) the reasons for retention of the conviction records by the State;

(C) the petitioner's age, criminal record history, and employment history;

(D) the period of time between the petitioner's arrest on the charge resulting in the conviction and the filing of the petition under this Section; and

(E) the specific adverse consequences the petitioner may be subject to if the petition is denied.

(8) Service of order. After entering an order to expunge or seal records, the court must provide copies of the order to the Department, in a form and manner prescribed by the Department, to the petitioner, to the State's Attorney or prosecutor charged with the duty of prosecuting the offense, to the arresting agency, to the chief legal officer of the unit of local government effecting the arrest, and to such other criminal justice agencies as may be ordered by the court.

(9) Implementation of order.

(A) Upon entry of an order to expunge records pursuant to (b)(2)(A) or (b)(2)(B)(ii), or both:

(i) the records shall be expunged (as defined in subsection (a)(1)(E)) by the arresting agency, the Department, and any other agency as ordered by the court, within 60 days of the date of service of the order, unless a motion to vacate, modify, or reconsider the order is filed pursuant to paragraph (12) of subsection (d) of this Section;

(ii) the records of the circuit court clerk shall be impounded until further order of the court upon good cause shown and the name of the petitioner obliterated on the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but the order shall not affect any index issued by the circuit court clerk before the entry of the order; and

(iii) in response to an inquiry for expunged records, the court, the Department, or the agency receiving such inquiry, shall reply as it does in response to inquiries when no records ever existed.

(B) Upon entry of an order to expunge records pursuant to (b)(2)(B)(i) or (b)(2)(C), or both:

(i) the records shall be expunged (as defined in subsection (a)(1)(E)) by the arresting agency and any other agency as ordered by the court, within 60 days of the date of service of the order, unless a motion to vacate, modify, or reconsider the order is filed pursuant to paragraph (12) of subsection (d) of this Section;

(ii) the records of the circuit court clerk shall be impounded until further order of the court upon good cause shown and the name of the petitioner obliterated on the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but the order shall not affect any index issued by the circuit court clerk before the entry of the order;

(iii) the records shall be impounded by the Department within 60 days of the date of service of the order as ordered by the court, unless a motion to vacate, modify, or reconsider the order is filed pursuant to paragraph (12) of subsection (d) of this Section;

(iv) records impounded by the Department may be disseminated by the Department only as required by law or to the arresting authority, the State's Attorney, and the court upon a later arrest for the same or a similar offense or for the purpose of sentencing for any subsequent felony, and to the Department of Corrections upon conviction for any offense; and

(v) in response to an inquiry for such records from anyone not authorized by law to access such records, the court, the Department, or the agency receiving such inquiry shall reply as it does in response to inquiries when no records ever existed.

(B-5) Upon entry of an order to expunge records under subsection (e-6):

(i) the records shall be expunged (as defined in subsection (a)(1)(E)) by the arresting agency and any other agency as ordered by the court, within 60 days of the date of service of the order, unless a motion to vacate, modify, or reconsider the order is filed under paragraph (12) of subsection (d) of this Section;

obliterated on the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but the order shall not affect any index issued by the circuit court clerk before the entry of the order;

(iii) the records shall be impounded by the Department within 60 days of the date of service of the order as ordered by the court, unless a motion to vacate, modify, or reconsider the order is filed under paragraph (12) of subsection (d) of this Section;

(iv) records impounded by the Department may be disseminated by the Department only as required by law or to the arresting authority, the State's Attorney, and the court upon a later arrest for the same or a similar offense or for the purpose of sentencing for any subsequent felony, and to the Department of Corrections upon conviction for any offense; and

(v) in response to an inquiry for these records from anyone not authorized by law to access the records, the court, the Department, or the agency receiving the inquiry shall reply as it does in response to inquiries when no records ever existed.

(C) Upon entry of an order to seal records under subsection (c), the arresting agency, any other agency as ordered by the court, the Department, and the court shall seal the records (as defined in subsection (a)(1)(K)). In response to an inquiry for such records, from anyone not authorized by law to access such records, the court, the Department, or the agency receiving such inquiry shall reply as it does in response to inquiries when no records ever existed.

(D) The Department shall send written notice to the petitioner of its compliance with each order to expunge or seal records within 60 days of the date of service of that order or, if a motion to vacate, modify, or reconsider is filed, within 60 days of service of the order resolving the motion, if that order requires the Department to expunge or seal records. In the event of an appeal from the circuit court

order, the Department shall send written notice to the petitioner of its compliance with an Appellate Court or Supreme Court judgment to expunge or seal records within 60 days of the issuance of the court's mandate. The notice is not required while any motion to vacate, modify, or reconsider, or any appeal or petition for discretionary appellate review, is pending.

(10) Fees. The Department may charge the petitioner a fee equivalent to the cost of processing any order to expunge or seal records. Notwithstanding any provision of the Clerks of Courts Act to the contrary, the circuit court clerk may charge a fee equivalent to the cost associated with the sealing or expungement of records by the circuit court clerk. From the total filing fee collected for the petition to seal or expunge, the circuit court clerk shall deposit $10 into the Circuit Court Clerk Operation and Administrative Fund, to be used to offset the costs incurred by the circuit court clerk in performing the additional duties required to serve the petition to seal or expunge on all parties. The circuit court clerk shall collect and forward the Department of State Police portion of the fee to the Department and it shall be deposited in the State Police Services Fund.

(11) Final Order. No court order issued under the expungement or sealing provisions of this Section shall become final for purposes of appeal until 30 days after service of the order on the petitioner and all parties entitled to notice of the petition.

(12) Motion to Vacate, Modify, or Reconsider. Under Section 2-1203 of the Code of Civil Procedure, the petitioner or any party entitled to notice may file a motion to vacate, modify, or reconsider the order granting or denying the petition to expunge or seal within 60 days of service of the order. If filed more than 60 days after service of the order, a petition to vacate, modify, or reconsider shall comply with subsection (c) of Section 2-1401 of the Code of Civil Procedure. Upon filing of a motion to vacate, modify, or reconsider, notice of the motion shall be served upon the petitioner and all parties entitled to notice of the petition.

(13) Effect of Order. An order granting a petition under the expungement or sealing provisions of this Section shall not be considered void because it fails to comply with the provisions of this Section or because of any error asserted in a motion to vacate,
modify, or reconsider. The circuit court retains jurisdiction to determine whether the order is voidable and to vacate, modify, or reconsider its terms based on a motion filed under paragraph (12) of this subsection (d).

(14) Compliance with Order Granting Petition to Seal Records. Unless a court has entered a stay of an order granting a petition to seal, all parties entitled to notice of the petition must fully comply with the terms of the order within 60 days of service of the order even if a party is seeking relief from the order through a motion filed under paragraph (12) of this subsection (d) or is appealing the order.

(15) Compliance with Order Granting Petition to Expunge Records. While a party is seeking relief from the order granting the petition to expunge through a motion filed under paragraph (12) of this subsection (d) or is appealing the order, and unless a court has entered a stay of that order, the parties entitled to notice of the petition must seal, but need not expunge, the records until there is a final order on the motion for relief or, in the case of an appeal, the issuance of that court's mandate.

(16) The changes to this subsection (d) made by Public Act 98-163 apply to all petitions pending on August 5, 2013 (the effective date of Public Act 98-163) and to all orders ruling on a petition to expunge or seal on or after August 5, 2013 (the effective date of Public Act 98-163).

(e) Whenever a person who has been convicted of an offense is granted a pardon by the Governor which specifically authorizes expungement, he or she may, upon verified petition to the Chief Judge of the circuit where the person had been convicted, any judge of the circuit designated by the Chief Judge, or in counties of less than 3,000,000 inhabitants, the presiding trial judge at the defendant's trial, have a court order entered expunging the record of arrest from the official records of the arresting authority and order that the records of the circuit court clerk and the Department be sealed until further order of the court upon good cause shown or as otherwise provided herein, and the name of the defendant obliterated from the official index requested to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act in connection with the arrest and conviction for the offense for which he or she had been pardoned but the order shall not affect any index issued by the circuit court clerk before the entry of the order. the petitioner obliterated from the official index requested to be kept by
the circuit court clerk under Section 16 of the Clerks of Courts Act in
connection with the arrest and conviction for the offense for which he or
she had been granted the certificate but the order shall not affect any index
issued by the circuit court clerk before the entry of the order. All records
sealed by the Department may be disseminated by the Department only as
required by this Act or to the arresting authority, a law enforcement
agency, the State's Attorney, and the court upon a later arrest for the same
or similar offense or for the purpose of sentencing for any subsequent
felony. Upon conviction for any subsequent offense, the Department of
Corrections shall have access to all sealed records of the Department
pertaining to that individual. Upon entry of the order of sealing, the circuit
court clerk shall promptly mail a copy of the order to the person who was
granted the certificate of eligibility for sealing.

Section 10. The Juvenile Court Act of 1987 is amended by changing Section 5-915 as follows:

(705 ILCS 405/5-915)

Sec. 5-915. Expungement of juvenile law enforcement and court records.

(0.05) For purposes of this Section and Section 5-622:
"Expunge" means to physically destroy the records and to obliterate the minor's name from any official index or public record, or both. Nothing in this Act shall require the physical destruction of the internal office records, files, or databases maintained by a State's Attorney's Office or other prosecutor.

"Law enforcement record" includes but is not limited to records of arrest, station adjustments, fingerprints, probation adjustments, the issuance of a notice to appear, or any other records maintained by a law enforcement agency relating to a minor suspected of committing an offense.

(1) Whenever any person has attained the age of 18 or whenever all juvenile court proceedings relating to that person have been terminated, whichever is later, the person may petition the court to expunge law enforcement records relating to incidents occurring before his or her 18th birthday or his or her juvenile court records, or both, but only in the following circumstances:

(a) the minor was arrested and no petition for delinquency was filed with the clerk of the circuit court; or

(b) the minor was charged with an offense and was found not delinquent of that offense; or

(c) the minor was placed under supervision pursuant to Section 5-615, and the order of supervision has since been successfully terminated; or

(d) the minor was adjudicated for an offense which would be a Class B misdemeanor, Class C misdemeanor, or a petty or business offense if committed by an adult.

(1.5) Commencing 180 days after the effective date of this amendatory Act of the 98th General Assembly, the Department of State Police shall automatically expunge, on or before January 1 of each year, a person's law enforcement records relating to incidents occurring before his or her 18th birthday in the Department's possession or control and which contains the final disposition which pertain to the person when arrested as a minor if:

(a) the minor was arrested for an eligible offense and no petition for delinquency was filed with the clerk of the circuit court; and

(b) the person attained the age of 18 years during the last calendar year; and

New matter indicated by italics - deletions by strikeout
(c) since the date of the minor's most recent arrest, at least 6 months have elapsed without an additional arrest, filing of a petition for delinquency whether related or not to a previous arrest, or filing of charges not initiated by arrest.

The Department of State Police shall allow a person to use the Access and Review process, established in the Department of State Police, for verifying that his or her law enforcement records relating to incidents occurring before his or her 18th birthday eligible under this subsection have been expunged as provided in this subsection.

The Department of State Police shall provide by rule the process for access, review, and automatic expungement.

(1.6) Commencing on the effective date of this amendatory Act of the 98th General Assembly, a person whose law enforcement records are not subject to subsection (1.5) of this Section and who has attained the age of 18 years may use the Access and Review process, established in the Department of State Police, for verifying his or her law enforcement records relating to incidents occurring before his or her 18th birthday in the Department's possession or control which pertain to the person when arrested as a minor, if the incident occurred no earlier than 30 years before the effective date of this amendatory Act of the 98th General Assembly. If the person identifies a law enforcement record of an eligible offense that meets the requirements of this subsection, paragraphs (a) and (c) of subsection (1.5) of this Section, and all juvenile court proceedings related to the person have been terminated, the person may file a Request for Expungement of Juvenile Law Enforcement Records, in the form and manner prescribed by the Department of State Police, with the Department and the Department shall consider expungement of the record as otherwise provided for automatic expungement under subsection (1.5) of this Section. The person shall provide notice and a copy of the Request for Expungement of Juvenile Law Enforcement Records to the arresting agency, prosecutor charged with the prosecution of the minor, or the State's Attorney of the county that prosecuted the minor. The Department of State Police shall provide by rule the process for access, review, and Request for Expungement of Juvenile Law Enforcement Records.

(1.7) Nothing in subsections (1.5) and (1.6) of this Section precludes a person from filing a petition under subsection (1) for expungement of records subject to automatic expungement under subsection (1.5) or (1.6) of this Section.

New matter indicated by italics - deletions by strikeout
For the purposes of subsections (1.5) and (1.6) of this Section, "eligible offense" means records relating to an arrest or incident occurring before the person's 18th birthday that if committed by an adult is not an offense classified as a Class 2 felony or higher offense, an offense under Article 11 of the Criminal Code of 1961 or the Criminal Code of 2012, or an offense under Section 12-13, 12-14, 12-14.1, 12-15, or 12-16 of the Criminal Code of 1961.

Any person may petition the court to expunge all law enforcement records relating to any incidents occurring before his or her 18th birthday which did not result in proceedings in criminal court and all juvenile court records with respect to any adjudications except those based upon first degree murder and sex offenses which would be felonies if committed by an adult, if the person for whom expungement is sought has had no convictions for any crime since his or her 18th birthday and:

(a) has attained the age of 21 years; or
(b) 5 years have elapsed since all juvenile court proceedings relating to him or her have been terminated or his or her commitment to the Department of Juvenile Justice pursuant to this Act has been terminated;

whichever is later of (a) or (b). Nothing in this Section 5-915 precludes a minor from obtaining expungement under Section 5-622.

If a minor is arrested and no petition for delinquency is filed with the clerk of the circuit court as provided in paragraph (a) of subsection (1) at the time the minor is released from custody, the youth officer, if applicable, or other designated person from the arresting agency, shall notify verbally and in writing to the minor or the minor's parents or guardians that if the State's Attorney does not file a petition for delinquency, the minor has a right to petition to have his or her arrest record expunged when the minor attains the age of 18 or when all juvenile court proceedings relating to that minor have been terminated and that unless a petition to expunge is filed, the minor shall have an arrest record and shall provide the minor and the minor's parents or guardians with an expungement information packet, including a petition to expunge juvenile records obtained from the clerk of the circuit court.

If a minor is charged with an offense and is found not delinquent of that offense; or if a minor is placed under supervision under Section 5-615, the order of supervision is successfully terminated; or if a minor is adjudicated for an offense that would be a Class B misdemeanor, a Class C misdemeanor, or a business or petty offense if
committed by an adult; or if a minor has incidents occurring before his or her 18th birthday that have not resulted in proceedings in criminal court, or resulted in proceedings in juvenile court, and the adjudications were not based upon first degree murder or sex offenses that would be felonies if committed by an adult; then at the time of sentencing or dismissal of the case, the judge shall inform the delinquent minor of his or her right to petition for expungement as provided by law, and the clerk of the circuit court shall provide an expungement information packet to the delinquent minor, written in plain language, including a petition for expungement, a sample of a completed petition, expungement instructions that shall include information informing the minor that (i) once the case is expunged, it shall be treated as if it never occurred, (ii) he or she may apply to have petition fees waived, (iii) once he or she obtains an expungement, he or she may not be required to disclose that he or she had a juvenile record, and (iv) he or she may file the petition on his or her own or with the assistance of an attorney. The failure of the judge to inform the delinquent minor of his or her right to petition for expungement as provided by law does not create a substantive right, nor is that failure grounds for: (i) a reversal of an adjudication of delinquency, (ii) a new trial; or (iii) an appeal.

(2.7) For counties with a population over 3,000,000, the clerk of the circuit court shall send a "Notification of a Possible Right to Expungement" post card to the minor at the address last received by the clerk of the circuit court on the date that the minor attains the age of 18 based on the birthdate provided to the court by the minor or his or her guardian in cases under paragraphs (b), (c), and (d) of subsection (1); and when the minor attains the age of 21 based on the birthdate provided to the court by the minor or his or her guardian in cases under subsection (2).

(2.8) The petition for expungement for subsection (1) may include multiple offenses on the same petition and shall be substantially in the following form:

(3) The chief judge of the circuit in which an arrest was made or a charge was brought or any judge of that circuit designated by the chief judge may, upon verified petition of a person who is the subject of an arrest or a juvenile court proceeding under subsection (1) or (2) of this Section, order the law enforcement records or official court file, or both, to be expunged from the official records of the arresting authority, the clerk of the circuit court and the Department of State Police. The person whose records are to be expunged shall petition the court using the appropriate form containing his or her current address and shall promptly notify the clerk of the circuit court of any change of address. Notice of the petition shall be served upon the State's Attorney or prosecutor charged with the duty of prosecuting the offense, the Department of State Police, and the arresting agency or agencies by the clerk of the circuit court. If an objection is filed within 45 days of the notice of the petition, the clerk of the circuit court shall set a date for hearing after the 45 day objection.
period. At the hearing the court shall hear evidence on whether the expungement should or should not be granted. Unless the State's Attorney or prosecutor, the Department of State Police, or an arresting agency objects to the expungement within 45 days of the notice, the court may enter an order granting expungement. The person whose records are to be expunged shall pay the clerk of the circuit court a fee equivalent to the cost associated with expungement of records by the clerk and the Department of State Police. The clerk shall forward a certified copy of the order to the Department of State Police, the appropriate portion of the fee to the Department of State Police for processing, and deliver a certified copy of the order to the arresting agency.

(4) Upon entry of an order expunging records or files, the offense, which the records or files concern shall be treated as if it never occurred. Law enforcement officers and other public offices and agencies shall

properly reply on inquiry that no record or file exists with respect to the person.

(5) Records which have not been expunged are sealed, and may be obtained only under the provisions of Sections 5-901, 5-905 and 5-915.

(6) Nothing in this Section shall be construed to prohibit the maintenance of information relating to an offense after records or files concerning the offense have been expunged if the information is kept in a manner that does not enable identification of the offender. This information may only be used for statistical and bona fide research purposes.

(6.5) The Department of State Police or any employee of the Department shall be immune from civil or criminal liability for failure to expunge any records of arrest that are subject to expungement under subsection (1.5) or (1.6) of this Section because of inability to verify a record. Nothing in subsection (1.5) or (1.6) of this Section shall create Department of State Police liability or responsibility for the expungement of law enforcement records it does not possess.

(7)(a) The State Appellate Defender shall establish, maintain, and carry out, by December 31, 2004, a juvenile expungement program to provide information and assistance to minors eligible to have their juvenile records expunged.

(b) The State Appellate Defender shall develop brochures, pamphlets, and other materials in printed form and through the agency's World Wide Web site. The pamphlets and other materials shall include at a minimum the following information:

(i) An explanation of the State's juvenile expungement process;

(ii) The circumstances under which juvenile expungement may occur;

(iii) The juvenile offenses that may be expunged;

(iv) The steps necessary to initiate and complete the juvenile expungement process; and

(v) Directions on how to contact the State Appellate Defender.

(c) The State Appellate Defender shall establish and maintain a statewide toll-free telephone number that a person may use to receive information or assistance concerning the expungement of juvenile records. The State Appellate Defender shall advertise the toll-free telephone number statewide. The State Appellate Defender shall develop an

expungement information packet that may be sent to eligible persons seeking expungement of their juvenile records, which may include, but is not limited to, a pre-printed expungement petition with instructions on how to complete the petition and a pamphlet containing information that would assist individuals through the juvenile expungement process.

(d) The State Appellate Defender shall compile a statewide list of volunteer attorneys willing to assist eligible individuals through the juvenile expungement process.

(e) This Section shall be implemented from funds appropriated by the General Assembly to the State Appellate Defender for this purpose. The State Appellate Defender shall employ the necessary staff and adopt the necessary rules for implementation of this Section.

(8)(a) Except with respect to law enforcement agencies, the Department of Corrections, State's Attorneys, or other prosecutors, an expunged juvenile record may not be considered by any private or public entity in employment matters, certification, licensing, revocation of certification or licensure, or registration. Applications for employment must contain specific language that states that the applicant is not obligated to disclose expunged juvenile records of conviction or arrest. Employers may not ask if an applicant has had a juvenile record expunged. Effective January 1, 2005, the Department of Labor shall develop a link on the Department's website to inform employers that employers may not ask if an applicant had a juvenile record expunged and that application for employment must contain specific language that states that the applicant is not obligated to disclose expunged juvenile records of arrest or conviction.

(b) A person whose juvenile records have been expunged is not entitled to remission of any fines, costs, or other money paid as a consequence of expungement. This amendatory Act of the 93rd General Assembly does not affect the right of the victim of a crime to prosecute or defend a civil action for damages.

(c) The expungement of juvenile records under Section 5-622 shall be funded by the additional fine imposed under Section 5-9-1.17 of the Unified Code of Corrections and additional appropriations made by the General Assembly for such purpose.

(9) The changes made to this Section by Public Act 98-61 apply to law enforcement records of a minor who has been arrested or taken into custody on or after January 1, 2014 (the effective date of Public Act 98-61).
(10) The changes made in subsection (1.5) of this Section by this amendatory Act of the 98th General Assembly apply to law enforcement records of a minor who has been arrested or taken into custody on or after January 1, 2015. The changes made in subsection (1.6) of this Section by this amendatory Act of the 98th General Assembly apply to law enforcement records of a minor who has been arrested or taken into custody before January 1, 2015.

PUBLIC ACT 99-0882
(Senate Bill No. 2370)

AN ACT concerning criminal law.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Counties Code is amended by changing Section 3-4006 as follows:

(55 ILCS 5/3-4006) (from Ch. 34, par. 3-4006)
Sec. 3-4006. Duties of public defender. The Public Defender, as directed by the court, shall act as attorney, without fee, before any court within any county for all persons who are held in custody or who are charged with the commission of any criminal offense, and who the court finds are unable to employ counsel.

The Public Defender shall be the attorney, without fee, when so appointed by the court under Section 1-20 of the Juvenile Court Act or Section 1-5 of the Juvenile Court Act of 1987 or by any court under Section 5(b) of the Parental Notice of Abortion Act of 1983 for any party who the court finds is financially unable to employ counsel.

In cases subject to Section 5-170 of the Juvenile Court Act of 1987 involving a minor who was under 15 years of age at the time of the commission of the offense, that occurs in a county with a full-time public defender office, a public defender, without fee or appointment, may represent and have access to a minor during a custodial interrogation. In cases subject to Section 5-170 of the Juvenile Court Act of 1987 involving a minor who was under 15 years of age at the time of the commission of

the offense, that occurs in a county without a full-time public defender, the
law enforcement agency conducting the custodial interrogation shall
ensure that the minor is able to consult with an attorney who is under
contract with the county to provide public defender services. Representation by the public defender shall terminate at the first court
appearance if the court determines that the minor is not indigent.

Every court shall, with the consent of the defendant and where the
court finds that the rights of the defendant would be prejudiced by the
appointment of the public defender, appoint counsel other than the public
defender, except as otherwise provided in Section 113-3 of the "Code of
Criminal Procedure of 1963". That counsel shall be compensated as is
provided by law. He shall also, in the case of the conviction of any such
person, prosecute any proceeding in review which in his judgment the
interests of justice require.
(Source: P.A. 86-962.)

Section 10. The Juvenile Court Act of 1987 is amended by
changing Sections 5-170 and 5-401.5 as follows:

(705 ILCS 405/5-170)
Sec. 5-170. Representation by counsel.
(a) In a proceeding under this Article, a minor who was under 15
years of age at the time of the commission of an act that if committed
by an adult would be a violation of Section 9-1, 9-1.2, 9-2, 9-2.1, 9-3, 9-
3.2, 9-3.3, 11-1.20, 11-1.30, 11-1.40, 11-1.50, 11-1.60, 12-13, 12-14, 12-
14.1, 12-15, or 12-16 of the Criminal Code of 1961 or the Criminal Code
of 2012 must be represented by counsel throughout during the entire
custodial interrogation of the minor.
(b) In a judicial proceeding under this Article, a minor may not
waive the right to the assistance of counsel in his or her defense.
(Source: P.A. 96-1551, eff. 7-1-11; 97-1150, eff. 1-25-13.)

(705 ILCS 405/5-401.5)
Sec. 5-401.5. When statements by minor may be used.
(a) In this Section, "custodial interrogation" means any
interrogation (i) during which a reasonable person in the subject's position
would consider himself or herself to be in custody and (ii) during which a
question is asked that is reasonably likely to elicit an incriminating
response.
In this Section, "electronic recording" includes motion picture,
audiotape, videotape, or digital recording.

New matter indicated by italics - deletions by strikeout
In this Section, "place of detention" means a building or a police station that is a place of operation for a municipal police department or county sheriff department or other law enforcement agency at which persons are or may be held in detention in connection with criminal charges against those persons or allegations that those persons are delinquent minors.

(a-5) An oral, written, or sign language statement of a minor, who at the time of the commission of the offense was under 18 years of age, is presumed to be inadmissible when the statement is obtained from the minor while the minor is subject to custodial interrogation by a law enforcement officer, State's Attorney, juvenile officer, or other public official or employee prior to the officer, State's Attorney, public official, or employee:

(1) continuously reads to the minor, in its entirety and without stopping for purposes of a response from the minor or verifying comprehension, the following statement: "You have the right to remain silent. That means you do not have to say anything. Anything you do say can be used against you in court. You have the right to get help from a lawyer. If you cannot pay for a lawyer, the court will get you one for free. You can ask for a lawyer at any time. You have the right to stop this interview at any time."; and

(2) after reading the statement required by paragraph (1) of this subsection (a-5), the public official or employee shall ask the minor the following questions and wait for the minor's response to each question:

(A) "Do you want to have a lawyer?"
(B) "Do you want to talk to me?"

(b) An oral, written, or sign language statement of a minor who, at the time of the commission of the offense was under the age of 18 years, made as a result of a custodial interrogation conducted at a police station or other place of detention on or after the effective date of this amendatory Act of the 99th 93rd General Assembly shall be presumed to be inadmissible as evidence against the minor in any criminal proceeding or juvenile court proceeding, for an act that if committed by an adult would be a misdemeanor offense under Article 11 of the Criminal Code of 2012 or any felony offense brought under Section 9-1, 9-1.2, 9-2, 9-2.1, 9-3, 9-3.2, or 9-3.3, of the Criminal Code of 1961 or the Criminal Code of 2012, or under clause (d)(1)(F) of Section 11-501 of the Illinois Vehicle Code unless:

New matter indicated by italics - deletions by strikeout
(1) an electronic recording is made of the custodial interrogation; and
(2) the recording is substantially accurate and not intentionally altered.

(b-5) (Blank). Under the following circumstances, an oral, written; or sign language statement of a minor who, at the time of the commission of the offense was under the age of 17 years, made as a result of a custodial interrogation conducted at a police station or other place of detention shall be presumed to be inadmissible as evidence against the minor, unless an electronic recording is made of the custodial interrogation and the recording is substantially accurate and not intentionally altered:

(1) in any criminal proceeding or juvenile court proceeding, for an act that if committed by an adult would be brought under Section 11-1.40 or 20-1.1 of the Criminal Code of 1961 or the Criminal Code of 2012, if the custodial interrogation was conducted on or after June 1, 2014;
(2) in any criminal proceeding or juvenile court proceeding, for an act that if committed by an adult would be brought under Section 10-2, 18-4, or 19-6 of the Criminal Code of 1961 or the Criminal Code of 2012, if the custodial interrogation was conducted on or after June 1, 2015; and
(3) in any criminal proceeding or juvenile court proceeding, for an act that if committed by an adult would be brought under Section 11-1.30 or 18-2 or subsection (e) of Section 12-3.05 of the Criminal Code of 1961 or the Criminal Code of 2012, if the custodial interrogation was conducted on or after June 1, 2016.

(b-10) If, during the course of an electronically recorded custodial interrogation conducted under this Section of a minor who, at the time of the commission of the offense was under the age of 18 years, the minor makes a statement that creates a reasonable suspicion to believe the minor has committed an act that if committed by an adult would be an offense other than an offense required to be recorded under subsection (b) or (b-5), the interrogators may, without the minor's consent, continue to record the interrogation as it relates to the other offense notwithstanding any provision of law to the contrary. Any oral, written, or sign language statement of a minor made as a result of an interrogation under this subsection shall be presumed to be inadmissible as evidence against the minor in any criminal proceeding or juvenile court proceeding, unless the recording is substantially accurate and not intentionally altered.

New matter indicated by italics - deletions by strikeout
(c) Every electronic recording made under this Section must be preserved until such time as the minor's adjudication for any offense relating to the statement is final and all direct and habeas corpus appeals are exhausted, or the prosecution of such offenses is barred by law.

(d) If the court finds, by a preponderance of the evidence, that the minor was subjected to a custodial interrogation in violation of this Section, then any statements made by the minor during or following that non-recorded custodial interrogation, even if otherwise in compliance with this Section, are presumed to be inadmissible in any criminal proceeding or juvenile court proceeding against the minor except for the purposes of impeachment.

(e) Nothing in this Section precludes the admission (i) of a statement made by the minor in open court in any criminal proceeding or juvenile court proceeding, before a grand jury, or at a preliminary hearing, (ii) of a statement made during a custodial interrogation that was not recorded as required by this Section because electronic recording was not feasible, (iii) of a voluntary statement, whether or not the result of a custodial interrogation, that has a bearing on the credibility of the accused as a witness, (iv) of a spontaneous statement that is not made in response to a question, (v) of a statement made after questioning that is routinely asked during the processing of the arrest of the suspect, (vi) of a statement made during a custodial interrogation by a suspect who requests, prior to making the statement, to respond to the interrogator's questions only if an electronic recording is not made of the statement, provided that an electronic recording is made of the statement of agreeing to respond to the interrogator's question, only if a recording is not made of the statement, (vii) of a statement made during a custodial interrogation that is conducted out-of-state, (viii) of a statement given in violation of subsection (b) at a time when the interrogators are unaware that a death has in fact occurred, (ix) (blank) of a statement given in violation of subsection (b-5) at a time when the interrogators are unaware of facts and circumstances that would create probable cause to believe that the minor committed an act that if committed by an adult would be an offense required to be recorded under subsection (b-5), or (x) of any other statement that may be admissible under law. The State shall bear the burden of proving, by a preponderance of the evidence, that one of the exceptions described in this subsection (e) is applicable. Nothing in this Section precludes the admission of a statement, otherwise inadmissible under this Section, that is used only for impeachment and not as substantive evidence.

New matter indicated by italics - deletions by strikeout
(f) The presumption of inadmissibility of a statement made by a suspect at a custodial interrogation at a police station or other place of detention may be overcome by a preponderance of the evidence that the statement was voluntarily given and is reliable, based on the totality of the circumstances.

(g) Any electronic recording of any statement made by a minor during a custodial interrogation that is compiled by any law enforcement agency as required by this Section for the purposes of fulfilling the requirements of this Section shall be confidential and exempt from public inspection and copying, as provided under Section 7 of the Freedom of Information Act, and the information shall not be transmitted to anyone except as needed to comply with this Section.

(h) A statement, admission, confession, or incriminating information made by or obtained from a minor related to the instant offense, as part of any behavioral health screening, assessment, evaluation, or treatment, whether or not court-ordered, shall not be admissible as evidence against the minor on the issue of guilt only in the instant juvenile court proceeding. The provisions of this subsection (h) are in addition to and do not override any existing statutory and constitutional prohibition on the admission into evidence in delinquency proceedings of information obtained during screening, assessment, or treatment.

(i) The changes made to this Section by Public Act 98-61 apply to statements of a minor made on or after January 1, 2014 (the effective date of Public Act 98-61).

Section 15. The Code of Criminal Procedure of 1963 is amended by changing Section 103-2.1 as follows:

(725 ILCS 5/103-2.1)
Sec. 103-2.1. When statements by accused may be used.
(a) In this Section, "custodial interrogation" means any interrogation during which (i) a reasonable person in the subject's position would consider himself or herself to be in custody and (ii) during which a question is asked that is reasonably likely to elicit an incriminating response.

In this Section, "place of detention" means a building or a police station that is a place of operation for a municipal police department or county sheriff department or other law enforcement agency, not a courthouse, that is owned or operated by a law enforcement agency at

which persons are or may be held in detention in connection with criminal charges against those persons.

In this Section, "electronic recording" includes motion picture, audiotape, or videotape, or digital recording.

(a-5) An oral, written, or sign language statement of a minor, who at the time of the commission of the offense was under 18 years of age, is presumed to be inadmissible when the statement is obtained from the minor while the minor is subject to custodial interrogation by a law enforcement officer, State's Attorney, juvenile officer, or other public official or employee prior to the officer, State's Attorney, public official, or employee:

(1) continuously reads to the minor, in its entirety and without stopping for purposes of a response from the minor or verifying comprehension, the following statement: "You have the right to remain silent. That means you do not have to say anything. Anything you do say can be used against you in court. You have the right to get help from a lawyer. If you cannot pay for a lawyer, the court will get you one for free. You can ask for a lawyer at any time. You have the right to stop this interview at any time."; and

(2) after reading the statement required by paragraph (1) of this subsection (a-5), the public official or employee shall ask the minor the following questions and wait for the minor's response to each question:

(A) "Do you want to have a lawyer?"

(B) "Do you want to talk to me?"

(a-10) An oral, written, or sign language statement of a minor, who at the time of the commission of the offense was under 18 years of age, made as a result of a custodial interrogation conducted at a police station or other place of detention on or after the effective date of this amendatory Act of the 99th General Assembly shall be presumed to be inadmissible as evidence in a criminal proceeding or a juvenile court proceeding for an act that if committed by an adult would be a misdemeanor offense under Article 11 of the Criminal Code of 2012 or a felony offense under the Criminal Code of 2012 unless:

(1) an electronic recording is made of the custodial interrogation; and

(2) the recording is substantially accurate and not intentionally altered.

New matter indicated by italics - deletions by strikeout
(b) An oral, written, or sign language statement of an accused made as a result of a custodial interrogation conducted at a police station or other place of detention shall be presumed to be inadmissible as evidence against the accused in any criminal proceeding brought under Section 9-1, 9-1.2, 9-2, 9-2.1, 9-3, 9-3.2, or 9-3.3 of the Criminal Code of 1961 or the Criminal Code of 2012 or under clause (d)(1)(F) of Section 11-501 of the Illinois Vehicle Code unless:

(1) an electronic recording is made of the custodial interrogation; and
(2) the recording is substantially accurate and not intentionally altered.

(b-5) Under the following circumstances, an oral, written, or sign language statement of an accused made as a result of a custodial interrogation conducted at a police station or other place of detention shall be presumed to be inadmissible as evidence against the accused, unless an electronic recording is made of the custodial interrogation and the recording is substantially accurate and not intentionally altered:

(1) in any criminal proceeding brought under Section 11-1.40 or 20-1.1 of the Criminal Code of 1961 or the Criminal Code of 2012, if the custodial interrogation was conducted on or after June 1, 2014;
(2) in any criminal proceeding brought under Section 10-2, 18-4, or 19-6 of the Criminal Code of 1961 or the Criminal Code of 2012, if the custodial interrogation was conducted on or after June 1, 2015; and
(3) in any criminal proceeding brought under Section 11-1.30 or 18-2 or subsection (e) of Section 12-3.05 of the Criminal Code of 1961 or the Criminal Code of 2012, if the custodial interrogation was conducted on or after June 1, 2016.

(b-10) If, during the course of an electronically recorded custodial interrogation conducted under this Section, the accused makes a statement that creates a reasonable suspicion to believe the accused has committed an offense other than an offense required to be recorded under subsection (b) or (b-5), the interrogators may, without the accused's consent, continue to record the interrogation as it relates to the other offense notwithstanding any provision of law to the contrary. Any oral, written, or sign language statement of an accused made as a result of an interrogation under this subsection shall be presumed to be inadmissible as evidence against the
accused in any criminal proceeding, unless the recording is substantially accurate and not intentionally altered.

(c) Every electronic recording made under this Section must be preserved until such time as the defendant's conviction for any offense relating to the statement is final and all direct and habeas corpus appeals are exhausted, or the prosecution of such offenses is barred by law.

(d) If the court finds, by a preponderance of the evidence, that the defendant was subjected to a custodial interrogation in violation of this Section, then any statements made by the defendant during or following that non-recorded custodial interrogation, even if otherwise in compliance with this Section, are presumed to be inadmissible in any criminal proceeding against the defendant except for the purposes of impeachment.

(e) Nothing in this Section precludes the admission (i) of a statement made by the accused in open court at his or her trial, before a grand jury, or at a preliminary hearing, (ii) of a statement made during a custodial interrogation that was not recorded as required by this Section, because electronic recording was not feasible, (iii) of a voluntary statement, whether or not the result of a custodial interrogation, that has a bearing on the credibility of the accused as a witness, (iv) of a spontaneous statement that is not made in response to a question, (v) of a statement made after questioning that is routinely asked during the processing of the arrest of the suspect, (vi) of a statement made during a custodial interrogation by a suspect who requests, prior to making the statement, to respond to the interrogator's questions only if an electronic recording is not made of the statement, provided that an electronic recording is made of the statement of agreeing to respond to the interrogator's question, only if a recording is not made of the statement, (vii) of a statement made during a custodial interrogation that is conducted out-of-state, (viii) of a statement given in violation of subsection (b) at a time when the interrogators are unaware that a death has in fact occurred, (ix) of a statement given in violation of subsection (b-5) at a time when the interrogators are unaware of facts and circumstances that would create probable cause to believe that the accused committed an offense required to be recorded under subsection (b-5), or (x) of any other statement that may be admissible under law. The State shall bear the burden of proving, by a preponderance of the evidence, that one of the exceptions described in this subsection (e) is applicable. Nothing in this Section precludes the admission of a statement, otherwise inadmissible under this Section, that is used only for impeachment and not as substantive evidence.
(f) The presumption of inadmissibility of a statement made by a suspect at a custodial interrogation at a police station or other place of detention may be overcome by a preponderance of the evidence that the statement was voluntarily given and is reliable, based on the totality of the circumstances.

(g) Any electronic recording of any statement made by an accused during a custodial interrogation that is compiled by any law enforcement agency as required by this Section for the purposes of fulfilling the requirements of this Section shall be confidential and exempt from public inspection and copying, as provided under Section 7 of the Freedom of Information Act, and the information shall not be transmitted to anyone except as needed to comply with this Section.

Section 5. The Code of Criminal Procedure of 1963 is amended by changing Section 124A-15 as follows:

(725 ILCS 5/124A-15)

Sec. 124A-15. Reversal of conviction; refund of fines, fees, and costs.

(a) A defendant convicted in a criminal prosecution whose conviction is reversed by a finding of factual innocence in a collateral proceeding such as habeas corpus or post-conviction relief under Article 122 of this Code is not liable for any costs or fees of the court or circuit clerk's office, or for any charge of subsistence while detained in custody. If the defendant has paid any costs, fine, or fees, in the case, a refund of those costs shall be determined by the judge and paid by the clerk of the court. The timing of the refund payment shall be determined by the clerk of the court based upon the availability of funds in the subject fund account the clerk or judge shall give him or her a certificate of the payment of

(Senate Bill No. 3005)

AN ACT concerning local government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Park District Code is amended by changing Section 8-23 as follows:

(70 ILCS 1205/8-23)
Sec. 8-23. Criminal background investigations.
(a) An applicant for employment with a park district is required as a condition of employment to authorize an investigation to determine if the applicant has been convicted of any of the enumerated criminal or drug offenses in subsection (c) or (d) of this Section, or adjudicated a delinquent minor for; any of the enumerated criminal or drug offenses in subsection (c) or (d) of this Section, or has been convicted, within 7 years of the application for employment with the park district, of any other felony under the laws of this State or of any offense committed or attempted in any other state or against the laws of the United States that, if committed or attempted in this State, would have been punishable as a felony under the laws of this State. Authorization for the investigation shall be furnished by the applicant to the park district. Upon receipt of this authorization, the park district shall submit the applicant's name, sex, race, date of birth, and social security number to the Department of State Police on forms prescribed by the Department of State Police. The Department of State Police shall conduct a search of the Illinois criminal history records database to ascertain if the applicant being considered for employment has

New matter indicated by italics - deletions by strikeout
been convicted of any of the enumerated criminal or drug offenses in subsection (c) or (d) of this Section, or adjudicated a delinquent minor for; committing or attempting to commit any of the enumerated criminal or drug offenses in subsection (c) or (d) of this Section, or has been convicted of committing or attempting to commit, within 7 years of the application for employment with the park district, any other felony under the laws of this State. The Department of State Police shall charge the park district a fee for conducting the investigation, which fee shall be deposited in the State Police Services Fund and shall not exceed the cost of the inquiry. The applicant shall not be charged a fee by the park district for the investigation.

(b) If the search of the Illinois criminal history record database indicates that the applicant has been convicted of any of the enumerated criminal or drug offenses in subsection (c) or (d), or adjudicated a delinquent minor for; committing or attempting to commit any of the enumerated criminal or drug offenses in subsection (c) or (d), or has been convicted of committing or attempting to commit, within 7 years of the application for employment with the park district, any other felony under the laws of this State, the Department of State Police and the Federal Bureau of Investigation shall furnish, pursuant to a fingerprint based background check, records of convictions or adjudications as a delinquent minor, until expunged, to the president of the park district. Any information concerning the record of convictions or adjudications as a delinquent minor obtained by the president shall be confidential and may only be transmitted to those persons who are necessary to the decision on whether to hire the applicant for employment. A copy of the record of convictions or adjudications as a delinquent minor obtained from the Department of State Police shall be provided to the applicant for employment. Any person who releases any confidential information concerning any criminal convictions or adjudications as a delinquent minor of an applicant for employment shall be guilty of a Class A misdemeanor, unless the release of such information is authorized by this Section.

(c) No park district shall knowingly employ a person who has been convicted, or adjudicated a delinquent minor, for committing attempted first degree murder or for committing or attempting to commit first degree murder, a Class X felony, or any one or more of the following criminal offenses: (i) those defined in Sections 11-1.20, 11-1.30, 11-1.40, 11-1.50, 11-1.60, 11-6, 11-9, 11-14.3, 11-14.4, 11-15, 11-15.1, 11-16,
17, 11-18, 11-19, 11-19.1, 11-19.2, 11-20, 11-20.1, 11-20.1B, 11-20.3, 11-21, 11-30 (if convicted of a Class 4 felony), 12-7.3, 12-7.4, 12-7.5, 12-13, 12-14, 12-14.1, 12-15, and 12-16 of the Criminal Code of 1961 or the Criminal Code of 2012; (ii) (blank); those defined in the Cannabis Control Act, except those defined in Sections 4(a), 4(b), and 5(a) of that Act; (iii) (blank); those defined in the Illinois Controlled Substances Act; (iv) (blank); those defined in the Methamphetamine Control and Community Protection Act; and (v) any offense committed or attempted in any other state or against the laws of the United States, which, if committed or attempted in this State, would have been punishable as one or more of the foregoing offenses. Further, no park district shall knowingly employ a person who has been found to be the perpetrator of sexual or physical abuse of any minor under 18 years of age pursuant to proceedings under Article II of the Juvenile Court Act of 1987. No park district shall knowingly employ a person for whom a criminal background investigation has not been initiated.

(d) No park district shall knowingly employ a person who has been convicted of the following drug offenses, other than an offense set forth in subsection (c), until 7 years following the end of the sentence imposed for any of the following offenses: (i) those defined in the Cannabis Control Act, except those defined in Sections 4(a), 4(b), 4(c), 5(a), and 5(b) of that Act; (ii) those defined in the Illinois Controlled Substances Act; (iii) those defined in the Methamphetamine Control and Community Protection Act; and (iv) any offense committed or attempted in any other state or against the laws of the United States, which, if committed or attempted in this State, would have been punishable as one or more of the foregoing offenses. For purposes of this paragraph, "sentence" includes any period of supervision or probation that was imposed either alone or in combination with a period of incarceration.

(e) Notwithstanding the provisions of subsections (c) and (d), a park district may, in its discretion, employ a person who has been granted a certificate of good conduct under Section 5-5.5-25 of the Unified Code of Corrections by the circuit court.

(70 ILCS 1505/16a-5)
Sec. 16a-5. Criminal background investigations.
(a) An applicant for employment with the Chicago Park District is required as a condition of employment to authorize an investigation to determine if the applicant has been convicted of any of the enumerated criminal or drug offenses in subsection (c) or (d) of this Section, or adjudicated a delinquent minor for; any of the enumerated criminal or drug offenses in subsection (c) or (d) of this Section, or has been convicted, within 7 years of the application for employment with the Chicago Park District, of any other felony under the laws of this State or of any offense committed or attempted in any other state or against the laws of the United States that, if committed or attempted in this State, would have been punishable as a felony under the laws of this State. Authorization for the investigation shall be furnished by the applicant to the Chicago Park District. Upon receipt of this authorization, the Chicago Park District shall submit the applicant's name, sex, race, date of birth, and social security number to the Department of State Police on forms prescribed by the Department of State Police. The Department of State Police shall conduct a search of the Illinois criminal history record information database to ascertain if the applicant being considered for employment has been convicted of any of the enumerated criminal or drug offenses in subsection (c) or (d) of this Section, or adjudicated a delinquent minor for; committing or attempting to commit any of the enumerated criminal or drug offenses in subsection (c) or (d) of this Section, or has been convicted of committing or attempting to commit, within 7 years of the application for employment with the Chicago Park District, any other felony under the laws of this State. The Department of State Police shall charge the Chicago Park District a fee for conducting the investigation, which fee shall be deposited in the State Police Services Fund and shall not exceed the cost of the inquiry. The applicant shall not be charged a fee by the Chicago Park District for the investigation.

(b) If the search of the Illinois criminal history record database indicates that the applicant has been convicted of any of the enumerated criminal or drug offenses in subsection (c) or (d), or adjudicated a delinquent minor for; committing or attempting to commit any of the enumerated criminal or drug offenses in subsection (c) or (d), or has been convicted of committing or attempting to commit, within 7 years of the application for employment with the Chicago Park District, any other felony under the laws of this State, the Department of State Police and the Federal Bureau of Investigation shall furnish, pursuant to a fingerprint based background check, records of convictions or adjudications as a
delinquent minor, until expunged, to the General Superintendent and Chief Executive Officer of the Chicago Park District. Any information concerning the record of convictions or adjudications as a delinquent minor obtained by the General Superintendent and Chief Executive Officer shall be confidential and may only be transmitted to those persons who are necessary to the decision on whether to hire the applicant for employment. A copy of the record of convictions or adjudications as a delinquent minor obtained from the Department of State Police shall be provided to the applicant for employment. Any person who releases any confidential information concerning any criminal convictions or adjudications as a delinquent minor of an applicant for employment shall be guilty of a Class A misdemeanor, unless the release of such information is authorized by this Section.

(c) The Chicago Park District may not knowingly employ a person who has been convicted, or adjudicated a delinquent minor, for committing attempted first degree murder or for committing or attempting to commit first degree murder, a Class X felony, or any one or more of the following criminal offenses: (i) those defined in Sections 11-1.20, 11-1.30, 11-1.40, 11-1.50, 11-1.60, 11-6, 11-9, 11-14, 11-14.3, 11-14.4, 11-15, 11-15.1, 11-16, 11-17, 11-18, 11-19, 11-19.1, 11-19.2, 11-20, 11-20.1, 11-20.1B, 11-20.3, 11-21, 11-30 (if convicted of a Class 4 felony), 12-7.3, 12-7.4, 12-7.5, 12-13, 12-14, 12-14.1, 12-15, and 12-16 of the Criminal Code of 1961 or the Criminal Code of 2012; (ii) (blank); those defined in the Cannabis Control Act, except those defined in Sections 4(a), 4(b), and 5(a) of that Act; (iii) (blank); those defined in the Illinois Controlled Substances Act; (iv) (blank); those defined in the Methamphetamine Control and Community Protection Act; and (v) any offense committed or attempted in any other state or against the laws of the United States, which, if committed or attempted in this State, would have been punishable as one or more of the foregoing offenses. Further, the Chicago Park District may not knowingly employ a person who has been found to be the perpetrator of sexual or physical abuse of any minor under 18 years of age pursuant to proceedings under Article II of the Juvenile Court Act of 1987. The Chicago Park District may not knowingly employ a person for whom a criminal background investigation has not been initiated.

(d) The Chicago Park District shall not knowingly employ a person who has been convicted of the following drug offenses, other than an offense set forth in subsection (c), until 7 years following the end of the sentence imposed for any of the following offenses: (i) those defined in the

(2) brings, or causes to be brought, into this State, a firearm and firearm ammunition for the purpose of sale, delivery, or transfer to any other person or with the intent to sell, deliver, or transfer the firearm and firearm ammunition to any other person. 

(a-5) This Section does not apply to:

(1) a person exempt under Section 2 of the Firearm Owners Identification Card Act from the requirement of having possession of a Firearm Owner's Identification Card previously issued in his or her name by the Department of State Police in order to acquire or possess a firearm or firearm ammunition;

(2) a common carrier under subsection (i) of Section 24-2 of this Code; or

(3) a non-resident who may lawfully possess a firearm in his or her resident state.

(b) Sentence.

(1) Firearms trafficking is a Class 1 felony for which the person, if sentenced to a term of imprisonment, shall be sentenced to not less than 4 years and not more than 20 years.

(2) Firearms trafficking by a person who has been previously convicted of firearms trafficking, gunrunning, or a felony offense for the unlawful sale, delivery, or transfer of a firearm or firearm ammunition in this State or another jurisdiction is a Class X felony.

Section 10. The Unified Code of Corrections is amended by changing Section 5-5-3 as follows:

(730 ILCS 5/5-5-3) (from Ch. 38, par. 1005-5-3)

Sec. 5-5-3. Disposition.

(a) (Blank).

(b) (Blank).

(c) (1) (Blank).

(2) A period of probation, a term of periodic imprisonment or conditional discharge shall not be imposed for the following offenses. The court shall sentence the offender to not less than the minimum term of imprisonment set forth in this Code for the following offenses, and may order a fine or restitution or both in conjunction with such term of imprisonment:

(A) First degree murder where the death penalty is not imposed.

(B) Attempted first degree murder.

second violation of subsection (c) of Section 6-303 of the Illinois Vehicle Code.

(4.4) Except as provided in paragraphs (4.5), (4.6), and (4.9) of this subsection (c), a minimum term of imprisonment of 30 days or 300 hours of community service, as determined by the court, shall be imposed for a third or subsequent violation of Section 6-303 of the Illinois Vehicle Code.

(4.5) A minimum term of imprisonment of 30 days shall be imposed for a third violation of subsection (c) of Section 6-303 of the Illinois Vehicle Code.

(4.6) Except as provided in paragraph (4.10) of this subsection (c), a minimum term of imprisonment of 180 days shall be imposed for a fourth or subsequent violation of subsection (c) of Section 6-303 of the Illinois Vehicle Code.

(4.7) A minimum term of imprisonment of not less than 30 consecutive days, or 300 hours of community service, shall be imposed for a violation of subsection (a-5) of Section 6-303 of the Illinois Vehicle Code, as provided in subsection (b-5) of that Section.

(4.8) A mandatory prison sentence shall be imposed for a second violation of subsection (a-5) of Section 6-303 of the Illinois Vehicle Code, as provided in subsection (c-5) of that Section. The person's driving privileges shall be revoked for a period of not less than 5 years from the date of his or her release from prison.

(4.9) A mandatory prison sentence of not less than 4 and not more than 15 years shall be imposed for a third violation of subsection (a-5) of Section 6-303 of the Illinois Vehicle Code, as provided in subsection (d-2.5) of that Section. The person's driving privileges shall be revoked for the remainder of his or her life.

(4.10) A mandatory prison sentence for a Class 1 felony shall be imposed, and the person shall be eligible for an extended term sentence, for a fourth or subsequent violation of subsection (a-5) of Section 6-303 of the Illinois Vehicle Code, as provided in subsection (d-3.5) of that Section. The person's driving privileges shall be revoked for the remainder of his or her life.

(5) The court may sentence a corporation or unincorporated association convicted of any offense to:

(A) a period of conditional discharge;
(B) a fine;
(C) make restitution to the victim under Section 5-5-6 of this Code.

(5.1) In addition to any other penalties imposed, and except as provided in paragraph (5.2) or (5.3), a person convicted of violating subsection (c) of Section 11-907 of the Illinois Vehicle Code shall have his or her driver's license, permit, or privileges suspended for at least 90 days but not more than one year, if the violation resulted in damage to the property of another person.

(5.2) In addition to any other penalties imposed, and except as provided in paragraph (5.3), a person convicted of violating subsection (c) of Section 11-907 of the Illinois Vehicle Code shall have his or her driver's license, permit, or privileges suspended for at least 180 days but not more than 2 years, if the violation resulted in injury to another person.

(5.3) In addition to any other penalties imposed, a person convicted of violating subsection (c) of Section 11-907 of the Illinois Vehicle Code shall have his or her driver's license, permit, or privileges suspended for 2 years, if the violation resulted in the death of another person.

(5.4) In addition to any other penalties imposed, a person convicted of violating Section 3-707 of the Illinois Vehicle Code shall have his or her driver's license, permit, or privileges suspended for 3 months and until he or she has paid a reinstatement fee of $100.

(5.5) In addition to any other penalties imposed, a person convicted of violating Section 3-707 of the Illinois Vehicle Code during a period in which his or her driver's license, permit, or privileges were suspended for a previous violation of that Section shall have his or her driver's license, permit, or privileges suspended for an additional 6 months after the expiration of the original 3-month suspension and until he or she has paid a reinstatement fee of $100.

(11) The court shall impose a minimum fine of $1,000 for a first offense and $2,000 for a second or subsequent offense upon a person convicted of or placed on supervision for battery when the individual harmed was a sports official or coach at any level of competition and the act causing harm to the sports official or coach occurred within an athletic facility or within the immediate vicinity of the athletic facility at which the

New matter indicated by italics - deletions by strikeout
sports official or coach was an active participant of the athletic contest held at the athletic facility. For the purposes of this paragraph (11), "sports official" means a person at an athletic contest who enforces the rules of the contest, such as an umpire or referee; "athletic facility" means an indoor or outdoor playing field or recreational area where sports activities are conducted; and "coach" means a person recognized as a coach by the sanctioning authority that conducted the sporting event.

(12) A person may not receive a disposition of court supervision for a violation of Section 5-16 of the Boat Registration and Safety Act if that person has previously received a disposition of court supervision for a violation of that Section.

(13) A person convicted of or placed on court supervision for an assault or aggravated assault when the victim and the offender are family or household members as defined in Section 103 of the Illinois Domestic Violence Act of 1986 or convicted of domestic battery or aggravated domestic battery may be required to attend a Partner Abuse Intervention Program under protocols set forth by the Illinois Department of Human Services under such terms and conditions imposed by the court. The costs of such classes shall be paid by the offender.

(d) In any case in which a sentence originally imposed is vacated, the case shall be remanded to the trial court. The trial court shall hold a hearing under Section 5-4-1 of the Unified Code of Corrections which may include evidence of the defendant's life, moral character and occupation during the time since the original sentence was passed. The trial court shall then impose sentence upon the defendant. The trial court may impose any sentence which could have been imposed at the original trial subject to Section 5-5-4 of the Unified Code of Corrections. If a sentence is vacated on appeal or on collateral attack due to the failure of the trier of fact at trial to determine beyond a reasonable doubt the existence of a fact (other than a prior conviction) necessary to increase the punishment for the offense beyond the statutory maximum otherwise applicable, either the defendant may be re-sentenced to a term within the range otherwise provided or, if the State files notice of its intention to again seek the extended sentence, the defendant shall be afforded a new trial.

(e) In cases where prosecution for aggravated criminal sexual abuse under Section 11-1.60 or 12-16 of the Criminal Code of 1961 or the Criminal Code of 2012 results in conviction of a defendant who was a family member of the victim at the time of the commission of the offense,
the court shall consider the safety and welfare of the victim and may impose a sentence of probation only where:

(1) the court finds (A) or (B) or both are appropriate:

(A) the defendant is willing to undergo a court approved counseling program for a minimum duration of 2 years; or
(B) the defendant is willing to participate in a court approved plan including but not limited to the defendant's:
   (i) removal from the household;
   (ii) restricted contact with the victim;
   (iii) continued financial support of the family;
   (iv) restitution for harm done to the victim; and
   (v) compliance with any other measures that the court may deem appropriate; and

(2) the court orders the defendant to pay for the victim's counseling services, to the extent that the court finds, after considering the defendant's income and assets, that the defendant is financially capable of paying for such services, if the victim was under 18 years of age at the time the offense was committed and requires counseling as a result of the offense.

Probation may be revoked or modified pursuant to Section 5-6-4; except where the court determines at the hearing that the defendant violated a condition of his or her probation restricting contact with the victim or other family members or commits another offense with the victim or other family members, the court shall revoke the defendant's probation and impose a term of imprisonment.

For the purposes of this Section, "family member" and "victim" shall have the meanings ascribed to them in Section 11-0.1 of the Criminal Code of 2012.

(f) (Blank).

(g) Whenever a defendant is convicted of an offense under Sections 11-1.20, 11-1.30, 11-1.40, 11-1.50, 11-1.60, 11-14, 11-14.3, 11-14.4 except for an offense that involves keeping a place of juvenile prostitution, 11-15, 11-15.1, 11-16, 11-17, 11-18, 11-18.1, 11-19, 11-19.1, 11-19.2, 12-13, 12-14, 12-14.1, 12-15 or 12-16 of the Criminal Code of 1961 or the Criminal Code of 2012, the defendant shall undergo medical testing to determine whether the defendant has any sexually transmissible
disease, including a test for infection with human immunodeficiency virus (HIV) or any other identified causative agent of acquired immunodeficiency syndrome (AIDS). Any such medical test shall be performed only by appropriately licensed medical practitioners and may include an analysis of any bodily fluids as well as an examination of the defendant's person. Except as otherwise provided by law, the results of such test shall be kept strictly confidential by all medical personnel involved in the testing and must be personally delivered in a sealed envelope to the judge of the court in which the conviction was entered for the judge's inspection in camera. Acting in accordance with the best interests of the victim and the public, the judge shall have the discretion to determine to whom, if anyone, the results of the testing may be revealed. The court shall notify the defendant of the test results. The court shall also notify the victim if requested by the victim, and if the victim is under the age of 15 and if requested by the victim's parents or legal guardian, the court shall notify the victim's parents or legal guardian of the test results. The court shall provide information on the availability of HIV testing and counseling at Department of Public Health facilities to all parties to whom the results of the testing are revealed and shall direct the State's Attorney to provide the information to the victim when possible. A State's Attorney may petition the court to obtain the results of any HIV test administered under this Section, and the court shall grant the disclosure if the State's Attorney shows it is relevant in order to prosecute a charge of criminal transmission of HIV under Section 12-5.01 or 12-16.2 of the Criminal Code of 1961 or the Criminal Code of 2012 against the defendant. The court shall order that the cost of any such test shall be paid by the county and may be taxed as costs against the convicted defendant.

(g-5) When an inmate is tested for an airborne communicable disease, as determined by the Illinois Department of Public Health including but not limited to tuberculosis, the results of the test shall be personally delivered by the warden or his or her designee in a sealed envelope to the judge of the court in which the inmate must appear for the judge's inspection in camera if requested by the judge. Acting in accordance with the best interests of those in the courtroom, the judge shall have the discretion to determine what if any precautions need to be taken to prevent transmission of the disease in the courtroom.

(h) Whenever a defendant is convicted of an offense under Section 1 or 2 of the Hypodermic Syringes and Needles Act, the defendant shall undergo medical testing to determine whether the defendant has been
exposed to human immunodeficiency virus (HIV) or any other identified causative agent of acquired immunodeficiency syndrome (AIDS). Except as otherwise provided by law, the results of such test shall be kept strictly confidential by all medical personnel involved in the testing and must be personally delivered in a sealed envelope to the judge of the court in which the conviction was entered for the judge's inspection in camera. Acting in accordance with the best interests of the public, the judge shall have the discretion to determine to whom, if anyone, the results of the testing may be revealed. The court shall notify the defendant of a positive test showing an infection with the human immunodeficiency virus (HIV). The court shall provide information on the availability of HIV testing and counseling at Department of Public Health facilities to all parties to whom the results of the testing are revealed and shall direct the State's Attorney to provide the information to the victim when possible. A State's Attorney may petition the court to obtain the results of any HIV test administered under this Section, and the court shall grant the disclosure if the State's Attorney shows it is relevant in order to prosecute a charge of criminal transmission of HIV under Section 12-5.01 or 12-16.2 of the Criminal Code of 1961 or the Criminal Code of 2012 against the defendant. The court shall order that the cost of any such test shall be paid by the county and may be taxed as costs against the convicted defendant.

(i) All fines and penalties imposed under this Section for any violation of Chapters 3, 4, 6, and 11 of the Illinois Vehicle Code, or a similar provision of a local ordinance, and any violation of the Child Passenger Protection Act, or a similar provision of a local ordinance, shall be collected and disbursed by the circuit clerk as provided under Section 27.5 of the Clerks of Courts Act.

determine whether the defendant is employed by a facility or center as
defined under the Child Care Act of 1969, a public or private elementary
or secondary school, or otherwise works with children under 18 years of
age on a daily basis. When a defendant is so employed, the court shall
order the Clerk of the Court to send a copy of the judgment of conviction
or order of supervision or probation to the defendant's employer by
certified mail. If the employer of the defendant is a school, the Clerk of the
Court shall direct the mailing of a copy of the judgment of conviction or
order of supervision or probation to the appropriate regional
superintendent of schools. The regional superintendent of schools shall
notify the State Board of Education of any notification under this
subsection.

(j-5) A defendant at least 17 years of age who is convicted of a
felony and who has not been previously convicted of a misdemeanor or
felony and who is sentenced to a term of imprisonment in the Illinois
Department of Corrections shall as a condition of his or her sentence be
required by the court to attend educational courses designed to prepare the
defendant for a high school diploma and to work toward a high school
diploma or to work toward passing high school equivalency testing or to
work toward completing a vocational training program offered by the
Department of Corrections. If a defendant fails to complete the educational
training required by his or her sentence during the term of incarceration,
the Prisoner Review Board shall, as a condition of mandatory supervised
release, require the defendant, at his or her own expense, to pursue a
course of study toward a high school diploma or passage of high school
equivalency testing. The Prisoner Review Board shall revoke the
mandatory supervised release of a defendant who wilfully fails to comply
with this subsection (j-5) upon his or her release from confinement in a
penal institution while serving a mandatory supervised release term;
however, the inability of the defendant after making a good faith effort to
obtain financial aid or pay for the educational training shall not be deemed
a wilful failure to comply. The Prisoner Review Board shall recommitt the
defendant whose mandatory supervised release term has been revoked
under this subsection (j-5) as provided in Section 3-3-9. This subsection (j-
5) does not apply to a defendant who has a high school diploma or has
successfully passed high school equivalency testing. This subsection (j-5)
does not apply to a defendant who is determined by the court to be a
person with a developmental disability or otherwise mentally incapable of
completing the educational or vocational program.

(l) (A) Except as provided in paragraph (C) of subsection (l), whenever a defendant, who is an alien as defined by the Immigration and Nationality Act, is convicted of any felony or misdemeanor offense, the court after sentencing the defendant may, upon motion of the State's Attorney, hold sentence in abeyance and remand the defendant to the custody of the Attorney General of the United States or his or her designated agent to be deported when:

   (1) a final order of deportation has been issued against the defendant pursuant to proceedings under the Immigration and Nationality Act, and

   (2) the deportation of the defendant would not deprecate the seriousness of the defendant's conduct and would not be inconsistent with the ends of justice.

Otherwise, the defendant shall be sentenced as provided in this Chapter V.

(B) If the defendant has already been sentenced for a felony or misdemeanor offense, or has been placed on probation under Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, or Section 70 of the Methamphetamine Control and Community Protection Act, the court may, upon motion of the State's Attorney to suspend the sentence imposed, commit the defendant to the custody of the Attorney General of the United States or his or her designated agent when:

   (1) a final order of deportation has been issued against the defendant pursuant to proceedings under the Immigration and Nationality Act, and

   (2) the deportation of the defendant would not deprecate the seriousness of the defendant's conduct and would not be inconsistent with the ends of justice.

(C) This subsection (l) does not apply to offenders who are subject to the provisions of paragraph (2) of subsection (a) of Section 3-6-3.

(D) Upon motion of the State's Attorney, if a defendant sentenced under this Section returns to the jurisdiction of the United States, the defendant shall be recommitted to the custody of the county from which he or she was sentenced. Thereafter, the defendant shall be brought before the sentencing court, which may impose any sentence that was available under Section 5-5-3 at the time of initial sentencing. In addition, the defendant

shall not be eligible for additional sentence credit for good conduct as provided under Section 3-6-3.

(m) A person convicted of criminal defacement of property under Section 21-1.3 of the Criminal Code of 1961 or the Criminal Code of 2012, in which the property damage exceeds $300 and the property damaged is a school building, shall be ordered to perform community service that may include cleanup, removal, or painting over the defacement.

(n) The court may sentence a person convicted of a violation of Section 12-19, 12-21, 16-1.3, or 17-56, or subsection (a) or (b) of Section 12-4.4a, of the Criminal Code of 1961 or the Criminal Code of 2012 (i) to an impact incarceration program if the person is otherwise eligible for that program under Section 5-8-1.1, (ii) to community service, or (iii) if the person is an addict or alcoholic, as defined in the Alcoholism and Other Drug Abuse and Dependency Act, to a substance or alcohol abuse program licensed under that Act.

(o) Whenever a person is convicted of a sex offense as defined in Section 2 of the Sex Offender Registration Act, the defendant's driver's license or permit shall be subject to renewal on an annual basis in accordance with the provisions of license renewal established by the Secretary of State.

AN ACT concerning regulation.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Department of Professional Regulation Law of the Civil Administrative Code of Illinois is amended by changing Section 2105-165 as follows:

(20 ILCS 2105/2105-165)

New matter indicated by italics - deletions by strikeout
Sec. 2105-165. Health care worker licensure actions; sex crimes.

(a) When a licensed health care worker, as defined in the Health Care Worker Self-Referral Act, (1) has been convicted of a criminal act that requires registration under the Sex Offender Registration Act; (1.5) has been convicted of involuntary sexual servitude of a minor under subsection (c) of Section 10-9 or subsection (b) of Section 10A-10 of the Criminal Code of 1961 or the Criminal Code of 2012; (2) has been convicted of a criminal battery against any patient in the course of patient care or treatment, including any offense based on sexual conduct or sexual penetration; (3) has been convicted of a forcible felony; or (4) is required as a part of a criminal sentence to register under the Sex Offender Registration Act, then, notwithstanding any other provision of law to the contrary, except as provided in this Section, the license of the health care worker shall by operation of law be permanently revoked without a hearing.

(a-1) If a licensed health care worker has been convicted of a forcible felony, other than a forcible felony requiring registration under the Sex Offender Registration Act or involuntary sexual servitude of a minor that is a forcible felony, and the health care worker has had his or her license revoked, the health care worker may petition the Department to restore his or her license if more than 5 years have passed since the conviction or more than 3 years have passed since the health care worker's release from confinement for that conviction, whichever is later. In determining whether a license shall be restored, the Department shall consider, but is not limited to, the following factors:

(1) the seriousness of the offense;
(2) the presence of multiple offenses;
(3) prior disciplinary history, including, but not limited to, actions taken by other agencies in this State or by other states or jurisdictions, hospitals, health care facilities, residency programs, employers, insurance providers, or any of the armed forces of the United States or any state;
(4) the impact of the offense on any injured party;
(5) the vulnerability of any injured party, including, but not limited to, consideration of the injured party's age, disability, or mental illness;
(6) the motive for the offense;
(7) the lack of contrition for the offense;

New matter indicated by italics - deletions by strikeout
(8) the lack of cooperation with the Department or other investigative authorities;

(9) the lack of prior disciplinary action, including, but not limited to, action by the Department or by other agencies in this State or by other states or jurisdictions, hospitals, health care facilities, residency programs, employers, insurance providers, or any of the armed forces of the United States or any state;

(10) contrition for the offense;

(11) cooperation with the Department or other investigative authorities;

(12) restitution to injured parties;

(13) whether the misconduct was self-reported;

(14) any voluntary remedial actions taken or other evidence of rehabilitation; and

(15) the date of conviction.

(b) No person who has been convicted of any offense listed in subsection (a) or required to register as a sex offender may receive a license as a health care worker in Illinois. The process for petition and review by the Department provided in subsection (a-1) shall also apply to a person whose application for licensure is denied under this Section for a conviction of a forcible felony, other than a forcible felony requiring registration under the Sex Offender Registration Act or involuntary sexual servitude of a minor that is a forcible felony.

(c) Immediately after a licensed health care worker, as defined in the Health Care Worker Self-Referral Act, has been charged with any offense for which the sentence includes registration as a sex offender; involuntary sexual servitude of a minor; a criminal battery against a patient, including any offense based on sexual conduct or sexual penetration, in the course of patient care or treatment; or a forcible felony; then the prosecuting attorney shall provide notice to the Department of the health care worker's name, address, practice address, and license number and the patient's name and a copy of the criminal charges filed. Within 5 business days after receiving notice from the prosecuting attorney of the filing of criminal charges against the health care worker, the Secretary shall issue an administrative order that the health care worker shall immediately practice only with a chaperone during all patient encounters pending the outcome of the criminal proceedings. The chaperone must be a licensed health care worker. The chaperone shall provide written notice to all of the health care worker's patients explaining the Department's order

to use a chaperone. Each patient shall sign an acknowledgement that they received the notice. The notice to the patient of criminal charges shall include, in 14-point font, the following statement: "The health care worker is presumed innocent until proven guilty of the charges.". The licensed health care worker shall provide a written plan of compliance with the administrative order that is acceptable to the Department within 5 days after receipt of the administrative order. Failure to comply with the administrative order, failure to file a compliance plan, or failure to follow the compliance plan shall subject the health care worker to temporary suspension of his or her professional license until the completion of the criminal proceedings.

(d) Nothing contained in this Section shall act in any way to waive or modify the confidentiality of information provided by the prosecuting attorney to the extent provided by law. Any information reported or disclosed shall be kept for the confidential use of the Secretary, Department attorneys, the investigative staff, and authorized clerical staff and shall be afforded the same status as is provided information under Part 21 of Article VIII of the Code of Civil Procedure, except that the Department may disclose information and documents to (1) a federal, State, or local law enforcement agency pursuant to a subpoena in an ongoing criminal investigation or (2) an appropriate licensing authority of another state or jurisdiction pursuant to an official request made by that authority. Any information or documents disclosed to a federal, State, or local law enforcement agency may be used by that agency only for the investigation and prosecution of a criminal offense. Any information or documents disclosed by the Department to a professional licensing authority of another state or jurisdiction may only be used by that authority for investigations and disciplinary proceedings with regards to a professional license.

(e) Any licensee whose license was revoked or who received an administrative order under this Section shall have the revocation or administrative order vacated and completely removed from the licensee's records and public view and the revocation or administrative order shall be afforded the same status as is provided information under Part 21 of Article VIII of the Code of Civil Procedure if (1) the charges upon which the revocation or administrative order is based are dropped; (2) the licensee is not convicted of the charges upon which the revocation or administrative order is based; or (3) any conviction for charges upon

which the revocation or administrative order was based have been vacated, overturned, or reversed.

(f) Nothing contained in this Section shall prohibit the Department from initiating or maintaining a disciplinary action against a licensee independent from any criminal charges, conviction, or sex offender registration.

(g) The Department may adopt rules necessary to implement this Section.

PUBLIC ACT 99-0887
(House Bill No. 4334)

AN ACT concerning transportation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Vehicle Code is amended by changing Section 3-821.2 as follows:

(625 ILCS 5/3-821.2)

Sec. 3-821.2. Delinquent registration renewal fee.

(a) For registration renewal periods beginning on or after January 1, 2005, the Secretary of State may impose a delinquent registration renewal fee of $20 for the registration renewal of all passenger vehicles of the first division and motor vehicles of the second division weighing not more than 8,000 pounds if the application for registration renewal is received by the Secretary more than one month after the expiration of the most recent period during which the vehicle was registered. If a delinquent registration renewal fee is imposed, the Secretary shall not renew the registration of such a vehicle until the delinquent registration renewal fee has been paid, in addition to any other registration fees owed for the vehicle. Active duty military personnel stationed outside of Illinois shall not be required to pay the delinquent registration renewal fee. If a delinquent registration renewal fee is imposed, the Secretary shall adopt rules for the implementation of this Section. All fees collected under this Section shall be deposited into the General Revenue Fund.

New matter indicated by italics - deletions by strikeout
(b) Notwithstanding the provisions of subsection (a), the Secretary of State shall not impose a delinquent registration renewal fee for the registration renewal of passenger vehicles of the first division and motor vehicles of the second division weighing not more than 8,000 pounds if a vehicle's registration expires during a period of time in which the Secretary is not sending registration renewal notices to owners of all of those vehicles with registration expiring at the same time as the applicable vehicle. It shall be an affirmative defense to a citation for an expired registration issued by any local, county, municipal, or State law enforcement agency within one month after the expiration of vehicle registration, that the expiration occurred during a period of time in which the Secretary was not sending registration renewal notices to owners of all passenger vehicles of the first division and motor vehicles of the second division weighing not more than 8,000 pounds with registration expiring at the same time as the applicable vehicle. A computer print-out of a page from the Secretary of State's official website setting forth the calendar months in which registration renewal notices were not sent to all owners of passenger vehicles of the first division and motor vehicles of the second division weighing not more than 8,000 pounds shall be admissible as evidence to establish the affirmative defense. The computer print-out shall be prima facie evidence of the correctness of the information contained in it. The changes made by this amendatory Act of the 99th General Assembly apply only to vehicle registrations that expire on or after the effective date of this amendatory Act of the 99th General Assembly.

The provisions of this subsection (b), other than this sentence, are inoperative on and after June 30, 2017.

Sec. 11-1414.1. School transportation of students.

(a) Every student enrolled in grade 12 or below in any entity listed in subsection (a) of Section 1-182 of this Code must be transported in a school bus or a vehicle described in subdivision (1) or (2) of subsection (b) of Section 1-182 of this Code for any curriculum-related school activity, except a student in any of grades K through 12 or a student in any of grades K through 12 with an Individualized Education Plan (IEP) with a staff to student ratio of 1 to 5, and attending Acacia Academy, Alexander Leigh, Marklund, Helping Hands Center, Connections Organization, or New Horizon Academy may be transported in a multi-function school activity bus (MFSAB) as defined in Section 1-148.3a-5 of this Code for any curriculum-related activity except for transportation on regular bus routes from home to school or from school to home, subject to the following conditions:

(i) A MFSAB may not be used to transport students under this Section unless the driver holds a valid school bus driver permit.

(ii) The use of a MFSAB under this Section is subject to the requirements of Sections 6-106.11, 6-106.12, 12-707.01, 13-101, and 13-109 of this Code.

"Curriculum-related school activity" as used in this subsection (a) includes transportation from home to school or from school to home, tripper or shuttle service between school attendance centers, transportation to a vocational or career center or other trade-skill development site or a regional safe school or other school-sponsored alternative learning program, or a trip that is directly related to the regular curriculum of a student for which he or she earns credit.

(b) Every student enrolled in grade 12 or below in any entity listed in subsection (a) of Section 1-182 of this Code who is transported in a vehicle that is being operated by or for a public or private primary or secondary school, including any primary or secondary school operated by a religious institution, for an interscholastic, interscholastic-athletic, or school-sponsored, noncurriculum-related activity that (i) does not require student participation as part of the educational services of the entity and (ii) is not associated with the students' regular class-for-credit schedule shall transport students only in a school bus or vehicle described in

PUBLIC ACT 99-0889
(Senate Bill No. 2138)

AN ACT concerning civil law.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 1. Short title. This Act may be cited as the Snow Removal Service Liability Limitation Act.
Section 5. Definitions. In this Act:
"Service provider" means a person providing services under a snow removal and ice control services contract.
"Service receiver" means a person receiving services under a snow removal and ice control services contract.
"Snow removal and ice control services contract" means a contract or agreement for the performance of any of the following:
(1) plowing, shoveling, or other removal of snow or other mixed precipitation from a surface;
(2) de-icing services; or
(3) a service incidental to an activity described in item (1) or (2), including operating or otherwise moving snow removal or de-icing equipment or materials.
Section 10. Certain indemnity agreements void. A provision, clause, covenant, or agreement that is part of or in connection with a snow removal and ice control services contract is against public policy and void if it does any of the following:
(1) Requires, or has the effect of requiring, a service provider to indemnify a service receiver for damages resulting from the acts or omissions of the service receiver or the service receiver's agents or employees.

New matter indicated by italics - deletions by strikeout
(2) Requires, or has the effect of requiring, a service receiver to indemnify a service provider for damages resulting from the acts or omissions of the service provider or the service provider's agents or employees.

(3) Requires, or has the effect of requiring, a service provider to hold a service receiver harmless from any tort liability for damages resulting from the acts or omissions of the service receiver or the service receiver's agents or employees.

(4) Requires, or has the effect of requiring, a service receiver to hold a service provider harmless from any tort liability for damages resulting from the acts or omissions of the service provider or the service provider's agents or employees.

(5) Requires, or has the effect of requiring, a service provider to defend a service receiver against any tort liability for damages resulting from the acts or omissions of the service receiver or the service receiver's agents or employees.

(6) Requires, or has the effect of requiring, a service receiver to defend a service provider against any tort liability for damages resulting from the acts or omissions of the service provider or the service provider's agents or employees.

Section 15. Applicability.

(a) This Act applies to snow removal and ice control services contracts entered into on and after the effective date of this Act.

(b) This Act does not apply to contracts for snow removal or ice control services on public roads or with public bodies.

(c) This Act does not apply to contracts for snow removal or ice control services with a public utility. As used in this Section, "public utility" has the meaning provided in Section 3-105 of the Public Utilities Act.

(d) This Act does not apply to an insurance policy, a surety bond, or workers' compensation.

(e) This Act does not affect any liabilities, immunities, or affirmative defenses arising under other law.

Section 99. Effective date. This Act takes effect upon becoming law.

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Counties Code is amended by adding Section 5-12021 as follows:

(55 ILCS 5/5-12021 new)
Sec. 5-12021. Special provisions relating to public schools.
(a) In exercising the powers under this Division with respect to public school districts, a county shall act in a reasonable manner that neither regulates educational activities, such as school curricula, administration, and staffing, nor frustrates a school district's statutory duties. This subsection (a) is declarative of existing law and does not change the substantive operation of this Division.
(b) In processing zoning applications from public school districts, a county shall make reasonable efforts to streamline the zoning application and review process for the school board and minimize the administrative burdens involved in the zoning review process, including, but not limited to, reducing application fees and other costs associated with the project of a school board to the greatest extent practicable and reflective of actual cost but in no event more than the lowest fees customarily imposed by the county for similar applications, limiting the number of times the school district must amend its site plans, reducing the number of copies of site plans and any other documents required to be submitted by the county, and expediting the zoning review process for the purpose of rendering a decision on any application from a school district within 90 days after a completed application is submitted to the county.

Section 10. The Township Code is amended by changing Section 110-70 as follows:

(60 ILCS 1/110-70)
Sec. 110-70. School district affected.
(a) In any hearing before a zoning commission or board of appeals, any school district within which the property in issue, or any part of that property, is located may appear and present evidence.
(b) In exercising the powers under this Article with respect to public school districts, a township shall act in a reasonable manner that neither regulates educational activities, such as school curricula,
administration, and staffing, nor frustrates a school district's statutory duties. This subsection (b) is declarative of existing law and does not change the substantive operation of this Article.

(c) In processing zoning applications from public school districts, a township shall make reasonable efforts to streamline the zoning application and review process for the school board and minimize the administrative burdens involved in the zoning review process, including, but not limited to, reducing application fees and other costs associated with the project of a school board to the greatest extent practicable and reflective of actual cost but in no event more than the lowest fees customarily imposed by the township for similar applications, limiting the number of times the school district must amend its site plans, reducing the number of copies of site plans and any other documents required to be submitted by the township, and expediting the zoning review process for the purpose of rendering a decision on any application from a school district within 90 days after a completed application is submitted to the township.

(Senate Bill No. 2357)

AN ACT concerning gaming.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Horse Racing Act of 1975 is amended by changing Section 12.2 as follows:

(230 ILCS 5/12.2)
Sec. 12.2. Business enterprise program.
(a) For the purposes of this Section, the terms "minority", "minority owned business", "female", "female owned business", "person with a disability", and "business owned by a person with a disability" have the meanings ascribed to them in the Business Enterprise for Minorities, Females, and Persons with Disabilities Act.

New matter indicated by italics - deletions by strikeout
(b) The Board shall, by rule, establish goals for the award of contracts by each organization licensee or inter-track wagering licensee to businesses owned by minorities, females, and persons with disabilities, expressed as percentages of an organization licensee's or inter-track wagering licensee's total dollar amount of contracts awarded during each calendar year. Each organization licensee or inter-track wagering licensee must make every effort to meet the goals established by the Board pursuant to this Section. When setting the goals for the award of contracts, the Board shall not include contracts where: (1) licensees are purchasing goods or services from vendors or suppliers or in markets where there are no or a limited number of minority owned businesses, women owned businesses, or businesses owned by persons with disabilities that would be sufficient to satisfy the goal; (2) there are no or a limited number of suppliers licensed by the Board; (3) the licensee or its parent company owns a company that provides the goods or services; or (4) the goods or services are provided to the licensee by a publicly traded company.

(c) Each organization licensee or inter-track wagering licensee shall file with the Board an annual report of its utilization of minority owned businesses, female owned businesses, and businesses owned by persons with disabilities during the preceding calendar year. The report shall include a self-evaluation of the efforts of the organization licensee or inter-track wagering licensee to meet its goals under this Section.

(d) The organization licensee or inter-track wagering licensee shall have the right to request a waiver from the requirements of this Section. The Board shall grant the waiver where the organization licensee or inter-track wagering licensee demonstrates that there has been made a good faith effort to comply with the goals for participation by minority owned businesses, female owned businesses, and businesses owned by persons with disabilities.

(e) If the Board determines that its goals and policies are not being met by any organization licensee or inter-track wagering licensee, then the Board may:

1. adopt remedies for such violations; and
2. recommend that the organization licensee or inter-track wagering licensee provide additional opportunities for participation by minority owned businesses, female owned businesses, and businesses owned by persons with disabilities; such recommendations may include, but shall not be limited to:

(A) assurances of stronger and better focused solicitation efforts to obtain more minority owned businesses, female owned businesses, and businesses owned by persons with disabilities as potential sources of supply;

(B) division of job or project requirements, when economically feasible, into tasks or quantities to permit participation of minority owned businesses, female owned businesses, and businesses owned by persons with disabilities;

(C) elimination of extended experience or capitalization requirements, when programmatically feasible, to permit participation of minority owned businesses, female owned businesses, and businesses owned by persons with disabilities;

(D) identification of specific proposed contracts as particularly attractive or appropriate for participation by minority owned businesses, female owned businesses, and businesses owned by persons with disabilities, such identification to result from and be coupled with the efforts of items (A) through (C); and

(E) implementation of regulations established for the use of the sheltered market process.

(f) The Board shall file, no later than March 1 of each year, an annual report that shall detail the level of achievement toward the goals specified in this Section over the 3 most recent fiscal years. The annual report shall include, but need not be limited to:

(1) a summary detailing expenditures subject to the goals, the actual goals specified, and the goals attained by each organization licensee or inter-track wagering licensee;

(2) a summary of the number of contracts awarded and the average contract amount by each organization licensee or inter-track wagering licensee;

(3) an analysis of the level of overall goal achievement concerning purchases from minority owned businesses, female owned businesses, and businesses owned by persons with disabilities;

(4) an analysis of the number of minority owned businesses, female owned businesses, and businesses owned by

PUBLIC ACT 99-0892
(Senate Bill No. 2610)

AN ACT concerning regulation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Continuum of Care Services for the Developmentally Disabled Act.

Section 5. Purpose. The purpose of this Act is to authorize a new type of license for organizations providing services to individuals with developmental disabilities to be known as a continuum of care license; to define the requirements for a continuum of care facility to receive and maintain such a license; to establish a process for the development of an alternative budget-neutral reimbursement mechanism for such a facility; and to authorize a request to the federal government for a waiver pursuant to the federal Social Security Act.

Section 10. Definitions. As used in this Act, unless the context requires otherwise:

"Applicable requirements of law" means State and federal statutes, rules, regulations, and guidance, as such may from time to time be amended or revised, governing the rights, protections, and services, including reimbursement for such services, afforded to individuals with developmental disabilities.

"Campus group home" means a residential facility meeting the requirements of Section 30 of this Act and operated as part of a continuum of care facility licensed under this Act.

New matter indicated by italics - deletions by strikeout
"Continuum of care facility" means a legally incorporated entity that provides a comprehensive range of programs, services, and supports for adults with developmental disabilities, positioned at a central geographic campus facility, and including all of the following:

1. Community-integrated living arrangements provided within reasonable geographic proximity of the campus and in accordance with applicable requirements of law;

2. Employment opportunities, including both on-campus compensated work opportunities and off-campus supported employment opportunities provided in accordance with applicable requirements of law;

3. Developmental training programs and services provided in accordance with applicable requirements of law;

4. On-campus community living facility opportunities provided on-campus and in accordance with applicable requirements of law;

5. Campus group home opportunities as authorized and defined in this Act and provided in accordance with applicable requirements of law; and

6. Medically complex for the developmentally disabled facility opportunities provided on-campus and in accordance with applicable requirements of law.

"Continuum of care license" means a license issued to a continuum of care facility in accordance with the terms of this Act.

"Continuum of care plan" means a formal, written plan meeting the requirements of Section 25 of this Act.

"Facility constituent elements" means the particular, discrete programs, services, and supports delineated in the definition of "continuum of care facility" and provided collectively by the facility.

Section 15. Powers and duties. The Secretary of Human Services, acting in consultation and coordination as necessary with the Director of Public Health and the Director of Healthcare and Family Services, shall, within 12 months after the effective date of this Act, establish a system of licensure for continuum of care facilities, in accordance with this Act, for the following purposes:

1. Protecting the welfare, safety, and rights of individuals with developmental disabilities;

2. Providing additional options for care and services for individuals with developmental disabilities; and
(3) providing a model of care that can transition individuals with developmental disabilities in a seamless and timely manner across the continuum of residential care settings and supportive services, training, education, and employment opportunities in a manner that maximizes beneficiary choice and satisfaction.

Section 20. Licensing standards. The Secretary of Human Services shall, within 12 months after the effective date of this Act, file rules establishing standards for licensing of continuum of care facilities under a single license. These rules shall ensure that an applicant for licensure:

(1) meets the definition of "continuum of care facility" and provides all of the programs, services, and supports required by that definition;

(2) develops, submits, and maintains adherence to a continuum of care plan that meets the requirements of Section 25 of this Act;

(3) meets the regulatory requirements set forth in Section 30 of this Act;

(4) meets such requirements as the Secretary of Human Services may determine appropriate for renewal of licensure or for amendment of licensure to account for changes in the composition of facility constituent elements providing programs or services under the license; and

(5) meets such other requirements as the Secretary of Human Services may determine appropriate for the effective implementation of this Act.

Section 25. Continuum of care plan. An applicant for a continuum of care license shall submit to the Secretary of Human Services, in such form and manner as the Secretary of Human Services shall require, a continuum of care plan that demonstrates how the applicant will:

(1) undertake a comprehensive approach to facilitating the movement of individuals to the most appropriate site and level of care and services provided based on that individual's preference and needs;

(2) provide for the seamless integrated transition of individuals between and among the required care settings and services in a manner that addresses the individual's location on the spectrum of disability and progression along the age spectrum;

(3) maximize employment and training opportunities consistent with the individual's preferences and capabilities;

New matter indicated by italics - deletions by strikeout
(4) provide programs, services, and supports geared to addressing the demand for services for a growing population of aging individuals and individuals who need the services offered by a medically complex for the developmentally disabled facility; and

(5) demonstrate a commitment to providing informed, free, and meaningful choice regarding the type of community in which the individual prefers to live and the type of employment opportunities or developmental training the individual prefers to receive; beneficiary engagement; annual care planning and ongoing treatment focused on the needs and preferences of the individual and adherence to other applicable requirements of law relevant to protecting the rights and welfare of individuals with developmental disabilities; and

(6) use an evidence-based assessment tool, approved by the Department of Human Services and the Department of Healthcare and Family Services, to periodically reassess and confirm that individuals receiving more intense or restrictive services continue to require, or to choose if applicable, that level of support and services.

Section 30. Applicable requirements. The Secretary of Human Services, acting as appropriate through or in coordination with the Director of Public Health, shall in licensing a continuum of care facility ensure the following:

(1) community-integrated living arrangements provided by such licensee meet all otherwise applicable requirements of law pertaining to such arrangements, including those set forth in the Community-Integrated Living Arrangements Licensure and Certification Act, except that a continuum of care facility may, consistent with all applicable requirements of law, prioritize the movement of individuals into or out of community-integrated living arrangements from or into other residential facility constituent elements;

(2) on-campus and off-campus employment opportunities provided by the licensee meet all otherwise applicable requirements of law pertaining to such opportunities;

(3) developmental training programs and services provided by the licensee meet all otherwise applicable requirements of law pertaining to such programs and services;

New matter indicated by italics - deletions by strikeout
(4) community living facility opportunities provided by the licensee meet all otherwise applicable requirements of law pertaining to such opportunities;

(5) campus group homes provided by the licensee meet all otherwise applicable requirements of law pertaining to an ID/DD facility under the ID/DD Community Care Act;

(6) medically complex for the developmentally disabled facility opportunities provided by the licensee meet all otherwise applicable requirements of law pertaining to such opportunities; and

(7) the applicant complies with such other requirements as the Secretary of Human Services may consider necessary and appropriate to carry out the purposes of this Act and other applicable requirements of law.

A continuum of care license may be issued to a continuum of care facility upon the adoption of the rules provided for in Section 20 of this Act.

Section 35. Existing and future programs and services.

(a) To the extent necessary to carry out the purposes of this Act and to maintain eligibility for reimbursement for services under applicable State and federal programs, including Title XIX of the federal Social Security Act, facility constituent elements of an entity licensed as a continuum of care facility may be considered to be licensed pursuant to the otherwise applicable requirements of law as set forth in Section 30 of this Act.

(b) In the event that a continuum of care facility ceases to retain licensure as a continuum of care facility, facility constituent elements that meet all otherwise applicable requirements of law with respect to such element as set forth in Section 30 of this Act shall be deemed to be licensed pursuant to such requirements.

(c) Residents of campus group homes and community-integrated living arrangements that are facility constituent elements shall continue to be beneficiaries of and have the rights and protections provided to residents of ID/DD facilities and community-integrated living arrangements, respectively, under the consent decree entered by the United States District Court for the Northern District of Illinois in the matter of Ligas v. Hamos, No. 1:05-CV-4331 on June 15, 2011 (Ligas). While the consent decree in Ligas remains in effect, members of the class in Ligas residing in ID/DD facilities on June 15, 2011 may move to community-
integrated living arrangements as they choose to do so; members of the class in Ligas admitted to ID/DD facilities after June 15, 2011 must enroll on the Prioritization of Urgency of Need for Services waiting list and be selected for community-integrated living arrangements services prior to moving.

(d) A continuum of care licensee shall be permitted to add new facility constituent elements under its license provided that it demonstrates a need for the new facility constituent elements and that the facility constituent elements meet all applicable requirements of law.

Section 40. Reimbursement rules. The Secretary of Human Services and the Director of Healthcare and Family Services shall:

(1) ensure that reimbursement utilizing federal and State resources for services provided to eligible beneficiaries through a continuum of care facility comports with the following requirements:

(A) such services shall be reimbursed in a budget-neutral manner such that reimbursement for services provided by the facility constituent elements of a continuum of care licensee shall be neither greater nor lesser than the reimbursement received for such services provided by that facility constituent element prior to the licensing of the continuum of care facility, adjusted to take into account any subsequent changes in reimbursement for such similar services, or, if the facility constituent element is a new facility reimbursement for the services provided by the new facility shall be no less than the reimbursement received for such services by a comparable facility constituent element of that continuum of care facility; and

(B) a continuum of care licensee shall enter into a single provider agreement with the Director of Healthcare and Family Services or the Secretary of Human Services; changes that may occur from time to time in the facility constituent elements under the continuum of care license shall be addressed as may be required by applicable requirements of law through amendments to the provider agreement; the Director of Healthcare and Family Services shall make all reasonable efforts to ensure that all facility constituent elements that are approved parts of a continuum of care license remain qualified for reimbursement under

New matter indicated by italics - deletions by strikeout
relevant State and federal programs including Title XIX of the federal Social Security Act; and
(2) in cooperation with interested stakeholders, develop an alternative payment methodology for a continuum of care facility; the initial methodology shall produce payments that are budget neutral as compared to the services provided by the licensee prior to the implementation of the continuum of care license; the effectiveness of the methodology and corresponding rate levels shall be evaluated 18 months following the implementation of the methodology and every 12 months thereafter and shall be adjusted as necessary, subject to appropriation.

Section 45. The Department of Healthcare and Family Services Law of the Civil Administrative Code of Illinois is amended by adding Section 2205-13 as follows:

(20 ILCS 2205/2205-13 new)
Sec. 2205-13. Authorization to secure a federal waiver pursuant to the federal Social Security Act or a State plan amendment.

(a) The Director of Healthcare and Family Services, in collaboration and coordination with the Secretary of Human Services, shall develop and submit to the United States Department of Health and Human Services, Centers for Medicare and Medicaid Services, Center for Medicaid and State Operations, a request for a waiver pursuant to the federal Social Security Act or a State plan amendment consistent with the purpose of subsection (b) of this Section and requirements of subsection (c) of this Section.

(b) The purpose of the waiver or a State plan amendment authorized by subsection (a) of this Section is to obtain approval for the use of funds under Title XIX of the federal Social Security Act to provide for an alternative model of licensure, reimbursement, and quality assurance for services to individuals with developmental disabilities consistent with the Continuum of Care Services for the Developmentally Disabled Act.

(c) A waiver or a State plan amendment requested pursuant to this authorization must involve the licensure of a continuum of care facility pursuant to and consistent with all requirements of the Continuum of Care Services for the Developmentally Disabled Act and a proposal for a reimbursement methodology developed under paragraph (2) of Section 40 of the Continuum of Care Services for the Developmentally Disabled Act.

PUBLIC ACT 99-0893  
(House Bill No. 4633) 

AN ACT concerning business.  
Be it enacted by the People of the State of Illinois, represented in the General Assembly:  
Section 1. Short title. This Act may be cited as the Unclaimed Life Insurance Benefits Act.  
Section 5. Purpose. This Act shall require recognition of the Uniform Disposition of Unclaimed Property Act and require the complete and proper disclosure, transparency, and accountability relating to any method of payment for life insurance, annuity, or retained asset agreement death benefits.  
Section 10. Definitions. As used in this Act:  
"Annuity contract" does not include an annuity contract used to fund an employment-based retirement plan or program where (1) the insurer does not perform the record keeping services or (2) the insurer is not committed by the terms of the annuity contract to pay death benefits to the beneficiaries of specific plan participants.  
"Date of death" means the date on which an insured, annuity owner, or retained asset account holder died.  
"Date of death notice" means the date the insurer first has notice of the date of death of an insured, annuity owner, or retained asset account holder. "Date of death notice" includes, but is not limited to, the date the insurer received information or gained knowledge of a Death Master File match or any other source or record maintained or located in insurer records of the death of an insured, annuity owner, or retained asset account holder.  
"Death Master File" means the United States Social Security Administration's Death Master File or any other database or service that is at least as comprehensive as the United States Social Security Administration's Death Master File for determining that a person has reportedly died.  
"Death Master File match" means a match of the social security number or the name and date of birth of an insured, annuity owner, or
retained asset account holder resulting from a search of the Death Master File.

"Department" means the Department of Insurance.

"Lost policy finder" means a service made available by the Department on its website or otherwise developed by the Department to assist consumers with locating unclaimed life insurance benefits.

"Policy" means any policy or certificate of life insurance that provides a death benefit. "Policy" does not include any policy or certificate of credit life or accidental death insurance or health coverages, including, but not limited to, disability and long-term care arising from the reported death of a person insured under the coverage, or any policy issued to a group master policyholder for which the insurer does not provide record keeping services.

"Record keeping services" means services provided under circumstances in which the insurer has agreed with a group policy or annuity contract customer to be responsible for obtaining, maintaining, and administering its own or its agents' systems information about each individual insured under an insured's group insurance contract, or a line of coverage thereunder, including, but not limited to, the following: (1) social security number or name and date of birth, (2) beneficiary designation information, (3) coverage eligibility, (4) benefit amount, and (5) premium payment status.

"Retained asset account" means any mechanism whereby the settlement of proceeds payable under a policy or annuity contract is accomplished by the insurer or an entity acting on behalf of the insurer depositing the proceeds into an account with check or draft writing privileges, where those proceeds are retained by the insurer or its agent pursuant to a supplementary contract not involving annuity benefits other than death benefits.

Section 15. Insurer conduct.

(a) An insurer shall initially perform a comparison of its insureds', annuitants', and retained asset account holders' in-force policies, annuity contracts, and retained asset accounts by using the full Death Master File. The initial comparison shall be completed on or before December 31, 2017, unless extended by the Department pursuant to administrative rule. Thereafter, an insurer shall perform a comparison on at least a semi-annual basis using the Death Master File update files for comparisons to identify potential matches of its insureds, annuitants, and retained asset account holders. In the event that one of the insurer's lines of business conducts a

search for matches of its insureds, annuitants, and retained asset account holders against the Death Master File at intervals more frequently than semi-annually, then all lines of the insurer's business shall conduct searches for matches against the Death Master File with the same frequency.

An insured, an annuitant, or a retained asset account holder is presumed dead if the date of his or her death is indicated by the comparison required in this subsection (a), unless the insurer has competent and substantial evidence that the person is living, including, but not limited to, a contact made by the insurer with the person or his or her legal representative.

For those potential matches identified as a result of a Death Master File match, the insurer shall within 120 days after the date of death notice, if the insurer has not been contacted by a beneficiary, determine whether benefits are due in accordance with the applicable policy or contract and, if benefits are due in accordance with the applicable policy or contract:

(1) use good faith efforts, which shall be documented by the insurer, to locate the beneficiary or beneficiaries; the Department shall establish by administrative rule minimum standards for what constitutes good faith efforts to locate a beneficiary, which shall include: (A) searching insurer records; (B) the appropriate use of First Class United States mail, e-mail addresses, and telephone calls; and (C) reasonable efforts by insurers to obtain updated contact information for the beneficiary or beneficiaries; good faith efforts shall not include additional attempts to contact the beneficiary at an address already confirmed not to be current; and

(2) provide the appropriate claims forms or instructions to the beneficiary or beneficiaries to make a claim, including the need to provide an official death certificate if applicable under the policy or annuity contract.

(b) Insurers shall implement procedures to account for the following when conducting searches of the Death Master File:

(1) common nicknames, initials used in lieu of a first or middle name, use of a middle name, compound first and middle names, and interchanged first and middle names;

(2) compound last names, maiden or married names, and hyphens, blank spaces, or apostrophes in last names;

(3) transposition of the "month" and "date" portions of the date of birth; and

New matter indicated by italics - deletions by strikeout
(4) incomplete social security numbers.

(c) To the extent permitted by law, an insurer may disclose the minimum necessary personal information about the insured, annuity owner, retained asset account holder, or beneficiary to a person whom the insurer reasonably believes may be able to assist the insurer with locating the beneficiary or a person otherwise entitled to payment of the claims proceeds.

(d) An insurer or its service provider shall not charge any beneficiary or other authorized representative for any fees or costs associated with a Death Master File search or verification of a Death Master File match conducted pursuant to this Act.

(e) The benefits from a policy, annuity contract, or a retained asset account, plus any applicable accrued interest, shall first be payable to the designated beneficiaries or owners and, in the event the beneficiaries or owners cannot be found, shall be reported and delivered to the State Treasurer pursuant to the Uniform Disposition of Unclaimed Property Act. Nothing in this subsection (e) is intended to alter the amounts reportable under the existing provisions of the Uniform Disposition of Unclaimed Property Act or to allow the imposition of additional statutory interest under Article XIV of the Illinois Insurance Code.

(f) Failure to meet any requirement of this Section with such frequency as to constitute a general business practice is a violation of Section 424 of the Illinois Insurance Code. Nothing in this Section shall be construed to create or imply a private cause of action for a violation of this Section.

Section 20. Uniform Disposition of Unclaimed Property Act. Nothing in this Act shall be construed to amend, modify, or supersede the Uniform Disposition of Unclaimed Property Act, including the authority of the State Treasurer to examine the records of any person if the State Treasurer has reason to believe that such person has failed to report property that should have been reported pursuant to the Uniform Disposition of Unclaimed Property Act.

Section 25. Lost policy finder.

(a) The Department shall develop and implement a lost policy finder to assist requesters with locating unclaimed life insurance benefits. The lost policy finder shall be available online and via other means. The Department shall assist a requester with using the lost policy finder, including informing the requester of the information that an insurer may need to facilitate responding to the request.

New matter indicated by italics - deletions by strikeout
(b) As soon as practicable, but no later than 30 days after receiving a request from a requester via the lost policy finder, the Department shall:

(1) forward the request to all insurers deemed necessary by the Department in order to successfully respond to the request; and

(2) inform the requester that the Department received the request and forwarded the request to all insurers deemed necessary by the Department in order to successfully respond to the request.

(c) Upon receiving a request forwarded by the Department through a lost policy finder, an insurer shall search for policies and any accounts subject to this Act that insure the life of or are owned by an individual named as the decedent in the request forwarded by the Department.

(d) Within 30 days after receiving the request referenced in subsection (b) of this Section, or within 45 days after receiving the request where the insurer contracts with another entity to maintain the insurer's records, the insurer shall:

(1) report to the Department through the lost policy finder the findings of the search conducted pursuant to subsection (c) of this Section;

(2) for each identified policy and account insuring the life of, or owned by, the individual named as the decedent in the request, provide to a requester who is:

(A) also the beneficiary of record on the identified policy or account, the information necessary to make a claim pursuant to the terms of the policy or account; and

(B) not the beneficiary of record on the identified policy or account, the requested information to the extent permissible to be disclosed in accordance with any applicable law, rule, or regulation and take such other steps necessary to facilitate the payment of any benefit that may be due under the identified policy or account.

(e) The Department shall, within 30 days after receiving from all insurers the information required in item (1) of subsection (d) of this Section, inform the requester of the results of the search.

(f) When a beneficiary identified in subsection (d) of this Section submits a claim or claims to an insurer, the insurer shall process such claim or claims and make prompt payments and distributions in accordance with all applicable laws, rules, and regulations.
(g) Within 30 days after the final disposition of the request, an insurer shall report to the Department through the lost policy finder any benefits paid and any other information requested by the Department.

Section 30. Administrative rules.
(a) The Department shall adopt rules to administer and implement this Act.
(b) The Department may limit an insurer's Death Master File comparisons required under Section 15 of this Act to the insurer's electronic searchable files or approve a plan and timeline for conversion of the insurer's files to searchable electronic files upon a demonstration of hardship by the insurer.

Section 35. Application. The provisions of this Act apply to policies, annuity contracts, and retained asset accounts in force on or after the effective date of this Act.

Section 40. The Illinois Insurance Code is amended by changing Section 424 as follows:

Sec. 424. Unfair methods of competition and unfair or deceptive acts or practices defined. The following are hereby defined as unfair methods of competition and unfair and deceptive acts or practices in the business of insurance:

(1) The commission by any person of any one or more of the acts defined or prohibited by Sections 134, 143.24c, 147, 148, 149, 151, 155.22, 155.22a, 155.42, 236, 237, 364, and 469 of this Code.

(2) Entering into any agreement to commit, or by any concerted action committing, any act of boycott, coercion or intimidation resulting in or tending to result in unreasonable restraint of, or monopoly in, the business of insurance.

(3) Making or permitting, in the case of insurance of the types enumerated in Classes 1, 2, and 3 of Section 4, any unfair discrimination between individuals or risks of the same class or of essentially the same hazard and expense element because of the race, color, religion, or national origin of such insurance risks or applicants. The application of this Article to the types of insurance enumerated in Class 1 of Section 4 shall in no way limit, reduce, or impair the protections and remedies already provided for by Sections 236 and 364 of this Code or any other provision of this Code.

New matter indicated by italics - deletions by strikeout
(4) Engaging in any of the acts or practices defined in or prohibited by Sections 154.5 through 154.8 of this Code.

(5) Making or charging any rate for insurance against losses arising from the use or ownership of a motor vehicle which requires a higher premium of any person by reason of his physical disability, race, color, religion, or national origin.

(6) Failing to meet any requirement of the Unclaimed Life Insurance Benefits Act with such frequency as to constitute a general business practice.

PUBLIC ACT 99-0894
(Senate Bill No. 0320)

AN ACT concerning government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Mental Health Opportunities for Youth Diversion Task Force Act.

Section 5. Findings. The General Assembly finds that:

(1) an estimated 70% of youth who are arrested in the United States have a mental health disorder;

(2) in many cases, this may contribute to the cause of their arrest or may remain undiagnosed as they progress through the juvenile justice system;

(3) in Cook County, at least one study found that 60% of boys and 66% of girls detained in the Juvenile Temporary Detention Center met the diagnostic criteria for one or more psychiatric disorders;

(4) an appropriate system of care would be one in which youth with identified mental health needs receive care through the health care system in the community rather than in the juvenile justice system;

(5) while some youth are diverted to hospitals while they are in mental health crisis, often these youth do not require hospitalization but are funneled through these hospitals unnecessarily because of the lack of less intensive options available to receive intermediate care;

New matter indicated by italics - deletions by strikeout
(6) youth in these situations often need a quick assessment and intermediate care, such as crisis intervention, counseling, or case management;

(7) in contrast, a hospital assessment and a referral for later community treatment are unnecessarily costly and specialized;

(8) youth with undiagnosed mental health issues may be arrested and processed through the juvenile justice system and only receive treatment once they are deep in the juvenile justice system;

(9) opportunities exist in several areas to eliminate barriers to community-based treatment for youth and increase diversion programming that allows youth to receive treatment and avoid further involvement with law enforcement or the juvenile justice system; and

(10) establishing a Mental Health Opportunities for Youth Diversion Task Force to review best practices and guarantee cross-collaboration among government entities and community partners is essential to eliminating these barriers and ensuring that youth in this State with mental health needs do not end up unnecessarily tangled in the juvenile justice system.

Section 10. Mental Health Opportunities for Youth Diversion Task Force.

(a) There is created the Mental Health Opportunities for Youth Diversion Task Force within the Department of Human Services. The Task Force shall be composed of no more than 21 voting members including:

(1) Two members of the House of Representatives, one appointed by the Speaker of the House of Representatives and one appointed by the Minority Leader of the House of Representatives.

(2) Two members of the Senate, one appointed by the President of the Senate and one appointed by the Minority Leader of the Senate.

(3) One representative of the Office of the Governor appointed by the Governor.

(4) Twelve members of the public:

(A) one representative from a health and hospital system, appointed by the Speaker of the House of Representatives;

(B) one representative from a community-based mental health provider that serve youth, appointed by the President of the Senate;

New matter indicated by italics - deletions by strikeout
(C) one representative from a statewide youth juvenile justice advocacy organization, appointed by the Speaker of the House of Representatives;

(D) one representative of an organization that advocates for families and youth with mental illness, appointed by the President of the Senate;

(E) one representative from an organization with expertise in Medicaid, health care, and juvenile justice, appointed by the President of the Senate;

(F) one representative from law enforcement, appointed by the Minority Leader of the Senate;

(G) one representative from law enforcement from the Crises Intervention Team Training Unit, appointed by the Minority Leader of the House of Representatives;

(H) one representative from the juvenile division of a State's Attorney's office, appointed by the Minority Leader of the Senate;

(I) one representative from the juvenile division of a Public Defender's office, appointed by the Minority Leader of the House of Representatives;

(J) one representative from a clinical unit of juvenile community corrections, appointed by the Speaker of the House of Representatives;

(K) one representative from an organization that is a comprehensive community-based youth service provider appointed by the House Minority Leader; and

(L) one representative from a service provider with the Juvenile Redeploy Illinois Program appointed by the Senate Minority Leader.

(5) The following 4 officials shall serve as ex-officio members:

(A) one representative from the Department of Human Services Mental Health and Juvenile Justice Program, appointed by the Secretary of Human Services;

(B) one representative from the Department of Human Services Comprehensive Community-Based Youth Services Program, appointed by the Secretary of Human Services;

New matter indicated by italics - deletions by strikeout
(C) the Director of Healthcare and Family Services, or his or her designee; and

(D) one representative from the Administrative Office of the Illinois Courts, appointed by the Director of the Administrative Office of the Illinois Courts.

(b) Members shall serve without compensation and are responsible for the cost of all reasonable and necessary travel expenses connected to Task Force business. The Task Force members shall not be reimbursed by the State for these costs. Task Force members shall be appointed within 60 days after the effective date of this Act. The Task Force shall hold its initial meetings within 60 days after at least 50% of the members have been appointed. The representatives of the organization that advocates for families and youth with mental illness and one of the representatives from an organization with an expertise in Medicaid, health care, and juvenile justice shall serve as co-chairs of the Task Force. At the first meeting of the Task Force, the members shall select a 5 person Steering Committee that includes the co-chairs. The Task Force may establish committees that address specific issues or populations and may appoint individuals with relevant expertise who are not appointed members of the Task Force to serve on committees as needed.

(c) The Task Force shall:

(1) develop an action plan for State and local law enforcement and other agencies to divert youth in contact with law enforcement agencies that require mental health treatment into the appropriate health care setting rather than initial or further involvement in the juvenile justice system;

(2) review existing evidence based models and best practices around diversion opportunities for youth with mental health needs from the point of police contact and initial contact with the juvenile justice system;

(3) identify existing diversion programs across this State and highlight implemented programs demonstrating positive evidence based outcomes;

(4) identify all funding sources which can be used towards improving diversion outcomes for youth with mental health needs, including funds controlled by the State, funds controlled by counties, and funding within the health care system;

New matter indicated by italics - deletions by strikeout
(5) identify barriers to the implementation of evidence based diversion models and develop sustainable policies and programs to address these barriers;

(6) recommend an action plan required by paragraph (1) of this subsection (c) that includes pilot programs and policy changes based on the research required by paragraphs (3), (4), and (5) of this subsection (c) for increasing the number of youth diverted into community-based mental health treatment rather than further engagement with the juvenile justice system; and

(7) complete and deliver the action plan required by paragraph (1) of this subsection (c) with recommendations to the Governor and General Assembly within one year of the first meeting of the Task Force.

(d) Upon the completion and delivery of the action plan to the Governor and General Assembly, the Task Force shall be dissolved.

Section 15. Repeal. This Act is repealed on December 31, 2018.

Approved August 26, 2016.

Effective January 1, 2017.

PUBLIC ACT 99-0895

(Senate Bill No. 0420)

AN ACT concerning public aid.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Public Aid Code is amended by changing Section 5-5 as follows:

(305 ILCS 5/5-5) (from Ch. 23, par. 5-5)

Sec. 5-5. Medical services. The Illinois Department, by rule, shall determine the quantity and quality of and the rate of reimbursement for the medical assistance for which payment will be authorized, and the medical services to be provided, which may include all or part of the following: (1) inpatient hospital services; (2) outpatient hospital services; (3) other laboratory and X-ray services; (4) skilled nursing home services; (5) physicians' services whether furnished in the office, the patient's home, a hospital, a skilled nursing home, or elsewhere; (6) medical care, or any other type of remedial care furnished by licensed practitioners; (7) home

health care services; (8) private duty nursing service; (9) clinic services; (10) dental services, including prevention and treatment of periodontal disease and dental caries disease for pregnant women, provided by an individual licensed to practice dentistry or dental surgery; for purposes of this item (10), "dental services" means diagnostic, preventive, or corrective procedures provided by or under the supervision of a dentist in the practice of his or her profession; (11) physical therapy and related services; (12) prescribed drugs, dentures, and prosthetic devices; and eyeglasses prescribed by a physician skilled in the diseases of the eye, or by an optometrist, whichever the person may select; (13) other diagnostic, screening, preventive, and rehabilitative services, including to ensure that the individual's need for intervention or treatment of mental disorders or substance use disorders or co-occurring mental health and substance use disorders is determined using a uniform screening, assessment, and evaluation process inclusive of criteria, for children and adults; for purposes of this item (13), a uniform screening, assessment, and evaluation process refers to a process that includes an appropriate evaluation and, as warranted, a referral; "uniform" does not mean the use of a singular instrument, tool, or process that all must utilize; (14) transportation and such other expenses as may be necessary; (15) medical treatment of sexual assault survivors, as defined in Section 1a of the Sexual Assault Survivors Emergency Treatment Act, for injuries sustained as a result of the sexual assault, including examinations and laboratory tests to discover evidence which may be used in criminal proceedings arising from the sexual assault; (16) the diagnosis and treatment of sickle cell anemia; and (17) any other medical care, and any other type of remedial care recognized under the laws of this State, but not including abortions, or induced miscarriages or premature births, unless, in the opinion of a physician, such procedures are necessary for the preservation of the life of the woman seeking such treatment, or except an induced premature birth intended to produce a live viable child and such procedure is necessary for the health of the mother or her unborn child. The Illinois Department, by rule, shall prohibit any physician from providing medical assistance to anyone eligible therefor under this Code where such physician has been found guilty of performing an abortion procedure in a wilful and wanton manner upon a woman who was not pregnant at the time such abortion procedure was performed. The term "any other type of remedial care" shall include nursing care and nursing home service for
persons who rely on treatment by spiritual means alone through prayer for healing.

Notwithstanding any other provision of this Section, a comprehensive tobacco use cessation program that includes purchasing prescription drugs or prescription medical devices approved by the Food and Drug Administration shall be covered under the medical assistance program under this Article for persons who are otherwise eligible for assistance under this Article.

Notwithstanding any other provision of this Code, the Illinois Department may not require, as a condition of payment for any laboratory test authorized under this Article, that a physician's handwritten signature appear on the laboratory test order form. The Illinois Department may, however, impose other appropriate requirements regarding laboratory test order documentation.

Upon receipt of federal approval of an amendment to the Illinois Title XIX State Plan for this purpose, the Department shall authorize the Chicago Public Schools (CPS) to procure a vendor or vendors to manufacture eyeglasses for individuals enrolled in a school within the CPS system. CPS shall ensure that its vendor or vendors are enrolled as providers in the medical assistance program and in any capitated Medicaid managed care entity (MCE) serving individuals enrolled in a school within the CPS system. Under any contract procured under this provision, the vendor or vendors must serve only individuals enrolled in a school within the CPS system. Claims for services provided by CPS's vendor or vendors to recipients of benefits in the medical assistance program under this Code, the Children's Health Insurance Program, or the Covering ALL KIDS Health Insurance Program shall be submitted to the Department or the MCE in which the individual is enrolled for payment and shall be reimbursed at the Department's or the MCE's established rates or rate methodologies for eyeglasses.

On and after July 1, 2012, the Department of Healthcare and Family Services may provide the following services to persons eligible for assistance under this Article who are participating in education, training or employment programs operated by the Department of Human Services as successor to the Department of Public Aid:

(1) dental services provided by or under the supervision of a dentist; and

New matter indicated by italics - deletions by strikeout
(2) eyeglasses prescribed by a physician skilled in the diseases of the eye, or by an optometrist, whichever the person may select.

Notwithstanding any other provision of this Code and subject to federal approval, the Department may adopt rules to allow a dentist who is volunteering his or her service at no cost to render dental services through an enrolled not-for-profit health clinic without the dentist personally enrolling as a participating provider in the medical assistance program. A not-for-profit health clinic shall include a public health clinic or Federally Qualified Health Center or other enrolled provider, as determined by the Department, through which dental services covered under this Section are performed. The Department shall establish a process for payment of claims for reimbursement for covered dental services rendered under this provision.

The Illinois Department, by rule, may distinguish and classify the medical services to be provided only in accordance with the classes of persons designated in Section 5-2.

The Department of Healthcare and Family Services must provide coverage and reimbursement for amino acid-based elemental formulas, regardless of delivery method, for the diagnosis and treatment of (i) eosinophilic disorders and (ii) short bowel syndrome when the prescribing physician has issued a written order stating that the amino acid-based elemental formula is medically necessary.

The Illinois Department shall authorize the provision of, and shall authorize payment for, screening by low-dose mammography for the presence of occult breast cancer for women 35 years of age or older who are eligible for medical assistance under this Article, as follows:

(A) A baseline mammogram for women 35 to 39 years of age.

(B) An annual mammogram for women 40 years of age or older.

(C) A mammogram at the age and intervals considered medically necessary by the woman's health care provider for women under 40 years of age and having a family history of breast cancer, prior personal history of breast cancer, positive genetic testing, or other risk factors.

(D) A comprehensive ultrasound screening of an entire breast or breasts if a mammogram demonstrates heterogeneous or
dense breast tissue, when medically necessary as determined by a physician licensed to practice medicine in all of its branches.

(E) A screening MRI when medically necessary, as determined by a physician licensed to practice medicine in all of its branches.

All screenings shall include a physical breast exam, instruction on self-examination and information regarding the frequency of self-examination and its value as a preventative tool. For purposes of this Section, "low-dose mammography" means the x-ray examination of the breast using equipment dedicated specifically for mammography, including the x-ray tube, filter, compression device, and image receptor, with an average radiation exposure delivery of less than one rad per breast for 2 views of an average size breast. The term also includes digital mammography.

On and after January 1, 2016, the Department shall ensure that all networks of care for adult clients of the Department include access to at least one breast imaging Center of Imaging Excellence as certified by the American College of Radiology.

On and after January 1, 2012, providers participating in a quality improvement program approved by the Department shall be reimbursed for screening and diagnostic mammography at the same rate as the Medicare program's rates, including the increased reimbursement for digital mammography.

The Department shall convene an expert panel including representatives of hospitals, free-standing mammography facilities, and doctors, including radiologists, to establish quality standards for mammography.

On and after January 1, 2017, providers participating in a breast cancer treatment quality improvement program approved by the Department shall be reimbursed for breast cancer treatment at a rate that is no lower than 95% of the Medicare program's rates for the data elements included in the breast cancer treatment quality program.

The Department shall convene an expert panel, including representatives of hospitals, free standing breast cancer treatment centers, breast cancer quality organizations, and doctors, including breast surgeons, reconstructive breast surgeons, oncologists, and primary care providers to establish quality standards for breast cancer treatment.

Subject to federal approval, the Department shall establish a rate methodology for mammography at federally qualified health centers and

New matter indicated by italics - deletions by strikeout
other encounter-rate clinics. These clinics or centers may also collaborate with other hospital-based mammography facilities. By January 1, 2016, the Department shall report to the General Assembly on the status of the provision set forth in this paragraph.

The Department shall establish a methodology to remind women who are age-appropriate for screening mammography, but who have not received a mammogram within the previous 18 months, of the importance and benefit of screening mammography. The Department shall work with experts in breast cancer outreach and patient navigation to optimize these reminders and shall establish a methodology for evaluating their effectiveness and modifying the methodology based on the evaluation.

The Department shall establish a performance goal for primary care providers with respect to their female patients over age 40 receiving an annual mammogram. This performance goal shall be used to provide additional reimbursement in the form of a quality performance bonus to primary care providers who meet that goal.

The Department shall devise a means of case-managing or patient navigation for beneficiaries diagnosed with breast cancer. This program shall initially operate as a pilot program in areas of the State with the highest incidence of mortality related to breast cancer. At least one pilot program site shall be in the metropolitan Chicago area and at least one site shall be outside the metropolitan Chicago area. On or after July 1, 2016, the pilot program shall be expanded to include one site in western Illinois, one site in southern Illinois, one site in central Illinois, and 4 sites within metropolitan Chicago. An evaluation of the pilot program shall be carried out measuring health outcomes and cost of care for those served by the pilot program compared to similarly situated patients who are not served by the pilot program.

The Department shall require all networks of care to develop a means either internally or by contract with experts in navigation and community outreach to navigate cancer patients to comprehensive care in a timely fashion. The Department shall require all networks of care to include access for patients diagnosed with cancer to at least one academic commission on cancer-accredited cancer program as an in-network covered benefit.

Any medical or health care provider shall immediately recommend, to any pregnant woman who is being provided prenatal services and is suspected of drug abuse or is addicted as defined in the Alcoholism and Other Drug Abuse and Dependency Act, referral to a local substance abuse
treatment provider licensed by the Department of Human Services or to a licensed hospital which provides substance abuse treatment services. The Department of Healthcare and Family Services shall assure coverage for the cost of treatment of the drug abuse or addiction for pregnant recipients in accordance with the Illinois Medicaid Program in conjunction with the Department of Human Services.

All medical providers providing medical assistance to pregnant women under this Code shall receive information from the Department on the availability of services under the Drug Free Families with a Future or any comparable program providing case management services for addicted women, including information on appropriate referrals for other social services that may be needed by addicted women in addition to treatment for addiction.

The Illinois Department, in cooperation with the Departments of Human Services (as successor to the Department of Alcoholism and Substance Abuse) and Public Health, through a public awareness campaign, may provide information concerning treatment for alcoholism and drug abuse and addiction, prenatal health care, and other pertinent programs directed at reducing the number of drug-affected infants born to recipients of medical assistance.

Neither the Department of Healthcare and Family Services nor the Department of Human Services shall sanction the recipient solely on the basis of her substance abuse.

The Illinois Department shall establish such regulations governing the dispensing of health services under this Article as it shall deem appropriate. The Department should seek the advice of formal professional advisory committees appointed by the Director of the Illinois Department for the purpose of providing regular advice on policy and administrative matters, information dissemination and educational activities for medical and health care providers, and consistency in procedures to the Illinois Department.

The Illinois Department may develop and contract with Partnerships of medical providers to arrange medical services for persons eligible under Section 5-2 of this Code. Implementation of this Section may be by demonstration projects in certain geographic areas. The Partnership shall be represented by a sponsor organization. The Department, by rule, shall develop qualifications for sponsors of Partnerships. Nothing in this Section shall be construed to require that the sponsor organization be a medical organization.

New matter indicated by italics - deletions by strikeout
The sponsor must negotiate formal written contracts with medical providers for physician services, inpatient and outpatient hospital care, home health services, treatment for alcoholism and substance abuse, and other services determined necessary by the Illinois Department by rule for delivery by Partnerships. Physician services must include prenatal and obstetrical care. The Illinois Department shall reimburse medical services delivered by Partnership providers to clients in target areas according to provisions of this Article and the Illinois Health Finance Reform Act, except that:

(1) Physicians participating in a Partnership and providing certain services, which shall be determined by the Illinois Department, to persons in areas covered by the Partnership may receive an additional surcharge for such services.

(2) The Department may elect to consider and negotiate financial incentives to encourage the development of Partnerships and the efficient delivery of medical care.

(3) Persons receiving medical services through Partnerships may receive medical and case management services above the level usually offered through the medical assistance program.

Medical providers shall be required to meet certain qualifications to participate in Partnerships to ensure the delivery of high quality medical services. These qualifications shall be determined by rule of the Illinois Department and may be higher than qualifications for participation in the medical assistance program. Partnership sponsors may prescribe reasonable additional qualifications for participation by medical providers, only with the prior written approval of the Illinois Department.

Nothing in this Section shall limit the free choice of practitioners, hospitals, and other providers of medical services by clients. In order to ensure patient freedom of choice, the Illinois Department shall immediately promulgate all rules and take all other necessary actions so that provided services may be accessed from therapeutically certified optometrists to the full extent of the Illinois Optometric Practice Act of 1987 without discriminating between service providers.

The Department shall apply for a waiver from the United States Health Care Financing Administration to allow for the implementation of Partnerships under this Section.

The Illinois Department shall require health care providers to maintain records that document the medical care and services provided to recipients of Medical Assistance under this Article. Such records must be

New matter indicated by italics - deletions by strikeout
retained for a period of not less than 6 years from the date of service or as provided by applicable State law, whichever period is longer, except that if an audit is initiated within the required retention period then the records must be retained until the audit is completed and every exception is resolved. The Illinois Department shall require health care providers to make available, when authorized by the patient, in writing, the medical records in a timely fashion to other health care providers who are treating or serving persons eligible for Medical Assistance under this Article. All dispensers of medical services shall be required to maintain and retain business and professional records sufficient to fully and accurately document the nature, scope, details and receipt of the health care provided to persons eligible for medical assistance under this Code, in accordance with regulations promulgated by the Illinois Department. The rules and regulations shall require that proof of the receipt of prescription drugs, dentures, prosthetic devices and eyeglasses by eligible persons under this Section accompany each claim for reimbursement submitted by the dispenser of such medical services. No such claims for reimbursement shall be approved for payment by the Illinois Department without such proof of receipt, unless the Illinois Department shall have put into effect and shall be operating a system of post-payment audit and review which shall, on a sampling basis, be deemed adequate by the Illinois Department to assure that such drugs, dentures, prosthetic devices and eyeglasses for which payment is being made are actually being received by eligible recipients. Within 90 days after September 16, 1984 (the effective date of Public Act 83-1439) this amendatory Act of 1984, the Illinois Department shall establish a current list of acquisition costs for all prosthetic devices and any other items recognized as medical equipment and supplies reimbursable under this Article and shall update such list on a quarterly basis, except that the acquisition costs of all prescription drugs shall be updated no less frequently than every 30 days as required by Section 5-5.12.

The rules and regulations of the Illinois Department shall require that a written statement including the required opinion of a physician shall accompany any claim for reimbursement for abortions, or induced miscarriages or premature births. This statement shall indicate what procedures were used in providing such medical services.

Notwithstanding any other law to the contrary, the Illinois Department shall, within 365 days after July 22, 2013 (the effective date of Public Act 98-104), establish procedures to permit skilled care facilities

licensed under the Nursing Home Care Act to submit monthly billing claims for reimbursement purposes. Following development of these procedures, the Department shall, by July 1, 2016, test the viability of the new system and implement any necessary operational or structural changes to its information technology platforms in order to allow for the direct acceptance and payment of nursing home claims.

Notwithstanding any other law to the contrary, the Illinois Department shall, within 365 days after August 15, 2014 (the effective date of Public Act 98-963), establish procedures to permit ID/DD facilities licensed under the ID/DD Community Care Act and MC/DD facilities licensed under the MC/DD Act to submit monthly billing claims for reimbursement purposes. Following development of these procedures, the Department shall have an additional 365 days to test the viability of the new system and to ensure that any necessary operational or structural changes to its information technology platforms are implemented.

The Illinois Department shall require all dispensers of medical services, other than an individual practitioner or group of practitioners, desiring to participate in the Medical Assistance program established under this Article to disclose all financial, beneficial, ownership, equity, surety or other interests in any and all firms, corporations, partnerships, associations, business enterprises, joint ventures, agencies, institutions or other legal entities providing any form of health care services in this State under this Article.

The Illinois Department may require that all dispensers of medical services desiring to participate in the medical assistance program established under this Article disclose, under such terms and conditions as the Illinois Department may by rule establish, all inquiries from clients and attorneys regarding medical bills paid by the Illinois Department, which inquiries could indicate potential existence of claims or liens for the Illinois Department.

Enrollment of a vendor shall be subject to a provisional period and shall be conditional for one year. During the period of conditional enrollment, the Department may terminate the vendor's eligibility to participate in, or may disenroll the vendor from, the medical assistance program without cause. Unless otherwise specified, such termination of eligibility or disenrollment is not subject to the Department's hearing process. However, a disenrolled vendor may reapply without penalty.

The Department has the discretion to limit the conditional enrollment period for vendors based upon category of risk of the vendor.

Prior to enrollment and during the conditional enrollment period in the medical assistance program, all vendors shall be subject to enhanced oversight, screening, and review based on the risk of fraud, waste, and abuse that is posed by the category of risk of the vendor. The Illinois Department shall establish the procedures for oversight, screening, and review, which may include, but need not be limited to: criminal and financial background checks; fingerprinting; license, certification, and authorization verifications; unscheduled or unannounced site visits; database checks; prepayment audit reviews; audits; payment caps; payment suspensions; and other screening as required by federal or State law.

The Department shall define or specify the following: (i) by provider notice, the "category of risk of the vendor" for each type of vendor, which shall take into account the level of screening applicable to a particular category of vendor under federal law and regulations; (ii) by rule or provider notice, the maximum length of the conditional enrollment period for each category of risk of the vendor; and (iii) by rule, the hearing rights, if any, afforded to a vendor in each category of risk of the vendor that is terminated or disenrolled during the conditional enrollment period.

To be eligible for payment consideration, a vendor's payment claim or bill, either as an initial claim or as a resubmitted claim following prior rejection, must be received by the Illinois Department, or its fiscal intermediary, no later than 180 days after the latest date on the claim on which medical goods or services were provided, with the following exceptions:

(1) In the case of a provider whose enrollment is in process by the Illinois Department, the 180-day period shall not begin until the date on the written notice from the Illinois Department that the provider enrollment is complete.

(2) In the case of errors attributable to the Illinois Department or any of its claims processing intermediaries which result in an inability to receive, process, or adjudicate a claim, the 180-day period shall not begin until the provider has been notified of the error.

(3) In the case of a provider for whom the Illinois Department initiates the monthly billing process.

(4) In the case of a provider operated by a unit of local government with a population exceeding 3,000,000 when local
government funds finance federal participation for claims payments.

For claims for services rendered during a period for which a recipient received retroactive eligibility, claims must be filed within 180 days after the Department determines the applicant is eligible. For claims for which the Illinois Department is not the primary payer, claims must be submitted to the Illinois Department within 180 days after the final adjudication by the primary payer.

In the case of long term care facilities, within 5 days of receipt by the facility of required prescreening information, data for new admissions shall be entered into the Medical Electronic Data Interchange (MEDI) or the Recipient Eligibility Verification (REV) System or successor system, and within 15 days of receipt by the facility of required prescreening information, admission documents shall be submitted through MEDI or REV or shall be submitted directly to the Department of Human Services using required admission forms. Effective September 1, 2014, admission documents, including all prescreening information, must be submitted through MEDI or REV. Confirmation numbers assigned to an accepted transaction shall be retained by a facility to verify timely submittal. Once an admission transaction has been completed, all resubmitted claims following prior rejection are subject to receipt no later than 180 days after the admission transaction has been completed.

Claims that are not submitted and received in compliance with the foregoing requirements shall not be eligible for payment under the medical assistance program, and the State shall have no liability for payment of those claims.

To the extent consistent with applicable information and privacy, security, and disclosure laws, State and federal agencies and departments shall provide the Illinois Department access to confidential and other information and data necessary to perform eligibility and payment verifications and other Illinois Department functions. This includes, but is not limited to: information pertaining to licensure; certification; earnings; immigration status; citizenship; wage reporting; unearned and earned income; pension income; employment; supplemental security income; social security numbers; National Provider Identifier (NPI) numbers; the National Practitioner Data Bank (NPDB); program and agency exclusions; taxpayer identification numbers; tax delinquency; corporate information; and death records.

The Illinois Department shall enter into agreements with State agencies and departments, and is authorized to enter into agreements with federal agencies and departments, under which such agencies and departments shall share data necessary for medical assistance program integrity functions and oversight. The Illinois Department shall develop, in cooperation with other State departments and agencies, and in compliance with applicable federal laws and regulations, appropriate and effective methods to share such data. At a minimum, and to the extent necessary to provide data sharing, the Illinois Department shall enter into agreements with State agencies and departments, and is authorized to enter into agreements with federal agencies and departments, including but not limited to: the Secretary of State; the Department of Revenue; the Department of Public Health; the Department of Human Services; and the Department of Financial and Professional Regulation.

Beginning in fiscal year 2013, the Illinois Department shall set forth a request for information to identify the benefits of a pre-payment, post-adjudication, and post-edit claims system with the goals of streamlining claims processing and provider reimbursement, reducing the number of pending or rejected claims, and helping to ensure a more transparent adjudication process through the utilization of: (i) provider data verification and provider screening technology; and (ii) clinical code editing; and (iii) pre-pay, pre- or post-adjudicated predictive modeling with an integrated case management system with link analysis. Such a request for information shall not be considered as a request for proposal or as an obligation on the part of the Illinois Department to take any action or acquire any products or services.

The Illinois Department shall establish policies, procedures, standards and criteria by rule for the acquisition, repair and replacement of orthotic and prosthetic devices and durable medical equipment. Such rules shall provide, but not be limited to, the following services: (1) immediate repair or replacement of such devices by recipients; and (2) rental, lease, purchase or lease-purchase of durable medical equipment in a cost-effective manner, taking into consideration the recipient's medical prognosis, the extent of the recipient's needs, and the requirements and costs for maintaining such equipment. Subject to prior approval, such rules shall enable a recipient to temporarily acquire and use alternative or substitute devices or equipment pending repairs or replacements of any device or equipment previously authorized for such recipient by the Department. Notwithstanding any provision of Section 5-5f to the

contrary, the Department may, by rule, exempt certain replacement wheelchair parts from prior approval and, for wheelchairs, wheelchair parts, wheelchair accessories, and related seating and positioning items, determine the wholesale price by methods other than actual acquisition costs.

The Department shall require, by rule, all providers of durable medical equipment to be accredited by an accreditation organization approved by the federal Centers for Medicare and Medicaid Services and recognized by the Department in order to bill the Department for providing durable medical equipment to recipients. No later than 15 months after the effective date of the rule adopted pursuant to this paragraph, all providers must meet the accreditation requirement.

The Department shall execute, relative to the nursing home prescreening project, written inter-agency agreements with the Department of Human Services and the Department on Aging, to effect the following: (i) intake procedures and common eligibility criteria for those persons who are receiving non-institutional services; and (ii) the establishment and development of non-institutional services in areas of the State where they are not currently available or are undeveloped; and (iii) notwithstanding any other provision of law, subject to federal approval, on and after July 1, 2012, an increase in the determination of need (DON) scores from 29 to 37 for applicants for institutional and home and community-based long term care; if and only if federal approval is not granted, the Department may, in conjunction with other affected agencies, implement utilization controls or changes in benefit packages to effectuate a similar savings amount for this population; and (iv) no later than July 1, 2013, minimum level of care eligibility criteria for institutional and home and community-based long term care; and (v) no later than October 1, 2013, establish procedures to permit long term care providers access to eligibility scores for individuals with an admission date who are seeking or receiving services from the long term care provider. In order to select the minimum level of care eligibility criteria, the Governor shall establish a workgroup that includes affected agency representatives and stakeholders representing the institutional and home and community-based long term care interests. This Section shall not restrict the Department from implementing lower level of care eligibility criteria for community-based services in circumstances where federal approval has been granted.

The Illinois Department shall develop and operate, in cooperation with other State Departments and agencies and in compliance with

applicable federal laws and regulations, appropriate and effective systems of health care evaluation and programs for monitoring of utilization of health care services and facilities, as it affects persons eligible for medical assistance under this Code.

The Illinois Department shall report annually to the General Assembly, no later than the second Friday in April of 1979 and each year thereafter, in regard to:

(a) actual statistics and trends in utilization of medical services by public aid recipients;
(b) actual statistics and trends in the provision of the various medical services by medical vendors;
(c) current rate structures and proposed changes in those rate structures for the various medical vendors; and
(d) efforts at utilization review and control by the Illinois Department.

The period covered by each report shall be the 3 years ending on the June 30 prior to the report. The report shall include suggested legislation for consideration by the General Assembly. The filing of one copy of the report with the Speaker, one copy with the Minority Leader and one copy with the Clerk of the House of Representatives, one copy with the President, one copy with the Minority Leader and one copy with the Secretary of the Senate, one copy with the Legislative Research Unit, and such additional copies with the State Government Report Distribution Center for the General Assembly as is required under paragraph (t) of Section 7 of the State Library Act shall be deemed sufficient to comply with this Section.

Rulemaking authority to implement Public Act 95-1045, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

On and after July 1, 2012, the Department shall reduce any rate of reimbursement for services or other payments or alter any methodologies authorized by this Code to reduce any rate of reimbursement for services or other payments in accordance with Section 5-5e.

Because kidney transplantation can be an appropriate, cost effective alternative to renal dialysis when medically necessary and notwithstanding the provisions of Section 1-11 of this Code, beginning October 1, 2014, the Department shall cover kidney transplantation for

noncitizens with end-stage renal disease who are not eligible for comprehensive medical benefits, who meet the residency requirements of Section 5-3 of this Code, and who would otherwise meet the financial requirements of the appropriate class of eligible persons under Section 5-2 of this Code. To qualify for coverage of kidney transplantation, such person must be receiving emergency renal dialysis services covered by the Department. Providers under this Section shall be prior approved and certified by the Department to perform kidney transplantation and the services under this Section shall be limited to services associated with kidney transplantation.

Notwithstanding any other provision of this Code to the contrary, on or after July 1, 2015, all FDA approved forms of medication assisted treatment prescribed for the treatment of alcohol dependence or treatment of opioid dependence shall be covered under both fee for service and managed care medical assistance programs for persons who are otherwise eligible for medical assistance under this Article and shall not be subject to any (1) utilization control, other than those established under the American Society of Addiction Medicine patient placement criteria, (2) prior authorization mandate, or (3) lifetime restriction limit mandate.

On or after July 1, 2015, opioid antagonists prescribed for the treatment of an opioid overdose, including the medication product, administration devices, and any pharmacy fees related to the dispensing and administration of the opioid antagonist, shall be covered under the medical assistance program for persons who are otherwise eligible for medical assistance under this Article. As used in this Section, "opioid antagonist" means a drug that binds to opioid receptors and blocks or inhibits the effect of opioids acting on those receptors, including, but not limited to, naloxone hydrochloride or any other similarly acting drug approved by the U.S. Food and Drug Administration.

Sec. 5-5. Medical services. The Illinois Department, by rule, shall determine the quantity and quality of and the rate of reimbursement for the medical assistance for which payment will be authorized, and the medical services to be provided, which may include all or part of the following: (1)
inpatient hospital services; (2) outpatient hospital services; (3) other laboratory and X-ray services; (4) skilled nursing home services; (5) physicians' services whether furnished in the office, the patient's home, a hospital, a skilled nursing home, or elsewhere; (6) medical care, or any other type of remedial care furnished by licensed practitioners; (7) home health care services; (8) private duty nursing service; (9) clinic services; (10) dental services, including prevention and treatment of periodontal disease and dental caries disease for pregnant women, provided by an individual licensed to practice dentistry or dental surgery; for purposes of this item (10), "dental services" means diagnostic, preventive, or corrective procedures provided by or under the supervision of a dentist in the practice of his or her profession; (11) physical therapy and related services; (12) prescribed drugs, dentures, and prosthetic devices; and eyeglasses prescribed by a physician skilled in the diseases of the eye, or by an optometrist, whichever the person may select; (13) other diagnostic, screening, preventive, and rehabilitative services, including to ensure that the individual's need for intervention or treatment of mental disorders or substance use disorders or co-occurring mental health and substance use disorders is determined using a uniform screening, assessment, and evaluation process inclusive of criteria, for children and adults; for purposes of this item (13), a uniform screening, assessment, and evaluation process refers to a process that includes an appropriate evaluation and, as warranted, a referral; "uniform" does not mean the use of a singular instrument, tool, or process that all must utilize; (14) transportation and such other expenses as may be necessary; (15) medical treatment of sexual assault survivors, as defined in Section 1a of the Sexual Assault Survivors Emergency Treatment Act, for injuries sustained as a result of the sexual assault, including examinations and laboratory tests to discover evidence which may be used in criminal proceedings arising from the sexual assault; (16) the diagnosis and treatment of sickle cell anemia; and (17) any other medical care, and any other type of remedial care recognized under the laws of this State, but not including abortions, or induced miscarriages or premature births, unless, in the opinion of a physician, such procedures are necessary for the preservation of the life of the woman seeking such treatment, or except an induced premature birth intended to produce a live viable child and such procedure is necessary for the health of the mother or her unborn child. The Illinois Department, by rule, shall prohibit any physician from providing medical assistance to anyone eligible therefor under this Code where such

physician has been found guilty of performing an abortion procedure in a wilful and wanton manner upon a woman who was not pregnant at the time such abortion procedure was performed. The term "any other type of remedial care" shall include nursing care and nursing home service for persons who rely on treatment by spiritual means alone through prayer for healing.

Notwithstanding any other provision of this Section, a comprehensive tobacco use cessation program that includes purchasing prescription drugs or prescription medical devices approved by the Food and Drug Administration shall be covered under the medical assistance program under this Article for persons who are otherwise eligible for assistance under this Article.

Notwithstanding any other provision of this Code, the Illinois Department may not require, as a condition of payment for any laboratory test authorized under this Article, that a physician's handwritten signature appear on the laboratory test order form. The Illinois Department may, however, impose other appropriate requirements regarding laboratory test order documentation.

Upon receipt of federal approval of an amendment to the Illinois Title XIX State Plan for this purpose, the Department shall authorize the Chicago Public Schools (CPS) to procure a vendor or vendors to manufacture eyeglasses for individuals enrolled in a school within the CPS system. CPS shall ensure that its vendor or vendors are enrolled as providers in the medical assistance program and in any capitated Medicaid managed care entity (MCE) serving individuals enrolled in a school within the CPS system. Under any contract procured under this provision, the vendor or vendors must serve only individuals enrolled in a school within the CPS system. Claims for services provided by CPS's vendor or vendors to recipients of benefits in the medical assistance program under this Code, the Children's Health Insurance Program, or the Covering ALL KIDS Health Insurance Program shall be submitted to the Department or the MCE in which the individual is enrolled for payment and shall be reimbursed at the Department's or the MCE's established rates or rate methodologies for eyeglasses.

On and after July 1, 2012, the Department of Healthcare and Family Services may provide the following services to persons eligible for assistance under this Article who are participating in education, training or employment programs operated by the Department of Human Services as successor to the Department of Public Aid:

New matter indicated by italics - deletions by strikeout
(1) dental services provided by or under the supervision of a dentist; and
(2) eyeglasses prescribed by a physician skilled in the diseases of the eye, or by an optometrist, whichever the person may select.

Notwithstanding any other provision of this Code and subject to federal approval, the Department may adopt rules to allow a dentist who is volunteering his or her service at no cost to render dental services through an enrolled not-for-profit health clinic without the dentist personally enrolling as a participating provider in the medical assistance program. A not-for-profit health clinic shall include a public health clinic or Federally Qualified Health Center or other enrolled provider, as determined by the Department, through which dental services covered under this Section are performed. The Department shall establish a process for payment of claims for reimbursement for covered dental services rendered under this provision.

The Illinois Department, by rule, may distinguish and classify the medical services to be provided only in accordance with the classes of persons designated in Section 5-2.

The Department of Healthcare and Family Services must provide coverage and reimbursement for amino acid-based elemental formulas, regardless of delivery method, for the diagnosis and treatment of (i) eosinophilic disorders and (ii) short bowel syndrome when the prescribing physician has issued a written order stating that the amino acid-based elemental formula is medically necessary.

The Illinois Department shall authorize the provision of, and shall authorize payment for, screening by low-dose mammography for the presence of occult breast cancer for women 35 years of age or older who are eligible for medical assistance under this Article, as follows:

(A) A baseline mammogram for women 35 to 39 years of age.
(B) An annual mammogram for women 40 years of age or older.
(C) A mammogram at the age and intervals considered medically necessary by the woman’s health care provider for women under 40 years of age and having a family history of breast cancer, prior personal history of breast cancer, positive genetic testing, or other risk factors.

New matter indicated by italics - deletions by strikeout
(D) A comprehensive ultrasound screening of an entire breast or breasts if a mammogram demonstrates heterogeneous or dense breast tissue, when medically necessary as determined by a physician licensed to practice medicine in all of its branches.

(E) A screening MRI when medically necessary, as determined by a physician licensed to practice medicine in all of its branches.

All screenings shall include a physical breast exam, instruction on self-examination and information regarding the frequency of self-examination and its value as a preventative tool. For purposes of this Section, "low-dose mammography" means the x-ray examination of the breast using equipment dedicated specifically for mammography, including the x-ray tube, filter, compression device, and image receptor, with an average radiation exposure delivery of less than one rad per breast for 2 views of an average size breast. The term also includes digital mammography and includes breast tomosynthesis. As used in this Section, the term "breast tomosynthesis" means a radiologic procedure that involves the acquisition of projection images over the stationary breast to produce cross-sectional digital three-dimensional images of the breast.

On and after January 1, 2016, the Department shall ensure that all networks of care for adult clients of the Department include access to at least one breast imaging Center of Imaging Excellence as certified by the American College of Radiology.

On and after January 1, 2012, providers participating in a quality improvement program approved by the Department shall be reimbursed for screening and diagnostic mammography at the same rate as the Medicare program's rates, including the increased reimbursement for digital mammography.

The Department shall convene an expert panel including representatives of hospitals, free-standing mammography facilities, and doctors, including radiologists, to establish quality standards for mammography.

On and after January 1, 2017, providers participating in a breast cancer treatment quality improvement program approved by the Department shall be reimbursed for breast cancer treatment at a rate that is no lower than 95% of the Medicare program's rates for the data elements included in the breast cancer treatment quality program.

The Department shall convene an expert panel, including representatives of hospitals, free standing breast cancer treatment centers,
breast cancer quality organizations, and doctors, including breast surgeons, reconstructive breast surgeons, oncologists, and primary care providers to establish quality standards for breast cancer treatment.

Subject to federal approval, the Department shall establish a rate methodology for mammography at federally qualified health centers and other encounter-rate clinics. These clinics or centers may also collaborate with other hospital-based mammography facilities. By January 1, 2016, the Department shall report to the General Assembly on the status of the provision set forth in this paragraph.

The Department shall establish a methodology to remind women who are age-appropriate for screening mammography, but who have not received a mammogram within the previous 18 months, of the importance and benefit of screening mammography. The Department shall work with experts in breast cancer outreach and patient navigation to optimize these reminders and shall establish a methodology for evaluating their effectiveness and modifying the methodology based on the evaluation.

The Department shall establish a performance goal for primary care providers with respect to their female patients over age 40 receiving an annual mammogram. This performance goal shall be used to provide additional reimbursement in the form of a quality performance bonus to primary care providers who meet that goal.

The Department shall devise a means of case-managing or patient navigation for beneficiaries diagnosed with breast cancer. This program shall initially operate as a pilot program in areas of the State with the highest incidence of mortality related to breast cancer. At least one pilot program site shall be in the metropolitan Chicago area and at least one site shall be outside the metropolitan Chicago area. On or after July 1, 2016, the pilot program shall be expanded to include one site in western Illinois, one site in southern Illinois, one site in central Illinois, and 4 sites within metropolitan Chicago. An evaluation of the pilot program shall be carried out measuring health outcomes and cost of care for those served by the pilot program compared to similarly situated patients who are not served by the pilot program.

The Department shall require all networks of care to develop a means either internally or by contract with experts in navigation and community outreach to navigate cancer patients to comprehensive care in a timely fashion. The Department shall require all networks of care to include access for patients diagnosed with cancer to at least one academic

commission on cancer-accredited cancer program as an in-network covered benefit.

Any medical or health care provider shall immediately recommend, to any pregnant woman who is being provided prenatal services and is suspected of drug abuse or is addicted as defined in the Alcoholism and Other Drug Abuse and Dependency Act, referral to a local substance abuse treatment provider licensed by the Department of Human Services or to a licensed hospital which provides substance abuse treatment services. The Department of Healthcare and Family Services shall assure coverage for the cost of treatment of the drug abuse or addiction for pregnant recipients in accordance with the Illinois Medicaid Program in conjunction with the Department of Human Services.

All medical providers providing medical assistance to pregnant women under this Code shall receive information from the Department on the availability of services under the Drug Free Families with a Future or any comparable program providing case management services for addicted women, including information on appropriate referrals for other social services that may be needed by addicted women in addition to treatment for addiction.

The Illinois Department, in cooperation with the Departments of Human Services (as successor to the Department of Alcoholism and Substance Abuse) and Public Health, through a public awareness campaign, may provide information concerning treatment for alcoholism and drug abuse and addiction, prenatal health care, and other pertinent programs directed at reducing the number of drug-affected infants born to recipients of medical assistance.

Neither the Department of Healthcare and Family Services nor the Department of Human Services shall sanction the recipient solely on the basis of her substance abuse.

The Illinois Department shall establish such regulations governing the dispensing of health services under this Article as it shall deem appropriate. The Department should seek the advice of formal professional advisory committees appointed by the Director of the Illinois Department for the purpose of providing regular advice on policy and administrative matters, information dissemination and educational activities for medical and health care providers, and consistency in procedures to the Illinois Department.

The Illinois Department may develop and contract with Partnerships of medical providers to arrange medical services for persons

New matter indicated by italics - deletions by strikeout
eligible under Section 5-2 of this Code. Implementation of this Section may be by demonstration projects in certain geographic areas. The Partnership shall be represented by a sponsor organization. The Department, by rule, shall develop qualifications for sponsors of Partnerships. Nothing in this Section shall be construed to require that the sponsor organization be a medical organization.

The sponsor must negotiate formal written contracts with medical providers for physician services, inpatient and outpatient hospital care, home health services, treatment for alcoholism and substance abuse, and other services determined necessary by the Illinois Department by rule for delivery by Partnerships. Physician services must include prenatal and obstetrical care. The Illinois Department shall reimburse medical services delivered by Partnership providers to clients in target areas according to provisions of this Article and the Illinois Health Finance Reform Act, except that:

1. Physicians participating in a Partnership and providing certain services, which shall be determined by the Illinois Department, to persons in areas covered by the Partnership may receive an additional surcharge for such services.

2. The Department may elect to consider and negotiate financial incentives to encourage the development of Partnerships and the efficient delivery of medical care.

3. Persons receiving medical services through Partnerships may receive medical and case management services above the level usually offered through the medical assistance program.

Medical providers shall be required to meet certain qualifications to participate in Partnerships to ensure the delivery of high quality medical services. These qualifications shall be determined by rule of the Illinois Department and may be higher than qualifications for participation in the medical assistance program. Partnership sponsors may prescribe reasonable additional qualifications for participation by medical providers, only with the prior written approval of the Illinois Department.

Nothing in this Section shall limit the free choice of practitioners, hospitals, and other providers of medical services by clients. In order to ensure patient freedom of choice, the Illinois Department shall immediately promulgate all rules and take all other necessary actions so that provided services may be accessed from therapeutically certified optometrists to the full extent of the Illinois Optometric Practice Act of 1987 without discriminating between service providers.
The Department shall apply for a waiver from the United States Health Care Financing Administration to allow for the implementation of Partnerships under this Section.

The Illinois Department shall require health care providers to maintain records that document the medical care and services provided to recipients of Medical Assistance under this Article. Such records must be retained for a period of not less than 6 years from the date of service or as provided by applicable State law, whichever period is longer, except that if an audit is initiated within the required retention period then the records must be retained until the audit is completed and every exception is resolved. The Illinois Department shall require health care providers to make available, when authorized by the patient, in writing, the medical records in a timely fashion to other health care providers who are treating or serving persons eligible for Medical Assistance under this Article. All dispensers of medical services shall be required to maintain and retain business and professional records sufficient to fully and accurately document the nature, scope, details and receipt of the health care provided to persons eligible for medical assistance under this Code, in accordance with regulations promulgated by the Illinois Department. The rules and regulations shall require that proof of the receipt of prescription drugs, dentures, prosthetic devices and eyeglasses by eligible persons under this Section accompany each claim for reimbursement submitted by the dispenser of such medical services. No such claims for reimbursement shall be approved for payment by the Illinois Department without such proof of receipt, unless the Illinois Department shall have put into effect and shall be operating a system of post-payment audit and review which shall, on a sampling basis, be deemed adequate by the Illinois Department to assure that such drugs, dentures, prosthetic devices and eyeglasses for which payment is being made are actually being received by eligible recipients. Within 90 days after September 16, 1984 (the effective date of Public Act 83-1439) this amendatory Act of 1984, the Illinois Department shall establish a current list of acquisition costs for all prosthetic devices and any other items recognized as medical equipment and supplies reimbursable under this Article and shall update such list on a quarterly basis, except that the acquisition costs of all prescription drugs shall be updated no less frequently than every 30 days as required by Section 5-5.12.

The rules and regulations of the Illinois Department shall require that a written statement including the required opinion of a physician shall
accompany any claim for reimbursement for abortions, or induced miscarriages or premature births. This statement shall indicate what procedures were used in providing such medical services.

Notwithstanding any other law to the contrary, the Illinois Department shall, within 365 days after July 22, 2013 (the effective date of Public Act 98-104), establish procedures to permit skilled care facilities licensed under the Nursing Home Care Act to submit monthly billing claims for reimbursement purposes. Following development of these procedures, the Department shall, by July 1, 2016, test the viability of the new system and implement any necessary operational or structural changes to its information technology platforms in order to allow for the direct acceptance and payment of nursing home claims.

Notwithstanding any other law to the contrary, the Illinois Department shall, within 365 days after August 15, 2014 (the effective date of Public Act 98-963), establish procedures to permit ID/DD facilities licensed under the ID/DD Community Care Act and MC/DD facilities licensed under the MC/DD Act to submit monthly billing claims for reimbursement purposes. Following development of these procedures, the Department shall have an additional 365 days to test the viability of the new system and to ensure that any necessary operational or structural changes to its information technology platforms are implemented.

The Illinois Department shall require all dispensers of medical services, other than an individual practitioner or group of practitioners, desiring to participate in the Medical Assistance program established under this Article to disclose all financial, beneficial, ownership, equity, surety or other interests in any and all firms, corporations, partnerships, associations, business enterprises, joint ventures, agencies, institutions or other legal entities providing any form of health care services in this State under this Article.

The Illinois Department may require that all dispensers of medical services desiring to participate in the medical assistance program established under this Article disclose, under such terms and conditions as the Illinois Department may by rule establish, all inquiries from clients and attorneys regarding medical bills paid by the Illinois Department, which inquiries could indicate potential existence of claims or liens for the Illinois Department.

Enrollment of a vendor shall be subject to a provisional period and shall be conditional for one year. During the period of conditional enrollment, the Department may terminate the vendor's eligibility to
participate in, or may disenroll the vendor from, the medical assistance program without cause. Unless otherwise specified, such termination of eligibility or disenrollment is not subject to the Department's hearing process. However, a disenrolled vendor may reapply without penalty.

The Department has the discretion to limit the conditional enrollment period for vendors based upon category of risk of the vendor.

Prior to enrollment and during the conditional enrollment period in the medical assistance program, all vendors shall be subject to enhanced oversight, screening, and review based on the risk of fraud, waste, and abuse that is posed by the category of risk of the vendor. The Illinois Department shall establish the procedures for oversight, screening, and review, which may include, but need not be limited to: criminal and financial background checks; fingerprinting; license, certification, and authorization verifications; unscheduled or unannounced site visits; database checks; prepayment audit reviews; audits; payment caps; payment suspensions; and other screening as required by federal or State law.

The Department shall define or specify the following: (i) by provider notice, the "category of risk of the vendor" for each type of vendor, which shall take into account the level of screening applicable to a particular category of vendor under federal law and regulations; (ii) by rule or provider notice, the maximum length of the conditional enrollment period for each category of risk of the vendor; and (iii) by rule, the hearing rights, if any, afforded to a vendor in each category of risk of the vendor that is terminated or disenrolled during the conditional enrollment period.

To be eligible for payment consideration, a vendor's payment claim or bill, either as an initial claim or as a resubmitted claim following prior rejection, must be received by the Illinois Department, or its fiscal intermediary, no later than 180 days after the latest date on the claim on which medical goods or services were provided, with the following exceptions:

(1) In the case of a provider whose enrollment is in process by the Illinois Department, the 180-day period shall not begin until the date on the written notice from the Illinois Department that the provider enrollment is complete.

(2) In the case of errors attributable to the Illinois Department or any of its claims processing intermediaries which result in an inability to receive, process, or adjudicate a claim, the
180-day period shall not begin until the provider has been notified of the error.

(3) In the case of a provider for whom the Illinois Department initiates the monthly billing process.

(4) In the case of a provider operated by a unit of local government with a population exceeding 3,000,000 when local government funds finance federal participation for claims payments.

For claims for services rendered during a period for which a recipient received retroactive eligibility, claims must be filed within 180 days after the Department determines the applicant is eligible. For claims for which the Illinois Department is not the primary payer, claims must be submitted to the Illinois Department within 180 days after the final adjudication by the primary payer.

In the case of long term care facilities, within 5 days of receipt by the facility of required prescreening information, data for new admissions shall be entered into the Medical Electronic Data Interchange (MEDI) or the Recipient Eligibility Verification (REV) System or successor system, and within 15 days of receipt by the facility of required prescreening information, admission documents shall be submitted through MEDI or REV or shall be submitted directly to the Department of Human Services using required admission forms. Effective September 1, 2014, admission documents, including all prescreening information, must be submitted through MEDI or REV. Confirmation numbers assigned to an accepted transaction shall be retained by a facility to verify timely submittal. Once an admission transaction has been completed, all resubmitted claims following prior rejection are subject to receipt no later than 180 days after the admission transaction has been completed.

Claims that are not submitted and received in compliance with the foregoing requirements shall not be eligible for payment under the medical assistance program, and the State shall have no liability for payment of those claims.

To the extent consistent with applicable information and privacy, security, and disclosure laws, State and federal agencies and departments shall provide the Illinois Department access to confidential and other information and data necessary to perform eligibility and payment verifications and other Illinois Department functions. This includes, but is not limited to: information pertaining to licensure; certification; earnings; immigration status; citizenship; wage reporting; unearned and earned

income; pension income; employment; supplemental security income; social security numbers; National Provider Identifier (NPI) numbers; the National Practitioner Data Bank (NPDB); program and agency exclusions; taxpayer identification numbers; tax delinquency; corporate information; and death records.

The Illinois Department shall enter into agreements with State agencies and departments, and is authorized to enter into agreements with federal agencies and departments, under which such agencies and departments shall share data necessary for medical assistance program integrity functions and oversight. The Illinois Department shall develop, in cooperation with other State departments and agencies, and in compliance with applicable federal laws and regulations, appropriate and effective methods to share such data. At a minimum, and to the extent necessary to provide data sharing, the Illinois Department shall enter into agreements with State agencies and departments, and is authorized to enter into agreements with federal agencies and departments, including but not limited to: the Secretary of State; the Department of Revenue; the Department of Public Health; the Department of Human Services; and the Department of Financial and Professional Regulation.

Beginning in fiscal year 2013, the Illinois Department shall set forth a request for information to identify the benefits of a pre-payment, post-adjudication, and post-edit claims system with the goals of streamlining claims processing and provider reimbursement, reducing the number of pending or rejected claims, and helping to ensure a more transparent adjudication process through the utilization of: (i) provider data verification and provider screening technology; and (ii) clinical code editing; and (iii) pre-pay, pre- or post-adjudicated predictive modeling with an integrated case management system with link analysis. Such a request for information shall not be considered as a request for proposal or as an obligation on the part of the Illinois Department to take any action or acquire any products or services.

The Illinois Department shall establish policies, procedures, standards and criteria by rule for the acquisition, repair and replacement of orthotic and prosthetic devices and durable medical equipment. Such rules shall provide, but not be limited to, the following services: (1) immediate repair or replacement of such devices by recipients; and (2) rental, lease, purchase or lease-purchase of durable medical equipment in a cost-effective manner, taking into consideration the recipient's medical prognosis, the extent of the recipient's needs, and the requirements and

costs for maintaining such equipment. Subject to prior approval, such rules shall enable a recipient to temporarily acquire and use alternative or substitute devices or equipment pending repairs or replacements of any device or equipment previously authorized for such recipient by the Department. Notwithstanding any provision of Section 5-5f to the contrary, the Department may, by rule, exempt certain replacement wheelchair parts from prior approval and, for wheelchairs, wheelchair parts, wheelchair accessories, and related seating and positioning items, determine the wholesale price by methods other than actual acquisition costs.

The Department shall require, by rule, all providers of durable medical equipment to be accredited by an accreditation organization approved by the federal Centers for Medicare and Medicaid Services and recognized by the Department in order to bill the Department for providing durable medical equipment to recipients. No later than 15 months after the effective date of the rule adopted pursuant to this paragraph, all providers must meet the accreditation requirement.

The Department shall execute, relative to the nursing home prescreening project, written inter-agency agreements with the Department of Human Services and the Department on Aging, to effect the following: (i) intake procedures and common eligibility criteria for those persons who are receiving non-institutional services; and (ii) the establishment and development of non-institutional services in areas of the State where they are not currently available or are undeveloped; and (iii) notwithstanding any other provision of law, subject to federal approval, on and after July 1, 2012, an increase in the determination of need (DON) scores from 29 to 37 for applicants for institutional and home and community-based long term care; if and only if federal approval is not granted, the Department may, in conjunction with other affected agencies, implement utilization controls or changes in benefit packages to effectuate a similar savings amount for this population; and (iv) no later than July 1, 2013, minimum level of care eligibility criteria for institutional and home and community-based long term care; and (v) no later than October 1, 2013, establish procedures to permit long term care providers access to eligibility scores for individuals with an admission date who are seeking or receiving services from the long term care provider. In order to select the minimum level of care eligibility criteria, the Governor shall establish a workgroup that includes affected agency representatives and stakeholders representing the institutional and home and community-based long term care interests. This

Section shall not restrict the Department from implementing lower level of care eligibility criteria for community-based services in circumstances where federal approval has been granted.

The Illinois Department shall develop and operate, in cooperation with other State Departments and agencies and in compliance with applicable federal laws and regulations, appropriate and effective systems of health care evaluation and programs for monitoring of utilization of health care services and facilities, as it affects persons eligible for medical assistance under this Code.

The Illinois Department shall report annually to the General Assembly, no later than the second Friday in April of 1979 and each year thereafter, in regard to:

(a) actual statistics and trends in utilization of medical services by public aid recipients;
(b) actual statistics and trends in the provision of the various medical services by medical vendors;
(c) current rate structures and proposed changes in those rate structures for the various medical vendors; and
(d) efforts at utilization review and control by the Illinois Department.

The period covered by each report shall be the 3 years ending on the June 30 prior to the report. The report shall include suggested legislation for consideration by the General Assembly. The filing of one copy of the report with the Speaker, one copy with the Minority Leader and one copy with the Clerk of the House of Representatives, one copy with the President, one copy with the Minority Leader and one copy with the Secretary of the Senate, one copy with the Legislative Research Unit, and such additional copies with the State Government Report Distribution Center for the General Assembly as is required under paragraph (t) of Section 7 of the State Library Act shall be deemed sufficient to comply with this Section.

Rulemaking authority to implement Public Act 95-1045, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

On and after July 1, 2012, the Department shall reduce any rate of reimbursement for services or other payments or alter any methodologies.
authorized by this Code to reduce any rate of reimbursement for services or other payments in accordance with Section 5-5e.

Because kidney transplantation can be an appropriate, cost effective alternative to renal dialysis when medically necessary and notwithstanding the provisions of Section 1-11 of this Code, beginning October 1, 2014, the Department shall cover kidney transplantation for noncitizens with end-stage renal disease who are not eligible for comprehensive medical benefits, who meet the residency requirements of Section 5-3 of this Code, and who would otherwise meet the financial requirements of the appropriate class of eligible persons under Section 5-2 of this Code. To qualify for coverage of kidney transplantation, such person must be receiving emergency renal dialysis services covered by the Department. Providers under this Section shall be prior approved and certified by the Department to perform kidney transplantation and the services under this Section shall be limited to services associated with kidney transplantation.

Notwithstanding any other provision of this Code to the contrary, on or after July 1, 2015, all FDA approved forms of medication assisted treatment prescribed for the treatment of alcohol dependence or treatment of opioid dependence shall be covered under both fee for service and managed care medical assistance programs for persons who are otherwise eligible for medical assistance under this Article and shall not be subject to any (1) utilization control, other than those established under the American Society of Addiction Medicine patient placement criteria, (2) prior authorization mandate, or (3) lifetime restriction limit mandate.

On or after July 1, 2015, opioid antagonists prescribed for the treatment of an opioid overdose, including the medication product, administration devices, and any pharmacy fees related to the dispensing and administration of the opioid antagonist, shall be covered under the medical assistance program for persons who are otherwise eligible for medical assistance under this Article. As used in this Section, "opioid antagonist" means a drug that binds to opioid receptors and blocks or inhibits the effect of opioids acting on those receptors, including, but not limited to, naloxone hydrochloride or any other similarly acting drug approved by the U.S. Food and Drug Administration.

PUBLIC ACT 99-0896
(Senate Bill No. 0805)

AN ACT concerning transportation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Vehicle Code is amended by changing Section 2-115 as follows:

Sec. 2-115. Investigators.

(a) The Secretary of State, for the purpose of more effectively carrying out the provisions of the laws in relation to motor vehicles, shall have power to appoint such number of investigators as he may deem necessary. It shall be the duty of such investigators to investigate and enforce violations of the provisions of this Act administered by the Secretary of State and provisions of Chapters 11, 12, 13, 14 and 15 and to investigate and report any violation by any person who operates as a motor carrier of property as defined in Section 18-100 of this Act and does not hold a valid certificate or permit. Such investigators shall have and may exercise throughout the State all of the powers of peace officers.

No person may be retained in service as an investigator under this Section after he or she has reached 60 years of age, except for a person employed in the title of Capitol Police Investigator and who began employment on or after January 1, 2011, in which case, they may not be retained in service after that person has reached 65 years of age.

The Secretary of State must authorize to each investigator employed under this Section and to any other employee of the Office of

the Secretary of State exercising the powers of a peace officer a distinct badge that, on its face, (i) clearly states that the badge is authorized by the Office of the Secretary of State and (ii) contains a unique identifying number. No other badge shall be authorized by the Office of the Secretary of State.

(b) The Secretary may expend such sums as he deems necessary from Contractual Services appropriations for the Department of Police for the purchase of evidence, for the employment of persons to obtain evidence, and for the payment for any goods or services related to obtaining evidence. Such sums shall be advanced to investigators authorized by the Secretary to expend funds, on vouchers signed by the Secretary. In addition, the Secretary of State is authorized to maintain one or more commercial checking accounts with any State banking corporation or corporations organized under or subject to the Illinois Banking Act for the deposit and withdrawal of moneys to be used solely for the purchase of evidence and for the employment of persons to obtain evidence, or for the payment for any goods or services related to obtaining evidence; provided that no check may be written on nor any withdrawal made from any such account except on the written signatures of 2 persons designated by the Secretary to write such checks and make such withdrawals, and provided further that the balance of moneys on deposit in any such account shall not exceed $5,000 at any time, nor shall any one check written on or single withdrawal made from any such account exceed $5,000.

All fines or moneys collected or received by the Department of Police under any State or federal forfeiture statute; including, but not limited to moneys forfeited under Section 12 of the Cannabis Control Act, moneys forfeited under Section 85 of the Methamphetamine Control and Community Protection Act, and moneys distributed under Section 413 of the Illinois Controlled Substances Act, shall be deposited into the Secretary of State Evidence Fund.

In all convictions for offenses in violation of this Act, the Court may order restitution to the Secretary of any or all sums expended for the purchase of evidence, for the employment of persons to obtain evidence, and for the payment for any goods or services related to obtaining evidence. All such restitution received by the Secretary shall be deposited into the Secretary of State Evidence Fund. Moneys deposited into the fund shall, subject to appropriation, be used by the Secretary of State for the purposes provided for under the provisions of this Section.

(Senate Bill No. 2156)

AN ACT concerning public employee benefits.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

(40 ILCS 5/15-106) (from Ch. 108 1/2, par. 15-106)
(Text of Section WITHOUT the changes made by P.A. 98-599, which has been held unconstitutional)

Sec. 15-106. Employer. "Employer": The University of Illinois, Southern Illinois University, Chicago State University, Eastern Illinois University, Governors State University, Illinois State University, Northeastern Illinois University, Northern Illinois University, Western Illinois University, the State Board of Higher Education, the Illinois Mathematics and Science Academy, the University Civil Service Merit Board, the Board of Trustees of the State Universities Retirement System, the Illinois Community College Board, community college boards, any association of community college boards organized under Section 3-55 of the Public Community College Act, the Board of Examiners established under the Illinois Public Accounting Act, and, only during the period for which employer contributions required under Section 15-155 are paid, the following organizations: the alumni associations, the foundations and the athletic associations which are affiliated with the universities and colleges included in this Section as employers. An individual who begins employment on or after the effective date of this amendatory Act of the 99th General Assembly with any association of community college boards organized under Section 3-55 of the Public Community College Act, the Association of Illinois Middle-Grade Schools, the Illinois Association of School Administrators, the Illinois Association for Supervision and Curriculum Development, the Illinois Principals Association, the Illinois Association of School Business Officials, the Illinois Special Olympics, or

an entity not defined as an employer in this Section shall not be deemed an
employee for the purposes of this Article with respect to that employment
and shall not be eligible to participate in the System with respect to that
employment; provided, however, that those individuals who are both
employed by such an entity and are participating in the System with
respect to that employment on the effective date of this amendatory Act of
the 99th General Assembly shall be allowed to continue as participants in
the System for the duration of that employment.

A department as defined in Section 14-103.04 is an employer for
any person appointed by the Governor under the Civil Administrative
Code of Illinois who is a participating employee as defined in Section 15-
109. The Department of Central Management Services is an employer with
respect to persons employed by the State Board of Higher Education in
positions with the Illinois Century Network as of June 30, 2004 who
remain continuously employed after that date by the Department of Central
Management Services in positions with the Illinois Century Network, the
Bureau of Communication and Computer Services, or, if applicable, any
successor bureau.

The cities of Champaign and Urbana shall be considered
employers, but only during the period for which contributions are required
to be made under subsection (b-1) of Section 15-155 and only with respect
to individuals described in subsection (h) of Section 15-107.

Sec. 15-107. Employee.
(a) "Employee" means any member of the educational,
administrative, secretarial, clerical, mechanical, labor or other staff of an
employer whose employment is permanent and continuous or who is
employed in a position in which services are expected to be rendered on a
continuous basis for at least 4 months or one academic term, whichever is
less, who (A) receives payment for personal services on a warrant issued
pursuant to a payroll voucher certified by an employer and drawn by the
State Comptroller upon the State Treasurer or by an employer upon trust,
federal or other funds, or (B) is on a leave of absence without pay.
Employment which is irregular, intermittent or temporary shall not be
considered continuous for purposes of this paragraph.

However, a person is not an "employee" if he or she:

New matter indicated by italics - deletions by strikeout
(1) is a student enrolled in and regularly attending classes in a college or university which is an employer, and is employed on a temporary basis at less than full time;

(2) is currently receiving a retirement annuity or a disability retirement annuity under Section 15-153.2 from this System;

(3) is on a military leave of absence;

(4) is eligible to participate in the Federal Civil Service Retirement System and is currently making contributions to that system based upon earnings paid by an employer;

(5) is on leave of absence without pay for more than 60 days immediately following termination of disability benefits under this Article;

(6) is hired after June 30, 1979 as a public service employment program participant under the Federal Comprehensive Employment and Training Act and receives earnings in whole or in part from funds provided under that Act; or

(7) is employed on or after July 1, 1991 to perform services that are excluded by subdivision (a)(7)(f) or (a)(19) of Section 210 of the federal Social Security Act from the definition of employment given in that Section (42 U.S.C. 410).

(b) Any employer may, by filing a written notice with the board, exclude from the definition of "employee" all persons employed pursuant to a federally funded contract entered into after July 1, 1982 with a federal military department in a program providing training in military courses to federal military personnel on a military site owned by the United States Government, if this exclusion is not prohibited by the federally funded contract or federal laws or rules governing the administration of the contract.

(c) Any person appointed by the Governor under the Civil Administrative Code of the State is an employee, if he or she is a participant in this system on the effective date of the appointment.

(d) A participant on lay-off status under civil service rules is considered an employee for not more than 120 days from the date of the lay-off.

(e) A participant is considered an employee during (1) the first 60 days of disability leave, (2) the period, not to exceed one year, in which his or her eligibility for disability benefits is being considered by the board or reviewed by the courts, and (3) the period he or she receives disability benefits under the provisions of Section 15-152, workers' compensation or

New matter indicated by italics - deletions by strikeout
occupational disease benefits, or disability income under an insurance contract financed wholly or partially by the employer.

(f) Absences without pay, other than formal leaves of absence, of less than 30 calendar days, are not considered as an interruption of a person's status as an employee. If such absences during any period of 12 months exceed 30 work days, the employee status of the person is considered as interrupted as of the 31st work day.

(g) A staff member whose employment contract requires services during an academic term is to be considered an employee during the summer and other vacation periods, unless he or she declines an employment contract for the succeeding academic term or his or her employment status is otherwise terminated, and he or she receives no earnings during these periods.

(h) An individual who was a participating employee employed in the fire department of the University of Illinois's Champaign-Urbana campus immediately prior to the elimination of that fire department and who immediately after the elimination of that fire department became employed by the fire department of the City of Urbana or the City of Champaign shall continue to be considered as an employee for purposes of this Article for so long as the individual remains employed as a firefighter by the City of Urbana or the City of Champaign. The individual shall cease to be considered an employee under this subsection (h) upon the first termination of the individual's employment as a firefighter by the City of Urbana or the City of Champaign.

(i) An individual who is employed on a full-time basis as an officer or employee of a statewide teacher organization that serves System participants or an officer of a national teacher organization that serves System participants may participate in the System and shall be deemed an employee, provided that (1) the individual has previously earned creditable service under this Article, (2) the individual files with the System an irrevocable election to become a participant before the effective date of this amendatory Act of the 97th General Assembly, (3) the individual does not receive credit for that employment under any other Article of this Code, and (4) the individual first became a full-time employee of the teacher organization and becomes a participant before the effective date of this amendatory Act of the 97th General Assembly. An employee under this subsection (i) is responsible for paying to the System both (A) employee contributions based on the actual compensation received for service with the teacher organization and (B) employer contributions equal
to the normal costs (as defined in Section 15-155) resulting from that service; all or any part of these contributions may be paid on the employee's behalf or picked up for tax purposes (if authorized under federal law) by the teacher organization.

A person who is an employee as defined in this subsection (i) may establish service credit for similar employment prior to becoming an employee under this subsection by paying to the System for that employment the contributions specified in this subsection, plus interest at the effective rate from the date of service to the date of payment. However, credit shall not be granted under this subsection for any such prior employment for which the applicant received credit under any other provision of this Code, or during which the applicant was on a leave of absence under Section 15-113.2.

(j) A person employed by the State Board of Higher Education in a position with the Illinois Century Network as of June 30, 2004 shall be considered to be an employee for so long as he or she remains continuously employed after that date by the Department of Central Management Services in a position with the Illinois Century Network, the Bureau of Communication and Computer Services, or, if applicable, any successor bureau and meets the requirements of subsection (a).

(k) The Board shall promulgate rules with respect to determining whether any person is an employee within the meaning of this Section. In the case of doubt as to whether any person is an employee within the meaning of this Section or any rule adopted by the Board, the decision of the Board shall be final.

Sec. 15-110. Basic compensation. "Basic compensation": Subject to Section 15-111.5, the gross basic rate of salary or wages payable by an employer, including:

(1) the value of maintenance, board, living quarters, personal laundry, or other allowances furnished in lieu of salary which are considered gross income under the Federal Internal Revenue Code of 1986, as amended;

(2) the employee contributions required under Section 15-157;

(3) the amount paid by any employer to a custodial account for investment in regulated investment company stocks for the benefit of the employee pursuant to the University Employees New matter indicated by italics - deletions by strikeout
Custodial Accounts Act: "An Act in relation to payments to custodial accounts for the benefit of employees of public institutions of higher education", approved September 9, 1983, and

(4) the amount of the premium payable by any employer to an insurance company or companies on an annuity contract, pursuant to the employee's election to accept a reduction in earnings or forego an increase in earnings under Section 30c of the State Finance Act "An Act in relation to State Finance," approved June 10, 1919, as amended, or a tax-sheltered annuity plan approved by any employer; and

(5) the amount of any elective deferral to a deferred compensation plan established under Article 24 of this Code pursuant to Section 457(b) of the federal Internal Revenue Code of 1986, as amended.

Basic compensation does not include (1) salary or wages for overtime or other extra service; (2) prospective salary or wages under a summer teaching contract not yet entered upon; and (3) overseas differential allowances, quarters allowances, post allowances, educational allowances and transportation allowances paid by an employer under a contract with the federal government or its agencies for services rendered in other countries. If an employee elects to receive in lieu of cash salary or wages, fringe benefits which are not taxable under the federal Internal Revenue Code of 1986, as amended, the amount of the cash salary or wages which is waived shall be included in determining basic compensation.

(Text of Section WITHOUT the changes made by P.A. 98-599, which has been held unconstitutional)

Sec. 15-111. Earnings.

(a) "Earnings": Subject to Section 15-111.5, an amount paid for personal services equal to the sum of the basic compensation plus extra compensation for summer teaching, overtime or other extra service. For periods for which an employee receives service credit under subsection (c) of Section 15-113.1 or Section 15-113.2, earnings are equal to the basic compensation on which contributions are paid by the employee during such periods. Compensation for employment which is irregular, intermittent and temporary shall not be considered earnings, unless the
participant is also receiving earnings from the employer as an employee under Section 15-107.

With respect to transition pay paid by the University of Illinois to a person who was a participating employee employed in the fire department of the University of Illinois's Champaign-Urbana campus immediately prior to the elimination of that fire department:

(1) "Earnings" includes transition pay paid to the employee on or after the effective date of this amendatory Act of the 91st General Assembly.

(2) "Earnings" includes transition pay paid to the employee before the effective date of this amendatory Act of the 91st General Assembly only if (i) employee contributions under Section 15-157 have been withheld from that transition pay or (ii) the employee pays to the System before January 1, 2001 an amount representing employee contributions under Section 15-157 on that transition pay. Employee contributions under item (ii) may be paid in a lump sum, by withholding from additional transition pay accruing before January 1, 2001, or in any other manner approved by the System. Upon payment of the employee contributions on transition pay, the corresponding employer contributions become an obligation of the State.

(b) For a Tier 2 member, the annual earnings shall not exceed $106,800; however, that amount shall annually thereafter be increased by the lesser of (i) 3% of that amount, including all previous adjustments, or (ii) one half the annual unadjusted percentage increase (but not less than zero) in the consumer price index-u for the 12 months ending with the September preceding each November 1, including all previous adjustments.

For the purposes of this Section, "consumer price index u" means the index published by the Bureau of Labor Statistics of the United States Department of Labor that measures the average change in prices of goods and services purchased by all urban consumers, United States city average, all items, 1982-84 = 100. The new amount resulting from each annual adjustment shall be determined by the Public Pension Division of the Department of Insurance and made available to the boards of the retirement systems and pension funds by November 1 of each year.

(c) With each submission of payroll information in the manner prescribed by the System, the employer shall certify that the payroll

Sec. 15-113.11. Service for periods of voluntary or involuntary furlough.

(a) A participant may establish creditable service and earnings credit for periods of furlough beginning on or after July 1, 2009 and ending on or before June 30, 2011. To receive this credit, the participant must (i) apply in writing to the System before December 31, 2011; (ii) not receive compensation from an employer for any furlough period; and (iii) make, on an after-tax basis, employee contributions required under Section 15-157 based on the rate of basic compensation during the periods of furlough, plus an amount determined by the Board to be equal to the employer's normal cost of the benefit, plus compounded interest at the actuarially assumed rate from the date of voluntary or involuntary furlough to the date of payment. The participant shall provide, at the time of application, written certification from the employer providing the total number of furlough days a participant has been required to take.

(b) A participant may establish creditable service and earnings credit for periods of furlough beginning on or after July 1, 2015 and ending on or before June 30, 2017. To receive this credit, the participant must (i) apply in writing to the System before December 31, 2018; (ii) not receive compensation from an employer for any furlough period; and (iii) make, on an after-tax basis, employee contributions required under Section 15-157 based on the rate of basic compensation during the periods of furlough, plus an amount determined by the Board to be equal to the employer's normal cost of the benefit, plus compounded interest at the actuarially assumed rate from the date of voluntary or involuntary furlough to the date of payment. The participant shall provide, at the time of application, written certification from the employer providing the total number of furlough days a participant has been required to take.

Sec. 15-113.12. Earnings for periods of voluntary pay reduction taken in lieu of furlough. A participant may establish earnings credit for periods of voluntary pay reduction, taken in lieu of furlough, beginning on or after July 1, 2015 and ending on or before June 30, 2017. To receive this credit, the participant must: (1) apply in writing to the System before December 31, 2018; and (2) make, on an after-tax basis, employee contributions required under Section 15-157 based on the voluntary reduction in pay, plus an amount determined by the Board to be equal to the employer's normal cost of the benefit, plus compounded interest at the actuarially assumed rate from the date of voluntary reduction in pay to the date of payment. The participant shall provide, at the time of application, (i) written certification from the employer providing the total voluntary reduction in pay per pay period for each pay period with a voluntary reduction in pay and (ii) written certification from the employer stating that the voluntary reduction in pay was taken in lieu of furlough.

Sec. 15-155. Employer contributions.

(a) The State of Illinois shall make contributions by appropriations of amounts which, together with the other employer contributions from trust, federal, and other funds, employee contributions, income from investments, and other income of this System, will be sufficient to meet the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.

The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the recommendations of the actuary, using the formula in subsection (a-1).

(a-1) For State fiscal years 2012 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and

including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2006 is $166,641,900.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2007 is $252,064,100.

For each of State fiscal years 2008 through 2009, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2010 is $702,514,000 and shall be made from the State Pensions Fund and proceeds of bonds sold in fiscal year 2010 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2010, (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2011 is the amount recertified by the System on or before April 1, 2011 pursuant to Section 15-165 and shall be made from the State Pensions Fund and proceeds of bonds sold in fiscal year 2011 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2011, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act or Section 8.12 of the State Finance Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 90%. A reference in this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under Section 15-165, shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued in fiscal year 2003 for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued in fiscal year 2003 for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(b) If an employee is paid from trust or federal funds, the employer shall pay to the Board contributions from those funds which are sufficient to cover the accruing normal costs on behalf of the employee. However, universities having employees who are compensated out of local auxiliary funds, income funds, or service enterprise funds are not required to pay such contributions on behalf of those employees. The local auxiliary funds, income funds, and service enterprise funds of universities shall not be considered trust funds for the purpose of this Article, but funds of

alumni associations, foundations, and athletic associations which are
affiliated with the universities included as employers under this Article
and other employers which do not receive State appropriations are
considered to be trust funds for the purpose of this Article.

(b-1) The City of Urbana and the City of Champaign shall each
make employer contributions to this System for their respective firefighter
employees who participate in this System pursuant to subsection (h) of
Section 15-107. The rate of contributions to be made by those
municipalities shall be determined annually by the Board on the basis of
the actuarial assumptions adopted by the Board and the recommendations
of the actuary, and shall be expressed as a percentage of salary for each
such employee. The Board shall certify the rate to the affected
municipalities as soon as may be practical. The employer contributions
required under this subsection shall be remitted by the municipality to the
System at the same time and in the same manner as employee
contributions.

(c) Through State fiscal year 1995: The total employer contribution
shall be apportioned among the various funds of the State and other
employers, whether trust, federal, or other funds, in accordance with
actuarial procedures approved by the Board. State of Illinois contributions
for employers receiving State appropriations for personal services shall be
payable from appropriations made to the employers or to the System. The
contributions for Class I community colleges covering earnings other than
those paid from trust and federal funds, shall be payable solely from
appropriations to the Illinois Community College Board or the System for
employer contributions.

(d) Beginning in State fiscal year 1996, the required State
contributions to the System shall be appropriated directly to the System
and shall be payable through vouchers issued in accordance with
subsection (c) of Section 15-165, except as provided in subsection (g).

(e) The State Comptroller shall draw warrants payable to the
System upon proper certification by the System or by the employer in
accordance with the appropriation laws and this Code.

(f) Normal costs under this Section means liability for pensions and
other benefits which accrues to the System because of the credits earned
for service rendered by the participants during the fiscal year and expenses
of administering the System, but shall not include the principal of or any
redemption premium or interest on any bonds issued by the Board or any
expenses incurred or deposits required in connection therewith.

(g) If the amount of a participant's earnings for any academic year used to determine the final rate of earnings, determined on a full-time equivalent basis, exceeds the amount of his or her earnings with the same employer for the previous academic year, determined on a full-time equivalent basis, by more than 6%, the participant's employer shall pay to the System, in addition to all other payments required under this Section and in accordance with guidelines established by the System, the present value of the increase in benefits resulting from the portion of the increase in earnings that is in excess of 6%. This present value shall be computed by the System on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the System that is available at the time of the computation. The System may require the employer to provide any pertinent information or documentation.

Whenever it determines that a payment is or may be required under this subsection (g), the System shall calculate the amount of the payment and bill the employer for that amount. The bill shall specify the calculations used to determine the amount due. If the employer disputes the amount of the bill, it may, within 30 days after receipt of the bill, apply to the System in writing for a recalculation. The application must specify in detail the grounds of the dispute and, if the employer asserts that the calculation is subject to subsection (h) or (i) of this Section, must include an affidavit setting forth and attesting to all facts within the employer's knowledge that are pertinent to the applicability of subsection (h) or (i). Upon receiving a timely application for recalculation, the System shall review the application and, if appropriate, recalculate the amount due.

The employer contributions required under this subsection (g) may be paid in the form of a lump sum within 90 days after receipt of the bill. If the employer contributions are not paid within 90 days after receipt of the bill, then interest will be charged at a rate equal to the System's annual actuarially assumed rate of return on investment compounded annually from the 91st day after receipt of the bill. Payments must be concluded within 3 years after the employer's receipt of the bill.

When assessing payment for any amount due under this subsection (g), the System shall include earnings, to the extent not established by a participant under Section 15-113.11 or 15-113.12, that would have been paid to the participant had the participant not taken (i) periods of voluntary or involuntary furlough occurring on or after July 1, 2015 and on or before June 30, 2017 or (ii) periods of voluntary pay reduction in lieu of furlough occurring on or after July 1, 2015 and on or before June

30, 2017. Determining earnings that would have been paid to a participant had the participant not taken periods of voluntary or involuntary furlough or periods of voluntary pay reduction shall be the responsibility of the employer, and shall be reported in a manner prescribed by the System.

(h) This subsection (h) applies only to payments made or salary increases given on or after June 1, 2005 but before July 1, 2011. The changes made by Public Act 94-1057 shall not require the System to refund any payments received before July 31, 2006 (the effective date of Public Act 94-1057).

When assessing payment for any amount due under subsection (g), the System shall exclude earnings increases paid to participants under contracts or collective bargaining agreements entered into, amended, or renewed before June 1, 2005.

When assessing payment for any amount due under subsection (g), the System shall exclude earnings increases paid to a participant at a time when the participant is 10 or more years from retirement eligibility under Section 15-135.

When assessing payment for any amount due under subsection (g), the System shall exclude earnings increases resulting from overload work, including a contract for summer teaching, or overtime when the employer has certified to the System, and the System has approved the certification, that: (i) in the case of overloads (A) the overload work is for the sole purpose of academic instruction in excess of the standard number of instruction hours for a full-time employee occurring during the academic year that the overload is paid and (B) the earnings increases are equal to or less than the rate of pay for academic instruction computed using the participant's current salary rate and work schedule; and (ii) in the case of overtime, the overtime was necessary for the educational mission.

When assessing payment for any amount due under subsection (g), the System shall exclude any earnings increase resulting from (i) a promotion for which the employee moves from one classification to a higher classification under the State Universities Civil Service System, (ii) a promotion in academic rank for a tenured or tenure-track faculty position, or (iii) a promotion that the Illinois Community College Board has recommended in accordance with subsection (k) of this Section. These earnings increases shall be excluded only if the promotion is to a position that has existed and been filled by a member for no less than one complete academic year and the earnings increase as a result of the promotion is an

increase that results in an amount no greater than the average salary paid for other similar positions.

(i) When assessing payment for any amount due under subsection (g), the System shall exclude any salary increase described in subsection (h) of this Section given on or after July 1, 2011 but before July 1, 2014 under a contract or collective bargaining agreement entered into, amended, or renewed on or after June 1, 2005 but before July 1, 2011. Notwithstanding any other provision of this Section, any payments made or salary increases given after June 30, 2014 shall be used in assessing payment for any amount due under subsection (g) of this Section.

(j) The System shall prepare a report and file copies of the report with the Governor and the General Assembly by January 1, 2007 that contains all of the following information:

1. The number of recalculations required by the changes made to this Section by Public Act 94-1057 for each employer.
2. The dollar amount by which each employer's contribution to the System was changed due to recalculations required by Public Act 94-1057.
3. The total amount the System received from each employer as a result of the changes made to this Section by Public Act 94-4.
4. The increase in the required State contribution resulting from the changes made to this Section by Public Act 94-1057.

(k) The Illinois Community College Board shall adopt rules for recommending lists of promotional positions submitted to the Board by community colleges and for reviewing the promotional lists on an annual basis. When recommending promotional lists, the Board shall consider the similarity of the positions submitted to those positions recognized for State universities by the State Universities Civil Service System. The Illinois Community College Board shall file a copy of its findings with the System. The System shall consider the findings of the Illinois Community College Board when making determinations under this Section. The System shall not exclude any earnings increases resulting from a promotion when the promotion was not submitted by a community college. Nothing in this subsection (k) shall require any community college to submit any information to the Community College Board.

(l) For purposes of determining the required State contribution to the System, the value of the System's assets shall be equal to the actuarial value of the System's assets, which shall be calculated as follows:

New matter indicated by italics - deletions by strikeout
As of June 30, 2008, the actuarial value of the System's assets shall be equal to the market value of the assets as of that date. In determining the actuarial value of the System's assets for fiscal years after June 30, 2008, any actuarial gains or losses from investment return incurred in a fiscal year shall be recognized in equal annual amounts over the 5-year period following that fiscal year.

(m) For purposes of determining the required State contribution to the system for a particular year, the actuarial value of assets shall be assumed to earn a rate of return equal to the system's actuarially assumed rate of return.

(40 ILCS 5/15-158.2)

Sec. 15-158.2. Self-managed plan.

(a) Purpose. The General Assembly finds that it is important for colleges and universities to be able to attract and retain the most qualified employees and that in order to attract and retain these employees, colleges and universities should have the flexibility to provide a defined contribution plan as an alternative for eligible employees who elect not to participate in a defined benefit retirement program provided under this Article. Accordingly, the State Universities Retirement System is hereby authorized to establish and administer a self-managed plan, which shall offer participating employees the opportunity to accumulate assets for retirement through a combination of employee and employer contributions that may be invested in mutual funds, collective investment funds, or other investment products and used to purchase annuity contracts, either fixed or variable or a combination thereof. The plan must be qualified under the Internal Revenue Code of 1986.

(b) Adoption by employers. Each employer subject to this Article may elect to adopt the self-managed plan established under this Section; this election is irrevocable. An employer's election to adopt the self-managed plan makes available to the eligible employees of that employer the elections described in Section 15-134.5.

The State Universities Retirement System shall be the plan sponsor for the self-managed plan and shall prepare a plan document and prescribe such rules and procedures as are considered necessary or desirable for the administration of the self-managed plan. Consistent with its fiduciary duty to the participants and beneficiaries of the self-managed plan, the Board of Trustees of the System may delegate aspects of plan administration as it

New matter indicated by italics - deletions by strikeout
sees fit to companies authorized to do business in this State, to the employers, or to a combination of both.

(c) Selection of service providers and funding vehicles. The System, in consultation with the employers, shall solicit proposals to provide administrative services and funding vehicles for the self-managed plan from insurance and annuity companies and mutual fund companies, banks, trust companies, or other financial institutions authorized to do business in this State. In reviewing the proposals received and approving and contracting with no fewer than 2 and no more than 7 companies, the Board of Trustees of the System shall consider, among other things, the following criteria:

1. the nature and extent of the benefits that would be provided to the participants;
2. the reasonableness of the benefits in relation to the premium charged;
3. the suitability of the benefits to the needs and interests of the participating employees and the employer;
4. the ability of the company to provide benefits under the contract and the financial stability of the company; and
5. the efficacy of the contract in the recruitment and retention of employees.

The System, in consultation with the employers, shall periodically review each approved company. A company may continue to provide administrative services and funding vehicles for the self-managed plan only so long as it continues to be an approved company under contract with the Board.

(d) Employee Direction. Employees who are participating in the program must be allowed to direct the transfer of their account balances among the various investment options offered, subject to applicable contractual provisions. The participant shall not be deemed a fiduciary by reason of providing such investment direction. A person who is a fiduciary shall not be liable for any loss resulting from such investment direction and shall not be deemed to have breached any fiduciary duty by acting in accordance with that direction. The System shall provide advance notice to the participant of the participant's obligation to direct the investment of employee and employer contributions into one or more investment funds selected by the System at the time he or she makes his or her initial retirement plan selection. If a participant fails to direct the investment of employee and employer contributions into the various investment options

New matter indicated by italics - deletions by strikeout
offered to the participant when making his or her initial retirement election choice, that failure shall require the System to invest the employee and employer contributions in a default investment fund on behalf of the participant, and the investment shall be deemed to have been made at the participant's investment direction. The participant has the right to transfer account balances out of the default investment fund during time periods designated by the System. Neither the System nor the employer guarantees any of the investments in the employee's account balances.

(e) Participation. An employee eligible to participate in the self-managed plan must make a written election in accordance with the provisions of Section 15-134.5 and the procedures established by the System. Participation in the self-managed plan by an electing employee shall begin on the first day of the first pay period following the later of the date the employee's election is filed with the System or the effective date as of which the employee's employer begins to offer participation in the self-managed plan. Employers may not make the self-managed plan available earlier than January 1, 1998. An employee's participation in any other retirement program administered by the System under this Article shall terminate on the date that participation in the self-managed plan begins.

An employee who has elected to participate in the self-managed plan under this Section must continue participation while employed in an eligible position, and may not participate in any other retirement program administered by the System under this Article while employed by that employer or any other employer that has adopted the self-managed plan, unless the self-managed plan is terminated in accordance with subsection (i).

Notwithstanding any other provision of this Article, a Tier 2 member shall have the option to enroll in the self-managed plan. Participation in the self-managed plan under this Section shall constitute membership in the State Universities Retirement System. A participant under this Section shall be entitled to the benefits of Article 20 of this Code.

(f) Establishment of Initial Account Balance. If at the time an employee elects to participate in the self-managed plan he or she has rights and credits in the System due to previous participation in the traditional benefit package, the System shall establish for the employee an opening account balance in the self-managed plan, equal to the amount of contribution refund that the employee would be eligible to receive under

New matter indicated by italics - deletions by strikeout
Section 15-154 if the employee terminated employment on that date and elected a refund of contributions, except that this hypothetical refund shall include interest at the effective rate for the respective years. The System shall transfer assets from the defined benefit retirement program to the self-managed plan, as a tax free transfer in accordance with Internal Revenue Service guidelines, for purposes of funding the employee's opening account balance.

(g) No Duplication of Service Credit. Notwithstanding any other provision of this Article, an employee may not purchase or receive service or service credit applicable to any other retirement program administered by the System under this Article for any period during which the employee was a participant in the self-managed plan established under this Section.

(h) Contributions. The self-managed plan shall be funded by contributions from employees participating in the self-managed plan and employer contributions as provided in this Section.

The contribution rate for employees participating in the self-managed plan under this Section shall be equal to the employee contribution rate for other participants in the System, as provided in Section 15-157. This required contribution shall be made as an "employer pick-up" under Section 414(h) of the Internal Revenue Code of 1986 or any successor Section thereof. Any employee participating in the System's traditional benefit package prior to his or her election to participate in the self-managed plan shall continue to have the employer pick up the contributions required under Section 15-157. However, the amounts picked up after the election of the self-managed plan shall be remitted to and treated as assets of the self-managed plan. In no event shall an employee have an option of receiving these amounts in cash. Employees may make additional contributions to the self-managed plan in accordance with procedures prescribed by the System, to the extent permitted under rules prescribed by the System.

The program shall provide for employer contributions to be credited to each self-managed plan participant at a rate of 7.6% of the participating employee's salary, less the amount used by the System to provide disability benefits for the employee. The amounts so credited shall be paid into the participant's self-managed plan accounts in a manner to be prescribed by the System.

An amount of employer contribution, not exceeding 1% of the participating employee's salary, shall be used for the purpose of providing the disability benefits of the System to the employee. Prior to the

New matter indicated by italics - deletions by strikeout
beginning of each plan year under the self-managed plan, the Board of Trustees shall determine, as a percentage of salary, the amount of employer contributions to be allocated during that plan year for providing disability benefits for employees in the self-managed plan.

The State of Illinois shall make contributions by appropriations to the System of the employer contributions required for employees who participate in the self-managed plan under this Section. The amount required shall be certified by the Board of Trustees of the System and paid by the State in accordance with Section 15-165. The System shall not be obligated to remit the required employer contributions to any of the insurance and annuity companies, mutual fund companies, banks, trust companies, financial institutions, or other sponsors of any of the funding vehicles offered under the self-managed plan until it has received the required employer contributions from the State. In the event of a deficiency in the amount of State contributions, the System shall implement those procedures described in subsection (c) of Section 15-165 to obtain the required funding from the General Revenue Fund.

(i) Termination. The self-managed plan authorized under this Section may be terminated by the System, subject to the terms of any relevant contracts, and the System shall have no obligation to reestablish the self-managed plan under this Section. This Section does not create a right to continued participation in any self-managed plan set up by the System under this Section. If the self-managed plan is terminated, the participants shall have the right to participate in one of the other retirement programs offered by the System and receive service credit in such other retirement program for any years of employment following the termination.

(j) Vesting; Withdrawal; Return to Service. A participant in the self-managed plan becomes vested in the employer contributions credited to his or her accounts in the self-managed plan on the earliest to occur of the following: (1) completion of 5 years of service with an employer described in Section 15-106; (2) the death of the participating employee while employed by an employer described in Section 15-106, if the participant has completed at least 1 1/2 years of service; or (3) the participant's election to retire and apply the reciprocal provisions of Article 20 of this Code.

A participant in the self-managed plan who receives a distribution of his or her vested amounts from the self-managed plan while not yet eligible for retirement under this Article (and Article 20, if applicable)

New matter indicated by italics - deletions by strikeout
shall forfeit all service credit and accrued rights in the System; if subsequently re-employed, the participant shall be considered a new employee. If a former participant again becomes a participating employee (or becomes employed by a participating system under Article 20 of this Code) and continues as such for at least 2 years, all such rights, service credits, and previous status as a participant shall be restored upon repayment of the amount of the distribution, without interest.

(k) Benefit amounts. If an employee who is vested in employer contributions terminates employment, the employee shall be entitled to a benefit which is based on the account values attributable to both employer and employee contributions and any investment return thereon.

If an employee who is not vested in employer contributions terminates employment, the employee shall be entitled to a benefit based solely on the account values attributable to the employee's contributions and any investment return thereon, and the employer contributions and any investment return thereon shall be forfeited. Any employer contributions which are forfeited shall be held in escrow by the company investing those contributions and shall be used as directed by the System for future allocations of employer contributions or for the restoration of amounts previously forfeited by former participants who again become participating employees.

Sec. 15-168. To require information.

(a) To require such information as shall be necessary for the proper operation of the system from any participant or beneficiary or annuitant benefit recipient or from any current or former employer of a participant or annuitant. Such information may include, but is not limited to, employment contracts or from any current or former participant.

(b) When the System submits a request for information under subsection (a) of this Section, the employer shall respond within 90 calendar days of the System's request. Beginning on the 91st calendar day after the System's request, the System may assess a penalty of $250 per calendar day until receipt of the information by the System, with a maximum penalty of $25,000. All payments must be received within one calendar year after receipt of the information by the System or one calendar year of reaching the maximum penalty of $25,000, whichever occurs earlier. If the employer fails to make complete payment within the applicable timeframe, then the System may, after giving notice to the

employer, certify the delinquent amount to the State Comptroller, and the Comptroller shall thereupon deduct the certified delinquent amount from State funds payable to the employer and pay them instead to the System.

(c) If a participant, beneficiary, or annuitant fails to provide any information that is necessary for the calculation, payment, or finalization of any benefit under this Article within 90 calendar days of the date of the System's request under subsection (a) of this Section, then the System may immediately cease processing the benefit and may not pay any additional benefit payment to the participant, beneficiary, or annuitant until the requested information is provided.

Sec. 15-168.2. Audit of employers.

(a) Beginning August 1, 2013, the System may audit the employment records and payroll records of all employers. When the System audits an employer, it shall specify the exact information it requires, which may include but need not be limited to the names, titles, and earnings history of every individual receiving compensation from the employer. If an employer is audited by the System, then the employer must provide to the System all necessary documents and records within 60 calendar days after receiving notification from the System. When the System audits an employer, it shall send related correspondence by certified mail.

(b) When the System submits a request for information under subsection (a) of this Section, the employer shall respond within 60 calendar days of the System's request. Beginning on the 61st calendar day after the System's request, the System may assess a penalty of $250 per calendar day until receipt of the information by the System, with a maximum penalty of $25,000. All payments must be received by the System within one calendar year after receipt of the information by the System or one calendar year after reaching the maximum penalty of $25,000, whichever occurs earlier. If the employer fails to make complete payment within the applicable timeframe, then the System may, after giving notice to the employer, certify the delinquent amount to the State Comptroller, and the Comptroller shall thereupon deduct the certified delinquent amount from State funds payable to the employer and pay them instead to the System.

AN ACT concerning public aid.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Public Aid Code is amended by adding Section 5-30.3 as follows:

(305 ILCS 5/5-30.3 new)

Sec. 5-30.3. Managed care; automatic assignment. The Department shall, within a reasonable period of time after relevant data from managed care entities has been collected and analyzed, but no earlier than January 1, 2017, seek input from the managed care entities and other stakeholders and develop and implement within each enrollment region an algorithm preserving existing provider-beneficiary relationships that takes into account quality scores and other operational proficiency criteria developed, defined, and adopted by the Department, to automatically assign Medicaid enrollees served under the Family Health Plan and the Integrated Care Program and those Medicaid enrollees eligible for medical assistance pursuant to the Patient Protection and Affordable Care Act (Public Law 111-148) into managed care entities, including Accountable Care Entities, Managed Care Community Networks, and Managed Care Organizations. The quality metrics used shall be measurable for all entities. The algorithm shall not use the quality and proficiency metrics to reassign enrollees out of any plan in which they are enrolled at the time and shall only be used if the client has not voluntarily selected a primary care physician and a managed care entity or care coordination entity. Clients shall have one opportunity within 90 calendar days after auto-assignment by algorithm to select a different managed care entity. The algorithm developed and implemented shall favor assignment into managed care entities with the highest quality scores and levels of compliance with the operational proficiency criteria established, taking into consideration existing provider-beneficiary relationship as defined by 42 CFR 438.50(f)(3) if one exists.

PUBLIC ACT 99-0899
(Senate Bill No. 2340)

AN ACT concerning public aid.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Public Aid Code is amended by changing Section 4-1.6 as follows:

Sec. 4-1.6. Need. Income available to the family as defined by the Illinois Department by rule, or to the child in the case of a child removed from his or her home, when added to contributions in money, substance or services from other sources, including income available from parents absent from the home or from a stepparent, contributions made for the benefit of the parent or other persons necessary to provide care and supervision to the child, and contributions from legally responsible relatives, must be equal to or less than the grant amount established by Department regulation for such a person. For purposes of eligibility for aid under this Article, the Department shall (a) disregard all earned income between the grant amount and 50% of the Federal Poverty Level and (b) disregard the value of all assets held by the family.

In considering income to be taken into account, consideration shall be given to any expenses reasonably attributable to the earning of such income. Three-fourths of the earned income of a household eligible for aid under this Article shall be disregarded when determining the level of assistance for which a household is eligible. The first $100 of child support collected on behalf of a family in a month for one child and the first $200 of child support collected on behalf of a family in a month for 2 or more children shall be passed through to the family and disregarded in determining the amount of the assistance grant provided to the family under this Article. Any amount of child support that would be disregarded in determining the amount of the assistance grant shall be disregarded in determining eligibility for cash assistance provided under this Article. The Illinois Department may also permit all or any portion of earned or other income to be set aside for the future identifiable needs of a child. The Illinois Department may provide by rule and regulation for the exemptions thus permitted or required. The eligibility of any applicant for or recipient

of public aid under this Article is not affected by the payment of any grant under the "Senior Citizens and Persons with Disabilities Property Tax Relief Act" or any distributions or items of income described under subparagraph (X) of paragraph (2) of subsection (a) of Section 203 of the Illinois Income Tax Act.

The Illinois Department may, by rule, set forth criteria under which an assistance unit is ineligible for cash assistance under this Article for a specified number of months due to the receipt of a lump sum payment.

PUBLIC ACT 99-0900
(Senate Bill No. 2701)

AN ACT concerning public employee benefits.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 10. The Illinois Pension Code is amended by changing Section 7-137 and by adding Section 7-137.2 as follows:

(40 ILCS 5/7-137) (from Ch. 108 1/2, par. 7-137)

Sec. 7-137. Participating and covered employees.
(a) The persons described in this paragraph (a) shall be included within and be subject to this Article and eligible to benefits from this fund, beginning upon the dates hereinafter specified:

1. Except as to the employees specifically excluded under the provisions of this Article, all persons who are employees of any municipality (or instrumentality thereof) or participating instrumentality on the effective date of participation of the municipality or participating instrumentality beginning upon such effective date.

2. Except as to the employees specifically excluded under the provisions of this Article, all persons, who became employees of any participating municipality (or instrumentality thereof) or participating instrumentality after the effective date of participation of such municipality or participating instrumentality, beginning upon the date such person becomes an employee.

New matter indicated by italics - deletions by strikeout
3. All persons who file notice with the board as provided in paragraph (b) 2 and 3 of this Section, beginning upon the date of filing such notice.

(b) The following described persons shall not be considered participating employees eligible for benefits from this fund, but shall be included within and be subject to this Article (each of the descriptions is not exclusive but is cumulative):

1. Any person who occupies an office or is employed in a position normally requiring performance of duty during less than 600 hours a year for a municipality (including all instrumentalities thereof) or a participating instrumentality. If a school treasurer performs services for more than one school district, the total number of hours of service normally required for the several school districts shall be considered to determine whether he qualifies under this paragraph;

2. Except as provided in items 2.5 and 2.6, any person who holds elective office unless he has elected while in that office in a written notice on file with the board to become a participating employee;

2.5. Except as provided in item 2.6, any person who holds elective office as a member of a county board, unless:

   (i) the person was first elected as a member of a county board before the effective date of this amendatory Act of the 99th General Assembly;

   (ii) the person has elected while in that office, in a written notice on file with the board, to become a participating employee;

   (iii) the county board has filed the resolution required by subsection (a) of Section 7-137.2 of this Article; and

   (iv) the person has submitted the required time sheets evidencing that the person has met the hourly standard as required by subsection (b) of Section 7-137.2 of this Article;

2.6. Any person who is an elected member of a county board and is first so elected on or after the effective date of this amendatory Act of the 99th General Assembly;

3. Any person working for a city hospital unless any such person, while in active employment, has elected in a written notice

on file with the board to become a participating employee and
notification thereof is received by the board;

4. Any person who becomes an employee after June 30,
1979 as a public service employment program participant under the
federal Comprehensive Employment and Training Act and whose
wages or fringe benefits are paid in whole or in part by funds
provided under such Act;

5. Any person who is actively employed by a municipality
on its effective date of participation in the Fund if that municipality
(i) has at least 35 employees on its effective date of participation;
(ii) is located in a county with at least 2,000,000 inhabitants; and
(iii) maintains an independent defined benefit pension plan for the
benefit of its eligible employees, unless the person files with the
board within 90 days after the municipality's effective date of
participation an irrevocable election to participate.

(c) Any person electing to be a participating employee, pursuant to
paragraph (b) of this Section may not change such election, except as
provided in Section 7-137.1.

(d) Any employee who occupied the position of school nurse in
any participating municipality on August 8, 1961 and continuously
thereafter until the effective date of the exercise of the option authorized
by this subparagraph, who on August 7, 1961 was a member of the
Teachers' Retirement System of Illinois, by virtue of certification by the
Department of Registration and Education as a public health nurse, may
elect to terminate participation in this Fund in order to re-establish
membership in such System. The election may be exercised by filing
written notice thereof with the Board or with the Board of Trustees of said
Teachers' Retirement System, not later than September 30, 1963, and shall
be effective on the first day of the calendar month next following the
month in which the notice was filed. If the written notice is filed with such
Teachers' Retirement System, that System shall immediately notify this
Fund, but neither failure nor delay in notification shall affect the validity
of the employee's election. If the option is exercised, the Fund shall notify
such Teachers' Retirement System of such fact and transfer to that system
the amounts contributed by the employee to this Fund, including interest at
3% per annum, but excluding contributions applicable to social security
coverage during the period beginning August 8, 1961 to the effective date
of the employee's election. Participation in this Fund as to any credits on

after each general election in which a member of the county board is elected.

(b) An elected member of a county board that participates in the Fund with respect to that position shall monthly submit, to the county fiscal officer, time sheets documenting the time spent on official government business as an elected member of the county board. The time sheets shall be (1) submitted on paper or electronically, or both, and (2) maintained by the county board for 5 years. An elected member of a county board who fails to submit time sheets or fails to conduct official government business with respect to that position for either 600 hours or 1000 hours (whichever is applicable) annually shall not be permitted to continue participation in the Fund as an elected member of a county board. The Fund may request that the governing body certify that an elected member of a county board is permitted to continue participation with respect to that position.

PUBLIC ACT 99-0901
(Senate Bill No. 2734)

AN ACT concerning health.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Advisory Board for the Maternal and Child Health Block Grant Programs Act.

Section 5. Legislative findings and purpose. The General Assembly finds the following:

(1) The people of Illinois continue to experience and bear the consequences of unacceptable rates of low birth weight, infant mortality, maternal mortality, child and adolescent health problems, including obesity and teen pregnancy, and disparities among racial and ethnic groups with regard to maternal and child health.

(2) The resolution of these challenges requires an approach that considers the health of the entire population and directs
resources to high-risk groups based on epidemiological analysis in order to prevent disability, disease, death, or other adverse circumstance, or what may be termed a public health approach.

(3) The General Assembly began the transfer of maternal and child health programs from the Department of Human Services to the Department of Public Health through the budget for State fiscal year 2014.

Therefore, it is the purpose of the new and amendatory provisions of this Act to complete the transfer of programs and responsibility for direction of Illinois' Maternal and Child Health Block Grant to the Department of Public Health and to complete the transfer of certain statutory authority and regulations from the Department of Human Services to the Department of Public Health, which has already begun through the budget for State fiscal year 2016.

Section 10. Definitions. As used in this Act:
"Board" means the Advisory Board for the Maternal and Child Health Block Grant Programs.
"Department" means the Department of Public Health.
"Director" means the Director of Public Health.

Section 15. Advisory Board for the Maternal and Child Health Block Grant Programs.

(a) The Advisory Board for the Maternal and Child Health Block Grant Programs is created within the Department to advise the Department on programs and activities related to maternal and child health in the State of Illinois.

The Board shall consist of the Director's designee responsible for maternal and child health programs, who shall serve as the Chair of the Board; the Department's Title V administrator, if the Director's designee is not serving in the capacity of Title V Director at the Department; one representative each from the Department of Children and Family Services, the Department of Human Services, and the Department of Healthcare and Family Services, appointed by the Director or Secretary of each Department; the Director of the University of Illinois at Chicago's Division of Specialized Care for Children; 4 members of the General Assembly, one each appointed by the President and Minority Leader of the Senate and the Speaker and Minority Leader of the House of Representatives; and 20 additional members appointed by the Director.

Of the members appointed by the Director:

New matter indicated by italics - deletions by strikeout
(1) Two shall be physicians licensed to practice medicine in all of its branches who currently serve patients enrolled in maternal and child health programs funded by the State of Illinois, one of whom shall be an individual with a specialty in obstetrics and gynecology and one of whom shall be an individual with a specialty in pediatric medicine;

(2) Sixteen shall be persons with expertise in one or more of the following areas, with no more than 3 persons from each listed area of expertise and with preference given to the areas of need identified by the most recent State needs assessment: the health of women, infants, young children, school-aged children, adolescents, and children with special health care needs; public health; epidemiology; behavioral health; nursing; social work; substance abuse prevention; juvenile justice; oral health; child development; chronic disease prevention; health promotion; and education; 5 of the 16 members shall represent organizations that provide maternal and child health services with funds from the Department; and

(3) either 2 consumers who have received services through a Department-funded maternal and child health program, 2 representatives from advocacy groups that advocate on behalf of such consumers, or one such consumer and one such representative of an advocacy group.

Members appointed by the Director shall be selected to represent the racial, ethnic, and geographic diversity of the State's population and shall include representatives of local health departments, other direct service providers, and faculty of the University of Illinois at Chicago School of Public Health Center of Excellence in Maternal and Child Health.

Legislative members shall serve during their term of office in the General Assembly. Members appointed by the Director shall serve a term of 4 years or until their successors are appointed.

Any member appointed to fill a vacancy occurring prior to the expiration of the term for which his or her predecessor was appointed shall be appointed for the remainder of such term. Members of the Board shall serve without compensation but shall be reimbursed for necessary expenses incurred in the performance of their duties.

(b) The Board shall advise the Director on improving the well-being of mothers, fathers, infants, children, families, and adults,
considering both physical and social determinants of health, and using a life-span approach to health promotion and disease prevention in the State of Illinois. In addition, the Board shall review and make recommendations to the Department and the Governor in regard to the system for maternal and child health programs, collaboration, and interrelation between and delivery of programs, both within the Department and with related programs in other departments. In performing its duties, the Board may hold hearings throughout the State and advise and receive advice from any local advisory bodies created to address maternal and child health.

(c) The Board may offer recommendations and feedback regarding the development of the State's annual Maternal and Child Health Services Block Grant application and report as well as the periodic needs assessment.

Section 90. The Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois is amended by adding Section 2310-450 as follows:

(20 ILCS 2310/2310-450 new)
Sec. 2310-450. Office for maternal and child health.
(a) The Department shall be responsible for administration of the Maternal and Child Health Services Block Grant authorized by Title V of the federal Social Security Act. The Department shall be responsible for the Maternal and Child Health Block Grant and for preparation and submission of the annual application, annual report, and periodic needs assessment required for the receipt of these funds.

(b) The Department shall be responsible for the administration of the Family Planning Program award to the State of Illinois from Title X of the federal Public Health Service Act (42 U.S.C. 300).

(c) All of the rights, powers, duties, and functions vested by law or that otherwise pertain to the programs and services transferred to the Department by this amendatory Act of the 99th General Assembly are transferred to the Department by July 1, 2016.

(d) The Department may adopt rules necessary to implement this Section. This Section does not affect the legality of any rules that are in force on the effective date of this Section that have been duly adopted by the Department of Human Services in its administration of the Maternal and Child Health Services Block Grant. Those rules shall transfer to the Department and continue in effect until amended or repealed, except that references to a predecessor department shall, in appropriate contexts, be
deemed to refer to the successor department under this Section. Any rules proposed prior to the effective date shall also transfer to the Department.

(e) The rights of State employees, the State, and its agencies under the Personnel Code and applicable collective bargaining agreements and retirement plans are not affected by this Section.

(f) The Department of Central Management Services shall establish a sufficient number of full-time positions at the Department, based on input from the Department of Human Services in order to provide for effective administration of these programs.

(g) All books, records, documents, and pending business pertaining to the rights, powers, duties, and functions transferred to the Department under this Section shall be transferred and delivered to the Department by July 1, 2016.

(h) In the case of books, records, or documents that pertain both to a function transferred to the Department under this Section and to a function retained by a predecessor agency or office, the Director and the Secretary of Human Services shall determine whether the books, records, or documents shall be transferred, copied, or left with the predecessor agency or office; until this determination has been made, the transfer of these materials shall not take effect.

(i) In the case of administrative functions performed by other units within the Department of Human Services and for the allocation of State or federal funds that benefited the programs transferred by this amendatory Act of the 99th General Assembly as well as other divisions within the Department of Human Services, the Director of Public Health and the Secretary of Human Services shall establish interagency agreements to continue these services, as well as cooperation for purposes of federal match and maintenance of effort and distribution of funds after July 1, 2016.

Class 3. A Brewer may make sales and deliveries of beer to importing distributors and distributors and may make sales as authorized under subsection (e) of Section 6-4 of this Act.

Class 4. A first class wine-manufacturer may make sales and deliveries of up to 50,000 gallons of wine to manufacturers, importing distributors and distributors, and to no other licensees.

Class 5. A second class Wine manufacturer may make sales and deliveries of more than 50,000 gallons of wine to manufacturers, importing distributors and distributors and to no other licensees.

Class 6. A first-class wine-maker's license shall allow the manufacture of up to 50,000 gallons of wine per year, and the storage and sale of such wine to distributors in the State and to persons without the State, as may be permitted by law. A person who, prior to June 1, 2008 (the effective date of Public Act 95-634) this amendatory Act of the 95th General Assembly, is a holder of a first-class wine-maker's license and annually produces more than 25,000 gallons of its own wine and who distributes its wine to licensed retailers shall cease this practice on or before July 1, 2008 in compliance with Public Act 95-634 this amendatory Act of the 95th General Assembly.

Class 7. A second-class wine-maker's license shall allow the manufacture of between 50,000 and 150,000 gallons of wine per year, and the storage and sale of such wine to distributors in this State and to persons without the State, as may be permitted by law. A person who, prior to June 1, 2008 (the effective date of Public Act 95-634) this amendatory Act of the 95th General Assembly, is a holder of a second-class wine-maker's license and annually produces more than 25,000 gallons of its own wine and who distributes its wine to licensed retailers shall cease this practice on or before July 1, 2008 in compliance with Public Act 95-634 this amendatory Act of the 95th General Assembly.

Class 8. A limited wine-manufacturer may make sales and deliveries not to exceed 40,000 gallons of wine per year to distributors, and to non-licensees in accordance with the provisions of this Act.

Class 9. A craft distiller license shall allow the manufacture of up to 100,000 30,000 gallons of spirits by distillation for one year after the effective date of this amendatory Act of the 97th General Assembly and up to 35,000 gallons of spirits by distillation per year thereafter and the storage of such spirits. If a craft distiller licensee, including a craft distiller licensee who holds more than one craft distiller license, is not affiliated with any other manufacturer of spirits, then the craft distiller licensee may

sell such spirits to distributors in this State and up to 2,500 gallons of such spirits to non-licensees to the extent permitted by any exemption approved by the Commission pursuant to Section 6-4 of this Act. A craft distiller license holder may store such spirits at a non-contiguous licensed location, but at no time shall a craft distiller license holder directly or indirectly produce in the aggregate more than 100,000 gallons of spirits per year. A craft distiller licensee may hold more than one craft distiller's license. However, a craft distiller that holds more than one craft distiller license shall not manufacture, in the aggregate, more than 100,000 gallons of spirits by distillation per year and shall not sell, in the aggregate, more than 2,500 gallons of such spirits to non-licensees in accordance with an exemption approved by the State Commission pursuant to Section 6-4 of this Act. Any craft distiller licensed under this Act who on July 28, 2010 (the effective date of Public Act 96-1367) this amendatory Act of the 96th General Assembly was licensed as a distiller and manufactured no more spirits than permitted by this Section shall not be required to pay the initial licensing fee. Class 10. A class 1 brewer license, which may only be issued to a licensed brewer or licensed non-resident dealer, shall allow the manufacture of up to 930,000 gallons of beer per year provided that the class 1 brewer licensee does not manufacture more than a combined 930,000 gallons of beer per year and is not a member of or affiliated with, directly or indirectly, a manufacturer that produces more than 930,000 gallons of beer per year or any other alcoholic liquor. A class 1 brewer licensee may make sales and deliveries to importing distributors and distributors and to retail licensees in accordance with the conditions set forth in paragraph (18) of subsection (a) of Section 3-12 of this Act. Class 11. A class 2 brewer license, which may only be issued to a licensed brewer or licensed non-resident dealer, shall allow the manufacture of up to 3,720,000 gallons of beer per year provided that the class 2 brewer licensee does not manufacture more than a combined 3,720,000 gallons of beer per year and is not a member of or affiliated with, directly or indirectly, a manufacturer that produces more than 3,720,000 gallons of beer per year or any other alcoholic liquor. A class 2 brewer licensee may make sales and deliveries to importing distributors and distributors, but shall not make sales or deliveries to any other licensee. If the State Commission provides prior approval, a class 2 brewer
licensee may annually transfer up to 3,720,000 gallons of beer manufactured by that class 2 brewer licensee to the premises of a licensed class 2 brewer wholly owned and operated by the same licensee.

(a-1) A manufacturer which is licensed in this State to make sales or deliveries of alcoholic liquor to licensed distributors or importing distributors and which enlists agents, representatives, or individuals acting on its behalf who contact licensed retailers on a regular and continual basis in this State must register those agents, representatives, or persons acting on its behalf with the State Commission.

Registration of agents, representatives, or persons acting on behalf of a manufacturer is fulfilled by submitting a form to the Commission. The form shall be developed by the Commission and shall include the name and address of the applicant, the name and address of the manufacturer he or she represents, the territory or areas assigned to sell to or discuss pricing terms of alcoholic liquor, and any other questions deemed appropriate and necessary. All statements in the forms required to be made by law or by rule shall be deemed material, and any person who knowingly misstates any material fact under oath in an application is guilty of a Class B misdemeanor. Fraud, misrepresentation, false statements, misleading statements, evasions, or suppression of material facts in the securing of a registration are grounds for suspension or revocation of the registration. The State Commission shall post a list of registered agents on the Commission's website.

(b) A distributor's license shall allow the wholesale purchase and storage of alcoholic liquors and sale of alcoholic liquors to licensees in this State and to persons without the State, as may be permitted by law.

(c) An importing distributor's license may be issued to and held by those only who are duly licensed distributors, upon the filing of an application by a duly licensed distributor, with the Commission and the Commission shall, without the payment of any fee, immediately issue such importing distributor's license to the applicant, which shall allow the importation of alcoholic liquor by the licensee into this State from any point in the United States outside this State, and the purchase of alcoholic liquor in barrels, casks or other bulk containers and the bottling of such alcoholic liquors before resale thereof, but all bottles or containers so filled shall be sealed, labeled, stamped and otherwise made to comply with all provisions, rules and regulations governing manufacturers in the preparation and bottling of alcoholic liquors. The importing distributor's
license shall permit such licensee to purchase alcoholic liquor from Illinois licensed non-resident dealers and foreign importers only.

(d) A retailer's license shall allow the licensee to sell and offer for sale at retail, only in the premises specified in the license, alcoholic liquor for use or consumption, but not for resale in any form. Nothing in Public Act 95-634 this amendatory Act of the 95th General Assembly shall deny, limit, remove, or restrict the ability of a holder of a retailer's license to transfer, deliver, or ship alcoholic liquor to the purchaser for use or consumption subject to any applicable local law or ordinance. Any retail license issued to a manufacturer shall only permit the manufacturer to sell beer at retail on the premises actually occupied by the manufacturer. For the purpose of further describing the type of business conducted at a retail licensed premises, a retailer's licensee may be designated by the State Commission as (i) an on premise consumption retailer, (ii) an off premise sale retailer, or (iii) a combined on premise consumption and off premise sale retailer.

Notwithstanding any other provision of this subsection (d), a retail licensee may sell alcoholic liquors to a special event retailer licensee for resale to the extent permitted under subsection (e).

(e) A special event retailer's license (not-for-profit) shall permit the licensee to purchase alcoholic liquors from an Illinois licensed distributor (unless the licensee purchases less than $500 of alcoholic liquors for the special event, in which case the licensee may purchase the alcoholic liquors from a licensed retailer) and shall allow the licensee to sell and offer for sale, at retail, alcoholic liquors for use or consumption, but not for resale in any form and only at the location and on the specific dates designated for the special event in the license. An applicant for a special event retailer license must (i) furnish with the application: (A) a resale number issued under Section 2c of the Retailers' Occupation Tax Act or evidence that the applicant is registered under Section 2a of the Retailers' Occupation Tax Act, (B) a current, valid exemption identification number issued under Section 1g of the Retailers' Occupation Tax Act, and a certification to the Commission that the purchase of alcoholic liquors will be a tax-exempt purchase, or (C) a statement that the applicant is not registered under Section 2a of the Retailers' Occupation Tax Act, does not hold a resale number under Section 2c of the Retailers' Occupation Tax Act, and does not hold an exemption number under Section 1g of the Retailers' Occupation Tax Act, in which event the Commission shall set forth on the special event retailer's license a statement to that effect; (ii)
submit with the application proof satisfactory to the State Commission that
the applicant will provide dram shop liability insurance in the maximum
limits; and (iii) show proof satisfactory to the State Commission that the
applicant has obtained local authority approval.

(f) A railroad license shall permit the licensee to import alcoholic
liquors into this State from any point in the United States outside this State
and to store such alcoholic liquors in this State; to make wholesale
purchases of alcoholic liquors directly from manufacturers, foreign
importers, distributors and importing distributors from within or outside
this State; and to store such alcoholic liquors in this State; provided that
the above powers may be exercised only in connection with the
importation, purchase or storage of alcoholic liquors to be sold or
dispensed on a club, buffet, lounge or dining car operated on an electric,
gas or steam railway in this State; and provided further, that railroad
licensees exercising the above powers shall be subject to all provisions of
Article VIII of this Act as applied to importing distributors. A railroad
license shall also permit the licensee to sell or dispense alcoholic liquors
on any club, buffet, lounge or dining car operated on an electric, gas or
steam railway regularly operated by a common carrier in this State, but
shall not permit the sale for resale of any alcoholic liquors to any licensee
within this State. A license shall be obtained for each car in which such
sales are made.

(g) A boat license shall allow the sale of alcoholic liquor in
individual drinks, on any passenger boat regularly operated as a common
carrier on navigable waters in this State or on any riverboat operated under
the Riverboat Gambling Act, which boat or riverboat maintains a public
dining room or restaurant thereon.

(h) A non-beverage user's license shall allow the licensee to
purchase alcoholic liquor from a licensed manufacturer or importing
distributor, without the imposition of any tax upon the business of such
licensed manufacturer or importing distributor as to such alcoholic liquor
to be used by such licensee solely for the non-beverage purposes set forth
in subsection (a) of Section 8-1 of this Act, and such licenses shall be
divided and classified and shall permit the purchase, possession and use of
limited and stated quantities of alcoholic liquor as follows:

Class 5, not to exceed ........................ 50,000 gallons

(i) A wine-maker's premises license shall allow a licensee that concurrently holds a first-class wine-maker's license to sell and offer for sale at retail in the premises specified in such license not more than 50,000 gallons of the first-class wine-maker's wine that is made at the first-class wine-maker's licensed premises per year for use or consumption, but not for resale in any form. A wine-maker's premises license shall allow a licensee who concurrently holds a second-class wine-maker's license to sell and offer for sale at retail in the premises specified in such license up to 100,000 gallons of the second-class wine-maker's wine that is made at the second-class wine-maker's licensed premises per year for use or consumption but not for resale in any form. A wine-maker's premises license shall allow a licensee that concurrently holds a first-class wine-maker's license or a second-class wine-maker's license to sell and offer for sale at retail at the premises specified in the wine-maker's premises license, for use or consumption but not for resale in any form, any beer, wine, and spirits purchased from a licensed distributor. Upon approval from the State Commission, a wine-maker's premises license shall allow the licensee to sell and offer for sale at (i) the wine-maker's licensed premises and (ii) at up to 2 additional locations for use and consumption and not for resale. Each location shall require additional licensing per location as specified in Section 5-3 of this Act. A wine-maker's premises licensee shall secure liquor liability insurance coverage in an amount at least equal to the maximum liability amounts set forth in subsection (a) of Section 6-21 of this Act.

(j) An airplane license shall permit the licensee to import alcoholic liquors into this State from any point in the United States outside this State and to store such alcoholic liquors in this State; to make wholesale purchases of alcoholic liquors directly from manufacturers, foreign importers, distributors and importing distributors from within or outside this State; and to store such alcoholic liquors in this State; provided that the above powers may be exercised only in connection with the importation, purchase or storage of alcoholic liquors to be sold or dispensed on an airplane; and provided further, that airplane licensees exercising the above powers shall be subject to all provisions of Article VIII of this Act as applied to importing distributors. An airplane licensee shall also permit the sale or dispensing of alcoholic liquors on any passenger airplane regularly operated by a common carrier in this State, but shall not permit the sale for resale of any alcoholic liquors to any

licensee within this State. A single airplane license shall be required of an airline company if liquor service is provided on board aircraft in this State. The annual fee for such license shall be as determined in Section 5-3.

(k) A foreign importer's license shall permit such licensee to purchase alcoholic liquor from Illinois licensed non-resident dealers only, and to import alcoholic liquor other than in bulk from any point outside the United States and to sell such alcoholic liquor to Illinois licensed importing distributors and to no one else in Illinois; provided that (i) the foreign importer registers with the State Commission every brand of alcoholic liquor that it proposes to sell to Illinois licensees during the license period, (ii) the foreign importer complies with all of the provisions of Section 6-9 of this Act with respect to registration of such Illinois licensees as may be granted the right to sell such brands at wholesale, and (iii) the foreign importer complies with the provisions of Sections 6-5 and 6-6 of this Act to the same extent that these provisions apply to manufacturers.

(l) (i) A broker's license shall be required of all persons who solicit orders for, offer to sell or offer to supply alcoholic liquor to retailers in the State of Illinois, or who offer to retailers to ship or cause to be shipped or to make contact with distillers, rectifiers, brewers or manufacturers or any other party within or without the State of Illinois in order that alcoholic liquors be shipped to a distributor, importing distributor or foreign importer, whether such solicitation or offer is consummated within or without the State of Illinois.

No holder of a retailer's license issued by the Illinois Liquor Control Commission shall purchase or receive any alcoholic liquor, the order for which was solicited or offered for sale to such retailer by a broker unless the broker is the holder of a valid broker's license.

The broker shall, upon the acceptance by a retailer of the broker's solicitation of an order or offer to sell or supply or deliver or have delivered alcoholic liquors, promptly forward to the Illinois Liquor Control Commission a notification of said transaction in such form as the Commission may by regulations prescribe.

(ii) A broker's license shall be required of a person within this State, other than a retail licensee, who, for a fee or commission, promotes, solicits, or accepts orders for alcoholic liquor, for use or consumption and not for resale, to be shipped from this State and delivered to residents outside of this State by an express company, common carrier, or contract carrier. This Section does not apply to any person who promotes, solicits,
or accepts orders for wine as specifically authorized in Section 6-29 of this Act.

A broker's license under this subsection (l) shall not entitle the holder to buy or sell any alcoholic liquors for his own account or to take or deliver title to such alcoholic liquors.

This subsection (l) shall not apply to distributors, employees of distributors, or employees of a manufacturer who has registered the trademark, brand or name of the alcoholic liquor pursuant to Section 6-9 of this Act, and who regularly sells such alcoholic liquor in the State of Illinois only to its registrants thereunder.

Any agent, representative, or person subject to registration pursuant to subsection (a-1) of this Section shall not be eligible to receive a broker's license.

(m) A non-resident dealer's license shall permit such licensee to ship into and warehouse alcoholic liquor into this State from any point outside of this State, and to sell such alcoholic liquor to Illinois licensed foreign importers and importing distributors and to no one else in this State; provided that (i) said non-resident dealer shall register with the Illinois Liquor Control Commission each and every brand of alcoholic liquor which it proposes to sell to Illinois licensees during the license period, (ii) it shall comply with all of the provisions of Section 6-9 hereof with respect to registration of such Illinois licensees as may be granted the right to sell such brands at wholesale, and (iii) the non-resident dealer shall comply with the provisions of Sections 6-5 and 6-6 of this Act to the same extent that these provisions apply to manufacturers.

(n) A brew pub license shall allow the licensee to only (i) manufacture up to 155,000 gallons of beer per year only on the premises specified in the license, (ii) make sales of the beer manufactured on the premises or, with the approval of the Commission, beer manufactured on another brew pub licensed premises that is wholly owned and operated by the same licensee to importing distributors, distributors, and to non-licensees for use and consumption, (iii) store the beer upon the premises, (iv) sell and offer for sale at retail from the licensed premises for off-premises consumption no more than 155,000 gallons per year so long as such sales are only made in-person, (v) sell and offer for sale at retail for use and consumption on the premises specified in the license any form of alcoholic liquor purchased from a licensed distributor or importing distributor, and (vi) with the prior approval of the Commission, annually transfer no more than 155,000 gallons of beer manufactured on the
premises to a licensed brew pub wholly owned and operated by the same licensee.

A brew pub licensee shall not under any circumstance sell or offer for sale beer manufactured by the brew pub licensee to retail licensees.

A person who holds a class 2 brewer license may simultaneously hold a brew pub license if the class 2 brewer (i) does not, under any circumstance, sell or offer for sale beer manufactured by the class 2 brewer to retail licensees; (ii) does not hold more than 3 brew pub licenses in this State; (iii) does not manufacture more than a combined 3,720,000 gallons of beer per year, including the beer manufactured at the brew pub; and (iv) is not a member of or affiliated with, directly or indirectly, a manufacturer that produces more than 3,720,000 gallons of beer per year or any other alcoholic liquor.

Notwithstanding any other provision of this Act, a licensed brewer, class 2 brewer, or non-resident dealer who before July 1, 2015 manufactured less than 3,720,000 gallons of beer per year and held a brew pub license on or before July 1, 2015 may (i) continue to qualify for and hold that brew pub license for the licensed premises and (ii) manufacture more than 3,720,000 gallons of beer per year and continue to qualify for and hold that brew pub license if that brewer, class 2 brewer, or non-resident dealer does not simultaneously hold a class 1 brewer license and is not a member of or affiliated with, directly or indirectly, a manufacturer that produces more than 3,720,000 gallons of beer per year or that produces any other alcoholic liquor.

(o) A caterer retailer license shall allow the holder to serve alcoholic liquors as an incidental part of a food service that serves prepared meals which excludes the serving of snacks as the primary meal, either on or off-site whether licensed or unlicensed.

(p) An auction liquor license shall allow the licensee to sell and offer for sale at auction wine and spirits for use or consumption, or for resale by an Illinois liquor licensee in accordance with provisions of this Act. An auction liquor license will be issued to a person and it will permit the auction liquor licensee to hold the auction anywhere in the State. An auction liquor license must be obtained for each auction at least 14 days in advance of the auction date.

(q) A special use permit license shall allow an Illinois licensed retailer to transfer a portion of its alcoholic liquor inventory from its retail licensed premises to the premises specified in the license hereby created, and to sell or offer for sale at retail, only in the premises specified in the
license hereby created, the transferred alcoholic liquor for use or consumption, but not for resale in any form. A special use permit license may be granted for the following time periods: one day or less; 2 or more days to a maximum of 15 days per location in any 12 month period. An applicant for the special use permit license must also submit with the application proof satisfactory to the State Commission that the applicant will provide dram shop liability insurance to the maximum limits and have local authority approval.

(r) A winery shipper's license shall allow a person with a first-class or second-class wine manufacturer's license, a first-class or second-class wine-maker's license, or a limited wine manufacturer's license or who is licensed to make wine under the laws of another state to ship wine made by that licensee directly to a resident of this State who is 21 years of age or older for that resident's personal use and not for resale. Prior to receiving a winery shipper's license, an applicant for the license must provide the Commission with a true copy of its current license in any state in which it is licensed as a manufacturer of wine. An applicant for a winery shipper's license must also complete an application form that provides any other information the Commission deems necessary. The application form shall include an acknowledgement consenting to the jurisdiction of the Commission, the Illinois Department of Revenue, and the courts of this State concerning the enforcement of this Act and any related laws, rules, and regulations, including authorizing the Department of Revenue and the Commission to conduct audits for the purpose of ensuring compliance with Public Act 95-634 this amendatory Act.

A winery shipper licensee must pay to the Department of Revenue the State liquor gallonage tax under Section 8-1 for all wine that is sold by the licensee and shipped to a person in this State. For the purposes of Section 8-1, a winery shipper licensee shall be taxed in the same manner as a manufacturer of wine. A licensee who is not otherwise required to register under the Retailers' Occupation Tax Act must register under the Use Tax Act to collect and remit use tax to the Department of Revenue for all gallons of wine that are sold by the licensee and shipped to persons in this State. If a licensee fails to remit the tax imposed under this Act in accordance with the provisions of Article VIII of this Act, the winery shipper's license shall be revoked in accordance with the provisions of Article VII of this Act. If a licensee fails to properly register and remit tax under the Use Tax Act or the Retailers' Occupation Tax Act for all wine that is sold by the winery shipper and shipped to persons in this State, the

A winery shipper's license shall be revoked in accordance with the provisions of Article VII of this Act.

A winery shipper licensee must collect, maintain, and submit to the Commission on a semi-annual basis the total number of cases per resident of wine shipped to residents of this State. A winery shipper licensed under this subsection (r) must comply with the requirements of Section 6-29 of this amendatory Act.

Pursuant to paragraph (5.1) or (5.3) of subsection (a) of Section 3-12, the State Commission may receive, respond to, and investigate any complaint and impose any of the remedies specified in paragraph (1) of subsection (a) of Section 3-12.

(s) A craft distiller tasting permit license shall allow an Illinois licensed craft distiller to transfer a portion of its alcoholic liquor inventory from its craft distiller licensed premises to the premises specified in the license hereby created and to conduct a sampling, only in the premises specified in the license hereby created, of the transferred alcoholic liquor in accordance with subsection (c) of Section 6-31 of this Act. The transferred alcoholic liquor may not be sold or resold in any form. An applicant for the craft distiller tasting permit license must also submit with the application proof satisfactory to the State Commission that the applicant will provide dram shop liability insurance to the maximum limits and have local authority approval.

Fees collected under this Section shall be paid into the Dram Shop Fund. On and after July 1, 2003, of the funds received for a retailer's license, in addition to the first $175, an additional $75 shall be paid into the Dram Shop Fund, and $250 shall be paid into the General Revenue Fund. Beginning June 30, 1990 and on June 30 of each subsequent year through June 29, 2003, any balance over $5,000,000 remaining in the Dram Shop Fund shall be credited to State liquor licensees and applied against their fees for State liquor licenses for the following year. The amount credited to each licensee shall be a proportion of the balance in the Dram Fund that is the same as the proportion of the license fee paid by the licensee under this Section for the period in which the balance was accumulated to the aggregate fees paid by all licensees during that period.

No fee shall be paid for licenses issued by the State Commission to the following non-beverage users:

(a) Hospitals, sanitariums, or clinics when their use of alcoholic liquor is exclusively medicinal, mechanical or scientific.

(b) Universities, colleges of learning or schools when their use of alcoholic liquor is exclusively medicinal, mechanical or scientific.

(c) Laboratories when their use is exclusively for the purpose of scientific research.

distributor, distributor or retailer, or any subsidiary or affiliate thereof, or any officer or associate, member, partner, representative, employee, agent or shareholder owning more than 5% of the outstanding shares of such person be issued a distiller's license, craft distiller's license, or a wine manufacturer's license; and no person or persons licensed as a distiller or craft distiller by any licensing authority shall have any interest, directly or indirectly, with such distributor or importing distributor.

However, an importing distributor or distributor, which on January 1, 1985 is owned by a brewer, or any subsidiary or affiliate thereof or any officer, associate, member, partner, representative, employee, agent or shareholder owning more than 5% of the outstanding shares of the importing distributor or distributor referred to in this paragraph, may own or acquire an ownership interest of more than 5% of the outstanding shares of a wine manufacturer and be issued a wine manufacturer's license by any licensing authority.

(b) The foregoing provisions shall not apply to any person licensed by any licensing authority as a distiller or wine manufacturer, or to any subsidiary or affiliate of any distiller or wine manufacturer who shall have been heretofore licensed by the State Commission as either an importing distributor or distributor during the annual licensing period expiring June 30, 1947, and shall actually have made sales regularly to retailers.

(c) Provided, however, that in such instances where a distributor's or importing distributor's license has been issued to any distiller or wine manufacturer or to any subsidiary or affiliate of any distiller or wine manufacturer who has, during the licensing period ending June 30, 1947, sold or distributed as such licensed distributor or importing distributor alcoholic liquors and wines to retailers, such distiller or wine manufacturer or any subsidiary or affiliate of any distiller or wine manufacturer holding such distributor's or importing distributor's license may continue to sell or distribute to retailers such alcoholic liquors and wines which are manufactured, distilled, processed or marketed by distillers and wine manufacturers whose products it sold or distributed to retailers during the whole or any part of its licensing periods; and such additional brands and additional products may be added to the line of such distributor or importing distributor, provided, that such brands and such products were not sold or distributed by any distributor or importing distributor licensed by the State Commission during the licensing period ending June 30, 1947, but can not sell or distribute to retailers any other alcoholic liquors or wines.

New matter indicated by italics - deletions by strikeout
(d) It shall be unlawful for any distiller licensed anywhere to have any stock ownership or interest in any distributor's or importing distributor's license wherein any other person has an interest therein who is not a distiller and does not own more than 5% of any stock in any distillery. Nothing herein contained shall apply to such distillers or their subsidiaries or affiliates, who had a distributor's or importing distributor's license during the licensing period ending June 30, 1947, which license was owned in whole by such distiller, or subsidiaries or affiliates of such distiller.

(e) Any person licensed as a brewer, class 1 brewer, or class 2 brewer shall be permitted to sell on the licensed premises to non-licensees for on or off-premises consumption for the premises in which he or she actually conducts such business beer manufactured by the brewer, class 1 brewer, or class 2 brewer. Such sales shall be limited to on-premises, in-person sales only, for lawful consumption on or off premises. Such authorization shall be considered a privilege granted by the brewer license and, other than a manufacturer of beer as stated above, no manufacturer or distributor or importing distributor, excluding airplane licensees exercising powers provided in paragraph (i) of Section 5-1 of this Act, or any subsidiary or affiliate thereof, or any officer, associate, member, partner, representative, employee or agent, or shareholder shall be issued a retailer's license, nor shall any person having a retailer's license, excluding airplane licensees exercising powers provided in paragraph (i) of Section 5-1 of this Act, or any subsidiary or affiliate thereof, or any officer, associate, member, partner, representative or agent, or shareholder be issued a manufacturer's license or importing distributor's license.

A person who holds a class 1 or class 2 brewer license and is authorized by this Section to sell beer to non-licensees shall not sell beer to non-licensees from more than 3 total brewer or commonly owned brew pub licensed locations in this State. The class 1 or class 2 brewer shall designate to the State Commission the brewer or brew pub locations from which it will sell beer to non-licensees.

A person licensed as a craft distiller, including a person who holds more than one craft distiller license, not affiliated with any other person manufacturing spirits may be authorized by the Commission to sell up to 2,500 gallons of spirits produced by the person to non-licensees for on or off-premises consumption for the premises in which he or she actually conducts business permitting only the retail sale of spirits manufactured at such premises. Such sales shall be limited to on-premises, in-person sales.
only, for lawful consumption on or off premises, and such authorization shall be considered a privilege granted by the craft distiller license. A craft distiller licensed for retail sale shall secure liquor liability insurance coverage in an amount at least equal to the maximum liability amounts set forth in subsection (a) of Section 6-21 of this Act.

A craft distiller license holder shall not deliver any alcoholic liquor to any non-licensee off the licensed premises. A craft distiller shall affirm in its annual craft distiller's license application that it does not produce more than 100,000 gallons of distilled spirits annually and that the craft distiller does not sell more than 2,500 gallons of spirits to non-licensees for on or off-premises consumption. In the application, which shall be sworn under penalty of perjury, the craft distiller shall state the volume of production and sales for each year since the craft distiller's establishment.

(f) (Blank).

(g) Notwithstanding any of the foregoing prohibitions, a limited wine manufacturer may sell at retail at its manufacturing site for on or off premises consumption and may sell to distributors. A limited wine manufacturer licensee shall secure liquor liability insurance coverage in an amount at least equal to the maximum liability amounts set forth in subsection (a) of Section 6-21 of this Act.

(h) The changes made to this Section by Public Act 99-47 this amendatory Act of the 99th General Assembly shall not diminish or impair the rights of any person, whether a distiller, wine manufacturer, agent, or affiliate thereof, who requested in writing and submitted documentation to the State Commission on or before February 18, 2015 to be approved for a retail license pursuant to what has heretofore been subsection (f); provided that, on or before that date, the State Commission considered the intent of that person to apply for the retail license under that subsection and, by recorded vote, the State Commission approved a resolution indicating that such a license application could be lawfully approved upon that person duly filing a formal application for a retail license and if that person, within 90 days of the State Commission appearance and recorded vote, first filed an application with the appropriate local commission, which application was subsequently approved by the appropriate local commission prior to consideration by the State Commission of that person's application for a retail license. It is further provided that the State Commission may approve the person's application for a retail license or renewals of such license if such person continues to diligently adhere to all

Sec. 6-31. Product sampling.

(a) Retailer, distributor, importing distributor, manufacturer and nonresident dealer licensees may conduct product sampling for consumption at a licensed retail location. Up to 3 samples, consisting of no more than (i) 1/4 ounce of distilled spirits, (ii) one ounce of wine, or (iii) 2 ounces of beer may be served to a consumer in one day.

(b) Notwithstanding the provisions of subsection (a), an on-premises retail licensee may offer for sale and serve more than one drink per person for sampling purposes. In any event, all provisions of Section 6-28 shall apply to an on-premises retail licensee that conducts product sampling.

(c) A craft distiller tasting permit licensee may conduct product sampling of distilled spirits for consumption at the location specified in the craft distiller tasting permit license. Up to 3 samples, consisting of no more than 1/4 ounce of distilled spirits, may be served to a consumer in one day.

PUBLIC ACT 99-0903
(Senate Bill No. 2804)

AN ACT concerning civil law.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Wage Assignment Act is amended by changing Sections 2, 2.1, 2.2, 4.1, and 4.2 as follows:

(740 ILCS 170/2) (from Ch. 48, par. 39.2)

New matter indicated by italics - deletions by strikeout
Sec. 2. Demand on an employer for the wages of wage-earner by virtue of a wage assignment may not be served on the employer unless:

(1) There has been a default of more than 40 days in payment of the indebtedness secured by the assignment and the default has continued to the date of the demand;

(2) The demand contains a correct statement as to the amount the wage-earner is in default and the original or a photocopy of the assignment is exhibited to the employer; and

(3) Not less than 20 days before serving the demand, notice required under Section 2.2 a notice of intention to make the demand has been served upon the employee, and an advice copy sent to the employer, by 2 methods: (i) first class mail; and (ii) registered or certified mail.

Service of any demand without complying with this Section has no legal effect. Proof of certified mail is prima facie evidence of service.

A demand under this Section applies only to wages due at the time of service of the demand and upon subsequent wages until the total amount due under the assignment is paid, or, if the wage assignment is revocable under federal law, until the employee revokes it or until the expiration of the employer's payroll period ending immediately prior to 84 days after service of such demand, whichever first occurs.

(Source: P.A. 88-395.)

(740 ILCS 170/2.1) (from Ch. 48, par. 39.2a)

Sec. 2.1. A demand shall be in the following form:

"Demand is hereby made upon an assignment of salary, wages, commissions or other compensation for services, executed by .... and delivered to .... on (insert date), to secure a debt contracted on (insert date).

The total amount of the debt is $..... Payments in the amount of $.... have been made. The duration of the contract is .... months. There is now due and owing without acceleration the sum of $...., the last payment having been made on (insert date).

The employee herein named has been in default in his payments in the amount of $...., of which $.... has been due and owing for more than 40 days.

Unless you have received a written notice from the employee herein named revoking the wage assignment within the past 20 days, or do receive within 5 days after the service hereof, a notice of defense from the employee herein named, you are required by law to make payment in
accordance with such assignment. ...., first being duly sworn, deposes and says that the facts stated in the demand above are true and correct; and further deposes and says that he (or his principal, if he is an agent for the assignee) has not received notice from the debtor that he or she is revoking the wage assignment or notice of any defenses of the debtor.

Payments must be made until the total amount due under the assignment is paid or until the employee revokes the wage assignment.

Subscribed and sworn to before me on (insert date).

(740 ILCS 170/2.2) (from Ch. 48, par. 39.2b)

Sec. 2.2. Forms; notice of intent to assign wages; revocation.

(a) The notice to an employee required by Section 2 shall be in the following form:

"NOTICE OF INTENT TO ASSIGN WAGES

This notice is required by the Illinois Wage Assignment Act. The notice has been sent to tell you that a creditor (name and address listed below) plans to have your wages assigned. A wage assignment is a document you signed at the time you signed the contract for your debt. It authorizes your creditor to receive a portion of your wages directly from your employer, in order to pay your debt. This notice contains important information about the debt and what your options are. You should read the entire notice carefully.

WHY THE CREDITOR WANTS TO ASSIGN YOUR WAGES

You signed a wage assignment on ....... (date) ....... The wage assignment was signed as security if you failed to make payment on the contract you signed on ......... (date) ........... A copy of the wage assignment is attached. The creditor's records show that you have not made a payment since ......... (date) ...... and that you now owe $........ on the contract. The creditor will send a demand for wages to your employer 20 days from the date you receive this.

WHAT YOU CAN DO TO PREVENT YOUR WAGES FROM BEING ASSIGNED

If you have a legal defense to the wage assignment you can stop the wage assignment by filling out the enclosed Notice of Defense Form and (1) sending it to the creditor by registered or certified mail and (2) giving a copy to your employer. You must do those 2 things within 20 days of

New matter indicated by italics - deletions by strikeout
receiving this notice. You have the right to contact an attorney concerning
the wage assignment. In the event a false defense is made, you will be
subject to payment of attorneys’ fees, court costs and other expenses.
The creditor’s name, and address, and phone number are:

.................................
.................................
.................................

(Signed by)"

(b) If the wage assignment is revocable under federal law, the
notice required under subsection (a) shall also include the following:

UNDERSTANDING YOUR CHOICES UNDER THE ILLINOIS WAGE
ASSIGNMENT ACT

There are options available to you in this process. You should
consider your options and determine the one that is best for you. You have
the right to contact an attorney at any point concerning the wage
assignment, or to help you determine your best option.

Your options include:

(1) You can stop the wage assignment at any time, which
will stop your wages from being deducted. It will not eliminate
your debt, and interest may continue to accrue. You may contact
your creditor for more information about the interest rate on your
contract, and to determine how much interest might accrue if you
stop the wage assignment.

Your creditor will still be able to pursue other means of
collecting any debt you may owe, including filing a lawsuit against
you for the full amount owed under the contract and any interest
that might accrue. A lawsuit might result in you owing legal fees
and other costs.

You can stop the wage assignment by filling out the
enclosed Revocation Notice Form, or by writing a letter stating
that you are revoking the wage assignment. Send the Revocation
Notice Form or letter by registered or certified mail to the
creditor, at the address listed above. It is highly recommended that
you give a copy of the Revocation Notice Form or letter to your
employer so your employer can stop any pending payments.

If you choose to write a letter, it should be addressed to the
creditor, and should include:

(i) your name;

New matter indicated by italics - deletions by strikeout
(ii) the account number; and

(iii) a statement that you are revoking the wage assignment, such as, "I am revoking the wage assignment."

Even if the wage assignment has already begun, you can still stop it now or at any point in the future.

(2) You can do nothing, and allow the wage assignment process to proceed. Starting in 20 days, part of your wages will be sent directly to the creditor to pay off your debt. This will reduce your take-home pay every pay period until the total amount of the debt is repaid.

Up to 15% of your wages will be sent to the creditor every pay period. Once the total amount is repaid, the creditor will send a notice to you and to your employer that includes the creditor's name, your name, and the account number, stating that the wage assignment is closed and no further wages should be assigned.

(3) You can contact your creditor to repay the debt, or to explore other options, including a repayment plan or refinancing, if available. You can contact your creditor at the address and phone number listed above.

If you agree on another repayment option with your creditor, the creditor will send a notice to your employer stating that your wages should not be assigned.

(c) If the wage assignment is revocable under federal law, the notice required under subsection (b) shall be accompanied by the following Revocation Notice Form, with the relevant information inserted by the creditor:

"REVOCATION NOTICE
The employee's name and address are:

The creditor's name and address are:

(740 ILCS 170/4.1) (from Ch. 48, par. 39.4a)

Sec. 4.1. Revocation of wage assignment. If the wage assignment is revocable under federal law, the employee may revoke the wage assignment at any time by submitting the Revocation Notice Form as provided in subsection (c) of Section 2.2 of this Act or otherwise providing written notice of revocation to the creditor. Revocation is effective regardless of how the creditor receives it. Failure to use the sample language provided in the notice described in Section 2.2 does not affect the validity of the written notice of revocation. The employee may submit a copy of the notice to his or her employer. If the written notice of revocation is served upon the creditor prior to the creditor's service of demand upon the employer, the demand shall not be served. Within 20 days after receiving the notice required by Section 2 or within 5 days after service of the demand, the employee may notify his employer, in writing, of any defense he may have to the wage assignment. A copy of such notice shall be served upon the creditor by registered or certified mail. If served upon the creditor prior to the creditor's service of demand upon the employer, such demand shall not be served by the creditor. The notice shall be by affidavit and shall be in substantially the following form:

"I, ..., hereby (swear) (affirm) that I have a bona fide defense to the claim of ..., which claim is based on a debt contracted on (insert date), and for security on which debt a wage assignment was executed:

Sec. 4.2.

New matter indicated by italics - deletions by strikeout
If the employee has not served a Revocation Notice Form as provided in Section 4.1 of this Act or has not otherwise served the creditor with a written notice of revocation (if the wage assignment is revocable under federal law) given notice of defense as provided in this Act within 20 days after receiving the notice of intention to make a demand, the creditor may proceed with his demand, and the employer shall commence payment to the creditor not sooner than 5 business days after service of such demand, if no revocation notice has been received by the employer unless a notice of defense is received within that 5-day period. If the employee cures the default stated in the demand or revokes the wage assignment, the creditor shall notify the employer and release the demand. No employer shall be liable for payments made in compliance with this Section.

If a Revocation Notice Form as set forth in Section 4.1 of this Act or other written notice of revocation from the employee is received by an employer, if a notice of defense is received by an employer within the period specified in Section 4.1, no wages are subject to a demand served by the creditor for that wage assignment and the employer shall cease any deduction of wages currently taking place for that wage assignment, described in that notice of defense; unless the employer receives a copy of a subsequent written agreement between the creditor and employee authorizing such payments. If such an agreement is not reached, the creditor may not institute further proceedings on the wage assignment. If a notice of defense has been given, service of summons in any subsequent proceeding on the debt for which the wage assignment was given as security may be made by registered or certified mail.

distributors, distributors, retailers and non-beverage users and to no other licensees.

Class 3. A Brewer may make sales and deliveries of beer to importing distributors and distributors and may make sales as authorized under subsection (e) of Section 6-4 of this Act.

Class 4. A first class wine-manufacturer may make sales and deliveries of up to 50,000 gallons of wine to manufacturers, importing distributors and distributors, and to no other licensees.

Class 5. A second class Wine manufacturer may make sales and deliveries of more than 50,000 gallons of wine to manufacturers, importing distributors and distributors and to no other licensees.

Class 6. A first-class wine-maker's license shall allow the manufacture of up to 50,000 gallons of wine per year, and the storage and sale of such wine to distributors in the State and to persons without the State, as may be permitted by law. A person who, prior to June 1, 2008 (the effective date of Public Act 95-634) this amendatory Act of the 95th General Assembly, is a holder of a first-class wine-maker's license and annually produces more than 25,000 gallons of its own wine and who distributes its wine to licensed retailers shall cease this practice on or before July 1, 2008 in compliance with Public Act 95-634 this amendatory Act of the 95th General Assembly.

Class 7. A second-class wine-maker's license shall allow the manufacture of between 50,000 and 150,000 gallons of wine per year, and the storage and sale of such wine to distributors in this State and to persons without the State, as may be permitted by law. A person who, prior to June 1, 2008 (the effective date of Public Act 95-634) this amendatory Act of the 95th General Assembly, is a holder of a second-class wine-maker's license and annually produces more than 25,000 gallons of its own wine and who distributes its wine to licensed retailers shall cease this practice on or before July 1, 2008 in compliance with Public Act 95-634 this amendatory Act of the 95th General Assembly.

Class 8. A limited wine-manufacturer may make sales and deliveries not to exceed 40,000 gallons of wine per year to distributors, and to non-licensees in accordance with the provisions of this Act.

Class 9. A craft distiller license shall allow the manufacture of up to 30,000 gallons of spirits by distillation for one year after March 1, 2013 (the effective date of Public Act 97-1166) this amendatory Act of the 97th General Assembly and up to 35,000 gallons of spirits by distillation per year thereafter and the storage of such spirits. If a craft distiller licensee is

not affiliated with any other manufacturer, then the craft distiller licensee
may sell such spirits to distributors in this State and up to 2,500 gallons of
such spirits to non-licensees to the extent permitted by any exemption
approved by the Commission pursuant to Section 6-4 of this Act.

Any craft distiller licensed under this Act who on July 28, 2010
(the effective date of Public Act 96-1367) was licensed as a distiller and manufactured no more
spirits than permitted by this Section shall not be required to pay the initial
licensing fee.

Class 10. A class 1 brewer license, which may only be issued to a
licensed brewer or licensed non-resident dealer, shall allow the
manufacture of up to 930,000 gallons of beer per year provided that the
class 1 brewer licensee does not manufacture more than a combined
930,000 gallons of beer per year and is not a member of or affiliated with,
directly or indirectly, a manufacturer that produces more than 930,000
gallons of beer per year or any other alcoholic liquor. A class 1 brewer
licensee may make sales and deliveries to importing distributors and
distributors and to retail licensees in accordance with the conditions set
forth in paragraph (18) of subsection (a) of Section 3-12 of this Act.

Class 11. A class 2 brewer license, which may only be issued to a
licensed brewer or licensed non-resident dealer, shall allow the
manufacture of up to 3,720,000 gallons of beer per year provided that the
class 2 brewer licensee does not manufacture more than a combined
3,720,000 gallons of beer per year and is not a member of or affiliated
with, directly or indirectly, a manufacturer that produces more than
3,720,000 gallons of beer per year or any other alcoholic liquor. A class 2
brewer licensee may make sales and deliveries to importing distributors
and distributors, but shall not make sales or deliveries to any other
licensee. If the State Commission provides prior approval, a class 2 brewer
licensee may annually transfer up to 3,720,000 gallons of beer
manufactured by that class 2 brewer licensee to the premises of a licensed
class 2 brewer wholly owned and operated by the same licensee.

(a-1) A manufacturer which is licensed in this State to make sales
or deliveries of alcoholic liquor to licensed distributors or importing
distributors and which enlists agents, representatives, or individuals acting
on its behalf who contact licensed retailers on a regular and continual basis
in this State must register those agents, representatives, or persons acting
on its behalf with the State Commission.
Registration of agents, representatives, or persons acting on behalf of a manufacturer is fulfilled by submitting a form to the Commission. The form shall be developed by the Commission and shall include the name and address of the applicant, the name and address of the manufacturer he or she represents, the territory or areas assigned to sell to or discuss pricing terms of alcoholic liquor, and any other questions deemed appropriate and necessary. All statements in the forms required to be made by law or by rule shall be deemed material, and any person who knowingly misstates any material fact under oath in an application is guilty of a Class B misdemeanor. Fraud, misrepresentation, false statements, misleading statements, evasions, or suppression of material facts in the securing of a registration are grounds for suspension or revocation of the registration. The State Commission shall post a list of registered agents on the Commission's website.

(b) A distributor's license shall allow the wholesale purchase and storage of alcoholic liquors and sale of alcoholic liquors to licensees in this State and to persons without the State, as may be permitted by law.

(c) An importing distributor's license may be issued to and held by those only who are duly licensed distributors, upon the filing of an application by a duly licensed distributor, with the Commission and the Commission shall, without the payment of any fee, immediately issue such importing distributor's license to the applicant, which shall allow the importation of alcoholic liquor by the licensee into this State from any point in the United States outside this State, and the purchase of alcoholic liquor in barrels, casks or other bulk containers and the bottling of such alcoholic liquors before resale thereof, but all bottles or containers so filled shall be sealed, labeled, stamped and otherwise made to comply with all provisions, rules and regulations governing manufacturers in the preparation and bottling of alcoholic liquors. The importing distributor's license shall permit such licensee to purchase alcoholic liquor from Illinois licensed non-resident dealers and foreign importers only.

(d) A retailer's license shall allow the licensee to sell and offer for sale at retail, only in the premises specified in the license, alcoholic liquor for use or consumption, but not for resale in any form. Nothing in Public Act 95-634 this amendatory Act of the 95th General Assembly shall deny, limit, remove, or restrict the ability of a holder of a retailer's license to transfer, deliver, or ship alcoholic liquor to the purchaser for use or consumption subject to any applicable local law or ordinance. Any retail license issued to a manufacturer shall only permit the manufacturer to sell

New matter indicated by italics - deletions by strikeout
beer at retail on the premises actually occupied by the manufacturer. For
the purpose of further describing the type of business conducted at a retail
licensed premises, a retailer's licensee may be designated by the State
Commission as (i) an on premise consumption retailer, (ii) an off premise
sale retailer, or (iii) a combined on premise consumption and off premise
sale retailer.

Notwithstanding any other provision of this subsection (d), a retail
licensee may sell alcoholic liquors to a special event retailer licensee for
resale to the extent permitted under subsection (e).

(e) A special event retailer's license (not-for-profit) shall permit the
licensee to purchase alcoholic liquors from an Illinois licensed distributor
(unless the licensee purchases less than $500 of alcoholic liquors for the
special event, in which case the licensee may purchase the alcoholic
liquors from a licensed retailer) and shall allow the licensee to sell and
offer for sale, at retail, alcoholic liquors for use or consumption, but not
for resale in any form and only at the location and on the specific dates
designated for the special event in the license. An applicant for a special
event retailer license must (i) furnish with the application: (A) a resale
number issued under Section 2c of the Retailers' Occupation Tax Act or
evidence that the applicant is registered under Section 2a of the Retailers'
Occupation Tax Act, (B) a current, valid exemption identification number
issued under Section 1g of the Retailers' Occupation Tax Act, and a
certification to the Commission that the purchase of alcoholic liquors will
be a tax-exempt purchase, or (C) a statement that the applicant is not
registered under Section 2a of the Retailers' Occupation Tax Act, does not
hold a resale number under Section 2c of the Retailers' Occupation Tax
Act, and does not hold an exemption number under Section 1g of the
Retailers' Occupation Tax Act, in which event the Commission shall set
forth on the special event retailer's license a statement to that effect; (ii)
submit with the application proof satisfactory to the State Commission that
the applicant will provide dram shop liability insurance in the maximum
limits; and (iii) show proof satisfactory to the State Commission that the
applicant has obtained local authority approval.

(f) A railroad license shall permit the licensee to import alcoholic
liquors into this State from any point in the United States outside this State
and to store such alcoholic liquors in this State; to make wholesale
purchases of alcoholic liquors directly from manufacturers, foreign
importers, distributors and importing distributors from within or outside
this State; and to store such alcoholic liquors in this State; provided that

the above powers may be exercised only in connection with the importation, purchase or storage of alcoholic liquors to be sold or dispensed on a club, buffet, lounge or dining car operated on an electric, gas or steam railway in this State; and provided further, that railroad licensees exercising the above powers shall be subject to all provisions of Article VIII of this Act as applied to importing distributors. A railroad license shall also permit the licensee to sell or dispense alcoholic liquors on any club, buffet, lounge or dining car operated on an electric, gas or steam railway regularly operated by a common carrier in this State, but shall not permit the sale for resale of any alcoholic liquors to any licensee within this State. A license shall be obtained for each car in which such sales are made.

(g) A boat license shall allow the sale of alcoholic liquor in individual drinks, on any passenger boat regularly operated as a common carrier on navigable waters in this State or on any riverboat operated under the Riverboat Gambling Act, which boat or riverboat maintains a public dining room or restaurant thereon.

(h) A non-beverage user's license shall allow the licensee to purchase alcoholic liquor from a licensed manufacturer or importing distributor, without the imposition of any tax upon the business of such licensed manufacturer or importing distributor as to such alcoholic liquor to be used by such licensee solely for the non-beverage purposes set forth in subsection (a) of Section 8-1 of this Act, and such licenses shall be divided and classified and shall permit the purchase, possession and use of limited and stated quantities of alcoholic liquor as follows:

- Class 1, not to exceed ....................... 500 gallons
- Class 2, not to exceed ....................... 1,000 gallons
- Class 3, not to exceed ....................... 5,000 gallons
- Class 4, not to exceed ....................... 10,000 gallons
- Class 5, not to exceed ....................... 50,000 gallons

(i) A wine-maker's premises license shall allow a licensee that concurrently holds a first-class wine-maker's license to sell and offer for sale at retail in the premises specified in such license not more than 50,000 gallons of the first-class wine-maker's wine that is made at the first-class wine-maker's licensed premises per year for use or consumption, but not for resale in any form. A wine-maker's premises license shall allow a licensee who concurrently holds a second-class wine-maker's license to sell and offer for sale at retail in the premises specified in such license up to 100,000 gallons of the second-class wine-maker's wine that is made at

the second-class wine-maker's licensed premises per year for use or consumption but not for resale in any form. A wine-maker's premises license shall allow a licensee that concurrently holds a first-class wine-maker's license or a second-class wine-maker's license to sell and offer for sale at retail at the premises specified in the wine-maker's premises license, for use or consumption but not for resale in any form, any beer, wine, and spirits purchased from a licensed distributor. Upon approval from the State Commission, a wine-maker's premises license shall allow the licensee to sell and offer for sale at (i) the wine-maker's licensed premises and (ii) at up to 2 additional locations for use and consumption and not for resale. Each location shall require additional licensing per location as specified in Section 5-3 of this Act. A wine-maker's premises licensee shall secure liquor liability insurance coverage in an amount at least equal to the maximum liability amounts set forth in subsection (a) of Section 6-21 of this Act.

(j) An airplane license shall permit the licensee to import alcoholic liquors into this State from any point in the United States outside this State and to store such alcoholic liquors in this State; to make wholesale purchases of alcoholic liquors directly from manufacturers, foreign importers, distributors and importing distributors from within or outside this State; and to store such alcoholic liquors in this State; provided that the above powers may be exercised only in connection with the importation, purchase or storage of alcoholic liquors to be sold or dispensed on an airplane; and provided further, that airplane licensees exercising the above powers shall be subject to all provisions of Article VIII of this Act as applied to importing distributors. An airplane licensee shall also permit the sale or dispensing of alcoholic liquors on any passenger airplane regularly operated by a common carrier in this State, but shall not permit the sale for resale of any alcoholic liquors to any licensee within this State. A single airplane license shall be required of an airline company if liquor service is provided on board aircraft in this State. The annual fee for such license shall be as determined in Section 5-3.

(k) A foreign importer's license shall permit such licensee to purchase alcoholic liquor from Illinois licensed non-resident dealers only, and to import alcoholic liquor other than in bulk from any point outside the United States and to sell such alcoholic liquor to Illinois licensed importing distributors and to no one else in Illinois; provided that (i) the foreign importer registers with the State Commission every brand of alcoholic liquor that it proposes to sell to Illinois licensees during the
license period, (ii) the foreign importer complies with all of the provisions of Section 6-9 of this Act with respect to registration of such Illinois licensees as may be granted the right to sell such brands at wholesale, and (iii) the foreign importer complies with the provisions of Sections 6-5 and 6-6 of this Act to the same extent that these provisions apply to manufacturers.

(1) (i) A broker's license shall be required of all persons who solicit orders for, offer to sell or offer to supply alcoholic liquor to retailers in the State of Illinois, or who offer to retailers to ship or cause to be shipped or to make contact with distillers, rectifiers, brewers or manufacturers or any other party within or without the State of Illinois in order that alcoholic liquors be shipped to a distributor, importing distributor or foreign importer, whether such solicitation or offer is consummated within or without the State of Illinois.

No holder of a retailer's license issued by the Illinois Liquor Control Commission shall purchase or receive any alcoholic liquor, the order for which was solicited or offered for sale to such retailer by a broker unless the broker is the holder of a valid broker's license.

The broker shall, upon the acceptance by a retailer of the broker's solicitation of an order or offer to sell or supply or deliver or have delivered alcoholic liquors, promptly forward to the Illinois Liquor Control Commission a notification of said transaction in such form as the Commission may by regulations prescribe.

(ii) A broker's license shall be required of a person within this State, other than a retail licensee, who, for a fee or commission, promotes, solicits, or accepts orders for alcoholic liquor, for use or consumption and not for resale, to be shipped from this State and delivered to residents outside of this State by an express company, common carrier, or contract carrier. This Section does not apply to any person who promotes, solicits, or accepts orders for wine as specifically authorized in Section 6-29 of this Act.

A broker's license under this subsection (l) shall not entitle the holder to buy or sell any alcoholic liquors for his own account or to take or deliver title to such alcoholic liquors.

This subsection (l) shall not apply to distributors, employees of distributors, or employees of a manufacturer who has registered the trademark, brand or name of the alcoholic liquor pursuant to Section 6-9 of this Act, and who regularly sells such alcoholic liquor in the State of Illinois only to its registrants thereunder.

Any agent, representative, or person subject to registration pursuant to subsection (a-1) of this Section shall not be eligible to receive a broker's license.

(m) A non-resident dealer's license shall permit such licensee to ship into and warehouse alcoholic liquor into this State from any point outside of this State, and to sell such alcoholic liquor to Illinois licensed foreign importers and importing distributors and to no one else in this State; provided that (i) said non-resident dealer shall register with the Illinois Liquor Control Commission each and every brand of alcoholic liquor which it proposes to sell to Illinois licensees during the license period, (ii) it shall comply with all of the provisions of Section 6-9 hereof with respect to registration of such Illinois licensees as may be granted the right to sell such brands at wholesale, and (iii) the non-resident dealer shall comply with the provisions of Sections 6-5 and 6-6 of this Act to the same extent that these provisions apply to manufacturers.

(n) A brew pub license shall allow the licensee to only (i) manufacture up to 155,000 gallons of beer per year only on the premises specified in the license, (ii) make sales of the beer manufactured on the premises or, with the approval of the Commission, beer manufactured on another brew pub licensed premises that is wholly owned and operated by the same licensee to importing distributors, distributors, and to non-licensees for use and consumption, (iii) store the beer upon the premises, (iv) sell and offer for sale at retail from the licensed premises for off-premises consumption no more than 155,000 gallons per year so long as such sales are only made in-person, (v) sell and offer for sale at retail for use and consumption on the premises specified in the license any form of alcoholic liquor purchased from a licensed distributor or importing distributor, and (vi) with the prior approval of the Commission, annually transfer no more than 155,000 gallons of beer manufactured on the premises to a licensed brew pub wholly owned and operated by the same licensee.

A brew pub licensee shall not under any circumstance sell or offer for sale beer manufactured by the brew pub licensee to retail licensees.

A person who holds a class 2 brewer license may simultaneously hold a brew pub license if the class 2 brewer (i) does not, under any circumstance, sell or offer for sale beer manufactured by the class 2 brewer to retail licensees; (ii) does not hold more than 3 brew pub licenses in this State; (iii) does not manufacture more than a combined 3,720,000 gallons of beer per year, including the beer manufactured at the brew pub; and (iv)

is not a member of or affiliated with, directly or indirectly, a manufacturer that produces more than 3,720,000 gallons of beer per year or any other alcoholic liquor.

Notwithstanding any other provision of this Act, a licensed brewer, class 2 brewer, or non-resident dealer who before July 1, 2015 manufactured less than 3,720,000 gallons of beer per year and held a brew pub license on or before July 1, 2015 may (i) continue to qualify for and hold that brew pub license for the licensed premises and (ii) manufacture more than 3,720,000 gallons of beer per year and continue to qualify for and hold that brew pub license if that brewer, class 2 brewer, or non-resident dealer does not simultaneously hold a class 1 brewer license and is not a member of or affiliated with, directly or indirectly, a manufacturer that produces more than 3,720,000 gallons of beer per year or that produces any other alcoholic liquor.

(o) A caterer retailer license shall allow the holder to serve alcoholic liquors as an incidental part of a food service that serves prepared meals which excludes the serving of snacks as the primary meal, either on or off-site whether licensed or unlicensed.

(p) An auction liquor license shall allow the licensee to sell and offer for sale at auction wine and spirits for use or consumption, or for resale by an Illinois liquor licensee in accordance with provisions of this Act. An auction liquor license will be issued to a person and it will permit the auction liquor licensee to hold the auction anywhere in the State. An auction liquor license must be obtained for each auction at least 14 days in advance of the auction date.

(q) A special use permit license shall allow an Illinois licensed retailer to transfer a portion of its alcoholic liquor inventory from its retail licensed premises to the premises specified in the license hereby created, and to sell or offer for sale at retail, only in the premises specified in the license hereby created, the transferred alcoholic liquor for use or consumption, but not for resale in any form. A special use permit license may be granted for the following time periods: one day or less; 2 or more days to a maximum of 15 days per location in any 12 month period. An applicant for the special use permit license must also submit with the application proof satisfactory to the State Commission that the applicant will provide dram shop liability insurance to the maximum limits and have local authority approval.

(r) A winery shipper's license shall allow a person with a first-class or second-class wine manufacturer's license, a first-class or second-class

wine-maker's license, or a limited wine manufacturer's license or who is licensed to make wine under the laws of another state to ship wine made by that licensee directly to a resident of this State who is 21 years of age or older for that resident's personal use and not for resale. Prior to receiving a winery shipper's license, an applicant for the license must provide the Commission with a true copy of its current license in any state in which it is licensed as a manufacturer of wine. An applicant for a winery shipper's license must also complete an application form that provides any other information the Commission deems necessary. The application form shall include all addresses from which the applicant for a winery shipper's license intends to ship wine, including the name and address of any third party, except for a common carrier, authorized to ship wine on behalf of the manufacturer. The application form shall include an acknowledgement consenting to the jurisdiction of the Commission, the Illinois Department of Revenue, and the courts of this State concerning the enforcement of this Act and any related laws, rules, and regulations, including authorizing the Department of Revenue and the Commission to conduct audits for the purpose of ensuring compliance with this amendatory Act, and an acknowledgement that the wine manufacturer is in compliance with Section 6-2 of this Act. Any third party, except for a common carrier, authorized to ship wine on behalf of a first-class or second-class wine manufacturer's licensee, a first-class or second-class wine-maker's licensee, a limited wine manufacturer's licensee, or a person who is licensed to make wine under the laws of another state shall also be disclosed by the winery shipper's licensee, and a copy of the written appointment of the third-party wine provider, except for a common carrier, to the wine manufacturer shall be filed with the State Commission as a supplement to the winery shipper's license application or any renewal thereof. The winery shipper's license holder shall affirm under penalty of perjury, as part of the winery shipper's license application or renewal, that he or she only ships wine, either directly or indirectly through a third-party provider, from the licensee's own production.

Except for a common carrier, a third-party provider shipping wine on behalf of a winery shipper's license holder is the agent of the winery shipper's license holder and, as such, a winery shipper's license holder is responsible for the acts and omissions of the third-party provider acting on behalf of the license holder. A third-party provider, except for a common carrier, that engages in shipping wine into Illinois on behalf of a winery shipper's license holder shall consent to the jurisdiction of the

State Commission and the State. Any third-party, except for a common carrier, holding such an appointment shall, by February 1 of each calendar year, file with the State Commission a statement detailing each shipment made to an Illinois resident. The State Commission shall adopt rules as soon as practicable to implement the requirements of this amendatory Act of the 99th General Assembly and shall adopt rules prohibiting any such third-party appointment of a third-party provider, except for a common carrier, that has been deemed by the State Commission to have violated the provisions of this Act with regard to any winery shipper licensee.

A winery shipper licensee must pay to the Department of Revenue the State liquor gallonage tax under Section 8-1 for all wine that is sold by the licensee and shipped to a person in this State. For the purposes of Section 8-1, a winery shipper licensee shall be taxed in the same manner as a manufacturer of wine. A licensee who is not otherwise required to register under the Retailers' Occupation Tax Act must register under the Use Tax Act to collect and remit use tax to the Department of Revenue for all gallons of wine that are sold by the licensee and shipped to persons in this State. If a licensee fails to remit the tax imposed under this Act in accordance with the provisions of Article VIII of this Act, the winery shipper's license shall be revoked in accordance with the provisions of Article VII of this Act. If a licensee fails to properly register and remit tax under the Use Tax Act or the Retailers' Occupation Tax Act for all wine that is sold by the winery shipper and shipped to persons in this State, the winery shipper's license shall be revoked in accordance with the provisions of Article VII of this Act.

A winery shipper licensee must collect, maintain, and submit to the Commission on a semi-annual basis the total number of cases per resident of wine shipped to residents of this State. A winery shipper licensed under this subsection (r) must comply with the requirements of Section 6-29 of this amendatory Act.

Pursuant to paragraph (5.1) or (5.3) of subsection (a) of Section 3-12, the State Commission may receive, respond to, and investigate any complaint and impose any of the remedies specified in paragraph (1) of subsection (a) of Section 3-12.

Fees collected under this Section shall be paid into the Dram Shop Fund. On and after July 1, 2003 and until June 30, 2016, of the funds received for a retailer's license, in addition to the first $175, an additional $75 shall be paid into the Dram Shop Fund, and $250 shall be paid into the General Revenue Fund. On and after June 30, 2016, one-half of the funds received for a retailer's license shall be paid into the Dram Shop Fund and one-half of the funds received for a retailer's license shall be paid into the General Revenue Fund. Beginning June 30, 1990 and on June 30 of each subsequent year through June 29, 2003, any balance over $5,000,000 remaining in the Dram Shop Fund shall be credited to State liquor licensees and applied against their fees for State liquor licenses for the following year. The amount credited to each licensee shall be a proportion of the balance in the Dram Fund that is the same as the proportion of the license fee paid by the licensee under this Section for the period in which the balance was accumulated to the aggregate fees paid by all licensees during that period.

No fee shall be paid for licenses issued by the State Commission to the following non-beverage users:

(a) Hospitals, sanitariums, or clinics when their use of alcoholic liquor is exclusively medicinal, mechanical or scientific.
(b) Universities, colleges of learning or schools when their use of alcoholic liquor is exclusively medicinal, mechanical or scientific.
(c) Laboratories when their use is exclusively for the purpose of scientific research.

(235 ILCS 5/6-29.1)
Sec. 6-29.1. Direct shipments of alcoholic liquor.
(a) The General Assembly makes the following findings:
(1) The General Assembly of Illinois, having reviewed this Act in light of the United States Supreme Court's 2005 decision in Granholm v. Heald, has determined to conform that law to the
constitutional principles enunciated by the Court in a manner that best preserves the temperance, revenue, and orderly distribution values of this Act.

(2) Minimizing automobile accidents and fatalities, domestic violence, health problems, loss of productivity, unemployment, and other social problems associated with dependency and improvident use of alcoholic beverages remains the policy of Illinois.

(3) To the maximum extent constitutionally feasible, Illinois desires to collect sufficient revenue from excise and use taxes on alcoholic beverages for the purpose of responding to such social problems.

(4) Combined with family education and individual discipline, retail validation of age, and assessment of the capacity of the consumer remains the best pre-sale social protection against the problems associated with the abuse of alcoholic liquor.

(5) Therefore, the paramount purpose of this amendatory Act is to continue to carefully limit direct shipment sales of wine produced by makers of wine and to continue to prohibit such direct shipment sales for spirits and beer.

For these reasons, the Commission shall establish a system to notify the out-of-state trade of this prohibition and to detect violations. The Commission shall request the Attorney General to extradite any offender.

(b) Pursuant to the Twenty-First Amendment of the United States Constitution allowing states to regulate the distribution and sale of alcoholic liquor and pursuant to the federal Webb-Kenyon Act declaring that alcoholic liquor shipped in interstate commerce must comply with state laws, the General Assembly hereby finds and declares that selling alcoholic liquor from a point outside this State through various direct marketing means, such as catalogs, newspapers, mailers, and the Internet, directly to residents of this State poses a serious threat to the State's efforts to prevent youths from accessing alcoholic liquor; to State revenue collections; and to the economy of this State.

Any person manufacturing, distributing, or selling alcoholic liquor who knowingly ships or transports or causes the shipping or transportation of any alcoholic liquor from a point outside this State to a person in this State who does not hold a manufacturer's, distributor's, importing distributor's, or non-resident dealer's license issued by the Liquor Control Commission, other than a shipment of sacramental wine to a bona fide

religious organization, a shipment authorized by Section 6-29, subparagraph (17) of Section 3-12, or any other shipment authorized by this Act, is in violation of this Act.

The Commission, upon determining, after investigation, that a person has violated this Section, shall give notice to the person by certified mail to cease and desist all shipments of alcoholic liquor into this State and to withdraw from this State within 5 working days after receipt of the notice all shipments of alcoholic liquor then in transit. *A person who violates the cease and desist notice is subject to the applicable penalties in subsection (a) of Section 10-1 of this Act.*

Whenever the Commission has reason to believe that a person has failed to comply with the Commission notice under this Section, it shall notify the Department of Revenue and file a complaint with the State's Attorney of the county where the alcoholic liquor was delivered or with appropriate law enforcement officials:

Failure to comply with the notice issued by the Commission under this Section constitutes a business offense for which the person shall be fined not more than $1,000 for a first offense, not more than $5,000 for a second offense, and not more than $10,000 for a third or subsequent offense. Each shipment of alcoholic liquor delivered in violation of the cease and desist notice shall constitute a separate offense.

(235 ILCS 5/10-1) (from Ch. 43, par. 183)

Sec. 10-1. Violations; penalties. Whereas a substantial threat to the sound and careful control, regulation, and taxation of the manufacture, sale, and distribution of alcoholic liquors exists by virtue of individuals who manufacture, import, distribute, or sell alcoholic liquors within the State without having first obtained a valid license to do so, and whereas such threat is especially serious along the borders of this State, and whereas such threat requires immediate correction by this Act, by active investigation and prosecution by law enforcement officials and prosecutors, and by prompt and strict enforcement through the courts of this State to punish violators and to deter such conduct in the future:

(a) Any person who manufactures, imports for distribution or use, transports from outside this State into this State, or distributes or sells 108 liters (28.53 gallons) or more of wine, 45 liters (11.88 gallons) or more of distilled spirits, or 118 liters (31.17 gallons) or more of beer alcoholic liquor at any place within the State without having first obtained a valid license to do so under the provisions of this Act shall be guilty of a

business offense and fined not more than $1,000 for the first such offense and shall be guilty of a Class 4 felony for each subsequent offense. However, any person who was duly licensed under this Act and whose license expired within 30 days prior to a violation shall be guilty of a business offense and fined not more than $1,000 for the first such offense and shall be guilty of a Class 4 felony for each subsequent offense.

Any person who manufactures, imports for distribution, transports from outside this State into this State for sale or resale in this State, or distributes or sells less than 108 liters (28.53 gallons) of wine, less than 45 liters (11.88 gallons) of distilled spirits, or less than 118 liters (31.17 gallons) of beer at any place within the State without having first obtained a valid license to do so under the provisions of this Act shall be guilty of a business offense and fined not more than $1,000 for the first such offense and shall be guilty of a Class 4 felony for each subsequent offense. This subsection does not apply to a motor carrier or freight forwarder, as defined in Section 13102 of Title 49 of the United States Code, an air carrier, as defined in Section 40102 of Title 49 of the United States Code, or a rail carrier, as defined in Section 10102 of Title 49 of the United States Code.

Any person who both has been issued an initial cease and desist notice from the State Commission and for compensation ships alcoholic liquor into this State without a license authorized by Section 5-1 issued by the State Commission or in violation of that license is guilty of a Class 4 felony for each offense.

(b) (1) Any retailer, licensed in this State, who knowingly causes to furnish, give, sell, or otherwise being within the State, any alcoholic liquor destined to be used, distributed, consumed or sold in another state, unless such alcoholic liquor was received in this State by a duly licensed distributor, or importing distributors shall have his license suspended for 7 days for the first offense and for the second offense, shall have his license revoked by the Commission.

(2) In the event the Commission receives a certified copy of a final order from a foreign jurisdiction that an Illinois retail licensee has been found to have violated that foreign jurisdiction's laws, rules, or regulations concerning the importation of alcoholic liquor into that foreign jurisdiction, the violation may be grounds for the Commission to revoke, suspend, or refuse to issue or renew a license, to impose a fine, or to take any additional action provided by this Act with respect to the Illinois retail

license or licensee. Any such action on the part of the Commission shall be in accordance with this Act and implementing rules.

For the purposes of paragraph (2): (i) "foreign jurisdiction" means a state, territory, or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico, and (ii) "final order" means an order or judgment of a court or administrative body that determines the rights of the parties respecting the subject matter of the proceeding, that remains in full force and effect, and from which no appeal can be taken.

(c) Any person who shall make any false statement or otherwise violates any of the provisions of this Act in obtaining any license hereunder, or who having obtained a license hereunder shall violate any of the provisions of this Act with respect to the manufacture, possession, distribution or sale of alcoholic liquor, or with respect to the maintenance of the licensed premises, or shall violate any other provision of this Act, shall for a first offense be guilty of a petty offense and fined not more than $500, and for a second or subsequent offense shall be guilty of a Class B misdemeanor.

(c-5) Any owner of an establishment that serves alcohol on its premises, if more than 50% of the establishment's gross receipts within the prior 3 months is from the sale of alcohol, who knowingly fails to prohibit concealed firearms on its premises or who knowingly makes a false statement or record to avoid the prohibition of concealed firearms on its premises under the Firearm Concealed Carry Act shall be guilty of a business offense with a fine up to $5,000.

(d) Each day any person engages in business as a manufacturer, foreign importer, importing distributor, distributor or retailer in violation of the provisions of this Act shall constitute a separate offense.

(e) Any person, under the age of 21 years who, for the purpose of buying, accepting or receiving alcoholic liquor from a licensee, represents that he is 21 years of age or over shall be guilty of a Class A misdemeanor.

(f) In addition to the penalties herein provided, any person licensed as a wine-maker in either class who manufactures more wine than authorized by his license shall be guilty of a business offense and shall be fined $1 for each gallon so manufactured.

(g) A person shall be exempt from prosecution for a violation of this Act if he is a peace officer in the enforcement of the criminal laws and such activity is approved in writing by one of the following:

PUBLIC ACT 99-0905
(Senate Bill No. 0440)

AN ACT concerning public employee benefits.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Pension Code is amended by changing Sections 5-153, 5-155, 5-163, 5-167.1, 5-167.4, 5-169, 5-170, 5-238, 6-128.4, 6-150, 6-158, 6-164, 6-166, 6-167, and 6-229 as follows:

(40 ILCS 5/5-153) (from Ch. 108 1/2, par. 5-153)
Sec. 5-153. Death benefit.

New matter indicated by italics - deletions by strikeout
(a) Effective January 1, 1962, an ordinary death benefit is payable on account of any policeman in service and in receipt of salary on or after such date, which benefit is in addition to all other annuities and benefits herein provided. This benefit is payable upon death of a policeman:

1. occurring in active service while in receipt of salary;
2. on an authorized and approved leave of absence, without salary, beginning on or after January 1, 1962, if the death occurs within 60 days from the date the employee was in receipt of salary; or otherwise in the service and not separated by resignation or discharge beginning January 1, 1962 if death occurs before his resignation or discharge from the service;
3. receiving duty disability or ordinary disability benefit;
4. occurring within 60 days from the date of termination of duty disability or ordinary disability benefit payments if re-entry into service had not occurred; or
5. occurring on retirement and while in receipt of an age and service annuity, Tier 2 monthly retirement annuity, or prior service annuity; provided (a) retirement on such annuity occurred on or after January 1, 1962, and (b) such separation from service was effective on or after the policeman's attainment of age 50, and (c) application for such annuity was made within 60 days after separation from service.

(b) The ordinary death benefit is payable to such beneficiary or beneficiaries as the policeman has nominated by written direction duly signed and acknowledged before an officer authorized to take acknowledgments, and filed with the board. If no such written direction has been filed or if the designated beneficiaries do not survive the policeman, payment of the benefit shall be made to his estate.

(c) Until December 31, 1977, if death occurs prior to retirement on annuity and before the policeman's attainment of age 50, the amount of the benefit payable is $6,000. If death occurs prior to retirement, at age 50 or over, the benefit of $6,000 shall be reduced $400 for each year (commencing on the policeman's attainment of age 50, and thereafter on each succeeding birthdate) that the policeman's age, at date of death, is more than age 50, but in no event below the amount of $2,000. However, if death results from injury incurred in the performance of an act or acts of duty, prior to retirement on annuity, the amount of the benefit payable is $6,000 notwithstanding the age attained.
Until December 31, 1977, if the policeman's death occurs while he is in receipt of an annuity, the benefit is $2,000 if retirement was effective upon attainment of age 55 or greater. If the policeman retired at age 50 or over and before age 55, the benefit of $2,000 shall be reduced $100 for each year or fraction of a year that the policeman's age at retirement was less than age 55 to a minimum payment of $1,500.

After December 31, 1977, and on or before January 1, 1986, if death occurs prior to retirement on annuity and before the policeman's attainment of age 50, the amount of the benefit payable is $7,000. If death occurs prior to retirement, at age 50 or over, the benefit of $7,000 shall be reduced $400 for each year (commencing on the policeman's attainment of age 50, and thereafter on each succeeding birthdate) that the policeman's age, at date of death, is more than age 50, but in no event below the amount of $3,000. However, if death results from injury incurred in the performance of an act or acts of duty, prior to retirement on annuity, the amount of the benefit payable is $7,000 notwithstanding the age attained.

After December 31, 1977, and on or before January 1, 1986, if the policeman's death occurs while he is in receipt of an annuity, the benefit is $2,250 if retirement was effective upon attainment of age 55 or greater. If the policeman retired at age 50 or over and before age 55, the benefit of $2,250 shall be reduced $100 for each year or fraction of a year that the policeman's age at retirement was less than age 55 to a minimum payment of $1,750.

After January 1, 1986, if death occurs prior to retirement on annuity and before the policeman's attainment of age 50, the amount of benefit payable is $12,000. If death occurs prior to retirement, at age 50 or over, the benefit of $12,000 shall be reduced $400 for each year (commencing on the policeman's attainment of age 50, and thereafter on each succeeding birthdate) that the policeman's age, at date of death, is more than age 50, but in no event below the amount of $6,000. However, if death results from injury in the performance of an act or acts of duty, prior to retirement on annuity, the amount of benefit payable is $12,000 notwithstanding the age attained.

After January 1, 1986, if the policeman's death occurs while he is in receipt of an annuity, the benefit is $6,000.

other than injury incurred in the performance of an act of duty, shall receive ordinary disability benefit during any period or periods of disability exceeding 30 days, for which he does not have a right to receive any part of his salary. Payment of such benefit shall not exceed, in the aggregate, throughout the total service of the policeman, a period equal to one-fourth of the service rendered to the city prior to the time he became disabled, nor more than 5 years. In computing such period of service, the time that the policeman received ordinary disability benefit shall not be included.

When a disabled policeman becomes age 63 or would have been retired by operation of law, whichever is later, the disability benefit shall cease. The policeman, if still disabled, shall thereafter receive such annuity as is provided in accordance with other provisions of this Article.

Ordinary disability benefit shall be 50% of the policeman's salary, as salary is defined in this Article (including the limitation in Section 5-238 if applicable), at the time disability occurs. Until September 1, 1969, before any payment, an amount equal to the sum ordinarily deducted from the policeman's salary for all annuity purposes for the period for which payment of ordinary disability benefit is made shall be deducted from such payment and credited as a deduction from salary for such period. Beginning September 1, 1969, the city shall also contribute all amounts ordinarily contributed by it for annuity purposes for the policeman as if he were in active discharge of his duties. Such sums so credited shall be regarded, for annuity and refund purposes, as sums contributed by the policeman.

Sec. 5-163. Refund - General. (a) A policeman, without regard to his period of service, who withdraws before age 50, and a policeman with less than 10 years of service who withdraws before age 57, is entitled to a refund of the amount deducted from his salary for age and service annuity or Tier 2 monthly retirement annuity, for automatic annual increase in annuity as provided in Section 5-167.1, and for widow's annuity or Tier 2 surviving spouse's annuity, together with interest at 1-1/2% per year on each deduction from the date of each deduction until the date of his withdrawal from the service.

(b) A policeman may receive a refund until the annuity to which he is entitled has been fixed. Thereafter, he shall have no such right of refund.

New matter indicated by italics - deletions by strikeout
(c) A policeman who withdraws the amount credited to him surrenders and forfeits all rights to any annuity or other benefit from the fund, for himself and for any other person or persons who might otherwise have benefited through him. The rights so forfeited shall be restored to him, his wife or widow and his children upon full repayment as provided in Section 5-164.

If the policeman subsequently re-enters service before age 57, and has not so repaid in full the amounts refunded the rights forfeited shall not be restored, but the policeman shall retain the right (which is also secured to the widow) to have the period of service represented by the refunds counted in the compensation of length of service, except as otherwise provided in Section 5-164.

(d) A policeman who has served less than 10 years who has not received a refund shall have all amounts to his credit for purposes on the date of his withdrawal improved by interest while he is out of service until he attains age 57, if he subsequently re-enters the service and attains a right to annuity.

(e) If a policeman elects to make additional contribution for past service as provided in Section 5-174 and fails to pay such contributions in full within the time specified in said section, a refund of the amount so paid, with interest at 1-1/2% per year, compounded annually, shall be refunded as provided in said section.

(f) If a policeman makes contributions in accordance with the provisions of Section 5-174(b) and subsequently returns to the position he holds by certification and appointment as the result of competitive civil service examination, he shall receive a refund of such contributions, upon application therefor, together with interest at 1-1/2% per year on each such deduction from the date it was made to the date of refund. Application for refund must be made before the annuity to which he has a right has been fixed.

Sec. 5-167.1. Automatic increase in annuity; retirement from service after September 1, 1967.

(a) A policeman who retires from service after September 1, 1967 with at least 20 years of service credit shall, upon either the first of the month following the first anniversary of his date of retirement if he is age 60 (age 55 if born before January 1, 1966) or over on that anniversary date, or upon the first of the month following his attainment of 20 years of service credit, be entitled to an increased annuity.
age 60 (age 55 if born before January 1, 1966) if it occurs after the first anniversary of his retirement date, have his then fixed and payable monthly annuity increased by 1 1/2% and such first fixed annuity as granted at retirement increased by an additional 1 1/2% in January of each year thereafter up to a maximum increase of 30%. Beginning January 1, 1983 for policemen born before January 1, 1930, and beginning January 1, 1988 for policemen born on or after January 1, 1930 but before January 1, 1940, and beginning January 1, 1996 for policemen born on or after January 1, 1945, and beginning January 1, 2000 for policemen born on or after January 1, 1950 but before January 1, 1955, and beginning January 1, 2005 for policemen born on or after January 1, 1955 but before January 1, 1966, and beginning January 1, 2017 for policemen born on or after January 1, 1955 but before January 1, 1966, such increases shall be 3% and such policemen shall not be subject to the 30% maximum increase.

Any policeman born before January 1, 1945 who qualifies for a minimum annuity and retires after September 1, 1967 but has not received the initial increase under this subsection before January 1, 1996 is entitled to receive the initial increase under this subsection on (1) January 1, 1996, (2) the first anniversary of the date of retirement, or (3) attainment of age 55, whichever occurs last. The changes to this Section made by Public Act 89-12 apply beginning January 1, 1996 and without regard to whether the policeman or annuitant terminated service before the effective date of that Act.

Any policeman born before January 1, 1950 who qualifies for a minimum annuity and retires after September 1, 1967 but has not received the initial increase under this subsection before January 1, 2000 is entitled to receive the initial increase under this subsection on (1) January 1, 2000, (2) the first anniversary of the date of retirement, or (3) attainment of age 55, whichever occurs last. The changes to this Section made by this amendatory Act of the 92nd General Assembly apply without regard to whether the policeman or annuitant terminated service before the effective date of this amendatory Act.

Any policeman born before January 1, 1955 who qualifies for a minimum annuity and retires after September 1, 1967 but has not received the initial increase under this subsection before January 1, 2005 is entitled to receive the initial increase under this subsection on (1) January 1, 2005, (2) the first anniversary of the date of retirement, or (3) attainment of age 55, whichever occurs last. amendatory Act of the 94th General Assembly apply without regard to whether the policeman or annuitant terminated service before the effective date of this amendatory Act.

Any policeman born before January 1, 1966 who qualifies for a minimum annuity and retires after September 1, 1967 but has not received the initial increase under this subsection before January 1, 2017 is entitled to receive an initial increase under this subsection on (1) January 1, 2017, (2) the first anniversary of the date of retirement, or (3) attainment of age 55, whichever occurs last, in an amount equal to 3% for each complete year following the date of retirement or attainment of age 55, whichever occurs later. The changes to this subsection made by this amendatory Act of the 99th General Assembly apply without regard to whether the policeman or annuitant terminated service before the effective date of this amendatory Act.

(b) Subsection (a) of this Section is not applicable to an employee receiving a term annuity.

(c) To help defray the cost of such increases in annuity, there shall be deducted, beginning September 1, 1967, from each payment of salary to a policeman, 1/2 of 1% of each salary payment concurrently with and in addition to the salary deductions otherwise made for annuity purposes.

The city, in addition to the contributions otherwise made by it for annuity purposes under other provisions of this Article, shall make matching contributions concurrently with such salary deductions.

Each such 1/2 of 1% deduction from salary and each such contribution by the city of 1/2 of 1% of salary shall be credited to the Automatic Increase Reserve, to be used to defray the cost of the 1 1/2% annuity increase provided by this Section. Any balance in such reserve as of the beginning of each calendar year shall be credited with interest at the rate of 3% per annum.

Such deductions from salary and city contributions shall continue while the policeman is in service.

The salary deductions provided in this Section are not subject to refund, except to the policeman himself, in any case in which: (i) the policeman withdraws prior to qualification for minimum annuity or Tier 2 monthly retirement annuity and applies for refund, (ii) the policeman applies for an annuity of a type that is not subject to annual increases under this Section, or (iii) and also where a term annuity becomes payable. In such cases, the total of such salary deductions shall be

refunded to the policeman, without interest, and charged to the Automatic Increase Reserve.

(d) Notwithstanding any other provision of this Article, the Tier 2 monthly retirement annuity of a person who first becomes a policeman under this Article on or after the effective date of this amendatory Act of the 97th General Assembly shall be increased on the January 1 occurring either on or after (i) the attainment of age 60 or (ii) the first anniversary of the annuity start date, whichever is later. Each annual increase shall be calculated at 3% or one-half the annual unadjusted percentage increase (but not less than zero) in the consumer price index-u for the 12 months ending with the September preceding each November 1, whichever is less, of the originally granted retirement annuity. If the annual unadjusted percentage change in the consumer price index-u for a 12-month period ending in September is zero or, when compared with the preceding period, decreases, then the annuity shall not be increased.

For the purposes of this subsection (d), "consumer price index-u" means the index published by the Bureau of Labor Statistics of the United States Department of Labor that measures the average change in prices of goods and services purchased by all urban consumers, United States city average, all items, 1982-84 = 100. The new amount resulting from each annual adjustment shall be determined by the Public Pension Division of the Department of Insurance and made available to the boards of the pension funds by November 1 of each year.

Sec. 5-167.4. Widow annuitant minimum annuity.

(a) Notwithstanding any other provision of this Article, beginning January 1, 1996, the minimum amount of widow's annuity payable to any person who is entitled to receive a widow's annuity under this Article is $700 per month, without regard to whether the deceased policeman is in service on or after the effective date of this amendatory Act of 1995.

Notwithstanding any other provision of this Article, beginning January 1, 1999, the minimum amount of widow's annuity payable to any person who is entitled to receive a widow's annuity under this Article is $800 per month, without regard to whether the deceased policeman is in service on or after the effective date of this amendatory Act of 1998.

Notwithstanding any other provision of this Article, beginning January 1, 2004, the minimum amount of widow's annuity payable to any person who is entitled to receive a widow's annuity under this Article is

$900 per month, without regard to whether the deceased policeman is in service on or after the effective date of this amendatory Act of the 93rd General Assembly.

Notwithstanding any other provision of this Article, beginning January 1, 2005, the minimum amount of widow's annuity payable to any person who is entitled to receive a widow's annuity under this Article is $1,000 per month, without regard to whether the deceased policeman is in service on or after the effective date of this amendatory Act of the 93rd General Assembly.

(b) Effective January 1, 1994, the minimum amount of widow's annuity shall be $700 per month for the following classes of widows, without regard to whether the deceased policeman is in service on or after the effective date of this amendatory Act of 1993: (1) the widow of a policeman who dies in service with at least 10 years of service credit, or who dies in service after June 30, 1981; and (2) the widow of a policeman who withdraws from service with 20 or more years of service credit and does not withdraw a refund, provided that the widow is married to the policeman before he withdraws from service.

(b-5) Notwithstanding any other provision of this Article, beginning January 1, 2017, the minimum widow's annuity under this Article shall be no less than 125% of the Federal Poverty Level for all persons receiving widow's annuities on or after that date, without regard to whether the deceased policeman is in service on or after the effective date of this amendatory Act of the 99th General Assembly. For purposes of this Section, "Federal Poverty Level" means the poverty guidelines applicable to an individual in a single-person household located in Illinois, as updated periodically in the Federal Register by the United States Department of Health and Human Services under the authority of 42 U.S.C. 9902(2).

(c) The city, in addition to the contributions otherwise made by it under the other provisions of this Article, shall make such contributions as are necessary for the minimum widow's annuities provided under this Section in the manner prescribed in Section 5-175.
1954 for a future entrant, 4%) and beginning January 1, 1954 and before August 1, 1957, 6%, and beginning August 1, 1957, 7% of each payment of the salary of each present employee and future entrant shall be deducted and contributed to the fund for age and service annuity or Tier 2 monthly retirement annuity. The deductions shall be made from each payment of salary and shall continue while the employee is in service.

Any policeman whose employment has been transferred to the police service of the city as a result of "An Act in relation to or exchange of certain functions, property and personnel among cities, and park districts having co-extensive geographic areas and populations in excess of 500,000", approved July 5, 1957, as now and hereafter amended, shall also contribute a sum equal to 2% of the total salary received by him in his employment between August 1, 1957 to July 17, 1959, with the park district from which he has been transferred together with interest on the unpaid contributions of 4% per annum from July 17, 1959 to the date such payments are made. Such additional sum may be paid at any time before the time such policeman enters into age and service annuity.

Concurrently with each such deduction, beginning on the effective date and prior to January 1, 1954, 8 1/2% (except for a future entrant beginning on July 1, 1939, 9 5/7%) and beginning January 1, 1954, 9 5/7% of each payment of salary shall be contributed by the city, but in the case of a future entrant who attains age 63 prior to January 1, 1988 while still in service, no contributions shall be made for the period between the date the employee attains age 63 and January 1, 1988.

(b) Each deduction from salary made prior to the date the age and service annuity for the employee is fixed, and each contribution by the city, shall be credited to the employee and be improved by interest for a present employee during the time he is in service until age and service annuity is fixed, and, for a future entrant, during the time he is in service. The sum accumulated shall be used to provide age and service annuity for the employee.

Beginning September 1, 1967, the deductions from salary provided in Section 5-167.1 shall also be made.

The deductions shall be made from each payment of salary and shall continue during the employee's service.

An employee in the service and over age 57 on the effective date of this amendatory Act of 1969 shall have the option of contributing 1% of salary together with the effective rate of interest for service rendered by him subsequent to his attainment of age 57 and prior to such effective date. If such retroactive contributions are made the wife or widow shall be entitled to the widow's annuity provided in Section 5-136.

Concurrently with each such deduction, the city shall contribute 2% of each such payment of salary.

Each deduction from salary and contribution by the city shall be allocated to the account of and credited to the employee. The amount so credited shall be improved at the applicable rate of interest; except that in the case of an employee who attains age 63 prior to January 1, 1988 while still in service, no interest shall be credited between the date the employee attains age 63 and January 1, 1988.

Sec. 5-238. Provisions applicable to new hires; Tier 2.

(a) Notwithstanding any other provision of this Article, the provisions of this Section apply to a person who first becomes a policeman under this Article on or after January 1, 2011, and to certain qualified survivors of such a policeman. Such persons, and the benefits and restrictions that apply specifically to them under this Article, may be referred to as "Tier 2".

(b) A policeman who has withdrawn from service, has attained age 50 or more, and who has 10 or more years of service in that capacity shall be entitled, upon proper application being received by the Fund, at his option to receive a Tier 2 monthly retirement annuity for his service as a police officer. The Tier 2 monthly retirement annuity shall be computed by multiplying 2.5% for each year of such service by his or her final average salary, subject to an annuity reduction factor of . The retirement annuity of a policeman who is retiring after attaining age 50 with 10 or more years of creditable service shall be reduced by one-half of 1% for each month that the police officer's age at retirement is under age 55. The

New matter indicated by italics - deletions by strikeout
Tier 2 monthly retirement annuity is in lieu of any age and service annuity or other form of retirement annuity under this Article.

The maximum retirement annuity under this subsection (b) shall be 75% of final average salary.

For the purposes of this subsection (b), "final average salary" means the average monthly salary obtained by dividing the total salary of the policeman during the 96 consecutive months of service within the last 120 months of service in which the total salary was the highest by the number of months of service in that period.

Beginning on January 1, 2011, for all purposes under this Code (including without limitation the calculation of benefits and employee contributions), the annual salary based on the plan year of a member or participant to whom this Section applies shall not exceed $106,800; however, that amount shall annually thereafter be increased by the lesser of (i) 3% of that amount, including all previous adjustments, or (ii) one-half the annual unadjusted percentage increase (but not less than zero) in the consumer price index-u for the 12 months ending with the September preceding each November 1, including all previous adjustments.

(c) Notwithstanding any other provision of this Article, for a person who first becomes a policeman under this Article on or after January 1, 2011, eligibility for and the amount of the annuity to which the qualified surviving spouse, children, and or parents are entitled under this subsection (c) shall be determined as follows:

(1) The surviving spouse of a deceased policeman to whom this Section applies shall be deemed qualified to receive a Tier 2 surviving spouse's annuity under this paragraph (1) if: (i) the deceased policeman meets the requirements specified under subdivision (A), (B), (C), or (D) of this paragraph (1); and (ii) the surviving spouse would not otherwise be excluded from receiving a widow's annuity under the eligibility requirements for a widow's annuity set forth in Section 5-146. The Tier 2 surviving spouse's annuity is in lieu of the widow's annuity determined under any other Section of this Article and is subject to the requirements of Section 5-147.1.

As used in this subsection (c), "earned annuity" means a Tier 2 monthly retirement annuity determined under subsection (b) of this Section, including any increases the policeman had received pursuant to Section 5-167.1.
(A) If the deceased policeman was receiving an earned annuity at the date of his or her death, the Tier 2 surviving spouse's annuity under this paragraph (1) shall be in the amount of 66 2/3% of the policeman's earned annuity at the date of death.

(B) If the deceased policeman was not receiving an earned annuity but had at least 10 years of service at the time of death, the Tier 2 surviving spouse's annuity under this paragraph (1) shall be the greater of: (i) 30% of the annual maximum salary attached to the classified civil service position of a first class patrolman at the time of his death; or (ii) 66 2/3% of the Tier 2 monthly retirement annuity that the deceased policeman would have been eligible to receive under subsection (b) of this Section, based upon the actual service accrued through the day before the policeman's death, but determined as though the policeman was at least age 55 on the day before his or her death and retired on that day.

(C) If the deceased policeman was an active policeman with at least 1 1/2 but less than 10 years of service at the time of death, the Tier 2 surviving spouse's annuity under this paragraph (1) shall be in the amount of 30% of the annual maximum salary attached to the classified civil service position of a first class patrolman at the time of his death.

(D) If the performance of an act or acts of duty results directly in the death of a policeman subject to this Section, or prevents him from subsequently resuming active service in the police department, and if the policeman's Tier 2 surviving spouse would otherwise meet the eligibility requirements for a compensation annuity or supplemental annuity granted under Section 5-144, then in addition to the Tier 2 surviving spouse's annuity provided under subdivision (A), (B), or (C) of this paragraph (1), whichever applies, the Tier 2 surviving spouse shall be qualified to receive compensation annuity or supplemental annuity, as would be provided under Section 5-144, in order to bring the total benefit up to the applicable 75% salary limitation provided in that Section, but subject to the

Tier 2 salary cap provided under subsection (b) of this Section; except that no such annuity shall be paid to the surviving spouse of a policeman who dies while in receipt of disability benefits when the policeman's death was caused by an intervening illness or injury unrelated to the illness or injury that had prevented him from subsequently resuming active service in the police department.

(E) Notwithstanding any other provision of this Article, the monthly Tier 2 surviving spouse's annuity under subdivision (A) or (B) of this paragraph (1) of a survivor of a person who first becomes a policeman under this Article on or after January 1, 2011 shall be increased on the January 1 next occurring after (i) attainment of age 60 by the recipient of the Tier 2 surviving spouse's annuity or (ii) the first anniversary of the Tier 2 surviving spouse's annuity start date, whichever is later, survivor's annuity and on each January 1 thereafter, by 3% or one-half the annual unadjusted percentage increase (but not less than zero) in the consumer price index-u for the 12 months ending with the September preceding each November 1, whichever is less, of the originally granted Tier 2 surviving spouse's survivor's annuity. If the unadjusted percentage change in the consumer price index-u for a 12-month period ending in September is zero or, when compared with the preceding period, decreases, then the annuity shall not be increased.

For the purposes of this Section, "consumer price index-u" means the index published by the Bureau of Labor Statistics of the United States Department of Labor that measures the average change in prices of goods and services purchased by all urban consumers, United States city average, all items, 1982-84 = 100. The new amount resulting from each annual adjustment shall be determined by the Public Pension Division of the Department of Insurance and made available to the boards of the pension funds.

(F) Notwithstanding the other provisions of this paragraph (1), for a qualified surviving spouse who is entitled to a Tier 2 surviving spouse's annuity under

New matter indicated by italics - deletions by strikeout
subdivision (A), (B), (C), or (D) of this paragraph (1), that Tier 2 surviving spouse's annuity shall not be less than the amount of the minimum widow's annuity established from time to time under Section 5-167.4.

(2) Surviving children of a deceased policeman subject to this Section who would otherwise meet the eligibility requirements for a child's annuity set forth in Sections 5-151 and 5-152 shall be deemed qualified to receive a Tier 2 child's annuity under this subsection (c), which shall be in lieu of, but in the same amount and paid in the same manner as, the child's annuity provided under those Sections; except that any salary used for computing a Tier 2 child's annuity shall be subject to the Tier 2 salary cap provided under subsection (b) of this Section. For purposes of determining any pro rata reduction in child's annuities under this subsection (c), references in Section 5-152 to the combined annuities of the family shall be deemed to refer to the combined Tier 2 surviving spouse's annuity, if any, and the Tier 2 child's annuities payable under this subsection (c).

(3) Surviving parents of a deceased policeman subject to this Section who would otherwise meet the eligibility requirements for a parent's annuity set forth in Section 5-152 shall be deemed qualified to receive a Tier 2 parent's annuity under this subsection (c), which shall be in lieu of, but in the same amount and paid in the same manner as, the parent's annuity provided under Section 5-152.1; except that any salary used for computing a Tier 2 parent's annuity shall be subject to the Tier 2 salary cap provided under subsection (b) of this Section. For the purposes of this Section, a reference to "annuity" in Section 5-152.1 includes: (i) in the context of a widow, a Tier 2 surviving spouse's annuity and (ii) in the context of a child, a Tier 2 child's annuity.

(d) The General Assembly finds and declares that the provisions of this Section, as enacted by Public Act 96-1495, require clarification relating to necessary eligibility standards and the manner of determining and paying the intended Tier 2 benefits and contributions in order to enable the Fund to unambiguously implement and administer benefits for Tier 2 members. The changes to this Section and the conforming changes to Sections 5-153, 5-155, 5-163, 5-167.1 (except for the changes to subsection (a) of that Section), 5-169, and 5-170 made by this amendatory Act of the 99th General Assembly are enacted to clarify the provisions of

Sec. 6-128.4. Minimum widow's annuities.

(a) Notwithstanding any other provision of this Article, beginning January 1, 1996, the minimum amount of widow's annuity payable to any person who is entitled to receive a widow's annuity under this Article is $700 per month, without regard to whether the deceased fireman is in service on or after the effective date of this amendatory Act of 1995.

(b) Notwithstanding Section 6-128.3, beginning January 1, 1994, the minimum widow's annuity under this Article shall be $700 per month for (1) all persons receiving widow's annuities on that date who are survivors of employees who retired at age 50 or over with at least 20 years of service, and (2) persons who become eligible for widow's annuities and are survivors of employees who retired at age 50 or over with at least 20 years of service.

(c) Notwithstanding Section 6-128.3, beginning January 1, 1999, the minimum widow's annuity under this Article shall be $800 per month for (1) all persons receiving widow's annuities on that date who are survivors of employees who retired at age 50 or over with at least 20 years of service, and (2) persons who become eligible for widow's annuities and are survivors of employees who retired at age 50 or over with at least 20 years of service.

(d) Notwithstanding Section 6-128.3, beginning January 1, 2004, the minimum widow's annuity under this Article shall be $900 per month for all persons receiving widow's annuities on or after that date, without regard to whether the deceased fireman is in service on or after the effective date of this amendatory Act of the 93rd General Assembly.

(e) Notwithstanding Section 6-128.3, beginning January 1, 2005, the minimum widow's annuity under this Article shall be $1,000 per month.

Sec. 6-150. Death benefit.

(a) Effective January 1, 1962, an ordinary death benefit shall be payable on account of any fireman in service and in receipt of salary on or after such date, which benefit shall be in addition to all other annuities and benefits herein provided. This benefit shall be payable upon death of a fireman:

(1) occurring in active service while in receipt of salary;
(2) on an authorized and approved leave of absence, without salary, beginning on or after January 1, 1962, if the death occurs within 60 days from the date the fireman was in receipt of salary;
(3) receiving duty, occupational disease, or ordinary disability benefit;
(4) occurring within 60 days from the date of termination of duty disability, occupational disease disability or ordinary disability benefit payments if re-entry into service had not occurred; or
(5) occurring on retirement and while in receipt of an age and service annuity, prior service annuity, Tier 2 monthly retirement annuity, or minimum annuity; provided (a) retirement on such annuity occurred on or after January 1, 1962, and (b) such separation from service was effective on or after the fireman's attainment of age 50, and (c) application for such annuity was made within 60 days after separation from service.

(b) The ordinary death benefit shall be payable to such beneficiary or beneficiaries as the fireman has nominated by written direction duly signed and acknowledged before an officer authorized to take acknowledgments, and filed with the board. If no such written direction has been filed or if the designated beneficiaries do not survive the fireman, payment of the benefit shall be made to his estate.

(c) Beginning July 1, 1983, if death occurs prior to retirement on annuity and before the fireman's attainment of age 50, the amount of the benefit payable shall be $12,000. Beginning July 1, 1983, if death occurs prior to retirement, at age 50 or over, the benefit of $12,000 shall be reduced $400 for each year (commencing on the fireman's attainment of age 50 and thereafter on each succeeding birth date) that the fireman's age, at date of death, is more than age 49, but in no event below the amount of $6,000.

Beginning July 1, 1983, if the fireman's death occurs while he is in receipt of an annuity, the benefit shall be $6,000.

Sec. 6-158. Refund - General.

(a) A fireman who withdraws before age 50 and a fireman with less than 10 years of service who withdraws before age 57, or any fireman who withdraws and enters the service of another department of the city, has a right to a refund of the entire amount to his credit as of the date of withdrawal for age and service annuity or Tier 2 monthly retirement annuity, for automatic annual increase in annuity as provided in Section 6-164, and for widow's annuity or Tier 2 surviving spouse's annuity, from deductions from salary.

(b) Any such fireman shall be entitled to refund until he re-enters service or until his annuity is fixed.

(c) A fireman who receives a refund forfeits all rights to any annuity or benefit from the fund, for himself and for any other person who might benefit through him because of his service, provided he shall retain the right to credit for any such service, for the purpose of computing his total service if he re-enters service before age 57, becomes a beneficiary of the fund and makes repayment of the refund with interest.

(d) A fireman completing 10 years of service who does not receive a refund, may receive an annuity as provided in this Article.

Sec. 6-164. Automatic annual increase; retirement after September 1, 1959.

(a) A fireman qualifying for a minimum annuity who retires from service after September 1, 1959 shall, upon either the first of the month following the first anniversary of his date of retirement if he is age 60 (age 55 if born before January 1, 1966) or over on that anniversary date, or upon the first of the month following his attainment of age 60 (age 55 if born before January 1, 1966) if that occurs after the first anniversary of his retirement date, have his then fixed and payable monthly annuity increased by 1 1/2%, and such first fixed annuity as granted at retirement increased by an additional 1 1/2% in January of each year thereafter up to a maximum increase of 30%. Beginning July 1, 1982 for firemen born before January 1, 1930, and beginning January 1, 1990 for firemen born after December 31, 1929 and before January 1, 1940, and beginning January 1, 1996 for firemen born after December 31, 1939 but before January 1, 1945, and beginning January 1, 1996, and beginning January 1, 2017, for firemen born after December 31, 1954 but before January 1, 1966, such increases shall be 3% and such firemen shall not be subject to the 30% maximum increase.

Any fireman born before January 1, 1945 who qualifies for a minimum annuity and retires after September 1, 1967 but has not received the initial increase under this subsection before January 1, 1996 is entitled to receive the initial increase under this subsection on (1) January 1, 1996, (2) the first anniversary of the date of retirement, or (3) attainment of age 55, whichever occurs last. The changes to this Section made by this amendatory Act of 1995 apply beginning January 1, 1996 and apply without regard to whether the fireman or annuitant terminated service before the effective date of this amendatory Act of 1995.

Any fireman born before January 1, 1955 who qualifies for a minimum annuity and retires after September 1, 1967 but has not received the initial increase under this subsection before January 1, 2004 is entitled to receive the initial increase under this subsection on (1) January 1, 2004,
(2) the first anniversary of the date of retirement, or (3) attainment of age 55, whichever occurs last. The changes to this Section made by this amendatory Act of the 93rd General Assembly apply without regard to whether the fireman or annuitant terminated service before the effective date of this amendatory Act.

Any fireman born before January 1, 1966 who qualifies for a minimum annuity and retires after September 1, 1967 but has not received the initial increase under this subsection before January 1, 2017 is entitled to receive an initial increase under this subsection on (1) January 1, 2017, (2) the first anniversary of the date of retirement, or (3) attainment of age 55, whichever occurs last, in an amount equal to 3% for each complete year following the date of retirement or attainment of age 55, whichever occurs later. The changes to this subsection made by this amendatory Act of the 99th General Assembly apply without regard to whether the fireman or annuitant terminated service before the effective date of this amendatory Act.

(b) Subsection (a) of this Section is not applicable to an employee receiving a term annuity.

c) To help defray the cost of such increases in annuity, there shall be deducted, beginning September 1, 1959, from each payment of salary to a fireman, 1/8 of 1% of each such salary payment and an additional 1/8 of 1% beginning on September 1, 1961, and September 1, 1963, respectively, concurrently with and in addition to the salary deductions otherwise made for annuity purposes.

Each such additional 1/8 of 1% deduction from salary which shall, on September 1, 1963, result in a total increase of 3/8 of 1% of salary, shall be credited to the Automatic Increase Reserve, to be used, together with city contributions as provided in this Article, to defray the cost of the 1 1/2% annuity increments herein specified in this Section. Any balance in such reserve as of the beginning of each calendar year shall be credited with interest at the rate of 3% per annum.

The salary deductions provided in this Section are not subject to refund, except to the fireman himself; in any case in which: (i) the fireman withdraws prior to qualification for minimum annuity or Tier 2 monthly retirement annuity and applies for refund, (ii) the fireman applies for an annuity of a type that is not subject to annual increases under this Section, or (iii) a term annuity becomes payable. In such cases, the total of such salary deductions shall be

refunded to the fireman, without interest, and charged to the aforementioned reserve.

(d) Notwithstanding any other provision of this Article, the Tier 2 monthly retirement annuity of a person who first becomes a fireman under this Article on or after January 1, 2011 shall be increased on the January 1 occurring either on or after (i) the attainment of age 60 or (ii) the first anniversary of the annuity start date, whichever is later. Each annual increase shall be calculated at 3% or one-half the annual unadjusted percentage increase (but not less than zero) in the consumer price index-u for the 12 months ending with the September preceding each November 1, whichever is less, of the originally granted retirement annuity. If the annual unadjusted percentage change in the consumer price index-u for a 12-month period ending in September is zero or, when compared with the preceding period, decreases, then the annuity shall not be increased.

For the purposes of this subsection (d), "consumer price index-u" means the index published by the Bureau of Labor Statistics of the United States Department of Labor that measures the average change in prices of goods and services purchased by all urban consumers, United States city average, all items, 1982-84 = 100. The new amount resulting from each annual adjustment shall be determined by the Public Pension Division of the Department of Insurance and made available to the boards of the pension funds by November 1 of each year.

Sec. 6-166. Contributions for age and service annuities or Tier 2 monthly retirement annuities for present employees and future entrants.

(a) After the effective date and prior to July 1, 1953, 3 1/2%, and after June 30, 1953, and prior to September 1, 1959, 6%, and beginning September 1, 1959, 7 1/8% of each payment of the salary of each present employee and future entrant shall be deducted and contributed to the fund for age and service annuity or Tier 2 monthly retirement annuity. The deductions shall be made at the time payments of salary are payable and shall continue while the employee is in service.

Concurrently with each such contribution, the city shall contribute 8 1/2% of each payment of salary, but the city contributions shall cease for all employees upon their attainment of age 63.

Sec. 6-229. Provisions applicable to new hires; Tier 2.

(a) Notwithstanding any other provision of this Article, the provisions of this Section apply to a person who first becomes a fireman under this Article on or after January 1, 2011, and to certain qualified survivors of such a fireman. Such persons, and the benefits and restrictions that apply specifically to them under this Article, may be referred to as “Tier 2”.

(b) A fireman who has withdrawn from service, has attained age 50 or more, and who has 10 or more years of service in that capacity shall be entitled, upon proper application being received by the Fund, at his option to receive a Tier 2 monthly retirement annuity for his service as a fireman. The Tier 2 monthly retirement annuity shall be computed by

multiplying 2.5% for each year of such service by his or her final average salary, subject to an annuity reduction factor of The retirement annuity of a fireman who is retiring after attaining age 50 with 10 or more years of creditable service shall be reduced by one-half of 1% for each month that the fireman's age at retirement is under age 55. The Tier 2 monthly retirement annuity is in lieu of any age and service annuity or other form of retirement annuity under this Article.

The maximum retirement annuity under this subsection (b) shall be 75% of final average salary.

For the purposes of this subsection (b), "final average salary" means the average monthly salary obtained by dividing the total salary of the fireman during the 96 consecutive months of service within the last 120 months of service in which the total salary was the highest by the number of months of service in that period.

Beginning on January 1, 2011, for all purposes under this Code (including without limitation the calculation of benefits and employee contributions), the annual salary based on the plan year of a member or participant to whom this Section applies shall not exceed $106,800; however, that amount shall annually thereafter be increased by the lesser of (i) 3% of that amount, including all previous adjustments, or (ii) one-half the annual unadjusted percentage increase (but not less than zero) in the consumer price index-u for the 12 months ending with the September preceding each November 1, including all previous adjustments.

(b-5) For the purposes of this Section, "consumer price index-u" means the index published by the Bureau of Labor Statistics of the United States Department of Labor that measures the average change in prices of goods and services purchased by all urban consumers, United States city average, all items, 1982-84 = 100. The new amount resulting from each annual adjustment shall be determined by the Public Pension Division of the Department of Insurance and made available to the boards of the retirement systems and pension funds by November 1 of each year.

(c) Notwithstanding any other provision of this Article, for a person who first becomes a fireman under this Article on or after January 1, 2011, eligibility for and the amount of the annuity to which the qualified surviving spouse, children, and or parents of the fireman are entitled under this subsection (c) shall be determined as follows:

(1) The surviving spouse of a deceased fireman to whom this Section applies shall be deemed qualified to receive a Tier 2 surviving spouse's annuity under this paragraph (1) if: (i) the
deceased fireman meets the requirements specified under subdivision (A), (B), (C), or (D) of this paragraph (1); and (ii) the surviving spouse would not otherwise be excluded from receiving a widow's annuity under the eligibility requirements for a widow's annuity set forth in Section 6-142. The Tier 2 surviving spouse's annuity is in lieu of the widow's annuity determined under any other Section of this Article and is subject to the requirements of Section 6-143.2.

As used in this subsection (c), "earned pension" means a Tier 2 monthly retirement annuity determined under subsection (b) of this Section, including any increases the fireman had received pursuant to Section 6-164.

(A) If the deceased fireman was receiving an earned pension at the date of his or her death, the Tier 2 surviving spouse's annuity under this paragraph (1) shall be in the amount of 66 2/3% of the fireman's earned pension at the date of death.

(B) If the deceased fireman was not receiving an earned pension but had at least 10 years of service at the time of death, the Tier 2 surviving spouse's annuity under this paragraph (1) shall be the greater of: (i) 30% of the salary attached to the rank of first class firefighter in the classified career service at the time of the fireman's death; or (ii) 66 2/3% of the Tier 2 monthly retirement annuity that the deceased fireman would have been eligible to receive under subsection (b) of this Section, based upon the actual service accrued through the day before the fireman's death, but determined as though the fireman was at least age 55 on the day before his or her death and retired on that day.

(C) If the deceased fireman was an active fireman with at least 1 1/2 but less than 10 years of service at the time of death, the Tier 2 surviving spouse's annuity under this paragraph (1) shall be in the amount of 30% of the salary attached to the rank of first class firefighter in the classified career service at the time of the fireman's death.

(D) Notwithstanding subdivisions (A), (B), and (C) of this paragraph (1), if the performance of an act or acts of duty results directly in the death of a fireman subject to

New matter indicated by italics - deletions by strikeout
this Section, or prevents him from subsequently resuming active service in the fire department, then a surviving spouse who would otherwise meet the eligibility requirements for a death in the line of duty widow's annuity granted under Section 6-140 shall be deemed to be qualified for a Tier 2 surviving spouse's annuity under this subdivision (D); except that no such annuity shall be paid to the surviving spouse of a fireman who dies while in receipt of disability benefits when the fireman's death was caused by an intervening illness or injury unrelated to the illness or injury that had prevented him from subsequently resuming active service in the fire department. The Tier 2 surviving spouse's annuity calculated under this subdivision (D) shall be in lieu of, but in the same amount and paid in the same manner as, the widow's annuity provided under Section 6-140; except that the salary used for computing a Tier 2 surviving spouse's annuity under this subdivision (D) shall be subject to the Tier 2 salary cap provided under subsection (b) of this Section.

(E) Notwithstanding any other provision of this Article, the monthly Tier 2 surviving spouse's annuity under subdivision (A) or (B) of this paragraph (1) of a survivor of a person who first becomes a fireman under this Article on or after January 1, 2011 shall be increased on the January 1 next occurring after (i) attainment of age 60 by the recipient of the Tier 2 surviving spouse's annuity or (ii) the first anniversary of the Tier 2 surviving spouse's annuity start date, whichever is later, survivor's pension and on each January 1 thereafter, by 3% or one-half the annual unadjusted percentage increase in the consumer price index-u for the 12 months ending with September preceding each November 1, whichever is less, of the originally granted Tier 2 surviving spouse's survivor's annuity. If the annual unadjusted percentage change in the consumer price index-u for a 12-month period ending in September is zero or, when compared with the preceding period, decreases, then the annuity shall not be increased.

(F) Notwithstanding the other provisions of this paragraph (1), for a qualified surviving spouse who is

entitled to a Tier 2 surviving spouse's annuity under subdivision (A), (B), (C), or (D) of this paragraph (1), that Tier 2 surviving spouse's annuity shall not be less than the amount of the minimum widow's annuity established from time to time under Section 6-128.4.

(2) Surviving children of a deceased fireman subject to this Section who would otherwise meet the eligibility requirements for a child's annuity set forth in Sections 6-147 and 6-148 shall be deemed qualified to receive a Tier 2 child's annuity under this subsection (c), which shall be in lieu of, but in the same amount and paid in the same manner as, the child's annuity provided under those Sections; except that any salary used for computing a Tier 2 child's annuity shall be subject to the Tier 2 salary cap provided under subsection (b) of this Section. For purposes of determining any pro rata reduction in child's annuities under this subsection (c), references in Section 6-148 to the combined annuities of the family shall be deemed to refer to the combined Tier 2 surviving spouse's annuity, if any, and the Tier 2 child's annuities payable under this subsection (c).

(3) Surviving parents of a deceased fireman subject to this Section who would otherwise meet the eligibility requirements for a parent's annuity set forth in Section 6-149 shall be deemed qualified to receive a Tier 2 parent's annuity under this subsection (c), which shall be in lieu of, but in the same amount and paid in the same manner as, the parent's annuity provided under Section 6-149; except that any salary used for computing a Tier 2 parent's annuity shall be subject to the Tier 2 salary cap provided under subsection (b) of this Section. For the purposes of this Section, a reference to "annuity" in Section 6-149 includes: (i) in the context of a widow, a Tier 2 surviving spouse's annuity and (ii) in the context of a child, a Tier 2 child's annuity.

(d) The General Assembly finds and declares that the provisions of this Section, as enacted by Public Act 96-1495, require clarification relating to necessary eligibility standards and the manner of determining and paying the intended Tier 2 benefits and contributions in order to enable the Fund to unambiguously implement and administer benefits for Tier 2 members. The changes to this Section and the conforming changes to Sections 6-150, 6-158, 6-164 (except for the changes to subsection (a) of that Section), 6-166, and 6-167 made by this amendatory Act of the 99th New matter indicated by italics - deletions by strikeout

Section 90. The State Mandates Act is amended by adding Section 8.40 as follows:

(30 ILCS 805/8.40 new)

Sec. 8.40. Exempt mandate. Notwithstanding Sections 6 and 8 of this Act, no reimbursement by the State is required for the implementation of any mandate created by this amendatory Act of the 99th General Assembly.

Section 99. Effective date. This Act takes effect upon becoming law.

Passed in the General Assembly June, 6, 2016.

Governor Returns Bill with Recommendation For Change (Amendatory Veto of August 26, 2016) August 26, 2016.

Effective November 30, 2016.

PUBLIC ACT 99-0906
(Senate Bill No. 2814)

AN ACT concerning regulation.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Findings.
(a) In 2011, the General Assembly encouraged and enabled the State's largest electric utilities to undertake substantial investment to refurbish, rebuild, modernize, and expand Illinois' century-old electric grid. Among those investments were the deployment of a smart grid and

New matter indicated by italics - deletions by strikeout
advanced metering infrastructure platform that would be accessible to all retail customers through new, digital smart meters. This investment, now well underway, not only allows utilities to continue to provide safe, reliable, and affordable service to the State's current and future utility customers, but also empowers the citizens of this State to directly access and participate in the rapidly emerging clean energy economy while also presenting them with unprecedented choices in their source of energy supply and pricing.

To ensure that the State and its citizens, including low-income citizens, are equipped to enjoy the opportunities and benefits of the smart grid and evolving clean energy marketplace, the General Assembly finds and declares that Illinois should continue in its efforts to build the grid of the future using the smart grid and advanced metering infrastructure platform, as well as maximize the impact of the State's existing energy efficiency and renewable energy portfolio standards. Specifically, the General Assembly finds that:

1. the State should encourage the adoption and deployment of cost-effective distributed energy resource technologies and devices, such as photovoltaics, which can encourage private investment in renewable energy resources, stimulate economic growth, enhance the continued diversification of Illinois' energy resource mix, and protect the Illinois environment; investment in renewable energy resources, including, but not limited to, photovoltaic distributed generation, which should benefit all citizens of the State, including low-income households; and

2. the State's existing energy efficiency standard should be updated to ensure that customers continue to realize increased value, to incorporate and optimize measures enabled by the smart grid, including voltage optimization measures, and to provide incentives for electric utilities to achieve the energy savings goals. (b) The General Assembly finds that low-income customers should be included within the State's efforts to expand the use of distributed generation technologies and devices.

Section 1.5. Zero emission standard legislative findings. The General Assembly finds and declares:

1. Reducing emissions of carbon dioxide and other air pollutants, such as sulfur oxides, nitrogen oxides, and particulate
matters, is critical to improving air quality in Illinois for Illinois residents.

(2) Sulfur oxides, nitrogen oxides, and particulate emissions have significant adverse health effects on persons exposed to them, and carbon dioxide emissions result in climate change trends that could significantly adversely impact Illinois.

(3) The existing renewable portfolio standard has been successful in promoting the growth of renewable energy generation to reduce air pollution in Illinois. However, to achieve its environmental goals, Illinois must expand its commitment to zero emission energy generation and value the environmental attributes of zero emission generation that currently falls outside the scope of the existing renewable portfolio standard, including, but not limited to, nuclear power.

(4) Preserving existing zero emission energy generation and promoting new zero emission energy generation is vital to placing the State on a glide path to achieving its environmental goals and ensuring that air quality in Illinois continues to improve.

(5) The Illinois Commerce Commission, the Illinois Power Agency, the Illinois Environmental Protection Agency, and the Department of Commerce and Economic Opportunity issued a report dated January 5, 2015 titled "Potential Nuclear Power Plant Closings in Illinois" (the Report), which addressed the issues identified by Illinois House Resolution 1146 of the 98th General Assembly, which, among other things, urged the Illinois Environmental Protection Agency to prepare a report showing how the premature closure of existing nuclear power plants in Illinois will affect the societal cost of increased greenhouse gas emissions based upon the Environmental Protection Agency's published societal cost of greenhouse gases.

(6) The Report also included analysis from PJM Interconnection, LLC, which identified significant adverse consequences for electric reliability, including significant voltage and thermal violations in the interstate transmission network, in the event that Illinois' existing nuclear facilities close prematurely. The Report also found that nuclear power plants are among the most reliable sources of energy, which means that electricity from nuclear power plants is available on the electric grid all hours of
the day and when needed, thereby always reducing carbon emissions.

(7) Illinois House Resolution 1146 further urged that the Report make findings concerning potential market-based solutions that will ensure that the premature closure of these nuclear power plants does not occur and that the associated dire consequences to the environment, electric reliability, and the regional economy are averted.

(8) The Report identified potential market-based solutions that will ensure that the premature closure of these nuclear power plants does not occur and that the associated dire consequences to the environment, electric reliability, and the regional economy are averted.

The General Assembly further finds that the Social Cost of Carbon is an appropriate valuation of the environmental benefits provided by zero emission facilities, provided that the valuation is subject to a price adjustment that can reduce the price for zero emission credits below the Social Cost of Carbon. This will ensure that the procurement of zero emission credits remains affordable for retail customers even if energy and capacity prices are projected to rise above 2016 levels reflected in the baseline market price index.

The General Assembly therefore finds that it is necessary to establish and implement a zero emission standard, which will increase the State's reliance on zero emission energy through the procurement of zero emission credits from zero emission facilities, in order to achieve the State's environmental objectives and reduce the adverse impact of emitted air pollutants on the health and welfare of the State's citizens.

Section 3. The Illinois Administrative Procedure Act is amended by changing Section 5-45 as follows:

(5 ILCS 100/5-45) (from Ch. 127, par. 1005-45)
Sec. 5-45. Emergency rulemaking.
(a) "Emergency" means the existence of any situation that any agency finds reasonably constitutes a threat to the public interest, safety, or welfare.

(b) If any agency finds that an emergency exists that requires adoption of a rule upon fewer days than is required by Section 5-40 and states in writing its reasons for that finding, the agency may adopt an emergency rule without prior notice or hearing upon filing a notice of emergency rulemaking with the Secretary of State under Section 5-70. The

New matter indicated by italics - deletions by strikeout
notice shall include the text of the emergency rule and shall be published in the Illinois Register. Consent orders or other court orders adopting settlements negotiated by an agency may be adopted under this Section. Subject to applicable constitutional or statutory provisions, an emergency rule becomes effective immediately upon filing under Section 5-65 or at a stated date less than 10 days thereafter. The agency's finding and a statement of the specific reasons for the finding shall be filed with the rule. The agency shall take reasonable and appropriate measures to make emergency rules known to the persons who may be affected by them.

(c) An emergency rule may be effective for a period of not longer than 150 days, but the agency's authority to adopt an identical rule under Section 5-40 is not precluded. No emergency rule may be adopted more than once in any 24-month period, except that this limitation on the number of emergency rules that may be adopted in a 24-month period does not apply to (i) emergency rules that make additions to and deletions from the Drug Manual under Section 5-5.16 of the Illinois Public Aid Code or the generic drug formulary under Section 3.14 of the Illinois Food, Drug and Cosmetic Act, (ii) emergency rules adopted by the Pollution Control Board before July 1, 1997 to implement portions of the Livestock Management Facilities Act, (iii) emergency rules adopted by the Illinois Department of Public Health under subsections (a) through (i) of Section 2 of the Department of Public Health Act when necessary to protect the public's health, (iv) emergency rules adopted pursuant to subsection (n) of this Section, (v) emergency rules adopted pursuant to subsection (o) of this Section, or (vi) emergency rules adopted pursuant to subsection (c-5) of this Section. Two or more emergency rules having substantially the same purpose and effect shall be deemed to be a single rule for purposes of this Section.

(c-5) To facilitate the maintenance of the program of group health benefits provided to annuitants, survivors, and retired employees under the State Employees Group Insurance Act of 1971, rules to alter the contributions to be paid by the State, annuitants, survivors, retired employees, or any combination of those entities, for that program of group health benefits, shall be adopted as emergency rules. The adoption of those rules shall be considered an emergency and necessary for the public interest, safety, and welfare.

(d) In order to provide for the expeditious and timely implementation of the State's fiscal year 1999 budget, emergency rules to implement any provision of Public Act 90-587 or 90-588 or any other
budget initiative for fiscal year 1999 may be adopted in accordance with this Section by the agency charged with administering that provision or initiative, except that the 24-month limitation on the adoption of emergency rules and the provisions of Sections 5-115 and 5-125 do not apply to rules adopted under this subsection (d). The adoption of emergency rules authorized by this subsection (d) shall be deemed to be necessary for the public interest, safety, and welfare.

(e) In order to provide for the expeditious and timely implementation of the State's fiscal year 2000 budget, emergency rules to implement any provision of Public Act 91-24 or any other budget initiative for fiscal year 2000 may be adopted in accordance with this Section by the agency charged with administering that provision or initiative, except that the 24-month limitation on the adoption of emergency rules and the provisions of Sections 5-115 and 5-125 do not apply to rules adopted under this subsection (e). The adoption of emergency rules authorized by this subsection (e) shall be deemed to be necessary for the public interest, safety, and welfare.

(f) In order to provide for the expeditious and timely implementation of the State's fiscal year 2001 budget, emergency rules to implement any provision of Public Act 91-712 or any other budget initiative for fiscal year 2001 may be adopted in accordance with this Section by the agency charged with administering that provision or initiative, except that the 24-month limitation on the adoption of emergency rules and the provisions of Sections 5-115 and 5-125 do not apply to rules adopted under this subsection (f). The adoption of emergency rules authorized by this subsection (f) shall be deemed to be necessary for the public interest, safety, and welfare.

(g) In order to provide for the expeditious and timely implementation of the State's fiscal year 2002 budget, emergency rules to implement any provision of Public Act 92-10 or any other budget initiative for fiscal year 2002 may be adopted in accordance with this Section by the agency charged with administering that provision or initiative, except that the 24-month limitation on the adoption of emergency rules and the provisions of Sections 5-115 and 5-125 do not apply to rules adopted under this subsection (g). The adoption of emergency rules authorized by this subsection (g) shall be deemed to be necessary for the public interest, safety, and welfare.

(h) In order to provide for the expeditious and timely implementation of the State's fiscal year 2003 budget, emergency rules to
implement any provision of Public Act 92-597 or any other budget initiative for fiscal year 2003 may be adopted in accordance with this Section by the agency charged with administering that provision or initiative, except that the 24-month limitation on the adoption of emergency rules and the provisions of Sections 5-115 and 5-125 do not apply to rules adopted under this subsection (h). The adoption of emergency rules authorized by this subsection (h) shall be deemed to be necessary for the public interest, safety, and welfare.

(i) In order to provide for the expeditious and timely implementation of the State's fiscal year 2004 budget, emergency rules to implement any provision of Public Act 93-20 or any other budget initiative for fiscal year 2004 may be adopted in accordance with this Section by the agency charged with administering that provision or initiative, except that the 24-month limitation on the adoption of emergency rules and the provisions of Sections 5-115 and 5-125 do not apply to rules adopted under this subsection (i). The adoption of emergency rules authorized by this subsection (i) shall be deemed to be necessary for the public interest, safety, and welfare.

(j) In order to provide for the expeditious and timely implementation of the provisions of the State's fiscal year 2005 budget as provided under the Fiscal Year 2005 Budget Implementation (Human Services) Act, emergency rules to implement any provision of the Fiscal Year 2005 Budget Implementation (Human Services) Act may be adopted in accordance with this Section by the agency charged with administering that provision, except that the 24-month limitation on the adoption of emergency rules and the provisions of Sections 5-115 and 5-125 do not apply to rules adopted under this subsection (j). The Department of Public Aid may also adopt rules under this subsection (j) necessary to administer the Illinois Public Aid Code and the Children's Health Insurance Program Act. The adoption of emergency rules authorized by this subsection (j) shall be deemed to be necessary for the public interest, safety, and welfare.

(k) In order to provide for the expeditious and timely implementation of the provisions of the State's fiscal year 2006 budget, emergency rules to implement any provision of Public Act 94-48 or any other budget initiative for fiscal year 2006 may be adopted in accordance with this Section by the agency charged with administering that provision or initiative, except that the 24-month limitation on the adoption of emergency rules and the provisions of Sections 5-115 and 5-125 do not apply to rules adopted under this subsection (k). The Department of

Healthcare and Family Services may also adopt rules under this subsection (k) necessary to administer the Illinois Public Aid Code, the Senior Citizens and Persons with Disabilities Property Tax Relief Act, the Senior Citizens and Disabled Persons Prescription Drug Discount Program Act (now the Illinois Prescription Drug Discount Program Act), and the Children's Health Insurance Program Act. The adoption of emergency rules authorized by this subsection (k) shall be deemed to be necessary for the public interest, safety, and welfare.

(l) In order to provide for the expeditious and timely implementation of the provisions of the State's fiscal year 2007 budget, the Department of Healthcare and Family Services may adopt emergency rules during fiscal year 2007, including rules effective July 1, 2007, in accordance with this subsection to the extent necessary to administer the Department's responsibilities with respect to amendments to the State plans and Illinois waivers approved by the federal Centers for Medicare and Medicaid Services necessitated by the requirements of Title XIX and Title XXI of the federal Social Security Act. The adoption of emergency rules authorized by this subsection (l) shall be deemed to be necessary for the public interest, safety, and welfare.

(m) In order to provide for the expeditious and timely implementation of the provisions of the State's fiscal year 2008 budget, the Department of Healthcare and Family Services may adopt emergency rules during fiscal year 2008, including rules effective July 1, 2008, in accordance with this subsection to the extent necessary to administer the Department's responsibilities with respect to amendments to the State plans and Illinois waivers approved by the federal Centers for Medicare and Medicaid Services necessitated by the requirements of Title XIX and Title XXI of the federal Social Security Act. The adoption of emergency rules authorized by this subsection (m) shall be deemed to be necessary for the public interest, safety, and welfare.

(n) In order to provide for the expeditious and timely implementation of the provisions of the State's fiscal year 2010 budget, emergency rules to implement any provision of Public Act 96-45 or any other budget initiative authorized by the 96th General Assembly for fiscal year 2010 may be adopted in accordance with this Section by the agency charged with administering that provision or initiative. The adoption of emergency rules authorized by this subsection (n) shall be deemed to be necessary for the public interest, safety, and welfare. The rulemaking
authority granted in this subsection (n) shall apply only to rules promulgated during Fiscal Year 2010.

(o) In order to provide for the expeditious and timely implementation of the provisions of the State's fiscal year 2011 budget, emergency rules to implement any provision of Public Act 96-958 or any other budget initiative authorized by the 96th General Assembly for fiscal year 2011 may be adopted in accordance with this Section by the agency charged with administering that provision or initiative. The adoption of emergency rules authorized by this subsection (o) is deemed to be necessary for the public interest, safety, and welfare. The rulemaking authority granted in this subsection (o) applies only to rules promulgated on or after July 1, 2010 (the effective date of Public Act 96-958) through June 30, 2011.

(p) In order to provide for the expeditious and timely implementation of the provisions of Public Act 97-689, emergency rules to implement any provision of Public Act 97-689 may be adopted in accordance with this subsection (p) by the agency charged with administering that provision or initiative. The 150-day limitation of the effective period of emergency rules does not apply to rules adopted under this subsection (p), and the effective period may continue through June 30, 2013. The 24-month limitation on the adoption of emergency rules does not apply to rules adopted under this subsection (p). The adoption of emergency rules authorized by this subsection (p) is deemed to be necessary for the public interest, safety, and welfare.

(q) In order to provide for the expeditious and timely implementation of the provisions of Articles 7, 8, 9, 11, and 12 of Public Act 98-104, emergency rules to implement any provision of Articles 7, 8, 9, 11, and 12 of Public Act 98-104 may be adopted in accordance with this subsection (q) by the agency charged with administering that provision or initiative. The 24-month limitation on the adoption of emergency rules does not apply to rules adopted under this subsection (q). The adoption of emergency rules authorized by this subsection (q) is deemed to be necessary for the public interest, safety, and welfare.

(r) In order to provide for the expeditious and timely implementation of the provisions of Public Act 98-651, emergency rules to implement Public Act 98-651 may be adopted in accordance with this subsection (r) by the Department of Healthcare and Family Services. The 24-month limitation on the adoption of emergency rules does not apply to rules adopted under this subsection (r). The adoption of emergency rules

authorized by this subsection (r) is deemed to be necessary for the public interest, safety, and welfare.

(s) In order to provide for the expeditious and timely implementation of the provisions of Sections 5-5b.1 and 5A-2 of the Illinois Public Aid Code, emergency rules to implement any provision of Section 5-5b.1 or Section 5A-2 of the Illinois Public Aid Code may be adopted in accordance with this subsection (s) by the Department of Healthcare and Family Services. The rulemaking authority granted in this subsection (s) shall apply only to those rules adopted prior to July 1, 2015. Notwithstanding any other provision of this Section, any emergency rule adopted under this subsection (s) shall only apply to payments made for State fiscal year 2015. The adoption of emergency rules authorized by this subsection (s) is deemed to be necessary for the public interest, safety, and welfare.

(t) In order to provide for the expeditious and timely implementation of the provisions of Article II of Public Act 99-6, emergency rules to implement the changes made by Article II of Public Act 99-6 to the Emergency Telephone System Act may be adopted in accordance with this subsection (t) by the Department of State Police. The rulemaking authority granted in this subsection (t) shall apply only to those rules adopted prior to July 1, 2016. The 24-month limitation on the adoption of emergency rules does not apply to rules adopted under this subsection (t). The adoption of emergency rules authorized by this subsection (t) is deemed to be necessary for the public interest, safety, and welfare.

(u) In order to provide for the expeditious and timely implementation of the provisions of the Burn Victims Relief Act, emergency rules to implement any provision of the Act may be adopted in accordance with this subsection (u) by the Department of Insurance. The rulemaking authority granted in this subsection (u) shall apply only to those rules adopted prior to December 31, 2015. The adoption of emergency rules authorized by this subsection (u) is deemed to be necessary for the public interest, safety, and welfare.

(v) In order to provide for the expeditious and timely implementation of the provisions of Public Act 99-516 this amendatory Act of the 99th General Assembly, emergency rules to implement Public Act 99-516 this amendatory Act of the 99th General Assembly may be adopted in accordance with this subsection (v) by the Department of Healthcare and Family Services. The 24-month limitation on the adoption of emergency rules does not apply to rules adopted under this subsection (v). The adoption of emergency rules authorized by this subsection (v) is deemed to be necessary for the public interest, safety, and welfare.
of emergency rules does not apply to rules adopted under this subsection (v). The adoption of emergency rules authorized by this subsection (v) is deemed to be necessary for the public interest, safety, and welfare.

(w) (v) In order to provide for the expeditious and timely implementation of the provisions of Public Act 99-796 this amendatory Act of the 99th General Assembly, emergency rules to implement the changes made by Public Act 99-796 this amendatory Act of the 99th General Assembly may be adopted in accordance with this subsection (w) (v) by the Adjutant General. The adoption of emergency rules authorized by this subsection (w) (v) is deemed to be necessary for the public interest, safety, and welfare.

(x) In order to provide for the expeditious and timely implementation of the provisions of this amendatory Act of the 99th General Assembly, emergency rules to implement subsection (i) of Section 16-115D, subsection (g) of Section 16-128A, and subsection (a) of Section 16-128B of the Public Utilities Act may be adopted in accordance with this subsection (x) by the Illinois Commerce Commission. The rulemaking authority granted in this subsection (x) shall apply only to those rules adopted within 180 days after the effective date of this amendatory Act of the 99th General Assembly. The adoption of emergency rules authorized by this subsection (x) is deemed to be necessary for the public interest, safety, and welfare.

Section 5. The Illinois Power Agency Act is amended by changing Sections 1-5, 1-10, 1-20, 1-25, 1-56, and 1-75 as follows:

(20 ILCS 3855/1-5)

Sec. 1-5. Legislative declarations and findings. The General Assembly finds and declares:

(1) The health, welfare, and prosperity of all Illinois citizens require the provision of adequate, reliable, affordable, efficient, and environmentally sustainable electric service at the lowest total cost over time, taking into account any benefits of price stability.

(2) (Blank). The transition to retail competition is not complete. Some customers, especially residential and small

New matter indicated by italics - deletions by strikeout
commercial customers, have failed to benefit from lower electricity costs from retail and wholesale competition:

(3) Escalating prices for electricity in Illinois pose a serious threat to the economic well-being, health, and safety of the residents of and the commerce and industry of the State.

(4) It is necessary to improve the process of procuring electricity to serve Illinois residents, to promote investment in energy efficiency and demand-response measures, and to maintain support development of clean coal technologies, generation resources that operate at all hours of the day and under all weather conditions, zero emission facilities, and renewable resources.

(5) Procuring a diverse electricity supply portfolio will ensure the lowest total cost over time for adequate, reliable, efficient, and environmentally sustainable electric service.

(6) Including cost-effective renewable resources and zero emission credits from zero emission facilities in that portfolio will reduce long-term direct and indirect costs to consumers by decreasing environmental impacts and by avoiding or delaying the need for new generation, transmission, and distribution infrastructure. Developing new renewable energy resources in Illinois, including brownfield solar projects and community solar projects, will help to diversify Illinois electricity supply, avoid and reduce pollution, reduce peak demand, and enhance public health and well-being of Illinois residents.

(7) Developing community solar projects in Illinois will help to expand access to renewable energy resources to more Illinois residents.

(8) Developing brownfield solar projects in Illinois will help return blighted or contaminated land to productive use while enhancing public health and the well-being of Illinois residents.

(9) Energy efficiency, demand-response measures, zero emission energy, and renewable energy are resources currently underused in Illinois. These resources should be used, when cost effective, to reduce costs to consumers, improve reliability, and improve environmental quality and public health.

(10) The State should encourage the use of advanced clean coal technologies that capture and sequester carbon dioxide.

emissions to advance environmental protection goals and to
demonstrate the viability of coal and coal-derived fuels in a
carbon-constrained economy.

(11) The General Assembly enacted Public Act 96-0795
to reform the State's purchasing processes, recognizing that
government procurement is susceptible to abuse if structural and
procedural safeguards are not in place to ensure independence,
insulation, oversight, and transparency.

(12) The principles that underlie the procurement
reform legislation apply also in the context of power purchasing.
The General Assembly therefore finds that it is necessary to create
the Illinois Power Agency and that the goals and objectives of that Agency
are to accomplish each of the following:

(A) Develop electricity procurement plans to ensure
adequate, reliable, affordable, efficient, and environmentally
sustainable electric service at the lowest total cost over time, taking
into account any benefits of price stability, for electric utilities that
on December 31, 2005 provided electric service to at least 100,000
customers in Illinois and for small multi-jurisdictional electric
utilities that (i) on December 31, 2005 served less than 100,000
customers in Illinois and (ii) request a procurement plan for their
Illinois jurisdictional load. The procurement plan shall be updated
on an annual basis and shall include renewable energy resources
and, beginning with the delivery year commencing June 1, 2017,
zero emission credits from zero emission facilities
sufficient to achieve the standards specified in this Act.

(B) Conduct the competitive procurement processes
identified in this Act to procure the supply resources identified in
the procurement plan.

(C) Develop electric generation and co-generation facilities
that use indigenous coal or renewable resources, or both, financed
with bonds issued by the Illinois Finance Authority.

(D) Supply electricity from the Agency's facilities at cost to
one or more of the following: municipal electric systems,
governmental aggregators, or rural electric cooperatives in Illinois.

(E) Ensure that the process of power procurement is
conducted in an ethical and transparent fashion, immune from
improper influence.

New matter indicated by italics - deletions by strikeout
(F) Continue to review its policies and practices to determine how best to meet its mission of providing the lowest cost power to the greatest number of people, at any given point in time, in accordance with applicable law.

(G) Operate in a structurally insulated, independent, and transparent fashion so that nothing impedes the Agency's mission to secure power at the best prices the market will bear, provided that the Agency meets all applicable legal requirements.

(H) Implement renewable energy procurement and training programs throughout the State to diversify Illinois electricity supply, improve reliability, avoid and reduce pollution, reduce peak demand, and enhance public health and well-being of Illinois residents, including low-income residents.

(20 ILCS 3855/1-10)
Sec. 1-10. Definitions.
"Agency" means the Illinois Power Agency.
"Agency loan agreement" means any agreement pursuant to which the Illinois Finance Authority agrees to loan the proceeds of revenue bonds issued with respect to a project to the Agency upon terms providing for loan repayment installments at least sufficient to pay when due all principal of, interest and premium, if any, on those revenue bonds, and providing for maintenance, insurance, and other matters in respect of the project.

"Authority" means the Illinois Finance Authority.
"Brownfield site photovoltaic project" means photovoltaics that are:

(1) interconnected to an electric utility as defined in this Section, a municipal utility as defined in this Section, a public utility as defined in Section 3-105 of the Public Utilities Act, or an electric cooperative, as defined in Section 3-119 of the Public Utilities Act; and

(2) located at a site that is regulated by any of the following entities under the following programs:

(A) the United States Environmental Protection Agency under the federal Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended;

New matter indicated by italics - deletions by strikeout
(B) the United States Environmental Protection Agency under the Corrective Action Program of the federal Resource Conservation and Recovery Act, as amended;
(C) the Illinois Environmental Protection Agency under the Illinois Site Remediation Program; or
(D) the Illinois Environmental Protection Agency under the Illinois Solid Waste Program.

"Clean coal facility" means an electric generating facility that uses primarily coal as a feedstock and that captures and sequesters carbon dioxide emissions at the following levels: at least 50% of the total carbon dioxide emissions that the facility would otherwise emit if, at the time construction commences, the facility is scheduled to commence operation before 2016, at least 70% of the total carbon dioxide emissions that the facility would otherwise emit if, at the time construction commences, the facility is scheduled to commence operation during 2016 or 2017, and at least 90% of the total carbon dioxide emissions that the facility would otherwise emit if, at the time construction commences, the facility is scheduled to commence operation after 2017. The power block of the clean coal facility shall not exceed allowable emission rates for sulfur dioxide, nitrogen oxides, carbon monoxide, particulates and mercury for a natural gas-fired combined-cycle facility the same size as and in the same location as the clean coal facility at the time the clean coal facility obtains an approved air permit. All coal used by a clean coal facility shall have high volatile bituminous rank and greater than 1.7 pounds of sulfur per million Btu content, unless the clean coal facility does not use gasification technology and was operating as a conventional coal-fired electric generating facility on June 1, 2009 (the effective date of Public Act 95-1027).

"Clean coal SNG brownfield facility" means a facility that (1) has commenced construction by July 1, 2015 on an urban brownfield site in a municipality with at least 1,000,000 residents; (2) uses a gasification process to produce substitute natural gas; (3) uses coal as at least 50% of the total feedstock over the term of any sourcing agreement with a utility and the remainder of the feedstock may be either petroleum coke or coal, with all such coal having a high bituminous rank and greater than 1.7 pounds of sulfur per million Btu content unless the facility reasonably determines that it is necessary to use additional petroleum coke to deliver additional consumer savings, in which case the facility shall use coal for at least 35% of the total feedstock over the term of any sourcing agreement;
and (4) captures and sequesters at least 85% of the total carbon dioxide emissions that the facility would otherwise emit.

"Clean coal SNG facility" means a facility that uses a gasification process to produce substitute natural gas, that sequesters at least 90% of the total carbon dioxide emissions that the facility would otherwise emit, that uses at least 90% coal as a feedstock, with all such coal having a high bituminous rank and greater than 1.7 pounds of sulfur per million btu content, and that has a valid and effective permit to construct emission sources and air pollution control equipment and approval with respect to the federal regulations for Prevention of Significant Deterioration of Air Quality (PSD) for the plant pursuant to the federal Clean Air Act; provided, however, a clean coal SNG brownfield facility shall not be a clean coal SNG facility.

"Commission" means the Illinois Commerce Commission.

"Community renewable generation project" means an electric generating facility that:

(1) is powered by wind, solar thermal energy, photovoltaic cells or panels, biodiesel, crops and untreated and unadulterated organic waste biomass, tree waste, and hydropower that does not involve new construction or significant expansion of hydropower dams;

(2) is interconnected at the distribution system level of an electric utility as defined in this Section, a municipal utility as defined in this Section that owns or operates electric distribution facilities, a public utility as defined in Section 3-105 of the Public Utilities Act, or an electric cooperative, as defined in Section 3-119 of the Public Utilities Act;

(3) credits the value of electricity generated by the facility to the subscribers of the facility; and

(4) is limited in nameplate capacity to less than or equal to 2,000 kilowatts.

"Costs incurred in connection with the development and construction of a facility" means:

(1) the cost of acquisition of all real property, fixtures, and improvements in connection therewith and equipment, personal property, and other property, rights, and easements acquired that are deemed necessary for the operation and maintenance of the facility;

New matter indicated by italics - deletions by strikeout
(2) financing costs with respect to bonds, notes, and other evidences of indebtedness of the Agency;

(3) all origination, commitment, utilization, facility, placement, underwriting, syndication, credit enhancement, and rating agency fees;

(4) engineering, design, procurement, consulting, legal, accounting, title insurance, survey, appraisal, escrow, trustee, collateral agency, interest rate hedging, interest rate swap, capitalized interest, contingency, as required by lenders, and other financing costs, and other expenses for professional services; and

(5) the costs of plans, specifications, site study and investigation, installation, surveys, other Agency costs and estimates of costs, and other expenses necessary or incidental to determining the feasibility of any project, together with such other expenses as may be necessary or incidental to the financing, insuring, acquisition, and construction of a specific project and starting up, commissioning, and placing that project in operation.

"Delivery services" has the same definition as found in Section 16-102 of the Public Utilities Act.

"Delivery year" means the consecutive 12-month period beginning June 1 of a given year and ending May 31 of the following year.

"Department" means the Department of Commerce and Economic Opportunity.

"Director" means the Director of the Illinois Power Agency.

"Demand-response" means measures that decrease peak electricity demand or shift demand from peak to off-peak periods.

"Distributed renewable energy generation device" means a device that is:

(1) powered by wind, solar thermal energy, photovoltaic cells or panels, biodiesel, crops and untreated and unadulterated organic waste biomass, tree waste, and hydropower that does not involve new construction or significant expansion of hydropower dams;

(2) interconnected at the distribution system level of either an electric utility as defined in this Section, an alternative retail electric supplier as defined in Section 16-102 of the Public Utilities Act, a municipal utility as defined in this Section that owns or operates electric distribution facilities.
(3) located on the customer side of the customer's electric meter and is primarily used to offset that customer's electricity load; and

(4) limited in nameplate capacity to less than or equal to no more than 2,000 kilowatts.

"Energy efficiency" means measures that reduce the amount of electricity or natural gas consumed in order required to achieve a given end use. "Energy efficiency" includes voltage optimization measures that optimize the voltage at points on the electric distribution voltage system and thereby reduce electricity consumption by electric customers’ end use devices. "Energy efficiency" also includes measures that reduce the total Btus of electricity, and natural gas, and other fuels needed to meet the end use or uses.

"Electric utility" has the same definition as found in Section 16-102 of the Public Utilities Act.

"Facility" means an electric generating unit or a co-generating unit that produces electricity along with related equipment necessary to connect the facility to an electric transmission or distribution system.

"Governmental aggregator" means one or more units of local government that individually or collectively procure electricity to serve residential retail electrical loads located within its or their jurisdiction.

"Local government" means a unit of local government as defined in Section 1 of Article VII of the Illinois Constitution.

"Municipality" means a city, village, or incorporated town.

"Municipal utility" means a public utility owned and operated by any subdivision or municipal corporation of this State.

"Nameplate capacity" means the aggregate inverter nameplate capacity in kilowatts AC.

"Person" means any natural person, firm, partnership, corporation, either domestic or foreign, company, association, limited liability company, joint stock company, or association and includes any trustee, receiver, assignee, or personal representative thereof.

"Project" means the planning, bidding, and construction of a facility.

"Public utility" has the same definition as found in Section 3-105 of the Public Utilities Act.

"Real property" means any interest in land together with all structures, fixtures, and improvements thereon, including lands under water and riparian rights, any easements, covenants, licenses, leases, rights-of-way, uses, and other interests, together with any liens, judgments, mortgages, or other claims or security interests related to real property.

"Renewable energy credit" means a tradable credit that represents the environmental attributes of one megawatt hour of energy produced from a renewable energy resource.

"Renewable energy resources" includes energy and its associated renewable energy credit or renewable energy credits from wind, solar thermal energy, photovoltaic cells and panels, biodiesel, anaerobic digestion, crops and untreated and unadulterated organic waste biomass, tree waste, and hydropower that does not involve new construction or significant expansion of hydropower dams, and other alternative sources of environmentally preferable energy. For purposes of this Act, landfill gas produced in the State is considered a renewable energy resource. "Renewable energy resources" does not include the incineration or burning of tires, garbage, general household, institutional, and commercial waste, industrial lunchroom or office waste, landscape waste other than tree waste, railroad crossties, utility poles, or construction or demolition debris, other than untreated and unadulterated waste wood.

"Retail customer" has the same definition as found in Section 16-102 of the Public Utilities Act.

"Revenue bond" means any bond, note, or other evidence of indebtedness issued by the Authority, the principal and interest of which is payable solely from revenues or income derived from any project or activity of the Agency.

"Sequester" means permanent storage of carbon dioxide by injecting it into a saline aquifer, a depleted gas reservoir, or an oil reservoir, directly or through an enhanced oil recovery process that may involve intermediate storage, regardless of whether these activities are conducted by a clean coal facility, a clean coal SNG facility, a clean coal SNG brownfield facility, or a party with which a clean coal facility, clean coal SNG facility, or clean coal SNG brownfield facility has contracted for such purposes.

"Service area" has the same definition as found in Section 16-102 of the Public Utilities Act.

"Sourcing agreement" means (i) in the case of an electric utility, an agreement between the owner of a clean coal facility and such electric
utility, which agreement shall have terms and conditions meeting the requirements of paragraph (3) of subsection (d) of Section 1-75, (ii) in the case of an alternative retail electric supplier, an agreement between the owner of a clean coal facility and such alternative retail electric supplier, which agreement shall have terms and conditions meeting the requirements of Section 16-115(d)(5) of the Public Utilities Act, and (iii) in case of a gas utility, an agreement between the owner of a clean coal SNG brownfield facility and the gas utility, which agreement shall have the terms and conditions meeting the requirements of subsection (h-1) of Section 9-220 of the Public Utilities Act.

"Subscriber" means a person who (i) takes delivery service from an electric utility, and (ii) has a subscription of no less than 200 watts to a community renewable generation project that is located in the electric utility's service area. No subscriber's subscriptions may total more than 40% of the nameplate capacity of an individual community renewable generation project. Entities that are affiliated by virtue of a common parent shall not represent multiple subscriptions that total more than 40% of the nameplate capacity of an individual community renewable generation project.

"Subscription" means an interest in a community renewable generation project expressed in kilowatts, which is sized primarily to offset part or all of the subscriber's electricity usage.

"Substitute natural gas" or "SNG" means a gas manufactured by gasification of hydrocarbon feedstock, which is substantially interchangeable in use and distribution with conventional natural gas.

"Total resource cost test" or "TRC test" means a standard that is met if, for an investment in energy efficiency or demand-response measures, the benefit-cost ratio is greater than one. The benefit-cost ratio is the ratio of the net present value of the total benefits of the program to the net present value of the total costs as calculated over the lifetime of the measures. A total resource cost test compares the sum of avoided electric utility costs, representing the benefits that accrue to the system and the participant in the delivery of those efficiency measures and including avoided costs associated with reduced use of natural gas or other fuels, avoided costs associated with reduced water consumption, and avoided costs associated with reduced operation and maintenance costs, as well as other quantifiable societal benefits, including avoided natural gas utility costs; to the sum of all incremental costs of end-use measures that are implemented due to the program (including both utility and participant

contributions), plus costs to administer, deliver, and evaluate each demand-side program, to quantify the net savings obtained by substituting the demand-side program for supply resources. In calculating avoided costs of power and energy that an electric utility would otherwise have had to acquire, reasonable estimates shall be included of financial costs likely to be imposed by future regulations and legislation on emissions of greenhouse gases. In discounting future societal costs and benefits for the purpose of calculating net present values, a societal discount rate based on actual, long-term Treasury bond yields should be used. Notwithstanding anything to the contrary, the TRC test shall not include or take into account a calculation of market price suppression effects or demand reduction induced price effects.

"Utility-scale solar project" means an electric generating facility that:

(1) generates electricity using photovoltaic cells; and
(2) has a nameplate capacity that is greater than 2,000 kilowatts.

"Utility-scale wind project" means an electric generating facility that:

(1) generates electricity using wind; and
(2) has a nameplate capacity that is greater than 2,000 kilowatts.

"Zero emission credit" means a tradable credit that represents the environmental attributes of one megawatt hour of energy produced from a zero emission facility.

"Zero emission facility" means a facility that: (1) is fueled by nuclear power; and (2) is interconnected with PJM Interconnection, LLC or the Midcontinent Independent System Operator, Inc., or their successors.

(20 ILCS 3855/1-20)
Sec. 1-20. General powers of the Agency.
(a) The Agency is authorized to do each of the following:

(1) Develop electricity procurement plans to ensure adequate, reliable, affordable, efficient, and environmentally sustainable electric service at the lowest total cost over time, taking into account any benefits of price stability, for electric utilities that on December 31, 2005 provided electric service to at least 100,000
customers in Illinois and for small multi-jurisdictional electric utilities that (A) on December 31, 2005 served less than 100,000 customers in Illinois and (B) request a procurement plan for their Illinois jurisdictional load. Except as provided in paragraph (1.5) of this subsection (a), the electricity procurement plans shall be updated on an annual basis and shall include electricity generated from renewable resources sufficient to achieve the standards specified in this Act. Beginning with the delivery year commencing June 1, 2017, develop procurement plans to include zero emission credits generated from zero emission facilities sufficient to achieve the standards specified in this Act.

(1.5) Develop a long-term renewable resources procurement plan in accordance with subsection (c) of Section 1-75 of this Act for renewable energy credits in amounts sufficient to achieve the standards specified in this Act for delivery years commencing June 1, 2017 and for the programs and renewable energy credits specified in Section 1-56 of this Act. Electricity procurement plans for delivery years commencing after May 31, 2017, shall not include procurement of renewable energy resources.

(2) Conduct competitive procurement processes to procure the supply resources identified in the electricity procurement plan, pursuant to Section 16-111.5 of the Public Utilities Act, and, for the delivery year commencing June 1, 2017, conduct procurement processes to procure zero emission credits from zero emission facilities, under subsection (d-5) of Section 1-75 of this Act.

(2.5) Beginning with the procurement for the 2017 delivery year, conduct competitive procurement processes and implement programs to procure renewable energy credits identified in the long-term renewable resources procurement plan developed and approved under subsection (c) of Section 1-75 of this Act and Section 16-111.5 of the Public Utilities Act.

(3) Develop electric generation and co-generation facilities that use indigenous coal or renewable resources, or both, financed with bonds issued by the Illinois Finance Authority.

(4) Supply electricity from the Agency's facilities at cost to one or more of the following: municipal electric systems, governmental aggregators, or rural electric cooperatives in Illinois.
(b) Except as otherwise limited by this Act, the Agency has all of the powers necessary or convenient to carry out the purposes and provisions of this Act, including without limitation, each of the following:

(1) To have a corporate seal, and to alter that seal at pleasure, and to use it by causing it or a facsimile to be affixed or impressed or reproduced in any other manner.

(2) To use the services of the Illinois Finance Authority necessary to carry out the Agency's purposes.

(3) To negotiate and enter into loan agreements and other agreements with the Illinois Finance Authority.

(4) To obtain and employ personnel and hire consultants that are necessary to fulfill the Agency's purposes, and to make expenditures for that purpose within the appropriations for that purpose.

(5) To purchase, receive, take by grant, gift, devise, bequest, or otherwise, lease, or otherwise acquire, own, hold, improve, employ, use, and otherwise deal in and with, real or personal property whether tangible or intangible, or any interest therein, within the State.

(6) To acquire real or personal property, whether tangible or intangible, including without limitation property rights, interests in property, franchises, obligations, contracts, and debt and equity securities, and to do so by the exercise of the power of eminent domain in accordance with Section 1-21; except that any real property acquired by the exercise of the power of eminent domain must be located within the State.

(7) To sell, convey, lease, exchange, transfer, abandon, or otherwise dispose of, or mortgage, pledge, or create a security interest in, any of its assets, properties, or any interest therein, wherever situated.

(8) To purchase, take, receive, subscribe for, or otherwise acquire, hold, make a tender offer for, vote, employ, sell, lend, lease, exchange, transfer, or otherwise dispose of, mortgage, pledge, or grant a security interest in, use, and otherwise deal in and with, bonds and other obligations, shares, or other securities (or interests therein) issued by others, whether engaged in a similar or different business or activity.

(9) To make and execute agreements, contracts, and other instruments necessary or convenient in the exercise of the powers
and functions of the Agency under this Act, including contracts with any person, including personal service contracts, or with any local government, State agency, or other entity; and all State agencies and all local governments are authorized to enter into and do all things necessary to perform any such agreement, contract, or other instrument with the Agency. No such agreement, contract, or other instrument shall exceed 40 years.

(10) To lend money, invest and reinvest its funds in accordance with the Public Funds Investment Act, and take and hold real and personal property as security for the payment of funds loaned or invested.

(11) To borrow money at such rate or rates of interest as the Agency may determine, issue its notes, bonds, or other obligations to evidence that indebtedness, and secure any of its obligations by mortgage or pledge of its real or personal property, machinery, equipment, structures, fixtures, inventories, revenues, grants, and other funds as provided or any interest therein, wherever situated.

(12) To enter into agreements with the Illinois Finance Authority to issue bonds whether or not the income therefrom is exempt from federal taxation.

(13) To procure insurance against any loss in connection with its properties or operations in such amount or amounts and from such insurers, including the federal government, as it may deem necessary or desirable, and to pay any premiums therefor.

(14) To negotiate and enter into agreements with trustees or receivers appointed by United States bankruptcy courts or federal district courts or in other proceedings involving adjustment of debts and authorize proceedings involving adjustment of debts and authorize legal counsel for the Agency to appear in any such proceedings.

(15) To file a petition under Chapter 9 of Title 11 of the United States Bankruptcy Code or take other similar action for the adjustment of its debts.

(16) To enter into management agreements for the operation of any of the property or facilities owned by the Agency.

(17) To enter into an agreement to transfer and to transfer any land, facilities, fixtures, or equipment of the Agency to one or more municipal electric systems, governmental aggregators, or rural electric agencies or cooperatives, for such consideration and

upon such terms as the Agency may determine to be in the best interest of the citizens of Illinois.

(18) To enter upon any lands and within any building whenever in its judgment it may be necessary for the purpose of making surveys and examinations to accomplish any purpose authorized by this Act.

(19) To maintain an office or offices at such place or places in the State as it may determine.

(20) To request information, and to make any inquiry, investigation, survey, or study that the Agency may deem necessary to enable it effectively to carry out the provisions of this Act.

(21) To accept and expend appropriations.

(22) To engage in any activity or operation that is incidental to and in furtherance of efficient operation to accomplish the Agency's purposes, including hiring employees that the Director deems essential for the operations of the Agency.

(23) To adopt, revise, amend, and repeal rules with respect to its operations, properties, and facilities as may be necessary or convenient to carry out the purposes of this Act, subject to the provisions of the Illinois Administrative Procedure Act and Sections 1-22 and 1-35 of this Act.

(24) To establish and collect charges and fees as described in this Act.

(25) To conduct competitive gasification feedstock procurement processes to procure the feedstocks for the clean coal SNG brownfield facility in accordance with the requirements of Section 1-78 of this Act.

(26) To review, revise, and approve sourcing agreements and mediate and resolve disputes between gas utilities and the clean coal SNG brownfield facility pursuant to subsection (h-1) of Section 9-220 of the Public Utilities Act.

(27) To request, review and accept proposals, execute contracts, purchase renewable energy credits and otherwise dedicate funds from the Illinois Power Agency Renewable Energy Resources Fund to create and carry out the objectives of the Illinois Solar for All program in accordance with Section 1-56 of this Act.

Sec. 1-25. Agency subject to other laws. Unless otherwise stated, the Agency is subject to the provisions of all applicable laws, including but not limited to, each of the following:

1. The State Records Act.
2. The Illinois Procurement Code, except that the Illinois Procurement Code does not apply to the hiring or payment of procurement administrators, third-party program managers, or other persons who will implement the programs described in Sections 1-56 and 1-75 of the Illinois Power Agency Act.
5. (Blank).
6. The State Officials and Employees Ethics Act.

(Source: P.A. 97-618, eff. 10-26-11.)

(a) The Illinois Power Agency Renewable Energy Resources Fund is created as a special fund in the State treasury.

(b) The Illinois Power Agency Renewable Energy Resources Fund shall be administered by the Agency as described in this subsection (b), provided that the changes to this subsection (b) made by this amendatory Act of the 99th General Assembly shall not interfere with existing contracts under this Section.

1. The Illinois Power Agency Renewable Energy Resources Fund shall be used to purchase renewable energy credits according to any approved procurement plan developed by the Agency prior to June 1, 2017.

2. The Illinois Power Agency Renewable Energy Resources Fund shall also be used to create the Illinois Solar for All Program, which shall include incentives for low-income distributed generation and community solar projects, and other associated approved expenditures. The objectives of the Illinois Solar for All Program are to bring photovoltaics to low-income communities in this State in a manner that maximizes the development of new photovoltaic generating facilities, to create a long-term, low-income solar marketplace throughout this State,
integrate, through interaction with stakeholders, with existing energy efficiency initiatives, and to minimize administrative costs. The Agency shall include a description of its proposed approach to the design, administration, implementation and evaluation of the Illinois Solar for All Program, as part of the long-term renewable resources procurement plan authorized by subsection (c) of Section 1-75 of this Act, and the program shall be designed to grow the low-income solar market. The Agency or utility, as applicable, shall purchase renewable energy credits from the (i) photovoltaic distributed renewable energy generation projects and (ii) community solar projects that are procured under procurement processes authorized by the long-term renewable resources procurement plans approved by the Commission.

The Illinois Solar for All Program shall include the program offerings described in subparagraphs (A) through (D) of this paragraph (2), which the Agency shall implement through contracts with third-party providers and, subject to appropriation, pay the approximate amounts identified using monies available in the Illinois Power Agency Renewable Energy Resources Fund. Each contract that provides for the installation of solar facilities shall provide that the solar facilities will produce energy and economic benefits, at a level determined by the Agency to be reasonable, for the participating low income customers. The monies available in the Illinois Power Agency Renewable Energy Resources Fund and not otherwise committed to contracts executed under subsection (i) of this Section shall be allocated among the programs described in this paragraph (2), as follows: 22.5% of these funds shall be allocated to programs described in subparagraph (A) of this paragraph (2), 37.5% of these funds shall be allocated to programs described in subparagraph (B) of this paragraph (2), 15% of these funds shall be allocated to programs described in subparagraph (C) of this paragraph (2), and 25% of these funds, but in no event more than $50,000,000, shall be allocated to programs described in subparagraph (D) of this paragraph (2). The allocation of funds among subparagraphs (A), (B), or (C) of this paragraph (2) may be changed if the Agency or administrator, through delegated authority, determines incentives in subparagraphs (A), (B), or (C) of this paragraph (2) have not been adequately subscribed to fully utilize the Illinois Power Resources Fund and not otherwise committed to contracts executed under subsection (i) of this Section shall be allocated among the programs described in this paragraph (2), as follows: 22.5% of these funds shall be allocated to programs described in subparagraph (A) of this paragraph (2), 37.5% of these funds shall be allocated to programs described in subparagraph (B) of this paragraph (2), 15% of these funds shall be allocated to programs described in subparagraph (C) of this paragraph (2), and 25% of these funds, but in no event more than $50,000,000, shall be allocated to programs described in subparagraph (D) of this paragraph (2). The allocation of funds among subparagraphs (A), (B), or (C) of this paragraph (2) may be changed if the Agency or administrator, through delegated authority, determines incentives in subparagraphs (A), (B), or (C) of this paragraph (2) have not been adequately subscribed to fully utilize the Illinois Power

Agency Renewable Energy Resources Fund. The determination shall include input through a stakeholder process. The program offerings described in subparagraphs (A) through (D) of this paragraph (2) shall also be implemented through contracts funded from such additional amounts as are allocated to one or more of the programs in the long-term renewable resources procurement plans as specified in subsection (c) of Section 1-75 of this Act and subparagraph (O) of paragraph (1) of such subsection (c).

Contracts that will be paid with funds in the Illinois Power Agency Renewable Energy Resources Fund shall be executed by the Agency. Contracts that will be paid with funds collected by an electric utility shall be executed by the electric utility.

Contracts under the Illinois Solar for All Program shall include an approach, as set forth in the long-term renewable resources procurement plans, to ensure the wholesale market value of the energy is credited to participating low-income customers or organizations and to ensure tangible economic benefits flow directly to program participants, except in the case of low-income multi-family housing where the low-income customer does not directly pay for energy. Priority shall be given to projects that demonstrate meaningful involvement of low-income community members in designing the initial proposals. Acceptable proposals to implement projects must demonstrate the applicant's ability to conduct initial community outreach, education, and recruitment of low-income participants in the community. Projects must include job training opportunities if available, and shall endeavor to coordinate with the job training programs described in paragraph (1) of subsection (a) of Section 16-108.12 of the Public Utilities Act.

(A) Low-income distributed generation incentive. This program will provide incentives to low-income customers, either directly or through solar providers, to increase the participation of low-income households in photovoltaic on-site distributed generation. Companies participating in this program that install solar panels shall commit to hiring job trainees for a portion of their low-income installations, and an administrator shall facilitate partnering the companies that install solar panels with entities that provide solar panel installation job training. It
is a goal of this program that a minimum of 25% of the incentives for this program be allocated to projects located within environmental justice communities. Contracts entered into under this paragraph may be entered into with an entity that will develop and administer the program and shall also include contracts for renewable energy credits from the photovoltaic distributed generation that is the subject of the program, as set forth in the long-term renewable resources procurement plan.

(B) Low-Income Community Solar Project Initiative. Incentives shall be offered to low-income customers, either directly or through developers, to increase the participation of low-income subscribers of community solar projects. The developer of each project shall identify its partnership with community stakeholders regarding the location, development, and participation in the project, provided that nothing shall preclude a project from including an anchor tenant that does not qualify as low-income. Incentives should also be offered to community solar projects that are 100% low-income subscriber owned, which includes low-income households, not-for-profit organizations, and affordable housing owners. It is a goal of this program that a minimum of 25% of the incentives for this program be allocated to community photovoltaic projects in environmental justice communities. Contracts entered into under this paragraph may be entered into with developers and shall also include contracts for renewable energy credits related to the program.

(C) Incentives for non-profits and public facilities. Under this program funds shall be used to support on-site photovoltaic distributed renewable energy generation devices to serve the load associated with not-for-profit customers and to support photovoltaic distributed renewable energy generation that uses photovoltaic technology to serve the load associated with public sector customers taking service at public buildings. It is a goal of this program that at least 25% of the incentives for this program be allocated to projects located in environmental justice communities. Contracts entered into under this

paragraph may be entered into with an entity that will develop and administer the program or with developers and shall also include contracts for renewable energy credits related to the program.

(D) Low-Income Community Solar Pilot Projects. Under this program, persons, including, but not limited to, electric utilities, shall propose pilot community solar projects. Community solar projects proposed under this subparagraph (D) may exceed 2,000 kilowatts in nameplate capacity, but the amount paid per project under this program may not exceed $20,000,000. Pilot projects must result in economic benefits for the members of the community in which the project will be located. The proposed pilot project must include a partnership with at least one community-based organization. Approved pilot projects shall be competitively bid by the Agency, subject to fair and equitable guidelines developed by the Agency. Funding available under this subparagraph (D) may not be distributed solely to a utility, and at least some funds under this subparagraph (D) must include a project partnership that includes community ownership by the project subscribers. Contracts entered into under this paragraph may be entered into with an entity that will develop and administer the program or with developers and shall also include contracts for renewable energy credits related to the program. A project proposed by a utility that is implemented under this subparagraph (D) shall not be included in the utility's ratebase.

The requirement that a qualified person, as defined in paragraph (1) of subsection (i) of this Section, install photovoltaic devices does not apply to the Illinois Solar for All Program described in this subsection (b).

(3) Costs associated with the Illinois Solar for All Program and its components described in paragraph (2) of this subsection (b), including, but not limited to, costs associated with procuring experts, consultants, and the program administrator referenced in this subsection (b) and related incremental costs, and costs related to the evaluation of the Illinois Solar for All Program, may be paid for using monies in the Illinois Power Agency Renewable Energy

New matter indicated by italics - deletions by strikeout
Resources Fund, but the Agency or program administrator shall strive to minimize costs in the implementation of the program. The Agency shall purchase renewable energy credits from generation that is the subject of a contract under subparagraphs (A) through (D) of this paragraph (2) of this subsection (b), and may pay for such renewable energy credits through an upfront payment per installed kilowatt of nameplate capacity paid once the device is interconnected at the distribution system level of the utility and is energized. The payment shall be in exchange for an assignment of all renewable energy credits generated by the system during the first 15 years of operation and shall be structured to overcome barriers to participation in the solar market by the low-income community. The incentives provided for in this Section may be implemented through the pricing of renewable energy credits where the prices paid for the credits are higher than the prices from programs offered under subsection (c) of Section 1-75 of this Act to account for the incentives. The Agency shall ensure collaboration with community agencies, and allocate up to 5% of the funds available under the Illinois Solar for All Program to community-based groups to assist in grassroots education efforts related to the Illinois Solar for All Program. The Agency shall retire any renewable energy credits purchased from this program and the credits shall count towards the obligation under subsection (c) of Section 1-75 of this Act for the electric utility to which the project is interconnected.

(4) The Agency shall, consistent with the requirements of this subsection (b), propose the Illinois Solar for All Program terms, conditions, and requirements, including the prices to be paid for renewable energy credits, and which prices may be determined through a formula, through the development, review, and approval of the Agency's long-term renewable resources procurement plan described in subsection (c) of Section 1-75 of this Act and Section 16-111.5 of the Public Utilities Act. In the course of the Commission proceeding initiated to review and approve the plan, including the Illinois Solar for All Program proposed by the Agency, a party may propose an additional low-income solar or solar incentive program, or modifications to the programs proposed by the Agency, and the Commission may approve an additional program, or modifications to the Agency's
proposed program, if the additional or modified program more effectively maximizes the benefits to low-income customers after taking into account all relevant factors, including, but not limited to, the extent to which a competitive market for low-income solar has developed. Following the Commission's approval of the Illinois Solar for All Program, the Agency or a party may propose adjustments to the program terms, conditions, and requirements, including the price offered to new systems, to ensure the long-term viability and success of the program. The Commission shall review and approve any modifications to the program through the plan revision process described in Section 16-111.5 of the Public Utilities Act.

(5) The Agency shall issue a request for qualifications for a third-party program administrator or administrators to administer all or a portion of the Illinois Solar for All Program. The third-party program administrator shall be chosen through a competitive bid process based on selection criteria and requirements developed by the Agency, including, but not limited to, experience in administering low-income energy programs and overseeing statewide clean energy or energy efficiency services. If the Agency retains a program administrator or administrators to implement all or a portion of the Illinois Solar for All Program, each administrator shall periodically submit reports to the Agency and Commission for each program that it administers, at appropriate intervals to be identified by the Agency in its long-term renewable resources procurement plan, provided that the reporting interval is at least quarterly.

(6) The long-term renewable resources procurement plan shall also provide for an independent evaluation of the Illinois Solar for All Program. At least every 2 years, the Agency shall select an independent evaluator to review and report on the Illinois Solar for All Program and the performance of the third-party program administrator of the Illinois Solar for All Program. The evaluation shall be based on objective criteria developed through a public stakeholder process. The process shall include feedback and participation from Illinois Solar for All Program stakeholders, including participants and organizations in environmental justice and historically underserved communities. The report shall include a summary of the evaluation of the Illinois Solar for All Program.
based on the stakeholder developed objective criteria. The report shall include the number of projects installed; the total installed capacity in kilowatts; the average cost per kilowatt of installed capacity to the extent reasonably obtainable by the Agency; the number of jobs or job opportunities created; economic, social, and environmental benefits created; and the total administrative costs expended by the Agency and program administrator to implement and evaluate the program. The report shall be delivered to the Commission and posted on the Agency's website, and shall be used, as needed, to revise the Illinois Solar for All Program. The Commission shall also consider the results of the evaluation as part of its review of the long-term renewable resources procurement plan under subsection (c) of Section 1-75 of this Act.

(7) If additional funding for the programs described in this subsection (b) is available under subsection (k) of Section 16-108 of the Public Utilities Act, then the Agency shall submit a procurement plan to the Commission no later than September 1, 2018, that proposes how the Agency will procure programs on behalf of the applicable utility. After notice and hearing, the Commission shall approve, or approve with modification, the plan no later than November 1, 2018.

As used in this subsection (b), "low-income households" means persons and families whose income does not exceed 80% of area median income, adjusted for family size and revised every 5 years.

For the purposes of this subsection (b), the Agency shall define "environmental justice community" as part of long-term renewable resources procurement plan development, to ensure, to the extent practicable, compatibility with other agencies' definitions and may, for guidance, look to the definitions used by federal, state, or local governments.

(b-5) After the receipt of all payments required by Section 16-115D of the Public Utilities Act, no additional funds shall be deposited into the Illinois Power Agency Renewable Energy Resources Fund unless directed by order of the Commission.

(b-10) After the receipt of all payments required by Section 16-115D of the Public Utilities Act and payment in full of all contracts executed by the Agency under subsections (b) and (i) of this Section, if the balance of the Illinois Power Agency Renewable Energy Resources Fund is under $5,000, then the Fund shall be inoperative and any remaining

funds and any funds submitted to the Fund after that date, shall be transferred to the Supplemental Low-Income Energy Assistance Fund for use in the Low-Income Home Energy Assistance Program, as authorized by the Energy Assistance Act.

Prior to June 1, 2011, resources procured pursuant to this Section shall be procured from facilities located in Illinois, provided the resources are available from those facilities. If resources are not available in Illinois, then they shall be procured in states that adjoin Illinois. If resources are not available in Illinois or in states that adjoin Illinois, then they may be purchased elsewhere. Beginning June 1, 2011, resources procured pursuant to this Section shall be procured from facilities located in Illinois or states that adjoin Illinois. If resources are not available in Illinois or in states that adjoin Illinois, then they may be procured elsewhere. To the extent available, at least 75% of these renewable energy resources shall come from wind generation. Of the renewable energy resources procured pursuant to this Section at least the following specified percentages shall come from photovoltaics on the following schedule: 0.5% by June 1, 2012; 1.5% by June 1, 2013; 3% by June 1, 2014; and 6% by June 1, 2015 and thereafter. Of the renewable energy resources procured pursuant to this Section, at least the following percentages shall come from distributed renewable energy generation devices: 0.5% by June 1, 2013; 0.75% by June 1, 2014, and 1% by June 1, 2015 and thereafter. To the extent available, half of the renewable energy resources procured from distributed renewable energy generation shall come from devices of less than 25 kilowatts in nameplate capacity. Renewable energy resources procured from distributed generation devices may also count towards the required percentages for wind and solar photovoltaics. Procurement of renewable energy resources from distributed renewable energy generation devices shall be done on an annual basis through multi-year contracts of no less than 5 years, and shall consist solely of renewable energy credits.

The Agency shall create credit requirements for suppliers of distributed renewable energy. In order to minimize the administrative burden on contracting entities, the Agency shall solicit the use of third-party organizations to aggregate distributed renewable energy into groups of no less than one megawatt in installed capacity. These third-party organizations shall administer contracts with individual distributed renewable energy generation device owners. An individual distributed renewable energy generation device owner shall have the ability to

measure the output of his or her distributed renewable energy generation device.

(c) (Blank). The Agency shall procure renewable energy resources at least once each year in conjunction with a procurement event for electric utilities required to comply with Section 1-75 of the Act and shall, whenever possible, enter into long-term contracts on an annual basis for a portion of the incremental requirement for the given procurement year.

(d) (Blank). The price paid to procure renewable energy credits using monies from the Illinois Power Agency Renewable Energy Resources Fund shall not exceed the winning bid prices paid for like resources procured for electric utilities required to comply with Section 1-75 of this Act.

(e) All renewable energy credits procured using monies from the Illinois Power Agency Renewable Energy Resources Fund shall be permanently retired.

(f) The selection of one or more third-party program managers or administrators, the selection of the independent evaluator, and the procurement processes described in this Section are exempt from the requirements of the Illinois Procurement Code, under Section 20-10 of that Code.

The procurement process described in this Section is exempt from the requirements of the Illinois Procurement Code, pursuant to Section 20-10 of that Code.

(g) All disbursements from the Illinois Power Agency Renewable Energy Resources Fund shall be made only upon warrants of the Comptroller drawn upon the Treasurer as custodian of the Fund upon vouchers signed by the Director or by the person or persons designated by the Director for that purpose. The Comptroller is authorized to draw the warrant upon vouchers so signed. The Treasurer shall accept all warrants so signed and shall be released from liability for all payments made on those warrants.

(h) The Illinois Power Agency Renewable Energy Resources Fund shall not be subject to sweeps, administrative charges, or chargebacks, including, but not limited to, those authorized under Section 8h of the State Finance Act, that would in any way result in the transfer of any funds from this Fund to any other fund of this State or in having any such funds utilized for any purpose other than the express purposes set forth in this Section.

(h-5) The Agency may assess fees to each bidder to recover the costs incurred in connection with a procurement process held under this Section.
Section. Fees collected from bidders shall be deposited into the Renewable Energy Resources Fund.

(i) Supplemental procurement process.

(1) Within 90 days after the effective date of this amendatory Act of the 98th General Assembly, the Agency shall develop a one-time supplemental procurement plan limited to the procurement of renewable energy credits, if available, from new or existing photovoltaics, including, but not limited to, distributed photovoltaic generation. Nothing in this subsection (i) requires procurement of wind generation through the supplemental procurement.

Renewable energy credits procured from new photovoltaics, including, but not limited to, distributed photovoltaic generation, under this subsection (i) must be procured from devices installed by a qualified person. In its supplemental procurement plan, the Agency shall establish contractually enforceable mechanisms for ensuring that the installation of new photovoltaics is performed by a qualified person.

For the purposes of this paragraph (1), "qualified person" means a person who performs installations of photovoltaics, including, but not limited to, distributed photovoltaic generation, and who: (A) has completed an apprenticeship as a journeyman electrician from a United States Department of Labor registered electrical apprenticeship and training program and received a certification of satisfactory completion; or (B) does not currently meet the criteria under clause (A) of this paragraph (1), but is enrolled in a United States Department of Labor registered electrical apprenticeship program, provided that the person is directly supervised by a person who meets the criteria under clause (A) of this paragraph (1); or (C) has obtained one of the following credentials in addition to attesting to satisfactory completion of at least 5 years or 8,000 hours of documented hands-on electrical experience: (i) a North American Board of Certified Energy Practitioners (NABCEP) Installer Certificate for Solar PV; (ii) an Underwriters Laboratories (UL) PV Systems Installer Certificate; (iii) an Electronics Technicians Association, International (ETAI) Level 3 PV Installer Certificate; or (iv) an Associate in Applied Science degree from an Illinois Community College Board
approved community college program in renewable energy or a distributed generation technology.

For the purposes of this paragraph (1), "directly supervised" means that there is a qualified person who meets the qualifications under clause (A) of this paragraph (1) and who is available for supervision and consultation regarding the work performed by persons under clause (B) of this paragraph (1), including a final inspection of the installation work that has been directly supervised to ensure safety and conformity with applicable codes.

For the purposes of this paragraph (1), "install" means the major activities and actions required to connect, in accordance with applicable building and electrical codes, the conductors, connectors, and all associated fittings, devices, power outlets, or apparatuses mounted at the premises that are directly involved in delivering energy to the premises' electrical wiring from the photovoltaics, including, but not limited to, to distributed photovoltaic generation.

The renewable energy credits procured pursuant to the supplemental procurement plan shall be procured using up to $30,000,000 from the Illinois Power Agency Renewable Energy Resources Fund. The Agency shall not plan to use funds from the Illinois Power Agency Renewable Energy Resources Fund in excess of the monies on deposit in such fund or projected to be deposited into such fund. The supplemental procurement plan shall ensure adequate, reliable, affordable, efficient, and environmentally sustainable renewable energy resources (including credits) at the lowest total cost over time, taking into account any benefits of price stability.

To the extent available, 50% of the renewable energy credits procured from distributed renewable energy generation shall come from devices of less than 25 kilowatts in nameplate capacity. Procurement of renewable energy credits from distributed renewable energy generation devices shall be done through multi-year contracts of no less than 5 years. The Agency shall create credit requirements for counterparties. In order to minimize the administrative burden on contracting entities, the Agency shall solicit the use of third parties to aggregate distributed renewable energy. These third parties shall enter into and administer contracts with individual distributed renewable energy generation device

owners. An individual distributed renewable energy generation device owner shall have the ability to measure the output of his or her distributed renewable energy generation device.

In developing the supplemental procurement plan, the Agency shall hold at least one workshop open to the public within 90 days after the effective date of this amendatory Act of the 98th General Assembly and shall consider any comments made by stakeholders or the public. Upon development of the supplemental procurement plan within this 90-day period, copies of the supplemental procurement plan shall be posted and made publicly available on the Agency's and Commission's websites. All interested parties shall have 14 days following the date of posting to provide comment to the Agency on the supplemental procurement plan. All comments submitted to the Agency shall be specific, supported by data or other detailed analyses, and, if objecting to all or a portion of the supplemental procurement plan, accompanied by specific alternative wording or proposals. All comments shall be posted on the Agency's and Commission's websites. Within 14 days following the end of the 14-day review period, the Agency shall revise the supplemental procurement plan as necessary based on the comments received and file its revised supplemental procurement plan with the Commission for approval.

(2) Within 5 days after the filing of the supplemental procurement plan at the Commission, any person objecting to the supplemental procurement plan shall file an objection with the Commission. Within 10 days after the filing, the Commission shall determine whether a hearing is necessary. The Commission shall enter its order confirming or modifying the supplemental procurement plan within 90 days after the filing of the supplemental procurement plan by the Agency.

(3) The Commission shall approve the supplemental procurement plan of renewable energy credits to be procured from new or existing photovoltaics, including, but not limited to, distributed photovoltaic generation, if the Commission determines that it will ensure adequate, reliable, affordable, efficient, and environmentally sustainable electric service in the form of renewable energy credits at the lowest total cost over time, taking into account any benefits of price stability.

(4) The supplemental procurement process under this subsection (i) shall include each of the following components:

   (A) Procurement administrator. The Agency may retain a procurement administrator in the manner set forth in item (2) of subsection (a) of Section 1-75 of this Act to conduct the supplemental procurement or may elect to use the same procurement administrator administering the Agency's annual procurement under Section 1-75.

   (B) Procurement monitor. The procurement monitor retained by the Commission pursuant to Section 16-111.5 of the Public Utilities Act shall:

       (i) monitor interactions among the procurement administrator and bidders and suppliers;

       (ii) monitor and report to the Commission on the progress of the supplemental procurement process;

       (iii) provide an independent confidential report to the Commission regarding the results of the procurement events;

       (iv) assess compliance with the procurement plan approved by the Commission for the supplemental procurement process;

       (v) preserve the confidentiality of supplier and bidding information in a manner consistent with all applicable laws, rules, regulations, and tariffs;

       (vi) provide expert advice to the Commission and consult with the procurement administrator regarding issues related to procurement process design, rules, protocols, and policy-related matters;

       (vii) consult with the procurement administrator regarding the development and use of benchmark criteria, standard form contracts, credit policies, and bid documents; and

       (viii) perform, with respect to the supplemental procurement process, any other procurement monitor duties specifically delineated within subsection (i) of this Section.

New matter indicated by italics - deletions by strikeout
(C) Solicitation, pre-qualification, and registration of bidders. The procurement administrator shall disseminate information to potential bidders to promote a procurement event, notify potential bidders that the procurement administrator may enter into a post-bid price negotiation with bidders that meet the applicable benchmarks, provide supply requirements, and otherwise explain the competitive procurement process. In addition to such other publication as the procurement administrator determines is appropriate, this information shall be posted on the Agency's and the Commission's websites. The procurement administrator shall also administer the prequalification process, including evaluation of credit worthiness, compliance with procurement rules, and agreement to the standard form contract developed pursuant to item (D) of this paragraph (4). The procurement administrator shall then identify and register bidders to participate in the procurement event.

(D) Standard contract forms and credit terms and instruments. The procurement administrator, in consultation with the Agency, the Commission, and other interested parties and subject to Commission oversight, shall develop and provide standard contract forms for the supplier contracts that meet generally accepted industry practices as well as include any applicable State of Illinois terms and conditions that are required for contracts entered into by an agency of the State of Illinois. Standard credit terms and instruments that meet generally accepted industry practices shall be similarly developed. Contracts for new photovoltaics shall include a provision attesting that the supplier will use a qualified person for the installation of the device pursuant to paragraph (1) of subsection (i) of this Section. The procurement administrator shall make available to the Commission all written comments it receives on the contract forms, credit terms, or instruments. If the procurement administrator cannot reach agreement with the parties as to the contract terms and conditions, the procurement administrator must notify the Commission of any disputed terms and the Commission shall resolve the

New matter indicated by italics - deletions by strikeout
dispute. The terms of the contracts shall not be subject to negotiation by winning bidders, and the bidders must agree to the terms of the contract in advance so that winning bids are selected solely on the basis of price.

(E) Requests for proposals; competitive procurement process. The procurement administrator shall design and issue requests for proposals to supply renewable energy credits in accordance with the supplemental procurement plan, as approved by the Commission. The requests for proposals shall set forth a procedure for sealed, binding commitment bidding with pay-as-bid settlement, and provision for selection of bids on the basis of price, provided, however, that no bid shall be accepted if it exceeds the benchmark developed pursuant to item (F) of this paragraph (4).

(F) Benchmarks. Benchmarks for each product to be procured shall be developed by the procurement administrator in consultation with Commission staff, the Agency, and the procurement monitor for use in this supplemental procurement.

(G) A plan for implementing contingencies in the event of supplier default, Commission rejection of results, or any other cause.

(5) Within 2 business days after opening the sealed bids, the procurement administrator shall submit a confidential report to the Commission. The report shall contain the results of the bidding for each of the products along with the procurement administrator's recommendation for the acceptance and rejection of bids based on the price benchmark criteria and other factors observed in the process. The procurement monitor also shall submit a confidential report to the Commission within 2 business days after opening the sealed bids. The report shall contain the procurement monitor's assessment of bidder behavior in the process as well as an assessment of the procurement administrator's compliance with the procurement process and rules. The Commission shall review the confidential reports submitted by the procurement administrator and procurement monitor and shall accept or reject the recommendations of the procurement administrator within 2 business days after receipt of the reports.

New matter indicated by italics - deletions by strikeout
(6) Within 3 business days after the Commission decision approving the results of a procurement event, the Agency shall enter into binding contractual arrangements with the winning suppliers using the standard form contracts.

(7) The names of the successful bidders and the average of the winning bid prices for each contract type and for each contract term shall be made available to the public within 2 days after the supplemental procurement event. The Commission, the procurement monitor, the procurement administrator, the Agency, and all participants in the procurement process shall maintain the confidentiality of all other supplier and bidding information in a manner consistent with all applicable laws, rules, regulations, and tariffs. Confidential information, including the confidential reports submitted by the procurement administrator and procurement monitor pursuant to this Section, shall not be made publicly available and shall not be discoverable by any party in any proceeding, absent a compelling demonstration of need, nor shall those reports be admissible in any proceeding other than one for law enforcement purposes.

(8) The supplemental procurement provided in this subsection (i) shall not be subject to the requirements and limitations of subsections (c) and (d) of this Section.

(9) Expenses incurred in connection with the procurement process held pursuant to this Section, including, but not limited to, the cost of developing the supplemental procurement plan, the procurement administrator, procurement monitor, and the cost of the retirement of renewable energy credits purchased pursuant to the supplemental procurement shall be paid for from the Illinois Power Agency Renewable Energy Resources Fund. The Agency shall enter into an interagency agreement with the Commission to reimburse the Commission for its costs associated with the procurement monitor for the supplemental procurement process.

(20 ILCS 3855/1-75)

Sec. 1-75. Planning and Procurement Bureau. The Planning and Procurement Bureau has the following duties and responsibilities:

(a) The Planning and Procurement Bureau shall each year, beginning in 2008, develop procurement plans and conduct competitive procurement processes in accordance with the requirements of Section 16-
111.5 of the Public Utilities Act for the eligible retail customers of electric utilities that on December 31, 2005 provided electric service to at least 100,000 customers in Illinois. Beginning with the delivery year commencing on June 1, 2017, the Planning and Procurement Bureau shall develop plans and processes for the procurement of zero emission credits from zero emission facilities in accordance with the requirements of subsection (d-5) of this Section. The Planning and Procurement Bureau shall also develop procurement plans and conduct competitive procurement processes in accordance with the requirements of Section 16-111.5 of the Public Utilities Act for the eligible retail customers of small multi-jurisdictional electric utilities that (i) on December 31, 2005 served less than 100,000 customers in Illinois and (ii) request a procurement plan for their Illinois jurisdictional load. This Section shall not apply to a small multi-jurisdictional utility until such time as a small multi-jurisdictional utility requests the Agency to prepare a procurement plan for their Illinois jurisdictional load. For the purposes of this Section, the term "eligible retail customers" has the same definition as found in Section 16-111.5(a) of the Public Utilities Act.

Beginning with the plan or plans to be implemented in the 2017 delivery year, the Agency shall no longer include the procurement of renewable energy resources in the annual procurement plans required by this subsection (a), except as provided in subsection (q) of Section 16-111.5 of the Public Utilities Act, and shall instead develop a long-term renewable resources procurement plan in accordance with subsection (c) of this Section and Section 16-111.5 of the Public Utilities Act.

(1) The Agency shall each year, beginning in 2008, as needed, issue a request for qualifications for experts or expert consulting firms to develop the procurement plans in accordance with Section 16-111.5 of the Public Utilities Act. In order to qualify an expert or expert consulting firm must have:

(A) direct previous experience assembling large-scale power supply plans or portfolios for end-use customers;
(B) an advanced degree in economics, mathematics, engineering, risk management, or a related area of study;
(C) 10 years of experience in the electricity sector, including managing supply risk;
(D) expertise in wholesale electricity market rules, including those established by the Federal Energy

Regulatory Commission and regional transmission organizations;
   (E) expertise in credit protocols and familiarity with contract protocols;
   (F) adequate resources to perform and fulfill the required functions and responsibilities; and
   (G) the absence of a conflict of interest and inappropriate bias for or against potential bidders or the affected electric utilities.

(2) The Agency shall each year, as needed, issue a request for qualifications for a procurement administrator to conduct the competitive procurement processes in accordance with Section 16-111.5 of the Public Utilities Act. In order to qualify an expert or expert consulting firm must have:
   (A) direct previous experience administering a large-scale competitive procurement process;
   (B) an advanced degree in economics, mathematics, engineering, or a related area of study;
   (C) 10 years of experience in the electricity sector, including risk management experience;
   (D) expertise in wholesale electricity market rules, including those established by the Federal Energy Regulatory Commission and regional transmission organizations;
   (E) expertise in credit and contract protocols;
   (F) adequate resources to perform and fulfill the required functions and responsibilities; and
   (G) the absence of a conflict of interest and inappropriate bias for or against potential bidders or the affected electric utilities.

(3) The Agency shall provide affected utilities and other interested parties with the lists of qualified experts or expert consulting firms identified through the request for qualifications processes that are under consideration to develop the procurement plans and to serve as the procurement administrator. The Agency shall also provide each qualified expert's or expert consulting firm's response to the request for qualifications. All information provided under this subparagraph shall also be provided to the Commission. The Agency may provide by rule for fees associated with supplying

New matter indicated by italics - deletions by strikeout
the information to utilities and other interested parties. These parties shall, within 5 business days, notify the Agency in writing if they object to any experts or expert consulting firms on the lists. Objections shall be based on:

(A) failure to satisfy qualification criteria;

(B) identification of a conflict of interest; or

(C) evidence of inappropriate bias for or against potential bidders or the affected utilities.

The Agency shall remove experts or expert consulting firms from the lists within 10 days if there is a reasonable basis for an objection and provide the updated lists to the affected utilities and other interested parties. If the Agency fails to remove an expert or expert consulting firm from a list, an objecting party may seek review by the Commission within 5 days thereafter by filing a petition, and the Commission shall render a ruling on the petition within 10 days. There is no right of appeal of the Commission's ruling.

(4) The Agency shall issue requests for proposals to the qualified experts or expert consulting firms to develop a procurement plan for the affected utilities and to serve as procurement administrator.

(5) The Agency shall select an expert or expert consulting firm to develop procurement plans based on the proposals submitted and shall award contracts of up to 5 years to those selected.

(6) The Agency shall select an expert or expert consulting firm, with approval of the Commission, to serve as procurement administrator based on the proposals submitted. If the Commission rejects, within 5 days, the Agency's selection, the Agency shall submit another recommendation within 3 days based on the proposals submitted. The Agency shall award a 5-year contract to the expert or expert consulting firm so selected with Commission approval.

(b) The experts or expert consulting firms retained by the Agency shall, as appropriate, prepare procurement plans, and conduct a competitive procurement process as prescribed in Section 16-111.5 of the Public Utilities Act, to ensure adequate, reliable, affordable, efficient, and environmentally sustainable electric service at the lowest total cost over time, taking into account any benefits of price stability, for eligible retail

customers of electric utilities that on December 31, 2005 provided electric service to at least 100,000 customers in the State of Illinois, and for eligible Illinois retail customers of small multi-jurisdictional electric utilities that (i) on December 31, 2005 served less than 100,000 customers in Illinois and (ii) request a procurement plan for their Illinois jurisdictional load.

(c) Renewable portfolio standard.

(1)(A) The Agency shall develop a long-term renewable resources procurement plan that shall include procurement programs and competitive procurement events necessary to meet the goals set forth in this subsection (c). The initial long-term renewable resources procurement plan shall be released for comment no later than 160 days after the effective date of this amendatory Act of the 99th General Assembly. The Agency shall review, and may revise on an expedited basis, the long-term renewable resources procurement plan at least every 2 years, which shall be conducted in conjunction with the procurement plan under Section 16-111.5 of the Public Utilities Act to the extent practicable to minimize administrative expense. The long-term renewable resources procurement plans shall be subject to review and approval by the Commission under Section 16-111.5 of the Public Utilities Act.

(B) Subject to subparagraph (F) of this paragraph (1), the long-term renewable resources procurement plan shall include the goals for procurement of renewable energy credits to meet at least the following overall percentages: 13% by the 2017 delivery year; increasing by at least 1.5% each delivery year thereafter to at least 25% by the 2025 delivery year; and continuing at no less than 25% for each delivery year thereafter. In the event of a conflict between these goals and the new wind and new photovoltaic procurement requirements described in items (i) through (iii) of subparagraph (C) of this paragraph (1), the long-term plan shall prioritize compliance with the new wind and new photovoltaic procurement requirements described in items (i) through (iii) of subparagraph (C) of this paragraph (1) over the annual percentage targets described in this subparagraph (B).

For the delivery year beginning June 1, 2017, the procurement plan shall include cost-effective renewable energy resources equal to at least 13% of each utility's load for eligible retail customers and 13% of
the applicable portion of each utility's load for retail customers who are not eligible retail customers, which applicable portion shall equal 50% of the utility's load for retail customers who are not eligible retail customers on February 28, 2017.

For the delivery year beginning June 1, 2018, the procurement plan shall include cost-effective renewable energy resources equal to at least 14.5% of each utility's load for eligible retail customers and 14.5% of the applicable portion of each utility's load for retail customers who are not eligible retail customers, which applicable portion shall equal 75% of the utility's load for retail customers who are not eligible retail customers on February 28, 2017.

For the delivery year beginning June 1, 2019, and for each year thereafter, the procurement plans shall include cost-effective renewable energy resources equal to a minimum percentage of each utility's load for all retail customers as follows: 16% by June 1, 2019; increasing by 1.5% each year thereafter to 25% by June 1, 2025; and 25% by June 1, 2026 and each year thereafter.

For each delivery year, the Agency shall first recognize each utility's obligations for that delivery year under existing contracts. Any renewable energy credits under existing contracts, including renewable energy credits as part of renewable energy resources, shall be used to meet the goals set forth in this subsection (c) for the delivery year.

(C) Of the renewable energy credits procured under this subsection (c), at least 75% shall come from wind and photovoltaic projects. The long-term renewable resources procurement plan described in subparagraph (A) of this paragraph (1) shall include the procurement of renewable energy credits in amounts equal to at least the following:

(i) By the end of the 2020 delivery year:
   At least 2,000,000 renewable energy credits for each delivery year shall come from new wind projects; and
   At least 2,000,000 renewable energy credits for each delivery year shall come from new photovoltaic projects; of that amount, to the extent possible, the Agency shall procure: at least 50% from solar photovoltaic projects using the program outlined in subparagraph (K) of this paragraph (1)

New matter indicated by italics - deletions by strikeout
from distributed renewable energy generation devices or community renewable generation projects; at least 40% from utility-scale solar projects; at least 2% from brownfield site photovoltaic projects that are not community renewable generation projects; and the remainder shall be determined through the long-term planning process described in subparagraph (A) of this paragraph (1).

(ii) By the end of the 2025 delivery year:

At least 3,000,000 renewable energy credits for each delivery year shall come from new wind projects; and

At least 3,000,000 renewable energy credits for each delivery year shall come from new photovoltaic projects; of that amount, to the extent possible, the Agency shall procure: at least 50% from solar photovoltaic projects using the program outlined in subparagraph (K) of this paragraph (1) from distributed renewable energy devices or community renewable generation projects; at least 40% from utility-scale solar projects; at least 2% from brownfield site photovoltaic projects that are not community renewable generation projects; and the remainder shall be determined through the long-term planning process described in subparagraph (A) of this paragraph (1).

(iii) By the end of the 2030 delivery year:

At least 4,000,000 renewable energy credits for each delivery year shall come from new wind projects; and

At least 4,000,000 renewable energy credits for each delivery year shall come from new photovoltaic projects; of that amount, to the extent possible, the Agency shall procure: at least 50% from solar photovoltaic projects using the program outlined in subparagraph (K) of this paragraph (1) from distributed renewable energy devices or community renewable generation projects; at least
40% from utility-scale solar projects; at least 2% from brownfield site photovoltaic projects that are not community renewable generation projects; and the remainder shall be determined through the long-term planning process described in subparagraph (A) of this paragraph (1).

For purposes of this Section:

"New wind projects" means wind renewable energy facilities that are energized after June 1, 2017 for the delivery year commencing June 1, 2017 or within 3 years after the date the Commission approves contracts for subsequent delivery years.

"New photovoltaic projects" means photovoltaic renewable energy facilities that are energized after June 1, 2017. Photovoltaic projects developed under Section 1-56 of this Act shall not apply towards the new photovoltaic project requirements in this subparagraph (C).

(D) Renewable energy credits shall be cost effective. For purposes of this subsection (c), "cost effective" means that the costs of procuring renewable energy resources do not cause the limit stated in subparagraph (E) of this paragraph (1) to be exceeded and, for renewable energy credits procured through a competitive procurement event, do not exceed benchmarks based on market prices for like products in the region. For purposes of this subsection (c), "like products" means contracts for renewable energy credits from the same or substantially similar technology, same or substantially similar vintage (new or existing), the same or substantially similar quantity, and the same or substantially similar contract length and structure. Benchmarks shall be developed by the procurement administrator, in consultation with the Commission staff, Agency staff, and the procurement monitor and shall be subject to Commission review and approval. If price benchmarks for like products in the region are not available, the procurement administrator shall establish price benchmarks based on publicly available data on regional technology costs and expected current and future regional energy prices. The benchmarks in this Section shall not be used to curtail or otherwise
reduce contractual obligations entered into by or through the Agency prior to the effective date of this amendatory Act of the 99th General Assembly.

(E) For purposes of this subsection (c), the required procurement of cost-effective renewable energy resources for a particular year commencing prior to June 1, 2017 shall be measured as a percentage of the actual amount of electricity (megawatt-hours) supplied by the electric utility to eligible retail customers in the delivery year ending immediately prior to the procurement, and, for delivery years commencing on and after June 1, 2017, the required procurement of cost-effective renewable energy resources for a particular year shall be measured as a percentage of the actual amount of electricity (megawatt-hours) delivered by the electric utility in the delivery year ending immediately prior to the procurement, to all retail customers in its service territory. For purposes of this subsection (c), the amount paid per kilowatthour means the total amount paid for electric service expressed on a per kilowatthour basis. For purposes of this subsection (c), the total amount paid for electric service includes without limitation amounts paid for supply, transmission, distribution, surcharges, and add-on taxes.

Notwithstanding the requirements of this subsection (c), the total of renewable energy resources procured under the procurement plan for any single year shall be subject to the limitations of this subparagraph (E). Such procurement shall be reduced for all retail customers based on the amount necessary to limit the annual estimated average net increase due to the costs of these resources included in the amounts paid by eligible retail customers in connection with electric service to no more than the greater of 2.015% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007 or the incremental amount per kilowatthour paid for these resources in 2011. To arrive at a maximum dollar amount of renewable energy resources to be procured for the particular delivery year, the resulting per kilowatthour amount shall be applied to the actual amount of kilowatthours of electricity delivered, or applicable portion of such amount as specified in paragraph (1) of this subsection (c), as applicable, by the electric utility in the delivery year immediately prior to the procurement to all retail customers in its service territory.
territory. The calculations required by this subparagraph (E) shall be made only once for each delivery year at the time that the renewable energy resources are procured. Once the determination as to the amount of renewable energy resources to procure is made based on the calculations set forth in this subparagraph (E) and the contracts procuring those amounts are executed, no subsequent rate impact determinations shall be made and no adjustments to those contract amounts shall be allowed. All costs incurred under such contracts shall be fully recoverable by the electric utility as provided in this Section.

(F) If the limitation on the amount of renewable energy resources procured in subparagraph (E) of this paragraph (1) prevents the Agency from meeting all of the goals in this subsection (c), the Agency's long-term plan shall prioritize compliance with the requirements of this subsection (c) regarding renewable energy credits in the following order:

(i) renewable energy credits under existing contractual obligations;
(ii) renewable energy credits necessary to comply with the new wind and new photovoltaic procurement requirements described in items (i) through (iii) of subparagraph (C) of this paragraph (1); and
(iii) renewable energy credits necessary to meet the remaining requirements of this subsection (c).

(G) The following provisions shall apply to the Agency's procurement of renewable energy credits under this subsection (c):

(i) Notwithstanding whether a long-term renewable resources procurement plan has been approved, the Agency shall conduct an initial forward procurement for renewable energy credits from new utility-scale wind projects within 160 days after the effective date of this amendatory Act of the 99th General Assembly. For the purposes of this initial forward procurement, the Agency shall solicit 15-year contracts for delivery of 1,000,000 renewable energy credits delivered annually from new utility-scale wind projects to begin delivery on June 1, 2019, if available, but not later than June 1, 2021. Payments to suppliers of
renewable energy credits shall commence upon delivery. Renewable energy credits procured under this initial procurement shall be included in the Agency's long-term plan and shall apply to all renewable energy goals in this subsection (c).

(ii) Notwithstanding whether a long-term renewable resources procurement plan has been approved, the Agency shall conduct an initial forward procurement for renewable energy credits from new utility-scale solar projects and brownfield site photovoltaic projects within one year after the effective date of this amendatory Act of the 99th General Assembly. For the purposes of this initial forward procurement, the Agency shall solicit 15-year contracts for delivery of 1,000,000 renewable energy credits delivered annually from new utility-scale solar projects and brownfield site photovoltaic projects to begin delivery on June 1, 2019, if available, but not later than June 1, 2021. The Agency may structure this initial procurement in one or more discrete procurement events. Payments to suppliers of renewable energy credits shall commence upon delivery. Renewable energy credits procured under this initial procurement shall be included in the Agency's long-term plan and shall apply to all renewable energy goals in this subsection (c).

(iii) Subsequent forward procurements for utility-scale wind projects shall solicit at least 1,000,000 renewable energy credits delivered annually per procurement event and shall be planned, scheduled, and designed such that the cumulative amount of renewable energy credits delivered from all new wind projects in each delivery year shall not exceed the Agency's projection of the cumulative amount of renewable energy credits that will be delivered from all new photovoltaic projects, including utility-scale and distributed photovoltaic devices, in the same delivery year at the time scheduled for wind contract delivery.

(iv) If, at any time after the time set for delivery of renewable energy credits pursuant to the initial procurements in items (i) and (ii) of this subparagraph (G),
the cumulative amount of renewable energy credits projected to be delivered from all new wind projects in a given delivery year exceeds the cumulative amount of renewable energy credits projected to be delivered from all new photovoltaic projects in that delivery year by 200,000 or more renewable energy credits, then the Agency shall within 60 days adjust the procurement programs in the long-term renewable resources procurement plan to ensure that the projected cumulative amount of renewable energy credits to be delivered from all new wind projects does not exceed the projected cumulative amount of renewable energy credits to be delivered from all new photovoltaic projects by 200,000 or more renewable energy credits, provided that nothing in this Section shall preclude the projected cumulative amount of renewable energy credits to be delivered from all new photovoltaic projects from exceeding the projected cumulative amount of renewable energy credits to be delivered from all new wind projects in each delivery year and provided further that nothing in this item (iv) shall require the curtailment of an executed contract. The Agency shall update, on a quarterly basis, its projection of the renewable energy credits to be delivered from all projects in each delivery year. Notwithstanding anything to the contrary, the Agency may adjust the timing of procurement events conducted under this subparagraph (G). The long-term renewable resources procurement plan shall set forth the process by which the adjustments may be made.

(v) All procurements under this subparagraph (G) shall comply with the geographic requirements in subparagraph (I) of this paragraph (1) and shall follow the procurement processes and procedures described in this Section and Section 16-111.5 of the Public Utilities Act to the extent practicable, and these processes and procedures may be expedited to accommodate the schedule established by this subparagraph (G).

(H) The procurement of renewable energy resources for a given delivery year shall be reduced as described in this paragraph.
subparagraph (H) if an alternate retail electric supplier meets the requirements described in this subparagraph (H).

(i) Within 45 days after the effective date of this amendatory Act of the 99th General Assembly, an alternative retail electric supplier or its successor shall submit an informational filing to the Illinois Commerce Commission certifying that, as of December 31, 2015, the alternative retail electric supplier owned one or more electric generating facilities that generates renewable energy resources as defined in Section 1-10 of this Act, provided that such facilities are not powered by wind or photovoltaics, and the facilities generate one renewable energy credit for each megawatthour of energy produced from the facility.

The informational filing shall identify each facility that was eligible to satisfy the alternative retail electric supplier's obligations under Section 16-115D of the Public Utilities Act as described in this item (i).

(ii) For a given delivery year, the alternative retail electric supplier may elect to supply its retail customers with renewable energy credits from the facility or facilities described in item (i) of this subparagraph (H) that continue to be owned by the alternative retail electric supplier.

(iii) The alternative retail electric supplier shall notify the Agency and the applicable utility, no later than February 28 of the year preceding the applicable delivery year or 15 days after the effective date of this amendatory Act of the 99th General Assembly, whichever is later, of its election under item (ii) of this subparagraph (H) to supply renewable energy credits to retail customers of the utility. Such election shall identify the amount of renewable energy credits to be supplied by the alternative retail electric supplier to the utility's retail customers and the source of the renewable energy credits identified in the informational filing as described in item (i) of this subparagraph (H), subject to the following limitations:

For the delivery year beginning June 1, 2018, the maximum amount of renewable energy credits to be supplied by an alternative retail
electric supplier under this subparagraph (H) shall be 68% multiplied by 25% multiplied by 14.5% multiplied by the amount of metered electricity (megawatt-hours) delivered by the alternative retail electric supplier to Illinois retail customers during the delivery year ending May 31, 2016.

For delivery years beginning June 1, 2019 and each year thereafter, the maximum amount of renewable energy credits to be supplied by an alternative retail electric supplier under this subparagraph (H) shall be 68% multiplied by 50% multiplied by 16% multiplied by the amount of metered electricity (megawatt-hours) delivered by the alternative retail electric supplier to Illinois retail customers during the delivery year ending May 31, 2016, provided that the 16% value shall increase by 1.5% each delivery year thereafter to 25% by the delivery year beginning June 1, 2025, and thereafter the 25% value shall apply to each delivery year.

For each delivery year, the total amount of renewable energy credits supplied by all alternative retail electric suppliers under this subparagraph (H) shall not exceed 9% of the Illinois target renewable energy credit quantity. The Illinois target renewable energy credit quantity for the delivery year beginning June 1, 2018 is 14.5% multiplied by the total amount of metered electricity (megawatt-hours) delivered in the delivery year immediately preceding that delivery year, provided that the 14.5% shall increase by 1.5% each delivery year thereafter to 25% by the delivery year beginning June 1, 2025, and thereafter the 25% value shall apply to each delivery year.

If the requirements set forth in items (i) through (iii) of this subparagraph (H) are met, the charges that would otherwise be applicable to the retail customers of the alternative retail electric supplier under paragraph (6) of this subsection (c) for the applicable delivery year shall be reduced by the ratio of the quantity of renewable energy credits supplied by the alternative retail electric supplier
compared to that supplier's target renewable energy credit quantity. The supplier's target renewable energy credit quantity for the delivery year beginning June 1, 2018 is 14.5% multiplied by the total amount of metered electricity (megawatt-hours) delivered by the alternative retail supplier in that delivery year, provided that the 14.5% shall increase by 1.5% each delivery year thereafter to 25% by the delivery year beginning June 1, 2025, and thereafter the 25% value shall apply to each delivery year.

On or before April 1 of each year, the Agency shall annually publish a report on its website that identifies the aggregate amount of renewable energy credits supplied by alternative retail electric suppliers under this subparagraph (H).

(I) The Agency shall design its long-term renewable energy procurement plan to maximize the State's interest in the health, safety, and welfare of its residents, including but not limited to minimizing sulfur dioxide, nitrogen oxide, particulate matter and other pollution that adversely affects public health in this State, increasing fuel and resource diversity in this State, enhancing the reliability and resiliency of the electricity distribution system in this State, meeting goals to limit carbon dioxide emissions under federal or State law, and contributing to a cleaner and healthier environment for the citizens of this State. In order to further these legislative purposes, renewable energy credits shall be eligible to be counted toward the renewable energy requirements of this subsection (c) if they are generated from facilities located in this State. The Agency may qualify renewable energy credits from facilities located in states adjacent to Illinois if the generator demonstrates and the Agency determines that the operation of such facility or facilities will help promote the State's interest in the health, safety, and welfare of its residents based on the public interest criteria described above. To ensure that the public interest criteria are applied to the procurement and given full effect, the Agency's long-term procurement plan shall describe in detail how each public interest factor shall be considered and weighted for facilities located in states adjacent to Illinois.

(J) In order to promote the competitive development of renewable energy resources in furtherance of the State's interest in

the health, safety, and welfare of its residents, renewable energy credits shall not be eligible to be counted toward the renewable energy requirements of this subsection (c) if they are sourced from a generating unit whose costs were being recovered through rates regulated by this State or any other state or states on or after January 1, 2017. Each contract executed to purchase renewable energy credits under this subsection (c) shall provide for the contract's termination if the costs of the generating unit supplying the renewable energy credits subsequently begin to be recovered through rates regulated by this State or any other state or states; and each contract shall further provide that, in that event, the supplier of the credits must return 110% of all payments received under the contract. Amounts returned under the requirements of this subparagraph (J) shall be retained by the utility and all of these amounts shall be used for the procurement of additional renewable energy credits from new wind or new photovoltaic resources as defined in this subsection (c). The long-term plan shall provide that these renewable energy credits shall be procured in the next procurement event.

Notwithstanding the limitations of this subparagraph (J), renewable energy credits sourced from generating units that are constructed, purchased, owned, or leased by an electric utility as part of an approved project, program, or pilot under Section 1-56 of this Act shall be eligible to be counted toward the renewable energy requirements of this subsection (c), regardless of how the costs of these units are recovered.

(K) The long-term renewable resources procurement plan developed by the Agency in accordance with subparagraph (A) of this paragraph (1) shall include an Adjustable Block program for the procurement of renewable energy credits from new photovoltaic projects that are distributed renewable energy generation devices or new photovoltaic community renewable generation projects. The Adjustable Block program shall be designed to provide a transparent schedule of prices and quantities to enable the photovoltaic market to scale up and for renewable energy credit prices to adjust at a predictable rate over time. The prices set by the Adjustable Block program can be reflected as a set value or as the product of a formula.
The Adjustable Block program shall include for each category of eligible projects: a schedule of standard block purchase prices to be offered; a series of steps, with associated nameplate capacity and purchase prices that adjust from step to step; and automatic opening of the next step as soon as the nameplate capacity and available purchase prices for an open step are fully committed or reserved. Only projects energized on or after June 1, 2017 shall be eligible for the Adjustable Block program. For each block group the Agency shall determine the number of blocks, the amount of generation capacity in each block, and the purchase price for each block, provided that the purchase price provided and the total amount of generation in all blocks for all block groups shall be sufficient to meet the goals in this subsection (c). The Agency may periodically review its prior decisions establishing the number of blocks, the amount of generation capacity in each block, and the purchase price for each block, and may propose, on an expedited basis, changes to these previously set values, including but not limited to redistributing these amounts and the available funds as necessary and appropriate, subject to Commission approval as part of the periodic plan revision process described in Section 16-111.5 of the Public Utilities Act. The Agency may define different block sizes, purchase prices, or other distinct terms and conditions for projects located in different utility service territories if the Agency deems it necessary to meet the goals in this subsection (c).

The Adjustable Block program shall include at least the following block groups in at least the following amounts, which may be adjusted upon review by the Agency and approval by the Commission as described in this subparagraph (K):

(i) At least 25% from distributed renewable energy generation devices with a nameplate capacity of no more than 10 kilowatts.

(ii) At least 25% from distributed renewable energy generation devices with a nameplate capacity of more than 10 kilowatts and no more than 2,000 kilowatts. The Agency may create sub-categories within this category to account for the differences between projects for small commercial customers, large commercial customers, and public or non-profit customers.

(iii) At least 25% from photovoltaic community renewable generation projects.

(iv) The remaining 25% shall be allocated as specified by the Agency in the long-term renewable resources procurement plan.

The Adjustable Block program shall be designed to ensure that renewable energy credits are procured from photovoltaic distributed renewable energy generation devices and new photovoltaic community renewable energy generation projects in diverse locations and are not concentrated in a few geographic areas.

(L) The procurement of photovoltaic renewable energy credits under items (i) through (iv) of subparagraph (K) of this paragraph (1) shall be subject to the following contract and payment terms:

(i) The Agency shall procure contracts of at least 15 years in length.

(ii) For those renewable energy credits that qualify and are procured under item (i) of subparagraph (K) of this paragraph (1), the renewable energy credit purchase price shall be paid in full by the contracting utilities at the time that the facility producing the renewable energy credits is interconnected at the distribution system level of the utility and energized. The electric utility shall receive and retire all renewable energy credits generated by the project for the first 15 years of operation.

(iii) For those renewable energy credits that qualify and are procured under item (ii) and (iii) of subparagraph (K) of this paragraph (1) and any additional categories of distributed generation included in the long-term renewable resources procurement plan and approved by the Commission, 20 percent of the renewable energy credit purchase price shall be paid by the contracting utilities at the time that the facility producing the renewable energy credits is interconnected at the distribution system level of the utility and energized. The remaining portion shall be paid ratably over the subsequent 4-year period. The electric utility shall receive and retire all renewable energy credits generated by the project for the subsequent periods.
credits generated by the project for the first 15 years of operation.

(iv) Each contract shall include provisions to ensure the delivery of the renewable energy credits for the full term of the contract.

(v) The utility shall be the counterparty to the contracts executed under this subparagraph (L) that are approved by the Commission under the process described in Section 16-111.5 of the Public Utilities Act. No contract shall be executed for an amount that is less than one renewable energy credit per year.

(vi) If, at any time, approved applications for the Adjustable Block program exceed funds collected by the electric utility or would cause the Agency to exceed the limitation described in subparagraph (E) of this paragraph (1) on the amount of renewable energy resources that may be procured, then the Agency shall consider future uncommitted funds to be reserved for these contracts on a first-come, first-served basis, with the delivery of renewable energy credits required beginning at the time that the reserved funds become available.

(vii) Nothing in this Section shall require the utility to advance any payment or pay any amounts that exceed the actual amount of revenues collected by the utility under paragraph (6) of this subsection (c) and subsection (k) of Section 16-108 of the Public Utilities Act, and contracts executed under this Section shall expressly incorporate this limitation.

(M) The Agency shall be authorized to retain one or more experts or expert consulting firms to develop, administer, implement, operate, and evaluate the Adjustable Block program described in subparagraph (K) of this paragraph (1), and the Agency shall retain the consultant or consultants in the same manner, to the extent practicable, as the Agency retains others to administer provisions of this Act, including, but not limited to, the procurement administrator. The selection of experts and expert consulting firms and the procurement process described in this subparagraph (M) are exempt from the requirements of Section 20-10 of the Illinois Procurement Code, under Section 20-10 of that
Code. The Agency shall strive to minimize administrative expenses in the implementation of the Adjustable Block program.

The Agency and its consultant or consultants shall monitor block activity, share program activity with stakeholders and conduct regularly scheduled meetings to discuss program activity and market conditions. If necessary, the Agency may make prospective administrative adjustments to the Adjustable Block program design, such as redistributing available funds or making adjustments to purchase prices as necessary to achieve the goals of this subsection (c). Program modifications to any price, capacity block, or other program element that do not deviate from the Commission's approved value by more than 25% shall take effect immediately and are not subject to Commission review and approval. Program modifications to any price, capacity block, or other program element that deviate more than 25% from the Commission's approved value must be approved by the Commission as a long-term plan amendment under Section 16-111.5 of the Public Utilities Act. The Agency shall consider stakeholder feedback when making adjustments to the Adjustable Block design and shall notify stakeholders in advance of any planned changes.

(N) The long-term renewable resources procurement plan required by this subsection (c) shall include a community renewable generation program. The Agency shall establish the terms, conditions, and program requirements for community renewable generation projects with a goal to expand renewable energy generating facility access to a broader group of energy consumers, to ensure robust participation opportunities for residential and small commercial customers and those who cannot install renewable energy on their own properties. Any plan approved by the Commission shall allow subscriptions to community renewable generation projects to be portable and transferable. For purposes of this subparagraph (N), "portable" means that subscriptions may be retained by the subscriber even if the subscriber relocates or changes its address within the same utility service territory; and "transferable" means that a subscriber may assign or sell subscriptions to another person within the same utility service territory.

New matter indicated by italics - deletions by strikeout
Electric utilities shall provide a monetary credit to a subscriber's subsequent bill for service for the proportional output of a community renewable generation project attributable to that subscriber as specified in Section 16-107.5 of the Public Utilities Act.

The Agency shall purchase renewable energy credits from subscribed shares of photovoltaic community renewable generation projects through the Adjustable Block program described in subparagraph (K) of this paragraph (1) or through the Illinois Solar for All Program described in Section 1-56 of this Act. The electric utility shall purchase any unsubscribed energy from community renewable generation projects that are Qualifying Facilities ("QF") under the electric utility's tariff for purchasing the output from QFs under Public Utilities Regulatory Policies Act of 1978.

The owners of and any subscribers to a community renewable generation project shall not be considered public utilities or alternative retail electricity suppliers under the Public Utilities Act solely as a result of their interest in or subscription to a community renewable generation project and shall not be required to become an alternative retail electric supplier by participating in a community renewable generation project with a public utility.

(O) For the delivery year beginning June 1, 2018, the long-term renewable resources procurement plan required by this subsection (c) shall provide for the Agency to procure contracts to continue offering the Illinois Solar for All Program described in subsection (b) of Section 1-56 of this Act, and the contracts approved by the Commission shall be executed by the utilities that are subject to this subsection (c). The long-term renewable resources procurement plan shall allocate 5% of the funds available under the plan for the applicable delivery year, or $10,000,000 per delivery year, whichever is greater, to fund the programs, and the plan shall determine the amount of funding to be apportioned to the programs identified in subsection (b) of Section 1-56 of this Act; provided that for the delivery years beginning June 1, 2017, June 1, 2021, and June 1, 2025, the long-term renewable resources procurement plan shall allocate 10% of the funds available under the plan for the applicable delivery year,
or $20,000,000 per delivery year, whichever is greater, and $10,000,000 of such funds in such year shall be used by an electric utility that serves more than 3,000,000 retail customers in the State to implement a Commission-approved plan under Section 16-108.12 of the Public Utilities Act. In making the determinations required under this subparagraph (O), the Commission shall consider the experience and performance under the programs and any evaluation reports. The Commission shall also provide for an independent evaluation of those programs on a periodic basis that are funded under this subparagraph (O). The procurement plans shall include cost-effective renewable energy resources. A minimum percentage of each utility’s total supply to serve the load of eligible retail customers, as defined in Section 16-111.5(a) of the Public Utilities Act, procured for each of the following years shall be generated from cost-effective renewable energy resources: at least 2% by June 1, 2008; at least 4% by June 1, 2009; at least 5% by June 1, 2010; at least 6% by June 1, 2011; at least 7% by June 1, 2012; at least 8% by June 1, 2013; at least 9% by June 1, 2014; at least 10% by June 1, 2015; and increasing by at least 1.5% each year thereafter to at least 25% by June 1, 2025. To the extent that it is available, at least 75% of the renewable energy resources used to meet these standards shall come from wind generation and, beginning on June 1, 2011, at least the following percentages of the renewable energy resources used to meet these standards shall come from photovoltaics on the following schedule: 0.5% by June 1, 2012, 1.5% by June 1, 2013, 3% by June 1, 2014, and 6% by June 1, 2015 and thereafter. Of the renewable energy resources procured pursuant to this Section, at least the following percentages shall come from distributed renewable energy generation devices: 0.5% by June 1, 2013, 0.75% by June 1, 2014, and 1% by June 1, 2015 and thereafter. To the extent available, half of the renewable energy resources procured from distributed renewable energy generation shall come from devices of less than 25 kilowatts in nameplate capacity. Renewable energy resources procured from distributed generation devices may also count towards the required percentages for wind and solar photovoltaics. Procurement of renewable energy resources from distributed renewable energy generation devices shall be done on an annual
basis through multi-year contracts of no less than 5 years, and shall consist solely of renewable energy credits.

The Agency shall create credit requirements for suppliers of distributed renewable energy. In order to minimize the administrative burden on contracting entities, the Agency shall solicit the use of third-party organizations to aggregate distributed renewable energy into groups of no less than one megawatt in installed capacity. These third-party organizations shall administer contracts with individual distributed renewable energy generation device owners. An individual distributed renewable energy generation device owner shall have the ability to measure the output of his or her distributed renewable energy generation device.

For purposes of this subsection (c), "cost-effective" means that the costs of procuring renewable energy resources do not cause the limit stated in paragraph (2) of this subsection (c) to be exceeded and do not exceed benchmarks based on market prices for renewable energy resources in the region, which shall be developed by the procurement administrator, in consultation with the Commission staff, Agency staff, and the procurement monitor and shall be subject to Commission review and approval:

(2) (Blank). For purposes of this subsection (c), the required procurement of cost-effective renewable energy resources for a particular year shall be measured as a percentage of the actual amount of electricity (megawatt-hours) supplied by the electric utility to eligible retail customers in the planning year ending immediately prior to the procurement. For purposes of this subsection (c), the amount paid per kilowatthour means the total amount paid for electric service expressed on a per kilowatthour basis. For purposes of this subsection (c), the total amount paid for electric service includes without limitation amounts paid for supply, transmission, distribution, surcharges, and add-on taxes.

Notwithstanding the requirements of this subsection (c), the total of renewable energy resources procured pursuant to the procurement plan for any single year shall be reduced by an amount necessary to limit the annual estimated average net increase due to the costs of these resources included in the amounts paid by eligible retail customers in connection with electric service to:

New matter indicated by italics - deletions by strikeout
(A) in 2008, no more than 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;

(B) in 2009, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2008 or 1% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;

(C) in 2010, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009 or 1.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;

(D) in 2011, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2010 or 2% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007; and

(E) thereafter, the amount of renewable energy resources procured pursuant to the procurement plan for any single year shall be reduced by an amount necessary to limit the estimated average net increase due to the cost of these resources included in the amounts paid by eligible retail customers in connection with electric service to no more than the greater of 2.015% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007 or the incremental amount per kilowatthour paid for these resources in 2011.

No later than June 30, 2011, the Commission shall review the limitation on the amount of renewable energy resources procured pursuant to this subsection (c) and report to the General Assembly its findings as to whether that limitation unduly constrains the procurement of cost-effective renewable energy resources.

(3) (Blank). Through June 1, 2011, renewable energy resources shall be counted for the purpose of meeting the renewable energy standards set forth in paragraph (1) of this subsection (c) only if they are generated from facilities located in the State, provided that cost-effective renewable energy resources...
are available from those facilities. If those cost-effective resources are not available in Illinois, they shall be procured in states that adjoin Illinois and may be counted towards compliance. If those cost-effective resources are not available in Illinois or in states that adjoin Illinois, they shall be purchased elsewhere and shall be counted towards compliance. After June 1, 2011, cost-effective renewable energy resources located in Illinois and in states that adjoin Illinois may be counted towards compliance with the standards set forth in paragraph (1) of this subsection (c). If those cost-effective resources are not available in Illinois or in states that adjoin Illinois, they shall be purchased elsewhere and shall be counted towards compliance:

(4) The electric utility shall retire all renewable energy credits used to comply with the standard.

(5) Beginning with the 2010 delivery year and ending June 1, 2017 year commencing June 1, 2010, an electric utility subject to this subsection (c) shall apply the lesser of the maximum alternative compliance payment rate or the most recent estimated alternative compliance payment rate for its service territory for the corresponding compliance period, established pursuant to subsection (d) of Section 16-115D of the Public Utilities Act to its retail customers that take service pursuant to the electric utility's hourly pricing tariff or tariffs. The electric utility shall retain all amounts collected as a result of the application of the alternative compliance payment rate or rates to such customers, and, beginning in 2011, the utility shall include in the information provided under item (1) of subsection (d) of Section 16-111.5 of the Public Utilities Act the amounts collected under the alternative compliance payment rate or rates for the prior year ending May 31. Notwithstanding any limitation on the procurement of renewable energy resources imposed by item (2) of this subsection (c), the Agency shall increase its spending on the purchase of renewable energy resources to be procured by the electric utility for the next plan year by an amount equal to the amounts collected by the utility under the alternative compliance payment rate or rates in the prior year ending May 31.

(6) The electric utility shall be entitled to recover all of its costs associated with the procurement of renewable energy credits under plans approved under this Section and Section 16-111.5 of

the Public Utilities Act. These costs shall include associated reasonable expenses for implementing the procurement programs, including, but not limited to, the costs of administering and evaluating the Adjustable Block program, through an automatic adjustment clause tariff in accordance with subsection (k) of Section 16-108 of the Public Utilities Act.

(7) Renewable energy credits procured from new photovoltaic projects or new distributed renewable energy generation devices under this Section after the effective date of this amendatory Act of the 99th General Assembly must be procured from devices installed by a qualified person in compliance with the requirements of Section 16-128A of the Public Utilities Act and any rules or regulations adopted thereunder.

In meeting the renewable energy requirements of this subsection (c), to the extent feasible and consistent with State and federal law, the renewable energy credit procurements, Adjustable Block solar program, and community renewable generation program shall provide employment opportunities for all segments of the population and workforce, including minority-owned and female-owned business enterprises, and shall not, consistent with State and federal law, discriminate based on race or socioeconomic status.

(d) Clean coal portfolio standard.

(1) The procurement plans shall include electricity generated using clean coal. Each utility shall enter into one or more sourcing agreements with the initial clean coal facility, as provided in paragraph (3) of this subsection (d), covering electricity generated by the initial clean coal facility representing at least 5% of each utility's total supply to serve the load of eligible retail customers in 2015 and each year thereafter, as described in paragraph (3) of this subsection (d), subject to the limits specified in paragraph (2) of this subsection (d). It is the goal of the State that by January 1, 2025, 25% of the electricity used in the State shall be generated by cost-effective clean coal facilities. For purposes of this subsection (d), "cost-effective" means that the expenditures pursuant to such sourcing agreements do not cause the limit stated in paragraph (2) of this subsection (d) to be exceeded and do not exceed cost-based benchmarks, which shall be developed to assess all expenditures pursuant to such sourcing agreements.

agreements covering electricity generated by clean coal facilities, other than the initial clean coal facility, by the procurement administrator, in consultation with the Commission staff, Agency staff, and the procurement monitor and shall be subject to Commission review and approval.

A utility party to a sourcing agreement shall immediately retire any emission credits that it receives in connection with the electricity covered by such agreement.

Utilities shall maintain adequate records documenting the purchases under the sourcing agreement to comply with this subsection (d) and shall file an accounting with the load forecast that must be filed with the Agency by July 15 of each year, in accordance with subsection (d) of Section 16-111.5 of the Public Utilities Act.

A utility shall be deemed to have complied with the clean coal portfolio standard specified in this subsection (d) if the utility enters into a sourcing agreement as required by this subsection (d).

(2) For purposes of this subsection (d), the required execution of sourcing agreements with the initial clean coal facility for a particular year shall be measured as a percentage of the actual amount of electricity (megawatt-hours) supplied by the electric utility to eligible retail customers in the planning year ending immediately prior to the agreement's execution. For purposes of this subsection (d), the amount paid per kilowatthour means the total amount paid for electric service expressed on a per kilowatthour basis. For purposes of this subsection (d), the total amount paid for electric service includes without limitation amounts paid for supply, transmission, distribution, surcharges and add-on taxes.

Notwithstanding the requirements of this subsection (d), the total amount paid under sourcing agreements with clean coal facilities pursuant to the procurement plan for any given year shall be reduced by an amount necessary to limit the annual estimated average net increase due to the costs of these resources included in the amounts paid by eligible retail customers in connection with electric service to:

(B) in 2011, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2010 or 1% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009;

(C) in 2012, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2011 or 1.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009;

(D) in 2013, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2012 or 2% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009; and

(E) thereafter, the total amount paid under sourcing agreements with clean coal facilities pursuant to the procurement plan for any single year shall be reduced by an amount necessary to limit the estimated average net increase due to the cost of these resources included in the amounts paid by eligible retail customers in connection with electric service to no more than the greater of (i) 2.015% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009 or (ii) the incremental amount per kilowatthour paid for these resources in 2013. These requirements may be altered only as provided by statute.

No later than June 30, 2015, the Commission shall review the limitation on the total amount paid under sourcing agreements, if any, with clean coal facilities pursuant to this subsection (d) and report to the General Assembly its findings as to whether that limitation unduly constrains the amount of electricity generated by cost-effective clean coal facilities that is covered by sourcing agreements.

(3) Initial clean coal facility. In order to promote development of clean coal facilities in Illinois, each electric utility subject to this Section shall execute a sourcing agreement to source electricity from a proposed clean coal facility in Illinois (the "initial clean coal facility") that will have a nameplate capacity of at least

500 MW when commercial operation commences, that has a final Clean Air Act permit on the effective date of this amendatory Act of the 95th General Assembly, and that will meet the definition of clean coal facility in Section 1-10 of this Act when commercial operation commences. The sourcing agreements with this initial clean coal facility shall be subject to both approval of the initial clean coal facility by the General Assembly and satisfaction of the requirements of paragraph (4) of this subsection (d) and shall be executed within 90 days after any such approval by the General Assembly. The Agency and the Commission shall have authority to inspect all books and records associated with the initial clean coal facility during the term of such a sourcing agreement. A utility's sourcing agreement for electricity produced by the initial clean coal facility shall include:

(A) a formula contractual price (the "contract price") approved pursuant to paragraph (4) of this subsection (d), which shall:

(i) be determined using a cost of service methodology employing either a level or deferred capital recovery component, based on a capital structure consisting of 45% equity and 55% debt, and a return on equity as may be approved by the Federal Energy Regulatory Commission, which in any case may not exceed the lower of 11.5% or the rate of return approved by the General Assembly pursuant to paragraph (4) of this subsection (d); and

(ii) provide that all miscellaneous net revenue, including but not limited to net revenue from the sale of emission allowances, if any, substitute natural gas, if any, grants or other support provided by the State of Illinois or the United States Government, firm transmission rights, if any, by-products produced by the facility, energy or capacity derived from the facility and not covered by a sourcing agreement pursuant to paragraph (3) of this subsection (d) or item (5) of subsection (d) of Section 16-115 of the Public Utilities Act, whether generated from the synthesis gas derived from coal, from SNG, or from natural gas, shall be credited
against the revenue requirement for this initial clean coal facility;

(B) power purchase provisions, which shall:
   (i) provide that the utility party to such sourcing agreement shall pay the contract price for electricity delivered under such sourcing agreement;
   (ii) require delivery of electricity to the regional transmission organization market of the utility that is party to such sourcing agreement;
   (iii) require the utility party to such sourcing agreement to buy from the initial clean coal facility in each hour an amount of energy equal to all clean coal energy made available from the initial clean coal facility during such hour times a fraction, the numerator of which is such utility's retail market sales of electricity (expressed in kilowatthours sold) in the State during the prior calendar month and the denominator of which is the total retail market sales of electricity (expressed in kilowatthours sold) in the State by utilities during such prior month and the sales of electricity (expressed in kilowatthours sold) in the State by alternative retail electric suppliers during such prior month that are subject to the requirements of this subsection (d) and paragraph (5) of subsection (d) of Section 16-115 of the Public Utilities Act, provided that the amount purchased by the utility in any year will be limited by paragraph (2) of this subsection (d); and
   (iv) be considered pre-existing contracts in such utility's procurement plans for eligible retail customers;

(C) contract for differences provisions, which shall:
   (i) require the utility party to such sourcing agreement to contract with the initial clean coal facility in each hour with respect to an amount of energy equal to all clean coal energy made available from the initial clean coal facility during such hour times a fraction, the numerator of which is such utility's retail market sales of electricity (expressed in kilowatthours sold) in the State during the prior calendar month and the denominator of which is the total retail market sales of electricity (expressed in kilowatthours sold) in the State by utilities during such prior month and the sales of electricity (expressed in kilowatthours sold) in the State by alternative retail electric suppliers during such prior month that are subject to the requirements of this subsection (d) and paragraph (5) of subsection (d) of Section 16-115 of the Public Utilities Act, provided that the amount purchased by the utility in any year will be limited by paragraph (2) of this subsection (d); and
   (iv) be considered pre-existing contracts in such utility's procurement plans for eligible retail customers;
in kilowatthours sold) in the utility's service
territory in the State during the prior calendar month
and the denominator of which is the total retail
market sales of electricity (expressed in
kilowatthours sold) in the State by utilities during
such prior month and the sales of electricity
(expressed in kilowatthours sold) in the State by
alternative retail electric suppliers during such prior
month that are subject to the requirements of this
subsection (d) and paragraph (5) of subsection (d) of
Section 16-115 of the Public Utilities Act, provided
that the amount paid by the utility in any year will
be limited by paragraph (2) of this subsection (d);

(ii) provide that the utility's payment
obligation in respect of the quantity of electricity
determined pursuant to the preceding clause (i) shall
be limited to an amount equal to (1) the difference
between the contract price determined pursuant to
subparagraph (A) of paragraph (3) of this subsection
(d) and the day-ahead price for electricity delivered
to the regional transmission organization market of
the utility that is party to such sourcing agreement
(or any successor delivery point at which such
utility's supply obligations are financially settled on
an hourly basis) (the "reference price") on the day
preceding the day on which the electricity is
delivered to the initial clean coal facility busbar,
multiplied by (2) the quantity of electricity
determined pursuant to the preceding clause (i); and

(iii) not require the utility to take physical
delivery of the electricity produced by the facility;

(D) general provisions, which shall:

(i) specify a term of no more than 30 years,
commencing on the commercial operation date of
the facility;

(ii) provide that utilities shall maintain
adequate records documenting purchases under the
sourcing agreements entered into to comply with
this subsection (d) and shall file an accounting with

the load forecast that must be filed with the Agency by July 15 of each year, in accordance with subsection (d) of Section 16-111.5 of the Public Utilities Act;

(iii) provide that all costs associated with the initial clean coal facility will be periodically reported to the Federal Energy Regulatory Commission and to purchasers in accordance with applicable laws governing cost-based wholesale power contracts;

(iv) permit the Illinois Power Agency to assume ownership of the initial clean coal facility, without monetary consideration and otherwise on reasonable terms acceptable to the Agency, if the Agency so requests no less than 3 years prior to the end of the stated contract term;

(v) require the owner of the initial clean coal facility to provide documentation to the Commission each year, starting in the facility's first year of commercial operation, accurately reporting the quantity of carbon emissions from the facility that have been captured and sequestered and report any quantities of carbon released from the site or sites at which carbon emissions were sequestered in prior years, based on continuous monitoring of such sites. If, in any year after the first year of commercial operation, the owner of the facility fails to demonstrate that the initial clean coal facility captured and sequestered at least 50% of the total carbon emissions that the facility would otherwise emit or that sequestration of emissions from prior years has failed, resulting in the release of carbon dioxide into the atmosphere, the owner of the facility must offset excess emissions. Any such carbon offsets must be permanent, additional, verifiable, real, located within the State of Illinois, and legally and practicably enforceable. The cost of such offsets for the facility that are not recoverable shall not exceed $15 million in any given year. No
costs of any such purchases of carbon offsets may be recovered from a utility or its customers. All carbon offsets purchased for this purpose and any carbon emission credits associated with sequestration of carbon from the facility must be permanently retired. The initial clean coal facility shall not forfeit its designation as a clean coal facility if the facility fails to fully comply with the applicable carbon sequestration requirements in any given year, provided the requisite offsets are purchased. However, the Attorney General, on behalf of the People of the State of Illinois, may specifically enforce the facility's sequestration requirement and the other terms of this contract provision. Compliance with the sequestration requirements and offset purchase requirements specified in paragraph (3) of this subsection (d) shall be reviewed annually by an independent expert retained by the owner of the initial clean coal facility, with the advance written approval of the Attorney General. The Commission may, in the course of the review specified in item (vii), reduce the allowable return on equity for the facility if the facility wilfully fails to comply with the carbon capture and sequestration requirements set forth in this item (v);

(vi) include limits on, and accordingly provide for modification of, the amount the utility is required to source under the sourcing agreement consistent with paragraph (2) of this subsection (d);

(vii) require Commission review: (1) to determine the justness, reasonableness, and prudence of the inputs to the formula referenced in subparagraphs (A)(i) through (A)(iii) of paragraph (3) of this subsection (d), prior to an adjustment in those inputs including, without limitation, the capital structure and return on equity, fuel costs, and other operations and maintenance costs and (2) to approve the costs to be passed through to customers
under the sourcing agreement by which the utility satisfies its statutory obligations. Commission review shall occur no less than every 3 years, regardless of whether any adjustments have been proposed, and shall be completed within 9 months;

(viii) limit the utility's obligation to such amount as the utility is allowed to recover through tariffs filed with the Commission, provided that neither the clean coal facility nor the utility waives any right to assert federal pre-emption or any other argument in response to a purported disallowance of recovery costs;

(ix) limit the utility's or alternative retail electric supplier's obligation to incur any liability until such time as the facility is in commercial operation and generating power and energy and such power and energy is being delivered to the facility busbar;

(x) provide that the owner or owners of the initial clean coal facility, which is the counterparty to such sourcing agreement, shall have the right from time to time to elect whether the obligations of the utility party thereto shall be governed by the power purchase provisions or the contract for differences provisions;

(xi) append documentation showing that the formula rate and contract, insofar as they relate to the power purchase provisions, have been approved by the Federal Energy Regulatory Commission pursuant to Section 205 of the Federal Power Act;

(xii) provide that any changes to the terms of the contract, insofar as such changes relate to the power purchase provisions, are subject to review under the public interest standard applied by the Federal Energy Regulatory Commission pursuant to Sections 205 and 206 of the Federal Power Act; and

(xiii) conform with customary lender requirements in power purchase agreements used as the basis for financing non-utility generators.

(4) Effective date of sourcing agreements with the initial clean coal facility.

Any proposed sourcing agreement with the initial clean coal facility shall not become effective unless the following reports are prepared and submitted and authorizations and approvals obtained:

(i) Facility cost report. The owner of the initial clean coal facility shall submit to the Commission, the Agency, and the General Assembly a front-end engineering and design study, a facility cost report, method of financing (including but not limited to structure and associated costs), and an operating and maintenance cost quote for the facility (collectively "facility cost report"), which shall be prepared in accordance with the requirements of this paragraph (4) of subsection (d) of this Section, and shall provide the Commission and the Agency access to the work papers, relied upon documents, and any other backup documentation related to the facility cost report.

(ii) Commission report. Within 6 months following receipt of the facility cost report, the Commission, in consultation with the Agency, shall submit a report to the General Assembly setting forth its analysis of the facility cost report. Such report shall include, but not be limited to, a comparison of the costs associated with electricity generated by the initial clean coal facility to the costs associated with electricity generated by other types of generation facilities, an analysis of the rate impacts on residential and small business customers over the life of the sourcing agreements, and an analysis of the likelihood that the initial clean coal facility will commence commercial operation by and be delivering power to the facility's busbar by 2016. To assist in the preparation of its report, the Commission, in consultation with the Agency, may hire one or more experts or consultants, the costs of which shall be paid for by the owner of the initial clean coal facility. The Commission and Agency may begin the process of selecting such experts or consultants prior to receipt of the facility cost report.

(iii) General Assembly approval. The proposed sourcing agreements shall not take effect unless, based on the facility cost report and the Commission's report, the General Assembly enacts authorizing legislation approving (A) the projected price, stated in cents per kilowatthour, to be charged for electricity generated by the initial clean coal facility, (B) the projected impact on residential and small business customers' bills over the life of the sourcing agreements, and (C) the maximum allowable return on equity for the project; and

(iv) Commission review. If the General Assembly enacts authorizing legislation pursuant to subparagraph (iii) approving a sourcing agreement, the Commission shall, within 90 days of such enactment, complete a review of such sourcing agreement. During such time period, the Commission shall implement any directive of the General Assembly, resolve any disputes between the parties to the sourcing agreement concerning the terms of such agreement, approve the form of such agreement, and issue an order finding that the sourcing agreement is prudent and reasonable.

The facility cost report shall be prepared as follows:

(A) The facility cost report shall be prepared by duly licensed engineering and construction firms detailing the estimated capital costs payable to one or more contractors or suppliers for the engineering, procurement and construction of the components comprising the initial clean coal facility and the estimated costs of operation and maintenance of the facility. The facility cost report shall include:

(i) an estimate of the capital cost of the core plant based on one or more front end engineering and design studies for the gasification island and related facilities. The core plant shall include all civil, structural, mechanical, electrical, control, and safety systems.

(ii) an estimate of the capital cost of the balance of the plant, including any capital costs associated with sequestration of carbon dioxide.

emissions and all interconnects and interfaces required to operate the facility, such as transmission of electricity, construction or backfeed power supply, pipelines to transport substitute natural gas or carbon dioxide, potable water supply, natural gas supply, water supply, water discharge, landfill, access roads, and coal delivery.

The quoted construction costs shall be expressed in nominal dollars as of the date that the quote is prepared and shall include capitalized financing costs during construction, taxes, insurance, and other owner's costs, and an assumed escalation in materials and labor beyond the date as of which the construction cost quote is expressed.

(B) The front end engineering and design study for the gasification island and the cost study for the balance of plant shall include sufficient design work to permit quantification of major categories of materials, commodities and labor hours, and receipt of quotes from vendors of major equipment required to construct and operate the clean coal facility.

(C) The facility cost report shall also include an operating and maintenance cost quote that will provide the estimated cost of delivered fuel, personnel, maintenance contracts, chemicals, catalysts, consumables, spares, and other fixed and variable operations and maintenance costs. The delivered fuel cost estimate will be provided by a recognized third party expert or experts in the fuel and transportation industries. The balance of the operating and maintenance cost quote, excluding delivered fuel costs, will be developed based on the inputs provided by duly licensed engineering and construction firms performing the construction cost quote, potential vendors under long-term service agreements and plant operating agreements, or recognized third party plant operator or operators.

The operating and maintenance cost quote (including the cost of the front end engineering and design study) shall be expressed in nominal dollars as of the date that the quote is prepared and shall include taxes, insurance, and other owner's costs, and an assumed escalation in
materials and labor beyond the date as of which the operating and maintenance cost quote is expressed.

(D) The facility cost report shall also include an analysis of the initial clean coal facility's ability to deliver power and energy into the applicable regional transmission organization markets and an analysis of the expected capacity factor for the initial clean coal facility.

(E) Amounts paid to third parties unrelated to the owner or owners of the initial clean coal facility to prepare the core plant construction cost quote, including the front end engineering and design study, and the operating and maintenance cost quote will be reimbursed through Coal Development Bonds.

(5) Re-powering and retrofitting coal-fired power plants previously owned by Illinois utilities to qualify as clean coal facilities. During the 2009 procurement planning process and thereafter, the Agency and the Commission shall consider sourcing agreements covering electricity generated by power plants that were previously owned by Illinois utilities and that have been or will be converted into clean coal facilities, as defined by Section 1-10 of this Act. Pursuant to such procurement planning process, the owners of such facilities may propose to the Agency sourcing agreements with utilities and alternative retail electric suppliers required to comply with subsection (d) of this Section and item (5) of subsection (d) of Section 16-115 of the Public Utilities Act, covering electricity generated by such facilities. In the case of sourcing agreements that are power purchase agreements, the contract price for electricity sales shall be established on a cost of service basis. In the case of sourcing agreements that are contracts for differences, the contract price from which the reference price is subtracted shall be established on a cost of service basis. The Agency and the Commission may approve any such utility sourcing agreements that do not exceed cost-based benchmarks developed by the procurement administrator, in consultation with the Commission staff, Agency staff and the procurement monitor, subject to Commission review and approval. The Commission shall have authority to inspect all books and records associated with these clean coal facilities during the term of any such contract.

(6) Costs incurred under this subsection (d) or pursuant to a contract entered into under this subsection (d) shall be deemed prudently incurred and reasonable in amount and the electric utility shall be entitled to full cost recovery pursuant to the tariffs filed with the Commission.

(d-5) Zero emission standard.

(1) Beginning with the delivery year commencing on June 1, 2017, the Agency shall, for electric utilities that serve at least 100,000 retail customers in this State, procure contracts with zero emission facilities that are reasonably capable of generating cost-effective zero emission credits in an amount approximately equal to 16% of the actual amount of electricity delivered by each electric utility to retail customers in the State during calendar year 2014. For an electric utility serving fewer than 100,000 retail customers in this State that requested, under Section 16-111.5 of the Public Utilities Act, that the Agency procure power and energy for all or a portion of the utility's Illinois load for the delivery year commencing June 1, 2016, the Agency shall procure contracts with zero emission facilities that are reasonably capable of generating cost-effective zero emission credits in an amount approximately equal to 16% of the portion of power and energy to be procured by the Agency for the utility. The duration of the contracts procured under this subsection (d-5) shall be for a term of 10 years ending May 31, 2027. The quantity of zero emission credits to be procured under the contracts shall be all of the zero emission credits generated by the zero emission facility in each delivery year; however, if the zero emission facility is owned by more than one entity, then the quantity of zero emission credits to be procured under the contracts shall be the amount of zero emission credits that are generated from the portion of the zero emission facility that is owned by the winning supplier.

The 16% value identified in this paragraph (1) is the average of the percentage targets in subparagraph (B) of paragraph (1) of subsection (c) of Section 1-75 of this Act for the 5 delivery years beginning June 1, 2017.

The procurement process shall be subject to the following provisions:

(A) Those zero emission facilities that intend to participate in the procurement shall submit to the Agency
the following eligibility information for each zero emission facility on or before the date established by the Agency:

(i) the in-service date and remaining useful life of the zero emission facility;

(ii) the amount of power generated annually for each of the years 2005 through 2015, and the projected zero emission credits to be generated over the remaining useful life of the zero emission facility, which shall be used to determine the capability of each facility;

(iii) the annual zero emission facility cost projections, expressed on a per megawatthour basis, over the next 6 delivery years, which shall include the following: operation and maintenance expenses; fully allocated overhead costs, which shall be allocated using the methodology developed by the Institute for Nuclear Power Operations; fuel expenditures; non-fuel capital expenditures; spent fuel expenditures; a return on working capital; the cost of operational and market risks that could be avoided by ceasing operation; and any other costs necessary for continued operations, provided that "necessary" means, for purposes of this item (iii), that the costs could reasonably be avoided only by ceasing operations of the zero emission facility; and

(iv) a commitment to continue operating, for the duration of the contract or contracts executed under the procurement held under this subsection (d-5), the zero emission facility that produces the zero emission credits to be procured in the procurement.

The information described in item (iii) of this subparagraph (A) may be submitted on a confidential basis and shall be treated and maintained by the Agency, the procurement administrator, and the Commission as confidential and proprietary and exempt from disclosure under subparagraphs (a) and (g) of paragraph (1) of Section 7 of the Freedom of Information Act. The Office of Attorney General shall have access to, and maintain the
confidentiality of, such information pursuant to Section 6.5 of the Attorney General Act.

(B) The price for each zero emission credit procured under this subsection (d-5) for each delivery year shall be in an amount that equals the Social Cost of Carbon, expressed on a price per megawatthour basis. However, to ensure that the procurement remains affordable to retail customers in this State if electricity prices increase, the price in an applicable delivery year shall be reduced below the Social Cost of Carbon by the amount ("Price Adjustment") by which the market price index for the applicable delivery year exceeds the baseline market price index for the consecutive 12-month period ending May 31, 2016. If the Price Adjustment is greater than or equal to the Social Cost of Carbon in an applicable delivery year, then no payments shall be due in that delivery year. The components of this calculation are defined as follows:

(i) Social Cost of Carbon: The Social Cost of Carbon is $16.50 per megawatthour, which is based on the U.S. Interagency Working Group on Social Cost of Carbon’s price in the August 2016 Technical Update using a 3% discount rate, adjusted for inflation for each year of the program. Beginning with the delivery year commencing June 1, 2023, the price per megawatthour shall increase by $1 per megawatthour, and continue to increase by an additional $1 per megawatthour each delivery year thereafter.

(ii) Baseline market price index: The baseline market price index for the consecutive 12-month period ending May 31, 2016 is $31.40 per megawatthour, which is based on the sum of (aa) the average day-ahead energy price across all hours of such 12-month period at the PJM Interconnection LLC Northern Illinois Hub, (bb) 50% multiplied by the Base Residual Auction, or its successor, capacity price for the rest of the RTO zone group determined by PJM Interconnection

New matter indicated by italics - deletions by strikeout
LLC, divided by 24 hours per day, and (cc) 50% multiplied by the Planning Resource Auction, or its successor, capacity price for Zone 4 determined by the Midcontinent Independent System Operator, Inc., divided by 24 hours per day.

(iii) Market price index: The market price index for a delivery year shall be the sum of projected energy prices and projected capacity prices determined as follows:

(aa) Projected energy prices: the projected energy prices for the applicable delivery year shall be calculated once for the year using the forward market price for the PJM Interconnection, LLC Northern Illinois Hub. The forward market price shall be calculated as follows: the energy forward prices for each month of the applicable delivery year averaged for each trade date during the calendar year immediately preceding that delivery year to produce a single energy forward price for the delivery year. The forward market price calculation shall use data published by the Intercontinental Exchange, or its successor.

(bb) Projected capacity prices:

(I) For the delivery years commencing June 1, 2017, June 1, 2018, and June 1, 2019, the projected capacity price shall be equal to the sum of (1) 50% multiplied by the Base Residual Auction, or its successor, price for the rest of the RTO zone group as determined by PJM Interconnection LLC, divided by 24 hours per day and, (2) 50% multiplied by the resource auction price determined in the resource auction administered by the Midcontinent Independent System Operator, Inc., divided by 24 hours per day.

Operator, Inc., in which the largest percentage of load cleared for Local Resource Zone 4, divided by 24 hours per day, and where such price is determined by the Midcontinent Independent System Operator, Inc.

(II) For the delivery year commencing June 1, 2020, and each year thereafter, the projected capacity price shall be equal to the sum of (1) 50% multiplied by the Base Residual Auction, or its successor, price for the ComEd zone as determined by PJM Interconnection LLC, divided by 24 hours per day, and (2) 50% multiplied by the resource auction price determined in the resource auction administered by the Midcontinent Independent System Operator, Inc., in which the largest percentage of load cleared for Local Resource Zone 4, divided by 24 hours per day, and where such price is determined by the Midcontinent Independent System Operator, Inc.

For purposes of this subsection (d-5):

"Rest of the RTO" and "ComEd Zone" shall have the meaning ascribed to them by PJM Interconnection, LLC.

"RTO" means regional transmission organization.

(C) No later than 45 days after the effective date of this amendatory Act of the 99th General Assembly, the Agency shall publish its proposed zero emission standard procurement plan. The plan shall be consistent with the provisions of this paragraph (1) and shall provide that winning bids shall be selected based on public interest criteria that include, but are not limited to, minimizing

New matter indicated by italics - deletions by strikeout
carbon dioxide emissions that result from electricity consumed in Illinois and minimizing sulfur dioxide, nitrogen oxide, and particulate matter emissions that adversely affect the citizens of this State. In particular, the selection of winning bids shall take into account the incremental environmental benefits resulting from the procurement, such as any existing environmental benefits that are preserved by the procurements held under this amendatory Act of the 99th General Assembly and would cease to exist if the procurements were not held, including the preservation of zero emission facilities. The plan shall also describe in detail how each public interest factor shall be considered and weighted in the bid selection process to ensure that the public interest criteria are applied to the procurement and given full effect.

For purposes of developing the plan, the Agency shall consider any reports issued by a State agency, board, or commission under House Resolution 1146 of the 98th General Assembly and paragraph (4) of subsection (d) of Section 1-75 of this Act, as well as publicly available analyses and studies performed by or for regional transmission organizations that serve the State and their independent market monitors.

Upon publishing of the zero emission standard procurement plan, copies of the plan shall be posted and made publicly available on the Agency's website. All interested parties shall have 10 days following the date of posting to provide comment to the Agency on the plan. All comments shall be posted to the Agency's website. Following the end of the comment period, but no more than 60 days later than the effective date of this amendatory Act of the 99th General Assembly, the Agency shall revise the plan as necessary based on the comments received and file its zero emission standard procurement plan with the Commission.

If the Commission determines that the plan will result in the procurement of cost-effective zero emission credits, then the Commission shall, after notice and hearing, but no later than 45 days after the Agency filed the
plan, approve the plan or approve with modification. For purposes of this subsection (d-5), "cost effective" means the projected costs of procuring zero emission credits from zero emission facilities do not cause the limit stated in paragraph (2) of this subsection to be exceeded.

(C-5) As part of the Commission’s review and acceptance or rejection of the procurement results, the Commission shall, in its public notice of successful bidders:

(i) identify how the winning bids satisfy the public interest criteria described in subparagraph (C) of this paragraph (1) of minimizing carbon dioxide emissions that result from electricity consumed in Illinois and minimizing sulfur dioxide, nitrogen oxide, and particulate matter emissions that adversely affect the citizens of this State;

(ii) specifically address how the selection of winning bids takes into account the incremental environmental benefits resulting from the procurement, including any existing environmental benefits that are preserved by the procurements held under this amendatory Act of the 99th General Assembly and would have ceased to exist if the procurements had not been held, such as the preservation of zero emission facilities;

(iii) quantify the environmental benefit of preserving the resources identified in item (ii) of this subparagraph (C-5), including the following:

(aa) the value of avoided greenhouse gas emissions measured as the product of the zero emission facilities' output over the contract term multiplied by the U.S. Environmental Protection Agency eGrid subregion carbon dioxide emission rate and the U.S. Interagency Working Group on Social Cost of Carbon's price in the August 2016 Technical Update using a 3% discount rate, adjusted for inflation for each delivery year; and

New matter indicated by italics - deletions by strikeout
(bb) the costs of replacement with other zero carbon dioxide resources, including wind and photovoltaic, based upon the simple average of the following:

(I) the price, or if there is more than one price, the average of the prices, paid for renewable energy credits from new utility-scale wind projects in the procurement events specified in item (i) of subparagraph (G) of paragraph (1) of subsection (c) of Section 1-75 of this Act; and

(II) the price, or if there is more than one price, the average of the prices, paid for renewable energy credits from new utility-scale solar projects and brownfield site photovoltaic projects in the procurement events specified in item (ii) of subparagraph (G) of paragraph (1) of subsection (c) of Section 1-75 of this Act and, after January 1, 2015, renewable energy credits from photovoltaic distributed generation projects in procurement events held under subsection (c) of Section 1-75 of this Act.

Each utility shall enter into binding contractual arrangements with the winning suppliers.

The procurement described in this subsection (d-5), including, but not limited to, the execution of all contracts procured, shall be completed no later than May 10, 2017. Based on the effective date of this amendatory Act of the 99th General Assembly, the Agency and Commission may, as appropriate, modify the various dates and timelines under this subparagraph and subparagraphs (C) and (D) of this paragraph (1). The procurement and plan approval processes required by this subsection (d-5) shall be conducted in conjunction with the procurement and plan...
approval processes required by subsection (c) of this Section and Section 16-111.5 of the Public Utilities Act, to the extent practicable. Notwithstanding whether a procurement event is conducted under Section 16-111.5 of the Public Utilities Act, the Agency shall immediately initiate a procurement process on the effective date of this amendatory Act of the 99th General Assembly.

(D) Following the procurement event described in this paragraph (1) and consistent with subparagraph (B) of this paragraph (1), the Agency shall calculate the payments to be made under each contract for the next delivery year based on the market price index for that delivery year. The Agency shall publish the payment calculations no later than May 25, 2017 and every May 25 thereafter.

(E) Notwithstanding the requirements of this subsection (d-5), the contracts executed under this subsection (d-5) shall provide that the zero emission facility may, as applicable, suspend or terminate performance under the contracts in the following instances:

(i) A zero emission facility shall be excused from its performance under the contract for any cause beyond the control of the resource, including, but not restricted to, acts of God, flood, drought, earthquake, storm, fire, lightning, epidemic, war, riot, civil disturbance or disobedience, labor dispute, labor or material shortage, sabotage, acts of public enemy, explosions, orders, regulations or restrictions imposed by governmental, military, or lawfully established civilian authorities, which, in any of the foregoing cases, by exercise of commercially reasonable efforts the zero emission facility could not reasonably have been expected to avoid, and which, by the exercise of commercially reasonable efforts, it has been unable to overcome.

In such event, the zero emission facility shall be excused from performance for the duration of the event, including, but not limited to, delivery of zero emission credits, and no payment shall be due to the

zero emission facility during the duration of the event.

(ii) A zero emission facility shall be permitted to terminate the contract if legislation is enacted into law by the General Assembly that imposes or authorizes a new tax, special assessment, or fee on the generation of electricity, the ownership or leasehold of a generating unit, or the privilege or occupation of such generation, ownership, or leasehold of generation units by a zero emission facility. However, the provisions of this item (ii) do not apply to any generally applicable tax, special assessment or fee, or requirements imposed by federal law.

(iii) A zero emission facility shall be permitted to terminate the contract in the event that the resource requires capital expenditures in excess of $40,000,000 that were neither known nor reasonably foreseeable at the time it executed the contract and that a prudent owner or operator of such resource would not undertake.

(iv) A zero emission facility shall be permitted to terminate the contract in the event the Nuclear Regulatory Commission terminates the resource's license.

(F) If the zero emission facility elects to terminate a contract under this subparagraph (E, of this paragraph (1), then the Commission shall reopen the docket in which the Commission approved the zero emission standard procurement plan under subparagraph (C) of this paragraph (1) and, after notice and hearing, enter an order acknowledging the contract termination election if such termination is consistent with the provisions of this subsection (d-5).

(2) For purposes of this subsection (d-5), the amount paid per kilowatthour means the total amount paid for electric service expressed on a per kilowatthour basis. For purposes of this subsection (d-5), the total amount paid for electric service
includes, without limitation, amounts paid for supply, transmission, distribution, surcharges, and add-on taxes.

Notwithstanding the requirements of this subsection (d-5), the contracts executed under this subsection (d-5) shall provide that the total of zero emission credits procured under a procurement plan shall be subject to the limitations of this paragraph (2). For each delivery year, the contractual volume receiving payments in such year shall be reduced for all retail customers based on the amount necessary to limit the net increase that delivery year to the costs of those credits included in the amounts paid by eligible retail customers in connection with electric service to no more than 1.65% of the amount paid per kilowatthour by eligible retail customers during the year ending May 31, 2009. The result of this computation shall apply to and reduce the procurement for all retail customers, and all those customers shall pay the same single, uniform cents per kilowatthour charge under subsection (k) of Section 16-108 of the Public Utilities Act. To arrive at a maximum dollar amount of zero emission credits to be paid for the particular delivery year, the resulting per kilowatthour amount shall be applied to the actual amount of kilowathours of electricity delivered by the electric utility in the delivery year immediately prior to the procurement, to all retail customers in its service territory. Unpaid contractual volume for any delivery year shall be paid in any subsequent delivery year in which such payments can be made without exceeding the amount specified in this paragraph (2). The calculations required by this paragraph (2) shall be made only once for each procurement plan year. Once the determination as to the amount of zero emission credits to be paid is made based on the calculations set forth in this paragraph (2), no subsequent rate impact determinations shall be made and no adjustments to those contract amounts shall be allowed. All costs incurred under those contracts and in implementing this subsection (d-5) shall be recovered by the electric utility as provided in this Section.

No later than June 30, 2019, the Commission shall review the limitation on the amount of zero emission credits procured under this subsection (d-5) and report to the General Assembly its findings as to whether that limitation unduly constrains the procurement of cost-effective zero emission credits.

(3) Six years after the execution of a contract under this subsection (d-5), the Agency shall determine whether the actual zero emission credit payments received by the supplier over the 6-year period exceed the Average ZEC Payment. In addition, at the end of the term of a contract executed under this subsection (d-5), or at the time, if any, a zero emission facility's contract is terminated under subparagraph (E) of paragraph (1) of this subsection (d-5), then the Agency shall determine whether the actual zero emission credit payments received by the supplier over the term of the contract exceed the Average ZEC Payment, after taking into account any amounts previously credited back to the utility under this paragraph (3). If the Agency determines that the actual zero emission credit payments received by the supplier over the relevant period exceed the Average ZEC Payment, then the supplier shall credit the difference back to the utility. The amount of the credit shall be remitted to the applicable electric utility no later than 120 days after the Agency's determination, which the utility shall reflect as a credit on its retail customer bills as soon as practicable; however, the credit remitted to the utility shall not exceed the total amount of payments received by the facility under its contract.

For purposes of this Section, the Average ZEC Payment shall be calculated by multiplying the quantity of zero emission credits delivered under the contract times the average contract price. The average contract price shall be determined by subtracting the amount calculated under subparagraph (B) of this paragraph (3) from the amount calculated under subparagraph (A) of this paragraph (3), as follows:

(A) The average of the Social Cost of Carbon, as defined in subparagraph (B) of paragraph (1) of this subsection (d-5), during the term of the contract.

(B) The average of the market price indices, as defined in subparagraph (B) of paragraph (1) of this subsection (d-5), during the term of the contract, minus the baseline market price index, as defined in subparagraph (B) of paragraph (1) of this subsection (d-5).

If the subtraction yields a negative number, then the Average ZEC Payment shall be zero.

(4) Cost-effective zero emission credits procured from zero emission facilities shall satisfy the applicable definitions set forth in Section 1-10 of this Act.

(5) The electric utility shall retire all zero emission credits used to comply with the requirements of this subsection (d-5).

(6) Electric utilities shall be entitled to recover all of the costs associated with the procurement of zero emission credits through an automatic adjustment clause tariff in accordance with subsection (k) and (m) of Section 16-108 of the Public Utilities Act, and the contracts executed under this subsection (d-5) shall provide that the utilities' payment obligations under such contracts shall be reduced if an adjustment is required under subsection (m) of Section 16-108 of the Public Utilities Act.

(7) This subsection (d-5) shall become inoperative on January 1, 2028.

(e) The draft procurement plans are subject to public comment, as required by Section 16-111.5 of the Public Utilities Act.

(f) The Agency shall submit the final procurement plan to the Commission. The Agency shall revise a procurement plan if the Commission determines that it does not meet the standards set forth in Section 16-111.5 of the Public Utilities Act.

(g) The Agency shall assess fees to each affected utility to recover the costs incurred in preparation of the annual procurement plan for the utility.

(h) The Agency shall assess fees to each bidder to recover the costs incurred in connection with a competitive procurement process.

(i) A renewable energy credit, carbon emission credit, or zero emission credit can only be used once to comply with a single portfolio or other standard as set forth in subsection (c), subsection (d), or subsection (d-5) of this Section, respectively. A renewable energy credit, carbon emission credit, or zero emission credit cannot be used to satisfy the requirements of more than one standard. If more than one type of credit is issued for the same megawatt hour of energy, only one credit can be used to satisfy the requirements of a single standard. After such use, the credit must be retired together with any other credits issued for the same megawatt hour of energy.

Section 10. The Illinois Procurement Code is amended by changing Section 20-10 as follows:

New matter indicated by italics - deletions by strikeout
Sec. 20-10. Competitive sealed bidding; reverse auction.

(a) Conditions for use. All contracts shall be awarded by competitive sealed bidding except as otherwise provided in Section 20-5.

(b) Invitation for bids. An invitation for bids shall be issued and shall include a purchase description and the material contractual terms and conditions applicable to the procurement.

(c) Public notice. Public notice of the invitation for bids shall be published in the Illinois Procurement Bulletin at least 14 calendar days before the date set in the invitation for the opening of bids.

(d) Bid opening. Bids shall be opened publicly in the presence of one or more witnesses at the time and place designated in the invitation for bids. The name of each bidder, the amount of each bid, and other relevant information as may be specified by rule shall be recorded. After the award of the contract, the winning bid and the record of each unsuccessful bid shall be open to public inspection.

(e) Bid acceptance and bid evaluation. Bids shall be unconditionally accepted without alteration or correction, except as authorized in this Code. Bids shall be evaluated based on the requirements set forth in the invitation for bids, which may include criteria to determine acceptability such as inspection, testing, quality, workmanship, delivery, and suitability for a particular purpose. Those criteria that will affect the bid price and be considered in evaluation for award, such as discounts, transportation costs, and total or life cycle costs, shall be objectively measurable. The invitation for bids shall set forth the evaluation criteria to be used.

(f) Correction or withdrawal of bids. Correction or withdrawal of inadvertently erroneous bids before or after award, or cancellation of awards of contracts based on bid mistakes, shall be permitted in accordance with rules. After bid opening, no changes in bid prices or other provisions of bids prejudicial to the interest of the State or fair competition shall be permitted. All decisions to permit the correction or withdrawal of bids based on bid mistakes shall be supported by written determination made by a State purchasing officer.

(g) Award. The contract shall be awarded with reasonable promptness by written notice to the lowest responsible and responsive bidder whose bid meets the requirements and criteria set forth in the
invitation for bids, except when a State purchasing officer determines it is
not in the best interest of the State and by written explanation determines
another bidder shall receive the award. The explanation shall appear in the
appropriate volume of the Illinois Procurement Bulletin. The written
explanation must include:

(1) a description of the agency's needs;
(2) a determination that the anticipated cost will be fair and
reasonable;
(3) a listing of all responsible and responsive bidders; and
(4) the name of the bidder selected, the total contract price,
and the reasons for selecting that bidder.

Each chief procurement officer may adopt guidelines to implement
the requirements of this subsection (g).

The written explanation shall be filed with the Legislative Audit
Commission and the Procurement Policy Board, and be made available for
inspection by the public, within 30 calendar days after the agency's
decision to award the contract.

(h) Multi-step sealed bidding. When it is considered impracticable
to initially prepare a purchase description to support an award based on
price, an invitation for bids may be issued requesting the submission of
unpriced offers to be followed by an invitation for bids limited to those
bidders whose offers have been qualified under the criteria set forth in the
first solicitation.

(i) Alternative procedures. Notwithstanding any other provision of
this Act to the contrary, the Director of the Illinois Power Agency may
create alternative bidding procedures to be used in procuring professional
services under Section 1-56, subsections (a) and (c) of Section
1-75 and subsection (d) of Section 1-78 of the Illinois Power Agency Act
and Section 16-111.5(c) of the Public Utilities Act and to procure
renewable energy resources under Section 1-56 of the Illinois Power
Agency Act. These alternative procedures shall be set forth together with
the other criteria contained in the invitation for bids, and shall appear in
the appropriate volume of the Illinois Procurement Bulletin.

(j) Reverse auction. Notwithstanding any other provision of this
Section and in accordance with rules adopted by the chief procurement
officer, that chief procurement officer may procure supplies or services
through a competitive electronic auction bidding process after the chief
procurement officer determines that the use of such a process will be in the
best interest of the State. The chief procurement officer shall publish that

determination in his or her next volume of the Illinois Procurement Bulletin.

An invitation for bids shall be issued and shall include (i) a procurement description, (ii) all contractual terms, whenever practical, and (iii) conditions applicable to the procurement, including a notice that bids will be received in an electronic auction manner.

Public notice of the invitation for bids shall be given in the same manner as provided in subsection (c).

Bids shall be accepted electronically at the time and in the manner designated in the invitation for bids. During the auction, a bidder's price shall be disclosed to other bidders. Bidders shall have the opportunity to reduce their bid prices during the auction. At the conclusion of the auction, the record of the bid prices received and the name of each bidder shall be open to public inspection.

After the auction period has terminated, withdrawal of bids shall be permitted as provided in subsection (f).

The contract shall be awarded within 60 calendar days after the auction by written notice to the lowest responsible bidder, or all bids shall be rejected except as otherwise provided in this Code. Extensions of the date for the award may be made by mutual written consent of the State purchasing officer and the lowest responsible bidder.

This subsection does not apply to (i) procurements of professional and artistic services, (ii) telecommunications services, communication services, and information services, and (iii) contracts for construction projects, including design professional services.

Section 15. The Public Utilities Act is amended by changing Sections 5-117, 5-202.1, 5-103, 5-104, 16-107, 16-107.5, 16-108, 16-108.5, 16-111.1, 16-111.5, 16-111.5B, 16-111.7, 16-115D, 16-119A, 16-127, and 16-128A and by adding Sections 8-103B, 9-107, 16-107.6, 16-108.10, 16-108.11, 16-108.12, 16-108.15, and 16-108.16 as follows:

(220 ILCS 5/5-117)
Sec. 5-117. Supplier diversity goals.
(a) The public policy of this State is to collaboratively work with companies that serve Illinois residents to improve their supplier diversity in a non-antagonistic manner.

(b) The Commission shall require all gas, electric, and water companies with at least 100,000 customers under its authority, as well as suppliers of wind energy, solar energy, hydroelectricity, nuclear energy, and any other supplier of energy within this State, to submit an annual report by April 15, 2015 and every April 15 thereafter, in a searchable Adobe PDF format, on all procurement goals and actual spending for female-owned, minority-owned, veteran-owned, and small business enterprises in the previous calendar year. These goals shall be expressed as a percentage of the total work performed by the entity submitting the report, and the actual spending for all female-owned, minority-owned, veteran-owned, and small business enterprises shall also be expressed as a percentage of the total work performed by the entity submitting the report.

New matter indicated by italics - deletions by strikeout
(c) Each participating company in its annual report shall include the following information:

1. an explanation of the plan for the next year to increase participation;
2. an explanation of the plan to increase the goals;
3. the areas of procurement each company shall be actively seeking more participation in the next year;
4. an outline of the plan to alert and encourage potential vendors in that area to seek business from the company;
5. an explanation of the challenges faced in finding quality vendors and offer any suggestions for what the Commission could do to be helpful to identify those vendors;
6. a list of the certifications the company recognizes;
7. the point of contact for any potential vendor who wishes to do business with the company and explain the process for a vendor to enroll with the company as a minority-owned, women-owned, or veteran-owned company; and
8. any particular success stories to encourage other companies to emulate best practices.

(d) Each annual report shall include as much State-specific data as possible. If the submitting entity does not submit State-specific data, then the company shall include any national data it does have and explain why it could not submit State-specific data and how it intends to do so in future reports, if possible.

(e) Each annual report shall include the rules, regulations, and definitions used for the procurement goals in the company's annual report.

(f) The Commission and all participating entities shall hold an annual workshop open to the public in 2015 and every year thereafter on the state of supplier diversity to collaboratively seek solutions to structural impediments to achieving stated goals, including testimony from each participating entity as well as subject matter experts and advocates. The Commission shall publish a database on its website of the point of contact for each participating entity for supplier diversity, along with a list of certifications each company recognizes from the information submitted in each annual report. The Commission shall publish each annual report on its website and shall maintain each annual report for at least 5 years.

Sec. 5-202.1. Misrepresentation before Commission; penalty.

New matter indicated by italics - deletions by strikeout
(a) Any person or corporation, as defined in Sections 3-113 and 3-
114 of this Act, who knowingly misrepresents facts to the Commission in
response to any Commission contact, inquiry or discussion or knowingly
aids another in doing so in response to any Commission contact, inquiry
or discussion or knowingly permits another to misrepresent facts through
testimony or the offering or withholding of material information in any
proceeding shall be subject to a civil penalty. Whenever the Commission
is of the opinion that a person or corporation is misrepresenting or has
misrepresented facts, the Commission may initiate a proceeding to
determine whether a misrepresentation has in fact occurred. If the
Commission finds that a person or corporation has violated this Section,
the Commission shall impose a penalty of not less than $1,000 and not
greater than $500,000. Each misrepresentation of a fact found by the
Commission shall constitute a separate and distinct violation. In
determining the amount of the penalty to be assessed, the Commission
may consider any matters of record in aggravation or mitigation of the
penalty, as set forth in Section 4-203, including but not limited to the
following:

(1) the presence or absence of due diligence on the part of
the violator in attempting to comply with the Act;
(2) any economic benefits accrued, or expected to be
accrued, by the violator because of the misrepresentation; and
(3) the amount of monetary penalty that will serve to deter
further violations by the violator and to otherwise aid in enhancing
voluntary compliance with the Act.
(b) Any action to enforce civil penalties arising under this Section
shall be undertaken pursuant to Section 4-203.

(c) For purposes of this Section, "Commission," as defined in
Section 3-102, refers to any Commissioner, agent, or employee of the
Illinois Commerce commission, and also refers to any other person
engaged to represent the Commission in carrying out its regulatory or law
enforcement obligations.

Sec. 8-103. Energy efficiency and demand-response measures.
(a) It is the policy of the State that electric utilities are required to
use cost-effective energy efficiency and demand-response measures to
reduce delivery load. Requiring investment in cost-effective energy
efficiency and demand-response measures will reduce direct and indirect

New matter indicated by italics - deletions by strikeout
costs to consumers by decreasing environmental impacts and by avoiding or delaying the need for new generation, transmission, and distribution infrastructure. It serves the public interest to allow electric utilities to recover costs for reasonably and prudently incurred expenses for energy efficiency and demand-response measures. As used in this Section, "cost-effective" means that the measures satisfy the total resource cost test. The low-income measures described in subsection (l)(4) of this Section shall not be required to meet the total resource cost test. For purposes of this Section, the terms "energy-efficiency", "demand-response", "electric utility", and "total resource cost test" shall have the meanings set forth in the Illinois Power Agency Act. For purposes of this Section, the amount per kilowatthour means the total amount paid for electric service expressed on a per kilowatthour basis. For purposes of this Section, the total amount paid for electric service includes without limitation estimated amounts paid for supply, transmission, distribution, surcharges, and add-on-taxes.

(a-5) This Section applies to electric utilities serving 500,000 or less but more than 200,000 retail customers in this State. Through December 31, 2017, this Section also applies to electric utilities serving more than 500,000 retail customers in the State.

(b) Electric utilities shall implement cost-effective energy efficiency measures to meet the following incremental annual energy savings goals:

1. 0.2% of energy delivered in the year commencing June 1, 2008;
2. 0.4% of energy delivered in the year commencing June 1, 2009;
3. 0.6% of energy delivered in the year commencing June 1, 2010;
4. 0.8% of energy delivered in the year commencing June 1, 2011;
5. 1% of energy delivered in the year commencing June 1, 2012;
6. 1.4% of energy delivered in the year commencing June 1, 2013;
7. 1.8% of energy delivered in the year commencing June 1, 2014; and
8. 2% of energy delivered in the year commencing June 1, 2015 and each year thereafter.

New matter indicated by italics - deletions by strikeout
Electric utilities may comply with this subsection (b) by meeting the annual incremental savings goal in the applicable year or by showing that the total cumulative annual savings within a 3-year planning period associated with measures implemented after May 31, 2014 was equal to the sum of each annual incremental savings requirement from May 31, 2014 through the end of the applicable year.

(c) Electric utilities shall implement cost-effective demand-response measures to reduce peak demand by 0.1% over the prior year for eligible retail customers, as defined in Section 16-111.5 of this Act, and for customers that elect hourly service from the utility pursuant to Section 16-107 of this Act, provided those customers have not been declared competitive. This requirement commences June 1, 2008 and continues for 10 years.

(d) Notwithstanding the requirements of subsections (b) and (c) of this Section, an electric utility shall reduce the amount of energy efficiency and demand-response measures implemented over a 3-year planning period by an amount necessary to limit the estimated average annual increase in the amounts paid by retail customers in connection with electric service due to the cost of those measures to:

(1) in 2008, no more than 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;

(2) in 2009, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2008 or 1% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;

(3) in 2010, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009 or 1.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;

(4) in 2011, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2010 or 2% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007; and

(5) thereafter, the amount of energy efficiency and demand-response measures implemented for any single year shall be reduced by an amount necessary to limit the estimated average net increase due to the cost of these measures included in the amounts paid by eligible retail customers in connection with electric service.

New matter indicated by italics - deletions by strikeout
to no more than the greater of 2.015% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007 or the incremental amount per kilowatthour paid for these measures in 2011.

No later than June 30, 2011, the Commission shall review the limitation on the amount of energy efficiency and demand-response measures implemented pursuant to this Section and report to the General Assembly its findings as to whether that limitation unduly constrains the procurement of energy efficiency and demand-response measures.

(e) Electric utilities shall be responsible for overseeing the design, development, and filing of energy efficiency and demand-response plans with the Commission. Electric utilities shall implement 100% of the demand-response measures in the plans. Electric utilities shall implement 75% of the energy efficiency measures approved by the Commission, and may, as part of that implementation, outsource various aspects of program development and implementation. The remaining 25% of those energy efficiency measures approved by the Commission shall be implemented by the Department of Commerce and Economic Opportunity, and must be designed in conjunction with the utility and the filing process. The Department may outsource development and implementation of energy efficiency measures. A minimum of 10% of the entire portfolio of cost-effective energy efficiency measures shall be procured from units of local government, municipal corporations, school districts, and community college districts. The Department shall coordinate the implementation of these measures.

The apportionment of the dollars to cover the costs to implement the Department's share of the portfolio of energy efficiency measures shall be made to the Department once the Department has executed rebate agreements, grants, or contracts for energy efficiency measures and provided supporting documentation for those rebate agreements, grants, and contracts to the utility. The Department is authorized to adopt any rules necessary and prescribe procedures in order to ensure compliance by applicants in carrying out the purposes of rebate agreements for energy efficiency measures implemented by the Department made under this Section.

The details of the measures implemented by the Department shall be submitted by the Department to the Commission in connection with the utility's filing regarding the energy efficiency and demand-response measures that the utility implements.

A utility providing approved energy efficiency and demand-response measures in the State shall be permitted to recover costs of those measures through an automatic adjustment clause tariff filed with and approved by the Commission. The tariff shall be established outside the context of a general rate case. Each year the Commission shall initiate a review to reconcile any amounts collected with the actual costs and to determine the required adjustment to the annual tariff factor to match annual expenditures.

Each utility shall include, in its recovery of costs, the costs estimated for both the utility's and the Department's implementation of energy efficiency and demand-response measures. Costs collected by the utility for measures implemented by the Department shall be submitted to the Department pursuant to Section 605-323 of the Civil Administrative Code of Illinois, shall be deposited into the Energy Efficiency Portfolio Standards Fund, and shall be used by the Department solely for the purpose of implementing these measures. A utility shall not be required to advance any moneys to the Department but only to forward such funds as it has collected. The Department shall report to the Commission on an annual basis regarding the costs actually incurred by the Department in the implementation of the measures. Any changes to the costs of energy efficiency measures as a result of plan modifications shall be appropriately reflected in amounts recovered by the utility and turned over to the Department.

The portfolio of measures, administered by both the utilities and the Department, shall, in combination, be designed to achieve the annual savings targets described in subsections (b) and (c) of this Section, as modified by subsection (d) of this Section.

The utility and the Department shall agree upon a reasonable portfolio of measures and determine the measurable corresponding percentage of the savings goals associated with measures implemented by the utility or Department.

No utility shall be assessed a penalty under subsection (f) of this Section for failure to make a timely filing if that failure is the result of a lack of agreement with the Department with respect to the allocation of responsibilities or related costs or target assignments. In that case, the Department and the utility shall file their respective plans with the Commission and the Commission shall determine an appropriate division of measures and programs that meets the requirements of this Section.

If the Department is unable to meet incremental annual performance goals for the portion of the portfolio implemented by the Department, then the utility and the Department shall jointly submit a modified filing to the Commission explaining the performance shortfall and recommending an appropriate course going forward, including any program modifications that may be appropriate in light of the evaluations conducted under item (7) of subsection (f) of this Section. In this case, the utility obligation to collect the Department's costs and turn over those funds to the Department under this subsection (e) shall continue only if the Commission approves the modifications to the plan proposed by the Department.

(f) No later than November 15, 2007, each electric utility shall file an energy efficiency and demand-response plan with the Commission to meet the energy efficiency and demand-response standards for 2008 through 2010. No later than October 1, 2010, each electric utility shall file an energy efficiency and demand-response plan with the Commission to meet the energy efficiency and demand-response standards for 2011 through 2013. Every 3 years thereafter, each electric utility shall file, no later than September 1, an energy efficiency and demand-response plan with the Commission. If a utility does not file such a plan by September 1 of an applicable year, it shall face a penalty of $100,000 per day until the plan is filed. Each utility's plan shall set forth the utility's proposals to meet the utility's portion of the energy efficiency standards identified in subsection (b) and the demand-response standards identified in subsection (c) of this Section as modified by subsections (d) and (e), taking into account the unique circumstances of the utility's service territory. The Commission shall seek public comment on the utility's plan and shall issue an order approving or disapproving each plan within 5 months after its submission. If the Commission disapproves a plan, the Commission shall, within 30 days, describe in detail the reasons for the disapproval and describe a path by which the utility may file a revised draft of the plan to address the Commission's concerns satisfactorily. If the utility does not refile with the Commission within 60 days, the utility shall be subject to penalties at a rate of $100,000 per day until the plan is filed. This process shall continue, and penalties shall accrue, until the utility has successfully filed a portfolio of energy efficiency and demand-response measures. Penalties shall be deposited into the Energy Efficiency Trust Fund. In submitting proposed energy efficiency and demand-response plans and

funding levels to meet the savings goals adopted by this Act the utility shall:

(1) Demonstrate that its proposed energy efficiency and demand-response measures will achieve the requirements that are identified in subsections (b) and (c) of this Section, as modified by subsections (d) and (e).

(2) Present specific proposals to implement new building and appliance standards that have been placed into effect.

(3) Present estimates of the total amount paid for electric service expressed on a per kilowatthour basis associated with the proposed portfolio of measures designed to meet the requirements that are identified in subsections (b) and (c) of this Section, as modified by subsections (d) and (e).

(4) Coordinate with the Department to present a portfolio of energy efficiency measures proportionate to the share of total annual utility revenues in Illinois from households at or below 150% of the poverty level. The energy efficiency programs shall be targeted to households with incomes at or below 80% of area median income.

(5) Demonstrate that its overall portfolio of energy efficiency and demand-response measures, not including programs covered by item (4) of this subsection (f), are cost-effective using the total resource cost test and represent a diverse cross-section of opportunities for customers of all rate classes to participate in the programs.

(6) Include a proposed cost-recovery tariff mechanism to fund the proposed energy efficiency and demand-response measures and to ensure the recovery of the prudently and reasonably incurred costs of Commission-approved programs.

(7) Provide for an annual independent evaluation of the performance of the cost-effectiveness of the utility's portfolio of measures and the Department's portfolio of measures, as well as a full review of the 3-year results of the broader net program impacts and, to the extent practical, for adjustment of the measures on a going-forward basis as a result of the evaluations. The resources dedicated to evaluation shall not exceed 3% of portfolio resources in any given year.

(g) No more than 3% of energy efficiency and demand-response program revenue may be allocated for demonstration of breakthrough equipment and devices.

(h) This Section does not apply to an electric utility that on December 31, 2005 provided electric service to fewer than 100,000 customers in Illinois.

(i) If, after 2 years, an electric utility fails to meet the efficiency standard specified in subsection (b) of this Section, as modified by subsections (d) and (e), it shall make a contribution to the Low-Income Home Energy Assistance Program. The combined total liability for failure to meet the goal shall be $1,000,000, which shall be assessed as follows: a large electric utility shall pay $665,000, and a medium electric utility shall pay $335,000. If, after 3 years, an electric utility fails to meet the efficiency standard specified in subsection (b) of this Section, as modified by subsections (d) and (e), it shall make a contribution to the Low-Income Home Energy Assistance Program. The combined total liability for failure to meet the goal shall be $1,000,000, which shall be assessed as follows: a large electric utility shall pay $665,000, and a medium electric utility shall pay $335,000. In addition, the responsibility for implementing the energy efficiency measures of the utility making the payment shall be transferred to the Illinois Power Agency if, after 3 years, or in any subsequent 3-year period, the utility fails to meet the efficiency standard specified in subsection (b) of this Section, as modified by subsections (d) and (e). The Agency shall implement a competitive procurement program to procure resources necessary to meet the standards specified in this Section as modified by subsections (d) and (e), with costs for those resources to be recovered in the same manner as products purchased through the procurement plan as provided in Section 16-111.5. The Director shall implement this requirement in connection with the procurement plan as provided in Section 16-111.5.

For purposes of this Section, (i) a "large electric utility" is an electric utility that, on December 31, 2005, served more than 2,000,000 electric customers in Illinois; (ii) a "medium electric utility" is an electric utility that, on December 31, 2005, served 2,000,000 or fewer but more than 100,000 electric customers in Illinois; and (iii) Illinois electric utilities that are affiliated by virtue of a common parent company are considered a single electric utility.

(j) If, after 3 years, or any subsequent 3-year period, the Department fails to implement the Department's share of energy efficiency
measures required by the standards in subsection (b), then the Illinois Power Agency may assume responsibility for and control of the Department's share of the required energy efficiency measures. The Agency shall implement a competitive procurement program to procure resources necessary to meet the standards specified in this Section, with the costs of these resources to be recovered in the same manner as provided for the Department in this Section.

(k) No electric utility shall be deemed to have failed to meet the energy efficiency standards to the extent any such failure is due to a failure of the Department or the Agency.

(l)(1) The energy efficiency and demand-response plans of electric utilities serving more than 500,000 retail customers in the State that were approved by the Commission on or before the effective date of this amendatory Act of the 99th General Assembly for the period June 1, 2014 through May 31, 2017 shall continue to be in force and effect through December 31, 2017 so that the energy efficiency programs set forth in those plans continue to be offered during the period June 1, 2017 through December 31, 2017. Each such utility is authorized to increase, on a pro rata basis, the energy savings goals and budgets approved in its plan to reflect the additional 7 months of the plan's operation, provided that such increase shall also incorporate reductions to goals and budgets to reflect the proportion of the utility's load attributable to customers who are exempt from this Section under subsection (m) of this Section.

(2) If an electric utility serving more than 500,000 retail customers in the State filed with the Commission, under subsection (f) of this Section, its proposed energy efficiency and demand-response plan for the period June 1, 2017 through May 31, 2020, and the Commission has not yet entered its final order approving such plan on or before the effective date of this amendatory Act of the 99th General Assembly, then the utility shall file a notice of withdrawal with the Commission, following such effective date, to withdraw the proposed energy efficiency and demand-response plan. Upon receipt of such notice, the Commission shall dismiss with prejudice any docket that had been initiated to investigate such plan, and the plan and the record related thereto shall not be the subject of any further hearing, investigation, or proceeding of any kind.

(3) For those electric utilities that serve more than 500,000 retail customers in the State, this amendatory Act of the 99th

General Assembly preempts and supersedes any orders entered by the Commission that approved such utilities' energy efficiency and demand response plans for the period commencing June 1, 2017 and ending May 31, 2020.

Any such orders shall be void, and the provisions of paragraph (l) of this subsection (l) shall apply.

(m) Notwithstanding anything to the contrary, after May 31, 2017, this Section does not apply to any retail customers of an electric utility that serves more than 3,000,000 retail customers in the State and whose total highest 30 minute demand was more than 10,000 kilowatts, or any retail customers of an electric utility that serves less than 3,000,000 retail customers but more than 500,000 retail customers in the State and whose total highest 15 minute demand was more than 10,000 kilowatts. For purposes of this subsection (m), "retail customer" has the meaning set forth in Section 16-102 of this Act. The criteria for determining whether this subsection (m) is applicable to a retail customer shall be based on the 12 consecutive billing periods prior to the start of the first year of each such multi-year plan.

Sec. 8-103B. Energy efficiency and demand-response measures.

(a) It is the policy of the State that electric utilities are required to use cost-effective energy efficiency and demand-response measures to reduce delivery load. Requiring investment in cost-effective energy efficiency and demand-response measures will reduce direct and indirect costs to consumers by decreasing environmental impacts and by avoiding or delaying the need for new generation, transmission, and distribution infrastructure. It serves the public interest to allow electric utilities to recover costs for reasonably and prudently incurred expenditures for energy efficiency and demand-response measures. As used in this Section, "cost-effective" means that the measures satisfy the total resource cost test. The low-income measures described in subsection (c) of this Section shall not be required to meet the total resource cost test. For purposes of this Section, the terms "energy-efficiency", "demand-response", "electric utility", and "total resource cost test" have the meanings set forth in the Illinois Power Agency Act.

(a-5) This Section applies to electric utilities serving more than 500,000 retail customers in the State for those multi-year plans commencing after December 31, 2017.

(b) For purposes of this Section, electric utilities subject to this Section that serve more than 3,000,000 retail customers in the State shall be deemed to have achieved a cumulative persisting annual savings of 6.6% from energy efficiency measures and programs implemented during the period beginning January 1, 2012 and ending December 31, 2017, which percent is based on the deemed average weather normalized sales of electric power and energy during calendar years 2014, 2015, and 2016 of 88,000,000 MWhs. For the purposes of this subsection (b) and subsection (b-5), the 88,000,000 MWhs of deemed electric power and energy sales shall be reduced by the number of MWhs equal to the sum of the annual consumption of customers that are exempt from subsections (a) through (j) of this Section under subsection (l) of this Section, as averaged across the calendar years 2014, 2015, and 2016. After 2017, the deemed value of cumulative persisting annual savings from energy efficiency measures and programs implemented during the period beginning January 1, 2012 and ending December 31, 2017, shall be reduced each year, as follows, and the applicable value shall be applied to and count toward the utility's achievement of the cumulative persisting annual savings goals set forth in subsection (b-5):

(1) 5.8% deemed cumulative persisting annual savings for the year ending December 31, 2018;
(2) 5.2% deemed cumulative persisting annual savings for the year ending December 31, 2019;
(3) 4.5% deemed cumulative persisting annual savings for the year ending December 31, 2020;
(4) 4.0% deemed cumulative persisting annual savings for the year ending December 31, 2021;
(5) 3.5% deemed cumulative persisting annual savings for the year ending December 31, 2022;
(6) 3.1% deemed cumulative persisting annual savings for the year ending December 31, 2023;
(7) 2.8% deemed cumulative persisting annual savings for the year ending December 31, 2024;
(8) 2.5% deemed cumulative persisting annual savings for the year ending December 31, 2025;

(9) 2.3% deemed cumulative persisting annual savings for the year ending December 31, 2026;
(10) 2.1% deemed cumulative persisting annual savings for the year ending December 31, 2027;
(11) 1.8% deemed cumulative persisting annual savings for the year ending December 31, 2028;
(12) 1.7% deemed cumulative persisting annual savings for the year ending December 31, 2029; and
(13) 1.5% deemed cumulative persisting annual savings for the year ending December 31, 2030.

For purposes of this Section, "cumulative persisting annual savings" means the total electric energy savings in a given year from measures installed in that year or in previous years, but no earlier than January 1, 2012, that are still operational and providing savings in that year because the measures have not yet reached the end of their useful lives.

(b-5) Beginning in 2018, electric utilities subject to this Section that serve more than 3,000,000 retail customers in the State shall achieve the following cumulative persisting annual savings goals, as modified by subsection (f) of this Section and as compared to the deemed baseline of 88,000,000 MWhs of electric power and energy sales set forth in subsection (b), as reduced by the number of MWhs equal to the sum of the annual consumption of customers that are exempt from subsections (a) through (j) of this Section under subsection (l) of this Section as averaged across the calendar years 2014, 2015, and 2016, through the implementation of energy efficiency measures during the applicable year and in prior years, but no earlier than January 1, 2012:

(1) 7.8% cumulative persisting annual savings for the year ending December 31, 2018;
(2) 9.1% cumulative persisting annual savings for the year ending December 31, 2019;
(3) 10.4% cumulative persisting annual savings for the year ending December 31, 2020;
(4) 11.8% cumulative persisting annual savings for the year ending December 31, 2021;

(12) 20.6% cumulative persisting annual savings for the year ending December 31, 2029; and

(13) 21.5% cumulative persisting annual savings for the year ending December 31, 2030.

(b-10) For purposes of this Section, electric utilities subject to this Section that serve less than 3,000,000 retail customers but more than 500,000 retail customers in the State shall be deemed to have achieved a cumulative persisting annual savings of 6.6% from energy efficiency measures and programs implemented during the period beginning January 1, 2012 and ending December 31, 2017, which is based on the deemed average weather normalized sales of electric power and energy during calendar years 2014, 2015, and 2016 of 36,900,000 MWhs. For the purposes of this subsection (b-10) and subsection (b-15), the 36,900,000 MWhs of deemed electric power and energy sales shall be reduced by the number of MWhs equal to the sum of the annual consumption of customers that are exempt from subsections (a) through (j) of this Section under subsection (l) of this Section, as averaged across the calendar years 2014, 2015, and 2016. After 2017, the deemed value of cumulative persisting annual savings from energy efficiency measures and programs implemented during the period beginning January 1, 2012 and ending December 31, 2017, shall be reduced each year, as follows, and the applicable value shall be applied to and count toward the utility’s achievement of the cumulative persisting annual savings goals set forth in subsection (b-15):

(b-15) Beginning in 2018, electric utilities subject to this Section that serve less than 3,000,000 retail customers but more than 500,000 retail customers in the State shall achieve the following cumulative persisting annual savings goals, as modified by subsection (b-20) and subsection (f) of this Section and as compared to the deemed baseline as reduced by the number of MWhs equal to the sum of the annual consumption of customers that are exempt from subsections (a) through (j) of this Section under subsection (l) of this Section as averaged across the calendar years 2014, 2015, and 2016, through the implementation of energy efficiency measures during the applicable year and in prior years, but no earlier than January 1, 2012:

(13) 16% cumulative persisting annual savings for the year ending December 31, 2030.

The difference between the cumulative persisting annual savings goal for the applicable calendar year and the cumulative persisting annual savings goal for the immediately preceding calendar year is 0.8% for the period of January 1, 2018 through December 31, 2025 and 0.6% for the period of January 1, 2026 through December 31, 2030.

(b-20) Each electric utility subject to this Section may include cost-effective voltage optimization measures in its plans submitted under subsections (f) and (g) of this Section, and the costs incurred by a utility to implement the measures under a Commission-approved plan shall be recovered under the provisions of Article IX or Section 16-108.5 of this Act. For purposes of this Section, the measure life of voltage optimization measures shall be 15 years. The measure life period is independent of the depreciation rate of the voltage optimization assets deployed.

Within 270 days after the effective date of this amendatory Act of the 99th General Assembly, an electric utility that serves less than 3,000,000 retail customers but more than 500,000 retail customers in the State shall file a plan with the Commission that identifies the cost-effective voltage optimization investment the electric utility plans to undertake through December 31, 2024. The Commission, after notice and hearing,
shall approve or approve with modification the plan within 120 days after the plan's filing and, in the order approving or approving with modification the plan, the Commission shall adjust the applicable cumulative persisting annual savings goals set forth in subsection (b-15) to reflect any amount of cost-effective energy savings approved by the Commission that is greater than or less than the following cumulative persisting annual savings values attributable to voltage optimization for the applicable year:

1. 0.0% of cumulative persisting annual savings for the year ending December 31, 2018;
2. 0.17% of cumulative persisting annual savings for the year ending December 31, 2019;
3. 0.17% of cumulative persisting annual savings for the year ending December 31, 2020;
4. 0.33% of cumulative persisting annual savings for the year ending December 31, 2021;
5. 0.5% of cumulative persisting annual savings for the year ending December 31, 2022;
6. 0.67% of cumulative persisting annual savings for the year ending December 31, 2023;
7. 0.83% of cumulative persisting annual savings for the year ending December 31, 2024; and
8. 1.0% of cumulative persisting annual savings for the year ending December 31, 2025.

(b-25) In the event an electric utility jointly offers an energy efficiency measure or program with a gas utility under plans approved under this Section and Section 8-104 of this Act, the electric utility may continue offering the program, including the gas energy efficiency measures, in the event the gas utility discontinues funding the program. In that event, the energy savings value associated with such other fuels shall be converted to electric energy savings on an equivalent Btu basis for the premises. However, the electric utility shall prioritize programs for low-income residential customers to the extent practicable. An electric utility may recover the costs of offering the gas energy efficiency measures under this subsection (b-25).

For those energy efficiency measures or programs that save both electricity and other fuels but are not jointly offered with a gas utility under plans approved under this Section and Section 8-104 or not offered with an affiliated gas utility under paragraph (6) of subsection (f) of

New matter indicated by italics - deletions by strikeout
Section 8-104 of this Act, the electric utility may count savings of fuels other than electricity toward the achievement of its annual savings goal, and the energy savings value associated with such other fuels shall be converted to electric energy savings on an equivalent Btu basis at the premises.

In no event shall more than 10% of each year's applicable annual incremental goal as defined in paragraph (7) of subsection (g) of this Section be met through savings of fuels other than electricity.

(c) Electric utilities shall be responsible for overseeing the design, development, and filing of energy efficiency plans with the Commission and may, as part of that implementation, outsource various aspects of program development and implementation. A minimum of 10%, for electric utilities that serve more than 3,000,000 retail customers in the State, and a minimum of 7%, for electric utilities that serve less than 3,000,000 retail customers but more than 500,000 retail customers in the State, of the utility's entire portfolio funding level for a given year shall be used to procure cost-effective energy efficiency measures from units of local government, municipal corporations, school districts, public housing, and community college districts, provided that a minimum percentage of available funds shall be used to procure energy efficiency from public housing, which percentage shall be equal to public housing's share of public building energy consumption.

The utilities shall also implement energy efficiency measures targeted at low-income households, which, for purposes of this Section, shall be defined as households at or below 80% of area median income, and expenditures to implement the measures shall be no less than $25,000,000 per year for electric utilities that serve more than 3,000,000 retail customers in the State and no less than $8,350,000 per year for electric utilities that serve less than 3,000,000 retail customers but more than 500,000 retail customers in the State.

Each electric utility shall assess opportunities to implement cost-effective energy efficiency measures and programs through a public housing authority or authorities located in its service territory. If such opportunities are identified, the utility shall propose such measures and programs to address the opportunities. Expenditures to address such opportunities shall be credited toward the minimum procurement and expenditure requirements set forth in this subsection (c).

Implementation of energy efficiency measures and programs targeted at low-income households should be contracted, when it is
practicable, to independent third parties that have demonstrated capabilities to serve such households, with a preference for not-for-profit entities and government agencies that have existing relationships with or experience serving low-income communities in the State.

Each electric utility shall develop and implement reporting procedures that address and assist in determining the amount of energy savings that can be applied to the low-income procurement and expenditure requirements set forth in this subsection (c).

The electric utilities shall also convene a low-income energy efficiency advisory committee to assist in the design and evaluation of the low-income energy efficiency programs. The committee shall be comprised of the electric utilities subject to the requirements of this Section, the gas utilities subject to the requirements of Section 8-104 of this Act, the utilities' low-income energy efficiency implementation contractors, and representatives of community-based organizations.

(d) Notwithstanding any other provision of law to the contrary, a utility providing approved energy efficiency measures and, if applicable, demand-response measures in the State shall be permitted to recover all reasonable and prudently incurred costs of those measures from all retail customers, except as provided in subsection (l) of this Section, as follows, provided that nothing in this subsection (d) permits the double recovery of such costs from customers:

(1) The utility may recover its costs through an automatic adjustment clause tariff filed with and approved by the Commission. The tariff shall be established outside the context of a general rate case. Each year the Commission shall initiate a review to reconcile any amounts collected with the actual costs and to determine the required adjustment to the annual tariff factor to match annual expenditures. To enable the financing of the incremental capital expenditures, including regulatory assets, for electric utilities that serve less than 3,000,000 retail customers but more than 500,000 retail customers in the State, the utility's actual year-end capital structure that includes a common equity ratio, excluding goodwill, of up to and including 50% of the total capital structure shall be deemed reasonable and used to set rates.

(2) A utility may recover its costs through an energy efficiency formula rate approved by the Commission under a filing under subsections (f) and (g) of this Section, which shall specify the cost components that form the basis of the rate charged to

customers with sufficient specificity to operate in a standardized manner and be updated annually with transparent information that reflects the utility's actual costs to be recovered during the applicable rate year, which is the period beginning with the first billing day of January and extending through the last billing day of the following December. The energy efficiency formula rate shall be implemented through a tariff filed with the Commission under subsections (f) and (g) of this Section that is consistent with the provisions of this paragraph (2) and that shall be applicable to all delivery services customers. The Commission shall conduct an investigation of the tariff in a manner consistent with the provisions of this paragraph (2), subsections (f) and (g) of this Section, and the provisions of Article IX of this Act to the extent they do not conflict with this paragraph (2). The energy efficiency formula rate approved by the Commission shall remain in effect at the discretion of the utility and shall do the following:

(A) Provide for the recovery of the utility's actual costs incurred under this Section that are prudently incurred and reasonable in amount consistent with Commission practice and law. The sole fact that a cost differs from that incurred in a prior calendar year or that an investment is different from that made in a prior calendar year shall not imply the imprudence or unreasonableness of that cost or investment.

(B) Reflect the utility's actual year-end capital structure for the applicable calendar year, excluding goodwill, subject to a determination of prudence and reasonableness consistent with Commission practice and law. To enable the financing of the incremental capital expenditures, including regulatory assets, for electric utilities that serve less than 3,000,000 retail customers but more than 500,000 retail customers in the State, a participating electric utility's actual year-end capital structure that includes a common equity ratio, excluding goodwill, of up to and including 50% of the total capital structure shall be deemed reasonable and used to set rates.

(C) Include a cost of equity, which shall be calculated as the sum of the following:

New matter indicated by italics - deletions by strikeout
(i) the average for the applicable calendar year of the monthly average yields of 30-year U.S. Treasury bonds published by the Board of Governors of the Federal Reserve System in its weekly H.15 Statistical Release or successor publication; and

(ii) 580 basis points.

At such time as the Board of Governors of the Federal Reserve System ceases to include the monthly average yields of 30-year U.S. Treasury bonds in its weekly H.15 Statistical Release or successor publication, the monthly average yields of the U.S. Treasury bonds then having the longest duration published by the Board of Governors in its weekly H.15 Statistical Release or successor publication shall instead be used for purposes of this paragraph (2).

(D) Permit and set forth protocols, subject to a determination of prudence and reasonableness consistent with Commission practice and law, for the following:

(i) recovery of incentive compensation expense that is based on the achievement of operational metrics, including metrics related to budget controls, outage duration and frequency, safety, customer service, efficiency and productivity, and environmental compliance; however, this protocol shall not apply if such expense related to costs incurred under this Section is recovered under Article IX or Section 16-108.5 of this Act; incentive compensation expense that is based on net income or an affiliate's earnings per share shall not be recoverable under the energy efficiency formula rate;

(ii) recovery of pension and other post-employment benefits expense, provided that such costs are supported by an actuarial study; however, this protocol shall not apply if such expense related to costs incurred under this Section is recovered under Article IX or Section 16-108.5 of this Act;

(iii) recovery of existing regulatory assets over the periods previously authorized by the Commission;
(iv) as described in subsection (e), amortization of costs incurred under this Section; and
(v) projected, weather normalized billing determinants for the applicable rate year.

(E) Provide for an annual reconciliation, as described in paragraph (3) of this subsection (d), less any deferred taxes related to the reconciliation, with interest at an annual rate of return equal to the utility's weighted average cost of capital, including a revenue conversion factor calculated to recover or refund all additional income taxes that may be payable or receivable as a result of that return, of the energy efficiency revenue requirement reflected in rates for each calendar year, beginning with the calendar year in which the utility files its energy efficiency formula rate tariff under this paragraph (2), with what the revenue requirement would have been had the actual cost information for the applicable calendar year been available at the filing date.

The utility shall file, together with its tariff, the projected costs to be incurred by the utility during the rate year under the utility's multi-year plan approved under subsections (f) and (g) of this Section, including, but not limited to, the projected capital investment costs and projected regulatory asset balances with correspondingly updated depreciation and amortization reserves and expense, that shall populate the energy efficiency formula rate and set the initial rates under the formula.

The Commission shall review the proposed tariff in conjunction with its review of a proposed multi-year plan, as specified in paragraph (5) of subsection (g) of this Section. The review shall be based on the same evidentiary standards, including, but not limited to, those concerning the prudence and reasonableness of the costs incurred by the utility, the Commission applies in a hearing to review a filing for a general increase in rates under Article IX of this Act. The initial rates shall take effect

beginning with the January monthly billing period following the Commission's approval.

The tariff's rate design and cost allocation across customer classes shall be consistent with the utility's automatic adjustment clause tariff in effect on the effective date of this amendatory Act of the 99th General Assembly; however, the Commission may revise the tariff's rate design and cost allocation in subsequent proceedings under paragraph (3) of this subsection (d).

If the energy efficiency formula rate is terminated, the then current rates shall remain in effect until such time as the energy efficiency costs are incorporated into new rates that are set under this subsection (d) or Article IX of this Act, subject to retroactive rate adjustment, with interest, to reconcile rates charged with actual costs.

(3) The provisions of this paragraph (3) shall only apply to an electric utility that has elected to file an energy efficiency formula rate under paragraph (2) of this subsection (d). Subsequent to the Commission's issuance of an order approving the utility's energy efficiency formula rate structure and protocols, and initial rates under paragraph (2) of this subsection (d), the utility shall file, on or before June 1 of each year, with the Chief Clerk of the Commission its updated cost inputs to the energy efficiency formula rate for the applicable rate year and the corresponding new charges, as well as the information described in paragraph (9) of subsection (g) of this Section. Each such filing shall conform to the following requirements and include the following information:

(A) The inputs to the energy efficiency formula rate for the applicable rate year shall be based on the projected costs to be incurred by the utility during the rate year under the utility's multi-year plan approved under subsections (f) and (g) of this Section, including, but not limited to, projected capital investment costs and projected regulatory asset balances with correspondingly updated depreciation and amortization reserves and expense. The filing shall also include a reconciliation of the energy efficiency revenue requirement that was in effect for the prior rate year (as set by the cost inputs for the prior rate year) with the actual revenue requirement for the prior rate year.

year (determined using a year-end rate base) that uses amounts reflected in the applicable FERC Form 1 that reports the actual costs for the prior rate year. Any over-collection or under-collection indicated by such reconciliation shall be reflected as a credit against, or recovered as an additional charge to, respectively, with interest calculated at a rate equal to the utility's weighted average cost of capital approved by the Commission for the prior rate year, the charges for the applicable rate year. Such over-collection or under-collection shall be adjusted to remove any deferred taxes related to the reconciliation, for purposes of calculating interest at an annual rate of return equal to the utility's weighted average cost of capital approved by the Commission for the prior rate year, including a revenue conversion factor calculated to recover or refund all additional income taxes that may be payable or receivable as a result of that return. Each reconciliation shall be certified by the participating utility in the same manner that FERC Form 1 is certified. The filing shall also include the charge or credit, if any, resulting from the calculation required by subparagraph (E) of paragraph (2) of this subsection (d).

Notwithstanding any other provision of law to the contrary, the intent of the reconciliation is to ultimately reconcile both the revenue requirement reflected in rates for each calendar year, beginning with the calendar year in which the utility files its energy efficiency formula rate tariff under paragraph (2) of this subsection (d), with what the revenue requirement determined using a year-end rate base for the applicable calendar year would have been had the actual cost information for the applicable calendar year been available at the filing date.

For purposes of this Section, "FERC Form 1" means the Annual Report of Major Electric Utilities, Licensees and Others that electric utilities are required to file with the Federal Energy Regulatory Commission under the Federal Power Act, Sections 3, 4(a), 304 and 209, modified as necessary to be consistent with 83 Ill. Admin. Code Part 415 as of May 1, 2011. Nothing in this Section is
intended to allow costs that are not otherwise recoverable
to be recoverable by virtue of inclusion in FERC Form 1.

(B) The new charges shall take effect beginning on
the first billing day of the following January billing period
and remain in effect through the last billing day of the next
December billing period regardless of whether the
Commission enters upon a hearing under this paragraph
(3).

(C) The filing shall include relevant and necessary
data and documentation for the applicable rate year.
Normalization adjustments shall not be required.
Within 45 days after the utility files its annual update of
cost inputs to the energy efficiency formula rate, the Commission
shall with reasonable notice, initiate a proceeding concerning
whether the projected costs to be incurred by the utility and
recovered during the applicable rate year, and that are reflected in
the inputs to the energy efficiency formula rate, are consistent with
the utility's approved multi-year plan under subsections (f) and (g)
of this Section and whether the costs incurred by the utility during
the prior rate year were prudent and reasonable. The Commission
shall also have the authority to investigate the information and
data described in paragraph (9) of subsection (g) of this Section,
including the proposed adjustment to the utility's return on equity
component of its weighted average cost of capital. During the
course of the proceeding, each objection shall be stated with
particularity and evidence provided in support thereof; after which
the utility shall have the opportunity to rebut the evidence.
Discovery shall be allowed consistent with the Commission's Rules
of Practice, which Rules of Practice shall be enforced by the
Commission or the assigned hearing examiner. The Commission
shall apply the same evidentiary standards, including, but not
limited to, those concerning the prudence and reasonableness of
the costs incurred by the utility, during the proceeding as it would
apply in a proceeding to review a filing for a general increase in
rates under Article IX of this Act. The Commission shall not,
however, have the authority in a proceeding under this paragraph
(3) to consider or order any changes to the structure or protocols
of the energy efficiency formula rate approved under paragraph
(2) of this subsection (d). In a proceeding under this paragraph (3),
the Commission shall enter its order no later than the earlier of 195 days after the utility's filing of its annual update of cost inputs to the energy efficiency formula rate or December 15. The utility's proposed return on equity calculation, as described in paragraphs (7) through (9) of subsection (g) of this Section, shall be deemed the final, approved calculation on December 15 of the year in which it is filed unless the Commission enters an order on or before December 15, after notice and hearing, that modifies such calculation consistent with this Section. The Commission's determinations of the prudence and reasonableness of the costs incurred, and determination of such return on equity calculation, for the applicable calendar year shall be final upon entry of the Commission's order and shall not be subject to reopening, reexamination, or collateral attack in any other Commission proceeding, case, docket, order, rule, or regulation; however, nothing in this paragraph (3) shall prohibit a party from petitioning the Commission to rehear or appeal to the courts the order under the provisions of this Act.

(e) Beginning on the effective date of this amendatory Act of the 99th General Assembly, a utility subject to the requirements of this Section may elect to defer, as a regulatory asset, up to the full amount of its expenditures incurred under this Section for each annual period, including, but not limited to, any expenditures incurred above the funding level set by subsection (f) of this Section for a given year. The total expenditures deferred as a regulatory asset in a given year shall be amortized and recovered over a period that is equal to the weighted average of the energy efficiency measure lives implemented for that year that are reflected in the regulatory asset. The unamortized balance shall be recognized as of December 31 for a given year. The utility shall also earn a return on the total of the unamortized balances of all of the energy efficiency regulatory assets, less any deferred taxes related to those unamortized balances, at an annual rate equal to the utility's weighted average cost of capital that includes, based on a year-end capital structure, the utility's actual cost of debt for the applicable calendar year and a cost of equity, which shall be calculated as the sum of the (i) the average for the applicable calendar year of the monthly average yields of 30-year U.S. Treasury bonds published by the Board of Governors of the Federal Reserve System in its weekly H.15 Statistical Release or successor publication; and (ii) 580 basis points, including a revenue conversion

factor calculated to recover or refund all additional income taxes that may be payable or receivable as a result of that return. Capital investment costs shall be depreciated and recovered over their useful lives consistent with generally accepted accounting principles. The weighted average cost of capital shall be applied to the capital investment cost balance, less any accumulated depreciation and accumulated deferred income taxes, as of December 31 for a given year.

When an electric utility creates a regulatory asset under the provisions of this Section, the costs are recovered over a period during which customers also receive a benefit which is in the public interest. Accordingly, it is the intent of the General Assembly that an electric utility that elects to create a regulatory asset under the provisions of this Section shall recover all of the associated costs as set forth in this Section. After the Commission has approved the prudence and reasonableness of the costs that comprise the regulatory asset, the electric utility shall be permitted to recover all such costs, and the value and recoverability through rates of the associated regulatory asset shall not be limited, altered, impaired, or reduced.

(f) Beginning in 2017, each electric utility shall file an energy efficiency plan with the Commission to meet the energy efficiency standards for the next applicable multi-year period beginning January 1 of the year following the filing, according to the schedule set forth in paragraphs (1) through (3) of this subsection (f). If a utility does not file such a plan on or before the applicable filing deadline for the plan, it shall face a penalty of $100,000 per day until the plan is filed.

(1) No later than 30 days after the effective date of this amendatory Act of the 99th General Assembly or May 1, 2017, whichever is later, each electric utility shall file a 4-year energy efficiency plan commencing on January 1, 2018 that is designed to achieve the cumulative persisting annual savings goals specified in paragraphs (1) through (4) of subsection (b-5) of this Section or in paragraphs (1) through (4) of subsection (b-15) of this Section, as applicable, through implementation of energy efficiency measures; however, the goals may be reduced if the utility's expenditures are limited pursuant to subsection (m) of this Section or, for a utility that serves less than 3,000,000 retail customers, if each of the following conditions are met: (A) the plan's analysis and forecasts of the utility's ability to acquire energy savings demonstrate that achievement of such goals is not cost effective; and (B) the amount

New matter indicated by italics - deletions by strikeout
of energy savings achieved by the utility as determined by the
independent evaluator for the most recent year for which savings
have been evaluated preceding the plan filing was less than the
average annual amount of savings required to achieve the goals
for the applicable 4-year plan period. Except as provided in
subsection (m) of this Section, annual increases in cumulative
persisting annual savings goals during the applicable 4-year plan
period shall not be reduced to amounts that are less than the
maximum amount of cumulative persisting annual savings that is
forecast to be cost-effectively achievable during the 4-year plan
period. The Commission shall review any proposed goal reduction
as part of its review and approval of the utility's proposed plan.

(2) No later than March 1, 2021, each electric utility shall
file a 4-year energy efficiency plan commencing on January 1,
2022 that is designed to achieve the cumulative persisting annual
savings goals specified in paragraphs (5) through (8) of subsection
(b-5) of this Section or in paragraphs (5) through (8) of subsection
(b-15) of this Section, as applicable, through implementation of
energy efficiency measures; however, the goals may be reduced if
the utility's expenditures are limited pursuant to subsection (m) of
this Section or, each of the following conditions are met: (A) the
plan's analysis and forecasts of the utility's ability to acquire
energy savings demonstrate that achievement of such goals is not
cost effective; and (B) the amount of energy savings achieved by
the utility as determined by the independent evaluator for the most
recent year for which savings have been evaluated preceding the
plan filing was less than the average annual amount of savings
required to achieve the goals for the applicable 4-year plan period.
Except as provided in subsection (m) of this Section, annual
increases in cumulative persisting annual savings goals during the
applicable 4-year plan period shall not be reduced to amounts that
are less than the maximum amount of cumulative persisting annual
savings that is forecast to be cost-effectively achievable during the
4-year plan period. The Commission shall review any proposed
goal reduction as part of its review and approval of the utility's
proposed plan.

(3) No later than March 1, 2025, each electric utility shall
file a 5-year energy efficiency plan commencing on January 1,
2026 that is designed to achieve the cumulative persisting annual

New matter indicated by italics - deletions by strikeout
savings goals specified in paragraphs (9) through (13) of subsection (b-5) of this Section or in paragraphs (9) through (13) of subsection (b-15) of this Section, as applicable, through implementation of energy efficiency measures; however, the goals may be reduced if the utility's expenditures are limited pursuant to subsection (m) of this Section or, each of the following conditions are met: (A) the plan's analysis and forecasts of the utility's ability to acquire energy savings demonstrate that achievement of such goals is not cost effective; and (B) the amount of energy savings achieved by the utility as determined by the independent evaluator for the most recent year for which savings have been evaluated preceding the plan filing was less than the average annual amount of savings required to achieve the goals for the applicable 5-year plan period. Except as provided in subsection (m) of this Section, annual increases in cumulative persisting annual savings goals during the applicable 5-year plan period shall not be reduced to amounts that are less than the maximum amount of cumulative persisting annual savings that is forecast to be cost-effectively achievable during the 5-year plan period. The Commission shall review any proposed goal reduction as part of its review and approval of the utility's proposed plan.

Each utility's plan shall set forth the utility's proposals to meet the energy efficiency standards identified in subsection (b-5) or (b-15), as applicable and as such standards may have been modified under this subsection (f), taking into account the unique circumstances of the utility's service territory. For those plans commencing on January 1, 2018, the Commission shall seek public comment on the utility's plan and shall issue an order approving or disapproving each plan no later than August 31, 2017, or 105 days after the effective date of this amendatory Act of the 99th General Assembly, whichever is later. For those plans commencing after December 31, 2021, the Commission shall seek public comment on the utility's plan and shall issue an order approving or disapproving each plan within 6 months after its submission. If the Commission disapproves a plan, the Commission shall, within 30 days, describe in detail the reasons for the disapproval and describe a path by which the utility may file a revised draft of the plan to address the Commission's concerns satisfactorily. If the utility does not refile with the Commission within 60 days, the utility shall be subject to penalties at a rate of $100,000 per day until the plan is filed. This process shall continue, and penalties shall
accrue, until the utility has successfully filed a portfolio of energy efficiency and demand-response measures. Penalties shall be deposited into the Energy Efficiency Trust Fund.

(g) In submitting proposed plans and funding levels under subsection (f) of this Section to meet the savings goals identified in subsection (b-5) or (b-15) of this Section, as applicable, the utility shall:

(1) Demonstrate that its proposed energy efficiency measures will achieve the applicable requirements that are identified in subsection (b-5) or (b-15) of this Section, as modified by subsection (f) of this Section.

(2) Present specific proposals to implement new building and appliance standards that have been placed into effect.

(3) Demonstrate that its overall portfolio of measures, not including low-income programs described in subsection (c) of this Section, is cost-effective using the total resource cost test or complies with paragraphs (1) through (3) of subsection (f) of this Section and represents a diverse cross-section of opportunities for customers of all rate classes, other than those customers described in subsection (l) of this Section, to participate in the programs. Individual measures need not be cost effective.

(4) Present a third-party energy efficiency implementation program subject to the following requirements:

(A) beginning with the year commencing January 1, 2019, electric utilities that serve more than 3,000,000 retail customers in the State shall fund third-party energy efficiency programs in an amount that is no less than $25,000,000 per year, and electric utilities that serve less than 3,000,000 retail customers but more than 500,000 retail customers in the State shall fund third-party energy efficiency programs in an amount that is no less than $8,350,000 per year;

(B) during 2018, the utility shall conduct a solicitation process for purposes of requesting proposals from third-party vendors for those third-party energy efficiency programs to be offered during one or more of the years commencing January 1, 2019, January 1, 2020, and January 1, 2021; for those multi-year plans commencing on January 1, 2022 and January 1, 2026, the utility shall conduct a solicitation process during 2021 and 2025,
respectively, for purposes of requesting proposals from third-party vendors for those third-party energy efficiency programs to be offered during one or more years of the respective multi-year plan period; for each solicitation process, the utility shall identify the sector, technology, or geographical area for which it is seeking requests for proposals;

(C) the utility shall propose the bidder qualifications, performance measurement process, and contract structure, which must include a performance payment mechanism and general terms and conditions; the proposed qualifications, process, and structure shall be subject to Commission approval; and

(D) the utility shall retain an independent third party to score the proposals received through the solicitation process described in this paragraph (4), rank them according to their cost per lifetime kilowatt-hours saved, and assemble the portfolio of third-party programs.

The electric utility shall recover all costs associated with Commission-approved, third-party administered programs regardless of the success of those programs.

(4.5) Implement cost-effective demand-response measures to reduce peak demand by 0.1% over the prior year for eligible retail customers, as defined in Section 16-111.5 of this Act, and for customers that elect hourly service from the utility pursuant to Section 16-107 of this Act, provided those customers have not been declared competitive. This requirement continues until December 31, 2026.

(5) Include a proposed or revised cost-recovery tariff mechanism, as provided for under subsection (d) of this Section, to fund the proposed energy efficiency and demand-response measures and to ensure the recovery of the prudently and reasonably incurred costs of Commission-approved programs.

(6) Provide for an annual independent evaluation of the performance of the cost-effectiveness of the utility's portfolio of measures, as well as a full review of the multi-year plan results of the broader net program impacts and, to the extent practical, for adjustment of the measures on a going-forward basis as a result of

New matter indicated by italics - deletions by strikeout
the evaluations. The resources dedicated to evaluation shall not exceed 3% of portfolio resources in any given year.

(7) For electric utilities that serve more than 3,000,000 retail customers in the State:

(A) Through December 31, 2025, provide for an adjustment to the return on equity component of the utility’s weighted average cost of capital calculated under subsection (d) of this Section:

   (i) If the independent evaluator determines that the utility achieved a cumulative persisting annual savings that is less than the applicable annual incremental goal, then the return on equity component shall be reduced by a maximum of 200 basis points in the event that the utility achieved no more than 75% of such goal. If the utility achieved more than 75% of the applicable annual incremental goal but less than 100% of such goal, then the return on equity component shall be reduced by 8 basis points for each percent by which the utility failed to achieve the goal.

   (ii) If the independent evaluator determines that the utility achieved a cumulative persisting annual savings that is more than the applicable annual incremental goal, then the return on equity component shall be increased by a maximum of 200 basis points in the event that the utility achieved at least 125% of such goal. If the utility achieved more than 100% of the applicable annual incremental goal but less than 125% of such goal, then the return on equity component shall be increased by 8 basis points for each percent by which the utility achieved above the goal. If the applicable annual incremental goal was reduced under paragraphs (1) or (2) of subsection (f) of this Section, then the following adjustments shall be made to the calculations described in this item (ii):

       (aa) the calculation for determining achievement that is at least 125% of the applicable annual incremental goal shall

New matter indicated by italics - deletions by strikeout
use the unreduced applicable annual incremental goal to set the value; and

(bb) the calculation for determining achievement that is less than 125% but more than 100% of the applicable annual incremental goal shall use the reduced applicable annual incremental goal to set the value for 100% achievement of the goal and shall use the unreduced goal to set the value for 125% achievement. The 8 basis point value shall also be modified, as necessary, so that the 200 basis points are evenly apportioned among each percentage point value between 100% and 125% achievement.

(B) For the period January 1, 2026 through December 31, 2030, provide for an adjustment to the return on equity component of the utility's weighted average cost of capital calculated under subsection (d) of this Section:

(i) If the independent evaluator determines that the utility achieved a cumulative persisting annual savings that is less than the applicable annual incremental goal, then the return on equity component shall be reduced by a maximum of 200 basis points in the event that the utility achieved no more than 66% of such goal. If the utility achieved more than 66% of the applicable annual incremental goal but less than 100% of such goal, then the return on equity component shall be reduced by 6 basis points for each percent by which the utility failed to achieve the goal.

(ii) If the independent evaluator determines that the utility achieved a cumulative persisting annual savings that is more than the applicable annual incremental goal, then the return on equity component shall be increased by a maximum of 200 basis points in the event that the utility achieved at least 134% of such goal. If the utility achieved more than 100% of the applicable annual incremental

New matter indicated by italics - deletions by strikeout
goal but less than 134% of such goal, then the
return on equity component shall be increased by 6
basis points for each percent by which the utility
achieved above the goal. If the applicable annual
incremental goal was reduced under paragraph (3)
of subsection (f) of this Section, then the following
adjustments shall be made to the calculations
described in this item (ii):

(aa) the calculation for determining
achievement that is at least 134% of the
applicable annual incremental goal shall
use the unreduced applicable annual
incremental goal to set the value; and

(bb) the calculation for determining
achievement that is less than 134% but more
than 100% of the applicable annual
incremental goal shall use the reduced
applicable annual incremental goal to set
the value for 100% achievement of the goal
and shall use the unreduced goal to set the
value for 134% achievement. The 6 basis
point value shall also be modified, as
necessary, so that the 200 basis points are
evenly apportioned among each percentage
point value between 100% and 134% achievement.

(7.5) For purposes of this Section, the term "applicable
annual incremental goal" means the difference between the
cumulative persisting annual savings goal for the calendar year
that is the subject of the independent evaluator's determination and
the cumulative persisting annual savings goal for the immediately
preceding calendar year, as such goals are defined in subsections
(b-5) and (b-15) of this Section and as these goals may have been
modified as provided for under subsection (b-20) and paragraphs
(1) through (3) of subsection (f) of this Section. Under subsections
(b), (b-5), (b-10), and (b-15) of this Section, a utility must first
replace energy savings from measures that have reached the end of
their measure lives and would otherwise have to be replaced to
meet the applicable savings goals identified in subsection (b-5) or

New matter indicated by italics - deletions by strikeout
(b-15) of this Section before any progress towards achievement of its applicable annual incremental goal may be counted. Notwithstanding anything else set forth in this Section, the difference between the actual annual incremental savings achieved in any given year, including the replacement of energy savings from measures that have expired, and the applicable annual incremental goal shall not affect adjustments to the return on equity for subsequent calendar years under this subsection (g).

(8) For electric utilities that serve less than 3,000,000 retail customers but more than 500,000 retail customers in the State:
   (A) Through December 31, 2025, the applicable annual incremental goal shall be compared to the annual incremental savings as determined by the independent evaluator.
      (i) The return on equity component shall be reduced by 8 basis points for each percent by which the utility did not achieve 84.4% of the applicable annual incremental goal.
      (ii) The return on equity component shall be increased by 8 basis points for each percent by which the utility exceeded 100% of the applicable annual incremental goal.
      (iii) The return on equity component shall not be increased or decreased if the annual incremental savings as determined by the independent evaluator is greater than 84.4% of the applicable annual incremental goal and less than 100% of the applicable annual incremental goal.
      (iv) The return on equity component shall not be increased or decreased by an amount greater than 200 basis points pursuant to this subparagraph (A).
   (B) For the period of January 1, 2026 through December 31, 2030, the applicable annual incremental goal shall be compared to the annual incremental savings as determined by the independent evaluator.
      (i) The return on equity component shall be reduced by 6 basis points for each percent by which
the utility did not achieve 100% of the applicable annual incremental goal.

(ii) The return on equity component shall be increased by 6 basis points for each percent by which the utility exceeded 100% of the applicable annual incremental goal.

(iii) The return on equity component shall not be increased or decreased by an amount greater than 200 basis points pursuant to this subparagraph (B).

(C) If the applicable annual incremental goal was reduced under paragraphs (1), (2) or (3) of subsection (f) of this Section, then the following adjustments shall be made to the calculations described in subparagraphs (A) and (B) of this paragraph (8):

(i) The calculation for determining achievement that is at least 125% or 134%, as applicable, of the applicable annual incremental goal shall use the unreduced applicable annual incremental goal to set the value.

(ii) For the period through December 31, 2025, the calculation for determining achievement that is less than 125% but more than 100% of the applicable annual incremental goal shall use the reduced applicable annual incremental goal to set the value for 100% achievement of the goal and shall use the unreduced goal to set the value for 125% achievement. The 8 basis point value shall also be modified, as necessary, so that the 200 basis points are evenly apportioned among each percentage point value between 100% and 125% achievement.

(iii) For the period of January 1, 2026 through December 31, 2030, the calculation for determining achievement that is less than 134% but more than 100% of the applicable annual incremental goal shall use the reduced applicable annual incremental goal to set the value for 100% achievement of the goal and shall use the unreduced

goal to set the value for 125% achievement. The 6 basis point value shall also be modified, as necessary, so that the 200 basis points are evenly apportioned among each percentage point value between 100% and 134% achievement.

(9) The utility shall submit the energy savings data to the independent evaluator no later than 30 days after the close of the plan year. The independent evaluator shall determine the cumulative persisting annual savings for a given plan year no later than 120 days after the close of the plan year. The utility shall submit an informational filing to the Commission no later than 160 days after the close of the plan year that attaches the independent evaluator's final report identifying the cumulative persisting annual savings for the year and calculates, under paragraph (7) or (8) of this subsection (g), as applicable, any resulting change to the utility's return on equity component of the weighted average cost of capital applicable to the next plan year beginning with the January monthly billing period and extending through the December monthly billing period. However, if the utility recovers the costs incurred under this Section under paragraphs (2) and (3) of subsection (d) of this Section, then the utility shall not be required to submit such informational filing, and shall instead submit the information that would otherwise be included in the informational filing as part of its filing under paragraph (3) of such subsection (d) that is due on or before June 1 of each year.

For those utilities that must submit the informational filing, the Commission may, on its own motion or by petition, initiate an investigation of such filing, provided, however, that the utility's proposed return on equity calculation shall be deemed the final, approved calculation on December 15 of the year in which it is filed unless the Commission enters an order on or before December 15, after notice and hearing, that modifies such calculation consistent with this Section.

The adjustments to the return on equity component described in paragraphs (7) and (8) of this subsection (g) shall be applied as described in such paragraphs through a separate tariff mechanism, which shall be filed by the utility under subsections (f) and (g) of this Section.

(h) No more than 6% of energy efficiency and demand-response program revenue may be allocated for research, development, or pilot deployment of new equipment or measures.

(i) When practicable, electric utilities shall incorporate advanced metering infrastructure data into the planning, implementation, and evaluation of energy efficiency measures and programs, subject to the data privacy and confidentiality protections of applicable law.

(j) The independent evaluator shall follow the guidelines and use the savings set forth in Commission-approved energy efficiency policy manuals and technical reference manuals, as each may be updated from time to time. Until such time as measure life values for energy efficiency measures implemented for low-income households under subsection (c) of this Section are incorporated into such Commission-approved manuals, the low-income measures shall have the same measure life values that are established for same measures implemented in households that are not low-income households.

(k) Notwithstanding any provision of law to the contrary, an electric utility subject to the requirements of this Section may file a tariff cancelling an automatic adjustment clause tariff in effect under this Section or Section 8-103, which shall take effect no later than one business day after the date such tariff is filed. Thereafter, the utility shall be authorized to defer and recover its expenditures incurred under this Section through a new tariff authorized under subsection (d) of this Section or in the utility's next rate case under Article IX or Section 16-108.5 of this Act, with interest at an annual rate equal to the utility's weighted average cost of capital as approved by the Commission in such case. If the utility elects to file a new tariff under subsection (d) of this Section, the utility may file the tariff within 10 days after the effective date of this amendatory Act of the 99th General Assembly, and the cost inputs to such tariff shall be based on the projected costs to be incurred by the utility during the calendar year in which the new tariff is filed and that were not recovered under the tariff that was cancelled as provided for in this subsection. Such costs shall include those incurred or to be incurred by the utility under its multi-year plan approved under subsections (f) and (g) of this Section, including, but not limited to, projected capital investment costs and projected regulatory asset balances with correspondingly updated depreciation and amortization reserves and expense. The Commission shall, after notice and hearing, approve, or approve with modification, such tariff and cost inputs no later than 75
days after the utility filed the tariff, provided that such approval, or
approval with modification, shall be consistent with the provisions of this
Section to the extent they do not conflict with this subsection (k). The tariff
approved by the Commission shall take effect no later than 5 days after
the Commission enters its order approving the tariff.

No later than 60 days after the effective date of the tariff cancelling
the utility's automatic adjustment clause tariff, the utility shall file a
reconciliation that reconciles the moneys collected under its automatic
adjustment clause tariff with the costs incurred during the period
beginning June 1, 2016 and ending on the date that the electric utility's
automatic adjustment clause tariff was cancelled. In the event the
reconciliation reflects an under-collection, the utility shall recover the
costs as specified in this subsection (k). If the reconciliation reflects an
over-collection, the utility shall apply the amount of such over-collection
as a one-time credit to retail customers' bills.

(l) For the calendar years covered by a multi-year plan
commencing after December 31, 2017, subsections (a) through (j) of this
Section do not apply to any retail customers of an electric utility that
serves more than 3,000,000 retail customers in the State and whose total
highest 30 minute demand was more than 10,000 kilowatts, or any retail
customers of an electric utility that serves less than 3,000,000 retail
customers but more than 500,000 retail customers in the State and whose
total highest 15 minute demand was more than 10,000 kilowatts. For
purposes of this subsection (l), "retail customer" has the meaning set forth
in Section 16-102 of this Act. A determination of whether this subsection is
applicable to a customer shall be made for each multi-year plan beginning
after December 31, 2017. The criteria for determining whether this
subsection (l) is applicable to a retail customer shall be based on the 12
consecutive billing periods prior to the start of the first year of each such
multi-year plan.

(m) Notwithstanding the requirements of this Section, as part of a
proceeding to approve a multi-year plan under subsections (f) and (g) of
this Section, the Commission shall reduce the amount of energy efficiency
measures implemented for any single year, and whose costs are recovered
under subsection (d) of this Section, by an amount necessary to limit the
estimated average net increase due to the cost of the measures to no more
than

(1) 3.5% for the each of the 4 years beginning January 1,
2018,

New matter indicated by italics - deletions by strikeout
(2) 3.75% for each of the 4 years beginning January 1, 2022, and
(3) 4% for each of the 5 years beginning January 1, 2026, of the average amount paid per kilowatthour by residential eligible retail customers during calendar year 2015. To determine the total amount that may be spent by an electric utility in any single year, the applicable percentage of the average amount paid per kilowatthour shall be multiplied by the total amount of energy delivered by such electric utility in the calendar year 2015, adjusted to reflect the proportion of the utility’s load attributable to customers who are exempt from subsections (a) through (j) of this Section under subsection (l) of this Section. For purposes of this subsection (m), the amount paid per kilowatthour includes, without limitation, estimated amounts paid for supply, transmission, distribution, surcharges, and add-on taxes. For purposes of this Section, "eligible retail customers" shall have the meaning set forth in Section 16-111.5 of this Act. Once the Commission has approved a plan under subsections (f) and (g) of this Section, no subsequent rate impact determinations shall be made.

(220 ILCS 5/8-104)
Sec. 8-104. Natural gas energy efficiency programs.
(a) It is the policy of the State that natural gas utilities and the Department of Commerce and Economic Opportunity are required to use cost-effective energy efficiency to reduce direct and indirect costs to consumers. It serves the public interest to allow natural gas utilities to recover costs for reasonably and prudently incurred expenses for cost-effective energy efficiency measures.

(b) For purposes of this Section, "energy efficiency" means measures that reduce the amount of energy required to achieve a given end use. "Energy efficiency" also includes measures that reduce the total Btus of electricity and natural gas needed to meet the end use or uses. "Cost-effective" means that the measures satisfy the total resource cost test which, for purposes of this Section, means a standard that is met if, for an investment in energy efficiency, the benefit-cost ratio is greater than one. The benefit-cost ratio is the ratio of the net present value of the total benefits of the measures to the net present value of the total costs as calculated over the lifetime of the measures. The total resource cost test compares the sum of avoided natural gas utility costs, representing the benefits that accrue to the system and the participant in the delivery of those efficiency measures, as well as other quantifiable societal benefits,

New matter indicated by italics - deletions by strikeout
including avoided electric utility costs, to the sum of all incremental costs of end use measures (including both utility and participant contributions), plus costs to administer, deliver, and evaluate each demand-side measure, to quantify the net savings obtained by substituting demand-side measures for supply resources. In calculating avoided costs, reasonable estimates shall be included for financial costs likely to be imposed by future regulation of emissions of greenhouse gases. The low-income programs described in item (4) of subsection (f) of this Section shall not be required to meet the total resource cost test.

(c) Natural gas utilities shall implement cost-effective energy efficiency measures to meet at least the following natural gas savings requirements, which shall be based upon the total amount of gas delivered to retail customers, other than the customers described in subsection (m) of this Section, during calendar year 2009 multiplied by the applicable percentage. Natural gas utilities may comply with this Section by meeting the annual incremental savings goal in the applicable year or by showing that total cumulative annual savings within a multi-year planning period associated with measures implemented after May 31, 2011 were equal to the sum of each annual incremental savings requirement from the first day of the multi-year planning period through the last day of the multi-year planning period:

(1) 0.2% by May 31, 2012;
(2) an additional 0.4% by May 31, 2013, increasing total savings to .6%;
(3) an additional 0.6% by May 31, 2014, increasing total savings to 1.2%;
(4) an additional 0.8% by May 31, 2015, increasing total savings to 2.0%;
(5) an additional 1% by May 31, 2016, increasing total savings to 3.0%;
(6) an additional 1.2% by May 31, 2017, increasing total savings to 4.2%;
(7) an additional 1.4% in the year commencing January 1, 2018 by May 31, 2018, increasing total savings to 5.6%;
(8) an additional 1.5% in the year commencing January 1, 2019 by May 31, 2019, increasing total savings to 7.1%; and
(9) an additional 1.5% in each 12-month period thereafter.

(d) Notwithstanding the requirements of subsection (c) of this Section, a natural gas utility shall limit the amount of energy efficiency

New matter indicated by italics - deletions by strikeout
implemented in any multi-year 3-year reporting period established by subsection (f) of Section 8-104 of this Act, by an amount necessary to limit the estimated average increase in the amounts paid by retail customers in connection with natural gas service to no more than 2% in the applicable multi-year 3-year reporting period. The energy savings requirements in subsection (c) of this Section may be reduced by the Commission for the subject plan, if the utility demonstrates by substantial evidence that it is highly unlikely that the requirements could be achieved without exceeding the applicable spending limits in any multi-year 3-year reporting period. No later than September 1, 2013, the Commission shall review the limitation on the amount of energy efficiency measures implemented pursuant to this Section and report to the General Assembly, in the report required by subsection (k) of this Section, its findings as to whether that limitation unduly constrains the procurement of energy efficiency measures.

(e) The provisions of this subsection (e) apply to those multi-year plans that commence prior to January 1, 2018. Natural gas utilities shall be responsible for overseeing the design, development, and filing of their efficiency plans with the Commission. The utility shall utilize 75% of the available funding associated with energy efficiency programs approved by the Commission, and may outsource various aspects of program development and implementation. The remaining 25% of available funding shall be used by the Department of Commerce and Economic Opportunity to implement energy efficiency measures that achieve no less than 20% of the requirements of subsection (c) of this Section. Such measures shall be designed in conjunction with the utility and approved by the Commission. The Department may outsource development and implementation of energy efficiency measures. A minimum of 10% of the entire portfolio of cost-effective energy efficiency measures shall be procured from local government, municipal corporations, school districts, and community college districts. Five percent of the entire portfolio of cost-effective energy efficiency measures may be granted to local government and municipal corporations for market transformation initiatives. The Department shall coordinate the implementation of these measures and shall integrate delivery of natural gas efficiency programs with electric efficiency programs delivered pursuant to Section 8-103 of this Act, unless the Department can show that integration is not feasible.

The apportionment of the dollars to cover the costs to implement the Department's share of the portfolio of energy efficiency measures shall
be made to the Department once the Department has executed rebate agreements, grants, or contracts for energy efficiency measures and provided supporting documentation for those rebate agreements, grants, and contracts to the utility. The Department is authorized to adopt any rules necessary and prescribe procedures in order to ensure compliance by applicants in carrying out the purposes of rebate agreements for energy efficiency measures implemented by the Department made under this Section.

The details of the measures implemented by the Department shall be submitted by the Department to the Commission in connection with the utility's filing regarding the energy efficiency measures that the utility implements.

The portfolio of measures, administered by both the utilities and the Department, shall, in combination, be designed to achieve the annual energy savings requirements set forth in subsection (c) of this Section, as modified by subsection (d) of this Section.

The utility and the Department shall agree upon a reasonable portfolio of measures and determine the measurable corresponding percentage of the savings goals associated with measures implemented by the Department.

No utility shall be assessed a penalty under subsection (f) of this Section for failure to make a timely filing if that failure is the result of a lack of agreement with the Department with respect to the allocation of responsibilities or related costs or target assignments. In that case, the Department and the utility shall file their respective plans with the Commission and the Commission shall determine an appropriate division of measures and programs that meets the requirements of this Section.

(e-5) The provisions of this subsection (e-5) shall be applicable to those multi-year plans that commence after December 31, 2017. Natural gas utilities shall be responsible for overseeing the design, development, and filing of their efficiency plans with the Commission and may outsource development and implementation of energy efficiency measures. A minimum of 10% of the entire portfolio of cost-effective energy efficiency measures shall be procured from local government, municipal corporations, school districts, and community college districts. Five percent of the entire portfolio of cost-effective energy efficiency measures may be granted to local government and municipal corporations for market transformation initiatives.

New matter indicated by italics - deletions by strikeout
The utilities shall also present a portfolio of energy efficiency measures proportionate to the share of total annual utility revenues in Illinois from households at or below 150% of the poverty level. Such programs shall be targeted to households with incomes at or below 80% of area median income.

(e-10) A utility providing approved energy efficiency measures in this State shall be permitted to recover costs of those measures through an automatic adjustment clause tariff filed with and approved by the Commission. The tariff shall be established outside the context of a general rate case and shall be applicable to the utility's customers other than the customers described in subsection (m) of this Section. Each year the Commission shall initiate a review to reconcile any amounts collected with the actual costs and to determine the required adjustment to the annual tariff factor to match annual expenditures.

(e-15) For those multi-year plans that commence prior to January 1, 2018, each utility shall include, in its recovery of costs, the costs estimated for both the utility's and the Department's implementation of energy efficiency measures. Costs collected by the utility for measures implemented by the Department shall be submitted to the Department pursuant to Section 605-323 of the Civil Administrative Code of Illinois, shall be deposited into the Energy Efficiency Portfolio Standards Fund, and shall be used by the Department solely for the purpose of implementing these measures. A utility shall not be required to advance any moneys to the Department but only to forward such funds as it has collected. The Department shall report to the Commission on an annual basis regarding the costs actually incurred by the Department in the implementation of the measures. Any changes to the costs of energy efficiency measures as a result of plan modifications shall be appropriately reflected in amounts recovered by the utility and turned over to the Department.

The portfolio of measures, administered by both the utilities and the Department, shall, in combination, be designed to achieve the annual energy savings requirements set forth in subsection (c) of this Section, as modified by subsection (d) of this Section.

The utility and the Department shall agree upon a reasonable portfolio of measures and determine the measurable corresponding percentage of the savings goals associated with measures implemented by the Department.
No utility shall be assessed a penalty under subsection (f) of this Section for failure to make a timely filing if that failure is the result of a lack of agreement with the Department with respect to the allocation of responsibilities or related costs or target assignments. In that case, the Department and the utility shall file their respective plans with the Commission and the Commission shall determine an appropriate division of measures and programs that meets the requirements of this Section.

If the Department is unable to meet performance requirements for the portion of the portfolio implemented by the Department, then the utility and the Department shall jointly submit a modified filing to the Commission explaining the performance shortfall and recommending an appropriate course going forward, including any program modifications that may be appropriate in light of the evaluations conducted under item (8) of subsection (f) of this Section. In this case, the utility obligation to collect the Department's costs and turn over those funds to the Department under this subsection (e) shall continue only if the Commission approves the modifications to the plan proposed by the Department.

(f) No later than October 1, 2010, each gas utility shall file an energy efficiency plan with the Commission to meet the energy efficiency standards through May 31, 2014. No later than October 1, 2013, each gas utility shall file an energy efficiency plan with the Commission to meet the energy efficiency standards through May 31, 2017. Beginning in 2017 and every 4 years thereafter, each utility shall file a plan with the Commission to meet the energy efficiency standards for the next applicable 4-year period beginning January 1 of the year following the filing. For those multi-year plans commencing on January 1, 2018, each utility shall file its proposed energy efficiency plan no later than 30 days after the effective date of this amendatory Act of the 99th General Assembly or May 1, 2017, whichever is later. Beginning in 2021 and every 4 years thereafter, each utility shall file its energy efficiency plan no later than March 1. If a utility does not file such a plan on or before the applicable filing deadline for the plan by October 1 of the applicable year, then it shall face a penalty of $100,000 per day until the plan is filed.

Each utility's plan shall set forth the utility's proposals to meet the utility's portion of the energy efficiency standards identified in subsection (c) of this Section, as modified by subsection (d) of this Section, taking into account the unique circumstances of the utility's service territory. For those plans commencing after December 31, 2021, the Commission...
shall seek public comment on the utility's plan and shall issue an order approving or disapproving each plan within 6 months after its submission. For those plans commencing on January 1, 2018, the Commission shall seek public comment on the utility's plan and shall issue an order approving or disapproving each plan no later than August 31, 2017, or 105 days after the effective date of this amendatory Act of the 99th General Assembly, whichever is later. If the Commission disapproves a plan, the Commission shall, within 30 days, describe in detail the reasons for the disapproval and describe a path by which the utility may file a revised draft of the plan to address the Commission's concerns satisfactorily. If the utility does not refile with the Commission within 60 days after the disapproval, the utility shall be subject to penalties at a rate of $100,000 per day until the plan is filed. This process shall continue, and penalties shall accrue, until the utility has successfully filed a portfolio of energy efficiency measures. Penalties shall be deposited into the Energy Efficiency Trust Fund and the cost of any such penalties may not be recovered from ratepayers. In submitting proposed energy efficiency plans and funding levels to meet the savings goals adopted by this Act the utility shall:

(1) Demonstrate that its proposed energy efficiency measures will achieve the requirements that are identified in subsection (c) of this Section, as modified by subsection (d) of this Section.

(2) Present specific proposals to implement new building and appliance standards that have been placed into effect.

(3) Present estimates of the total amount paid for gas service expressed on a per therm basis associated with the proposed portfolio of measures designed to meet the requirements that are identified in subsection (c) of this Section, as modified by subsection (d) of this Section.

(4) For those multi-year plans that commence prior to January 1, 2018, coordinate with the Department to present a portfolio of energy efficiency measures proportionate to the share of total annual utility revenues in Illinois from households at or below 150% of the poverty level. Such programs shall be targeted to households with incomes at or below 80% of area median income.

(5) Demonstrate that its overall portfolio of energy efficiency measures, not including low-income programs described

New matter indicated by italics - deletions by strikeout
in covered by item (4) of this subsection (f) and subsection (e-5) of this Section, are cost-effective using the total resource cost test and represent a diverse cross section of opportunities for customers of all rate classes to participate in the programs.

(6) Demonstrate that a gas utility affiliated with an electric utility that is required to comply with Section 8-103 or 8-103B of this Act has integrated gas and electric efficiency measures into a single program that reduces program or participant costs and appropriately allocates costs to gas and electric ratepayers. For those multi-year plans that commence prior to January 1, 2018, the Department shall integrate all gas and electric programs it delivers in any such utilities' service territories, unless the Department can show that integration is not feasible or appropriate.

(7) Include a proposed cost recovery tariff mechanism to fund the proposed energy efficiency measures and to ensure the recovery of the prudently and reasonably incurred costs of Commission-approved programs.

(8) Provide for quarterly status reports tracking implementation of and expenditures for the utility's portfolio of measures and, if applicable, the Department's portfolio of measures, an annual independent review, and a full independent evaluation of the multi-year results of the performance and the cost-effectiveness of the utility's and, if applicable, Department's portfolios of measures and broader net program impacts and, to the extent practical, for adjustment of the measures on a going forward basis as a result of the evaluations. The resources dedicated to evaluation shall not exceed 3% of portfolio resources in any given multi-year period.

(g) No more than 3% of expenditures on energy efficiency measures may be allocated for demonstration of breakthrough equipment and devices.

(h) Illinois natural gas utilities that are affiliated by virtue of a common parent company may, at the utilities' request, be considered a single natural gas utility for purposes of complying with this Section.

(i) If, after 3 years, a gas utility fails to meet the efficiency standard specified in subsection (c) of this Section as modified by subsection (d), then it shall make a contribution to the Low-Income Home Energy Assistance Program. The total liability for failure to meet the goal shall be assessed as follows:

New matter indicated by italics - deletions by strikeout
(1) a large gas utility shall pay $600,000;
(2) a medium gas utility shall pay $400,000; and
(3) a small gas utility shall pay $200,000.

For purposes of this Section, (i) a "large gas utility" is a gas utility that on December 31, 2008, served more than 1,500,000 gas customers in Illinois; (ii) a "medium gas utility" is a gas utility that on December 31, 2008, served fewer than 1,500,000, but more than 500,000 gas customers in Illinois; and (iii) a "small gas utility" is a gas utility that on December 31, 2008, served fewer than 500,000 and more than 100,000 gas customers in Illinois. The costs of this contribution may not be recovered from ratepayers.

If a gas utility fails to meet the efficiency standard specified in subsection (c) of this Section, as modified by subsection (d) of this Section, in any 2 consecutive multi-year 3-year planning periods, then the responsibility for implementing the utility's energy efficiency measures shall be transferred to an independent program administrator selected by the Commission. Reasonable and prudent costs incurred by the independent program administrator to meet the efficiency standard specified in subsection (c) of this Section, as modified by subsection (d) of this Section, may be recovered from the customers of the affected gas utilities, other than customers described in subsection (m) of this Section. The utility shall provide the independent program administrator with all information and assistance necessary to perform the program administrator's duties including but not limited to customer, account, and energy usage data, and shall allow the program administrator to include inserts in customer bills. The utility may recover reasonable costs associated with any such assistance.

(j) No utility shall be deemed to have failed to meet the energy efficiency standards to the extent any such failure is due to a failure of the Department.

(k) Not later than January 1, 2012, the Commission shall develop and solicit public comment on a plan to foster statewide coordination and consistency between statutorily mandated natural gas and electric energy efficiency programs to reduce program or participant costs or to improve program performance. Not later than September 1, 2013, the Commission shall issue a report to the General Assembly containing its findings and recommendations.

(l) This Section does not apply to a gas utility that on January 1, 2009, provided gas service to fewer than 100,000 customers in Illinois.
(m) Subsections (a) through (k) of this Section do not apply to customers of a natural gas utility that have a North American Industry Classification System code number that is 22111 or any such code number beginning with the digits 31, 32, or 33 and (i) annual usage in the aggregate of 4 million therms or more within the service territory of the affected gas utility or with aggregate usage of 8 million therms or more in this State and complying with the provisions of item (l) of this subsection (m); or (ii) using natural gas as feedstock and meeting the usage requirements described in item (i) of this subsection (m), to the extent such annual feedstock usage is greater than 60% of the customer's total annual usage of natural gas.

(1) Customers described in this subsection (m) of this Section shall apply, on a form approved on or before October 1, 2009 by the Department, to the Department to be designated as a self-directing customer ("SDC") or as an exempt customer using natural gas as a feedstock from which other products are made, including, but not limited to, feedstock for a hydrogen plant, on or before the 1st day of February, 2010. Thereafter, application may be made not less than 6 months before the filing date of the gas utility energy efficiency plan described in subsection (f) of this Section; however, a new customer that commences taking service from a natural gas utility after February 1, 2010 may apply to become a SDC or exempt customer up to 30 days after beginning service. Customers described in this subsection (m) that have not already been approved by the Department may apply to be designated a self-directing customer or exempt customer, on a form approved by the Department, between September 1, 2013 and September 30, 2013. Customer applications that are approved by the Department under this amendatory Act of the 98th General Assembly shall be considered to be a self-directing customer or exempt customer, as applicable, for the current 3-year planning period effective December 1, 2013. Such application shall contain the following:

(A) the customer's certification that, at the time of its application, it qualifies to be a SDC or exempt customer described in this subsection (m) of this Section;

(B) in the case of a SDC, the customer's certification that it has established or will establish by the beginning of the utility's multi-year planning period
commencing subsequent to the application, and will maintain for accounting purposes, an energy efficiency reserve account and that the customer will accrue funds in said account to be held for the purpose of funding, in whole or in part, energy efficiency measures of the customer's choosing, which may include, but are not limited to, projects involving combined heat and power systems that use the same energy source both for the generation of electrical or mechanical power and the production of steam or another form of useful thermal energy or the use of combustible gas produced from biomass, or both;

(C) in the case of a SDC, the customer's certification that annual funding levels for the energy efficiency reserve account will be equal to 2% of the customer's cost of natural gas, composed of the customer's commodity cost and the delivery service charges paid to the gas utility, or $150,000, whichever is less;

(D) in the case of a SDC, the customer's certification that the required reserve account balance will be capped at 3 years' worth of accruals and that the customer may, at its option, make further deposits to the account to the extent such deposit would increase the reserve account balance above the designated cap level;

(E) in the case of a SDC, the customer's certification that by October 1 of each year, beginning no sooner than October 1, 2012, the customer will report to the Department information, for the 12-month period ending May 31 of the same year, on all deposits and reductions, if any, to the reserve account during the reporting year, and to the extent deposits to the reserve account in any year are in an amount less than $150,000, the basis for such reduced deposits; reserve account balances by month; a description of energy efficiency measures undertaken by the customer and paid for in whole or in part with funds from the reserve account; an estimate of the energy saved, or to be saved, by the measure; and that the report shall include a verification by an officer or plant manager of the customer or by a registered professional engineer or certified energy efficiency trade professional that the funds withdrawn from

the reserve account were used for the energy efficiency measures;

(F) in the case of an exempt customer, the customer's certification of the level of gas usage as feedstock in the customer's operation in a typical year and that it will provide information establishing this level, upon request of the Department;

(G) in the case of either an exempt customer or a SDC, the customer's certification that it has provided the gas utility or utilities serving the customer with a copy of the application as filed with the Department;

(H) in the case of either an exempt customer or a SDC, certification of the natural gas utility or utilities serving the customer in Illinois including the natural gas utility accounts that are the subject of the application; and

(I) in the case of either an exempt customer or a SDC, a verification signed by a plant manager or an authorized corporate officer attesting to the truthfulness and accuracy of the information contained in the application.

(2) The Department shall review the application to determine that it contains the information described in provisions (A) through (I) of item (1) of this subsection (m), as applicable. The review shall be completed within 30 days after the date the application is filed with the Department. Absent a determination by the Department within the 30-day period, the applicant shall be considered to be a SDC or exempt customer, as applicable, for all subsequent multi-year 3-year planning periods, as of the date of filing the application described in this subsection (m). If the Department determines that the application does not contain the applicable information described in provisions (A) through (I) of item (1) of this subsection (m), it shall notify the customer, in writing, of its determination that the application does not contain the required information and identify the information that is missing, and the customer shall provide the missing information within 15 working days after the date of receipt of the Department's notification.

(3) The Department shall have the right to audit the information provided in the customer's application and annual reports to ensure continued compliance with the requirements of
this subsection. Based on the audit, if the Department determines the customer is no longer in compliance with the requirements of items (A) through (I) of item (1) of this subsection (m), as applicable, the Department shall notify the customer in writing of the noncompliance. The customer shall have 30 days to establish its compliance, and failing to do so, may have its status as a SDC or exempt customer revoked by the Department. The Department shall treat all information provided by any customer seeking SDC status or exemption from the provisions of this Section as strictly confidential.

(4) Upon request, or on its own motion, the Commission may open an investigation, no more than once every 3 years and not before October 1, 2014, to evaluate the effectiveness of the self-directing program described in this subsection (m).

Customers described in this subsection (m) that applied to the Department on January 3, 2013, were approved by the Department on February 13, 2013 to be a self-directing customer or exempt customer, and receive natural gas from a utility that provides gas service to at least 500,000 retail customers in Illinois and electric service to at least 1,000,000 retail customers in Illinois shall be considered to be a self-directing customer or exempt customer, as applicable, for the current 3-year planning period effective December 1, 2013.

(n) The applicability of this Section to customers described in subsection (m) of this Section is conditioned on the existence of the SDC program. In no event will any provision of this Section apply to such customers after January 1, 2020.

(o) Utilities' 3-year energy efficiency plans approved by the Commission on or before the effective date of this amendatory Act of the 99th General Assembly for the period June 1, 2014 through May 31, 2017 shall continue to be in force and effect through December 31, 2017 so that the energy efficiency programs set forth in those plans continue to be offered during the period June 1, 2017 through December 31, 2017. Each utility is authorized to increase, on a pro rata basis, the energy savings goals and budgets approved in its plan to reflect the additional 7 months of the plan's operation.

Sec. 9-107. Revenue balancing adjustments.

New matter indicated by italics - deletions by strikeout
(a) In this Section:
"Reconciliation period" means a period beginning with the January monthly billing period and extending through the December monthly billing period.

"Rate case reconciliation revenue requirement" means the final distribution revenue requirement or requirements approved by the Commission in the utility's rate case or formula rate proceeding to set the rates initially applicable in the relevant reconciliation period after the conclusion of the period. In the event the Commission has approved more than one revenue requirement for the reconciliation period, the amount of rate case revenue under each approved revenue requirement shall be prorated based upon the number of days under which each revenue requirement was in effect.

(b) If an electric utility has a performance-based formula rate in effect under Section 16-108.5, then the utility shall be permitted to revise the formula rate and schedules to reduce the 50 basis point values to zero that would otherwise apply under paragraph (5) of subsection (c) of Section 16-108.5. Such revision and reduction shall apply beginning with the reconciliation conducted for the 2017 calendar year.

If the utility no longer has a performance-based formula in effect under Section 16-108.5, then the utility shall be permitted to implement the revenue balancing adjustment tariff described in subsection (c) of this Section.

(c) An electric utility that is authorized under subsection (b) of this Section to implement a revenue balancing adjustment tariff may file the tariff for the purpose of preventing undercollections or overcollections of distribution revenues as compared to the revenue requirement or requirements approved by the Commission on which the rates giving rise to those revenues were based. The tariff shall calculate an annual adjustment that reflects any difference between the actual delivery service revenue billed for services provided during the relevant reconciliation period and the rate case reconciliation revenue requirement for the relevant reconciliation period and shall set forth the reconciliation categories or classes, or a combination of both, in a manner determined at the utility's discretion.

(d) A utility that elects to file the tariff authorized by this Section shall file the tariff outside the context of a general rate case or formula rate proceeding, and the Commission shall, after notice and hearing, approve the tariff or approve with modification no later than 120 days
after the utility files the tariff, and the tariff shall remain in effect at the discretion of the utility. The tariff shall also require that the electric utility submit an annual revenue balancing reconciliation report to the Commission reflecting the difference between the actual delivery service revenue and rate case revenue for the applicable reconciliation and identifying the charges or credits to be applied thereafter. The annual revenue balancing reconciliation report shall be filed with the Commission no later than March 20 of the year following a reconciliation period. The Commission may initiate a review of the revenue balancing reconciliation report each year to determine if any subsequent adjustment is necessary to align actual delivery service revenue and rate case revenue. In the event the Commission elects to initiate such review, the Commission shall, after notice and hearing, enter an order approving, or approving as modified, such revenue balancing reconciliation report no later than 120 days after the utility files its report with the Commission. If the Commission does not initiate such review, the revenue balancing reconciliation report and the identified charges or credits shall be deemed accepted and approved 120 days after the utility files the report and shall not be subject to review in any other proceeding.

(220 ILCS 5/16-107)

Sec. 16-107. Real-time pricing.

(a) Each electric utility shall file, on or before May 1, 1998, a tariff or tariffs which allow nonresidential retail customers in the electric utility's service area to elect real-time pricing beginning October 1, 1998.

(b) Each electric utility shall file, on or before May 1, 2000, a tariff or tariffs which allow residential retail customers in the electric utility's service area to elect real-time pricing beginning October 1, 2000.

(b-5) Each electric utility shall file a tariff or tariffs allowing residential retail customers in the electric utility's service area to elect real-time pricing beginning January 2, 2007. The Commission may, after notice and hearing, approve the tariff or tariffs. A customer who elects real-time pricing shall remain on such rate for a minimum of 12 months. The Commission may, after notice and hearing, approve the tariff or tariffs, provided that the Commission finds that the potential for demand reductions will result in net economic benefits to all residential customers of the electric utility. In examining economic benefits from demand reductions, the Commission shall, at a minimum, consider the following: improvements to system reliability and power quality; reduction in wholesale market prices and price volatility; electric utility cost avoidance.
and reductions, market power mitigation, and other benefits of demand reductions, but only to the extent that the effects of reduced demand can be demonstrated to lower the cost of electricity delivered to residential customers. A tariff or tariffs approved pursuant to this subsection (b-5) shall, at a minimum, describe (i) the methodology for determining the market price of energy to be reflected in the real-time rate and (ii) the manner in which customers who elect real-time pricing will be provided with ready access to hourly market prices, including, but not limited to, day-ahead hourly energy prices. A customer who elects real-time pricing under a tariff approved under this subsection (b-5) and thereafter terminates the election shall not return to taking service under the tariff for a period of 12 months following the date on which the customer terminated real-time pricing. However, this limitation shall cease to apply on such date that the provision of electric power and energy is declared competitive under Section 16-113 of this Act for the customer group or groups to which this subsection (b-5) applies.

A proceeding under this subsection (b-5) may not exceed 120 days in length.

(b-10) Each electric utility providing real-time pricing pursuant to subsection (b-5) shall install a meter capable of recording hourly interval energy use at the service location of each customer that elects real-time pricing pursuant to this subsection.

(b-15) If the Commission issues an order pursuant to subsection (b-5), the affected electric utility shall contract with an entity not affiliated with the electric utility to serve as a program administrator to develop and implement a program to provide consumer outreach, enrollment, and education concerning real-time pricing and to establish and administer an information system and technical and other customer assistance that is necessary to enable customers to manage electricity use. The program administrator: (i) shall be selected and compensated by the electric utility, subject to Commission approval; (ii) shall have demonstrated technical and managerial competence in the development and administration of demand management programs; and (iii) may develop and implement risk management, energy efficiency, and other services related to energy use management for which the program administrator shall be compensated by participants in the program receiving such services. The electric utility shall provide the program administrator with all information and assistance necessary to perform the program administrator's duties, including, but not limited to, customer, account, and energy use data. The

New matter indicated by italics - deletions by strikeout
electric utility shall permit the program administrator to include inserts in residential customer bills 2 times per year to assist with customer outreach and enrollment.

The program administrator shall submit an annual report to the electric utility no later than April 1 of each year describing the operation and results of the program, including information concerning the number and types of customers using real-time pricing, changes in customers' energy use patterns, an assessment of the value of the program to both participants and non-participants, and recommendations concerning modification of the program and the tariff or tariffs filed under subsection (b-5). This report shall be filed by the electric utility with the Commission within 30 days of receipt and shall be available to the public on the Commission's web site.

(b-20) The Commission shall monitor the performance of programs established pursuant to subsection (b-15) and shall order the termination or modification of a program if it determines that the program is not, after a reasonable period of time for development not to exceed 4 years, resulting in net benefits to the residential customers of the electric utility.

(b-25) An electric utility shall be entitled to recover reasonable costs incurred in complying with this Section, provided that recovery of the costs is fairly apportioned among its residential customers as provided in this subsection (b-25). The electric utility may apportion greater costs on the residential customers who elect real-time pricing, but may also impose some of the costs of real-time pricing on customers who do not elect real-time pricing, provided that the Commission determines that the cost savings resulting from real-time pricing will exceed the costs imposed on customers for maintaining the program.

(c) The electric utility's tariff or tariffs filed pursuant to this Section shall be subject to Article IX.

(d) This Section does not apply to any electric utility providing service to 100,000 or fewer customers.

Sec. 16-107.5. Net electricity metering.

(a) The Legislature finds and declares that a program to provide net electricity metering, as defined in this Section, for eligible customers can encourage private investment in renewable energy resources, stimulate
economic growth, enhance the continued diversification of Illinois' energy resource mix, and protect the Illinois environment.

(b) As used in this Section, (i) "community renewable generation project" shall have the meaning set forth in Section 1-10 of the Illinois Power Agency Act; (ii) "eligible customer" means a retail customer that owns or operates a solar, wind, or other eligible renewable electrical generating facility with a rated capacity of not more than 2,000 kilowatts that is located on the customer's premises and is intended primarily to offset the customer's own electrical requirements; (iii) (iii) "electricity provider" means an electric utility or alternative retail electric supplier; (iv) (iii) "eligible renewable electrical generating facility" means a generator that is interconnected under rules adopted by the Commission and is powered by solar electric energy, wind, dedicated crops grown for electricity generation, agricultural residues, untreated and unadulterated wood waste, landscape trimmings, livestock manure, anaerobic digestion of livestock or food processing waste, fuel cells or microturbines powered by renewable fuels, or hydroelectric energy; (v) and (iv) "net electricity metering" (or "net metering") means the measurement, during the billing period applicable to an eligible customer, of the net amount of electricity supplied by an electricity provider to the customer's premises or provided to the electricity provider by the customer or subscriber; (vi) "subscriber" shall have the meaning as set forth in Section 1-10 of the Illinois Power Agency Act; and (vii) "subscription" shall have the meaning set forth in Section 1-10 of the Illinois Power Agency Act.

(c) A net metering facility shall be equipped with metering equipment that can measure the flow of electricity in both directions at the same rate.

(1) For eligible customers whose electric service has not been declared competitive pursuant to Section 16-113 of this Act as of July 1, 2011 and whose electric delivery service is provided and measured on a kilowatt-hour basis and electric supply service is not provided based on hourly pricing, this shall typically be accomplished through use of a single, bi-directional meter. If the eligible customer's existing electric revenue meter does not meet this requirement, the electricity provider shall arrange for the local electric utility or a meter service provider to install and maintain a new revenue meter at the electricity provider's expense, which may be the smart meter described by subsection (b) of Section 16-108.5 of this Act.
(2) For eligible customers whose electric service has not been declared competitive pursuant to Section 16-113 of this Act as of July 1, 2011 and whose electric delivery service is provided and measured on a kilowatt demand basis and electric supply service is not provided based on hourly pricing, this shall typically be accomplished through use of a dual channel meter capable of measuring the flow of electricity both into and out of the customer's facility at the same rate and ratio. If such customer's existing electric revenue meter does not meet this requirement, then the electricity provider shall arrange for the local electric utility or a meter service provider to install and maintain a new revenue meter at the electricity provider's expense, which may be the smart meter described by subsection (b) of Section 16-108.5 of this Act.

(3) For all other eligible customers, until such time as the local electric utility installs a smart meter, as described by subsection (b) of Section 16-108.5 of this Act, the electricity provider may arrange for the local electric utility or a meter service provider to install and maintain metering equipment capable of measuring the flow of electricity both into and out of the customer's facility at the same rate and ratio, typically through the use of a dual channel meter. If the eligible customer's existing electric revenue meter does not meet this requirement, then the costs of installing such equipment shall be paid for by the customer.

d) An electricity provider shall measure and charge or credit for the net electricity supplied to eligible customers or provided by eligible customers whose electric service has not been declared competitive pursuant to Section 16-113 of this Act as of July 1, 2011 and whose electric delivery service is provided and measured on a kilowatt-hour basis and electric supply service is not provided based on hourly pricing in the following manner:

(1) If the amount of electricity used by the customer during the billing period exceeds the amount of electricity produced by the customer, the electricity provider shall charge the customer for the net electricity supplied to and used by the customer as provided in subsection (e-5) of this Section.

(2) If the amount of electricity produced by a customer during the billing period exceeds the amount of electricity used by

New matter indicated by italics - deletions by strikeout
the customer during that billing period, the electricity provider supplying that customer shall apply a 1:1 kilowatt-hour credit to a subsequent bill for service to the customer for the net electricity supplied to the electricity provider. The electricity provider shall continue to carry over any excess kilowatt-hour credits earned and apply those credits to subsequent billing periods to offset any customer-generator consumption in those billing periods until all credits are used or until the end of the annualized period.

(3) At the end of the year or annualized over the period that service is supplied by means of net metering, or in the event that the retail customer terminates service with the electricity provider prior to the end of the year or the annualized period, any remaining credits in the customer's account shall expire.

(d-5) An electricity provider shall measure and charge or credit for the net electricity supplied to eligible customers or provided by eligible customers whose electric service has not been declared competitive pursuant to Section 16-113 of this Act as of July 1, 2011 and whose electric delivery service is provided and measured on a kilowatt-hour basis and electric supply service is provided based on hourly pricing in the following manner:

(1) If the amount of electricity used by the customer during any hourly period exceeds the amount of electricity produced by the customer, the electricity provider shall charge the customer for the net electricity supplied to and used by the customer according to the terms of the contract or tariff to which the same customer would be assigned to or be eligible for if the customer was not a net metering customer.

(2) If the amount of electricity produced by a customer during any hourly period exceeds the amount of electricity used by the customer during that hourly period, the energy provider shall apply a credit for the net kilowatt-hours produced in such period. The credit shall consist of an energy credit and a delivery service credit. The energy credit shall be valued at the same price per kilowatt-hour as the electric service provider would charge for kilowatt-hour energy sales during that same hourly period. The delivery credit shall be equal to the net kilowatt-hours produced in such hourly period times a credit that reflects all kilowatt-hour based charges in the customer's electric service rate, excluding energy charges.
(e) An electricity provider shall measure and charge or credit for the net electricity supplied to eligible customers whose electric service has not been declared competitive pursuant to Section 16-113 of this Act as of July 1, 2011 and whose electric delivery service is provided and measured on a kilowatt demand basis and electric supply service is not provided based on hourly pricing in the following manner:

(1) If the amount of electricity used by the customer during the billing period exceeds the amount of electricity produced by the customer, then the electricity provider shall charge the customer for the net electricity supplied to and used by the customer as provided in subsection (e-5) of this Section. The customer shall remain responsible for all taxes, fees, and utility delivery charges that would otherwise be applicable to the net amount of electricity used by the customer.

(2) If the amount of electricity produced by a customer during the billing period exceeds the amount of electricity used by the customer during that billing period, then the electricity provider supplying that customer shall apply a 1:1 kilowatt-hour credit that reflects the kilowatt-hour based charges in the customer's electric service rate to a subsequent bill for service to the customer for the net electricity supplied to the electricity provider. The electricity provider shall continue to carry over any excess kilowatt-hour credits earned and apply those credits to subsequent billing periods to offset any customer-generator consumption in those billing periods until all credits are used or until the end of the annualized period.

(3) At the end of the year or annualized over the period that service is supplied by means of net metering, or in the event that the retail customer terminates service with the electricity provider prior to the end of the year or the annualized period, any remaining credits in the customer's account shall expire.

(e-5) An electricity provider shall provide electric service to eligible customers who utilize net metering at non-discriminatory rates that are identical, with respect to rate structure, retail rate components, and any monthly charges, to the rates that the customer would be charged if not a net metering customer. An electricity provider shall not charge net metering customers any fee or charge or require additional equipment, insurance, or any other requirements not specifically authorized by interconnection standards authorized by the Commission, unless the fee,
charge, or other requirement would apply to other similarly situated customers who are not net metering customers. The customer will remain responsible for all taxes, fees, and utility delivery charges that would otherwise be applicable to the net amount of electricity used by the customer. Subsections (c) through (e) of this Section shall not be construed to prevent an arms-length agreement between an electricity provider and an eligible customer that sets forth different prices, terms, and conditions for the provision of net metering service, including, but not limited to, the provision of the appropriate metering equipment for non-residential customers.

(f) Notwithstanding the requirements of subsections (c) through (e-5) of this Section, an electricity provider must require dual-channel metering for customers operating eligible renewable electrical generating facilities with a nameplate rating up to 2,000 kilowatts and to whom the provisions of neither subsection (d), (d-5), nor (e) of this Section apply. In such cases, electricity charges and credits shall be determined as follows:

(1) The electricity provider shall assess and the customer remains responsible for all taxes, fees, and utility delivery charges that would otherwise be applicable to the gross amount of kilowatt-hours supplied to the eligible customer by the electricity provider.

(2) Each month that service is supplied by means of dual-channel metering, the electricity provider shall compensate the eligible customer for any excess kilowatt-hour credits at the electricity provider's avoided cost of electricity supply over the monthly period or as otherwise specified by the terms of a power-purchase agreement negotiated between the customer and electricity provider.

(3) For all eligible net metering customers taking service from an electricity provider under contracts or tariffs employing hourly or time of use rates, any monthly consumption of electricity shall be calculated according to the terms of the contract or tariff to which the same customer would be assigned to or be eligible for if the customer was not a net metering customer. When those same customer-generators are net generators during any discrete hourly or time of use period, the net kilowatt-hours produced shall be valued at the same price per kilowatt-hour as the electric service provider would charge for retail kilowatt-hour sales during that same time of use period.

New matter indicated by italics - deletions by strikeout
(g) For purposes of federal and State laws providing renewable energy credits or greenhouse gas credits, the eligible customer shall be treated as owning and having title to the renewable energy attributes, renewable energy credits, and greenhouse gas emission credits related to any electricity produced by the qualified generating unit. The electricity provider may not condition participation in a net metering program on the signing over of a customer's renewable energy credits; provided, however, this subsection (g) shall not be construed to prevent an arms-length agreement between an electricity provider and an eligible customer that sets forth the ownership or title of the credits.

(h) Within 120 days after the effective date of this amendatory Act of the 95th General Assembly, the Commission shall establish standards for net metering and, if the Commission has not already acted on its own initiative, standards for the interconnection of eligible renewable generating equipment to the utility system. The interconnection standards shall address any procedural barriers, delays, and administrative costs associated with the interconnection of customer-generation while ensuring the safety and reliability of the units and the electric utility system. The Commission shall consider the Institute of Electrical and Electronics Engineers (IEEE) Standard 1547 and the issues of (i) reasonable and fair fees and costs, (ii) clear timelines for major milestones in the interconnection process, (iii) nondiscriminatory terms of agreement, and (iv) any best practices for interconnection of distributed generation.

(i) All electricity providers shall begin to offer net metering no later than April 1, 2008.

(j) An electricity provider shall provide net metering to eligible customers until the load of its net metering customers equals 5% of the total peak demand supplied by that electricity provider during the previous year. After such time as the load of the electricity provider's net metering customers equals 5% of the total peak demand supplied by that electricity provider during the previous year, eligible customers that begin taking net metering shall only be eligible for netting of energy. Electricity providers are authorized to offer net metering beyond the 5% level if they so choose.

(k) Each electricity provider shall maintain records and report annually to the Commission the total number of net metering customers served by the provider, as well as the type, capacity, and energy sources of the generating systems used by the net metering customers. Nothing in this Section shall limit the ability of an electricity provider to request the redaction of information deemed by the Commission to be confidential.
business information. Each electricity provider shall notify the Commission when the total generating capacity of its net metering customers is equal to or in excess of the 5% cap specified in subsection (j) of this Section.

(l)(1) Notwithstanding the definition of "eligible customer" in item (ii) of subsection (b) of this Section, each electricity provider shall consider whether to allow meter aggregation for the purposes of net metering as set forth in this subsection (l) and for the following projects on:

(A) properties owned or leased by multiple customers that contribute to the operation of an eligible renewable electrical generating facility through an ownership or leasehold interest of at least 200 watts in such facility, such as a community-owned wind project, a community-owned biomass project, a community-owned solar project, or a community methane digester processing livestock waste from multiple sources, provided that the facility is also located within the utility's service territory; and

(B) individual units, apartments, or properties located in a single building that are owned or leased by multiple customers and collectively served by a common eligible renewable electrical generating facility, such as an office or apartment building, a shopping center or strip mall served by photovoltaic panels on the roof; and

(C) subscriptions to community renewable generation projects.

In addition, the nameplate capacity of the eligible renewable electric generating facility that serves the demand of the properties, units, or apartments identified in paragraphs (1) and (2) of this subsection (l) shall not exceed 2,000 kilowatts in nameplate capacity in total. Any eligible renewable electrical generating facility or community renewable generation project that is powered by photovoltaic electric energy and installed after the effective date of this amendatory Act of the 99th General Assembly must be installed by a qualified person in compliance with the requirements of Section 16-128A of the Public Utilities Act and any rules or regulations adopted thereunder.

New matter indicated by italics - deletions by strikeout
(2) Notwithstanding anything to the contrary, an electricity provider shall provide credits for the electricity produced by the projects described in paragraph (1) of this subsection (l). The electricity provider shall provide credits at the subscriber's energy supply rate on the subscriber's monthly bill equal to the subscriber's share of the production of electricity from the project, as determined by paragraph (3) of this subsection (l).

(3) For the purposes of facilitating net metering, the owner or operator of the eligible renewable electrical generating facility or community renewable generation project shall be responsible for determining the amount of the credit that each customer or subscriber participating in a project under this subsection (l) is to receive in the following manner: this subsection (l), "meter aggregation" means the combination of reading and billing on a pro rata basis for the types of eligible customers described in this Section.

(A) The owner or operator shall, on a monthly basis, provide to the electric utility the kilowatthours of generation attributable to each of the utility's retail customers and subscribers participating in projects under this subsection (l) in accordance with the customer's or subscriber's share of the eligible renewable electric generating facility's or community renewable generation project's output of power and energy for such month. The owner or operator shall electronically transmit such calculations and associated documentation to the electric utility, in a format or method set forth in the applicable tariff, on a monthly basis so that the electric utility can reflect the monetary credits on customers' and subscribers' electric utility bills. The electric utility shall be permitted to revise its tariffs to implement the provisions of this amendatory Act of the 99th General Assembly. The owner or operator shall separately provide the electric utility with the documentation detailing the calculations supporting the credit in the manner set forth in the applicable tariff.

(B) For those participating customers and subscribers who receive their energy supply from an alternative retail electric supplier, the electric utility shall remit to the applicable alternative retail electric supplier

New matter indicated by italics - deletions by strikeout
the information provided under subparagraph (A) of this paragraph (3) for such customers and subscribers in a manner set forth in such alternative retail electric supplier's net metering program, or as otherwise agreed between the utility and the alternative retail electric supplier. The alternative retail electric supplier shall then submit to the utility the amount of the charges for power and energy to be applied to such customers and subscribers, including the amount of the credit associated with net metering.

(C) A participating customer or subscriber may provide authorization as required by applicable law that directs the electric utility to submit information to the owner or operator of the eligible renewable electrical generating facility or community renewable generation project to which the customer or subscriber has an ownership or leasehold interest or a subscription. Such information shall be limited to the components of the net metering credit calculated under this subsection (l), including the bill credit rate, total kilowatthours, and total monetary credit value applied to the customer's or subscriber's bill for the monthly billing period.

(l-5) Within 90 days after the effective date of this amendatory Act of the 99th General Assembly, each electric utility subject to this Section shall file a tariff to implement the provisions of subsection (l) of this Section, which shall, consistent with the provisions of subsection (l), describe the terms and conditions under which owners or operators of qualifying properties, units, or apartments may participate in net metering. The Commission shall approve, or approve with modification, the tariff within 120 days after the effective date of this amendatory Act of the 99th General Assembly.

(m) Nothing in this Section shall affect the right of an electricity provider to continue to provide, or the right of a retail customer to continue to receive service pursuant to a contract for electric service between the electricity provider and the retail customer in accordance with the prices, terms, and conditions provided for in that contract. Either the electricity provider or the customer may require compliance with the prices, terms, and conditions of the contract.
(n) At such time, if any, that the load of the electricity provider's net metering customers equals 5% of the total peak demand supplied by that electricity provider during the previous year, as specified in subsection (j) of this Section, the net metering services described in subsections (d), (d-5), (e), (e-5), and (f) of this Section shall no longer be offered, except as to those retail customers that are receiving net metering service under these subsections at the time the net metering services under those subsections are no longer offered. Those retail customers that begin taking net metering service after the date that net metering services are no longer offered under such subsections shall be subject to the provisions set forth in the following paragraphs (1) through (3) of this subsection (n):

(1) An electricity provider shall charge or credit for the net electricity supplied to eligible customers or provided by eligible customers whose electric supply service is not provided based on hourly pricing in the following manner:

(A) If the amount of electricity used by the customer during the billing period exceeds the amount of electricity produced by the customer, then the electricity provider shall charge the customer for the net kilowatt-hour based electricity charges reflected in the customer's electric service rate supplied to and used by the customer as provided in paragraph (3) of this subsection (n).

(B) If the amount of electricity produced by a customer during the billing period exceeds the amount of electricity used by the customer during that billing period, then the electricity provider supplying that customer shall apply a 1:1 kilowatt-hour energy credit that reflects the kilowatt-hour based energy charges in the customer's electric service rate to a subsequent bill for service to the customer for the net electricity supplied to the electricity provider. The electricity provider shall continue to carry over any excess kilowatt-hour energy credits earned and apply those credits to subsequent billing periods to offset any customer-generator consumption in those billing periods until all credits are used or until the end of the annualized period.

(C) At the end of the year or annualized over the period that service is supplied by means of net metering, or in the event that the retail customer terminates service with
the electricity provider prior to the end of the year or the annualized period, any remaining credits in the customer's account shall expire.

(2) An electricity provider shall charge or credit for the net electricity supplied to eligible customers or provided by eligible customers whose electric supply service is provided based on hourly pricing in the following manner:

(A) If the amount of electricity used by the customer during any hourly period exceeds the amount of electricity produced by the customer, then the electricity provider shall charge the customer for the net electricity supplied to and used by the customer as provided in paragraph (3) of this subsection (n).

(B) If the amount of electricity produced by a customer during any hourly period exceeds the amount of electricity used by the customer during that hourly period, the energy provider shall calculate an energy credit for the net kilowatt-hours produced in such period. The value of the energy credit shall be calculated using the same price per kilowatt-hour as the electric service provider would charge for kilowatt-hour energy sales during that same hourly period.

(3) An electricity provider shall provide electric service to eligible customers who utilize net metering at non-discriminatory rates that are identical, with respect to rate structure, retail rate components, and any monthly charges, to the rates that the customer would be charged if not a net metering customer. An electricity provider shall charge the customer for the net electricity supplied to and used by the customer according to the terms of the contract or tariff to which the same customer would be assigned or be eligible for if the customer was not a net metering customer. An electricity provider shall not charge net metering customers any fee or charge or require additional equipment, insurance, or any other requirements not specifically authorized by interconnection standards authorized by the Commission, unless the fee, charge, or other requirement would apply to other similarly situated customers who are not net metering customers. The charge or credit that the customer receives for net electricity shall be at a rate equal to the customer's energy supply rate. The customer

New matter indicated by italics - deletions by strikeout
remains responsible for the gross amount of delivery services charges, supply-related charges that are kilowatt based, and all taxes and fees related to such charges. The customer also remains responsible for all taxes and fees that would otherwise be applicable to the net amount of electricity used by the customer. Paragraphs (1) and (2) of this subsection (n) shall not be construed to prevent an arms-length agreement between an electricity provider and an eligible customer that sets forth different prices, terms, and conditions for the provision of net metering service, including, but not limited to, the provision of the appropriate metering equipment for non-residential customers. Nothing in this paragraph (3) shall be interpreted to mandate that a utility that is only required to provide delivery services to a given customer must also sell electricity to such customer.

Sec. 16-107.6. Distributed generation rebate.
(a) In this Section:
"Smart inverter" means a device that converts direct current into alternating current and can autonomously contribute to grid support during excursions from normal operating voltage and frequency conditions by providing each of the following: dynamic reactive and real power support, voltage and frequency ride-through, ramp rate controls, communication systems with ability to accept external commands, and other functions from the electric utility.
"Subscriber" has the meaning set forth in Section 1-10 of the Illinois Power Agency Act.
"Subscription" has the meaning set forth in Section 1-10 of the Illinois Power Agency Act.
"Threshold date" means the date on which the load of an electricity provider's net metering customers equals 5% of the total peak demand supplied by that electricity provider during the previous year, as specified under subsection (f) of Section 16-107.5 of this Act.
(b) An electric utility that serves more than 200,000 customers in the State shall file a petition with the Commission requesting approval of the utility's tariff to provide a rebate to a retail customer who owns or operates distributed generation that meets the following criteria:

New matter indicated by italics - deletions by strikeout
(1) has a nameplate generating capacity no greater than 2,000 kilowatts and is primarily used to offset that customer's electricity load;

(2) is located on the customer's premises, for the customer's own use, and not for commercial use or sales, including, but not limited to, wholesale sales of electric power and energy;

(3) is located in the electric utility's service territory; and

(4) is interconnected under rules adopted by the Commission by means of the inverter or smart inverter required by this Section, as applicable.

For purposes of this Section, "distributed generation" shall satisfy the definition of distributed renewable energy generation device set forth in Section 1-10 of the Illinois Power Agency Act to the extent such definition is consistent with the requirements of this Section.

In addition, any new photovoltaic distributed generation that is installed after the effective date of this amendatory Act of the 99th General Assembly must be installed by a qualified person, as defined by subsection (i) of Section 1-56 of the Illinois Power Agency Act.

The tariff shall provide that the utility shall be permitted to operate and control the smart inverter associated with the distributed generation that is the subject of the rebate for the purpose of preserving reliability during distribution system reliability events and shall address the terms and conditions of the operation and the compensation associated with the operation. Nothing in this Section shall negate or supersede Institute of Electrical and Electronics Engineers interconnection requirements or standards or other similar standards or requirements. The tariff shall also provide for additional uses of the smart inverter that shall be separately compensated and which may include, but are not limited to, voltage and VAR support, regulation, and other grid services. As part of the proceeding described in subsection (e) of this Section, the Commission shall review and determine whether smart inverters can provide any additional uses or services. If the Commission determines that an additional use or service would be beneficial, the Commission shall determine the terms and conditions of the operation and how the use or service should be separately compensated.

(c) The proposed tariff authorized by subsection (b) of this Section shall include the following participation terms and formulae to calculate the value of the rebates to be applied under this Section for distributed

New matter indicated by italics - deletions by strikeout
generation that satisfies the criteria set forth in subsection (b) of this Section:

(1) Until the utility files its tariff or tariffs to place into effect the rebate values established by the Commission under subsection (e) of this Section, non-residential customers that are taking service under a net metering program offered by an electricity provider under the terms of Section 16-107.5 of this Act may apply for a rebate as provided for in this Section. The value of the rebate shall be $250 per kilowatt of nameplate generating capacity, measured as nominal DC power output, of a non-residential customer's distributed generation.

(2) After the utility's tariff or tariffs setting the new rebate values established under subsection (d) of this Section take effect, retail customers may, as applicable, make the following elections:

(A) Residential customers that are taking service under a net metering program offered by an electricity provider under the terms of Section 16-107.5 of this Act on the threshold date may elect to either continue to take such service under the terms of such program as in effect on such threshold date for the useful life of the customer's eligible renewable electric generating facility as defined in such Section, or file an application to receive a rebate under the terms of this Section, provided that such application must be submitted within 6 months after the effective date of the tariff approved under subsection (d) of this Section. The value of the rebate shall be the amount established by the Commission and reflected in the utility's tariff pursuant to subsection (e) of this Section.

(B) Non-residential customers that are taking service under a net metering program offered by an electricity provider under the terms of Section 16-107.5 of this Act on the threshold date may apply for a rebate as provided for in this Section. The value of the rebate shall be the amount established by the Commission and reflected in the utility's tariff pursuant to subsection (e) of this Section.

(3) Upon approval of a rebate application submitted under this subsection (c), the retail customer shall no longer be entitled to receive any delivery service credits for the excess electricity

New matter indicated by italics - deletions by strikeout
generated by its facility and shall be subject to the provisions of subsection (n) of Section 16-107.5 of this Act.

(4) To be eligible for a rebate described in this subsection (c), customers who begin taking service after the effective date of this amendatory Act of the 99th General Assembly under a net metering program offered by an electricity provider under the terms of Section 16-107.5 of this Act must have a smart inverter associated with the customer's distributed generation.

(d) The Commission shall review the proposed tariff submitted under subsections (b) and (c) of this Section and may make changes to the tariff that are consistent with this Section and with the Commission's authority under Article IX of this Act, subject to notice and hearing. Following notice and hearing, the Commission shall issue an order approving, or approving with modification, such tariff no later than 240 days after the utility files its tariff.

(e) When the total generating capacity of the electricity provider’s net metering customers is equal to 3%, the Commission shall open an investigation into an annual process and formula for calculating the value of rebates for the retail customers described in subsections (b) and (f) of this Section that submit rebate applications after the threshold date for an electric utility that elected to file a tariff pursuant to this Section. The investigation shall include diverse sets of stakeholders, calculations for valuing distributed energy resource benefits to the grid based on best practices, and assessments of present and future technological capabilities of distributed energy resources. The value of such rebates shall reflect the value of the distributed generation to the distribution system at the location at which it is interconnected, taking into account the geographic, time-based, and performance-based benefits, as well as technological capabilities and present and future grid needs. No later than 10 days after the Commission enters its final order under this subsection (e), the utility shall file its tariff or tariffs in compliance with the order, and the Commission shall approve, or approve with modification, the tariff or tariffs within 45 days after the utility's filing. For those rebate applications filed after the threshold date but before the utility's tariff or tariffs filed pursuant to this subsection (e) take effect, the value of the rebate shall remain at the value established in subsection (c) of this Section until the tariff is approved.

(f) Notwithstanding any provision of this Act to the contrary, the owner, developer, or subscriber of a generation facility that is part of a
net metering program provided under subsection (l) of Section 16-107.5 shall also be eligible to apply for the rebate described in this Section. A subscriber to the generation facility may apply for a rebate in the amount of the subscriber's subscription only if the owner, developer, or previous subscriber to the same panel or panels has not already submitted an application, and, regardless of whether the subscriber is a residential or non-residential customer, may be allowed the amount identified in paragraph (1) of subsection (c) or in subsection (e) of this Section applicable to such customer on the date that the application is submitted. An application for a rebate for a portion of a project described in this subsection (f) may be submitted at or after the time that a related request for net metering is made.

(g) No later than 60 days after the utility receives an application for a rebate under its tariff approved under subsection (d) or (e) of this Section, the utility shall issue a rebate to the applicant under the terms of the tariff. In the event the application is incomplete or the utility is otherwise unable to calculate the payment based on the information provided by the owner, the utility shall issue the payment no later than 60 days after the application is complete or all requested information is received.

(h) An electric utility shall recover from its retail customers all of the costs of the rebates made under a tariff or tariffs placed into effect under this Section, including, but not limited to, the value of the rebates and all costs incurred by the utility to comply with and implement this Section, consistent with the following provisions:

(1) The utility shall defer the full amount of its costs incurred under this Section as a regulatory asset. The total costs deferred as a regulatory asset shall be amortized over a 15-year period. The unamortized balance shall be recognized as of December 31 for a given year. The utility shall also earn a return on the total of the unamortized balance of the regulatory assets, less any deferred taxes related to the unamortized balance, at an annual rate equal to the utility's weighted average cost of capital that includes, based on a year-end capital structure, the utility's actual cost of debt for the applicable calendar year and a cost of equity, which shall be calculated as the sum of (i) the average for the applicable calendar year of the monthly average yields of 30-year U.S. Treasury bonds published by the Board of Governors of the Federal Reserve System in its weekly H.15 Statistical Release
or successor publication; and (ii) 580 basis points, including a revenue conversion factor calculated to recover or refund all additional income taxes that may be payable or receivable as a result of that return.

When an electric utility creates a regulatory asset under the provisions of this Section, the costs are recovered over a period during which customers also receive a benefit, which is in the public interest. Accordingly, it is the intent of the General Assembly that an electric utility that elects to create a regulatory asset under the provisions of this Section shall recover all of the associated costs, including, but not limited to, its cost of capital as set forth in this Section. After the Commission has approved the prudence and reasonableness of the costs that comprise the regulatory asset, the electric utility shall be permitted to recover all such costs, and the value and recoverability through rates of the associated regulatory asset shall not be limited, altered, impaired, or reduced. To enable the financing of the incremental capital expenditures, including regulatory assets, for electric utilities that serve less than 3,000,000 retail customers but more than 500,000 retail customers in the State, the utility's actual year-end capital structure that includes a common equity ratio, excluding goodwill, of up to and including 50% of the total capital structure shall be deemed reasonable and used to set rates.

(2) The utility, at its election, may recover all of the costs it incurs under this Section as part of a filing for a general increase in rates under Article IX of this Act, as part of an annual filing to update a performance-based formula rate under subsection (d) of Section 16-108.5 of this Act, or through an automatic adjustment clause tariff, provided that nothing in this paragraph (2) permits the double recovery of such costs from customers. If the utility elects to recover the costs it incurs under this Section through an automatic adjustment clause tariff, the utility may file its proposed tariff together with the tariff it files under subsection (b) of this Section or at a later time. The proposed tariff shall provide for an annual reconciliation, less any deferred taxes related to the reconciliation, with interest at an annual rate of return equal to the utility's weighted average cost of capital as calculated under paragraph (1) of this subsection (h), including a revenue conversion factor calculated to recover or refund all additional

New matter indicated by italics - deletions by strikeout
income taxes that may be payable or receivable as a result of that return, of the revenue requirement reflected in rates for each calendar year, beginning with the calendar year in which the utility files its automatic adjustment clause tariff under this subsection (h), with what the revenue requirement would have been had the actual cost information for the applicable calendar year been available at the filing date. The Commission shall review the proposed tariff and may make changes to the tariff that are consistent with this Section and with the Commission's authority under Article IX of this Act, subject to notice and hearing. Following notice and hearing, the Commission shall issue an order approving, or approving with modification, such tariff no later than 240 days after the utility files its tariff.

(i) No later than 90 days after the Commission enters an order, or order on rehearing, whichever is later, approving an electric utility's proposed tariff under subsection (d) of this Section, the electric utility shall provide notice of the availability of rebates under this Section. Subsequent to the utility's notice, any entity that offers in the State, for sale or lease, distributed generation and estimates the dollar saving attributable to such distributed generation shall provide estimates based on both delivery service credits and the rebates available under this Section.

(220 ILCS 5/16-108)
Sec. 16-108. Recovery of costs associated with the provision of delivery and other services.

(a) An electric utility shall file a delivery services tariff with the Commission at least 210 days prior to the date that it is required to begin offering such services pursuant to this Act. An electric utility shall provide the components of delivery services that are subject to the jurisdiction of the Federal Energy Regulatory Commission at the same prices, terms and conditions set forth in its applicable tariff as approved or allowed into effect by that Commission. The Commission shall otherwise have the authority pursuant to Article IX to review, approve, and modify the prices, terms and conditions of those components of delivery services not subject to the jurisdiction of the Federal Energy Regulatory Commission, including the authority to determine the extent to which such delivery services should be offered on an unbundled basis. In making any such determination the Commission shall consider, at a minimum, the effect of additional unbundling on (i) the objective of just and reasonable rates, (ii)
electric utility employees, and (iii) the development of competitive markets for electric energy services in Illinois.

(b) The Commission shall enter an order approving, or approving as modified, the delivery services tariff no later than 30 days prior to the date on which the electric utility must commence offering such services. The Commission may subsequently modify such tariff pursuant to this Act.

(c) The electric utility's tariffs shall define the classes of its customers for purposes of delivery services charges. Delivery services shall be priced and made available to all retail customers electing delivery services in each such class on a nondiscriminatory basis regardless of whether the retail customer chooses the electric utility, an affiliate of the electric utility, or another entity as its supplier of electric power and energy. Charges for delivery services shall be cost based, and shall allow the electric utility to recover the costs of providing delivery services through its charges to its delivery service customers that use the facilities and services associated with such costs. Such costs shall include the costs of owning, operating and maintaining transmission and distribution facilities. The Commission shall also be authorized to consider whether, and if so to what extent, the following costs are appropriately included in the electric utility's delivery services rates: (i) the costs of that portion of generation facilities used for the production and absorption of reactive power in order that retail customers located in the electric utility's service area can receive electric power and energy from suppliers other than the electric utility, and (ii) the costs associated with the use and redispach of generation facilities to mitigate constraints on the transmission or distribution system in order that retail customers located in the electric utility's service area can receive electric power and energy from suppliers other than the electric utility. Nothing in this subsection shall be construed as directing the Commission to allocate any of the costs described in (i) or (ii) that are found to be appropriately included in the electric utility's delivery services rates to any particular customer group or geographic area in setting delivery services rates.

(d) The Commission shall establish charges, terms and conditions for delivery services that are just and reasonable and shall take into account customer impacts when establishing such charges. In establishing charges, terms and conditions for delivery services, the Commission shall take into account voltage level differences. A retail customer shall have the option to request to purchase electric service at any delivery service

New matter indicated by italics - deletions by strikeout
voltage reasonably and technically feasible from the electric facilities
serving that customer's premises provided that there are no significant
adverse impacts upon system reliability or system efficiency. A retail
customer shall also have the option to request to purchase electric service
at any point of delivery that is reasonably and technically feasible provided
that there are no significant adverse impacts on system reliability or
efficiency. Such requests shall not be unreasonably denied.

(e) Electric utilities shall recover the costs of installing, operating
or maintaining facilities for the particular benefit of one or more delivery
services customers, including without limitation any costs incurred in
complying with a customer's request to be served at a different voltage
level, directly from the retail customer or customers for whose benefit the
costs were incurred, to the extent such costs are not recovered through the
charges referred to in subsections (c) and (d) of this Section.

(f) An electric utility shall be entitled but not required to
implement transition charges in conjunction with the offering of delivery
services pursuant to Section 16-104. If an electric utility implements
transition charges, it shall implement such charges for all delivery services
customers and for all customers described in subsection (h), but shall not
implement transition charges for power and energy that a retail customer
takes from cogeneration or self-generation facilities located on that retail
customer's premises, if such facilities meet the following criteria:

(i) the cogeneration or self-generation facilities serve a
single retail customer and are located on that retail customer's
premises (for purposes of this subparagraph and subparagraph (ii),
an industrial or manufacturing retail customer and a third party
contractor that is served by such industrial or manufacturing
customer through such retail customer's own electrical distribution
facilities under the circumstances described in subsection (vi) of
the definition of "alternative retail electric supplier" set forth in
Section 16-102, shall be considered a single retail customer);

(ii) the cogeneration or self-generation facilities either (A)
are sized pursuant to generally accepted engineering standards for
the retail customer's electrical load at that premises (taking into
account standby or other reliability considerations related to that
retail customer's operations at that site) or (B) if the facility is a
cogeneration facility located on the retail customer's premises, the
retail customer is the thermal host for that facility and the facility
has been designed to meet that retail customer's thermal energy

New matter indicated by italics - deletions by strikeout
requirements resulting in electrical output beyond that retail customer's electrical demand at that premises, comply with the operating and efficiency standards applicable to "qualifying facilities" specified in title 18 Code of Federal Regulations Section 292.205 as in effect on the effective date of this amendatory Act of 1999;

(iii) the retail customer on whose premises the facilities are located either has an exclusive right to receive, and corresponding obligation to pay for, all of the electrical capacity of the facility, or in the case of a cogeneration facility that has been designed to meet the retail customer's thermal energy requirements at that premises, an identified amount of the electrical capacity of the facility, over a minimum 5-year period; and

(iv) if the cogeneration facility is sized for the retail customer's thermal load at that premises but exceeds the electrical load, any sales of excess power or energy are made only at wholesale, are subject to the jurisdiction of the Federal Energy Regulatory Commission, and are not for the purpose of circumventing the provisions of this subsection (f).

If a generation facility located at a retail customer's premises does not meet the above criteria, an electric utility implementing transition charges shall implement a transition charge until December 31, 2006 for any power and energy taken by such retail customer from such facility as if such power and energy had been delivered by the electric utility. Provided, however, that an industrial retail customer that is taking power from a generation facility that does not meet the above criteria but that is located on such customer's premises will not be subject to a transition charge for the power and energy taken by such retail customer from such generation facility if the facility does not serve any other retail customer and either was installed on behalf of the customer and for its own use prior to January 1, 1997, or is both predominantly fueled by byproducts of such customer's manufacturing process at such premises and sells or offers an average of 300 megawatts or more of electricity produced from such generation facility into the wholesale market. Such charges shall be calculated as provided in Section 16-102, and shall be collected on each kilowatt-hour delivered under a delivery services tariff to a retail customer from the date the customer first takes delivery services until December 31, 2006 except as provided in subsection (h) of this Section. Provided, however, that an electric utility, other than an electric utility providing service to at least

**New matter indicated by italics - deletions by strikeout**
1,000,000 customers in this State on January 1, 1999, shall be entitled to petition for entry of an order by the Commission authorizing the electric utility to implement transition charges for an additional period ending no later than December 31, 2008. The electric utility shall file its petition with supporting evidence no earlier than 16 months, and no later than 12 months, prior to December 31, 2006. The Commission shall hold a hearing on the electric utility's petition and shall enter its order no later than 8 months after the petition is filed. The Commission shall determine whether and to what extent the electric utility shall be authorized to implement transition charges for an additional period. The Commission may authorize the electric utility to implement transition charges for some or all of the additional period, and shall determine the mitigation factors to be used in implementing such transition charges; provided, that the Commission shall not authorize mitigation factors less than 110% of those in effect during the 12 months ended December 31, 2006. In making its determination, the Commission shall consider the following factors: the necessity to implement transition charges for an additional period in order to maintain the financial integrity of the electric utility; the prudence of the electric utility's actions in reducing its costs since the effective date of this amendatory Act of 1997; the ability of the electric utility to provide safe, adequate and reliable service to retail customers in its service area; and the impact on competition of allowing the electric utility to implement transition charges for the additional period.

(g) The electric utility shall file tariffs that establish the transition charges to be paid by each class of customers to the electric utility in conjunction with the provision of delivery services. The electric utility's tariffs shall define the classes of its customers for purposes of calculating transition charges. The electric utility's tariffs shall provide for the calculation of transition charges on a customer-specific basis for any retail customer whose average monthly maximum electrical demand on the electric utility's system during the 6 months with the customer's highest monthly maximum electrical demand equals or exceeds 3.0 megawatts for electric utilities having more than 1,000,000 customers, and for other electric utilities for any customer that has an average monthly maximum electrical demand on the electric utility's system of one megawatt or more, and (A) for which there exists data on the customer's usage during the 3 years preceding the date that the customer became eligible to take delivery services, or (B) for which there does not exist data on the customer's usage during the 3 years preceding the date that the customer became eligible to

New matter indicated by italics - deletions by strikeout
take delivery services, if in the electric utility's reasonable judgment there exists comparable usage information or a sufficient basis to develop such information, and further provided that the electric utility can require customers for which an individual calculation is made to sign contracts that set forth the transition charges to be paid by the customer to the electric utility pursuant to the tariff.

(h) An electric utility shall also be entitled to file tariffs that allow it to collect transition charges from retail customers in the electric utility's service area that do not take delivery services but that take electric power or energy from an alternative retail electric supplier or from an electric utility other than the electric utility in whose service area the customer is located. Such charges shall be calculated, in accordance with the definition of transition charges in Section 16-102, for the period of time that the customer would be obligated to pay transition charges if it were taking delivery services, except that no deduction for delivery services revenues shall be made in such calculation, and usage data from the customer's class shall be used where historical usage data is not available for the individual customer. The customer shall be obligated to pay such charges on a lump sum basis on or before the date on which the customer commences to take service from the alternative retail electric supplier or other electric utility, provided, that the electric utility in whose service area the customer is located shall offer the customer the option of signing a contract pursuant to which the customer pays such charges ratably over the period in which the charges would otherwise have applied.

(i) An electric utility shall be entitled to add to the bills of delivery services customers charges pursuant to Sections 9-221, 9-222 (except as provided in Section 9-222.1), and Section 16-114 of this Act, Section 5-5 of the Electricity Infrastructure Maintenance Fee Law, Section 6-5 of the Renewable Energy, Energy Efficiency, and Coal Resources Development Law of 1997, and Section 13 of the Energy Assistance Act.

(j) If a retail customer that obtains electric power and energy from cogeneration or self-generation facilities installed for its own use on or before January 1, 1997, subsequently takes service from an alternative retail electric supplier or an electric utility other than the electric utility in whose service area the customer is located for any portion of the customer's electric power and energy requirements formerly obtained from those facilities (including that amount purchased from the utility in lieu of such generation and not as standby power purchases, under a cogeneration displacement tariff in effect as of the effective date of this amendatory Act

New matter indicated by italics - deletions by strikeout
of 1997), the transition charges otherwise applicable pursuant to subsections (f), (g), or (h) of this Section shall not be applicable in any year to that portion of the customer's electric power and energy requirements formerly obtained from those facilities, provided, that for purposes of this subsection (j), such portion shall not exceed the average number of kilowatt-hours per year obtained from the cogeneration or self-generation facilities during the 3 years prior to the date on which the customer became eligible for delivery services, except as provided in subsection (f) of Section 16-110.

(k) The electric utility shall be entitled to recover through tariffed charges all of the costs associated with the purchase of zero emission credits from zero emission facilities to meet the requirements of subsection (d-5) of Section 1-75 of the Illinois Power Agency Act. Such costs shall include the costs of procuring the zero emission credits, as well as the reasonable costs that the utility incurs as part of the procurement processes and to implement and comply with plans and processes approved by the Commission under such subsection (d-5). The costs shall be allocated across all retail customers through a single, uniform cents per kilowatt-hour charge applicable to all retail customers, which shall appear as a separate line item on each customer's bill. Beginning June 1, 2017, the electric utility shall be entitled to recover through tariffed charges all of the costs associated with the purchase of renewable energy resources to meet the renewable energy resource standards of subsection (c) of Section 1-75 of the Illinois Power Agency Act, under procurement plans as approved in accordance with that Section and Section 16-111.5 of this Act. Such costs shall include the costs of procuring the renewable energy resources, as well as the reasonable costs that the utility incurs as part of the procurement processes and to implement and comply with plans and processes approved by the Commission under such Sections. The costs associated with the purchase of renewable energy resources shall be allocated across all retail customers in proportion to the amount of renewable energy resources the utility procures for such customers through a single, uniform cents per kilowatt-hour charge applicable to such retail customers, which shall appear as a separate line item on each such customer's bill.

Notwithstanding whether the Commission has approved the initial long-term renewable resources procurement plan as of June 1, 2017, an electric utility shall place new tariffed charges into effect beginning with the June 2017 monthly billing period, to the extent practicable, to begin

New matter indicated by italics - deletions by strikeout
recovering the costs of procuring renewable energy resources, as those charges are calculated under the limitations described in subparagraph (E) of paragraph (1) of subsection (c) of Section 1-75 of the Illinois Power Agency Act. Notwithstanding the date on which the utility places such new tariffed charges into effect, the utility shall be permitted to collect the charges under such tariff as if the tariff had been in effect beginning with the first day of the June 2017 monthly billing period. For the delivery years commencing June 1, 2017, June 1, 2018, and June 1, 2019, the electric utility shall deposit into a separate interest bearing account of a financial institution the monies collected under the tariffed charges. Any interest earned shall be credited back to retail customers under the reconciliation proceeding provided for in this subsection (k), provided that the electric utility shall first be reimbursed from the interest for the administrative costs that it incurs to administer and manage the account. Any taxes due on the funds in the account, or interest earned on it, will be paid from the account or, if insufficient monies are available in the account, from the monies collected under the tariffed charges to recover the costs of procuring renewable energy resources. Monies deposited in the account shall be subject to the review, reconciliation, and true-up process described in this subsection (k) that is applicable to the funds collected and costs incurred for the procurement of renewable energy resources.

The electric utility shall be entitled to recover all of the costs identified in this subsection (k) through automatic adjustment clause tariffs applicable to all of the utility’s retail customers that allow the electric utility to adjust its tariffed charges consistent with this subsection (k). The determination as to whether any excess funds were collected during a given delivery year for the purchase of renewable energy resources, and the crediting of any excess funds back to retail customers, shall not be made until after the close of the delivery year, which will ensure that the maximum amount of funds is available to implement the approved long-term renewable resources procurement plan during a given delivery year. The electric utility's collections under such automatic adjustment clause tariffs to recover the costs of renewable energy resources and zero emission credits from zero emission facilities shall be subject to separate annual review, reconciliation, and true-up against actual costs by the Commission under a procedure that shall be specified in the electric utility's automatic adjustment clause tariffs and that shall be approved by the Commission in connection with its approval of such

New matter indicated by italics - deletions by strikeout
tariffs. The procedure shall provide that any difference between the electric utility's collections under the automatic adjustment charges for an annual period and the electric utility's actual costs of renewable energy resources and zero emission credits from zero emission facilities for that same annual period shall be refunded to or collected from, as applicable, the electric utility's retail customers in subsequent periods.

Nothing in this subsection (k) is intended to affect, limit, or change the right of the electric utility to recover the costs associated with the procurement of renewable energy resources for periods commencing before, on, or after June 1, 2017, as otherwise provided in the Illinois Power Agency Act.

Notwithstanding anything to the contrary, the Commission shall not conduct an annual review, reconciliation, and true-up associated with renewable energy resources' collections and costs for the delivery years commencing June 1, 2017, June 1, 2018, June 1, 2019, and June 1, 2020, and shall instead conduct a single review, reconciliation, and true-up associated with renewable energy resources' collections and costs for the 4-year period beginning June 1, 2017 and ending May 31, 2021, provided that the review, reconciliation, and true-up shall not be initiated until after August 31, 2021. During the 4-year period, the utility shall be permitted to collect and retain funds under this subsection (k) and to purchase renewable energy resources under an approved long-term renewable resources procurement plan using those funds regardless of the delivery year in which the funds were collected during the 4-year period.

If the amount of funds collected during the delivery year commencing June 1, 2017, exceeds the costs incurred during that delivery year, then up to half of this excess amount, as calculated on June 1, 2018, may be used to fund the programs under subsection (b) of Section 1-56 of the Illinois Power Agency Act in the same proportion the programs are funded under that subsection (b). However, any amount identified under this subsection (k) to fund programs under subsection (b) of Section 1-56 of the Illinois Power Agency Act shall be reduced if it exceeds the funding shortfall. For purposes of this Section, "funding shortfall" means the difference between $200,000,000 and the amount appropriated by the General Assembly to the Illinois Power Agency Renewable Energy Resources Fund during the period that commences on the effective date of this amendatory act of the 99th General Assembly and ends on August 1, 2018.
If the amount of funds collected during the delivery year commencing June 1, 2018, exceeds the costs incurred during that delivery year, then up to half of this excess amount, as calculated on June 1, 2019, may be used to fund the programs under subsection (b) of Section 1-56 of the Illinois Power Agency Act in the same proportion the programs are funded under that subsection (b). However, any amount identified under this subsection (k) to fund programs under subsection (b) of Section 1-56 of the Illinois Power Agency Act shall be reduced if it exceeds the funding shortfall.

If the amount of funds collected during the delivery year commencing June 1, 2019, exceeds the costs incurred during that delivery year, then up to half of this excess amount, as calculated on June 1, 2020, may be used to fund the programs under subsection (b) of Section 1-56 of the Illinois Power Agency Act in the same proportion the programs are funded under that subsection (b). However, any amount identified under this subsection (k) to fund programs under subsection (b) of Section 1-56 of the Illinois Power Agency Act shall be reduced if it exceeds the funding shortfall.

The funding available under this subsection (k), if any, for the programs described under subsection (b) of Section 1-56 of the Illinois Power Agency Act shall not reduce the amount of funding for the programs described in subparagraph (O) of paragraph (1) of subsection (c) of Section 1-75 of the Illinois Power Agency Act. If funding is available under this subsection (k) for programs described under subsection (b) of Section 1-56 of the Illinois Power Agency Act, then the long-term renewable resources plan shall provide for the Agency to procure contracts in an amount that does not exceed the funding, and the contracts approved by the Commission shall be executed by the applicable utility or utilities.

(l) A utility that has terminated any contract executed under subsection (d-5) of Section 1-75 of the Illinois Power Agency Act shall be entitled to recover any remaining balance associated with the purchase of zero emission credits prior to such termination, and such utility shall also apply a credit to its retail customer bills in the event of any over-collection.

(m)(1) An electric utility that recovers its costs of procuring zero emission credits from zero emission facilities through a cents-per-kilowatthour charge under to subsection (k) of this Section shall be subject to the requirements of this subsection (m).

New matter indicated by italics - deletions by strikeout
Notwithstanding anything to the contrary, such electric utility shall, beginning on April 30, 2018, and each April 30 thereafter until April 30, 2026, calculate whether any reduction must be applied to such cents-per-kilowatthour charge that is paid by retail customers of the electric utility that are exempt from subsections (a) through (j) of Section 8-103B of this Act under subsection (l) of Section 8-103B. Such charge shall be reduced for such customers for the next delivery year commencing on June 1 based on the amount necessary, if any, to limit the annual estimated average net increase for the prior calendar year due to the future energy investment costs to no more than 1.3% of 5.98 cents per kilowatthour, which is the average amount paid per kilowatthour for electric service during the year ending December 31, 2015 by Illinois industrial retail customers, as reported to the Edison Electric Institute.

The calculations required by this subsection (m) shall be made only once for each year, and no subsequent rate impact determinations shall be made.

(2) For purposes of this Section, "future energy investment costs" shall be calculated by subtracting the cents-per-kilowatthour charge identified in subparagraph (A) of this paragraph (2) from the sum of the cents-per-kilowatthour charges identified in subparagraph (B) of this paragraph (2):

(A) The cents-per-kilowatthour charge identified in the electric utility’s tariff placed into effect under Section 8-103 of the Public Utilities Act that, on December 1, 2016, was applicable to those retail customers that are exempt from subsections (a) through (j) of Section 8-103B of this Act under subsection (l) of Section 8-103B.

(B) The sum of the following cents-per-kilowatthour charges applicable to those retail customers that are exempt from subsections (a) through (j) of Section 8-103B of this Act under subsection (l) of Section 8-103B, provided that if one or more of the following charges has been in effect and applied to such customers for more than one calendar year, then each charge shall be equal to the average of the charges applied over a period that commences with the calendar year ending December 31, 2017 and ends with the most recently completed calendar
year prior to the calculation required by this subsection (m):

(i) the cents-per-kilowatthour charge to recover the costs incurred by the utility under subsection (d-5) of Section 1-75 of the Illinois Power Agency Act, adjusted for any reductions required under this subsection (m); and

(ii) the cents-per-kilowatthour charge to recover the costs incurred by the utility under Section 16-107.6 of the Public Utilities Act.

If no charge was applied for a given calendar year under item (i) or (ii) of this subparagraph (B), then the value of the charge for that year shall be zero.

(3) If a reduction is required by the calculation performed under this subsection (m), then the amount of the reduction shall be multiplied by the number of years reflected in the averages calculated under subparagraph (B) of paragraph (2) of this subsection (m). Such reduction shall be applied to the cents-per-kilowatthour charge that is applicable to those retail customers that are exempt from subsections (a) through (j) of Section 8-103B of this Act under subsection (l) of Section 8-103B beginning with the next delivery year commencing after the date of the calculation required by this subsection (m).

(4) The electric utility shall file a notice with the Commission on May 1 of 2018 and each May 1 thereafter until May 1, 2026 containing the reduction, if any, which must be applied for the delivery year which begins in the year of the filing. The notice shall contain the calculations made pursuant to this section. By October 1 of each year beginning in 2018, each electric utility shall notify the Commission if it appears, based on an estimate of the calculation required in this subsection (m), that a reduction will be required in the next year.

(220 ILCS 5/16-108.5)
Sec. 16-108.5. Infrastructure investment and modernization; regulatory reform.
(a) (Blank).
(b) For purposes of this Section, "participating utility" means an electric utility or a combination utility serving more than 1,000,000
customers in Illinois that voluntarily elects and commits to undertake (i) the infrastructure investment program consisting of the commitments and obligations described in this subsection (b) and (ii) the customer assistance program consisting of the commitments and obligations described in subsection (b-10) of this Section, notwithstanding any other provisions of this Act and without obtaining any approvals from the Commission or any other agency other than as set forth in this Section, regardless of whether any such approval would otherwise be required. "Combination utility" means a utility that, as of January 1, 2011, provided electric service to at least one million retail customers in Illinois and gas service to at least 500,000 retail customers in Illinois. A participating utility shall recover the expenditures made under the infrastructure investment program through the ratemaking process, including, but not limited to, the performance-based formula rate and process set forth in this Section.

During the infrastructure investment program's peak program year, a participating utility other than a combination utility shall create 2,000 full-time equivalent jobs in Illinois, and a participating utility that is a combination utility shall create 450 full-time equivalent jobs in Illinois related to the provision of electric service. These jobs shall include direct jobs, contractor positions, and induced jobs, but shall not include any portion of a job commitment, not specifically contingent on an amendatory Act of the 97th General Assembly becoming law, between a participating utility and a labor union that existed on December 30, 2011 (the effective date of Public Act 97-646) and that has not yet been fulfilled. A portion of the full-time equivalent jobs created by each participating utility shall include incremental personnel hired subsequent to December 30, 2011 (the effective date of Public Act 97-646). For purposes of this Section, "peak program year" means the consecutive 12-month period with the highest number of full-time equivalent jobs that occurs between the beginning of investment year 2 and the end of investment year 4.

A participating utility shall meet one of the following commitments, as applicable:

(1) Beginning no later than 180 days after a participating utility other than a combination utility files a performance-based formula rate tariff pursuant to subsection (c) of this Section, or, beginning no later than January 1, 2012 if such utility files such performance-based formula rate tariff within 14 days of October 26, 2011 (the effective date of Public Act 97-616), the participating utility shall, except as provided in subsection (b-5):

New matter indicated by italics - deletions by strikeout
(A) over a 5-year period, invest an estimated $1,300,000,000 in electric system upgrades, modernization projects, and training facilities, including, but not limited to:

(i) distribution infrastructure improvements totaling an estimated $1,000,000,000, including underground residential distribution cable injection and replacement and mainline cable system refurbishment and replacement projects;

(ii) training facility construction or upgrade projects totaling an estimated $10,000,000, provided that, at a minimum, one such facility shall be located in a municipality having a population of more than 2 million residents and one such facility shall be located in a municipality having a population of more than 150,000 residents but fewer than 170,000 residents; any such new facility located in a municipality having a population of more than 2 million residents must be designed for the purpose of obtaining, and the owner of the facility shall apply for, certification under the United States Green Building Council's Leadership in Energy Efficiency Design Green Building Rating System;

(iii) wood pole inspection, treatment, and replacement programs;

(iv) an estimated $200,000,000 for reducing the susceptibility of certain circuits to storm-related damage, including, but not limited to, high winds, thunderstorms, and ice storms; improvements may include, but are not limited to, overhead to underground conversion and other engineered outcomes for circuits; the participating utility shall prioritize the selection of circuits based on each circuit's historical susceptibility to storm-related damage and the ability to provide the greatest customer benefit upon completion of the improvements; to be eligible for improvement, the participating utility's ability to maintain proper tree
clearances surrounding the overhead circuit must not have been impeded by third parties; and
(B) over a 10-year period, invest an estimated $1,300,000,000 to upgrade and modernize its transmission and distribution infrastructure and in Smart Grid electric system upgrades, including, but not limited to:
   (i) additional smart meters;
   (ii) distribution automation;
   (iii) associated cyber secure data communication network; and
   (iv) substation micro-processor relay upgrades.

(2) Beginning no later than 180 days after a participating utility that is a combination utility files a performance-based formula rate tariff pursuant to subsection (c) of this Section, or, beginning no later than January 1, 2012 if such utility files such performance-based formula rate tariff within 14 days of October 26, 2011 (the effective date of Public Act 97-616), the participating utility shall, except as provided in subsection (b-5):
   (A) over a 10-year period, invest an estimated $265,000,000 in electric system upgrades, modernization projects, and training facilities, including, but not limited to:
       (i) distribution infrastructure improvements totaling an estimated $245,000,000, which may include bulk supply substations, transformers, reconductoring, and rebuilding overhead distribution and sub-transmission lines, underground residential distribution cable injection and replacement and mainline cable system refurbishment and replacement projects;
       (ii) training facility construction or upgrade projects totaling an estimated $1,000,000; any such new facility must be designed for the purpose of obtaining, and the owner of the facility shall apply for, certification under the United States Green Building Council's Leadership in Energy Efficiency Design Green Building Rating System; and
(iii) wood pole inspection, treatment, and replacement programs; and
(B) over a 10-year period, invest an estimated $360,000,000 to upgrade and modernize its transmission and distribution infrastructure and in Smart Grid electric system upgrades, including, but not limited to:
   (i) additional smart meters;
   (ii) distribution automation;
   (iii) associated cyber secure data communication network; and
   (iv) substation micro-processor relay upgrades.

For purposes of this Section, "Smart Grid electric system upgrades" shall have the meaning set forth in subsection (a) of Section 16-108.6 of this Act.

The investments in the infrastructure investment program described in this subsection (b) shall be incremental to the participating utility's annual capital investment program, as defined by, for purposes of this subsection (b), the participating utility's average capital spend for calendar years 2008, 2009, and 2010 as reported in the applicable Federal Energy Regulatory Commission (FERC) Form 1; provided that where one or more utilities have merged, the average capital spend shall be determined using the aggregate of the merged utilities' capital spend reported in FERC Form 1 for the years 2008, 2009, and 2010. A participating utility may add reasonable construction ramp-up and ramp-down time to the investment periods specified in this subsection (b). For each such investment period, the ramp-up and ramp-down time shall not exceed a total of 6 months.

Within 60 days after filing a tariff under subsection (c) of this Section, a participating utility shall submit to the Commission its plan, including scope, schedule, and staffing, for satisfying its infrastructure investment program commitments pursuant to this subsection (b). The submitted plan shall include a schedule and staffing plan for the next calendar year. The plan shall also include a plan for the creation, operation, and administration of a Smart Grid test bed as described in subsection (c) of Section 16-108.8. The plan need not allocate the work equally over the respective periods, but should allocate material increments throughout such periods commensurate with the work to be undertaken. No later than April 1 of each subsequent year, the utility shall

New matter indicated by italics - deletions by strikeout
submit to the Commission a report that includes any updates to the plan, a schedule for the next calendar year, the expenditures made for the prior calendar year and cumulatively, and the number of full-time equivalent jobs created for the prior calendar year and cumulatively. If the utility is materially deficient in satisfying a schedule or staffing plan, then the report must also include a corrective action plan to address the deficiency. The fact that the plan, implementation of the plan, or a schedule changes shall not imply the imprudence or unreasonableness of the infrastructure investment program, plan, or schedule. Further, no later than 45 days following the last day of the first, second, and third quarters of each year of the plan, a participating utility shall submit to the Commission a verified quarterly report for the prior quarter that includes (i) the total number of full-time equivalent jobs created during the prior quarter, (ii) the total number of employees as of the last day of the prior quarter, (iii) the total number of full-time equivalent hours in each job classification or job title, (iv) the total number of incremental employees and contractors in support of the investments undertaken pursuant to this subsection (b) for the prior quarter, and (v) any other information that the Commission may require by rule.

With respect to the participating utility's peak job commitment, if, after considering the utility's corrective action plan and compliance thereunder, the Commission enters an order finding, after notice and hearing, that a participating utility did not satisfy its peak job commitment described in this subsection (b) for reasons that are reasonably within its control, then the Commission shall also determine, after consideration of the evidence, including, but not limited to, evidence submitted by the Department of Commerce and Economic Opportunity and the utility, the deficiency in the number of full-time equivalent jobs during the peak program year due to such failure. The Commission shall notify the Department of any proceeding that is initiated pursuant to this paragraph. For each full-time equivalent job deficiency during the peak program year that the Commission finds as set forth in this paragraph, the participating utility shall, within 30 days after the entry of the Commission's order, pay $6,000 to a fund for training grants administered under Section 605-800 of the Department of Commerce and Economic Opportunity Law, which shall not be a recoverable expense.

With respect to the participating utility's investment amount commitments, if, after considering the utility's corrective action plan and compliance thereunder, the Commission enters an order finding, after
notice and hearing, that a participating utility is not satisfying its investment amount commitments described in this subsection (b), then the utility shall no longer be eligible to annually update the performance-based formula rate tariff pursuant to subsection (d) of this Section. In such event, the then current rates shall remain in effect until such time as new rates are set pursuant to Article IX of this Act, subject to retroactive adjustment, with interest, to reconcile rates charged with actual costs.

If the Commission finds that a participating utility is no longer eligible to update the performance-based formula rate tariff pursuant to subsection (d) of this Section, or the performance-based formula rate is otherwise terminated, then the participating utility's voluntary commitments and obligations under this subsection (b) shall immediately terminate, except for the utility's obligation to pay an amount already owed to the fund for training grants pursuant to a Commission order.

In meeting the obligations of this subsection (b), to the extent feasible and consistent with State and federal law, the investments under the infrastructure investment program should provide employment opportunities for all segments of the population and workforce, including minority-owned and female-owned business enterprises, and shall not, consistent with State and federal law, discriminate based on race or socioeconomic status.

(b-5) Nothing in this Section shall prohibit the Commission from investigating the prudence and reasonableness of the expenditures made under the infrastructure investment program during the annual review required by subsection (d) of this Section and shall, as part of such investigation, determine whether the utility's actual costs under the program are prudent and reasonable. The fact that a participating utility invests more than the minimum amounts specified in subsection (b) of this Section or its plan shall not imply imprudence or unreasonableness.

If the participating utility finds that it is implementing its plan for satisfying the infrastructure investment program commitments described in subsection (b) of this Section at a cost below the estimated amounts specified in subsection (b) of this Section, then the utility may file a petition with the Commission requesting that it be permitted to satisfy its commitments by spending less than the estimated amounts specified in subsection (b) of this Section. The Commission shall, after notice and hearing, enter its order approving, or approving as modified, or denying each such petition within 150 days after the filing of the petition.

New matter indicated by italics - deletions by strikeout
In no event, absent General Assembly approval, shall the capital investment costs incurred by a participating utility other than a combination utility in satisfying its infrastructure investment program commitments described in subsection (b) of this Section exceed $3,000,000,000 or, for a participating utility that is a combination utility, $720,000,000. If the participating utility's updated cost estimates for satisfying its infrastructure investment program commitments described in subsection (b) of this Section exceed the limitation imposed by this subsection (b-5), then it shall submit a report to the Commission that identifies the increased costs and explains the reason or reasons for the increased costs no later than the year in which the utility estimates it will exceed the limitation. The Commission shall review the report and shall, within 90 days after the participating utility files the report, report to the General Assembly its findings regarding the participating utility's report. If the General Assembly does not amend the limitation imposed by this subsection (b-5), then the utility may modify its plan so as not to exceed the limitation imposed by this subsection (b-5) and may propose corresponding changes to the metrics established pursuant to subparagraphs (5) through (8) of subsection (f) of this Section, and the Commission may modify the metrics and incremental savings goals established pursuant to subsection (f) of this Section accordingly.

(b-10) All participating utilities shall make contributions for an energy low-income and support program in accordance with this subsection. Beginning no later than 180 days after a participating utility files a performance-based formula rate tariff pursuant to subsection (c) of this Section, or beginning no later than January 1, 2012 if such utility files such performance-based formula rate tariff within 14 days of December 30, 2011 (the effective date of Public Act 97-646), and without obtaining any approvals from the Commission or any other agency other than as set forth in this Section, regardless of whether any such approval would otherwise be required, a participating utility other than a combination utility shall pay $10,000,000 per year for 5 years and a participating utility that is a combination utility shall pay $1,000,000 per year for 10 years to the energy low-income and support program, which is intended to fund customer assistance programs with the primary purpose being avoidance of imminent disconnection. Such programs may include:

(1) a residential hardship program that may partner with community-based organizations, including senior citizen organizations, and provides grants to low-income residential

New matter indicated by italics - deletions by strikeout
customers, including low-income senior citizens, who demonstrate a hardship;

(2) a program that provides grants and other bill payment concessions to veterans with disabilities who demonstrate a hardship and members of the armed services or reserve forces of the United States or members of the Illinois National Guard who are on active duty pursuant to an executive order of the President of the United States, an act of the Congress of the United States, or an order of the Governor and who demonstrate a hardship;

(3) a budget assistance program that provides tools and education to low-income senior citizens to assist them with obtaining information regarding energy usage and effective means of managing energy costs;

(4) a non-residential special hardship program that provides grants to non-residential customers such as small businesses and non-profit organizations that demonstrate a hardship, including those providing services to senior citizen and low-income customers; and

(5) a performance-based assistance program that provides grants to encourage residential customers to make on-time payments by matching a portion of the customer's payments or providing credits towards arrearages.

The payments made by a participating utility pursuant to this subsection (b-10) shall not be a recoverable expense. A participating utility may elect to fund either new or existing customer assistance programs, including, but not limited to, those that are administered by the utility.

Programs that use funds that are provided by a participating utility to reduce utility bills may be implemented through tariffs that are filed with and reviewed by the Commission. If a utility elects to file tariffs with the Commission to implement all or a portion of the programs, those tariffs shall, regardless of the date actually filed, be deemed accepted and approved, and shall become effective on December 30, 2011 (the effective date of Public Act 97-646). The participating utilities whose customers benefit from the funds that are disbursed as contemplated in this Section shall file annual reports documenting the disbursement of those funds with the Commission. The Commission has the authority to audit disbursement of the funds to ensure they were disbursed consistently with this Section.

If the Commission finds that a participating utility is no longer eligible to update the performance-based formula rate tariff pursuant to
subsection (d) of this Section, or the performance-based formula rate is otherwise terminated, then the participating utility's voluntary commitments and obligations under this subsection (b-10) shall immediately terminate.

(c) A participating utility may elect to recover its delivery services costs through a performance-based formula rate approved by the Commission, which shall specify the cost components that form the basis of the rate charged to customers with sufficient specificity to operate in a standardized manner and be updated annually with transparent information that reflects the utility's actual costs to be recovered during the applicable rate year, which is the period beginning with the first billing day of January and extending through the last billing day of the following December. In the event the utility recovers a portion of its costs through automatic adjustment clause tariffs on October 26, 2011 (the effective date of Public Act 97-616), the utility may elect to continue to recover these costs through such tariffs, but then these costs shall not be recovered through the performance-based formula rate. In the event the participating utility, prior to December 30, 2011 (the effective date of Public Act 97-646), filed electric delivery services tariffs with the Commission pursuant to Section 9-201 of this Act that are related to the recovery of its electric delivery services costs that are still pending on December 30, 2011 (the effective date of Public Act 97-646), the participating utility shall, at the time it files its performance-based formula rate tariff with the Commission, also file a notice of withdrawal with the Commission to withdraw the electric delivery services tariffs previously filed pursuant to Section 9-201 of this Act. Upon receipt of such notice, the Commission shall dismiss with prejudice any docket that had been initiated to investigate the electric delivery services tariffs filed pursuant to Section 9-201 of this Act, and such tariffs and the record related thereto shall not be the subject of any further hearing, investigation, or proceeding of any kind related to rates for electric delivery services.

The performance-based formula rate shall be implemented through a tariff filed with the Commission consistent with the provisions of this subsection (c) that shall be applicable to all delivery services customers. The Commission shall initiate and conduct an investigation of the tariff in a manner consistent with the provisions of this subsection (c) and the provisions of Article IX of this Act to the extent they do not conflict with this subsection (c). Except in the case where the Commission finds, after notice and hearing, that a participating utility is not satisfying its
investment amount commitments under subsection (b) of this Section, the
performance-based formula rate shall remain in effect at the discretion of
the utility. The performance-based formula rate approved by the
Commission shall do the following:

(1) Provide for the recovery of the utility's actual costs of
delivery services that are prudently incurred and reasonable in
amount consistent with Commission practice and law. The sole
fact that a cost differs from that incurred in a prior calendar year or
that an investment is different from that made in a prior calendar
year shall not imply the imprudence or unreasonableness of that
cost or investment.

(2) Reflect the utility's actual year-end capital structure for
the applicable calendar year, excluding goodwill, subject to a
determination of prudence and reasonableness consistent with
Commission practice and law. To enable the financing of the
incremental capital expenditures, including regulatory assets, for
electric utilities that serve less than 3,000,000 retail customers but
more than 500,000 retail customers in the State, a participating
electric utility's actual year-end capital structure that includes a
common equity ratio, excluding goodwill, of up to and including
50% of the total capital structure shall be deemed reasonable and
used to set rates.

(3) Include a cost of equity, which shall be calculated as the
sum of the following:

(A) the average for the applicable calendar year of
the monthly average yields of 30-year U.S. Treasury bonds
published by the Board of Governors of the Federal
Reserve System in its weekly H.15 Statistical Release or
successor publication; and

(B) 580 basis points.

At such time as the Board of Governors of the Federal
Reserve System ceases to include the monthly average yields of
30-year U.S. Treasury bonds in its weekly H.15 Statistical Release
or successor publication, the monthly average yields of the U.S.
Treasury bonds then having the longest duration published by the
Board of Governors in its weekly H.15 Statistical Release or
successor publication shall instead be used for purposes of this
paragraph (3).

(4) Permit and set forth protocols, subject to a determination of prudence and reasonableness consistent with Commission practice and law, for the following:

(A) recovery of incentive compensation expense that is based on the achievement of operational metrics, including metrics related to budget controls, outage duration and frequency, safety, customer service, efficiency and productivity, and environmental compliance. Incentive compensation expense that is based on net income or an affiliate's earnings per share shall not be recoverable under the performance-based formula rate;

(B) recovery of pension and other post-employment benefits expense, provided that such costs are supported by an actuarial study;

(C) recovery of severance costs, provided that if the amount is over $3,700,000 for a participating utility that is a combination utility or $10,000,000 for a participating utility that serves more than 3 million retail customers, then the full amount shall be amortized consistent with subparagraph (F) of this paragraph (4);

(D) investment return at a rate equal to the utility's weighted average cost of long-term debt, on the pension assets as, and in the amount, reported in Account 186 (or in such other Account or Accounts as such asset may subsequently be recorded) of the utility's most recently filed FERC Form 1, net of deferred tax benefits;

(E) recovery of the expenses related to the Commission proceeding under this subsection (c) to approve this performance-based formula rate and initial rates or to subsequent proceedings related to the formula, provided that the recovery shall be amortized over a 3-year period; recovery of expenses related to the annual Commission proceedings under subsection (d) of this Section to review the inputs to the performance-based formula rate shall be expensed and recovered through the performance-based formula rate;

(F) amortization over a 5-year period of the full amount of each charge or credit that exceeds $3,700,000 for a participating utility that is a combination utility or

New matter indicated by italics - deletions by strikeout
$10,000,000 for a participating utility that serves more than 3 million retail customers in the applicable calendar year and that relates to a workforce reduction program's severance costs, changes in accounting rules, changes in law, compliance with any Commission-initiated audit, or a single storm or other similar expense, provided that any unamortized balance shall be reflected in rate base. For purposes of this subparagraph (F), changes in law includes any enactment, repeal, or amendment in a law, ordinance, rule, regulation, interpretation, permit, license, consent, or order, including those relating to taxes, accounting, or to environmental matters, or in the interpretation or application thereof by any governmental authority occurring after October 26, 2011 (the effective date of Public Act 97-616);

(G) recovery of existing regulatory assets over the periods previously authorized by the Commission;

(H) historical weather normalized billing determinants; and

(I) allocation methods for common costs.

(5) Provide that if the participating utility's earned rate of return on common equity related to the provision of delivery services for the prior rate year (calculated using costs and capital structure approved by the Commission as provided in subparagraph (2) of this subsection (c), consistent with this Section, in accordance with Commission rules and orders, including, but not limited to, adjustments for goodwill, and after any Commission-ordered disallowances and taxes) is more than 50 basis points higher than the rate of return on common equity calculated pursuant to paragraph (3) of this subsection (c) (after adjusting for any penalties to the rate of return on common equity applied pursuant to the performance metrics provision of subsection (f) of this Section), then the participating utility shall apply a credit through the performance-based formula rate that reflects an amount equal to the value of that portion of the earned rate of return on common equity that is more than 50 basis points higher than the rate of return on common equity calculated pursuant to paragraph (3) of this subsection (c) (after adjusting for any penalties to the rate of return on common equity applied pursuant to the
performance metrics provision of subsection (f) of this Section) for the prior rate year, adjusted for taxes. If the participating utility's earned rate of return on common equity related to the provision of delivery services for the prior rate year (calculated using costs and capital structure approved by the Commission as provided in subparagraph (2) of this subsection (c), consistent with this Section, in accordance with Commission rules and orders, including, but not limited to, adjustments for goodwill, and after any Commission-ordered disallowances and taxes) is more than 50 basis points less than the return on common equity calculated pursuant to paragraph (3) of this subsection (c) (after adjusting for any penalties to the rate of return on common equity applied pursuant to the performance metrics provision of subsection (f) of this Section), then the participating utility shall apply a charge through the performance-based formula rate that reflects an amount equal to the value of that portion of the earned rate of return on common equity that is more than 50 basis points less than the rate of return on common equity calculated pursuant to paragraph (3) of this subsection (c) (after adjusting for any penalties to the rate of return on common equity applied pursuant to the performance metrics provision of subsection (f) of this Section) for the prior rate year, adjusted for taxes.

(6) Provide for an annual reconciliation, as described in subsection (d) of this Section, with interest, of the revenue requirement reflected in rates for each calendar year, beginning with the calendar year in which the utility files its performance-based formula rate tariff pursuant to subsection (c) of this Section, with what the revenue requirement would have been had the actual cost information for the applicable calendar year been available at the filing date.

The utility shall file, together with its tariff, final data based on its most recently filed FERC Form 1, plus projected plant additions and correspondingly updated depreciation reserve and expense for the calendar year in which the tariff and data are filed, that shall populate the performance-based formula rate and set the initial delivery services rates under the formula. For purposes of this Section, "FERC Form 1" means the Annual Report of Major Electric Utilities, Licensees and Others that electric utilities are required to file with the Federal Energy Regulatory Commission under the Federal Power Act, Sections 3, 4(a), 304 and 209,

modified as necessary to be consistent with 83 Ill. Admin. Code Part 415 as of May 1, 2011. Nothing in this Section is intended to allow costs that are not otherwise recoverable to be recoverable by virtue of inclusion in FERC Form 1.

After the utility files its proposed performance-based formula rate structure and protocols and initial rates, the Commission shall initiate a docket to review the filing. The Commission shall enter an order approving, or approving as modified, the performance-based formula rate, including the initial rates, as just and reasonable within 270 days after the date on which the tariff was filed, or, if the tariff is filed within 14 days after October 26, 2011 (the effective date of Public Act 97-616), then by May 31, 2012. Such review shall be based on the same evidentiary standards, including, but not limited to, those concerning the prudence and reasonableness of the costs incurred by the utility, the Commission applies in a hearing to review a filing for a general increase in rates under Article IX of this Act. The initial rates shall take effect within 30 days after the Commission's order approving the performance-based formula rate tariff.

Until such time as the Commission approves a different rate design and cost allocation pursuant to subsection (e) of this Section, rate design and cost allocation across customer classes shall be consistent with the Commission's most recent order regarding the participating utility's request for a general increase in its delivery services rates.

Subsequent changes to the performance-based formula rate structure or protocols shall be made as set forth in Section 9-201 of this Act, but nothing in this subsection (c) is intended to limit the Commission's authority under Article IX and other provisions of this Act to initiate an investigation of a participating utility's performance-based formula rate tariff, provided that any such changes shall be consistent with paragraphs (1) through (6) of this subsection (c). Any change ordered by the Commission shall be made at the same time new rates take effect following the Commission's next order pursuant to subsection (d) of this Section, provided that the new rates take effect no less than 30 days after the date on which the Commission issues an order adopting the change.

A participating utility that files a tariff pursuant to this subsection (c) must submit a one-time $200,000 filing fee at the time the Chief Clerk of the Commission accepts the filing, which shall be a recoverable expense.

In the event the performance-based formula rate is terminated, the then current rates shall remain in effect until such time as new rates are set.
pursuant to Article IX of this Act, subject to retroactive rate adjustment, with interest, to reconcile rates charged with actual costs. At such time that the performance-based formula rate is terminated, the participating utility's voluntary commitments and obligations under subsection (b) of this Section shall immediately terminate, except for the utility's obligation to pay an amount already owed to the fund for training grants pursuant to a Commission order issued under subsection (b) of this Section.

(d) Subsequent to the Commission's issuance of an order approving the utility's performance-based formula rate structure and protocols, and initial rates under subsection (c) of this Section, the utility shall file, on or before May 1 of each year, with the Chief Clerk of the Commission its updated cost inputs to the performance-based formula rate for the applicable rate year and the corresponding new charges. Each such filing shall conform to the following requirements and include the following information:

(1) The inputs to the performance-based formula rate for the applicable rate year shall be based on final historical data reflected in the utility's most recently filed annual FERC Form 1 plus projected plant additions and correspondingly updated depreciation reserve and expense for the calendar year in which the inputs are filed. The filing shall also include a reconciliation of the revenue requirement that was in effect for the prior rate year (as set by the cost inputs for the prior rate year) with the actual revenue requirement for the prior rate year (determined using a year-end rate base) that uses amounts reflected in the applicable FERC Form 1 that reports the actual costs for the prior rate year. Any over-collection or under-collection indicated by such reconciliation shall be reflected as a credit against, or recovered as an additional charge to, respectively, with interest calculated at a rate equal to the utility's weighted average cost of capital approved by the Commission for the prior rate year, the charges for the applicable rate year. Provided, however, that the first such reconciliation shall be for the calendar year in which the utility files its performance-based formula rate tariff pursuant to subsection (c) of this Section and shall reconcile (i) the revenue requirement or requirements established by the rate order or orders in effect from time to time during such calendar year (weighted, as applicable) with (ii) the revenue requirement determined using a year-end rate base for that calendar year calculated pursuant to the performance-based

formua rate using (A) actual costs for that year as reflected in the applicable FERC Form 1, and (B) for the first such reconciliation only, the cost of equity, which shall be calculated as the sum of 590 basis points plus the average for the applicable calendar year of the monthly average yields of 30-year U.S. Treasury bonds published by the Board of Governors of the Federal Reserve System in its weekly H.15 Statistical Release or successor publication. The first such reconciliation is not intended to provide for the recovery of costs previously excluded from rates based on a prior Commission order finding of imprudence or unreasonableness. Each reconciliation shall be certified by the participating utility in the same manner that FERC Form 1 is certified. The filing shall also include the charge or credit, if any, resulting from the calculation required by paragraph (6) of subsection (c) of this Section.

Notwithstanding anything that may be to the contrary, the intent of the reconciliation is to ultimately reconcile the revenue requirement reflected in rates for each calendar year, beginning with the calendar year in which the utility files its performance-based formula rate tariff pursuant to subsection (c) of this Section, with what the revenue requirement determined using a year-end rate base for the applicable calendar year would have been had the actual cost information for the applicable calendar year been available at the filing date.

(2) The new charges shall take effect beginning on the first billing day of the following January billing period and remain in effect through the last billing day of the next December billing period regardless of whether the Commission enters upon a hearing pursuant to this subsection (d).

(3) The filing shall include relevant and necessary data and documentation for the applicable rate year that is consistent with the Commission's rules applicable to a filing for a general increase in rates or any rules adopted by the Commission to implement this Section. Normalization adjustments shall not be required. Notwithstanding any other provision of this Section or Act or any rule or other requirement adopted by the Commission, a participating utility that is a combination utility with more than one rate zone shall not be required to file a separate set of such data and documentation for each rate zone and may combine such data and documentation into a single set of schedules.

Within 45 days after the utility files its annual update of cost inputs to the performance-based formula rate, the Commission shall have the authority, either upon complaint or its own initiative, but with reasonable notice, to enter upon a hearing concerning the prudence and reasonableness of the costs incurred by the utility to be recovered during the applicable rate year that are reflected in the inputs to the performance-based formula rate derived from the utility's FERC Form 1. During the course of the hearing, each objection shall be stated with particularity and evidence provided in support thereof, after which the utility shall have the opportunity to rebut the evidence. Discovery shall be allowed consistent with the Commission's Rules of Practice, which Rules shall be enforced by the Commission or the assigned hearing examiner. The Commission shall apply the same evidentiary standards, including, but not limited to, those concerning the prudence and reasonableness of the costs incurred by the utility, in the hearing as it would apply in a hearing to review a filing for a general increase in rates under Article IX of this Act. The Commission shall not, however, have the authority in a proceeding under this subsection (d) to consider or order any changes to the structure or protocols of the performance-based formula rate approved pursuant to subsection (c) of this Section. In a proceeding under this subsection (d), the Commission shall enter its order no later than the earlier of 240 days after the utility's filing of its annual update of cost inputs to the performance-based formula rate or December 31. The Commission's determinations of the prudence and reasonableness of the costs incurred for the applicable calendar year shall be final upon entry of the Commission's order and shall not be subject to reopening, reexamination, or collateral attack in any other Commission proceeding, case, docket, order, rule or regulation, provided, however, that nothing in this subsection (d) shall prohibit a party from petitioning the Commission to rehear or appeal to the courts the order pursuant to the provisions of this Act.

In the event the Commission does not, either upon complaint or its own initiative, enter upon a hearing within 45 days after the utility files the annual update of cost inputs to its performance-based formula rate, then the costs incurred for the applicable calendar year shall be deemed prudent and reasonable, and the filed charges shall not be subject to reopening, reexamination, or collateral attack in any other proceeding, case, docket, order, rule, or regulation.

A participating utility's first filing of the updated cost inputs, and any Commission investigation of such inputs pursuant to this subsection

(d) shall proceed notwithstanding the fact that the Commission's investigation under subsection (c) of this Section is still pending and notwithstanding any other law, order, rule, or Commission practice to the contrary.

(e) Nothing in subsections (c) or (d) of this Section shall prohibit the Commission from investigating, or a participating utility from filing, revenue-neutral tariff changes related to rate design of a performance-based formula rate that has been placed into effect for the utility. Following approval of a participating utility's performance-based formula rate tariff pursuant to subsection (c) of this Section, the utility shall make a filing with the Commission within one year after the effective date of the performance-based formula rate tariff that proposes changes to the tariff to incorporate the findings of any final rate design orders of the Commission applicable to the participating utility and entered subsequent to the Commission's approval of the tariff. The Commission shall, after notice and hearing, enter its order approving, or approving with modification, the proposed changes to the performance-based formula rate tariff within 240 days after the utility's filing. Following such approval, the utility shall make a filing with the Commission during each subsequent 3-year period that either proposes revenue-neutral tariff changes or re-files the existing tariffs without change, which shall present the Commission with an opportunity to suspend the tariffs and consider revenue-neutral tariff changes related to rate design.

(f) Within 30 days after the filing of a tariff pursuant to subsection (c) of this Section, each participating utility shall develop and file with the Commission multi-year metrics designed to achieve, ratably (i.e., in equal segments) over a 10-year period, improvement over baseline performance values as follows:

1. Twenty percent improvement in the System Average Interruption Frequency Index, using a baseline of the average of the data from 2001 through 2010.
2. Fifteen percent improvement in the system Customer Average Interruption Duration Index, using a baseline of the average of the data from 2001 through 2010.
3. For a participating utility other than a combination utility, 20% improvement in the System Average Interruption Frequency Index for its Southern Region, using a baseline of the average of the data from 2001 through 2010. For purposes of this paragraph (3), Southern Region shall have the meaning set forth in
the participating utility's most recent report filed pursuant to Section 16-125 of this Act.

(3.5) For a participating utility other than a combination utility, 20% improvement in the System Average Interruption Frequency Index for its Northeastern Region, using a baseline of the average of the data from 2001 through 2010. For purposes of this paragraph (3.5), Northeastern Region shall have the meaning set forth in the participating utility's most recent report filed pursuant to Section 16-125 of this Act.

(4) Seventy-five percent improvement in the total number of customers who exceed the service reliability targets as set forth in subparagraphs (A) through (C) of paragraph (4) of subsection (b) of 83 Ill. Admin. Code Part 411.140 as of May 1, 2011, using 2010 as the baseline year.

(5) Reduction in issuance of estimated electric bills: 90% improvement for a participating utility other than a combination utility, and 56% improvement for a participating utility that is a combination utility, using a baseline of the average number of estimated bills for the years 2008 through 2010.

(6) Consumption on inactive meters: 90% improvement for a participating utility other than a combination utility, and 56% improvement for a participating utility that is a combination utility, using a baseline of the average unbilled kilowatthours for the years 2009 and 2010.

(7) Unaccounted for energy: 50% improvement for a participating utility other than a combination utility using a baseline of the non-technical line loss unaccounted for energy kilowatthours for the year 2009.

(8) Uncollectible expense: reduce uncollectible expense by at least $30,000,000 for a participating utility other than a combination utility and by at least $3,500,000 for a participating utility that is a combination utility, using a baseline of the average uncollectible expense for the years 2008 through 2010.

(9) Opportunities for minority-owned and female-owned business enterprises: design a performance metric regarding the creation of opportunities for minority-owned and female-owned business enterprises consistent with State and federal law using a base performance value of the percentage of the participating

utility's capital expenditures that were paid to minority-owned and female-owned business enterprises in 2010.

The definitions set forth in 83 Ill. Admin. Code Part 411.20 as of May 1, 2011 shall be used for purposes of calculating performance under paragraphs (1) through (3.5) of this subsection (f), provided, however, that the participating utility may exclude up to 9 extreme weather event days from such calculation for each year, and provided further that the participating utility shall exclude 9 extreme weather event days when calculating each year of the baseline period to the extent that there are 9 such days in a given year of the baseline period. For purposes of this Section, an extreme weather event day is a 24-hour calendar day (beginning at 12:00 a.m. and ending at 11:59 p.m.) during which any weather event (e.g., storm, tornado) caused interruptions for 10,000 or more of the participating utility's customers for 3 hours or more. If there are more than 9 extreme weather event days in a year, then the utility may choose no more than 9 extreme weather event days to exclude, provided that the same extreme weather event days are excluded from each of the calculations performed under paragraphs (1) through (3.5) of this subsection (f).

The metrics shall include incremental performance goals for each year of the 10-year period, which shall be designed to demonstrate that the utility is on track to achieve the performance goal in each category at the end of the 10-year period. The utility shall elect when the 10-year period shall commence for the metrics set forth in subparagraphs (1) through (4) and (9) of this subsection (f), provided that it begins no later than 14 months following the date on which the utility begins investing pursuant to subsection (b) of this Section, and when the 10-year period shall commence for the metrics set forth in subparagraphs (5) through (8) of this subsection (f), provided that it begins no later than 14 months following the date on which the Commission enters its order approving the utility's Advanced Metering Infrastructure Deployment Plan pursuant to subsection (c) of Section 16-108.6 of this Act.

The metrics and performance goals set forth in subparagraphs (5) through (8) of this subsection (f) are based on the assumptions that the participating utility may fully implement the technology described in subsection (b) of this Section, including utilizing the full functionality of such technology and that there is no requirement for personal on-site notification. If the utility is unable to meet the metrics and performance goals set forth in subparagraphs (5) through (8) of this subsection (f) for

New matter indicated by italics - deletions by strikeout
such reasons, and the Commission so finds after notice and hearing, then the utility shall be excused from compliance, but only to the limited extent achievement of the affected metrics and performance goals was hindered by the less than full implementation.

(f-5) The financial penalties applicable to the metrics described in subparagraphs (1) through (8) of subsection (f) of this Section, as applicable, shall be applied through an adjustment to the participating utility's return on equity of no more than a total of 30 basis points in each of the first 3 years, of no more than a total of 34 basis points in each of the 3 years thereafter, and of no more than a total of 38 basis points in each of the 4 years thereafter, as follows:

(1) With respect to each of the incremental annual performance goals established pursuant to paragraph (1) of subsection (f) of this Section,

(A) for each year that a participating utility other than a combination utility does not achieve the annual goal, the participating utility's return on equity shall be reduced as follows: during years 1 through 3, by 5 basis points; during years 4 through 6, by 6 basis points; and during years 7 through 10, by 7 basis points; and

(B) for each year that a participating utility that is a combination utility does not achieve the annual goal, the participating utility's return on equity shall be reduced as follows: during years 1 through 3, by 10 basis points; during years 4 through 6, by 12 basis points; and during years 7 through 10, by 14 basis points.

(2) With respect to each of the incremental annual performance goals established pursuant to paragraph (2) of subsection (f) of this Section, for each year that the participating utility does not achieve each such goal, the participating utility's return on equity shall be reduced as follows: during years 1 through 3, by 5 basis points; during years 4 through 6, by 6 basis points; and during years 7 through 10, by 7 basis points.

(3) With respect to each of the incremental annual performance goals established pursuant to paragraphs (3) and (3.5) of subsection (f) of this Section, for each year that a participating utility other than a combination utility does not achieve both such goals, the participating utility's return on equity shall be reduced as follows: during years 1 through 3, by 5 basis points; during years 4
(4) With respect to each of the incremental annual performance goals established pursuant to paragraph (4) of subsection (f) of this Section, for each year that the participating utility does not achieve each such goal, the participating utility's return on equity shall be reduced as follows: during years 1 through 3, by 5 basis points; during years 4 through 6, by 6 basis points; and during years 7 through 10, by 7 basis points.

(5) With respect to each of the incremental annual performance goals established pursuant to subparagraph (5) of subsection (f) of this Section, for each year that the participating utility does not achieve at least 95% of each such goal, the participating utility's return on equity shall be reduced by 5 basis points for each such unachieved goal.

(6) With respect to each of the incremental annual performance goals established pursuant to paragraphs (6), (7), and (8) of subsection (f) of this Section, as applicable, which together measure non-operational customer savings and benefits relating to the implementation of the Advanced Metering Infrastructure Deployment Plan, as defined in Section 16-108.6 of this Act, the performance under each such goal shall be calculated in terms of the percentage of the goal achieved. The percentage of goal achieved for each of the goals shall be aggregated, and an average percentage value calculated, for each year of the 10-year period. If the utility does not achieve an average percentage value in a given year of at least 95%, the participating utility's return on equity shall be reduced by 5 basis points.

The financial penalties shall be applied as described in this subsection (f-5) for the 12-month period in which the deficiency occurred through a separate tariff mechanism, which shall be filed by the utility together with its metrics. In the event the formula rate tariff established pursuant to subsection (c) of this Section terminates, the utility's obligations under subsection (f) of this Section and this subsection (f-5) shall also terminate, provided, however, that the tariff mechanism established pursuant to subsection (f) of this Section and this subsection (f-5) shall remain in effect until any penalties due and owing at the time of such termination are applied.

The Commission shall, after notice and hearing, enter an order within 120 days after the metrics are filed approving, or approving with modification, a participating utility's tariff or mechanism to satisfy the metrics set forth in subsection (f) of this Section. On June 1 of each subsequent year, each participating utility shall file a report with the Commission that includes, among other things, a description of how the participating utility performed under each metric and an identification of any extraordinary events that adversely impacted the utility's performance. Whenever a participating utility does not satisfy the metrics required pursuant to subsection (f) of this Section, the Commission shall, after notice and hearing, enter an order approving financial penalties in accordance with this subsection (f-5). The Commission-approved financial penalties shall be applied beginning with the next rate year. Nothing in this Section shall authorize the Commission to reduce or otherwise obviate the imposition of financial penalties for failing to achieve one or more of the metrics established pursuant to subparagraph (1) through (4) of subsection (f) of this Section.

(g) On or before July 31, 2014, each participating utility shall file a report with the Commission that sets forth the average annual increase in the average amount paid per kilowatthour for residential eligible retail customers, exclusive of the effects of energy efficiency programs, comparing the 12-month period ending May 31, 2012; the 12-month period ending May 31, 2013; and the 12-month period ending May 31, 2014. For a participating utility that is a combination utility with more than one rate zone, the weighted average aggregate increase shall be provided. The report shall be filed together with a statement from an independent auditor attesting to the accuracy of the report. The cost of the independent auditor shall be borne by the participating utility and shall not be a recoverable expense. "The average amount paid per kilowatthour" shall be based on the participating utility's tariffed rates actually in effect and shall not be calculated using any hypothetical rate or adjustments to actual charges (other than as specified for energy efficiency) as an input.

In the event that the average annual increase exceeds 2.5% as calculated pursuant to this subsection (g), then Sections 16-108.5, 16-108.6, 16-108.7, and 16-108.8 of this Act, other than this subsection, shall be inoperative as they relate to the utility and its service area as of the date of the report due to be submitted pursuant to this subsection and the utility shall no longer be eligible to annually update the performance-based formula rate tariff pursuant to subsection (d) of this Section. In such event,
the then current rates shall remain in effect until such time as new rates are set pursuant to Article IX of this Act, subject to retroactive adjustment, with interest, to reconcile rates charged with actual costs, and the participating utility's voluntary commitments and obligations under subsection (b) of this Section shall immediately terminate, except for the utility's obligation to pay an amount already owed to the fund for training grants pursuant to a Commission order issued under subsection (b) of this Section.

In the event that the average annual increase is 2.5% or less as calculated pursuant to this subsection (g), then the performance-based formula rate shall remain in effect as set forth in this Section.

For purposes of this Section, the amount per kilowatthour means the total amount paid for electric service expressed on a per kilowatthour basis, and the total amount paid for electric service includes without limitation amounts paid for supply, transmission, distribution, surcharges, and add-on taxes exclusive of any increases in taxes or new taxes imposed after October 26, 2011 (the effective date of Public Act 97-616). For purposes of this Section, "eligible retail customers" shall have the meaning set forth in Section 16-111.5 of this Act.

The fact that this Section becomes inoperative as set forth in this subsection shall not be construed to mean that the Commission may reexamine or otherwise reopen prudence or reasonableness determinations already made.

(h) Sections 16-108.5, 16-108.6, 16-108.7, and 16-108.8 of this Act, other than this subsection, are inoperative after December 31, 2019 for every participating utility, after which time a participating utility shall no longer be eligible to annually update the performance-based formula rate tariff pursuant to subsection (d) of this Section. At such time, the then current rates shall remain in effect until such time as new rates are set pursuant to Article IX of this Act, subject to retroactive adjustment, with interest, to reconcile rates charged with actual costs.

By December 31, 2017, the Commission shall prepare and file with the General Assembly a report on the infrastructure program and the performance-based formula rate. The report shall include the change in the average amount per kilowatthour paid by residential customers between June 1, 2011 and May 31, 2017. If the change in the total average rate paid exceeds 2.5% compounded annually, the Commission shall include in the report an analysis that shows the portion of the change due to the delivery services component and the portion of the change due to the supply

New matter indicated by italics - deletions by strikeout
component of the rate. The report shall include separate sections for each participating utility.

In the event Sections 16-108.5, 16-108.6, 16-108.7, and 16-108.8 of this Act, other than this subsection (h), do not become inoperative after December 31, 2019, then these Sections are inoperative after December 31, 2022 for every participating utility, after which time a participating utility shall no longer be eligible to annually update the performance-based formula rate tariff pursuant to subsection (d) of this Section. At such time, the then current rates shall remain in effect until such time as new rates are set pursuant to Article IX of this Act, subject to retroactive adjustment, with interest, to reconcile rates charged with actual costs.

The fact that this Section becomes inoperative as set forth in this subsection shall not be construed to mean that the Commission may reexamine or otherwise reopen prudence or reasonableness determinations already made.

(i) While a participating utility may use, develop, and maintain broadband systems and the delivery of broadband services, voice-over-internet-protocol services, telecommunications services, and cable and video programming services for use in providing delivery services and Smart Grid functionality or application to its retail customers, including, but not limited to, the installation, implementation and maintenance of Smart Grid electric system upgrades as defined in Section 16-108.6 of this Act, a participating utility is prohibited from offering to its retail customers broadband services or the delivery of broadband services, voice-over-internet-protocol services, telecommunications services, or cable or video programming services, unless they are part of a service directly related to delivery services or Smart Grid functionality or applications as defined in Section 16-108.6 of this Act, and from recovering the costs of such offerings from retail customers.

(j) Nothing in this Section is intended to legislatively overturn the opinion issued in Commonwealth Edison Co. v. Ill. Commerce Comm'n, Nos. 2-08-0959, 2-08-1037, 2-08-1137, 1-08-3008, 1-08-3030, 1-08-3054, 1-08-3313 cons. (Ill. App. Ct. 2d Dist. Sept. 30, 2010). Public Act 97-616 shall not be construed as creating a contract between the General Assembly and the participating utility, and shall not establish a property right in the participating utility.

(k) The changes made in subsections (c) and (d) of this Section by Public Act 98-15 are intended to be a restatement and clarification of existing law, and intended to give binding effect to the provisions of
House Resolution 1157 adopted by the House of Representatives of the 97th General Assembly and Senate Resolution 821 adopted by the Senate of the 97th General Assembly that are reflected in paragraph (3) of this subsection. In addition, Public Act 98-15 preempts and supersedes any final Commission orders entered in Docket Nos. 11-0721, 12-0001, 12-0293, and 12-0321 to the extent inconsistent with the amendatory language added to subsections (c) and (d).

(1) No earlier than 5 business days after May 22, 2013 (the effective date of Public Act 98-15), each participating utility shall file any tariff changes necessary to implement the amendatory language set forth in subsections (c) and (d) of this Section by Public Act 98-15 and a revised revenue requirement under the participating utility's performance-based formula rate. The Commission shall enter a final order approving such tariff changes and revised revenue requirement within 21 days after the participating utility's filing.

(2) Notwithstanding anything that may be to the contrary, a participating utility may file a tariff to retroactively recover its previously unrecovered actual costs of delivery service that are no longer subject to recovery through a reconciliation adjustment under subsection (d) of this Section. This retroactive recovery shall include any derivative adjustments resulting from the changes to subsections (c) and (d) of this Section by Public Act 98-15. Such tariff shall allow the utility to assess, on current customer bills over a period of 12 monthly billing periods, a charge or credit related to those unrecovered costs with interest at the utility's weighted average cost of capital during the period in which those costs were unrecovered. A participating utility may file a tariff that implements a retroactive charge or credit as described in this paragraph for amounts not otherwise included in the tariff filing provided for in paragraph (1) of this subsection (k). The Commission shall enter a final order approving such tariff within 21 days after the participating utility's filing.

(3) The tariff changes described in paragraphs (1) and (2) of this subsection (k) shall relate only to, and be consistent with, the following provisions of Public Act 98-15: paragraph (2) of subsection (c) regarding year-end capital structure, subparagraph (D) of paragraph (4) of subsection (c) regarding pension assets, and subsection (d) regarding the reconciliation components related to

year-end rate base and interest calculated at a rate equal to the utility's weighted average cost of capital.

(4) Nothing in this subsection is intended to effect a dismissal of or otherwise affect an appeal from any final Commission orders entered in Docket Nos. 11-0721, 12-0001, 12-0293, and 12-0321 other than to the extent of the amendatory language contained in subsections (c) and (d) of this Section of Public Act 98-15.

(l) Each participating utility shall be deemed to have been in full compliance with all requirements of subsection (b) of this Section, subsection (c) of this Section, Section 16-108.6 of this Act, and all Commission orders entered pursuant to Sections 16-108.5 and 16-108.6 of this Act, up to and including May 22, 2013 (the effective date of Public Act 98-15). The Commission shall not undertake any investigation of such compliance and no penalty shall be assessed or adverse action taken against a participating utility for noncompliance with Commission orders associated with subsection (b) of this Section, subsection (c) of this Section, and Section 16-108.6 of this Act prior to such date. Each participating utility other than a combination utility shall be permitted, without penalty, a period of 12 months after such effective date to take actions required to ensure its infrastructure investment program is in compliance with subsection (b) of this Section and with Section 16-108.6 of this Act. Provided further, the following subparagraphs shall apply to a participating utility other than a combination utility:

(A) if the Commission has initiated a proceeding pursuant to subsection (e) of Section 16-108.6 of this Act that is pending as of May 22, 2013 (the effective date of Public Act 98-15), then the order entered in such proceeding shall, after notice and hearing, accelerate the commencement of the meter deployment schedule approved in the final Commission order on rehearing entered in Docket No. 12-0298;

(B) if the Commission has entered an order pursuant to subsection (e) of Section 16-108.6 of this Act prior to May 22, 2013 (the effective date of Public Act 98-15) that does not accelerate the commencement of the meter deployment schedule approved in the final Commission order on rehearing entered in Docket No. 12-0298, then the utility shall file with the Commission, within 45 days after such effective date, a plan for accelerating the commencement of the utility's meter deployment

schedule approved in the final Commission order on rehearing entered in Docket No. 12-0298; the Commission shall reopen the proceeding in which it entered its order pursuant to subsection (e) of Section 16-108.6 of this Act and shall, after notice and hearing, enter an amendatory order that approves or approves as modified such accelerated plan within 90 days after the utility's filing; or

(C) if the Commission has not initiated a proceeding pursuant to subsection (e) of Section 16-108.6 of this Act prior to May 22, 2013 (the effective date of Public Act 98-15), then the utility shall file with the Commission, within 45 days after such effective date, a plan for accelerating the commencement of the utility's meter deployment schedule approved in the final Commission order on rehearing entered in Docket No. 12-0298 and the Commission shall, after notice and hearing, approve or approve as modified such plan within 90 days after the utility's filing.

Any schedule for meter deployment approved by the Commission pursuant to this subsection (l) shall take into consideration procurement times for meters and other equipment and operational issues. Nothing in Public Act 98-15 shall shorten or extend the end dates for the 5-year or 10-year periods set forth in subsection (b) of this Section or Section 16-108.6 of this Act. Nothing in this subsection is intended to address whether a participating utility has, or has not, satisfied any or all of the metrics and performance goals established pursuant to subsection (f) of this Section.

(m) The provisions of Public Act 98-15 are severable under Section 1.31 of the Statute on Statutes.

Sec. 16-108.10. Energy low-income and support program. Beginning in 2017, without obtaining any approvals from the Commission or any other agency, regardless of whether any such approval would otherwise be required, a participating utility that is not a combination utility, as defined by Section 16-108.5 of this Act, shall contribute $10,000,000 per year for 5 years to the energy low-income and support program, which is intended to fund customer assistance programs with the primary purpose being avoidance of imminent disconnection and reconnecting customers who have been disconnected for non-payment. Such programs may include:

New matter indicated by italics - deletions by strikeout
(1) a residential hardship program that may partner with community-based organizations, including senior citizen organizations, and provides grants to low-income residential customers, including low-income senior citizens, who demonstrate a hardship;

(2) a program that provides grants and other bill payment concessions to disabled veterans who demonstrate a hardship and members of the armed services or reserve forces of the United States or members of the Illinois National Guard who are on active duty under an executive order of the President of the United States, an act of the Congress of the United States, or an order of the Governor and who demonstrate a hardship;

(3) a budget assistance program that provides tools and education to low-income senior citizens to assist them with obtaining information regarding energy usage and effective means of managing energy costs;

(4) a non-residential special hardship program that provides grants to non-residential customers, such as small businesses and non-profit organizations, that demonstrate a hardship, including those providing services to senior citizen and low-income customers; and

(5) a performance-based assistance program that provides grants to encourage residential customers to make on-time payments by matching a portion of the customer's payments or providing credits towards arrearages.

The payments made by a participating utility under this Section shall not be a recoverable expense. A participating utility may elect to fund either new or existing customer assistance programs, including, but not limited to, those that are administered by the utility.

Programs that use funds that are provided by an electric utility to reduce utility bills may be implemented through tariffs that are filed with and reviewed by the Commission. If a utility elects to file tariffs with the Commission to implement all or a portion of the programs, those tariffs shall, regardless of the date actually filed, be deemed accepted and approved and shall become effective on the first business day after they are filed. The electric utilities whose customers benefit from the funds that are disbursed as contemplated in this Section shall file annual reports documenting the disbursement of those funds with the Commission. The

Commission may audit disbursement of the funds to ensure they were

discharged consistently with this Section.

If the Commission finds that a participating utility is no longer
eligible to update the performance-based formula rate tariff under
subsection (d) of Section 16-108.5 of this Act or the performance-based
formula rate is otherwise terminated, then the participating utility's
obligations under this Section shall immediately terminate.

Sec. 16-108.11. Employment opportunities. To the extent feasible
and consistent with State and federal law, the procurement of contracted
labor, materials, and supplies by electric utilities in connection with the
offering of delivery services under Article XVI of this Act should provide
employment opportunities for all segments of the population and
workforce, including minority-owned and female-owned business
enterprises, and shall not, consistent with State and federal law,
discriminate based on race or socioeconomic status.

Sec. 16-108.12. Utility job training program.

(a) An electric utility that serves more than 3,000,000 customers in
the State shall spend $10,000,000 per year in 2017, 2021, and 2025 to
fund the programs described in this Section.

(1) The utility shall fund a solar training pipeline program
in the amount of $3,000,000. The utility may administer the
program or contract with another entity to administer the
program. The program shall be designed to establish a solar
installer training pipeline for projects authorized under Section 1-56 of the Illinois Power Agency Act and to establish a pool of
trained installers who will be able to install solar projects
authorized under subsection (c) of Section 1-75 of the Illinois
Power Agency Act and otherwise. The program may include single
event training programs. The program described in this paragraph
(1) shall be designed to ensure that entities that offer training are
located in, and trainees are recruited from, the same communities
that the program aims to serve and that the program provides
trainees with the opportunity to obtain real-world experience. The
program described in this paragraph (1) shall also be designed to
assist trainees so that they can obtain applicable certifications or
participate in an apprenticeship program. The utility or
administrator shall include funding for programs that provide

training to individuals who are or were foster children or that target persons with a record who are transitioning with job training and job placement programs. The program shall include an incentive to facilitate an increase of hiring of qualified persons who are or were foster children and persons with a record. It is a goal of the program described in this paragraph (1) that at least 50% of the trainees in this program come from within environmental justice communities and that 2,000 jobs are created for persons who are or were foster children and persons with a record.

(2) The utility shall fund a craft apprenticeship program in the amount of $3,000,000. The program shall be an accredited or otherwise recognized apprenticeship program over a period not to exceed 4 years, for particular crafts, trades, or skills in the electric industry that may, but need not, be related to solar installation.

(3) The utility shall fund multi-cultural jobs programs in the amount of $4,000,000. The funding shall be allocated in the applicable year to individual programs as set forth in subparagraphs (A) through (F) of this paragraph (3) and may, but need not, be related to solar installation, over a period not to exceed 4 years, by diversity-focused community organizations that have a record of successfully delivering job training.

(A) $1,000,000 to a community-based civil rights and human services not-for-profit organization that provides economic development, human capital, and education program services.

(B) $500,000 to a not-for-profit organization that is also an education institution that offers training programs approved by the Illinois State Board of Education and United States Department of Education with the goal of providing workforce initiatives leading to economic independence.

(C) $500,000 to a not-for-profit organization dedicated to developing the educational and leadership capacity of minority youth through the operation of schools, youth leadership clubs and youth development centers.

(D) $1,000,000 to a not-for-profit organization dedicated to providing equal access to opportunities in the
construction industry that offer training programs that include Occupational Safety and Health Administration 10 and 30 certifications, Environmental Protection Agency Renovation, Repair and Painting Certification and Leadership in Energy and Environmental Design Accredited Green Associate Exam preparation courses.

(E) $500,000 to a non-profit organization that has a proven record of successfully implementing utility industry training programs, with expertise in creating programs that strengthen the economics of communities including technical training workshops and economic development through community and financial partners.

(F) $500,000 to a nonprofit organization that provides family services, housing education, job and career education opportunities that has successfully partnered with the utility on electric industry job training.

For the purposes of this Section, "person with a record" means any person who (1) has been convicted of a crime in this State or of an offense in any other jurisdiction, not including an offense or attempted offense that would subject a person to registration under the Sex Offender Registration Act; (2) has a record of an arrest or an arrest that did not result in conviction for any crime in this State or of an offense in any other jurisdiction; or (3) has a juvenile delinquency adjudication.

(b) Within 60 days after the effective date of this amendatory Act of the 99th General Assembly, an electric utility that serves more than 3,000,000 customers in the State shall file with the Commission a plan to implement this Section. Within 60 days after the plan is filed, the Commission shall enter an order approving the plan if it is consistent with this Section or, if the plan is not consistent with this Section, the Commission shall explain the deficiencies, after which time the utility shall file a new plan. The utility shall use the funds described in subparagraph (O) of paragraph (1) of subsection (c) of Section 1-75 of the Illinois Power Agency Act to pay for the Commission approved programs under this Section.

Sec. 16-108.15. Rate impacts.

(a) Each electric utility that serves more than 500,000 retail customers in the State shall file with the Commission the reports required by this Section, which shall identify the actual and projected average

New matter indicated by italics - deletions by strikeout
monthly increases in residential retail customers' electric bills due to future energy investment costs for the applicable period or periods.

(b) The average monthly increase calculation shall be comprised of the following components:

(1) Beginning with the 2017 calendar year, the average monthly amount paid by residential retail customers, expressed on a cents-per-kilowatthour basis, to recover future energy investment costs, which include the charges to recover the costs incurred by the utility under the following provisions:

(A) Sections 8-103, Section 8-103B, and 16-111.5B of this Act, as applicable, and as such costs may be recovered under Sections 8-103, 8-103B, 16-111.5B or Section 16-108.5 of this Act;

(B) subsection (d-5) of Section 1-75 of the Illinois Power Agency Act, as such costs may be recovered under subsection (k) of Section 16-108 of this Act; and

(C) Section 16-107.6 of this Act.

Beginning with the 2018 calendar year, each of the average monthly charges calculated in subparagraphs (A) through (C) of this paragraph (1) shall be equal to the average of each such charge applied over a period that commences with the calendar year ending December 31, 2017 and ends with the most recently completed calendar year prior to the calculation or calculations required by this Section.

(2) The sum of the following:

(A) net energy savings to residential retail customers that are attributable to the implementation of voltage optimization measures under Section 8-103B of this Act, expressed on a cents-per-kilowatthour basis, which are estimated energy and capacity benefits for residential retail customers minus the measure costs recovered from those customers, divided by the total number of residential retail customers, which quotient shall be divided by the months in the relevant period; notwithstanding this subparagraph (A), a utility may elect not to include an estimate of net energy savings as described in this subparagraph (A), in which case the value under this subparagraph (A) shall be zero; and

New matter indicated by italics - deletions by strikeout
(B) for an electric utility that serves more than 3,000,000 retail customers in the State, the benefits of the programs described in Section 16-108.10 of this Act, which are $0.00030 per kilowatthour for the 2017, 2018, 2019, 2020, and 2021 calendar years.

Beginning with the 2018 calendar year, each of the values identified in subparagraphs (A) and (B) of this paragraph (2) shall be equal to the average of each such value during a period that commences with the calendar year ending December 31, 2017 and ends with the most recently completed calendar year prior to the calculation or calculations required by this Section.

(3) For an electric utility that serves more than 3,000,000 retail customers in the State, the residential retail customer energy efficiency charges shall be $2.33 per month for the 2017 calendar year, provided that such charge shall be increased by 4% per year thereafter; for an electric utility that serves more than 500,000 but less than 3,000,000 retail customers in the State, the residential retail customer energy efficiency charges shall be $3.94 per month for the 2017 calendar year, provided that such charge shall be increased by 4% per year thereafter. Beginning with the 2018 calendar year, this charge shall be equal to the average of the charges applied over a period that commences with the calendar year ending December 31, 2017 and ends with the most recently completed calendar year prior to the calculation or calculations required by this Section.

(c)(1) No later than June 30, 2017, an electric utility subject to this Section shall submit a report to the Commission that sets forth the utility’s rolling 10-year projection of the values of each of the components described in paragraphs (1) through (3) of subsection (b) of this Section. No later than February 15, 2018 and every February 15 thereafter until February 15, 2031, each utility shall submit a report to the Commission that identifies the value of the actual charges applied during the immediately preceding calendar year and updates its rolling 10-year projection based on such actual charges provided that, beginning with the February 15, 2021 report and for each report thereafter, the period of time covered by such projection shall not extend beyond December 31, 2030. Each report submitted under this subsection (c) shall

New matter indicated by italics - deletions by strikeout
calculate the actual average monthly increase in residential retail customers' electric bills due to future energy investment costs during the immediately preceding calendar year and shall also calculate the projected average monthly increase in residential retail customers' electric bills due to such costs over the rolling 10-year period. Such calculations shall be performed by subtracting the sum of paragraph (2) of subsection (b) of this Section from the sum of paragraph (1) of such subsection (b), multiplying such difference by, as applicable, the actual or forecasted average monthly kilowatt-hour consumption for the residential retail customer class for the applicable period, and subtracting from such product the applicable value identified under paragraph (3) of such subsection (b).

If the actual or projected average monthly increase for residential retail customers of electric utility that serves more than 3 million retail customers in the State exceeds $0.25, or the actual or projected average monthly increase for residential retail customers of an electric utility that serves more than 500,000 but less than 3 million retail customers in the State exceeds $0.35, then the applicable utility shall comply with the provisions of paragraphs (2) through (4) of this subsection (c), as applicable.

(2) If the projected average monthly increase for residential retail customers during a calendar year exceeds the applicable limitation set forth in paragraph (1) of this subsection (c), then the utility shall comply with the following provisions, as applicable:

(A) If an exceedance is projected during the first four calendar year of the rolling 10-year projection, then the utility shall include in its report submitted under paragraph (1) of this subsection (c) the utility's proposal or proposals to decrease the future energy investment costs described in paragraph (1) of subsection (b) of this Section to ensure that the limitation set forth in such paragraph (1) is not exceeded. The Commission shall, after notice and hearing, enter an order directing the utility to implement one or more proposals, as such proposals may be modified by the Commission. The Commission shall have the authority under this subparagraph (A) to approve modifications to the contracts executed under subsection (d-5) of Section 1-75 of the Illinois Power Agency Act. If

New matter indicated by italics - deletions by strikeout
the Commission approves modifications to such contracts, then the supplier shall have the option of accepting the modifications or terminating the modified contract or contracts, subject to the termination requirements and notice provisions set forth in item (i) of subparagraph (B) of paragraph (4) of this Section.

(B) If an exceedance is projected during any calendar year during the last 6 years of the 10-year projection, then the utility shall demonstrate in its report submitted under paragraph (1) of this subsection (c) how the utility will reduce the future energy investment costs described in paragraph (1) of subsection (b) of this Section to ensure that the limitation set forth in such paragraph (1) is not exceeded.

(3) If the actual average monthly increase for residential retail customers during a calendar year exceeded the limitation set forth in paragraph (1) of this subsection (c), then the utility shall prepare and file with the Commission, at the time it submits its report under paragraph (1) of this subsection (c), a corrective action plan that identifies how the utility will immediately reduce expenditures so that the utility will be in compliance with such limitation beginning on January 1 of the next calendar year. The Commission shall initiate an investigation to determine the factors that contributed to the actual average monthly increase exceeding such limitation for the applicable calendar year, and shall, after notice and hearing, enter an order approving, or approving with modification, the utility's corrective action plan within 120 days after the utility files such plan. The Commission shall also submit a report to the General Assembly no later than 30 days after it enters such order, and the report shall explain the results of the Commission's investigation and findings and conclusions of its order.

(4) If the actual average monthly increase for residential retail customers during a calendar year exceeds the limitation set forth in paragraph (1) of this subsection (c) for two consecutive years, then the utility shall indicate in its report filed under paragraph (1) of this subsection (c) whether the utility will proceed with or terminate the future energy investments described and authorized under subsection (d-5) of the Illinois Power Agency Act

New matter indicated by italics - deletions by strikeout
and Sections 8-103B and 16-107.6 of this Act. The utility shall be subject to the requirements of subparagraph (A) or (B) of this paragraph (4), as applicable.

(A) If the utility indicates that it will proceed with the future energy investments, then it shall be subject to the corrective action plan requirements set forth in paragraph (3) of this subsection (c). In addition, the utility must commit to apply a credit to residential retail customers' bills if the actual average monthly increase for such customers exceeds the limitation set forth in paragraph (1) of this subsection (c) for the year in which the utility files its corrective action plan, which credit shall be in an amount that equals the portion by which the increase exceeds such limitation. The Commission shall initiate an investigation to determine the factors that contributed to the actual average monthly increase exceeding such limitation for the applicable calendar year, including an analysis of the factors contributing to the limitation being exceeded for two consecutive years, and shall, after notice and hearing, enter an order approving, or approving with modification, the utility's corrective action plan within 120 days after the utility files such plan. The Commission shall also submit a supplemental report to the General Assembly no later than 30 days after it enters such order, and the report shall explain the results of the Commission's investigation and findings and conclusions of its order.

(B) If the utility indicates that it will terminate future energy investments, then the Commission shall, notwithstanding anything to the contrary:

(i) Order the utility to terminate the contract or contracts executed under subsection (d-5) of Section 1-75 of the Illinois Power Agency Act, pursuant to the contract termination provisions set forth in such subsection (d-5), provided that notice of such termination must be made at least 3 years and 75 days prior to the effective date of such termination. In the event that only a portion of the contracts executed under such subsection (d-5) are terminated for a particular zero emission facility,
then the zero emission facility may elect to terminate all of the contracts executed for that facility under such subsection (d-5).

(ii) Within 30 days after the utility submits its report indicates that it will terminate future energy investments, initiate a proceeding to approve the process for terminating future expenditures under Section 16-107.6 of the Public Utilities Act. The Commission shall, after notice and hearing, enter its order approving such process no later than 120 days after initiating such proceeding.

(iii) Within 30 days after the utility submits its report indicates that it will terminate future energy investments, initiate a proceeding under Section 8-103B of this Act to reduce the cumulative persisting annual savings goals previously approved by the Commission under such Section to ensure just and reasonable rates. The Commission shall, after notice and hearing, enter its order approving such goal reductions no later than 120 days after initiating such proceeding.

Notwithstanding the termination of future energy investments pursuant to this subparagraph (B), the utility shall be permitted to continue to recover the costs of such investments that were incurred prior to such termination, including but not limited to all costs that are recovered through regulatory assets created under Sections 8-103B and 16-107.6 of this Act. Nothing in this Section shall limit the utility's ability to fully recover such costs. The utility shall also be permitted to continue to recover the costs of all payments made under contracts executed under subsection (d-5) until the effective date of the contract's termination.

Sec. 16-108.16. Commercial Rate Impacts.
(a) Each electric utility that serves more than 500,000 retail customers in the State shall file with the Commission the reports required by this Section, which shall identify the annual average increases due to future energy investment costs for the applicable period or periods in

New matter indicated by italics - deletions by strikeout
electric bills to commercial and industrial retail customers. For purposes of this Section, "commercial and industrial retail customers" means non-residential retail customers other than those customers who are exempt from subsections (a) through (j) of Section 8-103B of this Act under subsection (l) of Section 8-103B.

(b) The increase determination required by subsection (a) of this Section shall be based on a calculation comprised of the following components:

(1) Beginning with the 2017 calendar year, the average annual amount paid by commercial and industrial retail customers, expressed on a cents-per-kilowatthour basis, to recover future energy investment costs, which include the charges to recover the costs incurred by the utility under the following provisions:

(A) Sections 8-103, Section 8-103B, and 16-111.5B of this Act, as applicable, and as such costs may be recovered under Sections 8-103, 8-103B, 16-111.5B or Section 16-108.5 of this Act;

(B) subsection (d-5) of Section 1-75 of the Illinois Power Agency Act, as such costs may be recovered under subsection (k) of Section 16-108 of this Act; and

(C) Section 16-107.6 of this Act.

Beginning with the 2018 calendar year, each of the average annual charges calculated in subparagraphs (A) through (C) of this paragraph (1) shall be equal to the average of each such charge applied over a period that commences with the calendar year ending December 31, 2017 and ends with the most recently completed calendar year prior to the calculation or calculations required by this Section.

(2) The sum of the following:

(A) annual net energy savings to commercial and industrial retail customers that are attributable to the implementation of voltage optimization measures under Section 8-103B of this Act, expressed on a cents-per-kilowatthour basis, which are estimated energy and capacity benefits for commercial and industrial retail customers minus the measure costs recovered from those customers, divided by the average annual kilowatt-hour consumption of commercial and industrial retail customers.
customers; notwithstanding this subparagraph (A), a utility may elect not to include an estimate of net energy savings as described in this subparagraph (A), in which case the value under this subparagraph (A) shall be zero;

(B) the average annual cents-per-kilowatthour charge applied under Section 8-103 of this Act to commercial and industrial retail customers during calendar year 2016 to recover the costs authorized by such Section; and

(C) incremental energy efficiency savings, which shall be calculated by subtracting the value determined in item (ii) of this subparagraph (C) from the value determined in item (i) of this subparagraph and dividing the difference by the value identified in item (iii) of this subparagraph:

(i) Total value, in dollars, of the cumulative persisting annual saving achieved from the installation or implementation of all energy efficiency measures for commercial and industrial retail customers under Sections 8-103, 8-103B and 16-111.5 of this Act, net of the cumulative annual percentage savings in kilowatt-hours, if any, calculated under subparagraph (A) of this paragraph (2).

(ii) 2016 value, which shall equal the value calculated under item (i) of this subparagraph (C) multiplied by the quotient of (aa) the cumulative persisting annual savings, in kilowatt-hours, achieved from the installation or implementation of all energy efficiency measures for commercial and industrial retail customers under Sections 8-103, 8-103B and 16-111.5B of this Act as of December 31, 2016, divided by (bb) the cumulative persisting annual savings, in kilowatt-hours, from the installation or implementation of all energy efficiency measures for commercial and industrial retail customers under Sections 8-103, 8-103B and 16-111.5 of this Act, net of the cumulative annual percentage savings in kilowatt-hours, if any,
calculated under subparagraph (A) of this paragraph (2).

(iii) The average annual kilowatt-hour consumption of those commercial and industrial retail customers that installed or implemented energy efficiency measures under energy efficiency programs or plans approved pursuant to Sections 8-103, 8-103B or 16-111.5B of this Act.

Beginning with the 2018 calendar year, each of the values identified in subparagraphs (A) and (C) of this paragraph (2) shall be equal to the average of each such value during a period that commences with the calendar year ending December 31, 2017 and ends with the most recently completed calendar year prior to the calculation or calculations required by this Section.

For purposes of this Section, cumulative persisting annual savings shall have the meaning set forth in Section 8-103B of this Act, and energy efficiency measures shall have the meaning set forth in Section 1-10 of the Illinois Power Agency Act.

(c)(1) No later than June 30, 2017, and every June 30 thereafter until June 30, 2027, an electric utility subject to this Section shall submit a report to the Commission that sets forth the utility's 10-year projection of the values of each of the components described in paragraphs (1) and (2) of subsection (b) of this Section. Each utility's report to the Commission shall identify the result of the computation performed under this Section for the immediately preceding calendar year and update its 10-year projection. Such calculations shall be performed by subtracting the sum of paragraph (2) of subsection (b) of this Section from the sum of paragraph (1) of such subsection (b).

In the event that the actual or projected average annual increase for commercial and industrial retail customers exceeds 1.3% of 8.90 cents-per-kilowatthour, which is the average amount paid per kilowatt-hour for electric service during the year ending December 31, 2015 by Illinois commercial retail customers, as reported to the Edison Electric Institute, then the applicable utility shall comply with the provisions of paragraphs (2) through (4) of this subsection (c), as applicable.
(2) In the event that the projected average annual increase for commercial and industrial retail customers during a calendar year exceeds the applicable limitation set forth in paragraph (1) of this subsection (c), then the utility shall comply with the following provisions, as applicable:

(A) If an exceedance is projected during the first four calendar years of the 10-year projection, then the utility shall include in its report submitted under paragraph (1) of this subsection (c) the utility's proposal or proposals to decrease the future energy investment costs described in paragraph (1) of subsection (b) of this Section to ensure that the limitation set forth in such paragraph (1) is not exceeded. The Commission shall, after notice and hearing, enter an order directing the utility to implement one or more proposals, as such proposals may be modified by the Commission. The Commission shall have the authority under this subparagraph (A) to approve modifications to the contracts executed under subsection (d-5) of Section 1-75 of the Illinois Power Agency Act. If the Commission approves modifications to such contracts that are in an amount that reduces the quantities to be procured under such contracts by more than 7%, then the supplier shall have the option of accepting the modifications or terminating the modified contract or contracts, subject to the termination requirements and notice provisions set forth in item (i) of subparagraph (B) of paragraph (4) of this Section.

(B) If an exceedance is projected during any calendar year during the last 6 years of the 10-year projection, then the utility shall demonstrate in its report submitted under paragraph (1) of this subsection (c) how the utility will reduce the future energy investment costs described in paragraph (1) of subsection (b) of this Section to ensure that the limitation set forth in such paragraph (1) is not exceeded.

(3) If the actual average annual increase for commercial and industrial retail customers during a calendar year exceeded the limitation set forth in paragraph (1) of this subsection (c), then the utility shall prepare and file with the Commission, at the time it

submits its report under paragraph (1) of this subsection (c), a corrective action plan. The Commission shall initiate an investigation to determine the factors that contributed to the actual average annual increase exceeding such limitation for the applicable calendar year, and shall, after notice and hearing, enter an order approving, or approving with modification, the utility's corrective action plan within 120 days after the utility files such plan. The Commission shall also submit a report to the General Assembly no later than 30 days after it enters such order, and the report shall explain the results of the Commission's investigation and findings and conclusions of its order.

(4) If the actual average annual increase for commercial and industrial retail customers during a calendar year exceeds the limitation set forth in paragraph (1) of this subsection (c) for two consecutive years, then the utility shall indicate in its report filed under paragraph (1) of this subsection (c) whether the utility will proceed with or terminate the future energy investments described and authorized under subsection (d-5) of the Illinois Power Agency Act and Sections 8-103B and 16-107.6 of this Act. The utility's election shall be subject to the requirements of subparagraph (A) or (B) of this paragraph (4), as applicable.

(A) If the utility elects to proceed with the future energy investments, then it shall be subject to the corrective action plan requirements set forth in paragraph (3) of this subsection (c). In addition, the utility must commit to apply a credit to commercial and industrial retail customers' bills if the actual average annual increase for such customers exceeds the limitation set forth in paragraph (1) of this subsection (c) for the year in which the utility files its corrective action plan, which credit shall be in an amount that equals the portion by which the increase exceeds such limitation. The Commission shall initiate an investigation to determine the factors that contributed to the actual average annual increase exceeding such limitation for the applicable calendar year, including an analysis of the factors contributing to the limitation being exceeded for two consecutive years, and shall, after notice and hearing, enter an order approving, or approving with modification, the utility's corrective action plan within 120 days after the
utility files such plan. The Commission shall also submit a supplemental report to the General Assembly no later than 30 days after it enters such order, and the report shall explain the results of the Commission's investigation and findings and conclusions of its order.

(B) If the utility elects to terminate future energy investments, then the Commission shall, notwithstanding anything to the contrary:

(i) Order the utility to terminate the contract or contracts executed under subsection (d-5) of Section 1-75 of the Illinois Power Agency Act, pursuant to the contract termination provisions set forth in such subsection (d-5), provided that notice of such termination must be made at least 3 years and 75 days prior to the effective date of such termination. In the event that only a portion of the contracts executed under such subsection (d-5) are terminated for a particular zero emission facility, then the zero emission facility may elect to terminate all of the contracts executed for that facility under such subsection (d-5).

(ii) Within 30 days of the utility's report identifying its election to terminate future energy investments, initiate a proceeding to approve the process for terminating future expenditures under Sections 16-107.6 of the Public Utilities Act. The Commission shall, after notice and hearing, enter its order approving such process no later than 120 days after initiating such proceeding.

(iii) Within 30 days of the utility's report identifying its election to terminate future energy investments, initiate a proceeding under Section 8-103B of this Act to reduce the cumulative persisting annual savings goals previously approved by the Commission under such Section to ensure just and reasonable rates. The Commission shall, after notice and hearing, enter its order approving such goal reductions no later than 120 days after initiating such proceeding.

Notwithstanding the termination of future energy investments pursuant to this subparagraph (B), the utility shall be permitted to continue to recover the costs of such investments that were incurred prior to such termination, including but not limited to all costs that are recovered through regulatory assets created under Sections 8-103B and 16-107.6 of this Act. Nothing in this Section shall limit the utility's ability to fully recover such costs. The utility shall also be permitted to continue to recover the costs of all payments made under contracts executed under subsection (d-5) until the effective date of the contract's termination.

(5) Notwithstanding anything to the contrary, if, under this Section or subsection (m) of Section 16-108 of this Act, modifications to the contracts executed under subsection (d-5) of Section 1-75 of the Illinois Power Agency Act are, in total, in an amount that reduces the quantities to procured under such contracts by more than 10%, then the supplier shall have the option of accepting the modifications or terminating the modified contract or contracts, subject to the termination requirements and notice provisions set forth in item (i) of subparagraph (B) of paragraph (4) of this Section.

Sec. 16-111.1. Illinois Clean Energy Community Trust.

(a) An electric utility which has sold or transferred generating facilities in a transaction to which subsection (k) of Section 16-111 applies is authorized to establish an Illinois clean energy community trust or foundation for the purposes of providing financial support and assistance to entities, public or private, within the State of Illinois including, but not limited to, units of State and local government, educational institutions, corporations, and charitable, educational, environmental and community organizations, for programs and projects that benefit the public by improving energy efficiency, developing renewable energy resources, supporting other energy related projects that improve the State's environmental quality, and supporting projects and programs intended to preserve or enhance the natural habitats and wildlife areas of the State. Provided, however, that the trust or foundation funds shall not be used for the remediation of environmentally impaired property. The trust or
foundation may also assist in identifying other energy and environmental grant opportunities.

(b) Such trust or foundation shall be governed by a declaration of trust or articles of incorporation and bylaws which shall, at a minimum, provide that:

(1) There shall be 6 voting trustees of the trust or foundation, one of whom shall be appointed by the Governor, one of whom shall be appointed by the President of the Illinois Senate, one of whom shall be appointed by the Minority Leader of the Illinois Senate, one of whom shall be appointed by the Speaker of the Illinois House of Representatives, one of whom shall be appointed by the Minority Leader of the Illinois House of Representatives, and one of whom shall be appointed by the electric utility establishing the trust or foundation, provided that the voting trustee appointed by the utility shall be a representative of a recognized environmental action group selected by the utility. The Governor shall designate one of the 6 voting trustees to serve as chairman of the trust or foundation, who shall serve as chairman of the trust or foundation at the pleasure of the Governor. In addition, there shall be 5 non-voting trustees, one of whom shall be appointed by the Director of Commerce and Economic Opportunity, one of whom shall be appointed by the Director of the Illinois Environmental Protection Agency, one of whom shall be appointed by the Director of Natural Resources, and one of whom shall be appointed by the electric utility establishing the trust or foundation, provided that the non-voting trustee appointed by the utility shall bring financial expertise to the trust or foundation and shall have appropriate credentials therefor.

(2) All voting trustees and the non-voting trustee with financial expertise shall be entitled to compensation for their services as trustees, provided, however, that no member of the General Assembly and no employee of the electric utility establishing the trust or foundation serving as a voting trustee shall receive any compensation for his or her services as a trustee, and provided further that the compensation to the chairman of the trust shall not exceed $25,000 annually and the compensation to any other trustee shall not exceed $20,000 annually. All trustees shall be entitled to reimbursement for reasonable expenses incurred on behalf of the trust in the performance of their duties as trustees.

New matter indicated by italics - deletions by strikeout
such compensation and reimbursements shall be paid out of the trust.

(3) Trustees shall be appointed within 30 days after the creation of the trust or foundation and shall serve for a term of 5 years commencing upon the date of their respective appointments, until their respective successors are appointed and qualified.

(4) A vacancy in the office of trustee shall be filled by the person holding the office responsible for appointing the trustee whose death or resignation creates the vacancy, and a trustee appointed to fill a vacancy shall serve the remainder of the term of the trustee whose resignation or death created the vacancy.

(5) The trust or foundation shall have an indefinite term, and shall terminate at such time as no trust assets remain.

(6) The trust or foundation shall be funded in the minimum amount of $250,000,000, with the allocation and disbursement of funds for the various purposes for which the trust or foundation is established to be determined by the trustees in accordance with the declaration of trust or the articles of incorporation and bylaws; provided, however, that this amount may be reduced by up to $25,000,000 if, at the time the trust or foundation is funded, a corresponding amount is contributed by the electric utility establishing the trust or foundation to the Board of Trustees of Southern Illinois University for the purpose of funding programs or projects related to clean coal and provided further that $25,000,000 of the amount contributed to the trust or foundation shall be available to fund programs or projects related to clean coal.

(7) The trust or foundation shall be authorized to employ an executive director and other employees, to enter into leases, contracts and other obligations on behalf of the trust or foundation, and to incur expenses that the trustees deem necessary or appropriate for the fulfillment of the purposes for which the trust or foundation is established, provided, however, that salaries and administrative expenses incurred on behalf of the trust or foundation shall not exceed $500,000 in the first fiscal year after the trust or foundation is established and shall not exceed $1,000,000 in each subsequent fiscal year.

(8) The trustees may create and appoint advisory boards or committees to assist them with the administration of the trust or foundation, and to advise and make recommendations to them

regarding the contribution and disbursement of the trust or foundation funds.

(c)(1) In addition to the allocation and disbursement of funds for the purposes set forth in subsection (a) of this Section, the trustees of the trust or foundation shall annually contribute funds in amounts set forth in subparagraph (2) of this subsection to the Citizens Utility Board created by the Citizens Utility Board Act; provided, however, that any such funds shall be used solely for the representation of the interests of utility consumers before the Illinois Commerce Commission, the Federal Energy Regulatory Commission, and the Federal Communications Commission and for the provision of consumer education on utility service and prices and on benefits and methods of energy conservation. Provided, however, that no part of such funds shall be used to support (i) any lobbying activity, (ii) activities related to fundraising, (iii) advertising or other marketing efforts regarding a particular utility, or (iv) solicitation of support for, or advocacy of, a particular position regarding any specific utility or a utility's docketed proceeding.

(2) In the calendar year in which the trust or foundation is first funded, the trustees shall contribute $1,000,000 to the Citizens Utility Board within 60 days after such trust or foundation is established; provided, however, that such contribution shall be made after December 31, 1999. In each of the 6 calendar years subsequent to the first contribution, if the trust or foundation is in existence, the trustees shall contribute to the Citizens Utility Board an amount equal to the total expenditures by such organization in the prior calendar year, as set forth in the report filed by the Citizens Utility Board with the chairman of such trust or foundation as required by subparagraph (3) of this subsection. Such subsequent contributions shall be made within 30 days of submission by the Citizens Utility Board of such report to the Chairman of the trust or foundation, but in no event shall any annual contribution by the trustees to the Citizens Utility Board exceed $1,000,000. Following such 7-year period, an Illinois statutory consumer protection agency may petition the trust or foundation for contributions to fund expenditures of the type identified in paragraph (1), but in no event shall annual
contributions by the trust or foundation for such expenditures exceed $1,000,000.

(3) The Citizens Utility Board shall file a report with the chairman of such trust or foundation for each year in which it expends any funds received from the trust or foundation setting forth the amount of any expenditures (regardless of the source of funds for such expenditures) for: (i) the representation of the interests of utility consumers before the Illinois Commerce Commission, the Federal Energy Regulatory Commission, and the Federal Communications Commission, and (ii) the provision of consumer education on utility service and prices and on benefits and methods of energy conservation. Such report shall separately state the total amount of expenditures for the purposes or activities identified by items (i) and (ii) of this paragraph, the name and address of the external recipient of any such expenditure, if applicable, and the specific purposes or activities (including internal purposes or activities) for which each expenditure was made. Any report required by this subsection shall be filed with the chairman of such trust or foundation no later than March 31 of the year immediately following the year for which the report is required.

(d) In addition to any other allocation and disbursement of funds in this Section, the trustees of the trust or foundation shall contribute an amount up to $125,000,000 (1) for deposit into the General Obligation Bond Retirement and Interest Fund held in the State treasury to assist in the repayment on general obligation bonds issued under subsection (d) of Section 7 of the General Obligation Bond Act, and (2) for deposit into funds administered by agencies with responsibility for environmental activities to assist in payment for environmental programs. The amount required to be contributed shall be provided to the trustees in a certification letter from the Director of the Bureau of the Budget that shall be provided no later than August 1, 2003. The payment from the trustees shall be paid to the State no later than December 31st following the receipt of the letter.

Sec. 16-111.5. Provisions relating to procurement.

(a) An electric utility that on December 31, 2005 served at least 100,000 customers in Illinois shall procure power and energy for its

New matter indicated by italics - deletions by strikeout
eligible retail customers in accordance with the applicable provisions set forth in Section 1-75 of the Illinois Power Agency Act and this Section. Beginning with the delivery year commencing on June 1, 2017, such electric utility shall also procure zero emission credits from zero emission facilities in accordance with the applicable provisions set forth in Section 1-75 of the Illinois Power Agency Act, and, for years beginning on or after June 1, 2017, the utility shall procure renewable energy resources in accordance with the applicable provisions set forth in Section 1-75 of the Illinois Power Agency Act and this Section. A small multi-jurisdictional electric utility that on December 31, 2005 served less than 100,000 customers in Illinois may elect to procure power and energy for all or a portion of its eligible Illinois retail customers in accordance with the applicable provisions set forth in this Section and Section 1-75 of the Illinois Power Agency Act. This Section shall not apply to a small multi-jurisdictional utility until such time as a small multi-jurisdictional utility requests the Illinois Power Agency to prepare a procurement plan for its eligible retail customers. "Eligible retail customers" for the purposes of this Section means those retail customers that purchase power and energy from the electric utility under fixed-price bundled service tariffs, other than those retail customers whose service is declared or deemed competitive under Section 16-113 and those other customer groups specified in this Section, including self-generating customers, customers electing hourly pricing, or those customers who are otherwise ineligible for fixed-price bundled tariff service. For those customers that are excluded from the definition of "eligible retail customers" shall not be included in the procurement plan's electric supply service plan load requirements, and the utility shall procure any supply requirements, including capacity, ancillary services, and hourly priced energy, in the applicable markets as needed to serve those customers, provided that the utility may include in its procurement plan load requirements for the load that is associated with those retail customers whose service has been declared or deemed competitive pursuant to Section 16-113 of this Act to the extent that those customers are purchasing power and energy during one of the transition periods identified in subsection (b) of Section 16-113 of this Act.

(b) A procurement plan shall be prepared for each electric utility consistent with the applicable requirements of the Illinois Power Agency Act and this Section. For purposes of this Section, Illinois electric utilities that are affiliated by virtue of a common parent company are considered to

New matter indicated by italics - deletions by strikeout
be a single electric utility. Small multi-jurisdictional utilities may request a procurement plan for a portion of or all of its Illinois load. Each procurement plan shall analyze the projected balance of supply and demand for those retail customers to be included in the plan's electric supply service requirements over a 5-year period, with the first planning year beginning on June 1 of the year following the year in which the plan is filed. The plan shall specifically identify the wholesale products to be procured following plan approval, and shall follow all the requirements set forth in the Public Utilities Act and all applicable State and federal laws, statutes, rules, or regulations, as well as Commission orders. Nothing in this Section precludes consideration of contracts longer than 5 years and related forecast data. Unless specified otherwise in this Section, in the procurement plan or in the implementing tariff, any procurement occurring in accordance with this plan shall be competitively bid through a request for proposals process. Approval and implementation of the procurement plan shall be subject to review and approval by the Commission according to the provisions set forth in this Section. A procurement plan shall include each of the following components:

(1) Hourly load analysis. This analysis shall include:
   (i) multi-year historical analysis of hourly loads;
   (ii) switching trends and competitive retail market analysis;
   (iii) known or projected changes to future loads; and
   (iv) growth forecasts by customer class.

(2) Analysis of the impact of any demand side and renewable energy initiatives. This analysis shall include:
   (i) the impact of demand response programs and energy efficiency programs, both current and projected; for small multi-jurisdictional utilities, the impact of demand response and energy efficiency programs approved pursuant to Section 8-408 of this Act, both current and projected; and
   (ii) supply side needs that are projected to be offset by purchases of renewable energy resources, if any.

(3) A plan for meeting the expected load requirements that will not be met through preexisting contracts. This plan shall include:

New matter indicated by italics - deletions by strikeout
(i) definitions of the different Illinois retail customer classes for which supply is being purchased;
(ii) the proposed mix of demand-response products for which contracts will be executed during the next year. For small multi-jurisdictional electric utilities that on December 31, 2005 served fewer than 100,000 customers in Illinois, these shall be defined as demand-response products offered in an energy efficiency plan approved pursuant to Section 8-408 of this Act. The cost-effective demand-response measures shall be procured whenever the cost is lower than procuring comparable capacity products, provided that such products shall:

(A) be procured by a demand-response provider from those eligible retail customers included in the plan's electric supply service requirements;

(B) at least satisfy the demand-response requirements of the regional transmission organization market in which the utility's service territory is located, including, but not limited to, any applicable capacity or dispatch requirements;

(C) provide for customers' participation in the stream of benefits produced by the demand-response products;

(D) provide for reimbursement by the demand-response provider of the utility for any costs incurred as a result of the failure of the supplier of such products to perform its obligations thereunder; and

(E) meet the same credit requirements as apply to suppliers of capacity, in the applicable regional transmission organization market;

(iii) monthly forecasted system supply requirements, including expected minimum, maximum, and average values for the planning period;

(iv) the proposed mix and selection of standard wholesale products for which contracts will be executed during the next year, separately or in combination, to meet that portion of its load requirements not met through pre-
existing contracts, including but not limited to monthly 5 x 16 peak period block energy, monthly off-peak wrap energy, monthly 7 x 24 energy, annual 5 x 16 energy, annual off-peak wrap energy, annual 7 x 24 energy, monthly capacity, annual capacity, peak load capacity obligations, capacity purchase plan, and ancillary services;

(v) proposed term structures for each wholesale product type included in the proposed procurement plan portfolio of products; and

(vi) an assessment of the price risk, load uncertainty, and other factors that are associated with the proposed procurement plan; this assessment, to the extent possible, shall include an analysis of the following factors: contract terms, time frames for securing products or services, fuel costs, weather patterns, transmission costs, market conditions, and the governmental regulatory environment; the proposed procurement plan shall also identify alternatives for those portfolio measures that are identified as having significant price risk.

(4) Proposed procedures for balancing loads. The procurement plan shall include, for load requirements included in the procurement plan, the process for (i) hourly balancing of supply and demand and (ii) the criteria for portfolio re-balancing in the event of significant shifts in load.

(5) Long-Term Renewable Resources Procurement Plan. The Agency shall prepare a long-term renewable resources procurement plan for the procurement of renewable energy credits under Sections 1-56 and 1-75 of the Illinois Power Agency Act for delivery beginning in the 2017 delivery year.

(i) The initial long-term renewable resources procurement plan and all subsequent revisions shall be subject to review and approval by the Commission. For the purposes of this Section, "delivery year" has the same meaning as in Section 1-10 of the Illinois Power Agency Act. For purposes of this Section, "Agency" shall mean the Illinois Power Agency.

(ii) The long-term renewable resources planning process shall be conducted as follows:
(A) Electric utilities shall provide a range of load forecasts to the Illinois Power Agency within 45 days of the Agency's request for forecasts, which request shall specify the length and conditions for the forecasts including, but not limited to, the quantity of distributed generation expected to be interconnected for each year.

(B) The Agency shall publish for comment the initial long-term renewable resources procurement plan no later than 120 days after the effective date of this amendatory Act of the 99th General Assembly and shall review, and may revise, the plan at least every 2 years thereafter. To the extent practicable, the Agency shall review and propose any revisions to the long-term renewable energy resources procurement plan in conjunction with the Agency's other planning and approval processes conducted under this Section. The initial long-term renewable resources procurement plan shall:

(aa) Identify the procurement programs and competitive procurement events consistent with the applicable requirements of the Illinois Power Agency Act and shall be designed to achieve the goals set forth in subsection (c) of Section 1-75 of that Act.

(bb) Include a schedule for procurements for renewable energy credits from utility-scale wind projects, utility-scale solar projects, and brownfield site photovoltaic projects consistent with subparagraph (G) of paragraph (1) of subsection (c) of Section 1-75 of the Illinois Power Agency Act.

(cc) Identify the process whereby the Agency will submit to the Commission for review and approval the proposed contracts

to implement the programs required by such plan.

Copies of the initial long-term renewable resources procurement plan and all subsequent revisions shall be posted and made publicly available on the Agency's and Commission's websites, and copies shall also be provided to each affected electric utility. An affected utility and other interested parties shall have 45 days following the date of posting to provide comment to the Agency on the initial long-term renewable resources procurement plan and all subsequent revisions. All comments submitted to the Agency shall be specific, supported by data or other detailed analyses, and, if objecting to all or a portion of the procurement plan, accompanied by specific alternative wording or proposals. All comments shall be posted on the Agency's and Commission's websites. During this 45-day comment period, the Agency shall hold at least one public hearing within each utility's service area that is subject to the requirements of this paragraph (5) for the purpose of receiving public comment. Within 21 days following the end of the 45-day review period, the Agency may revise the long-term renewable resources procurement plan based on the comments received and shall file the plan with the Commission for review and approval.

(C) Within 14 days after the filing of the initial long-term renewable resources procurement plan or any subsequent revisions, any person objecting to the plan may file an objection with the Commission. Within 21 days after the filing of the plan, the Commission shall determine whether a hearing is necessary. The Commission shall enter its order confirming or modifying the initial long-term renewable resources procurement plan or any subsequent revisions within 120 days after the filing of the plan by the Illinois Power Agency.

New matter indicated by italics - deletions by strikeout
(D) The Commission shall approve the initial long-term renewable resources procurement plan and any subsequent revisions, including expressly the forecast used in the plan and taking into account that funding will be limited to the amount of revenues actually collected by the utilities, if the Commission determines that the plan will reasonably and prudently accomplish the requirements of Section 1-56 and subsection (c) of Section 1-75 of the Illinois Power Agency Act. The Commission shall also approve the process for the submission, review, and approval of the proposed contracts to procure renewable energy credits or implement the programs authorized by the Commission pursuant to a long-term renewable resources procurement plan approved under this Section.

(iii) The Agency or third parties contracted by the Agency shall implement all programs authorized by the Commission in an approved long-term renewable resources procurement plan without further review and approval by the Commission. Third parties shall not begin implementing any programs or receive any payment under this Section until the Commission has approved the contract or contracts under the process authorized by the Commission in item (D) of subparagraph (ii) of paragraph (5) of this subsection (b) and the third party and the Agency or utility, as applicable, have executed the contract. For those renewable energy credits subject to procurement through a competitive bid process under the plan or under the initial forward procurements for wind and solar resources described in subparagraph (G) of paragraph (1) of subsection (c) of Section 1-75 of the Illinois Power Agency Act, the Agency shall follow the procurement process specified in the provisions relating to electricity procurement in subsections (e) through (i) of this Section.

(iv) An electric utility shall recover its costs associated with the procurement of renewable energy credits under this Section through an automatic adjustment.

clause tariff under subsection (k) of Section 16-108 of this Act. A utility shall not be required to advance any payment or pay any amounts under this Section that exceed the actual amount of revenues collected by the utility under paragraph (6) of subsection (c) of Section 1-75 of the Illinois Power Agency Act and subsection (k) of Section 16-108 of this Act, and contracts executed under this Section shall expressly incorporate this limitation.

(v) For the public interest, safety, and welfare, the Agency and the Commission may adopt rules to carry out the provisions of this Section on an emergency basis immediately following the effective date of this amendatory Act of the 99th General Assembly.

(vi) On or before July 1 of each year, the Commission shall hold an informal hearing for the purpose of receiving comments on the prior year's procurement process and any recommendations for change.

(c) The procurement process set forth in Section 1-75 of the Illinois Power Agency Act and subsection (e) of this Section shall be administered by a procurement administrator and monitored by a procurement monitor.

(1) The procurement administrator shall:

(i) design the final procurement process in accordance with Section 1-75 of the Illinois Power Agency Act and subsection (e) of this Section following Commission approval of the procurement plan;

(ii) develop benchmarks in accordance with subsection (e)(3) to be used to evaluate bids; these benchmarks shall be submitted to the Commission for review and approval on a confidential basis prior to the procurement event;

(iii) serve as the interface between the electric utility and suppliers;

(iv) manage the bidder pre-qualification and registration process;

(v) obtain the electric utilities' agreement to the final form of all supply contracts and credit collateral agreements;

(vi) administer the request for proposals process;

New matter indicated by italics - deletions by strikeout
(vii) have the discretion to negotiate to determine whether bidders are willing to lower the price of bids that meet the benchmarks approved by the Commission; any post-bid negotiations with bidders shall be limited to price only and shall be completed within 24 hours after opening the sealed bids and shall be conducted in a fair and unbiased manner; in conducting the negotiations, there shall be no disclosure of any information derived from proposals submitted by competing bidders; if information is disclosed to any bidder, it shall be provided to all competing bidders;

(viii) maintain confidentiality of supplier and bidding information in a manner consistent with all applicable laws, rules, regulations, and tariffs;

(ix) submit a confidential report to the Commission recommending acceptance or rejection of bids;

(x) notify the utility of contract counterparties and contract specifics; and

(xi) administer related contingency procurement events.

(2) The procurement monitor, who shall be retained by the Commission, shall:

(i) monitor interactions among the procurement administrator, suppliers, and utility;

(ii) monitor and report to the Commission on the progress of the procurement process;

(iii) provide an independent confidential report to the Commission regarding the results of the procurement event;

(iv) assess compliance with the procurement plans approved by the Commission for each utility that on December 31, 2005 provided electric service to at least 100,000 customers in Illinois and for each small multi-jurisdictional utility that on December 31, 2005 served less than 100,000 customers in Illinois;

(v) preserve the confidentiality of supplier and bidding information in a manner consistent with all applicable laws, rules, regulations, and tariffs;
(vi) provide expert advice to the Commission and consult with the procurement administrator regarding issues related to procurement process design, rules, protocols, and policy-related matters; and

(vii) consult with the procurement administrator regarding the development and use of benchmark criteria, standard form contracts, credit policies, and bid documents.

(d) Except as provided in subsection (j), the planning process shall be conducted as follows:

(1) Beginning in 2008, each Illinois utility procuring power pursuant to this Section shall annually provide a range of load forecasts to the Illinois Power Agency by July 15 of each year, or such other date as may be required by the Commission or Agency. The load forecasts shall cover the 5-year procurement planning period for the next procurement plan and shall include hourly data representing a high-load, low-load, and expected-load scenario for the load of those eligible retail customers included in the plan's electric supply service requirements. The utility shall provide supporting data and assumptions for each of the scenarios.

(2) Beginning in 2008, the Illinois Power Agency shall prepare a procurement plan by August 15th of each year, or such other date as may be required by the Commission. The procurement plan shall identify the portfolio of demand-response and power and energy products to be procured. Cost-effective demand-response measures shall be procured as set forth in item (iii) of subsection (b) of this Section. Copies of the procurement plan shall be posted and made publicly available on the Agency's and Commission's websites, and copies shall also be provided to each affected electric utility. An affected utility shall have 30 days following the date of posting to provide comment to the Agency on the procurement plan. Other interested entities also may comment on the procurement plan. All comments submitted to the Agency shall be specific, supported by data or other detailed analyses, and, if objecting to all or a portion of the procurement plan, accompanied by specific alternative wording or proposals. All comments shall be posted on the Agency's and Commission's websites. During this 30-day comment period, the Agency shall hold at least one public hearing within each utility's service area for the purpose of receiving public comment on the procurement plan.
Within 14 days following the end of the 30-day review period, the Agency shall revise the procurement plan as necessary based on the comments received and file the procurement plan with the Commission and post the procurement plan on the websites.

(3) Within 5 days after the filing of the procurement plan, any person objecting to the procurement plan shall file an objection with the Commission. Within 10 days after the filing, the Commission shall determine whether a hearing is necessary. The Commission shall enter its order confirming or modifying the procurement plan within 90 days after the filing of the procurement plan by the Illinois Power Agency.

(4) The Commission shall approve the procurement plan, including expressly the forecast used in the procurement plan, if the Commission determines that it will ensure adequate, reliable, affordable, efficient, and environmentally sustainable electric service at the lowest total cost over time, taking into account any benefits of price stability.

(e) The procurement process shall include each of the following components:

(1) Solicitation, pre-qualification, and registration of bidders. The procurement administrator shall disseminate information to potential bidders to promote a procurement event, notify potential bidders that the procurement administrator may enter into a post-bid price negotiation with bidders that meet the applicable benchmarks, provide supply requirements, and otherwise explain the competitive procurement process. In addition to such other publication as the procurement administrator determines is appropriate, this information shall be posted on the Illinois Power Agency's and the Commission's websites. The procurement administrator shall also administer the prequalification process, including evaluation of credit worthiness, compliance with procurement rules, and agreement to the standard form contract developed pursuant to paragraph (2) of this subsection (e). The procurement administrator shall then identify and register bidders to participate in the procurement event.

(2) Standard contract forms and credit terms and instruments. The procurement administrator, in consultation with the utilities, the Commission, and other interested parties and subject to Commission oversight, shall develop and provide

New matter indicated by italics - deletions by strikeout
standard contract forms for the supplier contracts that meet generally accepted industry practices. Standard credit terms and instruments that meet generally accepted industry practices shall be similarly developed. The procurement administrator shall make available to the Commission all written comments it receives on the contract forms, credit terms, or instruments. If the procurement administrator cannot reach agreement with the applicable electric utility as to the contract terms and conditions, the procurement administrator must notify the Commission of any disputed terms and the Commission shall resolve the dispute. The terms of the contracts shall not be subject to negotiation by winning bidders, and the bidders must agree to the terms of the contract in advance so that winning bids are selected solely on the basis of price.

(3) Establishment of a market-based price benchmark. As part of the development of the procurement process, the procurement administrator, in consultation with the Commission staff, Agency staff, and the procurement monitor, shall establish benchmarks for evaluating the final prices in the contracts for each of the products that will be procured through the procurement process. The benchmarks shall be based on price data for similar products for the same delivery period and same delivery hub, or other delivery hubs after adjusting for that difference. The price benchmarks may also be adjusted to take into account differences between the information reflected in the underlying data sources and the specific products and procurement process being used to procure power for the Illinois utilities. The benchmarks shall be confidential but shall be provided to, and will be subject to Commission review and approval, prior to a procurement event.

(4) Request for proposals competitive procurement process. The procurement administrator shall design and issue a request for proposals to supply electricity in accordance with each utility's procurement plan, as approved by the Commission. The request for proposals shall set forth a procedure for sealed, binding commitment bidding with pay-as-bid settlement, and provision for selection of bids on the basis of price.

(5) A plan for implementing contingencies in the event of supplier default or failure of the procurement process to fully meet the expected load requirement due to insufficient supplier participation, Commission rejection of results, or any other cause.

New matter indicated by italics - deletions by strikeout
(i) Event of supplier default: In the event of supplier default, the utility shall review the contract of the defaulting supplier to determine if the amount of supply is 200 megawatts or greater, and if there are more than 60 days remaining of the contract term. If both of these conditions are met, and the default results in termination of the contract, the utility shall immediately notify the Illinois Power Agency that a request for proposals must be issued to procure replacement power, and the procurement administrator shall run an additional procurement event. If the contracted supply of the defaulting supplier is less than 200 megawatts or there are less than 60 days remaining of the contract term, the utility shall procure power and energy from the applicable regional transmission organization market, including ancillary services, capacity, and day-ahead or real time energy, or both, for the duration of the contract term to replace the contracted supply; provided, however, that if a needed product is not available through the regional transmission organization market it shall be purchased from the wholesale market.

(ii) Failure of the procurement process to fully meet the expected load requirement: If the procurement process fails to fully meet the expected load requirement due to insufficient supplier participation or due to a Commission rejection of the procurement results, the procurement administrator, the procurement monitor, and the Commission staff shall meet within 10 days to analyze potential causes of low supplier interest or causes for the Commission decision. If changes are identified that would likely result in increased supplier participation, or that would address concerns causing the Commission to reject the results of the prior procurement event, the procurement administrator may implement those changes and rerun the request for proposals process according to a schedule determined by those parties and consistent with Section 1-75 of the Illinois Power Agency Act and this subsection. In any event, a new request for proposals process shall be implemented by the procurement administrator within 90 days.
days after the determination that the procurement process has failed to fully meet the expected load requirement.

(iii) In all cases where there is insufficient supply provided under contracts awarded through the procurement process to fully meet the electric utility's load requirement, the utility shall meet the load requirement by procuring power and energy from the applicable regional transmission organization market, including ancillary services, capacity, and day-ahead or real time energy, or both; provided, however, that if a needed product is not available through the regional transmission organization market it shall be purchased from the wholesale market.

(6) The procurement process described in this subsection is exempt from the requirements of the Illinois Procurement Code, pursuant to Section 20-10 of that Code.

(f) Within 2 business days after opening the sealed bids, the procurement administrator shall submit a confidential report to the Commission. The report shall contain the results of the bidding for each of the products along with the procurement administrator's recommendation for the acceptance and rejection of bids based on the price benchmark criteria and other factors observed in the process. The procurement monitor also shall submit a confidential report to the Commission within 2 business days after opening the sealed bids. The report shall contain the procurement monitor's assessment of bidder behavior in the process as well as an assessment of the procurement administrator's compliance with the procurement process and rules. The Commission shall review the confidential reports submitted by the procurement administrator and procurement monitor, and shall accept or reject the recommendations of the procurement administrator within 2 business days after receipt of the reports.

(g) Within 3 business days after the Commission decision approving the results of a procurement event, the utility shall enter into binding contractual arrangements with the winning suppliers using the standard form contracts; except that the utility shall not be required either directly or indirectly to execute the contracts if a tariff that is consistent with subsection (l) of this Section has not been approved and placed into effect for that utility.

(h) The names of the successful bidders and the load weighted average of the winning bid prices for each contract type and for each
contract term shall be made available to the public at the time of Commission approval of a procurement event. The Commission, the procurement monitor, the procurement administrator, the Illinois Power Agency, and all participants in the procurement process shall maintain the confidentiality of all other supplier and bidding information in a manner consistent with all applicable laws, rules, regulations, and tariffs. Confidential information, including the confidential reports submitted by the procurement administrator and procurement monitor pursuant to subsection (f) of this Section, shall not be made publicly available and shall not be discoverable by any party in any proceeding, absent a compelling demonstration of need, nor shall those reports be admissible in any proceeding other than one for law enforcement purposes.

(i) Within 2 business days after a Commission decision approving the results of a procurement event or such other date as may be required by the Commission from time to time, the utility shall file for informational purposes with the Commission its actual or estimated retail supply charges, as applicable, by customer supply group reflecting the costs associated with the procurement and computed in accordance with the tariffs filed pursuant to subsection (l) of this Section and approved by the Commission.

(j) Within 60 days following August 28, 2007 (the effective date of Public Act 95-481) this amendatory Act, each electric utility that on December 31, 2005 provided electric service to at least 100,000 customers in Illinois shall prepare and file with the Commission an initial procurement plan, which shall conform in all material respects to the requirements of the procurement plan set forth in subsection (b); provided, however, that the Illinois Power Agency Act shall not apply to the initial procurement plan prepared pursuant to this subsection. The initial procurement plan shall identify the portfolio of power and energy products to be procured and delivered for the period June 2008 through May 2009, and shall identify the proposed procurement administrator, who shall have the same experience and expertise as is required of a procurement administrator hired pursuant to Section 1-75 of the Illinois Power Agency Act. Copies of the procurement plan shall be posted and made publicly available on the Commission's website. The initial procurement plan may include contracts for renewable resources that extend beyond May 2009.

(i) Within 14 days following filing of the initial procurement plan, any person may file a detailed objection with the Commission contesting the procurement plan submitted by the
electric utility. All objections to the electric utility's plan shall be specific, supported by data or other detailed analyses. The electric utility may file a response to any objections to its procurement plan within 7 days after the date objections are due to be filed. Within 7 days after the date the utility's response is due, the Commission shall determine whether a hearing is necessary. If it determines that a hearing is necessary, it shall require the hearing to be completed and issue an order on the procurement plan within 60 days after the filing of the procurement plan by the electric utility.

(ii) The order shall approve or modify the procurement plan, approve an independent procurement administrator, and approve or modify the electric utility's tariffs that are proposed with the initial procurement plan. The Commission shall approve the procurement plan if the Commission determines that it will ensure adequate, reliable, affordable, efficient, and environmentally sustainable electric service at the lowest total cost over time, taking into account any benefits of price stability.

(k)(Blank). In order to promote price stability for residential and small commercial customers during the transition to competition in Illinois, and notwithstanding any other provision of this Act, each electric utility subject to this Section shall enter into one or more multi-year financial swap contracts that become effective on the effective date of this amendatory Act. These contracts may be executed with generators and power marketers, including affiliated interests of the electric utility. These contracts shall be for a term of no more than 5 years and shall, for each respective utility or for any Illinois electric utilities that are affiliated by virtue of a common parent company and that are thereby considered a single electric utility for purposes of this subsection (k), not exceed in the aggregate 3,000 megawatts for any hour of the year. The contracts shall be financial contracts and not energy sales contracts. The contracts shall be executed as transactions under a negotiated master agreement based on the form of master agreement for financial swap contracts sponsored by the International Swaps and Derivatives Association, Inc. and shall be considered pre-existing contracts in the utilities' procurement plans for residential and small commercial customers. Costs incurred pursuant to a contract authorized by this subsection (k) shall be deemed prudently incurred and reasonable in amount and the electric utility shall be entitled to full cost recovery pursuant to the tariffs filed with the Commission:

(k-5) (Blank). In order to promote price stability for residential and small commercial customers during the infrastructure investment program described in subsection (b) of Section 16-108.5 of this Act, and notwithstanding any other provision of this Act or the Illinois Power Agency Act, for each electric utility that serves more than one million retail customers in Illinois, the Illinois Power Agency shall conduct a procurement event within 120 days after October 26, 2011 (the effective date of Public Act 97-616) and may procure contracts for energy and renewable energy credits for the period June 1, 2013 through December 31, 2017 that satisfy the requirements of this subsection (k-5), including the benchmarks described in this subsection. These contracts shall be entered into as the result of a competitive procurement event, and, to the extent that any provisions of this Section or the Illinois Power Agency Act do not conflict with this subsection (k-5), such provisions shall apply to the procurement event. The energy contracts shall be for 24 hour by 7 day supply over a term that runs from the first delivery year through December 31, 2017. For a utility that serves over 2 million customers, the energy contracts shall be multi-year with pricing escalating at 2.5% per annum. The energy contracts may be designed as financial swaps or may require physical delivery.

Within 30 days of October 26, 2011 (the effective date of Public Act 97-616), each such utility shall submit to the Agency updated load forecasts for the period June 1, 2013 through December 31, 2017. The megawatt volume of the contracts shall be based on the updated load forecasts of the minimum monthly on-peak or off-peak average load requirements shown in the forecasts, taking into account any existing energy contracts in effect as well as the expected migration of the utility’s customers to alternative retail electric suppliers. The renewable energy credit volume shall be based on the number of credits that would satisfy the requirements of subsection (c) of Section 1-75 of the Illinois Power Agency Act, subject to the rate impact caps and other provisions of subsection (c) of Section 1-75 of the Illinois Power Agency Act. The evaluation of contract bids in the competitive procurement events for energy and for renewable energy credits shall incorporate price benchmarks set collaboratively by the Agency, the procurement administrator, the staff of the Commission, and the procurement monitor. If the contracts are swap contracts, then they shall be executed as transactions under a negotiated master agreement based on the form of master agreement for financial swap contracts sponsored by the

International Swaps and Derivatives Association, Inc. Costs incurred pursuant to a contract authorized by this subsection (k-5) shall be deemed prudently incurred and reasonable in amount and the electric utility shall be entitled to full cost recovery pursuant to the tariffs filed with the Commission.

The cost of administering the procurement event described in this subsection (k-5) shall be paid by the winning supplier or suppliers to the procurement administrator through a supplier fee. In the event that there is no winning supplier for a particular utility, such utility will pay the procurement administrator for the costs associated with the procurement event, and those costs shall not be a recoverable expense. Nothing in this subsection (k-5) is intended to alter the recovery of costs for any other procurement event.

(l) An electric utility shall recover its costs incurred under this Section, including, but not limited to, the costs of procuring power and energy demand-response resources under this Section. The utility shall file with the initial procurement plan its proposed tariffs through which its costs of procuring power that are incurred pursuant to a Commission-approved procurement plan and those other costs identified in this subsection (l), will be recovered. The tariffs shall include a formula rate or charge designed to pass through both the costs incurred by the utility in procuring a supply of electric power and energy for the applicable customer classes with no mark-up or return on the price paid by the utility for that supply, plus any just and reasonable costs that the utility incurs in arranging and providing for the supply of electric power and energy. The formula rate or charge shall also contain provisions that ensure that its application does not result in over or under recovery due to changes in customer usage and demand patterns, and that provide for the correction, on at least an annual basis, of any accounting errors that may occur. A utility shall recover through the tariff all reasonable costs incurred to implement or comply with any procurement plan that is developed and put into effect pursuant to Section 1-75 of the Illinois Power Agency Act and this Section, including any fees assessed by the Illinois Power Agency, costs associated with load balancing, and contingency plan costs. The electric utility shall also recover its full costs of procuring electric supply for which it contracted before the effective date of this Section in conjunction with the provision of full requirements service under fixed-price bundled service tariffs subsequent to December 31, 2006. All such costs shall be deemed to have been prudently incurred. The pass-through

New matter indicated by italics - deletions by strikeout
tariffs that are filed and approved pursuant to this Section shall not be subject to review under, or in any way limited by, Section 16-111(i) of this Act. All of the costs incurred by the electric utility associated with the purchase of zero emission credits in accordance with subsection (d-5) of Section 1-75 of the Illinois Power Agency Act and, beginning June 1, 2017, all of the costs incurred by the electric utility associated with the purchase of renewable energy resources in accordance with Sections 1-56 and 1-75 of the Illinois Power Agency Act, shall be recovered through the electric utility's tariffed charges applicable to all of its retail customers, as specified in subsection (k) of Section 16-108 of this Act, and shall not be recovered through the electric utility's tariffed charges for electric power and energy supply to its eligible retail customers.

(m) The Commission has the authority to adopt rules to carry out the provisions of this Section. For the public interest, safety, and welfare, the Commission also has authority to adopt rules to carry out the provisions of this Section on an emergency basis immediately following August 28, 2007 (the effective date of Public Act 95-481) this amendatory Act.

(n) Notwithstanding any other provision of this Act, any affiliated electric utilities that submit a single procurement plan covering their combined needs may procure for those combined needs in conjunction with that plan, and may enter jointly into power supply contracts, purchases, and other procurement arrangements, and allocate capacity and energy and cost responsibility therefor among themselves in proportion to their requirements.

(o) On or before June 1 of each year, the Commission shall hold an informal hearing for the purpose of receiving comments on the prior year's procurement process and any recommendations for change.

(p) An electric utility subject to this Section may propose to invest, lease, own, or operate an electric generation facility as part of its procurement plan, provided the utility demonstrates that such facility is the least-cost option to provide electric service to those eligible retail customers included in the plan's electric supply service requirements. If the facility is shown to be the least-cost option and is included in a procurement plan prepared in accordance with Section 1-75 of the Illinois Power Agency Act and this Section, then the electric utility shall make a filing pursuant to Section 8-406 of this Act, and may request of the Commission any statutory relief required thereunder. If the Commission grants all of the necessary approvals for the proposed facility, such supply

shall thereafter be considered as a pre-existing contract under subsection (b) of this Section. The Commission shall in any order approving a proposal under this subsection specify how the utility will recover the prudently incurred costs of investing in, leasing, owning, or operating such generation facility through just and reasonable rates charged to those eligible retail customers included in the plan's electric supply service requirements. Cost recovery for facilities included in the utility's procurement plan pursuant to this subsection shall not be subject to review under or in any way limited by the provisions of Section 16-111(i) of this Act. Nothing in this Section is intended to prohibit a utility from filing for a fuel adjustment clause as is otherwise permitted under Section 9-220 of this Act.

(q) If the Illinois Power Agency filed with the Commission, under Section 16-111.5 of this Act, its proposed procurement plan for the period commencing June 1, 2017, and the Commission has not yet entered its final order approving the plan on or before the effective date of this amendatory Act of the 99th General Assembly, then the Illinois Power Agency shall file a notice of withdrawal with the Commission, after the effective date of this amendatory Act of the 99th General Assembly, to withdraw the proposed procurement of renewable energy resources to be approved under the plan, other than the procurement of renewable energy credits from distributed renewable energy generation devices using funds previously collected from electric utilities' retail customers that take service pursuant to electric utilities' hourly pricing tariff or tariffs and, for an electric utility that serves less than 100,000 retail customers in the State, other than the procurement of renewable energy credits from distributed renewable energy generation devices. Upon receipt of the notice, the Commission shall enter an order that approves the withdrawal of the proposed procurement of renewable energy resources from the plan. The initially proposed procurement of renewable energy resources shall not be approved or be the subject of any further hearing, investigation, proceeding, or order of any kind.

This amendatory Act of the 99th General Assembly preempts and supersedes any order entered by the Commission that approved the Illinois Power Agency's procurement plan for the period commencing June 1, 2017, to the extent it is inconsistent with the provisions of this amendatory Act of the 99th General Assembly. To the extent any previously entered order approved the procurement of renewable energy resources, the portion of that order approving the procurement shall be

void, other than the procurement of renewable energy credits from distributed renewable energy generation devices using funds previously collected from electric utilities' retail customers that take service under electric utilities' hourly pricing tariff or tariffs and, for an electric utility that serves less than 100,000 retail customers in the State, other than the procurement of renewable energy credits for distributed renewable energy generation devices.

Sec. 16-111.5B. Provisions relating to energy efficiency procurement.

(a) Procurement Beginning in 2012, procurement plans prepared and filed pursuant to Section 16-111.5 of this Act during the years 2012 through 2015 shall be subject to the following additional requirements:

(1) The analysis included pursuant to paragraph (2) of subsection (b) of Section 16-111.5 shall also include the impact of energy efficiency building codes or appliance standards, both current and projected.

(2) The procurement plan components described in subsection (b) of Section 16-111.5 shall also include an assessment of opportunities to expand the programs promoting energy efficiency measures that have been offered under plans approved pursuant to Section 8-103 of this Act or to implement additional cost-effective energy efficiency programs or measures.

(3) In addition to the information provided pursuant to paragraph (1) of subsection (d) of Section 16-111.5 of this Act, each Illinois utility procuring power pursuant to that Section shall annually provide to the Illinois Power Agency by July 15 of each year, or such other date as may be required by the Commission or Agency, an assessment of cost-effective energy efficiency programs or measures that could be included in the procurement plan. The assessment shall include the following:

(A) A comprehensive energy efficiency potential study for the utility's service territory that was completed within the past 3 years.

(B) Beginning in 2014, the most recent analysis submitted pursuant to Section 8-103A of this Act and
approved by the Commission under subsection (f) of Section 8-103 of this Act.

(C) Identification of new or expanded cost-effective energy efficiency programs or measures that are incremental to those included in energy efficiency and demand-response plans approved by the Commission pursuant to Section 8-103 of this Act and that would be offered to all retail customers whose electric service has not been declared competitive under Section 16-113 of this Act and who are eligible to purchase power and energy from the utility under fixed-price bundled service tariffs, regardless of whether such customers actually do purchase such power and energy from the utility.

(D) Analysis showing that the new or expanded cost-effective energy efficiency programs or measures would lead to a reduction in the overall cost of electric service.

(E) Analysis of how the cost of procuring additional cost-effective energy efficiency measures compares over the life of the measures to the prevailing cost of comparable supply.

(F) An energy savings goal, expressed in megawatt-hours, for the year in which the measures will be implemented.

(G) For each expanded or new program, the estimated amount that the program may reduce the agency's need to procure supply.

In preparing such assessments, a utility shall conduct an annual solicitation process for purposes of requesting proposals from third-party vendors, the results of which shall be provided to the Agency as part of the assessment, including documentation of all bids received. The utility shall develop requests for proposals consistent with the manner in which it develops requests for proposals under plans approved pursuant to Section 8-103 of this Act, which considers input from the Agency and interested stakeholders.

(4) The Illinois Power Agency shall include in the procurement plan prepared pursuant to paragraph (2) of subsection (d) of Section 16-111.5 of this Act energy efficiency programs and

New matter indicated by italics - deletions by strikeout
measures it determines are cost-effective and the associated annual energy savings goal included in the annual solicitation process and assessment submitted pursuant to paragraph (3) of this subsection (a).

(5) Pursuant to paragraph (4) of subsection (d) of Section 16-111.5 of this Act, the Commission shall also approve the energy efficiency programs and measures included in the procurement plan, including the annual energy savings goal, if the Commission determines they fully capture the potential for all achievable cost-effective savings, to the extent practicable, and otherwise satisfy the requirements of Section 8-103 of this Act.

In the event the Commission approves the procurement of additional energy efficiency, it shall reduce the amount of power to be procured under the procurement plan to reflect the additional energy efficiency and shall direct the utility to undertake the procurement of such energy efficiency, which shall not be subject to the requirements of subsection (e) of Section 16-111.5 of this Act. The utility shall consider input from the Agency and interested stakeholders on the procurement and administration process. The requirements set forth in paragraphs (1) through (5) of this subsection (a) shall terminate after the filing of the procurement plan in 2015, and no energy efficiency shall be procured by the Agency thereafter. Energy efficiency programs approved previously under this Section shall terminate no later than December 31, 2017.

(6) An electric utility shall recover its costs incurred under this Section related to the implementation of energy efficiency programs and measures approved by the Commission in its order approving the procurement plan under Section 16-111.5 of this Act, including, but not limited to, all costs associated with complying with this Section and all start-up and administrative costs and the costs for any evaluation, measurement, and verification of the measures, from all retail customers whose electric service has not been declared competitive under Section 16-113 of this Act and who are eligible to purchase power and energy from the utility under fixed-price bundled service tariffs, regardless of whether such customers actually do purchase such power and energy from the utility through the automatic adjustment clause tariff established pursuant to Section 8-103 of

New matter indicated by italics - deletions by strikeout
this Act, provided, however, that the limitations described in
subsection (d) of that Section shall not apply to the costs incurred
pursuant to this Section or Section 16-111.7 of this Act.

(b) For purposes of this Section, the term "energy efficiency" shall
have the meaning set forth in Section 1-10 of the Illinois Power Agency
Act, and the term "cost-effective" shall have the meaning set forth in
subsection (a) of Section 8-103 of this Act.

(c) The changes to this Section made by this amendatory Act of the
99th General Assembly shall not interfere with existing contracts executed
under a Commission order entered under this Section.

(d)(1) For those electric utilities subject to the requirements of
Section 8-103B of this Act, the contracts governing the energy efficiency
programs and measures approved by the Commission in its order
approving the procurement plan for the period June 1, 2016 through May
31, 2017 may be extended through December 31, 2017 so that the energy
efficiency programs subject to such contracts and approved in such plan
continue to be offered during the period June 1, 2017 through December
31, 2017. Each such utility is authorized to increase, on a pro rata basis,
the energy savings goals and budgets approved under this Section to
reflect the additional 7 months of implementation of the energy efficiency
programs and measures.

(2) If the Illinois Power Agency filed with the Commission,
under Section 16-111.5 of this Act, its proposed procurement plan
for the period commencing June 1, 2017, and the Commission has
not yet entered its final order approving such plan on or before the
effective date of this amendatory Act of the 99th General Assembly,
then the Illinois Power Agency shall file a notice of withdrawal
with the Commission to withdraw the proposed energy efficiency
programs to be approved under such plan. Upon receipt of such
notice, the Commission shall enter an order that approves the
withdrawal of all proposed energy efficiency programs from the
plan. The initially proposed energy efficiency programs shall not
be approved or be the subject of any further hearing, investigation,
proceeding, or order of any kind.

(3) This amendatory Act of the 99th General Assembly
preempts and supersedes any order entered by the Commission
that approved the Illinois Power Agency's procurement plan for
the period commencing June 1, 2017, to the extent inconsistent
with the provisions of this amendatory Act of the 99th General

Assembly. To the extent any such previously entered order approved energy efficiency programs under this Section, the portion of such order approving such programs shall be void, and the provisions of paragraph (1) of this subsection (d) shall apply.

Sec. 16-111.7. On-bill financing program; electric utilities.

(a) The Illinois General Assembly finds that Illinois homes and businesses have the potential to save energy through conservation and cost-effective energy efficiency measures. Programs created pursuant to this Section will allow utility customers to purchase cost-effective energy efficiency measures, including measures set forth in a Commission-approved energy efficiency and demand-response plan under Section 8-103 or 8-103B of this Act, with no required initial upfront payment, and to pay the cost of those products and services over time on their utility bill.

(b) Notwithstanding any other provision of this Act, an electric utility serving more than 100,000 customers on January 1, 2009 shall offer a Commission-approved on-bill financing program ("program") that allows its eligible retail customers, as that term is defined in Section 16-111.5 of this Act, who own a residential single family home, duplex, or other residential building with 4 or less units, or condominium at which the electric service is being provided (i) to borrow funds from a third party lender in order to purchase electric energy efficiency measures approved under the program for installation in such home or condominium without any required upfront payment and (ii) to pay back such funds over time through the electric utility's bill. Based upon the process described in subsection (b-5) of this Section, small commercial customers who own the premises at which electric service is being provided may be included in such program. After receiving a request from an electric utility for approval of a proposed program and tariffs pursuant to this Section, the Commission shall render its decision within 120 days. If no decision is rendered within 120 days, then the request shall be deemed to be approved.

Beginning no later than December 31, 2013, an electric utility subject to this subsection (b) shall also offer its program to eligible retail customers that own multifamily residential or mixed-use buildings with no more than 50 residential units, provided, however, that such customers must either be a residential customer or small commercial customer and may not use the program in such a way that repayment of the cost of

New matter indicated by italics - deletions by strikeout
energy efficiency measures is made through tenants' utility bills. An electric utility may impose a per site loan limit not to exceed $150,000. The program, and loans issued thereunder, shall only be offered to customers of the utility that meet the requirements of this Section and that also have an electric service account at the premises where the energy efficiency measures being financed shall be installed. Beginning no later than 2 years after the effective date of this amendatory Act of the 99th General Assembly, the 50 residential unit limitation described in this paragraph shall no longer apply, and the utility shall replace the per site loan limit of $150,000 with a loan limit that correlates to a maximum monthly payment that does not exceed 50% of the customer's average utility bill over the prior 12-month period.

Beginning no later than 2 years after the effective date of this amendatory Act of the 99th General Assembly, an electric utility subject to this subsection (b) shall also offer its program to eligible retail customers that are Unit Owners' Associations, as defined in subsection (o) of Section 2 of the Condominium Property Act, or Master Associations, as defined in subsection (u) of the Condominium Property Act. However, such customers must either be residential customers or small commercial customers and may not use the program in such a way that repayment of the cost of energy efficiency measures is made through unit owners' utility bills. The program and loans issued under the program shall only be offered to customers of the utility that meet the requirements of this Section and that also have an electric service account at the premises where the energy efficiency measures being financed shall be installed.

For purposes of this Section, "small commercial customer" means, for an electric utility serving more than 3,000,000 retail customers, those customers having peak demand of less than 100 kilowatts, and, for an electric utility serving less than 3,000,000 retail customers, those customers having peak demand of less than 150 kilowatts; provided, however, that in the event the Commission, after the effective date of this amendatory Act of the 98th General Assembly, approves changes to a utility's tariffs that reflects new or revised demand criteria for the utility's customer rate classifications, then the utility may file a petition with the Commission to revise the applicable definition of a small commercial customer to reflect the new or revised demand criteria for the purposes of this Section. After notice and hearing, the Commission shall enter an order approving, or approving with modification, the revised definition within 60 days after the utility files the petition.

(b-5) Within 30 days after the effective date of this amendatory Act of the 96th General Assembly, the Commission shall convene a workshop process during which interested participants may discuss issues related to the program, including program design, eligible electric energy efficiency measures, vendor qualifications, and a methodology for ensuring ongoing compliance with such qualifications, financing, sample documents such as request for proposals, contracts and agreements, dispute resolution, pre-installment and post-installment verification, and evaluation. The workshop process shall be completed within 150 days after the effective date of this amendatory Act of the 96th General Assembly.

(c) Not later than 60 days following completion of the workshop process described in subsection (b-5) of this Section, each electric utility subject to subsection (b) of this Section shall submit a proposed program to the Commission that contains the following components:

(1) A list of recommended electric energy efficiency measures that will be eligible for on-bill financing. An eligible electric energy efficiency measure ("measure") shall be a product or service for which one or more of the following is true:

(A) (blank);

(B) the projected electricity savings (determined by rates in effect at the time of purchase) are sufficient to cover the costs of implementing the measures, including finance charges and any program fees not recovered pursuant to subsection (f) of this Section; or

(C) the product or service is included in a Commission-approved energy efficiency and demand-response plan under Section 8-103 or 8-103B of this Act.

(1.5) Beginning no later than 2 years after the effective date of this amendatory Act of the 99th General Assembly, an eligible electric energy efficiency measure (measure) shall be a product or service that qualifies under subparagraph (B) or (C) of paragraph (1) of this subsection (c) or for which one or more of the following is true:

(A) a building energy assessment, performed by an energy auditor who is certified by the Building Performance Institute or who holds a similar certification, has recommended the product or service as likely to be cost effective over the course of its installed life for the building in which the measure is to be installed; or

New matter indicated by italics - deletions by strikeout
(B) the product or service is necessary to safely or correctly install to code or industry standard an efficiency measure, including, but not limited to, installation work; changes needed to plumbing or electrical connections; upgrades to wiring or fixtures; removal of hazardous materials; correction of leaks; changes to thermostats, controls, or similar devices; and changes to venting or exhaust necessitated by the measure. However, the costs of the product or service described in this subparagraph (B) shall not exceed 25% of the total cost of installing the measure.

(2) The electric utility shall issue a request for proposals ("RFP") to lenders for purposes of providing financing to participants to pay for approved measures. The RFP criteria shall include, but not be limited to, the interest rate, origination fees, and credit terms. The utility shall select the winning bidders based on its evaluation of these criteria, with a preference for those bids containing the rates, fees, and terms most favorable to participants;

(3) The utility shall work with the lenders selected pursuant to the RFP process, and with vendors, to establish the terms and processes pursuant to which a participant can purchase eligible electric energy efficiency measures using the financing obtained from the lender. The vendor shall explain and offer the approved financing packaging to those customers identified in subsection (b) of this Section and shall assist customers in applying for financing. As part of the process, vendors shall also provide to participants information about any other incentives that may be available for the measures.

(4) The lender shall conduct credit checks or undertake other appropriate measures to limit credit risk, and shall review and approve or deny financing applications submitted by customers identified in subsection (b) of this Section. Following the lender's approval of financing and the participant's purchase of the measure or measures, the lender shall forward payment information to the electric utility, and the utility shall add as a separate line item on the participant's utility bill a charge showing the amount due under the program each month.

(5) A loan issued to a participant pursuant to the program shall be the sole responsibility of the participant, and any dispute
that may arise concerning the loan's terms, conditions, or charges shall be resolved between the participant and lender. Upon transfer of the property title for the premises at which the participant receives electric service from the utility or the participant's request to terminate service at such premises, the participant shall pay in full its electric utility bill, including all amounts due under the program, provided that this obligation may be modified as provided in subsection (g) of this Section. Amounts due under the program shall be deemed amounts owed for residential and, as appropriate, small commercial electric service.

(6) The electric utility shall remit payment in full to the lender each month on behalf of the participant. In the event a participant defaults on payment of its electric utility bill, the electric utility shall continue to remit all payments due under the program to the lender, and the utility shall be entitled to recover all costs related to a participant's nonpayment through the automatic adjustment clause tariff established pursuant to Section 16-111.8 of this Act. In addition, the electric utility shall retain a security interest in the measure or measures purchased under the program, and the utility retains its right to disconnect a participant that defaults on the payment of its utility bill.

(7) The total outstanding amount financed under the program in this subsection and subsection (c-5) of this Section shall not exceed $2.5 million for an electric utility or electric utilities under a single holding company, provided that the electric utility or electric utilities may petition the Commission for an increase in such amount. Beginning after the effective date of this amendatory Act of the 98th General Assembly, the total maximum outstanding amount financed under the program in this subsection and subsections (c-5) and (c-10) of this Section shall increase by $5,000,000 per year until such time as the total maximum outstanding amount financed reaches $20,000,000. For purposes of this Section, "maximum outstanding amount financed" means the sum of all principal that has been loaned and not yet repaid.

(c-5) Within 120 days after the effective date of this amendatory Act of the 98th General Assembly, each electric utility subject to the requirements of this Section shall submit an informational filing to the Commission that describes its plan for implementing the provisions of this amendatory Act of the 98th General Assembly on or before December 31,
2013. Such filing shall also describe how the electric utility shall coordinate its program with any gas utility or utilities that provide gas service to buildings within the electric utility's service territory so that it is practical and feasible for the owner of a multifamily building to make a single application to access loans for both gas and electric energy efficiency measures in any individual building.

(c-10) No later than 365 days after the effective date of this amendatory Act of the 99th General Assembly, each electric utility subject to the requirements of this Section shall submit an informational filing to the Commission that describes its plan for implementing the provisions of this amendatory Act of the 99th General Assembly that were incorporated into this Section. Such filing shall also include the criteria to be used by the program for determining if measures to be financed are eligible electric energy efficiency measures, as defined by paragraph (1.5) of subsection (c) of this Section.

(d) A program approved by the Commission shall also include the following criteria and guidelines for such program:

(1) guidelines for financing of measures installed under a program, including, but not limited to, RFP criteria and limits on both individual loan amounts and the duration of the loans;

(2) criteria and standards for identifying and approving measures;

(3) qualifications of vendors that will market or install measures, as well as a methodology for ensuring ongoing compliance with such qualifications;

(4) sample contracts and agreements necessary to implement the measures and program; and

(5) the types of data and information that utilities and vendors participating in the program shall collect for purposes of preparing the reports required under subsection (g) of this Section.

(e) The proposed program submitted by each electric utility shall be consistent with the provisions of this Section that define operational, financial and billing arrangements between and among program participants, vendors, lenders, and the electric utility.

(f) An electric utility shall recover all of the prudently incurred costs of offering a program approved by the Commission pursuant to this Section, including, but not limited to, all start-up and administrative costs and the costs for program evaluation. All prudently incurred costs under this Section shall be recovered from the residential and small commercial...

retail customer classes eligible to participate in the program through the automatic adjustment clause tariff established pursuant to Section 8-103 or 8-103B of this Act.

(g) An independent evaluation of a program shall be conducted after 3 years of the program's operation. The electric utility shall retain an independent evaluator who shall evaluate the effects of the measures installed under the program and the overall operation of the program, including, but not limited to, customer eligibility criteria and whether the payment obligation for permanent electric energy efficiency measures that will continue to provide benefits of energy savings should attach to the meter location. As part of the evaluation process, the evaluator shall also solicit feedback from participants and interested stakeholders. The evaluator shall issue a report to the Commission on its findings no later than 4 years after the date on which the program commenced, and the Commission shall issue a report to the Governor and General Assembly including a summary of the information described in this Section as well as its recommendations as to whether the program should be discontinued, continued with modification or modifications or continued without modification, provided that any recommended modifications shall only apply prospectively and to measures not yet installed or financed.

(h) An electric utility offering a Commission-approved program pursuant to this Section shall not be required to comply with any other statute, order, rule, or regulation of this State that may relate to the offering of such program, provided that nothing in this Section is intended to limit the electric utility's obligation to comply with this Act and the Commission's orders, rules, and regulations, including Part 280 of Title 83 of the Illinois Administrative Code.

(i) The source of a utility customer's electric supply shall not disqualify a customer from participation in the utility's on-bill financing program. Customers of alternative retail electric suppliers may participate in the program under the same terms and conditions applicable to the utility's supply customers.

Sec. 16-115D. Renewable portfolio standard for alternative retail electric suppliers and electric utilities operating outside their service territories.

New matter indicated by italics - deletions by strikeout
(a) An alternative retail electric supplier shall be responsible for procuring cost-effective renewable energy resources as required under item (5) of subsection (d) of Section 16-115 of this Act as outlined herein:

(1) The definition of renewable energy resources contained in Section 1-10 of the Illinois Power Agency Act applies to all renewable energy resources required to be procured by alternative retail electric suppliers.

(2) Through May 31, 2017, the quantity of renewable energy resources shall be measured as a percentage of the actual amount of metered electricity (megawatt-hours) delivered by the alternative retail electric supplier to Illinois retail customers during the 12-month period June 1 through May 31, commencing June 1, 2009, and the comparable 12-month period in each year thereafter except as provided in item (6) of this subsection (a).

(3) Through May 31, 2017, the quantity of renewable energy resources shall be in amounts at least equal to the annual percentages set forth in item (1) of subsection (c) of Section 1-75 of the Illinois Power Agency Act. At least 60% of the renewable energy resources procured pursuant to items (1) and through (3) of subsection (b) of this Section shall come from wind generation and, starting June 1, 2015, at least 6% of the renewable energy resources procured pursuant to items (1) and through (3) of subsection (b) of this Section shall come from solar photovoltaics. If, in any given year, an alternative retail electric supplier does not purchase at least these levels of renewable energy resources, then the alternative retail electric supplier shall make alternative compliance payments, as described in subsection (d) of this Section.

(3.5) For the delivery year commencing June 1, 2017, the quantity of renewable energy resources shall be at least 13.0% of the uncovered amount of metered electricity (megawatt-hours) delivered by the alternative retail electric supplier to Illinois retail customers during the delivery year, which uncovered amount shall equal 50% of such metered electricity delivered by the alternative retail electric supplier. For the delivery year commencing June 1, 2018, the quantity of renewable energy resources shall be at least 14.5% of the uncovered amount of metered electricity (megawatt-hours) delivered by the alternative retail electric supplier to Illinois retail customers during the delivery year, which uncovered

New matter indicated by italics - deletions by strikeout
amount shall equal 25% of such metered electricity delivered by the alternative retail electric supplier. At least 32% of the renewable energy resources procured by the alternative retail electric supplier for its uncovered portion under this paragraph (3.5) shall come from wind or photovoltaic generation. The renewable energy resources procured under this paragraph (3.5) shall not include any resources from a facility whose costs were being recovered through rates regulated by any state or states on or after January 1, 2017.

(4) The quantity and source of renewable energy resources shall be independently verified through the PJM Environmental Information System Generation Attribute Tracking System (PJM-GATS) or the Midwest Renewable Energy Tracking System (M-RETS), which shall document the location of generation, resource type, month, and year of generation for all qualifying renewable energy resources that an alternative retail electric supplier uses to comply with this Section. No later than June 1, 2009, the Illinois Power Agency shall provide PJM-GATS, M-RETS, and alternative retail electric suppliers with all information necessary to identify resources located in Illinois, within states that adjoin Illinois or within portions of the PJM and MISO footprint in the United States that qualify under the definition of renewable energy resources in Section 1-10 of the Illinois Power Agency Act for compliance with this Section 16-115D. Alternative retail electric suppliers shall not be subject to the requirements in item (3) of subsection (c) of Section 1-75 of the Illinois Power Agency Act.

(5) All renewable energy credits used to comply with this Section shall be permanently retired.

(6) The required procurement of renewable energy resources by an alternative retail electric supplier shall apply to all metered electricity delivered to Illinois retail customers by the alternative retail electric supplier pursuant to contracts executed or extended after March 15, 2009.

(b) Compliance obligations.

(1) Through May 31, 2017, an alternative retail electric supplier shall comply with the renewable energy portfolio standards by making an alternative compliance payment, as described in subsection (d) of this Section, to cover at least one-
half of the alternative retail electric supplier's compliance obligation for the period prior to June 1, 2017.

(2) For the delivery years beginning June 1, 2017 and June 1, 2018, an alternative retail electric supplier need not make any alternative compliance payment to meet any portion of its compliance obligation, as set forth in paragraph (3.5) of subsection (a) of this Section.

(3) An alternative retail electric supplier shall use and any one or combination of the following means to cover the remainder of the alternative retail electric supplier's compliance obligation, as set forth in paragraphs (3) and (3.5) of subsection (a) of this Section, not covered by an alternative compliance payment made under paragraphs (1) and (2) of this subsection (b) of this Section:

(A) (1) Generating electricity using renewable energy resources identified pursuant to item (4) of subsection (a) of this Section.

(B) (2) Purchasing electricity generated using renewable energy resources identified pursuant to item (4) of subsection (a) of this Section through an energy contract.

(C) (3) Purchasing renewable energy credits from renewable energy resources identified pursuant to item (4) of subsection (a) of this Section.

(D) (4) Making an alternative compliance payment as described in subsection (d) of this Section.

(c) Use of renewable energy credits.

(1) Renewable energy credits that are not used by an alternative retail electric supplier to comply with a renewable portfolio standard in a compliance year may be banked and carried forward up to 2 12-month compliance periods after the compliance period in which the credit was generated for the purpose of complying with a renewable portfolio standard in those 2 subsequent compliance periods. For the 2009-2010 and 2010-2011 compliance periods, an alternative retail electric supplier may use renewable credits generated after December 31, 2008 and before June 1, 2009 to comply with this Section.

(2) An alternative retail electric supplier is responsible for demonstrating that a renewable energy credit used to comply with a renewable portfolio standard is derived from a renewable energy
resource and that the alternative retail electric supplier has not used, traded, sold, or otherwise transferred the credit.

(3) The same renewable energy credit may be used by an alternative retail electric supplier to comply with a federal renewable portfolio standard and a renewable portfolio standard established under this Act. An alternative retail electric supplier that uses a renewable energy credit to comply with a renewable portfolio standard imposed by any other state may not use the same credit to comply with a renewable portfolio standard established under this Act.

(d) Alternative compliance payments.

(1) The Commission shall establish and post on its website, within 5 business days after entering an order approving a procurement plan pursuant to Section 1-75 of the Illinois Power Agency Act, maximum alternative compliance payment rates, expressed on a per kilowatt-hour basis, that will be applicable in the first compliance period following the plan approval. A separate maximum alternative compliance payment rate shall be established for the service territory of each electric utility that is subject to subsection (c) of Section 1-75 of the Illinois Power Agency Act. Each maximum alternative compliance payment rate shall be equal to the maximum allowable annual estimated average net increase due to the costs of the utility's purchase of renewable energy resources included in the amounts paid by eligible retail customers in connection with electric service, as described in item (2) of subsection (c) of Section 1-75 of the Illinois Power Agency Act for the compliance period, and as established in the approved procurement plan. Following each procurement event through which renewable energy resources are purchased for one or more of these utilities for the compliance period, the Commission shall establish and post on its website estimates of the alternative compliance payment rates, expressed on a per kilowatt-hour basis, that shall apply for that compliance period. Posting of the estimates shall occur no later than 10 business days following the procurement event, however, the Commission shall not be required to establish and post such estimates more often than once per calendar month. By July 1 of each year, the Commission shall establish and post on its website the actual alternative compliance payment rates for the preceding compliance year. For compliance
years beginning prior to June 1, 2014, each alternative compliance payment rate shall be equal to the total amount of dollars that the utility contracted to spend on renewable resources, excepting the additional incremental cost attributable to solar resources, for the compliance period divided by the forecasted load of eligible retail customers, at the customers' meters, as previously established in the Commission-approved procurement plan for that compliance year. For compliance years commencing on or after June 1, 2014, each alternative compliance payment rate shall be equal to the total amount of dollars that the utility contracted to spend on all renewable resources for the compliance period divided by the forecasted load of eligible retail customers for which the utility is procuring renewable energy resources in a given delivery year, at the customers' meters, as previously established in the Commission-approved procurement plan for that compliance year. The actual alternative compliance payment rates may not exceed the maximum alternative compliance payment rates established for the compliance period. For purposes of this subsection (d), the term "eligible retail customers" has the same meaning as found in Section 16-111.5 of this Act.

(2) In any given compliance year, an alternative retail electric supplier may elect to use alternative compliance payments to comply with all or a part of the applicable renewable portfolio standard. In the event that an alternative retail electric supplier elects to make alternative compliance payments to comply with all or a part of the applicable renewable portfolio standard, such payments shall be made by September 1, 2010 for the period of June 1, 2009 to May 1, 2010 and by September 1 of each year thereafter for the subsequent compliance period, in the manner and form as determined by the Commission. Any election by an alternative retail electric supplier to use alternative compliance payments is subject to review by the Commission under subsection (e) of this Section.

(3) An alternative retail electric supplier's alternative compliance payments shall be computed separately for each electric utility's service territory within which the alternative retail electric supplier provided retail service during the compliance period, provided that the electric utility was subject to subsection (c) of Section 1-75 of the Illinois Power Agency Act. For each
service territory, the alternative retail electric supplier's alternative compliance payment shall be equal to (i) the actual alternative compliance payment rate established in item (1) of this subsection (d), multiplied by (ii) the actual amount of metered electricity delivered by the alternative retail electric supplier to retail customers for which the supplier has a compliance obligation within the service territory during the compliance period, multiplied by (iii) the result of one minus the ratios of the quantity of renewable energy resources used by the alternative retail electric supplier to comply with the requirements of this Section within the service territory to the product of the percentage of renewable energy resources required under item (3) or (3.5) of subsection (a) of this Section and the actual amount of metered electricity delivered by the alternative retail electric supplier to retail customers for which the supplier has a compliance obligation within the service territory during the compliance period.

(4) Through May 31, 2017, all alternative compliance payments by alternative retail electric suppliers shall be deposited in the Illinois Power Agency Renewable Energy Resources Fund and used to purchase renewable energy credits, in accordance with Section 1-56 of the Illinois Power Agency Act. Beginning April 1, 2012 and by April 1 of each year thereafter, the Illinois Power Agency shall submit an annual report to the General Assembly, the Commission, and alternative retail electric suppliers that shall include, but not be limited to:

(A) the total amount of alternative compliance payments received in aggregate from alternative retail electric suppliers by planning year for all previous planning years in which the alternative compliance payment was in effect;
(B) the amount of those payments utilized to purchased renewable energy credits itemized by the date of each procurement in which the payments were utilized; and
(C) the unused and remaining balance in the Agency Renewable Energy Resources Fund attributable to those payments.

(4.5) Beginning with the delivery year commencing June 1, 2017, all alternative compliance payments by alternative retail
electric suppliers shall be remitted to the applicable electric utility. To facilitate this remittance, each electric utility shall file a tariff with the Commission no later than 30 days following the effective date of this amendatory Act of the 99th General Assembly, which the Commission shall approve, after notice and hearing, no later than 45 days after its filing. The Illinois Power Agency shall use such payments to increase the amount of renewable energy resources otherwise to be procured under subsection (c) of Section 1-75 of the Illinois Power Agency Act.

(5) The Commission, in consultation with the Illinois Power Agency, shall establish a process or proceeding to consider the impact of a federal renewable portfolio standard, if enacted, on the operation of the alternative compliance mechanism, which shall include, but not be limited to, developing, to the extent permitted by the applicable federal statute, an appropriate methodology to apportion renewable energy credits retired as a result of alternative compliance payments made in accordance with this Section. The Commission shall commence any such process or proceeding within 35 days after enactment of a federal renewable portfolio standard.

(e) Each alternative retail electric supplier shall, by September 1, 2010 and by September 1 of each year thereafter, prepare and submit to the Commission a report, in a format to be specified by the Commission on or before December 31, 2009, that provides information certifying compliance by the alternative retail electric supplier with this Section, including copies of all PJM-GATS and M-RETS reports, and documentation relating to banking, retiring renewable energy credits, and any other information that the Commission determines necessary to ensure compliance with this Section.

An alternative retail electric supplier may file commercially or financially sensitive information or trade secrets with the Commission as provided under the rules of the Commission. To be filed confidentially, the information shall be accompanied by an affidavit that sets forth both the reasons for the confidentiality and a public synopsis of the information.

(f) The Commission may initiate a contested case to review allegations that the alternative retail electric supplier has violated this Section, including an order issued or rule promulgated under this Section. In any such proceeding, the alternative retail electric supplier shall have the burden of proof. If the Commission finds, after notice and hearing, that

New matter indicated by italics - deletions by strikeout
an alternative retail electric supplier has violated this Section, then the Commission shall issue an order requiring the alternative retail electric supplier to:

(1) immediately comply with this Section; and
(2) if the violation involves a failure to procure the requisite quantity of renewable energy resources or pay the applicable alternative compliance payment by the annual deadline, the Commission shall require the alternative retail electric supplier to double the applicable alternative compliance payment that would otherwise be required to bring the alternative retail electric supplier into compliance with this Section.

If an alternative retail electric supplier fails to comply with the renewable energy resource portfolio requirement in this Section more than once in a 5-year period, then the Commission shall revoke the alternative electric supplier's certificate of service authority. The Commission shall not accept an application for a certificate of service authority from an alternative retail electric supplier that has lost certification under this subsection (f), or any corporate affiliate thereof, for at least one year after the date of revocation.

(g) All of the provisions of this Section apply to electric utilities operating outside their service area except under item (2) of subsection (a) of this Section the quantity of renewable energy resources shall be measured as a percentage of the actual amount of electricity (megawatt-hours) supplied in the State outside of the utility's service territory during the 12-month period June 1 through May 31, commencing June 1, 2009, and the comparable 12-month period in each year thereafter except as provided in item (6) of subsection (a) of this Section.

If any such utility fails to procure the requisite quantity of renewable energy resources by the annual deadline, then the Commission shall require the utility to double the alternative compliance payment that would otherwise be required to bring the utility into compliance with this Section.

If any such utility fails to comply with the renewable energy resource portfolio requirement in this Section more than once in a 5-year period, then the Commission shall order the utility to cease all sales outside of the utility's service territory for a period of at least one year.

(h) The provisions of this Section and the provisions of subsection (d) of Section 16-115 of this Act relating to procurement of renewable energy resources shall not apply to an alternative retail electric supplier

that operates a combined heat and power system in this State or that has a
corporate affiliate that operates such a combined heat and power system in
this State that supplies electricity primarily to or for the benefit of: (i)
facilities owned by the supplier, its subsidiary, or other corporate affiliate;
(ii) facilities electrically integrated with the electrical system of facilities
owned by the supplier, its subsidiary, or other corporate affiliate; or (iii)
facilities that are adjacent to the site on which the combined heat and
power system is located.

(i) The obligations of alternative retail electric suppliers and
electric utilities operating outside their service territories to procure
renewable energy resources, make alternative compliance payments, and
file annual reports, and the obligations of the Commission to determine
and post alternative compliance payment rates, shall terminate after May
31, 2019, provided that alternative retail electric suppliers and electric
utilities operating outside their service territories shall be obligated to
make all alternative compliance payments that they were obligated to pay
for periods through and including May 31, 2019, but were not paid as of
that date. The Commission shall continue to enforce the payment of
unpaid alternative compliance payments in accordance with subsections
(f) and (g) of this Section. All alternative compliance payments made after
May 31, 2016 shall be remitted to the applicable electric utility and used
to purchase renewable energy credits, in accordance with Section 1-75 of
the Illinois Power Agency Act.

This subsection (i) is intended to accommodate the transition to the
procurement of renewable energy resources for all retail customers in the
amounts specified under subsection (c) of Section 1-75 of the Illinois
Power Agency Act and Section 16-111.5 of this Act, including but not
limited to the transition to a single charge applicable to all retail
customers to recover the costs of these resources. Each alternative retail
electric supplier shall certify in its annual reports filed pursuant to
subsection (e) of this Section after May 31, 2019, that its retail customers
are not paying the costs of alternative compliance payments or renewable
energy resources that the alternative retail electric supplier is not
required to remit or purchase under this Section. The Commission shall
have the authority to initiate an emergency rulemaking to adopt rules
regarding such certification.

Sec. 16-119A. Functional separation.

(a) Within 90 days after the effective date of this amendatory Act of 1997, the Commission shall open a rulemaking proceeding to establish standards of conduct for every electric utility described in subsection (b). To create efficient competition between suppliers of generating services and sellers of such services at retail and wholesale, the rules shall allow all customers of a public utility that distributes electric power and energy to purchase electric power and energy from the supplier of their choice in accordance with the provisions of Section 16-104. In addition, the rules shall address relations between providers of any 2 services described in subsection (b) to prevent undue discrimination and promote efficient competition. Provided, however, that a proposed rule shall not be published prior to May 15, 1999.

(b) The Commission shall also have the authority to investigate the need for, and adopt rules requiring, functional separation between the generation services and the delivery services of those electric utilities whose principal service area is in Illinois as necessary to meet the objective of creating efficient competition between suppliers of generating services and sellers of such services at retail and wholesale. After January 1, 2003, the Commission shall also have the authority to investigate the need for, and adopt rules requiring, functional separation between an electric utility's competitive and non-competitive services.

(b-5) If there is a change in ownership of a majority of the voting capital stock of an electric utility or the ownership or control of any entity that owns or controls a majority of the voting capital stock of an electric utility, the electric utility shall have the right to file with the Commission a new plan. The newly filed plan shall supersede any plan previously approved by the Commission pursuant to this Section for that electric utility, subject to Commission approval. This subsection only applies to the extent that the Commission rules for the functional separation of delivery services and generation services provide an electric utility with the ability to select from 2 or more options to comply with this Section. The electric utility may file its revised plan with the Commission up to one calendar year after the conclusion of the sale, purchase, or any other transfer of ownership described in this subsection. In all other respects, an electric utility must comply with the Commission rules in effect under this Section. The Commission may promulgate rules to implement this subsection. This subsection shall have no legal effect after January 1, 2005.

(c) In establishing or considering the need for rules under subsections (a) and (b), the Commission shall take into account the effects on the cost and reliability of service and the obligation of the utility to provide bundled service under this Act. The Commission shall adopt rules that are a cost effective means to ensure compliance with this Section.

(d) Nothing in this Section shall be construed as imposing any requirements or obligations that are in conflict with federal law.

(e) Notwithstanding anything to the contrary, an electric utility may market and promote the services, rates and programs authorized by Sections 16-107, and 16-108.6 of this Act.

Sec. 16-127. Environmental disclosure.
(a) Effective January 1, 2013, every electric utility and alternative retail electric supplier shall provide the following information, to the maximum extent practicable, to its customers on a quarterly basis:

(i) the known sources of electricity supplied, broken-out by percentages, of biomass power, coal-fired power, hydro power, natural gas-fired power, nuclear power, oil-fired power, solar power, wind power and other resources, respectively;

(ii) a pie chart that graphically depicts the percentages of the sources of the electricity supplied as set forth in subparagraph (i) of this subsection; and

(iii) a pie chart that graphically depicts the quantity of renewable energy resources procured pursuant to Section 1-75 of the Illinois Power Agency Act as a percentage of electricity supplied to serve eligible retail customers as defined in Section 16-111.5(a) of this Act; and

(iv) after May 31, 2017, a pie chart that graphically depicts the quantity of zero emission credits from zero emission facilities procured under Section 1-75 of the Illinois Power Agency Act as a percentage of the actual load of retail customers within its service area.

(b) In addition, every electric utility and alternative retail electric supplier shall provide, to the maximum extent practicable, to its customers on a quarterly basis, a standardized chart in a format to be determined by the Commission in a rule following notice and hearings which provides the amounts of carbon dioxide, nitrogen oxides and sulfur dioxide emissions and nuclear waste attributable to the known sources of

(c) The electric utilities and alternative retail electric suppliers may provide their customers with such other information as they believe relevant to the information required in subsections (a) and (b) of this Section. All of the information required in subsections (a) and (b) of this Section shall be made available by the electric utilities or alternative retail electric suppliers either in an electronic medium, such as on a website or by electronic mail, or through the U.S. Postal Service.

(d) For the purposes of subsection (a) of this Section, "biomass" means dedicated crops grown for energy production and organic wastes.

(220 ILCS 5/16-128A)

Sec. 16-128A. Certification of installers, maintainers, or repairers.

(a) Within 18 months of the effective date of this amendatory Act of the 97th General Assembly, the Commission shall adopt rules, including emergency rules, establishing certification requirements ensuring that entities installing distributed generation facilities are in compliance with the requirements of subsection (a) of Section 16-128 of this Act.

For purposes of this Section, the phrase "entities installing distributed generation facilities" shall include, but not be limited to, all entities that are exempt from the definition of "alternative retail electric supplier" under item (v) of Section 16-102 of this Act. For purposes of this Section, the phrase "self-installer" means an individual who (i) leases or purchases a cogeneration facility for his or her own personal use and (ii) installs such cogeneration or self-generation facility on his or her own premises without the assistance of any other person.

(b) In addition to any authority granted to the Commission under this Act, the Commission is also authorized to: (1) determine which entities are subject to certification under this Section; (2) impose reasonable certification fees and penalties; (3) adopt disciplinary procedures; (4) investigate any and all activities subject to this Section, including violations thereof; (5) adopt procedures to issue or renew, or to refuse to issue or renew, a certification or to revoke, suspend, place on probation, reprimand, or otherwise discipline a certified entity under this Act.

New matter indicated by italics - deletions by strikeout
Act or take other enforcement action against an entity subject to this Section; and (6) prescribe forms to be issued for the administration and enforcement of this Section.

(c) No electric utility shall provide a retail customer with net metering service related to interconnection of that customer's distributed generation facility unless the customer provides the electric utility with (i) a certification that the customer installing the distributed generation facility was a self-installer or (ii) evidence that the distributed generation facility was installed by an entity certified under this Section that is also in good standing with the Commission. For purposes of this subsection, a retail customer includes that customer's employees, officers, and agents. An electric utility shall file a tariff or tariffs with the Commission setting forth the documentation, as specified by Commission rule, that a retail customer must provide to an electric utility. The provisions of this subsection (c) shall apply on or after the effective date of the Commission's rules prescribed pursuant to subsection (a) of this Section.

(d) Within 180 days after the effective date of this amendatory Act of the 97th General Assembly, the Commission shall initiate a rulemaking proceeding to establish certification requirements that shall be applicable to persons or entities that install, maintain, or repair electric vehicle charging stations. The notification and certification requirements of this Section shall only be applicable to individuals or entities that perform work on or within an electric vehicle charging station, including, but not limited to, connection of power to an electric vehicle charging station.

For the purposes of this Section "electric vehicle charging station" means any facility or equipment that is used to charge a battery or other energy storage device of an electric vehicle.

Rules regulating the installation, maintenance, or repair of electric vehicle charging stations, in which the Commission may establish separate requirements based upon the characteristics of electric vehicle charging stations, so long as it is in accordance with the requirements of subsection (a) of Section 16-128 and Section 16-128A of this Act, shall:

(1) establish a certification process for persons or entities that install, maintain, or repair of electric vehicle charging stations;

(2) require persons or entities that install, maintain, or repair electric vehicle stations to be certified to do business and to be bonded in the State;

(3) ensure that persons or entities that install, maintain, or repair electric vehicle charging stations have the requisite
knowledge, skills, training, experience, and competence to perform functions in a safe and reliable manner as required under subsection (a) of Section 16-128 of this Act;

(4) impose reasonable certification fees and penalties on persons or entities that install, maintain, or repair of electric vehicle charging stations for noncompliance of the rules adopted under this subsection;

(5) ensure that all persons or entities that install, maintain, or repair electric vehicle charging stations conform to applicable building and electrical codes;

(6) ensure that all electric vehicle charging stations meet recognized industry standards as the Commission deems appropriate, such as the National Electric Code (NEC) and standards developed or created by the Institute of Electrical and Electronics Engineers (IEEE), the Electric Power Research Institute (EPRI), the Detroit Edison Institute (DTE), the Underwriters Laboratory (UL), the Society of Automotive Engineers (SAE), and the National Institute of Standards and Technology (NIST);

(7) include any additional requirements that the Commission deems reasonable to ensure that persons or entities that install, maintain, or repair electric vehicle charging stations meet adequate training, financial, and competency requirements;

(8) ensure that the obligations required under this Section and subsection (a) of Section 16-128 of this Act are met prior to the interconnection of any electric vehicle charging station;

(9) ensure electric vehicle charging stations installed by a self-installer are not used for any commercial purpose;

(10) establish an inspection procedure for the conversion of electric vehicle charging stations installed by a self-installer if it is determined that the self-installed electric vehicle charging station is being used for commercial purposes;

(11) establish the requirement that all persons or entities that install electric vehicle charging stations shall notify the servicing electric utility in writing of plans to install an electric vehicle charging station and shall notify the servicing electric utility in writing when installation is complete;

(12) ensure that all persons or entities that install, maintain, or repair electric vehicle charging stations obtain certificates of
insurance in sufficient amounts and coverages that the Commission
does determines and, if necessary as determined by the Commission,
names the affected public utility as an additional insured; and
(13) identify and determine the training or other programs
by which persons or entities may obtain the requisite training,
skills, or experience necessary to achieve and maintain compliance
with the requirements set forth in this subsection and subsection (a)
of Section 16-128 to install, maintain, or repair electric vehicle
charging stations.

Within 18 months after the effective date of this amendatory Act of
the 97th General Assembly, the Commission shall adopt rules, and may, if
it deems necessary, adopt emergency rules, for the installation,
maintenance, or repair of electric vehicle charging stations.

All retail customers who own, maintain, or repair an electric
vehicle charging station shall provide the servicing electric utility (i) a
certification that the customer installing the electric vehicle charging
station was a self-installer or (ii) evidence that the electric vehicle charging
station was installed by an entity certified under this subsection (d) that is
also in good standing with the Commission. For purposes of this
subsection (d), a retail customer includes that retail customer's employees,
officers, and agents. If the electric vehicle charging station was not
installed by a self-installer, then the person or entity that plans to install
the electric vehicle charging station shall provide notice to the servicing
electric utility prior to installation and when installation is complete and
provide any other information required by the Commission's rules
established under subsection (d) of this Section. An electric utility shall
file a tariff or tariffs with the Commission setting forth the documentation,
as specified by Commission rule, that a retail customer who owns, uses,
operates, or maintains an electric vehicle charging station must provide to
an electric utility.

For the purposes of this subsection, an electric vehicle charging
station shall constitute a distribution facility or equipment as that term is
used in subsection (a) of Section 16-128 of this Act. The phrase "self-
installer" means an individual who (i) leases or purchases an electric
vehicle charging station for his or her own personal use and (ii) installs an
electric vehicle charging station on his or her own premises without the
assistance of any other person.

New matter indicated by italics - deletions by strikeout
(e) Fees and penalties collected under this Section shall be deposited into the Public Utility Fund and used to fund the Commission's compliance with the obligations imposed by this Section.

(f) The rules established under subsection (d) of this Section shall specify the initial dates for compliance with the rules.

(g) Within 18 months of the effective date of this amendatory Act of the 99th General Assembly, the Commission shall adopt rules, including emergency rules, establishing a process for entities installing a new utility-scale wind project or a new utility-scale solar project to certify compliance with the requirements of this Section. For purposes of this Section, the phrase "entities installing a new utility-scale wind project or a new utility-scale solar project" shall include, but is not limited to, any entity installing new wind projects or new photovoltaic projects as such terms are defined in subsection (c) of Section 1-75 of the Illinois Power Agency Act.

The process shall include an option to complete the certification electronically by completing forms on-line. An entity installing a new utility-scale wind project or a new utility-scale solar project shall be permitted to complete certification after the subject work has been completed. The Commission shall maintain on its website a list of entities installing new utility-scale wind projects or new utility-scale solar projects measures that have successfully completed the certification process.

(h) In addition to any authority granted to the Commission under this Act, the Commission is also authorized to: (1) determine which entities are subject to certification under subsection (g) of this Section; (2) impose reasonable certification fees and penalties; (3) adopt disciplinary procedures; (4) investigate any and all activities subject to subsection (g) or this subsection (h) of this Section, including violations thereof; (5) adopt procedures to issue or renew, or to refuse to issue or renew, a certification or to revoke, suspend, place on probation, reprimand, or otherwise discipline a certified entity under subsection (g) of this Section or take other enforcement action against an entity subject to subsection (g) or this subsection (h) of this Section; (6) prescribe forms to be issued for the administration and enforcement of subsection (g) and this subsection (h) of this Section; and (7) establish requirements to ensure that entities installing a new wind project or a new photovoltaic project have the requisite knowledge, skills, training, experience, and competence to
perform in a safe and reliable manner as required by subsection (a) of Section 16-128 of this Act.

(i) The certification of persons or entities that install, maintain, or repair new wind projects, new photovoltaic projects, distributed generation facilities, and electric vehicle charging stations as set forth in this Section is an exclusive power and function of the State. A home rule unit or other units of local government authority may subject persons or entities that install, maintain, or repair new wind projects, new photovoltaic projects, distributed generation facilities, or electric vehicle charging stations as set forth in this Section to any applicable local licensing, siting, and permitting requirements otherwise permitted under law so long as only Commission-certified persons or entities are authorized to install, maintain, or repair new wind projects, new photovoltaic projects, distributed generation facilities, or electric vehicle charging stations. This Section is a limitation under subsection (h) of Section 6 of Article VII of the Illinois Constitution on the exercise by home rule units of powers and functions exclusively exercised by the State.

Sec. 16-128B. Qualified energy efficiency installers.

(a) Within 18 months after the effective date of this amendatory Act of the 99th General Assembly, the Commission shall adopt rules, including emergency rules, establishing a process for entities installing energy efficiency measures to certify compliance with the requirements of this Section.

The process shall include an option to complete the certification electronically by completing forms on-line. An entity installing energy efficiency measures shall be permitted to complete the certification after the subject work has been completed.

The Commission shall maintain on its website a list of entities installing energy efficiency measures that have successfully completed the certification process.

(b) In addition to any authority granted to the Commission under this Act, the Commission may:

(1) determine which entities are subject to certification under this Section;
(2) impose reasonable certification fees and penalties;
(3) adopt disciplinary procedures;

New matter indicated by italics - deletions by strikeout
(4) investigate any and all activities subject to this Section, including violations thereof;

(5) adopt procedures to issue or renew, or to refuse to issue or renew, a certification or to revoke, suspend, place on probation, reprimand, or otherwise discipline a certified entity under this Act or take other enforcement action against an entity subject to this Section; and

(6) prescribe forms to be issued for the administration and enforcement of this Section.

(c) An electric utility may not provide a retail customer with a rebate or other energy efficiency incentive for a measure that exceeds a minimal amount determined by the Commission unless the customer provides the electric utility with (1) a certification that the person installing the energy efficiency measure was a self-installer; or (2) evidence that the energy efficiency measure was installed by an entity certified under this Section that is also in good standing with the Commission.

(d) The Commission shall:

(1) require entities installing energy efficiency measures to be certified to do business and to be bonded in this State;

(2) ensure that entities installing energy efficiency measures have the requisite knowledge, skill, training, experience, and competence to perform functions in a safe and reliable manner as required under subsection (a) of Section 16-128 of this Act;

(3) ensure that entities installing energy efficiency measures conform to applicable building and electrical codes;

(4) ensure that all entities installing energy efficiency measures meet recognized industry standards as the Commission deems appropriate;

(5) include any additional requirements that the Commission deems reasonable to ensure that entities installing energy efficiency measures meet adequate training, financial, and competency requirements;

(6) ensure that all entities installing energy efficiency measures obtain certificates of insurance in sufficient amounts and coverages that the Commission so determines; and

(7) identify and determine the training or other programs by which persons or entities may obtain the requisite training.
skill, or experience necessary to achieve and maintain compliance with the requirements of this Section.

(e) Fees and penalties collected under this Section shall be deposited into the Public Utility Fund and used to fund the Commission's compliance with the obligations imposed by this Section.

(f) The rules adopted under this Section shall specify the initial dates for compliance with the rules.

(g) For purposes of this Section, entities installing energy efficiency measures shall endeavor to support the diversity goals of this State by attracting, developing, retaining, and providing opportunities to employees of all backgrounds and by supporting female-owned, minority-owned, veteran-owned, and small businesses.

Section 20. The Energy Assistance Act is amended by changing Sections 13 and 18 as follows:

(305 ILCS 20/13)

(a) The Supplemental Low-Income Energy Assistance Fund is hereby created as a special fund in the State Treasury. The Supplemental Low-Income Energy Assistance Fund is authorized to receive moneys from voluntary donations from individuals, foundations, corporations, and other sources, moneys received pursuant to Section 17, and, by statutory deposit, the moneys collected pursuant to this Section. The Fund is also authorized to receive voluntary donations from individuals, foundations, corporations, and other sources, as well as contributions made in accordance with Section 507MM of the Illinois Income Tax Act. Subject to appropriation, the Department shall use moneys from the Supplemental Low-Income Energy Assistance Fund for payments to electric or gas public utilities, municipal electric or gas utilities, and electric cooperatives on behalf of their customers who are participants in the program authorized by Sections 4 and 18 of this Act, for the provision of weatherization services and for administration of the Supplemental Low-Income Energy Assistance Fund. The yearly expenditures for weatherization may not exceed 10% of the amount collected during the year pursuant to this Section. The yearly administrative expenses of the Supplemental Low-Income Energy Assistance Fund may not exceed 10% of the amount collected during that year pursuant to this Section, except when unspent funds from the Supplemental Low-Income Energy Assistance Fund are reallocated from a previous year; any unspent balance

New matter indicated by italics - deletions by strikeout
of the 10% administrative allowance may be utilized for administrative expenses in the year they are reallocated.

(b) Notwithstanding the provisions of Section 16-111 of the Public Utilities Act but subject to subsection (k) of this Section, each public utility, electric cooperative, as defined in Section 3.4 of the Electric Supplier Act, and municipal utility, as referenced in Section 3-105 of the Public Utilities Act, that is engaged in the delivery of electricity or the distribution of natural gas within the State of Illinois shall, effective January 1, 1998, assess each of its customer accounts a monthly Energy Assistance Charge for the Supplemental Low-Income Energy Assistance Fund. The delivering public utility, municipal electric or gas utility, or electric or gas cooperative for a self-assessing purchaser remains subject to the collection of the fee imposed by this Section. The monthly charge shall be as follows:

1. $0.48 per month on each account for residential electric service;
2. $0.48 per month on each account for residential gas service;
3. $4.80 per month on each account for non-residential electric service which had less than 10 megawatts of peak demand during the previous calendar year;
4. $4.80 per month on each account for non-residential gas service which had distributed to it less than 4,000,000 therms of gas during the previous calendar year;
5. $360 per month on each account for non-residential electric service which had 10 megawatts or greater of peak demand during the previous calendar year; and
6. $360 per month on each account for non-residential gas service which had 4,000,000 or more therms of gas distributed to it during the previous calendar year.

The incremental change to such charges imposed by this amendatory Act of the 96th General Assembly shall not (i) be used for any purpose other than to directly assist customers and (ii) be applicable to utilities serving less than 100,000 customers in Illinois on January 1, 2009.

In addition, electric and gas utilities have committed, and shall contribute, a one-time payment of $22 million to the Fund, within 10 days after the effective date of the tariffs established pursuant to Sections 16-111.8 and 19-145 of the Public Utilities Act to be used for the Department's cost of implementing the programs described in Section 18.
of this amendatory Act of the 96th General Assembly, the Arrearage Reduction Program described in Section 18, and the programs described in Section 8-105 of the Public Utilities Act. If a utility elects not to file a rider within 90 days after the effective date of this amendatory Act of the 96th General Assembly, then the contribution from such utility shall be made no later than February 1, 2010.

(c) For purposes of this Section:

1. "residential electric service" means electric utility service for household purposes delivered to a dwelling of 2 or fewer units which is billed under a residential rate, or electric utility service for household purposes delivered to a dwelling unit or units which is billed under a residential rate and is registered by a separate meter for each dwelling unit;

2. "residential gas service" means gas utility service for household purposes distributed to a dwelling of 2 or fewer units which is billed under a residential rate, or gas utility service for household purposes distributed to a dwelling unit or units which is billed under a residential rate and is registered by a separate meter for each dwelling unit;

3. "non-residential electric service" means electric utility service which is not residential electric service; and

4. "non-residential gas service" means gas utility service which is not residential gas service.

(d) Within 30 days after the effective date of this amendatory Act of the 96th General Assembly, each public utility engaged in the delivery of electricity or the distribution of natural gas shall file with the Illinois Commerce Commission tariffs incorporating the Energy Assistance Charge in other charges stated in such tariffs, which shall become effective no later than the beginning of the first billing cycle following such filing.

(e) The Energy Assistance Charge assessed by electric and gas public utilities shall be considered a charge for public utility service.

(f) By the 20th day of the month following the month in which the charges imposed by the Section were collected, each public utility, municipal utility, and electric cooperative shall remit to the Department of Revenue all moneys received as payment of the Energy Assistance Charge on a return prescribed and furnished by the Department of Revenue showing such information as the Department of Revenue may reasonably require; provided, however, that a utility offering an Arrearage Reduction Program or Supplemental Arrearage Reduction Program pursuant to

New matter indicated by italics - deletions by strikeout
Section 18 of this Act shall be entitled to net those amounts necessary to
fund and recover the costs of such Programs Program as authorized by
that Section that is no more than the incremental change in such Energy
Assistance Charge authorized by Public Act 96-33 this amendatory Act of
the 96th General Assembly. If a customer makes a partial payment, a
public utility, municipal utility, or electric cooperative may elect either: (i)
to apply such partial payments first to amounts owed to the utility or
cooperative for its services and then to payment for the Energy Assistance
Charge or (ii) to apply such partial payments on a pro-rata basis between
amounts owed to the utility or cooperative for its services and to payment
for the Energy Assistance Charge.

(g) The Department of Revenue shall deposit into the
Supplemental Low-Income Energy Assistance Fund all moneys remitted to
it in accordance with subsection (f) of this Section; provided, however,
that the amounts remitted by each utility shall be used to provide
assistance to that utility's customers. The utilities shall coordinate with the
Department to establish an equitable and practical methodology for
implementing this subsection (g) beginning with the 2010 program year.

(h) On or before December 31, 2002, the Department shall prepare
a report for the General Assembly on the expenditure of funds
appropriated from the Low-Income Energy Assistance Block Grant Fund
for the program authorized under Section 4 of this Act.

(i) The Department of Revenue may establish such rules as it
deems necessary to implement this Section.

(j) The Department of Commerce and Economic Opportunity may
establish such rules as it deems necessary to implement this Section.

(k) The charges imposed by this Section shall only apply to
customers of municipal electric or gas utilities and electric or gas
cooperatives if the municipal electric or gas utility or electric or gas
cooperative makes an affirmative decision to impose the charge. If a
municipal electric or gas utility or an electric cooperative makes an
affirmative decision to impose the charge provided by this Section, the
municipal electric or gas utility or electric cooperative shall inform the
Department of Revenue in writing of such decision when it begins to
impose the charge. If a municipal electric or gas utility or electric or gas
cooperative does not assess this charge, the Department may not use funds
from the Supplemental Low-Income Energy Assistance Fund to provide
benefits to its customers under the program authorized by Section 4 of this
Act.
In its use of federal funds under this Act, the Department may not cause a disproportionate share of those federal funds to benefit customers of systems which do not assess the charge provided by this Section.

This Section is repealed on January 1, 2025 effective December 31, 2018 unless renewed by action of the General Assembly. The General Assembly shall consider the results of the evaluations described in Section 8 in its deliberations.

(305 ILCS 20/18)
Sec. 18. Financial assistance; payment plans.
(a) The Percentage of Income Payment Plan (PIPP or PIP Plan) is hereby created as a mandatory bill payment assistance program for low-income residential customers of utilities serving more than 100,000 retail customers as of January 1, 2009. The PIP Plan will:

1. bring participants' gas and electric bills into the range of affordability;
2. provide incentives for participants to make timely payments;
3. encourage participants to reduce usage and participate in conservation and energy efficiency measures that reduce the customer's bill and payment requirements; and
4. identify participants whose homes are most in need of weatherization.

(b) For purposes of this Section:
1. "LIHEAP" means the energy assistance program established under the Illinois Energy Assistance Act and the Low-Income Home Energy Assistance Act of 1981.
2. "Plan participant" is an eligible participant who is also eligible for the PIPP and who will receive either a percentage of income payment credit under the PIPP criteria set forth in this Act or a benefit pursuant to Section 4 of this Act. Plan participants are a subset of eligible participants.
3. "Pre-program arrears" means the amount a plan participant owes for gas or electric service at the time the participant is determined to be eligible for the PIPP or the program set forth in Section 4 of this Act.
4. "Eligible participant" means any person who has applied for, been accepted and is receiving residential service from a gas or electric utility and who is also eligible for LIHEAP.

New matter indicated by italics - deletions by strikeout
(c) The PIP Plan shall be administered as follows:

(1) The Department shall coordinate with Local Administrative Agencies (LAAs), to determine eligibility for the Illinois Low Income Home Energy Assistance Program (LIHEAP) pursuant to the Energy Assistance Act, provided that eligible income shall be no more than 150% of the poverty level. Applicants will be screened to determine whether the applicant's projected payments for electric service or natural gas service over a 12-month period exceed the criteria established in this Section. To maintain the financial integrity of the program, the Department may limit eligibility to households with income below 125% of the poverty level.

(2) The Department shall establish the percentage of income formula to determine the amount of a monthly credit, not to exceed $150 per month per household, not to exceed $1,800 annually, that will be applied to PIP Plan participants' utility bills based on the portion of the bill that is the responsibility of the participant provided that the percentage shall be no more than a total of 6% of the relevant income for gas and electric utility bills combined, but in any event no less than $10 per month, unless the household does not pay directly for heat, in which case its payment shall be 2.4% of income but in any event no less than $5 per month. The Department may establish a minimum credit amount based on the cost of administering the program and may deny credits to otherwise eligible participants if the cost of administering the credit exceeds the actual amount of any monthly credit to a participant. If the participant takes both gas and electric service, 66.67% of the credit shall be allocated to the entity that provides the participant's primary energy supply for heating. Each participant shall enter into a levelized payment plan for, as applicable, gas and electric service and such plans shall be implemented by the utility so that a participant's usage and required payments are reviewed and adjusted regularly, but no more frequently than quarterly. Nothing in this Section is intended to prohibit a customer, who is otherwise eligible for LIHEAP, from participating in the program described in Section 4 of this Act. Eligible participants who receive such a benefit shall be considered plan participants and shall be eligible to participate in the

New matter indicated by italics - deletions by strikeout
Arrearage Reduction Program described in item (5) of this subsection (c).

(3) The Department shall remit, through the LAAs, to the utility or participating alternative supplier that portion of the plan participant's bill that is not the responsibility of the participant. In the event that the Department fails to timely remit payment to the utility, the utility shall be entitled to recover all costs related to such nonpayment through the automatic adjustment clause tariffs established pursuant to Section 16-111.8 and Section 19-145 of the Public Utilities Act. For purposes of this item (3) of this subsection (c), payment is due on the date specified on the participant's bill. The Department, the Department of Revenue and LAAs shall adopt processes that provide for the timely payment required by this item (3) of this subsection (c).

(4) A plan participant is responsible for all actual charges for utility service in excess of the PIPP credit. Pre-program arrears that are included in the Arrearage Reduction Program described in item (5) of this subsection (c) shall not be included in the calculation of the levelized payment plan. Emergency or crisis assistance payments shall not affect the amount of any PIPP credit to which a participant is entitled.

(5) Electric and gas utilities subject to this Section shall implement an Arrearage Reduction Program (ARP) for plan participants as follows: for each month that a plan participant timely pays his or her utility bill, the utility shall apply a credit to a portion of the participant's pre-program arrears, if any, equal to one-twelfth of such arrearage provided that the total amount of arrearage credits shall equal no more than $1,000 annually for each participant for gas and no more than $1,000 annually for each participant for electricity. In the third year of the PIPP, the Department, in consultation with the Policy Advisory Council established pursuant to Section 5 of this Act, shall determine by rule an appropriate per participant total cap on such amounts, if any. Those plan participants participating in the ARP shall not be subject to the imposition of any additional late payment fees on pre-program arrears covered by the ARP. In all other respects, the utility shall bill and collect the monthly bill of a plan participant pursuant to the same rules, regulations, programs and policies as applicable to residential customers generally. Participation in the

New matter indicated by italics - deletions by strikeout
Arrearage Reduction Program shall be limited to the maximum amount of funds available as set forth in subsection (f) of Section 13 of this Act. In the event any donated funds under Section 13 of this Act are specifically designated for the purpose of funding the ARP, the Department shall remit such amounts to the utilities upon verification that such funds are needed to fund the ARP. Nothing in this Section shall preclude a utility from continuing to implement, and apply credits under, an ARP in the event that the PIPP or LIHEAP is suspended due to lack of funding such that the plan participant does not receive a benefit under either the PIPP or LIHEAP.

(5.5) In addition to the ARP described in paragraph (5) of this subsection (c), utilities may also implement a Supplemental Arrearage Reduction Program (SARP) for eligible participants who are not able to become plan participants due to PIPP timing or funding constraints. If a utility elects to implement a SARP, it shall be administered as follows: for each month that a SARP participant timely pays his or her utility bill, the utility shall apply a credit to a portion of the participant's pre-program arrears, if any, equal to one-twelfth of such arrearage, provided that the utility may limit the total amount of arrearage credits to no more than $1,000 annually for each participant for gas and no more than $1,000 annually for each participant for electricity. SARP participants shall not be subject to the imposition of any additional late payment fees on pre-program arrears covered by the SARP. In all other respects, the utility shall bill and collect the monthly bill of a SARP participant under the same rules, regulations, programs, and policies as applicable to residential customers generally. Participation in the SARP shall be limited to the maximum amount of funds available as set forth in subsection (f) of Section 13 of this Act. In the event any donated funds under Section 13 of this Act are specifically designated for the purpose of funding the SARP, the Department shall remit such amounts to the utilities upon verification that such funds are needed to fund the SARP.

(6) The Department may terminate a plan participant's eligibility for the PIP Plan upon notification by the utility that the participant's monthly utility payment is more than 45 days past due.

(7) The Department, in consultation with the Policy Advisory Council, may adjust the number of PIP Plan participants

New matter indicated by italics - deletions by strikeout
annually, if necessary, to match the availability of funds from LIHEAP. Any plan participant who qualifies for a PIPP credit under a utility's PIPP shall be entitled to participate in and receive a credit under such utility's ARP for so long as such utility has ARP funds available, regardless of whether the customer's participation under another utility's PIPP or ARP has been curtailed or limited because of a lack of funds.

(8) The Department shall fully implement the PIPP at the earliest possible date it is able to effectively administer the PIPP. Within 90 days of the effective date of this amendatory Act of the 96th General Assembly, the Department shall, in consultation with utility companies, participating alternative suppliers, LAAs and the Illinois Commerce Commission (Commission), issue a detailed implementation plan which shall include detailed testing protocols and analysis of the capacity for implementation by the LAAs and utilities. Such consultation process also shall address how to implement the PIPP in the most cost-effective and timely manner, and shall identify opportunities for relying on the expertise of utilities, LAAs and the Commission. Following the implementation of the testing protocols, the Department shall issue a written report on the feasibility of full or gradual implementation. The PIPP shall be fully implemented by September 1, 2011, but may be phased in prior to that date.

(9) As part of the screening process established under item (1) of this subsection (c), the Department and LAAs shall assess whether any energy efficiency or demand response measures are available to the plan participant at no cost, and if so, the participant shall enroll in any such program for which he or she is eligible. The LAAs shall assist the participant in the applicable enrollment or application process.

(10) Each alternative retail electric and gas supplier serving residential customers shall elect whether to participate in the PIPP or ARP described in this Section. Any such supplier electing to participate in the PIPP shall provide to the Department such information as the Department may require, including, without limitation, information sufficient for the Department to determine the proportionate allocation of credits between the alternative supplier and the utility. If a utility in whose service territory an alternative supplier serves customers contributes money to the

New matter indicated by italics - deletions by strikeout
ARP fund which is not recovered from ratepayers, then an alternative supplier which participates in ARP in that utility's service territory shall also contribute to the ARP fund in an amount that is commensurate with the number of alternative supplier customers who elect to participate in the program.

(d) The Department, in consultation with the Policy Advisory Council, shall develop and implement a program to educate customers about the PIP Plan and about their rights and responsibilities under the percentage of income component. The Department, in consultation with the Policy Advisory Council, shall establish a process that LAAs shall use to contact customers in jeopardy of losing eligibility due to late payments. The Department shall ensure that LAAs are adequately funded to perform all necessary educational tasks.

(e) The PIPP shall be administered in a manner which ensures that credits to plan participants will not be counted as income or as a resource in other means-tested assistance programs for low-income households or otherwise result in the loss of federal or State assistance dollars for low-income households.

(f) In order to ensure that implementation costs are minimized, the Department and utilities shall work together to identify cost-effective ways to transfer information electronically and to employ available protocols that will minimize their respective administrative costs as follows:

1. The Commission may require utilities to provide such information on customer usage and billing and payment information as required by the Department to implement the PIP Plan and to provide written notices and communications to plan participants.

2. Each utility and participating alternative supplier shall file annual reports with the Department and the Commission that cumulatively summarize and update program information as required by the Commission's rules. The reports shall track implementation costs and contain such information as is necessary to evaluate the success of the PIPP.

3. The Department and the Commission shall have the authority to promulgate rules and regulations necessary to execute and administer the provisions of this Section.

(g) Each utility shall be entitled to recover reasonable administrative and operational costs incurred to comply with this Section from the Supplemental Low Income Energy Assistance Fund. The utility

may net such costs against monies it would otherwise remit to the Funds, and each utility shall include in the annual report required under subsection (f) of this Section an accounting for the funds collected.

Section 85. The Public Utilities Act is amended by changing Section 2-202 as follows:

(220 ILCS 5/2-202) (from Ch. 111 2/3, par. 2-202)
Sec. 2-202. Policy; Public Utility Fund; tax.
(a) It is declared to be the public policy of this State that in order to maintain and foster the effective regulation of public utilities under this Act in the interests of the People of the State of Illinois and the public utilities as well, the public utilities subject to regulation under this Act and which enjoy the privilege of operating as public utilities in this State, shall bear the expense of administering this Act by means of a tax on such privilege measured by the annual gross revenue of such public utilities in the manner provided in this Section. For purposes of this Section, "expense of administering this Act" includes any costs incident to studies, whether made by the Commission or under contract entered into by the Commission, concerning environmental pollution problems caused or contributed to by public utilities and the means for eliminating or abating those problems. Such proceeds shall be deposited in the Public Utility Fund in the State treasury.

(b) All of the ordinary and contingent expenses of the Commission incident to the administration of this Act shall be paid out of the Public Utility Fund except the compensation of the members of the Commission which shall be paid from the General Revenue Fund. Notwithstanding other provisions of this Act to the contrary, the ordinary and contingent expenses of the Commission incident to the administration of the Illinois Commercial Transportation Law may be paid from appropriations from the Public Utility Fund through the end of fiscal year 1986.

(c) A tax is imposed upon each public utility subject to the provisions of this Act equal to .08% of its gross revenue for each calendar year commencing with the calendar year beginning January 1, 1982, except that the Commission may, by rule, establish a different rate no greater than 0.1%. For purposes of this Section, "gross revenue" shall not include revenue from the production, transmission, distribution, sale, delivery, or furnishing of electricity. "Gross revenue" shall not include amounts paid by telecommunications retailers under the Telecommunications Infrastructure Maintenance Fee Act.

New matter indicated by italics - deletions by strikeout
(d) Annual gross revenue returns shall be filed in accordance with paragraph (1) or (2) of this subsection (d).

(1) Except as provided in paragraph (2) of this subsection (d), on or before January 10 of each year each public utility subject to the provisions of this Act shall file with the Commission an estimated annual gross revenue return containing an estimate of the amount of its gross revenue for the calendar year commencing January 1 of said year and a statement of the amount of tax due for said calendar year on the basis of that estimate. Public utilities may also file revised returns containing updated estimates and updated amounts of tax due during the calendar year. These revised returns, if filed, shall form the basis for quarterly payments due during the remainder of the calendar year. In addition, on or before March 31 of each year, each public utility shall file an amended return showing the actual amount of gross revenues shown by the company's books and records as of December 31 of the previous year. Forms and instructions for such estimated, revised, and amended returns shall be devised and supplied by the Commission.

(2) Beginning with returns due after January 1, 2002, the requirements of paragraph (1) of this subsection (d) shall not apply to any public utility in any calendar year for which the total tax the public utility owes under this Section is less than $10,000. For such public utilities with respect to such years, the public utility shall file with the Commission, on or before March 31 of the following year, an annual gross revenue return for the year and a statement of the amount of tax due for that year on the basis of such a return. Forms and instructions for such returns and corrected returns shall be devised and supplied by the Commission.

(e) All returns submitted to the Commission by a public utility as provided in this subsection (e) or subsection (d) of this Section shall contain or be verified by a written declaration by an appropriate officer of the public utility that the return is made under the penalties of perjury. The Commission may audit each such return submitted and may, under the provisions of Section 5-101 of this Act, take such measures as are necessary to ascertain the correctness of the returns submitted. The Commission has the power to direct the filing of a corrected return by any utility which has filed an incorrect return and to direct the filing of a return by any utility which has failed to submit a return. A taxpayer's signing a
fraudulent return under this Section is perjury, as defined in Section 32-2 of the Criminal Code of 2012.

(f) (1) For all public utilities subject to paragraph (1) of subsection (d), at least one quarter of the annual amount of tax due under subsection (c) shall be paid to the Commission on or before the tenth day of January, April, July, and October of the calendar year subject to tax. In the event that an adjustment in the amount of tax due should be necessary as a result of the filing of an amended or corrected return under subsection (d) or subsection (e) of this Section, the amount of any deficiency shall be paid by the public utility together with the amended or corrected return and the amount of any excess shall, after the filing of a claim for credit by the public utility, be returned to the public utility in the form of a credit memorandum in the amount of such excess or be refunded to the public utility in accordance with the provisions of subsection (k) of this Section. However, if such deficiency or excess is less than $1, then the public utility need not pay the deficiency and may not claim a credit.

(2) Any public utility subject to paragraph (2) of subsection (d) shall pay the amount of tax due under subsection (c) on or before March 31 next following the end of the calendar year subject to tax. In the event that an adjustment in the amount of tax due should be necessary as a result of the filing of a corrected return under subsection (e), the amount of any deficiency shall be paid by the public utility at the time the corrected return is filed. Any excess tax payment by the public utility shall be returned to it after the filing of a claim for credit, in the form of a credit memorandum in the amount of the excess. However, if such deficiency or excess is less than $1, the public utility need not pay the deficiency and may not claim a credit.

(g) Each installment or required payment of the tax imposed by subsection (c) becomes delinquent at midnight of the date that it is due. Failure to make a payment as required by this Section shall result in the imposition of a late payment penalty, an underestimation penalty, or both, as provided by this subsection. The late payment penalty shall be the greater of:

(1) $25 for each month or portion of a month that the installment or required payment is unpaid or

(2) an amount equal to the difference between what should have been paid on the due date, based upon the most recently filed estimated, annual, or amended return, and what was actually paid, times 1%, for each month or portion of a month that the

installment or required payment goes unpaid. This penalty may be assessed as soon as the installment or required payment becomes delinquent.

The underestimation penalty shall apply to those public utilities subject to paragraph (1) of subsection (d) and shall be calculated after the filing of the amended return. It shall be imposed if the amount actually paid on any of the dates specified in subsection (f) is not equal to at least one-fourth of the amount actually due for the year, and shall equal the greater of:

1. $25 for each month or portion of a month that the amount due is unpaid or
2. an amount equal to the difference between what should have been paid, based on the amended return, and what was actually paid as of the date specified in subsection (f), times a percentage equal to 1/12 of the sum of 10% and the percentage most recently established by the Commission for interest to be paid on customer deposits under 83 Ill. Adm. Code 280.70(e)(1), for each month or portion of a month that the amount due goes unpaid, except that no underestimation penalty shall be assessed if the amount actually paid on or before each of the dates specified in subsection (f) was based on an estimate of gross revenues at least equal to the actual gross revenues for the previous year. The Commission may enforce the collection of any delinquent installment or payment, or portion thereof by legal action or in any other manner by which the collection of debts due the State of Illinois may be enforced under the laws of this State. The executive director or his designee may excuse the payment of an assessed penalty or a portion of an assessed penalty if he determines that enforced collection of the penalty as assessed would be unjust.

(h) All sums collected by the Commission under the provisions of this Section shall be paid promptly after the receipt of the same, accompanied by a detailed statement thereof, into the Public Utility Fund in the State treasury.

(i) During the month of October of each odd-numbered year the Commission shall:

1. determine the amount of all moneys deposited in the Public Utility Fund during the preceding fiscal biennium plus the balance, if any, in that fund at the beginning of that biennium;

New matter indicated by italics - deletions by strikeout
(2) determine the sum total of the following items: (A) all moneys expended or obligated against appropriations made from the Public Utility Fund during the preceding fiscal biennium, plus (B) the sum of the credit memoranda then outstanding against the Public Utility Fund, if any; and

(3) determine the amount, if any, by which the sum determined as provided in item (1) exceeds the amount determined as provided in item (2).

If the amount determined as provided in item (3) of this subsection exceeds 50% of the previous fiscal year's appropriation level, the Commission shall then compute the proportionate amount, if any, which (x) the tax paid hereunder by each utility during the preceding biennium, and (y) the amount paid into the Public Utility Fund during the preceding biennium by the Department of Revenue pursuant to Sections 2-9 and 2-11 of the Electricity Excise Tax Law, bears to the difference between the amount determined as provided in item (3) of this subsection (i) and 50% of the previous fiscal year's appropriation level. The Commission shall cause the proportionate amount determined with respect to payments made under the Electricity Excise Tax Law to be transferred into the General Revenue Fund in the State Treasury, and notify each public utility that it may file during the 3 month period after the date of notification a claim for credit for the proportionate amount determined with respect to payments made hereunder by the public utility. If the proportionate amount is less than $10, no notification will be sent by the Commission, and no right to a claim exists as to that amount. Upon the filing of a claim for credit within the period provided, the Commission shall issue a credit memorandum in such amount to such public utility. Any claim for credit filed after the period provided for in this Section is void.

(i-5) During the month of October of each year the Commission shall:

(1) determine the amount of all moneys expected to be deposited in the Public Utility Fund during the current fiscal year, plus the balance, if any, in that fund at the beginning of that year;

(2) determine the total of all moneys expected to be expended or obligated against appropriations made from the Public Utility Fund during the current fiscal year; and

(3) determine the amount, if any, by which the amount determined in paragraph (2) exceeds the amount determined as provided in paragraph (1).

New matter indicated by italics - deletions by strikeout
If the amount determined as provided in paragraph (3) of this subsection (i-5) results in a deficit, the Commission may assess electric utilities and gas utilities for the difference between the amount appropriated for the ordinary and contingent expenses of the Commission and the amount derived under paragraph (1) of this subsection (i-5). Such proceeds shall be deposited in the Public Utility Fund in the State treasury. The Commission shall apportion that difference among those public utilities on the basis of each utility’s share of the total intrastate gross revenues of the utilities subject to this subsection (i-5). Payments required under this subsection (i-5) shall be made in the time and manner directed by the Commission. The Commission shall permit utilities to recover Illinois Commerce Commission assessments effective pursuant to this subsection through an automatic adjustment mechanism that is incorporated into an existing tariff that recovers costs associated with this Section, or through a supplemental customer charge.

Within 6 months after the first time assessments are made under this subsection (i-5), the Commission shall initiate a docketed proceeding in which it shall consider, in addition to assessments from electric and gas utilities subject to this subsection, the raising of assessments from, or the payment of fees by, water and sewer utilities, entities possessing certificates of service authority as alternative retail electric suppliers under Section 16-115 of this Act, entities possessing certificates of service authority as alternative gas suppliers under Section 19-110 of this Act, and telecommunications carriers providing local exchange telecommunications service or interexchange telecommunications service under sections 13-204 or 13-205 of this Act. The amounts so determined shall be based on the costs to the agency of the exercise of its regulatory and supervisory functions with regard to the different industries and service providers subject to the proceeding. No less often than every 3 years after the end of a proceeding under this subsection (i-5), the Commission shall initiate another proceeding for that purpose.

The Commission may use this apportionment method until the docketed proceeding in which the Commission considers the assessments from other entities subject to its jurisdiction under this Act has concluded. No credit memoranda shall be issued pursuant to subsection (i) if the amount determined as provided in paragraph (3) of this subsection (i-5) results in a deficit.

(j) Credit memoranda issued pursuant to subsection (f) and credit memoranda issued after notification and filing pursuant to subsection (i)
may be applied for the 2 year period from the date of issuance, against the payment of any amount due during that period under the tax imposed by subsection (c), or, subject to reasonable rule of the Commission including requirement of notification, may be assigned to any other public utility subject to regulation under this Act. Any application of credit memoranda after the period provided for in this Section is void.

(k) The chairman or executive director may make refund of fees, taxes or other charges whenever he shall determine that the person or public utility will not be liable for payment of such fees, taxes or charges during the next 24 months and he determines that the issuance of a credit memorandum would be unjust.

PUBLIC ACT 99-0907
(Senate Bill No. 3368)

AN ACT concerning the Secretary of State.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Identification Card Act is amended by changing Sections 4 and 12 as follows:

(15 ILCS 335/4) (from Ch. 124, par. 24)

Sec. 4. Identification Card.
(a) The Secretary of State shall issue a standard Illinois Identification Card to any natural person who is a resident of the State of Illinois who applies for such card, or renewal thereof, or who applies for a standard Illinois Identification Card upon release as a committed person on parole, mandatory supervised release, aftercare release, final discharge, or pardon from the Department of Corrections or Department of Juvenile Justice by submitting an identification card issued by the Department of Corrections or Department of Juvenile Justice under Section 3-14-1 or Section 3-2.5-70 of the Unified Code of Corrections, together with the prescribed fees. No identification card shall be issued to any person who holds a valid foreign state identification card, license, or permit unless the

New matter indicated by italics - deletions by strikeout
person first surrenders to the Secretary of State the valid foreign state identification card, license, or permit. The card shall be prepared and supplied by the Secretary of State and shall include a photograph and signature or mark of the applicant. However, the Secretary of State may provide by rule for the issuance of Illinois Identification Cards without photographs if the applicant has a bona fide religious objection to being photographed or to the display of his or her photograph. The Illinois Identification Card may be used for identification purposes in any lawful situation only by the person to whom it was issued. As used in this Act, "photograph" means any color photograph or digitally produced and captured image of an applicant for an identification card. As used in this Act, "signature" means the name of a person as written by that person and captured in a manner acceptable to the Secretary of State.

(a-5) If an applicant for an identification card has a current driver's license or instruction permit issued by the Secretary of State, the Secretary may require the applicant to utilize the same residence address and name on the identification card, driver's license, and instruction permit records maintained by the Secretary. The Secretary may promulgate rules to implement this provision.

(a-10) If the applicant is a judicial officer as defined in Section 1-10 of the Judicial Privacy Act or a peace officer, the applicant may elect to have his or her office or work address listed on the card instead of the applicant's residence or mailing address. The Secretary may promulgate rules to implement this provision. For the purposes of this subsection (a-10), "peace officer" means any person who by virtue of his or her office or public employment is vested by law with a duty to maintain public order or to make arrests for a violation of any penal statute of this State, whether that duty extends to all violations or is limited to specific violations.

(a-15) The Secretary of State may provide for an expedited process for the issuance of an Illinois Identification Card. The Secretary shall charge an additional fee for the expedited issuance of an Illinois Identification Card, to be set by rule, not to exceed $75. All fees collected by the Secretary for expedited Illinois Identification Card service shall be deposited into the Secretary of State Special Services Fund. The Secretary may adopt rules regarding the eligibility, process, and fee for an expedited Illinois Identification Card. If the Secretary of State determines that the volume of expedited identification card requests received on a given day exceeds the ability of the Secretary to process those requests in an expedited manner, the Secretary may decline to provide expedited
services, and the additional fee for the expedited service shall be refunded to the applicant.

(a-20) The Secretary of State shall issue a standard Illinois Identification Card to a committed person upon release on parole, mandatory supervised release, aftercare release, final discharge, or pardon from the Department of Corrections or Department of Juvenile Justice, if the released person presents a certified copy of his or her birth certificate, social security card or other documents authorized by the Secretary, and 2 documents proving his or her Illinois residence address. Documents proving residence address may include any official document of the Department of Corrections or the Department of Juvenile Justice showing the released person's address after release and a Secretary of State prescribed certificate of residency form, which may be executed by Department of Corrections or Department of Juvenile Justice personnel.

(a-25) The Secretary of State shall issue a limited-term Illinois Identification Card valid for 90 days to a committed person upon release on parole, mandatory supervised release, aftercare release, final discharge, or pardon from the Department of Corrections or Department of Juvenile Justice, if the released person is unable to present a certified copy of his or her birth certificate and social security card or other documents authorized by the Secretary, but does present a Secretary of State prescribed verification form completed by the Department of Corrections or Department of Juvenile Justice, verifying the released person's date of birth and social security number and 2 documents proving his or her Illinois residence address. The verification form must have been completed no more than 30 days prior to the date of application for the Illinois Identification Card. Documents proving residence address shall include any official document of the Department of Corrections or the Department of Juvenile Justice showing the person's address after release and a Secretary of State prescribed certificate of residency, which may be executed by Department of Corrections or Department of Juvenile Justice personnel.

Prior to the expiration of the 90-day period of the limited-term Illinois Identification Card, if the released person submits to the Secretary of State a certified copy of his or her birth certificate and his or her social security card or other documents authorized by the Secretary, a standard Illinois Identification Card shall be issued. A limited-term Illinois Identification Card may not be renewed.

(b) The Secretary of State shall issue a special Illinois Identification Card, which shall be known as an Illinois Person with a Disability Identification Card, to any natural person who is a resident of the State of Illinois, who is a person with a disability as defined in Section 4A of this Act, who applies for such card, or renewal thereof. No Illinois Person with a Disability Identification Card shall be issued to any person who holds a valid foreign state identification card, license, or permit unless the person first surrenders to the Secretary of State the valid foreign state identification card, license, or permit. The Secretary of State shall charge no fee to issue such card. The card shall be prepared and supplied by the Secretary of State, and shall include a photograph and signature or mark of the applicant, a designation indicating that the card is an Illinois Person with a Disability Identification Card, and shall include a comprehensible designation of the type and classification of the applicant's disability as set out in Section 4A of this Act. However, the Secretary of State may provide by rule for the issuance of Illinois Person with a Disability Identification Cards without photographs if the applicant has a bona fide religious objection to being photographed or to the display of his or her photograph. If the applicant so requests, the card shall include a description of the applicant's disability and any information about the applicant's disability or medical history which the Secretary determines would be helpful to the applicant in securing emergency medical care. If a mark is used in lieu of a signature, such mark shall be affixed to the card in the presence of two witnesses who attest to the authenticity of the mark. The Illinois Person with a Disability Identification Card may be used for identification purposes in any lawful situation by the person to whom it was issued.

The Illinois Person with a Disability Identification Card may be used as adequate documentation of disability in lieu of a physician's determination of disability, a determination of disability from a physician assistant, a determination of disability from an advanced practice nurse, or any other documentation of disability whenever any State law requires that a person with a disability provide such documentation of disability, however an Illinois Person with a Disability Identification Card shall not qualify the cardholder to participate in any program or to receive any benefit which is not available to all persons with like disabilities. Notwithstanding any other provisions of law, an Illinois Person with a Disability Identification Card, or evidence that the Secretary of State has issued an Illinois Person with a Disability Identification Card, shall not be
used by any person other than the person named on such card to prove that
the person named on such card is a person with a disability or for any other
purpose unless the card is used for the benefit of the person named on such
card, and the person named on such card consents to such use at the time
the card is so used.

An optometrist's determination of a visual disability under Section
4A of this Act is acceptable as documentation for the purpose of issuing an
Illinois Person with a Disability Identification Card.

When medical information is contained on an Illinois Person with
a Disability Identification Card, the Office of the Secretary of State shall
not be liable for any actions taken based upon that medical information.

(c) The Secretary of State shall provide that each original or
renewal Illinois Identification Card or Illinois Person with a Disability
Identification Card issued to a person under the age of 21 shall be of a
distinct nature from those Illinois Identification Cards or Illinois Person
with a Disability Identification Cards issued to individuals 21 years of age
or older. The color designated for Illinois Identification Cards or Illinois
Person with a Disability Identification Cards for persons under the age of
21 shall be at the discretion of the Secretary of State.

(c-1) Each original or renewal Illinois Identification Card or
Illinois Person with a Disability Identification Card issued to a person
under the age of 21 shall display the date upon which the person becomes
18 years of age and the date upon which the person becomes 21 years of
age.

(c-3) The General Assembly recognizes the need to identify
military veterans living in this State for the purpose of ensuring that they
receive all of the services and benefits to which they are legally entitled,
including healthcare, education assistance, and job placement. To assist
the State in identifying these veterans and delivering these vital services
and benefits, the Secretary of State is authorized to issue Illinois
Identification Cards and Illinois Person with a Disability Identification
Cards with the word "veteran" appearing on the face of the cards. This
authorization is predicated on the unique status of veterans. The Secretary
may not issue any other identification card which identifies an occupation,
status, affiliation, hobby, or other unique characteristics of the
identification card holder which is unrelated to the purpose of the
identification card.

(c-5) Beginning on or before July 1, 2015, the Secretary of State
shall designate a space on each original or renewal identification card

New matter indicated by italics - deletions by strikeout
where, at the request of the applicant, the word "veteran" shall be placed. The veteran designation shall be available to a person identified as a veteran under subsection (b) of Section 5 of this Act who was discharged or separated under honorable conditions.

(d) The Secretary of State may issue a Senior Citizen discount card, to any natural person who is a resident of the State of Illinois who is 60 years of age or older and who applies for such a card or renewal thereof. The Secretary of State shall charge no fee to issue such card. The card shall be issued in every county and applications shall be made available at, but not limited to, nutrition sites, senior citizen centers and Area Agencies on Aging. The applicant, upon receipt of such card and prior to its use for any purpose, shall have affixed thereon in the space provided therefor his signature or mark.

(e) The Secretary of State, in his or her discretion, may designate on each Illinois Identification Card or Illinois Person with a Disability Identification Card a space where the card holder may place a sticker or decal, issued by the Secretary of State, of uniform size as the Secretary may specify, that shall indicate in appropriate language that the card holder has renewed his or her Illinois Identification Card or Illinois Person with a Disability Identification Card.

Section 10. The Unified Code of Corrections is amended by changing Sections 3-2.5-75 and 3-14-1 as follows:

(730 ILCS 5/3-2.5-75)

Sec. 3-2.5-75. Release from Department of Juvenile Justice.

(a) Upon release of a youth on aftercare, the Department shall return all property held for the youth, provide the youth with suitable clothing, and procure necessary transportation for the youth to his or her designated place of residence and employment. It may provide the youth with a grant of money for travel and expenses which may be paid in installments. The amount of the money grant shall be determined by the Department.

(b) Before a wrongfully imprisoned person, as defined in Section 3-1-2 of this Code, is discharged from the Department, the Department shall provide him or her with any documents necessary after discharge; including an identification card under subsection (e) of this Section.

(c) The Department of Juvenile Justice may establish and maintain, in any institution it administers, revolving funds to be known as "Travel and Allowances Revolving Funds". These revolving funds shall be used for advancing travel and expense allowances to committed, released, and discharged youth. The moneys paid into these revolving funds shall be from appropriations to the Department for committed, released, and discharged prisoners.
(d) Upon the release of a youth on aftercare, the Department shall provide that youth with information concerning programs and services of the Department of Public Health to ascertain whether that youth has been exposed to the human immunodeficiency virus (HIV) or any identified causative agent of Acquired Immunodeficiency Syndrome (AIDS).

(e) Upon the release of a youth on aftercare or who has been wrongfully imprisoned, the Department shall verify the youth's full name, date of birth, and social security number. If verification is made by the Department by obtaining a certified copy of the youth's birth certificate and the youth's social security card or other documents authorized by the Secretary, the Department shall provide the birth certificate and social security card or other documents authorized by the Secretary to the youth. If verification is done by means other than obtaining a certified copy of the youth's birth certificate and the youth's social security card or other documents authorized by the Secretary, the Department shall complete a verification form, prescribed by the Secretary of State and shall provide that verification form to the youth. The Department, in consultation with the Office of the Secretary of State, shall prescribe the form of the identification card, which may be similar to the form of the standard Illinois Identification Card. The Department shall inform the youth that he or she may present the identification card to the Office of the Secretary of State upon application for a standard Illinois Identification Card in accordance with the Illinois Identification Card Act. The Department shall require the youth to pay a $1 fee for the identification card.

For purposes of a youth receiving an identification card issued by the Department under this subsection, the Department shall establish criteria that the youth must meet before the card is issued. It is the sole responsibility of the youth requesting the identification card issued by the Department to meet the established criteria. The youth's failure to meet the criteria is sufficient reason to deny the youth the identification card. An identification card issued by the Department under this subsection shall be valid for a period of time not to exceed 30 calendar days from the date the card is issued. The Department shall not be held civilly or criminally liable to anyone because of any act of any person utilizing a card issued by the Department under this subsection:

(730 ILCS 5/3-14-1) (from Ch. 38, par. 1003-14-1)

Sec. 3-14-1. Release from the Institution.
(a) Upon release of a person on parole, mandatory release, final discharge or pardon the Department shall return all property held for him, provide him with suitable clothing and procure necessary transportation for him to his designated place of residence and employment. It may provide such person with a grant of money for travel and expenses which may be paid in installments. The amount of the money grant shall be determined by the Department.

(a-1) The Department shall, before a wrongfully imprisoned person, as defined in Section 3-1-2 of this Code, is discharged from the Department, provide him or her with any documents necessary after discharge, including an identification card under subsection (e) of this Section.

(a-2) The Department of Corrections may establish and maintain, in any institution it administers, revolving funds to be known as "Travel and Allowances Revolving Funds". These revolving funds shall be used for advancing travel and expense allowances to committed, paroled, and discharged prisoners. The moneys paid into such revolving funds shall be from appropriations to the Department for Committed, Paroled, and Discharged Prisoners.

(b) (Blank).

(c) Except as otherwise provided in this Code, the Department shall establish procedures to provide written notification of any release of any person who has been convicted of a felony to the State's Attorney and sheriff of the county from which the offender was committed, and the State's Attorney and sheriff of the county into which the offender is to be paroled or released. Except as otherwise provided in this Code, the Department shall establish procedures to provide written notification to the proper law enforcement agency for any municipality of any release of any person who has been convicted of a felony if the arrest of the offender or the commission of the offense took place in the municipality, if the offender is to be paroled or released into the municipality, or if the offender resided in the municipality at the time of the commission of the offense. If a person convicted of a felony who is in the custody of the Department of Corrections or on parole or mandatory supervised release

informs the Department that he or she has resided, resides, or will reside at an address that is a housing facility owned, managed, operated, or leased by a public housing agency, the Department must send written notification of that information to the public housing agency that owns, manages, operates, or leases the housing facility. The written notification shall, when possible, be given at least 14 days before release of the person from custody, or as soon thereafter as possible. The written notification shall be provided electronically if the State's Attorney, sheriff, proper law enforcement agency, or public housing agency has provided the Department with an accurate and up to date email address.

(c-1) (Blank).

(c-2) The Department shall establish procedures to provide notice to the Department of State Police of the release or discharge of persons convicted of violations of the Methamphetamine Control and Community Protection Act or a violation of the Methamphetamine Precursor Control Act. The Department of State Police shall make this information available to local, State, or federal law enforcement agencies upon request.

(c-5) If a person on parole or mandatory supervised release becomes a resident of a facility licensed or regulated by the Department of Public Health, the Illinois Department of Public Aid, or the Illinois Department of Human Services, the Department of Corrections shall provide copies of the following information to the appropriate licensing or regulating Department and the licensed or regulated facility where the person becomes a resident:

(1) The mittimus and any pre-sentence investigation reports.
(2) The social evaluation prepared pursuant to Section 3-8-2.
(3) Any pre-release evaluation conducted pursuant to subsection (j) of Section 3-6-2.
(4) Reports of disciplinary infractions and dispositions.
(5) Any parole plan, including orders issued by the Prisoner Review Board, and any violation reports and dispositions.
(6) The name and contact information for the assigned parole agent and parole supervisor.
This information shall be provided within 3 days of the person becoming a resident of the facility.

(c-10) If a person on parole or mandatory supervised release becomes a resident of a facility licensed or regulated by the Department of

Public Health, the Illinois Department of Public Aid, or the Illinois Department of Human Services, the Department of Corrections shall provide written notification of such residence to the following:

(1) The Prisoner Review Board.

(2) The chief of police and sheriff in the municipality and county in which the licensed facility is located.

The notification shall be provided within 3 days of the person becoming a resident of the facility.

(d) Upon the release of a committed person on parole, mandatory supervised release, final discharge or pardon, the Department shall provide such person with information concerning programs and services of the Illinois Department of Public Health to ascertain whether such person has been exposed to the human immunodeficiency virus (HIV) or any identified causative agent of Acquired Immunodeficiency Syndrome (AIDS).

(e) Upon the release of a committed person on parole, mandatory supervised release, final discharge, pardon, or who has been wrongfully imprisoned, the Department shall verify the released person's full name, date of birth, and social security number. If verification is made by the Department by obtaining a certified copy of the released person's birth certificate and the released person's social security card or other documents authorized by the Secretary, the Department shall provide the birth certificate and social security card or other documents authorized by the Secretary to the released person. If verification by the Department is done by means other than obtaining a certified copy of the released person's birth certificate and the released person's social security card or other documents authorized by the Secretary, the Department shall complete a verification form, prescribed by the Secretary of State, and shall provide that verification form to the released person. Provide the person who has met the criteria established by the Department with an identification card identifying the person as being on parole, mandatory supervised release, final discharge, pardon, or wrongfully imprisoned, as the case may be. The Department, in consultation with the Office of the Secretary of State, shall prescribe the form of the identification card, which may be similar to the form of the standard Illinois Identification Card. The Department shall inform the committed person that he or she may present the identification card to the Office of the Secretary of State upon application for a standard Illinois Identification Card in accordance
with the Illinois Identification Card Act. The Department shall require the committed person to pay a $1 fee for the identification card.

For purposes of a committed person receiving an identification card issued by the Department under this subsection, the Department shall establish criteria that the committed person must meet before the card is issued. It is the sole responsibility of the committed person requesting the identification card issued by the Department to meet the established criteria. The person's failure to meet the criteria is sufficient reason to deny the committed person the identification card. An identification card issued by the Department under this subsection shall be valid for a period of time not to exceed 30 calendar days from the date the card is issued. The Department shall not be held civilly or criminally liable to anyone because of any act of any person utilizing a card issued by the Department under this subsection.

The Department shall adopt rules governing the issuance of identification cards to committed persons being released on parole, mandatory supervised release, final discharge, or pardon.

(f) Forty-five days prior to the scheduled discharge of a person committed to the custody of the Department of Corrections, the Department shall give the person who is otherwise uninsured an opportunity to apply for health care coverage including medical assistance under Article V of the Illinois Public Aid Code in accordance with subsection (b) of Section 1-8.5 of the Illinois Public Aid Code, and the Department of Corrections shall provide assistance with completion of the application for health care coverage including medical assistance. The Department may adopt rules to implement this Section.

AN ACT concerning revenue.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

New matter indicated by italics - deletions by strikeout
Section 5. The School Code is amended by changing Sections 17-2, 17-2.2a, and 17-2.2c and by adding Section 17-2.2e as follows:

(105 ILCS 5/17-2) (from Ch. 122, par. 17-2)

Sec. 17-2. Tax levies; purposes; rates. Except as otherwise provided in Articles 12 and 13 of this Act, and except as provided in Section 17-2.2e of this Act, the following maximum rates shall apply to all taxes levied after August 10, 1965, in districts having a population of less than 500,000 inhabitants, including those districts organized under Article 11 of the School Code. The school board of any district having a population of less than 500,000 inhabitants may levy a tax annually, at not to exceed the maximum rates and for the specified purposes, upon all the taxable property of the district at the value, as equalized or assessed by the Department of Revenue as follows:

(1) districts maintaining only grades 1 through 8, .92% for educational purposes and .25% for operations and maintenance purposes;

(2) districts maintaining only grades 9 through 12, .92% for educational purposes and .25% for operations and maintenance purposes;

(3) districts maintaining grades 1 through 12, 1.63% for the 1985-86 school year, 1.68% for the 1986-87 school year, 1.75% for the 1987-88 school year and 1.84% for the 1988-89 school year and thereafter for educational purposes and .405% for the 1989-90 school year, .435% for the 1990-91 school year, .465% for the 1991-92 school year, and .50% for the 1992-93 school year and thereafter for operations and maintenance purposes;

(4) all districts, 0.75% for capital improvement purposes (which is in addition to the levy for operations and maintenance purposes), which tax is to be levied, accumulated for not more than 6 years, and spent for capital improvement purposes (including but not limited to the construction of a new school building or buildings or the purchase of school grounds on which any new school building is to be constructed or located, or both) only in accordance with Section 17-2.3 of this Act;

(5) districts maintaining only grades 1 through 8, .12% for transportation purposes, provided that districts maintaining only grades kindergarten through 8 which have an enrollment of at least 2600 students may levy, subject to Section 17-2.2, at not to exceed a maximum rate of .20% for transportation purposes for any school

year in which the number of students requiring transportation in the
district exceeds by at least 2% the number of students requiring
transportation in the district during the preceding school year, as
verified in the district's claim for pupil transportation and
reimbursement and as certified by the State Board of Education to
the county clerk of the county in which such district is located not
later than November 15 following the submission of such claim;
districts maintaining only grades 9 through 12, .12% for
transportation purposes; and districts maintaining grades 1 through
12, .14% for the 1985-86 school year, .16% for the 1986-87 school
year, .18% for the 1987-88 school year and .20% for the 1988-89
school year and thereafter, for transportation purposes;
(6) districts providing summer classes, .15% for
educational purposes, subject to Section 17-2.1 of this Act.
Whenever any special charter school district operating grades 1
through 12, has organized or shall organize under the general school law,
the district so organized may continue to levy taxes at not to exceed the
rate at which taxes were last actually extended by the special charter
district, except that if such rate at which taxes were last actually extended
by such special charter district was less than the maximum rate for districts
maintaining grades 1 through 12 authorized under this Section, such
special charter district nevertheless may levy taxes at a rate not to exceed
the maximum rate for districts maintaining grades 1 through 12 authorized
under this Section, and except that if any such district maintains only
grades 1 through 8, the board may levy, for educational purposes, at a rate
not to exceed the maximum rate for elementary districts authorized under
this Section.
Maximum rates before or after established in excess of those
prescribed shall not be affected by the amendatory Act of 1965.

(105 ILCS 5/17-2.2a) (from Ch. 122, par. 17-2.2a)
Sec. 17-2.2a. (a) Tax for special education programs.
(a) The school board of any district having a population of less
than 500,000 inhabitants may, by proper resolution, levy an annual tax
upon the value as equalized or assessed by the Department of Revenue, for
special education purposes, including the purposes authorized by Section
10-22.31b as follows:

New matter indicated by italics - deletions by strikeout
(1) districts maintaining only grades kindergarten through 8, and prior to July 1, 1970, districts maintaining only grades 1 through 8, .02%;
(2) districts maintaining only grades 9 through 12, .02%;
(3) districts maintaining only grades kindergarten through 12, and prior to July 1, 1970, districts maintaining only grades 1 through 12, .04%.

The revenue raised by such tax shall be used only for special education purposes, including the construction and maintenance of special education facilities.

Upon proper resolution of the school board, the school district may accumulate such funds for special education building purposes for a period of 8 years.

Buildings constructed under the provisions of this Section shall comply with the building code authorized under Section 2-3.12.

If it is no longer feasible or economical to utilize classroom facilities constructed with revenues raised and accumulated by the tax for special education building purposes, the district, or cooperative district by unanimous consent, may with the approval of the regional superintendent of schools and the State Superintendent of Education use such facilities for regular school purposes. The district or cooperative of districts shall make comparable facilities available for special education purposes at another attendance center which is in a more practical location due to the proximity of the students served.

(b) If the school board of any district that has levied the tax authorized by this Section determines that the accumulated funds from such tax and from the $1,000 State reimbursement per professional worker received under Section 14-13.02 are no longer required for special education building purposes, the board may by proper resolution transfer such funds to any other fund to be used for any special education purposes authorized by Article 14. Such transfer shall not be made until after the regional superintendent has certified to the State Superintendent of Education that adequate housing provisions have been made for all children with disabilities residing in the school district.

(c) The tax rate limits specified in this Section may be increased to .40% by districts maintaining only grades kindergarten through 8 or only grades 9 through 12, and to .80% by districts maintaining grades kindergarten through 12, upon the approval of a proposition to effect such increase by a majority of the electors voting on such proposition at a
regular scheduled election. The proposition may be initiated by resolution of the school board and shall be certified by the secretary to the proper election authorities for submission in accordance with the general election law. If at such election a majority of the votes cast on the proposition is in favor thereof, the school board may thereafter until such authority is revoked in like manner levy annually the tax so authorized.

(d) The tax rate limits specified in this Section may also be increased as provided in Section 17-2.2e.

(105 ILCS 5/17-2.2c) (from Ch. 122, par. 17-2.2c)

Sec. 17-2.2c. Tax for leasing educational facilities or computer technology or both, and for temporary relocation expense purposes. The school board of any district, by proper resolution, may levy an annual tax, in addition to any other taxes and not subject to the limitations specified elsewhere in this Article, not to exceed .05% upon the value of the taxable property as equalized or assessed by the Department of Revenue, for the purpose of leasing educational facilities or computer technology or both, and, in order to repay the State all moneys distributed to it for temporary relocation expenses of the district, may levy an annual tax not to exceed .05% upon the value of the taxable property as equalized or assessed by the Department of Revenue for a period not to exceed 7 years for the purpose of providing for the repayment of moneys distributed for temporary relocation expenses of the school district pursuant to Section 2-3.77.

The tax rate limit specified by this Section with respect to an annual tax levied for the purpose of leasing educational facilities or computer technology or both may be increased to .10% upon the approval of a proposition to effect such increase by a majority of the electors voting on that proposition at a regular scheduled election. Such proposition may be initiated by resolution of the school board and shall be certified by the secretary to the proper election authorities for submission in accordance with the general election law.

The tax rate limit specified in this Section may also be increased as provided in Section 17-2.2e.

The district is authorized to pledge any tax levied pursuant to this Section for the purpose of leasing educational facilities or computer technology or both to secure the payment of any lease, lease-purchase agreement, or installment purchase agreement entered into by the district for such purpose.

New matter indicated by italics - deletions by strikeout
For the purposes of this Section, "leasing of educational facilities or computer technology or both" includes any payment with respect to a lease, lease-purchase agreement, or installment purchase agreement to acquire or use buildings, rooms, grounds, and appurtenances to be used by the district for the use of schools or for school administration purposes and all equipment, fixtures, renovations, and improvements to existing facilities of the district necessary to accommodate computers, as well as computer hardware and software.

Any school district may abolish or abate its fund for leasing educational facilities or computer technology or both and for temporary relocation expense purposes upon the adoption of a resolution so providing and upon a determination by the school board that the moneys in the fund are no longer needed for leasing educational facilities or computer technology or both or for temporary relocation expense purposes. The resolution shall direct the transfer of any balance in the fund to another school district fund or funds immediately upon the resolution taking effect. Thereafter, any outstanding taxes of the school district levied pursuant to this Section shall be collected and paid into the fund or funds as directed by the school board. Nothing in this Section shall prevent a school district that has abolished or abated the fund from again creating a fund for leasing educational facilities and for temporary relocation expense purposes in the manner provided in this Section.

(105 ILCS 5/17-2.2e new)

Sec. 17-2.2e. Maximum tax rates. Notwithstanding any other provision of law, beginning in levy year 2016, a school district that contains a federal military installation and is eligible to receive impact aid under Section 8003(b) of the federal Elementary and Secondary Education Act or any successor program may, subject to the restrictions set forth in this Section, levy taxes for any of the following purposes at a rate that exceeds the maximum rate set forth in Section 17-2, Section 17-2.2a, or Section 17-2.2c, as applicable:

(1) for educational purposes;
(2) for operations and maintenance purposes;
(3) for special education programs;
(4) for leasing educational facilities or computer technology or both; or
(5) for transportation purposes.

New matter indicated by italics - deletions by strikeout
If the school district levies a tax for any of the purposes set forth in items (1) through (5) that exceeds the maximum rate set forth for that purpose, it shall first adopt an ordinance setting forth the preliminary tax rates for all purposes for the taxable year and submit those extensions and rates to the county clerk. The tax rates for items (1) through (5), as provided in that ordinance, may not exceed the maximum rates for those purposes set forth in Section 17-2, Section 17-2.2a, or Section 17-2.2c. Upon receiving the tax levy confirmation with the extensions and rates from the county clerk, the district may, at a public hearing, adopt an ordinance adjusting those preliminary tax rates. Notice of the public hearing shall be provided in the form and manner set forth in Sections 18-75 and 18-80 of the Property Tax Code not more than 14 days nor less than 7 days prior to the date of the public hearing. The adjusted tax rates for items (1) through (5) may exceed the maximum rates, provided that the adjusted aggregate tax rate for all purposes may not exceed the aggregate tax rate for all purposes set forth in the ordinance setting forth the preliminary tax rates.

Sec. 4.27a. Act repealed on December 31, 2017. The following Act is repealed on December 31, 2017:

Sec. 4.37. Acts repealed on January 1, 2027. The following Act is repealed on January 1, 2027:
The Clinical Psychologist Licensing Act.

Section 10. The Regulatory Sunset Act is amended by repealing Section 4.26a.

Section 15. The Medical Practice Act of 1987 is amended by changing Section 21 as follows:

Sec. 21. License renewal; reinstatement; inactive status; disposition and collection of fees.

(A) Renewal. The expiration date and renewal period for each license issued under this Act shall be set by rule. The holder of a license may renew the license by paying the required fee. The holder of a license may also renew the license within 90 days after its expiration by complying with the requirements for renewal and payment of an additional fee. A license renewal within 90 days after expiration shall be effective retroactively to the expiration date.

The Department shall attempt to provide through electronic means mail to each licensee under this Act, at his or her address of record, at least 60 days in advance of the expiration date of his or her license, a renewal notice. No such license shall be deemed to have lapsed until 90 days after the expiration date and after the Department has attempted to provide such notice has been mailed by the Department as herein provided.

(B) Reinstatement. Any licensee who has permitted his or her license to lapse or who has had his or her license on inactive status may have his or her license reinstated by making application to the Department and filing proof acceptable to the Department of his or her fitness to have the license reinstated, including evidence certifying to active practice in another jurisdiction satisfactory to the Department, proof of meeting the
continuing education requirements for one renewal period, and by paying the required reinstatement fee.

If the licensee has not maintained an active practice in another jurisdiction satisfactory to the Department, the Licensing Board shall determine, by an evaluation program established by rule, the applicant's fitness to resume active status and may require the licensee to complete a period of evaluated clinical experience and may require successful completion of a practical examination specified by the Licensing Board.

However, any registrant whose license has expired while he or she has been engaged (a) in Federal Service on active duty with the Army of the United States, the United States Navy, the Marine Corps, the Air Force, the Coast Guard, the Public Health Service or the State Militia called into the service or training of the United States of America, or (b) in training or education under the supervision of the United States preliminary to induction into the military service, may have his or her license reinstated without paying any lapsed renewal fees, if within 2 years after honorable termination of such service, training, or education, he or she furnishes to the Department with satisfactory evidence to the effect that he or she has been so engaged and that his or her service, training, or education has been so terminated.

(C) Inactive licenses. Any licensee who notifies the Department, in writing on forms prescribed by the Department, may elect to place his or her license on an inactive status and shall, subject to rules of the Department, be excused from payment of renewal fees until he or she notifies the Department in writing of his or her desire to resume active status.

Any licensee requesting reinstatement from inactive status shall be required to pay the current renewal fee, provide proof of meeting the continuing education requirements for the period of time the license is inactive not to exceed one renewal period, and shall be required to reinstate his or her license as provided in subsection (B).

Any licensee whose license is in an inactive status shall not practice in the State of Illinois.

(D) Disposition of monies collected. All monies collected under this Act by the Department shall be deposited in the Illinois State Medical Disciplinary Fund in the State Treasury, and used only for the following purposes: (a) by the Disciplinary Board and Licensing Board in the exercise of its powers and performance of its duties, as such use is made by the Department with full consideration of all recommendations of the
Disciplinary Board and Licensing Board, (b) for costs directly related to persons licensed under this Act, and (c) for direct and allocable indirect costs related to the public purposes of the Department.

Moneys in the Fund may be transferred to the Professions Indirect Cost Fund as authorized under Section 2105-300 of the Department of Professional Regulation Law (20 ILCS 2105/2105-300).

The State Comptroller shall order and the State Treasurer shall transfer an amount equal to $1,100,000 from the Illinois State Medical Disciplinary Fund to the Local Government Tax Fund on each of the following dates: July 1, 2014, October 1, 2014, January 1, 2015, July 1, 2017, October 1, 2017, and January 1, 2018. These transfers shall constitute repayment of the $6,600,000 transfer made under Section 6z-18 of the State Finance Act.

All earnings received from investment of monies in the Illinois State Medical Disciplinary Fund shall be deposited in the Illinois State Medical Disciplinary Fund and shall be used for the same purposes as fees deposited in such Fund.

(E) Fees. The following fees are nonrefundable.

(1) Applicants for any examination shall be required to pay, either to the Department or to the designated testing service, a fee covering the cost of determining the applicant's eligibility and providing the examination. Failure to appear for the examination on the scheduled date, at the time and place specified, after the applicant's application for examination has been received and acknowledged by the Department or the designated testing service, shall result in the forfeiture of the examination fee.

(2) Before July 1, 2018, the fee for a license under Section 9 of this Act is $700. Beginning on July 1, 2018, the fee for a license under Section 9 of this Act is $500.

(3) Before July 1, 2018, the fee for a license under Section 19 of this Act is $700. Beginning on July 1, 2018, the fee for a license under Section 19 of this Act is $500.

(4) Before July 1, 2018, the fee for the renewal of a license for a resident of Illinois shall be calculated at the rate of $230 per year, and beginning on July 1, 2018, the fee for the renewal of a license shall be $167, except for licensees who were issued a license within 12 months of the expiration date of the license, before July 1, 2018, the fee for the renewal shall be $230, and beginning on July 1, 2018 that fee will be $167. Before July 1,
2018, the fee for the renewal of a license for a nonresident shall be calculated at the rate of $460 per year, and beginning on July 1, 2018, the fee for the renewal of a license for a nonresident shall be $250, except for licensees who were issued a license within 12 months of the expiration date of the license, before July 1, 2018, the fee for the renewal shall be $460, and beginning on July 1, 2018 that fee will be $250.

(5) The fee for the reinstatement of a license other than from inactive status, is $230. In addition, payment of all lapsed renewal fees not to exceed $1,400 is required.

(6) The fee for a 3-year temporary license under Section 17 is $230.

(7) The fee for the issuance of a duplicate license, for the issuance of a replacement license for a license which has been lost or destroyed, or for the issuance of a license with a change of name or address other than during the renewal period is $20. No fee is required for name and address changes on Department records when no duplicate license is issued.

(8) The fee to be paid for a license record for any purpose is $20.

(9) The fee to be paid to have the scoring of an examination, administered by the Department, reviewed and verified, is $20 plus any fees charged by the applicable testing service.

(10) The fee to be paid by a licensee for a wall certificate showing his or her license shall be the actual cost of producing the certificate as determined by the Department.

(11) The fee for a roster of persons licensed as physicians in this State shall be the actual cost of producing such a roster as determined by the Department.

(F) Any person who delivers a check or other payment to the Department that is returned to the Department unpaid by the financial institution upon which it is drawn shall pay to the Department, in addition to the amount already owed to the Department, a fine of $50. The fines imposed by this Section are in addition to any other discipline provided under this Act for unlicensed practice or practice on a nonrenewed license. The Department shall notify the person that payment of fees and fines shall be paid to the Department by certified check or money order within 30 calendar days of the notification. If, after the expiration of 30 days from
the date of the notification, the person has failed to submit the necessary remittance, the Department shall automatically terminate the license or permit or deny the application, without hearing. If, after termination or denial, the person seeks a license or permit, he or she shall apply to the Department for reinstatement or issuance of the license or permit and pay all fees and fines due to the Department. The Department may establish a fee for the processing of an application for reinstatement of a license or permit to pay all expenses of processing this application. The Secretary may waive the fines due under this Section in individual cases where the Secretary finds that the fines would be unreasonable or unnecessarily burdensome.

Section 20. The Illinois Optometric Practice Act of 1987 is amended by changing Sections 3, 9, 10, 11, 14, 15.1, 18, 20, 21, 24, 26.2, 26.6, 26.7, 26.8, 26.15, and 27 and by adding Sections 9.5, 15.3, and 30 as follows:

Sec. 3. Practice of optometry defined; referrals; manufacture of lenses and prisms.

(a) The practice of optometry is defined as the employment of any and all means for the examination, diagnosis, and treatment of the human visual system, the human eye, and its appendages without the use of surgery, including, but not limited to: the appropriate use of ocular pharmaceutical agents; refraction and other determinants of visual function; prescribing corrective lenses or prisms; prescribing, dispensing, or management of contact lenses; vision therapy; visual rehabilitation; or any other procedures taught in schools and colleges of optometry approved by the Department, and not specifically restricted in this Act, subject to demonstrated competency and training as required by the Board, and pursuant to rule or regulation approved by the Board and adopted by the Department.

A person shall be deemed to be practicing optometry within the meaning of this Act who:

(1) In any way presents himself or herself to be qualified to practice optometry.

(2) Performs refractions or employs any other determinants of visual function.

New matter indicated by italics - deletions by strikeout
(3) Employs any means for the adaptation of lenses or prisms.

(4) Prescribes corrective lenses, prisms, vision therapy, visual rehabilitation, or ocular pharmaceutical agents.

(5) Prescribes or manages contact lenses for refractive, cosmetic, or therapeutic purposes.

(6) Evaluates the need for, or prescribes, low vision aids to partially sighted persons.

(7) Diagnoses or treats any ocular abnormality, disease, or visual or muscular anomaly of the human eye or visual system.

(8) Practices, or offers or attempts to practice, optometry as defined in this Act either on his or her own behalf or as an employee of a person, firm, or corporation, whether under the supervision of his or her employer or not.

Nothing in this Section shall be interpreted (A) to prevent a person from functioning as an assistant under the direct supervision of a person licensed by the State of Illinois to practice optometry or medicine in all of its branches or (B) to prohibit visual screening programs that are conducted without a fee (other than voluntary donations), by charitable organizations acting in the public welfare under the supervision of a committee composed of persons licensed by the State of Illinois to practice optometry or persons licensed by the State of Illinois to practice medicine in all of its branches.

(b) When, in the course of providing optometric services to any person, an optometrist licensed under this Act finds an indication of a disease or condition of the eye which in his or her professional judgment requires professional service outside the scope of practice as defined in this Act, he or she shall refer such person to a physician licensed to practice medicine in all of its branches, or other appropriate health care practitioner. Nothing in this Act shall preclude an optometrist from rendering appropriate nonsurgical emergency care.

(c) Nothing contained in this Section shall prohibit a person from manufacturing ophthalmic lenses and prisms or the fabrication of contact lenses according to the specifications prescribed by an optometrist or a physician licensed to practice medicine in all of its branches, but shall specifically prohibit (1) the sale or delivery of ophthalmic lenses, prisms, and contact lenses without a prescription signed by an optometrist or a physician licensed to practice medicine in all of its branches and (2) the dispensing of contact lenses by anyone other than a licensed optometrist,

licensed pharmacist, or a physician licensed to practice medicine in all of its branches. For the purposes of this Act, "contact lenses" include, but are not limited to, contact lenses with prescriptive power and decorative and plano power contact lenses. Nothing in this Section shall prohibit the sale of contact lenses by an optical firm or corporation primarily engaged in manufacturing or dealing in eyeglasses or contact lenses with an affiliated optometrist who practices and is licensed or has an ancillary registration for the location where the sale occurs.

(d) Nothing in this Act shall restrict the filling of a prescription by a pharmacist licensed under the Pharmacy Practice Act.

(e) Nothing in this Act shall be construed to restrict the dispensing and sale by an optometrist of ocular devices, such as contact lenses, that contain and deliver ocular pharmaceutical agents permitted for use or prescription under this Act.

(f) On and after January 1, 2018, nothing in this Act shall prohibit an optometrist who is certified by a school of optometry approved by the Department from performing advanced optometric procedures, pursuant to educational requirements established by rule, that are consistent with the recommendations of the Collaborative Optometric/Ophthalmological Task Force created in Section 15.3 of this Act and that are taught (1) at an accredited, private 4-year school of optometry that is located in a city in Illinois with a population in excess of 1,500,000, or (2) at a school of optometry with a curriculum that is substantially similar to the curriculum taught at the school of optometry described in item (1) of this subsection. Advanced optometric procedures do not include the use of lasers.

Sec. 9. Definitions. In this Act:

(1) "Department" means the Department of Financial and Professional Regulation.

(2) "Secretary" means the Secretary of Financial and Professional Regulation.

(3) "Board" means the Illinois Optometric Licensing and Disciplinary Board appointed by the Secretary.

(4) "License" means the document issued by the Department authorizing the person named thereon to practice optometry.

(5) (Blank).

New matter indicated by italics - deletions by strikeout
(6) "Direct supervision" means supervision of any person assisting an optometrist, requiring that the optometrist authorize the procedure, remain in the facility while the procedure is performed, approve the work performed by the person assisting before dismissal of the patient, but does not mean that the optometrist must be present with the patient, during the procedure. For the dispensing of contact lenses, "direct supervision" means that the optometrist is responsible for training the person assisting the optometrist in the dispensing or sale of contact lenses, but does not mean that the optometrist must be present in the facility where he or she practices under a license or ancillary registration at the time the contacts are dispensed or sold.

(7) "Address of record" means the designated address recorded by the Department in the applicant's application file or the licensee's license file maintained by the Department's licensure maintenance unit.

Sec. 10. Powers and duties of Department; rules; report. The Department shall exercise the powers and duties prescribed by the Civil Administrative Code of Illinois for the administration of Licensing Acts and shall exercise such other powers and duties necessary for effectuating the purpose of this Act.

The Secretary shall promulgate Rules consistent with the provisions of this Act, for the administration and enforcement thereof and may prescribe forms that shall be issued in connection therewith. The rules shall include standards and criteria for licensure and certification, and professional conduct and discipline.

The Department shall consult with the Board in promulgating rules. Notice of proposed rulemaking shall be transmitted to the Board and the Department shall review the Board's responses and any recommendations made therein. The Department shall notify the Board in writing with explanations of deviations from the Board's recommendations.

Sec. 11. Optometric Licensing and Disciplinary Board. The Secretary shall appoint an Illinois Optometric Licensing and Disciplinary Board as follows: Seven persons who shall be appointed by and shall serve in an advisory capacity to the Secretary. Five members must be lawfully and actively engaged in the practice of optometry in this State, one member shall be a licensed optometrist, with a full-time faculty appointment with the Illinois College of Optometry, and one member must be a member of the public who shall be a voting member and is not licensed under this Act, or a similar Act of another jurisdiction, or have any connection with the profession. Neither the public member nor the faculty member shall participate in the preparation or administration of the examination of applicants for licensure.

Members shall serve 4-year terms and until their successors are appointed and qualified. No member shall be appointed to the Board for more than 2 successive 4-year terms, not counting any partial terms when appointed to fill the unexpired portion of a vacated term. Appointments to fill vacancies shall be made in the same manner as original appointments, for the unexpired portion of the vacated term.

The Board shall annually elect a chairperson and a vice-chairperson, both of whom shall be licensed optometrists.

The membership of the Board should reasonably reflect representation from the geographic areas in this State.

A majority of the Board members currently appointed shall constitute a quorum. A vacancy in the membership of the Board shall not impair the right of a quorum to perform all of the duties of the Board.

The Secretary may terminate the appointment of any member for cause.

The members of the Board shall be reimbursed for all authorized legitimate and necessary expenses incurred in attending the meetings of the Board.

Members of the Board shall have no liability in any action based upon any disciplinary proceeding or other activity performed in good faith as a member of the Board.

New matter indicated by italics - deletions by strikeout
The Secretary shall give due consideration to all recommendations of the Board, and in the event that the Secretary disagrees with or takes action contrary to the recommendation of the Board, he or she shall provide the Board with a written and specific explanation of this action. None of the functions, powers or duties of the Department with respect to policy matters relating to licensure, discipline, and examination, including the promulgation of such rules as may be necessary for the administration of this Act, shall be exercised by the Department except upon review of the Board.

Without, in any manner, limiting the power of the Department to conduct investigations, the Board may recommend to the Secretary that one or more licensed optometrists be selected by the Secretary to conduct or assist in any investigation pursuant to this Act. Such licensed optometrist may receive remuneration as determined by the Secretary.

Sec. 14. A person shall be qualified for initial licensure as an optometrist if that person has applied in writing in form and substance satisfactory to the Department and who:

1. (blank) has not been convicted of any of the provisions of Section 24 of this Act which would be grounds for discipline under this Act;

2. has graduated, after January 1, 1994, from a program of optometry education approved by the Department or has graduated, prior to January 1, 1994, and has met substantially equivalent criteria established by the Department;

3. (blank); and

4. has met all examination requirements including the passage of a nationally recognized examination authorized by the Department. Each applicant shall be tested on theoretical knowledge and clinical practice skills.

Sec. 15.1. Diagnostic and therapeutic authority.

(a) For purposes of the Act, "ocular pharmaceutical agents" means topical anesthetics, topical mydriatics, topical cycloplegics, topical miotics and mydriatic reversing agents, anti-infective agents, anti-allergy agents, anti-inflammatory agents, and antihistamine agents.
anti-glaucoma agents (except oral carbonic anhydrase inhibitors, which may be prescribed only in a quantity sufficient to provide treatment for up to 30 days 72 hours), anti-inflammatory agents (except oral steroids, which may be prescribed only in a quantity sufficient to provide treatment for up to 7 days), over-the-counter agents, analgesic agents, anti-dry eye agents, and agents for the treatment of hypotrichosis.

(a-3) In addition to ocular pharmaceutical agents that fall within the categories set forth in subsection (a) of this Section, the Board may add a pharmaceutical agent approved by the FDA or class of agents for the purpose of the diagnosis or treatment of conditions of the eye and adnexa after consideration of the agent's systemic effects, side effects, and the use of the agent within the practice of optometry. The Board shall consider requests for additional agents and make recommendations within 90 days after the receipt of the request.

Within 45 days after the Board's recommendation to the Department of a pharmaceutical agent or class of agents, the Department shall promulgate rules necessary to allow for the prescribing or administering of the pharmaceutical agent or class of agents under this Act.

(a-5) Ocular pharmaceutical agents administered by injection may be used only for the treatment of anaphylaxis.

(a-10) Oral pharmaceutical agents may be prescribed for a child under 5 years of age only in consultation with a physician licensed to practice medicine in all its branches.

(a-15) The authority to prescribe a Schedule III, IV, or V controlled substance shall include analgesic agents only in a quantity sufficient to provide treatment for up to 72 hours. The prescription of a Schedule II controlled substance is prohibited, except for Dihydrocodeinone (Hydrocodone) with one or more active, non-narcotic ingredients only in a quantity sufficient to provide treatment for up to 72 hours, and only if such formulations of Dihydrocodeinone are reclassified as Schedule II by federal regulation.

(b) A licensed optometrist may remove superficial foreign bodies from the human eye and adnexa and may give orders for patient care to a nurse or other health care provider licensed to practice under Illinois law.

(c) An optometrist's license shall be revoked or suspended by the Department upon recommendation of the Board based upon either of the following causes:

New matter indicated by italics - deletions by strikeout
(1) grave or repeated misuse of any ocular pharmaceutical agent; and

(2) the use of any agent or procedure in the course of optometric practice by an optometrist not properly authorized under this Act.

(d) The Secretary of Financial and Professional Regulation shall notify the Director of Public Health as to the categories of ocular pharmaceutical agents permitted for use by an optometrist. The Director of Public Health shall in turn notify every licensed pharmacist in the State of the categories of ocular pharmaceutical agents that can be utilized and prescribed by an optometrist.

Sec. 15.3. The Collaborative Optometric/Ophthalmological Task Force. In order to protect the public and provide quality care, a Collaborative Optometric/Ophthalmological Task Force is established. This Task Force shall collaboratively develop minimum educational requirements for an optometrist to perform advanced optometric procedures. Advanced optometric procedures do not include the use of lasers.

The Collaborative Optometric/Ophthalmological Task Force shall be comprised of a representative of a statewide organization representing optometry, a representative of a statewide organization representing ophthalmology, a representative of a statewide organization representing physicians licensed to practice medicine in all of its branches, a representative of an accredited, private 4-year school of optometry located in a city in Illinois with a population of more than 1,500,000 persons. The Department shall provide administrative support to the Collaborative Optometric/Ophthalmological Task Force. The Task Force shall meet at least monthly.

No later than September 1, 2017, the statewide organization representing ophthalmology shall provide to the Collaborative Optometric/Ophthalmological Task Force its recommended minimum educational requirements for a licensed optometrist to obtain a certification to perform advanced optometric procedures.

No later than January 1, 2018, the Department, in direct consultation with the Collaborative Optometric/Ophthalmological Task Force, shall propose rules for adoption that are consistent with the Task Force's recommendations, or recommend legislation to the General

Sec. 18. Endorsement. The Department may, in its discretion, license as an optometrist, without examination on payment of the required fee, an applicant who is so licensed under the laws of another state or U.S. jurisdiction of the United States. The Department may issue a license, upon payment of the required fee and recommendation of the Board, to an individual applicant who is licensed in any foreign country or province whose standards, in the opinion of the Board or Department, if the requirements for licensure in the jurisdiction in which the applicant was licensed were, at the date of his or her licensure, substantially equivalent to the requirements then in force in this State; or if the applicant possesses individual qualifications and skills which demonstrate substantial equivalence to current Illinois requirements.

Applicants have 3 years from the date of application to complete the application process. If the process has not been completed in 3 years, the application shall be denied, the fee forfeited and the applicant must reapply and meet the requirements in effect at the time of reapplication.

Sec. 24. Grounds for disciplinary action.

(a) The Department may refuse to issue or to renew, or may revoke, suspend, place on probation, reprimand or take other disciplinary or non-disciplinary action as the Department may deem appropriate, including fines not to exceed $10,000 for each violation, with regard to any license for any one or combination of the causes set forth in subsection (a-3) of this Section. All fines collected under this Section shall be deposited in the Optometric Licensing and Disciplinary Board Fund. Any fine imposed shall be payable within 60 days after the effective date of the order imposing the fine.

(a-3) Grounds for disciplinary action include the following:

(1) Violations of this Act, or of the rules promulgated hereunder.

(2) Conviction of or entry of a plea of guilty to any crime under the laws of any U.S. jurisdiction thereof that is a felony or that is a misdemeanor of which an essential element is dishonesty, or any crime that is directly related to the practice of the profession.
(3) Making any misrepresentation for the purpose of obtaining a license.

(4) Professional incompetence or gross negligence in the practice of optometry.

(5) Gross malpractice, prima facie evidence of which may be a conviction or judgment of malpractice in any court of competent jurisdiction.

(6) Aiding or assisting another person in violating any provision of this Act or rules.

(7) Failing, within 60 days, to provide information in response to a written request made by the Department that has been sent by certified or registered mail to the licensee's last known address.

(8) Engaging in dishonorable, unethical, or unprofessional conduct of a character likely to deceive, defraud, or harm the public.

(9) Habitual or excessive use or addiction to alcohol, narcotics, stimulants or any other chemical agent or drug that results in the inability to practice with reasonable judgment, skill, or safety.

(10) Discipline by another U.S. jurisdiction or foreign nation, if at least one of the grounds for the discipline is the same or substantially equivalent to those set forth herein.

(11) Violation of the prohibition against fee splitting in Section 24.2 of this Act.

(12) A finding by the Department that the licensee, after having his or her license placed on probationary status has violated the terms of probation.

(13) Abandonment of a patient.

(14) Willfully making or filing false records or reports in his or her practice, including but not limited to false records filed with State agencies or departments.

(15) Willfully failing to report an instance of suspected abuse or neglect as required by law.

(16) Physical illness, including but not limited to, deterioration through the aging process, or loss of motor skill, mental illness, or disability that results in the inability to practice the profession with reasonable judgment, skill, or safety.

New matter indicated by italics - deletions by strikeout
(17) Solicitation of professional services other than permitted advertising.

(18) Failure to provide a patient with a copy of his or her record or prescription in accordance with federal law.

(19) Conviction by any court of competent jurisdiction, either within or without this State, of any violation of any law governing the practice of optometry, conviction in this or another State of any crime that is a felony under the laws of this State or conviction of a felony in a federal court, if the Department determines, after investigation, that such person has not been sufficiently rehabilitated to warrant the public trust.

(20) A finding that licensure has been applied for or obtained by fraudulent means.

(21) Continued practice by a person knowingly having an infectious or contagious disease.

(22) Being named as a perpetrator in an indicated report by the Department of Children and Family Services under the Abused and Neglected Child Reporting Act, and upon proof by clear and convincing evidence that the licensee has caused a child to be an abused child or a neglected child as defined in the Abused and Neglected Child Reporting Act.

(23) Practicing or attempting to practice under a name other than the full name as shown on his or her license.

(24) Immoral conduct in the commission of any act, such as sexual abuse, sexual misconduct or sexual exploitation, related to the licensee's practice.

(25) Maintaining a professional relationship with any person, firm, or corporation when the optometrist knows, or should know, that such person, firm, or corporation is violating this Act.

(26) Promotion of the sale of drugs, devices, appliances or goods provided for a client or patient in such manner as to exploit the patient or client for financial gain of the licensee.

(27) Using the title "Doctor" or its abbreviation without further qualifying that title or abbreviation with the word "optometry" or "optometrist".

(28) Use by a licensed optometrist of the word "infirmary", "hospital", "school", "university", in English or any other language, in connection with the place where optometry may be practiced or demonstrated unless the licensee is employed by and practicing at a

New matter indicated by italics - deletions by strikeout
location that is licensed as a hospital or accredited as a school or university.

(29) Continuance of an optometrist in the employ of any person, firm or corporation, or as an assistant to any optometrist or optometrists, directly or indirectly, after his or her employer or superior has been found guilty of violating or has been enjoined from violating the laws of the State of Illinois relating to the practice of optometry, when the employer or superior persists in that violation.

(30) The performance of optometric service in conjunction with a scheme or plan with another person, firm or corporation known to be advertising in a manner contrary to this Act or otherwise violating the laws of the State of Illinois concerning the practice of optometry.

(31) Failure to provide satisfactory proof of having participated in approved continuing education programs as determined by the Board and approved by the Secretary. Exceptions for extreme hardships are to be defined by the rules of the Department.

(32) Willfully making or filing false records or reports in the practice of optometry, including, but not limited to false records to support claims against the medical assistance program of the Department of Healthcare and Family Services (formerly Department of Public Aid) under the Illinois Public Aid Code.

(33) Gross and willful overcharging for professional services including filing false statements for collection of fees for which services are not rendered, including, but not limited to filing false statements for collection of monies for services not rendered from the medical assistance program of the Department of Healthcare and Family Services (formerly Department of Public Aid) under the Illinois Public Aid Code.

(34) In the absence of good reasons to the contrary, failure to perform a minimum eye examination as required by the rules of the Department.

(35) Violation of the Health Care Worker Self-Referral Act. The Department shall may refuse to issue or shall may suspend the license of any person who fails to file a return, or to pay the tax, penalty or interest shown in a filed return, or to pay any final assessment of the tax, penalty or interest, as required by any tax Act administered by the Illinois

Department of Revenue, until such time as the requirements of any such tax Act are satisfied.

(a-5) In enforcing this Section, the Board or Department, upon a showing of a possible violation, may compel any individual licensed to practice under this Act, or who has applied for licensure or certification pursuant to this Act, to submit to a mental or physical examination, or both, as required by and at the expense of the Department. The examining physicians or clinical psychologists shall be those specifically designated by the Department Board. The Board or the Department may order the examining physician or clinical psychologist to present testimony concerning this mental or physical examination of the licensee or applicant. No information shall be excluded by reason of any common law or statutory privilege relating to communications between the licensee or applicant and the examining physician or clinical psychologist. Eye examinations may be provided by a licensed optometrist. The individual to be examined may have, at his or her own expense, another physician of his or her choice present during all aspects of the examination. Failure of any individual to submit to a mental or physical examination, when directed, shall be grounds for suspension of a license until such time as the individual submits to the examination if the Board or Department finds, after notice and hearing, that the refusal to submit to the examination was without reasonable cause.

If the Board or Department finds an individual unable to practice because of the reasons set forth in this Section, the Board or Department shall require such individual to submit to care, counseling, or treatment by physicians or clinical psychologists approved or designated by the Department Board, as a condition, term, or restriction for continued, reinstated, or renewed licensure to practice, or in lieu of care, counseling, or treatment, the Board may recommend to the Department to file a complaint to immediately suspend, revoke, or otherwise discipline the license of the individual, or the Board may recommend to the Department to file a complaint to suspend, revoke, or otherwise discipline the license of the individual. Any individual whose license was granted pursuant to this Act, or continued, reinstated, renewed, disciplined, or supervised, subject to such conditions, terms, or restrictions, who shall fail to comply with such conditions, terms, or restrictions, shall be referred to the Secretary for a determination as to whether the individual shall have his or her license suspended immediately, pending a hearing by the Board.

Sec. 26.2. Investigation; notice. The Department may investigate the actions of any applicant or of any person or persons holding or claiming to hold a license. The Department shall, before suspending, revoking, placing on probationary status, or taking any other disciplinary action as the Department may deem proper with regard to any license, at least 30 days prior to the date set for the hearing, notify the accused in writing of any charges made and the time and place for a hearing of the charges before the Board, direct him or her to file his or her written answer to the Board under oath within 20 days after the service on him or her of the notice and inform him or her that if he or she fails to file an answer default will be taken against him or her and his or her license may be suspended, revoked, placed on probationary status, or have other disciplinary action, including limiting the scope, nature or extent of his or her practice, as the Department may deem proper taken with regard thereto. The written notice and any notice in the subsequent proceeding may be served by personal delivery or by regular or certified delivery or certified or registered mail to the applicant's or licensee's address of record. In case the person fails to file an answer after receiving notice, his or her license may, in the discretion of the Department, be suspended, revoked, or placed on probationary status, or the Department may take whatever disciplinary action deemed proper, including limiting the scope, nature, or extent of the person's practice or the imposition of a fine, without a hearing, if the act or acts charged constitute sufficient grounds for such action under this Act. At the time and place fixed in the notice, the Department shall proceed to hear the charges and the parties or their counsel shall be accorded ample opportunity to present such statements, testimony, evidence and argument as may be pertinent to the charges or to their defense. The Department may

Sec. 26.6. Findings of fact, conclusions of law, and recommendations. At the conclusion of the hearing the Board shall present to the Secretary a written report of its findings of fact, conclusions of law and recommendations. The report shall contain a finding whether or not the accused person violated this Act or failed to comply with the conditions required in this Act. The Board shall specify the nature of the violation or failure to comply, and shall make its recommendations to the Secretary:

The report of findings of fact, conclusions of law and recommendations of the Board shall be the basis for the Department's order. If the Secretary disagrees in any regard with the report of the Board, the Secretary may issue an order in contravention thereof. The Secretary shall provide within 60 days of taking such action a written report to the Board on any such deviation, and shall specify with particularity the reasons for said action in the final order. The finding is not admissible in evidence against the person in a criminal prosecution brought for the violation of this Act, but the hearing and findings are not a bar to a criminal prosecution brought for the violation of this Act.

At any point in any investigation or disciplinary proceeding provided for in this Act, both parties may agree to a negotiated consent order. The consent order shall be final upon the signature of the Secretary.

(Senate Bill No. 1941)

AN ACT concerning employment.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Unemployment Insurance Act is amended by adding Section 408.5 as follows:

(820 ILCS 405/408.5 new)
Sec. 408.5. Additional benefits.
A. Additional benefits shall be available:
   1. Only with respect to benefit years beginning on or after April 1, 2015 and prior to the effective date of this amendatory Act of the 99th General Assembly; and
   2. To an otherwise eligible individual: (a) who was certified as eligible to apply for adjustment assistance under the federal Trade Act of 1974, as amended, on or after January 1, 2015; (b) who has not received the maximum amount of trade readjustment allowances payable to him or her pursuant to paragraph (1) of subsection (a) of Section 233 of the federal Trade

New matter indicated by italics - deletions by strikeout
Act of 1974, as amended, as a result of the certification referenced in item (a) of this paragraph 2; and (c) whose total or partial unemployment is attributable to a layoff from a steel manufacturer.

B. An individual shall be eligible to receive additional benefits pursuant to this Section for a week if he or she: (1) has met the requirements of Section 500E of this Act; (2) is an exhaustee; and (3) except when the result would be inconsistent with the provisions of this Section, has satisfied the requirements of this Act for the receipt of regular benefits as that term is defined in Section 409 of this Act.

C. For the purposes of this Section, an individual is an exhaustee with respect to a week if:

1. Prior to such week: (a) he or she has received, with respect to his or her current benefit year that includes such week, the maximum total amount of benefits to which he or she was entitled under the provisions of Section 403B, and all of the regular benefits (including dependents' allowances) to which he or she had entitlement (if any) on the basis of wages or employment under any other State unemployment compensation law; or (b) he or she has received all the regular benefits available to him or her with respect to his or her current benefit year that includes such week, under this Act and under any other State unemployment compensation law, after a cancellation of some or all of his or her wage credits or the partial or total reduction of his or her regular benefit rights; or (c) his or her benefit year terminated, and he or she cannot meet the qualifying wage requirements of Section 500E of this Act or the qualifying wage or employment requirements of any other State unemployment compensation law to establish a new benefit year which would include such week or, having established a new benefit year that includes such week, he or she is ineligible for regular benefits by reason of Section 607 of this Act or a like provision of any other State unemployment compensation law; and

2. For such week: (a) he or she has no right to benefits or allowances, as the case may be, under the Railroad Unemployment Insurance Act, the federal Trade Act of 1974, as amended, or such other federal laws as are specified in regulations of the United States Secretary of Labor or other appropriate federal agency; and (b) he or she has not received and is not seeking benefits under the unemployment compensation law of Canada, except that if he or

New matter indicated by italics - deletions by strikeout
she is seeking such benefits and the appropriate agency finally determines that he or she is not entitled to benefits under such law, this clause shall not apply; and

3. The week for which additional benefits are being claimed is not later than seventy-eight weeks after the end of the individual’s benefit year for which benefits can be claimed under this Section.

For the purposes of clauses (a) and (b) of paragraph 1 of this subsection, an individual shall be deemed to have received, with respect to his or her current benefit year, the maximum total amount of benefits to which he or she was entitled or all of the regular benefits to which he or she had entitlement, or all of the regular benefits available to him or her, as the case may be, even though: (a) as a result of a pending reconsideration or appeal with respect to the "finding" defined in Section 701, or of a pending appeal with respect to wages or employment or both under any other State unemployment compensation law, he or she may subsequently be determined to be entitled to more regular benefits; or (b) by reason of a seasonality provision in a State unemployment compensation law which establishes the weeks of the year for which regular benefits may be paid to individuals on the basis of wages in seasonal employment he or she may be entitled to regular benefits for future weeks but such benefits are not payable with respect to the week for which he or she is claiming additional benefits, provided that he or she is otherwise an exhaustee under the provisions of this subsection with respect to his or her rights to regular benefits, under such seasonality provision, during the portion of the year in which that week occurs; or (c) having established a benefit year, no regular benefits are payable to him or her with respect to such year because his or her wage credits were cancelled or his or her rights to regular benefits were totally reduced by reason of the application of a disqualification provision of a State unemployment compensation law.

An individual shall not cease to be an exhaustee with respect to any week solely because he or she meets the qualifying wage requirements of Section 500E for a part of such week.

D. The provisions of Section 607 and the waiting period requirements of Section 500D shall not be applicable to any week with respect to which benefits are otherwise payable under this Section.

E. With respect to any week payable under this Section, an exhaustee's "weekly additional benefit amount" shall be the same as his or

New matter indicated by italics - deletions by strikeout
her weekly benefit amount during his or her benefit year which includes such week or, if such week is not in a benefit year, during his or her applicable benefit year, as defined in regulations issued by the United States Secretary of Labor or other appropriate federal agency. If the exhaustee had more than one weekly benefit amount during his or her benefit year, his or her weekly additional benefit amount with respect to such week shall be the latest of such weekly benefit amounts.

F. An eligible exhaustee shall be entitled to a maximum total amount of additional benefits equal to the maximum total amount of benefits to which he or she was entitled under Section 403B, plus dependents' allowances, during his or her applicable benefit year, minus the sum of any trade readjustment allowances he or she has received as a result of the certification referenced in item (a) of paragraph 2 of subsection A.

G. 1. A claims adjudicator shall examine the first claim filed by an individual who meets the requirements of subsection A and, on the basis of the information in his or her possession, shall make an "additional benefits finding". Such finding shall state whether or not the individual has met the requirement of subsection E of Section 500 of this Act, is an exhaustee and, if so, his or her weekly additional benefit amount and the maximum total amount of additional benefits to which he or she is entitled. The claims adjudicator shall promptly notify the individual of his or her "additional benefits finding", and shall promptly notify the individual's most recent employing unit and the individual's last employer (referred to in Section 1502.1) that the individual has filed a claim for additional benefits. The claims adjudicator may reconsider his or her "additional benefits finding" at any time within 2 years after the close of the individual's applicable benefit year, and shall promptly notify the individual of such reconsidered finding. All of the provisions of this Act applicable to reviews from findings or reconsidered findings made pursuant to Sections 701 and 703 which are not inconsistent with the provisions of this subsection shall be applicable to reviews from additional benefits findings and reconsidered additional benefits findings.

2. If, pursuant to the reconsideration or appeal with respect to a "finding", referred to in subsection C, an exhaustee is found to be entitled to more regular benefits and, by reason thereof, is entitled to more additional benefits, the claims adjudicator shall make a reconsidered additional benefits finding and shall promptly notify the exhaustee thereof.

H. Benefits payable pursuant to this Section shall be paid from the unemployment trust fund.

I. No employer shall be chargeable for the additional benefits paid under this Section.

J. To ensure full compliance and coordination with all applicable federal laws, including, but not limited to, the federal Trade Act of 1974, as amended, the Federal Unemployment Tax Act, and the Social Security Act, the Director shall take any action or issue any regulations necessary in the administration of this Section to ensure that its provisions are so interpreted and applied as to meet the requirements of such federal Act as interpreted by the United States Secretary of Labor or other appropriate Federal agency.

Section 15. The Adjutant General shall not convey the real property described in Section 10 to the Beardstown Park District until the Adjutant General determines that the property is no longer required for military purposes. Conveyance of the above real property will be in an "as is" condition, and the Beardstown Park District will pay all required costs and expenses for the conveyance, as determined by the Adjutant General. The Quitclaim Deed shall state on its face and be subject to the condition that if the property is no longer used for public purposes, then title shall revert without further action to the State of Illinois.

Section 20. The Adjutant General shall obtain a certified copy of this Act from the Secretary of State within 60 days after its effective date and, upon the conveyance of the real estate described in Section 10 being made, shall cause the certified copy of this Act to be recorded in the office of the Recorder of Cass County.

Section 5. The Illinois Income Tax Act is amended by changing
Section 221 as follows:

(35 ILCS 5/221)
Sec. 221. Rehabilitation costs; qualified historic properties; River
Edge Redevelopment Zone.
(a) For taxable years beginning on or after January 1, 2012 and
ending prior to January 1, 2017, there shall be allowed a
tax credit against the tax imposed by subsections (a) and (b) of Section
201 in an amount equal to 25% of qualified expenditures incurred by a

qualified taxpayer during the taxable year in the restoration and preservation of a qualified historic structure located in a River Edge Redevelopment Zone pursuant to a qualified rehabilitation plan, provided that the total amount of such expenditures (i) must equal $5,000 or more and (ii) must exceed 50% of the purchase price of the property.

(b) To obtain a tax credit pursuant to this Section, the taxpayer must apply with the Department of Commerce and Economic Opportunity. The Department of Commerce and Economic Opportunity, in consultation with the Historic Preservation Agency, shall determine the amount of eligible rehabilitation costs and expenses. The Historic Preservation Agency shall determine whether the rehabilitation is consistent with the standards of the Secretary of the United States Department of the Interior for rehabilitation. Upon completion and review of the project, the Department of Commerce and Economic Opportunity shall issue a certificate in the amount of the eligible credits. At the time the certificate is issued, an issuance fee up to the maximum amount of 2% of the amount of the credits issued by the certificate may be collected from the applicant to administer the provisions of this Section. If collected, this issuance fee shall be deposited into the Historic Property Administrative Fund, a special fund created in the State treasury. Subject to appropriation, moneys in the Historic Property Administrative Fund shall be evenly divided between the Department of Commerce and Economic Opportunity and the Historic Preservation Agency to reimburse the Department of Commerce and Economic Opportunity and the Historic Preservation Agency for the costs associated with administering this Section. The taxpayer must attach the certificate to the tax return on which the credits are to be claimed. The Department of Commerce and Economic Opportunity may adopt rules to implement this Section.

(c) The tax credit under this Section may not reduce the taxpayer's liability to less than zero.

(d) As used in this Section, the following terms have the following meanings.

"Qualified expenditure" means all the costs and expenses defined as qualified rehabilitation expenditures under Section 47 of the federal Internal Revenue Code that were incurred in connection with a qualified historic structure.

"Qualified historic structure" means a certified historic structure as defined under Section 47 (c)(3) of the federal Internal Revenue Code.

New matter indicated by italics - deletions by strikeout
"Qualified rehabilitation plan" means a project that is approved by the Historic Preservation Agency as being consistent with the standards in effect on the effective date of this amending Act of the 97th General Assembly for rehabilitation as adopted by the federal Secretary of the Interior.

"Qualified taxpayer" means the owner of the qualified historic structure or any other person who qualifies for the federal rehabilitation credit allowed by Section 47 of the federal Internal Revenue Code with respect to that qualified historic structure. Partners, shareholders of subchapter S corporations, and owners of limited liability companies (if the limited liability company is treated as a partnership for purposes of federal and State income taxation) are entitled to a credit under this Section to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 703 and subchapter S of the Internal Revenue Code, provided that credits granted to a partnership, a limited liability company taxed as a partnership, or other multiple owners of property shall be passed through to the partners, members, or owners respectively on a pro rata basis or pursuant to an executed agreement among the partners, members, or owners documenting any alternate distribution method.

Section 5. The Illinois Income Tax Act is amended by changing Section 214 as follows:

(35 ILCS 5/214)
Sec. 214. Tax credit for affordable housing donations.
(a) Beginning with taxable years ending on or after December 31, 2001 and until the taxable year ending on December 31, 2021 December

New matter indicated by italics - deletions by strikeout
31, 2016, a taxpayer who makes a donation under Section 7.28 of the Illinois Housing Development Act is entitled to a credit against the tax imposed by subsections (a) and (b) of Section 201 in an amount equal to 50% of the value of the donation. Partners, shareholders of subchapter S corporations, and owners of limited liability companies (if the limited liability company is treated as a partnership for purposes of federal and State income taxation) are entitled to a credit under this Section to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 703 and subchapter S of the Internal Revenue Code. Persons or entities not subject to the tax imposed by subsections (a) and (b) of Section 201 and who make a donation under Section 7.28 of the Illinois Housing Development Act are entitled to a credit as described in this subsection and may transfer that credit as described in subsection (c).

(b) If the amount of the credit exceeds the tax liability for the year, the excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The tax credit shall be applied to the earliest year for which there is a tax liability. If there are credits for more than one year that are available to offset a liability, the earlier credit shall be applied first.

(c) The transfer of the tax credit allowed under this Section may be made (i) to the purchaser of land that has been designated solely for affordable housing projects in accordance with the Illinois Housing Development Act or (ii) to another donor who has also made a donation in accordance with Section 7.28 of the Illinois Housing Development Act.

(d) A taxpayer claiming the credit provided by this Section must maintain and record any information that the Department may require by regulation regarding the project for which the credit is claimed. When claiming the credit provided by this Section, the taxpayer must provide information regarding the taxpayer's donation to the project under the Illinois Housing Development Act.

Sec. 10-152. Vegetative filter strip assessment.

(a) In counties with less than 3,000,000 inhabitants, any land (i) that is located between a farm field and an area to be protected, including but not limited to surface water, a stream, a river, or a sinkhole and (ii) that meets the requirements of subsection (b) of this Section shall be considered a "vegetative filter strip" and valued at 1/6th of its productivity index equalized assessed value as cropland. In counties with 3,000,000 or more inhabitants, the land shall be valued at the lesser of either (i) 16% of the fair cash value of the farmland estimated at the price it would bring at a fair, voluntary sale for use by the buyer as a farm as defined in Section 1-60 or (ii) 90% of the 1983 average equalized assessed value per acre certified by the Department of Revenue.

(b) Vegetative filter strips shall meet the standards and specifications set forth in the Natural Resources Conservation Service Technical Guide and shall contain vegetation that (i) has a dense top growth; (ii) forms a uniform ground cover; (iii) has a heavy fibrous root system; and (iv) tolerates pesticides used in the farm field.

(c) The county's soil and water conservation district shall assist the taxpayer in completing a uniform certified document as prescribed by the Department of Revenue in cooperation with the Association of Illinois Soil and Water Conservation Districts that certifies (i) that the property meets the requirements established under this Section for vegetative filter strips and (ii) the acreage or square footage of property that qualifies for assessment as a vegetative filter strip. The document shall be filed by the
applicant with the Chief County Assessment Officer. The Chief County Assessment Officer shall promulgate rules concerning the filing of the document. The soil and water conservation district shall create a conservation plan for the creation of the filter strip. The plan shall be kept on file in the soil and water conservation district office. Nothing in this Section shall be construed to require any taxpayer to have vegetative filter strips.

(d) A joint report by the Department of Agriculture and the Department of Natural Resources concerning the effect and impact of vegetative filter strip assessment shall be submitted to the General Assembly by March 1, 2006.

(e) This Section is repealed on December 31, 2026.

Section 99. Effective date. This Act takes effect upon becoming law.

Passed in the General Assembly November 30, 2016.
Approved December 30, 2016.
Effective December 30, 2016.

PUBLIC ACT 99-0917
(Senate Bill No. 0586)

AN ACT concerning State government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Lottery Law is amended by changing Section 21.5 as follows:

(20 ILCS 1605/21.5)

Sec. 21.5. Carolyn Adams Ticket For The Cure.

(a) The Department shall offer a special instant scratch-off game with the title of "Carolyn Adams Ticket For The Cure". The game shall commence on January 1, 2006 or as soon thereafter, in the discretion of the Director, as is reasonably practical, and shall be discontinued on December 31, 2016. The operation of the game shall be governed by this Act and any rules adopted by the Department. The Department must consult with the Carolyn Adams Ticket For The Cure Board, which is established under Section 2310-347 of the Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois, regarding the design and promotion of the game. If any provision of this

New matter indicated by italics - deletions by strikeout
Section is inconsistent with any other provision of this Act, then this Section governs.

(b) The Carolyn Adams Ticket For The Cure Grant Fund is created as a special fund in the State treasury. The net revenue from the Carolyn Adams Ticket For The Cure special instant scratch-off game shall be deposited into the Fund for appropriation by the General Assembly solely to the Department of Public Health for the purpose of making grants to public or private entities in Illinois for the purpose of funding breast cancer research, and supportive services for breast cancer survivors and those impacted by breast cancer and breast cancer education. In awarding grants, the Department of Public Health shall consider criteria that includes, but is not limited to, projects and initiatives that address disparities in incidence and mortality rates of breast cancer, based on data from the Illinois Cancer Registry, and populations facing barriers to care. The Department of Public Health shall, before grants are awarded, provide copies of all grant applications to the Carolyn Adams Ticket For The Cure Board, receive and review the Board's recommendations and comments, and consult with the Board regarding the grants. For purposes of this Section, the term "research" includes, without limitation, expenditures to develop and advance the understanding, techniques, and modalities effective in the detection, prevention, screening, and treatment of breast cancer and may include clinical trials. The grant funds may not be used for institutional, organizational, or community-based overhead costs, indirect costs, or levies.

Moneys received for the purposes of this Section, including, without limitation, net revenue from the special instant scratch-off game and gifts, grants, and awards from any public or private entity, must be deposited into the Fund. Any interest earned on moneys in the Fund must be deposited into the Fund.

For purposes of this subsection, "net revenue" means the total amount for which tickets have been sold less the sum of the amount paid out in prizes and the actual administrative expenses of the Department solely related to the Ticket For The Cure game.

(c) During the time that tickets are sold for the Carolyn Adams Ticket For The Cure game, the Department shall not unreasonably diminish the efforts devoted to marketing any other instant scratch-off lottery game.

(d) The Department may adopt any rules necessary to implement and administer the provisions of this Section.
Section 10. The Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois is amended by changing Section 2310-347 as follows:

Sec. 2310-347. The Carolyn Adams Ticket For The Cure Board.

(a) The Carolyn Adams Ticket For The Cure Board is created as an advisory board within the Department. Until 30 days after the effective date of this amendatory Act of the 97th General Assembly, the Board may consist of 10 members as follows: 2 members appointed by the President of the Senate; 2 members appointed by the Minority Leader of the Senate; 2 members appointed by the Speaker of the House of Representatives; 2 members appointed by the Minority Leader of the House of Representatives; and 2 members appointed by the Governor with the advice and consent of the Senate, one of whom shall be designated as chair of the Board at the time of appointment.

(a-5) Notwithstanding any provision of this Article to the contrary, the term of office of each current Board member ends 30 days after the effective date of this amendatory Act of the 97th General Assembly or when his or her successor is appointed and qualified, whichever occurs sooner. No later than 30 days after the effective date of this amendatory Act of the 97th General Assembly, the Board shall consist of 10 newly appointed members. Four of the Board members shall be members of the General Assembly and appointed as follows: one member appointed by the President of the Senate; one member appointed by the Minority Leader of the Senate; one member appointed by the Speaker of the House of Representatives; and one member appointed by the Minority Leader of the House of Representatives.

Six of the Board members shall be appointed by the Director of the Department of Public Health, who shall designate one of these appointed members as chair of the Board at the time of his or her appointment. These 6 members appointed by the Director shall reflect the population with regard to ethnic, racial, and geographical composition and shall include the following individuals: one breast cancer survivor; one physician specializing in breast cancer or related medical issues; one breast cancer researcher; one representative from a breast cancer organization; one individual who operates a patient navigation program at a major hospital or health system; and one breast cancer professional that may include, but

New matter indicated by italics - deletions by strikeout
not be limited to, a genetics counselor, a social worker, a detain, an
occupational therapist, or a nurse.

A Board member whose term has expired may continue to serve
until a successor is appointed. A Board member who is not a member of
the General Assembly may serve 2 consecutive 3-year terms and shall not
be reappointed for 3 years after the completion of those consecutive terms.

(b) Board members shall serve without compensation but may be
reimbursed for their reasonable travel expenses incurred in performing
their duties from funds available for that purpose. The Department shall
provide staff and administrative support services to the Board.

(c) The Board may advise:

(i) the Department of Revenue in designing and promoting
the Carolyn Adams Ticket For The Cure special instant scratch-off
lottery game;

(ii) the Department in reviewing grant applications; and

(iii) the Director on the final award of grants from amounts
appropriated from the Carolyn Adams Ticket For The Cure Grant
Fund, to public or private entities in Illinois that reflect the
population with regard to ethnic, racial, and geographical
composition for the purpose of funding breast cancer research and
supportive services for breast cancer survivors and those impacted
by breast cancer and breast cancer education. In awarding grants,
the Department shall consider criteria that includes, but is not
limited to, projects and initiatives that address disparities in
incidence and mortality rates of breast cancer, based on data from
the Illinois Cancer Registry, and populations facing barriers to care
in accordance with Section 21.5 of the Illinois Lottery Law.

(c-5) The Department shall submit a report to the Governor and the
General Assembly by December 31 of each year. The report shall provide
a summary of the Carolyn Adams Ticket for the Cure lottery ticket sales,
grants awarded, and the accomplishments of the grantees.

(d) The Board is discontinued on June 30, 2017.

PUBLIC ACT 99-0920
(Senate Bill No. 2912)

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Sections 21B-20, 21B-25, 21B-30, 21B-35, 21B-40, and 21B-45 as follows:

Sec. 21B-20. Types of licenses. Before July 1, 2013, the State Board of Education shall implement a system of educator licensure, whereby individuals employed in school districts who are required to be licensed must have one of the following licenses: (i) a professional educator license; (ii) a professional educator license with stipulations; or (iii) a substitute teaching license. References in law regarding individuals certified or certificated or required to be certified or certificated under...
Article 21 of this Code shall also include individuals licensed or required to be licensed under this Article. The first year of all licenses ends on June 30 following one full year of the license being issued.

The State Board of Education, in consultation with the State Educator Preparation and Licensure Board, may adopt such rules as may be necessary to govern the requirements for licenses and endorsements under this Section.

(1) Professional Educator License. Persons who (i) have successfully completed an approved educator preparation program and are recommended for licensure by the Illinois institution offering the educator preparation program, (ii) have successfully completed the required testing under Section 21B-30 of this Code, (iii) have successfully completed coursework on the psychology of, the identification of, and the methods of instruction for the exceptional child, including without limitation children with learning disabilities, (iv) have successfully completed coursework in methods of reading and reading in the content area, and (v) have met all other criteria established by rule of the State Board of Education shall be issued a Professional Educator License. All Professional Educator Licenses are valid until June 30 immediately following 5 years of the license being issued. The Professional Educator License shall be endorsed with specific areas and grade levels in which the individual is eligible to practice.

Individuals can receive subsequent endorsements on the Professional Educator License. Subsequent endorsements shall require a minimum of 24 semester hours of coursework in the endorsement area, unless otherwise specified by rule, and passage of the applicable content area test.

(2) Educator License with Stipulations. An Educator License with Stipulations shall be issued an endorsement that limits the license holder to one particular position or does not require completion of an approved educator program or both.

An individual with an Educator License with Stipulations must not be employed by a school district or any other entity to replace any presently employed teacher who otherwise would not be replaced for any reason.

An Educator License with Stipulations may be issued with the following endorsements:

New matter indicated by italics - deletions by strikeout
(A) Provisional educator. A provisional educator endorsement in a specific content area or areas on an Educator License with Stipulations may be issued to an applicant who holds an educator license with a minimum of 15 semester hours in content coursework from another state, U.S. territory, or foreign country and who, at the time of applying for an Illinois license, does not meet the minimum requirements under Section 21B-35 of this Code, but does, at a minimum, meet the following requirements:

(i) Holds the equivalent of a minimum of a bachelor's degree, unless a master's degree is required for the endorsement, from a regionally accredited college or university or, for individuals educated in a country other than the United States, the equivalent of a minimum of a bachelor's degree issued in the United States, unless a master's degree is required for the endorsement.

(ii) Has passed or passes a test of basic skills and content area test, as required by Section 21B-30 of this Code, prior to or within one year after issuance of the provisional educator endorsement on the Educator License with Stipulations. If an individual who holds an Educator License with Stipulations endorsed for provisional educator has not passed a test of basic skills and applicable content area test or tests within one year after issuance of the endorsement, the endorsement shall expire on June 30 following one full year of the endorsement being issued. If such an individual has passed the test of basic skills and applicable content area test or tests either prior to issuance of the endorsement or within one year after issuance of the endorsement, the endorsement is valid until June 30 immediately following 2 years of the license being issued, during which time any and all coursework deficiencies must be met and any and all additional testing deficiencies must be met.

In addition, a provisional educator endorsement for principals or superintendents may be issued if the
individual meets the requirements set forth in subdivisions (1) and (3) of subsection (b-5) of Section 21B-35 of this Code. Applicants who have not been entitled by an Illinois-approved educator preparation program at an Illinois institution of higher education shall not receive a provisional educator endorsement if the person completed an alternative licensure program in another state, unless the program has been determined to be equivalent to Illinois program requirements.

Notwithstanding any other requirements of this Section, a service member or spouse of a service member may obtain a Professional Educator License with Stipulations, and a provisional educator endorsement in a specific content area or areas, if he or she holds a valid teaching certificate or license in good standing from another state, meets the qualifications of educators outlined in Section 21B-15 of this Code, and has not engaged in any misconduct that would prohibit an individual from obtaining a license pursuant to Illinois law, including without limitation any administrative rules of the State Board of Education.

In this Section, "service member" means any person who, at the time of application under this Section, is an active duty member of the United States Armed Forces or any reserve component of the United States Armed Forces or the National Guard of any state, commonwealth, or territory of the United States or the District of Columbia.

A provisional educator endorsement is valid until June 30 immediately following 2 years of the license being issued, provided that any remaining testing and coursework deficiencies are met as set forth in this Section. Failure to satisfy all stated deficiencies shall mean the individual, including any service member or spouse who has obtained a Professional Educator License with Stipulations and a provisional educator endorsement in a specific content area or areas, is ineligible to receive a Professional Educator License at that time. An Educator License with Stipulations endorsed for provisional educator shall not be renewed for individuals who hold an Educator License with Stipulations entered.
and who have held a position in a public school or non-public school recognized by the State Board of Education.

(B) Alternative provisional educator. An alternative provisional educator endorsement on an Educator License with Stipulations may be issued to an applicant who, at the time of applying for the endorsement, has done all of the following:

(i) Graduated from a regionally accredited college or university with a minimum of a bachelor's degree.

(ii) Successfully completed the first phase of the Alternative Educator Licensure Program for Teachers, as described in Section 21B-50 of this Code.

(iii) Passed a test of basic skills and content area test, as required under Section 21B-30 of this Code.

The alternative provisional educator endorsement is valid for 2 years of teaching and may be renewed for a third year by an individual meeting the requirements set forth in Section 21B-50 of this Code.

(C) Alternative provisional superintendent. An alternative provisional superintendent endorsement on an Educator License with Stipulations entitles the holder to serve only as a superintendent or assistant superintendent in a school district's central office. This endorsement may only be issued to an applicant who, at the time of applying for the endorsement, has done all of the following:

(i) Graduated from a regionally accredited college or university with a minimum of a master's degree in a management field other than education.

(ii) Been employed for a period of at least 5 years in a management level position in a field other than education.

(iii) Successfully completed the first phase of an alternative route to superintendent endorsement program, as provided in Section 21B-55 of this Code.

New matter indicated by italics - deletions by strikeout
(iv) Passed a test of basic skills and content area tests required under Section 21B-30 of this Code.

The endorsement may be registered for 2 fiscal years in order to complete one full year of serving as a superintendent or assistant superintendent.

(D) Resident teacher endorsement. A resident teacher endorsement on an Educator License with Stipulations may be issued to an applicant who, at the time of applying for the endorsement, has done all of the following:

(i) Graduated from a regionally accredited institution of higher education with a minimum of a bachelor's degree.

(ii) Enrolled in an approved Illinois educator preparation program.

(iii) Passed a test of basic skills and content area test, as required under Section 21B-30 of this Code.

The resident teacher endorsement on an Educator License with Stipulations is valid for 4 years of teaching and shall not be renewed.

A resident teacher may teach only under the direction of a licensed teacher, who shall act as the resident mentor teacher, and may not teach in place of a licensed teacher. A resident teacher endorsement on an Educator License with Stipulations shall no longer be valid after June 30, 2017.

(E) Career and technical educator. A career and technical educator endorsement on an Educator License with Stipulations may be issued to an applicant who has a minimum of 60 semester hours of coursework from a regionally accredited institution of higher education and has a minimum of 2,000 hours of experience outside of education in each area to be taught.

The career and technical educator endorsement on an Educator License with Stipulations is valid until June 30 immediately following 5 years of the endorsement being issued and may be renewed. For individuals who were

New matter indicated by italics - deletions by strikeout
issued the career and technical educator endorsement on an Educator License with Stipulations on or after January 1, 2015, the license may be renewed if the individual passes a test of basic skills or test of work proficiency, as required under Section 21B-30 of this Code.

(F) Part-time provisional career and technical educator or provisional career and technical educator. A part-time provisional career and technical educator endorsement or a provisional career and technical educator endorsement on an Educator License with Stipulations may be issued to an applicant who has a minimum of 8,000 hours of work experience in the skill for which the applicant is seeking the endorsement. It is the responsibility of each employing school board and regional office of education to provide verification, in writing, to the State Superintendent of Education at the time the application is submitted that no qualified teacher holding a Professional Educator License or an Educator License with Stipulations with a career and technical educator endorsement is available and that actual circumstances require such issuance.

The provisional career and technical educator endorsement on an Educator License with Stipulations is valid until June 30 immediately following 5 years of the endorsement being issued and may be renewed only one time for 5 years. For individuals who were issued the provisional career and technical educator endorsement on an Educator License with Stipulations on or after January 1, 2015, the license may be renewed one time if the individual passes a test of basic skills or test of work proficiency, as required under Section 21B-30 of this Code, and has completed a minimum of 20 semester hours from a regionally accredited institution.

A part-time provisional career and technical educator endorsement on an Educator License with Stipulations may be issued for teaching no more than 2 courses of study for grades 6 through 12. The part-time provisional career and technical educator endorsement on an Educator License with Stipulations is valid until June 30
immediately following 5 years of the endorsement being issued and may be renewed for 5 years if the individual makes application for renewal.

(G) Transitional bilingual educator. A transitional bilingual educator endorsement on an Educator License with Stipulations may be issued for the purpose of providing instruction in accordance with Article 14C of this Code to an applicant who provides satisfactory evidence that he or she meets all of the following requirements:

(i) Possesses adequate speaking, reading, and writing ability in the language other than English in which transitional bilingual education is offered.

(ii) Has the ability to successfully communicate in English.

(iii) Either possessed, within 5 years previous to his or her applying for a transitional bilingual educator endorsement, a valid and comparable teaching certificate or comparable authorization issued by a foreign country or holds a degree from an institution of higher learning in a foreign country that the State Educator Preparation and Licensure Board determines to be the equivalent of a bachelor's degree from a regionally accredited institution of higher learning in the United States.

A transitional bilingual educator endorsement shall be valid for prekindergarten through grade 12, is valid until June 30 immediately following 5 years of the endorsement being issued, and shall not be renewed.

Persons holding a transitional bilingual educator endorsement shall not be employed to replace any presently employed teacher who otherwise would not be replaced for any reason.

(H) Language endorsement. In an effort to alleviate the shortage of teachers speaking a language other than English in the public schools, an individual who holds an Educator License with Stipulations may also apply for a language endorsement, provided that the applicant provides

New matter indicated by italics - deletions by strikeout
satisfactory evidence that he or she meets all of the following requirements:

(i) Holds a transitional bilingual endorsement.

(ii) Has demonstrated proficiency in the language for which the endorsement is to be issued by passing the applicable language content test required by the State Board of Education.

(iii) Holds a bachelor's degree or higher from a regionally accredited institution of higher education or, for individuals educated in a country other than the United States, holds a degree from an institution of higher learning in a foreign country that the State Educator Preparation and Licensure Board determines to be the equivalent of a bachelor's degree from a regionally accredited institution of higher learning in the United States.

(iv) Has passed a test of basic skills, as required under Section 21B-30 of this Code.

A language endorsement on an Educator License with Stipulations is valid for prekindergarten through grade 12 for the same validity period as the individual's transitional bilingual educator endorsement on the Educator License with Stipulations and shall not be renewed.

(I) Visiting international educator. A visiting international educator endorsement on an Educator License with Stipulations may be issued to an individual who is being recruited by a particular school district that conducts formal recruitment programs outside of the United States to secure the services of qualified teachers and who meets all of the following requirements:

(i) Holds the equivalent of a minimum of a bachelor's degree issued in the United States.

(ii) Has been prepared as a teacher at the grade level for which he or she will be employed.

(iii) Has adequate content knowledge in the subject to be taught.

(iv) Has an adequate command of the English language.

New matter indicated by italics - deletions by strikeout
A holder of a visiting international educator endorsement on an Educator License with Stipulations shall be permitted to teach in bilingual education programs in the language that was the medium of instruction in his or her teacher preparation program, provided that he or she passes the English Language Proficiency Examination or another test of writing skills in English identified by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board.

A visiting international educator endorsement on an Educator License with Stipulations is valid for 3 years and shall not be renewed.

(J) Paraprofessional educator. A paraprofessional educator endorsement on an Educator License with Stipulations may be issued to an applicant who holds a high school diploma or its recognized equivalent and either holds an associate's degree or a minimum of 60 semester hours of credit from a regionally accredited institution of higher education or has passed a test of basic skills required under Section 21B-30 of this Code. The paraprofessional educator endorsement is valid until June 30 immediately following 5 years of the endorsement being issued and may be renewed through application and payment of the appropriate fee, as required under Section 21B-40 of this Code. An individual who holds only a paraprofessional educator endorsement is not subject to additional requirements in order to renew the endorsement.

(K) Chief school business official. A chief school business official endorsement on an Educator License with Stipulations may be issued to an applicant who qualifies by having a master's degree or higher, 2 years of full-time administrative experience in school business management or 2 years of university-approved practical experience, and a minimum of 24 semester hours of graduate credit in a program approved by the State Board of Education for the preparation of school business administrators and by passage of the applicable State tests, including a test of basic skills and applicable content area test.

New matter indicated by italics - deletions by strikeout
The chief school business official endorsement may also be affixed to the Educator License with Stipulations of any holder who qualifies by having a master's degree in business administration, finance, or accounting and who completes an additional 6 semester hours of internship in school business management from a regionally accredited institution of higher education and passes the applicable State tests, including a test of basic skills and applicable content area test. This endorsement shall be required for any individual employed as a chief school business official.

The chief school business official endorsement on an Educator License with Stipulations is valid until June 30 immediately following 5 years of the endorsement being issued and may be renewed if the license holder completes renewal requirements as required for individuals who hold a Professional Educator License endorsed for chief school business official under Section 21B-45 of this Code and such rules as may be adopted by the State Board of Education.

(L) Provisional in-state educator. A provisional in-state educator endorsement on an Educator License with Stipulations may be issued to a candidate who has completed an Illinois-approved educator preparation program at an Illinois institution of higher education and who has not successfully completed an evidence-based assessment of teacher effectiveness but who meets all of the following requirements:

(i) Holds at least a bachelor's degree.
(ii) Has completed an approved educator preparation program at an Illinois institution.
(iii) Has passed a test of basic skills and applicable content area test, as required by Section 21B-30 of this Code.
(iv) Has attempted an evidence-based assessment of teacher effectiveness and received a minimum score on that assessment, as established by the State Board of Education in consultation with the State Educator Preparation and Licensure Board.

New matter indicated by italics - deletions by strikeout
A provisional in-state educator endorsement on an Educator License with Stipulations is valid for one full fiscal year after the date of issuance and may not be renewed.

(3) Substitute Teaching License. A Substitute Teaching License may be issued to qualified applicants for substitute teaching in all grades of the public schools, prekindergarten through grade 12. Substitute Teaching Licenses are not eligible for endorsements. Applicants for a Substitute Teaching License must hold a bachelor's degree or higher from a regionally accredited institution of higher education.

Substitute Teaching Licenses are valid for 5 years and may be renewed if the individual has passed a test of basic skills, as authorized under Section 21B-30 of this Code. An individual who has passed a test of basic skills for the first licensure renewal is not required to retake the test again for further renewals.

Substitute Teaching Licenses are valid for substitute teaching in every county of this State. If an individual has had his or her Professional Educator License or Educator License with Stipulations suspended or revoked or has not met the renewal requirements for licensure, then that individual is not eligible to obtain a Substitute Teaching License.

A substitute teacher may only teach in the place of a licensed teacher who is under contract with the employing board. If, however, there is no licensed teacher under contract because of an emergency situation, then a district may employ a substitute teacher for no longer than 30 calendar days per each vacant position in the district if the district notifies the appropriate regional office of education within 5 business days after the employment of the substitute teacher in the emergency situation. An emergency situation is one in which an unforeseen vacancy has occurred and (i) a teacher is unable to fulfill his or her contractual duties or (ii) teacher capacity needs of the district exceed previous indications, and the district is actively engaged in advertising to hire a fully licensed teacher for the vacant position.

There is no limit on the number of days that a substitute teacher may teach in a single school district, provided that no substitute teacher may teach for longer than 90 school days for any one licensed teacher under contract in the same school year. A
substitute teacher who holds a Professional Educator License or Educator License with Stipulations shall not teach for more than 120 school days for any one licensed teacher under contract in the same school year. The limitations in this paragraph (3) on the number of days a substitute teacher may be employed do not apply to any school district operating under Article 34 of this Code.

(105 ILCS 5/21B-25)

Sec. 21B-25. Endorsement on licenses. All licenses issued under paragraph (1) of Section 21B-20 of this Code shall be specifically endorsed by the State Board of Education for each content area, school support area, and administrative area for which the holder of the license is qualified. Recognized institutions approved to offer educator preparation programs shall be trained to add endorsements to licenses issued to applicants who meet all of the requirements for the endorsement or endorsements, including passing any required tests. The State Superintendent of Education shall randomly audit institutions to ensure that all rules and standards are being followed for entitlement or when endorsements are being recommended.

(1) The State Board of Education, in consultation with the State Educator Preparation and Licensure Board, shall establish, by rule, the grade level and subject area endorsements to be added to the Professional Educator License. These rules shall outline the requirements for obtaining each endorsement.

(2) In addition to any and all grade level and content area endorsements developed by rule, the State Board of Education, in consultation with the State Educator Preparation and Licensure Board, shall develop the requirements for the following endorsements:

(A) General administrative endorsement. A general administrative endorsement shall be added to a Professional Educator License, provided that an approved program has been completed. An individual holding a general administrative endorsement may work only as a principal or assistant principal or in a related or similar position, as determined by the State Superintendent of Education, in consultation with the State Educator Preparation and Licensure Board.

New matter indicated by italics - deletions by strikeout
Beginning on September 1, 2014, the general administrative endorsement shall no longer be issued except to individuals who completed all coursework requirements for the receipt of the general administrative endorsement by September 1, 2014, who have completed all testing requirements by June 30, 2016, and who apply for the endorsement on or before June 30, 2016. Individuals who hold a valid and registered administrative certificate with a general administrative endorsement issued under Section 21-7.1 of this Code or a Professional Educator License with a general administrative endorsement issued prior to September 1, 2014 and who have served for at least one full year during the 5 years prior in a position requiring a general administrative endorsement shall, upon request to the State Board of Education and through July 1, 2015, have their respective general administrative endorsement converted to a principal endorsement on the Professional Educator License. Candidates shall not be admitted to an approved general administrative preparation program after September 1, 2012.

All other individuals holding a valid and registered administrative certificate with a general administrative endorsement issued pursuant to Section 21-7.1 of this Code or a general administrative endorsement on a Professional Educator License issued prior to September 1, 2014 shall have the general administrative endorsement converted to a principal endorsement on a Professional Educator License upon request to the State Board of Education and by completing one of the following pathways:

(i) Passage of the State principal assessment developed by the State Board of Education.

(ii) Through July 1, 2019, completion of an Illinois Educators' Academy course designated by the State Superintendent of Education.

(iii) Completion of a principal preparation program established and approved pursuant to Section 21B-60 of this Code and applicable rules.

Individuals who do not choose to convert the general administrative endorsement on the administrative...
certificate issued pursuant to Section 21-7.1 of this Code or
on the Professional Educator License shall continue to be
able to serve in any position previously allowed under
paragraph (2) of subsection (e) of Section 21-7.1 of this
Code.

The general administrative endorsement on the
Professional Educator License is available only to
individuals who, prior to September 1, 2014, had such an
endorsement on the administrative certificate issued
pursuant to Section 21-7.1 of this Code or who already
have a Professional Educator License and have completed a
general administrative program and who do not choose to
convert the general administrative endorsement to a
principal endorsement pursuant to the options in this
Section.

(B) Principal endorsement. A principal endorsement
shall be affixed to a Professional Educator License of any
holder who qualifies by having all of the following:

(i) Successful completion of a principal
preparation program approved in accordance with
Section 21B-60 of this Code and any applicable
rules.

(ii) At least 4 total years of teaching or, until
June 30, 2019, working in the capacity of school
support personnel in an Illinois public school or
nonpublic school recognized by the State Board of
Education or in an out-of-state public school or out-
of-state nonpublic school meeting out-of-state
recognition standards comparable to those approved
by the State Superintendent of Education; however,
the State Board of Education, in consultation with
the State Educator Preparation and Licensure Board,
shall allow, by rules, for fewer than 4 years of
experience based on meeting standards set forth in
such rules, including without limitation a review of
performance evaluations or other evidence of
demonstrated qualifications.

(iii) A master's degree or higher from a
regionally accredited college or university.

(C) Chief school business official endorsement. A chief school business official endorsement shall be affixed to the Professional Educator License of any holder who qualifies by having a master's degree or higher, 2 years of full-time administrative experience in school business management or 2 years of university-approved practical experience, and a minimum of 24 semester hours of graduate credit in a program approved by the State Board of Education for the preparation of school business administrators and by passage of the applicable State tests. The chief school business official endorsement may also be affixed to the Professional Educator License of any holder who qualifies by having a master's degree in business administration, finance, or accounting and who completes an additional 6 semester hours of internship in school business management from a regionally accredited institution of higher education and passes the applicable State tests. This endorsement shall be required for any individual employed as a chief school business official.

(D) Superintendent endorsement. A superintendent endorsement shall be affixed to the Professional Educator License of any holder who has completed a program approved by the State Board of Education for the preparation of superintendents of schools, has had at least 2 years of experience employed full-time in a general administrative position or as a full-time principal, director of special education, or chief school business official in the public schools or in a State-recognized nonpublic school in which the chief administrator is required to have the licensure necessary to be a principal in a public school in this State and where a majority of the teachers are required to have the licensure necessary to be instructors in a public school in this State, and has passed the required State tests; or of any holder who has completed a program that is not an Illinois-approved educator preparation program at an Illinois institution of higher education and that has recognition standards comparable to those approved by the State Superintendent of Education and holds the general administrative, principal, or chief school business official

endorsement and who has had 2 years of experience as a principal, director of special education, or chief school business official while holding a valid educator license or certificate comparable in validity and educational and experience requirements and has passed the appropriate State tests, as provided in Section 21B-30 of this Code. The superintendent endorsement shall allow individuals to serve only as a superintendent or assistant superintendent.

(E) Teacher leader endorsement. It shall be the policy of this State to improve the quality of instructional leaders by providing a career pathway for teachers interested in serving in leadership roles, but not as principals. The State Board of Education, in consultation with the State Educator Preparation and Licensure Board, may issue a teacher leader endorsement under this subdivision (E). Persons who meet and successfully complete the requirements of the endorsement shall be issued a teacher leader endorsement on the Professional Educator License for serving in schools in this State. Teacher leaders may qualify to serve in such positions as department chairs, coaches, mentors, curriculum and instruction leaders, or other leadership positions as defined by the district. The endorsement shall be available to those teachers who (i) hold a Professional Educator License, (ii) hold a master's degree or higher from a regionally accredited institution, (iii) have completed a program of study that has been approved by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board, and (iv) have successfully demonstrated competencies as defined by rule. They must have taken coursework in all of the following areas:

   (I) Leadership:
   (II) Designing professional development to meet teaching and learning needs:
   (III) Building school culture that focuses on student learning:
   (IV) Using assessments to improve student learning and foster school improvement:

(V) Building collaboration with teachers and stakeholders.

A teacher who meets the requirements set forth in this Section and holds a teacher leader endorsement may evaluate teachers pursuant to Section 24A-5 of this Code, provided that the individual has completed the evaluation component required by Section 24A-3 of this Code and a teacher leader is allowed to evaluate personnel under the respective school district's collective bargaining agreement.

The State Board of Education, in consultation with the State Educator Preparation and Licensure Board, may adopt such rules as may be necessary to establish and implement the teacher leader endorsement program and to specify the positions for which this endorsement shall be required.

(F) Special education endorsement. A special education endorsement in one or more areas shall be affixed to a Professional Educator License for any individual that meets those requirements established by the State Board of Education in rules. Special education endorsement areas shall include without limitation the following:

(i) Learning Behavior Specialist I;
(ii) Learning Behavior Specialist II;
(iii) Speech Language Pathologist;
(iv) Blind or Visually Impaired;
(v) Deaf-Hard of Hearing; and
(vi) Early Childhood Special Education.

Notwithstanding anything in this Code to the contrary, the State Board of Education, in consultation with the State Educator Preparation and Licensure Board, may add additional areas of special education by rule.

(G) School support personnel endorsement. School support personnel endorsement areas shall include, but are not limited to, school counselor, marriage and family therapist, school psychologist, school speech and language pathologist, school nurse, and school social worker. This endorsement is for individuals who are not teachers or administrators, but still require licensure to work in an

instructional support position in a public or State-operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control or a charter school operating in compliance with the Charter Schools Law. The school support personnel endorsement shall be affixed to the Professional Educator License and shall meet all of the requirements established in any rules adopted to implement this subdivision (G). The holder of such an endorsement is entitled to all of the rights and privileges granted holders of any other Professional Educator License, including teacher benefits, compensation, and working conditions.

Beginning on January 1, 2014 and ending on April 30, 2014, a person holding a Professional Educator License with a school speech and language pathologist (teaching) endorsement may exchange his or her school speech and language pathologist (teaching) endorsement for a school speech and language pathologist (non-teaching) endorsement through application to the State Board of Education. There shall be no cost for this exchange.

Sec. 21B-30. Educator testing.

(a) This Section applies beginning on July 1, 2012.

(b) The State Board of Education, in consultation with the State Educator Preparation and Licensure Board, shall design and implement a system of examinations, which shall be required prior to the issuance of educator licenses. These examinations and indicators must be based on national and State professional teaching standards, as determined by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board. The State Board of Education may adopt such rules as may be necessary to implement and administer this Section.

No score on a test required under this Section, other than a test of basic skills, shall be more than 10 years old at the time that an individual makes application for an educator license or endorsement.

(c) Applicants seeking a Professional Educator License or an Educator License with Stipulations shall be required to pass a test of basic skills before the license is issued, unless the endorsement the individual is

New matter indicated by italics - deletions by strikeout
seeking does not require passage of the test. All applicants completing Illinois-approved, teacher education or school service personnel preparation programs shall be required to pass the State Board of Education's recognized test of basic skills prior to starting their student teaching or starting the final semester of their internship, unless required earlier at the discretion of the recognized, Illinois institution in which they are completing their approved program. An individual who passes a test of basic skills does not need to do so again for subsequent endorsements or other educator licenses.

(d) All applicants seeking a State license shall be required to pass a test of content area knowledge for each area of endorsement for which there is an applicable test. There shall be no exception to this requirement. No candidate shall be allowed to student teach or serve as the teacher of record until he or she has passed the applicable content area test.

(e) (Blank). All applicants seeking a State license endorsed in a teaching field shall pass the assessment of professional teaching (APT). Passage of the APT is required for completion of an approved Illinois educator preparation program.

(f) Except as otherwise provided in this Article, beginning on September 1, 2015, all candidates completing teacher preparation programs in this State and all candidates subject to Section 21B-35 of this Code are required to pass an evidence-based assessment of teacher effectiveness approved by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board. All recognized institutions offering approved teacher preparation programs must begin phasing in the approved teacher performance assessment no later than July 1, 2013.

(g) Tests of basic skills and content area knowledge and the assessment of professional teaching shall be the tests that from time to time are designated by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board, and may be tests prepared by an educational testing organization or tests designed by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board. The areas to be covered by a test of basic skills shall include reading, language arts, and mathematics. The test of content area knowledge shall assess content knowledge in a specific subject field. The tests must be designed to be racially neutral to ensure that no person taking the tests is discriminated against on the basis of race, color, national origin, or other factors unrelated to the person's ability to

perform as a licensed employee. The score required to pass the tests shall be fixed by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board. The tests shall be administered not fewer than 3 times a year at such time and place as may be designated by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board.

The State Board shall implement a test or tests to assess the speaking, reading, writing, and grammar skills of applicants for an endorsement or a license issued under subdivision (G) of paragraph (2) of Section 21B-20 of this Code in the English language and in the language of the transitional bilingual education program requested by the applicant.

(h) Except as provided in Section 34-6 of this Code, the provisions of this Section shall apply equally in any school district subject to Article 34 of this Code.

(i) The rules developed to implement and enforce the testing requirements under this Section shall include without limitation provisions governing test selection, test validation and determination of a passing score, administration of the tests, frequency of administration, applicant fees, frequency of applicants taking the tests, the years for which a score is valid, and appropriate special accommodations. The State Board of Education shall develop such rules as may be needed to ensure uniformity from year to year in the level of difficulty for each form of an assessment.

Sec. 21B-35. Minimum requirements for educators trained in other states or countries.

(a) All applicants who have not been entitled by an Illinois-approved educator preparation program at an Illinois institution of higher education applying for a Professional Educator License endorsed in a teaching field or school support personnel area must meet all of the following requirements:

(1) Hold a comparable and valid educator license or certificate with similar grade level and subject matter credentials from another state. The State Board of Education shall have the authority to determine what constitutes similar grade level and subject matter credentials from another state. A comparable educator license or certificate is one that demonstrates that the license or certificate holder meets similar requirements as

candidates entitled by an Illinois-approved educator preparation program in teaching or school support personnel areas concerning coursework aligned to standards concerning methods of instruction of the exceptional child, methods of reading and reading in the content area, and instructional strategies for English learners. An applicant who holds a comparable and valid educator license or certificate from another state must submit verification to the State Board of Education that the applicant has completed coursework concerning methods of instruction of the exceptional child, methods of reading and reading in the content area, and instructional strategies for English learners. Have completed a comparable state-approved education program, as defined by the State Superintendent of Education:

(2) Have a degree from a regionally accredited institution of higher education and the degreed major or a constructed major must directly correspond to the license or endorsement sought.

(3) (Blank). Teachers and school support personnel who have not been entitled by an Illinois-approved educator preparation program at an Illinois institution of higher education shall meet the same requirements concerning courses in the methods of instruction of the exceptional child as candidates entitled by an Illinois-approved educator preparation program in teaching and school support personnel areas, as defined by rules.

(4) (Blank). Teachers and school support personnel who have not been entitled by an Illinois-approved educator preparation program at an Illinois institution of higher education shall meet the same requirements concerning coursework in methods of reading and reading in the content area as candidates entitled by an Illinois-approved educator preparation program in teaching and school support personnel areas, as defined by rules.

(5) (Blank). Teachers and school support personnel who have not been entitled by an Illinois-approved educator preparation program at an Illinois institution of higher education shall meet the same requirements concerning courses in instructional strategies for English language learners as candidates entitled by an Illinois-approved educator preparation program in teaching and school support personnel areas, as defined by rules:

(6) Have successfully met all Illinois examination requirements. Applicants who have successfully completed a test
of basic skills, as defined by rules, at the time of initial licensure in another state shall not be required to complete a test of basic skills. Applicants who have successfully completed a test of content, as defined by rules, at the time of initial licensure in another state shall not be required to complete a test of content. Applicants for a teaching endorsement who have successfully completed an evidence-based assessment of teacher effectiveness, as defined by rules, at the time of initial licensure in another state shall not be required to complete an evidence-based assessment of teacher effectiveness.

(7) For applicants for a teaching endorsement, have completed student teaching or an equivalent experience or, for applicants for a school service personnel endorsement, have completed an internship or an equivalent experience.

Teachers and school support personnel who have not been entitled by an Illinois-approved educator preparation program at an Illinois institution of higher education must submit verification to the State Board of Education of having completed coursework as required under items (3), (4), and (5) of this subsection (a) prior to issuance of a Professional Educator License. An individual who is not able to verify completion of the coursework as required under items (3), (4), and (5) of this subsection (a) may qualify for an Educator License with Stipulations with a provisional educator endorsement and must complete coursework in those areas identified as deficient.

If one or more of the criteria in this subsection (a) are not met, then applicants who have not been entitled by an Illinois-approved educator preparation program at an Illinois institution of higher education who hold a valid, comparable certificate from another state may qualify for a provisional educator endorsement on an Educator License with Stipulations, in accordance with Section 21B-20 of this Code.

(b) In order to receive a Professional Educator License endorsed in a teaching field, applicants trained in another country must meet all of the following requirements:

(1) Have completed a comparable education program in another country.

(2) Have had transcripts evaluated by an evaluation service approved by the State Superintendent of Education.

(3) Hold a degreed major that must directly correspond to the license or endorsement sought.

(4) (Blank). Have completed coursework in the methods of instruction of the exceptional child.

(5) (Blank). Have completed coursework in methods of reading and reading in the content area.

(6) (Blank). Have completed coursework in instructional strategies for English learners.

(7) Have successfully met all State licensure examination requirements. Applicants who have successfully completed a test of basic skills, as defined by rules, at the time of initial licensure in another country shall not be required to complete a test of basic skills. Applicants who have successfully completed a test of content, as defined by rules, at the time of initial licensure in another country shall not be required to complete a test of content. Applicants for a teaching endorsement who have successfully completed an evidence-based assessment of teacher effectiveness, as defined by rules, at the time of initial licensure in another country shall not be required to complete an evidence-based assessment of teacher effectiveness.

(8) Have completed student teaching or an equivalent experience.

Applicants trained in another country must submit verification to the State Board of Education of having completed coursework as required under items (4), (5), and (6) of this subsection (b) prior to issuance of a Professional Educator License. Individuals who are not able to verify completion of the coursework as required under items (4), (5), and (6) of this subsection (b) may qualify for an Educator License with Stipulations with a provisional educator endorsement and must complete coursework in those areas identified as deficient.

If one or more of the criteria in this subsection (b) are not met, then an applicant trained in another country may qualify for a provisional educator endorsement on an Educator License with Stipulations in accordance with Section 21B-20 of this Code.

(b-5) All applicants who have not been entitled by an Illinois-approved educator preparation program at an Illinois institution of higher education and applicants trained in another country applying for a Professional Educator License endorsed for principal or superintendent must meet all of the following requirements:

(1) Have completed an educator preparation program approved by another state or comparable educator program in
another country leading to the receipt of a license or certificate for the Illinois endorsement sought.

(2) Have successfully met all State licensure examination requirements, as required by Section 21B-30 of this Code. Applicants who have successfully completed a test of basic skills, as defined by rules, at the time of initial licensure in another state or country shall not be required to complete a test of basic skills. Applicants who have successfully completed a test of content, as defined by rules, at the time of initial licensure in another state or country shall not be required to complete a test of content.

(3) (Blank). Have received a certificate or license endorsed in a teaching field.

A provisional educator endorsement to serve as a superintendent or principal may be affixed to an Educator License with Stipulations in accordance with Section 21B-20 of this Code.

(b-10) All applicants who have not been entitled by an Illinois-approved educator preparation program at an Illinois institution of higher education applying for a Professional Educator License endorsed for chief school business official must meet all of the following requirements:

(1) Have completed a master's degree in school business management, finance, or accounting.

(2) Have successfully completed an internship in school business management or have 2 years of experience as a school business administrator.

(3) Have successfully met all State examination requirements, as required by Section 21B-30 of this Code. Applicants who have successfully completed a test of content, as identified by rules, at the time of initial licensure in another state or country shall not be required to complete a test of content.

(4) Have successfully completed modules in reading methods, special education, and English Learners.

A provisional educator endorsement to serve as a chief school business official may be affixed to an Educator License with Stipulations.

(c) The State Board of Education, in consultation with the State Educator Preparation and Licensure Board, may adopt such rules as may be necessary to implement this Section.

Sec. 21B-40. Fees.

New matter indicated by italics - deletions by strikeout
(a) Beginning with the start of the new licensure system established pursuant to this Article, the following fees shall be charged to applicants:

(1) A $75 application fee for a Professional Educator License or an Educator License with Stipulations and for individuals seeking a Substitute Teaching License. However, beginning on January 1, 2015, the application fee for a Professional Educator License, Educator License with Stipulations, or Substitute Teaching License shall be $100.

(1.5) A $50 application fee for a Substitute Teaching License.

(2) A $150 application fee for individuals who have not been entitled by an Illinois-approved educator preparation program at an Illinois institution of higher education and are seeking any of the licenses set forth in subdivision (1) of this subsection (a).

(3) A $50 application fee for each endorsement or approval an individual holding a license wishes to add to that license.

(4) A $10 per year registration fee for the course of the validity cycle to register the license, which shall be paid to the regional office of education having supervision and control over the school in which the individual holding the license is to be employed. If the individual holding the license is not yet employed, then the license may be registered in any county in this State. The registration fee must be paid in its entirety the first time the individual registers the license for a particular validity period in a single region. No additional fee may be charged for that validity period should the individual subsequently register the license in additional regions. An individual must register the license (i) immediately after initial issuance of the license and (ii) at the beginning of each renewal cycle if the individual has satisfied the renewal requirements required under this Code.

(b) All application fees paid pursuant to subdivisions (1) through (3) of subsection (a) of this Section shall be deposited into the Teacher Certificate Fee Revolving Fund and shall be used, subject to appropriation, by the State Board of Education to provide the technology and human resources necessary for the timely and efficient processing of applications and for the renewal of licenses. Funds available from the Teacher Certificate Fee Revolving Fund may also be used by the State Board of Education to support the recruitment and retention of educators, to support educator preparation programs as they seek national accreditation, and to

provide professional development aligned with the requirements set forth in Section 21B-45 of this Code. A majority of the funds in the Teacher Certificate Fee Revolving Fund must be dedicated to the timely and efficient processing of applications and for the renewal of licenses. The Teacher Certificate Fee Revolving Fund is not subject to administrative charge transfers, authorized under Section 8h of the State Finance Act, from the Teacher Certificate Fee Revolving Fund into any other fund of this State, and moneys in the Teacher Certificate Fee Revolving Fund shall not revert back to the General Revenue Fund at any time.

The regional superintendent of schools shall deposit the registration fees paid pursuant to subdivision (4) of subsection (a) of this Section into the institute fund established pursuant to Section 3-11 of this Code.

(c) The State Board of Education and each regional office of education are authorized to charge a service or convenience fee for the use of credit cards for the payment of license fees. This service or convenience fee shall not exceed the amount required by the credit card processing company or vendor that has entered into a contract with the State Board or regional office of education for this purpose, and the fee must be paid to that company or vendor.

(d) If, at the time a certificate issued under Article 21 of this Code is exchanged for a license issued under this Article, a person has paid registration fees for any years of the validity period of the certificate and these years have not expired when the certificate is exchanged, then those fees must be applied to the registration of the new license.

Sec. 21B-45. Professional Educator License renewal.
(a) Individuals holding a Professional Educator License are required to complete the licensure renewal requirements as specified in this Section, unless otherwise provided in this Code.

Individuals holding a Professional Educator License shall meet the renewal requirements set forth in this Section, unless otherwise provided in this Code. If an individual holds a license endorsed in more than one area that has different renewal requirements, that individual shall follow the renewal requirements for the position for which he or she spends the majority of his or her time working.

(b) All Professional Educator Licenses not renewed as provided in this Section shall lapse on September 1 of that year. Lapsed licenses may

New matter indicated by italics - deletions by strikeout
be immediately reinstated upon (i) payment by the applicant of a $500 penalty to the State Board of Education or (ii) the demonstration of proficiency by completing 9 semester hours of coursework from a regionally accredited institution of higher education in the content area that most aligns with one or more of the educator's endorsement areas. Any and all back fees, including without limitation registration fees owed from the time of expiration of the license until the date of reinstatement, shall be paid and kept in accordance with the provisions in Article 3 of this Code concerning an institute fund and the provisions in Article 21B of this Code concerning fees and requirements for registration. Licenses not registered in accordance with Section 21B-40 of this Code shall lapse after a period of 6 months from the expiration of the last year of registration. An unregistered license is invalid after September 1 for employment and performance of services in an Illinois public or State-operated school or cooperative and in a charter school. Any license or endorsement may be voluntarily surrendered by the license holder. A voluntarily surrendered license, except a substitute teaching license issued under Section 21B-20 of this Code, shall be treated as a revoked license. An Educator License with Stipulations with only a paraprofessional endorsement does not lapse. 

(c) From July 1, 2013 through June 30, 2014, in order to satisfy the requirements for licensure renewal provided for in this Section, each professional educator licensee with an administrative endorsement who is working in a position requiring such endorsement shall complete one Illinois Administrators' Academy course, as described in Article 2 of this Code, per fiscal year.

(d) Beginning July 1, 2014, in order to satisfy the requirements for licensure renewal provided for in this Section, each professional educator licensee may create a professional development plan each year. The plan shall address one or more of the endorsements that are required of his or her educator position if the licensee is employed and performing services in an Illinois public or State-operated school or cooperative. If the licensee is employed in a charter school, the plan shall address that endorsement or those endorsements most closely related to his or her educator position. Licensees employed and performing services in any other Illinois schools may participate in the renewal requirements by adhering to the same process.

Except as otherwise provided in this Section, the licensee's professional development activities shall align with one or more of the following criteria:

New matter indicated by italics - deletions by strikeout
(1) activities are of a type that engage participants over a sustained period of time allowing for analysis, discovery, and application as they relate to student learning, social or emotional achievement, or well-being;

(2) professional development aligns to the licensee's performance;

(3) outcomes for the activities must relate to student growth or district improvement;

(4) activities align to State-approved standards; and

(5) higher education coursework.

e) For each renewal cycle, each professional educator licensee shall engage in professional development activities. Prior to renewal, the licensee shall enter electronically into the Educator Licensure Information System (ELIS) the name, date, and location of the activity, the number of professional development hours, and the provider's name. The following provisions shall apply concerning professional development activities:

(1) Each licensee shall complete a total of 120 hours of professional development per 5-year renewal cycle in order to renew the license, except as otherwise provided in this Section.

(2) Beginning with his or her first full 5-year cycle, any licensee with an administrative endorsement who is not working in a position requiring such endorsement shall complete one Illinois Administrators' Academy course, as described in Article 2 of this Code, in each 5-year renewal cycle in which the administrative endorsement was held for at least one year. The Illinois Administrators' Academy course may count toward the total of 120 hours per 5-year cycle.

(3) Any licensee with an administrative endorsement who is working in a position requiring such endorsement or an individual with a Teacher Leader endorsement serving in an administrative capacity at least 50% of the day shall complete one Illinois Administrators' Academy course, as described in Article 2 of this Code, each fiscal year in addition to 100 hours of professional development per 5-year renewal cycle in accordance with this Code.

(4) Any licensee holding a current National Board for Professional Teaching Standards (NBPTS) master teacher designation shall complete a total of 60 hours of professional development per 5-year renewal cycle in order to renew the license.

New matter indicated by italics - deletions by strikeout
(5) Licensees working in a position that does not require educator licensure or working in a position for less than 50% for any particular year are considered to be exempt and shall be required to pay only the registration fee in order to renew and maintain the validity of the license.

(6) Licensees who are retired and qualify for benefits from a State retirement system shall notify the State Board of Education using ELIS, and the license shall be maintained in retired status. For any renewal cycle in which a licensee retires during the renewal cycle, the licensee must complete professional development activities on a prorated basis depending on the number of years during the renewal cycle the educator held an active license. If a licensee retires during a renewal cycle, the licensee must notify the State Board of Education using ELIS that the licensee wishes to maintain the license in retired status and must show proof of completion of professional development activities on a prorated basis for all years of that renewal cycle for which the license was active. An individual with a license in retired status shall not be required to complete professional development activities or pay registration fees until returning to a position that requires educator licensure. Upon returning to work in a position that requires the Professional Educator License, the licensee shall immediately pay a registration fee and complete renewal requirements for that year. A license in retired status cannot lapse.

Beginning on the effective date of this amendatory Act of the 99th General Assembly through December 31, 2017, any licensee who has retired and whose license has lapsed for failure to renew as provided in this Section may reinstate that license and maintain it in retired status upon providing proof to the State Board of Education using ELIS that the licensee is retired and is not working in a position that requires a Professional Educator License.

(7) For any renewal cycle in which professional development hours were required, but not fulfilled, the licensee shall complete any missed hours to total the minimum professional development hours required in this Section prior to September 1 of that year. For any fiscal year or renewal cycle in which an Illinois Administrators' Academy course was required but not completed, the licensee shall complete any missed Illinois Administrators'
Academy courses prior to September 1 of that year. The licensee may complete all deficient hours and Illinois Administrators' Academy courses while continuing to work in a position that requires that license until September 1 of that year.

(8) Any licensee who has not fulfilled the professional development renewal requirements set forth in this Section at the end of any 5-year renewal cycle is ineligible to register his or her license and may submit an appeal to the State Superintendent of Education for reinstatement of the license.

(9) If professional development opportunities were unavailable to a licensee, proof that opportunities were unavailable and request for an extension of time beyond August 31 to complete the renewal requirements may be submitted from April 1 through June 30 of that year to the State Educator Preparation and Licensure Board. If an extension is approved, the license shall remain valid during the extension period.

(10) Individuals who hold exempt licenses prior to December 27, 2013 (the effective date of Public Act 98-610) this amendatory Act of the 98th General Assembly shall commence the annual renewal process with the first scheduled registration due after December 27, 2013 (the effective date of Public Act 98-610) this amendatory Act of the 98th General Assembly.

(f) At the time of renewal, each licensee shall respond to the required questions under penalty of perjury.

(g) The following entities shall be designated as approved to provide professional development activities for the renewal of Professional Educator Licenses:

(1) The State Board of Education.
(2) Regional offices of education and intermediate service centers.
(3) Illinois professional associations representing the following groups that are approved by the State Superintendent of Education:

(A) school administrators;
(B) principals;
(C) school business officials;
(D) teachers, including special education teachers;
(E) school boards;
(F) school districts;

(G) parents; and
(H) school service personnel.

(4) Regionally accredited institutions of higher education that offer Illinois-approved educator preparation programs and public community colleges subject to the Public Community College Act.

(5) Illinois public school districts, charter schools authorized under Article 27A of this Code, and joint educational programs authorized under Article 10 of this Code for the purposes of providing career and technical education or special education services.

(6) A not-for-profit organization that, as of December 31, 2014 (the effective date of Public Act 98-1147), has had or has a grant from or a contract with the State Board of Education to provide professional development services in the area of English Learning to Illinois school districts, teachers, or administrators.

(7) State agencies, State boards, and State commissions.

(8) Museums as defined in Section 10 of the Museum Disposition of Property Act.

(h) Approved providers under subsection (g) of this Section shall make available professional development opportunities that satisfy at least one of the following:

(1) increase the knowledge and skills of school and district leaders who guide continuous professional development;
(2) improve the learning of students;
(3) organize adults into learning communities whose goals are aligned with those of the school and district;
(4) deepen educator's content knowledge;
(5) provide educators with research-based instructional strategies to assist students in meeting rigorous academic standards;
(6) prepare educators to appropriately use various types of classroom assessments;
(7) use learning strategies appropriate to the intended goals;
(8) provide educators with the knowledge and skills to collaborate; or
(9) prepare educators to apply research to decision-making.

(i) Approved providers under subsection (g) of this Section shall do the following:

(1) align professional development activities to the State-approved national standards for professional learning;
(2) meet the professional development criteria for Illinois licensure renewal;
(3) produce a rationale for the activity that explains how it aligns to State standards and identify the assessment for determining the expected impact on student learning or school improvement;
(4) maintain original documentation for completion of activities; and
(5) provide license holders with evidence of completion of activities.

(j) The State Board of Education shall conduct annual audits of approved providers, except for school districts, which shall be audited by regional offices of education and intermediate service centers. The State Board of Education shall complete random audits of licensees.

(1) Approved providers shall annually submit to the State Board of Education a list of subcontractors used for delivery of professional development activities for which renewal credit was issued and other information as defined by rule.

(2) Approved providers shall annually submit data to the State Board of Education demonstrating how the professional development activities impacted one or more of the following:
(A) educator and student growth in regards to content knowledge or skills, or both;
(B) educator and student social and emotional growth; or
(C) alignment to district or school improvement plans.

(3) The State Superintendent of Education shall review the annual data collected by the State Board of Education, regional offices of education, and intermediate service centers in audits to determine if the approved provider has met the criteria and should continue to be an approved provider or if further action should be taken as provided in rules.

(k) Registration fees shall be paid for the next renewal cycle between April 1 and June 30 in the last year of each 5-year renewal cycle.
using ELIS. If all required professional development hours for the renewal cycle have been completed and entered by the licensee, the licensee shall pay the registration fees for the next cycle using a form of credit or debit card.

(l) Beginning July 1, 2014, any professional educator licensee endorsed for school support personnel who is employed and performing services in Illinois public schools and who holds an active and current professional license issued by the Department of Financial and Professional Regulation related to the endorsement areas on the Professional Educator License shall be deemed to have satisfied the continuing professional development requirements provided for in this Section. Such individuals shall be required to pay only registration fees to renew the Professional Educator License. An individual who does not hold a license issued by the Department of Financial and Professional Regulation shall complete professional development requirements for the renewal of a Professional Educator License provided for in this Section.

(m) Appeals to the State Educator Preparation and Licensure Board must be made within 30 days after receipt of notice from the State Superintendent of Education that a license will not be renewed based upon failure to complete the requirements of this Section. A licensee may appeal that decision to the State Educator Preparation and Licensure Board in a manner prescribed by rule.

(1) Each appeal shall state the reasons why the State Superintendent's decision should be reversed and shall be sent by certified mail, return receipt requested, to the State Board of Education.

(2) The State Educator Preparation and Licensure Board shall review each appeal regarding renewal of a license within 90 days after receiving the appeal in order to determine whether the licensee has met the requirements of this Section. The State Educator Preparation and Licensure Board may hold an appeal hearing or may make its determination based upon the record of review, which shall consist of the following:

(A) the regional superintendent of education's rationale for recommending nonrenewal of the license, if applicable;

(B) any evidence submitted to the State Superintendent along with the individual's electronic statement of assurance for renewal; and

New matter indicated by italics - deletions by strikeout
(C) the State Superintendent's rationale for nonrenewal of the license.

(3) The State Educator Preparation and Licensure Board shall notify the licensee of its decision regarding license renewal by certified mail, return receipt requested, no later than 30 days after reaching a decision. Upon receipt of notification of renewal, the licensee, using ELIS, shall pay the applicable registration fee for the next cycle using a form of credit or debit card.

(n) The State Board of Education may adopt rules as may be necessary to implement this Section.

Approved January 6, 2017.
Effective January 6, 2017.

PUBLIC ACT 99-0921
(Senate Bill No. 2799)

AN ACT concerning regulation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Employee Sick Leave Act is amended by changing Sections 5, 10, 20, and 25 and by adding Section 21 as follows:

(820 ILCS 191/5)
Sec. 5. Definitions. In this Act:
"Department" means the Department of Labor.
"Personal sick leave benefits" means any paid or unpaid time accrued and available to an employee as provided through an employment benefit plan or paid time off policy to be used as a result of absence from work due to personal illness, injury, or medical appointment. An employment benefit plan or paid time off policy does not include long term disability, short term disability, an insurance policy, or other comparable benefit plan or policy, but does not include absences from work for which compensation is provided through an employer's plan.

(820 ILCS 191/10)

New matter indicated by italics - deletions by strikeout
Sec. 10. Use of leave; limitations.

(a) An employee may use personal sick leave benefits provided by the employer for absences due to an illness, injury, or medical appointment of the employee's child, stepchild, spouse, domestic partner, sibling, parent, mother-in-law, father-in-law, grandchild, grandparent, or stepparent, for reasonable periods of time as the employee's attendance may be necessary, on the same terms upon which the employee is able to use personal sick leave benefits for the employee's own illness or injury. An employer may request written verification of the employee's absence from a health care professional if such verification is required under the employer's employment benefit plan or paid time off policy.

(b) An employer may limit the use of personal sick leave benefits provided by the employer for absences due to an illness, injury, or medical appointment of the employee's child, stepchild, spouse, domestic partner, sibling, parent, mother-in-law, father-in-law, grandchild, grandparent, or stepparent to an amount not less than the personal sick leave that would be earned or accrued during 6 months at the employee's then current rate of entitlement. For employers who base personal sick leave benefits on an employee's years of service instead of annual or monthly accrual, such employer may limit the amount of sick leave to be used under this Act to half of the employee's maximum annual grant.

(c) An employer who provides personal sick leave benefits or has a paid time off policy that would otherwise provide benefits as required under subsections (a) and (b) shall not be required to modify such benefits policy.

(Source: P.A. 99-841, eff. 1-1-17.)

(820 ILCS 191/20)

Sec. 20. Retaliation prohibited. An employer shall not deny an employee the right to use personal sick leave benefits in accordance with this Act or discharge, threaten to discharge, demote, suspend, or in any manner discriminate against an employee for using personal sick leave benefits, attempting to exercise the right to use personal sick leave benefits, filing a complaint with the Illinois Department of Labor or alleging a violation of this Act, cooperating in an investigation or prosecution of an alleged violation of this Act, or opposing any policy or practice or act that is prohibited by this Act. Nothing in this Section prohibits an employer from applying the terms and conditions set forth in the employment benefit plan or paid time off policy applicable to personal sick leave benefits.

Sec. 21. Employments exempted from coverage.
(a) This Act does not apply to an employee of an employer subject to the provisions of Title II of the Railway Labor Act (45 U.S.C. 181 et seq.) or to an employer or employee as defined in either the federal Railroad Unemployment Insurance Act (45 U.S.C. 351 et seq.) or the Federal Employers' Liability Act, United States Code, Title 45, Sections 51 through 60, or other comparable federal law.
(b) Nothing in this Act shall be construed to invalidate, diminish, or otherwise interfere with any collective bargaining agreement nor shall it be construed to invalidate, diminish, or otherwise interfere with any party's power to collectively bargain such an agreement.
(c) This Act does not apply to any other employment expressly exempted under rules adopted by the Department as necessary to implement this Act in accordance with applicable State and federal law.

Sec. 25. Rules. The Department may adopt rules to implement this Act is prohibited from adopting any rules in contravention of this Act.

AN ACT concerning safety.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Illinois Municipal Code is amended by adding Division 150.1 to Article 11 as follows:

New matter indicated by italics - deletions by strikeout
incurs reasonable costs to comply with Section 35.5 of the Illinois Plumbing License Law shall have the authority, by ordinance, to collect a fair and reasonable fee from users of the system in order to recover those reasonable costs. Fees collected pursuant to this Section shall be used exclusively for the purpose of complying with Section 35.5 of the Illinois Plumbing License Law.

Section 10. The School Code is amended by changing Sections 17-2.11 and 17-2A as follows:

(105 ILCS 5/17-2.11) (from Ch. 122, par. 17-2.11)

Sec. 17-2.11. School board power to levy a tax or to borrow money and issue bonds for fire prevention, safety, energy conservation, accessibility, school security, and specified repair purposes.

(a) Whenever, as a result of any lawful order of any agency, other than a school board, having authority to enforce any school building code applicable to any facility that houses students, or any law or regulation for the protection and safety of the environment, pursuant to the Environmental Protection Act, any school district having a population of less than 500,000 inhabitants is required to alter or reconstruct any school building or permanent, fixed equipment; the district may, by proper resolution, levy a tax for the purpose of making such alteration or reconstruction, based on a survey report by an architect or engineer licensed in this State, upon all of the taxable property of the district at the value as assessed by the Department of Revenue and at a rate not to exceed 0.05% per year for a period sufficient to finance such alteration or reconstruction, upon the following conditions:

(1) When there are not sufficient funds available in the operations and maintenance fund of the school district, the school facility occupation tax fund of the district, or the fire prevention and safety fund of the district, as determined by the district on the basis of rules adopted by the State Board of Education, to make such alteration or reconstruction or to purchase and install such permanent, fixed equipment so ordered or determined as necessary. Appropriate school district records must be made available to the State Superintendent of Education, upon request, to confirm this insufficiency.

(2) When a certified estimate of an architect or engineer licensed in this State stating the estimated amount necessary to make the alteration or reconstruction or to purchase and install the equipment so ordered has been secured by the school district, and
the estimate has been approved by the regional superintendent of schools having jurisdiction over the district and the State Superintendent of Education. Approval must not be granted for any work that has already started without the prior express authorization of the State Superintendent of Education. If the estimate is not approved or is denied approval by the regional superintendent of schools within 3 months after the date on which it is submitted to him or her, the school board of the district may submit the estimate directly to the State Superintendent of Education for approval or denial.

In the case of an emergency situation, where the estimated cost to effectuate emergency repairs is less than the amount specified in Section 10-20.21 of this Code, the school district may proceed with such repairs prior to approval by the State Superintendent of Education, but shall comply with the provisions of subdivision (2) of this subsection (a) as soon thereafter as may be as well as Section 10-20.21 of this Code. If the estimated cost to effectuate emergency repairs is greater than the amount specified in Section 10-20.21 of this Code, then the school district shall proceed in conformity with Section 10-20.21 of this Code and with rules established by the State Board of Education to address such situations. The rules adopted by the State Board of Education to deal with these situations shall stipulate that emergency situations must be expedited and given priority consideration. For purposes of this paragraph, an emergency is a situation that presents an imminent and continuing threat to the health and safety of students or other occupants of a facility, requires complete or partial evacuation of a building or part of a building, or consumes one or more of the 5 emergency days built into the adopted calendar of the school or schools or would otherwise be expected to cause such school or schools to fall short of the minimum school calendar requirements.

(b) Whenever any such district determines that it is necessary for energy conservation purposes that any school building or permanent, fixed equipment should be altered or reconstructed and that such alterations or reconstruction will be made with funds not necessary for the completion of approved and recommended projects contained in any safety survey report or amendments thereto authorized by Section 2-3.12 of this Act; the district may levy a tax or issue bonds as provided in subsection (a) of this Section.

(c) Whenever any such district determines that it is necessary for accessibility purposes and to comply with the school building code that
any school building or equipment should be altered or reconstructed and that such alterations or reconstruction will be made with funds not necessary for the completion of approved and recommended projects contained in any safety survey report or amendments thereto authorized under Section 2-3.12 of this Act, the district may levy a tax or issue bonds as provided in subsection (a) of this Section.

(d) Whenever any such district determines that it is necessary for school security purposes and the related protection and safety of pupils and school personnel that any school building or property should be altered or reconstructed or that security systems and equipment (including but not limited to intercom, early detection and warning, access control and television monitoring systems) should be purchased and installed, and that such alterations, reconstruction or purchase and installation of equipment will be made with funds not necessary for the completion of approved and recommended projects contained in any safety survey report or amendment thereto authorized by Section 2-3.12 of this Act and will deter and prevent unauthorized entry or activities upon school property by unknown or dangerous persons, assure early detection and advance warning of any such actual or attempted unauthorized entry or activities and help assure the continued safety of pupils and school staff if any such unauthorized entry or activity is attempted or occurs; the district may levy a tax or issue bonds as provided in subsection (a) of this Section.

(e) If a school district does not need funds for other fire prevention and safety projects, including the completion of approved and recommended projects contained in any safety survey report or amendments thereto authorized by Section 2-3.12 of this Act, and it is determined after a public hearing (which is preceded by at least one published notice (i) occurring at least 7 days prior to the hearing in a newspaper of general circulation within the school district and (ii) setting forth the time, date, place, and general subject matter of the hearing) that there is a substantial, immediate, and otherwise unavoidable threat to the health, safety, or welfare of pupils due to disrepair of school sidewalks, playgrounds, parking lots, or school bus turnarounds and repairs must be made; then the district may levy a tax or issue bonds as provided in subsection (a) of this Section.

(f) For purposes of this Section a school district may replace a school building or build additions to replace portions of a building when it is determined that the effectuation of the recommendations for the existing building will cost more than the replacement costs. Such determination
shall be based on a comparison of estimated costs made by an architect or engineer licensed in the State of Illinois. The new building or addition shall be equivalent in area (square feet) and comparable in purpose and grades served and may be on the same site or another site. Such replacement may only be done upon order of the regional superintendent of schools and the approval of the State Superintendent of Education.

(g) The filing of a certified copy of the resolution levying the tax when accompanied by the certificates of the regional superintendent of schools and State Superintendent of Education shall be the authority of the county clerk to extend such tax.

(h) The county clerk of the county in which any school district levying a tax under the authority of this Section is located, in reducing raised levies, shall not consider any such tax as a part of the general levy for school purposes and shall not include the same in the limitation of any other tax rate which may be extended.

Such tax shall be levied and collected in like manner as all other taxes of school districts, subject to the provisions contained in this Section.

(i) The tax rate limit specified in this Section may be increased to .10% upon the approval of a proposition to effect such increase by a majority of the electors voting on that proposition at a regular scheduled election. Such proposition may be initiated by resolution of the school board and shall be certified by the secretary to the proper election authorities for submission in accordance with the general election law.

(j) When taxes are levied by any school district for fire prevention, safety, energy conservation, and school security purposes as specified in this Section, and the purposes for which the taxes have been levied are accomplished and paid in full, and there remain funds on hand in the Fire Prevention and Safety Fund from the proceeds of the taxes levied, including interest earnings thereon, the school board by resolution shall use such excess and other board restricted funds, excluding bond proceeds and earnings from such proceeds, as follows:

(1) for other authorized fire prevention, safety, energy conservation, required safety inspections, and school security purposes, sampling for lead in drinking water in schools, and for repair and mitigation due to lead levels in the drinking water supply and for required safety inspections; or

New matter indicated by italics - deletions by strikeout
(2) for transfer to the Operations and Maintenance Fund for the purpose of abating an equal amount of operations and maintenance purposes taxes.

Notwithstanding subdivision (2) of this subsection (j) and subsection (k) of this Section, through June 30, 2019, the school board may, by proper resolution following a public hearing set by the school board or the president of the school board (that is preceded (i) by at least one published notice over the name of the clerk or secretary of the board, occurring at least 7 days and not more than 30 days prior to the hearing, in a newspaper of general circulation within the school district and (ii) by posted notice over the name of the clerk or secretary of the board, at least 48 hours before the hearing, at the principal office of the school board or at the building where the hearing is to be held if a principal office does not exist, with both notices setting forth the time, date, place, and subject matter of the hearing), transfer surplus life safety taxes and interest earnings thereon to the Operations and Maintenance Fund for building repair work.

(k) If any transfer is made to the Operation and Maintenance Fund, the secretary of the school board shall within 30 days notify the county clerk of the amount of that transfer and direct the clerk to abate the taxes to be extended for the purposes of operations and maintenance authorized under Section 17-2 of this Act by an amount equal to such transfer.

(l) If the proceeds from the tax levy authorized by this Section are insufficient to complete the work approved under this Section, the school board is authorized to sell bonds without referendum under the provisions of this Section in an amount that, when added to the proceeds of the tax levy authorized by this Section, will allow completion of the approved work.

(m) Any bonds issued pursuant to this Section shall bear interest at a rate not to exceed the maximum rate authorized by law at the time of the making of the contract, shall mature within 20 years from date, and shall be signed by the president of the school board and the treasurer of the school district.

(n) In order to authorize and issue such bonds, the school board shall adopt a resolution fixing the amount of bonds, the date thereof, the maturities thereof, rates of interest thereof, place of payment and denomination, which shall be in denominations of not less than $100 and not more than $5,000, and provide for the levy and collection of a direct annual tax upon all the taxable property in the school district sufficient to pay the principal and interest on such bonds to maturity. Upon the filing in...
the office of the county clerk of the county in which the school district is located of a certified copy of the resolution, it is the duty of the county clerk to extend the tax therefor in addition to and in excess of all other taxes heretofore or hereafter authorized to be levied by such school district.

(o) After the time such bonds are issued as provided for by this Section, if additional alterations or reconstructions are required to be made because of surveys conducted by an architect or engineer licensed in the State of Illinois, the district may levy a tax at a rate not to exceed .05% per year upon all the taxable property of the district or issue additional bonds, whichever action shall be the most feasible.

(p) This Section is cumulative and constitutes complete authority for the issuance of bonds as provided in this Section notwithstanding any other statute or law to the contrary.

(q) With respect to instruments for the payment of money issued under this Section either before, on, or after the effective date of Public Act 86-004 (June 6, 1989), it is, and always has been, the intention of the General Assembly (i) that the Omnibus Bond Acts are, and always have been, supplementary grants of power to issue instruments in accordance with the Omnibus Bond Acts, regardless of any provision of this Act that may appear to be or to have been more restrictive than those Acts, (ii) that the provisions of this Section are not a limitation on the supplementary authority granted by the Omnibus Bond Acts, and (iii) that instruments issued under this Section within the supplementary authority granted by the Omnibus Bond Acts are not invalid because of any provision of this Act that may appear to be or to have been more restrictive than those Acts.

(r) When the purposes for which the bonds are issued have been accomplished and paid for in full and there remain funds on hand from the proceeds of the bond sale and interest earnings therefrom, the board shall, by resolution, use such excess funds in accordance with the provisions of Section 10-22.14 of this Act.

(s) Whenever any tax is levied or bonds issued for fire prevention, safety, energy conservation, and school security purposes, such proceeds shall be deposited and accounted for separately within the Fire Prevention and Safety Fund.

Section 15. The Public Utilities Act is amended by adding Section 9-246 as follows:

(220 ILCS 5/9-246 new)

Sec. 9-246. Rates; lead hazard cost recovery by investor-owned water utilities. In determining the rates for an investor-owned public utility engaged in providing water service, the Commission shall allow the utility to recover annually any reasonable costs incurred by the utility to comply with Section 35.5 of the Illinois Plumbing License Law.

Section 20. The Child Care Act of 1969 is amended by adding Section 5.9 as follows:

(225 ILCS 10/5.9 new)

Sec. 5.9. Lead testing of water in licensed day care centers, day care homes and group day care homes.

(a) On or before January 1, 2018, the Department, in consultation with the Department of Public Health, shall adopt rules that prescribe the procedures and standards to be used by the Department in assessing levels of lead in water in licensed day care centers, day care homes, and group day care homes constructed on or before January 1, 2000 that serve children under the age of 6. Such rules shall, at a minimum, include provisions regarding testing parameters, the notification of sampling results, training requirements for lead exposure and mitigation.

(b) After adoption of the rules required by subsection (a), and as part of an initial application or application for renewal of a license for day care centers, day care homes, and group day care homes, the Department shall require proof that the applicant has complied with all such rules.

Section 25. The Illinois Plumbing License Law is amended by adding Section 35.5 as follows:

(225 ILCS 320/35.5 new)

Sec. 35.5. Lead in drinking water prevention.

(a) The General Assembly finds that lead has been detected in the drinking water of schools in this State. The General Assembly also finds

New matter indicated by italics - deletions by strikeout
that infants and young children may suffer adverse health effects and
developmental delays as a result of exposure to even low levels of lead.
The General Assembly further finds that it is in the best interests of the
people of the State to require school districts or chief school
administrators, or the designee of the school district or chief school
administrator, to test for lead in drinking water in school buildings and
provide written notification of the test results.

The purpose of this Section is to require (i) school districts or chief
school administrators, or the designees of the school districts or chief
school administrators, to test for lead with the goal of providing school
building occupants with an adequate supply of safe, potable water; and
(ii) school districts or chief school administrators, or the designees of the
school districts or chief school administrators, to notify the parents and
legal guardians of enrolled students of the sampling results from their
respective school buildings.

(b) For the purposes of this Section:
"Community water system" has the meaning provided in 35 Ill.

"School building" means any facility or portion thereof that was
constructed on or before January 1, 2000 and may be occupied by more
than 10 children or students, pre-kindergarten through grade 5, under the
control of (a) a school district or (b) a public, private, charter, or
nonpublic day or residential educational institution.

"Source of potable water" means the point at which non-bottled
water that may be ingested by children or used for food preparation exits
any tap, faucet, drinking fountain, wash basin in a classroom occupied by
children or students under grade 1, or similar point of use; provided,
however, that all (a) bathroom sinks and (b) wash basins used by
janitorial staff are excluded from this definition.

(c) Each school district or chief school administrator, or the
designee of each school district or chief school administrator, shall test
each source of potable water in a school building for lead contamination
as required in this subsection.

(1) Each school district or chief school administrator, or
the designee of each school district or chief school administrator,
shall, at a minimum, (a) collect a first-draw 250 milliliter sample
of water, (b) flush for 30 seconds, and (c) collect a second-draw
250 milliliter sample from each source of potable water located at
each corresponding school building; provided, however, that to the
extent that multiple sources of potable water utilize the same drain, (i) the foregoing collection protocol is required for one such source of potable water, and (ii) only a first-draw 250 milliliter sample of water is required from the remaining such sources of potable water. The water corresponding to the first-draw 250 milliliter sample from each source of potable water shall have been standing in the plumbing pipes for at least 8 hours, but not more than 18 hours, without any flushing of the source of potable water before sample collection.

(2) Each school district or chief school administrator, or the designee of each school district or chief school administrator, shall submit or cause to be submitted (A) the samples to an Illinois Environmental Protection Agency-accredited laboratory for analysis for lead in accordance with the instructions supplied by an Illinois Environmental Protection Agency-accredited laboratory and (B) the written sampling results to the Department within 7 business days of receipt of the results.

(3) If any of the samples taken in the school exceed 5 parts per billion, the school district or chief school administrator, or the designee of the school district or chief school administrator, shall promptly provide an individual notification of the sampling results, via written or electronic communication, to the parents or legal guardians of all enrolled students and include the following information: the corresponding sampling location within the school building and the United States Environmental Protection Agency's website for information about lead in drinking water. If any of the samples taken at the school are at or below 5 parts per billion, notification may be made as provided in this paragraph or by posting on the school's website.

(4) Sampling and analysis required under this Section shall be completed by the following applicable deadlines: for school buildings constructed prior to January 1, 1987, by December 31, 2017; and for school buildings constructed between January 2, 1987 and January 1, 2000, by December 31, 2018.

(5) A school district or chief school administrator, or the designee of the school district or chief school administrator, may seek a waiver of the requirements of this subsection from the Department, if (A) the school district or chief school administrator, or the designee of the school district or chief school administrator,

collected at least one 250 milliliter or greater sample of water from each source of potable water that had been standing in the plumbing pipes for at least 6 hours and that was collected without flushing the source of potable water before collection, (B) an Illinois Environmental Protection Agency-accredited laboratory analyzed the samples, (C) test results were obtained prior to the effective date of this amendatory Act of the 99th General Assembly, but after January 1, 2013, and (D) test results were submitted to the Department within 120 days of the effective date of this amendatory Act of the 99th General Assembly.

(6) The owner or operator of a community water system may agree to pay for the cost of the laboratory analysis of the samples required under this Section and may utilize the lead hazard cost recovery fee under Section 11-150.1-1 of the Illinois Municipal Code or other available funds to defray said costs.

(7) Lead sampling results obtained shall not be used for purposes of determining compliance with the Board’s rules that implement the national primary drinking water regulations for lead and copper.

(d) By no later than June 30, 2019, the Department shall determine whether it is necessary and appropriate to protect public health to require schools constructed in whole or in part after January 1, 2000 to conduct testing for lead from sources of potable water, taking into account, among other relevant information, the results of testing conducted pursuant to this Section.

(e) Within 90 days of the effective date of this amendatory Act of the 99th General Assembly, the Department shall post on its website guidance on mitigation actions for lead in drinking water, and ongoing water management practices, in schools. In preparing such guidance, the Department may, in part, reference the United States Environmental Protection Agency’s 3Ts for Reducing Lead in Drinking Water in Schools.

Section 30. The Environmental Protection Act is amended by changing Section 19.3 and by adding Section 17.11 as follows:

(415 ILCS 5/17.11 new)

Sec. 17.11. Lead in drinking water notifications and inventories.

(a) The purpose of this Section is to require the owners and operators of community water systems to (i) create a comprehensive lead service line inventory; and (ii) provide notice to occupants of potentially

affected residences of construction or repair work on water mains, lead
service lines, or water meters.

(b) For the purposes of this Section:

"Community water system" has the meaning provided in 35 Ill. Adm. Code 611.101.

"Potentially affected residence" means any residence where water service is or may be temporarily interrupted or shut off by or on behalf of an owner or operator of a community water system because construction or repair work is to be performed by or on behalf of the owner or operator of a community water system on or affecting a water main, service line, or water meter.

"Small system" has the meaning provided in 35 Ill. Adm. Code 611.350.

(c) The owner or operator of each community water system in the State shall develop a water distribution system material inventory that shall be submitted in written or electronic form to the Agency on an annual basis commencing on April 15, 2018 and continuing on each April 15 thereafter until the water distribution system material inventory is completed. In addition to meeting the requirements for water distribution system material inventories that are mandated by the United States Environmental Protection Agency, each water distribution system material inventory shall identify:

(1) the total number of service lines within or connected to the distribution system, including privately owned service lines;

(2) the number of all known lead service lines within or connected to the distribution system, including privately owned lead service lines; and

(3) the number of the lead service lines that were added to the inventory after the previous year's submission.

Nothing in this subsection shall be construed to require that service lines be unearthed.

(d) Beginning on January 1, 2018, when conducting routine inspections of community water systems as required under this Act, the Agency may conduct a separate audit to identify progress that the community water system has made toward completing the water distribution system material inventories required under subsection (c) of this Section.

(e) The owner or operator of the community water system shall provide notice of construction or repair work on a water main service line, or water meter in accordance with the following requirements:

(1) At least 14 days prior to beginning planned work to repair or replace any water mains or lead service lines, the owner or operator of a community water system shall notify, through an individual written notice, each potentially affected residence of the planned work. In cases where a community water system must perform construction or repair work on an emergency basis or where such work is not scheduled at least 14 days prior to work taking place, the community water system shall notify each potentially affected residence as soon as reasonably possible. When work is to repair or replace a water meter, the notification shall be provided at the time the work is initiated.

(2) Such notification shall include, at a minimum:

(A) a warning that the work may result in sediment, possibly containing lead, in the residence's water supply; and

(B) information concerning best practices for preventing the consumption of any lead in drinking water, including a recommendation to flush water lines during and after the completion of the repair or replacement work and to clean faucet aerator screens; and

(C) information regarding the dangers of lead in young children.

(3) To the extent that the owner or operator of a community water system serves a significant proportion of non-English speaking consumers, the notification must contain information in the appropriate languages regarding the importance of the notice, and it must contain a telephone number or address where a person served may contact the owner or operator of the community water system to obtain a translated copy of the notification or to request assistance in the appropriate language.

(4) Notwithstanding anything to the contrary set forth in this Section, to the extent that (a) notification is required for the entire community served by a community water system, (b) notification is required for construction or repairs occurring on an emergency basis, or (c) the community water system is a small system, publication notification, through a local media, social

media or other similar means, may be utilized in lieu of an individual written notification.

(5) If an owner or operator is required to provide an individual written notification to a residence that is a multidwelling building, posting a written notification on the primary entrance way to the building shall be sufficient.

(6) The notification requirements in this subsection (e) do not apply to work performed on water mains that are used to transmit treated water between community water systems and have no service connections.

(7) The owner or operator of a community water system may seek a full or partial waiver of the requirements of this subsection from the Agency if (i) the community water system was originally constructed without lead, (ii) the residential structures were constructed under local building codes that categorically prohibited lead construction materials or the owner or operator of a community water system certifies that any residential structures requiring notification were constructed without lead, and (iii) no lead sediment is likely to be present within the community water system or residential structures. The owner or operator of a community water system may seek a time-limited or permanent waiver.

(8) The owner and operator of a community water system shall not be required to comply with this subsection (e) to the extent that the corresponding water distribution system material inventory has been completed that demonstrates the water distribution system does not contain any lead.

(415 ILCS 5/19.3) (from Ch. 111 1/2, par. 1019.3)
Sec. 19.3. Water Revolving Fund.

(a) There is hereby created within the State Treasury a Water Revolving Fund, consisting of 3 interest-bearing special programs to be known as the Water Pollution Control Loan Program, the Public Water Supply Loan Program, and the Loan Support Program, which shall be used and administered by the Agency.

(b) The Water Pollution Control Loan Program shall be used and administered by the Agency to provide assistance for the following purposes:

(1) to accept and retain funds from grant awards, appropriations, transfers, and payments of interest and principal;

New matter indicated by italics - deletions by strikeout
(2) to make direct loans at or below market interest rates and to provide additional subsidization, including, but not limited to, forgiveness of principal, negative interest rates, and grants, to any eligible local government unit to finance the construction of treatments works, including storm water treatment systems that are treatment works, and projects that fulfill federal State Revolving Fund grant requirements for a green project reserve;

(2.5) with respect to funds provided under the American Recovery and Reinvestment Act of 2009:

(A) to make direct loans at or below market interest rates to any eligible local government unit and to provide additional subsidization to any eligible local government unit, including, but not limited to, forgiveness of principal, negative interest rates, and grants;

(B) to make direct loans at or below market interest rates to any eligible local government unit to buy or refinance debt obligations for treatment works incurred on or after October 1, 2008; and

(C) to provide additional subsidization, including, but not limited to, forgiveness of principal, negative interest rates, and grants for treatment works incurred on or after October 1, 2008;

(3) to make direct loans at or below market interest rates and to provide additional subsidization, including, but not limited to, forgiveness of principal, negative interest rates, and grants, to any eligible local government unit to buy or refinance debt obligations for costs incurred after March 7, 1985, for the construction of treatment works, including storm water treatment systems that are treatment works, and projects that fulfill federal State Revolving Fund grant requirements for a green project reserve;

(3.5) to make loans, including, but not limited to, loans through a linked deposit program, at or below market interest rates for the implementation of a management program established under Section 319 of the Federal Water Pollution Control Act, as amended;

(4) to guarantee or purchase insurance for local obligations where such action would improve credit market access or reduce interest rates;

(5) as a source of revenue or security for the payment of principal and interest on revenue or general obligation bonds issued by the State or any political subdivision or instrumentality thereof, if the proceeds of such bonds will be deposited in the Fund;

(6) to finance the reasonable costs incurred by the Agency in the administration of the Fund;

(7) to transfer funds to the Public Water Supply Loan Program; and

(8) notwithstanding any other provision of this subsection (b), to provide, in accordance with rules adopted under this Title, any other financial assistance that may be provided under Section 603 of the Federal Water Pollution Control Act for any other projects or activities eligible for assistance under that Section or federal rules adopted to implement that Section.

(c) The Loan Support Program shall be used and administered by the Agency for the following purposes:

(1) to accept and retain funds from grant awards and appropriations;

(2) to finance the reasonable costs incurred by the Agency in the administration of the Fund, including activities under Title III of this Act, including the administration of the State construction grant program;

(3) to transfer funds to the Water Pollution Control Loan Program and the Public Water Supply Loan Program;

(4) to accept and retain a portion of the loan repayments;

(5) to finance the development of the low interest loan programs for water pollution control and public water supply projects;

(6) to finance the reasonable costs incurred by the Agency to provide technical assistance for public water supplies; and

(7) to finance the reasonable costs incurred by the Agency for public water system supervision programs, to administer or provide for technical assistance through source water protection programs, to develop and implement a capacity development strategy, to delineate and assess source water protection areas, and for an operator certification program in accordance with Section 1452 of the federal Safe Drinking Water Act.

(d) The Public Water Supply Loan Program shall be used and administered by the Agency to provide assistance to local government units and privately owned community water supplies for public water supplies for the following public purposes:

(1) to accept and retain funds from grant awards, appropriations, transfers, and payments of interest and principal;

(2) to make direct loans at or below market interest rates and to provide additional subsidization, including, but not limited to, forgiveness of principal, negative interest rates, and grants, to any eligible local government unit or to any eligible privately owned community water supply to finance the construction of water supplies and projects that fulfill federal State Revolving Fund grant requirements for a green project reserve;

(2.5) with respect to funds provided under the American Recovery and Reinvestment Act of 2009:

(A) to make direct loans at or below market interest rates to any eligible local government unit or to any eligible privately owned community water supply, and to provide additional subsidization to any eligible local government unit or to any eligible privately owned community water supply, including, but not limited to, forgiveness of principal, negative interest rates, and grants;

(B) to buy or refinance the debt obligation of a local government unit for costs incurred on or after October 1, 2008; and

(C) to provide additional subsidization, including, but not limited to, forgiveness of principal, negative interest rates, and grants for a local government unit for costs incurred on or after October 1, 2008;

(3) to make direct loans at or below market interest rates and to provide additional subsidization, including, but not limited to, forgiveness of principal, negative interest rates, and grants, to any eligible local government unit or to any eligible privately owned community water supply to buy or refinance debt obligations for costs incurred on or after July 17, 1997, for the construction of water supplies and projects that fulfill federal State Revolving Fund requirements for a green project reserve;

(4) to guarantee local obligations where such action would improve credit market access or reduce interest rates;

(5) as a source of revenue or security for the payment of principal and interest on revenue or general obligation bonds issued by the State or any political subdivision or instrumentality thereof, if the proceeds of such bonds will be deposited into the Fund; and

(6) to transfer funds to the Water Pollution Control Loan Program; and

(7) notwithstanding any other provision of this subsection (d), to provide to local government units and privately owned community water supplies any other financial assistance that may be provided under Section 1452 of the federal Safe Drinking Water Act for any expenditures eligible for assistance under that Section or federal rules adopted to implement that Section.

(e) The Agency is designated as the administering agency of the Fund. The Agency shall submit to the Regional Administrator of the United States Environmental Protection Agency an intended use plan which outlines the proposed use of funds available to the State. The Agency shall take all actions necessary to secure to the State the benefits of the federal Water Pollution Control Act and the federal Safe Drinking Water Act, as now or hereafter amended.

(f) The Agency shall have the power to enter into intergovernmental agreements with the federal government or the State, or any instrumentality thereof, for purposes of capitalizing the Water Revolving Fund. Moneys on deposit in the Water Revolving Fund may be used for the creation of reserve funds or pledged funds that secure the obligations of repayment of loans made pursuant to this Section. For the purpose of obtaining capital for deposit into the Water Revolving Fund, the Agency may also enter into agreements with financial institutions and other persons for the purpose of selling loans and developing a secondary market for such loans. The Agency shall have the power to create and establish such reserve funds and accounts as may be necessary or desirable to accomplish its purposes under this subsection and to allocate its available moneys into such funds and accounts. Investment earnings on moneys held in the Water Revolving Fund, including any reserve fund or pledged fund, shall be deposited into the Water Revolving Fund.

Section 35. The Local Governmental and Governmental Employees Tort Immunity Act is amended by changing Section 9-107 as follows:

New matter indicated by italics - deletions by strikeout
Sec. 9-107. Policy; tax levy.

(a) The General Assembly finds that the purpose of this Section is to provide an extraordinary tax for funding expenses relating to (i) tort liability, (ii) liability relating to actions brought under the federal Comprehensive Environmental Response, Compensation, and Liability Act of 1980 or the Environmental Protection Act, but only until December 31, 2010, (iii) insurance, and (iv) risk management programs. Thus, the tax has been excluded from various limitations otherwise applicable to tax levies. Notwithstanding the extraordinary nature of the tax authorized by this Section, however, it has become apparent that some units of local government are using the tax revenue to fund expenses more properly paid from general operating funds. These uses of the revenue are inconsistent with the limited purpose of the tax authorization.

Therefore, the General Assembly declares, as a matter of policy, that (i) the use of the tax revenue authorized by this Section for purposes not expressly authorized under this Act is improper and (ii) the provisions of this Section shall be strictly construed consistent with this declaration and the Act's express purposes.

(b) A local public entity may annually levy or have levied on its behalf taxes upon all taxable property within its territory at a rate that will produce a sum that will be sufficient to: (i) pay the cost of insurance, individual or joint self-insurance (including reserves thereon), including all operating and administrative costs and expenses directly associated therewith, claims services and risk management directly attributable to loss prevention and loss reduction, legal services directly attributable to the insurance, self-insurance, or joint self-insurance program, and educational, inspectional, and supervisory services directly relating to loss prevention and loss reduction, participation in a reciprocal insurer as provided in Sections 72, 76, and 81 of the Illinois Insurance Code, or participation in a reciprocal insurer, all as provided in settlements or judgments under Section 9-102, including all costs and reserves directly attributable to being a member of an insurance pool, under Section 9-103; (ii) pay the costs of and principal and interest on bonds issued under Section 9-105; (iii) pay judgments and settlements under Section 9-104 of this Act; (iv) discharge obligations under Section 34-18.1 of the School Code or make transfers under Section 17-2A of the School Code; (v) pay judgments and settlements under the federal Comprehensive Environmental Response, Compensation, and Liability Act of 1980 and
the Environmental Protection Act, but only until December 31, 2010; (vi) pay the costs authorized by the Metro-East Sanitary District Act of 1974 as provided in subsection (a) of Section 5-1 of that Act (70 ILCS 2905/5-1); and (vii) pay the cost of risk management programs. Provided it complies with any other applicable statutory requirements, the local public entity may self-insure and establish reserves for expected losses for any property damage or for any liability or loss for which the local public entity is authorized to levy or have levied on its behalf taxes for the purchase of insurance or the payment of judgments or settlements under this Section. The decision of the board to establish a reserve shall be based on reasonable actuarial or insurance underwriting evidence and subject to the limits and reporting provisions in Section 9-103.

If a school district was a member of a joint-self-health-insurance cooperative that had more liability in outstanding claims than revenue to pay those claims, the school board of that district may by resolution make a one-time transfer from any fund in which tort immunity moneys are maintained to the fund or funds from which payments to a joint-self-health-insurance cooperative can be or have been made of an amount not to exceed the amount of the liability claim that the school district owes to the joint-self-health-insurance cooperative or that the school district paid within the 2 years immediately preceding the effective date of this amendatory Act of the 92nd General Assembly.

Funds raised pursuant to this Section shall, unless lawfully transferred as provided in Section 17-2A of the School Code, only be used for the purposes specified in this Act, including protection against and reduction of any liability or loss described hereinabove and under Federal or State common or statutory law, the Workers' Compensation Act, the Workers' Occupational Diseases Act and the Unemployment Insurance Act. Funds raised pursuant to this Section may be invested in any manner in which other funds of local public entities may be invested under Section 2 of the Public Funds Investment Act. Interest on such funds shall be used only for purposes for which the funds can be used or, if surplus, must be used for abatement of property taxes levied by the local taxing entity.

A local public entity may enter into intergovernmental contracts with a term of not to exceed 12 years for the provision of joint self-insurance which contracts may include an obligation to pay a proportional share of a general obligation or revenue bond or other debt instrument issued by a local public entity which is a party to the intergovernmental contract and is authorized by the terms of the contract to issue the bond or

New matter indicated by italics - deletions by strikeout
other debt instrument. Funds due under such contracts shall not be considered debt under any constitutional or statutory limitation and the local public entity may levy or have levied on its behalf taxes to pay for its proportional share under the contract. Funds raised pursuant to intergovernmental contracts for the provision of joint self-insurance may only be used for the payment of any cost, liability or loss against which a local public entity may protect itself or self-insure pursuant to Section 9-103 or for the payment of which such entity may levy a tax pursuant to this Section, including tort judgments or settlements, costs associated with the issuance, retirement or refinancing of the bonds or other debt instruments, the repayment of the principal or interest of the bonds or other debt instruments, the costs of the administration of the joint self-insurance fund, consultant, and risk care management programs or the costs of insurance. Any surplus returned to the local public entity under the terms of the intergovernmental contract shall be used only for purposes set forth in subsection (a) of Section 9-103 and Section 9-107 or for abatement of property taxes levied by the local taxing entity.

Any tax levied under this Section shall be levied and collected in like manner with the general taxes of the entity and shall be exclusive of and in addition to the amount of tax that entity is now or may hereafter be authorized to levy for general purposes under any statute which may limit the amount of tax which that entity may levy for general purposes. The county clerk of the county in which any part of the territory of the local taxing entity is located, in reducing tax levies under the provisions of any Act concerning the levy and extension of taxes, shall not consider any tax provided for by this Section as a part of the general tax levy for the purposes of the entity nor include such tax within any limitation of the percent of the assessed valuation upon which taxes are required to be extended for such entity.

With respect to taxes levied under this Section, either before, on, or after the effective date of this amendatory Act of 1994:

1) Those taxes are excepted from and shall not be included within the rate limitation imposed by law on taxes levied for general corporate purposes by the local public entity authorized to levy a tax under this Section.

2) Those taxes that a local public entity has levied in reliance on this Section and that are excepted under paragraph (1) from the rate limitation imposed by law on taxes levied for general corporate purposes by the local public entity are not invalid

New matter indicated by italics - deletions by strikeout
because of any provision of the law authorizing the local public entity's tax levy for general corporate purposes that may be construed or may have been construed to restrict or limit those taxes levied, and those taxes are hereby validated. This validation of taxes levied applies to all cases pending on or after the effective date of this amendatory Act of 1994.

(3) Paragraphs (1) and (2) do not apply to a hospital organized under Article 170 or 175 of the Township Code, under the Town Hospital Act, or under the Township Non-Sectarian Hospital Act and do not give any authority to levy taxes on behalf of such a hospital in excess of the rate limitation imposed by law on taxes levied for general corporate purposes. A hospital organized under Article 170 or 175 of the Township Code, under the Town Hospital Act, or under the Township Non-Sectarian Hospital Act is not prohibited from levying taxes in support of tort liability bonds if the taxes do not cause the hospital's aggregate tax rate from exceeding the rate limitation imposed by law on taxes levied for general corporate purposes.

Revenues derived from such tax shall be paid to the treasurer of the local taxing entity as collected and used for the purposes of this Section and of Section 9-102, 9-103, 9-104 or 9-105, as the case may be. If payments on account of such taxes are insufficient during any year to meet such purposes, the entity may issue tax anticipation warrants against the current tax levy in the manner provided by statute.

Section 99. Effective date. This Act takes effect upon becoming law.

Approved January 17, 2017.
Effective January 17, 2017.
Sec. 14.7. Preservation of community water supplies.

(a) The Agency shall adopt rules governing certain corrosion prevention projects carried out on community water supplies. Those rules shall not apply to buried pipelines including, but not limited to, pipes, mains, and joints. The rules shall exclude routine maintenance activities of community water supplies including, but not limited to, the use of protective coatings applied by the owner's utility personnel during the course of performing routine maintenance activities. The activities may include, but not be limited to, the painting of fire hydrants; routine overcoat painting of interior and exterior building surfaces such as floors, doors, windows, and ceilings; and routine touch-up and over-coat application of protective coatings typically found on water utility pumps, pipes, tanks, and other water treatment plant appurtenances and utility owned structures. Those rules shall include:

(1) standards for ensuring that community water supplies carry out corrosion prevention and mitigation methods according to corrosion prevention industry standards adopted by the Agency;

(2) requirements that community water supplies use:

(A) protective coatings personnel to carry out corrosion prevention and mitigation methods on exposed water treatment tanks, exposed non-concrete water treatment structures, exposed water treatment pipe galleys; exposed pumps; and generators; the Agency shall not limit to protective coatings personnel any other work relating to prevention and mitigation methods on any other water treatment appurtenances where protective coatings are utilized for corrosion control and prevention to prolong the life of the water utility asset; and

(B) inspectors to ensure that best practices and standards are adhered to on each corrosion prevention project; and

(3) standards to prevent environmental degradation that might occur as a result of carrying out corrosion prevention and mitigation methods including, but not limited to, standards to prevent the improper handling and containment of hazardous materials, especially lead paint, removed from the exterior of a community water supply. In adopting rules under this subsection (a), the Agency shall obtain input from corrosion industry experts.
specializing in the training of personnel to carry out corrosion prevention and mitigation methods.

(b) As used in this Section:
"Community water supply" has the meaning ascribed to that term in Section 3.145 of this Act.
"Corrosion" means a naturally occurring phenomenon commonly defined as the deterioration of a metal that results from a chemical or electrochemical reaction with its environment.
"Corrosion prevention and mitigation methods" means the preparation, application, installation, removal, or general maintenance as necessary of a protective coating system, including any or more of the following:

(A) surface preparation and coating application on the exterior or interior of a community water supply; or

(B) shop painting of structural steel fabricated for installation as part of a community water supply.

"Corrosion prevention project" means carrying out corrosion prevention and mitigation methods. "Corrosion prevention project" does not include clean-up related to surface preparation.

"Protective coatings personnel" means personnel employed or retained by a contractor providing services covered by this Section to carry out corrosion prevention or mitigation methods or inspections.

(c) This Section shall apply to only those projects receiving 100% funding from the State.

(d) Each contract procured pursuant to the Illinois Procurement Code for the provision of services covered by this Section (1) shall comply with applicable provisions of the Illinois Procurement Code and (2) shall include provisions for reporting participation by minority persons, as defined by Section 2 of the Business Enterprise for Minorities, Females, and Persons with Disabilities Act; females, as defined by Section 2 of the Business Enterprise for Minorities, Females, and Persons with Disabilities Act; and veterans, as defined by Section 45-57 of the Illinois Procurement Code, in apprenticeship and training programs in which the contractor or his or her subcontractors participate. The requirements of this Section do not apply to an individual licensed under the Professional Engineering Practice Act of 1989 or the Structural Engineering Act of 1989.

Section 10. The Illinois Highway Code is amended by adding Section 4-106 as follows:

New matter indicated by italics - deletions by strikeout
Sec. 4-106. Preservation of bridge infrastructure.

(a) The Department may adopt rules governing all corrosion prevention projects carried out on eligible bridges. Rules may include a process for ensuring that corrosion prevention and mitigation methods are carried out according to corrosion prevention industry standards adopted by the Department for eligible bridges that include:

(1) a plan to prevent environmental degradation that could occur as a result of carrying out corrosion prevention and mitigation methods including the careful handling and containment of hazardous materials; and

(2) consulting and interacting directly with, for the purpose of utilizing trained personnel specializing in the design and inspection of corrosion prevention and mitigation methods on bridges.

(b) As used in this Section:

"Corrosion" means a naturally occurring phenomenon commonly defined as the deterioration of a metal that results from a chemical or electrochemical reaction with its environment.

"Corrosion prevention and mitigation methods" means:

(1) the preparation, application, installation, removal, or general maintenance as necessary of a protective coating system including the following:

(A) surface preparation and coating application on an eligible bridge, but does not include gunnite or similar materials; or

(B) shop painting of structural steel fabricated for installation as part of an eligible bridge.

"Corrosion prevention project" means carrying out corrosion prevention and mitigation methods during construction, alteration, maintenance, repair work on permanently exposed portions of an eligible bridge, or at any other time necessary on an eligible bridge. "Corrosion prevention project" does not include traffic control or clean-up related to surface preparation or the application of any curing compound or other substance onto or into any cement, cementitious substrate, or bituminous material.

"Eligible bridge" means a bridge or overpass the construction, alteration, maintenance, or repair work on which is 100% funded by the
State. "Eligible bridge" does not include a bridge or overpass that is being demolished, removed, or replaced.

(c) The requirements of this Section do not apply to an individual licensed under the Professional Engineering Practice Act of 1989 or the Structural Engineering Act of 1989.

Section 99. Effective date. This Act takes effect July 1, 2017.

Passed in the General Assembly November 30, 2016.

Effective July 1, 2017.

PUBLIC ACT 99-0924

(AN ACT concerning local government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Counties Code is amended by changing Section 2-3007 as follows:

(55 ILCS 5/2-3007) (from Ch. 34, par. 2-3007)

Sec. 2-3007. Chairman of county board; election and term. Any county board when providing for the reapportionment of its county under this Division may provide that the chairman of the county board shall be elected by the voters of the county rather than by the members of the board. In that event, provision shall be made for the election throughout the county of the chairman of the county board, but in counties over 3,000,000 population no person may be elected to serve as such chairman who has not been elected as a county board member to serve during the same period as the term of office as chairman of the county board to which he seeks election. In counties over 300,000 population and under 3,000,000 population, the chairman shall be elected as chairman without having been first elected to the county board. Such chairman shall not vote on any question except to break a tie vote. In all other counties the chairman may either be elected as a county board member or elected as the chairman without having been first elected to the board. Except in counties where the chairman of the county board is elected by the voters of the county and is not required to be a county board member, whether the chairman of the county board is elected by the voters of the county or by the members of the board, he shall be elected to a 2 year term. In counties where the chairman of the county board is elected by the voters of the county and is not required to be a county board member, whether the chairman of the county board is elected by the voters of the county or by the members of the board, he shall be elected to a 2 year term.

Section 99. Effective date. This Act takes effect upon becoming law.

Effective January 20, 2017.
AN ACT concerning revenue.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 3. The Local Government Debt Reform Act is amended by changing Section 17.5 as follows:

(30 ILCS 350/17.5)
Sec. 17.5. Bond authorization by referendum.
(a) Whenever applicable law provides that the authorization of or the issuance of bonds is subject to either a referendum or backdoor referendum, the approval, once obtained, remains (i) for 5 years after the date of the referendum or (ii) for 3 years after the end of the petition period for a backdoor referendum. However, whenever the applicable law provides that the authorization of or the issuance of bonds under the Water Pollution Control Loan Program or the Public Water Supply Loan Program, under Title IV-A of the Environmental Protection Act, is subject to either a referendum or backdoor referendum, the approval, once obtained, remains (i) for 7 years after the date of the referendum or (ii) for 5 years after the end of the petition period for a backdoor referendum. In the case of bonds authorized to be issued under the Downstate Forest Preserve District Act and approved by Lake County voters in a November 2008 referendum or in the case of bonds authorized to be issued under the School Code and approved by voters of Sandoval Community Unit School District 501 in a March 2012 referendum, the approval, once obtained, remains for 10 years after the date of the referendum. In the case of bonds authorized to be issued under the Counties Code and approved by Jackson County voters in a 1994 referendum, of which less than $200,000 of the original bonds have been issued, and for which the purpose of the bonds is flooding prevention, the approval, once obtained, remains for 25 years after the date of the referendum.
(b) With respect to any bond approval under subsection (a), if, for any reason, the bonds are not issued because of a court action, then the time limits set forth under subsection (a) for the approval for the bonds is tolled during the time that the court action is pending. This subsection (b) applies to any bond issuance approved by referendum held on or after January 1, 2003 or by a backdoor referendum held on or after January 1, 2005.

Section 5. The School Code is amended by changing Sections 17-2A and 19-1 as follows:

(105 ILCS 5/17-2A) (from Ch. 122, par. 17-2A)
Sec. 17-2A. Interfund transfers.
(a) The school board of any district having a population of less than 500,000 inhabitants may, by proper resolution following a public hearing set by the school board or the president of the school board (that is preceded (i) by at least one published notice over the name of the clerk or secretary of the board, occurring at least 7 days and not more than 30 days prior to the hearing, in a newspaper of general circulation within the school district and (ii) by posted notice over the name of the clerk or secretary of the board, at least 48 hours before the hearing, at the principal office of the school board or at the building where the hearing is to be held if a principal office does not exist, with both notices setting forth the time, date, place, and subject matter of the hearing), transfer money from (1) the Educational Fund to the Operations and Maintenance Fund or the Transportation Fund, (2) the Operations and Maintenance Fund to the Educational Fund or the Transportation Fund, or (3) the Transportation Fund to the Educational Fund or the Operations and Maintenance Fund of said district, provided that, except during the period from July 1, 2003 through June 30, 2019, such transfer is made solely for the purpose of meeting one-time, non-recurring expenses. Except during the period from July 1, 2003 through June 30, 2019 and except as otherwise provided in subsection (b) of this Section, any other permanent interfund transfers authorized by any provision or judicial interpretation of this Code for which the transferee fund is not precisely and specifically set forth in the provision of this Code authorizing such transfer shall be made to the fund of the school district most in need of the funds being transferred, as determined by resolution of the school board.

(b) Notwithstanding subsection (a) of this Section or any other provision of this Code to the contrary, the school board of any school district (i) that is subject to the Property Tax Extension Limitation Law, (ii) that has a population of less than 500,000 inhabitants, (iii) that is levying at its maximum tax rate, (iv) whose total equalized assessed valuation has declined 20% in the prior 2 years, (v) in which 80% or more of its students receive free or reduced-price lunch, and (vi) that had an equalized assessed valuation of less than $207 million but more than $203 million in the 2011 levy year may annually, until July 1, 2016, transfer

(105 ILCS 5/19-1)

Sec. 19-1. Debt limitations of school districts.
(a) School districts shall not be subject to the provisions limiting their indebtedness prescribed in the Local Government Debt Limitation Act.

No school districts maintaining grades K through 8 or 9 through 12 shall become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 6.9% on the value of the taxable property therein to be ascertained by the last assessment for State and county taxes or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979, previous to the incurring of such indebtedness.

New matter indicated by italics - deletions by strikeout
No school districts maintaining grades K through 12 shall become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 13.8% on the value of the taxable property therein to be ascertained by the last assessment for State and county taxes or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979, previous to the incurring of such indebtedness.

No partial elementary unit district, as defined in Article 11E of this Code, shall become indebted in any manner or for any purpose in an amount, including existing indebtedness, in the aggregate exceeding 6.9% of the value of the taxable property of the entire district, to be ascertained by the last assessment for State and county taxes, plus an amount, including existing indebtedness, in the aggregate exceeding 6.9% of the value of the taxable property of that portion of the district included in the elementary and high school classification, to be ascertained by the last assessment for State and county taxes. Moreover, no partial elementary unit district, as defined in Article 11E of this Code, shall become indebted on account of bonds issued by the district for high school purposes in the aggregate exceeding 6.9% of the value of the taxable property of the entire district, to be ascertained by the last assessment for State and county taxes, nor shall the district become indebted on account of bonds issued by the district for elementary purposes in the aggregate exceeding 6.9% of the value of the taxable property for that portion of the district included in the elementary and high school classification, to be ascertained by the last assessment for State and county taxes.

Notwithstanding the provisions of any other law to the contrary, in any case in which the voters of a school district have approved a proposition for the issuance of bonds of such school district at an election held prior to January 1, 1979, and all of the bonds approved at such election have not been issued, the debt limitation applicable to such school district during the calendar year 1979 shall be computed by multiplying the value of taxable property therein, including personal property, as ascertained by the last assessment for State and county taxes, previous to the incurring of such indebtedness, by the percentage limitation applicable to such school district under the provisions of this subsection (a).

(b) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, additional indebtedness may be incurred in an amount not to exceed the estimated cost of acquiring or improving school sites or
constructing and equipping additional building facilities under the following conditions:

(1) Whenever the enrollment of students for the next school year is estimated by the board of education to increase over the actual present enrollment by not less than 35% or by not less than 200 students or the actual present enrollment of students has increased over the previous school year by not less than 35% or by not less than 200 students and the board of education determines that additional school sites or building facilities are required as a result of such increase in enrollment; and

(2) When the Regional Superintendent of Schools having jurisdiction over the school district and the State Superintendent of Education concur in such enrollment projection or increase and approve the need for such additional school sites or building facilities and the estimated cost thereof; and

(3) When the voters in the school district approve a proposition for the issuance of bonds for the purpose of acquiring or improving such needed school sites or constructing and equipping such needed additional building facilities at an election called and held for that purpose. Notice of such an election shall state that the amount of indebtedness proposed to be incurred would exceed the debt limitation otherwise applicable to the school district. The ballot for such proposition shall state what percentage of the equalized assessed valuation will be outstanding in bonds if the proposed issuance of bonds is approved by the voters; or

(4) Notwithstanding the provisions of paragraphs (1) through (3) of this subsection (b), if the school board determines that additional facilities are needed to provide a quality educational program and not less than 2/3 of those voting in an election called by the school board on the question approve the issuance of bonds for the construction of such facilities, the school district may issue bonds for this purpose; or

(5) Notwithstanding the provisions of paragraphs (1) through (3) of this subsection (b), if (i) the school district has previously availed itself of the provisions of paragraph (4) of this subsection (b) to enable it to issue bonds, (ii) the voters of the school district have not defeated a proposition for the issuance of bonds since the referendum described in paragraph (4) of this subsection (b) was held, (iii) the school board determines that

additional facilities are needed to provide a quality educational program, and (iv) a majority of those voting in an election called by the school board on the question approve the issuance of bonds for the construction of such facilities, the school district may issue bonds for this purpose.

In no event shall the indebtedness incurred pursuant to this subsection (b) and the existing indebtedness of the school district exceed 15% of the value of the taxable property therein to be ascertained by the last assessment for State and county taxes, previous to the incurring of such indebtedness or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979.

The indebtedness provided for by this subsection (b) shall be in addition to and in excess of any other debt limitation.

(c) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, in any case in which a public question for the issuance of bonds of a proposed school district maintaining grades kindergarten through 12 received at least 60% of the valid ballots cast on the question at an election held on or prior to November 8, 1994, and in which the bonds approved at such election have not been issued, the school district pursuant to the requirements of Section 11A-10 (now repealed) may issue the total amount of bonds approved at such election for the purpose stated in the question.

(d) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, a school district that meets all the criteria set forth in paragraphs (1) and (2) of this subsection (d) may incur an additional indebtedness in an amount not to exceed $4,500,000, even though the amount of the additional indebtedness authorized by this subsection (d), when incurred and added to the aggregate amount of indebtedness of the district existing immediately prior to the district incurring the additional indebtedness authorized by this subsection (d), causes the aggregate indebtedness of the district to exceed the debt limitation otherwise applicable to that district under subsection (a):

(1) The additional indebtedness authorized by this subsection (d) is incurred by the school district through the issuance of bonds under and in accordance with Section 17-2.11a for the purpose of replacing a school building which, because of mine subsidence damage, has been closed as provided in paragraph (2) of this subsection (d) or through the issuance of bonds under

and in accordance with Section 19-3 for the purpose of increasing
the size of, or providing for additional functions in, such
replacement school buildings, or both such purposes.

(2) The bonds issued by the school district as provided in
paragraph (1) above are issued for the purposes of construction by
the school district of a new school building pursuant to Section 17-
2.11, to replace an existing school building that, because of mine
subsidence damage, is closed as of the end of the 1992-93 school
year pursuant to action of the regional superintendent of schools of
the educational service region in which the district is located under
Section 3-14.22 or are issued for the purpose of increasing the size
of, or providing for additional functions in, the new school
building being constructed to replace a school building closed as
the result of mine subsidence damage, or both such purposes.

(e) (Blank).

(f) Notwithstanding the provisions of subsection (a) of this Section
or of any other law, bonds in not to exceed the aggregate amount of
$5,500,000 and issued by a school district meeting the following criteria
shall not be considered indebtedness for purposes of any statutory
limitation and may be issued in an amount or amounts, including existing
indebtedness, in excess of any heretofore or hereafter imposed statutory
limitation as to indebtedness:

(1) At the time of the sale of such bonds, the board of
education of the district shall have determined by resolution that
the enrollment of students in the district is projected to increase by
not less than 7% during each of the next succeeding 2 school years.

(2) The board of education shall also determine by
resolution that the improvements to be financed with the proceeds
of the bonds are needed because of the projected enrollment
increases.

(3) The board of education shall also determine by
resolution that the projected increases in enrollment are the result
of improvements made or expected to be made to passenger rail
facilities located in the school district.

Notwithstanding the provisions of subsection (a) of this Section or
of any other law, a school district that has availed itself of the provisions
of this subsection (f) prior to July 22, 2004 (the effective date of Public
Act 93-799) may also issue bonds approved by referendum up to an
amount, including existing indebtedness, not exceeding 25% of the

New matter indicated by italics - deletions by strikeout
equalized assessed value of the taxable property in the district if all of the conditions set forth in items (1), (2), and (3) of this subsection (f) are met.

(g) Notwithstanding the provisions of subsection (a) of this Section or any other law, bonds in not to exceed an aggregate amount of 25% of the equalized assessed value of the taxable property of a school district and issued by a school district meeting the criteria in paragraphs (i) through (iv) of this subsection shall not be considered indebtedness for purposes of any statutory limitation and may be issued pursuant to resolution of the school board in an amount or amounts, including existing indebtedness, in excess of any statutory limitation of indebtedness heretofore or hereafter imposed:

(i) The bonds are issued for the purpose of constructing a new high school building to replace two adjacent existing buildings which together house a single high school, each of which is more than 65 years old, and which together are located on more than 10 acres and less than 11 acres of property.

(ii) At the time the resolution authorizing the issuance of the bonds is adopted, the cost of constructing a new school building to replace the existing school building is less than 60% of the cost of repairing the existing school building.

(iii) The sale of the bonds occurs before July 1, 1997.

(iv) The school district issuing the bonds is a unit school district located in a county of less than 70,000 and more than 50,000 inhabitants, which has an average daily attendance of less than 1,500 and an equalized assessed valuation of less than $29,000,000.

(h) Notwithstanding any other provisions of this Section or the provisions of any other law, until January 1, 1998, a community unit school district maintaining grades K through 12 may issue bonds up to an amount, including existing indebtedness, not exceeding 27.6% of the equalized assessed value of the taxable property in the district, if all of the following conditions are met:

(i) The school district has an equalized assessed valuation for calendar year 1995 of less than $24,000,000;

(ii) The bonds are issued for the capital improvement, renovation, rehabilitation, or replacement of existing school buildings of the district, all of which buildings were originally constructed not less than 40 years ago;
(iii) The voters of the district approve a proposition for the issuance of the bonds at a referendum held after March 19, 1996; and

(iv) The bonds are issued pursuant to Sections 19-2 through 19-7 of this Code.

(i) Notwithstanding any other provisions of this Section or the provisions of any other law, until January 1, 1998, a community unit school district maintaining grades K through 12 may issue bonds up to an amount, including existing indebtedness, not exceeding 27% of the equalized assessed value of the taxable property in the district, if all of the following conditions are met:

(i) The school district has an equalized assessed valuation for calendar year 1995 of less than $44,600,000;

(ii) The bonds are issued for the capital improvement, renovation, rehabilitation, or replacement of existing school buildings of the district, all of which existing buildings were originally constructed not less than 80 years ago;

(iii) The voters of the district approve a proposition for the issuance of the bonds at a referendum held after December 31, 1996; and

(iv) The bonds are issued pursuant to Sections 19-2 through 19-7 of this Code.

(j) Notwithstanding any other provisions of this Section or the provisions of any other law, until January 1, 1999, a community unit school district maintaining grades K through 12 may issue bonds up to an amount, including existing indebtedness, not exceeding 27% of the equalized assessed value of the taxable property in the district if all of the following conditions are met:

(i) The school district has an equalized assessed valuation for calendar year 1995 of less than $140,000,000 and a best 3 months average daily attendance for the 1995-96 school year of at least 2,800;

(ii) The bonds are issued to purchase a site and build and equip a new high school, and the school district's existing high school was originally constructed not less than 35 years prior to the sale of the bonds;

(iii) At the time of the sale of the bonds, the board of education determines by resolution that a new high school is needed because of projected enrollment increases;

New matter indicated by italics - deletions by strikeout
(iv) At least 60% of those voting in an election held after December 31, 1996 approve a proposition for the issuance of the bonds; and

(v) The bonds are issued pursuant to Sections 19-2 through 19-7 of this Code.

(k) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, a school district that meets all the criteria set forth in paragraphs (1) through (4) of this subsection (k) may issue bonds to incur an additional indebtedness in an amount not to exceed $4,000,000 even though the amount of the additional indebtedness authorized by this subsection (k), when incurred and added to the aggregate amount of indebtedness of the school district existing immediately prior to the school district incurring such additional indebtedness, causes the aggregate indebtedness of the school district to exceed or increases the amount by which the aggregate indebtedness of the district already exceeds the debt limitation otherwise applicable to that school district under subsection (a):

(1) the school district is located in 2 counties, and a referendum to authorize the additional indebtedness was approved by a majority of the voters of the school district voting on the proposition to authorize that indebtedness;

(2) the additional indebtedness is for the purpose of financing a multi-purpose room addition to the existing high school;

(3) the additional indebtedness, together with the existing indebtedness of the school district, shall not exceed 17.4% of the value of the taxable property in the school district, to be ascertained by the last assessment for State and county taxes; and

(4) the bonds evidencing the additional indebtedness are issued, if at all, within 120 days of August 14, 1998 (the effective date of Public Act 90-757).

(l) Notwithstanding any other provisions of this Section or the provisions of any other law, until January 1, 2000, a school district maintaining grades kindergarten through 8 may issue bonds up to an amount, including existing indebtedness, not exceeding 15% of the equalized assessed value of the taxable property in the district if all of the following conditions are met:

(i) the district has an equalized assessed valuation for calendar year 1996 of less than $10,000,000;
(ii) the bonds are issued for capital improvement, renovation, rehabilitation, or replacement of one or more school buildings of the district, which buildings were originally constructed not less than 70 years ago;

(iii) the voters of the district approve a proposition for the issuance of the bonds at a referendum held on or after March 17, 1998; and

(iv) the bonds are issued pursuant to Sections 19-2 through 19-7 of this Code.

(m) Notwithstanding any other provisions of this Section or the provisions of any other law, until January 1, 1999, an elementary school district maintaining grades K through 8 may issue bonds up to an amount, excluding existing indebtedness, not exceeding 18% of the equalized assessed value of the taxable property in the district, if all of the following conditions are met:

(i) The school district has an equalized assessed valuation for calendar year 1995 or less than $7,700,000;

(ii) The school district operates 2 elementary attendance centers that until 1976 were operated as the attendance centers of 2 separate and distinct school districts;

(iii) The bonds are issued for the construction of a new elementary school building to replace an existing multi-level elementary school building of the school district that is not accessible at all levels and parts of which were constructed more than 75 years ago;

(iv) The voters of the school district approve a proposition for the issuance of the bonds at a referendum held after July 1, 1998; and

(v) The bonds are issued pursuant to Sections 19-2 through 19-7 of this Code.

(n) Notwithstanding the debt limitation prescribed in subsection (a) of this Section or any other provisions of this Section or of any other law, a school district that meets all of the criteria set forth in paragraphs (i) through (vi) of this subsection (n) may incur additional indebtedness by the issuance of bonds in an amount not exceeding the amount certified by the Capital Development Board to the school district as provided in paragraph (iii) of this subsection (n), even though the amount of the additional indebtedness so authorized, when incurred and added to the aggregate amount of indebtedness of the district existing immediately prior

to the district incurring the additional indebtedness authorized by this subsection (n), causes the aggregate indebtedness of the district to exceed the debt limitation otherwise applicable by law to that district:

(i) The school district applies to the State Board of Education for a school construction project grant and submits a district facilities plan in support of its application pursuant to Section 5-20 of the School Construction Law.

(ii) The school district's application and facilities plan are approved by, and the district receives a grant entitlement for a school construction project issued by, the State Board of Education under the School Construction Law.

(iii) The school district has exhausted its bonding capacity or the unused bonding capacity of the district is less than the amount certified by the Capital Development Board to the district under Section 5-15 of the School Construction Law as the dollar amount of the school construction project's cost that the district will be required to finance with non-grant funds in order to receive a school construction project grant under the School Construction Law.

(iv) The bonds are issued for a "school construction project", as that term is defined in Section 5-5 of the School Construction Law, in an amount that does not exceed the dollar amount certified, as provided in paragraph (iii) of this subsection (n), by the Capital Development Board to the school district under Section 5-15 of the School Construction Law.

(v) The voters of the district approve a proposition for the issuance of the bonds at a referendum held after the criteria specified in paragraphs (i) and (iii) of this subsection (n) are met.

(vi) The bonds are issued pursuant to Sections 19-2 through 19-7 of the School Code.

(o) Notwithstanding any other provisions of this Section or the provisions of any other law, until November 1, 2007, a community unit school district maintaining grades K through 12 may issue bonds up to an amount, including existing indebtedness, not exceeding 20% of the equalized assessed value of the taxable property in the district if all of the following conditions are met:

(i) the school district has an equalized assessed valuation for calendar year 2001 of at least $737,000,000 and an enrollment for the 2002-2003 school year of at least 8,500;

New matter indicated by italics - deletions by strikeout
(ii) the bonds are issued to purchase school sites, build and equip a new high school, build and equip a new junior high school, build and equip 5 new elementary schools, and make technology and other improvements and additions to existing schools;

(iii) at the time of the sale of the bonds, the board of education determines by resolution that the sites and new or improved facilities are needed because of projected enrollment increases;

(iv) at least 57% of those voting in a general election held prior to January 1, 2003 approved a proposition for the issuance of the bonds; and

(v) the bonds are issued pursuant to Sections 19-2 through 19-7 of this Code.

(p) Notwithstanding any other provisions of this Section or the provisions of any other law, a community unit school district maintaining grades K through 12 may issue bonds up to an amount, including indebtedness, not exceeding 27% of the equalized assessed value of the taxable property in the district if all of the following conditions are met:

(i) The school district has an equalized assessed valuation for calendar year 2001 of at least $295,741,187 and a best 3 months' average daily attendance for the 2002-2003 school year of at least 2,394.

(ii) The bonds are issued to build and equip 3 elementary school buildings; build and equip one middle school building; and alter, repair, improve, and equip all existing school buildings in the district.

(iii) At the time of the sale of the bonds, the board of education determines by resolution that the project is needed because of expanding growth in the school district and a projected enrollment increase.

(iv) The bonds are issued pursuant to Sections 19-2 through 19-7 of this Code.

(p-5) Notwithstanding any other provisions of this Section or the provisions of any other law, bonds issued by a community unit school district maintaining grades K through 12 shall not be considered indebtedness for purposes of any statutory limitation and may be issued in an amount or amounts, including existing indebtedness, in excess of any heretofore or hereafter imposed statutory limitation as to indebtedness, if all of the following conditions are met:

(i) For each of the 4 most recent years, residential property comprises more than 80% of the equalized assessed valuation of the district.

(ii) At least 2 school buildings that were constructed 40 or more years prior to the issuance of the bonds will be demolished and will be replaced by new buildings or additions to one or more existing buildings.

(iii) Voters of the district approve a proposition for the issuance of the bonds at a regularly scheduled election.

(iv) At the time of the sale of the bonds, the school board determines by resolution that the new buildings or building additions are needed because of an increase in enrollment projected by the school board.

(v) The principal amount of the bonds, including existing indebtedness, does not exceed 25% of the equalized assessed value of the taxable property in the district.

(vi) The bonds are issued prior to January 1, 2007, pursuant to Sections 19-2 through 19-7 of this Code.

(p-10) Notwithstanding any other provisions of this Section or the provisions of any other law, bonds issued by a community consolidated school district maintaining grades K through 8 shall not be considered indebtedness for purposes of any statutory limitation and may be issued in an amount or amounts, including existing indebtedness, in excess of any heretofore or hereafter imposed statutory limitation as to indebtedness, if all of the following conditions are met:

(i) For each of the 4 most recent years, residential and farm property comprises more than 80% of the equalized assessed valuation of the district.

(ii) The bond proceeds are to be used to acquire and improve school sites and build and equip a school building.

(iii) Voters of the district approve a proposition for the issuance of the bonds at a regularly scheduled election.

(iv) At the time of the sale of the bonds, the school board determines by resolution that the school sites and building additions are needed because of an increase in enrollment projected by the school board.

(v) The principal amount of the bonds, including existing indebtedness, does not exceed 20% of the equalized assessed value of the taxable property in the district.

AN ACT concerning State government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Sections 27-8.1 and 27A-5 as follows:

(105 ILCS 5/27-8.1) (from Ch. 122, par. 27-8.1)
Sec. 27-8.1. Health examinations and immunizations.

(1) In compliance with rules and regulations which the Department of Public Health shall promulgate, and except as hereinafter provided, all children in Illinois shall have a health examination as follows: within one year prior to entering kindergarten or the first grade of any public, private, or parochial elementary school; upon entering the sixth and ninth grades of any public, private, or parochial school; prior to entrance into any public, private, or parochial nursery school; and, irrespective of grade, immediately prior to or upon entrance into any public, private, or parochial school or nursery school, each child shall present proof of having been examined in accordance with this Section and the rules and regulations promulgated hereunder. Any child who received a health examination within one year prior to entering the fifth grade for the 2007-2008 school year is not required to receive an additional health examination in order to comply with the provisions of Public Act 95-422 when he or she attends school for the 2008-2009 school year, unless the child is attending school for the first time as provided in this paragraph.

A tuberculosis skin test screening shall be included as a required part of each health examination included under this Section if the child

resides in an area designated by the Department of Public Health as having a high incidence of tuberculosis. Additional health examinations of pupils, including eye examinations, may be required when deemed necessary by school authorities. Parents are encouraged to have their children undergo eye examinations at the same points in time required for health examinations.

(1.5) In compliance with rules adopted by the Department of Public Health and except as otherwise provided in this Section, all children in kindergarten and the second and sixth grades of any public, private, or parochial school shall have a dental examination. Each of these children shall present proof of having been examined by a dentist in accordance with this Section and rules adopted under this Section before May 15th of the school year. If a child in the second or sixth grade fails to present proof by May 15th, the school may hold the child's report card until one of the following occurs: (i) the child presents proof of a completed dental examination or (ii) the child presents proof that a dental examination will take place within 60 days after May 15th. The Department of Public Health shall establish, by rule, a waiver for children who show an undue burden or a lack of access to a dentist. Each public, private, and parochial school must give notice of this dental examination requirement to the parents and guardians of students at least 60 days before May 15th of each school year.

(1.10) Except as otherwise provided in this Section, all children enrolling in kindergarten in a public, private, or parochial school on or after the effective date of this amendatory Act of the 95th General Assembly and any student enrolling for the first time in a public, private, or parochial school on or after the effective date of this amendatory Act of the 95th General Assembly shall have an eye examination. Each of these children shall present proof of having been examined by a physician licensed to practice medicine in all of its branches or a licensed optometrist within the previous year, in accordance with this Section and rules adopted under this Section, before October 15th of the school year. If the child fails to present proof by October 15th, the school may hold the child's report card until one of the following occurs: (i) the child presents proof of a completed eye examination or (ii) the child presents proof that an eye examination will take place within 60 days after October 15th. The Department of Public Health shall establish, by rule, a waiver for children who show an undue burden or a lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or

to a licensed optometrist. Each public, private, and parochial school must
give notice of this eye examination requirement to the parents and
guardians of students in compliance with rules of the Department of Public
Health. Nothing in this Section shall be construed to allow a school to
exclude a child from attending because of a parent's or guardian's failure to
obtain an eye examination for the child.

(2) The Department of Public Health shall promulgate rules and
regulations specifying the examinations and procedures that constitute a
health examination, which shall include an age-appropriate
developmental screening, an age-appropriate social and emotional
screening, and the collection of data relating to obesity (including at a
minimum, date of birth, gender, height, weight, blood pressure, and date of
exam), and a dental examination and may recommend by rule that certain
additional examinations be performed. The rules and regulations of the
Department of Public Health shall specify that a tuberculosis skin test
screening shall be included as a required part of each health examination
included under this Section if the child resides in an area designated by the
Department of Public Health as having a high incidence of tuberculosis.
With respect to the developmental screening and the social and emotional
screening, the Department of Public Health must develop rules and
appropriate revisions to the Child Health Examination form in
conjunction with a statewide organization representing school boards; a
statewide organization representing pediatricians; statewide
organizations representing individuals holding Illinois educator licenses
with school support personnel endorsements, including school social
workers, school psychologists, and school nurses; a statewide
organization representing children's mental health experts; a statewide
organization representing school principals; the Director of Healthcare
and Family Services or his or her designee, the State Superintendent of
Education or his or her designee; and representatives of other appropriate
State agencies and, at a minimum, must recommend the use of validated
screening tools appropriate to the child's age or grade, and, with regard
to the social and emotional screening, require recording only whether or
not the screening was completed. The rules shall take into consideration
the screening recommendations of the American Academy of Pediatrics
and must be consistent with the State Board of Education's social and
emotional learning standards. The Department of Public Health shall
specify that a diabetes screening as defined by rule shall be included as a
required part of each health examination. Diabetes testing is not required.

Physicians licensed to practice medicine in all of its branches, licensed advanced practice nurses, or licensed physician assistants shall be responsible for the performance of the health examinations, other than dental examinations, eye examinations, and vision and hearing screening, and shall sign all report forms required by subsection (4) of this Section that pertain to those portions of the health examination for which the physician, advanced practice nurse, or physician assistant is responsible. If a registered nurse performs any part of a health examination, then a physician licensed to practice medicine in all of its branches must review and sign all required report forms. Licensed dentists shall perform all dental examinations and shall sign all report forms required by subsection (4) of this Section that pertain to the dental examinations. Physicians licensed to practice medicine in all its branches or licensed optometrists shall perform all eye examinations required by this Section and shall sign all report forms required by subsection (4) of this Section that pertain to the eye examination. For purposes of this Section, an eye examination shall at a minimum include history, visual acuity, subjective refraction to best visual acuity near and far, internal and external examination, and a glaucoma evaluation, as well as any other tests or observations that in the professional judgment of the doctor are necessary. Vision and hearing screening tests, which shall not be considered examinations as that term is used in this Section, shall be conducted in accordance with rules and regulations of the Department of Public Health, and by individuals whom the Department of Public Health has certified. In these rules and regulations, the Department of Public Health shall require that individuals conducting vision screening tests give a child's parent or guardian written notification, before the vision screening is conducted, that states, "Vision screening is not a substitute for a complete eye and vision evaluation by an eye doctor. Your child is not required to undergo this vision screening if an optometrist or ophthalmologist has completed and signed a report form indicating that an examination has been administered within the previous 12 months."

(2.5) With respect to the developmental screening and the social and emotional screening portion of the health examination, each child may present proof of having been screened in accordance with this Section and the rules adopted under this Section before October 15th of the school year. With regard to the social and emotional screening only, the examining health care provider shall only record whether or not the screening was completed. If the child fails to present proof of the

developmental screening or the social and emotional screening portions of the health examination by October 15th of the school year, qualified school support personnel may, with a parent's or guardian's consent, offer the developmental screening or the social and emotional screening to the child. Each public, private, and parochial school must give notice of the developmental screening and social and emotional screening requirements to the parents and guardians of students in compliance with the rules of the Department of Public Health. Nothing in this Section shall be construed to allow a school to exclude a child from attending because of a parent's or guardian's failure to obtain a developmental screening or a social and emotional screening for the child. Once a developmental screening or a social and emotional screening is completed and proof has been presented to the school, the school may, with a parent's or guardian's consent, make available appropriate school personnel to work with the parent or guardian, the child, and the provider who signed the screening form to obtain any appropriate evaluations and services as indicated on the form and in other information and documentation provided by the parents, guardians, or provider.

(3) Every child shall, at or about the same time as he or she receives a health examination required by subsection (1) of this Section, present to the local school proof of having received such immunizations against preventable communicable diseases as the Department of Public Health shall require by rules and regulations promulgated pursuant to this Section and the Communicable Disease Prevention Act.

(4) The individuals conducting the health examination, dental examination, or eye examination shall record the fact of having conducted the examination, and such additional information as required, including for a health examination data relating to obesity (including at a minimum, date of birth, gender, height, weight, blood pressure, and date of exam), on uniform forms which the Department of Public Health and the State Board of Education shall prescribe for statewide use. The examiner shall summarize on the report form any condition that he or she suspects indicates a need for special services, including for a health examination factors relating to obesity. The duty to summarize on the report form does not apply to social and emotional screenings. The confidentiality of the information and records relating to the developmental screening and the social and emotional screening shall be determined by the statutes, rules, and professional ethics governing the type of provider conducting the screening. The individuals confirming the administration of required

immunizations shall record as indicated on the form that the immunizations were administered.

(5) If a child does not submit proof of having had either the health examination or the immunization as required, then the child shall be examined or receive the immunization, as the case may be, and present proof by October 15 of the current school year, or by an earlier date of the current school year established by a school district. To establish a date before October 15 of the current school year for the health examination or immunization as required, a school district must give notice of the requirements of this Section 60 days prior to the earlier established date. If for medical reasons one or more of the required immunizations must be given after October 15 of the current school year, or after an earlier established date of the current school year, then the child shall present, by October 15, or by the earlier established date, a schedule for the administration of the immunizations and a statement of the medical reasons causing the delay, both the schedule and the statement being issued by the physician, advanced practice nurse, physician assistant, registered nurse, or local health department that will be responsible for administration of the remaining required immunizations. If a child does not comply by October 15, or by the earlier established date of the current school year, with the requirements of this subsection, then the local school authority shall exclude that child from school until such time as the child presents proof of having had the health examination as required and presents proof of having received those required immunizations which are medically possible to receive immediately. During a child's exclusion from school for noncompliance with this subsection, the child's parents or legal guardian shall be considered in violation of Section 26-1 and subject to any penalty imposed by Section 26-10. This subsection (5) does not apply to dental examinations, and eye examinations, and the developmental screening and the social and emotional screening portions of the health examination. If the student is an out-of-state transfer student and does not have the proof required under this subsection (5) before October 15 of the current year or whatever date is set by the school district, then he or she may only attend classes (i) if he or she has proof that an appointment for the required vaccinations has been scheduled with a party authorized to submit proof of the required vaccinations. If the proof of vaccination required under this subsection (5) is not submitted within 30 days after the student is permitted to attend classes, then the student is not to be permitted to attend classes until proof of the vaccinations has been

New matter indicated by italics - deletions by strikeout
properly submitted. No school district or employee of a school district shall be held liable for any injury or illness to another person that results from admitting an out-of-state transfer student to class that has an appointment scheduled pursuant to this subsection (5).

(6) Every school shall report to the State Board of Education by November 15, in the manner which that agency shall require, the number of children who have received the necessary immunizations and the health examination (other than a dental examination or eye examination) as required, indicating, of those who have not received the immunizations and examination as required, the number of children who are exempt from health examination and immunization requirements on religious or medical grounds as provided in subsection (8). On or before December 1 of each year, every public school district and registered nonpublic school shall make publicly available the immunization data they are required to submit to the State Board of Education by November 15. The immunization data made publicly available must be identical to the data the school district or school has reported to the State Board of Education.

Every school shall report to the State Board of Education by June 30, in the manner that the State Board requires, the number of children who have received the required dental examination, indicating, of those who have not received the required dental examination, the number of children who are exempt from the dental examination on religious grounds as provided in subsection (8) of this Section and the number of children who have received a waiver under subsection (1.5) of this Section.

Every school shall report to the State Board of Education by June 30, in the manner that the State Board requires, the number of children who have received the required eye examination, indicating, of those who have not received the required eye examination, the number of children who are exempt from the eye examination as provided in subsection (8) of this Section, the number of children who have received a waiver under subsection (1.10) of this Section, and the total number of children in noncompliance with the eye examination requirement.

The reported information under this subsection (6) shall be provided to the Department of Public Health by the State Board of Education.

(7) Upon determining that the number of pupils who are required to be in compliance with subsection (5) of this Section is below 90% of the number of pupils enrolled in the school district, 10% of each State aid payment made pursuant to Section 18-8.05 to the school district for such
year may be withheld by the State Board of Education until the number of students in compliance with subsection (5) is the applicable specified percentage or higher.

(8) Children of parents or legal guardians who object to health, dental, or eye examinations or any part thereof, to immunizations, or to vision and hearing screening tests on religious grounds shall not be required to undergo the examinations, tests, or immunizations to which they so object if such parents or legal guardians present to the appropriate local school authority a signed Certificate of Religious Exemption detailing the grounds for objection and the specific immunizations, tests, or examinations to which they object. The grounds for objection must set forth the specific religious belief that conflicts with the examination, test, immunization, or other medical intervention. The signed certificate shall also reflect the parent's or legal guardian's understanding of the school's exclusion policies in the case of a vaccine-preventable disease outbreak or exposure. The certificate must also be signed by the authorized examining health care provider responsible for the performance of the child's health examination confirming that the provider provided education to the parent or legal guardian on the benefits of immunization and the health risks to the student and to the community of the communicable diseases for which immunization is required in this State. However, the health care provider's signature on the certificate reflects only that education was provided and does not allow a health care provider grounds to determine a religious exemption. Those receiving immunizations required under this Code shall be provided with the relevant vaccine information statements that are required to be disseminated by the federal National Childhood Vaccine Injury Act of 1986, which may contain information on circumstances when a vaccine should not be administered, prior to administering a vaccine. A healthcare provider may consider including without limitation the nationally accepted recommendations from federal agencies such as the Advisory Committee on Immunization Practices, the information outlined in the relevant vaccine information statement, and vaccine package inserts, along with the healthcare provider's clinical judgment, to determine whether any child may be more susceptible to experiencing an adverse vaccine reaction than the general population, and, if so, the healthcare provider may exempt the child from an immunization or adopt an individualized immunization schedule. The Certificate of Religious Exemption shall be created by the Department of Public Health and shall be made available and used by parents and legal guardians by the
beginning of the 2015-2016 school year. Parents or legal guardians must submit the Certificate of Religious Exemption to their local school authority prior to entering kindergarten, sixth grade, and ninth grade for each child for which they are requesting an exemption. The religious objection stated need not be directed by the tenets of an established religious organization. However, general philosophical or moral reluctance to allow physical examinations, eye examinations, immunizations, vision and hearing screenings, or dental examinations does not provide a sufficient basis for an exception to statutory requirements. The local school authority is responsible for determining if the content of the Certificate of Religious Exemption constitutes a valid religious objection. The local school authority shall inform the parent or legal guardian of exclusion procedures, in accordance with the Department's rules under Part 690 of Title 77 of the Illinois Administrative Code, at the time the objection is presented.

If the physical condition of the child is such that any one or more of the immunizing agents should not be administered, the examining physician, advanced practice nurse, or physician assistant responsible for the performance of the health examination shall endorse that fact upon the health examination form.

Exempting a child from the health, dental, or eye examination does not exempt the child from participation in the program of physical education training provided in Sections 27-5 through 27-7 of this Code.

(9) For the purposes of this Section, "nursery schools" means those nursery schools operated by elementary school systems or secondary level school units or institutions of higher learning.

Sec. 27A-5. Charter school; legal entity; requirements.

(a) A charter school shall be a public, nonsectarian, nonreligious, non-home based, and non-profit school. A charter school shall be organized and operated as a nonprofit corporation or other discrete, legal, nonprofit entity authorized under the laws of the State of Illinois.

(b) A charter school may be established under this Article by creating a new school or by converting an existing public school or attendance center to charter school status. Beginning on April 16, 2003 (the effective date of Public Act 93-3), in all new applications to establish a charter school in a city having a population exceeding 500,000, operation
of the charter school shall be limited to one campus. The changes made to this Section by Public Act 93-3 do not apply to charter schools existing or approved on or before April 16, 2003 (the effective date of Public Act 93-3).

(b-5) In this subsection (b-5), "virtual-schooling" means a cyber school where students engage in online curriculum and instruction via the Internet and electronic communication with their teachers at remote locations and with students participating at different times.

From April 1, 2013 through December 31, 2016, there is a moratorium on the establishment of charter schools with virtual-schooling components in school districts other than a school district organized under Article 34 of this Code. This moratorium does not apply to a charter school with virtual-schooling components existing or approved prior to April 1, 2013 or to the renewal of the charter of a charter school with virtual-schooling components already approved prior to April 1, 2013.

On or before March 1, 2014, the Commission shall submit to the General Assembly a report on the effect of virtual-schooling, including without limitation the effect on student performance, the costs associated with virtual-schooling, and issues with oversight. The report shall include policy recommendations for virtual-schooling.

(c) A charter school shall be administered and governed by its board of directors or other governing body in the manner provided in its charter. The governing body of a charter school shall be subject to the Freedom of Information Act and the Open Meetings Act.

(d) For purposes of this subsection (d), "non-curricular health and safety requirement" means any health and safety requirement created by statute or rule to provide, maintain, preserve, or safeguard safe or healthful conditions for students and school personnel or to eliminate, reduce, or prevent threats to the health and safety of students and school personnel. "Non-curricular health and safety requirement" does not include any course of study or specialized instructional requirement for which the State Board has established goals and learning standards or which is designed primarily to impart knowledge and skills for students to master and apply as an outcome of their education.

A charter school shall comply with all non-curricular health and safety requirements applicable to public schools under the laws of the State of Illinois. On or before September 1, 2015, the State Board shall promulgate and post on its Internet website a list of non-curricular health and safety requirements that a charter school must meet. The list shall be
updated annually no later than September 1. Any charter contract between a charter school and its authorizer must contain a provision that requires the charter school to follow the list of all non-curricular health and safety requirements promulgated by the State Board and any non-curricular health and safety requirements added by the State Board to such list during the term of the charter. Nothing in this subsection (d) precludes an authorizer from including non-curricular health and safety requirements in a charter school contract that are not contained in the list promulgated by the State Board, including non-curricular health and safety requirements of the authorizing local school board.

(e) Except as otherwise provided in the School Code, a charter school shall not charge tuition; provided that a charter school may charge reasonable fees for textbooks, instructional materials, and student activities.

(f) A charter school shall be responsible for the management and operation of its fiscal affairs including, but not limited to, the preparation of its budget. An audit of each charter school's finances shall be conducted annually by an outside, independent contractor retained by the charter school. To ensure financial accountability for the use of public funds, on or before December 1 of every year of operation, each charter school shall submit to its authorizer and the State Board a copy of its audit and a copy of the Form 990 the charter school filed that year with the federal Internal Revenue Service. In addition, if deemed necessary for proper financial oversight of the charter school, an authorizer may require quarterly financial statements from each charter school.

(g) A charter school shall comply with all provisions of this Article, the Illinois Educational Labor Relations Act, all federal and State laws and rules applicable to public schools that pertain to special education and the instruction of English learners, and its charter. A charter school is exempt from all other State laws and regulations in this Code governing public schools and local school board policies; however, a charter school is not exempt from the following:

(1) Sections 10-21.9 and 34-18.5 of this Code regarding criminal history records checks and checks of the Statewide Sex Offender Database and Statewide Murderer and Violent Offender Against Youth Database of applicants for employment;

(2) Sections 10-20.14, 10-22.6, 24-24, 34-19, and 34-84a of this Code regarding discipline of students;

New matter indicated by italics - deletions by strikeout
(3) the Local Governmental and Governmental Employees Tort Immunity Act;
(4) Section 108.75 of the General Not For Profit Corporation Act of 1986 regarding indemnification of officers, directors, employees, and agents;
(5) the Abused and Neglected Child Reporting Act;
(6) the Illinois School Student Records Act;
(7) Section 10-17a of this Code regarding school report cards;
(8) the P-20 Longitudinal Education Data System Act;
(9) Section 27-23.7 of this Code regarding bullying prevention;
(10) Section 2-3.162 of this Code regarding student discipline reporting; and
(11) Sections Section 22-80 and 27-8.1 of this Code.

The change made by Public Act 96-104 to this subsection (g) is declaratory of existing law.

(h) A charter school may negotiate and contract with a school district, the governing body of a State college or university or public community college, or any other public or for-profit or nonprofit private entity for: (i) the use of a school building and grounds or any other real property or facilities that the charter school desires to use or convert for use as a charter school site, (ii) the operation and maintenance thereof, and (iii) the provision of any service, activity, or undertaking that the charter school is required to perform in order to carry out the terms of its charter. However, a charter school that is established on or after April 16, 2003 (the effective date of Public Act 93-3) and that operates in a city having a population exceeding 500,000 may not contract with a for-profit entity to manage or operate the school during the period that commences on April 16, 2003 (the effective date of Public Act 93-3) and concludes at the end of the 2004-2005 school year. Except as provided in subsection (i) of this Section, a school district may charge a charter school reasonable rent for the use of the district's buildings, grounds, and facilities. Any services for which a charter school contracts with a school district shall be provided by the district at cost. Any services for which a charter school contracts with a local school board or with the governing body of a State college or university or public community college shall be provided by the public entity at cost.

New matter indicated by italics - deletions by strikeout
(i) In no event shall a charter school that is established by converting an existing school or attendance center to charter school status be required to pay rent for space that is deemed available, as negotiated and provided in the charter agreement, in school district facilities. However, all other costs for the operation and maintenance of school district facilities that are used by the charter school shall be subject to negotiation between the charter school and the local school board and shall be set forth in the charter.

(j) A charter school may limit student enrollment by age or grade level.

(k) If the charter school is approved by the Commission, then the Commission charter school is its own local education agency.

Passed in the General Assembly December 1, 2016.
Effective June 1, 2017.

PUBLIC ACT 99-0928
(Senate Bill No. 1367)

AN ACT concerning public aid.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The State Finance Act is amended by adding Section 5.878 as follows:

(30 ILCS 105/5.878 new)

Sec. 5.878. The Healthy Local Food Incentives Fund.

Section 10. The Illinois Public Aid Code is amended by adding Section 12-4.50 as follows:

(305 ILCS 5/12-4.50 new)

Sec. 12-4.50. Healthy Local Food Incentives Program.

(a) Legislative findings. Diet and other lifestyle choices contribute to more than half of all deaths in Illinois. Health risk factors include smoking, obesity, stress, nutrition, high blood pressure, and alcohol and drug use. Illinois residents should be encouraged to adopt diets and

lifestyles that lead to wellness. The State can help provide that
couragement by funding wellness programs that enhance the health of
Illinois residents. Healthy local food incentives encourage wellness among
some of the most vulnerable residents of Illinois (those whose incomes are
below the poverty line and who often have limited access to fresh, healthy,
and affordable foods) by doubling the purchasing power of LINK
cardholders at farmers markets across the State. The benefits of such a
program include: an increase in population health, Medicaid health care
cost savings, decreased incidence of preventable diseases, increased
revenue for Illinois small farmers, and economic stimulus for the region.

(b) Definitions. As used in this Section:
"FINI eligible fruits and vegetables" means any variety of fresh,
canned, dried, or frozen whole or cut fruits and vegetables without added
sugars, fats, or oils, and salt (i.e. sodium), as defined by the Food
Insecurity Nutrition Incentive Grant Program administered by the United
States Department of Agriculture.
"LINK card" means an electronic benefits transfer card issued by
the Department of Human Services for the purpose of enabling a user of
the card to obtain SNAP benefits or cash.
"SNAP" means the federal Supplemental Nutrition Assistance
Program.

(c) The Department of Human Services shall establish a Healthy
Local Food Incentives Program to double the purchasing power of Illinois
residents with limited access to fresh fruits and vegetables. The Healthy
Local Food Incentives Fund is created as a special fund in the State
treasury for the purpose of implementing the Healthy Local Food
Incentives Program. All moneys received pursuant to this Section shall be
deposited into the Healthy Local Food Incentives Fund.

(d) Subject to appropriation, the Department of Human Services
shall make an annual grant of $500,000 from the Fund to a qualified
Illinois non-profit organization or agency, which shall be distributed to
participating Illinois farmers markets for the purpose of providing
matching dollar incentives (up to a specified amount) for the dollar value
of SNAP benefits spent on FINI eligible fruits and vegetables at
participating Illinois farmers markets and direct producer-to-consumer
venues.

(e) The designated qualified non-profit organization or agency
shall have a demonstrated track record of:
(1) building a statewide network;

New matter indicated by italics - deletions by strikeout
(2) designing and implementing successful healthy food incentive programs that connect SNAP recipients with local producers;
(3) implementing funds distribution and reporting processes;
(4) providing training and technical assistance to farmers markets;
(5) conducting community outreach and data collection; and
(6) providing full accounting and administration of funds distributed to farmers markets.

(f) 100% of the moneys deposited into the Fund shall be distributed to participating Illinois farmers markets for healthy local food incentives.

(g) Within 90 days after the end of a grant cycle, the designated qualified non-profit organization or agency shall submit a progress report to the Department of Human Services. The progress report shall include the following information:

(1) the names and locations of Illinois farmers markets and direct producer-to-consumer venues that received funds distributed under the Program;
(2) the dollar amount of funds awarded to each participating Illinois farmers market and direct producer-to-consumer venue;
(3) the dollar amount of SNAP benefits, and funds provided under the Program, that were spent at Illinois farmers markets participating in the Program, as well as the dollar amount of any unspent funds available under the Program;
(4) the number of SNAP transactions carried out annually at participating Illinois farmers markets;
(5) the impact of the Program on increasing the quantity of fresh fruits and vegetables consumed by SNAP families, as determined by customer surveys.

(h) No later than December 31, 2017, the Department of Human Services shall adopt rules to implement the provisions of this Section.

(i) This Section is repealed on June 30, 2019.

Section 5. The School Code is amended by renumbering and changing Section 2-3.167, as added by Public Act 99-721, as follows:

(105 ILCS 5/2-3.168)

PUBLIC ACT 99-0930
(Senate Bill No. 3337)

AN ACT concerning revenue.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Property Tax Code is amended by changing Sections 27-5 and 27-25 and by adding Sections 27-100, 27-105, 27-110, 27-115, 27-120, and 27-125 as follows:

(35 ILCS 200/27-5)
Sec. 27-5. Short title; definitions. This Article may be cited as the Special Service Area Tax Law.

When used in this Article:
"Services contract" means an agreement between a service provider agency and a municipality or county for the purpose of providing special services in and for a special service area.

"Service provider agency" means an entity that enters into a services contract with a municipality or county for the purpose of providing special services in and for a special service area.

"Special Service Area" means a contiguous area within a municipality or county in which special governmental services are provided in addition to those services provided generally throughout the municipality or county, the cost of the special services to be paid from revenues collected from taxes levied or imposed upon property within that area. Territory shall be considered contiguous for purposes of this Article.

even though certain completely surrounded portions of the territory are
excluded from the special service area. A county may create a special
service area within a municipality or municipalities when the municipality
or municipalities consent to the creation of the special service area. A
municipality may create a special service area within a municipality and
the unincorporated area of a county or within another municipality when
the county or other municipality consents to the creation of the special
service area.

"Special service area commission" means a local board
established by the corporate authorities of a municipality or county for the
purpose of managing a particular special service area.

"Special Services" means all forms of services pertaining to the
government and affairs of the municipality or county, including but not
limited to weather modification and improvements permissible under
Article 9 of the Illinois Municipal Code, and contracts for the supply of
water as described in Section 11-124-1 of the Illinois Municipal Code
which may be entered into by the municipality or by the county on behalf
of a county service area.

(35 ILCS 200/27-25)
Sec. 27-25. Form of hearing notice. Taxes may be levied or
imposed by the municipality or county in the special service area at a rate
or amount of tax sufficient to produce revenues required to provide the
special services. Prior to the first levy of taxes in the special service area,
notice shall be given and a hearing shall be held under the provisions of
Sections 27-30 and 27-35. For purposes of this Section the notice shall
include:

(a) The time and place of hearing;
(b) The boundaries of the area by legal description and,
where possible, by street location;
(c) The permanent tax index number of each parcel located
within the area;
(d) The nature of the proposed special services to be
provided within the special service area and a statement as to
whether the proposed special services are for new construction,
maintenance, or other purposes;
(d-5) The proposed amount of the tax levy for special
services for the initial year for which taxes will be levied within the
special service area;

New matter indicated by italics - deletions by strikeout
(e) A notification that all interested persons, including all persons owning taxable real property located within the special service area, will be given an opportunity to be heard at the hearing regarding the tax levy and an opportunity to file objections to the amount of the tax levy if the tax is a tax upon property; and

(f) The maximum rate of taxes to be extended within the special service area in any year and the maximum number of years taxes will be levied if a maximum number of years is to be established; and:

(g) If funds received through the special service area are going to be used by a person or entity other than the municipality or county, then a statement to that effect.

After the first levy of taxes within the special service area, taxes may continue to be levied in subsequent years without the requirement of an additional public hearing if the tax rate does not exceed the rate specified in the notice for the original public hearing and the taxes are not extended for a longer period than the number of years specified in the notice if a number of years is specified. Tax rates may be increased and the period specified may be extended, if notice is given and new public hearings are held in accordance with Sections 27-30 and 27-35.

(35 ILCS 200/27-100 new)
Sec. 27-100. Special service area commissions.

(a) Notwithstanding any other provision of law, no member of a special service area commission may be an executive officer, owner, or member of the board of directors of the service provider agency selected for a services contract for that special service area.

(b) Notwithstanding any other provision of law, no business owned by a member of a special service area commission may, for valuable consideration, provide goods or services as a subcontractor of a service provider agency pursuant to a services contract for the special service area that is the subject of that special service area commission. No business owned by an employee or elected official of a municipality may, for valuable consideration, provide goods or services as a subcontractor of a service provider agency pursuant to a services contract for any special service area located within that municipality.

(c) At least one membership position for a special service area commission in a special service area which contains one or more homestead properties, as defined in Section 15-175, shall be reserved as a

first priority membership position for any owner of homestead property located within such special service area.

(35 ILCS 200/27-105 new)

Sec. 27-105. Lines of credit. Special service area commissions may not establish a loan or line of credit in connection with the special service area. Service provider agencies in those municipalities may establish a loan or line of credit in connection with the special service area; however, financing under this Section may not be secured by future tax revenue generated by the special service area.

(35 ILCS 200/27-110 new)

Sec. 27-110. Special service area moneys used in the next fiscal year. Notwithstanding any other provision of law, if there is excess money remaining in a special service area fund at the end of a fiscal year, then the corporate authorities may authorize the use of that excess money to provide special services within the special service area in the next fiscal year, provided that the total amount used for purposes other than capital expenditures may not exceed 25% of the previous fiscal year's budget for the special service area.

(35 ILCS 200/27-115 new)

Sec. 27-115. Special service area audits. Each special service area commission shall cause an audit of the funds and accounts of the special service area to be submitted to the corporate authorities of the municipality at least annually. The audit shall be made in accordance with generally accepted auditing standards.

(35 ILCS 200/27-120 new)

Sec. 27-120. Exclusion of erroneously included property. If a property is determined by the corporate authorities of the municipality to be erroneously included in a special service area, the corporate authorities of the municipality may disconnect that property from the special service area solely by municipal action without regard to Section 27-60 or Section 27-65 of this Act.

(35 ILCS 200/27-125 new)

Sec. 27-125. Administrative fees. Notwithstanding any other provision of law, an annual administrative fee may be charged for the administration of a special service area. Such annual administrative fee may be derived from the annual tax levy for each special service area. Any amount recommended by a special service area commission and approved as an administrative expense which may be paid to the service provider agency pursuant to the budget included in a services contract shall not

AN ACT concerning transportation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Vehicle Code is amended by changing Section 3-117.1 as follows:

(625 ILCS 5/3-117.1) (from Ch. 95 1/2, par. 3-117.1)

Sec. 3-117.1. When junking certificates or salvage certificates must be obtained.

(a) Except as provided in Chapter 4 of this Code, a person who possesses a junk vehicle shall within 15 days cause the certificate of title, salvage certificate, certificate of purchase, or a similarly acceptable out of state document of ownership to be surrendered to the Secretary of State along with an application for a junking certificate, except as provided in Section 3-117.2, whereupon the Secretary of State shall issue to such a person a junking certificate, which shall authorize the holder thereof to possess, transport, or, by an endorsement, transfer ownership in such junked vehicle, and a certificate of title shall not again be issued for such vehicle.

A licensee who possesses a junk vehicle and a Certificate of Title, Salvage Certificate, Certificate of Purchase, or a similarly acceptable out-of-state document of ownership for such junk vehicle, may transport the junk vehicle to another licensee prior to applying for or obtaining a junking certificate, by executing a uniform invoice. The licensee transferor shall furnish a copy of the uniform invoice to the licensee transferee at the time of transfer. In any case, the licensee transferor shall apply for a junking certificate in conformance with Section 3-117.1 of this Chapter. The following information shall be contained on a uniform invoice:

(1) The business name, address and dealer license number of the person disposing of the vehicle, junk vehicle or vehicle cowl;

(2) The name and address of the person acquiring the vehicle, junk vehicle or vehicle cowl, and if that person is a dealer, the Illinois or out-of-state dealer license number of that dealer;

(3) The date of the disposition of the vehicle, junk vehicle or vehicle cowl;

New matter indicated by italics - deletions by strikeout
(4) The year, make, model, color and description of each vehicle, junk vehicle or vehicle cowl disposed of by such person;

(5) The manufacturer's vehicle identification number, Secretary of State identification number or Illinois Department of State Police number, for each vehicle, junk vehicle or vehicle cowl part disposed of by such person;

(6) The printed name and legible signature of the person or agent disposing of the vehicle, junk vehicle or vehicle cowl; and

(7) The printed name and legible signature of the person accepting delivery of the vehicle, junk vehicle or vehicle cowl.

The Secretary of State may certify a junking manifest in a form prescribed by the Secretary of State that reflects those vehicles for which junking certificates have been applied or issued. A junking manifest may be issued to any person and it shall constitute evidence of ownership for the vehicle listed upon it. A junking manifest may be transferred only to a person licensed under Section 5-301 of this Code as a scrap processor. A junking manifest will allow the transportation of those vehicles to a scrap processor prior to receiving the junk certificate from the Secretary of State.

(b) An application for a salvage certificate shall be submitted to the Secretary of State in any of the following situations:

(1) When an insurance company makes a payment of damages on a total loss claim for a vehicle, the insurance company shall be deemed to be the owner of such vehicle and the vehicle shall be considered to be salvage except that ownership of (i) a vehicle that has incurred only hail damage that does not affect the operational safety of the vehicle or (ii) any vehicle 9 model years of age or older may, by agreement between the registered owner and the insurance company, be retained by the registered owner of such vehicle. The insurance company shall promptly deliver or mail within 20 days the certificate of title along with proper application and fee to the Secretary of State, and a salvage certificate shall be issued in the name of the insurance company. Notwithstanding the foregoing, an insurer making payment of damages on a total loss claim for the theft of a vehicle shall not be required to apply for a salvage certificate unless the vehicle is recovered and has incurred damage that initially would have caused the vehicle to be declared a total loss by the insurer.

(1.1) When a vehicle of a self-insured company is to be sold in the State of Illinois and has sustained damaged by collision,
fire, theft, rust corrosion, or other means so that the self-insured company determines the vehicle to be a total loss, or if the cost of repairing the damage, including labor, would be greater than 70% of its fair market value without that damage, the vehicle shall be considered salvage. The self-insured company shall promptly deliver the certificate of title along with proper application and fee to the Secretary of State, and a salvage certificate shall be issued in the name of the self-insured company. A self-insured company making payment of damages on a total loss claim for the theft of a vehicle may exchange the salvage certificate for a certificate of title if the vehicle is recovered without damage. In such a situation, the self-insured shall fill out and sign a form prescribed by the Secretary of State which contains an affirmation under penalty of perjury that the vehicle was recovered without damage and the Secretary of State may, by rule, require photographs to be submitted.

(2) When a vehicle the ownership of which has been transferred to any person through a certificate of purchase from acquisition of the vehicle at an auction, other dispositions as set forth in Sections 4-208 and 4-209 of this Code, a lien arising under Section 18a-501 of this Code, or a public sale under the Abandoned Mobile Home Act shall be deemed salvage or junk at the option of the purchaser. The person acquiring such vehicle in such manner shall promptly deliver or mail, within 20 days after the acquisition of the vehicle, the certificate of purchase, the proper application and fee, and, if the vehicle is an abandoned mobile home under the Abandoned Mobile Home Act, a certification from a local law enforcement agency that the vehicle was purchased or acquired at a public sale under the Abandoned Mobile Home Act to the Secretary of State and a salvage certificate or junking certificate shall be issued in the name of that person. The salvage certificate or junking certificate issued by the Secretary of State under this Section shall be free of any lien that existed against the vehicle prior to the time the vehicle was acquired by the applicant under this Code.

(3) A vehicle which has been repossessed by a lienholder shall be considered to be salvage only when the repossessed vehicle, on the date of repossession by the lienholder, has sustained damage by collision, fire, theft, rust corrosion, or other means so
that the cost of repairing such damage, including labor, would be greater than 33 1/3% of its fair market value without such damage. If the lienholder determines that such vehicle is damaged in excess of 33 1/3% of such fair market value, the lienholder shall, before sale, transfer or assignment of the vehicle, make application for a salvage certificate, and shall submit with such application the proper fee and evidence of possession. If the facts required to be shown in subsection (f) of Section 3-114 are satisfied, the Secretary of State shall issue a salvage certificate in the name of the lienholder making the application. In any case wherein the vehicle repossessed is not damaged in excess of 33 1/3% of its fair market value, the lienholder shall comply with the requirements of subsections (f), (f-5), and (f-10) of Section 3-114, except that the affidavit of repossession made by or on behalf of the lienholder shall also contain an affirmation under penalty of perjury that the vehicle on the date of sale is not damaged in excess of 33 1/3% of its fair market value. If the facts required to be shown in subsection (f) of Section 3-114 are satisfied, the Secretary of State shall issue a certificate of title as set forth in Section 3-116 of this Code. The Secretary of State may by rule or regulation require photographs to be submitted.

(4) A vehicle which is a part of a fleet of more than 5 commercial vehicles registered in this State or any other state or registered proportionately among several states shall be considered to be salvage when such vehicle has sustained damage by collision, fire, theft, rust, corrosion or similar means so that the cost of repairing such damage, including labor, would be greater than 33 1/3% of the fair market value of the vehicle without such damage. If the owner of a fleet vehicle desires to sell, transfer, or assign his interest in such vehicle to a person within this State other than an insurance company licensed to do business within this State, and the owner determines that such vehicle, at the time of the proposed sale, transfer or assignment is damaged in excess of 33 1/3% of its fair market value, the owner shall, before such sale, transfer or assignment, make application for a salvage certificate. The application shall contain with it evidence of possession of the vehicle. If the fleet vehicle at the time of its sale, transfer, or assignment is not damaged in excess of 33 1/3% of its fair market value, the owner shall so state in a written affirmation on a form

New matter indicated by italics - deletions by strikeout
prescribed by the Secretary of State by rule or regulation. The Secretary of State may by rule or regulation require photographs to be submitted. Upon sale, transfer or assignment of the fleet vehicle the owner shall mail the affirmation to the Secretary of State.

(5) A vehicle that has been submerged in water to the point that rising water has reached over the door sill and has entered the passenger or trunk compartment is a "flood vehicle". A flood vehicle shall be considered to be salvage only if the vehicle has sustained damage so that the cost of repairing the damage, including labor, would be greater than 33 1/3% of the fair market value of the vehicle without that damage. The salvage certificate issued under this Section shall indicate the word "flood", and the word "flood" shall be conspicuously entered on subsequent titles for the vehicle. A person who possesses or acquires a flood vehicle that is not damaged in excess of 33 1/3% of its fair market value shall make application for title in accordance with Section 3-116 of this Code, designating the vehicle as "flood" in a manner prescribed by the Secretary of State. The certificate of title issued shall indicate the word "flood", and the word "flood" shall be conspicuously entered on subsequent titles for the vehicle.

(6) When any licensed rebuilder, repairer, new or used vehicle dealer, or remittance agent has submitted an application for title to a vehicle (other than an application for title to a rebuilt vehicle) that he or she knows or reasonably should have known to have sustained damages in excess of 33 1/3% of the vehicle's fair market value without that damage; provided, however, that any application for a salvage certificate for a vehicle recovered from theft and acquired from an insurance company shall be made as required by paragraph (1) of this subsection (b).

(c) Any person who without authority acquires, sells, exchanges, gives away, transfers or destroys or offers to acquire, sell, exchange, give away, transfer or destroy the certificate of title to any vehicle which is a junk or salvage vehicle shall be guilty of a Class 3 felony.

(d) Any person who knowingly fails to surrender to the Secretary of State a certificate of title, salvage certificate, certificate of purchase or a similarly acceptable out-of-state document of ownership as required under the provisions of this Section is guilty of a Class A misdemeanor for a first offense and a Class 4 felony for a subsequent offense; except that a person licensed under this Code who violates paragraph (5) of subsection (b) of

New matter indicated by italics - deletions by strikeout
this Section is guilty of a business offense and shall be fined not less than $1,000 nor more than $5,000 for a first offense and is guilty of a Class 4 felony for a second or subsequent violation.

(e) Any vehicle which is salvage or junk may not be driven or operated on roads and highways within this State. A violation of this subsection is a Class A misdemeanor. A salvage vehicle displaying valid special plates issued under Section 3-601(b) of this Code, which is being driven to or from an inspection conducted under Section 3-308 of this Code, is exempt from the provisions of this subsection. A salvage vehicle for which a short term permit has been issued under Section 3-307 of this Code is exempt from the provisions of this subsection for the duration of the permit.

(A) were committed to the Department pursuant to the Juvenile Court Act or the Juvenile Court Act of 1987, as amended, prior to the age of 18 and who continue under the jurisdiction of the court; or

(B) were accepted for care, service and training by the Department prior to the age of 18 and whose best interest in the discretion of the Department would be served by continuing that care, service and training because of severe emotional disturbances, physical disability, social adjustment or any combination thereof, or because of the need to complete an educational or vocational training program.

(2) "Homeless youth" means persons found within the State who are under the age of 19, are not in a safe and stable living situation and cannot be reunited with their families.

(3) "Child welfare services" means public social services which are directed toward the accomplishment of the following purposes:

(A) protecting and promoting the health, safety and welfare of children, including homeless, dependent or neglected children;

(B) remediying, or assisting in the solution of problems which may result in, the neglect, abuse, exploitation or delinquency of children;

(C) preventing the unnecessary separation of children from their families by identifying family problems, assisting families in resolving their problems, and preventing the breakup of the family where the prevention of child removal is desirable and possible when the child can be cared for at home without endangering the child's health and safety;

(D) restoring to their families children who have been removed, by the provision of services to the child and the families when the child can be cared for at home without endangering the child's health and safety;

(E) placing children in suitable adoptive homes, in cases where restoration to the biological family is not safe, possible or appropriate;
(F) assuring safe and adequate care of children away from their homes, in cases where the child cannot be returned home or cannot be placed for adoption. At the time of placement, the Department shall consider concurrent planning, as described in subsection (I-1) of this Section so that permanency may occur at the earliest opportunity. Consideration should be given so that if reunification fails or is delayed, the placement made is the best available placement to provide permanency for the child;

(G) (blank);

(H) (blank); and

(I) placing and maintaining children in facilities that provide separate living quarters for children under the age of 18 and for children 18 years of age and older, unless a child 18 years of age is in the last year of high school education or vocational training, in an approved individual or group treatment program, in a licensed shelter facility, or secure child care facility. The Department is not required to place or maintain children:

(i) who are in a foster home, or

(ii) who are persons with a developmental disability, as defined in the Mental Health and Developmental Disabilities Code, or

(iii) who are female children who are pregnant, pregnant and parenting or parenting, or

(iv) who are siblings, in facilities that provide separate living quarters for children 18 years of age and older and for children under 18 years of age.

(b) Nothing in this Section shall be construed to authorize the expenditure of public funds for the purpose of performing abortions.

(c) The Department shall establish and maintain tax-supported child welfare services and extend and seek to improve voluntary services throughout the State, to the end that services and care shall be available on an equal basis throughout the State to children requiring such services.

(d) The Director may authorize advance disbursements for any new program initiative to any agency contracting with the Department. As a prerequisite for an advance disbursement, the contractor must post a surety bond in the amount of the advance disbursement and have a purchase of

service contract approved by the Department. The Department may pay up to 2 months operational expenses in advance. The amount of the advance disbursement shall be prorated over the life of the contract or the remaining months of the fiscal year, whichever is less, and the installment amount shall then be deducted from future bills. Advance disbursement authorizations for new initiatives shall not be made to any agency after that agency has operated during 2 consecutive fiscal years. The requirements of this Section concerning advance disbursements shall not apply with respect to the following: payments to local public agencies for child day care services as authorized by Section 5a of this Act; and youth service programs receiving grant funds under Section 17a-4.

(e) (Blank).

(f) (Blank).

(g) The Department shall establish rules and regulations concerning its operation of programs designed to meet the goals of child safety and protection, family preservation, family reunification, and adoption, including but not limited to:

(1) adoption;
(2) foster care;
(3) family counseling;
(4) protective services;
(5) (blank);
(6) homemaker service;
(7) return of runaway children;
(8) (blank);
(9) placement under Section 5-7 of the Juvenile Court Act or Section 2-27, 3-28, 4-25 or 5-740 of the Juvenile Court Act of 1987 in accordance with the federal Adoption Assistance and Child Welfare Act of 1980; and
(10) interstate services.

Rules and regulations established by the Department shall include provisions for training Department staff and the staff of Department grantees, through contracts with other agencies or resources, in alcohol and drug abuse screening techniques approved by the Department of Human Services, as a successor to the Department of Alcoholism and Substance Abuse, for the purpose of identifying children and adults who should be referred to an alcohol and drug abuse treatment program for professional evaluation.

(h) If the Department finds that there is no appropriate program or facility within or available to the Department for a ward and that no licensed private facility has an adequate and appropriate program or none agrees to accept the ward, the Department shall create an appropriate individualized, program-oriented plan for such ward. The plan may be developed within the Department or through purchase of services by the Department to the extent that it is within its statutory authority to do.

(i) Service programs shall be available throughout the State and shall include but not be limited to the following services:

1. case management;
2. homemakers;
3. counseling;
4. parent education;
5. day care; and
6. emergency assistance and advocacy.

In addition, the following services may be made available to assess and meet the needs of children and families:

1. comprehensive family-based services;
2. assessments;
3. respite care; and
4. in-home health services.

The Department shall provide transportation for any of the services it makes available to children or families or for which it refers children or families.

(j) The Department may provide categories of financial assistance and education assistance grants, and shall establish rules and regulations concerning the assistance and grants, to persons who adopt children with physical or mental disabilities, children who are older, or other hard-to-place children who (i) immediately prior to their adoption were legal wards of the Department or (ii) were determined eligible for financial assistance with respect to a prior adoption and who become available for adoption because the prior adoption has been dissolved and the parental rights of the adoptive parents have been terminated or because the child's adoptive parents have died. The Department may continue to provide financial assistance and education assistance grants for a child who was determined eligible for financial assistance under this subsection (j) in the interim period beginning when the child's adoptive parents died and ending with the finalization of the new adoption of the child by another adoptive parent or parents. The Department may also provide categories of

financial assistance and education assistance grants, and shall establish rules and regulations for the assistance and grants, to persons appointed guardian of the person under Section 5-7 of the Juvenile Court Act or Section 2-27, 3-28, 4-25 or 5-740 of the Juvenile Court Act of 1987 for children who were wards of the Department for 12 months immediately prior to the appointment of the guardian.

The amount of assistance may vary, depending upon the needs of the child and the adoptive parents, as set forth in the annual assistance agreement. Special purpose grants are allowed where the child requires special service but such costs may not exceed the amounts which similar services would cost the Department if it were to provide or secure them as guardian of the child.

Any financial assistance provided under this subsection is inalienable by assignment, sale, execution, attachment, garnishment, or any other remedy for recovery or collection of a judgment or debt.

(j-5) The Department shall not deny or delay the placement of a child for adoption if an approved family is available either outside of the Department region handling the case, or outside of the State of Illinois.

(k) The Department shall accept for care and training any child who has been adjudicated neglected or abused, or dependent committed to it pursuant to the Juvenile Court Act or the Juvenile Court Act of 1987.

(l) The Department shall offer family preservation services, as defined in Section 8.2 of the Abused and Neglected Child Reporting Act, to help families, including adoptive and extended families. Family preservation services shall be offered (i) to prevent the placement of children in substitute care when the children can be cared for at home or in the custody of the person responsible for the children's welfare, (ii) to reunite children with their families, or (iii) to maintain an adoptive placement. Family preservation services shall only be offered when doing so will not endanger the children's health or safety. With respect to children who are in substitute care pursuant to the Juvenile Court Act of 1987, family preservation services shall not be offered if a goal other than those of subdivisions (A), (B), or (B-1) of subsection (2) of Section 2-28 of that Act has been set. Nothing in this paragraph shall be construed to create a private right of action or claim on the part of any individual or child welfare agency, except that when a child is the subject of an action under Article II of the Juvenile Court Act of 1987 and the child's service plan calls for services to facilitate achievement of the permanency goal, the court hearing the action under Article II of the Juvenile Court Act of

1987 may order the Department to provide the services set out in the plan, if those services are not provided with reasonable promptness and if those services are available.

The Department shall notify the child and his family of the Department's responsibility to offer and provide family preservation services as identified in the service plan. The child and his family shall be eligible for services as soon as the report is determined to be "indicated".

The Department may offer services to any child or family with respect to whom a report of suspected child abuse or neglect has been filed, prior to concluding its investigation under Section 7.12 of the Abused and Neglected Child Reporting Act. However, the child's or family's willingness to accept services shall not be considered in the investigation.

The Department may also provide services to any child or family who is the subject of any report of suspected child abuse or neglect or may refer such child or family to services available from other agencies in the community, even if the report is determined to be unfounded, if the conditions in the child's or family's home are reasonably likely to subject the child or family to future reports of suspected child abuse or neglect. Acceptance of such services shall be voluntary. The Department may also provide services to any child or family after completion of a family assessment, as an alternative to an investigation, as provided under the "differential response program" provided for in subsection (a-5) of Section 7.4 of the Abused and Neglected Child Reporting Act.

The Department may, at its discretion except for those children also adjudicated neglected or dependent, accept for care and training any child who has been adjudicated addicted, as a truant minor in need of supervision or as a minor requiring authoritative intervention, under the Juvenile Court Act or the Juvenile Court Act of 1987, but no such child shall be committed to the Department by any court without the approval of the Department. On and after the effective date of this amendatory Act of the 98th General Assembly and before January 1, 2017, a minor charged with a criminal offense under the Criminal Code of 1961 or the Criminal Code of 2012 or adjudicated delinquent shall not be placed in the custody of or committed to the Department by any court, except (i) a minor less than 16 years of age committed to the Department under Section 5-710 of the Juvenile Court Act of 1987, (ii) a minor for whom an independent basis of abuse, neglect, or dependency exists, which must be defined by departmental rule, or (iii) a minor for whom the court has granted a supplemental petition to reinstate wardship pursuant to subsection (2) of...
Section 2-33 of the Juvenile Court Act of 1987. On and after January 1, 2017, a minor charged with a criminal offense under the Criminal Code of 1961 or the Criminal Code of 2012 or adjudicated delinquent shall not be placed in the custody of or committed to the Department by any court, except (i) a minor less than 15 years of age committed to the Department under Section 5-710 of the Juvenile Court Act of 1987, ii) a minor for whom an independent basis of abuse, neglect, or dependency exists, which must be defined by departmental rule, or (iii) a minor for whom the court has granted a supplemental petition to reinstate wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987. An independent basis exists when the allegations or adjudication of abuse, neglect, or dependency do not arise from the same facts, incident, or circumstances which give rise to a charge or adjudication of delinquency.

As soon as is possible after August 7, 2009 (the effective date of Public Act 96-134), the Department shall develop and implement a special program of family preservation services to support intact, foster, and adoptive families who are experiencing extreme hardships due to the difficulty and stress of caring for a child who has been diagnosed with a pervasive developmental disorder if the Department determines that those services are necessary to ensure the health and safety of the child. The Department may offer services to any family whether or not a report has been filed under the Abused and Neglected Child Reporting Act. The Department may refer the child or family to services available from other agencies in the community if the conditions in the child's or family's home are reasonably likely to subject the child or family to future reports of suspected child abuse or neglect. Acceptance of these services shall be voluntary. The Department shall develop and implement a public information campaign to alert health and social service providers and the general public about these special family preservation services. The nature and scope of the services offered and the number of families served under the special program implemented under this paragraph shall be determined by the level of funding that the Department annually allocates for this purpose. The term "pervasive developmental disorder" under this paragraph means a neurological condition, including but not limited to, Asperger's Syndrome and autism, as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders of the American Psychiatric Association.

(l-1) The legislature recognizes that the best interests of the child require that the child be placed in the most permanent living arrangement.

New matter indicated by italics - deletions by strikeout
as soon as is practically possible. To achieve this goal, the legislature directs the Department of Children and Family Services to conduct concurrent planning so that permanency may occur at the earliest opportunity. Permanent living arrangements may include prevention of placement of a child outside the home of the family when the child can be cared for at home without endangering the child's health or safety; reunification with the family, when safe and appropriate, if temporary placement is necessary; or movement of the child toward the most permanent living arrangement and permanent legal status.

When determining reasonable efforts to be made with respect to a child, as described in this subsection, and in making such reasonable efforts, the child's health and safety shall be the paramount concern.

When a child is placed in foster care, the Department shall ensure and document that reasonable efforts were made to prevent or eliminate the need to remove the child from the child's home. The Department must make reasonable efforts to reunify the family when temporary placement of the child occurs unless otherwise required, pursuant to the Juvenile Court Act of 1987. At any time after the dispositional hearing where the Department believes that further reunification services would be ineffective, it may request a finding from the court that reasonable efforts are no longer appropriate. The Department is not required to provide further reunification services after such a finding.

A decision to place a child in substitute care shall be made with considerations of the child's health, safety, and best interests. At the time of placement, consideration should also be given so that if reunification fails or is delayed, the placement made is the best available placement to provide permanency for the child.

The Department shall adopt rules addressing concurrent planning for reunification and permanency. The Department shall consider the following factors when determining appropriateness of concurrent planning:

1. the likelihood of prompt reunification;
2. the past history of the family;
3. the barriers to reunification being addressed by the family;
4. the level of cooperation of the family;
5. the foster parents' willingness to work with the family to reunite;

New matter indicated by italics - deletions by strikeout
(6) the willingness and ability of the foster family to provide an adoptive home or long-term placement;
(7) the age of the child;
(8) placement of siblings.

(m) The Department may assume temporary custody of any child if:

(1) it has received a written consent to such temporary custody signed by the parents of the child or by the parent having custody of the child if the parents are not living together or by the guardian or custodian of the child if the child is not in the custody of either parent, or

(2) the child is found in the State and neither a parent, guardian nor custodian of the child can be located.

If the child is found in his or her residence without a parent, guardian, custodian or responsible caretaker, the Department may, instead of removing the child and assuming temporary custody, place an authorized representative of the Department in that residence until such time as a parent, guardian or custodian enters the home and expresses a willingness and apparent ability to ensure the child's health and safety and resume permanent charge of the child, or until a relative enters the home and is willing and able to ensure the child's health and safety and assume charge of the child until a parent, guardian or custodian enters the home and expresses such willingness and ability to ensure the child's safety and resume permanent charge. After a caretaker has remained in the home for a period not to exceed 12 hours, the Department must follow those procedures outlined in Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987.

The Department shall have the authority, responsibilities and duties that a legal custodian of the child would have pursuant to subsection (9) of Section 1-3 of the Juvenile Court Act of 1987. Whenever a child is taken into temporary custody pursuant to an investigation under the Abused and Neglected Child Reporting Act, or pursuant to a referral and acceptance under the Juvenile Court Act of 1987 of a minor in limited custody, the Department, during the period of temporary custody and before the child is brought before a judicial officer as required by Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987, shall have the authority, responsibilities and duties that a legal custodian of the child would have under subsection (9) of Section 1-3 of the Juvenile Court Act of 1987.
The Department shall ensure that any child taken into custody is scheduled for an appointment for a medical examination.

A parent, guardian or custodian of a child in the temporary custody of the Department who would have custody of the child if he were not in the temporary custody of the Department may deliver to the Department a signed request that the Department surrender the temporary custody of the child. The Department may retain temporary custody of the child for 10 days after the receipt of the request, during which period the Department may cause to be filed a petition pursuant to the Juvenile Court Act of 1987. If a petition is so filed, the Department shall retain temporary custody of the child until the court orders otherwise. If a petition is not filed within the 10 day period, the child shall be surrendered to the custody of the requesting parent, guardian or custodian not later than the expiration of the 10 day period, at which time the authority and duties of the Department with respect to the temporary custody of the child shall terminate.

(m-1) The Department may place children under 18 years of age in a secure child care facility licensed by the Department that cares for children who are in need of secure living arrangements for their health, safety, and well-being after a determination is made by the facility director and the Director or the Director's designate prior to admission to the facility subject to Section 2-27.1 of the Juvenile Court Act of 1987. This subsection (m-1) does not apply to a child who is subject to placement in a correctional facility operated pursuant to Section 3-15-2 of the Unified Code of Corrections, unless the child is a ward who was placed under the care of the Department before being subject to placement in a correctional facility and a court of competent jurisdiction has ordered placement of the child in a secure care facility.

(n) The Department may place children under 18 years of age in licensed child care facilities when in the opinion of the Department, appropriate services aimed at family preservation have been unsuccessful and cannot ensure the child's health and safety or are unavailable and such placement would be for their best interest. Payment for board, clothing, care, training and supervision of any child placed in a licensed child care facility may be made by the Department, by the parents or guardians of the estates of those children, or by both the Department and the parents or guardians, except that no payments shall be made by the Department for any child placed in a licensed child care facility for board, clothing, care, training and supervision of such a child that exceed the average per capita.
cost of maintaining and of caring for a child in institutions for dependent or neglected children operated by the Department. However, such restriction on payments does not apply in cases where children require specialized care and treatment for problems of severe emotional disturbance, physical disability, social adjustment, or any combination thereof and suitable facilities for the placement of such children are not available at payment rates within the limitations set forth in this Section. All reimbursements for services delivered shall be absolutely inalienable by assignment, sale, attachment, garnishment or otherwise.

(n-1) The Department shall provide or authorize child welfare services, aimed at assisting minors to achieve sustainable self-sufficiency as independent adults, for any minor eligible for the reinstatement of wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987, whether or not such reinstatement is sought or allowed, provided that the minor consents to such services and has not yet attained the age of 21. The Department shall have responsibility for the development and delivery of services under this Section. An eligible youth may access services under this Section through the Department of Children and Family Services or by referral from the Department of Human Services. Youth participating in services under this Section shall cooperate with the assigned case manager in developing an agreement identifying the services to be provided and how the youth will increase skills to achieve self-sufficiency. A homeless shelter is not considered appropriate housing for any youth receiving child welfare services under this Section. The Department shall continue child welfare services under this Section to any eligible minor until the minor becomes 21 years of age, no longer consents to participate, or achieves self-sufficiency as identified in the minor's service plan. The Department of Children and Family Services shall create clear, readable notice of the rights of former foster youth to child welfare services under this Section and how such services may be obtained. The Department of Children and Family Services and the Department of Human Services shall disseminate this information statewide. The Department shall adopt regulations describing services intended to assist minors in achieving sustainable self-sufficiency as independent adults.

(o) The Department shall establish an administrative review and appeal process for children and families who request or receive child welfare services from the Department. Children who are wards of the Department and are placed by private child welfare agencies, and foster

New matter indicated by italics - deletions by strikeout
families with whom those children are placed, shall be afforded the same procedural and appeal rights as children and families in the case of placement by the Department, including the right to an initial review of a private agency decision by that agency. The Department shall insure that any private child welfare agency, which accepts wards of the Department for placement, affords those rights to children and foster families. The Department shall accept for administrative review and an appeal hearing a complaint made by (i) a child or foster family concerning a decision following an initial review by a private child welfare agency or (ii) a prospective adoptive parent who alleges a violation of subsection (j-5) of this Section. An appeal of a decision concerning a change in the placement of a child shall be conducted in an expedited manner. A court determination that a current foster home placement is necessary and appropriate under Section 2-28 of the Juvenile Court Act of 1987 does not constitute a judicial determination on the merits of an administrative appeal, filed by a former foster parent, involving a change of placement decision.

(p) **Blank.** There is hereby created the Department of Children and Family Services Emergency Assistance Fund from which the Department may provide special financial assistance to families which are in economic crisis when such assistance is not available through other public or private sources and the assistance is deemed necessary to prevent dissolution of the family unit or to reunite families which have been separated due to child abuse and neglect. The Department shall establish administrative rules specifying the criteria for determining eligibility for and the amount and nature of assistance to be provided. The Department may also enter into written agreements with private and public social service agencies to provide emergency financial services to families referred by the Department. Special financial assistance payments shall be available to a family no more than once during each fiscal year and the total payments to a family may not exceed $500 during a fiscal year.

(q) The Department may receive and use, in their entirety, for the benefit of children any gift, donation or bequest of money or other property which is received on behalf of such children, or any financial benefits to which such children are or may become entitled while under the jurisdiction or care of the Department.

The Department shall set up and administer no-cost, interest-bearing accounts in appropriate financial institutions for children for whom the Department is legally responsible and who have been

determined eligible for Veterans' Benefits, Social Security benefits, assistance allotments from the armed forces, court ordered payments, parental voluntary payments, Supplemental Security Income, Railroad Retirement payments, Black Lung benefits, or other miscellaneous payments. Interest earned by each account shall be credited to the account, unless disbursed in accordance with this subsection.

In disbursing funds from children's accounts, the Department shall:

(1) Establish standards in accordance with State and federal laws for disbursing money from children's accounts. In all circumstances, the Department's "Guardianship Administrator" or his or her designee must approve disbursements from children's accounts. The Department shall be responsible for keeping complete records of all disbursements for each account for any purpose.

(2) Calculate on a monthly basis the amounts paid from State funds for the child's board and care, medical care not covered under Medicaid, and social services; and utilize funds from the child's account, as covered by regulation, to reimburse those costs. Monthly, disbursements from all children's accounts, up to 1/12 of $13,000,000, shall be deposited by the Department into the General Revenue Fund and the balance over 1/12 of $13,000,000 into the DCFS Children's Services Fund.

(3) Maintain any balance remaining after reimbursing for the child's costs of care, as specified in item (2). The balance shall accumulate in accordance with relevant State and federal laws and shall be disbursed to the child or his or her guardian, or to the issuing agency.

(r) The Department shall promulgate regulations encouraging all adoption agencies to voluntarily forward to the Department or its agent names and addresses of all persons who have applied for and have been approved for adoption of a hard-to-place child or child with a disability and the names of such children who have not been placed for adoption. A list of such names and addresses shall be maintained by the Department or its agent, and coded lists which maintain the confidentiality of the person seeking to adopt the child and of the child shall be made available, without charge, to every adoption agency in the State to assist the agencies in placing such children for adoption. The Department may delegate to an agent its duty to maintain and make available such lists. The Department

shall ensure that such agent maintains the confidentiality of the person seeking to adopt the child and of the child.

(s) The Department of Children and Family Services may establish and implement a program to reimburse Department and private child welfare agency foster parents licensed by the Department of Children and Family Services for damages sustained by the foster parents as a result of the malicious or negligent acts of foster children, as well as providing third party coverage for such foster parents with regard to actions of foster children to other individuals. Such coverage will be secondary to the foster parent liability insurance policy, if applicable. The program shall be funded through appropriations from the General Revenue Fund, specifically designated for such purposes.

(t) The Department shall perform home studies and investigations and shall exercise supervision over visitation as ordered by a court pursuant to the Illinois Marriage and Dissolution of Marriage Act or the Adoption Act only if:

1. an order entered by an Illinois court specifically directs the Department to perform such services; and
2. the court has ordered one or both of the parties to the proceeding to reimburse the Department for its reasonable costs for providing such services in accordance with Department rules, or has determined that neither party is financially able to pay.

The Department shall provide written notification to the court of the specific arrangements for supervised visitation and projected monthly costs within 60 days of the court order. The Department shall send to the court information related to the costs incurred except in cases where the court has determined the parties are financially unable to pay. The court may order additional periodic reports as appropriate.

(u) In addition to other information that must be provided, whenever the Department places a child with a prospective adoptive parent or parents or in a licensed foster home, group home, child care institution, or in a relative home, the Department shall provide to the prospective adoptive parent or parents or other caretaker:

1. available detailed information concerning the child's educational and health history, copies of immunization records (including insurance and medical card information), a history of the child's previous placements, if any, and reasons for placement changes excluding any information that identifies or reveals the location of any previous caretaker;

New matter indicated by italics - deletions by strikeout
(2) a copy of the child's portion of the client service plan, including any visitation arrangement, and all amendments or revisions to it as related to the child; and

(3) information containing details of the child's individualized educational plan when the child is receiving special education services.

The caretaker shall be informed of any known social or behavioral information (including, but not limited to, criminal background, fire setting, perpetuation of sexual abuse, destructive behavior, and substance abuse) necessary to care for and safeguard the children to be placed or currently in the home. The Department may prepare a written summary of the information required by this paragraph, which may be provided to the foster or prospective adoptive parent in advance of a placement. The foster or prospective adoptive parent may review the supporting documents in the child's file in the presence of casework staff. In the case of an emergency placement, casework staff shall at least provide known information verbally, if necessary, and must subsequently provide the information in writing as required by this subsection.

The information described in this subsection shall be provided in writing. In the case of emergency placements when time does not allow prior review, preparation, and collection of written information, the Department shall provide such information as it becomes available. Within 10 business days after placement, the Department shall obtain from the prospective adoptive parent or parents or other caretaker a signed verification of receipt of the information provided. Within 10 business days after placement, the Department shall provide to the child's guardian ad litem a copy of the information provided to the prospective adoptive parent or parents or other caretaker. The information provided to the prospective adoptive parent or parents or other caretaker shall be reviewed and approved regarding accuracy at the supervisory level.

(u-5) Effective July 1, 1995, only foster care placements licensed as foster family homes pursuant to the Child Care Act of 1969 shall be eligible to receive foster care payments from the Department. Relative caregivers who, as of July 1, 1995, were approved pursuant to approved relative placement rules previously promulgated by the Department at 89 Ill. Adm. Code 335 and had submitted an application for licensure as a foster family home may continue to receive foster care payments only until the Department determines that they may be licensed as a foster family

home or that their application for licensure is denied or until September 30, 1995, whichever occurs first.

(v) The Department shall access criminal history record information as defined in the Illinois Uniform Conviction Information Act and information maintained in the adjudicatory and dispositional record system as defined in Section 2605-355 of the Department of State Police Law (20 ILCS 2605/2605-355) if the Department determines the information is necessary to perform its duties under the Abused and Neglected Child Reporting Act, the Child Care Act of 1969, and the Children and Family Services Act. The Department shall provide for interactive computerized communication and processing equipment that permits direct on-line communication with the Department of State Police's central criminal history data repository. The Department shall comply with all certification requirements and provide certified operators who have been trained by personnel from the Department of State Police. In addition, one Office of the Inspector General investigator shall have training in the use of the criminal history information access system and have access to the terminal. The Department of Children and Family Services and its employees shall abide by rules and regulations established by the Department of State Police relating to the access and dissemination of this information.

(v-1) Prior to final approval for placement of a child, the Department shall conduct a criminal records background check of the prospective foster or adoptive parent, including fingerprint-based checks of national crime information databases. Final approval for placement shall not be granted if the record check reveals a felony conviction for child abuse or neglect, for spousal abuse, for a crime against children, or for a crime involving violence, including rape, sexual assault, or homicide, but not including other physical assault or battery, or if there is a felony conviction for physical assault, battery, or a drug-related offense committed within the past 5 years.

(v-2) Prior to final approval for placement of a child, the Department shall check its child abuse and neglect registry for information concerning prospective foster and adoptive parents, and any adult living in the home. If any prospective foster or adoptive parent or other adult living in the home has resided in another state in the preceding 5 years, the Department shall request a check of that other state's child abuse and neglect registry.

(w) Within 120 days of August 20, 1995 (the effective date of Public Act 89-392), the Department shall prepare and submit to the Governor and the General Assembly, a written plan for the development of in-state licensed secure child care facilities that care for children who are in need of secure living arrangements for their health, safety, and well-being. For purposes of this subsection, secure care facility shall mean a facility that is designed and operated to ensure that all entrances and exits from the facility, a building or a distinct part of the building, are under the exclusive control of the staff of the facility, whether or not the child has the freedom of movement within the perimeter of the facility, building, or distinct part of the building. The plan shall include descriptions of the types of facilities that are needed in Illinois; the cost of developing these secure care facilities; the estimated number of placements; the potential cost savings resulting from the movement of children currently out-of-state who are projected to be returned to Illinois; the necessary geographic distribution of these facilities in Illinois; and a proposed timetable for development of such facilities.

(x) The Department shall conduct annual credit history checks to determine the financial history of children placed under its guardianship pursuant to the Juvenile Court Act of 1987. The Department shall conduct such credit checks starting when a ward turns 12 years old and each year thereafter for the duration of the guardianship as terminated pursuant to the Juvenile Court Act of 1987. The Department shall determine if financial exploitation of the child's personal information has occurred. If financial exploitation appears to have taken place or is presently ongoing, the Department shall notify the proper law enforcement agency, the proper State's Attorney, or the Attorney General.

(y) Beginning on the effective date of this amendatory Act of the 96th General Assembly, a child with a disability who receives residential and educational services from the Department shall be eligible to receive transition services in accordance with Article 14 of the School Code from the age of 14.5 through age 21, inclusive, notwithstanding the child's residential services arrangement. For purposes of this subsection, "child with a disability" means a child with a disability as defined by the federal Individuals with Disabilities Education Improvement Act of 2004.

(z) The Department shall access criminal history record information as defined as "background information" in this subsection and criminal history record information as defined in the Illinois Uniform Conviction Information Act for each Department employee or Department

applicant. Each Department employee or Department applicant shall submit his or her fingerprints to the Department of State Police in the form and manner prescribed by the Department of State Police. These fingerprints shall be checked against the fingerprint records now and hereafter filed in the Department of State Police and the Federal Bureau of Investigation criminal history records databases. The Department of State Police shall charge a fee for conducting the criminal history record check, which shall be deposited into the State Police Services Fund and shall not exceed the actual cost of the record check. The Department of State Police shall furnish, pursuant to positive identification, all Illinois conviction information to the Department of Children and Family Services.

For purposes of this subsection:
"Background information" means all of the following:

(i) Upon the request of the Department of Children and Family Services, conviction information obtained from the Department of State Police as a result of a fingerprint-based criminal history records check of the Illinois criminal history records database and the Federal Bureau of Investigation criminal history records database concerning a Department employee or Department applicant.

(ii) Information obtained by the Department of Children and Family Services after performing a check of the Department of State Police's Sex Offender Database, as authorized by Section 120 of the Sex Offender Community Notification Law, concerning a Department employee or Department applicant.

(iii) Information obtained by the Department of Children and Family Services after performing a check of the Child Abuse and Neglect Tracking System (CANTS) operated and maintained by the Department.

"Department employee" means a full-time or temporary employee coded or certified within the State of Illinois Personnel System.

"Department applicant" means an individual who has conditional Department full-time or part-time work, a contractor, an individual used to replace or supplement staff, an academic intern, a volunteer in Department offices or on Department contracts, a work-study student, an individual or entity licensed by the Department, or an unlicensed service provider who works as a condition of a contract or an agreement and whose work may bring the unlicensed service provider into contact with Department clients or client records.

Section 5-15. The Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois is amended by changing Section 605-800 as follows:

(20 ILCS 605/605-800) (was 20 ILCS 605/46.19a in part)
Sec. 605-800. Training grants for skills in critical demand.
(a) Grants to provide training in fields affected by critical demands for certain skills may be made as provided in this Section.
(b) The Director may make grants to eligible employers or to other eligible entities on behalf of employers as authorized in subsection (c) to provide training for employees in fields for which there are critical demands for certain skills. No participating employee may be an unauthorized alien, as defined in 8 U.S.C. 1324a.
(c) The Director may accept applications for training grant funds and grant requests from: (i) entities sponsoring multi-company eligible employee training projects as defined in subsection (d), including business associations, strategic business partnerships, institutions of secondary or higher education, large manufacturers for supplier network companies, federal Job Training Partnership Act administrative entities or grant recipients, and labor organizations when those projects will address common training needs identified by participating companies; and (ii) individual employers that are undertaking eligible employee training projects as defined in subsection (d), including intermediaries and training agents.
(d) The Director may make grants to eligible applicants as defined in subsection (c) for employee training projects that include, but need not be limited to, one or more of the following:
   (1) Training programs in response to new or changing technology being introduced in the workplace.
   (2) Job-linked training that offers special skills for career advancement or that is preparatory for, and leads directly to, jobs with definite career potential and long-term job security.
   (3) Training necessary to implement total quality management or improvement or both management and improvement systems within the workplace.
   (4) Training related to new machinery or equipment.
   (5) Training of employees of companies that are expanding into new markets or expanding exports from Illinois.

(6) Basic, remedial, or both basic and remedial training of employees as a prerequisite for other vocational or technical skills training or as a condition for sustained employment.

(7) Self-employment training of the unemployed and underemployed with comprehensive, competency-based instructional programs and services, entrepreneurial education and training initiatives for youth and adult learners in cooperation with the Illinois Institute for Entrepreneurial Education, training and education, conferences, workshops, and best practice information for local program operators of entrepreneurial education and self-employment training programs.

(8) Other training activities or projects, or both training activities and projects, related to the support, development, or evaluation of job training programs, activities, and delivery systems, including training needs assessment and design.

(e) Grants shall be made on the terms and conditions that the Department shall determine. No grant made under subsection (d), however, shall exceed 50% of the direct costs of all approved training programs provided by the employer or the employer's training agent or other entity as defined in subsection (c). Under this Section, allowable costs include, but are not limited to:

(1) Administrative costs of tracking, documenting, reporting, and processing training funds or project costs.

(2) Curriculum development.

(3) Wages and fringe benefits of employees.

(4) Training materials, including scrap product costs.

(5) Trainee travel expenses.

(6) Instructor costs, including wages, fringe benefits, tuition, and travel expenses.

(7) Rent, purchase, or lease of training equipment.

(8) Other usual and customary training costs.

(f) The Department may conduct on-site grant monitoring visits to verify trainee employment dates and wages and to ensure that the grantee's financial management system is structured to provide for accurate, current, and complete disclosure of the financial results of the grant program in accordance with all provisions, terms, and conditions contained in the grant contract. Each applicant must, on request by the Department, provide to the Department a notarized certification signed and dated by a duly authorized representative of the applicant, or that representative's
authorized designee, certifying that all participating employees are employed at an Illinois facility and, for each participating employee, stating the employee's name and providing either (i) the employee's social security number or (ii) a statement that the applicant has adequate written verification that the employee is employed at an Illinois facility. The Department may audit the accuracy of submissions. Applicants sponsoring multi-company training grant programs shall obtain information meeting the requirement of this subsection from each participating company and provide it to the Department upon request.

(g) The Director may establish and collect a schedule of charges from subgrantee entities and other system users under federal job-training programs for participating in and utilizing the Department's automated job-training program information systems if the systems and the necessary participation and utilization are requirements of the federal job-training programs. All monies collected pursuant to this subsection shall be deposited into the Federal Workforce Training Title III Social Security and Employment Fund and may be used, subject to appropriation by the General Assembly, only for the purpose of financing the maintenance and operation of the automated federal job-training information systems; except that any moneys that may be necessary to pay liabilities outstanding as of June 30, 2000 shall be deposited into the Federal Job-Training Information Systems Revolving Fund.

Section 5-35. The Illinois Lottery Law is amended by changing Sections 2, 7.2, 9, and 9.1 as follows:

(20 ILCS 1605/2) (from Ch. 120, par. 1152)
Sec. 2. This Act is enacted to implement and establish within the State a lottery to be conducted by the State through the Department. The entire net proceeds of the Lottery are to be used for the support of the State's Common School Fund, except as provided in subsection (o) of Section 9.1 and Sections 21.2, 21.5, 21.6, 21.7, 21.8, and 21.9. The General Assembly finds that it is in the public interest for the Department to conduct the functions of the Lottery with the assistance of a private manager under a management agreement overseen by the Department. The Department shall be accountable to the General Assembly and the people of the State through a comprehensive system of regulation, audits, reports, and enduring operational oversight. The Department's ongoing conduct of the Lottery through a management agreement with a private manager shall act to promote and ensure the integrity, security, honesty, and fairness of the Lottery's operation and administration. It is the intent of the General Assembly that the Department shall conduct the Lottery with the assistance of a private manager under a management agreement at all times in a manner consistent with 18 U.S.C. 1307(a)(1), 1307(b)(1), 1953(b)(4).

Sec. 7.2. The rules and regulations of the Department may include, but shall not be limited to, the following:

(1) The types of lotteries to be conducted;
(2) The price, or prices, of tickets or shares in the lottery;
(3) The numbers and sizes of the prizes on the winning tickets or shares;
(4) The manner of selecting the winning tickets or shares;
(5) The manner of payment of prizes to the holders of winning tickets or shares;
(6) The frequency of the drawing or selections of winning tickets or shares, without limitation;
(7) Without limit to number, the type or types of locations at which tickets or shares may be sold;
(8) The method to be used in selling tickets or shares;
(9) The manner and amount of compensation, if any, to be paid licensed sales agents necessary to provide for the adequate availability of

tickets or shares to prospective buyers and for the convenience of the public;

(10) The apportionment of the total revenues accruing from the sale of lottery tickets or shares and from all other sources among (i) the payment of prizes to the holders of winning tickets or shares, (ii) the payment of costs incurred in the operation and administration of the lottery, including the expenses of the Department and the costs resulting from any contract or contracts entered into for promotional, advertising or operational services or for the purchase or lease of lottery equipment and materials, and (iii) for monthly transfers to the Common School Fund. The net revenues accruing from the sale of lottery tickets shall be determined by deducting from total revenues the payments required by paragraphs (i) and (ii) of this subsection.

(11) Such other matters necessary or desirable for the efficient and economical operation and administration of the lottery and for the convenience of the purchasers of tickets or shares and the holders of winning tickets or shares.

Any rules and regulations of the Department with respect to monthly transfers to the Common School Fund are subject to Section 21.2.

(20 ILCS 1605/9) (from Ch. 120, par. 1159)

Sec. 9. The Director, as administrative head of the Department, shall direct and supervise all its administrative and technical activities. In addition to the duties imposed upon him elsewhere in this Act, it shall be the Director's duty:

a. To supervise and administer the operation of the lottery in accordance with the provisions of this Act or such rules and regulations of the Department adopted thereunder.

b. To attend meetings of the Board or to appoint a designee to attend in his stead.

c. To employ and direct such personnel in accord with the Personnel Code, as may be necessary to carry out the purposes of this Act. In addition, the Director may by agreement secure such services as he or she may deem necessary from any other department, agency, or unit of the State government, and may employ and compensate such consultants and technical assistants as may be required and is otherwise permitted by law.

d. To license, in accordance with the provisions of Sections 10 and 10.1 of this Act and the rules and regulations of the Department adopted thereunder, as agents to sell lottery tickets such persons as in his opinion...
will best serve the public convenience and promote the sale of tickets or
shares. The Director may require a bond from every licensed agent, in such
amount as provided in the rules and regulations of the Department. Every
licensed agent shall prominently display his license, or a copy thereof, as
provided in the rules and regulations of the Department.

e. To suspend or revoke any license issued pursuant to this Act or
the rules and regulations promulgated by the Department thereunder.

f. To confer regularly as necessary or desirable and not less than
once every month with the Lottery Control Board on the operation and
administration of the Lottery; to make available for inspection by the
Board or any member of the Board, upon request, all books, records, files,
and other information and documents of his office; to advise the Board and
recommend such rules and regulations and such other matters as he deems
necessary and advisable to improve the operation and administration of the
lottery.

g. To enter into contracts for the operation of the lottery, or any
part thereof, and into contracts for the promotion of the lottery on behalf of
the Department with any person, firm or corporation, to perform any of the
functions provided for in this Act or the rules and regulations promulgated
thereunder. The Department shall not expend State funds on a contractual
basis for such functions unless those functions and expenditures are
expressly authorized by the General Assembly.

h. To enter into an agreement or agreements with the management
of state lotteries operated pursuant to the laws of other states for the
purpose of creating and operating a multi-state lottery game wherein a
separate and distinct prize pool would be combined to award larger prizes
to the public than could be offered by the several state lotteries,
individually. No tickets or shares offered in connection with a multi-state
lottery game shall be sold within the State of Illinois, except those offered
by and through the Department. No such agreement shall purport to pledge
the full faith and credit of the State of Illinois, nor shall the Department
expend State funds on a contractual basis in connection with any such
game unless such expenditures are expressly authorized by the General
Assembly, provided, however, that in the event of error or omission by the
Illinois State Lottery in the conduct of the game, as determined by the
multi-state game directors, the Department shall be authorized to pay a
prize winner or winners the lesser of a disputed prize or $1,000,000, any
such payment to be made solely from funds appropriated for game prize
purposes. The Department shall be authorized to share in the ordinary

operating expenses of any such multi-state lottery game, from funds appropriated by the General Assembly, and in the event the multi-state game control offices are physically located within the State of Illinois, the Department is authorized to advance start-up operating costs not to exceed $150,000, subject to proportionate reimbursement of such costs by the other participating state lotteries. The Department shall be authorized to share proportionately in the costs of establishing a liability reserve fund from funds appropriated by the General Assembly. The Department is authorized to transfer prize award funds attributable to Illinois sales of multi-state lottery game tickets to the multi-state control office, or its designated depository, for deposit to such game pool account or accounts as may be established by the multi-state game directors, the records of which account or accounts shall be available at all times for inspection in an audit by the Auditor General of Illinois and any other auditors pursuant to the laws of the State of Illinois. No multi-state game prize awarded to a nonresident of Illinois, with respect to a ticket or share purchased in a state other than the State of Illinois, shall be deemed to be a prize awarded under this Act for the purpose of taxation under the Illinois Income Tax Act. The Department shall promulgate such rules as may be appropriate to implement the provisions of this Section.

i. To make a continuous study and investigation of (1) the operation and the administration of similar laws which may be in effect in other states or countries, (2) any literature on the subject which from time to time may be published or available, (3) any Federal laws which may affect the operation of the lottery, and (4) the reaction of Illinois citizens to existing and potential features of the lottery with a view to recommending or effecting changes that will tend to serve the purposes of this Act.

j. To report monthly to the State Treasurer and the Lottery Control Board a full and complete statement of lottery revenues, prize disbursements and other expenses for each month and the amounts to be transferred to the Common School Fund pursuant to Section 7.2 or such other funds as are otherwise authorized by Section 21.2 of this Act, and to make an annual report, which shall include a full and complete statement of lottery revenues, prize disbursements and other expenses, to the Governor and the Board. All reports required by this subsection shall be public and copies of all such reports shall be sent to the Speaker of the House, the President of the Senate, and the minority leaders of both houses.

Sec. 9.1. Private manager and management agreement.
(a) As used in this Section:
"Offeror" means a person or group of persons that responds to a request for qualifications under this Section.
"Request for qualifications" means all materials and documents prepared by the Department to solicit the following from offerors:
   (1) Statements of qualifications.
   (2) Proposals to enter into a management agreement, including the identity of any prospective vendor or vendors that the offeror intends to initially engage to assist the offeror in performing its obligations under the management agreement.
"Final offer" means the last proposal submitted by an offeror in response to the request for qualifications, including the identity of any prospective vendor or vendors that the offeror intends to initially engage to assist the offeror in performing its obligations under the management agreement.
"Final offeror" means the offeror ultimately selected by the Governor to be the private manager for the Lottery under subsection (h) of this Section.
(b) By September 15, 2010, the Governor shall select a private manager for the total management of the Lottery with integrated functions, such as lottery game design, supply of goods and services, and advertising and as specified in this Section.
(c) Pursuant to the terms of this subsection, the Department shall endeavor to expeditiously terminate the existing contracts in support of the Lottery in effect on the effective date of this amendatory Act of the 96th General Assembly in connection with the selection of the private manager. As part of its obligation to terminate these contracts and select the private manager, the Department shall establish a mutually agreeable timetable to transfer the functions of existing contractors to the private manager so that existing Lottery operations are not materially diminished or impaired during the transition. To that end, the Department shall do the following:
   (1) where such contracts contain a provision authorizing termination upon notice, the Department shall provide notice of termination to occur upon the mutually agreed timetable for transfer of functions;
   (2) upon the expiration of any initial term or renewal term of the current Lottery contracts, the Department shall not renew
such contract for a term extending beyond the mutually agreed timetable for transfer of functions; or

(3) in the event any current contract provides for termination of that contract upon the implementation of a contract with the private manager, the Department shall perform all necessary actions to terminate the contract on the date that coincides with the mutually agreed timetable for transfer of functions.

If the contracts to support the current operation of the Lottery in effect on the effective date of this amendatory Act of the 96th General Assembly are not subject to termination as provided for in this subsection (c), then the Department may include a provision in the contract with the private manager specifying a mutually agreeable methodology for incorporation.

(c-5) The Department shall include provisions in the management agreement whereby the private manager shall, for a fee, and pursuant to a contract negotiated with the Department (the "Employee Use Contract"), utilize the services of current Department employees to assist in the administration and operation of the Lottery. The Department shall be the employer of all such bargaining unit employees assigned to perform such work for the private manager, and such employees shall be State employees, as defined by the Personnel Code. Department employees shall operate under the same employment policies, rules, regulations, and procedures, as other employees of the Department. In addition, neither historical representation rights under the Illinois Public Labor Relations Act, nor existing collective bargaining agreements, shall be disturbed by the management agreement with the private manager for the management of the Lottery.

(d) The management agreement with the private manager shall include all of the following:

(1) A term not to exceed 10 years, including any renewals.

(2) A provision specifying that the Department:

(A) shall exercise actual control over all significant business decisions;

(A-5) has the authority to direct or countermand operating decisions by the private manager at any time;

(B) has ready access at any time to information regarding Lottery operations;

New matter indicated by italics - deletions by strikeout
(C) has the right to demand and receive information from the private manager concerning any aspect of the Lottery operations at any time; and

(D) retains ownership of all trade names, trademarks, and intellectual property associated with the Lottery.

(3) A provision imposing an affirmative duty on the private manager to provide the Department with material information and with any information the private manager reasonably believes the Department would want to know to enable the Department to conduct the Lottery.

(4) A provision requiring the private manager to provide the Department with advance notice of any operating decision that bears significantly on the public interest, including, but not limited to, decisions on the kinds of games to be offered to the public and decisions affecting the relative risk and reward of the games being offered, so the Department has a reasonable opportunity to evaluate and countermand that decision.

(5) A provision providing for compensation of the private manager that may consist of, among other things, a fee for services and a performance based bonus as consideration for managing the Lottery, including terms that may provide the private manager with an increase in compensation if Lottery revenues grow by a specified percentage in a given year.

(6) (Blank).

(7) A provision requiring the deposit of all Lottery proceeds to be deposited into the State Lottery Fund except as otherwise provided in Section 20 of this Act.

(8) A provision requiring the private manager to locate its principal office within the State.

(8-5) A provision encouraging that at least 20% of the cost of contracts entered into for goods and services by the private manager in connection with its management of the Lottery, other than contracts with sales agents or technical advisors, be awarded to businesses that are a minority owned business, a female owned business, or a business owned by a person with disability, as those terms are defined in the Business Enterprise for Minorities, Females, and Persons with Disabilities Act.

(9) A requirement that so long as the private manager complies with all the conditions of the agreement under the oversight of the Department, the private manager shall have the following duties and obligations with respect to the management of the Lottery:

   (A) The right to use equipment and other assets used in the operation of the Lottery.
   (B) The rights and obligations under contracts with retailers and vendors.
   (C) The implementation of a comprehensive security program by the private manager.
   (D) The implementation of a comprehensive system of internal audits.
   (E) The implementation of a program by the private manager to curb compulsive gambling by persons playing the Lottery.
   (F) A system for determining (i) the type of Lottery games, (ii) the method of selecting winning tickets, (iii) the manner of payment of prizes to holders of winning tickets, (iv) the frequency of drawings of winning tickets, (v) the method to be used in selling tickets, (vi) a system for verifying the validity of tickets claimed to be winning tickets, (vii) the basis upon which retailer commissions are established by the manager, and (viii) minimum payouts.

(10) A requirement that advertising and promotion must be consistent with Section 7.8a of this Act.

(11) A requirement that the private manager market the Lottery to those residents who are new, infrequent, or lapsed players of the Lottery, especially those who are most likely to make regular purchases on the Internet as permitted by law.

(12) A code of ethics for the private manager's officers and employees.

(13) A requirement that the Department monitor and oversee the private manager's practices and take action that the Department considers appropriate to ensure that the private manager is in compliance with the terms of the management agreement, while allowing the manager, unless specifically prohibited by law or the management agreement, to negotiate and sign its own contracts with vendors.

New matter indicated by italics - deletions by strikeout
(14) A provision requiring the private manager to periodically file, at least on an annual basis, appropriate financial statements in a form and manner acceptable to the Department.

(15) Cash reserves requirements.

(16) Procedural requirements for obtaining the prior approval of the Department when a management agreement or an interest in a management agreement is sold, assigned, transferred, or pledged as collateral to secure financing.

(17) Grounds for the termination of the management agreement by the Department or the private manager.

(18) Procedures for amendment of the agreement.

(19) A provision requiring the private manager to engage in an open and competitive bidding process for any procurement having a cost in excess of $50,000 that is not a part of the private manager's final offer. The process shall favor the selection of a vendor deemed to have submitted a proposal that provides the Lottery with the best overall value. The process shall not be subject to the provisions of the Illinois Procurement Code, unless specifically required by the management agreement.

(20) The transition of rights and obligations, including any associated equipment or other assets used in the operation of the Lottery, from the manager to any successor manager of the lottery, including the Department, following the termination of or foreclosure upon the management agreement.

(21) Right of use of copyrights, trademarks, and service marks held by the Department in the name of the State. The agreement must provide that any use of them by the manager shall only be for the purpose of fulfilling its obligations under the management agreement during the term of the agreement.

(22) The disclosure of any information requested by the Department to enable it to comply with the reporting requirements and information requests provided for under subsection (p) of this Section.

(e) Notwithstanding any other law to the contrary, the Department shall select a private manager through a competitive request for qualifications process consistent with Section 20-35 of the Illinois Procurement Code, which shall take into account:

(1) the offeror's ability to market the Lottery to those residents who are new, infrequent, or lapsed players of the Lottery,

especially those who are most likely to make regular purchases on the Internet;

(2) the offeror's ability to address the State's concern with the social effects of gambling on those who can least afford to do so;

(3) the offeror's ability to provide the most successful management of the Lottery for the benefit of the people of the State based on current and past business practices or plans of the offeror; and

(4) the offeror's poor or inadequate past performance in servicing, equipping, operating or managing a lottery on behalf of Illinois, another State or foreign government and attracting persons who are not currently regular players of a lottery.

(f) The Department may retain the services of an advisor or advisors with significant experience in financial services or the management, operation, and procurement of goods, services, and equipment for a government-run lottery to assist in the preparation of the terms of the request for qualifications and selection of the private manager. Any prospective advisor seeking to provide services under this subsection (f) shall disclose any material business or financial relationship during the past 3 years with any potential offeror, or with a contractor or subcontractor presently providing goods, services, or equipment to the Department to support the Lottery. The Department shall evaluate the material business or financial relationship of each prospective advisor. The Department shall not select any prospective advisor with a substantial business or financial relationship that the Department deems to impair the objectivity of the services to be provided by the prospective advisor. During the course of the advisor's engagement by the Department, and for a period of one year thereafter, the advisor shall not enter into any business or financial relationship with any offeror or any vendor identified to assist an offeror in performing its obligations under the management agreement. Any advisor retained by the Department shall be disqualified from being an offeror. The Department shall not include terms in the request for qualifications that provide a material advantage whether directly or indirectly to any potential offeror, or any contractor or subcontractor presently providing goods, services, or equipment to the Department to support the Lottery, including terms contained in previous responses to requests for proposals or qualifications submitted to Illinois, another State or foreign government when those terms are uniquely associated with a

particular potential offeror, contractor, or subcontractor. The request for proposals offered by the Department on December 22, 2008 as "LOT08GAMESYS" and reference number "22016176" is declared void.

(g) The Department shall select at least 2 offerors as finalists to potentially serve as the private manager no later than August 9, 2010. Upon making preliminary selections, the Department shall schedule a public hearing on the finalists' proposals and provide public notice of the hearing at least 7 calendar days before the hearing. The notice must include all of the following:

1. The date, time, and place of the hearing.
2. The subject matter of the hearing.
3. A brief description of the management agreement to be awarded.
4. The identity of the offerors that have been selected as finalists to serve as the private manager.
5. The address and telephone number of the Department.

(h) At the public hearing, the Department shall (i) provide sufficient time for each finalist to present and explain its proposal to the Department and the Governor or the Governor's designee, including an opportunity to respond to questions posed by the Department, Governor, or designee and (ii) allow the public and non-selected offerors to comment on the presentations. The Governor or a designee shall attend the public hearing. After the public hearing, the Department shall have 14 calendar days to recommend to the Governor whether a management agreement should be entered into with a particular finalist. After reviewing the Department's recommendation, the Governor may accept or reject the Department's recommendation, and shall select a final offeror as the private manager by publication of a notice in the Illinois Procurement Bulletin on or before September 15, 2010. The Governor shall include in the notice a detailed explanation and the reasons why the final offeror is superior to other offerors and will provide management services in a manner that best achieves the objectives of this Section. The Governor shall also sign the management agreement with the private manager.

(i) Any action to contest the private manager selected by the Governor under this Section must be brought within 7 calendar days after the publication of the notice of the designation of the private manager as provided in subsection (h) of this Section.

(j) The Lottery shall remain, for so long as a private manager manages the Lottery in accordance with provisions of this Act, a Lottery

conducted by the State, and the State shall not be authorized to sell or transfer the Lottery to a third party.

(k) Any tangible personal property used exclusively in connection with the lottery that is owned by the Department and leased to the private manager shall be owned by the Department in the name of the State and shall be considered to be public property devoted to an essential public and governmental function.

(l) The Department may exercise any of its powers under this Section or any other law as necessary or desirable for the execution of the Department's powers under this Section.

(m) Neither this Section nor any management agreement entered into under this Section prohibits the General Assembly from authorizing forms of gambling that are not in direct competition with the Lottery.

(n) The private manager shall be subject to a complete investigation in the third, seventh, and tenth years of the agreement (if the agreement is for a 10-year term) by the Department in cooperation with the Auditor General to determine whether the private manager has complied with this Section and the management agreement. The private manager shall bear the cost of an investigation or reinvestigation of the private manager under this subsection.

(o) The powers conferred by this Section are in addition and supplemental to the powers conferred by any other law. If any other law or rule is inconsistent with this Section, including, but not limited to, provisions of the Illinois Procurement Code, then this Section controls as to any management agreement entered into under this Section. This Section and any rules adopted under this Section contain full and complete authority for a management agreement between the Department and a private manager. No law, procedure, proceeding, publication, notice, consent, approval, order, or act by the Department or any other officer, Department, agency, or instrumentality of the State or any political subdivision is required for the Department to enter into a management agreement under this Section. This Section contains full and complete authority for the Department to approve any contracts entered into by a private manager with a vendor providing goods, services, or both goods and services to the private manager under the terms of the management agreement, including subcontractors of such vendors.

Upon receipt of a written request from the Chief Procurement Officer, the Department shall provide to the Chief Procurement Officer a complete and un-redacted copy of the management agreement or any

contract that is subject to the Department's approval authority under this subsection (o). The Department shall provide a copy of the agreement or contract to the Chief Procurement Officer in the time specified by the Chief Procurement Officer in his or her written request, but no later than 5 business days after the request is received by the Department. The Chief Procurement Officer must retain any portions of the management agreement or of any contract designated by the Department as confidential, proprietary, or trade secret information in complete confidence pursuant to subsection (g) of Section 7 of the Freedom of Information Act. The Department shall also provide the Chief Procurement Officer with reasonable advance written notice of any contract that is pending Department approval.

Notwithstanding any other provision of this Section to the contrary, the Chief Procurement Officer shall adopt administrative rules, including emergency rules, to establish a procurement process to select a successor private manager if a private management agreement has been terminated. The selection process shall at a minimum take into account the criteria set forth in items (1) through (4) of subsection (e) of this Section and may include provisions consistent with subsections (f), (g), (h), and (i) of this Section. The Chief Procurement Officer shall also implement and administer the adopted selection process upon the termination of a private management agreement. The Department, after the Chief Procurement Officer certifies that the procurement process has been followed in accordance with the rules adopted under this subsection (o), shall select a final offeror as the private manager and sign the management agreement with the private manager.

Except as provided in Sections 21.2, 21.5, 21.6, 21.7, 21.8, and 21.9, the Department shall distribute all proceeds of lottery tickets and shares sold in the following priority and manner:

(1) The payment of prizes and retailer bonuses.
(2) The payment of costs incurred in the operation and administration of the Lottery, including the payment of sums due to the private manager under the management agreement with the Department.
(3) On the last day of each month or as soon thereafter as possible, the State Comptroller shall direct and the State Treasurer shall transfer from the State Lottery Fund to the Common School Fund an amount that is equal to the proceeds transferred in the

corresponding month of fiscal year 2009, as adjusted for inflation, to the Common School Fund.

(4) On or before the last day of each fiscal year, deposit any remaining proceeds, subject to payments under items (1), (2), and (3) into the Capital Projects Fund each fiscal year.

(p) The Department shall be subject to the following reporting and information request requirements:

(1) the Department shall submit written quarterly reports to the Governor and the General Assembly on the activities and actions of the private manager selected under this Section;

(2) upon request of the Chief Procurement Officer, the Department shall promptly produce information related to the procurement activities of the Department and the private manager requested by the Chief Procurement Officer; the Chief Procurement Officer must retain confidential, proprietary, or trade secret information designated by the Department in complete confidence pursuant to subsection (g) of Section 7 of the Freedom of Information Act; and

(3) at least 30 days prior to the beginning of the Department's fiscal year, the Department shall prepare an annual written report on the activities of the private manager selected under this Section and deliver that report to the Governor and General Assembly.

(1) To authorize examinations in English to ascertain the qualifications and fitness of applicants to exercise the profession, trade, or occupation for which the examination is held.

(2) To prescribe rules and regulations for a fair and wholly impartial method of examination of candidates to exercise the respective professions, trades, or occupations.

(3) To pass upon the qualifications of applicants for licenses, certificates, and authorities, whether by examination, by reciprocity, or by endorsement.

(4) To prescribe rules and regulations defining, for the respective professions, trades, and occupations, what shall constitute a school, college, or university, or department of a university, or other institution, reputable and in good standing, and to determine the reputability and good standing of a school, college, or university, or department of a university, or other institution, reputable and in good standing, by reference to a compliance with those rules and regulations; provided, that no school, college, or university, or department of a university, or other institution that refuses admittance to applicants solely on account of race, color, creed, sex, sexual orientation, or national origin shall be considered reputable and in good standing.

(5) To conduct hearings on proceedings to revoke, suspend, refuse to renew, place on probationary status, or take other disciplinary action as authorized in any licensing Act administered by the Department with regard to licenses, certificates, or authorities of persons exercising the respective professions, trades, or occupations and to revoke, suspend, refuse to renew, place on probationary status, or take other disciplinary action as authorized in any licensing Act administered by the Department with regard to those licenses, certificates, or authorities.

The Department shall issue a monthly disciplinary report.

The Department shall deny any license or renewal authorized by the Civil Administrative Code of Illinois to any person who has defaulted on an educational loan or scholarship provided by or guaranteed by the Illinois Student Assistance Commission or any governmental agency of this State; however, the Department may issue a license or renewal if the aforementioned persons have established a satisfactory repayment record as determined by the Illinois Student Assistance Commission.
Commission or other appropriate governmental agency of this State. Additionally, beginning June 1, 1996, any license issued by the Department may be suspended or revoked if the Department, after the opportunity for a hearing under the appropriate licensing Act, finds that the licensee has failed to make satisfactory repayment to the Illinois Student Assistance Commission for a delinquent or defaulted loan. For the purposes of this Section, "satisfactory repayment record" shall be defined by rule.

The Department shall refuse to issue or renew a license to, or shall suspend or revoke a license of, any person who, after receiving notice, fails to comply with a subpoena or warrant relating to a paternity or child support proceeding. However, the Department may issue a license or renewal upon compliance with the subpoena or warrant.

The Department, without further process or hearings, shall revoke, suspend, or deny any license or renewal authorized by the Civil Administrative Code of Illinois to a person who is certified by the Department of Healthcare and Family Services (formerly Illinois Department of Public Aid) as being more than 30 days delinquent in complying with a child support order or who is certified by a court as being in violation of the Non-Support Punishment Act for more than 60 days. The Department may, however, issue a license or renewal if the person has established a satisfactory repayment record as determined by the Department of Healthcare and Family Services (formerly Illinois Department of Public Aid) or if the person is determined by the court to be in compliance with the Non-Support Punishment Act. The Department may implement this paragraph as added by Public Act 89-6 through the use of emergency rules in accordance with Section 5-45 of the Illinois Administrative Procedure Act. For purposes of the Illinois Administrative Procedure Act, the adoption of rules to implement this paragraph shall be considered an emergency and necessary for the public interest, safety, and welfare.

(6) To transfer jurisdiction of any realty under the control of the Department to any other department of the State Government or to acquire or accept federal lands when the transfer, acquisition, or acceptance is advantageous to the State and is approved in writing by the Governor.

(7) To formulate rules and regulations necessary for the enforcement of any Act administered by the Department.

(8) To exchange with the Department of Healthcare and Family Services information that may be necessary for the enforcement of child support orders entered pursuant to the Illinois Public Aid Code, the Illinois Marriage and Dissolution of Marriage Act, the Non-Support of Spouse and Children Act, the Non-Support Punishment Act, the Revised Uniform Reciprocal Enforcement of Support Act, the Uniform Interstate Family Support Act, the Illinois Parentage Act of 1984, or the Illinois Parentage Act of 2015. Notwithstanding any provisions in this Code to the contrary, the Department of Professional Regulation shall not be liable under any federal or State law to any person for any disclosure of information to the Department of Healthcare and Family Services (formerly Illinois Department of Public Aid) under this paragraph (8) or for any other action taken in good faith to comply with the requirements of this paragraph (8).

(8.5) To accept continuing education credit for mandated reporter training on how to recognize and report child abuse offered by the Department of Children and Family Services and completed by any person who holds a professional license issued by the Department and who is a mandated reporter under the Abused and Neglected Child Reporting Act. The Department shall adopt any rules necessary to implement this paragraph.

(9) To perform other duties prescribed by law.

(a-5) Except in cases involving default on an educational loan or scholarship provided by or guaranteed by the Illinois Student Assistance Commission or any governmental agency of this State or in cases involving delinquency in complying with a child support order or violation of the Non-Support Punishment Act and notwithstanding anything that may appear in any individual licensing Act or administrative rule, no person or entity whose license, certificate, or authority has been revoked as authorized in any licensing Act administered by the Department may apply for restoration of that license, certification, or authority until 3 years after the effective date of the revocation.

(b) (Blank). The Department may, when a fee is payable to the Department for a wall certificate of registration provided by the Department of Central Management Services, require that portion of the payment for printing and distribution costs be made directly or through the

Department to the Department of Central Management Services for deposit into the Paper and Printing Revolving Fund. The remainder shall be deposited into the General Revenue Fund.

(c) For the purpose of securing and preparing evidence, and for the purchase of controlled substances, professional services, and equipment necessary for enforcement activities, recoupment of investigative costs, and other activities directed at suppressing the misuse and abuse of controlled substances, including those activities set forth in Sections 504 and 508 of the Illinois Controlled Substances Act, the Director and agents appointed and authorized by the Director may expend sums from the Professional Regulation Evidence Fund that the Director deems necessary from the amounts appropriated for that purpose. Those sums may be advanced to the agent when the Director deems that procedure to be in the public interest. Sums for the purchase of controlled substances, professional services, and equipment necessary for enforcement activities and other activities as set forth in this Section shall be advanced to the agent who is to make the purchase from the Professional Regulation Evidence Fund on vouchers signed by the Director. The Director and those agents are authorized to maintain one or more commercial checking accounts with any State banking corporation or corporations organized under or subject to the Illinois Banking Act for the deposit and withdrawal of moneys to be used for the purposes set forth in this Section; provided, that no check may be written nor any withdrawal made from any such account except upon the written signatures of 2 persons designated by the Director to write those checks and make those withdrawals. Vouchers for those expenditures must be signed by the Director. All such expenditures shall be audited by the Director, and the audit shall be submitted to the Department of Central Management Services for approval.

(d) Whenever the Department is authorized or required by law to consider some aspect of criminal history record information for the purpose of carrying out its statutory powers and responsibilities, then, upon request and payment of fees in conformance with the requirements of Section 2605-400 of the Department of State Police Law (20 ILCS 2605/2605-400), the Department of State Police is authorized to furnish, pursuant to positive identification, the information contained in State files that is necessary to fulfill the request.

(e) The provisions of this Section do not apply to private business and vocational schools as defined by Section 15 of the Private Business and Vocational Schools Act of 2012.

(f) (Blank).

(g) Notwithstanding anything that may appear in any individual licensing statute or administrative rule, the Department shall deny any license application or renewal authorized under any licensing Act administered by the Department to any person who has failed to file a return, or to pay the tax, penalty, or interest shown in a filed return, or to pay any final assessment of tax, penalty, or interest, as required by any tax Act administered by the Illinois Department of Revenue, until such time as the requirement of any such tax Act are satisfied; however, the Department may issue a license or renewal if the person has established a satisfactory repayment record as determined by the Illinois Department of Revenue. For the purpose of this Section, "satisfactory repayment record" shall be defined by rule.

In addition, a complaint filed with the Department by the Illinois Department of Revenue that includes a certification, signed by its Director or designee, attesting to the amount of the unpaid tax liability or the years for which a return was not filed, or both, is prima facie evidence of the licensee's failure to comply with the tax laws administered by the Illinois Department of Revenue. Upon receipt of that certification, the Department shall, without a hearing, immediately suspend all licenses held by the licensee. Enforcement of the Department's order shall be stayed for 60 days. The Department shall provide notice of the suspension to the licensee by mailing a copy of the Department's order by certified and regular mail to the licensee's last known address as registered with the Department. The notice shall advise the licensee that the suspension shall be effective 60 days after the issuance of the Department's order unless the Department receives, from the licensee, a request for a hearing before the Department to dispute the matters contained in the order.

Any suspension imposed under this subsection (g) shall be terminated by the Department upon notification from the Illinois Department of Revenue that the licensee is in compliance with all tax laws administered by the Illinois Department of Revenue.

The Department may promulgate rules for the administration of this subsection (g).

(h) The Department may grant the title "Retired", to be used immediately adjacent to the title of a profession regulated by the Department, to eligible retirees. For individuals licensed under the Medical Practice Act of 1987, the title "Retired" may be used in the profile required by the Patients' Right to Know Act. The use of the title "Retired"
shall not constitute representation of current licensure, registration, or certification. Any person without an active license, registration, or certificate in a profession that requires licensure, registration, or certification shall not be permitted to practice that profession.

(i) Within 180 days after December 23, 2009 (the effective date of Public Act 96-852), the Department shall promulgate rules which permit a person with a criminal record, who seeks a license or certificate in an occupation for which a criminal record is not expressly a per se bar, to apply to the Department for a non-binding, advisory opinion to be provided by the Board or body with the authority to issue the license or certificate as to whether his or her criminal record would bar the individual from the licensure or certification sought, should the individual meet all other licensure requirements including, but not limited to, the successful completion of the relevant examinations.

Sec. 2b. Persian Gulf Conflict compensation Veterans Fund.

(a) (Blank). There is created within the State Treasury a fund to be known as the Persian Gulf Conflict Veterans Fund. All moneys received from any income tax checkoff for the Persian Gulf Conflict Veterans Fund as provided in Section 507H of the Illinois Income Tax Act shall be deposited into the fund.

(b) All moneys in the Persian Gulf Conflict Veterans Fund, together with any other excess amounts appropriated for bonus payments to war veterans and peacetime crisis survivors as allocated by the Department, shall be used to compensate persons who served on active duty with the armed forces of the United States on or after August 2, 1990.

Every person who served in the Persian Gulf Conflict is entitled to receive compensation of $100, payable from funds appropriated for the payments of bonuses to veterans, if the person:

1. was a resident of Illinois for at least 12 months immediately preceding his or her period of service;
2. is still in active service, is honorably separated or discharged from the service, has been furloughed to a reserve, or has been retired; and
3. has received the Southwest Asia Service Medal for service in the Persian Gulf Conflict.

(c) The widow or widower, child or children, mother, father, person standing in loco parentis, brothers and sisters, in the order named, of any deceased person shall be paid the compensation that the deceased person would be entitled to receive under subsection (b) of this Act. Where the deceased person would have qualified for compensation under subsection (b) except for his or her death and his or her death was connected with that service and resulted from that service during the time specified in subsection (b), his or her survivors, in the order named in this subsection, shall be paid 10 times the amount the deceased person would have received under subsection (b).

(d) The Department shall establish rules and regulations to govern the provisions of this Section.

amended, shall be paid into the State Surplus Property Revolving Fund. Except as provided in paragraph (e) of this Section, the money in this fund shall be used by the Department of Central Management Services as reimbursement for expenditures incurred in relation to the sale of surplus or transferable property.

(b) If at the end of the lapse period the balance in the State Surplus Property Revolving Fund exceeds the amount of $1,000,000, all monies in excess of that amount shall be transferred and deposited into the General Revenue Fund.

(c) Provided, however, that the fund established by this Section shall contain a separate account for the deposit of all proceeds resulting from the sale of Federal surplus property, and the proceeds of this separate account shall be used solely to reimburse the Department of Central Management Services for expenditures incurred in relation to the sale of Federal surplus property.

(d) Any funds on deposit in the State Agency for Surplus Property Utilization Fund on the effective date of this amendatory Act of 1983 shall be transferred to the Federal account of the State Surplus Property Revolving Fund.

(e) (Blank). Revenues received from the sale of wastepaper through paper recycling programs shall be placed into a separate account in the Fund and shall be used to offset costs to the Department of establishing and operating wastepaper recycling programs. Section 5-95. The Use Tax Act is amended by changing Section 9 as follows:

New matter indicated by italics - deletions by strikeout
Sec. 9. Except as to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, each retailer required or authorized to collect the tax imposed by this Act shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990, and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return. The Department may disallow the discount for retailers whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final. A retailer need not remit that part of any tax collected by him to the extent that he is required to remit and does remit the tax imposed by the Retailers' Occupation Tax Act, with respect to the sale of the same property.

Where such tangible personal property is sold under a conditional sales contract, or under any other form of sale wherein the payment of the principal sum, or a part thereof, is extended beyond the close of the period for which the return is filed, the retailer, in collecting the tax (except as to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State), may collect for each tax return period, only the tax applicable to that part of the selling price actually received during such tax return period.

Except as provided in this Section, on or before the twentieth day of each calendar month, such retailer shall file a return for the preceding calendar month. Such return shall be filed on forms prescribed by the Department and shall furnish such information as the Department may reasonably require.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department.
for each of the first two months of each calendar quarter, on or before the
twentieth day of the following calendar month, stating:

1. The name of the seller;

2. The address of the principal place of business from
which he engages in the business of selling tangible personal
property at retail in this State;

3. The total amount of taxable receipts received by him
during the preceding calendar month from sales of tangible
personal property by him during such preceding calendar month,
including receipts from charge and time sales, but less all
deductions allowed by law;

4. The amount of credit provided in Section 2d of this Act;

5. The amount of tax due;

5.5. The signature of the taxpayer; and

6. Such other reasonable information as the Department
may require.

If a taxpayer fails to sign a return within 30 days after the proper
notice and demand for signature by the Department, the return shall be
considered valid and any amount shown to be due on the return shall be
deemed assessed.

Beginning October 1, 1993, a taxpayer who has an average
monthly tax liability of $150,000 or more shall make all payments
required by rules of the Department by electronic funds transfer.
Beginning October 1, 1994, a taxpayer who has an average monthly tax
liability of $100,000 or more shall make all payments required by rules of
the Department by electronic funds transfer. Beginning October 1, 1995, a
taxpayer who has an average monthly tax liability of $50,000 or more shall
make all payments required by rules of the Department by electronic funds
transfer. Beginning October 1, 2000, a taxpayer who has an annual tax
liability of $200,000 or more shall make all payments required by rules of
the Department by electronic funds transfer. The term "annual tax liability"
shall be the sum of the taxpayer's liabilities under this Act, and under all
other State and local occupation and use tax laws administered by the
Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer
who has a tax liability in the amount set forth in subsection (b) of Section

New matter indicated by italics - deletions by strikeout
2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, the Service Use Tax Act was $10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act was $20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period).

New matter indicated by italics - deletions by strikeout
If the month during which such tax liability is incurred begins on or after January 1, 1985, and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987, and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, or begins on or after January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $10,000 threshold stated above, then such taxpayer may petition the Department for change in such taxpayer's reporting status. On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed

for each calendar quarter of the 4 preceding complete calendar quarter
period is less than $20,000. However, if a taxpayer can show the
Department that a substantial change in the taxpayer's business has
occurred which causes the taxpayer to anticipate that his average monthly
tax liability for the reasonably foreseeable future will fall below the
$20,000 threshold stated above, then such taxpayer may petition the
Department for a change in such taxpayer's reporting status. The
Department shall change such taxpayer's reporting status unless it finds
that such change is seasonal in nature and not likely to be long term. If any
such quarter monthly payment is not paid at the time or in the amount
required by this Section, then the taxpayer shall be liable for penalties and
interest on the difference between the minimum amount due and the
amount of such quarter monthly payment actually and timely paid, except
insofar as the taxpayer has previously made payments for that month to the
Department in excess of the minimum payments previously due as
provided in this Section. The Department shall make reasonable rules and
regulations to govern the quarter monthly payment amount and quarter
monthly payment dates for taxpayers who file on other than a calendar
monthly basis.

If any such payment provided for in this Section exceeds the
taxpayer's liabilities under this Act, the Retailers' Occupation Tax Act, the
Service Occupation Tax Act and the Service Use Tax Act, as shown by an
original monthly return, the Department shall issue to the taxpayer a credit
memorandum no later than 30 days after the date of payment, which
memorandum may be submitted by the taxpayer to the Department in
payment of tax liability subsequently to be remitted by the taxpayer to the
Department or be assigned by the taxpayer to a similar taxpayer under this
Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or
the Service Use Tax Act, in accordance with reasonable rules and
regulations to be prescribed by the Department, except that if such excess
payment is shown on an original monthly return and is made after
December 31, 1986, no credit memorandum shall be issued, unless
requested by the taxpayer. If no such request is made, the taxpayer may
credit such excess payment against tax liability subsequently to be remitted
by the taxpayer to the Department under this Act, the Retailers' Occupation
Tax Act, the Service Occupation Tax Act or the Service Use
Tax Act, in accordance with reasonable rules and regulations prescribed by
the Department. If the Department subsequently determines that all or any
part of the credit taken was not actually due to the taxpayer, the taxpayer's

2.1% or 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and the taxpayer shall be liable for penalties and interest on such difference.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February, and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under this Act with the Department not more than one month after discontinuing such business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 3-55 of this Act, then that seller may report the transfer of all the aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same

uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

The transaction reporting return in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of the Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of the Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft and aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the date of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from
the tax that is imposed by this Act may be transmitted to the Department by way of the State agency with which, or State officer with whom, the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer, and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.
Where a retailer collects the tax with respect to the selling price of tangible personal property which he sells and the purchaser thereafter returns such tangible personal property and the retailer refunds the selling price thereof to the purchaser, such retailer shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the retailer may deduct the amount of the tax so refunded by him to the purchaser from any other use tax which such retailer may be required to pay or remit to the Department, as shown by such return, if the amount of the tax to be deducted was previously remitted to the Department by such retailer. If the retailer has not previously remitted the amount of such tax to the Department, he is entitled to no deduction under this Act upon refunding such tax to the purchaser.

Any retailer filing a return under this Section shall also include (for the purpose of paying tax thereon) the total tax covered by such return upon the selling price of tangible personal property purchased by him at retail from a retailer, but as to which the tax imposed by this Act was not collected from the retailer filing such return, and such retailer shall remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable retailers, who are required to file returns hereunder and also under the Retailers' Occupation Tax Act, to furnish all the return information required by both Acts on the one form.

Where the retailer has more than one business registered with the Department under separate registration under this Act, such retailer may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund, a special fund in the State Treasury which is hereby created, the net revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund 4% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund, a special fund in the State Treasury, 20% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property, other than tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning August 1, 2000, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol. Beginning September 1, 2010, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of sales tax holiday items.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2011, each month the Department shall pay into the Clean Air Act (CAA) Permit Fund 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of sorbents used in Illinois in the process of sorbent injection as used to comply with the Environmental Protection Act or the federal Clean Air Act, but the total payment into the Clean Air Act (CAA) Permit Fund

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Beginning July 1, 2015, of the remainder of the moneys received by the Department under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act, each month the Department shall deposit $500,000 into the State Crime Laboratory Fund.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build

If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

paragraphs or in any amendments thereto hereafter enacted, beginning July
1, 1993 and ending on September 30, 2013, the Department shall each
month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net
revenue realized for the preceding month from the 6.25% general rate on
the selling price of tangible personal property.

with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Subject to payment of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, and the Energy Infrastructure Fund pursuant to the preceding paragraphs or in any amendments to this Section hereafter enacted, beginning on the first day of the first calendar month to occur on or after the effective date of this amendatory Act of the 98th General Assembly, each month, from the collections made under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act, the Department shall pay into the Tax Compliance and Administration Fund, to be used, subject to appropriation, to fund additional auditors and compliance personnel at the Department of Revenue, an amount equal to 1/12 of 5% of 80% of the cash receipts collected during the preceding fiscal year by the Audit Bureau of the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, the Retailers' Occupation Tax Act, and associated local occupation and use taxes administered by the Department.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.
Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers and wholesalers whose products are sold at retail in Illinois by numerous retailers, and who wish to do so, may assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the retailers who are affected do not make written objection to the Department to this arrangement.

Section 5-100. The Retailers' Occupation Tax Act is amended by changing Section 3 as follows:

(35 ILCS 120/3) (from Ch. 120, par. 442)

Sec. 3. Except as provided in this Section, on or before the twentieth day of each calendar month, every person engaged in the business of selling tangible personal property at retail in this State during the preceding calendar month shall file a return with the Department, stating:

1. The name of the seller;
2. His residence address and the address of his principal place of business and the address of the principal place of business (if that is a different address) from which he engages in the business of selling tangible personal property at retail in this State;
3. Total amount of receipts received by him during the preceding calendar month or quarter, as the case may be, from sales of tangible personal property, and from services furnished, by him during such preceding calendar month or quarter;
4. Total amount received by him during the preceding calendar month or quarter on charge and time sales of tangible personal property, and from services furnished, by him prior to the month or quarter for which the return is filed;
5. Deductions allowed by law;
6. Gross receipts which were received by him during the preceding calendar month or quarter and upon the basis of which the tax is imposed;
7. The amount of credit provided in Section 2d of this Act;
8. The amount of tax due;
9. The signature of the taxpayer; and

10. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Each return shall be accompanied by the statement of prepaid tax issued pursuant to Section 2e for which credit is claimed.

Prior to October 1, 2003, and on and after September 1, 2004 a retailer may accept a Manufacturer's Purchase Credit certification from a purchaser in satisfaction of Use Tax as provided in Section 3-85 of the Use Tax Act if the purchaser provides the appropriate documentation as required by Section 3-85 of the Use Tax Act. A Manufacturer's Purchase Credit certification, accepted by a retailer prior to October 1, 2003 and on and after September 1, 2004 as provided in Section 3-85 of the Use Tax Act, may be used by that retailer to satisfy Retailers' Occupation Tax liability in the amount claimed in the certification, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase. A Manufacturer's Purchase Credit reported on any original or amended return filed under this Act after October 20, 2003 for reporting periods prior to September 1, 2004 shall be disallowed. Manufacturer's Purchaser Credit reported on annual returns due on or after January 1, 2005 will be disallowed for periods prior to September 1, 2004. No Manufacturer's Purchase Credit may be used after September 30, 2003 through August 31, 2004 to satisfy any tax liability imposed under this Act, including any audit liability.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in the business of selling tangible personal property at retail in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month from sales of tangible personal property by him during such preceding calendar month,
including receipts from charge and time sales, but less all deductions allowed by law;

4. The amount of credit provided in Section 2d of this Act;

5. The amount of tax due; and

6. Such other reasonable information as the Department may require.

Beginning on October 1, 2003, any person who is not a licensed distributor, importing distributor, or manufacturer, as defined in the Liquor Control Act of 1934, but is engaged in the business of selling, at retail, alcoholic liquor shall file a statement with the Department of Revenue, in a format and at a time prescribed by the Department, showing the total amount paid for alcoholic liquor purchased during the preceding month and such other information as is reasonably required by the Department. The Department may adopt rules to require that this statement be filed in an electronic or telephonic format. Such rules may provide for exceptions from the filing requirements of this paragraph. For the purposes of this paragraph, the term "alcoholic liquor" shall have the meaning prescribed in the Liquor Control Act of 1934.

Beginning on October 1, 2003, every distributor, importing distributor, and manufacturer of alcoholic liquor as defined in the Liquor Control Act of 1934, shall file a statement with the Department of Revenue, no later than the 10th day of the month for the preceding month during which transactions occurred, by electronic means, showing the total amount of gross receipts from the sale of alcoholic liquor sold or distributed during the preceding month to purchasers; identifying the purchaser to whom it was sold or distributed; the purchaser's tax registration number; and such other information reasonably required by the Department. A distributor, importing distributor, or manufacturer of alcoholic liquor must personally deliver, mail, or provide by electronic means to each retailer listed on the monthly statement a report containing a cumulative total of that distributor's, importing distributor's, or manufacturer's total sales of alcoholic liquor to that retailer no later than the 10th day of the month for the preceding month during which the transaction occurred. The distributor, importing distributor, or manufacturer shall notify the retailer as to the method by which the distributor, importing distributor, or manufacturer will provide the sales information. If the retailer is unable to receive the sales information by electronic means, the distributor, importing distributor, or manufacturer shall furnish the sales information by personal delivery or by mail. For

purposes of this paragraph, the term "electronic means" includes, but is not limited to, the use of a secure Internet website, e-mail, or facsimile.

If a total amount of less than $1 is payable, refundable or creditable, such amount shall be disregarded if it is less than 50 cents and shall be increased to $1 if it is 50 cents or more.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

New matter indicated by italics - deletions by strikeout
The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Any amount which is required to be shown or reported on any return or other document under this Act shall, if such amount is not a whole-dollar amount, be increased to the nearest whole-dollar amount in any case where the fractional part of a dollar is 50 cents or more, and decreased to the nearest whole-dollar amount where the fractional part of a dollar is less than 50 cents.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability with the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under this Act with the Department not more than one month after discontinuing such business.

Where the same person has more than one business registered with the Department under separate registrations under this Act, such person may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every retailer selling this kind of tangible personal property shall file, with the

Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle retailer or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 2-5 of this Act, then that seller may report the transfer of all aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

Any retailer who sells only motor vehicles, watercraft, aircraft, or trailers that are required to be registered with an agency of this State, so that all retailers' occupation tax liability is required to be reported, and is reported, on such transaction reporting returns and who is not otherwise required to file monthly or quarterly returns, need not file monthly or quarterly returns. However, those retailers shall be required to file returns on an annual basis.

The transaction reporting return, in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of The Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of The Illinois Vehicle Code, and such other information as the Department may reasonably require.
The transaction reporting return in the case of watercraft or aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducing such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the day of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the Illinois use tax may be transmitted to the Department by way of the State agency with which, or State officer with whom the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a use tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has

paid the proper tax (if tax is due) to the retailer. The Department shall
adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the
transaction reporting return filed and the payment of the tax or proof of
exemption made to the Department before the retailer is willing to take
these actions and such user has not paid the tax to the retailer, such user
may certify to the fact of such delay by the retailer and may (upon the
Department being satisfied of the truth of such certification) transmit the
information required by the transaction reporting return and the remittance
for tax or proof of exemption directly to the Department and obtain his tax
receipt or exemption determination, in which event the transaction
reporting return and tax remittance (if a tax payment was required) shall be
credited by the Department to the proper retailer's account with the
Department, but without the 2.1% or 1.75% discount provided for in this
Section being allowed. When the user pays the tax directly to the
Department, he shall pay the tax in the same amount and in the same form
in which it would be remitted if the tax had been remitted to the
Department by the retailer.

Refunds made by the seller during the preceding return period to
purchasers, on account of tangible personal property returned to the seller,
shall be allowed as a deduction under subdivision 5 of his monthly or
quarterly return, as the case may be, in case the seller had theretofore
included the receipts from the sale of such tangible personal property in a
return filed by him and had paid the tax imposed by this Act with respect
to such receipts.

Where the seller is a corporation, the return filed on behalf of such
corporation shall be signed by the president, vice-president, secretary or
treasurer or by the properly accredited agent of such corporation.

Where the seller is a limited liability company, the return filed on
behalf of the limited liability company shall be signed by a manager,
member, or properly accredited agent of the limited liability company.

Except as provided in this Section, the retailer filing the return
under this Section shall, at the time of filing such return, pay to the
Department the amount of tax imposed by this Act less a discount of 2.1%
prior to January 1, 1990 and 1.75% on and after January 1, 1990, or $5 per
calendar year, whichever is greater, which is allowed to reimburse the
retailer for the expenses incurred in keeping records, preparing and filing
returns, remitting the tax and supplying data to the Department on request.
Any prepayment made pursuant to Section 2d of this Act shall be included

in the amount on which such 2.1% or 1.75% discount is computed. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return. The Department may disallow the discount for retailers whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was $10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was $20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985 and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987 and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the
taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, or begins on or after January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of $10,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $10,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of $20,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to

anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due as a payment and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

The provisions of this paragraph apply before October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes which average in excess of $25,000 per month during the preceding 2 complete calendar quarters, shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to the effective date of this amendatory Act of 1985, each payment shall be in an amount not less than 22.5% of the taxpayer's actual liability under Section 2d. If the month during which such tax liability is incurred begins on or after January 1, 1986, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding calendar year. If the month during which such tax liability is incurred begins on or after January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until such

taxpayer's average monthly prepaid tax collections during the preceding 2 complete calendar quarters is $25,000 or less. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

The provisions of this paragraph apply on and after October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes that average in excess of $20,000 per month during the preceding 4 complete calendar quarters shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which the liability is incurred. Each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of the quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until the taxpayer's average monthly prepaid tax collections during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarters is less than $20,000. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

If any payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Use Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown on an original monthly return, the Department shall, if requested by the taxpayer, issue to the taxpayer a credit memorandum no later than 30 days after the date of payment. The credit evidenced by such credit memorandum may be assigned by the taxpayer to a similar taxpayer under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with

New matter indicated by italics - deletions by strikeout
reasonable rules and regulations to be prescribed by the Department. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determined that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% and 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and that taxpayer shall be liable for penalties and interest on such difference.

If a retailer of motor fuel is entitled to a credit under Section 2d of this Act which exceeds the taxpayer's liability to the Department under this Act for the month which the taxpayer is filing a return, the Department shall issue the taxpayer a credit memorandum for the excess.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund, a special fund in the State treasury which is hereby created, the net revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund, a special fund in the State treasury which is hereby created, 4% of the net revenue realized for the preceding month from the 6.25% general rate.

Beginning August 1, 2000, each month the Department shall pay into the County and Mass Transit District Fund 20% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol. Beginning September 1, 2010, each month the Department shall pay into the County and Mass Transit District Fund 20% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of sales tax holiday items.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Beginning August 1, 2000, each month the Department shall pay into the Local Government Tax Fund 80% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol. Beginning September 1, 2010, each month the Department shall pay into the Local Government Tax Fund 80% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of sales tax holiday items.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2011, each month the Department shall pay into the Clean Air Act (CAA) Permit Fund 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of sorbents used in Illinois in the process of sorbent injection as used to comply with the Environmental Protection Act or the federal Clean Air Act, but the total payment into the Clean Air Act (CAA) Permit Fund under this Act and the Use Tax Act shall not exceed $2,000,000 in any fiscal year.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Beginning July 1, 2015, of the remainder of the moneys received by the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, and this Act, each month the Department shall deposit $500,000 into the State Crime Laboratory Fund.

aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year. The amounts payable into the Build Illinois Fund under clause (b) of the first sentence in this paragraph shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the first sentence of this paragraph and shall reduce the amount otherwise payable for such fiscal year pursuant to that clause (b). The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act.

and each fiscal year thereafter that bonds are outstanding under Section 13.2 of the Metropolitan Pier and Exposition Authority Act, but not after fiscal year 2060.

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act, plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993 and ending on September 30, 2013, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible
"business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Subject to payment of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, and the Energy Infrastructure Fund pursuant to the preceding paragraphs or in any amendments to this Section hereafter enacted, beginning on the first day of the first calendar month to occur on or after the effective date of this amendatory Act of the 98th General Assembly, each month, from the collections made under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act, the Department shall pay into the Tax Compliance and Administration Fund, to be used, subject to appropriation, to fund additional auditors and compliance personnel at the Department of Revenue, an amount equal to 1/12 of 5% of 80% of the cash receipts collected during the preceding fiscal year by the Audit Bureau of the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, the Retailers' Occupation Tax Act, and associated local occupation and use taxes administered by the Department.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

The Department may, upon separate written notice to a taxpayer, require the taxpayer to prepare and file with the Department on a form prescribed by the Department within not less than 60 days after receipt of the notice an annual information return for the tax year specified in the notice. Such annual return to the Department shall include a statement of gross receipts as shown by the retailer's last Federal income tax return. If the total receipts of the business as reported in the Federal income tax return do not agree with the gross receipts reported to the Department of Revenue for the same period, the retailer shall attach to his annual return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The retailer's annual return to the Department shall also disclose the cost of goods sold by the retailer during the year covered by such return, opening and closing inventories of such goods for such year, costs of goods used from stock or taken from stock and given away by the

retailer during such year, payroll information of the retailer's business during such year and any additional reasonable information which the Department deems would be helpful in determining the accuracy of the monthly, quarterly or annual returns filed by such retailer as provided for in this Section.

If the annual information return required by this Section is not filed when and as required, the taxpayer shall be liable as follows:

(i) Until January 1, 1994, the taxpayer shall be liable for a penalty equal to 1/6 of 1% of the tax due from such taxpayer under this Act during the period to be covered by the annual return for each month or fraction of a month until such return is filed as required, the penalty to be assessed and collected in the same manner as any other penalty provided for in this Act.

(ii) On and after January 1, 1994, the taxpayer shall be liable for a penalty as described in Section 3-4 of the Uniform Penalty and Interest Act.

The chief executive officer, proprietor, owner or highest ranking manager shall sign the annual return to certify the accuracy of the information contained therein. Any person who willfully signs the annual return containing false or inaccurate information shall be guilty of perjury and punished accordingly. The annual return form prescribed by the Department shall include a warning that the person signing the return may be liable for perjury.

The provisions of this Section concerning the filing of an annual information return do not apply to a retailer who is not required to file an income tax return with the United States Government.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers and wholesalers whose products are sold at retail in Illinois by numerous retailers, and who wish to do so, may assume the responsibility for

accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the retailers who are affected do not make written objection to the Department to this arrangement.

Any person who promotes, organizes, provides retail selling space for concessionaires or other types of sellers at the Illinois State Fair, DuQuoin State Fair, county fairs, local fairs, art shows, flea markets and similar exhibitions or events, including any transient merchant as defined by Section 2 of the Transient Merchant Act of 1987, is required to file a report with the Department providing the name of the merchant's business, the name of the person or persons engaged in merchant's business, the permanent address and Illinois Retailers Occupation Tax Registration Number of the merchant, the dates and location of the event and other reasonable information that the Department may require. The report must be filed not later than the 20th day of the month next following the month during which the event with retail sales was held. Any person who fails to file a report required by this Section commits a business offense and is subject to a fine not to exceed $250.

Any person engaged in the business of selling tangible personal property at retail as a concessionaire or other type of seller at the Illinois State Fair, county fairs, art shows, flea markets and similar exhibitions or events, or any transient merchants, as defined by Section 2 of the Transient Merchant Act of 1987, may be required to make a daily report of the amount of such sales to the Department and to make a daily payment of the full amount of tax due. The Department shall impose this requirement when it finds that there is a significant risk of loss of revenue to the State at such an exhibition or event. Such a finding shall be based on evidence that a substantial number of concessionaires or other sellers who are not residents of Illinois will be engaging in the business of selling tangible personal property at retail at the exhibition or event, or other evidence of a significant risk of loss of revenue to the State. The Department shall notify concessionaires and other sellers affected by the imposition of this requirement. In the absence of notification by the Department, the concessionaires and other sellers shall file their returns as otherwise required in this Section.

Sec. 105. Board; appointments; terms of office; certification and oath. The Governor, by and with the advice and consent of the Senate, shall appoint 3 members of the Board. Of the 3 members appointed by the Governor, at least one must be a member of a labor organization, which, for the purposes of this Section, means an organization of workers established to bargain collectively on behalf of their member workers as defined in Section 3 of the Workplace Literacy Act. If the Senate is in recess when the appointment is made, the Governor shall make a temporary appointment until the next meeting of the Senate. The county board chairmen of Tazewell, Woodford, Peoria, Marshall, Mason, and Fulton Counties shall each appoint one member of the Board with the advice and consent of their respective county boards. Of the members initially appointed, the 3 appointed by the Governor shall be appointed for initial terms expiring June 1, 2009, and the 6 appointed by their county board chairmen shall be appointed for initial terms expiring June 1, 2010. All vacancies shall be filled in a like manner and with like regard to the place of residence of the appointee. After the expiration of initial terms, a successor shall hold office for the term of 6 years beginning the first day of June of the year in which the term of office commences. The Governor and the respective county board chairmen shall certify their appointments to the Secretary of State. Within 30 days after certification of appointment, and before entering upon the duties of his office, each member of the Board shall take and subscribe the constitutional oath of office and file it in the office of the Secretary of State.

Section 5-115. The Nursing Home Care Act is amended by changing Section 3-310 as follows:

(210 ILCS 45/3-310) (from Ch. 111 1/2, par. 4153-310)

Sec. 3-310. All penalties shall be paid to the Department within 10 days of receipt of notice of assessment or, if the penalty is contested under Section 3-309, within 10 days of receipt of the final decision, unless the decision is appealed and the order is stayed by court order under Section 3-713. A facility choosing to waive the right to a hearing under Section 3-309 shall submit a payment totaling 65% of the original fine amount along with the written waiver. A penalty assessed under this Act shall be collected by the Department and shall be deposited with the State
Treasurer into the Long Term Care Monitor/Receiver Fund. If the person or facility against whom a penalty has been assessed does not comply with a written demand for payment within 30 days, the Director shall issue an order to do any of the following:

1. Direct the State Treasurer or Comptroller to deduct the amount of the fine from amounts otherwise due from the State for the penalty, including any payments to be made from the Medicaid Long Term Care Provider Participation Fee Trust Fund established under Section 5-4.31 of the Illinois Public Aid Code, and remit that amount to the Department;

2. Add the amount of the penalty to the facility's licensing fee; if the licensee refuses to make the payment at the time of application for renewal of its license, the license shall not be renewed; or

3. Bring an action in circuit court to recover the amount of the penalty.

With the approval of the federal centers for Medicaid and Medicare services, the Director of Public Health shall set aside 50% of the federal civil monetary penalties collected each year to be used to award grants under the Equity in Long-term Care Quality Act.

Section 5-120. The Physical Fitness Facility Medical Emergency Preparedness Act is amended by changing Section 35 as follows:

(210 ILCS 74/35)

Sec. 35. Penalties for violations.

(a) If a physical fitness facility violates this Act by (i) failing to adopt or implement a plan for responding to medical emergencies under Section 10 or (ii) failing to have on the premises an AED or trained AED user as required under subsection (a) or (b) of Section 15, the Director may issue to the facility a written administrative warning without monetary penalty for the initial violation. The facility may reply to the Department with written comments concerning the facility's remedial response to the warning. For subsequent violations, the Director may impose a civil monetary penalty against the facility as follows:

1. At least $1,500 but less than $2,000 for a second violation.

2. At least $2,000 for a third or subsequent violation.

(b) The Director may impose a civil monetary penalty under this Section only after it provides the following to the facility:

(1) Written notice of the alleged violation.

(2) Written notice of the facility's right to request an administrative hearing on the question of the alleged violation.

(3) An opportunity to present evidence, orally or in writing or both, on the question of the alleged violation before an impartial hearing examiner appointed by the Director.

(4) A written decision from the Director, based on the evidence introduced at the hearing and the hearing examiner's recommendations, finding that the facility violated this Act and imposing the civil penalty.

c) The Attorney General may bring an action in the circuit court to enforce the collection of a monetary penalty imposed under this Section.

d) The fines shall be deposited into the General Revenue Fund Physical Fitness Facility Medical Emergency Preparedness Fund to be appropriated to the Department, together with any other amounts, for the costs of administering this Act.
